a. A DHCS-approved Transplant Center or a Designated Special Care Center shall request authorization for Transplant evaluation from CalOptima. If the Health Network receives the authorization for a Transplant evaluation from the DHCS-approved Transplant Center, or at a Designated Special Care Center the Health Network shall forward the request to the CalOptima Case Management Department within one (1) working day.

b. The CalOptima Utilization Management Department shall provide authorization for a Transplant evaluation at the DHCS-approved Transplant Center or at the Designated Special Care Center, as applicable, within the following timeframes:

i. Five (5) working days after receipt of a request and information needed to make a decision regarding Medical Necessity for Routine Care; and

ii. Seventy-two (72) hours for Urgent Care.

c. After receipt of the authorization, the DHCS-approved Transplant Center or the Designated Special Care Center shall complete the evaluation required to determine medical suitability, including candidacy and compliance, in order to qualify the Member for BMT or a Solid Organ Transplant.

d. The CalOptima case manager shall follow-up with the Member as necessary, based on the severity and complexity of the Member's case, to identify any issues that may prevent the Member from completing the evaluation and to assist the Member with coordinating the evaluation.

e. Upon completion of a Member's evaluation, and approval for listing, the DHCS-approved Transplant Center or a Designated Special Care Center shall submit a Transplant Packet and request for authorization for Transplant to CalOptima for review within the following timeframes:

i. Five (5) working days after receipt of a request for Routine Care; and

ii. Twenty-four (24) hours or the next working day after receipt of a request for Urgent Care.

f. CalOptima shall notify the DHCS-approved Transplant Center or the Designated Special Care Center, as applicable, and the Member's Health Network of the outcome of CalOptima's Chief Medical Officer's (CMO) or Designee's review, including CalOptima's approval or denial of the Transplant within the timeframes set forth in the CalOptima Utilization Management (UM) Program.

g. The CalOptima case manager shall verify Member eligibility on a monthly basis and shall notify the Member's Health Network case manager and the DHCS-approved Transplant Center or the Designated Special Care Center, as applicable, of any changes in the Member's eligibility.

3. Listing Phase

a. The Member's Health Network shall immediately notify CalOptima upon identification of a Member who is listed for a Solid Organ Transplant at a DHCS-approved Transplant Center or a Designated Special Care Center or is approved for BMT.

b. Upon notice from a DHCS-approved Transplant Center or a Designated Special Care Center, for a Health Network that a Member is listed for a Solid Organ Transplant or is approved for BMT, the CalOptima case manager shall notify the CalOptima Customer Service Department. The CalOptima Customer Service Department shall transition the Member to CalOptima Direct, effective the first (1st) calendar day of the month after the date CalOptima receives the above notice in accordance with CalOptima Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.

c. The CalOptima case manager shall continue to coordinate with the DHCS-approved Transplant Center or the Designated Special Care Center, as applicable, and authorize Covered Services for the Member, as appropriate.

d. The CalOptima case manager shall follow-up with the Member as necessary, based on the severity and complexity of the Member's case, to coordinate a Member's care and identify

any issues which may lead to the Member's listing being placed in Status 7 or to removal from Transplant listing.

4. Transplant Phase and Post-Transplant Phase

a. The CalOptima case manager shall follow the Member's progress during the hospital admission for the Transplant and coordinate with the facility case manager to ensure that all discharge needs are met.

b. Upon the Member's discharge, the CalOptima case manager shall provide ongoing communication with a Member as the severity and complexity of the case requires, but not less than on a monthly basis, to address any issues and to assist in coordinating follow-up care.

c. CalOptima shall provide Case Management for three-hundred-sixty-five (365) calendar days after the Transplant.

d. At three-hundred-sixty-five (365) calendar days post-Transplant, the CalOptima case manager shall discuss any Member issues with the Member, including selection of a Health Network in accordance with CalOptima Policy DD.2008: Health Network Selection, and shall transition the Member's care to the Member's selected Health Network if the Member wishes to transition to a Health Network.

e. The CalOptima case manager shall close the Member's case upon:

i. The Member's transition to a Health Network; or

ii. When goals are met, or the case meets closure criteria for CalOptima Direct Members.

B. If Kaiser identifies a Kaiser Member as a potential candidate for BMT or a Solid Organ Transplant, Kaiser shall provide Case Management of the Member as follows:

1. Referral Phase

a. Kaiser is responsible for identifying a Kaiser Member as a potential candidate for BMT or a Solid Organ Transplant.

b. The Kaiser case manager shall notify the CalOptima case manager, by submitting a Notification of Transplant Member form, that the Member is a potential Transplant candidate within five (5) working days after the Member is identified and shall open the case to Case Management.

c. After opening a Transplant case to Case Management, the Kaiser case manager shall:

i. Place an introductory call to the Member within:

1) Five (5) working days after opening the case for Routine Care; and

2) Twenty-four (24) hours or the next working day after opening the case for Urgent Care.

ii. Complete an initial assessment and create a care plan appropriate for the Member;

iii. Update the assessment and care plan as the Member's status changes; and

iv. Notify the CalOptima case manager, in writing, of any significant changes in the Member's status.

d. The CalOptima case manager shall update the medical management system and complete the Transplant reporting script for Kaiser Transplants on a monthly basis.

e. The Kaiser case manager shall mail a Transplant information packet to the Member within five (5) working days after notification. The case manager shall place a follow-up call to the Member ten (10) days after mailing the packet to ensure that the Member received the packet and to address any questions or concerns that the Member may have.

2. Evaluation Phase

a. Kaiser shall direct a Kaiser Member identified as a potential candidate for BMT or a Solid Organ Transplant to a DHCS-approved Transplant Center or a Designated Special Care Center, as applicable, for evaluation.

b. Kaiser shall provide authorization to a DHCS-approved Transplant Center or a Designated Special Care Center, as applicable, in order to ensure that the DHCS-approved Transplant Center or the Designated Special Care Center completes the Transplant evaluation.

c. If a DHCS-approved Transplant Center or a Designated Special Care Center places a Kaiser Member on Transplant Center Hold, the Kaiser case manager shall contact the CalOptima case manager with the Member's status including reason for the Transplant Center Hold and Kaiser's plan of action to resolve the issue. The CalOptima case manager shall document this information in the Transplant database.

d. Upon completion of the Transplant evaluation, Kaiser shall review the Transplant Packet and approve or deny the Transplant in pursuant to timeframes set forth in the CalOptima UM Program.

f. The Kaiser case manager shall follow-up with the Member as the severity and complexity of the case requires, but not less than on a monthly basis, to address any issues that may prevent the Member from completing the Transplant evaluation.

3. Listing Phase

a. The Kaiser case manager shall continue to coordinate with the DHCS-approved Transplant Center or the Designated Special Care Center for a Member who is in the listed phase or who is in Status 7 and shall authorize Covered Services related to the Transplant and the medical management of the Member.

4. Transplant Phase and Post-Transplant Phase

a. The Kaiser case manager shall follow a Member's progress during the Member's hospital admission for the Transplant, coordinate with the DHCS-approved Transplant Center's case manager or the Designated Special Care Center's case manager, to ensure that all discharge needs are met, and notify CalOptima of the Member's Transplant date within three (3) working days after the date of Transplant.

b. The Kaiser case manager shall continue to coordinate with the DHCS-approved Transplant Center or with the Designated Special Care Center and provide authorizations as needed for follow-up care.

c. The Kaiser case manager shall provide ongoing Case Management of a Member as the complexity and severity of the case requires, but not less than once monthly, for three hundred sixty-five (365) calendar days after the Transplant.

d. The Kaiser case manager shall notify the CalOptima case manager, in writing, within five (5) working days after closing a case.

5. Kaiser shall submit reports to CalOptima in accordance with CalOptima Policy GG.1308: Monitoring Health Network Compliance via Case Management Reports.

IX. GLOSSARY

Term	Definition
Administrative Hold	A cease in reimbursement by CalOptima for Covered Services related to a Transplant evaluation to a Health Network pending resolution of administrative issues. CalOptima's Transplant Committee reviews all Administrative Hold cases on an individual basis.
Bone Marrow Transplant (BMT)	A procedure in which a patient's bone marrow is destroyed by chemotherapy or radiotherapy and replaced with new bone marrow from a Donor. The Donor may be the patient, a sibling with human histocompatibility antigens (HL-A) identical to the patient's, or a matched unrelated Donor (MUD) with human histocompatibility antigens (HL-A) that meet Department of Health Care Services (DHCS) standards.
California Children Services Program (CCS)	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible individuals under the age of twenty-one (21) years who have CCS-eligible conditions, as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.
California Children Services (CCS) Eligible Conditions	Chronic medical conditions, including but not limited to, cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries and infectious disease producing major sequelae as defined in Title 22, California Code of Regulations sections 41515.2 through 41518.9.
CalOptima Direct	A direct health care program operated by CalOptima that includes both COD- Administrative (COD-A) and CalOptima Community Network (CCN) and provides services to Members who meet certain eligibility criteria as described in Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.
Case Management	A systematic approach to coordination of care for a patient with special needs and or complex medical conditions that includes the elements of assessment, care planning, interventions monitoring, and documentation.
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127), for HHP Members with eligible physical chronic conditions and substance use disorders, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members not-withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.
Designated Special Care Center	Centers that provide comprehensive, coordinated health care to California Children's Services (CCS) and Genetically Handicapped Persons Program (GHPP) clients with specific medical conditions.

Term	Definition
Designee	A person selected or designated to carry out a duty or role. The assigned Designee is required to be in management or hold the appropriate qualifications or certifications related to the duty or role.
Department of Health Care Services (DHCS)	The single State Department responsible for administration of the Medi-Cal program, California Children Services (CCS), Genetically Handicapped Persons Program (GHPP), Child Health and Disabilities Prevention (CHDP), and other health related programs.
DHCS-approved Transplant Center	A facility that is approved by the Department of Health Care Services (DHCS) to provide specific Transplant services. For renal Transplants, a DHCS-approved Transplant Center is a facility that: 1. Is certified for, and participates in, the Medicare program; and 2. Meets standards established by DHCS and is certified by DHCS to participate in the Medi-Cal program.
Dialysis	A medical procedure to remove wastes or toxins from the blood and adjust fluid and electrolyte imbalances. This is a procedure often performed on individuals with extremely poor kidney function.
Donor	An individual who undergoes a surgical operation for the purpose of donating a body organ or human tissue or cells for Transplant. For a BMT, the Donor may be the patient, a sibling with human histocompatibility antigens (HL-A) identical to the patient's, or a matched unrelated Donor (MUD) with human histocompatibility antigens (HL-A) that meet DHCS standards.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Health Network Member	A Member who is enrolled in or receives all Covered Services from a Health Network.
Kaiser Member	A Member who is enrolled in, or receives all Covered Services, from Kaiser Foundation Health Plan.
Medically Necessary or Medical Necessity	Reasonable and necessary Covered Services to protect life, to prevent significant illness or significant disability, or alleviate severe pain through the diagnosis or treatment of disease, illness, or injury, as required under W&I Code 14059.5(a) and Title 22 CCR Section 51303(a). Medically Necessary services shall include Covered Services necessary to achieve age-appropriate growth and development, and attain, maintain, or regain functional capacity. For Members under 21 years of age, a service is Medically Necessary if it meets the Early and Periodic Screening, Diagnostic and Treatment (EPSDT) standard of medical necessity set forth in Section 1396d(r)(5) of Title 42 of the United States Code, as required by W&I Code 14059.5(b) and W&I Code Section 14132(v). Without limitation, Medically Necessary services for Members under 21 years of age include Covered Services necessary to achieve or maintain age-appropriate growth and development, attain, regain or maintain functional capacity, or improve, support or maintain the Member's current health condition. CalOptima shall determine Medical Necessity on a case-by-case basis, taking into account the individual needs of the child.
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services

Term	Definition
	(DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Routine Care	Planned specialized intervention for health care needs. Routine authorization requests must meet this criterion.
Solid Organ Transplant	A Transplant for: 1. Heart; 2. Heart and lung; 3. Lung; 4. Liver; 5. Small bowel; 6. Kidney; 7. Combined liver and kidney; 8. Combined liver and small bowel; and 9. Combined kidney and pancreas.
Status 7	Temporarily unsuitable for Transplant according to the DHCS-approved Transplant Center.
Transjugular Intrahepatic Portosystemic Shunt (TIPS)	A surgically created connection within the liver between the portal and systemic circulations. A TIPS is placed to reduce portal pressure in patients with complications related to portal hypertension.
Transplant	A non-experimental procedure for human tissue or organ Transplant.
Transplant Center Hold	Temporarily unsuitable for the evaluation process according to the DHCS-approved Transplant Center.
Transplant Packet	All clinical information related to the evaluation process of a Member who has completed his or her Transplant work-up.
Urgent Care	An episodic physical or mental condition perceived by a managed care beneficiary as serious but not life threatening the disrupts normal activities of daily living and requires assessment by a health care provider and if necessary, treatment within 24-72 hours.
Ventricular Assistive Device (VAD)	A mechanical pump that is utilized to assist the heart to pump blood through the body.
Whole-Child Model (WCM)	An organized delivery system established for Medi-Cal eligible CCS children and youth, pursuant to California Welfare & Institutions Code (commencing with Section 14094.4), and that (i) incorporates CCS covered services into Medi-Cal managed care for CCS-eligible Members and (ii) integrates Medi-Cal managed care with specified county CCS program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible conditions.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Report Item

29. Consider Authorizing Amendment to Contract with Infomedia Group, Inc., dba Carenet Healthcare Services to Support Member Outreach Calls

Contacts

Emily Fonda, M.D., MMM, CHCQM, Chief Medical Officer (714) 246-8887
Michelle Laughlin, Executive Director, Network Operations (657) 900-1116

Recommended Action

Authorize the Chief Executive Officer (CEO), with the assistance of Legal Counsel, to amend the contract with Infomedia Group, Inc., dba Carenet Healthcare Services (Carenet), to include reimbursement for member engagement services to support timely communications to CalOptima Community Network (CCN) members, as well as correct the term section of the contract to align with the Request for Proposal (RFP) to reflect a three year term, along with two one year extension options, each exercisable at CalOptima's sole discretion.

Background

In 2019, CalOptima issued an RFP for a vendor to manage the 24/7 Nurse Advice Line, and after-hours calls for the Customer Service and Behavioral Health Integration departments. Carenet was selected through the RFP process, and CalOptima entered into a contract with an annual renewal pending Board approval. The contract took effect on July 1, 2019 and provides for annual extensions.

Under the existing agreement, Carenet offers 2,000 live outreach calls per fiscal year. Due to the COVID-19 pandemic, more residents in Orange County are eligible for Medi-Cal benefits. As a result, CalOptima's Medi-Cal membership has grown to over 820,000 members.

To promote timely member outreach, support CalOptima's ability to reach members by telephone and help close the gap caused by the digital divide, additional member outreach support efforts are recommended. Therefore, CalOptima staff requests authorization to amend the contract with Carenet to include reimbursement for member engagement calls beyond the 2,000 per fiscal year included in the current contract to support timely communications to CalOptima Community Network (CCN) members.

Discussion

In the past, staff leveraged Carenet's outbound calls to welcome CalOptima's CCN members and encourage them to schedule preventive services with their primary care providers. Expanding the scope of these calls to include other member outreach engagement activities is expected to assist CalOptima in improving health care outcomes for members. Increased member outreach will support the organization in closing quality in care gaps, identifying health equity trends and outcomes impacted by social determinants of health (SDoH).

In addition, because the Centers for Medicare & Medicaid Services uses a five-star quality rating system ("Star Rating Program") to measure CalOptima's health care system quality and member experience, staff believes it is important to continue robust member engagement and outreach activities. Outreach through Carenet, to engage with CalOptima's membership is an important part of this effort.

Back to Agenda

As proposed, Carenet's Engagement Specialists will conduct live outreach to the identified CalOptima members for a variety of interactions, including but not limited to:

- COVID-19 Vaccine member appointment scheduling
- Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Blood Lead Screening
- Health Information Forms and Initial Health Assessments (HIF/IHA)
- Annual well visits (which impact Star Rating Program measures and other gaps in care)

To provide timely member engagement activities and inform members of important initiatives, CalOptima staff recommends that the Board authorize the proposed amendment to the Carenet contract to expand the outreach call services, effective June 3, 2021.

In addition to adding additional outreach services, the proposed amendment corrects an error in the term of the contract, which did not match the term advertised in the RFP. To align with the term referenced in the RFP, the amendment corrects the term section of the contract to include a three-year (3) contract, with two additional one-year (1) extensions pending Board approval.

Fiscal Impact

Budgeted funds for member engagement services under the CalOptima Fiscal Year 2020-21 Operating Budget approved by the Board on June 4, 2020, is sufficient to cover the estimated expenses associated with the contract amendment for the period of June 3, 2021, through June 30, 2021.

Management will include funding for the recommended action in the proposed Fiscal Year 2021-22 Operating Budget pending Board approval.

Rationale for Recommendation

Staff recommends Board authorization of a contract amendment with Carenet to provide timely outreach communications to members.

Concurrence

Gary Crockett, Chief Counsel

AMENDMENT I TO
ANCILLARY SERVICES CONTRACT

THIS AMENDMENT I TO THE ANCILLARY SERVICES CONTRACT ("Amendment I") shall be effective----------, 2021, by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and **Infomedia Group, Inc., dba Carenet Healthcare Services** ("Provider"), with respect to the following facts:

RECITALS

A. CalOptima and Provider entered into an Ancillary Services Contract, by which Provider has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and Provider desire to amend this Contract to replace the Term section of the Contract and include Member Engagement Services.

NOW, THEREFORE, the parties agree as follows:

1. Section 7.1 "Term" shall be deleted in its entirety and replaced with the following:

   "7.1 Term. This Contract will commence on July 1, 2019 ("Effective Date") and will remain in effect until June 30, 2022. This Contract may be renewed at CalOptima's option for two additional one-year periods."

2. ATTACHMENT A, COVERED SERVICES shall be deleted in its entirety and replaced with the new ATTACHMENT A, COVERED SERVICES attached herein.

3. ATTACHMENT C, COMPENSATION shall be deleted in its entirety and replaced with the new ATTACHMENT C, COMPENSATION attached herein.

4. CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment I, all other conditions contained in the Contract as previously amended shall continue in full force and effect.

IN WITNESS WHEREOF, CalOptima and Provider have executed this Amendment I.

COVERED SERVICES

ARTICLE 1
CALOPTIMA PROGRAMS

1.1 CalOptima Programs. Provider shall furnish Covered Services to eligible Members in the following CalOptima Programs:

X	Medi-Cal Program
X	Medicare Advantage Program (OneCare)
	PACE Program
X	Cal MediConnect Program/OneCare Connect (Members Dually Eligible for Medicare and Medi-Cal)

ARTICLE 2
SERVICES

SCOPE OF WORK

1. NURSE ADVICE LINE

Provider shall provide the following services:

- Customer service support for Call Center to CalOptima's Members and providers
- Customer service and clinical support for Behavioral Health Line to CalOptima Members and providers
- Customer service and clinical support for Nurse Advice Line to CalOptima's Members
- Engagement Strategies to support welcome calls, program reminders, notifications

Provider shall perform all service level guarantees and requirements per the RFP.

2. MEMBER ENGAGEMENT

The services will only be provided at the direction of CalOptima, using approved CalOptima scripts, and only to numbers that CalOptima has certified as meeting the requirements of the Telephone Consumer Protection Act (TCPA), 42 U.S.C., Section 227.

2.1 PROGRAM OVERVIEW

The program shall consist of outbound telephonic and other engagement activities for CalOptima Members. This will include, but will not be limited to, COVID-19 outreach, welcome/onboarding calls, telephonic health assessments, appointment facilitation to address HEDIS measures, Risk Adjustment, or other gaps in care, post-discharge, or other outreach initiatives.

2.1.1 Provider shall perform 2,000 live outreach calls to the identified CalOptima Members per fiscal year.
2.1.2 Provider shall attempt to reach each Member a maximum of three times.
2.1.3 Hours of Operation will be 8 am to 9 pm Pacific Standard Time, Monday through Saturday.
2.1.4 CalOptima shall send Provider eligible Member demographic information.
2.1.5 Provider shall provide CalOptima with standard reports and a data extract with all call details.
2.1.6 For COVID-19 outreach, Provider shall make warm transfers to CalOptima to schedule vaccination with the Member.

ATTACHMENT C

COMPENSATION

CalOptima shall reimburse Provider, and Provider shall accept as payment in full from CalOptima, the lesser of billed charges or the following amounts:

I. Nurse Advice Line:

CalOptima shall reimburse for Covered Services as follows:

$XX PMPM

II. Member Engagement:

If CalOptima requests over 2,000 live outbound calls per fiscal year, CalOptima shall reimburse for Covered Services as follows:

$XX per call

Provider shall not charge and CalOptima will not reimburse for the first 2,000 live outbound calls to the identified CalOptima Members per fiscal year.

Provider shall not charge and CalOptima shall not reimburse for invalid numbers (disconnected, bad, fax, etc.)

Any invalid numbers shall not count as part of the 2,000 calls per fiscal year, for which there is no separate charge, and for which CalOptima shall not reimburse.

III. Payment Procedures:

Provider shall bill with the assigned purchased order, and invoice shall include a Unique Member Engagement Outreach Monthly Totals.

CalOptima agrees to make a payment within thirty (30) business days from receipt of an invoice services provided by Provider under this contract.

ANCILLARY SERVICES CONTRACT

NON-MEDICAL PROVIDER

This Ancillary Services Contract (the "Contract") is entered into by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and **Infomedia Group, Inc. dba Carenet Healthcare Services** ("Provider"), with respect to the following:

RECITALS

A. CalOptima was formed pursuant to California Welfare and Institutions Code Section 14087.54 and Orange County Ordinance No. 3896, as amended by Ordinance Nos. 00-8 and 05-008, as a result of the efforts of the Orange County health care community.

B. CalOptima has entered into a contract with the State of California, Department of Health Care Services ("DHCS") ("DHCS Contract"), pursuant to which it is obligated to arrange and pay for the provision of health care services to certain Medi-Cal eligible beneficiaries in Orange County (referred to herein as the "Medi-Cal Program").

C. CalOptima has entered into a contract with the Department of Health and Human Services ("DHHS"), Centers for Medicare and Medicaid Services ("CMS"), to operate a Medicare Advantage ("MA") plan pursuant to Title II of the Medicare Prescription Drug, Improvement and Modernization Act of 2003 (Pub. L. 108-73) ("MMA"), and to offer Medicare covered items and services to eligible individuals (referred to herein as the "OneCare Program"). CalOptima, as a dual-eligible Special Needs Plan (dual SNP), may only enroll those dual eligible individuals who meet all applicable Medicare Advantage eligibility requirements, and who are eligible to be enrolled in CalOptima's Medi-Cal Managed Care plan, as described in the contract between CalOptima and the California Department of Health Care Services (DHCS).

D. CalOptima has entered into a participation contract with the State of California, acting by and through the Department of Health Care Services ("DHCS" or "State"), and the Department of Health and Human Services ("HHS"), acting by and through the Centers for Medicare & Medicaid Services ("CMS"), to furnish health care services to Medicare/Medi-Cal enrollees who are enrolled in CalOptima's Cal MediConnect program ("DHCS/CMS Cal MediConnect Contract").

E. CalOptima has entered into a contract with the Centers for Medicare and Medicaid Services ("CMS") to operate a Program of All-Inclusive Care for the Elderly ("PACE") as a PACE Organization for the purposes set forth in sections 1894 and 1934 of the Social Security Act, and to offer eligible individuals services through PACE.

F. Provider is a provider of the items and services described in this Contract and has all certifications, licenses and permits necessary to furnish such items and services.

G. CalOptima has entered into an agreement with the California Department of Aging to operate as a program site under the Multipurpose Senior Services Program, a case management program with the goal of avoiding or delaying inappropriate placement of persons in nursing facilities, while fostering independent living in the community, as provided by Welfare and Institutions Code section 9560 et seq. As a program site, CalOptima is responsible for arranging for MSSP services for certain CalOptima members.

H. CalOptima desires to engage Provider to furnish, and Provider desires to furnish, certain items and services to CalOptima Members as described herein. CalOptima and Provider desire to enter into this Contract on the terms and conditions set forth herein below.

NOW, THEREFORE, the parties agree as follows:

ARTICLE 1
DEFINITIONS

The following definitions, and any additional definitions set forth in Attachments and Schedules attached hereto, apply to the terms set forth in this Contract

1.1 "Cal MediConnect" means a program to furnish health care services to Medicare/Medi-Cal members who are enrolled in CalOptima's Cal MediConnect Program. Cal MediConnect is also referred to as OneCare Connect.

1.2 "California Children Services Program" or "CCS" means a public health program, which assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible children under the age of twenty-one (2l) years who have CCS eligible conditions, as defined in Title 22, California Code of Regulations (CCR), and Section 41800.

1.3 "CDA" means the California Department of Aging.

1.4 "CalOptima Direct" or "COD" means a program CalOptima administers for CalOptima beneficiaries not enrolled in a Health Network. COD consists of two components:

1.4.1 CalOptima Direct Members who are assigned to CalOptima's Community Network in accordance with CalOptima policy. Members are assigned to Primary Care Physicians (PCP) as their medical home, and their care is coordinated through their PCP in the Community Network.

1.4.2 "CalOptima Direct-Administrative" or "COD-Administrative" provides services to Members who reside outside of CalOptima's service area, are transitioning into a Heath Network, have a Medi-Cal Share of Cost, or are eligible for both Medicare and Medi-Cal. These Members are free to select any registered Practitioner for Physician services.

1.5 "CalOptima Policies" means CalOptima policies and procedures relevant to this Contract, as amended from time to time at the sole discretion of CalOptima.

1.6 "CalOptima Programs" means the Medi-Cal, OneCare, Multipurpose Senior Service Program (MSSP), Program of All-Inclusive Care for the Elderly (PACE) and Cal MediConnect (OneCare Connect) programs administered by CalOptima. Provider participates in the specific CalOptima Program(s) identified on Attachment A.

1.7 "CalOptima's Regulators" means those government agencies that regulate and oversee CalOptima's and its first tier downstream and/or related entity's ("FDR's") activities and obligations under this Contract including, without limitation, the Department of Health and Human Services, the Centers for Medicare and Medicaid Services, the California Department of Health Care Services, and the California Department of Managed Health Care and other government agencies that have authority to set standards and oversee the performance of the parties to this Contract.

1.8 "Claim" means a request for payment submitted by Provider in accordance with this Contract and CalOptima Policies.

1.9 "Clean Claim" means a Claim or invoice that has no defects or improprieties, contains all required supporting documentation, passes all system edits, and does not require any additional reviews by medical staff to determine appropriateness of services provided as defined in the CalOptima Program(s).

1.10 "Community Network" means CalOptima's direct health network that serves members who are enrolled in it pursuant to CalOptima Policies. Community Network Members are assigned to Primary Care Providers as their medical home, and their care is coordinated through the PCP.

1.11 "Compliance Program" means the program (including, without limitation, the compliance manual, code of conduct and CalOptima Policies) developed and adopted by CalOptima to promote, monitor and ensure that CalOptima's operations and practices and the practices of the members of

its Board of Directors, employees, contractors and providers comply with applicable law and ethical standards. The Compliance Program includes CalOptima's Fraud, Waste and Abuse ("FWA") plan.

1.12 "Covered Services" means those items and services available to Members set forth in Attachment A of this Contract.

1.13 "Effective Date" means the effective date of commencement of the Contract as provided in Article 10.

1.14 "Encounter Data" means the record of a Member receiving any items(s) or service(s) provided through Medicaid or Medicare under a prepaid, capitated or any other risk basis payment methodology submitted to CMS. The Encounter Data record shall incorporate HIPAA security, privacy, and transaction standards and be submitted in ASCX12N 837 or any successor format required by CalOptima's Regulators."

1.15 "Government Agencies" means Federal and State agencies that are parties to the Government Contracts including, HHS/CMS, DHCS, DMHC, and their respective agents and contractors, including quality improvement organizations (QIOs).

1.16 "Government Contract(s)" means the written contract(s) between CalOptima and the Federal and/or State government pursuant to which CalOptima administers and pays for covered items and services under a CalOptima Program.

1.17 "Government Guidance" means Federal and State operational and other instructions related to the coverage, payment and/or administration of CalOptima Program(s).

1.18 "Health Network" means a physician group, physician-hospital consortium or health care service plan, such as an HMO, which is contracted with CalOptima to provide items and services to non-COD Members on a capitated basis.

1.19 "Licenses" means all licenses and permits that Provider is required to have in order to participate in the CalOptima Programs and/or furnish the items and/or services described under this Contract.

1.20 "Medi-Cal" is the name of the Medicaid program for the State of California (*i.e.*, the program authorized by Title XIX of the Federal Social Security Act and the regulations promulgated thereunder).

1.21 "Medicare" means the Federal health insurance program defined in Title XVIII of the Federal Social Security Act and regulations promulgated thereunder.

1.22 "Member" means any person who has been determined to be eligible to receive benefits from, and is enrolled in, one or more CalOptima Program. Member may also be referred to as Enrollee or Participant depending on the CalOptima Program.

1.23 "Memorandum/Memoranda of Understanding" or "MOU" means an agreement(s) between CalOptima and an external agency(ies), which delineates responsibilities for coordinating care to CalOptima Members.

1.24 "MSSP" means Multipurpose Senior Services Program, as provided by W&I section 9560 et seq.

1.25 "Participation Status" means whether or not a person or entity is or has been suspended or excluded from participation in Federal and/or State health care programs and/or has a felony conviction (if applicable) as specified in CalOptima's Compliance Program and CalOptima Policies.

1.26 "Program of All-Inclusive Care for the Elderly" or "PACE" means a program that features a comprehensive medical and social services delivery system using an Interdisciplinary Team (IDT) approach in an adult day health center that is supplemented by in-home and referral services, in accordance with the enrollee's needs. The IDT is the group of individuals to which a PACE participant is assigned who are knowledgeable clinical and non-clinical PACE center staff responsible for the holistic needs of the PACE participant and who work in an interactive and collaborative manner to manage the delivery, quality, and continuity of participants' care. All PACE program requirements and services will be managed directly through CalOptima.

PACE Services shall include the following:

a. All Medicare-covered items and services
b. All Medi-Cal covered items and services; and
c. Other services determined necessary by the IDT to improve and maintain the participant's overall health status.

1.27 "Subcontract" means a contract entered into by Provider with a party that agrees to furnish items and/or services to CalOptima Members, or administrative functions or services related to Provider fulfilling its obligation to CalOptima under the terms of this Contract if, and to the extent, permitted under this Contract.

1.28 "Subcontractor" means a person or entity who has entered into a Subcontract with Provider for the purposes of filling Provider's obligations to CalOptima under the terms of this Contract. Subcontractors may also be referred to as Downstream Entities.

ARTICLE 2
FUNCTIONS AND DUTIES OF PROVIDER

2.1 Provision of Covered Services.

2.1.1 Provider shall furnish Covered Services identified in Attachment A to eligible Members in the applicable CalOptima Programs. Provider shall furnish such items and services in a manner satisfactory to CalOptima.

2.1.2 Throughout the term of this Contract, and subject to the conditions of the Contract, Provider shall maintain the quantity and quality of its services and personnel in accordance with the requirements of this Contract, to meet Provider's obligation to provide Covered Services hereunder.

2.1.3 Provider shall furnish Covered Services to Members under this Contract in the same manner as those services are provided to other patients.

2.2 Licensure. Provider represents and warrants that it has, and shall maintain during the term of this Contract, valid and active Licenses applicable to the Covered Services and for the State in which the Covered Services are rendered.

2.3 Regulatory Approvals. Provider represents and warrants that it has, and shall maintain during the term of this Contract, applicable Medi-Cal and Medicare provider and/or supplier numbers.

2.4 Good Standing. Provider represents it is in good standing with State licensing boards applicable to its business, DHCS, CMS and the DHHS Officer of Inspector General ("OIG"). Provider agrees to furnish CalOptima with any and all correspondence with, and notices from, these agencies of investigations and/or the issuance of criminal, civil and/or administrative sanctions (threatened or imposed) related to licensure, fraud and or abuse (execution of grand jury subpoena, search and seizure warrants, etc.), and/or Participation Status.

2.5 Geographic Coverage Area. Provider shall serve Members in all areas of Orange County, California.

2.6 Eligibility Verification. Provider shall verify a Member's eligibility for the applicable CalOptima Program benefits upon receiving request for Covered Services. For Members in the Medi-Cal Program with share of cost (SOC) obligations, Provider shall collect SOC in accordance with CalOptima Policies.

2.7 Marketing Requirements. Provider shall comply with CalOptima's marketing guidelines relevant to the pertinent CalOptima Program(s) and applicable laws and regulations.

2.8 Disclosure of Provider Ownership. Provider shall complete Attachment D and provide CalOptima with the following information, as applicable: (a) names of all officers of Provider's governing board; (b) names of all owners of Provider; (c) names of stockholders owning more than five percent (5%) of the stock issued by Provider; and (d) names of major creditors holding more than five percent (5%) of the debt of Provider. Provider shall complete any disclosure forms required under the CalOptima Programs as requested by CalOptima. Provider shall notify CalOptima immediately of any changes to the information included by Provider in the disclosure forms submitted to CalOptima.

2.9 Quality Improvement Program. Provider acknowledges and agrees that CalOptima is accountable for the quality of care furnished to its Members in all settings including services furnished by its ancillary health services providers and suppliers. Provider agrees that it is subject to the requirements of CalOptima's Quality Improvement Program ("QI Program") and that it shall participate in QI Program activities as required by CalOptima. Such activities may include, but are not limited to, the provision of requested data and the participation in assessment and performance audits and projects (including those required by CalOptima's Regulators) that support CalOptima's efforts to measure, continuously monitor, and evaluate the quality of items and services furnished to Members. Provider shall participate in CalOptima's QI Program development and implementation for the purpose of collecting and studying data reflecting clinical status and quality of life outcomes for CalOptima Members. Provider shall cooperate with CalOptima's Quality Improvement Organization ("QIO") including, without limitation, to resolve Member complaints.

Provider shall also allow CalOptima to use performance data for purposes including, but not limited to, quality improvement activities and public reporting to consumers, as identified in CalOptima policy GG.1638

2.10 Utilization & Resource Management Program. Provider acknowledges and agrees that CalOptima has implemented and maintains a Utilization & Resource Management Program ("UM Program") that addresses evaluations of medical necessity and processes to review and approve the provision of items and services, including Covered Services, to Members. Provider shall comply with the requirements of the UM Program including, without limitation, those criteria applicable to the Covered Services as described in this Contract.

2.11 CalOptima Oversight. Provider understands and agrees that CalOptima is responsible for the monitoring and oversight of all duties of Provider under this Contract, and that CalOptima has the authority and responsibility to: (i) implement, maintain and enforce CalOptima Policies governing Provider's duties under this Contract and/or governing CalOptima's oversight role; (ii) conduct audits, inspections and/or investigations in order to oversee Provider's performance of duties described in this Contract; (iii) require Provider to take corrective action if CalOptima or a Government Agency determines that corrective action is needed with regard to any duty under this Contract; and/or (iv) revoke the delegation of any duty, if Provider fails to meet CalOptima standards in the performance of that duty. Provider shall cooperate with CalOptima in its oversight efforts and shall take corrective action as CalOptima determines necessary to comply with the laws, accreditation agency standards, and/or CalOptima Policies governing the duties of Provider or the oversight of those duties.

2.12 Linguistic and Cultural Sensitivity Services. Provider shall comply with CalOptima Policies including, without limitation, the requirements set forth herein related to linguistic and cultural sensitivity. Provider shall address the special health needs of Members who are members of specific ethnic and cultural populations, such as, but not limited to, Vietnamese and Hispanic persons. Provider shall in its policies, administration, and services practice the values of (i) honoring the Members' beliefs, traditions and customs; (ii) recognizing individual differences within a culture; (iii) creating an open, supportive and responsive organization in which differences are valued, respected and managed; and (iv) through cultural diversity training, foster in staff and Subcontractors attitudes and interpersonal communication styles which respect Members' cultural backgrounds. Provider shall provide translation of written materials in the threshold languages identified by CalOptima at no higher than the sixth (6^{th}) grade reading level.

2.13 Provision of Interpreters. Provider shall ensure that CalOptima Members are provided with linguistic interpreter services and interpreter services for Members who are deaf and hard of hearing as necessary to ensure effective communication regarding arranging for the provision of non-medical services treatment, diagnosis, and medical history or health education pursuant to the requirements in this Contract, CalOptima Policies and Attachment B to this Contract.

Interpreters shall be used where needed and when technical or treatment information is to be discussed. Provider shall not require a Member to use friends or family as interpreters. However, a family member may be used when the use of the family member or friend: (a) is requested by a Member; (b) will not compromise the effectiveness of service; (c) will not violate a Member's confidentiality; and (d) Member is advised that an interpreter is available at no cost to the Member.

2.14 CalOptima's Compliance Program and Other Guidance. Provider and its employees, board members, owners, Participating Providers and/or Subcontractors furnishing medical and/or administrative services under this Contract ("Provider's Agents") shall comply with the requirements of CalOptima's Compliance Program, including CalOptima Policies, as may be amended from time to time. CalOptima shall make its Compliance Plan and Code of Conduct available to Provider and Provider shall make them available to Provider's Agents. Provider agrees to comply with, and be bound by, any and all MOUs.

2.15 Equal Opportunity. Provider and its Subcontractors will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. Provider and its Subcontractors will take affirmative action to ensure that qualified applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and career development opportunities and selection for training, including apprenticeship. Provider and its Subcontractors agree to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Federal Government or DHCS, setting forth the provisions of the Equal Opportunity clause, Section 503 of the Rehabilitation Act of 1973, and the affirmative action clause required by the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212). Such notices shall state Provider and its Subcontractors' obligation under the law to take affirmative action to employ and advance in employment qualified applicants without discrimination based on their race, color, religion, sex, national origin physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era and the rights of applicants and employees.

Provider and its Subcontractors will, in all solicitations or advancements for employees placed by or on behalf of Provider and its Subcontractors, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era.

Provider and its Subcontractors will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding a notice, to be provided by the Federal Government or the State, advising the labor union or workers' representative of Provider and its Subcontractors' commitments under the provisions herein and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

Provider and its Subcontractors will comply with all provisions of and furnish all information and reports required by Section 503 of the Rehabilitation Act of 1973, as amended, the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212) and of the Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity', and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and of the rules, regulations, and relevant orders of the Secretary of Labor.

Provider and its Subcontractors will furnish all information and reports required by Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity', and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and the Rehabilitation Act of 1973, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the State and its designated representatives and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

In the event of Provider and its Subcontractors' noncompliance with the requirements of the provisions herein or with any federal rules, regulations, or orders which are referenced herein, this Contract may be cancelled, terminated, or suspended in whole or in part, and Provider and its Subcontractors may be declared ineligible for further federal and state contracts, in accordance with procedures authorized in Federal Executive Order No. 11246 as amended, and such other sanctions may be imposed and remedies invoked as provided in Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity', and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

Provider and its Subcontractors will include the provisions of this section in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor, issued pursuant to Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity', and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or Section 503 of the Rehabilitation Act of 1973 or (38 U.S.C. 4212) of the Vietnam Era Veteran's Readjustment Assistance Act, so that such provisions will be binding upon each Subcontractor or Provider. Provider and its Subcontractors will take such action with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs or DHCS may direct as a means of enforcing such provisions, including sanctions for noncompliance, provided, however, that in the event Provider and its Subcontractors become involved in, or are threatened with litigation by a Subcontractor or Provider as a result of such direction by DHCS, Provider and its Subcontractors may request in writing to DHCS, who, in turn, may request the United States to enter into such litigation to protect the interests of the State and of the United States.

2.16 Compliance with Applicable Laws. Provider shall observe and comply with all Federal and State laws and regulations, and requirements established in Federal and/or State programs in effect when the Contract is signed, or which may come into effect during the term of the Contract, which in any manner affects the Provider's performance under this Contract. Provider understands and agrees that payments made by CalOptima are, in whole or in part, derived from Federal funds, and therefore Provider and any Subcontractor are subject to certain laws that are applicable to individuals and entities receiving Federal funds. Provider agrees to comply with all applicable Federal laws, regulations, reporting requirements and CMS instructions including Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, the Americans with Disabilities Act, and to require any Subcontractor to comply accordingly. Provider agrees to include the requirements of this section in its contracts with any Subcontractor.

2.17 No Discrimination/Harassment (Employees). During the performance of this Contract, Provider and its Subcontractors shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of race, religion, creed, color, national origin, ancestry, physical disability (including Human Immunodeficiency Virus (HIV), and Acquired Immune Deficiency Syndrome (AIDS)), mental disability, medical condition, marital status, age (over 40), gender or the use of family and medical care leave and pregnancy disability leave. Provider and Subcontractors shall ensure that the evaluation and treatment of their employees and

applicants for employment are free of such discrimination and harassment. Provider and Subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Government Code, Section 12900 et seq.) and the applicable regulations promulgated thereunder, (Title 2, CCR, Section 7285.0 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code, Section 12990, set forth in Chapter 5 of Division 4 of Title 2 of the CCR are incorporated into this Contract by reference and made a part hereof as if set forth in full. Provider and its Subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement.

2.18 No Discrimination (Member). Neither Provider nor its Subcontractors shall discriminate against Members because of race, color, national origin, creed, ancestry, religion, language, age, marital status, sex, sexual orientation, gender identity, heath status, physical or mental disability, or identification with any other persons or groups defined in Penal Code 422.56, in accordance with Title VI of the Civil Rights Act of 1964, 42 USC Section 2000d (race, color, national origin); Section 504 of the Rehabilitation Act of 1973 (29 USC §794) (nondiscrimination under Federal grants and programs); Title 45 CFR Part 84 (nondiscrimination on the basis of handicap in programs or activities receiving Federal financial assistance); Title 28 CFR Part 36 (nondiscrimination on the basis of disability by public accommodations and in commercial facilities); Title IX of the Education Amendments of 1973 (regarding education programs and activities); Title 45 CFR Part 91 and the Age Discrimination Act of 1975 (nondiscrimination based on age); as well as Government Code Section 11135 (ethnic group identification, religion, age, sex, color, physical or mental handicap); Civil Code Section 51 (all types of arbitrary discrimination); Section 1557 of the Patient Protection and Affordable Care Act; and all rules and regulations promulgated pursuant thereto, and all other laws regarding privacy and confidentiality.

For the purpose of this Contract, if based on any of the foregoing criteria, the following constitute prohibited discrimination: (a) denying any Member any Covered Services or availability of a Provider, (b) providing to a Member any Covered Service which is different or is provided in a different name or at a different time from that provided to other similarly situated Members under this Contract, except where medically indicated, (c) subjecting a Member to segregation or separate treatment in any manner related to the receipt of any Covered Service, (d) restricting a Member in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any Covered Service, (e) treating a Member differently than others similarly situated in determining compliance with admission, enrollment, quota, eligibility, or other requirements or conditions that individuals must meet in order to be provided any Covered Service, or in assigning the times or places for the provision of such services. Provider and its Subcontractors agree to render Covered Services to Members in the same manner, in accordance with the same standards, and within the same time availability as offered to non-CalOptima patients. Provider and its Subcontractors shall take affirmative action to ensure that all Members are provided Covered Services without discrimination. For the purposes of this section, physical handicap includes the carrying of a gene which may, under some circumstances, be associated with disability in that person's offspring, but which causes no adverse effects on the carrier. Such genetic handicap shall include, but not be limited to, Tay-Sachs trait, sickle cell trait, thalassemia trait, and X-linked hemophilia. Provider and its Subcontractors shall act upon all complaints alleging discrimination against Members in accordance with CalOptima's Policies

2.19 Reporting Obligations. Provider shall submit such reports and data required by CalOptima for the CalOptima Programs.

2.20 Subcontracting of Covered Services. Provider shall not subcontract for any Covered Services without the prior approval of CalOptima. Any subcontracting approved by CalOptima is subject to the requirements of this Contract. Subcontracts shall not terminate the legal liability of Provider under this Contract. Provider must ensure that all Subcontracts are in writing and include any and all provisions required by this Contract or applicable Government Programs to be incorporated into Subcontracts. Provider shall make all Subcontracts available to CalOptima or its regulators upon request. Provider is required to inform CalOptima of the name and business addresses of all

Subcontractors. Additionally, Provider shall require that all Subcontracts relating to the provision of Covered Services include, without limitation, the following provisions:

2.20.1 An agreement to make all books and records relative to the provision of and reimbursement for Covered Services furnished by Subcontractor to Provider available at all reasonable times for inspection, examination or copying by CalOptima or duly authorized representatives of the Government Agencies in accordance with Government Contract requirements.

2.20.2 An agreement to maintain such books and records in accordance with the general standards applicable to such books and records and any record requirements in this Contract and CalOptima Policies.

2.20.3 An agreement for the establishment and maintenance of and access to records as set forth in this Contract.

2.20.4 An agreement requiring Subcontractors to provide Covered Services to CalOptima Members in the same manner as those services are provided to other customers.

2.20.5 An agreement to comply with CalOptima's Compliance Program.

2.20.6 An agreement to comply with Member financial and hold harmless protections as set forth in this Contract.

2.21 Fraud and Abuse Reporting. Provider shall report to CalOptima all cases of suspected fraud and/or abuse, as defined in 42 Code of Federal Regulations, Section 455.2, relating to the rendering of Covered Services by Provider, whether by Provider, Provider's employees, Subcontractors, and/or Members within five (5) working days of the date when Provider first becomes aware of or is on notice of such activity.

2.22 Participation Status. Provider shall have policies and procedures to verify the Participation Status of Provider's Agents. In addition, Provider warrants and agrees as follows:

2.22.1 Provider and Provider's Agents shall meet CalOptima's Participation Status requirements during the term of this Contract.

2.22.2 Provider shall immediately disclose to CalOptima any pending investigation involving, or any determination of, suspension, exclusion or debarment by Provider or Provider's Agents occurring and/or discovered during the term of this Contract.

2.22.4 Provider shall take immediate action to remove any Provider Agent that does not meet Participation Status requirements from furnishing items or services related to this Contract (whether medical or administrative) to CalOptima Members.

2.22.5 Provider shall include the obligations of this Section in its Subcontracts.

2.23 Credentialing and Recredentialing. Prior to providing any Covered Services under, and throughout the duration of, this Contract, Provider, and all Subcontractors, shall be reviewed to confirm that required Licenses and other applicable qualifications are met. to the extent required by CalOptima Policy.

2.24 Physical Access for Members. Provider's and its Subcontractor's facilities shall comply with the requirements of Title III of the Americans with Disabilities Act of 1990, and shall ensure access for the disabled, which includes, but is not limited to, ramps, elevators, restrooms, designated parking spaces, and drinking water provision.

2.25 Smoke Free Workplace. Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by federal programs either directly or through state or local governments, by federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such federal funds. The law does not apply to children's services provided in private residences; portions of facilities used for inpatient drug or alcohol treatment; service providers whose sole source of applicable federal funds is Medicare or Medicaid; or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1,000 for each violation and/or the imposition of an administrative compliance order on the responsible party. By signing this Contract, Provider certifies that it will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act. The prohibitions herein are effective December 26, 1994. Provider further agrees that it will insert this certification into any subcontracts entered into that provide for children's services as described in the Act.

2.26 Member Rights. Provider shall ensure that each Member's rights, as set forth in state and federal law and CalOptima Policy, are fully respected and observed.

2.27 Electronic Transactions. Provider shall use best efforts to participate in the exchange of electronic transactions with CalOptima, including but not limited to electronic claims submission (EDI), verification of eligibility and enrollment through electronic means and submission of electronic prior authorization transactions in accordance with CalOptima Policy and Procedure.

2.28 Facility Construction or Repair. When applicable for purposes of construction or repair of facilities, Provider shall comply with the provisions in the following acts and/or will include such provisions in any applicable Subcontracts:

- Copeland "Anti-Kickback" Act (18 USC 874, 40 USC 2760) (29 CFR, Part 3)
- Davis-Bacon Act (40 USC 276a-7) (29 CFR, Part 5)
- Contract Work Hours and Safety Standards Act (40 USC 327-330) (29 CFR, Part 5)
- Executive Order 1126 of September 14, 1965 entitled, "Equal Employment Opportunity" as amended by Executive Order 11375 of October 13, 1967, as supplemented in Department of Labor Regulations (41 CFR, Part 60).

When Provider's agreement provides funding for both construction and non-construction activities, Provider shall obtain prior written approval from CalOptima before making any fund or budget transfers between construction and non-construction.

2.29 Debarment Certification. By signing this Contract, the Provider agrees to comply with applicable Federal suspension and debarment regulations including, but not limited to 7 CFR 3017, 45 CFR 76, 40 CFR 32, or 34 CFR 85.

2.29.1 By signing this Contract, the Provider certifies to the best of its knowledge and belief, that it and its principals:

2.29.1.1 Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;

2.29.1.2 Have not within a three-year period preceding this Contract have been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

2.29.1.3 Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in Sub provision 13.1.2 herein; and

2.29.1.4 Have not within a three-year period preceding this Contract had one or more public transactions (Federal, State or local) terminated for cause or default.

2.29.1.5 Shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under Federal regulations (i.e., 48 CFR 9, subpart 9.4), debarred, suspended, declared ineligible, or voluntarily excluded from participation in such transaction, unless authorized by the State.

2.29.1.6 Will include a clause entitled, "Debarment and Suspension Certification" that essentially sets forth the provisions herein, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

2.29.2 If the Provider is unable to certify to any of the statements in this certification, the Provider shall submit an explanation to CalOptima.

2.29.3 The terms and definitions herein have the meanings set out in the Definitions and Coverage sections of the rules implementing Federal Executive Order 12549.

2.29.4 If the Provider knowingly violates this certification, in addition to other remedies available to the Federal Government, CalOptima may terminate this Contract for cause or default.

2.30 Lobbying Restrictions and Disclosure Certification. Provider shall complete and submit the lobbying disclosure form required by federal law, when applicable, as set forth in this Addendum 1.

2.30.1 (Applicable to federally funded contracts in excess of $100,000 per Section 1352 of the 31, U.S.C.)

2.30.2 Certification and Disclosure Requirements

2.30.2.1 Each person (or recipient) who requests or receives a contract, subcontract, grant, or subgrant, which is subject to Section 1352 of the 31, U.S.C., and which exceeds $100,000 at any tier, shall file a certification (in the form set forth in Attachment E, consisting of one page, entitled "Certification Regarding Lobbying") that the recipient has not made, and will not make, any payment prohibited by Paragraph 2.29.3 of this provision.

2.30.2.2 Each recipient shall file a disclosure (in the form set forth in Attachment E-1 to this Addendum 1, entitled "Standard Form-LLL 'disclosure of Lobbying Activities'") if such recipient has made or has agreed to make any payment using non-appropriated funds (to include profits from any covered federal action) in connection with a contract or grant or any extension or amendment of that contract or grant, which would be prohibited under Paragraph 2.29.3 of this provision if paid for with appropriated funds.

2.30.2.3 Each recipient shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affect the accuracy of the information contained in any disclosure form previously filed by such person under Paragraph 2.29.2.2 herein. An event that materially affects the accuracy of the information reported includes:

2.30.2.3.1 A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered federal action;

2.30.2.3.2 A change in the person(s) or individuals(s) influencing or attempting to influence a covered federal action; or

2.30.2.3.3 A change in the officer(s), employee(s), or member(s) contacted

for the purpose of influencing or attempting to influence a covered federal action.

2.30.2.4 Each person (or recipient) who requests or receives from a person referred to in Paragraph 2.28.2.1 of this provision a contract, subcontract, grant or subgrant exceeding $100,000 at any tier under a contract or grant shall file a certification, and a disclosure form, if required, to the next tier above.

2.30.2.5 All disclosure forms (but not certifications) shall be forwarded from tier to tier until received by the person referred to in Paragraph 2.28.2.1 of this provision. That person shall forward all disclosure forms to DHCS program contract manager.

2.30.3 Prohibition—Section 1352 of Title 31, U.S.C., provides in part that no appropriated funds may be expended by the recipient of a federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered federal actions: the awarding of any federal contract, the making of any federal grant, the making of any federal loan, entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

2.31 Provider's Agent's Qualifications. Provider shall verify the qualifications of all Provider's Agents providing services under this Contract consistent with the services to be provided, as further described in the attached "scope of Work." In addition, for Provider's Agents that enter into Members' homes or have face-to-face contact with Members, Provider shall also conduct background investigations, including, but not be limited to, County, State and Federal criminal history and abuse registry screening. Provider shall comply with all applicable laws in conducting background investigations, and shall exclude unqualified Agents from providing services under this Contract.

2.32 Provider Agreement to Extend Terms and Rates. Provider agrees to extend to CalOptima Health Networks the same terms regarding Provider performance, duties and obligations and rates for Ancillary Services provided to CalOptima Members enrolled in Health Networks as are set forth in this Contract.

ARTICLE 3
FUNCTIONS AND DUTIES OF CALOPTIMA

3.1 Payment. CalOptima shall pay Provider for Covered Services provided to CalOptima Members. Provider agrees to accept the compensation set forth in Attachment C as payment in full from CalOptima for such Covered Services. Upon submission of a Clean Claim or invoice, CalOptima shall pay Provider pursuant to CalOptima Policies and Attachment C.

3.2 Service Authorization. CalOptima shall provide a written authorization process for Covered Services pursuant to CalOptima Policies Procedures as may be amended from time to time. .

3.3 Limitations of CalOptima's Payment Obligations. Notwithstanding anything to the contrary contained in this Contract, CalOptima's obligation to pay Provider any amounts shall be subject to CalOptima's receipt of the funding from the Federal and/or State governments.

ARTICLE 4
PAYMENT PROCEDURES

4.1 Billing and Claims Submission. Provider shall submit Claims or invoices for Covered Services in accordance with CalOptima Policies applicable to the Claims submission process.

4.2 Prompt Payment. CalOptima shall make payments to Provider in the time and manner set forth in CalOptima Policies related to the CalOptima Programs and/or this Contract. Additional procedures related to claims processing and payment are set forth in the attached CalOptima Program Addenda.

4.3 Claim Completion and Accuracy. Provider shall be responsible for the completion and accuracy of all Claims submitted whether on paper forms or electronically including claims submitted for the Provider by other parties. Use of a billing agent does not abrogate Provider's responsibility for the truth and accuracy of the submitted information. A Claim may not be submitted before the delivery of service. Provider acknowledges that Provider remains responsible for all Claims and that anyone who misrepresents, falsifies, or causes to be misrepresented or falsified, any records or other information relating to that Claim may be subject to legal action.

4.4 Claims Deficiencies. Any Claim that fails to meet CalOptima requirements for claims processing shall be denied and Provider notified of denial pursuant to CalOptima Policies and applicable Federal and/or State laws and regulations.

4.5 Member Financial Protections. Provider shall comply with Member financial protections as follows:

4.5.1 Provider agrees to indemnify and hold Members harmless from all efforts to seek compensation and any claims for compensation from Members for Covered Services under this Contract. In no event shall a Member be liable to Provider for any amounts which are owed by, or are the obligation of, CalOptima.

4.5.2 In no event, including, but not limited to, non-payment by CalOptima, CalOptima's or Provider's insolvency, or breach of this contract by CalOptima, shall Provider, or any of its Subcontractors, bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against the State of California or any Member or person acting on behalf of a Member for Covered Services pursuant to this Contract.

4.5.3 This provision does not prohibit Provider or its Subcontractors from billing and collecting payment for non-Covered Services if the CalOptima Member agrees to the payment in writing prior to the actual delivery of non-Covered Services and a copy of such agreement is given to the Member and placed in the Member's medical record prior to rendering such services.

4.5.4 Upon receiving notice of Provider invoicing or balance billing a Member for Covered Services, CalOptima may sanction the Provider or take other action as provided in this Contract.

4.5.5 This section shall survive the termination of this Contract for Covered Services furnished to CalOptima Members prior to the termination of this Contract, regardless of the cause giving rise to termination, and shall be construed to be for the benefit of Members. This section shall supersede any oral or written contrary agreement now existing or hereafter entered into between the Provider and its Subcontractors. Language to ensure the foregoing shall be included in all of Provider's Subcontracts related to provision of Covered Services to CalOptima Members.

4.6 Overpayments and CalOptima Right to Recover. Provider has an obligation to report any overpayment identified by Provider, and to repay such overpayment to CalOptima within sixty (60) days of such

identification by Provider, or of receipt of notice of an overpayment identified by CalOptima. Provider acknowledges and agrees that, in the event that CalOptima determines that an amount has been overpaid or paid in duplicate, or that funds were paid which were not due under this Contract to Provider, CalOptima shall have the right to recover such amounts from Provider by recoupment or offset from current or future amounts due from CalOptima to Provider, after giving Provider notice and an opportunity to return/pay such amounts. This right to recoupment or offset shall extend to any amounts due from Provider to CalOptima, including, but not limited to, amounts due because of:

4.6.1 Payments made under this Contract that are subsequently determined to have been paid at a rate that exceeds the payment required under this contract.

4.6.2 Payments made for services provided to a Member that is subsequently determined to have not be eligible on the date of service.

ARTICLE 5
INSURANCE AND INDEMNIFICATION

5.1 Indemnification. Each party to this Contract agrees to defend, indemnify and hold each other and the State harmless, with respect to any and all Claims, costs, damages and expenses, including reasonable attorney's fees, which are related to or arise out of the negligent or willful performance or non-performance by the indemnifying party, of any functions, duties or obligations of such party under this Contract. Neither termination of this Contract nor completion of the acts to be performed under this Contract shall release any party from its obligation to indemnify as to any claims or cause of action asserted so long as the event(s) upon which such claims or cause of action is predicated shall have occurred prior to the effective date of termination or completion.

5.2 Insurance Requirements

5.2.1 Professional Liability:

If providing Professional Services under this contract, the Vendor at its sole cost and expense, shall maintain a Professional Liability Insurance policy covering itself and any Subcontractors with minimum limits as follows:

Professional Liability providing Covered Services: $1,000,000 per incident/$2,000,000 aggregate

5.2.2 Commercial General Liability/Commercial Automobile Liability:

Vendor, at its sole cost and expense shall maintain a Commercial General Liability and a Commercial Automobile Liability Insurance policy with minimum limits as follows:

Commercial General Liability: (Including Personal Injury) $1,000,000 per occurrence/$2,000,000 aggregate

Commercial Automobile Liability: * $1,000,000 Combined Single Limit

Additional insured wording is required on both policies as well as primary and non-contributory wording and Waiver of Subrogation. Additional Insured wording to include: Orange County Health Authority, a public agency; DBA: Orange Prevention and Treatment Integrated Medical Assistance; DBA: CalOptima, CalOptima Foundation, including its officers, officials, directors, employees, agents, and volunteers.

*(Charter-party carriers of passengers:)

If applicable, vendor shall comply with the Public Utilities Commission (PUC) General Order No. 115-G, which requires higher levels of insurance for charter-party carriers of passengers and is based on seating capacity as follows:

$ 1,500,000 if seating capacity is 8-15

$ 5,000,000 if seating capacity is over 15 unless otherwise amended by future regulations.

In the case of a charter-party carrier with seating capacity of 7 or less, CalOptima will require $1,000,000 Combined Single Limit.

5.2.3 Workers' Compensation:

Vendor, at its sole cost and expense shall maintain a Workers' Compensation Insurance policy as required by the State of California with minimum limits as follows:

Employers' Liability Insurance:	$1,000,000 Bodily injury each accident
	$1,000,000 Bodily injury policy limit
	$1,000,000 Bodily injury each employee

Waiver of Subrogation wording is required and to include:

Orange County Health Authority, a public agency; DBA: Orange Prevention and Treatment Integrated Medical Assistance; DBA: CalOptima, CalOptima Foundation, including its officers, officials, directors, employees, agents, and volunteers.

5.2.4 Commercial Crime:

If applicable, Vendor, at its sole cost and expense shall maintain a commercial crime policy covering theft and dishonesty, forgery and alterations, money orders and counterfeit currency, credit card fraud, wire transfer fraud, and theft of client property as follows:

Commercial Crime Insurance: $1,000,000 per occurrence

5.2.5 Cyber and Privacy Liability Insurance:

If applicable, Vendor shall maintain the following minimum coverages for such length of time as necessary to cover any and all claims:

Cyber and Privacy Liability Insurance: $1,000,000 each coverage
(including Privacy and Network Liability;
Internet Media Liability;
Business Interruption and Expense;
Data Extortion;
Regulatory Proceeding; and
Data Breach Notification & Credit Monitoring)

5.2.6 Bonding:

If providing services which require bonding, Vendor shall be bonded at amounts usual or customary in Vendor's industry and type of service.

5.3 Insurer Ratings.

Such insurance shall be provided by an insurer:

(a) Rated by A.M. Best with rating of A- VII or better; and

(b) "admitted" to do business in California or an insurer approved to do business in California by the California Department of Insurance and listed on the Surplus Lines Association of California List of Eligible Surplus Lines Insurers (LESLI); or

(c) An Unincorporated Interindemnity Trust Arrangement as authorized by the California Insurance Code 12180.7.

5.4 Captive Risk Retention Group/Self Insured:

Where any of the insurances mentioned by Section 5.2 above are provided by a Captive Risk Retention Group or self-insured, Section 5.3 above may be waived at the sole discretion of CalOptima, but only after review of the Captive Risk Retention Group's or self-insured's audited financial statements.

5.5 Cancellation or Material Change:

The vendor shall not of its own initiative cause such insurances as addressed in this Article to be canceled or materially changed during the term of this Contract. Thirty (30) days prior written notice be given to CalOptima in the event of cancellation.

5.6 Certificates of Insurance:

Certificates of Insurance of the above insurance policies and/or evidence of self-insurance shall be provided to CalOptima prior to execution of the Contract and annually thereafter.

5.7 Subcontractors:

Vendor shall require each of its Subcontractors who perform services related to this Contract, if any, to maintain insurance coverage that meets all of the requirements set forth herein.

5.8 Failure or refusal to maintain or produce proof of Insurance:

If Vendor fails or refuses to maintain or produce proof of the insurance required by Section 5.2, CalOptima shall have the right, at its election, to terminate forthwith this Contract. Such termination shall not affect Vendor's right to be paid for its time and materials expended prior to notification of termination. Vendor waives the right to receive compensation and agrees to indemnity CalOptima for any work performed prior to approval of Insurance by CalOptima.

5.9 Other Liability:

Neither party shall be liable to the other for any indirect, exemplary, special, punitive, consequential or incidental damages or loss of goodwill, data or profits, or cost of cover.

ARTICLE 6
RECORDS, AUDITS AND REPORTS

6.1 Access to and Audit of Contract Records. For the purpose of review of items and services furnished under the terms of this Contract and duplication of any books and records, Provider and its Subcontractors shall allow CalOptima, its regulators and/or their duly authorized agents and representatives access to said books and records, including medical records, contracts, documents, electronic systems for the purpose of direct physical examination of the records by CalOptima or its regulators and/or their duly authorized agents and representatives at the Provider's premises. Provider shall be given advance notice of such visit in accordance with CalOptima Policies. Such access shall include the right to directly observe all aspects of Provider's operations and to inspect, audit and reproduce all records and materials and to verify Claims and reports required according to the provisions of this Contract. Provider shall maintain records in chronological sequence, and in an immediately retrievable form in accordance with the laws and regulations applicable to such record keeping. If DHCS, CMS, CDA or the DHHS Inspector General determines there is a reasonable possibility of fraud or similar risk, DHCS, CMS, CDA or the DHHS Inspector General may inspect, evaluate, and audit the Provider at any time. Upon resolution of a full investigation of fraud, DHCS reserves the right to suspend or terminate the Provider and its Subcontractors from participation in the Medi-Cal program; seek recovery of payments made to the Provider; impose other sanctions provided under the State Plan, and Provider's contract may be terminated due to fraud.

6.2 Records Retention. The Provider shall maintain books and records in accordance with the time and manner requirements set forth in Federal and State laws and CalOptima Programs as identified in the CalOptima Program Addenda to this Contract. Where the Provider furnishes Covered Services to a Member in more than one CalOptima Program with different record retention periods, then the greater of the record retention requirements shall apply.

6.3 Audit, Review and/or Duplication. Audit, review and/or duplication of data or records shall occur within regular business hours and shall be subject to Federal and State laws concerning confidentially and ownership of records. Provider shall pay all duplication and mailing costs associated with such audits.

6.4. Confidentiality of Member Information. Provider agrees to comply with applicable Federal and State laws and regulations governing the confidentiality of Member medical and other information. Provider further agrees:

6.4.1 Health Insurance Portability and Accountability Act (HIPAA). Provider shall comply with HIPAA statutory and regulatory requirements ("HIPAA requirements"), whether existing now or in the future within a reasonable time prior to the effective date of such requirements. Provider shall comply with HIPAA requirements as currently established in CalOptima Policies. Provider shall also take actions and develop capabilities as required to support CalOptima compliance with HIPAA requirements, including acceptance and generation of applicable electronic files in HIPAA compliant standards formats.

6.4.2 Members Receiving State Assistance. Notwithstanding any other provision of this Contract, names and identification numbers of Members receiving public assistance are confidential and are to be protected from unauthorized disclosure in accordance with applicable State and Federal laws and regulations. For the purpose of this Contract, Provider shall protect from unauthorized disclosure all information, records, data and data elements collected and maintained for the operation of the Contract and pertaining to Members.

6.4.3 Declaration of Confidentiality. If Provider has access to computer files or any data confidential by statute, including identification of eligible members, Provider agrees to sign a declaration of confidentiality in accordance with the applicable Government Contract and in a form acceptable to CalOptima and DHCS, DMHC (MRMIB) and/or CMS, as applicable.

ARTICLE 7
TERM AND TERMINATION

7.1 Term. The term of this Contract shall become effective on the Effective Date through June 30th, 2020. This Contract shall then automatically extend for additional one-year terms (July 1st through June 30th) upon formal approval by the CalOptima Board of Directors, unless earlier terminated by either party as provided for in this Contract.

7.2 Termination for Default. CalOptima may, in its sole discretion, terminate this Contract whenever CalOptima determines that the Provider or any Subcontractor (a) has repeatedly and inappropriately withheld Covered Services to a CalOptima Member(s), (b) has failed to perform its contracted duties and responsibilities in a timely and proper manner including, without limitation, service procedures and standards identified in this Contract, (c) has committed acts that discriminate against CalOptima Members on the basis of their health status or requirements for health care services; (d) has not provided Covered Services in the scope or manner required under the

provisions of this Contract; (e) has engaged in prohibited marketing activities; (f) has failed to comply with CalOptima's Compliance Program, including Participation Status requirements; (g) has committed fraud or abuse relating to Covered Services or any and all obligations, duties and responsibilities under this Contract; or (h) has materially breached any covenant, condition, or term of this Contract. A termination as described above shall be referred to herein as "Termination for Default." In the event of a Termination for Default, CalOptima shall give Provider prior written notice of its intent to terminate with a thirty (30)-day cure period if the Termination for Default is curable, in the sole discretion of CalOptima. In the event the default is not cured within the thirty (30)-day period, CalOptima may terminate the Contract immediately following such thirty (30)-day period. The rights and remedies of CalOptima provided in this clause are not exclusive and are in addition to any other rights and remedies provided by law or under the Contract. The Provider shall not be relieved of its liability to CalOptima for damages sustained by virtue of breach of the Contract by the Provider or any Subcontractor.

7.3 Immediate Termination. CalOptima may terminate this Contract immediately upon the occurrence of any of the following events and delivery of written notice: (i) the suspension or revocation of any license, permits and certification or accreditation required by Provider and/or Provider Agents; (ii) the determination by CalOptima that the health, safety, or welfare of Members is jeopardized by continuation of this Contract; (iii) the imposition of sanctions or disciplinary action against Provider or against Provider Agents in their capacities with the Provider by any Federal or State licensing agency; (iv) termination or non-renewal of any Government Contract; (v) the withdrawal of DHHS's approval of the waiver granted to the CalOptima under Section 1915(b) of the Social Security Act. If CalOptima receives notice of termination from any of the Government Agencies or termination of the Section 1915(b) waiver, CalOptima shall immediately transmit such notice to Provider.

7.4 Termination for Provider Insolvency. If the Provider and/or any of its Subcontractors becomes insolvent, the Provider shall immediately so advise CalOptima, and CalOptima shall have, at its sole option, the right to terminate the Contract immediately. In the event of the filing of a petition for bankruptcy by or against the Provider or a principal Subcontractor, the Provider shall assure that all tasks related to the Contract or the Subcontract are performed in accordance with the terms of the Contract.

7.5 Modifications or Termination to Comply with Law. CalOptima reserves the right to modify or terminate the Contract at any time when modifications or terminations are (a) mandated by changes in Federal or State laws, (b) required by Government Contracts, or (c) required by changes in any requirements and conditions with which CalOptima must comply pursuant to its Federally-approved Section 1915(b) waiver. CalOptima shall notify Provider in writing of such modification or termination immediately and in accordance with applicable Federal and/or State requirements, and Provider shall comply with the new requirements within 30 days of the effective date, unless otherwise instructed by DHCS and to the extent possible.

7.6 Termination Without Cause. Either party may terminate this Contract, without cause, upon ninety (90) days prior written notice to the other party as provided herein.

7.7 Rate Adjustments. The payment rates may be adjusted by CalOptima during the Contract period to reflect implementation of Federal or State laws or regulations, changes in the State budget, the Government Contract(s) or the Government Agencies' policies, and/or changes in Covered Services. If the Government Agency(ies) has provided CalOptima with advance notice of adjustment, CalOptima shall provide notice thereof to Provider as soon as practicable.

7.8 Approval By and Notice to Government Agencies. Provider acknowledges that this Contract and any modifications and/or amendments thereto are subject to the approval of applicable Federal and/or State agencies. CalOptima and Provider shall notify the Federal and/or State agencies of amendments to, or termination of, this Contract. Notice shall be given by first-class mail, postage prepaid to the attention of the State or Federal contracting officer for the pertinent CalOptima Program. Provider acknowledges and agrees that any amendments or modifications shall be consistent with requirements relating to submission to such Federal and/or State agency for

approval.

ARTICLE 8
GRIEVANCES AND APPEALS

8.1 Provider Grievances. Provider and/or Subcontractor complaints, concerns or differences shall be resolved through the mechanisms set forth in CalOptima Policies related to the applicable CalOptima Program(s).

8.2 Member Grievances and Appeals. Member grievances, complaints, and/or appeals shall be resolved in accordance with Federal and/or State laws, regulations and Government Guidance and as set forth in CalOptima Policies relating to the applicable CalOptima Program. Provider agrees to cooperate in the investigation of the issues and be bound by CalOptima's grievance decisions and, if applicable, State and/or Federal hearing decisions or any subsequent appeals.

ARTICLE 9
GENERAL PROVISIONS

9.1 Assignment and Assumption. Provider acknowledges and agrees that a primary goal of CalOptima is to ensure the provision of quality healthcare services to CalOptima Members and that CalOptima and Provider have entered into this Contract for the benefit of CalOptima Members. Accordingly, CalOptima retains the rights set forth in this Section. Except as specifically permitted hereunder, this Contract is not assignable by the Provider, either in whole or in part, without the prior written consent of CalOptima, provided that CalOptima's consent may be withheld in its sole and absolute discretion. For purposes of this Section and this Contract, assignment includes, without limitation, (a) the change of more than twenty-five percent (25%) of the ownership or equity interest in Provider (whether in a single transaction or in a series of transactions), (b) the change of more than twenty-five percent (25%) of the directors or trustees of Provider, (c) the merger, reorganization, or consolidation of Provider with another entity with respect to which Provider is not the surviving entity, and/or (d) a change in the management of Provider from management by persons appointed, elected or otherwise selected by the governing body of Provider (e.g., the Board of Directors) to a third-party management person, company, group, team or other entity.

9.2 Documents Constituting Contract. This Contract and its attachments, schedules, addenda and exhibits, as well as Provider's response to the CalOptima's Request for Proposal (RFP) and any further information or clarification submitted as part of the RFP process, and all CalOptima Policies applicable to Covered Services and CalOptima Members (and any amendments thereto) shall constitute the entire agreement between the parties. It is the express intention of Provider and CalOptima that any and all prior or contemporaneous agreements, promises, negotiations or representations, either oral or written, relating to the subject matter and period governed by this Contract which are not expressly set forth herein shall be of no further force, effect or legal consequence after the effective date hereunder. In the event of any inconsistency between the RFP and this Contract, the terms and provisions of this Contract shall govern and control.

9.3 Force Majeure. Both parties shall be excused from performance hereunder for any period that they are prevented from meeting the terms of this Contract as a result of a catastrophic occurrence or natural disaster including but not limited to an act of war, and excluding labor disputes.

9.4 Governing Law and Venue. This Contract shall be governed by and construed in accordance with all laws of the State of California and Federal laws and regulations applicable to the CalOptima Programs and all contractual obligations of CalOptima. Provider shall bring any and all legal proceedings against CalOptima under this Contract in California State courts located in Orange County, California.

9.5 Headings. The article and section headings used herein are for reference and convenience only and shall not enter into the interpretation hereof.

9.6 Independent Contractor Relationship. CalOptima and Provider agree that the Provider and any agents or employees of the Provider in performance of this Contract shall act in an independent capacity and not as officers or employees of CalOptima. Provider's relationship with CalOptima in the performance of this Contract is that of an independent contractor. Provider's personnel performing services under this Contract shall be at all times under Provider's exclusive direction and control and shall be employees of Provider and not employees of CalOptima. Provider shall pay all wages, salaries and other amounts due its employees in connection with this Contract and shall be responsible for all reports and obligations respecting them, such as social security, income tax withholding, unemployment compensation, workers' compensation, and similar matters.

9.7 No Liability of County of Orange. As required under Ordinance No. 3896 of the County of Orange, State of California, as amended, CalOptima and the Provider hereby acknowledge and agree that the obligations of CalOptima under this Contract are solely the obligations of CalOptima, and the County of Orange, State of California, shall have no obligation or liability therefor.

9.8 No Waiver. No delay or failure by either party hereto to exercise any right or power accruing upon noncompliance or default by the other party with respect to any of the terms of this Contract shall impair such right or power or be construed to be a waiver thereof. A waiver by either of the parties hereto of a breach of any of the covenants, conditions, or agreements to be performed by the other shall not be construed to be a waiver of any succeeding breach thereof or of any other covenant, condition, or agreement herein contained. Any information delivered, exchanged or otherwise provided hereunder shall be delivered, exchanged or otherwise provided in a manner which does not constitute a waiver of immunity or privilege under applicable law.

9.9 Notices. Any notice required to be given pursuant to the terms and provisions of this Contract, unless otherwise indicated herein, shall be in writing and shall be sent by Certified or Registered mail, return receipt requested, postage prepaid to the address set out below. Notice shall be deemed given seventy-two (72) hours after mailing.

If to CalOptima:

CalOptima
Director of Contracting
505 City Parkway West
Orange, CA 92868

If to Provider:
Carenet Healthcare Services
Attn: Stacie Stoner, VP Client Services
11845 IH-10 West, Suite 400
San Antonio, TX 78230

9.10 Omissions. In the event that either party hereto discovers any material omission in the provisions of this Contract which such party believes is essential to the successful performance of this Contract, said party may so inform the other party in writing, and the parties hereto shall thereafter promptly negotiate in good faith with respect to such matters for the purpose of making such reasonable adjustments as may be necessary to perform the objectives of this Contract.

9.11 Prohibited Interests. Provider covenants that, for the term of this Contract, no director, member, officer, or employee of CalOptima during his/her tenure has any interest, direct or indirect, in this Contract or the proceeds thereof.

9.12 Regulatory Approval. Notwithstanding any other provision of this Contract, the effectiveness of this Contract, amendments thereto, and assignments thereof, is subject to the approval of applicable Governmental Agencies and the conditions imposed by such agencies.

United States or the State of California in accordance with law or is declared null and void by any court of competent jurisdiction, the remainder of the provisions hereof shall remain in full force and effect.

ARTICLE 10
EXECUTION

10.1 Subject to the State of California and United States providing funding for the term of this Contract and for the purposes with respect to which it is entered into, and execution of the Government Contracts and the approval of the Contract by the Government Agencies, this Contract shall become effective on July 1st, 2019 (the "Effective Date").

IN WITNESS WHEREOF, the parties have executed this Contract as follows:

Provider	**CalOptima**

COVERED SERVICES

ARTICLE 1
CALOPTIMA PROGRAMS

1.1 CalOptima Programs. Provider shall furnish Covered Services to eligible Members in the following CalOptima Programs:

___X___ Medi-Cal Program

___X___ Medicare Advantage Program (OneCare)

_____ PACE Program

___X___ Cal MediConnect Program/OneCare Connect (Members Dually Eligible for Medicare and Medi-Cal)

_____ Multipurpose Senior Services Program (MSSP)

ARTICLE 2
SERVICES

2.1 Scope of Work. "Covered Services" as referred to in this Contract means those items and services as defined under applicable CalOptima Programs and CalOptima Policies and required to be furnished under this Contract, and provided to Members who are authorized to receive such items and services including:

Call Center Support and Nurse Triage Services

ATTACHMENT B

PROCEDURES FOR REQUESTING INTERPRETATION SERVICE

1. CALOPTIMA DIRECT MEMBERS AND PACE PARTICIPANTS

1.1 Cal Optima Responsibilities. CalOptima shall provide Members enrolled in CalOptima Direct (COD) and PACE with face-to-face language and sign language interpretation services to ensure effective communication with Providers. Upon notification from Provider pursuant to the provisions of this Contract that interpreter services are required, CalOptima shall arrange for and make payment for interpreter services for COD and PACE Members in accordance with the procedures set forth herein.

1.2 Request for Interpretation Services. To request these interpretation services Provider shall, at least one week before the scheduled appointment with the Member, contact CalOptima Customer Service Department at (714) 246-8500 to be connected with the Cultural and Linguistic (C&L) Coordinator. The following information will be needed at the time of the request:

a. Member name and ID, date of birth and telephone number;
b. Name and phone number of the care taker, if applicable;
c. Language or sign language needed;
d. Date and time of the appointment;
e. Address and telephone number of the facility where the appointment is to take place;
f. Estimated amount of time the interpretation service will be needed; and
g. Type of appointment: assessment, fitting/delivery or other.

1.3 Provider's Responsibilities.

1.3.1 C&L Coordinator. Provider shall make the request at least one week before the scheduled appointment. Provider shall communicate with the CalOptima C&L Coordinator. CalOptima C&L Coordinator will make the best effort to secure an interpreter within 72 hours of a request and will confirm to the Provider and Member of the result of this effort.

1.3.2 Appointment Changes. If there is any change with the appointment, Provider shall contact CalOptima C&L Coordinator, at least 72 hours before the scheduled appointment.

1.3.3 Provider Obligation For Cost. If Provider fails to communicate with CalOptima C&L Coordinator in a timely manner (less than 72 hours before the appointment), Provider will have to incur the cost of an urgent interpretation service request.

2. HEALTH NETWORK MEMBERS

2.1 Health Network Contact. Provider shall contact Member's Health Network customer service department to request the needed interpretation services and shall follow the Health Network policy and procedures for those services.

ATTACHMENT C

COMPENSATION

CalOptima shall reimburse Provider, and Provider shall accept as payment in full from CalOptima, the lesser of billed charges or the following amounts:

I. **Medi-Cal Program Reimbursement**
For Medi-Cal Members, CalOptima shall reimburse for Covered Services as follows:

[redacted]

II. **Medicare Advantage (OneCare) Program Reimbursement**
For Medicare Advantage (OneCare) Members, CalOptima shall reimburse for Covered Services as follows:

[redacted]

III. **PACE Program Reimbursement**
For PACE Members, CalOptima shall reimburse for Covered Services as follows:

N/A

IV. **Cal MediConnect (OneCare Connect) Program Reimbursement**
For Cal MediConnect (OneCare Connect) Members, CalOptima shall reimburse for Covered Services as follows:

[redacted]

V. **MSSP Program Reimbursement**
Invoicing and Rates. Upon receipt of Clean Claim or invoice, CalOptima shall pay Provider, within 30 days, for services authorized the previous month. CalOptima shall pay Provider at rates in Attachment C, pursuant to CalOptima Policies and Procedures, as may be amended from time to time. Provider will not be paid for time required for Provider to travel to or from the Member's home, unless travel is included as part of the Authorized Services provided, e.g. shopping or transportation/escort. In such instances, Provider may also request reimbursement for mileage at the current CalOptima reimbursement rate. Provider shall submit to CalOptima each month an invoice referencing a Service Authorization Form (SAF) number for Authorized Services provided the prior month. Invoices are due within 15 days after the end of the month in which Authorized Services were provided. Invoices not submitted within 90 days of the month of service will not be paid. Invoices shall be sent to: CalOptima, Senior Select Program/MSSP, 505 City Parkway West, Orange, CA, 92868.

DEPARTMENT OF HEALTH CARE SERVICES

CERTIFICATION REGARDING LOBBYING

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making, awarding or entering into of this Federal contract, Federal grant, or cooperative agreement, and the extension, continuation, renewal, amendment, or modification of this Federal contract, grant, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency of the United States Government, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, "Disclosure of Lobbying Activities" in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontractors, subgrants, and contracts under grants and cooperative agreements) of $100,000 or more, and that all subrecipients shall certify and disclose accordingly.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S.C., any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Federal Use Only	Authorized for Local Reproduction Standard Form-LLL

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime federal recipients at the initiation or receipt of a covered federal action, or a material change to a previous filing, pursuant to Title 31, U.S.C., Section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered federal action. Use the SF - LLL- A Continuation Sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

Identify the type of covered federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered federal action.

Identify the status of the covered federal action.

Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered federal action.

Enter the full name, address, city, state, and ZIP code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants, and contract awards under grants.

If the organization filing the report in Item 4 checks "Subawardee," then enter the full name, address, city, state, and ZIP code of the prime federal recipient. Include Congressional District, if known.

Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation United States Coast Guard.

Enter the federal program name or description for the covered federal action (Item 1). If known, enter the full Catalog of Federal Domestic Assistance (CDFA) number for grants, cooperative agreements, loans, and loan commitments.

Enter the most appropriate federal identifying number available for the federal action identified in Item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract grant, or loan award number; the application/proposal control number assigned by the federal agency). Include prefixes, e.g., "RFP-DE-90401."

For a covered federal action where there has been an award or loan commitment by the federal agency, enter the federal amount of the award/loan commitment for the prime entity identified in Item 4 or 5.

10. (a) Enter the full name, address, city, state, and ZIP code of the lobbying entity engaged by the reporting entity identified in Item 4 to influence the covered federal action.
10. (b) Enter the full names of the individual(s) performing services and include full address if different from 10.(a). Enter last name, first name, and middle initial (MI).

Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (Item 4) to the lobbying entity (Item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.

Check the appropriate box(es). Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.

Check the appropriate box(es). Check all boxes that apply. If other, specify nature.

Provide a specific and detailed description of the services that the lobbyist has performed, or will be expected to perform, and the date(s) of any services rendered. Include all preparatory and related activity, not just time spent in actual contact with federal officials, identify the federal official(s) or employee(s) contacted or the officer(s), employee(s), or Member(s) of Congress that were contacted.
Check whether or not a SF-LLL-A Continuation Sheet(s) is attached.

The certifying official shall sign and date the form, print his/her name, title, and telephone number.

ADDENDUM 1
MEDI-CAL PROGRAM

The following additional terms and conditions apply to items and services furnished to Members under the CalOptima Medi-Cal Program (COD and Health Network Members): These terms and conditions are additive to those contained in the main Contract. In the event that these terms and conditions conflict with those in the main Contract, these terms and conditions shall prevail.

1. Records Retention. Provider and its Subcontractors shall maintain and retain all records of all items and services provided Members for ten (10) years from the final date of the contract between CalOptima and DHCS, or the date of completion of any audit, whichever is later, unless a longer period is required by law. Records involving matters which are the subject of litigation shall be retained for a period of not less than ten (10) years following the termination of litigation. Provider's and its Subcontractors' books and records shall be maintained within, or be otherwise accessible within the State of California and pursuant to Section 1381(b) of the Health and Safety Code. Such records shall be maintained and retained on Provider's State licensed premises for such period as may be required by applicable laws and regulations related to the particular records. Such records shall be maintained in chronological sequence and in an immediately retrievable form that allows CalOptima, and/or representatives of any regulatory or law enforcement agencies, immediate and direct access and inspection of all such records at the time of any onsite audit or review.

   Microfilm copies of the documents contemplated herein may be substituted for the originals with the prior written consent of CalOptima, provided that the microfilming procedures are approved by CalOptima as reliable and are supported by an effective retrieval system. If CalOptima is concerned about the availability of such records in connection with the continuity of care to a Member, Provider shall, upon request, transfer copies of such records to CalOptima's possession.

   This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise.

2. Access to Books and Records.

   2.1 Provider agrees to make all of its premises, facilities, equipment, books, records, contracts, computer and other electronic systems pertaining to the goods and services furnished under the terms of the Contract, available for the purpose of an audit, inspection, evaluation, examination or copying by CalOptima, DHCS, CMS, Department of Health and Human Services (DHHS) Inspector General, the Comptroller General, Department of Justice (DOJ), or their designees, at all reasonable times at Provider's place of business or at such other mutually agreeable location in California, in a form maintained in accordance with the general standards applicable to such book or record keeping for a term of at least ten (10) years from the final date of the Contract between CalOptima and DHCS, or from the date of completion of any audit, whichever is later. If DHCS, CMS, or the DHHS Inspector General determines there is a reasonable possibility of fraud or similar risk, DHCS, CMS, or the DHHS Inspector General may inspect, evaluate, and audit Provider at any time. Upon resolution of a full investigation of fraud, DHCS reserves the right to suspend or terminate the Provider from participation in the Medi-Cal program; seek recovery of payments made to the Subcontractor; impose other sanctions provided under the State Plan, and direct CalOptima to terminate this Contract due to fraud.

   2.2 Through the end of the records retention period specified in Section 2.1, above, Provider shall allow CalOptima, DHCS, the DHHS Office of the Inspector General, the

Comptroller General of the United States, CDA, Bureau of Medi-Cal Fraud, DMHC, and other authorized State agencies, or their duly authorized representatives or designees, including DHCS' External Quality Review organization contractor, to audit, inspect, monitor or otherwise evaluate the quality, appropriateness, and timeliness of services performed under this Contract, and to inspect, evaluate, and audit any and all premises, books, records, equipment, facilities, contracts, computers, or other electronic systems maintained by Provider pertaining to these services at any time pursuant to 42 CFR 438.3(h). Records and documents include, but are not limited to, all physical records originated or prepared pursuant to the performance under this Contract, including working papers, reports, financial records, and books of account, medical records, prescription files, laboratory results, subcontracts, information systems and procedures, and any other documentation pertaining to medical and non-medical services rendered to Members. Upon request, through the end of the records retention period specified in Section 2.1, above, Provider shall furnish any record, or copy of it, to CalOptima, DHCS, or any other entity listed in this section, at Provider's sole expense.

2.3 Authorized State and Federal agencies will have the right to monitor all aspects of Provider's operation for compliance with the provisions of this Contract and applicable Federal and State laws and regulations. Such monitoring activities will include, but are not limited to, inspection and auditing of Provider's facilities, management systems and procedures, and books and records, at any time, pursuant to 42 CFR 438.3(h). The monitoring activities will be either announced or unannounced. To assure compliance with the Contract and for any other reasonable purpose, CalOptima, the State of California, and their authorized representatives and designees, will have the right to premises access, with or without notice to Provider. This will include the MIS operations site or such other place where duties under the Contract are being performed. Staff designated by CalOptima or authorized State agencies will have access to all security areas and Provider will provide and will require any and all of its Subcontractors to provide, reasonable facilities, cooperation and assistance to CalOptima or State representative(s) in the performance of their duties. Access will be undertaken in such a manner as to not unduly delay the work of Provider or its Subcontractor(s).

2.4 Provider and its Subcontractors shall cooperate in the audit process by signing any consent forms or documents required to effectuate the release of any records or documentation Provider may possess in order to verify Provider's records when requested by regulatory or oversight organizations, including, but not limited to; DHCS, DMHC, Department of Justice, Attorney General, Federal Bureau of Investigation and Bureau of Medi-Cal Fraud and/or CalOptima.

2.5 This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise.

3. Form of Records. Provider's and its Subcontractors' books and records shall be maintained in accordance with the general standards applicable to such book or record-keeping.

4. Downstream Contracts. In the event that Provider is allowed to subcontract for services under this Contract, and does so subcontract, then Provider shall, upon request, provide copies of such subcontracts to CalOptima or DHCS.

5. Assignment and Delegation. Except as specifically permitted hereunder, this Contract is not assignable, nor are the duties hereunder delegable, by the Provider, either in whole or in part, without the prior written consent of CalOptima and DHCS, provided that consent may be withheld in their sole and absolute discretion. Any assignment or delegation shall be void unless prior

written approval is obtained from both DHCS and CalOptima. For purposes of this Section and this Contract, an assignment constitutes any of the following: (i) the change of more than twenty-five percent (25%) of the ownership or equity interest in Provider (whether in a single transaction or in a series of transactions); (ii) the change of more than twenty-five percent (25%) of the directors or trustees of Provider; (iii) the merger, reorganization, or consolidation of Provider with another entity with respect to which Provider is not the surviving entity; and/or (iv) a change in the management of Provider from management by persons appointed, elected or otherwise selected by the governing body of Provider (e.g., the Board of Directors) to a third-party management person, company, group, team or other entity.

6. Third Party Tort Liability/Estate Recovery. Provider shall make no claim for the recovery of the value of Covered Services rendered to a Member when such recovery would result from an action involving tort liability of a third party, recovery from the estate of deceased Member, Workers' Compensation, or casualty liability insurance awards and uninsured motorist coverage. Provider shall inform CalOptima of potential third party liability claims, and provide information relative to potential third party liability claims, in accordance with CalOptima Policy.

7. Records Related to Recovery for Litigation. Upon request by CalOptima, Provider shall timely gather, preserve and provide to CalOptima, in the form and manner specified by CalOptima, any information specified by CalOptima, subject to any lawful privileges, in Provider's or its Subcontractors' possession, relating to threatened or pending litigation by or against CalOptima or DHCS. If Provider asserts that any requested documents are covered by a privilege, Provider shall: 1) identify such privileged documents with sufficient particularity to reasonably identify the document while retaining the privilege; and 2) state the privilege being claimed that supports withholding production of the document. Such request shall include, but is not limited to, a response to a request for documents submitted by any party in any litigation by or against CalOptima or DHCS. Provider acknowledges that time may be of the essence in responding to such request. Provider shall use all reasonable efforts to immediately notify CalOptima of any subpoenas, document production requests, or requests for records, received by Provider or its Subcontractors related to this Contract or subcontracts entered into under this Contract.

8. Medi-Cal Policies. Covered Services provided under this Contract shall comply with all applicable Medi-Cal Managed Care Division (MMCD) Policy Letters.

9. Medi-Cal Credentialing. If Provider is of a provider type that is not able to enroll in Medi-Cal through DHCS, Provider shall provide an accurate, current, signed copy of the DHCS Medi-Cal Disclosure Form, DHCS-6216, or such other disclosure form as DHCS may otherwise specify to meet the requirements of Section 51000.35 of Title 22 of the California Code of Regulations.

10. Changes in Availability or Location of Services. Any substantial change in the availability or location of services to be provided under this Contract requires the prior written approval of DHCS. Provider's or a Subcontractor's proposal to reduce or change the hours, days, or location at which the services are available shall be given to CalOptima at least 75 days prior to the proposed effective date. DHCS' denial of the proposal shall prohibit implementation of the proposed changes.

11. Confidentiality of Medi-Cal Members. Provider and its employees, agents, or Subcontractors shall protect from unauthorized disclosure the names and other identifying information concerning persons either receiving services pursuant to this Contract, or persons whose names or identifying information become available or are disclosed to Provider, its employees, agents, or Subcontractors as a result of services performed under this Contract, except for statistical information not identifying any such person. Provider and its employees, agents, or Subcontractors shall not use such identifying information for any purpose other than carrying out Provider's obligations under this Contract. Provider and its employees, agents, or Subcontractors shall promptly transmit to the

CalOptima all requests for disclosure of such identifying information not emanating from the Member. Provider shall not disclose, except as otherwise specifically permitted by this Contract or authorized by the Member, any such identifying information to anyone other than DHCS or CalOptima without prior written authorization from CalOptima. For purposes of this provision, identity shall include, but not be limited to, name, identifying number, symbol, or other identifying particular assigned to the individual, such as finger or voice print or a photograph.

Names of persons receiving public social services are confidential and are to be protected from unauthorized disclosure in accordance with Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted thereunder. For the purpose of this Contract, all information, records, data, and data elements collected and maintained for the operation of the Contract and pertaining to Members shall be protected by Provider from unauthorized disclosure. Provider may release Medical Records in accordance with applicable law pertaining to the release of this type of information. Provider is not required to report requests for Medical Records made in accordance with applicable law. With respect to any identifiable information concerning a Member under this Contract that is obtained by Provider or its Subcontractors, Provider:

11.1 will not use any such information for any purpose other than carrying out the express terms of this Contract,

11.2 will promptly transmit to CalOptima all requests for disclosure of such information, except requests for Medical Records in accordance with applicable law,

11.3 will not disclose, except as otherwise specifically permitted by this Contract, any such information to any party other than DHCS or CalOptima without CalOptima's prior written authorization specifying that the information is releasable under Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted there under, and

11.4 will, at the termination of this Contract, return all such information to CalOptima or maintain such information according to written procedures sent to the Provider by CalOptima for this purpose.

12. DHCS Directions. If required by DHCS, Provider and its Subcontractors shall cease specified activities, which may include, but are not limited to, referrals, assignment of beneficiaries, and reporting, until further notice from DHCS.

13. Air or Water Pollution Requirements. Any federally funded agreement and/or subcontract in excess of $100,000 must comply with the following provisions unless said agreement is exempt under 40 CFR 15.5. Provider agrees to comply with all applicable standards, orders, or requirements issued under the Clean Air Act (42 USC 7401 et seq.), as amended, and the Federal Water Pollution Control Act (33 USC 1251 et seq.), as amended.

ADDENDUM 2
MEDICARE ADVANTAGE PROGRAM
(ONECARE)

The following additional terms and conditions apply to items and services furnished to Members under the CalOptima Medicare Advantage Program (OneCare):

1. Record Retention. Provider agrees to retain books, records, Member medical, Subcontractor and other records for at least ten (10) years from the final date of the contract between CalOptima and DHCS, or the date of completion of any audit, whichever is later, unless a longer period is required by law.

2. Right of Inspection, Evaluation, Audit of Records. Provider and its Subcontractors agree to maintain and make available contracts, books, documents, and records involving transactions related to the Contract to CalOptima, DMHC, DHHS, the Comptroller General, the U.S. General Accounting Office ("GAO"), any Quality Improvement Organization ("QIO") or accrediting organizations, including NCQA, and other representatives of regulatory or accrediting organizations or their designees to inspect, evaluate, and audit for ten (10) years from the final date of the Contract period or from the date of completion of any audit, whichever is later. For purposes of utilization management, quality improvement and other CalOptima administrative purposes, CalOptima and officials referred to above, shall have access to, and copies of, at reasonable time upon request, the medical records, books, charts, and papers relating to the Provider's provision of health care services to Members, the cost of such services, and payments received by Provider from Members (or from others on their behalf). Medical records shall be provided at no charge to Members or CalOptima.

3. Accountability Acknowledgement. Provider further agrees and acknowledges that CalOptima oversees and is accountable to CMS for functions or responsibilities described in MA regulations; that CalOptima may only delegate activities or functions in a manner consistent with the MA program delegation requirements; and that any services or other activities performed by Provider pursuant to the Contract are consistent and comply with CalOptima's contractual obligations with CMS and adhere to delegation requirements set forth by MA statutes, regulations and/or other guidance. Where delegated responsibilities are identified in this Contract, the following shall apply:

   (a) Delegation by CalOptima. To the extent that responsibilities are delegated to Provider under this Contract, Provider warrants that it meets CalOptima delegation criteria set forth in the Attachment to this Contract and agrees to accept delegated responsibility for those listed activities. Provider agrees to perform the delegated activities in a manner consistent with the delegation criteria. Provider agrees to notify CalOptima of any change in its eligibility under the delegation criteria within twenty-four (24) hours from the date it fails to meet such delegation criteria. Provider acknowledges that delegation to another entity does not alter Provider's ultimate obligations and responsibilities set forth in this Contract. Provider acknowledges and agrees that CalOptima retains final authority and responsibility for activities delegated under this Contract. Activities not expressly delegated herein by CalOptima or for which delegation is terminated are the responsibility of CalOptima.

   (b) Reports on Delegated Activities. Provider agrees to provide CalOptima with periodic reports on delegated activities performed by Provider as provided in the delegation criteria. The report shall be in a form and contain such information as shall be agreed upon between the parties. Provider agrees to take those corrective actions identified by CalOptima through the audit review process.

(c) CalOptima Oversight of Delegation. The delegation of the functions and responsibilities stated herein does not relieve CalOptima of any of its accountability to CMS and obligations to its Members under applicable law. CalOptima is authorized to perform and remains liable for the performance of such obligations, notwithstanding any delegation of some or all of those obligations by Provider, which will be monitored by CalOptima on an ongoing basis. In the event Provider breaches its obligation to perform any delegated duties, CalOptima shall have all remedies set forth in this Contract, including, but not limited to, penalties or termination of the delegation of such functions to Provider as set forth in this Contract. Moreover, CalOptima shall have the right to require Provider to terminate any Subcontracting provider for good cause, including but not limited to breach of its obligations to perform any delegated duties.

4. Reporting Requirements. Provider shall comply with CalOptima's reporting requirements in order that it may meet the requirements set forth in MA laws and regulations for submitting encounter and other data including, without limitation, 42 CFR § 422.516. Provider also agrees to furnish medical records that may be required to obtain any additional information or corroborate the Encounter Data.

ADDENDUM 3

PACE PROGRAM REQUIREMENTS

The terms and requirements of this Addendum 3 shall apply for services provided by Provider to Members who are enrolled in the CalOptima PACE program only.

1. State Approval and Termination.

   1.1 This Addendum to the Contract shall not become effective until approved in writing by the California Department of Health Care Services (DHCS) and Centers for Medicare and Medicaid Services, (CMS), or by operation of law where DHCS and CMS have acknowledged receipt, verbally or in writing, and has failed to approve or disapprove the proposed contract within sixty (60) days of receipt.

   1.2 Amendments to this Contract and amendments to any subcontract agreements between Provider and Subcontractor shall be submitted to DHCS for prior approval at least thirty (30) days before the effective date of any proposed changes governing compensation, services, or term. Proposed changes which are neither approved nor disapproved by DHCS shall become effective by operation of law within thirty (30) days after DHCS has acknowledged receipt, or upon the date specified in the amendment, whichever is later.

   1.3 CalOptima may terminate this Contract as it applies to providing services to CalOptima PACE participants if CalOptima's PACE Agreement or State Medi-Cal contract is terminated for any reason. CalOptima shall notify Provider of any such termination immediately upon its provision of notice of termination of the PACE Agreement or State Medi-Cal contract, or upon receipt of a notice of termination of the PACE Agreement from DHCS/CMS, or the State Medi-Cal Contract from DHCS.

2. Provider's Responsibilities applicable to providing services to CalOptima PACE enrollees. Provider shall be accountable to CalOptima in accordance with the terms of this Contract. For CalOptima PACE enrollees, Provider agrees to do the following:

   2.1 Provider shall make available a location that is accessible to PACE participants within the PACE service area of Orange County, California.

   2.2 Duties Related to Provider's Position. Provider shall perform all the duties related to its position, as specified in this Contract.

   2.3 Services Authorized. Provider shall furnish only those services authorized by the CalOptima PACE Interdisciplinary Team (IDT); PCP referral is deemed as an IDT authorization.

   2.4 Interdisciplinary Team Meeting Participation. If necessary for the benefit of a CalOptima PACE participant's care delivery or planning, Provider shall participate in CalOptima PACE Interdisciplinary Team meetings as required. Such participation may be by telephone, unless in-person attendance at such meetings is reasonably warranted under the circumstances.

   2.5 Payment in Full. Provider shall accept CalOptima's payment as payment in full, and shall not seek any reimbursement for services directly from the CalOptima PACE member, Medi-Cal, Medicare or other insurance carrier or provider. Provider shall not seek any type of copayment from PACE member for Covered Services. CalOptima PACE participants shall not be liable to Provider for any sum owed by CalOptima, and Provider agrees not to maintain any action at law or in equity against CalOptima PACE participants

to collect sums that are owed by CalOptima. Surcharges to CalOptima PACE participants by Provider are prohibited. Whenever CalOptima receives notice of any such surcharge, CalOptima shall take appropriate action, and Contractor shall reimburse the participant as appropriate.

2.6 Hold Harmless. In accordance with the Medi-Cal Contract and the PACE Agreement, Provider will not bill the State of California, CMS or CalOptima PACE participants in the event CalOptima cannot or will not pay for services performed by Provider pursuant to this Contract.

2.7 Reporting. Provider shall provide such information and written reports to CalOptima, DHCS, and DHHS, as may be necessary for compliance by CalOptima with its statutory obligations, and to allow CalOptima to fulfill its contractual obligations to DHCS and CMS.

2.8 Coverage of Non-Network Providers. Provider agrees that should arrangements be made by Provider with another physician/provider who is not under contract with CalOptima to provide Covered Services required under this Contract, such physician/provider shall (a) accept Provider's fees from CalOptima as full payment for services delivered to CalOptima PACE participants, (b) bill services provided through Provider's office, unless Provider has made other billing arrangements with CalOptima, (c) not bill CalOptima PACE participants directly, under any circumstances, and (d) cooperate with and participate in CalOptima's quality assurance and improvement program.

2.9 Participant Bill of Rights. Provider shall cooperate and comply with the CalOptima PACE Participant Bill of Rights. A copy of the CalOptima PACE Participant Bill of Rights is attached. CalOptima may, at its sole discretion, make reasonable changes to this document from time to time, and a copy of the revised document will be sent to Provider.

2.10 The CalOptima PACE program director or his or her designee shall be designated as the liaison to coordinate activities between Provider and PACE.

3. Records Retention. Provider and its Subcontractors shall maintain and retain all records, including Encounter Data, of all items and services provided Members for ten (10) years from the final date of the contract between CalOptima and DHCS, or the date of completion of any audit, which ever is later, unless a longer period is required by law. Records involving matters which are the subject of litigation shall be retained for a period of not less than ten (10) years following the termination of litigation. Provider's and its Subcontractors' books and records shall be maintained within, or be otherwise accessible within the State of California and pursuant to Section 1381(b) of the Health and Safety Code. Such records shall be maintained and retained on Provider's State licensed premises for such period as may be required by applicable laws and regulations related to the particular records. Such records shall be maintained in chronological sequence and in an immediately retrievable form that allows CalOptima, and/or representatives of any regulatory or law enforcement agencies, immediate and direct access and inspection of all such records at the time of any onsite audit or review.

Microfilm copies of the documents contemplated herein may be substituted for the originals with the prior written consent of CalOptima, provided that the microfilming procedures are approved by CalOptima as reliable, and are supported by an effective retrieval system. If CalOptima is concerned about the availability of such records in connection with the continuity of care to a Member, Provider shall, upon request, transfer copies of such records to CalOptima's possession.

This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise.

4. Access to Books and Records. Provider and its Subcontractors agree to make all of its books and records pertaining to the goods and services furnished under, or in any way pertaining to, the terms of Contract and any Subcontract, available for inspection, examination and copying by the Government Agencies, including the DOJ, CDA, Bureau of Medi-Cal Fraud, Comptroller General and any other entity statutorily entitled to have oversight responsibilities of the COHS program, at all reasonable times at the Provider's or Subcontractor's place of business or such other mutually agreeable location in California, in a form maintained in accordance with general standards applicable to such book or record keeping. Provider shall provide access to all security areas and shall provide and require Subcontractors to provide reasonable facilities, cooperation and assistance to State representatives in the performance of their duties.

   Provider and its Subcontractors shall cooperate in the audit process by signing any consent forms or documents required to effectuate the release of any records or documentation Provider may possess in order to verify Provider's records when requested by regulatory or oversight organizations, including, but not limited to; DHCS, DMHC, Department of Justice, Attorney General, Federal Bureau of Investigation and Bureau of Medi-Cal Fraud and/or CalOptima.

   This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise.

5. Downstream Contracts. In the event that Provider is allowed to subcontract for services under this Contract, and does so subcontract, then Provider shall, upon request, provide copies of such subcontracts to CalOptima or DHCS.

6. Assignment and Delegation. This Contract is not assignable, nor are the duties hereunder delegable, by the Provider, either in whole or in part, without the prior written consent of CalOptima and DHCS, provided that consent may be withheld in their sole and absolute discretion. Any assignment or delegation shall be void unless prior written approval is obtained from both DHCS and CalOptima. For purposes of this Section and this Contract, an assignment constitutes any of the following: (i) the change of more than twenty-five percent (25%) of the ownership or equity interest in Provider (whether in a single transaction or in a series of transactions); (ii) the change of more than twenty-five percent (25%) of the directors or trustees of Provider; (iii) the merger, reorganization, or consolidation of Provider with another entity with respect to which Provider is not the surviving entity; and/or (iv) a change in the management of Provider from management by persons appointed, elected or otherwise selected by the governing body of Provider (e.g., the Board of Directors) to a third-party management person, company, group, team or other entity.

7. Third Party Tort Liability/Estate Recovery. Provider shall make no claim for the recovery of the value of Covered Services rendered to a Member when such recovery would result from an action involving tort liability of a third party, recovery from the estate of a deceased Member, Workers' Compensation, or casualty liability insurance awards and uninsured motorist coverage. Provider shall inform CalOptima of potential third party liability claims, and provide information relative to potential third party liability claims, in accordance with CalOptima Policy.

8. Records Related to Recovery for Litigation. Upon request by CalOptima, Provider shall timely gather, preserve and provide to CalOptima, in the form and manner specified by CalOptima, any information specified by CalOptima, subject to any lawful privileges, in Provider's or its Subcontractors' possession, relating to threatened or pending litigation by or against CalOptima or DHCS. If Provider asserts that any requested documents are covered by a privilege, Provider shall: 1) identify such privileged documents with sufficient particularity to reasonably identify the document while retaining the privilege; and 2) state the privilege being claimed that supports withholding production of the document. Such request shall include, but is not limited to, a response to a request for documents submitted by any party in any litigation by or against

CalOptima or DHCS. Provider acknowledges that time may be of the essence in responding to such request. Provider shall use all reasonable efforts to immediately notify CalOptima of any subpoenas, document production requests, or requests for records, received by Provider or its Subcontractors related to this Contract or subcontracts entered into under this Contract.

9. DHCS Policies. Covered Services provided under this Contract shall comply with all applicable requirements of the DHCS Medi-Cal Managed Care Program and the DHCS Long-Term Care Division (LTCD).

10. Changes in Availability or Location of Services. Any substantial change in the availability or location of services to be provided under this Contract requires the prior written approval of DHCS. Provider's or a Subcontractor's proposal to reduce or change the hours, days, or location at which the services are available shall be given to CalOptima at least 75 days prior to the proposed effective date. DHCS' denial of the proposal shall prohibit implementation of the proposed changes.

11. Confidentiality of Medi-Cal Members. Provider and its employees, agents, or Subcontractors shall protect from unauthorized disclosure the names and other identifying information concerning persons either receiving services pursuant to this Contract, or persons whose names or identifying information become available or are disclosed to Provider, its employees, agents, or Subcontractors as a result of services performed under this Contract, except for statistical information not identifying any such person. Provider and its employees, agents, or Subcontractors shall not use such identifying information for any purpose other than carrying out Provider's obligations under this Contract. Provider and its employees, agents, or Subcontractors shall promptly transmit to CalOptima all requests for disclosure of such identifying information not emanating from the Member. Provider shall not disclose, except as otherwise specifically permitted by this Contract or authorized by the Member, any such identifying information to anyone other than DHCS or CalOptima without prior written authorization from CalOptima. For purposes of this provision, identity shall include, but not be limited to, name, identifying number, symbol, or other identifying particular assigned to the individual, such as finger or voice print or a photograph.

11.1 Names of persons receiving public social services are confidential and are to be protected from unauthorized disclosure in accordance with Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted thereunder. For the purpose of this Contract, all information, records, data, and data elements collected and maintained for the operation of the Contract and pertaining to Members shall be protected by Provider from unauthorized disclosure. Provider may release Medical Records in accordance with applicable law pertaining to the release of this type of information. Provider is not required to report requests for Medical Records made in accordance with applicable law. With respect to any identifiable information concerning a Member under this Contract that is obtained by Provider or its Subcontractors, Provider:

11.1.1 will not use any such information for any purpose other than carrying out the express terms of this Contract,

11.1.2 will promptly transmit to CalOptima all requests for disclosure of such information, except requests for Medical Records in accordance with applicable law,

11.1.3 will not disclose, except as otherwise specifically permitted by this Contract, any such information to any party other than DHCS or CalOptima without CalOptima's prior written authorization specifying that the information is releasable under Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted there under, and

11.1.4 will, at the termination of this Contract, return all such information to CalOptima or maintain such information according to written procedures sent to the Provider by CalOptima for this purpose.

12. DHCS Directions. If required by DHCS, Provider and its Subcontractors shall cease specified activities, which may include, but are not limited to, referrals, assignment of beneficiaries, and reporting, until further notice from DHCS.

13. Air or Water Pollution Requirements. Any federally funded agreement and/or subcontract in excess of $100,000 must comply with the following provisions, unless said agreement is exempt under 40 CFR 15.5. Provider agrees to comply with all applicable standards, orders, or requirements issued under the Clean Air Act (42 USC 7401 et seq.), as amended, and the Federal Water Pollution Control Act (33 USC 1251 et seq.), as amended.

14. Provider shall have a right to submit an Appeal through the mechanisms set forth in CalOptima Policies regarding Provider dispute resolution.

ADDENDUM 4
CAL MEDICONNECT PROGRAM REQUIREMENTS

The following additional terms and conditions apply to items and services furnished to Members under the CalOptima Cal MediConnect Program. These terms and conditions are additive to those contained in the main Contract. In the event that these terms and conditions conflict with those in the main Contract, these terms and conditions shall prevail.

1. Provider shall provide services in accordance with applicable DHCS and CMS laws, regulations, instructions, and contractual obligations with CalOptima.

2. Provider shall (1) comply with the confidentiality and laws regarding confidentiality and disclosure of medical records, or other health and enrollment information, (2) ensure that medical information is released only in accordance with applicable Federal or State law, or pursuant to court orders or subpoenas, (3) maintain the records and information in an accurate and timely manner, and (4) ensure timely access by enrollees to the records and information that pertain to them, and (5) comply with all DHCS and CMS confidentiality requirements.

3. Provider shall comply with all CalOptima and DHCS monitoring of performance and any monitoring requests by CalOptima and DHCS.

4. Provider shall also allow CalOptima to use performance data for purposes including, but not limited to, quality improvement activities, monitoring, and, public reporting to consumers as identified in CalOptima policy.

5. Provider shall submit timely and accurate Encounter Data and other data and reports required by CalOptima and CalOptima's Regulators as provided in this Contract and in CalOptima's Policies.

6. Provider shall comply with CalOptima Policies including, without limitation, the requirements set forth herein related to linguistic and cultural sensitivity. Provider shall address the special health needs of Members who are members of specific ethnic and cultural populations, such as, but not limited to, Vietnamese and Hispanic persons. Provider shall, in its policies, administration, and services, practice the values of (i) honoring the Members' beliefs, traditions and customs; (ii) recognizing individual differences within a culture; (iii) creating an open, supportive and responsive organization in which differences are valued, respected and managed; and (iv) through cultural diversity training, fostering in staff and Subcontractors attitudes and interpersonal communication styles that respect Members' cultural backgrounds. Provider shall provide translation of written materials in the Threshold Languages and Concentration Languages identified by CalOptima at no higher than the sixth (6^{th}) grade reading level.

7. CMS Participation Requirements. Provider represents and warrants that: (i) neither Provider nor any of its employees or agents furnishing services under this Contract are excluded from participating in any federal or state healthcare program as defined in 42 U.S.C. Section 1320a-7b(f) ("Federal Health Care Program(s)"); (ii) Provider has not arranged or contracted with (by employment or otherwise) with any employee, contractor or agent that Provider knows or should know are excluded from participation in Federal Health Care Programs; (iii) no action is pending against Provider or any of its employees or agents performing services under this Contract to suspend or exclude such persons or entities from participation in any Federal Health Care Program; and (iv) Provider agrees to immediately notify CalOptima in the event that it learns that it is or has employed or contacted with a person or entity that is excluded from participation in any Federal Health Care Program. In the event Provider fails to comply with the above, CalOptima reserves the right to require Provider to pay immediately to CalOptima, the amount of any sanctions or other penalties that may be imposed on CalOptima by DHCS and/or CMS for violation of this prohibition, and shall be responsible for any resulting overpayments.

8. Downstream Entity Contracts. If any services under this Contract are to be provided by a Downstream Entity Contracts subcontracted by Provider, Provider shall ensure that such subcontracts are in compliance with 42 CFR Sections 422.504, 423.505 and 438.6(1). Such subcontracts shall include all language required by DHCS and CMS as provided in this Contract.

9 Air or Water Pollution Requirements. Any federally funded agreement and/or subcontract in excess of $100,000 must comply with the following provisions unless said agreement is exempt under 40 CFR 15.5. Provider agrees to comply with all applicable standards, orders, or requirements issued under the Clean Air Act (42 USC 7401 et seq.), as amended, and the Federal Water Pollution Control Act (33 USC 1251 et seq.), as amended.

ADDENDUM 5
MULTIPURPOSE SENIOR SERVICES PROGRAM (MSSP)

The terms and requirements of this Addendum 5 shall apply for services provided by Provider to Members who are enrolled in the CalOptima Multipurpose Senior Services Program.

1. MSSP Site Manual. is the Multipurpose Senior Services Program (MSSP) Site Manual, dated July 1, 1992, produced by the CDA, and all subsequent amendments and revisions. Provider shall abide by the MSSP Site Manual, training manuals, and other guidance issued by the CDA Medi-Cal Services Branch, including any subsequent changes to State and Federal Law.

2. Vendor Application Form. Provider shall complete a CDA-approved Vendor Application Form. Provider shall submit to CalOptima any changes to the information contained in the Vendor Application Form within 15 days of any change.

3. Training/Education. Provider agrees to provide ongoing education and training, at least annually, for all employees and Subcontractors who handle personal, sensitive or confidential information. Provider employees and Subcontractors will complete the Security Awareness Training module located on the Department of Aging's website, www.aging.ca.gov, within 30 days of the start date of this Contract, or within 30 days of the start date of any new employee or Subcontractor. Provider may substitute its own Security Training program for CDA's Security Awareness Training program, provided such training meets or exceeds CDA's training requirement. Provider shall maintain documentation of training and education provided to their staff and/or Subcontractors. All employees, volunteers and Subcontractors who handle personal, sensitive or confidential information relating to CDA's programs must participate in Security Awareness Training.

4. Provider Confidentiality Statement. The Provider shall sign and return a Contractor/Vendor Confidentiality Statement (CDA 1024 Form) with this Contract. This is to ensure that Contractor/Vendors are aware of, and agree to comply with, their obligations to protect CDA information assets from unauthorized access and disclosure.

5. Travel Reimbursement Limits. In the event that this Contract provides for the reimbursement of authorized travel, any reimbursement for such authorized travel shall be at a rate not to exceed those amounts paid by the State in accordance with the Department of Personnel Administration's rules and regulations, which may be found at http://www.dpa.ca.gov/textdocs/freepmls/PML2008019.pdf (generally), http://www.dpa.ca.gov/personnel-policies/travel/meals-and-incidentals.htm (per diem), and http://www.dpa.ca.gov/personnel-policies/travel/short-term-travel.htm (lodging). This is not to be construed as limiting Provider from paying any differences in costs, from funds not derived from MSSP, between the Department of Personnel Administration rates and any rates Provider is obligated to pay under other contractual agreements. No travel outside of the State of California shall be reimbursed, unless prior written authorization from the State is obtained (CCR, Title 2, Section 599.615 et seq.).

6. The Provider shall maintain complete records (which shall include, but not be limited to, accounting records, contracts, agreements, letters of agreement, insurance documentation in accordance with Article XII., Memoranda and/or Letters of Understanding, and patient records) of its activities and expenditures hereunder in a form satisfactory to CDA, and shall make all records pertaining to this Contract available for inspection and audit by CalOptima and the State, or either's duly authorized agents, at any time during normal business hours. All such records must be maintained and made available by the Provider; (a) until an audit has occurred and an audit resolution has been issued, or unless otherwise authorized in writing by CDA or DHCS' Audit Branch, (b) for such longer period, if any, as is required by applicable statue, by any other clause of this Contract, or (c) for such longer period as CDA deems necessary.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Report Item
30. Consider Approval of Modifications to CalOptima Policy HH.2003: Health Network and Delegated Entity Reporting

Contacts
Ladan Khamseh, Chief Operating Officer (714) 246-8866
Michelle Laughlin, Executive Director Network Operations (657) 900-1116

Recommended Action
Approve modifications to CalOptima Policy HH.2003: Health Network and Delegated Entity Reporting [Medi-Cal, OneCare, OneCare Connect]

Background
CalOptima is obligated to comply with Department of Health Care Services (DHCS) Medi-Cal contractual provisions and All Plan Letter guidance addressing federal Medicaid regulatory requirements for the submission of data and reports. CalOptima is also obligated to comply with the Centers for Medicare & Medicaid Services (CMS) contractual provisions and regulatory guidance addressing Medicare requirements for the submission of data and reports. CalOptima Policy HH.2003: *Health Network and Delegated Entity Reporting* has been in place since 1998 to provide guidance to staff, Health Networks, and Delegated Entities regarding Medi-Cal, Medicare and CalOptima's reporting requirements. The policy is used by staff responsible for conducting monitoring of Health Network and Delegated Entity reporting. The policy provides guidelines for conducting outreach, monitoring, and escalating non-compliance with reporting requirements.

This Policy impacts CalOptima's Medi-Cal, OneCare, and OneCare Connect programs. Policy HH.2003 requires that each Health Network or other delegated entity submit noted reports to CalOptima, as specified in its contract with CalOptima and the Policy's Attachment A: Timely and Appropriate Submission Grid – Master ("Attachment A") and Attachment B: Timely and Appropriate Submission Grid – Supplemental Attachment ("Attachment B"). The Policy undergoes routine review and is updated as necessary to ensure that the Policy and its attachments reflect the latest applicable reporting requirements. This policy was last reviewed by the Board of Directors in December 2020.

Discussion
Following the most recent review cycle, staff identified modifications needed to provide additional clarity and consistency in the Policy's overall language and to reflect changes in operational procedures. Current revisions include:
1) Non-substantive formatting and syntactical updates;
2) Revised Health Network applicability indicators to specify whether the report applies to all Health Networks, Kaiser, and/or Vision Service Plan (VSP);
3) Updated report naming conventions to reflect the change in oversight responsibility from CalOptima's Audit & Oversight Department to other internal departments; and
4) Added reports related to delegated activities.

Back to Agenda

Staff recommends that the Board approve the following modifications to Policy HH.2003: Health Network and Delegated Entity Reporting in order to provide additional clarity and consistency regarding reporting requirements for CalOptima's Health Networks and other Delegated Entities. The changes will further support Health Networks and other Delegated Entities in identifying and submitting applicable reports, thereby ensuring compliance with CalOptima requirements.

Below is a list of substantive changes to the policy, which are reflected in the attached redline. The list does not include non-substantive changes that may also be reflected in the redline (i.e., formatting, spelling, punctuation, capitalization, minor clarifying language and/or grammatical changes).

Policy Section	Proposed Change	Rationale	Impact
V. References, Page 4	Removing the "Standard Reporting Requirements Matrix" reference from the policy.	To remove redundant policy references.	No impact to CalOptima or Health Networks, as this is an existing process.

Updating the Report Requirement Indicator for the following reports to include Kaiser. • Customer Service Call Log Universe	To comply with monitoring requirements outlined in NCQA MED12D.	Kaiser to implement the new reports according to the specified reporting requirements, report template, and submission guidelines. CalOptima to ensure Health Networks have all applicable requirements and assist with implementation efforts.
Attachment A, Page6. Attachment B, Page 29-30.	Updating the Report Name and the Report Indicator for the following reports to remove VSP from this reporting requirement. • Quality Improvement (QI) Evaluation (Previous Year) – Kaiser • QI Program – Kaiser • QI Work Plan – Kaiser • QI Work Plan Current Year (Initial) - Kaiser • Report of Findings and Actions Taken as a Result of QI Activities - Kaiser	To provide clarity, as VSP is not delegated for Quality Improvement (QI) and is not required to submit such reports. The Delegation Agreement will be updated to reflect the fact that VSP is not delegated for QI.	VSP to stop submitting such QI reports.

Back to Agenda

Fiscal Impact
The recommended action to approve revisions to CalOptima Policy HH.2003 is operational in nature and has no additional fiscal impact beyond what was incorporated in the CalOptima Fiscal Year (FY) 2020-21 Operating Budget approved by the Board on June 4, 2020, and in the proposed FY 2021-22 Operating Budget pending Board approval.

Rationale for Recommendation
Updates to Policy HH.2003: Health Network and Delegated Entity Reporting will ensure verbiage is consistent throughout the Policy and reflects the applicability of CalOptima reporting requirements for all Health Networks and other Delegated Entities.

Concurrence
Gary Crockett, Chief Counsel

Department:	Network Operations
Section:	Health Network Relations
CEO Approval:	
Effective Date:	10/01/1998
Revised Date:	TBD
Applicable to:	☒ Medi-Cal ☒ OneCare ☒ OneCare Connect ☐ PACE ☐ Administrative

I. PURPOSE

This policy outlines the process for submission and evaluation of reports that a Health Network or Delegated Entity is required to submit to CalOptima.

II. POLICY

A. Each Health Network or Delegated Entity shall be responsible for submission of reports to CalOptima, as required by CalOptima or as specified in its contract, the Report Binder (including but not limited to, the Report Grid and the Report Grid Supplement), or CalOptima's policies and procedures.

B. The Report Grid and Report Grid Supplement are distributed to Health Networks and Delegated Entities in the Report Binder.

C. The Report Binder shall contain the following:

1. Report Grid;
2. Report Grid Supplement;
3. Report Templates; and
4. Letter Templates.

D. Each responsible CalOptima department shall be accountable for:

1. Identifying required reports;
    a. Reports must list all applicable regulatory, contractual, and policy citations and include all required data elements.
2. Creating and maintaining the Table of Authorities for each report;
3. Creating templates and all applicable reporting formats, instructions, and technical guidelines;

4. Monitoring submission and timeliness of reports;

5. Notifying Health Networks and Delegated Entities of missing, incorrect, or late reports;

6. Notifying Health Network Relations of unsuccessful follow-up attempts; and

7. Escalating issues of continued noncompliance to the Office of Compliance.

E. CalOptima's Health Network Relations Department shall be responsible for:

1. Maintaining and updating the Report Binder, in consultation with CalOptima departments and the Office of Compliance;

2. Distributing the Report Binder to Health Networks and Delegated Entities quarterly, or more frequently if needed; and

3. Contacting Health Networks and Delegated Entities if a CalOptima department is not successful with its follow-up attempts.

F. The Office of Compliance shall be responsible for taking appropriate corrective actions in response to reported issues of noncompliance, in accordance with CalOptima Policies HH.2005Δ: Corrective Action Plan and HH.2002Δ: Sanctions.

III. PROCEDURE

A. Identification of Reporting Requirements

1. Each responsible CalOptima department shall, on an ongoing basis:

a. Monitor regulatory, statutory, and/or contract requirements to determine impact on Health Network or Delegated Entity reporting requirements; and

b. With the assistance of the Office of Compliance, review the Report Binder to:

i. Update or correct existing reports;

ii. Identify new reports and associated regulatory, contractual, and policy citations to support new reports;

iii. Update or create Report Grid requirements, Report Templates, Table of Authorities, data dictionary, data elements, and/or instructions; and

iv. Notify the Health Network Relations Department of changes to the Report Binder.

B. Distribution of Report Binder

1. The Health Network Relations Department shall, quarterly, and as necessary:
a. Distribute the Report Binder to departments to review Health Network or Delegated Entity reporting requirements;

i. CalOptima departments shall have ten (10) business days to review the Report Binder and submit changes or updates to the Health Network Relations Department.

b. Collect updates to Report Grid requirements, Report Templates, data dictionaries, Tables of Authorities, Report Grid Supplement, and instructions to compile into the Report Binder, as submitted by departments;

c. Review department updates for completeness and eliminate duplicate or overlapping reports, with consultation from the responsible CalOptima department; and

d. Distribute the Report Binder to Health Networks and Delegated Entities on the first (1st) business day of each calendar quarter.

i. CalOptima's Health Network Relations Department shall provide Health Networks and Delegated Entities with an attestation to complete upon distribution of the updated Report Binder.

ii. Health Networks and Delegated Entities shall submit the signed attestation to the CalOptima Health Network Relations Department within five (5) business days, acknowledging receipt of the updated Report Binder.

C. Reporting Procedures

1. A Health Network or Delegated Entity shall submit reports in the time, manner, and file format specified by CalOptima or identified in its contract, the Report Binder (including, but not limited to, the Report Grid and the Report Grid Supplement), or CalOptima's policies and procedures.

2. If a Health Network or Delegated Entity report contains Protected Health Information (PHI), the Health Network or Delegated Entity shall submit the report to CalOptima via:

a. CalOptima's secure FTP site; or

b. Secure electronic mail, as specified by the specific report instructions.

3. Each responsible department shall:

a. Monitor or audit, as applicable, a Health Network or Delegated Entity's submission of required reports and compliance with requirements of the Health Network contract, the Report Binder and CalOptima's policies and procedures;

b. Make two (2) documented attempts to contact the Health Network or Delegated Entity to address missing, incorrect, or late submission;

c. Notify Health Network Relations Department if a Health Network or Delegated Entity does not respond after two (2) follow-up attempts; and

d. Report continued noncompliance to the Office of Compliance.

4. The Health Network Relations Department, upon receipt of notification from the responsible department of unsuccessful attempts to contact the Health Network or Delegated Entity, shall:

a. Contact the Health Network or Delegated Entity to obtain the missing report(s) and, if necessary, escalate the issue to the Health Network's senior management; and

b. Work with the department and Health Network or Delegated Entity to correct any content, formatting, or submission issues, if applicable.

5. The Office of Compliance, upon receipt of notification from the responsible department of a Health Network or Delegated Entity's continued noncompliance, shall take appropriate action in accordance with CalOptima Policies HH.2005Δ: Corrective Action Plan and HH.2002Δ: Sanctions.

IX. GLOSSARY

Term	Definition
Corrective Action Plan (CAP)	A plan delineating specific identifiable activities or undertakings that address and are designed to correct program deficiencies or problems identified by formal audits or monitoring activities by CalOptima, the Centers of Medicare & Medicaid Services (CMS), Department of Health Care Services (DHCS), or designated representatives. FDRs and/or CalOptima departments may be required to complete CAPs to ensure compliance with statutory, regulatory, or contractual obligations and any other requirements identified by CalOptima and its regulators.
Delegated Entity	For purposes of this policy, a delegated entity is contracted with CalOptima to provide dental, fitness/gym, behavioral health, or vision benefits to eligible CalOptima Members.
Health Network	For purposes of this policy, a Physician-Hospital Consortia (PHC), Physician Medical Group (PMG), or a Shared Risk Group (SRG) under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Letter Templates	For the purposes of this policy, regulatory letter templates issued by regulatory agencies to be used by Health Networks and Delegated Entities for member communications, as required by applicable contractual, policy, and regulatory requirements.
Report Template	A blank form of each report also including instructions and file layout and/or data dictionary.
Sanction	Action taken by CalOptima including, but not limited to, restrictions, limitations, monetary fines, termination, or a combination thereof, based on a delegate's, subcontractor's, or any Capitated Network partner's failure to comply with statutory, regulatory, contractual, CalOptima policy, or other requirements related to the CalOptima programs.
Table of Authorities	For the purposes of this policy, a document that outlines all applicable regulatory, contractual, and policy citations that support the required reports outlined in the Report Grid.
Timely and Appropriate Submission Binder ("Report Binder")	A soft copy document that identifies all reports required of Health Networks to meet CalOptima's operational and regulatory compliance; contains the Report Grid and Report Templates, as well as a data certification statement.
Timely and Appropriate Submission Grid ("Report Grid")	A matrix of reports required by CalOptima, including report names, descriptions, responsible department, naming conventions, frequencies, submission methods and file formats, as set forth in Attachment A of this Policy.
Timely and Appropriate Submission Grid - Supplemental Attachment ("Report Grid Supplement")	A supplemental document to the Report Grid that includes detailed report descriptions, data elements and citations for all required reports, as set forth in Attachment B of this Policy.

Policy:	HH.2003
Title:	**Health Network and Delegated Entity Reporting**
Department:	Network Operations
Section:	Health Network Relations
CEO Approval:	
Effective Date:	10/01/1998
Revised Date:	TBD
Applicable to:	☒ Medi-Cal ☒ OneCare ☒ OneCare Connect ☐ PACE ☐ Administrative

I. PURPOSE

This policy outlines the process for submission and evaluation of reports that a Health Network or Delegated Entity is required to submit to CalOptima.

II. POLICY

A. Each Health Network or Delegated Entity shall be responsible for submission of reports to CalOptima, as required by CalOptima or as specified in its contract, the Report Binder (including but not limited to, the Report Grid and the Report Grid Supplement), or CalOptima's policies and procedures.

B. The Report Grid and Report Grid Supplement are distributed to Health Networks and Delegated Entities in the Report Binder.

C. The Report Binder shall contain the following:

1. Report Grid;
2. Report Grid Supplement;
3. Report Templates; and
4. Letter Templates.

D. Each responsible CalOptima department shall be accountable for:

1. Identifying required reports;
    a. Reports must list all applicable regulatory, contractual, and policy citations and include all required data elements.
2. Creating and maintaining the Table of Authorities for each report;
3. Creating templates and all applicable reporting formats, instructions, and technical guidelines;

4. Monitoring submission and timeliness of reports;

5. Notifying Health Networks and Delegated Entities of missing, incorrect, or late reports;

6. Notifying Health Network Relations of unsuccessful follow-up attempts; and

7. Escalating issues of continued noncompliance to the Office of Compliance.

E. CalOptima's Health Network Relations Department shall be responsible for:

1. Maintaining and updating the Report Binder, in consultation with CalOptima departments and the Office of Compliance;

2. Distributing the Report Binder to Health Networks and Delegated Entities quarterly, or more frequently if needed; and

3. Contacting Health Networks and Delegated Entities if a CalOptima department is not successful with its follow-up attempts.

F. The Office of Compliance shall be responsible for taking appropriate corrective actions in response to reported issues of noncompliance, in accordance with CalOptima Policies HH.2005Δ: Corrective Action Plan and HH.2002Δ: Sanctions.

III. PROCEDURE

A. Identification of Reporting Requirements

1. Each responsible CalOptima department shall, on an ongoing basis:

a. Monitor regulatory, statutory, and/or contract requirements to determine impact on Health Network or Delegated Entity reporting requirements; and

b. With the assistance of the Office of Compliance, review the Report Binder to:

i. Update or correct existing reports;

ii. Identify new reports and associated regulatory, contractual, and policy citations to support new reports;

iii. Update or create Report Grid requirements, Report Templates, Table of Authorities, data dictionary, data elements, and/or instructions; and

iv. Notify the Health Network Relations Department of changes to the Report Binder.

B. Distribution of Report Binder

1. The Health Network Relations Department shall, quarterly, and as necessary:
a. Distribute the Report Binder to departments to review Health Network or Delegated Entity reporting requirements;

i. CalOptima departments shall have ten (10) business days to review the Report Binder and submit changes or updates to the Health Network Relations Department.

b. Collect updates to Report Grid requirements, Report Templates, data dictionaries, Tables of Authorities, Report Grid Supplement, and instructions to compile into the Report Binder, as submitted by departments;

c. Review department updates for completeness and eliminate duplicate or overlapping reports, with consultation from the responsible CalOptima department; and

d. Distribute the Report Binder to Health Networks and Delegated Entities on the first (1st) business day of each calendar quarter.

i. CalOptima's Health Network Relations Department shall provide Health Networks and Delegated Entities with an attestation to complete upon distribution of the updated Report Binder.

ii. Health Networks and Delegated Entities shall submit the signed attestation to the CalOptima Health Network Relations Department within five (5) business days, acknowledging receipt of the updated Report Binder.

C. Reporting Procedures

1. A Health Network or Delegated Entity shall submit reports in the time, manner, and file format specified by CalOptima or identified in its contract, the Report Binder (including, but not limited to, the Report Grid and the Report Grid Supplement), or CalOptima's policies and procedures.

2. If a Health Network or Delegated Entity report contains Protected Health Information (PHI), the Health Network or Delegated Entity shall submit the report to CalOptima via:

a. CalOptima's secure FTP site; or

b. Secure electronic mail, as specified by the specific report instructions.

3. Each responsible department shall:

a. Monitor or audit, as applicable, a Health Network or Delegated Entity's submission of required reports and compliance with requirements of the Health Network contract, the Report Binder and CalOptima's policies and procedures;

b. Make two (2) documented attempts to contact the Health Network or Delegated Entity to address missing, incorrect, or late submission;

c. Notify Health Network Relations Department if a Health Network or Delegated Entity does not respond after two (2) follow-up attempts; and

d. Report continued noncompliance to the Office of Compliance.

4. The Health Network Relations Department, upon receipt of notification from the responsible department of unsuccessful attempts to contact the Health Network or Delegated Entity, shall:

a. Contact the Health Network or Delegated Entity to obtain the missing report(s) and, if necessary, escalate the issue to the Health Network's senior management; and

b. Work with the department and Health Network or Delegated Entity to correct any content, formatting, or submission issues, if applicable.

5. The Office of Compliance, upon receipt of notification from the responsible department of a Health Network or Delegated Entity's continued noncompliance, shall take appropriate action in accordance with CalOptima Policies HH.2005Δ: Corrective Action Plan and HH.2002Δ: Sanctions.

REPORT NAME	DESCRIPTION/REQUIREMENT	CITATION	REPORT FREQUENCY	LINE OF BUSINESS			REPORT REQUIREMENT INDICATOR		
				Medi-Cal	OneCare	OneCare Connect	Health Networks (Except Kaiser)	Kaiser	VSP
Annual Audit	Health Networks shall participate in an annual audit conducted by CalOptima's Audit & Oversight Department by desk review and onsite. The purpose of the annual audit is to ensure that delegated functions are being performed satisfactorily for CalOptima's Medi-Cal, OneCare, and OneCare Connect lines of business, if applicable. The Health Network will be evaluated based upon CalOptima policy and procedures, current NCQA accreditation standards, DMHC, CMS and DHCS regulatory and contractual requirements. The deliverables may include road mapped audit tools for the areas reviewed, supporting policies, and procedures, evidence of staff training, committee minutes, attestations, desktop procedures, and other documentation identified throughout the course of the audit for the following areas, as applicable: • Access & Availability • Care Delivery Model • Claims • Compliance • Credentialing • Cultural & Linguistics • Customer Service • Encounters • Information Systems • Mailroom Process • Marketing • Medi-Cal Addendum • Member Grievances & Appeals • Network Management • Provider Network Contracting • Provider Relations • Quality Improvement • Sub-Contractual • Translation Services • Utilization Management • Whole Child Model	CalOptima Policy GG.1619: Delegation Oversight Cal MediConnect 3-Way Contract, Section 2.2.4 DHCS Medi-Cal Contract, Exhibit A, Attachment 6, Provision 13 Medicare Managed Care Manual, Chapter 11, Section 110.2 APL 17-004: Sub-Contractual Relationships and Delegation	Annually: per process	X	X	X	X	X	X
Claims XML Universe	Health Networks shall submit a complete Claims XML universe for monthly review. CalOptima will select a subset of the universe and notify the Health Network of the case files required. XML version 2.0. The report includes the following: • Claim version (the version number of the xml specification), as of date (the date the xml specification was released), entry ID (incremental numeric count used as a unique identifier in CalOptima's file loading process) • CalOptima Line of Business (LOB) • Claim number, form type, bill type in UB04, admission code, place of service name and code • Authorization number • Was claim adjusted and clean • Whole Child Model (WCM) principal procedure code, principal procedure code date, other procedure code dates, type of services, patient discharge status, condition codes, diagnostic related grouping (DRG) – (UB04 forms), Division of Financial Responsibility (DOFR), expense type	APL 17-004: Sub-Contractual Relationships and Delegation CalOptima Policy GG.1619: Delegation Oversight CalOptima Policy HH.2015: Health Network Claims Processing Cal MediConnect 3-Way Contract, Sections: 2.2.4 5.1.9 5.1.9.2 5.1.10	Monthly: 2nd of every month	X	X	X	X	X	X

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Report Item
31. Consider Authorizing Extension and Amendments of the Fee-For-Service Hospital Contracts for Medi-Cal, OneCare, OneCare Connect and Program of All-Inclusive Care for the Elderly

Contacts
Ladan Khamseh, Chief Operating Officer (714) 246-8866
Michelle Laughlin, Executive Director, Network Operations (657) 900-1116

Recommended Actions
Authorize the Chief Executive Officer (CEO) to extend the terms of existing CalOptima Fee-for-Service (FFS), hospital contracts through June 30, 2022, and, with the assistance of Legal Counsel, to enter into amendments of those contracts to:

1. Standardize reimbursement rates for Medicare-based programs OneCare (OC), OneCare Connect (OCC), and Program of All-Inclusive Care for the Elderly (PACE);
2. Reflect updated Medi-Cal reimbursement for contracted FFS hospitals' All Patients Refined-Diagnosis Related Groups (APR-DRG) and blended per diem-based schedule, as applicable;
3. Reflect updated Medi-Cal reimbursement rates for contracted FFS hospital outpatient services, other than hospital-administered drugs; and
4. Reflect updated Medi-Cal reimbursement for outpatient hospital-administered drugs.

Background/Discussion
CalOptima currently contracts on a fee-for-service basis with hospitals to provide services to Medi-Cal, OneCare, OneCare Connect Members assigned to CalOptima Direct and Shared Risk groups, as well as PACE members. These hospital contracts extend on an annual basis, contingent upon approval from the CalOptima Board of Directors.

Current contracts with all FFS hospitals expire on June 30, 2021. Staff seeks to extend all existing FFS hospital contracts until June 30, 2022 and amend per the terms below. The proposed amendments include:

- In an effort to standardize rates, language will be added to reflect reimbursement rates for Medicare-based programs OC, OCC and PACE contracts at 100% of the Medicare Allowable pricing for all contracted FFS hospitals.

- Medi-Cal reimbursement rates for contracted acute care hospitals will be increased from 108% to 112% of APR-DRG for Inpatient Classic members and an equivalent increase will be applied to contracted FFS hospitals that remain with a per diem fee schedule. This does not apply to long-term acute care facilities. The increase aligns with CalOptima's focus on adjusting certain service categories, as needed, to ensure member access to quality care and network adequacy post COVID-19 pandemic.

Back to Agenda

- Medi-Cal reimbursement rates for contracted hospital outpatient services, other than hospital-administered drugs will be increased from 133% to 140% of the Medi-Cal Fee Schedule. This increase aligns with CalOptima's focus on adjusting certain service categories, as needed, to ensure member access to quality care and network adequacy post COVID-19 pandemic.

- Medi-Cal reimbursement rates for outpatient hospital administered drugs will be decreased from 133% to 100% of the Medi-Cal Fee Schedule. This change aligns with the Department of Health Care Services efficiency standards that will be applied for pharmacy in the upcoming year.

To ensure continuity of access to care and support the stability of CalOptima's contracted FFS hospital network for all Medi-Cal, OC, OCC and PACE members, staff requests approval of all proposed amendments for all contracted FFS hospitals and extension of contracts through June 30, 2022.

Fiscal Impact
Management has included costs associated with CalOptima FFS hospital contracts in the proposed CalOptima Fiscal Year (FY) 2021-22 Operating Budget pending Board approval. The annual fiscal impact of the proposed rate changes are as follows:

Medi-Cal program

- 3.75% increase to inpatient hospital rates are projected to increase hospital claims expenses by $4.1 million per year;
- 5.2% increase to outpatient hospital non-drug rate from 133% to 140% of the Medi-Cal fee schedule is projected to increase hospital claims expense by $2.9 million per year; and
- 24.8% reduction to outpatient hospital administered drugs is projected to decrease hospital claims expense by $4.0 million per year.

OneCare Connect, OneCare, PACE programs: 1.35% increase to inpatient hospital rates are projected to increase hospital claims expenses by $492,000 per year.

Rationale for Recommendation
CalOptima staff recommends this action to support the stability of CalOptima's contracted FFS hospital network, maintain and continue the contractual relationship with the hospital network and to fulfill regulatory requirements.

Concurrence
Gary Crockett, Chief Counsel

AMENDMENT I TO
HOSPITAL SERVICES CONTRACT

THIS AMENDMENT I TO THE HOSPITAL SERVICES CONTRACT ("Amendment I") is effective as of July 1, 2021, by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and _____("Hospital"), with respect to the following facts:

RECITALS

A. CalOptima and Hospital have entered into a Hospital Services Contract ("Contract"), by which Hospital has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and Hospital desire to amend this Contract to revise compensation and CalOptima programs, including Medicare Advantage (OneCare) which is being added to this Contract and will supersede any and all prior contracts for OneCare.

NOW, THEREFORE, the parties agree as follows:

1. Attachment A, "Hospital Services", shall be deleted in its entirety and replaced with the attached Attachment A – Amendment I, "Hospital Services".

2. Attachment B, "Compensation", shall be deleted in its entirety and replaced with the attached Attachment B – Amendment I, "Compensation".

3. Attachment B-1, "Medi-Cal Compensation Rates for Adult Expansion Members", shall be deleted in its entirety and replaced with the attached Attachment B-1 – Amendment I, "Medi-Cal Compensation Rates for Adult Expansion Members".

4. CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and Hospital have executed this Amendment.

ATTACHMENT A – AMENDMENT I

HOSPITAL SERVICES

ARTICLE 1
CALOPTIMA PROGRAMS

1.1 CalOptima Programs. Hospital shall furnish covered services to eligible members in the following CalOptima Programs:

___X__	Medi-Cal Program
___X__	OneCare Program
___X__	Cal MediConnect Program/OneCare Connect
___X___	PACE Program

ARTICLE 2
HOSPITAL SERVICES

2.1. Hospital is responsible for providing all covered Hospital Services, as authorized by CalOptima or designee, provided that such services are available at Hospital, within Hospital's capacity and capability to provide, and Medically Necessary, including but not limited to:

1. Inpatient hospitalization for medical or surgical treatment in a ward or semi-private accommodation, unless a private room is Medically Necessary;
2. Hospitalization in an intensive care unit or special care unit;
3. Pediatric services;
4. Maternity services;
5. Psychiatric and substance abuse services;
6. Newborn nursery, all levels;
7. Ancillary services and supplies, including laboratory and radiology services;
8. Administration of outpatient prescription drugs (take home medications) in instances where continuation of hospital-based treatment shall not be interrupted: three (3) day supply minimum;
9. Emergency Department Services (as provided in Section 2.3 of this Contract, Emergency Services do not require prior authorization);
10. Outpatient services at Hospital's surgicenter or similar freestanding facility, or in Hospital's outpatient department(s); and
11. Administration of blood, blood plasma, or its derivatives, including cost of blood, blood plasma, or its derivatives.

ATTACHMENT B – AMENDMENT I

COMPENSATION

For Covered Services provided to CalOptima Medi-Cal Members under this Contract, CalOptima shall reimburse Hospital, and Hospital shall accept as payment in full from CalOptima the lesser of billed charges or the following amounts:

I. Medi-Cal
(For Medi-Cal Expansion Members please see Attachment B-1)

Inpatient Services

All inpatient facility services shall be paid at XX% of Hospital's then-current California Medi-Cal program APR-DRG rate. Inpatient services include emergency department services when a member is admitted within twenty-four (24) hours of an emergency department visit. Inpatient rates are all inclusive. CalOptima Policy FF.1005c: Special Payments: High Cost Exclusion Items shall not apply to any inpatient services under this Contract.

Inpatient admissions to the hospital prior to the effective date of any rate amendment and where the Member is still inpatient on the date of this amendment, shall be paid at the rates in place at the time of admission for the entire length of the stay.

Acute administrative days shall be paid at 100% of the Medi-Cal reimbursement and per CalOptima's policy regarding the criteria for authorizing acute administrative days.
Billing and reimbursement will be in accordance with Medi-Cal payment guidelines.

Outpatient Services

- Outpatient services (excluding drugs) shall be reimbursed at XX% of Medi-Cal reimbursement rates.
- Outpatient administered drugs shall be reimbursed at XX% of Medi-Cal reimbursement rates.
- Outpatient services not contained in the Medi-Cal fee schedule at the time of services are not reimbursable.

Billing and reimbursement will be in accordance with Medi-Cal payment guidelines.

II. Medicare Advantage (OneCare)

I.	INPATIENT ACUTE CARE	XX% of Medicare Allowable Rates
II.	OUTPATIENT CARE	XX% of Medicare Allowable Rates

==========

Footnotes:

1. For Medicare Part A or Part B services provided to CalOptima Medicare Advantage Enrollee Patients, Hospital's compensation shall equal the applicable rate shown on this Attachment B.

2. Billing and reimbursement will be in accordance with Medicare payment guidelines.

3. All physician fees are excluded.

4. In the event of a contracted rate change, the rate in place at the time of admission is the rate that shall be paid.

III. Cal MediConnect (OneCare Connect)

I.	INPATIENT ACUTE CARE	XX% of Medicare Allowable Rates
II.	OUTPATIENT CARE	XX% of Medicare Allowable Rates

==========

Footnotes:

1. For Medicare Part A or Part B services provided to CalOptima Medicare Advantage Enrollee Patients, Hospital's compensation shall equal the applicable rate shown on this Attachment B.

2. Billing and reimbursement will be in accordance with Medicare payment guidelines.

3. All physician fees are excluded.

4. In the event of a contracted rate change, the rate in place at the time of admission is the rate that shall be paid.

IV. PACE

I.	INPATIENT ACUTE CARE	XX% of Medicare Allowable Rates
II.	OUTPATIENT CARE	XX% of Medicare Allowable Rates

==========

Footnotes:

1. For Medicare Part A or Part B services provided to CalOptima Medicare Advantage Enrollee Patients, Hospital's compensation shall equal the applicable rate shown on this Attachment B.

2. Billing and reimbursement will be in accordance with Medicare payment guidelines.

3. All physician fees are excluded.

4. In the event of a contracted rate change, the rate in place at the time of admission is the rate that shall be paid.

ATTACHMENT B-1

MEDI-CAL COMPENSATION RATES FOR ADULT EXPANSION MEMBERS

Compensation rates for Adult Expansion Members may be different than those included herein as determined by DHCS. Should DHCS make a change in future payments to CalOptima, CalOptima will amend the Contract to adjust payments made to the Hospital.

For Covered Services provided to CalOptima Medi-Cal Adult Expansion Members under this Contract, CalOptima shall reimburse Hospital, and Hospital shall accept as payment in full from CalOptima the lesser of billed charges or the following amounts:

I. Medi-Cal

Inpatient Services

All inpatient facility services shall be paid at XX% of Hospital's then-current California Medi-Cal program APR-DRG rate. Inpatient services include emergency department services when a member is admitted within twenty-four (24) hours of an emergency department visit. Inpatient rates are all inclusive. CalOptima Policy FF.1005c: Special Payments: High Cost Exclusion Items shall not apply to any inpatient services under this Contract.

Inpatient admissions to the hospital prior to the effective date of any rate amendment and where the Member is still inpatient on the date of this amendment, shall be paid at the rates in place at the time of admission for the entire length of the stay.

Acute administrative days shall be paid at 100% of the Medi-Cal reimbursement and per CalOptima's policy regarding the criteria for authorizing acute administrative days.
Billing and reimbursement will be in accordance with Medi-Cal payment guidelines.

Outpatient Services

- Outpatient services (excluding drugs) shall be reimbursed at XX% of Medi-Cal reimbursement rates.
- Outpatient administered drugs shall be reimbursed at XX% of Medi-Cal reimbursement rates.
- Outpatient services not contained in the Medi-Cal fee schedule at the time of services are not reimbursable.

Billing and reimbursement will be in accordance with Medi-Cal payment guidelines.

AMENDED AND RESTATED

HOSPITAL SERVICES CONTRACT

This Hospital Services Contract (the "Contract") is entered into by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and _____ ("Hospital"), a California Corporation, with respect to the following:

RECITALS

A. CalOptima was formed pursuant to California Welfare and Institutions Code Section 14087.54 and Orange County Ordinance No. 3896, as amended by Ordinance Nos. 00-8 and 05-008, as a result of the efforts of the Orange County health care community.

B. CalOptima has entered into a contract with the State of California, Department of Health Care Services ("DHCS") ("DHCS Contract"), pursuant to which it is obligated to arrange and pay for the provision of health care services to certain Medi-Cal eligible beneficiaries in Orange County (referred to herein as the "Medi-Cal Program").

C. CalOptima has entered into a contract with the Department of Health and Human Services ("HHS"), Centers for Medicare and Medicaid Services ("CMS"), to operate a Medicare Advantage ("MA") plan pursuant to Title II of the Medicare Prescription Drug, Improvement and Modernization Act of 2003 (Pub. L. 108-73) ("MMA"), and to offer Medicare covered items and services to eligible individuals (referred to herein as the "OneCare Program"). CalOptima, as a dual-eligible Special Needs Plan (dual SNP), may only enroll those dual eligible individuals who meet all applicable Medicare Advantage eligibility requirements, and who are eligible to be enrolled in CalOptima's Medi-Cal Managed Care plan, as described in the contract between CalOptima and the California Department of Health Care Services (DHCS).

D. CalOptima has entered into a participation contract with the State of California, acting by and through the Department of Health Care Services ("DHCS" or "State"), and the Department of Health and Human Services ("HHS"), acting by and through the Centers for Medicare & Medicaid Services ("CMS"), to furnish health care services to Medicare/Medi-Cal enrollees who are enrolled in CalOptima's Cal MediConnect program ("DHCS/CMS Cal MediConnect Contract"). This program will begin operation, subject to final approval of DHCS and CMS, no sooner than July 1, 2015.

E. CalOptima desires to provide services and Hospital is willing to provide services to dually eligible Medi-Cal and Medicare Enrollees to receive full benefits under Medicare and Medi-Cal.

F. Hospital is a provider of the items and services described in this Contract and has all certifications, licenses and permits necessary to furnish such items and services.

G. CalOptima desires to engage Hospital to furnish, and Hospital desires to furnish, certain items and services to CalOptima Members as described herein. CalOptima and Hospital desire to enter into this Contract on the terms and conditions set forth herein below.

NOW, THEREFORE, the parties agree as follows:

ARTICLE 1
DEFINITIONS

The following definitions, and any additional definitions set forth in attachments and schedules attached hereto, apply to the terms set forth in this contract:

1.1. “Accreditation organization” means any organization including without limitation, the national committee for quality assurance (**NCQA**), joint commission on accreditation of healthcare organizations (**JCAHO**) and/or other entities engaged in accrediting, certifying and/or approving CalOptima, hospital and/or their respective programs, centers or services**.**

1.2. "adult expansion member” means a member enrolled in aid codes designated by the State, including L1 and M1, as newly eligible who meets the eligibility requirements in Title XIX of the federal Social Security Act, Section 1902(a)(10)(A)(i)(VIII), and the conditions as described in the federal Social Security Act, Section 1905(y).

1.3. “Advance Directive” means a written instruction (such as that required under the Federal Patient Self-Determination Act, 42 U.S.C. Sections 1395cc(f) and 1396a(w), and implementing regulations, the California Health Care Decisions Law, Probate Code Sections 4600 *et seq*., or durable power of attorney for health care), relating to the provision of medical care when an individual is incapacitated.

1.4. "Cal MediConnect" means a CalOptima Program which furnishes health care services to Medicare/Medi-Cal members who are enrolled in CalOptima's Cal MediConnect Program. Cal MediConnect is also referred to as OneCare Connect.

1.5. “California Children’s Services (CCS)” means those services authorized by the CCS Services Program for the diagnosis and treatment of the CCS Eligible Conditions of a specific Member.

1.6. “California Children’s Services (CCS) Eligible Condition(s)”, means a physically handicapping condition defined in Title 22 CCR Sections 41515.2 through 41518.9.

1.7. “California Children’s Services (CCS) Program” means the public health program which assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible children under the age of 21 years who have CCS Eligible Conditions.

1.8. “CalOptima Direct” or “COD” means a program CalOptima administers for CalOptima beneficiaries not enrolled in a Health Network.

1.9. “CalOptima Policies” means CalOptima policies and procedures relevant to this Contract, as amended from time to time at the sole discretion of CalOptima.

1.10. “CalOptima Programs” means the Medi-Cal, OneCare, Program of All-Inclusive Care for the Elderly (PACE) and Cal MediConnect (OneCare Connect) programs administered by CalOptima. Hospital participates in the specific CalOptima Program(s) identified on Attachment A.

1.11. "CalOptima's Regulators" means those government agencies that regulate and oversee CalOptima's and its FDR’s activities and obligations under this Contract including, without limitation, the Department of Health and Human Services Inspector General, the Centers for Medicare and Medicaid Services, the California Department of Health Care Services, and the California Department of Managed Health Care, the Comptroller General, the Department of Health and Human Services and other government agencies that have authority to set standards and oversee the performance of the parties to this Contract.

1.12. “CCS Provider” or “CCS-Paneled Provider(s)” means any of the following providers when used to treat Members for a CCS Eligible Condition:

(a) A medical provider that is paneled by the CCS Program, pursuant to Health and Safety Code, Article 5 (commencing with Section 123800) of Chapter 3 of Part 2 of Division 106.

(b) A licensed acute care hospital approved by the CCS Program.

(c) A special care center approved by the CCS Program.

1.13. “Claim” means a request for payment submitted by Hospital in accordance with this Contract and CalOptima Policies.

1.14. “Clean Claim” means a Claim that has no defects or improprieties, contains all required supporting documentation, passes all system edits, and does not require any additional reviews by medical staff to determine appropriateness of services provided as further defined in the applicable CalOptima Program(s).

1.15. “Compliance Program” means the program (including, without limitation, the compliance plan, code of conduct and CalOptima Policies) developed and adopted by CalOptima to promote, monitor and ensure that CalOptima’s operations and practices and the practices of the members of its Board of Directors, employees, contractors and Hospitals comply with applicable law and ethical standards.

1.16. "Coordination of Benefits" or "COB" refers to the determination of order of financial responsibility which applies when two or more health benefit plans provide coverage of items and services for an individual.

1.17. “Covered Services” means those services provided under the Fee-for-Service Medi-Cal program, as set forth in Article 4, Chapter 3 (beginning with Section 51301), Subdivision

1, Division 3, Title 22, CCR, and Article 4 (beginning with Section 6840), Subchapter 13, Chapter 4, Division 1 of Title 17, CCR, which (i) are included as Covered Services under the State Contract; and (ii) are Medically Necessary, as described in Attachment A (which may be revised from time to time at the discretion of CalOptima), along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR) and, effective July 1, 2019, or such later date as the CalOptima Whole Child Model Program becomes effective, Covered Services shall include CCS Services (as defined in Subdivision 7 of Division 2 of Title 22 of the California Code of Regulations), which shall be covered for Members, notwithstanding whether such benefits are provided under the Fee-for-Service Medi-Cal Program.

1.18. "Downstream Entity" means all persons or entities with which Hospital has entered into a written subcontract (acceptable to CMS) to perform administrative functions and/or health care services to satisfy Hospital's obligations to CalOptima under this Contract, continuing down to the ultimate provider of services. The term "Hospital" as used in the terms of this Contract shall also include its subcontractors when such subcontractors are Downstream Entities as defined herein even if not expressly referenced in the particular provision.

1.19. "Effective Date" means the effective date of commencement of the Contract as provided in Article 10.

1.20. "Emergency Medical Condition" means a medical condition which is manifested by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

1. placing the health of the individual (or, in the case of a pregnant woman, the health of the woman and her unborn child) in serious jeopardy; or

2. serious impairment to bodily functions; or

3. serious dysfunction of any bodily organ or part.

1.21. "Emergency Services" means those health care services (including inpatient and outpatient) that are Covered Services and for which Hospital and Hospital Providers are duly licensed and qualified to furnish that are needed to evaluate or stabilize an Emergency Medical Condition.

1.22. "Encounter Data" means the record of a Member receiving any items(s) or service(s) provided through Medicaid or Medicare under a prepaid, capitated or any other risk basis payment methodology submitted to CMS. The encounter data record shall incorporate HIPAA security, privacy, and transaction standards and be submitted in ASCX12N 837 or any successor format required by CalOptima's Regulators."

1.23. “Enrollee” means a Medi-Cal/Medicare eligible individual who is enrolled in the CalOptima Cal MediConnect Program, or OneCare Program and may also be referred to as Member.

1.24. “Family Planning” means Covered Services that are provided to individuals of childbearing age to enable them to determine the number and spacing of their children, and to help reduce the incidence of maternal and infant deaths and diseases by promoting the health and education of potential parents. Family Planning includes, but is not limited to: 1) medical and surgical services performed by and under the direct supervision of a licensed physician for the purposes of Family Planning; 2) laboratory and radiology procedures, drugs and devices prescribed by a licensed physician and/or associated with Family Planning procedures; 3) patient visits for the purpose of Family Planning; 4) Family Planning counseling services provided during a regular patient visit; 5) tubal ligations; 6) vasectomies; 7) contraceptive drugs or devices; and, 8) treatment for complications resulting from previous Family Planning procedures. Family Planning does not include services for the treatment of infertility or reversal of sterilization.

1.25. “First Tier, Downstream and Related Entity” or “FDR” means a party that enters into a written agreement (acceptable to CMS and DHCS) to provide administrative or health care services to CalOptima under the DHCS/CMS Cal MediConnect Contract.

1.26. “Government Agencies” means Federal and State agencies that are parties to the Government Contracts, including HHS/CMS, DHCS, DMHC and MRMIB and their respective agents and contractors, including quality improvement organizations (QIOs).

1.27. “Government Contract(s)” means the written contract(s) between CalOptima and the Federal and/or State government pursuant to which CalOptima administers and pays for covered items and services under a CalOptima Program.

1.28. “Government Guidance” means Federal and State operational and other instructions related to the coverage, payment and/or administration of CalOptima Programs.

1.29. “Health Network” means a physician group, physician-hospital consortium or health care service plan, such as an HMO, which is contracted with CalOptima to provide items and services to Members.

1.30. “Hospital Services” means those Medically Necessary inpatient and outpatient services, including medical services and supplies that are Covered Services and that Hospital will provide to Members as identified in Attachment A.

1.31. “Licenses” means all licenses and permits that Hospital is required to have in order to participate in the CalOptima Programs and/or furnish the items and/or services described under this Contract.

1.32. “Long Term Care Facility” means a facility that is licensed to provide skilled nursing facility services, intermediate care facility services or sub-acute care services.

1.33. “Low Income Health Program” or “LIHP” Member means an Adult Expansion Member who was formerly a LIHP enrollee and transitioned to Medi-Cal under aid code L1.

1.34. “Medi-Cal” is the name of the Medicaid program for the State of California (*i.e.*, the program authorized by Title XIX of the Federal Social Security Act and the regulations promulgated thereunder).

1.35. “Medical Necessity” or “Medically Necessary” means reasonable and necessary services to protect life, prevent illness or disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness or injury, achieve age-appropriate growth and development, and attain, maintain, or regain functional capacity per Title 22, CCR Section 51303(a) and 42 CFR 438.210(a)(5). When determining the Medical Necessity for a Medi-Cal beneficiary under the age of 21, "Medical Necessity" is expanded to include the standards set forth in 42 USC Section 1396d(r), and W & I Code Section 14132(v).

1.36. “Medical Record” means any record kept or required to be kept by any Provider that documents all of the medical services received by the Member, including, without limitation, inpatient, outpatient, emergency care, and Referral requests and authorizations, as required to be kept pursuant to applicable State and Federal laws.

1.37. “Medicare” means the Federal health insurance program defined in Title XVIII of the Federal Social Security Act and regulations promulgated thereunder.

1.38. “Medicare Secondary Payer” or “MSP” means the Medicare coordination of benefits (COB) requirements as incorporated in MA regulations.

1.39. “Member” means any person who has been determined to be eligible to receive benefits from, and is enrolled in, one or more CalOptima Program.

1.40. “Memorandum/Memoranda of Understanding” or “MOU” means an agreement(s) between CalOptima and an external agency(ies), which delineates responsibilities for coordinating care to CalOptima Members.

1.41. “Minimum Provider Standards” means the minimum participation criteria established by CalOptima for specified Providers that must be satisfied in order for a Provider to submit claims and/or receive reimbursement from the CalOptima program for items and/or services furnished to CalOptima members as identified in CalOptima Policies.

1.42. “Non-Covered Services” means those items and services that are not covered benefits under a particular CalOptima Program in accordance with the Evidence of Coverage or Member handbook and applicable State and Federal laws and regulations.

1.43. “Non-Participating Provider” means an institutional, professional or other Provider of health care services who has not entered into a written agreement with CalOptima, either directly or through another organization, to provide Covered Services to Members.

1.44. “Participating Provider” means an institutional, professional or other Provider of health care services who has entered into a written agreement with CalOptima to provide Covered Services to Members.

1.45. “Participation Status” means whether or not a person or entity is or has been suspended, precluded, or excluded from participation in Federal and/or State health care programs and/or felony conviction (if applicable) as specified in CalOptima's Compliance Program and CalOptima Policies.

1.46. “Physician” means a person with an unrestricted license to practice medicine or osteopathy in the state in which they practice.

1.47. “Preclusion List**”** means the CMS-compiled list of providers and prescribers who are precluded from receiving payment for Medicare Advantage (MA) items and services or Part D drugs furnished or prescribed to Medicare beneficiaries

1.48. “Post-stabilization Services” means Covered Services that are provided after a Member is stabilized following an Emergency Medical Condition in order to maintain the stabilized condition or, under circumstances described in 42 CFR 438.114(e) to improve or resolve the Member’s condition.

1.49. “Prior Authorization” means the process by which CalOptima approves, usually in advance of the rendering, requested medical and other services pursuant to the utilization management program for the CalOptima Programs.

1.50. “Program of All-Inclusive Care for the Elderly” or “PACE” means a program that features a comprehensive medical and social services delivery system using an Interdisciplinary Team (IDT) approach in an adult day health center that is supplemented by in-home and referral services, in accordance with the enrollee’s needs. The IDT is the group of individuals to which a PACE participant is assigned who are knowledgeable clinical and non-clinical PACE center staff responsible for the holistic needs of the PACE participant and who work in an interactive and collaborative manner to manage the delivery, quality, and continuity of participants’ care. All PACE program requirements and services will be managed directly through CalOptima.

1.51. “Provider” means a physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, health maintenance organization or other person or institution that furnishes health care items or services.

1.52. “Provider Manual” means that document, as amended from time to time, that is prepared by CalOptima and describes CalOptima’s Policies as they affect Providers.

1.53. “QMI Program” means CalOptima Quality Management and Improvement Program.

1.54. “Referral” means the process by which a Physician directs a Member to seek and obtain Covered Services from a health professional or for care at a facility.

1.55. "Stabilize" or "Stabilized" means with respect to an Emergency Medical Condition, to provide such medical treatment of the condition, to assure, within reasonable medical probability, that no material deterioration of the condition is likely to result from, or occur during, the transfer of the individual from a facility, or in the case of a pregnant woman, the woman has delivered the child and the placenta.

1.56. "Subcontract" means a contract entered into by Hospital with a party that agrees to furnish items and/or services to CalOptima Members, or administrative functions or services related to Hospital fulfilling its obligation to CalOptima under the terms of this Contract if, and to the extent, permitted under this Contract.

1.57. "Subcontractor" means a Provider or any organization or person who has entered into Subcontract with Hospital for the purposes of providing or facilitating the provision of items and/or services under this Contract.

1.58. "Threshold Languages/Concentration Languages" means those languages as determined by State requirements per MMCD Policy Letter 99-03, or any update or revision thereof.

1.59. "Urgent Care" means services that are not Emergency Services and are generally services to prevent serious deterioration of a Member's health resulting from unforeseen illness or injury for which treatment cannot be delayed as specifically defined by the rules and regulations governing the applicable CalOptima Program.

1.60. "Urgently Needed Services" means medically necessary Hospital Services that are not Emergency Services, provided generally when the Member is temporarily absent from the CalOptima service area as described in this Contract, and which are immediately required as a result of an unforeseen illness, injury or condition and for which it was not reasonable, given the circumstances, to obtain the services through the Member's Health Network.

1.61. "UM Program" means CalOptima's Utilization Management Program.

1.62. "Whole Child Model Program" or "WCM" means CalOptima's WCM program whereby CCS will be a Medi-Cal managed care plan benefit with the goal being to improve health care coordination for the whole child, rather than handle CCS Eligible Conditions separately.

ARTICLE 2
FUNCTIONS AND DUTIES OF HOSPITAL

2.1. Provision of Hospital Services.

2.1.1. Hospital shall furnish Hospital Services identified in Attachment A to eligible Members in accordance with the terms of this Contract and CalOptima Policies.

Hospital agrees that, to the extent feasible and within available capacity and capability, Hospital Services provided by it will be made available and accessible

to Members promptly and in a manner that ensures continuity of care and compliance with Section 2.6 of this Contract.

2.1.2. Throughout the term of this Contract, and subject to the conditions of the Contract, Hospital shall maintain the quality of its services and personnel in accordance with the requirements of this Contract, to meet Hospital's obligation to provide Hospital Services hereunder.

2.1.3. In accordance with Section 2.34 of this Contract, Hospital and its Subcontractors shall furnish Hospital Services to Members under this Contract in the same manner as those services are provided to other patients and may not impose any limitations on the acceptance of Members for care or treatment that are not imposed on other patients.

2.2. Hospital Providers. Upon request, Hospital shall provide CalOptima with a list of Hospital medical staff members, together with any information requested by CalOptima for the administration of its QMI Program, unless such information is protected under California Evidence Code Section 1157 or other privilege statute. If a member of Hospital's medical staff is debarred from participation in a state or federal health care program and/or has his/her license to practice medicine suspended or revoked, Hospital shall recommend that the Hospital medical staff immediately prevent the physician from providing any professional services to Members. Hospital shall immediately notify CalOptima of any physician who has been debarred from participating in a state or federal health care program, or whose license to practice medicine has been suspended or revoked.

2.3. Emergency Services. Hospital shall comply with all applicable State and Federal laws and regulations governing the provision and payment of Emergency Services including, without limitation, the following requirements:

2.3.1. Hospital shall furnish Emergency Services on a twenty-four (24) hours per day, seven (7) days a week basis. CalOptima shall reimburse Hospital for Emergency Services without Prior Authorization.

2.3.2. Payment will not be denied to Hospital where the Member had an Emergency Medical Condition but the absence of immediate medical attention would not have resulted in an outcome as defined in Section 1.17 above or where CalOptima or one of its Participating Providers instructs the Member to seek Emergency Services.

2.3.3. An Emergency Medical Condition shall not be limited based on a list of diagnoses or symptoms.

2.3.4. The attending emergency Physician, or the Provider actually treating the Member, is responsible for determining when the Member is sufficiently stabilized for transfer or discharge.

2.4. Notification of Emergency Services. Hospital agrees to notify CalOptima within twenty-four (24) hours of a CalOptima Member's Initial Emergency Encounter which means the Member's presentation to the emergency department for outpatient Emergency Services or the Member's inpatient emergency admission, whichever occurs first. If the Initial Emergency Encounter is on a holiday or weekend, notification to the Member's Health Network shall be made the following business day, or the time Member identity is known, or would have been known with the exercise of reasonable diligence. Hospital agrees that CalOptima's UM staff shall have access to timely information and documentation in order to enable CalOptima to review emergency admissions in order to certify the number of inpatient days authorized under the UM Program. Emergency Services provided within twenty-four (24) hours of an inpatient admission will be included in the inpatient per diems and/or case rates.

2.5. Members with Disabilities. Hospital will accommodate inpatient and outpatient surgical and medical procedures for members with disabilities**,** including but not limited to dental procedures under general anesthesia, to the extent that Hospital can provide such services.

2.6. UM Program. Hospital shall comply with CalOptima's UM Program including:

2.6.1. Hospital acknowledges and agrees that CalOptima has implemented and maintains a UM Program that addresses evaluations of Medical Necessity and processes to review and approve the provision of items and services, including Hospital Services, to Members. Hospital shall comply with the requirements of the UM Program including, without limitation, those criteria applicable to the Hospital Services as described in this Contract.

2.6.2. Hospital shall comply with all Prior Authorization, concurrent and retrospective review and authorization requirements as set forth in CalOptima Policies. Prior Authorization is not required for Emergency Services.

2.6.3. Hospital agrees to allow CalOptima staff to initiate visits with Hospital staff immediately upon admission of any Member to evaluate the appropriateness of the admission and continued stay.

2.6.4. Except for Emergency Services, Hospital agrees to admit members to Hospital only upon presentation to Hospital of the proper Referral form or authorization information designated by CalOptima (and/or a Health Network) certifying the Hospital Services and the number of inpatient days authorized under the UM Program. Hospital shall provide non-emergency Hospital Services to Members during the term of this Contract only upon CalOptima's prior authorization unless prior authorization is not required for a particular item or service under the CalOptima Program. Failure to secure prior authorization from the CalOptima Utilization Management Department may result in denial of claims submitted to CalOptima. In the event a Referral is not presented, Hospital may admit a Member if it verifies, prior to admission, that the admission is approved by CalOptima and in accordance with the policies and procedures of CalOptima's

UM Program. Hospital shall obtain a tracking number from CalOptima at the time of admission, which Hospital shall indicate on all UB-92 Forms submitted to CalOptima for payment. In the event Hospital does not request a CalOptima authorization and Hospital does not receive CalOptima's authorization prior to admission, CalOptima shall not pay Hospital for such admission.

2.6.5. Hospital agrees to obtain authorization for all admissions by notifying CalOptima within 24 hours or the next business day from time of the admission or time Member identity is known, or would have been known with the exercise of reasonable diligence. Hospital also agrees to request authorization for all admissions to Long Term Care Facilities. Furthermore, Hospital agrees to cooperate with CalOptima in the functions of discharge planning and transferring Members to participating providers as is appropriate for all levels of care required by the Member and in accordance with CalOptima Policies. Hospital's failure to obtain pre-authorizations and /or provide timely concurrent reviews may result in a reduction in payment in accordance with CalOptima policies.

2.6.6. Hospital shall permit CalOptima's UM Department staff and other qualified representatives of CalOptima to conduct on site concurrent reviews of the medical records of Members. CalOptima staff shall notify Hospital's utilization management department prior to conducting such on site reviews, shall wear appropriate identification, and shall schedule at times reasonable for Hospital.

2.7. Transfer of Care. Upon request by a CalOptima Member, Hospital shall assist the CalOptima Member in the orderly transfer of such CalOptima Member's medical care. In doing so, Hospital shall make available to the new Provider of care for the Member, copies of the Medical Records, patient files, and other pertinent information necessary for efficient medical case management of Member. In no circumstance shall a CalOptima Member be billed for this service.

2.8. CCS Eligible Services. If Hospital is not a CCS paneled hospital authorized by CCS to provide the specific CCS-eligible Services required by Members, Hospital agrees to cooperate with CalOptima in the transfer of Members with CCS eligible conditions to an appropriately authorized CCS paneled Hospital.

2.9. Eligibility. Hospital shall verify a Member's eligibility for the applicable CalOptima Program benefits upon receiving a request for Covered Services, and at the beginning of each calendar month thereafter during the continued provision of such services.

2.10. Medi-Cal Member Retroactive Eligibility. For Hospital Services provided to Members whose eligibility in Medi-Cal has been determined retroactively, Hospital agrees to the following:

2.10.1. To verify eligibility of Medi-Cal Members through the State of California's Beneficiary Eligibility Verification system and to report such eligible Members to CalOptima within forty-eight (48) hours of the Hospital becoming aware of Member's eligibility and enrollment in CalOptima.

2.10.2. Except for Emergency Services, Hospital's failure to notify CalOptima within forty-eight (48) hours of becoming aware of a Medi-Cal Member's eligibility may result in non-payment for services rendered.

2.10.3. The admission and length of stay of the Member shall be subject to retrospective review for Medical Necessity.

2.10.4. To submit complete Medical Records with all submitted claims.

2.11. Changes in Capacity. Hospital shall provide at least ninety (90) days' prior written notice to CalOptima of any significant changes in the capacity of Hospital or its Hospital Providers to furnish Hospital Services to Members. Hospital shall use reasonable efforts to eliminate or remedy any condition that results in a significant adverse change in capacity including (i) Hospital's inability to properly serve Members due to a lack of beds or other services or (ii) closure of any facility or service unit used by Hospital or its Providers.

2.12. Licensure/Certification of Employees. Each of Hospital's employees furnishing services under this Contract shall maintain in good standing at all times during this Contract, the necessary licenses or certifications required by State and Federal law or any Accreditation Organization to provide or arrange for the provision of Covered Services to Members.

2.13. Licensure. Hospital shall be and remain during the period of this Contract duly licensed by the State of California as a general acute care hospital. Hospital is currently in good standing, and at all times during the term of this Contract shall maintain good standing with the following:

2.13.1. all licenses, certificates and/or approvals required under State and Federal Law for the performance of Covered Services required by this Contract; and

2.13.2. certification under Medicaid and Medicare; and

2.13.3. accreditation by the Joint Commission on Accreditation of Healthcare Organizations.

2.14. Regulatory Approvals. Hospital represents and attests that it has, and shall maintain during the term of this Contract, applicable enrollment in the Medi-Cal and Medicare Programs and maintains National Provider Identifiers (NPIs).

2.15. Good Standing. Hospital represents it is in good standing with State licensing boards (applicable to its business), DHCS, CMS and the HHS Officer of Inspector General ("OIG").

2.16. Notices and Citations. Hospital shall notify CalOptima in writing of any report or other writing of any State or Federal agency and/or Accreditation Organization that regulates Hospital that contains a citation, sanction and/or disapproval of Hospital's failure to meet

any material requirement of State or Federal law or any material standards of an Accreditation Organization.

2.17. Professional Standards. All Hospital Services provided or arranged for under this Contract shall be provided or arranged by duly licensed, certified or otherwise authorized professional personnel in manner that (i) meets the cultural and linguistic requirements of this Contract; (ii) within professionally recognized standards of practice at the time of treatment; (iii) in accordance with the provisions of CalOptima's UM and QMI Programs; and (iv) in accordance with the requirements of State and Federal law and all requirements of this Contract.

2.18. Marketing Requirements. Hospital shall comply with CalOptima's marketing guidelines relevant to the pertinent CalOptima Program(s) and applicable laws and regulations.

2.19. Identification of Hospital. Hospital agrees that CalOptima may list the name, address, and telephone number of Hospital and a description of Hospital's facilities and services in CalOptima's roster of Participating Providers, which is given to Members and/or prospective Members. However, CalOptima is not obligated to list the name of any particular Provider in the roster. Hospital and CalOptima agree that the use of the other party's trademarks or logos is prohibited without prior written approval of that party. Except as provided in this paragraph, CalOptima may not use Hospital's name for marketing or advertising purposes without prior written permission from Hospital.

2.20. Disclosure of Hospital Ownership. Hospital shall provide CalOptima with the following information, as applicable: (a) names of all officers of Hospital's governing board; (b) names of all owners of Hospital; (c) names of stockholders owning more than five percent (5%) of the stock issued by Hospital; and (d) names of major creditors holding more than five percent (5%) of the debt of Hospital. Hospital shall complete any disclosure forms required under the CalOptima Programs as requested by CalOptima. Hospital shall notify CalOptima immediately of any changes to the information included by Hospital in the disclosure forms submitted to CalOptima.

2.21. Clinical Laboratory Improvement Amendments. Hospital shall only use laboratories with a Clinical Laboratory Improvement Amendments (CLIA) certificate of waiver or a certificate of registration along with a CLIA identification number. Those laboratories with certificates of waiver shall provide only the types of tests permitted under the terms of their waiver. Laboratories with certificates of registration may perform a full range of laboratory tests.

2.22. Admissions to Long Term Care Facility. Hospital shall plan the admission of Members to Long Term Care Facilities, as determined by CalOptima Policies. Hospital shall prospectively notify CalOptima of possible admissions to Long-Term Care Facilities and comply with the planning process for the assessment of Members identified as needing long-term care as determined by CalOptima Policies. For Members assessed as appropriate for long long-term care, Hospital shall assist CalOptima as required to place Members in Long-Term Care Facilities contracted with CalOptima.

2.23. Newborn Services. For services provided to a child of a Member during the month of birth or the following month, Hospital shall bill for such services in accordance with the claim form completion instructions in the appropriate Medi-Cal Provider Manual relative to newborns.

2.24. Advance Directives. Hospital shall maintain written policies and procedures related to Advanced Directives in compliance with State and other applicable law. Hospital shall document patient records with respect to the existence of an Advance Directive in accordance with applicable law. Hospital shall not discriminate against any Member on the basis of that Member's Advance Directive status.

2.25. CalOptima QMI Program. Hospital acknowledges and agrees that CalOptima is accountable for the quality of care furnished to its Members in all settings including services furnished by Hospital. Hospital agrees, when reasonable and within capability of Hospital, that it is subject to the requirements of CalOptima's QMI Program and that it shall participate and cooperate in QMI Program activities as required by CalOptima. Such activities may include, but are not limited to, the provision of requested data and the participation in assessment and performance audits and projects (including those required by CalOptima's regulators) that support CalOptima's efforts to measure, continuously monitor, and evaluate the quality of items and services furnished to Members. Hospital shall participate in CalOptima's QMI Program development and implementation for the purpose of collecting and studying data reflecting clinical status and quality of life outcomes for CalOptima Members. Hospital shall cooperate with CalOptima and Government Agencies in any complaint, appeal or other review of Hospital Services (*e.g.*, medical necessity) and shall accept as final all decisions regarding disputes over Hospital Services by CalOptima or such Government Agencies, as applicable, and as required under the applicable CalOptima Program.

2.26. Hospital Quality Improvement Program. Hospital shall establish, maintain and operate a quality improvement program, which shall include an annual quality improvement work plan and an annual performance evaluation of such work plan, which is consistent with current industry standards, Quality Improvement System for Managed Care (QISMC), NCQA, Leapfrog, and/or JCAHO.

Hospital shall also allow CalOptima to use performance data for purposes including, but not limited to, quality improvement activities and public reporting to consumers, as identified in CalOptima policy GG.1638.

2.27. CalOptima Oversight. Hospital understands and agrees that CalOptima is responsible for the monitoring and oversight of all duties of Hospital under this Contract, and that CalOptima has the authority and responsibility to: (i) implement, maintain and enforce CalOptima Policies governing Hospital's duties under this Contract and/or governing CalOptima's oversight role; (ii) conduct audits, inspections and/or investigations in order to oversee Hospital's performance of duties described in this Contract; (iii) require Hospital to take corrective action if CalOptima or a Government Agency determines that corrective action is needed with regard to any duty under this Contract; and/or (iv) revoke the delegation of any duty, if Hospital fails to meet CalOptima standards in the

performance of that duty. Hospital shall cooperate with CalOptima in its oversight efforts and shall take corrective action as CalOptima determines necessary to comply with the laws, accreditation agency standards, and/or CalOptima Policies governing the duties of Hospital or the oversight of those duties.

2.28. Linguistic and Cultural Sensitivity Services. Hospital shall comply with CalOptima Policies including, without limitation, the requirements set forth herein related to linguistic and cultural sensitivity. CalOptima will provide cultural competency, sensitivity, and diversity training. Hospital shall address the special health needs of Members who are members of specific ethnic and cultural populations, such as, but not limited to, Vietnamese and Hispanic persons. Hospital shall, in its policies, administration, and services, practice the values of (i) honoring the Members' beliefs, traditions and customs; (ii) recognizing individual differences within a culture; (iii) creating an open, supportive and responsive organization in which differences are valued, respected and managed; and (iv) through cultural diversity training, fostering in staff attitudes and interpersonal communication styles that respect Members' cultural backgrounds. Hospital shall fully cooperate with CalOptima in the provision of cultural and linguistic services provided by CalOptima for Members receiving services from Hospital.

2.29. Provision of Interpreters. Hospital shall comply with Health and Safety Code Section 1259. To the extent that a CalOptima Member requires interpreter services beyond those mandated by that Health and Safety Codes Section, and to the extent that Hospital does not choose to provide such services, Hospital shall ensure that CalOptima is notified that the Member requires additional interpreter services, and CalOptima shall provide such services at its own expense. Interpreter services under this Section include both linguistic interpreter services and interpreter services for the deaf and hard of hearing, as may be necessary to ensure effective communication regarding treatment, diagnosis, and medical history or health education pursuant to the requirements contained in this Contract and CalOptima Policies. Interpreters shall be used where needed and when technical, medical, or treatment information is to be discussed. Hospital shall not require a Member to use friends or family as interpreters. However, a friend or family member may be used when the use of the family member or friend: (a) is requested by a Member; (b) will not compromise the effectiveness of service; (c) will not violate a Member's confidentiality; and (d) Member is advised that an interpreter is available through CalOptima at no cost to the Member. Hospital may utilize interpreter services provided through the Cultural and Linguistic Coordinator within CalOptima's customer service department, as appropriate, at no charge to Hospital.

2.30. CalOptima's Compliance Program and Other Guidance. Hospital and its employees, board members, owners, Participating Providers and/or Subcontractors furnishing medical and/or administrative services under this Contract ("Hospital's Agents") shall comply with the requirements of CalOptima's Compliance Program, including CalOptima Policies, as may be amended from time to time. CalOptima shall make its Compliance Plan and Code of Conduct available to Hospital and Hospital shall make them available to Hospital's Agents. Hospital agrees to comply with, and be bound by, any and all MOUs, CalOptima financial bulletins and contract interpretation bulletins,

which provide changes, updates and clarifications regarding CalOptima financial policies and contract interpretations.

CalOptima intends to amend its Compliance Plan and Code of Conduct to allow for the substitution of provider compliance plans and codes of conduct for CalOptima's Compliance Plan and Code of Conduct. Provided that such substitution is approved by the Government Agencies, then, upon approval by CalOptima's Compliance Department, Hospital's Compliance Plan and Code of Conduct may be substituted for the CalOptima Compliance Plan and Code of Conduct under this Contract.

2.31. Equal Opportunity. Hospital and its Subcontractors will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. Hospital and its Subcontractors will take affirmative action to ensure that qualified applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and career development opportunities and selection for training, including apprenticeship. Hospital and its Subcontractors agree to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Federal Government or DHCS, setting forth the provisions of the Equal Opportunity clause, Section 503 of the Rehabilitation Act of 1973, and the affirmative action clause required by the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212). Such notices shall state Hospital and its Subcontractors' obligation under the law to take affirmative action to employ and advance in employment qualified applicants without discrimination based on their race, color, religion, sex, national origin physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era and the rights of applicants and employees.

Hospital and its Subcontractors will, in all solicitations or advancements for employees placed by or on behalf of Hospital and its Subcontractors, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era.

Hospital and its Subcontractors will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding a notice, to be provided by the Federal Government or the State, advising the labor union or workers' representative of Hospital and its Subcontractors' commitments under the provisions herein and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

Hospital and its Subcontractors will comply with all provisions of and furnish all information and reports required by Section 503 of the Rehabilitation Act of 1973, as

amended, the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212) and of the Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and of the rules, regulations, and relevant orders of the Secretary of Labor.

Hospital and its Subcontractors will furnish all information and reports required by Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and the Rehabilitation Act of 1973, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the State and its designated representatives and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

In the event of Hospital and its Subcontractors' noncompliance with the requirements of the provisions herein or with any federal rules, regulations, or orders which are referenced herein, this Contract may be cancelled, terminated, or suspended in whole or in part, and Hospital and its Subcontractors may be declared ineligible for further federal and state contracts, in accordance with procedures authorized in Federal Executive Order No. 11246 as amended, and such other sanctions may be imposed and remedies invoked as provided in Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

Hospital and its Subcontractors will include the provisions of this Section in every Subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor, issued pursuant to Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or Section 503 of the Rehabilitation Act of 1973 or (38 U.S.C. 4212) of the Vietnam Era Veteran's Readjustment Assistance Act, so that such provisions will be binding upon each Subcontractor or vendor. Hospital and its Subcontractors will take such action with respect to any Subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs or DHCS may direct as a means of enforcing such provisions, including sanctions for noncompliance, provided, however, that in the event Hospital and its Subcontractors become involved in, or are threatened with litigation by a subcontractor or vendor as a result of such direction by DHCS, Hospital and its Subcontractors may request in writing to DHCS, who, in turn, may request the United States to enter into such litigation to protect the interests of the State and of the United States.

2.32. Compliance with Applicable Laws. Hospital shall observe and comply with all Federal and State laws and regulations, and requirements established in Federal and/or State programs in effect when the Contract is signed or which may come into effect during the term of the Contract, which in any manner affects the Hospital's performance under this Contract. Hospital shall comply with applicable terms and conditions of the contracts between CalOptima and Government Agencies. In accordance with the California Public Records Act, CalOptima shall provide copies of its contracts with the Government Agencies upon request. Hospital understands and agrees that payments made by CalOptima are, in whole or in part, derived from Federal funds, and therefore Hospital is are subject to certain laws that are applicable to individuals and entities receiving Federal funds. Hospital agrees to comply with all applicable Federal laws, regulations, reporting requirements and CMS instructions, including Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, and the Americans with Disabilities Act.

2.33. No Discrimination/Harassment (Employees). During the performance of this Contract, Hospital shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of race, religion, creed, color, national origin, ancestry, physical disability (including Human Immunodeficiency Virus (HIV), and Acquired Immune Deficiency Syndrome (AIDS)), mental disability, medical condition, marital status, age (over 40), gender, sexual orientation, or the use of family and medical care leave and pregnancy disability leave. Hospital shall ensure that the evaluation and treatment of their employees and applicants for employment are free of such discrimination and harassment. Hospital shall comply with the provisions of the Fair Employment and Housing Act (Government Code, Section 12900 et seq.) and the applicable regulations promulgated thereunder (Title 2, CCR, Section 7285.0 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code, Section 12990, set forth in Chapter 5 of Division 4 of Title 2 of the CCR are incorporated into this Contract by reference and made a part hereof as if set forth in full. Hospital shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement.

2.34. No Discrimination (Member). Hospital shall not discriminate against Members because of race, color, national origin, creed, ancestry, religion, language, age, marital status, sex, sexual orientation, gender identity, health status, physical or mental disability, or identification with any other persons or groups defined in Penal Code 422.56, in accordance with Title VI of the Civil Rights Act of 1964, 42 USC Section 2000d (race, color, national origin); Section 504 of the Rehabilitation Act of 1973 (29 USC §794) (nondiscrimination under Federal grants and programs); Title 45 CFR Part 84 (nondiscrimination on the basis of handicap in programs or activities receiving Federal financial assistance); Title 28 CFR Part 36 (nondiscrimination on the basis of disability by public accommodations and in commercial facilities); Title IX of the Education Amendments of 1973 (regarding education programs and activities); Title 45 CFR Part 91 and the Age Discrimination Act of 1975 (nondiscrimination based on age); as well as Government Code Section 11135 (ethnic group identification, religion, age, sex, color, physical or mental handicap); Civil Code Section 51 (all types of arbitrary

discrimination); section 1557 of the Patient Protection and Affordable Care Act, and all rules and regulations promulgated pursuant thereto, and all other laws regarding privacy and confidentiality.

For the purpose of this Contract, if based on any of the foregoing criteria, the following constitute unlawful discriminations: (a) denying any Member any Covered Services or availability of a Provider, (b) providing to a Member any Covered Service which is different or is provided in a different name or at a different time from that provided to other similarly situated Members under this Contract, except where medically indicated, (c) subjecting a Member to segregation or separate treatment in any manner related to the receipt of any Covered Service, (d) restricting a Member in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any Covered Service, (e) treating a Member differently than others similarly situated in determining compliance with admission, enrollment, quota, eligibility, or other requirements or conditions that individuals must meet in order to be provided any Covered Service, or in assigning the times or places for the provision of such services.

Hospital agrees to render Covered Services to Members in the same manner, in accordance with the same standards, and within the same time availability as offered to non-CalOptima patients. Hospital shall take affirmative action to ensure that all Members are provided Covered Services without discrimination, except where medically necessary. For the purposes of this Section, physical handicap includes the carrying of a gene which may, under some circumstances, be associated with disability in that person's offspring, but which causes no adverse effects on the carrier. Such genetic handicap shall include, but not be limited to, Tay-Sachs trait, sickle cell trait, thalassemia trait, and X-linked hemophilia.

Hospital shall act upon all complaints alleging discrimination against Members in accordance with CalOptima's Policies.

2.35. Nondiscrimination—Member Visits. Hospital shall ensure that it permits a Member, at Member's choice, to be visited by the Member's domestic partner, the children of a Member's domestic partner, and the domestic partner of the Member's parent or children, in the same manner and to the same extent permitted for a Member's spouse or spouse's children, or the spouse of a Member's children or parents. Hospital shall include the language of this Section in any Subcontract for inpatient facility services.

2.36. Reporting Obligations. In addition to any other reporting obligations under this Contract, Hospital shall submit such reports and data relating to services covered under this Contract as are required by CalOptima, including, without limitations, to comply with requests from Government Agencies to CalOptima. CalOptima shall reimburse Hospital for reasonable costs for producing and delivering such reports and data.

2.37. Subcontract Requirements. If permitted by the terms of this Contract, Hospital may subcontract for certain functions covered by this Contract, subject t o the requirements of this Contract. Subcontracts shall not terminate the legal liability of Hospital under this Contract. Hospital must ensure that all Subcontracts are in writing and include any and

all provisions required by this Contract or applicable Government Programs to be incorporated into Subcontracts. Hospital shall make all Subcontracts available to CalOptima or its regulators upon request. Hospital is required to inform CalOptima of the name and business addresses of all Subcontractors. Hospital shall ensure that all Subcontractors providing services under this Contract to CalOptima Members comply with all applicable provisions of state and federal laws, regulations and program guidance when providing Covered Services to Members under this Contract. Additionally, Hospital shall require that all Subcontracts relating to the provision of Covered Services include, without limitation, the following provisions:

2.37.1. An agreement to make all books and records relative to the provision of and reimbursement for Covered Services furnished by Subcontractor to Hospital available at all reasonable times for inspection, examination or copying by CalOptima, Department of Health Care Services, Department of Health and Human Services and Department of Justice.

2.37.2. An agreement to maintain such books and records: (a) in accordance with the general standards applicable to such books and records and any record requirements in this Contract and CalOptima Policies; and (b) at the Subcontractor's place of business or at such other mutually agreeable location in California.

2.38. Hospital Agreement to Extend Terms and Rates. Hospital agrees to extend to CalOptima Health Networks the same terms regarding Hospital performance, duties and obligations and rates for Hospital Services provided to CalOptima Members enrolled in Health Networks as are set forth in this Contract.

2.39. Fraud and Abuse Reporting. To the extent required by and in compliance with CMS or other applicable federal and state laws, Hospital shall report to CalOptima all cases of suspected fraud and/or abuse related to rendering services provided under this contract to CalOptima members.

2.40. Participation Status. Hospital shall have Policies and Procedures to verify the Participation Status of Hospital's Practitioners. In addition, Hospital attests and agrees as follows:

2.40.1. Hospital and Hospital's Practitioners shall meet CalOptima's Participation Status requirements during the term of this Contract.

2.40.2. Hospital shall immediately disclose to CalOptima, including, but not limited to, any pending investigation involving, or any determination of, suspension, exclusion or debarment of Hospital or Hospital's Practitioners occurring and/or discovered during the term of this Contract.

2.40.3. Hospital shall take immediate action to remove any employee of Hospital that does not meet Participation Status requirements from furnishing items or services related to this Contract (whether medical or administrative) to CalOptima

Members which may include but not limited to adverse decisions and licensure issues.

2.40.4. Hospital shall include the obligations of this Section in its Subcontracts.

2.40.5. CalOptima shall not make payment for a healthcare item or service furnished by an individual or entity that does not meet Participation Status requirements or is included on the Preclusion List. Hospital shall provide written notice to the Member who received the services and the excluded provider or provider listed on the Preclusion List that payment will not be made, in accordance with CMS requirements.

2.41. Ethical and Religious Directives. Nothing in this Contract shall require Hospital to provide any services which would violate Hospital's Ethical and Religious Directives. Such services would include, but not be limited to, abortions not necessary to remedy a life-threatening condition of the mother, sterilizations not approved by Hospital guidelines, and euthanasia.

2.42. Tax Exempt Status. If Hospital is a tax-exempt entity, and at any time has a good faith reason to believe that this Agreement may jeopardize the tax-exempt status of Hospital, or any of its affiliates, under Section 501(c)(3) of the Internal Revenue Code and the ability of Hospital or any of its affiliates to obtain or maintain tax-exempt financing, the parties agree to amend this Agreement to the extent necessary to address such issues. Any such amendment shall attempt to preserve the parties' economic benefits of this Agreement to the greatest extent possible. In the event Hospital is advised by independent counsel in a written opinion that amendment of this Agreement will not be sufficient to address such issues, Hospital may terminate this Agreement as provided in Section 7.8 herein.

2.43. Physical Access for Members. Hospital shall comply with the requirements of Title III of the Americans with Disabilities Act of 1990, and shall ensure access for the disabled, which includes, but is not limited to, ramps, elevators, restrooms, designated parking spaces, and drinking water provision.

2.44. Smoke Free Workplace. To the extent Hospital facilities are accessible to Members, Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by federal programs either directly or through state or local governments, by federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such federal funds. The law does not apply to children's services provided in private residences; portions of facilities used for inpatient drug or alcohol treatment; service providers whose sole source of applicable federal funds is Medicare or Medicaid; or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary

penalty of up to $1,000 for each violation and/or the imposition of an administrative compliance order on the responsible party. By signing this Contract, Hospital certifies that it will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act. The prohibitions herein are effective December 26, 1994.

2.45. Member Rights. Hospital shall ensure that each Member's rights, as set forth in state and federal law as applicable to CalOptima's programs in this Contract, are fully respected and observed.

2.46. Whole Child Model Program Compliance. If Hospital is a CCS authorized facility, then in the provision of CCS services to CalOptima Members, the Hospital shall follow CCS Program guidelines, including CCS Program regulations, and where CCS clinical guidelines do not exist, Hospital will use evidence -based guidelines or treatment protocols that are medically appropriate to the Member's CCS Eligible Condition.

2.47. CCS Provider Compliance.

2.47.1. Only CCS-Paneled Providers may treat CCS Eligible Conditions when a Member's CCS Eligible Condition requires treatment.

2.47.2. If Hospital is a CCS-Paneled Provider, Hospital agrees to provide services for the Whole Child Model Program in accordance with this Contract and CalOptima Policies.

2.47.2.1. Effective July 1, 2019, or such later date as the CalOptima Whole Child Model Program becomes effective, Hospital shall provide all Medically Necessary services previously covered by the CCS Program as Covered Services for Members who are eligible for the CCS Program, and for Members who are determined medically eligible for CCS by the local CCS Program.

2.47.2.2. To ensure consistency in the provision of CCS Covered Services, Hospital shall use all current and applicable CCS Program guidelines, including CCS Program regulations. When applicable CCS clinical guidelines do not exist, Hospital shall use evidence-based guidelines or treatment protocols that are medically appropriate given the Members' CCS Eligible Condition.

2.48. Government Claims Act. Hospital shall ensure that Hospital and its agents and Subcontractors comply with the applicable provisions of the Government Claims Act (California Government Code section 900 et seq.), including, but not limited to Government Code sections 910 and 915, for any disputes arising under this Contract, and in accordance with CalOptima Policy AA.1217.

2.49. Certification of Document and Data Submissions. All data, information, and documentation provided by Hospital to CalOptima pursuant to this Contract and/or CalOptima Policies, which are specified in 42 CFR 438.604 and/or as otherwise required

by CalOptima and/or CalOptima's Regulators, shall be accompanied by a certification statement on the Hospital's letterhead sign by the Hospital's Chief Executive Officer or Chief Financial Officer (or an individual who reports directly to and has delegated authority to sign for such Officer) attesting that based on the best information, knowledge, and belief, the data, documentation, and information is accurate, complete, and truthful.

2.50. Data Sharing Technology for Discharge Planning. Subject to compliance with all applicable laws and regulations, as well as all provisions of this Contract, Hospital agrees to evaluate and implement the use of data sharing technology for purposes set forth in California Health and Safety Code Section 1262.5, subdivisions (n)(4)(A) and (p), with respect to Members who are homeless patients, as defined in Health and Safety Code Section 1262.4.

ARTICLE 3

FUNCTIONS AND DUTIES OF CALOPTIMA

3.1. Payment. CalOptima shall pay Hospital for Hospital Services provided to CalOptima Members. Hospital agrees to accept the compensation set forth in Attachment B as payment in full from CalOptima for such Hospital Services. Upon submission of a Clean Claim, CalOptima shall pay Hospital pursuant to CalOptima Policies and Attachment B. Notwithstanding the foregoing, Hospital may also collect other amounts (e.g., copayments, deductibles, OHC and/or third party liability payments) where expressly authorized to do so under the CalOptima Program(s) and applicable law.

3.2. Service Authorization. CalOptima shall provide a written authorization process for Hospital Services pursuant to CalOptima Policies.

3.3. CalOptima Guidance. CalOptima shall make available to Hospital, all applicable Provider Manuals, financial bulletins and CalOptima Policies applicable to Hospital Services under this Contract.

3.4. Limitations of CalOptima's Payment Obligations. Notwithstanding anything to the contrary contained in this Contract, CalOptima's obligation to pay Hospital any amounts shall be subject to CalOptima's receipt of the funding from the Federal and/or State governments. CalOptima shall notify Hospital within two business days upon discovery of a payment issue related to this Section.

3.5. Identification Cards. CalOptima shall provide Members with identification cards indentifying Members as being enrolled in the applicable CalOptima program.

3.6. Care Management. CalOptima shall provide Care Management Services for Members through its Care Coordination Department.

3.7. Member Materials. CalOptima shall furnish Hospital any written materials that CalOptima wishes Hospital to provide to Members, including translations into threshold languages and at appropriate grade level, as appropriate.

ARTICLE 4
PAYMENT PROCEDURES

4.1. Billing and Claims Submission. Hospital shall submit Claims for Covered Services in accordance with CalOptima Policies applicable to the Claims submission process.

4.2. Prompt Payment. CalOptima shall make payments to Hospital in the time and manner set forth in CalOptima Policies related to the CalOptima Programs. Additional procedures related to claims processing and payment are set forth in the attached CalOptima Program Addenda.

4.3. Claim Completion and Accuracy. Hospital shall be responsible for the completion and accuracy of all Claims submitted whether on paper forms, tape or electronically including claims submitted for the Hospital by other parties. Use of a billing agent does not abrogate Hospital's responsibility for the truth and accuracy of the submitted information. A Claim may not be submitted before the delivery of service. Hospital acknowledges that Hospital remains responsible for all Claims and that anyone who misrepresents, falsifies, or causes to be misrepresented or falsified, any records or other information relating to that Claim may be subject to legal action.

4.4. Claims Deficiencies. Any Claim that fails to meet CalOptima requirements for claims processing shall be denied and Hospital notified of denial pursuant to CalOptima Policies and applicable Federal and/or State laws and regulations.

4.5. COB. Hospital shall coordinate benefits with other programs or entitlements recognizing where other OHC is primary coverage in accordance with CalOptima Program requirements. Hospital acknowledges that Medi-Cal is the payor of last resort.

4.6. Member Financial Protections. Hospital and its Subcontractors shall comply with Member financial protections as follows:

4.6.1 Hospital agrees to indemnify and hold Members harmless from all efforts to seek compensation and any claims for compensation from Members for Covered Services under this Contract. In no event shall a Member be liable to Hospital for any amounts which are owed by, or are the obligation of, CalOptima. Hospital agrees that Enrollees will not be held liable for Medicare Part A and B cost sharing when the State is responsible for paying such amounts and that the provider will (A) accept the plan payment as payment in full, or (B) bill the appropriate State source as required at 42 CFR §422.504(g)(1)(iii).

4.6.2 In no event, including but not limited to nonpayment by CalOptima, CalOptima's or the Hospital's insolvency, or breach of this Contract by CalOptima, shall the Hospital bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against a Member or persons acting on the behalf of a Member, or against the State of California, for Covered Services pursuant to this Contract. Notwithstanding the foregoing, Hospital may collect SOC, co-payments, and deductibles if, and to the extent, required under a specific CalOptima Program and applicable law.

4.6.3 This provision does not prohibit Hospital from billing and collecting payment for non-Covered Services if the CalOptima Member agrees to the payment in writing prior to the actual delivery of non-Covered Services and a copy of such agreement is given to the Member and placed in the Member's medical record prior to rendering such services.

4.6.4 Upon receiving notice of Hospital invoicing or balance billing a Member for the difference between the Hospital's billed charges and the reimbursement paid by CalOptima for any Covered Services, CalOptima may sanction the Hospital or take other action as provided in this Contract.

4.6.5 This Section shall survive the termination of this Contract for Covered Services furnished to CalOptima Members prior to the termination of this Contract, regardless of the cause giving rise to termination, and shall be construed to be for the benefit of Members.

4.7. Overpayments and CalOptima Right to Recover. Hospital has an obligation to report any overpayment identified by Hospital, and to repay such overpayment to CalOptima within sixty (60) days of such identification by Hospital, or of receipt of notice of an overpayment identified by CalOptima. Hospital acknowledges and agrees that, in the event that CalOptima determines that an amount has been overpaid or paid in duplicate, or that funds were paid which were not due under this Contract to Hospital, CalOptima shall have the right to recover such amounts from Hospital by recoupment or offset from current or future amounts due from CalOptima to Hospital, after giving Hospital notice and an opportunity to return/pay such amounts. This right to recoupment or offset shall extend to any amounts due from Hospital to CalOptima, including, but not limited to, amounts due because of:

4.7.1 Payments made under this Contract that are subsequently determined to have been paid at a rate that exceeds the payment required under this Contract.

4.7.2 Payments made for services provided to a Member that is subsequently determined to have not been eligible on the date of service.

4.7.3 Unpaid Conlan reimbursements owed by Hospital to a Member.

4.7.4 Payments made for services provided by a Hospital that has entered into a private contract with a Medicare beneficiary for Covered Services.

ARTICLE 5
INSURANCE AND INDEMNIFICATION

5.1. Indemnification. Each party to this Contract agrees to defend, indemnify and hold each other and the State harmless, with respect to any and all Claims, costs, damages and expenses, including reasonable attorney's fees, which are related to or arise out the negligent or willful performance or non-performance by the indemnifying party, or any

functions, duties or obligations of such party under this Contract. Neither termination of the Contract nor completion of the acts to be performed under this Contract shall release any party from its obligation to indemnify as to any claims or cause of action asserted so long as the event(s) upon which such claims or cause of action is predicated shall have occurred prior to the effective date of termination or completion.

5.2. Insurance Requirements.

Professional/Medical Malpractice:
Hospital providing Covered Services to Members shall maintain a Professional Liability (Medical Malpractice) Insurance policy with minimum limits as follows:

Hospital providing Covered Services:	$5,000,000 per incident/$5,000,000 aggregate

Commercial General Liability/Commercial Automobile Liability:
Each Hospital providing Covered Services to Members shall maintain a Commercial General Liability Insurance policy and a Commercial Automobile Liability Insurance policy with minimum limits as follows:

Commercial General Liability:	$1,000,000 per occurrence/$3,000,000 aggregate
Commercial Automobile Liability:	$1,000,000 per occurrence/$3,000,000 aggregate

Workers' Compensation:
Hospital providing Covered Services to Members shall maintain a Workers' Compensation Insurance policy with minimum limits as follows:

Employers' Liability Insurance:	$1,000,000 Bodily injury each accident $1,000,000 Bodily injury policy limit $1,000,000 Bodily injury each employee

5.3. Insurance Requirements (continued). Hospital, at their sole cost and expense, shall maintain the above referenced policies as shall be necessary to insure themselves, customers (including Members), employees, agents, and representatives against any claim or claims for damages arising by reason of: (a) personal injuries or death occasioned in connection with the performance of any Covered Services provided hereunder; (b) the use of any property and Facilities of the Hospital; and (c) activities performed in connection with the Contract.

5.4. Insurer Ratings. Such insurance shall be provided by an insurer:

(a) rated by A.M. Best with a rating of A V or better; and
(b) "admitted" to do business in California or an insurer approved to do business in California by the California Department of Insurance and listed on the Surplus Lines Association of California List of Eligible Surplus Lines Insurers (LESLI); or

(c) an Unincorporated Interindemnity Trust Arrangement as authorized by the California Insurance Code 12180.7

5.5. Captive Risk Retention Group/Self Insured. Where any of the Insurance(s) mentioned by Section 5.2 above are provided by a Captive Risk Retention Group or self-insured, Section 5.4 above may be waived at the sole discretion of CalOptima, but only after review of the Captive Risk Retention Group's or self-insured's audited financial statements.Cancellation or Material Change. The FFS Hospital shall not of its own initiative cause such insurances as addressed in this Article to be canceled or materially changed during the term of this Contract.Proof of Insurance. Certificates of Insurance of the above Insurance policies and/or evidence of self-insurance shall be provided to CalOptima prior to execution of the Contract and annually thereafter.

ARTICLE 6
RECORDS, AUDITS AND REPORTS

6.1. Access to and Audit of Contract Records. For the purpose of review of items and services furnished under the terms of this Contract and duplication of any books and records, Hospital shall allow CalOptima, its regulators and/or their duly authorized agents and representatives access to said books and records, including medical records, for the purpose of direct physical examination of the records by CalOptima or its regulators and/or their duly authorized agents and representatives at the Hospital's premises. Hospital shall be given advance notice of such visit in accordance with state and federal law, and CalOptima Policies. Such access shall include the right at all reasonable times to evaluate through inspection or other means, the quality, appropriateness, and timeliness of services performed under this Contract and inspect, audit and reproduce all records and materials and to verify Claims and reports required according to the provisions of this Contract. Hospital shall maintain records in chronological sequence, and in an immediately retrievable form in accordance with the laws and regulations applicable to such record keeping. Hospital shall also comply with any audit and access requirements set forth in the CalOptima Program Addenda, as applicable. All inspections and evaluations shall be performed in such a manner as will not unduly delay the services. If DHCS, CMS, or the DHHS Inspector General determines there is a reasonable possibility of fraud or similar risk, DHCS, CMS, or the DHHS Inspector General may inspect, evaluate, and audit the Hospital at any time. Upon resolution of a full investigation of fraud, DHCS reserves the right to suspend or terminate the Hospital from participation in the Medi-Cal program; seek recovery of payments made to the Hospital; impose other sanctions provided under the State Plan, and Hospital's contract may be terminated due to fraud.

6.2. Medical Records. Hospital shall establish and maintain for each Member who has obtained Covered Services, medical records which are organized in a manner which contain such demographic and clinical information as is necessary to provide and ensure accurate and timely documentation as to the medical problems and Covered Services provided to the Member. Such medical records shall be consistent with State and Federal laws and CalOptima Program requirements and shall include a historical record of diagnostic and therapeutic services recommended or provided by, or under the direction

of, the Hospital. Such medical records shall be in such a form as to allow trained health professionals, other than the Hospital, to readily determine the nature and extent of the Member's medical problem and the services provided, and to permit peer review of the care furnished to the Member.

6.3. Records Retention. The Hospital shall maintain books and records in accordance with the time and manner requirements set forth in Federal and State laws and CalOptima Programs as identified in the CalOptima Program Addenda to this Contract. Where the Hospital furnishes Covered Services to a Member in more than one CalOptima Program with different record retention periods, then the greater of the record retention requirements shall apply.

6.4. Audit, Review and/or Duplication. Audit, review and/or duplication of data or records shall occur within regular business hours, and shall be subject to Federal and State laws concerning confidentially and ownership of records. CalOptima shall pay all duplication and mailing costs associated with such audits if costs exceed $50 per request.

6.5. Confidentiality of Member Information. Hospital agrees to comply with applicable Federal and State laws and regulations governing the confidentiality of Member medical and other information. Hospital further agrees:

6.5.1 Health Insurance Portability and Accountability Act (HIPAA). Hospital shall comply with HIPAA statutory and regulatory requirements ("HIPAA requirements"), whether existing now or in the future within a reasonable time prior to the effective date of such requirements. Hospital shall comply with HIPAA requirements, other obligations imposed by Regulatory Agencies, and state laws applicable to the confidentiality of patient medical information. Hospital shall also support CalOptima compliance with HIPAA requirements, including acceptance and generation of applicable electronic files in HIPAA compliant standards formats.

6.5.2 Members Receiving State Assistance. Notwithstanding any other provision of this Contract, names and identification numbers of Members receiving public assistance are confidential and are to be protected from unauthorized disclosure in accordance with applicable State and Federal laws and regulations. For the purpose of this Contract, Hospital shall protect from unauthorized disclosure all information, records, data and data elements collected and maintained for the operation of the Contract and pertaining to Members.

6.5.3 Declaration of Confidentiality. If Hospital and its Subcontractors have access to computer files or any data confidential by statute, including identification of eligible members, Hospital and Subcontractors agree to sign a declaration of confidentiality in accordance with the applicable Government Contract and in a form acceptable to CalOptima and DHCS, DMHC (MRMIB) and/or CMS, as applicable.

6.6. Data Submission. Hospital shall submit to CalOptima complete, accurate, reasonable, and timely provider data, encounter data, and other data and reports (a) needed by CalOptima in order for CalOptima to meet its reporting requirements to DHCS, and/or (b) required by CalOptima and CalOptima's Regulators as provided in this Contract and in CalOptima's Policies.

ARTICLE 7
TERM AND TERMINATION

7.1. Term. The term of this Contract shall become effective on the Effective Date and shall remain in effect up to and including June 30, 2020. This Contract shall automatically extend for additional one-year terms upon formal approval by the CalOptima Board of Directors, unless terminated by either party as provided for in this Contract.

7.2. Termination for Default. CalOptima may, in its sole discretion, terminate this Contract whenever CalOptima determines that the Hospital (a) has repeatedly and inappropriately withheld Covered Services to a CalOptima Member(s), (b) has failed to perform its contracted duties and responsibilities in a timely and proper manner including, without limitation, service procedures and standards identified in this Contract, (c) has committed acts that discriminate against CalOptima Members on the basis of their health status or requirements for health care services; (d) has not provided Covered Services in the scope or manner required under the provisions of this Contract; (e) has engaged in prohibited marketing activities; (f) has failed to comply with CalOptima's Compliance Program, including Participation Status requirements; (g) has committed fraud or abuse relating to Covered Services or any and all obligations, duties and responsibilities under this Contract; or (h) has materially breached any covenant, condition, or term of this Contract. A termination as described above shall be referred to herein as "Termination for Default." In the event of a Termination for Default, CalOptima shall give Hospital prior written notice of its intent to terminate with a thirty (30)-day cure period if the Termination for Default is curable, in the sole discretion of CalOptima. In the event the default is not cured within the thirty (30)-day period, CalOptima may terminate the Contract immediately following such thirty (30)-day period. The rights and remedies of CalOptima provided in this Article are not exclusive and are in addition to any other rights and remedies provided by law or under the Contract. The Hospital shall not be relieved of its liability to CalOptima for damages sustained by virtue of breach of the Contract by the Hospital.

7.3. Termination for Non-Payment. Hospital may terminate if CalOptima stops making all payments to Hospital for Hospital Services. In the event of a termination for Non-Payment, Hospital shall give CalOptima prior written notice of its intent with a thirty (30) day cure period. In the event the Non-Payment is not cured within the thirty (30) day cure period, Hospital may terminate the Contract immediately following such thirty (30) day period.

7.4. Hospital's Appeal Rights. Hospital may appeal CalOptima's decision to terminate the Contract for default as provided in Section 7.2 by filing a complaint pursuant to CalOptima Policies. Hospital shall exhaust this administrative remedy, including requesting a hearing according to CalOptima Policy, and shall comply with applicable CalOptima Policies governing judicial claims, before commencing a civil action. Hospital's rights and remedies provided in this Article shall not be exclusive and are in addition to any other rights and remedies provided by law or this Contract.

7.5. Immediate Termination**.** CalOptima may terminate this Contract immediately upon the occurrence of any of the following events and delivery of written notice: (i) the suspension or revocation of any license, certification or accreditation required by Hospital and/or Hospital Agents; (ii) the determination by CalOptima that the health, safety, or welfare of Members is jeopardized by continuation of this Contract; (iii) the imposition of sanctions or disciplinary action against Hospital or against Hospital Agents in their capacities with the Hospital by any Federal or State licensing agency; (iv) termination or non-renewal of any Government Contract; (v) the withdrawal of HHS' approval of the waiver granted to the CalOptima under Section 1915(b) of the Social Security Act. If CalOptima receives notice of termination from any of the Government Agencies or termination of the Section 1915(b) waiver, CalOptima shall immediately transmit such notice to Hospital.

7.6. Termination for Insolvency. If either party becomes insolvent, their obligation is to immediately notify the other party. The other party at its sole option, will have the right to terminate the Contract immediately. In the event of the filing of a petition for bankruptcy by or against either party, that party shall assure that all tasks related to the Contract are performed in accordance with the terms of the Contract.

7.7. Modifications or Termination to Comply with Law. CalOptima reserves the right to modify or terminate the Contract at any time when modifications or terminations are (a) mandated by changes in Federal or State laws, (b) required by Government Contracts, or (c) required by changes in any requirements and conditions with which CalOptima must comply pursuant to its Federally-approved Section 1915(b) waiver. CalOptima shall notify Hospital in writing of such modification or termination immediately and in accordance with applicable Federal and/or State requirements and Hospital shall comply with the new requirements within 30 days of the effective date, unless otherwise instructed by DHCS and to the extent possible.

7.8. Termination Without Cause. Either party may terminate this Contract, without cause, upon ninety (90) days prior written notice to the other party as provided herein.

7.9. Rate Adjustments. The payment rates may be adjusted by CalOptima during the Contract period to reflect implementation of Federal or State laws or regulations, changes in the State budget, the Government Contract(s) or the Government Agencies' policies, changes in Covered Services and/or by CalOptima Board actions. If the Government Agency(ies) has provided CalOptima with advance notice of adjustment, CalOptima shall provide notice thereof to Hospital. Notwithstanding any other provision of this Contract, in the event of a rate adjustment under this Section, Hospital shall have the right, within thirty

(30) days of receipt of notice of rate adjustment, to terminate this Contract by providing CalOptima with thirty (30) days written notice of such termination.

7.10. Obligations Upon Termination. Upon termination of this Contract, it is understood and agreed that Hospital shall continue to provide authorized Hospital Services to Members who retain eligibility and who are under the care of Hospital at the time of such termination, until the services being rendered to Members are completed, unless CalOptima, in its sole discretion, makes reasonable and medically appropriate provisions for the assumption of such services. Hospital shall continue to provide Hospital Services to hospitalized Members in accordance with generally accepted medical standards and practices until the earlier of the Member's discharge from Hospital; or alternate coverage is arranged for by CalOptima. Payment for any continued Hospital Services as described in this Section shall be at the contracted rates set forth in Attachment B. Prior to the termination or expiration of this Contract and upon request by CalOptima or one of its Government Agencies to assist in the orderly transfer of Members' medical care, Hospital shall make available to CalOptima and/or such Government Agency, copies of any pertinent information, including information maintained by Hospital necessary for efficient case management of Members. Costs of reproduction shall be borne by CalOptima or the government agency, as applicable.

7.11. Approval by and Notice to Government Agencies. Hospital acknowledges that this Contract and any modifications and/or amendments thereto are subject to the approval of applicable Federal and/or State agencies. CalOptima, and to the extent that this contract includes the provision of services to Medi-Cal beneficiaries, Hospital shall notify the Federal and/or State agencies of amendments to, or termination of, this Contract. Notice shall be given by first-class mail, postage prepaid to the attention of the State or Federal contracting officer for the pertinent CalOptima Program after CalOptima provides notification of the name of the officer. Hospital acknowledges and agrees that any amendments or modifications shall be consistent with requirements relating to submission to such Federal and/or State agency for approval.

ARTICLE 8
GRIEVANCES AND APPEALS

8.1. Hospital Grievances. CalOptima has established a fast, fair and cost-effective complaint system for provider complaints, grievances and appeals. Provider, including Hospital, shall have access to this system for any issues arising under this Contract, as provided in CalOptima Policies related to the applicable CalOptima Program(s). Hospital complaints, grievances, appeals, or other disputes regarding any issues arising under this Contract shall be resolved through such system.

8.2. Member Grievances and Appeals. Member grievances, complaints, and/or appeals shall be resolved in accordance with Federal and/or State laws, regulations and Government Guidance and as set forth in CalOptima Policies relating to the applicable CalOptima Program. Hospital agrees to cooperate in the investigation of the issues and be bound by CalOptima's grievance decisions and, if applicable, State and/or Federal hearing decisions or any subsequent appeals.

ARTICLE 9
GENERAL PROVISIONS

9.1. Assignment and Assumption. Hospital acknowledges and agrees that a primary goal of CalOptima is to ensure the provision of quality healthcare services to CalOptima Members and that CalOptima and Hospital have entered into this Contract for the benefit of CalOptima Members. Accordingly, CalOptima retains the rights set forth in this Section. Except as specifically permitted hereunder, this Contract is not assignable by the Hospital, either in whole or in part, without the prior written consent of CalOptima, provided that CalOptima's consent may be withheld in its sole and absolute discretion. For purposes of this Section and this Contract, assignment includes, without limitation, (a) the change of more than twenty-five percent (25%) of the ownership or equity interest in Hospital (whether in a single transaction or in a series of transactions), (b) the change of more than twenty-five percent (25%) of the directors or trustees of Hospital, (c) the merger, reorganization, or consolidation of Hospital with another entity with respect to which Hospital is not the surviving entity, and/or (d) a change in the management of Hospital from management by persons appointed, elected or otherwise selected by the governing body of Hospital (e.g., the Board of Directors) to a third-party management person, company, group, team or other entity.

9.2. Documents Constituting Contract. This Contract and its attachments, schedules, addenda and exhibits and all CalOptima Policies applicable to Covered Services and CalOptima Members (and any amendments thereto) shall constitute the entire agreement between the parties. It is the express intention of Hospital and CalOptima that any and all prior or contemporaneous agreements, promises, negotiations or representations, either oral or written, relating to the subject matter and period governed by this Contract which are not expressly set forth herein shall be of no further force, effect or legal consequence after the effective date hereunder.

9.3. Force Majeure. Both parties shall be excused from performance hereunder for any period that they are prevented from meeting the terms of this Contract as a result of a catastrophic occurrence or natural disaster including but not limited to an act of war, and excluding labor disputes.

9.4. Governing Law and Venue. This Contract shall be governed by and construed in accordance with all laws of the State of California and Federal laws and regulations applicable to the CalOptima. Hospital shall bring any and all legal proceedings against CalOptima under this Contract in California State courts located in Orange County, California, unless mandated by law to be brought in federal court, in which case such legal proceeding shall be brought in the Central District Court of California.

9.5. Headings. The article and section headings used herein are for reference and convenience only and shall not enter into the interpretation hereof.

9.6. Independent Contractor Relationship. CalOptima and Hospital agree that the Hospital and any agents or employees of the Hospital in performance of this Contract shall act in an independent capacity and not as officers or employees of CalOptima. Hospital's

relationship with CalOptima in the performance of this Contract is that of an independent contractor. Hospital's personnel performing services under this Contract shall be at all times under Hospital's exclusive direction and control and shall be employees of Hospital and not employees of CalOptima. Hospital shall pay all wages, salaries and other amounts due its employees in connection with this Contract and shall be responsible for all reports and obligations respecting them, such as social security, income tax withholding, unemployment compensation, workers' compensation, and similar matters.

9.7. No Liability of County of Orange, State of California. As required under Ordinance No. 3896 of the County of Orange, State of California, as amended, CalOptima and the Hospital hereby acknowledge and agree that the obligations of CalOptima under this Contract are solely the obligations of CalOptima, and the County of Orange, State of California, shall have no obligation or liability therefore.

9.8. No Waiver. No delay or failure by either party hereto to exercise any right or power accruing upon noncompliance or default by the other party with respect to any of the terms of this Contract shall impair such right or power or be construed to be a waiver thereof. A waiver by either of the parties hereto of a breach of any of the covenants, conditions, or agreements to be performed by the other shall not be construed to be a waiver of any succeeding breach thereof or of any other covenant, condition, or agreement herein contained. Any information delivered, exchanged or otherwise provided hereunder shall be delivered, exchanged or otherwise provided in a manner which does not constitute a waiver of immunity or privilege under applicable law.

9.9. Notices. Any notice required to be given pursuant to the terms and provisions of this Contract, unless otherwise indicated herein, shall be in writing and shall be sent by Certified or Registered mail, return receipt requested, postage prepaid, addressed to the party to whom Notice is to be given, at such party's address set forth below or such other address provided by Notice. Notice shall be deemed given seventy-two (72) hours after mailing.

If to CalOptima:

CalOptima

9.10. Omissions. In the event that either party hereto discovers any material omission in the provisions of this Contract which such party believes is essential to the successful performance of this Contract, said party may so inform the other party in writing, and the parties hereto shall thereafter promptly negotiate in good faith with respect to such matters for the purpose of making such reasonable adjustments as may be necessary to perform the objectives of this Contract.

9.11. Prohibited Interests. Hospital covenants that, for the term of this Contract, no director, member, officer, or employee of CalOptima during his/her tenure has any interest, direct or indirect, in this Contract or the proceeds thereof.

9.12. Regulatory Approval. Notwithstanding any other provision of this Contract, the effectiveness of the terms and conditions of this Contract, amendments thereto, and assignments thereof, are subject to the approval of applicable Governmental Agencies and the conditions imposed by such Agencies. In the event that the Government Agencies disapprove any provision of this Contract, or impose any condition not otherwise provided for in this Contract (an "Adverse Action"), Parties shall in good faith negotiate an amendment to this Contract necessary or appropriate to resolve the Adverse Action. If after thirty (30) calendar days the parties are unable to agree on an amendment necessary or appropriate to resolve the Adverse Action, then the Contract shall terminate. The terms of this Agreement shall be binding until amended or the Agreement terminates.

9.13. Authority to Execute. The persons executing this Contract on behalf of the parties attest that they are duly authorized to execute this Contract, and that by executing this Contract, the parties are formally bound.

9.14. Severability. In the event any provision of this Contract is rendered invalid or unenforceable by Act of Congress, by statute of the State of California, by any regulation duly promulgated by the United States or the State of California in accordance with law or is declared null and void by any court of competent jurisdiction, the remainder of the provisions hereof shall remain in full force and effect.

ARTICLE 10
EXECUTION

10.1. This Contract is further subject to the State of California and United States providing funding for the term of this Contract and for the purposes with respect to which it is entered into, and the execution of the Government Contracts and the approval of the Contract by the Government Agencies.

10.2. This Contract shall become effective on July 1st, 2019 (the "Effective Date").

IN WITNESS WHEREOF, the parties have executed this Contract as follows:

HOSPITAL SERVICES

ARTICLE 1
CALOPTIMA PROGRAMS

1.1. CalOptima Programs. Hospital shall furnish covered services to eligible members in the following CalOptima Programs:

___X___ Medi-Cal Program
___X___ OneCare Program
___X___ Cal MediConnect Program/OneCare Connect
___X___ PACE Program

ARTICLE 2
HOSPITAL SERVICES

2.1. Hospital is responsible for providing all covered Hospital Services, as authorized by CalOptima or designee, provided that such services are available at Hospital, within Hospital's capacity and capability to provide, and Medically Necessary, including but not limited to:

1. Inpatient hospitalization for medical or surgical treatment in a ward or semi-private accommodation, unless a private room is Medically Necessary;
2. Hospitalization in an intensive care unit or special care unit;
3. Pediatric services;
4. Maternity services;
5. Psychiatric and substance abuse services;
6. Newborn nursery, all levels;
7. Ancillary services and supplies, including laboratory and radiology services;
8. Administration of outpatient prescription drugs (take home medications) in instances where continuation of hospital-based treatment shall not be interrupted: three (3) day supply minimum;
9. Emergency Department Services (as provided in Section 2.3 of this Contract, Emergency Services do not require prior authorization);
10. Outpatient services at Hospital's surgicenter or similar freestanding facility, or in Hospital's outpatient department(s); and
11. Administration of blood, blood plasma, or its derivatives, including cost of blood, blood plasma, or its derivatives.

"Hospital Services" does not include bone marrow or solid organ transplantation or home-administered blood clotting factors for the treatment of hemophilia.

ATTACHMENT B

COMPENSATION

For Covered Services provided to CalOptima Medi-Cal Members under this Contract, CalOptima shall reimburse Hospital, and Hospital shall accept as payment in full from CalOptima the lesser of billed charges or the following amounts:

I. Medi-Cal

Outpatient Services

Outpatient services shall be reimbursed at XXX of Medi-Cal reimbursement rates. Outpatient services not contained in the Medi-Cal fee schedule at the time of service are not reimbursable. Billing must comply with Medi-Cal guidelines.

Inpatient Services

All inpatient facility services shall be paid at XXX of Hospital's then-current California Medi-Cal program APR-DRG rate. Inpatient services include emergency department services when a member is admitted within twenty-four hours of an emergency department visit. Inpatient rates are all inclusive. High cost exclusion items will not be reimbursable. Billing must comply with Medi-Cal guidelines.

Inpatient admissions to the Hospital prior to the effective date of any rate amendment and where the Member is still inpatient on the date of this amendment, shall be paid at the rates in place at the time of admission for the entire length of stay.

II. Medicare Advantage (OneCare)

I. INPATIENT ACUTE CARE
II. INPATIENT PSYCH
III. INPATIENT DETOX
IV. OUTPATIENT CARE

==========

Footnotes:

(1) For Medicare Part A or Part B services provided to CalOptima Medicare Advantage Enrollee Patients, Hospital's compensation shall equal the applicable rate shown on this Attachment B.

(2) Medicare Allowable Rates shall have the following meanings:

a) Inpatient: All inpatient facility services shall be paid at XXX -current Medicare, which shall include applicable DRG, outlier reimbursement (if any) and Medicare allowable pass-throughs (capital expense, etc.). This does not include DGME and IME.
b) Outpatient (except for laboratory services): outpatient surgery facility services and ER shall be paid at XXX of Hospital's Medicare APC rates.
c) Outpatient laboratory services shall be paid at XXX of the Medicare Fee Schedule for Outpatient Lab.

d) Hospital services without a Medicare Allowable rate will be paid at XXX of Billed Charges.

(3) All physician fees are excluded.

(4) In the event of a contracted rate change, the rate in place at the time of admission is the rate that shall be paid.

III. Cal MediConnect (OneCare Connect)

I. INPATIENT ACUTE CARE
II. INPATIENT PSYCH
III. INPATIENT DETOX
IV. OUTPATIENT CARE

==========

Footnotes:

(1) For Medicare Part A or Part B services provided to CalOptima Cal MediConnect Enrollees, Hospital's compensation shall equal the applicable rate shown on this Attachment B.

(2) Medicare Allowable Rates shall have the following meanings:

a) Inpatient: All inpatient facility services shall be paid at XXX of Hospital's then-current Medicare Program Rate as though Medicare was the payer, which shall include applicable DRG, outlier reimbursement (if any) and Medicare allowable pass-throughs (capital expense, etc). This does not include DGME and IME.
b) Outpatient (except for laboratory services): outpatient surgery facility services and ER shall be paid at XXX of Hospital's Medicare APC rates.
c) Outpatient laboratory services shall be paid at XXX of the Medicare Fee Schedule for Outpatient Lab.
d) Hospital services without a Medicare Allowable rate will be paid at XXX of Billed Charges.

(3) All physician fees are excluded.

(4) In the event of a contracted rate change, the rate in place at the time of admission is the rate that shall be paid.

IV. PACE

INPATIENT ACUTE CARE
II. INPATIENT PSYCH
III. INPATIENT DETOX
IV. OUTPATIENT CARE

==========

Footnotes:

(1) For Medicare Part A or Part B services provided to CalOptima PACE members, Hospital's compensation shall equal the applicable rate shown on this Attachment B.

(2) Medicare Allowable Rates shall have the following meanings:

a) Inpatient: All inpatient facility services shall be paid at XXX of Hospital's then-current Medicare Program Rate as though Medicare was the payer, which shall include applicable DRG, outlier reimbursement (if any) and Medicare allowable pass-throughs (capital expense, etc). This does not include DGME and IME.
b) Outpatient (except for laboratory services): outpatient surgery facility services and ER shall be paid at XXX of Hospital's Medicare APC rates.
c) Outpatient laboratory services shall be paid at XXX of the Medicare Fee Schedule for Outpatient Lab.
d) Hospital services without a Medicare Allowable rate will be paid at XXX of Billed Charges.

(3) All physician fees are excluded.

(4) In the event of a contracted rate change, the rate in place at the time of admission is the rate that shall be paid.

ATTACHMENT B-1

MEDI-CAL COMPENSATION RATES FOR ADULT EXPANSION MEMBERS

Compensation rates for Adult Expansion Members may be different than those included herein as determined by DHCS. Should DHCS make a change in future payments to CalOptima, CalOptima will amend the Contract to adjust payments made to the Hospital.

For Covered Services provided to CalOptima Medi-Cal Adult Expansion Members under this Contract, CalOptima shall reimburse Hospital, and Hospital shall accept as payment in full from CalOptima the lesser of billed charges or the following amounts:

I. Medi-Cal

Outpatient Services

Outpatient services shall be reimbursed at XXX of Medi-Cal reimbursement rates. Outpatient services not contained in the Medi-Cal fee schedule at the time of services are not reimbursable. Billing must comply with Medi-Cal guidelines.

Inpatient Services

All inpatient facility services shall be paid at XXX of Hospital's then-current California Medi-Cal program APR-DRG rate. Inpatient services include emergency department services when a member is admitted within twenty-four (24) hours of an emergency department visit. Inpatient rates are all inclusive. High cost exclusion items will not be reimbursable. Billing must comply with Medi-Cal guidelines.

All inpatient services must be authorized. Inpatient admissions to the hospital prior to the effective date of any rate amendment and where the Member is still inpatient on the date of this amendment, shall be paid at the rates in place at the time of admission for the entire length of the stay.

ADDENDUM 1
MEDI-CAL PROGRAM

The following additional terms and conditions apply to items and services furnished to Members under the CalOptima Medi-Cal Program (COD and Health Network Members): These terms and conditions are additive to those contained in the main Contract. In the event that these terms and conditions conflict with those in the main Contract, these terms and conditions shall prevail.

1. Records Retention. [State Contract, Ex. A, Att. 6, § 12(B)(7)] Hospital shall maintain and retain all records of all items and services provided to Members for a term of at least ten (10) years from the final date of the contract between CalOptima and DHCS or from the date of completion of any audit, whichever is later. Records involving matters which are the subject of litigation shall be retained for a period of not less than ten (10) years following the termination of litigation. Hospital's books and records shall be maintained within or be otherwise accessible within the State of California and pursuant to Section 1381(b) of the Health and Safety Code. Such records shall be maintained and retained on Hospital's State licensed premises for such period as may be required by applicable laws and regulations related to the particular records. Such records shall be maintained in chronological sequence and in an immediately retrievable form that allows CalOptima, and/or representatives of any regulatory or law enforcement agencies, immediate and direct access and inspection of all such records at the time of any onsite audit or review.

   Microfilm copies of the documents contemplated herein may be substituted for the originals with the prior written consent of CalOptima, provided that the microfilming procedures are approved by CalOptima as reliable and are supported by an effective retrieval system. If CalOptima is concerned about the availability of such records in connection with the continuity of care to a Member, Hospital shall, upon request, transfer copies of such records to CalOptima's possession.

   This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise.

2. Access to Books and Records. [State Contract, Ex. A, Att. 6, § 12(B)(7)] Hospital agrees to make all of its premises, facilities, equipment, books, records, contracts, computer and other electronic systems pertaining to the goods and services furnished under the terms of Contract, available for purpose of an audit, inspection, evaluation, examination and/or copying, including but not limited to Access Requirements and State's Right to Monitor, as set forth in the State Contract, Exhibit E, Attachment 2, Provision 20: (a) by CalOptima, the Government Agencies, CalOptima's Regulators, DOJ, Bureau of Medi-Cal Fraud, Comptroller General and any other entity statutorily entitled to have oversight responsibilities of the COHS program, (b) at all reasonable times at the Hospital's place of business or such other mutually agreeable location in California, and (c) in a form maintained in accordance with general standards applicable to such book or record keeping, for a term of at least ten (10) years from the final date of the contract between CalOptima and DHCS, or from the date of completion of any audit, whichever is later, in which the records or data were created or applied, and for which the financial record was completed, and including, if applicable, all Medi-Cal 35 file paid claims data and encounter data for a period of at least ten (10) years from the date of expiration or termination. Hospital shall provide access to all security areas and shall provide reasonable facilities, cooperation and assistance to State representatives in the performance of their duties.

   Hospital shall cooperate in the audit process by signing any consent forms or documents required by but not limited to; DHCS, DMHC, Department of Justice, Attorney General, Federal Bureau of Investigation and Bureau of Medi-Cal Fraud and/or CalOptima to release any records or documentation Hospital may possess in order to verify Hospital's records.

This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise

3. Form of Records. [State Contract, Ex. A, Att. 6, § 12(B)(7)] Hospital's and its Subcontractors' books and records shall be maintained in accordance with the general standards applicable to such book or record-keeping.

4. Third Part Tort Liability/Estate Recovery. [State Contract, Ex. E, Att 2 § 22] Hospital shall make no claim for the recovery of the value of Covered Services rendered to a Member when such recovery would result from an action involving tort liability of a third party, recovery from the estate of deceased Member, or casualty liability insurance awards and uninsured motorist coverage. Hospital shall identify and notify CalOptima, within five (5) calendar days of discovery, which shall in turn notify DHCS, of any action by the CalOptima Member involving the Tort Workers' Compensation liability of a third party or estate recovery that could result in recovery by the CalOptima Member of funds to which DHCS has lien rights under Article 3.5 (commencing with Section 14124.70), Part 3, Division 9, Welfare and Institutions Code.

5. Records Related to Recovery for Litigation. [State Contract, Ex. A, Att. 6, § 12(B)(15), Ex. E, Att. 2, § 23]

5.1. Upon request by CalOptima, Hospital shall timely gather, preserve and provide to CalOptima, in the form and manner specified by CalOptima, any information specified by CalOptima, subject to any lawful privileges, in Hospital's or its Subcontractors' possession, relating to threatened or pending litigation by or against CalOptima or DHCS. If Hospital asserts that any requested documents are covered by a privilege, Hospital shall: 1) identify such privileged documents with sufficient particularity to reasonably identify the document while retaining the privilege; and 2) state the privilege being claimed that supports withholding production of the document. Such request shall include, but is not limited to, a response to a request for documents submitted by any party in any litigation by or against CalOptima or DHCS. Hospital acknowledges that time may be of the essence in responding to such request. Hospital shall use all reasonable efforts to immediately notify CalOptima of any subpoenas, document production requests, or requests for records, received by Hospital or its Subcontractors related to this Contract or Subcontracts entered into under this Contract.

5.2. In addition to the payments provided for elsewhere in this Contract, CalOptima agrees to pay Hospital for complying with Paragraph 5.1, above, as follows:

5.2.1. CalOptima shall reimburse Hospital amounts paid by Hospital to third parties for services necessary to comply with Paragraph 5.1. Any third party assisting Hospital with compliance with Paragraph 5.1 shall comply with all applicable confidentiality requirements. Amounts paid by Hospital to any third party for assisting Hospital in complying with Paragraph 5.1, shall not exceed normal and customary charges for similar services and such charges and supporting documentation shall be subject to review by CalOptima.

5.2.2. If Hospital uses existing personnel and resources to comply with Paragraph 5.1, CalOptima shall reimburse Hospital as specified below. Hospital shall maintain and provide to CalOptima time reports supporting the time spent by each employee as a condition of reimbursement. Reimbursement claims and supporting documentation shall be subject to review by CalOptima.

5.2.2.1. Compensation and payroll taxes and benefits, on a prorated basis, for the employees' time devoted directly to compiling information pursuant to Paragraph 5.1.

5.2.2.2. Costs for copies of all documentation submitted to CalOptima pursuant to paragraph 5.1, subject to a maximum reimbursement of ten (10) cents per copied page.

5.2.3. Hospital shall submit to CalOptima all information needed by CalOptima to determine reimbursement to Hospital under this provision, including, but not limited to, copies of invoices from third parties and payroll records.

6. Medical Records. [State Contract, Ex. A, Att. 4, § 13] All medical records shall meet the requirements of Section 1300.80(b)(4) of Title 28 of the California Code of Regulations, and Section 1936a(w) of Title 42 of the United States Code. Such records shall be available to health care providers at each encounter, in accordance with Section 1300.67.1(c) of Title 28 of the California Code of Regulations. Hospital shall ensure that an individual is delegated the responsibility of securing and maintaining medical records at each Participating Provider site.

7. Downstream Contracts. [State Contract, Ex. A, Att. 6, § 12(B)(9)] In the event that Hospital is allowed to subcontract for services under this Contract, and does so subcontract, then Hospital shall, upon request, provide copies of such Subcontracts to CalOptima or DHCS.

8. (This section left intentionally blank).

9. Changes in Availability or Location of Services. [State Contract, Ex. A, Att. 9, § 9] Any substantial change in the availability or location of services to be provided under this Contract requires the prior written approval of DHCS. Hospital's proposal to reduce or change the hours, days, or location at which the services are available shall be given to CalOptima at least 75 days prior to the proposed effective date. DHCS' denial of the proposal shall prohibit implementation of the proposed changes.

10. Confidentiality of Medi-Cal Members. [State Contract, Ex. D(F) § 13; Ex. E, Att. 2, § 19] Hospital and its employees, or agents shall protect from unauthorized disclosure the names and other identifying information concerning persons either receiving services pursuant to this Contract, or persons whose names or identifying information become available or are disclosed to Hospital, its employees, or agents as a result of services performed under this Contract, except for statistical information not identifying any such person. Hospital and its employees, or agents shall not use such identifying information for any purpose other than carrying out Hospital's obligations under this Contract.

Hospital and its employees, or agents shall promptly transmit to the CalOptima all requests for disclosure of such identifying information not emanating from the Member. Hospital shall not disclose, except as otherwise specifically permitted by this Contract or authorized by the Member, any such identifying information to anyone other than DHCS or CalOptima without prior written authorization from CalOptima. For purposes of this provision, identity shall include, but not be limited to, name, identifying number, symbol, or other identifying particular assigned to the individual, such as finger or voice print or a photograph.

Names of persons receiving public social services are confidential and are to be protected from unauthorized disclosure in accordance with Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted thereunder. For the purpose of this Contract, all information, records, data, and data elements collected and maintained for the operation of the Contract and pertaining to Members shall be protected by Hospital from unauthorized disclosure. Hospital may release Medical Records in accordance with applicable law pertaining to the release of this type of information. Contractor is not required to report requests for Medical Records made in accordance with applicable law. With respect to any identifiable information concerning a Member under this Contract that is obtained by Hospital, Hospital:

10.1. will not use any such information for any purpose other than carrying out the express terms of this Contract,

10.2. will promptly transmit to CalOptima all requests for disclosure of such information, except requests for Medical Records in accordance with applicable law,

10.3. will not disclose, except as otherwise specifically permitted by this Contract, any such information to any party other than DHCS or CalOptima without CalOptima's prior written authorization specifying that the information is releasable under Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted there under, and

10.4. will, at the termination of this Contract, return all such information to CalOptima or maintain such information according to written procedures sent to the Hospital by CalOptima for this purpose.

11. Debarment Certification. [State Contract, Ex. D(F), § 19] By signing this Contract, the Hospital agrees to comply with applicable Federal suspension and debarment regulations including, but not limited to 7 CFR 3017, 45 CFR 76, 40 CFR 32, or 34 CFR 85.

11.1. By signing this Contract, the Hospital certifies to the best of its knowledge and belief, that it and its principals:

11.1.1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;

11.1.2. Have not within a three-year period preceding this Contract have been convicted of or had a civil judgment rendered against them for commission

of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

11.1.3. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in Subprovision 11.1.2 herein; and

11.1.4. Have not within a three-year period preceding this Contract had one or more public transactions (Federal, State or local) terminated for cause or default.

11.1.5. Shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under Federal regulations (i.e., 48 CFR 9, subpart 9.4), debarred, suspended, declared ineligible, or voluntarily excluded from participation in such transaction, unless authorized by the State.

11.1.6. Will include a clause entitled, "Debarment and Suspension Certification" that essentially sets forth the provisions herein, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

11.2. If the Hospital is unable to certify to any of the statements in this certification, the Contractor shall submit an explanation to CalOptima.

11.3. The terms and definitions herein have the meanings set out in the Definitions and Coverage sections of the rules implementing Federal Executive Order 12549.

11.4. If the Hospital knowingly violates this certification, in addition to other remedies available to the Federal Government, CalOptima may terminate this Contract for cause or default.

12. DHCS Directions. [State Contract, Ex. E, Att. 2, § 15] If required by DHCS, Hospital shall cease specified activities for CalOptima Members, which may include, but are not limited to, referrals, assignment of beneficiaries, and reporting, until further notice from DHCS.

13. Air or Water Pollution Requirements. [State Contract, Ex. D(F), § 11] Any federally funded agreement and/or subcontract in excess of $100,000 must comply with the following provisions unless said agreement is exempt under 40 CFR 15.5. Hospital agrees to comply with all applicable standards, orders, or requirements issued under the Clean Air Act (42 USC 7401 et seq.), as amended, and the Federal Water Pollution Control Act (33 USC 1251 et seq.), as amended.

14. Lobbying Restrictions and Disclosure Certification. [State Contract, Ex. D(F), § 31]

14.1. (Applicable to federally funded contracts in excess of $100,000 per Section 1352 of the 31, U.S.C.)

14.2. Certification and Disclosure Requirements

14.2.1. Each person (or recipient) who requests or receives a contract, subcontract, grant, or subgrant, which is subject to Section 1352 of the 31, U.S.C., and which exceeds $100,000 at any tier, shall file a certification (in the form set forth in Attachment 1 to this Addendum 1, consisting of one page, entitled "Certification Regarding Lobbying") that the recipient has not made, and will not make, any payment prohibited by Subsection 14.3 of this provision.

14.2.2. Each recipient shall file a disclosure (in the form set forth in Attachment 2 to this Addendum 1, entitled "Standard Form-LLL 'disclosure of Lobbying Activities'") if such recipient has made or has agreed to make any payment using non-appropriated funds (to include profits from any covered federal action) in connection with a contract or grant or any extension or amendment of that contract or grant, which would be prohibited under Paragraph b of this provision if paid for with appropriated funds.

14.2.3. Each recipient shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affect the accuracy of the information contained in any disclosure form previously filed by such person under Paragraph 14.2.2 herein. An event that materially affects the accuracy of the information reported includes:

14.2.3.1. A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered federal action;

14.2.3.2. A change in the person(s) or individuals(s) influencing or attempting to influence a covered federal action; or

14.2.3.3. A change in the officer(s), employee(s), or member(s) contacted for the purpose of influencing or attempting to influence a covered federal action.

14.2.4. Each person (or recipient) who requests or receives from a person referred to in Paragraph 14.2.1 of this provision a contract, subcontract, grant or subgrant exceeding $100,000 at any tier under a contract or grant shall file a certification, and a disclosure form, if required, to the next tier above.

14.2.5. All disclosure forms (but not certifications) shall be forwarded from tier to tier until received by the person referred to in Paragraph 14.2.1 of this provision. That person shall forward all disclosure forms to DHCS program contract manager.

14.3. Prohibition—Section 1352 of Title 31, U.S.C., provides in part that no appropriated funds may be expended by the recipient of a federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered federal actions: the awarding of any federal contract, the making of any federal grant, the making of any federal loan, entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

15. Additional Subcontracting Requirements. [State Contract, Ex. A, §12(B)(11)]

15.1. Hospital shall ensure that all Subcontracts are in writing and require that the Hospital and its Subcontractors:

15.1.1. Make all premises, facilities, equipment, applicable books, records, contracts, computer, or other electronic systems related to this Contract, available at all reasonable times for audit, inspection, examination, or copying by CalOptima, DHCS, CalOptima's Regulators, and/or DOJ, or their designees.

15.1.2. Retain such books and all records and documents for a term minimum of at least ten (10) years from the final date of the State Contract period or from the date of completion of any audit, whichever is later.

15.2. Hospital shall require all Subcontracts that relate to the provision of Medi-Cal Covered Services to Members pursuant to the Contract include the following:

15.2.1. Services to be provided by the Subcontractor, term of the Subcontract (beginning and ending dates), methods of extension, renegotiation, termination, and full disclosure of the method and amount of compensation or other consideration to be received by the Subcontractor.

15.2.2. Subcontract or its amendments are subject to DHCS approval as provided in the State Contract, and the Subcontract shall be governed by and construed in accordance with all laws and applicable regulations governing the State Contract.

15.2.3. An agreement requiring Subcontractor to sign a Declaration of Confidentiality pursuant to Section 6.5.3 or the Contract, which shall be signed and filed with DHCS prior to the Subcontractor being allowed access to computer files or any other data or files, including identification of Members.

15.2.4. An agreement that the assignment or delegation of the Subcontract will be void unless prior written approval is obtained pursuant to Section 21 of this Addendum 1.

15.2.5. An agreement to submit provider data, encounter data, and reports related to the Subcontract in accordance with Sections 2.36 and 6.6 of the Contract, and to gather, preserve, and provide any records in the Subcontractor's possession in accordance with Section 5 and 22 of this Addendum 1.

15.2.6. An agreement to make all premises, facilities, equipment, books, records, contracts, computer, and other electronic systems of the Subcontractor pertaining to the goods and services furnished by Subcontractor under the Subcontract, available for purpose of an audit, inspection, evaluation, examination, or copying, in accordance with Section 6.1 of the Contract and Sections 2 and 16 of this Addendum 1.

15.2.7. An agreement to maintain and make available to DHCS, CalOptima, and/or Hospital, upon request, all sub-subcontracts related to the Subcontract, and eto ensure all sub-contractors are in writing and require the sub-subcontractors to comply with the requirements set forth in Section 15.1 of this Addendum 1.

15.2.8. An agreement to comply with CalOptima's Compliance Program (including, without limitations, CalOptima Policies), all applicable requirements or the DHCS Medi-Cal Managed Care Program, and all monitoring provisions and requests set forth in Section 17 of this Addendum 1.

15.2.9. An agreement to assist Hospital and/or CalOptima in the transfer of care of a Member in the event of termination of the State Contract or the Contract for any reason, in accordance with Section 19 of this Addendum 1, and in the event of termination of the Subcontract for any reason.

15.2.10. An agreement to hold harmless the State, Members, and CalOptima in the event the Hospital cannot or will not pay for services performed by the Subcontractor pursuant to the Subcontract, and to prohibit Subcontractors from balance billing a Member as set forth in Section 4.6 of the Contract.

15.2.11. An agreement to notify DHCS in the manner provided in Section 7.11 of the Contract in the event the Subcontract is amended or terminated.

15.2.12. An agreement to the provision of interpreter services to Members at all provider sites as set forth in Section 2.29 of the Contract, to comply with the language assistance standards developed pursuant to Health and Safety Code section 1367.04, and to the requirements for cultural and linguistic sensitivity as set forth in Section 2.28 or the Contract.

15.2.13. Subcontractor shall have access to CalOptima's dispute resolution mechanism in accordance with Section 8.1 of the Contract for issues arising under the Subcontract related to the provision of Medi-Cal services to CalOptima Medi-Cal members, as provided in CalOptima Policies relative to the Medi-Cal Program, and excluding any contract

disputes between Hospital and Subcontractor, particularly regarding, but not limited to, payment for services under the Subcontract.

15.2.14. An agreement to participate and cooperate in quality improvement system as set forth in Section 2.25 of the Contract, and to the revocation of the delegation of activities or obligations under the Subcontract or other specified remedies in instances where DHCS, CalOptima and/or Hospital determines that the Subcontractor has not performed satisfactorily.

15.2.15. If and to the extent Subcontractor is responsible for the coordination of care of Members, an agreement to comply with Section 25 of this Addendum 1 and Section 6.5.3 of the Contract.

15.2.16. An agreement by the Hospital to notify the Subcontractor of prospective requirements and the Subcontractor's agreement to comply with the new requirements, in accordance with Section 7.7. of the Contract.

15.2.17. An agreement for the establishment and maintenance of and access to medical and administrative records as set forth in Sections 6.2 and 6.3 of the Contract and Sections 1, 3 and 6 of this Addendum 1.

15.2.18. An agreement that Subcontractors shall notify Hospital of any investigations into Subcontractor's professional conduct, or any suspension of or comment on a Subcontractor's professional licensure, whether temporary or permanent.

16. State's Right to Monitor. Authorized State and Federal agencies will have the right to monitor, inspect or otherwise evaluate all aspects of the Hospital's operation for compliance with the provisions of this Contract and applicable Federal and State laws and regulations. Such monitoring, inspection or evaluation activities will include, but are not limited to, inspection and auditing of Hospital, Subcontractor, and provider facilities, management systems and procedures, and books and records as the Director of DHCS deems appropriate, at anytime, pursuant to 42 CFR Section 438.3(h). The monitoring activities will be either announced or unannounced. To assure compliance with the Contract and for any other reasonable purpose, the State and its authorized representatives and designees will have the right to premises access, with or without notice to the Hospital. This will include the MIS operations site or such other place where duties under the Contract are being performed. Staff designated by authorized State agencies will have access to all security areas and the Hospital will provide, and will require any and all of its subcontractors to provide, reasonable facilities, cooperation and assistance to State representative(s) in the performance of their duties. Access will be undertaken in such a manner as to not unduly delay the work of the Hospital and/or the subcontractor(s).

17. Hospital shall comply with all monitoring provisions of this Contract and the State Contract between CalOptima and DHCS, and any monitoring requests by CalOptima and DHCS.

18. Hospital shall comply with language assistance standards developed pursuant to Health & Safety Code Section 1367.04.

19. Prior to the termination or expiration of this Contract, including termination due to termination or expiration of CalOptima's State Contract, and upon request by DHCS or CalOptima to assist in the orderly transfer of Members' medical care and all necessary data and history records to DHCS or a successor State contractor, the Hospital shall make available to DHCS and/or CalOptima copies of medical records, patient files, and any other pertinent information, including information maintained by any Subcontractor necessary for efficient case management of Members, and the preservation, to the extent possible, of Member-Provider relationships. Costs of reproduction shall be borne by DHCS and CalOptima, as applicable.

20. This Contract shall be governed by and construed in accordance with all laws and applicable regulations governing the State Contract between CalOptima and DHCS.

21. Hospital agrees that the assignment or delegation of this Contract or Subcontract, either in whole or in part, will be void unless prior written approval is obtained from DHCS and CalOptima, as applicable, provided that approval may be withheld in their sole and absolute discretion. For purposes of this Section, and with respect to this Contract and any Subcontracts, as applicable, an assignment constitutes any of the following: (i) the change of more than twenty-five percent (25%) of the ownership or equity interest in Hospital or Subcontractor (whether in a single transaction or in a series of transactions); (ii) the change or more than twenty-five percent (25%) of the directors of trustees of Hospital of Subcontractor; (iii) the merger, reorganization, or consolidation of Hospital or Subcontractor, with another entity with respect to which Hospital or Subcontractor is not the surviving entity; and/or (iv) a change in the management of Hospital or Subcontractor from management by persons appointed, elected or otherwise selected by the governing body of Hospital or Subcontractor (e.g., the Board of Directors) to a third-party management person, company, group, team or other entity.

22. Hospital further agrees to timely gather, preserve, and provide to DHCS any records in the Hospital's or its Subcontractor's possession, in accordance with the State Contract, Exhibit E, Attachment 2, "Records Related to Recovery for Litigation" Provision.

23. Hospital agrees to assist CalOptima in the transfer of care in the event of any Subcontract termination for any reason.

24. Notwithstanding anything in this Contract to the contrary, Hospital shall be entitled to the protections of the Health Care Providers' Bill of Rights, California Health and Safety Code section 1375.7, in the administration of this Contract relative to the Medi-Cal program.

25. If and to the extent that the Hospital is responsible for the coordination of care for Members, CalOptima shall share with Hospital, in accordance with the appropriate Declaration of Confidentiality signed by Hospital and filed with DHCS, any utilization data that DHCS has provided to CalOptima, and Hospital shall receive the utilization data provided by CalOptima and use it as the Hospital is able for the purpose of Members care coordination.

26. Hospital shall hold harmless both the State and Members in the event that CalOptima cannot or will not pay for services performed by the Hospital pursuant to the Contract.

Addendum 1--Attachment 1

STATE OF CALIFORNIA
DEPARTMENT OF HEALTH CARE SERVICES

CERTIFICATION REGARDING LOBBYING

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making, awarding or entering into of this Federal contract, Federal grant, or cooperative agreement, and the extension, continuation, renewal, amendment, or modification of this Federal contract, grant, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency of the United States Government, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, “Disclosure of Lobbying Activities" in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontractors, subgrants, and contracts under grants and cooperative agreements) of $100,000 or more, and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S.C., any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime federal recipients at the initiation or receipt of a covered federal action, or a material change to a previous filing, pursuant to Title 31, U.S.C., Section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered federal action. Use the SF - LLL- A Continuation Sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

Identify the type of covered federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered federal action.

Identify the status of the covered federal action.

Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered federal action.

Enter the full name, address, city, state, and ZIP code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants, and contract awards under grants.

If the organization filing the report in Item 4 checks "Subawardee," then enter the full name, address, city, state, and ZIP code of the prime federal recipient. Include Congressional District, if known.

Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation United States Coast Guard.

Enter the federal program name or description for the covered federal action (Item 1). If known, enter the full Catalog of Federal Domestic Assistance (CDFA) number for grants, cooperative agreements, loans, and loan commitments.

Enter the most appropriate federal identifying number available for the federal action identified in Item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract grant, or loan award number; the application/proposal control number assigned by the federal agency). Include prefixes, e.g., "RFP-DE-90401."

For a covered federal action where there has been an award or loan commitment by the federal agency, enter the federal amount of the award/loan commitment for the prime entity identified in Item 4 or 5.

10. (a) Enter the full name, address, city, state, and ZIP code of the lobbying entity engaged by the reporting entity identified in Item 4 to influence the covered federal action.

10. (b) Enter the full names of the Individual(s) performing services and include full address if different from 10.(a). Enter last name, first name, and middle initial (MI).

Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (Item 4) to the lobbying entity (Item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.

Check the appropriate box(es). Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.

Check the appropriate box(es). Check all boxes that apply. If other, specify nature.

Provide a specific and detailed description of the services that the lobbyist has performed, or will be expected to perform, and the date(s) of any services rendered. Include all preparatory and related activity, not just time spent in actual contact with federal officials, identify the federal official(s) or employee(s) contacted or the officer(s), employee(s), or Member(s) of Congress that were contacted.

Check whether or not a SF-LLL-A Continuation Sheet(s) is attached.

The certifying official shall sign and date the form, print his/her name, title, and telephone number.

ADDENDUM 2
MEDICARE ADVANTAGE PROGRAM
(ONECARE)

The following additional terms and conditions apply to items and services furnished to Members under the CalOptima Medicare Advantage Program (OneCare):

1. Record Retention. Hospital agrees to retain books, records, Member medical, Subcontractor and other records for at least ten (10) years from the final date of the Contract, or from the completion of any audit, whichever is later unless a longer time is required under MA regulations.

2. Right of Inspection, Evaluation, Audit of Records. Hospital and its Subcontractors agree to maintain and make available contracts, books, documents, and records involving transactions related to the Contract to CalOptima, DMHC, HHS, the Comptroller General, the U.S. General Accounting Office ("GAO"), any Quality Improvement Organization ("QIO") or accrediting organizations, including NCQA, and other representatives of regulatory or accrediting organizations or their designees to inspect, evaluate, and audit for ten (10) years from the final date of the Contract period or from the date of completion of any audit, whichever is later. For purposes of utilization management, quality improvement and other CalOptima administrative purposes, CalOptima and officials referred to above, shall have access to, and copies of, at reasonable time upon request, the medical records, books, charts, and papers relating to the Hospital's provision of health care services to Members, the cost of such services, and payments received by Hospital from Members (or from others on their behalf). Medical records shall be provided at no charge to Members or CalOptima.

3. Accountability Acknowledgement. Hospital further agrees and acknowledges that CalOptima oversees and is accountable to CMS for functions or responsibilities described in MA regulations; that CalOptima may only delegate activities or functions in a manner consistent with the MA program delegation requirements; and that any services or other activities performed by Hospital pursuant to the Contract are consistent and comply with CalOptima's contractual obligations with CMS and adhere to delegation requirements set forth by MA statutes, regulations and/or other guidance. Where delegated responsibilities are identified in this Contract, the following shall apply:

    3.1. Delegation by CalOptima. Hospital warrants that it meets CalOptima delegation criteria set forth in the Attachment to this Contract and agrees to accept delegated responsibility for those listed activities. Hospital agrees to perform the delegated activities in a manner consistent with the delegation criteria. Hospital agrees to notify CalOptima of any change in its eligibility under the delegation criteria within twenty-four (24) hours from the date it fails to meet such delegation criteria. Hospital acknowledges that delegation to another entity does not alter Hospital's ultimate obligations and responsibilities set forth in this Contract. Hospital acknowledges and agrees that CalOptima retains final authority and responsibility for activities delegated under this Contract. Activities not expressly

delegated herein by CalOptima or for which delegation is terminated are the responsibility of CalOptima.

3.2. Reports on Delegated Activities. Hospital agrees to provide CalOptima with periodic reports on delegated activities performed by Hospital as provided in the delegation criteria. The report shall be in a form and contain such information as shall be agreed upon between the parties. Hospital agrees to take those corrective actions identified by CalOptima through the audit review process.

3.3. CalOptima Oversight of Delegation. The delegation of the functions and responsibilities stated herein does not relieve CalOptima of any of its accountability to CMS and obligations to its Members under applicable law. CalOptima is authorized to perform and remains liable for the performance of such obligations, notwithstanding any delegation of some or all of those obligations by Hospital, which will be monitored by CalOptima on an ongoing basis. In the event Hospital breaches its obligation to perform any delegated duties, CalOptima shall have all remedies set forth in this Contract, including, but not limited to, penalties or termination of the delegation of such functions to Hospital as set forth in this Contract. Moreover, CalOptima shall have the right to require Hospital to terminate any Subcontracting Hospital for good cause, including but not limited to breach of its obligations to perform any delegated duties.

3.4. Review of Credentials. Hospital shall ensure that the credentials of medical professionals affiliated with the Hospital are reviewed by it. Hospital agrees that CalOptima will review and approve Hospital's credentialing process on ongoing basis.

4. COB Requirements.

(a) MSP Obligations. Hospital agrees to comply with MSP requirements. Hospital shall coordinate with CalOptima for proper determination of COB and to bill and collect from other payers and third party liens such charges for which the other payer is responsible. Hospital agrees to establish procedures to effectively identify, at the time of service and as part of their claims payment procedures, individuals and services for which there may be a financially responsible party other than MA Program. Hospital will bill and collect from other payers such amounts for Covered Services for which the other payer is responsible.

(b) Hospital Authority to Bill Third Party Payers. Hospital may bill other individuals or entities for Covered Services for which Medicare is not the primary payer, as specified herein. If a Medicare Member receives from Hospital Covered Services that are also covered under State or Federal workers' compensation, any no-fault insurance, or any liability insurance policy or plan, including a self-insured plan, Hospital may bill any of the following— (1) the insurance carrier, the employer, or any other entity that is liable for payment for the services under Section 1862(b) of the Act and 42 C.F.R. part 411 or (2) the Medicare enrollee, to the

extent that he or she has been paid by the carrier, employer, or entity for covered medical expenses.

5. Reporting Requirements. Hospital shall comply with CalOptima's reporting requirements in order that it may meet the requirements set forth in MA laws and regulations for submitting encounter and other data including, without limitation, 42 CFR § 422.516. Hospital also agrees to furnish medical records that may be required to obtain any additional information or corroborate the encounter data.

6. Submission and Prompt Payment of Claims. Hospital agrees to submit claims to CalOptima in such format as CalOptima may require (but at minimum the CMS forms 1500, UB 92 or other form as appropriate) within ninety (90) days after the services are rendered. CalOptima reserves the right to deny claims that are not submitted within ninety (90) days of the date of service, except where Hospital bills a third party payor as primary. Hospital agrees to refrain from duplicate billing any claims submitted to CalOptima, unless expressly approved by CalOptima in order to process coordination of benefit claims. CalOptima shall provide payment to Hospital within forty-five (45) business days of CalOptima's receipt of a clean and uncontested claim from Hospital, or, CalOptima will contest or deny Hospital's claim within forty-five (45) business days following CalOptima's receipt thereof.

7. Provider Terminations. In the event a provider intending to become a Participating Provider is denied medical staff privileges at the Hospital or a Participating Provider is suspended or removed from the medical staff, Hospital shall provide the provider with written notice of the reason for the action as required by Federal and State laws. In the event Hospital terminates a Participating Provider's medical staff membership for deficiencies in the quality of care provided, Hospital shall give notice of the action to the appropriate licensing and disciplinary agencies.

8. Prohibited Interference With Enrollment Relationships. Hospital agrees that it will not: (a) violate any laws and regulations governing the solicitation of CalOptima Enrollees; (b) encourage or seek to have an Enrollee disenroll from CalOptima and/or enroll in (i) another health maintenance organization, including one in which Hospital has an ownership interest, (ii) another managed care plan, (iii) a case management arrangement, or (iv) any other similar arrangement, including any other arrangement in which Hospital has a direct or indirect ownership interest (collectively referred to as "Alternative Care Plan"); and/or (c) interfere with the enrollment of CalOptima Enrollees. Any such activity would constitute a material breach of this contract. The provisions of this Section shall apply to all Hospital employees and subsidiaries and affiliates of Hospital, including any such arrangements established after the Effective Date of this Contract. Nothing in this Section shall prohibit Hospital from providing information to the public as to its affiliation with an Alternative Care Plan, so long as such activities do not include any of the prohibited activities set forth above. Both parties agree that if a dispute arises as to whether there has been a breach of this Section it shall be resolved in accordance with the dispute resolution section of this Agreement, set forth in Article XIII.

9. Medical Decision-Making. It is not the intention of CalOptima to use the preauthorization and approval provisions set forth herein as a device by which it may practice medicine. Rather, the authorization and approval procedures are used to make benefit and coverage determinations so that the Member and Participating Providers know, before a course of treatment is initiated, that such course of treatment is covered in full, in part or not at all. If a course of treatment is not covered, *e.g.*, not approved, such determination is not intended to suggest that the course of treatment is medically inappropriate. CalOptima will notify the attending Physician (Specialist Physician) and, if applicable; the primary care physician, of a denial of coverage; however, Physicians and/or Hospital may choose to provide such course of treatment, so long as prior written notice is given to the Member that the course of treatment is not covered by CalOptima. Hospital may bill a Member for Non-Covered Services, but may not bill a Member for Covered Services which are not Medically Necessary.

10. Retroactive Denials of Payment and Recoupment. When CalOptima is notified of retroactive disenrollments of Members, or when CalOptima obtains information or data that contradicts its reliance that caused its authorization for Hospital Services, CalOptima may retroactively deny Hospital Services furnished to Members, and shall send immediate written notice of such denial to Hospital. Hospital shall recognize CalOptima's immediate right to recovery for retroactively disenrolled Members who were disenrolled no earlier than thirty (30) days prior to the date of service at the Hospital, and shall refund contested paid claims within forty-five (45) working days of notice from CalOptima. CalOptima may recoup, per CalOptima policy, any such amounts in the event that Hospital does not repay such amounts as provided above. Other than as provided for above, should the Hospital follow correct CalOptima authorization procedures, and Hospital receives an authorization from CalOptima to provide Hospital Services to a Member, CalOptima shall be liable to reimburse Hospital per the terms and conditions of this Contract. Under no circumstances shall payment be denied for such previously authorized services based on retroactive Medical Necessity determinations. This clause shall not be construed to limit CalOptima's right to recoup payments made to the Hospital on any other basis for which recoupment is appropriate.

11. Use of Hospital Name. CalOptima may use Hospital's name for advertising/marketing purposes, but may not use Hospital's trademarks or logos without prior written permission.

ADDENDUM 3

CAL MEDICONNECT PROGRAM REQUIREMENTS

The following additional terms and conditions apply to items and services furnished to Members under the CalOptima Cal MediConnect Program. These terms and conditions are additive to those contained in the main Contract. In the event that these terms and conditions conflict with those in the main Contract, these terms and conditions shall prevail.

1. Hospital shall provide services or perform other activity pursuant in the Contract in accordance with (i) applicable DHCS and CMS laws, regulations and instructions, including, but not limited to 42 CFR Sections 422.504, 423.505, 438.3(k), and 438.414, (ii) contractual obligations with CalOptima, and (iii) CalOptima's contractual obligations to CMS and DHCS, .

2. Hospital shall (i) safeguard Enrollee privacy and confidentiality of Enrollee (ii) comply with all Federal and State laws and regulations regarding confidentiality and disclosure of medical records, or other health and enrollment information, (iii) ensure that medical information is released only in accordance with applicable Federal or State law, or pursuant to court orders or subpoenas, (iv) maintain the records and information in an accurate and timely manner, (v) ensure timely access by Enrollees to the records and information that pertain to them, and (vi) comply with all DHCS and CMS confidentiality requirements.

3. The performance of the Hospital and its Downstream Entities is monitored by CalOptima on an ongoing basis and CalOptima may impose corrective action as necessary. Hospital shall comply with all CalOptima and DHCS monitoring of performance and any monitoring requests by CalOptima and DHCS.

4. Hospital shall also allow CalOptima to use performance data for purposes including, but not limited to, quality improvement activities, monitoring, and, public reporting to consumers as identified in CalOptima policy.

5. Hospital shall submit timely and accurate encounter data and other data and reports required by CalOptima and CalOptima's Regulators as provided in this Contract and in CalOptima's Policies.

6. Hospital acknowledges and agrees that medical providers' Emergency Medical Treatment and Active Labor Act (EMTALA) obligations shall not create any conflicts with Hospital actions required to comply with EMTALA.

7. Hospital shall comply with CalOptima Policies including, without limitation, the requirements set forth herein related to linguistic and cultural sensitivity. Hospital shall address the special health needs of Members who are members of specific ethnic and cultural populations, such as, but not limited to, Vietnamese and Hispanic persons. Hospital shall, in its policies, administration, and services, practice the values of (i) honoring the Members' beliefs, traditions and customs; (ii) recognizing individual

differences within a culture; (iii) creating an open, supportive and responsive organization in which differences are valued, respected and managed; and (iv) through cultural diversity training, fostering in staff and Subcontractors attitudes and interpersonal communication styles that respect Members' cultural and ethnic backgrounds. Hospital shall provide translation of written materials in the Threshold Languages and Concentration Languages identified by CalOptima at no higher than the sixth (6^{th}) grade reading level.

8. Hospital shall not close or limit their practice or acceptance of CalOptima Members as patients unless the same limitations apply to all commercially insured Members as well.

9. Hospital shall not be prohibited from communicating or advocating on behalf of a Member who is a prospective, current, or former patient of the Hospital. Hospital may freely communicate the provisions, terms or requirements of CalOptima's health benefit plans as they relate to the needs of such Member; or communicate with respect to the method by which such Hospital is compensated by CalOptima for services provided to the Member. CalOptima will not refuse to contract or pay Hospital for the provision of covered services under the CalOptima Cal MediConnect Program solely because Hospital has in good faith communicated or advocated on behalf of a Member as set forth above.

10. CMS Participation Requirements. Provider represents and warrants that: (i) neither Provider nor any of its employees or agents furnishing services under this Contract are excluded from participating in any federal or state healthcare program as defined in 42 U.S.C. Section 1320a-7b(f) ("Federal Health Care Program(s)"); (ii) Provider has not arranged or contracted with (by employment or otherwise) with any employee, contractor or agent that Provider knows or should know are excluded from participation in Federal Health Care Programs; (iii) no action is pending against Provider or any of its employees or agents performing services under this Contract to suspend or exclude such persons or entities from participation in any Federal Health Care Program; and (iv) Provider agrees to immediately notify CalOptima in the event that it learns that it is or has employed or contacted with a person or entity that is excluded from participation in any Federal Health Care Program. In the event Provider fails to comply with the above, CalOptima reserves the right to require Provider to pay immediately to CalOptima, the amount of any sanctions or other penalties that may be imposed on CalOptima by DHCS and/or CMS for violation of this prohibition, and shall be responsible for any resulting overpayments.

11. Downstream Entity Contracts.

11.1. If any services under this Contract are to be provided by a Downstream Entity on behalf of Hospital, Hospital shall ensure that such subcontracts are in compliance with 42 CFR Sections 422.504, 423.505, , 438.3(k), 438.414 and 438.6(1). Such subcontracts shall include all language required by DHCS and CMS as provided in this Contract, including but not limited to, the following:

11.1.1. An agreement that any services or other activity performed under the subcontract shall comply with Section 1 of this Addendum 3 and Section 2.32 of the Contract.

11.1.2. An agreement to (i) Enrollee financial protections in accordance with Section 4.6 of the Contract, including prohibiting Downstream Entities from holding an Enrollee liable for payment of any fees that are the obligation of the Hospital, and (ii) safeguard Enrollee privacy and confidentiality of Enrollee health records.

11.1.3. An agreement to comply with the inspection, evaluation, and/or auditing requirements of Section 12 of this Addendum 3 and the reporting requirements of Section 5 of this Addendum 3.

11.1.4. An agreement to (i) the revocation of the delegation activities and related reporting requirements or other specified remedies in accordance with Section 13 of this Addendum 3 and 2.27 of the Contract, and (ii) monitoring and corrective action in accordance with Section 3 of this Addendum 3.

11.1.5. If the subcontract is for credentialing of medical providers, an agreement to the requirements of Section 14 of this Addendum 3.

11.1.6. An agreement to provide a written statement to provider of the reason(s) for termination for cause as set forth in Section 15 of this Addendum 3.

11.2. In addition to Section 11.1 of this Addendum 3, Hospital shall further ensure any subcontracts with its Downstream Entities for medical providers include the following:

11.2.1. Term of the subcontract (beginning and ending dates), methods of extension, renegotiation, termination, and full disclosure of the method and amount of compensation or other consideration to be received from the Hospital.

11.2.2. An agreement that the contracted medical providers are paid under the terms of the Subcontract, including but not limited to, a mutually agreeable prompt payment provision.

11.2.3. An agreement that services are provided in a culturally competent manner to all Enrollees, including those with limited English proficiency or reading skills, and diverse cultural and ethnic backgrounds, in accordance with Section 7 of this Addendum 3.

11.2.4. An agreement to comply with (i) the confidentiality requirements of Enrollee records and information in accordance with Section 2 of this Addendum 3, and (ii) EMTALA obligations as set forth in Section 6 of this Addendum 3.

11.2.5. An agreement that (i) providers shall not close or otherwise limit their acceptance of Enrollees as patients unless the same limitations apply to all

commercially insured enrollees, and (ii) Enrollees shall not be held liable for Medicare Part A and B cost sharing in accordance with Section 4.6.1 of the Contract and Section 20 of this Addendum.

11.2.6. An agreement regarding (i) provider communication or advocacy on behalf of Members as set forth in Section 9 of this Addendum 3, and (ii) specified circumstances where indemnification is not required by provider as set forth in Section 17 of this Addendum 3.

11.2.7. An agreement that the medical provider assist the Hospital and/or CalOptima in the transfer of care of a Member in accordance with Section 16 of this Addendum.

11.2.8. An agreement (i) that the assignment or delegation of the subcontract will be void unless prior written approval is obtained pursuant to Section 18 of this Addendum 3, and (ii) to notify DHCS in the manner set forth in Section 7.11 of the Contract in the event the subcontract is amended or terminated.

11.2.9. An agreement to (i) gather, preserve, and provide records as set forth in Section 19 of Addendum 3, and (ii) provider's right to submit a grievance in accordance with Section 8.1 of the Contract.

11.2.10. An agreement to (i) participate and cooperate in quality improvement system as set forth in Section 2.25 of the Contract, and (ii) the provision of interpreter services for Enrollees at all provider sites in accordance with Section 2.29 of the Contract.

12. Right of Inspection, Evaluation, and Audit of Records. Hospital and its Downstream Entities agree to maintain and make available contracts, books, documents, records, computer, other electronic systems, medical records, and any pertinent information related to the Contract to CalOptima, DMHC, HHS, the Comptroller General, the U.S. General Accounting Office ("GAO"), any Quality Improvement Organization ("QIO") or accrediting organizations, including NCQA, and other representatives of regulatory or accrediting organizations or their designees to inspect, evaluate, and audit for ten (10) years from the final date of the Contract period or from the date of completion of any audit, whichever is later. For purposes of utilization management, quality improvement and other CalOptima administrative purposes, CalOptima and officials referred to above, shall have access to, and copies of, at reasonable time upon request, the medical records, books, charts, and papers relating to the Hospital's provision of health care services to Members, the cost of such services, and payments received by Hospital from Members (or from others on their behalf). Medical records shall be provided at no charge to Members or CalOptima.

13. Hospital and its Downstream Entities agree to the revocation of the delegation of activities or obligations and related reporting requirements or other remedies set forth in Section 2.27 of the Contract in instances where CMS, DHCS, and/or CalOptima

determines that the Hospital and/or its Downstream Entities have not performed satisfactorily.

14. Review of Credentials. Hospital shall ensure that the credentials of medical professionals affiliated with the Hospital are reviewed by it. Hospital agrees that CalOptima will review, approve, and audit Hospital's credentialing process on ongoing basis.

15. Provider Terminations. In the event a provider intending to become a Participating Provider is denied medical staff privileges at the Hospital or a Participating Provider is suspended or removed from the medical staff, Hospital shall provide the provider with written notice of the reason for the action as required by Federal and State laws. In the event Hospital terminates a Participating Provider's medical staff membership for deficiencies in the quality of care provided, Hospital shall give notice of the action to the appropriate licensing and disciplinary agencies.

16. In addition to Section 2.7 of the Contract, Hospital agrees to assist CalOptima in the transfer of care of a Member. Hospital shall further assist CalOptima in the transfer of care of a Member in the event of Subcontract termination for any reason.

17. Hospital is not required to indemnify CalOptima for any expenses and liabilities, including, without limitation, judgments, settlements, attorneys' fees, court costs and any associated charges, incurred in connection with any claim or action brought against CalOptima based on CalOptima's management decisions, utilization review provisions, or other policies, guidelines, or actions relative to CalOptima Cal MediConnect Program.

18. Assignment or Delegation. Hospital agrees that the assignment or delegation of this Contract or subcontract, either in whole or in part, will be void unless prior written approval is obtained from DHCS and CalOptima, as applicable, provided that approval may be withheld in their sole and absolute discretion. For purposes of this Section, and with respect to this Contract and any subcontracts, as applicable, an assignment constitutes any of the following: (i) the change of more than twenty-five percent (25%) of the ownership or equity interest in Hospital or Downstream Entity (whether in a single transaction or in a series of transactions); (ii) the change of more than twenty-five percent (25%) of the directors of trustees of Hospital or Downstream Entity; (iii) the merger, reorganization, or consolidation of Hospital or Downstream Entity, with another entity with respect to which Hospital or Downstream Entity is not the surviving entity; and/or (iv) a change in the management of Hospital or Downstream Entity from management by persons appointed, elected or otherwise selected by the governing body of Hospital or Downstream Entity (e.g., the Board of Directors) to a third-party management person, company, group, team or other entity.

19. Hospital agrees to timely gather, preserve, and provide to DHCS or CalOptima, as applicable, any records in the Hospital's or its Subcontractor's possession.

20. In addition to Section 4.6.1 of the Contract, Hospital acknowledges and agrees that Medicare Parts A and B services shall be provided at zero-cost sharing to Enrollees.

Addendum 3--Attachment 1

STATE OF CALIFORNIA
DEPARTMENT OF HEALTH CARE SERVICES

CERTIFICATION REGARDING LOBBYING

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making, awarding or entering into of this Federal contract, Federal grant, or cooperative agreement, and the extension, continuation, renewal, amendment, or modification of this Federal contract, grant, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency of the United States Government, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, “Disclosure of Lobbying Activities" in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontractors, subgrants, and contracts under grants and cooperative agreements) of $100,000 or more, and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S.C., any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime federal recipients at the initiation or receipt of a covered federal action, or a material change to a previous filing, pursuant to Title 31, U.S.C., Section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered federal action. Use the SF - LLL-A Continuation Sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

Identify the type of covered federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered federal action.

Identify the status of the covered federal action.

Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered federal action.

Enter the full name, address, city, state, and ZIP code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants, and contract awards under grants.

If the organization filing the report in Item 4 checks "Subawardee," then enter the full name, address, city, state, and ZIP code of the prime federal recipient. Include Congressional District, if known.

Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation United States Coast Guard.

Enter the federal program name or description for the covered federal action (Item 1). If known, enter the full Catalog of Federal Domestic Assistance (CDFA) number for grants, cooperative agreements, loans, and loan commitments.

Enter the most appropriate federal identifying number available for the federal action identified in Item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract grant, or loan award number; the application/proposal control number assigned by the federal agency). Include prefixes, e.g., "RFP-DE-90401."

For a covered federal action where there has been an award or loan commitment by the federal agency, enter the federal amount of the award/loan commitment for the prime entity identified in Item 4 or 5.

10. (a) Enter the full name, address, city, state, and ZIP code of the lobbying entity engaged by the reporting entity identified in Item 4 to influence the covered federal action.
10. (b) Enter the full names of the Individual(s) performing services and include full address if different from 10.(a). Enter last name, first name, and middle initial (MI).

Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (Item 4) to the lobbying entity (Item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.

Check the appropriate box(es). Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.

Check the appropriate box(es). Check all boxes that apply. If other, specify nature.

Provide a specific and detailed description of the services that the lobbyist has performed, or will be expected to perform, and the date(s) of any services rendered. Include all preparatory and related activity, not just time spent in actual contact with federal officials, identify the federal official(s) or employee(s) contacted or the officer(s), employee(s), or Member(s) of Congress that were contacted.
Check whether or not a SF-LLL-A Continuation Sheet(s) is attached.

The certifying official shall sign and date the form, print his/her name, title, and telephone number.

ADDENDUM 4
PACE PROGRAM REQUIREMENTS

The terms and requirements of this Addendum 4 shall apply for services provided by Provider to Members who are enrolled in the CalOptima PACE program only.

1. State Approval and Termination.

   1.1. This Addendum to the Contract shall not become effective until approved in writing by the California Department of Health Care Services (DHCS) and Centers for Medicare and Medicaid Services, (CMS), or by operation of law where DHCS and CMS have acknowledged receipt, verbally or in writing, and has failed to approve or disapprove the proposed contract within sixty (60) days of receipt.

   1.2. Amendments to this Contract and amendments to any subcontract agreements between Provider and subcontractor shall be submitted to DHCS for prior approval at least thirty (30) days before the effective date of any proposed changes governing compensation, services, or term. Proposed changes which are neither approved nor disapproved by DHCS shall become effective by operation of law within thirty (30) days after DHCS has acknowledged receipt, or upon the date specified in the amendment, whichever is later.

   1.3. CalOptima may terminate this Contract as it applies to providing services to CalOptima PACE participants if CalOptima's PACE Agreement or State Medi-Cal contract is terminated for any reason. CalOptima shall notify Provider of any such termination immediately upon its provision of notice of termination of the PACE Agreement or State Medi-Cal contract, or upon receipt of a notice of termination of the PACE Agreement from DHCS/CMS, or the State Medi-Cal Contract from DHCS.

2. Provider's Responsibilities applicable to providing services to CalOptima PACE enrollees.
   Provider shall be accountable to CalOptima in accordance with the terms of this Contract.
   For CalOptima PACE enrollees, Provider agrees to do the following:

   2.1. Provider shall make available a location that is accessible to PACE participants within the PACE service area of Orange County, California.

   2.2. Duties Related to Provider's Position. Provider shall perform all the duties related to its position, as specified in this Contract.

   2.3. Services Authorized. Provider shall furnish only those services authorized by the CalOptima PACE Interdisciplinary Team (IDT); PCP referral is deemed as an IDT authorization.

   2.4. Interdisciplinary Team Meeting Participation. If necessary for the benefit of a CalOptima PACE participant's care delivery or planning, Provider shall participate in CalOptima PACE Interdisciplinary Team meetings as required. Such participation may

be by telephone, unless in-person attendance at such meetings is reasonably warranted under the circumstances.

2.5. Payment in Full. Provider shall accept CalOptima's payment as payment in full, and shall not seek any reimbursement for services directly from the CalOptima PACE member, Medi-Cal, Medicare or other insurance carrier or provider. Provider shall not seek any type of copayment from PACE member for Covered Services. CalOptima PACE participants shall not be liable to Provider for any sum owed by CalOptima, and Provider agrees not to maintain any action at law or in equity against CalOptima PACE participants to collect sums that are owed by CalOptima. Surcharges to CalOptima PACE participants by Provider are prohibited. Whenever CalOptima receives notice of any such surcharge, CalOptima shall take appropriate action, and Contractor shall reimburse the participant as appropriate.

2.6. Hold Harmless. In accordance with the Medi-Cal Contract and the PACE Agreement, Provider will not bill the State of California, CMS or CalOptima PACE participants in the event CalOptima cannot or will not pay for services performed by Provider pursuant to this Contract.

2.7. Reporting. Provider shall provide such information and written reports to CalOptima, DHCS, and DHHS, as may be necessary for compliance by CalOptima with its statutory obligations, and to allow CalOptima to fulfill its contractual obligations to DHCS and CMS.

2.8. Coverage of Non-Network Providers. Provider agrees that should arrangements be made by Provider with another physician/provider who is not under contract with CalOptima to provide Covered Services required under this Contract, such physician/provider shall (a) accept Provider's fees from CalOptima as full payment for services delivered to CalOptima PACE participants, (b) bill services provided through Provider's office, unless Provider has made other billing arrangements with CalOptima, (c) not bill CalOptima PACE participants directly, under any circumstances, and (d) cooperate with and participate in CalOptima's quality assurance and improvement program.

2.9. Participant Bill of Rights. Provider shall cooperate and comply with the CalOptima PACE Participant Bill of Rights. A copy of the CalOptima PACE Participant Bill of Rights is attached. CalOptima may, at its sole discretion, make reasonable changes to this document from time to time, and a copy of the revised document will be sent to Provider.

2.10. Provision of Direct Care Services to PACE Participants. Provider hereby represents and warrants that Provider and all employees of Provider providing direct care to CalOptima PACE participant shall, at all time covered by this Contract, meet the requirements set forth in this Section. Provider agrees to cooperate with CalOptima PACE's competency evaluation program and direct participant care requirements, and to notify CalOptima immediately if Provider or any employee of Provider providing services to CalOptima PACE participants no longer meets any of these requirements.

All providers of direct care services to CalOptima PACE Members shall meet the following requirements:

2.10.1. Comply with any State or Federal requirements for direct patient care staff in their respective settings;
2.10.2. Meet Medicare, Medi-Cal and CalOptima requirements applicable to the services Provider furnishes;
2.10.3. Have verified current certifications or licenses for their respective positions;
2.10.4. Have not been excluded from participation in Medicare, Medicaid or Medi-Cal;
2.10.5. Have not been convicted of criminal offenses related to their involvements with Medicare, Medicaid, Medi-Cal, or other health insurance or health care programs, or any social service programs under Title XX of the Act;
2.10.6. Not pose a potential risk to CalOptima PACE participants because of a conviction for physical, sexual, drug or alcohol abuse;
2.10.7. Be free of communicable diseases, and up to date with immunizations, before performing direct patient care; and
2.10.8. Participate in an orientation to the PACE program presented by CalOptima PACE, and agree to abide by the philosophy, practices and protocols of CalOptima PACE.

2.11. The CalOptima PACE program director or his or her designee shall be designated as the liaison to coordinate activities between Provider and PACE.

3. Records Retention. Provider and its Subcontractors shall maintain and retain all records, including encounter data, of all items and services provided Members for ten (10) years from the close of the latest DHCS fiscal year in which the date of service occurred, in which the records or data were created or applied, and for which the financial record was completed. Records involving matters which are the subject of litigation shall be retained for a period of not less than ten (10) years following the termination of litigation. Provider's and its Subcontractors' books and records shall be maintained within, or be otherwise accessible within the State of California and pursuant to Section 1381(b) of the Health and Safety Code. Such records shall be maintained and retained on Provider's State licensed premises for such period as may be required by applicable laws and regulations related to the particular records. Such records shall be maintained in chronological sequence and in an immediately retrievable form that allows CalOptima, and/or representatives of any regulatory or law enforcement agencies, immediate and direct access and inspection of all such records at the time of any onsite audit or review.

Microfilm copies of the documents contemplated herein may be substituted for the originals with the prior written consent of CalOptima, provided that the microfilming procedures are approved by CalOptima as reliable, and are supported by an effective retrieval system. If CalOptima is concerned about the availability of such records in connection with the continuity of care to a Member, Provider shall, upon request, transfer copies of such records to CalOptima's possession.

This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise.

4. Access to Books and Records. Provider and its Subcontractors agree to make all of its books and records pertaining to the goods and services furnished under, or in any way pertaining to, the terms of Contract and any Subcontract, available for inspection, examination and copying by the Government Agencies, including the DOJ, Bureau of Medi-Cal Fraud, Comptroller General and any other entity statutorily entitled to have oversight responsibilities of the COHS program, at all reasonable times at the Provider's or Subcontractor's place of business or such other mutually agreeable location in California, in a form maintained in accordance with general standards applicable to such book or record keeping. Provider shall provide access to all security areas and shall provide and require Subcontractors to provide reasonable facilities, cooperation and assistance to State representatives in the performance of their duties.

   Provider and its Subcontractors shall cooperate in the audit process by signing any consent forms or documents required to effectuate the release of any records or documentation Provider may possess in order to verify Provider's records when requested by regulatory or oversight organizations, including, but not limited to; DHCS, DMHC, Department of Justice, Attorney General, Federal Bureau of Investigation and Bureau of Medi-Cal Fraud and/or CalOptima.

   This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise.

5. Medical Records. All medical records shall meet the requirements of Section 1300.80(b)(4) of Title 28 of the California Code of Regulations, and Section 1396a(w) of Title 42 of the United States Code. Such records shall be available to health care providers at each encounter, in accordance with Section 1300.67.1(c) of Title 28 of the California Code of Regulations. Provider shall ensure that an individual is delegated the responsibility of securing and maintaining medical records at each Participating Provider or Subcontractor site.

6. Downstream Contracts. In the event that Provider is allowed to subcontract for services under this Contract, and does so subcontract, then Provider shall, upon request, provide copies of such subcontracts to CalOptima or DHCS.

7. Assignment and Delegation. This Contract is not assignable, nor are the duties hereunder delegable, by the Provider, either in whole or in part, without the prior written consent of CalOptima and DHCS, provided that consent may be withheld in their sole and absolute discretion. Any assignment or delegation shall be void unless prior written approval is obtained from both DHCS and CalOptima. For purposes of this Section and this Contract, an assignment constitutes any of the following: (i) the change of more than twenty-five percent (25%) of the ownership or equity interest in Provider (whether in a single transaction or in a series of transactions); (ii) the change of more than twenty-five percent (25%) of the directors or trustees of Provider; (iii) the merger, reorganization, or consolidation of Provider with another entity with respect to which Provider is not the surviving entity; and/or (iv) a change in the management of Provider from management by persons appointed, elected or otherwise selected by the governing body of Provider (e.g., the Board of Directors) to a third-party management person, company, group, team or other entity.

8. Third Party Tort Liability/Estate Recovery. Provider shall make no claim for the recovery of the value of Covered Services rendered to a Member when such recovery would result from an action involving tort liability of a third party, recovery from the estate of a deceased Member, Workers' Compensation, or casualty liability insurance awards and uninsured motorist coverage. Provider shall inform CalOptima of potential third party liability claims, and provide information relative to potential third party liability claims, in accordance with CalOptima Policy.

9. Records Related to Recovery for Litigation. Upon request by CalOptima, Provider shall timely gather, preserve and provide to CalOptima, in the form and manner specified by CalOptima, any information specified by CalOptima, subject to any lawful privileges, in Provider's or its Subcontractors' possession, relating to threatened or pending litigation by or against CalOptima or DHCS. If Provider asserts that any requested documents are covered by a privilege, Provider shall: 1) identify such privileged documents with sufficient particularity to reasonably identify the document while retaining the privilege; and 2) state the privilege being claimed that supports withholding production of the document. Such request shall include, but is not limited to, a response to a request for documents submitted by any party in any litigation by or against CalOptima or DHCS. Provider acknowledges that time may be of the essence in responding to such request. Provider shall use all reasonable efforts to immediately notify CalOptima of any subpoenas, document production requests, or requests for records, received by Provider or its Subcontractors related to this Contract or subcontracts entered into under this Contract.

10. DHCS Policies. Covered Services provided under this Contract shall comply with all applicable requirements of the DHCS Medi-Cal Managed Care Program and the DHCS Long-Term Care Division (LTCD).

11. Changes in Availability or Location of Services. Any substantial change in the availability or location of services to be provided under this Contract requires the prior written approval of DHCS. Provider's or a Subcontractor's proposal to reduce or change the hours, days, or location at which the services are available shall be given to CalOptima at least 75 days prior to the proposed effective date. DHCS' denial of the proposal shall prohibit implementation of the proposed changes.

12. Confidentiality of Medi-Cal Members. Provider and its employees, agents, or Subcontractors shall protect from unauthorized disclosure the names and other identifying information concerning persons either receiving services pursuant to this Contract, or persons whose names or identifying information become available or are disclosed to Provider, its employees, agents, or Subcontractors as a result of services performed under this Contract, except for statistical information not identifying any such person. Provider and its employees, agents, or Subcontractors shall not use such identifying information for any purpose other than carrying out Provider's obligations under this Contract. Provider and its employees, agents, or Subcontractors shall promptly transmit to CalOptima all requests for disclosure of such identifying information not emanating from the Member. Provider shall not disclose, except as otherwise specifically permitted by this Contract or authorized by the Member, any such identifying information to anyone other than DHCS or CalOptima without prior written authorization from CalOptima. For purposes of this provision, identity shall include, but not

be limited to, name, identifying number, symbol, or other identifying particular assigned to the individual, such as finger or voice print or a photograph.

12.1. Names of persons receiving public social services are confidential and are to be protected from unauthorized disclosure in accordance with Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted thereunder. For the purpose of this Contract, all information, records, data, and data elements collected and maintained for the operation of the Contract and pertaining to Members shall be protected by Provider from unauthorized disclosure. Provider may release Medical Records in accordance with applicable law pertaining to the release of this type of information. Provider is not required to report requests for Medical Records made in accordance with applicable law. With respect to any identifiable information concerning a Member under this Contract that is obtained by Provider or its Subcontractors, Provider:

12.1.1. will not use any such information for any purpose other than carrying out the express terms of this Contract,

12.1.2. will promptly transmit to CalOptima all requests for disclosure of such information, except requests for Medical Records in accordance with applicable law,

12.1.3. will not disclose, except as otherwise specifically permitted by this Contract, any such information to any party other than DHCS or CalOptima without CalOptima's prior written authorization specifying that the information is releasable under Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted there under, and

12.1.4. will, at the termination of this Contract, return all such information to CalOptima or maintain such information according to written procedures sent to the Provider by CalOptima for this purpose.

13. Debarment Certification. By signing this Contract, the Provider agrees to comply with applicable Federal suspension and debarment regulations including, but not limited to 7 CFR 3017, 45 CFR 76, 40 CFR 32, or 34 CFR 85.

13.1. By signing this Contract, the Provider certifies to the best of its knowledge and belief, that it and its principals:

13.1.1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;

13.1.2. Have not within a three-year period preceding this Contract have been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or

commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

13.1.3. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in Subprovision 13.1.2 herein; and

13.1.4. Have not within a three-year period preceding this Contract had one or more public transactions (Federal, State or local) terminated for cause or default.

13.1.5. Shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under Federal regulations (i.e., 48 CFR 9, subpart 9.4), debarred, suspended, declared ineligible, or voluntarily excluded from participation in such transaction, unless authorized by the State.

13.1.6. Will include a clause entitled, "Debarment and Suspension Certification" that essentially sets forth the provisions herein, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

13.2. If the Provider is unable to certify to any of the statements in this certification, the Provider shall submit an explanation to CalOptima.

13.3. The terms and definitions herein have the meanings set out in the Definitions and Coverage sections of the rules implementing Federal Executive Order 12549.

13.4. If the Provider knowingly violates this certification, in addition to other remedies available to the Federal Government, CalOptima may terminate this Contract for cause or default.

14. DHCS Directions. If required by DHCS, Provider and its Subcontractors shall cease specified activities, which may include, but are not limited to, referrals, assignment of beneficiaries, and reporting, until further notice from DHCS.

15. Air or Water Pollution Requirements. Any federally funded agreement and/or subcontract in excess of $100,000 must comply with the following provisions, unless said agreement is exempt under 40 CFR 15.5. Provider agrees to comply with all applicable standards, orders, or requirements issued under the Clean Air Act (42 USC 7401 et seq.), as amended, and the Federal Water Pollution Control Act (33 USC 1251 et seq.), as amended.

16. Lobbying Restrictions and Disclosure Certification.

16.1. (Applicable to federally funded contracts in excess of $100,000, per Section 1352 of the 31, U.S.C.)

16.2. Certification and Disclosure Requirements

16.2.1. Each person (or recipient) who requests or receives a contract, subcontract, grant, or subgrant, which is subject to Section 1352 of the 31, U.S.C., and

which exceeds $100,000 at any tier, shall file a certification (in the form set forth in Attachment 1 to this Addendum 4, consisting of one page, entitled "Certification Regarding Lobbying") that the recipient has not made, and will not make, any payment prohibited by Paragraph 16.3 of this provision.

16.2.2. Each recipient shall file a disclosure (in the form set forth in Attachment 2 to Addendum 4, entitled "Standard Form-LLL 'disclosure of Lobbying Activities'") if such recipient has made or has agreed to make any payment using nonappropriated funds (to include profits from any covered federal action) in connection with a contract or grant or any extension or amendment of that contract or grant, which would be prohibited under Paragraph 16.3 of this provision if paid for with appropriated funds.

16.2.3. Each recipient shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure, or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under Paragraph 16.2.2 herein. An event that materially affects the accuracy of the information reported includes:

16.2.3.1. A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered federal action;

16.2.3.2. A change in the person(s) or individuals(s) influencing or attempting to influence a covered federal action; or

16.2.3.3. A change in the officer(s), employee(s), or member(s) contacted for the purpose of influencing or attempting to influence a covered federal action.

16.2.4. Each person (or recipient) who requests or receives from a person referred to in Paragraph 16.2.1 of this provision a contract, subcontract, grant or subgrant exceeding $100,000 at any tier under a contract or grant shall file a certification, and a disclosure form, if required, to the next tier above.

16.2.5. All disclosure forms (but not certifications) shall be forwarded from tier to tier until received by the person referred to in Paragraph 16.2.1 of this provision. That person shall forward all disclosure forms to DHCS program contract manager.

16.3. Prohibition—Section 1352 of Title 31, U.S.C., provides, in part, that no appropriated funds may be expended by the recipient of a federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered federal actions: the awarding of any federal contract, the making of any federal grant, the making of any federal loan, entering into of any cooperative agreement, and the

extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

17. Provider shall have a right to submit an Appeal through the mechanisms set forth in CalOptima Policies regarding Provider dispute resolution.

Addendum 4--Attachment 1

STATE OF CALIFORNIA
DEPARTMENT OF HEALTH CARE SERVICES

CERTIFICATION REGARDING LOBBYING

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making, awarding or entering into of this Federal contract, Federal grant, or cooperative agreement, and the extension, continuation, renewal, amendment, or modification of this Federal contract, grant, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency of the United States Government, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, “Disclosure of Lobbying Activities" in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontractors, subgrants, and contracts under grants and cooperative agreements) of $100,000 or more, and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S.C., any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than #100,000 for each failure.

Federal Use Only	Authorized for Local Reproduction Standard Form-LLL

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime federal recipients at the initiation or receipt of a covered federal action, or a material change to a previous filing, pursuant to Title 31, U.S.C., Section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered federal action. Use the SF - LLL- A Continuation Sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

Identify the type of covered federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered federal action.

Identify the status of the covered federal action.

Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered federal action.

Enter the full name, address, city, state, and ZIP code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants, and contract awards under grants.

If the organization filing the report in Item 4 checks "Subawardee," then enter the full name, address, city, state, and ZIP code of the prime federal recipient. Include Congressional District, if known.

Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation United States Coast Guard.

Enter the federal program name or description for the covered federal action (Item 1). If known, enter the full Catalog of Federal Domestic Assistance (CDFA) number for grants, cooperative agreements, loans, and loan commitments.

Enter the most appropriate federal identifying number available for the federal action identified in Item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract grant, or loan award number; the application/proposal control number assigned by the federal agency). Include prefixes, e.g., "RFP-DE-90401."

For a covered federal action where there has been an award or loan commitment by the federal agency, enter the federal amount of the award/loan commitment for the prime entity identified in Item 4 or 5.

10. (a) Enter the full name, address, city, state, and ZIP code of the lobbying entity engaged by the reporting entity identified in Item 4 to influence the covered federal action.
10. (b) Enter the full names of the Individual(s) performing services and include full address if different from 10.(a). Enter last name, first name, and middle initial (MI).

Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (Item 4) to the lobbying entity (Item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.

Check the appropriate box(es). Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.

Check the appropriate box(es). Check all boxes that apply. If other, specify nature.

Provide a specific and detailed description of the services that the lobbyist has performed, or will be expected to perform, and the date(s) of any services rendered. Include all preparatory and related activity, not just time spent in actual contact with federal officials, identify the federal official(s) or employee(s) contacted or the officer(s), employee(s), or Member(s) of Congress that were contacted.

Check whether or not a SF-LLL-A Continuation Sheet(s) is attached.

The certifying official shall sign and date the form, print his/her name, title, and telephone number.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Report Item

32. Authorize an Amendment Extending the Term of the Kaiser Foundation Health Plan, Inc. Health Maintenance Organization Health Network Contract and Current Rates, and Ratify the Delegation Agreement Related to that Contract

Contacts

Ladan Khamseh, Chief Operating Officer (714) 246-8866
Michelle Laughlin, Executive Director, Network Operations (657) 900-1116

Recommended Actions

1. Consider continuing the current alternative capitation rate methodology for Kaiser Foundation Health Plan, Inc. (Kaiser) through June 30, ~~2022~~ 2023;

2. Authorize the Chief Executive Officer (CEO), with the assistance of Legal Counsel, to Amend the Kaiser Medi-Cal, Full-Risk Health Maintenance Organization (HMO) contract to extend the term through June 30, ~~2022~~ 2023; and

3. Ratify the Delegation Agreement

Rev. 6/3/2021

Background

CalOptima's health care delivery system is largely delegated to the following twelve (12) contracted health networks that participate in CalOptima's Medi-Cal program. CalOptima also operates direct health networks, which include CalOptima Direct–Administrative (COD-A) and CalOptima Community Network (CCN). The Physician Hospital Consortia (PHC) and Health Maintenance Organization (HMO) Health Networks are fully delegated. Regardless of the Health Network model, all CalOptima members have access to all covered, medically necessary health care services.

Physician Hospital Consortia (PHC)	Health Maintenance Organization (HMO)	Shared Risk Group (SRG)
AMVI Care Health Network	Heritage Provider Network, Inc.	AltaMed Health Services Corporation
CHOC Physicians Network	Kaiser Foundation Health Plan, Inc.	ARTA Western California, Inc.
Family Choice Medical Group, Inc.	Monarch Health Plan, Inc.	Noble Community Medical Associates, Inc. of Mid-Orange County
	Prospect Health Plan, Inc.	Talbert Medical Group, P.C.
		United Care Medical Group, Inc.

Kaiser participates in CalOptima's Medi-Cal program as a delegated subcontractor under the HMO Health Network model. As with a number of other Health Networks, Kaiser has been part of

Back to Agenda

CalOptima's provider network for over 20 years. It offers a full-service HMO network to what has grown to approximately 50,000 CalOptima members, or approximately 6% of CalOptima's total Medi-Cal membership. Each of CalOptima's contracts with its 12 Medi-Cal Health Networks, including Kaiser, include a provision permitting an annual one-year extension of the contract subject to CalOptima Board of Directors' approval and signed contract amendments.

Upon expiration of CalOptima's HMO contract with Kaiser in June 2019, CalOptima staff presented Kaiser with an Amended and Restated Contract, along with five additional amendments over a period of almost two years. Unlike CalOptima's other Health Networks, Kaiser did not execute these documents. Since June 2019, the Board authorized short-term extensions of the previous contract on August 6, 2020, October 1, 2020, November 5, 2020, and December 3, 2020 to allow for a series of discussions regarding certain contract terms that Kaiser has been engaged in with CalOptima. On February 4, 2021, the Board authorized the current Amended and Restated Contract that was signed and is currently in place with Kaiser through the end of the current fiscal year.

Capitation Rate Methodology

CalOptima's capitation model is based on an industry standard method that factors in the acuity of assigned members, utilization from encounter data, current fee-for-service contract terms, and other factors to determine the appropriate rate for the membership risk assigned to the specific Health Network. Capitation base rates are periodically updated through what is known as "rebasing," with the goal being to develop rates that properly align capitation payments to a Health Network's level of delegated risk. To ensure that Health Networks are accurately and sufficiently compensated, rebasing is performed on a periodic basis to account for any material changes to medical costs and utilization patterns.

CalOptima had implemented rebased capitation rates for all health networks other than Kaiser ahead of the approval of the FY 2020-2021 budget. CalOptima updated the professional and hospital capitation rates for the Medi-Cal Classic population through this rebasing effort.

On February 4, 2021, the CalOptima Board authorized the execution of the Amended and Restated Contract and subsequent Amendments with Kaiser, which incorporated language changes and revisions to capitation rates, effective July 1, 2019 through June 30, 2021. CalOptima staff had numerous discussions with Kaiser in an effort to align Kaiser's rates with assigned membership risk based on established rebasing methodology. However, Kaiser believes that the current methodology is appropriate and supported by the scope of services provided by its network. The Board's action on February 4, 2021 resulted in a four month extension of that methodology through June 30, 2021.

Annual Contract Extension

The Kaiser Medi-Cal Full-Risk HMO health network is contracted with CalOptima to provide care to the Medi-Cal members that CalOptima assigns to Kaiser. The continued renewal of Kaiser's contract will support the stability of CalOptima's contracted provider network and ensure that CalOptima Medi-Cal members assigned to the Kaiser HMO health network continue to have access to covered health care services through Kaiser for the coming fiscal year without disruption.

Back to Agenda

Delegation Agreement

The Delegation Agreement delineates delegated administrative services that the Health Networks are responsible for performing. This agreement is required for the National Committee for Quality Assurance (NCQA) accreditation, and under the terms of CalOptima's Medi-Cal contract with the Department of Health Care Services (DHCS). In order to meet the NCQA audit submission deadline, all of CalOptima's health networks were required to sign their respective Delegation Agreements no later than mid-May 2021. Staff has been engaged in discussions with Kaiser to ensure that the delegation agreement requirements for Kaiser are finalized within this time frame. Staff is now seeking Board ratification of this delegation agreement.

Discussion

CalOptima's health network contracts are renewed on an annual basis each July, subject to Board approval. For the upcoming FY 2021-2022, CalOptima staff has continued to work with Kaiser on the rebased capitation rates and methodology in an effort to align with the approach used for all the other health networks. Notwithstanding CalOptima's rebasing efforts, Kaiser's position remains that it is to continue to be paid under the current financial arrangement.

The percentage of premium arrangement is a carry-over from a prior arrangement when Kaiser was directly contracting with the Department of Health Care Services (DHCS) and CalOptima under a three-way contract arrangement, which ended in 2018. While Kaiser now contracts directly with CalOptima as a subcontractor, Kaiser has continued to receive payments based on a percent of the premium CalOptima receives from DHCS. DHCS's primary capitation rates to CalOptima are not calculated as a pass-through that flows directly to the health networks. These primary rates are for CalOptima's total Medi-Cal membership. Kaiser membership, which is limited to former Kaiser members, or those with a family link to a Kaiser member, has lower risk than the CalOptima average (inclusive of CCN complex members). Therefore, utilizing CalOptima's average rates are not consistent with the rates for Medi-Cal members assigned to Kaiser.

While the rate methodology discussions with Kaiser have not been completed, there is acknowledgment that Kaiser is a valued health network with high quality measures and member satisfaction levels, and innovative approaches to care. In addition, transitioning members to other Health Networks at this time, resulting in disruption of their care during the COVID-19 pandemic period, would not be in the best interest of the members CalOptima serves. CalOptima staff will continue to work toward achieving a rate methodology with Kaiser for future periods that is more consistent with the other health networks.

To presently ensure continued access to covered services for CalOptima members assigned to the Kaiser Health Network during the COVID-19 pandemic, and compliance with NCQA and DHCS requirements, continuing Kaiser's separate rate methodology, and approving the extension of Kaiser's Health Network contract through June 30, 2022, and ratifying the Delegation Agreement is recommended.

Back to Agenda

Fiscal Impact

Management has assumed the continuation of the existing rate methodology for Kaiser and included expenses associated with the CalOptima Medi-Cal Full-Risk HMO contracts in the proposed CalOptima Fiscal Year (FY) 2021-22 Operating Budget pending Board approval.

Rationale for Recommendation

The recommended action will maintain and continue the contractual relationship with Kaiser as a valued health network within CalOptima's health care delivery system, ensure continued access to care for CalOptima's Kaiser members during the COVID-19 pandemic, and fulfill regulatory and CalOptima policy requirements.

Concurrence

Gary Crockett, Chief Counsel

AMENDMENT VI TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT VI TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of July 1, 2021, by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, **Kaiser Foundation Health Plan, Inc.** ("HMO"), with respect to the following facts:

RECITALS

A. CalOptima and HMO have entered into a Contract for Health Care Services ("Contract"), by which HMO has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and HMO desire to amend the Contract to extend the term of the Contract and revise the capitation rates.

NOW, THEREFORE, the parties agree as follows:

1. Article 15, Section 15.1 shall be deleted in its entirety and replaced with the following:

"15.1 SUBJECT TO (I) THE STATE OF CALIFORNIA AND THE UNITED STATES PROVIDING FUNDS FOR THE TERM OF THIS CONTRACT AND FOR THE PURPOSES FOR WHICH IT IS ENTERED INTO; (II) THE APPROVAL OF THIS CONTRACT BY CALOPTIMA AND THE STATE, THE TERM OF THIS AMENDED AND RESTATED CONTRACT SHALL BE JULY 1, 2019 THROUGH JUNE 30, 2022."

2. Attachment E shall be deleted in its entirety and replaced with the attached Attachment E – Amendment VI "Capitation Rates".

3. Attachment E-1 shall be deleted in its entirety and replaced with the attached Attachment E-1 – Amendment VI "Capitation Rates for Adult Expansion Members".

CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and **Kaiser Foundation Health Plan, Inc.** have executed this Amendment:

DELEGATION ACKNOWLEDGEMENT AND ACCEPTANCE AGREEMENT FOR MEDI-CAL PROGRAM

Kaiser Foundation Health Plan, Inc. ("Delegate") agrees to perform the delegated services for CalOptima's Medi-Cal Program, in accordance with the responsibilities set forth in the attachment to this Delegation Acknowledgment and Acceptance Agreement ("Agreement"), with respect to CalOptima members assigned to the Delegate's network.

The purpose of the Delegation Grid, which is attached hereto and incorporated herein by reference, is to specify the activities delegated by CalOptima under the Agreement with respect to: (1) Quality Improvement, (2) Population Health Management, (3) Network Management, (4) Utilization Management, (5) Credentialing and Recredentialing, (6) Member Experience, (7) Claims, (8) Provider Complaint, and/or (9) Medicaid, as applicable. All delegated activities shall be performed in accordance with currently applicable NCQA accreditation standards, State and Federal statutory, regulatory, and sub-regulatory requirements, and CalOptima Policies and contractual requirements, including CalOptima's contract(s) with its regulator(s) and CalOptima's contract(s) with the Delegate, (collectively, "Standards and Requirements"), as modified from time to time. This agreement shall not be construed as limiting or circumscribing the Delegate's obligations to comply with all applicable Standards and Requirements when performing delegated activities for applicable CalOptima Program (s). Further, the Delegate shall comply with the most stringent applicable Standards and/or Requirements for such delegated activities.

Delegate agrees to be accountable for all responsibilities delegated by CalOptima and oversight of any sub-delegated functions or activities. CalOptima will maintain oversight of delegated activities to ensure compliance with applicable Standards and Requirements. Any sub-delegation by Delegate of the activities or functions set forth in this Agreement shall require prior written approval from CalOptima and shall comply with all terms and conditions of this Agreement, including but not limited to applicable Standards and Requirements. CalOptima retains the right to perform a pre-delegation audit of any entity to which the Delegate sub-delegates delegated functions or activities and approve any such sub-delegation audit. Prior to entering into an agreement to sub-delegate delegated activities, Delegate shall provide CalOptima with prior notice of Delegate's intent to sub-delegate in accordance with the Contract for Health Care Services between CalOptima and Delegate. The Delegate shall conduct risk assessments, at least annually, ongoing Monitoring, and Audit of sub-delegates to ensure compliance. CalOptima retains the right to conduct CalOptima's own risk assessments, ongoing Monitoring, and Audits of sub-delegate's performance of sub-delegated functions or activities.

Delegate agrees to submit reports, data, and documentation to CalOptima, as identified in the Delegation Grid and in accordance with CalOptima Policy HH.2003: Health Network and Delegated Entity Reporting, including the CalOptima Timely and Appropriate Submission Grid and Timely and Appropriate Submission Grid - Supplemental Attachment (collectively, "CalOptima Reporting Policy"). See CalOptima Reporting Policy for reporting descriptions and frequency, and manner of submission to applicable CalOptima Departments. CalOptima Reporting Policy may be modified from time to time pursuant to CalOptima Board approval. Delegate acknowledges it has additional reporting responsibilities and other obligations to CalOptima, as specified in applicable CalOptima Policies or contractual requirements (including the Contract for Health Care Services between CalOptima and the Delegate) that are not related to this Agreement.

CalOptima shall perform oversight, including Audit(s) and ongoing Monitoring, of the functions and responsibilities, processes, and performance of a delegated entity and its delegated services, in accordance with CalOptima Policies, including but not limited to CalOptima Policy GG.1619: Delegation Oversight. Failure by Delegate to comply with applicable Standards and/or Requirements may lead to further action, in accordance with CalOptima Policy HH.2005: Corrective Action Plan and CalOptima Policy HH.2002: Sanctions. CalOptima may amend or revoke any of the delegated responsibilities set forth in this Agreement.

For purposes of this Agreement, the term "Audit" or "Auditing" means a formal, systematic, and disciplined approach designed to review, evaluate, and improve the effectiveness of processes and related controls using a particular set of standards (e.g., policies and procedures, laws and regulations) used as base measures. Auditing is governed by professional standards and completed by individuals independent of the process being audited and normally performed by individuals with one (1) of several acknowledged certifications. The term "Monitoring Activities" or "Monitoring" means regular reviews performed as part of normal operations to confirm ongoing compliance and to ensure that corrective actions are undertaken and effective.

CalOptima retains the right to approve, suspend and terminate individual practitioners, providers and sites from the Delegate's network relative to CalOptima's Medi-Cal Program, even if CalOptima delegates credentialing and re-credentialing decision-making to the Delegate. CalOptima has the right to make the final determination of such participation in the Delegate's network.

Upon request, CalOptima shall provide to the Delegate clinical performance and/or member experience data per CalOptima Policy GG.1637: Assessing Member Experience. The parties agree to comply with the terms and conditions of the Business Associate Agreement between CalOptima and the Delegate.

This Agreement shall become effective January 1, 2021 superseding prior Delegation Acknowledgement and Acceptance Agreements and shall remain in effect for the duration of the Contract for Health Care Services between CalOptima and Delegate, or until superseded by subsequent agreement.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
Article 1: Quality Improvement (QI)				
Section 1.1: Program Structure and Operations				
1.1.1	QI Program Structure	Yes	The Delegate has the QI infrastructure necessary to improve the quality and safety of clinical care and services it provides to its members. The Delegate's QI program description specifies: 1. A QI program structure. 2. The behavioral healthcare aspects of the program. 3. A designated physician has substantial involvement in the QI program. 4. Involvement of a behavioral healthcare practitioner in the behavioral aspects of the program. 5. A QI Committee oversees the QI functions of the Delegate. 6. Objectives for serving a culturally and linguistically diverse membership. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
1.1.2	Annual Work Plan	Yes	The Delegate documents and executes a QI annual work plan that reflects ongoing activities throughout the year and addresses: 1. Yearly planned QI activities and objectives for improving: a. Quality of clinical care. b. Safety of clinical care. c. Quality of service. d. Members' experience. 2. Timeframe for each activity's completion. 3. Staff members responsible for each activity. 4. Monitoring of previously identified issues. 5. Evaluation of the QI program.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	
1.1.3	Annual Evaluation	Yes	The Delegate conducts an annual written evaluation of the QI program that includes the following information: 1. A description of completed and ongoing QI activities that address quality and safety of clinical care and quality of service. 2. Trending of measures to assess performance in the quality and safety of clinical care and quality of service. 3. Analysis and evaluation of the overall effectiveness of the QI program and of its progress toward influencing network-wide safe clinical practices. 1. Adequacy of QI program resources. 2. QI Committee structure. 3. Practitioner participation and leadership involvement in the QI program. 4. Need to restructure or change the QI program for the subsequent year. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
1.1.4	QI Committee Responsibilities	Yes	The Delegate's QI Committee and practitioners develop, implement, and oversee the QI program. The Delegate's QI Committee: 1. Recommends policy decisions. 2. Analyzes and evaluates the results of QI activities.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			3. Ensures practitioner participation in the QI program through planning, design, implementation, or review. 4. Identifies needed actions. 5. Ensures follow-up, as appropriate. The Delegate shall further ensure the following: 1. The QI Committee is designated by, and accountable to, the Delegate's governing body. The Delegate's Medical Director or a physician designee shall actively participate on the QI Committee. 2. The Delegate's contracted providers, who are representative of the composition of Delegate's provider network, including but not limited to contracted providers who provide healthcare services to Seniors and Persons with Disabilities (SPD) or chronic conditions, actively participate in QI Committee or medical sub-committee that reports to the QI Committee. 3. The QI Committee meet at least quarterly but as frequently as necessary to demonstrate follow-up on all findings and required actions. The activities, findings, recommendations, and actions of the QI Committee shall be reported to the Delegate's governing body in writing on a scheduled basis. 4. The QI Committee meeting minutes are maintained. 5. A process is maintained to ensure rules of confidentiality are maintained in quality improvement discussions as well as avoidance of conflict of interest on the part of QI Committee members. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation 4. Quarterly report of findings or actions taken as a result of the Quality Improvement activities	
Section 1.2: Health Services Contracting				

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
1.2.1	Practitioner Contracts	Yes	The Delegate's contracts with practitioners and providers foster open communication and cooperation with QI activities. The Delegate's contracts with practitioners specifically require that: 1. Practitioners cooperate with QI activities. 2. Practitioners allow the Delegate to use their performance data. Delegate shall submit requisite documentation for Annual Audit pursuant to CalOptima Reporting Policy.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary.
1.2.2	Provider Contracts	Yes	The Delegate's contracts with Delegate providers specifically require that: 1. Providers cooperate with QI activities. 2. Providers allow the plan to use their performance data. Delegate shall submit requisite documentation for Annual Audit pursuant to CalOptima Reporting Policy.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary.
Section 1.3: Continuity and Coordination of Medical Care				
1.3.1	Identifying Opportunities	Yes	The Delegate annually identifies opportunities to improve coordination of medical care by: 1. Collecting data on member movement between practitioners. 2. Collecting data on member movement across settings. 3. Conducting quantitative and causal analysis of data to identify improvement opportunities. 4. Identifying and selecting one opportunity for improvement. 5. Identifying and selecting a second opportunity for improvement. 6. Identifying and selecting a third opportunity for improvement. 7. Identifying and selecting a fourth opportunity for improvement. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Semi-Annual QI Work Plan (Mid-Year) 2. Annual QI Evaluation	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
1.3.2	Acting on Opportunities	Yes	The Delegate annually acts to improve coordination of medical care by: 1. Acting on the first opportunity for improvement identified in Section 1.3.1, factor 4. 2. Acting on the second opportunity for improvement identified in Section 1.3.1, factor 5. 3. Acting on the third opportunity for improvement identified in Section 1.3.1, factor 6. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Semi-Annual QI Work Plan (Mid-Year) 2. Annual QI Evaluation	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
1.3.3	Measuring Effectiveness	Yes	The Delegate annually measures the effectiveness of improvement actions taken for: 1. The first opportunity. 2. The second opportunity. 3. The third opportunity. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Semi-Annual QI Work Plan (Mid-Year) 2. Annual QI Evaluation	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
1.3.4	Transition to Other Care	Yes	The Delegate helps with a member's transition to other care when their benefit ends, if necessary. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Semi-Annual QI Work Plan (Mid-Year) 2. Annual QI Evaluation	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 1.4: Continuity and Coordination Between Medical Care and Behavioral Healthcare				
1.4.1	Data Collection	Yes	The Delegate annually collects data about opportunities for collaboration between medical care and behavioral healthcare in the following areas: 1. Exchange of information. 2. Appropriate diagnosis, treatment and referral of behavioral disorders commonly seen in primary care.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			3. Appropriate use of psychotropic medications. 4. Management of treatment access and follow-up for members with coexisting medical and behavioral disorders. 5. Primary or secondary preventive behavioral healthcare program implementation. 6. Special needs of members with severe and persistent mental illness. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Semi-Annual QI Work Plan (Mid-Year) 2. Annual QI Evaluation	
1.4.2	Collaborative Activities	Yes	The Delegate annually conducts activities to improve the coordination of behavioral healthcare and general medical care, including: 1. Collaborating with behavioral healthcare practitioners. 2. Quantitative and causal analysis of data to identify improvement opportunities. 3. Identifying and selecting one opportunity for improvement from Section 1.4.1. 4. Identifying and selecting a second opportunity for improvement from Section 1.4.1. 5. Taking collaborative action to address one identified opportunity for improvement from Section 1.4.1. 6. Taking collaborative action to address a second identified opportunity for improvement from Section 1.4.1. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Semi-Annual QI Work Plan (Mid-Year) 2. Annual QI Evaluation	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
1.4.3	Measuring Effectiveness	Yes	The Delegate annually measures the effectiveness of improvement actions taken for: 1. The first opportunity. 2. The second opportunity. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Semi-Annual QI Work Plan (Mid-Year)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			2. Annual QI Evaluation	
Section 1.5: Delegation of QI				
1.5.1	Delegation Agreement	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
1.5.2	Pre-delegation Evaluation	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
1.5.3	Review of QI Program	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
1.5.4	Opportunities for Improvement	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
Article 2: Population Health Management (PHM)				
Section 2.1: Population Health Management Strategy				
2.1.1	Strategy Description	Yes	The Delegate has a cohesive plan of action for addressing member needs across the continuum of care. The Delegate may use a single document to describe a strategy that applies across all product lines if the document also describes differences in strategy to support different populations, by product line. The strategy describes: 1. Goals and populations targeted for each of the four areas of focus. The four areas of focus are: a. Keeping members healthy. b. Managing members with emerging risk. c. Patient safety or outcomes across settings. d. Managing multiple chronic illnesses 2. Programs or services offered to members. 3. Activities that are not direct member interventions. 4. How member programs are coordinated. 5. How members are informed about available PHM programs. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program (which shall include the Annual PHM Program) 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
2.1.2	Informing Members	Yes	The Delegate informs members eligible for programs that include interactive contact: 1. How members become eligible to participate. 2. How to use program services. 3. How to opt in or opt out of the program.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program (which shall include the Annual PHM Program) 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	
Section 2.2: Population Identification				
2.2.1	Data Integration	Yes	The Delegate integrates the following data to use for population health management functions: 1. Medical and behavioral claims or encounters. 2. Pharmacy claims. 3. Laboratory results. 4. Health appraisal results. 5. Electronic health records. 6. Health services programs within the organization. 7. Advanced data sources. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program (which shall include the Annual PHM Program) 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation 4. Health Education Individual Encounters 5. Health Education Other Encounters 6. Perinatal Support services (PSS) Encounters 7. Organ Transplant	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
2.2.2	Population Assessment	Yes	The Delegate annually: 1. Assesses the characteristics and needs, including social determinants of health, of its member population. 2. Identifies and assesses the needs of relevant member subpopulations. 3. Assesses the needs of child and adolescent members.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			4. Assesses the needs of members with disabilities. 5. Assesses the needs of members with serious and persistent mental illness (SPMI). Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program (which shall include the Annual PHM Program) 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	
2.2.3	Activities and Resources	Yes	The Delegate annually uses the population assessment to: 1. Review and update its PHM activities to address member needs. 2. Review and update its PHM resources to address member needs. 3. Review community resources for integration into program offerings to address member needs. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program (which shall include the Annual PHM Program) 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
2.2.4	Segmentation	Yes	At least annually, the Delegate segments or stratifies its entire population into subsets for targeted intervention. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program (which shall include the Annual PHM Program) 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 2.3: Delivery System Supports				
2.3.1	Practitioner or Provider Support	Yes	The Delegate supports practitioners or providers in its network to achieve population health management goals by: 1. Sharing data.	CalOptima conducts oversight assessments of the delegated activities, including Audits

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			2. Offering evidence-based or certified decision-making aids. 3. Providing practice transformation support to primary care practitioners. 4. Providing comparative quality information on selected specialties. 5. Providing comparative pricing information for selected services. 6. One additional activity to support practitioners or providers in achieving PHM goals. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program (which shall include the Annual PHM Program) 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	annually or as often as necessary and ongoing Monitoring.
2.3.2	Value-based Payment Arrangements	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 2.4: Wellness and Prevention				
2.4.1	Frequency of Health Appraisal Completion	Yes	The Delegate has the capability to administer the Health Appraisal annually. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program (which shall include the Annual PHM Program) 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
2.4.2	Topics of Self-Management Tools	Yes	The Delegate offers self-management tools, derived from available evidence, that provide members with information on at least the following wellness and health promotion areas: 1. Healthy weight (BMI) maintenance. 2. Smoking and tobacco use cessation. 3. Encouraging physical activity. 4. Healthy eating. 5. Managing stress.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			6. Avoiding at-risk drinking. 7. Identifying depressive symptoms Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program (which shall include the Annual PHM Program) 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	
Section 2.5: Complex Case Management				
2.5.1	Access to Case Management	Yes	The Delegate helps members with multiple or complex conditions to obtain access to care and services and coordinates their care. The Delegate has multiple avenues for members to be considered for complex case management services, including: 1. Medical management program referral. 2. Discharge planner referral. 3. Member or caregiver referral. 4. Practitioner referral. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Monthly Case Management Log	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
2.5.2	Case Management Systems	Yes	The Delegate uses case management systems that support: 1. Evidence-based clinical guidelines or algorithms to conduct assessment and management. 2. Automatic documentation of the staff member's ID and date, and time of action on the case or when interaction with the member occurred. 3. Automated prompts for follow-up, as required by the case management plan. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Monthly Case Management Log	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
2.5.3	Case Management Process	Yes	The Delegate's complex case management procedures address the following: 1. Initial assessment of member health status, including condition-specific issues. 2. Documentation of clinical history, including medications. 3. Initial assessment of the activities of daily living. 4. Initial assessment of behavioral health status, including cognitive functions. 5. Initial assessment of social determinants of health. 6. Initial assessment of life-planning activities. 7. Evaluation of cultural and linguistic needs, preferences, or limitations. 8. Evaluation of visual and hearing needs, preferences, or limitations. 9. Evaluation of caregiver resources and involvement. 10. Evaluation of available benefits. 11. Evaluation of community resources. 12. Development of an individualized case management plan, including prioritized goals, that considers the member and caregiver goals, preferences, and desired level of involvement in the case management plan. 13. Identification of barriers to a member meeting goals or complying with the plan. 14. Facilitation of member referrals to resources and follow-up process to determine whether members act on referrals. 15. Development of a schedule for follow-up and communication with members. 16. Development and communication of member self-management plans. 17. A process to assess member progress against case management plans for members. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Monthly Case Management Log	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
2.5.4	Initial Assessment	Yes	The Delegate's complex case management files demonstrate that the Delegate follows its documented processes for: 1. Initial assessment of member health status, including condition specific issues. 2. Documentation of clinical history, including medications. 3. Initial assessment of the activities of daily living (ADL). 4. Initial assessment of behavioral health status, including cognitive functions. 5. Initial assessment of social determinants of health. 6. Evaluation of cultural and linguistic needs, preferences, or limitations. 7. Evaluation of visual and hearing needs, preferences, or limitations.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			8. Evaluation of caregiver resources and involvement. 9. Evaluation of available benefits. 10. Evaluation of available community resources. 11. Assessment of life-planning activities. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Monthly Case Management Log 2. Case Management Files	
2.5.5	Case Management-Ongoing Management	Yes	The Delegate's complex case management files demonstrate that the Delegate follows its documented processes for: 1. Development of case management plans, including prioritized goals, that take into account member and caregiver goals, preferences, and desired level of involvement in the complex case management program. 2. Identification of barriers to meeting goals and complying with the case management plans. 3. Development of schedules for follow-up and communication with members. 4. Development and communication of member self-management plans. 5. Assessment of progress against case management plans and goals, and modification as needed. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Monthly Case Management Log 2. Case Management Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 2.6: Population Health Management Impact				

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
2.6.1	Measuring Effectiveness	Yes	At least annually, the Delegate conducts a comprehensive analysis of the impact of its PHM strategy that includes the following: 1. Quantitative results for relevant clinical, cost/utilization and experience measures. 2. Comparison of results with a benchmark or goal. 3. Interpretation of results. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program (which shall include the Annual PHM Program) 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
2.6.2	Improvement and Action	Yes	The Delegate uses results from the PHM impact analysis to annually: 1. Identify opportunities for improvement. 2. Act on one opportunity for improvement. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program (which shall include the Annual PHM Program) 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 2.7: Delegation of PHM				
2.7.1	Delegation Agreement	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
2.7.2	Pre-delegation Evaluation	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
2.7.3	Review of PHM Program	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
2.7.4	Opportunities for Improvement	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
Article 3: Network Management				
Section 3.1: Availability of Practitioners				
3.1.1	Cultural Needs and Preferences	Yes	The Delegate maintains sufficient numbers and types of primary care, behavioral health, and specialty care practitioners in its network. The Delegate: 1. Assesses the cultural, ethnic, racial, and linguistic needs of its members. 2. Adjusts the availability of practitioners within its network, if necessary. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
3.1.2	Practitioners Providing Primary Care	Yes	To evaluate the availability of practitioners who provide primary care services, including general medicine or family practice, internal medicine and pediatrics, the Delegate: 1. Establishes measurable standards for the number of each type of practitioner providing primary care. 2. Establishes measurable standards for the geographic distribution of each type of practitioner providing primary care. 3. Annually analyzes performance against the standards for the number of each type of practitioner providing primary care. 4. Annually analyzes performance against the standards for the geographic distribution of each type of practitioner providing primary care. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
3.1.3	Practitioners Providing Specialty Care	Yes	To evaluate the availability of specialists in its delivery system, the Delegate: 1. Defines the types of high-volume and high-impact specialists. 2. Establishes measurable standards for the number of each type of high-volume specialists. 3. Establishes measurable standards for the geographic distribution of each type of high-volume specialists. 4. Establishes measurable standards for the geographic distribution of each type of high-impact specialists. 5. Analyzes the performance against the established standards at least annually. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
3.1.4	Practitioners Providing Behavioral Healthcare	Yes	To evaluate the availability of high-volume behavioral healthcare practitioners in its delivery system, the Delegate: 1. Defines the types of high-volume behavioral healthcare practitioners. 2. Establishes measurable standards for the number of each type of high-volume behavioral healthcare practitioner. 3. Establishes measurable standards for the geographic distribution of each type of high-volume behavioral healthcare practitioner. 4. Analyzes performance against the standards annually. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 3.2: Accessibility of Services				

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
3.2.1	Access to Primary Care	Yes	Using valid methodology, the Delegate collects and performs an annual analysis of data to measure its performance against standards for access to: 1. Regular and routine care appointments. 2. Urgent care appointments. 3. After-hours care. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation 4. Access and Availability Report	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
3.2.2	Access to Behavioral Healthcare	Yes	Using valid methodology, the Delegate annually collects and analyzes data to evaluate access to appointments for behavioral healthcare for: 1. Care for a non-life-threatening emergency within 6 hours.* 2. Urgent care within 48 hours.* 3. Initial visit for routine care within 10 business days. 4. Follow-up routine care. *NCQA critical factors Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation 4. Access and Availability Report	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
3.2.3	Access to Specialty Care	Yes	Using valid methodology, the Delegate annually collects and analyzes data to evaluate access to appointments for: 1. High-volume specialty care. 2. High-impact specialty care. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation 4. Access and Availability Report	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 3.3: Assessment of Network Adequacy				
3.3.1	Assessment of Member Experience Accessing the Network	Yes	The Delegate annually identifies gaps in networks specific to geographic areas or types of practitioners or providers by: 1. Using analysis results related to member experience with network adequacy for nonbehavioral healthcare services (from Section 6.7.3 and Section 6.7.4). 2. Using analysis results related to member experience with network adequacy for behavioral healthcare services (from Section 6.7.5). 3. Compiling and analyzing nonbehavioral requests for and utilization of Out-of-work services. 4. Compiling and analyzing behavioral healthcare requests for and utilization of Out-of-Network services. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
3.3.2	Opportunities to Improve Access to Nonbehavioral	Yes	The Delegate annually:	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
	Healthcare Services		1. Prioritizes opportunities for improvement identified from analyses of availability (Sections 3.1.1,3.1.2,3.1.3), accessibility (Sections 3.2.1 and 3.2.3) and member experience accessing the network (Section 3.3.1, factors 1 and 3). 2. Implements interventions on at least one opportunity, if applicable. 3. Measures the effectiveness of interventions, if applicable. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	
3.3.3	Opportunities to Improve Access to Behavioral Healthcare Services	Yes	The Delegate annually: 1. Prioritizes opportunities for improvement identified from analyses of availability (Sections 3.1.1 and 3.1.4), accessibility (Section 3.2.2) and member experience accessing the network (Section 3.3.1, factors 2 and 4). 2. Implements interventions on at least one opportunity, if applicable. 3. Measures the effectiveness of interventions, if applicable. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual QI Program 2. Semi-Annual QI Work Plan (Mid-Year) 3. Annual QI Evaluation	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 3.4: Continued Access to Care				
3.4.1	Notification of Termination	Yes	The Delegate uses information at its disposal to facilitate continuity and coordination of medical care across its delivery system. The Delegate notifies members affected by the termination of a practitioner or practice group in general, family or internal medicine or pediatrics, at least 30 calendar days prior to the effective termination date, and helps them select a new practitioner. Termination date is the date when the termination becomes effective.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Provider Termination Quarterly Report	
3.4.2	Continued Access to Practitioners	Yes	The Delegate shall provide continuity of care for a member involuntarily transitioning between providers or practitioners to prevent the delay or interruption of medically necessary covered services, in accordance with the terms and conditions of CalOptima Policies. The Delegate shall allow for the completion of services, upon member request, in accordance with CalOptima Policies, for the following conditions: 1. Acute condition, serious chronic condition, pregnancy, terminal illness, or the care of a newborn child between birth through 36 months; or 2. Performance of a surgery or other procedure that is authorized by the Delegate as part of a documented course of treatment and has been recommended and documented by the provider to occur within 180 calendar days of the contract's termination date or within 180 calendar days of the effective date of coverage for a newly covered member. The Delegate shall ensure continuation of treatment, upon member request, through the current period of active treatment for acute and chronic conditions not to exceed 12 months, except as provided for Medi-Cal members eligible with the Whole Child Model (WCM) program. The Delegate shall ensure continuation of care, upon member request, for the duration of the pregnancy, which includes the three trimesters and immediate postpartum period. The Delegate shall comply with the following CalOptima Policies: 1. Policy GG.1325: Continuity of Care for Members Transitioning into CalOptima Services (Medi-Cal) 2. Policy GG.1304: Continuity of Care during Health Network or Provider Termination (Medi-Cal) Delegate shall submit requisite documentation for Annual Audit pursuant to CalOptima Reporting Policy.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary.
Section 3.5: Physician and Hospital Directories				

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
3.5.1	Physician Directory Data	Yes	The Delegate has a web-based physician directory that includes the following physician information: 1. Name. 2. Gender. 3. Specialty. 4. Hospital affiliations. 5. Medical group affiliations. 6. Board certification. 7. Accepting new patients. 8. Languages spoken by the physician or clinical staff. 9. Office locations and phone numbers. Delegate shall submit requisite documentation for Annual Audit pursuant to the CalOptima Reporting Policy.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary.
3.5.2	Physician Directory Updates	Yes	The Delegate updates its web-based physician directory within 30 calendar days of receiving new information from the physician. Delegate shall submit requisite documentation for Annual Audit pursuant to the CalOptima Reporting Policy.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary.
3.5.3	Assessment of Physician Directory Accuracy	Yes	Using valid methodology, the Delegate performs an annual evaluation of its physician directories for: 1. Accuracy of office locations and phone numbers. 2. Accuracy of hospital affiliations. 3. Accuracy of accepting new patients. 4. Awareness of physician office staff of physicians' participation in the Delegate's network. Delegate shall submit requisite documentation for Annual Audit pursuant to the CalOptima Reporting Policy.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
3.5.4	Identifying and Acting on Opportunities	Yes	Based on results of the analysis performed in Section 3.5.3, at least annually, the Delegate: 1. Identifies opportunities to improve the accuracy of the information in its physician directories. 2. Takes actions to improve the accuracy of the information in its physician directories. Delegate shall submit requisite documentation for Annual Audit pursuant to the CalOptima Reporting Policy.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary.
3.5.5	Searchable Physician Web-based Directory	Yes	The Delegate's web-based physician directory includes search functions with instructions for finding the following physician information: 1. Name. 2. Gender. 3. Specialty. 4. Hospital affiliations. 5. Medical group affiliations. 6. Accepting new patients. 7. Languages spoken by the physician or clinical staff. 8. Office locations. Delegate shall submit requisite documentation for Annual Audit pursuant to the CalOptima Reporting Policy.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary.
3.5.6	Hospital Directory Data	Yes	The Delegate has a web-based hospital directory that includes the following: 1. Hospital name. 2. Hospital location and phone number. 3. Hospital accreditation status. 4. Hospital quality data from recognized sources. Delegate shall submit requisite documentation for Annual Audit pursuant to the CalOptima Reporting Policy.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
3.5.7	Hospital Directory Updates	Yes	The Delegate updates its web-based hospital directory information within 30 calendar days of receiving new information from the hospital. Delegate shall submit requisite documentation for Annual Audit pursuant to the CalOptima Reporting Policy.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary.
3.5.8	Searchable Hospital Web-based Directory	Yes	The Delegate's web-based directory includes search functions for specific data types and instructions for searching for the following information: 1. Hospital name. 2. Hospital location. Delegate shall submit requisite documentation for Annual Audit pursuant to the CalOptima Reporting Policy.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary.
3.5.9	Usability Testing	Yes	The Delegate evaluates its web-based physician and hospital directories for understandability and usefulness to members and prospective members at least every three years, and considers the following: 1. Reading level. 2. Intuitive content organization. 3. Ease of navigation. 4. Directories in additional languages, if applicable to the membership. Delegate shall submit requisite documentation for Annual Audit pursuant to the CalOptima Reporting Policy.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary.
3.5.10	Availability of Directories	Yes	The Delegate makes web-based physician and hospital directory information available to members and prospective members through alternative media, including: 1. Print. 2. Telephone.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			Delegate shall submit requisite documentation for Annual Audit pursuant to the CalOptima Reporting Policy.	
Section 3.6: Delegation of Network Management				
3.6.1	Delegation Agreement	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
3.6.2	Pre-delegation Evaluation	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
3.6.3	Review of Delegated Activities	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
3.6.4	Opportunities for Improvement	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
Article 4: Utilization Management (UM)				
Section 4.1: UM Program Structure				
4.1.1	Written Program Description	Yes	The Delegate has a well-structured UM program and makes utilization decisions affecting the health care of members in a fair, impartial and consistent manner. The Delegate's UM program description includes the following: 1. A written description of the program structure: a. UM staff member's assigned activities. b. UM staff who have the authority to deny coverage. c. Involvement of a designated physician and designated behavioral healthcare practitioner. d. The process for evaluating, approving, and revising the UM program, and the staff responsible for each step. e. The UM program's role in the QI program, including how the Delegate collects UM information and uses if for QI activities. f. The Delegate's process for handling appeals and making appeal determinations. 2. The behavioral healthcare aspects of the program. 3. Involvement of a designated senior-level physician in UM program implementation. 4. Involvement of a designated behavioral healthcare practitioner in the implementation of the behavioral healthcare aspects of the UM program. 5. The program scope and process used to determine benefit coverage and medical necessity. 6. Information sources used to determine benefit coverage and medical necessity. For factors 5 and 6 above, the Delegate's UM program description specifies: a. The UM functions, the services covered by each function or protocol and the criteria used to determine medical necessity, including: i. How the Delegate develops and selects criteria. ii. How the Delegate reviews, updates and modifies criteria. b. How medical necessity and benefits coverage for inpatient and outpatient services are determined.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			c. The description of the data and information the Delegate uses to make determinations (e.g., patient records, conversations with appropriate physicians) and guide the UM decision–making process. d. The triage and referral process for behavioral healthcare services (if applicable). e. How sites of service and levels of care are evaluated for behavioral healthcare services (if applicable). Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual Work Plan (Mid- Year) 3. Annual UM Evaluation (Previous Year)	
4.1.2	Annual Evaluation	Yes	The Delegate annually evaluates and updates the UM program, as necessary. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual Work Plan (Mid-Year) 3. Annual UM Evaluation (Previous Year)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 4.2: Clinical Criteria for UM Decisions				
4.2.1	UM Criteria	Yes	The Delegate applies objective and evidence-based criteria and takes individual circumstances and the local delivery system into account when determining the medical appropriateness of health care services. The Delegate: 1. Has written UM decision-making criteria that are objective and based on medical evidence. 2. Has written policies for applying the criteria based on individual needs and considers at least the following individual characteristics when applying criteria: a. Age. b. Co-morbidities. c. Complications. d. Progress of treatment.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			e. Psychosocial situation. f. Home environment, when applicable. 3. Has written policies for applying the criteria based on an assessment of the local delivery system. 4. Involves appropriate practitioners in developing, adopting, and reviewing criteria. 5. Annually reviews the UM criteria and the procedures for applying them and updates the criteria when appropriate. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual UM Work Plan (Mid-Year) 3. Annual UM Evaluation (Previous Year)	
4.2.2	Availability of Criteria	Yes	The Delegate: 1. States in writing how practitioners can obtain UM criteria. 2. Makes the UM criteria available to its practitioners and members upon request. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual UM Work Plan (Mid-Year) 3. Annual UM Evaluation (Previous Year)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.2.3	Consistency in Applying Criteria	Yes	At least annually, the Delegate: 1. Evaluates the consistency with which health care professionals involved in UM apply criteria in decision making. 2. Acts on opportunities to improve consistency, if applicable. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual UM Work Plan (Mid-Year) 3. Annual UM Evaluation (Previous Year)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
Section 4.3: Communication Services				
4.3.1	Access to Staff	Yes	Members and practitioners can access staff to discuss UM issues. The Delegate provides the following communication services for members and practitioners: 1. Staff are available at least eight hours a day during normal business hours for inbound collect or toll-free calls regarding UM issues. 2. Staff can receive inbound communication regarding UM issues after normal business hours. 3. Staff are identified by name, title and organization name when initiating or returning calls regarding UM issues. 4. TDD/TTY services for members who need them. 5. Language assistance for members to discuss UM issues. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual UM Work Plan (Mid-Year) 3. Annual UM Evaluation (Previous Year)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 4.4: Appropriate Professionals				
4.4.1	Licensed Health Professionals	Yes	UM decisions are made by qualified health professionals. The Delegate has written procedures: 1. Requiring appropriately licensed professionals to supervise all medical necessity decisions. 2. Specifying the type of personnel responsible for each level of UM decision making. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual UM Work Plan (Mid-Year) 3. Annual UM Evaluation (Previous Year)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
4.4.2	Use of Practitioners for UM Decisions	Yes	The Delegate has a written job description with qualifications for practitioners who review denials of care based on medical necessity. Practitioners are required to have: 1. Education, training, or professional experience in medical or clinical practice. 2. A current license to practice without restriction or an administrative license to review UM cases. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual UM Work Plan (Mid-Year) 3. Annual UM Evaluation (Previous Year)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.4.3	Practitioner Review of Nonbehavioral Healthcare Denials	Yes	The Delegate uses a physician or other health care professional, as appropriate, to review any nonbehavioral healthcare denial based on medical necessity. 1. Medical reviewer signature or unique identifier (electronic or handwritten) must be noted within the file for all adverse decisions. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.4.4	Practitioner Review of Behavioral Healthcare Denials	Yes	The Delegate uses a physician or appropriate behavioral healthcare practitioner, as appropriate, to review any behavioral healthcare denial of care based on medical necessity. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.4.5	Practitioner Review of Pharmacy Denials	Yes	Delegate does not utilize Prior Authorization rules that affect drug coverage. **If the Delegate initiates a pharmacy Prior Authorization process, the following shall apply:**	CalOptima conducts oversight assessments of the delegated activities, including Audits

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			The Delegate uses a physician or pharmacist to review any pharmacy denials based on medical necessity. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files	annually or as often as necessary and ongoing Monitoring.
4.4.6	Use of Board-Certified Consultants	Yes	The Delegate: 1. Has written procedures for using board-certified consultants to assist in making medical necessity determinations. 2. Provides evidence that it uses board-certified consultants for medical necessity determinations. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual UM Work Plan (Mid-Year) 3. Annual UM Evaluation (Previous Year)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 4.5: Timeliness of UM Decisions				
4.5.1	Notification of Nonbehavioral Decisions	Yes	The Delegate makes UM decisions in a timely manner to minimize any disruption in the provision of health care. The Delegate adheres to the following time frames for notification of non-behavioral healthcare UM decisions: 1. For urgent concurrent decisions, the Delegate gives electronic or written notification of the decision to practitioners and members within 72 hours of the request. 2. For urgent preservice decisions, the Delegate gives electronic or written notification of the decision to practitioners and members within 72 hours of the request. 3. For nonurgent preservice decisions, the Delegate gives electronic or written notification of the decision to practitioners and members within five (5) working days from receipt of the information reasonably necessary to render a decision, but no longer than 14 calendar days from the receipt of the request.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring. CalOptima's oversight may include, without limitations, reviews of a sample of Delegate's UM denials in order to ensure service levels, quality, and compliance with applicable Standards and Requirements.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			4. For post-service decisions, the Delegate gives electronic or written notification of the decision to practitioners and members within 30 calendar days of the request. The Delegate shall further comply with all applicable Standards and Requirements for the time frames for notification for non-behavioral UM decisions, including CalOptima Policy GG.1508: Authorization and Processing of Referrals. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files	
4.5.2	Notification of Behavioral Healthcare Decisions	Yes	The Delegate adheres to the following time frames for notification of behavioral healthcare UM decisions: 1. For urgent concurrent decisions, the Delegate gives electronic or written notification of the decision to practitioners and members within 72 hours of the request. 2. For urgent preservice decisions, the Delegate provides electronic or written notification of the decision to practitioners and members within 72 hours of the request. 3. For nonurgent preservice decisions, the Delegate provides electronic or written notification of the decision to practitioners and members within five (5) working days from receipt of the information reasonably necessary to render a decision, but no longer than 14 calendar days from the receipt of the request. 4. For post-service decisions, the Delegate provides electronic or written notification of the decision to practitioners and members within 30 calendar days of the request. The Delegate shall further comply with all applicable Standards and Requirements for the time frames for notification for behavioral UM decisions, including CalOptima Policy GG.1508: Authorization and Processing of Referrals. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring. CalOptima's oversight may include, without limitations, reviews of a sample of Delegate's UM denials in order to ensure service levels, quality, and compliance with applicable Standards and Requirements.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
4.5.3	Notification of Pharmacy Decisions	Yes	Delegate does not utilize Prior Authorization rules that affect drug coverage. **If the Delegate initiates a pharmacy Prior Authorization process, the following shall apply:** The Delegate adheres to the time frames for notifying members and prescribing practitioners of pharmacy benefit UM decisions, in accordance with CalOptima Policy GG.1401: Pharmacy Authorization Process. The Delegate shall provide a written response to approve, modify, delay for medical necessity information from the prescribing practitioner, or deny an authorization request within: 1. 24 hours after receipt of an urgent preservice request. 2. 24 hours after receipt of an urgent concurrent request. 3. 24 hours after receipt of a preservice request. 4. 30 calendar days after receipt of a retrospective request. The Delegate adheres to the time frames for notifying members and practitioners of medical physician administered drug (PAD) authorization decisions, in accordance with CalOptima Policy GG.1508: Authorization and Processing of Referrals. The Delegate shall further comply with all applicable Standards and Requirements for the time frames for notification for pharmacy UM decisions, including California Welfare and Institutions Code Section 14185(a)(1). Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.5.4	UM Timeliness Report	Yes	The Delegate monitors and submits a report for timeliness of: 1. Nonbehavioral UM decision making. 2. Notification of nonbehavioral UM decisions. 3. Behavioral UM decision making. 4. Notification of behavioral UM decisions.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files Delegate does not utilize Prior Authorization rules that affect drug coverage. **If the Delegate initiates a pharmacy Prior Authorization process, the following shall apply:** 1. Pharmacy UM decision making. 2. Notification of pharmacy UM decisions	
4.5.5	Interim - Policies and Procedures	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 4.6: Clinical Information				
4.6.1	Relevant Information for Nonbehavioral Healthcare Decisions	Yes	The Delegate uses all information relevant to a member's care when it makes coverage decisions. There is documentation that the Delegate gathers relevant clinical information consistently to support nonbehavioral healthcare UM decision making. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.6.2	Relevant Information for Behavioral Healthcare Decisions	Yes	There is documentation that the Delegate gathers relevant clinical information consistently to support behavioral healthcare UM decision making.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files	
4.6.3	Relevant Information for Pharmacy Decisions	Yes	Delegate does not utilize Prior Authorization rules that affect drug coverage. **If the Delegate initiates a pharmacy Prior Authorization process, the following shall apply:** The Delegate documents that it consistently gathers relevant information to support pharmacy UM decision making. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 4.7: Denial Notices				
4.7.1	Discussing a Denial with a Reviewer	Yes	The Delegate gives practitioners the opportunity to discuss nonbehavioral healthcare UM denial decisions with a physician or other appropriate reviewer. The name and direct telephone number, if available, or general number and extension number of the physician issuing the denial must be provided to the requesting provider. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.7.2	Written Notification of Nonbehavioral	Yes	The Delegate's written notification of nonbehavioral healthcare denials, provided to members and their treating practitioners, contains the following information: 1. The specific reasons for the denial, in easily understandable language.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
	Healthcare Denial		2. A reference to the benefit provision, guideline, protocol, or other similar criterion on which the denial decision is based. 3. A statement that members can obtain a copy of the actual benefit provision, guideline, protocol, or other similar criterion on which the denial decision was based, upon request. In addition to the foregoing, the written notification to the provider must include the name and direct telephone number, if available, or general number and extension number of the decision maker. The Delegate shall further comply with all applicable Standards and Requirements for written notice of action, including Policy GG.1507: Notification Requirements for Covered Services Requiring Prior Authorization. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files	
4.7.3	Nonbehavioral Healthcare Notice of Appeal Rights/Process	Yes	The Delegate's written non-behavioral healthcare denial notification to members and their treating practitioners contains the following information: 1. A description of appeal rights, including the right to submit written comments, documents, or other information relevant to the appeal. 2. An explanation of the appeal process, including members' rights to representation and appeal time frames. 3. A description of the expedited appeal process for urgent preservice or urgent concurrent denials. a. The time frame for filling an expedited appeal. b. The Delegate's time frame for deciding the expedited appeal. c. The procedure for filling an expedited appeal, including where to direct the appeal and information to include in the appeal. 4. Notification that expedited external review can occur concurrently with the internal appeals process for urgent care.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files	
4.7.4	Discussing a Behavioral Healthcare Denial with a Reviewer	Yes	The Delegate provides practitioners with the opportunity to discuss any behavioral healthcare UM denial decision with a physician, appropriate behavioral healthcare reviewer or pharmacist reviewer. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files 3. Behavioral Health Comprehensive Diagnostic Exam (CDE) Report	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.7.5	Written Notification of Behavioral Healthcare Denials	Yes	The Delegate's written notification of behavioral healthcare denials, which it provides to members and their treating practitioners, contains: 1. The specific reasons for the denial, in easily understandable language. 2. A reference to the benefit provision, guideline, protocol or other similar criterion on which the denial decision was based. 3. A statement that the member can obtain a copy of the actual benefit provision, guideline, protocol or other similar criterion on which the denial decision was based, upon request. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.7.6	Behavioral Healthcare Notice of Appeal Rights/Process	Yes	The Delegate's written notification of behavioral healthcare denials, which it provides to members and their treating practitioners, contains the following information: 1. A description of appeal rights, including the right to submit written comments, documents or other information relevant to the appeal. 2. An explanation of the appeal process, including members' right to representation and appeal time frames.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			3. A description of the expedited appeal process for urgent preservice or urgent concurrent denials. a. The time frame for filing an expedited appeal. b. The Delegate's time frame for deciding the appeal. c. The procedure for filing an expedited appeal, including where to direct the appeal and information to include in the appeal. 4. Notification that expedited external review can occur concurrently with the internal appeals process for urgent care. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files 3. Mental Health Grievances and Appeals	
4.7.7	Discussing a Pharmacy Denial with a Reviewer	Yes	Delegate does not utilize Prior Authorization rules that affect drug coverage. **If the Delegate initiates a pharmacy Prior Authorization process, the following shall apply:** The Delegate gives practitioners the opportunity to discuss pharmacy UM denial decisions with a physician or pharmacist. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.7.8	Written Notification of Pharmacy Denials	Yes	Delegate does not utilize Prior Authorization rules that affect drug coverage. **If the Delegate initiates a pharmacy Prior Authorization process, the following shall apply:** The Delegate's written notification of pharmacy denials to members and their treating practitioners contains the following information:	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities

			1. Utilization Management (UM) XML Universe 2. UM Universe Case Files	
Section 4.8: Policies for Appeals				
4.8.1	Member Internal Appeals	Yes	There is an established, impartial process for resolving members' disputes and responding to member requests to reconsider a decision they find unacceptable regarding their care and service. The Delegate's written policies and procedures for registering and responding to written internal appeals include the following: 1. Allowing at least 180 calendar days after notification of the denial for the member to file an appeal. 2. Documenting the substance of the appeal and any actions taken. 3. Full investigation of the substance of the appeal, including any aspects of clinical care involved. 4. The opportunity for the member to submit written comments, documents or other information relating to the appeal. 5. Appointment of a new person to review an appeal who was not involved in the initial determination and who is not the subordinate of any person involved in the initial determination. 6. Appointment of at least one person to review an appeal who is a practitioner in the same or a similar specialty. 7. The decision for a preservice appeal and notification to the member within 30 calendar days of receipt of the request. 8. The decision for a post service appeal and notification to the member within 60 calendar days of receipt of the request. 9. The decision for an expedited appeal and notification to the member within 72 hours of receipt of the request. 10. Notification to the member about further appeal rights. 11. Referencing the benefit provision, guideline, protocol or other similar criterion on which the appeal decision is based. 12. Giving members reasonable access to and copies of all documents relevant to the appeal, free of charge, upon request.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			13. Including a list of titles and qualifications, including specialties, of individuals participating in the appeal review. 14. Allowing an authorized representative to act on behalf of the member. 15. Providing notices of the appeals process to members in a culturally and linguistically appropriate manner. 16. Continued coverage pending the outcome of an appeal. The Delegate shall further comply with all applicable Standards and Requirements for registering and responding to written internal appeals from members, including CalOptima Policy HH.1103: Health Network Member Grievance and Appeal Process. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual UM Work Plan (Mid-Year) 3. Annual UM Evaluation (Previous Year)	
Section 4.9: Appropriate Handling of Appeals				
4.9.1	Member Preservice and Post Service Appeals	Yes	The Delegate has a full and fair process for resolving member disputes and responding to members' requests to reconsider a decision they find unacceptable regarding their care and service. The Delegate's appeal files contain the following information: 1. Documentation of the substance of appeals. 2. Investigation of appeals. 3. Appropriate response to the substance of appeals. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files 3. DHCS NMT/NEMT Report 4. DHCS Quarterly Report	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			5. Grievances Volume Report 6. Community-Based Adult Services (CBAS) Report	
4.9.2	Timeliness of the Member Appeal Process	Yes	Timeliness of the Delegate's preservice, post service, and expedited appeal processes is within the specified time frames: 1. The Delegate resolves preservice appeals within 30 calendar days of receipt of the request. 2. The Delegate resolves post service appeals within 30 calendar days of receipt of the request. 3. The Delegate resolves expedited appeals within 72 hours of receipt of the request. The Delegate shall further comply with all applicable Standards and Requirements for time frames for preservice, post service, and expedited appeals processing, including, CalOptima Policy HH.1103: Health Network Member Grievance and Appeal Process. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.9.3	Appeal Reviewers	Yes	The Delegate provides non-subordinate reviewers who were not involved in the previous determination and same-or-similar-specialist review, as appropriate. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.9.4	Notification of Appeal Decision/Rights	Yes	The Delegate's internal appeal files indicate notification to members of the following: 1. Specific reasons for the appeal decision, in easily understandable language. 2. A reference to the benefit provision, guideline, protocol or other similar criterion on which the appeal decision was based. 3. Notification that the member can obtain a copy of the actual benefit provision, guideline, protocol or other similar criterion on which the appeal decision was based, upon request.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			4. Notification that the member is entitled to receive reasonable access to and copies of all documents, free of charge, upon request. 5. A list of titles and qualifications, including specialties, of individuals participating in the appeal review. 6. A description of the next level of appeal, either within the Delegate or to an independent external organization, as applicable, along with any relevant written procedures. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files	
4.9.5	Final Internal and External Appeal Files	No	Not Applicable for Medi-Cal Program	Not Applicable for Medi-Cal Program
4.9.6	Appeals Overturned by the IRO	No	Not Applicable for Medi-Cal Program	Not Applicable for Medi-Cal Program
4.9.7	Provider Level 1 UM Appeals	Yes	Level 1 UM Appeals involve disputes related to utilization management decisions by the Delegate, including adverse benefit determinations based on medical necessity. Provider Level 1 UM Appeals only apply to post service appeals. Member preservice, expedited, and post service appeals are addressed in Sections 4.9.1. and 4.9.2. The Delegate shall process and resolve Provider Level 1 UM Appeals within contractual and regulatory timeframes as established by CalOptima and in accordance with applicable Standards and Requirements, including CalOptima Policies. Delegate shall submit the following report(s) pursuant to CalOptima Reporting Policy: 1. UM Retrospective Appeal Universe	CalOptima conducts oversight assessments of delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.9.8	Provider Level 2 UM Appeals	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
Section 4.10: Evaluation of New Technology				
4.10.1	Written Process	No	Not Applicable for Medi-Cal Program	Not Applicable for Medi-Cal Program
4.10.2	Description of the Evaluation Process	No	Not Applicable for Medi-Cal Program	Not Applicable for Medi-Cal Program
Section 4.11: Procedures for Pharmaceutical Management				
4.11.1	Pharmaceutical Management Procedures	Yes	The Delegate's policies and procedures for pharmaceutical management include the following: 1. The criteria used to adopt pharmaceutical management procedures. 2. A process that uses clinical evidence from appropriate external organizations. 3. A process to include pharmacists and appropriate practitioners in the development of procedures. 4. A process to provide procedures to practitioners annually and when it makes changes. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual UM Work Plan 3. Annual UM Evaluation (Previous Year)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.11.2	Pharmaceutical Restrictions/ Preferences	Yes	Annually and after updates, the Delegate communicates to members and prescribing practitioners: 1. A list of pharmaceuticals, including restrictions and preferences. 2. How to use the pharmaceutical management procedures. 3. An explanation of limits or quotas. 4. How prescribing practitioners must provide information to support an exception request. 5. The Delegate's process for generic substitution, therapeutic interchange and step-therapy protocols. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			2. Semi-Annual UM Work Plan (Mid-Year) 3. Annual UM Evaluation (Previous Year)	
4.11.3	Pharmaceutical Patient Safety Issues	Yes	The Delegate's pharmaceutical procedures include: 1. Identifying and notifying members and prescribing practitioners affected by a Class II recall or voluntary drug withdrawals from the market for safety reasons within 30 calendar days of the FDA notification. 2. An expedited process for prompt identification and notification of members and prescribing practitioners affected by a Class I recall. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual UM Work Plan (Mid-Year) 3. Annual UM Evaluation (Previous Year)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.11.4	Reviewing and Updating Procedures	Yes	With the participation of physicians and pharmacists, the Delegate annually: 1. Reviews the procedures. 2. Reviews its list of pharmaceuticals. 3. Updates the procedures as appropriate. 4. Updates the list of pharmaceuticals as appropriate. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual UM Work Plan (Mid-Year) 3. Annual UM Evaluation (Previous Year)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.11.5	Considering Exceptions	Yes	Delegate does not utilize Prior Authorization rules that affect drug coverage. **If the Delegate initiates a pharmacy Prior Authorization process, the following shall apply:**	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			The Delegate has exception policies and procedures that describe the process for: 1. Making an exception request based on medical necessity* 2. Obtaining medical necessity information from prescribing practitioners* 3. Using appropriate pharmacists and practitioners to consider exception requests. 4. Timely handling of requests. 5. Communicating the reason for a denial and an explanation of the appeal process when it does not approve an exception request. *NCQA critical factors Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual UM Work Plan (Mid-Year) 3. Annual UM Evaluation (Previous Year)	
Section 4.12: UM System Controls				
4.12.1	UM Denial System Controls	Yes	The Delegate has policies and procedures describing its system controls specific to UM denial notification dates that: 1. Define the date of receipt consistent with NCQA requirements. 2. Define the date of written notification consistent with NCQA requirements. 3. Describe the process for recording dates in systems. 4. Specify staff who are authorized to modify dates once initially recorded and circumstances when modification is appropriate. 5. Specify how the system tracks modified dates. 6. Specify system security controls in place to protect data from unauthorized modification. a. Limiting physical access to the system. b. Preventing unauthorized access and changes to system data. c. Password-protecting electronic systems, including requirements to: use strong passwords, avoid writing down passwords, use different passwords for different accounts, and change passwords when requested by staff or if passwords are compromised.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			d. Changing or withdrawing passwords, including alerting appropriate staff who oversee computer security to: change passwords when appropriate and disable or remove passwords of employees who leave the organization. 7. Specify how the Delegate audits the processes and procedures in factors 1-6. Delegate shall submit requisite documentation for Annual Audit pursuant to the CalOptima Reporting Policy.	
4.12.2	UM Appeal System Controls	Yes	The Delegate has policies and procedures describing its system controls specific to UM appeal dates that: 1. Define the date of receipt consistent with NCQA requirements. 2. Define the date of written notification consistent with NCQA requirements. 3. Describe the process for recording dates in systems. 4. Specify staff who are authorized to modify dates once initially recorded and circumstances when modification is appropriate. 5. Specify how the system tracks modified dates. 6. Describe system security controls in place to protect data from unauthorized modification. a. Limiting physical access to the system. b. Preventing unauthorized access and changes to system data. c. Password-protecting electronic systems, including requirements to: use strong passwords, avoid writing down passwords, use different passwords for different accounts, and change passwords when requested by staff or if passwords are compromised. d. Changing or withdrawing passwords, including alerting appropriate staff who oversee computer security to: change passwords when appropriate and disable or remove passwords of employees who leave the organization. 7. Specify how the Delegate audits the processes and procedures in factors 1-6. Delegate shall submit requisite documentation for Annual Audit pursuant to the CalOptima Reporting Policy.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary.
Section 4.13: Delegation of UM				

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
4.13.1	Delegation Agreements	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.13.2	Pre-delegation Evaluation	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.13.3	Review of the UM Program	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.13.4	Opportunities for Improvement	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 4.14: Second Opinion				
4.14.1	Second Opinion	Yes	The Delegate provides for a second opinion from an in-network provider or arranges for the member to obtain a second opinion outside the network. 1. If the Delegate is unable to provide a necessary and covered service to a member in-network, the organization must adequately and timely cover these services of out of network, for as long as the Delegate is unable to provide the services. 2. If the Delegate approves a member to out of network because it is unable to provide a necessary and covered service in-network, the Delegate coordinates payment with out-of-network practitioner and ensures that the cost to the member is no greater than it would be if the service was furnished in-network. If the member is requesting a second opinion from the member's primary care practitioner/physician (PCP), the member may receive the second opinion from an appropriately qualified health care professional of the member's choice from within the Delegate's provider network.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			If the member is requesting a second opinion from a specialist, the member may receive the second opinion from any specialist of the same or equivalent specialty of the member's choice within the Delegate's provider network. 1. If a specialist is not available within the Delegate's provider network, a Delegate shall arrange for the second opinion from a non-contracted provider and shall incur the cost or negotiate the fee arrangement of that second opinion. The Delegate shall authorize a request for a third opinion if the recommendations of the first and second practitioner differ regarding the need for a medical procedure and a member, member's authorized representative, physician, or provider requests such third opinion. The Delegate shall further comply with all applicable Standards and Requirements, including CalOptima Policy GG.1538: Referral of Second Opinion. Delegate shall submit requisite documentation for Annual Audit pursuant to CalOptima Reporting Policy.

Article 5: Credentialing and Recredentialing (CR)				
Section 5.1: Credentialing Policies				
5.1.1	Practitioner Credentialing Guidelines	Yes	Delegate shall document its process for credentialing and re-credentialing licensed independent practitioners it employs or with whom it contracts and who fall within its scope of authority and action. The Delegate's credentialing policies specify: 1. The types of practitioners to credential and recredential. 2. The verification sources used. 3. The criteria for credentialing and recredentialing. 4. The process for making credentialing and recredentialing decisions. 5. The process for managing credentialing files that meet Delegate's established criteria. 6. The process for requiring that credentialing and recredentialing are conducted in a nondiscriminatory manner. 7. The process for notifying practitioners if information obtained during the credentialing process varies substantially from the information they provided to the Delegate. 8. The process for notifying practitioners of the credentialing and recredentialing decisions within 60 calendar days of the credentialing committee's decision. 9. The medical director or other designated physician's direct responsibility and participation in the credentialing program. 10. The process for securing the confidentiality of all information obtained in the credentialing process, except as otherwise provided by law. 11. The process for confirming that listings in practitioner directories and other materials for members are consistent with credentialing data, including education, training, board certification and specialty. 12. The process for ensuring the following are reviewed during initial and recredentialing process: a. Quality improvement activities and member complaints. b. Review of CMS Opt-out, CMS Exclusions/Sanctions, and CMS Preclusion.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			c. Practitioners Medi-Cal enrollment. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	
5.1.2	Practitioner Rights	Yes	The Delegate notifies practitioners about their right to: 1. Review information submitted to support their credentialing application. 2. Correct erroneous information. 3. Receive the status of their credentialing or recredentialing application, upon request. Delegate shall submit the following report(s) pursuant to CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
5.1.3	Credentialing Systems Controls	Yes	The Delegate's credentialing process describes: 1. How primary source verification information is received, dated, and stored. 2. How modified information is tracked and dated from its initial verification 3. Staff who are authorized to review, modify, and delete information, and circumstances when modification or deletion is appropriate. 4. The security controls in place to protect the information from unauthorized modification. a. Limiting physical access to credentialing information, to protect the accuracy of information gathered from primary sources and NCQA-approved sources. b. Preventing unauthorized access, changes to and release of credentialing information. c. Password-protecting electronic systems, including user requirements to: use strong passwords, avoid writing down passwords, use different passwords for different accounts, and change passwords when requested by staff or if passwords are compromised. d. Changing or withdrawing passwords, including alerting appropriate staff who oversee computer security to: change passwords when appropriate, and disable or remove passwords if employees leave the organization.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			5. How the Delegate audits the processes and procedures in factors 1-4. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	
Section 5.2: Credentialing Committee				
5.2.1	Credentialing Committee	Yes	The Delegate obtains meaningful advice and expertise from participating practitioners when it makes credentialing decisions. The Delegate's Credentialing Committee: 1. Uses participating practitioners to provide advice and expertise for credentialing decisions. 2. Reviews credentials for practitioners who do not meet established thresholds. 3. Ensures that files that meet established criteria are reviewed and approved by a Medical Director or designated physician. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 5.3: Credentialing Verification				
5.3.1	Verification of Credentials	Yes	The Delegate conducts timely verification of information to ensure that practitioners have the legal authority and relevant training and experience to provide quality care. The Delegate verifies credentialing information through primary sources, unless otherwise indicated. The Delegate verifies that the following are within the prescribed time limits: 1. A current and valid license to practice. 2. A valid DEA or CDS certificate, if applicable. 3. Education and training, as specified in the NCQA Standards and Guidelines.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			4. Board certification status, if applicable. 5. Work history. 6. A history of professional liability claims that resulted in settlements or judgments paid on behalf of the practitioner. Delegate shall submit the following report(s) pursuant to CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	
5.3.2	Sanction Information	Yes	The Delegate verifies the following sanction information for credentialing:: 1. State sanctions, restrictions on licensure or limitations on scope of practice. 2. Medicare and Medicaid sanctions. 3. Medi-Cal Suspended & Ineligible 4. Medicare Opt-Out 5. Excluded Parties List System/System for Award Management (EPLS/SAM) 6. CMS Preclusions Delegate shall submit the following report(s) pursuant to CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
5.3.3	Credentialing Application	Yes	The Delegate performs primary source verification and credentialing and re-credentialing decision-making, which includes using an application and signed attestation. The Delegate ensures applications for credentialing include the following: 1. Reasons for inability to perform the essential functions of the position. 2. Lack of present illegal drug use. 3. History of loss of license and felony convictions. 4. History of loss or limitation of privileges or disciplinary actions. 5. Current malpractice insurance coverage. 6. Hospital admitting privileges or coverage	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			7. Current and signed attestation confirming the correctness and completeness of the application. 8. A current facility site review is included for PCP in the credentialing file. 9. Process and procedure for identifying HIV/AIDS Specialist Delegate shall submit the following report(s) pursuant to CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	
Section 5.4: Recredentialing Cycle Length				
5.4.1	Recredential-ing Cycle Length	Yes	The length of the recredentialing cycle is within the required 36-month time frame. Delegate shall submit the following report(s) pursuant to CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 5.5: Ongoing Monitoring and Interventions				
5.5.1	Ongoing Monitoring and Interventions	Yes	Delegate develops and implements policies and procedures for ongoing monitoring of practitioner sanctions, complaints and quality issues between re-credentialing cycles and takes appropriate action against practitioners when it identifies occurrences of poor quality. The Delegate implements ongoing monitoring and makes appropriate interventions by: 1. Collecting and reviewing Medicare and Medicaid sanctions (i.e., Medi-Cal Suspended & Ineligible List, Medicare Opt-Out, Excluded Parties List System/System for Award Management (EPLS/SAM), CMS Preclusion). 2. Collecting and reviewing sanctions or limitations on licensure. 3. Collecting and reviewing complaints. 4. Collecting and reviewing information from identified adverse events. 5. Implementing appropriate interventions when it identifies instances of poor quality related to factors 1-4.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			Delegate shall submit the following report(s) pursuant to CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	
Section 5.6: Notification to Authorities and Practitioner Appeal Rights				
5.6.1	Actions Against Practitioners	Yes	The Delegate uses objective evidence and patient care considerations to decide on altering a practitioner's relationship with Delegate if the practitioner does not meet Delegate's quality standards. The Delegate has policies and procedures for: 1. The range of actions available to the Delegate. 2. Making the appeal process known to practitioners. Delegate shall submit the following report(s) pursuant to CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 5.7: Assessment of Medi-Cal Organizational Providers				
5.7.1	Review and Approval of Provider	Yes	The Delegate assesses and approves, initially and in an ongoing manner, Medi-Cal provider organizations. The Delegate's policy for assessing a health care delivery provider specifies that before it contracts with a provider, and for at least every 36 months thereafter, it: 1. Confirms that the provider is in good standing with state and federal regulatory bodies. 2. Confirms that the provider has been reviewed and approved by an accrediting body. 3. Conducts an onsite quality assessment if the provider is not accredited. 4. Ensures that the provider is Medi-Cal enrolled. Delegate shall submit the following report(s) pursuant to CalOptima Reporting Policy: 1. Credentialing Monthly Universe	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

AMENDED AND RESTATED
CONTRACT FOR HEALTH CARE SERVICES

HMO

THIS AMENDED AND RESTATED CONTRACT FOR HEALTH CARE SERVICES ("Amended and Restated Contract" or "Contract") is entered by and between Orange County Health Authority, a public agency, dba CalOptima, ("CalOptima"), and **Kaiser Foundation Health Plan, Inc.**, ("HMO"), with respect to the following recitals which are incorporated herein:

RECITALS

A. CalOptima was formed pursuant to California Welfare and Institutions Code Section 14087.54 and Orange County Ordinance No. 3896, as amended by Ordinance No. 00-8, as a result of the efforts of the Orange County health care community.

B. CalOptima has entered into a contract with the State pursuant to which it is obligated to arrange and pay for the provision of services to Medi-Cal eligible beneficiaries residing in Orange County, California, who receive Covered Services.

C. HMO desires to provide or arrange for the provision of Covered Services to Members as defined herein.

D. HMO is an unrestricted full service health care service plan licensed under the California Knox-Keene Health Care Service Plan Act of 1975 (Health and Safety Code § 1340 et seq.), as amended, that provides health care services to its enrolled Members.

E. CalOptima and HMO originally entered into the Contract for Health Care Services, effective February 1, 2010, (the "Original Contract") and now desire to amend and restate terms and conditions in the Original Contract as set forth in this Amended and Restated Contract.

F. The terms and conditions of this Amended and Restated Contract supersede those in the Original Contract and amendments thereto dated prior to the execution of this Amended and Restated Contract and shall govern the relationship between CalOptima and HMO effective July 1, 2019.

NOW, THEREFORE, the parties agree as follows:

ARTICLE 1
Definitions

1.1 "Administrative Services" means those non-clinical functions that are the responsibility of the HMO and are required to discharge the obligations and meet the

Back to Agenda Back to Item

requirements set forth in this Contract, in CalOptima Policies and in Memoranda of Understanding.

1.2 "Adult Expansion Member" means a Member enrolled in aid codes L1 and M1 as newly eligible and who meets the eligibility requirements in Title XIX of the federal Social Security Act, Section 1902(a)(10)(A)(i)(VIII), and the conditions as described in the federal Social Security Act, Section 1905(y).

1.3 "Advance Directive" means a written instruction such as under the California Natural Death Act Declarations or durable power of attorney for health care, recognized under State law and relating to the provision of medical care when an individual is incapacitated.

1.4 "Aid Code" means the two-character code, defined by the State of California, which identifies the aid category under which a Member is eligible to receive Medi-Cal Covered Services.

1.5 "American Indian" means a Member who meets the criteria for an "Indian" as stated in 42 CFR 438.14(a), which includes members in a federally recognized Indian tribe, resides in an urban center and meets one or more of the criteria stated in 42 CFR 438.14(a)(ii), is considered by the Secretary of the Interior to be an Indian for any purpose, or is considered by the Secretary of Health and Human Services to be an Indian for purpose of eligibility for Indian health services, including as a California Indian, Eskimo, Aleut, or other Alaska Native.

1.6 "American Indian Health Care Provider" means a health care program operated by the Indian Health Service (IHS) or by an Indian Tribe, Tribal Organization, or Urban Indian Organization (otherwise known as an I/T/U) as those terms are defined in Section 4 of the Indian Health Care Improvement Act (25 U.S.C. 1603).

1.7 "American Indian Health Service Programs" means facilities operated with funds from the Indian Health Service under the Indian Self-Determination Act and the Indian Health Care Improvement Act, through which services are provided, directly or by contract, to the eligible American Indian population with a defined geographic area, per Title 22, Section 55000.

1.8 "Approved Drug List" means CalOptima's continually updated list of medications and supplies that may be obtained without prior authorization.

1.9 "California Children's Services (CCS)" means those services authorized by the CCS Program for the diagnosis and treatment of the CCS Eligible Conditions of a specific Member.

1.10 "California Children's Services (CCS) Eligible Condition(s)", means a physically handicapping condition defined in Title 22 CCR Sections 41515.2 through 41518.9.

1.11 "California Children's Services (CCS) Program" means the public health program which assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible children under the age of twenty-one (21) years who have CCS Eligible Conditions.

1.12 "CCS Provider" or "CCS-Paneled Provider(s)" means any of the following providers when used to treat Members for CCS Eligible Conditions:

A. A medical provider that is paneled by the CCS Program, pursuant to Health and Safety Code, Article 5 (commencing with Section 123800) of Chapter 3 of Part 2 of Division 106.

B. A licensed acute care hospital approved by the CCS Program.

C. A special care center approved by the CCS Program.

1.13 "CalOptima Board" or "Board" means the CalOptima Board of Directors.

1.14 "CalOptima Direct" or "COD" means a program CalOptima administers for CalOptima beneficiaries not enrolled with a Health Network or HMO.

1.15 "CalOptima Policy(s)" means CalOptima policies and procedures relevant to this Contract, as amended from time to time, at the sole discretion of CalOptima.

1.16 "CalOptima's Regulators" means those government agencies that regulate, oversee, or enforce applicable statutory, regulatory, or contractual requirements relating to the activities and/or obligations of CalOptima, HMO, and Subcontractors under the State Contract, this Contract, and Subcontracts, as applicable, including, without limitation, DHCS, the HHS Office of Inspector General, the Comptroller General of the United States, the Department of Justice (DOJ), DOJ Bureau of Medi-Cal Fraud, the Department of Managed Health Care (DMHC), and other authorized federal or State agencies, or their duly authorized representatives or designees, including DHCS' external quality review organization contractor.

1.17 "Capitation Payment" means the monthly amount paid to the HMO by CalOptima for delivery of Covered Services to Members, which is determined by multiplying the applicable Capitation Rate by HMO's monthly enrollment based upon Aid Code, age and gender.

1.18 "Capitation Rate" means the rate set by CalOptima for the delivery of Covered Services to Members based upon Aid Code, age and gender.

1.19 "Care Management Services" means:

1.19.1 Providing or approving all Covered Services including health assessments, identification of risks, initiation of intervention and health education deemed

Medically Necessary, consultation, referral for consultation and additional health care services;

1.19.2 Coordinating Medically Necessary Covered Services with other Medi- Cal benefits not covered under this Contract;

1.19.3 Maintaining a Medical Record with documentation of referral services and follow-up as medically indicated;

1.19.4 Ordering of therapy, admission to hospitals and coordinated hospital discharge planning that includes necessary post-discharge care;

1.19.5 Authorization of referred services;

1.19.6 Coordinating a Member's care with all external agencies that are required to be involved in addressing the Member's needs as addressed in applicable MOUs and in CalOptima Policies;

1.19.7 Coordinating care for Members transitioning from CalOptima Direct to a Health Network or from one Health Network to another Health Network; and

1.19.8 Targeted services for Members with Special Health Care Needs to support compliance with Federal Medicaid contingencies, including but not limited to: identification of Members with Special Health Care Needs, assessment of Members with Special Health Care Needs, development of treatment plans, and monitoring the progress of adherence to treatment plans for Members with Special Health Care Needs.

1.20 "Child Health and Disability Prevention" or "CHDP" means the California program, defined in the Health and Safety Code Section 12402.5 et seq. that covers certain pediatric preventive services for children eligible for Medi-Cal.

1.21 "Clean Claim" shall have the same meaning as "Complete Claim," as that term is defined in Title 28, CCR Section 1300.71(a)(2).

1.22 Intentionally Left Blank.

1.23 Intentionally Left Blank.

1.24 "Complex Case Management" means the systematic coordination and assessment of case and services provided to Members who have experienced a critical event or diagnosis that requires the extensive use of resources and who need help navigating the system to facilitate appropriate delivery of care and services. Complex Case Management includes basic case management.

1.25 "Compliance Program" means the programs (including, without limitation, the compliance manual, code of conduct and HMO policies and applicable CalOptima Policies) developed and adopted by HMO and CalOptima to promote, monitor and ensure that CalOptima's and HMO's operations and practices and the practices of its Board members, employees, contractors and providers comply with applicable law and ethical standards.

1.26 "Comprehensive Perinatal Services Program" or "CPSP" means those services defined in Section 14134.5 of the Welfare and Institutions Code and Title 22, Sections 51179 and 51348 of the California Code of Regulations (CCR). For CalOptima Members, CPSP is incorporated into CalOptima's Perinatal Support Services (PSS).

1.27 "Concentration Languages" means those languages spoken by at least 1,000 Members whose primary language is other than English in a ZIP code, or by at least 1,500 such Members in two contiguous ZIP codes.

1.28 "Contract" means this written instrument between CalOptima and HMO. This Contract shall include, in addition to this document, any Memoranda of Understanding entered into by CalOptima which are binding on HMO, DHCS Medi-Cal Managed Care Policy Division Policy Letters.

1.29 "Covered Services" means those services provided under the Fee-for-Service Medi-Cal program, as set forth in Article 4, Chapter 3 (beginning with Section 51301), Subdivision 1, Division 3, Title 22, CCR, and Article 4 (beginning with Section 6840), Subchapter 13, Chapter 4, Division 1 of Title 17, CCR, which (i) are included as Covered Services under the State Contract; and (ii) are Medically Necessary, as described in Attachment A (which may be revised from time to time at the discretion of CalOptima), along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR) and, effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, CCS Services (as defined in Subdivision 7 of Division 2 of Title 22 of the California Code of Regulations), which shall be covered for Members, notwithstanding whether such benefits are provided under the Fee-for-Service Medi-Cal Program.

1.30 "DHCS" means the State of California Department of Health Care Services.

1.31 "Derivative Aid Code" means an Aid Code, which is a subset of eligible beneficiaries derived from an original covered Aid Code.

1.32 "Disease Management" means a multi-disciplinary, continuum-based approach to health care delivery that proactively identifies populations with, or at risk for, established medical conditions:

1.32.1 That supports the physician/patient relationship;

1.32.2 Emphasizes prevention of exacerbation and complications utilizing cost-effective evidence based practice guidelines and patient empowerment strategies such as self-management; and

1.32.3 Continuously evaluates clinical humanistic and economic outcomes with the goal of improving health.

1.33 "Early and Periodic Screening, Diagnostic and Treatment" or "EPSDT" means a comprehensive and preventive child health program for individuals under the age of twenty-one (21). EPSDT is defined by law in the Federal Omnibus Budget Reconciliation Act of 1989 (OBRA 89) legislation and includes periodic screening, vision, dental and hearing services. In addition, Section 1905(r)(5) of the Federal Social Security Act (the Act) requires that any medically necessary health care service listed in Section 1905(a) of the Act be provided to an EPSDT recipient even if the service is not available under the State's Medicaid plan to the rest of the Medicaid population.

1.34 "Emergency Medical Condition" means a medical condition which is manifested by acute symptoms of sufficient severity (including severe pain) such that a prudent lay person, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

1.34.1 Placing the health of the individual (or, in the case of a pregnant woman, the health of the woman and her unborn child) in serious jeopardy; or

1.34.2 Serious impairment to bodily functions; or

1.34.3 Serious dysfunction of any bodily organ or part.

1.35 "Emergency Services" means Covered Services furnished by a qualified Provider, which are needed to evaluate or Stabilize an Emergency Medical Condition that is found to exist using a prudent layperson standard.

1.36 "Encounter" means any unit of Covered Service provided to a Member by Health Network regardless of Health Network reimbursement methodology. These services include any and all services provided to a Member, regardless of the service location or provider, inclusive of out-of-network services, including sub-capitated and delegated Covered Services.

1.37 "Evaluation Services Provider" means a provider of custom wheelchair and seating systems assessment and evaluation services, whether provided in-home or in the provider's facility, designated and contracted to assess and evaluate a Member with Disabilities (MWD)'s needs for custom power wheelchairs and seating systems, or customized modifications to wheelchairs and seating systems.

1.38 "Facility" means any premises:

1.38.1 Owned, leased, used or operated directly or indirectly by or for the HMO for purposes related to this Contract; or

1.38.2 Maintained by a Subcontractor to provide Covered Services pursuant to an agreement with the HMO(s).

1.39 "Family Planning" means Covered Services that are provided to individuals of childbearing age to enable them to determine the number and spacing of their children, and to help reduce the incidence of maternal and infant deaths and diseases by promoting the health and education of potential parents. Family Planning includes but is not limited to:

1.39.1 Medical and surgical services performed by or under the direct supervision of a licensed physician for the purpose of Family Planning;

1.39.2 Laboratory and radiology procedures, drugs and devices prescribed by a licensed physician and/or are associated with Family Planning procedures;

1.39.3 Patient visits for the purpose of Family Planning;

1.39.4 Family Planning counseling services provided during a regular patient visit;

1.39.5 IUD and UCD insertions, or any other invasive contraceptive procedures/devices;

1.39.6 Tubal ligations;

1.39.7 Vasectomies;

1.39.8 Contraceptive drugs or devices;

1.39.9 Treatment for complications resulting from previous Family Planning procedures.

1.39.10 Family Planning does not include services for the treatment of infertility or reversal of sterilization.

1.40 "Federally Qualified Health Center" or "FQHC" means an entity as defined in 42 United States Code (USC) Section 1396d(l)(2)(B).

1.41 "Fee-for-Service" or "FFS" means the reimbursement paid to Providers on a non-capitated basis.

1.42 "Foster Care" means an out-of-home placement for a child either on a temporary or permanent basis.

1.43 "Health Education" means any combination of learning experiences designed to facilitate voluntary adaptations of behavior conducive to health.

1.44 "Health Maintenance Organization" or "HMO" means the health care service plan, as defined in the Knox-Keene Health Care Service Plan Act of 1975, as amended, (commencing with Section 1340 of the California Health and Safety Code) ("Knox-Keene Act") and who is signatory to this Contract.

1.45 "Health Network" means a physician hospital consortium (PHC), physician group under a shared risk contract, or a health care service plan, such as an HMO, as defined in the Knox-Keene Act, and contracted by CalOptima to provide Covered Services to Members.

1.46 "Healthcare Effectiveness Data and Information Set" or "HEDIS" means the set of standardized performance measures sponsored and maintained by the National Committee for Quality Assurance (NCQA).

1.47 "HHS" means the United States Department of Health and Human Services.

1.48 "Hospital" means a general acute care hospital licensed under the laws of the State of California and accredited by the Joint Commission, or other Centers for Medicare and Medicaid Services (CMS) deemed accrediting body, and certified for participation under Medicare and Medicaid (Titles XVIII and XIX of the Social Security Act), which is owned or operated by HMO or with which HMO has a Subcontract to provide Covered Services under this Contract.

1.49 "Incontinence Supplies" means Medical Supplies used to manage bowel and/or bladder incontinence.

1.50 "Joint Commission" means the Joint Commission for the Accreditation of Health Care Organizations.

1.51 "Kaiser System" means those providers operating through the Kaiser Foundation hospitals, HMO and the Southern California Permanente Medical Group."

1.52 "Long Term Care Facility" means a facility that is licensed to provide skilled nursing facility services, intermediate care facility services, or sub-acute care services.

1.53 "Management Services Organization" or "MSO" means any organization, firm, company or entity providing Administrative Services on behalf of HMO which impact CalOptima Members.

1.54 "Medi-Cal" is the name for the Medicaid program in the State of California, and "Medicaid" is the program authorized by Title XIX of the Social Security Act and the regulations promulgated thereunder.

1.55 "Medi-Cal Fee Schedule" means the Medi-Cal payment system for reimbursement for physician services in Title 22, CCR, Section 51503.

1.56 "Medi-Cal Managed Care All Plan Letter (APL)" and "Policy Letter (PL)" are the means by which DHCS conveys information or interpretation of changes in policy or procedure at the Federal or State levels. APLs and Policy Letters provide instruction to the contractors about changes in Federal or State law and Regulation that affect the way in which they operate or deliver services to Medi-Cal beneficiaries.

1.57 "Medically Necessary" or "Medical Necessity" means reasonable and necessary Covered Services to protect life, to prevent illness or disability, alleviate severe pain through the diagnosis or treatment of disease, illness or injury, achieve age-appropriate growth and development, and attain, maintain, or regain functional capacity per title 22, CCR Section 51303(a) and 42 CFR 438.210(a)(5). When determining the Medical Necessity for a Medi-Cal beneficiary under the age of 21, "Medical Necessity" is expanded to include the standards set forth in 42 USC Section 1396d(r), and Welfare and Institutions Code Section 14132(v).

1.58 "Medical Record" means any record kept or required to be kept by any Provider that documents all the medical services received by the Member, including without limitation inpatient, outpatient, emergency care, referral requests and authorizations.

1.59 "Medical Screening Examination" or "MSE" means an examination within HMO's capability (including ancillary services routinely available) to determine whether or not an Emergency Medical Condition exists.

1.60 "Medical Supplies" means items, which, due to their therapeutic or diagnostic characteristics, are essential to enable Members to effectively complete a physician ordered plan of care, excluding common household items and clothing.

1.61 "Medical Therapy Program (MTP)" means a special program within California Children's Services that provides physical therapy (PT), occupational therapy (OT) and medical therapy conference (MTC) services for children who have disabling conditions, generally due to neurological or musculoskeletal disorders.

1.62 "Medicare" means the federal health insurance program for: people sixty-five (65) years of age or older, certain younger people with disabilities, and people with End-Stage Renal Disease (permanent kidney failure with dialysis or a transplant, sometimes called (ESRD) as defined in Title XVIII of the Federal Social Security Act.

1.63 "Member" means a Medi-Cal eligible beneficiary as determined by the County of Orange Department of Social Services, DHCS, or the United States Social Security Administration who is enrolled in the CalOptima Program and the HMO.

1.64 "Member with Special Health Care Needs" means a Member who meets at least one of the following criteria: (i) Medicare eligible; (ii) diagnosed with an emotional or physical disability; (iii) placed in the foster care system; (iv) Regional Center of Orange County (RCOC) program eligible; or (v) CCS Program eligible.

1.65 "Memorandum/Memoranda of Understanding" or "MOU" means agreements between CalOptima and external agencies, which delineates responsibilities for coordinating care to Members, and contracts between CalOptima and the County of Orange that incorporate such agreements, including but not limited to the Coordination and Provision of Public Health Care Services Contract.

1.66 "Minimum Standards" means the minimum participation criteria established by CalOptima that must be satisfied in order for specified categories of Providers to submit claims and/or receive reimbursement from the CalOptima program (including Health Networks and CalOptima Direct) for items and/or services furnished to Members as described in CalOptima Policies.

1.67 "National Committee on Quality Assurance" or "NCQA" means the non-profit organization committed to evaluating and publicly reporting on the quality of managed care plans.

1.68 "Other Member" means a Medi-Cal beneficiary as determined by the County of Orange Social Services Agency, DHCS, or the United States Social Security Administration who is enrolled by the State in a CalOptima Program but is not enrolled in the HMO.

1.69 "Out-of-Network Provider" means a Provider who is not obligated by a written contract with HMO to provide Covered Services to Members.

1.70 "Outpatient Mental Health Services" means outpatient services that CalOptima will provide for members with mild to moderate mental health conditions including: individual or group mental health evaluation and treatment (psychotherapy); psychological testing when clinically indicated to evaluate mental health condition; psychiatric consultation for medication management; and outpatient laboratory, supplies and supplements.

1.71 "Participating Provider" means a Provider who is obligated by a written contract to provide Covered Services to Members on behalf of HMO. All Participating Providers shall be considered Subcontractors.

1.72 "Participation Status" means whether or not a person or entity is or has been suspended, precluded, or excluded from participation in Federal and/or State health care programs and/or has a felony conviction as specified in CalOptima's Compliance Program and CalOptima Policies.

1.73 "Pediatric Preventive Services" or "PPS" means well child services, which incorporate services covered under the Medi-Cal CHDP Program and the American Academy of Pediatrics Guidelines for Health Supervision.

1.74 "Perinatal Support Services" or "PSS" means obstetrical services enhanced with those perinatal services that are incorporated in CPSP services and perinatal Care Management for pregnant and post-partum Members.

1.75 "Person-Centered Planning" means a highly individualized and ongoing process to develop individualized care plans that focus on a person's abilities and preferences. Person-Centered Planning is an integral part of basic and Complex Case Management and discharge planning.

1.76 "PHC" and "PHCs" means a physician-hospital consortium/consortia.

1.77 Not Applicable to this Contract.

1.78 "Physician Incentive Plan" means any compensation arrangement between HMO and a physician or physician group designed to motivate physician or physician group that may directly or indirectly have the effect of reducing or limiting services furnished to Members.

1.79 "Practitioner" means a licensed practitioner, including a Doctor of Medicine (MD), Doctor of Osteopathy (DO), Doctor of Podiatric Medicine, Doctor of Chiropractic Medicine (DC), and a Doctor of Dental Surgery (DDS) furnishing Covered Services under medical benefits, as described in CalOptima Policies.

1.80 "Preclusion List" means the CMS-compiled list of providers and prescribers who are precluded from receiving payment for Medicare Advantage (MA) items and services or Part D drugs furnished or prescribed to Medicare beneficiaries.

1.81 "Primary Care Physician" or "PCP" means a physician responsible for supervising, coordinating, and providing initial and primary care to patients and serves as the medical home for Members. The PCP is a general practitioner, internist, pediatrician, family practitioner, or obstetrician/gynecologist (OB/GYN). For SPD and CCS Members "Primary Care Physician" or "PCP" shall additionally mean any clinic or Specialist Physician who is a Participating Provider and is willing to perform the role of the PCP, provided that clinic or Specialist Physician is qualified to treat the required range of conditions of the Member.

1.82 "Provider" means a physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, health maintenance organization or other person or institution who furnishes health care items or services.

1.83 "Quality Indicators" means measurable variables relating to a specific clinical or health service delivery area, which are reviewed over a period of time to monitor the process or outcome of care delivered in that clinical area.

1.84 Intentionally Left Blank.

1.85 "Alcohol Misuse Screening and Counseling" or "AMSC" (formerly referred to as "Screening, Brief Intervention, and Referral to Treatment" or "SBIRT") means services provided by a Primary Care Physician to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol.

1.86 "Sensitive Services" means those services related to Family Planning, sexually transmitted disease (STD), abortion and Human Immunodeficiency Virus testing.

1.87 Not Applicable to this Contract.

1.88 "SPD Member" means Members in Seniors and Persons with Disabilities Aid Codes

1.89 "Specialist Physician" or "Specialist" means a physician who has completed advanced education and clinical training in a specific area of medicine or surgery.

1.90 "Specialized Durable Medical Equipment" means durable medical equipment that is uniquely constructed from raw materials or substantially modified from the base material solely for the full-time use of a specific Member, according to a physician's description and orders; is made to order or adapted to meet the specific needs of the Member; and is so uniquely constructed, adapted, or modified that it is unusable by another individual, and is so different from another item used for the same purpose that the two could not be grouped together for pricing purposes.

1.91 "Specialty Mental Health Provider" means a person or entity who is licensed, certified or otherwise recognized or authorized under the State law governing the healing arts to provide Specialty Mental Health Services and who meets the standards for participation in the Medi-Cal program. Specialty Mental Health Providers include but are not limited to clinics, hospital outpatient departments, certified residential treatment facilities, skilled nursing facilities, psychiatric health facilities, hospitals, and licensed mental health professionals, including psychiatrists, psychologists, licensed clinical social workers, marriage, family and child counselors, therapists and registered nurses authorized to provide Specialty Mental Health Services.

1.92 "Specialty Mental Health Services" means:

1.92.1 Rehabilitative services which include mental health services, medication support services, day treatment intensive services, day rehabilitation, crisis intervention, crisis stabilization, adult residential treatment services, crisis residential services and psychiatric health facility services;

1.92.2 Psychiatric inpatient hospital services;

1.92.3 Targeted Care Management services;

1.92.4 Psychiatrist services;

1.92.5 Psychologist services; and

1.92.6 EPSDT supplemental specialty mental health services.

1.93 "Stabilize" or "Stabilized" means with respect to an Emergency Medical Condition, to provide such medical treatment of the condition to assure, within reasonable medical probability, that no material deterioration of the condition is likely to result from, or occur during, the transfer of the individual from a facility, or in the case of a pregnant woman, that the woman has delivered the child and the placenta.

1.94 "State" means the State of California.

1.95 "State Contract" means the written agreement between CalOptima and the State pursuant to which CalOptima is obligated to arrange and pay for the provision of Covered Services to certain Medi-Cal beneficiaries in Orange County, California.

1.96 "Subcontract" means a written agreement entered into by the HMO with a Provider who agrees to furnish Covered Services to Members, or any other organization or person who agrees to perform any administrative function or service for HMO specifically related to fulfilling HMO's obligations to CalOptima under the terms of this Contract.

1.97 "Subcontractor" means a Provider or any organization or person who has entered into a Subcontract with HMO. All delegates are Subcontractors, but not all Subcontractors shall be considered delegates. A delegate means an organization or person that subcontracts with HMO to perform any administrative function or service for HMO specifically related to fulfilling HMO's obligations to CalOptima under the terms of this Contract.

1.98 "Sub-delegation" means the process by which HMO expressly grants, by formal written agreement, to another entity the authority to carry out a function that would otherwise be required to be performed by HMO in order to meet its obligations under, and the intent of this Contract.

1.99 "Threshold Languages" means those languages as determined by State requirements per MMCD Policy Letter 99-03, APL 17-011, or any update or revision thereof.

1.100 "Urgent Care Services" means Covered Services required to prevent serious deterioration of health following the onset of an unforeseen condition or injury for which treatment cannot be delayed.

1.101 "Vaccines for Children" or "VFC" means the federal program, which provides free vaccines for eligible populations. Medi-Cal covered children, ages eighteen (18) years and younger, are eligible for free vaccines under this program.

1.102 "Whole Child Model Program" or "WCM" means CalOptima's WCM program whereby CCS will be a Medi-Cal managed care plan benefit with the goal being to improve health care coordination for the whole child, rather than handle CCS Eligible Conditions separately.

ARTICLE 2
Obligations of HMO – Financial

2.1 Not Applicable to this Contract.

2.2 INDEMNIFICATION --- Each party to this Contract agrees to defend, indemnify and hold each other and the State harmless, with respect to any and all Claims, costs, damages and expenses, including reasonable attorney's fees, which are related to or arise out of the negligent or willful performance or non-performance by the indemnifying party, or any functions, duties or obligations of such party under this Contract. Neither termination of the Contract nor completion of the acts to be performed under this Contract shall release any party from its obligation to indemnify as to any claims or cause of action asserted so long as the event(s) upon which such claims or cause of action is predicated shall have occurred prior to the effective date of termination or completion

2.3 INSURANCE REQUIREMENTS:

2.3.1 Professional/Medical Malpractice:
Each Participating Provider providing Covered Services to Members shall maintain a Professional Liability (Medical Malpractice) Insurance policy for the specialty or type of service which the Participating Provider provides with minimum limits as follows:

PCP or Specialist Physician:
$1,000,000 per incident/$3,000,000 aggregate

Hospital providing covered services:
$5,000,000 per incident/$5,000,000 aggregate

2.3.2 Commercial General Liability/Commercial Automobile Liability:

HMO shall maintain a Commercial General Liability Insurance policy and a Commercial Automobile Liability Insurance policy with minimum limits as follows:

Commercial General Liability:
$1,000,000 per occurrence/$3,000,000 aggregate
Commercial Automobile Liability:
$1,000,000 Combined Single Limit

CalOptima must be named as an additional insured on HMO's Comprehensive General Liability and Automobile Liability insurance with respect to performance under this Contract.

2.3.3 Workers' Compensation:
HMO and each Participating Provider shall maintain a Workers' Compensation Insurance policy with minimum limits as follows:

Employers' Liability Insurance:
$1,000,000 Bodily Injury by Accident - each accident
$1,000,000 Bodily Injury by Disease - policy limit
$1,000,000 Bodily Injury by Disease - each employee

2.3.4 Managed Care Errors and Omissions:
HMO shall maintain a Managed Care Errors and Omissions Insurance policy with minimum limits as follows:

Managed Care Errors and Omissions:
$5,000,000 each claim/$5,000,000 aggregate

2.3.5 Insurer Ratings: Such insurance shall be provided by an insurer:
(a) rated by A.M. Best with a rating of A V or better; and

(b) "admitted" to do business in California or an insurer approved to do business in California by the California Department of Insurance and listed on the Surplus Lines Association of California List of Eligible Surplus Lines Insurers (LESLI); or

(c) an Unincorporated Interindemnity Trust Arrangement as authorized by the California Insurance Code 12180.7

2.3.6 Captive Risk Retention Group/Self Insured: Where any of the Insurance(s) mentioned in this Section are provided by a Captive Risk Retention Group or self-insured, insurer ratings requirements above may be waived at the sole discretion of CalOptima, but only after review of the Captive Risk Retention Group's or self-insured's audited financial statements.

2.3.7 Cancellation or Material Change: The HMO shall not of its own initiative cause such insurance as addressed in this Article to be cancelled or materially changed during the term of this Contract.

2.3.8 Proof of Insurance: Certificates of Insurance of the above Insurance policies and/or evidence of self-insurance maintained by HMO shall be provided to CalOptima prior to execution of the Contract and annually thereafter. HMO shall provide the Certificates of Insurance of the above Insurance policies and/or evidence of self-insurance maintained by Participating Providers to CalOptima upon request.

2.4 REIMBURSEMENT FOR CERTAIN COVERED SERVICES PROVIDED BY LOCAL HEALTH DEPARTMENT---HMO shall reimburse the Local Health Department (LHD) on a FFS basis, according to the current Medi-Cal Fee Schedule, for certain Covered Services provided to Members, in accordance with CalOptima Policy. This Section shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

2.5 Not Applicable to this Contract.

2.6 SKILLED NURSING FACILITY FINANCIAL RESPONSIBILITY --- HMO shall be financially responsible for Skilled Nursing Facility services daily rate when such services are determined by CalOptima to be in-lieu of acute hospitalization.

2.7 PAYMENTS TO PROVIDERS ---

2.7.1 Capitation Payments - HMO and/or Subcontractors shall distribute monthly capitation payments to capitated Participating Providers within fifteen (15) calendar days following the date on which HMO receives payment from CalOptima.

2.7.2 Claims Turnaround Time - HMO shall reimburse Complete Claims, or any portion of any Complete Claim, for Covered Services, as soon as practical, but no later than thirty (30) calendar days after receipt of the claim by HMO, unless the claim or portion thereof is reasonably contested by HMO, in which case the claimant shall be notified in writing that the claim is contested or denied within forty-five (45) business days after receipt of the claim by HMO in accordance with CalOptima Policy.

2.7.3 Claims Adjudication – Except as provided in this Section, HMO shall accept and adjudicate claims for Covered Services provided to Members in accordance with the provisions of Sections 1371, 1371.1, 1371.2, 1371.22, 1371.35, 1371.36, 1371.37, 1371.38, 1371.4 and 1371.8 of the California Health & Safety Code, and Sections 1300.71, 1300.71.38, 1300.71.4, and 1300.77.4 of Title 28 of the California Code of Regulations and CalOptima

Policies. Waiver of any right or obligation specific to the Health and Safety Code and Title 28 related to claims processing and payment shall be prohibited.

2.7.4 Dispute Resolution - HMO shall establish and maintain a fair, fast and cost-effective dispute resolution mechanism to process and resolve provider disputes in accordance with the provisions of Sections 1371, 1371.1, 1371.2, 1371.22, 1371.35, 1371.36, 1371.37, 1371.38, 1371.4 and 1371.8 of the California Health & Safety Code, and Sections 1300.71, 1300.71.38, 1300.71.4, and 1300.77.4 of Title 28 of the California Code of Regulations and CalOptima Policies.

2.7.5 Right Of Appeal - HMO shall afford Providers an unconditional right of appeal and de novo review for claims disputes involving issues of Medical Necessity. Any Provider that submits a claim dispute to HMO's dispute resolution mechanism involving an issue of medical necessity or utilization review shall have an unconditional right of appeal for that claim dispute to CalOptima's dispute resolution process for a de novo review and resolution for a period of sixty (60) working days from HMO's Date of Determination.

2.7.6 CalOptima Payment On Behalf Of HMO

2.7.6.1 If CalOptima receives a copy of an unpaid Complete Claim as part of a Provider grievance that is thirty (30) working days old or more, CalOptima will follow all notification and acknowledgement procedures pursuant to CalOptima Policies.

2.7.6.2 If HMO does not either notify CalOptima that the claim is reasonably contested, as set forth in CalOptima Policies, or pay the Complete Claim within the thirty (30) working day period, CalOptima shall pay the Claim on behalf of HMO, plus interest, as required by the Knox-Keene Act, and deduct the amounts reimbursed, plus processing costs, from the Capitation payment, in accordance with CalOptima Policy.

2.7.7 Assumption of Delegated Functions.

2.7.7.1 Assumption Of Claims Processing. In the event that HMO fails to timely and accurately reimburse its claims (including the payment of interest and penalties), CalOptima may, at its sole discretion, either assume responsibility from HMO for claims payment, or terminate this Contract as provided for in Section 13.1 of this Contract. CalOptima's assumption of responsibility for the processing and timely reimbursement of Provider claims may be altered to the extent that HMO has established an approved corrective action plan consistent with Section 1375.4 (b)(4) of the Health and Safety Code.

2.7.7.2 Assumption Of Dispute Resolution. In the event that HMO fails to resolve its Provider disputes in a timely manner, CalOptima may, at its sole discretion, assume responsibility from HMO for dispute resolution, or terminate this Contract as provided for in Section 13.1 of this Contract.

2.7.7.3 Recoupment Of Costs For Assumption Of Claims Processing And/Or Dispute Resolution. CalOptima, at its sole and absolute discretion, may reduce HMO Capitation Rate to recoup additional administrative costs for the assumption of the claims processing and/or dispute resolution responsibilities of HMO, as described in this Section, as well as any amounts, including interest due, on claims unpaid at the assumption of responsibilities by CalOptima.

2.7.8 Quarterly Claims Payment Performance Report.

2.7.8.1 HMO shall submit, in a format specified by CalOptima Policies, a Quarterly Claims Payment Performance Report ("Quarterly Claims Report") to CalOptima within thirty (30) calendar days of the close of each calendar quarter. The Quarterly Claims Report shall, at a minimum, disclose HMO's compliance status with Sections 1371, 1371.1, 1371.2, 1371.22, 1371.35, 1371.36, 1371.37, 1371.4 and 1371.8 of the California Health and Safety Code and Sections 1300.71, 1300.71.38, 1300.71.4 and 1300.77.4 of Title 28 of the California Code of Regulations.

2.7.8.2 HMO shall ensure that each Quarterly Claims Payment Performance Report is signed by, and includes the written verification of, a principal officer, as defined by Section 1300.45(o) of Title 28 of the California Code of Regulations, of HMO, stating that the report is true and correct to the best knowledge and belief of the principal officer.

2.7.8.3 HMO's Quarterly Claims Payment Performance Report shall include a tabulated record of each Provider dispute it received, categorized by date of receipt, and including the identification of the Provider, type of dispute, disposition and working days to resolution, as to each Provider dispute received. Each individual dispute contained in a Provider's bundled notice of Provider dispute shall be reported as a separate dispute to CalOptima.

2.7.9 Forwarding of Misdirected Claims

2.7.9.1 HMO shall have the ability to receive a standard ANSI 837I and ANSI 837P claim file format for retrieving misrouted claims that are

the financial responsibility of the HMO group. HMO will receive misdirected claims per CalOptima Policy.

2.7.9.2 HMO shall have the ability to create a standard ANSI 837I and ANSI 837P claim file for forwarding claims that are the financial responsibility of CalOptima within 10 working days of receipt of the claim. CalOptima shall receive these files per CalOptima Policy and load them into their system to ensure timely claims processing.

2.7.10 FQHCs Payments - If FQHC, HMO shall reimburse the FQHC at a rate comparable to any other Subcontract arrangement for similar services.

2.7.11 American Indian Health Service Payments - HMO shall reimburse American Indian Health Care Provider(s) for Covered Services provided to Members who are qualified to receive services from an American Indian Health Care Provider. HMO shall reimburse American Indian Health Care Provider at a rate comparable to any other Subcontract arrangement for similar services.

2.7.12 Certified Nurse Midwife (CNM) and Certified Nurse Practitioner (CNP) Payments - If there are no CNMs or CNPs in HMO's provider network, HMO shall reimburse non-contracting CNMs or CNPs for services provided to Members at no less than one hundred percent (100%) of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy.

2.7.13 Family Planning Provider Payments - HMO shall reimburse non-contracting family planning providers at no less than one hundred percent (100%) of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy. HMO shall reimburse non-contracting family planning providers for services provided to Members of childbearing age to temporarily or permanently prevent or delay pregnancy.

2.7.14 Sexually Transmitted Disease Treatment Payments - HMO shall reimburse local health departments and non-contracting family planning providers at no less than one hundred percent (100%) of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy, for the diagnosis and treatment of a STD episode, as defined in MMCD Policy Letter No. 96-09. HMO may elect to provide reimbursement only if STD treatment providers provide treatment records or documentation of the Member's refusal to release Medical Records to HMO along with billing information.

2.7.15 HIV Testing and Counseling Payments - HMO shall reimburse local health departments and non-contracting family planning providers at no less than one hundred percent (100%) of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy. HMO shall provide reimbursement only if local health departments and non-contracting family

planning providers make all reasonable efforts, consistent with current laws and regulations, to report confidential test results to HMO.

2.7.16 Information Disclosures To Participating Providers. HMO shall provide to all Participating Providers, initially upon contracting and annually thereafter on or before the Contract anniversary date, and at any time upon request from a Participating Provider, in an electronic format as defined and detailed in CalOptima Policies, the following:

2.7.16.1 A complete fee schedule.

2.7.16.2 Payment policies and nonstandard coding methodologies used to adjudicate claims.

2.7.17 Provider Payments-

2.7.17.1 Not Applicable to this Contract.

2.7.17.2 In addition to the requirements in this Contract, effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, HMO shall compensate CCS paneled physicians and surgeons providing CCS Services to CCS eligible Members at rates that are equal to or exceed the applicable Medi-Cal Program CCS fee-for-service rates, unless the physician or surgeon enters into an agreement on an alternative payment methodology mutually agreed to by HMO and the physician and surgeon.

2.7.17.3 For CCS neonatal intensive care units, HMO shall pay the CCS Provider either the equivalent of Medi-Cal fee-for-service rates, such as the All Patient Refined Diagnosis Related Group (APR-DRG) rates or other established rates, or HMO's negotiated rates, whichever is higher, for up to 12 months after the transition.

2.7.18 PROPOSITION 56 SUPPLMENTAL PAYMENTS--- CalOptima and HMO shall administer the Medi-Cal Provider Special Supplemental Payment Program, funded by Proposition 56 funds, in accordance with Attachment E-2 to the Contract.

2.7.19 This Section shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

2.8 THIRD PARTY TORT LIABILITY/ESTATE RECOVERY --- HMO shall make no claim for the recovery of the value of Covered Services rendered to a Member when such recovery would result from an action involving tort liability of a third party,

recovery from the estate of deceased Member, Workers' Compensation, or casualty liability insurance awards and uninsured motorist coverage. HMO shall inform CalOptima of potential third party liability claims and provide information relative to potential third party liability claims, in accordance with CalOptima Policy.

2.9 OTHER HEALTH COVERAGE (OHC) --- HMO shall cost avoid or make post-payment recovery for the reasonable value of Covered Services paid by HMO and rendered to Members whenever a Member's OHC covers the same Covered Services, either fully or partially. In no event shall HMO cost avoid or seek post-payment recovery for the reasonable value of Covered Services from a Third Party Tort Liability Action or make a claim against the estates of deceased Members. HMO shall coordinate benefits with other programs or entitlements recognizing OHC as primary coverage and Medi-Cal as the payor of last resort. HMO shall not undertake cost avoidance or post-payment recovery except on the basis of OHC reflected in an OHC code reflected in the Medi-Cal eligibility records.

2.9.1 Cost Avoidance - If HMO reimburses a Provider on a Fee-for-Service basis, HMO shall not pay claims for Covered Services to a Member whose Medi-Cal eligibility indicates third party coverage, designated by an OHC code without proof that the Provider has first exhausted all benefits of other liable parties. Proof of third party billing is not required before payment for services provided to Members with OHC codes A or N.

2.9.2 Post-Payment Recovery - If HMO reimburses a Provider on a Fee-for-Service basis, HMO shall pay the Provider's claims and then seek to recover the cost of the claim by billing liable third parties for services provided to Members with OHC codes A or N; for services defined by DHCS as prenatal or PPS, or in child support enforcement cases. If HMO does not have sufficient information to determine whether or not OHC is the result of child support enforcement case, then HMO shall follow the procedure above for cost avoidance. If HMO does not reimburse a Provider on a Fee-for-Service basis, then HMO shall pay for Covered Services to a Member whose Medi-Cal eligibility indicates third party coverage, designated by an OHC code or Medicare coverage, and then shall bill the liable third parties for the cost of actual Covered Services rendered.

2.9.3 HMO shall have written policies implementing these requirements.

2.9.4 HMO shall submit monthly reports to CalOptima identifying OHC in accordance with CalOptima Policies.

2.9.5 HMO shall maintain reports that display claims counts and dollar amounts of costs avoided and the amount of Post-Payment Recoveries, by aid category, as well as the amount of outstanding recovery claims (accounts receivable) by age of account. Reports shall be made available upon CalOptima request.

2.9.6 HMO shall identify OHC unknown to DHCS within ten (10) days of discovery to CalOptima in accordance with CalOptima Policies.

2.9.7 HMO shall demonstrate to CalOptima that where HMO does not Cost Avoid or perform Post-Payment Recovery that the aggregate cost of this activity exceeds the total revenues HMO projects it would receive from such activity.

2.9.8 This Section shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

2.10 Not Applicable to this Contract.

2.11 FINANCIAL VIABILITY STANDARDS AND REPORTING --- HMO shall maintain a cash-to-claims ratio of no less than .75 at all times during this Contract. HMO shall substantiate compliance with this requirement by submitting all applicable reports to the Department of Managed Health Care.

2.12 COOPERATION WITH DMHC --- HMO shall fully cooperate and comply with the Department of Managed Health Care's review and audit process, and permit DMHC to obtain and evaluate supplemental financial information related to HMO. HMO shall also fully cooperate and participate in DMHC's Corrective Action Plan (CAP) process.

2.13 Not Applicable to this Contract.

ARTICLE 3
Obligations of HMO - Administrative

3.1 STATUTORY REQUIREMENTS --- HMO shall retain at all times during the period of this Contract a valid Knox-Keene license issued by the California Department of Managed Health Care (DMHC).

3.2 EQUAL OPPORTUNITY

3.2.1 HMO and its Subcontractors will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. HMO and its Subcontractors will take affirmative action to ensure that qualified applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and career development opportunities and

selection for training, including apprenticeship. HMO and its Subcontractors agree to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Federal Government or DHCS, setting forth the provisions of the Equal Opportunity clause, Section 503 of the Rehabilitation Act of 1973, and the affirmative action clause required by the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212). Such notices shall state HMO and its Subcontractors' obligation under the law to take affirmative action to employ and advance in employment qualified applicants without discrimination based on their race, color, religion, sex, national origin physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era and the rights of applicants and employees.

3.2.2 HMO and its Subcontractors will, in all solicitations or advancements for employees placed by or on behalf of HMO and its Subcontractors, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era.

3.2.3 HMO and its Subcontractors will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding a notice, to be provided by the Federal Government or the State, advising the labor union or workers' representative of HMO and its Subcontractors' commitments under the provisions herein and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

3.2.4 HMO and its Subcontractors will comply with all provisions of and furnish all information and reports required by Section 503 of the Rehabilitation Act of 1973, as amended, the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212) and of the Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and of the rules, regulations, and relevant orders of the Secretary of Labor.

3.2.5 HMO and its Subcontractors will furnish all information and reports required by Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and the Rehabilitation Act of 1973, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the State

and its designated representatives and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

3.2.6 In the event of HMO and its Subcontractors' noncompliance with the requirements of the provisions herein or with any federal rules, regulations, or orders which are referenced herein, this Contract may be cancelled, terminated, or suspended in whole or in part, and HMO and its Subcontractors may be declared ineligible for further federal and state contracts, in accordance with procedures authorized in Federal Executive Order No. 11246 as amended, and such other sanctions may be imposed and remedies invoked as provided in Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

3.2.7 HMO and its Subcontractors will include the provisions of Sections 3.2.1 through 3.2.7 in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor, issued pursuant to Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or Section 503 of the Rehabilitation Act of 1973 or (38 U.S.C. 4212) of the Vietnam Era Veteran's Readjustment Assistance Act, so that such provisions will be binding upon each Subcontractor or vendor. HMO and its Subcontractors will take such action with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs or DHCS may direct as a means of enforcing such provisions, including sanctions for noncompliance, provided, however, that in the event HMO and its Subcontractors become involved in, or are threatened with litigation by a Subcontractor or vendor as a result of such direction by DHCS, HMO and its Subcontractors may request in writing to DHCS, who, in turn, may request the United States to enter into such litigation to protect the interests of the State and of the United States.

3.3 MARKETING GUIDELINES --- HMO shall comply with the marketing guidelines set forth in CalOptima Policies.

3.4 CALOPTIMA LOGO --- HMO shall not display the CalOptima logo on any of HMO's written communication to Members without prior written approval by CalOptima.

3.5 MEMBER INQUIRIES AND CALLS --- HMO shall establish and maintain a call center for receiving and responding to Member inquiries and calls. HMO's call center

shall meet requirements established by CalOptima Policies. HMO shall equip and furnish call center including but not limited to appropriate telephone equipment and systems, so as to assure HMO shall supply reports of call center performance as required by CalOptima Reporting Policy or otherwise required by DHCS.

3.6 WRITTEN MATERIALS --- Except as otherwise provided in this Contract, HMO shall ensure that all written Member information provided by HMO to Members is provided at a sixth grade reading level, or as determined appropriate through the CalOptima group needs assessment and approved by DHCS. The written Member information shall ensure Members' understanding of the health plan covered services, processes and ensure the Member's ability to make informed health decisions. Written Member informing materials, shall be translated into the identified Threshold and Concentration Languages. Written Member informing materials shall be provided in alternative formats (including Braille, large size print, or audio format) upon request and in a timely fashion appropriate for the format being requested. HMO shall establish policies and procedures to enable Members to make a standing request to receive all informing material in a specified alternative format.

3.7 COMPLAINTS AND GRIEVANCES ---

3.7.1 Member Grievance Procedures - Members or Members' authorized representative may file grievances about any aspect of service delivery provided or arranged by HMO. HMO shall implement and comply with CalOptima Policies relating to Member grievances. HMO shall take no punitive action of any kind, and shall ensure that no Subcontractor takes any punitive action of any kind, against a Participating Provider or Subcontractor who either requests an expedited review or supports a Member's appeal.

3.7.2 Provider Grievance Procedures - Providers may file grievances about any aspect of service delivery provided or arranged by HMO. HMO shall implement and comply with CalOptima Policies relating to Provider grievances.

3.8 SUB-DELEGATION AND SUBCONTRACTING OF ADMINISTRATIVE SERVICES. Except as otherwise limited by the State Contract, this Contract and/or CalOptima Policies and subject to CalOptima's prior written approval, HMO may sub-delegate to an MSO, medical group, and/or IPA Administrative Services required of HMO but shall not absolve HMO of oversight responsibilities. All sub-delegation must be approved by CalOptima. HMO shall obtain approval of sub-delegation from CalOptima pursuant to the process detailed in CalOptima Policies. HMO's Sub-delegation to another entity does not alter HMO's ultimate obligation and responsibilities set forth in this Contract. HMO may give a sub-delegate the authority to act on behalf of HMO; but HMO retains oversight and accountability for the sub-delegated Administrative Services. Accountability means that HMO cannot abdicate responsibility for the Administrative Services being performed according to the requirements of this Contract, HMO's standards and those established by this Contract

and CalOptima Policies. HMO is accountable for all Administrative Services performed in its purview whether by HMO, by any sub-delegate or by any sub-sub-delegate. If HMO chooses to sub-delegate an Administrative Service, HMO must demonstrate that it has not compromised its ability to evaluate structures and processes and to achieve required performance across its Membership and provider network. At a minimum, HMO shall provide CalOptima no later than one hundred twenty (120) days prior to the proposed effective date of the sub-delegation, with written evidence of the sub-delegation including:

3.8.1 A copy of the written agreement which meets the requirements of this Section and which describes the relationship between the HMO and the sub-delegate entity including the following information:

3.8.1.1 The sub-delegated Administrative Services;

3.8.1.2 The responsibilities of the HMO and the sub-delegate entity;

3.8.1.3 The frequency of the sub-delegate entity's performance;

3.8.1.4 The process by which the HMO evaluates the sub-delegate entity's performance; and

3.8.1.5 The HMO's remedies if the sub-delegate entity fails to fulfill its obligations including revocation of the sub-delegation.

3.8.2 A description of the HMO's process by which the sub-delegate entity was evaluated and selected to perform the sub-delegated Administrative Services, including the entity's score on a selection tool (if any).

3.8.3 A record of the HMO's ongoing oversight process, as requested by CalOptima including:

3.8.3.1 The HMO's annual evaluation of whether the entity is performing the sub-delegated Administrative Services in accordance with this Contract and NCQA standards;

3.8.3.2 The HMO's review of the sub-delegate entity's regular reports; and

3.8.3.3 Reports and data required to be submitted to CalOptima.

3.8.4 HMO shall terminate as soon as practical to meet the health care needs of Members, upon receiving written notification from CalOptima, any sub-delegation that fails to meet standards established by CalOptima and/or any of the requirements in this Contract or in CalOptima Policies.

3.8.5 HMO shall report to CalOptima in accordance with all requirements established in this Contract and in CalOptima Policies, data and information that includes and encompasses all of HMO's Members, including those receiving services from a sub-delegate of HMO.

3.8.6 HMO shall oversee and monitor its sub-delegates, and audit sub-delegates no less than once in any twelve- (12) month period. HMO shall establish standards and performance requirements for sub-delegate Administrative Service(s) and requirements for sub-delegates shall require sub-delegate to meet or exceed all requirements of HMO in this Contract and in CalOptima Policies. HMO may be exempt from oversight, monitoring and auditing of sub-delegate if the sub-delegate is:

3.8.6.1 Contracted directly with CalOptima as a Health Network, or as a participant in a Health Network (i.e. a Shared Risk Group, PHC Physician Group, or PHC Hospital), or

3.8.6.2 NCQA accredited or certified for the function(s) sub-delegated by HMO to sub-delegate.

3.8.7 Sub-delegates failing to meet performance requirements shall be placed on a Corrective Action Plan (CAP). The CAP shall detail sub-delegate's deficiencies; list specific steps, tasks and activities to bring sub-delegate into compliance; and a timeline for completion of corrective action and to achieve compliance with performance requirements. HMO shall notify CalOptima of any sub-delegate providing services to CalOptima Members that is on a CAP. HMO shall provide CalOptima a copy of the CAP if requested.

3.9 SUBCONTRACTS --- HMO may Subcontract for certain functions covered by this Contract subject to the requirements of this Contract. HMO is required to ensure that all Subcontracts are in writing and include any general requirements of this Contract and all provisions required by this Contract to be incorporated into Subcontracts. HMO is required to inform CalOptima of the name and business addresses of all Subcontractors and notify CalOptima of any changes in Subcontractors within thirty (30) days of execution or change of Subcontract. HMO shall have policies and procedures addressing Subcontracts with any offshore individual or entity that receives, processes, transfers, handles, stores, or accesses CalOptima Member Protected Health Information (PHI) ("Offshore Subcontracts"), including policies that address security of such PHI and CMS requirements for reporting information about Offshore Subcontracts. HMO shall annually complete the CalOptima Offshore Attestation and make its Offshore Subcontract policies and list of such Offshore Subcontracts available to CalOptima upon request, including for audits by CalOptima and/or CalOptima's Regulators. Additionally, HMO shall require all Subcontracts contain the following:

3.9.1 An agreement to make all premises, facilities, equipment, books, records, contracts, computer, and other electronic systems of the Subcontractor pertaining to the goods and services furnished by Subcontractor under the Subcontract, available for an audit, inspection, evaluation, examination or copying in accordance with Sections 3.18 to 3.20 of this Contract;

3.9.2 An agreement to maintain such books and records in accordance with any record requirements under applicable State and federal law and regulatory guidance, and for the establishment and maintenance of and access to Medical and Administrative Records as set forth in Section 3.17 and 3.22 of this Contract;

3.9.3 Requirements for cultural and linguistic sensitivity and provision of interpreter services to be provided as set forth in Sections 3.33 and 3.34 of this Contract;

3.9.4 An agreement to submit provider data, encounter data, and reports relating to the Subcontract in accordance with Sections 7.2, 7.10, and 7.11 of this Contract, and to gather, preserve, and provide any records in the Subcontractor's possession in accordance with Sections 3.21 and 3.21.1 of this Contract;

3.9.5 An agreement to maintain and make available to DHCS, CalOptima, and/or HMO, upon request, all sub-subcontracts relating to the Subcontract, and to ensure that all sub-subcontracts are in writing and require the sub-subcontractors to comply with the requirements set forth in Section 3.45 of this Contract;

3.9.6 Subcontractor's agreement to provide HMO with the disclosure statement set forth in 22 CCR Section 51000.35, prior to commencing services under the Subcontract, which shall be provided to CalOptima upon request;

3.9.7 An agreement requiring Subcontractors to provide Covered Services to Members in a non-discriminatory manner;

3.9.8 If applicable, an agreement to comply with all provisions of this Contract with respect to providing Emergency Services and State Contract (Exhibit A, Attachment 8, Provision 12) for those Subcontractors at risk for non-contracting Emergency Services;

3.9.9 An agreement that Subcontractors shall notify HMO of any investigations into Subcontractor's professional conduct, or any suspension of or change to a Subcontractor's professional licensure, whether temporary or permanent;

3.9.10 An agreement to comply with (a) CalOptima's Compliance Program and HMO's Compliance Program including, without limitation, CalOptima

Policies and HMO policies; (b) any DHCS Medi-Cal Provider Bulletins and Manuals; (c) all applicable requirements of the DHCS Medi-Cal Managed Care Program, including, but not limited to, the Medi-Cal Managed Care Division Policy Letters and All Plan Letters; and (d) all applicable requirements specified in the State Contract and subsequent amendments, and federal and State laws and regulations;

3.9.11 As applicable, an agreement that Participating Providers comply with the CalOptima Approved Drug List.

3.9.12 An agreement requiring Subcontractors to sign a Declaration of Confidentiality, a copy of which is attached as Attachment D or a similar HMO form acceptable to DHCS which complies with the State Contract, which shall be signed and filed with DHCS prior to the Subcontractors being allowed access to computer files or any other data or files, including identification of individual Members;

3.9.13 An agreement to hold harmless the State, Members and CalOptima, in the event HMO cannot or will not pay for services performed by the Subcontractor pursuant to the Subcontract, and to prohibit Subcontractors from balance billing a Member as set forth in Section 4.1.9 of this Contract;

3.9.14 An agreement to assist and cooperate with HMO and/or CalOptima in the transfer of care of a Member in the event of termination of the State Contract, Contract, or Subcontract, for any reason in accordance with Sections 8.2 and 8.2.1 of this Contract;

3.9.15 In the event that HMO implements and maintains a Physician Incentive Plan, it shall ensure that: (A) no specific payment is made directly or indirectly under the incentive plan to a physician or physician group as an inducement to reduce or limit Medically Necessary Covered Services provided to an individual Member; and (B) the stop-loss protection (reinsurance), beneficiary survey, and disclosure requirements of 42 CFR § 417.479, 42 CFR § 422.208, and 42 CFR § 422.210 are met by HMO.

3.9.16 Subcontractor shall comply with all monitoring provisions of this Contract and the State Contract and any monitoring requests by CalOptima and DHCS.

3.9.17 Services to be provided by the Subcontractor, term of the Subcontract (beginning and end dates), methods of extension, renegotiation, termination, and full disclosure of the method and amount of compensation or other consideration to be received by the Subcontractor;

3.9.18 Subcontract or its amendments are subject to DHCS approval as provided in the State Contract, and the Subcontract shall be governed by and

construed in accordance with all laws and applicable regulations governing the State Contract;

3.9.19 An agreement (a) that the assignment or delegation of the Subcontract will be void unless prior written approval is obtained pursuant to Section 14.10 of this Contract, and (b) to notify DHCS in a manner provided in Section 8.4 of the Contract in the event the Subcontract is amended or terminated;

3.9.20 An agreement to participate and cooperate in quality improvement systems as set forth in Section 6.4 of the Contract, and if HMO delegates quality improvement activities to the Subcontractor, the Subcontract must include the requirements set forth in the State Contract (Exhibit A, Attachment 4, Provision 6), and Sections 3.8 and 6.4 of the Contract, including the Delegation Acknowledgement and Acceptance Agreement ("Delegation Agreement);

3.9.21 An agreement to the revocation of the delegation of activities or obligations under the Subcontract or other specified remedies, in accordance with Section 3.46 of this Contract, in instances where DHCS, CalOptima, and/or HMO determines that the Subcontractor has not performed satisfactorily;

3.9.22 If and to the extent Subcontractor is responsible for the coordination of care of Members, an agreement to comply with Sections 6.11.9 and 14.12 of the Contract;

3.9.23 Subcontractors shall have access to CalOptima's dispute resolution mechanism in accordance with Section 10.10 of this Contract;

3.9.24 An agreement by the HMO to notify the Subcontractor of prospective requirements and the Subcontractor's agreement to comply with the new requirements, in accordance with Section 13.12 of the Contract; and

3.9.25 An agreement that Participating Providers are entitled to the protections of the Health Care Provider's Bill of Rights, California Health and Safety Code section 1375.7, in the administration of the Subcontract relative to the Medi-Cal program.

3.10 HMO ORGANIZATION AND OPERATIONS STRUCTURE --- HMO shall comply with the organization and operations structure requirements of applicable laws and regulations. Without limiting the foregoing, HMO shall maintain a full time physician as Medical Director/Chief Medical Officer (CMO) whose responsibilities shall include, but not limited to, the following:

3.10.1 Ensuring that medical decision are: (i) rendered by qualified medical personnel, and (ii) are not unduly influenced by fiscal or administrative management considerations.

3.10.2 Ensuring that the medical care provided meets the standards for acceptable medical care.

3.10.3 Ensuring that medical protocols and rules of conduct for plan medical personnel are followed.

3.10.4 Developing and implementing medical policy.

3.10.5 Resolving grievances related to medical quality of care.

3.10.6 Direct involvement in the implementation of Quality Improvement activities.

3.10.7 Actively participate in the functioning of the grievance and appeal procedures.

3.11 ENROLLMENT --- HMO shall accept as Members all persons indicated by CalOptima's information system and through regular transmission from CalOptima to HMO. HMO and CalOptima understand and agree that individuals who become eligible for CalOptima may only be assigned to HMO if those individuals, their spouses or domestic partners, parents, guardians, minor children, minor siblings, or disabled dependents are enrolled in HMO or have been enrolled in HMO during the previous twelve (12) months.

3.12 PCP ASSIGNMENT --- HMO shall assign Members who have been automatically assigned to HMO by CalOptima to a PCP within seven (7) days of the Member's assignment to HMO.

3.13 REQUIRED ENROLLMENT INFORMATION AND NOTICE --- HMO shall mail to a Member or Member's head of household a notice of enrollment and a HMO Member handbook or CalOptima approved supplement to the CalOptima Member handbook no later than seven (7) calendar days after receipt of notification that a Member has been enrolled with HMO. All member handbooks and supplements prepared by HMO shall be submitted to CalOptima for approval prior to printing. HMO shall not distribute to Members materials not approved by CalOptima. All materials shall be professionally produced and presented.

3.13.1 Should HMO choose to utilize the CalOptima Member handbook, HMO-specific information on each topic as defined by CalOptima Policies must be included in a CalOptima approved supplement to the CalOptima Member handbook given to all HMOs' CalOptima Members. CalOptima shall provide HMO with a template for the supplement to the CalOptima member handbook.

3.13.2 If HMO chooses to produce and use a Member handbook other than the CalOptima Member handbook, in addition to the requirements in this Contract, HMO's Member handbook shall contain the topics required to be included by

the DHCS and be modeled on the DHCS Member Handbook template. Any deviations from the DHCS template shall be subject to review by CalOptima.

3.13.3 HMO shall provide Members with periodic updates, as needed, explaining changes in the above policies or services. CalOptima shall approve all updates prior to printing. HMO shall also provide one (1) copy of its enrollment information including its HMO Member handbook or supplement to every Participating Provider.

3.14 SPECIAL DISENROLLMENT --- HMO may request and CalOptima may approve according to CalOptima Policies disenrollment for specific Members.

3.15 VOLUNTARY DISENROLLMENT --- All Members have the right to disenroll from a Health Network. CalOptima shall process Member disenrollment in accordance with CalOptima Policies.

3.16 ADDITIONAL SERVICES --- HMO shall not solicit enrollment through the offer of any compensation, reward, or benefit to the Member except for additional health-related services, which have been approved by CalOptima.

3.17 MEDICAL AND ADMINISTRATIVE RECORDS --- HMO shall require that all Participating Providers and Subcontractors establish and maintain for each Member who has obtained Covered Services from a Participating Provider or Subcontractor a legible Medical Record. Such Medical Record shall include a historical record of diagnostic and therapeutic services recommended or provided by, or under the direction of, the Participating Provider or Subcontractor. Such Medical Record shall be in such a form as to allow trained health professionals, other than the Participating Provider or Subcontractor, to readily determine the nature and extent of the Member's medical problem and the services provided and permit peer review of the services provided. The Medical Record shall be kept in a detail consistent with good medical and professional practice in accordance with 22 CCR Section 53284, and which permits effective professional review and facilitates a system of follow-up treatment. All Medical Records shall meet the requirements of the State Contract and applicable laws and regulations, including, but not limited to, 28 CCR Section 1300.80(b)(4) and 42 USC Section 1396a(w). Such records shall be available to health care providers at each encounter, in accordance with 28 CCR Section 1300.67.1(c). HMO shall ensure that an individual is delegated the responsibility of securing and maintaining Medical Records at each Participating Provider or Subcontractor site.

3.17.1 HMO and CalOptima agree to maintain the confidentiality of the Member's Medi-Cal status and information contained in the Member's Medical Records in accordance with federal and State law. HMO shall require that all Participating Providers and Subcontractors maintain the confidentiality of a Member's Medi-Cal status and information contained in a Member's Medical Records in accordance with federal and State Law.

3.17.2 Medical Records under this Section shall reflect all aspects of patient care, including ancillary services.

3.17.3 It is understood that all Participating Provider's and Subcontractors' books and records pertaining to goods and services furnished under this Contract:

3.17.3.1 Shall be made available for inspection or copying at HMO's, Participating Providers' and/or Subcontractors' expense by CalOptima or authorized representative of State or federal government at all reasonable times at the HMO's, Participating Providers' or Subcontractors' place of business or at such other mutually agreeable location in California; and

3.17.3.2 Shall be maintained in accordance with the general standards applicable to such book or record keeping.

3.18 RECORDS RETENTION --- HMO and Subcontractors shall retain, preserve and make available upon request all records relating to the performance of its obligations under the Contract, including claim forms and encounter data, for a period of not less than ten (10) years from the final date of the contract between CalOptima and DHCS, or the date of completion of any audit, whichever is later, with the exception in which HMO or Subcontractor has been duly notified that DHCS, DHHS, the Department of Managed Health Care, the Department of Justice or Comptroller General of the United States, or their duly authorized representative have commenced an audit or investigation of the Contract or any Subcontract, until such time as the matter under audit or investigation has been resolved, whichever is later. Records involving matters that are the subject of litigation shall be retained for a period of not less than ten (10) years following the termination of litigation. Pediatric records for un-emancipated minor Members shall be maintained until the latter of the full retention period under this Section, or at least one (1) year after the Member has reached eighteen (18) years of age. Microfilm copies of the documents contemplated herein may be substituted for the originals with the prior written consent of CalOptima, provided that the microfilming procedures are approved by CalOptima as reliable and are supported by an effective retrieval system.

3.18.1 HMO shall, upon request of CalOptima, transfer copies of such records to CalOptima's possession. No records shall be destroyed or otherwise disposed of prior to the retention period stated in Section 3.18 without the prior written consent of CalOptima. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise.

3.19 ACCESS TO PREMISES --- CalOptima and the State, through any authorized representatives, have the right at all reasonable times to monitor, inspect or otherwise evaluate the work performed or being performed hereunder, including subcontract supported activities and the premises in which it is being performed. If any

monitoring, inspection or evaluation is made of the premises of HMO or Subcontractor, HMO shall provide, and shall require Subcontractors to provide, all reasonable facilities and assistance for the safety and convenience of the authorized representatives in the performance of their duties. All monitoring, inspections and evaluations shall be performed in such a manner as will not unduly delay the work.

3.19.1 Through the end of the records retention period specified in Section 3.18, HMO shall make all of its premises, facilities, equipment, books, records, contracts, computer and other electronic systems pertaining to the goods and services furnished under the terms of the Contract, available for the purpose of audit, inspection, evaluation, examination or copying, including but not limited to Access Requirements and State's Right to Monitor, as set forth in the State Contract, Exhibit E, Attachment 2, Provision 21: (a) by CalOptima and/or CalOptima's Regulators; (b) at all reasonable times at the HMO's place of business or such other mutually agreeable location in California; (c) in a form maintained in accordance with the general standards applicable to such book or record keeping; and (d) including all encounter data for a period of at least ten (10) years.

3.19.2 Through the end of the records retention period specified in 3.18, HMO shall allow CalOptima and/or CalOptima's Regulators to audit, inspect, monitor or otherwise evaluate the quality, appropriateness, and timeliness of services performed under this Contract, and to inspect, evaluate, and audit any and all premises, books, records, equipment, Facilities, contracts, computers, or other electronic systems maintained by HMO and Subcontractors pertaining to these services at any time pursuant to 42 CFR section 438.3(h). Records and documents include, but are not limited to, all physical records originated or prepared pursuant to the performance under this Contract, including working papers, reports, financial records, and books of account, Medical Records, prescription files, laboratory results, Subcontracts, information systems and procedures, and any other documentation pertaining to medical and non-medical services rendered to Members. Upon request, through the end of the records retention period specified in Section 3.18, HMO shall furnish any record, or copy of it, to CalOptima, DHCS or any other CalOptima's Regulators, at HMO's sole expense. CalOptima and DHCS may conduct unannounced validation reviews of the HMO's Primary Care or other service sites, selected at DHCS' discretion, to verify compliance of these sites with State and Federal regulations and Contract requirements. CalOptima and authorized State and Federal agencies will have the right to monitor all aspects of HMO's operation for compliance with the provisions of this Contract and applicable federal and State laws and regulations. Such monitoring activities will include, but are not limited to, inspection and auditing of HMO, Subcontractor, and provider facilities, management systems and procedures, and books and records as CalOptima or DHCS deems appropriate, at any time pursuant to 42 CFR section 438.3(h). The monitoring activities will be either announced or unannounced. To assure compliance with the Contract and for

any other reasonable purpose, CalOptima, the State and their authorized representatives and designees will have the right to premises access, with or without notice to HMO. This will include the MIS operations site or such other place where duties under the Contract are being performed. Staff designated by CalOptima and authorized State agencies will have access to all security areas and HMO will provide, and will require any and all of its Subcontractors to provide, reasonable facilities, cooperation and assistance to the CalOptima or State representative(s) in the performance of their duties. Access will be undertaken in such a manner as to not unduly delay the work of the HMO and/or the Subcontractor(s).

3.20 ACCESS TO AND AUDIT OF CONTRACT RECORDS --- Throughout the duration of the Contract and the retention period as specified in Section 3.18, HMO and Subcontractors shall provide duly authorized representatives of the State or federal government or CalOptima access to all records and material relating to HMO's provision of and reimbursement for activities contemplated under the Contract, and to HMO's financial condition and ability to bear risk under applicable state and federal laws. Such access shall include the right to inspect, audit and have available all such records and material and to verify reports furnished in compliance with the provisions of the Contract. All information so obtained shall be accorded confidential treatment as provided under applicable law. CalOptima employees shall sign HMO's statement of confidentiality prior to being admitted access to HMO's premises. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise. If DHCS, CMS, or the DHHS Inspector General determines there is a reasonable possibility of fraud or similar risk, DHCS, CMS, or the DHHS Inspector General may inspect, evaluate, and audit the HMO at any time. Upon resolution of a full investigation of fraud, DHCS reserves the right to suspend or terminate the HMO from participation in the Medi-Cal program; seek recovery of payments made to the HMO; impose other sanctions provided under the State Plan, and direct CalOptima to terminate this Contract due to fraud.

3.21 RECORDS RELATED TO RECOVERY FOR LITIGATION --- Upon request by CalOptima, HMO shall timely gather, preserve and provide to CalOptima, in the form and manner specified by CalOptima, any information specified by CalOptima, subject to any lawful privileges, in HMO's or its Subcontractors' possession, relating to threatened or pending litigation by or against CalOptima or DHCS. If HMO asserts that any requested documents are covered by a privilege, HMO shall: 1) identify such privileged documents with sufficient particularity to reasonably identify the document while retaining the privilege; and 2) state the privilege being claimed that supports withholding production of the document. Such request shall include, but is not limited to, a response to a request for documents submitted by any party in any litigation by or against CalOptima or DHCS. HMO acknowledges that time may be of the essence in responding to such request. HMO shall use all reasonable efforts to immediately notify CalOptima of any subpoenas, document

production requests, or requests for records, received by HMO or its Subcontractors related to this Contract or subcontracts entered into under this Contract.

3.21.1 HMO further agrees to timely gather, preserve, and provide to DHCS any records in the HMO's or its Subcontractors' possession, in accordance with the State Contract, Exhibit E, Attachment 2, "Records Related to Recovery for Litigation" Provision.

3.22 MEMBER REQUEST FOR MEDICAL RECORDS --- HMO and Subcontractors shall furnish a copy of a Member's Medical Records to another treating or consulting Provider regardless of whether the requesting Provider is a Participating Provider or an Out-of-Network Provider, at no cost to CalOptima or to the Member when:

3.22.1 Such a transfer of records facilitates the continuity of that Member's care; or

3.22.2 The Member is transferring from one Provider to another for treatment; or

3.22.3 A Member seeks to obtain a second opinion on the diagnosis or treatment of a medical condition.

3.23 DISCLOSURE OF OWNERSHIP --- As identified in Attachment B, HMO shall keep CalOptima informed as to the names of the officers and owners of HMO holding more than five percent (5%) of the stock issued by HMO, and major creditors holding more than five percent (5%) of the debt of the HMO. HMO shall notify CalOptima whenever changes occur to the information provided therein.

3.23.1 If the provider is of a provider type that is not eligible to be Medi-Cal enrolled through DHCS, HMO shall provide an accurate, current, signed copy of the DHCS Medi-Cal Disclosure Form, DHCS-6216, or such other disclosure form as DHCS may otherwise specify to meet the requirements of Section 51000.35 of Title 22 of the California Code of Regulations, for its Providers.

3.24 FRAUD AND ABUSE REPORTING --- HMO shall report to CalOptima all cases of suspected fraud and/or abuse, as defined in 42 Code of Federal Regulations, Section 455.2, relating to the rendering of Covered Services by Participating Providers, Out-of-Network Providers, Members, or HMO's employees, within five (5) working days of the date when HMO first becomes aware of or is on notice of such activity.

3.24.1 Intentionally Left Blank.

3.24.2 HMO shall provide to CalOptima and/or CalOptima's Regulators, upon request, written policies and procedures for identifying, investigating and taking appropriate corrective action against fraud and/or abuse in the provision of health care services under the Medi-Cal program.

3.24.3 HMO shall report all investigation results to CalOptima within two (2) working days of conclusion of any fraud and/or abuse investigation.

3.25 COMPLIANCE WITH APPLICABLE LAW --- HMO shall observe and comply with all federal and State law in effect when the Contract is signed or which may come into effect during the term of the Contract, which in any manner affects the HMO's performance under this Contract. This Contract shall be governed by and construed in accordance with applicable federal and State law and with the terms and obligations under the State Contract.

3.26 HMO COMPLIANCE PROGRAM --- HMO shall develop and implement a comprehensive and effective Compliance Program, including a Compliance Plan. Such Compliance Program shall include, but is not limited to, the implementation of the Office of Inspector General's (OIG) 7 Elements of an Effective Compliance Program: Standards & Procedures, Oversight, Education & Training, Auditing & Monitoring, Reporting, Enforcement and Discipline, and Response & Prevention. Compliance Programs shall be evaluated by the HMO annually to ensure that it remains effective. HMO shall make the Plan and related documents available to CalOptima upon request.

3.27 COMPLIANCE WITH COMPLIANCE PROGRAM --- HMO and its employees, board members, owners, Participating Providers and/or Subcontractors furnishing medical and/or administrative services under this Contract ("HMO's Agents") shall comply with the requirements of Compliance Program, as may be amended from time to time.

3.28 COMPLIANCE WITH STATE AND FEDERAL PROGRAMS --- HMO shall comply with requirements established by State and/or federal programs relating to its performance under this Contract. HMO's compliance shall include, but not be limited to, applicable requirements of the DHCS Medi-Cal Managed Care Program, provisions of the State Contract requirements for CalOptima to maintain CMS waiver, Operational Instruction Letters (OILs), Medi-Cal Managed Care Division Policy Letters and All Plan Letters, as well as applicable requirements specified in the State Contract and subsequent amendments, and State and federal laws and regulations.

3.29 COMPLIANCE WITH POLICIES AND PROCEDURES --- HMO agrees to comply with and be bound by CalOptima Policies. CalOptima reserves the right to adopt, amend and/or discontinue CalOptima Policies at its sole discretion. HMO acknowledges and agrees that it shall implement CalOptima Policies applicable to its obligations under this Contract.

3.30 COMPLIANCE WITH MEMORANDUM/MEMORANDA OF UNDERSTANDING (MOU(s)) --- HMO agrees to comply with and be bound by

any and all applicable MOUs entered into by CalOptima. HMO agrees to require Subcontractors to comply with applicable requirements of such MOUs.

3.31 COMPLIANCE WITH PARTICIPATION STATUS REQUIREMENTS ---HMO shall have policies and procedures to verify the Participation Status of HMO's Agents. HMO shall refer to the Department of Health and Human Services, Office of Inspector General, List of Excluded Individuals and Entities (LEIE) (http://oig.hhs.gov), as well as the GSA Excluded Parties Lists Systems (EPLS) in the SAM System (https://www.sam.gov). In addition, HMO warrants and agrees as follows:

3.31.1 HMO and HMO's Agents shall meet CalOptima's Participation Status requirements during the term of this Contract.

3.31.2 HMO shall immediately disclose to CalOptima any pending investigation involving, or any determination of, suspension, exclusion or debarment by HMO or HMO's Agents occurring and/or discovered during the term of this Contract.

3.31.3 HMO shall take immediate action to remove any HMO Agent that does not meet Participation Status requirements from furnishing items or services related to this Contract (whether medical or administrative) to Members and shall immediately notify CalOptima.

3.31.4 HMO shall ensure Subcontractors comply with the requirements of this Section.

3.31.5 CalOptima and HMO, as applicable, shall not make payment for a health care item or service furnished by an individual or entity that does not meet Participation Status requirements or is included on the Preclusion List. HMO shall provide written notice to the Member who received the services and the excluded provider or provider listed on the Preclusion List that payment will not be made, in accordance with CMS requirements.

3.32 NON-DISCRIMINATION --- During the performance of this Contract, neither HMO nor any Subcontractors shall unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, religion, color, national origin, ancestry, religious creed, physical disability, (including Human Immunodeficiency Virus (HIV) and Acquired Immune Deficiency Syndrome (AIDS), AIDS-Related Complex (ARC), medical condition (including cancer), mental disability, marital status, age (over 40), or the use of family and medical care leave and pregnancy disability leave. HMO and Subcontractors shall insure that the evaluation and treatment of their employees and applicants for employment are free of such discrimination and harassment. HMO and Subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Government Code, Section 12900, and et seq.) and the applicable regulations promulgated thereunder (CCR, Title 2, Section 7285.0, and et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code, Section 12990, set forth in Chapter 5 of Division 4 of Title 2 of the CCR are incorporated into this Contract by reference and made a

part hereof as if set forth in full. HMO and Subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement. HMO shall include the non-discrimination and compliance provisions of this Section in all Subcontracts to perform work under this Contract.

3.32.1 HMO and all Subcontractors shall abide by Section 504 of the Rehabilitation Act of 1973 (29 USC §794) (nondiscrimination under Federal grants and programs); Title 45 CFR Part 84 (nondiscrimination on the basis of handicap in programs or activities receiving Federal financial assistance); Title 28 CFR Part 36 (nondiscrimination on the basis of disability by public accommodations and in commercial facilities); Title IX of the Education Amendments of 1973 (regarding education programs and activities); Title 45 CFR Part 91 and the Age Discrimination Act of 1975 (discrimination based on age); and all other laws regarding privacy and confidentiality. Neither the HMO nor Subcontractors shall discriminate against Members because of race, color, national origin, creed, ancestry, religion, language, age, marital status, sex, sexual orientation, gender identity, health status, physical or mental disability, or identification with any other persons of groups defined in Penal Code 422.56 in accordance with Title VI of the Civil Rights Act of 1964, 42 USC, Section 2000d (race, color, national origin); 45 CFR Part 84 (physical or mental handicap); Government Code Section 11135 (ethnic group identification, religion, age, sex, color, physical or mental handicap); Civil Code Section 51 (all types of arbitrary discrimination); Section 1557 of the Patient Protection and Affordable Care Act; and all rules and regulations promulgated pursuant thereto, or as otherwise provided by law or regulation.

3.32.2 For the purpose of this Contract, if based on any of the foregoing criteria, the following constitute unlawful discriminations: (i) denying any Member any Covered Services or availability of a Facility; (ii) providing to a Member any Covered Service which is different or is provided in a different manner or at a different time from that provided to other similarly situated Members under this Contract, except where medically indicated; (iii) subjecting a Member to segregation or separate treatment in any manner related to the receipt of any Covered Service; (iv) restricting a Member in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any Covered Service; or (v) treating a Member differently from others similarly situated in determining compliance with admission, enrollment, quota, eligibility, or other requirements or conditions which individuals shall meet in order to be provided any Covered Service or assigning the times or places for the provision of Covered Services.

3.32.3 HMO shall take affirmative action to ensure that all Members are provided Covered Services without unlawful discrimination, except where medically indicated. For the purposes of this Section, physical handicap includes the carrying of a gene which may, under some circumstances, be associated with

disability in that person's offspring, but which causes no adverse effects on the carrier. Such genetic handicap shall include, but not be limited to, Tay-Sachs trait, sickle cell trait, thalassemia trait, and X-linked hemophilia.

3.32.4 HMO shall act upon all complaints alleging discrimination against Members in accordance with HMO's policy which shall be consistent with CalOptima's Complaints of Discrimination Policy.

3.32.5 HMO shall require all downstream providers to cooperate with HMO's policy which shall be consistent with CalOptima's Complaints of Discrimination Policy and time requirements to appeals within designated time frames.

3.33 LINGUISTIC AND CULTURAL SENSITIVITY --- CalOptima will provide cultural competency, sensitivity, and diversity training. HMO shall comply with all the following requirements related to the provision of linguistic and culturally sensitive services in accordance with this Contract and CalOptima Policies.

3.33.1 HMO shall have a Cultural and Linguistic Services Program that monitors, evaluates, and takes effective action to address any needed improvement in the delivery of culturally and linguistically appropriate services. HMO shall provide cultural competency, sensitivity, or diversity training for staff, providers and Subcontractors at key points of contact. HMO shall provide orientation and training on cultural competency to staff and providers serving Members. The training objectives shall include teaching participants an enhanced awareness of cultural competency imperatives and issues related to improving access and quality of care for Members, as well as information on access to interpreters, and how to work with interpreters. HMO shall also, as appropriate, refer Members to culturally-appropriate community services programs.

3.33.2 Pursuant to CalOptima Policies, HMO shall provide translation of written member informing materials in the Threshold and Concentration Languages. Written member informing materials to be translated include, but are not limited to: 1) signage; 2) Evidence of Coverage and/or Member Services Guide; 3) disclosure forms; 4) provider listing or directories; 5) marketing materials; 6) form letters; 7) plan-generated preventive health reminders; 8) member surveys; and 9) newsletters. If a Member requests materials in a language not meeting the numeric Thresholds or Concentration Standards, HMO shall provide oral translation of the written materials utilizing bilingual staff or a telephonic interpreter service. HMO shall also make materials available to Members in alternate formats (e.g. Braille, audio, large print) upon request of the Member. HMO shall be responsible for ensuring the quality of translated materials at no cost to CalOptima or Member.

3.33.3 HMO shall require that all Participating Providers comply with the language assistance standards developed pursuant to California Health and Safety Code section 1367.04.

3.34 PROVISION OF INTERPRETERS --- HMO shall, at no cost to Members, provide linguistic interpreter services and interpreter services for the deaf or hard of hearing for all Members at all key points of contact, including telephone, advice and urgent care transactions, and outpatient encounters, and all sites utilized by HMO or any Subcontractors, as well as member services, orientations, appointment setting and similar administrative functions, as necessary, to ensure the availability of effective communication regarding treatment, diagnosis, medical history or health education. HMO shall have in place telephonic and face-to-face interpreter services and American Sign Language interpreter services contracts. HMO shall provide twenty-four (24) hour access to interpreter services for all Members, and shall implement policies and procedures to ensure compliance by subcontracted providers with these standards. Such access shall include access for users of Telecommunication Devices for the Deaf (TDD) or Telecommunications Relay Services (711 system). Upon a Member or Participating Provider request for interpreter services in a specific situation where care is needed, HMO shall make all reasonable efforts to provide a face-to-face interpreter in time to assist adequately with all necessary Covered Services, including Urgent Care Services and Emergency Services. If face-to-face interpretation is not feasible, HMO must ensure provision of telephonic interpreter services or interpretation through bilingual staff members. HMO shall routinely document the language needs of Members and the request or refusal of interpreter services in a Member's Medical Record. This documentation shall be available to CalOptima at CalOptima's request. HMO shall not require or suggest that a Member to use friends or family as interpreters. However, a family member or friend may be used when the use of the family member or friend: (i) is requested by the Member; (ii) will not compromise the effectiveness of service; (iii) will not violate Member's confidentiality; and (iv) the Member is advised that an interpreter is available at no cost to the Member. HMO shall ensure the linguistic capabilities and proficiency of individuals providing interpreter services.

3.35 MEMBER RIGHTS --- HMO shall ensure that each Member's rights, as set forth in state and federal law and CalOptima Policy, are fully respected and observed. HMO shall make Member Rights available to Member.

3.36 PARTICIPATING PROVIDER-MEMBER COMMUNICATION --- HMO shall not prohibit, or otherwise restrict, a health care professional acting within the lawful scope of practice, from communicating with Members, and shall encourage its health care professionals to freely communicate the following to patients, regardless of benefit coverage:

3.36.1 The Member's health status, medical care, or treatment options, including any alternative treatment that may be self-administered.

3.36.2 Any information the Member needs in order to decide among all relevant treatment options.

3.36.3 The risks, benefits, and consequences of treatment or non-treatment.

3.36.4 The Member's right to participate in decisions regarding his or her health care, including the right to refuse treatment, and to express preferences about future treatment decisions.

3.37 HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA) COMPLIANCE

3.37.1 HMO and CalOptima shall make any and all efforts and take any and all actions necessary to comply with HIPAA statutory and regulatory requirements ("HIPAA requirements"), whether existing now or in the future, within a reasonable time prior to the effective date of such requirements, but not later than the time permitted by the applicable HIPAA requirement after date of finalization.

3.37.2 HMO shall comply with HIPAA requirements as currently established in HMO policies and the Business Associate Agreement between CalOptima and HMO. HMO shall also take actions and develop capabilities as required to support CalOptima compliance with HIPAA requirements, including acceptance and generation of applicable electronic files in HIPAA compliant standards formats.

3.37.3 The parties agree to comply with the terms and conditions of the Health Network HIPAA Business Associates Agreement.

3.38 CONFIDENTIALITY OF INFORMATION

3.38.1 HMO and its employees, agents, or Subcontractors shall protect from unauthorized disclosure the names and other identifying information concerning persons either receiving services pursuant to this Contract or persons whose names or identifying information become available or are disclosed to HMO, its employees, agents, or Subcontractors as a result of services performed under this Contract, except for statistical information not identifying any such person. HMO and its employees, agents, or Subcontractors shall not use such identifying information for any purpose other than carrying out HMO's obligations under this Contract. HMO and its employees, agents, or Subcontractors shall promptly transmit to the CalOptima all requests for disclosure of such identifying information not emanating from the Member. HMO shall not disclose, except as otherwise specifically permitted by this Contract or authorized by the Member, any such identifying information to anyone other than DHCS or CalOptima

without prior written authorization from CalOptima. For purposes of this provision, identity shall include, Protected Health Information (PHI): names, geographical subdivisions smaller than a state, all elements of dates (except for year), phone and fax numbers, e-mail address, social security numbers, medical record numbers, health plan beneficiary numbers, account numbers, license numbers, vehicle identifiers, device identifiers, web Universal Resource Locators (URLs), internet protocol address numbers, biometric identifiers, including finger and voice prints, full face photograph images, any other unique identifying number, characteristic or code.

3.38.2 Notwithstanding any other provision of this Contract, names of persons receiving public social services are confidential and are to be protected from unauthorized disclosure in accordance with Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted thereunder. For the purpose of this Contract, all information, records, data, and data elements collected and maintained for the operation of the Contract and pertaining to Members shall be protected by HMO from unauthorized disclosure. HMO may release Medical Records in accordance with applicable law pertaining to the release of this type of information. HMO is not required to report requests for Medical Records made in accordance with applicable law. With respect to any identifiable information concerning a Member under this Contract that is obtained by HMO or its Subcontractors, HMO:

3.38.2.1 will not use any such information for any purpose other than carrying out the express terms of this Contract,

3.38.2.2 will promptly transmit to CalOptima all requests for disclosure of such information, except requests for Medical Records in accordance with applicable law,

3.38.2.3 will not disclose except as otherwise specifically permitted by this Contract, any such information to any party other than DHCS or CalOptima without CalOptima's prior written authorization specifying that the information is releasable under Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted there under, and

3.38.2.4 will, at the termination of this Contract, return all such information to DHCS or maintain such information according to written procedures sent to the HMO by DHCS for this purpose.

3.39 Not Applicable to this Contract.

3.40 CLAIMS MANAGEMENT AND ADMINISTRATION --- HMO shall have a process for claims management and administration. HMO shall maintain a claim

retrieval system that can, on request, identify the date of receipt, the action taken on all Provider claims (i.e., paid, denied, pended, other), and when action was taken. HMO shall date stamp all Provider claims upon receipt. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

3.41 TWENTY-FOUR (24) HOUR TELEPHONE COVERAGE--- HMO shall have one (1) California State wide toll-free telephone number listed on the Automated Eligibility Verification System (AEVS) that Providers, Members or individuals acting on behalf of Members can call at anytime (twenty-four (24) hours/seven (7) days a week) to obtain authorization for all Covered Services. Twenty-four (24) hour telephone coverage shall be made available in all Threshold Languages. The number shall connect the Member or Member's representative or Provider to an individual who shall either:

3.41.1 Have authority to approve Covered Services; or

3.41.2 Have the ability to transfer the Member or Member's representative to an individual with authority without disconnecting the call; and

3.41.3 In case of emergency, direct the Member or Member's representative to hang up and dial 911 or go to the nearest emergency room; and

3.41.4 Respond to Provider's or Member's call within thirty (30) minutes. Failure to respond to such call within thirty (30) minutes shall result in the HMO being liable for the cost of subsequent Medically Necessary Covered Services related to that illness or injury whether or not that treatment has been authorized; and

3.41.5 Have the capability to coordinate continuous care and follow-up Covered Services, including referrals to Specialist Physicians, for all Members who have received MSE or Emergency Services and have been Stabilized.

3.41.6 All calls shall be logged in with time, date and any pertinent information related to persons involved, resolution and follow-up instructions. HMO shall notify CalOptima if the toll free telephone number changes no less than seven (7) working days prior to the change.

3.42 OBLIGATIONS UNDER PRIOR CONTRACT --- HMO acknowledges and agrees that certain of its obligations and duties under the Prior Contract, if previously contracted, survive the expiration of the Prior Contract and/or are measured following the expiration of the Prior Contract (including, without limitation, corrective action plans, quality improvement and credentialing functions, financial requirements). HMO shall perform all such obligations and duties. For purposes of this section, "Prior Contract" means the contract for health care services previously entered into between

HMO and CalOptima pursuant to which HMO agreed to provide or arrange for the provision of Medi-Cal Covered Services to Members.

3.43 EMPLOYEE EDUCATION ON FALSE CLAIMS ACT --- HMO shall comply with the requirements contained in 42 USC § 1396a(a)(68)(A)-(C) as a condition of receiving payment under this contract. HMO shall, upon request of CalOptima, demonstrate compliance with this provision, including providing CalOptima with copies of HMO's applicable written policies and procedures, any relevant employee handbook excerpts, and other educational materials used to meet this requirement.

3.44 MONITORING --- HMO shall comply with all monitoring provisions of this Contract and the State Contract, and any monitoring requests by CalOptima and DHCS.

3.45 HMO SUBCONTRACTS --- In addition to Section 3.9 of this Contract, HMO shall maintain and make available to CalOptima, DHCS, or other CalOptima's Regulators, upon their respective requests, copies of all Subcontracts. HMO shall ensure that all Subcontracts are in writing and require that the HMO and its Subcontractors:

3.45.1 Make all premises, facilities, equipment, applicable books, records, contracts, computer, or other electronic systems related to this Contract, available at all reasonable times for audit, inspection, examination, or copying by CalOptima and/or CalOptima's Regulators, or their designees.

3.45.2 Retain such books and all records and document for a term minimum of at least ten (10) years from the final date of the State Contract period or from the date of completion of any audit, whichever is later.

3.46 CALOPTIMA OVERSIGHT – HMO understands and agrees that CalOptima is responsible for the monitoring and oversight of all obligations of HMO under this Contract. In instances where DHCS or CalOptima determines that the HMO or any of the Subcontractors has not performed satisfactorily, CalOptima shall have the right to (a) amend or revoke the delegation of activities or obligations to the HMO, (b) require the HMO to amend or revoke the sub-delegation of activities or obligations to the Subcontractors, and/or (c) specify other remedies, including, but not limited to, those set forth in Sections 13.1 through 13.1.3.2. HMO shall cooperate with CalOptima in its oversight efforts and shall take corrective action as CalOptima determines necessary to comply with applicable laws and regulations, accreditation organization standards, and/or CalOptima Policies governing the obligations of HMO or the oversight of those obligations.

3.47 POLICY CHANGE REVIEW PROCESS

3.47.1 HMO may submit to CalOptima proposed changes and/or exemptions to CalOptima policy requirements where HMO asserts such changes and/or exemptions are necessary to address HMO's unique integrated model and operation as a full-service health plan. HMO shall submit the requested

changes and/or exemptions in writing to CalOptima's Health Network Provider Relations. Such requests shall be accompanied by information regarding the specific issue that HMO asserts supports the requested change and/or exemption.

3.47.2 CalOptima's Health Network Provider Relations will review each request and seek input from CalOptima operational departments as it deems necessary and appropriate. HMO acknowledges that the CalOptima Board of Directors must approve proposed changes and/or exemptions to CalOptima policies. CalOptima's Health Network Provider Relations will notify HMO in writing whether or not the proposed change or exemption will be presented to the CalOptima Board of Directors for approval. HMO acknowledges and agrees that CalOptima has the sole discretion to accept, reject or modify any requested policy change and/or exemption. HMO also acknowledges and agrees that CalOptima, including its Health Network Provider Relations Staff, has no obligation to present any proposed policy changes and/or exemptions to the CalOptima Board of Directors for approval.

3.47.3 If the CalOptima Board of Directors approves proposed changes and/or exemptions to CalOptima policies for HMO that create a conflict with any provision in this Contract, the revised CalOptima Policy shall govern.

ARTICLE 4
Obligations of HMO – Provision of Covered Services

4.1 PROVISION OF COVERED SERVICES TO MEMBERS --- HMO shall provide Covered Services to Members under this Contract in the same manner as those services are provided to other patients of HMO, but in no case less than the amount of such services provided under the Medi-Cal Fee-for-Service Program. Consistent with the concept that HMO is the medical home of the Member, where the Member receives the majority of the Member's care and where the Member's overall health status, need for care and services, and wellness are assessed, evaluated, monitored, managed, enhanced and/or maintained, HMO shall coordinate Members' needs for Covered Services and provide Care Management Services and other services to assure Members receive all necessary care and services without regard to the party financially responsible for care and services. HMO shall provide Covered Services to Members and HMO agrees as follows:

4.1.1 HMO shall provide and pay for, consistent with the terms and provision of this Contract and CalOptima Policies, the provision of all Covered Services to Members that are the financial responsibility of HMO as set forth in Attachment A.

4.1.2 If HMO's network is unable to provide necessary medical services covered under this Contract to a particular Member, HMO must adequately and timely cover these services out-of-network for the Member, for as long as HMO is

unable to provide them. HMO shall make prior arrangements with Out-of-Network Providers for the provision of such services, and shall be fully responsible for arranging and paying for such services, and shall comply with all applicable CalOptima Policies with regard to the payment and authorization of Out-of-Network Providers;

4.1.3 HMO shall be liable for the provision of and payment for all Covered Services notwithstanding a delay in payment of the Capitation Payment;

4.1.4 CalOptima may incorporate any change in Covered Services mandated by federal or State law or regulation into the Contract effective the date the change goes into effect. Whenever possible, CalOptima shall give the HMO thirty (30) calendar days' notice of any such change. CalOptima shall determine the effective date of the change in Covered Services;

4.1.5 The actual provision of any Covered Service is subject to the professional judgment of the PCP or other physicians participating in the respective HMO as to the Medical Necessity of the service, except that HMO shall provide assessment and evaluation services ordered by a court or legal mandate;

4.1.6 HMO shall comply with Jackson v. Rank, U.S. District Court (E.D. Cal.), No. CIV 5-83-1451 LKK, June 9, 1986, and notify its Members when the HMO denies, modifies or defers a PCP's request for authorization or terminates a previously authorized service;

4.1.7 Decisions concerning whether to provide or authorize Covered Services shall be based solely on Medical Necessity. HMO acknowledges that disputes between the respective HMO and Members about Medical Necessity can be appealed pursuant to CalOptima Policies;

4.1.8 HMO may not arbitrarily deny or reduce the amount, duration, or scope of a required service solely because of the diagnosis, type of illness, or condition. HMO may place appropriate limits on a service on the basis of criteria such as medical necessity; or for utilization control, provided the services furnished can reasonably be expected to achieve their purpose; and

4.1.9 HMO shall hold harmless both the State and Members in the event that CalOptima cannot or will not pay capitation payments pursuant to this Contract. In no event, including but not limited to, non-payment by CalOptima or HMO, CalOptima's or the HMO's insolvency, or breach of this Contract by the HMO or CalOptima, shall HMO or Subcontractors bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against the State, a Member or persons acting on the behalf of a Member for Covered Services provided pursuant to this Contract. This provision does not prohibit HMO or Subcontractors from collecting co-payments and deductibles, if any, as specifically provided for in this Contract

or for recoveries related to other health coverage, as identified in Section 2.8 of this Contract. HMO or a Subcontractor may bill a Member and collect fees for non-Covered Services from the Member if the Member agrees to the fees in writing prior to the actual delivery of non-Covered Services and a copy of such agreement is given to the Member and placed in the Member's Medical Record. HMO further agrees:

4.1.9.1 That this Section shall survive the termination of this Contract for those Covered Services rendered prior to the termination of this Contract, regardless of the cause giving rise to termination and shall be construed to be for the benefit of the Members;

4.1.9.2 That this Section shall supersede any oral or written contrary agreement now existing or hereafter entered into between the HMO and Participating Providers or Subcontractors;

4.1.9.3 That language to ensure the foregoing shall be included in all of the HMO's Subcontracts with Participating Providers;

4.1.9.4 That no change or amendment to this Section or to similar section(s) in Subcontracts between the HMO and Participating Providers shall be made without the prior written approval of CalOptima; and

4.1.9.5 HMO further agrees that, in the event of a violation of this Section by HMO or Subcontractor, including but not limited to, balance billing of Member for Covered Services provided under the Contract or Subcontract, CalOptima shall take appropriate remedial action against HMO or Subcontractor, including, but not limited to, repayment of any amounts collected, and appropriate Sanctions, as provided for in Section 13.1.

4.2 EMERGENCY CARE --- HMO shall comply with all applicable State and federal laws and regulations governing the provision and payment of Emergency Services, as well as the applicable requirements of the State Contract (including, but not limited to, Exhibit A, Attachment 8, Provision 12). HMO is required to provide and pay for all Emergency Services, including Emergency Services provided by Out-of-Network Providers, without prior authorization, twenty-four (24) hours each day, seven (7) days a week.

4.2.1 HMO shall reimburse or authorize reimbursement, as appropriate, for all Emergency Services without prior authorization, and in accordance with CalOptima Policy. Payment may be denied only if HMO reasonably determines that Emergency Services were never performed.

4.2.2 HMO shall reimburse or authorize reimbursement for facility changes for Emergency Services. HMO is required to reimburse hospital when necessary

for all MSE. If the MSE indicates that the Member has an Emergency Medical Condition as defined in Section 1.34, HMO must reimburse or authorize reimbursement, as appropriate for all Covered Services Medically Necessary to diagnose and Stabilize the Member.

4.2.3 HMO shall reimburse those physicians providing services in an Emergency Department with whom HMO has a contract according to the terms of that contract. HMO shall reimburse all other non-contracted physicians providing services in an Emergency Department in accordance with the Deficit Reduction Act of 2005, 42 USC 1396u-2(b)(2)(D), and CalOptima Policy.

4.2.4 HMO shall not retroactively deny a claim for Emergency Services because the condition, which appeared to be an Emergency Medical Condition as defined in Section 1.34, turned out to be non-emergency in nature.

4.2.5 An Emergency Medical Condition shall not be limited based on a list of diagnoses or symptoms. HMO shall not deny payment for treatment obtained when a Member had an Emergency Medical Condition, including cases in which the absence of immediate medical attention would not have resulted in an outcome specified in Section 1.34. Further, HMO shall not deny payment for treatment obtained when HMO or a Participating Provider instructs the Member to seek Emergency Services.

4.2.6 HMO shall reimburse the County of Orange for Emergency Services and Urgent Care Services provided to Members at Orangewood Children's Home or while in Foster Care during periods of emergency foster placement or court-ordered stays. Payment shall be based on the prevailing Medi-Cal Fee Schedule.

4.2.7 If there is a disagreement between HMO or any Participating Provider and Out-of-Network Provider regarding Medically Necessary Covered Services in an emergency, the judgment of the attending physician(s) actually caring for the Member at the treating facility shall prevail. HMO may establish relationships with treating facility whereby the HMO may send a Participating Provider with privileges to assume the attending physician's responsibilities to establish treatment or may arrange to have a Participating Provider and Hospital under contract with HMO agree to accept the transfer of the Member after the Member has been Stabilized. The attending emergency physician, or the Provider actually treating the Member is responsible for determining when the Member is sufficiently Stabilized for transfer or discharge and that determination is binding on HMO.

4.2.8 Post stabilization care services are covered and paid for in accordance with provisions set forth at 42 CFR 422.113(c). HMO is financially responsible for post-stabilization services obtained within or outside HMO's network that are pre-approved by a plan provider or other entity representative. HMO is

financially responsible for post-stabilization care services obtained within or outside HMO's network that are not pre-approved by a plan provider or other HMO representative, but administered to maintain the Member's Stabilized condition within 1 hour of a request to HMO for pre-approval of further post-stabilization care services.

4.2.8.1 HMO is also financially responsible for post-stabilization care services obtained within or outside HMO's network that are not pre-approved by a plan provider or other entity representative, but administered to maintain, improve or resolve the Member's Stabilized condition if HMO does not respond to a request for pre-approval within 30 minutes; HMO cannot be contacted; or HMO's representative and the treating physician cannot reach an agreement concerning the Member's care and a plan physician is not available for consultation. In this situation, HMO must give the treating physician the opportunity to consult with a plan physician and the treating physician may continue with care of the patient until a plan physician is reached or one of the criteria of 422.133(c)(3) is met.

4.2.8.2 HMO's financial responsibility for post-stabilization care services it has not pre-approved ends when a plan physician with privileges at the treating hospital assumes responsibility for the Member's care, a plan physician assumes responsibility for the Member's care through transfer, a plan representative and the treating physician reach an agreement concerning the Member's care; or the Member is discharged.

4.2.8.3 Consistent with 42 CFR 438.114(e), 422.1 13(c)(2), and 422.214 HMO is financially responsible for payment for post-stabilization services following an emergency admission at the hospital's Medi-Cal FFS payment amounts for general acute care inpatient services rendered by a non-contracting Medi-Cal certified hospital, unless a lower rate is agreed to in a writing signed by the hospital. For the purposes of this Section, the Medi-Cal FFS payment amounts for dates of service when the post-stabilization services were rendered shall be the Medi-Cal FFS payment amounts established in California Welfare and Institutions Code (W & I) Section 14166.245, which for the purposes of this Section shall apply to all general acute care hospitals, including hospitals contracting with the State under the Medi-Cal Selective Provider Contracting Program (W & I Section 14081 et. seq.), less any associated direct or indirect medical education payments to the extent applicable. Payment made by HMO to a hospital that accurately reflects the payment amounts required by this Section shall constitute payment in full under this Section, and shall not be subject to subsequent adjustments or reconciliations by HMO, except as provided by Medicaid and Medi-Cal law and

regulations. A hospital's tentative and final cost settlement processes required by 22 CCR 51536 shall not have any effect on payments made by HMO pursuant to this Section.

4.2.8.4 Consistent with 42 CFR 438.114(e), 422.1 13(c)(2), and 422.214, HMO is financially responsible for payment for post-stabilization services following an emergency admission. HMO shall reimburse those physicians providing post-stabilization services with whom HMO has a contract according to the terms of that contract. HMO shall reimburse all non-contracted physicians providing post-stabilization services in accordance with the Medi-Cal Fee Schedule as defined in CalOptima Policy.

4.3 NEWBORN SERVICES --- HMO shall provide all Covered Services to any newborn child born to a Member for the month of the birth and the following month.

4.4 FAMILY PLANNING --- HMO is solely responsible for developing policies and procedures to ensure that Member's Family Planning information and records are confidential as required by State law. Family Planning information and records shall not be released to any third party without the consent of the Member. HMO service locations shall adhere to the confidentiality of Member's Family Planning information and records. Notwithstanding the foregoing, HMO shall provide Family Planning information to CalOptima, or authorized representatives of the State or federal government or the Member's PCP to maintain consistency of the Member's Medical Record. If HMO subcontracts with PCPs, such Subcontracts must include language regarding the confidentiality of Family Planning documents, information and records. Prior authorization for Family Planning services shall not be required.

4.4.1 HMO shall comply with OBRA 1987, Section 4113(c)(1)(B), which requires HMO to certify that it shall not restrict or prevent a Member from selecting a Participating Provider or an Out-of-Network Provider to deliver Family Planning Covered Services and supplies. This does not relieve HMO from financial responsibility for such services.

4.4.2 HMO shall not prevent Members from receiving Family Planning Covered Services from Out-of-Network Providers.

4.4.3 HMO shall provide information that clearly explains the rights of the Member regarding the choice of Family Planning Providers. HMO shall also provide similar information to all Providers who are either PCPs, obstetricians, gynecologists, or urologists. The intent of this information is to implement the specifications of this paragraph by arranging for the availability of consistent and accurate information from the Member's PCP, obstetrician, gynecologist, or urologist about the Member's rights to freedom of choice regarding Family Planning Providers.

4.4.4 HMO shall provide information to Members and Participating Providers about a Member's right to file a grievance or request a State hearing, in accordance with HMO policies which shall be consistent with CalOptima Policies, for any reason including if the Member has reason to believe that the HMO has restricted, prevented, impaired or denied the Member's free choice of Family Planning Providers.

4.4.5 HMO shall incorporate specifications of this Section or substantially similar specifications in its Subcontracts with its PCPs (if HMO subcontracts with PCPs) and with its obstetricians, gynecologists, and urologists.

4.5 ANCILLARY SERVICES FOR LONG TERM CARE --- HMO shall provide authorized Covered Services, including ancillary Covered Services for both emergent and routine laboratory tests and x-rays, not included in the facility day rate for all Members residing in Long Term Care Facilities.

4.6 ACCESS TO SERVICES TO WHICH HMO OR A SUBCONTRACTOR HAS A MORAL OBJECTION --- Unless prohibited by law, HMO shall arrange for the timely referral and coordination of Covered Services to which HMO or a Subcontractor has religious or ethical objections to perform or otherwise support and shall demonstrate ability to arrange, coordinate and ensure provision of services through referrals.

4.7 ALCOHOL MISUSE SCREENING AND COUNSELING --- HMO shall ensure the provision of AMSC services by a Member's PCP to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol and drugs. PCP shall refer Members to substance use disorder treatment when there is a need beyond AMSC.

4.8 AMERICAN INDIAN HEALTH SERVICE PROGRAMS --- American Indian Health Service Programs can operate as a Primary Care Physician for American Indian Members, and as such can provide referrals directly to network physician without first requesting a referral from a network Primary Care Physician. HMO shall ensure timely access to American Indian Health Service Programs by including American Indian Health Service Programs within HMO's network for American Indian Members in accordance with 42 CFR 438.14(b).

4.9 PARTICIPATION IN CALOPTIMA WHOLE CHILD MODEL PROGRAM --- HMO acknowledges and agrees that its participation in CalOptima WCM is conditioned on transfer of CCS to CalOptima and meeting DHCS access and other requirements. Upon meeting those conditions, CalOptima shall notify HMO of the date upon which HMO will be considered to be "Participating in the CalOptima Whole Child Model Program" as this phrase is used in this Contract, and at which time HMO shall commence all CalOptima WCM obligations.

4.10 COMMUNITY BASED ADULT SERVICES

4.10.1 HMO will provide Community Based Adult Services (CBAS) to include outpatient programs that deliver skilled nursing care, social services, therapies, personal care, family/caregiver training and support, nutrition services, transportation, and other services as defined in the California Bridge to Reform Waiver 11-W-00193/9, Special Terms and Conditions, Paragraph 91, to eligible Members who meet applicable eligibility criteria.

4.10.1.1 HMO shall require CBAS services to include all of the following:

- Skilled nursing care
- Therapeutic activities
- Social services
- Personal care
- Therapies (physical, occupational and speech)
- Mental health services
- Registered dietitian services
- Family/caregiver training and support
- Meals at the CBAS center
- Transportation to and from the CBAS center

4.10.1.2 HMO shall document the initial assessment for CBAS eligibility and provide the following clinical documents to CalOptima, including those documented by CBAS Providers:

- Initial assessment for CBAS eligibility
- 6-month reassessments for CBAS eligibility
- Quarterly progress notes
- Individual Plan of Care (IPC)
- Discharge plan

4.10.1.3 Assessment and Reassessment Community Based Adult Services. HMO shall ensure that the initial assessment and reassessment procedures for Members requesting CBAS, or who have previously been deemed eligible to receive CBAS, meet the following minimum requirements

- HMO shall ensure all staff responsible for conducting an initial assessment or reassessment of Members for CBAS shall receive training from CalOptima on using the approved assessment tool.

- HMO shall conduct the initial assessment of a Member requesting CBAS using the assessment tool approved by DHCS. Initial assessments shall include a face-to-face review of the Member when chart documentation of a Member's condition is insufficient. HMO shall include a registered nurse with level of care experience and a social worker on the assessment team, either as an employee or as a sub-contractor.

- HMO shall develop and implement and expedited assessment process to determine CBAS eligibility for Members in a hospital or skilled nursing facility whose discharge plan includes CBAS, or who are at high risk of, admission to a skilled nursing facility.

- HMO shall reassess Member eligibility for CBAS no sooner than six (6) months after initial Member eligibility has been determined or the last reassessment, whichever is later or upon a change in circumstances requiring and increased level of CBAS.

- If Member is already receiving CBAS and requests that services remain at the same level, HMO may conduct the reassessment using only Individual Plan of Care (IPC), including any supporting documentation supplied by the CBAS Provider.

- HMO shall not deny, defer, or modify a requested level of CBAS without a face-to-face review per the assessment tool approved by DHCS. An IPC, or any other form of documentation, shall be deemed insufficient by DHCS to deny, defer, or modify a requested level of CBAS.

- HMO shall notify Members in writing of the CBAS assessment determination in accordance per DHCS regulation.

4.10.1.4 HMO shall furnish Members who have been determined to no longer need CBAS with a Discharge Plan

- Discharge Plan means a plan of care given to Members who have been determined to no longer need CBAS and must include:
- The Member's name and ID number
- The name(s) of the Member's physician(s)
- The date the Notice of Action was issued
- The date CBAS will end
- Specific information about the Member's current medical conditions, treatments, and medications
- A statement of how Complex Case Management and Person-Centered Planning services will be provided to the Member
- A statement of the Member's right to file a Grievance or Appeal
- A space for the Member or the Member's representative to sign and date the Discharge Plan

4.10.1.5 HMO shall submit reports related to CBAS as required by CalOptima Reporting Policy or otherwise required by DHCS.

4.10.2 Intentionally Left Blank.

ARTICLE 5
Obligations of HMO – Access

5.1 TWENTY FOUR (24) HOUR PHYSICIAN COVERAGE --- HMO shall ensure that a physician Participating Provider or physician employed by HMO is available twenty-four (24) hours a day, seven (7) days a week for timely authorization and consultation for Medically Necessary Covered Services including, but not limited to, authorizing Medically Necessary post-stabilization care, coordinating the transfer of Stabilized Members in an emergency department, and for general communication with emergency room personnel, if necessary, in accordance with CalOptima Policies. In addition, HMO shall ensure disputed requests for authorizations are timely resolved in accordance with applicable law and regulations, as well as CalOptima Policies.

5.2 URGENT CARE SERVICES --- HMO shall make Covered Services available within twenty-four (24) hours or as appropriate for Urgent Care.

5.3 INITIAL HEALTH ASSESSMENT APPOINTMENT --- HMO shall have a process in place to ensure each Member is scheduled for an initial health assessment within one hundred twenty (120) calendar days following enrollment with CalOptima, unless otherwise directed by CalOptima Policies. At a minimum, an initial health assessment shall include administration of the Staying Healthy Assessment Tool, a medical history, weight and height data, blood pressure, preventive health screens and tests which are required under CalOptima Policies, discussion of appropriate preventive measures, and arrangement of future follow-up appointments as indicated. The initial health assessment shall include the identification, assessment, and development of care plans as appropriate for Members with special health care needs. The initial and periodic health assessment appointments shall include a dental screening/oral health assessment for all Members under 21 years of age and include annual dental referrals made with the eruption of the child's first tooth or at 12 months of age, whichever occurs first. HMO shall ensure that Members are referred to appropriate Medi-Cal dental Providers and provide Medically Necessary Federally Required Adult Dental Services (FRADs) and fluoride varnish. CalOptima may establish minimum performance requirements for completion of the initial health assessment. HMO's failure to perform at or in excess of minimum performance requirements shall subject HMO to sanctions in accordance with Article 13 of this Contract and CalOptima Policies. HMO shall ensure that health assessment information shall be recorded in the Member's Medical Record.

5.4 APPOINTMENT FOR PEDIATRIC PREVENTIVE COVERED SERVICES --- HMO shall schedule periodic pediatric screenings in accordance with the American Academy of Pediatrics (AAP) periodic schedule and/or DHCS requirements.

Immunizations are to be provided according to the latest guidelines published by the AAP and the Advisory Committee on Immunization Practices (ACIP). If there are any conflicts in the recommendations, the higher standard shall be recognized. Adults shall receive periodic health assessments according to the guidelines published by the United States Preventive Services Task Force.

5.5 HOSPITAL GEOGRAPHIC DISTRIBUTION --- HMO agrees that each hospital participating in the HMO, shall be located within ten (10) miles or thirty (30) minutes of the PCPs designated service area with active medical staff privileges at each hospital.

5.6 DAYS TO APPOINTMENT---

5.6.1 Non-Emergency Covered Services - HMO shall ensure that appointments are scheduled with a PCP for non-emergency or non-urgent Covered Services within ten (10) business days of a Member's request. HMO shall also have a process in place for follow-up on Member missed appointments.

5.6.2 Specialist Services – HMO shall ensure that appointments are scheduled with Specialists within fifteen (15) business days of request of appointment. HMO shall arrange for the provision of specialty services from specialists outside the network if unavailable within HMO's network, when determined medically necessary.

5.6.3 Preventive Covered Services - HMO shall schedule health assessments and general physical examinations in advance consistent with professionally recognized standards of practice as determined by the treating Provider acting within the scope of his or her practice and in accordance with CalOptima Policies.

5.6.4 Maternity Covered Services - HMO shall ensure that the first prenatal visit for a pregnant Member will be available within two (2) weeks upon request. Subsequent routine appointments shall be scheduled in advance in accordance with applicable Department of Managed Health Care regulations governing timely access to non-emergency health care services. HMO shall cover and ensure the provision of all Medically Necessary services for pregnant Members. HMO shall ensure that the most current standards or guidelines of the American College of Obstetricians and Gynecologists (ACOG) are utilized as the minimum measure of quality for perinatal services.

5.6.5 Measurement - HMO shall periodically measure days to appointment.

5.6.6 The applicable waiting time for a particular appointment may be extended if the referring or treating licensed health care provider, or the health professional providing triage or screening services, as applicable, acting within the scope of his or her practice and consistent with Professionally recognized standards

of practice, has determined and noted in the relevant record that a longer waiting time will not have a detrimental impact on the health of the Member.

5.6.7 Members shall be offered appointments within the following timeframes:

5.6.7.1 Urgent care appointment for services that do not require prior authorization – within 48 hours of a request;
5.6.7.2 Urgent appointment for services that do require prior authorization– within 96 hours of a request;
5.6.7.3 Non-urgent primary care appointments – within ten (10) business days of a request;
5.6.7.4 Non-urgent appointment for ancillary services for the diagnosis or treatment of injury, illness, or other health condition – within 15 business days of request.

5.6.8 In the event that a Provider, including a PCP, is terminated or leaves the HMO for any reason, HMO shall ensure that there is no disruption in services provided to Members who are receiving treatment for a chronic or ongoing medical condition or LTSS in accordance with applicable CalOptima Policies and regulatory requirements.

5.7 OFFICE WAITING TIMES --- HMO shall periodically measure office waiting times to ensure compliance with CalOptima Policies, by its subcontracted Participating Providers, and shall take appropriate action to provide notice to Participating Providers if they are not meeting the wait time requirements that they may be sanctioned for such non-compliance.

5.8 TIME LIMIT FOR DECISION ON REFERRALS --- HMO shall provide a decision on authorization requests for those Covered Services that are not Urgent Care Services or Emergency Services, including Specialty Physician referrals as set forth in HMO policies which shall be consistent with CalOptima Policies. These Covered Services shall be provided or made available to the Member within fifteen (15) calendar days after authorization is granted. HMO shall take no punitive action of any kind, and shall ensure that no Subcontractor takes any punitive action of any kind, against a Participating Provider or Subcontractor who either requests an expedited review or supports a Member's appeal.

5.9 CHANGES IN AVAILABILITY OR LOCATION OF COVERED SERVICES --- Any substantial change in the availability or location of services to be provided under this Contract requires the prior written approval of DHCS. HMO's or a Subcontractor's proposal to reduce or change the hours, days, or location at which the services are available shall be given to CalOptima at least 75 days prior to the proposed effective date. DHCS' denial of the proposal shall prohibit implementation of the proposed changes. HMO's proposal shall allow for timely notice to Members to allow them to change PCPs if desired, as provided in Section 5.10 of this Contract.

5.10 NOTICES ABOUT PCP CHANGES --- HMO shall give Members thirty (30) calendar days' notice if their PCP withdraws from HMO. All template notices sent to Members shall be submitted to CalOptima for prior approval before distribution to Members. Such notices must include instructions for selecting a new PCP should the Member not be satisfied with a new PCP assigned by HMO. With the exception of PCP terminations in which a provider is immediately terminated due to endangering the health and safety of patients, committing criminal or fraudulent acts or engaging in grossly unprofessional conduct, Members not receiving thirty (30) calendar days advance notice of PCP withdrawal shall be permitted to self-refer within HMO for up to sixty (60) calendar days or until a new PCP is chosen by Member.

5.11 CHOICE OF PCP --- HMO shall offer each Member the opportunity to choose a PCP affiliated with the HMO. A Member may elect to obtain primary care services from a contracted non-physician medical practitioner as long as there is a physician who has ultimate responsibility for the Member's Care Management Services. When HMO receives the Member's files from CalOptima and determines that the Member has not indicated a PCP choice, HMO shall assign the Member to a PCP and include information about this assignment with the required enrollment information sent to the Member within seven (7) calendar days of notification of a Member's enrollment in HMO. HMO shall permit Members to change PCPs at least monthly, and to change more often if assignment of a specific PCP would be harmful to the interest of the Member.

5.12 PROVIDERS ELIGIBLE FOR PARTICIPATION IN MEDI-CAL --- Except in emergency situations, HMO shall use only Providers who are eligible for participation in the Medicare and/or Medi-Cal program to provide the Covered Services required under this Contract. Providers shall: (i) not be suspended, excluded or otherwise ineligible to participate in any Federal and/or State health care programs; (ii) have not ever been suspended, excluded or otherwise ineligible to participate in any Federal and/or State health care programs based on a mandatory exclusion as defined in 42 U.S.C. § 1396a-7(a); and (iii) have not been convicted of any felony, or any misdemeanor involving fraud or abuse in any government program, or related to neglect or abuse of a patient in connection with the delivery of a health care item or service, or in connection with the interference with or obstruction of any investigation into health care related fraud or abuse or that has been found liable for fraud or abuse in any civil proceeding, or that has entered into a settlement in lieu of conviction for fraud or abuse in any government program, within the previous 10 years.

5.13 PROVIDER TO MEMBER STAFFING RATIOS ---

5.13.1 Provider to Member Ratios - As specified by the State, HMO shall ensure that PCP staffing ratios satisfy the following full-time equivalent provider to Member ratios:

5.13.1.1 Primary Care Physicians 1:2,000 Members;

5.13.1.2 Total physicians 1:1,200 Members; and

5.13.1.3 If Non-physician Medical Practitioners are included in HMO's Network, each individual Non-physician Medical Practitioner shall not exceed a full-time equivalent provider/Member caseload of one (1) provider per 1,000 Members.

5.13.2 Supervising Physicians - HMO shall ensure that physicians who supervise non-physician mid-level staff are certified to supervise by the California Medical Board. As specified by the State, the ratio of physician supervisor to non-physician medical practitioner shall satisfy the requirement of a minimum of one (1) physician to:

5.13.2.1 Four (4) nurse practitioners; or
5.13.2.2 Two (2) physician assistants; or
5.13.2.3 Four (4) non-physician medical practitioners in any combination that does not include more than three (3) certified nurse midwives or two (2) physician assistants.

5.14 PCP GEOGRAPHIC DISTRIBUTION --- HMO shall maintain a network of PCPs, to make available to every Member a PCP whose office is located within thirty (30) minutes or ten (10) miles of Member's place of residence. Nothing in this provision shall be interpreted as preventing a Member from choosing a PCP beyond these geographic limits.

5.15 SPECIALIST GEOGRAPHIC DISTRIBUTION --- HMO shall make available to every Member, Specialists whose offices are located within fifteen (15) miles and thirty (30) minutes from the Member's place of residence as required in W & I Code Sections 14197(b) and (c). Upon request, HMO shall provide transportation for Members when the nearest available Specialist is more than fifteen (15) miles or thirty (30) minutes from Member's place of residence.

5.16 PHYSICAL ACCESS --- HMO's and its Subcontractor's facilities shall comply with the requirements of Title III of the Americans with Disabilities Act of 1990, and shall ensure access for the disabled, which includes, but is not limited to, ramps, elevators, restrooms, designated parking spaces, and drinking water provision.

5.17 ACCURACY OF PROVIDER DIRECTORY --- HMO shall ensure that HMO's provider directory is in compliance with SB 137 and updated when either of the following occur:

5.17.1 The Provider is not accepting new Members.
5.17.2 If the Provider had previously not accepted new Members, the Provider is currently accepting new Members.

ARTICLE 6
Obligations of HMO – Clinical Quality

6.1 LICENSURE --- HMO shall ensure that every physician providing Covered Services and employed or engaged by HMO or Subcontractor shall retain at all times during the period of this Contract a valid license to practice medicine issued by the Medical Board of the State of California, without restriction to practice in designated field of medicine.

6.2 HEALTH EDUCATION AND PREVENTION --- HMO shall inform Members of contributions which they can make to the maintenance of their own health and the proper use of health care services and have a program of health education and prevention (HEP) available in accordance with the delineation of responsibilities in the Delegation Agreement. HMO shall:

6.2.1 Coordinate and integrate with CalOptima's QI Program;
6.2.2 Refer Members to appropriate HEP, based on the Member's needs;
6.2.3 Implement and utilize the Staying Healthy Assessment Tool as defined in CalOptima Policies; and,
6.2.4 Educate Providers and Members regarding Health Education services available to Members.

6.3 CLINICAL LABORATORY IMPROVEMENT AMENDMENTS --- HMO shall only use laboratories with a Clinical Laboratory Improvement Amendments (CLIA) certificate of waiver or a certificate of registration along with a CLIA identification number. Those laboratories with certificates of waiver shall provide only the types of tests permitted under the terms of their waiver. Laboratories with certificates of registration may perform a full range of laboratory tests.

6.4 QUALITY IMPROVEMENT PROGRAM --- HMO shall participate and cooperate in CalOptima's Quality Improvement Program. HMO shall establish, maintain and operate a Quality Improvement Program, in accordance with the delineation of responsibilities in the Delegation Agreement, which shall include an Annual Program Plan, Work Plan, and Annual Evaluation of Effectiveness of the QI program, which are consistent with current industry standards, Centers for Medicare and Medicaid Services (CMS), National Committee for Quality Assurance (NCQA), Joint Commission, and DHCS, and meets the requirements of CalOptima's Quality Improvement Program. HMO shall facilitate quality studies and assist in collection of comparative data collected from all Participating Providers using objective parameters (e.g., the current version of Healthcare Effectiveness Data and Information Set (HEDIS)). HMO shall submit reports related to Quality Improvement as required by CalOptima Reporting Policy or otherwise required by DHCS. HMO shall adopt a detailed written Quality Improvement (QI) Plan, which shall include:

6.4.1 Well defined goals and objectives of the QI Program;

6.4.2 A well-defined scope of the QI Program that considers all different types and levels of care and service provided to Members; and

6.4.3 Clearly defined accountability and responsibility for the QI Program.

6.4.4 The Board of Directors of HMO or a multi-disciplinary QI Committee designated by the Board of Directors of HMO shall oversee the QI Program conducted by HMO. This committee shall be separate from the Utilization Review committee (though Members may be the same) and have a separate agenda. The QI Committee shall have adequate representation from HMO. The QI Committee shall meet at least on a quarterly basis. HMO shall maintain attendance records and meeting minutes related to the QI Program.

6.4.5 The QI Program activities shall be reported in writing to HMO's Board of Directors at least on a quarterly basis. These reports shall be available to CalOptima upon request.

6.4.6 The HMO's QI Program shall include involvement and participation in network-wide studies/projects initiated by CalOptima, if applicable.

6.4.7 HMO shall develop an annual QI work plan, which includes the following:

6.4.7.1 Goals, scope and planned projects for the year;

6.4.7.2 Planned monitoring of identified issues and tracking these issues over time;

6.4.7.3 Planned studies/audits suggested by CalOptima or the HMO; and

6.4.7.4 An annual evaluation of the QI Program/Plan.

6.4.8 HMO shall have a written procedure for responding to the findings of QI activities, such as collecting data, analyzing results, implementing corrective action plans, and reassessing the same data for improvement.

6.4.9 Requirements for the HMO's QI Program shall be established by the HMO's QI Committee and requirements may change based on changes in industry standards. CalOptima's QI Committee shall notify HMO of any additional changes in QI standards and requirements that shall be incorporated in HMO's QI Program. HMO shall not be required to change QI Program requirements more frequently than once per year.

6.4.10 HMO shall report findings and actions taken as a result of the quality improvement activities to CalOptima at least quarterly. In addition, HMO

shall make available summaries of QI Committee meetings, findings following review of specific cases and other reviews to CalOptima.

6.4.11 The HMO shall respond promptly to all of CalOptima's requests for: (a) Medical Records; or (b) written responses to quality of care issues or Member complaints.

6.4.12 HMO shall allow CalOptima to use performance data for various program purposes, but not limited to, quality improvement activities, public reporting to consumers, and cost sharing for quality improvement activities, as identified in CalOptima Policy.

6.5 CASE MANAGEMENT SERVICES --- HMO shall offer a comprehensive Case Management Services program that targets medically and socially complex Members in accordance with the delineation of responsibilities in the Delegation Agreement. The Case Management Services program shall consider the Member as a whole individual taking into consideration not only his/her medical needs but also the individual in context of cultural values, age, disability and self-determination.

6.5.1 HMO shall develop and implement policies and procedures that outline processes to support Case Management Services including but not limited to:

6.5.1.1 Pro-active identification mechanisms of high risk Members;

6.5.1.2 Referral processes;

6.5.1.3 Triage mechanisms with appropriate time frames;

6.5.1.4 Comprehensive assessment processes and formats;

6.5.1.5 Care plan development and care plan implementation guidelines and format;

6.5.1.6 Carve-out service coordination;

6.5.1.7 Documentation and communications processes for all Case Management Services; and

6.5.1.8 Mechanism for evaluation of Case Management Program outcomes.

6.5.2 HMO Case Management Services shall demonstrate the ability to find, receive, and process referrals for Covered Services and Urgent Care Services of Members who meet one (1), or more of the following conditions:

6.5.2.1 Are medically complex, demonstrate an inability to manage their medical condition and are at risk of exacerbation without intervention;

6.5.2.2 Demonstrate high recidivism;

6.5.2.3 Are chronically ill;

6.5.2.4 Have a catastrophic diagnosis;

6.5.2.5 Have inadequate family/community support;

6.5.2.6 Are cost and/or length of stay outliers;

6.5.2.7 Are receiving six (6) or more chronic medications per month;

6.5.2.8 Are transitioning between Providers that may cause continuity of care concerns; and

6.5.2.9 Are Members with Special Health Care Needs.

6.5.3 CalOptima shall be entitled to periodically review HMO's Case Management Services program to determine compliance with Case Management Services standards. HMO shall furnish Case Management Services records and information to CalOptima upon request.

6.5.4 HMO Case Management shall collaborate with CalOptima on cases identified by CalOptima as needing care coordinator interventions.

6.5.5 As a component of the Case Management requirements in this Contract, HMO shall assure that HMO possesses adequate information management systems and capabilities to support Case Management functions and to meet guidelines established by CalOptima in CalOptima Policies.

6.6 OBLIGATION OF HMO UPON TERMINATION OF CONTRACTED PROVIDERS --- HMO shall ensure continuity and coordination of care by notifying Members affected by the termination of a Provider or practice site and assisting them in selecting a new PCP or PCP site. HMO shall notify Members affected by the termination of a PCP or PCP site at least thirty (30) calendar days prior to the effective termination date and assist them in selecting a new PCP or PCP site. HMO shall notify Members being seen regularly by a specialist or specialty group whose contract is terminated at least thirty (30) calendar days prior to the effective termination date and assist them in selecting a different Provider or site. HMO shall obtain the prior written approval of CalOptima before furnishing such notice, as CalOptima must obtain written approval of DHCS as to form and content. When a Provider's contract is discontinued, and either the Provider or HMO decides to terminate the contract for

reasons other than professional review actions; or the Member is seeing one (1) Provider within a group and that Provider discontinues with HMO, but the rest of the group continues its contract with HMO, then HMO shall allow Members to have continued access to that Provider under the following circumstances:

6.6.1 Members undergoing active treatment for a chronic or acute medical condition (in which discontinuity could cause a recurrence or worsening of the condition under treatment and interfere with anticipated outcomes) have access to their discontinued Provider through the current period of active treatment or for up to ninety (90) calendar days, whichever is shorter; and

6.6.2 Members in their second (2^{nd}) or third (3^{rd}) trimester of pregnancy have access to their discontinued Provider through the postpartum period.

6.7 WHOLE CHILD MODEL PROGRAM ---

6.7.1 WHOLE CHILD MODEL PROGRAM COMPLIANCE --- Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, HMO shall be responsible for identifying children with qualifying medical and surgical conditions and coordinating appropriate referrals of children with CCS Eligible Conditions as defined in Title 22, CCR Sections 41515.2 through 41518.9 and agrees to implement the Whole Child Model Program in accordance with this Contract and CalOptima Policies.

6.7.1.1 Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, HMO shall provide all Medically Necessary services previously covered by the CCS Program as Covered Services for Members who are eligible for the CCS Program, and for Members who are determined medically eligible for CCS by the local CCS Program.

6.7.1.2 To ensure consistency in the provision of CCS Covered Services, HMO shall use all current and applicable CCS Program guidelines, including CCS Program regulations, CCS Program information notices, and CCS numbered letters in developing criteria for use by HMO's Medical Director or equivalent, and other care management staff. When applicable CCS clinical guidelines do not exist, HMO shall use evidence-based guidelines or treatment protocols that are medically appropriate given the Member's CCS Eligible Condition.

The CCS numbered letters are posted by DHCS at the following web address for guidance on providing CCS Covered Services to Members eligible for CCS:

http://www.dhcs.ca.gov/services/ccs/Pages/CCSNL.aspx

6.7.1.3 Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, HMO shall be responsible for all available Medically Necessary Medi-Cal services that are Covered Services under the CalOptima Medi-Cal Program. Any Medically Necessary CCS Services not available as a CalOptima Medi-Cal Covered Service shall remain the responsibility of the State and the county.

6.7.2 CCS PROVIDER NETWORK --- HMO shall utilize only CCS-Paneled Providers to treat CCS Eligible Conditions when a Member's CCS Eligible Condition requires treatment, HMO shall include in their network an adequate number of CCS Providers able to serve the needs of Members with CCS Eligible Conditions and receive timely access. HMO's network shall include an adequate number of CCS-Paneled Providers who are board-certified in both pediatrics and the appropriate pediatric subspecialty conditions and an adequate number of hospitals and/or facilities that include neonatal intensive care units, CCS-approved pediatric intensive care units, CCS-approved inpatient facilities and special care centers approved by the CCS Program to treat a CCS Eligible Condition. However, Members cannot be limited to a single delegated entity's provider network. HMO must ensure Members have access to all Medically Necessary CCS-Paneled Providers within CalOptima's provider network. In addition, HMO may use an out-of-state Provider, in accordance with APL 17-019, if an in-state CCS Provider does not possess the clinical expertise to appropriately treat the Member's CCS condition. If no in-network CCS-Paneled Provider possesses the clinical expertise to appropriately treat a Member's CCS condition, then CCS delegated HMO shall arrange and pay for, and coordinate the provision of, the Medically Necessary Covered Services to the Member by one or more out-of-network CCS-Paneled Providers who possess the appropriate knowledge and clinical experience. CCS delegated HMO shall implement procedures to identify individuals who may need or who are receiving services from Out-of-Network Providers and/or programs in order to ensure coordinated service delivery and efficient and effective joint case management.

6.7.3 CCS PROVIDER CREDENTIALING --- HMO shall credential CCS Providers in accordance with the existing credentialing requirements along with the requirements of APL 18-011. DHCS will retain responsibility for paneling CCS specialists. In addition, CCS Providers shall be able to utilize CalOptima's provider grievance process.

6.7.4 COVERED CCS SERVICES --- In addition to other services required to be provided to Members under this Contract, effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, HMO shall cover CCS Services for Members determined to be eligible in accordance with the CCS Program medical eligibility regulations.

Upon diagnostic evidence that a Member under 21 years of age may have a CCS Eligible Condition, HMO shall refer the Member to the county CCS office for eligibility determination.

6.7.4.1 HMO shall ensure assessment and care coordination for the transition of Members who are eligible for CCS Services and receiving services through the CCS Program at the time of the transition.

6.7.4.2 For the identification of Members eligible for CCS Services, HMO shall ensure the following:

6.7.4.2.1 Participating Providers shall perform appropriate baseline health assessments and diagnostic evaluations that provide sufficient clinical detail to establish, or raise a reasonable likelihood, that a Member has a CCS Eligible Condition.

6.7.4.2.2 Initial referrals of Members with CCS Eligible Conditions shall be made to CalOptima by telephone, same day mail, or fax or other secure electronic system, and CalOptima will submit the referral and medical documentation to the County CCS Program for eligibility determination. The initial referral shall be followed by submission of supporting medical documentation sufficient to allow for eligibility determination by the county CCS Program.

6.7.4.2.3 HMO shall provide all Medically Necessary CCS Services for the Member's CCS Eligible Condition(s).

6.7.4.2.4 If the County denies CCS Program eligibility for a Member referred by HMO, HMO remains responsible for the provision of all Medically Necessary Covered Services to the Member, including EPSDT services.

6.7.5 CONTINUITY OF CARE --- Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, HMO shall provide continuity of care to CCS-eligible Members transitioning to the Whole Child Model Program in accordance with Welfare and Institution Code Sections 14094.13, Health and Safety Code Section 1373.96, APL 18-011, and as follows:

6.7.5.1 In accordance with Welfare and Institutions Code, Section 14094.13(a)-(d), HMO must allow for continuity of care between Members eligible for CCS Services and CCS Providers, and Providers of Specialized Durable Medical Equipment, with whom there is an existing relationship for up to 12 months after the

transition. At its discretion, HMO may extend the continuity of care period beyond the 12 months specified in this Section

6.7.5.2 For out-of-network CCS Providers and Providers of Specialized Durable Medical Equipment, HMO must allow for continuity of care under the following conditions:

6.7.5.2.1 The Member has seen the CCS Provider for a non-emergency visit at least once during the 12 months immediately preceding their transition to CalOptima's Whole Child Model Program, or the Member has previously received Specialized Durable Medical Equipment from a DME provider.

6.7.5.2.2 The CCS Provider or Provider of Specialized Durable Medical Equipment accepts HMO's rate for the service, or the applicable Medi-Cal or CCS fee-for-service rate, whichever is higher, unless the CCS Provider enters into an alternative payment methodology mutually agreed upon by HMO and the CCS Provider.

6.7.5.2.3 HMO confirms that the CCS Provider meets applicable CCS standards and has no disqualifying quality of care issues.

6.7.5.2.4 The CCS Provider or Provider of Specialized Durable Medical Equipment makes treatment information available to HMO, to the extent authorized by the State and federal patient privacy provisions.

6.7.5.3 Ensure that the continuity of care requirements for pharmaceutical services and provision of prescribed drugs are applied to Members who are eligible for the CCS Program at the time of the transition to the Whole Child Model Program. Before the previously prescribed drug is discontinued, HMO and the Member's prescribing CCS Provider shall complete the necessary evaluation and treatments and must both agree that the previously prescribed drug is no longer Medically Necessary, or that it is no longer prescribed by the Member's prescribing CCS Provider.

6.7.6 EPSDT SERVICES --- Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, for CCS-eligible Members, HMO shall provide all Medically Necessary Covered Services, including EPSDT services when the scope of an EPSDT benefit is more generous than the scope of a CCS benefit. In such cases, HMO shall

apply the EPSDT standard of what is Medically Necessary to correct or ameliorate the Member's condition.

6.7.7 CASE MANAGEMENT AND COORDINATION OF CARE --- Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, HMO shall provide service authorization, case management, and care coordination for CCS Services by an employee or Subcontractor with knowledge or adequate training on the CCS Program, and clinical experience with either the CCS population or pediatric patients with complex medical conditions.

6.7.7.1 Once a Member's eligibility for the CCS Program is established, CalOptima shall complete the risk level and needs assessment required under APL 18-011. HMO shall provide Complex Case Management services to all Members eligible for CCS Services and coordinate care between the Primary Care Provider, CCS specialty services, and if applicable Outpatient Mental Health Services and regional center services across all settings. The provision of Complex Case Management shall include the facilitation of communication between the Member's health care Providers, personal care Providers such as IHSS and behavioral health Providers, and when appropriate, the Member and/or Member's parents, custodial parents, legal guardians, or other authorized representatives.

6.7.7.2 HMO shall also arrange referral to Specialty Mental Health, and Drug Medi-Cal services as appropriate through the county substance use disorder program if determined necessary through HMO's assessment. To arrange services with a regional center, HMO shall:

6.7.7.2.1 Coordinate with Members eligible for CCS Services and their parents, custodial parents, legal guardians, or other authorized representatives, in understanding and accessing services; and

6.7.7.2.2 Operate as a central point of contact for questions regarding access, care, and problem resolution.

6.7.7.3 HMO shall create an individual care plan (ICP) for CCS-eligible Members who have been determined high risk through the CalOptima risk stratification process, incorporate the required elements stated in Welfare and Institutions Code, Section 14094.11(c) and APL 18-011, be specific to individual Member needs, and update the ICP at least annually.

6.7.7.4 Provide Person-Centered Planning, case management and coordination of care, to Members eligible for CCS Services and in

collaboration with the Member's parents, custodial parents, legal guardians, or other authorized representatives.

6.7.7.5 Provide information to Members eligible for CCS Services on how to access local family resource centers or family empowerment centers.

6.7.7.6 Allow a Member eligible for CCS Services, or the Member's parents, custodial parents, legal guardians, or other authorized representatives, to request continuing case management and care coordination from their public health nurse within 90 days of transitioning to the Whole Child Model Program, in accordance with Welfare and Institutions Code, Section 14094.13(e). If the county public health nurse leaves the CCS Program or is no longer available to provide case management and care coordination, HMO shall transition those services to one of its case managers who has received adequate training on the CCS Program and has clinical experience with the CCS population or pediatric patients with complex medical conditions.

6.7.8 RIGHTS FOR MEMBERS ELIGIBLE FOR CCS ---

6.7.8.1 Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, HMO shall provide a mechanism for a Member eligible for CCS Services, or the Member's parents, custodial parents, legal guardians, or other authorized representatives, to request a Specialist or clinic as a Primary Care Provider.

6.7.8.2 Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, for Members receiving continuity of care, HMO shall send a written notice 60 days prior to the end of the authorized continuity of care period. The notice shall explain the right to petition HMO for an extension of the continuity of care period, the criteria used to evaluate the petition, and the appeals process if HMO denies the petition.

6.7.8.3 In addition to the Member's right to file a Grievance or request an appeal or State Fair Hearing, effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, HMO shall also ensure that Members who are eligible for CCS Services, or the Member's parents, custodial parents, legal guardians, or other authorized representatives, may appeal the continuity of care limitations, or the extension of a continuity of care period in accordance with Welfare and Institutions Code, Section 14094.13(i)(1).

6.7.8.4 Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, HMO shall also ensure that CCS-eligible Members, or the Members' parents, custodial parents, legal guardians, or other authorized representatives, retain the right to request an Appeal and State Fair Hearing for adverse benefit determinations that involve delay, modification, denial, or discontinuation of CCS Services in accordance with CalOptima Policy.

6.7.8.5 HMO must ensure Members are provided information on grievances, appeals and State Fair Hearing processes as provided under CalOptima Policies. Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, CCS-Eligible Members enrolled in managed care are provided the same grievance, appeal and State Fair Hearing rights as provided under APL 18-001, and State and Federal law.

6.7.9 ADMINISTRATIVE SERVICES PROVIDED FOR CCS

6.7.9.1 HMO shall provide all administrative services specified in this Contract and the Health Plan Quality Delegation Agreement for CCS-eligible Members.

6.7.9.2 CalOptima shall provide a monthly administrative capitation payment to HMO, as stated in Attachment E, for enrolled CCS-eligible members following the regular Medi-Cal Capitation process and timeline.

6.8 CREDENTIALING REQUIREMENTS --- HMO acknowledges and agrees that CalOptima has delegated credentialing and recredentialing obligations to HMO. HMO shall have an ongoing credentialing and recredentialing program covering Participating Providers (e.g. Practitioners, organizational providers and licensed independent practitioners) consistent with CalOptima Policies and in accordance with the delineation of responsibilities in the Delegation Agreement. HMO shall comply with all credentialing and recredentialing obligations as specified in this Contract and CalOptima Policies.

6.8.1 HMO shall have a mechanism in place to ensure confidentiality of information collected during the credentialing and recredentialing process.

6.8.2 HMO shall ensure that all Participating Providers who furnish items and/or services to Members and/or submit claims and/or receive reimbursement for Covered Services furnished to Members meet CalOptima's credentialing and recredentialing requirements as specified in CalOptima's Credentialing and Recredentialing Policy. HMO shall ensure that any Participating Provider who

is required to meet credentialing and recredentialing requirements, but fails to do so, does not furnish items and/or services and/or receive reimbursement for any Covered Services furnished to Members. HMO shall ensure that all contracts with Participating Providers who are subject to these requirements allow for termination of the Participating Provider's right to furnish items and/or services to Members and/or submit claims and/or receive reimbursement for Covered Services furnished to Members.

6.8.3 HMO shall provide to CalOptima or have available for CalOptima review upon request the following:

6.8.3.1 An accurate, current, signed copy of the DHCS Medi-Cal Disclosure Form, DHS-6216 (07/05), or such other disclosure form as DHCS may otherwise provide to meet the requirements of Section 51000.35 of Title 22 of the California Code of Regulations.

6.8.3.2 A signed attestation that all Participating Providers who are required to meet CalOptima Minimum Standards in order to furnish, submit claims and/or receive reimbursement for Covered Services furnished to Members meet CalOptima's Minimum Standards as specified in CalOptima Policies.

6.8.3.3 An annual signed attestation that all Participating Providers are credentialed to the standards set forth by CalOptima and DHCS.

6.8.3.4 Monthly summary of all credentialing and recredentialing activity including the name of Participating Provider, date of facility site review (if applicable) and decision date.

6.8.3.5 Concurrent reporting of any adverse action toward a Participating Provider, including adverse actions reported to a governmental or other regulatory agency.

6.8.3.6 If applicable, Quarterly Summaries and copies of facility site reviews performed for PCPs.

6.9 BOARD CERTIFICATION --- HMO shall ensure that all Practitioners furnishing Covered Services to Members meet those requirements identified in CalOptima Policy regarding Board Certification.

6.9.1 HMO shall ensure that any Practitioner who is required to meet the requirements set forth above, but fails to do so, does not furnish items and/or services to Members, submit claims and/or receive reimbursement for any Covered Services furnished to Members. HMO shall ensure that all contracts with Practitioners who are subject to these requirements allow for termination

of the Practitioners' right to furnish items and/or services, submit claims and/or receive reimbursement for Covered Services furnished to Members.

6.9.2 HMO acknowledges that these requirements apply to each individual Practitioner that is affiliated with and/or part of any medical group, independent physician associations (IPA) and/or other organization or entity that contracts with HMO to furnish Covered Services to Members.

6.10 FACILITY SITE/MEDICAL RECORDS REVIEW --- HMO shall participate in collaborative PCP site reviews for shared PCPs in accordance with MMCD Policy Letter specifications and other requirements of DHCS, unless exempted by CalOptima. HMO shall comply with CalOptima Policies related to PCP site reviews including those addressing collaborative programs.

6.11 COORDINATION AND CONTINUATION OF CARE --- HMO shall have systems in place to ensure managed patient care, including at a minimum:

6.11.1 Management and integration of health care, including Covered Services, through a PCP.

6.11.2 Referrals for Medically Necessary specialty, secondary and tertiary Covered Services.

6.11.3 HMO shall clearly specify referral requirements to Participating Providers and Subcontractors and establish a system to track and monitor services requiring prior authorizations through the HMO.

6.11.4 HMO shall have a utilization management program that meets guidelines as set forth in CalOptima Policies and is in accordance with the delineation of responsibilities in the Delegation Agreement.

6.11.5 Systems to assure provision of care in emergency situations, including an education process to help assure that Members know where and how to obtain Medically Necessary Covered Services in emergency situations.

6.11.6 The provision of Case Management Services as set forth in this Contract, CalOptima Policies and in coordination with CalOptima's Case Management program.

6.11.7 Systems for the consideration and approval of standing referrals, in accordance with CalOptima Policy.

6.11.8 HMO shall be responsible for coordinating care of certain services including:

6.11.8.1 HMO's Participating Providers providing Pediatric Preventive Services (CHDP) shall document such services on the CMS-1500, UB-04 claim form or electronic equivalent.

6.11.8.2 Participating Providers providing CHDP agree to coordinate with the Orange County CHDP Program as set forth in the CHDP Program pursuant to CalOptima's Pediatric Preventative Services Policy;

6.11.8.3 HMO shall promote education and support systems that increase compliance with the standards for periodicity and content of pediatric health assessments;

6.11.8.4 HMO shall make referrals to the Women, Infants and Children Food Supplementation Program (WIC);

6.11.8.5 HMO shall make referrals for perinatal Members to the PSS program pursuant to CalOptima Policy;

6.11.8.6 HMO shall make referrals to the Regional Center of Orange County (RCOC), as set forth in the RCOC MOU;

6.11.8.7 All Members between the ages of three (3) and twenty-one (21) shall be referred to a dentist in accordance with the most recent recommendations of the AAP, as part of periodic health assessment;

6.11.8.8 HMO shall be responsible for Covered Services that are related to dental services but are not provided by a dentist or dental anesthetists. Covered Services required for a dental procedure include but are not limited to: laboratory services, pre-admission physical examinations required for admission to inpatient and outpatient Facility, anesthesia services, and inpatient surgical services and inpatient hospitalization services as provided in CalOptima Policy. HMO shall develop referral and prior authorization policies and procedures to implement the above requirements. HMO shall submit these policies to CalOptima for review and approval;

6.11.8.9 For HMO Members requiring Specialty Mental Health Services, HMO shall refer Members to the Administrative Services Organization (ASO) contracted by the County of Orange to provide assessment, referrals and authorization for Specialty Mental Health Services.

6.11.8.9.1 For HMO Members referred for Specialty Mental Health Services, HMO shall provide Care

Management Services for the Member's physical health needs and coordinate Covered Services with Specialty Mental Health Providers. While DHCS retains responsibility for certain psychotherapeutic drugs, HMO shall retain financial responsibility for laboratory tests associated with the provision of behavioral health services, including, but not limited to, those associated with the use of psychotherapeutic drugs. HMO shall comply with all responsibilities, policies and procedures set forth in the HCA/MHP MOU.

6.11.8.9.2 For HMO Members receiving inpatient Specialty Mental Health Services, HMO shall retain financial responsibility for the initial physical health assessment (medical history and physical exam) for any Member admitted to an inpatient mental health facility. This assessment shall be performed by a facility physician or the Member's PCP. HMO shall remain financially responsible for and shall coordinate, if notified, non-mental health services required by a Member while undergoing inpatient psychiatric treatment, including, but not limited to, x-rays and laboratory services.

6.11.8.10 For Member requiring alcohol or other substance use disorder services, HMO shall refer Members to the Orange County Drug Medi-Cal Organized Delivery System (DMC-ODS). However, for Members requiring outpatient heroin detoxification, HMO shall refer the Member to an appropriate Provider.

6.11.9 To the extent that the HMO is responsible for the coordination of care for Members, CalOptima shall share with HMO, in accordance with Section 14.12, any utilization data that DHCS has provided to CalOptima, and HMO shall receive the utilization data provided by CalOptima and use it as the HMO is able for the purpose of Member care coordination.

6.12 VACCINES --- HMOs shall assure, at a minimum, all routine pediatric vaccinations currently recommended by the AAP/ACIP and the United States Preventative Task Force and additional routine immunizations are provided to Members consistent with HMO's immunization policy. CalOptima shall not reimburse HMO for the cost of vaccines that are available under the Vaccines for Children (VFC) program. Providers administering pediatric immunizations shall maintain an appropriate supply of vaccines from the VFC program. Vaccinations, which are not part of the standard pediatric protocol, shall be administered according to CalOptima Policies.

6.13 OUTPATIENT MENTAL HEALTH SERVICES ---

6.13.1 HMO's PCPs shall provide Outpatient Mental Health Services within the scope of their practice.

6.13.2 For Outpatient Mental Health Services outside the PCP scope of practice, HMO shall refer Members to appropriate behavioral health Providers.

6.14 RESEARCH --- HMO agrees to participate in and make data available for research projects initiated or approved by CalOptima.

6.15 FUNCTIONS AND DUTIES OF HMO FOR SPD --- HMO shall provide the following for SPD Members:

6.15.1 Intentionally Left Blank.

6.15.2 HMO shall refer all SPD Members, who require a customized wheelchair and/or a modification to a customized wheelchair or seating system, to a contracted Evaluation Services Provider, and provide appropriate Covered Services in accordance with the resulting evaluation, pursuant to CalOptima Policy;

6.15.3 HMO shall make available Incontinence Supplies to SPD Members when such supplies are Medically Necessary to treat incontinence. HMO shall not restrict the Incontinence Supplies by brand name as long as the supplies do not exceed the rate paid for comparable supplies under the DHCS Medi-Cal Fee-for-Service program;

6.15.4 HMO shall authorize Medical Supplies for six (6) month periods for SPD Members under the following conditions: (a) the PCP determines that the SPD Member requires ongoing Medical Supplies; (b) HMO determines that the Medical Supplies are Medically Necessary based upon the prescribing PCP's assessment; and (c) the PCP projects that the SPD Member's need for the Medical Supplies will remain stable over the six (6) month period;

6.15.5 HMO or Subcontractor shall dispense Medical Supplies in no greater than thirty (30) calendar day amounts, even when such Medical Supplies are authorized for six (6) month periods. HMO shall approve re-authorization of Medical Supplies at consecutive six (6) month intervals unless a PCP determines that a change in the SPD Member's medical condition warrants additional assessment, and/or adjustments to the prescription for Medical Supplies. Notwithstanding a six (6) month authorization, HMO shall not be responsible for providing Medical Supplies when the SPD Member's Medi-Cal eligibility ceases or when the Member is no longer enrolled with the HMO;

6.15.6 HMO shall permit SPD Members to select as a PCP any Participating Specialist Provider willing to perform the role of the PCP. HMO shall provide to all SPD Members upon enrollment HMO and at any time thereafter, upon the SPD Member's request a list of all Participating Specialist Providers willing and available to perform duties/functions of the PCP;

6.15.7 Within one-hundred twenty (120) days upon enrollment in the HMO of an SPD Member, HMO shall complete a plan of care pursuant to CalOptima Policies. HMO shall update this plan as appropriate and/or annually. HMO shall consult the SPD Member and/or Member's representative as appropriate in completing and updating the plan of care;

6.15.8 Upon request, and as Medically Necessary, for any qualifying SPD Member as defined in CalOptima Policies, HMO shall conduct and provide, when appropriate, a home assessment to assess the SPD Member's needs for appropriate referrals to Participating Providers and/or community based organizations and providers;

6.15.9 HMO shall provide SPD Members with standing referrals pursuant to CalOptima Policies, to specialists necessary for conditions requiring ongoing treatment or ongoing supply, equipment or DME service needs. These referrals can be renewed semi-annually; and

6.15.10 HMO shall have Participating Providers with facilities and/or sites that are capable of accommodating SPD Members with special medical care needs as defined in CalOptima Policies. Facility requirements to meet the needs of SPD Members with special medical care needs include, but are not limited to, office or clinic equipment to facilitate the appropriate and safe examination of SPD Members and the capacity to provide specific Covered Services to SPD Members, such as the provision of dental procedures under general anesthesia.

6.15.11 If HMO's network is unable to provide necessary medical services covered under the Contract to a particular SPD Member, HMO must adequately and timely cover these services out-of- network for the Member, for as long as the entity is unable to provide them. HMO acknowledges that Out-of-Network Providers must coordinate with HMO with respect to payment, and HMO shall ensure that such Out-of-Network Providers understand this requirement. HMO must ensure that cost to the Member is not greater than it would be if the services were furnished within the network. HMO shall provide for the completion of covered services by a terminated or Out-of-Network Provider at the request of a Member, in accordance with the continuity of care requirements in Health and Safety Code Section 1373.96. For newly-enrolled SPD Members, HMO shall provide continued access for up to twelve (12) months to an Out-of-Network Provider with whom the Member has an ongoing relationship (i.e. an existing provider from whom

they are receiving services), if the provider will accept HMO or Medi-Cal FFS rates, whichever is higher per W & I Code 14182(b)(13) and (14). An ongoing relationship shall be determined by identifying a link between the newly-enrolled SPD Member and an Out-of-Network Provider using FFS utilization data provided by DHCS.

6.15.12 For SPD Members, HMO shall report all grievances related to those listed in Title 28, CCF, Section 1300.68(f)(2)(D), including, but not be limited to, timely assignments to a provider, issues related to cultural and linguistic sensitivity, difficulty with accessing specialists, and grievances related to out-of-network requests.

6.15.13 HMO and Participating Providers and all staff who interact with SPD Members, as well as those who may potentially interact with SPD Members, or any other staff deemed appropriate by CalOptima or DHCS shall receive sensitivity training as provided by CalOptima or DHCS, or by HMO pursuant to DHCS requirements and CalOptima Policies.

6.16 ADVANCE DIRECTIVES --- HMO shall maintain written policies and procedures related to Advanced Directives in compliance with current State law. HMO shall not discriminate against any Member on the basis of that Member's Advance Directive status.

6.17 SECOND OPINIONS --- HMO shall provide, at its sole cost and expense second opinions and provide to Members all required notification, documentation, forms and information regarding obtaining second opinions as prescribed by CalOptima Policies.

6.18 DISEASE MANAGEMENT --- HMO shall assist CalOptima in implementation of a disease management program in accordance with the delineation of responsibilities in the Delegation Agreement.

6.19 MEMBERS WITH SPECIAL HEALTH CARE NEEDS --- HMO shall identify, assess and implement care plans as appropriate for Members with Special Health Care Needs. HMO shall have processes for monitoring and tracking Members with Special Health Care Needs and the provision of services under the implemented plan of care.

6.20 MEMBER VISITS --- HMO shall ensure that Subcontracting health facilities licensed pursuant to Health and Safety Code Section 1250 permit a Member at Member's choice to be visited by a Member's domestic partner, the children of a Member's domestic partner, and the domestic partner of the Member's parent or children. HMO shall include the requirement of this Section in its Subcontracts with such health facilities.

6.21 DHCS DIRECTIONS --- If required by DHCS, HMO and its Subcontractors shall cease specified activities, which may include, but are not limited to, referrals, assignment of beneficiaries, and reporting, until further notice from DHCS.

ARTICLE 7
Obligations of HMO – Reporting

7.1 DATA REPORTING REQUIREMENTS --- HMO shall comply with the data reporting requirements set forth in this Contract, including but not limited to the requirements specified in Standard Reporting Requirements set forth in CalOptima Policies and Guidelines referred to as the Timely and Appropriate Submission Requirements. HMO shall provide such additional data and modify the form, content, instructions and timetables for the collection and reporting of data as may be required by CalOptima Policies. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

7.2 ENCOUNTER REPORTING --- HMO shall submit to CalOptima complete, accurate, reasonable and timely encounter data (a) needed by CalOptima in order for CalOptima to meet its encounter data reporting requirements to DHCS, and/or (b) required by CalOptima and CalOptima's regulators as provided in this Contract and in CalOptima Policies. HMO shall submit encounter data pursuant to standards defined by CalOptima Policies. Upon first receiving member assignments; or changing management companies, business systems, clearinghouse vendors, and/or contractual model; HMO shall begin encounter data file testing within sixty (60) days and complete testing within ninety (90) days. HMO shall be subject to financial penalties and/or sanctions if CalOptima determines that HMO is reporting to CalOptima less than all professional and facility encounters in the CalOptima required format and timelines. HMO shall have twelve (12) calendar days, upon notification by CalOptima, to correct encounters rejected by CalOptima's regulatory agencies, including the Department of Health Care Services (DHCS) and Centers for Medicare and Medicaid Services (CMS). Financial penalties or sanctions shall be assessed upon HMO should CalOptima determine that HMO is not meeting the standards as defined in CalOptima Policies. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

7.3 ANNUAL AUDIT AND FINANCIAL REPORTING REQUIREMENTS --- HMO agrees to provide the results of its annual audited financial statements, including "Letters to Management", if requested, for the prior calendar or fiscal year within one hundred-twenty (120) calendar days of the completion of that year. Financial statements shall be presented in a form specified by CalOptima that clearly shows the financial position of HMO as related to Members. HMO shall allow representatives of CalOptima, upon written request, to verify the financial report.

7.4 FINANCIAL REPORTING --- If HMO is required to file monthly Financial Statements with the DMHC, HMO shall simultaneously file monthly Financial Statements with DHCS. HMO shall prepare financial information requested in accordance with GAAP. Where Financial Statements and projections are requested, these statements and projections should be prepared in accordance with the 1989 HMO Financial Report of Affairs and Conditions Format. Where appropriate, reference has been made to the Knox-Keene Health Care Service Plan Act of 1975 rules found under Title 28, CCR, Section 1300.51 et. seq. Information submitted shall be based on current operations. HMO shall submit financial information consistent with filing requirements of the DMHC unless otherwise specified by DHCS.

7.5 PARTICIPATING PROVIDER NETWORK CHANGES --- HMO shall report in compliance with CalOptima Policies, any changes, including but not limited to additions, deletions and location changes of Providers constituting HMO's provider network.

7.6 HMO ORGANIZATION PROFILE --- HMO shall report in compliance with CalOptima Policies, a profile of the HMO's organization, including, but not limited to, HMO's significant administrative and Provider network contractual relationships.

7.7 PARTICIPATING PROVIDER CONTRACTS --- HMO shall provide to CalOptima copies of all contract templates utilized with Subcontractors for purposes of fulfilling HMO's obligations under this Contract. Upon modification, change or replacement by HMO, HMO shall provide CalOptima with copies of current contract templates entered into or amended for purposes of fulfilling HMO's obligations under this Contract.

7.8 DISCLOSURE --- HMO and any Subcontractors shall make available to CalOptima, CalOptima's authorized agents, and appropriate representatives of the State and federal government any of HMO's or Subcontractor's financial records related to HMO's capacity to bear the risk of potential financial losses, or to the Covered Services performed and amounts paid or payable under this Contract. CalOptima recognizes the proprietary nature of this information and shall make all assurances to maintain its confidentiality in accordance with the California Public Records Act.

7.9 REPORTING UNAUTHORIZED DISCLOSURE OF PRIVATE MEMBER INFORMATION --- In the event that HMO, or any of its officers, employees, agents, or Subcontractors, becomes aware of the unauthorized disclosure of confidential Member information, as described in California Welfare and Institutions Code Section 14100.2, or of "personal information," within the meaning of California Civil Code Section 1798.3, HMO shall report said unauthorized disclosure to CalOptima's Privacy Officer immediately upon discovery of said disclosure, providing information on the information disclosed and how the disclosure occurred. For purposes of this Section, "unauthorized disclosure" includes any unauthorized access, whether such access was through inadvertence, mistake, theft, or other means, and whether or not HMO had reasonable control to avoid the disclosure.

7.10 PROVIDER DATA – HMO shall submit to CalOptima complete, accurate, reasonable, and timely provider data and other data and reports (a) needed by CalOptima in order for CalOptima to meets its reporting requirements to DHCS, and/or (b) required by CalOptima and CalOptima's Regulators as provided in this Contract and in CalOptima Policies.

7.11 REPORTS AND DATA --- In addition to any reporting obligations under this Contract, HMO shall submit reports and data relating to services covered under this Contract as required by CalOptima, in a form and manner specified by CalOptima, including, without limitations, for purposes of complying with requests for reports and data from CalOptima's Regulators to CalOptima.

7.12 CERTIFICATION OF DOCUMENT AND DATA SUBMISSIONS --- All data, information, and documentation provided by HMO to CalOptima pursuant to this Contract and/or CalOptima Policies, which are specified in 42 CFR § 438.604 and/or as otherwise required by CalOptima and/or CalOptima's Regulators, shall be accompanied by a certification statement on the HMO's letterhead signed by the HMO's Chief Executive Office or Chief Financial Officer (or an individual who reports directly to and has delegated authority to sign for such Officer) attesting that based on the best information, knowledge, and belief, the data, documentation, and information is accurate, complete, and truthful.

ARTICLE 8
Obligations of HMO – Termination

8.1 OBLIGATION UPON TERMINATION --- Upon termination of this Contract, it is understood and agreed that HMO shall continue to provide authorized Covered Services to Members who retain eligibility and who are under the care of HMO at the time of such termination, until the services being rendered to Members are completed, unless CalOptima, in its sole discretion, makes reasonable and medically appropriate provisions for the assumption of such services. For Covered Services provided following the month in which HMO received Capitation Payment and termination occurred, HMO shall be paid according to the Medi-Cal Fee Schedule, as defined in CalOptima Policy applicable to such services in effect on the date the services are provided.

8.2 TERMINATION AND TRANSFER OF CARE --- Prior to the termination or expiration of this Contract, including termination due to termination or expiration of CalOptima's State Contract, and upon request by DHCS or CalOptima to assist in the orderly transfer of Members' medical care and all necessary data and history records to DHCS or a successor State contractor, the HMO shall make available to DHCS and/or CalOptima copies of Medical Records, patient files, and any other pertinent information, including information maintained by any Subcontractor necessary for efficient case management of Members, and the preservation, to the extent possible,

of Member-Provider relationships. Costs of reproduction shall be borne by DHCS and CalOptima, as applicable.

8.2.1 HMO agrees to assist CalOptima in the transfer of care in the event of any Subcontract termination for any reason. Costs of reproduction shall be borne by HMO.

8.3 TERMINATION PLANS --- HMO shall have a plan for the orderly termination of services under this Contract. HMO shall submit a plan regarding coordination of care and payment of claims to CalOptima at least 60 days prior to expiration or termination of this Contract. The termination plan shall require the written approval of CalOptima.

8.4 APPROVAL BY AND NOTICE TO DHCS --- HMO acknowledges that this Contract and any modifications and/or amendments thereto are subject to the approval of DHCS. CalOptima and HMO shall notify DHCS of amendments to, or termination of, this Contract. Notice is considered given when properly addressed and deposited in the United States Postal Service as first-class registered mail, postage attached. HMO acknowledges and agrees that any amendments or modifications shall be consistent with the requirements relating to submission to DHCS for approval.

8.4.1 NOTICE TO THE DEPARTMENT OF MANAGED HEALTH CARE -- In addition, HMO shall notify the Department of Managed Health Care in the event that this Contract is amended or terminated.

ARTICLE 9
Obligations of CalOptima – Financial

9.1 PAYMENT OF CAPITATION ---

9.1.1 Capitation Payment - Capitation Payment shall be determined by CalOptima by multiplying the Capitation Rate set forth in Attachment E, which represents a pass-through of rates determined and paid by DHCS, less allowed administrative fees, by the number of Members enrolled with HMO.

9.1.2 Capitation Payment Schedule - CalOptima agrees to pay Capitation Payment to HMO on or about the fifteenth (15th) of the month for enrolled Member. Capitation Rates shall be daily pro-rated basis based upon the Member's effective date of enrollment with HMO.

9.1.3 Capitation Payment Withhold - CalOptima shall withhold from HMO an amount equal to [redacted] of the monthly Capitation Payment (Withhold). CalOptima may adjust HMO's Capitation Payment on a quarterly basis should the Withhold fall below [redacted] of HMO's current month Capitation Payment. CalOptima may increase this withhold rate in accordance with CalOptima Policy.

9.2 CAPITATION RATE ADJUSTMENTS --- The Capitation Rates may be adjusted by CalOptima during the Contract term to reflect implementation of State or federal laws or regulations, changes in the State budget, the State Contract or DHCS policy, and/or changes in Covered Services. Reimbursement is subject to the DHCS providing funds for the purposes of this Contract. Payment adjustments made by DHCS and/or CMS may be reflected in payments to the HMO. If the State has provided CalOptima with advance notice of adjustment, CalOptima shall provide notice thereof to HMO as soon as practicable. Capitation may also be adjusted in the event of de-delegation of any function delegated under this Contract or Delegation Agreement.

9.3 Not Applicable to this Contract.

9.4 OVERPAYMENTS AND CALOPTIMA RIGHT TO RECOVER --- HMO has an obligation to report any overpayment under this Contract by CalOptima identified by HMO, and to repay such overpayment to CalOptima within sixty (60) days of such identification by HMO, or of receipt of notice of an overpayment identified by CalOptima. HMO acknowledges and agrees that, in the event that CalOptima determines that an amount has been overpaid or paid in duplicate, or that funds were paid which were not due under this Contract to HMO, CalOptima shall have the right to recover such amounts from HMO by recoupment or offset from current or future amounts due from CalOptima to HMO, after giving HMO notice and an opportunity to return/pay such amounts. This right to recoupment or offset shall extend to any amounts due from HMO to CalOptima, including, but not limited to, amounts due because of:

9.4.1 Payments made under this Contract that are subsequently determined to have been paid at a rate that exceeds the payment required under this Contract.
9.4.2 Payments made for services provided to a Member that is subsequently determined to have not been eligible on the date of service.
9.4.3 Unpaid Conlan reimbursements owed by HMO to a Member.
9.4.4 Capitation payments made in relation to a Member for a period after the Member was deceased.
9.4.5 In the event that DHCS or CMS establishes a Medicaid Medical Loss Ratio methodology that takes into account sub-capitated providers non-medical costs, amounts recovered from CalOptima by DHCS or CMS for failure to meet such MLR requirements, to the extent attributable to HMO's capitation
9.4.6 Payments made by CalOptima that are the financial responsibility of HMO.

In addition, in the event of termination of the Health Network, or the transition of the Health Network to a different delegation model, CalOptima shall have the right to offset any unpaid claims that are the financial responsibility of HMO paid by CalOptima against any funds owed to HMO by CalOptima, including, but not limited to, capitation payments, financial security withholds, pay-for-performance amounts, quality incentives, and shared risk pool surpluses.

9.5 ADDITIONAL PAYMENT --- CalOptima reserves the right to pay Providers or HMO additional sums in any manner that CalOptima deems at its discretion to be beneficial for CalOptima's Members.

9.6 LIMITATION ON CALOPTIMA'S PAYMENT OBLIGATIONS --- Notwithstanding anything to the contrary contained in this Contract, CalOptima's obligation to pay HMO any Capitation Payment shall be subject to CalOptima's receipt of funding from the State.

9.7 DISPUTES --- Any and all disputes related to payments and/or enrollments shall be reported to CalOptima within ninety (90) calendar days of payment, and each dispute shall be clearly defined and include supporting documentation. Failure to dispute within the established time frame indicates acceptance by HMO.

9.8 Not applicable to this Contract

9.9 PAYMENT FOR TRANSPLANT EVALUATION --- For Members receiving transplant evaluation services, at a designated DHCS-approved transplant center for the specific transplant type being requested, payment or reimbursement shall be in accordance with CalOptima Policy.

9.10 ADULT MEMBERS DIAGNOSED WITH HEMOPHILIA --- In the event that an adult (age 21+ years) Member assigned to HMO is actively diagnosed as a hemophilia patient, then on the first of the month following diagnosis and notification of CalOptima the adult Member will be disenrolled with HMO and enrolled in CalOptima Direct pursuant to CalOptima Policy. Except as provided herein, HMO is responsible for all Covered Services provided to Member until such Member is enrolled as a COD Member.

9.11 ADULT MEMBERS DIAGNOSED WITH END STAGE RENAL DISEASE (ESRD) --- HMO shall arrange and pay for dialysis services for Members with End-Stage Renal Disease (ESRD).

9.12 FALSE CLAIMS ACT POLICY – Providers receiving more than five (5) million dollars in a year are required to have a policy to educate employees about the False Claims Act and other State and Federal laws.

9.13 REIMBURSEMENT FOR CCS-ELIGIBLE MEMBER SERVICES

9.13.1 HMO shall submit a monthly report in a format as agreed by CalOptima and HMO for covered hospital, physician, ancillary, facility and pharmacy expenses for services rendered to enrolled CCS-eligible Members. HMO shall submit a report using CalOptima's proprietary format and file naming convention, or the equivalent, as agreed by Cal Optima and HMO.

9.13.2 CalOptima shall validate and reprice the submitted claims as follows:

9.13.2.1 Internal HMO Pharmacy claims, shall be reimbursed at the equivalent of [redacted] of the CalOptima contracted Pharmacy Network rate; and

9.13.2.2 Physician, Hospital and Ancillary HMO Kaiser System claims, shall be reimbursed at the equivalent of [redacted] of the CalOptima Medi-Cal fee schedule. CalOptima updates the CalOptima Medi-Cal fee schedule on a monthly basis which is effective the first of the following month. Reimbursement will be based on the CalOptima Medi-Cal fee schedule in effect on the date of service;

9.13.2.3 Professional services provide by Kaiser System CCS-paneled Providers shall be reimbursed at [redacted] of the CalOptima Medi-Cal fee schedule; and

9.13.2.4 For non-Kaiser System pharmacy and other services, CalOptima shall reprice the claims at the rate paid by HMO under its contract with the provider, or the rate negotiated and paid by HMO. HMO may elect to enter into a contract with CalOptima providers that have reciprocity requirements, in which case, CalOptima will reprice the claim at the contracted reciprocal rate.

9.13.3 Repricing Results and Reconciliation

9.13.3.1 CalOptima shall notify HMO of the results of the repricing within 30 business days after the date of CalOptima's receipt of the complete claims paid file.

9.13.3.2 HMO shall provide a rebuttal to, or acceptance of, the results within 30 business days after the date or receipt of the results.

9.13.3.3 CalOptima, with the cooperation of HMO, shall perform a reconciliation of paid covered service expenses, if necessary.

9.13.3.4 CalOptima shall issue payment to HMO within 15 business days after receipt of the repricing acceptance or the completion of the reconciliation.

9.13.3.5 In the event that HMO is still dissatisfied with the repricing after rebuttal, reconciliation, and payment, then HMO shall be entitled to pursue the matter through the provider dispute process.

9.14 SPECIAL SUPPLEMENTAL REIMBURSEMENTS. Notwithstanding sections 9.13, Hepatitis C drug therapy or Behavioral Health Therapy (BHT) services provided to

CCS-Eligible Members shall be reimbursed at the same supplemental rates at which such services are reimbursed for all other HMO Members.

ARTICLE 10
Obligations of CalOptima – Administrative

10.1 Not Applicable to this Contract.

10.2 COMPREHENSIVE HMO AUDIT --- CalOptima shall conduct and HMO shall agree to a full comprehensive compliance audit to be conducted at HMO administrative offices and/or Facilities and/or via desktop/virtual review annually, or as deemed necessary, by CalOptima. CalOptima shall submit results of the HMO audit in writing to the HMO. HMO may rebut and dispute audit findings pursuant to CalOptima Policies. HMO is responsible for implementing the corrective measures (if any). CalOptima retains the right to publish data obtained from the audit. HMO acknowledges and agrees that CalOptima may publish the audit data to Members and/or the general public without further notice to or consent from HMO.

10.3 ENCOUNTER DATA AUDIT --- On an annual basis, CalOptima shall conduct an Encounter audit. The audit shall consist of CalOptima requesting a percentage of each HMO's Member Medical Records. These records shall be reviewed for services provided. These services shall then be compared to reported Encounters to determine if the HMO accurately reported all Encounters.

10.4 APPROVED DRUG LIST --- CalOptima shall publish and maintain an Approved Drug List pursuant to CalOptima Policies.

10.5 REVIEW OF OFF-APPROVED DRUG LIST PRESCRIPTIONS --- CalOptima shall review off-Approved Drug List prescriptions in a timely manner pursuant to CalOptima Policies.

10.6 POLICIES AND PROCEDURES AVAILABILITY--- CalOptima shall provide or make available for HMO copies of current CalOptima Policies relevant to the provisions of this Contract. Copies of current CalOptima Policies relevant to the provisions of this Contract may be provided by the distribution of hard-copy documents, electronic files and/or documents and/or on the CalOptima website.

10.7 MOU AVAILABILITY--- CalOptima shall provide or make available for HMO copies of current MOUs entered into by CalOptima that are binding on HMO within seven (7) working days of execution. Copies of current MOUs entered into by CalOptima that are binding on HMO may be provided by the distribution of hard-copy documents, electronic files and/or documents and/or on the CalOptima website.

10.8 INTERPRETATION OF MOUs --- CalOptima shall provide or make available for HMO interpretation of MOUs entered into by CalOptima that are binding on HMO. Interpretation of MOUs will identify duties, obligation and responsibilities of HMO.

10.9 RELEASE OF PERFORMANCE INFORMATION AND DATA --- HMO acknowledges and agrees that CalOptima may release to Providers, Members and others without further notice to HMO, information and data relating to the performance of HMO that CalOptima determines among other things would contribute to Providers', Members' and others' evaluation of options and alternatives and/or making informed selections and decisions regarding health care and the provision of Covered Services.

10.10 PROVIDER COMPLAINT SYSTEM --- CalOptima has established a fast, fair and cost-effective complaint system for provider complaints, grievances and appeals. Provider and HMO shall have access to this system for any issues arising under this Contract, as provided in CalOptima Policy related to CalOptima Medi-Cal Program. HMO complaints, grievances, appeals, or other disputes regarding any issues arising under the Contract shall be resolved through this system.

10.11 RISK ARRANGEMENTS DISCLOSURE --- CalOptima shall provide timely notice regarding those items provided for under Subsections (a)(1) through (a)(3) of Section 1300.75.4.1 of Title 28 of the California Code of Regulations.

10.12 DISCLOSURES ---

10.12.1 ANNUAL FINANCIAL RISK DISCLOSURE – On the Contract anniversary date each year, CalOptima shall disclose to HMO the amount of capitation payments from DHCS that are used to derive the capitation rates specified in Attachment F, to be paid per member per month. HMO shall not disclose any proprietary DHCS rates that may have been shared with HMO for each and every type of Risk Arrangement (including, but not limited to, Medicare Advantage, Medi-Cal, commercial, point of service, small group, and individual plans) covered under this Contract:

10.12.1.1 A division of responsibility for medical expenses (physician, institutional, ancillary, and pharmacy) which will be allocated to HMO, a hospital(s) or CalOptima under the Risk Arrangement.

10.12.1.2 Expected/projected utilization rates and unit costs for each major expense service group (inpatient, outpatient, PCP, specialist, pharmacy, injectables, home health, durable medical equipment, ambulance and other), as well as the source of the data and the actuarial methods employed in determining the utilization rates and unit costs by each and every type of Risk Arrangement.

10.12.1.3 All factors used to adjust payments or risk-sharing targets,

including, but not limited to, the following: age, sex, localized geographic area, family size, experience rated, and benefit plan design, including copayment/deductible levels.

10.12.1.4 The amount of payment for each and every service to be provided under the Contract, including any fee schedules or other factors or units used in determining the fees for each and every service. To the extent that reimbursement is made pursuant to a specified fee schedule, the fee schedule shall be incorporated into the Contract by reference, and shall specify Medicare resource-based relative value scale ("RBRVS") year if RBRVS is the methodology for the fee schedule development. For any proprietary fee schedule, the Contract shall include sufficient detail that payment amounts related to that fee schedule can be accurately predicted.

10.12.2 ANNUAL DISCLOSURE OF CAPITATION PAYMENTS – On the Contract anniversary date each year, CalOptima shall disclose to HMO the amount of capitation payments from DHCS that are used to derive the capitation rates specified in Attachment F, to be paid per member per month. HMO shall not disclose any proprietary DHCS rates that may have been shared with HMO.

10.12.3 CAPITATION DEDUCTION DETAIL – CalOptima shall provide to HMO sufficient details to allow HMO to verify the accuracy and appropriateness of any deductions from capitation payments made by CalOptima including, but not limited to, member name, member number, member date-of-birth, billing provider name, date-of-service, procedure/service codes billed, and amount paid.

ARTICLE 11
Obligations of CalOptima – Termination

11.1 MEMBER AND PROVIDER COMMUNICATION --- CalOptima shall approve all HMO, Member and provider communications relating to termination of this Contract, prior to distribution.

11.2 APPROVAL OF HMO TERMINATION PLANS --- CalOptima shall review and approve HMO termination plans at intervals and frequencies established by CalOptima Policies.

11.3 RELEASE OF WITHHOLD --- CalOptima shall release HMO's capitation withhold to HMO upon the latter of nine (9) months following the termination, or upon CalOptima's validation of completion by HMO of all post-termination requirements contained in this Contract and CalOptima Policy. In the event that all post-termination requirements have not been met within nine (9) months following termination,

CalOptima may, at its sole discretion, apply HMO's capitation withhold funds to satisfy unmet post-termination requirements.

11.4 Not Applicable to this Contract.

ARTICLE 12
Health Care Delivery System

12.1 OUT-OF-COUNTY SERVICES --- HMO may contract with out-of-county facilities for Covered Services for CalOptima Members provided that the HMO ensures that it coordinates the Member's care and complies with all access, quality and other CalOptima requirements.

12.2 Intentionally Left Blank.

12.3 PERINATAL SUPPORT SERVICES (PSS)

12.3.1 HMO shall provide a PSS program, which shall be consistent with services provided through the California Comprehensive Perinatal Services Program (CPSP), and at a minimum, shall follow the current American College of Obstetrics and Gynecology (ACOG) standards and comply with applicable MOUs and CalOptima Policies. HMO shall offer the PSS program to the perinatal Member within four (4) weeks after the first perinatal visit following the perinatal Member's eligibility with HMO.

12.3.2 HMO shall administer physician's PSS program. PSS shall be provided to a Member participating in the PSS program through HMO's Participating Provider that is either CPSP certified or a PSS Provider that meets the requirements for service provision as set forth in DHCS Policy Letter 12-003 and applicable MOUs.

12.3.3 Member participation in the PSS program is voluntary (Title 22, CCR Section 51348.2). HMO cannot require Member's participation in the PSS program.

12.3.4 HMO shall submit reports related to PSS as required by CalOptima Reporting Policy or otherwise required by DHCS.

ARTICLE 13
Termination and Modification of Contract Terms

13.1 SANCTIONS AND TERMINATIONS FOR CAUSE --- If HMO fails to fulfill any of its duties and obligations under this Contract, including but not limited to: (i) committing acts to discriminate among Members on the basis of their health status or requirements for health care services; (ii) engaging in any practice that would reasonably be expected to have the effect of denying or discouraging enrollment with the HMO by Members whose medical condition or history indicated a need for

substantial future medical services; (iii) not providing Covered Services in the scope or manner required under the provisions of this Contract; (iv) engaging in prohibited marketing activities; (v) failing to comply with CalOptima's Compliance Program, including Participation Status requirements; (vi) committing fraud or abuse relating to Covered Services or any and all obligations, duties and responsibilities under this Contract; (vii) failure to ensure that all Minimum Standards are met; (viii) failure to enforce claims payment prohibitions on providers who are denied the right to submit claims and/or receive reimbursement for services furnished to CalOptima Members; (ix) not having the required amounts and types of financial reserves; (x) failure of Participating Providers to comply with the prior authorization process and other pharmacy requirements as determined by CalOptima; (xi) failure to meet Medical Loss Ratio requirements; (xii) failure to meet minimum enrollment requirements; (xiii) failure to meet quality and/or performance requirements; (xiv) failure to comply with organization structure requirements as set forth in Section 3.10 of this Contract; (xv) failure to submit Encounter Data pursuant to this Contract and CalOptima Policy; (xvi) a failure to perform an obligation or duty under the Prior Contract and/or failure to take corrective action related to any such obligation or duty in the time or manner required by CalOptima, and (xvii) a violation of the Department of Managed Health Care's Risk Bearing Organization regulations, including reporting, auditing or Corrective Action Plan compliance violations, CalOptima may take any of the actions described below:

13.1.1 Corrective Action Plan (CAP) - CalOptima may require a CAP in the event that any report, audit, survey, site review or investigation indicates that the HMO or any Subcontractor(s) is not in compliance with any provision of this Contract or other Medi-Cal program requirement. A CAP shall be required if CalOptima receives a substantiated complaint or grievance related to the standard of care provided by the HMO or any Subcontractors. CalOptima shall issue a written notice of deficiency and shall require that a CAP to be submitted within thirty (30) calendar days following the date of notice unless otherwise stated. The CAP shall include the time and manner in which the deficiency shall be corrected. CAPs are subject to approval by CalOptima, which may be approved as submitted, accepted with specific modifications, or rejected. CalOptima may extend or reduce the time allowed for completion of the CAP.

13.1.2 General Sanctions - Notwithstanding any request for a CAP, CalOptima may impose monetary penalties, suspend enrollment, reduce maximum enrollment, or impose other sanctions when the HMO is not in compliance with the provisions of this Contract, CalOptima Policies and minimum performance requirements as established by CalOptima.

13.1.2.1 All monetary fines are payable to CalOptima within thirty (30) calendar days of receipt of written notice, unless otherwise stated in the notice. Failure to submit payment to CalOptima for any monetary fines within the thirty (30) calendar day period shall result in

CalOptima deducting the penalty plus the administrative fee from the HMO's Capitation Payment.

13.1.2.2 HMO may appeal CalOptima's decision to impose a sanction, by filing a complaint pursuant to CalOptima Policies. HMO shall exhaust this administrative remedy, including requesting a hearing according to CalOptima Policy, before commencing a civil action.

13.1.3 Termination for Cause - Notwithstanding and in addition to any other provisions of this Contract, CalOptima may terminate this Contract for cause effective upon thirty (30) calendar days' written notice. Cause shall include, but shall not be limited to, the actions set forth in Section 13.1. HMO may appeal CalOptima's decision to terminate the Contract for cause by filing a complaint pursuant to CalOptima Policies. HMO shall exhaust all administrative remedies before commencing any civil action.

13.1.3.1 In the event of a "Termination for Cause" as provided by this Section, CalOptima may procure, upon such terms and in such manner as it shall deem appropriate, supplies or services similar to those terminated. HMO shall be liable to CalOptima for any excess costs for the provision of such similar supplies or services. In addition, HMO shall be liable to CalOptima for administrative costs or other damages incurred by CalOptima in procuring such similar supplies or services. CalOptima shall also charge an administrative fee when paying a claim on behalf of HMO.

13.1.3.2 CalOptima's rights and remedies provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or this Contract.

13.2 TERMINATION FOR INSUFFICIENT CALOPTIMA MEDI-CAL ENROLLMENT --- CalOptima reserves the right in accordance with CalOptima Policies to terminate the HMO in the event that membership falls below five-thousand (5,000) total members at any time based upon a three (3) month rolling average of HMO membership.

13.3 TERMINATION FOR FAILURE TO MEET QUALITY REQUIREMENTS --- CalOptima may terminate this Contract immediately should HMO fail to comply with or fail to be in compliance with quality requirements as may be established and modified from time to time by CalOptima and/or DHCS.

13.4 TERMINATION FOR FAILURE TO MEET MEDICAL LOSS RATIO REQUIREMENTS --- CalOptima may terminate this Contract with thirty (30) days written notice should HMO fail to comply with or be in compliance with medical loss ratio requirements established in this Contract and CalOptima Policies.

13.5 TERMINATION OF STATE CONTRACT --- CalOptima may terminate this Contract immediately upon termination of the State Contract.

13.6 TERMINATION UPON LOSS OF WAIVER --- This Contract shall terminate immediately upon written notice from CalOptima to HMO that HHS has withdrawn its approval of the waiver granted under Section 1915(b) of the Social Security Act for COHS.

13.7 TERMINATION FOR HMO ORGANIZATION AND OPERATIONS STRUCTURE --- CalOptima may terminate this Contract immediately should HMO fail to comply with requirements for HMO's organization and operation structure established in this Contract and CalOptima Policies.

13.8 Not Applicable to this Contract.

13.9 TERMINATION FOR CONVENIENCE --- Either party may terminate the Contract for convenience, without cause, by giving one hundred twenty (120) calendar days advance written notice to the other party prior to the effective date of such termination.

13.10 TERMINATION FOR HMO INSOLVENCY --- If HMO becomes insolvent, HMO shall immediately advise CalOptima, and CalOptima shall have the right to terminate the Contract upon the same terms and conditions as a "Termination for Cause", set forth in Section 13.1. In the event of the filing of a petition for bankruptcy by or against HMO or a principal Subcontractor, HMO shall assure that all HMO's functions and duties related to the Subcontract are performed in accordance with the terms of the Contract. CalOptima shall have the right to withhold any and all amounts otherwise due to HMO until HMO fully discharges its obligations under the Contract. CalOptima shall also have the immediate right of offset by permanently retaining any and all withheld amounts as necessary to ensure that all HMO obligations have been met.

13.11 TERMINATION BY HMO FOR CAUSE --- Provided that HMO is not in default hereunder, HMO may terminate this Contract for cause upon thirty (30) calendar days' prior written notice to CalOptima. Cause shall mean CalOptima's failure for a period of thirty (30) calendar days to pay the Capitation Payment due to HMO under this Contract. Termination shall be effective at the end of the thirty (30) calendar day notice period, unless CalOptima pays to HMO any such past due payments.

13.12 MODIFICATIONS OR TERMINATIONS TO COMPLY WITH LAW --- CalOptima reserves the right to modify or terminate the Contract at any time when modifications or terminations are (a) mandated by changes in Federal or State laws, (b) required by the State Contract, or (c) required by changes in any requirements and conditions with which CalOptima must comply pursuant to its Federally-approved Section 1915(b) waiver. CalOptima shall notify HMO in writing of such modification or termination immediately and in accordance with applicable Federal and/or State requirements and

HMO shall comply with the new requirements within 30 days of the effective date, unless otherwise instructed by DHCS and to the extent possible.

13.13 PERFORMANCE MEASURE AND PAYMENTS TO HMO --- CalOptima may establish key performance measures of HMO to set minimum contract performance thresholds and/or pay financial incentives to Health Network. CalOptima may take the following actions, at it sole discretion, based upon the results of such performance measures: require corrective action plans, impose sanctions against HMO, terminate this Contract, and establish Capitation Rates and other payments to HMO.

13.14 PROHIBITION ON USE OF CERTAIN PROVIDERS --- HMO agrees as follows:

13.14.1 CalOptima reserves the right to require HMO, upon notification from CalOptima, to prohibit any Subcontractor and/or Provider from providing services, whether Covered Services or otherwise, to Members when CalOptima deems such prohibition to be in the best interests of the Members. Imposition of the foregoing prohibition shall not terminate this Contract.

13.14.2 CalOptima requires that HMO Participating Providers and/or Subcontractors who do not meet all of Minimum Standards as described in applicable CalOptima Policies, be prohibited from furnishing items or services and/or submitting claims and/or receiving reimbursement for items and/or services furnished to Members. CalOptima may also require that HMO terminate a Participating Provider's right to furnish items or services and/or submit claims and/or receive reimbursement for items and/or services furnished to Members based on the denial of such Participating Provider's right to participate in CalOptima Direct whether based on a credentialing, recredentialing and/or peer review decision.

13.15 NOTICE OF NON-RENEWAL --- In order for CalOptima to facilitate Member transition to other Health Networks, HMO shall provide CalOptima with an advance notice of non-renewal of the Contract in accordance with Section 13.9 prior to the end date of the Contract term in the event HMO elects not to participate in any extension period or new contract term.

13.16 Not Applicable to this Contract.

13.17 EXTENSION, RENEWAL, OR MODIFICATION --- Any extension, renewal, or modification of this Contract shall be made by written amendment signed by the parties, upon formal approval by CalOptima Board of Directors, and in accordance with Section 8.4 of this Contract.

ARTICLE 14
Miscellaneous

14.1 INTERPRETATION OF CONTRACT LANGUAGE --- CalOptima has the right to final interpretation of the Contract language when disputes arise. HMO has the right to appeal disputes concerning Contract language to CalOptima.

14.2 INDEPENDENT CAPACITY OF HMO --- CalOptima and HMO agree that HMO and any agents or employees of HMO, in performance of this Contract, shall act in an independent capacity, and not as officers or employees of CalOptima.

14.3 NO WAIVER OF IMMUNITY OR PRIVILEGE --- Any information delivered, exchanged or otherwise provided hereunder shall be delivered, exchanged or otherwise provided in a manner, which does not constitute a waiver of immunity or privilege under applicable law.

14.4 OMISSIONS --- In the event that either party hereto discovers any material omission in the provisions of this Contract which such party believes is essential to the successful performance of this Contract, said party may so inform the other party in writing, and the parties hereto shall thereafter promptly negotiate in good faith with respect to such matters for the purpose of making such reasonable adjustments as may be necessary to perform the objectives of this Contract.

14.5 GOVERNING LAW AND VENUE --- This Contract shall be governed by and construed in accordance with all laws and applicable regulations governing the State Contract between CalOptima and DHCS. HMO shall be required to bring all legal proceedings against CalOptima in State courts located in Orange County, California, unless mandated by law to be brought in federal court, in which case such legal proceeding shall be brought in the Central District Court of California.

14.6 WAIVER --- No delay or failure by either party hereto to exercise any right or power accruing upon non-compliance or default by the other party with respect to any of the terms of this Contract shall impair such right or power or be construed to be a waiver thereof. A waiver by either of the parties hereto of a breach of any of the covenants, conditions, or agreements to be performed by the other shall not be construed to be a waiver of any succeeding breach thereof or of any other covenant, condition, or agreement herein contained.

14.7 SEVERABILITY--- If any provision of this Contract is declared or found to be illegal, unenforceable, invalid or void, then both parties shall be relieved of all obligations arising under such provision; but if such provision does not relate to payments or services to Members and if the remainder of this Contract shall not be affected by such declaration or finding, then each provision not so affected shall be enforced to the fullest extent permitted by law.

14.8 FORCE MAJEURE --- Both parties shall be excused from performance hereunder for any period that they are prevented from meeting the terms of this Contract as a result of a catastrophic occurrence or natural disaster, including, but not limited to, an act of war and excluding labor disputes.

14.9 HEADINGS --- The article and section headings used herein are for reference and convenience only and shall not enter into the interpretation hereof.

14.10 ASSIGNMENT OR DELEGATION --- HMO agrees that the assignment or delegation of this Contract or Subcontract, either in whole or in part, will be void unless prior written approval is obtained from DHCS and CalOptima, as applicable, provided that approval may be withheld in their sole and absolute discretion. For purposes of this Section, and with respect to this Contract and any Subcontracts, as applicable, an assignment constitutes any of the following: (i) the change of more than twenty-five percent (25%) of the ownership or equity interest in HMO or Subcontractor (whether in a single transaction or in a series of transactions); (ii) the change of more than twenty-five percent (25%) of the directors or trustees of HMO or Subcontractor; (iii) the merger, reorganization, or consolidation of HMO or Subcontractor with another entity with respect to which HMO or Subcontractor is not the surviving entity; and/or (iv) a change in the management of HMO or Subcontractor from management by persons appointed, elected or otherwise selected by the governing body of HMO or Subcontractor (e.g., the Board of Directors) to a third-party management person, company, group, team or other entity.

14.11 NO LIABILITY OF COUNTY OF ORANGE --- As required under Ordinance No. 3896, as amended, of the County of Orange, State of California, CalOptima and the HMO hereby acknowledge and agree that the obligations of CalOptima under this Contract are solely the obligations of CalOptima, and the County of Orange, State of California, shall have no obligation or liability therefore.

14.12 CONFIDENTIALITY OF RECORDS --- As a condition of access to any record utilized or maintained by DHCS, the Declaration of Confidentiality, a copy of which is incorporated into this Contract as Attachment D or similar HMO form acceptable to DHCS which complies with the State Contract, shall be signed and filed with DHCS for every individual prior to that individual being allowed access to computer files or any other data or files which are made confidential by statute, including identification of individual Members.

14.13 DEBARMENT CERTIFICATION --- By signing this Contract, the HMO agrees to comply with applicable Federal suspension and debarment regulations including, but not limited to 7 CFR 3017, 45 CFR 76, 40 CFR 32, or 34 CFR 85.

14.13.1 By signing this Contract, the HMO certifies to the best of its knowledge and belief, that it and its principals:

14.13.1.1 Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;

14.13.1.2 Have not within a three-year period preceding this Contract have been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

14.13.1.3 Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in this Section herein; and

14.13.1.4 Have not within a three-year period preceding this Contract had one or more public transactions (Federal, State or local) terminated for cause or default.

14.13.1.5 Shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under Federal regulations (i.e., 48 CFR 9, subpart 9.4), debarred, suspended, declared ineligible, or voluntarily excluded from participation in such transaction, unless authorized by the State.

14.13.1.6 Will include a clause entitled, "Debarment and Suspension Certification'' that essentially sets forth the provisions herein, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

14.13.2 If the HMO is unable to certify to any of the statements in this certification, the HMO shall submit an explanation to CalOptima.

14.13.3 The terms and definitions herein have the meanings set out in the Definitions and Coverage sections of the rules implementing Federal Executive Order 12549.

14.13.4 If the HMO knowingly violates this certification, in addition to other remedies available to the Federal Government, CalOptima may terminate this Contract for cause or default.

14.14 SMOKE FREE WORKPLACE --- Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by federal programs either directly or through state or local governments, by federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such federal funds. The law does not apply to children's services provided in private residences; portions of facilities used for inpatient drug or alcohol treatment; service providers whose sole source of applicable federal funds is Medicare or Medicaid; or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1,000 for each violation and/or the imposition of an administrative compliance order on the responsible party. By signing this Contract, HMO certifies that it will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act. The prohibitions herein are effective December 26, 1994. HMO further agrees that it will insert this certification into any subcontracts entered into that provide for children's services as described in the Act.

14.15 AIR OR WATER POLLUTION REQUIREMENTS--Any federally funded agreement and/or subcontract in excess of $100,000 must comply with the following provisions unless said agreement is exempt under 40 CFR 15.5. HMO agrees to comply with all applicable standards, orders, or requirements issued under the Clean Air Act (42 USC 7401 et seq.), as amended, and the Federal Water Pollution Control Act (33 USC 1251 et seq.), as amended.

14.16 LOBBYING RESTRICTIONS AND DISCLOSURE CERTIFICATION -

14.16.1 (Applicable to federally funded contracts in excess of $100,000 per Section 1352 of the 31, U.S.C.)

14.16.2 Certification and Disclosure Requirements

14.16.2.1 Each person (or recipient) who requests or receives a contract, subcontract, grant, or subgrant, which is subject to Section 1352 of the 31, U.S.C., and which exceeds $100,000 at any tier, shall file a certification (in the form set forth in Attachment F, consisting of one page, entitled "Certification Regarding Lobbying") that the recipient has not made, and will not make, any payment prohibited by Section 14.16.2.2.

14.16.2.2 Each recipient shall file a disclosure in the form set forth in Attachment F, entitled "Standard Form-LLL 'Disclosure of Lobbying Activities'") if such recipient has made or has agreed

to make any payment using nonappropriated funds to include profits from any covered federal action in connection with a contract or grant or any extension or amendment of that contract or grant, which would be prohibited under Section 14.16 if paid for with appropriated funds.

14.16.2.3 Each recipient shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affect the accuracy of the information contained in any disclosure form previously filed by such person under this Section herein. An event that materially affects the accuracy of the information reported includes:

14.16.2.3.1 A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered federal action;

14.16.2.3.2 A change in the person(s) or individuals(s) influencing or attempting to influence a covered federal action; or

14.16.2.3.3 A change in the officer(s), employee(s), or member(s) contacted for the purpose of influencing or attempting to influence a covered federal action.

14.16.2.4 Each person (or recipient) who requests or receives from a person referred to in this Section of this provision a contract, subcontract, grant or subgrant exceeding $100,000 at any tier under a contract or grant shall file a certification, and a disclosure form, if required, to the next tier above.

14.16.2.5 All disclosure forms (but not certifications) shall be forwarded from tier to tier until received by the person referred to in this Section of this provision. That person shall forward all disclosure forms to DHCS program contract manager.

14.16.3 Prohibition—Section 1352 of Title 31, U.S.C., provides in part that no appropriated funds may be expended by the recipient of a federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered federal actions: the awarding of any federal contract, the making of any federal grant, the making of any federal loan, entering into of any cooperative agreement, and

the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

14.17 NOTICES --- All notices shall be in writing and shall be deemed to have been duly given on the date of service if personally served on the party to whom notice is given, or seventy-two (72) hours after mailing by United States mail first class, Certified Mail or Registered Mail, return-receipt-requested, postage-prepaid, addressed to the party to whom notice is to be given and such party's address as set forth below or such other address provided by notice.

ATTACHMENT A (effective 7/1/2019)
CalOptima Medi-Cal Division of Financial Responsibility

Note: The purpose of the Division of Financial Responsibility is to identify how CalOptima allocated to the HMO components of the medical costs associated with the provision of Covered Services. That is, the capitation and Hospital Budget rates in this Contract are based upon the HMO Budget being financially responsible for the provision of Covered Services as indicated in this Division . Kaiser Foundation Health Plan, Inc. is the responsible party for Covered Services designated under "Physician" and "Hospital Budget" columns. The Division of Financial Responsibility should not be used in place of the CalOptima EOC/EOB for making coverage determinations.

ATTACHMENT E-2
DISTRIBUTION OF PROPOSITION 56 FUNDING

This Attachment E-2 provides the terms and conditions, in addition to any state and federal laws, regulations, or guidance, under which CalOptima and HMO shall administer the Proposition 56 Medi-Cal Physician Supplemental Payment Program described in California State Plan Amendment 18-0033.

The California Healthcare, Research and Prevention Tobacco Tax Act (Prop 56), allocates a specified portion of the tobacco tax revenue to fund health care expenditures. Medicaid agencies are required to make supplemental payments to HMOs for certain procedures as defined in the All Plan Letter (APL) 18-010 and DHCS guidance ("Prop 56 Payments").

CalOptima agrees to make certain Prop 56 Payments to HMO which HMO agrees to pay to Eligible Contracted Providers who render Qualifying Services (both as defined in the Attachment) effective July 1, 2017 and CalOptima agrees to pay HMO an administrative fee to administer such Prop 56 Payments as provided in this Attachment.

1. Definitions: The following terms shall have the following meanings for purposes of this Attachment:

   a. "Eligible Contracted Provider" shall mean a Medical Group or Provider who is contracted with HMO to provide Medi-Cal services to CalOptima members assigned to HMO. Federally Qualified Health Centers, Rural Health Clinics, American Indian Health Programs, and cost-based reimbursement clinics, however, do not qualify as Eligible Contracted Providers.

   b. "Qualifying Services" shall mean services described by the Proposition 56 Medi-Cal Physician Supplemental Payment Program, which may be revised to include additional CPT codes, rate adjustments, and extensions.

   c. Notwithstanding the above, services provided to Members who are dually eligible for Medi-Cal and Medicare Part B are not Qualifying Services.

2. HMO shall administer the Prop 56 Payments in accordance with applicable state and federal requirements. HMO shall forward to Eligible Contracted Providers rendering Qualifying Services an additional payment for the Qualifying Services in accordance with the Attachments to this Attachment in addition to any payment paid by HMO to the Eligible Contracted Provider under their existing contractual arrangements.

3. CalOptima will forward Prop 56 Payments funding for payments required to be paid by HMO for Qualifying Services furnished by Eligible Contracted Providers. Funding for the Prop 56 Payments shall be contingent upon HMO submitting monthly completed claim and encounter reports to CalOptima in a defined format. Once Eligible Contracted Provider payment is confirmed, based on the monthly reports required under Section 5., below, CalOptima shall reimburse HMO for payments made during the prior reporting period.

4. HMO shall not provide supplemental Prop 56 payments under this Attachment to any Provider who is not an Eligible Contracted Provider and all such payments shall be for Qualifying Services. Any Prop 56 funds paid to an ineligible Provider or for non-qualifying services shall constitute an overpayment, which shall be recouped from such Provider by HMO.

5. HMO shall forward to CalOptima, a monthly report in a CalOptima defined format, detailing the payments made to Eligible Contracted Providers.

6. CalOptima will pay HMO a two percent (2%) administrative fee (the "Administrative Fee") once CalOptima has confirmed that the required Prop 56 Payments have been made by HMO to Eligible Contracted Providers based upon the reports required under Section 5 above. Once Provider payment is confirmed, a 2% administrative component based on confirmed Prop 56 Payments shall be remitted to HMO.

7. CalOptima's obligation to pay HMO any Administrative Fees is contingent upon administrative component payments by DHCS to CalOptima for the Prop 56 Payments. In no event shall CalOptima be obligated to pay Administrative Fees to HMO if CalOptima has not received funding for administration of the Prop 56 Payments from DHCS.

8. HMO acknowledges that DHCS has indicated that payments to Eligible Contracted Providers will be verified by DHCS. In the event that future DHCS reconciliation of the Prop 56 Payments identifies invalid payments, HMO shall return such Prop 56 Payments to CalOptima immediately upon notice from CalOptima.

9. HMO agrees to provide to CalOptima promptly, upon request, such data, information and reports as required by CalOptima in order for it to fulfill state and federal obligations related to the Prop 56 Payments. HMO agrees to comply with all other applicable Federal and State laws and guidance and CalOptima Policies related to the Prop 56 Payments.

10. As long as the State of California extends the Prop 56 Payments to CalOptima, CalOptima will continue to make Prop 56 Payments to HMO, which may be subject to Board approval and the changes to the program, as necessary and appropriate to comply with the law and regulatory guidance.

ATTACHMENT E-2, ADDENDUM 1

SFY 2017 – 18 (dates of service between July 1, 2017 and June 30, 2018

HMO shall make the initial payment to Eligible Contracted Providers for dates of service July 1, 2017 through and including April 30, 2018 ("Initial Payment") as reflected on claims submitted to HMO prior to April 30, 2018, no later than July 29, 2018. Payment to Eligible Contracted Providers shall be made based on the codes and amounts in the table below. Subsequent payments to Contracted Eligible Providers shall be made by HMO in accordance with the terms of this Attachment E-2.

CPT	Description	Directed Payment
99201	Office/Outpatient Visit New	$10.00

CERTIFICATION REGARDING LOBBYING

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making, awarding or entering into of this Federal contract, Federal grant, or cooperative agreement, and the extension, continuation, renewal, amendment, or modification of this Federal contract, grant, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency of the United States Government, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, "Disclosure of Lobbying Activities" in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontractors, subgrants, and contracts under grants and cooperative agreements) of $100,000 or more, and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S.C., any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

This disclosure form shall be completed by the reporting entity, whether subawardee or prime federal recipients at the initiation or receipt of a covered federal action, or a material change to a previous filing, pursuant to Title 31, U.S.C., Section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered federal action. Use the SF - LLL- A Continuation Sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

Identify the type of covered federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered federal action.

Identify the status of the covered federal action.

Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered federal action.

Enter the full name, address, city, state, and ZIP code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants, and contract awards under grants.

If the organization filing the report in Item 4 checks "Subawardee," then enter the full name, address, city, state, and ZIP code of the prime federal recipient. Include Congressional District, if known.

Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation United States Coast Guard.

Enter the federal program name or description for the covered federal action (Item 1). If known, enter the full Catalog of Federal Domestic Assistance (CDFA) number for grants, cooperative agreements, loans, and loan commitments.

Enter the most appropriate federal identifying number available for the federal action identified in Item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract grant, or loan award number; the application/proposal control number assigned by the federal agency). Include prefixes, e.g., "RFP-DE-90401."

For a covered federal action where there has been an award or loan commitment by the federal agency, enter the federal amount of the award/loan commitment for the prime entity identified in Item 4 or 5.

10. (a) Enter the full name, address, city, state, and ZIP code of the lobbying entity engaged by the reporting entity identified in Item 4 to influence the covered federal action.

10. (b) Enter the full names of the Individual(s) performing services and include full address if different from 10.(a). Enter last name, first name, and middle initial (MI).

Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (Item 4) to the lobbying entity (Item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.

Check the appropriate box(es). Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.

Check the appropriate box(es). Check all boxes that apply. If other, specify nature.

Provide a specific and detailed description of the services that the lobbyist has performed, or will be expected to perform, and the date(s) of any services rendered. Include all preparatory and related activity, not just time spent in actual contact with federal officials, identify the federal official(s) or employee(s) contacted or the officer(s), employee(s), or Member(s) of Congress that were contacted.

Check whether or not a SF-LLL-A Continuation Sheet(s) is attached.

The certifying official shall sign and date the form, print his/her name, title, and telephone number.

AMENDMENT I TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT I TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of October 1, 2019 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, **Kaiser Foundation Health Plan, Inc.** ("HMO"), with respect to the following facts:

RECITALS

A. CalOptima and HMO have entered into a Contract for Health Care Services ("Contract"), by which HMO has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and HMO wish to enter into this amendment to restate the Division of Financial Responsibilities as well as provide the requirements for the distribution of Ground Emergency Medical Transportation (GEMT) Quality Assurance Fee (QAF) Funding.

NOW, THEREFORE, the parties agree as follows:

1. Attachment A, "CalOptima Medi-Cal Division of Financial Responsibility" shall be deleted in its entirety and replaced with the attached Attachment A – Amendment I.

2. Attachment E-3, "Distribution of GEMT QAF Funding", shall be added to the Contract and is attached hereto.

CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and **Kaiser Foundation Health Plan, Inc.** have executed this Amendment:

Contract for Health Care Services
Amendment I

ATTACHMENT A
CalOptima Medi-Cal Division of Financial Responsibility

Note: The purpose of the Division of Financial Responsibility is to identify how CalOptima allocated to the HMO components of the medical costs associated with the provision of Covered Services. That is, the capitation and Hospital Budget rates in this Contract are based upon the HMO Budget being financially responsible for the provision of Covered Services as indicated in this Division of Financial Responsibility. Kaiser Foundation Health Plan, Inc. is the responsible party for Covered Services designated under "Physician" and "Hospital Budget" columns. The Division of Financial Responsibility should not be used in place of the CalOptima EOC/EOB for making coverage determinations.

ATTACHMENT E-3
DISTRIBUTION OF GEMT QAF FUNDING

This Attachment E-3 provides the terms and conditions, in addition to any state and federal laws, regulations, or guidance, under which CalOptima and HMO shall administer the Ground Emergency Medical Transport (GEMT) Quality Assurance Fee (QAF) Program.

In accordance with Senate Bill (SB) 523 (Chapter 773, Statutes of 2017), DHCS established the GEMT QAF program. On February 7, 2019, DHCS obtained federal approval from the Centers for Medicare and Medicaid Services (CMS) for California State Plan Amendment (SPA) 18-004, with an effective date of July 1, 2018. SPA 18-004 implements a one-year QAF program and reimbursement add-on for GEMT provided by non-contracted emergency medical transportation providers effective for State Fiscal Year (SFY) 2018-19 from July 1, 2018 to June 30, 2019.

Per DHCS guidance, CalOptima and HMO, as its delegated entity, are required to provide increased reimbursement to Eligible Non-Contracted Providers for GEMT service codes for Qualifying Services. HMO must reimburse Eligible Non-Contracted Providers a differential totaling up to [redacted] that are billed with CPT codes A0429 (BLS Emergency), A0427 (ALS Emergency) and A0433 (ALS2) provided during SFY 2018-19 (July 1, 2018 to June 30, 2019).

CalOptima agrees to pay GEMT QAF Program supplemental payment for these adjustments to HMO, and HMO agrees to reimburse Eligible Non-Contracted GEMT Providers who render Qualifying Services (as defined in this Attachment) for Qualifying Services effective July 1, 2018 to June 30, 2019. CalOptima further agrees to pay HMO an administrative fee to administer such GEMT QAF Program payments as provided in this Attachment.

1. Definitions: The following terms shall have the following meanings for purposes of this Attachment:

   a. "Eligible Non-Contracted Provider" shall mean a Provider who is not contracted with HMO to provide GEMT services or a Provider who is contracted with HMO for transportation services, but not contracted with HMO to provide GEMT services to CalOptima Medi-Cal members.

   b. "Qualifying Services" shall mean services described by the GEMT QAF Program, which may be revised to include additional CPT codes, add-on adjustment payments, and extensions.

2. HMO shall identify eligible claims for the GEMT QAF Program and reimburse for the specified codes the differential payments totaling up to [redacted] for Qualifying Services furnished by Eligible Non-Contracted Providers. HMO is required to make timely payments in accordance with DHCS guidelines for clean claims or accepted encounters for qualifying transports submitted to the HMO within one year after the date of service.

3. HMO shall continue to make payments for dates of service July 1, 2018 through June 30, 2019 for eligible claims in conjunction with the payment of the claim for service. Payment for the GEMT QAF Program may be made retrospectively or in conjunction with the claims payment as applicable.

4. HMO is required to submit GEMT payment adjustment confirmation reports by the 10th of the month. Upon receipt of the confirmation report, CalOptima will reconcile the report and reimburse the GEMT QAF Program payment adjustments separate from the capitation payments, plus a [redacted] administrative fee calculated based upon total GEMT payment adjustments. CalOptima shall process these payments by the 20th of the month.

5. HMO and its subcontractors agree to comply with all applicable Federal and State laws and regulations, contract requirements, CalOptima policies and DHCS guidance, including APLs, Policy Letters, and Plan Letters related to the GEMT QAF Program add-on payments.

6. HMO shall have a formal procedure to accept, acknowledge, and resolve provider grievances related to the processing or non-payment of a GEMT Program differential payment adjustments in accordance with contract requirements for other payments. In addition, HMO shall identify a designated point of contact for provider questions and technical assistance.

7. GEMT QAF funds and expenses shall not be included in any shared risk program calculation or reconciliation.

8. As long as the State of California extends the GEMT Program differential payment adjustments funding to CalOptima, CalOptima will continue to make GEMT Program differential payment adjustments to HMO based upon the submitted confirmation report, which may be subject to Board approval and the changes to the program, as necessary and appropriate to comply with the law and regulatory guidance.

9. HMO shall comply with any extension of the GEMT QAF funding beyond June 30, 2019 and/or changes to the reimbursement amount required by DHCS. CalOptima will communicate these changes to HMO by means of a Notice to this Contract.

AMENDMENT II TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT II TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of January 1, 2020 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, Kaiser Foundation Health Plan, Inc. ("HMO"), with respect to the following facts:

RECITALS

A. CalOptima and HMO have entered into a Contract for Health Care Services ("Contract"), by which HMO has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and HMO desire to amend the Contract to specify requirements, responsibilities, and reimbursement rates related to CalOptima's Health Homes Program.

NOW, THEREFORE, the parties agree as follows:

1. The following definitions shall be added to the end of Article 1 "Definitions" of the Contract:

"1.103 Community-Based Care Management Entity (CB-CME) means HMO when providing Health Homes Program (HHP) services to HHP Members pursuant to this Contract.

1.104 Health Homes Program or "HHP" means all of the California Medicaid State Plan amendments and relevant waivers that DHCS seeks and CMS approves for provision of HHP services that provide supplemental services to HHP eligible and enrolled Members by coordinating and integrating the full range of physical health, behavioral health, and community-based long-term services and supports (LTSS) needed for chronic conditions.

1.105 HHP Member who is HHP enrolled, and continuously participating in the HHP and assigned to the HMO.

1.106 HHP Multi-Disciplinary Care Team means a team of staff employed or contracted by the HMO, as a CB-CME, that provides HHP services to HHP Members."

2. Section 6.22 shall be added as follows:

"6.22 HEALTH HOMES PROGRAM ---

6.22.1 HMO shall begin participating in CalOptima Health Homes Program, as follows: (i) Effective January 1, 2020, or such later date as determined by DHCS, for HHP Members with eligible chronic physical conditions and substance use disorders; and (ii) Effective July 1, 2020, or such later date as determined by DHCS, for HHP Members with eligible serious mental illness.

6.22.2 HMO shall be responsible for providing and coordinating HHP services as one of the designated Community-Based Care Management Entities (CB-CMEs). HMO, as a CB-CME, shall ensure its systems and infrastructure are in place to provide HHP services to HHP Members. HMO, as a CB-CME, shall satisfy the CB-CME qualification standards as defined by DHCS and

CalOptima Policy, and CB-CME certification requirements as described in DHCS HHP Program Guide.

6.22.3 HMO shall comply with all State and federal requirements related to HHP and HHP requirements determined by DHCS, including the All Plan Letter related to Health Homes Program requirements and the HHP Program Guide. HMO, as a CB-CME, shall implement CalOptima Health Homes Program in accordance with this Contract and CalOptima Policies. HMO shall ensure that HMO staff who will be delivering HHP services complete training required by CalOptima and DHCS prior to participating in the administrative of the HHP.

6.22.4 HMO, as a CB-CME, shall be responsible for coordinating care with HHP Members, Providers, and other agencies as appropriate. HMO shall provide the following six (6) core HHP service categories for HHP Members: (i) Comprehensive care management; (ii) Care coordination; (iii) Health promotion; (iv) Comprehensive transitional care; (v) Individual and family support services; and (vi) Referral to community and social supports.

6.22.5 HMO shall maintain an aggregate minimum care coordinator ratio as defined by DHCS. HMO shall ensure the establishment of HHP Multi-Disciplinary Care Teams to provide HHP services, as set forth in CalOptima Policy GG.1331.

6.22.6 HMO shall ensure availability of Providers with experience working with people who are chronically homeless, pursuant to Welfare & Institutions Code section 14127.31(d)(1)(B).

6.22.7 HMO shall establish, as necessary, contractual relationships with organizations to provide HHP services (including but not limited to office visit accompaniment, housing navigator, individual housing transition services, and individual housing and tenancy sustaining services), and contractual or non-contractual relationships to provide linkages to community and social support services. Regardless of the subcontracting arrangement, HMO shall retain overall responsibility for all CB-CME duties and responsibilities set forth in this Contract and CalOptima Policies.

6.22.8 HMO shall conduct outreach and engagement activities for HHP-eligible Members who are not enrolled in HHP. Members meeting HHP eligibility requirements must consent to HHP in order to participate. Consent to HHP participation may be oral or in writing and shall be documented by the HMO's Customer Service staff or HHP Multidisciplinary Care Team staff prior to the Member's participation in HHP. CalOptima and HMO will coordinate to ensure that Members who meet exclusionary criteria are excluded or disenrolled from the HHP pursuant to the HHP Program Guide and CalOptima Policy GG.1350.

6.22. 9 HMO, as a CB-CME, shall complete a health needs assessment (HNA) and develop a health action plan (HAP) for each HHP Member. HMO shall ensure case conferences are conducted by the HHP Multidisciplinary Care Team and the HHP Member's HNA and HAP are updated as necessary.

6.22.10 HMO may use HHP funding to make payments to HHP Members' network Providers who are not included formally on the HMO's HHP Multi-Disciplinary Care Team, but who are responsible for coordinating with the HMO's HHP care coordinator to conduct case conferences and to provide input to the health action plan (HAP).

6.22.11 In addition to other provisions of this Contract, HMO shall comply with CalOptima Policies GG.1331, GG.1350 and FF.4001 related to CB-CME duties and responsibilities, including engagement activities, the DHCS HHP Program Guide, and CB-CME requirements set forth in Welfare & Institutions Code, section 14127.3(d)(1).

6.22.12 HMO's Agent's Qualifications. HMO shall verify the qualifications of all agents (including HMO staff) providing services under this Contract consistent with the services to be provided under the Health Homes Program. In addition, for agents that enter into Members' homes or have face-to-face contact with Members, HMO shall also conduct background investigations, including, but not be limited to, County, State and Federal criminal history and abuse registry screening. HMO shall comply with all applicable laws in conducting background investigations and shall exclude unqualified agents from providing services under this Contract.

6.22.13 HHP Data Sharing. CalOptima and HMO agree to exchange available information and data as required by DHCS for the HHP, including but not limited to notification of hospital emergency department visits, inpatient admissions and discharges, and health history of HHP Members. CalOptima and HMO shall conduct such information and data sharing in compliance with all applicable Health Insurance Portability and Accountability Act (HIPAA) requirements, and other federal and California state laws and regulations, including applying the minimum necessary standard, when applicable. Further, HMO shall establish and maintain a data-sharing agreement with other Providers that is compliant with all federal and California state laws and regulations. If applicable laws and/or regulations require an HHP Member's valid authorization for release of health information and a legal exception does not apply, HMO may not release such information without the HHP Member's valid authorization.

6.22.14 HHP Data Reporting. HMO shall submit to CalOptima complete, accurate, reasonable and timely data reports in the manner and form acceptable to CalOptima in order for CalOptima to meet its data reporting requirements to DHCS for the HHP."

3. Attachment E-4, "Funding for Health Homes Program", shall be added to the Contract and is attached hereto.

CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and Kaiser Foundation Health Plan, Inc. have executed this Amendment:

Attachment E-4

Funding for Health Homes Program (HHP)

Effective January 1, 2020, CalOptima shall make a HHP Core Services Supplemental Capitation Payment to HMO for HHP services provided to an HHP-enrolled Member or a separate Engagement Activities Supplemental Capitation Payment for engagement activities for a Member eligible but not enrolled in HHP, in accordance with the terms and conditions of Policy FF.4001.

1. HHP Core Services Supplemental Capitation Payment

   1.1 The HHP Core Services Supplemental Capitation Payment below will be issued by CalOptima if all of the following conditions are met:

   - Member is identified as an HHP-eligible Member as determined by CalOptima based on HHP eligibility criteria as defined by DHCS and in accordance with CalOptima Policy GG.1350;
   - Member is enrolled in the HHP;
   - Member receives either one of the six (6) HHP core services (as set forth in Section 6.22.4 of the Contract) in a calendar month in which the supplemental payment is requested by the HMO, or the Member has received an HHP core service within one (1) of the prior two (2) calendar months in which the supplemental service month payment is requested by the HMO;
   - The HHP core services are billed and reported to CalOptima consistent with the most recent HHP Program Guide or specific regulatory guidance as directed by DHCS;
   - If applicable, the HMO paid the provider for the HHP core services; and
   - The HMO authorized such HHP core services.

   [redacted] PMPM (January – June 2020)
   [redacted] PMPM (July – December 2020)

2. Engagement Activities Supplemental Capitation Payment

   2.1 Subject to Section 2.2 of this Attachment E-4, the Engagement Activities Supplemental Capitation Payment below will be issued by CalOptima if all of the following conditions are met:

   - Member is identified as an HHP-eligible Member as determined by CalOptima, based on HHP eligibility criteria as defined by DHCS but not enrolled in HHP
   - The HMO conducted engagement activities to contact an HHP-eligible Member on CalOptima's Finalized Engagement List (FEL) for enrollment in HHP
   - Engagement activities are billed and reported to CalOptima in the manner and form acceptable to CalOptima, including but not limited to identifying the non-enrollment status of the HHP-eligible Member; and
   - If applicable, the HMO authorized and paid the provider for such engagement

   [redacted] PMPM (January – June 2020)
   [redacted] PMPM (July – December 2020)

2.2 CalOptima shall limit the provision of Engagement Activities Supplemental Capitation Payment to a maximum of three (3) calendar months of billing per one (1) individual HHP-eligible Member who is not enrolled in HHP.

3. HMO shall submit HHP billing data for HHP Core Services Supplemental Capitation Payment and/or engagement activities billing data for Engagement Activities Supplemental Capitation Payment, as applicable, by the fifteenth (15^{th}) calendar day after the month ends, in accordance with CalOptima Policy FF.4001.

4. Upon validation of the HHP billing data or engagement activities billing data, as applicable, CalOptima shall issue either the HHP Core Services Supplemental Capitation Payment or the Engagement Activities Supplemental Capitation Payment, as applicable, within thirty (30) business days from the date of the HHP billing data or engagement activities billing data submission, in accordance with CalOptima Policy FF.4001.

5. In addition to Section 9.4 of this Contract, HMO agrees to CalOptima's recovery of any overpayment of supplemental payment for HHP core services or engagement activities in accordance with CalOptima Policy FF.4001.

AMENDMENT III TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT III TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of January 1, 2020 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, **Kaiser Foundation Health Plan, Inc.** ("HMO"), with respect to the following facts:

RECITALS

A. CalOptima and HMO have entered into a Contract for Health Care Services ("Contract"), by which HMO has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and HMO desire to amend the Contract for the allocation and distribution of Intergovernmental Transfer (IGT) 6 and 7 Funds for Whole-Child Model (WCM) Startup Expenses incurred by HMO. IGTs are transfers of public funds between eligible governmental entities, which qualify for matching federal funds for the Medi-Cal program. IGT 1–7 funds are designated for enhanced/additional benefits for Medi-Cal beneficiaries.

NOW, THEREFORE, the parties agree as follows:

1. Attachment E-5, "Whole-Child Model (WCM) Start-up Expenses Reimbursement", shall be added to the Contract and is attached hereto.

2. CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and **Kaiser Foundation Health Plan, Inc.** have executed this Amendment:

Attachment E-5

Whole-Child Model (WCM) Program Start-up Expense Reimbursement

This attachment sets forth the program of additional compensation for Whole Child Model (WCM) start-up expenses, as authorized by the CalOptima Board of Directors at its December 5, 2019, meeting.

A. Reimbursement Available. There are two parts of the expense related reimbursement payments available to HMO.

1. Flat Rate: HMO shall receive a one-time payment amount of [redacted] AND,

2. Variable Rate: If expenses for the implementation, as described in this Attachment, exceed the [redacted] flat rate, an additional amount of up to [redacted] per member per month, shall be reimbursed to HMO. This maximum funding amount has been calculated based on the average number of CCS Members assigned to HMO from July through September 2019.

B. Reimbursable Expenses. Reimbursement under the variable rate reimbursement category is limited to those expenses that were incurred prior to July 1, 2019. There are three broad categories of reimbursable expenses for the variable rate reimbursements, as follows:

1. Personnel Expenses—These expenses relate to the reassignment, recruitment and training of administrative personnel for implementation of the WCM, including both the cost of diverting existing staff (such as reassigning claims payment staff to prepare WCM-specific claims processing policies, procedures, and routines), the cost of recruiting new staff to carry out WCM-specific tasks (such as utilization management, case management, and claims processing for WCM services), and the cost of training (such as bringing in outside trainers, preparing training materials, and overseeing on-line training activities for staff on WCM-specific matters).

2. Systems and Infrastructure—These expenses include those expenses involved in establishing a DHCS-compliant WCM provider network, such as contracting and credentialing additional CCS-approved physicians and facilities; necessary modifications to electronic data systems; additional office equipment for new WCM-specific staff; acquisition of new software or new modules for existing software made necessary by operation of the WCM; and development of program reporting capabilities to meet the requirements of the CalOptima WCM program.

3. Other Expenses—This category includes other expenses incurred in preparation for the implementation of the WCM, such as member notifications, educational materials for members, providers, and/or HMO administrative staff, and other items that are dedicated to WCM implementation that are not covered by reimbursable expense categories 1. and 2.

C. Reimbursement

1. The flat fee reimbursement shall be paid by CalOptima on or before March 1, 2020.

2. The variable rate reimbursement shall be paid by CalOptima within thirty (30) days of confirmation that the following have been submitted, are consistent between the attestation and invoice (see below), are consistent with the costs that are reimbursable, and are accepted as complete:

2.1. An attestation, in the format designated by CalOptima, indicating the general nature and amount of expenditures incurred prior to July 1, 2019, for each of the three broad reimbursable expense categories, signed by an authorized signer for HMO.

2.2. A detailed invoice specifically describing the costs incurred, prior to July 1, 2019, in preparation for implementation of the WCM, as follows:

2.2.1 Personnel Costs—For HMO personnel costs in each category identify the job title, hours, and total compensation incurred, and how the expenses relate to preparation for implementation of the WCM.

2.2.2. Contractual Services—For services obtained from other than HMO personnel, indicate each contracted party, a general identification of the services provided, and the costs incurred, and how the expenses relate to preparation for implementation of the WCM.

2.2.3 Goods/Materials—For goods and materials, indicate the type of goods procured, from whom the goods were acquired, for what purpose the goods were used, and the cost of each type of goods obtained, and how the expenses relate to preparation for implementation of the WCM.

D. Audit.

1. CalOptima is not requiring that supporting documentation, such as contracts and invoices from providers of goods and services, or employment records for personnel undertaking preparations for implementation of the WCM, be provided with the attestation and invoices. However, HMO shall maintain such records in a reasonably accessible manner for inspection by CalOptima or its designated auditor.

2. CalOptima, or its designated auditor, shall audit HMO's records during the annual financial audit to verify that the expenses were incurred as reported in the invoicing

and attestation. Reimbursement of both flat and variable rate start-up expenses are subject to recoupment if substantiating documentation is not made available. Substantiating documentation may include, but not be limited to, salary and payroll information as described in Section 1.1.2; general ledger entries identifying the start-up expenses; contracts and invoices from third party providers of goods and services, and copies of cancelled checks to support payment of expenses.

3. Any variable rate reimbursement amounts that are found to not have been incurred, or not to be supported by sufficient documentation, shall be disallowed retroactively. Such disallowed amounts will constitute an overpayment and will be returned to CalOptima or recovered through offset, as provided elsewhere in this Contract.

E. Disputes. In the event that CalOptima disallows any expense incurred and properly attested and invoiced, HMO shall have the right to pursue those remedies identified in this Contract and CalOptima Provider Dispute and Appeals policies.

AMENDMENT IV TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT IV TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of April 1, 2020 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, **Kaiser Foundation Health Plan, Inc.** ("HMO"), with respect to the following facts:

RECITALS

A. CalOptima and HMO have entered into a Contract for Health Care Services ("Contract"), by which HMO has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and HMO desire to amend the Contract to identify the Medi-Cal capitation base rate enhancement approved by the CalOptima Board of Directors for immediate aid due to the coronavirus known as COVID-19.

NOW, THEREFORE, the parties agree as follows:

1. Attachment E-6, "MEDI-CAL RATE ENHANCEMENT" shall be added to the Contract and is attached hereto.

2. CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

MEDI-CAL RATE ENHANCEMENT

On January 31, 2020, the Secretary of Health and Human Services declared a public health emergency under section 319 of the Public health Service ACT (42 U.S.C. 247d) in response to a novel coronavirus known as SARS-CoV-2 (COVID-19). Pursuant to the action taken by CalOptima Board of Directors on April 2, 2020, in anticipation of a fluctuation in utilization by Medi-Cal members and the need for flexible services due to COVID-19, CalOptima amends the current Medi-Cal capitation base rate levels set forth in Attachment E to increase them by [redacted] for the period commencing April, 1 2020 and continuing through, and including, June 30, 2020.

AMENDMENT V TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT V TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of July 1, 2020, by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, **Kaiser Foundation Health Plan, Inc.** ("HMO"), with respect to the following facts:

RECITALS

A. CalOptima and HMO have entered into a Contract for Health Care Services ("Contract"), by which HMO has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and HMO desire to amend the Contract to extend the term of the Contract, administer directed payments per CalOptima policy and procedure, revise the capitation rates, remove Medi-Cal pharmacy services effective with the transition of Pharmacy to DHCS Medi-Cal Rx and address other changes to the terms as specified herein.

NOW, THEREFORE, the parties agree as follows:

1. Recital C as set forth in the Contract is deleted in its entirety and replaced with the following:

"HMO desires to provide or arrange for the provision of Covered Services to Members as defined herein. Subject to transition requirements, effective no earlier than April 1, 2021, DHCS will transition all administrative services and financial risk related to Medi-Cal pharmacy benefits from CalOptima to DHCS Medi-Cal Rx. If DHCS delays the implementation for this transition, the effective date of the removal of pharmacy responsibilities from this Contract shall be based on the actual transition date implemented by DHCS."

2. Subject to the transition of Medi-Cal pharmacy benefits to DHCS Medi-Cal Rx, Section 1.8, "Approved Drug List", shall be deleted and intentionally left blank.

3. Section 2.7.18. of the Contract shall be deleted in its entirety and replaced with the following:

"2.7.18 DIRECTED PAYMENTS FOR QUALIFYING COVERED SERVICES --- Effective July 1, 2020, CalOptima and HMO shall administer directed payments that are relevant to this Contract in accordance with CalOptima Policy FF.2011, Directed Payments, including, without limitations, directed payments, such as those described in Attachment E-2 and E-3, by HMO to eligible providers rendering qualifying Covered Services, reporting requirements related to directed payments, and reimbursement of directed payments by CalOptima to HMO."

4. Section 9.15 shall be added to the Contract as follows:

"9.15 CONFIDENTIALITY OF CAPITATION RATES. CalOptima and HMO, and their respective officers, directors, employees, agents and representatives, shall keep in strictest confidence and not disclose to any other individual or entity, the Capitation Rates set forth in this

Amendment or Capitation Payments made pursuant to this Amendment for a period of three years from the effective date of this Amendment V, except disclosures may be made: (1) pursuant to the Public Records Act, California Government Code Section 6250 et seq., or as otherwise required by law or a government official or government agency with regulatory jurisdiction over CalOptima or HMO, (2) as required in legal proceedings or government administrative hearings, (3) as necessary to enforce CalOptima's or HMO's rights under this Contract, (4) as mutually agreed by CalOptima and HMO, or (5) to CalOptima's or HMO's accountants, attorneys, auditors and other professional advisors to whom disclosure is reasonably necessary to effect the purpose for which they have been consulted. Failure to maintain such confidentiality shall constitute breach of this Contract by the disclosing party."

5. Subject to the transition of Medi-Cal pharmacy benefits to DHCS Medi-Cal Rx, Section 10.4, "Approved Drug List", shall be deleted and intentionally left blank.

6. Subject to the transition of Medi-Cal pharmacy benefits to DHCS Medi-Cal Rx, Section 10.5, "Review of Off-Approved Drug Prescriptions", shall be deleted and intentionally left blank.

7. Section 13.9, "Termination for Convenience", shall be deleted in its entirety and replaced with the following:

"13.9 TERMINATION FOR CONVENIENCE --- Either party may terminate the Contract for convenience, without cause, by giving one hundred eighty (180) calendar days advance written notice to the other party prior to the effective date of such termination."

8. Section 13.15, "Notice of Non-Renewal", shall be deleted in its entirety and replaced with the following:

"13.15 NOTICE OF NON-RENEWAL --- In order for CalOptima to facilitate Member transition to other Health Networks, HMO shall provide CalOptima with an advance notice of non-renewal of the Contract in accordance with Section 13.9 prior to the end date of the Contract term in the event HMO elects or intends not to participate in any extension period or new contract term beyond the end of the then current Contract term. HMO further acknowledges and agrees to comply with the foregoing requirements related to advance notice of non-renewal of the Contract notwithstanding the end date of the Contract term as set forth in any Contract amendment(s), including any amendment(s) which extended the Contract term for purposes of contract negotiations."

9. Article 15, Section 15.1 shall be deleted in its entirety and replaced with the following:

"15.1 SUBJECT TO (I) THE STATE OF CALIFORNIA AND THE UNITED STATES PROVIDING FUNDS FOR THE TERM OF THIS CONTRACT AND FOR THE PURPOSES FOR WHICH IT IS ENTERED INTO; (II) THE APPROVAL OF THIS CONTRACT BY CALOPTIMA AND THE STATE, THE TERM OF THIS AMENDED AND RESTATED CONTRACT SHALL BE JULY 1, 2019 THROUGH JUNE 30, 2021."

10. Effective April 1, 2021, or such later date that CalOptima's Medi-Cal Pharmacy Benefits are transitioned to DHCS Medi-Cal Rx, Attachment A, "CalOptima Medi-Cal Division of Financial

Responsibility", shall be deleted in its entirety and replaced with the attached Attachment A – Amendment V.

11. Attachment E, "Capitation Rates", and Attachment E-1, "Capitation Rates for Adult Expansion Members", shall be deleted in its entirety and replaced with the attached Attachment E – Amendment V.

12. ATTACHMENT E-2 "Distribution of Proposition 56 Funding" and Addendums to this Attachment shall be deleted and replaced with the attached ATTACHMENT E-2 – AMENDMENT V, "Distribution of Proposition 56 Funding".

13. ATTACHMENT E-3 "Distribution of GEMT QAF Funding" shall be deleted and replaced with the attached ATTACHMENT E-3 – AMENDMENT V, "Distribution of GEMT QAF Funding".

14. Attachment E-4, "Funding for Health Homes Program (HHP)" is deleted in its entirety and replaced with the attached Attachment E-4 – Amendment V.

15. CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and **Kaiser Foundation Health Plan, Inc.** have executed this Amendment:

ATTACHMENT A
CalOptima Medi-Cal Division of Financial Responsibility
Effective April 1, 2021

Note: The purpose of the Division of Financial Responsibility is to identify how CalOptima allocated to the HMO components of the medical costs associated with the provision of Covered Services. That is, the capitation and Hospital Budget rates in this Contract are based upon the HMO Budget being financially responsible for the provision of Covered Services as indicated in this Division of Financial Responsibility. Kaiser Foundation Health Plan, Inc. is the responsible party for Covered Services designated under "Physician" and "Hospital Budget" columns. The Division of Financial Responsibility should not be used in place of the CalOptima EOC/EOB for making coverage determinations.

ATTACHMENT E-2 -AMENDMENT V

DISTRIBUTION OF PROPOSITION 56 FUNDING

This Attachment E-2 provides the terms and conditions, in addition to any state and federal laws, regulations, or guidance, under which CalOptima and HMO shall administer the Proposition 56 Medi-Cal Physician Supplemental Payment Program.

The California Healthcare, Research and Prevention Tobacco Tax Act (Prop 56), allocates a specified portion of the tobacco tax revenue to fund health care expenditures. Medicaid agencies are required to make supplemental payments to physicians for certain procedures as set forth in amendments to the State Medicaid Plan.

CalOptima agrees to make certain Prop 56 payments to HMO which HMO agrees to pay to Eligible Contracted Providers who render Qualifying Services (both as defined in this Attachment E-2) effective July 1, 2017 and CalOptima agrees to pay HMO an administrative fee to administer such Prop 56 payments as provided in this Attachment E-2.

1. Definitions: The following terms shall have the following meanings for purposes of this Attachment E-2:

    a. "Eligible Contracted Provider" shall mean a Medical Group or Provider who is contracted with HMO to provide Medi-Cal services to CalOptima members assigned to HMO. Federally Qualified Health Centers, Rural Health Clinics, American Indian Health Programs, and cost-based reimbursement clinics, however, do not qualify as Eligible Contracted Providers.

    b. "Qualifying Services" shall mean services described by the Proposition 56 Medi-Cal Physician Supplemental Payment Program, which may be revised to include additional CPT codes, rate adjustments, and extensions.

    c. Notwithstanding the above, services provided to Members who are dually eligible for Medi-Cal and Medicare Part B are not Qualifying Services.

2. HMO shall administer the Prop 56 payment in accordance with the Addendum for the applicable State fiscal year attached to this Attachment E-2, applicable state and federal requirements and CalOptima policies. HMO shall forward to Eligible Contracted Providers rendering Qualifying Services an additional payment for the Qualifying Services in accordance with the Attachments to this Attachment E-2 in addition to any payment paid by HMO to the Eligible Contracted Provider under their existing contractual arrangements.

3. CalOptima will forward Prop 56 payment funding for the initial payments required to be paid by HMO for Qualifying Services furnished by Eligible Contracted Providers for a State fiscal year based on fee-for-service and capitated claims and encounters submitted by HMO, in accordance with the reports required in Section 5, and accepted by CalOptima. For subsequent payments, once Provider payment is confirmed, based on the monthly reports required by CalOptima in order for

it to fulfill state and federal obligations related to the Prop 56 payments, CalOptima will reimburse HMO for payments made during the prior reporting period. CalOptima will not make payments for clean or accepted encounters for Qualifying Services received by HMO more than one year after the date of service.

4. HMO shall not provide supplemental Prop 56 payments under this Attachment E-2 to any Provider who is not an Eligible Contracted Provider and all such payments shall be for Qualifying Services. Any Proposition 56 funds paid to an ineligible Provider or for non-qualifying services shall constitute an overpayment, which shall be recouped from such Provider by HMO.

5. On a monthly basis, HMO must report to CalOptima, within 15 days of the end of each calendar month, all supplemental Prop 56 payments made pursuant to this Attachment E-2, either directly by HMO or by HMO's delegated entities and subcontractors at HMO's direction. Reports shall include all supplemental Prop 56 payments made during the month. HMO must provide these reports in a format specified by CalOptima, which at a minimum shall include CPT code, service month, payor (i.e. HMO, or delegated entity or subcontractor), and rendering provider's National Provider Identifier. CalOptima may require additional data as deemed necessary.

6. CalOptima will pay HMO a two percent (2%) administrative fee (the "Administrative Fee") once CalOptima has confirmed that the required Prop 56 payments have been made by HMO to Eligible Contracted Providers based upon the reports required under Section 5 above. Once provider payment is confirmed, CalOptima shall reconcile the remaining medical cost plus a 2% administrative component based on confirmed Prop 56 payments and remit to the HMO no later than the twentieth (20th) calendar day of the current month based upon prior month's data.

7. CalOptima's obligation to pay HMO any Administrative Fees is contingent upon administrative component payments by DHCS to CalOptima for the Prop 56 payments. In no event shall CalOptima be obligated to pay Administrative Fees to HMO if CalOptima has not received funding for administration of the Prop 56 payments from DHCS.

8. HMO shall make payments to Eligible Contracted Providers for Qualifying Services in conjunction with the payment of the claim for the service. Payments for Qualifying Services may be made retrospectively or in conjunction with the claim payment as applicable. This includes claims payments made effective July 1, 2017 and after.

9. HMO acknowledges that DHCS has indicated that payments to Eligible Contracted Providers will be verified by DHCS. In the event that future DHCS reconciliation of the Prop 56 payments identifies invalid payments, HMO shall return such Prop 56 payments to CalOptima immediately upon notice from CalOptima.

10. HMO agrees to provide to CalOptima promptly, upon request, such data, information and reports as required by CalOptima in order for it to fulfill state and federal obligations related to the Prop 56 payments.

11. HMO and its subcontractors agree to comply with all applicable Federal and State laws and regulations, contract requirements, CalOptima polices and DHCS guidance, including APLs, Policy Letters, and Plan Letters related to the Prop 56 payments.

12. To ensure proper implementation of the supplemental Prop 56 payments, HMO shall ensure that the requirements of this Attachment E-2 are included in the contracts with its subcontractors responsible for making payments to physicians directly providing services to Members.

13. HMO shall have a formal procedure to accept, acknowledge, and resolve provider grievances related to the processing or non-payment of a supplemental Prop 56 payments in accordance with contract requirements for other payments. In addition, HMO shall identify a designated point of contact for provider questions and technical assistance.

14. As long as the State of California extends the Prop 56 payments to CalOptima, CalOptima will continue to make Prop 56 payments to HMO, which may be subject to Board approval and the changes to the program, as necessary and appropriate to comply with the law and regulatory guidance.

15. Notwithstanding other provisions of this Attachment E-2, effective July 1, 2020, CalOptima and HMO shall administer the Proposition 56 Medi-Cal Physician Supplemental Payment Program pursuant to Section 2.7.18 of the Contract.

ATTACHMENT E-2, ADDENDUM 1

SFY 2017 – 18 (dates of service between July 1, 2017 and June 30, 2018)

HMO shall make the initial payment to Eligible Contracted Providers for dates of service July 1, 2017 through and including April 30, 2018 ("Initial Payment") as reflected on claims submitted to HMO prior to April 30, 2018, no later than July 29, 2018. Payment to Eligible Contracted Providers shall be made based on the codes and amounts in the table below. Subsequent payments to Contracted Eligible Providers shall be made by HMO in accordance with the terms of this Attachment E-2.

CPT	Description	Directed Payment
99201	Office/Outpatient Visit New	$10.00
99202	Office/Outpatient Visit New	$15.00

99395	Periodic comprehensive preventive med E&M (18-19 years old)	$27.00

ATTACHMENT E-3 – AMENDMENT V
DISTRIBUTION OF GEMT QAF FUNDING

This Attachment E-3 provides the terms and conditions, in addition to any state and federal laws, regulations, or guidance, under which CalOptima and HMO shall administer the Ground Emergency Medical Transport (GEMT) Quality Assurance Fee (QAF) Program.

In accordance with Senate Bill (SB) 523 (Chapter 773, Statutes of 2017), DHCS established the GEMT QAF program. On February 7, 2019, DHCS obtained federal approval from the Centers for Medicare and Medicaid Services (CMS) for California State Plan Amendment (SPA) 18-004, with an effective date of July 1, 2018. SPA 18-004 implements a one-year QAF program and reimbursement add-on for GEMT provided by non-contracted emergency medical transportation providers effective for State Fiscal Year (SFY) 2018-19 from July 1, 2018 to June 30, 2019.

Per DHCS guidance, CalOptima and HMO, as its delegated entity, are required to provide increased reimbursement to Eligible Non-Contracted Providers for GEMT service codes for Qualifying Services. HMO must reimburse Eligible Non-Contracted Providers a differential totaling up to [redacted] that are billed with CPT codes A0429 (BLS Emergency), A0427 (ALS Emergency) and A0433 (ALS2) provided during SFY 2018-19 (July 1, 2018 to June 30, 2019).

CalOptima agrees to pay GEMT QAF Program supplemental payment for these adjustments to HMO, and HMO agrees to reimburse Eligible Non-Contracted GEMT Providers who render Qualifying Services (as defined in this Attachment) for Qualifying Services effective July 1, 2018 to June 30, 2019. CalOptima further agrees to pay HMO an administrative fee to administer such GEMT QAF Program payments as provided in this Attachment.

1. Definitions: The following terms shall have the following meanings for purposes of this Attachment:

    a. "Eligible Non-Contracted Provider" shall mean a Provider who is not contracted with HMO to provide GEMT services or a Provider who is contracted with HMO for transportation services, but not contracted with HMO to provide GEMT services to CalOptima Medi-Cal members.

    b. "Qualifying Services" shall mean services described by the GEMT QAF Program, which may be revised to include additional CPT codes, add-on adjustment payments, and extensions.

2. HMO shall identify eligible claims for the GEMT QAF Program and reimburse for the specified codes the differential payments totaling up to [redacted] for Qualifying Services furnished by Eligible Non-Contracted Providers. HMO is required to make timely payments in accordance with DHCS guidelines for clean claims or accepted encounters for qualifying transports submitted to the HMO within one year after the date of service.

3. HMO shall continue to make payments for dates of service July 1, 2018 through June 30, 2019 for eligible claims in conjunction with the payment of the claim for service. Payment for the GEMT QAF Program may be made retrospectively or in conjunction with the claims payment as applicable.

4. HMO is required to submit GEMT payment adjustment confirmation reports by the 10th of the month. Upon receipt of the confirmation report, CalOptima will reconcile the report and reimburse the GEMT QAF Program payment adjustments separate from the capitation payments, plus a [redacted] administrative fee calculated based upon total GEMT payment adjustments. CalOptima shall process these payments by the 20th of the month.

5. HMO and its subcontractors agree to comply with all applicable Federal and State laws and regulations, contract requirements, CalOptima policies and DHCS guidance, including APLs, Policy Letters, and Plan Letters related to the GEMT QAF Program add-on payments.

6. HMO shall have a formal procedure to accept, acknowledge, and resolve provider grievances related to the processing or non-payment of a GEMT Program differential payment adjustments in accordance with contract requirements for other payments. In addition, HMO shall identify a designated point of contact for provider questions and technical assistance.

7. GEMT QAF funds and expenses shall not be included in any shared risk program calculation or reconciliation.

8. As long as the State of California extends the GEMT Program differential payment adjustments funding to CalOptima, CalOptima will continue to make GEMT Program differential payment adjustments to HMO based upon the submitted confirmation report, which may be subject to Board approval and the changes to the program, as necessary and appropriate to comply with the law and regulatory guidance.

9. HMO shall comply with any extension of the GEMT QAF funding beyond June 30, 2019 and/or changes to the reimbursement amount required by DHCS. CalOptima will communicate these changes to HMO by means of a Notice to this Contract.

10. Notwithstanding other provisions of this Attachment E-3, effective July 1, 2020, CalOptima and HMO shall administer the Ground Emergency Medical Transport (GEMT) Quality Assurance Fee (QAF) Program pursuant to Section 2.7.18 of the Contract.

Attachment E-4 – Amendment V

Funding for Health Homes Program (HHP)

Effective January 1, 2020, CalOptima shall make a HHP Core Services Supplemental Capitation Payment to HMO for HHP services provided to an HHP-enrolled Member or a separate Engagement Activities Supplemental Capitation Payment for engagement activities for a Member eligible but not enrolled in HHP, in accordance with the terms and conditions of CalOptima Policy FF.4001.

1. HHP Core Services Supplemental Capitation Payment

   1.1 The HHP Core Services Supplemental Capitation Payment below will be issued by CalOptima if all of the following conditions are met:

   - Member is identified as an HHP-eligible Member as determined by CalOptima based on HHP eligibility criteria as defined by DHCS and in accordance with CalOptima Policy GG.1350;
   - Member is enrolled in the HHP;
   - Member receives either one of the six (6) HHP core services (as set forth in Section 6.22.4 of the Contract) in a calendar month in which the supplemental payment is requested by the HMO, or the Member has received an HHP core service within one (1) of the prior two (2) calendar months in which the supplemental service month payment is requested by the HMO;
   - The HHP core services are billed and reported to CalOptima consistent with the most recent HHP Program Guide or specific regulatory guidance as directed by DHCS;
   - If applicable, the HMO paid the provider for the HHP core services; and
   - The HMO authorized such HHP core services.

   [redacted] PMPM (January – June 2020)
   [redacted] PMPM (July – December 2020)
   [redacted] PMPM (January – December 2021)

2. Engagement Activities Supplemental Capitation Payment

   2.1 Subject to Section 2.2 of this Attachment E-4, the Engagement Activities Supplemental Capitation Payment below will be issued by CalOptima if all of the following conditions are met:

   - Member is identified as an HHP-eligible Member as determined by CalOptima, based on HHP eligibility criteria as defined by DHCS but not enrolled in HHP
   - The HMO conducted engagement activities to contact an HHP-eligible Member on CalOptima's Finalized Engagement List (FEL) for enrollment in HHP
   - Engagement activities are billed and reported to CalOptima in the manner and form acceptable to CalOptima, including but not limited to identifying the non-enrollment status of the HHP-eligible Member; and
   - If applicable, the HMO authorized and paid the provider for such engagement

   [redacted] PMPM (January – June 2020)
   [redacted] PMPM (July – December 2020)
   [redacted] PMPM (January – December 2021)

2.2 CalOptima shall limit the provision of Engagement Activities Supplemental Capitation Payment to a maximum of three (3) calendar months of billing per one (1) individual HHP-eligible Member who is not enrolled in HHP.

3. HMO shall submit HHP billing data for HHP Core Services Supplemental Capitation Payment and/or engagement activities billing data for Engagement Activities Supplemental Capitation Payment, as applicable, by the fifteenth (15th) calendar day after the month ends, in accordance with CalOptima Policy FF.4001.

4. Upon validation of the HHP billing data or engagement activities billing data, as applicable, CalOptima shall issue either the HHP Core Services Supplemental Capitation Payment or the Engagement Activities Supplemental Capitation Payment, as applicable, within thirty (30) business days from the date of the HHP billing data or engagement activities billing data submission, in accordance with CalOptima Policy FF.4001.

5. In addition to Section 9.4 of this Contract, HMO agrees to CalOptima's recovery of any overpayment of supplemental payment for HHP core services or engagement activities in accordance with CalOptima Policy FF.4001.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken February 4, 2021
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

15. Consider Authorizing an Amended and Restated Health Network Contract for Kaiser Foundation Health Plan Inc. and Amendments Incorporating Operational Provisions and Revised Capitation Rates

Contacts

Ladan Khamseh, Chief Operating Officer, (714) 246-8866
Michelle Laughlin, Executive Director, Network Operations, (657) 900-1116

Recommended Actions

Authorize the Chief Executive Officer, with the assistance of Legal Counsel, to execute:

1. An Amended and Restated Medi-Cal Health Network Contract with Kaiser Foundation Health Plan, Inc., incorporating language changes, effective July 1, 2019 through June 30, 2021; and
2. Amendments incorporating all changes made in the Health Network contracts since July 1, 2019, including certain operational requirements and revisions to the capitation rates

Background

Kaiser Foundation Health Plan Inc. (Kaiser) participates in CalOptima's Medi-Cal program as a delegated subcontractor under its Health Maintenance Organization (HMO) Health Network model. CalOptima's health network contracts are renewed on an annual basis each July, subject to Board approval. On June 6, 2019, the CalOptima Board authorized an Amended and Restated Contract with all Health Networks. The Board has approved five (5) Amendments to the Amended and Restated Health Network Contract since that time.

Kaiser did not, however, execute the Amended and Restated Contract or the five (5) subsequent Amendments and, instead, engaged CalOptima staff in a series of discussions regarding certain contract terms. The Board authorized extensions of the existing contract on August 6, 2020, October 1, 2020, November 5, 2020, and December 3, 2020, to accommodate continued contract discussions. The most recent extension is effective through February 4, 2021.

Discussion

Kaiser and CalOptima staff have had extensive discussions and have come to an agreement regarding the terms of the Amended and Restated Contract. The document has been revised and some terms updated to address legacy language and operational requirements addressing Kaiser's business model. Board authorization to execute the Amended and Restated Contract effective July 1, 2019 through June 30, 2021 is now requested. Authorization is also sought to execute Amendments I through V, which include but are not limited to:

- Operational requirements including extending funding for the Health Homes Program
- Extension of Behavioral Health Treatment and Hepatitis C supplemental capitation payments
- Revised capitation rates reflecting a reduction for Medi-Cal Expansion members
- Removal of pharmacy risk and capitation upon implementation of the carve-out of the pharmacy benefit by the State

Back to Agenda Back to Item

The revised capitation rates for Medi-Cal Expansion members will be effective February 1, 2021, and the Amended and Restated Contract will be in effect through June 30, 2021, consistent with CalOptima's contracts with the other Health Network.

Fiscal Impact

The recommended actions to retroactively enter into the Board-approved Amended and Restated HMO Health Network Contract with Kaiser effective July 1, 2019, through June 30, 2021, and amendments incorporating operational provisions and revised capitation rates are budgeted items. Funding for the contract and related amendments has been included in the Board-approved Fiscal Year (FY) 2019-20 and FY 2020-21 Operating Budgets.

Rationale for Recommendation

Authorization to execute the Amended and Restated Medi-Cal Health Network Contract and update capitation rates will ensure that Kaiser is operating under the current contractual terms and conditions as required by CalOptima's regulators and operational requirements, and will implement the rebased capitation rates.

Concurrence

Gary Crockett, Chief Counsel

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken November 5, 2020
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

10. Consider Authorization of a Kaiser Foundation Health Plan, Inc. Health Network Contract Amendment Extending the Term

Contact

Michelle Laughlin, Executive Director, Network Operations, (657) 900-1116

Recommended Action

Authorize amendment to the current Kaiser Foundation Health Plan, Inc. Health Network Contract to extend the current term through the date of the next CalOptima Board meeting, December 3, 2020.

Background

Kaiser Foundation Health Plan, Inc. (Kaiser) participates in the CalOptima Medi-Cal program as a delegated subcontractor under its Health Maintenance Organization ("HMO") Health Network model. Kaiser's current Health Network Contract expired June 30, 2020. Last year, CalOptima staff presented Kaiser with an Amended and Restated Contract which incorporated past amendments and added DHCS-required contract terms, including those related to the Department of Health Care Services (DHCS) All Plan Letter (APL) 19-001 addressing certain terms that are required to be included in order for CalOptima to release Proposition 56 funds and other directed payments.

CalOptima and Kaiser staff worked with DHCS over the last several months to obtain additional clarification on certain subcontractor requirements. To allow time for Kaiser and CalOptima to obtain all necessary information and final clarification from DHCS and complete discussions regarding the Amended and Restated Contract, the parties entered into an initial ninety (90) day extension of Kaiser's current contract through September 30, 2020. Due to the June 30, 2020 expiration date of the current Kaiser Health Network Contract, this extension was ratified by the Board on August 6, 2020. As of the last Board of Directors' Meeting, on October 1, 2020, it was determined that review of certain provisions in the Amended and Restated contract was still in progress. As such, an additional month-long extension was requested until November 5, 2020.

Discussion

The parties continue to review certain provisions of the Amended and Restated Contract that memorialize operational requirements in light of Kaiser's unique model as well as the five (5) subsequent amendments that implement Proposition 56, Health Homes Program requirements and other terms (Contract Amendments). Additionally, because Kaiser is the only CalOptima Health Network delegated to provide the pharmacy benefit, CalOptima and Kaiser staff are addressing terms related to the State of California's carve out of the pharmacy benefit from CalOptima's DHCS Medi-Cal contract when the State implements its Medi-Cal Rx program effective January 1, 2021 including, revised rates and DHCS-mandated transition terms.

While CalOptima and Kaiser staff have attempted to complete all contract and amendment revisions by November 5, 2020, additional time is required to fully explore whether the parties will be able to resolve and finalize the remaining issues. Staff has requested an additional month-long extension of the current

Kaiser Contract on the same terms and conditions to complete the discussions and finalize the Amended and Restated Contract and Contract Amendments. Because Staff intends to present the final Kaiser Amended and Restated Contract and Contract Amendments to the Board for approval at the December 3, 2020 meeting, Staff requests that the Board approve extension of the current Kaiser Health Network Contract through that date.

Fiscal Impact

The recommended action to authorize extension of the current Kaiser Health Network Contract to through December 3, 2020, under the same terms and conditions, has no additional fiscal impact to the CalOptima Fiscal Year (FY) 2020-21 Operating Budget approved by the Board on June 4, 2020.

Rationale for Recommendation

Amending the current Kaiser Health Network Contract to extend through December 3, 2020, the date of the Board's next meeting, under the same terms and conditions will allow the additional time needed to review and finalize Kaiser's FY 2020-21 Amended and Restated Health Network Contract.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken August 6, 2020
Regular Meeting of the CalOptima Board of Directors

Report Item
8. Consider Ratification of the Kaiser Foundation Health Plan, Inc. Health Network Contract Amendment

Contact
Michelle Laughlin, Executive Director Network Operations (714) 246-8400

Recommended Actions
Ratify the amendment to the Kaiser Foundation Health Plan, Inc. (Kaiser) Health Network contract, extending the term through September 30, 2020.

Background/Discussion
Kaiser participates in the CalOptima Medi-Cal program as a delegated subcontractor under its Health Maintenance Organization ("HMO") Health Network model. Each of CalOptima's contracts with its 12 twelve Medi-Cal Health Networks, including Kaiser, include a provision permitting an annual one-year extension of the contract subject to CalOptima Board of Directors' approval and signed contract amendments. Kaiser's current Health Network Contract ("Kaiser Contract") expired June 30, 2020. Last year, CalOptima staff presented Kaiser with an Amended and Restated Contract which incorporated past amendments and added DHCS required contract terms, including those related to the Department of Health Care Services (DHCS) All Plan Letter (APL) 19-001 addressing certain terms that are required to be included in order for CalOptima to release Proposition 56 funds and other directed payments. Kaiser has not, however, executed the Amended and Restated Contract. CalOptima and Kaiser have been working with DHCS over the last several months to obtain additional clarification on certain subcontractor requirements. The parties have also been reviewing certain contract provisions that memorialize operational requirements in light of Kaiser's unique staff model.

In order to allow time for Kaiser and CalOptima to obtain final clarification from DHCS and finalize discussions with Kaiser, the parties entered into a ninety (90) day extension of the Kaiser Contract through September 30, 2020, subject to Board approval. Additionally, because Kaiser is the only Health Network delegated to provide the pharmacy benefit, CalOptima and Kaiser also need to address contract terms related to the State of California's carve out of the pharmacy benefit from CalOptima's DHCS Medi-Cal contract. The pharmacy benefit carve-out will be effective January 1, 2021 for all Managed Care Plans, including CalOptima.

Staff recommends ratification of the Kaiser Contract amendment to provide additional time to obtain DHCS's final guidance, and for the parties to reach agreement on the Amended and Restated Contract terms.

Fiscal Impact
The recommended action to ratify the amendment to the Kaiser Contract to extend the term through September 30, 2020, under the same terms and conditions, has no additional fiscal impact to the CalOptima FY 2020-21 Operating Budget approved by the Board on June 4, 2020.

Back to Agenda
Back to Item
Back to Item

Rationale for Recommendation

This extension will allow additional time to review and finalize Kaiser's FY 2020-21 Health Network contract.

Action To Be Taken June 4, 2020
Regular Meeting of the CalOptima Board of Directors

Report Item

15. Consider Authorizing Extension and Amendments of the CalOptima Medi-Cal Full-Risk HMO, Shared-Risk, and Physician-Hospital Consortium Health Network Contracts

Contact

Michelle Laughlin, Executive Director Network Operations (714) 246-8400
Nancy Huang, Chief Financial Officer (714) 246-8400

Recommended Actions

Authorize the Chief Executive Officer (CEO), with the assistance of Legal Counsel, to amend the Medi-Cal Full-Risk Health Network HMO, Shared-Risk, and Physician-Hospital Consortium Health Network contracts to:

1. Extend the term through June 30, 2021;
2. Reflect adjustments in Health Network's capitation rates and add language reflecting that Directed Payments will be made pursuant to CalOptima Policy and Procedures effective July 1, 2020; and
3. Revise the Shared Risk program attachment in the Shared Risk group contracts to align with changes made to Policy FF.1010 related to the description of the Shared Risk budget.

Background/Discussion

CalOptima currently contracts with 12 health networks to provide care to CalOptima Medi-Cal members. The continued renewal of the contracts will support the stability of CalOptima's contracted provider network. CalOptima's current Medi-Cal Full-Risk HMO, Shared-Risk, and Physician-Hospital Consortium Health Network Contracts listed below will expire on June 30, 2020:

Full Risk HMO:
Heritage Provider Network, Inc.
Kaiser Foundation Health Plan, Inc.
Monarch Health Plan, Inc.
Prospect Health Plan, Inc.

Shared Risk:
AltaMed Health Services Corporation
ARTA Western California, Inc.
Orange County Physicians IPA Medical Group, Inc. dba Noble Community Medical Associates Inc. of Mid Orange County
Talbert Medical Group, P.C.
United Care Medical Group, Inc.

Physician-Hospital Consortium:
CHOC Physician's Network and Children's Hospital of Orange County
AMVI Care Health Network and Fountain Valley Regional Hospital and Medical Center
Family Choice Medical Group, Inc. and Fountain Valley Regional Hospital and Medical Center

Back to Agenda
Back to Item
Back to Item

Staff recommends extending the above Health Network contracts for one year, through June 30, 2021. Extension of the Heath Network contracts is essential to ensuring that members assigned to health networks have access to covered healthcare services.

Health Network Capitation Rate Adjustment

Medi-Cal Classic Rebasing: For all Health Network contracts, with the exception of Kaiser Foundation Health Plan, Inc., which is reimbursed according to specific terms set forth in a March 7, 2019 Board action, contract terms will reflect adjusted Medi-Cal Classic capitation rates effective July 1, 2020, following CalOptima's periodic rebasing process. Rebasing ensures capitation rates paid to our Health Network providers include appropriate reimbursement for medical and non-medical expenses.

Medi-Cal Expansion (MCE) Rates: In 2014, Medi-Cal eligibility was expanded to cover single, low-income individuals ages 19-64, known as Medi-Cal Expansion (MCE). The Department of Health Care Services (DHCS) provided additional funding to support newly eligible MCE members, a group separate from the Medi-Cal Classic member population. Due to the absence of any utilization information at the program's inception, capitation rates for MCE members were set based on assumed population risk from the beginning of the expansion to date.

For all Health Network contracts, with the exception of Kaiser Foundation Health Plan, Inc., which is reimbursed according to specific terms set forth in a March 7, 2019 Board action, contract terms will reflect adjusted Medi-Cal Expansion (MCE) capitation rates effective July 1, 2020. DHCS has applied multiple downward adjustments to CalOptima's MCE capitation rates due to a lower average acuity than first anticipated. As such, staff continues to analyze the appropriateness of MCE capitation rates paid to Health Networks. Based on an actuarial analysis of utilization data, additional reductions to MCE capitation rates are appropriate.

Over the course of the program, sufficient time has passed to compile reliable Chronic Disability Payment System (CDPS) diagnostic information necessary for risk adjustment. With the CDPS information now available to make determinations regarding acuity, staff proposes to amend the current Health Network contracts to adjust the MCE rate, either up or down, based on CDPS data. With margins being reduced, it is more important to implement risk adjustment to ensure capitation payments are commensurate with population acuity. Staff has provided notices to the Health Networks that their MCE capitation rate will be risk adjusted starting July 1, 2020.

OB Kick Payment Rate Increase: Per Policy FF.1005f, CalOptima has historically provided all Health Networks a supplemental payment for qualifying covered obstetric delivery services. The current rates, set in 2010 when the Maternity Kick Payment program began, are $793 for professional services and $4,451 for facility fees. For the new contract term, staff recommends authorization to increase these rates to $900 for professional services and $5,000 for facility fees for all Health Networks, with the exception of Kaiser Health Plan, Inc. which is being reimbursed according to the terms set forth in a March 7, 2019 Board Action.

Directed Payments

Periodically CalOptima is required through DHCS or CMS guidance to make statutorily mandated retrospective payments to its Health Networks. These payments are typically based on DHCS programs, including Proposition 56 and the Quality Assurance Fee (QAF) supplemental payments. In many cases these provider supplemental payments have been established and administered over multiple time periods and phases, sometimes across multiple years retrospectively, and often based on actual claims paid. Until now, CalOptima has made these DHCS- and CMS- defined supplemental payments to its health networks via contract amendment, as notification came down from the state or federal government. Given the ongoing nature of these payments – including those given under Proposition 56 - multiple amendments, retroactive contract terms, and subsequent timeliness concerns for payment to the impacted providers have been ongoing concerns. To mitigate this, staff recommends that moving forward, Directed Payments be administered according Policy & Procedure FF. 2011 ("Directed Payments"), which addresses Directed Payment programs listed below. Directed Payment is an add-on payment or minimum fee payment required by DHCS to be made to eligible providers for qualifying services (identified below) with specified dates of services, as prescribed by applicable DHCS All Plan Letter or other regulatory guidance and is inclusive of supplemental payments. As an alternative to requesting authority to amend these contracts on each individual occasion, Policy FF.2011 directs CalOptima to reimburse Health Networks for Direct Payments as they are mandated, pursuant to qualifying services being rendered, providing both policy and procedure guidelines.

Program Name	Effective DOS	Eligible Providers	Final DHCS Guidance
Physician Services	7/1/2017 to 12/31/2020	Contracted	APL 18-010 released 05/01/2018 APL 19-006 released 06/13/2019 APL 19-015 released 12/24/2019
Abortion Services (Hyde)	7/1/2017 to 6/30/2020	All Providers	APL 19-013 released 10/17/2019
Developmental Screening Services	On or after 1/1/2020	Contracted	APL 19-016 released 12/26/2019
ACE (Trauma) Screening Services	On or after 1/1/2020	Contracted	APL 19-018 released 12/26/2019
Ground Emergency Medical Transport (GEMT)*	7/1/2018 to 6/30/2019	Non-Contracted	APL 19-007 released 6/14/2019 APL 20-002 released January 31, 2020

**Directed Payments for GEMT Services are not applicable to Shared-Risk Group*

Staff anticipates that Policy FF.2011 will need to be updated periodically, subject to Board approval, as new Directed Payment programs are issued by DHCS.

Shared Risk Pool Revisions
Pursuant to a separate Board action, Staff has revised CalOptima Policy FF.1010: Shared Risk Pool to clarify language regarding the Shared Risk pool budget in relation to Coordination of Benefits (COB) recoveries. This revision clarifies that:

1) COB recoveries reduce expense but do not increase revenue; and

2) Since CalOptima is self-insured, reinsurance premium will no longer be allocated to the risk pool.

Fiscal Impact
The recommended actions to enter into amended Medi-Cal Health Network contracts to extend through June 30, 2021, add language reflecting changes to how the Directed Payments are handled, and align Shared Risk group contracts with revisions to CalOptima Policy FF.1010 are not expected to have a fiscal impact.

Costs associated with the recommended action to adjust capitation rates for these contracts, with the exception of Kaiser Foundation Health Plan, Inc., have been included in the proposed CalOptima Fiscal Year (FY) 2020-21 Operating Budget pending Board approval. These proposed changes represent an approximately 2.0% overall reduction in Medi-Cal Classic health network capitation payments, projected at an estimated $8 million in FY 2020-21. In addition, the budget proposes an overall reduction of 7% to the MCE Professional capitation rate and a reduction of 14% to the MCE Hospital capitation rate. Aggregate decreases to MCE Professional capitation expenses and associated shared risk pools are projected to be $50 million in FY 2020-21.

Rationale for Recommendation
CalOptima staff recommends this action to maintain and continue the contractual relationship with the provider network and to fulfill regulatory and CalOptima policy requirements.

Concurrence
Gary Crockett, Chief Counsel

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 6, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

26. Consider Authorizing Amended and Restated Medi-Cal Full Risk Health Network Contract for Heritage Provider Network, Inc., Monarch Health Plan, Inc., and Prospect Health Plan, Inc. to Incorporate Changes Related to Department of Health Care Services Regulatory Guidance and Amend Capitation Rates

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400
Nancy Huang, Interim Chief Financial Officer, (714) 246-8400

Recommended Actions

Authorize the Chief Executive Officer (CEO), with the assistance of Legal Counsel, to enter into Amended and Restated Full Risk Health Network Contracts with Heritage Provider Network, Inc., Monarch Health Plan, Inc., and Prospect Health Plan, Inc. effective July 1, 2019 date that address the following:

a) Changes to reflect requirements as set forth in the California Department of Health Care Services (DHCS) All Plan Letter (APL) 19-001, Medi-Cal Managed Care Health Plan Guidance on Network Provider Status, as well as other relevant statutory, regulatory, and/or contractual requirements;
b) Amended capitation rates for assigned members effective July 1, 2019 to the extent authorized by the Board in a separate Board action;

Background/Discussion

On December 6, 2018, the Board authorized extension of CalOptima's Medi-Cal Health Network contracts to June 30, 2020. In the interim, there have been numerous initiatives, APLs, and other regulatory updates which necessitate the revision of contract terms. Additionally, the Health Network contracts have been amended numerous times over the years reflecting program, compensation and/or regulatory changes and these changes need to be incorporated in a master template contract. At this time, Staff requests authority to issue an amended and restated Health Network contract incorporating previously approved amendments, changes to address regulatory guidance and amended capitation rates.

In 2016, the Center for Medicare & Medicaid Services (CMS) released a comprehensive revision of the federal Medicaid managed care and Child Health Insurance program (CHIP) regulations. The intent of the regulations is to align the managed care requirements of Medicaid with those for Medicare. As specified in the contract with DHCS, CalOptima is required to incorporate some of the revised regulations into CalOptima's contracts with Health Networks. On January 17, 2019, DHCS issued APL 19-001 that identified the provisions that must be included in network provider contracts to meet state and federal contracting requirements.

In addition to the changes to the contract terms reflected in APL 19-001, Staff has incorporated additional statutory, regulatory and contractual revisions which include, but are not limited to:

Back to Item
Back to Agenda
Back to Item

emergency services notification requirements; Government Claims Act specifications; and, document and data submissions certification obligations.

The budget for Fiscal Year (FY) 2019-20 reflects a decrease in Medi-Cal Expansion (MCE) revenue and an increase in Medi-Cal classic. Capitation reimbursement levels paid by CalOptima to providers for the MCE population is higher than levels that are supported by cost and utilization data. This fact coupled with the reduction in revenue from DHCS has resulted in decreases to the MCE capitation rates for the Health Networks. For the Medi-Cal Classic population Staff recommends an increase to both Professional and Hospital capitation for Adult TANF and SPD members. The amended and restated contract reflects revised capitation rates effective July 1, 2019 to the extent authorized by the Board in a separate Board action.

Fiscal Impact

The recommended action to enter into amended and restated Medi-Cal Health Network contracts to comply with requirements in DHCS APL 19-001, and other relevant statutory, regulatory, and/or contractual requirements is not expected to have a fiscal impact.

Costs associated with the recommended action to revise capitation rates for these contracts have been included in the proposed CalOptima FY 2019-20 Operating Budget pending Board approval. The budget includes proposed increases of 4% to the Adult Temporary Assistance for Needy Families (TANF) and seniors and persons with disabilities (SPD) Professional capitation rates and 6% to the Adult TANF and SPD Hospital capitation rates. The increases total approximately $7.5 million in FY 2019-20.

In addition, the budget proposes a reduction of 8% to the MCE Professional capitation rate and a reduction of 21% to the MCE Hospital capitation rate. Aggregate decreases to MCE capitation expenses and associated shared risk pools are projected to be $95 million in FY 2019-20.

Rationale for Recommendation

CalOptima staff recommends these actions to fulfill regulatory requirements.

Concurrence

Gary Crockett, Chief Counsel

ALL PLAN LETTER 19-001

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS

SUBJECT: MEDI-CAL MANAGED CARE HEALTH PLAN GUIDANCE ON NETWORK PROVIDER STATUS

PURPOSE:
The purpose of this All Plan Letter (APL) is to provide guidance to Medi-Cal managed care health plans (MCPs) regarding how the Department of Health Care Services (DHCS) evaluates Network Provider status in order to promote consistency between federal regulations, Medi-Cal managed care contracts, state law, APLs, and similar instructions. It is the general intention of DHCS to apply this policy related to Network Provider contracting requirements in a standardized manner, to the extent appropriate, across relevant contexts, including MCP Network Provider and Subcontractor agreements, provider directory reporting, network adequacy certification, and directed payments pursuant to Title 42 of the Code of Federal Regulations (CFR) Section 438.6(c).[1]

BACKGROUND:
In May 2016, the Centers for Medicare and Medicaid Services (CMS) released the Final Rule in the Federal Register applicable to Medicaid managed care programs (Final Rule).[2] The Final Rule did not eliminate or weaken any of the existing requirements found in the current Medi-Cal managed care contract, but rather updated the managed care regulations to include new and expanded requirements for MCP Subcontractors and separately defined Network Providers.[3] In implementing the Final Rule, DHCS submitted contract amendments to CMS to bring its existing provisions related to "Subcontracts" into compliance with the new and more stringent federal requirements.[4] As of now, and consistent with historical practice and Title 22 of the California Code of

[3] See 42 CFR 438.2, "Definitions."
[4] Note that references to contract provisions in this document reflect changes made by the 2017 Final Rule amendment (identified as Package 42, an updated version of which was shared with MCPs in January 2018). To date the amendment is pending approval by CMS, and is anticipated to be finalized with minimal changes.

Back to Item

Regulations (CCR) Section 53250,[5] DHCS is maintaining uniformity to the extent appropriate with respect to the requirements for all "Subcontracts," regardless of whether the agreement is between an MCP and an entity defined as a "Subcontractor" or "Network Provider" under 42 CFR Section 438.2.[6]

While the guidance in this APL on how DHCS will evaluate compliance is prospective, many of these obligations were imposed as of July 1, 2017, in accordance with the Final Rule.

Additional guidance on what constitutes an eligible Network Provider for directed payment programs is set forth on the DHCS Directed Payments web page.[7]

POLICY:

I. **Required Characteristics of Network Providers**
Effective on or after July 1, 2019, a Network Provider, as defined in 42 CFR Section 438.2 and the Medi-Cal managed care contract in Exhibit E, Attachment 1, Definitions, must:

1. Have an executed written Network Provider Agreement with the MCP or a Subcontractor of the MCP that meets all the requirements set forth in Attachment A of to this APL;
2. Be enrolled in accordance with APL 17-019,[8] the Medi-Cal Managed Care Provider Enrollment Frequently Asked Questions (FAQ) document, or any subsequent APL or FAQ update on the topic, unless enrollment is not required as specified by DHCS;
3. Be reported on the MCP's 274 file submitted to DHCS, for all applicable filings, in accordance with APL 16-019 or any subsequent APL on the topic and the most recent DHCS 274 Companion Guide; and

---

[5] The CCR is searchable at: https://govt.westlaw.com/calregs/Search/Index
[6] The Medi-Cal managed care contract defines the term Subcontract to include both Subcontractors and Network Providers (as those terms are defined under 42 CFR Section 438.2), and all requirements listed in Paragraph B of Provision 14 of Exhibit A, Attachment 6 apply to Network Providers. A provider may maintain Network Provider status without an agreement directly with an MCP, if they are connected through a series of Subcontracts, so long as those Subcontracts also meet all applicable state and federal law and contract requirements as well as DHCS guidance, including all applicable APLs and Policy Letters (PLs), in particular, but not limited to, those requirements in Exhibit A, Attachment 6, Provision 14 and APL 17-004 (or any subsequent APL on the topic). That chain of Subcontracts may include an entity that is also a Network Provider, who, as a result of taking on an administrative function of contracting for care (and not providing that care itself), also meets the definition of a "Subcontractor."
[7] The DHCS directed payment web page is available at: https://www.dhcs.ca.gov/services/Pages/DirectedPymts.aspx
[8] APLs are available at: https://www.dhcs.ca.gov/formsandpubs/Pages/AllPlanLetters.aspx

4. Be included on all network adequacy filings that occur within the effective dates of the written Network Provider Agreement, in accordance with APL 18-005, or any subsequent APL on the topic, following the execution of the agreement. This does not automatically require the provider to be listed on a provider directory, nor does it require the inclusion of a Network Provider on network adequacy filings if such inclusion would be inappropriate due to timing or other circumstances, as discussed in APL 18-005.

For contract/rating periods commencing on or after July 1, 2019, when DHCS references Network Providers in guidance, information, instruction, or communications, it will refer to providers who meet the criteria outlined in this APL, unless expressly noted otherwise. MCPs must use the guidance provided in this APL and the checklist provided in Attachment A to update current Network Provider Agreement boilerplates for compliance before submitting to DHCS for review and approval. Note that this APL, including its attachment, is not an exhaustive list of all MCP duties related to Network Providers, and it is not intended to alter or limit an MCP's statutory and/or contractual obligations, nor does it limit an MCP's oversight obligations. MCPs are responsible for complying with all applicable state and federal law and contract requirements as well as DHCS guidance, including all applicable APLs and PLs.

A provider that does not meet the criteria for a Network Provider shall not be reported on the 274 file or as part of the MCP's network adequacy filings.

II. Written Network Provider Agreement Requirements

In order to ensure alignment with the DHCS criteria for Network Providers across applicable settings, all MCPs must ensure that their Network Provider Agreements comply with current and applicable Medi-Cal managed care contract requirements.

In accordance with the current Medi-Cal managed care contracts and 22 CCR Section 53250, all Network Provider Agreement boilerplates must be submitted to DHCS for review and approval before use. A checklist of the required elements for these agreements is included as Attachment A of this APL. Where an MCP's relationship with a Network Provider includes one or more sub-delegated entities or a hospital to hospital agreement, each Subcontractor agreement that links the MCP to the Network Provider must also comply with all applicable state and federal law and contract requirements as well as DHCS guidance, including all applicable APLs and PLs, in particular, but not limited to, those in Exhibit A, Attachment 6, Provision 14 and APL 17-004 (or any subsequent APL on the topic).

III. DHCS Review and Approval of Network Provider Agreement Boilerplate Compliance

As stated above, MCPs are required to submit Network Provider Agreement boilerplates that have been updated in accordance with the requirements in this APL to DHCS for review and approval prior to use. MCPs are also responsible for complying with all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including APLs and PLs, as they relate to Network Provider requirements and Network Provider Agreements.

MCPs will have 60 days from the release date of this APL to submit updated Network Provider Agreement boilerplates for hospital providers and 120 days from the release date of this APL to submit updated Network Provider Agreement boilerplates for non-hospital providers to their DHCS contract manager.

The timing for DHCS to review these Network Provider Agreement boilerplates will follow the current 60-day review timing requirements as outlined in the Medi-Cal managed care contract under Exhibit E, Attachment 3, Duties of the State, DHCS Approval Process.

If an MCP has a timing issue that would require a Network Provider Agreement boilerplate to be approved for use by DHCS sooner than the 60-day review period would allow, the MCP must notify its DHCS Contract Manager to arrange an alternate timing agreement.

IV. Directed Payment Impacts

All MCPs must comply with the terms of all directed payments approved by CMS in accordance with 42 CFR Section 438.6(c), as documented in CMS-approved preprints, state law, and/or as implemented by DHCS through APL or other similar guidance. All such guidance is available at the DHCS Directed Payments web page. If a Network Provider Agreement does not meet the Network Provider criteria set forth in this APL and/or in DHCS guidance regarding directed payments, the services provided under that agreement will not be eligible for directed payments for rating periods commencing on or after July 1, 2019. For pooled directed payments where DHCS retrospectively calculates final payments based on the actual reported utilization of eligible services, MCPs must continue to provide supplemental encounter/service-level data, in a manner and at times specified by DHCS. This information will aid in identifying the subset of services provided under a Network Provider Agreement that meet the Network Provider criteria set forth in this APL and/or in DHCS guidance regarding directed payments.

MCPs are responsible for ensuring that their delegates comply with all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including APLs and PLs. These requirements must be communicated by each MCP to all delegated entities and subcontractors.

Attachment(s)

ALL PLAN LETTER 19-001
Attachment A

Attachment A: Network Provider Agreement Boilerplate Checklist

This Attachment establishes a checklist for MCPs to use in connection with their development of Network Provider Agreement templates. It is not intended to alter or limit an MCP's statutory and/or contractual obligations, nor does it limit an MCP's oversight obligations. MCPs are responsible for complying with all applicable state and federal law and contract requirements as well as DHCS guidance, including all applicable All Plan Letters and Policy Letters.

Network Provider Agreements must contain:	
1	Specification of the services to be provided by the Network Provider. Citation: Managed Care Plan Contract (MCP Contract), Exhibit A, Attachment 6, Provision 14.B.1 and Title 22, CCR, Sections 53250(c)(1) and 53867.[1]
2	Specification that the Network Provider Agreement must be governed by and construed in accordance with all laws and applicable regulations governing the Contract between Contractor and DHCS. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.2 and Title 22, CCR, Sections 53250(c)(2) and 53867.
3	Specification that the Network Provider Agreement or its amendments will become effective only as set forth in Exhibit A, Attachment 6, Provision 13.C. Departmental Approval – Non-Federally Qualified HMOs, or 13.D, Departmental Approval – Federally Qualified HMOs. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.3 and Title 22, CCR, Sections 53250(c)(3) and 53867.
4	Specification of the term of the Network Provider Agreement, including beginning and ending dates, methods of extension, renegotiation, and termination. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.4 and Title 22, CCR, Sections 53250(c)(4) and 53867.
5	Language comparable to Exhibit A, Attachment 8, Provision 13. Contracting & Non-Contracting Emergency Service Providers & Post-Stabilization, for those Network Providers at risk for non-contracting emergency services. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.5.
6	Network Provider's agreement to submit reports as required by Contractor. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.6, Exhibit A, Attachment 3, Provision 2.C and 2.G, and Title 22, CCR, Sections 53250(c)(5) and 53867.

[1] Note that references to contract provisions in this document reflect changes made by the 2017 Final Rule amendment (identified as Package 42, an updated version of which was shared with MCPs in January 2018). To date, the amendment is pending approval by CMS and is anticipated to be finalized with minimal changes.

Back to Item
Back to Agenda
Back to Item

7	Specification that the Network Provider must comply with all monitoring provisions of the MCPs' contracts and any monitoring requests by DHCS. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.7, 42 CFR 438.3(h), and Title 22, CCR, Sections 53250(e)(1) and 53867.
8	Network Provider's agreement to make all of its premises, facilities, equipment, books, records, contracts, computer and other electronic systems pertaining to the goods and services furnished under the terms of the Network Provider Agreement, available for the purpose of an audit, inspection, evaluation, examination or copying, including but not limited to Access Requirements and State's Right to Monitor, as set forth in Exhibit E, Attachment 2, Provision 20. Inspection Rights: a) By DHCS, CMS, Department of Health and Human Services (DHHS) Inspector General, the Comptroller General, Department of Justice (DOJ), and Department of Managed Health Care (DMHC), or their designees. b) At all reasonable times at the Network Provider's place of business or at such other mutually agreeable location in California. c) In a form maintained in accordance with the general standards applicable to such book or record keeping. d) For a term of at least ten (10) years from the final date of the Contract period or from the date of completion of any audit, whichever is later. e) Including all Encounter Data for a period of at least ten (10) years. f) If DHCS, CMS, or the DHHS Inspector General determines there is a reasonable possibility of fraud or similar risk, DHCS, CMS, or the DHHS Inspector General may inspect, evaluate, and audit the Network Provider at any time. g) Upon resolution of a full investigation of fraud, DHCS reserves the right to suspend or terminate the Network Provider from participation in the Medi-Cal program; seek recovery of payments made to the Network Provider; impose other sanctions provided under the State Plan, and direct Contractor to terminate their Network Provider Agreement due to fraud. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.8, Exhibit E, Attachment 2, Provision 20, and 42 CFR 438.3(h).

9	Full disclosure of the method and amount of compensation or other consideration to be received by the Network Provider. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.9 and Title 22, CCR, Sections 53250(e)(2) and 53867.
10	Network Provider's agreement to maintain and make available to DHCS, upon request, copies of all sub-subcontracts and to ensure that all sub-subcontracts are in writing and require that the Network Provider: a) Make all premises, facilities, equipment, applicable books, records, contracts, computer, or other electronic systems related to this Contract, available at all reasonable times for audit, inspection, examination, or copying by DHCS, CMS, or the DHHS Inspector General, the Comptroller General, DOJ, and DMHC, or their designees. b) Retain such books and all records and documents for a term minimum of at least ten (10) years from the final date of the Contract period or from the date of completion of any audit, whichever is later. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.10.
11	Network Provider's agreement to assist Contractor in the transfer of care pursuant to Exhibit E, Attachment 2, Provision 14. Phase out Requirements, Subparagraph B in the event of contract termination. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.11.
12	Network Provider's agreement to assist Contractor in the transfer of care in the event of sub-subcontract termination for any reason. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.12.
13	Network Provider's agreement to notify DHCS in the event the agreement with the Contractor is amended or terminated. Notice is considered given when properly addressed and deposited in the United States Postal Service as first-class registered mail, postage attached. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.13 and Title 22, CCR, Sections 53250(e)(4) and 53867.
14	Network Provider's agreement that assignment or delegation of the Network Provider Agreement or Subcontract will be void unless prior written approval is obtained from DHCS. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.14 and Title 22, CCR, Sections 53250(e)(5) and 53867.
15	Network Provider's agreement to hold harmless both the State and Members in the event Contractor cannot or will not pay for services performed by the Network Provider pursuant to the Network Provider Agreement. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.15 and Title 22, CCR, Sections 53250(e)(6) and 53867.

16	Network Provider's agreement to timely gather, preserve and provide to DHCS, any records in the Network Provider's possession, in accordance with Exhibit E, Attachment 2, Provision 24. Records Related to Recovery for Litigation. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.16.
17	Network Provider's agreement to provide interpreter services for Members at all Provider sites. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.17.
18	Network Provider's right to submit a grievance and Contractor's formal process to resolve Provider Grievances. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.18.
19	Network Provider's agreement to participate and cooperate in Contractor's Quality Improvement System. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.19.
20	If Contractor delegates Quality Improvement activities, the Network Provider Agreement must include those provisions stipulated in Exhibit A, Attachment 4, Provision 6. Delegation of Quality Improvement Activities. Contractor and delegated entity (Network Provider) must include in their Network Provider Agreement, at minimum: 1) Quality improvement responsibilities, and specific delegated functions and activities of the Contractor and Network Provider. 2) Contractor's oversight, monitoring, and evaluation processes and Network Provider's agreement to such processes. 3) Contractor's reporting requirements and approval processes. The agreement must include Network Provider's responsibility to report findings and actions taken as a result of the quality improvement activities at least quarterly. 4) Contractor's actions/remedies if Network Provider's obligations are not met. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.20 and Exhibit A, Attachment 4, Provision 6.A.
21	Network Provider's agreement to comply with all applicable requirements of the DHCS, Medi-Cal Managed Care Program. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.21.
22	Network Provider's agreement to revoke the delegation of activities or obligations, or specify other remedies in instances where DHCS or Contractor determine that the Network Provider has not performed satisfactorily. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.22, 42 CFR 438.230(c)(iii), and Title 22, CCR, Sections 53250 and 53867.

23	To the extent that the Network Provider is responsible for the coordination of care for Members, Contractor's agreement to share with the Network Provider any utilization data that DHCS has provided to Contractor, and the Network Provider's agreement to receive the utilization data provided and use it as the Network Provider is able for the purpose of Member care coordination. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.23 and 42 CFR 438.208.
24	Contractor's agreement to inform the Network Provider of prospective requirements added by DHCS to Contractor's Contract with DHCS before the requirement would be effective, and Network Provider's agreement to comply with the new requirements within 30 days of the effective date, unless otherwise instructed by DHCS and to the extent possible. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.24.
25	A provision requiring Network Providers to submit to Contractor complete, accurate, reasonable, and timely provider data needed by Contractor in order for Contractor to meet its provider data reporting requirements to DHCS. Citation: MCP Contract, Exhibit A, Attachment 3, Provision 1; APL 16-019, and any subsequent updates.
26	A provision requiring Network Providers to submit to Contractor complete, accurate, reasonable, and timely Encounter Data needed by Contractor in order for Contractor to meet its encounter data reporting requirements to DHCS. Citation: MCP Contract, Exhibit A, Attachment 3, Provisions 2.C and 2.G.; APL 14-019, and any subsequent updates.
27	A provision prohibiting Network Providers from balance billing a Medi-Cal member. Citation: MCP Contract, Exhibit A, Attachment 8, Provision 6.
28	A provision stating that Contractor will provide cultural competency, sensitivity, and diversity training. Citation: MCP Contract, Exhibit A, Attachment 9, Provision 13.E.
29	A provision confirming a Network Provider's right to access Contractor's dispute resolution mechanism. Citation: Health & Safety Code §1367 (h)(1).
30	A provision requiring that Network Providers comply with language assistance standards developed pursuant to Health & Safety Code §1367.04.
31	A provision confirming that Network Providers are entitled to all protections afforded them under the Health Care Providers' Bill of Rights. Citation: Health & Safety Code §1375.7

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken December 6, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item

8. Consider Authorizing Amendments to the Health Network Medi-Cal Contracts and Policies and Procedures to Align with the Anticipated Whole-Child Model Implementation Date

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400

Recommended Actions

1. Authorize the Chief Executive Officer (CEO) to enter into amendments of the Medi-Cal health network contracts, with the assistance of Legal Counsel, to:
    a. Postpone the payment of capitation for the Whole-Child Model (WCM) until the new program implementation date of July 1, 2019 or the Department of Health Care Services (DHCS)-approved commencement date of the CalOptima WCM program, whichever is later;
    b. Authorize the continued payment to fund the Personal Care Coordinators at existing levels for WCM members for the period January 1, 2019 - June 30, 2019;
    c. Extend the health network contracts to June 30, 2020, with CalOptima retaining the right to implement rate changes, whether upward or downward, based on rate changes implemented by the State; and
2. Authorize modification of existing WCM-related Policies and Procedures to be consistent with the DHCS-approved commencement date of the CalOptima WCM program.

Background

The California Children's Services (CCS) Program is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children (to age 21) meeting financial and health condition eligibility criteria. On September 25, 2016, Governor Brown signed Senate Bill (SB) 586 into law, which authorizes the California Department of Health Care Services (DHCS) to incorporate CCS services into Medi-Cal managed care plan (MCP) contracts for county organized health systems (COHS). This transition is referred to as the WCM program. WCM's goals include improving coordination and integration of services to meet the needs of the whole child, retaining CCS program standards, supporting active family participation, and maintaining member-provider relationships, where possible.

DHCS is implementing the WCM program on a phased-in basis, with implementation for Orange County originally scheduled to begin no sooner than January 1, 2019. On that date, CalOptima was to assume financial responsibility for the authorization and payment of CCS-eligible medical services, including service authorizations activities, claims management (with some exceptions), case management, and quality oversight.

Back to Item
Back to Agenda
Back to Item

To that end, CalOptima has been working with the DHCS to define and meet the requirements of implementation. Of importance to the DHCS, is the sufficiency of the contracted CCS-paneled providers to serve members with CCS-eligible conditions and the assurance that all members have access to these providers. On November 9, the State notified CalOptima that the transition of the Whole-Child Model in Orange County will be delayed until DHCS approved commencement date of the CalOptima WCM program, currently anticipated for July 1, 2019.

The State has determined that additional time is needed to plan the transition of the CCS membership due to the large number of members with CCS eligible conditions and the complexities associated the delegated delivery model. With nearly 13,000 members with CCS eligible conditions, CalOptima has the largest membership transitioning to WCM.

The health network contracts currently expire on June 30, 2019, which is prior to the currently targeted implementation date for the WCM. These contracts are typically extended on a year-to-year basis after the Board has approved an extension. The health networks each sign amendments reflecting any new terms and conditions. The currently anticipated July 1, 2019 effective date coincides with the start of the State's fiscal year and the amendment includes modification to capitation rates, if applicable, based on changes from DHCS, and any regulatory and other changes as necessary. The State typically provides rates to CalOptima in April or May, which is close to the start of the next fiscal year. The timing has made it difficult to analyze, present, vet and receive signed amendments from health networks prior to the beginning of the next year.

Discussion

In anticipation of the original January 1, 2019 WCM program implementation, staff issued health network amendments specifying the terms of participation in the WCM program. The amendment includes CalOptima's responsibility to pay WCM capitation rates effective January 1, 2019. With the delay in implementation of the WCM for six months, staff requests authority to amend the health network contracts such that the obligation to pay capitation rates for WCM services will take effect with the new anticipated commencement date to be approved by the state, currently anticipated to be July 1, 2019. WCM related policy and procedures will also be updated to reflect the new implementation date.

In addition, the Board authorized the funding the health networks for Personal Care Coordinators (PCC) for members with CCS eligible conditions. The payment for the PCCs began in October 2018 to the health networks to hire and train coordinators prior to the then anticipated program implementation date of January 1, 2019. Most of the health networks have hired the coordinators in anticipation of the original effective date. Because the late notification of the delay in the WCM start date in Orange County, and the health networks commitment to hire staff, staff recommends that the funding be continued at the prescribed level until the beginning of the program. At that time, the funding will be adjusted, to reflect the quality of the services provided by the health networks.

As noted above, health network contracts currently are set to terminate on June 30, 2019, which is prior to the anticipated commencement date of the CalOptima WCM program. In order to obtain health network commitment to the WCM program and allow the networks to adequately review and comment

on any changes to the contracts for the next fiscal year, staff is asking for authority to extend the contracts through June 30, 2020. Staff also requests the authority to amend the health network contracts to adjust capitation rates retroactively to the DHCS-approved commencement date of the CalOptima WCM program once the State rates have been received and analyzed.

Fiscal Impact

The Fiscal Year (FY) 2018-19 Operating Budget approved by the Board on June 7, 2018, included revenues, medical expenses and administrative expenses with an anticipated implementation date of January 1, 2019. Due to the delayed implementation date, WCM program revenues and expenses, with the exception of start-up and PCC costs, are currently expected to begin on July 1, 2019. Therefore, the recommended action to postpone the capitation payments for the WCM program until the new implementation date of July 1, 2019, is expected to be budget neutral.

The fiscal impact of payments to PCCs at existing levels for WCM members for the period of January 1, 2019, through June 30, 2019, is projected at $672,000. Management anticipates that the fiscal impact of the total start-up and PCC costs related to the WCM program through June 30, 2019, are budgeted and will have no additional fiscal impact to the Medi-Cal operating budget.

The recommended action to extend health network contracts to June 30, 2020, is budget neutral for the remainder of FY 2018-19. Management will include any associated expenses related to the contract extensions in the FY 2019-20 Operating Budget.

Rationale for Recommendation

The recommended action will clarify and facilitate the implementation of the Whole Child Model effective upon the DHCS-approved commencement date of the CalOptima WCM program, currently anticipated to be July 1, 2019. This will also allow the health networks adequate time to review and analyze any changes to the contract which may be required.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken August 2, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item

5. Consider Authorizing Amendment of the CalOptima Medi-Cal Physician Hospital Consortium Health Network Contracts for AMVI Care Health Network, Family Choice Network, and Fountain Valley Regional Medical Center

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400
Greg Hamblin, Chief Financial Officer, (714) 246-8400

Recommended Actions

Authorize the Chief Executive Officer (CEO), with the assistance of Legal Counsel. to enter into contract amendments of the Physician Hospital Consortium (PHC) health network contracts, for AMVI Care Health Network, Family Choice Network, and Fountain Valley Regional Medical Center to:

1. Modify the rebased capitation rates for the Medi-Cal Classic population, effective January 1, 2019, as authorized in a separate Board action;
2. Modify capitation rates effective January 1, 2019, to include rates associated with the Whole Child Model program to the extent authorized by the Board of Directors in a separate Board action;
3. Amend the contract terms to reflect applicable regulatory changes and other requirements associated with the Whole-Child Model (WCM); and
4. Extend contracts through June 30, 2019.

Background

CalOptima pays its health networks according to the same schedule of capitation rates, which are adjusted by Medi-Cal aid category, gender and age. The actuarial cost model, upon which the rates are based, was developed by consultant Milliman Inc. utilizing encounter and claims data. CalOptima periodically increases or decreases the capitation rates to account for increases or decreases in capitation rates from the Department of Health Care Services (DHCS) or to account for additional services to be provided by the health networks. An example of this is the recent capitation rate change to account for the transition of the payment of Child Health Disability Program (CHDP) services from CalOptima to the health networks.

It is incumbent on CalOptima to periodically review the actuarial cost model to ensure that the rate methodology, and the resulting capitation rates, continue to allocate fiscal resources commensurate with the level of medical needs of the populations served. This review and adjustment of capitation rates is referred to as rebasing. Staff has worked with Milliman Inc. to develop a standardized rebasing methodology that was previously adopted and approved by CalOptima and the provider community.

The California Children's Services (CCS) Program is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children (to age 21) meeting financial and health condition eligibility criteria. On September 25, 2016, Governor Brown signed

Senate Bill 586 into law, which authorizes DHCS to incorporate CCS services into Medi-Cal Managed Care Plan (MCP) contracts for county organized health systems (COHS). This transition is referred to as the Whole-Child Model (WCM). WCM's goals include: improving coordination and integration of services to meet the needs of the whole child; retaining CCS program standards; supporting active family participation; and maintaining member-provider relationships where possible.

DHCS is implementing WCM on a phased basis; Orange County's implementation will be no sooner than January 1, 2019. Based on this schedule, CalOptima will assume responsibility for authorization and payment of CCS-eligible medical services including service authorization activities, claims (with some exceptions), case management, and quality oversight. At the June 7, 2018 Board meeting, staff received authority to proceed with several actions related to the WCM program including carving CCS services into the health network contract.

At the June 7, 2018 Board meeting, the Board of Directors authorized the extension of the health network contracts through December 31, 2018. The six-month extension, as opposed to the normal one-year extension, was made to allow staff to review, adjust and vet capitation rates and requirements associated with the transition of the CCS program from the State and County to CalOptima and the complete the capitation rate rebasing initiative. Both of these program changes are effective January 1, 2019.

Discussion

Rebasing: CalOptima last performed a comprehensive rate rebasing in 2009. The goal of rebasing is to develop actuarially sound capitation rates that properly aligns capitation payments to a provider's delegated risks. To ensure that providers are accurately and sufficiently compensated, rebasing should be performed on a periodic basis to account for any material changes to medical costs and utilization patterns. To that end, staff has been working with Milliman Inc. to analyze claims utilization data and establish updated capitation rates that reflect more current experience. As proposed, only professional and hospital capitation rates for the Medi-Cal Classic population are being updated through this rebasing effort. Staff requests authority to amend the health network contracts to reflect the new rebased capitation rates effective January 1, 2019.

WCM: To ensure adequate revenue is provided to support the WCM program, CalOptima will develop actuarially sound capitation rates that are consistent with the projected risks that will be delegated to capitated health networks and hospitals. CalOptima also recognizes that medical costs for CCS members can be highly variable and volatile, possibly resulting in material cost differences between different periods and among different providers. To mitigate these financial risks and ensure that networks will receive sufficient and timely compensation, management proposes that CalOptima implement two retrospective reimbursement mechanisms: (1) Interim reimbursement for catastrophic cases; and (2) Retrospective risk corridor.

WCM incorporates requirements from SB 586 and CCS into Medi-Cal Managed Care. Many of these WCM requirements will include new requirements for the health networks. Included is the requirement that the health networks will be required to use CCS paneled providers and facilities to treat children and youth for their CCS condition. Continuity of care provisions and minimum provider rate requirements (unless provider has agreed to different rates with health network) are also among the health network requirements.

Staff requests authority to incorporate the WCM rates and requirements into the health network contracts.

Extension of the Contract Term. Staff requests authority to amend the Medi-Cal contracts to extend the contracts through June 30, 2019.

Fiscal Impact

The recommended action to modify capitation rates, effective January 1, 2019, associated with rebasing is projected to be budget neutral to CalOptima. The rebased capitation rates are not projected to materially change CalOptima's aggregate capitation expenses. Management has included expenses associated with rebased capitation rates in the CalOptima FY 2018-19 Operating Budget approved by the Board on June 7, 2018.

The recommended action to amend health network contracts, effective January 1, 2019, to include rates associated with the WCM program is a budgeted item. Management has included projected revenues and expenses associated with the WCM program in the CalOptima FY 2018-19 Operating Budget approved by the Board on June 7, 2018. Based on draft capitation rates received from DHCS on April 27, 2018, staff estimates the total annual WCM program costs at approximately $274 million. However, given the high acuity and medical utilization associated with a relatively small CCS population, costs for the program are difficult to predict and likely to be highly volatile. CalOptima staff will continue to work closely with DHCS to ensure that Medi-Cal revenue will be sufficient to support the WCM program.

Rationale for Recommendation

CalOptima staff recommends these actions to: reflect changes in rates and responsibilities in accordance with the CalOptima delegated model; to maintain and continue the contractual relationship with the provider network; and to fulfill regulatory requirements.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 7, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item

45. Consider Actions Related to CalOptima's Whole-Child Model Program

Contact

Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Actions

1. Authorize CalOptima staff to develop an implementation plan to integrate California Children's Services into its Medi-Cal program in accordance with the Whole Child Model (WCM), and return to the Board for approval after developing draft policies, and completing additional analysis and modeling prior to implementation;
2. Authorize and direct the Chief Executive Officer (CEO), with assistance of Legal Counsel, to execute a Memorandum of Understanding (MOU) with Orange County Health Care Agency (OC HCA for coordination of care, information sharing and other actions to support WCM activities; and
3. In connection with development of the Whole Child Model Family Advisory Committee:
    a. Direct the CEO to adopt new Medi-Cal policy AA.1271: Whole Child Model Family Advisory Committee; and,
    b. Appoint the following ~~eleven~~ individuals to the Whole-Child Model Family Advisory Committee (WCM FAC) for one or two-year terms as indicated or until a successor is appointed, beginning July 1, 2018:

Rev. 6/7/2018

        i. Family Member Representatives:
            a) Maura Byron for a two-year term ending June 30, 2020;
            b) Melissa Hardaway for a one-year term ending June 30, 2019;
            c) Grace Leroy-Loge for a two-year term ending June 30, 2020;
            d) Pam Patterson for a one-year term ending June 30, 2019;
            e) Kristin Rogers for a two-year term ending June 30, 2020; and
            f) Malissa Watson for a one-year term ending June 30, 2019.
        ~~ii. Community Representatives:~~
            ~~a) Michael Arnot for a two-year term ending June 30, 2020;~~
            ~~b) Sandra Cortez-Schultz for a one-year term ending June 30, 2019;~~
            ~~c) Gabriela Huerta for a two-year term ending June 30, 2020; and~~
            ~~d) Diane Key for a one-year term ending June 30, 2019.~~

6/7/2018: Continued to future Board meeting.

Background

The California Children's Services (CCS) Program is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children (to age 21) meeting financial and health condition eligibility criteria. On September 25, 2016, Governor Brown signed Senate Bill 586 into law, which authorizes DHCS to incorporate CCS services into Medi-Cal managed care plan (MCP) contracts for county organized health systems (COHS). This transition is referred to as the Whole-Child Model (WCM). WCM's goals include improving coordination and

integration of services to meet the needs of the whole child; retaining CCS program standards; supporting active family participation; and, maintaining member-provider relationships, where possible.

DHCS is implementing WCM on a phased basis; Orange County's implementation will be no sooner than January 1, 2019. Based on this schedule, CalOptima will assume financial responsibility for authorization and payment of CCS-eligible medical services including service authorization activities, claims (with some exceptions), case management, and quality oversight. DHCS will retain responsibility for program oversight, CCS provider paneling, and claims payment for CCS eligible Neonatal Intensive Care Unit (NICU) services. OC HCA will remain responsible for CCS eligibility determination for all children and for CCS services for non-Medi-Cal members (e.g., those who exceed the Medi-Cal income thresholds and undocumented children who transition out of MCP when they turn 18). OC HCA will also remain responsible for Medical Therapy Program (MTP) services and the Pediatric Palliative Care Waiver.

WCM will incorporate requirements from SB 586 and CCS into the Medi-Cal managed care plans. New requirements under WCM will include, but not be limited to:

- Using CCS paneled providers and facilities to treat children and youth for their CCS condition, including network adequacy certification;
- Offering continuity of care (e.g., durable medical equipment, CCS paneled providers) to transitioning members;
- Paying CCS or Medi-Cal rates, whichever is higher, unless provider has agreed to a different contractual arrangement;
- Offering CCS services including out-of-network, out-of-area, and out-of-state, including Maintenance & Transportation (travel, food and lodging) to access CCS services;
- Executing Memorandum of Understanding with OC HCA to support coordination of services;
- Permitting selection of a CCS paneled specialist to serve as a CCS member's Primary Care Provider (PCP);
- Establishing Pediatric Health Risk Assessment (P-HRA), associated risk stratification, and individual care planning process;
- Establishing WCM clinical and member/family advisory committees; and,
- Reporting in accordance with WCM specific requirements.

For the requirements, CalOptima will rely on SB 586 and DHCS guidance provided through All Plan Letters (APL) and current and future CCS requirements published in the CCS Numbered Letters. Additional information will be provided in DHCS contact amendments, readiness requirements, and other regulatory releases.

On November 2, 2017, the CalOptima Board of Directors authorized establishment of the WCM FAC. The WCM FAC is comprised of eleven (11) voting seats.

1. Seven (7) to nine (9) seats shall be seats for family representatives, with a priority to family representatives (i.e., if qualifying family candidates are available, all nine (9) seats will be filled by family members). Family representatives will be in the following categories:
   a. Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
   b. CalOptima members age 18 - 21 who are current recipients of CCS services; or

   c. Current CalOptima members age of 21 and over who transitioned from CCS services.
2. Two (2) to four (4) of the seats shall represent the interests of children receiving CCS including
   a. Community-based organizations; or
   b. Consumer advocates.

While two (2) of the WCM-FAC's eleven (11) seats are designated for community-based organizations or consumer advocates, WCM-FAC candidates representing these two groups may be considered for up to two additional WCM-FAC seats in the event that there are not sufficient family representative candidates to fill the family seats.

Except for the initial appointments, WCM FAC members will serve two-year terms, with no limits on the number of terms a representative may serve, provided they meet applicable criteria. The initial appointment will be divided between one- and two-year terms to stagger reappointments. In the first year, five (5) committee member seats will be appointed for a one-year term and six (6) committee members seats will be appointed for two-year terms.

Discussion

Throughout the years, CalOptima staff has monitored regulatory and industry discussions on the possible transition of CCS services to the managed care plans, including participation in DHCS CCS stakeholder meetings. In 2013, the Health Plan of San Mateo, in partnership with the San Mateo County Health System, became the first CCS demonstration project under California's 1115 "Bridge to Reform" Waiver. In 2014, DHCS formally launched its stakeholder process for *CCS Redesign*, which later became known as the *Whole Child Model*.

CalOptima began meeting with OC HCA in early 2016 to learn about CCS and, more broadly, to share information about CalOptima programs supporting our mutual members. CalOptima conducted its first broad-based stakeholder meeting in March 2016 and launched its WCM stakeholder webpage in 2016. Since that time, CalOptima has shared WCM information and vetted its WCM implementation strategy with stakeholders at events and meetings hosted by CalOptima and others. In January 2018, CalOptima hosted a WCM event for local stakeholders that included presentations by DHCS and CalOptima leadership. Six (6) family-focused stakeholder meetings were held throughout the county in February 2018. CalOptima health networks and providers have also been engaged through Provider Advisory Committee meetings, Provider Associations, Health Network Joint Operations Meetings, and Health Network Forum Meetings. CalOptima has scheduled WCM-specific meetings with health networks to support the implementation and provide a venue for them to raise questions and concerns.

Implementation Plan Elements

Delivery Model

As CCS has been carved-out of CalOptima's Medi-Cal managed care plan contract with DHCS, it has similarly been carved-out of CalOptima's health network contracts. CalOptima considered several options for WCM service delivery including: 1) requiring all CCS participants to be enrolled in CalOptima's direct network (rather than a delegated health network); 2) retaining the current health network carve-out for CCS services, while allowing members to remain enrolled in a delegated health network; or, 3) carving CCS services into the health network division of financial responsibility (DOFR) consistent with their current contract model.

Requiring enrollment in CalOptima Direct could potentially break relationships with existing health network contracted providers and disrupt services for non-CCS conditions. Carving CCS services out of health network responsibility, while allowing members to remain assigned to a health network, would continue the siloed service delivery CCS children currently receive and, therefore, not maximize achievement of the "whole-child" goal. Carving the CCS services into the health networks according to the current health network contract models is most consistent with the WCM goals and existing delivery model structure. For purposes of this action, the CalOptima Community Network (CCN) would be considered a health network.

Health Network Financial Model
CalOptima has worked closely with the DHCS to ensure adequate Medi-Cal revenue to support the WCM and actuarially sound provider and health network rates. For the WCM, DHCS will establish capitation that will include CCS and non-CCS services. However, only limited historical CCS claims payment detail is available. In order to mitigate health network financial risk due to potentially costly outliers, CalOptima staff is considering, with the exception of Kaiser, to:

- Expand current policy that transitions clinical management and financial risk of CalOptima medical members diagnosed with hemophilia, in treatment for end stage renal disease (ESRD), or receiving an organ transplant from the health network to CCN to include Medi-Cal members under 21;
- Establish an estimated capitation rate, similar to the DHCS methodology, that includes CCS and non-CCS services and develop a medical loss ratio (MLR) risk corridor; and
- Modify existing or establish new policies related to payment of services for members enrolled in a shared risk group, reinsurance, health-based risk adjusted capitation payment, shared risk pool, and special payments for high-cost exclusions and out-of-state CCS services.

The estimated capitation rate for the health networks, excluding Kaiser, will be established based on known methodologies and data provided by DHCS. Capitation will include services based on the current health network structure and division of responsibility. Also built into the rates will be the requirement that at a minimum, the Medi-Cal or CCS fee-for-service rate, whichever is higher, will be utilized, unless an alternate payment methodology or rate is mutually agreed to by the CCS provider and the health network. CalOptima staff will review the capitation rate structure with the health networks once final rates are received from DHCS and analyzed by CalOptima staff. In the interim, CalOptima staff will develop, with input from the health networks, the upper and lower limits of the MLR risk corridor and reconciliation process. Current policy regarding high-cost medical exclusions will also be discussed. Separate discussions will occur with Kaiser, as its capitation rate structure is different than the other health networks. CalOptima staff will return to the Board with future recommendations, as required.

Clinical Operations
CalOptima will be responsible for providing CCS-specific case management, care coordination, provider referral, and service authorization to children with a CCS condition. CalOptima will conduct risk stratification, health risk assessment and care planning. For transitioning members, CalOptima will also be responsible for ensuring continuity of services, for example, CCS professional services, durable medical equipment and pharmacy.

While many services currently provided to children enrolled in CCS are covered by CalOptima for non-CCS conditions, the transition to WCM will incorporate new responsibilities to CalOptima including authorizing High-Risk Infant Follow-Up (HRIF), and NICU, and new benefits such as Cochlear implants Maintenance and Transportation services when applicable, to the child and/or family. Maintenance and Transportation services include meals, lodging, transportation, and other necessary costs (i.e. parking, tolls, etc.).

CalOptima will also be responsible for facilitating the transition of care between the County and CalOptima case management and following State requirements issued to the County, in the form of Numbered Letters, in regard to CCS administration and implementation. An example of this would be implementing the County's process for transitioning out of the program children currently enrolled in CCS but who will not be eligible once they turn twenty-one (21).

CalOptima may modify existing or establish new policies to implement WCM. These may include policies related to, for example, CCS comprehensive case management, risk stratification, health risk assessment, continuity of care, authorization for durable medical equipment (including wheelchairs) and pharmacy. CalOptima staff will return to the Board with future recommendations as required.

Provider Impact and Network Adequacy
The State requires plans, and their delegates, to have an adequate network of CCS-paneled and approved providers to serve to children enrolled in CCS. During the timeframe given for readiness and as an ongoing process, CalOptima will attempt to contract with as many CCS providers on the State-provided list and located in Orange County as possible. CalOptima is attempting to contract with all CCS providers in Orange County and specialized providers outside Orange County currently providing services to CalOptima members. Historically, CalOptima has paid, and expects to continue to pay, contracted CCS specialists an augmented rate to support participation and coordination of CalOptima and CCS services. This process is based on previous Board Action and reflected in Policy FF.1003: Payments for Covered Services Rendered to a Member of CalOptima Direct or a Member Enrolled in a Shared Risk Group.

CalOptima may modify existing or establish new policies to implement WCM. These may include policies related to, for example, access and availability standards, credentialing, primary care provider assignment, CalOptima staff will return to the Board with future recommendations as required.

<u>Memorandum of Understanding (MOU)</u>
Leveraging the DHCS WCM MOU template, CalOptima and OC HCA staff have worked in partnership to develop a new WCM MOU to reflect shared needs and to serve as the primary vehicle for ensuring collaboration between CalOptima and OC HCA in serving our joint CCS members. The MOU identifies each party's responsibilities and obligations based on their respective scope of responsibilities as they relate to CCS eligibility and enrollment, case management, continuity of care, advisory committees, data sharing, dispute management, NICU and quality assurance.

<u>Whole Child Model Family Advisory Committee (WCM FAC)</u>
In connection with the November 2, 2017 Board Action described above, CalOptima staff developed new Medi-Cal policy AA.1271: Whole Child Model Family Advisory Committee to establish policies and procedures related to development and on-going operations of the WCM FAC, Staff recommends Board approval of AA.1271: Whole Child Model Family Advisory Committee.

To identify nominees for the WCM FAC for Board consideration, CalOptima conducted recruitment to ensure that there would be a diverse applicant pool from which to choose candidates. The recruitment included several notification methods, sending outreach flyers to community-based organizations (CBOs) and OC HCA CCS staff for distribution to CCS members and their families, targeting outreach at six (6) CalOptima hosted WCM family events and at community meetings, and posting information on the WCM Stakeholder Information and WCM Family Advisory Committee pages on CalOptima's website. A total of sixteen (16) applications (eight (8) in each category) were received from fifteen (15) individuals (one (1) individual applied for a seat in both categories).

As the WCM FAC is in development, CalOptima requested members of CalOptima's Member Advisory Committee (MAC) to serve as the Nomination Ad Hoc Subcommittee (Subcommittee). Prior to the MAC Nominations Ad Hoc meeting on April 19, 2018, Subcommittee members evaluated each application. The Subcommittee, including Connie Gonzalez, Jaime Munoz and Christine Tolbert, selected a candidate for each of the seats. All eligible applicants for a Family Representative seat were recommended. (One (1) of the eight (8) applicants was not eligible as she did not have family or personal experience in CCS.) At the May 10, 2018 meeting, the MAC considered and accepted the recommended slate of candidates, as proposed by the Subcommittee.

Candidates for the open positions are as follows:
Family Representatives

1. Maura Byron for a two-year term ending June 30, 2020;
2. Melissa Hardaway for a one-year term ending June 30, 2019;
3. Grace Leroy-Loge for a two-year term ending June 30, 2020;
4. Pam Patterson for a one-year term ending June 30, 2019;
5. Kristin Rogers for a two-year term ending June 30, 2020; and
6. Malissa Watson for a one-year term ending June 30, 2019.

Maureen Byron is the mother of a young adult who is a current CCS client. Ms. Byron became involved in the CCS Parent Advisory Committee resulting in her being hired by Family Support Network (FSN). At FSN, she is a parent mentor assisting families of children with complex health care needs to maneuver in the system and secure services. In addition, she responds to families' questions and provides peer and emotional support.

Melissa Hardaway is the mother of a special needs child who receives CCS services. Ms. Hardaway is familiar with the health care industry as a health care professional and a broker. She believes her understanding of managed care and her advocacy experience for her child will benefit her to assist families of children in CCS.

Grace Leroy-Loge is the mother of an adolescent receiving CCS services. Ms. Leroy-Loge works as the Family Support Liaison at CHOC Children's Hospital NICU where she assists families of children with medically complex needs to advocate for their children. She has served in the community on several committees, such as the parent council of CCS, Make-a-Wish Medical Advisory Committee and Orange County Children's Collaborative.

Pam Patterson is the mother of a special needs adolescent receiving CCS. Ms. Patterson is a special needs attorney and a constitutional law attorney. She has many years of experience advocating for her child with CCS and the Regional Center of Orange County. Ms. Patterson is also very active in the community.

Kristin Rogers is the mother of a young teenager who receives CCS services. Ms. Rogers explained that because she encountered difficulties obtaining the correct health care coverage for her child, she wants to educate others with similar situations on how to obtain appropriate coverage. Ms. Rogers is an active volunteer at CHOC.

Malissa Watson is the mother of a child that receives CCS services. Ms. Watson's desire is to help families navigate CCS and CalOptima. Ms. Watson is active in the community, serving on the CHOC Hospital Parent Advisory Committee and mentoring other parents.

~~*CBO/Advocate Representatives*~~

1. ~~Michael Arnot for a two-year term ending June 30, 2020;~~
2. ~~Sandra Cortez-Schultz for a one-year term ending June 30, 2019;~~
3. ~~Gabriela Huerta for a two-year term ending June 30, 2020; and~~
4. ~~Diane Key for a one-year term ending June 30, 2019.~~

~~Michael Arnot is the Executive Director for Children's Cause Orange County, an organization that provides evidence-based therapeutic intervention for children with traumatic stress, such as trauma from medical procedures from co-occurring health conditions covered under CCS. Mr. Arnot has extensive experience working with children in varying capacities.~~

~~Sandra Cortez-Schultz is the Customer Service Manager at CHOC Children's Hospital. Ms. Cortez-Schultz is responsible for ensuring that the families of medically complex children receive the appropriate care and treatment they require. She is also the Chair of CHOC's Family Advisory Council. Ms. Cortez-Schultz has over 25 years of experience working directly and indirectly at varying levels with the CCS program.~~

~~Gabriela Huerta is a Lead Case Manager, California Children's Services/Regional Center for Molina Healthcare, Inc. Ms. Huerta is responsible for health care management and coordination of services for CCS members, including assessments, intervention, planning and development of member centric plans and coordination of care. She has expertise in CCS as a carve-out benefit as well as a managed care benefit.~~

~~Diane Key is the Director of Women's and Children's Services for UCI Medical Center. Ms. Key has over 30 years of experience working in women and children's services in clinical nursing and leadership oversight positions. She has knowledge of CCS standards, eligibility criteria and facility requirements. In addition, she understands the physical, psycho-social and developmental needs of CCS children.~~

6/7/2018: Continued to future Board meeting.

Staff recommends Board approval of the proposed nominees for the WCM FAC.

Fiscal Impact

The recommended action to approve the implementation plan for the WCM program carries significant financial risks. Based on draft capitation rates received from DHCS on April 27, 2018, staff estimates the total annual program costs for WCM at $274 million. Management has included projected revenues and expenses associated with the WCM program in the proposed CalOptima FY 2018-19 Operating Budget pending Board approval. However, given the high acuity and medical utilization associated with a relatively small CCS population, costs for the program are difficult to predict and likely to be volatile. CalOptima will continue to work closely with DHCS to ensure that Medi-Cal revenue will be sufficient to support the WCM program.

Rationale for Recommendation

The recommended actions will enable CalOptima to operationally prepare for the anticipated January 1, 2019, transition of California Children's Services to Whole-Child Model.

Concurrence

Gary Crockett, Chief Counsel

Whole-Child Model (WCM) Implementation Plan

Board of Directors Meeting

June 7, 2018

Candice Gomez, Executive Director

Program Implementation

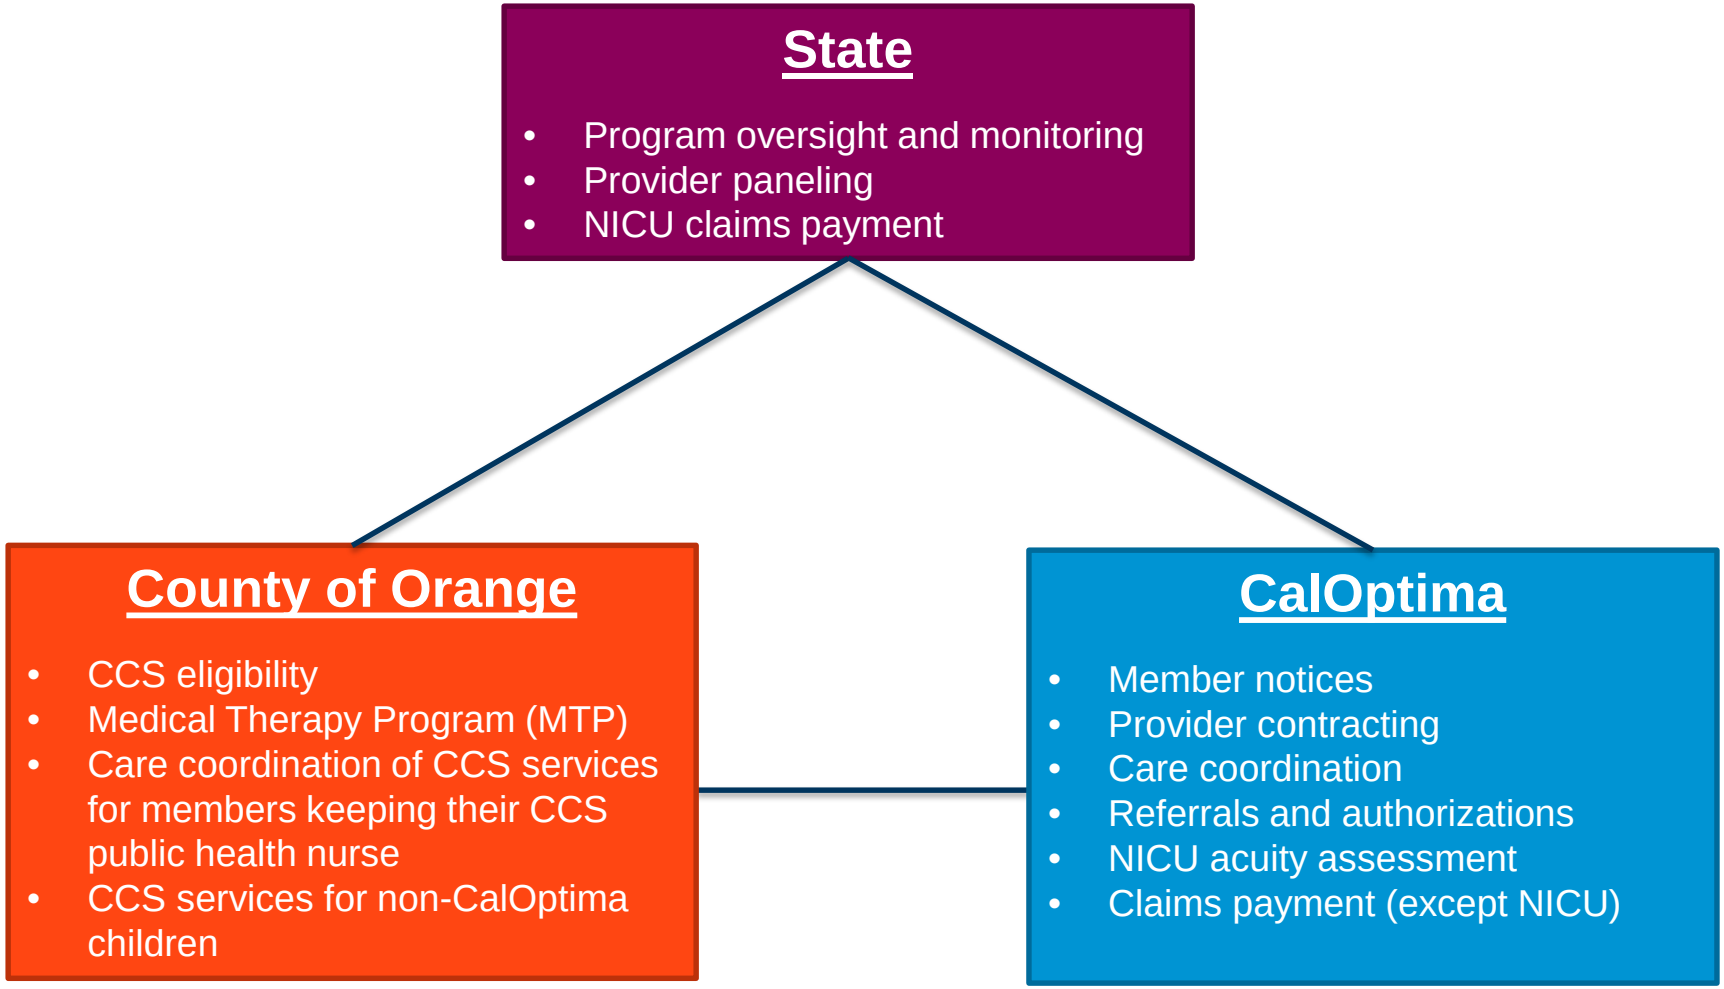
CalOptima
A Public Agency
Better. Together.

Background

Whole-Child Model (WCM) Overview

- California Children's Services (CCS) is a statewide program providing medical care and case management for children under 21 with certain medical conditions
  - Locally administered by Orange County Health Care Agency
- The Department of Health Care Services (DHCS) is implementing WCM to integrate the CCS services into select Medi-Cal plans
  - CalOptima will implement WCM effective January 1, 2019

Division of WCM Responsibilities



WCM Transition Goals

- Improve coordination and integration of services to meet the needs of the whole child
- Retain CCS program standards
- Support active family participation
- Establish specialized programs to manage and coordinate care
- Ensure care is provided in the most appropriate, least restrictive setting
- Maintain existing patient-provider relationships when possible

CCS Demographics

- About 13,000 Orange County children are receiving CCS services
  - ➢ 90 percent are CalOptima members

Languages	City of Residence (Top 5)
• Spanish = 48 percent • English = 44 percent • Vietnamese = 4 percent • Other/unknown = 4 percent	• Santa Ana = 23 percent • Anaheim = 18 percent • Garden Grove = 8 percent • Orange = 6 percent • Fullerton = 4 percent

WCM Requirements

- Required use of CCS paneled providers and facilities, including network adequacy certification
- Memorandum of Understanding with OC HCA to support coordination of services
- Maintenance & Transportation (travel, food and lodging) to access CCS services
- WCM specific reporting requirements
- Permit selection of a CCS paneled specialist to serve as a CCS member's Primary Care Provider (PCP)
- Establish WCM clinical and member/family advisory committees

2018 Stakeholder Engagement to Date

- January 25– General stakeholder event (93 attendees)
- February 26 -28 – Six family events (87 attendees)
- Provider focused presentations and meetings:
  - Hospital Association of Southern California
  - Safety Net Summit - Coalition of Orange County Community Health Centers
  - Pediatrician focused events hosted by Orange County Medical Association Pediatric Committee and Health Care Partners
  - Health Network convenings including Health Network Forum, Joint Operations Meetings and on-going workgroups
- Speakers Bureau and community meetings

Implementation Plan Elements

Proposed Delivery Model

- Leverage existing delivery model using health networks, subject to Board approval
  - Reflects the spirit of the law to bring together CCS services and non-CCS services into a single delivery system

- Using existing model creates several advantages
  - Maintains relationships between CCS-eligible children, their chosen health network and primary care provider
  - Improves clinical outcomes and health care experience for members and their families
  - Decreases inappropriate medical and administrative costs
  - Reduces administrative burden for providers

Financial Approach

- DHCS will establish a single capitation rate that includes CCS and non-CCS services
- Limited historical CCS claims payment detail available
- CalOptima Direct and CalOptima Community Network
  - Follow current fee-for-service methodology and policy
  - CCS paneled physicians are reimbursed at 140% Medi-Cal
- Health Network
  - Keep health network risk and payment structure similar to current methodologies in place
  - Develop risk corridors to mitigate risk

Clinical Operations

- Providing CCS-specific case management, care coordination, provider referral and authorizations

- Supporting new services such as High-Risk Infant Follow-Up authorization, Maintenance and Transportation (lodging, meals and other travel related services)

- Facilitating transitions of care
  - Risk stratification, health risk assessment and care planning for children and youth transitioning to WCM
  - Between CalOptima, OC HCA and other counties
  - Age-out planning for members who will become ineligible for CCS when they turn 21 years of age

Provider Impact and Network Adequacy

- CalOptima and delegated networks must have adequate network of CCS paneled and approved providers
  - CCS panel status will be part of credentialing process
  - CCS members will be able to select their CCS specialists as primary care provider
  - CalOptima is in process of contracting with CCS providers in Orange County and specialized providers outside of county providing services to existing members
  - Documentation of network adequacy will be submitted to DHCS by September 28, 2018

Memorandum of Understanding (MOU)

- DHCS requires CalOptima and Orange County Health Care Agency to develop WCM MOU to support collaboration and information sharing
  - Leverage DHCS template
  - Outlines responsibilities related:
    - CCS eligibility and enrollment
    - Case management
    - Continuity of care
    - Advisory committees
    - Data sharing
    - Dispute management
    - NICU
    - Quality assurance

WCM Family Advisory Committee

- CalOptima must establish a WCM Family Advisory Committee per Welfare & Institutions Code § 14094.17
- November 2, 2017 Board authorized development of committee
  - Eleven voting seats
    - Seven to nine family representative seats
    - Two to four community-based organizations or consumer advocates
    - Priority to family representatives
  - Two-year terms, with no term limits
    - Staggered terms
    - In first year, five seats for one-year term and six seats for two-year term
  - Approval requested for AA.1271: Whole Child Model Family Advisory Committee

WCM Family Advisory Committee (cont.)

- Sixteen applications (eight in each category)
- April 19, 2018 Member Advisory Committee (MAC) Nominations ad hoc committee selected candidates
  - All eligible applicants in family category were selected
    - One applicant was ineligible as she has no prior CCS experience
  - Four applicants in community category were selected
- May 10, 2018 MAC considered and accepted MAC Ad Hoc's recommended nominations for Board consideration

Recommended Nominees

Family Seats	Community Seats
Maura Byron	**Michael Arnot** Executive Director Children's Cause Orange County
Melissa Hardaway	
Grace Leroy-Loge	**Sandra Cortez – Schultz** Customer Service Manager CHOC Children's Hospital
Pam Patterson	
Kristin Rogers	**Gabriela Huerta** Lead Case Manager, California Children's Services/Regional Center Molina Healthcare, Inc.
Malissa Watson	
	Diane Key Director of Women's and Children's Services UCI Medical Center

Next Steps

- Review WCM capitation and risk corridor approach with Health Networks

- Planned stakeholder engagement
  - Community-based organization focus groups in June
  - General event in July
  - Family events in Fall

- Future Board actions
  - Update policies and procedures
  - Health network contracts

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken November 2, 2017
Regular Meeting of the CalOptima Board of Directors

Report Item

18. Consider Adopting Resolution Establishing a Family Advisory Committee for the Whole-Child Model Medi-Cal Program

Contact

Sesha Mudunuri, Executive Director, Operations, (714) 246-8400
Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Actions

Rev. 11/2/17

1. Adopt Resolution No. 17-1102-01, establishing the CalOptima Whole-Child Model family advisory committee to provide advice and recommendations to the CalOptima Board of Directors on issues concerning California Children's Services (CCS) and the Whole-Child Model program; and
2. Subject to approval of the California Department of Health Care Services (DHCS), authorize a stipend of up to $50 per committee meeting attended for each family representative appointed to the Whole-Child Model Family Advisory Committee (WCM-FAC).

Background

On September 25, 2016, SB 586 (Hernandez): Children's Services was signed into law. SB 586 authorizes the establishment of the Whole-Child Model that incorporates CCS-covered services for Medi-Cal eligible children and youth into specified county-organized health plans, including CalOptima. A provision of the Whole-Child Model requires each participating health plan to establish a family advisory committee. Accordingly, DHCS is requiring the establishment of a Whole-Child Model family advisory committee to report and provide input and recommendations to CalOptima relative to the Whole-Child Model program. The proposed stipend, subject to DHCS approval, is intended to enable in-person participation by members and family member representatives. It is also anticipated that a representative from the family advisory committees of each Medi-Cal plan will be invited to serve on a statewide stakeholder advisory group.

Since CalOptima's inception, the CalOptima Board of Directors has benefited from stakeholder involvement in the form of standing advisory committees. Under the authority of County of Orange Codified Ordinances, Section 4-11-15, and Article VII of the CalOptima Bylaws, the CalOptima Board of Directors may create committees or advisory boards that may be necessary or beneficial to accomplishing CalOptima's tasks. The advisory committees function solely in an advisory capacity providing input and recommendations concerning the CalOptima programs. CalOptima Whole-Child Model program would also benefit from the advice of a standing family advisory committee.

Discussion

While specific to Whole-Child Model program, the charge of the WCM-FAC would be similar to that of the other CalOptima Board advisory committees, including:

- Provide advice and recommendations to the Board and staff on issues concerning CalOptima Whole-Child Model program as directed by the Board and as permitted under applicable law;

- Engage in study, research and analysis of issues assigned by the Board or generated by staff or the family advisory committee;
- Serve as liaison between interested parties and the Board and assist the Board and staff in obtaining public opinion on issues relating to CalOptima Whole-Child Model program; and
- Initiate recommendations on issues for study to the CalOptima Board for its approval and consideration, and facilitate community outreach for CalOptima Whole-Child Model program and the Board.

While SB 586 requires plans to establish family advisory committees, committee composition is not explicitly defined. Based on current advisory committee experience, staff recommends including eleven (11) voting members on CalOptima's WCM-FAC, representing CCS family members who reflect the diversity of the CCS families served by the plan, as well as consumer advocates representing CCS families. If necessary, CalOptima will provide an in-person interpreter at the meetings. For the first nomination process to fill the seats, it is proposed that CalOptima's current Member Advisory Committee will be asked to participate in the Family Advisory Committee nominating ad hoc committee. The proposed candidates will then be submitted to the Board for consideration. It is anticipated that subsequent nominations for seats will be reviewed by a WCM-FAC nominating ad hoc committee and will be submitted first to the WCM-FAC, then to the full Board for consideration of the WCM-FAC's recommendations.

CalOptima staff recommends that the WCM-FAC be comprised of eleven (11) voting seats:

1. Seven (7) to ~~N~~ nine (9) of the seats shall be family representatives in one of the following categories, with a priority to family representatives (i.e., if qualifying family representative candidates are available, all nine (9) seats will be filled by family representatives):
    i. Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
    ii. CalOptima members age 18 -21 who are current recipients of CCS services; or
    iii. Current CalOptima members over the age of 21 who transitioned from CCS services.
2. Two (2) to four (4) of the seats shall represent the interests of children receiving CCS services, including:
    i. Community-based organizations; or
    ii. Consumer advocates.

While two (2) of the WCM-FAC's eleven seats are designated for community-based organizations or consumer advocates, WCM-FAC candidates representing these two groups may be considered for up to two additional WCM-FAC seats in the event that there are not sufficient family representative candidates to fill these seats.

Rev. 11/2/2017

Except for initial appointments, CalOptima WCM-FAC members will serve two (2) year terms, with no limits on the number of terms a representative may serve provided they continue to meet the above-referenced eligibility criteria. The initial appointments of WCM-FAC members will be divided between one and two-year terms to stagger reappointments. In the first year, five (5) committee member seats will be appointed for a one-year term and six (6) committee member seats will be appointed for a two-year term.

The WCM-FAC Chair and Vice Chair for the first year will be nominated at the second WCM-FAC meeting by committee members. The WCM-FAC's recommendations for these positions will subsequently be submitted to the Board for consideration. After the first year, the Chair and Vice Chair of the WCM-FAC will be appointed by the Board annually from the appointed voting members and may serve two consecutive one-year terms in a particular committee officer position.

The WCM-FAC will develop, review annually and recommend to the Board any revisions to the committee's Mission or Goals and Objectives. The Goals and Objectives will be consistent with those of the CalOptima Whole-Child Model.

The WCM-FAC will meet at least quarterly and will determine the appropriate meeting frequency to provide timely, meaningful input to the Board. At its second meeting, the WCM-FAC will adopt a meeting schedule for the remainder of the fiscal year. Thereafter, a yearly meeting schedule will be adopted prior to the first regularly scheduled meeting of each year. All meetings must be conducted in accordance with CalOptima's Bylaws. Attendance of a simple majority of WCM-FAC seats will constitute a quorum. A quorum must be present for any action to be taken. Members are allowed excused absences from meetings. Notification of absence must be received by CalOptima staff prior to scheduled WCM-FAC meetings.

The CalOptima Chief Executive Officer (CEO) will prepare, or cause to be prepared, an agenda for all WCM-FAC meetings prior to posting. Posting procedures must be consistent with the requirements of the Ralph M. Brown Act (California Government Code section 54950 *et seq.*). In addition, minutes of each WCM-FAC meeting will be taken, which will be filed with the Board. The Chair will report verbally or in writing to the Board at least twice annually. The Chair will also report to the Board, as requested, on issues specified by the Board. CalOptima management will provide staff support to the WCM-FAC to assist and facilitate the operations of the committee.

In order to enable in-person participation, SB 586 provides plans the option to pay a reasonable per diem payment to family representatives serving on the Family Advisory Committee. Similar to another Medi-Cal Managed Care Plan with an already established family-based advisory committee, and subject to DHCS approval, CalOptima staff recommends that the Board authorize a stipend of up to $50 per meeting for family representatives participating on the WCM-FAC. Only one stipend will be provided per qualifying WCM-FAC member per regularly scheduled meeting. In addition, stipend payments are restricted to family representatives only. Representatives of community-based organizations and consumer advocates are not eligible for stipends. As indicated, payment of the stipends is contingent upon approval by DHCS.

As it is the policy of CalOptima's Board to encourage maximum member and provider involvement in the CalOptima program, it is anticipated that the CalOptima Whole-Child Model will benefit from the establishment of a Family Advisory Committee. This WCM-FAC will report to the Board and will serve solely in an advisory capacity to the Board and CalOptima staff with respect to CalOptima Whole-Child Model. Establishing the WCM-FAC is intended to help to ensure that members' values and needs are integrated into the design, implementation, operation and evaluation of the CalOptima Whole-Child Model.

Fiscal Impact

The fiscal impact of the recommended action to establish the CalOptima WCM-FAC is an unbudgeted item. The projected total cost, including stipends, for meetings from April through June 2018, is $3,575. Unspent budgeted funds approved in the CalOptima Fiscal Year (FY) 2017-18 Operating Budget on June 1, 2017, will fund the cost through June 30, 2018. The estimated annual cost is $13,665. At this time, it is unknown whether additional staff will be necessary to support the advisory committee's work. Management plans to include expenses related to the WCM-FAC in future operating budgets.

Rationale for Recommendation

SB 586 requires that, for implementation of the Whole-Child Model program, a family advisory committee must be established. As proposed, the WCM-FAC will advise CalOptima's Board and staff on operations of the CalOptima Whole-Child Model.

Resolution No. 17-1102-01

Rev.
11/2/17

/s/ Michael Schrader — **Authorized Signature**

10/23/2017 — **Date**

RESOLUTION NUMBER 17-1102-01

**RESOLUTION OF THE BOARD OF DIRECTORS
ORANGE COUNTY HEALTH AUTHORITY, DBA CALOPTIMA
ESTABLISHING POLICY AND PROCEDURES FOR CALOPTIMA WHOLE-CHILD MODEL MEMBER ADVISORY COMMITTEE**

WHEREAS, the CalOptima Board of Directors (hereinafter "the Board") would benefit from the advice of broad-based standing advisory committee specifically focusing on the CalOptima Whole-Child Model Plan hereafter "CalOptima Whole-Child Model Family Advisory Committee"; and

WHEREAS, the State of California, Department of Health Care Services (DHCS) has established requirements for implementation of the CalOptima Whole-Child Model program, including a requirement for the establishment of an advisory committee focusing on the Whole-Child Model; and

WHEREAS, the CalOptima Whole-Child Model Family Advisory Committee will serve solely in an advisory capacity to the Board and staff, and will be convened no later than the effective date of the CalOptima Whole-Child Model;

NOW, THEREFORE, BE IT RESOLVED:

Section 1. Committee Established. The CalOptima Whole-Child Model Family Advisory Committee (hereinafter "WCM-FAC") is hereby established to:

- Report directly to the Board;
- Provide advice and recommendations to the Board and staff on issues concerning the CalOptima Whole-Child Model program as directed by the Board and as permitted under the law;
- Engage in study, research and analysis of issues assigned by the Board or generated by the WCM-FAC;
- Serve as liaison between interested parties and the Board and assist the Board and staff in obtaining public opinion on issues relating to CalOptima Whole-Child Model or California Children Services (CCS);
- Initiates recommendations on issues for study to the Board for approval and consideration; and
- Facilitates community outreach for CalOptima and the Board.

Section 2. Committee Membership. The WCM-FAC shall be comprised of Eleven (11) voting members, representing or representing the interests of CCS families. In making appointments and re-appointments, the Board shall consider the ethnic and cultural diversity and special needs of the CalOptima Whole-Child Model population. Nomination and input from interested groups and community-based organizations will be given due consideration. Except as noted below, members are appointed for a term of two (2) full years, with no limits on the number of terms. All voting member appointments (and reappointments) will be made by the Board. During the first year, five (5) WCM-FAC members will serve a one -year term

and six (6) will serve a two-year term, resulting in staggered appointments being selected in subsequent years.

The WCM-FAC shall be composed of eleven (11) voting seats:

1. Seven (7) to nine (9) of the seats shall be family representatives in the following categories:
   - Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
   - CalOptima members age 18-21 who are current recipients of CCS services; or
   - Current CalOptima members over the age of 21 who transitioned from CCS services.

2. Two (2) to four (4) of the seats shall represent the interests of children with CCS, including:
   - Community-based organizations (CBOs); or
   - Consumer advocates.

Rev. 11/2/2017

If nine or more qualified candidates initially apply for family representative seats, nine of the eleven committee seats will be filled with family representatives. Initially, and on an on-going basis, only in circumstances when there are insufficient applicants to fill all of the designated family representative seats with qualifying family representatives, up to two of the nine seats designated for family members may be filled with representatives of CBOs or consumer advocates.

It is anticipated that a representative from the CalOptima WCM-FAC may be invited to serve on a statewide stakeholder advisory group.

Section 3. Chair and Vice Chair. The Chair and Vice Chair for the WCM-FAC will be appointed by the Board annually from the appointed members. The Chair, or in the Chair's absence, the Vice Chair, shall preside over WCM-FAC meetings. The Chair and Vice Chair may each serve up to two consecutive terms in a particular WCM-FAC officer position, or until their successor is appointed by the Board.

Section 4. Committee Mission, Goals and Objectives. The WCM-FAC will develop, review annually, and make recommendations to the Board on any revisions to the committee's Mission or Goals and Objectives.

Section 5. Meetings. The WCM-FAC will meet at least quarterly. A yearly meeting schedule will be adopted at the second regularly scheduled meeting for the remainder of the fiscal year. Thereafter, a yearly meeting schedule will be adopted prior to the first regularly scheduled meeting of each year. All meetings must be conducted in accordance with CalOptima's Bylaws.

Attendance by the occupants of a simple majority of WCM-FAC seats shall constitute a quorum. A quorum must be present in order for any action to be taken by the WCM-FAC. Committee members are allowed excused absences from meetings. Notification of absence must be received by CalOptima staff prior to the scheduled WCM-FAC meeting.

The CalOptima Chief Executive Officer (CEO) shall prepare, or cause to be prepared, and post, or cause to be posted, an agenda for all WCM-FAC meetings. Agenda contents and posting procedures must be consistent with the requirements of the Ralph M. Brown Act (Government Code section 54950 *et seq.*).

WCM-FAC minutes will be taken at each meeting and filed with the Board.

Section 6. Reporting. The Chair is required to report verbally or in writing to the Board at least twice annually. The Chair will also report to the Board, as requested, on issues specified by the Board.

Section 7. Staffing. CalOptima will provide staff support to the WCM-FAC to assist and facilitate the operations of the committee.

Section 8. Ad Hoc Committees. Ad hoc committees may be established by the WCM-FAC Chair from time to time to formulate recommendations to the full WCM-FAC on specific issues. The scope and purpose of each such ad hoc will be defined by the Chair and disclosed at WCM-FAC meetings. Each ad hoc committee will terminate when the specific task for which it was created is complete. An ad hoc committee must include fewer than a majority of the voting committee members.

Section 9. Stipend. Subject to DHCS approval, family representatives participating on the WCM-FAC are eligible to receive a stipend for their attendance at regularly scheduled and ad hoc WCM-FAC meetings. Only one stipend is available per qualifying WCM-FAC member per regularly scheduled meeting. WCM-FAC members representing community-based organizations and consumer advocates are not eligible for WCM-FAC stipends.

APPROVED AND ADOPTED by the Board of Directors of the Orange County Health Authority, d.b.a., CalOptima this 2nd day of November, 2017.

Policy #:	AA.1271PP
Title:	**Whole Child Model Family Advisory Committee**
Department:	General Administration
Section:	Not Applicable
CEO Approval:	Michael Schrader
Effective Date:	06/07/18
Last Review Date:	Not Applicable
Last Revised Date:	Not Applicable

I. PURPOSE

This policy describes the composition and role of the Family Advisory Committee for Whole Child Model (WCM) and establishes a process for recruiting, evaluating, and selecting prospective candidates to the Whole Child Model Family Advisory Committee (WCM FAC).

II. POLICY

A. As directed by CalOptima's Board of Directors (Board), the WCM FAC shall report to the CalOptima Board and shall provide advice and recommendations to the CalOptima Board and CalOptima staff in regards to California Children's Services (CCS) provided by CalOptima Medi-Cal's implementation of the WCM.

B. CalOptima's Board encourages Member and community involvement in CalOptima programs.

C. WCM FAC members shall recuse themselves from voting or from decisions where a conflict of interest may exist and shall abide by CalOptima's conflict of interest code and, in accordance with CalOptima Policy AA.1204: Gifts, Honoraria, and Travel Payments.

D. CalOptima shall provide timely reporting of information pertaining to the WCM FAC as requested by the Department of Health Care Services (DHCS).

E. The composition of the WCM FAC shall reflect the cultural diversity and special needs of the health care consumers within the Whole-Child Model population. WCM FAC members shall have direct or indirect contact with CalOptima Members.

F. In accordance with CalOptima Board Resolution No. 17-1102-01, the WCM FAC shall be comprised of eleven (11) voting members representing CCS family members, as well as consumer advocates representing CCS families. Except as noted below, each voting member shall serve a two (2) year term with no limits on the number of terms a representative may serve. The initial appointments of WCM FAC members will be divided between one (1) and two (2)-year terms to stagger reappointments. In the first year, five (5) committee member seats shall be appointed for a one (1)-year term and six (6) committee member seats shall be appointed for a two (2)-year term. The WCM FAC members serving a one (1) year term in the first year shall, if reappointed, serve two (2) year terms thereafter.

1. Seven (7) to nine (9) of the seats shall be family representatives in one (1) of the following categories, with a priority to family representatives (i.e., if qualifying family representative candidates are available, all nine (9) seats will be filled by family representatives):

    a. Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima Member who is a current recipient of CCS services;

    b. CalOptima Members eighteen (18)-twenty-one (21) years of age who are current recipients of CCS services; or

    c. Current CalOptima members over the age of twenty-one (21) who transitioned from CCS services.

2. Two (2) to four (4) of the seats shall represent the interests of children receiving CCS services, including:

    a. Community-based organizations; or

    b. Consumer advocates.

3. While two (2) of the WCM FAC's eleven (11) seats are designated for community-based organizations or consumer advocates, an additional two (2) WCM FAC candidates representing these groups may be considered for these seats in the event that there are not sufficient family representative candidates to fill the family member seats.

4. Interpretive services shall be provided at committee meetings upon request from a WCM FAC member or family member representative.

5. A family representative, in accordance with Section II.G.1 of this Policy, may be invited to serve on a statewide stakeholder advisory group.

G. Stipends

1. Subject to approval by the CalOptima Board, CalOptima may provide a reasonable per diem payment to a member or family representative serving on the WCM FAC. CalOptima shall maintain a log of each payment provided to the member or family representative, including type and value, and shall provide such log to DHCS upon request.

    a. Representatives of community-based organizations and consumer advocates are not eligible for stipends.

H. The WCM FAC shall conduct a nomination process to recruit potential candidates for expiring seats, in accordance with this Policy.

I. WCM FAC Vacancies

1. If a seat is vacated within two (2) months from the start of the nomination process, the vacated seat shall be filled during the annual recruitment and nomination process.

2. If a seat is vacated after the annual nomination process is complete, the WCM FAC nomination ad hoc subcommittee shall review the applicants from the recent recruitment to see if there is a viable candidate.

    a. If there is no viable candidate among the applicants, CalOptima shall conduct recruitment, per section III.B.2.

3. A new WCM FAC member appointed to fill a mid-term vacancy, shall serve the remainder of the resigning member's term, which may be less than a full two (2) year term.

J. On an annual basis, WCM FAC shall select a chair and vice chair from its membership to coincide with the annual recruitment and nomination process. Candidate recruitment and selection of the chair and vice chair shall be conducted in accordance with Sections III.B-D of this Policy.

1. The WCM FAC chair and vice chair may serve two (2) consecutive one (1) year terms.

2. The WCM FAC chair and/or vice chair may be removed by a majority vote of CalOptima's Board.

K. The WCM FAC chair, or vice chair, shall ask for three (3) to four (4) members from the WCM FAC to serve on a nomination ad hoc subcommittee. WCM FAC members who are being considered for reappointment cannot participate in the nomination ad hoc subcommittee.

1. The WCM FAC nomination ad hoc subcommittee shall:

    a. Review, evaluate and select a prospective chair, vice chair and a candidate for each of the open seats, in accordance with Section III.C-D of this Policy; and

    b. Forward the prospective chair, vice chair, and slate of candidate(s) to the WCM FAC for review and approval.

2. Following approval from the WCM FAC, the recommended chair, vice chair, and slate of candidate(s) shall be forwarded to CalOptima's Board for review and approval.

L. CalOptima's Board shall approve all appointments, reappointments, and chair and vice chair appointments to the WCM FAC.

M. Upon appointment to WCM FAC and annually thereafter, WCM FAC members shall be required to complete all mandatory annual Compliance Training by the given deadline to maintain eligibility standing on the WCM FAC.

N. WCM FAC members shall attend all regularly scheduled meetings, unless they have an excused absence. An absence shall be considered excused if a WCM FAC member provides notification of an absence to CalOptima staff prior to the meeting. CalOptima staff shall maintain an attendance log of the WCM FAC members' attendance at WCM FAC meetings. As the attendance log is a public record, any request from a member of the public, the WCM FAC chair, the vice chair, the Chief Executive Officer, or the CalOptima Board, CalOptima staff shall provide a copy of the attendance log to the requester. In addition, the WCM FAC chair, or vice chair, shall contact any committee member who has three (3) consecutive unexcused absences.

1. WCM FAC members' attendance shall be considered as a criterion upon reapplication.

III. PROCEDURE

A. WCM FAC meeting frequency

1. WCM FAC shall meet at least quarterly.

2. WCM FAC shall adopt a yearly meeting schedule at the first regularly scheduled meeting in or after January of each year.

3. Attendance by a simple majority of appointed members shall constitute a quorum, and a quorum must be present for any votes to be valid.

B. WCM FAC recruitment process

1. CalOptima shall begin recruitment of potential candidates in March of each year. In the recruitment of potential candidates, the ethnic and cultural diversity and special needs of children and/or families of children in CCS which are or are expected to transition to CalOptima's Whole-Child Model population shall be considered. Nominations and input from interest groups and agencies shall be given due consideration.

2. CalOptima shall recruit for potential candidates using one or more notification methods, which may include, but are not limited to, the following:

   a. Outreach to family representatives and community advocates that represent children receiving CCS;

   b. Placement of vacancy notices on the CalOptima website; and/or

   c. Advertisement of vacancies in local newspapers in Threshold Languages.

3. Prospective candidates must submit a WCM Family Advisory Committee application, including resume and signed consent forms. Candidates shall be notified at the time of recruitment regarding the deadline to submit their application to CalOptima.

4. Except for the initial recruitment, the WCM FAC chair or vice chair shall inquire of its membership whether there are interested candidates who wish to be considered as a chair or vice chair for the upcoming fiscal year.

   a. CalOptima shall inquire at the first WCM FAC meeting whether there are interested candidates who wish to be considered as a chair for the first year.

C. WCM FAC nomination evaluation process

1. The WCM FAC chair or vice chair shall request three (3) to four (4) members, who are not being considered for reappointment, to serve on the nominations ad hoc subcommittee. For the first nomination process, Member Advisory Committee (MAC) members shall serve on the nominations ad hoc subcommittee to review candidates for WCM FAC.

a. At the discretion of the nomination ad hoc subcommittee, a subject matter expert (SME), may be included on the subcommittee to provide consultation and advice.

2. Prior to WCM FAC nomination ad hoc subcommittee meeting (including the initial WCM FAC nomination ad hoc subcommittee).

a. Ad hoc subcommittee members shall individually evaluate and score the application for each of the prospective candidates using the applicant evaluation tool.

b. Ad hoc subcommittee members shall individually evaluate and select a chair and vice chair from among the interested candidates.

c. At the discretion of the ad hoc subcommittee, subcommittee members may contact a prospective candidate's references for additional information and background validation.

3. The ad hoc subcommittee shall convene to discuss and select a chair, vice chair and a candidate for each of the expiring seats by using the findings from the applicant evaluation tool, the attendance record if relevant and the prospective candidate's references.

D. WCM FAC selection and approval process for prospective chair, vice chair, and WCM FAC candidates:

1. The nomination ad hoc subcommittee shall forward its recommendation for a chair, vice chair, and a slate of candidates to WCM FAC (or in the first year, the MAC) for review and approval. Following WCM FAC's approval (or in the first year, the MAC), the proposed chair, vice chair and slate of candidates shall be submitted to CalOptima's Board for approval.

2. The WCM FAC members' terms shall be effective upon approval by the CalOptima Board.

a. In the case of a selected candidate filling a seat that was vacated mid-term, the new candidate shall attend the immediately following WCM FAC meeting.

3. WCM FAC members shall attend a new advisory committee member orientation.

VIII. REVIEW/REVISION HISTORY

Version	Date	Policy Number	Policy Title	Line(s) of Business
Effective	06/07/2018	AA.1271PP	Whole Child Model Family Advisory Committee	Medi-Cal

IX. GLOSSARY

Term	Definition
California Children's Services Program	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible children under the age of twenty-one (2l) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.
Member	For purposes of this policy, an enrollee-beneficiary of the CalOptima Medi-Cal Program receiving California Children's Services through the Whole Child Model program.
Member Advisory Committee (MAC)	A committee comprised of community advocates and Members, each of whom represents a constituency served by CalOptima, which was established by CalOptima to advise its Board of Directors on issues impacting Members.
Threshold Languages	Those languages identified based upon State requirements and/or findings of the Group Needs Assessment (GNA).
Whole Child Model	An organized delivery system that will ensure comprehensive, coordinated services through enhanced partnerships among Medi-Cal managed care plans, children's hospitals and specialty care providers.

Whole-Child Model Family Advisory Committee (WCM FAC) Member Application

Instructions: Please type or print clearly. This application is for current California Children's Services (CCS) members and their family members. Please attach a résumé or bio outlining your qualifications and include signed authorization forms. For questions, please call **1-714-246-8635**.

Name: _____ Primary Phone: _____

Address: _____ Secondary Phone: _____

City, State, ZIP: _____ Fax: _____

Date: _____ Email: _____

Please see the eligibility criteria below:*

Seven (7) to nine (9) seats shall be family representatives in one of the following categories. Please indicate:

- ☐ Authorized representatives, which includes parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
- ☐ CalOptima members age 18–21 who are current recipients of CCS services; or
- ☐ Current CalOptima members over the age of 21 who transitioned from CCS services

Four (4) seats will be appointed for a one-year term and five (5) seats will be appointed for a two-year term.

CalOptima Medi-Cal/CCS status (e.g., member, family member, foster parent, caregiver, etc.):

_____

If you are a family member/foster parent/caregiver, please tell us who the member is and what your relationship is to the member:

Member Name: _____ Relationship: _____

Please tell us whether you have been a CalOptima member (i.e., Medi-Cal) or have any consumer advocacy experience: _____

_____

_____

_____

Please explain why you would be a good representative for diverse cultural and/or special needs of children and/or the families of children in CCS. Include any relevant experience working with these populations: _____

_____

_____

Please provide a brief description of your knowledge or experience with California Children's Services:_____

_____

_____

Please explain why you wish to serve on the WCM FAC:_____

_____

_____

_____

Describe why you would be a qualified representative for service on the WCM FAC:_____

_____

_____

_____

Other than English, do you speak or read any of CalOptima's threshold languages for the Whole-Child Model (i.e. Spanish, Vietnamese, Korean, Farsi, Chinese or Arabic)? If so, which one(s)?

_____

If selected, are you able to commit to attending quarterly (at least) WCM FAC meetings, as well as serving on at least one subcommittee? ☐ Yes ☐ No

Please supply two references (professional, community or personal):

LIMITED PRIVACY WAIVER

Under state and federal law, the fact that a person is eligible for Medi-Cal and California Children's Services (CCS) is a private matter that may only be disclosed by CalOptima as necessary to administer the Medi-Cal and CCS program, unless other disclosures are authorized by the eligible member. Because the position of Member Representative on Whole Child Model Family Advisory Committee (WCM FAC) requires that the person appointed must be a member or a family member of a member receiving CCS, the member's Medi-Cal and CCS eligibility will be disclosed to the general public. The member or their representative (e.g. parent, foster parent, guardian, etc.) should check the appropriate box below and sign this waiver to allow his or her, or his or her family member or caregiver's name to be nominated for the advisory committee.

☐ **MEMBER APPLICANT — I understand that by signing below and applying to serve on the WCM FAC, I am disclosing my eligibility for the Medi-Cal and CCS program, the fact of which is otherwise protected under state or federal law. I am not agreeing to disclose any other information protected by state or federal law.**

☐ **FAMILY MEMBER APPLICANT — I understand that by applying to serve on the WCM FAC, my status as a family member of a person eligible for Medi-Cal and CCS benefits is likely to become public. I authorize the disclosing of my family member's (insert name of member: _____) eligibility for the Medi-Cal and CCS program, the fact of which is otherwise protected under state or federal law. I am not agreeing to disclose any other information protected by state or federal law.**

AUTHORIZATION FOR USE AND DISCLOSURE OF PROTECTED HEALTH INFORMATION (PHI)

The federal HIPAA Privacy Regulations requires that you complete this form to authorize CalOptima to use or disclose your Protected Health Information (PHI) to another person or organization. Please complete, sign, and return the form to CalOptima.

Date of Request: _____ Telephone Number: _____

Member Name: _____ Member CIN: _____

AUTHORIZATION:

I, _____, hereby authorize CalOptima, to use or disclose my health information as described below.

Describe the health information that will be used or disclosed under this authorization (please be specific): Information related to the identity, program administrative activities and/or services provided to {me} {my child} which is disclosed in response to my own disclosures and/or questions related to same.

Person or organization authorized to receive the health information: **General public**

Describe each purpose of the requested use or disclosure (please be specific): **To allow** CalOptima staff to respond to questions or issues raised by me that may require reference to my health information that is protected from disclosure by law during public meetings of **the CalOptima Whole-Child Model Family Advisory Committee**

EXPIRATION DATE:

This authorization shall become effective immediately and shall expire on: **The end of the term of the position applied for**

Right to Revoke: I understand that I have the right to revoke this authorization in writing at any time. To revoke this authorization, I understand that I must make my request in writing and clearly state that I am revoking this specific authorization. In addition, I must sign my request and then mail or deliver my request to:

CalOptima
Customer Service Department
505 City Parkway West
Orange, CA 92868

I understand that a revocation will not affect the ability of CalOptima or any health care provider to use or disclose the health information to the extent that it has acted in reliance on this authorization.

RESTRICTIONS:

I understand that anything that occurs in the context of a public meeting, including the meetings of the Whole Child Model Family Advisory Committee, is a matter of public record that is required to be disclosed upon request under the California Public Records Act. Information related to, or relevant to, information disclosed pursuant to this authorization that is not disclosed at the public meeting remains protected from disclosure under the Health Insurance Portability and Accountability Act (HIPAA), and will not be disclosed by CalOptima without separate authorization, unless disclosure is permitted by HIPAA without authorization, or is required by law.

MEMBER RIGHTS:

- I understand that I must receive a copy of this authorization.
- I understand that I may receive additional copies of the authorization.
- I understand that I may refuse to sign this authorization.
- I understand that I may withdraw this authorization at any time.
- I understand that neither treatment nor payment will be dependent upon my refusing or agreeing to sign this authorization.

ADDITIONAL COPIES:

Did you receive additional copies? ☐ Yes ☐ No

SIGNATURE:

By signing below, I acknowledge receiving a copy of this authorization.

Member Signature: _____ Date: _____

CalOptima Board Action Agenda Referral

Action To Be Taken June 4, 2009
Regular Meeting of the CalOptima Board of Directors

Report Item
VI. E. Approve Health Network Contract Rate Methodology

Contact
Michael Engelhard, Chief Financial Officer, (714) 246-8400

Recommended Action
Approve the modification methodology of Health Network capitation rates for October 1, 2009.

Background
Health Network capitation is the payment method that CalOptima uses to reimburse PHCs and shared risk groups for the provision of health care services to members enrolled in CalOptima Medi-Cal and CalOptima Kids. In order to ensure that reimbursement to such capitated providers reflects up-to-date information, CalOptima periodically contracts with its actuarial consultants to recalculate or "rebase" these payment rates.

The purpose of this year's rebasing is to:

- Establish actuarially sound facility and professional capitation rates;
- Account for changes in CalOptima's delivery model;
- Incorporate changes in the Division of Financial Responsibility (DOFR); and
- Perform separate analyses for Medi-Cal and CalOptima Kids.

The overall methodology for this year's rebasing approach includes:

- CalOptima eligibility data;
- Encounter and CalOptima Direct (COD) claim data analysis
- Reimbursement analysis;
- PCP capitation analysis;
- Maternity "kick" payment analysis;
- State benefit carve-out analysis;
- Reinsurance analysis;
- Administrative load analysis;
- Budget neutrality established

Discussion
CalOptima uses capitation as one way to reimburse certain contracted health care providers for services rendered. A Capitation payment is made to the provider during the month and is based solely on the number of contracted members assigned to that provider

at the beginning of each month. The provider is then responsible for utilizing those dollars in exchange for all services provided during that month or period.

To ensure that capitated payment rates reflect the current structure and responsibilities between CalOptima and its delegated providers, capitation rates need to be periodically reset or rebased.

CalOptima last performed a comprehensive rate rebasing in July 2007, for rates effective January 1, 2008, for CalOptima Medi-Cal only. Much has changed since that time including the establishment of shared risk groups; the movement of certain high-acuity members out of the Health Networks and into COD; changes in the DOFR between hospitals, physicians and CalOptima; shifts in member mix between the Health Networks; and changes in utilization of services by members.

Therefore, CalOptima opted to perform another comprehensive rebasing analysis prior to the FY2009-10 year in order to fully reflect the above-mentioned changes.

Fiscal Impact
CalOptima projects no fiscal impact as a result of the rebasing. Rebasing is designed to be budget neutral to overall CalOptima medical expenses even though there will likely be changes to specific capitation rates paid to Health Network providers.

Rationale for Recommendation
Staff recommends approval of this action to provide proper reimbursement levels to CalOptima's capitated health networks participating in CalOptima Medi-Cal and CalOptima Kids.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action to Be Taken December 17, 2003
Special Meeting of the CalOptima Board of Directors

Report Item
VI. A. Approve Modifications to the CalOptima Health Network Capitation Methodology and Rate Allocations

Contact
Amy Park, Chief Financial Officer, (714) 246-8400

Recommended Action
Approve modifications to the CalOptima health network capitation methodology and rate allocations between Physician and Hospital financial responsibilities effective March 2004.

Background
CalOptima pays its health networks (HMOs and PHCs) according to the same schedule of capitation rates, which are adjusted by Medi-Cal aid category, gender and age. The actuarial cost model, upon which these rates are based, was developed by Milliman USA utilizing pre-CalOptima Orange County fee-for-service (FFS) experience as the baseline. This model then took into account utilization targets that were actuarially-appropriate for major categories of services and competitive reimbursement levels to ensure sufficient funds to provide all medically necessary services under a managed care model.

Since development of the model in 1999, CalOptima has negotiated capitation rate increases from the State for managed care rate "pass throughs" as a result of provider rate increases implemented in the Medi-Cal FFS program. In turn, CalOptima passed on these additional revenues to the health networks by increasing capitation payments, establishing carve-outs (e.g., transplants), or offering additional financial support, such as funding for enhanced subspecialty coverage and improving reinsurance coverage.

It has now been over four years since CalOptima commissioned a complete review of the actuarial cost model. As noted, CalOptima has only adjusted the underlying pricing in the actuarial cost model over the years to pass on increases in capitation rates to the health networks.

In light of State fiscal challenges and impending potential Medi-Cal funding and benefit reductions, CalOptima must examine the actuarial soundness of the existing cost model and update the utilization assumptions to ensure that CalOptima's health network capitation rate methodology continues to allocate fiscal resources commensurate with the level of medical needs of the population served. This process will also provide

Back to Item
Back to Agenda
Back to Item

CalOptima with a renewed starting point from which to make informed decisions as we face yet another round of State budget uncertainties and declining resources.

Discussion

General Process. With the updated model, Milliman's rebasing process takes into account the 7+ years of health network managed care experience, rather than the historical pre-CalOptima Orange County FFS experience, as a base for capitation rates. Milliman examined the utilization statistics as indicated by the health network encounter data and evaluated the utilization for completeness by comparing against health network reported utilization and financial trends, health network primary care physician capitation and other capitation rates, health network hospital risk pool settlements, and other benchmarks as available. Further adjustments were made to account for changes in contractual requirements in the 2003-2005 health network contracts.

Utilization Assumptions. Consistent with changes in the State rate methodology, the updated health network capitation model combines the Family, Poverty and Child aid categories into a single Family aid category, with updated age/gender factors. The new model also recommends the creation of a supplemental capitation rate for members with end stage renal disease (ESRD). Furthermore, the actuarial model identifies actuarially-appropriate utilization targets for all major categories of services. These targets are set at levels that ensure that health networks have sufficient funds to provide all medically necessary services.

Pricing Assumptions. The new actuarial cost model includes reimbursement assumptions that are applied to the utilization targets to determine capitation rates. Effective October 2003, the State reduced CalOptima's capitation rates, effectively passing through the 5% cutback in physician and other provider rates as enacted in the 2003-04 State Budget Act. Notwithstanding this reduction, it is CalOptima's goal to maintain physician reimbursement levels to ensure members' continued access to care. Hence, CalOptima's health network minimum provider reimbursement policy and capitation funding will be maintained at its current levels. In other words, health networks will continue to be required to reimburse specialty physicians at rates that are no less than 150% of the Medi-Cal Fee Schedule and physician services in the actuarial model will continued to be priced at 147% of the August 1999 Medi-Cal Fee Schedule (as adjusted to primarily reflect market primary care physician capitation rates).

The actuarial cost model also provides sufficient funds to reimburse inpatient hospital reimbursement services at rates that are comparable to the average Southern California per diem rates and payment trends as published by California Medical Assistance Commission (CMAC) and to reimburse hospital outpatient services, commensurate with physician services, at 147% of the August 1999 Medi-Cal Fee Schedule.

In addition, the actuarial cost model provides sufficient funds for health network administrative expenses and an allowance for surplus. The table below summarizes the adjusted allocation of health network capitation rates to reflect the new actuarial cost model:

Aid Category	Proposed Hospital	Proposed Physician	Proposed Combined
Family/Poverty/Child	-4.6%	2.1%	-0.7%
Adult	-19.4%	-3.1%	-12.0%
Aged	18.9%	19.1%	19.0%
Disabled	10.9%	-4.4%	3.3%
Composite	1.7%	0.7%	1.2%

**Percentage changes are calculated from current capitation rates which have been adjusted to reflect the establishment of a separate ESRD supplemental capitation.*

Fiscal Impact

In summary, the proposed modifications will increase capitation payments made to physicians by 0.7%, while capitation payments to hospitals will increase by approximately 1.7%, for an overall weighted average increase in health network capitation rate payments of 1.2%, or $3.1 million on an annualized basis.

This additional increase will be funded by the Medi-Cal capitation rate increases received by CalOptima related to the State's settlement of the *Orthopaedic v. Belshe* lawsuit concerning Medi-Cal payment rates for hospital outpatient services.

As the Board will recall, the additional monies received by CalOptima related to this hospital outpatient settlement were passed through to hospitals in a lump-sum payment as approved by the Board in April 2003 for Fiscal 2001-02. That Board action also included approval for a second distribution scheduled for January 2004 to be made to hospitals for Fiscal 2002-03 related monies. Therefore, the proposed increases in hospital capitation rates contained in this action referral will facilitate the ongoing distributions of these dollars to CalOptima's participating hospitals. *See also related Board action referral to approve modifications to CalOptima Direct hospital reimbursement rates.*

Rationale for Recommendation

The proposed modifications to the rate methodology and related allocation of funds are consistent with the extensive, independent analysis performed by Milliman USA to update CalOptima's health network capitation methodology to reflect the 7+ years of health network managed care experience, rather than the historical pre-CalOptima Orange County FFS experience, as a base for capitation rates. The updated actuarial model also provides CalOptima with a renewed starting point from which to make informed

decisions as we face yet another round of State budget uncertainties and declining resources.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken December 6, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item

8. Consider Authorizing Amendments to the Health Network Medi-Cal Contracts and Policies and Procedures to Align with the Anticipated Whole-Child Model Implementation Date

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400

Recommended Actions

1. Authorize the Chief Executive Officer (CEO) to enter into amendments of the Medi-Cal health network contracts, with the assistance of Legal Counsel, to:
    a. Postpone the payment of capitation for the Whole-Child Model (WCM) until the new program implementation date of July 1, 2019 or the Department of Health Care Services (DHCS)-approved commencement date of the CalOptima WCM program, whichever is later;
    b. Authorize the continued payment to fund the Personal Care Coordinators at existing levels for WCM members for the period January 1, 2019 - June 30, 2019;
    c. Extend the health network contracts to June 30, 2020, with CalOptima retaining the right to implement rate changes, whether upward or downward, based on rate changes implemented by the State; and
2. Authorize modification of existing WCM-related Policies and Procedures to be consistent with the DHCS-approved commencement date of the CalOptima WCM program.

Background

The California Children's Services (CCS) Program is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children (to age 21) meeting financial and health condition eligibility criteria. On September 25, 2016, Governor Brown signed Senate Bill (SB) 586 into law, which authorizes the California Department of Health Care Services (DHCS) to incorporate CCS services into Medi-Cal managed care plan (MCP) contracts for county organized health systems (COHS). This transition is referred to as the WCM program. WCM's goals include improving coordination and integration of services to meet the needs of the whole child, retaining CCS program standards, supporting active family participation, and maintaining member-provider relationships, where possible.

DHCS is implementing the WCM program on a phased-in basis, with implementation for Orange County originally scheduled to begin no sooner than January 1, 2019. On that date, CalOptima was to assume financial responsibility for the authorization and payment of CCS-eligible medical services, including service authorizations activities, claims management (with some exceptions), case management, and quality oversight.

Back to Item
Back to Agenda
Back to Item

To that end, CalOptima has been working with the DHCS to define and meet the requirements of implementation. Of importance to the DHCS, is the sufficiency of the contracted CCS-paneled providers to serve members with CCS-eligible conditions and the assurance that all members have access to these providers. On November 9, the State notified CalOptima that the transition of the Whole-Child Model in Orange County will be delayed until DHCS approved commencement date of the CalOptima WCM program, currently anticipated for July 1, 2019.

The State has determined that additional time is needed to plan the transition of the CCS membership due to the large number of members with CCS eligible conditions and the complexities associated the delegated delivery model. With nearly 13,000 members with CCS eligible conditions, CalOptima has the largest membership transitioning to WCM.

The health network contracts currently expire on June 30, 2019, which is prior to the currently targeted implementation date for the WCM. These contracts are typically extended on a year-to-year basis after the Board has approved an extension. The health networks each sign amendments reflecting any new terms and conditions. The currently anticipated July 1, 2019 effective date coincides with the start of the State's fiscal year and the amendment includes modification to capitation rates, if applicable, based on changes from DHCS, and any regulatory and other changes as necessary. The State typically provides rates to CalOptima in April or May, which is close to the start of the next fiscal year. The timing has made it difficult to analyze, present, vet and receive signed amendments from health networks prior to the beginning of the next year.

Discussion

In anticipation of the original January 1, 2019 WCM program implementation, staff issued health network amendments specifying the terms of participation in the WCM program. The amendment includes CalOptima's responsibility to pay WCM capitation rates effective January 1, 2019. With the delay in implementation of the WCM for six months, staff requests authority to amend the health network contracts such that the obligation to pay capitation rates for WCM services will take effect with the new anticipated commencement date to be approved by the state, currently anticipated to be July 1, 2019. WCM related policy and procedures will also be updated to reflect the new implementation date.

In addition, the Board authorized the funding the health networks for Personal Care Coordinators (PCC) for members with CCS eligible conditions. The payment for the PCCs began in October 2018 to the health networks to hire and train coordinators prior to the then anticipated program implementation date of January 1, 2019. Most of the health networks have hired the coordinators in anticipation of the original effective date. Because the late notification of the delay in the WCM start date in Orange County, and the health networks commitment to hire staff, staff recommends that the funding be continued at the prescribed level until the beginning of the program. At that time, the funding will be adjusted, to reflect the quality of the services provided by the health networks.

As noted above, health network contracts currently are set to terminate on June 30, 2019, which is prior to the anticipated commencement date of the CalOptima WCM program. In order to obtain health network commitment to the WCM program and allow the networks to adequately review and comment

on any changes to the contracts for the next fiscal year, staff is asking for authority to extend the contracts through June 30, 2020. Staff also requests the authority to amend the health network contracts to adjust capitation rates retroactively to the DHCS-approved commencement date of the CalOptima WCM program once the State rates have been received and analyzed.

Fiscal Impact

The Fiscal Year (FY) 2018-19 Operating Budget approved by the Board on June 7, 2018, included revenues, medical expenses and administrative expenses with an anticipated implementation date of January 1, 2019. Due to the delayed implementation date, WCM program revenues and expenses, with the exception of start-up and PCC costs, are currently expected to begin on July 1, 2019. Therefore, the recommended action to postpone the capitation payments for the WCM program until the new implementation date of July 1, 2019, is expected to be budget neutral.

The fiscal impact of payments to PCCs at existing levels for WCM members for the period of January 1, 2019, through June 30, 2019, is projected at $672,000. Management anticipates that the fiscal impact of the total start-up and PCC costs related to the WCM program through June 30, 2019, are budgeted and will have no additional fiscal impact to the Medi-Cal operating budget.

The recommended action to extend health network contracts to June 30, 2020, is budget neutral for the remainder of FY 2018-19. Management will include any associated expenses related to the contract extensions in the FY 2019-20 Operating Budget.

Rationale for Recommendation

The recommended action will clarify and facilitate the implementation of the Whole Child Model effective upon the DHCS-approved commencement date of the CalOptima WCM program, currently anticipated to be July 1, 2019. This will also allow the health networks adequate time to review and analyze any changes to the contract which may be required.

Concurrence

Gary Crockett, Chief Counsel

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken August 2, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item

5. Consider Authorizing Amendment of the CalOptima Medi-Cal Physician Hospital Consortium Health Network Contracts for AMVI Care Health Network, Family Choice Network, and Fountain Valley Regional Medical Center

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400
Greg Hamblin, Chief Financial Officer, (714) 246-8400

Recommended Actions

Authorize the Chief Executive Officer (CEO), with the assistance of Legal Counsel. to enter into contract amendments of the Physician Hospital Consortium (PHC) health network contracts, for AMVI Care Health Network, Family Choice Network, and Fountain Valley Regional Medical Center to:

1. Modify the rebased capitation rates for the Medi-Cal Classic population, effective January 1, 2019, as authorized in a separate Board action;
2. Modify capitation rates effective January 1, 2019, to include rates associated with the Whole Child Model program to the extent authorized by the Board of Directors in a separate Board action;
3. Amend the contract terms to reflect applicable regulatory changes and other requirements associated with the Whole-Child Model (WCM); and
4. Extend contracts through June 30, 2019.

Background

CalOptima pays its health networks according to the same schedule of capitation rates, which are adjusted by Medi-Cal aid category, gender and age. The actuarial cost model, upon which the rates are based, was developed by consultant Milliman Inc. utilizing encounter and claims data. CalOptima periodically increases or decreases the capitation rates to account for increases or decreases in capitation rates from the Department of Health Care Services (DHCS) or to account for additional services to be provided by the health networks. An example of this is the recent capitation rate change to account for the transition of the payment of Child Health Disability Program (CHDP) services from CalOptima to the health networks.

It is incumbent on CalOptima to periodically review the actuarial cost model to ensure that the rate methodology, and the resulting capitation rates, continue to allocate fiscal resources commensurate with the level of medical needs of the populations served. This review and adjustment of capitation rates is referred to as rebasing. Staff has worked with Milliman Inc. to develop a standardized rebasing methodology that was previously adopted and approved by CalOptima and the provider community.

The California Children's Services (CCS) Program is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children (to age 21) meeting financial and health condition eligibility criteria. On September 25, 2016, Governor Brown signed

Senate Bill 586 into law, which authorizes DHCS to incorporate CCS services into Medi-Cal Managed Care Plan (MCP) contracts for county organized health systems (COHS). This transition is referred to as the Whole-Child Model (WCM). WCM's goals include: improving coordination and integration of services to meet the needs of the whole child; retaining CCS program standards; supporting active family participation; and maintaining member-provider relationships where possible.

DHCS is implementing WCM on a phased basis; Orange County's implementation will be no sooner than January 1, 2019. Based on this schedule, CalOptima will assume responsibility for authorization and payment of CCS-eligible medical services including service authorization activities, claims (with some exceptions), case management, and quality oversight. At the June 7, 2018 Board meeting, staff received authority to proceed with several actions related to the WCM program including carving CCS services into the health network contract.

At the June 7, 2018 Board meeting, the Board of Directors authorized the extension of the health network contracts through December 31, 2018. The six-month extension, as opposed to the normal one-year extension, was made to allow staff to review, adjust and vet capitation rates and requirements associated with the transition of the CCS program from the State and County to CalOptima and the complete the capitation rate rebasing initiative. Both of these program changes are effective January 1, 2019.

Discussion

Rebasing: CalOptima last performed a comprehensive rate rebasing in 2009. The goal of rebasing is to develop actuarially sound capitation rates that properly aligns capitation payments to a provider's delegated risks. To ensure that providers are accurately and sufficiently compensated, rebasing should be performed on a periodic basis to account for any material changes to medical costs and utilization patterns. To that end, staff has been working with Milliman Inc. to analyze claims utilization data and establish updated capitation rates that reflect more current experience. As proposed, only professional and hospital capitation rates for the Medi-Cal Classic population are being updated through this rebasing effort. Staff requests authority to amend the health network contracts to reflect the new rebased capitation rates effective January 1, 2019.

WCM: To ensure adequate revenue is provided to support the WCM program, CalOptima will develop actuarially sound capitation rates that are consistent with the projected risks that will be delegated to capitated health networks and hospitals. CalOptima also recognizes that medical costs for CCS members can be highly variable and volatile, possibly resulting in material cost differences between different periods and among different providers. To mitigate these financial risks and ensure that networks will receive sufficient and timely compensation, management proposes that CalOptima implement two retrospective reimbursement mechanisms: (1) Interim reimbursement for catastrophic cases; and (2) Retrospective risk corridor.

WCM incorporates requirements from SB 586 and CCS into Medi-Cal Managed Care. Many of these WCM requirements will include new requirements for the health networks. Included is the requirement that the health networks will be required to use CCS paneled providers and facilities to treat children and youth for their CCS condition. Continuity of care provisions and minimum provider rate requirements (unless provider has agreed to different rates with health network) are also among the health network requirements.

Staff requests authority to incorporate the WCM rates and requirements into the health network contracts.

Extension of the Contract Term. Staff requests authority to amend the Medi-Cal contracts to extend the contracts through June 30, 2019.

Fiscal Impact

The recommended action to modify capitation rates, effective January 1, 2019, associated with rebasing is projected to be budget neutral to CalOptima. The rebased capitation rates are not projected to materially change CalOptima's aggregate capitation expenses. Management has included expenses associated with rebased capitation rates in the CalOptima FY 2018-19 Operating Budget approved by the Board on June 7, 2018.

The recommended action to amend health network contracts, effective January 1, 2019, to include rates associated with the WCM program is a budgeted item. Management has included projected revenues and expenses associated with the WCM program in the CalOptima FY 2018-19 Operating Budget approved by the Board on June 7, 2018. Based on draft capitation rates received from DHCS on April 27, 2018, staff estimates the total annual WCM program costs at approximately $274 million. However, given the high acuity and medical utilization associated with a relatively small CCS population, costs for the program are difficult to predict and likely to be highly volatile. CalOptima staff will continue to work closely with DHCS to ensure that Medi-Cal revenue will be sufficient to support the WCM program.

Rationale for Recommendation

CalOptima staff recommends these actions to: reflect changes in rates and responsibilities in accordance with the CalOptima delegated model; to maintain and continue the contractual relationship with the provider network; and to fulfill regulatory requirements.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 7, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item

45. Consider Actions Related to CalOptima's Whole-Child Model Program

Contact

Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Actions

1. Authorize CalOptima staff to develop an implementation plan to integrate California Children's Services into its Medi-Cal program in accordance with the Whole Child Model (WCM), and return to the Board for approval after developing draft policies, and completing additional analysis and modeling prior to implementation;
2. Authorize and direct the Chief Executive Officer (CEO), with assistance of Legal Counsel, to execute a Memorandum of Understanding (MOU) with Orange County Health Care Agency (OC HCA for coordination of care, information sharing and other actions to support WCM activities; and
3. In connection with development of the Whole Child Model Family Advisory Committee:
    a. Direct the CEO to adopt new Medi-Cal policy AA.1271: Whole Child Model Family Advisory Committee; and,
    b. Appoint the following ~~eleven~~ individuals to the Whole-Child Model Family Advisory Committee (WCM FAC) for one or two-year terms as indicated or until a successor is appointed, beginning July 1, 2018:

Rev. 6/7/2018

        i. Family Member Representatives:
            a) Maura Byron for a two-year term ending June 30, 2020;
            b) Melissa Hardaway for a one-year term ending June 30, 2019;
            c) Grace Leroy-Loge for a two-year term ending June 30, 2020;
            d) Pam Patterson for a one-year term ending June 30, 2019;
            e) Kristin Rogers for a two-year term ending June 30, 2020; and
            f) Malissa Watson for a one-year term ending June 30, 2019.
        ~~ii. Community Representatives:~~
            ~~a) Michael Arnot for a two-year term ending June 30, 2020;~~
            ~~b) Sandra Cortez-Schultz for a one-year term ending June 30, 2019;~~
            ~~c) Gabriela Huerta for a two-year term ending June 30, 2020; and~~
            ~~d) Diane Key for a one-year term ending June 30, 2019.~~

6/7/2018: Continued to future Board meeting.

Background

The California Children's Services (CCS) Program is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children (to age 21) meeting financial and health condition eligibility criteria. On September 25, 2016, Governor Brown signed Senate Bill 586 into law, which authorizes DHCS to incorporate CCS services into Medi-Cal managed care plan (MCP) contracts for county organized health systems (COHS). This transition is referred to as the Whole-Child Model (WCM). WCM's goals include improving coordination and

integration of services to meet the needs of the whole child; retaining CCS program standards; supporting active family participation; and, maintaining member-provider relationships, where possible.

DHCS is implementing WCM on a phased basis; Orange County's implementation will be no sooner than January 1, 2019. Based on this schedule, CalOptima will assume financial responsibility for authorization and payment of CCS-eligible medical services including service authorization activities, claims (with some exceptions), case management, and quality oversight. DHCS will retain responsibility for program oversight, CCS provider paneling, and claims payment for CCS eligible Neonatal Intensive Care Unit (NICU) services. OC HCA will remain responsible for CCS eligibility determination for all children and for CCS services for non-Medi-Cal members (e.g., those who exceed the Medi-Cal income thresholds and undocumented children who transition out of MCP when they turn 18). OC HCA will also remain responsible for Medical Therapy Program (MTP) services and the Pediatric Palliative Care Waiver.

WCM will incorporate requirements from SB 586 and CCS into the Medi-Cal managed care plans. New requirements under WCM will include, but not be limited to:

- Using CCS paneled providers and facilities to treat children and youth for their CCS condition, including network adequacy certification;
- Offering continuity of care (e.g., durable medical equipment, CCS paneled providers) to transitioning members;
- Paying CCS or Medi-Cal rates, whichever is higher, unless provider has agreed to a different contractual arrangement;
- Offering CCS services including out-of-network, out-of-area, and out-of-state, including Maintenance & Transportation (travel, food and lodging) to access CCS services;
- Executing Memorandum of Understanding with OC HCA to support coordination of services;
- Permitting selection of a CCS paneled specialist to serve as a CCS member's Primary Care Provider (PCP);
- Establishing Pediatric Health Risk Assessment (P-HRA), associated risk stratification, and individual care planning process;
- Establishing WCM clinical and member/family advisory committees; and,
- Reporting in accordance with WCM specific requirements.

For the requirements, CalOptima will rely on SB 586 and DHCS guidance provided through All Plan Letters (APL) and current and future CCS requirements published in the CCS Numbered Letters. Additional information will be provided in DHCS contact amendments, readiness requirements, and other regulatory releases.

On November 2, 2017, the CalOptima Board of Directors authorized establishment of the WCM FAC. The WCM FAC is comprised of eleven (11) voting seats.

1. Seven (7) to nine (9) seats shall be seats for family representatives, with a priority to family representatives (i.e., if qualifying family candidates are available, all nine (9) seats will be filled by family members). Family representatives will be in the following categories:
   a. Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
   b. CalOptima members age 18 - 21 who are current recipients of CCS services; or

   c. Current CalOptima members age of 21 and over who transitioned from CCS services.
2. Two (2) to four (4) of the seats shall represent the interests of children receiving CCS including
   a. Community-based organizations; or
   b. Consumer advocates.

While two (2) of the WCM-FAC's eleven (11) seats are designated for community-based organizations or consumer advocates, WCM-FAC candidates representing these two groups may be considered for up to two additional WCM-FAC seats in the event that there are not sufficient family representative candidates to fill the family seats.

Except for the initial appointments, WCM FAC members will serve two-year terms, with no limits on the number of terms a representative may serve, provided they meet applicable criteria. The initial appointment will be divided between one- and two-year terms to stagger reappointments. In the first year, five (5) committee member seats will be appointed for a one-year term and six (6) committee members seats will be appointed for two-year terms.

Discussion

Throughout the years, CalOptima staff has monitored regulatory and industry discussions on the possible transition of CCS services to the managed care plans, including participation in DHCS CCS stakeholder meetings. In 2013, the Health Plan of San Mateo, in partnership with the San Mateo County Health System, became the first CCS demonstration project under California's 1115 "Bridge to Reform" Waiver. In 2014, DHCS formally launched its stakeholder process for *CCS Redesign*, which later became known as the *Whole Child Model*.

CalOptima began meeting with OC HCA in early 2016 to learn about CCS and, more broadly, to share information about CalOptima programs supporting our mutual members. CalOptima conducted its first broad-based stakeholder meeting in March 2016 and launched its WCM stakeholder webpage in 2016. Since that time, CalOptima has shared WCM information and vetted its WCM implementation strategy with stakeholders at events and meetings hosted by CalOptima and others. In January 2018, CalOptima hosted a WCM event for local stakeholders that included presentations by DHCS and CalOptima leadership. Six (6) family-focused stakeholder meetings were held throughout the county in February 2018. CalOptima health networks and providers have also been engaged through Provider Advisory Committee meetings, Provider Associations, Health Network Joint Operations Meetings, and Health Network Forum Meetings. CalOptima has scheduled WCM-specific meetings with health networks to support the implementation and provide a venue for them to raise questions and concerns.

Implementation Plan Elements

Delivery Model

As CCS has been carved-out of CalOptima's Medi-Cal managed care plan contract with DHCS, it has similarly been carved-out of CalOptima's health network contracts. CalOptima considered several options for WCM service delivery including: 1) requiring all CCS participants to be enrolled in CalOptima's direct network (rather than a delegated health network); 2) retaining the current health network carve-out for CCS services, while allowing members to remain enrolled in a delegated health network; or, 3) carving CCS services into the health network division of financial responsibility (DOFR) consistent with their current contract model.

Requiring enrollment in CalOptima Direct could potentially break relationships with existing health network contracted providers and disrupt services for non-CCS conditions. Carving CCS services out of health network responsibility, while allowing members to remain assigned to a health network, would continue the siloed service delivery CCS children currently receive and, therefore, not maximize achievement of the "whole-child" goal. Carving the CCS services into the health networks according to the current health network contract models is most consistent with the WCM goals and existing delivery model structure. For purposes of this action, the CalOptima Community Network (CCN) would be considered a health network.

Health Network Financial Model
CalOptima has worked closely with the DHCS to ensure adequate Medi-Cal revenue to support the WCM and actuarially sound provider and health network rates. For the WCM, DHCS will establish capitation that will include CCS and non-CCS services. However, only limited historical CCS claims payment detail is available. In order to mitigate health network financial risk due to potentially costly outliers, CalOptima staff is considering, with the exception of Kaiser, to:

- Expand current policy that transitions clinical management and financial risk of CalOptima medical members diagnosed with hemophilia, in treatment for end stage renal disease (ESRD), or receiving an organ transplant from the health network to CCN to include Medi-Cal members under 21;
- Establish an estimated capitation rate, similar to the DHCS methodology, that includes CCS and non-CCS services and develop a medical loss ratio (MLR) risk corridor; and
- Modify existing or establish new policies related to payment of services for members enrolled in a shared risk group, reinsurance, health-based risk adjusted capitation payment, shared risk pool, and special payments for high-cost exclusions and out-of-state CCS services.

The estimated capitation rate for the health networks, excluding Kaiser, will be established based on known methodologies and data provided by DHCS. Capitation will include services based on the current health network structure and division of responsibility. Also built into the rates will be the requirement that at a minimum, the Medi-Cal or CCS fee-for-service rate, whichever is higher, will be utilized, unless an alternate payment methodology or rate is mutually agreed to by the CCS provider and the health network. CalOptima staff will review the capitation rate structure with the health networks once final rates are received from DHCS and analyzed by CalOptima staff. In the interim, CalOptima staff will develop, with input from the health networks, the upper and lower limits of the MLR risk corridor and reconciliation process. Current policy regarding high-cost medical exclusions will also be discussed. Separate discussions will occur with Kaiser, as its capitation rate structure is different than the other health networks. CalOptima staff will return to the Board with future recommendations, as required.

Clinical Operations
CalOptima will be responsible for providing CCS-specific case management, care coordination, provider referral, and service authorization to children with a CCS condition. CalOptima will conduct risk stratification, health risk assessment and care planning. For transitioning members, CalOptima will also be responsible for ensuring continuity of services, for example, CCS professional services, durable medical equipment and pharmacy.

While many services currently provided to children enrolled in CCS are covered by CalOptima for non-CCS conditions, the transition to WCM will incorporate new responsibilities to CalOptima including authorizing High-Risk Infant Follow-Up (HRIF), and NICU, and new benefits such as Cochlear implants Maintenance and Transportation services when applicable, to the child and/or family. Maintenance and Transportation services include meals, lodging, transportation, and other necessary costs (i.e. parking, tolls, etc.).

CalOptima will also be responsible for facilitating the transition of care between the County and CalOptima case management and following State requirements issued to the County, in the form of Numbered Letters, in regard to CCS administration and implementation. An example of this would be implementing the County's process for transitioning out of the program children currently enrolled in CCS but who will not be eligible once they turn twenty-one (21).

CalOptima may modify existing or establish new policies to implement WCM. These may include policies related to, for example, CCS comprehensive case management, risk stratification, health risk assessment, continuity of care, authorization for durable medical equipment (including wheelchairs) and pharmacy. CalOptima staff will return to the Board with future recommendations as required.

Provider Impact and Network Adequacy
The State requires plans, and their delegates, to have an adequate network of CCS-paneled and approved providers to serve to children enrolled in CCS. During the timeframe given for readiness and as an ongoing process, CalOptima will attempt to contract with as many CCS providers on the State-provided list and located in Orange County as possible. CalOptima is attempting to contract with all CCS providers in Orange County and specialized providers outside Orange County currently providing services to CalOptima members. Historically, CalOptima has paid, and expects to continue to pay, contracted CCS specialists an augmented rate to support participation and coordination of CalOptima and CCS services. This process is based on previous Board Action and reflected in Policy FF.1003: Payments for Covered Services Rendered to a Member of CalOptima Direct or a Member Enrolled in a Shared Risk Group.

CalOptima may modify existing or establish new policies to implement WCM. These may include policies related to, for example, access and availability standards, credentialing, primary care provider assignment, CalOptima staff will return to the Board with future recommendations as required.

<u>Memorandum of Understanding (MOU)</u>
Leveraging the DHCS WCM MOU template, CalOptima and OC HCA staff have worked in partnership to develop a new WCM MOU to reflect shared needs and to serve as the primary vehicle for ensuring collaboration between CalOptima and OC HCA in serving our joint CCS members. The MOU identifies each party's responsibilities and obligations based on their respective scope of responsibilities as they relate to CCS eligibility and enrollment, case management, continuity of care, advisory committees, data sharing, dispute management, NICU and quality assurance.

<u>Whole Child Model Family Advisory Committee (WCM FAC)</u>
In connection with the November 2, 2017 Board Action described above, CalOptima staff developed new Medi-Cal policy AA.1271: Whole Child Model Family Advisory Committee to establish policies and procedures related to development and on-going operations of the WCM FAC, Staff recommends Board approval of AA.1271: Whole Child Model Family Advisory Committee.

To identify nominees for the WCM FAC for Board consideration, CalOptima conducted recruitment to ensure that there would be a diverse applicant pool from which to choose candidates. The recruitment included several notification methods, sending outreach flyers to community-based organizations (CBOs) and OC HCA CCS staff for distribution to CCS members and their families, targeting outreach at six (6) CalOptima hosted WCM family events and at community meetings, and posting information on the WCM Stakeholder Information and WCM Family Advisory Committee pages on CalOptima's website. A total of sixteen (16) applications (eight (8) in each category) were received from fifteen (15) individuals (one (1) individual applied for a seat in both categories).

As the WCM FAC is in development, CalOptima requested members of CalOptima's Member Advisory Committee (MAC) to serve as the Nomination Ad Hoc Subcommittee (Subcommittee). Prior to the MAC Nominations Ad Hoc meeting on April 19, 2018, Subcommittee members evaluated each application. The Subcommittee, including Connie Gonzalez, Jaime Munoz and Christine Tolbert, selected a candidate for each of the seats. All eligible applicants for a Family Representative seat were recommended. (One (1) of the eight (8) applicants was not eligible as she did not have family or personal experience in CCS.) At the May 10, 2018 meeting, the MAC considered and accepted the recommended slate of candidates, as proposed by the Subcommittee.

Candidates for the open positions are as follows:
Family Representatives

1. Maura Byron for a two-year term ending June 30, 2020;
2. Melissa Hardaway for a one-year term ending June 30, 2019;
3. Grace Leroy-Loge for a two-year term ending June 30, 2020;
4. Pam Patterson for a one-year term ending June 30, 2019;
5. Kristin Rogers for a two-year term ending June 30, 2020; and
6. Malissa Watson for a one-year term ending June 30, 2019.

Maureen Byron is the mother of a young adult who is a current CCS client. Ms. Byron became involved in the CCS Parent Advisory Committee resulting in her being hired by Family Support Network (FSN). At FSN, she is a parent mentor assisting families of children with complex health care needs to maneuver in the system and secure services. In addition, she responds to families' questions and provides peer and emotional support.

Melissa Hardaway is the mother of a special needs child who receives CCS services. Ms. Hardaway is familiar with the health care industry as a health care professional and a broker. She believes her understanding of managed care and her advocacy experience for her child will benefit her to assist families of children in CCS.

Grace Leroy-Loge is the mother of an adolescent receiving CCS services. Ms. Leroy-Loge works as the Family Support Liaison at CHOC Children's Hospital NICU where she assists families of children with medically complex needs to advocate for their children. She has served in the community on several committees, such as the parent council of CCS, Make-a-Wish Medical Advisory Committee and Orange County Children's Collaborative.

Pam Patterson is the mother of a special needs adolescent receiving CCS. Ms. Patterson is a special needs attorney and a constitutional law attorney. She has many years of experience advocating for her child with CCS and the Regional Center of Orange County. Ms. Patterson is also very active in the community.

Kristin Rogers is the mother of a young teenager who receives CCS services. Ms. Rogers explained that because she encountered difficulties obtaining the correct health care coverage for her child, she wants to educate others with similar situations on how to obtain appropriate coverage. Ms. Rogers is an active volunteer at CHOC.

Malissa Watson is the mother of a child that receives CCS services. Ms. Watson's desire is to help families navigate CCS and CalOptima. Ms. Watson is active in the community, serving on the CHOC Hospital Parent Advisory Committee and mentoring other parents.

~~*CBO/Advocate Representatives*~~

1. ~~Michael Arnot for a two-year term ending June 30, 2020;~~
2. ~~Sandra Cortez-Schultz for a one-year term ending June 30, 2019;~~
3. ~~Gabriela Huerta for a two-year term ending June 30, 2020; and~~
4. ~~Diane Key for a one-year term ending June 30, 2019.~~

~~Michael Arnot is the Executive Director for Children's Cause Orange County, an organization that provides evidence-based therapeutic intervention for children with traumatic stress, such as trauma from medical procedures from co-occurring health conditions covered under CCS. Mr. Arnot has extensive experience working with children in varying capacities.~~

~~Sandra Cortez-Schultz is the Customer Service Manager at CHOC Children's Hospital. Ms. Cortez-Schultz is responsible for ensuring that the families of medically complex children receive the appropriate care and treatment they require. She is also the Chair of CHOC's Family Advisory Council. Ms. Cortez-Schultz has over 25 years of experience working directly and indirectly at varying levels with the CCS program.~~

~~Gabriela Huerta is a Lead Case Manager, California Children's Services/Regional Center for Molina Healthcare, Inc. Ms. Huerta is responsible for health care management and coordination of services for CCS members, including assessments, intervention, planning and development of member centric plans and coordination of care. She has expertise in CCS as a carve-out benefit as well as a managed care benefit.~~

~~Diane Key is the Director of Women's and Children's Services for UCI Medical Center. Ms. Key has over 30 years of experience working in women and children's services in clinical nursing and leadership oversight positions. She has knowledge of CCS standards, eligibility criteria and facility requirements. In addition, she understands the physical, psycho-social and developmental needs of CCS children.~~

6/7/2018: Continued to future Board meeting.

Staff recommends Board approval of the proposed nominees for the WCM FAC.

Fiscal Impact

The recommended action to approve the implementation plan for the WCM program carries significant financial risks. Based on draft capitation rates received from DHCS on April 27, 2018, staff estimates the total annual program costs for WCM at $274 million. Management has included projected revenues and expenses associated with the WCM program in the proposed CalOptima FY 2018-19 Operating Budget pending Board approval. However, given the high acuity and medical utilization associated with a relatively small CCS population, costs for the program are difficult to predict and likely to be volatile. CalOptima will continue to work closely with DHCS to ensure that Medi-Cal revenue will be sufficient to support the WCM program.

Rationale for Recommendation

The recommended actions will enable CalOptima to operationally prepare for the anticipated January 1, 2019, transition of California Children's Services to Whole-Child Model.

Whole-Child Model (WCM) Implementation Plan

Board of Directors Meeting

June 7, 2018

Candice Gomez, Executive Director

Program Implementation

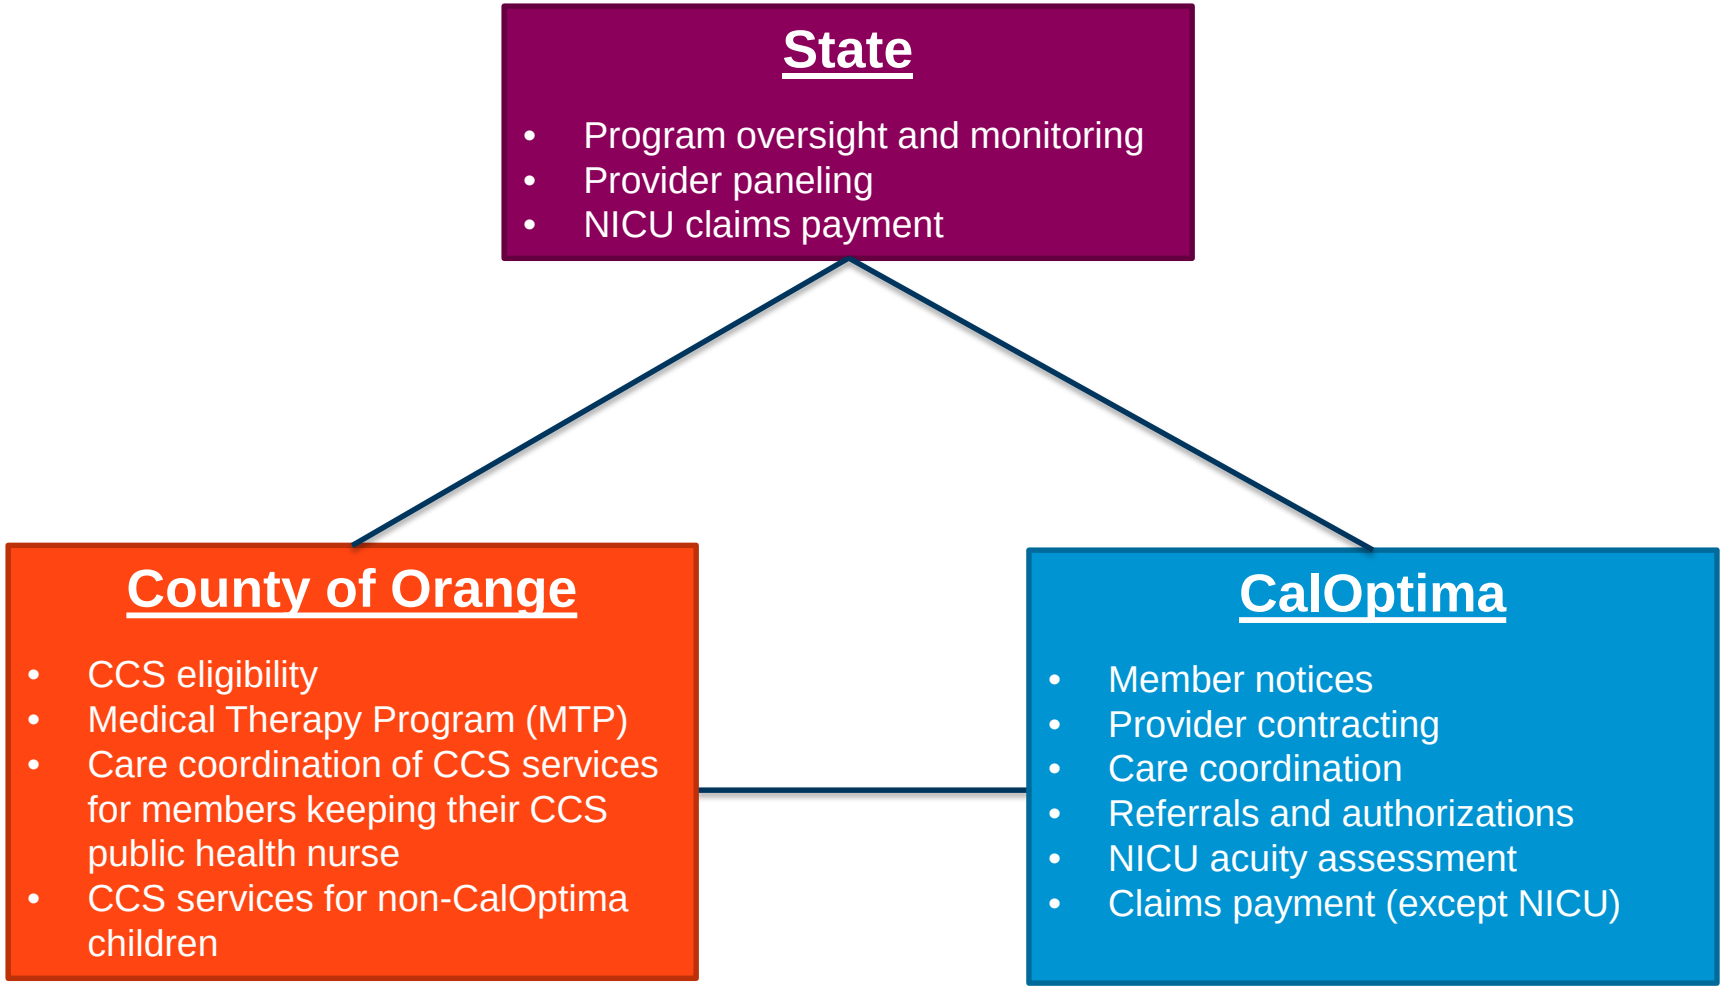
CalOptima
A Public Agency
Better. Together.

Background

Whole-Child Model (WCM) Overview

- California Children's Services (CCS) is a statewide program providing medical care and case management for children under 21 with certain medical conditions
  - Locally administered by Orange County Health Care Agency
- The Department of Health Care Services (DHCS) is implementing WCM to integrate the CCS services into select Medi-Cal plans
  - CalOptima will implement WCM effective January 1, 2019

Division of WCM Responsibilities



WCM Transition Goals

- Improve coordination and integration of services to meet the needs of the whole child
- Retain CCS program standards
- Support active family participation
- Establish specialized programs to manage and coordinate care
- Ensure care is provided in the most appropriate, least restrictive setting
- Maintain existing patient-provider relationships when possible

CCS Demographics

- About 13,000 Orange County children are receiving CCS services
  - ➢ 90 percent are CalOptima members

Languages	City of Residence (Top 5)
• Spanish = 48 percent • English = 44 percent • Vietnamese = 4 percent • Other/unknown = 4 percent	• Santa Ana = 23 percent • Anaheim = 18 percent • Garden Grove = 8 percent • Orange = 6 percent • Fullerton = 4 percent

WCM Requirements

- Required use of CCS paneled providers and facilities, including network adequacy certification
- Memorandum of Understanding with OC HCA to support coordination of services
- Maintenance & Transportation (travel, food and lodging) to access CCS services
- WCM specific reporting requirements
- Permit selection of a CCS paneled specialist to serve as a CCS member's Primary Care Provider (PCP)
- Establish WCM clinical and member/family advisory committees

2018 Stakeholder Engagement to Date

- January 25– General stakeholder event (93 attendees)
- February 26 -28 – Six family events (87 attendees)
- Provider focused presentations and meetings:
  - Hospital Association of Southern California
  - Safety Net Summit - Coalition of Orange County Community Health Centers
  - Pediatrician focused events hosted by Orange County Medical Association Pediatric Committee and Health Care Partners
  - Health Network convenings including Health Network Forum, Joint Operations Meetings and on-going workgroups
- Speakers Bureau and community meetings

Implementation Plan Elements

Proposed Delivery Model

- Leverage existing delivery model using health networks, subject to Board approval
  - Reflects the spirit of the law to bring together CCS services and non-CCS services into a single delivery system

- Using existing model creates several advantages
  - Maintains relationships between CCS-eligible children, their chosen health network and primary care provider
  - Improves clinical outcomes and health care experience for members and their families
  - Decreases inappropriate medical and administrative costs
  - Reduces administrative burden for providers

Financial Approach

- DHCS will establish a single capitation rate that includes CCS and non-CCS services
- Limited historical CCS claims payment detail available
- CalOptima Direct and CalOptima Community Network
  - Follow current fee-for-service methodology and policy
  - CCS paneled physicians are reimbursed at 140% Medi-Cal
- Health Network
  - Keep health network risk and payment structure similar to current methodologies in place
  - Develop risk corridors to mitigate risk

Clinical Operations

- Providing CCS-specific case management, care coordination, provider referral and authorizations

- Supporting new services such as High-Risk Infant Follow-Up authorization, Maintenance and Transportation (lodging, meals and other travel related services)

- Facilitating transitions of care
  - Risk stratification, health risk assessment and care planning for children and youth transitioning to WCM
  - Between CalOptima, OC HCA and other counties
  - Age-out planning for members who will become ineligible for CCS when they turn 21 years of age

Provider Impact and Network Adequacy

- CalOptima and delegated networks must have adequate network of CCS paneled and approved providers
  - CCS panel status will be part of credentialing process
  - CCS members will be able to select their CCS specialists as primary care provider
  - CalOptima is in process of contracting with CCS providers in Orange County and specialized providers outside of county providing services to existing members
  - Documentation of network adequacy will be submitted to DHCS by September 28, 2018

Memorandum of Understanding (MOU)

- DHCS requires CalOptima and Orange County Health Care Agency to develop WCM MOU to support collaboration and information sharing
  - Leverage DHCS template
  - Outlines responsibilities related:
    - CCS eligibility and enrollment
    - Case management
    - Continuity of care
    - Advisory committees
    - Data sharing
    - Dispute management
    - NICU
    - Quality assurance

WCM Family Advisory Committee

- CalOptima must establish a WCM Family Advisory Committee per Welfare & Institutions Code § 14094.17
- November 2, 2017 Board authorized development of committee
  - Eleven voting seats
    - Seven to nine family representative seats
    - Two to four community-based organizations or consumer advocates
    - Priority to family representatives
  - Two-year terms, with no term limits
    - Staggered terms
    - In first year, five seats for one-year term and six seats for two-year term
  - Approval requested for AA.1271: Whole Child Model Family Advisory Committee

WCM Family Advisory Committee (cont.)

- Sixteen applications (eight in each category)
- April 19, 2018 Member Advisory Committee (MAC) Nominations ad hoc committee selected candidates
  - All eligible applicants in family category were selected
    - One applicant was ineligible as she has no prior CCS experience
  - Four applicants in community category were selected
- May 10, 2018 MAC considered and accepted MAC Ad Hoc's recommended nominations for Board consideration

Recommended Nominees

Family Seats	Community Seats
Maura Byron	**Michael Arnot** Executive Director Children's Cause Orange County
Melissa Hardaway	
Grace Leroy-Loge	**Sandra Cortez – Schultz** Customer Service Manager CHOC Children's Hospital
Pam Patterson	
Kristin Rogers	**Gabriela Huerta** Lead Case Manager, California Children's Services/Regional Center Molina Healthcare, Inc.
Malissa Watson	
	Diane Key Director of Women's and Children's Services UCI Medical Center

Next Steps

- Review WCM capitation and risk corridor approach with Health Networks

- Planned stakeholder engagement
  - Community-based organization focus groups in June
  - General event in July
  - Family events in Fall

- Future Board actions
  - Update policies and procedures
  - Health network contracts

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken November 2, 2017
Regular Meeting of the CalOptima Board of Directors

Report Item

18. Consider Adopting Resolution Establishing a Family Advisory Committee for the Whole-Child Model Medi-Cal Program

Contact

Sesha Mudunuri, Executive Director, Operations, (714) 246-8400
Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Actions

Rev. 11/2/17

1. Adopt Resolution No. 17-1102-01, establishing the CalOptima Whole-Child Model family advisory committee to provide advice and recommendations to the CalOptima Board of Directors on issues concerning California Children's Services (CCS) and the Whole-Child Model program; and
2. Subject to approval of the California Department of Health Care Services (DHCS), authorize a stipend of up to $50 per committee meeting attended for each family representative appointed to the Whole-Child Model Family Advisory Committee (WCM-FAC).

Background

On September 25, 2016, SB 586 (Hernandez): Children's Services was signed into law. SB 586 authorizes the establishment of the Whole-Child Model that incorporates CCS-covered services for Medi-Cal eligible children and youth into specified county-organized health plans, including CalOptima. A provision of the Whole-Child Model requires each participating health plan to establish a family advisory committee. Accordingly, DHCS is requiring the establishment of a Whole-Child Model family advisory committee to report and provide input and recommendations to CalOptima relative to the Whole-Child Model program. The proposed stipend, subject to DHCS approval, is intended to enable in-person participation by members and family member representatives. It is also anticipated that a representative from the family advisory committees of each Medi-Cal plan will be invited to serve on a statewide stakeholder advisory group.

Since CalOptima's inception, the CalOptima Board of Directors has benefited from stakeholder involvement in the form of standing advisory committees. Under the authority of County of Orange Codified Ordinances, Section 4-11-15, and Article VII of the CalOptima Bylaws, the CalOptima Board of Directors may create committees or advisory boards that may be necessary or beneficial to accomplishing CalOptima's tasks. The advisory committees function solely in an advisory capacity providing input and recommendations concerning the CalOptima programs. CalOptima Whole-Child Model program would also benefit from the advice of a standing family advisory committee.

Discussion

While specific to Whole-Child Model program, the charge of the WCM-FAC would be similar to that of the other CalOptima Board advisory committees, including:

- Provide advice and recommendations to the Board and staff on issues concerning CalOptima Whole-Child Model program as directed by the Board and as permitted under applicable law;

- Engage in study, research and analysis of issues assigned by the Board or generated by staff or the family advisory committee;
- Serve as liaison between interested parties and the Board and assist the Board and staff in obtaining public opinion on issues relating to CalOptima Whole-Child Model program; and
- Initiate recommendations on issues for study to the CalOptima Board for its approval and consideration, and facilitate community outreach for CalOptima Whole-Child Model program and the Board.

While SB 586 requires plans to establish family advisory committees, committee composition is not explicitly defined. Based on current advisory committee experience, staff recommends including eleven (11) voting members on CalOptima's WCM-FAC, representing CCS family members who reflect the diversity of the CCS families served by the plan, as well as consumer advocates representing CCS families. If necessary, CalOptima will provide an in-person interpreter at the meetings. For the first nomination process to fill the seats, it is proposed that CalOptima's current Member Advisory Committee will be asked to participate in the Family Advisory Committee nominating ad hoc committee. The proposed candidates will then be submitted to the Board for consideration. It is anticipated that subsequent nominations for seats will be reviewed by a WCM-FAC nominating ad hoc committee and will be submitted first to the WCM-FAC, then to the full Board for consideration of the WCM-FAC's recommendations.

CalOptima staff recommends that the WCM-FAC be comprised of eleven (11) voting seats:

1. Seven (7) to ~~N~~ nine (9) of the seats shall be family representatives in one of the following categories, with a priority to family representatives (i.e., if qualifying family representative candidates are available, all nine (9) seats will be filled by family representatives):
    i. Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
    ii. CalOptima members age 18 -21 who are current recipients of CCS services; or
    iii. Current CalOptima members over the age of 21 who transitioned from CCS services.
2. Two (2) to four (4) of the seats shall represent the interests of children receiving CCS services, including:
    i. Community-based organizations; or
    ii. Consumer advocates.

While two (2) of the WCM-FAC's eleven seats are designated for community-based organizations or consumer advocates, WCM-FAC candidates representing these two groups may be considered for up to two additional WCM-FAC seats in the event that there are not sufficient family representative candidates to fill these seats.

Rev. 11/2/2017

Except for initial appointments, CalOptima WCM-FAC members will serve two (2) year terms, with no limits on the number of terms a representative may serve provided they continue to meet the above-referenced eligibility criteria. The initial appointments of WCM-FAC members will be divided between one and two-year terms to stagger reappointments. In the first year, five (5) committee member seats will be appointed for a one-year term and six (6) committee member seats will be appointed for a two-year term.

The WCM-FAC Chair and Vice Chair for the first year will be nominated at the second WCM-FAC meeting by committee members. The WCM-FAC's recommendations for these positions will subsequently be submitted to the Board for consideration. After the first year, the Chair and Vice Chair of the WCM-FAC will be appointed by the Board annually from the appointed voting members and may serve two consecutive one-year terms in a particular committee officer position.

The WCM-FAC will develop, review annually and recommend to the Board any revisions to the committee's Mission or Goals and Objectives. The Goals and Objectives will be consistent with those of the CalOptima Whole-Child Model.

The WCM-FAC will meet at least quarterly and will determine the appropriate meeting frequency to provide timely, meaningful input to the Board. At its second meeting, the WCM-FAC will adopt a meeting schedule for the remainder of the fiscal year. Thereafter, a yearly meeting schedule will be adopted prior to the first regularly scheduled meeting of each year. All meetings must be conducted in accordance with CalOptima's Bylaws. Attendance of a simple majority of WCM-FAC seats will constitute a quorum. A quorum must be present for any action to be taken. Members are allowed excused absences from meetings. Notification of absence must be received by CalOptima staff prior to scheduled WCM-FAC meetings.

The CalOptima Chief Executive Officer (CEO) will prepare, or cause to be prepared, an agenda for all WCM-FAC meetings prior to posting. Posting procedures must be consistent with the requirements of the Ralph M. Brown Act (California Government Code section 54950 *et seq.*). In addition, minutes of each WCM-FAC meeting will be taken, which will be filed with the Board. The Chair will report verbally or in writing to the Board at least twice annually. The Chair will also report to the Board, as requested, on issues specified by the Board. CalOptima management will provide staff support to the WCM-FAC to assist and facilitate the operations of the committee.

In order to enable in-person participation, SB 586 provides plans the option to pay a reasonable per diem payment to family representatives serving on the Family Advisory Committee. Similar to another Medi-Cal Managed Care Plan with an already established family-based advisory committee, and subject to DHCS approval, CalOptima staff recommends that the Board authorize a stipend of up to $50 per meeting for family representatives participating on the WCM-FAC. Only one stipend will be provided per qualifying WCM-FAC member per regularly scheduled meeting. In addition, stipend payments are restricted to family representatives only. Representatives of community-based organizations and consumer advocates are not eligible for stipends. As indicated, payment of the stipends is contingent upon approval by DHCS.

As it is the policy of CalOptima's Board to encourage maximum member and provider involvement in the CalOptima program, it is anticipated that the CalOptima Whole-Child Model will benefit from the establishment of a Family Advisory Committee. This WCM-FAC will report to the Board and will serve solely in an advisory capacity to the Board and CalOptima staff with respect to CalOptima Whole-Child Model. Establishing the WCM-FAC is intended to help to ensure that members' values and needs are integrated into the design, implementation, operation and evaluation of the CalOptima Whole-Child Model.

Fiscal Impact

The fiscal impact of the recommended action to establish the CalOptima WCM-FAC is an unbudgeted item. The projected total cost, including stipends, for meetings from April through June 2018, is $3,575. Unspent budgeted funds approved in the CalOptima Fiscal Year (FY) 2017-18 Operating Budget on June 1, 2017, will fund the cost through June 30, 2018. The estimated annual cost is $13,665. At this time, it is unknown whether additional staff will be necessary to support the advisory committee's work. Management plans to include expenses related to the WCM-FAC in future operating budgets.

Rationale for Recommendation

SB 586 requires that, for implementation of the Whole-Child Model program, a family advisory committee must be established. As proposed, the WCM-FAC will advise CalOptima's Board and staff on operations of the CalOptima Whole-Child Model.

Resolution No. 17-1102-01

Rev.
11/2/17

/s/ Michael Schrader — **Authorized Signature**

10/23/2017 — **Date**

RESOLUTION NUMBER 17-1102-01

**RESOLUTION OF THE BOARD OF DIRECTORS
ORANGE COUNTY HEALTH AUTHORITY, DBA CALOPTIMA
ESTABLISHING POLICY AND PROCEDURES FOR CALOPTIMA WHOLE-CHILD MODEL MEMBER ADVISORY COMMITTEE**

WHEREAS, the CalOptima Board of Directors (hereinafter "the Board") would benefit from the advice of broad-based standing advisory committee specifically focusing on the CalOptima Whole-Child Model Plan hereafter "CalOptima Whole-Child Model Family Advisory Committee"; and

WHEREAS, the State of California, Department of Health Care Services (DHCS) has established requirements for implementation of the CalOptima Whole-Child Model program, including a requirement for the establishment of an advisory committee focusing on the Whole-Child Model; and

WHEREAS, the CalOptima Whole-Child Model Family Advisory Committee will serve solely in an advisory capacity to the Board and staff, and will be convened no later than the effective date of the CalOptima Whole-Child Model;

NOW, THEREFORE, BE IT RESOLVED:

Section 1. Committee Established. The CalOptima Whole-Child Model Family Advisory Committee (hereinafter "WCM-FAC") is hereby established to:

- Report directly to the Board;
- Provide advice and recommendations to the Board and staff on issues concerning the CalOptima Whole-Child Model program as directed by the Board and as permitted under the law;
- Engage in study, research and analysis of issues assigned by the Board or generated by the WCM-FAC;
- Serve as liaison between interested parties and the Board and assist the Board and staff in obtaining public opinion on issues relating to CalOptima Whole-Child Model or California Children Services (CCS);
- Initiates recommendations on issues for study to the Board for approval and consideration; and
- Facilitates community outreach for CalOptima and the Board.

Section 2. Committee Membership. The WCM-FAC shall be comprised of Eleven (11) voting members, representing or representing the interests of CCS families. In making appointments and re-appointments, the Board shall consider the ethnic and cultural diversity and special needs of the CalOptima Whole-Child Model population. Nomination and input from interested groups and community-based organizations will be given due consideration. Except as noted below, members are appointed for a term of two (2) full years, with no limits on the number of terms. All voting member appointments (and reappointments) will be made by the Board. During the first year, five (5) WCM-FAC members will serve a one -year term

and six (6) will serve a two-year term, resulting in staggered appointments being selected in subsequent years.

The WCM-FAC shall be composed of eleven (11) voting seats:

1. Seven (7) to nine (9) of the seats shall be family representatives in the following categories:
   - Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
   - CalOptima members age 18-21 who are current recipients of CCS services; or
   - Current CalOptima members over the age of 21 who transitioned from CCS services.

2. Two (2) to four (4) of the seats shall represent the interests of children with CCS, including:
   - Community-based organizations (CBOs); or
   - Consumer advocates.

Rev. 11/2/2017

If nine or more qualified candidates initially apply for family representative seats, nine of the eleven committee seats will be filled with family representatives. Initially, and on an on-going basis, only in circumstances when there are insufficient applicants to fill all of the designated family representative seats with qualifying family representatives, up to two of the nine seats designated for family members may be filled with representatives of CBOs or consumer advocates.

It is anticipated that a representative from the CalOptima WCM-FAC may be invited to serve on a statewide stakeholder advisory group.

Section 3. Chair and Vice Chair. The Chair and Vice Chair for the WCM-FAC will be appointed by the Board annually from the appointed members. The Chair, or in the Chair's absence, the Vice Chair, shall preside over WCM-FAC meetings. The Chair and Vice Chair may each serve up to two consecutive terms in a particular WCM-FAC officer position, or until their successor is appointed by the Board.

Section 4. Committee Mission, Goals and Objectives. The WCM-FAC will develop, review annually, and make recommendations to the Board on any revisions to the committee's Mission or Goals and Objectives.

Section 5. Meetings. The WCM-FAC will meet at least quarterly. A yearly meeting schedule will be adopted at the second regularly scheduled meeting for the remainder of the fiscal year. Thereafter, a yearly meeting schedule will be adopted prior to the first regularly scheduled meeting of each year. All meetings must be conducted in accordance with CalOptima's Bylaws.

Attendance by the occupants of a simple majority of WCM-FAC seats shall constitute a quorum. A quorum must be present in order for any action to be taken by the WCM-FAC. Committee members are allowed excused absences from meetings. Notification of absence must be received by CalOptima staff prior to the scheduled WCM-FAC meeting.

The CalOptima Chief Executive Officer (CEO) shall prepare, or cause to be prepared, and post, or cause to be posted, an agenda for all WCM-FAC meetings. Agenda contents and posting procedures must be consistent with the requirements of the Ralph M. Brown Act (Government Code section 54950 *et seq.*).

WCM-FAC minutes will be taken at each meeting and filed with the Board.

Section 6. Reporting. The Chair is required to report verbally or in writing to the Board at least twice annually. The Chair will also report to the Board, as requested, on issues specified by the Board.

Section 7. Staffing. CalOptima will provide staff support to the WCM-FAC to assist and facilitate the operations of the committee.

Section 8. Ad Hoc Committees. Ad hoc committees may be established by the WCM-FAC Chair from time to time to formulate recommendations to the full WCM-FAC on specific issues. The scope and purpose of each such ad hoc will be defined by the Chair and disclosed at WCM-FAC meetings. Each ad hoc committee will terminate when the specific task for which it was created is complete. An ad hoc committee must include fewer than a majority of the voting committee members.

Section 9. Stipend. Subject to DHCS approval, family representatives participating on the WCM-FAC are eligible to receive a stipend for their attendance at regularly scheduled and ad hoc WCM-FAC meetings. Only one stipend is available per qualifying WCM-FAC member per regularly scheduled meeting. WCM-FAC members representing community-based organizations and consumer advocates are not eligible for WCM-FAC stipends.

APPROVED AND ADOPTED by the Board of Directors of the Orange County Health Authority, d.b.a., CalOptima this 2nd day of November, 2017.

Policy #:	AA.1271PP
Title:	**Whole Child Model Family Advisory Committee**
Department:	General Administration
Section:	Not Applicable
CEO Approval:	Michael Schrader
Effective Date:	06/07/18
Last Review Date:	Not Applicable
Last Revised Date:	Not Applicable

I. PURPOSE

This policy describes the composition and role of the Family Advisory Committee for Whole Child Model (WCM) and establishes a process for recruiting, evaluating, and selecting prospective candidates to the Whole Child Model Family Advisory Committee (WCM FAC).

II. POLICY

A. As directed by CalOptima's Board of Directors (Board), the WCM FAC shall report to the CalOptima Board and shall provide advice and recommendations to the CalOptima Board and CalOptima staff in regards to California Children's Services (CCS) provided by CalOptima Medi-Cal's implementation of the WCM.

B. CalOptima's Board encourages Member and community involvement in CalOptima programs.

C. WCM FAC members shall recuse themselves from voting or from decisions where a conflict of interest may exist and shall abide by CalOptima's conflict of interest code and, in accordance with CalOptima Policy AA.1204: Gifts, Honoraria, and Travel Payments.

D. CalOptima shall provide timely reporting of information pertaining to the WCM FAC as requested by the Department of Health Care Services (DHCS).

E. The composition of the WCM FAC shall reflect the cultural diversity and special needs of the health care consumers within the Whole-Child Model population. WCM FAC members shall have direct or indirect contact with CalOptima Members.

F. In accordance with CalOptima Board Resolution No. 17-1102-01, the WCM FAC shall be comprised of eleven (11) voting members representing CCS family members, as well as consumer advocates representing CCS families. Except as noted below, each voting member shall serve a two (2) year term with no limits on the number of terms a representative may serve. The initial appointments of WCM FAC members will be divided between one (1) and two (2)-year terms to stagger reappointments. In the first year, five (5) committee member seats shall be appointed for a one (1)-year term and six (6) committee member seats shall be appointed for a two (2)-year term. The WCM FAC members serving a one (1) year term in the first year shall, if reappointed, serve two (2) year terms thereafter.

1. Seven (7) to nine (9) of the seats shall be family representatives in one (1) of the following categories, with a priority to family representatives (i.e., if qualifying family representative candidates are available, all nine (9) seats will be filled by family representatives):

    a. Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima Member who is a current recipient of CCS services;

    b. CalOptima Members eighteen (18)-twenty-one (21) years of age who are current recipients of CCS services; or

    c. Current CalOptima members over the age of twenty-one (21) who transitioned from CCS services.

2. Two (2) to four (4) of the seats shall represent the interests of children receiving CCS services, including:

    a. Community-based organizations; or

    b. Consumer advocates.

3. While two (2) of the WCM FAC's eleven (11) seats are designated for community-based organizations or consumer advocates, an additional two (2) WCM FAC candidates representing these groups may be considered for these seats in the event that there are not sufficient family representative candidates to fill the family member seats.

4. Interpretive services shall be provided at committee meetings upon request from a WCM FAC member or family member representative.

5. A family representative, in accordance with Section II.G.1 of this Policy, may be invited to serve on a statewide stakeholder advisory group.

G. Stipends

1. Subject to approval by the CalOptima Board, CalOptima may provide a reasonable per diem payment to a member or family representative serving on the WCM FAC. CalOptima shall maintain a log of each payment provided to the member or family representative, including type and value, and shall provide such log to DHCS upon request.

    a. Representatives of community-based organizations and consumer advocates are not eligible for stipends.

H. The WCM FAC shall conduct a nomination process to recruit potential candidates for expiring seats, in accordance with this Policy.

I. WCM FAC Vacancies

1. If a seat is vacated within two (2) months from the start of the nomination process, the vacated seat shall be filled during the annual recruitment and nomination process.

2. If a seat is vacated after the annual nomination process is complete, the WCM FAC nomination ad hoc subcommittee shall review the applicants from the recent recruitment to see if there is a viable candidate.

    a. If there is no viable candidate among the applicants, CalOptima shall conduct recruitment, per section III.B.2.

3. A new WCM FAC member appointed to fill a mid-term vacancy, shall serve the remainder of the resigning member's term, which may be less than a full two (2) year term.

J. On an annual basis, WCM FAC shall select a chair and vice chair from its membership to coincide with the annual recruitment and nomination process. Candidate recruitment and selection of the chair and vice chair shall be conducted in accordance with Sections III.B-D of this Policy.

1. The WCM FAC chair and vice chair may serve two (2) consecutive one (1) year terms.

2. The WCM FAC chair and/or vice chair may be removed by a majority vote of CalOptima's Board.

K. The WCM FAC chair, or vice chair, shall ask for three (3) to four (4) members from the WCM FAC to serve on a nomination ad hoc subcommittee. WCM FAC members who are being considered for reappointment cannot participate in the nomination ad hoc subcommittee.

1. The WCM FAC nomination ad hoc subcommittee shall:

    a. Review, evaluate and select a prospective chair, vice chair and a candidate for each of the open seats, in accordance with Section III.C-D of this Policy; and

    b. Forward the prospective chair, vice chair, and slate of candidate(s) to the WCM FAC for review and approval.

2. Following approval from the WCM FAC, the recommended chair, vice chair, and slate of candidate(s) shall be forwarded to CalOptima's Board for review and approval.

L. CalOptima's Board shall approve all appointments, reappointments, and chair and vice chair appointments to the WCM FAC.

M. Upon appointment to WCM FAC and annually thereafter, WCM FAC members shall be required to complete all mandatory annual Compliance Training by the given deadline to maintain eligibility standing on the WCM FAC.

N. WCM FAC members shall attend all regularly scheduled meetings, unless they have an excused absence. An absence shall be considered excused if a WCM FAC member provides notification of an absence to CalOptima staff prior to the meeting. CalOptima staff shall maintain an attendance log of the WCM FAC members' attendance at WCM FAC meetings. As the attendance log is a public record, any request from a member of the public, the WCM FAC chair, the vice chair, the Chief Executive Officer, or the CalOptima Board, CalOptima staff shall provide a copy of the attendance log to the requester. In addition, the WCM FAC chair, or vice chair, shall contact any committee member who has three (3) consecutive unexcused absences.

1. WCM FAC members' attendance shall be considered as a criterion upon reapplication.

III. PROCEDURE

A. WCM FAC meeting frequency

1. WCM FAC shall meet at least quarterly.

2. WCM FAC shall adopt a yearly meeting schedule at the first regularly scheduled meeting in or after January of each year.

3. Attendance by a simple majority of appointed members shall constitute a quorum, and a quorum must be present for any votes to be valid.

B. WCM FAC recruitment process

1. CalOptima shall begin recruitment of potential candidates in March of each year. In the recruitment of potential candidates, the ethnic and cultural diversity and special needs of children and/or families of children in CCS which are or are expected to transition to CalOptima's Whole-Child Model population shall be considered. Nominations and input from interest groups and agencies shall be given due consideration.

2. CalOptima shall recruit for potential candidates using one or more notification methods, which may include, but are not limited to, the following:

   a. Outreach to family representatives and community advocates that represent children receiving CCS;

   b. Placement of vacancy notices on the CalOptima website; and/or

   c. Advertisement of vacancies in local newspapers in Threshold Languages.

3. Prospective candidates must submit a WCM Family Advisory Committee application, including resume and signed consent forms. Candidates shall be notified at the time of recruitment regarding the deadline to submit their application to CalOptima.

4. Except for the initial recruitment, the WCM FAC chair or vice chair shall inquire of its membership whether there are interested candidates who wish to be considered as a chair or vice chair for the upcoming fiscal year.

   a. CalOptima shall inquire at the first WCM FAC meeting whether there are interested candidates who wish to be considered as a chair for the first year.

C. WCM FAC nomination evaluation process

1. The WCM FAC chair or vice chair shall request three (3) to four (4) members, who are not being considered for reappointment, to serve on the nominations ad hoc subcommittee. For the first nomination process, Member Advisory Committee (MAC) members shall serve on the nominations ad hoc subcommittee to review candidates for WCM FAC.

a. At the discretion of the nomination ad hoc subcommittee, a subject matter expert (SME), may be included on the subcommittee to provide consultation and advice.

2. Prior to WCM FAC nomination ad hoc subcommittee meeting (including the initial WCM FAC nomination ad hoc subcommittee).

a. Ad hoc subcommittee members shall individually evaluate and score the application for each of the prospective candidates using the applicant evaluation tool.

b. Ad hoc subcommittee members shall individually evaluate and select a chair and vice chair from among the interested candidates.

c. At the discretion of the ad hoc subcommittee, subcommittee members may contact a prospective candidate's references for additional information and background validation.

3. The ad hoc subcommittee shall convene to discuss and select a chair, vice chair and a candidate for each of the expiring seats by using the findings from the applicant evaluation tool, the attendance record if relevant and the prospective candidate's references.

D. WCM FAC selection and approval process for prospective chair, vice chair, and WCM FAC candidates:

1. The nomination ad hoc subcommittee shall forward its recommendation for a chair, vice chair, and a slate of candidates to WCM FAC (or in the first year, the MAC) for review and approval. Following WCM FAC's approval (or in the first year, the MAC), the proposed chair, vice chair and slate of candidates shall be submitted to CalOptima's Board for approval.

2. The WCM FAC members' terms shall be effective upon approval by the CalOptima Board.

a. In the case of a selected candidate filling a seat that was vacated mid-term, the new candidate shall attend the immediately following WCM FAC meeting.

3. WCM FAC members shall attend a new advisory committee member orientation.

VIII. REVIEW/REVISION HISTORY

Version	Date	Policy Number	Policy Title	Line(s) of Business
Effective	06/07/2018	AA.1271PP	Whole Child Model Family Advisory Committee	Medi-Cal

IX. GLOSSARY

Term	Definition
California Children's Services Program	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible children under the age of twenty-one (2l) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.
Member	For purposes of this policy, an enrollee-beneficiary of the CalOptima Medi-Cal Program receiving California Children's Services through the Whole Child Model program.
Member Advisory Committee (MAC)	A committee comprised of community advocates and Members, each of whom represents a constituency served by CalOptima, which was established by CalOptima to advise its Board of Directors on issues impacting Members.
Threshold Languages	Those languages identified based upon State requirements and/or findings of the Group Needs Assessment (GNA).
Whole Child Model	An organized delivery system that will ensure comprehensive, coordinated services through enhanced partnerships among Medi-Cal managed care plans, children's hospitals and specialty care providers.

Whole-Child Model Family Advisory Committee (WCM FAC) Member Application

Instructions: Please type or print clearly. This application is for current California Children's Services (CCS) members and their family members. Please attach a résumé or bio outlining your qualifications and include signed authorization forms. For questions, please call **1-714-246-8635**.

Name: _____ Primary Phone: _____

Address: _____ Secondary Phone: _____

City, State, ZIP: _____ Fax: _____

Date: _____ Email: _____

Please see the eligibility criteria below:*

Seven (7) to nine (9) seats shall be family representatives in one of the following categories. Please indicate:

- ☐ Authorized representatives, which includes parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
- ☐ CalOptima members age 18–21 who are current recipients of CCS services; or
- ☐ Current CalOptima members over the age of 21 who transitioned from CCS services

Four (4) seats will be appointed for a one-year term and five (5) seats will be appointed for a two-year term.

CalOptima Medi-Cal/CCS status (e.g., member, family member, foster parent, caregiver, etc.):

_____

If you are a family member/foster parent/caregiver, please tell us who the member is and what your relationship is to the member:

Member Name: _____ Relationship: _____

Please tell us whether you have been a CalOptima member (i.e., Medi-Cal) or have any consumer advocacy experience: _____

_____

_____

_____

Please explain why you would be a good representative for diverse cultural and/or special needs of children and/or the families of children in CCS. Include any relevant experience working with these populations: _____

_____

_____

Please provide a brief description of your knowledge or experience with California Children's Services:_____

_____

_____

Please explain why you wish to serve on the WCM FAC:_____

_____

_____

_____

Describe why you would be a qualified representative for service on the WCM FAC:_____

_____

_____

_____

Other than English, do you speak or read any of CalOptima's threshold languages for the Whole-Child Model (i.e. Spanish, Vietnamese, Korean, Farsi, Chinese or Arabic)? If so, which one(s)?

_____

If selected, are you able to commit to attending quarterly (at least) WCM FAC meetings, as well as serving on at least one subcommittee? ☐ Yes ☐ No

LIMITED PRIVACY WAIVER

Under state and federal law, the fact that a person is eligible for Medi-Cal and California Children's Services (CCS) is a private matter that may only be disclosed by CalOptima as necessary to administer the Medi-Cal and CCS program, unless other disclosures are authorized by the eligible member. Because the position of Member Representative on Whole Child Model Family Advisory Committee (WCM FAC) requires that the person appointed must be a member or a family member of a member receiving CCS, the member's Medi-Cal and CCS eligibility will be disclosed to the general public. The member or their representative (e.g. parent, foster parent, guardian, etc.) should check the appropriate box below and sign this waiver to allow his or her, or his or her family member or caregiver's name to be nominated for the advisory committee.

☐ **MEMBER APPLICANT — I understand that by signing below and applying to serve on the WCM FAC, I am disclosing my eligibility for the Medi-Cal and CCS program, the fact of which is otherwise protected under state or federal law. I am not agreeing to disclose any other information protected by state or federal law.**

☐ **FAMILY MEMBER APPLICANT — I understand that by applying to serve on the WCM FAC, my status as a family member of a person eligible for Medi-Cal and CCS benefits is likely to become public. I authorize the disclosing of my family member's (insert name of member: _____) eligibility for the Medi-Cal and CCS program, the fact of which is otherwise protected under state or federal law. I am not agreeing to disclose any other information protected by state or federal law.**

AUTHORIZATION FOR USE AND DISCLOSURE OF PROTECTED HEALTH INFORMATION (PHI)

The federal HIPAA Privacy Regulations requires that you complete this form to authorize CalOptima to use or disclose your Protected Health Information (PHI) to another person or organization. Please complete, sign, and return the form to CalOptima.

Date of Request: _____ Telephone Number: _____

Member Name: _____ Member CIN: _____

AUTHORIZATION:

I, _____, hereby authorize CalOptima, to use or disclose my health information as described below.

Describe the health information that will be used or disclosed under this authorization (please be specific): Information related to the identity, program administrative activities and/or services provided to {me} {my child} which is disclosed in response to my own disclosures and/or questions related to same.

Person or organization authorized to receive the health information: **General public**

Describe each purpose of the requested use or disclosure (please be specific): **To allow** CalOptima staff to respond to questions or issues raised by me that may require reference to my health information that is protected from disclosure by law during public meetings of **the CalOptima Whole-Child Model Family Advisory Committee**

EXPIRATION DATE:

This authorization shall become effective immediately and shall expire on: **The end of the term of the position applied for**

Right to Revoke: I understand that I have the right to revoke this authorization in writing at any time. To revoke this authorization, I understand that I must make my request in writing and clearly state that I am revoking this specific authorization. In addition, I must sign my request and then mail or deliver my request to:

CalOptima
Customer Service Department
505 City Parkway West
Orange, CA 92868

I understand that a revocation will not affect the ability of CalOptima or any health care provider to use or disclose the health information to the extent that it has acted in reliance on this authorization.

RESTRICTIONS:

I understand that anything that occurs in the context of a public meeting, including the meetings of the Whole Child Model Family Advisory Committee, is a matter of public record that is required to be disclosed upon request under the California Public Records Act. Information related to, or relevant to, information disclosed pursuant to this authorization that is not disclosed at the public meeting remains protected from disclosure under the Health Insurance Portability and Accountability Act (HIPAA), and will not be disclosed by CalOptima without separate authorization, unless disclosure is permitted by HIPAA without authorization, or is required by law.

MEMBER RIGHTS:

- I understand that I must receive a copy of this authorization.
- I understand that I may receive additional copies of the authorization.
- I understand that I may refuse to sign this authorization.
- I understand that I may withdraw this authorization at any time.
- I understand that neither treatment nor payment will be dependent upon my refusing or agreeing to sign this authorization.

ADDITIONAL COPIES:

Did you receive additional copies? ☐ Yes ☐ No

SIGNATURE:

By signing below, I acknowledge receiving a copy of this authorization.

CalOptima Board Action Agenda Referral

Action To Be Taken June 4, 2009
Regular Meeting of the CalOptima Board of Directors

Report Item
VI. E. Approve Health Network Contract Rate Methodology

Contact
Michael Engelhard, Chief Financial Officer, (714) 246-8400

Recommended Action
Approve the modification methodology of Health Network capitation rates for October 1, 2009.

Background
Health Network capitation is the payment method that CalOptima uses to reimburse PHCs and shared risk groups for the provision of health care services to members enrolled in CalOptima Medi-Cal and CalOptima Kids. In order to ensure that reimbursement to such capitated providers reflects up-to-date information, CalOptima periodically contracts with its actuarial consultants to recalculate or "rebase" these payment rates.

The purpose of this year's rebasing is to:

- Establish actuarially sound facility and professional capitation rates;
- Account for changes in CalOptima's delivery model;
- Incorporate changes in the Division of Financial Responsibility (DOFR); and
- Perform separate analyses for Medi-Cal and CalOptima Kids.

The overall methodology for this year's rebasing approach includes:

- CalOptima eligibility data;
- Encounter and CalOptima Direct (COD) claim data analysis
- Reimbursement analysis;
- PCP capitation analysis;
- Maternity "kick" payment analysis;
- State benefit carve-out analysis;
- Reinsurance analysis;
- Administrative load analysis;
- Budget neutrality established

Discussion
CalOptima uses capitation as one way to reimburse certain contracted health care providers for services rendered. A Capitation payment is made to the provider during the month and is based solely on the number of contracted members assigned to that provider

at the beginning of each month. The provider is then responsible for utilizing those dollars in exchange for all services provided during that month or period.

To ensure that capitated payment rates reflect the current structure and responsibilities between CalOptima and its delegated providers, capitation rates need to be periodically reset or rebased.

CalOptima last performed a comprehensive rate rebasing in July 2007, for rates effective January 1, 2008, for CalOptima Medi-Cal only. Much has changed since that time including the establishment of shared risk groups; the movement of certain high-acuity members out of the Health Networks and into COD; changes in the DOFR between hospitals, physicians and CalOptima; shifts in member mix between the Health Networks; and changes in utilization of services by members.

Therefore, CalOptima opted to perform another comprehensive rebasing analysis prior to the FY2009-10 year in order to fully reflect the above-mentioned changes.

Fiscal Impact
CalOptima projects no fiscal impact as a result of the rebasing. Rebasing is designed to be budget neutral to overall CalOptima medical expenses even though there will likely be changes to specific capitation rates paid to Health Network providers.

Rationale for Recommendation
Staff recommends approval of this action to provide proper reimbursement levels to CalOptima's capitated health networks participating in CalOptima Medi-Cal and CalOptima Kids.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action to Be Taken December 17, 2003
Special Meeting of the CalOptima Board of Directors

Report Item
VI. A. Approve Modifications to the CalOptima Health Network Capitation Methodology and Rate Allocations

Contact
Amy Park, Chief Financial Officer, (714) 246-8400

Recommended Action
Approve modifications to the CalOptima health network capitation methodology and rate allocations between Physician and Hospital financial responsibilities effective March 2004.

Background
CalOptima pays its health networks (HMOs and PHCs) according to the same schedule of capitation rates, which are adjusted by Medi-Cal aid category, gender and age. The actuarial cost model, upon which these rates are based, was developed by Milliman USA utilizing pre-CalOptima Orange County fee-for-service (FFS) experience as the baseline. This model then took into account utilization targets that were actuarially-appropriate for major categories of services and competitive reimbursement levels to ensure sufficient funds to provide all medically necessary services under a managed care model.

Since development of the model in 1999, CalOptima has negotiated capitation rate increases from the State for managed care rate "pass throughs" as a result of provider rate increases implemented in the Medi-Cal FFS program. In turn, CalOptima passed on these additional revenues to the health networks by increasing capitation payments, establishing carve-outs (e.g., transplants), or offering additional financial support, such as funding for enhanced subspecialty coverage and improving reinsurance coverage.

It has now been over four years since CalOptima commissioned a complete review of the actuarial cost model. As noted, CalOptima has only adjusted the underlying pricing in the actuarial cost model over the years to pass on increases in capitation rates to the health networks.

In light of State fiscal challenges and impending potential Medi-Cal funding and benefit reductions, CalOptima must examine the actuarial soundness of the existing cost model and update the utilization assumptions to ensure that CalOptima's health network capitation rate methodology continues to allocate fiscal resources commensurate with the level of medical needs of the population served. This process will also provide

Back to Item
Back to Agenda
Back to Item

CalOptima with a renewed starting point from which to make informed decisions as we face yet another round of State budget uncertainties and declining resources.

Discussion

General Process. With the updated model, Milliman's rebasing process takes into account the 7+ years of health network managed care experience, rather than the historical pre-CalOptima Orange County FFS experience, as a base for capitation rates. Milliman examined the utilization statistics as indicated by the health network encounter data and evaluated the utilization for completeness by comparing against health network reported utilization and financial trends, health network primary care physician capitation and other capitation rates, health network hospital risk pool settlements, and other benchmarks as available. Further adjustments were made to account for changes in contractual requirements in the 2003-2005 health network contracts.

Utilization Assumptions. Consistent with changes in the State rate methodology, the updated health network capitation model combines the Family, Poverty and Child aid categories into a single Family aid category, with updated age/gender factors. The new model also recommends the creation of a supplemental capitation rate for members with end stage renal disease (ESRD). Furthermore, the actuarial model identifies actuarially-appropriate utilization targets for all major categories of services. These targets are set at levels that ensure that health networks have sufficient funds to provide all medically necessary services.

Pricing Assumptions. The new actuarial cost model includes reimbursement assumptions that are applied to the utilization targets to determine capitation rates. Effective October 2003, the State reduced CalOptima's capitation rates, effectively passing through the 5% cutback in physician and other provider rates as enacted in the 2003-04 State Budget Act. Notwithstanding this reduction, it is CalOptima's goal to maintain physician reimbursement levels to ensure members' continued access to care. Hence, CalOptima's health network minimum provider reimbursement policy and capitation funding will be maintained at its current levels. In other words, health networks will continue to be required to reimburse specialty physicians at rates that are no less than 150% of the Medi-Cal Fee Schedule and physician services in the actuarial model will continued to be priced at 147% of the August 1999 Medi-Cal Fee Schedule (as adjusted to primarily reflect market primary care physician capitation rates).

The actuarial cost model also provides sufficient funds to reimburse inpatient hospital reimbursement services at rates that are comparable to the average Southern California per diem rates and payment trends as published by California Medical Assistance Commission (CMAC) and to reimburse hospital outpatient services, commensurate with physician services, at 147% of the August 1999 Medi-Cal Fee Schedule.

In addition, the actuarial cost model provides sufficient funds for health network administrative expenses and an allowance for surplus. The table below summarizes the adjusted allocation of health network capitation rates to reflect the new actuarial cost model:

Aid Category	Proposed Hospital	Proposed Physician	Proposed Combined
Family/Poverty/Child	-4.6%	2.1%	-0.7%
Adult	-19.4%	-3.1%	-12.0%
Aged	18.9%	19.1%	19.0%
Disabled	10.9%	-4.4%	3.3%
Composite	1.7%	0.7%	1.2%

**Percentage changes are calculated from current capitation rates which have been adjusted to reflect the establishment of a separate ESRD supplemental capitation.*

Fiscal Impact

In summary, the proposed modifications will increase capitation payments made to physicians by 0.7%, while capitation payments to hospitals will increase by approximately 1.7%, for an overall weighted average increase in health network capitation rate payments of 1.2%, or $3.1 million on an annualized basis.

This additional increase will be funded by the Medi-Cal capitation rate increases received by CalOptima related to the State's settlement of the *Orthopaedic v. Belshe* lawsuit concerning Medi-Cal payment rates for hospital outpatient services.

As the Board will recall, the additional monies received by CalOptima related to this hospital outpatient settlement were passed through to hospitals in a lump-sum payment as approved by the Board in April 2003 for Fiscal 2001-02. That Board action also included approval for a second distribution scheduled for January 2004 to be made to hospitals for Fiscal 2002-03 related monies. Therefore, the proposed increases in hospital capitation rates contained in this action referral will facilitate the ongoing distributions of these dollars to CalOptima's participating hospitals. *See also related Board action referral to approve modifications to CalOptima Direct hospital reimbursement rates.*

Rationale for Recommendation

The proposed modifications to the rate methodology and related allocation of funds are consistent with the extensive, independent analysis performed by Milliman USA to update CalOptima's health network capitation methodology to reflect the 7+ years of health network managed care experience, rather than the historical pre-CalOptima Orange County FFS experience, as a base for capitation rates. The updated actuarial model also provides CalOptima with a renewed starting point from which to make informed

decisions as we face yet another round of State budget uncertainties and declining resources.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken April 2, 2020
Regular Meeting of the CalOptima Board of Directors

Report Item

7. Consider Approval of CalOptima Medi-Cal Directed Payments Policy

Contact

Candice Gomez, Executive Director, Program Implementation, (714) 246-8400
Nancy Huang, Chief Financial Officer, (714) 246-8400

Recommended Actions

That the Board of Directors:

1. Approve CalOptima Medi-Cal Policy FF.2011 Directed Payments to align with current operational processes and comply with the Department of Health Care Services (DHCS) Directed Payment programs guidance.

2. Authorize the advance funding of the Directed Payments, as necessary and appropriate, for the Directed Payment programs identified in CalOptima Policy FF.2011.

3. Authorize the Chief Executive Officer, to approve as necessary and appropriate, the continuation of payment of Directed Payments to eligible providers for qualifying services before the release of DHCS final guidance, if instructed, in writing, by DHCS, and the State Plan Amendment (SPA) has been filed with the Centers for Medicare & Medicaid Services (CMS) for an extension of the Directed Payment program identified in CalOptima Policy FF.2011.

4. Authorize the Chief Executive Officer, with the assistance of Legal Counsel, to update and amend, as necessary and appropriate, Health Network Contracts and Attachment A: Directed Payments Rates and Codes of CalOptima Policy FF.2011, pursuant to DHCS final guidance or written instruction to CalOptima.

Background/Discussion

DHCS has implemented Directed Payment programs aimed at specified expenditures for existing health care services through different funding mechanisms. The current DHCS Directed Payments programs are funded by the Quality Assurance Fee (QAF) and Proposition 56. DHCS operationalizes these Directed Payments programs by either adjusting the existing Medi-Cal fee Schedule by establishing a minimum fee schedule payment or through a specific add-on (supplemental) payment administered by the Medi-Cal Managed Care Plans (MCPs). DHCS releases Directed Payments guidance to the MCPs through All Plan Letters (APLs). The APLs include guidance regarding providers eligible for payment, service codes eligible for reimbursement, timeliness requirements to make payments, and MCP reporting requirements.

CalOptima has established processes to meet regulatory timeliness and payment requirements for Proposition 56 physician payments and GEMT for the delegated health networks. On June 7, 2018 the CalOptima Board of Directors (Board) approved the methodology for the disbursement of Proposition 56 physician services payments to eligible Medi-Cal providers and services rendered for dates of service (DOS) in SFY 2017-18. On June 6, 2019, the Board ratified implementation of the standardized annual

Proposition 56 provider payment process for physician services extended into future DOS. On September 5, 2019, the Board approved the implementation of the statutorily mandated rate increase for GEMT. While staff initially planned for these initial directed payment initiatives to be time limited, additional directed payment provisions are anticipated and expected to be on-going. DHCS has also released information for additional Directed Payments programs to be implemented. The existing and new Directed Payment programs are as follows:

Program Name	Effective DOS	Eligible Providers	Final DHCS Guidance as of December 26, 2019
Physician Services	7/1/2017 to 12/31/2021	Contracted	APL 18-010 released 05/01/2018 APL 19-006 released 06/13/2019 APL 19-015 released 12/24/2019
Abortion Services (Hyde)	7/1/2017 to 6/30/2020	All Providers	APL 19-013 released 10/17/2019
Developmental Screening Services	On or after 1/1/2020	Contracted	APL 19-016 released 12/26/2019
ACE (Trauma) Screening Services	On or after 1/1/2020	Contracted	APL 19-018 released 12/26/2019
GEMT	7/1/2018 to 6/30/2019	Non-Contracted	APL 19-007 released 6/14/2019 State Plan Amendment: 19-0020 released 09/06/2019 APL 20-002 released January 31, 2020

In order to meet timeliness and payment requirements, CalOptima staff recommends establishing Medi-Cal policy FF.2011 Directed Payments, which addresses the above-listed qualifying services. This new policy defines Directed Payments and outlines the process by which a Health Network will follow DHCS guidelines regarding qualifying services, eligible providers, and payment requirements for applicable DOS. The policy establishes new reimbursement processes for Directed Payments not included in the Health Network capitation and reimbursed to the Health Network on a per service basis as well as a 2% administrative fee component. In addition, the policy provides an initial monthly payment to the Health Network for estimated medical costs that will be reconciled with the monthly reimbursement reports. This process will apply to qualifying services and eligible providers as prescribed through an APL or specified by DHCS through other correspondence.

Staff seeks authority to update and amend Health Network Contracts and Attachment A: Directed Payments Rates and Codes of CalOptima Policy FF.2011, pursuant to DHCS final guidance or written instruction to CalOptima. In the future, staff also anticipates that this policy will need to be updated periodically, subject to Board approval, as new Directed Payment programs are issued by DHCS.

Staff seeks authority to implement funding for Directed Payment programs identified in CalOptima Policy FF.2011 before it receives funding from DHCS. As of March 2020, CalOptima has not received funding from DHCS for the new Proposition 56 programs for developmental screening services and adverse childhood experiences (ACE) screening services, as well as the existing Directed Payment

program for GEMT services for SFY 2019-20 which includes two (2) new CPT codes. Implementation of directed payments before DHCS has issued funding are necessary as DHCS final APLs have already been issued.

Operational policies for CalOptima Direct, including the CalOptima Community Network, will be modified separately. CalOptima staff will seek CalOptima Board of Directors (Board) ratification action as required.

Fiscal Impact
The recommended action to approve CalOptima Policy FF.2011 are projected to be budget neutral to CalOptima. Staff anticipates funding provided by DHCS will be sufficient to cover the costs related to Directed Payment programs. As DHCS releases additional guidance and performs payment reconciliation, including application of risk corridors, Staff will closely monitor the potential fiscal impact to CalOptima.

Rationale for Recommendation
The recommended action will enable CalOptima to be compliant with regulatory guidance provided by DHCS.

Concurrence
Gary Crockett, Chief Counsel

Section:	Not Applicable
CEO Approval:	
Effective Date:	04/02/2020
Revised Date:	Not applicable
Applicable to:	☒ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☐ Administrative - Internal ☐ Administrative – External

I. PURPOSE

This Policy establishes requirements pursuant to which CalOptima and a Health Network shall administer the Directed Payments for Qualifying Services, including processes for the reimbursement of Directed Payments by CalOptima to a Health Network and by a Health Network to its Designated Providers.

II. POLICY

A. CalOptima shall reimburse a Health Network for Directed Payments made to a Designated Provider for Qualifying Services in accordance with this Policy, including Attachment A of this Policy.

B. A Health Network shall qualify for the reimbursement of Directed Payments for Qualifying Services if:

1. The Health Network processed the Directed Payment to a Designated Provider in compliance with this Policy and applicable statutory, regulatory, and contractual requirements, as well as Department of Health Care Services (DHCS) guidance and Centers for Medicare & Medicaid Services (CMS) approved preprint;

2. The Qualifying Services were eligible for reimbursement (*e.g.*, based on coverage, coding, and billing requirements);

3. The Member or Eligible Member, as applicable and as those terms are defined in this Policy, was assigned to the Health Network on the date of service;

4. The Designated Provider was eligible to receive the Directed Payment;

5. The Qualifying Services were rendered by a Designated Provider on an eligible date of service;

6. The Health Network reimbursed the Designated Provider within the required timeframe, as set forth in Section III.B. of this Policy; and

Back to Item
Back to Agenda
Back to Item

7. The Health Network submits Encounter data and all other data necessary to ensure compliance with DHCS reporting requirements in accordance with Sections III.F. and III.G. of this Policy.

C. A Health Network shall make timely Directed Payments to Designated Providers for the following Qualifying Services, in accordance with Sections III.A. and III.B. of this Policy:

1. An Add-On Payment for Physician Services and Developmental Screening Services.

2. A Minimum Fee Payment for Adverse Childhood Experiences (ACEs) Screening Services, Abortion Services, and Ground Emergency Medical Transport (GEMT) Services.

D. A Health Network shall ensure that Qualifying Services reported using specified Current Procedural Terminology (CPT) Codes, Healthcare Common Procedure Coding System (HCPCS) Codes, and Procedure Codes, as well as the Encounter data reported to CalOptima, are appropriate for the services being provided, and are not reported for non-Qualifying Services or any other services.

E. A Health Network shall have a process to communicate the requirements of this Policy, including applicable DHCS guidance, to Designated Providers. This communication must, at a minimum, include:

1. A description of the minimum requirements for a Qualifying Service;

2. How Directed Payments will be processed;

3. How to file a grievance with the Health Network and second level appeal with CalOptima; and

4. Identify the payer of the Directed Payments. (i.e. Member's Health Network that is financially responsible for the specified Direct Payment.)

F. A Health Network shall have a formal procedure for the acceptance, acknowledgement, and resolution of provider grievances related to the processing or non-payment of a Directed Payment for a Qualifying Service. In addition, a Health Network shall identify a designated point of contact for provider questions and technical assistance.

G. Directed Payment Reimbursement

1. CalOptima shall reimburse a Health Network for a Directed Payment made to a Designated Provider for Qualifying Services in accordance with Sections III.C. and III.E. of this Policy.

a. Until such time reimbursement for a Directed Payment is included in a Health Network's capitation payment, CalOptima shall reimburse a Health Network for a Directed Payment separately.

2. If DHCS provides separate revenue to CalOptima for a Directed Payment requirement in addition to standard revenue from DHCS, CalOptima shall provide a Health Network a supplemental payment in addition to the Health Network's primary capitation payment.

a. A Health Network shall process a Directed Payment as a supplemental payment and CalOptima shall reimburse a Health Network in accordance with Section III.C. of this Policy.

b. CalOptima shall reimburse a Health Network medical costs of a Directed Payment plus a 2% administrative component. CalOptima's obligation to pay a Health Network any

administrative fees shall be contingent upon administrative component payments by DHCS to CalOptima for the Directed Payments.

3. If DHCS does not provide separate revenue to CalOptima and instead implements a Directed Payment as part of the Medi-Cal fee schedule change:

   a. A Health Network shall process a Directed Payment as part of the existing Medi-Cal fee schedule change process as outlined in CalOptima Policy FF.1002: CalOptima Medi-Cal Fee Schedule and CalOptima shall reimburse a Health Network in accordance with Sections III.C. and III.E. of this Policy.

   b. CalOptima shall reimburse a Health Network after the Directed Payment is distributed and the Health Network submits the Directed Payment adjustment reports as described in Section III.D. of this Policy.

H. On a monthly basis, CalOptima Accounting Department shall reimburse a Health Network the Estimated Initial Month Payment for a validated Directed Payment in accordance with Section III.E. of this Policy.

I. A Health Network may file a complaint regarding a Directed Payment received from CalOptima in accordance with CalOptima Policy HH.1101: CalOptima Provider Complaint.

J. CalOptima shall ensure oversight of the Directed Payment programs in accordance with CalOptima Policy GG.1619: Delegation Oversight.

III. PROCEDURE

A. Directed Payments for Qualifying Services

1. Physician Services: For dates of service on or after July 1, 2017, a Health Network shall make an Add-On Payment, in the amount and for the applicable CPT Code as specified in Attachment A of this Policy, to Eligible Contracted Providers rendering Physician Services to an Eligible Member.

   a. Federally Qualified Health Centers (FQHCs), Rural Health Clinics (RHCs), American Indian Health Services Programs, and cost-based reimbursement clinics are not eligible to receive this Add-On Payment for Physician Services.

2. Developmental Screening Services: For dates of service on or after January 1, 2020, a Health Network shall make an Add-On Payment, in the amount and for the applicable CPT Code as specified in Attachment A of this Policy, to Eligible Contracted Providers that are FQHCs, RHCs, and Indian Health Services Memorandum of Agreement (IHS-MOA) 638 clinics rendering Developmental Screening Services to an Eligible Member. A Developmental Screening Service must be provided in accordance with the American Academy of Pediatrics/Bright Futures periodicity schedule and guidelines and must be performed using a standardized tool that meets CMS Criteria.

   a. The following Developmental Screening Services are eligible for an Add-On Payment:

      i. A routine screening when provided:

         1) On or before the first birthday;

         2) After the first birthday and before or on the second birthday; or

3) After the second birthday and on or before the third birthday.

ii. Developmental Screening Services provided when medically necessary, in addition to routine screenings.

b. Development Screening Services are not subject to any prior authorization requirements.

c. A Health Network shall require Eligible Contracted Providers identified in Section III.A.2 of this Policy to document the completion of the Development Screening Service with the applicable CPT Code without the modifier as specified in Attachment A of this Policy.

d. A Health Network shall require Eligible Contracted Providers identified in Section III.A.2. of this Policy to document the following information in the Eligible Member's medical records:

i. The tool that was used to perform the Developmental Screening Service;

ii. That the completed screen was reviewed;

iii. The interpretation of results;

iv. Discussion with the Eligible Member and/or the Eligible Member's family; and

v. Any appropriate actions taken.

e. A Health Network shall ensure information set forth in Section III.A.2.d. of this Policy are made available to CalOptima and/or DHCS upon request.

f. In the event any of the provisions of Section III.A.2. of the Policy conflicts with the applicable requirements of DHCS guidance, CMS-approved preprint, regulations, and/or statutes, such requirements shall control.

3. ACEs Screening Services: For dates of service on or after January 1, 2020, a Health Network shall reimburse Eligible Contracted Providers a Minimum Fee Payment, as specified in Attachment A of this Policy for the applicable HCPCS Code, for rendering ACEs screening services to an Eligible Member, who is a child or an adult through sixty-four (64) years of age.

a. A Minimum Fee Payment for ACEs Screening Services shall only be made to rendering Eligible Contracted Providers that:

i. Utilize either the PEARLS tool or a qualifying ACEs questionnaire, as appropriate;

ii. Bill using one of the HCPCS Code specified in Attachment A of this Policy based on the screening score from the PEARLS tool or ACEs questionnaire used; and

iii. Are on DHCS list of providers that have completed the state-sponsored trauma-informed care training, except for dates of service prior to July 1, 2020. Commencing July 1, 2020, Eligible Contracted Providers must have taken a certified training and self-attested to completing the training to receive the Directed Payment for ACEs Screening Services.

b. A Health Network is only required to make the Minimum Fee Payment to an Eligible Contracted Provider for rendering an ACEs Screening Service, as follows:

i. Once per year per Eligible Member screened by that Eligible Contracted Provider, for a child Eligible Member assessed using the PEARLS tool.

ii. Once per lifetime per Eligible Member screened by that Eligible Contracted Provider, for an adult Eligible Member through age sixty-four (64) assessed using a qualifying ACEs questionnaire.

c. With respect to an Eligible Contracted Provider, CalOptima shall only reimburse a Health Network for the Minimum Fee Payment in accordance with Section III.A.3.b. of this Policy.

d. A Health Network shall require Eligible Contracted Providers to document the following information in the Eligible Member's medical records:

i. The tool that was used to perform the ACEs Screening Service;

ii. That the completed screen was reviewed;

iii. The interpretation of results;

iv. Discussion with the Eligible Member and/or the Eligible Member's family; and

v. Any appropriate actions taken.

e. A Health Network shall ensure information set forth in Section III.A.3.d. of this Policy are made available to CalOptima and/or DHCS upon request.

4. Abortion Services: For dates of service on or after July 1, 2018, a Health Network shall reimburse Eligible Contracted Providers and non-contracted Providers, as applicable, which are qualified to provide and bill for Abortion Services, a Minimum Fee Payment, as specified in Attachment A of this Policy for the applicable CPT Code, for providing Abortion Services to a Member.

a. In instances where a Member is found to have other sources of health coverage, a Health Network shall take appropriate action for cost avoidance and post-payment recovery, in accordance with its contractual obligations to CalOptima.

5. GEMT Services: For dates of service on or after July 1, 2018, a Health Network shall reimburse non-contracted GEMT Providers a Minimum Fee Payment, as specified in Attachment A of this Policy for the applicable CPT Code, for providing GEMT Services to a Member.

a. A Health Network shall identify and satisfy any Medicare crossover payment obligations that may result from the increase in GEMT Services reimbursement obligations.

b. In instances where a Member is found to have other sources of health coverage, a Health Network shall take appropriate action for cost avoidance and post-payment recovery, in accordance with its contractual obligations to CalOptima.

B. Timing of Directed Payments

1. Timeframes with Initial Directed Payment: When DHCS final guidance requires an initial Directed Payment for clean claims or accepted encounters received by the Health Network with specified dates of service (*i.e.*, between a specific date of service and the date CalOptima receives the initial funding from DHCS for the Directed Payment), a Health Network shall

ensure the initial Directed Payment required by this Policy is made, as necessary, within ninety (90) calendar days of the date CalOptima receives the initial funding from DHCS for the Directed Payment. From the date CalOptima receives the initial funding onward, a Health Network shall ensure subsequent Directed Payments required by this Policy are made within ninety (90) calendar days of receiving a clean claim or accepted encounter for Qualifying Services, for which the clean claim or accepted encounter is received by the Health Network no later than one (1) year after the date of service.

a. Initial Directed Payment: The initial Directed Payment shall include adjustments for any payments previously made by a Health Network to a Designated Provider based on the expected rates for Qualifying Services set forth in the Pending SPA or based on the established Directed Payment program criteria, rates and Qualifying Services, as applicable, pursuant to Section III.B.4. of this Policy.

b. Abortion Services: For clean claims or accepted encounters for Abortion Services with specified dates of service (*i.e.*, between July 1, 2017 and the date CalOptima receives the initial funding for Directed Payment from DHCS) that are timely submitted to a Health Network and have not been reimbursed the Minimum Fee Payment in accordance with this Policy, a Health Network shall issue the Minimum Fee Payment required by this Policy in a manner that does not require resubmission of claims or impose any reductions or denials for timeliness.

2. Timeframes without Initial Directed Payment: When DHCS final guidance does not expressly require an initial Directed Payment under Section III.B.1 of this Policy, a Health Network shall ensure that Directed Payments required by this Policy are made:

a. Within ninety (90) calendar days of receiving a clean claim or accepted encounter for Qualifying Services, for which the clean claim or encounter is received no later than one (1) year from the date of service.

b. Retroactively within ninety (90) calendar days of DHCS final guidance when a clean claim or accepted encounter for Qualifying Services is received prior to such guidance.

3. Notice by CalOptima

a. CalOptima Health Network Relations Department shall notify the Health Networks, in writing, of the requirements of DHCS final guidance for each Directed Payment program for Qualifying Services by no later than fifteen (15) calendar days from the release date of DHCS final guidance.

b. CalOptima Health Network Relations Department shall notify the Health Networks, in writing, of the date that CalOptima received the initial funding for the Directed Payment from DHCS, by no later than fifteen (15) calendar days from the date of receipt. This provision applies to initial funding received by CalOptima on or after April 1, 2020, provided that DHCS final guidance requires initial Directed Payment as set forth in Section III.B.1. of this Policy.

c. If DHCS files a State Plan Amendment (SPA) with CMS for an extension of a Directed Payment program ("Pending SPA") and CalOptima Board of Directors or Chief Executive Officer, pursuant to DHCS written instruction, approves the continuation of payment of the Directed Payment before DHCS final guidance is issued, CalOptima Health Network Relations Department shall notify the Health Networks, in writing, to continue to pay the Directed Payment to Designated Providers for Qualifying Services with specified dates of service.

4. Extension of Directed Payment Program:

    a. Upon receipt of written notice from CalOptima under Section III.B.3.c. of this Policy, a Health Network shall reimburse a Designated Provider for a Directed Payment according to the expected rates and Qualifying Services for the applicable time period as set forth in the Pending SPA or, at a minimum, according to the previously established Directed Payment program criteria, rates, and Qualifying Services, as applicable, until such time as the DHCS issues the final guidance.

    b. A Health Network shall ensure timely reconciliation and compliance with the final payment provisions as provided in DHCS final guidance when issued.

5. GEMT Services: A Health Network is not required to pay the Add-On Payment for GEMT Services for claims or encounters submitted more than one (1) year after the date of service, unless the non-contracted GEMT Provider can show good cause for the untimely submission.

    a. Good cause is shown when the record clearly shows that the delay in submitting a claim or encounter was due to one of the following:

        i. The Member has other sources of health coverage;

        ii. The Member's medical condition is such that the GEMT Provider is unable to verify the Member's Medi-Cal eligibility at the time of service or subsequently verify with due diligence;

        iii. Incorrect or incomplete information about the subject claim or encounter was furnished by the Health Network to the GEMT Provider; or

        iv. Unavoidable circumstances that prevented the GEMT Provider from timely submitting a claim or encounter, such as major floods, fires, tornadoes, and other natural catastrophes.

C. Directed Payments Processing

1. On a monthly basis, CalOptima shall reimburse a Health Network after the Health Network distributes the Directed Payment and the Health Network submits the Directed Payment adjustment reports in accordance with Section III.D. of this Policy.

    a. The CalOptima Accounting Department shall reconcile and validate the data through the Directed Payment adjustment report process prior to making a final payment adjustment to a Health Network.

2. If a Health Network identifies an overpayment of a Directed Payment, a Health Network shall return the overpayment within sixty (60) calendar days after the date on which the overpayment was identified, and shall notify CalOptima Accounting Department, in writing, of the reason for the overpayment. CalOptima shall coordinate with a Health Network on the process to return the overpayment in accordance with CalOptima Policy FF.1001: Capitation Payments.

    a. CalOptima shall notify a Health Network of acceptance, adjustment or rejection of the overpayment no later than three (3) business days after receipt.

    b. If CalOptima adjusts or rejects the overpayment, CalOptima shall include the overpayment adjustment in the subsequent month's process.

c. In the event CalOptima identifies that Directed Payments were made by a Health Network to a non-Designated Provider, or for non-Qualifying Services, or for services provided to a non-Member or a non-Eligible Member, as applicable, such Directed Payments shall constitute an overpayment which CalOptima shall recover from the Health Network**.**

D. Directed Payment Adjustment Process

1. As soon as a Health Network has processed and paid a Designated Provider for a Directed Payment, a Health Network shall submit a Directed Payment adjustment report for Qualifying Services by the tenth (10th) calendar day after the month ends to CalOptima's secure File Transfer Protocol (sFTP) site. A Health Network shall submit an adjustment report using CalOptima's proprietary format and file naming convention.

2. CalOptima Information Services Department shall notify a Health Network of file acceptance or rejection no later than three (3) business days after receipt. CalOptima may reject a file for data completeness, accuracy or inconsistency issues. If CalOptima rejects a file, a Health Network shall resubmit a corrected file no later than the tenth (10th) calendar day of the following month. Any resubmission after the tenth (10th) calendar day of the month will be included in the subsequent month's process.

3. Upon request, a Health Network shall provide additional information to support a submitted Directed Payment adjustment report to CalOptima Accounting Department within five (5) business days of the request.

4. For a complete Directed Payment adjustment report accepted by CalOptima Accounting Department, CalOptima shall reimburse a Health Network's medical costs of a Directed Payment plus a 2% administrative component no later than the twentieth (20th) calendar day of the current month based upon prior month's data. CalOptima's obligation to pay a Health Network any administrative fees shall be contingent upon administrative component payments by DHCS to CalOptima for the Directed Payments.

E. Estimated Initial Month Payment Process

1. On a monthly basis, CalOptima shall issue an Estimated Initial Month Payment to a Health Network. During the first month of implementation, CalOptima shall disburse the Estimated Initial Month Payment to a Health Network no later than the 10th of the implementing month and as follows:

   a. When available, the Estimated Initial Month Payment shall be based upon the most recent rolling three-month average of the paid claims; or

   b. If actual data regarding the specific services tied to a Directed Payment are not available, CalOptima shall base the Estimated Initial Month Payment on the expected monthly cost of those services.

2. Thereafter, CalOptima shall disburse the Estimated Initial Month Payment to a Health Network for a Directed Payment no later than the 20th of the month for services paid in that month.

3. CalOptima Accounting Department shall reconcile the prior month's Estimated Initial Month Payment against a Health Network's submitted Directed Payment adjustment report for the prior month. CalOptima shall adjust the current month's Estimated Initial Month Payment, either positively or negatively based upon the reconciliation.

4. Following the first month of implementation and thereafter, the Estimated Initial Month Payment, CalOptima Accounting Department shall disburse funds to a Health Network based upon the previous month's submitted Directed Payment adjustment report.

F. A Health Network shall report an Encounter in accordance with CalOptima Policy EE.1111: Health Network Encounter Reporting Requirements, and within three hundred sixty-five (365) calendar days after the date of service as reported on such Encounter.

G. Reporting

1. A Health Network shall submit all data related to Directed Payments to the CalOptima Information Services Department through the CalOptima secure File Transport Protocol (sFTP) site in a format specified by CalOptima, and in accordance with DHCS guidance, within fifteen (15) calendar days of the end of the applicable reporting quarter. Reports shall include, at a minimum, the CPT, HCPCS, or Procedure Code, service month, payor (*i.e.*, Health Network, or its delegated entity or subcontractor), and rendering Designated Provider's National Provider Identifier. CalOptima may require additional data as deemed necessary.

   a. Updated quarterly reports must be a replacement of all prior submissions. If no updated information is available for the quarterly report, a Health Network must submit an attestation to CalOptima stating that no updated information is available.

   b. If updated information is available for the quarterly report, a Health Network must submit the updated quarterly report in the appropriate file format and include an attestation that a Health Network considers the report complete.

2. CalOptima shall reconcile the Health Network's data reports and ensure submission to DHCS within forty-five (45) days of the end of the applicable reporting quarter as applicable.

VI. REGULATORY AGENCY APPROVAL(S)

Date	Regulatory Agency

VII. BOARD ACTION(S)

Date	Meeting
06/06/2019	Regular Meeting of the CalOptima Board of Directors
04/02/2020	Regular Meeting of the CalOptima Board of Directors

VIII. REVISION HISTORY

Action	Date	Policy	Policy Title	Program(s)
Effective	04/02/2020	FF.2011	Directed Payments	Medi-Cal

IX. GLOSSARY

Term	Definition
Abortion Services	Specified medical pregnancy termination services, as listed by the CPT Codes for the applicable period in Attachment A of this Policy, that are Covered Services provided to a Member.
Add-On Payment	Directed Payment that funds a supplemental payment for certain Qualifying Services at a rate set forth by DHCS that is in addition to any other payment, fee-for-service or capitation, a specified Designated Provider receives from a Health Network.
Adverse Childhood Experiences (ACEs) Screening Services	Specified adverse childhood experiences screening services, as listed by the HCPCS Codes for the applicable period in Attachment A of this Policy, that are Covered Services provided to an Eligible Member through the use of either the Pediatric ACEs and Related Life-events Screener (PEARLS) tool for children (ages 0 to 19 years) or a qualifying ACEs questionnaire for adults (ages 18 years and older). An ACEs questionnaire or PEARLS tool may be utilized for Eligible Members who are 18 or 19 years of age. The ACEs screening portion of the PEARLS tool (Part 1) is also valid for use to conduct ACEs screenings among adult Eligible Members ages 20 years and older. If an alternative version of the ACEs questionnaire for adult Eligible Members is used, it must contain questions on the 10 original categories of the ACEs to qualify.
American Indian Health Services Program	Programs operated with funds from the IHS under the Indian Self-Determination Act and the Indian Health Care Improvement Act, through which services are provided, directly or by contract, to the eligible Indian population within a defined geographic area.
Centers for Medicare and Medicaid Services (CMS) Criteria	For purpose of this Policy, the use of a standardized tool for Developmental Screening Services that meets all of the following CMS criteria: 1. Developmental domains: The following domains must be included in the standardized developmental screening tool: motor, language, cognitive, and social-emotional; 2. Establish Reliability: Reliability scores of approximately 0.70 or above; 3. Established Findings Regarding the Validity: Validity scores for the tool must be approximately 0.70 or above. Measures of validity must be conducted on a significant number of children and using an appropriate standardized developmental or social-emotional assessment instrument(s); and 4. Established Sensitivity/Specificity: Sensitivity and specificity scores of approximately 0.70 or above.

Term	Definition
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program effective July 1, 2019, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127), effective January 1, 2020 for HHP Members with eligible physical chronic conditions and substance use disorders, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members not-withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.
Department of Health Care Services (DHCS)	The state department in California responsible for administration of the federal Medicaid Program (referred to as Medi-Cal in California).
Designated Providers	Include the following Providers that are eligible to receive a Directed Payment in accordance with this Policy and applicable DHCS All Plan Letter or other regulatory guidance for specified Qualifying Services for the applicable time period: 1. Eligible Contracted Providers for Physician Services, ACEs Screening Services, and Abortion Services; 2. Eligible Contracted Providers that are FQHCs, RHCs, and Indian Health Services Memorandum of Agreement (IHS-MOA) 638 clinics for Developmental Screening Services; 3. Non-contracted GEMT Providers for GEMT Services; and 4. Non-contracted Providers for Abortion Services.
Developmental Screening Services	Specified developmental screening services, as listed by the CPT Code for the applicable period in Attachment A of this Policy, that are Covered Services provided to an Eligible Member, in accordance with the American Academy of Pediatrics (AAP)/Bright Futures periodicity schedule and guidelines for pediatric periodic health visits at nine (9) months, eighteen (18) months, and thirty (30) months of age and when medically necessary based on Developmental Surveillance and through use of a standardized tool that meets CMS Criteria.
Developmental Surveillance	A flexible, longitudinal, and continuous process that includes eliciting and attending to concerns of an Eligible Member's parents, maintaining a developmental history, making accurate and informed observations, identifying the presence of risk and protective factors, and documenting the process and findings.
Directed Payment	An Add-On Payment or Minimum Fee Payment required by DHCS to be made to a Designated Provider for Qualifying Services with specified dates of services, as prescribed by applicable DHCS All Plan Letter or other regulatory guidance and is inclusive of supplemental payments.

Term	Definition
Eligible Contracted Provider	An individual rendering Provider who is contracted with a Health Network to provide Medi-Cal Covered Services to Members, including Eligible Members, assigned to that Health Network and is qualified to provide and bill for the applicable Qualifying Services (excluding GEMT Services) on the date of service. Notwithstanding the above, if the Provider's written contract with a Health Network does not meet the network provider criteria set forth in DHCS APL 19-001: Medi-Cal Managed Care Health Plan Guidance on Network Provider Status and/or in DHCS guidance regarding Directed Payments, the services provided by the Provider under that contract shall not be eligible for Directed Payments for rating periods commencing on or after July 1, 2019.
Eligible Member	For purpose of this Policy, a Medi-Cal Member who is not dually eligible for Medi-Cal and Medicare Part B (regardless of enrollment in Medicare Part A or Part D).
Encounter	Any unit of Covered Services provided to a Member by a Health Network regardless of Health Network reimbursement methodology. Such Covered Services include any service provided to a Member regardless of the service location or provider, including out-of-network services and sub-capitated and delegated Covered Services.
Estimated Initial Month Payment	A payment to a Health Network based upon the most recent rolling three-month average of Directed Payment program-specific paid claims. If actual data regarding the specific services tied to a Directed Payment are not available, this payment is based upon the expected monthly cost of those services. This payment will not include an administrative component.
Federally Qualified Health Center (FQHC)	A type of provider defined by the Medicare and Medicaid statutes. FQHCs include all organizations receiving grants under Section 330 of the Public Health Service Act, certain tribal organizations, and FQHC Look-Alikes. An FQHC must be a public entity or a private non-profit organization. FQHCs must provide primary care services for all age groups.
Ground Emergency Medical Transport (GEMT) Services	Specified ground emergency medical transport services, as listed by the CPT Codes for the applicable period in Attachment A of this Policy, that are Covered Services and defined as the act of transporting a Member from any point of origin to the nearest medical facility capable of meeting the emergency medical needs of the Member, by an ambulance licensed, operated, and equipped, in accordance with applicable state or local statutes, ordinances, or regulations, excluding transportation by an air ambulance and/or any transports billed when, following evaluation of a Member, a transport is not provided.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, and Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned in that particular Health Network.
Member	For purpose of this Policy, a Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima Medi-Cal program and assigned to a Health Network at the time Qualifying Services are rendered.

Term	Definition
Minimum Fee Payment	A Directed Payment that sets the minimum rate, as prescribed by DHCS, for which a specified Designated Provider must be reimbursed fee-for-service for certain Qualifying Services. If a Designated Provider is capitated for such Qualifying Services, payments should meet the differential between the Medi-Cal fee schedule rate and the required Directed Payment amount.
Provider	For purpose of this Policy, any individual or entity that is engaged in the delivery of services, or ordering or referring for those services, and is licensed or certified to do so.
Physician Services	Specified physician services, as listed by the CPT Codes for the applicable period in Attachment A of this Policy, that are Covered Services provided to an Eligible Member.
Qualifying Services	Include only the following Covered Services: Physician Services, Developmental Screening Services, Adverse Childhood Experiences (ACEs) Screening Services, Abortion Services, and GEMT Services.
Rural Health Clinic (RHC)	An organized outpatient clinic or hospital outpatient department located in a rural shortage area, which has been certified by the Secretary, United States Department of Health and Human Services.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 7, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item
47. Consider Actions for the Implementation of Proposition 56 Provider Payment

Contact
Greg Hamblin, Chief Financial Officer, (714) 246-8400
Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Action
Approve methodology for the disbursement of Proposition 56 physician services payments to eligible Medi-Cal providers.

Background
The California Healthcare, Research and Prevention Tobacco Tax Act (Proposition 56) increases the excise tax rate on cigarettes and tobacco products. A portion of Proposition 56 revenue is allocated for existing health care programs administered by the Department of Health Care Services (DHCS), including reimbursement in the Denti-Cal and Medi-Cal programs. As part of the Budget Act of 2017, Proposition 56 funds were appropriated for State Fiscal Year (SFY) 2017-18. Under Proposition 56, Medi-Cal Managed Care Plans (MCPs) are required to provide additional compensation for certain Medi-Cal related services rendered in SFY 2017-18. Supplemental payments are to be made to providers based on a DHCS-provided set of procedure codes for certain physician services, Intermediate Care Facilities for the Developmentally Disabled (ICF-DDs), and women's health services for pregnancy termination. The Governor's May Revision released on May 11, 2018 proposes extension of Proposition 56 for SFY 2018-19.

DHCS released guidance related to Proposition 56 provider payment methodologies through All Plan Letter (APL) 18-010 on May 1, 2018. CalOptima began receiving initial funding for Proposition 56 payments in its monthly capitation received on April 30, 2018 and will continue to receive Proposition 56 funding in subsequent capitation payments. DHCS expects Proposition 56 payments be passed through to eligible providers for the initial payment within 90 calendar days of the MCP receiving capitation from DHCS. Subsequent payments are to be made within 90 calendar days of receiving a clean claim or accepted encounter.

Providers contracted with CalOptima or a delegated entity rendering one of the designated Medi-Cal covered services between July 1, 2017 and June 30, 2018 are eligible for Proposition 56 payments in addition to the provider's contract rate or capitation. However, the following provider types are not eligible to receive Proposition 56 payments: Federally Qualified Health Centers (FQHCs), Rural Health Clinics (RHCs), American Indian Health Programs (AIHPs) and cost-based reimbursement clinics. The following DHCS-provided procedure codes are eligible for supplemental payments:

Back to Agenda
Back to Item
Back to Item

Medi-Cal Covered Service Code	Service Code Description	Directed Payment
99201	Office/Outpatient Visit New	$10.00
99202	Office/Outpatient Visit New	$15.00
99203	Office/Outpatient Visit New	$25.00
99204	Office/Outpatient Visit New	$25.00
99205	Office/Outpatient Visit New	$50.00
99211	Office/Outpatient Visit Est	$10.00
99212	Office/Outpatient Visit Est	$15.00
99213	Office/Outpatient Visit Est	$15.00
99214	Office/Outpatient Visit Est	$25.00
99215	Office/Outpatient Visit Est	$25.00
90791	Psychiatric Diagnostic Eval	$35.00
90792	Psychiatric Diagnostic Eval with Medical Services	$35.00
90863	Pharmacologic Management	$5.00

The DHCS guidance requires MCPs to maintain a formal process for provider grievances with respect to payment and non-payment of Proposition 56 directed payments. Specific Proposition 56 reporting will be required by DHCS on a quarterly basis. MCPs are required to ensure that their delegated entities and subcontractors comply with the terms and requirements of the DHCS guidance.

Discussion

Proposition 56 provider payments apply to Medi-Cal covered medical and behavioral health services. CalOptima administers medical services through its direct networks, CalOptima Community Network (CCN) and CalOptima Direct (COD), or a delegated health network. Prior to January 1, 2018, CalOptima provided behavioral health services through a delegated Managed Behavioral Healthcare Organization (MBHO). Beginning January 1, 2018, CalOptima transitioned away from using a MBHO for its Medi-Cal program and began providing these services through providers contracted directly with CalOptima. To comply with Proposition 56 requirements, CalOptima staff recommends utilizing its current direct and delegated models for both the initial and ongoing payment distributions.

Initial Payments

Following the initial payment received from DHCS on April 30, 2018, CalOptima recommends providing an initial catch-up payment for dates of service (DOS) July 1, 2017 to the current date. In order to process the initial catch-up payment, historical claims and encounter data will be utilized to identify and process the additional payments retroactively. Initial payments must be distributed to providers no later than July 29, 2018. The following is recommended for initial payments:

- CalOptima Direct, CalOptima Community Network and behavioral health providers: CalOptima to utilize claims and encounter data to identify and appropriately pay providers retroactively for claims submitted for DOS July 1, 2017 through the initial catch-up date.

- Health networks:
  Health networks utilize claims and encounter data to identify and appropriately pay providers retroactively for claims submitted for DOS July 1, 2017 through the initial catch-up date. CalOptima will prefund the health networks for estimated medical costs. Health networks will be required to submit a provider payment confirmation report to CalOptima. Once provider payment is confirmed, the remaining medical cost will be reconciled plus a 2% administrative component based on total medical costs will be remitted to the health networks

Ongoing Processing
Once the initial payment is distributed, future Proposition 56 provider payments must be made within 90 calendar days of receipt of a clean claim or adjusted encounter. The following is recommended for ongoing processing provided that CalOptima continues to receive Proposition 56 funds:

- CalOptima Direct, CalOptima Community Network and behavioral health providers:
  CalOptima will pay providers within 90 calendar days of receipt of a clean claim or accepted behavioral health encounter.

- Health Networks:
  Health networks will pay providers within 90 calendar days of receipt of a clean claim or accepted encounter. Concurrently, CalOptima will utilize existing health network reporting processes to identify claims and encounters eligible for Proposition 56 payments. Health networks will be required to submit provider payment confirmation that the eligible Proposition 56 claims and encounter payments were issued on a monthly basis or other agreed upon schedule. Reports will be due within 15 calendar days of the end of the reporting period. Once provider payment is confirmed, CalOptima will reimburse the health network medical costs plus a 2% administrative component.

Current processes will be leveraged for Proposition 56 specific reporting, provider grievances and health network claims payment audit and oversight to comply with the Proposition 56 requirements. Additionally, current policy and processes will be followed related to provider payment recoupment, where applicable.

This process applies to physician services only as outlined in Proposition 56 and APL 18-010. The same process will be leveraged should provisions under Proposition 56 be extended past SFY 2017-18. Separately, implementation of Proposition 56 will require modifications to the current health network contracts. CalOptima staff will seek subsequent Board action to the extent required.

Fiscal Impact
The recommended action to approve the Proposition 56 physician services payment methodology for eligible Medi-Cal providers is expected to be budget neutral to CalOptima. Based on the draft capitation rates provided by DHCS, Staff anticipates that Proposition 56 revenues will be sufficient to cover the total costs of the physician services payments during SFY 2017-18. However, since DHCS will not provide a retrospective reconciliation for Proposition 56 funding, plans will be at risk for any expense exceeding the funded amount. Assuming that actual utilization during the effective period will be similar to historic experience levels, Staff projects the net fiscal impact will be budget neutral.

Rationale for Recommendation
The recommended action will enable CalOptima to be compliant with Proposition 56 requirements.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 6, 2019
Regular Meeting of the CalOptima Board of Directors

Consent Calendar
8. Consider Ratification of Standardized Annual Proposition 56 Provider Payment Process

Contact
Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Actions
Ratify standardized annual Proposition 56 provider payment process.

Background
Proposition 56 increases the excise tax rate on cigarettes and tobacco products to fund specified expenditures for existing health care programs administered by the Department of Health Care Services (DHCS). DHCS releases guidance to Medi-Cal managed care plans (MCP) of Proposition 56 provider payments through an All Plan Letter (APL). The APLs includes guidance regarding providers eligible for payment, service codes eligible for reimbursement, timeliness requirements to make payments, and MCP reporting requirements.

Eligible Proposition 56 provider payment adjustments are applied toward specific services provided during a State Fiscal Year (SFY), which runs from July 1 through June 30. While the payment period begins at the beginning of the SFY, final Proposition 56 guidance is not provided until after the fiscal year begins. For example, Proposition 56 guidance for SFY 2017-18 was received on May 1, 2018, ten months after the start of the fiscal year. Thus, MCPs are required to make a one-time retroactive payment adjustment to catch-up for dates of service (DOS) from the beginning of the SFY to the catch-up date. Once the initial catch-up payments are distributed, future payments are made within the timeframe specific in the APL.

On June 7, 2018 the CalOptima Board of Directors (Board) authorized implementation of initial payment and ongoing processing payments for Proposition 56 SFY 2017-18. In September 2018 DHCS instructed MCPs to continue Proposition 56 SFY 2017-18 provisions for DOS in SFY 2018-19, until SFY 2018-19 guidance was finalized. DHCS released draft Proposition 56 guidance for SFY 2018-19 on April 12, 2019. Final guidance has not been released as of May 28, 2019.

Discussion
In order to meet timeliness requirements for Proposition 56 payments each SFY and anticipating that requirements will continue to be released by APL or directly by DHCS, CalOptima staff recommends establishing a standardized annual process for Proposition 56 payment distributions. Ratification of this process is requested since CalOptima is required to distribute initial SFY 2018-19 Proposition 56 funds to providers no later than June 12, 2019, even though the final APL for the current fiscal year has not been released. The standardized process will apply to covered Medi-Cal Proposition 56 benefits administered directly by CalOptima (CalOptima Community Network or CalOptima Direct), or a

Back to Item
Back to Agenda
Back to Item

delegated health network. To comply with the annual Proposition requirements, CalOptima staff recommends utilizing the current direct and delegated models for both the initial and ongoing payment distributions.

Initial Payments

Following the receipt of initial payment from DHCS for the Proposition 56 designated SFY, CalOptima recommends an initial catch-up payment, if required, for eligible services between the beginning of the SFY to the current date, unless otherwise defined by DHCS. To process the initial catch-up payment, historical claims and encounter data will be utilized to identify the additional payments retroactively. Initial payments will be distributed no later than the timeliness requirements as defined in the APL. Similar to the previous process utilized, the following is recommended for each annual initial catch up payment:

- CalOptima Direct, which includes CalOptima Direct Administrative and CalOptima Community Network, and other providers paid directly by CalOptima for non-delegated Medi-Cal covered services (e.g., behavioral health providers): CalOptima to utilize claims and encounter data to identify and appropriately pay providers retroactively for claims and encounters submitted for DOS beginning the SFY to the current date, unless otherwise defined by DHCS.

- Health networks: Health network to utilize claims and encounter data to identify and appropriately pay providers retroactively for eligible services submitted for DOS beginning the SFY to the current date, unless otherwise defined by DHCS. CalOptima will prefund the health network for estimated medical costs. Health network will be required to submit a provider payment confirmation report to CalOptima. Once provider payment is confirmed, the prefunded medical costs, negative and positive, will be reconciled towards future Proposition 56 reimbursements. In addition, a 2% administrative component based on total medical costs will be remitted to the health network.

Ongoing Processing

Once the initial payment is distributed, future Proposition 56 provider payments must be made within the timeframe as defined in the Proposition 56 APL for eligible clean claims or adjusted encounters. The following is recommended for ongoing processing provided that CalOptima continues to receive funding for Proposition 56:

- CalOptima Direct, which includes CalOptima Direct Administrative and CalOptima Community Network, and other providers paid directly by CalOptima for non-delegated Medi-Cal covered services (e.g., behavioral health providers): CalOptima will pay providers within the timeframe as defined by DHCS as claims or encounters are received.

- Health networks: Health network will pay providers within the timeframe defined by DHCS as claims or encounters are received. Concurrently, health network will be required to submit provider payment confirmation reports on a monthly basis that eligible Proposition 56 claims and encounter payments were issued timely. Reports will be due within 10 calendar days of the

end of the reporting period. Once provider payment is confirmed, CalOptima will reimburse the health network medical costs plus a 2% administrative component. Health networks will be required to report any recouped or refunded Proposition 56 payments received from providers. CalOptima will reconcile negative Proposition 56 medical and administrative payment adjustments towards future Proposition 56 reimbursements.

CalOptima, health networks will be expected to meet all reporting requirements as defined in the Proposition 56 APL or specifically requested by DHCS. Current processes will be used for Proposition 56 specific reporting, provider grievances and health network claims payment audit and oversight to comply with all regulatory requirements and CalOptima's expectations related to Proposition 56. Additionally, current policy and procedures will be followed related to provider payment recoupment, where applicable.

This process applies to eligible services and providers as prescribed through a Proposition 56 APL or directed by DHCS. CalOptima staff will return to the Board for further approval if any future DHCS Proposition 56 requirements warrant significant changes to the proposed process. Additionally, should implementation of Proposition 56 require modifications to current health network, vendor, or provider contracts, CalOptima staff will seek separate Board action to the extent required.

Fiscal Impact
The recommended action to ratify the standardized annual Proposition 56 provider payment process is projected to be budget neutral to CalOptima. Based on historical claims experience, Staff anticipates medical expenditures will be of an equivalent amount as the Proposition 56 funding provided by DHCS annually, resulting in a budget neutral impact to CalOptima's operating income.

Rationale for Recommendation
The recommended action will enable CalOptima to be compliant with Proposition 56 requirements.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 7, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item
47. Consider Actions for the Implementation of Proposition 56 Provider Payment

Contact
Greg Hamblin, Chief Financial Officer, (714) 246-8400
Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Action
Approve methodology for the disbursement of Proposition 56 physician services payments to eligible Medi-Cal providers.

Background
The California Healthcare, Research and Prevention Tobacco Tax Act (Proposition 56) increases the excise tax rate on cigarettes and tobacco products. A portion of Proposition 56 revenue is allocated for existing health care programs administered by the Department of Health Care Services (DHCS), including reimbursement in the Denti-Cal and Medi-Cal programs. As part of the Budget Act of 2017, Proposition 56 funds were appropriated for State Fiscal Year (SFY) 2017-18. Under Proposition 56, Medi-Cal Managed Care Plans (MCPs) are required to provide additional compensation for certain Medi-Cal related services rendered in SFY 2017-18. Supplemental payments are to be made to providers based on a DHCS-provided set of procedure codes for certain physician services, Intermediate Care Facilities for the Developmentally Disabled (ICF-DDs), and women's health services for pregnancy termination. The Governor's May Revision released on May 11, 2018 proposes extension of Proposition 56 for SFY 2018-19.

DHCS released guidance related to Proposition 56 provider payment methodologies through All Plan Letter (APL) 18-010 on May 1, 2018. CalOptima began receiving initial funding for Proposition 56 payments in its monthly capitation received on April 30, 2018 and will continue to receive Proposition 56 funding in subsequent capitation payments. DHCS expects Proposition 56 payments be passed through to eligible providers for the initial payment within 90 calendar days of the MCP receiving capitation from DHCS. Subsequent payments are to be made within 90 calendar days of receiving a clean claim or accepted encounter.

Providers contracted with CalOptima or a delegated entity rendering one of the designated Medi-Cal covered services between July 1, 2017 and June 30, 2018 are eligible for Proposition 56 payments in addition to the provider's contract rate or capitation. However, the following provider types are not eligible to receive Proposition 56 payments: Federally Qualified Health Centers (FQHCs), Rural Health Clinics (RHCs), American Indian Health Programs (AIHPs) and cost-based reimbursement clinics. The following DHCS-provided procedure codes are eligible for supplemental payments:

Back to Agenda
Back to Item
Back to Item

Medi-Cal Covered Service Code	Service Code Description	Directed Payment
99201	Office/Outpatient Visit New	$10.00
99202	Office/Outpatient Visit New	$15.00
99203	Office/Outpatient Visit New	$25.00
99204	Office/Outpatient Visit New	$25.00
99205	Office/Outpatient Visit New	$50.00
99211	Office/Outpatient Visit Est	$10.00
99212	Office/Outpatient Visit Est	$15.00
99213	Office/Outpatient Visit Est	$15.00
99214	Office/Outpatient Visit Est	$25.00
99215	Office/Outpatient Visit Est	$25.00
90791	Psychiatric Diagnostic Eval	$35.00
90792	Psychiatric Diagnostic Eval with Medical Services	$35.00
90863	Pharmacologic Management	$5.00

The DHCS guidance requires MCPs to maintain a formal process for provider grievances with respect to payment and non-payment of Proposition 56 directed payments. Specific Proposition 56 reporting will be required by DHCS on a quarterly basis. MCPs are required to ensure that their delegated entities and subcontractors comply with the terms and requirements of the DHCS guidance.

Discussion

Proposition 56 provider payments apply to Medi-Cal covered medical and behavioral health services. CalOptima administers medical services through its direct networks, CalOptima Community Network (CCN) and CalOptima Direct (COD), or a delegated health network. Prior to January 1, 2018, CalOptima provided behavioral health services through a delegated Managed Behavioral Healthcare Organization (MBHO). Beginning January 1, 2018, CalOptima transitioned away from using a MBHO for its Medi-Cal program and began providing these services through providers contracted directly with CalOptima. To comply with Proposition 56 requirements, CalOptima staff recommends utilizing its current direct and delegated models for both the initial and ongoing payment distributions.

Initial Payments

Following the initial payment received from DHCS on April 30, 2018, CalOptima recommends providing an initial catch-up payment for dates of service (DOS) July 1, 2017 to the current date. In order to process the initial catch-up payment, historical claims and encounter data will be utilized to identify and process the additional payments retroactively. Initial payments must be distributed to providers no later than July 29, 2018. The following is recommended for initial payments:

- CalOptima Direct, CalOptima Community Network and behavioral health providers: CalOptima to utilize claims and encounter data to identify and appropriately pay providers retroactively for claims submitted for DOS July 1, 2017 through the initial catch-up date.

- Health networks:
  Health networks utilize claims and encounter data to identify and appropriately pay providers retroactively for claims submitted for DOS July 1, 2017 through the initial catch-up date. CalOptima will prefund the health networks for estimated medical costs. Health networks will be required to submit a provider payment confirmation report to CalOptima. Once provider payment is confirmed, the remaining medical cost will be reconciled plus a 2% administrative component based on total medical costs will be remitted to the health networks

Ongoing Processing
Once the initial payment is distributed, future Proposition 56 provider payments must be made within 90 calendar days of receipt of a clean claim or adjusted encounter. The following is recommended for ongoing processing provided that CalOptima continues to receive Proposition 56 funds:

- CalOptima Direct, CalOptima Community Network and behavioral health providers:
  CalOptima will pay providers within 90 calendar days of receipt of a clean claim or accepted behavioral health encounter.

- Health Networks:
  Health networks will pay providers within 90 calendar days of receipt of a clean claim or accepted encounter. Concurrently, CalOptima will utilize existing health network reporting processes to identify claims and encounters eligible for Proposition 56 payments. Health networks will be required to submit provider payment confirmation that the eligible Proposition 56 claims and encounter payments were issued on a monthly basis or other agreed upon schedule. Reports will be due within 15 calendar days of the end of the reporting period. Once provider payment is confirmed, CalOptima will reimburse the health network medical costs plus a 2% administrative component.

Current processes will be leveraged for Proposition 56 specific reporting, provider grievances and health network claims payment audit and oversight to comply with the Proposition 56 requirements. Additionally, current policy and processes will be followed related to provider payment recoupment, where applicable.

This process applies to physician services only as outlined in Proposition 56 and APL 18-010. The same process will be leveraged should provisions under Proposition 56 be extended past SFY 2017-18. Separately, implementation of Proposition 56 will require modifications to the current health network contracts. CalOptima staff will seek subsequent Board action to the extent required.

Fiscal Impact
The recommended action to approve the Proposition 56 physician services payment methodology for eligible Medi-Cal providers is expected to be budget neutral to CalOptima. Based on the draft capitation rates provided by DHCS, Staff anticipates that Proposition 56 revenues will be sufficient to cover the total costs of the physician services payments during SFY 2017-18. However, since DHCS will not provide a retrospective reconciliation for Proposition 56 funding, plans will be at risk for any expense exceeding the funded amount. Assuming that actual utilization during the effective period will be similar to historic experience levels, Staff projects the net fiscal impact will be budget neutral.

Rationale for Recommendation
The recommended action will enable CalOptima to be compliant with Proposition 56 requirements.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken September 5, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

9. Consider Actions Related to the Implementation of Statutorily-Mandated Rate Increases for Medi-Cal Non-Contracted Ground Emergency Medical Transport (GEMT) Provider Services

Contact

Candice Gomez, Executive Director, Program Implementation, (714) 246-8400
Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400

Recommended Actions

1. Approve payments to the capitated hospital(s) and HMOs for statutorily-mandated retrospective rate increases for specific services provided by non-contracted Ground Emergency Medical Transport providers to Medi-Cal members during the period of July 1, 2018 through June 30, 2019 and an administrative fee for claims adjustments; and
2. Direct the Chief Executive Officer, with the assistance of Legal Counsel, to amend the CalOptima Physician Hospital Consortium capitated Hospital and Full-Risk Health Network Medi-Cal contracts to incorporate the retrospective non-contracted Ground Emergency Medical Transport provider rate increase requirements for the July 1, 2018 through June 30, 2019 period and the additional compensation to these health networks for such services.

Background/Discussion

In accordance with Senate Bill (SB) 523 (Chapter 773, Statutes of 2017), the California Department of Health Care Services (DHCS) established increased Ground Emergency Medical Transport (GEMT) provider payments through the Quality Assurance Fee program for certain Medi-Cal related services rendered in State Fiscal Year (SFY) 2018-19. On February 7, 2019, DHCS obtained federal approval from the Centers for Medicare & Medicaid Services for GEMT provider payments through California State Plan Amendment 18-004. On April 5, 2019, CalOptima received initial funding for the retrospective non-contracted GEMT provider payment increase, separate from the standard capitation payment. Final guidance regarding distribution of non-contracted GEMT provider payments was released by DHCS through All Plan Letter (APL) 19-007, dated June 14, 2019.

Per DHCS guidance, CalOptima is required to provide increased reimbursement to out-of-network providers for GEMT service codes A0429 (Basic Life Support Emergency), A0427 (Advanced Life Support Emergency), and A0433 (Advanced Life Support, Level 2). CalOptima must reimburse out-of-network providers a total of $339 for each designated GEMT service provided by during SFY 2018-19 (July 1, 2018 to June 30, 2019). Excluded services include those billed by air ambulance providers and services billed when transport is not provided. DHCS has mandated that payments for the above increased rates are to be distributed no later than July 3, 2019.

At this time, the total reimbursement rate of $339 per identified service is time-limited and in effect for SFY 2018-19. Increased reimbursement for the specified GEMT services may potentially be extended into future fiscal years and may include additional GEMT transport codes. If the reimbursement

increase is extended, and/or includes additional GEMT transport codes, DHCS will provide further guidance after necessary federal approval is obtained.

In order to meet timeliness requirements for non-contracted GEMT provider payment adjustments for services provided during SFY 2018-19, CalOptima and its delegated health networks followed the existing Fee Schedule change process. Through this process, eligible claims previously adjudicated and paid were adjusted to the increased reimbursement rate. New claims are paid at the appropriate fee schedule as they are received.

For the physician-hospital consortium (PHC) hospitals and health maintenance organization (HMO) health networks that are financially responsible for non-contracted GEMT services, CalOptima staff recommends reimbursing the health networks the difference between the base Medi-Cal rate for the specific service and the required $339 enhanced rate. The health networks will be required to submit GEMT payment adjustment confirmation reports. Upon receipt of the confirmation report, CalOptima will reconcile the report against encounters and other claims reports received and reimburse each health network's medical costs, separate from their standard capitation payments, plus a 2% administrative component based on rate adjustments made by health networks.

CalOptima and its health networks will be expected to meet all reporting requirements as required by DHCS. Current processes will be leveraged for specific reporting requirements, provider grievances, and health network claims payment audit and oversight to comply with all regulatory requirements. Additionally, current policy and procedures will be followed related to provider payment recoupment, where applicable.

This process applies to eligible services and providers as directed by the DHCS. The same process will be leveraged should GEMT provisions be extended past SFY 2018-19, modified through an APL, or otherwise directed by DHCS. CalOptima staff will return to the Board for approval if any future DHCS non-contract GEMT provider payment requirements warrant significant changes to the proposed process.

Fiscal Impact

The recommended action to implement additional payment requirements for specified services provided by non-contracted GEMT providers to CalOptima Medi-Cal members in SFY 2018-19 is budget neutral. The anticipated Medi-Cal revenue is projected to be sufficient to cover the costs of the increased expense. Management included projected revenues and expenses related to non-contracted GEMT provider payment requirements in the CalOptima Fiscal Year 2019-20 Operating Budget approved by the Board on June 6, 2019.

Rationale for Recommendation

The recommended action will enable CalOptima to be compliant with All-Plan Letter (APL) 19-007: Non–Contract Ground Emergency Medical Transport Payment Obligations for State Fiscal Year 2018–19.

Dear Ms. Cantwell:

Enclosed is an approved copy of California State Plan Amendment (SPA) 18-004, which was submitted to the Centers for Medicare & Medicaid Services (CMS) on July 11, 2018. SPA 18-004 implements a one-year Quality Assurance Fee (QAF) program and reimbursement add-on for Ground Emergency Medical Transports (GEMT) provided by emergency medical transportation providers effective for the State Fiscal Year (SFY) 2018-19 from July 1, 2018 to June 30, 2019.

The effective date of this SPA is July 1, 2018. Enclosed are the following approved SPA pages that should be incorporated into your approved state plan:

- Supplement 29 to Attachment 4.19-B, pages 1-2

If you have any questions, please contact Cheryl Young at 415-744-3598 or via email at Cheryl.Young@cms.hhs.gov.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

STATE: CALIFORNIA

ONE-YEAR REIMBURSEMENT RATE ADD-ON FOR GROUND EMERGENCY MEDICAL TRANSPORT SERVICES

Introduction

This program provides increased reimbursement to ground emergency medical transport providers by application of an add-on to the Medi-Cal fee-for-service (FFS) fee schedule base rates for eligible emergency medical transportation services. The reimbursement rate add-on will apply to eligible Current Procedural Terminology (CPT) Codes, between July 1, 2018 and June 30, 2019. The base rates for emergency medical transportation services will remain unchanged through this amendment.

"Emergency medical transport" means the act of transporting an individual from any point of origin to the nearest medical facility capable of meeting the emergency medical needs of the patient by an ambulance licensed, operated, and equipped in accordance with applicable state or local statutes, ordinances, or regulations, excluding transportation by an air ambulance provider, that are billed with CPT Codes A0429, A0427, and A0433.

Methodology

For State Fiscal Year (SFY) 2018-19, the reimbursement rate add-on is fixed for FY 2018-19. The resulting payment amounts are equal to the sum of the FFS fee schedule base rate for the SFY 2015-16 and the add-on amount for the CPT Code. The resulting total payment amount for CPT Codes A0429, A0427, and A0433 will be $339.00. The add-on is paid on a per-claim basis.

Service Code	Description	Current Payment	Add On Amount	Resulting Total Payment
A0429	Basic Life Support	$118.20	$220.80	$339.00
A0427	Advanced Life Support, Level 1	$118.20	$220.80	$339.00
A0433	Advanced Life Support, Level 2	$118.20	$220.80	$339.00

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

STATE: CALIFORNIA

The resulting total payment amount of $339.00 is considered the Rogers rate, which is the minimum rate that managed care organizations can pay noncontract managed care emergency medical transport providers, for each state fiscal year the FFS reimbursement rate add-on is effective.

ALL PLAN LETTER 19-007

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS[1]

SUBJECT: NON-CONTRACT GROUND EMERGENCY MEDICAL TRANSPORT PAYMENT OBLIGATIONS FOR STATE FISCAL YEAR 2018-19

PURPOSE:
The purpose of this All Plan Letter (APL) is to provide Medi-Cal managed care health plans (MCPs) with information regarding increased reimbursement for Fee-For-Service (FFS) ground emergency medical transport (GEMT) for Current Procedural Terminology (CPT) codes A0429, A0427, and A0433. The increased FFS reimbursement will affect MCP reimbursement of out-of-network GEMT services as required by section 1396u-2(b)(2)(D) of Title 42 of the United States Code (USC), commonly referred to as "Rogers Rates."

BACKGROUND:
Pursuant to the Legislature's addition of Article 3.91 (Medi-Cal Emergency Medical Transportation Reimbursement Act) to the Welfare and Institutions Code (WIC) in 2017, DHCS established the GEMT Quality Assurance Fee (QAF) program. On February 7, 2019, DHCS obtained federal approval from the Centers for Medicare and Medicaid Services (CMS) for California State Plan Amendment (SPA) 18-004, with an effective date of July 1, 2018. SPA 18-004 implements a one-year QAF program and reimbursement add-on for GEMT provided by emergency medical transportation providers effective for State Fiscal Year (SFY) 2018-19 from July 1, 2018, to June 30, 2019.

POLICY:
In accordance with 42 USC Section 1396u-2(b)(2)(D), Title 42 of the Code of Federal Regulations part 438.114(c), and WIC Sections 14129-14129.7, MCPs must provide increased reimbursement rates for specified GEMT services to non-contracted GEMT providers.

Under WIC Section 14129(g), emergency medical transport is defined as the act of transporting an individual from any point of origin to the nearest medical facility capable of meeting the emergency medical needs of the patient by an ambulance licensed, operated, and equipped, in accordance with applicable state or local statutes,

[1] This APL does not apply to Prepaid Ambulatory Health Plans.

ordinances, or regulations, excluding transportation by an air ambulance provider, that are billed with CPT codes A0429 (BLS Emergency), A0427 (ALS Emergency), and A0433 (ALS2), excluding any transports billed when, following evaluation of a patient, a transport is not provided.

For each qualifying emergency ambulance transport billed with the specified CPT codes, the total FFS reimbursement will be $339.00 for SFY 2018-2019. Accordingly, MCPs reimbursing non-contracted GEMT providers for those services must pay a "Rogers Rate" for a total reimbursement rate of $339.00 for each qualifying emergency ambulance transport provided during SFY 2018-19 and billed with the specified CPT codes.

At this time, the total reimbursement rate of $339.00 for each qualifying emergency ambulance transport billed with the specified CPT codes is time-limited, and is only in effect for SFY 2018-19 dates of service from July 1, 2018, to June 30, 2019. Increased reimbursement for the specified GEMT services may be extended into future fiscal years, and may include additional GEMT codes. If the reimbursement increase is extended, and/or includes additional GEMT codes, DHCS will provide MCPs with further guidance after necessary federal approval is obtained.

Timing of Payment and Claim Submission

The projected value of this payment obligation will be accounted for in the MCPs' actuarially certified risk-based capitation rates. Within 90 calendar days from the date DHCS issues the capitation payments to MCPs for GEMT payment obligations specified in this APL, MCPs must pay, as required by this APL, for all clean claims or accepted encounters with the dates of service between July 1, 2018, and the date the MCP receives such capitation payment from DHCS.

Once DHCS begins issuing the capitation payments to the MCPs for the GEMT payment obligations specified in this APL, MCPs must pay as required by this APL within 90 calendar days of receiving a qualifying clean claim or an accepted encounter.

MCPs are required to make timely payments in accordance with this APL for clean claims or accepted encounters for qualifying transports submitted to the MCPs within one year after the date of service. MCPs are not required to pay the GEMT payment obligation specified in this APL for claims or encounters submitted more than one year after the date of service unless the non-contracted GEMT provider can show good cause.

These submission and payment timing requirements may be waived only if agreed to in writing between the MCPs, the MCPs' delegated entities, or subcontractors, and the rendering GEMT provider.

Impacts Related to Medicare

For dual eligible beneficiaries with Medicare Part B coverage, the increased Medi-Cal reimbursement level may result in a crossover payment obligation on the MCP, because the new Medi-Cal reimbursement amount may exceed 80 percent of the Medicare fee schedule. Based on current Medicare reimbursement rates, the only CPT code where this scenario may occur in certain geographic areas is A0429. MCPs are responsible for identifying and satisfying any Medicare crossover payment obligations that result from the increase in GEMT reimbursement obligations described in this APL.

In instances where a member is found to have other health coverage sources, MCPs must cost avoid or make a post-payment recovery in accordance with the "Cost Avoidance and Post-Payment Recovery of Other Health Coverage Sources" provision of Attachment 2 to Exhibit E of the MCP Contract.

Other Obligations

MCPs are responsible for ensuring qualifying transports reported using the specified CPT codes are appropriate for the services being provided and are reported to DHCS in encounter data pursuant to APL 14-019.

MCPs are responsible for ensuring that their delegated entities and subcontractors comply with all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including APLs, policy letters, and duals plan letters. MCPs must communicate these requirements to all delegated entities and subcontractors.

Pursuant to the MCP Contract, MCPs must have a formal procedure to accept, acknowledge, and resolve provider grievances related to the processing or non-payment related to this APL. In addition, MCPs must identify a designated point of contact for provider questions and technical assistance.

If you have any questions regarding the requirements of this APL, please contact your Managed Care Operations Division contract manager.

Sincerely,

Original Signed by Sarah Brooks

Sarah Brooks, Deputy Director
Health Care Delivery Systems

Department of Health Care Services Medi-Cal

Ground Emergency Medical Transport Quality Assurance Fee

June 28, 2018

In accordance with Senate Bill 523 (Chapter 773, Statutes of 2017), the Department of Health Care Services (DHCS) has finalized the fiscal year 2018 – 2019 Ground Emergency Medical Transport Quality Assurance Fee (QAF) rate and add-on amount to the Medi-Cal fee-for-service fee schedule rates for the affected emergency medical transport, as listed below. The QAF is assessed on each qualified emergency medical transport, regardless of payer. The add-on will be provided in addition to the Medi-Cal fee-for-service fee schedule rates for the affected emergency medical transport billing codes. The fiscal year 2018 – 2019 QAF rate and add-on amount are as follows:

Add-on Amount: $220.80

QAF Rate: $24.80

The resulting fiscal year 2018 – 2019 total fee-for-service reimbursement amount will be $339 for HCPCS codes A0427, A0429 and A0433 (ground medical transportation services).

For more details regarding the Ground Emergency Medical Transport QAF Program and the reporting requirements and instructions, visit the Ground Emergency Medical Transport Quality Assurance Fee website.

Questions or comments may be submitted to the DHCS Ground Emergency Medical Transport QAF email box: GEMTQAF@dhcs.ca.gov.

Policy:	FF.2011
Title:	**Directed Payments**
Department:	Claims Administration
Section:	Not Applicable
Interim CEO Approval:	*/s/ Richard Sanchez 04/15/2020*
Effective Date:	04/02/2020
Revised Date:	Not applicable
Applicable to:	☒ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☐ Administrative

I. PURPOSE

This Policy establishes requirements pursuant to which CalOptima and a Health Network shall administer the Directed Payments for Qualifying Services, including processes for the reimbursement of Directed Payments by CalOptima to a Health Network and by a Health Network to its Designated Providers.

II. POLICY

A. CalOptima shall reimburse a Health Network for Directed Payments made to a Designated Provider for Qualifying Services in accordance with this Policy, including Attachment A of this Policy.

B. A Health Network shall qualify for the reimbursement of Directed Payments for Qualifying Services if:

1. The Health Network processed the Directed Payment to a Designated Provider in compliance with this Policy and applicable statutory, regulatory, and contractual requirements, as well as Department of Health Care Services (DHCS) guidance and Centers for Medicare & Medicaid Services (CMS) approved preprint;

2. The Qualifying Services were eligible for reimbursement (*e.g.*, based on coverage, coding, and billing requirements);

3. The Member or Eligible Member, as applicable and as those terms are defined in this Policy, was assigned to the Health Network on the date of service;

4. The Designated Provider was eligible to receive the Directed Payment;

5. The Qualifying Services were rendered by a Designated Provider on an eligible date of service;

6. The Health Network reimbursed the Designated Provider within the required timeframe, as set forth in Section III.B. of this Policy; and

7. The Health Network submits Encounter data and all other data necessary to ensure compliance with DHCS reporting requirements in accordance with Sections III.F. and III.G. of this Policy.

Back to Item
Back to Agenda
Back to Item

C. A Health Network shall make timely Directed Payments to Designated Providers for the following Qualifying Services, in accordance with Sections III.A. and III.B. of this Policy:

1. An Add-On Payment for Physician Services and Developmental Screening Services.

2. A Minimum Fee Payment for Adverse Childhood Experiences (ACEs) Screening Services, Abortion Services, and Ground Emergency Medical Transport (GEMT) Services.

D. A Health Network shall ensure that Qualifying Services reported using specified Current Procedural Terminology (CPT) Codes, Healthcare Common Procedure Coding System (HCPCS) Codes, and Procedure Codes, as well as the Encounter data reported to CalOptima, are appropriate for the services being provided, and are not reported for non-Qualifying Services or any other services.

E. A Health Network shall have a process to communicate the requirements of this Policy, including applicable DHCS guidance, to Designated Providers. This communication must, at a minimum, include:

1. A description of the minimum requirements for a Qualifying Service;

2. How Directed Payments will be processed;

3. How to file a grievance with the Health Network and second level appeal with CalOptima; and

4. Identify the payer of the Directed Payments. (i.e. Member's Health Network that is financially responsible for the specified Direct Payment.)

F. A Health Network shall have a formal procedure for the acceptance, acknowledgement, and resolution of provider grievances related to the processing or non-payment of a Directed Payment for a Qualifying Service. In addition, a Health Network shall identify a designated point of contact for provider questions and technical assistance.

G. Directed Payment Reimbursement

1. CalOptima shall reimburse a Health Network for a Directed Payment made to a Designated Provider for Qualifying Services in accordance with Sections III.C. and III.E. of this Policy.

   a. Until such time reimbursement for a Directed Payment is included in a Health Network's capitation payment, CalOptima shall reimburse a Health Network for a Directed Payment separately.

2. If DHCS provides separate revenue to CalOptima for a Directed Payment requirement in addition to standard revenue from DHCS, CalOptima shall provide a Health Network a supplemental payment in addition to the Health Network's primary capitation payment.

   a. A Health Network shall process a Directed Payment as a supplemental payment and CalOptima shall reimburse a Health Network in accordance with Section III.C. of this Policy.

   b. CalOptima shall reimburse a Health Network medical costs of a Directed Payment plus a 2% administrative component. CalOptima's obligation to pay a Health Network any administrative fees shall be contingent upon administrative component payments by DHCS to CalOptima for the Directed Payments.

3. If DHCS does not provide separate revenue to CalOptima and instead implements a Directed Payment as part of the Medi-Cal fee schedule change:

    a. A Health Network shall process a Directed Payment as part of the existing Medi-Cal fee schedule change process as outlined in CalOptima Policy FF.1002: CalOptima Medi-Cal Fee Schedule and CalOptima shall reimburse a Health Network in accordance with Sections III.C. and III.E. of this Policy.

    b. CalOptima shall reimburse a Health Network after the Directed Payment is distributed and the Health Network submits the Directed Payment adjustment reports as described in Section III.D. of this Policy.

H. On a monthly basis, CalOptima Accounting Department shall reimburse a Health Network the Estimated Initial Month Payment for a validated Directed Payment in accordance with Section III.E. of this Policy.

I. A Health Network may file a complaint regarding a Directed Payment received from CalOptima in accordance with CalOptima Policy HH.1101: CalOptima Provider Complaint.

J. CalOptima shall ensure oversight of the Directed Payment programs in accordance with CalOptima Policy GG.1619: Delegation Oversight.

III. PROCEDURE

A. Directed Payments for Qualifying Services

1. Physician Services: For dates of service on or after July 1, 2017, a Health Network shall make an Add-On Payment, in the amount and for the applicable CPT Code as specified in Attachment A of this Policy, to Eligible Contracted Providers rendering Physician Services to an Eligible Member.

    a. Federally Qualified Health Centers (FQHCs), Rural Health Clinics (RHCs), American Indian Health Services Programs, and cost-based reimbursement clinics are not eligible to receive this Add-On Payment for Physician Services.

2. Developmental Screening Services: For dates of service on or after January 1, 2020, a Health Network shall make an Add-On Payment, in the amount and for the applicable CPT Code as specified in Attachment A of this Policy, to Eligible Contracted Providers that are FQHCs, RHCs, and Indian Health Services Memorandum of Agreement (IHS-MOA) 638 clinics rendering Developmental Screening Services to an Eligible Member. A Developmental Screening Service must be provided in accordance with the American Academy of Pediatrics/Bright Futures periodicity schedule and guidelines and must be performed using a standardized tool that meets CMS Criteria.

    a. The following Developmental Screening Services are eligible for an Add-On Payment:

        i. A routine screening when provided:

            1) On or before the first birthday;

            2) After the first birthday and before or on the second birthday; or

            3) After the second birthday and on or before the third birthday.

ii. Developmental Screening Services provided when medically necessary, in addition to routine screenings.

b. Development Screening Services are not subject to any prior authorization requirements.

c. A Health Network shall require Eligible Contracted Providers identified in Section III.A.2 of this Policy to document the completion of the Development Screening Service with the applicable CPT Code without the modifier as specified in Attachment A of this Policy.

d. A Health Network shall require Eligible Contracted Providers identified in Section III.A.2. of this Policy to document the following information in the Eligible Member's medical records:

i. The tool that was used to perform the Developmental Screening Service;

ii. That the completed screen was reviewed;

iii. The interpretation of results;

iv. Discussion with the Eligible Member and/or the Eligible Member's family; and

v. Any appropriate actions taken.

e. A Health Network shall ensure information set forth in Section III.A.2.d. of this Policy are made available to CalOptima and/or DHCS upon request.

f. In the event any of the provisions of Section III.A.2. of the Policy conflicts with the applicable requirements of DHCS guidance, CMS-approved preprint, regulations, and/or statutes, such requirements shall control.

3. ACEs Screening Services: For dates of service on or after January 1, 2020, a Health Network shall reimburse Eligible Contracted Providers a Minimum Fee Payment, as specified in Attachment A of this Policy for the applicable HCPCS Code, for rendering ACEs screening services to an Eligible Member, who is a child or an adult through sixty-four (64) years of age.

a. A Minimum Fee Payment for ACEs Screening Services shall only be made to rendering Eligible Contracted Providers that:

i. Utilize either the PEARLS tool or a qualifying ACEs questionnaire, as appropriate;

ii. Bill using one of the HCPCS Code specified in Attachment A of this Policy based on the screening score from the PEARLS tool or ACEs questionnaire used; and

iii. Are on DHCS list of providers that have completed the state-sponsored trauma-informed care training, except for dates of service prior to July 1, 2020. Commencing July 1, 2020, Eligible Contracted Providers must have taken a certified training and self-attested to completing the training to receive the Directed Payment for ACEs Screening Services.

b. A Health Network is only required to make the Minimum Fee Payment to an Eligible Contracted Provider for rendering an ACEs Screening Service, as follows:

i. Once per year per Eligible Member screened by that Eligible Contracted Provider, for a child Eligible Member assessed using the PEARLS tool.

ii. Once per lifetime per Eligible Member screened by that Eligible Contracted Provider, for an adult Eligible Member through age sixty-four (64) assessed using a qualifying ACEs questionnaire.

c. With respect to an Eligible Contracted Provider, CalOptima shall only reimburse a Health Network for the Minimum Fee Payment in accordance with Section III.A.3.b. of this Policy.

d. A Health Network shall require Eligible Contracted Providers to document the following information in the Eligible Member's medical records:

i. The tool that was used to perform the ACEs Screening Service;

ii. That the completed screen was reviewed;

iii. The interpretation of results;

iv. Discussion with the Eligible Member and/or the Eligible Member's family; and

v. Any appropriate actions taken.

e. A Health Network shall ensure information set forth in Section III.A.3.d. of this Policy are made available to CalOptima and/or DHCS upon request.

4. Abortion Services: For dates of service on or after July 1, 2018, a Health Network shall reimburse Eligible Contracted Providers and non-contracted Providers, as applicable, which are qualified to provide and bill for Abortion Services, a Minimum Fee Payment, as specified in Attachment A of this Policy for the applicable CPT Code, for providing Abortion Services to a Member.

a. In instances where a Member is found to have other sources of health coverage, a Health Network shall take appropriate action for cost avoidance and post-payment recovery, in accordance with its contractual obligations to CalOptima.

5. GEMT Services: For dates of service on or after July 1, 2018, a Health Network shall reimburse non-contracted GEMT Providers a Minimum Fee Payment, as specified in Attachment A of this Policy for the applicable CPT Code, for providing GEMT Services to a Member.

a. A Health Network shall identify and satisfy any Medicare crossover payment obligations that may result from the increase in GEMT Services reimbursement obligations.

b. In instances where a Member is found to have other sources of health coverage, a Health Network shall take appropriate action for cost avoidance and post-payment recovery, in accordance with its contractual obligations to CalOptima.

B. Timing of Directed Payments

1. Timeframes with Initial Directed Payment: When DHCS final guidance requires an initial Directed Payment for clean claims or accepted encounters received by the Health Network with specified dates of service (*i.e.*, between a specific date of service and the date CalOptima receives the initial funding from DHCS for the Directed Payment), a Health Network shall ensure the initial Directed Payment required by this Policy is made, as necessary, within ninety (90) calendar days of the date CalOptima receives the initial funding from DHCS for the Directed Payment. From the date CalOptima receives the initial funding onward, a Health

Network shall ensure subsequent Directed Payments required by this Policy are made within ninety (90) calendar days of receiving a clean claim or accepted encounter for Qualifying Services, for which the clean claim or accepted encounter is received by the Health Network no later than one (1) year after the date of service.

a. Initial Directed Payment: The initial Directed Payment shall include adjustments for any payments previously made by a Health Network to a Designated Provider based on the expected rates for Qualifying Services set forth in the Pending SPA or based on the established Directed Payment program criteria, rates and Qualifying Services, as applicable, pursuant to Section III.B.4. of this Policy.

b. Abortion Services: For clean claims or accepted encounters for Abortion Services with specified dates of service (*i.e.*, between July 1, 2017 and the date CalOptima receives the initial funding for Directed Payment from DHCS) that are timely submitted to a Health Network and have not been reimbursed the Minimum Fee Payment in accordance with this Policy, a Health Network shall issue the Minimum Fee Payment required by this Policy in a manner that does not require resubmission of claims or impose any reductions or denials for timeliness.

2. Timeframes without Initial Directed Payment: When DHCS final guidance does not expressly require an initial Directed Payment under Section III.B.1 of this Policy, a Health Network shall ensure that Directed Payments required by this Policy are made:

a. Within ninety (90) calendar days of receiving a clean claim or accepted encounter for Qualifying Services, for which the clean claim or encounter is received no later than one (1) year from the date of service.

b. Retroactively within ninety (90) calendar days of DHCS final guidance when a clean claim or accepted encounter for Qualifying Services is received prior to such guidance.

3. Notice by CalOptima

a. CalOptima Health Network Relations Department shall notify the Health Networks, in writing, of the requirements of DHCS final guidance for each Directed Payment program for Qualifying Services by no later than fifteen (15) calendar days from the release date of DHCS final guidance.

b. CalOptima Health Network Relations Department shall notify the Health Networks, in writing, of the date that CalOptima received the initial funding for the Directed Payment from DHCS, by no later than fifteen (15) calendar days from the date of receipt. This provision applies to initial funding received by CalOptima on or after April 1, 2020, provided that DHCS final guidance requires initial Directed Payment as set forth in Section III.B.1. of this Policy.

c. If DHCS files a State Plan Amendment (SPA) with CMS for an extension of a Directed Payment program ("Pending SPA") and CalOptima Board of Directors or Chief Executive Officer, pursuant to DHCS written instruction, approves the continuation of payment of the Directed Payment before DHCS final guidance is issued, CalOptima Health Network Relations Department shall notify the Health Networks, in writing, to continue to pay the Directed Payment to Designated Providers for Qualifying Services with specified dates of service.

4. Extension of Directed Payment Program:

    a. Upon receipt of written notice from CalOptima under Section III.B.3.c. of this Policy, a Health Network shall reimburse a Designated Provider for a Directed Payment according to the expected rates and Qualifying Services for the applicable time period as set forth in the Pending SPA or, at a minimum, according to the previously established Directed Payment program criteria, rates, and Qualifying Services, as applicable, until such time as the DHCS issues the final guidance.

    b. A Health Network shall ensure timely reconciliation and compliance with the final payment provisions as provided in DHCS final guidance when issued.

5. GEMT Services: A Health Network is not required to pay the Add-On Payment for GEMT Services for claims or encounters submitted more than one (1) year after the date of service, unless the non-contracted GEMT Provider can show good cause for the untimely submission.

    a. Good cause is shown when the record clearly shows that the delay in submitting a claim or encounter was due to one of the following:

        i. The Member has other sources of health coverage;

        ii. The Member's medical condition is such that the GEMT Provider is unable to verify the Member's Medi-Cal eligibility at the time of service or subsequently verify with due diligence;

        iii. Incorrect or incomplete information about the subject claim or encounter was furnished by the Health Network to the GEMT Provider; or

        iv. Unavoidable circumstances that prevented the GEMT Provider from timely submitting a claim or encounter, such as major floods, fires, tornadoes, and other natural catastrophes.

C. Directed Payments Processing

1. On a monthly basis, CalOptima shall reimburse a Health Network after the Health Network distributes the Directed Payment and the Health Network submits the Directed Payment adjustment reports in accordance with Section III.D. of this Policy.

    a. The CalOptima Accounting Department shall reconcile and validate the data through the Directed Payment adjustment report process prior to making a final payment adjustment to a Health Network.

2. If a Health Network identifies an overpayment of a Directed Payment, a Health Network shall return the overpayment within sixty (60) calendar days after the date on which the overpayment was identified, and shall notify CalOptima Accounting Department, in writing, of the reason for the overpayment. CalOptima shall coordinate with a Health Network on the process to return the overpayment in accordance with CalOptima Policy FF.1001: Capitation Payments.

    a. CalOptima shall notify a Health Network of acceptance, adjustment or rejection of the overpayment no later than three (3) business days after receipt.

    b. If CalOptima adjusts or rejects the overpayment, CalOptima shall include the overpayment adjustment in the subsequent month's process.

c. In the event CalOptima identifies that Directed Payments were made by a Health Network to a non-Designated Provider, or for non-Qualifying Services, or for services provided to a non-Member or a non-Eligible Member, as applicable, such Directed Payments shall constitute an overpayment which CalOptima shall recover from the Health Network**.**

D. Directed Payment Adjustment Process

1. As soon as a Health Network has processed and paid a Designated Provider for a Directed Payment, a Health Network shall submit a Directed Payment adjustment report for Qualifying Services by the tenth (10th) calendar day after the month ends to CalOptima's secure File Transfer Protocol (sFTP) site. A Health Network shall submit an adjustment report using CalOptima's proprietary format and file naming convention.

2. CalOptima Information Services Department shall notify a Health Network of file acceptance or rejection no later than three (3) business days after receipt. CalOptima may reject a file for data completeness, accuracy or inconsistency issues. If CalOptima rejects a file, a Health Network shall resubmit a corrected file no later than the tenth (10th) calendar day of the following month. Any resubmission after the tenth (10th) calendar day of the month will be included in the subsequent month's process.

3. Upon request, a Health Network shall provide additional information to support a submitted Directed Payment adjustment report to CalOptima Accounting Department within five (5) business days of the request.

4. For a complete Directed Payment adjustment report accepted by CalOptima Accounting Department, CalOptima shall reimburse a Health Network's medical costs of a Directed Payment plus a 2% administrative component no later than the twentieth (20th) calendar day of the current month based upon prior month's data. CalOptima's obligation to pay a Health Network any administrative fees shall be contingent upon administrative component payments by DHCS to CalOptima for the Directed Payments.

E. Estimated Initial Month Payment Process

1. On a monthly basis, CalOptima shall issue an Estimated Initial Month Payment to a Health Network. During the first month of implementation, CalOptima shall disburse the Estimated Initial Month Payment to a Health Network no later than the 10th of the implementing month and as follows:

   a. When available, the Estimated Initial Month Payment shall be based upon the most recent rolling three-month average of the paid claims; or

   b. If actual data regarding the specific services tied to a Directed Payment are not available, CalOptima shall base the Estimated Initial Month Payment on the expected monthly cost of those services.

2. Thereafter, CalOptima shall disburse the Estimated Initial Month Payment to a Health Network for a Directed Payment no later than the 20th of the month for services paid in that month.

3. CalOptima Accounting Department shall reconcile the prior month's Estimated Initial Month Payment against a Health Network's submitted Directed Payment adjustment report for the prior month. CalOptima shall adjust the current month's Estimated Initial Month Payment, either positively or negatively based upon the reconciliation.

4. Following the first month of implementation and thereafter, the Estimated Initial Month Payment, CalOptima Accounting Department shall disburse funds to a Health Network based upon the previous month's submitted Directed Payment adjustment report.

F. A Health Network shall report an Encounter in accordance with CalOptima Policy EE.1111: Health Network Encounter Reporting Requirements, and within three hundred sixty-five (365) calendar days after the date of service as reported on such Encounter.

G. Reporting

1. A Health Network shall submit all data related to Directed Payments to the CalOptima Information Services Department through the CalOptima secure File Transport Protocol (sFTP) site in a format specified by CalOptima, and in accordance with DHCS guidance, within fifteen (15) calendar days of the end of the applicable reporting quarter. Reports shall include, at a minimum, the CPT, HCPCS, or Procedure Code, service month, payor (*i.e.*, Health Network, or its delegated entity or subcontractor), and rendering Designated Provider's National Provider Identifier. CalOptima may require additional data as deemed necessary.

    a. Updated quarterly reports must be a replacement of all prior submissions. If no updated information is available for the quarterly report, a Health Network must submit an attestation to CalOptima stating that no updated information is available.

    b. If updated information is available for the quarterly report, a Health Network must submit the updated quarterly report in the appropriate file format and include an attestation that a Health Network considers the report complete.

2. CalOptima shall reconcile the Health Network's data reports and ensure submission to DHCS within forty-five (45) days of the end of the applicable reporting quarter as applicable.

IX. GLOSSARY

Term	Definition
Abortion Services	Specified medical pregnancy termination services, as listed by the CPT Codes for the applicable period in Attachment A of this Policy, that are Covered Services provided to a Member.
Add-On Payment	Directed Payment that funds a supplemental payment for certain Qualifying Services at a rate set forth by DHCS that is in addition to any other payment, fee-for-service or capitation, a specified Designated Provider receives from a Health Network.
Adverse Childhood Experiences (ACEs) Screening Services	Specified adverse childhood experiences screening services, as listed by the HCPCS Codes for the applicable period in Attachment A of this Policy, that are Covered Services provided to an Eligible Member through the use of either the Pediatric ACEs and Related Life-events Screener (PEARLS) tool for children (ages 0 to 19 years) or a qualifying ACEs questionnaire for adults (ages 18 years and older). An ACEs questionnaire or PEARLS tool may be utilized for Eligible Members who are 18 or 19 years of age. The ACEs screening portion of the PEARLS tool (Part 1) is also valid for use to conduct ACEs screenings among adult Eligible Members ages 20 years and older. If an alternative version of the ACEs questionnaire for adult Eligible Members is used, it must contain questions on the 10 original categories of the ACEs to qualify.
American Indian Health Services Program	Programs operated with funds from the IHS under the Indian Self-Determination Act and the Indian Health Care Improvement Act, through which services are provided, directly or by contract, to the eligible Indian population within a defined geographic area.
Centers for Medicare and Medicaid Services (CMS) Criteria	For purpose of this Policy, the use of a standardized tool for Developmental Screening Services that meets all of the following CMS criteria: 1. Developmental domains: The following domains must be included in the standardized developmental screening tool: motor, language, cognitive, and social-emotional; 2. Establish Reliability: Reliability scores of approximately 0.70 or above; 3. Established Findings Regarding the Validity: Validity scores for the tool must be approximately 0.70 or above. Measures of validity must be conducted on a significant number of children and using an appropriate standardized developmental or social-emotional assessment instrument(s); and 4. Established Sensitivity/Specificity: Sensitivity and specificity scores of approximately 0.70 or above.

Term	Definition
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program effective July 1, 2019, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127), effective January 1, 2020 for HHP Members with eligible physical chronic conditions and substance use disorders, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members not-withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.
Department of Health Care Services (DHCS)	The state department in California responsible for administration of the federal Medicaid Program (referred to as Medi-Cal in California).
Designated Providers	Include the following Providers that are eligible to receive a Directed Payment in accordance with this Policy and applicable DHCS All Plan Letter or other regulatory guidance for specified Qualifying Services for the applicable time period: 1. Eligible Contracted Providers for Physician Services, ACEs Screening Services, and Abortion Services; 2. Eligible Contracted Providers that are FQHCs, RHCs, and Indian Health Services Memorandum of Agreement (IHS-MOA) 638 clinics for Developmental Screening Services; 3. Non-contracted GEMT Providers for GEMT Services; and 4. Non-contracted Providers for Abortion Services.
Developmental Screening Services	Specified developmental screening services, as listed by the CPT Code for the applicable period in Attachment A of this Policy, that are Covered Services provided to an Eligible Member, in accordance with the American Academy of Pediatrics (AAP)/Bright Futures periodicity schedule and guidelines for pediatric periodic health visits at nine (9) months, eighteen (18) months, and thirty (30) months of age and when medically necessary based on Developmental Surveillance and through use of a standardized tool that meets CMS Criteria.
Developmental Surveillance	A flexible, longitudinal, and continuous process that includes eliciting and attending to concerns of an Eligible Member's parents, maintaining a developmental history, making accurate and informed observations, identifying the presence of risk and protective factors, and documenting the process and findings.
Directed Payment	An Add-On Payment or Minimum Fee Payment required by DHCS to be made to a Designated Provider for Qualifying Services with specified dates of services, as prescribed by applicable DHCS All Plan Letter or other regulatory guidance and is inclusive of supplemental payments.

Term	Definition
Eligible Contracted Provider	An individual rendering Provider who is contracted with a Health Network to provide Medi-Cal Covered Services to Members, including Eligible Members, assigned to that Health Network and is qualified to provide and bill for the applicable Qualifying Services (excluding GEMT Services) on the date of service. Notwithstanding the above, if the Provider's written contract with a Health Network does not meet the network provider criteria set forth in DHCS APL 19-001: Medi-Cal Managed Care Health Plan Guidance on Network Provider Status and/or in DHCS guidance regarding Directed Payments, the services provided by the Provider under that contract shall not be eligible for Directed Payments for rating periods commencing on or after July 1, 2019.
Eligible Member	For purpose of this Policy, a Medi-Cal Member who is not dually eligible for Medi-Cal and Medicare Part B (regardless of enrollment in Medicare Part A or Part D).
Encounter	Any unit of Covered Services provided to a Member by a Health Network regardless of Health Network reimbursement methodology. Such Covered Services include any service provided to a Member regardless of the service location or provider, including out-of-network services and sub-capitated and delegated Covered Services.
Estimated Initial Month Payment	A payment to a Health Network based upon the most recent rolling three-month average of Directed Payment program-specific paid claims. If actual data regarding the specific services tied to a Directed Payment are not available, this payment is based upon the expected monthly cost of those services. This payment will not include an administrative component.
Federally Qualified Health Center (FQHC)	A type of provider defined by the Medicare and Medicaid statutes. FQHCs include all organizations receiving grants under Section 330 of the Public Health Service Act, certain tribal organizations, and FQHC Look-Alikes. An FQHC must be a public entity or a private non-profit organization. FQHCs must provide primary care services for all age groups.
Ground Emergency Medical Transport (GEMT) Services	Specified ground emergency medical transport services, as listed by the CPT Codes for the applicable period in Attachment A of this Policy, that are Covered Services and defined as the act of transporting a Member from any point of origin to the nearest medical facility capable of meeting the emergency medical needs of the Member, by an ambulance licensed, operated, and equipped, in accordance with applicable state or local statutes, ordinances, or regulations, excluding transportation by an air ambulance and/or any transports billed when, following evaluation of a Member, a transport is not provided.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, and Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned in that particular Health Network.
Member	For purpose of this Policy, a Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima Medi-Cal program and assigned to a Health Network at the time Qualifying Services are rendered.

Term	Definition
Minimum Fee Payment	A Directed Payment that sets the minimum rate, as prescribed by DHCS, for which a specified Designated Provider must be reimbursed fee-for-service for certain Qualifying Services. If a Designated Provider is capitated for such Qualifying Services, payments should meet the differential between the Medi-Cal fee schedule rate and the required Directed Payment amount.
Provider	For purpose of this Policy, any individual or entity that is engaged in the delivery of services, or ordering or referring for those services, and is licensed or certified to do so.
Physician Services	Specified physician services, as listed by the CPT Codes for the applicable period in Attachment A of this Policy, that are Covered Services provided to an Eligible Member.
Qualifying Services	Include only the following Covered Services: Physician Services, Developmental Screening Services, Adverse Childhood Experiences (ACEs) Screening Services, Abortion Services, and GEMT Services.
Rural Health Clinic (RHC)	An organized outpatient clinic or hospital outpatient department located in a rural shortage area, which has been certified by the Secretary, United States Department of Health and Human Services.

Policy:	FF.1005f
Title:	**Special Payments: Supplemental OB Delivery Care Payment**
Department:	Finance
Section:	Not Applicable
CEO Approval:	/s/ *Michael Schrader 08/08/2019*
Effective Date:	01/01/2010
Revised Date:	07/01/2019

I. PURPOSE

This policy defines the criteria for a **Health Network***, with the exception of Kaiser Foundation Health Plan, Inc. (Kaiser), to receive a supplemental obstetrical (OB) delivery care payment for qualifying **Covered Services** provided to a **Member** enrolled in Medi-Cal for dates of service on and after January 1, 2010, in accordance with this policy.

II. POLICY

A. Effective for dates of service on and after January 1, 2010, CalOptima shall make a supplemental payment for qualifying **Covered Services** that include OB delivery care at a rate set forth in the **Contract for Health Care Services**, in accordance with the terms and conditions of this Policy.

B. A **Health Network** shall qualify for the supplemental payment for **Covered Services** that include OB delivery care if:

1. On the date of delivery, the **Member** was eligible with CalOptima for less than six (6) consecutive months;

2. On the date of delivery, the **Member** was between fifteen (15) and forty-four (44) years of age;

3. For the physician supplemental OB delivery care payment, **Covered Services** include physician services for normal and C-section delivery and assistant surgeon services billed with any of the following Current Procedural Terminology (CPT) codes: 59400, 59409, 59510, 59514, 59610, 59612, 59618, 59620; and modifier codes AG, or 80, as applicable;

4. For the hospital supplemental OB delivery care payment, **Covered Services** include hospital inpatient services related to an obstetric stay billed with the following Revenue Codes: 720, 721, 722, or 729;

5. The **Health Network** reimbursed the **Provider** for the **Covered Service**;

6. The **Health Network** authorized such services; and

7. The **Health Network** submits **Encounter** data in accordance with Section III.A of this policy.

C. If a **Health Network** identifies an **Overpayment** of a supplemental OB delivery care payment, the **Health Network** shall return the **Overpayment** within sixty (60) calendar days after the date on which the **Overpayment** was identified, and shall notify CalOptima's Accounting Department, in writing, of the reason for the **Overpayment**. CalOptima shall coordinate with the **Health Network** on the process to return the **Overpayment**.

* Terms in **bold** are included in the Glossary.

Back to Agenda Back to Item Back to Item

III. PROCEDURE

A. **Encounter** Data Submission

1. A **Health Network** shall report an **Encounter** in accordance with CalOptima Policy EE.1111: Health Network Encounter Reporting Requirements, and within three hundred sixty-five (365) calendar days after the date of service as reported on such **Encounter**.

2. CalOptima shall qualify **Health Network Encounter** Data for valid CPT and Revenue codes, and report the valid **Encounters** for payment authorization.

B. A **Health Network** shall instruct a **Provider** to utilize the appropriate CPT and Revenue codes to bill for **Covered Services** provided to a **Member**.

C. Processing of Physician Claims

1. A **Health Network** shall process an eligible claim submitted by a **Provider** for physician services at a rate set forth in their contractual agreement.

2. CalOptima shall make a supplemental payment to a **Health Network** in accordance with Section III.E.2 of this Policy.

D. Processing of Hospital Claims

1. **Physician Hospital Consortium (PHC)** or **Health Maintenance Organization (HMO)**

a. A **PHC** or **HMO** shall process an eligible claim submitted by a **Provider** for hospital inpatient services related to an obstetrical stay at a rate set forth in their contractual agreement.

b. CalOptima shall make a supplemental payment to a **Health Network** in accordance with Section III.E.2 of this Policy.

2. Shared Risk Group (SRG)

a. CalOptima shall process a claim for hospital inpatient services related to an obstetrical stay provided to a **Member** enrolled in an **SRG** in accordance with CalOptima Policy FF.2001: Claims Processing for Covered Services Rendered to CalOptima Direct-Administrative Members, CalOptima Community Network Members, or Members Enrolled in a **Shared Risk Group.**

b. CalOptima shall make a supplemental payment funding adjustment to the Shared Risk Pool in accordance with Section III.E.1 of this Policy.

E. Hospital Supplemental OB Delivery Care Payment

1. **SRG**: CalOptima shall make a supplemental payment funding adjustment to a Shared Risk Pool at a rate set forth in the **Contract for Health Care Services** for a covered hospital inpatient obstetrical delivery based on actual claims paid in accordance with CalOptima Policy FF.1010: Shared Risk Pool.

2. **PHC** or **HMO**: CalOptima shall make a supplemental payment at a rate set forth in the **Contract for Health Care Services** in effect on the date of service based on **Encounter** data submitted in accordance with Section III.A.1 of this Policy.

F. Physician Supplemental OB Delivery Care Payment

1. CalOptima shall make a supplemental payment to a **Health Network** for physician services for normal and C-section delivery and assistant surgeon services at a rate set forth in the **Contract for Health Care Services** in effect on the date of service based on **Encounter** data submitted in accordance with Section III.A.1 of this Policy.

G. With the exception of payment funding adjustment to a Shared Risk Pool described in Section III.E.1 of this Policy, CalOptima shall:

1. Distribute physician supplemental payments one (1) time each quarter; and

2. Provide a Remittance Advice Detail (RAD) to the **Health Network** for each quarterly payment that includes the following information:

a. **Provider** name;

b. **Provider** identification number;

c. **Member** name;

d. **Member** identification number;

e. Date of service;

f. Bill code; and

g. Amount paid.

H. A **Health Network** has the right to file a complaint disputing CalOptima's supplemental OB delivery care payment in accordance with CalOptima Policy HH.1101: CalOptima Provider Complaint.

IX. GLOSSARY

Term	Definition
Contract for Health Care Services	The written instrument between CalOptima and Physicians, Hospitals, Health Maintenance Organizations (HMO), or other entities. Contract shall include any Memoranda of Understanding entered into by CalOptima that is binding on a Physician Hospital Consortium (PHC) or HMO, DHCS Medi-Cal Managed Care Division Policy Letters, Contract Interpretation, and Financial Bulletins issued pursuant to the Contract.
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as Covered Services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), or other services as authorized by the Board of Directors, which shall be covered for Members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.
Encounter	Any unit of Covered Services provided to a Member by a Health Network regardless of Health Network reimbursement methodology. Such Covered Services include any service provided to a Member regardless of the service location or provider, including out-of-network services and sub-capitated and delegated Covered Services
Health Maintenance Organization (HMO)	A health care service plan, as defined in the Knox-Keene Health Care Service Plan Act of 1975, as amended, commencing with Section 1340 of the California Health and Safety Code.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Overpayment	Any payment made by CalOptima to a Provider to which the Provider is not entitled to under Title XIX of the Social Security Act, or any payment to CalOptima by DHCS to which CalOptima is not entitled to under Title XIX of the Social Security Act.
Physician Hospital Consortium (PHC)	A Physician Group or Physician Groups contractually aligned with at least one (1) hospital, as described in CalOptima's Contract for Health Care Services.
Provider	A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary provider, health maintenance organization, or other person or institution that furnishes Covered Services.
Shared Risk Group (SRG)	A Health Network who accepts delegated clinical and financial responsibility for professional services for assigned Members, as defined by written contract and enters into a risk sharing agreement with CalOptima as the responsible partner for facility services.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken March 7, 2013
Regular Meeting of the CalOptima Board of Directors

Report Item

VII. C. Authorize and Direct the Chief Executive Officer to Execute Agreements with the California Department of Health Care Services (DHCS) and Kaiser Foundation Health Plan (Kaiser)

Contact

Julie Bomgren, Director, Government Affairs, (714) 246-8400

Recommended Actions

1. Authorize and Direct the Chief Executive Officer (CEO) to execute a three-way agreement with the DHCS and Kaiser related to the transition of Healthy Families Program (HFP) children and Medi-Cal beneficiaries who are former Kaiser members or family-linked within the previous 12 months.
2. Authorize and Direct the CEO to execute an agreement with Kaiser related to transitioning certain defined categories of members to Kaiser as described in the two-way agreement.
3. Authorize and direct the CEO to enter into an amendment of the current Medi-Cal agreement with Kaiser consistent with these agreements.

Background

As a County Organized Health System (COHS), CalOptima contracts with DHCS to provide health care services to Medi-Cal beneficiaries in Orange County. In 1995, CalOptima entered into an agreement with Kaiser to provide health care services under CalOptima's Medi-Cal program. As a Health Network for Medi-Cal, Kaiser currently provides health care services, including pharmacy services to approximately 11,500 CalOptima Medi-Cal members. Along with CalOptima, Kaiser is a health plan in the HFP and serves approximately 13,500 HFP children in Orange County. With the elimination of HFP, and in accordance with the HFP transition implementation plan, children enrolled in Kaiser HFP will transition to CalOptima in Phase 2, anticipated to occur no sooner than April 1, 2013.

Discussion

In June 2012, the Legislature passed Assembly Bill (AB) 1494 which provides for the transition of all HFP subscribers to Medi-Cal.

In June 2012, Kaiser approached the State to consider the development of an agreement whereby Kaiser will retain its HFP members upon their transition into Medi-Cal through a direct contractual relationship with DHCS. As a direct contractual relationship in the existing managed care county delivery systems throughout California is not possible due to state and federal statutes, DHCS, Kaiser and the Medi-Cal managed care plans developed two agreements to address the HFP transition and future Medi-Cal enrollment.

DHCS/Kaiser/Plan Agreement

The first agreement is, by its own terms, a nonbinding agreement, between DHCS, Kaiser and the managed care plans. This template has already been signed by DHCS and Kaiser. It indicates that it sets forth a framework for a seamless transition of care for current Kaiser members in the HFP and Medi-Cal beneficiaries who were Kaiser members or family-linked within the previous twelve months.

The three-way agreement includes the following provisions:

1. DHCS, Kaiser and managed care plans will work to develop a contract template for the subcontract between plans and Kaiser.
2. A centralized oversight and compliance process to include a uniform policies and procedures audit program will be created to oversee Kaiser's obligations under the contract template (it may be necessary for two processes, one for Northern California and one for Southern California). The agreement indicates that this process will be conducted and funded by DHCS unless otherwise agreed to by the parties.
3. A process will be developed to improve the existing and future enrollment processes for Kaiser members including a validation process (of the applicant's eligibility to choose Kaiser).
4. In COHS counties including Orange County, the enrollment process for current/previous Kaiser members will mimic the existing process for all Medi-Cal members. The COHS plans such as CalOptima will assign to Kaiser new Medi-Cal members currently or previously enrolled with Kaiser in the previous twelve months or family-linked in the previous twelve months. This auto assignment to Kaiser is contingent upon COHS plans receiving required and accurate data from Kaiser and federal and state regulators. COHS members will be assigned to Kaiser only upon verification of previous coverage by Kaiser.
5. The agreement does not restrict the ability of Medi-Cal beneficiaries to choose a different provider than Kaiser during or after the beneficiary has been assigned to CalOptima.

Kaiser/Plan Agreement

The second agreement, between Kaiser and the managed care plan, is titled "Care Continuity Agreement" and defines the beneficiaries for whom the managed care plan will ensure transition to Kaiser as: 1) all members of CalOptima currently assigned to Kaiser; 2) individuals who are eligible for Medi-Cal on and after January 1, 2014 under Medi-Cal expansion and who enroll in CalOptima and are assigned to Kaiser; 3) HFP beneficiaries who are Kaiser members on the effective date of the transition; and 4) beneficiaries who are eligible for Medi-Cal or HFP after the effective date of the transition and who were Kaiser members or family-linked within the previous twelve months. This agreement has been signed by Kaiser but does not include aid codes on the attachments.

The two-way agreement includes the following provisions:

1. Kaiser will provide rate development template (RDT) data to managed care plans for inclusion in the plan RDT for the rate setting process.

2. Effective July 1, 2013, for aid codes not directly funded through the Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA), an administrative withhold by the managed care plan will not exceed 2% of the net capitation Medi-Cal amount (the withhold may be based on the plan risk-adjusted equivalent of the net capitation amount). For aid codes directly funded through CHIPRA, there will be no administrative fee withhold.
3. Managed care plan contracts with Kaiser will be amended to include these provisions. However this Agreement indicates that it may be terminated only upon execution of an amendment to the parties, and that the terms of this Agreement will be re-evaluated in five years.
4. Kaiser may enter into a direct contract with DHCS if Kaiser is unable to reach a subcontracting agreement with Plan.

Upon approval by the Board of Directors, CalOptima modified its Medi-Cal auto assignment policy to accommodate the transition of HFP members and to the extent possible, preserve the provider/member and member/health network relationships. For children transitioning from other HFP health plans to Medi-Cal, CalOptima anticipates that DHCS will provide the Medi-Cal health plan a file that will include the incoming health plan code and name for transitioning HFP children. In order to ensure a seamless transition of care for Kaiser members, it will be necessary that CalOptima receive a timely, clean file for processing. Otherwise, CalOptima staff will follow our standard new member auto assignment process.

Fiscal Impact

With Kaiser's current membership, the 2% administrative withhold provision equates to approximately $250,000 annually which is one-half of the amount regularly included in DHCS capitation rates for administration. However, as an HMO, Kaiser will perform some of the functions that CalOptima would normally be responsible for, which will reduce CalOptima's cost accordingly.

Rationale for Recommendation

These template agreements were negotiated with DHCS, Kaiser and managed care plans and the provisions for transitioning HFP members are consistent with the requirements included in the recent amendment to CalOptima's Primary Agreement with DHCS related to the transition of HFP subscribers into Medi-Cal.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken October 1, 2020
Regular Meeting of the CalOptima Board of Directors

Report Item
26. Consider Ratification of the Kaiser Foundation Health Plan, Inc. Health Network Contract Amendment Extending the Term

Contact
Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400

Recommended Action
Ratify the amendment to the current Kaiser Foundation Health Plan, Inc. (Kaiser) Health Network Contract to extend the current term through the date of the next CalOptima Board meeting, November 5, 2020.

Background
Kaiser participates in the CalOptima Medi-Cal program as a delegated subcontractor under its Health Maintenance Organization ("HMO") Health Network model. Kaiser's current Health Network Contract expired June 30, 2020. Last year, CalOptima staff presented Kaiser with an Amended and Restated Contract which incorporated past amendments and added DHCS-required contract terms, including those related to the Department of Health Care Services (DHCS) All Plan Letter (APL) 19-001 addressing certain terms that are required to be included in order for CalOptima to release Proposition 56 funds and other directed payments.

CalOptima and Kaiser staff worked with DHCS over the last several months to obtain additional clarification on certain subcontractor requirements. To allow time for Kaiser and CalOptima to obtain all necessary information and final clarification from DHCS and complete discussions regarding the Amended and Restated Contract, the parties entered into an initial ninety (90) day extension of Kaiser's current contract through September 30, 2020. Due to the June 30, 2020 expiration date of the current Kaiser Health Network Contract, this extension was ratified by the Board on August 6, 2020.

Discussion
The parties continue to review certain provisions of the Amended and Restated Contract that memorialize operational requirements in light of Kaiser's unique model as well as the five (5) subsequent amendments that implement Prop 56, Health Homes Program requirements and other terms (Contract Amendments). Additionally, because Kaiser is the only CalOptima Health Network delegated to provide the pharmacy benefit, CalOptima and Kaiser staff are addressing terms related to the State of California's carve out of the pharmacy benefit from CalOptima's DHCS Medi-Cal contract when the State implements its Medi-Cal Rx program effective January 1, 2021 including, revised rates and DHCS-mandated transition terms.

While CalOptima and Kaiser staff have attempted to complete all contract and amendment revisions by September 30, 2020, it will take another thirty (30) days to finalize these issues. Kaiser has requested an additional thirty (30) day extension of the current Kaiser Contract on the same terms and conditions to complete the discussions and finalize the Amended and Restated Contract and Contract Amendments. Because Staff intends to present the final Kaiser Amended and Restated Contract and Contract

Amendments to the Board for approval at the November 5, 2020 meeting, Staff requests that the Board ratify the extension of the current Kaiser Health Network Contract through that date.

Fiscal Impact

The recommended action to amend the current Kaiser Health Network Contract to extend the term through November 5, 2020, under the same terms and conditions, has no additional fiscal impact to the CalOptima Fiscal Year (FY) 2020-21 Operating Budget approved by the Board on June 4, 2020.

Rationale for Recommendation

Amending the current Kaiser Health Network Contract to extend through November 5, 2020, the date of the Board's next meeting, under the same terms and conditions will allow the additional time needed to review and finalize Kaiser's FY 2020-21 Amended and Restated Health Network Contract.

Action To Be Taken August 6, 2020
Regular Meeting of the CalOptima Board of Directors

Report Item
8. Consider Ratification of the Kaiser Foundation Health Plan, Inc. Health Network Contract Amendment

Contact
Michelle Laughlin, Executive Director Network Operations (714) 246-8400

Recommended Actions
Ratify the amendment to the Kaiser Foundation Health Plan, Inc. (Kaiser) Health Network contract, extending the term through September 30, 2020.

Background/Discussion
Kaiser participates in the CalOptima Medi-Cal program as a delegated subcontractor under its Health Maintenance Organization ("HMO") Health Network model. Each of CalOptima's contracts with its 12 twelve Medi-Cal Health Networks, including Kaiser, include a provision permitting an annual one-year extension of the contract subject to CalOptima Board of Directors' approval and signed contract amendments. Kaiser's current Health Network Contract ("Kaiser Contract") expired June 30, 2020. Last year, CalOptima staff presented Kaiser with an Amended and Restated Contract which incorporated past amendments and added DHCS required contract terms, including those related to the Department of Health Care Services (DHCS) All Plan Letter (APL) 19-001 addressing certain terms that are required to be included in order for CalOptima to release Proposition 56 funds and other directed payments. Kaiser has not, however, executed the Amended and Restated Contract. CalOptima and Kaiser have been working with DHCS over the last several months to obtain additional clarification on certain subcontractor requirements. The parties have also been reviewing certain contract provisions that memorialize operational requirements in light of Kaiser's unique staff model.

In order to allow time for Kaiser and CalOptima to obtain final clarification from DHCS and finalize discussions with Kaiser, the parties entered into a ninety (90) day extension of the Kaiser Contract through September 30, 2020, subject to Board approval. Additionally, because Kaiser is the only Health Network delegated to provide the pharmacy benefit, CalOptima and Kaiser also need to address contract terms related to the State of California's carve out of the pharmacy benefit from CalOptima's DHCS Medi-Cal contract. The pharmacy benefit carve-out will be effective January 1, 2021 for all Managed Care Plans, including CalOptima.

Staff recommends ratification of the Kaiser Contract amendment to provide additional time to obtain DHCS's final guidance, and for the parties to reach agreement on the Amended and Restated Contract terms.

Fiscal Impact
The recommended action to ratify the amendment to the Kaiser Contract to extend the term through September 30, 2020, under the same terms and conditions, has no additional fiscal impact to the CalOptima FY 2020-21 Operating Budget approved by the Board on June 4, 2020.

Back to Agenda
Back to Item
Back to Item

Rationale for Recommendation

This extension will allow additional time to review and finalize Kaiser's FY 2020-21 Health Network contract.

.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 4, 2020
Regular Meeting of the CalOptima Board of Directors

Report Item

15. Consider Authorizing Extension and Amendments of the CalOptima Medi-Cal Full-Risk HMO, Shared-Risk, and Physician-Hospital Consortium Health Network Contracts

Contact

Michelle Laughlin, Executive Director Network Operations (714) 246-8400
Nancy Huang, Chief Financial Officer (714) 246-8400

Recommended Actions

Authorize the Chief Executive Officer (CEO), with the assistance of Legal Counsel, to amend the Medi-Cal Full-Risk Health Network HMO, Shared-Risk, and Physician-Hospital Consortium Health Network contracts to:

1. Extend the term through June 30, 2021;
2. Reflect adjustments in Health Network's capitation rates and add language reflecting that Directed Payments will be made pursuant to CalOptima Policy and Procedures effective July 1, 2020; and
3. Revise the Shared Risk program attachment in the Shared Risk group contracts to align with changes made to Policy FF.1010 related to the description of the Shared Risk budget.

Background/Discussion

CalOptima currently contracts with 12 health networks to provide care to CalOptima Medi-Cal members. The continued renewal of the contracts will support the stability of CalOptima's contracted provider network. CalOptima's current Medi-Cal Full-Risk HMO, Shared-Risk, and Physician-Hospital Consortium Health Network Contracts listed below will expire on June 30, 2020:

Full Risk HMO:
Heritage Provider Network, Inc.
Kaiser Foundation Health Plan, Inc.
Monarch Health Plan, Inc.
Prospect Health Plan, Inc.

Shared Risk:
AltaMed Health Services Corporation
ARTA Western California, Inc.
Orange County Physicians IPA Medical Group, Inc. dba Noble Community Medical Associates Inc. of Mid Orange County
Talbert Medical Group, P.C.
United Care Medical Group, Inc.

Physician-Hospital Consortium:
CHOC Physician's Network and Children's Hospital of Orange County
AMVI Care Health Network and Fountain Valley Regional Hospital and Medical Center
Family Choice Medical Group, Inc. and Fountain Valley Regional Hospital and Medical Center

Back to Item
Back to Agenda
Back to Item

Staff recommends extending the above Health Network contracts for one year, through June 30, 2021. Extension of the Heath Network contracts is essential to ensuring that members assigned to health networks have access to covered healthcare services.

Health Network Capitation Rate Adjustment

Medi-Cal Classic Rebasing: For all Health Network contracts, with the exception of Kaiser Foundation Health Plan, Inc., which is reimbursed according to specific terms set forth in a March 7, 2019 Board action, contract terms will reflect adjusted Medi-Cal Classic capitation rates effective July 1, 2020, following CalOptima's periodic rebasing process. Rebasing ensures capitation rates paid to our Health Network providers include appropriate reimbursement for medical and non-medical expenses.

Medi-Cal Expansion (MCE) Rates: In 2014, Medi-Cal eligibility was expanded to cover single, low-income individuals ages 19-64, known as Medi-Cal Expansion (MCE). The Department of Health Care Services (DHCS) provided additional funding to support newly eligible MCE members, a group separate from the Medi-Cal Classic member population. Due to the absence of any utilization information at the program's inception, capitation rates for MCE members were set based on assumed population risk from the beginning of the expansion to date.

For all Health Network contracts, with the exception of Kaiser Foundation Health Plan, Inc., which is reimbursed according to specific terms set forth in a March 7, 2019 Board action, contract terms will reflect adjusted Medi-Cal Expansion (MCE) capitation rates effective July 1, 2020. DHCS has applied multiple downward adjustments to CalOptima's MCE capitation rates due to a lower average acuity than first anticipated. As such, staff continues to analyze the appropriateness of MCE capitation rates paid to Health Networks. Based on an actuarial analysis of utilization data, additional reductions to MCE capitation rates are appropriate.

Over the course of the program, sufficient time has passed to compile reliable Chronic Disability Payment System (CDPS) diagnostic information necessary for risk adjustment. With the CDPS information now available to make determinations regarding acuity, staff proposes to amend the current Health Network contracts to adjust the MCE rate, either up or down, based on CDPS data. With margins being reduced, it is more important to implement risk adjustment to ensure capitation payments are commensurate with population acuity. Staff has provided notices to the Health Networks that their MCE capitation rate will be risk adjusted starting July 1, 2020.

OB Kick Payment Rate Increase: Per Policy FF.1005f, CalOptima has historically provided all Health Networks a supplemental payment for qualifying covered obstetric delivery services. The current rates, set in 2010 when the Maternity Kick Payment program began, are $793 for professional services and $4,451 for facility fees. For the new contract term, staff recommends authorization to increase these rates to $900 for professional services and $5,000 for facility fees for all Health Networks, with the exception of Kaiser Health Plan, Inc. which is being reimbursed according to the terms set forth in a March 7, 2019 Board Action.

Directed Payments

Periodically CalOptima is required through DHCS or CMS guidance to make statutorily mandated retrospective payments to its Health Networks. These payments are typically based on DHCS programs, including Proposition 56 and the Quality Assurance Fee (QAF) supplemental payments. In many cases these provider supplemental payments have been established and administered over multiple time periods and phases, sometimes across multiple years retrospectively, and often based on actual claims paid. Until now, CalOptima has made these DHCS- and CMS- defined supplemental payments to its health networks via contract amendment, as notification came down from the state or federal government. Given the ongoing nature of these payments – including those given under Proposition 56 - multiple amendments, retroactive contract terms, and subsequent timeliness concerns for payment to the impacted providers have been ongoing concerns. To mitigate this, staff recommends that moving forward, Directed Payments be administered according Policy & Procedure FF. 2011 ("Directed Payments"), which addresses Directed Payment programs listed below. Directed Payment is an add-on payment or minimum fee payment required by DHCS to be made to eligible providers for qualifying services (identified below) with specified dates of services, as prescribed by applicable DHCS All Plan Letter or other regulatory guidance and is inclusive of supplemental payments. As an alternative to requesting authority to amend these contracts on each individual occasion, Policy FF.2011 directs CalOptima to reimburse Health Networks for Direct Payments as they are mandated, pursuant to qualifying services being rendered, providing both policy and procedure guidelines.

Program Name	Effective DOS	Eligible Providers	Final DHCS Guidance
Physician Services	7/1/2017 to 12/31/2020	Contracted	APL 18-010 released 05/01/2018 APL 19-006 released 06/13/2019 APL 19-015 released 12/24/2019
Abortion Services (Hyde)	7/1/2017 to 6/30/2020	All Providers	APL 19-013 released 10/17/2019
Developmental Screening Services	On or after 1/1/2020	Contracted	APL 19-016 released 12/26/2019
ACE (Trauma) Screening Services	On or after 1/1/2020	Contracted	APL 19-018 released 12/26/2019
Ground Emergency Medical Transport (GEMT)*	7/1/2018 to 6/30/2019	Non-Contracted	APL 19-007 released 6/14/2019 APL 20-002 released January 31, 2020

**Directed Payments for GEMT Services are not applicable to Shared-Risk Group*

Staff anticipates that Policy FF.2011 will need to be updated periodically, subject to Board approval, as new Directed Payment programs are issued by DHCS.

Shared Risk Pool Revisions
Pursuant to a separate Board action, Staff has revised CalOptima Policy FF.1010: Shared Risk Pool to clarify language regarding the Shared Risk pool budget in relation to Coordination of Benefits (COB) recoveries. This revision clarifies that:

1) COB recoveries reduce expense but do not increase revenue; and

2) Since CalOptima is self-insured, reinsurance premium will no longer be allocated to the risk pool.

Fiscal Impact
The recommended actions to enter into amended Medi-Cal Health Network contracts to extend through June 30, 2021, add language reflecting changes to how the Directed Payments are handled, and align Shared Risk group contracts with revisions to CalOptima Policy FF.1010 are not expected to have a fiscal impact.

Costs associated with the recommended action to adjust capitation rates for these contracts, with the exception of Kaiser Foundation Health Plan, Inc., have been included in the proposed CalOptima Fiscal Year (FY) 2020-21 Operating Budget pending Board approval. These proposed changes represent an approximately 2.0% overall reduction in Medi-Cal Classic health network capitation payments, projected at an estimated $8 million in FY 2020-21. In addition, the budget proposes an overall reduction of 7% to the MCE Professional capitation rate and a reduction of 14% to the MCE Hospital capitation rate. Aggregate decreases to MCE Professional capitation expenses and associated shared risk pools are projected to be $50 million in FY 2020-21.

Rationale for Recommendation
CalOptima staff recommends this action to maintain and continue the contractual relationship with the provider network and to fulfill regulatory and CalOptima policy requirements.

Concurrence
Gary Crockett, Chief Counsel

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 6, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

26. Consider Authorizing Amended and Restated Medi-Cal Full Risk Health Network Contract for Heritage Provider Network, Inc., Monarch Health Plan, Inc., and Prospect Health Plan, Inc. to Incorporate Changes Related to Department of Health Care Services Regulatory Guidance and Amend Capitation Rates

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400
Nancy Huang, Interim Chief Financial Officer, (714) 246-8400

Recommended Actions

Authorize the Chief Executive Officer (CEO), with the assistance of Legal Counsel, to enter into Amended and Restated Full Risk Health Network Contracts with Heritage Provider Network, Inc., Monarch Health Plan, Inc., and Prospect Health Plan, Inc. effective July 1, 2019 date that address the following:

a) Changes to reflect requirements as set forth in the California Department of Health Care Services (DHCS) All Plan Letter (APL) 19-001, Medi-Cal Managed Care Health Plan Guidance on Network Provider Status, as well as other relevant statutory, regulatory, and/or contractual requirements;
b) Amended capitation rates for assigned members effective July 1, 2019 to the extent authorized by the Board in a separate Board action;

Background/Discussion

On December 6, 2018, the Board authorized extension of CalOptima's Medi-Cal Health Network contracts to June 30, 2020. In the interim, there have been numerous initiatives, APLs, and other regulatory updates which necessitate the revision of contract terms. Additionally, the Health Network contracts have been amended numerous times over the years reflecting program, compensation and/or regulatory changes and these changes need to be incorporated in a master template contract. At this time, Staff requests authority to issue an amended and restated Health Network contract incorporating previously approved amendments, changes to address regulatory guidance and amended capitation rates.

In 2016, the Center for Medicare & Medicaid Services (CMS) released a comprehensive revision of the federal Medicaid managed care and Child Health Insurance program (CHIP) regulations. The intent of the regulations is to align the managed care requirements of Medicaid with those for Medicare. As specified in the contract with DHCS, CalOptima is required to incorporate some of the revised regulations into CalOptima's contracts with Health Networks. On January 17, 2019, DHCS issued APL 19-001 that identified the provisions that must be included in network provider contracts to meet state and federal contracting requirements.

In addition to the changes to the contract terms reflected in APL 19-001, Staff has incorporated additional statutory, regulatory and contractual revisions which include, but are not limited to:

Back to Item
Back to Agenda
Back to Item

emergency services notification requirements; Government Claims Act specifications; and, document and data submissions certification obligations.

The budget for Fiscal Year (FY) 2019-20 reflects a decrease in Medi-Cal Expansion (MCE) revenue and an increase in Medi-Cal classic. Capitation reimbursement levels paid by CalOptima to providers for the MCE population is higher than levels that are supported by cost and utilization data. This fact coupled with the reduction in revenue from DHCS has resulted in decreases to the MCE capitation rates for the Health Networks. For the Medi-Cal Classic population Staff recommends an increase to both Professional and Hospital capitation for Adult TANF and SPD members. The amended and restated contract reflects revised capitation rates effective July 1, 2019 to the extent authorized by the Board in a separate Board action.

Fiscal Impact

The recommended action to enter into amended and restated Medi-Cal Health Network contracts to comply with requirements in DHCS APL 19-001, and other relevant statutory, regulatory, and/or contractual requirements is not expected to have a fiscal impact.

Costs associated with the recommended action to revise capitation rates for these contracts have been included in the proposed CalOptima FY 2019-20 Operating Budget pending Board approval. The budget includes proposed increases of 4% to the Adult Temporary Assistance for Needy Families (TANF) and seniors and persons with disabilities (SPD) Professional capitation rates and 6% to the Adult TANF and SPD Hospital capitation rates. The increases total approximately $7.5 million in FY 2019-20.

In addition, the budget proposes a reduction of 8% to the MCE Professional capitation rate and a reduction of 21% to the MCE Hospital capitation rate. Aggregate decreases to MCE capitation expenses and associated shared risk pools are projected to be $95 million in FY 2019-20.

Rationale for Recommendation

CalOptima staff recommends these actions to fulfill regulatory requirements.

ALL PLAN LETTER 19-001

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS

SUBJECT: MEDI-CAL MANAGED CARE HEALTH PLAN GUIDANCE ON NETWORK PROVIDER STATUS

PURPOSE:
The purpose of this All Plan Letter (APL) is to provide guidance to Medi-Cal managed care health plans (MCPs) regarding how the Department of Health Care Services (DHCS) evaluates Network Provider status in order to promote consistency between federal regulations, Medi-Cal managed care contracts, state law, APLs, and similar instructions. It is the general intention of DHCS to apply this policy related to Network Provider contracting requirements in a standardized manner, to the extent appropriate, across relevant contexts, including MCP Network Provider and Subcontractor agreements, provider directory reporting, network adequacy certification, and directed payments pursuant to Title 42 of the Code of Federal Regulations (CFR) Section 438.6(c).[1]

BACKGROUND:
In May 2016, the Centers for Medicare and Medicaid Services (CMS) released the Final Rule in the Federal Register applicable to Medicaid managed care programs (Final Rule).[2] The Final Rule did not eliminate or weaken any of the existing requirements found in the current Medi-Cal managed care contract, but rather updated the managed care regulations to include new and expanded requirements for MCP Subcontractors and separately defined Network Providers.[3] In implementing the Final Rule, DHCS submitted contract amendments to CMS to bring its existing provisions related to "Subcontracts" into compliance with the new and more stringent federal requirements.[4] As of now, and consistent with historical practice and Title 22 of the California Code of

[4] Note that references to contract provisions in this document reflect changes made by the 2017 Final Rule amendment (identified as Package 42, an updated version of which was shared with MCPs in January 2018). To date the amendment is pending approval by CMS, and is anticipated to be finalized with minimal changes.

Regulations (CCR) Section 53250,[5] DHCS is maintaining uniformity to the extent appropriate with respect to the requirements for all "Subcontracts," regardless of whether the agreement is between an MCP and an entity defined as a "Subcontractor" or "Network Provider" under 42 CFR Section 438.2.[6]

While the guidance in this APL on how DHCS will evaluate compliance is prospective, many of these obligations were imposed as of July 1, 2017, in accordance with the Final Rule.

Additional guidance on what constitutes an eligible Network Provider for directed payment programs is set forth on the DHCS Directed Payments web page.[7]

POLICY:

I. **Required Characteristics of Network Providers**
Effective on or after July 1, 2019, a Network Provider, as defined in 42 CFR Section 438.2 and the Medi-Cal managed care contract in Exhibit E, Attachment 1, Definitions, must:

1. Have an executed written Network Provider Agreement with the MCP or a Subcontractor of the MCP that meets all the requirements set forth in Attachment A of to this APL;
2. Be enrolled in accordance with APL 17-019,[8] the Medi-Cal Managed Care Provider Enrollment Frequently Asked Questions (FAQ) document, or any subsequent APL or FAQ update on the topic, unless enrollment is not required as specified by DHCS;
3. Be reported on the MCP's 274 file submitted to DHCS, for all applicable filings, in accordance with APL 16-019 or any subsequent APL on the topic and the most recent DHCS 274 Companion Guide; and

---

[5] The CCR is searchable at: https://govt.westlaw.com/calregs/Search/Index
[6] The Medi-Cal managed care contract defines the term Subcontract to include both Subcontractors and Network Providers (as those terms are defined under 42 CFR Section 438.2), and all requirements listed in Paragraph B of Provision 14 of Exhibit A, Attachment 6 apply to Network Providers. A provider may maintain Network Provider status without an agreement directly with an MCP, if they are connected through a series of Subcontracts, so long as those Subcontracts also meet all applicable state and federal law and contract requirements as well as DHCS guidance, including all applicable APLs and Policy Letters (PLs), in particular, but not limited to, those requirements in Exhibit A, Attachment 6, Provision 14 and APL 17-004 (or any subsequent APL on the topic). That chain of Subcontracts may include an entity that is also a Network Provider, who, as a result of taking on an administrative function of contracting for care (and not providing that care itself), also meets the definition of a "Subcontractor."
[7] The DHCS directed payment web page is available at: https://www.dhcs.ca.gov/services/Pages/DirectedPymts.aspx
[8] APLs are available at: https://www.dhcs.ca.gov/formsandpubs/Pages/AllPlanLetters.aspx

4. Be included on all network adequacy filings that occur within the effective dates of the written Network Provider Agreement, in accordance with APL 18-005, or any subsequent APL on the topic, following the execution of the agreement. This does not automatically require the provider to be listed on a provider directory, nor does it require the inclusion of a Network Provider on network adequacy filings if such inclusion would be inappropriate due to timing or other circumstances, as discussed in APL 18-005.

For contract/rating periods commencing on or after July 1, 2019, when DHCS references Network Providers in guidance, information, instruction, or communications, it will refer to providers who meet the criteria outlined in this APL, unless expressly noted otherwise. MCPs must use the guidance provided in this APL and the checklist provided in Attachment A to update current Network Provider Agreement boilerplates for compliance before submitting to DHCS for review and approval. Note that this APL, including its attachment, is not an exhaustive list of all MCP duties related to Network Providers, and it is not intended to alter or limit an MCP's statutory and/or contractual obligations, nor does it limit an MCP's oversight obligations. MCPs are responsible for complying with all applicable state and federal law and contract requirements as well as DHCS guidance, including all applicable APLs and PLs.

A provider that does not meet the criteria for a Network Provider shall not be reported on the 274 file or as part of the MCP's network adequacy filings.

II. Written Network Provider Agreement Requirements

In order to ensure alignment with the DHCS criteria for Network Providers across applicable settings, all MCPs must ensure that their Network Provider Agreements comply with current and applicable Medi-Cal managed care contract requirements.

In accordance with the current Medi-Cal managed care contracts and 22 CCR Section 53250, all Network Provider Agreement boilerplates must be submitted to DHCS for review and approval before use. A checklist of the required elements for these agreements is included as Attachment A of this APL. Where an MCP's relationship with a Network Provider includes one or more sub-delegated entities or a hospital to hospital agreement, each Subcontractor agreement that links the MCP to the Network Provider must also comply with all applicable state and federal law and contract requirements as well as DHCS guidance, including all applicable APLs and PLs, in particular, but not limited to, those in Exhibit A, Attachment 6, Provision 14 and APL 17-004 (or any subsequent APL on the topic).

III. DHCS Review and Approval of Network Provider Agreement Boilerplate Compliance

As stated above, MCPs are required to submit Network Provider Agreement boilerplates that have been updated in accordance with the requirements in this APL to DHCS for review and approval prior to use. MCPs are also responsible for complying with all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including APLs and PLs, as they relate to Network Provider requirements and Network Provider Agreements.

MCPs will have 60 days from the release date of this APL to submit updated Network Provider Agreement boilerplates for hospital providers and 120 days from the release date of this APL to submit updated Network Provider Agreement boilerplates for non-hospital providers to their DHCS contract manager.

The timing for DHCS to review these Network Provider Agreement boilerplates will follow the current 60-day review timing requirements as outlined in the Medi-Cal managed care contract under Exhibit E, Attachment 3, Duties of the State, DHCS Approval Process.

If an MCP has a timing issue that would require a Network Provider Agreement boilerplate to be approved for use by DHCS sooner than the 60-day review period would allow, the MCP must notify its DHCS Contract Manager to arrange an alternate timing agreement.

IV. Directed Payment Impacts

All MCPs must comply with the terms of all directed payments approved by CMS in accordance with 42 CFR Section 438.6(c), as documented in CMS-approved preprints, state law, and/or as implemented by DHCS through APL or other similar guidance. All such guidance is available at the DHCS Directed Payments web page. If a Network Provider Agreement does not meet the Network Provider criteria set forth in this APL and/or in DHCS guidance regarding directed payments, the services provided under that agreement will not be eligible for directed payments for rating periods commencing on or after July 1, 2019. For pooled directed payments where DHCS retrospectively calculates final payments based on the actual reported utilization of eligible services, MCPs must continue to provide supplemental encounter/service-level data, in a manner and at times specified by DHCS. This information will aid in identifying the subset of services provided under a Network Provider Agreement that meet the Network Provider criteria set forth in this APL and/or in DHCS guidance regarding directed payments.

MCPs are responsible for ensuring that their delegates comply with all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including APLs and PLs. These requirements must be communicated by each MCP to all delegated entities and subcontractors.

If you have any questions regarding this APL, please contact your Managed Care Operations Division Contract Manager.

Sincerely,

Original signed by Nathan Nau

Nathan Nau, Chief
Managed Care Quality and Monitoring Division

ALL PLAN LETTER 19-001
Attachment A

Attachment A: Network Provider Agreement Boilerplate Checklist

This Attachment establishes a checklist for MCPs to use in connection with their development of Network Provider Agreement templates. It is not intended to alter or limit an MCP's statutory and/or contractual obligations, nor does it limit an MCP's oversight obligations. MCPs are responsible for complying with all applicable state and federal law and contract requirements as well as DHCS guidance, including all applicable All Plan Letters and Policy Letters.

Network Provider Agreements must contain:	
1	Specification of the services to be provided by the Network Provider. Citation: Managed Care Plan Contract (MCP Contract), Exhibit A, Attachment 6, Provision 14.B.1 and Title 22, CCR, Sections 53250(c)(1) and 53867.[1]
2	Specification that the Network Provider Agreement must be governed by and construed in accordance with all laws and applicable regulations governing the Contract between Contractor and DHCS. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.2 and Title 22, CCR, Sections 53250(c)(2) and 53867.
3	Specification that the Network Provider Agreement or its amendments will become effective only as set forth in Exhibit A, Attachment 6, Provision 13.C. Departmental Approval – Non-Federally Qualified HMOs, or 13.D, Departmental Approval – Federally Qualified HMOs. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.3 and Title 22, CCR, Sections 53250(c)(3) and 53867.
4	Specification of the term of the Network Provider Agreement, including beginning and ending dates, methods of extension, renegotiation, and termination. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.4 and Title 22, CCR, Sections 53250(c)(4) and 53867.
5	Language comparable to Exhibit A, Attachment 8, Provision 13. Contracting & Non-Contracting Emergency Service Providers & Post-Stabilization, for those Network Providers at risk for non-contracting emergency services. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.5.
6	Network Provider's agreement to submit reports as required by Contractor. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.6, Exhibit A, Attachment 3, Provision 2.C and 2.G, and Title 22, CCR, Sections 53250(c)(5) and 53867.

[1] Note that references to contract provisions in this document reflect changes made by the 2017 Final Rule amendment (identified as Package 42, an updated version of which was shared with MCPs in January 2018). To date, the amendment is pending approval by CMS and is anticipated to be finalized with minimal changes.

7	Specification that the Network Provider must comply with all monitoring provisions of the MCPs' contracts and any monitoring requests by DHCS. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.7, 42 CFR 438.3(h), and Title 22, CCR, Sections 53250(e)(1) and 53867.
8	Network Provider's agreement to make all of its premises, facilities, equipment, books, records, contracts, computer and other electronic systems pertaining to the goods and services furnished under the terms of the Network Provider Agreement, available for the purpose of an audit, inspection, evaluation, examination or copying, including but not limited to Access Requirements and State's Right to Monitor, as set forth in Exhibit E, Attachment 2, Provision 20. Inspection Rights: a) By DHCS, CMS, Department of Health and Human Services (DHHS) Inspector General, the Comptroller General, Department of Justice (DOJ), and Department of Managed Health Care (DMHC), or their designees. b) At all reasonable times at the Network Provider's place of business or at such other mutually agreeable location in California. c) In a form maintained in accordance with the general standards applicable to such book or record keeping. d) For a term of at least ten (10) years from the final date of the Contract period or from the date of completion of any audit, whichever is later. e) Including all Encounter Data for a period of at least ten (10) years. f) If DHCS, CMS, or the DHHS Inspector General determines there is a reasonable possibility of fraud or similar risk, DHCS, CMS, or the DHHS Inspector General may inspect, evaluate, and audit the Network Provider at any time. g) Upon resolution of a full investigation of fraud, DHCS reserves the right to suspend or terminate the Network Provider from participation in the Medi-Cal program; seek recovery of payments made to the Network Provider; impose other sanctions provided under the State Plan, and direct Contractor to terminate their Network Provider Agreement due to fraud. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.8, Exhibit E, Attachment 2, Provision 20, and 42 CFR 438.3(h).

9	Full disclosure of the method and amount of compensation or other consideration to be received by the Network Provider. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.9 and Title 22, CCR, Sections 53250(e)(2) and 53867.
10	Network Provider's agreement to maintain and make available to DHCS, upon request, copies of all sub-subcontracts and to ensure that all sub-subcontracts are in writing and require that the Network Provider: a) Make all premises, facilities, equipment, applicable books, records, contracts, computer, or other electronic systems related to this Contract, available at all reasonable times for audit, inspection, examination, or copying by DHCS, CMS, or the DHHS Inspector General, the Comptroller General, DOJ, and DMHC, or their designees. b) Retain such books and all records and documents for a term minimum of at least ten (10) years from the final date of the Contract period or from the date of completion of any audit, whichever is later. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.10.
11	Network Provider's agreement to assist Contractor in the transfer of care pursuant to Exhibit E, Attachment 2, Provision 14. Phase out Requirements, Subparagraph B in the event of contract termination. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.11.
12	Network Provider's agreement to assist Contractor in the transfer of care in the event of sub-subcontract termination for any reason. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.12.
13	Network Provider's agreement to notify DHCS in the event the agreement with the Contractor is amended or terminated. Notice is considered given when properly addressed and deposited in the United States Postal Service as first-class registered mail, postage attached. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.13 and Title 22, CCR, Sections 53250(e)(4) and 53867.
14	Network Provider's agreement that assignment or delegation of the Network Provider Agreement or Subcontract will be void unless prior written approval is obtained from DHCS. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.14 and Title 22, CCR, Sections 53250(e)(5) and 53867.
15	Network Provider's agreement to hold harmless both the State and Members in the event Contractor cannot or will not pay for services performed by the Network Provider pursuant to the Network Provider Agreement. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.15 and Title 22, CCR, Sections 53250(e)(6) and 53867.

16	Network Provider's agreement to timely gather, preserve and provide to DHCS, any records in the Network Provider's possession, in accordance with Exhibit E, Attachment 2, Provision 24. Records Related to Recovery for Litigation. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.16.
17	Network Provider's agreement to provide interpreter services for Members at all Provider sites. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.17.
18	Network Provider's right to submit a grievance and Contractor's formal process to resolve Provider Grievances. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.18.
19	Network Provider's agreement to participate and cooperate in Contractor's Quality Improvement System. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.19.
20	If Contractor delegates Quality Improvement activities, the Network Provider Agreement must include those provisions stipulated in Exhibit A, Attachment 4, Provision 6. Delegation of Quality Improvement Activities. Contractor and delegated entity (Network Provider) must include in their Network Provider Agreement, at minimum: 1) Quality improvement responsibilities, and specific delegated functions and activities of the Contractor and Network Provider. 2) Contractor's oversight, monitoring, and evaluation processes and Network Provider's agreement to such processes. 3) Contractor's reporting requirements and approval processes. The agreement must include Network Provider's responsibility to report findings and actions taken as a result of the quality improvement activities at least quarterly. 4) Contractor's actions/remedies if Network Provider's obligations are not met. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.20 and Exhibit A, Attachment 4, Provision 6.A.
21	Network Provider's agreement to comply with all applicable requirements of the DHCS, Medi-Cal Managed Care Program. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.21.
22	Network Provider's agreement to revoke the delegation of activities or obligations, or specify other remedies in instances where DHCS or Contractor determine that the Network Provider has not performed satisfactorily. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.22, 42 CFR 438.230(c)(iii), and Title 22, CCR, Sections 53250 and 53867.

23	To the extent that the Network Provider is responsible for the coordination of care for Members, Contractor's agreement to share with the Network Provider any utilization data that DHCS has provided to Contractor, and the Network Provider's agreement to receive the utilization data provided and use it as the Network Provider is able for the purpose of Member care coordination. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.23 and 42 CFR 438.208.
24	Contractor's agreement to inform the Network Provider of prospective requirements added by DHCS to Contractor's Contract with DHCS before the requirement would be effective, and Network Provider's agreement to comply with the new requirements within 30 days of the effective date, unless otherwise instructed by DHCS and to the extent possible. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.24.
25	A provision requiring Network Providers to submit to Contractor complete, accurate, reasonable, and timely provider data needed by Contractor in order for Contractor to meet its provider data reporting requirements to DHCS. Citation: MCP Contract, Exhibit A, Attachment 3, Provision 1; APL 16-019, and any subsequent updates.
26	A provision requiring Network Providers to submit to Contractor complete, accurate, reasonable, and timely Encounter Data needed by Contractor in order for Contractor to meet its encounter data reporting requirements to DHCS. Citation: MCP Contract, Exhibit A, Attachment 3, Provisions 2.C and 2.G.; APL 14-019, and any subsequent updates.
27	A provision prohibiting Network Providers from balance billing a Medi-Cal member. Citation: MCP Contract, Exhibit A, Attachment 8, Provision 6.
28	A provision stating that Contractor will provide cultural competency, sensitivity, and diversity training. Citation: MCP Contract, Exhibit A, Attachment 9, Provision 13.E.
29	A provision confirming a Network Provider's right to access Contractor's dispute resolution mechanism. Citation: Health & Safety Code §1367 (h)(1).
30	A provision requiring that Network Providers comply with language assistance standards developed pursuant to Health & Safety Code §1367.04.
31	A provision confirming that Network Providers are entitled to all protections afforded them under the Health Care Providers' Bill of Rights. Citation: Health & Safety Code §1375.7

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken December 6, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item

8. Consider Authorizing Amendments to the Health Network Medi-Cal Contracts and Policies and Procedures to Align with the Anticipated Whole-Child Model Implementation Date

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400

Recommended Actions

1. Authorize the Chief Executive Officer (CEO) to enter into amendments of the Medi-Cal health network contracts, with the assistance of Legal Counsel, to:
    a. Postpone the payment of capitation for the Whole-Child Model (WCM) until the new program implementation date of July 1, 2019 or the Department of Health Care Services (DHCS)-approved commencement date of the CalOptima WCM program, whichever is later;
    b. Authorize the continued payment to fund the Personal Care Coordinators at existing levels for WCM members for the period January 1, 2019 - June 30, 2019;
    c. Extend the health network contracts to June 30, 2020, with CalOptima retaining the right to implement rate changes, whether upward or downward, based on rate changes implemented by the State; and
2. Authorize modification of existing WCM-related Policies and Procedures to be consistent with the DHCS-approved commencement date of the CalOptima WCM program.

Background

The California Children's Services (CCS) Program is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children (to age 21) meeting financial and health condition eligibility criteria. On September 25, 2016, Governor Brown signed Senate Bill (SB) 586 into law, which authorizes the California Department of Health Care Services (DHCS) to incorporate CCS services into Medi-Cal managed care plan (MCP) contracts for county organized health systems (COHS). This transition is referred to as the WCM program. WCM's goals include improving coordination and integration of services to meet the needs of the whole child, retaining CCS program standards, supporting active family participation, and maintaining member-provider relationships, where possible.

DHCS is implementing the WCM program on a phased-in basis, with implementation for Orange County originally scheduled to begin no sooner than January 1, 2019. On that date, CalOptima was to assume financial responsibility for the authorization and payment of CCS-eligible medical services, including service authorizations activities, claims management (with some exceptions), case management, and quality oversight.

Back to Item
Back to Agenda
Back to Item

To that end, CalOptima has been working with the DHCS to define and meet the requirements of implementation. Of importance to the DHCS, is the sufficiency of the contracted CCS-paneled providers to serve members with CCS-eligible conditions and the assurance that all members have access to these providers. On November 9, the State notified CalOptima that the transition of the Whole-Child Model in Orange County will be delayed until DHCS approved commencement date of the CalOptima WCM program, currently anticipated for July 1, 2019.

The State has determined that additional time is needed to plan the transition of the CCS membership due to the large number of members with CCS eligible conditions and the complexities associated the delegated delivery model. With nearly 13,000 members with CCS eligible conditions, CalOptima has the largest membership transitioning to WCM.

The health network contracts currently expire on June 30, 2019, which is prior to the currently targeted implementation date for the WCM. These contracts are typically extended on a year-to-year basis after the Board has approved an extension. The health networks each sign amendments reflecting any new terms and conditions. The currently anticipated July 1, 2019 effective date coincides with the start of the State's fiscal year and the amendment includes modification to capitation rates, if applicable, based on changes from DHCS, and any regulatory and other changes as necessary. The State typically provides rates to CalOptima in April or May, which is close to the start of the next fiscal year. The timing has made it difficult to analyze, present, vet and receive signed amendments from health networks prior to the beginning of the next year.

Discussion

In anticipation of the original January 1, 2019 WCM program implementation, staff issued health network amendments specifying the terms of participation in the WCM program. The amendment includes CalOptima's responsibility to pay WCM capitation rates effective January 1, 2019. With the delay in implementation of the WCM for six months, staff requests authority to amend the health network contracts such that the obligation to pay capitation rates for WCM services will take effect with the new anticipated commencement date to be approved by the state, currently anticipated to be July 1, 2019. WCM related policy and procedures will also be updated to reflect the new implementation date.

In addition, the Board authorized the funding the health networks for Personal Care Coordinators (PCC) for members with CCS eligible conditions. The payment for the PCCs began in October 2018 to the health networks to hire and train coordinators prior to the then anticipated program implementation date of January 1, 2019. Most of the health networks have hired the coordinators in anticipation of the original effective date. Because the late notification of the delay in the WCM start date in Orange County, and the health networks commitment to hire staff, staff recommends that the funding be continued at the prescribed level until the beginning of the program. At that time, the funding will be adjusted, to reflect the quality of the services provided by the health networks.

As noted above, health network contracts currently are set to terminate on June 30, 2019, which is prior to the anticipated commencement date of the CalOptima WCM program. In order to obtain health network commitment to the WCM program and allow the networks to adequately review and comment

on any changes to the contracts for the next fiscal year, staff is asking for authority to extend the contracts through June 30, 2020. Staff also requests the authority to amend the health network contracts to adjust capitation rates retroactively to the DHCS-approved commencement date of the CalOptima WCM program once the State rates have been received and analyzed.

Fiscal Impact

The Fiscal Year (FY) 2018-19 Operating Budget approved by the Board on June 7, 2018, included revenues, medical expenses and administrative expenses with an anticipated implementation date of January 1, 2019. Due to the delayed implementation date, WCM program revenues and expenses, with the exception of start-up and PCC costs, are currently expected to begin on July 1, 2019. Therefore, the recommended action to postpone the capitation payments for the WCM program until the new implementation date of July 1, 2019, is expected to be budget neutral.

The fiscal impact of payments to PCCs at existing levels for WCM members for the period of January 1, 2019, through June 30, 2019, is projected at $672,000. Management anticipates that the fiscal impact of the total start-up and PCC costs related to the WCM program through June 30, 2019, are budgeted and will have no additional fiscal impact to the Medi-Cal operating budget.

The recommended action to extend health network contracts to June 30, 2020, is budget neutral for the remainder of FY 2018-19. Management will include any associated expenses related to the contract extensions in the FY 2019-20 Operating Budget.

Rationale for Recommendation

The recommended action will clarify and facilitate the implementation of the Whole Child Model effective upon the DHCS-approved commencement date of the CalOptima WCM program, currently anticipated to be July 1, 2019. This will also allow the health networks adequate time to review and analyze any changes to the contract which may be required.

Concurrence

Gary Crockett, Chief Counsel

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken August 2, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item

5. Consider Authorizing Amendment of the CalOptima Medi-Cal Physician Hospital Consortium Health Network Contracts for AMVI Care Health Network, Family Choice Network, and Fountain Valley Regional Medical Center

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400
Greg Hamblin, Chief Financial Officer, (714) 246-8400

Recommended Actions

Authorize the Chief Executive Officer (CEO), with the assistance of Legal Counsel. to enter into contract amendments of the Physician Hospital Consortium (PHC) health network contracts, for AMVI Care Health Network, Family Choice Network, and Fountain Valley Regional Medical Center to:

1. Modify the rebased capitation rates for the Medi-Cal Classic population, effective January 1, 2019, as authorized in a separate Board action;
2. Modify capitation rates effective January 1, 2019, to include rates associated with the Whole Child Model program to the extent authorized by the Board of Directors in a separate Board action;
3. Amend the contract terms to reflect applicable regulatory changes and other requirements associated with the Whole-Child Model (WCM); and
4. Extend contracts through June 30, 2019.

Background

CalOptima pays its health networks according to the same schedule of capitation rates, which are adjusted by Medi-Cal aid category, gender and age. The actuarial cost model, upon which the rates are based, was developed by consultant Milliman Inc. utilizing encounter and claims data. CalOptima periodically increases or decreases the capitation rates to account for increases or decreases in capitation rates from the Department of Health Care Services (DHCS) or to account for additional services to be provided by the health networks. An example of this is the recent capitation rate change to account for the transition of the payment of Child Health Disability Program (CHDP) services from CalOptima to the health networks.

It is incumbent on CalOptima to periodically review the actuarial cost model to ensure that the rate methodology, and the resulting capitation rates, continue to allocate fiscal resources commensurate with the level of medical needs of the populations served. This review and adjustment of capitation rates is referred to as rebasing. Staff has worked with Milliman Inc. to develop a standardized rebasing methodology that was previously adopted and approved by CalOptima and the provider community.

The California Children's Services (CCS) Program is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children (to age 21) meeting financial and health condition eligibility criteria. On September 25, 2016, Governor Brown signed

Senate Bill 586 into law, which authorizes DHCS to incorporate CCS services into Medi-Cal Managed Care Plan (MCP) contracts for county organized health systems (COHS). This transition is referred to as the Whole-Child Model (WCM). WCM's goals include: improving coordination and integration of services to meet the needs of the whole child; retaining CCS program standards; supporting active family participation; and maintaining member-provider relationships where possible.

DHCS is implementing WCM on a phased basis; Orange County's implementation will be no sooner than January 1, 2019. Based on this schedule, CalOptima will assume responsibility for authorization and payment of CCS-eligible medical services including service authorization activities, claims (with some exceptions), case management, and quality oversight. At the June 7, 2018 Board meeting, staff received authority to proceed with several actions related to the WCM program including carving CCS services into the health network contract.

At the June 7, 2018 Board meeting, the Board of Directors authorized the extension of the health network contracts through December 31, 2018. The six-month extension, as opposed to the normal one-year extension, was made to allow staff to review, adjust and vet capitation rates and requirements associated with the transition of the CCS program from the State and County to CalOptima and the complete the capitation rate rebasing initiative. Both of these program changes are effective January 1, 2019.

Discussion

Rebasing: CalOptima last performed a comprehensive rate rebasing in 2009. The goal of rebasing is to develop actuarially sound capitation rates that properly aligns capitation payments to a provider's delegated risks. To ensure that providers are accurately and sufficiently compensated, rebasing should be performed on a periodic basis to account for any material changes to medical costs and utilization patterns. To that end, staff has been working with Milliman Inc. to analyze claims utilization data and establish updated capitation rates that reflect more current experience. As proposed, only professional and hospital capitation rates for the Medi-Cal Classic population are being updated through this rebasing effort. Staff requests authority to amend the health network contracts to reflect the new rebased capitation rates effective January 1, 2019.

WCM: To ensure adequate revenue is provided to support the WCM program, CalOptima will develop actuarially sound capitation rates that are consistent with the projected risks that will be delegated to capitated health networks and hospitals. CalOptima also recognizes that medical costs for CCS members can be highly variable and volatile, possibly resulting in material cost differences between different periods and among different providers. To mitigate these financial risks and ensure that networks will receive sufficient and timely compensation, management proposes that CalOptima implement two retrospective reimbursement mechanisms: (1) Interim reimbursement for catastrophic cases; and (2) Retrospective risk corridor.

WCM incorporates requirements from SB 586 and CCS into Medi-Cal Managed Care. Many of these WCM requirements will include new requirements for the health networks. Included is the requirement that the health networks will be required to use CCS paneled providers and facilities to treat children and youth for their CCS condition. Continuity of care provisions and minimum provider rate requirements (unless provider has agreed to different rates with health network) are also among the health network requirements.

Staff requests authority to incorporate the WCM rates and requirements into the health network contracts.

Extension of the Contract Term. Staff requests authority to amend the Medi-Cal contracts to extend the contracts through June 30, 2019.

Fiscal Impact

The recommended action to modify capitation rates, effective January 1, 2019, associated with rebasing is projected to be budget neutral to CalOptima. The rebased capitation rates are not projected to materially change CalOptima's aggregate capitation expenses. Management has included expenses associated with rebased capitation rates in the CalOptima FY 2018-19 Operating Budget approved by the Board on June 7, 2018.

The recommended action to amend health network contracts, effective January 1, 2019, to include rates associated with the WCM program is a budgeted item. Management has included projected revenues and expenses associated with the WCM program in the CalOptima FY 2018-19 Operating Budget approved by the Board on June 7, 2018. Based on draft capitation rates received from DHCS on April 27, 2018, staff estimates the total annual WCM program costs at approximately $274 million. However, given the high acuity and medical utilization associated with a relatively small CCS population, costs for the program are difficult to predict and likely to be highly volatile. CalOptima staff will continue to work closely with DHCS to ensure that Medi-Cal revenue will be sufficient to support the WCM program.

Rationale for Recommendation

CalOptima staff recommends these actions to: reflect changes in rates and responsibilities in accordance with the CalOptima delegated model; to maintain and continue the contractual relationship with the provider network; and to fulfill regulatory requirements.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 7, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item

45. Consider Actions Related to CalOptima's Whole-Child Model Program

Contact

Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Actions

1. Authorize CalOptima staff to develop an implementation plan to integrate California Children's Services into its Medi-Cal program in accordance with the Whole Child Model (WCM), and return to the Board for approval after developing draft policies, and completing additional analysis and modeling prior to implementation;
2. Authorize and direct the Chief Executive Officer (CEO), with assistance of Legal Counsel, to execute a Memorandum of Understanding (MOU) with Orange County Health Care Agency (OC HCA for coordination of care, information sharing and other actions to support WCM activities; and
3. In connection with development of the Whole Child Model Family Advisory Committee:
    a. Direct the CEO to adopt new Medi-Cal policy AA.1271: Whole Child Model Family Advisory Committee; and,
    b. Appoint the following ~~eleven~~ individuals to the Whole-Child Model Family Advisory Committee (WCM FAC) for one or two-year terms as indicated or until a successor is appointed, beginning July 1, 2018:

Rev. 6/7/2018

        i. Family Member Representatives:
            a) Maura Byron for a two-year term ending June 30, 2020;
            b) Melissa Hardaway for a one-year term ending June 30, 2019;
            c) Grace Leroy-Loge for a two-year term ending June 30, 2020;
            d) Pam Patterson for a one-year term ending June 30, 2019;
            e) Kristin Rogers for a two-year term ending June 30, 2020; and
            f) Malissa Watson for a one-year term ending June 30, 2019.
        ~~ii. Community Representatives:~~
            ~~a) Michael Arnot for a two-year term ending June 30, 2020;~~
            ~~b) Sandra Cortez-Schultz for a one-year term ending June 30, 2019;~~
            ~~c) Gabriela Huerta for a two-year term ending June 30, 2020; and~~
            ~~d) Diane Key for a one-year term ending June 30, 2019.~~

6/7/2018: Continued to future Board meeting.

Background

The California Children's Services (CCS) Program is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children (to age 21) meeting financial and health condition eligibility criteria. On September 25, 2016, Governor Brown signed Senate Bill 586 into law, which authorizes DHCS to incorporate CCS services into Medi-Cal managed care plan (MCP) contracts for county organized health systems (COHS). This transition is referred to as the Whole-Child Model (WCM). WCM's goals include improving coordination and

integration of services to meet the needs of the whole child; retaining CCS program standards; supporting active family participation; and, maintaining member-provider relationships, where possible.

DHCS is implementing WCM on a phased basis; Orange County's implementation will be no sooner than January 1, 2019. Based on this schedule, CalOptima will assume financial responsibility for authorization and payment of CCS-eligible medical services including service authorization activities, claims (with some exceptions), case management, and quality oversight. DHCS will retain responsibility for program oversight, CCS provider paneling, and claims payment for CCS eligible Neonatal Intensive Care Unit (NICU) services. OC HCA will remain responsible for CCS eligibility determination for all children and for CCS services for non-Medi-Cal members (e.g., those who exceed the Medi-Cal income thresholds and undocumented children who transition out of MCP when they turn 18). OC HCA will also remain responsible for Medical Therapy Program (MTP) services and the Pediatric Palliative Care Waiver.

WCM will incorporate requirements from SB 586 and CCS into the Medi-Cal managed care plans. New requirements under WCM will include, but not be limited to:

- Using CCS paneled providers and facilities to treat children and youth for their CCS condition, including network adequacy certification;
- Offering continuity of care (e.g., durable medical equipment, CCS paneled providers) to transitioning members;
- Paying CCS or Medi-Cal rates, whichever is higher, unless provider has agreed to a different contractual arrangement;
- Offering CCS services including out-of-network, out-of-area, and out-of-state, including Maintenance & Transportation (travel, food and lodging) to access CCS services;
- Executing Memorandum of Understanding with OC HCA to support coordination of services;
- Permitting selection of a CCS paneled specialist to serve as a CCS member's Primary Care Provider (PCP);
- Establishing Pediatric Health Risk Assessment (P-HRA), associated risk stratification, and individual care planning process;
- Establishing WCM clinical and member/family advisory committees; and,
- Reporting in accordance with WCM specific requirements.

For the requirements, CalOptima will rely on SB 586 and DHCS guidance provided through All Plan Letters (APL) and current and future CCS requirements published in the CCS Numbered Letters. Additional information will be provided in DHCS contact amendments, readiness requirements, and other regulatory releases.

On November 2, 2017, the CalOptima Board of Directors authorized establishment of the WCM FAC. The WCM FAC is comprised of eleven (11) voting seats.

1. Seven (7) to nine (9) seats shall be seats for family representatives, with a priority to family representatives (i.e., if qualifying family candidates are available, all nine (9) seats will be filled by family members). Family representatives will be in the following categories:
   a. Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
   b. CalOptima members age 18 - 21 who are current recipients of CCS services; or

   c. Current CalOptima members age of 21 and over who transitioned from CCS services.
2. Two (2) to four (4) of the seats shall represent the interests of children receiving CCS including
   a. Community-based organizations; or
   b. Consumer advocates.

While two (2) of the WCM-FAC's eleven (11) seats are designated for community-based organizations or consumer advocates, WCM-FAC candidates representing these two groups may be considered for up to two additional WCM-FAC seats in the event that there are not sufficient family representative candidates to fill the family seats.

Except for the initial appointments, WCM FAC members will serve two-year terms, with no limits on the number of terms a representative may serve, provided they meet applicable criteria. The initial appointment will be divided between one- and two-year terms to stagger reappointments. In the first year, five (5) committee member seats will be appointed for a one-year term and six (6) committee members seats will be appointed for two-year terms.

Discussion

Throughout the years, CalOptima staff has monitored regulatory and industry discussions on the possible transition of CCS services to the managed care plans, including participation in DHCS CCS stakeholder meetings. In 2013, the Health Plan of San Mateo, in partnership with the San Mateo County Health System, became the first CCS demonstration project under California's 1115 "Bridge to Reform" Waiver. In 2014, DHCS formally launched its stakeholder process for *CCS Redesign*, which later became known as the *Whole Child Model*.

CalOptima began meeting with OC HCA in early 2016 to learn about CCS and, more broadly, to share information about CalOptima programs supporting our mutual members. CalOptima conducted its first broad-based stakeholder meeting in March 2016 and launched its WCM stakeholder webpage in 2016. Since that time, CalOptima has shared WCM information and vetted its WCM implementation strategy with stakeholders at events and meetings hosted by CalOptima and others. In January 2018, CalOptima hosted a WCM event for local stakeholders that included presentations by DHCS and CalOptima leadership. Six (6) family-focused stakeholder meetings were held throughout the county in February 2018. CalOptima health networks and providers have also been engaged through Provider Advisory Committee meetings, Provider Associations, Health Network Joint Operations Meetings, and Health Network Forum Meetings. CalOptima has scheduled WCM-specific meetings with health networks to support the implementation and provide a venue for them to raise questions and concerns.

Implementation Plan Elements

Delivery Model

As CCS has been carved-out of CalOptima's Medi-Cal managed care plan contract with DHCS, it has similarly been carved-out of CalOptima's health network contracts. CalOptima considered several options for WCM service delivery including: 1) requiring all CCS participants to be enrolled in CalOptima's direct network (rather than a delegated health network); 2) retaining the current health network carve-out for CCS services, while allowing members to remain enrolled in a delegated health network; or, 3) carving CCS services into the health network division of financial responsibility (DOFR) consistent with their current contract model.

Requiring enrollment in CalOptima Direct could potentially break relationships with existing health network contracted providers and disrupt services for non-CCS conditions. Carving CCS services out of health network responsibility, while allowing members to remain assigned to a health network, would continue the siloed service delivery CCS children currently receive and, therefore, not maximize achievement of the "whole-child" goal. Carving the CCS services into the health networks according to the current health network contract models is most consistent with the WCM goals and existing delivery model structure. For purposes of this action, the CalOptima Community Network (CCN) would be considered a health network.

Health Network Financial Model
CalOptima has worked closely with the DHCS to ensure adequate Medi-Cal revenue to support the WCM and actuarially sound provider and health network rates. For the WCM, DHCS will establish capitation that will include CCS and non-CCS services. However, only limited historical CCS claims payment detail is available. In order to mitigate health network financial risk due to potentially costly outliers, CalOptima staff is considering, with the exception of Kaiser, to:

- Expand current policy that transitions clinical management and financial risk of CalOptima medical members diagnosed with hemophilia, in treatment for end stage renal disease (ESRD), or receiving an organ transplant from the health network to CCN to include Medi-Cal members under 21;
- Establish an estimated capitation rate, similar to the DHCS methodology, that includes CCS and non-CCS services and develop a medical loss ratio (MLR) risk corridor; and
- Modify existing or establish new policies related to payment of services for members enrolled in a shared risk group, reinsurance, health-based risk adjusted capitation payment, shared risk pool, and special payments for high-cost exclusions and out-of-state CCS services.

The estimated capitation rate for the health networks, excluding Kaiser, will be established based on known methodologies and data provided by DHCS. Capitation will include services based on the current health network structure and division of responsibility. Also built into the rates will be the requirement that at a minimum, the Medi-Cal or CCS fee-for-service rate, whichever is higher, will be utilized, unless an alternate payment methodology or rate is mutually agreed to by the CCS provider and the health network. CalOptima staff will review the capitation rate structure with the health networks once final rates are received from DHCS and analyzed by CalOptima staff. In the interim, CalOptima staff will develop, with input from the health networks, the upper and lower limits of the MLR risk corridor and reconciliation process. Current policy regarding high-cost medical exclusions will also be discussed. Separate discussions will occur with Kaiser, as its capitation rate structure is different than the other health networks. CalOptima staff will return to the Board with future recommendations, as required.

Clinical Operations
CalOptima will be responsible for providing CCS-specific case management, care coordination, provider referral, and service authorization to children with a CCS condition. CalOptima will conduct risk stratification, health risk assessment and care planning. For transitioning members, CalOptima will also be responsible for ensuring continuity of services, for example, CCS professional services, durable medical equipment and pharmacy.

While many services currently provided to children enrolled in CCS are covered by CalOptima for non-CCS conditions, the transition to WCM will incorporate new responsibilities to CalOptima including authorizing High-Risk Infant Follow-Up (HRIF), and NICU, and new benefits such as Cochlear implants Maintenance and Transportation services when applicable, to the child and/or family. Maintenance and Transportation services include meals, lodging, transportation, and other necessary costs (i.e. parking, tolls, etc.).

CalOptima will also be responsible for facilitating the transition of care between the County and CalOptima case management and following State requirements issued to the County, in the form of Numbered Letters, in regard to CCS administration and implementation. An example of this would be implementing the County's process for transitioning out of the program children currently enrolled in CCS but who will not be eligible once they turn twenty-one (21).

CalOptima may modify existing or establish new policies to implement WCM. These may include policies related to, for example, CCS comprehensive case management, risk stratification, health risk assessment, continuity of care, authorization for durable medical equipment (including wheelchairs) and pharmacy. CalOptima staff will return to the Board with future recommendations as required.

Provider Impact and Network Adequacy
The State requires plans, and their delegates, to have an adequate network of CCS-paneled and approved providers to serve to children enrolled in CCS. During the timeframe given for readiness and as an ongoing process, CalOptima will attempt to contract with as many CCS providers on the State-provided list and located in Orange County as possible. CalOptima is attempting to contract with all CCS providers in Orange County and specialized providers outside Orange County currently providing services to CalOptima members. Historically, CalOptima has paid, and expects to continue to pay, contracted CCS specialists an augmented rate to support participation and coordination of CalOptima and CCS services. This process is based on previous Board Action and reflected in Policy FF.1003: Payments for Covered Services Rendered to a Member of CalOptima Direct or a Member Enrolled in a Shared Risk Group.

CalOptima may modify existing or establish new policies to implement WCM. These may include policies related to, for example, access and availability standards, credentialing, primary care provider assignment, CalOptima staff will return to the Board with future recommendations as required.

<u>Memorandum of Understanding (MOU)</u>
Leveraging the DHCS WCM MOU template, CalOptima and OC HCA staff have worked in partnership to develop a new WCM MOU to reflect shared needs and to serve as the primary vehicle for ensuring collaboration between CalOptima and OC HCA in serving our joint CCS members. The MOU identifies each party's responsibilities and obligations based on their respective scope of responsibilities as they relate to CCS eligibility and enrollment, case management, continuity of care, advisory committees, data sharing, dispute management, NICU and quality assurance.

<u>Whole Child Model Family Advisory Committee (WCM FAC)</u>
In connection with the November 2, 2017 Board Action described above, CalOptima staff developed new Medi-Cal policy AA.1271: Whole Child Model Family Advisory Committee to establish policies and procedures related to development and on-going operations of the WCM FAC, Staff recommends Board approval of AA.1271: Whole Child Model Family Advisory Committee.

To identify nominees for the WCM FAC for Board consideration, CalOptima conducted recruitment to ensure that there would be a diverse applicant pool from which to choose candidates. The recruitment included several notification methods, sending outreach flyers to community-based organizations (CBOs) and OC HCA CCS staff for distribution to CCS members and their families, targeting outreach at six (6) CalOptima hosted WCM family events and at community meetings, and posting information on the WCM Stakeholder Information and WCM Family Advisory Committee pages on CalOptima's website. A total of sixteen (16) applications (eight (8) in each category) were received from fifteen (15) individuals (one (1) individual applied for a seat in both categories).

As the WCM FAC is in development, CalOptima requested members of CalOptima's Member Advisory Committee (MAC) to serve as the Nomination Ad Hoc Subcommittee (Subcommittee). Prior to the MAC Nominations Ad Hoc meeting on April 19, 2018, Subcommittee members evaluated each application. The Subcommittee, including Connie Gonzalez, Jaime Munoz and Christine Tolbert, selected a candidate for each of the seats. All eligible applicants for a Family Representative seat were recommended. (One (1) of the eight (8) applicants was not eligible as she did not have family or personal experience in CCS.) At the May 10, 2018 meeting, the MAC considered and accepted the recommended slate of candidates, as proposed by the Subcommittee.

Candidates for the open positions are as follows:
Family Representatives

1. Maura Byron for a two-year term ending June 30, 2020;
2. Melissa Hardaway for a one-year term ending June 30, 2019;
3. Grace Leroy-Loge for a two-year term ending June 30, 2020;
4. Pam Patterson for a one-year term ending June 30, 2019;
5. Kristin Rogers for a two-year term ending June 30, 2020; and
6. Malissa Watson for a one-year term ending June 30, 2019.

Maureen Byron is the mother of a young adult who is a current CCS client. Ms. Byron became involved in the CCS Parent Advisory Committee resulting in her being hired by Family Support Network (FSN). At FSN, she is a parent mentor assisting families of children with complex health care needs to maneuver in the system and secure services. In addition, she responds to families' questions and provides peer and emotional support.

Melissa Hardaway is the mother of a special needs child who receives CCS services. Ms. Hardaway is familiar with the health care industry as a health care professional and a broker. She believes her understanding of managed care and her advocacy experience for her child will benefit her to assist families of children in CCS.

Grace Leroy-Loge is the mother of an adolescent receiving CCS services. Ms. Leroy-Loge works as the Family Support Liaison at CHOC Children's Hospital NICU where she assists families of children with medically complex needs to advocate for their children. She has served in the community on several committees, such as the parent council of CCS, Make-a-Wish Medical Advisory Committee and Orange County Children's Collaborative.

Pam Patterson is the mother of a special needs adolescent receiving CCS. Ms. Patterson is a special needs attorney and a constitutional law attorney. She has many years of experience advocating for her child with CCS and the Regional Center of Orange County. Ms. Patterson is also very active in the community.

Kristin Rogers is the mother of a young teenager who receives CCS services. Ms. Rogers explained that because she encountered difficulties obtaining the correct health care coverage for her child, she wants to educate others with similar situations on how to obtain appropriate coverage. Ms. Rogers is an active volunteer at CHOC.

Malissa Watson is the mother of a child that receives CCS services. Ms. Watson's desire is to help families navigate CCS and CalOptima. Ms. Watson is active in the community, serving on the CHOC Hospital Parent Advisory Committee and mentoring other parents.

~~*CBO/Advocate Representatives*~~

1. ~~Michael Arnot for a two-year term ending June 30, 2020;~~
2. ~~Sandra Cortez-Schultz for a one-year term ending June 30, 2019;~~
3. ~~Gabriela Huerta for a two-year term ending June 30, 2020; and~~
4. ~~Diane Key for a one-year term ending June 30, 2019.~~

~~Michael Arnot is the Executive Director for Children's Cause Orange County, an organization that provides evidence-based therapeutic intervention for children with traumatic stress, such as trauma from medical procedures from co-occurring health conditions covered under CCS. Mr. Arnot has extensive experience working with children in varying capacities.~~

~~Sandra Cortez-Schultz is the Customer Service Manager at CHOC Children's Hospital. Ms. Cortez-Schultz is responsible for ensuring that the families of medically complex children receive the appropriate care and treatment they require. She is also the Chair of CHOC's Family Advisory Council. Ms. Cortez-Schultz has over 25 years of experience working directly and indirectly at varying levels with the CCS program.~~

~~Gabriela Huerta is a Lead Case Manager, California Children's Services/Regional Center for Molina Healthcare, Inc. Ms. Huerta is responsible for health care management and coordination of services for CCS members, including assessments, intervention, planning and development of member centric plans and coordination of care. She has expertise in CCS as a carve-out benefit as well as a managed care benefit.~~

~~Diane Key is the Director of Women's and Children's Services for UCI Medical Center. Ms. Key has over 30 years of experience working in women and children's services in clinical nursing and leadership oversight positions. She has knowledge of CCS standards, eligibility criteria and facility requirements. In addition, she understands the physical, psycho-social and developmental needs of CCS children.~~

6/7/2018: Continued to future Board meeting.

Staff recommends Board approval of the proposed nominees for the WCM FAC.

Fiscal Impact

The recommended action to approve the implementation plan for the WCM program carries significant financial risks. Based on draft capitation rates received from DHCS on April 27, 2018, staff estimates the total annual program costs for WCM at $274 million. Management has included projected revenues and expenses associated with the WCM program in the proposed CalOptima FY 2018-19 Operating Budget pending Board approval. However, given the high acuity and medical utilization associated with a relatively small CCS population, costs for the program are difficult to predict and likely to be volatile. CalOptima will continue to work closely with DHCS to ensure that Medi-Cal revenue will be sufficient to support the WCM program.

Rationale for Recommendation

The recommended actions will enable CalOptima to operationally prepare for the anticipated January 1, 2019, transition of California Children's Services to Whole-Child Model.

Whole-Child Model (WCM) Implementation Plan

Board of Directors Meeting

June 7, 2018

Candice Gomez, Executive Director

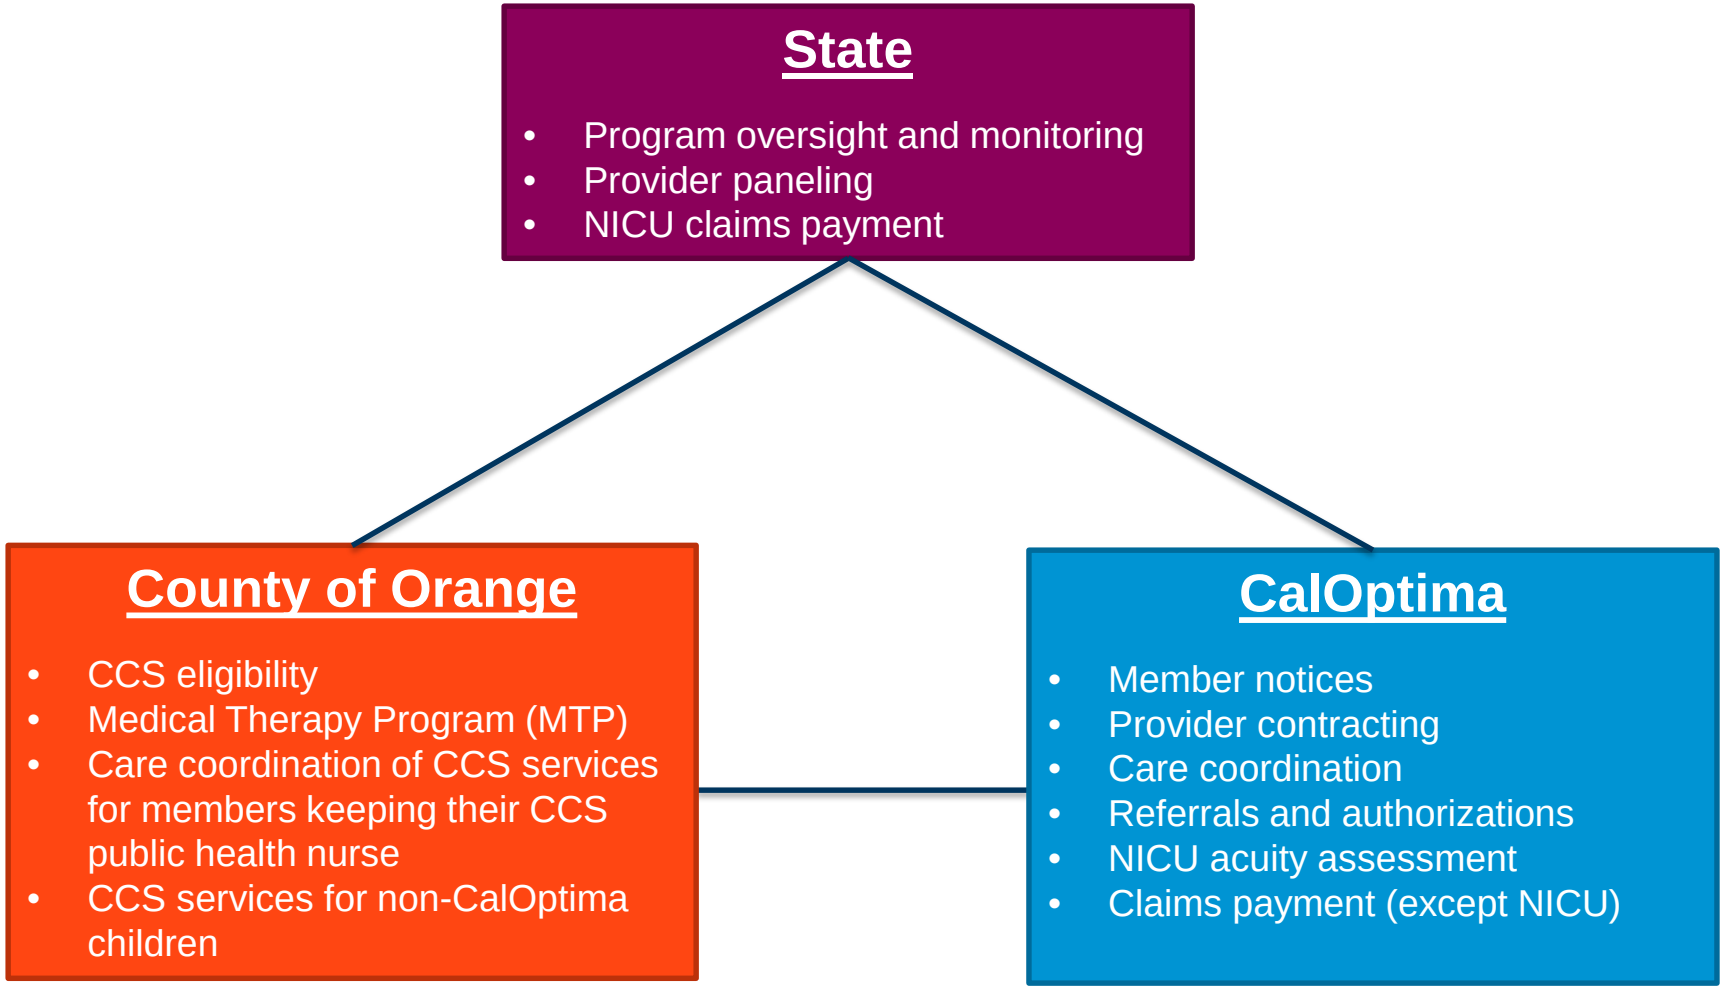
Program Implementation

Background

Whole-Child Model (WCM) Overview

- California Children's Services (CCS) is a statewide program providing medical care and case management for children under 21 with certain medical conditions
  - Locally administered by Orange County Health Care Agency
- The Department of Health Care Services (DHCS) is implementing WCM to integrate the CCS services into select Medi-Cal plans
  - CalOptima will implement WCM effective January 1, 2019

Division of WCM Responsibilities



WCM Transition Goals

- Improve coordination and integration of services to meet the needs of the whole child
- Retain CCS program standards
- Support active family participation
- Establish specialized programs to manage and coordinate care
- Ensure care is provided in the most appropriate, least restrictive setting
- Maintain existing patient-provider relationships when possible

CCS Demographics

- About 13,000 Orange County children are receiving CCS services
  - ➢ 90 percent are CalOptima members

Languages
• Spanish = 48 percent • English = 44 percent • Vietnamese = 4 percent • Other/unknown = 4 percent

City of Residence (Top 5)
• Santa Ana = 23 percent • Anaheim = 18 percent • Garden Grove = 8 percent • Orange = 6 percent • Fullerton = 4 percent

WCM Requirements

- Required use of CCS paneled providers and facilities, including network adequacy certification
- Memorandum of Understanding with OC HCA to support coordination of services
- Maintenance & Transportation (travel, food and lodging) to access CCS services
- WCM specific reporting requirements
- Permit selection of a CCS paneled specialist to serve as a CCS member's Primary Care Provider (PCP)
- Establish WCM clinical and member/family advisory committees

2018 Stakeholder Engagement to Date

- January 25– General stakeholder event (93 attendees)
- February 26 -28 – Six family events (87 attendees)
- Provider focused presentations and meetings:
  - Hospital Association of Southern California
  - Safety Net Summit - Coalition of Orange County Community Health Centers
  - Pediatrician focused events hosted by Orange County Medical Association Pediatric Committee and Health Care Partners
  - Health Network convenings including Health Network Forum, Joint Operations Meetings and on-going workgroups
- Speakers Bureau and community meetings

CalOptima
A Public Agency
Better. Together.

Implementation Plan Elements

Proposed Delivery Model

- Leverage existing delivery model using health networks, subject to Board approval
  - Reflects the spirit of the law to bring together CCS services and non-CCS services into a single delivery system

- Using existing model creates several advantages
  - Maintains relationships between CCS-eligible children, their chosen health network and primary care provider
  - Improves clinical outcomes and health care experience for members and their families
  - Decreases inappropriate medical and administrative costs
  - Reduces administrative burden for providers

Financial Approach

- DHCS will establish a single capitation rate that includes CCS and non-CCS services
- Limited historical CCS claims payment detail available
- CalOptima Direct and CalOptima Community Network
  - Follow current fee-for-service methodology and policy
  - CCS paneled physicians are reimbursed at 140% Medi-Cal
- Health Network
  - Keep health network risk and payment structure similar to current methodologies in place
  - Develop risk corridors to mitigate risk

Clinical Operations

- Providing CCS-specific case management, care coordination, provider referral and authorizations

- Supporting new services such as High-Risk Infant Follow-Up authorization, Maintenance and Transportation (lodging, meals and other travel related services)

- Facilitating transitions of care
  - Risk stratification, health risk assessment and care planning for children and youth transitioning to WCM
  - Between CalOptima, OC HCA and other counties
  - Age-out planning for members who will become ineligible for CCS when they turn 21 years of age

Provider Impact and Network Adequacy

- CalOptima and delegated networks must have adequate network of CCS paneled and approved providers
  - CCS panel status will be part of credentialing process
  - CCS members will be able to select their CCS specialists as primary care provider
  - CalOptima is in process of contracting with CCS providers in Orange County and specialized providers outside of county providing services to existing members
  - Documentation of network adequacy will be submitted to DHCS by September 28, 2018

Memorandum of Understanding (MOU)

- DHCS requires CalOptima and Orange County Health Care Agency to develop WCM MOU to support collaboration and information sharing
  - Leverage DHCS template
  - Outlines responsibilities related:
    - CCS eligibility and enrollment
    - Case management
    - Continuity of care
    - Advisory committees
    - Data sharing
    - Dispute management
    - NICU
    - Quality assurance

WCM Family Advisory Committee

- CalOptima must establish a WCM Family Advisory Committee per Welfare & Institutions Code § 14094.17
- November 2, 2017 Board authorized development of committee
  - Eleven voting seats
    - Seven to nine family representative seats
    - Two to four community-based organizations or consumer advocates
    - Priority to family representatives
  - Two-year terms, with no term limits
    - Staggered terms
    - In first year, five seats for one-year term and six seats for two-year term
  - Approval requested for AA.1271: Whole Child Model Family Advisory Committee

WCM Family Advisory Committee (cont.)

- Sixteen applications (eight in each category)
- April 19, 2018 Member Advisory Committee (MAC) Nominations ad hoc committee selected candidates
  - All eligible applicants in family category were selected
    - One applicant was ineligible as she has no prior CCS experience
  - Four applicants in community category were selected
- May 10, 2018 MAC considered and accepted MAC Ad Hoc's recommended nominations for Board consideration

Recommended Nominees

Family Seats	Community Seats
Maura Byron	**Michael Arnot** Executive Director Children's Cause Orange County
Melissa Hardaway	
Grace Leroy-Loge	**Sandra Cortez – Schultz** Customer Service Manager CHOC Children's Hospital
Pam Patterson	
Kristin Rogers	**Gabriela Huerta** Lead Case Manager, California Children's Services/Regional Center Molina Healthcare, Inc.
Malissa Watson	
	Diane Key Director of Women's and Children's Services UCI Medical Center

Next Steps

- Review WCM capitation and risk corridor approach with Health Networks

- Planned stakeholder engagement
  - Community-based organization focus groups in June
  - General event in July
  - Family events in Fall

- Future Board actions
  - Update policies and procedures
  - Health network contracts

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken November 2, 2017
Regular Meeting of the CalOptima Board of Directors

Report Item

18. Consider Adopting Resolution Establishing a Family Advisory Committee for the Whole-Child Model Medi-Cal Program

Contact

Sesha Mudunuri, Executive Director, Operations, (714) 246-8400
Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Actions

Rev. 11/2/17

1. Adopt Resolution No. 17-1102-01, establishing the CalOptima Whole-Child Model family advisory committee to provide advice and recommendations to the CalOptima Board of Directors on issues concerning California Children's Services (CCS) and the Whole-Child Model program; and
2. Subject to approval of the California Department of Health Care Services (DHCS), authorize a stipend of up to $50 per committee meeting attended for each family representative appointed to the Whole-Child Model Family Advisory Committee (WCM-FAC).

Background

On September 25, 2016, SB 586 (Hernandez): Children's Services was signed into law. SB 586 authorizes the establishment of the Whole-Child Model that incorporates CCS-covered services for Medi-Cal eligible children and youth into specified county-organized health plans, including CalOptima. A provision of the Whole-Child Model requires each participating health plan to establish a family advisory committee. Accordingly, DHCS is requiring the establishment of a Whole-Child Model family advisory committee to report and provide input and recommendations to CalOptima relative to the Whole-Child Model program. The proposed stipend, subject to DHCS approval, is intended to enable in-person participation by members and family member representatives. It is also anticipated that a representative from the family advisory committees of each Medi-Cal plan will be invited to serve on a statewide stakeholder advisory group.

Since CalOptima's inception, the CalOptima Board of Directors has benefited from stakeholder involvement in the form of standing advisory committees. Under the authority of County of Orange Codified Ordinances, Section 4-11-15, and Article VII of the CalOptima Bylaws, the CalOptima Board of Directors may create committees or advisory boards that may be necessary or beneficial to accomplishing CalOptima's tasks. The advisory committees function solely in an advisory capacity providing input and recommendations concerning the CalOptima programs. CalOptima Whole-Child Model program would also benefit from the advice of a standing family advisory committee.

Discussion

While specific to Whole-Child Model program, the charge of the WCM-FAC would be similar to that of the other CalOptima Board advisory committees, including:

- Provide advice and recommendations to the Board and staff on issues concerning CalOptima Whole-Child Model program as directed by the Board and as permitted under applicable law;

- Engage in study, research and analysis of issues assigned by the Board or generated by staff or the family advisory committee;
- Serve as liaison between interested parties and the Board and assist the Board and staff in obtaining public opinion on issues relating to CalOptima Whole-Child Model program; and
- Initiate recommendations on issues for study to the CalOptima Board for its approval and consideration, and facilitate community outreach for CalOptima Whole-Child Model program and the Board.

While SB 586 requires plans to establish family advisory committees, committee composition is not explicitly defined. Based on current advisory committee experience, staff recommends including eleven (11) voting members on CalOptima's WCM-FAC, representing CCS family members who reflect the diversity of the CCS families served by the plan, as well as consumer advocates representing CCS families. If necessary, CalOptima will provide an in-person interpreter at the meetings. For the first nomination process to fill the seats, it is proposed that CalOptima's current Member Advisory Committee will be asked to participate in the Family Advisory Committee nominating ad hoc committee. The proposed candidates will then be submitted to the Board for consideration. It is anticipated that subsequent nominations for seats will be reviewed by a WCM-FAC nominating ad hoc committee and will be submitted first to the WCM-FAC, then to the full Board for consideration of the WCM-FAC's recommendations.

CalOptima staff recommends that the WCM-FAC be comprised of eleven (11) voting seats:

1. Seven (7) to ~~N~~ nine (9) of the seats shall be family representatives in one of the following categories, with a priority to family representatives (i.e., if qualifying family representative candidates are available, all nine (9) seats will be filled by family representatives):
    i. Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
    ii. CalOptima members age 18 -21 who are current recipients of CCS services; or
    iii. Current CalOptima members over the age of 21 who transitioned from CCS services.
2. Two (2) to four (4) of the seats shall represent the interests of children receiving CCS services, including:
    i. Community-based organizations; or
    ii. Consumer advocates.

While two (2) of the WCM-FAC's eleven seats are designated for community-based organizations or consumer advocates, WCM-FAC candidates representing these two groups may be considered for up to two additional WCM-FAC seats in the event that there are not sufficient family representative candidates to fill these seats.

Rev. 11/2/2017

Except for initial appointments, CalOptima WCM-FAC members will serve two (2) year terms, with no limits on the number of terms a representative may serve provided they continue to meet the above-referenced eligibility criteria. The initial appointments of WCM-FAC members will be divided between one and two-year terms to stagger reappointments. In the first year, five (5) committee member seats will be appointed for a one-year term and six (6) committee member seats will be appointed for a two-year term.

The WCM-FAC Chair and Vice Chair for the first year will be nominated at the second WCM-FAC meeting by committee members. The WCM-FAC's recommendations for these positions will subsequently be submitted to the Board for consideration. After the first year, the Chair and Vice Chair of the WCM-FAC will be appointed by the Board annually from the appointed voting members and may serve two consecutive one-year terms in a particular committee officer position.

The WCM-FAC will develop, review annually and recommend to the Board any revisions to the committee's Mission or Goals and Objectives. The Goals and Objectives will be consistent with those of the CalOptima Whole-Child Model.

The WCM-FAC will meet at least quarterly and will determine the appropriate meeting frequency to provide timely, meaningful input to the Board. At its second meeting, the WCM-FAC will adopt a meeting schedule for the remainder of the fiscal year. Thereafter, a yearly meeting schedule will be adopted prior to the first regularly scheduled meeting of each year. All meetings must be conducted in accordance with CalOptima's Bylaws. Attendance of a simple majority of WCM-FAC seats will constitute a quorum. A quorum must be present for any action to be taken. Members are allowed excused absences from meetings. Notification of absence must be received by CalOptima staff prior to scheduled WCM-FAC meetings.

The CalOptima Chief Executive Officer (CEO) will prepare, or cause to be prepared, an agenda for all WCM-FAC meetings prior to posting. Posting procedures must be consistent with the requirements of the Ralph M. Brown Act (California Government Code section 54950 *et seq.*). In addition, minutes of each WCM-FAC meeting will be taken, which will be filed with the Board. The Chair will report verbally or in writing to the Board at least twice annually. The Chair will also report to the Board, as requested, on issues specified by the Board. CalOptima management will provide staff support to the WCM-FAC to assist and facilitate the operations of the committee.

In order to enable in-person participation, SB 586 provides plans the option to pay a reasonable per diem payment to family representatives serving on the Family Advisory Committee. Similar to another Medi-Cal Managed Care Plan with an already established family-based advisory committee, and subject to DHCS approval, CalOptima staff recommends that the Board authorize a stipend of up to $50 per meeting for family representatives participating on the WCM-FAC. Only one stipend will be provided per qualifying WCM-FAC member per regularly scheduled meeting. In addition, stipend payments are restricted to family representatives only. Representatives of community-based organizations and consumer advocates are not eligible for stipends. As indicated, payment of the stipends is contingent upon approval by DHCS.

As it is the policy of CalOptima's Board to encourage maximum member and provider involvement in the CalOptima program, it is anticipated that the CalOptima Whole-Child Model will benefit from the establishment of a Family Advisory Committee. This WCM-FAC will report to the Board and will serve solely in an advisory capacity to the Board and CalOptima staff with respect to CalOptima Whole-Child Model. Establishing the WCM-FAC is intended to help to ensure that members' values and needs are integrated into the design, implementation, operation and evaluation of the CalOptima Whole-Child Model.

Fiscal Impact

The fiscal impact of the recommended action to establish the CalOptima WCM-FAC is an unbudgeted item. The projected total cost, including stipends, for meetings from April through June 2018, is $3,575. Unspent budgeted funds approved in the CalOptima Fiscal Year (FY) 2017-18 Operating Budget on June 1, 2017, will fund the cost through June 30, 2018. The estimated annual cost is $13,665. At this time, it is unknown whether additional staff will be necessary to support the advisory committee's work. Management plans to include expenses related to the WCM-FAC in future operating budgets.

Rationale for Recommendation

SB 586 requires that, for implementation of the Whole-Child Model program, a family advisory committee must be established. As proposed, the WCM-FAC will advise CalOptima's Board and staff on operations of the CalOptima Whole-Child Model.

Resolution No. 17-1102-01

Rev.
11/2/17

/s/ Michael Schrader — **Authorized Signature**

10/23/2017 — **Date**

RESOLUTION NUMBER 17-1102-01

**RESOLUTION OF THE BOARD OF DIRECTORS
ORANGE COUNTY HEALTH AUTHORITY, DBA CALOPTIMA
ESTABLISHING POLICY AND PROCEDURES FOR CALOPTIMA WHOLE-CHILD MODEL MEMBER ADVISORY COMMITTEE**

WHEREAS, the CalOptima Board of Directors (hereinafter "the Board") would benefit from the advice of broad-based standing advisory committee specifically focusing on the CalOptima Whole-Child Model Plan hereafter "CalOptima Whole-Child Model Family Advisory Committee"; and

WHEREAS, the State of California, Department of Health Care Services (DHCS) has established requirements for implementation of the CalOptima Whole-Child Model program, including a requirement for the establishment of an advisory committee focusing on the Whole-Child Model; and

WHEREAS, the CalOptima Whole-Child Model Family Advisory Committee will serve solely in an advisory capacity to the Board and staff, and will be convened no later than the effective date of the CalOptima Whole-Child Model;

NOW, THEREFORE, BE IT RESOLVED:

Section 1. Committee Established. The CalOptima Whole-Child Model Family Advisory Committee (hereinafter "WCM-FAC") is hereby established to:

- Report directly to the Board;
- Provide advice and recommendations to the Board and staff on issues concerning the CalOptima Whole-Child Model program as directed by the Board and as permitted under the law;
- Engage in study, research and analysis of issues assigned by the Board or generated by the WCM-FAC;
- Serve as liaison between interested parties and the Board and assist the Board and staff in obtaining public opinion on issues relating to CalOptima Whole-Child Model or California Children Services (CCS);
- Initiates recommendations on issues for study to the Board for approval and consideration; and
- Facilitates community outreach for CalOptima and the Board.

Section 2. Committee Membership. The WCM-FAC shall be comprised of Eleven (11) voting members, representing or representing the interests of CCS families. In making appointments and re-appointments, the Board shall consider the ethnic and cultural diversity and special needs of the CalOptima Whole-Child Model population. Nomination and input from interested groups and community-based organizations will be given due consideration. Except as noted below, members are appointed for a term of two (2) full years, with no limits on the number of terms. All voting member appointments (and reappointments) will be made by the Board. During the first year, five (5) WCM-FAC members will serve a one -year term

and six (6) will serve a two-year term, resulting in staggered appointments being selected in subsequent years.

The WCM-FAC shall be composed of eleven (11) voting seats:

1. Seven (7) to nine (9) of the seats shall be family representatives in the following categories:
   - Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
   - CalOptima members age 18-21 who are current recipients of CCS services; or
   - Current CalOptima members over the age of 21 who transitioned from CCS services.

2. Two (2) to four (4) of the seats shall represent the interests of children with CCS, including:
   - Community-based organizations (CBOs); or
   - Consumer advocates.

Rev. 11/2/2017

If nine or more qualified candidates initially apply for family representative seats, nine of the eleven committee seats will be filled with family representatives. Initially, and on an on-going basis, only in circumstances when there are insufficient applicants to fill all of the designated family representative seats with qualifying family representatives, up to two of the nine seats designated for family members may be filled with representatives of CBOs or consumer advocates.

It is anticipated that a representative from the CalOptima WCM-FAC may be invited to serve on a statewide stakeholder advisory group.

Section 3. Chair and Vice Chair. The Chair and Vice Chair for the WCM-FAC will be appointed by the Board annually from the appointed members. The Chair, or in the Chair's absence, the Vice Chair, shall preside over WCM-FAC meetings. The Chair and Vice Chair may each serve up to two consecutive terms in a particular WCM-FAC officer position, or until their successor is appointed by the Board.

Section 4. Committee Mission, Goals and Objectives. The WCM-FAC will develop, review annually, and make recommendations to the Board on any revisions to the committee's Mission or Goals and Objectives.

Section 5. Meetings. The WCM-FAC will meet at least quarterly. A yearly meeting schedule will be adopted at the second regularly scheduled meeting for the remainder of the fiscal year. Thereafter, a yearly meeting schedule will be adopted prior to the first regularly scheduled meeting of each year. All meetings must be conducted in accordance with CalOptima's Bylaws.

Attendance by the occupants of a simple majority of WCM-FAC seats shall constitute a quorum. A quorum must be present in order for any action to be taken by the WCM-FAC. Committee members are allowed excused absences from meetings. Notification of absence must be received by CalOptima staff prior to the scheduled WCM-FAC meeting.

The CalOptima Chief Executive Officer (CEO) shall prepare, or cause to be prepared, and post, or cause to be posted, an agenda for all WCM-FAC meetings. Agenda contents and posting procedures must be consistent with the requirements of the Ralph M. Brown Act (Government Code section 54950 *et seq.*).

WCM-FAC minutes will be taken at each meeting and filed with the Board.

Section 6. Reporting. The Chair is required to report verbally or in writing to the Board at least twice annually. The Chair will also report to the Board, as requested, on issues specified by the Board.

Section 7. Staffing. CalOptima will provide staff support to the WCM-FAC to assist and facilitate the operations of the committee.

Section 8. Ad Hoc Committees. Ad hoc committees may be established by the WCM-FAC Chair from time to time to formulate recommendations to the full WCM-FAC on specific issues. The scope and purpose of each such ad hoc will be defined by the Chair and disclosed at WCM-FAC meetings. Each ad hoc committee will terminate when the specific task for which it was created is complete. An ad hoc committee must include fewer than a majority of the voting committee members.

Section 9. Stipend. Subject to DHCS approval, family representatives participating on the WCM-FAC are eligible to receive a stipend for their attendance at regularly scheduled and ad hoc WCM-FAC meetings. Only one stipend is available per qualifying WCM-FAC member per regularly scheduled meeting. WCM-FAC members representing community-based organizations and consumer advocates are not eligible for WCM-FAC stipends.

Policy #:	AA.1271PP
Title:	**Whole Child Model Family Advisory Committee**
Department:	General Administration
Section:	Not Applicable
CEO Approval:	Michael Schrader
Effective Date:	06/07/18
Last Review Date:	Not Applicable
Last Revised Date:	Not Applicable

I. PURPOSE

This policy describes the composition and role of the Family Advisory Committee for Whole Child Model (WCM) and establishes a process for recruiting, evaluating, and selecting prospective candidates to the Whole Child Model Family Advisory Committee (WCM FAC).

II. POLICY

A. As directed by CalOptima's Board of Directors (Board), the WCM FAC shall report to the CalOptima Board and shall provide advice and recommendations to the CalOptima Board and CalOptima staff in regards to California Children's Services (CCS) provided by CalOptima Medi-Cal's implementation of the WCM.

B. CalOptima's Board encourages Member and community involvement in CalOptima programs.

C. WCM FAC members shall recuse themselves from voting or from decisions where a conflict of interest may exist and shall abide by CalOptima's conflict of interest code and, in accordance with CalOptima Policy AA.1204: Gifts, Honoraria, and Travel Payments.

D. CalOptima shall provide timely reporting of information pertaining to the WCM FAC as requested by the Department of Health Care Services (DHCS).

E. The composition of the WCM FAC shall reflect the cultural diversity and special needs of the health care consumers within the Whole-Child Model population. WCM FAC members shall have direct or indirect contact with CalOptima Members.

F. In accordance with CalOptima Board Resolution No. 17-1102-01, the WCM FAC shall be comprised of eleven (11) voting members representing CCS family members, as well as consumer advocates representing CCS families. Except as noted below, each voting member shall serve a two (2) year term with no limits on the number of terms a representative may serve. The initial appointments of WCM FAC members will be divided between one (1) and two (2)-year terms to stagger reappointments. In the first year, five (5) committee member seats shall be appointed for a one (1)-year term and six (6) committee member seats shall be appointed for a two (2)-year term. The WCM FAC members serving a one (1) year term in the first year shall, if reappointed, serve two (2) year terms thereafter.

1. Seven (7) to nine (9) of the seats shall be family representatives in one (1) of the following categories, with a priority to family representatives (i.e., if qualifying family representative candidates are available, all nine (9) seats will be filled by family representatives):

    a. Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima Member who is a current recipient of CCS services;

    b. CalOptima Members eighteen (18)-twenty-one (21) years of age who are current recipients of CCS services; or

    c. Current CalOptima members over the age of twenty-one (21) who transitioned from CCS services.

2. Two (2) to four (4) of the seats shall represent the interests of children receiving CCS services, including:

    a. Community-based organizations; or

    b. Consumer advocates.

3. While two (2) of the WCM FAC's eleven (11) seats are designated for community-based organizations or consumer advocates, an additional two (2) WCM FAC candidates representing these groups may be considered for these seats in the event that there are not sufficient family representative candidates to fill the family member seats.

4. Interpretive services shall be provided at committee meetings upon request from a WCM FAC member or family member representative.

5. A family representative, in accordance with Section II.G.1 of this Policy, may be invited to serve on a statewide stakeholder advisory group.

G. Stipends

1. Subject to approval by the CalOptima Board, CalOptima may provide a reasonable per diem payment to a member or family representative serving on the WCM FAC. CalOptima shall maintain a log of each payment provided to the member or family representative, including type and value, and shall provide such log to DHCS upon request.

    a. Representatives of community-based organizations and consumer advocates are not eligible for stipends.

H. The WCM FAC shall conduct a nomination process to recruit potential candidates for expiring seats, in accordance with this Policy.

I. WCM FAC Vacancies

1. If a seat is vacated within two (2) months from the start of the nomination process, the vacated seat shall be filled during the annual recruitment and nomination process.

2. If a seat is vacated after the annual nomination process is complete, the WCM FAC nomination ad hoc subcommittee shall review the applicants from the recent recruitment to see if there is a viable candidate.

    a. If there is no viable candidate among the applicants, CalOptima shall conduct recruitment, per section III.B.2.

3. A new WCM FAC member appointed to fill a mid-term vacancy, shall serve the remainder of the resigning member's term, which may be less than a full two (2) year term.

J. On an annual basis, WCM FAC shall select a chair and vice chair from its membership to coincide with the annual recruitment and nomination process. Candidate recruitment and selection of the chair and vice chair shall be conducted in accordance with Sections III.B-D of this Policy.

1. The WCM FAC chair and vice chair may serve two (2) consecutive one (1) year terms.

2. The WCM FAC chair and/or vice chair may be removed by a majority vote of CalOptima's Board.

K. The WCM FAC chair, or vice chair, shall ask for three (3) to four (4) members from the WCM FAC to serve on a nomination ad hoc subcommittee. WCM FAC members who are being considered for reappointment cannot participate in the nomination ad hoc subcommittee.

1. The WCM FAC nomination ad hoc subcommittee shall:

    a. Review, evaluate and select a prospective chair, vice chair and a candidate for each of the open seats, in accordance with Section III.C-D of this Policy; and

    b. Forward the prospective chair, vice chair, and slate of candidate(s) to the WCM FAC for review and approval.

2. Following approval from the WCM FAC, the recommended chair, vice chair, and slate of candidate(s) shall be forwarded to CalOptima's Board for review and approval.

L. CalOptima's Board shall approve all appointments, reappointments, and chair and vice chair appointments to the WCM FAC.

M. Upon appointment to WCM FAC and annually thereafter, WCM FAC members shall be required to complete all mandatory annual Compliance Training by the given deadline to maintain eligibility standing on the WCM FAC.

N. WCM FAC members shall attend all regularly scheduled meetings, unless they have an excused absence. An absence shall be considered excused if a WCM FAC member provides notification of an absence to CalOptima staff prior to the meeting. CalOptima staff shall maintain an attendance log of the WCM FAC members' attendance at WCM FAC meetings. As the attendance log is a public record, any request from a member of the public, the WCM FAC chair, the vice chair, the Chief Executive Officer, or the CalOptima Board, CalOptima staff shall provide a copy of the attendance log to the requester. In addition, the WCM FAC chair, or vice chair, shall contact any committee member who has three (3) consecutive unexcused absences.

1. WCM FAC members' attendance shall be considered as a criterion upon reapplication.

III. PROCEDURE

A. WCM FAC meeting frequency

1. WCM FAC shall meet at least quarterly.

2. WCM FAC shall adopt a yearly meeting schedule at the first regularly scheduled meeting in or after January of each year.

3. Attendance by a simple majority of appointed members shall constitute a quorum, and a quorum must be present for any votes to be valid.

B. WCM FAC recruitment process

1. CalOptima shall begin recruitment of potential candidates in March of each year. In the recruitment of potential candidates, the ethnic and cultural diversity and special needs of children and/or families of children in CCS which are or are expected to transition to CalOptima's Whole-Child Model population shall be considered. Nominations and input from interest groups and agencies shall be given due consideration.

2. CalOptima shall recruit for potential candidates using one or more notification methods, which may include, but are not limited to, the following:

   a. Outreach to family representatives and community advocates that represent children receiving CCS;

   b. Placement of vacancy notices on the CalOptima website; and/or

   c. Advertisement of vacancies in local newspapers in Threshold Languages.

3. Prospective candidates must submit a WCM Family Advisory Committee application, including resume and signed consent forms. Candidates shall be notified at the time of recruitment regarding the deadline to submit their application to CalOptima.

4. Except for the initial recruitment, the WCM FAC chair or vice chair shall inquire of its membership whether there are interested candidates who wish to be considered as a chair or vice chair for the upcoming fiscal year.

   a. CalOptima shall inquire at the first WCM FAC meeting whether there are interested candidates who wish to be considered as a chair for the first year.

C. WCM FAC nomination evaluation process

1. The WCM FAC chair or vice chair shall request three (3) to four (4) members, who are not being considered for reappointment, to serve on the nominations ad hoc subcommittee. For the first nomination process, Member Advisory Committee (MAC) members shall serve on the nominations ad hoc subcommittee to review candidates for WCM FAC.

a. At the discretion of the nomination ad hoc subcommittee, a subject matter expert (SME), may be included on the subcommittee to provide consultation and advice.

2. Prior to WCM FAC nomination ad hoc subcommittee meeting (including the initial WCM FAC nomination ad hoc subcommittee).

a. Ad hoc subcommittee members shall individually evaluate and score the application for each of the prospective candidates using the applicant evaluation tool.

b. Ad hoc subcommittee members shall individually evaluate and select a chair and vice chair from among the interested candidates.

c. At the discretion of the ad hoc subcommittee, subcommittee members may contact a prospective candidate's references for additional information and background validation.

3. The ad hoc subcommittee shall convene to discuss and select a chair, vice chair and a candidate for each of the expiring seats by using the findings from the applicant evaluation tool, the attendance record if relevant and the prospective candidate's references.

D. WCM FAC selection and approval process for prospective chair, vice chair, and WCM FAC candidates:

1. The nomination ad hoc subcommittee shall forward its recommendation for a chair, vice chair, and a slate of candidates to WCM FAC (or in the first year, the MAC) for review and approval. Following WCM FAC's approval (or in the first year, the MAC), the proposed chair, vice chair and slate of candidates shall be submitted to CalOptima's Board for approval.

2. The WCM FAC members' terms shall be effective upon approval by the CalOptima Board.

a. In the case of a selected candidate filling a seat that was vacated mid-term, the new candidate shall attend the immediately following WCM FAC meeting.

3. WCM FAC members shall attend a new advisory committee member orientation.

LIMITED PRIVACY WAIVER

Under state and federal law, the fact that a person is eligible for Medi-Cal and California Children's Services (CCS) is a private matter that may only be disclosed by CalOptima as necessary to administer the Medi-Cal and CCS program, unless other disclosures are authorized by the eligible member. Because the position of Member Representative on Whole Child Model Family Advisory Committee (WCM FAC) requires that the person appointed must be a member or a family member of a member receiving CCS, the member's Medi-Cal and CCS eligibility will be disclosed to the general public. The member or their representative (e.g. parent, foster parent, guardian, etc.) should check the appropriate box below and sign this waiver to allow his or her, or his or her family member or caregiver's name to be nominated for the advisory committee.

☐ **MEMBER APPLICANT — I understand that by signing below and applying to serve on the WCM FAC, I am disclosing my eligibility for the Medi-Cal and CCS program, the fact of which is otherwise protected under state or federal law. I am not agreeing to disclose any other information protected by state or federal law.**

☐ **FAMILY MEMBER APPLICANT — I understand that by applying to serve on the WCM FAC, my status as a family member of a person eligible for Medi-Cal and CCS benefits is likely to become public. I authorize the disclosing of my family member's (insert name of member: _____) eligibility for the Medi-Cal and CCS program, the fact of which is otherwise protected under state or federal law. I am not agreeing to disclose any other information protected by state or federal law.**

AUTHORIZATION FOR USE AND DISCLOSURE OF PROTECTED HEALTH INFORMATION (PHI)

The federal HIPAA Privacy Regulations requires that you complete this form to authorize CalOptima to use or disclose your Protected Health Information (PHI) to another person or organization. Please complete, sign, and return the form to CalOptima.

Date of Request: _____ Telephone Number: _____

Member Name: _____ Member CIN: _____

AUTHORIZATION:

I, _____, hereby authorize CalOptima, to use or disclose my health information as described below.

Describe the health information that will be used or disclosed under this authorization (please be specific): Information related to the identity, program administrative activities and/or services provided to {me} {my child} which is disclosed in response to my own disclosures and/or questions related to same.

Person or organization authorized to receive the health information: **General public**

Describe each purpose of the requested use or disclosure (please be specific): **To allow** CalOptima staff to respond to questions or issues raised by me that may require reference to my health information that is protected from disclosure by law during public meetings of **the CalOptima Whole-Child Model Family Advisory Committee**

EXPIRATION DATE:

This authorization shall become effective immediately and shall expire on: **The end of the term of the position applied for**

Right to Revoke: I understand that I have the right to revoke this authorization in writing at any time. To revoke this authorization, I understand that I must make my request in writing and clearly state that I am revoking this specific authorization. In addition, I must sign my request and then mail or deliver my request to:

CalOptima
Customer Service Department
505 City Parkway West
Orange, CA 92868

I understand that a revocation will not affect the ability of CalOptima or any health care provider to use or disclose the health information to the extent that it has acted in reliance on this authorization.

RESTRICTIONS:

I understand that anything that occurs in the context of a public meeting, including the meetings of the Whole Child Model Family Advisory Committee, is a matter of public record that is required to be disclosed upon request under the California Public Records Act. Information related to, or relevant to, information disclosed pursuant to this authorization that is not disclosed at the public meeting remains protected from disclosure under the Health Insurance Portability and Accountability Act (HIPAA), and will not be disclosed by CalOptima without separate authorization, unless disclosure is permitted by HIPAA without authorization, or is required by law.

MEMBER RIGHTS:

- I understand that I must receive a copy of this authorization.
- I understand that I may receive additional copies of the authorization.
- I understand that I may refuse to sign this authorization.
- I understand that I may withdraw this authorization at any time.
- I understand that neither treatment nor payment will be dependent upon my refusing or agreeing to sign this authorization.

ADDITIONAL COPIES:

Did you receive additional copies? ☐ Yes ☐ No

SIGNATURE:

By signing below, I acknowledge receiving a copy of this authorization.

Member Signature: _____ Date: _____

Signature of Parent or Legal Guardian: _____ Date: _____

If Authorized Representative:

Name of Personal Representative: _____

Legal Relationship to Member: _____

Signature of Personal Representative: _____ Date: _____

Basis for legal authority to sign this Authorization by a Personal Representative

(If a personal representative has signed this form on behalf of the member, a copy of the Health Care Power of Attorney, a court order (such as appointment as a conservator, or as the executor or

administrator of a deceased member's estate), or other legal documentation demonstrating the authority of the personal representative to act on the individual's behalf must be attached to this form.)

CalOptima Board Action Agenda Referral

Action To Be Taken June 4, 2009
Regular Meeting of the CalOptima Board of Directors

Report Item
VI. E. Approve Health Network Contract Rate Methodology

Contact
Michael Engelhard, Chief Financial Officer, (714) 246-8400

Recommended Action
Approve the modification methodology of Health Network capitation rates for October 1, 2009.

Background
Health Network capitation is the payment method that CalOptima uses to reimburse PHCs and shared risk groups for the provision of health care services to members enrolled in CalOptima Medi-Cal and CalOptima Kids. In order to ensure that reimbursement to such capitated providers reflects up-to-date information, CalOptima periodically contracts with its actuarial consultants to recalculate or "rebase" these payment rates.

The purpose of this year's rebasing is to:

- Establish actuarially sound facility and professional capitation rates;
- Account for changes in CalOptima's delivery model;
- Incorporate changes in the Division of Financial Responsibility (DOFR); and
- Perform separate analyses for Medi-Cal and CalOptima Kids.

The overall methodology for this year's rebasing approach includes:

- CalOptima eligibility data;
- Encounter and CalOptima Direct (COD) claim data analysis
- Reimbursement analysis;
- PCP capitation analysis;
- Maternity "kick" payment analysis;
- State benefit carve-out analysis;
- Reinsurance analysis;
- Administrative load analysis;
- Budget neutrality established

Discussion
CalOptima uses capitation as one way to reimburse certain contracted health care providers for services rendered. A Capitation payment is made to the provider during the month and is based solely on the number of contracted members assigned to that provider

Back to Agenda
Back to Item
Back to Item

at the beginning of each month. The provider is then responsible for utilizing those dollars in exchange for all services provided during that month or period.

To ensure that capitated payment rates reflect the current structure and responsibilities between CalOptima and its delegated providers, capitation rates need to be periodically reset or rebased.

CalOptima last performed a comprehensive rate rebasing in July 2007, for rates effective January 1, 2008, for CalOptima Medi-Cal only. Much has changed since that time including the establishment of shared risk groups; the movement of certain high-acuity members out of the Health Networks and into COD; changes in the DOFR between hospitals, physicians and CalOptima; shifts in member mix between the Health Networks; and changes in utilization of services by members.

Therefore, CalOptima opted to perform another comprehensive rebasing analysis prior to the FY2009-10 year in order to fully reflect the above-mentioned changes.

Fiscal Impact
CalOptima projects no fiscal impact as a result of the rebasing. Rebasing is designed to be budget neutral to overall CalOptima medical expenses even though there will likely be changes to specific capitation rates paid to Health Network providers.

Rationale for Recommendation
Staff recommends approval of this action to provide proper reimbursement levels to CalOptima's capitated health networks participating in CalOptima Medi-Cal and CalOptima Kids.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action to Be Taken December 17, 2003
Special Meeting of the CalOptima Board of Directors

Report Item
VI. A. Approve Modifications to the CalOptima Health Network Capitation Methodology and Rate Allocations

Contact
Amy Park, Chief Financial Officer, (714) 246-8400

Recommended Action
Approve modifications to the CalOptima health network capitation methodology and rate allocations between Physician and Hospital financial responsibilities effective March 2004.

Background
CalOptima pays its health networks (HMOs and PHCs) according to the same schedule of capitation rates, which are adjusted by Medi-Cal aid category, gender and age. The actuarial cost model, upon which these rates are based, was developed by Milliman USA utilizing pre-CalOptima Orange County fee-for-service (FFS) experience as the baseline. This model then took into account utilization targets that were actuarially-appropriate for major categories of services and competitive reimbursement levels to ensure sufficient funds to provide all medically necessary services under a managed care model.

Since development of the model in 1999, CalOptima has negotiated capitation rate increases from the State for managed care rate "pass throughs" as a result of provider rate increases implemented in the Medi-Cal FFS program. In turn, CalOptima passed on these additional revenues to the health networks by increasing capitation payments, establishing carve-outs (e.g., transplants), or offering additional financial support, such as funding for enhanced subspecialty coverage and improving reinsurance coverage.

It has now been over four years since CalOptima commissioned a complete review of the actuarial cost model. As noted, CalOptima has only adjusted the underlying pricing in the actuarial cost model over the years to pass on increases in capitation rates to the health networks.

In light of State fiscal challenges and impending potential Medi-Cal funding and benefit reductions, CalOptima must examine the actuarial soundness of the existing cost model and update the utilization assumptions to ensure that CalOptima's health network capitation rate methodology continues to allocate fiscal resources commensurate with the level of medical needs of the population served. This process will also provide

Back to Item
Back to Agenda
Back to Item

CalOptima with a renewed starting point from which to make informed decisions as we face yet another round of State budget uncertainties and declining resources.

Discussion

General Process. With the updated model, Milliman's rebasing process takes into account the 7+ years of health network managed care experience, rather than the historical pre-CalOptima Orange County FFS experience, as a base for capitation rates. Milliman examined the utilization statistics as indicated by the health network encounter data and evaluated the utilization for completeness by comparing against health network reported utilization and financial trends, health network primary care physician capitation and other capitation rates, health network hospital risk pool settlements, and other benchmarks as available. Further adjustments were made to account for changes in contractual requirements in the 2003-2005 health network contracts.

Utilization Assumptions. Consistent with changes in the State rate methodology, the updated health network capitation model combines the Family, Poverty and Child aid categories into a single Family aid category, with updated age/gender factors. The new model also recommends the creation of a supplemental capitation rate for members with end stage renal disease (ESRD). Furthermore, the actuarial model identifies actuarially-appropriate utilization targets for all major categories of services. These targets are set at levels that ensure that health networks have sufficient funds to provide all medically necessary services.

Pricing Assumptions. The new actuarial cost model includes reimbursement assumptions that are applied to the utilization targets to determine capitation rates. Effective October 2003, the State reduced CalOptima's capitation rates, effectively passing through the 5% cutback in physician and other provider rates as enacted in the 2003-04 State Budget Act. Notwithstanding this reduction, it is CalOptima's goal to maintain physician reimbursement levels to ensure members' continued access to care. Hence, CalOptima's health network minimum provider reimbursement policy and capitation funding will be maintained at its current levels. In other words, health networks will continue to be required to reimburse specialty physicians at rates that are no less than 150% of the Medi-Cal Fee Schedule and physician services in the actuarial model will continued to be priced at 147% of the August 1999 Medi-Cal Fee Schedule (as adjusted to primarily reflect market primary care physician capitation rates).

The actuarial cost model also provides sufficient funds to reimburse inpatient hospital reimbursement services at rates that are comparable to the average Southern California per diem rates and payment trends as published by California Medical Assistance Commission (CMAC) and to reimburse hospital outpatient services, commensurate with physician services, at 147% of the August 1999 Medi-Cal Fee Schedule.

In addition, the actuarial cost model provides sufficient funds for health network administrative expenses and an allowance for surplus. The table below summarizes the adjusted allocation of health network capitation rates to reflect the new actuarial cost model:

Aid Category	Proposed Hospital	Proposed Physician	Proposed Combined
Family/Poverty/Child	-4.6%	2.1%	-0.7%
Adult	-19.4%	-3.1%	-12.0%
Aged	18.9%	19.1%	19.0%
Disabled	10.9%	-4.4%	3.3%
Composite	1.7%	0.7%	1.2%

**Percentage changes are calculated from current capitation rates which have been adjusted to reflect the establishment of a separate ESRD supplemental capitation.*

Fiscal Impact

In summary, the proposed modifications will increase capitation payments made to physicians by 0.7%, while capitation payments to hospitals will increase by approximately 1.7%, for an overall weighted average increase in health network capitation rate payments of 1.2%, or $3.1 million on an annualized basis.

This additional increase will be funded by the Medi-Cal capitation rate increases received by CalOptima related to the State's settlement of the *Orthopaedic v. Belshe* lawsuit concerning Medi-Cal payment rates for hospital outpatient services.

As the Board will recall, the additional monies received by CalOptima related to this hospital outpatient settlement were passed through to hospitals in a lump-sum payment as approved by the Board in April 2003 for Fiscal 2001-02. That Board action also included approval for a second distribution scheduled for January 2004 to be made to hospitals for Fiscal 2002-03 related monies. Therefore, the proposed increases in hospital capitation rates contained in this action referral will facilitate the ongoing distributions of these dollars to CalOptima's participating hospitals. *See also related Board action referral to approve modifications to CalOptima Direct hospital reimbursement rates.*

Rationale for Recommendation

The proposed modifications to the rate methodology and related allocation of funds are consistent with the extensive, independent analysis performed by Milliman USA to update CalOptima's health network capitation methodology to reflect the 7+ years of health network managed care experience, rather than the historical pre-CalOptima Orange County FFS experience, as a base for capitation rates. The updated actuarial model also provides CalOptima with a renewed starting point from which to make informed

decisions as we face yet another round of State budget uncertainties and declining resources.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken December 6, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item

8. Consider Authorizing Amendments to the Health Network Medi-Cal Contracts and Policies and Procedures to Align with the Anticipated Whole-Child Model Implementation Date

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400

Recommended Actions

1. Authorize the Chief Executive Officer (CEO) to enter into amendments of the Medi-Cal health network contracts, with the assistance of Legal Counsel, to:
    a. Postpone the payment of capitation for the Whole-Child Model (WCM) until the new program implementation date of July 1, 2019 or the Department of Health Care Services (DHCS)-approved commencement date of the CalOptima WCM program, whichever is later;
    b. Authorize the continued payment to fund the Personal Care Coordinators at existing levels for WCM members for the period January 1, 2019 - June 30, 2019;
    c. Extend the health network contracts to June 30, 2020, with CalOptima retaining the right to implement rate changes, whether upward or downward, based on rate changes implemented by the State; and
2. Authorize modification of existing WCM-related Policies and Procedures to be consistent with the DHCS-approved commencement date of the CalOptima WCM program.

Background

The California Children's Services (CCS) Program is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children (to age 21) meeting financial and health condition eligibility criteria. On September 25, 2016, Governor Brown signed Senate Bill (SB) 586 into law, which authorizes the California Department of Health Care Services (DHCS) to incorporate CCS services into Medi-Cal managed care plan (MCP) contracts for county organized health systems (COHS). This transition is referred to as the WCM program. WCM's goals include improving coordination and integration of services to meet the needs of the whole child, retaining CCS program standards, supporting active family participation, and maintaining member-provider relationships, where possible.

DHCS is implementing the WCM program on a phased-in basis, with implementation for Orange County originally scheduled to begin no sooner than January 1, 2019. On that date, CalOptima was to assume financial responsibility for the authorization and payment of CCS-eligible medical services, including service authorizations activities, claims management (with some exceptions), case management, and quality oversight.

Back to Agenda
Back to Item
Back to Item

To that end, CalOptima has been working with the DHCS to define and meet the requirements of implementation. Of importance to the DHCS, is the sufficiency of the contracted CCS-paneled providers to serve members with CCS-eligible conditions and the assurance that all members have access to these providers. On November 9, the State notified CalOptima that the transition of the Whole-Child Model in Orange County will be delayed until DHCS approved commencement date of the CalOptima WCM program, currently anticipated for July 1, 2019.

The State has determined that additional time is needed to plan the transition of the CCS membership due to the large number of members with CCS eligible conditions and the complexities associated the delegated delivery model. With nearly 13,000 members with CCS eligible conditions, CalOptima has the largest membership transitioning to WCM.

The health network contracts currently expire on June 30, 2019, which is prior to the currently targeted implementation date for the WCM. These contracts are typically extended on a year-to-year basis after the Board has approved an extension. The health networks each sign amendments reflecting any new terms and conditions. The currently anticipated July 1, 2019 effective date coincides with the start of the State's fiscal year and the amendment includes modification to capitation rates, if applicable, based on changes from DHCS, and any regulatory and other changes as necessary. The State typically provides rates to CalOptima in April or May, which is close to the start of the next fiscal year. The timing has made it difficult to analyze, present, vet and receive signed amendments from health networks prior to the beginning of the next year.

Discussion

In anticipation of the original January 1, 2019 WCM program implementation, staff issued health network amendments specifying the terms of participation in the WCM program. The amendment includes CalOptima's responsibility to pay WCM capitation rates effective January 1, 2019. With the delay in implementation of the WCM for six months, staff requests authority to amend the health network contracts such that the obligation to pay capitation rates for WCM services will take effect with the new anticipated commencement date to be approved by the state, currently anticipated to be July 1, 2019. WCM related policy and procedures will also be updated to reflect the new implementation date.

In addition, the Board authorized the funding the health networks for Personal Care Coordinators (PCC) for members with CCS eligible conditions. The payment for the PCCs began in October 2018 to the health networks to hire and train coordinators prior to the then anticipated program implementation date of January 1, 2019. Most of the health networks have hired the coordinators in anticipation of the original effective date. Because the late notification of the delay in the WCM start date in Orange County, and the health networks commitment to hire staff, staff recommends that the funding be continued at the prescribed level until the beginning of the program. At that time, the funding will be adjusted, to reflect the quality of the services provided by the health networks.

As noted above, health network contracts currently are set to terminate on June 30, 2019, which is prior to the anticipated commencement date of the CalOptima WCM program. In order to obtain health network commitment to the WCM program and allow the networks to adequately review and comment

on any changes to the contracts for the next fiscal year, staff is asking for authority to extend the contracts through June 30, 2020. Staff also requests the authority to amend the health network contracts to adjust capitation rates retroactively to the DHCS-approved commencement date of the CalOptima WCM program once the State rates have been received and analyzed.

Fiscal Impact

The Fiscal Year (FY) 2018-19 Operating Budget approved by the Board on June 7, 2018, included revenues, medical expenses and administrative expenses with an anticipated implementation date of January 1, 2019. Due to the delayed implementation date, WCM program revenues and expenses, with the exception of start-up and PCC costs, are currently expected to begin on July 1, 2019. Therefore, the recommended action to postpone the capitation payments for the WCM program until the new implementation date of July 1, 2019, is expected to be budget neutral.

The fiscal impact of payments to PCCs at existing levels for WCM members for the period of January 1, 2019, through June 30, 2019, is projected at $672,000. Management anticipates that the fiscal impact of the total start-up and PCC costs related to the WCM program through June 30, 2019, are budgeted and will have no additional fiscal impact to the Medi-Cal operating budget.

The recommended action to extend health network contracts to June 30, 2020, is budget neutral for the remainder of FY 2018-19. Management will include any associated expenses related to the contract extensions in the FY 2019-20 Operating Budget.

Rationale for Recommendation

The recommended action will clarify and facilitate the implementation of the Whole Child Model effective upon the DHCS-approved commencement date of the CalOptima WCM program, currently anticipated to be July 1, 2019. This will also allow the health networks adequate time to review and analyze any changes to the contract which may be required.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken August 2, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item

5. Consider Authorizing Amendment of the CalOptima Medi-Cal Physician Hospital Consortium Health Network Contracts for AMVI Care Health Network, Family Choice Network, and Fountain Valley Regional Medical Center

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400
Greg Hamblin, Chief Financial Officer, (714) 246-8400

Recommended Actions

Authorize the Chief Executive Officer (CEO), with the assistance of Legal Counsel. to enter into contract amendments of the Physician Hospital Consortium (PHC) health network contracts, for AMVI Care Health Network, Family Choice Network, and Fountain Valley Regional Medical Center to:

1. Modify the rebased capitation rates for the Medi-Cal Classic population, effective January 1, 2019, as authorized in a separate Board action;
2. Modify capitation rates effective January 1, 2019, to include rates associated with the Whole Child Model program to the extent authorized by the Board of Directors in a separate Board action;
3. Amend the contract terms to reflect applicable regulatory changes and other requirements associated with the Whole-Child Model (WCM); and
4. Extend contracts through June 30, 2019.

Background

CalOptima pays its health networks according to the same schedule of capitation rates, which are adjusted by Medi-Cal aid category, gender and age. The actuarial cost model, upon which the rates are based, was developed by consultant Milliman Inc. utilizing encounter and claims data. CalOptima periodically increases or decreases the capitation rates to account for increases or decreases in capitation rates from the Department of Health Care Services (DHCS) or to account for additional services to be provided by the health networks. An example of this is the recent capitation rate change to account for the transition of the payment of Child Health Disability Program (CHDP) services from CalOptima to the health networks.

It is incumbent on CalOptima to periodically review the actuarial cost model to ensure that the rate methodology, and the resulting capitation rates, continue to allocate fiscal resources commensurate with the level of medical needs of the populations served. This review and adjustment of capitation rates is referred to as rebasing. Staff has worked with Milliman Inc. to develop a standardized rebasing methodology that was previously adopted and approved by CalOptima and the provider community.

The California Children's Services (CCS) Program is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children (to age 21) meeting financial and health condition eligibility criteria. On September 25, 2016, Governor Brown signed

Senate Bill 586 into law, which authorizes DHCS to incorporate CCS services into Medi-Cal Managed Care Plan (MCP) contracts for county organized health systems (COHS). This transition is referred to as the Whole-Child Model (WCM). WCM's goals include: improving coordination and integration of services to meet the needs of the whole child; retaining CCS program standards; supporting active family participation; and maintaining member-provider relationships where possible.

DHCS is implementing WCM on a phased basis; Orange County's implementation will be no sooner than January 1, 2019. Based on this schedule, CalOptima will assume responsibility for authorization and payment of CCS-eligible medical services including service authorization activities, claims (with some exceptions), case management, and quality oversight. At the June 7, 2018 Board meeting, staff received authority to proceed with several actions related to the WCM program including carving CCS services into the health network contract.

At the June 7, 2018 Board meeting, the Board of Directors authorized the extension of the health network contracts through December 31, 2018. The six-month extension, as opposed to the normal one-year extension, was made to allow staff to review, adjust and vet capitation rates and requirements associated with the transition of the CCS program from the State and County to CalOptima and the complete the capitation rate rebasing initiative. Both of these program changes are effective January 1, 2019.

Discussion

Rebasing: CalOptima last performed a comprehensive rate rebasing in 2009. The goal of rebasing is to develop actuarially sound capitation rates that properly aligns capitation payments to a provider's delegated risks. To ensure that providers are accurately and sufficiently compensated, rebasing should be performed on a periodic basis to account for any material changes to medical costs and utilization patterns. To that end, staff has been working with Milliman Inc. to analyze claims utilization data and establish updated capitation rates that reflect more current experience. As proposed, only professional and hospital capitation rates for the Medi-Cal Classic population are being updated through this rebasing effort. Staff requests authority to amend the health network contracts to reflect the new rebased capitation rates effective January 1, 2019.

WCM: To ensure adequate revenue is provided to support the WCM program, CalOptima will develop actuarially sound capitation rates that are consistent with the projected risks that will be delegated to capitated health networks and hospitals. CalOptima also recognizes that medical costs for CCS members can be highly variable and volatile, possibly resulting in material cost differences between different periods and among different providers. To mitigate these financial risks and ensure that networks will receive sufficient and timely compensation, management proposes that CalOptima implement two retrospective reimbursement mechanisms: (1) Interim reimbursement for catastrophic cases; and (2) Retrospective risk corridor.

WCM incorporates requirements from SB 586 and CCS into Medi-Cal Managed Care. Many of these WCM requirements will include new requirements for the health networks. Included is the requirement that the health networks will be required to use CCS paneled providers and facilities to treat children and youth for their CCS condition. Continuity of care provisions and minimum provider rate requirements (unless provider has agreed to different rates with health network) are also among the health network requirements.

Staff requests authority to incorporate the WCM rates and requirements into the health network contracts.

Extension of the Contract Term. Staff requests authority to amend the Medi-Cal contracts to extend the contracts through June 30, 2019.

Fiscal Impact

The recommended action to modify capitation rates, effective January 1, 2019, associated with rebasing is projected to be budget neutral to CalOptima. The rebased capitation rates are not projected to materially change CalOptima's aggregate capitation expenses. Management has included expenses associated with rebased capitation rates in the CalOptima FY 2018-19 Operating Budget approved by the Board on June 7, 2018.

The recommended action to amend health network contracts, effective January 1, 2019, to include rates associated with the WCM program is a budgeted item. Management has included projected revenues and expenses associated with the WCM program in the CalOptima FY 2018-19 Operating Budget approved by the Board on June 7, 2018. Based on draft capitation rates received from DHCS on April 27, 2018, staff estimates the total annual WCM program costs at approximately $274 million. However, given the high acuity and medical utilization associated with a relatively small CCS population, costs for the program are difficult to predict and likely to be highly volatile. CalOptima staff will continue to work closely with DHCS to ensure that Medi-Cal revenue will be sufficient to support the WCM program.

Rationale for Recommendation

CalOptima staff recommends these actions to: reflect changes in rates and responsibilities in accordance with the CalOptima delegated model; to maintain and continue the contractual relationship with the provider network; and to fulfill regulatory requirements.

Action To Be Taken June 7, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item

45. Consider Actions Related to CalOptima's Whole-Child Model Program

Contact

Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Actions

1. Authorize CalOptima staff to develop an implementation plan to integrate California Children's Services into its Medi-Cal program in accordance with the Whole Child Model (WCM), and return to the Board for approval after developing draft policies, and completing additional analysis and modeling prior to implementation;
2. Authorize and direct the Chief Executive Officer (CEO), with assistance of Legal Counsel, to execute a Memorandum of Understanding (MOU) with Orange County Health Care Agency (OC HCA for coordination of care, information sharing and other actions to support WCM activities; and
3. In connection with development of the Whole Child Model Family Advisory Committee:
    a. Direct the CEO to adopt new Medi-Cal policy AA.1271: Whole Child Model Family Advisory Committee; and,
    b. Appoint the following ~~eleven~~ individuals to the Whole-Child Model Family Advisory Committee (WCM FAC) for one or two-year terms as indicated or until a successor is appointed, beginning July 1, 2018:

Rev. 6/7/2018

        i. Family Member Representatives:
            a) Maura Byron for a two-year term ending June 30, 2020;
            b) Melissa Hardaway for a one-year term ending June 30, 2019;
            c) Grace Leroy-Loge for a two-year term ending June 30, 2020;
            d) Pam Patterson for a one-year term ending June 30, 2019;
            e) Kristin Rogers for a two-year term ending June 30, 2020; and
            f) Malissa Watson for a one-year term ending June 30, 2019.
        ~~ii. Community Representatives:~~
            ~~a) Michael Arnot for a two-year term ending June 30, 2020;~~
            ~~b) Sandra Cortez-Schultz for a one-year term ending June 30, 2019;~~
            ~~c) Gabriela Huerta for a two-year term ending June 30, 2020; and~~
            ~~d) Diane Key for a one-year term ending June 30, 2019.~~

6/7/2018: Continued to future Board meeting.

Background

The California Children's Services (CCS) Program is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children (to age 21) meeting financial and health condition eligibility criteria. On September 25, 2016, Governor Brown signed Senate Bill 586 into law, which authorizes DHCS to incorporate CCS services into Medi-Cal managed care plan (MCP) contracts for county organized health systems (COHS). This transition is referred to as the Whole-Child Model (WCM). WCM's goals include improving coordination and

integration of services to meet the needs of the whole child; retaining CCS program standards; supporting active family participation; and, maintaining member-provider relationships, where possible.

DHCS is implementing WCM on a phased basis; Orange County's implementation will be no sooner than January 1, 2019. Based on this schedule, CalOptima will assume financial responsibility for authorization and payment of CCS-eligible medical services including service authorization activities, claims (with some exceptions), case management, and quality oversight. DHCS will retain responsibility for program oversight, CCS provider paneling, and claims payment for CCS eligible Neonatal Intensive Care Unit (NICU) services. OC HCA will remain responsible for CCS eligibility determination for all children and for CCS services for non-Medi-Cal members (e.g., those who exceed the Medi-Cal income thresholds and undocumented children who transition out of MCP when they turn 18). OC HCA will also remain responsible for Medical Therapy Program (MTP) services and the Pediatric Palliative Care Waiver.

WCM will incorporate requirements from SB 586 and CCS into the Medi-Cal managed care plans. New requirements under WCM will include, but not be limited to:

- Using CCS paneled providers and facilities to treat children and youth for their CCS condition, including network adequacy certification;
- Offering continuity of care (e.g., durable medical equipment, CCS paneled providers) to transitioning members;
- Paying CCS or Medi-Cal rates, whichever is higher, unless provider has agreed to a different contractual arrangement;
- Offering CCS services including out-of-network, out-of-area, and out-of-state, including Maintenance & Transportation (travel, food and lodging) to access CCS services;
- Executing Memorandum of Understanding with OC HCA to support coordination of services;
- Permitting selection of a CCS paneled specialist to serve as a CCS member's Primary Care Provider (PCP);
- Establishing Pediatric Health Risk Assessment (P-HRA), associated risk stratification, and individual care planning process;
- Establishing WCM clinical and member/family advisory committees; and,
- Reporting in accordance with WCM specific requirements.

For the requirements, CalOptima will rely on SB 586 and DHCS guidance provided through All Plan Letters (APL) and current and future CCS requirements published in the CCS Numbered Letters. Additional information will be provided in DHCS contact amendments, readiness requirements, and other regulatory releases.

On November 2, 2017, the CalOptima Board of Directors authorized establishment of the WCM FAC. The WCM FAC is comprised of eleven (11) voting seats.

1. Seven (7) to nine (9) seats shall be seats for family representatives, with a priority to family representatives (i.e., if qualifying family candidates are available, all nine (9) seats will be filled by family members). Family representatives will be in the following categories:
   a. Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
   b. CalOptima members age 18 - 21 who are current recipients of CCS services; or

   c. Current CalOptima members age of 21 and over who transitioned from CCS services.
2. Two (2) to four (4) of the seats shall represent the interests of children receiving CCS including
   a. Community-based organizations; or
   b. Consumer advocates.

While two (2) of the WCM-FAC's eleven (11) seats are designated for community-based organizations or consumer advocates, WCM-FAC candidates representing these two groups may be considered for up to two additional WCM-FAC seats in the event that there are not sufficient family representative candidates to fill the family seats.

Except for the initial appointments, WCM FAC members will serve two-year terms, with no limits on the number of terms a representative may serve, provided they meet applicable criteria. The initial appointment will be divided between one- and two-year terms to stagger reappointments. In the first year, five (5) committee member seats will be appointed for a one-year term and six (6) committee members seats will be appointed for two-year terms.

Discussion

Throughout the years, CalOptima staff has monitored regulatory and industry discussions on the possible transition of CCS services to the managed care plans, including participation in DHCS CCS stakeholder meetings. In 2013, the Health Plan of San Mateo, in partnership with the San Mateo County Health System, became the first CCS demonstration project under California's 1115 "Bridge to Reform" Waiver. In 2014, DHCS formally launched its stakeholder process for *CCS Redesign*, which later became known as the *Whole Child Model*.

CalOptima began meeting with OC HCA in early 2016 to learn about CCS and, more broadly, to share information about CalOptima programs supporting our mutual members. CalOptima conducted its first broad-based stakeholder meeting in March 2016 and launched its WCM stakeholder webpage in 2016. Since that time, CalOptima has shared WCM information and vetted its WCM implementation strategy with stakeholders at events and meetings hosted by CalOptima and others. In January 2018, CalOptima hosted a WCM event for local stakeholders that included presentations by DHCS and CalOptima leadership. Six (6) family-focused stakeholder meetings were held throughout the county in February 2018. CalOptima health networks and providers have also been engaged through Provider Advisory Committee meetings, Provider Associations, Health Network Joint Operations Meetings, and Health Network Forum Meetings. CalOptima has scheduled WCM-specific meetings with health networks to support the implementation and provide a venue for them to raise questions and concerns.

Implementation Plan Elements

Delivery Model

As CCS has been carved-out of CalOptima's Medi-Cal managed care plan contract with DHCS, it has similarly been carved-out of CalOptima's health network contracts. CalOptima considered several options for WCM service delivery including: 1) requiring all CCS participants to be enrolled in CalOptima's direct network (rather than a delegated health network); 2) retaining the current health network carve-out for CCS services, while allowing members to remain enrolled in a delegated health network; or, 3) carving CCS services into the health network division of financial responsibility (DOFR) consistent with their current contract model.

Requiring enrollment in CalOptima Direct could potentially break relationships with existing health network contracted providers and disrupt services for non-CCS conditions. Carving CCS services out of health network responsibility, while allowing members to remain assigned to a health network, would continue the siloed service delivery CCS children currently receive and, therefore, not maximize achievement of the "whole-child" goal. Carving the CCS services into the health networks according to the current health network contract models is most consistent with the WCM goals and existing delivery model structure. For purposes of this action, the CalOptima Community Network (CCN) would be considered a health network.

Health Network Financial Model
CalOptima has worked closely with the DHCS to ensure adequate Medi-Cal revenue to support the WCM and actuarially sound provider and health network rates. For the WCM, DHCS will establish capitation that will include CCS and non-CCS services. However, only limited historical CCS claims payment detail is available. In order to mitigate health network financial risk due to potentially costly outliers, CalOptima staff is considering, with the exception of Kaiser, to:

- Expand current policy that transitions clinical management and financial risk of CalOptima medical members diagnosed with hemophilia, in treatment for end stage renal disease (ESRD), or receiving an organ transplant from the health network to CCN to include Medi-Cal members under 21;
- Establish an estimated capitation rate, similar to the DHCS methodology, that includes CCS and non-CCS services and develop a medical loss ratio (MLR) risk corridor; and
- Modify existing or establish new policies related to payment of services for members enrolled in a shared risk group, reinsurance, health-based risk adjusted capitation payment, shared risk pool, and special payments for high-cost exclusions and out-of-state CCS services.

The estimated capitation rate for the health networks, excluding Kaiser, will be established based on known methodologies and data provided by DHCS. Capitation will include services based on the current health network structure and division of responsibility. Also built into the rates will be the requirement that at a minimum, the Medi-Cal or CCS fee-for-service rate, whichever is higher, will be utilized, unless an alternate payment methodology or rate is mutually agreed to by the CCS provider and the health network. CalOptima staff will review the capitation rate structure with the health networks once final rates are received from DHCS and analyzed by CalOptima staff. In the interim, CalOptima staff will develop, with input from the health networks, the upper and lower limits of the MLR risk corridor and reconciliation process. Current policy regarding high-cost medical exclusions will also be discussed. Separate discussions will occur with Kaiser, as its capitation rate structure is different than the other health networks. CalOptima staff will return to the Board with future recommendations, as required.

Clinical Operations
CalOptima will be responsible for providing CCS-specific case management, care coordination, provider referral, and service authorization to children with a CCS condition. CalOptima will conduct risk stratification, health risk assessment and care planning. For transitioning members, CalOptima will also be responsible for ensuring continuity of services, for example, CCS professional services, durable medical equipment and pharmacy.

While many services currently provided to children enrolled in CCS are covered by CalOptima for non-CCS conditions, the transition to WCM will incorporate new responsibilities to CalOptima including authorizing High-Risk Infant Follow-Up (HRIF), and NICU, and new benefits such as Cochlear implants Maintenance and Transportation services when applicable, to the child and/or family. Maintenance and Transportation services include meals, lodging, transportation, and other necessary costs (i.e. parking, tolls, etc.).

CalOptima will also be responsible for facilitating the transition of care between the County and CalOptima case management and following State requirements issued to the County, in the form of Numbered Letters, in regard to CCS administration and implementation. An example of this would be implementing the County's process for transitioning out of the program children currently enrolled in CCS but who will not be eligible once they turn twenty-one (21).

CalOptima may modify existing or establish new policies to implement WCM. These may include policies related to, for example, CCS comprehensive case management, risk stratification, health risk assessment, continuity of care, authorization for durable medical equipment (including wheelchairs) and pharmacy. CalOptima staff will return to the Board with future recommendations as required.

Provider Impact and Network Adequacy
The State requires plans, and their delegates, to have an adequate network of CCS-paneled and approved providers to serve to children enrolled in CCS. During the timeframe given for readiness and as an ongoing process, CalOptima will attempt to contract with as many CCS providers on the State-provided list and located in Orange County as possible. CalOptima is attempting to contract with all CCS providers in Orange County and specialized providers outside Orange County currently providing services to CalOptima members. Historically, CalOptima has paid, and expects to continue to pay, contracted CCS specialists an augmented rate to support participation and coordination of CalOptima and CCS services. This process is based on previous Board Action and reflected in Policy FF.1003: Payments for Covered Services Rendered to a Member of CalOptima Direct or a Member Enrolled in a Shared Risk Group.

CalOptima may modify existing or establish new policies to implement WCM. These may include policies related to, for example, access and availability standards, credentialing, primary care provider assignment, CalOptima staff will return to the Board with future recommendations as required.

<u>Memorandum of Understanding (MOU)</u>
Leveraging the DHCS WCM MOU template, CalOptima and OC HCA staff have worked in partnership to develop a new WCM MOU to reflect shared needs and to serve as the primary vehicle for ensuring collaboration between CalOptima and OC HCA in serving our joint CCS members. The MOU identifies each party's responsibilities and obligations based on their respective scope of responsibilities as they relate to CCS eligibility and enrollment, case management, continuity of care, advisory committees, data sharing, dispute management, NICU and quality assurance.

<u>Whole Child Model Family Advisory Committee (WCM FAC)</u>
In connection with the November 2, 2017 Board Action described above, CalOptima staff developed new Medi-Cal policy AA.1271: Whole Child Model Family Advisory Committee to establish policies and procedures related to development and on-going operations of the WCM FAC, Staff recommends Board approval of AA.1271: Whole Child Model Family Advisory Committee.

To identify nominees for the WCM FAC for Board consideration, CalOptima conducted recruitment to ensure that there would be a diverse applicant pool from which to choose candidates. The recruitment included several notification methods, sending outreach flyers to community-based organizations (CBOs) and OC HCA CCS staff for distribution to CCS members and their families, targeting outreach at six (6) CalOptima hosted WCM family events and at community meetings, and posting information on the WCM Stakeholder Information and WCM Family Advisory Committee pages on CalOptima's website. A total of sixteen (16) applications (eight (8) in each category) were received from fifteen (15) individuals (one (1) individual applied for a seat in both categories).

As the WCM FAC is in development, CalOptima requested members of CalOptima's Member Advisory Committee (MAC) to serve as the Nomination Ad Hoc Subcommittee (Subcommittee). Prior to the MAC Nominations Ad Hoc meeting on April 19, 2018, Subcommittee members evaluated each application. The Subcommittee, including Connie Gonzalez, Jaime Munoz and Christine Tolbert, selected a candidate for each of the seats. All eligible applicants for a Family Representative seat were recommended. (One (1) of the eight (8) applicants was not eligible as she did not have family or personal experience in CCS.) At the May 10, 2018 meeting, the MAC considered and accepted the recommended slate of candidates, as proposed by the Subcommittee.

Candidates for the open positions are as follows:
Family Representatives

1. Maura Byron for a two-year term ending June 30, 2020;
2. Melissa Hardaway for a one-year term ending June 30, 2019;
3. Grace Leroy-Loge for a two-year term ending June 30, 2020;
4. Pam Patterson for a one-year term ending June 30, 2019;
5. Kristin Rogers for a two-year term ending June 30, 2020; and
6. Malissa Watson for a one-year term ending June 30, 2019.

Maureen Byron is the mother of a young adult who is a current CCS client. Ms. Byron became involved in the CCS Parent Advisory Committee resulting in her being hired by Family Support Network (FSN). At FSN, she is a parent mentor assisting families of children with complex health care needs to maneuver in the system and secure services. In addition, she responds to families' questions and provides peer and emotional support.

Melissa Hardaway is the mother of a special needs child who receives CCS services. Ms. Hardaway is familiar with the health care industry as a health care professional and a broker. She believes her understanding of managed care and her advocacy experience for her child will benefit her to assist families of children in CCS.

Grace Leroy-Loge is the mother of an adolescent receiving CCS services. Ms. Leroy-Loge works as the Family Support Liaison at CHOC Children's Hospital NICU where she assists families of children with medically complex needs to advocate for their children. She has served in the community on several committees, such as the parent council of CCS, Make-a-Wish Medical Advisory Committee and Orange County Children's Collaborative.

Pam Patterson is the mother of a special needs adolescent receiving CCS. Ms. Patterson is a special needs attorney and a constitutional law attorney. She has many years of experience advocating for her child with CCS and the Regional Center of Orange County. Ms. Patterson is also very active in the community.

Kristin Rogers is the mother of a young teenager who receives CCS services. Ms. Rogers explained that because she encountered difficulties obtaining the correct health care coverage for her child, she wants to educate others with similar situations on how to obtain appropriate coverage. Ms. Rogers is an active volunteer at CHOC.

Malissa Watson is the mother of a child that receives CCS services. Ms. Watson's desire is to help families navigate CCS and CalOptima. Ms. Watson is active in the community, serving on the CHOC Hospital Parent Advisory Committee and mentoring other parents.

~~*CBO/Advocate Representatives*~~

1. ~~Michael Arnot for a two-year term ending June 30, 2020;~~
2. ~~Sandra Cortez-Schultz for a one-year term ending June 30, 2019;~~
3. ~~Gabriela Huerta for a two-year term ending June 30, 2020; and~~
4. ~~Diane Key for a one-year term ending June 30, 2019.~~

~~Michael Arnot is the Executive Director for Children's Cause Orange County, an organization that provides evidence-based therapeutic intervention for children with traumatic stress, such as trauma from medical procedures from co-occurring health conditions covered under CCS. Mr. Arnot has extensive experience working with children in varying capacities.~~

~~Sandra Cortez-Schultz is the Customer Service Manager at CHOC Children's Hospital. Ms. Cortez-Schultz is responsible for ensuring that the families of medically complex children receive the appropriate care and treatment they require. She is also the Chair of CHOC's Family Advisory Council. Ms. Cortez-Schultz has over 25 years of experience working directly and indirectly at varying levels with the CCS program.~~

~~Gabriela Huerta is a Lead Case Manager, California Children's Services/Regional Center for Molina Healthcare, Inc. Ms. Huerta is responsible for health care management and coordination of services for CCS members, including assessments, intervention, planning and development of member centric plans and coordination of care. She has expertise in CCS as a carve-out benefit as well as a managed care benefit.~~

~~Diane Key is the Director of Women's and Children's Services for UCI Medical Center. Ms. Key has over 30 years of experience working in women and children's services in clinical nursing and leadership oversight positions. She has knowledge of CCS standards, eligibility criteria and facility requirements. In addition, she understands the physical, psycho-social and developmental needs of CCS children.~~

6/7/2018: Continued to future Board meeting.

Staff recommends Board approval of the proposed nominees for the WCM FAC.

Fiscal Impact

The recommended action to approve the implementation plan for the WCM program carries significant financial risks. Based on draft capitation rates received from DHCS on April 27, 2018, staff estimates the total annual program costs for WCM at $274 million. Management has included projected revenues and expenses associated with the WCM program in the proposed CalOptima FY 2018-19 Operating Budget pending Board approval. However, given the high acuity and medical utilization associated with a relatively small CCS population, costs for the program are difficult to predict and likely to be volatile. CalOptima will continue to work closely with DHCS to ensure that Medi-Cal revenue will be sufficient to support the WCM program.

Rationale for Recommendation

The recommended actions will enable CalOptima to operationally prepare for the anticipated January 1, 2019, transition of California Children's Services to Whole-Child Model.

Whole-Child Model (WCM) Implementation Plan

Board of Directors Meeting

June 7, 2018

Candice Gomez, Executive Director

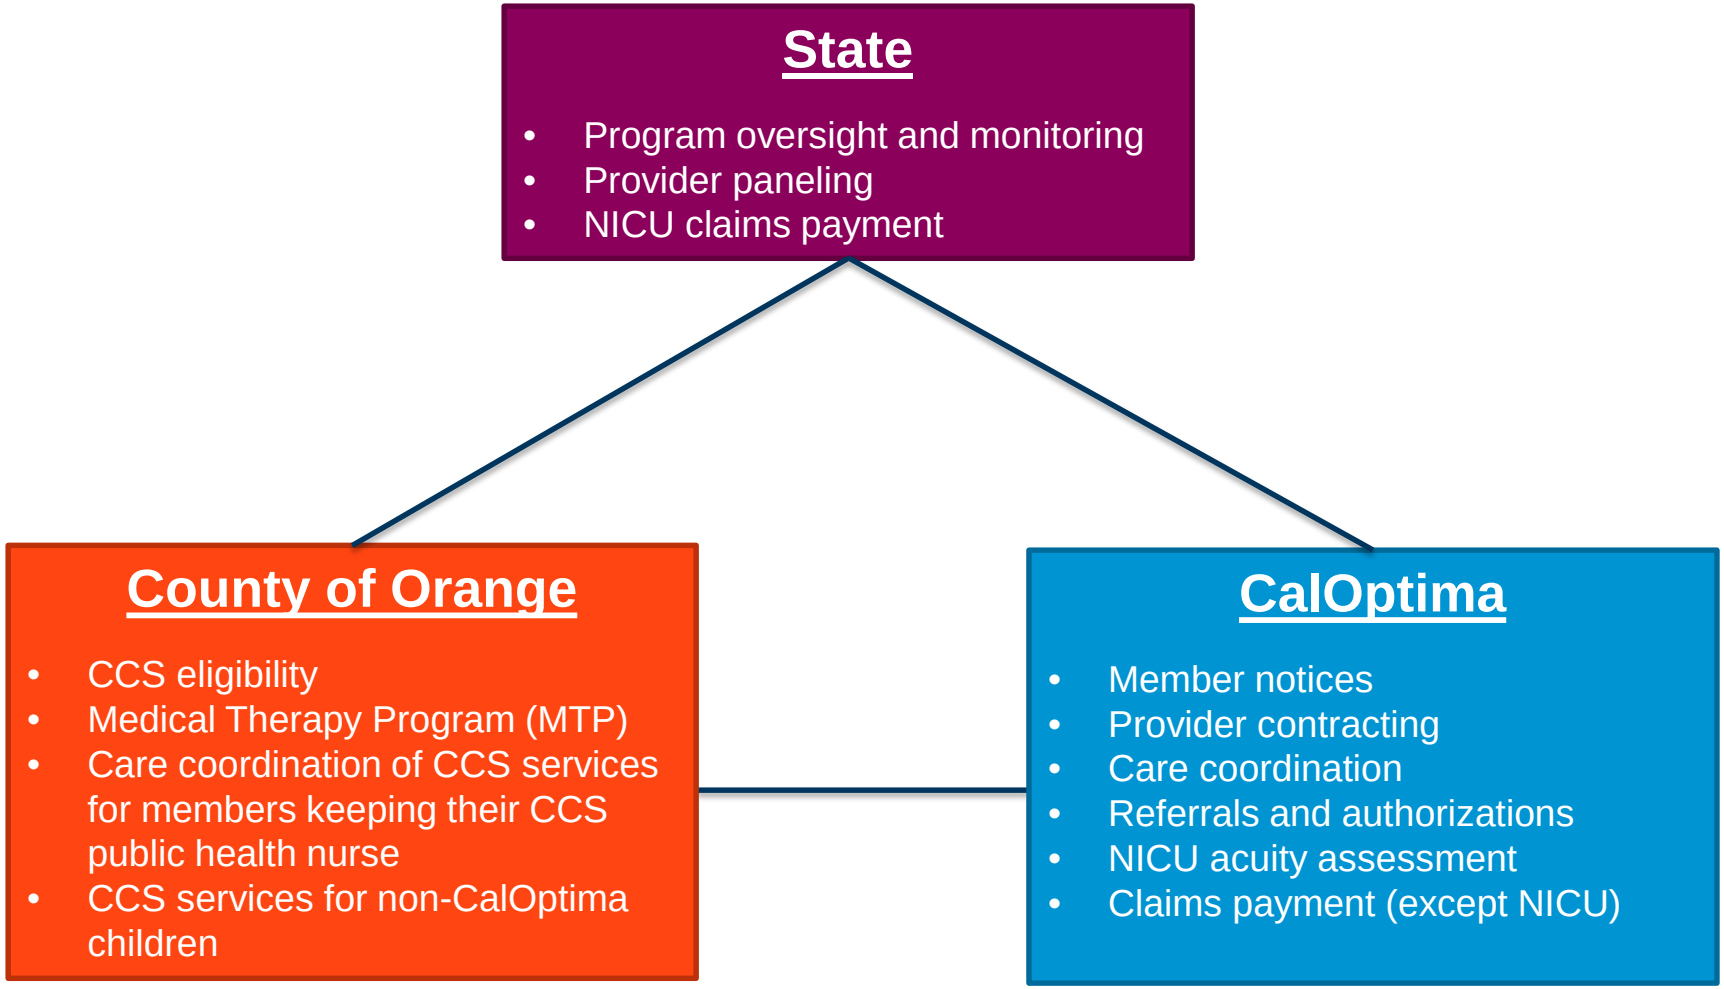
Program Implementation

Background

Whole-Child Model (WCM) Overview

- California Children's Services (CCS) is a statewide program providing medical care and case management for children under 21 with certain medical conditions
  - Locally administered by Orange County Health Care Agency
- The Department of Health Care Services (DHCS) is implementing WCM to integrate the CCS services into select Medi-Cal plans
  - CalOptima will implement WCM effective January 1, 2019

Division of WCM Responsibilities



WCM Transition Goals

- Improve coordination and integration of services to meet the needs of the whole child
- Retain CCS program standards
- Support active family participation
- Establish specialized programs to manage and coordinate care
- Ensure care is provided in the most appropriate, least restrictive setting
- Maintain existing patient-provider relationships when possible

CCS Demographics

- About 13,000 Orange County children are receiving CCS services
  - ➢ 90 percent are CalOptima members

Languages
• Spanish = 48 percent • English = 44 percent • Vietnamese = 4 percent • Other/unknown = 4 percent

City of Residence (Top 5)
• Santa Ana = 23 percent • Anaheim = 18 percent • Garden Grove = 8 percent • Orange = 6 percent • Fullerton = 4 percent

WCM Requirements

- Required use of CCS paneled providers and facilities, including network adequacy certification
- Memorandum of Understanding with OC HCA to support coordination of services
- Maintenance & Transportation (travel, food and lodging) to access CCS services
- WCM specific reporting requirements
- Permit selection of a CCS paneled specialist to serve as a CCS member's Primary Care Provider (PCP)
- Establish WCM clinical and member/family advisory committees

2018 Stakeholder Engagement to Date

- January 25– General stakeholder event (93 attendees)
- February 26 -28 – Six family events (87 attendees)
- Provider focused presentations and meetings:
  - Hospital Association of Southern California
  - Safety Net Summit - Coalition of Orange County Community Health Centers
  - Pediatrician focused events hosted by Orange County Medical Association Pediatric Committee and Health Care Partners
  - Health Network convenings including Health Network Forum, Joint Operations Meetings and on-going workgroups
- Speakers Bureau and community meetings

CalOptima
A Public Agency
Better. Together.

Implementation Plan Elements

Proposed Delivery Model

- Leverage existing delivery model using health networks, subject to Board approval
  - Reflects the spirit of the law to bring together CCS services and non-CCS services into a single delivery system

- Using existing model creates several advantages
  - Maintains relationships between CCS-eligible children, their chosen health network and primary care provider
  - Improves clinical outcomes and health care experience for members and their families
  - Decreases inappropriate medical and administrative costs
  - Reduces administrative burden for providers

Financial Approach

- DHCS will establish a single capitation rate that includes CCS and non-CCS services
- Limited historical CCS claims payment detail available
- CalOptima Direct and CalOptima Community Network
  - Follow current fee-for-service methodology and policy
  - CCS paneled physicians are reimbursed at 140% Medi-Cal
- Health Network
  - Keep health network risk and payment structure similar to current methodologies in place
  - Develop risk corridors to mitigate risk

Clinical Operations

- Providing CCS-specific case management, care coordination, provider referral and authorizations

- Supporting new services such as High-Risk Infant Follow-Up authorization, Maintenance and Transportation (lodging, meals and other travel related services)

- Facilitating transitions of care
  - Risk stratification, health risk assessment and care planning for children and youth transitioning to WCM
  - Between CalOptima, OC HCA and other counties
  - Age-out planning for members who will become ineligible for CCS when they turn 21 years of age

Provider Impact and Network Adequacy

- CalOptima and delegated networks must have adequate network of CCS paneled and approved providers
  - CCS panel status will be part of credentialing process
  - CCS members will be able to select their CCS specialists as primary care provider
  - CalOptima is in process of contracting with CCS providers in Orange County and specialized providers outside of county providing services to existing members
  - Documentation of network adequacy will be submitted to DHCS by September 28, 2018

Memorandum of Understanding (MOU)

- DHCS requires CalOptima and Orange County Health Care Agency to develop WCM MOU to support collaboration and information sharing
  - Leverage DHCS template
  - Outlines responsibilities related:
    - CCS eligibility and enrollment
    - Case management
    - Continuity of care
    - Advisory committees
    - Data sharing
    - Dispute management
    - NICU
    - Quality assurance

WCM Family Advisory Committee

- CalOptima must establish a WCM Family Advisory Committee per Welfare & Institutions Code § 14094.17
- November 2, 2017 Board authorized development of committee
  - Eleven voting seats
    - Seven to nine family representative seats
    - Two to four community-based organizations or consumer advocates
    - Priority to family representatives
  - Two-year terms, with no term limits
    - Staggered terms
    - In first year, five seats for one-year term and six seats for two-year term
  - Approval requested for AA.1271: Whole Child Model Family Advisory Committee

WCM Family Advisory Committee (cont.)

- Sixteen applications (eight in each category)
- April 19, 2018 Member Advisory Committee (MAC) Nominations ad hoc committee selected candidates
  - All eligible applicants in family category were selected
    - One applicant was ineligible as she has no prior CCS experience
  - Four applicants in community category were selected
- May 10, 2018 MAC considered and accepted MAC Ad Hoc's recommended nominations for Board consideration

Recommended Nominees

Family Seats	Community Seats
Maura Byron	**Michael Arnot** Executive Director Children's Cause Orange County
Melissa Hardaway	
Grace Leroy-Loge	**Sandra Cortez – Schultz** Customer Service Manager CHOC Children's Hospital
Pam Patterson	
Kristin Rogers	**Gabriela Huerta** Lead Case Manager, California Children's Services/Regional Center Molina Healthcare, Inc.
Malissa Watson	
	Diane Key Director of Women's and Children's Services UCI Medical Center

Next Steps

- Review WCM capitation and risk corridor approach with Health Networks

- Planned stakeholder engagement
  - Community-based organization focus groups in June
  - General event in July
  - Family events in Fall

- Future Board actions
  - Update policies and procedures
  - Health network contracts

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken November 2, 2017
Regular Meeting of the CalOptima Board of Directors

Report Item

18. Consider Adopting Resolution Establishing a Family Advisory Committee for the Whole-Child Model Medi-Cal Program

Contact

Sesha Mudunuri, Executive Director, Operations, (714) 246-8400
Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Actions

Rev. 11/2/17

1. Adopt Resolution No. 17-1102-01, establishing the CalOptima Whole-Child Model family advisory committee to provide advice and recommendations to the CalOptima Board of Directors on issues concerning California Children's Services (CCS) and the Whole-Child Model program; and
2. Subject to approval of the California Department of Health Care Services (DHCS), authorize a stipend of up to $50 per committee meeting attended for each family representative appointed to the Whole-Child Model Family Advisory Committee (WCM-FAC).

Background

On September 25, 2016, SB 586 (Hernandez): Children's Services was signed into law. SB 586 authorizes the establishment of the Whole-Child Model that incorporates CCS-covered services for Medi-Cal eligible children and youth into specified county-organized health plans, including CalOptima. A provision of the Whole-Child Model requires each participating health plan to establish a family advisory committee. Accordingly, DHCS is requiring the establishment of a Whole-Child Model family advisory committee to report and provide input and recommendations to CalOptima relative to the Whole-Child Model program. The proposed stipend, subject to DHCS approval, is intended to enable in-person participation by members and family member representatives. It is also anticipated that a representative from the family advisory committees of each Medi-Cal plan will be invited to serve on a statewide stakeholder advisory group.

Since CalOptima's inception, the CalOptima Board of Directors has benefited from stakeholder involvement in the form of standing advisory committees. Under the authority of County of Orange Codified Ordinances, Section 4-11-15, and Article VII of the CalOptima Bylaws, the CalOptima Board of Directors may create committees or advisory boards that may be necessary or beneficial to accomplishing CalOptima's tasks. The advisory committees function solely in an advisory capacity providing input and recommendations concerning the CalOptima programs. CalOptima Whole-Child Model program would also benefit from the advice of a standing family advisory committee.

Discussion

While specific to Whole-Child Model program, the charge of the WCM-FAC would be similar to that of the other CalOptima Board advisory committees, including:

- Provide advice and recommendations to the Board and staff on issues concerning CalOptima Whole-Child Model program as directed by the Board and as permitted under applicable law;

- Engage in study, research and analysis of issues assigned by the Board or generated by staff or the family advisory committee;
- Serve as liaison between interested parties and the Board and assist the Board and staff in obtaining public opinion on issues relating to CalOptima Whole-Child Model program; and
- Initiate recommendations on issues for study to the CalOptima Board for its approval and consideration, and facilitate community outreach for CalOptima Whole-Child Model program and the Board.

While SB 586 requires plans to establish family advisory committees, committee composition is not explicitly defined. Based on current advisory committee experience, staff recommends including eleven (11) voting members on CalOptima's WCM-FAC, representing CCS family members who reflect the diversity of the CCS families served by the plan, as well as consumer advocates representing CCS families. If necessary, CalOptima will provide an in-person interpreter at the meetings. For the first nomination process to fill the seats, it is proposed that CalOptima's current Member Advisory Committee will be asked to participate in the Family Advisory Committee nominating ad hoc committee. The proposed candidates will then be submitted to the Board for consideration. It is anticipated that subsequent nominations for seats will be reviewed by a WCM-FAC nominating ad hoc committee and will be submitted first to the WCM-FAC, then to the full Board for consideration of the WCM-FAC's recommendations.

CalOptima staff recommends that the WCM-FAC be comprised of eleven (11) voting seats:

1. Seven (7) to ~~N~~ nine (9) of the seats shall be family representatives in one of the following categories, with a priority to family representatives (i.e., if qualifying family representative candidates are available, all nine (9) seats will be filled by family representatives):
    i. Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
    ii. CalOptima members age 18 -21 who are current recipients of CCS services; or
    iii. Current CalOptima members over the age of 21 who transitioned from CCS services.
2. Two (2) to four (4) of the seats shall represent the interests of children receiving CCS services, including:
    i. Community-based organizations; or
    ii. Consumer advocates.

While two (2) of the WCM-FAC's eleven seats are designated for community-based organizations or consumer advocates, WCM-FAC candidates representing these two groups may be considered for up to two additional WCM-FAC seats in the event that there are not sufficient family representative candidates to fill these seats.

Rev. 11/2/2017

Except for initial appointments, CalOptima WCM-FAC members will serve two (2) year terms, with no limits on the number of terms a representative may serve provided they continue to meet the above-referenced eligibility criteria. The initial appointments of WCM-FAC members will be divided between one and two-year terms to stagger reappointments. In the first year, five (5) committee member seats will be appointed for a one-year term and six (6) committee member seats will be appointed for a two-year term.

The WCM-FAC Chair and Vice Chair for the first year will be nominated at the second WCM-FAC meeting by committee members. The WCM-FAC's recommendations for these positions will subsequently be submitted to the Board for consideration. After the first year, the Chair and Vice Chair of the WCM-FAC will be appointed by the Board annually from the appointed voting members and may serve two consecutive one-year terms in a particular committee officer position.

The WCM-FAC will develop, review annually and recommend to the Board any revisions to the committee's Mission or Goals and Objectives. The Goals and Objectives will be consistent with those of the CalOptima Whole-Child Model.

The WCM-FAC will meet at least quarterly and will determine the appropriate meeting frequency to provide timely, meaningful input to the Board. At its second meeting, the WCM-FAC will adopt a meeting schedule for the remainder of the fiscal year. Thereafter, a yearly meeting schedule will be adopted prior to the first regularly scheduled meeting of each year. All meetings must be conducted in accordance with CalOptima's Bylaws. Attendance of a simple majority of WCM-FAC seats will constitute a quorum. A quorum must be present for any action to be taken. Members are allowed excused absences from meetings. Notification of absence must be received by CalOptima staff prior to scheduled WCM-FAC meetings.

The CalOptima Chief Executive Officer (CEO) will prepare, or cause to be prepared, an agenda for all WCM-FAC meetings prior to posting. Posting procedures must be consistent with the requirements of the Ralph M. Brown Act (California Government Code section 54950 *et seq.*). In addition, minutes of each WCM-FAC meeting will be taken, which will be filed with the Board. The Chair will report verbally or in writing to the Board at least twice annually. The Chair will also report to the Board, as requested, on issues specified by the Board. CalOptima management will provide staff support to the WCM-FAC to assist and facilitate the operations of the committee.

In order to enable in-person participation, SB 586 provides plans the option to pay a reasonable per diem payment to family representatives serving on the Family Advisory Committee. Similar to another Medi-Cal Managed Care Plan with an already established family-based advisory committee, and subject to DHCS approval, CalOptima staff recommends that the Board authorize a stipend of up to $50 per meeting for family representatives participating on the WCM-FAC. Only one stipend will be provided per qualifying WCM-FAC member per regularly scheduled meeting. In addition, stipend payments are restricted to family representatives only. Representatives of community-based organizations and consumer advocates are not eligible for stipends. As indicated, payment of the stipends is contingent upon approval by DHCS.

As it is the policy of CalOptima's Board to encourage maximum member and provider involvement in the CalOptima program, it is anticipated that the CalOptima Whole-Child Model will benefit from the establishment of a Family Advisory Committee. This WCM-FAC will report to the Board and will serve solely in an advisory capacity to the Board and CalOptima staff with respect to CalOptima Whole-Child Model. Establishing the WCM-FAC is intended to help to ensure that members' values and needs are integrated into the design, implementation, operation and evaluation of the CalOptima Whole-Child Model.

Fiscal Impact

The fiscal impact of the recommended action to establish the CalOptima WCM-FAC is an unbudgeted item. The projected total cost, including stipends, for meetings from April through June 2018, is $3,575. Unspent budgeted funds approved in the CalOptima Fiscal Year (FY) 2017-18 Operating Budget on June 1, 2017, will fund the cost through June 30, 2018. The estimated annual cost is $13,665. At this time, it is unknown whether additional staff will be necessary to support the advisory committee's work. Management plans to include expenses related to the WCM-FAC in future operating budgets.

Rationale for Recommendation

SB 586 requires that, for implementation of the Whole-Child Model program, a family advisory committee must be established. As proposed, the WCM-FAC will advise CalOptima's Board and staff on operations of the CalOptima Whole-Child Model.

Resolution No. 17-1102-01

Rev.
11/2/17

/s/ Michael Schrader — **Authorized Signature**

10/23/2017 — **Date**

RESOLUTION NUMBER 17-1102-01

**RESOLUTION OF THE BOARD OF DIRECTORS
ORANGE COUNTY HEALTH AUTHORITY, DBA CALOPTIMA
ESTABLISHING POLICY AND PROCEDURES FOR CALOPTIMA WHOLE-CHILD MODEL MEMBER ADVISORY COMMITTEE**

WHEREAS, the CalOptima Board of Directors (hereinafter "the Board") would benefit from the advice of broad-based standing advisory committee specifically focusing on the CalOptima Whole-Child Model Plan hereafter "CalOptima Whole-Child Model Family Advisory Committee"; and

WHEREAS, the State of California, Department of Health Care Services (DHCS) has established requirements for implementation of the CalOptima Whole-Child Model program, including a requirement for the establishment of an advisory committee focusing on the Whole-Child Model; and

WHEREAS, the CalOptima Whole-Child Model Family Advisory Committee will serve solely in an advisory capacity to the Board and staff, and will be convened no later than the effective date of the CalOptima Whole-Child Model;

NOW, THEREFORE, BE IT RESOLVED:

Section 1. Committee Established. The CalOptima Whole-Child Model Family Advisory Committee (hereinafter "WCM-FAC") is hereby established to:

- Report directly to the Board;
- Provide advice and recommendations to the Board and staff on issues concerning the CalOptima Whole-Child Model program as directed by the Board and as permitted under the law;
- Engage in study, research and analysis of issues assigned by the Board or generated by the WCM-FAC;
- Serve as liaison between interested parties and the Board and assist the Board and staff in obtaining public opinion on issues relating to CalOptima Whole-Child Model or California Children Services (CCS);
- Initiates recommendations on issues for study to the Board for approval and consideration; and
- Facilitates community outreach for CalOptima and the Board.

Section 2. Committee Membership. The WCM-FAC shall be comprised of Eleven (11) voting members, representing or representing the interests of CCS families. In making appointments and re-appointments, the Board shall consider the ethnic and cultural diversity and special needs of the CalOptima Whole-Child Model population. Nomination and input from interested groups and community-based organizations will be given due consideration. Except as noted below, members are appointed for a term of two (2) full years, with no limits on the number of terms. All voting member appointments (and reappointments) will be made by the Board. During the first year, five (5) WCM-FAC members will serve a one -year term

and six (6) will serve a two-year term, resulting in staggered appointments being selected in subsequent years.

The WCM-FAC shall be composed of eleven (11) voting seats:

1. Seven (7) to nine (9) of the seats shall be family representatives in the following categories:
   - Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
   - CalOptima members age 18-21 who are current recipients of CCS services; or
   - Current CalOptima members over the age of 21 who transitioned from CCS services.

2. Two (2) to four (4) of the seats shall represent the interests of children with CCS, including:
   - Community-based organizations (CBOs); or
   - Consumer advocates.

Rev. 11/2/2017

If nine or more qualified candidates initially apply for family representative seats, nine of the eleven committee seats will be filled with family representatives. Initially, and on an on-going basis, only in circumstances when there are insufficient applicants to fill all of the designated family representative seats with qualifying family representatives, up to two of the nine seats designated for family members may be filled with representatives of CBOs or consumer advocates.

It is anticipated that a representative from the CalOptima WCM-FAC may be invited to serve on a statewide stakeholder advisory group.

Section 3. Chair and Vice Chair. The Chair and Vice Chair for the WCM-FAC will be appointed by the Board annually from the appointed members. The Chair, or in the Chair's absence, the Vice Chair, shall preside over WCM-FAC meetings. The Chair and Vice Chair may each serve up to two consecutive terms in a particular WCM-FAC officer position, or until their successor is appointed by the Board.

Section 4. Committee Mission, Goals and Objectives. The WCM-FAC will develop, review annually, and make recommendations to the Board on any revisions to the committee's Mission or Goals and Objectives.

Section 5. Meetings. The WCM-FAC will meet at least quarterly. A yearly meeting schedule will be adopted at the second regularly scheduled meeting for the remainder of the fiscal year. Thereafter, a yearly meeting schedule will be adopted prior to the first regularly scheduled meeting of each year. All meetings must be conducted in accordance with CalOptima's Bylaws.

Attendance by the occupants of a simple majority of WCM-FAC seats shall constitute a quorum. A quorum must be present in order for any action to be taken by the WCM-FAC. Committee members are allowed excused absences from meetings. Notification of absence must be received by CalOptima staff prior to the scheduled WCM-FAC meeting.

The CalOptima Chief Executive Officer (CEO) shall prepare, or cause to be prepared, and post, or cause to be posted, an agenda for all WCM-FAC meetings. Agenda contents and posting procedures must be consistent with the requirements of the Ralph M. Brown Act (Government Code section 54950 *et seq.*).

WCM-FAC minutes will be taken at each meeting and filed with the Board.

Section 6. Reporting. The Chair is required to report verbally or in writing to the Board at least twice annually. The Chair will also report to the Board, as requested, on issues specified by the Board.

Section 7. Staffing. CalOptima will provide staff support to the WCM-FAC to assist and facilitate the operations of the committee.

Section 8. Ad Hoc Committees. Ad hoc committees may be established by the WCM-FAC Chair from time to time to formulate recommendations to the full WCM-FAC on specific issues. The scope and purpose of each such ad hoc will be defined by the Chair and disclosed at WCM-FAC meetings. Each ad hoc committee will terminate when the specific task for which it was created is complete. An ad hoc committee must include fewer than a majority of the voting committee members.

Section 9. Stipend. Subject to DHCS approval, family representatives participating on the WCM-FAC are eligible to receive a stipend for their attendance at regularly scheduled and ad hoc WCM-FAC meetings. Only one stipend is available per qualifying WCM-FAC member per regularly scheduled meeting. WCM-FAC members representing community-based organizations and consumer advocates are not eligible for WCM-FAC stipends.

APPROVED AND ADOPTED by the Board of Directors of the Orange County Health Authority, d.b.a., CalOptima this 2nd day of November, 2017.

Policy #:	AA.1271PP
Title:	**Whole Child Model Family Advisory Committee**
Department:	General Administration
Section:	Not Applicable
CEO Approval:	Michael Schrader
Effective Date:	06/07/18
Last Review Date:	Not Applicable
Last Revised Date:	Not Applicable

I. PURPOSE

This policy describes the composition and role of the Family Advisory Committee for Whole Child Model (WCM) and establishes a process for recruiting, evaluating, and selecting prospective candidates to the Whole Child Model Family Advisory Committee (WCM FAC).

II. POLICY

A. As directed by CalOptima's Board of Directors (Board), the WCM FAC shall report to the CalOptima Board and shall provide advice and recommendations to the CalOptima Board and CalOptima staff in regards to California Children's Services (CCS) provided by CalOptima Medi-Cal's implementation of the WCM.

B. CalOptima's Board encourages Member and community involvement in CalOptima programs.

C. WCM FAC members shall recuse themselves from voting or from decisions where a conflict of interest may exist and shall abide by CalOptima's conflict of interest code and, in accordance with CalOptima Policy AA.1204: Gifts, Honoraria, and Travel Payments.

D. CalOptima shall provide timely reporting of information pertaining to the WCM FAC as requested by the Department of Health Care Services (DHCS).

E. The composition of the WCM FAC shall reflect the cultural diversity and special needs of the health care consumers within the Whole-Child Model population. WCM FAC members shall have direct or indirect contact with CalOptima Members.

F. In accordance with CalOptima Board Resolution No. 17-1102-01, the WCM FAC shall be comprised of eleven (11) voting members representing CCS family members, as well as consumer advocates representing CCS families. Except as noted below, each voting member shall serve a two (2) year term with no limits on the number of terms a representative may serve. The initial appointments of WCM FAC members will be divided between one (1) and two (2)-year terms to stagger reappointments. In the first year, five (5) committee member seats shall be appointed for a one (1)-year term and six (6) committee member seats shall be appointed for a two (2)-year term. The WCM FAC members serving a one (1) year term in the first year shall, if reappointed, serve two (2) year terms thereafter.

1. Seven (7) to nine (9) of the seats shall be family representatives in one (1) of the following categories, with a priority to family representatives (i.e., if qualifying family representative candidates are available, all nine (9) seats will be filled by family representatives):

    a. Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima Member who is a current recipient of CCS services;

    b. CalOptima Members eighteen (18)-twenty-one (21) years of age who are current recipients of CCS services; or

    c. Current CalOptima members over the age of twenty-one (21) who transitioned from CCS services.

2. Two (2) to four (4) of the seats shall represent the interests of children receiving CCS services, including:

    a. Community-based organizations; or

    b. Consumer advocates.

3. While two (2) of the WCM FAC's eleven (11) seats are designated for community-based organizations or consumer advocates, an additional two (2) WCM FAC candidates representing these groups may be considered for these seats in the event that there are not sufficient family representative candidates to fill the family member seats.

4. Interpretive services shall be provided at committee meetings upon request from a WCM FAC member or family member representative.

5. A family representative, in accordance with Section II.G.1 of this Policy, may be invited to serve on a statewide stakeholder advisory group.

G. Stipends

1. Subject to approval by the CalOptima Board, CalOptima may provide a reasonable per diem payment to a member or family representative serving on the WCM FAC. CalOptima shall maintain a log of each payment provided to the member or family representative, including type and value, and shall provide such log to DHCS upon request.

    a. Representatives of community-based organizations and consumer advocates are not eligible for stipends.

H. The WCM FAC shall conduct a nomination process to recruit potential candidates for expiring seats, in accordance with this Policy.

I. WCM FAC Vacancies

1. If a seat is vacated within two (2) months from the start of the nomination process, the vacated seat shall be filled during the annual recruitment and nomination process.

2. If a seat is vacated after the annual nomination process is complete, the WCM FAC nomination ad hoc subcommittee shall review the applicants from the recent recruitment to see if there is a viable candidate.

    a. If there is no viable candidate among the applicants, CalOptima shall conduct recruitment, per section III.B.2.

3. A new WCM FAC member appointed to fill a mid-term vacancy, shall serve the remainder of the resigning member's term, which may be less than a full two (2) year term.

J. On an annual basis, WCM FAC shall select a chair and vice chair from its membership to coincide with the annual recruitment and nomination process. Candidate recruitment and selection of the chair and vice chair shall be conducted in accordance with Sections III.B-D of this Policy.

1. The WCM FAC chair and vice chair may serve two (2) consecutive one (1) year terms.

2. The WCM FAC chair and/or vice chair may be removed by a majority vote of CalOptima's Board.

K. The WCM FAC chair, or vice chair, shall ask for three (3) to four (4) members from the WCM FAC to serve on a nomination ad hoc subcommittee. WCM FAC members who are being considered for reappointment cannot participate in the nomination ad hoc subcommittee.

1. The WCM FAC nomination ad hoc subcommittee shall:

    a. Review, evaluate and select a prospective chair, vice chair and a candidate for each of the open seats, in accordance with Section III.C-D of this Policy; and

    b. Forward the prospective chair, vice chair, and slate of candidate(s) to the WCM FAC for review and approval.

2. Following approval from the WCM FAC, the recommended chair, vice chair, and slate of candidate(s) shall be forwarded to CalOptima's Board for review and approval.

L. CalOptima's Board shall approve all appointments, reappointments, and chair and vice chair appointments to the WCM FAC.

M. Upon appointment to WCM FAC and annually thereafter, WCM FAC members shall be required to complete all mandatory annual Compliance Training by the given deadline to maintain eligibility standing on the WCM FAC.

N. WCM FAC members shall attend all regularly scheduled meetings, unless they have an excused absence. An absence shall be considered excused if a WCM FAC member provides notification of an absence to CalOptima staff prior to the meeting. CalOptima staff shall maintain an attendance log of the WCM FAC members' attendance at WCM FAC meetings. As the attendance log is a public record, any request from a member of the public, the WCM FAC chair, the vice chair, the Chief Executive Officer, or the CalOptima Board, CalOptima staff shall provide a copy of the attendance log to the requester. In addition, the WCM FAC chair, or vice chair, shall contact any committee member who has three (3) consecutive unexcused absences.

1. WCM FAC members' attendance shall be considered as a criterion upon reapplication.

III. PROCEDURE

A. WCM FAC meeting frequency

1. WCM FAC shall meet at least quarterly.

2. WCM FAC shall adopt a yearly meeting schedule at the first regularly scheduled meeting in or after January of each year.

3. Attendance by a simple majority of appointed members shall constitute a quorum, and a quorum must be present for any votes to be valid.

B. WCM FAC recruitment process

1. CalOptima shall begin recruitment of potential candidates in March of each year. In the recruitment of potential candidates, the ethnic and cultural diversity and special needs of children and/or families of children in CCS which are or are expected to transition to CalOptima's Whole-Child Model population shall be considered. Nominations and input from interest groups and agencies shall be given due consideration.

2. CalOptima shall recruit for potential candidates using one or more notification methods, which may include, but are not limited to, the following:

   a. Outreach to family representatives and community advocates that represent children receiving CCS;

   b. Placement of vacancy notices on the CalOptima website; and/or

   c. Advertisement of vacancies in local newspapers in Threshold Languages.

3. Prospective candidates must submit a WCM Family Advisory Committee application, including resume and signed consent forms. Candidates shall be notified at the time of recruitment regarding the deadline to submit their application to CalOptima.

4. Except for the initial recruitment, the WCM FAC chair or vice chair shall inquire of its membership whether there are interested candidates who wish to be considered as a chair or vice chair for the upcoming fiscal year.

   a. CalOptima shall inquire at the first WCM FAC meeting whether there are interested candidates who wish to be considered as a chair for the first year.

C. WCM FAC nomination evaluation process

1. The WCM FAC chair or vice chair shall request three (3) to four (4) members, who are not being considered for reappointment, to serve on the nominations ad hoc subcommittee. For the first nomination process, Member Advisory Committee (MAC) members shall serve on the nominations ad hoc subcommittee to review candidates for WCM FAC.

a. At the discretion of the nomination ad hoc subcommittee, a subject matter expert (SME), may be included on the subcommittee to provide consultation and advice.

2. Prior to WCM FAC nomination ad hoc subcommittee meeting (including the initial WCM FAC nomination ad hoc subcommittee).

a. Ad hoc subcommittee members shall individually evaluate and score the application for each of the prospective candidates using the applicant evaluation tool.

b. Ad hoc subcommittee members shall individually evaluate and select a chair and vice chair from among the interested candidates.

c. At the discretion of the ad hoc subcommittee, subcommittee members may contact a prospective candidate's references for additional information and background validation.

3. The ad hoc subcommittee shall convene to discuss and select a chair, vice chair and a candidate for each of the expiring seats by using the findings from the applicant evaluation tool, the attendance record if relevant and the prospective candidate's references.

D. WCM FAC selection and approval process for prospective chair, vice chair, and WCM FAC candidates:

1. The nomination ad hoc subcommittee shall forward its recommendation for a chair, vice chair, and a slate of candidates to WCM FAC (or in the first year, the MAC) for review and approval. Following WCM FAC's approval (or in the first year, the MAC), the proposed chair, vice chair and slate of candidates shall be submitted to CalOptima's Board for approval.

2. The WCM FAC members' terms shall be effective upon approval by the CalOptima Board.

a. In the case of a selected candidate filling a seat that was vacated mid-term, the new candidate shall attend the immediately following WCM FAC meeting.

3. WCM FAC members shall attend a new advisory committee member orientation.

LIMITED PRIVACY WAIVER

Under state and federal law, the fact that a person is eligible for Medi-Cal and California Children's Services (CCS) is a private matter that may only be disclosed by CalOptima as necessary to administer the Medi-Cal and CCS program, unless other disclosures are authorized by the eligible member. Because the position of Member Representative on Whole Child Model Family Advisory Committee (WCM FAC) requires that the person appointed must be a member or a family member of a member receiving CCS, the member's Medi-Cal and CCS eligibility will be disclosed to the general public. The member or their representative (e.g. parent, foster parent, guardian, etc.) should check the appropriate box below and sign this waiver to allow his or her, or his or her family member or caregiver's name to be nominated for the advisory committee.

☐ **MEMBER APPLICANT — I understand that by signing below and applying to serve on the WCM FAC, I am disclosing my eligibility for the Medi-Cal and CCS program, the fact of which is otherwise protected under state or federal law. I am not agreeing to disclose any other information protected by state or federal law.**

☐ **FAMILY MEMBER APPLICANT — I understand that by applying to serve on the WCM FAC, my status as a family member of a person eligible for Medi-Cal and CCS benefits is likely to become public. I authorize the disclosing of my family member's (insert name of member: _____) eligibility for the Medi-Cal and CCS program, the fact of which is otherwise protected under state or federal law. I am not agreeing to disclose any other information protected by state or federal law.**

AUTHORIZATION FOR USE AND DISCLOSURE OF PROTECTED HEALTH INFORMATION (PHI)

The federal HIPAA Privacy Regulations requires that you complete this form to authorize CalOptima to use or disclose your Protected Health Information (PHI) to another person or organization. Please complete, sign, and return the form to CalOptima.

Date of Request: _____ Telephone Number: _____

Member Name: _____ Member CIN: _____

AUTHORIZATION:

I, _____, hereby authorize CalOptima, to use or disclose my health information as described below.

Describe the health information that will be used or disclosed under this authorization (please be specific): Information related to the identity, program administrative activities and/or services provided to {me} {my child} which is disclosed in response to my own disclosures and/or questions related to same.

Person or organization authorized to receive the health information: **General public**

Describe each purpose of the requested use or disclosure (please be specific): **To allow** CalOptima staff to respond to questions or issues raised by me that may require reference to my health information that is protected from disclosure by law during public meetings of **the CalOptima Whole-Child Model Family Advisory Committee**

EXPIRATION DATE:

This authorization shall become effective immediately and shall expire on: **The end of the term of the position applied for**

Right to Revoke: I understand that I have the right to revoke this authorization in writing at any time. To revoke this authorization, I understand that I must make my request in writing and clearly state that I am revoking this specific authorization. In addition, I must sign my request and then mail or deliver my request to:

CalOptima
Customer Service Department
505 City Parkway West
Orange, CA 92868

I understand that a revocation will not affect the ability of CalOptima or any health care provider to use or disclose the health information to the extent that it has acted in reliance on this authorization.

RESTRICTIONS:

I understand that anything that occurs in the context of a public meeting, including the meetings of the Whole Child Model Family Advisory Committee, is a matter of public record that is required to be disclosed upon request under the California Public Records Act. Information related to, or relevant to, information disclosed pursuant to this authorization that is not disclosed at the public meeting remains protected from disclosure under the Health Insurance Portability and Accountability Act (HIPAA), and will not be disclosed by CalOptima without separate authorization, unless disclosure is permitted by HIPAA without authorization, or is required by law.

MEMBER RIGHTS:

- I understand that I must receive a copy of this authorization.
- I understand that I may receive additional copies of the authorization.
- I understand that I may refuse to sign this authorization.
- I understand that I may withdraw this authorization at any time.
- I understand that neither treatment nor payment will be dependent upon my refusing or agreeing to sign this authorization.

ADDITIONAL COPIES:

Did you receive additional copies? ☐ Yes ☐ No

SIGNATURE:

By signing below, I acknowledge receiving a copy of this authorization.

CalOptima Board Action Agenda Referral

Action To Be Taken June 4, 2009
Regular Meeting of the CalOptima Board of Directors

Report Item
VI. E. Approve Health Network Contract Rate Methodology

Contact
Michael Engelhard, Chief Financial Officer, (714) 246-8400

Recommended Action
Approve the modification methodology of Health Network capitation rates for October 1, 2009.

Background
Health Network capitation is the payment method that CalOptima uses to reimburse PHCs and shared risk groups for the provision of health care services to members enrolled in CalOptima Medi-Cal and CalOptima Kids. In order to ensure that reimbursement to such capitated providers reflects up-to-date information, CalOptima periodically contracts with its actuarial consultants to recalculate or "rebase" these payment rates.

The purpose of this year's rebasing is to:

- Establish actuarially sound facility and professional capitation rates;
- Account for changes in CalOptima's delivery model;
- Incorporate changes in the Division of Financial Responsibility (DOFR); and
- Perform separate analyses for Medi-Cal and CalOptima Kids.

The overall methodology for this year's rebasing approach includes:

- CalOptima eligibility data;
- Encounter and CalOptima Direct (COD) claim data analysis
- Reimbursement analysis;
- PCP capitation analysis;
- Maternity "kick" payment analysis;
- State benefit carve-out analysis;
- Reinsurance analysis;
- Administrative load analysis;
- Budget neutrality established

Discussion
CalOptima uses capitation as one way to reimburse certain contracted health care providers for services rendered. A Capitation payment is made to the provider during the month and is based solely on the number of contracted members assigned to that provider

Back to Agenda
Back to Item
Back to Item

at the beginning of each month. The provider is then responsible for utilizing those dollars in exchange for all services provided during that month or period.

To ensure that capitated payment rates reflect the current structure and responsibilities between CalOptima and its delegated providers, capitation rates need to be periodically reset or rebased.

CalOptima last performed a comprehensive rate rebasing in July 2007, for rates effective January 1, 2008, for CalOptima Medi-Cal only. Much has changed since that time including the establishment of shared risk groups; the movement of certain high-acuity members out of the Health Networks and into COD; changes in the DOFR between hospitals, physicians and CalOptima; shifts in member mix between the Health Networks; and changes in utilization of services by members.

Therefore, CalOptima opted to perform another comprehensive rebasing analysis prior to the FY2009-10 year in order to fully reflect the above-mentioned changes.

Fiscal Impact
CalOptima projects no fiscal impact as a result of the rebasing. Rebasing is designed to be budget neutral to overall CalOptima medical expenses even though there will likely be changes to specific capitation rates paid to Health Network providers.

Rationale for Recommendation
Staff recommends approval of this action to provide proper reimbursement levels to CalOptima's capitated health networks participating in CalOptima Medi-Cal and CalOptima Kids.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action to Be Taken December 17, 2003
Special Meeting of the CalOptima Board of Directors

Report Item
VI. A. Approve Modifications to the CalOptima Health Network Capitation Methodology and Rate Allocations

Contact
Amy Park, Chief Financial Officer, (714) 246-8400

Recommended Action
Approve modifications to the CalOptima health network capitation methodology and rate allocations between Physician and Hospital financial responsibilities effective March 2004.

Background
CalOptima pays its health networks (HMOs and PHCs) according to the same schedule of capitation rates, which are adjusted by Medi-Cal aid category, gender and age. The actuarial cost model, upon which these rates are based, was developed by Milliman USA utilizing pre-CalOptima Orange County fee-for-service (FFS) experience as the baseline. This model then took into account utilization targets that were actuarially-appropriate for major categories of services and competitive reimbursement levels to ensure sufficient funds to provide all medically necessary services under a managed care model.

Since development of the model in 1999, CalOptima has negotiated capitation rate increases from the State for managed care rate "pass throughs" as a result of provider rate increases implemented in the Medi-Cal FFS program. In turn, CalOptima passed on these additional revenues to the health networks by increasing capitation payments, establishing carve-outs (e.g., transplants), or offering additional financial support, such as funding for enhanced subspecialty coverage and improving reinsurance coverage.

It has now been over four years since CalOptima commissioned a complete review of the actuarial cost model. As noted, CalOptima has only adjusted the underlying pricing in the actuarial cost model over the years to pass on increases in capitation rates to the health networks.

In light of State fiscal challenges and impending potential Medi-Cal funding and benefit reductions, CalOptima must examine the actuarial soundness of the existing cost model and update the utilization assumptions to ensure that CalOptima's health network capitation rate methodology continues to allocate fiscal resources commensurate with the level of medical needs of the population served. This process will also provide

Back to Item
Back to Agenda
Back to Item

CalOptima with a renewed starting point from which to make informed decisions as we face yet another round of State budget uncertainties and declining resources.

Discussion

General Process. With the updated model, Milliman's rebasing process takes into account the 7+ years of health network managed care experience, rather than the historical pre-CalOptima Orange County FFS experience, as a base for capitation rates. Milliman examined the utilization statistics as indicated by the health network encounter data and evaluated the utilization for completeness by comparing against health network reported utilization and financial trends, health network primary care physician capitation and other capitation rates, health network hospital risk pool settlements, and other benchmarks as available. Further adjustments were made to account for changes in contractual requirements in the 2003-2005 health network contracts.

Utilization Assumptions. Consistent with changes in the State rate methodology, the updated health network capitation model combines the Family, Poverty and Child aid categories into a single Family aid category, with updated age/gender factors. The new model also recommends the creation of a supplemental capitation rate for members with end stage renal disease (ESRD). Furthermore, the actuarial model identifies actuarially-appropriate utilization targets for all major categories of services. These targets are set at levels that ensure that health networks have sufficient funds to provide all medically necessary services.

Pricing Assumptions. The new actuarial cost model includes reimbursement assumptions that are applied to the utilization targets to determine capitation rates. Effective October 2003, the State reduced CalOptima's capitation rates, effectively passing through the 5% cutback in physician and other provider rates as enacted in the 2003-04 State Budget Act. Notwithstanding this reduction, it is CalOptima's goal to maintain physician reimbursement levels to ensure members' continued access to care. Hence, CalOptima's health network minimum provider reimbursement policy and capitation funding will be maintained at its current levels. In other words, health networks will continue to be required to reimburse specialty physicians at rates that are no less than 150% of the Medi-Cal Fee Schedule and physician services in the actuarial model will continued to be priced at 147% of the August 1999 Medi-Cal Fee Schedule (as adjusted to primarily reflect market primary care physician capitation rates).

The actuarial cost model also provides sufficient funds to reimburse inpatient hospital reimbursement services at rates that are comparable to the average Southern California per diem rates and payment trends as published by California Medical Assistance Commission (CMAC) and to reimburse hospital outpatient services, commensurate with physician services, at 147% of the August 1999 Medi-Cal Fee Schedule.

In addition, the actuarial cost model provides sufficient funds for health network administrative expenses and an allowance for surplus. The table below summarizes the adjusted allocation of health network capitation rates to reflect the new actuarial cost model:

Aid Category	Proposed Hospital	Proposed Physician	Proposed Combined
Family/Poverty/Child	-4.6%	2.1%	-0.7%
Adult	-19.4%	-3.1%	-12.0%
Aged	18.9%	19.1%	19.0%
Disabled	10.9%	-4.4%	3.3%
Composite	1.7%	0.7%	1.2%

**Percentage changes are calculated from current capitation rates which have been adjusted to reflect the establishment of a separate ESRD supplemental capitation.*

Fiscal Impact

In summary, the proposed modifications will increase capitation payments made to physicians by 0.7%, while capitation payments to hospitals will increase by approximately 1.7%, for an overall weighted average increase in health network capitation rate payments of 1.2%, or $3.1 million on an annualized basis.

This additional increase will be funded by the Medi-Cal capitation rate increases received by CalOptima related to the State's settlement of the *Orthopaedic v. Belshe* lawsuit concerning Medi-Cal payment rates for hospital outpatient services.

As the Board will recall, the additional monies received by CalOptima related to this hospital outpatient settlement were passed through to hospitals in a lump-sum payment as approved by the Board in April 2003 for Fiscal 2001-02. That Board action also included approval for a second distribution scheduled for January 2004 to be made to hospitals for Fiscal 2002-03 related monies. Therefore, the proposed increases in hospital capitation rates contained in this action referral will facilitate the ongoing distributions of these dollars to CalOptima's participating hospitals. *See also related Board action referral to approve modifications to CalOptima Direct hospital reimbursement rates.*

Rationale for Recommendation

The proposed modifications to the rate methodology and related allocation of funds are consistent with the extensive, independent analysis performed by Milliman USA to update CalOptima's health network capitation methodology to reflect the 7+ years of health network managed care experience, rather than the historical pre-CalOptima Orange County FFS experience, as a base for capitation rates. The updated actuarial model also provides CalOptima with a renewed starting point from which to make informed

decisions as we face yet another round of State budget uncertainties and declining resources.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken April 2, 2020
Regular Meeting of the CalOptima Board of Directors

Report Item

7. Consider Approval of CalOptima Medi-Cal Directed Payments Policy

Contact

Candice Gomez, Executive Director, Program Implementation, (714) 246-8400
Nancy Huang, Chief Financial Officer, (714) 246-8400

Recommended Actions

That the Board of Directors:

1. Approve CalOptima Medi-Cal Policy FF.2011 Directed Payments to align with current operational processes and comply with the Department of Health Care Services (DHCS) Directed Payment programs guidance.

2. Authorize the advance funding of the Directed Payments, as necessary and appropriate, for the Directed Payment programs identified in CalOptima Policy FF.2011.

3. Authorize the Chief Executive Officer, to approve as necessary and appropriate, the continuation of payment of Directed Payments to eligible providers for qualifying services before the release of DHCS final guidance, if instructed, in writing, by DHCS, and the State Plan Amendment (SPA) has been filed with the Centers for Medicare & Medicaid Services (CMS) for an extension of the Directed Payment program identified in CalOptima Policy FF.2011.

4. Authorize the Chief Executive Officer, with the assistance of Legal Counsel, to update and amend, as necessary and appropriate, Health Network Contracts and Attachment A: Directed Payments Rates and Codes of CalOptima Policy FF.2011, pursuant to DHCS final guidance or written instruction to CalOptima.

Background/Discussion

DHCS has implemented Directed Payment programs aimed at specified expenditures for existing health care services through different funding mechanisms. The current DHCS Directed Payments programs are funded by the Quality Assurance Fee (QAF) and Proposition 56. DHCS operationalizes these Directed Payments programs by either adjusting the existing Medi-Cal fee Schedule by establishing a minimum fee schedule payment or through a specific add-on (supplemental) payment administered by the Medi-Cal Managed Care Plans (MCPs). DHCS releases Directed Payments guidance to the MCPs through All Plan Letters (APLs). The APLs include guidance regarding providers eligible for payment, service codes eligible for reimbursement, timeliness requirements to make payments, and MCP reporting requirements.

CalOptima has established processes to meet regulatory timeliness and payment requirements for Proposition 56 physician payments and GEMT for the delegated health networks. On June 7, 2018 the CalOptima Board of Directors (Board) approved the methodology for the disbursement of Proposition 56 physician services payments to eligible Medi-Cal providers and services rendered for dates of service (DOS) in SFY 2017-18. On June 6, 2019, the Board ratified implementation of the standardized annual

Proposition 56 provider payment process for physician services extended into future DOS. On September 5, 2019, the Board approved the implementation of the statutorily mandated rate increase for GEMT. While staff initially planned for these initial directed payment initiatives to be time limited, additional directed payment provisions are anticipated and expected to be on-going. DHCS has also released information for additional Directed Payments programs to be implemented. The existing and new Directed Payment programs are as follows:

Program Name	Effective DOS	Eligible Providers	Final DHCS Guidance as of December 26, 2019
Physician Services	7/1/2017 to 12/31/2021	Contracted	APL 18-010 released 05/01/2018 APL 19-006 released 06/13/2019 APL 19-015 released 12/24/2019
Abortion Services (Hyde)	7/1/2017 to 6/30/2020	All Providers	APL 19-013 released 10/17/2019
Developmental Screening Services	On or after 1/1/2020	Contracted	APL 19-016 released 12/26/2019
ACE (Trauma) Screening Services	On or after 1/1/2020	Contracted	APL 19-018 released 12/26/2019
GEMT	7/1/2018 to 6/30/2019	Non-Contracted	APL 19-007 released 6/14/2019 State Plan Amendment: 19-0020 released 09/06/2019 APL 20-002 released January 31, 2020

In order to meet timeliness and payment requirements, CalOptima staff recommends establishing Medi-Cal policy FF.2011 Directed Payments, which addresses the above-listed qualifying services. This new policy defines Directed Payments and outlines the process by which a Health Network will follow DHCS guidelines regarding qualifying services, eligible providers, and payment requirements for applicable DOS. The policy establishes new reimbursement processes for Directed Payments not included in the Health Network capitation and reimbursed to the Health Network on a per service basis as well as a 2% administrative fee component. In addition, the policy provides an initial monthly payment to the Health Network for estimated medical costs that will be reconciled with the monthly reimbursement reports. This process will apply to qualifying services and eligible providers as prescribed through an APL or specified by DHCS through other correspondence.

Staff seeks authority to update and amend Health Network Contracts and Attachment A: Directed Payments Rates and Codes of CalOptima Policy FF.2011, pursuant to DHCS final guidance or written instruction to CalOptima. In the future, staff also anticipates that this policy will need to be updated periodically, subject to Board approval, as new Directed Payment programs are issued by DHCS.

Staff seeks authority to implement funding for Directed Payment programs identified in CalOptima Policy FF.2011 before it receives funding from DHCS. As of March 2020, CalOptima has not received funding from DHCS for the new Proposition 56 programs for developmental screening services and adverse childhood experiences (ACE) screening services, as well as the existing Directed Payment

program for GEMT services for SFY 2019-20 which includes two (2) new CPT codes. Implementation of directed payments before DHCS has issued funding are necessary as DHCS final APLs have already been issued.

Operational policies for CalOptima Direct, including the CalOptima Community Network, will be modified separately. CalOptima staff will seek CalOptima Board of Directors (Board) ratification action as required.

Fiscal Impact
