The recommended action to approve CalOptima Policy FF.2011 are projected to be budget neutral to CalOptima. Staff anticipates funding provided by DHCS will be sufficient to cover the costs related to Directed Payment programs. As DHCS releases additional guidance and performs payment reconciliation, including application of risk corridors, Staff will closely monitor the potential fiscal impact to CalOptima.

Rationale for Recommendation
The recommended action will enable CalOptima to be compliant with regulatory guidance provided by DHCS.

Concurrence
Gary Crockett, Chief Counsel

Revised Date:	Not applicable
Applicable to:	☒ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☐ Administrative - Internal ☐ Administrative – External

I. PURPOSE

This Policy establishes requirements pursuant to which CalOptima and a Health Network shall administer the Directed Payments for Qualifying Services, including processes for the reimbursement of Directed Payments by CalOptima to a Health Network and by a Health Network to its Designated Providers.

II. POLICY

A. CalOptima shall reimburse a Health Network for Directed Payments made to a Designated Provider for Qualifying Services in accordance with this Policy, including Attachment A of this Policy.

B. A Health Network shall qualify for the reimbursement of Directed Payments for Qualifying Services if:

1. The Health Network processed the Directed Payment to a Designated Provider in compliance with this Policy and applicable statutory, regulatory, and contractual requirements, as well as Department of Health Care Services (DHCS) guidance and Centers for Medicare & Medicaid Services (CMS) approved preprint;

2. The Qualifying Services were eligible for reimbursement (*e.g.*, based on coverage, coding, and billing requirements);

3. The Member or Eligible Member, as applicable and as those terms are defined in this Policy, was assigned to the Health Network on the date of service;

4. The Designated Provider was eligible to receive the Directed Payment;

5. The Qualifying Services were rendered by a Designated Provider on an eligible date of service;

6. The Health Network reimbursed the Designated Provider within the required timeframe, as set forth in Section III.B. of this Policy; and

Back to Item
Back to Agenda
Back to Item

7. The Health Network submits Encounter data and all other data necessary to ensure compliance with DHCS reporting requirements in accordance with Sections III.F. and III.G. of this Policy.

C. A Health Network shall make timely Directed Payments to Designated Providers for the following Qualifying Services, in accordance with Sections III.A. and III.B. of this Policy:

1. An Add-On Payment for Physician Services and Developmental Screening Services.

2. A Minimum Fee Payment for Adverse Childhood Experiences (ACEs) Screening Services, Abortion Services, and Ground Emergency Medical Transport (GEMT) Services.

D. A Health Network shall ensure that Qualifying Services reported using specified Current Procedural Terminology (CPT) Codes, Healthcare Common Procedure Coding System (HCPCS) Codes, and Procedure Codes, as well as the Encounter data reported to CalOptima, are appropriate for the services being provided, and are not reported for non-Qualifying Services or any other services.

E. A Health Network shall have a process to communicate the requirements of this Policy, including applicable DHCS guidance, to Designated Providers. This communication must, at a minimum, include:

1. A description of the minimum requirements for a Qualifying Service;

2. How Directed Payments will be processed;

3. How to file a grievance with the Health Network and second level appeal with CalOptima; and

4. Identify the payer of the Directed Payments. (i.e. Member's Health Network that is financially responsible for the specified Direct Payment.)

F. A Health Network shall have a formal procedure for the acceptance, acknowledgement, and resolution of provider grievances related to the processing or non-payment of a Directed Payment for a Qualifying Service. In addition, a Health Network shall identify a designated point of contact for provider questions and technical assistance.

G. Directed Payment Reimbursement

1. CalOptima shall reimburse a Health Network for a Directed Payment made to a Designated Provider for Qualifying Services in accordance with Sections III.C. and III.E. of this Policy.

a. Until such time reimbursement for a Directed Payment is included in a Health Network's capitation payment, CalOptima shall reimburse a Health Network for a Directed Payment separately.

2. If DHCS provides separate revenue to CalOptima for a Directed Payment requirement in addition to standard revenue from DHCS, CalOptima shall provide a Health Network a supplemental payment in addition to the Health Network's primary capitation payment.

a. A Health Network shall process a Directed Payment as a supplemental payment and CalOptima shall reimburse a Health Network in accordance with Section III.C. of this Policy.

b. CalOptima shall reimburse a Health Network medical costs of a Directed Payment plus a 2% administrative component. CalOptima's obligation to pay a Health Network any

administrative fees shall be contingent upon administrative component payments by DHCS to CalOptima for the Directed Payments.

3. If DHCS does not provide separate revenue to CalOptima and instead implements a Directed Payment as part of the Medi-Cal fee schedule change:

   a. A Health Network shall process a Directed Payment as part of the existing Medi-Cal fee schedule change process as outlined in CalOptima Policy FF.1002: CalOptima Medi-Cal Fee Schedule and CalOptima shall reimburse a Health Network in accordance with Sections III.C. and III.E. of this Policy.

   b. CalOptima shall reimburse a Health Network after the Directed Payment is distributed and the Health Network submits the Directed Payment adjustment reports as described in Section III.D. of this Policy.

H. On a monthly basis, CalOptima Accounting Department shall reimburse a Health Network the Estimated Initial Month Payment for a validated Directed Payment in accordance with Section III.E. of this Policy.

I. A Health Network may file a complaint regarding a Directed Payment received from CalOptima in accordance with CalOptima Policy HH.1101: CalOptima Provider Complaint.

J. CalOptima shall ensure oversight of the Directed Payment programs in accordance with CalOptima Policy GG.1619: Delegation Oversight.

III. PROCEDURE

A. Directed Payments for Qualifying Services

1. Physician Services: For dates of service on or after July 1, 2017, a Health Network shall make an Add-On Payment, in the amount and for the applicable CPT Code as specified in Attachment A of this Policy, to Eligible Contracted Providers rendering Physician Services to an Eligible Member.

   a. Federally Qualified Health Centers (FQHCs), Rural Health Clinics (RHCs), American Indian Health Services Programs, and cost-based reimbursement clinics are not eligible to receive this Add-On Payment for Physician Services.

2. Developmental Screening Services: For dates of service on or after January 1, 2020, a Health Network shall make an Add-On Payment, in the amount and for the applicable CPT Code as specified in Attachment A of this Policy, to Eligible Contracted Providers that are FQHCs, RHCs, and Indian Health Services Memorandum of Agreement (IHS-MOA) 638 clinics rendering Developmental Screening Services to an Eligible Member. A Developmental Screening Service must be provided in accordance with the American Academy of Pediatrics/Bright Futures periodicity schedule and guidelines and must be performed using a standardized tool that meets CMS Criteria.

   a. The following Developmental Screening Services are eligible for an Add-On Payment:

      i. A routine screening when provided:

         1) On or before the first birthday;

         2) After the first birthday and before or on the second birthday; or

3) After the second birthday and on or before the third birthday.

ii. Developmental Screening Services provided when medically necessary, in addition to routine screenings.

b. Development Screening Services are not subject to any prior authorization requirements.

c. A Health Network shall require Eligible Contracted Providers identified in Section III.A.2 of this Policy to document the completion of the Development Screening Service with the applicable CPT Code without the modifier as specified in Attachment A of this Policy.

d. A Health Network shall require Eligible Contracted Providers identified in Section III.A.2. of this Policy to document the following information in the Eligible Member's medical records:

i. The tool that was used to perform the Developmental Screening Service;

ii. That the completed screen was reviewed;

iii. The interpretation of results;

iv. Discussion with the Eligible Member and/or the Eligible Member's family; and

v. Any appropriate actions taken.

e. A Health Network shall ensure information set forth in Section III.A.2.d. of this Policy are made available to CalOptima and/or DHCS upon request.

f. In the event any of the provisions of Section III.A.2. of the Policy conflicts with the applicable requirements of DHCS guidance, CMS-approved preprint, regulations, and/or statutes, such requirements shall control.

3. ACEs Screening Services: For dates of service on or after January 1, 2020, a Health Network shall reimburse Eligible Contracted Providers a Minimum Fee Payment, as specified in Attachment A of this Policy for the applicable HCPCS Code, for rendering ACEs screening services to an Eligible Member, who is a child or an adult through sixty-four (64) years of age.

a. A Minimum Fee Payment for ACEs Screening Services shall only be made to rendering Eligible Contracted Providers that:

i. Utilize either the PEARLS tool or a qualifying ACEs questionnaire, as appropriate;

ii. Bill using one of the HCPCS Code specified in Attachment A of this Policy based on the screening score from the PEARLS tool or ACEs questionnaire used; and

iii. Are on DHCS list of providers that have completed the state-sponsored trauma-informed care training, except for dates of service prior to July 1, 2020. Commencing July 1, 2020, Eligible Contracted Providers must have taken a certified training and self-attested to completing the training to receive the Directed Payment for ACEs Screening Services.

b. A Health Network is only required to make the Minimum Fee Payment to an Eligible Contracted Provider for rendering an ACEs Screening Service, as follows:

i. Once per year per Eligible Member screened by that Eligible Contracted Provider, for a child Eligible Member assessed using the PEARLS tool.

ii. Once per lifetime per Eligible Member screened by that Eligible Contracted Provider, for an adult Eligible Member through age sixty-four (64) assessed using a qualifying ACEs questionnaire.

c. With respect to an Eligible Contracted Provider, CalOptima shall only reimburse a Health Network for the Minimum Fee Payment in accordance with Section III.A.3.b. of this Policy.

d. A Health Network shall require Eligible Contracted Providers to document the following information in the Eligible Member's medical records:

i. The tool that was used to perform the ACEs Screening Service;

ii. That the completed screen was reviewed;

iii. The interpretation of results;

iv. Discussion with the Eligible Member and/or the Eligible Member's family; and

v. Any appropriate actions taken.

e. A Health Network shall ensure information set forth in Section III.A.3.d. of this Policy are made available to CalOptima and/or DHCS upon request.

4. Abortion Services: For dates of service on or after July 1, 2018, a Health Network shall reimburse Eligible Contracted Providers and non-contracted Providers, as applicable, which are qualified to provide and bill for Abortion Services, a Minimum Fee Payment, as specified in Attachment A of this Policy for the applicable CPT Code, for providing Abortion Services to a Member.

a. In instances where a Member is found to have other sources of health coverage, a Health Network shall take appropriate action for cost avoidance and post-payment recovery, in accordance with its contractual obligations to CalOptima.

5. GEMT Services: For dates of service on or after July 1, 2018, a Health Network shall reimburse non-contracted GEMT Providers a Minimum Fee Payment, as specified in Attachment A of this Policy for the applicable CPT Code, for providing GEMT Services to a Member.

a. A Health Network shall identify and satisfy any Medicare crossover payment obligations that may result from the increase in GEMT Services reimbursement obligations.

b. In instances where a Member is found to have other sources of health coverage, a Health Network shall take appropriate action for cost avoidance and post-payment recovery, in accordance with its contractual obligations to CalOptima.

B. Timing of Directed Payments

1. Timeframes with Initial Directed Payment: When DHCS final guidance requires an initial Directed Payment for clean claims or accepted encounters received by the Health Network with specified dates of service (*i.e.*, between a specific date of service and the date CalOptima receives the initial funding from DHCS for the Directed Payment), a Health Network shall

ensure the initial Directed Payment required by this Policy is made, as necessary, within ninety (90) calendar days of the date CalOptima receives the initial funding from DHCS for the Directed Payment. From the date CalOptima receives the initial funding onward, a Health Network shall ensure subsequent Directed Payments required by this Policy are made within ninety (90) calendar days of receiving a clean claim or accepted encounter for Qualifying Services, for which the clean claim or accepted encounter is received by the Health Network no later than one (1) year after the date of service.

a. Initial Directed Payment: The initial Directed Payment shall include adjustments for any payments previously made by a Health Network to a Designated Provider based on the expected rates for Qualifying Services set forth in the Pending SPA or based on the established Directed Payment program criteria, rates and Qualifying Services, as applicable, pursuant to Section III.B.4. of this Policy.

b. Abortion Services: For clean claims or accepted encounters for Abortion Services with specified dates of service (*i.e.*, between July 1, 2017 and the date CalOptima receives the initial funding for Directed Payment from DHCS) that are timely submitted to a Health Network and have not been reimbursed the Minimum Fee Payment in accordance with this Policy, a Health Network shall issue the Minimum Fee Payment required by this Policy in a manner that does not require resubmission of claims or impose any reductions or denials for timeliness.

2. Timeframes without Initial Directed Payment: When DHCS final guidance does not expressly require an initial Directed Payment under Section III.B.1 of this Policy, a Health Network shall ensure that Directed Payments required by this Policy are made:

a. Within ninety (90) calendar days of receiving a clean claim or accepted encounter for Qualifying Services, for which the clean claim or encounter is received no later than one (1) year from the date of service.

b. Retroactively within ninety (90) calendar days of DHCS final guidance when a clean claim or accepted encounter for Qualifying Services is received prior to such guidance.

3. Notice by CalOptima

a. CalOptima Health Network Relations Department shall notify the Health Networks, in writing, of the requirements of DHCS final guidance for each Directed Payment program for Qualifying Services by no later than fifteen (15) calendar days from the release date of DHCS final guidance.

b. CalOptima Health Network Relations Department shall notify the Health Networks, in writing, of the date that CalOptima received the initial funding for the Directed Payment from DHCS, by no later than fifteen (15) calendar days from the date of receipt. This provision applies to initial funding received by CalOptima on or after April 1, 2020, provided that DHCS final guidance requires initial Directed Payment as set forth in Section III.B.1. of this Policy.

c. If DHCS files a State Plan Amendment (SPA) with CMS for an extension of a Directed Payment program ("Pending SPA") and CalOptima Board of Directors or Chief Executive Officer, pursuant to DHCS written instruction, approves the continuation of payment of the Directed Payment before DHCS final guidance is issued, CalOptima Health Network Relations Department shall notify the Health Networks, in writing, to continue to pay the Directed Payment to Designated Providers for Qualifying Services with specified dates of service.

4. Extension of Directed Payment Program:

    a. Upon receipt of written notice from CalOptima under Section III.B.3.c. of this Policy, a Health Network shall reimburse a Designated Provider for a Directed Payment according to the expected rates and Qualifying Services for the applicable time period as set forth in the Pending SPA or, at a minimum, according to the previously established Directed Payment program criteria, rates, and Qualifying Services, as applicable, until such time as the DHCS issues the final guidance.

    b. A Health Network shall ensure timely reconciliation and compliance with the final payment provisions as provided in DHCS final guidance when issued.

5. GEMT Services: A Health Network is not required to pay the Add-On Payment for GEMT Services for claims or encounters submitted more than one (1) year after the date of service, unless the non-contracted GEMT Provider can show good cause for the untimely submission.

    a. Good cause is shown when the record clearly shows that the delay in submitting a claim or encounter was due to one of the following:

        i. The Member has other sources of health coverage;

        ii. The Member's medical condition is such that the GEMT Provider is unable to verify the Member's Medi-Cal eligibility at the time of service or subsequently verify with due diligence;

        iii. Incorrect or incomplete information about the subject claim or encounter was furnished by the Health Network to the GEMT Provider; or

        iv. Unavoidable circumstances that prevented the GEMT Provider from timely submitting a claim or encounter, such as major floods, fires, tornadoes, and other natural catastrophes.

C. Directed Payments Processing

1. On a monthly basis, CalOptima shall reimburse a Health Network after the Health Network distributes the Directed Payment and the Health Network submits the Directed Payment adjustment reports in accordance with Section III.D. of this Policy.

    a. The CalOptima Accounting Department shall reconcile and validate the data through the Directed Payment adjustment report process prior to making a final payment adjustment to a Health Network.

2. If a Health Network identifies an overpayment of a Directed Payment, a Health Network shall return the overpayment within sixty (60) calendar days after the date on which the overpayment was identified, and shall notify CalOptima Accounting Department, in writing, of the reason for the overpayment. CalOptima shall coordinate with a Health Network on the process to return the overpayment in accordance with CalOptima Policy FF.1001: Capitation Payments.

    a. CalOptima shall notify a Health Network of acceptance, adjustment or rejection of the overpayment no later than three (3) business days after receipt.

    b. If CalOptima adjusts or rejects the overpayment, CalOptima shall include the overpayment adjustment in the subsequent month's process.

c. In the event CalOptima identifies that Directed Payments were made by a Health Network to a non-Designated Provider, or for non-Qualifying Services, or for services provided to a non-Member or a non-Eligible Member, as applicable, such Directed Payments shall constitute an overpayment which CalOptima shall recover from the Health Network**.**

D. Directed Payment Adjustment Process

1. As soon as a Health Network has processed and paid a Designated Provider for a Directed Payment, a Health Network shall submit a Directed Payment adjustment report for Qualifying Services by the tenth (10th) calendar day after the month ends to CalOptima's secure File Transfer Protocol (sFTP) site. A Health Network shall submit an adjustment report using CalOptima's proprietary format and file naming convention.

2. CalOptima Information Services Department shall notify a Health Network of file acceptance or rejection no later than three (3) business days after receipt. CalOptima may reject a file for data completeness, accuracy or inconsistency issues. If CalOptima rejects a file, a Health Network shall resubmit a corrected file no later than the tenth (10th) calendar day of the following month. Any resubmission after the tenth (10th) calendar day of the month will be included in the subsequent month's process.

3. Upon request, a Health Network shall provide additional information to support a submitted Directed Payment adjustment report to CalOptima Accounting Department within five (5) business days of the request.

4. For a complete Directed Payment adjustment report accepted by CalOptima Accounting Department, CalOptima shall reimburse a Health Network's medical costs of a Directed Payment plus a 2% administrative component no later than the twentieth (20th) calendar day of the current month based upon prior month's data. CalOptima's obligation to pay a Health Network any administrative fees shall be contingent upon administrative component payments by DHCS to CalOptima for the Directed Payments.

E. Estimated Initial Month Payment Process

1. On a monthly basis, CalOptima shall issue an Estimated Initial Month Payment to a Health Network. During the first month of implementation, CalOptima shall disburse the Estimated Initial Month Payment to a Health Network no later than the 10th of the implementing month and as follows:

   a. When available, the Estimated Initial Month Payment shall be based upon the most recent rolling three-month average of the paid claims; or

   b. If actual data regarding the specific services tied to a Directed Payment are not available, CalOptima shall base the Estimated Initial Month Payment on the expected monthly cost of those services.

2. Thereafter, CalOptima shall disburse the Estimated Initial Month Payment to a Health Network for a Directed Payment no later than the 20th of the month for services paid in that month.

3. CalOptima Accounting Department shall reconcile the prior month's Estimated Initial Month Payment against a Health Network's submitted Directed Payment adjustment report for the prior month. CalOptima shall adjust the current month's Estimated Initial Month Payment, either positively or negatively based upon the reconciliation.

4. Following the first month of implementation and thereafter, the Estimated Initial Month Payment, CalOptima Accounting Department shall disburse funds to a Health Network based upon the previous month's submitted Directed Payment adjustment report.

F. A Health Network shall report an Encounter in accordance with CalOptima Policy EE.1111: Health Network Encounter Reporting Requirements, and within three hundred sixty-five (365) calendar days after the date of service as reported on such Encounter.

G. Reporting

1. A Health Network shall submit all data related to Directed Payments to the CalOptima Information Services Department through the CalOptima secure File Transport Protocol (sFTP) site in a format specified by CalOptima, and in accordance with DHCS guidance, within fifteen (15) calendar days of the end of the applicable reporting quarter. Reports shall include, at a minimum, the CPT, HCPCS, or Procedure Code, service month, payor (*i.e.*, Health Network, or its delegated entity or subcontractor), and rendering Designated Provider's National Provider Identifier. CalOptima may require additional data as deemed necessary.

   a. Updated quarterly reports must be a replacement of all prior submissions. If no updated information is available for the quarterly report, a Health Network must submit an attestation to CalOptima stating that no updated information is available.

   b. If updated information is available for the quarterly report, a Health Network must submit the updated quarterly report in the appropriate file format and include an attestation that a Health Network considers the report complete.

2. CalOptima shall reconcile the Health Network's data reports and ensure submission to DHCS within forty-five (45) days of the end of the applicable reporting quarter as applicable.

IX. GLOSSARY

Term	Definition
Abortion Services	Specified medical pregnancy termination services, as listed by the CPT Codes for the applicable period in Attachment A of this Policy, that are Covered Services provided to a Member.
Add-On Payment	Directed Payment that funds a supplemental payment for certain Qualifying Services at a rate set forth by DHCS that is in addition to any other payment, fee-for-service or capitation, a specified Designated Provider receives from a Health Network.
Adverse Childhood Experiences (ACEs) Screening Services	Specified adverse childhood experiences screening services, as listed by the HCPCS Codes for the applicable period in Attachment A of this Policy, that are Covered Services provided to an Eligible Member through the use of either the Pediatric ACEs and Related Life-events Screener (PEARLS) tool for children (ages 0 to 19 years) or a qualifying ACEs questionnaire for adults (ages 18 years and older). An ACEs questionnaire or PEARLS tool may be utilized for Eligible Members who are 18 or 19 years of age. The ACEs screening portion of the PEARLS tool (Part 1) is also valid for use to conduct ACEs screenings among adult Eligible Members ages 20 years and older. If an alternative version of the ACEs questionnaire for adult Eligible Members is used, it must contain questions on the 10 original categories of the ACEs to qualify.
American Indian Health Services Program	Programs operated with funds from the IHS under the Indian Self-Determination Act and the Indian Health Care Improvement Act, through which services are provided, directly or by contract, to the eligible Indian population within a defined geographic area.
Centers for Medicare and Medicaid Services (CMS) Criteria	For purpose of this Policy, the use of a standardized tool for Developmental Screening Services that meets all of the following CMS criteria: 1. Developmental domains: The following domains must be included in the standardized developmental screening tool: motor, language, cognitive, and social-emotional; 2. Establish Reliability: Reliability scores of approximately 0.70 or above; 3. Established Findings Regarding the Validity: Validity scores for the tool must be approximately 0.70 or above. Measures of validity must be conducted on a significant number of children and using an appropriate standardized developmental or social-emotional assessment instrument(s); and 4. Established Sensitivity/Specificity: Sensitivity and specificity scores of approximately 0.70 or above.

Term	Definition
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program effective July 1, 2019, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127), effective January 1, 2020 for HHP Members with eligible physical chronic conditions and substance use disorders, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members not-withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.
Department of Health Care Services (DHCS)	The state department in California responsible for administration of the federal Medicaid Program (referred to as Medi-Cal in California).
Designated Providers	Include the following Providers that are eligible to receive a Directed Payment in accordance with this Policy and applicable DHCS All Plan Letter or other regulatory guidance for specified Qualifying Services for the applicable time period: 1. Eligible Contracted Providers for Physician Services, ACEs Screening Services, and Abortion Services; 2. Eligible Contracted Providers that are FQHCs, RHCs, and Indian Health Services Memorandum of Agreement (IHS-MOA) 638 clinics for Developmental Screening Services; 3. Non-contracted GEMT Providers for GEMT Services; and 4. Non-contracted Providers for Abortion Services.
Developmental Screening Services	Specified developmental screening services, as listed by the CPT Code for the applicable period in Attachment A of this Policy, that are Covered Services provided to an Eligible Member, in accordance with the American Academy of Pediatrics (AAP)/Bright Futures periodicity schedule and guidelines for pediatric periodic health visits at nine (9) months, eighteen (18) months, and thirty (30) months of age and when medically necessary based on Developmental Surveillance and through use of a standardized tool that meets CMS Criteria.
Developmental Surveillance	A flexible, longitudinal, and continuous process that includes eliciting and attending to concerns of an Eligible Member's parents, maintaining a developmental history, making accurate and informed observations, identifying the presence of risk and protective factors, and documenting the process and findings.
Directed Payment	An Add-On Payment or Minimum Fee Payment required by DHCS to be made to a Designated Provider for Qualifying Services with specified dates of services, as prescribed by applicable DHCS All Plan Letter or other regulatory guidance and is inclusive of supplemental payments.

Term	Definition
Eligible Contracted Provider	An individual rendering Provider who is contracted with a Health Network to provide Medi-Cal Covered Services to Members, including Eligible Members, assigned to that Health Network and is qualified to provide and bill for the applicable Qualifying Services (excluding GEMT Services) on the date of service. Notwithstanding the above, if the Provider's written contract with a Health Network does not meet the network provider criteria set forth in DHCS APL 19-001: Medi-Cal Managed Care Health Plan Guidance on Network Provider Status and/or in DHCS guidance regarding Directed Payments, the services provided by the Provider under that contract shall not be eligible for Directed Payments for rating periods commencing on or after July 1, 2019.
Eligible Member	For purpose of this Policy, a Medi-Cal Member who is not dually eligible for Medi-Cal and Medicare Part B (regardless of enrollment in Medicare Part A or Part D).
Encounter	Any unit of Covered Services provided to a Member by a Health Network regardless of Health Network reimbursement methodology. Such Covered Services include any service provided to a Member regardless of the service location or provider, including out-of-network services and sub-capitated and delegated Covered Services.
Estimated Initial Month Payment	A payment to a Health Network based upon the most recent rolling three-month average of Directed Payment program-specific paid claims. If actual data regarding the specific services tied to a Directed Payment are not available, this payment is based upon the expected monthly cost of those services. This payment will not include an administrative component.
Federally Qualified Health Center (FQHC)	A type of provider defined by the Medicare and Medicaid statutes. FQHCs include all organizations receiving grants under Section 330 of the Public Health Service Act, certain tribal organizations, and FQHC Look-Alikes. An FQHC must be a public entity or a private non-profit organization. FQHCs must provide primary care services for all age groups.
Ground Emergency Medical Transport (GEMT) Services	Specified ground emergency medical transport services, as listed by the CPT Codes for the applicable period in Attachment A of this Policy, that are Covered Services and defined as the act of transporting a Member from any point of origin to the nearest medical facility capable of meeting the emergency medical needs of the Member, by an ambulance licensed, operated, and equipped, in accordance with applicable state or local statutes, ordinances, or regulations, excluding transportation by an air ambulance and/or any transports billed when, following evaluation of a Member, a transport is not provided.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, and Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned in that particular Health Network.
Member	For purpose of this Policy, a Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima Medi-Cal program and assigned to a Health Network at the time Qualifying Services are rendered.

Term	Definition
Minimum Fee Payment	A Directed Payment that sets the minimum rate, as prescribed by DHCS, for which a specified Designated Provider must be reimbursed fee-for-service for certain Qualifying Services. If a Designated Provider is capitated for such Qualifying Services, payments should meet the differential between the Medi-Cal fee schedule rate and the required Directed Payment amount.
Provider	For purpose of this Policy, any individual or entity that is engaged in the delivery of services, or ordering or referring for those services, and is licensed or certified to do so.
Physician Services	Specified physician services, as listed by the CPT Codes for the applicable period in Attachment A of this Policy, that are Covered Services provided to an Eligible Member.
Qualifying Services	Include only the following Covered Services: Physician Services, Developmental Screening Services, Adverse Childhood Experiences (ACEs) Screening Services, Abortion Services, and GEMT Services.
Rural Health Clinic (RHC)	An organized outpatient clinic or hospital outpatient department located in a rural shortage area, which has been certified by the Secretary, United States Department of Health and Human Services.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 7, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item
47. Consider Actions for the Implementation of Proposition 56 Provider Payment

Contact
Greg Hamblin, Chief Financial Officer, (714) 246-8400
Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Action
Approve methodology for the disbursement of Proposition 56 physician services payments to eligible Medi-Cal providers.

Background
The California Healthcare, Research and Prevention Tobacco Tax Act (Proposition 56) increases the excise tax rate on cigarettes and tobacco products. A portion of Proposition 56 revenue is allocated for existing health care programs administered by the Department of Health Care Services (DHCS), including reimbursement in the Denti-Cal and Medi-Cal programs. As part of the Budget Act of 2017, Proposition 56 funds were appropriated for State Fiscal Year (SFY) 2017-18. Under Proposition 56, Medi-Cal Managed Care Plans (MCPs) are required to provide additional compensation for certain Medi-Cal related services rendered in SFY 2017-18. Supplemental payments are to be made to providers based on a DHCS-provided set of procedure codes for certain physician services, Intermediate Care Facilities for the Developmentally Disabled (ICF-DDs), and women's health services for pregnancy termination. The Governor's May Revision released on May 11, 2018 proposes extension of Proposition 56 for SFY 2018-19.

DHCS released guidance related to Proposition 56 provider payment methodologies through All Plan Letter (APL) 18-010 on May 1, 2018. CalOptima began receiving initial funding for Proposition 56 payments in its monthly capitation received on April 30, 2018 and will continue to receive Proposition 56 funding in subsequent capitation payments. DHCS expects Proposition 56 payments be passed through to eligible providers for the initial payment within 90 calendar days of the MCP receiving capitation from DHCS. Subsequent payments are to be made within 90 calendar days of receiving a clean claim or accepted encounter.

Providers contracted with CalOptima or a delegated entity rendering one of the designated Medi-Cal covered services between July 1, 2017 and June 30, 2018 are eligible for Proposition 56 payments in addition to the provider's contract rate or capitation. However, the following provider types are not eligible to receive Proposition 56 payments: Federally Qualified Health Centers (FQHCs), Rural Health Clinics (RHCs), American Indian Health Programs (AIHPs) and cost-based reimbursement clinics. The following DHCS-provided procedure codes are eligible for supplemental payments:

Back to Agenda
Back to Item
Back to Item

Medi-Cal Covered Service Code	Service Code Description	Directed Payment
99201	Office/Outpatient Visit New	$10.00
99202	Office/Outpatient Visit New	$15.00
99203	Office/Outpatient Visit New	$25.00
99204	Office/Outpatient Visit New	$25.00
99205	Office/Outpatient Visit New	$50.00
99211	Office/Outpatient Visit Est	$10.00
99212	Office/Outpatient Visit Est	$15.00
99213	Office/Outpatient Visit Est	$15.00
99214	Office/Outpatient Visit Est	$25.00
99215	Office/Outpatient Visit Est	$25.00
90791	Psychiatric Diagnostic Eval	$35.00
90792	Psychiatric Diagnostic Eval with Medical Services	$35.00
90863	Pharmacologic Management	$5.00

The DHCS guidance requires MCPs to maintain a formal process for provider grievances with respect to payment and non-payment of Proposition 56 directed payments. Specific Proposition 56 reporting will be required by DHCS on a quarterly basis. MCPs are required to ensure that their delegated entities and subcontractors comply with the terms and requirements of the DHCS guidance.

Discussion

Proposition 56 provider payments apply to Medi-Cal covered medical and behavioral health services. CalOptima administers medical services through its direct networks, CalOptima Community Network (CCN) and CalOptima Direct (COD), or a delegated health network. Prior to January 1, 2018, CalOptima provided behavioral health services through a delegated Managed Behavioral Healthcare Organization (MBHO). Beginning January 1, 2018, CalOptima transitioned away from using a MBHO for its Medi-Cal program and began providing these services through providers contracted directly with CalOptima. To comply with Proposition 56 requirements, CalOptima staff recommends utilizing its current direct and delegated models for both the initial and ongoing payment distributions.

Initial Payments

Following the initial payment received from DHCS on April 30, 2018, CalOptima recommends providing an initial catch-up payment for dates of service (DOS) July 1, 2017 to the current date. In order to process the initial catch-up payment, historical claims and encounter data will be utilized to identify and process the additional payments retroactively. Initial payments must be distributed to providers no later than July 29, 2018. The following is recommended for initial payments:

- CalOptima Direct, CalOptima Community Network and behavioral health providers: CalOptima to utilize claims and encounter data to identify and appropriately pay providers retroactively for claims submitted for DOS July 1, 2017 through the initial catch-up date.

- Health networks:
  Health networks utilize claims and encounter data to identify and appropriately pay providers retroactively for claims submitted for DOS July 1, 2017 through the initial catch-up date. CalOptima will prefund the health networks for estimated medical costs. Health networks will be required to submit a provider payment confirmation report to CalOptima. Once provider payment is confirmed, the remaining medical cost will be reconciled plus a 2% administrative component based on total medical costs will be remitted to the health networks

Ongoing Processing
Once the initial payment is distributed, future Proposition 56 provider payments must be made within 90 calendar days of receipt of a clean claim or adjusted encounter. The following is recommended for ongoing processing provided that CalOptima continues to receive Proposition 56 funds:

- CalOptima Direct, CalOptima Community Network and behavioral health providers:
  CalOptima will pay providers within 90 calendar days of receipt of a clean claim or accepted behavioral health encounter.

- Health Networks:
  Health networks will pay providers within 90 calendar days of receipt of a clean claim or accepted encounter. Concurrently, CalOptima will utilize existing health network reporting processes to identify claims and encounters eligible for Proposition 56 payments. Health networks will be required to submit provider payment confirmation that the eligible Proposition 56 claims and encounter payments were issued on a monthly basis or other agreed upon schedule. Reports will be due within 15 calendar days of the end of the reporting period. Once provider payment is confirmed, CalOptima will reimburse the health network medical costs plus a 2% administrative component.

Current processes will be leveraged for Proposition 56 specific reporting, provider grievances and health network claims payment audit and oversight to comply with the Proposition 56 requirements. Additionally, current policy and processes will be followed related to provider payment recoupment, where applicable.

This process applies to physician services only as outlined in Proposition 56 and APL 18-010. The same process will be leveraged should provisions under Proposition 56 be extended past SFY 2017-18. Separately, implementation of Proposition 56 will require modifications to the current health network contracts. CalOptima staff will seek subsequent Board action to the extent required.

Fiscal Impact
The recommended action to approve the Proposition 56 physician services payment methodology for eligible Medi-Cal providers is expected to be budget neutral to CalOptima. Based on the draft capitation rates provided by DHCS, Staff anticipates that Proposition 56 revenues will be sufficient to cover the total costs of the physician services payments during SFY 2017-18. However, since DHCS will not provide a retrospective reconciliation for Proposition 56 funding, plans will be at risk for any expense exceeding the funded amount. Assuming that actual utilization during the effective period will be similar to historic experience levels, Staff projects the net fiscal impact will be budget neutral.

Rationale for Recommendation
The recommended action will enable CalOptima to be compliant with Proposition 56 requirements.

Concurrence

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 6, 2019
Regular Meeting of the CalOptima Board of Directors

Consent Calendar
8. Consider Ratification of Standardized Annual Proposition 56 Provider Payment Process

Contact
Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Actions
Ratify standardized annual Proposition 56 provider payment process.

Background
Proposition 56 increases the excise tax rate on cigarettes and tobacco products to fund specified expenditures for existing health care programs administered by the Department of Health Care Services (DHCS). DHCS releases guidance to Medi-Cal managed care plans (MCP) of Proposition 56 provider payments through an All Plan Letter (APL). The APLs includes guidance regarding providers eligible for payment, service codes eligible for reimbursement, timeliness requirements to make payments, and MCP reporting requirements.

Eligible Proposition 56 provider payment adjustments are applied toward specific services provided during a State Fiscal Year (SFY), which runs from July 1 through June 30. While the payment period begins at the beginning of the SFY, final Proposition 56 guidance is not provided until after the fiscal year begins. For example, Proposition 56 guidance for SFY 2017-18 was received on May 1, 2018, ten months after the start of the fiscal year. Thus, MCPs are required to make a one-time retroactive payment adjustment to catch-up for dates of service (DOS) from the beginning of the SFY to the catch-up date. Once the initial catch-up payments are distributed, future payments are made within the timeframe specific in the APL.

On June 7, 2018 the CalOptima Board of Directors (Board) authorized implementation of initial payment and ongoing processing payments for Proposition 56 SFY 2017-18. In September 2018 DHCS instructed MCPs to continue Proposition 56 SFY 2017-18 provisions for DOS in SFY 2018-19, until SFY 2018-19 guidance was finalized. DHCS released draft Proposition 56 guidance for SFY 2018-19 on April 12, 2019. Final guidance has not been released as of May 28, 2019.

Discussion
In order to meet timeliness requirements for Proposition 56 payments each SFY and anticipating that requirements will continue to be released by APL or directly by DHCS, CalOptima staff recommends establishing a standardized annual process for Proposition 56 payment distributions. Ratification of this process is requested since CalOptima is required to distribute initial SFY 2018-19 Proposition 56 funds to providers no later than June 12, 2019, even though the final APL for the current fiscal year has not been released. The standardized process will apply to covered Medi-Cal Proposition 56 benefits administered directly by CalOptima (CalOptima Community Network or CalOptima Direct), or a

Back to Item
Back to Agenda
Back to Item

delegated health network. To comply with the annual Proposition requirements, CalOptima staff recommends utilizing the current direct and delegated models for both the initial and ongoing payment distributions.

Initial Payments

Following the receipt of initial payment from DHCS for the Proposition 56 designated SFY, CalOptima recommends an initial catch-up payment, if required, for eligible services between the beginning of the SFY to the current date, unless otherwise defined by DHCS. To process the initial catch-up payment, historical claims and encounter data will be utilized to identify the additional payments retroactively. Initial payments will be distributed no later than the timeliness requirements as defined in the APL. Similar to the previous process utilized, the following is recommended for each annual initial catch up payment:

- CalOptima Direct, which includes CalOptima Direct Administrative and CalOptima Community Network, and other providers paid directly by CalOptima for non-delegated Medi-Cal covered services (e.g., behavioral health providers): CalOptima to utilize claims and encounter data to identify and appropriately pay providers retroactively for claims and encounters submitted for DOS beginning the SFY to the current date, unless otherwise defined by DHCS.

- Health networks: Health network to utilize claims and encounter data to identify and appropriately pay providers retroactively for eligible services submitted for DOS beginning the SFY to the current date, unless otherwise defined by DHCS. CalOptima will prefund the health network for estimated medical costs. Health network will be required to submit a provider payment confirmation report to CalOptima. Once provider payment is confirmed, the prefunded medical costs, negative and positive, will be reconciled towards future Proposition 56 reimbursements. In addition, a 2% administrative component based on total medical costs will be remitted to the health network.

Ongoing Processing

Once the initial payment is distributed, future Proposition 56 provider payments must be made within the timeframe as defined in the Proposition 56 APL for eligible clean claims or adjusted encounters. The following is recommended for ongoing processing provided that CalOptima continues to receive funding for Proposition 56:

- CalOptima Direct, which includes CalOptima Direct Administrative and CalOptima Community Network, and other providers paid directly by CalOptima for non-delegated Medi-Cal covered services (e.g., behavioral health providers): CalOptima will pay providers within the timeframe as defined by DHCS as claims or encounters are received.

- Health networks: Health network will pay providers within the timeframe defined by DHCS as claims or encounters are received. Concurrently, health network will be required to submit provider payment confirmation reports on a monthly basis that eligible Proposition 56 claims and encounter payments were issued timely. Reports will be due within 10 calendar days of the

end of the reporting period. Once provider payment is confirmed, CalOptima will reimburse the health network medical costs plus a 2% administrative component. Health networks will be required to report any recouped or refunded Proposition 56 payments received from providers. CalOptima will reconcile negative Proposition 56 medical and administrative payment adjustments towards future Proposition 56 reimbursements.

CalOptima, health networks will be expected to meet all reporting requirements as defined in the Proposition 56 APL or specifically requested by DHCS. Current processes will be used for Proposition 56 specific reporting, provider grievances and health network claims payment audit and oversight to comply with all regulatory requirements and CalOptima's expectations related to Proposition 56. Additionally, current policy and procedures will be followed related to provider payment recoupment, where applicable.

This process applies to eligible services and providers as prescribed through a Proposition 56 APL or directed by DHCS. CalOptima staff will return to the Board for further approval if any future DHCS Proposition 56 requirements warrant significant changes to the proposed process. Additionally, should implementation of Proposition 56 require modifications to current health network, vendor, or provider contracts, CalOptima staff will seek separate Board action to the extent required.

Fiscal Impact
The recommended action to ratify the standardized annual Proposition 56 provider payment process is projected to be budget neutral to CalOptima. Based on historical claims experience, Staff anticipates medical expenditures will be of an equivalent amount as the Proposition 56 funding provided by DHCS annually, resulting in a budget neutral impact to CalOptima's operating income.

Rationale for Recommendation
The recommended action will enable CalOptima to be compliant with Proposition 56 requirements.

47. Consider Actions for the Implementation of Proposition 56 Provider Payment

Contact
Greg Hamblin, Chief Financial Officer, (714) 246-8400
Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Action
Approve methodology for the disbursement of Proposition 56 physician services payments to eligible Medi-Cal providers.

Background
The California Healthcare, Research and Prevention Tobacco Tax Act (Proposition 56) increases the excise tax rate on cigarettes and tobacco products. A portion of Proposition 56 revenue is allocated for existing health care programs administered by the Department of Health Care Services (DHCS), including reimbursement in the Denti-Cal and Medi-Cal programs. As part of the Budget Act of 2017, Proposition 56 funds were appropriated for State Fiscal Year (SFY) 2017-18. Under Proposition 56, Medi-Cal Managed Care Plans (MCPs) are required to provide additional compensation for certain Medi-Cal related services rendered in SFY 2017-18. Supplemental payments are to be made to providers based on a DHCS-provided set of procedure codes for certain physician services, Intermediate Care Facilities for the Developmentally Disabled (ICF-DDs), and women's health services for pregnancy termination. The Governor's May Revision released on May 11, 2018 proposes extension of Proposition 56 for SFY 2018-19.

DHCS released guidance related to Proposition 56 provider payment methodologies through All Plan Letter (APL) 18-010 on May 1, 2018. CalOptima began receiving initial funding for Proposition 56 payments in its monthly capitation received on April 30, 2018 and will continue to receive Proposition 56 funding in subsequent capitation payments. DHCS expects Proposition 56 payments be passed through to eligible providers for the initial payment within 90 calendar days of the MCP receiving capitation from DHCS. Subsequent payments are to be made within 90 calendar days of receiving a clean claim or accepted encounter.

Providers contracted with CalOptima or a delegated entity rendering one of the designated Medi-Cal covered services between July 1, 2017 and June 30, 2018 are eligible for Proposition 56 payments in addition to the provider's contract rate or capitation. However, the following provider types are not eligible to receive Proposition 56 payments: Federally Qualified Health Centers (FQHCs), Rural Health Clinics (RHCs), American Indian Health Programs (AIHPs) and cost-based reimbursement clinics. The following DHCS-provided procedure codes are eligible for supplemental payments:

Back to Agenda
Back to Item
Back to Item

Medi-Cal Covered Service Code	Service Code Description	Directed Payment
99201	Office/Outpatient Visit New	$10.00
99202	Office/Outpatient Visit New	$15.00
99203	Office/Outpatient Visit New	$25.00
99204	Office/Outpatient Visit New	$25.00
99205	Office/Outpatient Visit New	$50.00
99211	Office/Outpatient Visit Est	$10.00
99212	Office/Outpatient Visit Est	$15.00

99214	Office/Outpatient Visit Est	$25.00
99215	Office/Outpatient Visit Est	$25.00
90791	Psychiatric Diagnostic Eval	$35.00
90792	Psychiatric Diagnostic Eval with Medical Services	$35.00
90863	Pharmacologic Management	$5.00

The DHCS guidance requires MCPs to maintain a formal process for provider grievances with respect to payment and non-payment of Proposition 56 directed payments. Specific Proposition 56 reporting will be required by DHCS on a quarterly basis. MCPs are required to ensure that their delegated entities and subcontractors comply with the terms and requirements of the DHCS guidance.

Discussion

Proposition 56 provider payments apply to Medi-Cal covered medical and behavioral health services. CalOptima administers medical services through its direct networks, CalOptima Community Network (CCN) and CalOptima Direct (COD), or a delegated health network. Prior to January 1, 2018, CalOptima provided behavioral health services through a delegated Managed Behavioral Healthcare Organization (MBHO). Beginning January 1, 2018, CalOptima transitioned away from using a MBHO for its Medi-Cal program and began providing these services through providers contracted directly with CalOptima. To comply with Proposition 56 requirements, CalOptima staff recommends utilizing its current direct and delegated models for both the initial and ongoing payment distributions.

Initial Payments

Following the initial payment received from DHCS on April 30, 2018, CalOptima recommends providing an initial catch-up payment for dates of service (DOS) July 1, 2017 to the current date. In order to process the initial catch-up payment, historical claims and encounter data will be utilized to identify and process the additional payments retroactively. Initial payments must be distributed to providers no later than July 29, 2018. The following is recommended for initial payments:

- CalOptima Direct, CalOptima Community Network and behavioral health providers: CalOptima to utilize claims and encounter data to identify and appropriately pay providers retroactively for claims submitted for DOS July 1, 2017 through the initial catch-up date.

- Health networks:
  Health networks utilize claims and encounter data to identify and appropriately pay providers retroactively for claims submitted for DOS July 1, 2017 through the initial catch-up date. CalOptima will prefund the health networks for estimated medical costs. Health networks will be required to submit a provider payment confirmation report to CalOptima. Once provider payment is confirmed, the remaining medical cost will be reconciled plus a 2% administrative component based on total medical costs will be remitted to the health networks

Ongoing Processing
Once the initial payment is distributed, future Proposition 56 provider payments must be made within 90 calendar days of receipt of a clean claim or adjusted encounter. The following is recommended for ongoing processing provided that CalOptima continues to receive Proposition 56 funds:

- CalOptima Direct, CalOptima Community Network and behavioral health providers:
  CalOptima will pay providers within 90 calendar days of receipt of a clean claim or accepted behavioral health encounter.

- Health Networks:
  Health networks will pay providers within 90 calendar days of receipt of a clean claim or accepted encounter. Concurrently, CalOptima will utilize existing health network reporting processes to identify claims and encounters eligible for Proposition 56 payments. Health networks will be required to submit provider payment confirmation that the eligible Proposition 56 claims and encounter payments were issued on a monthly basis or other agreed upon schedule. Reports will be due within 15 calendar days of the end of the reporting period. Once provider payment is confirmed, CalOptima will reimburse the health network medical costs plus a 2% administrative component.

Current processes will be leveraged for Proposition 56 specific reporting, provider grievances and health network claims payment audit and oversight to comply with the Proposition 56 requirements. Additionally, current policy and processes will be followed related to provider payment recoupment, where applicable.

This process applies to physician services only as outlined in Proposition 56 and APL 18-010. The same process will be leveraged should provisions under Proposition 56 be extended past SFY 2017-18. Separately, implementation of Proposition 56 will require modifications to the current health network contracts. CalOptima staff will seek subsequent Board action to the extent required.

Fiscal Impact
The recommended action to approve the Proposition 56 physician services payment methodology for eligible Medi-Cal providers is expected to be budget neutral to CalOptima. Based on the draft capitation rates provided by DHCS, Staff anticipates that Proposition 56 revenues will be sufficient to cover the total costs of the physician services payments during SFY 2017-18. However, since DHCS will not provide a retrospective reconciliation for Proposition 56 funding, plans will be at risk for any expense exceeding the funded amount. Assuming that actual utilization during the effective period will be similar to historic experience levels, Staff projects the net fiscal impact will be budget neutral.

Rationale for Recommendation
The recommended action will enable CalOptima to be compliant with Proposition 56 requirements.

Concurrence
Gary Crockett, Chief Counsel

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken September 5, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

9. Consider Actions Related to the Implementation of Statutorily-Mandated Rate Increases for Medi-Cal Non-Contracted Ground Emergency Medical Transport (GEMT) Provider Services

Contact

Candice Gomez, Executive Director, Program Implementation, (714) 246-8400
Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400

Recommended Actions

1. Approve payments to the capitated hospital(s) and HMOs for statutorily-mandated retrospective rate increases for specific services provided by non-contracted Ground Emergency Medical Transport providers to Medi-Cal members during the period of July 1, 2018 through June 30, 2019 and an administrative fee for claims adjustments; and
2. Direct the Chief Executive Officer, with the assistance of Legal Counsel, to amend the CalOptima Physician Hospital Consortium capitated Hospital and Full-Risk Health Network Medi-Cal contracts to incorporate the retrospective non-contracted Ground Emergency Medical Transport provider rate increase requirements for the July 1, 2018 through June 30, 2019 period and the additional compensation to these health networks for such services.

Background/Discussion

In accordance with Senate Bill (SB) 523 (Chapter 773, Statutes of 2017), the California Department of Health Care Services (DHCS) established increased Ground Emergency Medical Transport (GEMT) provider payments through the Quality Assurance Fee program for certain Medi-Cal related services rendered in State Fiscal Year (SFY) 2018-19. On February 7, 2019, DHCS obtained federal approval from the Centers for Medicare & Medicaid Services for GEMT provider payments through California State Plan Amendment 18-004. On April 5, 2019, CalOptima received initial funding for the retrospective non-contracted GEMT provider payment increase, separate from the standard capitation payment. Final guidance regarding distribution of non-contracted GEMT provider payments was released by DHCS through All Plan Letter (APL) 19-007, dated June 14, 2019.

Per DHCS guidance, CalOptima is required to provide increased reimbursement to out-of-network providers for GEMT service codes A0429 (Basic Life Support Emergency), A0427 (Advanced Life Support Emergency), and A0433 (Advanced Life Support, Level 2). CalOptima must reimburse out-of-network providers a total of $339 for each designated GEMT service provided by during SFY 2018-19 (July 1, 2018 to June 30, 2019). Excluded services include those billed by air ambulance providers and services billed when transport is not provided. DHCS has mandated that payments for the above increased rates are to be distributed no later than July 3, 2019.

At this time, the total reimbursement rate of $339 per identified service is time-limited and in effect for SFY 2018-19. Increased reimbursement for the specified GEMT services may potentially be extended into future fiscal years and may include additional GEMT transport codes. If the reimbursement

increase is extended, and/or includes additional GEMT transport codes, DHCS will provide further guidance after necessary federal approval is obtained.

In order to meet timeliness requirements for non-contracted GEMT provider payment adjustments for services provided during SFY 2018-19, CalOptima and its delegated health networks followed the existing Fee Schedule change process. Through this process, eligible claims previously adjudicated and paid were adjusted to the increased reimbursement rate. New claims are paid at the appropriate fee schedule as they are received.

For the physician-hospital consortium (PHC) hospitals and health maintenance organization (HMO) health networks that are financially responsible for non-contracted GEMT services, CalOptima staff recommends reimbursing the health networks the difference between the base Medi-Cal rate for the specific service and the required $339 enhanced rate. The health networks will be required to submit GEMT payment adjustment confirmation reports. Upon receipt of the confirmation report, CalOptima will reconcile the report against encounters and other claims reports received and reimburse each health network's medical costs, separate from their standard capitation payments, plus a 2% administrative component based on rate adjustments made by health networks.

CalOptima and its health networks will be expected to meet all reporting requirements as required by DHCS. Current processes will be leveraged for specific reporting requirements, provider grievances, and health network claims payment audit and oversight to comply with all regulatory requirements. Additionally, current policy and procedures will be followed related to provider payment recoupment, where applicable.

This process applies to eligible services and providers as directed by the DHCS. The same process will be leveraged should GEMT provisions be extended past SFY 2018-19, modified through an APL, or otherwise directed by DHCS. CalOptima staff will return to the Board for approval if any future DHCS non-contract GEMT provider payment requirements warrant significant changes to the proposed process.

Fiscal Impact

The recommended action to implement additional payment requirements for specified services provided by non-contracted GEMT providers to CalOptima Medi-Cal members in SFY 2018-19 is budget neutral. The anticipated Medi-Cal revenue is projected to be sufficient to cover the costs of the increased expense. Management included projected revenues and expenses related to non-contracted GEMT provider payment requirements in the CalOptima Fiscal Year 2019-20 Operating Budget approved by the Board on June 6, 2019.

Rationale for Recommendation

The recommended action will enable CalOptima to be compliant with All-Plan Letter (APL) 19-007: Non–Contract Ground Emergency Medical Transport Payment Obligations for State Fiscal Year 2018–19.

Dear Ms. Cantwell:

Enclosed is an approved copy of California State Plan Amendment (SPA) 18-004, which was submitted to the Centers for Medicare & Medicaid Services (CMS) on July 11, 2018. SPA 18-004 implements a one-year Quality Assurance Fee (QAF) program and reimbursement add-on for Ground Emergency Medical Transports (GEMT) provided by emergency medical transportation providers effective for the State Fiscal Year (SFY) 2018-19 from July 1, 2018 to June 30, 2019.

The effective date of this SPA is July 1, 2018. Enclosed are the following approved SPA pages that should be incorporated into your approved state plan:

- Supplement 29 to Attachment 4.19-B, pages 1-2

If you have any questions, please contact Cheryl Young at 415-744-3598 or via email at Cheryl.Young@cms.hhs.gov.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

STATE: CALIFORNIA

ONE-YEAR REIMBURSEMENT RATE ADD-ON FOR GROUND EMERGENCY MEDICAL TRANSPORT SERVICES

Introduction

This program provides increased reimbursement to ground emergency medical transport providers by application of an add-on to the Medi-Cal fee-for-service (FFS) fee schedule base rates for eligible emergency medical transportation services. The reimbursement rate add-on will apply to eligible Current Procedural Terminology (CPT) Codes, between July 1, 2018 and June 30, 2019. The base rates for emergency medical transportation services will remain unchanged through this amendment.

"Emergency medical transport" means the act of transporting an individual from any point of origin to the nearest medical facility capable of meeting the emergency medical needs of the patient by an ambulance licensed, operated, and equipped in accordance with applicable state or local statutes, ordinances, or regulations, excluding transportation by an air ambulance provider, that are billed with CPT Codes A0429, A0427, and A0433.

Methodology

For State Fiscal Year (SFY) 2018-19, the reimbursement rate add-on is fixed for FY 2018-19. The resulting payment amounts are equal to the sum of the FFS fee schedule base rate for the SFY 2015-16 and the add-on amount for the CPT Code. The resulting total payment amount for CPT Codes A0429, A0427, and A0433 will be $339.00. The add-on is paid on a per-claim basis.

Service Code	Description	Current Payment	Add On Amount	Resulting Total Payment
A0429	Basic Life Support	$118.20	$220.80	$339.00
A0427	Advanced Life Support, Level 1	$118.20	$220.80	$339.00
A0433	Advanced Life Support, Level 2	$118.20	$220.80	$339.00

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

STATE: CALIFORNIA

The resulting total payment amount of $339.00 is considered the Rogers rate, which is the minimum rate that managed care organizations can pay noncontract managed care emergency medical transport providers, for each state fiscal year the FFS reimbursement rate add-on is effective.

ALL PLAN LETTER 19-007

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS[1]

SUBJECT: NON-CONTRACT GROUND EMERGENCY MEDICAL TRANSPORT PAYMENT OBLIGATIONS FOR STATE FISCAL YEAR 2018-19

PURPOSE:
The purpose of this All Plan Letter (APL) is to provide Medi-Cal managed care health plans (MCPs) with information regarding increased reimbursement for Fee-For-Service (FFS) ground emergency medical transport (GEMT) for Current Procedural Terminology (CPT) codes A0429, A0427, and A0433. The increased FFS reimbursement will affect MCP reimbursement of out-of-network GEMT services as required by section 1396u-2(b)(2)(D) of Title 42 of the United States Code (USC), commonly referred to as "Rogers Rates."

BACKGROUND:
Pursuant to the Legislature's addition of Article 3.91 (Medi-Cal Emergency Medical Transportation Reimbursement Act) to the Welfare and Institutions Code (WIC) in 2017, DHCS established the GEMT Quality Assurance Fee (QAF) program. On February 7, 2019, DHCS obtained federal approval from the Centers for Medicare and Medicaid Services (CMS) for California State Plan Amendment (SPA) 18-004, with an effective date of July 1, 2018. SPA 18-004 implements a one-year QAF program and reimbursement add-on for GEMT provided by emergency medical transportation providers effective for State Fiscal Year (SFY) 2018-19 from July 1, 2018, to June 30, 2019.

POLICY:
In accordance with 42 USC Section 1396u-2(b)(2)(D), Title 42 of the Code of Federal Regulations part 438.114(c), and WIC Sections 14129-14129.7, MCPs must provide increased reimbursement rates for specified GEMT services to non-contracted GEMT providers.

Under WIC Section 14129(g), emergency medical transport is defined as the act of transporting an individual from any point of origin to the nearest medical facility capable of meeting the emergency medical needs of the patient by an ambulance licensed, operated, and equipped, in accordance with applicable state or local statutes,

[1] This APL does not apply to Prepaid Ambulatory Health Plans.

ordinances, or regulations, excluding transportation by an air ambulance provider, that are billed with CPT codes A0429 (BLS Emergency), A0427 (ALS Emergency), and A0433 (ALS2), excluding any transports billed when, following evaluation of a patient, a transport is not provided.

For each qualifying emergency ambulance transport billed with the specified CPT codes, the total FFS reimbursement will be $339.00 for SFY 2018-2019. Accordingly, MCPs reimbursing non-contracted GEMT providers for those services must pay a "Rogers Rate" for a total reimbursement rate of $339.00 for each qualifying emergency ambulance transport provided during SFY 2018-19 and billed with the specified CPT codes.

At this time, the total reimbursement rate of $339.00 for each qualifying emergency ambulance transport billed with the specified CPT codes is time-limited, and is only in effect for SFY 2018-19 dates of service from July 1, 2018, to June 30, 2019. Increased reimbursement for the specified GEMT services may be extended into future fiscal years, and may include additional GEMT codes. If the reimbursement increase is extended, and/or includes additional GEMT codes, DHCS will provide MCPs with further guidance after necessary federal approval is obtained.

Timing of Payment and Claim Submission

The projected value of this payment obligation will be accounted for in the MCPs' actuarially certified risk-based capitation rates. Within 90 calendar days from the date DHCS issues the capitation payments to MCPs for GEMT payment obligations specified in this APL, MCPs must pay, as required by this APL, for all clean claims or accepted encounters with the dates of service between July 1, 2018, and the date the MCP receives such capitation payment from DHCS.

Once DHCS begins issuing the capitation payments to the MCPs for the GEMT payment obligations specified in this APL, MCPs must pay as required by this APL within 90 calendar days of receiving a qualifying clean claim or an accepted encounter.

MCPs are required to make timely payments in accordance with this APL for clean claims or accepted encounters for qualifying transports submitted to the MCPs within one year after the date of service. MCPs are not required to pay the GEMT payment obligation specified in this APL for claims or encounters submitted more than one year after the date of service unless the non-contracted GEMT provider can show good cause.

These submission and payment timing requirements may be waived only if agreed to in writing between the MCPs, the MCPs' delegated entities, or subcontractors, and the rendering GEMT provider.

Impacts Related to Medicare

For dual eligible beneficiaries with Medicare Part B coverage, the increased Medi-Cal reimbursement level may result in a crossover payment obligation on the MCP, because the new Medi-Cal reimbursement amount may exceed 80 percent of the Medicare fee schedule. Based on current Medicare reimbursement rates, the only CPT code where this scenario may occur in certain geographic areas is A0429. MCPs are responsible for identifying and satisfying any Medicare crossover payment obligations that result from the increase in GEMT reimbursement obligations described in this APL.

In instances where a member is found to have other health coverage sources, MCPs must cost avoid or make a post-payment recovery in accordance with the "Cost Avoidance and Post-Payment Recovery of Other Health Coverage Sources" provision of Attachment 2 to Exhibit E of the MCP Contract.

Other Obligations

MCPs are responsible for ensuring qualifying transports reported using the specified CPT codes are appropriate for the services being provided and are reported to DHCS in encounter data pursuant to APL 14-019.

MCPs are responsible for ensuring that their delegated entities and subcontractors comply with all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including APLs, policy letters, and duals plan letters. MCPs must communicate these requirements to all delegated entities and subcontractors.

Pursuant to the MCP Contract, MCPs must have a formal procedure to accept, acknowledge, and resolve provider grievances related to the processing or non-payment related to this APL. In addition, MCPs must identify a designated point of contact for provider questions and technical assistance.

If you have any questions regarding the requirements of this APL, please contact your Managed Care Operations Division contract manager.

Sincerely,

Original Signed by Sarah Brooks

Sarah Brooks, Deputy Director
Health Care Delivery Systems

Department of Health Care Services Medi-Cal

Ground Emergency Medical Transport Quality Assurance Fee

June 28, 2018

In accordance with Senate Bill 523 (Chapter 773, Statutes of 2017), the Department of Health Care Services (DHCS) has finalized the fiscal year 2018 – 2019 Ground Emergency Medical Transport Quality Assurance Fee (QAF) rate and add-on amount to the Medi-Cal fee-for-service fee schedule rates for the affected emergency medical transport, as listed below. The QAF is assessed on each qualified emergency medical transport, regardless of payer. The add-on will be provided in addition to the Medi-Cal fee-for-service fee schedule rates for the affected emergency medical transport billing codes. The fiscal year 2018 – 2019 QAF rate and add-on amount are as follows:

Add-on Amount: $220.80

QAF Rate: $24.80

The resulting fiscal year 2018 – 2019 total fee-for-service reimbursement amount will be $339 for HCPCS codes A0427, A0429 and A0433 (ground medical transportation services).

For more details regarding the Ground Emergency Medical Transport QAF Program and the reporting requirements and instructions, visit the Ground Emergency Medical Transport Quality Assurance Fee website.

Questions or comments may be submitted to the DHCS Ground Emergency Medical Transport QAF email box: GEMTQAF@dhcs.ca.gov.

Policy:	FF.2011
Title:	**Directed Payments**
Department:	Claims Administration
Section:	Not Applicable
Interim CEO Approval:	*/s/ Richard Sanchez 04/15/2020*
Effective Date:	04/02/2020
Revised Date:	Not applicable
Applicable to:	☒ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☐ Administrative

I. PURPOSE

This Policy establishes requirements pursuant to which CalOptima and a Health Network shall administer the Directed Payments for Qualifying Services, including processes for the reimbursement of Directed Payments by CalOptima to a Health Network and by a Health Network to its Designated Providers.

II. POLICY

A. CalOptima shall reimburse a Health Network for Directed Payments made to a Designated Provider for Qualifying Services in accordance with this Policy, including Attachment A of this Policy.

B. A Health Network shall qualify for the reimbursement of Directed Payments for Qualifying Services if:

1. The Health Network processed the Directed Payment to a Designated Provider in compliance with this Policy and applicable statutory, regulatory, and contractual requirements, as well as Department of Health Care Services (DHCS) guidance and Centers for Medicare & Medicaid Services (CMS) approved preprint;

2. The Qualifying Services were eligible for reimbursement (*e.g.*, based on coverage, coding, and billing requirements);

3. The Member or Eligible Member, as applicable and as those terms are defined in this Policy, was assigned to the Health Network on the date of service;

4. The Designated Provider was eligible to receive the Directed Payment;

5. The Qualifying Services were rendered by a Designated Provider on an eligible date of service;

6. The Health Network reimbursed the Designated Provider within the required timeframe, as set forth in Section III.B. of this Policy; and

7. The Health Network submits Encounter data and all other data necessary to ensure compliance with DHCS reporting requirements in accordance with Sections III.F. and III.G. of this Policy.

Back to Agenda
Back to Item
Back to Item

C. A Health Network shall make timely Directed Payments to Designated Providers for the following Qualifying Services, in accordance with Sections III.A. and III.B. of this Policy:

1. An Add-On Payment for Physician Services and Developmental Screening Services.

2. A Minimum Fee Payment for Adverse Childhood Experiences (ACEs) Screening Services, Abortion Services, and Ground Emergency Medical Transport (GEMT) Services.

D. A Health Network shall ensure that Qualifying Services reported using specified Current Procedural Terminology (CPT) Codes, Healthcare Common Procedure Coding System (HCPCS) Codes, and Procedure Codes, as well as the Encounter data reported to CalOptima, are appropriate for the services being provided, and are not reported for non-Qualifying Services or any other services.

E. A Health Network shall have a process to communicate the requirements of this Policy, including applicable DHCS guidance, to Designated Providers. This communication must, at a minimum, include:

1. A description of the minimum requirements for a Qualifying Service;

2. How Directed Payments will be processed;

3. How to file a grievance with the Health Network and second level appeal with CalOptima; and

4. Identify the payer of the Directed Payments. (i.e. Member's Health Network that is financially responsible for the specified Direct Payment.)

F. A Health Network shall have a formal procedure for the acceptance, acknowledgement, and resolution of provider grievances related to the processing or non-payment of a Directed Payment for a Qualifying Service. In addition, a Health Network shall identify a designated point of contact for provider questions and technical assistance.

G. Directed Payment Reimbursement

1. CalOptima shall reimburse a Health Network for a Directed Payment made to a Designated Provider for Qualifying Services in accordance with Sections III.C. and III.E. of this Policy.

   a. Until such time reimbursement for a Directed Payment is included in a Health Network's capitation payment, CalOptima shall reimburse a Health Network for a Directed Payment separately.

2. If DHCS provides separate revenue to CalOptima for a Directed Payment requirement in addition to standard revenue from DHCS, CalOptima shall provide a Health Network a supplemental payment in addition to the Health Network's primary capitation payment.

   a. A Health Network shall process a Directed Payment as a supplemental payment and CalOptima shall reimburse a Health Network in accordance with Section III.C. of this Policy.

   b. CalOptima shall reimburse a Health Network medical costs of a Directed Payment plus a 2% administrative component. CalOptima's obligation to pay a Health Network any administrative fees shall be contingent upon administrative component payments by DHCS to CalOptima for the Directed Payments.

3. If DHCS does not provide separate revenue to CalOptima and instead implements a Directed Payment as part of the Medi-Cal fee schedule change:

    a. A Health Network shall process a Directed Payment as part of the existing Medi-Cal fee schedule change process as outlined in CalOptima Policy FF.1002: CalOptima Medi-Cal Fee Schedule and CalOptima shall reimburse a Health Network in accordance with Sections III.C. and III.E. of this Policy.

    b. CalOptima shall reimburse a Health Network after the Directed Payment is distributed and the Health Network submits the Directed Payment adjustment reports as described in Section III.D. of this Policy.

H. On a monthly basis, CalOptima Accounting Department shall reimburse a Health Network the Estimated Initial Month Payment for a validated Directed Payment in accordance with Section III.E. of this Policy.

I. A Health Network may file a complaint regarding a Directed Payment received from CalOptima in accordance with CalOptima Policy HH.1101: CalOptima Provider Complaint.

J. CalOptima shall ensure oversight of the Directed Payment programs in accordance with CalOptima Policy GG.1619: Delegation Oversight.

III. PROCEDURE

A. Directed Payments for Qualifying Services

1. Physician Services: For dates of service on or after July 1, 2017, a Health Network shall make an Add-On Payment, in the amount and for the applicable CPT Code as specified in Attachment A of this Policy, to Eligible Contracted Providers rendering Physician Services to an Eligible Member.

    a. Federally Qualified Health Centers (FQHCs), Rural Health Clinics (RHCs), American Indian Health Services Programs, and cost-based reimbursement clinics are not eligible to receive this Add-On Payment for Physician Services.

2. Developmental Screening Services: For dates of service on or after January 1, 2020, a Health Network shall make an Add-On Payment, in the amount and for the applicable CPT Code as specified in Attachment A of this Policy, to Eligible Contracted Providers that are FQHCs, RHCs, and Indian Health Services Memorandum of Agreement (IHS-MOA) 638 clinics rendering Developmental Screening Services to an Eligible Member. A Developmental Screening Service must be provided in accordance with the American Academy of Pediatrics/Bright Futures periodicity schedule and guidelines and must be performed using a standardized tool that meets CMS Criteria.

    a. The following Developmental Screening Services are eligible for an Add-On Payment:

        i. A routine screening when provided:

            1) On or before the first birthday;

            2) After the first birthday and before or on the second birthday; or

            3) After the second birthday and on or before the third birthday.

ii. Developmental Screening Services provided when medically necessary, in addition to routine screenings.

b. Development Screening Services are not subject to any prior authorization requirements.

c. A Health Network shall require Eligible Contracted Providers identified in Section III.A.2 of this Policy to document the completion of the Development Screening Service with the applicable CPT Code without the modifier as specified in Attachment A of this Policy.

d. A Health Network shall require Eligible Contracted Providers identified in Section III.A.2. of this Policy to document the following information in the Eligible Member's medical records:

i. The tool that was used to perform the Developmental Screening Service;

ii. That the completed screen was reviewed;

iii. The interpretation of results;

iv. Discussion with the Eligible Member and/or the Eligible Member's family; and

v. Any appropriate actions taken.

e. A Health Network shall ensure information set forth in Section III.A.2.d. of this Policy are made available to CalOptima and/or DHCS upon request.

f. In the event any of the provisions of Section III.A.2. of the Policy conflicts with the applicable requirements of DHCS guidance, CMS-approved preprint, regulations, and/or statutes, such requirements shall control.

3. ACEs Screening Services: For dates of service on or after January 1, 2020, a Health Network shall reimburse Eligible Contracted Providers a Minimum Fee Payment, as specified in Attachment A of this Policy for the applicable HCPCS Code, for rendering ACEs screening services to an Eligible Member, who is a child or an adult through sixty-four (64) years of age.

a. A Minimum Fee Payment for ACEs Screening Services shall only be made to rendering Eligible Contracted Providers that:

i. Utilize either the PEARLS tool or a qualifying ACEs questionnaire, as appropriate;

ii. Bill using one of the HCPCS Code specified in Attachment A of this Policy based on the screening score from the PEARLS tool or ACEs questionnaire used; and

iii. Are on DHCS list of providers that have completed the state-sponsored trauma-informed care training, except for dates of service prior to July 1, 2020. Commencing July 1, 2020, Eligible Contracted Providers must have taken a certified training and self-attested to completing the training to receive the Directed Payment for ACEs Screening Services.

b. A Health Network is only required to make the Minimum Fee Payment to an Eligible Contracted Provider for rendering an ACEs Screening Service, as follows:

i. Once per year per Eligible Member screened by that Eligible Contracted Provider, for a child Eligible Member assessed using the PEARLS tool.

ii. Once per lifetime per Eligible Member screened by that Eligible Contracted Provider, for an adult Eligible Member through age sixty-four (64) assessed using a qualifying ACEs questionnaire.

c. With respect to an Eligible Contracted Provider, CalOptima shall only reimburse a Health Network for the Minimum Fee Payment in accordance with Section III.A.3.b. of this Policy.

d. A Health Network shall require Eligible Contracted Providers to document the following information in the Eligible Member's medical records:

i. The tool that was used to perform the ACEs Screening Service;

ii. That the completed screen was reviewed;

iii. The interpretation of results;

iv. Discussion with the Eligible Member and/or the Eligible Member's family; and

v. Any appropriate actions taken.

e. A Health Network shall ensure information set forth in Section III.A.3.d. of this Policy are made available to CalOptima and/or DHCS upon request.

4. Abortion Services: For dates of service on or after July 1, 2018, a Health Network shall reimburse Eligible Contracted Providers and non-contracted Providers, as applicable, which are qualified to provide and bill for Abortion Services, a Minimum Fee Payment, as specified in Attachment A of this Policy for the applicable CPT Code, for providing Abortion Services to a Member.

a. In instances where a Member is found to have other sources of health coverage, a Health Network shall take appropriate action for cost avoidance and post-payment recovery, in accordance with its contractual obligations to CalOptima.

5. GEMT Services: For dates of service on or after July 1, 2018, a Health Network shall reimburse non-contracted GEMT Providers a Minimum Fee Payment, as specified in Attachment A of this Policy for the applicable CPT Code, for providing GEMT Services to a Member.

a. A Health Network shall identify and satisfy any Medicare crossover payment obligations that may result from the increase in GEMT Services reimbursement obligations.

b. In instances where a Member is found to have other sources of health coverage, a Health Network shall take appropriate action for cost avoidance and post-payment recovery, in accordance with its contractual obligations to CalOptima.

B. Timing of Directed Payments

1. Timeframes with Initial Directed Payment: When DHCS final guidance requires an initial Directed Payment for clean claims or accepted encounters received by the Health Network with specified dates of service (*i.e.*, between a specific date of service and the date CalOptima receives the initial funding from DHCS for the Directed Payment), a Health Network shall ensure the initial Directed Payment required by this Policy is made, as necessary, within ninety (90) calendar days of the date CalOptima receives the initial funding from DHCS for the Directed Payment. From the date CalOptima receives the initial funding onward, a Health

Network shall ensure subsequent Directed Payments required by this Policy are made within ninety (90) calendar days of receiving a clean claim or accepted encounter for Qualifying Services, for which the clean claim or accepted encounter is received by the Health Network no later than one (1) year after the date of service.

a. Initial Directed Payment: The initial Directed Payment shall include adjustments for any payments previously made by a Health Network to a Designated Provider based on the expected rates for Qualifying Services set forth in the Pending SPA or based on the established Directed Payment program criteria, rates and Qualifying Services, as applicable, pursuant to Section III.B.4. of this Policy.

b. Abortion Services: For clean claims or accepted encounters for Abortion Services with specified dates of service (*i.e.*, between July 1, 2017 and the date CalOptima receives the initial funding for Directed Payment from DHCS) that are timely submitted to a Health Network and have not been reimbursed the Minimum Fee Payment in accordance with this Policy, a Health Network shall issue the Minimum Fee Payment required by this Policy in a manner that does not require resubmission of claims or impose any reductions or denials for timeliness.

2. Timeframes without Initial Directed Payment: When DHCS final guidance does not expressly require an initial Directed Payment under Section III.B.1 of this Policy, a Health Network shall ensure that Directed Payments required by this Policy are made:

a. Within ninety (90) calendar days of receiving a clean claim or accepted encounter for Qualifying Services, for which the clean claim or encounter is received no later than one (1) year from the date of service.

b. Retroactively within ninety (90) calendar days of DHCS final guidance when a clean claim or accepted encounter for Qualifying Services is received prior to such guidance.

3. Notice by CalOptima

a. CalOptima Health Network Relations Department shall notify the Health Networks, in writing, of the requirements of DHCS final guidance for each Directed Payment program for Qualifying Services by no later than fifteen (15) calendar days from the release date of DHCS final guidance.

b. CalOptima Health Network Relations Department shall notify the Health Networks, in writing, of the date that CalOptima received the initial funding for the Directed Payment from DHCS, by no later than fifteen (15) calendar days from the date of receipt. This provision applies to initial funding received by CalOptima on or after April 1, 2020, provided that DHCS final guidance requires initial Directed Payment as set forth in Section III.B.1. of this Policy.

c. If DHCS files a State Plan Amendment (SPA) with CMS for an extension of a Directed Payment program ("Pending SPA") and CalOptima Board of Directors or Chief Executive Officer, pursuant to DHCS written instruction, approves the continuation of payment of the Directed Payment before DHCS final guidance is issued, CalOptima Health Network Relations Department shall notify the Health Networks, in writing, to continue to pay the Directed Payment to Designated Providers for Qualifying Services with specified dates of service.

4. Extension of Directed Payment Program:

    a. Upon receipt of written notice from CalOptima under Section III.B.3.c. of this Policy, a Health Network shall reimburse a Designated Provider for a Directed Payment according to the expected rates and Qualifying Services for the applicable time period as set forth in the Pending SPA or, at a minimum, according to the previously established Directed Payment program criteria, rates, and Qualifying Services, as applicable, until such time as the DHCS issues the final guidance.

    b. A Health Network shall ensure timely reconciliation and compliance with the final payment provisions as provided in DHCS final guidance when issued.

5. GEMT Services: A Health Network is not required to pay the Add-On Payment for GEMT Services for claims or encounters submitted more than one (1) year after the date of service, unless the non-contracted GEMT Provider can show good cause for the untimely submission.

    a. Good cause is shown when the record clearly shows that the delay in submitting a claim or encounter was due to one of the following:

        i. The Member has other sources of health coverage;

        ii. The Member's medical condition is such that the GEMT Provider is unable to verify the Member's Medi-Cal eligibility at the time of service or subsequently verify with due diligence;

        iii. Incorrect or incomplete information about the subject claim or encounter was furnished by the Health Network to the GEMT Provider; or

        iv. Unavoidable circumstances that prevented the GEMT Provider from timely submitting a claim or encounter, such as major floods, fires, tornadoes, and other natural catastrophes.

C. Directed Payments Processing

1. On a monthly basis, CalOptima shall reimburse a Health Network after the Health Network distributes the Directed Payment and the Health Network submits the Directed Payment adjustment reports in accordance with Section III.D. of this Policy.

    a. The CalOptima Accounting Department shall reconcile and validate the data through the Directed Payment adjustment report process prior to making a final payment adjustment to a Health Network.

2. If a Health Network identifies an overpayment of a Directed Payment, a Health Network shall return the overpayment within sixty (60) calendar days after the date on which the overpayment was identified, and shall notify CalOptima Accounting Department, in writing, of the reason for the overpayment. CalOptima shall coordinate with a Health Network on the process to return the overpayment in accordance with CalOptima Policy FF.1001: Capitation Payments.

    a. CalOptima shall notify a Health Network of acceptance, adjustment or rejection of the overpayment no later than three (3) business days after receipt.

    b. If CalOptima adjusts or rejects the overpayment, CalOptima shall include the overpayment adjustment in the subsequent month's process.

c. In the event CalOptima identifies that Directed Payments were made by a Health Network to a non-Designated Provider, or for non-Qualifying Services, or for services provided to a non-Member or a non-Eligible Member, as applicable, such Directed Payments shall constitute an overpayment which CalOptima shall recover from the Health Network**.**

D. Directed Payment Adjustment Process

1. As soon as a Health Network has processed and paid a Designated Provider for a Directed Payment, a Health Network shall submit a Directed Payment adjustment report for Qualifying Services by the tenth (10th) calendar day after the month ends to CalOptima's secure File Transfer Protocol (sFTP) site. A Health Network shall submit an adjustment report using CalOptima's proprietary format and file naming convention.

2. CalOptima Information Services Department shall notify a Health Network of file acceptance or rejection no later than three (3) business days after receipt. CalOptima may reject a file for data completeness, accuracy or inconsistency issues. If CalOptima rejects a file, a Health Network shall resubmit a corrected file no later than the tenth (10th) calendar day of the following month. Any resubmission after the tenth (10th) calendar day of the month will be included in the subsequent month's process.

3. Upon request, a Health Network shall provide additional information to support a submitted Directed Payment adjustment report to CalOptima Accounting Department within five (5) business days of the request.

4. For a complete Directed Payment adjustment report accepted by CalOptima Accounting Department, CalOptima shall reimburse a Health Network's medical costs of a Directed Payment plus a 2% administrative component no later than the twentieth (20th) calendar day of the current month based upon prior month's data. CalOptima's obligation to pay a Health Network any administrative fees shall be contingent upon administrative component payments by DHCS to CalOptima for the Directed Payments.

E. Estimated Initial Month Payment Process

1. On a monthly basis, CalOptima shall issue an Estimated Initial Month Payment to a Health Network. During the first month of implementation, CalOptima shall disburse the Estimated Initial Month Payment to a Health Network no later than the 10th of the implementing month and as follows:

   a. When available, the Estimated Initial Month Payment shall be based upon the most recent rolling three-month average of the paid claims; or

   b. If actual data regarding the specific services tied to a Directed Payment are not available, CalOptima shall base the Estimated Initial Month Payment on the expected monthly cost of those services.

2. Thereafter, CalOptima shall disburse the Estimated Initial Month Payment to a Health Network for a Directed Payment no later than the 20th of the month for services paid in that month.

3. CalOptima Accounting Department shall reconcile the prior month's Estimated Initial Month Payment against a Health Network's submitted Directed Payment adjustment report for the prior month. CalOptima shall adjust the current month's Estimated Initial Month Payment, either positively or negatively based upon the reconciliation.

4. Following the first month of implementation and thereafter, the Estimated Initial Month Payment, CalOptima Accounting Department shall disburse funds to a Health Network based upon the previous month's submitted Directed Payment adjustment report.

F. A Health Network shall report an Encounter in accordance with CalOptima Policy EE.1111: Health Network Encounter Reporting Requirements, and within three hundred sixty-five (365) calendar days after the date of service as reported on such Encounter.

G. Reporting

1. A Health Network shall submit all data related to Directed Payments to the CalOptima Information Services Department through the CalOptima secure File Transport Protocol (sFTP) site in a format specified by CalOptima, and in accordance with DHCS guidance, within fifteen (15) calendar days of the end of the applicable reporting quarter. Reports shall include, at a minimum, the CPT, HCPCS, or Procedure Code, service month, payor (*i.e.*, Health Network, or its delegated entity or subcontractor), and rendering Designated Provider's National Provider Identifier. CalOptima may require additional data as deemed necessary.

   a. Updated quarterly reports must be a replacement of all prior submissions. If no updated information is available for the quarterly report, a Health Network must submit an attestation to CalOptima stating that no updated information is available.

   b. If updated information is available for the quarterly report, a Health Network must submit the updated quarterly report in the appropriate file format and include an attestation that a Health Network considers the report complete.

2. CalOptima shall reconcile the Health Network's data reports and ensure submission to DHCS within forty-five (45) days of the end of the applicable reporting quarter as applicable.

IX. GLOSSARY

Term	Definition
Abortion Services	Specified medical pregnancy termination services, as listed by the CPT Codes for the applicable period in Attachment A of this Policy, that are Covered Services provided to a Member.
Add-On Payment	Directed Payment that funds a supplemental payment for certain Qualifying Services at a rate set forth by DHCS that is in addition to any other payment, fee-for-service or capitation, a specified Designated Provider receives from a Health Network.
Adverse Childhood Experiences (ACEs) Screening Services	Specified adverse childhood experiences screening services, as listed by the HCPCS Codes for the applicable period in Attachment A of this Policy, that are Covered Services provided to an Eligible Member through the use of either the Pediatric ACEs and Related Life-events Screener (PEARLS) tool for children (ages 0 to 19 years) or a qualifying ACEs questionnaire for adults (ages 18 years and older). An ACEs questionnaire or PEARLS tool may be utilized for Eligible Members who are 18 or 19 years of age. The ACEs screening portion of the PEARLS tool (Part 1) is also valid for use to conduct ACEs screenings among adult Eligible Members ages 20 years and older. If an alternative version of the ACEs questionnaire for adult Eligible Members is used, it must contain questions on the 10 original categories of the ACEs to qualify.
American Indian Health Services Program	Programs operated with funds from the IHS under the Indian Self-Determination Act and the Indian Health Care Improvement Act, through which services are provided, directly or by contract, to the eligible Indian population within a defined geographic area.
Centers for Medicare and Medicaid Services (CMS) Criteria	For purpose of this Policy, the use of a standardized tool for Developmental Screening Services that meets all of the following CMS criteria: 1. Developmental domains: The following domains must be included in the standardized developmental screening tool: motor, language, cognitive, and social-emotional; 2. Establish Reliability: Reliability scores of approximately 0.70 or above; 3. Established Findings Regarding the Validity: Validity scores for the tool must be approximately 0.70 or above. Measures of validity must be conducted on a significant number of children and using an appropriate standardized developmental or social-emotional assessment instrument(s); and 4. Established Sensitivity/Specificity: Sensitivity and specificity scores of approximately 0.70 or above.

Term	Definition
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program effective July 1, 2019, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127), effective January 1, 2020 for HHP Members with eligible physical chronic conditions and substance use disorders, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members not-withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.
Department of Health Care Services (DHCS)	The state department in California responsible for administration of the federal Medicaid Program (referred to as Medi-Cal in California).
Designated Providers	Include the following Providers that are eligible to receive a Directed Payment in accordance with this Policy and applicable DHCS All Plan Letter or other regulatory guidance for specified Qualifying Services for the applicable time period: 1. Eligible Contracted Providers for Physician Services, ACEs Screening Services, and Abortion Services; 2. Eligible Contracted Providers that are FQHCs, RHCs, and Indian Health Services Memorandum of Agreement (IHS-MOA) 638 clinics for Developmental Screening Services; 3. Non-contracted GEMT Providers for GEMT Services; and 4. Non-contracted Providers for Abortion Services.
Developmental Screening Services	Specified developmental screening services, as listed by the CPT Code for the applicable period in Attachment A of this Policy, that are Covered Services provided to an Eligible Member, in accordance with the American Academy of Pediatrics (AAP)/Bright Futures periodicity schedule and guidelines for pediatric periodic health visits at nine (9) months, eighteen (18) months, and thirty (30) months of age and when medically necessary based on Developmental Surveillance and through use of a standardized tool that meets CMS Criteria.
Developmental Surveillance	A flexible, longitudinal, and continuous process that includes eliciting and attending to concerns of an Eligible Member's parents, maintaining a developmental history, making accurate and informed observations, identifying the presence of risk and protective factors, and documenting the process and findings.
Directed Payment	An Add-On Payment or Minimum Fee Payment required by DHCS to be made to a Designated Provider for Qualifying Services with specified dates of services, as prescribed by applicable DHCS All Plan Letter or other regulatory guidance and is inclusive of supplemental payments.

Term	Definition
Eligible Contracted Provider	An individual rendering Provider who is contracted with a Health Network to provide Medi-Cal Covered Services to Members, including Eligible Members, assigned to that Health Network and is qualified to provide and bill for the applicable Qualifying Services (excluding GEMT Services) on the date of service. Notwithstanding the above, if the Provider's written contract with a Health Network does not meet the network provider criteria set forth in DHCS APL 19-001: Medi-Cal Managed Care Health Plan Guidance on Network Provider Status and/or in DHCS guidance regarding Directed Payments, the services provided by the Provider under that contract shall not be eligible for Directed Payments for rating periods commencing on or after July 1, 2019.
Eligible Member	For purpose of this Policy, a Medi-Cal Member who is not dually eligible for Medi-Cal and Medicare Part B (regardless of enrollment in Medicare Part A or Part D).
Encounter	Any unit of Covered Services provided to a Member by a Health Network regardless of Health Network reimbursement methodology. Such Covered Services include any service provided to a Member regardless of the service location or provider, including out-of-network services and sub-capitated and delegated Covered Services.
Estimated Initial Month Payment	A payment to a Health Network based upon the most recent rolling three-month average of Directed Payment program-specific paid claims. If actual data regarding the specific services tied to a Directed Payment are not available, this payment is based upon the expected monthly cost of those services. This payment will not include an administrative component.
Federally Qualified Health Center (FQHC)	A type of provider defined by the Medicare and Medicaid statutes. FQHCs include all organizations receiving grants under Section 330 of the Public Health Service Act, certain tribal organizations, and FQHC Look-Alikes. An FQHC must be a public entity or a private non-profit organization. FQHCs must provide primary care services for all age groups.
Ground Emergency Medical Transport (GEMT) Services	Specified ground emergency medical transport services, as listed by the CPT Codes for the applicable period in Attachment A of this Policy, that are Covered Services and defined as the act of transporting a Member from any point of origin to the nearest medical facility capable of meeting the emergency medical needs of the Member, by an ambulance licensed, operated, and equipped, in accordance with applicable state or local statutes, ordinances, or regulations, excluding transportation by an air ambulance and/or any transports billed when, following evaluation of a Member, a transport is not provided.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, and Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned in that particular Health Network.
Member	For purpose of this Policy, a Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima Medi-Cal program and assigned to a Health Network at the time Qualifying Services are rendered.

Term	Definition
Minimum Fee Payment	A Directed Payment that sets the minimum rate, as prescribed by DHCS, for which a specified Designated Provider must be reimbursed fee-for-service for certain Qualifying Services. If a Designated Provider is capitated for such Qualifying Services, payments should meet the differential between the Medi-Cal fee schedule rate and the required Directed Payment amount.
Provider	For purpose of this Policy, any individual or entity that is engaged in the delivery of services, or ordering or referring for those services, and is licensed or certified to do so.
Physician Services	Specified physician services, as listed by the CPT Codes for the applicable period in Attachment A of this Policy, that are Covered Services provided to an Eligible Member.
Qualifying Services	Include only the following Covered Services: Physician Services, Developmental Screening Services, Adverse Childhood Experiences (ACEs) Screening Services, Abortion Services, and GEMT Services.
Rural Health Clinic (RHC)	An organized outpatient clinic or hospital outpatient department located in a rural shortage area, which has been certified by the Secretary, United States Department of Health and Human Services.

Policy:	FF.1005f
Title:	**Special Payments: Supplemental OB Delivery Care Payment**
Department:	Finance
Section:	Not Applicable
CEO Approval:	/s/ *Michael Schrader 08/08/2019*
Effective Date:	01/01/2010
Revised Date:	07/01/2019

I. PURPOSE

This policy defines the criteria for a **Health Network***, with the exception of Kaiser Foundation Health Plan, Inc. (Kaiser), to receive a supplemental obstetrical (OB) delivery care payment for qualifying **Covered Services** provided to a **Member** enrolled in Medi-Cal for dates of service on and after January 1, 2010, in accordance with this policy.

II. POLICY

A. Effective for dates of service on and after January 1, 2010, CalOptima shall make a supplemental payment for qualifying **Covered Services** that include OB delivery care at a rate set forth in the **Contract for Health Care Services**, in accordance with the terms and conditions of this Policy.

B. A **Health Network** shall qualify for the supplemental payment for **Covered Services** that include OB delivery care if:

1. On the date of delivery, the **Member** was eligible with CalOptima for less than six (6) consecutive months;

2. On the date of delivery, the **Member** was between fifteen (15) and forty-four (44) years of age;

3. For the physician supplemental OB delivery care payment, **Covered Services** include physician services for normal and C-section delivery and assistant surgeon services billed with any of the following Current Procedural Terminology (CPT) codes: 59400, 59409, 59510, 59514, 59610, 59612, 59618, 59620; and modifier codes AG, or 80, as applicable;

4. For the hospital supplemental OB delivery care payment, **Covered Services** include hospital inpatient services related to an obstetric stay billed with the following Revenue Codes: 720, 721, 722, or 729;

5. The **Health Network** reimbursed the **Provider** for the **Covered Service**;

6. The **Health Network** authorized such services; and

7. The **Health Network** submits **Encounter** data in accordance with Section III.A of this policy.

C. If a **Health Network** identifies an **Overpayment** of a supplemental OB delivery care payment, the **Health Network** shall return the **Overpayment** within sixty (60) calendar days after the date on which the **Overpayment** was identified, and shall notify CalOptima's Accounting Department, in writing, of the reason for the **Overpayment**. CalOptima shall coordinate with the **Health Network** on the process to return the **Overpayment**.

* Terms in **bold** are included in the Glossary.

Back to Agenda Back to Item Back to Item

III. PROCEDURE

A. **Encounter** Data Submission

1. A **Health Network** shall report an **Encounter** in accordance with CalOptima Policy EE.1111: Health Network Encounter Reporting Requirements, and within three hundred sixty-five (365) calendar days after the date of service as reported on such **Encounter**.

2. CalOptima shall qualify **Health Network Encounter** Data for valid CPT and Revenue codes, and report the valid **Encounters** for payment authorization.

B. A **Health Network** shall instruct a **Provider** to utilize the appropriate CPT and Revenue codes to bill for **Covered Services** provided to a **Member**.

C. Processing of Physician Claims

1. A **Health Network** shall process an eligible claim submitted by a **Provider** for physician services at a rate set forth in their contractual agreement.

2. CalOptima shall make a supplemental payment to a **Health Network** in accordance with Section III.E.2 of this Policy.

D. Processing of Hospital Claims

1. **Physician Hospital Consortium (PHC)** or **Health Maintenance Organization (HMO)**

a. A **PHC** or **HMO** shall process an eligible claim submitted by a **Provider** for hospital inpatient services related to an obstetrical stay at a rate set forth in their contractual agreement.

b. CalOptima shall make a supplemental payment to a **Health Network** in accordance with Section III.E.2 of this Policy.

2. Shared Risk Group (SRG)

a. CalOptima shall process a claim for hospital inpatient services related to an obstetrical stay provided to a **Member** enrolled in an **SRG** in accordance with CalOptima Policy FF.2001: Claims Processing for Covered Services Rendered to CalOptima Direct-Administrative Members, CalOptima Community Network Members, or Members Enrolled in a **Shared Risk Group.**

b. CalOptima shall make a supplemental payment funding adjustment to the Shared Risk Pool in accordance with Section III.E.1 of this Policy.

E. Hospital Supplemental OB Delivery Care Payment

1. **SRG**: CalOptima shall make a supplemental payment funding adjustment to a Shared Risk Pool at a rate set forth in the **Contract for Health Care Services** for a covered hospital inpatient obstetrical delivery based on actual claims paid in accordance with CalOptima Policy FF.1010: Shared Risk Pool.

2. **PHC** or **HMO**: CalOptima shall make a supplemental payment at a rate set forth in the **Contract for Health Care Services** in effect on the date of service based on **Encounter** data submitted in accordance with Section III.A.1 of this Policy.

F. Physician Supplemental OB Delivery Care Payment

1. CalOptima shall make a supplemental payment to a **Health Network** for physician services for normal and C-section delivery and assistant surgeon services at a rate set forth in the **Contract for Health Care Services** in effect on the date of service based on **Encounter** data submitted in accordance with Section III.A.1 of this Policy.

G. With the exception of payment funding adjustment to a Shared Risk Pool described in Section III.E.1 of this Policy, CalOptima shall:

1. Distribute physician supplemental payments one (1) time each quarter; and

2. Provide a Remittance Advice Detail (RAD) to the **Health Network** for each quarterly payment that includes the following information:

a. **Provider** name;

b. **Provider** identification number;

c. **Member** name;

d. **Member** identification number;

e. Date of service;

f. Bill code; and

g. Amount paid.

H. A **Health Network** has the right to file a complaint disputing CalOptima's supplemental OB delivery care payment in accordance with CalOptima Policy HH.1101: CalOptima Provider Complaint.

IX. GLOSSARY

Term	Definition
Contract for Health Care Services	The written instrument between CalOptima and Physicians, Hospitals, Health Maintenance Organizations (HMO), or other entities. Contract shall include any Memoranda of Understanding entered into by CalOptima that is binding on a Physician Hospital Consortium (PHC) or HMO, DHCS Medi-Cal Managed Care Division Policy Letters, Contract Interpretation, and Financial Bulletins issued pursuant to the Contract.
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as Covered Services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), or other services as authorized by the Board of Directors, which shall be covered for Members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.
Encounter	Any unit of Covered Services provided to a Member by a Health Network regardless of Health Network reimbursement methodology. Such Covered Services include any service provided to a Member regardless of the service location or provider, including out-of-network services and sub-capitated and delegated Covered Services
Health Maintenance Organization (HMO)	A health care service plan, as defined in the Knox-Keene Health Care Service Plan Act of 1975, as amended, commencing with Section 1340 of the California Health and Safety Code.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Overpayment	Any payment made by CalOptima to a Provider to which the Provider is not entitled to under Title XIX of the Social Security Act, or any payment to CalOptima by DHCS to which CalOptima is not entitled to under Title XIX of the Social Security Act.
Physician Hospital Consortium (PHC)	A Physician Group or Physician Groups contractually aligned with at least one (1) hospital, as described in CalOptima's Contract for Health Care Services.
Provider	A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary provider, health maintenance organization, or other person or institution that furnishes Covered Services.
Shared Risk Group (SRG)	A Health Network who accepts delegated clinical and financial responsibility for professional services for assigned Members, as defined by written contract and enters into a risk sharing agreement with CalOptima as the responsible partner for facility services.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken March 7, 2013
Regular Meeting of the CalOptima Board of Directors

Report Item

VII. C. Authorize and Direct the Chief Executive Officer to Execute Agreements with the California Department of Health Care Services (DHCS) and Kaiser Foundation Health Plan (Kaiser)

Contact

Julie Bomgren, Director, Government Affairs, (714) 246-8400

Recommended Actions

1. Authorize and Direct the Chief Executive Officer (CEO) to execute a three-way agreement with the DHCS and Kaiser related to the transition of Healthy Families Program (HFP) children and Medi-Cal beneficiaries who are former Kaiser members or family-linked within the previous 12 months.
2. Authorize and Direct the CEO to execute an agreement with Kaiser related to transitioning certain defined categories of members to Kaiser as described in the two-way agreement.
3. Authorize and direct the CEO to enter into an amendment of the current Medi-Cal agreement with Kaiser consistent with these agreements.

Background

As a County Organized Health System (COHS), CalOptima contracts with DHCS to provide health care services to Medi-Cal beneficiaries in Orange County. In 1995, CalOptima entered into an agreement with Kaiser to provide health care services under CalOptima's Medi-Cal program. As a Health Network for Medi-Cal, Kaiser currently provides health care services, including pharmacy services to approximately 11,500 CalOptima Medi-Cal members. Along with CalOptima, Kaiser is a health plan in the HFP and serves approximately 13,500 HFP children in Orange County. With the elimination of HFP, and in accordance with the HFP transition implementation plan, children enrolled in Kaiser HFP will transition to CalOptima in Phase 2, anticipated to occur no sooner than April 1, 2013.

Discussion

In June 2012, the Legislature passed Assembly Bill (AB) 1494 which provides for the transition of all HFP subscribers to Medi-Cal.

In June 2012, Kaiser approached the State to consider the development of an agreement whereby Kaiser will retain its HFP members upon their transition into Medi-Cal through a direct contractual relationship with DHCS. As a direct contractual relationship in the existing managed care county delivery systems throughout California is not possible due to state and federal statutes, DHCS, Kaiser and the Medi-Cal managed care plans developed two agreements to address the HFP transition and future Medi-Cal enrollment.

DHCS/Kaiser/Plan Agreement

The first agreement is, by its own terms, a nonbinding agreement, between DHCS, Kaiser and the managed care plans. This template has already been signed by DHCS and Kaiser. It indicates that it sets forth a framework for a seamless transition of care for current Kaiser members in the HFP and Medi-Cal beneficiaries who were Kaiser members or family-linked within the previous twelve months.

The three-way agreement includes the following provisions:

1. DHCS, Kaiser and managed care plans will work to develop a contract template for the subcontract between plans and Kaiser.
2. A centralized oversight and compliance process to include a uniform policies and procedures audit program will be created to oversee Kaiser's obligations under the contract template (it may be necessary for two processes, one for Northern California and one for Southern California). The agreement indicates that this process will be conducted and funded by DHCS unless otherwise agreed to by the parties.
3. A process will be developed to improve the existing and future enrollment processes for Kaiser members including a validation process (of the applicant's eligibility to choose Kaiser).
4. In COHS counties including Orange County, the enrollment process for current/previous Kaiser members will mimic the existing process for all Medi-Cal members. The COHS plans such as CalOptima will assign to Kaiser new Medi-Cal members currently or previously enrolled with Kaiser in the previous twelve months or family-linked in the previous twelve months. This auto assignment to Kaiser is contingent upon COHS plans receiving required and accurate data from Kaiser and federal and state regulators. COHS members will be assigned to Kaiser only upon verification of previous coverage by Kaiser.
5. The agreement does not restrict the ability of Medi-Cal beneficiaries to choose a different provider than Kaiser during or after the beneficiary has been assigned to CalOptima.

Kaiser/Plan Agreement

The second agreement, between Kaiser and the managed care plan, is titled "Care Continuity Agreement" and defines the beneficiaries for whom the managed care plan will ensure transition to Kaiser as: 1) all members of CalOptima currently assigned to Kaiser; 2) individuals who are eligible for Medi-Cal on and after January 1, 2014 under Medi-Cal expansion and who enroll in CalOptima and are assigned to Kaiser; 3) HFP beneficiaries who are Kaiser members on the effective date of the transition; and 4) beneficiaries who are eligible for Medi-Cal or HFP after the effective date of the transition and who were Kaiser members or family-linked within the previous twelve months. This agreement has been signed by Kaiser but does not include aid codes on the attachments.

The two-way agreement includes the following provisions:

1. Kaiser will provide rate development template (RDT) data to managed care plans for inclusion in the plan RDT for the rate setting process.

2. Effective July 1, 2013, for aid codes not directly funded through the Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA), an administrative withhold by the managed care plan will not exceed 2% of the net capitation Medi-Cal amount (the withhold may be based on the plan risk-adjusted equivalent of the net capitation amount). For aid codes directly funded through CHIPRA, there will be no administrative fee withhold.
3. Managed care plan contracts with Kaiser will be amended to include these provisions. However this Agreement indicates that it may be terminated only upon execution of an amendment to the parties, and that the terms of this Agreement will be re-evaluated in five years.
4. Kaiser may enter into a direct contract with DHCS if Kaiser is unable to reach a subcontracting agreement with Plan.

Upon approval by the Board of Directors, CalOptima modified its Medi-Cal auto assignment policy to accommodate the transition of HFP members and to the extent possible, preserve the provider/member and member/health network relationships. For children transitioning from other HFP health plans to Medi-Cal, CalOptima anticipates that DHCS will provide the Medi-Cal health plan a file that will include the incoming health plan code and name for transitioning HFP children. In order to ensure a seamless transition of care for Kaiser members, it will be necessary that CalOptima receive a timely, clean file for processing. Otherwise, CalOptima staff will follow our standard new member auto assignment process.

Fiscal Impact

With Kaiser's current membership, the 2% administrative withhold provision equates to approximately $250,000 annually which is one-half of the amount regularly included in DHCS capitation rates for administration. However, as an HMO, Kaiser will perform some of the functions that CalOptima would normally be responsible for, which will reduce CalOptima's cost accordingly.

Rationale for Recommendation

These template agreements were negotiated with DHCS, Kaiser and managed care plans and the provisions for transitioning HFP members are consistent with the requirements included in the recent amendment to CalOptima's Primary Agreement with DHCS related to the transition of HFP subscribers into Medi-Cal.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken April 2, 2020
Regular Meeting of the CalOptima Board of Directors

Report Item
4. Consider Actions Related to Coronavirus (COVID-19) Pandemic

Contact
Nancy Huang, Chief Financial Officer (714) 246-8400
Michelle Laughlin, Executive Director Network Operations (714) 246-8400

Recommended Actions
1. Authorize Health Network Medi-Cal capitation rate increases for contracted Physician Hospital Consortia (PHC), Shared Risk Group (SRG), and Health Maintenance Organizations (HMO) by 5% from current levels for the period of April 1, 2020, through June 30, 2020;

2. Authorize waiver of the minimum stay requirement and expand types of services eligible for per diem payments for contracted Community-Based Adult Services (CBAS) providers for Medi-Cal and OneCare Connect;

3. Authorize unbudgeted expenditures from existing reserves of up to $14 million to provide funding for rates adjustments for Health Network capitation rates;

~~4. Authorize interim Medi-Cal rate for coronavirus testing for dates of service on or after February 4, 2020;~~ Amended 4/2/20

5. Authorize the Chief Executive Officer (CEO), with the assistance of Legal Counsel, to:

    a. Amend the Medi-Cal PHC, SRG, and HMO Health Network contracts to implement the 5% capitation rate increase; and
    b. Amend Medi-Cal and OneCare Connect contracts with CBAS providers effective March 13, 2020 to provide flexibility for services, in accordance with the Department of Health Care Services' (DHCS) section 1135 Waiver application.

Background
On January 31, 2020, the Secretary of Health and Human Services declared a public health emergency under section 319, of the Public Health Service Act (42 U.S.C. 247d) in response to a novel coronavirus known as SARS-CoV-2 (coronavirus). On March 13, 2020, the President of the United States declared a national emergency based on the spread of this coronavirus. Along with federal, state, and local agencies, CalOptima is taking action to continue efforts to protect the health and safety of our providers and members.

As an unprecedented safety measure, the state has issued self-quarantine and social distancing requirements for an unknown period of time. These requirements have and continue to affect CalOptima's provider networks as the coronavirus pandemic develops. One immediate downstream effect of these measures has been CBAS closures as a result of a reduction of in-person utilization. Left

unaddressed, this can rapidly jeopardize the viability of CalOptima's CBAS provider network. Moreover, it underscores the need for CalOptima to take necessary measures to ensure there is limited disruption of care and access to services for our members, which includes vulnerable individuals.

Discussion

CalOptima management recognizes that healthcare service delivery to our members has undergone significant changes during the coronavirus pandemic. Management recommends the following actions in order to provide immediate aid and service authorization flexibilities to CalOptima's provider network in order to ensure that members received access to covered, medically necessary health care services:

Medi-Cal Rate Enhancement for Health Networks

To provide immediate aid and support and maintain the viability of the health networks, Management proposes to:

1. Provide a 5% increase from current levels to contracted PHC, SRG and HMO Medi-Cal capitation rates for the period of April 1, 2020, through June 30, 2020. The estimated aggregate monthly fiscal impact is approximately $4.4 million.

2. Amend the Medi-Cal Health Network contracts to reflect this increase for the period stated above.

Special Reimbursement to CBAS providers

Staff anticipates face-to-face visits at CBAS centers to continue decreasing due to the Governor's stay at home executive order issued on March 19, 2020, and the County of Orange's social distancing requirements. CalOptima currently holds contracts with 31 CBAS centers, serving approximately 2,580 members. Preventing this is critical at this time, as CBAS centers serve CalOptima's most vulnerable senior members On March 19, 2020, the California Department of Health Care Services (DHCS) submitted a request for additional Section 1135 Waiver flexibilities related to coronavirus. This request included additional flexibilities related to the CBAS benefit and individual plan of care. In order to continue uninterrupted access to CBAS services, effective March 13, 2020, Management proposes to:

1. Waive the 1115 waiver requirement of a minimum of a four-hour stay at the center. This change will enable CalOptima members to receive appropriate services at home and remove barriers to access.

2. Expand the types of services eligible for per diem payments. Pursuant to DHCS' 1135 Waiver request, CalOptima will provide per diem payments to CBAS providers who provide:
   - Telephonic or live video interactions in lieu of face-to-face social/therapeutic visits and/or assessments;
   - Arrange for home delivered meals in absence of meals provided at the CBAS center; and/or
   - Provide physical therapy or occupational therapy in the home

3. Amend CBAS contracts to reflect the waiver of the minimum four-hour stay requirement and expansion of services pursuant to DHCS 1135 Waiver request.

~~Interim Medi-Cal Rate for Coronavirus Testing~~

~~The Centers for Medicare & Medicaid Services (CMS) established, for the Medicare program, procedure codes and provider reimbursement rates for coronavirus testing conducted on or after February 4, 2020. DHCS adopted these same procedure codes for the Medi-Cal program effective February 4, 2020. As of this writing, DHCS has not established Medi-Cal reimbursement rates for coronavirus testing.~~ Amended 4/2/20

~~Management proposes to adopt the Medicare provider reimbursement rates on an interim basis for CalOptima's Medi-Cal program for dates of service on or after February 4, 2020. Once DHCS establishes Medi-Cal reimbursement rates for coronavirus testing, CalOptima will make retroactive adjustments to Medi-Cal claims, as appropriate.~~ Amended 4/2/20

Fiscal Impact

The total funds for the Health Network Medi-Cal capitation rates for contracted PHCs, SRGs and HMOs will not exceed 5% of total medical capitation expenditures, in aggregate, in the CalOptima Fiscal Year (FY) 2019-20 Operating Budget. Staff projects the monthly incremental funding at approximately $4.4 million. An allocation of up to $14 million from existing reserves will fund this action.

The CalOptima FY 2019-20 Operating Budget includes funding for Professional medical expenditures for contracted CBAS providers. Currently, the net fiscal impact for the recommended action is unknown. However, assuming current utilization levels will continue, Staff anticipates the recommended action will not have an additional fiscal impact to the operating budget.

~~The fiscal impact for the recommended action to authorize an interim Medi-Cal rate for coronavirus testing is unknown at this time, since both utilization and costs estimates are difficult to quantify. However, Staff anticipates future funding received from DHCS for this purpose will fully offset expenses incurred by CalOptima.~~ Amended 4/2/20

Rationale for Recommendation

Providing additional provider payments during the coronavirus pandemic will ensure providers remain viable and accessible to our members, as well as increased financial security for the Orange County safety net system.

REQUEST FOR ADDITIONAL SECTION 1135 WAIVER FLEXIBILITIES RELATED TO NOVEL CORONAVIRUS DISEASE (COVID-19) NATIONAL EMERGENCY/PUBLIC HEALTH EMERGENCY

Dear Ms. Glaze:

The Department of Health Care Services (DHCS) writes to request approval for the below-detailed additional flexibilities under Section 1135 of the Social Security Act (42 U.S.C. § 1320b-5) as related to the Novel Coronavirus Disease (COVID-19). These flexibilities are in addition to the request submitted from DHCS on March 16, 2020. As you know, the COVID-19 outbreak was declared a national emergency on March 13, 2020, and was previously declared a nationwide public health emergency on January 31, 2020 (retroactive to January 27, 2020).

The below list represents California's additional requested flexibilities under the Section 1135 authority in connection with the COVID-19 outbreak and emergency based on further exploration of need. Because circumstances surrounding the COVID-19 emergency remain quite fluid, DHCS may subsequently request approval for additional flexibilities, which we can commit to doing promptly as soon as the need is discovered. Consistent with Section 1 of the President's March 13, 2020, national emergency declaration, DHCS requests a retroactive effective date of January 27, 2020, for the requested Section 1135 flexibilities to coincide with the effective start date of the Public Health Emergency, unless otherwise specified. In the event a requested flexibility below is not approvable under the Section 1135 authority, DHCS requests CMS technical assistance to identify any other authority (e.g. under the State Plan or Section 1115) for which approval may be available. Per our discussion with CMS on March 19, 2020, DHCS will request the flexibilities associated with Inmate and Institutions for Mental Disease (IMD) funding exclusions in the Section 1115 context (according to the forthcoming CMS instructions/Section 1115 template).

Back to Agenda
Back to Item
Back to Item

In addition, DHCS requests confirmation that any approved flexibility granted with respect to fee-for-service Medi-Cal benefits and providers would apply equally, to the extent applicable, to our various federally approved delivery systems, such as Medi-Cal managed care plans (MCPs), county organized health systems, county mental health plans, and Drug Medi-Cal organized delivery systems (DMC-ODS) and to the State's standalone Children's Health Insurance Program.

1. **Service authorization and utilization controls**, including but not necessarily limited to:

- Waiver of Attachment 3.1 – A.1, page 2 of the State Plan, exclusion of adult receipt of acetaminophen-containing and cough/cold products.

- For individuals with developmental disabilities receiving services under the State Plan 1915(i) authority, the state requests retainer payments. Retainer payments are available only for absences (maximum 30 consecutive days) in excess of the average number of absences experienced by the provider during the 12 month period prior to 2020.

- For Community-Based Adult Services (CBAS) – CBAS Benefit and Individual Plan of Care (IPC), the state requests:
    - Flexibility to reduce day center activities/gatherings and limit exposure to vulnerable populations.
    - Flexibility to utilize telephonic or live video interactions in lieu of face-to-face social/therapeutic visits.
    - Flexibility to utilize telephonic or live video interactions in lieu of face-to-face assessments.
    - Flexibility to allow following services to be provided at a beneficiary's home:
        - Physical Therapy
        - Occupational Therapy
    - Flexibility to provide or arrange for home delivered meals in absence of meals provided at the CBAS Center.
    - Flexibility for DHCS and MCPs to provide per diem payments to CBAS providers who provide telephonic or live video interactions in lieu of face-to-face social/therapeutic visits and/or assessments, arrange for home delivered meals in absence of meals provided at the CBAS Center, and/or provide physical therapy or occupational therapy in the home.

2. **Eligibility Flexibilities**, including but not necessarily limited to:

    - Flexibility in the hospital presumptive eligibility (HPE) program to cover more than one HPE period in a given 12-month timeframe. To the extent a beneficiary seeks care for coronavirus but has already used an HPE period in the last 12 months, or tests negative and then seeks care for a suspected episode later in the same 12-month period, HPE can provide a fast, low-barrier way to provide immediate, temporary coverage during the emergency period.

3. **Telehealth/Telephonic/Virtual Visits**, including but not necessarily limited to:

    - Waiver of 42 C.F.R. §438.6(c)(1), as necessary, to permit the State to direct MCO and PIHP payments to network providers, where telehealth/telephonic service is medically appropriate and feasible, at the same rate the MCO or PIHP would pay if the service was provided in person, unless the MCO/PIHP and the provider otherwise agree to a different rate for the telehealth modality.

    - Similar to flexibility granted at the federal level, DHCS requests authority for the State not to impose penalties for noncompliance with the regulatory requirements under the Health Insurance Portability and Accountability Act (HIPAA) against covered health care providers in connection with the good faith provision of telehealth during the COVID-19 emergency.

4. **Administrative Activities**, regarding deadlines and timetables for performance of required activities, DHCS requests extension of time for activities conducted by the state, MCPs, and/or county mental health and substance use disorder prepaid inpatient health plans (PIHPs), as applicable, due to social distancing to reduce the spread of COVID-19 and to allow the state, MCP, and/or PIHP resources to prioritize COVID-19 response efforts including:

    - Waiver of the two-year claiming submission limit (42 USC §1320b-2; 45 CFR §95.1, et seq.) for federal financial participation or claiming adjustments with respect to medical assistance and administrative expenditures.

    - Waiver of the requirement in 42 CFR §447.45(d)(1), that DHCS require providers to submit all claims no later than 12 months from the date of service. DHCS is requesting authority to extend the 12-month timeframe for services provided with dates of service during this emergency.

    - Modification of the federal deadlines for submission of cost reports for Medicare and Medicaid (currently due Nov. 2020) by at least 6 months, with no late penalties, so that providers have time to file the appropriate documents. Many provider and hospital staff have been told to work remotely or have been reassigned to

emergency response activities, which will cause delays in meeting reporting timelines.

- Waiver of the timeframe required for financial oversight and medical compliance audits for PIHPs and State Plan Drug Medi-Cal counties. DHCS requests this waiver to allow flexibility regarding deploying staff resources to manage the emergency.

5. **Payment Rates**, including but not necessarily limited to:

- Waiver of the county interim rate setting methodology described beginning on page 10 of the Certified Public Expenditure (CPE) protocol approved through the 1915(b) waiver. The CPE protocol requires DHCS to calculate county interim rates using prior year cost reports trended forward using the Home Health Agency Market Basket Index or a CMS approved cost of living index. As utilization drops and costs increase during this emergency, DHCS is requesting authority to use alternative methodologies, at DHCS's discretion, to temporarily increase county interim rates.

- Waiver of the interim rate setting methodology described on page 5 and 6 of the Drug Medi-Cal Organized Delivery System (DMC ODS) Certified Public Expenditure protocol approved through the 1115 demonstration. The CPE protocol requires DHCS to reimburse DMC ODS counties on an interim basis pursuant to county developed and DHCS approved interim rates for each service, which are expected to be based upon the most recently calculated or estimated county costs for the specific service. DHCS is requesting authority, if counties reimburse DMC providers up to actual cost, to reimburse counties the federal and state share of their certified public expenditures for services rendered during this emergency.

- Waiver of the Statewide Maximum Allowance (SMA) rate limitation on interim reimbursement and final settlement for Drug Medi-Cal (DMC) services provided in state plan counties. California's State Plan describes the reimbursement methodology for DMC services in Attachment 4.19-B, pages 38-41b (SPA 09-022 and SPA 15-013), which limits interim payments to DMC providers to the lower of the SMA or the USDR (Section E.1, page 41). Furthermore, the Medicaid State Plan also limits final reimbursement to lower of actual cost, usual and customary charges, or the SMA for DMC providers. DHCS is requesting authority to waive the SMA and usual and customary charge limitations on interim and final reimbursement for DMC state plan services.

6. **Clarification of Previous Requests**:

- Item 2 in the March 16, 2020 1135 Waiver requested to waive various federal and State Plan requirements pertaining to service authorization and utilization controls

imposed on covered benefits. DHCS seeks to clarify that the requested waivers would extend to any limitations for elective procedures and informed consent (including, but not necessarily limited, to 42 C.F.R. § 441.253) to enable provider to postpone elective procedures to prioritize COVID-19 response activities. DHCS suggests extending the current 180-day limit for beneficiary informed consent to 360 days.

- Item 5 in the March 16, 2020 1135 Waiver requested to waive restrictions existing restrictions on individual counseling sessions under the Drug Medi-Cal state plan. DHCS wants to clarify that we are requesting to waive Supplement 3 to Attachment 3.1-B, to allow individual visits in lieu of group visits, and that these visits may be conducted by telephone, telehealth, and/or in-person. Waive the current restriction on individual visits (only allowed for intake, crisis intervention, collateral services, and treatment and discharge planning). Allow individual visits to be used for counseling focused on short-term personal, family, job/school and other problems and their relationship to substance use. This waiver is needed so the services previously provided in groups can be done in individual sessions during the emergency, to prevent COVID-19 exposure.

- Item 6 in the March 16, 2020 1135 Waiver requested to waive State Plan Attachment 4.19-D, including any applicable Supplements, which establishes the payment methodology for Intermediate Care Facilities for the Developmentally Disabled (ICF-DD) and skilled nursing facilities (SNFs). The state wanted to clarify that the waiver being requested would apply to all SNF and ICF-DD facility types and the reimbursement flexibilities would not be limited solely to the costs associated with suspension of Day Programs. SNFs and ICF-DDs are experiencing increased cost pressures in a variety of areas as a result of the COVID-19 response and the state is seeking flexibility to allow consideration of all costs being incurred by facilities to ensure the health and safety of residents.

7. Flexibilities to be Requested under Section 1115 Authority (according to forthcoming CMS guidance):

- Waiver of the inmate exclusion (42 U.S.C. §1396d(a)(30)(A)) to allow for Medi-Cal claiming for services provided ***in*** jails and prisons for the testing, diagnosis and treatment of COVID-19 or services to ensure other care is provided in a safe way without transporting individuals to acute care facilities.

- Waiver of the 16-bed limitation/prohibition on receipt of federal financial participation for patients residing in Institutions for Mental Disease (IMD) pursuant to 42 U.S.C. §1396d(a)(30)(B). DHCS believes waiver of the IMD exclusion is necessary to temporarily increase bed capacity for affected beneficiaries and to allow facilities to claim for services provided for these

additional beds. Evaluation of less restritictive settings would be completed prior to placement.

During such difficult times for California and the nation, DHCS greatly appreciates the prompt attention exhibited by CMS to these matters and we look forward to the continued partnership.

Sincerely,

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken March 5, 2020
Regular Meeting of the CalOptima Board of Directors

Report Item

14. Consider Ratification of Amendments to the Medi-Cal Health Network Contracts, Except AltaMed Health Services Corporation, and Expenditures for Whole-Child Model Program Implementation

Contact

Michelle Laughlin, Executive Director Network Operations (714) 246-8400
Nancy Huang, Chief Financial Officer (714) 246-8400

Recommended Actions

1. Ratify amendments to the Medi-Cal health network contracts, except AltaMed Health Services Corporation, to include payment by CalOptima of startup costs associated with the Whole-Child Model program; and,
2. Ratify the expenditure of up to $1.75 million in IGT 6 and 7 funds for implementation.

Background

The California Children's Services Program (CCS) is a statewide program, providing medical care, case management, physical/occupational therapy, and financial assistance for children up to age 21 meeting financial and health condition eligibility criteria. Following the approval of Senate Bill 586 in September 2016, the Department of Healthcare Services (DHCS) was given the authority to incorporate a number of CCS services into Medi-Cal managed care plan (MCP) contracts for county organized health systems (COHS), referred to as the Whole Child Model (WCM). CalOptima began the process of transitioning its Medi-Cal Health Networks in June 2018, with implementation going live as of July 1, 2019. The importance of a successful WCM transition cannot be overstated, as it directly impacts the wellbeing of CalOptima's most at-risk pediatric members.

IGTs are transfers of public funds between eligible governmental entities, which qualify for matching federal funds for the Medi-Cal program. IGT 6 and 7 funds were received in May 2018 from the Department of Health Care Services (DHCS) totaled $31.1 million. After initial disbursements of $10 million for the Homeless Health Initiative, the Board authorized the remaining balance of $21.1 million to be used for community grants, internal initiatives and program administration. On August 1, 2019, the Board authorized $1.75 million for the Whole Child Model Assistance for Implementation and Development (WCM AID), which was approved as an internal initiative. The funds were designated to aid health networks in developing and implementing a successful delivery system for the WCM program.

Discussion

Health networks were required to cover a portion of the WCM program's startup expenses incurred before the launch on July 1, 2019. Following the Board's August 1, 2019 approval of the IGT 6 and 7 allocation for WCM startup costs, health networks were notified that they would receive a one-time, fixed payment of $50,000, plus applicable variable costs up to the amount allowed per network based on the number of WCM assigned members. CalOptima provided criteria for reimbursement, including

Back to Agenda
Back to Item
Back to Item

receipt of attestations demonstrating that the costs were incurred prior to the WCM program go-live date of July 1, 2019, and that expenditures fall within the specified categories of:

- Staffing, recruitment and training.
- Systems and infrastructure.
- Other expenses such as educational materials, notices, etc.

Staff seeks authority to ratify contract amendments and expenditures for the Medi-Cal health networks, except AltaMed Health Services Corporation, to aid with start-up costs and implementation of the WCM program.

Fiscal Impact

The recommended action to amend Medi-Cal health network contracts to include disbursement of IGT 6 and 7 funds for WCM Assistance for Implementation and Development has no fiscal impact to CalOptima's operating budget. The Board authorized the allocation of $1.75 million from IGT 6 and 7 funds for this purpose at the August 1, 2019, meeting. Expenditure of IGT funds is for restricted, one-time purposes for the benefit of CalOptima members, and does not commit CalOptima to future budget allocations.

Rationale for Recommendation

The recommended action ensures CalOptima's Medi-Cal health network contracts are updated to reflect receipt of IGT 6 and 7 funds for reimbursement of startup costs associated with the WCM program.

Concurrence

Gary Crockett, Chief Counsel

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken August 3, 2017
Regular Meeting of the CalOptima Board of Directors

Report Item

4. Consider Approval of Recommended Expenditure Categories for Intergovernmental Transfer (IGT) 6 and IGT 7, Reallocation of Prior IGT Funds, and Extension of Deadline for the University of California, Irvine (UCI) Observation Stay Pilot

Contact

Phil Tsunoda, Executive Director, Public Policy and Public Affairs, (714) 246-8400

Recommended Actions

1. Approve recommended expenditure categories for IGT 6 and 7;
2. Authorize proposed reallocation of IGT funds as detailed herein to Strategies to Reduce Readmission~~; and~~
3. ~~Extend deadline for the parties to reach agreement on terms UCI Observation Stay Pilot Program to October 31, 2017.~~ *Continued to a future Board meeting.*

Rev. 8/3/17

Background/Discussion

Intergovernmental Transfers (IGT) are transfers of public funds between eligible government entities which are used to draw down matching federal funds for the Medi-Cal program. The IGT funds are to be used to provide enhanced/additional benefits to existing Medi-Cal beneficiaries. There is no guarantee of future availability of the IGT Rate Range program. Consequently, these funds are best suited for one-time investments or as seed capital for new services or initiatives for the benefit of Medi-Cal beneficiaries.

Funds received by CalOptima for IGTs 1-5, which have totaled $47.3 million, have been previously allocated to projects which support CalOptima Board-approved funding categories to guide community health investments for the benefit of CalOptima members. CalOptima's share of the combined net proceeds of IGTs 6 and 7 are projected to be approximately $22.1million.

IGT 6 and 7 Proposed Expenditure Categories

The Board of Directors' IGT Ad Hoc committee appointed by the Board Chair met on July 6, 2017, to receive an update on current IGT projects and review potential IGT 6 and IGT 7 expenditure categories. The ad hoc committee consists of Directors Khatibi, Nguyen, and Schoeffel. The Ad Hoc committee recommends utilizing CalOptima's share of IGT 6 and IGT 7 funds to support programs addressing the following areas:

- Opioid and Other Substance Overuse
- Children's Mental Health
- Homeless Health
- Community Grants to support program areas beyond those funded by IGT 5

Staff will return to the Board with recommendations once a more detailed expenditure plan is developed.

Back to Agenda
Back to Item

Prior IGT Funding Reallocations and Changes

Several projects under previous IGTs were recently completed, and in order to balance out the accounts, staff is recommending several reallocations between projects. The table below outlines the proposed reallocation of IGT funds as well as changes to previously approved projects:

From (Project/ IGT)	Proposed Action	To (Project/IGT)	Reason
FHQC Support Phase 2/ IGT 2	Reallocate $22,909	Strategies to Reduce Readmission/ IGT 1	Strategies to Reduce Readmission has a negative balance of $77,836 due to delayed reimbursements to the health network. FQHC Support Phase 2 is complete with a remaining balance of $22,909
Autism Screening/IGT 2	Reallocate $54,927	Strategies to Reduce Readmission/ IGT 1	Autism screening reimbursements has had lower interest level from providers than anticipated
UCI Observation Stay Payment Pilot/ IGT 4	Extend 90 day time limit for negotiation of project terms to October 31, 2017	N/A	At its December 1, 2016 meeting, the Board authorized up to $750,000 in IGT 4 dollars to fund an observation pilot at UCI, subject to the parties agreeing to terms within 90 days. As terms continue to be negotiated, staff recommends extending the deadline to reach term to October 31, 2017.

Fiscal Impact

The recommended action has no fiscal impact to CalOptima's operating budget. Expenditure of IGT funds is for restricted, one-time purposes for the benefits of CalOptima members, and does not commit CalOptima to future budget allocations.

Rationale for Recommendation

As part of CalOptima's vision in working Better. Together, CalOptima, as the Medi-Cal plan for Orange County is committed to continuing to work with our provider and community partners to address gaps and work to improve the availability, access and quality of health care services available to Medi-Cal beneficiaries.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken August 1, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item
14. Consider Allocation of Intergovernmental Transfer 6 and 7 Funds

Contact
Candice Gomez, Executive Director, Program Implementation (714) 246-8400

Recommended Actions
1. Approve the recommended allocations of IGT 6 and 7 funds in the amount of $19.1 million for community grants and internal projects; and,
2. Authorize the Chief Executive Officer, with the assistance of Legal Counsel, to enter into grant contracts with the recommended community grantees.

Background
Intergovernmental Transfers (IGTs) are transfers of public funds between eligible government entities which are used to draw down matching federal funds for the Medi-Cal program. IGT 1 – 7 funds are to be used to provide enhanced/additional benefits for Medi-Cal beneficiaries. There is no guarantee of future availability of the IGT Rate Range program; thus IGT 1-7 funds are best suited for one-time investments or, as seed capital for new services or initiatives for the benefit of Medi-Cal beneficiaries. Beginning with IGT 8, the IGT funds are viewed by the state as part of the capitation payments CalOptima receives; these payments are to be tied to covered Medi-Cal services provided to Medi-Cal beneficiaries.

On August 3, 2017, CalOptima's Board of Directors approved the recommendation to support community-based organizations through one-time competitive grants to address the following priority areas:

- Children's Mental Health
- Homeless Health
- Opioid and Other Substance Use Disorders
- Community Needs Identified by the CalOptima Member Health Needs Assessment

Subsequently, CalOptima released Requests for Information/Letters of Interest (RFI/LOI) from organizations to help determine funding allocation amounts for the priority areas and received 117 responses. Initial projections of available IGT 6/7 funds were estimated to be $22.1 million.

In May 2018, CalOptima received final IGT 6 and 7 funding from the Department of Health Care Services (DHCS), resulting in a total of $31.1 million for CalOptima's share of the combined IGT transaction. On August 2, 2018, the Board approved a $10 million allocation from the Homeless Health priority area to the County of Orange Health Care Agency for the Recuperative Care services under the Whole Person Care pilot program. On September 6, 2018 the Board authorized the remaining available balance of $21.1 million to be used for community grants, internal initiatives and program administration.

Back to Agenda
Back to Item
Back to Item

Subsequently, at its February 22, 2019 Special Meeting, the Board approved funds to be reallocated to the Clinical Field Teams Pilot for the Homeless Health Initiatives. The funds were reallocated from Requests for Proposals (RFP) 4. Expand Mobile Food Distribution Services and 6. Expand Access to Food Distribution for Older Adults) in the total amount of $1 million which were not recommended for grants. In addition, $100,000 IGT 6 funds previously approved by the Board were reallocated from Internal Initiatives to the Clinical Field Teams Pilot. The reallocations were ratified at the April 4, 2019 Board meeting.

Proposed Allocation for community grants and internal initiatives is as follows:

Community Grants

Request for Proposal	Priority Area	Allocation Amount
1. Access to Outpatient Mental Health Services	Children's Mental Health	$4,850,000
2. Integrate Mental Health Services into Primary Care Settings	Children's Mental Health	$4,850,000
3. Increase access to Medication-Assisted Treatment (MAT)	Opioid and Other Substance Overuse	$6,000,000
4. Expand Mobile Food Distribution Services	Community Needs Identified by the MHNA	Allocated to the Homeless Health Initiatives
5. Expand Access to Food Distribution Services focused on Children and Families	Community Needs Identified by the MHNA	$1,000,000
6. Expand Access to Food Distribution Services for Older Adults	Community Needs Identified by the MHNA	Allocated to the Homeless Health Initiatives
TOTAL		**$16,700,000**

Internal Initiatives

Internal Project Examples: - IS and other infrastructure projects as summarized below.	$2,400,000
TOTAL	**$2,400,000**

External subject matter experts and staff performed an examination of the RFP responses and evaluated them based on the following criteria:

- Statement of need describing the specific issue and/or problem and proposed program and/or solution, including new and innovative and/or collaborative efforts and expansion of services and personnel;
- Information on the impact to CalOptima members; and
- Demonstration of efficient and effective use of the potential grant funds for the proposed program and/or solutions.

Discussion

The IGT 6 and 7 Ad Hoc committee comprised of Supervisor Do and Director DiLuigi, met to discuss the results of the 54 RFP responses for the Children's Mental Health and Opioid and Other Substance Overuse as well as to review recommendations for other program areas identified by the Member Health Needs Assessment (MHNA). Following the review of the evaluation committees results and RFP recommendations, the Ad Hoc committee is recommending the following allocation of approximately $16.7 million for IGT 6 and 7 Board-approved priority areas through four (4) RFPs.

Community Grants

Category	Organization	Funding Amount
RFP 1. Expand Access to Outpatient Children's Mental Health Services ($4.85 million)	Children's Bureau of Southern California	$3,390,000
	OCAPICA (Orange County Asian & Pacific Islander Community Alliance, Inc)	$685,000
	Boys & Girls Clubs of Garden Grove	$325,000
	Jamboree Housing	$450,000
RFP 2. Integrate Children's Mental Health Services into Primary Care ($4.85 million)	CHOC Children's	$4,250,000
	Friends of Family Health Center	$600,000
RFP 3. Increase Access to Medication-Assisted Treatment ($6 million)	Coalition of Orange County Community Health Center	$6,000,000
RFP 5. Expand Access to Food Distribution Services Focused on Children and Families ($1 million)	Serve the People	$1,000,000
TOTAL		**$16,700,000**

As noted above, the ad hoc is not recommending grants for two of the RFP categories (4. Expand Mobile Food Distribution Services and 6. Expand Access to Food Distribution for Older Adults) and the associated funding was previously reallocated to the Clinical Field Teams Pilot at the February 22, 2019 Special Meeting of the CalOptima Board of Directors.

Internal Initiatives
In addition, staff reviewed four internal applications and is recommending an allocation of $2.4 million for internal projects. Funding of $100,000 from the Internal Initiatives budget was reallocated to the Clinical Field Team pilot for the Homeless Health Initiatives at the February 22, 2019 Special Meeting of the CalOptima Board of Directors.

Project	Amount
Whole Child Model Assistance for Implementation and Development (WCM AID)	$1,750,000
Master Electronic Health Record (EHR) System	$650,000
TOTAL	**$2,400,000**

Fiscal Impact
The recommended action to approve the allocation of $19.1 million from IGT 6 and 7 funds has no fiscal impact to CalOptima's operating budget because IGT funds are accounted for separately. Expenditure of IGT funds is for restricted, one-time purposes for the benefit of CalOptima members, and does not commit CalOptima to future budget allocations.

Rationale for Recommendation
As part of CalOptima's vision in working Better. Together, CalOptima, as the Medi-Cal health plan for Orange County, will work with our provider and community partners to address the health care needs of the members we serve.

Concurrence
Gary Crockett, Chief Counsel

IGT 6 and 7 Community Grant Award Recommendations

August 1, 2019

Candice Gomez
Executive Director, Program Implementation

Background

- IGT process enables CalOptima to secure additional federal revenue to increase California's low Medi-Cal managed care capitation rates
  - IGTs 1–7: Funds must be used to deliver enhanced services for the Medi-Cal population
  - IGTs 8–9: Funds must be used for Medi-Cal covered services for the Medi-Cal population
- CalOptima Board of Directors approved IGT 6 and 7 priority areas for community-based funding opportunities
  - Children's Mental Health
  - Homeless Health
  - Opioid and Other Substance Overuse
  - Other Needs Identified by the Member Health Needs Assessment

Background (cont.)

- Received 117 RFIs to identify strategies for each priority area
- IGT 6 and 7 funds of $31.1 million were received in May 2018
  - $10 million approved for recuperative care services in August 2018
  - $21.1 million allocated for community grants, internal initiatives and program administration in September 2018
    - $17.7 million in community grants
    - $2.5 million in internal initiatives
    - $900,000 in program administration (over 3 years)
- Released RFPs, evaluated responses and conducted site visits from September 2018–January 2019

RFP Evaluation Criteria

- Organizational capacity and financial condition
- Statement of need that describes the specific issue or problem and the proposed program/solution
- Impact on CalOptima members with outreach and education strategies
- Efficient and effective use of potential grant funds for proposed program/solution

Site Visits

- Subject matter experts and staff conducted site visits to finalist organizations
- Questions were asked to:
  - Better understand the organization, current services provided and the proposed project
  - Identify the organization's leadership capacity and skills to effectively provide the proposed services
  - Determine if there are any concerns with awarding a grant to the organization

RFP Summary

RFP	Total Received	Total Recommended
1. Expand Access to Outpatient Children's Mental Health Services ($4.85 million)	26	4
2. Integrate Children's Mental Health Services Into Primary Care ($4.85 million)	10	2
3. Increase Access to Medication-Assisted Treatment ($6 million)	10	1
4. Expand Mobile Food Distribution Services ($500,000)	1	0
5. Expand Access to Food Distribution Services Focused on Children and Families ($1 million)	5	1
6. Expand Access to Food Distribution Services for Older Adults ($500,000)	2	0
Total	**54**	**8**

1. Expand Access to Outpatient Children's Mental Health Services ($4.85 million)

Rank	Organization	Original Request	Recommended Funding Amount
1	Children's Bureau of Southern California	$3,500,000	$3,390,000
2	OCAPICA (Orange County Asian & Pacific Islander Community Alliance Inc.)	$685,000	$685,000
3	Boys & Girls Club of Garden Grove	$325,200	$325,000
4	Jamboree Housing	$692,000	$450,000
	Total	**$5,202,200**	**$4,850,000**

2. Integrate Children's Mental Health Services Into Primary Care ($4.85 million)

Rank	Organization	Original Request	Recommended Funding Amount
1	CHOC Children's	$4,785,076	$4,250,000
2	Friends of Family Health Center	$600,000	$600,000
	Total	**$5,385,076**	**$4,850,000**

3. Increase Access to Medication-Assisted Treatment ($6 million)

Rank	Organization	Original Request	Recommended Funding Amount
1	Coalition of Orange County Community Health Centers	$5,998,000	$6,000,000
	Total	**$5,998,000**	**$6,000,000**

5. Expand Access to Food Distribution Services Focused on Children and Families ($1 million)

Rank	Organization	Original Request	Recommended Funding Amount
1	Serve the People	$1,000,000	$1,000,000
	Total	**$1,000,000**	**$1,000,000**

No Funding for RFPs 4 and 6

- No funding is recommended for two RFPs
  - 4. Expand Mobile Food Distribution Services ($500,000)
  - 6. Expand Access to Food Distribution Services for Older Adults ($500,000)
- Submitted proposals presented challenges
  - Did not demonstrate delivery of service to CalOptima members
  - Did not demonstrate sustainability after funds exhausted
- Funding was allocated to the Homeless Health Initiative's Clinical Field Team pilot on February 22, 2019

Internal Projects ($2.4 million)

Rank	Project	Original Request	Recommended Funding Amount
1	Whole-Child Model Assistance for Implementation and Development	$1,750,000	$1,750,000
2	Master Electronic Health Record (EHR) System	$700,000	$650,000
	Total	**$2,450,000**	**$2,400,000**

Recommended Board Actions

- Approve the recommended allocations of IGT 6 and 7 funds in the amount of $19.1M for community grants and internal projects; and,
- Authorize the Chief Executive Officer with the assistance of Legal Counsel to execute grant contracts with the recommended community grantees.

IGT Update & Proposed Funding Categories for IGT 6 & 7

Board of Directors Meeting

August 3, 2017

Cheryl Meronk

Director, Strategic Development

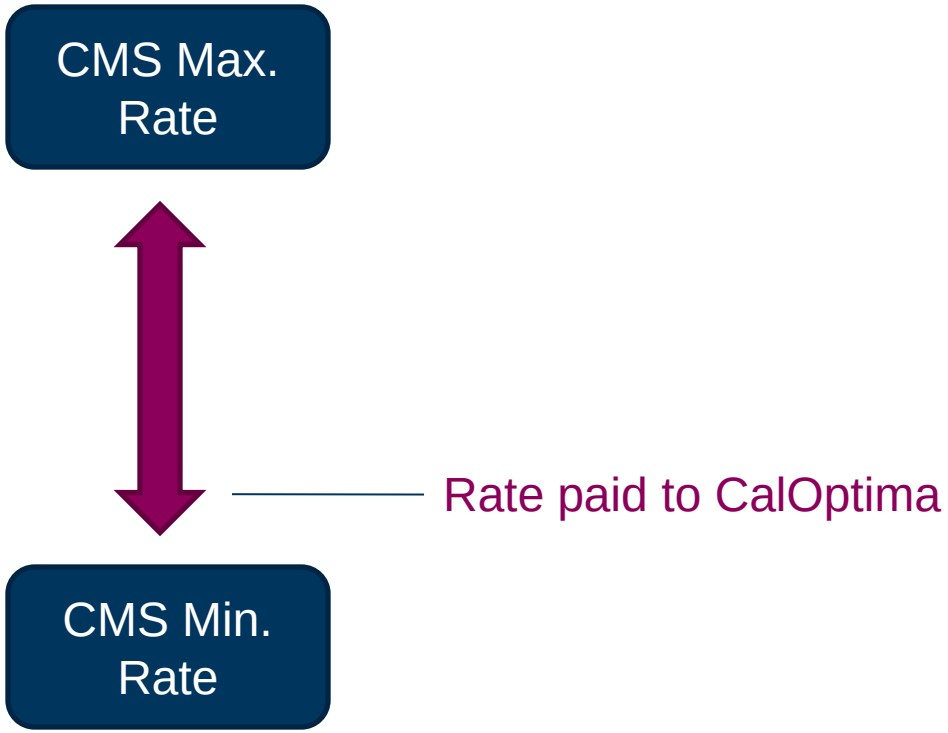
Back to Agenda

Intergovernmental Transfers (IGT) Background

- Medi-Cal program is funded by state and federal funds
- IGT process enables CalOptima to secure additional federal revenue to increase California's low Medi-Cal managed care capitation rates
- Funds must be used to deliver enhanced services for the Medi-Cal population

Low Medi-Cal Managed Care Rates

- CMS approves a rate range for Medi-Cal managed care
- California pays near the bottom of the range



IGT Funds Availability and Process

- Available pool of dollars based on difference paid to CalOptima and the maximum rate
- Access to IGT dollars is contingent upon eligible government entities contributing dollars to be used as match for federal dollars
- Funds secured through cooperative transactions among eligible governmental funding entities, CalOptima, DHCS and CMS

CalOptima Share Totals To-Date

IGTs	CalOptima Share
IGT 1	$12.52 M
IGT 2	$8.60 M
IGT 3	$4.88 M
IGT 4	$6.97 M
IGT 5	$14.42 M
Total	**$47.39 M**

Total	**$12.3 M**	**$12.0 M**	

As of 5/31/2017

IGT 5

- $14.4M allocated for competitive community grants
- Community grant initiatives to be developed, pending results from CalOptima's Member Health Needs Assessment

- Funding Categories:
  - Adult Mental Health
  - Children's Mental Health
  - Strengthening the Safety Net
  - Childhood Obesity
  - Improving Children's Health

Member Health Needs Assessment (IGT 5)

- Builds upon previous surveys and assessments, e.g.
  - CalOptima Group Needs Assessment
  - OC Health Care Agency – OC Health Profile
  - Hospital Community Needs Assessments
- Deeper focus on needs of diverse, underserved Medi-Cal membership, including:
  - 7 threshold languages + others never previously represented
  - Homeless
  - Mentally ill
  - Older adults
  - Persons with disabilities

Member Health Needs Assessment (IGT 5)

- Comprehensive assessment to identify gaps in and barriers to service
  - Access to PCPs, specialists & hospitals
  - Pharmacy and lab
  - Oral health services
  - Mental health services
- Insights into social determinants of health
  - Economic stability/employment status
  - Housing status
  - Education/literacy level
  - Social isolation
  - Transportation issues
  - Cultural differences
  - Communication barriers

Estimated IGT 6 and 7 Totals

IGT	CalOptima Share
IGT 6	≈ $9.95 M (Anticipated December 2017)
IGT 7	≈ $12.16 M (Anticipated May 2018)
Total	**≈ $22.11 M**

Proposed IGT Funding Categories - IGT 6 and 7

- Funds to be used to deliver enhanced services for the Medi-Cal population

Opioid/Other Substances Overuse

- Nationwide, 78 opioid overdose deaths per day
  - 45% of Rx drug overdose deaths are Medicaid beneficiaries
- In OC, 286 opioid-related drug overdose deaths in 2016
  - Opioid dependence second leading cause of substance-related hospitalizations in OC after alcohol dependence syndrome

- Potential solutions to be funded:
  - Expand access to pain management, addiction treatment and recovery services
  - Outreach and education
  - Technical assistance to community groups working to reduce opioid and other substance overuse

Children's Mental Health

- Estimated 52,500 OC youth living with a mental health condition
- Hospitalization rate for major depression among children and youth continues to rise
- Only 32 psychiatric acute care beds in OC for adolescents, and zero for children under 12
  - New CHOC facility will add 18 beds, for ages 3-18

- Potential solutions to be funded:
  - Expand inpatient and outpatient psychiatric services capacity for children 3-18

Homeless Health

- Homelessness in OC on the rise
  - 2017 Point-in-Time count identified 4,792 homeless individuals
  - 2015 Point-in-Time count was 4,452
  - As of 2015, estimated 15,291 homeless individuals in OC
    - Approximately 11,000+ of these are CalOptima members
- Economic impact of homelessness ≈ $300M over 12-month period between 2014-15
  - Includes $121M for health care costs
- Potential solutions to be funded:
  - Expand recuperative care services
  - Increase/expand mobile health clinics

Competitive Community Grants

- Funding to fill gaps and address barriers to service beyond IGT 5 funding categories:
  - Examples of possible additional priority areas:
    - Older Adult Health
    - Dental Health
    - Persons with Disabilities
    - Maternal/perinatal Health

CalOptima Projects and Program Admin

- Approx. 10% of total IGT 6 & 7 set aside for internal priorities and program administration, e.g.:
  - Expansion of provider electronic records capabilities
  - IGT program administration
  - Grant development and administration

Next Steps

- Gather stakeholder input
  - PAC
  - MAC
  - OCC MAC
  - Community organizations
- Develop expenditure plans for Board approval

CalOptima's Mission

To provide members with access to quality health care services delivered in a cost-effective and compassionate manner

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken August 3, 2017
Regular Meeting of the CalOptima Board of Directors

Report Item

4. Consider Approval of Recommended Expenditure Categories for Intergovernmental Transfer (IGT) 6 and IGT 7, Reallocation of Prior IGT Funds, and Extension of Deadline for the University of California, Irvine (UCI) Observation Stay Pilot

Contact

Phil Tsunoda, Executive Director, Public Policy and Public Affairs, (714) 246-8400

Recommended Actions

1. Approve recommended expenditure categories for IGT 6 and 7;
2. Authorize proposed reallocation of IGT funds as detailed herein to Strategies to Reduce Readmission~~; and~~
3. ~~Extend deadline for the parties to reach agreement on terms UCI Observation Stay Pilot Program to October 31, 2017.~~ *Continued to a future Board meeting.*

Rev. 8/3/17

Background/Discussion

Intergovernmental Transfers (IGT) are transfers of public funds between eligible government entities which are used to draw down matching federal funds for the Medi-Cal program. The IGT funds are to be used to provide enhanced/additional benefits to existing Medi-Cal beneficiaries. There is no guarantee of future availability of the IGT Rate Range program. Consequently, these funds are best suited for one-time investments or as seed capital for new services or initiatives for the benefit of Medi-Cal beneficiaries.

Funds received by CalOptima for IGTs 1-5, which have totaled $47.3 million, have been previously allocated to projects which support CalOptima Board-approved funding categories to guide community health investments for the benefit of CalOptima members. CalOptima's share of the combined net proceeds of IGTs 6 and 7 are projected to be approximately $22.1million.

IGT 6 and 7 Proposed Expenditure Categories

The Board of Directors' IGT Ad Hoc committee appointed by the Board Chair met on July 6, 2017, to receive an update on current IGT projects and review potential IGT 6 and IGT 7 expenditure categories. The ad hoc committee consists of Directors Khatibi, Nguyen, and Schoeffel. The Ad Hoc committee recommends utilizing CalOptima's share of IGT 6 and IGT 7 funds to support programs addressing the following areas:

- Opioid and Other Substance Overuse
- Children's Mental Health
- Homeless Health
- Community Grants to support program areas beyond those funded by IGT 5

Staff will return to the Board with recommendations once a more detailed expenditure plan is developed.

Back to Item
Back to Agenda
Back to Item

Prior IGT Funding Reallocations and Changes

Several projects under previous IGTs were recently completed, and in order to balance out the accounts, staff is recommending several reallocations between projects. The table below outlines the proposed reallocation of IGT funds as well as changes to previously approved projects:

From (Project/ IGT)	Proposed Action	To (Project/IGT)	Reason
FHQC Support Phase 2/ IGT 2	Reallocate $22,909	Strategies to Reduce Readmission/ IGT 1	Strategies to Reduce Readmission has a negative balance of $77,836 due to delayed reimbursements to the health network. FQHC Support Phase 2 is complete with a remaining balance of $22,909
Autism Screening/IGT 2	Reallocate $54,927	Strategies to Reduce Readmission/ IGT 1	Autism screening reimbursements has had lower interest level from providers than anticipated
UCI Observation Stay Payment Pilot/ IGT 4	Extend 90 day time limit for negotiation of project terms to October 31, 2017	N/A	At its December 1, 2016 meeting, the Board authorized up to $750,000 in IGT 4 dollars to fund an observation pilot at UCI, subject to the parties agreeing to terms within 90 days. As terms continue to be negotiated, staff recommends extending the deadline to reach term to October 31, 2017.

Fiscal Impact

The recommended action has no fiscal impact to CalOptima's operating budget. Expenditure of IGT funds is for restricted, one-time purposes for the benefits of CalOptima members, and does not commit CalOptima to future budget allocations.

Rationale for Recommendation

As part of CalOptima's vision in working Better. Together, CalOptima, as the Medi-Cal plan for Orange County is committed to continuing to work with our provider and community partners to address gaps and work to improve the availability, access and quality of health care services available to Medi-Cal beneficiaries.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken August 2, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item
17. Consider Approval of Grant Allocations of Intergovernmental Transfer (IGT) 6 and 7 Funds

Contact
Phil Tsunoda, Executive Director, Public Policy and Public Affairs, (714) 246-8400

Recommended Actions
1. Approve an additional grant allocation of up to $10 million to the Orange County Health Care Agency (OCHCA) from the Department of Health Care Services-approved and Board-approved Intergovernmental Transfer 6 and 7 Homeless Health priority area;
2. Replace the current cap of $150 on the daily rate and the 15-day stay maximum paid out of CalOptima funds with a 50/50 cost split arrangement with the County for stays of up to 90 days for homeless CalOptima members referred for medically justified recuperative care services under OCHCA's Whole Person Care Pilot program; and
3. Authorize the Chief Executive Officer (CEO), with the assistance of Legal Counsel, to amend the grant agreement with the County of Orange to include indemnity language and allow for use of the above allocated funds for recuperative care services under the County's Whole Person Care (WPC) Pilot for qualifying homeless CalOptima members.

Background
Intergovernmental Transfers (IGT) are transfers of public funds between eligible government entities which are used to draw down matching federal funds for the Medi-Cal program. IGT funds are to be used to provide enhanced/additional benefits for Medi-Cal beneficiaries. There is no guarantee of future availability of the IGT Rate Range program; thus, funds are best suited for one-time investments or as seed capital for new services or initiatives for the benefit of Medi-Cal beneficiaries.

At the August 3, 2017 Board of Directors meeting, IGT 6 and 7 funds totaling approximately $22 million were approved to support community-based organizations through one-time competitive grants at the recommendation of the IGT Ad Hoc committee to address the following priority areas:

- Children's Mental Health
- Homeless Health
- Opioid and Other Substance Use Disorders
- Community Needs Identified by the CalOptima Member Needs Assessment

On October 19, 2017 CalOptima released a notice for Requests for Information/Letters of Interest (RFI/LOI) from organizations seeking funding to address community needs in one or more of the board approved priority areas. The RFI/LOIs helped staff determine funding allocation amounts for the board-approved priority areas. CalOptima received a total of 117 RFI/LOIs from community-based organizations, hospitals, county agencies and other community interests. The 117 RFI/LOIs are broken down as follows:

Priority Area	# of LOIs
Children's Mental Health	57
Homeless Health	36
Opioid and Other Substance Use Disorders	22
Other/Multiple Categories	2
Total	**117**

Staff examined the responses and evaluated them based on the following criteria:

- Statement of need describing the specific issue and/or problem and proposed program and/or solution, including new and innovative and/or collaborative efforts and expansion of services and personnel;
- Information on the impact to CalOptima members; and
- Demonstration of efficient and effective use of the potential grant funds for the proposed program and/or solutions.

In May 2017, CalOptima received final payment from DHCS for the IGT 6 and 7 transaction and confirmed CalOptima's total share to be approximately $31.1 million.

Discussion

The IGT Ad Hoc committee consisting of Supervisor Do and Directors Nguyen and Schoeffel met on February 17 and reconvened on April 17 to further discuss the results of the RFI/LOI responses specifically in the Homeless Health priority area and to review the staff-recommended IGT 6 and 7 expenditure plan with suggested allocation of funds per priority area.

Since receiving the RFI/LOIs, the County of Orange over the past several months has been engaged in addressing the homelessness in Orange County. Numerous public agencies and non-profit organizations, including CalOptima, have been working diligently to address this challenging matter. A lot has been accomplished, yet much more needs to be addressed.

Before making recommendation to the Board on the release of the limited grant dollars, the Ad Hoc committee met to carefully review the staff-recommended IGT 6 and 7 expenditure plan while also considering the pressing homeless issue.

In response to this on-going and challenging environment, and through the recommendation of the Ad Hoc committee, staff is recommending an allocation of up to $10 million to the OCHCA from IGT 6 and 7 to address the health needs of CalOptima's members in the priority area of Homeless Health

This will result in a remaining balance of approximately $21.1 million, which the Ad Hoc will consider separately and return to the Board with further recommendations.

In addition, staff is seeking authority to amend the grant agreement with the County to direct the allocation of up to $10 million of funds to provide recuperative care services for homeless CalOptima members under the recuperative care/WPC Pilot. The current agreement with the County allows CalOptima to pay for a maximum of $150 per day up to 15 days of recuperative care per member, with the County responsible for any costs. Staff is proposing to remove the cap on the daily rate and allow the $10 million to be used for funding 50 percent of all medically justified recuperative care days up to

a maximum of 90 days per homeless CalOptima member, to the extent that funds remain available, and subject to negotiation of an amendment to include indemnification by the County in the event that such use of CalOptima IGT funds is subsequently challenged or disallowed.

The WPC Pilot, a county-run program is intended to focus on improving outcomes for participants, developing infrastructure and integrating systems of care to coordinate services for the most vulnerable Medi-Cal beneficiaries. The current WPC Pilot budget and services are as follows:

		Add'l	
	Total WPC	**County Funds**	**CalOptima**
WPC Connect - electronic data sharing system	$ 2,421,250	$ -	$ -
Hospitals - Homeless Navigators	$ 5,164,000	$ -	$ -
Community Clinics - Homeless Navigators	$ 7,495,000	$ -	$ -
Community Referral Network - social services referral system	$ 1,000,000	$ -	$ -
Recuperative Care Beds	$ 4,277,615	$ 3,483,627	$ 522,100
MSN Nurse - Review & Approval of Recup. Care	$ 628,360	$ -	$ -
211 OC - training and housing coordination	$ 526,600	$ -	$ -
CalOptima - Homeless Personal Care Coordinators & Data Reporting	$ 809,200	$ -	$ -
Housing Navigators	$ 1,824,102	$ -	$ -
Housing Peer Mentors	$ 1,600,000	$ -	$ -
County Behavioral Health Services Outreach Staff	$ 1,668,013	$ -	$ -
Shelters	$ 2,446,580	$ -	$ -
County Admin	$ 1,206,140	$ -	$ -
TOTAL	$31,066,860	$ 3,483,627	$ 522,100

Since the 2016, the OCHCA collaborated with other community-based organizations, community clinics, hospitals, county agencies and CalOptima and others to design the program and has met with stakeholders on a weekly basis. The recuperative care element of the WPC pilot is a critical component of the program. During the first program year, the WPC recuperative care program provided vital services to homeless CalOptima members. CalOptima members in the WPC pilot program are recuperating from various conditions such as cancer, back surgery, and medication assistance and care for frail elderly members. The WPC pilot program has three recuperative care providers providing services, Mom's Retreat, Destiny La Palma Royale and Illumination Foundation.

From July 1, 2017 through June 30, 2018, the WPC pilot program provided the following recuperative care services and linkages for members:

- 445 Homeless CalOptima members admitted into recuperative care for a total of 16,508 bed days
- 22% Homeless CalOptima members served by Illumination Foundation placed into Permanent Supportive Housing
- 4 Homeless CalOptima members in recuperative care approved for Long-Term Care services
- 6 Homeless CalOptima members in recuperative care approved for Assisted Living Waiver services

- Total cost for recuperative care services over the fiscal year: $2,946,700
    - Average length of stay: 37 days
    - Average cost per member: $6,623

The OCHCA experienced a shortfall in the budgeted funds for the WPC/Recuperative Care Program in Year 1 as more individuals were identified to be eligible for the program than projected. The Whole Person Care pilot budget is approximately $31 million, with $8.4 million allocated to provide recuperative care. As the WPC pilot moves into the new fiscal year, the program continues to experience a shortfall. To address the budget shortfall, the number of admissions into the recuperative care program was restricted; however, projected need is projected to increase over the next three years to approximately 2,368 homeless individuals, or 790 per year. The program will need approximately $18.6M over the next three years to meet the increased need for recuperative care services. The County's remaining WPC budget for recuperative care services over this period is approximately $5.3 million.

Individuals who are recovering safely through the program are connected to medical care, including primary care medical homes and medical specialists. In addition, members may receive behavioral health therapy and/or substance use disorder counseling services. Clients from the WPC pilot program are seven times more likely to use the Emergency Room (ER) and nine times more likely to be hospitalized than general Medi-Cal Members.

The WPC recuperative care program serves and is available for homeless CalOptima members when medically indicated, for members who are discharged from hospitals and skilled nursing facilities, as well as those referred from clinics, and OCHCA public health nurses.

Fiscal Impact
The recommended action to approve the allocation of $10 million from IGT 6 and IGT 7 to the OCHCA has no fiscal impact to CalOptima's operating budget. Expenditure of IGT funds is for restricted, one-time purposes for the benefit of CalOptima Medi-Cal members, and does not commit CalOptima to future budget allocations.

Rationale for Recommendation
As part of CalOptima's vision in working Better. Together, CalOptima, as the community health plan for Orange County, will work with our provider and community partners to address community health needs and gaps and work to improve the availability, access and quality of health care services.

Concurrence

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken September 6, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item

13. Consider Authorization of Expenditure Plan for Intergovernmental Transfer (IGT) 6 and 7 Funds, Including the Release of Requests for Proposals (RFPs) for Community Grants to Address Children's Mental Health, Opioid and Other Substance Overuse, and Other Community Needs Identified by the CalOptima Member Health Needs Assessment

Contact

Phil Tsunoda, Executive Director, Public Policy and Public Affairs, (714) 246-8400

Recommended Actions

1. Approve the expenditure plan for allocation of IGT 6 and 7 funds in the amount of $21.1 million for the Department of Health Care Services (DHCS)-approved and Board-approved priority areas; and
2. Authorize the release of Requests for Proposal (RFPs) for community grants and internal project applications, with staff returning at a future Board meeting with evaluation of proposals and recommendations for award(s) being granted.

Background

Intergovernmental Transfers are transfers of public funds between eligible government entities which are used to draw down matching federal funds for the Medi-Cal program. IGT funds are to be used to provide enhanced/additional benefits for Medi-Cal beneficiaries. There is no guarantee of future availability of the IGT Rate Range program, thus funds are best suited for one-time investments or, as seed capital for new services or initiatives for the benefit of Medi-Cal beneficiaries.

At the August 3, 2017 Board of Directors meeting, IGT 6 and 7 funds totaling approximately $22 million were approved to support community-based organizations through one-time competitive grants to address the following priority areas:

- Children's Mental Health
- Homeless Health
- Opioid and Other Substance Use Disorders
- Community Needs Identified by the CalOptima Member Health Needs Assessment

On October 19, 2017 CalOptima released a notice for Requests for Information/Letters of Interest (RFI/LOI) from organizations seeking funding to address community needs in one or more of the above referenced priority areas. CalOptima received a total of 117 RFI/LOIs from community-based organizations, hospitals, county agencies and other community interests. The 117 RFI/LOIs are broken down as follows:

Priority Area	**# of LOIs**
Children's Mental Health	57
Homeless Health	36
Opioid and Other Substance Use Disorders	22
Other/Multiple Categories	2
Total	**117**

Back to Item
Back to Agenda
Back to Item

Staff performed an examination of all the responses and evaluated them based on the following criteria:

- Statement of need describing the specific issue and/or problem and proposed program and/or solution, including new and innovative and/or collaborative efforts and expansion of services and personnel;
- Information on the impact to CalOptima members; and
- Demonstration of efficient and effective use of the potential grant funds for the proposed program and/or solutions.

Discussion

In late May 2018, CalOptima received final IGT 6 and 7 funding from DHCS, resulting in a total of $31.1 million for CalOptima's share of the combined IGT transaction. IGT 6/7 funds totaled $31.1 million rather than the initially projected $22 million due to an adjustment in the enrollment numbers estimated by the California Department of Health Care Services and the higher federal match for the expansion population. On August 2, 2018, CalOptima's Board of Directors approved a $10 million allocation from the Homeless Health priority area to the County of Orange Health Care Agency for the Recuperative Care services under the Whole Person Care pilot program; resulting in a remaining available balance of $21.1 million.

The IGT 6 and 7 Ad Hoc committee comprised of Supervisor Do, and Directors Nguyen and Schoeffel, met on July 20 and July 27 to discuss the results of the 117 RFI/LOI responses for the Children's Mental Health, Opioid and other Substance Overuse as well as to review recommendations for other program areas identified by the Member Health Needs Assessment (MHNA). Following the review of the staff evaluation process and RFP recommendations, the Ad Hoc committee and staff determined allocation amounts and descriptions for each of the proposed six (6) Request for Proposals (RFPs). In addition, staff is recommending an allocation of IGT dollars for internal projects and program administration in the amounts indicated.

The Ad Hoc committee is recommending the following allocation of approximately $17.7 million for IGT 6 and 7 Board-approved priority areas through six (6) RFPs. Please note that multiple applicants may be selected per RFP to receive a grant award.

Community Grants

Request for Proposal	Priority Area	Allocation Amount
Access to Outpatient Mental Health Services	Children's Mental Health	~~$2,700,000~~ $4,850,000
Integrate Mental Health Services into Primary Care Settings	Children's Mental Health	~~$7,000,000~~ $4,850,000
Increase access to Medication-Assisted Treatment (MAT)	Opioid and Other Substance Overuse	$6,000,000

Rev. 9/6/18

Back to Agenda
Back to Item
Back to Item

Expand Mobile Food Distribution Services	Community Needs Identified by the MHNA/Childhood Obesity and Children's Health	$500,000
Expand Access to Food Distribution Services focused on Children and Families	Community Needs Identified by the MHNA/Childhood Obesity and Children's Health	$1,000,000
Expand Access to Food Distribution Services for Older Adults	Community Needs Identified by the MHNA/Older Adult Health	$500,000
TOTAL		**$17,700,000**

Rev. 9/6/18

Internal Projects and Program Administration

In addition, staff is also recommending an allocation of approximately $3.4 million for internal projects and IGT program administration to manage all IGT program projects as follows:

Internal Project Examples: - IS and other infrastructure projects	$2,500,000
IGT Program Administration - Support for two (2) existing staff positions for three years - Grant Management System license, and other administrative costs for three years	$949,289 *(Approx. $317,000 per year for three years)*
TOTAL	**$3,449,289**

Staff anticipates returning with recommendations of RFP grantee awards and internal project(s) for Board approval following the completion of the community grant and internal project RFP application processes at the February 2019 Board meeting. The staff positions are Manager, Strategic Development, and Program Assistant, and the above proposed funding is in addition to $10 million allocated from IGT 6/7 for Homeless Health on August 2, 2018.

Fiscal Impact

The recommended action to approve the expenditure plan and allocation of $21.1 million from IGT 6 and 7 funds has no fiscal impact to CalOptima's operating budget because IGT funds are accounted for separately. Expenditure of IGT funds is for restricted, one-time purposes for the benefit of CalOptima members, and does not commit CalOptima to future budget allocations.

Rationale for Recommendation

As part of CalOptima's vision in working Better. Together, CalOptima, as the community health plan for Orange County, will work with our provider and community partners to address community health needs and gaps and work to improve the availability, access and quality of health care services.

Concurrence

IGT 6 & 7 Expenditure Plan Allocation

Board of Directors Meeting

September 6, 2018

Cheryl Meronk

Director, Strategic Development

IGT 6 & 7 - Background

- Board Established 3 New Priority Areas
  1. **Homeless Health**
  2. **Opioid and Other Substance Overuse**
  3. **Children's Mental Health**
  - ➢ Community needs identified by MHNA
  - ➢ Internal projects and IGT program administration
- Received 117 LOIs
- $10.0M allocated for County HCA for Homeless Health/WPC Recuperative Care
- Ad Hoc met to discuss recommendations for other categories

IGT 6 & 7 Funding

- **$31.1M** CalOptima's share
- **$10.0M** to County HCA for WPC Recuperative Care
- **$21.1M** remaining for recommended distribution
  - ➢ $17.7M for Community Grants
    - Six Request for Proposals (RFPs)
      - 2 RFPs in Children's Mental Health
      - 1 RFP in Opioid and other Substance Overuse
      - 3 RFPs for MHNA identified needs
  - ➢ $3.4M for Internal Projects and Program Administration

IGT 6 & 7 LOI Summary

Priority Area	# Received
Children's Mental Health	57
Homeless Health	36
Opioid & Other Substance Overuse	22
Other/multiple categories	2
Total	**117**

Children's Mental Health – 2 RFPs

RFP #	RFP Description	Funding Amount
1	Expand Access to Outpatient Mental Health Services	$2.7 million
2	Integrate Mental Health Services into Primary Care Settings	$7.0 million
	Total	**$9.7 million**

* Multiple awardees may be selected per RFP

RFP 1

Expand Access to Outpatient Children's Mental Health Services

- **Funding Amount:** $2,700,000
- **Description:**
  - Access to outpatient services
    - Create/expand school or resource center-based mental health services for children.
    - Provide services on-site, in-home, and/or afternoon/evening
    - Use an integrated model with community health workers to target vulnerable populations such as children experiencing homelessness, who have experienced traumatic incidences, homeless etc.
    - Provide additional support services to help promote stability and success

RFP 2

Integrate Children's Mental Health Services into Primary Care Settings

- **Funding Amount:** $7 million
- **Description:**
  - Integrate mental health services provided in primary care settings
    - Include behavioral health providers in clinics and/or other settings where children are provided health care services
    - Provide culturally sensitive services
    - Provide efficient and immediate access to mental health consultation
    - Provide health navigation/scheduling coordinator to ensure availability and follow-up of services

Opioid & Other Substance Overuse – 1 RFP

RFP #	RFP Description	Funding Amount
3	Increase access to Medication-Assisted Treatment	$6.0 million
	Total	**$6.0 million**

*Multiple awardees may be selected per RFP

RFP 3

Increase access to Medication-Assisted Treatment

Funding Amount: $6.0 million

- **Description:**
  - Increase access to Medication-Assisted Treatment (MAT) Programs
    - Combine behavioral and physical health services
    - Manage oversight and prescribing of FDA-approved medications and program administration
    - Provide management of patients' overall care coordination
  - Integrate pain management services
  - Ensure availability of providers/staff to deliver appropriate services
  - Establish a partnership with the Orange County Health Care Agency Drug Medi-Cal Organized Delivery System (ODS) for referrals/collaboration

Community Needs Identified by MHNA: Food Access – 3 RFPs

RFP #	RFP Description	Funding Amount
4	Expand Mobile Food Distribution Services	$500K
5	Expand Access and Food Distribution focused on Children and Families	$1 million
6	Expand Access to Older Adults Meal Programs	$500K
	Total	**$2 million**

*Multiple awardees may be selected per RFP

RFP 4

Expand Mobile Food Distribution Services

- **Funding Amount:** $500,000
- **Description:**
  - MHNA data shows more than 30% of members indicated they needed help obtaining food each month
  - Increase availability and access to healthy food options in areas of where fresh food/grocery stores are limited
  - Ensure additional mobile food trucks/vehicles to distribute healthy food options such as fresh produce/groceries that are culturally appropriate in areas of greatest need
  - Enroll members in mobile food distribution services programs
  - Provide education to prepare nutritious meals and/or pre-made meal options and simple recipes

RFP 5

Expand Access and Food Distribution Services focused on Children and Families

- **Funding Amount:** $1 million
- **Description:**
  - MHNA data shows more than 30% of members indicated they needed help obtaining food each month
  - Access to healthy food options such as fresh fruits, vegetables and other groceries
  - Increase access to culturally appropriate food options
  - Enroll/connect members to food distribution service programs
  - Provide education and simple recipes to help families on a limited budget
  - Provide take-home meals for children/families who may not have access to cooking facilities

RFP 6

Expand Access to Older Adult Meal Programs

- **Funding Amount:** $500,000
- **Description:**
  - MHNA data shows more than 30% of members indicated they needed help obtaining food each month
  - Increase access to:
    - Healthy options such as fresh fruits, vegetables and other groceries in areas of highest need
    - Culturally appropriate food options
    - Home delivered meals
  - Enroll/connect member food distribution service programs

Internal Projects/Program Admin.

Description	Amount
IS and Other Infrastructure Projects	$2.5 million
Support for staff and administrative costs	~$315K/year (for 3 years)

Next Steps*

- IGT 6 & 7 RFP Recommendations: September 6, 2018 Board Meeting
- Release of RFPs: September 2018
- RFPs due: November 2018
- IGT Ad Hoc review of recommended grant awards: January 2019
- Recommended awards: February 2019 Board Meeting

* Dates are subject to change based on Board approval

Homeless Health Care Delivery

Special Meeting of the CalOptima Board of Directors
February 22, 2019

Michael Schrader
Chief Executive Officer

Agenda

- Current system of care
- Strengthened system of care
- Federal and State guidance
- Activities in other counties
- Considerations
- Recommended actions

Current System of Care

Key Roles	Agency
Public Health	County
Physical Health	CalOptima*
Mental Health – mild to moderate	CalOptima*
Serious Mental Illness (SMI) and Substance Use Disorder	County
Shelters	County and Cities
Housing supportive services for SMI population • Housing search support • Facilitation of housing application and/or lease • Move-in assistance • Tenancy sustainment/wellness checks	County
Intensive Care Management Services	County and CalOptima*
Medi-Cal Eligibility Determination and Enrollment	County
Presumptive Medi-Cal Eligibility	State Medi-Cal Fee-for-Service Program

**For Medi-Cal Members*

Current System of Care (Cont.)

- Services available to Medi-Cal members through CalOptima
  - Physician services – primary and specialty care
  - Hospital services and tertiary care
  - Palliative care and hospice
  - Pharmacy
  - Behavioral health (mild to moderate)
- Recuperative care funding with IGT dollars through County's Whole-Person Care Pilot
  - A clean and safe place for homeless individuals to recover from illness or injury for up to 90 days
  - A form of short-term shelter based on medical necessity

Gaps in the Current System of Care

- Access issues for homeless individuals
  - Difficulty with scheduled appointments
  - Challenges with transportation to medical services
- Coordination of physical health, mental health, substance use disorder treatment, and housing
- Physical health for non-CalOptima members who are homeless
  - Individuals may qualify for Medi-Cal but are not enrolled

Immediate Response

- In 2018, more than 200 reported homeless deaths in Orange County
  - Roughly double the number of homeless deaths in San Diego County
- CalOptima Board
  - On February 20, 2019, Quality Assurance Committee tasked staff to investigate
    - Percentage that were CalOptima members
    - Demographics
    - Causes of death
    - Prior access to medical care
  - Identify opportunities for improvement

Strengthened System of Care

- Vision
  - Deliver physical health care services to homeless individuals where they are
- Partner with FQHCs to deploy mobile clinical field teams
  - Reasons for partnering with FQHCs
    - Receive CalOptima reimbursement for Medi-Cal members
    - Receive federal funding for uninsured
    - Enrollment assistance into Medi-Cal
    - Offer members education on choosing FQHC as their PCP
  - About the FQHC clinical field teams (a.k.a., “Street Medicine”)
    - Small teams (e.g., physician/NP/PA, medical assistants, social worker)
    - Available with extended hours
    - Go to parks, riverbeds and shelters
    - In coordination with County Outreach and Engagement Team (a.k.a., “Blue Shirts”)

Federal and State Guidance

- Depending on the state-specific waivers and county contracts with state, Medicaid funds can be used for coverage of certain housing-related activities, such as
  - ➢ Intensive case management services
    - Section 1915(c) Home and Community Based Services waiver
      - e.g., In-Home Supportive Services and Multipurpose Senior Services Program
  - ➢ Housing navigation and supports
    - Section 1115 waiver
      - e.g., Whole-Person Care Pilot

Federal and State Guidance (Cont.)

- Medicaid funds cannot be used for rent or room and board
  - CMS Informational Bulletin – June 26, 2015
- CalOptima's Medi-Cal revenue and reserves can be used for the CalOptima Medi-Cal program only
  - Welfare & Institutions Code section 14087.54 (CalOptima enabling statute)

Activities in Other Counties

- Los Angeles County
  - LA County administers a flexible housing subsidy pool
  - L.A. Care provided a $4 million grant (total commitment of $20 million over 5 years) for rent subsidies to house 300 individuals
    - L.A. Care has other sources of revenue beyond Medi-Cal (e.g., Covered California commercial plan)
- Riverside and San Bernardino Counties
  - Inland Empire Health Plan contributes to a housing pool to provide housing supportive services for 350 members
- Orange County
  - Housing pool not in existence today under WPC Pilot
  - If established pursuant to the 1115 Waiver (e.g., under WPC), CalOptima could contribute funds for housing supportive services, not rent

Considerations

- Establish CalOptima Homeless Response Team
  - Dedicated CalOptima resources
  - Coordinate with clinical field teams
  - Interact with Blue Shirts, health networks, providers, etc.
  - Work in the community
  - Provide access on call during extended hours
- Fund start-up costs for clinical care provided to CalOptima members
  - On-site in shelters
  - On the streets through clinical field teams

Additional Considerations

- Look at opportunities to support CalOptima members who are homeless
  - ➢ Contribute to a housing pool
    - Housing pool must exist under an 1115 waiver program (e.g. WPC) in order to use Medi-Cal funds
    - CalOptima contribution used towards housing navigation and support services; cannot be used towards rent or room and board

Recommended Actions

- Authorize establishment of a clinical field team pilot program
  - Contract with any willing FQHC that meets qualifications
  - ~~CalOptima financially responsible for services regardless of health network eligibility~~
  - ~~One year pilot program~~
  - ~~Fee-for-service reimbursement based on CalOptima Medi-Cal fee schedule~~
- Authorize reallocation of up to $1.6 million from IGT 1 and 6/7 to fund start-up costs for clinical field team pilot
  - ~~Vehicle, equipment and supplies~~
  - ~~Staffing~~

Recommended Actions (Cont.)

- Authorize establishment of the CalOptima Homeless Response Team
  - Authorize eight unbudgeted FTE positions and related costs in an amount not to exceed $1.2 million
- Return to the Board with a ratification request for further implementing details
- Consider other options to work with the County on a System of Care
- Obtain legal opinion related to using Medi-Cal funding for housing-related activities

CalOptima's Mission

To provide members with access to quality health care services delivered in a cost-effective and compassionate manner

RFP 1. Expand Access to Outpatient Children's Mental Health Services			
Organization Name	**Request ($)**	**Project Title**	**Project Description**
Access California Services	$ 195,000	Playing with Rainbows	Provide an innovative play-based therapeutic program that facilitates the process of healing in immigrant and/or refugee children who have been traumatized by war and migration through the use of a group counseling process involving play and art.
Boys & Girls Club of Anaheim Inc.	$ 1,331,418	Wild at Heart	A therapeutic wilderness program focused on improving children's mental health, coping skills and resilience through evidence-based outdoor experiential therapy to at-risk youth aged 12 to 18
Boys & Girls Clubs of Garden Grove	$ 325,200	Teen Mental Health Leadership Program	Reduce stigma, increase coping skills, and triage mental health care by providing peer training to community-based teen empowerment programs and education around outreach and stigma reduction.
Casa de la Familia (CDLF)	$ 1,840,968	SAUSD Mental Health Project	Provide culturally sensitive counseling, case management, outreach and parental support services to students and parents within the Santa Ana Unified School District.
Child Guidance Center, Inc	$ 1,207,053	School Based Behavioral Health Services for Military/Veteran Connected Families	Expand resource center-based behavioral health services for veteran and military connected children by providing early intervention, prevention programs and behavioral health services to children in a community-based setting. Program will also provide training to schools and implement peer navigators. Program will leverage MHSA Innovation project with the Family Resource Centers.

Organization Name	Request ($)	Project Title	Project Description
Children's Bureau of Southern California (Children's Bureau)	$ 3,500,000	Children's Mental Health Access Collaborative	Bring together 12 outpatient mental health services providers to expand access to mental health services and increase coordination, outreach, peer support, and systems integration. Providing other Early Childhood Mental Health interventions not currently covered by MHSA funds or Medi-Cal.
CSU Fullerton Auxiliary Services Corporation	$ 4,033,395	The Early Childhood Mental Health and Wellness Program	Implement a Early Childhood Mental Health and Wellness Program through a facilitated process by a consultant and a leadership team of early care and education programs.
Gay and Lesbian Community Services Center of Orange County	$ 120,000	LGBT Center OC's Mental Health Program for Children and Youth	Provide CalOptima members ages 4-18 years with individual and family therapy as appropriate; mental health support groups for children and youth; drop-in counseling sessions for foster children; and; community groups focused on mental and emotional wellness
Hurtt Family Health Clinic	$ 745,812	Family Counseling Services for Homeless, Poor and Foster Children and Youth	Provide family counseling services to homeless families residing in Orange County Rescue Mission's transitional housing programs.
Illumination Foundation	$ 1,080,384	Children and Family In-Home Stabilization Program	Bring in-home services and individualized counseling to more families with children who are at risk of developing emotional and behavioral disorders.
Jamboree Housing Corporation	$ 692,000	Children's Behavioral Health Peer Navigation Collaboration	Pilot program to provide accessible behavioral health services for children and their families living at Jamboree's Clark Commons and surrounding Buena Park communities through an afterschool program, resident leadership training, food and nutrition workshops, and computer classes. The program will use an evidence-based peer navigation model (peer with lived experience), as well as connect members to clinical care.

Organization Name	Request ($)	Project Title	Project Description
Latino Center for Prevention & Action in Health & Welfare DBA Latino Health Access for Children with Adverse Childhood Experiences	$ 450,000	Promotora/ Community Health Worker-Facilitated Emotional Wellness and Mental Health Services	Prevention and intervention mental health program for Latino children who have had Adverse Childhood Experiences (ACE) that have resulted in trauma.
Living Success Center, Inc.	$ 1,351,000	Outreach and Education Expansion of Children's Mental Health Services	A 3-year outreach and education project to identify those in need, targeting homeless shelters and domestic violence service providers to help and counsel children who have experienced trauma .
Mariposa Women and Family Center	$ 238,898	Mariposa Children's Intervention Program (CHIP)	Use existing partnerships with local school districts, local community institutions, and low-income parents to provide programming to engage children and identify and treat mental health issues among children in Orange County.
NAMI Orange County	$ 546,380	Mental Health Education & Outreach	Offer evidence based programs such as Parent Connector, Basics Education, Progression, NAMI Connects at CHOC, and a quarterly Family Fun Event - 1K Awareness Walks for Families in collaboration with Family Resource Centers (FRC).
OC United	$ 901,500	Creating Capacity and Expanding Resilience for Children, Families, and their Communities	Expand current program engagement in local organizations, pilot a Whole-Child Treatment Team model, increase community resilience and engagement, reduce stigma, as well as increase accessibility to resources.
OCAPICA (Orange County Asian & Pacific Islander Community Alliance, Inc)	$ 685,000	The API Project HOPE	Provide mental health and wellness, culturally competent and linguistically appropriate services that include outreach and education to promote health awareness, support groups, educational trainings, resource referral and linkage, etc. Program will provide case management, in-home/community-based group counseling.

Organization Name	Request ($)	Project Title	Project Description
Orange County Department of Education	$ 4,583,290	School-Based Student Wellness Centers	Pilot School-Based Student Wellness Centers (SWCs) within seven Orange County districts where all students can access support, resources and information on a variety of topics around mental health at their school site.
PADRES UNIDOS	$ 55,000	Early Learning Programs	Provide community-based modules such as Parents as Teachers/Early Education Modules where parents have identified that preschool-aged kids exhibit early signs of concerning behavior that can lead to future mental health challenges.
Radiant Health Centers	$ 450,000	Children's Mental Health Program Expansion	Provide outreach, community partnership building and outpatient mental health services with a focus on the subpopulations of children infected or affected by HIV and LGBTQ+ youth. The program will reduce stigma, increase awareness of mental health services and increase access to services.
Straight Talk Clinic, Inc.	$ 186,000	Children's Mental Health Support	Expand program with a pilot weekly on-site counseling services and comprehensive outreach series for children and families.
The Center for Autism & Neurodevelopmental Disorders	$ 743,672	Child Mental Health Cooperative (CMHC)	Expand child mental health services by delivering a consultative support program to providers, creating a unique interactive video-conferencing classroom and optimizing partnerships and collaborations.

Organization Name	Request ($)	Project Title	Project Description
Vision y Compromiso	$ 875,235	Salud y Bienestar Para Todos	Collaborate with schools and community partners in Anaheim and Westminster to deliver evidence-based outreach and education strategies by engaging *promotores* to share information and resources.
Vista Community Clinic	$ 433,045	Providing School-Based Mental Health Services to La Habra Youth in Need	Project will designate 3-5 schools in La Habra as interim FQHC sites and assign three Licensed Clinical Social Workers to provide on-campus, 1-on-1 therapy to youth with mild to moderate behavioral health symptoms.
Wellness & Prevention Center	$ 153,951	Expansion of School and Community-based Youth Wellness Programming	Increase bilingual staff, support a coalition of Spanish-speaking parents and providers, and establish a presence at five new schools and community centers.
Women's Transitional Living Center, Inc.	$ 50,000	Children's Therapy Program	Counselors work with children through treatment plans that are age-appropriate, creative, and flexible, and can incorporate a range of counseling services, including individual counseling, family counseling, art therapy, sand therapy, and play therapy.

RFP 2. Integrate Children's Mental Health Services Into Primary Care			
Organization Name	**Request ($)**	**Project Title**	**Project Description**
AltaMed Health Services Corporation	$ 998,040	Integrating Children's Mental Health Into Primary Care in Orange County	Enhance current pediatric primary care services by integrating mental health services for children, providing referrals to early intervention, and engaging parents through community outreach and education.
CHOC Children's	$ 4,785,076	Expanding Mental Health Access and Knowledge in Pediatric Primary Care and Community Settings	Establish mental health screening, embedded mental health services, telehealth, and resource and referral for members in clinics served by CHOC Medical Group and in CHOC's Primary Care Network. Program will also provide trainings over the 3 years.
Families Together of Orange County	$ 920,000	Expanding Children's Mental Health Services	Integrate children's mental health services into primary care by offering on-site outpatient pediatric mental health care at the community health center in Tustin with outreach and education.
Friends of Family Health Center	$ 600,000	Healthy Steps	Introduce the evidence-based model HealthySteps program designed to have a specialist screen and provide families with support for common and complex concerns during a well-child visit. The HealthySteps specialist will assist with referrals and connects to additional services.
Laguna Beach Community Clinic	$ 69,109	Pediatric Mental Health: Screening and Case Management to Increase Access to Treatment	Provide screening, case management, and linkage to mental health resources and treatment for Cal-Optima members
Livingstone Community Development Corporation	$ 626,000	Integrating Children's Mental Health Services into Medical Care	Integrate outpatient mental health services into pediatric primary care screening and expand its arts and music therapy program.
Share Our Selves Corporation (SOS)	$ 200,000	Children's Mental Health Expansion Project	Expand SOS Children and Family Health Center's hours of operation from 40 to 45 hours per week and access to behavioral health outreach education and counseling services.

IGT 6/7 Requests for Proposal (26 RFPs)
1. Expand Access to Outpatient Children's Mental Health Services

Organization Name	Request ($)	Project Title	Project Description
The Regents of the University of California, Irvine Campus	$ 2,848,235	Child Psychiatry Consultation and Fellowship Program for Primary Care Providers (CPCFP)	Provide same day telephone consultation to PCPs by a child and adolescent psychiatrist in addition to rapid tele-video consult with ongoing education and training in mental health.
The Safety Net Foundation (FQHC Collaborative)	$ 2,496,000	Pediatric Integration of Behavioral Health in Primary Care for CalOptima's Safety Net: Expansion of Care Coordination, Mid-Level Provider Availability, Telehealth Options and Evidence-Based Training at Community Health Centers	Increase access to pediatric mental health care through the expansion of mid-level providers, the exploration of telemedicine and the integration of behavioral health with pediatric primary care.
Vista Community Clinic	$ 426,422	Enhancing Children's Mental Health via Primary Care Integration and Community Outreach in La Habra	A primary care - mental health integration project for Hispanic youth and their families living in and around the City of La Habra.

IGT 6/7 Requests for Proposal (26 RFPs)
1. Expand Access to Outpatient Children's Mental Health Services

RFP 3. Increase Access to Medication-Assisted Treatment			
Organization Name	**Request ($)**	**Project Title**	**Project Description**
Ahura Healthcare	$ 2,850,000	Medicated-Assisted Treatment (MAT)	Provide comprehensive mental health and addiction medicine care with the use of Medicated-Assisted Treatment (MAT) therapy such as Suboxone, Methadone, and Naltrexone provided by licensed physicians along with mental health services and counseling.
Bright Heart Health	$ 3,915,000	Opioid Use Disorder OnDemand Treatment	Provide complete telehealth MAT services through Data2000 physicians, nurse practitioners, and physician assistants.
Central City Community Health Center	$ 930,000	CCCHC SUD-MAT Services & Educational Program	Expand access to and enhance existing, integrated and evidenced-based, SUD-MAT clinical care program with the City of Anaheim Health Center as the "hub" with services available via in-person provider or telehealth. The project includes providing service through mobile units.
Clean Path Recovery LLC	$ 5,998,484	Clean Path Recovery MAT Program	Program will use FDA approved medications in combination with counseling, holistic and behavioral therapies.

IGT 6/7 Requests for Proposal (26 RFPs)
1. Expand Access to Outpatient Children's Mental Health Services

Organization Name	Request ($)	Project Title	Project Description
Coalition of Orange County Community Health Centers	$ 5,998,000	MATCONNECT: A County-wide Collaborative for MAT Expansion to CalOptima Members at Community Health Centers	Build capacity and expand access and delivery of MAT services by bridging integration gaps in the Substance Use Disorder (SUD) system of care in Orange County. Implement a localized version of the DHCS Hub and Spoke model and build internal capacity for increased MAT services and access for each of the Spoke locations.
Friends of Family Health Center	$ 600,000	Medication Assisted Treatment	Introduce Medication Assisted Treatment (MAT) with emphasis on opioid addiction with an individually tailored and extensive care coordination for patients
Livingstone Community Development Corporation	$ 808,000	Establishing a Substance Abuse Program with Medication-Assisted Treatment	Establish a new medication-assisted treatment (MAT) program which will be integrated with physical and behavioral health services and include supervised exercise and acupuncture treatments.
Serve the People	$ 1,485,000	Integrated Behavioral Health for Hard To Reach Populations	Purchase and staff Integrated Services (IS) Mobile Clinics and provide integrated whole-person care to individuals at the Courtyard and to others in addiction treatment facilities.
Share Our Selves Corporation (SOS)	$ 200,000	SOS Behavioral Health Expansion Project	Increase capacity to provide comprehensive behavioral health and case management services via telehealth technology and new medical/behavioral health mobile unit at homeless shelters operated by SOS's partner agencies throughout the county.

Organization Name	Request ($)	Project Title	Project Description
The Regents of the University of California, Irvine Campus	$ 1,825,518	Establishing and Increasing the capacity of a Medication Assisted Treatment program through a Hub-and-Spoke model for CalOptima patients	Establish and expand the capacity of medication-assisted treatment (MAT) within Orange County. The hubs will be the Zephyr Medical Group in Laguna Hills and UC Irvine Medical Center.

RFP 4. Expand Mobile Food Distribution Services			
Organization Name	**Request ($)**	**Project Title**	**Project Description**
Community Action Partnership of Orange County	$ 250,000	OC Food Bank Mobile Food Trolley	Project will use OC Food Bank's mobile food trolley to provide a variety of food that is distributed on a first-come, first-served basis and may include items such as produce, non-perishable goods and protein.

RFP 5. Expand Access to Food Distribution Services Focused on Children and Families			
Organization Name	**Request ($)**	**Project Title**	**Project Description**
Global Operations & Development / Giving Children Hope	$ 50,000	We've Got Your Back (WGYB)	Food distribution program fills and distributes more than 1,100 backpacks of nutritious food including fruits and vegetables on a weekly basis.
LiveHealthy OC	$ 990,000	The LiveHeathy OC "Farmacy" Project - Establishing a Sustainable Farm to Clinic Network to Increase Access to Fresh, Healthy Foods for Underserved and Low Income Patients	Expands current access to fresh fruits and vegetables using a sustainable farm-to-clinic produce delivery system – the "farmacy" – at five community health centers through a monthly mobile farmers' market.
Livingstone Community Development Corporation	$ 300,000	Expanding Food Access for Children and Families	Expanding food pantry and integrate access to the food pantry into Group Medical Visits with CalOptima members suffering from diabetes, obesity, hypertension, and/or heart disease
Serve the People	$ 1,000,000	OC Food Oasis Partnership	Expand mobile food distribution to five FQHC sites and shelters that serve homeless persons. The strategy is to include healthy food and meal distribution, nutrition education, a 'food as medicine' prescription food box program for patients with chronic disease, and demonstrations on healthy food preparation and cooking, plus outreach and case management to services establishing a system to address social determinants of health.

Organization Name	Request ($)	Project Title	Project Description
Vista Community Clinic	$ 289,533	In the Kitchen: An Innovative Education/Food Distribution Program in La Habra	Develop a teaching kitchen that will provide nutrition education and hands-on cooking lessons to participants (accommodate groups of 12 residents).

RFP 6. Expand Access to Food Distribution Services for Older Adults			
Organization Name	**Request ($)**	**Project Title**	**Project Description**
Community Action Partnership of Orange County	$ 231,514	Farm-to Seniors Food Distribution Program	Provide fresh, healthy food to older adult CalOptima members through a network of 17 distribution sites.
Multi-Ethnic Collaborative of Community Agencies	$ 500,000	Increasing Food Access for Underserved Multi-Ethnic Older Adults	Expand food access distribution at the seven MECCA sites by building the volunteer base capacity, expand outreach, and provide culturally appropriate education.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken October 3, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

14. Consider Authorizing Amendments to Medi-Cal Health Network Contracts Except Those Associated with AltaMed Health Services Corporation to Include Language for the Health Homes Program and Consider Ratifying Memorandum of Understanding with HCA Related to the Health Homes Program

Contact

Michelle Laughlin, Executive Director, Network Operations (714) 246-8400

Recommended Actions

1. Authorize the Chief Executive Officer, with the assistance of Legal Counsel, to:
   a. Amend the CalOptima Medi-Cal Health Network Contracts, except those associated with AltaMed Health Services Corporation, to provide Health Homes Program (HHP) services, including responsibilities as Community Based-Care Management Entities (CB-CMEs), as well as include all subcontracting requirements of the California Department of Health Care Services (DHCS);
   b. Amend the Business Associate Agreements, as necessary, for network data sharing; and
2. Ratify the Behavioral Health Memorandum of Understanding (MOU) amendment with the Orange County Health Care Agency to reflect coordination of services for CalOptima members with mental health conditions who enroll in the Health Homes Program, effective October 1, 2019.

Background/Discussion

The Federal Patient Protection and Affordable Care Act (ACA) Section 2703 authorizes the Medicaid Health Home State Plan Option, which is intended to improve member outcomes and reduce health care costs with Medi-Cal Managed Care Plans (MCPs) operating as lead entities. On June 7, 2018, the CalOptima Board of Directors authorized an amendment to CalOptima's Primary Agreement with the California Department of Health Care Services (DHCS) to incorporate implementation of the HHP. Implementation in Orange County is expected to be effective no sooner than January 1, 2020 for CalOptima Medi-Cal members with eligible chronic physical conditions and substance use disorders (SUD), and no sooner than July 1, 2020 for CalOptima Medi-Cal members with Serious Mental Illness (SMI).

HHP Eligible Members and HHP Enrollment

Members with certain chronic physical conditions, SUD and SMI and meeting specified medical condition acuity requirements may qualify to participate in HHP. In order to participate, members must actively choose to enroll into HHP. Based on DHCS eligibility criteria, CalOptima staff plans to actively outreach to Medi-Cal only members potentially eligible for HHP and actively engage these members through written, telephonic, and face-to-face encounters to encourage member participation in HHP. CalOptima anticipates that approximately 30,000 Medi-Cal only members will be potentially eligible for HHP and that approximately 10% -25% of these eligible members will elect to participate. HHP eligible members who are currently in Whole Person Care Pilot program can also elect to enroll in HHP, however services provided under both programs cannot be duplicated. CalOptima's dually eligible

Back to Agenda
Back to Item
Back to Item

members can be referred to participate in HHP by community providers if members meet HHP eligibility criteria.

HHP Network Delivery Model
In developing CalOptima's HHP strategy, staff has considered the impact of these new HHP requirements to CalOptima's current delivery system. The impact analysis has included reviewing staffing resources, process and system enhancements, data exchange, and available community resources for new HHP services, such as accompaniment to appointments, housing transition services and tenancy sustaining services. Many of the CB-CME responsibilities are currently being provided by CalOptima's health networks. For HHP, CalOptima can leverage existing infrastructure to incorporate the new HHP services.

HHP focuses on a small percentage of CalOptima's overall membership. Based on the member distribution of HHP enrollment projections within the health networks, CalOptima staff's initial recommended approach was to provide health networks with an option of participating in HHP; however, this approach would potentially have required members to change their health networks and/or primary care providers when enrolling in HHP. In January 2019, DHCS advised that CalOptima must adhere to HHP expectation of not requiring members to change their health networks and/or primary care providers in order to participate in the HHP. Consequently, CalOptima will require all health networks, including CalOptima Direct and CalOptima Community Network, to participate in HHP and meet CB-CME requirements. This approach will provide an adequate CB-CME network and ensure continuity of members' relationships with their respective health networks and primary care providers.

Health Network Contracts
In order to implement HHP, CalOptima health network contracts will need to be amended, effective January 1, 2020, to include providing HHP services, expectations of CB-CME responsibilities, guidelines for information and data sharing, as well as HHP training. Prior to implementing HHP, CalOptima will coordinate with the health networks regarding the development of infrastructure, policies and procedures, reporting capabilities, staffing ratio requirements, and the ability to deliver core services with added intensity and new select services, where appropriate.

Amendment to County Behavioral Health MOU
Pursuant to DHCS All Plan Letter 18-015: Memorandum of Understanding (MOU) Requirements for Medi-Cal Managed Care Plans, MCPs participating in HHP must coordinate care for members enrolled in HHP who also receive care through the Mental Health Plan (MHP or County). The MOU with the Orange County Health Care Agency is the vehicle for ensuring this coordination. The Behavioral Health MOU between CalOptima and the County of Orange has been amended to reflect that CalOptima and the County agree to coordinate appropriate services for CalOptima members with mental health conditions who are enrolled in HHP.

Implementation Efforts
Based on DHCS feedback and in partnership with the health networks, CalOptima staff continues to develop and adjust operational procedures and polices outlining HHP requirements and operational processes impacting member engagement and enrollment, care management, CB-CME network and its responsibilities, staffing requirements and MCP oversight role. Currently, CalOptima's policies impacted by HHP requirements have been submitted to DHCS as part of the HHP regulatory submission requirements. Once CalOptima receives the feedback from DHCS, CalOptima staff will return to the Board with recommendations for approval of policy and procedures impacted by HHP requirements.

Additionally, CalOptima staff will continue to collaborate with Orange County HCA, Health Networks, and other stakeholders for Phase II of the Health Homes Program for SUD, SMI, and homelessness consistent with requirements as specified by DHCS.

Fiscal Impact
The anticipated implementation date for HHP in Orange County is January 1, 2020. Management has included projected revenues and expenses for HHP in the CalOptima Fiscal Year 2019-20 Operating Budget and will for future operating budgets. Total actual revenue and expenses for HHP will depend on the number of members that choose to participate in the program. Based on projected enrollment and draft rates received from DHCS on April 2, 2018, CalOptima is projected to receive $26.3 million in funding for HHP over a three-year period.

Since this is a new program for CalOptima, there is the possibility that the rate development assumptions applied by DHCS may be materially different from CalOptima's actual utilization and expenses. Staff will closely monitor both utilization and expenses and will continue to work with DHCS to ensure that Medi-Cal revenue will be sufficient to support the program.

Rationale for Recommendation
The recommended actions will enable CalOptima to operationally prepare for the anticipated implementation of Health Homes Program, effective January 1, 2020, for CalOptima Medi-Cal members with eligible chronic physical conditions and SUD and July 1, 2020, for members with SMI.

Concurrence
Gary Crockett, Chief Counsel

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 7, 2018
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

10. Consider Authorizing and Directing the Chairman of the Board of Directors to Execute an Amendment to the Primary Agreement with the California Department of Health Care Services (DHCS) Related to the Health Homes Program

Contact

Silver Ho, Executive Director, Compliance, (714) 246-8400
Greg Hamblin, Chief Financial Officer, (714) 246-8400

Recommended Action

Authorize and direct the Chairman of the Board of Directors (Board) to execute an Amendment to the Primary Agreement between DHCS and CalOptima related to incorporation of language related to the Health Homes Program (HHP).

Background

As a County Organized Health System (COHS), CalOptima contracts with DHCS to provide health care services to Medi-Cal beneficiaries in Orange County. In January 2009, CalOptima entered into a new five (5) year agreement with DHCS. Amendments to this agreement are summarized in the attached appendix, including Amendment 31, which extends the agreement through December 31, 2020. The agreement contains, among other terms and conditions, the payment rates CalOptima receives from DHCS to provide health care services.

Discussion

On October 2, 2017, DHCS submitted an amendment to the Centers for Medicare & Medicaid Services (CMS) for approval that will incorporate language regarding the Health Homes Program (HHP) into managed care plan (MCP) contracts, including CalOptima's.

The Medicaid Health Home State Plan Option, authorized under Section 2703 of the Patient Protection and Affordable Care Act (ACA), allowed states to create Medicaid health homes to provide supplemental services that coordinate the full range of physical health, behavioral health, and community-based long term services and supports (LTSS) needed by members with chronic conditions. Among other goals, the HHP was designed with particular attention paid to its ability to produce positive health outcomes for individuals experiencing homelessness. Specifically, the HHP provides six core services:

- Comprehensive care management;
- Care coordination;
- Health promotion;
- Comprehensive transitional care;
- Individual and family support; and

Back to Item
Back to Agenda
Back to Item

- Referral to community and social support services, including housing.

Effective July 1, 2019, CalOptima will begin providing HHP services to members with eligible chronic physical conditions and substance use disorder (SUD); effective January 1, 2020, CalOptima will begin providing HHP services for members with Severe Mental Illness (SMI).

Once CMS concludes its review of DHCS' proposed amendment, DHCS will provide the amendment to CalOptima for prompt signature and return. If the amendment is not consistent with staff's understanding as presented in this document or if it includes significant unexpected language changes, staff will return to the Board of Directors for consideration and/or ratification of staff action.

DHCS has advised that once the contract amendment and applicable APLs are finalized, it will require MCPs to submit readiness deliverables related to the amendment. DHCS' requested deliverables may include Policies and Procedures (P&Ps) designed to demonstrate compliance with requirements included in the amendment. To the extent that CalOptima staff must provide information to DHCS to meet certain deliverables, including the revision or creation of P&Ps that would ordinarily come to the Board of Directors for approval, staff will return to the Board of Directors at a later date for further consideration and/or ratification of staff action.

Following is a general summary of the major changes to expected be addressed in the final contract amendment:

	Requirement
HHP Compliance	Implement the HHP, as directed by DHCS, and in accordance with all State and federal requirements related to HHP and DHCS APLs.
Provider Network	Maintain an adequate network of CB–CMEs to serve HHP members including providers with experience working with people who are chronically homeless. Establish contractual relationships with organizations to provide HHP services including individual housing transition services and individual housing and tenancy sustaining services. Amend the current MOU with the Orange County Health Care Agency to incorporate HHP requirements.
Provider Relations	Ensure that staff providing HHP services complete required training as determined by DHCS and participate in DHCS–operated learning collaboratives.
Eligibility and Enrollment	Enrollment in HHP based on HHP eligibility criteria, as defined by DHCS.

	Requirement
HHP Member Services	Includes CB–CME selection, and HHP–specific member information and provider directory requirements.
HHP Covered Services	Includes the provision and coordination of HHP services informed by evidence–based clinical practice guidelines.
Information Sharing	Develop and maintain a method to track and share HHP member information between CB–CMEs, CalOptima, and other providers, as warranted.
Quality Improvement System	Include HHP–specific elements in current Quality Improvement system processes and conduct oversight and regular auditing and monitoring of HHP care management requirements.
Payment	CalOptima shall receive an additional monthly payment for each HHP member who receives HHP services.
Required Reports for the HHP	Submission of reports for HHP in a form and manner specified by DHCS.

The final contract amendment is also expected to contain revisions to Plan rates related to the HHP. On April 2, 2018, DHCS provided draft rates applicable for the first two years of the program. Highlights regarding these rates includes the following:

- Updates to the wage inflation factor, existing care coordination (ECC), and partial dual adjustment.
- Build-up of the lower bound HHP services per-member-per-month (PMPM) for chronic conditions (CC) and SMI enrollees, highlights the salary and caseload assumptions by HHP staff member, along with tier mix assumptions and the provider overhead cost. Rates are displayed in six month increments for the first 30 months of the program.
- Build-up of the lower bound engagement period costs for each member on the Targeted Engagement List (TEL), wage and service time assumptions by HHP staff member, and the assumed average number of months of engagement required for each TEL member.
- Combines information from steps 1 and 2 outlined above to produce the statewide lower bound HHP PMPM for the CC only and SMI populations.
- Application of the county-specific wage index, rural area, and wage inflation factors to the statewide rates. Plan-specific existing ECC PMPM and Partial Dual carve–outs are applied to create lower bound non–full dual rates with lower bound full–dual rates created by carving out the ECC and CCM/BHI PMPMs.
- Blending of CC only and SMI rates based on projected HHP enrollment to produce SFY rates.

Fiscal Impact

The recommended action to execute an amendment to the primary agreement between DHCS and CalOptima to incorporate language regarding the HHP program carries significant financial risks. Based on DHCS' proposed rates, staff estimates that the total annual program costs for

HHP will be $12 million. Management has included projected expenses to implement the HHP program effective July 1, 2019, in the proposed CalOptima FY 2018-19 Operating Budget pending Board approval and will include projected revenue and expenses for the HHP program in future operating budgets. Actual utilization associated with the HHP eligible population is still relatively unknown. Therefore, CalOptima will closely monitor program expenses and continue to work closely with DHCS to ensure that Medi-Cal revenue will be sufficient to support the HHP program.

Rationale for Recommendation

The addition of the HHP contract amendment to CalOptima's Primary Agreement with DHCS is necessary to ensure compliance with the requirements of participation in the Medi-Cal program.

Concurrence

APPENDIX TO AGENDA ITEM

The following is a summary of amendments to the Primary Agreement approved by the CalOptima Board of Directors (Board) to date:

Amendments to Primary Agreement	Board Approval
A-01 provided language changes related to Indian Health Services, home and community-based services, and addition of aid codes effective January 1, 2009.	October 26, 2009
A-02 provided rate changes that reflected implementation of the gross premiums tax authorized by AB 1422 (2009) for the period January 1, 2009, through June 30, 2009.	October 26, 2009
A-03 provided revised capitation rates for the period July 1, 2009, through June 30, 2010; and rate increases to reflect the gross premiums tax authorized by AB 1422 (2009) for the period July 1, 2009, through June 30, 2010.	January 7, 2010
A-04 included the necessary contract language to conform to AB X3 (2009), to eliminate nine (9) Medi-Cal optional benefits.	July 8, 2010
A-05 provided revised capitation rates for the period July 1, 2010, through June 30, 2011, including rate increases to reflect the gross premium tax authorized by AB 1422 (2009), the hospital quality assurance fee (QAF) authorized by AB 1653 (2010), and adjustments for maximum allowable cost pharmacy pricing.	November 4, 2010
A-06 provided revised capitation rates for the period July 1, 2010, through June 30, 2011, for funding for legislatively mandated rate adjustments to Long Term Care facilities effective August 1, 2010; and rate increases to reflect the gross premiums tax on the adjusted revenues for the period July 1, 2010, through June 30, 2011.	September 1, 2011
A-07 included a rate adjustment that reflected the extension of the supplemental funding to hospitals authorized in AB 1653 (2010), as well as an Intergovernmental Transfer (IGT) program for Non-Designated Public Hospitals (NDPHs) and Designated Public Hospitals (DPHs).	November 3, 2011
A-08 provided revised capitation rates for the period July 1, 2010, through June 30, 2011, for funding related to the Intergovernmental Transfer (IGT) Agreement between CalOptima and the University of California, Irvine.	March 3, 2011
A-09 included contract language and supplemental capitation rates related to the addition of the Community Based Adult Services (CBAS) benefit in managed care plans.	June 7, 2012

Back to Item
Back to Agenda
Back to Item

A-10 included contract language and capitation rates related to the transition of Healthy Families Program (HFP) subscribers into CalOptima's Medi-Cal program	December 6, 2012
A-11 provided capitation rates related to the transition of HFP subscribers into CalOptima's Medi-Cal program.	April 4, 2013
A-12 provided capitation rates for the period July 1, 2011 to June 30, 2012.	April 4, 2013
A-13 provided capitation rates for the period July 1, 2012 to June 30, 2013	June 6, 2013
A-14 extended the Primary Agreement until December 31, 2014	June 6, 2013
A-15 included contract language related to the mandatory enrollment of seniors and persons with disabilities, requirements related to the Balanced Budget Amendment of 1997 (BBA) and Health Insurance Portability and Accountability Act (HIPAA) Omnibus Rule	October 3, 2013
A-16 provided revised capitation rates for the period July 1, 2012, through June 30, 2013 and revised capitation rates for the period January 1, 2013, through June 30, 2014 for Phases 1, 2 and 3 transition of Healthy Families Program (HFP) children to the Medi-Cal program	November 7, 2013
A-17 included contract language related to implementation of the Affordable Care Act, expansion of Medi-Cal, the integration of the managed care mental health and substance use benefits and revised capitation rates for the period July 1, 2013 through June 30, 2014.	December 5, 2013
A-18 provided revised capitation rates for the period July 1, 2013, through June 30, 2014.	June 5, 2014
A-19 extended the Primary Agreement until December 31, 2015 and included language that incorporates provisions related to **Medicare Improvements for Patients and Providers Act** (MIPPA)-compliant contracts and eligibility criteria for Dual Eligible Special Needs Plans (D-SNPs)	August 7, 2014
A-20 provided revised capitation rates for the period July 1, 2012, through June 30, 2013, for funding related to the Intergovernmental Transfer (IGT) Agreement between CalOptima and the University of California, Irvine and Optional Targeted Low-Income Child Members	September 4, 2014
A-21 provided revised 2013-2014 capitation rates.	November 7, 2013
A-22 revised capitation rates for Fiscal Year (FY) 2013-14 and added an aid code to implement Express Lane/CalFresh Eligibility	November 6, 2014
A-23 revised ACA 1202 rates for January – June 2014, established base capitation rates for FY 2014-2015, added an aid code related to the OTLIC and AIM programs, and contained language revisions related to supplemental payments for coverage of Hepatitis C medications.	December 4, 2014
A-24 revises capitation rates to include SB 239 Hospital Quality Assurance Fees for the period January 1, 2014 to June 30, 2014.	May 7, 2015
A-25 extends the contract term to December 31, 2016. DHCS is obtaining a continuation of the services identified in the original agreement.	May 7, 2015

A-26 adjusts the 2013-2014 Intergovernmental Transfer (IGT) rates.	May 7, 2015
A-27 adjusts 2013-2014 capitation rates for Optional Expansion and SB 239.	May 7, 2015
A-28 incorporates language requirements and supplemental payments for BHT into primary agreement.	October 2, 2014
A-29 added optional expansion rates for January- June 2015; also added updates to MLR language.	April 2, 2015
A-30 incorporates language regarding Provider Preventable Conditions (PPC), determination of rates, and adjustments to 2014-2015 capitation rates with respect to Intergovernmental Transfer (IGT) Rate Range and Hospital Quality Assurance Fee (QAF).	December 1, 2016
A-31 extends the Primary Agreement with DHCS to December 31, 2020.	December 1, 2016
A-32 incorporates base rates for July 2015 to June 2016 with Behavioral Health Treatment (BHT) and Hepatitis–C supplemental payments, and Partial Dual/Medi-Cal only rates, and added aid codes 4U, and 2P–2U as covered aid codes.	February 2, 2017
A-33 incorporates base rates for July 2016 to June 2017.	February 2, 2017
A-34 incorporates revised Adult Optional Expansion rates for January 2015 to June 2015. These rates were revised to include the impact of the Hospital Quality Assurance Fee (HQAF) required by Senate Bill (SB) 239.	June 1, 2017

The following is a summary of amendments to the Secondary Agreement approved by the CalOptima Board of Directors (Board) to date:

Amendments to Secondary Agreement	Board Approval
A-01 implemented rate amendments to conform to rate amendments contained in the Primary Agreement with DHCS (08-85214).	July 8, 2010
A-02 implemented rate adjustments to reflect a decrease in the statewide average cost for Sensitive Services for the rate period July 1, 2010 through June 30, 2011.	August 4, 2011
A-03 extended the term of the Secondary Agreement to December 31, 2014.	June 6, 2013
A-04 incorporates rates for the periods July 1, 2011 through June 30, 2012, and July 1, 2012 through June 30, 2013 as well as extends the current term of the Secondary Agreement to December 31, 2015	January 5, 2012 (FY 11-12 and FY 12-13 rates) May 1, 2014 (term extension)
A-05 incorporates rates for the periods July 1, 2013 through June 30, 2014, and July 1, 2014 through June 30, 2015. For the period July 1, 2014 through June 30, 2015, Amendment A-05 also adds funding for the Medi-Cal expansion population for services provided through the Secondary Agreement.	December 4, 2014

A-06 incorporates rates for the period July 1, 2015 onward. A-06 also extends the term of the Secondary Agreement to December 31, 2016.	May 7, 2015 (term extension) Ratification of rates requested April 7, 2016
A-07 extends the Secondary Agreement with the DHCS to December 31, 2020.	December 1, 2016

The following is a summary of amendments to Agreement 16-93274 approved by the CalOptima Board of Directors (Board) to date:

Amendments to Agreement 16-93274	Board Approval
A-01 extends the Agreement 16-93274 with DHCS to December 31, 2018.	August 3, 2017

The following is a summary of amendments to Agreement 17–94488 approved by the CalOptima Board of Directors (Board) to date:

Amendments to Agreement 17-94488	Board Approval
A-01 enables DHCS to fund the development of palliative care policies and procedures (P&Ps) to implement California Senate Bill (SB) 1004.	December 7, 2017

DATE: June 28, 2018

ALL PLAN LETTER 18-012

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS PARTICIPATING IN THE HEALTH HOMES PROGRAM

SUBJECT: HEALTH HOMES PROGRAM REQUIREMENTS

PURPOSE:
The purpose of this All Plan Letter (APL) is to provide guidance regarding the provision of Health Homes Program (HHP) services, and the development and operation of the HHP, to Medi-Cal managed care health plans (MCPs) implementing the HHP.

BACKGROUND:
The Medicaid Health Home State Plan Option is authorized under the Patient Protection and Affordable Care Act (Pub. L. 111-148), enacted on March 23, 2010, as revised by the HealthCare and Education Reconciliation Act of 2010 (Pub. L. 111-152), enacted on March 30, 2010, together known as the Affordable Care Act (ACA). Section 2703 of the ACA allows states to create Medicaid health homes to coordinate the full range of physical health care services, behavioral health services, and community-based long term services and supports (LTSS) needed by members with chronic conditions.

In California, Welfare and Institutions Code (WIC) Sections 14127 through 14128 authorize the Department of Health Care Services (DHCS), subject to federal approval, to create the HHP for Medi-Cal members with chronic conditions who meet the eligibility criteria specified by DHCS.

POLICY:
Effective upon the HHP implementation date for each MCP implementing the HHP, the MCP is responsible for providing the following six core HHP services to eligible Medi-Cal members: comprehensive care management, care coordination, health promotion, comprehensive transitional care, individual and family support, and referral to community and social support services.

The Medi-Cal Health Homes Program Guide (Program Guide) is available on the HHP webpage of the DHCS website.[1] The Program Guide outlines HHP policies, including member eligibility criteria, and contains DHCS' operational requirements and guidelines on HHP. DHCS may update the Program Guide to reflect the latest HHP requirements

[1] The HHP Program Guide can be found at: http://www.dhcs.ca.gov/services/Pages/HealthHomesProgram.aspx

and guidelines. DHCS will notify MCPs whenever the Program Guide is updated, so that MCPs can obtain the latest information on HHP.

HHP MCPs must meet all program and reporting requirements specified in the Program Guide, all applicable state and federal laws and regulations, MCP contracts, and other DHCS guidance, including, but not limited to, APLs. Additionally, MCPs must communicate all HHP requirements to, and ensure the compliance of, their contracted HHP providers, including Community Based Care Management Entities, as well as any delegated entities and subcontractors.

MCPs are responsible for ensuring that all delegated entities and subcontractors comply with all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including APLs and Policy Letters.

If you have any questions regarding this APL, please contact your Managed Care Operations Division Contract Manager.

Sincerely,

Original signed by Nathan Nau

I. Introduction

The Medi-Cal Health Homes Program: Program Guide (Program Guide) is intended to be a resource for Medi-Cal Managed Care health plans (MCPs) in the development, implementation, and operation of the Health Homes Program (HHP). The Program Guide includes a brief synopsis of the HHP, identifies all HHP requirements, and identifies the documentation MCPs must submit to the Department of Health Care Services (DHCS) as part of the required HHP readiness review. The Program Guide refers to additional guidance documents, when applicable.

The Medicaid Health Home State Plan Option is afforded to states under the Patient Protection and Affordable Care Act (Pub. L. 111-148), enacted on March 23, 2010, as revised by the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111-152), enacted on March 30, 2010, together known as the Affordable Care Act (ACA). Section 2703 of the ACA allows states to create Medicaid health homes to coordinate the full range of physical health, behavioral health, and community-based long term services and supports (LTSS) needed by members with chronic conditions. Enhanced federal matching funds of 90% are available for two years.

In California, Assembly Bill 361 (AB 361) amended the Welfare and Institutions Code to add Sections 14127 and 14128 (W&I Code) which authorizes DHCS, subject to federal approval, to create an ACA Section 2703 HHP for members with chronic conditions. The W&I Code provides that the provisions will be implemented only if federal financial participation (FFP) is available and the program is cost neutral regarding State General Funds. It also requires DHCS to ensure that 1) an evaluation of the program is completed; and 2) a report is submitted to the appropriate policy and fiscal committees of the Legislature within two years after implementation of the program.

The Program Guide has five main sections (Infrastructure, Eligibility, Services, Network, and General Operations) and an appendix. Each section describes the program components and the requirements for those components.

The Program Guide contains the Health Homes Program: Medi-Cal Managed Care Plan Readiness Checklist (Readiness Checklist) in Appendix D. The Readiness Checklist identifies the specific components that MCPs are required to provide to DHCS and identifies the process DHCS will use to determine when the specific components are due to DHCS. The Program Guide provides additional guidance and context regarding HHP readiness requirements.

II. HHP Infrastructure

A. Organizational Model

DHCS' HHP implementation will utilize California's Medi-Cal Managed Care (Managed Care) infrastructure as the foundational building block. HHP services will be provided through the Managed Care delivery system to members enrolled in Managed Care. Managed Care serves approximately 85 percent of full scope Medi-Cal members and is an available choice for all full-scope Medi-Cal members statewide. The small percentage of Medi-Cal Fee-For-Service (FFS) members who meet HHP eligibility criteria may enroll in a Medi-Cal MCP to receive HHP services. HHP services will not be provided through the FFS delivery system.

The MCPs will leverage existing communication with their provider networks to facilitate the care planning, care coordination, and care transition coordination requirements of HHP, including assignment of each HHP member to a primary care provider. The MCPs' existing communication and reporting capabilities will be utilized to perform health promotion, encounter reporting, and quality of care reporting. MCPs also have existing relationships with the Medi-Cal county specialty mental health plans (MHPs) in each county to facilitate HHP care coordination.

The HHP will be structured as a health home network functioning as a team to provide care coordination. This network includes the MCP, one or more Community-Based Care Management Entities (CB-CMEs), and contractual or non-contractual relationships with other Community-Based Organizations (CBOs) to provide linkages to community and social support services, as needed (taken together as the HHP). The HHP network will be developed to meet the following goals:

- Ensure that sufficient HHP funds are available to support care management at the point of care in the community
- Ensure that providers with experience serving frequent utilizers of health services and individuals experiencing homelessness are available as needed
- Leverage existing county and community provider care management infrastructure and experience, where possible and appropriate
- Forge new relationships with community provider care management entities, where possible and appropriate
- Utilize community health workers in appropriate roles.

The HHP will serve as the central point for coordinating patient-centered care and will be accountable for:

- Improving member outcomes by coordinating physical health services, mental health services, substance use disorder services, community-based Long Term Services and Supports (LTSS), oral health services, palliative care, and social support needs
- Reducing avoidable health care costs, including hospital admissions/readmissions, ED visits, and nursing facility stays

Improving member outcomes and reducing health care costs will be accomplished through the partnership between the MCP and the CB-CME, either through direct provision of HHP services,

or through contractual or non-contractual arrangements with appropriate entities that will be providing components of the HHP services and planning and coordination of other services.

1) Medi-Cal Managed Care Plan Responsibilities

HHP MCPs will be responsible for the overall administration of the HHP. They will have an HHP addendum to an existing contract with DHCS. Payment will flow from DHCS to the MCP and from the MCP to the CB-CMEs for the provision of HHP services. The MCP may also use HHP funding to pay providers, including but not limited to, the member's primary care physician, behavioral health providers, or other specialists, who are not included formally on the CB-CME's multi-disciplinary care team, for coordinating with the CB-CME care coordinator to conduct case conferences and to provide input to the Health Action Plan (HAP). These providers are separate and distinct from the roles outlined for the multi-disciplinary care team (see Multi-Disciplinary Care Team).

The MCP will have strong oversight and will perform regular auditing and monitoring activities to ensure that case conferences occur, the HAP is updated as health care events unfold, and all other HHP care management requirements are completed.

The MCP's care management department can be leveraged to train, support, and qualify CB-CMEs. (MCPs currently perform similar monitoring, training and auditing with MCP-delegated entities that have care management responsibilities under Cal MediConnect and other programs.)

MCP utilization departments will assist the CB-CMEs with information on admissions and discharges, and ensure timely follow-up care. MCP health care informatics analytics teams will provide meaningful, actionable data with identification of complex members and care gaps and other pertinent data that the health plan network can access. This will be provided to the CB-CMEs to assist with HAP care planning and ongoing goals for the member.

Many MCPs are exploring housing options to provide immediate housing post discharge and find permanent housing for members who are experiencing homelessness. Stakeholders include the health plan, hospitals, local housing authorities, and community-based organizations. Achieving stable housing for HHP members is a noted best practice from the national experience for achieving meaningful improvements in health and program cost effectiveness.

In counties selected for HHP implementation, Medi-Cal MCPs (Medicaid only benefit plans) are required to participate in HHP and serve as an HHP MCP. DHCS will work with these organizations to prepare for the implementation of HHP and to determine network adequacy and readiness.

2) Duties

MCPs will be expected to perform the following duties/responsibilities to the extent their information systems allow or through other available methods:

- Attribute assigned HHP members to CB-CMEs;
- Sub-contract with CB-CMEs for the provision of HHP services and ensure that CB-CMEs fulfill all required CB-CME duties and achieve HHP goals;

- Notify the CB-CMEs of inpatient admissions and ED visits/discharges;
- Track and share data with CB-CMEs regarding each member's health history;
- Track CMS-required quality measures and state-specific measures (see *Reporting Template* and *Core Set of Health Care Quality Measures for Medicaid Health Home Programs (Health Home Core Set), Technical Specifications and Resource Manual for Federal Fiscal Year 2017 Reporting,* or later *document*);
- Collect, analyze, and report financial measures, health status and other measures and outcome data to be reported during the State's evaluation process (see *Reporting Template*)
- Provide member resources (e.g. customer service, member grievances) relating to HHP
- Add functionality to the MCP's customer service line and 24/7 nurse line or other available call line so that members' HHP needs are also addressed (e.g. equip nurse line with educational materials to train them about HHP, nurse line receives the updated list of HHP members and their assigned care coordinator, etc.)
- Receive payment from DHCS and disperse funds to CB-CMEs through collection and submission of claims/encounters by the CB-CME and per the contractual agreement made between the MCP and the CB-CME
- Establish and maintain a data-sharing agreement with other providers, with whom MCP shares HHP member health information, that is compliant with all federal and state laws and regulations
- Ensure access to timely services for HHP members, including seeing HHP members after discharge from an acute care stay.
- Encourage participation by HHP members' MCP contracted providers who are not included formally on the CB-CME's multi-disciplinary care team, but who are responsible for coordinating with the CB-CME care coordinator to conduct case conferences and to provide input to the HAP. These providers are separate and distinct from the roles outlined for the multi-disciplinary care team (see Multi-Disciplinary Care Team).
- Develop CB-CME training tools as needed or preferred, in addition to DHCS-provided training
- Develop CB-CME reporting capabilities
- Have strong oversight and perform regular auditing and monitoring activities to ensure that all care management requirements are completed

3) Community Based Care Management Entity Responsibilities

CB-CMEs will serve as the frontline provider of HHP services and will be rooted in the community. MCPs will certify and select organizations to serve as CB-CMEs through a process similar to current MCP provider certification and will contract with selected entities. DHCS will not require MCP use of a standardized assessment tool. DHCS will provide general guidelines

and requirements, including examples of best practice tools that the MCP can use at their option to select, qualify, and contract with CB-CMEs.

The MCP's development of a network of CB-CMEs should seek to promote HHP goals, with particular attention to the following goals:

- Ensuring that care management delivery and sufficient HHP funding are provided at the point of care in the community;
- Ensuring that providers with experience serving frequent utilizers of health services, and those experiencing homelessness, are available as needed per AB 361 requirements;
- Leveraging existing county and community provider care management infrastructure and experience, where possible and appropriate; and
- OPTIONAL - Utilizing community health workers in appropriate roles (for more information, see Multi-Disciplinary Care Team below).

CB-CMEs are intended to serve as the single community-based entity with responsibility, in conjunction with the MCP, for ensuring that an assigned HHP member receives access to HHP services. It is also the intent of the HHP to provide flexibility in how the CB-CMEs are organized. CB-CMEs may subcontract with other entities or individuals to perform some CB-CME duties. Regardless of subcontracting arrangements, CB-CMEs retain overall responsibility for all CB-CME duties that the CB-CME has agreed to perform for the MCP, either through direct CB-CME service or service the CB-CME has subcontracted to another provider. DHCS encourages MCPs and CB-CMEs to utilize this flexibility, where needed, to achieve HHP goals, and in particular the four network goals noted above.

In most cases, the CB-CME will be a community primary care provider (PCP) that serves a high volume of HHP eligible members. If the CB-CME is not the member's MCP-assigned PCP, then the MCP and the CB-CME must demonstrate how the CB-CME will maintain a strong and direct connection to the PCP and ensure the PCP's participation in HAP development and ongoing coordination. For all members, and in all areas, the MCP must demonstrate that it is maximizing the four network goals noted above to the full extent possible through its network development and HHP policies. Regardless of how HHP networks are structured by a MCP within a county, it is expected that all HHP members will receive access to the same level of service, in accordance with the service tier that is appropriate for their needs and HHP service requirements.

DHCS' readiness review will include a detailed review of the MCP's HHP network. In situations in which the MCP can demonstrate that there are insufficient entities rooted in the community that are capable or willing to provide the full range of CB-CME duties, the MCP may perform needed CB-CME duties to fill a demonstrated service gap. As an alternative, the MCP may subcontract with other entities to perform these duties. In addition, the MCP may provide, or subcontract with another community-based entity to provide, specific CB-CME duties to assist a CB-CME to provide the full range of CB-CME duties when this MCP assistance is the best organizational arrangement to promote HHP goals. If the MCP utilizes this flexibility, the MCP must demonstrate to DHCS that it is maximizing the four network goals noted above to the

extent possible, and how it will maintain a strong and direct connection between HHP services and the primary care provider.

The MCP may allow an individual community provider to become a CB-CME after the implementation date of the HHP in their county if the community provider requires additional time to develop readiness to take on some, or all, of the CB-CME duties. The MCP may also allow a CB-CME to expand the range of the CB-CME's contracted CB-CME duties over time as readiness allows.

CB-CMEs that MCPs contract with to deliver HHP care coordination services are not required to be enrolled as Medi-Cal providers, so long as the entities in question are not providing medical and/or clinical services in their function as an HHP CB-CME to Medi-Cal members participating in the Program.

4) Community-Based Care Management Models

The main goal of the HHP is Comprehensive Care Management. The MCP, acting as administrator and providing oversight, will build an HHP network in which a member can choose the CB-CME they want for their care coordination. Given specific challenges in certain areas, including the shortage of primary care and specialist providers, technology infrastructure/adoption, and the large Medi-Cal population, a single model is not practical. Assessments of potential HHP providers, and MCP knowledge of available resources in their areas, will form the basis for determining whether the provider's HHP-eligible members are best served by Model I, II, or III below.

The three community-based care management models below are acceptable for MCP network development and address the realities that exist in various areas of the state regarding available providers. The three models will allow the flexibility to ensure service to all HHP members throughout the diverse geographic regions in California, regardless of location and type of provider empanelment. Further, all three will allow increased care coordination to occur as close to the point of care delivery as possible in the community.

Model I

The first and ideal model embeds care coordinators on-site in community provider offices, acting as CB-CMEs. The expectation is that the community provider will employ these staff, but in some cases they may be employed by the MCP. This model will serve the great majority of HHP members because most HHP eligible individuals are served by high-volume providers in urban areas. The MCP will complete a provider assessment to determine 1) the extent to which the community provider will need to recruit and hire additional staff to meet the HHP care coordinator resource requirements, and 2) what CB-CME duties the community provider can, and is willing to, perform. The HHP will only utilize Model II or III where the provider assessment indicates that Model I is not viable.

Model II

The second model addresses the smaller subset of eligible members who are served by low-volume providers, in either rural or urban areas, who do not wish to, or cannot, take on the responsibility of hiring and housing care coordinators on site. For this model, the care management would be handled by another community-based entity or a staff member within

the existing MCP care management department, which will act as the CB-CME. This model will handle HHP members who are not assigned to a county clinic or medical practice under Model I.

Model III

The third model serves the few members who live in rural areas and are served by low-volume providers. In this hybrid model, care coordinators located in regional offices, utilizing technology and other monitoring and communication methods, such as visiting the member at their location, will become CB-CMEs who can be geographically close to rural members and/or those members who are assigned to a solo practitioner who may not have enough membership to meet Model I or II.

B. Staffing

1) Care Coordinator Ratio

The aggregate minimum care coordinator ratio requirement is 60:1 for the whole enrolled population (in each of the MCPs' counties if the MCP has more than one county) as measured at any point in time.

To develop the aggregate population care coordinator ratio requirement, DHCS assumed that (after two years):

- *Tier 1 – 20% of population; care coordinator ratio of 10:1*
- *Tier 2 – 30% of population; care coordinator ratio of 75:1*
- *Tier 3 – 50% of population; care coordinator ratio of 200:1*

2) Multi-Disciplinary Care Team

The multi-disciplinary care team consists of staff employed by the CB-CME that provides HHP funded services. DHCS requires the team members listed in Table 1 below to participate on all multi-disciplinary care teams. The team will primarily be located at the CB-CME organization, except as noted above regarding model flexibility. The MCP may organize its provider network for HHP services according to provider availability, capacity, and network efficiency, while maximizing the stated HHP goals and HHP network goals. This MCP network flexibility includes centralizing certain roles that could be utilized across multiple CB-CMEs – and particularly low-volume CB-CMEs – for efficiency, such as the director and clinical consultant roles. An HHP goal is to provide HHP services where members seek care. Staffing and the day-to-day care coordination should occur in the community and in accordance with the member's preference.

In addition to required CB-CME team members, the MCP may choose to also make HHP-funded payments to providers that are not explicitly part of the CB-CME team, but who serve as the HHP member's physical and/or behavioral health service providers, for participation in case conferences and information sharing in order to support the development and maintenance of the HHP member's HAP. As an example, an MCP could use HHP care coordination funding to pay a member's specialist provider, who is not a contracted member of the CB-CME Multi-Disciplinary Care Team, for the time they spend participating in a case conference with the HHP care coordinator for the purpose of completing the member's HAP. The MCP may make such payments directly to the providers or through their CB-CME.

Table 1: Multi-Disciplinary Care Team Qualifications and Roles

Required Team Members	Qualifications	Role
Dedicated Care Coordinator (CB-CME or by contract)	Paraprofessional (with appropriate training) or licensed care coordinator, social worker, or nurse	• Oversee provision of HHP services and implementation of HAP • Offer services where the HHP member lives, seeks care, or finds most easily accessible and within MCP guidelines • Connect HHP member to other social services and supports he/she may need • Advocate on behalf of members with health care professionals • Use motivational interviewing, trauma-informed care, and harm-reduction practices • Work with hospital staff on discharge plan • Engage eligible HHP members • Accompany HHP member to office visits, as needed and according to MCP guidelines • Monitor treatment adherence (including medication) • Provide health promotion and self-management training • Arrange transportation • Call HHP member to facilitate HHP member visit with the HHP care coordinator
HHP Director (CB-CME)	Ability to manage multi-disciplinary care teams	• Have overall responsibility for management and operations of the team • Have responsibility for quality measures and reporting for the team
Clinical Consultant (CB-CME or MCP)	Clinician consultant(s), who may be primary care physician, specialist physician, psychiatrist, psychologist, pharmacist, registered nurse, advanced practice nurse, nutritionist, licensed clinical social worker, or other behavioral health care professional	• Review and inform HAP • Act as clinical resource for care coordinator, as needed • Facilitate access to primary care and behavioral health providers, as needed to assist care coordinator

Required Team Members	Qualifications	Role
Community Health Workers (CB-CME or by contract) (Recommended but not required)	Paraprofessional or peer advocate Administrative support to care coordinator	• Engage eligible HHP members • Accompany HHP member to office visits, as needed, and in the most easily accessible setting, within MCP guidelines • Health promotion and self-management training • Arrange transportation • Assist with linkage to social supports • Distribute health promotion materials • Call HHP member to facilitate HHP visit with care coordinator • Connect HHP member to other social services and supports he/she may need • Advocate on behalf of members with health care professionals • Use motivational interviewing, trauma-informed care, and harm-reduction practices • Monitor treatment adherence (including medication)
For HHP Members Experiencing Homelessness: Housing Navigator (CB-CME or by contract)	Paraprofessional or other qualification based on experience and knowledge of the population and processes	• Form and foster relationships with housing agencies and permanent housing providers, including supportive housing providers • Partner with housing agencies and providers to offer the HHP member permanent, independent housing options, including supportive housing • Connect and assist the HHP member to get available permanent housing • Coordinate with HHP member in the most easily accessible setting, within MCP guidelines (e.g. could be a mobile unit that engages members on the street)

Additional team members, such as a pharmacist or nutritionist, may be included on the multi-disciplinary care team in order to meet the HHP member's individual care coordination needs. HAP planning and coordination will require participation of other providers who may not be part of the CB-CME multi-disciplinary care team. It is the responsibility of the MCP to ensure their cooperation.

C. Health Information Technology/Data

Health Information Technology (HIT)/Health Information Exchange (HIE) are important components of information sharing in the HHP.

MCPs should consider the following potential uses of HIT/HIE (developed by CMS) in the development of HHP information sharing policies and procedures for MCPs, CB-CMEs, and members:

1) Comprehensive Care Management
   - Identify cohort and integrate risk stratification information.
   - Shared care plan management –standard format.
   - Clinical decision support tools to ensure appropriate care is delivered.
   - Electronic capture of clinical quality measures to support quality improvement.
2) Care Coordination and Health Promotion
   - Ability to electronically capture and share the patient-centered care plan across care team members.
   - Tools to support shared decision-making approaches with patients.
   - Secure electronic messaging between providers and patients to increase access outside of office encounters.
   - Medication management tools including e-prescribing, drug formulary checks, and medication reconciliation.
   - Patient portal services that allow patients to view and correct their own health information.
   - Telehealth services including remote patient monitoring.
3) Comprehensive Transitional Care
   - Automated care transition notifications/alerts, e.g. when a patient is discharged from the hospital or receives care in an ER.
   - Ability to electronically share care summaries/referral notes at the time of transition and incorporate care summaries into the EHR.
   - Referrals tracking to ensure referral loops are closed, as well as e-referrals and e-consults.
4) Individual and Family Support Services
   - Patient specific education resources tailored to specific conditions and needs.
5) Referral to Community and Social Support Services
   - Electronic capture of social, psychological and behavioral data (e.g. education, stress, depression, physical activity, alcohol use, social connection and isolation, exposure to violence).
   - Ability to electronically refer patients to necessary services.

Organizations that are covered by the Meaningful Use requirements should utilize EHR/HIT/HIE to meet the applicable goals noted above, where possible. Organizations that are not covered by Meaningful Use may need a Medi-Cal MCP to support the achievement of applicable goals where possible. In some areas relatively few providers have EHRs; there is limited interoperability between the systems; and, where there is an HIE in the area, the configuration may not be designed for the HHP requirements. If the technology environment does not fully support the EHR/HIT/HIE activities noted above in some geographic areas, or with certain providers, the MCP will determine procedures to share information that is critical for HHP services through other methods.

III. HHP Member Eligibility

A. Target Population

The HHP is intended to be an intensive set of services for a small subset of Medi-Cal members who require coordination at the highest levels. DHCS worked with a technical expert workgroup to design eligibility criteria that identify the highest-risk three to five percent of the Medi-Cal population who present the best opportunity for improved health outcomes through HHP services. These criteria include both 1) a select group of International Classification of Diseases (ICD)-9/ICD-10 codes for each eligible chronic condition, and 2) a required high level of acuity/complexity.

B. HHP Eligibility Criteria and the Targeted Engagement List

Using administrative data, DHCS will develop a Targeted Engagement List (TEL) of Medi-Cal MCP members who are eligible for the HHP based on the DHCS-developed eligibility criteria noted below. The TEL will be refreshed every six months using the most recent available data. The MCP will actively attempt to engage the members on the TEL. (See Member Assignment, for more information on MCP activity to engage eligible members.)

To be eligible for the HHP, a member must be full-scope, have no share of costs, and meet the following eligibility criteria. See Appendix B for *Targeted Engagement List data specification document* and specific ICD 10 codes that define these eligible conditions:

Eligibility Requirement	Criteria Details
1. Chronic condition criteria	Has a chronic condition in <u>at least one</u> of the following categories: • **At least two of the following**: chronic obstructive pulmonary disease, diabetes, traumatic brain injury, chronic or congestive heart failure, coronary artery disease, chronic liver disease, chronic renal (kidney) disease, dementia, substance use disorders; OR • **Hypertension and one of the following:** chronic obstructive pulmonary disease, diabetes, coronary artery disease, chronic or congestive heart failure; OR • **One of the following:** major depression disorders, bipolar disorder, psychotic disorders (including schizophrenia); OR • **Asthma**
2. Meets at least 1 acuity/complexity criteria	• Has at least 3 or more of the HHP eligible chronic conditions; OR • At least one inpatient hospital stay in the last year; OR • Three or more emergency department visits in the last year; OR • Chronic homelessness.

The TEL may include other criteria that are intended to ensure that HHP resources are targeted to Medi-Cal members who present the best opportunity for improved health outcomes through HHP services. The DHCS TEL is intended to be used by MCPs as a list of people who are likely to be eligible for the program based on the data available to DHCS; it is not, on its own, a comprehensive eligibility list.

Acuity Eligibility Criteria

Eligibility for HHP requires that members have the specified conditions and at least one of the four acuity criteria listed above. MCPs must have a process to verify eligibility as part of the enrollment process. MCPs can do this through reviews of the MCPs data and/or through other methods including discussion/assessment with the member or the member's providers. This additional verification is not only to confirm that the member meets eligibility, but also that they do not have exclusionary criteria such as enrollment in another duplicative care management program or being "well managed." For example, a member's qualifying utilization may have been for something unrelated to management of a chronic condition, such as maternity.

MCPs should make a preliminary eligibility determination based on their data prior to proceeding with proactive outreach and engagement. MCPs may rely on the TEL to verify that the member meets the eligibility criteria for having the eligible chronic conditions and the acuity criteria relating to having three or more of the eligible chronic conditions; however, the MCP should verify utilization acuity criteria (within 12 months) using the MCP's own data.

MCPs are required to review their own data for members who are on the TEL and should not proactively outreach members whose qualifying utilization is: 1) only found in the oldest four months of the TEL look-back period; and 2) unrelated to the HHP chronic conditions. MCPs may also apply their own additional prioritization policies upon approval from DHCS.

At the point in time when the MCP makes this data-driven preliminary eligibility determination, the member will be considered eligible for the program regardless of how long it takes the member to agree to enroll. The member may be enrolled for at least one month to complete the member assessment and care plan process. If additional information is determined during the assessment/care plan process that negates prior eligibility data or confirms an exclusionary criteria, then the member will be disenrolled.

Homeless Eligibility Criteria

Chronic homelessness for HHP is defined in W&I Code section 14127(e), and states *"a chronically homeless individual means a homeless individual with a condition limiting his or her activities of daily living who has been continuously homeless for a year or more, or had at least four episodes of homelessness in the past three years. For purposes of this article, an individual who is currently residing in transitional housing, as defined in Section 50675.2 of the Health and Safety Code, or who has been residing in permanent supportive housing, as defined in Section 50675.14 of the Health and Safety Code, for less than two years shall be considered a chronically homeless individual if the individual was chronically homeless prior to his or her*

residence." For the purpose of verifying HHP acuity eligibility criteria, the portion of this definition which states "with a condition limiting his or her activities of daily living" is satisfied by verification that the member has one of the HHP-eligible conditions. No further assessment of activities of daily living limitation is required to establish that the member meets the portion of this eligibility acuity criterion underlined above. In addition, a member meets the HHP chronically homeless acuity eligibility criteria if the member meets either the W&I Code section 14127(e) definition or the Housing and Urban Development (HUD) definition.

People Excluded from Targeted Engagement List

The following exclusions will be applied either through MCP data analysis for individual members or through assessment information gathered by the Community-Based Care Management Entity (CB-CME) (see *Reporting Template-Instructions* for additional information):

- Members determined through further assessment to be sufficiently well managed through self-management or through another program, or the member is otherwise determined to not fit the high-risk eligibility criteria
- Members whose condition management cannot be improved because the member is uncooperative
- Members whose behavior or environment is unsafe for CB-CME staff
- Members determined to be more appropriate for an alternate care management program

IV. Health Home Program Services

This section describes the six HHP services. HHP arranges for and coordinates interventions that address the medical, social, behavioral health, functional impairment, cultural and environmental factors affecting health and health care choices available to HHP members.

All HHP engagement and services can be provided to members and family/support persons through e-mails, texts, social media, phone calls, letters, mailings, community outreach, and, to the extent and whenever possible, in-person meetings where the member lives, seeks care, or is accessible. Communication and information must meet health literacy standards and trauma-informed care standards and be culturally appropriate.

A. Comprehensive Care Management

Comprehensive care management involves activities related to engaging members to participate in the HHP and collaborating with HHP members and their family/support persons to develop their comprehensive, individualized, person-centered care plan, called a Health Action Plan (HAP). The HAP incorporates the member's needs in the areas of physical health, mental health, SUD, community-based LTSS, oral health, palliative care, trauma-informed care, social supports, and, as appropriate for individuals experiencing homelessness, housing. The HAP is based on the needs and desires of the member and will be reassessed based on the member's progress or changes in their needs. It will also track referrals. The HAP must be completed within 90 days of HHP enrollment.

Comprehensive care management may include case conferences to ensure that the member's care is continuous and integrated among all service providers.

Comprehensive care management services include, but are not limited to:

- Engaging the member in HHP and in their own care
- Assessing the HHP member's readiness for self-management using screenings and assessments with standardized tools
- Promoting the member's self-management skills to increase their ability to engage with health and service providers
- Supporting the achievement of the member's self-directed, individualized health goals to improve their functional or health status, or prevent or slow functional declines
- Completing a comprehensive health risk assessment to identify the member's needs in the areas of physical health, mental health, substance use, oral health, palliative care, trauma-informed care, and social services
- Developing a member's HAP and revising it as appropriate
- Reassessing a member's health status, needs and goals
- Coordinating and collaborating with all involved parties to promote continuity and consistency of care
- Clarifying roles and responsibilities of the multi-disciplinary team, providers, member and family/support persons

1) Care Management Assessment Tools

To the extent possible and reasonable, DHCS will align new requirements for care management methods and tools with those currently used by MCPs for care coordination. MCPs have extensive experience administering Health Risk Assessments and developing care plans.

MCPs may use current Cal MediConnect or Seniors and Persons with Disabilities (SPD) care management tools, such as the Health Risk Assessment and Individualized Care Plan, as a base for developing health assessments and completing the HAP for HHP members. For the implementation of HHP, any assessment or planning elements that are required in the HHP and are not already included in an existing tool and/or process must be added to the existing MCP assessment and planning tools. Such elements could include an assessment of social determinants of health, including an indicator of housing instability, a need for palliative care, and trauma-informed care needs.

The HAP is defined as the Individualized Care Plan with the inclusion of any elements specific to HHP. When a member begins receiving HHP services, the member will receive a comprehensive assessment and a HAP will be created. The HAP will be reassessed at regular intervals and when changes occur in the member's progress or status and health care needs.

The assessments must be available to the primary care physicians, mental health service providers, substance use disorder services providers, and the care coordinators for all HHP members. In conjunction with the primary care physician, other multi-disciplinary care team members, and any necessary ancillary entities such as county agencies or volunteer support entities, the care coordinator will work with the HHP member and their family/support persons to develop a HAP.

2) Duties

MCPs in partnership with CB-CMES must be able to carry out the following comprehensive care management services:

Member Engagement and Support

a. MCPs must ensure that CB-CMEs accomplish the following:
    1) Engage the member in the HHP and their own care
    2) Assess the HHP member's readiness for self-management using standardized screenings and assessments with standardized tools
    3) Track and promote the member's self-management skills to increase their ability to engage with health and service providers
    4) Support the achievement of the member's self-directed, individualized, whole-person health goals to improve their functional or health status, or prevent or slow functional declines

Member Assessment

a. MCPs/CB-CMEs must have a process for assessing and reassessing the member to identify their needs in the areas of physical health, mental health, substance use, oral health, palliative care, trauma-informed care, and social services. The process should identify:
    1) How their tools align with current tools used for the defined population and avoid unnecessary duplication of assessment?
    2) How trauma-informed care best practices will be utilized?
    3) Whether the assessment process and HAP are standard across the CB-CMEs or whether variations exist.
b. MCPs/CB-CMEs must have a process and tools for developing the member's HAP and revising, as appropriate
c. MCPs/CB-CMEs must develop and use the HAP and screening and assessment tools, and develop processes for:
    1) How the HAP is shared with other providers and if it can be shared electronically; and
    2) How the HAP will track referrals and follow ups.

Coordination

a. MCPs/CB-CMEs must have a process for integrating community social supports, long term support services, mental health, substance use disorder services, palliative care, trauma-informed care, oral health, and housing services into a member's HAP
b. MCP must ensure that the CB-CMEs:
    1) Coordinate and collaborate with all involved parties to promote continuity and consistency of care; and
    2) Clarify roles and responsibilities of the multi-disciplinary team, providers, HHP member, and family/support persons.
c. MCPs must have policies and procedures to ensure that members are not receiving the same services from another state care management program (see non-duplication of care coordination services for more information).

B. Care Coordination

Care coordination includes services to implement the HHP member's HAP. Care coordination services begin once the HAP is completed. HHP care coordination services will integrate with current MCP care coordination activities, but will require a higher level of service than current

MCP requirements. Care coordination may include case conferences in order to ensure that the member's care is continuous and integrated among all service providers. All program staff who provide HHP services are required to complete CB-CME/care coordinator training as discussed in Appendix C.

Care coordination services address the implementation of the HAP and ongoing care coordination and include, but are not limited to:

1) Member Support

- Working with the member to implement their HAP
- Assisting the member in navigating health, behavioral health, and social services systems, including housing
- Sharing options with the member for accessing care and providing information to the member regarding care planning
- Identifying barriers to the member's treatment and medication management adherence
- Monitoring and supporting treatment adherence (including medication management and reconciliation)
- Assisting in attainment of the member's goals as described in the HAP
- Encouraging the member's decision making and continued participation in HHP
- Accompanying members to appointments as needed

2) Coordination

- Monitoring referrals, coordination, and follow ups to ensure needed services and supports are offered and accessed
- Sharing information with all involved parties to monitor the member's conditions, health status, care planning, medications usages and side effects
- Creating and promoting linkages to other services and supports
- Helping facilitate communication and understanding between HHP members and healthcare providers

MCPs in partnership with CB-CMEs must develop, and ensure the implementation of, policies and procedures to support CB-CME coordination efforts to:

a. Maintain frequent, in-person contact between the member and the care coordinator when delivering HHP services. Minimum in-person visits for the aggregated population is 260 visits per 100 enrolled members per quarter. DHCS used the following assumptions to develop the aggregate population visit requirement listed above:
    i. After two years, the population equals: 20% in tier 1, 30% in tier 2, 50% in tier 3
    ii. Tier 1 – two in-person visits per month
    iii. Tier 2 – 1 in-person visit per month
    iv. Tier 3 – 1 in-person visit per quarter
b. Ensure members see their PCP within 60 days of enrollment in HHP. This is a recommended best practice only – not service requirement.
c. Ensure availability of support staff to complement the work of the Care Coordinator.
d. Ensure availability of providers with experience working with people who are chronically homeless.
e. Support screening, referral and co-management of individuals with both behavioral health and physical health conditions.

f. Link eligible individuals who are homeless or experiencing housing instability to permanent housing, such as supportive housing.
g. Maintain an appointment reminder system for members. This is a recommended best practice only – not a service requirement.
h. Identify and take action to address member gaps in care through:
    i. Assessment of existing data sources for evidence of care appropriate to the member's age and underlying chronic conditions
    ii. Evaluation of member perception of gaps in care
    iii. Documentation of gaps in care in the member case file
    iv. Documentation of interventions in HAP and progress notes
    v. Findings from the member's response to interventions
    vi. Documentation of discussions of members care goals
    vii. Documentation of follow-up actions, and the person or organization responsible for follow-up

C. Health Promotion

Health promotion includes services to encourage and support HHP members to make lifestyle choices based on healthy behavior, with the goal of motivating members to successfully monitor and manage their health. Members will develop skills that enable them to identify and access resources to assist them in managing their conditions and preventing other chronic conditions.

Health promotion services include, but are not limited to:

- Encouraging and supporting health education for the member and family/support persons
- Assessing the member's and family/support persons' understanding of the member's health condition and motivation to engage in self-management
- Coaching members and family/support persons about chronic conditions and ways to manage health conditions based on the member's preferences
- Linking the member to resources for: smoking cessation; management of member chronic conditions; self-help recovery resources; and other services based on member needs and preferences
- Using evidence-based practices, such as motivational interviewing, to engage and help the member participate in and manage their care

D. Comprehensive Transitional Care

Comprehensive transitional care includes services to facilitate HHP members' transitions from and among treatment facilities, including admissions and discharges. In addition, comprehensive transitional care reduces avoidable HHP member admissions and readmissions. Agreements and processes to ensure prompt notification to the member's care coordinator and tracking of member's admission or discharge to/from an ED, hospital inpatient facility, residential/treatment facility, incarceration facility, or other treatment center are required. Additionally, MCPs or CB-CMEs must provide information to hospital discharge planners about HHP.

Comprehensive transitional care services include, but are not limited to:

- Providing medication information and reconciliation
- Planning timely scheduling of follow-up appointments with recommended outpatient providers and/or community partners
- Collaborating, communicating, and coordinating with all involved parties
- Easing the member's transition by addressing their understanding of rehabilitation activities, self-management activities, and medication management
- Planning appropriate care and/or place to stay post-discharge, including temporary housing or stable housing and social services
- Arranging transportation for transitional care, including to medical appointments, as per NMT and NEMT policy and procedures
- Developing and facilitating the member's transition plan
- Preventing and tracking avoidable admissions and readmissions
- Evaluating the need to revise the member's HAP
- Providing transition support to permanent housing

E. Individual and Family Support Services

Individual and family support services include activities that ensure that the HHP member and family/support persons are knowledgeable about the member's conditions with the overall goal of improving their adherence to treatment and medication management. Individual and family support services also involve identifying supports needed for the member and family/support persons to manage the member's condition and assisting them to access these support services.

Individual and family support services may include, but are not limited to:

- Assessing the strengths and needs of the member and family/support persons
- Linking the member and family/support persons to peer supports and/or support groups to educate, motivate and improve self-management
- Connecting the member to self-care programs to help increase their understanding of their conditions and care plan
- Promoting engagement of the member and family/support persons in self-management and decision making
- Determining when member and family/support persons are ready to receive and act upon information provided and assist them with making informed choices
- Advocating for the member and family/support persons to identify and obtain needed resources (e.g. transportation) that support their ability to meet their health goals
- Accompanying the member to clinical appointments, when necessary
- Identifying barriers to improving the member's adherence to treatment and medication management
- Evaluating family/support persons' needs for services

F. Referral to Community and Social Supports

Referral to community and social support services involves determining appropriate services to meet the needs of HHP members, identifying and referring members to available community resources, and following up with the members.

Community and social support referral services may include, but are not limited to:

- Identifying the member's community and social support needs
- Identifying resources and eligibility criteria for housing, food security and nutrition, employment counseling, child care, community-based LTSS, school and faith-based services, and disability services, as needed and desired by the member
- Providing member with information on relevant resources, based on the member's needs and interests.
- Actively engaging appropriate referrals to the needed resources, access to care, and engagement with other community and social supports
- Following up with the member to ensure needed services are obtained
- Coordinating services and follow-up post engagement
- Checking in with the members routinely through in-person or telephonic contacts to ensure they are accessing the social services they require
- Providing Individual Housing Transition Services, including services that support an individual's ability to prepare for and transition to housing
- Providing Individual Housing and Tenancy Sustaining Services, including services that support the individual in being a successful tenant in their housing arrangement and thus able to sustain tenancy

V. Health Homes Program Network

A. MCP Duties/Responsibilities

MCPs must have the ability to perform the following duties/responsibilities:

a. Develop and implement criteria for network sufficiency determination, including county-wideness and number of projected members
b. Develop an adequate network of Community-Based Care Management Entities (CB-CMEs) in each of the MCP's implemented counties for HHP to serve enrolled members
c. Design and implement a process for determining the qualifications of organizations to meet CB-CME standards and for providing support for CB-CMEs, including:
    1. Identify organizations who meet the CB-CME standards
    2. Provide the infrastructure and tools necessary to support CB-CMEs in care coordination
    3. Gather and share HHP member-level information regarding health care utilization, gaps in care and medications
    4. Provide outcome tools and measurement protocols to assess CB-CME effectiveness
d. Integrate community entities focused on services to individuals experiencing homelessness into the care model and, if applicable, the multi-disciplinary care team; meet the State legislation requirement to ensure availability of providers with experience working with individuals who are chronically homeless.

e. Engage with community and social support services by building new, or enhance existing, relationships with programs, services, and support organizations to provide care to members, including but not limited to:
    1. County specialty mental health plans;
    2. Housing agencies and permanent housing providers; and
    3. Individual Housing and Tenancy Sustaining Services.
f. Contract with CB-CMEs for the provision of HHP services, including outlining the MCP and CB-CME roles and responsibilities, and ensuring that CB-CMEs fulfill all required CB-CME duties and achieve HHP goals, including the network development goals.
g. Have methods to ensure compliance with HHP requirements throughout the network, including portions of the network contracted through delegated entities.
h. Ensure the development of a communication and feedback strategy for all members of the HHP care team, including the member and their family/support persons, to ensure information sharing occurs. Encourage all of the HHP member's providers who supply input to the HAP and coordinate with the CB-CME care coordinator to conduct case conferences, including with those whom may not be formally included on the CB-CME's multi-disciplinary care team.
    1. If the CB-CME is not the member's MCP-assigned PCP, the MCP must have policies and procedures for ensuring: the MCP/CB-CME maintains a strong and direct connection to the PCP and PCP's participate in HAP development and ongoing coordination.
i. Have strong oversight and perform regular auditing and monitoring activities to ensure that all care management requirements are completed

1) Administration

a. Attribute assigned HHP members to CB-CMEs, providing for increased care coordination as close to the member's usual point of care delivery as possible in the community. HHP members must be notified of their CB-CME options.
b. Receive payment from DHCS and disperse funds to CB-CMEs. Have policies and procedures regarding:
    1. The process for how an MCP determines that the appropriate level of services are provided and documented by CB-CMEs in accordance with the contract and service requirements; and
    2. The process/structure/tiering (if used) for payments to CB-CMEs.

2) Data Sharing and Reporting

a. Develop reporting capabilities and methodologies
b. Establish and maintain data-sharing agreements that are compliant with all federal and state laws and regulations, and when necessary, with other providers
c. Notify CB-CMEs of inpatient admissions and emergency department (ED) visits/discharges
d. Track and share data with CB-CMEs regarding each member's health history
e. Establish procedures for hospitals participating under the Medicaid State Plan or a waiver of such plan for referring eligible individuals with chronic conditions who seek or need treatment in a hospital emergency department to designated HHP providers. However, HHP primarily uses the TEL to identify and refer members to HHP.

3) Training and Education

a. Develop and offer learning activities that will support CB-CMEs in effective delivery of HHP services
b. Develop CB-CME training tools, as needed, to supplement DHCS-developed tools.
c. Ensure participation of the CB-CME and MCP staff delivering HHP Services in DHCS-required CB-CME and care coordinator training and learning collaboratives.

B. CB-CME Qualifications

HHP CB-CMEs must meet the following qualifications:

- Be experienced serving Medi-Cal members and, to comply with W&I Code HHP requirements, as appropriate for their assigned HHP member population, with high-risk members such as individuals who are experiencing homelessness;
- Comply with all program requirements;
- Have strong, engaged organizational leadership who agree to participate in learning activities, including in-person sessions and regularly scheduled calls;
- Have the capacity to provide appropriate and timely in-person care coordination activities, as needed. If in-person communication is not possible in certain situations, alternative communication methods such as tele-health or telephonic contacts may also be utilized, if culturally appropriate and accessible for the HHP member, to enhance access to services for HHP members and families where geographic or other barriers exist and according to member choice;
- Have the capacity to accompany HHP members to critical appointments, when necessary, to assist in achieving HAP goals;
- Agree to accept any enrolled HHP members assigned by the MCP, according to the CB-CME contract with the MCP;
- Demonstrate engagement and cooperation with area hospitals, primary care practices and behavioral health providers, through the development of agreements and processes, to collaborate with the CB-CME on care coordination; and
- Use tracking processes to link HHP services and share relevant information between the CB-CME and MCP and other providers involved in the HHP member's care.

C. CB-CME Certification

Organizations must be one of the following types of organizations and be able to meet the qualifications above and perform the duties below to be authorized to serve as a CB-CME:

- Behavioral health entity
- Community mental health center
- Community health center
- Federally qualified health center
- Rural health center
- Indian health clinic
- Indian health center
- Hospital or hospital-based physician group or clinic
- Local health department
- Primary care or specialist physician or physician group

- SUD treatment provider
- Provider serving individuals experiencing homelessness
- Other entities that meet certification and qualifications of a CB-CME, if selected and certified by the MCP

D. CB-CME General Duties

CB-CMEs will be expected to perform the following duties/responsibilities:

- Be responsible for care team staffing, according to HHP required staffing ratios determined by DHCS, and oversight of direct delivery of the core HHP services;
- Implement systematic processes and protocols to ensure member access to the multi-disciplinary care team and overall care coordination;
- Ensure person-centered health action planning that coordinates and integrates all of the HHP member's clinical and non-clinical physical and behavioral health care related needs and services, and social services needs and services;
- Collaborate with and engage HHP members in developing a HAP and reinforcing/implementing/reassessing it in order to accomplish stated goals;
- Coordinate with authorizing and prescribing entities as necessary to reinforce and support the HHP member's health action goals, conducting case conferences as needed in order to ensure that the HHP member care is integrated among providers;
- Support the HHP member in obtaining and improving self-management skills to prevent negative health outcomes and to improve health;
- Provide evidence-based care;
- Monitor referrals, coordination, and follow-up to needed services and supports; actively maintain a directory of community partners and a process ensuring appropriate referrals and follow-up;
- Support HHP members and families during discharge from hospital and institutional settings, including providing evidence-based transition planning;
- Accompany the HHP member to critical appointments (when necessary and in accordance with MCP HHP policy);
- Provide service in the community in which the HHP member lives so services can be provided in-person, as needed;
- Coordinate with the HHP member's MCP nurse advice line, which provides 24-hour, seven day a week availability of information and emergency consultation services to HHP member; and
- Provide quality-driven, cost-effective HHP services in a culturally competent and trauma-informed manner that addresses health disparities and improves health literacy.

VI. General HHP Operations

A. Non-Duplication of Care Coordination Services

MCPs must ensure that members are not enrolled in another state program that provides care coordination services that would preclude them from receiving HHP care coordination services. The process should include: 1) checking available MCP data; and 2) asking members as part of

both the in-person member assessment during the eligibility/enrollment process and the assessment/care plan process.

The Targeted Engagement List (TEL) does not include members who are participating in the following programs:

- 1915(c) Home and Community Based (HCBS) waiver programs: HIV/AIDS, Assisted Living Waiver (ALW), Developmentally Disabled (DD), In-Home Operations (IHO), Multipurpose Senior Services Program (MSSP), Nursing Facility Acute Hospital (NF/AH);
- County Targeted Case Management (TCM) (excluding Specialty Mental Health TCM);
- Skilled Nursing Facility (SNF) residents with a duration longer than the month of admission and the following month; and
- Hospice.

Below is a summary of how HHP intersects with existing Medi-Cal programs that provide care coordination services, organized by the following three categories: 1) Members can receive services through both HHP and the other program; 2) Members must choose HHP or the other program; and 3) Members cannot receive HHP services.

1) Members Can Receive Services through BOTH HHP and the Other Program

- 1115 Waiver Whole Person Care Pilot Program
  Members participating in a Whole Person Care (WPC) Pilot Program may also be eligible for the HHP. DHCS has released specific guidance related to the interaction between the Health Homes Program and the WPC Pilot Program which can be found in Appendix K of this Program Guide.

- California Children's Services
  Children who are enrolled in the Children's Services program are eligible for the HHP.

- Specialty Mental Health and Drug Medi-Cal
  DHCS recognizes that coordination of behavioral health services will be a major component of HHP. HHP services are focused on physical health, mental health, Substance Use Disorder (SUD), community-based LTSS, palliative care, trauma-informed care, oral health, social supports, and, as appropriate for individuals experiencing homelessness, housing. In the California HHP structure of MCPs and CB-CMEs, it is expected that direct HHP services for HHP members will primarily occur at the CB-CMEs, even though MCPs may play a role. Therefore, it is important that CB-CMEs that have HHP members who receive behavioral health services have the capability to support the various needs of their members.

  For HHP members without conditions that are appropriate for specialty mental health treatment, it is anticipated that their physical-health oriented CB-CME is an appropriate setting for their HHP services. These CB-CMEs would typically be affiliated with an MCP.

  DHCS and stakeholders have noted that HHP members with conditions that are appropriate for specialty mental health treatment may prefer to receive their primary HHP services from their MHP's contracted provider acting as a designated CB-CME. To

facilitate care coordination for HHP members through a MHP-designated CB-CME, Drug Medi-Cal Organized Delivery system (DMC-ODS) or MHP providers may perform CB-CME HHP responsibilities through a contract with the MCPs in the county at the discretion of the MCP. This type of entity would perform the CB-CME HHP responsibilities for an HHP-eligible managed care member who 1) qualifies to receive services provided under the Medi-Cal scope of service for this type of entity (MHP or Drug Medi-Cal services); and 2) chooses a county MHP, or county MH/SUD plan, affiliated CB-CME instead of a CB-CME affiliated with the MCP. In cases where the MHP serves as both an administrator and a provider of direct services, the MHP could assume the responsibilities of the CB-CME.

2) Members Must Choose HHP OR the Other Program

- Targeted Case Management
  County-operated Targeted Case Management (TCM) is a comprehensive care coordination program and is duplicative of HHP. Members who are receiving TCM services have a choice of continuing TCM services or receiving HHP services.

  However, TCM provided as part of the County Mental Health Plan (MHP) Specialty Mental Health (SMH) services is not duplicative of HHP. The HHP provider should ensure that they: 1) coordinate with the SMH TCM provider, and 2) do not duplicate any SMH TCM activities.

- 1915(c) Waiver Programs
  1915(c) Home and Community Based Services (HCBS) Waiver programs provide services to many Medi-Cal members who will likely also meet the eligibility criteria for HHP. There are comprehensive care management components within these programs that are duplicative of HHP services. Members who are receiving 1915(c) services have a choice of continuing 1915(c) services or receiving HHP services.
  The 1915(c) HCBS waiver programs include:
  HIV/AIDS, Assisted Living Waiver (ALW), Developmentally Disabled (DD), In-Home Operations (IHO), Multipurpose Senior Services Program (MSSP), and Nursing Facility Acute Hospital (NF/AH).

- Cal MediConnect or Fee-for-Service Delivery Systems
  Members who are eligible for both Medi-Cal and Medicare are eligible for the HHP. In addition, members who are in the Fee-for-Service Delivery System are also eligible for the HHP. However, HHP is not available in the Cal MediConnect or Fee-for-Service delivery systems. Members have the choice to leave the Cal MediConnect or Fee-for-Service delivery systems to receive all their Medi-Cal services, including HHP services, through a regular Medi-Cal Managed Care Plan.

- Other Comprehensive Care Coordination Programs
  Individual MCPs have discretion to determine and designate other comprehensive care coordination programs (not listed in this section) that are duplicative of HHP services, including programs that are operated or overseen by the MCP. Examples include, but

are not limited to, MCP Complex Case Management programs and Community-Based Adult Services.

3) Members CANNOT Receive HHP Services

- Nursing Facility Residents and Hospice Recipients
  Skilled Nursing Facility (SNF) residents with a duration longer than the month of admission and the following month and Hospice service recipients are excluded from participation in the HHP.

B. HHP Outreach Requirements

MCPs will be responsible for engaging HHP-eligible members, using state-determined, Centers for Medicare & Medicaid Services (CMS)-approved criteria. Engagement of eligible HHP members will be critical for the program success. MCPs will link HHP members to one of the MCP's contracted CB-CMEs and ensure the HHP member is notified. If the HHP member's assigned primary care provider (PCP) is affiliated with a CB-CME, the HHP member will be assigned to that CB-CME, unless the member chooses another CB-CME or a more appropriate CB-CME is identified given the member's individual needs and conditions.

1) MCP Duties/Responsibilities

MCPs must have the ability to perform the following duties/responsibilities or delegate to CB-CMEs and provide appropriate oversight.

a. Capacity
   Have the capacity to engage and provide services to eligible members, including:
   1) Establish an engagement plan with appropriate modifications for members experiencing homelessness;
   2) Evaluate the TEL provided by DHCS;
   3) Attribute assigned HHP members to CB-CMEs;
   4) Ensure the engagement of members on the targeted engagement list;
   5) Secure and maintain record of the member's consent to participate in the program (which can be verbal); and
   6) Provide member resources (e.g. customer service, member grievance process) relating to HHP.

b. Engagement Process
   1) Have policies and procedures for identifying, locating, and engaging HHP-eligible members.
   2) Use the following strategies for engagement as appropriate and to the extent possible: mail; email; social media; texts; telephone; community outreach; and in-person meetings where the member lives, seeks care, or is accessible.
   3) Show active, meaningful and progressive attempts at member engagement each month until the member is engaged. Activities that support member engagement include active outreach such as direct communications with member (face-to-face, mail, electronic, telephone), follow-up if the member presents to another partner in the HHP network, or using claims data to contact providers the member is known to use. Examples of acceptable engagement include:

a. Letter to member followed by phone call to member
b. Phone call to member, outreach to care delivery partners and social service partners
c. Street level outreach, including, but not limited to, where the member lives or is accessible

4) Establish a process for reviewing and excluding people from the Targeted Engagement List (TEL), including the MCP's definition of "well managed" (based on DHCS guidelines of having no substantial avoidable utilization or be enrolled in another acceptable care management program – see Reporting Template-Instructions for definition);
5) Report Members determined not appropriate for the HHP, along with a reason code, to DHCS.
6) DHCS will evaluate the MCP enrolled vs non-enrolled members and compare across MCPs for general compliance review purposes and to ensure that the engagement process is adequately engaging members on the targeted engagement list who are at the highest risk levels, have behavioral health conditions, and those experiencing homelessness.
7) Include housing navigators in the engagement process, at the MCP's discretion
8) Document the member engagement process
9) Develop a methodology and criteria used by the MCP or the CB-CME to stratify high, medium and low need members
10) Develop educational materials or scripts that you intend to develop to engage the member.
11) Have policies and procedures to provide culturally appropriate communications and information that meet health literacy and trauma-informed care standards
12) Have policies and procedures for the following:
    a. Required number and modalities of attempts made to engage member
    b. MCP's protocol for follow-up attempts
    c. MCP's protocol for discharging members who cannot be engaged, choose not to participate, or fail to participate

c. Assignment

MCPs will link HHP members to one of their contracted CB-CMEs and ensure the HHP member is notified. If the HHP member's assigned primary care provider is affiliated with a CB-CME, the HHP member will be assigned to that CB-CME, unless the member chooses another CB-CME or a more appropriate CB-CME is identified given the member's individual needs and conditions. MCP's and/or CB-CME's notification will inform the HHP member that they are eligible for HHP services, and identify their MCP and CB-CME. This notification will explain that HHP participation is voluntary, members have the opportunity to choose a different CB-CME, and HHP members can discontinue participation at any time. It will also explain the process for participation. In counties where multiple MCPs are available, the HHP member may change their MCP once per month in accordance with current MCP choice policies.

C. Priority Engagement Group

After the MCP has screened people who are inappropriate for HHP from the TEL based on the HHP requirements, MCPs are required to create a priority engagement group, or ranking process, with the goal of engaging and serving members who present the greatest opportunity for improvement in care management and reduction in avoidable utilization. This group, or members in order or priority rank, would be the first focus for MCP engagement efforts. The criteria and size of the group for priority engagement status will be at the MCP's discretion (upon approval by DHCS).

D. Referral

HHP services must be made available to all full scope Medi-Cal members without a share of cost who meet the DHCS-developed eligibility criteria, including those members dually eligible for Medicaid and Medicare. Providers, health plan staff, or other, non-provider community entities/care providers may refer eligible members to the member's assigned MCP to confirm if the member meets the eligibility criteria to receive HHP services. The Targeted Engagement List will be the primary method for identifying and engaging eligible HHP members. Referrals are more likely necessary in the situation of a new Medicaid member who may not have the Medi-Cal claims history that identifies them as HHP eligible. Provider referral forms will indicate that the provider has verified that the member meets the HHP eligibility criteria. The provider will submit the referral form to the MCP for confirmation. MCP confirmation is required before an individual is deemed an HHP member and may receive HHP services from a CB-CME.

E. Consent

The member will be considered enrolled in the HHP once the member has given either verbal or written consent to participate in the program. The MCP or CB-CME will secure consents by the member to participate in HHP and authorize release of information to the extent required by law. Either the MCP or the CB-CME must maintain a record of these consents.

F. Disenrollment

If an eligible member has, or develops, an exclusionary criterion, cannot be engaged within a specified period, chooses not to participate, or fails to participate actively in HHP planning and coordination, the HHP member will be disenrolled from the HHP, and the MCP will discontinue CB-CME HHP funding for that member. Additionally, if the MCP determines that the member's eligible chronic conditions have become well-managed – to the extent that HHP services are not medically necessary and will not significantly change the member's health status – the HHP member will be disenrolled and the MCP will discontinue CB-CME HHP funding for that member.

A Notice of Action (NoA) Letter is required in all situations except for when an eligible member chooses not to participate. The eligible member may choose to participate in the HHP at any time.

G. Risk Grouping

The MCP will ensure that HHP member acuity will inform appropriate provision of HHP services. For example, MCP program criteria may include three, or more, risk groupings of the HHP members. Members in the higher acuity risk groupings (tiers) will receive more intensive HHP services. In addition, the HHP will include requirements to address the unique needs of members experiencing homelessness, as specified in AB 361.

H. Mental Health Services

MCPs will develop or amend existing Memoranda of Understanding with county Mental Health Plans (MHPs) to address HHP-specific information. DHCS has released All Plan Letter (APL) 18-015 (which supersedes APL 13-018) to address the HHP-specific information that MCPs must include in new, or amended, MOUs. This MOU will be submitted to DHCS prior to the start of HHP implementation for the Serious Mental Illness or Serious Emotional Disturbance (SMI) population. Please see Appendix D - Readiness Requirements and Checklist for information on this deliverable.

I. Housing Services

MCPs will work with community resources to ensure seamless access to the delivery of housing support services. MCPs or contracted CB-CMEs must provide housing navigation services, not just referrals to housing. A Housing Navigator is required to be part of the HHP care team for members experiencing homelessness. HHP members must receive the following services:

1) Individual Housing Transition Services

Housing transition services assist beneficiaries with obtaining housing, such as individual outreach and assessments. These services include:

- Conducting a tenant screening and housing assessment that identifies the participant's preferences and barriers related to successful tenancy. The assessment may include collecting information on potential housing transition barriers, and identification of housing retention barriers;
- Developing an individualized housing support plan based upon the housing assessment that addresses identified barriers, includes short and long-term measurable goals for each issue, establishes the participant's approach to meeting the goal, and identifies when other providers or services, both reimbursed and not reimbursed by Medicaid, may be required to meet the goal;
- Assisting with the housing application process. Assisting with the housing search process;
- Identifying resources to cover expenses such as security deposit, furnishings, adaptive aids, environmental modifications, moving costs and other one-time expenses;
- Ensuring that the living environment is safe and ready for move-in;
- Assisting in arranging for and supporting the details of the move; and
- Developing a housing support crisis plan that includes prevention and early intervention services when housing is jeopardized.

2) Individual Housing and Tenancy Sustaining Services

Housing and tenancy sustaining services, such as tenant and landlord education and tenant coaching, support individuals in maintaining tenancy once housing is secured. These services include:

- Providing early identification and intervention for behaviors that may jeopardize housing, such as late rental payment and other lease violations;
- Education and training on the roles, rights and responsibilities of the tenant and landlord;
- Coaching on developing and maintaining key relationships with landlords/property managers with a goal of fostering successful tenancy;
- Assistance in resolving disputes with landlords and/or neighbors to reduce risk of eviction or other adverse action;
- Advocacy and linkage with community resources to prevent eviction when housing is, or may potentially become jeopardized;
- Assistance with the housing recertification process;
- Coordinating with the tenant to review, update and modify their housing support and crisis plan on a regular basis to reflect current needs and address existing or recurring housing retention barriers; and
- Continuing training in being a good tenant and lease compliance, including ongoing support with activities related to household management.

To the extent applicable, housing-based case management services provided to HHP members shall be consistent with the Housing First core components as described in Senate Bill (SB) 1380 Mitchel, Chapter 847, Statutes of 2016). Engagement to members potentially eligible for HHP or the provision of HHP housing-based case management services may not be restricted for individuals based on sobriety, completion of treatment, poor credit, financial history, criminal background, or housing readiness, unless they are determined ineligible for HHP or meet one or more of the DHCS defined HHP exclusionary criteria. HHP housing-based services shall incorporate a harm-reduction philosophy that recognizes drug and alcohol use and addiction as a part of members' lives, where members are engaged in nonjudgmental communication regarding drug and alcohol use. Members should be offered education regarding how to avoid risky behaviors and engage in safer practices, as well as connected to evidence-based treatment if they so choose.

The HHP does not provide direct funding for housing. However, DHCS encourages MCPs to partner with housing organizations that incorporate the Housing First model into their case management and housing navigation services offered to members and to prioritize connecting HHP members with permanent housing options, when appropriate and available. For example, plans might explore collaborating with community-based organizations that are Housing First compliant, implement a requirement that housing services be provided consistent with Housing First components, encourage enhanced coordination with coordinated entry and assessment systems and/or allow receipt of referrals from the homeless crisis response system entities.

The goal is to integrate Housing First principles and components in an effort to enhance the provision of meaningful individual housing and tenancy-sustaining services to enrolled members.

J. Training

MCPs are required to ensure that the MCP and CB-CME staff who will be delivering HHP services receive the required HHP training prior to participating in the administration of the HHP. See Appendix C for training requirements.

K. Service Directory

MCPs or CB-CMEs must ensure a directory of community services and supports is developed, maintained, and is made available to all care coordinators to inform referring members to social services. The community services directory may be sourced from existing directories so long as it is available as a resource for CB-CMEs and care coordinators. This type of directory may be maintained by either the MCP or the CB-CME; however, the contracted MCP will ensure its availability.

L. Quality of Care

MCPs must incorporate HHP into existing quality management processes.

MCPs must have the capacity to collect and track information used to manage and evaluate the program, including tracking quality measures, and collecting, analyzing, and reporting financial measures, health status and other measures and outcome data to be reported for the State's evaluation process. The MCP will report core service metrics and the recommended core set of health care quality measures established by CMS, as well as the three utilization measures identified by CMS to assist with the overall federal health home evaluation. MCPs must report on the measures listed in the *Reporting Template, and provide* encounters for all HHP services.

M. Cultural Competency, Educational and Health Literacy

MCPs must incorporate HHP into existing policies and procedures related to ensuring that services, communication, and information provided to members are culturally appropriate, and meet health literacy, reading, harm-reduction, and trauma-informed care standards.

N. Member Communication

MCPs must incorporate HHP into existing policies and procedures regarding communicating with members, including: using secure email, web portals or written correspondence to communicate; and taking enrollee's individual needs (communication, cognitive, or other barriers) into account in communicating with enrollee. DHCS and DMHC will review member materials from Knox-Keene plans through the usual process and criteria. DHCS will use a parallel process for non-Knox-Keene plans.

All notices to be sent by the MCP to Medi-Cal beneficiaries regarding the provision of HHP services will be submitted to DHCS for review.

Notices must conform to all of the usual requirements for Medi-Cal member notices, including reading level. MCPs may use the DHCS HHP Member Handbook as an optional resource for examples of "best practice" member messaging (though the Handbook messaging may need to be adjusted to comply with Medi-Cal and DMHC member notice requirements). All members must be informed 30 days prior to implementation of this new Medi-Cal covered benefit. An update to the Evidence of Coverage/Disclosure Form is required; however, plans may provide an HHP-specific errata to satisfy this EOC requirement. DHCS provides a template for Evidence of Coverage/Disclosure Form HHP language in Appendix F.

MCPs must maintain an HHP call line or have another mechanism for responding to enrollee inquiries and input related to HHP. The MCP's member service call center or 24/7 nurse line may satisfy this requirement; however, the MCP or CB-CME may also utilize a local on-call service knowledgeable about the HHP.

O. Members Experiencing Homelessness

MCPs must incorporate HHP-specific information into the appropriate policies and procedures for homeless members, including special provider and service requirements criteria (to achieve homeless experience requirements and other requirements per AB 361 and SB 1380), and engagement processes.

P. Reporting

MCP must have the capability to track HHP enrollee activity and report on outcomes, as required by DHCS, including HHP encounters for services provided by the MCP and the CB-CMEs. See Appendix G (*Reporting Template);* and the *Core Set of Health Care Quality Measures for Medicaid Health Home Programs (Health Home Core Set), Technical Specifications and Resource Manual for Federal Fiscal Year 2019 Reporting,* or later, for details.

CMS has established a core set of seven required health care quality measures and three utilization measures (see *Reporting Template* and *document* for details). Additional details can be found in the CMS technical specifications and resource manual. These measures were identified by CMS to assist with the overall federal health home evaluation.

MCPs will utilize the Supplemental Payment process to report members enrolled in HHP and to initiate capitation payments. See DHCS' *Technical Guidance – Consolidated Supplemental Upload Process* for further information.

VII. Appendix

A. Appendix A – Example of an Acceptable Model Outreach Protocol

This Model Outreach Protocol is only offered as one example of a protocol that would be acceptable. It is meant to give the MCP ideas about how they might want to design their outreach protocols with the CB-CMEs. The details of this protocol are at the discretion of the MCP, as long as their protocol broadly meets DHCS' intent as stated in the body of the Program Guide and the Readiness Checklist.

SAMPLE PROTOCOL

The Medi-Cal managed care plan (MCP) will send an initial "Welcome Packet" to HHP-eligible members in accordance with their engagement process. After the initial packet is sent, the CB-CMEs will follow up with their HHP-eligible members through phone calls, in-person visits, and other modalities. Each CB-CME or the MCP will attempt to contact the member **five times** within 90 days after the initial packet is sent using various modes of communication (letters, calls, in-person meetings, etc.).

If the CB-CME does not have the capacity to conduct outreach to eligible members, MCP care coordination staff, including community health workers, will conduct the outreach to these members and note the outreach attempts in the members' record.

After five attempts, the CB-CME and the MCP will note the challenges with the active outreach and remind the PCP to discuss the HHP with the member at the next PCP visit. If the member declines HHP enrollment at the PCP visit, this will be noted in the EHR and the MCP will be notified.

If the CB-CME or the MCP learns that the contact information is out of date, efforts will be made to update that information using recent provider utilization data and community health workers who can conduct on-the-ground outreach to locate members through their neighbors or community organizations. The CB-CME will also review members' housing history and work with the MCP Housing Program Manager to determine if that member can be reached at an alternative housing site or through a community-based organization.

CB-CMEs will track all outreach attempts within a three month intensive outreach period after the initial welcome letter is sent. The MCP will require that each outreach attempt and the outcome of each attempt be documented in the member's record in the HHP care management system and reported back to the MCP and DHCS. All outreach and engagement attempts will be evaluated by the care coordination team every 30 days within this three month period. The MCP will create policies and procedures for tracking and evaluating outreach and engagement efforts.

If a member declines participation in the HHP, or if their PCP determines that the member is not a good candidate for the HHP (using categories determined and provided by DHCS), this will be noted in the record in the HHP care management system to avoid repeated outreach

attempts. Members who do not enroll in the HHP will be noted, tracked in the MCP's data system and reported to DHCS. Members who graduate from the program will be disenrolled, which will be noted in the record, tracked in the data system, and reported to DHCS.

The MCP will create a mechanism for CB-CMEs and PCPs to identify potential HHP members who are not on the targeted engagement list and who meet the diagnostic and acuity criteria but not the utilization criteria. These individuals may be excellent candidates for the program to help prevent future avoidable health care utilization. In general, MCP will require CB-CMEs to justify the inclusion of the referred member into the program or onto the targeted engagement list. This would be reviewed by a medical director and/or nurse manager with experience in intensive case management to see if the member qualifies for the HHP or if they might be better served by another case management program, and if the rationale provided by the CB-CME or PCP justifies engagement and enrollment in the program.

Staff and Providers

The MCP will train MCP and CB-CME staff who may interact with HHP members, including customer service staff, 24-hour nurse line staff, and provider representatives, to ensure all member- and provider-facing staff are knowledgeable about the HHP, can answer questions and refer participating or eligible members or providers to the appropriate staff. MCP staff, CB-CME staff, providers and community providers are required to participate in webinars and trainings required by DHCS.

The MCP will work to educate all contracted providers, including providers at contracted CB-CMEs and providers from smaller clinics whose patients will receive HHP services through MCP care coordinators.

There will be on-the-ground community health workers who work in the local community and will visit members at their homes or community-based organizations where the members receive services. The MCP has made significant investments in developing this team of community health workers and they will be a key part of success in engaging and educating members on HHP.

Materials

The MCP will work with DHCS to educate providers, beneficiaries and key stakeholders to ensure strong member engagement and participation. The MCP will use outreach and education materials (flyers, brochures, sample email content, sample scripts, etc.) that are approved by DHCS. If the MCP is licensed by DMHC, these materials should additionally be filed with DMHC for review, as applicable. The MCP will also use existing communication channels to promote outreach and education opportunities for providers and members, such as informational webinars, trainings and tele-town halls.

At a minimum, the MCP will develop the following materials:

- Call scripts for Customer Service and 24-hour Nurse Advise Line;
- Member "Welcome Packet," including outreach letters and brochures;

- Appointment reminder letters for both medical and care coordination appointments;
- Content for both the member and provider sections of the MCP website; and
- Training guides for the MCP and CB-CME staff who interface with providers and members.

All member-facing materials for HHP will meet DHCS requirements for cultural competency and health literacy standards.

Back to Item

B. Appendix B – Targeted Engagement List Process

The Targeted Engagement List (TEL) Process identifies the Medi-Cal members that are the most appropriate candidates for the enhanced care coordination services in the Health Home Program (HHP). The TEL is sent to each participating Managed Care Plan (MCP) so that they can initiate engagement activities. This document provides additional details for the criteria and steps used in the TEL Process.

The data source for the TEL Process is DHCS's Data Warehouse. The Data Warehouse contains service level detail for most Medi-Cal programs, including managed care encounters, Fee-For-Service claims, Short-Doyle Mental Health services, Drug-Medi-Cal services, and others. MEDS eligibility information available in the Data Warehouse is also used in the TEL Process.

TEL Process – There are four main steps in the TEL Process, as follows:

1. SPA Eligibility Requirements for Chronic Condition Disease Identification – During the 24 months prior to the running of the TEL, if a member has at least two separate services on different dates for any of the following conditions it will be considered a chronic condition for the TEL. HHP chronic conditions include Asthma, Bipolar Disorder, Chronic Kidney Disease (CKD), Chronic Liver Disease, Chronic Obstructive Pulmonary Disease (COPD), Chronic or Congestive Heart Failure, Coronary Artery Disease, Dementia, Diabetes, Hypertension, Major Depression Disorders, Psychotic Disorders (including Schizophrenia), Substance Use Disorder, and Traumatic Brain Injury. The specific ICD-10 diagnosis codes for each chronic condition are listed below. The TEL process uses the primary and secondary diagnosis during the disease identification process.

2. SPA Eligibility Requirements for Chronic Condition Criteria. A member meets the chronic condition criteria if they have:
   2.1. Chronic Condition Criteria #1: At least two of the following: Chronic Obstructive Pulmonary Disease (COPD), Chronic Kidney Disease (CKD), Diabetes, Traumatic Brain Injury, Chronic or Congestive Heart Failure, Coronary Artery Disease, Chronic Liver Disease, Dementia, Substance Use Disorder.
   2.2. Chronic Condition Criteria #2: Hypertension and one of the following: COPD, Diabetes, Coronary Artery Disease, Chronic or Congestive Heart Failure.
   2.3. Chronic Condition Criteria #3: One of the following: Major Depression Disorders, Bipolar Disorder, or Psychotic Disorders (including Schizophrenia).
   2.4. Chronic Condition Criteria #4: Asthma

3. SPA Eligibility Requirements – Acuity – These parameters ensure that potential HHP members are high utilizers of health services. A member must meet one of these acuity factors:

3.1. A high chronic condition predictive risk level (operationalized as three or more of the HHP eligible chronic conditions) or
3.2. At least one inpatient stay (not required to be related any particular condition*) in the 16-month period prior to the running of the TEL. (The inpatient stay algorithm is aligned with industry standards and the HEDIS inpatient algorithm) or
3.3. Three or more Emergency Department (ED) visits (not required to be related to any particular condition*) in a 16-month period prior to the running of the TEL. (The ED algorithm is aligned with industry standards and the HEDIS ED algorithm) or
3.4. Chronic Homelessness (there are no data parameters for this criteria. Members who only meet eligibility through this criteria will be identified solely through provider referral and MCP prior authorization)

* MCPs have the option to adjust this requirement.

4. HHP Enrollment Targeting and Exclusions – This step starts with the Medi-Cal members that meet the SPA chronic conditions and acuity eligibility requirements and determines if the members meet any of the specific program enrollment targeting and exclusionary criteria.:

a) Members that meet the eligibility requirements are excluded from the TEL, and <u>are excluded from participation in HHP unless their status changes</u>, if the members are identified as:

- Nursing Facility Residents
- Hospice Recipients
- Members with TCM
- Members in 1915 (c) programs
- Members in Fee-For-Service
- Members in PACE, SCAN, or AHF
- Members in Cal MediConnect

b) Members that meet the eligibility requirements are not included on the TEL (but could be enrolled through referral) if the members are identified as:

- Dually eligible members
- Members in CCS or GHPP
- Members with ESRD

TEL and TEL Supplement Reporting

The members that meet the eligibility requirements for chronic conditions and acuity will be reported to the managed care plans (MCPs) in either the TEL or the TEL Supplement. The TEL will contain all of the members that meet the SPA eligibility criteria through step 3 above and do not meet any of the specific program enrollment targeting and exclusionary criteria listed in step 4. The MCPs will use the TEL, their TEL verification process, and their internal priority

engagement rules to focus their enrollment activities and enroll the most appropriate members into HHP. The TEL Supplement will contain members that meet the SPA eligibility requirements for chronic condition criteria but are not included on the TEL. The TEL and the TEL Supplement will be provided within the same physical data set with the appropriate indicators.

TEL and TEL Supplement List Management

DHCS' expectations are that most of the HHP eligible members will be identified on the first TEL/TEL Supplement for an MCP in a region (first for chronic conditions, and six months later, for SMI) and most subsequent TEL/TEL Supplement files, at six month intervals, will have a smaller number of new members. To manage the members that appear on the TEL and the TEL Supplement, DHCS is considering the following parameters:

- Members may not appear on subsequent TEL/TEL Supplement files for an MCP because:
  - The member is no longer Medi-Cal eligible in MEDS
  - The member has changed MCPs
  - The member may not meet the disease identification or SPA eligibility requirements for chronic condition criteria
- Members may move from the TEL to the TEL Supplement and from the TEL Supplement to the TEL

TEL and SPA Assignment

DHCS is required to provide separate reporting to CMS for the HHP SMI SPA and the HHP Physical Health\SUD SPA. This requirement is reflected in the HHP implementation schedule. The TEL/TEL Supplement process includes all SPA-defined chronic conditions in the initial steps. In order to support the implementation schedule and MCP requests for additional TEL-related information, the initial TEL/TEL Supplement in each geographic implementation group will include both Physical health/SUD and SMI conditions.

However, members with only SMI conditions are not eligible for the first implementation in each County. The SMI-only members on the TEL/TEL Supplement are identified when Chronic Condition Criteria #3 equals '1' and Chronic Conditions Criteria #1, #2, and #4 are all equal to '0'. MCPs will be required to separately identify HHP members between physical health\SUD and SMI on the Supplemental Payment file sent to DHCS for payment purposes (See DHCS' *Technical Guidance – Consolidated Supplemental Upload Process* for further information).

HHP TEL/TEL Supplement – Fixed-width Record Layout v1.3

Field Id	Field Name	Description	Length	Start	End	Data Type
1	TEL Report Date	Date of generation of the TEL and TEL Supplement (CCYYMMDD)	8	1	8	A

30	Filler	Filler	2	110	111	A
31	Chronic Condition Criteria #1	Member met the HHP Chronic Condition Criteria #1 (At least two of the following conditions: Chronic Obstructive Pulmonary Disease, Chronic Kidney Disease (CKD), Diabetes, Traumatic Brain Injury, Chronic Congestive Heart Failure, Coronary Artery Disease, Chronic Liver Disease, Dementia, and Substance Use Disorder) ('1' for yes, '0' for no).	1	112	112	A

Field Id	Field Name	Description	Length	Start	End	Data Type
32	Chronic Condition Criteria #2	Member met the Chronic Condition Criteria #2 (Hypertension and at least one of the following conditions: Chronic Obstructive Pulmonary Disease, Diabetes, Coronary Artery Disease, or Chronic Congestive Heart Failure) ('1' for yes, '0' for no).	1	113	113	A
33	Chronic Condition Criteria #3	Member met Chronic Condition Criteria #3 (Any one of the following conditions: Major Depression Disorders, Bipolar Disorder, or Psychotic Disorders) ('1' for yes, '0' for no).	1	114	114	A
34	Chronic Condition Criteria #4	Member met Chronic Condition Criteria #4 (Asthma) ('1' for yes, '0' for no).	1	115	115	A
35	Count of Chronic Condition Criteria	A count of the number of Chronic Conditions Criteria the member met.	1	116	116	A
36	Acuity Factor #1	Member met acuity factor #1: three or more of the HHP eligible chronic conditions ('1' for yes, '0' for no).	1	117	117	A
37	Acuity Factor #2	Member met acuity factor #2: one or more inpatient stay ('1' for yes, '0' for no).	1	118	118	A
38	Acuity Factor #3	Member met acuity factor #3: three or more ED visits ('1' for yes, '0' for no).	1	119	119	A
39	Count of ED visits	The number of Emergency Department visits during the study period.	3	120	122	A
40	Latest ED visit DOS	The date of service for the most recent Emergency Department visit.	8	123	130	A
41	Count of Inpatient Admissions	The number of Inpatient Admissions during the study period.	3	131	133	A
42	Latest Inpatient Admission DOS	The date of service for the most recent Inpatient Admission.	8	134	141	A
43	Exclusion - Duals	The member is Dual Eligible ('1' for yes, '0' for no).	1	142	142	A
44	Exclusion - Hospice	The member had at least one service with one of the following revenue codes 0651, 0652, 0655, 0656, 0657, or with the following procedure code T2045 in the time period ('1' for yes, '0' for no).	1	143	143	A

Field Id	Field Name	Description	Length	Start	End	Data Type
45	Exclusion - ESRD	The member had at least one service with one of the following procedure codes in the time period, Z6004, Z6006, Z6012, Z6014, Z6016, Z6018, Z6022, Z6036, Z6038, Z6040, Z6030, 90967, 90968, 90969, 90970, 90989, 90993, 90951, 90952, 90953, 90954, 90955, 90956, 90957, 90958, 90959, 90960, 90961, 90962, 90963, 90964, 90965, 90966, 90935, 90937, 90945, 90947 ('1' for yes, '0' for no).	1	144	144	A
46	Exclusion - CCS	The member had at least one CCS End Date after the last month of the observation period or later ('1' for yes, '0' for no).	1	145	145	A
47	Exclusion - GHPP	The member had at least one GHPP End Date after the last month of the observation period or later ('1' for yes, '0' for no).	1	146	146	A
48	Exclusion - TCM	The member had at least one Targeted Case Management service in the time period (services where the Vendor Code was "92" or "93" ('1' for yes, '0' for no).	1	147	147	A
49	Exclusion - 1915c	The member met at least one of the following 1915c exclusions defined below, HIVAExcl, ALWExcl, DDExcl, IHOExcl, MSSPExcl, or PPC_Exclu ('1' for yes, '0' for no).	1	148	148	A
50	Exclusion - HIV/AIDS Waiver	Human Immunodeficiency Virus/Acquired Immune Deficiency Syndrome (HIV/AIDS) Waiver exclusion. The member had at least one service in the time period where the Provider type was "073" and Procedure Code in (90837, 90846, 90847, 90847, G0156, G0299, G0300, S5130, S5165, S5170, S9470, T2003, T2022, T2025, T2026, T2028, T2029) ('1' for yes, '0' for no).	1	149	149	A
51	Exclusion - Assisted Living Waiver	Assisted Living Waiver (ALW) Exclusion. The member had at least one service in the time period where the Vendor Code In ("44" or "84"), and (Provider Type was "092", "093", or "014"), and (the Category of Service was 118 or 119) ('1' for yes, '0' for no).	1	150	150	A

Field Id	Field Name	Description	Length	Start	End	Data Type
52	Exclusion - Developmental Disabilities Waiver	HCBS Waiver for Californians with Developmental Disabilities (DD) exclusion. The member had at least one service in the time period where the Vendor Code was "76" and the Procedure Code in (Z9002, Z9003, Z9004, Z9005, Z9012, Z9014, Z9015, Z9016, Z9020, Z9021, Z9022, Z9023, Z9025, Z9025, Z9026, Z9026, Z9027, Z9028, Z9029, Z9030, Z9031, Z9032, Z9034, Z9038, Z9039, Z9043, Z9046, Z9047, Z9048, Z9050, Z9056, Z9058, Z9059, Z9060, Z9061, Z9062, Z9063, Z9064, Z9065, Z9066, Z9067, Z9069, Z9072, Z9073, Z9074, Z9075, Z9076, Z9077, Z9078, Z9079, Z9101, Z9102, Z9103, Z9104, Z9105, Z9106, Z9110, Z9111, Z9112, Z9113, Z9121, Z9122, Z9123, Z9124, Z9125, Z9126, Z9200, Z9202, Z9203, Z9204, Z9205, Z9206, Z9207, Z9208, Z9302, Z9303, Z9304, Z9305, Z9306, Z9307, Z9308, Z9310, Z9311, Z9312, Z9313, Z9314 ,Z9315, Z9400, Z9401, Z9402, Z9403, Z9404, Z9405, Z9406, Z9406, Z9407, Z9408, Z9999) ('1' for yes, '0' for no).	1	151	151	A
53	Exclusion - IHO/HCBA Waivers	In-Home Operations Waiver (IHO) / Home and Community-Based Alternatives (HCBA) exclusion. The member had at least one service in the time period where the Vendor Code was "71" and Provider type is “014, 059, 066, 067, 069, 078, 095”) or where the Vendor Code was "89" and the Special Program Code (SPECIAL_PGM_TYPE_CD was "3" (IHO Personal Care Services (WPCS)) ('1' for yes, '0' for no).	1	152	152	A

Field Id	Field Name	Description	Length	Start	End	Data Type
54	Exclusion - MSSP Waiver	Multipurpose Senior Services Program Waiver (MSSP) exclusion. The member had at least one service in the time period where the Vendor Code was "81", the Provider Type is '074', and the Procedure Code in (Z8550, Z8551, Z8552, Z8553, Z8554, Z8555, Z8556, Z8557, Z8558, Z8559, Z8560, Z8561, Z8562, Z8563, Z8564, Z8565, Z8566, Z8567, Z8568, Z8569, Z8570, Z8571, Z8572, Z8573, Z8574, Z8575, Z8576, Z8580, Z8581, Z8582, Z8583, Z8584, Z8585, Z8586, Z8587, Z8588, Z8589, Z8590, Z8591, Z8592, Z8593, Z8594, Z8595, Z8596, Z8597, Z8598, Z8599, Z8600, Z8601, Z8602, Z8603) ('1' for yes, '0' for no).	1	153	153	A
55	Exclusion - PPC Waiver	Pediatric Palliative Care (PPC) Waiver exclusion. During the observation period, the member in one of the following counties: Fresno, Los Angeles, Marin, Monterey, Orange, San Francisco, Santa Clara, Santa Cruz, Sonoma, or Ventura, the Provider Type is '014 or '039, the Category of Service is '120, and the Procedure Code is 'G9012' ('1' for yes, '0' for no).	1	154	154	A
56	Exclusion - PACE, SCAN, AHF	PACE, SCAN, and AHF exclusion. As of the last month, the member had one of the following Plan Codes: 050-065, 200-207, 601, or 915. ('1' for yes, '0' for no).	1	155	155	A
57	Exclusion - LTC Resident	Long Term Nursing Facility residents exclusion. As of the end of the study period the member had one of the following Long Term Care (Nursing Facility) Aid Codes: "13", "23", "53", or "63" ('1' for yes, '0' for no).	1	156	156	A
58	Exclusion - FFS	Fee-For-Service exclusion. As of the end of the study period the member was in Fee For Service (Plan Code 000) ('1' for yes, '0' for no).	1	157	157	A
59	Count of Exclusions	A count of the number of Exclusions for which the member met the requirements.	2	158	159	A
60	TEL Indicator	A value of "1" indicates a TEL record; a value of "0" indicates a TEL Supplement record	1	160	160	A

C. Appendix C – Training Requirements

This section outlines training that MCP and CB-CME staff who will be delivering HHP services are required to receive prior to participating in the administration of the HHP. It also includes recommendations for training CB-CME staff on several core competencies.

Required HHP Trainings for Prior to HHP Implementation
MCP and CB-CME staff who will be delivering HHP services are required to receive HHP-specific training prior to HHP implementation. The required training topics described below cover basic program components. DHCS provided PowerPoint training materials that MCPs can leverage for their required trainings. However, it is also acceptable for an MCP to use non-DHCS developed training materials to satisfy one, or more, of the requirements. DHCS-developed training materials are saved on both the portal and DHCS' Health Homes Program website.

MCPs must be prepared to follow the required high-level trainings with more specific HHP operational training for their staff and CB-CME staff that provide HHP services. This should include MCP-specific information on operations, workflows, how HHP intersects with MCP care coordination initiatives, data reporting, and other implementation issues. DHCS and Harbage Consulting will work with each MCP to discuss their needs and the best approach for providing the required trainings.

The required HHP training topics are:

1. **Health Homes Program Overview**

All MCP and CB-CME staff participating in the administration of the HHP are required to receive training on the program. Required training modules shall describe the goals and scope of the HHP, team member roles and how they should work together, the services that should be provided, and how HHP intersects with other California state care coordination programs. The training shall introduce topics related to caring for the populations served under HHP, including those with chronic conditions and homeless individuals, and the impact of social determinants of health on patients.

2. **Health Action Plan, Care Coordination, and Care Transitions within the Health Homes Program**

All MCP and CB-CME staff participating in the administration of the HHP are required to receive training on best practices for working with members and providers to design and implement the Health Action Plan, conduct care coordination activities, and support patient transitions between different levels of care.

Required training shall cover approaches and best practices for developing and implementing a Health Action Plan and providing patient-centered care, taking into account the individual's preferences, values, and unique needs. It shall also cover best practices for care management for specific chronic diseases that are prevalent in the patient population and best practices for serving the SMI population.

Staff shall be trained in best practices for coordinating care across care settings, with particular focus on medical care, behavioral health services, and services addressing social determinants of health and housing. Training shall include effective strategies for care transitions, including best practices for reducing hospital readmissions and medication errors at care transitions.

3. **Community Resources and Referrals** (required for care coordinators and housing navigators)

This training shall provide information about available community resources, how to develop relationships with community partners, and best practices for connecting members to community services. This training is required for MCP and CB-CME care coordinators and housing navigators.

MCPs are encouraged to provide additional training and/or guidance about specific local and community organizations and resources available to the CB-CME staff.

Recommended but Optional Training for CB-CME Staff on Core Competencies

DHCS recommends that relevant MCP and CB-CME staff receive training on the following core competencies in order to successfully implement HHP. DHCS plans to provide trainings and/or resources on these topics, which will be saved on the portal and available on-demand.

1) Special Populations (homelessness, domestic violence, SMI, etc.)

Team members should have access to training and resources specific to the patient populations they serve.

2) Social Determinants of Health

Trainings and resources related to social determinants of health should be made available for team members. Social determinants of health include gender, age, education, income and employment, social/cultural networks, housing and physical environments and other factors that impact health outcomes and access to care.

3) Motivational Interviewing

Motivational interviewing is a communication technique that seeks to elicit an individual's internal motivation to make set and accomplish positive goals. The technique uses a non-confrontational, collaborative approach to help the patient find his or her own motivation and initiate change. The patient is empowered to make personal choices, resulting in increased likelihood of compliance with care plans.

4) Trauma-informed Care

Trauma-informed care is a service delivery framework that involves identifying, understanding, and responding to the effects of all types of trauma. Trauma-informed care emphasizes safety (physical, psychological and emotional) for patients and providers and seeks to empower patients with self-care tools.

5) Health Literacy Assessment

Health literacy refers to a patient's capacity to find and understand health information and services in order to make informed health decisions. Assessment of patient health literacy is essential to the creation of a patient-centered care plan.

6) Information Sharing

Team members should be trained on requirements related to sharing member information and data with other entities for the purpose of care coordination. These entities include the MCP, CB-CMEs, the care team, the county, hospitals, other providers, and community-based organizations including housing organizations.

D. Appendix D – Readiness Requirements and Checklist

Readiness Requirements and Checklist

This checklist is not intended to be all-inclusive. Additional information as needed may be requested by the Department.

General Instructions

Thank you for your interest in participating in the Health Homes Program (HHP). To ensure that Medi-Cal managed care health plans (MCPs) are ready to implement the Health Homes Program, MCPs must submit the documentation listed below and attest that other program requirements have been completed. **There are multiple deadlines for submissions for each implementing MCP group. Please see Appendix I for the HHP Implementation Schedule by group. Submission deadlines for each group are as follows:**

1. **Group 1 – March 1, 2018; May 1, 2018; and November 1, 2018.**
2. **Group 2 – September 1, 2018; November 1, 2018; February 1, 2019; and May 1, 2019.**
3. **Group 3.1 – January 1, 2019; April 1, 2019; July 1, 2019; and October 1, 2019.**
4. **Group 3.2 – March 1, 2019; May 1, 2019; August 1, 2019; and November 1, 2019.**
5. **Group 4 – September 1, 2019; November 1, 2019; February 1, 2020; and May 1, 2020.**

List of Deliverables:

Policies and Procedures (P&Ps) and Attestations: Section I – HHP Infrastructure (Deliverables #1 – 3), Section II – HHP Services (Deliverables #4 – 5), Section IV – General HHP Operations (Deliverables #7 – 10 and 12), and the Attestations (Deliverable #13)

Network: Section III – Network (Deliverable #6.1, 6.3, 6.4, 6.5)

SMI– MHP-MOU: Section IV – General HHP Operations, MHP-MOU (Deliverable #11.1)

SMI Network: Section III – Network (Deliverables #6.2a and 6.2b)

Group	Counties	Deliverable Due Dates		Deliverable Approval Dates
Group 1	San Francisco	**P&Ps**:	3/1/18	5/1/18
		Network:	5/1/18	6/1/18
		SMI Deliverables:	11/1/18	12/1/18
Group 2	Riverside San Bernardino	**P&Ps**:	9/1/18	11/1/18
		Network:	11/1/18	12/1/18
		SMI MHP-MOU:	2/1/19	3/1/19
		SMI Network:	5/1/19	6/1/19
Group 3.1	Imperial Santa Clara	**P&Ps**:	1/1/19	5/1/19
		Network:	4/1/19	6/1/19
		SMI MHP-MOU:	7/1/19	8/1/19
		SMI Network:	10/1/19	12/1/19
Group 3.2	Alameda Kern Los Angeles Sacramento San Diego Tulare	**P&Ps**:	3/1/19	5/1/19
		Network:	5/1/19	6/1/19
		SMI MHP-MOU:	8/1/19	9/1/19
		SMI Network:	11/1/19	12/1/19
Group 4	Orange	**P&Ps**:	9/1/19	11/1/19
		Network:	11/1/19	12/1/19
		SMI MHP-MOU:	2/1/20	3/1/20
		SMI Network:	5/1/20	6/1/20

DHCS expects the deliverables to be submitted in the form of MCP policies and procedures except for the organizational chart, assessment tool, health action plan template, network adequacy tables, and CB-CME subcontract. MCPs may develop standalone policies and procedures for the HHP and/or may incorporate HHP into existing policies and procedures.

MCPs are to submit a separate set of deliverables for each county they are implementing HHP in. If one or several deliverables cover multiple counties, MCPs are not required to submit the deliverable for each county. However, the MCP must indicate which counties the deliverable applies to during the submission process. The network tables that MCPs submit are to be separated by county.

For MCPs in multiple groups, the plan should not resubmit deliverables already approved for a prior group, unless changes have been made.

When submitting existing policies & procedures with HHP-related revisions, please use the "track changes" function in Word, or strike-thru/underline equivalent in other applications, to show deletions and additions. Other forms of documentation are also permitted to supplement MCP policies and procedures. If single documents are used to demonstrate compliance with multiple requirements/deliverables, please provide a crosswalk with the specific location for each deliverable.

Please see the *"Medi-Cal Health Homes Program: Program Guide"* (Program *Guide)* for Health Home Program requirements that correspond to this Readiness Checklist.

Submission Requirements

MCPs should follow the regular process for submitting required deliverables to their current Contract manager(s). Please submit HHP-related deliverables to 2PlanDeliverables@dhcs.ca.gov and copy the HHP mailbox at hhp@dhcs.ca.gov.

For each submission, please provide the Plan's Name and the primary Contact Person's name and telephone number.

In addition, when submitting, please use the following email subject line and file naming conventions:

- In the subject line of the email, please note that these are HHP Deliverables by using the following subject line convention:
  "HHP Deliverable 1"; "HHP Deliverables 2 and 3"; etc.

- Please use the following file naming convention:
  [plan name and deliverable number]

The Contact Person is responsible for ensuring that all documentation and attestations are accurate. Questions may be directed to hhp@dhcs.ca.gov. DHCS will provide additional information as it becomes available, and may request additional information at a later date.

I. HHP Infrastructure

1. Organizational Model:

1.1 Submit MCP's policies and procedures describing the HHP infrastructure, the roles and division of labor between the MCP and Community-Based Care Management Entities (CB-CMEs), and whether the MCP delegates any responsibilities to other entities.

1.2 Organizational chart illustrating the HHP infrastructure.

2. Staffing:

2.1 Submit MCP's policies and procedures describing the staffing plan for MCP and CB-CMEs, including care coordinators, community health workers, and housing navigator(s). The care coordinator ratio requirements are included in the Program Guide; however, if an MCP is interested in using a staffing model that de-emphasizes the care coordinator and instead emphasizes the roles of other team members, please describe the model here and DHCS will consider how to handle the care coordinator ratio.

The participation of community health workers in appropriate roles is recommended but not required.

2.2 Job descriptions for care coordination staff, including MCP and CB-CME staff, as appropriate.

3. Health Information Technology/Data and Information Sharing:

3.1 Submit MCP's policies and procedures describing how information is shared among the entire care team (including the member, CB-CME, and MCP), including whether EHR/HIT/HIE, or other methods, are used regarding the following activities:

a. Comprehensive Care Management
   - Identify cohort and integrate risk stratification information.
   - Shared care plan management – standard format.
   - Clinical decision support tools to ensure appropriate care is delivered.
   - Electronic capture of clinical quality measures to support quality improvement. Include other methods if electronic means of collection are not used.

b. Care Coordination and Health Promotion
   - Ability to electronically capture and share the patient-centered care plan across care team members. Include other methods if electronic means of collection are not used.
   - Tools to support shared decision-making approaches with patients.
   - Secure electronic messaging between providers and patients to increase access outside of office encounters. Include other methods if electronic messaging is not used.
   - Medication management tools including e-prescribing, drug formulary checks, and medication reconciliation.
   - Patient portal services that allow patients to view and correct their own health information. Include other methods if an electronic system is not used.
   - Telehealth services including remote patient monitoring.

c. Comprehensive Transitional Care
   - Automated care transition notifications/alerts, e.g. when a patient is discharged from the hospital or receives care in an ER. Include other methods if an electronic process is not used.

- Ability to electronically share care summaries/referral notes at the time of transition and incorporate care summaries into the EHR. Include other methods if electronic sharing is not used.
- Referrals tracking to ensure referral loops are closed, as well as e-referrals and e-consults.

d. Individual and Family Support Services
   - Patient specific education resources tailored to specific conditions and needs.

e. Referral to Community and Social Support Services
   - Electronic capture of social, psychological and behavioral data (e.g. education, stress, depression, physical activity, alcohol use, social connection and isolation, exposure to violence). Include other methods if electronic means of collection are not used.
   - Ability to electronically refer patients to necessary services. Include other methods if electronic referral is not used.

II. HHP Services

4. Care Management:

5.1 Submit the assessment template or tool reflective of HHP-required elements such as housing instability, palliative care, and trauma-informed care.

5.2 Submit the Health Action Plan (HAP) template.

5.3 Submit MCP's policies and procedures for conducting care management, including how the MCP, in conjunction with contracted CB-CME, will:
- Develop and implement an HHP member assessment and HAP requirements and process, with enrollee and caregiver participation;
- Design the multi-disciplinary care team composition and process;
- Manage the communication and information flow regarding referrals, transitions, and care delivered outside the primary care site; and
- Maintain an HHP call line or have another mechanism for responding to enrollee inquiries and input related to HHP. The MCP's member service call center or 24/7 nurse line may satisfy this requirement; however, the MCP or CB-CME may also utilize a local on-call service knowledgeable about the HHP.
- Maintain a process for referring to other agencies, such as long term services and supports (LTSS) or behavioral health agencies, as appropriate.
- Disenroll members from HHP who no longer qualify for or require HHP services.

5. Care Transitions:

5.1 Submit MCP's policies and procedures for conducting care transitions, including discharge-planning workflows.

III. HHP Network

6. MCP Duties/Responsibilities - Health Homes Program Network

6.1 Physical Conditions and SUD implementation

Provide a list of CB-CMEs expected to be contracted, their NPI numbers, and their expected contract effective dates. For each CB-CME, provide the projected enrollment and capacity as of the program launch date and as of the last day of each quarter in the first year for the Physical Chronic Conditions/SUD implementation. "Projected capacity" is the maximum caseload of the MCP's Physical Chronic Conditions/SUD HHP enrollees for the county in question that the MCP estimates a CB-CME is able to manage. Plans should be mindful of HHP care manager ratio requirements and any additional certification requirements they imposed on their CB-CMEs when determining this estimate. "Projected enrollment" is the number of Physical Chronic Conditions/SUD HHP members the MCP realistically estimates will be enrolled into HHP for each time period. Plans should take into account the number of members on the TEL, the estimated engagement rate of potential members, and the assumptions about member enrollment included in the HHP rate package. DHCS expects MCPs to demonstrate expanding capacity over time that corresponds with planned enrollment expansion. Please only include CB-CMEs that will have primary responsibility for care coordination services. List the MCP if the MCP is also expected to serve in the CB-CME role. This deliverable is due as a part of the Network Deliverables submission.

Please provide expected network capacity and enrollment information for each time period using the following table format. MCP is required to submit separate network tables for each county, as applicable.

Plan:		**CB-CME Network Enrollment and Capacity Table – Physical Conditions and SUD**								**County:**		
CB-CME Name	**CB-CME NPI #**	**Estimates by CB-CME**										**Expected Contract Effective Date**
		(Launch Date) Estimated HHP:		**(Last Day of Q1) Estimated HHP:**		**(Last Day of Q2) Estimated HHP:**		**(Last Day of Q3) Estimated HHP:**		**(Last Day of Q4) Estimated HHP:**		
		Enrollment	**Capacity**	**Enrollment**	**Capacity**	**Enrollment**	**Capacity**	**Enrollment**	**Capacity**	**Enrollment**	**Capacity**	

If, after network submission and approval but prior to the program launch date, the projected number of CB-CMEs and/or their enrollment capacity decreases below the approved network capacity, the MCP must notify DHCS in writing and provide a revised network table through the HHP@dhcs.ca.gov mailbox. If the change(s) reduces the network capacity below estimated enrollment amounts per quarter, the MCP must additionally provide an action plan for meeting estimated enrollment capacity by the program launch date.

Note: A separate DMHC network review specific to HHP will not be conducted; however, DMHC will continue to conduct regular Knox-Keene Act required network reviews through DMHC established processes.

6.2 SMI Implementation

a. Provide a list of CB-CMEs expected to be contracted, their NPI numbers, and their expected contract effective dates. For each CB-CME, provide the projected HHP enrollment and capacity for these CB-CMEs as of the program launch date and as of the last day of each quarter in the first year for the SMI implementation. "Projected capacity" is the maximum caseload of the MCP's SMI HHP enrollees for the county in question that the MCP estimates a CB-CME is able to manage. Plans should be mindful of HHP care manager ratio requirements and any additional certification requirements they imposed on their CB-CMEs when determining this estimate. "Projected enrollment" is the number of SMI HHP members the MCP realistically estimates will be enrolled into HHP for each time period. Plans should take into account the number of members on the TEL, the estimated engagement rate of potential members, and the assumptions about member enrollment included in the HHP rate package. DHCS expects MCPs to demonstrate expanding capacity over time that corresponds with planned enrollment expansion. Please only include CB-CMEs that will have primary responsibility for care coordination services. List the MCP if the MCP is also expected to serve in the CB-CME role. This deliverable update is due as a part of the SMI Deliverables submission.

Please provide the expected network capacity and enrollment information for each time period using the following table format. MCP is required to submit separate network tables for each county, as applicable.

Plan:		**CB-CME Network Enrollment and Capacity Table – SMI**								**County:**		
CB-CME Name	**CB-CME NPI #**	**Estimates by CB-CME**										**Expected Contract Effective Date**
		(Launch Date) Estimated HHP:		**(Last Day of Q1) Estimated HHP:**		**(Last Day of Q2) Estimated HHP:**		**(Last Day of Q3) Estimated HHP:**		**(Last Day of Q4) Estimated HHP:**		
		Enrollment	**Capacity**	**Enrollment**	**Capacity**	**Enrollment**	**Capacity**	**Enrollment**	**Capacity**	**Enrollment**	**Capacity**	

If, after network submission and approval but prior to the program launch date, the projected number of CB-CMEs and/or their enrollment capacity decreases below the approved network capacity, the MCP must notify DHCS in writing and provide a revised network table through the HHP@dhcs.ca.gov mailbox. If the change(s) reduces the network capacity below estimated enrollment amounts per quarter, the MCP must additionally provide an action plan for meeting estimated enrollment capacity by the program launch date.

b. Provide a description of how behavioral health providers are incorporated into the HHP service delivery model. This deliverable is due as a part of the SMI Deliverables submission.

6.3 If applicable, provide any MCP-specific CB-CME qualifications (beyond the CB-CME qualifications listed in section V.B, CB-CME Qualifications) that the MCP requires for the CB-CME to contract for HHP Services. This deliverable is due as a part of the Network Deliverables submission.

6.4 Submit CB-CME oversight policies and procedures, including monitoring, corrective action, progressive consequences for continued non-compliance, auditing care coordination conducted by CB-CMEs. This deliverable is due as part of the Network Deliverables Submission.

6.5 Submit CB-CME subcontract boilerplate that complies with the DHCS MCP contract requirements and includes: 1) Business Associate Agreement that allows for information and data sharing between MCP and CB-CME, 2) CB-CME to provide services in accordance with requirements in this Program Guide, and 3) CB-CME to complete DHCS/MCP required training. **If submitting prior DHCS approved subcontract boilerplate with HHP-related revisions, please use the "track changes" function in Word, or the "strike-through/underline" equivalent in other applications, to show deletions and additions.** This deliverable is due as part of the Network Deliverables Submission.

Note: MCP must have DHCS-approved subcontracts or subcontract amendments with a sufficient number of CB-CMEs to serve its HHP enrollees.

IV. General HHP Operations

7. Non-Duplication of Care Coordination Services:

7.1 Submit MCP's policies and procedures for ensuring that members are not enrolled in another Medi-Cal care coordination program that would disqualify them from receiving HHP services (see Program Guide for requirements).

8/9. HHP Outreach Requirements

8.1 Member Engagement:

Submit MCP's policies and procedures that include the following:

- Protocols for a progressive outreach campaign (see Program Guide Appendix A for model outreach campaign protocols)
- Process for assisting members who require additional prompting or guidance to participate;
- Process for conducting outreach to homeless individuals;
- Process for reviewing and excluding names from the Targeted Engagement List (TEL), including the MCP's definition of "well managed" (based on DHCS guidelines

of having no substantial avoidable utilization **or** enrollment in another acceptable care management program – see Reporting Template-Instructions for definition);

- After people have been excluded from the TEL based on the process above, the process and criteria for identifying a "priority engagement group" or ranking process within the remaining TEL members. This group, or members in order or priority rank, would be the first focus for MCP engagement efforts. The criteria and size of the group for 'priority engagement' status will be at the MCP's discretion (upon approval by DHCS) with the goal of engaging and serving TEL members who present the greatest opportunity for improvement in care management and reduction in avoidable utilization.

9.1 Member Notices:

All beneficiary notices to be sent by the MCP regarding the HHP should be filed for DHCS review. If the MCP is licensed by DMHC, these notices should additionally be filed with DMHC for review. DHCS is aligning with DMHC requirements regarding notice review, and DMHC requires MCPs to file all advertisements for review. All outreach materials and scripts that will be distributed should be filed prior to use by the MCP. Submission through this readiness checklist process will begin the DHCS notice review/approval process. MCPs may provide notices for DHCS review at any time prior to the member notices deliverable due date.

Note: Notices must conform to all of the usual requirements for Medi-Cal member notices, including reading level. DHCS' HHP Beneficiary Toolkit is an optional resource for the MCPs for examples of 'best practice' member messaging (though the HHP Member Toolkit messaging may need to be adjusted to comply with Medi-Cal and DMHC member notice requirements). All members must be informed 30 days prior to implementation of this new Medi-Cal covered benefit. An update to the Evidence of Coverage/Disclosure Form is required; however, plans may provide an HHP-specific errata to satisfy this EOC requirement. DHCS provides a template for Evidence of Coverage/Disclosure Form HHP language in Appendix F.

10. Risk Grouping:

10.1 Submit MCP's policies and procedures for ensuring that HHP members receive the appropriate services at the appropriate intensity level, including tiering of services based on risk grouping and the associated payment structure (but not amounts). See Section V. Health Homes Program Network, G. Risk Grouping in this Program Guide for additional information.

11. Mental Health Services:

11.1 Signed local Mental Health Plan (MHP) Health Memorandum of Understanding (MHP-MOU) to ensure seamless access and delivery of mental health services. The MHP-MOU must be in place as of the date of implementation of HHP for members

with SMI conditions. MCPs will develop or amend existing MOUs with county MHPs to address HHP-specific information.

DHCS has released All Plan Letter (APL) 18-015 (which supersedes APL 13-018), including Attachment 2 of this APL, to address the HHP-specific information that MCPs must include in new, or amended, MOUs. MCP must submit the new or amended MHP-MOU by November 1, 2018 for Group 1 MCPs; February 1, 2019, for Group 2 MCPs; July 1, 2019 for Group 3.1 MCPs; and August 1, 2019 for Group 3.2 MCPs.

12. Housing Services:

12.1 Submit MCP's policies and procedures for providing the required housing services, including how the MCP will identify and work with community resources to ensure seamless access to delivery of housing support services. MCPs must provide housing navigation services, not just referrals to housing. (See Program Guide for requirements.)

13. Health Homes Program Readiness – Attestations

The operational process attestations below reflect the MCP's commitment to being fully prepared as of the HHP implementation date. Please check the boxes and sign below to indicate MCP's compliance with the following readiness requirements for the Health Homes Program.

☐ **F. Training**: Attest (check the box) that the MCP and CB-CMEs will complete all DHCS-required HHP training prior to participating in the administration of the HHP, as outlined in the *Program Guide*.

☐ **G. Service Directory**: Attest (check the box) that the MCP or the CB-CME(s) has completed and will maintain a directory of community services and supports that is available to all CB-CMEs and care coordinators.

☐ **H. Quality of Care**: Attest (check the box) that the MCP has incorporated HHP into existing quality management processes.

☐ **I. Cultural Competency, Educational and Health Literacy**: Attest (check the box) that the MCP has incorporated HHP into existing Policies & Procedures on these topics.

☐ **J. Member Communication**: Attest (check the box) that the MCP has incorporated HHP into existing policies regarding communicating with members, including: using secure email, web portals or written correspondence to communicate; and taking enrollee's individual needs (communication, cognitive, or other barriers), into account in communicating with enrollee.

☐ **K. Members Experiencing Homelessness**: Attest (check the box) that the MCP has incorporated HHP-specific information into the appropriate Policies & Procedures for homeless members, including special service requirements, provider criteria (to comply with homeless experience requirements per AB 361), and engagement processes.

☐ **L. Reporting**: Attest (check the box) that the MCP has the capability to track HHP enrollee activity and report on outcomes, as required by DHCS, including HHP service encounters for services provided by the MCP and the CB-CMEs (see *Program Guide* and *reporting template* for reporting requirements).

☐ **M. Service Requirements**: Attest (check the box) that the MCP will comply with all the with all service requirements, including for the six core services and the additional service requirements listed in the Program Guide.

I am authorized to make this attestation on behalf of:

_____	_____
Managed Care Plan	Signature of Authorized Representative
_____	_____
Date	Name of Authorized Representative
	_____
	Title of Authorized Representative

E. Appendix E – Service Codes for the Health Homes Program

DHCS has defined the ACA 2703 Health Home Program (HHP) service codes for use on encounters and for other purposes. The HHP is required to utilize HIPAA-compliant coding standards. This revised coding scheme incorporates comments received on the initial proposed coding scheme released in October 2016. The HHP team and the DHCS Office of HIPAA Compliance identified CPT and HCPCS codes for HHP. In addition, the HHP team investigated other potential codes and reviewed codes used by a few other states.

DHCS initially selected HCPCS code G0506 for HHP, however it was found to conflict with National Correct Coding Initiative rules. DHCS instead adopted HCPCS code G9008 effective as of 10/1/2018. The definition of G9008 is as follows: Coordinated care fee, physician coordinated care oversight services. G9008 along with seven different modifiers are listed in the table below for the HHP services (Comprehensive Care Management, Care Coordination, Health Promotion, Comprehensive Transitional Care, Individual and Family Support Services, and Referral to Community and Social Supports). This coding scheme uses HIPAA compliant HCPCS code and modifier combinations to identify clinical and non-clinical services, distinguishes between in-person and telephonic/telehealth 'visits', and allows other HHP services such as case notes, case conferences, tenant supportive services, driving to appointments, etc. to be codified. In addition, there is a designated modifier for engagement services. The HHP coding scheme is as follows:

HHP Service	**HCPCS Code**	**Modifier**	**Units of Service (UOS)**
In-Person: Provided by Clinical Staff	G9008	U1	15 minutes equals 1 UOS; Multiple UOS allowed
Phone/Telehealth: Provided by Clinical Staff	G9008	U2	15 Minutes equals 1 UOS; Multiple UOS allowed
Other Health Home Services: Provided by Clinical Staff	G9008	U3	15 Minutes equals 1 UOS; Multiple UOS allowed
In-Person: Provided by Non-Clinical Staff	G9008	U4	15 Minutes equals 1 UOS; Multiple UOS allowed
Phone/Telehealth: Provided by Non-Clinical Staff	G9008	U5	15 Minutes equals 1 UOS; Multiple UOS allowed
Other Health Home Services: Provided by Non-Clinical Staff	G9008	U6	15 Minutes equals 1 UOS; Multiple UOS allowed
HHP Engagement Services	G9008	U7	15 Minutes equals 1 UOS; Multiple UOS allowed

Telehealth and Group Visits

Regarding the use of the HHP HCPCS code and modifiers for HHP services provided via Telehealth and group visits – specifically, if MCPs may submit HHP encounters for telehealth and group visits using the HHP HCPCS code and modifiers for HHP in-person visits and if they may be used to satisfy the in-person visit ratio requirement – DHCS offers the following clarifying guidance.

Telehealth visits generally may not be used to meet the in-person visit ratio requirement for HHP. However, on a case by case basis, if an MCP has certain circumstances that necessitate the use of a high volume of telehealth visits for HHP, and the MCP is unable to meet the HHP in-person visit requirement because of the high-volume use of telehealth, DHCS will evaluate the circumstances and may allow the MCP to utilize some telehealth visits to meet the in-person visit requirement.

DHCS expects that group visits to be primarily used for health promotion and educational purposes as opposed to one-on-one HHP care coordination. However, if there is a one-on-one in-person component to the group visit in which the provision of any of the six core HHP services are provided, this may be reported as a separate HHP in-person visit encounter.

F. Appendix F – Evidence of Coverage Template

Description:

<Plan Name> covers Health Homes Program (HHP) services for Members with certain chronic health conditions. These services are to help coordinate physical health services, behavioral health services, and community-based long term services and supports (LTSS) for Members with chronic conditions.

You may be contacted if you qualify for the program. You can also call <Plan Name>, or talk to your doctor or clinic staff, to find out if you can receive HHP services.

You may qualify for HHP if:

- You have certain chronic health conditions. You can call <Plan Name> to find out the conditions that qualify; and
- You meet one of the following:
  - You have three or more of the HHP eligible chronic conditions
  - You stayed in the hospital in the last year
  - You visited the emergency department three or more times in the last year; or
  - You do not have a place to live.

You do not qualify to receive HHP services if:

- You receive hospice services; or
- You have been residing in a skilled nursing facility for longer than the month of admission and the following month.

Covered HHP Services:

HHP will give you a care coordinator and care team that will work with you and your health care providers, such as your doctors, specialists, pharmacists, case managers, and others, to coordinate your care. <Plan Name> provides HHP services, which include:

- Comprehensive Care Management
- Care Coordination
- Health Promotion
- Comprehensive Transitional Care
- Individual and Family Support Services
- Referral to Community and Social Supports

Cost to Member:

There is no cost to the Member for HHP services.

G. Appendix G – Reporting Template Excerpt

The below is an excerpt from the complete Reporting Template that MCPs will use to submit specific required data. For descriptions of data elements, please see Reporting Template.

Note: CPB = Controlling High Blood Pressure; CDF = Screening for Clinical Depression and Follow-up Plan; SMI = Serious Mental Illness/Serious Emotional Disturbance.

Health Home Program (HHP) Reporting Instructions

These instructions outline the requirements, references, and headings/categories for the following reporting template: Health Home Program Reporting Template. Reporting is required per the managed care contract.

• Data must be submitted in Excel (.xlsx). Do not submit data in .pdf, .xls, .csv, .txt, or any other format than .xlsx.

• The three months of data must be combined into one figure to represent the quarter, with the exception of member level Homeless and Housing reports and annual reports.

• Each MCP must submit only one file per reporting period that includes all counties the MCP operates in. All subcontractors must be rolled up into the main MCP's data.

• MCPs will certify the HHPQuarterlyReports or data submissions using the existing monthly data certification process with its respective DHCS Contract Manager to confirm all information submitted is complete and accurate. MCP will maintain documentation supporting the reported information.

Quarterly reports are due 60 days after the end of the quarter. Annual reports are due with Q1 reports. Member-level detail Homeless/Housing reports are due semi-annually, with the Q2 and Q4 reports. When the due date falls on Saturday, Sunday or a holiday, data must be submitted by COB the business day before the due date. For reference, the calendar-year quarters are listed below:

• Q1 and Annual – January, February, and March - due May 31

• Q2 and Member-level Homeless/Housing – April, May, and June - due August 31

• Q3 – July, August, and September - due November 30

• Q4 and Member-level Homeless/Housing – October, November, and December - due February 28

Unless otherwise noted, all "days" are calendar days.

Reports must be submitted to your designated folder in the "DHCS-MCQMD-Data\MCP\Monitoring\" subfolder on the DHCS eTransfer site (https://etransfer.dhcs.ca.gov). Reports must use the following file naming convention: MCP name.HHPQuarterlyReport.Year.Quarter.DueDate.xlsx

[MCPName.HHPQuarterlyReport.YYYY.QTR#.YYYYMMDD.xlsx.]. For example: MCPName.HHPQuarterlyReport.2018.QTR3.20181130.xls. DHCS will not acknowledge or accept any email submissions.

All report revisions are subject to DHCS review and approval.

• DHCS will notify MCPs if revised reports must be submitted to correct data errors such as incorrect file naming conventions, incomplete data/columns fields, incorrect data, etc.

• Revised reports must be submitted to your designated folder in the "DHCS-MCQMD-Data\MCP\Monitoring\" subfolder on the DHCS eTransfer site (https://etransfer.dhcs.ca.gov).

• Revised reports must be submitted as a complete quarterly file. Partial files without all the required information and data will be rejected and must be resubmitted. Each quarter of data must be submitted separately. MCP must include an explanation in the HHP comments tab describing the changes and the reason for revision.

• Revised reports must use the following file naming convention: MCPName.HHPQuarterlyReport.Year.QuarterNumber.DueDate.RevisionNumber.xlsx [MCPName.HHPQuarterlyReport.YYYY.QTR#.YYYYMMDD.REV#.xlsx]. For example: MCPName.HHPQuarterlyReport.2018.QTR3.20181230.REV1.xlsx. to your designated folder in the "DHCS-MCQMD-Data/MCP" folder on the DHCS eTransfer site (https://etransfer.dhcs.ca.gov). The revised file should be submitted as a separate file.

• Final corrections to quarterly reports must occur no later than 90 days after the end of the calendar year for corrections on the previous year's quarterly reports unless the Department requests a revised file.

Definitions:

CB-CME: Community Based Care Management Entity

HAP: Health Action Plan

Homeless and Chronically Homeless: see CA Welfare & Institution Code § 14127(e)

Housing Services:
https://www.medicaid.gov/federal-policy-guidance/downloads/cib-06-26-2015.pdf - see "Individual Housing Transition Services" and "Individual Housing & Tenancy Sustaining Services" on pages 3-4.

For the purposes of this document, the following definitions will apply:

- **HHP Member**: a Medi-Cal beneficiary currently enrolled in a Medi-Cal Managed Care Plan and a Health Homes Program.

- **Member**: a Medi-Cal Managed Care Plan member not currently enrolled in a Health Homes Program.

- **Individual**: Medi-Cal beneficiary or other eligible person who may not be currently enrolled in a Medi-Cal Managed Care Plan or a Health Homes Program. E.g., FFS beneficiary. May also apply to person not currently enrolled in Medi-Cal.

Definitions of Exclusionary Reasons for Non-Enrollment: The following are the allowable reasons, with definitions, for which a Medi-Cal member may be excluded from, or not enrolled into, a local Health Homes Program (HHP). These definitions are used by DHCS and its HHP partners. For the purpose of reporting the HHP Enrollment Reporting, Member Exclusions, MCPs are expected to report on individuals that the MCP actively seeks to engage. See the definition of Targeted Engagement Process below for additional information.

I. ***Unsafe Environment***: for delivery of services outside of a regular healthcare facility such as a clinic, provider's office or ED: After reasonable efforts to arrange a different method or venue to conduct member engagement/enrollment or deliver HHP services, such activities cannot be conducted without staff entering an environment that poses a significant risk to the physical or mental well-being of the staff.

Individual: Member engagement/enrollment efforts, or delivery of HHP services, cannot be conducted due to the member's behavior posing a significant physical or mental threat to the well-being of the staff.

II. ***Declined participation***: After reasonable efforts have been made to explain the program and achieve engagement, the member declines to participate in HHP.

III. ***Unsuccessful engagement***: HHP staff is unable to engage the member after the MCP or the HHP provider has completed the requirements specified in the MCP's DHCS-approved policy for progressive engagement activities. The member does not engage, participate, or make self-available, or is un-cooperative. Accurate contact information is not available for the member. This occurs before enrollment.

IV. ***Well-managed***: An assessment, which may include a clinical assessment, determines that the member's eligible chronic conditions are already well managed – to the extent that HHP services are not medically necessary and will not significantly change the member's health status. This includes participation in other programs that are not Medicaid funded that may be available and for which the member is eligible.

V. ***Participation in duplicative programs or programs excluded for HHP participation due to DHCS policy***: DHCS or the MCP has developed new information that the member participates in, or is enrolled in, a Medicaid-funded program that provides services duplicative to HHP services or a program excluded by DHCS policy, and the member chooses to remain in the duplicative or excluded program. Duplicative Medicaid-funded programs include, but may not be limited to, the following:

1. Duplicative Programs

a. 1915c waiver programs: HIV/AIDS, Assisted Living Waiver (ALW), Developmentally Disabled (DD), In-Home Operations (IHO), Multipurpose Senior Services Program (MSSP), Nursing Facility Acute Hospital (NF/AH)

b. Targeted Case Management (TCM) – County, not Mental Health TCM

c. Specialty Managed Care Plans: Senior Care Action Network (SCAN), Program of All-Inclusive Care for the Elderly (PACE), AIDS Healthcare Foundation (AHF)

2. Programs excluded by DHCS Policy

a. Skilled Nursing Facility (SNF) residents with a duration longer than the month of admission and the following month.

b. Hospice

c. Fee-For-Service

VI. ***Targeted Engagement Process***: The MCPs DHCS-approved process by which MCPs identify and prioritize individuals for engagement by using DHCS-provided Targeted Engagement List (TEL) and/or MCP member data.

For the purpose of reporting the HHP Enrollment Reporting, Member Exclusions, MCPs are expected to report on individuals that the MCP actively seeks to engage, that is a result of the above mentioned DHCS-approved process.

1. Health Home Program Enrollment Reporting	
***Note:* Only report one (1) exclusionary reason per member excluded from the Program.**	
Column Name	**Explanation**
Plan Code - Plan Name - County (Column A)	From the drop down menu, select the plan code, plan name and county combination for each county and plan code the plan operates in. Submit only one row of data per county that the MCP is in. Do not report subcontracting health plans separately. Report on data based on the member's assigned county.
Reporting Period (Column B)	From the drop down menu, select the corresponding year and quarter for the data reported: Year QX. For example, the 3rd quarter of 2018 will be entered as 2018 Q3.

Number MCP excluded because not eligible - well-managed (Column C)	Enter the number of members MCP excluded via the targeted engagement process during the quarter because not eligible due to MCP assessment determining well managed. The CB-CME and/or the MCP can further define, but well-managed means (a) members with HHP chronic conditions that do not have a pattern of utilization of negative health outcomes that are an indication of poor chronic disease management or patient activation; or (b) members that are in an effective care management program. An assessment, which may include utilization data review or a clinical assessment, determines that the member's eligible chronic conditions are already well managed – to the extent that HHP services are not medically necessary and will not significantly change the member's health status. This includes participation in other programs that are not Medicaid funded that may be available and for which the member is eligible.
Number MCP excluded because declined to participate (Column D)	Enter the number of members MCP excluded via the targeted engagement process during the quarter because they declined to participate. After reasonable efforts have been made to explain the program and achieve engagement, the member declines to participate, or to continue to participate, in HHP.
Number MCP excluded because of unsuccessful engagement (Column E)	Enter the number of members MCP excluded via the targeted engagement process the quarter because of unsuccessful engagement. HHP staff is unable to engage the member after the MCP or the HHP provider has completed the requirements specified in the MCP's DHCS-approved policy for progressive engagement activities. The member does not engage, participate, or make self available; is un-cooperative; or accurate contact information is not available for the member. This occurs before enrollment.

Number MCP excluded because duplicative program (Column F)	Enter the number of members MCP excluded via the targeted engagement process during the quarter due to being in another program that provides care management services: DHCS or the MCP has developed new information that the member participates in, or is enrolled in, a Medicaid-funded program that provides services duplicative to HHP services or a program excluded by DHCS policy, and the member chooses to remain in the duplicative or excluded program. Duplicative Medicaid-funded programs include, but may not be limited to, the following: 1. Duplicative Programs a. 1915c waiver programs: HIV/AIDS, Assisted Living Waiver (ALW), Developmentally Disabled (DD), In-Home Operations (IHO), Multipurpose Senior Services Program (MSSP), Nursing Facility Acute Hospital (NF/AH) b. Targeted Case Management (TCM) – County, not Mental Health TCM 2. Programs excluded by DHCS Policy a. Skilled Nursing Facility (SNF) residents with a duration longer than the month of admission and the following month. b. Hospice 3. Additional programs the MCP determines are duplicative as described in their progressive engagement policy
Number MCP excluded because unsafe behavior or environment (Column G)	Enter the number of members MCP excluded via the targeted engagement process during the quarter because of an unsafe behavior or environment. Unsafe includes Environment (for delivery of services outside of a regular healthcare facility such as a clinic, provider's office or ER): after reasonable efforts to arrange a different method or venue to conduct member engagement/enrollment such activities cannot be conducted without staff entering an environment that poses a significant risk to the physical or mental well-being of the staff; and Individual: Member engagement/enrollment efforts cannot be conducted due to the member's behavior posing a significant physical or mental threat to the well-being of the staff.

Number MCP excluded because not enrolled in Medi-Cal at MCP (Column H)	Enter the number of individuals MCP excluded from via the targeted engagement process list during the quarter because they are not enrolled in Medi-Cal at the Managed Care Plan. Reasons can include, but may not be limited to, the following: a. Fee-For-Service b. Specialty Managed Care Plans: Senior Care Action Network (SCAN), Program of All-Inclusive Care for the Elderly (PACE), AIDS Healthcare Foundation (AHF) c. Member is deceased
Number externally referred & enrolled (Column I)	Enter the number of members not part of the plan's targeted engagement process, referred to the MCP, that were enrolled. The referral process is initiated by an external provider or organization when an individual is initially assessed to be a candidate for HHP and therefore is referred to the MCP for approval. Upon MCP review and evaluation, if the individual is approved for HHP and enrolled, they would be included in this measure. If they are not approved for enrollment in HHP, they would be reported in the following measure.
Number externally referred but excluded (Column J)	Enter the number of individuals not part of the plan's targeted engagement process, referred to the MCP, that were excluded. Exclusion reasons include reasons identified in columns C-H. Do not add these exclusions to the counts in Columns C-H.
Average monthly number of dedicated care coordination FTEs (Column K)	Enter the average monthly number of care coordinators for the quarter. Only count FTEs dedicated to care coordination activities. The counts are taken at a point in time, which will be the last day of each month in the quarter, and averaged across the 3 months in the quarter to get this average quarterly number.
2. Health Home Program Member Activity Reporting	
Column Name	**Explanation**
Plan Code - Plan Name - County (Column A)	From the drop down menu, select the plan code, plan name and county combination for each county and plan code the plan operates in. Submit only one row of data per county that the MCP is in. Do not report subcontracting health plans separately. Report on data based on the member's assigned county.
Reporting Period (Column B)	From the drop down menu, select the corresponding year and quarter for the data reported: Year QX. For example, the 3rd quarter of 2018 will be entered as 2018 Q3.

Number initial HAP completed within 90 days (Column C)	Numerator: Enter the number of HHP members that had their initial HAP completed during the quarter and the HAP was completed within 90 days of enrollment.
Number initial HAP completed (Column D)	Denominator: Enter the number of HHP members that had their initial HAP completed during the quarter.

3. Health Home Program Homeless/Housing Member Level Detail	
Note: This tab is to be submitted semi-annually in the Q2 report and Q4 report of every year. The Q2 report (due 8/31) will include data for January through June of the current calendar year. The Q4 Report (due 2/28) will include data for July through December of the previous calendar year.	
Column Name	**Explanation**
Plan Code - Plan Name - County (Column A)	From the drop down menu, select the plan code, plan name and county combination for the county and plan code the plan operates in. Report on data based on the member's assigned county.
Reporting Period (Column B)	From the drop down menu, select the corresponding year and semi-annual reporting period. For example, the second reporting period of 2019 will be entered as 2019 Q3-Q4.
Member CIN (Column C)	Enter the Member's Client Identification Number (CIN) for all members that meet Column G and/or Column I.
Member Last Name (Column D)	Enter the Member's Last Name.
Member First Name (Column E)	Enter the Member's First Name.
Member Date of Birth (DOB) (Column F)	Enter the Member's Date of Birth (DOB) using format MM/DD/YYYY.
Homeless HHP Members and HHP Members at Risk for Homelessness During This Reporting Period (Column G)	Indicate whether the HHP enrolled member met the Federal definition of Homeless or required tenancy sustaining services at any point during the reporting period. Enter "Yes" or "No."
Received Housing Services During This Reporting Period (Column H)	Indicate whether the HHP enrolled member received housing services at any point during the reporting period. Enter "Yes" or "No."
Homeless Health Homes Members In Any Enrollment Period (Column I)	Indicate whether the HHP enrolled member met the Federal definition of Homeless at any point during their enrollment in the HHP. Enter "Yes" or "No."

HHP Members who are no longer Homeless On Last Day of This Reporting Period (Column J)	Indicate the HHP enrolled member no longer meets the Federal definition of Homeless, as of the last day of the reporting period. If the member was disenrolled during the reporting period, report as of their last date of enrollment. Enter "Yes" or "No."
4. Health Home Program Network Reporting	
Column Name	**Explanation**
Plan Code - Plan Name - County (Column A)	From the drop down menu, select the plan code, plan name and county combination for each county and plan code the plan operates in. Submit only one row of data per county that the MCP is in. Do not report subcontracting health plans separately. Report on data based on the member's assigned county.
Reporting Period (Column B)	From the drop down menu, select the corresponding year and quarter for the data reported: Year QX. For example, the 3rd quarter of 2018 will be entered as 2018 Q3.
CB-CME NPI # (Column C)	Enter all CB-CME NPI numbers that were contracted as of the last day of the quarter. Enter each CB-CME NPI number in each county on its own row. For example, if a MCP is contracted with a CB-CME that operates in two counties, there would be two rows for that NPI with each row having a different plan code & county. DHCS assumes that all lead CB-CMEs will have a NPI or be the MCP; if a CB-CME does not have an NPI #, please reach out to DHCS for further discussion. This is a measure of the prime contract with the MCP for care management duties, not engagement subcontractors or housing subcontractors.
Capacity for each CB-CME (Column D)	Enter the capacity for assigned HHP members for each CB-CME contracted in each county during the quarter. If a CB-CME operates in more than one county, separate the projected capacity for each county. Capacity is defined as the number of HHP members the CB-CME will be able to serve according to the HHP service requirements including the care manager ratio and the extent the CB-CME is able to satisfy all care team requirements. The count is taken at a point in time, which will be the last day of the quarter.
5. Health Home Program Annual CMS Core Measures Reporting	

DHCS is required to collect and report the Core Set of Health Care Quality Measures for Medicaid Health Homes Programs according to the Technical Specifications published by CMS. DHCS will continue to make the annual Technical Specification link available to the MCPs. MCPs are required to follow the technical specifications. DHCS will use the reporting template to collect measure information from the MCPs so that DHCS can perform the aggregation, weighting, and reporting required by the Technical Specifications. For additional information on the Core Measures, refer to the Technical Specifications and Resource Manual link from CMS. Approve the license agreements and download the Technical Specifications.

https://www.medicaid.gov/license-agreement.html?file=%2Fstate-resource-center%2Fmedicaid-state-technical-assistance%2Fhealth-home-information-resource-center%2Fdownloads%2FFFY-18-HH-Core-Set-Manual.pdf

Each MCP will determine its numerator, denominator, and/or rates for the required performance measure and report these results for each county. DHCS is required to report separately for each SPA, therefore, there are separate numerator, denominator, and rates columns for Chronic Conditions and SMI. The Technical Specifications measurement year and reporting year definitions are consistent with DHCS's other HEDIS oriented timelines. The Technical Specifications require reporting results when the SPA is in effect for six or more months of the measurement period. The fields in the template will be adjusted over time to align with the Technical Specifications if/when they change.

Note: **This tab is to be submitted annually in the Q1 report (due 5/31) of every year and include data on the previous calendar year of January through December.**

Column Name	Explanation
Plan Code - Plan Name - County (Column A)	From the drop down menu, select the plan code, plan name and county combination for each county and plan code the plan operates in. Submit only one row of data per county that the MCP is in. Do not report subcontracting health plans separately. Report on data based on the member's assigned county.
Reporting Period (Column B)	From the drop down menu, select the corresponding year for the data reported: Year.
Controlling high blood pressure (CBP) (Med) age 18-59 w/HTN, BP < 140/90 - numerator (Column C)	Controlling high blood pressure (Medical SPA) - Age 18-59 with hypertension, BP < 140/90 - numerator
CBP (Med) - Age 18-59 w/HTN, BP < 140/90 - denominator (Column D)	Controlling high blood pressure (Medical SPA) - Age 18-59 with hypertension, BP < 140/90 - denominator
CBP (Med) - Age 60-64 w/HTN, w/DIB, BP < 140/90 - numerator (Column E)	Controlling high blood pressure (Medical SPA) - Age 60-64 with hypertension, with diabetes, BP < 140/90 - numerator

CBP (Med) - Age 60-64 w/HTN, w/DIB, BP < 140/90 - denominator (Column F)	Controlling high blood pressure (Medical SPA) - Age 60-64 with hypertension, with diabetes, BP < 140/90 - denominator
CBP (Med) - Age 65-85 w/HTN, w/DIB, BP < 140/90 - numerator (Column G)	Controlling high blood pressure (Medical SPA) - Age 65-85 with hypertension, with diabetes, BP < 140/90 - numerator
CBP (Med) - Age 65-85 w/HTN, w/DIB, BP < 140/90 - denominator (Column H)	Controlling high blood pressure (Medical SPA) - Age 65-85 with hypertension, with diabetes, BP < 140/90 - denominator
CBP (Med) - Age 60-64 w/HTN, w/o DIB, BP < 150/90 - numerator (Column I)	Controlling high blood pressure (Medical SPA) - Age 60-64 with hypertension, without diabetes, BP < 150/90 - numerator
CBP (Med) - Age 60-64 w/HTN, w/o DIB, BP < 150/90 - denominator (Column J)	Controlling high blood pressure (Medical SPA) - Age 60-64 with hypertension, without diabetes, BP < 150/90 - denominator
CBP (Med) - Age 65-85 w/HTN, w/o DIB, BP < 150/90 - numerator (Column K)	Controlling high blood pressure (Medical SPA) - Age 65-85 with hypertension, without diabetes, BP < 150/90 - numerator
CBP (Med) - Age 65-85 w/HTN, w/o DIB, BP < 150/90 - denominator (Column L)	Controlling high blood pressure (Medical SPA) - Age 65-85 with hypertension, without diabetes, BP < 150/90 - denominator
CBP (SMI) - Age 18-59 w/HTN, BP < 140/90 - numerator (Column M)	Controlling high blood pressure (SMI SPA) - Age 18-59 with hypertension, BP < 140/90 - numerator
CBP (SMI) - Age 18-59 w/HTN, BP < 140/90 - denominator (Column N)	Controlling high blood pressure (SMI SPA) - Age 18-59 with hypertension, BP < 140/90 - denominator
CBP (SMI) - Age 60-64 w/HTN, w/DIB, BP < 140/90 - numerator (Column O)	Controlling high blood pressure (SMI SPA) - Age 60-64 with hypertension, with diabetes, BP < 140/90 - numerator
CBP (SMI) - Age 60-64 w/HTN, w/DIB, BP < 140/90 - denominator (Column P)	Controlling high blood pressure (SMI SPA) - Age 60-64 with hypertension, with diabetes, BP < 140/90 - denominator
CBP (SMI) - Age 65-85 w/HTN, w/DIB, BP < 140/90 - numerator (Column Q)	Controlling high blood pressure (SMI SPA) - Age 65-85 with hypertension, with diabetes, BP < 140/90 - numerator
CBP (SMI) - Age 65-85 w/HTN, w/DIB, BP < 140/90 - denominator (Column R)	Controlling high blood pressure (SMI SPA) - Age 65-85 with hypertension, with diabetes, BP < 140/90 - denominator
CBP (SMI) - Age 60-64 w/HTN, w/o DIB, BP < 150/90 - numerator (Column S)	Controlling high blood pressure (SMI SPA) - Age 60-64 with hypertension, without diabetes, BP < 150/90 - numerator
CBP (SMI) - Age 60-64 w/HTN, w/o DIB, BP < 150/90 - denominator (Column T)	Controlling high blood pressure (SMI SPA) - Age 60-64 with hypertension, without diabetes, BP < 150/90 - denominator
CBP (SMI) - Age 65-85 w/HTN, w/o DIB, BP < 150/90 - numerator (Column U)	Controlling high blood pressure (SMI SPA) - Age 65-85 with hypertension, without diabetes, BP < 150/90 - numerator

CBP (SMI) - Age 65-85 w/HTN, w/o DIB, BP < 150/90 - denominator (Column V)	Controlling high blood pressure (SMI SPA) - Age 65-85 with hypertension, without diabetes, BP < 150/90 - denominator
CDF (MED) - Age 12-17 - numerator (Column W)	Screening for clinical depression and follow-up plan (Medical SPA) - Age 12-17 - numerator
CDF (MED) - Age 12-17 - denominator (Column X)	Screening for clinical depression and follow-up plan (Medical SPA) - Age 12-17 - denominator
CDF (MED) - Age 18-64 - numerator (Column Y)	Screening for clinical depression and follow-up plan (Medical SPA) - Age 18-64 - numerator
CDF (MED) - Age 18-64 - denominator (Column Z)	Screening for clinical depression and follow-up plan (Medical SPA) - Age 18-64 - denominator
CDF (MED) - Age 65+ - numerator (Column AA)	Screening for clinical depression and follow-up plan (Medical SPA) - Age 65+ - numerator
CDF (MED) - Age 65+ - denominator (Column AB)	Screening for clinical depression and follow-up plan (Medical SPA) - Age 65+ - denominator
CDF (SMI) - Age 12-17 - numerator (Column AC)	Screening for clinical depression and follow-up plan (SMI SPA) - Age 12-17 - numerator
CDF (SMI) - Age 12-17 - denominator (Column AD)	Screening for clinical depression and follow-up plan (SMI SPA) - Age 12-17 - denominator
CDF (SMI) - Age 18-64 - numerator (Column AE)	Screening for clinical depression and follow-up plan (SMI SPA) - Age 18-64 - numerator
CDF (SMI) - Age 18-64 - denominator (Column AF)	Screening for clinical depression and follow-up plan (SMI SPA) - Age 18-64 - denominator
CDF (SMI) - Age 65+ - numerator (Column AG)	Screening for clinical depression and follow-up plan (SMI SPA) - Age 65+ - numerator
CDF (SMI) - Age 65+ - denominator (Column AH)	Screening for clinical depression and follow-up plan (SMI SPA) - Age 65+ - denominator
6. Health Home Program Reporting Comments	
Column Name	**Explanation**
Comments (Column A)	Enter any relevant information pertaining to the submitted report and the data it contains.

I. Appendix I – HHP Implementation Schedule

HHP Implementation Schedule

The California Department of Health Care Services (DHCS) announced that the implementation of the state's Health Homes Program (HHP) begins July 1, 2018. The counties included in each group and the phased implementation schedule are outlined in the table below:

County Implementation Schedule

Groups	Counties	(Phase 1) Implementation date for members with eligible chronic physical conditions and substance use disorders	(Phase 2) Implementation date for members with eligible serious mental illness conditions
Group 1	• San Francisco	July 1, 2018	January 1, 2019
Group 2	• Riverside • San Bernardino	January 1, 2019	July 1, 2019
Group 3	• Alameda • Imperial • Kern • Los Angeles • Sacramento • San Diego • Santa Clara • Tulare	July 1, 2019	January 1, 2020
Group 4	• Orange	January 1, 2020	July 1, 2020

J. Appendix J – HHP Supplemental Payment File

Please refer to the DHCS' *Technical Guidance – Consolidated Supplemental Upload Process for further information.*

K. Appendix K – Whole Person Care Pilot Interaction Guidance

Joint Medi-Cal Managed Care Health Plan and Whole Person Care Pilot Guidance:

Eligibility and Provision of Services in the Health Homes Program and

Whole Person Care Pilots

This notification provides DHCS policy guidance regarding the eligibility, enrollment and the provision of services for Medi-Cal beneficiaries concurrently eligible for both the Health Homes Program (HHP) and a Whole Person Care (WPC) Pilot.

Medi-Cal managed care health plans (MCPs) implementing the HHP are responsible for providing the following six core HHP services: comprehensive care management, care coordination, health promotion, comprehensive transitional care, individual and family support, and referral to community and social support services. Program eligibility is based on meeting a set of chronic physical/Substance Use Disorder (SUD) or Severe Mental Illness (SMI) conditions as well as specified acuity criteria.

The overarching goal of the WPC Pilots is the coordination of health, behavioral health, and social services, as applicable, in a patient-centered manner with the goals of improved beneficiary health and wellbeing through more efficient and effective use of resources. WPC Pilots are administered at the local level where a county, a city and county, a health or hospital authority, or a consortium of any of the above can serve as the Lead Entity (LE). WPC eligibility is established by each Pilot.

DHCS' guidance is that Medi-Cal beneficiaries that are eligible to receive services from both the WPC Pilot program and the HHP can be enrolled in either program or both, based on beneficiary choice.

In most cases WPC pilots provide care coordination services that are similar to the care coordination services provided by the HHP program. If a Medi-Cal beneficiary is eligible for both WPC and HHP, the member may choose which program's care coordination services that want to receive. The member may not receive duplicative care coordination services from both WPC and HHP. If the beneficiary is receiving care coordination services through the HHP, it is the responsibility of the WPC pilot to ensure that a beneficiary does not receive duplicative care coordination services from WPC. The WPC pilot may not claim WPC reimbursement for care coordination services that are duplicative of HHP care coordination services that are provided during the same month.

If the beneficiary chooses to receive care coordination services through WPC and is also interested in participating in the HHP, the beneficiary will not be able to receive any HHP services due to HHP, by default, being a program that consists of a set of 6 care-coordination services that are offered as the core benefit of the program.

In most cases WPC pilots also provide other services that are not duplicative, or similar to, HHP care coordination services. A sobering center service is one example of a WPC service that is likely to not be duplicative of HHP services. If a member is eligible for both WPC and HHP, and the member chooses to receive care coordination services through the HHP, the member may still receive other WPC services (that are not duplicative of HHP services) through the WPC. The WPC pilot may claim reimbursement for these other services regardless of whether the beneficiary chooses to receive care coordination services through the WPC or the HHP.

Please see the following points regarding DHCS' expectations:

- All WPC LEs must ensure the non-duplication of services for their WPC-enrolled members.

- The LEs are required to check other program participation, including HHP, as a regular part of their assessments. DHCS recommends frequent communication between the LE and their local MCPs to ensure there is no duplication of services.

- The WPC "Certification of Lead Entity Reports" document has been revised to include an additional attestation stating that DHCS reserves the right to recoup payments made to LEs for services found to be duplicative.

- LEs are responsible for keeping auditable records, such as documentation of their in-person assessments of enrollee participation in other programs, which should address non-duplication of services.

- As always, DHCS reserves the right to perform an audit of LE data and MCP data.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken September 5, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

9. Consider Actions Related to the Implementation of Statutorily-Mandated Rate Increases for Medi-Cal Non-Contracted Ground Emergency Medical Transport (GEMT) Provider Services

Contact

Candice Gomez, Executive Director, Program Implementation, (714) 246-8400
Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400

Recommended Actions

1. Approve payments to the capitated hospital(s) and HMOs for statutorily-mandated retrospective rate increases for specific services provided by non-contracted Ground Emergency Medical Transport providers to Medi-Cal members during the period of July 1, 2018 through June 30, 2019 and an administrative fee for claims adjustments; and
2. Direct the Chief Executive Officer, with the assistance of Legal Counsel, to amend the CalOptima Physician Hospital Consortium capitated Hospital and Full-Risk Health Network Medi-Cal contracts to incorporate the retrospective non-contracted Ground Emergency Medical Transport provider rate increase requirements for the July 1, 2018 through June 30, 2019 period and the additional compensation to these health networks for such services.

Background/Discussion

In accordance with Senate Bill (SB) 523 (Chapter 773, Statutes of 2017), the California Department of Health Care Services (DHCS) established increased Ground Emergency Medical Transport (GEMT) provider payments through the Quality Assurance Fee program for certain Medi-Cal related services rendered in State Fiscal Year (SFY) 2018-19. On February 7, 2019, DHCS obtained federal approval from the Centers for Medicare & Medicaid Services for GEMT provider payments through California State Plan Amendment 18-004. On April 5, 2019, CalOptima received initial funding for the retrospective non-contracted GEMT provider payment increase, separate from the standard capitation payment. Final guidance regarding distribution of non-contracted GEMT provider payments was released by DHCS through All Plan Letter (APL) 19-007, dated June 14, 2019.

Per DHCS guidance, CalOptima is required to provide increased reimbursement to out-of-network providers for GEMT service codes A0429 (Basic Life Support Emergency), A0427 (Advanced Life Support Emergency), and A0433 (Advanced Life Support, Level 2). CalOptima must reimburse out-of-network providers a total of $339 for each designated GEMT service provided by during SFY 2018-19 (July 1, 2018 to June 30, 2019). Excluded services include those billed by air ambulance providers and services billed when transport is not provided. DHCS has mandated that payments for the above increased rates are to be distributed no later than July 3, 2019.

At this time, the total reimbursement rate of $339 per identified service is time-limited and in effect for SFY 2018-19. Increased reimbursement for the specified GEMT services may potentially be extended into future fiscal years and may include additional GEMT transport codes. If the reimbursement

increase is extended, and/or includes additional GEMT transport codes, DHCS will provide further guidance after necessary federal approval is obtained.

In order to meet timeliness requirements for non-contracted GEMT provider payment adjustments for services provided during SFY 2018-19, CalOptima and its delegated health networks followed the existing Fee Schedule change process. Through this process, eligible claims previously adjudicated and paid were adjusted to the increased reimbursement rate. New claims are paid at the appropriate fee schedule as they are received.

For the physician-hospital consortium (PHC) hospitals and health maintenance organization (HMO) health networks that are financially responsible for non-contracted GEMT services, CalOptima staff recommends reimbursing the health networks the difference between the base Medi-Cal rate for the specific service and the required $339 enhanced rate. The health networks will be required to submit GEMT payment adjustment confirmation reports. Upon receipt of the confirmation report, CalOptima will reconcile the report against encounters and other claims reports received and reimburse each health network's medical costs, separate from their standard capitation payments, plus a 2% administrative component based on rate adjustments made by health networks.

CalOptima and its health networks will be expected to meet all reporting requirements as required by DHCS. Current processes will be leveraged for specific reporting requirements, provider grievances, and health network claims payment audit and oversight to comply with all regulatory requirements. Additionally, current policy and procedures will be followed related to provider payment recoupment, where applicable.

This process applies to eligible services and providers as directed by the DHCS. The same process will be leveraged should GEMT provisions be extended past SFY 2018-19, modified through an APL, or otherwise directed by DHCS. CalOptima staff will return to the Board for approval if any future DHCS non-contract GEMT provider payment requirements warrant significant changes to the proposed process.

Fiscal Impact

The recommended action to implement additional payment requirements for specified services provided by non-contracted GEMT providers to CalOptima Medi-Cal members in SFY 2018-19 is budget neutral. The anticipated Medi-Cal revenue is projected to be sufficient to cover the costs of the increased expense. Management included projected revenues and expenses related to non-contracted GEMT provider payment requirements in the CalOptima Fiscal Year 2019-20 Operating Budget approved by the Board on June 6, 2019.

Rationale for Recommendation

The recommended action will enable CalOptima to be compliant with All-Plan Letter (APL) 19-007: Non–Contract Ground Emergency Medical Transport Payment Obligations for State Fiscal Year 2018–19.

Concurrence
Gary Crockett, Chief Counsel

Mari Cantwell
Chief Deputy Director, Health Care Programs
California Department of Health Care Services
P.O. Box 997413, MS 0000
Sacramento, CA 95899-7413

Dear Ms. Cantwell:

Enclosed is an approved copy of California State Plan Amendment (SPA) 18-004, which was submitted to the Centers for Medicare & Medicaid Services (CMS) on July 11, 2018. SPA 18-004 implements a one-year Quality Assurance Fee (QAF) program and reimbursement add-on for Ground Emergency Medical Transports (GEMT) provided by emergency medical transportation providers effective for the State Fiscal Year (SFY) 2018-19 from July 1, 2018 to June 30, 2019.

The effective date of this SPA is July 1, 2018. Enclosed are the following approved SPA pages that should be incorporated into your approved state plan:

- Supplement 29 to Attachment 4.19-B, pages 1-2

If you have any questions, please contact Cheryl Young at 415-744-3598 or via email at Cheryl.Young@cms.hhs.gov.

Sincerely,

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

STATE: CALIFORNIA

ONE-YEAR REIMBURSEMENT RATE ADD-ON FOR GROUND EMERGENCY MEDICAL TRANSPORT SERVICES

Introduction

This program provides increased reimbursement to ground emergency medical transport providers by application of an add-on to the Medi-Cal fee-for-service (FFS) fee schedule base rates for eligible emergency medical transportation services. The reimbursement rate add-on will apply to eligible Current Procedural Terminology (CPT) Codes, between July 1, 2018 and June 30, 2019. The base rates for emergency medical transportation services will remain unchanged through this amendment.

"Emergency medical transport" means the act of transporting an individual from any point of origin to the nearest medical facility capable of meeting the emergency medical needs of the patient by an ambulance licensed, operated, and equipped in accordance with applicable state or local statutes, ordinances, or regulations, excluding transportation by an air ambulance provider, that are billed with CPT Codes A0429, A0427, and A0433.

Methodology

For State Fiscal Year (SFY) 2018-19, the reimbursement rate add-on is fixed for FY 2018-19. The resulting payment amounts are equal to the sum of the FFS fee schedule base rate for the SFY 2015-16 and the add-on amount for the CPT Code. The resulting total payment amount for CPT Codes A0429, A0427, and A0433 will be $339.00. The add-on is paid on a per-claim basis.

Service Code	Description	Current Payment	Add On Amount	Resulting Total Payment
A0429	Basic Life Support	$118.20	$220.80	$339.00
A0427	Advanced Life Support, Level 1	$118.20	$220.80	$339.00
A0433	Advanced Life Support, Level 2	$118.20	$220.80	$339.00

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

STATE: CALIFORNIA

The resulting total payment amount of $339.00 is considered the Rogers rate, which is the minimum rate that managed care organizations can pay noncontract managed care emergency medical transport providers, for each state fiscal year the FFS reimbursement rate add-on is effective.

ALL PLAN LETTER 19-007

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS[1]

SUBJECT: NON-CONTRACT GROUND EMERGENCY MEDICAL TRANSPORT PAYMENT OBLIGATIONS FOR STATE FISCAL YEAR 2018-19

PURPOSE:
The purpose of this All Plan Letter (APL) is to provide Medi-Cal managed care health plans (MCPs) with information regarding increased reimbursement for Fee-For-Service (FFS) ground emergency medical transport (GEMT) for Current Procedural Terminology (CPT) codes A0429, A0427, and A0433. The increased FFS reimbursement will affect MCP reimbursement of out-of-network GEMT services as required by section 1396u-2(b)(2)(D) of Title 42 of the United States Code (USC), commonly referred to as "Rogers Rates."

BACKGROUND:
Pursuant to the Legislature's addition of Article 3.91 (Medi-Cal Emergency Medical Transportation Reimbursement Act) to the Welfare and Institutions Code (WIC) in 2017, DHCS established the GEMT Quality Assurance Fee (QAF) program. On February 7, 2019, DHCS obtained federal approval from the Centers for Medicare and Medicaid Services (CMS) for California State Plan Amendment (SPA) 18-004, with an effective date of July 1, 2018. SPA 18-004 implements a one-year QAF program and reimbursement add-on for GEMT provided by emergency medical transportation providers effective for State Fiscal Year (SFY) 2018-19 from July 1, 2018, to June 30, 2019.

POLICY:
In accordance with 42 USC Section 1396u-2(b)(2)(D), Title 42 of the Code of Federal Regulations part 438.114(c), and WIC Sections 14129-14129.7, MCPs must provide increased reimbursement rates for specified GEMT services to non-contracted GEMT providers.

Under WIC Section 14129(g), emergency medical transport is defined as the act of transporting an individual from any point of origin to the nearest medical facility capable of meeting the emergency medical needs of the patient by an ambulance licensed, operated, and equipped, in accordance with applicable state or local statutes,

[1] This APL does not apply to Prepaid Ambulatory Health Plans.

ordinances, or regulations, excluding transportation by an air ambulance provider, that are billed with CPT codes A0429 (BLS Emergency), A0427 (ALS Emergency), and A0433 (ALS2), excluding any transports billed when, following evaluation of a patient, a transport is not provided.

For each qualifying emergency ambulance transport billed with the specified CPT codes, the total FFS reimbursement will be $339.00 for SFY 2018-2019. Accordingly, MCPs reimbursing non-contracted GEMT providers for those services must pay a "Rogers Rate" for a total reimbursement rate of $339.00 for each qualifying emergency ambulance transport provided during SFY 2018-19 and billed with the specified CPT codes.

At this time, the total reimbursement rate of $339.00 for each qualifying emergency ambulance transport billed with the specified CPT codes is time-limited, and is only in effect for SFY 2018-19 dates of service from July 1, 2018, to June 30, 2019. Increased reimbursement for the specified GEMT services may be extended into future fiscal years, and may include additional GEMT codes. If the reimbursement increase is extended, and/or includes additional GEMT codes, DHCS will provide MCPs with further guidance after necessary federal approval is obtained.

Timing of Payment and Claim Submission

The projected value of this payment obligation will be accounted for in the MCPs' actuarially certified risk-based capitation rates. Within 90 calendar days from the date DHCS issues the capitation payments to MCPs for GEMT payment obligations specified in this APL, MCPs must pay, as required by this APL, for all clean claims or accepted encounters with the dates of service between July 1, 2018, and the date the MCP receives such capitation payment from DHCS.

Once DHCS begins issuing the capitation payments to the MCPs for the GEMT payment obligations specified in this APL, MCPs must pay as required by this APL within 90 calendar days of receiving a qualifying clean claim or an accepted encounter.

MCPs are required to make timely payments in accordance with this APL for clean claims or accepted encounters for qualifying transports submitted to the MCPs within one year after the date of service. MCPs are not required to pay the GEMT payment obligation specified in this APL for claims or encounters submitted more than one year after the date of service unless the non-contracted GEMT provider can show good cause.

These submission and payment timing requirements may be waived only if agreed to in writing between the MCPs, the MCPs' delegated entities, or subcontractors, and the rendering GEMT provider.

Impacts Related to Medicare

For dual eligible beneficiaries with Medicare Part B coverage, the increased Medi-Cal reimbursement level may result in a crossover payment obligation on the MCP, because the new Medi-Cal reimbursement amount may exceed 80 percent of the Medicare fee schedule. Based on current Medicare reimbursement rates, the only CPT code where this scenario may occur in certain geographic areas is A0429. MCPs are responsible for identifying and satisfying any Medicare crossover payment obligations that result from the increase in GEMT reimbursement obligations described in this APL.

In instances where a member is found to have other health coverage sources, MCPs must cost avoid or make a post-payment recovery in accordance with the "Cost Avoidance and Post-Payment Recovery of Other Health Coverage Sources" provision of Attachment 2 to Exhibit E of the MCP Contract.

Other Obligations

MCPs are responsible for ensuring qualifying transports reported using the specified CPT codes are appropriate for the services being provided and are reported to DHCS in encounter data pursuant to APL 14-019.

MCPs are responsible for ensuring that their delegated entities and subcontractors comply with all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including APLs, policy letters, and duals plan letters. MCPs must communicate these requirements to all delegated entities and subcontractors.

Pursuant to the MCP Contract, MCPs must have a formal procedure to accept, acknowledge, and resolve provider grievances related to the processing or non-payment related to this APL. In addition, MCPs must identify a designated point of contact for provider questions and technical assistance.

If you have any questions regarding the requirements of this APL, please contact your Managed Care Operations Division contract manager.

Sincerely,

Original Signed by Sarah Brooks

Sarah Brooks, Deputy Director
Health Care Delivery Systems

Department of Health Care Services Medi-Cal

Ground Emergency Medical Transport Quality Assurance Fee

June 28, 2018

In accordance with Senate Bill 523 (Chapter 773, Statutes of 2017), the Department of Health Care Services (DHCS) has finalized the fiscal year 2018 – 2019 Ground Emergency Medical Transport Quality Assurance Fee (QAF) rate and add-on amount to the Medi-Cal fee-for-service fee schedule rates for the affected emergency medical transport, as listed below. The QAF is assessed on each qualified emergency medical transport, regardless of payer. The add-on will be provided in addition to the Medi-Cal fee-for-service fee schedule rates for the affected emergency medical transport billing codes. The fiscal year 2018 – 2019 QAF rate and add-on amount are as follows:

Add-on Amount: $220.80

QAF Rate: $24.80

The resulting fiscal year 2018 – 2019 total fee-for-service reimbursement amount will be $339 for HCPCS codes A0427, A0429 and A0433 (ground medical transportation services).

For more details regarding the Ground Emergency Medical Transport QAF Program and the reporting requirements and instructions, visit the Ground Emergency Medical Transport Quality Assurance Fee website.

Questions or comments may be submitted to the DHCS Ground Emergency Medical Transport QAF email box: GEMTQAF@dhcs.ca.gov.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 27, 2019
Special Meeting of the CalOptima Board of Directors

Consent Calendar

3. Consider Ratification of Amendments to Medi-Cal Health Network Contracts, Excluding Those Involving the CHOC Physicians Network

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400
Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Actions

Ratify Medi-Cal health network contract amendments, excluding those involving the CHOC Physicians Network, to address continued payments to individual providers of Proposition 56 appropriated funds and to compensate the health networks an administrative fee for performance of these responsibilities for services began in State Fiscal Year (SFY) 2018-19 and all future extensions thereafter provided the State of California continues the enhanced Proposition 56 payments to CalOptima.

Background/Discussion

Proposition 56 increases the excise tax rate on cigarettes and tobacco products to fund specified expenditures for existing health care programs administered by the Department of Health Care Services (DHCS). DHCS releases guidance to Medi-Cal managed care plans (MCP) of Proposition 56 provider payments through either direct communication or an All Plan Letter (APL). The APLs includes guidance regarding providers eligible for payment, service codes eligible for reimbursement, timeliness requirements to make payments, and MCP reporting requirements.

Eligible Proposition 56 provider payment adjustments are applied toward specific services provided during a State Fiscal Year (SFY), which runs from July 1 through June 30. While the payment period begins at the beginning of the SFY, final Proposition 56 guidance and rates are not provided until after the fiscal year begins; requiring MCPs to develop initial catch up and ongoing payment distribution processes.

On June 7, 2018 the CalOptima Board of Directors (Board) authorized implementation of initial payment and ongoing processing payments for Proposition 56 SFY 2017-18. On November 1, 2018 the Board authorized contract amendments to Medi-Cal health network contracts to continue Proposition 56 SFY 2017-18 provisions for DOS in SFY 2018-19, until SFY 2018-19 guidance was finalized. DHCS released draft Proposition 56 guidance for SFY 2018-19 on April 12, 2019. Final guidance had not been released as of May 8, 2019. Even though the final APL for the current fiscal year had not been released, DHCS instructed MCPs to distribute initial catch up SFY 2018-19 Proposition 56 funds to providers no later than June 12, 2019. In a separate Board action, CalOptima staff requested approval of a standardized annual Proposition 56 provider payment process.

Back to Agenda
Back to Item
Back to Item

The standardized annual Proposition 56 provider payment process applies to eligible services and providers as prescribed through a Proposition 56 APL or directed by DHCS. To continue Proposition 56 provider payments, Staff amended health network contracts to the extend the dates of service eligible for Proposition 56 payments into the current SFY and to ensure payments are made within with the timeframes based on DHCS guidance. CalOptima staff will seek subsequent Board action for further action if any future DHCS Proposition 56 requirements warrant significant changes to the standardized annual process.

Fiscal Impact

The recommended action to ratify amendments to Medi-Cal health network contracts, excluding those involving the CHOC Physicians Network, related to Proposition 56 is projected to be budget neutral to CalOptima. While total disbursement of Proposition 56 funding is dependent upon timely and accurate claims submissions from eligible providers, DHCS has projected Fiscal Year 2018-19 funding at approximately $102 million. Based on historical claims experience, Staff anticipates medical expenditures will be of an equivalent amount, resulting in a budget neutral impact to CalOptima's operating income.

Rationale for Recommendation

The recommended action will enable CalOptima to be compliant with Proposition 56 requirements.

Concurrence

Gary Crockett, Chief Counsel
Board of Directors' Finance and Audit Committee

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 7, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item
47. Consider Actions for the Implementation of Proposition 56 Provider Payment

Contact
Greg Hamblin, Chief Financial Officer, (714) 246-8400
Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Action
Approve methodology for the disbursement of Proposition 56 physician services payments to eligible Medi-Cal providers.

Background
The California Healthcare, Research and Prevention Tobacco Tax Act (Proposition 56) increases the excise tax rate on cigarettes and tobacco products. A portion of Proposition 56 revenue is allocated for existing health care programs administered by the Department of Health Care Services (DHCS), including reimbursement in the Denti-Cal and Medi-Cal programs. As part of the Budget Act of 2017, Proposition 56 funds were appropriated for State Fiscal Year (SFY) 2017-18. Under Proposition 56, Medi-Cal Managed Care Plans (MCPs) are required to provide additional compensation for certain Medi-Cal related services rendered in SFY 2017-18. Supplemental payments are to be made to providers based on a DHCS-provided set of procedure codes for certain physician services, Intermediate Care Facilities for the Developmentally Disabled (ICF-DDs), and women's health services for pregnancy termination. The Governor's May Revision released on May 11, 2018 proposes extension of Proposition 56 for SFY 2018-19.

DHCS released guidance related to Proposition 56 provider payment methodologies through All Plan Letter (APL) 18-010 on May 1, 2018. CalOptima began receiving initial funding for Proposition 56 payments in its monthly capitation received on April 30, 2018 and will continue to receive Proposition 56 funding in subsequent capitation payments. DHCS expects Proposition 56 payments be passed through to eligible providers for the initial payment within 90 calendar days of the MCP receiving capitation from DHCS. Subsequent payments are to be made within 90 calendar days of receiving a clean claim or accepted encounter.

Providers contracted with CalOptima or a delegated entity rendering one of the designated Medi-Cal covered services between July 1, 2017 and June 30, 2018 are eligible for Proposition 56 payments in addition to the provider's contract rate or capitation. However, the following provider types are not eligible to receive Proposition 56 payments: Federally Qualified Health Centers (FQHCs), Rural Health Clinics (RHCs), American Indian Health Programs (AIHPs) and cost-based reimbursement clinics. The following DHCS-provided procedure codes are eligible for supplemental payments:

Medi-Cal Covered Service Code	Service Code Description	Directed Payment
99201	Office/Outpatient Visit New	$10.00
99202	Office/Outpatient Visit New	$15.00
99203	Office/Outpatient Visit New	$25.00
99204	Office/Outpatient Visit New	$25.00
99205	Office/Outpatient Visit New	$50.00
99211	Office/Outpatient Visit Est	$10.00
99212	Office/Outpatient Visit Est	$15.00
99213	Office/Outpatient Visit Est	$15.00
99214	Office/Outpatient Visit Est	$25.00
99215	Office/Outpatient Visit Est	$25.00
90791	Psychiatric Diagnostic Eval	$35.00
90792	Psychiatric Diagnostic Eval with Medical Services	$35.00
90863	Pharmacologic Management	$5.00

The DHCS guidance requires MCPs to maintain a formal process for provider grievances with respect to payment and non-payment of Proposition 56 directed payments. Specific Proposition 56 reporting will be required by DHCS on a quarterly basis. MCPs are required to ensure that their delegated entities and subcontractors comply with the terms and requirements of the DHCS guidance.

Discussion

Proposition 56 provider payments apply to Medi-Cal covered medical and behavioral health services. CalOptima administers medical services through its direct networks, CalOptima Community Network (CCN) and CalOptima Direct (COD), or a delegated health network. Prior to January 1, 2018, CalOptima provided behavioral health services through a delegated Managed Behavioral Healthcare Organization (MBHO). Beginning January 1, 2018, CalOptima transitioned away from using a MBHO for its Medi-Cal program and began providing these services through providers contracted directly with CalOptima. To comply with Proposition 56 requirements, CalOptima staff recommends utilizing its current direct and delegated models for both the initial and ongoing payment distributions.

Initial Payments

Following the initial payment received from DHCS on April 30, 2018, CalOptima recommends providing an initial catch-up payment for dates of service (DOS) July 1, 2017 to the current date. In order to process the initial catch-up payment, historical claims and encounter data will be utilized to identify and process the additional payments retroactively. Initial payments must be distributed to providers no later than July 29, 2018. The following is recommended for initial payments:

- CalOptima Direct, CalOptima Community Network and behavioral health providers: CalOptima to utilize claims and encounter data to identify and appropriately pay providers retroactively for claims submitted for DOS July 1, 2017 through the initial catch-up date.

- Health networks:
  Health networks utilize claims and encounter data to identify and appropriately pay providers retroactively for claims submitted for DOS July 1, 2017 through the initial catch-up date. CalOptima will prefund the health networks for estimated medical costs. Health networks will be required to submit a provider payment confirmation report to CalOptima. Once provider payment is confirmed, the remaining medical cost will be reconciled plus a 2% administrative component based on total medical costs will be remitted to the health networks

Ongoing Processing
Once the initial payment is distributed, future Proposition 56 provider payments must be made within 90 calendar days of receipt of a clean claim or adjusted encounter. The following is recommended for ongoing processing provided that CalOptima continues to receive Proposition 56 funds:

- CalOptima Direct, CalOptima Community Network and behavioral health providers:
  CalOptima will pay providers within 90 calendar days of receipt of a clean claim or accepted behavioral health encounter.

- Health Networks:
  Health networks will pay providers within 90 calendar days of receipt of a clean claim or accepted encounter. Concurrently, CalOptima will utilize existing health network reporting processes to identify claims and encounters eligible for Proposition 56 payments. Health networks will be required to submit provider payment confirmation that the eligible Proposition 56 claims and encounter payments were issued on a monthly basis or other agreed upon schedule. Reports will be due within 15 calendar days of the end of the reporting period. Once provider payment is confirmed, CalOptima will reimburse the health network medical costs plus a 2% administrative component.

Current processes will be leveraged for Proposition 56 specific reporting, provider grievances and health network claims payment audit and oversight to comply with the Proposition 56 requirements. Additionally, current policy and processes will be followed related to provider payment recoupment, where applicable.

This process applies to physician services only as outlined in Proposition 56 and APL 18-010. The same process will be leveraged should provisions under Proposition 56 be extended past SFY 2017-18. Separately, implementation of Proposition 56 will require modifications to the current health network contracts. CalOptima staff will seek subsequent Board action to the extent required.

Fiscal Impact
The recommended action to approve the Proposition 56 physician services payment methodology for eligible Medi-Cal providers is expected to be budget neutral to CalOptima. Based on the draft capitation rates provided by DHCS, Staff anticipates that Proposition 56 revenues will be sufficient to cover the total costs of the physician services payments during SFY 2017-18. However, since DHCS will not provide a retrospective reconciliation for Proposition 56 funding, plans will be at risk for any expense exceeding the funded amount. Assuming that actual utilization during the effective period will be similar to historic experience levels, Staff projects the net fiscal impact will be budget neutral.

Rationale for Recommendation
The recommended action will enable CalOptima to be compliant with Proposition 56 requirements.

Concurrence
Gary Crockett, Chief Counsel

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken November 1, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item

10. Consider Actions for the Continuation of Proposition 56 Provider Payments, Including Amendments to Provider Health Network Contracts Except Those Pertaining to the CalOptima Community Network Contracts

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400

Recommended Action

Authorize the Chief Executive Officer (CEO) to enter into contract amendments of the Medi-Cal health network contracts, with the assistance of Legal Counsel, for AltaMed Health Services, AMVI Care Health Network, CHOC Physicians Network, Children's Hospital of Orange County, DaVita Medical Group ARTA Western California, DaVita Medical Group Talbert California, Family Choice Medical Group, Fountain Valley Regional Hospital and Medical Center, Heritage Provider Network, Kaiser Foundation Health Plan, Monarch Health Plan, Noble Community Medical Associates, Prospect Health Plan and United Care Medical Group to continue to pay individual providers Proposition 56 appropriated funds and to compensate the health networks an administrative fee for performance of these responsibilities for services rendered in State Fiscal Year (SFY) 2018-19 and for future extensions as long the State of California continues the Prop 56 increase payments to CalOptima, which may be subject to Board approval and the changes to the program, as necessary and appropriate to comply with the law and regulatory guidance.

Background/Discussion

The California Healthcare, Research and Prevention Tobacco Tax Act (Proposition 56) increases the excise tax rate on cigarettes and tobacco products. A portion of Proposition 56 revenue is allocated for existing health care programs administered by the Department of Health Care Services (DHCS), including reimbursement in the Denti-Cal and Medi-Cal programs. As part of the Budget Act of 2017, Proposition 56 funds were appropriated for SFY 2017-18. Under Proposition 56, Medi-Cal Managed Care Plans (MCPs) were required to provide additional compensation for certain Medi-Cal related services rendered in SFY 2017-18. The Governor's May Revision released on May 11, 2018 proposes extension of Proposition 56 for SFY 2018-19. The proposed SFY 2018-19 extension included new reimbursement rates and eligible procedure codes.

DHCS released guidance related to Proposition 56 provider payment methodologies through All Plan Letter (APL) 18-010 on May 1, 2018. Proposition 56 provider payments apply to certain Medi-Cal covered medical and behavioral health services. CalOptima administers medical services through its direct networks: CalOptima Community Network (CCN) and CalOptima Direct (COD), or delegated health networks. On June 7, 2018, the CalOptima Board of Directors approved the methodology for the disbursement of Proposition 56 payments with the understanding that the same process would be utilized should provisions under Proposition 56 be extended past SFY 2017-18. Additionally, on June

Back to Agenda
Back to Item
Back to Item

7, 2018, the CalOptima Board of Directors approved health network and physician contract amendments to effectuate Proposition 56 payments.

On September 25, 2018 DHCS verbally instructed Medi-Cal Managed Care Plans to continue paying the established SFY 2017-18 Proposition 56 criteria, rates, and procedure codes for services rendered in SFY 2018-19 until DHCS finalizes the SFY 2018-19 Proposition 56 requirements. On September 26, 2018, DHCS confirmed this guidance in writing. To continue Proposition 56 provider payments, health network contracts need to be amended to extend the dates of service eligible for Proposition 56 payments into SFY 2018-19. CalOptima staff will seek subsequent Board action once SFY 2018-19 Proposition 56 criteria, rates, and procedure codes are finalized and communicated by DHCS.

Fiscal Impact

The recommended action to enter into contract amendments with Medi-Cal health networks to continue Proposition 56 provider payments to eligible providers in SFY 2018-19 and for future periods, if enacted with appropriate funding levels, is expected to be budget neutral to CalOptima. CalOptima received initial funding of $4.26 per member per month (PMPM) for SFY 2017-18 Proposition 56 payments in the monthly capitation payment from DHCS beginning on April 30, 2018. Since then, DHCS has included Proposition 56 funding in subsequent capitation payments.

Staff anticipates that Proposition 56 revenues will be sufficient to cover the total costs of the physician services payments in SFY 2018-19. However, since Proposition 56 funding will not be subject to a retrospective reconciliation, plans will be at risk for any expenses that exceed revenue. Assuming that actual utilization during the effective period will be similar to historic experience levels, staff projects the net fiscal impact will be budget neutral.

Rationale for Recommendation

The recommended action will enable CalOptima to be complaint with Proposition 56 requirements.

Concurrence

Gary Crockett, Chief Counsel

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 7, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item
47. Consider Actions for the Implementation of Proposition 56 Provider Payment

Contact
Greg Hamblin, Chief Financial Officer, (714) 246-8400
Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Action
Approve methodology for the disbursement of Proposition 56 physician services payments to eligible Medi-Cal providers.

Background
The California Healthcare, Research and Prevention Tobacco Tax Act (Proposition 56) increases the excise tax rate on cigarettes and tobacco products. A portion of Proposition 56 revenue is allocated for existing health care programs administered by the Department of Health Care Services (DHCS), including reimbursement in the Denti-Cal and Medi-Cal programs. As part of the Budget Act of 2017, Proposition 56 funds were appropriated for State Fiscal Year (SFY) 2017-18. Under Proposition 56, Medi-Cal Managed Care Plans (MCPs) are required to provide additional compensation for certain Medi-Cal related services rendered in SFY 2017-18. Supplemental payments are to be made to providers based on a DHCS-provided set of procedure codes for certain physician services, Intermediate Care Facilities for the Developmentally Disabled (ICF-DDs), and women's health services for pregnancy termination. The Governor's May Revision released on May 11, 2018 proposes extension of Proposition 56 for SFY 2018-19.

DHCS released guidance related to Proposition 56 provider payment methodologies through All Plan Letter (APL) 18-010 on May 1, 2018. CalOptima began receiving initial funding for Proposition 56 payments in its monthly capitation received on April 30, 2018 and will continue to receive Proposition 56 funding in subsequent capitation payments. DHCS expects Proposition 56 payments be passed through to eligible providers for the initial payment within 90 calendar days of the MCP receiving capitation from DHCS. Subsequent payments are to be made within 90 calendar days of receiving a clean claim or accepted encounter.

Providers contracted with CalOptima or a delegated entity rendering one of the designated Medi-Cal covered services between July 1, 2017 and June 30, 2018 are eligible for Proposition 56 payments in addition to the provider's contract rate or capitation. However, the following provider types are not eligible to receive Proposition 56 payments: Federally Qualified Health Centers (FQHCs), Rural Health Clinics (RHCs), American Indian Health Programs (AIHPs) and cost-based reimbursement clinics. The following DHCS-provided procedure codes are eligible for supplemental payments:

Back to Agenda

Medi-Cal Covered Service Code	Service Code Description	Directed Payment
99201	Office/Outpatient Visit New	$10.00
99202	Office/Outpatient Visit New	$15.00
99203	Office/Outpatient Visit New	$25.00
99204	Office/Outpatient Visit New	$25.00
99205	Office/Outpatient Visit New	$50.00
99211	Office/Outpatient Visit Est	$10.00
99212	Office/Outpatient Visit Est	$15.00
99213	Office/Outpatient Visit Est	$15.00
99214	Office/Outpatient Visit Est	$25.00
99215	Office/Outpatient Visit Est	$25.00
90791	Psychiatric Diagnostic Eval	$35.00
90792	Psychiatric Diagnostic Eval with Medical Services	$35.00
90863	Pharmacologic Management	$5.00

The DHCS guidance requires MCPs to maintain a formal process for provider grievances with respect to payment and non-payment of Proposition 56 directed payments. Specific Proposition 56 reporting will be required by DHCS on a quarterly basis. MCPs are required to ensure that their delegated entities and subcontractors comply with the terms and requirements of the DHCS guidance.

Discussion

Proposition 56 provider payments apply to Medi-Cal covered medical and behavioral health services. CalOptima administers medical services through its direct networks, CalOptima Community Network (CCN) and CalOptima Direct (COD), or a delegated health network. Prior to January 1, 2018, CalOptima provided behavioral health services through a delegated Managed Behavioral Healthcare Organization (MBHO). Beginning January 1, 2018, CalOptima transitioned away from using a MBHO for its Medi-Cal program and began providing these services through providers contracted directly with CalOptima. To comply with Proposition 56 requirements, CalOptima staff recommends utilizing its current direct and delegated models for both the initial and ongoing payment distributions.

Initial Payments

Following the initial payment received from DHCS on April 30, 2018, CalOptima recommends providing an initial catch-up payment for dates of service (DOS) July 1, 2017 to the current date. In order to process the initial catch-up payment, historical claims and encounter data will be utilized to identify and process the additional payments retroactively. Initial payments must be distributed to providers no later than July 29, 2018. The following is recommended for initial payments:

- CalOptima Direct, CalOptima Community Network and behavioral health providers: CalOptima to utilize claims and encounter data to identify and appropriately pay providers retroactively for claims submitted for DOS July 1, 2017 through the initial catch-up date.

- Health networks:
  Health networks utilize claims and encounter data to identify and appropriately pay providers retroactively for claims submitted for DOS July 1, 2017 through the initial catch-up date. CalOptima will prefund the health networks for estimated medical costs. Health networks will be required to submit a provider payment confirmation report to CalOptima. Once provider payment is confirmed, the remaining medical cost will be reconciled plus a 2% administrative component based on total medical costs will be remitted to the health networks

Ongoing Processing
Once the initial payment is distributed, future Proposition 56 provider payments must be made within 90 calendar days of receipt of a clean claim or adjusted encounter. The following is recommended for ongoing processing provided that CalOptima continues to receive Proposition 56 funds:

- CalOptima Direct, CalOptima Community Network and behavioral health providers:
  CalOptima will pay providers within 90 calendar days of receipt of a clean claim or accepted behavioral health encounter.

- Health Networks:
  Health networks will pay providers within 90 calendar days of receipt of a clean claim or accepted encounter. Concurrently, CalOptima will utilize existing health network reporting processes to identify claims and encounters eligible for Proposition 56 payments. Health networks will be required to submit provider payment confirmation that the eligible Proposition 56 claims and encounter payments were issued on a monthly basis or other agreed upon schedule. Reports will be due within 15 calendar days of the end of the reporting period. Once provider payment is confirmed, CalOptima will reimburse the health network medical costs plus a 2% administrative component.

Current processes will be leveraged for Proposition 56 specific reporting, provider grievances and health network claims payment audit and oversight to comply with the Proposition 56 requirements. Additionally, current policy and processes will be followed related to provider payment recoupment, where applicable.

This process applies to physician services only as outlined in Proposition 56 and APL 18-010. The same process will be leveraged should provisions under Proposition 56 be extended past SFY 2017-18. Separately, implementation of Proposition 56 will require modifications to the current health network contracts. CalOptima staff will seek subsequent Board action to the extent required.

Fiscal Impact
The recommended action to approve the Proposition 56 physician services payment methodology for eligible Medi-Cal providers is expected to be budget neutral to CalOptima. Based on the draft capitation rates provided by DHCS, Staff anticipates that Proposition 56 revenues will be sufficient to cover the total costs of the physician services payments during SFY 2017-18. However, since DHCS will not provide a retrospective reconciliation for Proposition 56 funding, plans will be at risk for any expense exceeding the funded amount. Assuming that actual utilization during the effective period will be similar to historic experience levels, Staff projects the net fiscal impact will be budget neutral.

Rationale for Recommendation
The recommended action will enable CalOptima to be compliant with Proposition 56 requirements.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 6, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

25. Consider Authorizing Amended and Restated Medi-Cal Health Network Contract for Kaiser Foundation Health Plan, Inc to Incorporate Changes Related to Department of Health Care Services Regulatory Guidance and Amend Capitation Rates

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400
Nancy Huang, Interim Chief Financial Officer, (714) 246-8400

Recommended Actions

Authorize the Chief Executive Officer (CEO), with the assistance of Legal Counsel, to enter into an Amended and Restated Health Network Contract with Kaiser Foundation Health Plan, Inc., effective June 30, 2019 that address the following:

a) Changes to reflect requirements as set forth in the California Department of Health Care Services (DHCS) All Plan Letter (APL) 19-001, Medi-Cal Managed Care Health Plan Guidance on Network Provider Status, as well as other relevant statutory, regulatory, and/or contractual requirements; and
b) Amended capitation rates for assigned members effective July 1, 2019.

Background/Discussion

On December 6, 2018, the Board authorized extension of CalOptima's Medi-Cal Health Network contracts to June 30, 2020. In the interim, there have been numerous initiatives, APLs, and other regulatory updates which necessitate the revision of contract terms. Additionally, the Health Network contracts have been amended numerous times over the years reflecting program, compensation and/or regulatory changes and these changes need to be incorporated in a master template contract. At this time, Staff requests authority to issue an amended and restated Health Network contract incorporating previously approved amendments, changes to address regulatory guidance and amended capitation rates.

In 2016, the Center for Medicare & Medicaid Services (CMS) released a comprehensive revision of the federal Medicaid Managed Care and Child Health Insurance Program (CHIP) regulations. The intent of the regulations is to align the managed care requirements of Medicaid with those for Medicare. As specified in the contract with DHCS, CalOptima is required to incorporate some of the revised regulations into CalOptima's contracts with Health Networks. On January 17, 2019, DHCS issued APL 19-001 that identified the provisions that must be included in network provider contracts to meet state and federal contracting requirements.

In addition to the changes to the contract terms reflected in APL 19-001, Staff has incorporated additional statutory, regulatory and contractual revisions which include, but are not limited to: emergency services notification requirements; Government Claims Act specifications; and, document and data submissions certification obligations.

Back to Agenda
Back to Item
Back to Item

Fiscal Impact

The recommended action to enter into amended and restated Medi-Cal Health Network contracts to comply with requirements in DHCS APL 19-001, and other relevant statutory, regulatory, and/or contractual requirements is not expected to have a fiscal impact.

The anticipated Medi-Cal revenue for FY 2019-20 is projected to be sufficient to cover the costs of the recommended action to amend capitation rates for assigned members effective July 1, 2019. Management has included projected expenses associated with the extended contracts in the proposed CalOptima FY 2019-20 Operating Budget pending Board approval.

Rationale for Recommendation

CalOptima staff recommends these actions to fulfill regulatory requirements.

Concurrence

Gary Crockett, Chief Counsel

ALL PLAN LETTER 19-001

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS

SUBJECT: MEDI-CAL MANAGED CARE HEALTH PLAN GUIDANCE ON NETWORK PROVIDER STATUS

PURPOSE:
The purpose of this All Plan Letter (APL) is to provide guidance to Medi-Cal managed care health plans (MCPs) regarding how the Department of Health Care Services (DHCS) evaluates Network Provider status in order to promote consistency between federal regulations, Medi-Cal managed care contracts, state law, APLs, and similar instructions. It is the general intention of DHCS to apply this policy related to Network Provider contracting requirements in a standardized manner, to the extent appropriate, across relevant contexts, including MCP Network Provider and Subcontractor agreements, provider directory reporting, network adequacy certification, and directed payments pursuant to Title 42 of the Code of Federal Regulations (CFR) Section 438.6(c).[1]

BACKGROUND:
In May 2016, the Centers for Medicare and Medicaid Services (CMS) released the Final Rule in the Federal Register applicable to Medicaid managed care programs (Final Rule).[2] The Final Rule did not eliminate or weaken any of the existing requirements found in the current Medi-Cal managed care contract, but rather updated the managed care regulations to include new and expanded requirements for MCP Subcontractors and separately defined Network Providers.[3] In implementing the Final Rule, DHCS submitted contract amendments to CMS to bring its existing provisions related to "Subcontracts" into compliance with the new and more stringent federal requirements.[4] As of now, and consistent with historical practice and Title 22 of the California Code of

[3] See 42 CFR 438.2, "Definitions."
[4] Note that references to contract provisions in this document reflect changes made by the 2017 Final Rule amendment (identified as Package 42, an updated version of which was shared with MCPs in January 2018). To date the amendment is pending approval by CMS, and is anticipated to be finalized with minimal changes.

Regulations (CCR) Section 53250,[5] DHCS is maintaining uniformity to the extent appropriate with respect to the requirements for all "Subcontracts," regardless of whether the agreement is between an MCP and an entity defined as a "Subcontractor" or "Network Provider" under 42 CFR Section 438.2.[6]

While the guidance in this APL on how DHCS will evaluate compliance is prospective, many of these obligations were imposed as of July 1, 2017, in accordance with the Final Rule.

Additional guidance on what constitutes an eligible Network Provider for directed payment programs is set forth on the DHCS Directed Payments web page.[7]

POLICY:

I. **Required Characteristics of Network Providers**
Effective on or after July 1, 2019, a Network Provider, as defined in 42 CFR Section 438.2 and the Medi-Cal managed care contract in Exhibit E, Attachment 1, Definitions, must:

1. Have an executed written Network Provider Agreement with the MCP or a Subcontractor of the MCP that meets all the requirements set forth in Attachment A of to this APL;
2. Be enrolled in accordance with APL 17-019,[8] the Medi-Cal Managed Care Provider Enrollment Frequently Asked Questions (FAQ) document, or any subsequent APL or FAQ update on the topic, unless enrollment is not required as specified by DHCS;
3. Be reported on the MCP's 274 file submitted to DHCS, for all applicable filings, in accordance with APL 16-019 or any subsequent APL on the topic and the most recent DHCS 274 Companion Guide; and

---

[5] The CCR is searchable at: https://govt.westlaw.com/calregs/Search/Index
[6] The Medi-Cal managed care contract defines the term Subcontract to include both Subcontractors and Network Providers (as those terms are defined under 42 CFR Section 438.2), and all requirements listed in Paragraph B of Provision 14 of Exhibit A, Attachment 6 apply to Network Providers. A provider may maintain Network Provider status without an agreement directly with an MCP, if they are connected through a series of Subcontracts, so long as those Subcontracts also meet all applicable state and federal law and contract requirements as well as DHCS guidance, including all applicable APLs and Policy Letters (PLs), in particular, but not limited to, those requirements in Exhibit A, Attachment 6, Provision 14 and APL 17-004 (or any subsequent APL on the topic). That chain of Subcontracts may include an entity that is also a Network Provider, who, as a result of taking on an administrative function of contracting for care (and not providing that care itself), also meets the definition of a "Subcontractor."
[7] The DHCS directed payment web page is available at: https://www.dhcs.ca.gov/services/Pages/DirectedPymts.aspx
[8] APLs are available at: https://www.dhcs.ca.gov/formsandpubs/Pages/AllPlanLetters.aspx

4. Be included on all network adequacy filings that occur within the effective dates of the written Network Provider Agreement, in accordance with APL 18-005, or any subsequent APL on the topic, following the execution of the agreement. This does not automatically require the provider to be listed on a provider directory, nor does it require the inclusion of a Network Provider on network adequacy filings if such inclusion would be inappropriate due to timing or other circumstances, as discussed in APL 18-005.

For contract/rating periods commencing on or after July 1, 2019, when DHCS references Network Providers in guidance, information, instruction, or communications, it will refer to providers who meet the criteria outlined in this APL, unless expressly noted otherwise. MCPs must use the guidance provided in this APL and the checklist provided in Attachment A to update current Network Provider Agreement boilerplates for compliance before submitting to DHCS for review and approval. Note that this APL, including its attachment, is not an exhaustive list of all MCP duties related to Network Providers, and it is not intended to alter or limit an MCP's statutory and/or contractual obligations, nor does it limit an MCP's oversight obligations. MCPs are responsible for complying with all applicable state and federal law and contract requirements as well as DHCS guidance, including all applicable APLs and PLs.

A provider that does not meet the criteria for a Network Provider shall not be reported on the 274 file or as part of the MCP's network adequacy filings.

II. Written Network Provider Agreement Requirements

In order to ensure alignment with the DHCS criteria for Network Providers across applicable settings, all MCPs must ensure that their Network Provider Agreements comply with current and applicable Medi-Cal managed care contract requirements.

In accordance with the current Medi-Cal managed care contracts and 22 CCR Section 53250, all Network Provider Agreement boilerplates must be submitted to DHCS for review and approval before use. A checklist of the required elements for these agreements is included as Attachment A of this APL. Where an MCP's relationship with a Network Provider includes one or more sub-delegated entities or a hospital to hospital agreement, each Subcontractor agreement that links the MCP to the Network Provider must also comply with all applicable state and federal law and contract requirements as well as DHCS guidance, including all applicable APLs and PLs, in particular, but not limited to, those in Exhibit A, Attachment 6, Provision 14 and APL 17-004 (or any subsequent APL on the topic).

III. DHCS Review and Approval of Network Provider Agreement Boilerplate Compliance

As stated above, MCPs are required to submit Network Provider Agreement boilerplates that have been updated in accordance with the requirements in this APL to DHCS for review and approval prior to use. MCPs are also responsible for complying with all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including APLs and PLs, as they relate to Network Provider requirements and Network Provider Agreements.

MCPs will have 60 days from the release date of this APL to submit updated Network Provider Agreement boilerplates for hospital providers and 120 days from the release date of this APL to submit updated Network Provider Agreement boilerplates for non-hospital providers to their DHCS contract manager.

The timing for DHCS to review these Network Provider Agreement boilerplates will follow the current 60-day review timing requirements as outlined in the Medi-Cal managed care contract under Exhibit E, Attachment 3, Duties of the State, DHCS Approval Process.

If an MCP has a timing issue that would require a Network Provider Agreement boilerplate to be approved for use by DHCS sooner than the 60-day review period would allow, the MCP must notify its DHCS Contract Manager to arrange an alternate timing agreement.

IV. Directed Payment Impacts

All MCPs must comply with the terms of all directed payments approved by CMS in accordance with 42 CFR Section 438.6(c), as documented in CMS-approved preprints, state law, and/or as implemented by DHCS through APL or other similar guidance. All such guidance is available at the DHCS Directed Payments web page. If a Network Provider Agreement does not meet the Network Provider criteria set forth in this APL and/or in DHCS guidance regarding directed payments, the services provided under that agreement will not be eligible for directed payments for rating periods commencing on or after July 1, 2019. For pooled directed payments where DHCS retrospectively calculates final payments based on the actual reported utilization of eligible services, MCPs must continue to provide supplemental encounter/service-level data, in a manner and at times specified by DHCS. This information will aid in identifying the subset of services provided under a Network Provider Agreement that meet the Network Provider criteria set forth in this APL and/or in DHCS guidance regarding directed payments.

MCPs are responsible for ensuring that their delegates comply with all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including APLs and PLs. These requirements must be communicated by each MCP to all delegated entities and subcontractors.

If you have any questions regarding this APL, please contact your Managed Care Operations Division Contract Manager.

Sincerely,

Original signed by Nathan Nau

Nathan Nau, Chief
Managed Care Quality and Monitoring Division

Attachment(s)

ALL PLAN LETTER 19-001
Attachment A

Attachment A: Network Provider Agreement Boilerplate Checklist

This Attachment establishes a checklist for MCPs to use in connection with their development of Network Provider Agreement templates. It is not intended to alter or limit an MCP's statutory and/or contractual obligations, nor does it limit an MCP's oversight obligations. MCPs are responsible for complying with all applicable state and federal law and contract requirements as well as DHCS guidance, including all applicable All Plan Letters and Policy Letters.

Network Provider Agreements must contain:	
1	Specification of the services to be provided by the Network Provider. Citation: Managed Care Plan Contract (MCP Contract), Exhibit A, Attachment 6, Provision 14.B.1 and Title 22, CCR, Sections 53250(c)(1) and 53867.[1]
2	Specification that the Network Provider Agreement must be governed by and construed in accordance with all laws and applicable regulations governing the Contract between Contractor and DHCS. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.2 and Title 22, CCR, Sections 53250(c)(2) and 53867.
3	Specification that the Network Provider Agreement or its amendments will become effective only as set forth in Exhibit A, Attachment 6, Provision 13.C. Departmental Approval – Non-Federally Qualified HMOs, or 13.D, Departmental Approval – Federally Qualified HMOs. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.3 and Title 22, CCR, Sections 53250(c)(3) and 53867.
4	Specification of the term of the Network Provider Agreement, including beginning and ending dates, methods of extension, renegotiation, and termination. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.4 and Title 22, CCR, Sections 53250(c)(4) and 53867.
5	Language comparable to Exhibit A, Attachment 8, Provision 13. Contracting & Non-Contracting Emergency Service Providers & Post-Stabilization, for those Network Providers at risk for non-contracting emergency services. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.5.
6	Network Provider's agreement to submit reports as required by Contractor. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.6, Exhibit A, Attachment 3, Provision 2.C and 2.G, and Title 22, CCR, Sections 53250(c)(5) and 53867.

[1] Note that references to contract provisions in this document reflect changes made by the 2017 Final Rule amendment (identified as Package 42, an updated version of which was shared with MCPs in January 2018). To date, the amendment is pending approval by CMS and is anticipated to be finalized with minimal changes.

7	Specification that the Network Provider must comply with all monitoring provisions of the MCPs' contracts and any monitoring requests by DHCS. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.7, 42 CFR 438.3(h), and Title 22, CCR, Sections 53250(e)(1) and 53867.
8	Network Provider's agreement to make all of its premises, facilities, equipment, books, records, contracts, computer and other electronic systems pertaining to the goods and services furnished under the terms of the Network Provider Agreement, available for the purpose of an audit, inspection, evaluation, examination or copying, including but not limited to Access Requirements and State's Right to Monitor, as set forth in Exhibit E, Attachment 2, Provision 20. Inspection Rights: a) By DHCS, CMS, Department of Health and Human Services (DHHS) Inspector General, the Comptroller General, Department of Justice (DOJ), and Department of Managed Health Care (DMHC), or their designees. b) At all reasonable times at the Network Provider's place of business or at such other mutually agreeable location in California. c) In a form maintained in accordance with the general standards applicable to such book or record keeping. d) For a term of at least ten (10) years from the final date of the Contract period or from the date of completion of any audit, whichever is later. e) Including all Encounter Data for a period of at least ten (10) years. f) If DHCS, CMS, or the DHHS Inspector General determines there is a reasonable possibility of fraud or similar risk, DHCS, CMS, or the DHHS Inspector General may inspect, evaluate, and audit the Network Provider at any time. g) Upon resolution of a full investigation of fraud, DHCS reserves the right to suspend or terminate the Network Provider from participation in the Medi-Cal program; seek recovery of payments made to the Network Provider; impose other sanctions provided under the State Plan, and direct Contractor to terminate their Network Provider Agreement due to fraud. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.8, Exhibit E, Attachment 2, Provision 20, and 42 CFR 438.3(h).

9	Full disclosure of the method and amount of compensation or other consideration to be received by the Network Provider. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.9 and Title 22, CCR, Sections 53250(e)(2) and 53867.
10	Network Provider's agreement to maintain and make available to DHCS, upon request, copies of all sub-subcontracts and to ensure that all sub-subcontracts are in writing and require that the Network Provider: a) Make all premises, facilities, equipment, applicable books, records, contracts, computer, or other electronic systems related to this Contract, available at all reasonable times for audit, inspection, examination, or copying by DHCS, CMS, or the DHHS Inspector General, the Comptroller General, DOJ, and DMHC, or their designees. b) Retain such books and all records and documents for a term minimum of at least ten (10) years from the final date of the Contract period or from the date of completion of any audit, whichever is later. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.10.
11	Network Provider's agreement to assist Contractor in the transfer of care pursuant to Exhibit E, Attachment 2, Provision 14. Phase out Requirements, Subparagraph B in the event of contract termination. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.11.
12	Network Provider's agreement to assist Contractor in the transfer of care in the event of sub-subcontract termination for any reason. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.12.
13	Network Provider's agreement to notify DHCS in the event the agreement with the Contractor is amended or terminated. Notice is considered given when properly addressed and deposited in the United States Postal Service as first-class registered mail, postage attached. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.13 and Title 22, CCR, Sections 53250(e)(4) and 53867.
14	Network Provider's agreement that assignment or delegation of the Network Provider Agreement or Subcontract will be void unless prior written approval is obtained from DHCS. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.14 and Title 22, CCR, Sections 53250(e)(5) and 53867.
15	Network Provider's agreement to hold harmless both the State and Members in the event Contractor cannot or will not pay for services performed by the Network Provider pursuant to the Network Provider Agreement. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.15 and Title 22, CCR, Sections 53250(e)(6) and 53867.

16	Network Provider's agreement to timely gather, preserve and provide to DHCS, any records in the Network Provider's possession, in accordance with Exhibit E, Attachment 2, Provision 24. Records Related to Recovery for Litigation. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.16.
17	Network Provider's agreement to provide interpreter services for Members at all Provider sites. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.17.
18	Network Provider's right to submit a grievance and Contractor's formal process to resolve Provider Grievances. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.18.
19	Network Provider's agreement to participate and cooperate in Contractor's Quality Improvement System. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.19.
20	If Contractor delegates Quality Improvement activities, the Network Provider Agreement must include those provisions stipulated in Exhibit A, Attachment 4, Provision 6. Delegation of Quality Improvement Activities. Contractor and delegated entity (Network Provider) must include in their Network Provider Agreement, at minimum: 1) Quality improvement responsibilities, and specific delegated functions and activities of the Contractor and Network Provider. 2) Contractor's oversight, monitoring, and evaluation processes and Network Provider's agreement to such processes. 3) Contractor's reporting requirements and approval processes. The agreement must include Network Provider's responsibility to report findings and actions taken as a result of the quality improvement activities at least quarterly. 4) Contractor's actions/remedies if Network Provider's obligations are not met. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.20 and Exhibit A, Attachment 4, Provision 6.A.
21	Network Provider's agreement to comply with all applicable requirements of the DHCS, Medi-Cal Managed Care Program. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.21.
22	Network Provider's agreement to revoke the delegation of activities or obligations, or specify other remedies in instances where DHCS or Contractor determine that the Network Provider has not performed satisfactorily. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.22, 42 CFR 438.230(c)(iii), and Title 22, CCR, Sections 53250 and 53867.

23	To the extent that the Network Provider is responsible for the coordination of care for Members, Contractor's agreement to share with the Network Provider any utilization data that DHCS has provided to Contractor, and the Network Provider's agreement to receive the utilization data provided and use it as the Network Provider is able for the purpose of Member care coordination. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.23 and 42 CFR 438.208.
24	Contractor's agreement to inform the Network Provider of prospective requirements added by DHCS to Contractor's Contract with DHCS before the requirement would be effective, and Network Provider's agreement to comply with the new requirements within 30 days of the effective date, unless otherwise instructed by DHCS and to the extent possible. Citation: MCP Contract, Exhibit A, Attachment 6, Provision 14.B.24.
25	A provision requiring Network Providers to submit to Contractor complete, accurate, reasonable, and timely provider data needed by Contractor in order for Contractor to meet its provider data reporting requirements to DHCS. Citation: MCP Contract, Exhibit A, Attachment 3, Provision 1; APL 16-019, and any subsequent updates.
26	A provision requiring Network Providers to submit to Contractor complete, accurate, reasonable, and timely Encounter Data needed by Contractor in order for Contractor to meet its encounter data reporting requirements to DHCS. Citation: MCP Contract, Exhibit A, Attachment 3, Provisions 2.C and 2.G.; APL 14-019, and any subsequent updates.
27	A provision prohibiting Network Providers from balance billing a Medi-Cal member. Citation: MCP Contract, Exhibit A, Attachment 8, Provision 6.
28	A provision stating that Contractor will provide cultural competency, sensitivity, and diversity training. Citation: MCP Contract, Exhibit A, Attachment 9, Provision 13.E.
29	A provision confirming a Network Provider's right to access Contractor's dispute resolution mechanism. Citation: Health & Safety Code §1367 (h)(1).
30	A provision requiring that Network Providers comply with language assistance standards developed pursuant to Health & Safety Code §1367.04.
31	A provision confirming that Network Providers are entitled to all protections afforded them under the Health Care Providers' Bill of Rights. Citation: Health & Safety Code §1375.7

CalOptima Board Action Agenda Referral

Action To Be Taken December 6, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item

8. Consider Authorizing Amendments to the Health Network Medi-Cal Contracts and Policies and Procedures to Align with the Anticipated Whole-Child Model Implementation Date

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400

Recommended Actions

1. Authorize the Chief Executive Officer (CEO) to enter into amendments of the Medi-Cal health network contracts, with the assistance of Legal Counsel, to:
    a. Postpone the payment of capitation for the Whole-Child Model (WCM) until the new program implementation date of July 1, 2019 or the Department of Health Care Services (DHCS)-approved commencement date of the CalOptima WCM program, whichever is later;
    b. Authorize the continued payment to fund the Personal Care Coordinators at existing levels for WCM members for the period January 1, 2019 - June 30, 2019;
    c. Extend the health network contracts to June 30, 2020, with CalOptima retaining the right to implement rate changes, whether upward or downward, based on rate changes implemented by the State; and
2. Authorize modification of existing WCM-related Policies and Procedures to be consistent with the DHCS-approved commencement date of the CalOptima WCM program.

Background

The California Children's Services (CCS) Program is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children (to age 21) meeting financial and health condition eligibility criteria. On September 25, 2016, Governor Brown signed Senate Bill (SB) 586 into law, which authorizes the California Department of Health Care Services (DHCS) to incorporate CCS services into Medi-Cal managed care plan (MCP) contracts for county organized health systems (COHS). This transition is referred to as the WCM program. WCM's goals include improving coordination and integration of services to meet the needs of the whole child, retaining CCS program standards, supporting active family participation, and maintaining member-provider relationships, where possible.

DHCS is implementing the WCM program on a phased-in basis, with implementation for Orange County originally scheduled to begin no sooner than January 1, 2019. On that date, CalOptima was to assume financial responsibility for the authorization and payment of CCS-eligible medical services, including service authorizations activities, claims management (with some exceptions), case management, and quality oversight.

Back to Agenda
Back to Item
Back to Item

To that end, CalOptima has been working with the DHCS to define and meet the requirements of implementation. Of importance to the DHCS, is the sufficiency of the contracted CCS-paneled providers to serve members with CCS-eligible conditions and the assurance that all members have access to these providers. On November 9, the State notified CalOptima that the transition of the Whole-Child Model in Orange County will be delayed until DHCS approved commencement date of the CalOptima WCM program, currently anticipated for July 1, 2019.

The State has determined that additional time is needed to plan the transition of the CCS membership due to the large number of members with CCS eligible conditions and the complexities associated the delegated delivery model. With nearly 13,000 members with CCS eligible conditions, CalOptima has the largest membership transitioning to WCM.

The health network contracts currently expire on June 30, 2019, which is prior to the currently targeted implementation date for the WCM. These contracts are typically extended on a year-to-year basis after the Board has approved an extension. The health networks each sign amendments reflecting any new terms and conditions. The currently anticipated July 1, 2019 effective date coincides with the start of the State's fiscal year and the amendment includes modification to capitation rates, if applicable, based on changes from DHCS, and any regulatory and other changes as necessary. The State typically provides rates to CalOptima in April or May, which is close to the start of the next fiscal year. The timing has made it difficult to analyze, present, vet and receive signed amendments from health networks prior to the beginning of the next year.

Discussion

In anticipation of the original January 1, 2019 WCM program implementation, staff issued health network amendments specifying the terms of participation in the WCM program. The amendment includes CalOptima's responsibility to pay WCM capitation rates effective January 1, 2019. With the delay in implementation of the WCM for six months, staff requests authority to amend the health network contracts such that the obligation to pay capitation rates for WCM services will take effect with the new anticipated commencement date to be approved by the state, currently anticipated to be July 1, 2019. WCM related policy and procedures will also be updated to reflect the new implementation date.

In addition, the Board authorized the funding the health networks for Personal Care Coordinators (PCC) for members with CCS eligible conditions. The payment for the PCCs began in October 2018 to the health networks to hire and train coordinators prior to the then anticipated program implementation date of January 1, 2019. Most of the health networks have hired the coordinators in anticipation of the original effective date. Because the late notification of the delay in the WCM start date in Orange County, and the health networks commitment to hire staff, staff recommends that the funding be continued at the prescribed level until the beginning of the program. At that time, the funding will be adjusted, to reflect the quality of the services provided by the health networks.

As noted above, health network contracts currently are set to terminate on June 30, 2019, which is prior to the anticipated commencement date of the CalOptima WCM program. In order to obtain health network commitment to the WCM program and allow the networks to adequately review and comment

on any changes to the contracts for the next fiscal year, staff is asking for authority to extend the contracts through June 30, 2020. Staff also requests the authority to amend the health network contracts to adjust capitation rates retroactively to the DHCS-approved commencement date of the CalOptima WCM program once the State rates have been received and analyzed.

Fiscal Impact

The Fiscal Year (FY) 2018-19 Operating Budget approved by the Board on June 7, 2018, included revenues, medical expenses and administrative expenses with an anticipated implementation date of January 1, 2019. Due to the delayed implementation date, WCM program revenues and expenses, with the exception of start-up and PCC costs, are currently expected to begin on July 1, 2019. Therefore, the recommended action to postpone the capitation payments for the WCM program until the new implementation date of July 1, 2019, is expected to be budget neutral.

The fiscal impact of payments to PCCs at existing levels for WCM members for the period of January 1, 2019, through June 30, 2019, is projected at $672,000. Management anticipates that the fiscal impact of the total start-up and PCC costs related to the WCM program through June 30, 2019, are budgeted and will have no additional fiscal impact to the Medi-Cal operating budget.

The recommended action to extend health network contracts to June 30, 2020, is budget neutral for the remainder of FY 2018-19. Management will include any associated expenses related to the contract extensions in the FY 2019-20 Operating Budget.

Rationale for Recommendation

The recommended action will clarify and facilitate the implementation of the Whole Child Model effective upon the DHCS-approved commencement date of the CalOptima WCM program, currently anticipated to be July 1, 2019. This will also allow the health networks adequate time to review and analyze any changes to the contract which may be required.

Concurrence

Gary Crockett, Chief Counsel

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken August 2, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item

5. Consider Authorizing Amendment of the CalOptima Medi-Cal Physician Hospital Consortium Health Network Contracts for AMVI Care Health Network, Family Choice Network, and Fountain Valley Regional Medical Center

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400
Greg Hamblin, Chief Financial Officer, (714) 246-8400

Recommended Actions

Authorize the Chief Executive Officer (CEO), with the assistance of Legal Counsel. to enter into contract amendments of the Physician Hospital Consortium (PHC) health network contracts, for AMVI Care Health Network, Family Choice Network, and Fountain Valley Regional Medical Center to:

1. Modify the rebased capitation rates for the Medi-Cal Classic population, effective January 1, 2019, as authorized in a separate Board action;
2. Modify capitation rates effective January 1, 2019, to include rates associated with the Whole Child Model program to the extent authorized by the Board of Directors in a separate Board action;
3. Amend the contract terms to reflect applicable regulatory changes and other requirements associated with the Whole-Child Model (WCM); and
4. Extend contracts through June 30, 2019.

Background

CalOptima pays its health networks according to the same schedule of capitation rates, which are adjusted by Medi-Cal aid category, gender and age. The actuarial cost model, upon which the rates are based, was developed by consultant Milliman Inc. utilizing encounter and claims data. CalOptima periodically increases or decreases the capitation rates to account for increases or decreases in capitation rates from the Department of Health Care Services (DHCS) or to account for additional services to be provided by the health networks. An example of this is the recent capitation rate change to account for the transition of the payment of Child Health Disability Program (CHDP) services from CalOptima to the health networks.

It is incumbent on CalOptima to periodically review the actuarial cost model to ensure that the rate methodology, and the resulting capitation rates, continue to allocate fiscal resources commensurate with the level of medical needs of the populations served. This review and adjustment of capitation rates is referred to as rebasing. Staff has worked with Milliman Inc. to develop a standardized rebasing methodology that was previously adopted and approved by CalOptima and the provider community.

The California Children's Services (CCS) Program is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children (to age 21) meeting financial and health condition eligibility criteria. On September 25, 2016, Governor Brown signed

Senate Bill 586 into law, which authorizes DHCS to incorporate CCS services into Medi-Cal Managed Care Plan (MCP) contracts for county organized health systems (COHS). This transition is referred to as the Whole-Child Model (WCM). WCM's goals include: improving coordination and integration of services to meet the needs of the whole child; retaining CCS program standards; supporting active family participation; and maintaining member-provider relationships where possible.

DHCS is implementing WCM on a phased basis; Orange County's implementation will be no sooner than January 1, 2019. Based on this schedule, CalOptima will assume responsibility for authorization and payment of CCS-eligible medical services including service authorization activities, claims (with some exceptions), case management, and quality oversight. At the June 7, 2018 Board meeting, staff received authority to proceed with several actions related to the WCM program including carving CCS services into the health network contract.

At the June 7, 2018 Board meeting, the Board of Directors authorized the extension of the health network contracts through December 31, 2018. The six-month extension, as opposed to the normal one-year extension, was made to allow staff to review, adjust and vet capitation rates and requirements associated with the transition of the CCS program from the State and County to CalOptima and the complete the capitation rate rebasing initiative. Both of these program changes are effective January 1, 2019.

Discussion

Rebasing: CalOptima last performed a comprehensive rate rebasing in 2009. The goal of rebasing is to develop actuarially sound capitation rates that properly aligns capitation payments to a provider's delegated risks. To ensure that providers are accurately and sufficiently compensated, rebasing should be performed on a periodic basis to account for any material changes to medical costs and utilization patterns. To that end, staff has been working with Milliman Inc. to analyze claims utilization data and establish updated capitation rates that reflect more current experience. As proposed, only professional and hospital capitation rates for the Medi-Cal Classic population are being updated through this rebasing effort. Staff requests authority to amend the health network contracts to reflect the new rebased capitation rates effective January 1, 2019.

WCM: To ensure adequate revenue is provided to support the WCM program, CalOptima will develop actuarially sound capitation rates that are consistent with the projected risks that will be delegated to capitated health networks and hospitals. CalOptima also recognizes that medical costs for CCS members can be highly variable and volatile, possibly resulting in material cost differences between different periods and among different providers. To mitigate these financial risks and ensure that networks will receive sufficient and timely compensation, management proposes that CalOptima implement two retrospective reimbursement mechanisms: (1) Interim reimbursement for catastrophic cases; and (2) Retrospective risk corridor.

WCM incorporates requirements from SB 586 and CCS into Medi-Cal Managed Care. Many of these WCM requirements will include new requirements for the health networks. Included is the requirement that the health networks will be required to use CCS paneled providers and facilities to treat children and youth for their CCS condition. Continuity of care provisions and minimum provider rate requirements (unless provider has agreed to different rates with health network) are also among the health network requirements.

Staff requests authority to incorporate the WCM rates and requirements into the health network contracts.

Extension of the Contract Term. Staff requests authority to amend the Medi-Cal contracts to extend the contracts through June 30, 2019.

Fiscal Impact

The recommended action to modify capitation rates, effective January 1, 2019, associated with rebasing is projected to be budget neutral to CalOptima. The rebased capitation rates are not projected to materially change CalOptima's aggregate capitation expenses. Management has included expenses associated with rebased capitation rates in the CalOptima FY 2018-19 Operating Budget approved by the Board on June 7, 2018.

The recommended action to amend health network contracts, effective January 1, 2019, to include rates associated with the WCM program is a budgeted item. Management has included projected revenues and expenses associated with the WCM program in the CalOptima FY 2018-19 Operating Budget approved by the Board on June 7, 2018. Based on draft capitation rates received from DHCS on April 27, 2018, staff estimates the total annual WCM program costs at approximately $274 million. However, given the high acuity and medical utilization associated with a relatively small CCS population, costs for the program are difficult to predict and likely to be highly volatile. CalOptima staff will continue to work closely with DHCS to ensure that Medi-Cal revenue will be sufficient to support the WCM program.

Rationale for Recommendation

CalOptima staff recommends these actions to: reflect changes in rates and responsibilities in accordance with the CalOptima delegated model; to maintain and continue the contractual relationship with the provider network; and to fulfill regulatory requirements.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 7, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item

45. Consider Actions Related to CalOptima's Whole-Child Model Program

Contact

Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Actions

1. Authorize CalOptima staff to develop an implementation plan to integrate California Children's Services into its Medi-Cal program in accordance with the Whole Child Model (WCM), and return to the Board for approval after developing draft policies, and completing additional analysis and modeling prior to implementation;
2. Authorize and direct the Chief Executive Officer (CEO), with assistance of Legal Counsel, to execute a Memorandum of Understanding (MOU) with Orange County Health Care Agency (OC HCA for coordination of care, information sharing and other actions to support WCM activities; and
3. In connection with development of the Whole Child Model Family Advisory Committee:
    a. Direct the CEO to adopt new Medi-Cal policy AA.1271: Whole Child Model Family Advisory Committee; and,
    b. Appoint the following ~~eleven~~ individuals to the Whole-Child Model Family Advisory Committee (WCM FAC) for one or two-year terms as indicated or until a successor is appointed, beginning July 1, 2018:

Rev. 6/7/2018

        i. Family Member Representatives:
            a) Maura Byron for a two-year term ending June 30, 2020;
            b) Melissa Hardaway for a one-year term ending June 30, 2019;
            c) Grace Leroy-Loge for a two-year term ending June 30, 2020;
            d) Pam Patterson for a one-year term ending June 30, 2019;
            e) Kristin Rogers for a two-year term ending June 30, 2020; and
            f) Malissa Watson for a one-year term ending June 30, 2019.
        ~~ii. Community Representatives:~~
            ~~a) Michael Arnot for a two-year term ending June 30, 2020;~~
            ~~b) Sandra Cortez-Schultz for a one-year term ending June 30, 2019;~~
            ~~c) Gabriela Huerta for a two-year term ending June 30, 2020; and~~
            ~~d) Diane Key for a one-year term ending June 30, 2019.~~

6/7/2018: Continued to future Board meeting.

Background

The California Children's Services (CCS) Program is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children (to age 21) meeting financial and health condition eligibility criteria. On September 25, 2016, Governor Brown signed Senate Bill 586 into law, which authorizes DHCS to incorporate CCS services into Medi-Cal managed care plan (MCP) contracts for county organized health systems (COHS). This transition is referred to as the Whole-Child Model (WCM). WCM's goals include improving coordination and

integration of services to meet the needs of the whole child; retaining CCS program standards; supporting active family participation; and, maintaining member-provider relationships, where possible.

DHCS is implementing WCM on a phased basis; Orange County's implementation will be no sooner than January 1, 2019. Based on this schedule, CalOptima will assume financial responsibility for authorization and payment of CCS-eligible medical services including service authorization activities, claims (with some exceptions), case management, and quality oversight. DHCS will retain responsibility for program oversight, CCS provider paneling, and claims payment for CCS eligible Neonatal Intensive Care Unit (NICU) services. OC HCA will remain responsible for CCS eligibility determination for all children and for CCS services for non-Medi-Cal members (e.g., those who exceed the Medi-Cal income thresholds and undocumented children who transition out of MCP when they turn 18). OC HCA will also remain responsible for Medical Therapy Program (MTP) services and the Pediatric Palliative Care Waiver.

WCM will incorporate requirements from SB 586 and CCS into the Medi-Cal managed care plans. New requirements under WCM will include, but not be limited to:

- Using CCS paneled providers and facilities to treat children and youth for their CCS condition, including network adequacy certification;
- Offering continuity of care (e.g., durable medical equipment, CCS paneled providers) to transitioning members;
- Paying CCS or Medi-Cal rates, whichever is higher, unless provider has agreed to a different contractual arrangement;
- Offering CCS services including out-of-network, out-of-area, and out-of-state, including Maintenance & Transportation (travel, food and lodging) to access CCS services;
- Executing Memorandum of Understanding with OC HCA to support coordination of services;
- Permitting selection of a CCS paneled specialist to serve as a CCS member's Primary Care Provider (PCP);
- Establishing Pediatric Health Risk Assessment (P-HRA), associated risk stratification, and individual care planning process;
- Establishing WCM clinical and member/family advisory committees; and,
- Reporting in accordance with WCM specific requirements.

For the requirements, CalOptima will rely on SB 586 and DHCS guidance provided through All Plan Letters (APL) and current and future CCS requirements published in the CCS Numbered Letters. Additional information will be provided in DHCS contact amendments, readiness requirements, and other regulatory releases.

On November 2, 2017, the CalOptima Board of Directors authorized establishment of the WCM FAC. The WCM FAC is comprised of eleven (11) voting seats.

1. Seven (7) to nine (9) seats shall be seats for family representatives, with a priority to family representatives (i.e., if qualifying family candidates are available, all nine (9) seats will be filled by family members). Family representatives will be in the following categories:
   a. Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
   b. CalOptima members age 18 - 21 who are current recipients of CCS services; or

   c. Current CalOptima members age of 21 and over who transitioned from CCS services.
2. Two (2) to four (4) of the seats shall represent the interests of children receiving CCS including
   a. Community-based organizations; or
   b. Consumer advocates.

While two (2) of the WCM-FAC's eleven (11) seats are designated for community-based organizations or consumer advocates, WCM-FAC candidates representing these two groups may be considered for up to two additional WCM-FAC seats in the event that there are not sufficient family representative candidates to fill the family seats.

Except for the initial appointments, WCM FAC members will serve two-year terms, with no limits on the number of terms a representative may serve, provided they meet applicable criteria. The initial appointment will be divided between one- and two-year terms to stagger reappointments. In the first year, five (5) committee member seats will be appointed for a one-year term and six (6) committee members seats will be appointed for two-year terms.

Discussion

Throughout the years, CalOptima staff has monitored regulatory and industry discussions on the possible transition of CCS services to the managed care plans, including participation in DHCS CCS stakeholder meetings. In 2013, the Health Plan of San Mateo, in partnership with the San Mateo County Health System, became the first CCS demonstration project under California's 1115 "Bridge to Reform" Waiver. In 2014, DHCS formally launched its stakeholder process for *CCS Redesign*, which later became known as the *Whole Child Model*.

CalOptima began meeting with OC HCA in early 2016 to learn about CCS and, more broadly, to share information about CalOptima programs supporting our mutual members. CalOptima conducted its first broad-based stakeholder meeting in March 2016 and launched its WCM stakeholder webpage in 2016. Since that time, CalOptima has shared WCM information and vetted its WCM implementation strategy with stakeholders at events and meetings hosted by CalOptima and others. In January 2018, CalOptima hosted a WCM event for local stakeholders that included presentations by DHCS and CalOptima leadership. Six (6) family-focused stakeholder meetings were held throughout the county in February 2018. CalOptima health networks and providers have also been engaged through Provider Advisory Committee meetings, Provider Associations, Health Network Joint Operations Meetings, and Health Network Forum Meetings. CalOptima has scheduled WCM-specific meetings with health networks to support the implementation and provide a venue for them to raise questions and concerns.

Implementation Plan Elements

Delivery Model

As CCS has been carved-out of CalOptima's Medi-Cal managed care plan contract with DHCS, it has similarly been carved-out of CalOptima's health network contracts. CalOptima considered several options for WCM service delivery including: 1) requiring all CCS participants to be enrolled in CalOptima's direct network (rather than a delegated health network); 2) retaining the current health network carve-out for CCS services, while allowing members to remain enrolled in a delegated health network; or, 3) carving CCS services into the health network division of financial responsibility (DOFR) consistent with their current contract model.

Requiring enrollment in CalOptima Direct could potentially break relationships with existing health network contracted providers and disrupt services for non-CCS conditions. Carving CCS services out of health network responsibility, while allowing members to remain assigned to a health network, would continue the siloed service delivery CCS children currently receive and, therefore, not maximize achievement of the "whole-child" goal. Carving the CCS services into the health networks according to the current health network contract models is most consistent with the WCM goals and existing delivery model structure. For purposes of this action, the CalOptima Community Network (CCN) would be considered a health network.

Health Network Financial Model
CalOptima has worked closely with the DHCS to ensure adequate Medi-Cal revenue to support the WCM and actuarially sound provider and health network rates. For the WCM, DHCS will establish capitation that will include CCS and non-CCS services. However, only limited historical CCS claims payment detail is available. In order to mitigate health network financial risk due to potentially costly outliers, CalOptima staff is considering, with the exception of Kaiser, to:

- Expand current policy that transitions clinical management and financial risk of CalOptima medical members diagnosed with hemophilia, in treatment for end stage renal disease (ESRD), or receiving an organ transplant from the health network to CCN to include Medi-Cal members under 21;
- Establish an estimated capitation rate, similar to the DHCS methodology, that includes CCS and non-CCS services and develop a medical loss ratio (MLR) risk corridor; and
- Modify existing or establish new policies related to payment of services for members enrolled in a shared risk group, reinsurance, health-based risk adjusted capitation payment, shared risk pool, and special payments for high-cost exclusions and out-of-state CCS services.

The estimated capitation rate for the health networks, excluding Kaiser, will be established based on known methodologies and data provided by DHCS. Capitation will include services based on the current health network structure and division of responsibility. Also built into the rates will be the requirement that at a minimum, the Medi-Cal or CCS fee-for-service rate, whichever is higher, will be utilized, unless an alternate payment methodology or rate is mutually agreed to by the CCS provider and the health network. CalOptima staff will review the capitation rate structure with the health networks once final rates are received from DHCS and analyzed by CalOptima staff. In the interim, CalOptima staff will develop, with input from the health networks, the upper and lower limits of the MLR risk corridor and reconciliation process. Current policy regarding high-cost medical exclusions will also be discussed. Separate discussions will occur with Kaiser, as its capitation rate structure is different than the other health networks. CalOptima staff will return to the Board with future recommendations, as required.

Clinical Operations
CalOptima will be responsible for providing CCS-specific case management, care coordination, provider referral, and service authorization to children with a CCS condition. CalOptima will conduct risk stratification, health risk assessment and care planning. For transitioning members, CalOptima will also be responsible for ensuring continuity of services, for example, CCS professional services, durable medical equipment and pharmacy.

While many services currently provided to children enrolled in CCS are covered by CalOptima for non-CCS conditions, the transition to WCM will incorporate new responsibilities to CalOptima including authorizing High-Risk Infant Follow-Up (HRIF), and NICU, and new benefits such as Cochlear implants Maintenance and Transportation services when applicable, to the child and/or family. Maintenance and Transportation services include meals, lodging, transportation, and other necessary costs (i.e. parking, tolls, etc.).

CalOptima will also be responsible for facilitating the transition of care between the County and CalOptima case management and following State requirements issued to the County, in the form of Numbered Letters, in regard to CCS administration and implementation. An example of this would be implementing the County's process for transitioning out of the program children currently enrolled in CCS but who will not be eligible once they turn twenty-one (21).

CalOptima may modify existing or establish new policies to implement WCM. These may include policies related to, for example, CCS comprehensive case management, risk stratification, health risk assessment, continuity of care, authorization for durable medical equipment (including wheelchairs) and pharmacy. CalOptima staff will return to the Board with future recommendations as required.

Provider Impact and Network Adequacy
The State requires plans, and their delegates, to have an adequate network of CCS-paneled and approved providers to serve to children enrolled in CCS. During the timeframe given for readiness and as an ongoing process, CalOptima will attempt to contract with as many CCS providers on the State-provided list and located in Orange County as possible. CalOptima is attempting to contract with all CCS providers in Orange County and specialized providers outside Orange County currently providing services to CalOptima members. Historically, CalOptima has paid, and expects to continue to pay, contracted CCS specialists an augmented rate to support participation and coordination of CalOptima and CCS services. This process is based on previous Board Action and reflected in Policy FF.1003: Payments for Covered Services Rendered to a Member of CalOptima Direct or a Member Enrolled in a Shared Risk Group.

CalOptima may modify existing or establish new policies to implement WCM. These may include policies related to, for example, access and availability standards, credentialing, primary care provider assignment, CalOptima staff will return to the Board with future recommendations as required.

<u>Memorandum of Understanding (MOU)</u>
Leveraging the DHCS WCM MOU template, CalOptima and OC HCA staff have worked in partnership to develop a new WCM MOU to reflect shared needs and to serve as the primary vehicle for ensuring collaboration between CalOptima and OC HCA in serving our joint CCS members. The MOU identifies each party's responsibilities and obligations based on their respective scope of responsibilities as they relate to CCS eligibility and enrollment, case management, continuity of care, advisory committees, data sharing, dispute management, NICU and quality assurance.

<u>Whole Child Model Family Advisory Committee (WCM FAC)</u>
In connection with the November 2, 2017 Board Action described above, CalOptima staff developed new Medi-Cal policy AA.1271: Whole Child Model Family Advisory Committee to establish policies and procedures related to development and on-going operations of the WCM FAC, Staff recommends Board approval of AA.1271: Whole Child Model Family Advisory Committee.

To identify nominees for the WCM FAC for Board consideration, CalOptima conducted recruitment to ensure that there would be a diverse applicant pool from which to choose candidates. The recruitment included several notification methods, sending outreach flyers to community-based organizations (CBOs) and OC HCA CCS staff for distribution to CCS members and their families, targeting outreach at six (6) CalOptima hosted WCM family events and at community meetings, and posting information on the WCM Stakeholder Information and WCM Family Advisory Committee pages on CalOptima's website. A total of sixteen (16) applications (eight (8) in each category) were received from fifteen (15) individuals (one (1) individual applied for a seat in both categories).

As the WCM FAC is in development, CalOptima requested members of CalOptima's Member Advisory Committee (MAC) to serve as the Nomination Ad Hoc Subcommittee (Subcommittee). Prior to the MAC Nominations Ad Hoc meeting on April 19, 2018, Subcommittee members evaluated each application. The Subcommittee, including Connie Gonzalez, Jaime Munoz and Christine Tolbert, selected a candidate for each of the seats. All eligible applicants for a Family Representative seat were recommended. (One (1) of the eight (8) applicants was not eligible as she did not have family or personal experience in CCS.) At the May 10, 2018 meeting, the MAC considered and accepted the recommended slate of candidates, as proposed by the Subcommittee.

Candidates for the open positions are as follows:
Family Representatives

1. Maura Byron for a two-year term ending June 30, 2020;
2. Melissa Hardaway for a one-year term ending June 30, 2019;
3. Grace Leroy-Loge for a two-year term ending June 30, 2020;
4. Pam Patterson for a one-year term ending June 30, 2019;
5. Kristin Rogers for a two-year term ending June 30, 2020; and
6. Malissa Watson for a one-year term ending June 30, 2019.

Maureen Byron is the mother of a young adult who is a current CCS client. Ms. Byron became involved in the CCS Parent Advisory Committee resulting in her being hired by Family Support Network (FSN). At FSN, she is a parent mentor assisting families of children with complex health care needs to maneuver in the system and secure services. In addition, she responds to families' questions and provides peer and emotional support.

Melissa Hardaway is the mother of a special needs child who receives CCS services. Ms. Hardaway is familiar with the health care industry as a health care professional and a broker. She believes her understanding of managed care and her advocacy experience for her child will benefit her to assist families of children in CCS.

Grace Leroy-Loge is the mother of an adolescent receiving CCS services. Ms. Leroy-Loge works as the Family Support Liaison at CHOC Children's Hospital NICU where she assists families of children with medically complex needs to advocate for their children. She has served in the community on several committees, such as the parent council of CCS, Make-a-Wish Medical Advisory Committee and Orange County Children's Collaborative.

Pam Patterson is the mother of a special needs adolescent receiving CCS. Ms. Patterson is a special needs attorney and a constitutional law attorney. She has many years of experience advocating for her child with CCS and the Regional Center of Orange County. Ms. Patterson is also very active in the community.

Kristin Rogers is the mother of a young teenager who receives CCS services. Ms. Rogers explained that because she encountered difficulties obtaining the correct health care coverage for her child, she wants to educate others with similar situations on how to obtain appropriate coverage. Ms. Rogers is an active volunteer at CHOC.

Malissa Watson is the mother of a child that receives CCS services. Ms. Watson's desire is to help families navigate CCS and CalOptima. Ms. Watson is active in the community, serving on the CHOC Hospital Parent Advisory Committee and mentoring other parents.

~~*CBO/Advocate Representatives*~~

1. ~~Michael Arnot for a two-year term ending June 30, 2020;~~
2. ~~Sandra Cortez-Schultz for a one-year term ending June 30, 2019;~~
3. ~~Gabriela Huerta for a two-year term ending June 30, 2020; and~~
4. ~~Diane Key for a one-year term ending June 30, 2019.~~

~~Michael Arnot is the Executive Director for Children's Cause Orange County, an organization that provides evidence-based therapeutic intervention for children with traumatic stress, such as trauma from medical procedures from co-occurring health conditions covered under CCS. Mr. Arnot has extensive experience working with children in varying capacities.~~

~~Sandra Cortez-Schultz is the Customer Service Manager at CHOC Children's Hospital. Ms. Cortez-Schultz is responsible for ensuring that the families of medically complex children receive the appropriate care and treatment they require. She is also the Chair of CHOC's Family Advisory Council. Ms. Cortez-Schultz has over 25 years of experience working directly and indirectly at varying levels with the CCS program.~~

~~Gabriela Huerta is a Lead Case Manager, California Children's Services/Regional Center for Molina Healthcare, Inc. Ms. Huerta is responsible for health care management and coordination of services for CCS members, including assessments, intervention, planning and development of member centric plans and coordination of care. She has expertise in CCS as a carve-out benefit as well as a managed care benefit.~~

~~Diane Key is the Director of Women's and Children's Services for UCI Medical Center. Ms. Key has over 30 years of experience working in women and children's services in clinical nursing and leadership oversight positions. She has knowledge of CCS standards, eligibility criteria and facility requirements. In addition, she understands the physical, psycho-social and developmental needs of CCS children.~~

6/7/2018: Continued to future Board meeting.

Staff recommends Board approval of the proposed nominees for the WCM FAC.

Fiscal Impact

The recommended action to approve the implementation plan for the WCM program carries significant financial risks. Based on draft capitation rates received from DHCS on April 27, 2018, staff estimates the total annual program costs for WCM at $274 million. Management has included projected revenues and expenses associated with the WCM program in the proposed CalOptima FY 2018-19 Operating Budget pending Board approval. However, given the high acuity and medical utilization associated with a relatively small CCS population, costs for the program are difficult to predict and likely to be volatile. CalOptima will continue to work closely with DHCS to ensure that Medi-Cal revenue will be sufficient to support the WCM program.

Rationale for Recommendation

The recommended actions will enable CalOptima to operationally prepare for the anticipated January 1, 2019, transition of California Children's Services to Whole-Child Model.

Whole-Child Model (WCM) Implementation Plan

Board of Directors Meeting

June 7, 2018

Candice Gomez, Executive Director

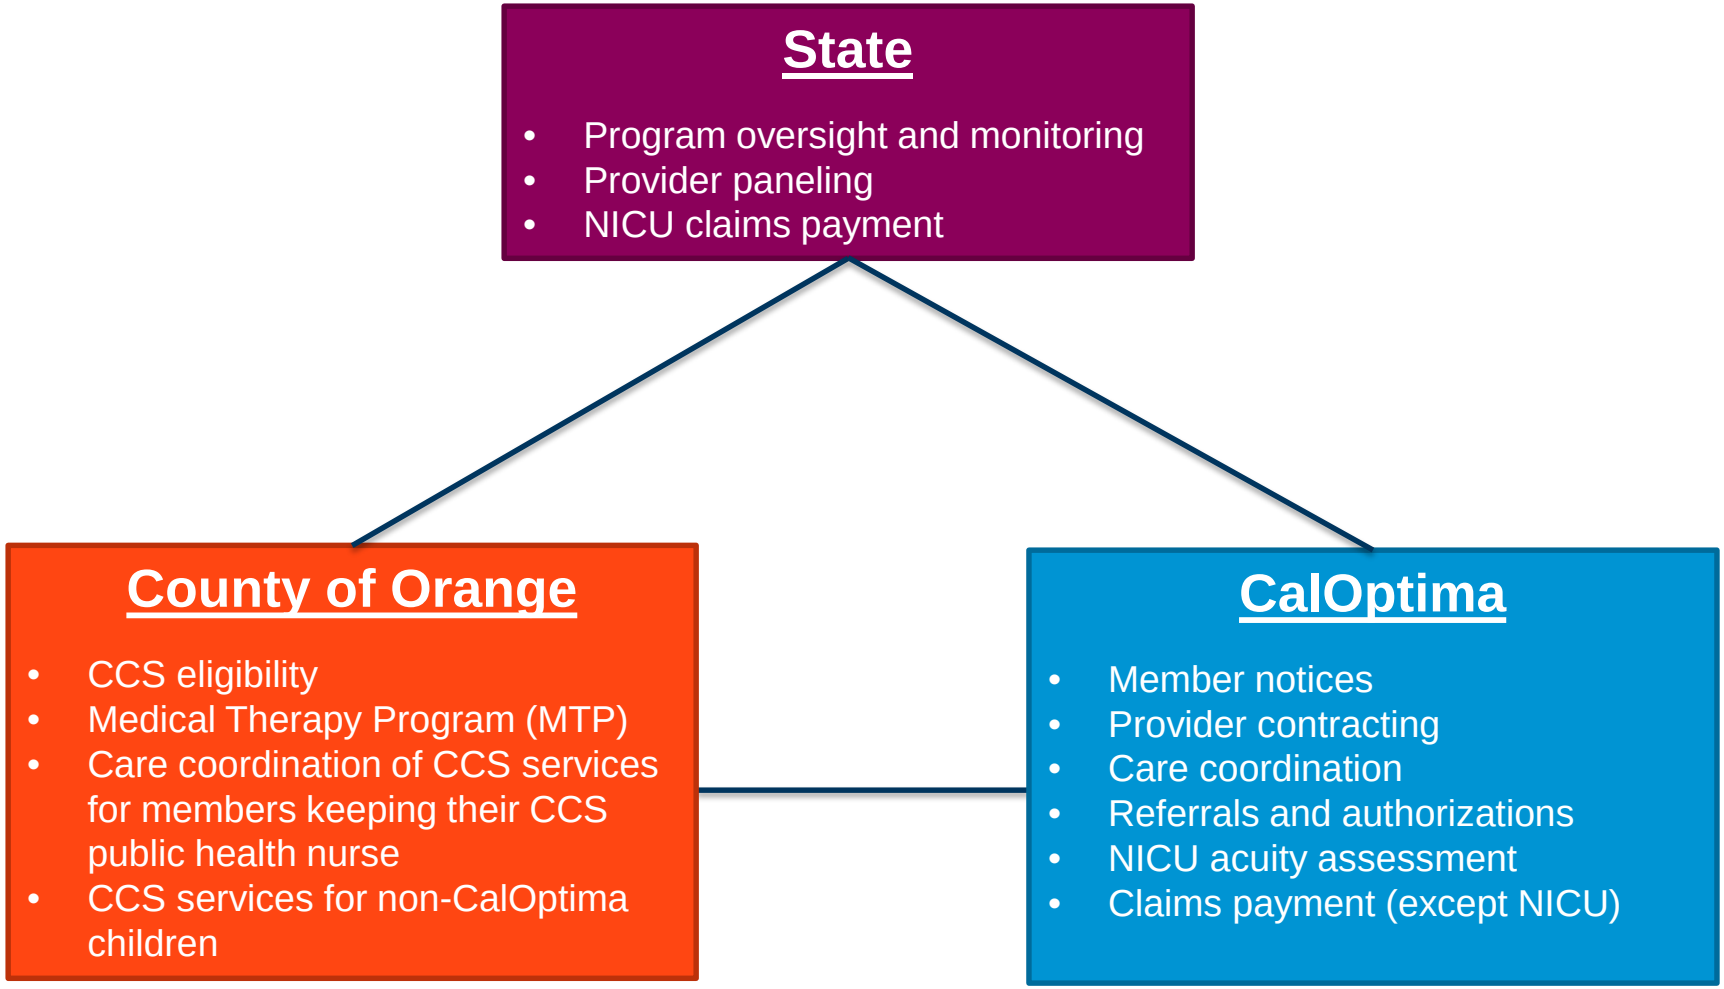
Program Implementation

Background

Whole-Child Model (WCM) Overview

- California Children's Services (CCS) is a statewide program providing medical care and case management for children under 21 with certain medical conditions
  - Locally administered by Orange County Health Care Agency
- The Department of Health Care Services (DHCS) is implementing WCM to integrate the CCS services into select Medi-Cal plans
  - CalOptima will implement WCM effective January 1, 2019

Division of WCM Responsibilities



WCM Transition Goals

- Improve coordination and integration of services to meet the needs of the whole child
- Retain CCS program standards
- Support active family participation
- Establish specialized programs to manage and coordinate care
- Ensure care is provided in the most appropriate, least restrictive setting
- Maintain existing patient-provider relationships when possible

CCS Demographics

- About 13,000 Orange County children are receiving CCS services
  - ➢ 90 percent are CalOptima members

Languages
• Spanish = 48 percent • English = 44 percent • Vietnamese = 4 percent • Other/unknown = 4 percent

City of Residence (Top 5)
• Santa Ana = 23 percent • Anaheim = 18 percent • Garden Grove = 8 percent • Orange = 6 percent • Fullerton = 4 percent

WCM Requirements

- Required use of CCS paneled providers and facilities, including network adequacy certification
- Memorandum of Understanding with OC HCA to support coordination of services
- Maintenance & Transportation (travel, food and lodging) to access CCS services
- WCM specific reporting requirements
- Permit selection of a CCS paneled specialist to serve as a CCS member's Primary Care Provider (PCP)
- Establish WCM clinical and member/family advisory committees

2018 Stakeholder Engagement to Date

- January 25– General stakeholder event (93 attendees)
- February 26 -28 – Six family events (87 attendees)
- Provider focused presentations and meetings:
  - Hospital Association of Southern California
  - Safety Net Summit - Coalition of Orange County Community Health Centers
  - Pediatrician focused events hosted by Orange County Medical Association Pediatric Committee and Health Care Partners
  - Health Network convenings including Health Network Forum, Joint Operations Meetings and on-going workgroups
- Speakers Bureau and community meetings

Implementation Plan Elements

Proposed Delivery Model

- Leverage existing delivery model using health networks, subject to Board approval
  - Reflects the spirit of the law to bring together CCS services and non-CCS services into a single delivery system

- Using existing model creates several advantages
  - Maintains relationships between CCS-eligible children, their chosen health network and primary care provider
  - Improves clinical outcomes and health care experience for members and their families
  - Decreases inappropriate medical and administrative costs
  - Reduces administrative burden for providers

Financial Approach

- DHCS will establish a single capitation rate that includes CCS and non-CCS services
- Limited historical CCS claims payment detail available
- CalOptima Direct and CalOptima Community Network
  - Follow current fee-for-service methodology and policy
  - CCS paneled physicians are reimbursed at 140% Medi-Cal
- Health Network
  - Keep health network risk and payment structure similar to current methodologies in place
  - Develop risk corridors to mitigate risk

Clinical Operations

- Providing CCS-specific case management, care coordination, provider referral and authorizations

- Supporting new services such as High-Risk Infant Follow-Up authorization, Maintenance and Transportation (lodging, meals and other travel related services)

- Facilitating transitions of care
  - Risk stratification, health risk assessment and care planning for children and youth transitioning to WCM
  - Between CalOptima, OC HCA and other counties
  - Age-out planning for members who will become ineligible for CCS when they turn 21 years of age

Provider Impact and Network Adequacy

- CalOptima and delegated networks must have adequate network of CCS paneled and approved providers
  - CCS panel status will be part of credentialing process
  - CCS members will be able to select their CCS specialists as primary care provider
  - CalOptima is in process of contracting with CCS providers in Orange County and specialized providers outside of county providing services to existing members
  - Documentation of network adequacy will be submitted to DHCS by September 28, 2018

Memorandum of Understanding (MOU)

- DHCS requires CalOptima and Orange County Health Care Agency to develop WCM MOU to support collaboration and information sharing
  - Leverage DHCS template
  - Outlines responsibilities related:
    - CCS eligibility and enrollment
    - Case management
    - Continuity of care
    - Advisory committees
    - Data sharing
    - Dispute management
    - NICU
    - Quality assurance

WCM Family Advisory Committee

- CalOptima must establish a WCM Family Advisory Committee per Welfare & Institutions Code § 14094.17
- November 2, 2017 Board authorized development of committee
  - Eleven voting seats
    - Seven to nine family representative seats
    - Two to four community-based organizations or consumer advocates
    - Priority to family representatives
  - Two-year terms, with no term limits
    - Staggered terms
    - In first year, five seats for one-year term and six seats for two-year term
  - Approval requested for AA.1271: Whole Child Model Family Advisory Committee

WCM Family Advisory Committee (cont.)

- Sixteen applications (eight in each category)
- April 19, 2018 Member Advisory Committee (MAC) Nominations ad hoc committee selected candidates
  - All eligible applicants in family category were selected
    - One applicant was ineligible as she has no prior CCS experience
  - Four applicants in community category were selected
- May 10, 2018 MAC considered and accepted MAC Ad Hoc's recommended nominations for Board consideration

Recommended Nominees

Family Seats	Community Seats
Maura Byron	**Michael Arnot** Executive Director Children's Cause Orange County
Melissa Hardaway	
Grace Leroy-Loge	**Sandra Cortez – Schultz** Customer Service Manager CHOC Children's Hospital
Pam Patterson	
Kristin Rogers	**Gabriela Huerta** Lead Case Manager, California Children's Services/Regional Center Molina Healthcare, Inc.
Malissa Watson	
	Diane Key Director of Women's and Children's Services UCI Medical Center

Next Steps

- Review WCM capitation and risk corridor approach with Health Networks

- Planned stakeholder engagement
  - Community-based organization focus groups in June
  - General event in July
  - Family events in Fall

- Future Board actions
  - Update policies and procedures
  - Health network contracts

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken November 2, 2017
Regular Meeting of the CalOptima Board of Directors

Report Item

18. Consider Adopting Resolution Establishing a Family Advisory Committee for the Whole-Child Model Medi-Cal Program

Contact

Sesha Mudunuri, Executive Director, Operations, (714) 246-8400
Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Actions

Rev. 11/2/17

1. Adopt Resolution No. 17-1102-01, establishing the CalOptima Whole-Child Model family advisory committee to provide advice and recommendations to the CalOptima Board of Directors on issues concerning California Children's Services (CCS) and the Whole-Child Model program; and
2. Subject to approval of the California Department of Health Care Services (DHCS), authorize a stipend of up to $50 per committee meeting attended for each family representative appointed to the Whole-Child Model Family Advisory Committee (WCM-FAC).

Background

On September 25, 2016, SB 586 (Hernandez): Children's Services was signed into law. SB 586 authorizes the establishment of the Whole-Child Model that incorporates CCS-covered services for Medi-Cal eligible children and youth into specified county-organized health plans, including CalOptima. A provision of the Whole-Child Model requires each participating health plan to establish a family advisory committee. Accordingly, DHCS is requiring the establishment of a Whole-Child Model family advisory committee to report and provide input and recommendations to CalOptima relative to the Whole-Child Model program. The proposed stipend, subject to DHCS approval, is intended to enable in-person participation by members and family member representatives. It is also anticipated that a representative from the family advisory committees of each Medi-Cal plan will be invited to serve on a statewide stakeholder advisory group.

Since CalOptima's inception, the CalOptima Board of Directors has benefited from stakeholder involvement in the form of standing advisory committees. Under the authority of County of Orange Codified Ordinances, Section 4-11-15, and Article VII of the CalOptima Bylaws, the CalOptima Board of Directors may create committees or advisory boards that may be necessary or beneficial to accomplishing CalOptima's tasks. The advisory committees function solely in an advisory capacity providing input and recommendations concerning the CalOptima programs. CalOptima Whole-Child Model program would also benefit from the advice of a standing family advisory committee.

Discussion

While specific to Whole-Child Model program, the charge of the WCM-FAC would be similar to that of the other CalOptima Board advisory committees, including:

- Provide advice and recommendations to the Board and staff on issues concerning CalOptima Whole-Child Model program as directed by the Board and as permitted under applicable law;

- Engage in study, research and analysis of issues assigned by the Board or generated by staff or the family advisory committee;
- Serve as liaison between interested parties and the Board and assist the Board and staff in obtaining public opinion on issues relating to CalOptima Whole-Child Model program; and
- Initiate recommendations on issues for study to the CalOptima Board for its approval and consideration, and facilitate community outreach for CalOptima Whole-Child Model program and the Board.

While SB 586 requires plans to establish family advisory committees, committee composition is not explicitly defined. Based on current advisory committee experience, staff recommends including eleven (11) voting members on CalOptima's WCM-FAC, representing CCS family members who reflect the diversity of the CCS families served by the plan, as well as consumer advocates representing CCS families. If necessary, CalOptima will provide an in-person interpreter at the meetings. For the first nomination process to fill the seats, it is proposed that CalOptima's current Member Advisory Committee will be asked to participate in the Family Advisory Committee nominating ad hoc committee. The proposed candidates will then be submitted to the Board for consideration. It is anticipated that subsequent nominations for seats will be reviewed by a WCM-FAC nominating ad hoc committee and will be submitted first to the WCM-FAC, then to the full Board for consideration of the WCM-FAC's recommendations.

CalOptima staff recommends that the WCM-FAC be comprised of eleven (11) voting seats:

1. Seven (7) to ~~N~~ nine (9) of the seats shall be family representatives in one of the following categories, with a priority to family representatives (i.e., if qualifying family representative candidates are available, all nine (9) seats will be filled by family representatives):
    i. Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
    ii. CalOptima members age 18 -21 who are current recipients of CCS services; or
    iii. Current CalOptima members over the age of 21 who transitioned from CCS services.
2. Two (2) to four (4) of the seats shall represent the interests of children receiving CCS services, including:
    i. Community-based organizations; or
    ii. Consumer advocates.

While two (2) of the WCM-FAC's eleven seats are designated for community-based organizations or consumer advocates, WCM-FAC candidates representing these two groups may be considered for up to two additional WCM-FAC seats in the event that there are not sufficient family representative candidates to fill these seats.

Rev. 11/2/2017

Except for initial appointments, CalOptima WCM-FAC members will serve two (2) year terms, with no limits on the number of terms a representative may serve provided they continue to meet the above-referenced eligibility criteria. The initial appointments of WCM-FAC members will be divided between one and two-year terms to stagger reappointments. In the first year, five (5) committee member seats will be appointed for a one-year term and six (6) committee member seats will be appointed for a two-year term.

Back to Agenda
Back to Item
Back to Item

The WCM-FAC Chair and Vice Chair for the first year will be nominated at the second WCM-FAC meeting by committee members. The WCM-FAC's recommendations for these positions will subsequently be submitted to the Board for consideration. After the first year, the Chair and Vice Chair of the WCM-FAC will be appointed by the Board annually from the appointed voting members and may serve two consecutive one-year terms in a particular committee officer position.

The WCM-FAC will develop, review annually and recommend to the Board any revisions to the committee's Mission or Goals and Objectives. The Goals and Objectives will be consistent with those of the CalOptima Whole-Child Model.

The WCM-FAC will meet at least quarterly and will determine the appropriate meeting frequency to provide timely, meaningful input to the Board. At its second meeting, the WCM-FAC will adopt a meeting schedule for the remainder of the fiscal year. Thereafter, a yearly meeting schedule will be adopted prior to the first regularly scheduled meeting of each year. All meetings must be conducted in accordance with CalOptima's Bylaws. Attendance of a simple majority of WCM-FAC seats will constitute a quorum. A quorum must be present for any action to be taken. Members are allowed excused absences from meetings. Notification of absence must be received by CalOptima staff prior to scheduled WCM-FAC meetings.

The CalOptima Chief Executive Officer (CEO) will prepare, or cause to be prepared, an agenda for all WCM-FAC meetings prior to posting. Posting procedures must be consistent with the requirements of the Ralph M. Brown Act (California Government Code section 54950 *et seq.*). In addition, minutes of each WCM-FAC meeting will be taken, which will be filed with the Board. The Chair will report verbally or in writing to the Board at least twice annually. The Chair will also report to the Board, as requested, on issues specified by the Board. CalOptima management will provide staff support to the WCM-FAC to assist and facilitate the operations of the committee.

In order to enable in-person participation, SB 586 provides plans the option to pay a reasonable per diem payment to family representatives serving on the Family Advisory Committee. Similar to another Medi-Cal Managed Care Plan with an already established family-based advisory committee, and subject to DHCS approval, CalOptima staff recommends that the Board authorize a stipend of up to $50 per meeting for family representatives participating on the WCM-FAC. Only one stipend will be provided per qualifying WCM-FAC member per regularly scheduled meeting. In addition, stipend payments are restricted to family representatives only. Representatives of community-based organizations and consumer advocates are not eligible for stipends. As indicated, payment of the stipends is contingent upon approval by DHCS.

As it is the policy of CalOptima's Board to encourage maximum member and provider involvement in the CalOptima program, it is anticipated that the CalOptima Whole-Child Model will benefit from the establishment of a Family Advisory Committee. This WCM-FAC will report to the Board and will serve solely in an advisory capacity to the Board and CalOptima staff with respect to CalOptima Whole-Child Model. Establishing the WCM-FAC is intended to help to ensure that members' values and needs are integrated into the design, implementation, operation and evaluation of the CalOptima Whole-Child Model.

Fiscal Impact

The fiscal impact of the recommended action to establish the CalOptima WCM-FAC is an unbudgeted item. The projected total cost, including stipends, for meetings from April through June 2018, is $3,575. Unspent budgeted funds approved in the CalOptima Fiscal Year (FY) 2017-18 Operating Budget on June 1, 2017, will fund the cost through June 30, 2018. The estimated annual cost is $13,665. At this time, it is unknown whether additional staff will be necessary to support the advisory committee's work. Management plans to include expenses related to the WCM-FAC in future operating budgets.

Rationale for Recommendation

SB 586 requires that, for implementation of the Whole-Child Model program, a family advisory committee must be established. As proposed, the WCM-FAC will advise CalOptima's Board and staff on operations of the CalOptima Whole-Child Model.

Resolution No. 17-1102-01

Rev.
11/2/17

/s/ Michael Schrader — **Authorized Signature**

10/23/2017 — **Date**

RESOLUTION NUMBER 17-1102-01

**RESOLUTION OF THE BOARD OF DIRECTORS
ORANGE COUNTY HEALTH AUTHORITY, DBA CALOPTIMA
ESTABLISHING POLICY AND PROCEDURES FOR CALOPTIMA WHOLE-CHILD MODEL MEMBER ADVISORY COMMITTEE**

WHEREAS, the CalOptima Board of Directors (hereinafter "the Board") would benefit from the advice of broad-based standing advisory committee specifically focusing on the CalOptima Whole-Child Model Plan hereafter "CalOptima Whole-Child Model Family Advisory Committee"; and

WHEREAS, the State of California, Department of Health Care Services (DHCS) has established requirements for implementation of the CalOptima Whole-Child Model program, including a requirement for the establishment of an advisory committee focusing on the Whole-Child Model; and

WHEREAS, the CalOptima Whole-Child Model Family Advisory Committee will serve solely in an advisory capacity to the Board and staff, and will be convened no later than the effective date of the CalOptima Whole-Child Model;

NOW, THEREFORE, BE IT RESOLVED:

Section 1. Committee Established. The CalOptima Whole-Child Model Family Advisory Committee (hereinafter "WCM-FAC") is hereby established to:

- Report directly to the Board;
- Provide advice and recommendations to the Board and staff on issues concerning the CalOptima Whole-Child Model program as directed by the Board and as permitted under the law;
- Engage in study, research and analysis of issues assigned by the Board or generated by the WCM-FAC;
- Serve as liaison between interested parties and the Board and assist the Board and staff in obtaining public opinion on issues relating to CalOptima Whole-Child Model or California Children Services (CCS);
- Initiates recommendations on issues for study to the Board for approval and consideration; and
- Facilitates community outreach for CalOptima and the Board.

Section 2. Committee Membership. The WCM-FAC shall be comprised of Eleven (11) voting members, representing or representing the interests of CCS families. In making appointments and re-appointments, the Board shall consider the ethnic and cultural diversity and special needs of the CalOptima Whole-Child Model population. Nomination and input from interested groups and community-based organizations will be given due consideration. Except as noted below, members are appointed for a term of two (2) full years, with no limits on the number of terms. All voting member appointments (and reappointments) will be made by the Board. During the first year, five (5) WCM-FAC members will serve a one -year term

and six (6) will serve a two-year term, resulting in staggered appointments being selected in subsequent years.

The WCM-FAC shall be composed of eleven (11) voting seats:

1. Seven (7) to nine (9) of the seats shall be family representatives in the following categories:
   - Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
   - CalOptima members age 18-21 who are current recipients of CCS services; or
   - Current CalOptima members over the age of 21 who transitioned from CCS services.

2. Two (2) to four (4) of the seats shall represent the interests of children with CCS, including:
   - Community-based organizations (CBOs); or
   - Consumer advocates.

Rev. 11/2/2017

If nine or more qualified candidates initially apply for family representative seats, nine of the eleven committee seats will be filled with family representatives. Initially, and on an on-going basis, only in circumstances when there are insufficient applicants to fill all of the designated family representative seats with qualifying family representatives, up to two of the nine seats designated for family members may be filled with representatives of CBOs or consumer advocates.

It is anticipated that a representative from the CalOptima WCM-FAC may be invited to serve on a statewide stakeholder advisory group.

Section 3. Chair and Vice Chair. The Chair and Vice Chair for the WCM-FAC will be appointed by the Board annually from the appointed members. The Chair, or in the Chair's absence, the Vice Chair, shall preside over WCM-FAC meetings. The Chair and Vice Chair may each serve up to two consecutive terms in a particular WCM-FAC officer position, or until their successor is appointed by the Board.

Section 4. Committee Mission, Goals and Objectives. The WCM-FAC will develop, review annually, and make recommendations to the Board on any revisions to the committee's Mission or Goals and Objectives.

Section 5. Meetings. The WCM-FAC will meet at least quarterly. A yearly meeting schedule will be adopted at the second regularly scheduled meeting for the remainder of the fiscal year. Thereafter, a yearly meeting schedule will be adopted prior to the first regularly scheduled meeting of each year. All meetings must be conducted in accordance with CalOptima's Bylaws.

Attendance by the occupants of a simple majority of WCM-FAC seats shall constitute a quorum. A quorum must be present in order for any action to be taken by the WCM-FAC. Committee members are allowed excused absences from meetings. Notification of absence must be received by CalOptima staff prior to the scheduled WCM-FAC meeting.

The CalOptima Chief Executive Officer (CEO) shall prepare, or cause to be prepared, and post, or cause to be posted, an agenda for all WCM-FAC meetings. Agenda contents and posting procedures must be consistent with the requirements of the Ralph M. Brown Act (Government Code section 54950 *et seq.*).

WCM-FAC minutes will be taken at each meeting and filed with the Board.

Section 6. Reporting. The Chair is required to report verbally or in writing to the Board at least twice annually. The Chair will also report to the Board, as requested, on issues specified by the Board.

Section 7. Staffing. CalOptima will provide staff support to the WCM-FAC to assist and facilitate the operations of the committee.

Section 8. Ad Hoc Committees. Ad hoc committees may be established by the WCM-FAC Chair from time to time to formulate recommendations to the full WCM-FAC on specific issues. The scope and purpose of each such ad hoc will be defined by the Chair and disclosed at WCM-FAC meetings. Each ad hoc committee will terminate when the specific task for which it was created is complete. An ad hoc committee must include fewer than a majority of the voting committee members.

Section 9. Stipend. Subject to DHCS approval, family representatives participating on the WCM-FAC are eligible to receive a stipend for their attendance at regularly scheduled and ad hoc WCM-FAC meetings. Only one stipend is available per qualifying WCM-FAC member per regularly scheduled meeting. WCM-FAC members representing community-based organizations and consumer advocates are not eligible for WCM-FAC stipends.

APPROVED AND ADOPTED by the Board of Directors of the Orange County Health Authority, d.b.a., CalOptima this 2nd day of November, 2017.

Policy #:	AA.1271PP
Title:	**Whole Child Model Family Advisory Committee**
Department:	General Administration
Section:	Not Applicable
CEO Approval:	Michael Schrader
Effective Date:	06/07/18
Last Review Date:	Not Applicable
Last Revised Date:	Not Applicable

I. PURPOSE

This policy describes the composition and role of the Family Advisory Committee for Whole Child Model (WCM) and establishes a process for recruiting, evaluating, and selecting prospective candidates to the Whole Child Model Family Advisory Committee (WCM FAC).

II. POLICY

A. As directed by CalOptima's Board of Directors (Board), the WCM FAC shall report to the CalOptima Board and shall provide advice and recommendations to the CalOptima Board and CalOptima staff in regards to California Children's Services (CCS) provided by CalOptima Medi-Cal's implementation of the WCM.

B. CalOptima's Board encourages Member and community involvement in CalOptima programs.

C. WCM FAC members shall recuse themselves from voting or from decisions where a conflict of interest may exist and shall abide by CalOptima's conflict of interest code and, in accordance with CalOptima Policy AA.1204: Gifts, Honoraria, and Travel Payments.

D. CalOptima shall provide timely reporting of information pertaining to the WCM FAC as requested by the Department of Health Care Services (DHCS).

E. The composition of the WCM FAC shall reflect the cultural diversity and special needs of the health care consumers within the Whole-Child Model population. WCM FAC members shall have direct or indirect contact with CalOptima Members.

F. In accordance with CalOptima Board Resolution No. 17-1102-01, the WCM FAC shall be comprised of eleven (11) voting members representing CCS family members, as well as consumer advocates representing CCS families. Except as noted below, each voting member shall serve a two (2) year term with no limits on the number of terms a representative may serve. The initial appointments of WCM FAC members will be divided between one (1) and two (2)-year terms to stagger reappointments. In the first year, five (5) committee member seats shall be appointed for a one (1)-year term and six (6) committee member seats shall be appointed for a two (2)-year term. The WCM FAC members serving a one (1) year term in the first year shall, if reappointed, serve two (2) year terms thereafter.

1. Seven (7) to nine (9) of the seats shall be family representatives in one (1) of the following categories, with a priority to family representatives (i.e., if qualifying family representative candidates are available, all nine (9) seats will be filled by family representatives):

    a. Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima Member who is a current recipient of CCS services;

    b. CalOptima Members eighteen (18)-twenty-one (21) years of age who are current recipients of CCS services; or

    c. Current CalOptima members over the age of twenty-one (21) who transitioned from CCS services.

2. Two (2) to four (4) of the seats shall represent the interests of children receiving CCS services, including:

    a. Community-based organizations; or

    b. Consumer advocates.

3. While two (2) of the WCM FAC's eleven (11) seats are designated for community-based organizations or consumer advocates, an additional two (2) WCM FAC candidates representing these groups may be considered for these seats in the event that there are not sufficient family representative candidates to fill the family member seats.

4. Interpretive services shall be provided at committee meetings upon request from a WCM FAC member or family member representative.

5. A family representative, in accordance with Section II.G.1 of this Policy, may be invited to serve on a statewide stakeholder advisory group.

G. Stipends

1. Subject to approval by the CalOptima Board, CalOptima may provide a reasonable per diem payment to a member or family representative serving on the WCM FAC. CalOptima shall maintain a log of each payment provided to the member or family representative, including type and value, and shall provide such log to DHCS upon request.

    a. Representatives of community-based organizations and consumer advocates are not eligible for stipends.

H. The WCM FAC shall conduct a nomination process to recruit potential candidates for expiring seats, in accordance with this Policy.

I. WCM FAC Vacancies

1. If a seat is vacated within two (2) months from the start of the nomination process, the vacated seat shall be filled during the annual recruitment and nomination process.

2. If a seat is vacated after the annual nomination process is complete, the WCM FAC nomination ad hoc subcommittee shall review the applicants from the recent recruitment to see if there is a viable candidate.

    a. If there is no viable candidate among the applicants, CalOptima shall conduct recruitment, per section III.B.2.

3. A new WCM FAC member appointed to fill a mid-term vacancy, shall serve the remainder of the resigning member's term, which may be less than a full two (2) year term.

J. On an annual basis, WCM FAC shall select a chair and vice chair from its membership to coincide with the annual recruitment and nomination process. Candidate recruitment and selection of the chair and vice chair shall be conducted in accordance with Sections III.B-D of this Policy.

1. The WCM FAC chair and vice chair may serve two (2) consecutive one (1) year terms.

2. The WCM FAC chair and/or vice chair may be removed by a majority vote of CalOptima's Board.

K. The WCM FAC chair, or vice chair, shall ask for three (3) to four (4) members from the WCM FAC to serve on a nomination ad hoc subcommittee. WCM FAC members who are being considered for reappointment cannot participate in the nomination ad hoc subcommittee.

1. The WCM FAC nomination ad hoc subcommittee shall:

    a. Review, evaluate and select a prospective chair, vice chair and a candidate for each of the open seats, in accordance with Section III.C-D of this Policy; and

    b. Forward the prospective chair, vice chair, and slate of candidate(s) to the WCM FAC for review and approval.

2. Following approval from the WCM FAC, the recommended chair, vice chair, and slate of candidate(s) shall be forwarded to CalOptima's Board for review and approval.

L. CalOptima's Board shall approve all appointments, reappointments, and chair and vice chair appointments to the WCM FAC.

M. Upon appointment to WCM FAC and annually thereafter, WCM FAC members shall be required to complete all mandatory annual Compliance Training by the given deadline to maintain eligibility standing on the WCM FAC.

N. WCM FAC members shall attend all regularly scheduled meetings, unless they have an excused absence. An absence shall be considered excused if a WCM FAC member provides notification of an absence to CalOptima staff prior to the meeting. CalOptima staff shall maintain an attendance log of the WCM FAC members' attendance at WCM FAC meetings. As the attendance log is a public record, any request from a member of the public, the WCM FAC chair, the vice chair, the Chief Executive Officer, or the CalOptima Board, CalOptima staff shall provide a copy of the attendance log to the requester. In addition, the WCM FAC chair, or vice chair, shall contact any committee member who has three (3) consecutive unexcused absences.

1. WCM FAC members' attendance shall be considered as a criterion upon reapplication.

III. PROCEDURE

A. WCM FAC meeting frequency

1. WCM FAC shall meet at least quarterly.

2. WCM FAC shall adopt a yearly meeting schedule at the first regularly scheduled meeting in or after January of each year.

3. Attendance by a simple majority of appointed members shall constitute a quorum, and a quorum must be present for any votes to be valid.

B. WCM FAC recruitment process

1. CalOptima shall begin recruitment of potential candidates in March of each year. In the recruitment of potential candidates, the ethnic and cultural diversity and special needs of children and/or families of children in CCS which are or are expected to transition to CalOptima's Whole-Child Model population shall be considered. Nominations and input from interest groups and agencies shall be given due consideration.

2. CalOptima shall recruit for potential candidates using one or more notification methods, which may include, but are not limited to, the following:

   a. Outreach to family representatives and community advocates that represent children receiving CCS;

   b. Placement of vacancy notices on the CalOptima website; and/or

   c. Advertisement of vacancies in local newspapers in Threshold Languages.

3. Prospective candidates must submit a WCM Family Advisory Committee application, including resume and signed consent forms. Candidates shall be notified at the time of recruitment regarding the deadline to submit their application to CalOptima.

4. Except for the initial recruitment, the WCM FAC chair or vice chair shall inquire of its membership whether there are interested candidates who wish to be considered as a chair or vice chair for the upcoming fiscal year.

   a. CalOptima shall inquire at the first WCM FAC meeting whether there are interested candidates who wish to be considered as a chair for the first year.

C. WCM FAC nomination evaluation process

1. The WCM FAC chair or vice chair shall request three (3) to four (4) members, who are not being considered for reappointment, to serve on the nominations ad hoc subcommittee. For the first nomination process, Member Advisory Committee (MAC) members shall serve on the nominations ad hoc subcommittee to review candidates for WCM FAC.

a. At the discretion of the nomination ad hoc subcommittee, a subject matter expert (SME), may be included on the subcommittee to provide consultation and advice.

2. Prior to WCM FAC nomination ad hoc subcommittee meeting (including the initial WCM FAC nomination ad hoc subcommittee).

a. Ad hoc subcommittee members shall individually evaluate and score the application for each of the prospective candidates using the applicant evaluation tool.

b. Ad hoc subcommittee members shall individually evaluate and select a chair and vice chair from among the interested candidates.

c. At the discretion of the ad hoc subcommittee, subcommittee members may contact a prospective candidate's references for additional information and background validation.

3. The ad hoc subcommittee shall convene to discuss and select a chair, vice chair and a candidate for each of the expiring seats by using the findings from the applicant evaluation tool, the attendance record if relevant and the prospective candidate's references.

D. WCM FAC selection and approval process for prospective chair, vice chair, and WCM FAC candidates:

1. The nomination ad hoc subcommittee shall forward its recommendation for a chair, vice chair, and a slate of candidates to WCM FAC (or in the first year, the MAC) for review and approval. Following WCM FAC's approval (or in the first year, the MAC), the proposed chair, vice chair and slate of candidates shall be submitted to CalOptima's Board for approval.

2. The WCM FAC members' terms shall be effective upon approval by the CalOptima Board.

a. In the case of a selected candidate filling a seat that was vacated mid-term, the new candidate shall attend the immediately following WCM FAC meeting.

3. WCM FAC members shall attend a new advisory committee member orientation.

VIII. REVIEW/REVISION HISTORY

Version	Date	Policy Number	Policy Title	Line(s) of Business
Effective	06/07/2018	AA.1271PP	Whole Child Model Family Advisory Committee	Medi-Cal

IX. GLOSSARY

Term	Definition
California Children's Services Program	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible children under the age of twenty-one (2l) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.
Member	For purposes of this policy, an enrollee-beneficiary of the CalOptima Medi-Cal Program receiving California Children's Services through the Whole Child Model program.
Member Advisory Committee (MAC)	A committee comprised of community advocates and Members, each of whom represents a constituency served by CalOptima, which was established by CalOptima to advise its Board of Directors on issues impacting Members.
Threshold Languages	Those languages identified based upon State requirements and/or findings of the Group Needs Assessment (GNA).
Whole Child Model	An organized delivery system that will ensure comprehensive, coordinated services through enhanced partnerships among Medi-Cal managed care plans, children's hospitals and specialty care providers.

Whole-Child Model Family Advisory Committee (WCM FAC) Member Application

Instructions: Please type or print clearly. This application is for current California Children's Services (CCS) members and their family members. Please attach a résumé or bio outlining your qualifications and include signed authorization forms. For questions, please call **1-714-246-8635**.

Name: _____ Primary Phone: _____

Address: _____ Secondary Phone: _____

LIMITED PRIVACY WAIVER

Under state and federal law, the fact that a person is eligible for Medi-Cal and California Children's Services (CCS) is a private matter that may only be disclosed by CalOptima as necessary to administer the Medi-Cal and CCS program, unless other disclosures are authorized by the eligible member. Because the position of Member Representative on Whole Child Model Family Advisory Committee (WCM FAC) requires that the person appointed must be a member or a family member of a member receiving CCS, the member's Medi-Cal and CCS eligibility will be disclosed to the general public. The member or their representative (e.g. parent, foster parent, guardian, etc.) should check the appropriate box below and sign this waiver to allow his or her, or his or her family member or caregiver's name to be nominated for the advisory committee.

☐ **MEMBER APPLICANT — I understand that by signing below and applying to serve on the WCM FAC, I am disclosing my eligibility for the Medi-Cal and CCS program, the fact of which is otherwise protected under state or federal law. I am not agreeing to disclose any other information protected by state or federal law.**

☐ **FAMILY MEMBER APPLICANT — I understand that by applying to serve on the WCM FAC, my status as a family member of a person eligible for Medi-Cal and CCS benefits is likely to become public. I authorize the disclosing of my family member's (insert name of member: _____) eligibility for the Medi-Cal and CCS program, the fact of which is otherwise protected under state or federal law. I am not agreeing to disclose any other information protected by state or federal law.**

AUTHORIZATION FOR USE AND DISCLOSURE OF PROTECTED HEALTH INFORMATION (PHI)

The federal HIPAA Privacy Regulations requires that you complete this form to authorize CalOptima to use or disclose your Protected Health Information (PHI) to another person or organization. Please complete, sign, and return the form to CalOptima.

Date of Request: _____ Telephone Number: _____

Member Name: _____ Member CIN: _____

AUTHORIZATION:

I, _____, hereby authorize CalOptima, to use or disclose my health information as described below.

Describe the health information that will be used or disclosed under this authorization (please be specific): Information related to the identity, program administrative activities and/or services provided to {me} {my child} which is disclosed in response to my own disclosures and/or questions related to same.

Person or organization authorized to receive the health information: **General public**

Describe each purpose of the requested use or disclosure (please be specific): **To allow** CalOptima staff to respond to questions or issues raised by me that may require reference to my health information that is protected from disclosure by law during public meetings of **the CalOptima Whole-Child Model Family Advisory Committee**

EXPIRATION DATE:

This authorization shall become effective immediately and shall expire on: **The end of the term of the position applied for**

Right to Revoke: I understand that I have the right to revoke this authorization in writing at any time. To revoke this authorization, I understand that I must make my request in writing and clearly state that I am revoking this specific authorization. In addition, I must sign my request and then mail or deliver my request to:

CalOptima
Customer Service Department
505 City Parkway West
Orange, CA 92868

I understand that a revocation will not affect the ability of CalOptima or any health care provider to use or disclose the health information to the extent that it has acted in reliance on this authorization.

RESTRICTIONS:

I understand that anything that occurs in the context of a public meeting, including the meetings of the Whole Child Model Family Advisory Committee, is a matter of public record that is required to be disclosed upon request under the California Public Records Act. Information related to, or relevant to, information disclosed pursuant to this authorization that is not disclosed at the public meeting remains protected from disclosure under the Health Insurance Portability and Accountability Act (HIPAA), and will not be disclosed by CalOptima without separate authorization, unless disclosure is permitted by HIPAA without authorization, or is required by law.

MEMBER RIGHTS:

- I understand that I must receive a copy of this authorization.
- I understand that I may receive additional copies of the authorization.
- I understand that I may refuse to sign this authorization.
- I understand that I may withdraw this authorization at any time.
- I understand that neither treatment nor payment will be dependent upon my refusing or agreeing to sign this authorization.

ADDITIONAL COPIES:

Did you receive additional copies? ☐ Yes ☐ No

SIGNATURE:

By signing below, I acknowledge receiving a copy of this authorization.

CalOptima Board Action Agenda Referral

Action To Be Taken June 4, 2009
Regular Meeting of the CalOptima Board of Directors

Report Item
VI. E. Approve Health Network Contract Rate Methodology

Contact
Michael Engelhard, Chief Financial Officer, (714) 246-8400

Recommended Action
Approve the modification methodology of Health Network capitation rates for October 1, 2009.

Background
Health Network capitation is the payment method that CalOptima uses to reimburse PHCs and shared risk groups for the provision of health care services to members enrolled in CalOptima Medi-Cal and CalOptima Kids. In order to ensure that reimbursement to such capitated providers reflects up-to-date information, CalOptima periodically contracts with its actuarial consultants to recalculate or "rebase" these payment rates.

The purpose of this year's rebasing is to:

- Establish actuarially sound facility and professional capitation rates;
- Account for changes in CalOptima's delivery model;
- Incorporate changes in the Division of Financial Responsibility (DOFR); and
- Perform separate analyses for Medi-Cal and CalOptima Kids.

The overall methodology for this year's rebasing approach includes:

- CalOptima eligibility data;
- Encounter and CalOptima Direct (COD) claim data analysis
- Reimbursement analysis;
- PCP capitation analysis;
- Maternity "kick" payment analysis;
- State benefit carve-out analysis;
- Reinsurance analysis;
- Administrative load analysis;
- Budget neutrality established

Discussion
CalOptima uses capitation as one way to reimburse certain contracted health care providers for services rendered. A Capitation payment is made to the provider during the month and is based solely on the number of contracted members assigned to that provider

Back to Item
Back to Agenda
Back to Item

at the beginning of each month. The provider is then responsible for utilizing those dollars in exchange for all services provided during that month or period.

To ensure that capitated payment rates reflect the current structure and responsibilities between CalOptima and its delegated providers, capitation rates need to be periodically reset or rebased.

CalOptima last performed a comprehensive rate rebasing in July 2007, for rates effective January 1, 2008, for CalOptima Medi-Cal only. Much has changed since that time including the establishment of shared risk groups; the movement of certain high-acuity members out of the Health Networks and into COD; changes in the DOFR between hospitals, physicians and CalOptima; shifts in member mix between the Health Networks; and changes in utilization of services by members.

Therefore, CalOptima opted to perform another comprehensive rebasing analysis prior to the FY2009-10 year in order to fully reflect the above-mentioned changes.

Fiscal Impact
CalOptima projects no fiscal impact as a result of the rebasing. Rebasing is designed to be budget neutral to overall CalOptima medical expenses even though there will likely be changes to specific capitation rates paid to Health Network providers.

Rationale for Recommendation
Staff recommends approval of this action to provide proper reimbursement levels to CalOptima's capitated health networks participating in CalOptima Medi-Cal and CalOptima Kids.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action to Be Taken December 17, 2003
Special Meeting of the CalOptima Board of Directors

Report Item
VI. A. Approve Modifications to the CalOptima Health Network Capitation Methodology and Rate Allocations

Contact
Amy Park, Chief Financial Officer, (714) 246-8400

Recommended Action
Approve modifications to the CalOptima health network capitation methodology and rate allocations between Physician and Hospital financial responsibilities effective March 2004.

Background
CalOptima pays its health networks (HMOs and PHCs) according to the same schedule of capitation rates, which are adjusted by Medi-Cal aid category, gender and age. The actuarial cost model, upon which these rates are based, was developed by Milliman USA utilizing pre-CalOptima Orange County fee-for-service (FFS) experience as the baseline. This model then took into account utilization targets that were actuarially-appropriate for major categories of services and competitive reimbursement levels to ensure sufficient funds to provide all medically necessary services under a managed care model.

Since development of the model in 1999, CalOptima has negotiated capitation rate increases from the State for managed care rate "pass throughs" as a result of provider rate increases implemented in the Medi-Cal FFS program. In turn, CalOptima passed on these additional revenues to the health networks by increasing capitation payments, establishing carve-outs (e.g., transplants), or offering additional financial support, such as funding for enhanced subspecialty coverage and improving reinsurance coverage.

It has now been over four years since CalOptima commissioned a complete review of the actuarial cost model. As noted, CalOptima has only adjusted the underlying pricing in the actuarial cost model over the years to pass on increases in capitation rates to the health networks.

In light of State fiscal challenges and impending potential Medi-Cal funding and benefit reductions, CalOptima must examine the actuarial soundness of the existing cost model and update the utilization assumptions to ensure that CalOptima's health network capitation rate methodology continues to allocate fiscal resources commensurate with the level of medical needs of the population served. This process will also provide

CalOptima with a renewed starting point from which to make informed decisions as we face yet another round of State budget uncertainties and declining resources.

Discussion

General Process. With the updated model, Milliman's rebasing process takes into account the 7+ years of health network managed care experience, rather than the historical pre-CalOptima Orange County FFS experience, as a base for capitation rates. Milliman examined the utilization statistics as indicated by the health network encounter data and evaluated the utilization for completeness by comparing against health network reported utilization and financial trends, health network primary care physician capitation and other capitation rates, health network hospital risk pool settlements, and other benchmarks as available. Further adjustments were made to account for changes in contractual requirements in the 2003-2005 health network contracts.

Utilization Assumptions. Consistent with changes in the State rate methodology, the updated health network capitation model combines the Family, Poverty and Child aid categories into a single Family aid category, with updated age/gender factors. The new model also recommends the creation of a supplemental capitation rate for members with end stage renal disease (ESRD). Furthermore, the actuarial model identifies actuarially-appropriate utilization targets for all major categories of services. These targets are set at levels that ensure that health networks have sufficient funds to provide all medically necessary services.

Pricing Assumptions. The new actuarial cost model includes reimbursement assumptions that are applied to the utilization targets to determine capitation rates. Effective October 2003, the State reduced CalOptima's capitation rates, effectively passing through the 5% cutback in physician and other provider rates as enacted in the 2003-04 State Budget Act. Notwithstanding this reduction, it is CalOptima's goal to maintain physician reimbursement levels to ensure members' continued access to care. Hence, CalOptima's health network minimum provider reimbursement policy and capitation funding will be maintained at its current levels. In other words, health networks will continue to be required to reimburse specialty physicians at rates that are no less than 150% of the Medi-Cal Fee Schedule and physician services in the actuarial model will continued to be priced at 147% of the August 1999 Medi-Cal Fee Schedule (as adjusted to primarily reflect market primary care physician capitation rates).

The actuarial cost model also provides sufficient funds to reimburse inpatient hospital reimbursement services at rates that are comparable to the average Southern California per diem rates and payment trends as published by California Medical Assistance Commission (CMAC) and to reimburse hospital outpatient services, commensurate with physician services, at 147% of the August 1999 Medi-Cal Fee Schedule.

In addition, the actuarial cost model provides sufficient funds for health network administrative expenses and an allowance for surplus. The table below summarizes the adjusted allocation of health network capitation rates to reflect the new actuarial cost model:

Aid Category	Proposed Hospital	Proposed Physician	Proposed Combined
Family/Poverty/Child	-4.6%	2.1%	-0.7%
Adult	-19.4%	-3.1%	-12.0%
Aged	18.9%	19.1%	19.0%
Disabled	10.9%	-4.4%	3.3%
Composite	1.7%	0.7%	1.2%

**Percentage changes are calculated from current capitation rates which have been adjusted to reflect the establishment of a separate ESRD supplemental capitation.*

Fiscal Impact

In summary, the proposed modifications will increase capitation payments made to physicians by 0.7%, while capitation payments to hospitals will increase by approximately 1.7%, for an overall weighted average increase in health network capitation rate payments of 1.2%, or $3.1 million on an annualized basis.

This additional increase will be funded by the Medi-Cal capitation rate increases received by CalOptima related to the State's settlement of the *Orthopaedic v. Belshe* lawsuit concerning Medi-Cal payment rates for hospital outpatient services.

As the Board will recall, the additional monies received by CalOptima related to this hospital outpatient settlement were passed through to hospitals in a lump-sum payment as approved by the Board in April 2003 for Fiscal 2001-02. That Board action also included approval for a second distribution scheduled for January 2004 to be made to hospitals for Fiscal 2002-03 related monies. Therefore, the proposed increases in hospital capitation rates contained in this action referral will facilitate the ongoing distributions of these dollars to CalOptima's participating hospitals. *See also related Board action referral to approve modifications to CalOptima Direct hospital reimbursement rates.*

Rationale for Recommendation

The proposed modifications to the rate methodology and related allocation of funds are consistent with the extensive, independent analysis performed by Milliman USA to update CalOptima's health network capitation methodology to reflect the 7+ years of health network managed care experience, rather than the historical pre-CalOptima Orange County FFS experience, as a base for capitation rates. The updated actuarial model also provides CalOptima with a renewed starting point from which to make informed

decisions as we face yet another round of State budget uncertainties and declining resources.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Report Item

33. Consider Authorizing the Extension of and Other Amendments to the CalOptima Medi-Cal Full-Risk Health Maintenance Organization, Shared-Risk Group, and Physician-Hospital Consortium Health Network Contracts Except those Affiliated with Kaiser Foundation Health Plan, Inc., and Ratification of the Delegation Agreements Related to Those Contracts

Contacts

Ladan Khamseh, Chief Operating Officer (714) 246-8866
Michelle Laughlin, Executive Director, Network Operations (657) 900-1116

Recommended Actions

1. Authorize the Chief Executive Officer (CEO), with the assistance of Legal Counsel, to amend the Medi-Cal Full-Risk Health Network Health Maintenance Organization (HMO), Shared-Risk Group (SRG), and Physician-Hospital Consortium (PHC) Health Network contracts, except those Affiliated with Kaiser Foundation Health Plan, Inc. (Kaiser) to:
   a. Extend the term through June 30, 2022;
   b. Revise the Division of Financial Responsibility (DOFR) to transfer financial responsibility for Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Private Duty Nursing to CalOptima;
   c. Reflect adjustments to the Health Networks' capitation rates for the DOFR change as well as changes in state funding effective July 1, 2021; and
2. Ratify the Health Network Delegation Agreements, except Kaiser's Delegation Agreement, effective January 1, 2021.

Background

The Medi-Cal Full-Risk HMO, Shared-Risk, and Physician-Hospital Consortium Health Networks listed below have contracted with CalOptima to provide care to CalOptima Medi-Cal members, and the contracts will expire on June 30, 2021. Renewal of these Health Network contracts will support the stability of CalOptima's contracted provider network.

Full Risk HMO:
Heritage Provider Network, Inc.
Monarch Health Plan, Inc.
Prospect Health Plan, Inc.

Shared Risk Group:
AltaMed Health Services Corporation
ARTA Western California, Inc.
Orange County Physicians IPA Medical Group, Inc. dba Noble Community Medical Associates Inc. of Mid Orange County
Talbert Medical Group, P.C.
Talbert Medical Group

Back to Agenda

United Care Medical Group, Inc.

Physician-Hospital Consortium:
CHOC Physician's Network and Children's Hospital of Orange County
AMVI Care Health Network and Fountain Valley Regional Hospital and Medical Center
Family Choice Medical Group, Inc. and Fountain Valley Regional Hospital and Medical Center

Discussion
Staff recommends extending the above Health Network contracts for one year through June 30, 2022. Extension of the Health Network contracts is essential to ensuring that members assigned to the Health Networks have access to covered health care services.

Staff recommends revising the DOFR to realign the financial responsibility for EPSDT private duty nursing to CalOptima. In 2019, the Department of Health Care Services (DHCS) transferred the responsibility for California Children's Services (CCS) to Medi-Cal Managed Care and the utilization for EPSDT private duty nursing was greater than anticipated, and overconcentrated in certain networks. Since this change (applicable to all Health Networks except Kaiser), the cost for EPSDT private duty nursing has been of concern to the Health Networks. CalOptima staff recommends that, rather than delegating this financial responsibility to the Health Networks, CalOptima bear the cost for these services. Health Networks will retain responsibility for coordinating and authorizing private duty nursing services to ensure access is available for all members.

In addition to the financial impact of the change to the DOFR, member capitation rates to the Health Networks will be adjusted pursuant to the updated Fiscal Year 2021–22 State of California budget and funding, effective July 1, 2021.

The Delegation Agreement delineates delegated administrative services that the Health Networks are responsible to perform. This agreement is required for the National Committee for Quality Assurance (NCQA) audits, and DHCS requirements. The ratification is being sought as the Health Networks signed the Delegation Agreement in April 2021, in order to meet the NCQA audit submission deadline.

To ensure continued access to covered services for Health Network members and compliance with NCQA and DHCS requirements, staff recommends approving amendments to extend the above Health Network contracts through June 30, 2022, revisions to the DOFR, updates to the capitation rates, and ratification of the Delegation Agreement.

Back to Agenda

Fiscal Impact

The recommended action to amend Medi-Cal Health Network contracts to extend the term through June 30, 2022 and ratify the Delegation Agreement is not expected to have a fiscal impact.

The recommended action to reflect adjustments to the Health Networks' capitation rates for the DOFR change are as follows:

Medi-Cal Classic: Aggregate rate increase of 1.44% or $3.5 million for professional capitation and 5.4% or $5.9 million for facility capitation to account for updated capitation assumptions, as well as increases to CalOptima FFS contracts. CalOptima will also assume EPSDT private duty nursing risk effective July 1, 2021 estimated at $814,000 annually.

Medi-Cal Expansion (MCE): Decrease of 9.0% or $27.6 million for professional capitation and 12.0% or $20.7 million for facility capitation to continue glidepath to revised rates commensurate with underlying risk. The net shared risk pool impact is a $7.8 million decrease. Aggregate decrease to MCE capitation expenses and associated shared risk pool is $56.1 million.

Whole Child Model: Initial professional and facility capitation rates were revised based on analysis conducted on more current utilization data. Based on this analysis, increase of 49.7% or $11.8 million for professional capitation, and decrease of 18.3% or $11.9 million for facility capitation annually. CalOptima will also assume EPSDT private duty nursing risk effective July 1, 2021estimated at $17.9 million annually. With this change, CalOptima is reducing the amount of dollars flowing through the annual risk corridor reconciliation with the Health Networks.

Costs associated with the recommended action to transfer financial responsibility for EPSDT private duty nursing to CalOptima and adjusted capitation rates effective July 1, 2021, have been included in the proposed CalOptima Fiscal Year (FY) 2021-22 Operating Budget pending Board approval.

Rationale for Recommendation

CalOptima staff recommends this action to maintain and continue the contractual relationship with the provider network, ensure continued access to care for members assigned to Health Networks, and to fulfill regulatory and CalOptima policy requirements.

Concurrence

Gary Crockett, Chief Counsel

AMENDMENT VIII TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT VIII TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of July 1, 2021 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and _____ ("Physician"), with respect to the following facts:

RECITALS

A. CalOptima and Physician have entered into a Contract for Health Care Services ("Contract"), by which Physician has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and Physician wish to enter into this amendment to extend the term of the Contract and revise the Division of Financial Responsibilities and capitation rates.

NOW, THEREFORE, the parties agree as follows:

1. Article 15, Section 15.1 shall be deleted in its entirety and replaced with the following:

   "15.1 SUBJECT TO (I) THE STATE OF CALIFORNIA AND THE UNITED STATES PROVIDING FUNDS FOR THE TERM OF THIS CONTRACT AND FOR THE PURPOSES FOR WHICH IT IS ENTERED INTO; –(II) THE APPROVAL OF THIS CONTRACT BY CALOPTIMA AND THE STATE, THE TERM OF THIS CONTRACT SHALL BE JUNE 30, 2019 THROUGH JUNE 30, 2022."

2. Attachment A, "CalOptima Medi-Cal Division of Financial Responsibility", shall be deleted in its entirety and replaced with the attached Attachment A – Amendment VIII.

3. Attachment E shall be deleted in its entirety and replaced with the attached Attachment E – Amendment VIII "Capitation Rates".

4. Attachment E-1 shall be deleted in its entirety and replaced with the attached Attachment E-1 – Amendment VIII "Capitation Rates for Adult Expansion Members".

CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and _____ have executed this Amendment VIII:

ATTACHMENT A – AMENDMENT VIII
CalOptima Medi-Cal Division of Financial Responsibility

Note: The purpose of the Division of Financial Responsibility is to identify how CalOptima allocated to the Physician and Hospital components of the medical costs associated with the provision of Covered Services. That is, the capitation and Hospital Budget rates in this Contract are based upon the Physician and Hospital Budget being financially responsible for the provision of Covered Services as indicated in this Division of Financial Responsibility. The Division of Financial Responsibility should not be used in place of the CalOptima EOC/EOB for making coverage determinations.

_____Medicare Advantage Program (OneCare)
_____Cal MediConnect Program (OneCare Connect)

The purpose of the Delegation Grid, which is attached hereto and incorporated herein by reference, is to specify the activities delegated by CalOptima under the Agreement with respect to: (1) Quality Improvement, (2) Population Health Management, (3) Network Management, (4) Utilization Management, (5) Credentialing and Recredentialing, (6) Member Experience, (7) Claims, (8) Provider Complaint, and/or (9) Medicaid, as applicable. All delegated activities shall be performed in accordance with currently applicable NCQA accreditation standards, State and Federal statutory, regulatory, and sub-regulatory requirements, and CalOptima Policies and contractual requirements, including CalOptima's contract(s) with its regulator(s) and CalOptima's contract(s) with the Delegate, (collectively, "Standards and Requirements"), as modified from time to time. This Agreement shall not be construed as limiting or circumscribing the Delegate's obligations to comply with all applicable Standards and Requirements when performing delegated activities for applicable CalOptima Program(s). Further, the Delegate shall comply with the most stringent applicable Standards and/or Requirements for such delegated activities.

Delegate agrees to be accountable for all responsibilities delegated by CalOptima and oversight of any sub-delegated functions or activities. CalOptima will maintain oversight of delegated activities to ensure compliance with applicable Standards and Requirements. Any sub-delegation by Delegate of the activities or functions set forth in this Agreement shall require prior written approval from CalOptima and shall comply with all terms and conditions of this Agreement, including but not limited to applicable Standards and Requirements. The Delegate shall conduct risk assessments, at least annually, ongoing Monitoring, and Audit of sub-delegates to ensure compliance. CalOptima retains the right to conduct CalOptima's own risk assessments, ongoing Monitoring, and Audits of sub-delegate's performance of sub-delegated functions or activities.

Delegate agrees to submit reports, data, and documentation to CalOptima as identified in the Delegation Grid and in accordance with CalOptima Policy HH.2003: Health Network and Delegated Entity Reporting, including the CalOptima Timely and Appropriate Submission Grid and Timely and Appropriate Submission Grid - Supplemental Attachment (collectively, "CalOptima Reporting Policy"). See CalOptima Reporting Policy for reporting descriptions and frequency, and manner of submission to applicable CalOptima Departments. CalOptima Reporting Policy may be modified from time to time pursuant to CalOptima Board approval. Delegate acknowledges it has additional reporting responsibilities and other obligations to CalOptima as specified in applicable CalOptima Policies or contractual requirements (including the Contract for Health Care Services between CalOptima and the Delegate) that are not related to this Agreement.

CalOptima shall perform oversight, including Audit(s) and ongoing Monitoring, of the functions and responsibilities, processes, and performance of a delegated entity and its delegated services, in accordance with CalOptima Policies, including but not limited to CalOptima Policy GG.1619: Delegation

Oversight. Failure by Delegate to comply with applicable Standards and/or Requirements may lead to further action, in accordance with CalOptima Policy HH.2005: Corrective Action Plan and CalOptima Policy HH.2002: Sanctions. CalOptima may amend or revoke any of the delegated responsibilities set forth in this Agreement.

For purposes of this Agreement, the term “Audit” or “Auditing” means a formal, systematic, and disciplined approach designed to review, evaluate, and improve the effectiveness of processes and related controls using a particular set of standards (e.g., policies and procedures, laws and regulations) used as base measures. Auditing is governed by professional standards and completed by individuals independent of the process being audited and normally performed by individuals with one (1) of several acknowledged certifications. The term “Monitoring Activities” or “Monitoring” means regular reviews performed as part of normal operations to confirm ongoing compliance and to ensure that corrective actions are undertaken and effective.

CalOptima retains the right to approve, suspend and terminate individual practitioners, providers and sites from the Delegate’s network relative to CalOptima’s Medi-Cal, OC, and/or OCC Program(s), even if CalOptima delegates credentialing and re-credentialing decision-making to the Delegate. CalOptima has the right to make the final determination of such participation in the Delegate’s network.

Upon request, CalOptima shall provide to the Delegate clinical performance and/or member experience data per CalOptima Policy GG.1637: Assessing Member Experience. The parties agree to comply with the terms and conditions of the Business Associate Agreement between CalOptima and the Delegate.

This Agreement shall become effective [Insert effective date] superseding prior Delegation Acknowledgement and Acceptance Agreements and shall remain in effect for the duration of the Contract for Health Care Services between CalOptima and Delegate, or until superseded by subsequent agreement.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
Article 1: Quality Improvement (QI)				
Section 1.1: Program Structure and Operations				
1.1.1	QI Program Structure	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
1.1.2	Annual Work Plan	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
1.1.3	Annual Evaluation	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
1.1.4	QI Committee Responsibilities	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 1.2: Health Services Contracting				
1.2.1	Practitioner Contracts	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
1.2.2	Provider Contracts	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 1.3: Continuity and Coordination of Medical Care				
1.3.1	Identifying Opportunities	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
1.3.2	Acting on Opportunities	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
1.3.3	Measuring Effectiveness	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
1.3.4	Transition to Other Care	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 1.4: Continuity and Coordination Between Medical Care and Behavioral Healthcare				
1.4.1	Data Collection	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
1.4.2	Collaborative Activities	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
1.4.3	Measuring Effectiveness	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 1.5: Delegation of QI				
1.5.1	Delegation Agreement	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
1.5.2	Pre-delegation Evaluation	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
1.5.3	Review of QI Program	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
1.5.4	Opportunities for Improvement	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.

Article 2: Population Health Management (PHM)				
Section 2.1: Population Health Management Strategy				
2.1.1	Strategy Description	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
2.1.2	Informing Members	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 2.2: Population Identification				
2.2.1	Data Integration	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
2.2.2	Population Assessment	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
2.2.3	Activities and Resources	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
2.2.4	Segmentation	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 2.3: Delivery System Supports				
2.3.1	Practitioner or Provider Support	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
2.3.2	Value-based Payment Arrangements	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 2.4: Wellness and Prevention				
2.4.1	Frequency of Health Appraisal Completion	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
2.4.2	Topics of Self-Management Tools	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
Section 2.5: Complex Case Management				
2.5.1	Access to Case Management	Yes	The Delegate helps members with multiple or complex conditions to obtain access to care and services and coordinates their care. The Delegate has multiple avenues for members to be considered for complex case management services, including: 1. Medical management program referral. 2. Discharge planner referral. 3. Member or caregiver referral. 4. Practitioner referral. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Monthly Case Management Log	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
2.5.2	Case Management Systems	Yes	The Delegate uses case management systems that support: 1. Evidence-based clinical guidelines or algorithms to conduct assessment and management. 2. Automatic documentation of the staff ID and date and time of action on the case or when interaction with the member occurred. 3. Automated prompts for follow-up, as required by the case management plan. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Monthly Case Management Log	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
2.5.3	Case Management Process	Yes	The Delegate's complex case management procedures address the following: 1. Initial assessment of member health status, including condition-specific issues. 2. Documentation of clinical history, including medications. 3. Initial assessment of the activities of daily living. 4. Initial assessment of behavioral health status, including cognitive functions. 5. Initial assessment of social determinants of health. 6. Initial assessment of life-planning activities. 7. Evaluation of cultural and linguistic needs, preferences, or limitations. 8. Evaluation of visual and hearing needs, preferences, or limitations. 9. Evaluation of caregiver resources and involvement. 10. Evaluation of available benefits.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			11. Evaluation of community resources. 12. Development of an individualized case management plan, including prioritized goals, that considers the member and caregiver goals, preferences, and desired level of involvement in the case management plan. 13. Identification of barriers to a member meeting goals or complying with the plan. 14. Facilitation of member referrals to resources and follow-up process to determine whether members act on referrals. 15. Development of a schedule for follow-up and communication with members. 16. Development and communication of member self-management plans. 17. A process to assess members progress against case management plans for members. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Monthly Case Management Log	
2.5.4	Initial Assessment	Yes	The Delegate's complex case management files demonstrate that the Delegate follows its documented processes for: 1. Initial assessment of member health status, including condition specific issues. 2. Documentation of clinical history, including medications. 3. Initial assessment of the activities of daily living (ADL). 4. Initial assessment of behavioral health status, including cognitive functions. 5. Initial assessment of social determinants of health. 6. Evaluation of cultural and linguistic needs, preferences, or limitations. 7. Evaluation of visual and hearing needs, preferences, or limitations. 8. Evaluation of caregiver resources and involvement. 9. Evaluation of available benefits. 10. Evaluation of available community resources. 11. Assessment of life-planning activities. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Monthly Case Management Log	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
2.5.5	Case Management-Ongoing Management	Yes	The Delegate's complex case management files demonstrate that the Delegate follows its documented processes for: 1. Development of case management plans, including prioritized goals, that take into account member and caregiver goals, preferences, and desired level of involvement in the complex case management program. 2. Identification of barriers to meeting goals and complying with the case management plans. 3. Development of schedules for follow-up and communication with members. 4. Development and communication of member self-management plans. 5. Assessment of progress against case management plans and goals, and modification as needed. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Monthly Case Management Log	CalOptima conducts oversight assessments of the delegated activities including, Audits annually or as often as necessary and ongoing Monitoring.
Section 2.6: Population Health Management Impact				
2.6.1	Measuring Effectiveness	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
2.6.2	Improvement and Action	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 2.7: Delegation of PHM				
2.7.1	Delegation Agreement	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
2.7.2	Pre-delegation Evaluation	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
2.7.3	Review of PHM Program	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
2.7.4	Opportunities for Improvement	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.

Article 3: Network Management (NM)				
Section 3.1: Availability of Practitioners				
3.1.1	Cultural Needs and Preferences	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
3.1.2	Practitioners Providing Primary Care	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
3.1.3	Practitioners Providing Specialty Care	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
3.1.4	Practitioners Providing Behavioral Healthcare	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 3.2: Accessibility of Services				
3.2.1	Access to Primary Care	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
3.2.2	Access to Behavioral Healthcare	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
3.2.3	Access to Specialty Care	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
Section 3.3: Assessment of Network Adequacy				
3.3.1	Assessment of Member Experience Accessing the Network	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
3.3.2	Opportunities to Improve Access to Nonbehavioral Healthcare Services	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
3.3.3	Opportunities to Improve Access to Behavioral Healthcare Services	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 3.4: Continued Access to Care				
3.4.1	Notification of Termination	Yes	The Delegate uses information at its disposal to facilitate continuity of and coordination of medical care across its delivery system. The Delegate notifies members affected by the termination of a practitioner or practice group in general, family or internal medicine or pediatrics, at least 30 calendar days prior to the effective termination date, and helps them select a new practitioner. Termination date is the date when the termination becomes effective. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Provider Termination Quarterly Report	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
3.4.2	Continued Access to Practitioners	Yes	The Delegate shall provide continuity of care for a member involuntarily transitioning between providers or practitioners to prevent the delay or interruption of medically necessary covered services, in accordance with the terms and conditions of CalOptima Policies. The Delegate shall allow for the completion of services, upon member request, in accordance with CalOptima Policies, for the following conditions:	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			1. Acute condition, serious chronic condition, pregnancy, terminal illness, or the care of a newborn child between birth through 36 months; or 2. Performance of a surgery or other procedure that is authorized by the Delegate as part of a documented course of treatment and has been recommended and documented by the provider to occur within 180 calendar days of the contract's termination date or within 180 calendar days of the effective date of coverage for a newly covered member. The Delegate shall ensure continuation of treatment, upon member request, through the current period of active treatment for acute and chronic conditions not to exceed 12 months, except as provided for Medi-Cal members eligible with the Whole Child Model (WCM) program. The Delegate shall ensure continuation of care, upon member request, for the duration of the pregnancy, which includes the three trimesters and immediate postpartum period. The Delegate shall comply with the following CalOptima Policies: 1. Policy GG.1325: Continuity of Care for Members Transitioning into CalOptima Services (Medi-Cal) 2. Policy GG.1304: Continuity of Care during Health Network or Provider Termination (Medi-Cal) 3. Policy CMC.6021: Continuity of Care for Members Involuntarily Transitioning between Providers or Practitioners (OCC) 4. Policy MA.6021: Continuity of Care for Members Involuntarily Transitioning between Providers or Practitioners (OC) Delegate shall submit requisite documentation for Annual Audit pursuant to CalOptima Reporting Policy.	
Section 3.5: Physician and Hospital Directories				
3.5.1	Physician Directory Data	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
3.5.2	Physician Directory Updates	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
3.5.3	Assessment of Physician Directory Accuracy	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
3.5.4	Identifying and Acting on Opportunities	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
3.5.5	Searchable Physician Web-based Directory	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and not delegated to the Delegate.
3.5.6	Hospital Directory Data	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
3.5.7	Hospital Directory Updates	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
3.5.8	Searchable Hospital Web-based Directory	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
3.5.9	Usability Testing	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
3.5.10	Availability of Directories	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 3.6: Delegation of Network Management				
3.6.1	Delegation Agreement	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
3.6.2	Pre-delegation Evaluation	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
3.6.3	Review of Delegated Activities	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
3.6.4	Opportunities for Improvement	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
Article 4: Utilization Management (UM)				
Section 4.1: UM Program Structure				
4.1.1	Written Program Description	Yes	The Delegate has a well-structured UM program and makes utilization decisions affecting the health care of members in a fair, impartial and consistent manner. The Delegate's UM program description includes the following: 1. A written description of the program structure: a. UM staff member's assigned activities. b. UM staff who have the authority to deny coverage. c. Involvement of a designated physician and designated behavioral healthcare practitioner. d. The process for evaluating, approving, and revising the UM program, and the staff responsible for each step. e. The UM program's role in the QI program, including how the Delegate collects UM information and uses if for QI activities. f. The Delegate's process for handling appeals and making appeal determinations. 2. The behavioral healthcare aspects of the program. 3. Involvement of a designated senior-level physician in UM Program implementation. 4. Involvement of a designated behavioral healthcare practitioner in the implementation of the behavioral healthcare aspects of the UM Program. 5. The program scope and process used to determine benefit coverage and medical necessity. 6. Information sources used to determine benefit coverage and medical necessity. For factors 5 and 6 above, the Delegate's UM program description specifies: a. The UM functions, the services covered by each function or protocol and the criteria used to determine medical necessity, including: i. How the Delegate develops and selects criteria. ii. How the Delegate reviews, updates and modifies criteria. b. How medical necessity and benefits coverage for inpatient and outpatient services are determined. c. The description of the data and information the Delegate uses to make determinations (e.g., patient records, conversations with appropriate physicians) and guide the UM decision-making process.	CalOptima conducts oversight assessments of the delegated activities including, Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			d. The triage and referral process for behavioral healthcare services (if applicable). e. How sites of service and levels of care are evaluated for behavioral healthcare services (if applicable). Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual Work Plan (ICE) 3. Annual UM Evaluation	
4.1.2	Annual Evaluation	Yes	The Delegate annually evaluates and updates the UM program, as necessary. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual Work Plan (ICE) 3. Annual UM Evaluation (Previous Year)	CalOptima conducts oversight assessments of the delegated activities including, Audits annually or as often as necessary and ongoing Monitoring.
Section 4.2: Clinical Criteria for UM Decisions				
4.2.1	UM Criteria	Yes	The Delegate applies objective and evidence-based criteria and takes individual circumstances and the local delivery system into account when determining the medical appropriateness of health care services. The Delegate: 1. Has written UM decision-making criteria that are objective and based on medical evidence. 2. Has written policies for applying the criteria based on individual needs and considers at least the following individual characteristics when applying criteria: a. Age. b. Co-morbidities. c. Complications. d. Progress of treatment. e. Psychosocial situation. f. Home environment, when applicable.	CalOptima conducts oversight assessments of the delegated activities including, Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			3. Has written policies for applying the criteria based on an assessment of the local delivery system. 4. Involves appropriate practitioners in developing, adopting and reviewing criteria. 5. Annually reviews the UM criteria and the procedures for applying them and updates the criteria when appropriate. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual UM Work Plan (ICE) 3. Annual UM Evaluation (Previous Year)	
4.2.2	Availability of Criteria	Yes	The Delegate: 1. States in writing how practitioners can obtain UM criteria. 2. Makes the UM criteria available to its practitioners and members upon request. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual UM Work Plan (ICE) 3. Annual UM Evaluation (Previous Year)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.2.3	Consistency in Applying Criteria	Yes	At least annually, the Delegate: 1. Evaluates the consistency with which health care professionals involved in UM apply criteria in decision making. 2. Acts on opportunities to improve consistency, if applicable. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual UM Work Plan (ICE) 3. Annual UM Evaluation (Previous Year)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
Section 4.3: Communication Services				
4.3.1	Access to Staff	Yes	Members and practitioners can access staff to discuss UM issues. The Delegate provides the following communication services for members and practitioners: 1. Staff are available at least eight hours a day during normal business hours for inbound collect or toll-free calls regarding UM issues. 2. Staff can receive inbound communication regarding UM issues after normal business hours. 3. Staff are identified by name, title and organization name when initiating or returning calls regarding UM issues. 4. TDD/TTY services for members who need them. 5. Language assistance for members to discuss UM issues. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual UM Work Plan (ICE) 3. Annual UM Evaluation (Previous Year)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 4.4: Appropriate Professionals				
4.4.1	Licensed Health Professionals	Yes	UM decisions are made by qualified health professionals. The Delegate has written procedures: 1. Requiring appropriately licensed professionals to supervise all medical necessity decisions. 2. Specifying the type of personnel responsible for each level of UM decision making. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual UM Work Plan (ICE) 3. Annual UM Evaluation (Previous Year)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
4.4.2	Use of Practitioners for UM Decisions	Yes	The Delegate has a written job description with qualifications for practitioners who review denials of care based on medical necessity. Practitioners are required to have: 1. Education, training, or professional experience in medical or clinical practice. 2. A current license to practice without restriction or an administrative license to review UM cases. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual UM Work Plan (ICE) 3. Annual UM Evaluation (Previous Year)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.4.3	Practitioner Review of Nonbehavioral Healthcare Denials	Yes	The Delegate uses a physician or other health care professional, as appropriate, to review any nonbehavioral healthcare denial based on medical necessity. 1. Medical reviewer signature or unique identifier (electronic or handwritten) must be noted within the file for all adverse decisions. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files 3. NOMNC Files (OneCare & OneCare Connect) 4. Notice of Medicare Non-Coverage (NOMNC) Log (OneCare & OneCare Connect)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.4.4	Practitioner Review of Behavioral Healthcare Denials	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.4.5	Practitioner Review of Pharmacy Denials	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
4.4.6	Use of Board-Certified Consultants	Yes	The Delegate: 1. Has written procedures for using board-certified consultants to assist in making medical necessity determinations. 2. Provides evidence that it uses board-certified consultants for medical necessity determinations. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Annual UM Program and Workplan (Initial) 2. Semi-Annual UM Work Plan (ICE) 3. Annual UM Evaluation (Previous Year)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 4.5: Timeliness of UM Decisions				
4.5.1	Notification of Nonbehavioral Decisions	Yes	The Delegate makes UM decisions in a timely manner to minimize any disruption in the provision of health care. The Delegate adheres to the following time frames for notification of non- behavioral healthcare UM decisions: 1. For urgent concurrent decisions, the Delegate gives electronic or written notification of the decision to practitioners and members within 72 hours of the request. 2. For urgent preservice decisions, the Delegate gives electronic or written notification of the decision to practitioners and members within 72 hours of the request. 3. Medicare (OC/OCC): For nonurgent preservice decisions, the Delegate gives electronic or written notification of the decision to practitioners and members within 14 calendar days of the request. 4. Medi-Cal: For nonurgent preservice decisions, the Delegate gives electronic or written notification of the decision to practitioners and members within five (5) working days from receipt of the information reasonably necessary to render a decision, but no longer than 14 calendar days from the receipt of the request. 5. For post-service decisions, the Delegate gives electronic or written notification of the decision to practitioners and members within 30 calendar days of the request. The Delegate shall further comply with all applicable Standards and Requirements for the time frames for notification for non-behavioral UM decisions, including CalOptima Policy GG.1508: Authorization and Processing of Referrals. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy:	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring. CalOptima's oversight may include, without limitations, reviews of a sample of Delegate's UM denials in order to ensure service levels, quality, and compliance with applicable standards and requirements.

			1. Utilization Management (UM) XML Universe 2. UM Universe Case Files 3. NOMNC Files (OneCare & OneCare Connect) 4. Notice of Medicare Non-Coverage (NOMNC) Log (OneCare & OneCare Connect)	
4.5.2	Notification of Behavioral Healthcare Decisions	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.5.3	Notification of Pharmacy Decisions	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.5.4	UM Timeliness Report	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.5.5	Interim- Policies and Procedures	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 4.6: Clinical Information				
4.6.1	Relevant Information for Nonbehavioral Healthcare Decisions	Yes	The Delegate uses all information relevant to a member's care when it makes coverage decisions. There is documentation that the Delegate gathers relevant clinical information consistently to support nonbehavioral healthcare UM decision making. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files 3. NOMNC Files (OneCare & OneCare Connect) 4. Notice of Medicare Non-Coverage (NOMNC) Log (OneCare & OneCare Connect)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
4.6.2	Relevant Information for Behavioral Healthcare Decisions	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.6.3	Relevant Information for Pharmacy Decisions	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 4.7: Denial Notices				
4.7.1	Discussing a Denial with a Reviewer	Yes	The Delegate gives practitioners the opportunity to discuss nonbehavioral healthcare UM denial decisions with a physician or other appropriate reviewer. The name and direct telephone number, if available, or general number and extension number of the physician issuing the denial must be provided to the requesting provider. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files 3. NOMNC Files (OneCare & OneCare Connect) 4. Notice of Medicare Non-Coverage (NOMNC) Log (OneCare & OneCare Connect)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.7.2	Written Notification of Nonbehavioral Healthcare Denial	Yes	The Delegate's written notification of nonbehavioral healthcare denials, provided to members and their treating practitioners, contains the following information: 1. The specific reasons for the denial, in easily understandable language. 2. A reference to the benefit provision, guideline, protocol, or other similar criterion on which the denial decision is based. 3. A statement that members can obtain a copy of the actual benefit provision, guideline, protocol, or other similar criterion on which the denial decision was based, upon request. In addition to the foregoing, the written notification to the provider must include the name and direct telephone number, if available, or general number and extension number of the decision maker.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			The Delegate shall further comply with all applicable Standards and Requirements for written notice of action applicable for Medi-Cal or an integrated denial notice applicable to Medicare (OC/OCC), including Policy GG.1507: Notification Requirements for Covered Services Requiring Prior Authorization. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files 3. NOMNC Files (OneCare & OneCare Connect) 4. Notice of Medicare Non-Coverage (NOMNC) Log (OneCare & OneCare Connect)	
4.7.3	Nonbehavioral Healthcare Notice of Appeal Rights/Process	Yes	The Delegate's written non-behavioral healthcare denial notification to members and their treating practitioners contains the following information: 1. A description of appeal rights, including the right to submit written comments, documents, or other information relevant to the appeal. 2. An explanation of the appeal process, including members' rights to representation and appeal time frames. 3. A description of the expedited appeal process for urgent preservice or urgent concurrent denials. a. The time frame for filling an expedited appeal. b. The Delegate's time frame for deciding the expedited appeal. c. The procedure for filling an expedited appeal, including where to direct the appeal and information to include in the appeal. 4. Notification that expedited external review can occur concurrently with the internal appeals process for urgent care. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files 3. NOMNC Files (OneCare & OneCare Connect) 4. Notice of Medicare Non-Coverage (NOMNC) Log (OneCare & OneCare Connect)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.7.4	Discussing a Behavioral Healthcare Denial with a Reviewer	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
4.7.5	Written Notification of Behavioral Healthcare Denials	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.7.6	Behavioral Healthcare Notice of Appeal Rights/Process	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.7.7	Discussing a Pharmacy Denial with a Reviewer	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.7.8	Written Notification of Pharmacy Denials	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.7.9	Pharmacy Notice of Appeal Rights/Process	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 4.8: Policies for Appeals				
4.8.1	Member Internal Appeals	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 4.9: Appropriate Handling of Appeals				
4.9.1	Member Preservice and Post Service Appeals	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.9.2	Timeliness of the Member Appeal Process	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
4.9.3	Appeal Reviewers	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.9.4	Notification of Appeal Decision/Rights	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.9.5	Final Internal and External Appeal Files	No	For Medi-Cal or OC/OCC, this function or activity is not applicable.	For Medi-Cal or OC/OCC, this function or activity is not applicable.
4.9.6	Appeals Overturned by the IRO	No	For Medi-Cal or OC/OCC, this function or activity is not applicable.	For Medi-Cal or OC/OCC, this function or activity is not applicable.
4.9.7	Provider Level 1 UM Appeals	Yes	Level 1 UM Appeals involve disputes related to utilization management decisions by the Delegate, including adverse benefit determinations based on medical necessity. Provider Level 1 UM Appeals only apply to post service appeals. Member preservice, expedited, and post service appeals are addressed in Sections 4.9.1. and 4.9.2. The Delegate shall process and resolve Provider Level 1 UM Appeals within contractual and regulatory timeframes as established by CalOptima and in accordance with applicable Standards and Requirements, including CalOptima Policies. Delegate shall submit the following report(s) pursuant to CalOptima Reporting Policy: 1. UM Retrospective Appeal Universe	CalOptima conducts oversight assessments of delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
4.9.8	Provider Level 2 UM Appeals	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 4.10: Evaluation of New Technology				
4.10.1	Written Process	No	For Medi-Cal, this function or activity is not applicable. For OC/OCC, this function or activity is retained by CalOptima and is not delegated to the Delegate.	For Medi-Cal, this function or activity is not applicable. For OC/OCC, this function or activity is retained by CalOptima and is not delegated to the Delegate.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
4.10.2	Description of the Evaluation Process	No	For Medi-Cal, this function or activity is not applicable. For OC/OCC, this function or activity is retained by CalOptima and is not delegated to the Delegate.	For Medi-Cal, this function or activity is not applicable. For OC/OCC, this function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 4.11: Procedures for Pharmaceutical Management				
4.11.1	Pharmaceutical Management Procedures	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.11.2	Pharmaceutical Restrictions/ Preferences	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.11.3	Pharmaceutical Patient Safety Issues	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.11.4	Reviewing and Updating Procedures	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.11.5	Considering Exceptions	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 4.12: UM System Controls				
4.12.1	UM Denial System Controls	Yes	The Delegate has policies and procedures describing its system controls specific to UM denial notification dates that: 1. Define the date of receipt consistent with NCQA requirements. 2. Define the date of written notification consistent with NCQA requirements. 3. Describe the process for recording dates in systems. 4. Specify staff who are authorized to modify dates once initially recorded and circumstances when modification is appropriate. 5. Specify how the system tracks modified dates. 6. Specify system security controls in place to protect data from unauthorized modification.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and/or ongoing Monitoring, as appropriate.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			a. Limiting physical access to the system. b. Preventing unauthorized access and changes to system data. c. Password-protecting electronic systems, including requirements to: use strong passwords, avoid writing down passwords, use different passwords for different accounts, and change passwords when requested by staff or if passwords are compromised. d. Changing or withdrawing passwords, including alerting appropriate staff who oversee computer security to: change passwords when appropriate and disable or remove passwords of employees who leave the organization. 7. Specify how the Delegate audits the processes and procedures in factors 1-6. Delegate shall submit requisite documentation for Annual Audit and the following report(s) pursuant to the CalOptima Reporting Policy: 1. Utilization Management (UM) XML Universe 2. UM Universe Case Files	
4.12.2	UM Appeal System Controls	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
Section 4.13: Delegation of UM				
4.13.1	Delegation Agreements	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.13.2	Pre-delegation Evaluation	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.13.3	Review of the UM Program	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
4.13.4	Opportunities for Improvement	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
Section 4.14: Second Opinion				
4.14.1	Second Opinion	Yes	The Delegate provides for a second opinion from an in-network provider or arranges for the member to obtain a second opinion outside the network. 1. If the Delegate is unable to provide a necessary and covered service to a member in-network, the organization must adequately and timely cover these services of out of network, for as long as the Delegate is unable to provide the services. 2. If the Delegate approves a member to out of network because it is unable to provide a necessary and covered service in-network, the Delegate coordinates payment with out-of-network practitioner and ensures that the cost to the member is no greater than it would be if the service was furnished in-network. If the member is requesting a second opinion from the member's primary care practitioner/physician (PCP), the member may receive the second opinion from an appropriately qualified health care professional of the member's choice from within the Delegate's provider network. If the member is requesting a second opinion from a specialist, the member may receive the second opinion from any specialist of the same or equivalent specialty of the member's choice within the Delegate's provider network. 1. If a specialist is not available within the Delegate's provider network, a Delegate shall arrange for the second opinion from a non-contracted provider and shall incur the cost or negotiate the fee arrangement of that second opinion. The Delegate shall authorize a request for a third opinion if the recommendations of the first and second practitioner differ regarding the need for a medical procedure and a member, member's authorized representative, physician, or provider requests such third opinion. The Delegate shall further comply with all applicable Standards and Requirements, including CalOptima Policy GG.1538: Referral of Second Opinion. Delegate shall submit requisite documentation for Annual Audit pursuant to CalOptima Reporting Policy.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
Article 5: Credentialing and Recredentialing (CR)				
Section 5.1: Credentialing Policies				
5.1.1	Practitioner Credentialing Guidelines	Yes	Delegate shall document its process for credentialing and re-credentialing licensed independent practitioners it employs or with whom it contracts and who fall within its scope of authority and action. The Delegate's credentialing policies specify: 1. The types of practitioners to credential and recredential. 2. The verification sources used. 3. The criteria for credentialing and recredentialing. 4. The process for making credentialing and recredentialing decisions. 5. The process for managing credentialing files that meet Delegate's established criteria. 6. The process for requiring that credentialing and recredentialing are conducted in a nondiscriminatory manner. 7. The process for notifying practitioners if information obtained during the credentialing process varies substantially from the information they provided to the Delegate. 8. The process for notifying practitioners of the credentialing and recredentialing decisions within 60 calendar days of the credentialing committee's decision. 9. The medical director or other designated physician's direct responsibility and participation in the credentialing program. 10. The process for securing the confidentiality of all information obtained in the credentialing process, except as otherwise provided by law. 11. The process for confirming that listings in practitioner directories and other materials for members are consistent with credentialing data, including education, training, board certification and specialty. 12. The process for ensuring the following are reviewed during initial and recredentialing process: a. Quality improvement activities and member complaints. b. Review of CMS Opt-out, CMS Exclusions/Sanctions, and CMS Preclusion. c. Practitioners Medi-Cal enrollment. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
5.1.2	Practitioner Rights	Yes	The Delegate notifies practitioners about their right to: 1. Review information submitted to support their credentialing application. 2. Correct erroneous information. 3. Receive the status of their credentialing or recredentialing application, upon request. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
5.1.3	Credentialing Systems Controls	Yes	The Delegate's credentialing process describes: 1. How primary source verification information is received, dated, and stored. 2. How modified information is tracked and dated from its initial verification 3. Staff who are authorized to review, modify, and delete information, and circumstances when modification or deletion is appropriate. 4. The security controls in place to protect the information from unauthorized modification. a. Limiting physical access to credentialing information, to protect the accuracy of information gathered from primary sources and NCQA-approved sources. b. Preventing unauthorized access, changes to and release of credentialing information. c. Password-protecting electronic systems, including user requirements to: use strong passwords, avoid writing down passwords, use different passwords for different accounts, and change passwords when requested by staff or if passwords are compromised. d. Changing or withdrawing passwords, including alerting appropriate staff who oversee computer security to: change passwords when appropriate, and disable or remove passwords if employees leave the organization. 5. How the organization audits the processes and procedures in factors 1-4. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
Section 5.2: Credentialing Committee				
5.2.1	Credentialing Committee	Yes	The Delegate obtains meaningful advice and expertise from participating practitioners when it makes credentialing decisions. The Delegate's Credentialing Committee: 1. Uses participating practitioners to provide advice and expertise for credentialing decisions. 2. Reviews credentials for practitioners who do not meet established thresholds. 3. Ensures that files that meet established criteria are reviewed and approved by a Medical Director or designated physician. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 5.3: Credentialing Verification				
5.3.1	Verification of Credentials	Yes	The Delegate conducts timely verification of information to ensure that practitioners have the legal authority and relevant training and experience to provide quality care. The Delegate verifies credentialing information through primary sources, unless otherwise indicated. The Delegate verifies that the following are within the prescribed time limits: 1. A current and valid license to practice. 2. A valid DEA or CDS certificate, if applicable. 3. Education and training, as specified in the NCQA Standards and Guidelines 4. Board certification status, if applicable. 5. Work history. 6. A history of professional liability claims that resulted in settlements or judgments paid on behalf of the practitioner. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
5.3.2	Sanction Information	Yes	The Delegate verifies the following sanction information for credentialing: 1. State sanctions, restrictions on licensure or limitations on scope of practice. 2. Medicare and Medicaid sanctions. 3. Medi-Cal Suspended & Ineligible 4. Medicare Opt-Out 5. Excluded Parties List System/System for Award Management (EPLS/SAM) 6. CMS Preclusions Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
5.3.3	Credentialing Application	Yes	The Delegate performs primary source verification and credentialing and re-credentialing decision-making, which includes using an application and signed attestation. The Delegate ensures applications for credentialing include the following: 1. Reasons for inability to perform the essential functions of the position. 2. Lack of present illegal drug use. 3. History of loss of license and felony convictions. 4. History of loss or limitation of privileges or disciplinary actions. 5. Current malpractice insurance coverage. 6. Hospital admitting privileges or coverage 7. Current and signed attestation confirming the correctness and completeness of the application. 8. A current facility site review is included for PCP in the credentialing file. 9. Process and procedure for identifying HIV/AIDS Specialist Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 5.4: Recredentialing Cycle Length				
5.4.1	Recredentialing Cycle Length	Yes	The length of the recredentialing cycle is within the required 36-month time frame. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
Section 5.5: Ongoing Monitoring and Interventions				
5.5.1	Ongoing Monitoring and Interventions	Yes	Delegate develops and implements policies and procedures for ongoing monitoring of practitioner sanctions, complaints and quality issues between re-credentialing cycles and takes appropriate action against practitioners when it identifies occurrences of poor quality. The Delegate implements ongoing monitoring and makes appropriate interventions by: 1. Collecting and reviewing Medicare and Medicaid sanctions (i.e., Medi-Cal Suspended & Ineligible List, Medicare Opt-Out, Excluded Parties List System/System for Award Management (EPLS/SAM), CMS Preclusion). 2. Collecting and reviewing sanctions or limitations on licensure. 3. Collecting and reviewing complaints. 4. Collecting and reviewing information from identified adverse events. 5. Implementing appropriate interventions when it identifies instances of poor quality related to factors 1-4. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 5.6: Notification to Authorities and Practitioner Appeal Rights				
5.6.1	Actions Against Practitioners	Yes	The Delegate uses objective evidence and patient care considerations to decide on altering a practitioner's relationship with Delegate if the practitioner does not meet Delegate's quality standards. The Delegate has policies and procedures for: 1. The range of actions available to the Delegate. 2. Making the appeal process known to practitioners. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
Section 5.7: Assessment of Organizational Providers				
5.7.1	Review and Approval of Provider	Yes	The Delegate assesses and approves, initially and in an ongoing manner, provider organizations. The Delegate's policy for assessing a health care delivery provider specifies that before it contracts with a provider, and for at least every 36 months thereafter, it:	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			1. Confirms that the provider is in good standing with state and federal regulatory bodies. 2. Confirms that the provider has been reviewed and approved by an accrediting body. 3. Conducts an onsite quality assessment if the provider is not accredited. 4. Ensures that the provider is Medi-Cal enrolled. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	
5.7.2	Medical Providers	Yes	The Delegate includes at least the following medical providers in its assessment: 1. Hospitals. 2. Home health agencies. 3. Skilled nursing facilities. 4. Free-standing surgical centers. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
5.7.3	Behavioral Healthcare Providers	No	For Medi-Cal, this function or activity is not applicable because behavioral health facilities are carved out to the Orange County Health Care Agency (HCA). For OC/OCC, this function or activity is retained by CalOptima and is not delegated to the Delegate.	For Medi-Cal, this standard is not applicable for because behavioral health facilities are carved out to the HCA. For OC/OCC, this function or activity is retained by CalOptima and is not delegated to the Delegate.
5.7.4	Assessing Medical Providers	Yes	The Delegate assesses contracted medical health care providers against the requirements and within the timeframe in Section 5.7.1. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Credentialing Monthly Universe 2. Credentialing Universe Monthly Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
5.7.5	Assessing Behavioral Healthcare Providers	No	For Medi-Cal, this function or activity is not applicable because behavioral health facilities are carved out to the HCA. For OC/OCC, this function or activity is retained by CalOptima and is not delegated to the Delegate.	For Medi-Cal, this function or activity is not applicable because behavioral health facilities are carved out to the HCA. For OC/OCC, this function or activity is retained by CalOptima and is not delegated to the Delegate.

Section:	Title	Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
Section 5.8: Delegation of CR				
5.8.1	Delegation Agreement	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
5.8.2	Pre-delegation Evaluation	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.
5.8.3	Review of the Delegate's Credentialing Activities	No	This function or activity is retained by CalOptima and is not delegated to the Delegate.	This function or activity is retained by CalOptima and is not delegated to the Delegate.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
Article 7: Claims				
Section 7.1: Claims				
7.1.1	Claims Processing and Exclusion and Preclusion Monitoring	Yes	1. The Delegate shall identify and acknowledge electronic claims within two (2) working days of the date of receipt of the claim. 2. The Delegate shall identify and acknowledge paper claims within fifteen (15) working days of the date of receipt of the claim. 3. The Delegate shall not reimburse or make payment for services provided under the medical direction of a provider or entity that is verified to be suspended, debarred, precluded, or excluded from participation in federal or state health care programs. 4. Delegate shall verify provider or entity's participation status as required by CalOptima Policy HH.2021: Exclusion and Preclusion Monitoring. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Claims XML Universe 2. Claims Universe Case Files 3. Claims Timeliness Report 4. Preclusion List Report for Member Notifications Only	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
7.1.2	Claims Forwarding	Yes	The Delegate shall forward all claims received incorrectly to the correct entity within ten (10) working days of the receipt of the claim. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Claims XML Universe 2. Claims Universe Case Files 3. Claims Timeliness Report	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
7.1.3	Interest Payment of Emergency Services Claims	Yes	For late payment on a complete claim for emergency services, the Delegate shall automatically include the greater of fifteen dollars ($15) for each twelve (12) month period or portion thereof, on a non-prorated basis, or interest at the rate of fifteen percent (15%) per annum for the period of time that the payment is late. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Claims XML Universe 2. Claims Universe Case Files 3. Claims Timeliness Report	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
7.1.4	Timeliness of Claims Processing	Yes	Medi-Cal 1. The Delegate shall process and adjudicate ninety percent (90%) of all non-contracted and contracted clean claims for covered services provided to members within thirty (30) calendar days after Delegate's receipt of such claims (from the earliest date stamp through the date the payment check or notice was mailed) 2. The Delegate shall process and adjudicate ninety-nine percent (99%) of all clean claims for covered services provided to members within ninety (90) calendar days after Delegate's receipt of such claims. Medicare (OC/OCC) 1. The Delegate shall process and adjudicate ninety-five percent (95%) of all non-contracted and contracted clean claims for covered services provided to a member within thirty (30) calendar days after Delegate's receipt of such claims. 2. All other claims from non-contracted providers shall be paid or denied within sixty (60) calendar days from the date of request. 3. The Delegate shall process and adjudicate ninety-nine percent (99%) of all contracted clean claims for covered services provided to a member within ninety (90) calendar days after Delegate's receipt of such claims. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Claims XML Universe 2. Claims Universe Case Files 3. Claims Timeliness Report 4. DHCS Post-Payment Recovery Report (Medi-Cal Only)	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.
7.1.5	Claims Processing and Coordination of Benefits	Yes	1. The Delegate shall have procedures in place to identify payers that are primary and secondary to determine amounts payable, and coordinate benefits for members with Other Health Coverage (OHC), in accordance with the Medicare and Medi-Cal crossover claims guidelines. 2. The Delegate shall identify and report to CalOptima any member reports of other employer health coverage or other private or public health insurance. 3. Delegate shall identify and report to CalOptima any Explanation of Payment (EOP) or Explanation of Medical Benefits (EOMB) received with other coverage payment. 4. If the member has OHC, the Delegate shall consider the OHC plan as the member's primary health plan. 5. The Delegate shall remain the secondary health plan and payer of last sort.	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

Section: Title		Delegated Yes/No	Delegate Responsibilities	CalOptima Responsibilities
			6. If the member has both Medicare (OC/OCC) and OHC plan, both Medicare (OC/OCC) and OHC plan shall pay claims for services prior to the payment consideration of the Delegate. 7. The Delegate shall pay the annual deductible or co-payment amount for a Member with Medicare Part A, Medicare Part B, or Medicare Part A and B, as required by current regulations. 8. The Delegate shall adjudicate the billed amount based upon the maximum allowed amount, billed charge, the deductible, or co-payment, whichever is less. 9. The Delegate shall pay a deductible or co-payment for Medicare Part A acute care inpatient services for a Member, in accordance with current Medi-Cal regulations. Delegate shall submit the following report(s) pursuant to CalOptima Reporting Policy: 1. Claims XML Universe 2. Claims Universe Case Files 3. Claims Third Party Liability (TPL) 4. Claims TPL (OneCare Connect) 5. DHCS Post-Payment Recovery Report (Medi-Cal Only) *6.* Claims Timeliness Report	
7.1.6	Claims Processing and Provider Dispute Resolution (PDR) related to Claims Payment Decisions – Level 1	Yes	The Delegate shall accurately conduct claims processing. The Delegate shall process and resolve Level 1 provider disputes related to claims payment decisions within contractual and regulatory timeframes as established by CalOptima and in accordance with applicable Standards and Requirements, including CalOptima Policies. Delegate shall submit the following report(s) pursuant to the CalOptima Reporting Policy: 1. Claims XML Universe 2. Claims Universe Case Files 3. Claims Third Party Liability (TPL) 4. Claims TPL (OneCare Connect) 5. DHCS Post-Payment Recovery Report (Medi-Cal Only) 6. Claims Timeliness Report 7. Provider Dispute Resolution (PDR) XML Universe 8. PDR Universe Case Files	CalOptima conducts oversight assessments of the delegated activities, including Audits annually or as often as necessary and ongoing Monitoring.

AMENDED AND RESTATED
CONTRACT FOR HEALTH CARE SERVICES

PHYSICIAN
(Shared Risk)

THIS CONTRACT FOR HEALTH CARE SERVICES ("Contract") is entered by and between Orange County Health Authority, a public agency, dba CalOptima, ("CalOptima"), and _____, a _____ ("Physician"), with respect to the following facts:

RECITALS

A. CalOptima was formed pursuant to California Welfare and Institutions Code Section 14087.54 and Orange County Ordinance No. 3896, as amended by Ordinance No. 00-8, as a result of the efforts of the Orange County health care community.

B. CalOptima has entered into a contract with the State pursuant to which it is obligated to arrange and pay for the provision of services to Medi-Cal eligible beneficiaries residing in Orange County, California, who receive Covered Services.

C. Physician is a California professional medical corporation, which employs or otherwise contracts with physicians who are physicians licensed to practice medicine in the State of California.

D. Physician desires to provide or arrange for the provision of Covered Services to Members as defined herein.

E. CalOptima and Physician desire to enter into this Contract on the terms and condition(s) set forth herein below.

NOW, THEREFORE, the parties agree as follows:

ARTICLE 1
Definitions

1.1 "Administrative Services" means those non-clinical functions that are the responsibility of the Physician and are required to discharge the obligations and meet the requirements set forth in this Contract, in CalOptima Policies and in Memoranda of Understanding.

1.2 “Adult Expansion Member” means a Member enrolled in aid codes L1 and M1 as newly eligible and who meets the eligibility requirements in Title XIX of the federal Social Security Act, Section 1902(a)(10)(A)(i)(VIII), and the conditions as described in the federal Social Security Act, Section 1905(y).

1.3 “Advance Directive” means a written instruction such as under the California Natural Death Act Declarations or durable power of attorney for health care, recognized under State law and relating to the provision of medical care when an individual is incapacitated.

1.4 “Aid Code” means the two-character code, defined by the State of California, which identifies the aid category under which a Member is eligible to receive Medi-Cal Covered Services.

1.5 “American Indian” means a Member who meets the criteria for an "Indian" as stated in 42 CFR 438.14(a), which includes members in a federally recognized Indian tribe, resides in an urban center and meets one or more of the criteria stated in 42 CFR 438.14(a)(ii), is considered by the Secretary of the Interior to be an Indian for any purpose, or is considered by the Secretary of Health and Human Services to be an Indian for purpose of eligibility for Indian health services, including as a California Indian, Eskimo, Aleut, or other Alaska Native.

1.6 “American Indian Health Care Provider” means a health care program operated by the Indian Health Service (IHS) or by an Indian Tribe, Tribal Organization, or Urban Indian Organization (otherwise known as an I/T/U) as those terms are defined in Section 4 of the Indian Health Care Improvement Act (25 U.S.C. 1603).

1.7 “American Indian Health Service Programs” means facilities operated with funds from the Indian Health Service under the Indian Self-Determination Act and the Indian Health Care Improvement Act, through which services are provided, directly or by contract, to the eligible American Indian population with a defined geographic area, per Title 22, Section 55000.

1.8 “Approved Drug List” means CalOptima’s continually updated list of medications and supplies that may be obtained without prior authorization.

1.9 “California Children’s Services (CCS)” means those services authorized by the CCS Program for the diagnosis and treatment of the CCS Eligible Conditions of a specific Member.

1.10 “California Children’s Services (CCS) Eligible Condition(s)”, means a physically handicapping condition defined in Title 22 CCR Sections 41515.2 through 41518.9.

1.11 “California Children’s Services (CCS) Program” means the public health program which assures the delivery of specialized diagnostic, treatment, and therapy

services to financially and medically eligible children under the age of twenty-one (21) years who have CCS Eligible Conditions.

1.12 "CCS Provider" or "CCS-Paneled Provider(s)" means any of the following providers when used to treat Members for CCS Eligible Conditions:

A. A medical provider that is paneled by the CCS Program, pursuant to Health and Safety Code, Article 5 (commencing with Section 123800) of Chapter 3 of Part 2 of Division 106.

B. A licensed acute care hospital approved by the CCS Program.

C. A special care center approved by the CCS Program.

1.13 "CalOptima Board" or "Board" means the CalOptima Board of Directors.

1.14 "CalOptima Direct" or "COD" means a program CalOptima administers for CalOptima beneficiaries not enrolled with a Health Network or Physician group.

1.15 "CalOptima Policy(s)" means CalOptima policies and procedures relevant to this Contract, as amended from time to time, at the sole discretion of CalOptima.

1.16 "CalOptima's Regulators" means those government agencies that regulate, oversee, or enforces applicable statutory, regulatory, or contractual requirements relating to the activities and/or obligations of CalOptima, Physician, and Subcontractors under the State Contract, this Contract, and Subcontracts, as applicable, including, without limitation, DHCS, the HHS Office of Inspector General, the Comptroller General of the United States, the Department of Justice (DOJ), DOJ Bureau of Medi-Cal Fraud, Department of Managed Care (DMHC), and other authorized federal or State agencies, or their duly authorized representatives or designee, including DHCS' external quality review organization contractor.

1.17 "Capitation Payment" means the monthly amount paid to the Physician by CalOptima for delivery of Covered Services to Members, which is determined by multiplying the applicable Capitation Rate by Physician's monthly enrollment based upon Aid Code, age and gender.

1.18 "Capitation Rate" means the rate set by CalOptima for the delivery of Covered Services to Members based upon Aid Code, age and gender.

1.19 "Care Management Services" means:

1.19.1 Providing or approving all Covered Services including health assessments, identification of risks, initiation of intervention and health education deemed Medically Necessary, consultation, referral for consultation and additional health care services;

1.19.2 Coordinating Medically Necessary Covered Services with other Medi-Cal benefits not covered under this Contract;

1.19.3 Maintaining a Medical Record with documentation of referral services and follow-up as medically indicated;

1.19.4 Ordering of therapy, admission to hospitals and coordinated hospital discharge planning that includes necessary post-discharge care;

1.19.5 Authorization of referred services;

1.19.6 Coordinating a Member's care with all external agencies that are required to be involved in addressing the Member's needs as addressed in MOUs and in CalOptima Policies;

1.19.7 Coordinating care for Members transitioning from CalOptima Direct to a Health Network or Physician group or from one Health Network or Physician group to another Health Network or Physician group; and

1.19.8 Targeted services for Members with Special Health Care Needs to support compliance with Federal Medicaid contingencies, including but not limited to: identification of Members with Special Health Care Needs, assessment of Members with Special Health Care Needs, development of treatment plans, and monitoring the progress of adherence to treatment plans for Members with Special Health Care Needs.

1.20 "Child Health and Disability Prevention" or "CHDP" means the California program, defined in the Health and Safety Code Section 12402.5 et seq., that covers certain pediatric preventive services for children eligible for Medi-Cal. .

1.21 "Clean Claim" shall have the same meaning as "Complete Claim," as that term is defined in Title 28, CCR Section 1300.71(a)(2).

1.22 "Community Liaison" or "CL" means an individual designated to perform the duties set forth in this Contract and CalOptima Policies, as part of the Community Liaison Program.

1.23 "Community Liaison Program" or "CLP" means a program created and operated by CalOptima to facilitate access to Covered Services and coordination of care for SPD Members enrolled in a Health Network or Physician group.

1.24 "Complex Case Management" means the systematic coordination and assessment of case and services provided to Members who have experienced a critical event or diagnosis that requires the extensive use of resources and who need help navigating the system to facilitate appropriate delivery of care and services. Complex Case Management includes basic case management.

1.25 "Compliance Program" means the program (including, without limitation, the compliance manual, code of conduct and CalOptima Policies) developed and adopted by CalOptima to promote, monitor and ensure that CalOptima's operations and practices and the practices of its Board members, employees, contractors and providers comply with applicable law and ethical standards.

1.26 "Comprehensive Perinatal Services Program" or "CPSP" means those services defined in Section 14134.5 of the Welfare and Institutions Code and Title 22, Sections 51179 and 51348 of the California Code of Regulations (CCR). For CalOptima Members, CPSP is incorporated into CalOptima's Perinatal Support Services (PSS).

1.27 "Concentration Languages" means those languages spoken by at least 1,000 Members whose primary language is other than English in a ZIP code, or by at least 1,500 such Members in two contiguous ZIP codes.

1.28 "Contract" means this written instrument between CalOptima and Physician. This Contract shall include, in addition to this document, any Memoranda of Understanding entered into by CalOptima which are binding on Physician, DHCS Medi-Cal Managed Care Policy Division Policy Letters.

1.29 "Covered Services" means those services provided under the Fee-for-Service Medi-Cal program, as set forth in Article 4, Chapter 3 (beginning with Section 51301), Subdivision 1, Division 3, Title 22, CCR, and Article 4 (beginning with Section 6840), Subchapter 13, Chapter 4, Division 1 of Title 17, CCR, which (i) are included as Covered Services under the State Contract; and (ii) are Medically Necessary, as described in Attachment A (which may be revised from time to time at the discretion of CalOptima), along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR) and effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, CCS Services (as defined in Subdivision 7 of Division 2 of Title 22, of the California Code of Regulations), which shall be covered for Members, notwithstanding whether such benefits are provided under the Fee-for-Service Medi-Cal Program.

1.30 "DHCS" means the State of California Department of Health Care Services.

1.31 "Derivative Aid Code" means an Aid Code, which is a subset of eligible beneficiaries derived from an original covered Aid Code.

1.32 "Disease Management" means a multi-disciplinary, continuum-based approach to health care delivery that proactively identifies populations with, or at risk for, established medical conditions:

1.32.1 That supports the physician/patient relationship;

1.32.2 Emphasizes prevention of exacerbation and complications utilizing cost-effective evidence based practice guidelines and patient empowerment strategies such as self-management; and

1.32.3 Continuously evaluates clinical humanistic and economic outcomes with the goal of improving health.

1.33 "Early and Periodic Screening, Diagnostic and Treatment" or "EPSDT" means a comprehensive and preventive child health program for individuals under the age of twenty-one (21). EPSDT is defined by law in the Federal Omnibus Budget Reconciliation Act of 1989 (OBRA 89) legislation and includes periodic screening, vision, dental and hearing services. In addition, Section 1905(r)(5) of the Federal Social Security Act (the Act) requires that any medically necessary health care service listed in Section 1905(a) of the Act be provided to an EPSDT recipient even if the service is not available under the State's Medicaid plan to the rest of the Medicaid population.

1.34 "Emergency Medical Condition" means a medical condition which is manifested by acute symptoms of sufficient severity (including severe pain) such that a prudent lay person, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

1.34.1 Placing the health of the individual (or, in the case of a pregnant woman, the health of the woman and her unborn child) in serious jeopardy; or

1.34.2 Serious impairment to bodily functions; or

1.34.3 Serious dysfunction of any bodily organ or part.

1.35 "Emergency Services" means Covered Services furnished by a qualified Provider which are needed to evaluate or Stabilize an Emergency Medical Condition that is found to exist using a prudent layperson standard.

1.36 "Encounter" means any unit of Covered Service provided to a Member by Health Network or Physician group regardless of Health Network or Physician group reimbursement methodology. These services include any and all services provided to a Member, regardless of the service location or provider, inclusive of out-of-network services, including sub-capitated and delegated Covered Services.

1.37 "Evaluation Services Provider" means a provider of custom wheelchair and seating systems assessment and evaluation services, whether provided in-home or in the provider's facility, designated and contracted to assess and evaluate a Member with Disabilities (MWD)'s needs for custom power wheelchairs and seating systems, or customized modifications to wheelchairs and seating systems.

1.38 "Facility" means any premises:

1.38.1 Owned, leased, used or operated directly or indirectly by or for the Hospital for purposes related to this Contract; or

1.38.2 Maintained by a Subcontractor to provide Covered Services pursuant to an agreement with the Hospital(s).

1.39 "Family Planning" means Covered Services that are provided to individuals of childbearing age to enable them to determine the number and spacing of their children, and to help reduce the incidence of maternal and infant deaths and diseases by promoting the health and education of potential parents. Family Planning includes but is not limited to:

1.39.1 Medical and surgical services performed by or under the direct supervision of a licensed physician for the purpose of Family Planning;

1.39.2 Laboratory and radiology procedures, drugs and devices prescribed by a licensed physician and/or are associated with Family Planning procedures;

1.39.3 Patient visits for the purpose of Family Planning;

1.39.4 Family Planning counseling services provided during a regular patient visit;

1.39.5 IUD and UCD insertions, or any other invasive contraceptive procedures/devices;

1.39.6 Tubal ligations;

1.39.7 Vasectomies;

1.39.8 Contraceptive drugs or devices;

1.39.9 Treatment for complications resulting from previous Family Planning procedures.

1.39.10 Family Planning does not include services for the treatment of infertility or reversal of sterilization.

1.40 "Federally Qualified Health Center" or "FQHC" means an entity as defined in 42 USC Section 1396d(l)(2)(B).

1.41 "Fee-for-Service" or "FFS" means the reimbursement paid to Providers on a non-capitated basis.

1.42 "Foster Care" means an out-of-home placement for a child either on a temporary or permanent basis.

1.43 “Health Education” means any combination of learning experiences designed to facilitate voluntary adaptations of behavior conducive to health.

1.44 “Health Maintenance Organization” or “HMO” means the health care service plan, as defined in the Knox-Keene Health Care Service Plan Act of 1975, as amended, (commencing with Section 1340 of the California Health and Safety Code) (“Knox-Keene Act”).

1.45 “Health Network” means a physician hospital consortium (PHC), physician group under a shared risk contract, or health care service plan, such as an HMO, as defined in the Knox-Keene Act, and contracted by CalOptima to provide Covered Services to Members.

1.46 “Healthcare Effectiveness Data and Information Set” or “HEDIS” means the set of standardized performance measures sponsored and maintained by the National Committee for Quality Assurance (NCQA).

1.47 “HHS” means the United States Department of Health and Human Services.

1.48 “Hospital” means a general acute care hospital licensed under the laws of the State of California and accredited by the Joint Commission, or other Centers for Medicare and Medicaid Services (CMS) deemed accrediting body, and certified for participation under Medicare and Medicaid (Titles XVIII and XIX of the Social Security Act) and having a Hospital Services Contract with CalOptima.

1.49 “Incontinence Supplies” means Medical Supplies used to manage bowel and/or bladder incontinence.

1.50 “Joint Commission” means the Joint Commission for the Accreditation of Health Care Organizations.

1.51 “Long Term Care Facility” means a facility that is licensed to provide skilled nursing facility services, intermediate care facility services, or sub-acute care services.

1.52 “Management Services Organization” or “MSO” means any organization, firm, company or entity providing Administrative Services on behalf of Physician which impact CalOptima Members.

1.53 “Medi-Cal” is the name for the Medicaid program in the State of California, and “Medicaid” is the program authorized by Title XIX of the Social Security Act and the regulations promulgated thereunder.

1.54 “Medi-Cal Fee Schedule” means the Medi-Cal payment system for reimbursement for physician services in Title 22, CCR, Section 51503.

1.55 "Medi-Cal Managed Care All Plan Letter (APL)" and "Policy Letter (PL)" are the means by which Medi-Cal Managed Care conveys information or interpretation of changes in policy or procedure at the Federal or State levels. The Policy Letters provide instruction to the contractors about changes in Federal or State law and Regulation that affect the way in which they operate or deliver services to Medi-Cal beneficiaries.

1.56 "Medically Necessary" or "Medical Necessity" means reasonable and necessary Covered Services to protect life, to prevent illness or disability, alleviate severe pain through the diagnosis or treatment of disease, illness or injury, achieve age-appropriate growth and development, and attain, maintain, or regain functional capacity per title 22, CCR Section 51303(a) and 42 CFR 438.210(a)(5). When determining the Medical Necessity for a Medi-Cal beneficiary under the age of 21, "Medical Necessity" is expanded to include the standards set forth in 42 USC Section 1396d(r), and Welfare and Institutions Code Section 14132(v).

1.57 "Medical Record" means any record kept or required to be kept by any Provider that documents all the medical services received by the Member, including without limitation inpatient, outpatient, emergency care, referral requests and authorizations.

1.58 "Medical Screening Examination" or "MSE" means an examination within Physician's capability (including ancillary services routinely available) to determine whether or not an Emergency Medical Condition exists.

1.59 "Medical Supplies" means items, which, due to their therapeutic or diagnostic characteristics, are essential to enable Members to effectively complete a physician ordered plan of care, excluding common household items and clothing.

1.60 "Medical Therapy Program (MTP)" means a special program within California Children's Services that provides physical therapy (PT), occupational therapy (OT) and medical therapy conference (MTC) services for children who have disabling conditions, generally due to neurological or musculoskeletal disorders.

1.61 "Medicare" means the federal health insurance program for: people sixty-five (65) years of age or older, certain younger people with disabilities, and people with End-Stage Renal Disease (permanent kidney failure with dialysis or a transplant, sometimes called (ESRD)) as defined in Title XVIII of the Federal Social Security Act.

1.62 "Member" means a Medi-Cal eligible beneficiary as determined by the County of Orange Department of Social Services, DHCS, or the United States Social Security Administration who is enrolled in the CalOptima Program and assigned to Physician.

1.63 "Member with Special Health Care Needs" means a Member who meets at least one of the following criteria: (i) Medicare eligible; (ii) diagnosed with an emotional or physical disability; (iii) placed in the foster care system; (iv) Regional Center of Orange County (RCOC) program eligible; or (v) CCS Program eligible.

1.64 "Memorandum/Memoranda of Understanding" or "MOU" means agreements between CalOptima and external agencies, which delineates responsibilities for coordinating care to Members.

1.65 "Minimum Standards" means the minimum participation criteria established by CalOptima that must be satisfied in order for specified categories of Providers to submit claims and/or receive reimbursement from the CalOptima program (including Health Networks, Physician groups and CalOptima Direct) for items and/or services furnished to Members as described in CalOptima Policies.

1.66 "National Committee on Quality Assurance" or "NCQA" means the non-profit organization committed to evaluating and publicly reporting on the quality of managed care plans.

1.67 "Other Member" means a Medi-Cal beneficiary as determined by the County of Orange Social Services Agency, DHCS, or the United States Social Security Administration who is enrolled by the State in a CalOptima Program but is not enrolled with Physician.

1.68 "Out-of-Network Provider" means a Provider who is not obligated by a written contract with Physician or Hospital to provide Covered Services to Members.

1.69 "Outpatient Mental Health Services" means outpatient services that CalOptima will provide for members with mild to moderate mental health conditions including: individual or group mental health evaluation and treatment (psychotherapy); psychological testing when clinically indicated to evaluate mental health condition; psychiatric consultation for medication management; and outpatient laboratory, supplies and supplements.

1.70 "Participating Provider" means a Provider who is obligated by a written contract to provide Covered Services to Members on behalf of Physician. All Participating Providers shall be considered Subcontractors.

1.71 "Participation Status" means whether or not a person or entity is or has been suspended, precluded, or excluded from participation in Federal and/or State health care programs and/or has a felony conviction as specified in CalOptima's Compliance Program and CalOptima Policies.

1.72 "Pediatric Preventive Services" or "PPS" means well child services which incorporate services covered under the Medi-Cal CHDP Program and the American Academy of Pediatrics Guidelines for Health Supervision.

1.73 "Perinatal Support Services" or "PSS" means obstetrical services enhanced with those perinatal services that are incorporated in CPSP services and perinatal Care Management for pregnant and post-partum Members.

1.74 "Person-Centered Planning" means a highly individualized and ongoing process to develop individualized care plans that focus on a person's abilities and preferences. Person-Centered Planning is an integral part of basic and Complex Case Management and discharge planning.

1.75 "PHC" and "PHCs" means a physician-hospital consortium/consortia.

1.76 "Physician" means a group practice, independent practice association or other formal business arrangement comprised of individuals, each of whom hold an unrestricted license to practice medicine or osteopathy in the state in which they practice, and which participates with a Hospital in a PHC or holds a shared risk contract with CalOptima.

1.77 "Physician Incentive Plan" means any compensation arrangement between Physician and a physician or physician group designed to motivate physician or physician group that may directly or indirectly have the effect of reducing or limiting services furnished to Members.

1.78 "Practitioner" means a licensed practitioner, including a Doctor of Medicine (MD), Doctor of Osteopathy (DO), Doctor of Podiatric Medicine, Doctor of Chiropractic Medicine (DC), and a Doctor of Dental Surgery (DDS) furnishing Covered Services under medical benefits, as described in CalOptima Policies.

1.79 "Preclusion List" means the CMS-compiled list of providers and prescribers who are precluded from receiving payment for Medicare Advantage (MA) items and services or Part D drugs furnished or prescribed to Medicare beneficiaries.

1.80 "Primary Care Physician" or "PCP" means a physician responsible for supervising, coordinating, and providing initial and primary care to patients and serves as the medical home for Members. The PCP is a general practitioner, internist, pediatrician, family practitioner, or obstetrician/gynecologist (OB/GYN). For SPD and CCS Members "Primary Care Physician" or "PCP" shall additionally mean any clinic or Specialist Physician who is a Participating Provider and is willing to perform the role of the PCP, provided that clinic or Specialist Physician is qualified to treat the required range of conditions of the Member.

1.81 "Provider" means a physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, health maintenance organization or other person or institution who furnishes health care items or services.

1.82 "Quality Indicators" means measurable variables relating to a specific clinical or health service delivery area, which are reviewed over a period of time to monitor the process or outcome of care delivered in that clinical area.

1.83 "Reinsurance" means coverage provided by CalOptima and any coverage secured by Physician, which limits the amount of risk or liability for the cost of providing Covered Services.

1.84 "Screening, Brief Intervention, and Referral to Treatment (SBIRT)" means services provided by a primary care physician to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol and illicit drugs.

1.85 "Sensitive Services" means those services related to Family Planning, sexually transmitted disease (STD), abortion and Human Immunodeficiency Virus testing

1.86 "Shared Risk Pool" means the risk sharing program, described in Attachment E hereto, under which the risk for the provision of Shared Risk Services to Members is shared and allocated between CalOptima and Physician.

1.87 "SPD Member" means Members in Seniors and Persons with Disabilities Aid Codes.

1.88 "Specialist Physician" or "Specialist" means a physician who has completed advanced education and clinical training in a specific area of medicine or surgery.

1.89 "Specialized Durable Medical Equipment" means durable medical equipment that is uniquely constructed from raw materials or substantially modified from the base material solely for the full-time use of a specific Member, according to a physician's description and orders; is made to order or adapted to meet the specific needs of the Member; and is so uniquely constructed, adapted, or modified that it is unusable by another individual, and is so different from another item used for the same purpose that the two could not be grouped together for pricing purposes.

1.90 "Specialty Mental Health Provider" means a person or entity who is licensed, certified or otherwise recognized or authorized under the State law governing the healing arts to provide Specialty Mental Health Services and who meets the standards for participation in the Medi-Cal program. Specialty Mental Health Providers include but are not limited to clinics, hospital outpatient departments, certified residential treatment facilities, skilled nursing facilities, psychiatric health facilities, hospitals, and licensed mental health professionals, including psychiatrists, psychologists, licensed clinical social workers, marriage, family and child counselors, therapists and registered nurses authorized to provide Specialty Mental Health Services.

1.91 "Specialty Mental Health Services" means:

1.91.1 Rehabilitative services which include mental health services, medication support services, day treatment intensive services, day rehabilitation, crisis intervention, crisis stabilization, adult residential treatment services, crisis residential services and psychiatric health facility services;

1.91.2 Psychiatric inpatient hospital services;

1.91.3 Targeted Care Management services;

1.91.4 Psychiatrist services;

1.91.5 Psychologist services; and

1.91.6 EPSDT supplemental specialty mental health services.

1.92 "Stabilize" or "Stabilized" means with respect to an Emergency Medical Condition, to provide such medical treatment of the condition to assure, within reasonable medical probability, that no material deterioration of the condition is likely to result from, or occur during, the transfer of the individual from a facility, or in the case of a pregnant woman, that the woman has delivered the child and the placenta.

1.93 "State" means the State of California.

1.94 "State Contract" means the written agreement between CalOptima and the State pursuant to which CalOptima is obligated to arrange and pay for the provision of Covered Services to certain Medi-Cal beneficiaries in Orange County, California.

1.95 "Subcontract" means an agreement entered into by the Physician with a Provider who agrees to furnish Covered Services to Members, or any other organization or person who agrees to perform any administrative function or service for Physician specifically related to fulfilling Physician's obligations to CalOptima under the terms of this Contract.

1.96 "Subcontractor" means a Provider or any organization or person who has entered into a Subcontract with Physician. All delegates are Subcontractors, but not all Subcontractors shall be considered delegates.

1.97 "Sub-delegation" means the process by which Physician expressly grants, by formal written agreement, to another entity the authority to carry out a function that would otherwise be required to be performed by Physician in order to meet its obligations under, and the intent of this Contract.

1.98 "Threshold Languages" means those languages as determined by State requirements per MMCD Policy Letter 99-03, APL 17-011, or any update or revision thereof.

1.99 "Urgent Care Services" means Covered Services required to prevent serious deterioration of health following the onset of an unforeseen condition or injury for which treatment cannot be delayed.

1.100 "Vaccines for Children" or "VFC" means the federal program, which provides free vaccines for eligible populations. Medi-Cal covered children, ages eighteen (18) years and younger, are eligible for free vaccines under this program.

1.101 "Whole Child Model Program" or "WCM" means CalOptima's WCM program whereby CCS will be a Medi-Cal managed care plan benefit with the goal being to improve health care coordination for the whole child, rather than handle CCS Eligible Conditions separately.

ARTICLE 2
Obligations of Physician – Financial

2.1 FINANCIAL SECURITY REQUIREMENTS --- Physician must establish and maintain, throughout the term of this Contract, financial security reserves, in the form of time certificates of deposit, irrevocable standby letters of credit, surety bonds naming CalOptima as beneficiary, and/or other forms of financial instruments acceptable by CalOptima, equal to fifty-thousand dollars ($50,000) plus a minimum of twenty-five percent (25%) of one month's Capitation Payment. Physician shall have thirty (30) days upon receiving notice from CalOptima to cure any deficit.

2.2 INDEMNIFICATION --- Each party to this Contract agrees to defend, indemnify and hold each other and the State harmless, with respect to any and all Claims, costs, damages and expenses, including reasonable attorney's fees, which are related to or arise out of the negligent or willful performance or non-performance by the indemnifying party, or any functions, duties or obligations of such party under this Contract. Neither termination of the Contract nor completion of the acts to be performed under this Contract shall release any party from its obligation to indemnify as to any claims or cause of action asserted so long as the event(s) upon which such claims or cause of action is predicated shall have occurred prior to the effective date of termination or completion.

2.3 INSURANCE REQUIREMENTS---

2.3.1 Professional/Medical Malpractice:

Each Participating Provider providing Covered Services to Members shall maintain a Professional Liability (Medical Malpractice) Insurance policy for the specialty or type of service which the Participating Provider provides with minimum limits as follows:

PCP or Specialist Physician :
$1,000,000 per incident/$3,000,000 aggregate

2.3.2 Commercial General Liability/Commercial Automobile Liability:

Physician and each Participating Provider shall maintain a Commercial General Liability Insurance policy and a Commercial Automobile Liability Insurance policy with minimum limits as follows:

Commercial General Liability:
$1,000,000 per occurrence/$3,000,000 aggregate

Commercial Automobile Liability:
$1,000,000 Combined Single Limit

CalOptima must be named as an additional insured on Comprehensive General Liability and Automobile Liability insurance with respect to performance under this Contract.

2.3.3 Workers' Compensation:

Physician and each Participating Provider shall maintain a Workers' Compensation Insurance policy with minimum limits as follows:

Employers' Liability Insurance:

$1,000,000 Bodily Injury by Accident - each accident

$1,000,000 Bodily Injury by Disease - policy limit

$1,000,000 Bodily Injury by Disease - each employee

2.3.4 Managed Care Errors and Omissions:

Physician shall maintain a Managed Care Errors and Omissions Insurance policy with minimum limits as follows:

Managed Care Errors and Omissions:

$10,000,000 each claim/$10,000,000 aggregate

2.3.5 Insurer Ratings ---
Such insurance shall be provided by an insurer:

(a) rated by A.M. Best with a rating of A V or better; and
(b) "admitted" to do business in California or an insurer approved to do business in California by the California Department of Insurance and listed on the Surplus Lines Association of California List of Eligible Surplus Lines Insurers (LESLI); or

(c) an Unincorporated Interindemnity Trust Arrangement as authorized by the California Insurance Code 12180.7

2.3.6 Captive Risk Retention Group/Self Insured:

Where any of the Insurance(s) mentioned in this Section are provided by a Captive Risk Retention Group or self-insured, insurer ratings requirements above may be waived at the sole discretion of CalOptima, but only after review of the Captive Risk Retention Group's or self-insured's audited financial statements.

2.3.7 Cancellation or Material Change:
The Shared Risk Group shall not of its own initiative cause such insurance as addressed in this Article to be cancelled or materially changed during the term of this Contract.

2.3.8 Proof of Insurance: Certificates of Insurance of the above Insurance policies and/or evidence of self-insurance shall be provided to CalOptima prior to execution of the Contract and annually thereafter.

2.4 REIMBURSEMENT FOR CERTAIN COVERED SERVICES PROVIDED BY LOCAL HEALTH DEPARTMENT --- Physician shall reimburse the Local Health Department (LHD) on a FFS basis, according to the current Medi-Cal Fee Schedule, for certain Covered Services provided to Members, in accordance with CalOptima Policy. This Section shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

2.5 PHYSICIAN FINANCIAL RESPONSIBILITY FOR MEDICAL SUPPLY ITEMS --- Physician shall be responsible for authorizing all injectable medications, or medications in an implantable dosage form which shall be reimbursed as set forth in Attachment A, Division of Financial Responsibility.

2.5.1 AS SET FORTH IN ATTACHMENT A, the Division of Financial Responsibilities, Physician shall also be financially responsible for authorizing and paying for Medical Supplies and durable medical equipment with the exception of certain Medical Supplies as set forth in Attachment C.

2.5.2 This Section shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

2.6 Not Applicable to this Contract.

2.7 PHYSICIAN PAYMENTS TO PROVIDERS ---

2.7.1 Capitation Payments - Physician and/or Subcontractors shall distribute monthly capitation payments to capitated Participating Providers within fifteen (15) calendar days following the date on which Physician receives payment from CalOptima.

2.7.2 Claims Turnaround Time - Physician shall reimburse Complete Claims, or any portion of any Complete Claim, for Covered Services, as soon as practical, but no later than thirty (30) calendar days after receipt of the claim by Physician, unless the claim or portion thereof is reasonably contested by Physician, in which case the claimant shall be notified in writing that the claim is contested or denied within forty-five (45) business days after receipt of the claim by Physician in accordance with CalOptima Policy.

2.7.3 Claims Adjudication – Except as provided in this Section, Physician shall accept and adjudicate claims for Covered Services provided to Members in accordance with the provisions of Sections 1371, 1371.1, 1371.2, 1371.22, 1371.35, 1371.36, 1371.37, 1371.38, 1371.4 and 1371.8 of the California Health & Safety Code, and Sections 1300.71, 1300.71.38, 1300.71.4, and 1300.77.4 of Title 28 of the California Code of Regulations and CalOptima Policies. Waiver of any right or obligation specific to the Health and Safety Code and Title 28 related to claims processing and payment shall be prohibited.

2.7.4 Dispute Resolution - Physician shall establish and maintain a fair, fast and cost-effective dispute resolution mechanism to process and resolve provider disputes in accordance with the provisions of Sections 1371, 1371.1, 1371.2, 1371.22, 1371.35, 1371.36, 1371.37, 1371.38, 1371.4 and 1371.8 of the California Health & Safety Code, and Sections 1300.71, 1300.71.38, 1300.71.4, and 1300.77.4 of Title 28 of the California Code of Regulations and CalOptima Policies.

2.7.5 Right Of Appeal - Physician shall afford Providers an unconditional right of appeal and de novo review for claims disputes involving issues of Medical Necessity. Any Provider that submits a claim dispute to Physician's dispute resolution mechanism involving an issue of medical necessity or utilization review shall have an unconditional right of appeal for that claim dispute to CalOptima's dispute resolution process for a de novo review and resolution for a period of sixty (60) working days from Physician's Date of Determination.

2.7.6 CalOptima Payment On Behalf Of Physician

2.7.6.1 If CalOptima receives a copy of an unpaid Complete Claim as part of a Provider grievance that is thirty (30) working days old or more, CalOptima will follow all notification and acknowledgement procedures pursuant to CalOptima Policies.

2.7.6.2 If Physician does not either notify CalOptima that the claim is reasonably contested, as set forth in CalOptima Policies, or pay the Complete Claim within the thirty (30) working day period, CalOptima shall pay the Claim on behalf of Physician, plus interest, as required by the Knox-Keene Act, and deduct the amounts reimbursed, plus processing costs, from the Capitation payment, in accordance with CalOptima Policy.

2.7.7 Assumption of Delegated Functions.

2.7.7.1 Assumption Of Claims Processing. In the event that Physician fails to timely and accurately reimburse its claims (including the payment of interest and penalties), CalOptima may, at its sole discretion, either assume responsibility from Physician for claims payment, or terminate this Contract as provided for in Section 13.1 of this Contract. CalOptima's assumption of responsibility for the processing and timely reimbursement of Provider claims may be altered to the extent that Physician has established an approved corrective action plan consistent with Section 1375.4 (b)(4) of the Health and Safety Code.

2.7.7.2 Assumption Of Dispute Resolution. In the event that Physician fails to resolve its Provider disputes in a timely manner, CalOptima may, at its sole discretion, assume responsibility from Physician for dispute resolution, or terminate this Contract as provided for in Section 13.1 of this Contract.

2.7.7.3 Recoupment Of Costs For Assumption Of Claims Processing And/Or Dispute Resolution. CalOptima, at its sole and absolute discretion, may reduce Physician Capitation Rate to recoup additional administrative costs for the assumption of the claims processing and/or dispute resolution responsibilities of Physician, as described in this Section, as well as any amounts, including interest due, on claims unpaid at the assumption of responsibilities by CalOptima.

2.7.8 Quarterly Claims Payment Performance Report.

2.7.8.1 Physician shall submit, in a format specified by CalOptima Policies, a Quarterly Claims Payment Performance Report ("Quarterly Claims Report") to CalOptima within thirty (30) calendar days of the close of each calendar quarter. The Quarterly Claims Report shall, at a minimum, disclose Physician's compliance status with Sections 1371, 1371.1, 1371.2, 1371.22, 1371.35, 1371.36, 1371.37, 1371.4 and 1371.8 of the California Health and Safety Code and Sections 1300.71,

1300.71.38, 1300.71.4 and 1300.77.4 of Title 28 of the California Code of Regulations.

2.7.8.2 Physician shall ensure that each Quarterly Claims Payment Performance Report is signed by, and includes the written verification of, a principal officer, as defined by Section 1300.45(o) of Title 28 of the California Code of Regulations, of Physician, stating that the report is true and correct to the best knowledge and belief of the principal officer.

2.7.8.3 Physician's Quarterly Claims Payment Performance Report shall include a tabulated record of each Provider dispute it received, categorized by date of receipt, and including the identification of the Provider, type of dispute, disposition and working days to resolution, as to each Provider dispute received. Each individual dispute contained in a Provider's bundled notice of Provider dispute shall be reported as a separate dispute to CalOptima.

2.7.9 Forwarding of Misdirected Claims

2.7.9.1 Physician shall have the ability to receive a standard ANSI 837I and ANSI 837P claim file format for retrieving misrouted claims that are the financial responsibility of the physician group. Physician will receive misdirected claims per CalOptima Policy.

2.7.9.2 Physician shall have the ability to create a standard ANSI 837I and ANSI 837P claim file for forwarding claims that are the financial responsibility of CalOptima within 10 working days of receipt of the claim. CalOptima shall receive these files per CalOptima Policy and load them into their system to ensure timely claims processing.

2.7.10 FQHC Payments – If FQHC, Physician shall reimburse the FQHC at a rate comparable to any other Subcontract arrangement for similar services.

2.7.11 American Indian Health Service Payments - Physician shall reimburse American Indian Health Care Provider(s) for Covered Services provided to Members who are qualified to receive services from an American Indian Health Care Provider. Physician shall reimburse the American Indian Health Care Provider at a rate comparable to any other Subcontract arrangement for similar services.

2.7.12 Certified Nurse Midwife (CNM) and Certified Nurse Practitioner (CNP) Payments - If there are no CNMs or CNPs in Physician's provider network, Physician shall reimburse non-contracting CNMs or CNPs for services provided to Members at no less than one hundred percent (100%) of the Medi-Cal fee schedule as identified in CalOptima Policy.

2.7.13 Family Planning Provider Payments - Physician shall reimburse non-contracting family planning providers at no less than one hundred percent (100%) of the Medi-Cal fee schedule as identified in CalOptima Policy. Physician shall reimburse non-contracting family planning providers for services provided to Members of childbearing age to temporarily or permanently prevent or delay pregnancy.

2.7.14 Sexually Transmitted Disease Treatment Payments - Physician shall reimburse local health departments and non-contracting family planning providers at no less than one hundred percent (100%) of the Medi-Cal fee schedule as identified in CalOptima Policy, for the diagnosis and treatment of a STD episode, as defined in MMCD Policy Letter No. 96-09. Physician may elect to provide reimbursement only if STD treatment providers provide treatment records or documentation of the Member's refusal to release Medical Records to Physician along with billing information.

2.7.15 HIV Testing and Counseling Payments - Physician shall reimburse local health departments and non-contracting family planning providers at no less than one hundred percent (100%) of the Medi-Cal fee schedule as identified in CalOptima Policy. Physician shall provide reimbursement only if local health departments and non-contracting family planning providers make all reasonable efforts, consistent with current laws and regulations, to report confidential test results to Physician.

2.7.16 Information Disclosures To Participating Providers Physician shall provide to all Participating Providers, initially upon contracting and annually thereafter on or before the Contract anniversary date, and at any time upon request from a Participating Provider, in an electronic format as defined and detailed in CalOptima Policies, the following:

2.7.16.1 A complete fee schedule.

2.7.16.2 Payment policies and nonstandard coding methodologies used to adjudicate claims.

2.7.17 Provider Payments –

2.7.17.1 Physician shall reimburse contracted Specialist Physician for Covered Services rendered to Members on an aggregate basis, at an amount equal to or greater than one hundred thirty-three percent (133%) of the Medi-Cal fee schedule except for those members specified below.

2.7.17.2 In addition to the requirements in this Contract, effective July 1, 2019, or such later date as Physician shall begin Participating in

the CalOptima Whole Child Model Program, Physician shall compensate CCS paneled physicians and surgeons providing CCS Services to CCS eligible Members at rates that are equal to or exceed the applicable Medi-Cal Program CCS fee-for-service rates, unless the physician or surgeon enters into an agreement on an alternative payment methodology mutually agreed to by Physician and the physician and surgeon.

2.7.18 This Section shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

2.8 THIRD PARTY TORT LIABILITY/ESTATE RECOVERY --- Physician shall make no claim for the recovery of the value of Covered Services rendered to a Member when such recovery would result from an action involving tort liability of a third party, recovery from the estate of deceased Member, Workers' Compensation, or casualty liability insurance awards and uninsured motorist coverage. Physician shall inform CalOptima of potential third party liability claims, and provide information relative to potential third party liability claims, in accordance with CalOptima Policy.

2.9 OTHER HEALTH COVERAGE (OHC) --- Physician shall cost avoid or make post-payment recovery for the reasonable value of Covered Services paid by Physician and rendered to Members whenever a Member's OHC covers the same Covered Services, either fully or partially. In no event shall Physician cost avoid or seek post-payment recovery for the reasonable value of Covered Services from a Third Party Tort Liability Action or make a claim against the estates of deceased Members. Physician shall coordinate benefits with other programs or entitlements recognizing OHC as primary coverage and Medi-Cal as the payor of last resort. Physician shall not undertake cost avoidance or post-payment recovery except on the basis of OHC reflected in an OHC code reflected in the Medi-Cal eligibility records.

2.9.1 Cost Avoidance - If Physician reimburses a Provider on a Fee-for-Service basis, Physician shall not pay claims for Covered Services to a Member whose Medi-Cal eligibility indicates third party coverage, designated by an OHC code without proof that the Provider has first exhausted all benefits of other liable parties. Proof of third party billing is not required before payment for services provided to Members with OHC codes A or N.

2.9.2 Post-Payment Recovery - If Physician reimburses a Provider on a Fee-for-Service basis, Physician shall pay the Provider's claims and then seek to recover the cost of the claim by billing liable third parties for services provided to Members with OHC codes A or N; for services defined by DHCS as prenatal or PPS; or in child support enforcement cases. If Physician does not have sufficient information to determine whether or not

OHC is the result of child support enforcement case, then Physician shall follow the procedure above for cost avoidance. If Physician does not reimburse a Provider on a Fee-for-Service basis, then Physician shall pay for Covered Services to a Member whose Medi-Cal eligibility indicates third party coverage, designated by an OHC code or Medicare coverage, and then shall bill the liable third parties for the cost of actual Covered Services rendered.

2.9.3 Physician shall have written policies implementing these requirements.

2.9.4 Physician shall submit monthly reports to CalOptima identifying OHC in accordance with CalOptima Policies.

2.9.5 Physician shall maintain reports that display claims counts and dollar amounts of costs avoided and the amount of Post-Payment Recoveries, by aid category, as well as the amount of outstanding recovery claims (accounts receivable) by age of account. Reports shall be made available upon CalOptima request.

2.9.6 Physician shall identify OHC unknown to DHCS within ten (10) days of discovery to CalOptima in accordance with CalOptima Policies.

2.9.7 Physician shall demonstrate to CalOptima that where Physician does not Cost Avoid or perform Post-Payment Recovery that the aggregate cost of this activity exceeds the total revenues Physician projects it would receive from such activity.

2.9.8 This Section shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

2.10 MEDICAL LOSS RATIO --- Physician shall maintain a minimum acceptable medical loss ratio as defined by CalOptima Policies of eighty-five percent (85%) when combined with the revenues and expenses of the Shared Risk Pool, which are identified in Attachment E.

2.11 FINANCIAL VIABILITY STANDARDS AND REPORTING --- Physician shall maintain a cash-to-claims ratio of no less than .75 at all times during this Contract. Physician shall substantiate compliance with this requirement by submitting all applicable reports to the Department of Managed Health Care that are required under Section 1300.75.4.2 of Title 28 of the California Code of Regulations.

2.12 COOPERATION WITH DMHC --- Physician shall fully cooperate and comply with the Department of Managed Health Care's review and audit process, and permit DMHC to obtain and evaluate supplemental financial information related to Physician, in accordance with Section 1300.75.4.7 of Title 28 of the California

Code of Regulations. Physician shall also fully cooperate and participate in DMHC's Corrective Action Plan (CAP) process, in accordance with Section 1300.75.4.8 of Title 28 of the California Code of Regulations.

2.13 Not Applicable to this Contract.

ARTICLE 3
Obligations of Physician - Administrative

3.1 Not Applicable to this Contract.

3.2 EQUAL OPPORTUNITY

3.2.1 Physician and its Subcontractors will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. Physician and its Subcontractors will take affirmative action to ensure that qualified applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and career development opportunities and selection for training, including apprenticeship. Physician and its Subcontractors agree to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Federal Government or DHCS, setting forth the provisions of the Equal Opportunity clause, Section 503 of the Rehabilitation Act of 1973, and the affirmative action clause required by the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212). Such notices shall state Physician and its Subcontractors' obligation under the law to take affirmative action to employ and advance in employment qualified applicants without discrimination based on their race, color, religion, sex, national origin physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era and the rights of applicants and employees.

3.2.2 Physician and its Subcontractors will, in all solicitations or advancements for employees placed by or on behalf of Physician and its Subcontractors, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era.

3.2.3 Physician and its Subcontractors will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding a notice, to be provided by the Federal Government or the State, advising the labor union or workers' representative of Physician and its Subcontractors' commitments under the provisions herein and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

3.2.4 Physician and its Subcontractors will comply with all provisions of and furnish all information and reports required by Section 503 of the Rehabilitation Act of 1973, as amended, the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212) and of the Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and of the rules, regulations, and relevant orders of the Secretary of Labor.

3.2.5 Physician and its Subcontractors will furnish all information and reports required by Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and the Rehabilitation Act of 1973, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the State and its designated representatives and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

3.2.6 In the event of Physician and its Subcontractors' noncompliance with the requirements of the provisions herein or with any federal rules, regulations, or orders which are referenced herein, this Contract may be cancelled, terminated, or suspended in whole or in part, and Physician and its Subcontractors may be declared ineligible for further federal and state contracts, in accordance with procedures authorized in Federal Executive Order No. 11246 as amended, and such other sanctions may be imposed and remedies invoked as provided in Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

3.2.7 Physician and its Subcontractors will include the provisions of Sections 3.2.1 through 3.2.7 in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor, issued pursuant to Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or Section 503 of the Rehabilitation Act of 1973 or (38 U.S.C. 4212) of the Vietnam Era Veteran's Readjustment Assistance Act, so that such provisions will be binding upon each Subcontractor or vendor. Physician and its Subcontractors will take such action with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs or DHCS may direct as a means of enforcing such provisions, including sanctions for noncompliance, provided, however, that in the event Physician and its Subcontractors become involved in, or are threatened with litigation by a Subcontractor or vendor as a result of such direction by DHCS, Physician and its Subcontractors may request in writing to DHCS, who, in turn, may request the United States to enter into such litigation to protect the interests of the State and of the United States.

3.3 MARKETING GUIDELINES --- Physician shall comply with the marketing guidelines set forth in CalOptima Policies.

3.4 CALOPTIMA LOGO --- Physician shall display the CalOptima logo on all Physicians' written communication to Members pursuant to CalOptima Policies, and in a manner such that it is clear to the Member that the communication is referring to the CalOptima program. Physician shall not otherwise use CalOptima's logo for any business unrelated to this Contract.

3.5 MEMBER INQUIRIES AND CALLS --- Physician shall establish and maintain a call center for receiving and responding to Member inquiries and calls. Physician's call center shall meet requirements established by CalOptima Policies. Physician shall equip and furnish call center including but not limited to appropriate telephone equipment and systems, so as to assure Physician will be able to supply call center reports as required by CalOptima Policies.

3.6 WRITTEN MATERIALS --- Except as otherwise provided in this Contract, Physician shall ensure that all written Member information provided by Physician to Members is provided at a sixth grade reading level, or as determined appropriate through the CalOptima group needs assessment and approved by DHCS. The written Member information shall ensure Members' understanding of the health plan covered services, processes and ensure the Member's ability to make informed health decisions. Written Member informing materials shall be translated into the identified Threshold and Concentration Languages. Written Member informing materials shall be provided in alternative formats (including Braille, large size print, or audio format) upon request and in a timely fashion

appropriate for the format being requested. Physician shall establish policies and procedures to enable Members to make a standing request to receive all informing material in a specified alternative format.

3.7 COMPLAINTS AND GRIEVANCES ---

3.7.1 Member Grievance Procedures - Members or Members' authorized representative may file grievances about any aspect of service delivery provided or arranged by a Physician. Physician shall implement and comply with CalOptima Policies relating to Member grievances. Physician shall take no punitive action of any kind, and shall ensure that no Subcontractor takes any punitive action of any kind, against a Participating Provider or Subcontractor who either requests an expedited review or supports a Member's appeal.

3.7.2 Provider Grievance Procedures - Providers may file grievances about any aspect of service delivery provided or arranged by Physician. Physician shall implement and comply with CalOptima Policies relating to Provider grievances.

3.8 SUB-DELEGATION AND SUBCONTRACTING OF ADMINISTRATIVE SERVICES.

Except as otherwise limited by the State Contract, this Contract and/or CalOptima Policies and subject to CalOptima's prior written approval, Physician may sub-delegate to an MSO, medical group, and/or IPA administrative functions required of Physician but shall not absolve Physician of oversight responsibilities. All sub-delegation must be approved by CalOptima. Physician shall obtain approval of sub-delegation from CalOptima pursuant to the process detailed in CalOptima Policies. Physician's sub-delegation to another entity does not alter Physician's ultimate obligation and responsibilities set forth in this Contract. Physician may give a sub-delegate the authority to act on behalf of Physician; but Physician retains oversight and accountability for the sub-delegated function. Accountability means that Physician cannot abdicate responsibility for the function being performed according to the requirements of this Contract, Physician's standards and those established by this Contract and CalOptima Policies. Physician is accountable for all functions performed in its purview whether by Physician, by any sub-delegate or by any sub-sub-delegate. If Physician chooses to sub-delegate a function, Physician must demonstrate that it has not compromised its ability to evaluate structures and processes and to achieve required performance across its Membership and provider network. At a minimum, Physician shall provide CalOptima no later than one hundred twenty (120) days prior to the proposed effective date of the sub-delegation, with written evidence of the sub-delegation including:

3.8.1 A copy of the written agreement which meets the requirements of this Section and which describes the relationship between the Provider and the sub-delegate entity including the following information:

3.8.1.1 The sub-delegated functions;

3.8.1.2 The responsibilities of the Physician and the sub-delegate entity;

3.8.1.3 The frequency of the sub-delegate entity's performance;

3.8.1.4 The process by which the Physician evaluates the sub-delegate entity's performance; and

3.8.1.5 The Physician's remedies if the sub-delegate entity fails to fulfill its obligations including revocation of the sub-delegation.

3.8.2 A description of the Physician's process by which the sub-delegate entity was evaluated and selected to perform the sub-delegated functions, including the entity's score on a selection tool (if any).

3.8.3 A record of the Physician's ongoing oversight process, as requested by CalOptima including:

3.8.3.1 The Physician's annual evaluation of whether the entity is performing the sub-delegated functions in accordance with this Contract and NCQA standards;

3.8.3.2 The Physician's review of the sub-delegate entity's regular reports; and

3.8.3.3 Reports and data required to be submitted to CalOptima.

3.8.4 Physician shall terminate as soon as practical to meet the health care needs of Members, upon receiving written notification from CalOptima, any sub-delegation that fails to meet standards established by CalOptima and/or any of the requirements in this Contract or in CalOptima Policies.

3.8.5 Physician shall report to CalOptima in accordance with all requirements established in this Contract and in CalOptima Policies, data and information that includes and encompasses all of Physician's Members, including those receiving services from a sub-delegate of Physician.

3.8.6 Physician shall oversee and monitor its sub-delegates, and audit sub-delegates no less than once in any twelve (12) month period. Physician shall establish standards and performance requirements for the sub-delegate function(s) and requirements for sub-delegates shall require sub-delegate to meet or exceed all requirements of Physician in this Contract and in CalOptima Policies. Physician may be exempt from oversight, monitoring and auditing of sub-delegate if the sub-delegate is:

3.8.6.1 Contracted directly with CalOptima as a Health Network or Physician group, or as a participant in a Health Network (i.e. a Shared Risk Group, PHC Physician Group or PHC Hospital), or

3.8.6.2 NCQA accredited or certified for the function(s) sub-delegated by Physician to sub-delegate.

3.8.7 Sub-delegates failing to meet performance requirements shall be placed on a Corrective Action Plan (CAP). The CAP shall detail sub-delegate's deficiencies; list specific steps, tasks and activities to bring sub-delegate into compliance; and a timeline for completion of corrective action and to achieve compliance with performance requirements. Physician shall notify CalOptima of any sub-delegate providing services to CalOptima Members that is on a CAP. Physician shall provide CalOptima a copy of the CAP if requested.

3.9 SUBCONTRACTS --- Physician may Subcontract for certain functions covered by this Contract subject to the requirements of this Contract. Physician is required to ensure that all Subcontracts are in writing and include any general requirements of this Contract and all provisions required by this Contract to be incorporated into Subcontracts. Physician is required to inform CalOptima of the name and business addresses of all Subcontractors and notify CalOptima of any changes in Subcontractors within thirty (30) days of execution or change of Subcontract. All subcontracting with an offshore entity must be approved by CalOptima prior to execution of the Subcontract. Additionally, Physician shall require all Subcontracts that relate to the provision of Covered Services, include the following:

3.9.1 An agreement to make all premises, facilities, equipment, books records, contracts, computer, and other electronic systems of the Subcontractor pertaining to the goods and services furnished by Subcontractor under the Subcontract, available for an audit, inspection, evaluation, examination or copying in accordance with Sections 3.18 to 3.20 of this Contract;

3.9.2 An agreement to maintain such books and records in accordance with any record requirements in this Contract and CalOptima Policies, and for the establishment and maintenance of and access to Medical and Administrative Records as set forth in Sections 3.17 to 3.22 of this Contract;.

3.9.3 Requirements for cultural and linguistic sensitivity and provision of interpreter services to be provided as set forth in Sections 3.33 and 3.34 of this Contract;

3.9.4 An agreement to submit provider data, encounter data, and reports relating to the Subcontract in accordance with Sections 7.2, 7.10 and 7.11 of this Contract, and to gather, preserve, and provide any records in the

Subcontractor's possession in accordance with Sections 3.21 and 3.21.1 of this Contract;

3.9.5 An agreement to maintain and make available to DHCS, CalOptima, and/or Physician, upon request, all sub-subcontracts relating to the Subcontract, and to ensure that all sub-subcontracts are in writing and require the sub-subcontractors to comply with the requirements set forth in Section 3.45 of this Contract;

3.9.6 An agreement requiring compliance with any MOU entered into by CalOptima, which are binding on Physician;

3.9.7 An agreement requiring Subcontractors to provide Covered Services to CalOptima Members in the same manner as those services are provided to other patients;

3.9.8 An agreement to comply with all provisions of this Contract with respect to providing Emergency Services, and State Contract (Exhibit A, Attachment 8, Provision 13) for those Subcontractors at risk for non-contracting Emergency Services;

3.9.9 An agreement that Subcontractors shall notify Physician of any investigations into Subcontractor's professional conduct, or any suspension of or comment on a Subcontractor's professional licensure, whether temporary or permanent;

3.9.10 An agreement to comply with (a) CalOptima's Compliance Program including, without limitation, CalOptima Policies; (b) any DHCS Medi-Cal Provider Bulletins and Manuals; and (c) all applicable requirements of the DHCS Medi-Cal Managed Care Program, including but not limited to, the Medi-Cal Managed Care Division Policy Letters and All Plan Letters;

3.9.11 An agreement that Participating Providers comply with the CalOptima Approved Drug List.

3.9.12 An agreement requiring Subcontractors to sign a Declaration of Confidentiality, as set forth in Attachment D of this Contract, which shall be signed and filed with DHCS prior to the Subcontractors being allowed access to computer files or any other data or files, including identification of individual Members;

3.9.13 An agreement to hold harmless the State, Members and CalOptima, in the event Physician cannot or will not pay for services performed by the Subcontractor pursuant to the Subcontract, and to prohibit Subcontractors from balance billing a Member as set forth in Section 4.1.9 of this Contract;

3.9.14 An agreement to assist and cooperate with Physician and/or CalOptima in the transfer of care of a Member in the event of termination of the State Contract, Contract, or Subcontract for any reason in accordance with Sections 8.2 and 8.2.1 of this Contract.

3.9.15 In the event that Physician implements and maintains a Physician Incentive Plan, it shall ensure that: (A) no specific payment is made directly or indirectly under the incentive plan to a Physician or Physician group as an inducement to reduce or limit Medically Necessary Covered Services provided to an individual Member; and (B) the stop-loss protection (reinsurance), beneficiary survey, and disclosure requirements of 42 CFR § 417.479, 42 CFR § 422.208, and 42 CFR § 422.210 are met by Physician.

3.9.16 Subcontractor shall comply with all monitoring provisions of this Contract and the State Contract and any monitoring requests by CalOptima and DHCS.

3.9.17 Services to be provided by the Subcontractor, term of the Subcontract (beginning and end dates), methods of extension, renegotiation, termination, and full disclosure of the method and amount of compensation or other consideration to be received by the Subcontractor;

3.9.18 Subcontract or its amendments are subject to DHCS approval as provided in the State Contract, and the Subcontract shall be governed by and construed in accordance with all laws and applicable regulations governing the State Contract;

3.9.19 An agreement (a) that the assignment or delegation of the Subcontract will be void unless prior written approval is obtained pursuant to Section 14.10 of this Contract, and (b) to notify DHCS in a manner provided in Section 8.4 of the Contract in the event the Subcontract is amended or terminated;

3.9.20 An agreement to participate and cooperate in quality improvement systems as set forth in Section 6.4 of the Contract, and if Physician delegates quality improvement activities to the Subcontractor, the Subcontract must include the requirements set forth in the State Contract (Exhibit A, Attachment 4, Provision 6), and Sections 3.8 and 6.4 of the Contract (including the Delegation Acknowledgement and Acceptance Agreement);

3.9.21 An agreement to the revocation of the delegation of activities or obligations under the Subcontract or other specified remedies, in accordance with Section 3.46 of this Contract, in instances where DHCS, CalOptima, and/or Physician determines that the Subcontractor has not performed satisfactorily;

3.9.22 If and to the extent Subcontractor is responsible for the coordination of care of Members, an agreement to comply with Sections 6.11.9 and 14.12 of the Contract;

3.9.23 Subcontractors shall have access to CalOptima's dispute resolution mechanism in accordance with Section 10.10 of this Contract;

3.9.24 An agreement by the Physician to notify the Subcontractor of prospective requirements and the Subcontractor's agreement to comply with the new requirements, in accordance with Section 13.12 of the Contract; and

3.9.25 An agreement that Subcontractors are entitled to the protections of the Health Care Provider's Bill of Rights, California Health and Safety Code section 1375.7, in the administration of the Subcontract relative to the Medi-Cal program.

3.10 PHYSICIAN ORGANIZATION AND OPERATIONS STRUCTURE --- Physician shall comply with the following organization and operations structure requirements:

3.10.1 Single Board of Directors and management team.

3.10.2 Medical Director/CMO providing full time coverage. Duties shall include:

- Ensuring that medical decision are:
  - Rendered by qualified medical personnel
  - Are not unduly influenced by fiscal or administrative management considerations.
- Ensuring that the medical care provided meets the standards for acceptable medical care.
- Ensuring that medical protocols and Standards of Conduct for medical personnel are followed.
- Developing and implementing medical policy.
- Resolve grievances related to medical quality of care.
- Have a role in the implementation of Quality Improvement activities.
- Actively participate in the functioning of the grievance procedures.

- Actively participate in Quality activities including Credentialing and Peer Review.

- Acts as liaison and participates with CalOptima in any activities related to Medical Director/CMO duties.

PHYSICIAN shall report to CalOptima any changes in the status of its Medical Director within ten (10) calendar days.

3.10.3 No employee of Physician, including but not limited to Medical Director(s) and/or the Chief Medical Officer, that make decisions regarding the authorization and/or provision of Covered Services to Members shall have a financial incentive or otherwise benefit financially from decisions made regarding authorization and/or provision of Covered Services to Members, nor shall such an employee have any fiscal or administrative duties or responsibilities that may unduly influence medical judgments.

3.10.4 Single Credentialing Committee and credentialing policies, procedures and standards.

3.10.5 Single and unified health care delivery system including but not limited to:

3.10.5.1 Participating Providers must be accessible to all members enrolled with Physician.

3.10.5.2 Members can select any contracted PCP with an open panel.

3.10.5.3 A PCP can refer members to any contracted specialist.

3.10.5.4 Physician must report to CalOptima all required data for the total enrollment of the Physician and the total provider network regardless of sub-delegation or other contractual relationships including but not limited to; complaints, encounter data, utilization management data, financial reports, PCP changes and PCP assignments.

3.10.5.5 Centralized call center receiving all member and provider calls.

3.10.5.6 Single access number to call center.

3.10.5.7 Standard member communication for all members.

3.10.6 Other organization and operations structure requirements as may be established and modified from time to time by CalOptima.

3.11 ENROLLMENT --- Physician shall accept as Members all persons indicated by CalOptima's information system and through regular transmission from CalOptima to Physician.

3.12 PCP ASSIGNMENT --- Physician shall assign Members who have been automatically assigned to Physician by CalOptima to a PCP within seven (7) days of the Member's assignment to Physician.

3.13 REQUIRED ENROLLMENT INFORMATION AND NOTICE ---Physician shall mail to a Member or Member's head of household a notice of enrollment and a Physician Member handbook or CalOptima approved supplement to the CalOptima Member handbook no later than seven (7) calendar days after receipt of notification that a Member has been enrolled with Physician. All member handbooks and supplements prepared by Physician shall be submitted to CalOptima for approval prior to printing. Physician shall not distribute to Members materials not approved by CalOptima. All materials shall be professionally produced and presented.

3.13.1 Should Physician choose to utilize the CalOptima Member handbook, Physician-specific information on each topic as defined by CalOptima Policies must be included in a CalOptima approved supplement to the CalOptima Member handbook given to all Physicians' CalOptima Members. CalOptima shall provide Physician with a template for the supplement to the CalOptima member handbook.

3.13.2 If Physician chooses to produce and use a Member handbook other than the CalOptima Member handbook, in addition to the requirements in this Contract, Physician's Member handbook shall contain all information included in the CalOptima Member handbook and Physician-specific information on each topic as defined by CalOptima Policies.

3.13.3 Physician shall provide Members with periodic updates, as needed, explaining changes in the above policies or services. CalOptima shall approve all updates prior to printing. Physician shall also provide one (1) copy of its enrollment information including its Physician Member handbook or supplement to every Participating Provider.

3.14 SPECIAL DISENROLLMENT --- Physician may request and CalOptima may approve according to CalOptima Policies disenrollment for specific Members.

3.15 VOLUNTARY DISENROLLMENT --- All Members have the right to disenroll from Physician. CalOptima shall process Member disenrollment in accordance with CalOptima Policies.

3.16 ADDITIONAL SERVICES --- Physician shall not solicit enrollment through the offer of any compensation, reward, or benefit to the Member except for additional health-related services, which have been approved by CalOptima.

3.17 MEDICAL AND ADMINISTRATIVE RECORDS --- Physician shall require that all Participating Providers and Subcontractors establish and maintain for each Member who has obtained Covered Services from a Participating Provider or Subcontractor a legible Medical Record. Such Medical Record shall include a historical record of diagnostic and therapeutic services recommended or provided by, or under the direction of, the Participating Provider or Subcontractor. Such Medical Record shall be in such a form as to allow trained health professionals, other than the Participating Provider or Subcontractor, to readily determine the nature and extent of the Member's medical problem and the services provided and permit peer review of the services provided. The Medical Record shall be kept in a detail consistent with good medical and professional practice in accordance with CCR Title 22, Section 53284, and which permits effective professional review and facilitates a system of follow-up treatment. All medical records shall meet the requirements of Section 1300.80(b)(4) of Title 28 of the California Code of Regulations, and Section 1936a(w) of Title 42 of the United States Code. Such records shall be available to health care providers at each encounter, in accordance with Section 1300.67.1(c) of Title 28 of the California Code of Regulations. Physician shall ensure that an individual is delegated the responsibility of securing and maintaining medical records at each Participating Provider or Subcontractor site.

3.17.1 Physician and CalOptima agree to maintain the confidentiality of the Member's Medi-Cal status and information contained in the Member's Medical Records in accordance with federal and State law. Physician shall require that all Participating Providers and Subcontractors maintain the confidentiality of a Member's Medi-Cal status and information contained in a Member's Medical Records in accordance with federal and State Law.

3.17.2 Medical records under this Section shall reflect all aspects of patient care, including ancillary services in accordance with CalOptima Policies.

3.17.3 It is understood that all Physician, Subcontractors', and Participating Providers' books and records pertaining to goods and services furnished under this Contract:

3.17.3.1 Shall be made available for inspection or copying at Physician, Participating Providers' and/or Subcontractors' expense by CalOptima or authorized representative of State or federal government at all reasonable times at the Physician, Participating Providers' or Subcontractors' place of business or at such other mutually agreeable location in California; and

3.17.3.2 Shall be maintained in accordance with the general standards applicable to such book or record keeping.

3.18 RECORDS RETENTION --- Physician and Subcontractors shall retain, preserve and make available upon request all records relating to the performance of its obligations under the Contract, including claim forms and encounter data, for a period of not less than ten (10) years from the final date of the contract between CalOptima and DHCS, or the date of completion of any audit, whichever is later, unless a longer period is required by law, with the exception in which the Physician or Subcontractor has been duly notified that DHCS, DHHS, the Department of Managed Health Care, the Department of Justice or Comptroller General of the United States, or their duly authorized representative have commenced an audit or investigation of the Contract or any Subcontract, until such time as the matter under audit or investigation has been resolved, whichever is later. Records involving matters that are the subject of litigation shall be retained for a period of not less than ten (10) years following the termination of litigation. Pediatric records for un-emancipated minor Members shall be maintained until the latter of the full retention period under this Section, or at least one (1) year after the Member has reached eighteen (18) years of age. Microfilm copies of the documents contemplated herein may be substituted for the originals with the prior written consent of CalOptima, provided that the microfilming procedures are approved by CalOptima as reliable and are supported by an effective retrieval system.

3.18.1 Physician shall upon request of CalOptima, transfer copies of such records to CalOptima's possession. No records shall be destroyed or otherwise disposed of prior to the retention period stated in Section 3.18 without the prior written consent of CalOptima. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise.

3.19 ACCESS TO PREMISES --- CalOptima and the State, through any authorized representatives, have the right at all reasonable times to monitor, inspect or otherwise evaluate the work performed or being performed hereunder, including subcontract supported activities and the premises in which it is being performed. If any monitoring, inspection or evaluation is made of the premises of Physician or Subcontractor, Physician shall provide, and shall require Subcontractors to provide, all reasonable facilities and assistance for the safety and convenience of the authorized representatives in the performance of their duties. All monitoring, inspections and evaluations shall be performed in such a manner as will not unduly delay the work.

3.19.1 Through the end of the records retention period specified in Section 3.18, Physician shall make all of its premises, facilities, equipment, books, records, contracts, computer and other electronic systems pertaining to the goods and services furnished under the terms of the Contract, available for the purpose of audit, inspection, evaluation, examination or copying, including but not limited to Access Requirements and State’s Right to Monitor, as set forth in the State Contract, Exhibit E, Attachment 2, Provision 20: (a) by CalOptima and/or CalOptima’s Regulators; (b) at all

reasonable times at the Physician's place of business or such other mutually agreeable location in California; (c) in a form maintained in accordance with the general standards applicable to such book or record keeping; and (d) including all encounter data for a period of at least ten (10) years.

3.19.2 Through the end of the records retention period specified in 3.18, Physician shall allow CalOptima and/or CalOptima's Regulators to audit, inspect, monitor or otherwise evaluate the quality, appropriateness, and timeliness of services performed under this Contract, and to inspect, evaluate, and audit any and all premises, books, records, equipment, Facilities, contracts, computers, or other electronic systems maintained by Physician and Subcontractors pertaining to these services at any time,, pursuant to 42 CFR section 438.3(h). Records and documents include but are not limited to, all physical records originated or prepared pursuant to the performance under this Contract, including working papers, reports, financial records, and books of account, Medical Records, prescription files, laboratory results, Subcontracts, information systems and procedures, and any other documentation pertaining to medical and non-medical services rendered to Members. Upon request, through the end of the records retention period specified in Section 3.18, Physician shall furnish any record, or copy of it, to CalOptima, DHCS or any other CalOptima's Regulators, at Physician's sole expense. CalOptima and DHCS may conduct unannounced validation reviews of the Physician's Primary Care or other service sites, selected at DHCS' discretion, to verify compliance of these sites with State and Federal regulations and Contract requirements. CalOptima and authorized State and Federal agencies will have the right to monitor all aspects of Physician's operation for compliance with the provisions of this Contract and applicable federal and State laws and regulations. Such monitoring activities will include, but are not limited to, inspection and auditing of Physician, Subcontractor, and provider facilities, management systems and procedures, and books and records as CalOptima or DHCS deems appropriate, at any time, pursuant to 42 CFR section 438.3(h). The monitoring activities will be either announced or unannounced. To assure compliance with the Contract and for any other reasonable purpose, CalOptima, the State and their authorized representatives and designees will have the right to premises access, with or without notice to Physician. This will include the MIS operations site or such other place where duties under the Contract are being performed. Staff designated by CalOptima and authorized State agencies will have access to all security areas and Physician will provide, and will require any and all of its Subcontractors to provide, reasonable facilities, cooperation and assistance to the CalOptima or State representative(s) in the performance of their duties. Access will be undertaken in such a manner as to not unduly delay the work of the Physician and/or the Subcontractor(s).

3.20 ACCESS TO AND AUDIT OF CONTRACT RECORDS. Throughout the duration of the Contract and the retention period specified in Section 3.18, Physician and Subcontractor shall provide duly authorized representatives of the State or federal government or CalOptima access to all records and material relating to Physician's provision of and reimbursement for activities contemplated under the Contract, and to Physician's financial condition and ability to bear risk under applicable state and federal laws. Such access shall include the right to inspect, audit and have available all such records and material and to verify reports furnished in compliance with the provisions of the Contract. All information so obtained shall be accorded confidential treatment as provided under applicable law. CalOptima employees shall sign Physician's statement of confidentiality prior to being admitted access to Physician's premises. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise. If DHCS, CMS, or the DHHS Inspector General determines there is a reasonable possibility of fraud or similar risk, DHCS, CMS, or the DHHS Inspector General may inspect, evaluate, and audit the Physician at any time. Upon resolution of a full investigation of fraud, DHCS reserves the right to suspend or terminate the Physician from participation in the Medi-Cal program; seek recovery of payments made to the Physician; impose other sanctions provided under the State Plan, and direct CalOptima to terminate this Contract due to fraud.

3.21 RECORDS RELATED TO RECOVERY FOR LITIGATION --- Upon request by CalOptima, Physician shall timely gather, preserve and provide to CalOptima, in the form and manner specified by CalOptima, any information specified by CalOptima, subject to any lawful privileges, in Physician's or its Subcontractors' possession, relating to threatened or pending litigation by or against CalOptima or DHCS. If Physician asserts that any requested documents are covered by a privilege, Physician shall: 1) identify such privileged documents with sufficient particularity to reasonably identify the document while retaining the privilege; and 2) state the privilege being claimed that supports withholding production of the document. Such request shall include, but is not limited to, a response to a request for documents submitted by any party in any litigation by or against CalOptima or DHCS. Physician acknowledges that time may be of the essence in responding to such request. Physician shall use all reasonable efforts to immediately notify CalOptima of any subpoenas, document production requests, or requests for records, received by Physician or its Subcontractors related to this Contract or subcontracts entered into under this Contract.

3.21.1 Physician further agrees to timely gather, preserve, and provide to DHCS any records in the Physician's or its Subcontractor's possession, in accordance with the State Contract, Exhibit E, Attachment 2, "Records Related to Recovery for Litigation" Provision.

3.22 MEMBER REQUEST FOR MEDICAL RECORDS --- Physician and Subcontractor shall furnish a copy of a Member's Medical Records to another treating or consulting Provider regardless of whether the requesting Provider is a

Participating Provider or an Out of Network Provider, at no cost to CalOptima or to the Member when:

3.22.1 Such a transfer of records facilitates the continuity of that Member's care; or

3.22.2 The Member is transferring from one Provider to another for treatment; or

3.22.3 A Member seeks to obtain a second opinion on the diagnosis or treatment of a medical condition.

3.23 DISCLOSURE OF OWNERSHIP --- As identified in Attachment B, Physician shall keep CalOptima informed as to the names of the officers and owners of Physician holding more than five percent (5%) of the stock issued by Physician, and major creditors holding more than five percent (5%) of the debt of Physician and shall notify CalOptima whenever changes occur to the information provided therein.

3.23.1 If provider is of a provider type that is not eligible to be Medi-Cal enrolled through DHCS, Physician shall provide an accurate, current, signed copy of the DHCS Medi-Cal Disclosure Form, DHCS-6216, or such other disclosure form as DHCS may otherwise specify to meet the requirements of Section 51000.35 of Title 22 of the California Code of Regulations, for its Providers.

3.24 FRAUD AND ABUSE REPORTING --- Physician shall report to CalOptima all cases of suspected fraud and/or abuse, as defined in 42 Code of Federal Regulations, Section 455.2, relating to the rendering of Covered Services by Participating Providers, Out of Network Providers, Members, or Physician's employees, within two (2) working days of the date when Physician first becomes aware of or is on notice of such activity.

3.24.1 Physician shall notify CalOptima, and CalOptima shall notify DHCS prior to Physician conducting any investigations. Physician shall conduct an investigation after notification has been given.

3.24.2 Physician shall establish, for approval by CalOptima and DHCS, written policies and procedures for identifying, investigating and taking appropriate corrective action against fraud and/or abuse in the provision of health care services under the Medi-Cal program.

3.24.3 Physician shall report all investigation results to CalOptima within two (2) working days of conclusion of any fraud and/or abuse investigation.

3.25 COMPLIANCE WITH APPLICABLE LAW --- Physician shall observe and comply with all federal and State law in effect when the Contract is signed or which may come into effect during the term of the Contract, which in any manner affects

the Physician's performance under this Contract. This Contract shall be governed by and construed in accordance with applicable federal and State law and with the terms and obligations under the State Contract.

3.26 PHYSICIAN COMPLIANCE PROGRAM --- Physician shall develop and implement a comprehensive and effective Compliance Program, including a Compliance Plan. Such Compliance Program shall include, but is not limited to, the implementation of the Office of Inspector General's (OIG) 7 Elements of an Effective Compliance Program: Standards & Procedures, Oversight, Education & Training, Auditing & Monitoring, Reporting, Enforcement and Discipline, and Response & Prevention. Compliance Programs shall be evaluated by the Physician annually to ensure that it remains effective. Physician shall make the Plan and related documents available to CalOptima upon request.

3.27 COMPLIANCE WITH CALOPTIMA'S COMPLIANCE PROGRAM --- Physician and its employees, board members, owners, Participating Providers and/or Subcontractors furnishing medical and/or administrative services under this Contract ("Physician's Agents") shall comply with the requirements of CalOptima's Compliance Program, as may be amended from time to time, including the Code of Conduct and Compliance Plan. CalOptima shall make its Compliance Manual and Code of Conduct available to Physician and Physician shall make them available to Physician's Agents.

3.28 COMPLIANCE WITH STATE AND FEDERAL PROGRAMS --- Physician shall comply with requirements established by State and/or federal programs relating to its performance under this Contract. Physician's compliance shall include, but not be limited to, applicable requirements of the DHCS Medi-Cal Managed Care Program, provisions of the State Contract requirements for CalOptima to maintain CMS waiver, Operational Instruction Letters (OILs), Medi-Cal Managed Care Division Policy Letters and All Plan Letters, and State and/or federal regulations.

3.29 COMPLIANCE WITH POLICIES AND PROCEDURES --- Physician agrees to comply with and be bound by CalOptima Policies. CalOptima reserves the right to adopt, amend and/or discontinue CalOptima Policies at its sole discretion. Physician acknowledges and agrees that it shall implement CalOptima Policies applicable to its obligations under this Contract.

3.30 COMPLIANCE WITH MEMORANDUM/MEMORANDA OF UNDERSTANDING (MOUs) --- Physician agrees to comply with and be bound by any and all applicable MOUs entered into by CalOptima.

3.31 COMPLIANCE WITH PARTICIPATION STATUS REQUIREMENTS --- Physician shall have policies and procedures to verify the Participation Status of Physician's Agents. Physician shall refer to the Department of Health and Human Services, Office of Inspector General List of Excluded Individuals and Entities (LEIE) (http://oig.hhs.gov), as well as the GSA Excluded Parties Lists Systems

(EPLS) in the SAM System (https://www.sam.gov). In addition, Physician warrants and agrees as follows:

3.31.1 Physician and Physician's Agents shall meet CalOptima's Participation Status requirements during the term of this Contract.

3.31.2 Physician shall immediately disclose to CalOptima any pending investigation involving, or any determination of, suspension, exclusion or debarment by Physician or Physician's Agents occurring and/or discovered during the term of this Contract.

3.31.3 Physician shall take immediate action to remove any Physician Agent that does not meet Participation Status requirements from furnishing items or services related to this Contract (whether medical or administrative) to Members and shall immediately notify CalOptima.

3.31.4 Physician shall include the obligations of this Section in its Subcontracts.

3.31.5 CalOptima and Physician, as applicable, shall not make payment for a health care item or service furnished by an individual or entity that does not meet Participation Status requirements or is included on the Preclusion List. Physician shall provide written notice to the Member who received the services and the excluded provider or provider listed on the Preclusion List that payment will not be made, in accordance with CMS requirements.

3.32 NON-DISCRIMINATION --- During the performance of this Contract, neither Physician nor any Subcontractors shall unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, religion, color, national origin, ancestry, religious creed, physical disability, (including Human Immunodeficiency Virus (HIV) and Acquired Immune Deficiency Syndrome (AIDS), AIDS-Related Complex (ARC)), medical condition (including cancer), mental disability, marital status, age (over 40), or the use of family and medical care leave and pregnancy disability leave. Physician and Subcontractors shall insure that the evaluation and treatment of their employees and applicants for employment are free of such discrimination and harassment. Physician and Subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Government Code, Section 12900, et seq.) and the applicable regulations promulgated thereunder (CCR, Title 2, Section 7285.0, et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code, Section 12990, set forth in Chapter 5 of Division 4 of Title 2 of the CCR are incorporated into this Contract by reference and made a part hereof as if set forth in full. Physician and Subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement. Physician shall include the non-discrimination and compliance provisions of this Section in all Subcontracts to perform work under this Contract.

3.32.1 Physician and all Subcontractors shall abide by Section 504 of the Rehabilitation Act of 1973 (29 USC §794) (nondiscrimination under Federal grants and programs); Title 45 CFR Part 84 (nondiscrimination on the basis of handicap in programs or activities receiving Federal financial assistance); Title 28 CFR Part 36 (nondiscrimination on the basis of disability by public accommodations and in commercial facilities); Title IX of the Education Amendments of 1973 (regarding education programs and activities); Title 45 CFR Part 91 and the Age Discrimination Act of 1975 (discrimination based on age); and all other laws regarding privacy and confidentiality. Neither the Physician nor Subcontractors shall discriminate against Members because of race, color, national origin, creed, ancestry, religion, language, age, marital status, sex, sexual orientation, gender identity, health status, physical or mental disability, or identification with any other persons of groups defined in Penal Code 422.56 in accordance with Title VI of the Civil Rights Act of 1964, 42 USC, Section 2000d (race, color, national origin); 45 CFR Part 84 (physical or mental handicap); Government Code Section 11135 (ethnic group identification, religion, age, sex, color, physical or mental handicap); Civil Code Section 51 (all types of arbitrary discrimination); Section 1557 of the Patient Protection and Affordable Care Act; and all rules and regulations promulgated pursuant thereto, or as otherwise provided by law or regulation.

3.32.2 For the purpose of this Contract, if based on any of the foregoing criteria, the following constitute unlawful discriminations: (i) denying any Member any Covered Services or availability of a Facility; (ii) providing to a Member any Covered Service which is different or is provided in a different manner or at a different time from that provided to other similarly situated Members under this Contract, except where medically indicated; (iii) subjecting a Member to segregation or separate treatment in any manner related to the receipt of any Covered Service; (iv) restricting a Member in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any Covered Service; or (v) treating a Member differently from others similarly situated in determining compliance with admission, enrollment, quota, eligibility, or other requirements or conditions which individuals shall meet in order to be provided any Covered Service or assigning the times or places for the provision of Covered Services.

3.32.3 Physician shall take affirmative action to ensure that all Members are provided Covered Services without unlawful discrimination, except where medically indicated. For the purposes of this Section, physical handicap includes the carrying of a gene which may, under some circumstances, be associated with disability in that person's offspring, but which causes no adverse effects on the carrier. Such genetic handicap shall include, but not

be limited to, Tay-Sachs trait, sickle cell trait, thalassemia trait, and X-linked hemophilia.

3.32.4 Physician shall act upon all complaints alleging discrimination against Members in accordance with CalOptima's Member Complaint Policy and shall forward copies of all such grievances to CalOptima, attention Grievance & Appeals Resolution Services, within five (5) days of receipt of same.

3.32.5 Physician shall require all downstream providers to cooperate with CalOptima's Member Complaint Policy and time requirements to appeals within designated time frames.

3.33 LINGUISTIC AND CULTURAL SENSITIVITY --- CalOptima will provide cultural competency, sensitivity, and diversity training. Physician shall comply with all the following requirements related to the provision of linguistic and culturally sensitive services in accordance with this Contract and CalOptima Policies.

3.33.1 Physician shall have a Cultural and Linguistic Services Program that monitors, evaluates, and takes effective action to address any needed improvement in the delivery of culturally and linguistically appropriate services. Physician shall provide cultural competency, sensitivity, or diversity training for staff, providers and Subcontractors at key points of contact. Physician shall provide orientation and training on cultural competency to staff and providers serving Members. The training objectives shall include teaching participants an enhanced awareness of cultural competency imperatives and issues related to improving access and quality of care for Members, as well as information on access to interpreters, and how to work with interpreters. Physician shall also, as appropriate, refer Members to culturally-appropriate community services programs.

3.33.2 Pursuant to CalOptima Policies, Physician shall provide translation of written member informing materials in the Threshold and Concentration Languages. Physician shall comply with the language assistance standards developed pursuant to California Health and Safety Code section 1367.04. Written member informing materials to be translated include, but are not limited to: 1) signage; 2) Evidence of Coverage and/or Member Services Guide; 3) disclosure forms; 4) provider listing or directories; 5) marketing materials; 6) form letters; 7) plan-generated preventive health reminders; 8) member surveys; and 9) newsletters. If a Member requests materials in a language not meeting the numeric Thresholds or Concentration Standards, Physician shall provide oral translation of the written materials utilizing bilingual staff or a telephonic interpreter service. Physician shall also make materials available to Members in alternate formats (e.g. Braille, audio, large print) upon request of the Member. Physician shall be

responsible for ensuring the quality of translated materials at no cost to CalOptima or Member.

3.34 PROVISION OF INTERPRETERS --- Physician shall, at no cost to Members, provide linguistic interpreter services and interpreter services for the deaf or hard of hearing for all Members at all key points of contact, including telephone, advice and urgent care transactions, and outpatient encounters, and all sites utilized by Physician or any Subcontractors, as well as member services, orientations, appointment setting and similar administrative functions, as necessary, to ensure the availability of effective communication regarding treatment, diagnosis, medical history or health education. Physician shall have in place telephonic and face-to-face interpreter services and American Sign Language interpreter services contracts. Physician shall provide twenty-four (24) hour access to interpreter services for all Members, and shall implement policies and procedures to ensure compliance by subcontracted providers with these standards. Such access shall include access for users of Telecommunication Devices for the Deaf (TDD) or Telecommunications Relay Services (711 system). Upon a Member or Participating Provider request for interpreter services in a specific situation where care is needed, Physician shall make all reasonable efforts to provide a face-to-face interpreter in time to assist adequately with all necessary Covered Services, including Urgent Care Services and Emergency Services. If face-to-face interpretation is not feasible, Physician must ensure provision of telephonic interpreter services or interpretation through bilingual staff members. Physician shall routinely document the language needs of Members and the request or refusal of interpreter services in a Member's medical record. This documentation shall be available to CalOptima at CalOptima's request. Physician shall not require or suggest that a Member to use friends or family as interpreters. However, a family member or friend may be used when the use of the family member or friend: (i) is requested by the Member; (ii) will not compromise the effectiveness of service; (iii) will not violate Member's confidentiality; and (iv) the Member is advised that an interpreter is available at no cost to the Member. Physician shall ensure the linguistic capabilities and proficiency of individuals providing interpreter services.

3.35 MEMBER RIGHTS --- Physician shall ensure that each Member's rights, as set forth in state and federal law and CalOptima Policy, are fully respected and observed. Physician shall make Member Rights available to Member..

3.36 PARTICIPATING PROVIDER-MEMBER COMMUNICATION --- Physician shall not prohibit, or otherwise restrict, a health care professional acting within the lawful scope of practice from communicating with Members, and shall encourage its health care professionals to freely communicate the following to patients, regardless of benefit coverage:

3.36.1 The Member's health status, medical care, or treatment options, including any alternative treatment that may be self-administered.

3.36.2 Any information the Member needs in order to decide among all relevant treatment options.

3.36.3 The risks, benefits, and consequences of treatment or non-treatment.

3.36.4 The Member's right to participate in decisions regarding his or her health care, including the right to refuse treatment, and to express preferences about future treatment decisions.

3.37 HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA) COMPLIANCE

3.37.1 Physician and CalOptima shall make any and all efforts and take any and all actions necessary to comply with HIPAA statutory and regulatory requirements ("HIPAA requirements"), whether existing now or in the future within a reasonable time prior to the effective date of such requirements, but not later than the time permitted by the applicable HIPAA requirement after date of finalization.

3.37.2 Physician shall comply with HIPAA requirements as currently established in CalOptima Policies. Physician shall also take actions and develop capabilities as required to support CalOptima compliance with HIPAA requirements, including acceptance and generation of applicable electronic files in HIPAA compliant standards formats.

3.37.3 The parties agree to comply with the terms and conditions of the Physician HIPAA Business Associates Agreement.

3.38 CONFIDENTIALITY OF INFORMATION

3.38.1 Physician and its employees, agents, or Subcontractors shall protect from unauthorized disclosure the names and other identifying information concerning persons either receiving services pursuant to this Contract or persons whose names or identifying information become available or are disclosed to Physician, its employees, agents, or Subcontractors as a result of services performed under this Contract, except for statistical information not identifying any such person. Physician and its employees, agents, or Subcontractors shall not use such identifying information for any purpose other than carrying out Physician's obligations under this Contract. Physician and its employees, agents, or Subcontractors shall promptly transmit to the CalOptima all requests for disclosure of such identifying information not emanating from the Member. Physician shall not disclose, except as otherwise specifically permitted by this Contract or authorized by the Member, any such identifying information to anyone other than DHCS or CalOptima without prior written authorization from CalOptima. For purposes of this provision, identity shall include Protected Health Information (PHI): names, geographical subdivisions smaller than a state, all elements of dates (except for year), phone and fax numbers, e-

mail address, social security numbers, medical record numbers, health plan beneficiary numbers, account numbers, license numbers, vehicle identifiers, device identifiers, web Universal Resource Locators (URLs), internet protocol address numbers, biometric identifiers, including finger and voice prints, full face photograph images, any other unique identifying number, characteristic or code.

3.38.2 Notwithstanding any other provision of this Contract, names of persons receiving public social services are confidential and are to be protected from unauthorized disclosure in accordance with Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted thereunder. For the purpose of this Contract, all information, records, data, and data elements collected and maintained for the operation of the Contract and pertaining to Members shall be protected by Physician from unauthorized disclosure. Physician may release Medical Records in accordance with applicable law pertaining to the release of this type of information. Physician is not required to report requests for Medical Records made in accordance with applicable law. With respect to any identifiable information concerning a Member under this Contract that is obtained by Physician or its Subcontractors, Physician:

3.38.2.1 will not use any such information for any purpose other than carrying out the express terms of this Contract,

3.38.2.2 will promptly transmit to CalOptima all requests for disclosure of such information, except requests for Medical Records in accordance with applicable law,

3.38.2.3 will not disclose except as otherwise specifically permitted by this Contract, any such information to any party other than DHCS or CalOptima without CalOptima's prior written authorization specifying that the information is releasable under Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted there under, and

3.38.2.4 will, at the termination of this Contract, return all such information to DHCS or maintain such information according to written procedures sent to the Physician by DHCS for this purpose.

3.39 REINSURANCE -- CalOptima arranges for the provision of reinsurance, as described more fully in CalOptima Policies. CCS Eligible Members with CCS Eligible Conditions shall be excluded from CalOptima's provision of reinsurance. Physician may, at its option and sole expense purchase supplemental Reinsurance from a source other than CalOptima. Additionally, Physician shall:

3.39.1 Identify a Reinsurance coordinator who shall serve as CalOptima's contact for all Reinsurance issues; and

3.39.2 Comply with CalOptima Policies for monitoring and monthly reporting of all Reinsurance claims activities.

3.39.3 In lieu of CalOptima-provided reinsurance, services for CCS Members shall be subject to interim reimbursement for catastrophic cases and retrospective risk corridors, as provided in Attachment E of this Contract.

3.40 CLAIMS MANAGEMENT AND ADMINISTRATION --- Physician shall have a process for claims management and administration. Physician shall maintain a claim retrieval system that can, on request, identify the date of receipt, the action taken on all Provider claims (i.e., paid, denied, pended, other), and when action was taken. Physician shall date stamp all Provider claims upon receipt. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

3.41 TWENTY-FOUR (24) HOUR TELEPHONE COVERAGE --- Physician shall have one (1) California State wide toll-free telephone number listed on the Automated Eligibility Verification System (AEVS) that Providers, Members or individuals acting on behalf of Members can call at anytime (twenty-four (24) hours/seven (7) days a week) to obtain authorization for all CalOptima Covered Services. Twenty-four (24) hour telephone coverage shall be made available in all Threshold Languages. The number shall connect the Member or Member's representative or Provider to an individual who shall either:

3.41.1 Have authority to approve Covered Services; or

3.41.2 Have the ability to transfer the Member or Member's representative to an individual with authority without disconnecting the call; and

3.41.3 In case of emergency, direct the Member or Member's representative to hang up and dial 911 or go to the nearest emergency room; and

3.41.4 Respond to Provider or Member's call within thirty (30) minutes. Failure to respond to such call within thirty (30) minutes shall result in the Physician being liable for the cost of subsequent Medically Necessary Covered Services related to that illness or injury whether or not that treatment has been authorized; and

3.41.5 Have the capability to coordinate continuous care and follow-up Covered Services, including referrals to Specialist Physicians, for all Members who have received a MSE or Emergency Services and have been Stabilized.

3.41.6 All calls shall be logged in with time, date and any pertinent information related to persons involved, resolution and follow-up instructions. Physician shall notify CalOptima if the toll free telephone number changes no less than seven (7) working days prior to the change.

3.42 OBLIGATIONS UNDER PRIOR CONTRACT --- Physician acknowledges and agrees that certain of its obligations and duties under the Prior Contract, if previously contracted, survive the expiration of the Prior Contract and/or are measured following the expiration of the Prior Contract (including, without limitation, corrective action plans, quality improvement and credentialing functions, financial requirements). Physician shall perform all such obligations and duties.

3.43 EMPLOYEE EDUCATION ON FALSE CLAIMS ACT --- Physician shall comply with the requirements contained in 42 USC § 1396a(a)(68)(A)-(C) as a condition of receiving payment under this contract. Physician shall, upon request of CalOptima, demonstrate compliance with this provision, including providing CalOptima with copies of Physician's applicable written policies and procedures, any relevant employee handbook excerpts, and other educational materials used to meet this requirement.

3.44 MONITORING --- Physician shall comply with all monitoring provisions of this Contract and the State Contract, and any monitoring requests by CalOptima and DHCS.

3.45 PHYSICIAN SUBCONTRACTS --- In addition to Section 3.9 of this Contract, Physician shall maintain and make available to CalOptima, DHCS, or other CalOptima's Regulators, upon their respective requests, copies of all Subcontracts. Physician shall ensure that all Subcontracts are in writing and require that the Physician and its Subcontractors:

3.45.1 Make all premises, facilities, equipment, applicable books, records, contracts, computer, or other electronic systems related to this Contract, available at all reasonable times for audit, inspection, examination, or copying by CalOptima and/or CalOptima's Regulators, or their designees.

3.45.2 Retain such books and all records and document for a term minimum of at least ten (10) years from the final date of the State Contract period or from the final date of completion of any audit, whichever is later.

3.46 CALOPTIMA OVERSIGHT – Physician understands and agrees that CalOptima is responsible for the monitoring and oversight of all obligations of Physician under this Contract. In instances where DHCS or CalOptima determines that the Physician or any of the Subcontractors has not performed satisfactorily, CalOptima shall have the right to (a) amend or revoke the delegation of activities or obligations to the Physician, (b) require the Physician to amend or revoke the sub-delegation of activities or obligations to the Subcontractors, and/or (c) specify

other remedies, including, but not limited to, those set forth in Sections 13.1 through 13.1.3.2. Physician shall cooperate with CalOptima in its oversight efforts and shall take corrective action as CalOptima determines necessary to comply with applicable laws and regulations, accreditation organization standards, and/or CalOptima Policies governing the obligations of Physician or the oversight of those obligations.

ARTICLE 4
Obligations of Physician – Provision of Covered Services

4.1 PROVISION OF COVERED SERVICES TO MEMBERS --- Physician shall provide Covered Services to Members under this Contract in the same manner as those services are provided to other patients of Physician, but in no case less than the amount of such services provided under the Medi-Cal Fee-for-Service Program. Consistent with the concept that Physician is the medical home of the Member, where the Member receives the majority of the Member's care and where the Member's overall health status, need for care and services, and wellness are assessed, evaluated, monitored, managed, enhanced and/or maintained, Physician shall coordinate Members' needs for Covered Services and provide Care Management Services and other services to assure Members receive all necessary care and services without regard to the party financially responsible for care and services. Physician shall provide Covered Services to Members and Physician agrees as follows:

4.1.1 Physician shall provide and pay for, consistent with the terms and provision of this Contract and CalOptima Policies, the provision of all Covered Services to Members that are the financial responsibility of Physician as set forth in Attachment A, with the exception of certain Medical Supplies identified in Attachment C;

4.1.2 If Physician's network is unable to provide necessary medical services covered under this Contract to a particular Member, Physician must adequately and timely cover these services out of network for the Member, for as long as Physician is unable to provide them. Physician shall make prior arrangements with Out-of-Network Providers for the provision of such services, and shall be fully responsible for arranging and paying for such services, and shall comply with all applicable CalOptima Policies with regard to the payment and authorization of Out-of-Network Providers;

4.1.3 Physician shall be liable for the provision of and payment for all Covered Services notwithstanding a delay in payment of the Capitation Payment;

4.1.4 CalOptima may incorporate any change in Covered Services mandated by federal or State law or regulation into the Contract effective the date the change goes into effect. Whenever possible, CalOptima shall give the Physician thirty (30) calendar days' notice of any such change.

CalOptima shall determine the effective date of the change in Covered Services;

4.1.5 The actual provision of any Covered Service is subject to the professional judgment of the PCP or other physicians participating with Physician as to the Medical Necessity of the service, except that each Physician shall provide assessment and evaluation services ordered by a court or legal mandate;

4.1.6 Physician shall comply with Jackson v. Rank, U.S. District Court (E.D. Cal.), No. CIV 5-83-1451 LKK, June 9, 1986, and notify its Members when the Physician denies, modifies or defers a PCP's request for authorization or terminates a previously authorized service;

4.1.7 Decisions concerning whether to provide or authorize Covered Services shall be based solely on Medical Necessity. Physician acknowledges that disputes between the respective Physician and Members about Medical Necessity can be appealed pursuant to CalOptima Policies;

4.1.8 Physician may not arbitrarily deny or reduce the amount, duration, or scope of a required service solely because of the diagnosis, type of illness, or condition. Physician may place appropriate limits on a service on the basis of criteria such as medical necessity; or for utilization control, provided the services furnished can reasonably be expected to achieve their purpose; and

4.1.9 Physician shall hold harmless both the State and Members in the event that CalOptima cannot or will not pay capitation payments pursuant to this Contract. In no event, including but not limited to, non-payment by CalOptima or Physician, CalOptima's or the Physician's insolvency, or breach of this Contract by the Physician or CalOptima, shall Physician or Subcontractors bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against the State, a Member or persons acting on the behalf of a Member for Covered Services provided pursuant to this Contract. This provision does not prohibit Physician or Subcontractors from collecting co-payments and deductibles, if any, as specifically provided for in this Contract or for recoveries related to other health coverage, as identified in Section 2.8 of this Contract. Physician or a Subcontractor may bill a Member and collect fees for non-Covered Services from the Member if the Member agrees to the fees in writing prior to the actual delivery of non-Covered Services, and a copy of such agreement is given to the Member and placed in the Member's Medical Record. Physician further agrees:

4.1.9.1 That this Section shall survive the termination of this Contract for those Covered Services rendered prior to the termination of

this Contract, regardless of the cause giving rise to termination and shall be construed to be for the benefit of the Members;

4.1.9.2 That this Section shall supersede any oral or written contrary agreement now existing or hereafter entered into between the Physician and Participating Providers or Subcontractors;

4.1.9.3 That language to ensure the foregoing shall be included in all of the Physician's Subcontracts with Participating Providers;

4.1.9.4 That no change or amendment to this Section or to similar section(s) in Subcontracts between the Physician and Participating Providers shall be made without the prior written approval of CalOptima; and

4.1.9.5 That, in the event of a violation of this Section by Physician or Subcontractor, including, but not limited to, balance billing of Member for Covered Services provided under the Contract or Subcontract, CalOptima shall take appropriate remedial action against Physician or Subcontractor, including, but not limited to, repayment of any amounts collected, and appropriate Sanctions, as provided for in Section 13.1.

4.2 EMERGENCY CARE --- Physician shall comply with all applicable State and federal laws and regulations governing the provision and payment of Emergency Services, as well as the applicable requirements of the State Contract (including, but not limited to, Exhibit A, Attachment 8, Provision 13). Physician is required to provide and pay for all Emergency Services, including Emergency Services provided by Out of Network Providers, without prior authorization, twenty-four (24) hours each day, seven (7) days a week.

4.2.1 Physician shall reimburse or authorize reimbursement, as appropriate, for all Emergency Services without prior authorization, and in accordance with CalOptima Policy. Payment may be denied only if Physician reasonably determines that Emergency Services were never performed.

4.2.2 Not Applicable to this Contract.

4.2.3 Physician shall reimburse those physicians providing services in an Emergency Department with whom Physician has a contract according to the terms of that contract. Physician shall offer to enter into a contract with any physician group contracting with CalOptima for the provision of physician services in an Emergency Department on the same terms, conditions and rates as provided for in that CalOptima contract. Physician shall reimburse all other non-contracted physicians providing services in an Emergency Department in accordance with the Deficit Reduction Act of 2005, 42 USC 1396u-2(b)(2)(D), and CalOptima Policy.

4.2.4 Physician shall not retroactively deny a claim for Emergency Services because the condition, which appeared to be an Emergency Medical Condition as defined in Section 1.34, turned out to be non-emergency in nature.

4.2.5 An Emergency Medical Condition shall not be limited based on a list of diagnoses or symptoms. Physician shall not deny payment for treatment obtained when a Member had an Emergency Medical Condition, including cases in which the absence of immediate medical attention would not have resulted in an outcome specified in Section 1.34. Further, Physician shall not deny payment for treatment obtained when Physician or a Participating Provider instructs the Member to seek Emergency Services.

4.2.6 Physician shall reimburse the County of Orange for Emergency Services and Urgent Care Services provided to Members at Orangewood Children's Home or while in Foster Care during periods of emergency foster placement or court-ordered stays. Payment shall be based on the prevailing Medi-Cal Fee Schedule.

4.2.7 If there is a disagreement between Physician or any Participating Provider and Out of Network Provider regarding Medically Necessary Covered Services in an emergency, the judgment of the attending physician(s) actually caring for the Member at the treating facility shall prevail. Physician may establish relationships with treating facility whereby the Physician may send a Participating Provider with privileges to assume the attending physician's responsibilities to establish treatment or may arrange to have a Participating Provider under contract with Physician agree to accept the transfer of the Member after the Member has been Stabilized. The attending emergency physician, or the Provider actually treating the Member is responsible for determining when the Member is sufficiently Stabilized for transfer or discharge and that determination is binding on Physician.

4.2.8 Post stabilization care services are covered and paid for in accordance with provisions set forth at 42 CFR 422.113(c). Physician is financially responsible for post-stabilization services obtained within or outside Physician's network that are pre-approved by a plan provider or other entity representative. Physician is financially responsible for post-stabilization care services obtained within or outside Physician's network that are not pre-approved by a plan provider or other Physician representative, but administered to maintain the Member's Stabilized condition within 1 hour of a request to Physician for pre-approval of further post-stabilization care services.

4.2.8.1 Physician is also financially responsible for post-stabilization care services obtained within or outside Physician's network that

are not pre-approved by a plan provider or other entity representative, but administered to maintain, improve or resolve the Member's Stabilized condition if Physician does not respond to a request for pre-approval within 30 minutes; Physician cannot be contacted; or Physician's representative and the treating physician cannot reach an agreement concerning the Member's care and a plan physician is not available for consultation. In this situation, Physician must give the treating physician the opportunity to consult with a plan physician and the treating physician may continue with care of the patient until a plan physician is reached or one of the criteria of 422.133(c)(3) is met.

4.2.8.2 Physician's financial responsibility for post-stabilization care services it has not pre-approved ends when a plan physician with privileges at the treating hospital assumes responsibility for the Member's care, a plan physician assumes responsibility for the Member's care through transfer, a plan representative and the treating physician reach an agreement concerning the Member's care; or the Member is discharged.

4.2.8.3 Not Applicable to this Contract.

4.2.8.4 Consistent with 42 CFR 438.114(e), 422.1 13(c)(2), and 422.214, Physician is financially responsible for payment for post-stabilization services following an emergency admission. Physician shall reimburse those physicians providing post-stabilization services with whom Physician has a contract according to the terms of that contract. Physician shall reimburse all non-contracted physicians providing post-stabilization services in accordance with the Medi-Cal Fee Schedule as defined in CalOptima Policy.

4.3 NEWBORN SERVICES --- Physician shall provide all Covered Services to any newborn child born to a Member for the month of the birth and the following month.

4.4 FAMILY PLANNING --- Physician is solely responsible for developing policies and procedures to ensure that Member's Family Planning information and records are confidential as required by State law. Family Planning information and records shall not be released to any third party without the consent of the Member. Notwithstanding the foregoing, Physician shall provide Family Planning information to CalOptima, or authorized representatives of the State or federal government or the Member's PCP to maintain consistency of the Member's Medical Record. Physician's Subcontracts with PCPs must include language regarding the confidentiality of Family Planning documents, information and records. Prior authorization for Family Planning services, shall not be required.

4.4.1 Physician shall comply with OBRA 1987, Section 4113(c)(1)(B), which requires Physician to certify that it shall not restrict or prevent a Member from selecting a Participating Provider or an Out of Network Provider to deliver Family Planning Covered Services and supplies. This does not relieve Physician from financial responsibility for such services.

4.4.2 Physician shall not prevent Members from receiving Family Planning Covered Services from Out of Network Providers.

4.4.3 Physician shall provide information that clearly explains the rights of the Member regarding the choice of Family Planning Providers. Physician shall also provide similar information to all Providers who are either PCPs, obstetricians, gynecologists, or urologists. The intent of this information is to implement the specifications of this paragraph by arranging for the availability of consistent and accurate information from the Member's PCP, obstetrician, gynecologist, or urologist about the Member's rights to freedom of choice regarding Family Planning Providers.

4.4.4 Physician shall provide information to Members and Participating Providers about a Member's right to file a grievance or request a State hearing, in accordance with CalOptima Policies, for any reason including if the Member has reason to believe that the Physician has restricted, prevented, impaired or denied the Member's free choice of Family Planning Providers.

4.4.5 Physician shall incorporate specifications of this Section in its Subcontracts with its PCPs, obstetricians, gynecologists, and urologists.

4.5 ANCILLARY SERVICES FOR LONG TERM CARE --- Physician shall provide authorized Covered Services, including ancillary Covered Services for both emergent and routine laboratory tests and x-rays, not included in the facility day rate for all Members residing in Long Term Care Facilities.

4.6 ACCESS TO SERVICES TO WHICH PHYSICIAN OR A SUBCONTRACTOR HAS A MORAL OBJECTION --- Unless prohibited by law, Physician shall arrange for the timely referral and coordination of Covered Services to which Physician or a Subcontractor has religious or ethical objections to perform or otherwise support and shall demonstrate ability to arrange, coordinate and ensure provision of services through referrals.

4.7 ALCOHOL AND SUBSTANCE USE DISORDER TREATMENT SERVICES. Physician shall ensure the provision of SBIRT services by a Member's PCP to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol and illicit drugs. PCP shall refer Members to substance use disorder treatment

when there is a need beyond SBIRT. Physician shall document SBIRT services in Members Medical Record.

4.8 AMERICAN INDIAN HEALTH SERVICE PROGRAMS --- American Indian Health Service Programs can operate as a Primary Care Physician for American Indian Members, and as such can provide referrals directly to network Physician without first requesting a referral from a network Primary Care Physician. Physician shall ensure timely access to American Indian Health Service Programs by including American Indian Health Service Programs within Physician's network for American Indian Members in accordance with 42 CFR 438.14(b).

4.9 PARTICIPATION IN CALOPTIMA WHOLE CHILD MODEL PROGRAM --- Physician acknowledges and agrees that its participation in CalOptima WCM is conditioned on transfer of CCS to CalOptima and meeting DHCS access and other requirements. Upon meeting those conditions, CalOptima shall notify Physician of the date upon which Physician will be considered to be "Participating in the CalOptima Whole Child Model Program" as this phrase is used in this Contract, and at which time Physician shall commence all CalOptima WCM obligations.

5
Obligations of Physician – Access

5.1 TWENTY-FOUR (24) HOUR PHYSICIAN COVERAGE ---- Physician shall ensure that a physician Participating Provider or physician employed by Physician is available twenty-four (24) hours a day, seven (7) days a week for timely authorization and consultation for Medically Necessary Covered Services, including, but not limited to, authorizing Medically Necessary post-stabilization care, coordinating the transfer of Stabilized Members in an emergency department, and for general communication with emergency room personnel, if necessary, in accordance with CalOptima Policies. In addition, Physician shall ensure disputed requests for authorizations are timely resolved in accordance with applicable law and regulations, as well as CalOptima Policies

5.2 URGENT CARE SERVICES --- Physician shall make Covered Services available within twenty-four (24) hours or as appropriate for Urgent Care.

5.3 INITIAL HEALTH ASSESSMENT APPOINTMENT --- Physician shall have a process in place to ensure each Member is scheduled for an initial health assessment within one hundred twenty (120) calendar days following enrollment with CalOptima, unless otherwise directed by CalOptima Policies. At a minimum, an initial health assessment shall include administration of the Staying Healthy Assessment Tool, a medical history, weight and height data, blood pressure, preventive health screens and tests which are required under CalOptima Policies, discussion of appropriate preventive measures, and arrangement of future follow-up appointments as indicated. The initial health assessment shall include the identification, assessment and development of care plans as

appropriate for Members with special health care needs. The initial and periodic health assessment appointments shall include a dental screening/oral health assessment for all Members under 21 years of age and include annual dental referrals made with the eruption of the child's first tooth or at 12 months of age, whichever occurs first. Physician shall ensure that Members are referred to appropriate Medi-Cal dental Providers and provide Medically Necessary Federally Required Adult Dental Services (FRADs) and fluoride varnish. CalOptima may establish minimum performance requirements for completion of the initial health assessment. Physician's failure to perform at or in excess of minimum performance requirements shall subject Physician to sanctions in accordance with this Contract and CalOptima Policies. Physician shall ensure that health assessment information shall be recorded in the Member's Medical Record.

5.4 APPOINTMENT FOR PEDIATRIC PREVENTIVE COVERED SERVICES --- Physician shall schedule periodic pediatric screenings in accordance with the American Academy of Pediatrics (AAP) periodic schedule and/or DHCS requirements. Immunizations are to be provided according to the latest guidelines published by the AAP and the Advisory Committee on Immunization Practices (ACIP). If there are any conflicts in the recommendations, the higher standard shall be recognized. Adults shall receive periodic health assessments according to the guidelines published by the United States Preventive Services Task Force.

5.5 Not Applicable to this Contract.

5.6 DAYS TO APPOINTMENT---

5.6.1 Non-Emergency Covered Services – Physician shall ensure that appointments are scheduled with a PCP for non-emergency or non-urgent Covered Services within ten (10) business days of a Member's request. Physician shall also have a process in place for follow-up on Member missed appointments.

5.6.2 Specialist Services – Physician shall ensure that appointments are scheduled with Specialists within fifteen (15) business days of request of appointment. Physician shall arrange for the provision of specialty services from specialists outside the network if unavailable within Physician's network, when determined medically necessary.

5.6.3 Preventive Covered Services – Physician shall schedule health assessments and general physical examinations in advance consistent with professionally recognized standards of practice as determined by the treating Provider acting within the scope of his or her practice and in accordance with CalOptima Policies.

5.6.4 Maternity Covered Services – Physician shall ensure that the first prenatal visit for a pregnant Member will be available within two (2) weeks upon request. Subsequent routine appointments shall be scheduled in advance in

accordance with applicable Department of Managed Health Care regulations governing timely access to non-emergency health care services. Physician shall cover and ensure the provision of all Medically Necessary services for pregnant Members. Physician shall ensure that the most current standards or guidelines of the American College of Obstetricians and Gynecologists (ACOG) are utilized as the minimum measure of quality for perinatal services.

5.6.5 Measurement – Physician shall periodically measure days to appointment.

5.6.6 The applicable waiting time for a particular appointment may be extended if the referring or treating licensed health care provider, or the health professional providing triage or screening services, as applicable, acting within the scope of his or her practice and consistent with Professionally recognized standards of practice, has determined and noted in the relevant record that a longer waiting time will not have a detrimental impact on the health of the Member.

5.6.7 Members shall be offered appointments within the following timeframes:

5.6.7.1 Urgent care appointment for services that do not require prior authorization – within 48 hours of a request;
5.6.7.2 Urgent appointment for services that do require prior authorization – within 96 hours of a request;
5.6.7.3 Non-urgent primary care appointments – within ten (10) business days of a request;
5.6.7.4 Non-urgent appointment for ancillary services for the diagnosis or treatment of injury, illness, or other health condition – within 15 business days of request.

5.6.8 In the event that a Provider, including a PCP, is terminated or leaves the Physician for any reason, Physician shall ensure that there is no disruption in services provided to members who are receiving treatment for a chronic or ongoing medical condition or LTSS.

5.7 OFFICE WAITING TIMES --- Physician shall periodically measure office waiting times to ensure compliance with CalOptima Policies, by its subcontracted Participating Providers, and shall take appropriate action to provide notice to Participating Providers if they are not meeting the wait time requirements that they may be sanctioned for such non-compliance up to and including termination of their Subcontract. Physician's failure to monitor and enforce Participating Provider office wait time requirements in accordance with the terms of this Contract may subject Physician to sanctions as set forth in this Contract and CalOptima Policies.

5.8 TIME LIMIT FOR DECISION ON REFERRALS --- Physician shall provide a decision on authorization requests for those Covered Services that are not Urgent

Care Services or Emergency Services, including Specialty Physician referrals as set forth in CalOptima's utilization management program. These Covered Services shall be provided or made available to the Member within fifteen (15) calendar days after authorization is granted. Physician shall take no punitive action of any kind, and shall ensure that no Subcontractor takes any punitive action of any kind, against a Participating Provider or Subcontractor who either requests an expedited review or supports a Member's appeal.

5.9 CHANGES IN AVAILABILITY OR LOCATION OF COVERED SERVICES --- Any substantial change in the availability or location of services to be provided under this Contract requires the prior written approval of DHCS. Physician's or a Subcontractor's proposal to reduce or change the hours, days, or location at which the services are available shall be given to CalOptima at least 75 days prior to the proposed effective date. DHCS' denial of the proposal shall prohibit implementation of the proposed changes. Physician's proposal shall allow for timely notice to Members to allow them to change PCPs if desired, as provided in Section 5.10 of this Contract.

5.10 NOTICES ABOUT PCP CHANGES --- Physician shall give Members thirty (30) calendar days' notice if their PCP withdraws from Physician. All notices sent to Members shall be submitted to CalOptima for prior approval before distribution to Members. Such notices must include instructions for selecting a new PCP should the Member not be satisfied with a new PCP assigned by Physician. With the exception of PCP terminations in which a provider is immediately terminated due to endangering the health and safety of patients, committing criminal or fraudulent acts or engaging in grossly unprofessional conduct, Members not receiving thirty (30) calendar days advance notice of PCP withdrawal shall be permitted to self-refer within the Physician for up to sixty (60) calendar days or until a new PCP is chosen by Member.

5.11 CHOICE OF PCP --- Physician shall offer each Member the opportunity to choose a PCP affiliated with the Physician. A Member may elect to obtain primary care services from a contracted non-physician medical practitioner as long as there is a physician who has ultimate responsibility for the Member's Care Management Services. When Physician receives the Member's files from CalOptima and determines that the Member has not indicated a PCP choice, Physician shall assign the Member to a PCP and include information about this assignment with the required enrollment information sent to the Member within seven (7) calendar days of notification of a Member's enrollment with Physician. Physician shall permit Members to change PCPs at least monthly, and to change more often if assignment of a specific PCP would be harmful to the interest of the Member.

5.12 PROVIDERS ELIGIBLE FOR PARTICIPATION IN MEDI-CAL --- Except in emergency situations, Physician shall use only Providers who are eligible for participation in the Medicare and/or Medi-Cal program to provide the Covered Services required under this Contract. Providers shall: (i) not be suspended,

excluded or otherwise ineligible to participate in any Federal and/or State health care programs; (ii) have not ever been suspended, excluded or otherwise ineligible to participate in any Federal and/or State health care programs based on a mandatory exclusion as defined in 42 U.S.C. § 1396a-7(a); and (iii) have not been convicted of any felony, or any misdemeanor involving fraud or abuse in any government program, or related to neglect or abuse of a patient in connection with the delivery of a health care item or service, or in connection with the interference with or obstruction of any investigation into health care related fraud or abuse or that has been found liable for fraud or abuse in any civil proceeding, or that has entered into a settlement in lieu of conviction for fraud or abuse in any government program, within the previous 10 years.

5.13 PROVIDER TO MEMBER STAFFING RATIOS ---

5.13.1 Provider to Member Ratios - As specified by the State, Physician shall ensure that PCP staffing ratios satisfy the following full-time equivalent provider to Member ratios:

5.13.1.1 Primary Care Physicians 1:2,000 Members;
5.13.1.2 Total physicians 1:1,200 Members; and
5.13.1.3 If Non-Physician Medical Practitioners are included in Physician's Network, each individual Non-Physician Medical Practitioner shall not exceed a full-time equivalent provider/Member caseload of one (1) provider per 1,000 Members.

5.13.2 Supervising Physicians - Physician shall ensure that physicians who supervise non-physician mid-level staff are certified to supervise by the California Medical Board. As specified by the State, the ratio of physician supervisor to non-physician medical practitioner shall satisfy the requirement of a minimum of one (1) physician to:

5.13.2.1 Four (4) nurse practitioners; or
5.13.2.2 Four (4) physician assistants; or
5.13.2.3 Four (4) non-physician medical practitioners in any combination that does not include more than three (3) certified nurse midwives or two (2) physician assistants.

5.14 PCP GEOGRAPHIC DISTRIBUTION --- Physician shall maintain a network of PCPs, to make available to every Member a PCP whose office is located within thirty (30) minutes or ten (10) miles of Member's place of residence. Nothing in this provision shall be interpreted as preventing a Member from choosing a PCP beyond these geographic limits.

5.15 SPECIALIST GEOGRAPHIC DISTRIBUTION --- Physician shall make available to every Member, Specialists whose offices are located within fifteen (15) miles or thirty (30) minutes from the Member's place of residence as

required in W & I Code Sections 14197(b) and (c). Physician shall provide transportation for Members when the nearest available Specialist is more than fifteen (15) miles from Member's place of residence.

5.16 PHYSICAL ACCESS --- Physician's and its Subcontractor's facilities shall comply with the requirements of Title III of the Americans with Disabilities Act of 1990, and shall ensure access for the disabled, which includes, but is not limited to, ramps, elevators, restrooms, designated parking spaces, and drinking water provision.

5.17 ACCURACY OF PROVIDER DIRECTORY --- Physician shall notify CalOptima within five (5) business days when either of the following occur:

5.17.1 The Provider is not accepting new Members.

5.17.2 If the Provider had previously not accepted new Members, the Provider is currently accepting new Members

ARTICLE 6
Obligations of Physician – Clinical Quality

6.1 LICENSURE --- Physician shall ensure that every physician providing Covered Services and employed or engaged by Physician or Subcontractor shall retain at all times during the period of this Contract a valid license to practice medicine issued by the Medical Board of the State of California, without restriction to practice in designated field of medicine.

6.2 HEALTH EDUCATION AND PREVENTION --- Physician shall inform Members of contributions which they can make to the maintenance of their own health and the proper use of health care services and have a program of health education and prevention (HEP) available in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement. Physician shall:

6.2.1 Coordinate and integrate with CalOptima's QI Program;
6.2.2 Refer Members to appropriate HEP, based on the Member's needs;
6.2.3 Implement and utilize the Staying Healthy Assessment Tool as defined in CalOptima Policies; and,
6.2.4 Educate Providers and Members regarding Health Education services available to Members.

6.3 CLINICAL LABORATORY IMPROVEMENT AMENDMENTS --- Physician shall only use laboratories with a Clinical Laboratory Improvement Amendments (CLIA) certificate of waiver or a certificate of registration along with a CLIA identification number. Those laboratories with certificates of waiver shall provide only the types of tests permitted under the terms of their waiver. Laboratories with certificates of registration may perform a full range of laboratory tests.

6.4 QUALITY IMPROVEMENT PROGRAM --- Physician shall participate and cooperate in CalOptima's Quality Improvement Program. Physician shall establish, maintain and operate a Quality Improvement Program, in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement, which shall include an Annual Program Plan, Work Plan, and Annual Evaluation of Effectiveness of the QI program, as well as a semi-annual report to CalOptima's QI department using the Industry Collaboration Effort (ICE) Reporting Tool, which are consistent with current industry standards, Centers for Medicare and Medicaid Services (CMS), National Committee for Quality Assurance (NCQA), Joint Commission, and DHCS, and meets the requirements of CalOptima's Quality Improvement Program. Physician shall facilitate quality studies and assist in collection of comparative data collected from all Participating Providers using objective parameters (e.g., the current version of Healthcare Effectiveness Data and Information Set (HEDIS)). Physician shall adopt a detailed written Quality Improvement (QI) Plan, which shall include:

6.4.1 Well defined goals and objectives of the QI Program;

6.4.2 A well-defined scope of the QI Program that considers all different types and levels of care and service provided to Members; and

6.4.3 Clearly defined accountability and responsibility for the QI Program.

6.4.4 The Board of Directors of the Physician or a multi-disciplinary QI Committee designated by the Board of Directors of Physician shall oversee the QI Program conducted by Physician. This committee shall be separate from the Utilization Review committee (though members may be the same) and have a separate agenda. The QI Committee shall have adequate representation from Physician. The QI Committee shall meet at least on a quarterly basis. Physician shall maintain attendance records and meeting minutes related to the QI Program.

6.4.5 The QI Program activities shall be reported in writing to Physician's Board of Directors at least on a quarterly basis. These reports shall be available to CalOptima upon request.

6.4.6 Physician's QI Program shall include involvement and participation in network-wide studies/projects initiated by CalOptima.

6.4.7 Physician shall develop an annual QI work plan, which includes the following:

6.4.7.1 Goals, scope and planned projects for the year;

6.4.7.2 Planned monitoring of identified issues and tracking these issues over time;

6.4.7.3 Planned studies/audits suggested by CalOptima or Physician; and

6.4.7.4 An annual evaluation of the QI Program/Plan.

6.4.8 Physician shall have a written procedure for responding to the findings of QI activities, such as collecting data, analyzing results, implementing corrective action plans, and reassessing the same data for improvement.

6.4.9 Requirements for the Physician's QI Program shall be established by the Physician's QI Committee and requirements may change based on changes in industry standards. CalOptima's QI Committee shall notify Physician of any additional changes in QI standards and requirements that shall be incorporated in Physician's QI Program. Physician shall not be required to change QI Program requirements more frequently than once per year.

6.4.10 Physician shall report findings and actions taken as a result of the quality improvement activities to CalOptima at least quarterly. In addition, Physician shall provide, upon request, summaries of QI Committee meetings, findings following review of specific cases and other reviews to CalOptima.

6.4.11 Physician shall respond promptly to all of CalOptima's requests for: (a) Medical Records; or (b) written responses to quality of care issues or Member complaints.

6.4.12 Physician shall allow CalOptima to use performance data for various program purposes, but not limited to, quality improvement activities, public reporting to consumers, and cost sharing for quality improvement activities, as identified in CalOptima Policy.

6.5 CASE MANAGEMENT SERVICES --- Physician shall offer a comprehensive Case Management Services program that targets medically and socially complex Members in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement. The Case Management Services program shall consider the Member as a whole individual taking into consideration not only his/her medical needs but also the individual in context of cultural values, age, disability and self-determination.

6.5.1 Physician shall develop and implement policies and procedures that outline processes to support Case Management Services including but not limited to:

6.5.1.1 Pro-active identification mechanisms of high risk Members;

6.5.1.2 Referral processes;

6.5.1.3 Triage mechanisms with appropriate time frames;

6.5.1.4 Comprehensive assessment processes and formats;

6.5.1.5 Care plan development and care plan implementation guidelines and format;

6.5.1.6 Carve-out service coordination;

6.5.1.7 Documentation and communications processes for all Case Management Services; and

6.5.1.8 Mechanism for evaluation of Case Management Program outcomes.

6.5.2 Physician Case Management Services shall demonstrate the ability to find, receive, and process referrals for Covered Services and Urgent Care Services of Members who meet one (1), or more of the following conditions:

6.5.2.1 Are medically complex, demonstrate an inability to manage their medical condition and are at risk of exacerbation without intervention;

6.5.2.2 Demonstrate high recidivism;

6.5.2.3 Are chronically ill;

6.5.2.4 Have a catastrophic diagnosis;

6.5.2.5 Have inadequate family/community support;

6.5.2.6 Are cost and/or length of stay outliers;

6.5.2.7 Are receiving six (6) or more chronic medications per month;

6.5.2.8 Are transitioning between Providers that may cause continuity of care, concerns; and

6.5.2.9 Are Members with Special Health Care Needs.

6.5.3 CalOptima shall be entitled to periodically review Physician's Case Management Services program to determine compliance with Case Management Services standards. Physician shall furnish Case Management Services records and information to CalOptima upon

request.

6.5.4 Physician Case Management shall collaborate with CalOptima on cases identified by CalOptima as needing care coordinator interventions.

6.5.5 As a component of the Case Management requirements in this Contract, Physician shall assure that Physician possesses adequate information management systems and capabilities to support Case Management functions and to meet guidelines established by CalOptima in CalOptima Policies.

6.6 OBLIGATION OF PHYSICIAN UPON TERMINATION OF CONTRACTED PROVIDERS --- Physician shall ensure continuity and coordination of care by notifying Members affected by the termination of a Provider or practice site, and assisting them in selecting a new PCP or PCP site. Physician shall notify Members affected by the termination of a PCP or PCP site at least thirty (30) calendar days prior to the effective termination date, and assist them in selecting a new PCP or PCP site. Physician shall notify Members being seen regularly by a specialist or specialty group whose contract is terminated at least thirty (30) calendar days prior to the effective termination date and assist them in selecting a different Provider or site. Physician shall obtain the prior written approval of CalOptima before furnishing such notice, as CalOptima must obtain written approval of DHCS as to form and content. When a Provider's contract is discontinued, and either the Provider or Physician decides to terminate the contract for reasons other than professional review actions; or the Member is seeing one (1) Provider within a group and that Provider discontinues with Physician, but the rest of the group continues its contract with Physician, then Physician shall allow Members to have continued access to that Provider under the following circumstances:

6.6.1 Members undergoing active treatment for a chronic or acute medical condition (in which discontinuity could cause a recurrence or worsening of the condition under treatment and interfere with anticipated outcomes) have access to their discontinued Provider through the current period of active treatment or for up to ninety (90) calendar days, whichever is shorter; and

6.6.2 Members in their second (2^{nd}) or third (3^{rd}) trimester of pregnancy have access to their discontinued Provider through the postpartum period.

6.7 WHOLE CHILD MODEL PROGRAM ---

6.7.1 WHOLE CHILD MODEL PROGRAM COMPLIANCE --- Effective July 1, 2019 or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, Physician shall be responsible for identifying children with qualifying medical and surgical conditions and coordinating appropriate referrals of children with CCS Eligible Conditions as defined in Title 22, CCR Sections 41515.2 through 41518.9

and agrees to implement the Whole Child Model Program in accordance with this Contract and CalOptima Policies.

6.7.1.1 Effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, Physician shall provide all Medically Necessary services previously covered by the CCS Program as Covered Services for Members who are eligible for the CCS Program, and for Members who are determined medically eligible for CCS by the local CCS Program

6.7.1.2 To ensure consistency in the provision of CCS Covered Services, Physician shall use all current and applicable CCS Program guidelines, including CCS Program regulations, CCS Program information notices, and CCS numbered letters in developing criteria for use by Physician's Medical Director or equivalent, and other care management staff. When applicable CCS clinical guidelines do not exist, Physician shall use evidence-based guidelines or treatment protocols that are medically appropriate given the Member's CCS Eligible Condition.

The CCS numbered letters are posted by DHCS at the following web address for guidance on providing CCS Covered Services to Members eligible for CCS:

http://www.dhcs.ca.gov/services/ccs/Pages/CCSNL.aspx

6.7.1.3 Effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, Physician shall be responsible for all available Medically Necessary Medi-Cal services that are Covered Services under the CalOptima Medi-Cal Program. Any Medically Necessary CCS Services not available as a CalOptima Medi-Cal Covered Service shall remain the responsibility of the State and the county.

6.7.2 CCS PROVIDER NETWORK --- Physician shall utilize only CCS-Paneled Providers to treat CCS Eligible Conditions when a Member's CCS Eligible Condition requires treatment. Physician shall include in their network an adequate number of CCS Providers able to serve the needs of Members with CCS Eligible Conditions and receive timely access. Physician's network shall include an adequate number of CCS-Paneled Providers who are board-certified in both pediatrics and the appropriate pediatric subspecialty conditions to treat a CCS Eligible Condition. However, Members cannot be limited to a single delegated entity's provider network. Physician must ensure Members have access to all Medically Necessary CCS-Paneled Providers within CalOptima's provider network. In addition, Physician may use an out-of-state Provider, in accordance with APL 17-019, if an in-state

CCS Provider does not possess the clinical expertise to appropriately treat the Member's CCS condition. If no in-network CCS-Paneled Provider possesses the clinical expertise to appropriately treat a Member's CCS condition, then CCS delegated Physician shall arrange and pay for, and coordinate the provision of, the Medically Necessary Covered Services to the Member by one or more out-of-network CCS-Paneled Providers who possess the appropriate knowledge and clinical experience. CCS delegated Physician shall implement procedures to identify individuals who may need or who are receiving services from Out-of-Network Providers and/or programs in order to ensure coordinated service delivery and efficient and effective joint case management.

6.7.3 CCS PROVIDER CREDENTIALING --- Physician shall credential CCS Providers in accordance with the existing credentialing requirements along with the requirements of APL 18-011. DHCS will retain responsibility for paneling CCS specialists. In addition, CCS Providers shall be able to utilize CalOptima's provider grievance process.

6.7.4 COVERED CCS SERVICES --- In addition to other services required to be provided to Members under this Contract, effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, Physician shall cover CCS Services for Members determined to be eligible in accordance with the CCS Program medical eligibility regulations. Upon diagnostic evidence that a Member under 21 years of age may have a CCS Eligible Condition, Physician shall refer the Member to the county CCS office for eligibility determination.

6.7.4.1 Physician shall ensure assessment and care coordination for the transition of Members who are eligible for CCS Services and receiving services through the CCS Program at the time of the transition.

6.7.4.2 For the identification of Members eligible for CCS Services, Physician shall ensure the following:

6.7.4.2.1 Participating Providers shall perform appropriate baseline health assessments and diagnostic evaluations that provide sufficient clinical detail to establish, or raise a reasonable likelihood, that a Member has a CCS Eligible Condition.

6.7.4.2.2 Initial referrals of Members with CCS Eligible Conditions shall be made to CalOptima by telephone, same day mail, or fax or other secure electronic system, and CalOptima will submit the referral and medical documentation to the County CCS Program for eligibility determination. The initial referral shall be

followed by submission of supporting medical documentation sufficient to allow for eligibility determination by the county CCS Program.

6.7.4.2.3 Physician shall provide all Medically Necessary CCS Services for the Member's CCS Eligible Condition(s).

6.7.4.2.4 If the County denies CCS Program eligibility for a Member referred by Physician, Physician remains responsible for the provision of all Medically Necessary Covered Services to the Member, including EPSDT services.

6.7.5 CONTINUITY OF CARE --- Effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, Physician shall provide continuity of care to CCS-eligible Members transitioning to the Whole Child Model Program in accordance with Welfare and Institution Code Sections 14094.13, Health and Safety Code, Section 1373.96, APL 18-011, and as follows:

6.7.5.1 In accordance with Welfare and Institutions Code, Section 14094.13(a)-(d), Physician must allow for continuity of care between Members eligible for CCS Services and CCS Providers, and Providers of Specialized Durable Medical Equipment, with whom there is an existing relationship for up to 12 months after the transition. At its discretion, Physician may extend the continuity of care period beyond the 12 months specified in this Section.

6.7.5.2 For out-of-Network CCS Providers and Providers of Specialized Durable Medical Equipment, Physician must allow for continuity of care under the following conditions:

6.7.5.2.1 The Member has seen the CCS Provider for a non-emergency visit at least once during the 12 months immediately preceding their transition to CalOptima's Whole Child Model Program or the Member has previously received Specialized Durable Medical Equipment from a DME provider.

6.7.5.2.2 The CCS Provider or Provider of Specialized Durable Medical Equipment accepts Physician's rate for the service, or the applicable Medi-Cal or CCS fee-for-service rate, whichever is higher, unless the CCS Provider enters into an alternative payment methodology mutually agreed upon by Physician and the CCS Provider.

6.7.5.2.3 Physician confirms that the CCS Provider meets applicable CCS standards and has no disqualifying quality of care issues.

6.7.5.2.4 The CCS Provider or the Provider of Specialized Durable Medical Equipment makes treatment information available to Physician, to the extent authorized by the State and federal patient privacy provisions.

6.7.5.3 Ensure that the continuity of care requirements for pharmaceutical services and provision of prescribed drugs are applied to Members who are eligible for the CCS Program at the time of the transition to the Whole Child Model Program. Before the previously prescribed drug is discontinued, Physician and the Member's prescribing CCS Provider shall complete the necessary evaluation and treatments and must both agree that the previously prescribed drug is no longer Medically Necessary, or that it is no longer prescribed by the Member's prescribing CCS Provider.

6.7.6 EPSDT SERVICES --- Effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, for CCS-eligible Members, Physician shall provide all Medically Necessary Covered Services, including EPSDT services when the scope of an EPSDT benefit is more generous than the scope of a CCS benefit. In such cases, Physician shall apply the EPSDT standard of what is Medically Necessary to correct or ameliorate the Member's condition.

6.7.7 CASE MANAGEMENT AND COORDINATION OF CARE --- Effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, Physician shall provide service authorization, case management, and care coordination for CCS Services by an employee or Subcontractor with knowledge or adequate training on the CCS Program, and clinical experience with either the CCS population or pediatric patients with complex medical conditions.

6.7.7.1 Once a Member's eligibility for the CCS Program is established, CalOptima shall complete the risk level and needs assessment required under APL 18-011. Physician shall provide Complex Case Management services to all Members eligible for CCS Services and coordinate care between the Primary Care Provider, CCS specialty services, and if applicable Outpatient Mental Health Services and regional center services across all settings. The provision of Complex Case Management shall include the facilitation of communication between the Member's health care

Providers, personal care Providers such as IHSS and behavioral health Providers, and when appropriate, the Member and/or Member's parents, custodial parents, legal guardians, or other authorized representatives.

6.7.7.2 Physician shall also arrange referral to Specialty Mental Health, and Drug Medi-Cal services as appropriate through the county substance use disorder program if determined necessary through CalOptima's assessment. To arrange services with a regional center, Physician shall:

6.7.7.2.1 Coordinate with Members eligible for CCS Services and their parents, custodial parents, legal guardians, or other authorized representatives, in understanding and accessing services; and

6.7.7.2.2 Operate as a central point of contact for questions regarding access, care, and problem resolution.

6.7.7.3 Physician shall create an individual care plan (ICP) for CCS-eligible Members who have been determined high risk through the CalOptima risk stratification process, incorporate the required elements stated in Welfare and Institutions Code, Section 14094.11(c) and APL 18-011, be specific to individual Member needs, and update the ICP at least annually.

6.7.7.4 Provide Person-Centered Planning, case management and coordination of care, to Members eligible for CCS Services and in collaboration with the Member's parents, custodial parents, legal guardians, or other authorized representatives.

6.7.7.5 Provide information to Members eligible for CCS Services on how to access local family resource centers or family empowerment centers.

6.7.7.6 Allow a Member eligible for CCS Services, or the Member's parents, custodial parents, legal guardians, or other authorized representatives, to request continuing case management and care coordination from their public health nurse within 90 days of transitioning to the Whole Child Model Program, in accordance with Welfare and Institutions Code, Section 14094.13(e). If the county public health nurse leaves the CCS Program or is no longer available to provide case management and care coordination, Physician shall transition those services to one of its case managers who has received adequate training on the CCS Program and has clinical experience with the CCS population or pediatric patients with complex medical conditions.

6.7.8 RIGHTS FOR MEMBERS ELIGIBLE FOR CCS ---

6.7.8.1 Effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, Physician shall provide a mechanism for a Member eligible for CCS Services, or the Member's parents, custodial parents, legal guardians, or other authorized representatives, to request a Specialist or clinic as a Primary Care Provider.

6.7.8.2 Effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, for Members receiving continuity of care, Physician shall send a written notice 60 days prior to the end of the authorized continuity of care period. The notice shall explain the right to petition Physician for an extension of the continuity of care period, the criteria used to evaluate the petition, and the appeals process if Physician denies the petition.

6.7.8.3 In addition to the Member's right to file a Grievance or request an appeal or State Fair Hearing, effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, Physician shall also ensure that Members who are eligible for CCS Services, or the Member's parents, custodial parents, legal guardians, or other authorized representatives, may appeal the continuity of care limitations, or the extension of a continuity of care period in accordance with Welfare and Institutions Code, Section 14094.13(i)(1).

6.7.8.4 Effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, Physician shall also ensure that CCS-eligible Members, or the Members' parents, custodial parents, legal guardians, or other authorized representatives, retain the right to request an Appeal and State Fair Hearing for adverse benefit determinations that involve delay, modification, denial, or discontinuation of CCS Services in accordance with CalOptima Policy.

6.7.8.5 Physician must ensure Members are provided information on grievances, appeals and State Fair Hearing processes as provided under CalOptima Policies. Effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, CCS-Eligible Members enrolled in managed care are provided the same grievance, appeal and State Fair Hearing rights as provided under APL 18-001, and State and Federal law.

6.8 CREDENTIALING REQUIREMENTS --- Physician acknowledges and agrees that CalOptima has delegated credentialing and recredentialing obligations to Physician. Physician shall have an ongoing credentialing and recredentialing program covering Participating Providers (e.g. Practitioners, organizational providers and licensed independent practitioners) consistent with CalOptima Policies and in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement. Physician shall comply with all credentialing and recredentialing obligations as specified in this Contract and CalOptima Policies.

6.8.1 Physician shall have a mechanism in place to ensure confidentiality of information collected during the credentialing and recredentialing process.

6.8.2 Physician shall ensure that all Participating Providers who furnish items and/or services to Members and/or submit claims and/or receive reimbursement for Covered Services furnished to Members meet CalOptima's credentialing and recredentialing requirements as specified in CalOptima's Credentialing and Recredentialing Policy. Physician shall ensure that any Participating Provider who is required to meet credentialing and recredentialing requirements, but fails to do so, does not furnish items and/or services and/or receive reimbursement for any Covered Services furnished to Members. Physician shall ensure that all contracts with Participating Providers who are subject to these requirements allow for termination of the Participating Provider's right to furnish items and/or services to Members and/or submit claims and/or receive reimbursement for Covered Services furnished to Members.

6.8.3 Physician shall provide to CalOptima or have available for CalOptima review upon request the following:

6.8.3.1 An accurate, current, signed copy of the DHCS Medi-Cal Disclosure Form, DHS-6216 (07/05), or such other disclosure form as DHCS may otherwise provide to meet the requirements of Section 51000.35 of Title 22 of the California Code of Regulations.

6.8.3.2 A signed attestation that all Participating Providers who are required to meet CalOptima Minimum Standards in order to furnish, submit claims and/or receive reimbursement for Covered Services furnished to Members meet CalOptima's Minimum Standards as specified in CalOptima Policies.

6.8.3.3 An annual signed attestation that all Participating Providers are credentialed to the standards set forth by CalOptima.

6.8.3.4 Monthly summary of all credentialing and recredentialing activity including the name of Participating Provider, date of facility site review (if applicable) and decision date.

6.8.3.5 Concurrent reporting of any adverse action toward a Participating Provider, including adverse actions reported to a governmental or other regulatory agency.

6.8.3.6 Not Applicable to this Contract.

6.9 BOARD CERTIFICATION --- --- Physician shall ensure that all Practitioners furnishing Covered Services to Members meet those requirements identified in CalOptima Policy regarding Board Certification.

6.9.1 Physician shall ensure that any Practitioner who is required to meet the requirements set forth above, but fails to do so, does not furnish items and/or services to Members, submit claims and/or receive reimbursement for any Covered Services furnished to Members. Physician shall ensure that all contracts with Practitioners who are subject to these requirements allow for termination of the Practitioners' right to furnish items and/or services, submit claims and/or receive reimbursement for Covered Services furnished to Members.

6.9.2 Physician acknowledges that these requirements apply to each individual Practitioner that is affiliated with and/or part of any medical group, independent physician associations (IPA) and/or other organization or entity that contracts with Physician to furnish Covered Services to Members.

6.10 FACILITY SITE/MEDICAL RECORDS REVIEW (FSR/MRR) --- Physician shall participate in collaborative PCP site reviews for shared PCPs in accordance with MMCD Policy Letter specifications and other requirements of DHCS. Physician shall comply with CalOptima Policies related to PCP site reviews including those addressing collaborative programs.

6.11 COORDINATION AND CONTINUATION OF CARE --- Physician shall have systems in place to ensure managed patient care, including at a minimum:

6.11.1 Management and integration of health care, including Covered Services, through a PCP.

6.11.2 Referrals for Medically Necessary specialty, secondary and tertiary Covered Services.

6.11.3 Physician shall clearly specify referral requirements to Participating Providers and Subcontractors and establish a system to track and monitor services requiring prior authorizations through the Physician.

6.11.4 Physician shall have a utilization management program that meets guidelines as set forth in CalOptima Policies and is in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement.

6.11.5 Systems to assure provision of care in emergency situations, including an education process to help assure that Members know where and how to obtain Medically Necessary Covered Services in emergency situations.

6.11.6 The provision of Case Management Services as set forth in this Contract, CalOptima Policies and in coordination with CalOptima's Case Management program.

6.11.7 Systems for the consideration and approval of standing referrals, in accordance with CalOptima Policy.

6.11.8 Physician shall be responsible for coordinating care of certain services including:

6.11.8.1 Participating Providers providing Pediatric Preventive Services (CHDP) shall document such services on the CMS-1500, UB-04 claim form or electronic equivalent.

6.11.8.2 Participating Providers providing CHDP agree to coordinate with the Orange County CHDP Program as set forth in the CHDP Program pursuant to CalOptima's Pediatric Preventative Services Policy;

6.11.8.3 Physician shall promote education and support systems that increase compliance with the standards for periodicity and content of pediatric health assessments;

6.11.8.4 Physician shall make referrals to the Women, Infants and Children Food Supplementation Program (WIC) in accordance with WIC policies and procedures;

6.11.8.5 Physician shall make referrals for perinatal Members to the PSS program pursuant to CalOptima Policy;

6.11.8.6 Physician shall make referrals to the Regional Center of Orange County (RCOC), as set forth in the RCOC MOU;

6.11.8.7 All Members between the ages of three (3) and twenty-one (21) shall be referred to a dentist in accordance with the most recent recommendations of the AAP, as part of periodic health assessment;

6.11.8.8 Physician shall be responsible for Covered Services that are related to dental services but are not provided by a dentist or dental anesthetists. Covered Services required for a dental procedure include but are not limited to: laboratory services, pre-admission physical examinations required for admission to inpatient and outpatient Facility, anesthesia services, and inpatient surgical services and inpatient hospitalization services as provided in CalOptima Policy. Physician shall develop referral and prior authorization policies and procedures to implement the above requirements. Physician shall submit these policies to CalOptima for review and approval;

6.11.8.9 Physician shall provide outpatient mental health services within the PCP's scope of practice. Physician shall refer Members requiring inpatient mental health services to the Orange County Health Care Agency (HCA) Behavioral Health Services. Physician shall retain financial responsibility for initial physical health assessment for any Member admitted to an inpatient facility. This assessment shall be performed by a facility physician or by the Member's PCP. Physician shall also maintain financial responsibility for any Covered Services that are Medically Necessary while Members are receiving inpatient care including but not limited to laboratory and/or x-ray services.

6.11.8.10 Mental Health Services. Physician shall provide Care Management Services for the Member's physical health needs and coordinate Covered Services with Specialty Mental Health Providers. This would include the coordination and responsibility for non-mental health services for Members undergoing inpatient psychiatric treatment. CalOptima shall retain financial responsibility for certain mental health psychotherapeutic drugs. Physician shall retain financial responsibility for laboratory tests associated with provision of mental health services, including but not limited to use of psychotropic drugs. Physician shall comply with all responsibilities, policies and procedures as set forth in the HCA/MHP MOU.;

6.11.8.11 For Outpatient Mental Health Services , Physician shall refer Members to the CalOptima Behavioral Health for mild to moderate mental health conditions and the Administrative Service Organization (ASO) for Specialty Mental Health services.

6.11.8.11.1 To access mild to moderate Outpatient Mental Health Services that are outside the PCP's scope of practice, Physician shall refer Members to

CalOptima's mental health contracted provider through CalOptima Behavioral Health. Members requiring alcohol and or substance use disorder treatment should be referred to the Orange County Drug Medi-Cal Organized Delivery System (DMC-ODS).

6.11.8.12 For outpatient Specialty Mental Health Services, Physician shall refer Members to the Administrative Service Organization (ASO) contracted by Orange County to provide assessment, referral and authorization services for Specialty Mental Health Services.

6.11.8.12.1 Physician shall provide Care Management Services for the Member's physical health needs and coordinate Covered Services with Specialty Mental Health Providers. DHCS retains financial responsibility for certain mental health psychotherapeutic drugs. Physician shall retain financial responsibility for laboratory tests associated with provision of mental health services, including but not limited to use of psychotropic drugs. Physician shall comply with all responsibilities, policies and procedures as set forth in the HCA/MHP MOU; and

6.11.8.12.2 Physician shall arrange and coordinate Medically Necessary Covered Services, including referral of Members requiring alcohol and drug treatment to Orange County DMC-ODS. Members requiring outpatient heroin detoxification shall be referred to appropriate Providers.

6.11.9 To the extent that the Physician is responsible for the coordination of care for Members, CalOptima shall share with Physician, in accordance with Section 14.12, any utilization data that DHCS has provided to CalOptima, and Physician shall receive the utilization data provided by CalOptima and use it as the Physician is able for the purpose of Member care coordination.

6.12 VACCINES --- Physicians shall assure, at a minimum, all routine pediatric vaccinations currently recommended by the AAP/ACIP and the United States Preventative Task Force and additional routine immunizations are provided to Members consistent with Physician's immunization policy. CalOptima shall not reimburse Physician for the cost of vaccines that are available under the Vaccines for Children (VFC) program. Providers administering pediatric immunizations shall maintain an appropriate supply of vaccines from the VFC program.

Vaccinations, which are not part of the standard pediatric protocol, shall be administered according to CalOptima Policies.

6.13 PHARMACY APPROVED DRUG LIST COMPLIANCE --- Participating Providers shall comply with the CalOptima Approved Drug List and its associated drug utilization and disease management guidelines and protocols. Requests for items not included in the Approved Drug List shall require prior authorization by CalOptima. The prescribing physician shall be responsible for submitting prior authorization requests and responding to requests for additional information in accordance with regulatory timeframes. The prescribing physician shall provide CalOptima all information necessary to process prior authorization requests.

6.13.1 Physician may be subject to sanctions for Participating Provider's failure to comply with the prior authorization process.

6.13.2 Participating Providers shall prescribe generically available drugs instead of the parent brand product whenever therapeutically equivalent generic drugs exist.

6.14 RESEARCH --- Physician agrees to participate in and make data available for research projects initiated or approved by CalOptima.

6.15 FUNCTIONS AND DUTIES OF PHYSICIAN FOR SPD --- Physician shall provide the following for SPD Members:

6.15.1 Physician shall participate in the Community Liaison Program according to the guidelines and policies CalOptima promulgates to operate the program and as set forth in this Contract and CalOptima Policies;

6.15.2 Physician shall refer all SPD Members, who require a customized wheelchair and/or a modification to a customized wheelchair or seating system, to a contracted Evaluation Services Provider, and provide appropriate Covered Services in accordance with the resulting evaluation, pursuant to CalOptima Policy;

6.15.3 Physician shall make available Incontinence Supplies to SPD Members when such supplies are Medically Necessary to treat incontinence. Physician shall not restrict the Incontinence Supplies by brand name as long as the supplies do not exceed the rate paid for comparable supplies under the DHCS Medi-Cal Fee-for-Service program;

6.15.4 Physician shall authorize Medical Supplies for six (6) month periods for SPD Members under the following conditions: (a) the PCP determines that the SPD Member requires ongoing Medical Supplies; (b) Physician determines that the Medical Supplies are Medically Necessary based upon the prescribing PCP's assessment; and (c) the PCP projects that the SPD

Member's need for the Medical Supplies will remain stable over the six (6) month period.

6.15.5 Physician or Subcontractor shall dispense Medical Supplies in no greater than thirty (30) calendar day amounts, even when such Medical Supplies are authorized for six (6) month periods. Physician shall approve re-authorization of Medical Supplies at consecutive six (6) month intervals unless a PCP determines that a change in the SPD Member's medical condition warrants additional assessment, and/or adjustments to the prescription for Medical Supplies. Notwithstanding a six (6) month authorization, Physician shall not be responsible for providing Medical Supplies when the SPD Member's Medi-Cal eligibility ceases or when the Member is no longer enrolled with the Physician;

6.15.6 Physician shall permit SPD Members to select as a PCP any Participating Specialist Provider willing to perform the role of the PCP. Physician shall provide to all SPD Members upon enrollment with Physician and at any time thereafter, upon the SPD Member's request, a list of all Participating Specialist Providers willing and available to perform duties/functions of the PCP;

6.15.7 Within one-hundred twenty (120) days upon enrollment with Physician of an SPD Member, Physician shall complete a plan of care pursuant to CalOptima Policies. Physician shall update this plan as appropriate and/or annually. Physician shall consult the SPD Member and/or Member's representative as appropriate in completing and updating the plan of care;

6.15.8 Upon request, and as Medically Necessary, for any qualifying SPD Member as defined in CalOptima Policies enrolled with Physician, Physician shall conduct and provide, when appropriate, a home assessment to assess the SPD Member's needs for appropriate referrals to Participating Providers and/or community based organizations and providers;

6.15.9 Physician shall provide SPD Members with standing referrals pursuant to CalOptima Policies, to specialists necessary for conditions requiring ongoing treatment or ongoing supply, equipment or DME service needs. These referrals can be renewed semi-annually; and

6.15.10 Physician shall have Participating Providers with facilities and/or sites that are capable of accommodating SPD Members with special medical care needs as defined in CalOptima Policies. Facility requirements to meet the needs of SPD Members with special medical care needs include, but are not limited to, office or clinic equipment to facilitate the appropriate and safe examination of SPD Members and the capacity to provide specific Covered Services to SPD Members, such as the provision of dental procedures under general anesthesia.

6.15.11 If Physician's network is unable to provide necessary medical services covered under the Contract to a particular SPD Member, Physician must adequately and timely cover these services out-of- network for the Member, for as long as the entity is unable to provide them. Physician acknowledges that out-of-network providers must coordinate with Physician with respect to payment, and Physician shall ensure that such out-of-network providers understand this requirement. Physician must ensure that cost to the Member is not greater than it would be if the services were furnished within the network. Physician shall provide for the completion of covered services by a terminated or out-of-network provider at the request of a Member, in accordance with the continuity of care requirements in Health and Safety Code Section 1373.96. For newly-enrolled SPD Members, Physician shall provide continued access for up to twelve (12) months to an out-of-network provider with whom the Member has an ongoing relationship (i.e. an existing provider from whom they are receiving services), if the provider will accept Physician or Medi-Cal FFS rates, whichever is higher per W & I Code 14182(b)(13) and (14). An ongoing relationship shall be determined by identifying a link between the newly-enrolled SPD Member and an out-of-network provider using FFS utilization data provided by DHCS.

6.15.12 For SPD Members, Physician shall report all grievances related to those listed in Title 28, CCF, Section 1300.68(f)(2)(D), including, but not be limited to, timely assignments to a provider, issues related to cultural and linguistic sensitivity, difficulty with accessing specialists, and grievances related to out-of-network requests.

6.15.13 Physician and Participating Providers and all staff who interact with SPD Members, as well as those who may potentially interact with SPD Members, or any other staff deemed appropriate by CalOptima or DHCS shall receive sensitivity training as provided by CalOptima or DHCS.

6.15.14 Personal Care Coordinator (PCC) Programs for CCS and SPD Members Definitions:

6.15.14.1 "Care Management Monthly Profile (Profile)" is a monthly report generated by CalOptima which provides the healthcare risk outcomes for CCS and SPD Members. The Profile shall include the compliance parameters required to receive PCC supplemental capitation.

6.15.14.2 "Individual Care Plan" is a plan of care developed after an assessment of the Member's social and health care needs that reflects the Member's resources, understanding of his or her disease process, and lifestyle choices.

6.15.14.3 "Personal Care Coordinator or PCC" is a dedicated non-licensed care coordinator, assigned to each Medi-Cal member with an CCS Eligible Condition as determined by the local CCS Program, or SPD aid code, supervised by a licensed person, and funded by CalOptima.

6.15.15 Physician shall be eligible to receive the supplemental PCC capitation as defined in Attachment E if Physician remains in good standing with CalOptima which shall include but not limited to the following:

6.15.15.1 No sanctions in place for the Medi-Cal program;
6.15.15.2 Resolution satisfactory to CalOptima of all identified Medi-Cal Program compliance deficiencies from the preceding calendar quarter;
6.15.15.3 Execution of all previous amendments; and
6.15.15.4 Other requirements contained in CalOptima Policy, as applicable.

6.15.16 During any period in which CalOptima provides funding for the PCC program, and written notice that the program is active, Physician shall provide PCC services in accordance with the following:

6.15.16.1 Physician shall employ PCCs and participate in all PCC Program requirements as defined in CalOptima Policy and the Profile. Physician shall staff one PCC per six hundred (600) CCS or SPD Members assigned to Physician. PCC responsibilities include but are not limited to: Assisting Members and Member's PCPs in the development of an Individual Care Plan (ICP); communicating the ICP with the Member, Member's PCP and Member's care team; and assisting Members receiving care as outlined in the ICP. Physician shall submit required reports and documents to CalOptima. These include but are not limited to ICPs, PCC staffing levels, and PCC and professional staff descriptions to demonstrate adherence CalOptima Policy requirements.

6.15.16.2 CalOptima shall provide Physician the Profile requirements. Changes to the Profile which may impact PCC supplemental capitation, will be communicated to Physician thirty (30) days prior to the effective date of such change. If Physician is unable to agree to the requirements stipulated in the Profile, and no resolution is reached in the thirty (30)-day period, further action may be taken including but not limited to recoupment of PCC supplemental funds that have been paid to Physician and termination of the Contract.

6.16 ADVANCE DIRECTIVES --- Physician shall maintain written policies and procedures related to Advanced Directives in compliance with current State law. Physician shall not discriminate against any Member on the basis of that Member's Advance Directive status.

6.17 SECOND OPINIONS --- Physician shall provide, at its sole cost and expense, second opinions and provide to Members all required notification, documentation, forms and information regarding obtaining second opinions as prescribed by CalOptima Policies.

6.18 DISEASE MANAGEMENT --- Physician shall assist CalOptima in implementation of a disease management program in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement.

6.19 MEMBERS WITH SPECIAL HEALTH CARE NEEDS --- Physician shall identify, assess and implement care plans as appropriate for Members with Special Health Care Needs. The Physician shall have processes for monitoring and tracking Members with Special Health Care Needs and the provision of services under the implemented plan of care.

6.20 MEMBER VISITS --- Physician shall ensure that Subcontracting health facilities licensed pursuant to Health and Safety Code Section 1250 permit a Member at Member's choice to be visited by a Member's domestic partner, the children of a Member's domestic partner, and the domestic partner of the Member's parent or children. Physician shall include the requirement of this Section in its Subcontracts with such health facilities.

6.21 DHCS DIRECTIONS --- If required by DHCS, Physician and its Subcontractors shall cease specified activities, which may include, but are not limited to, referrals, assignment of beneficiaries, and reporting, until further notice from DHCS.

ARTICLE 7
Obligations of Physician – Reporting

7.1 DATA REPORTING REQUIREMENTS --- Physician shall comply with the data reporting requirements set forth in this Contract, including but not limited to the requirements specified in Standard Reporting Requirements set forth in CalOptima Policies and Guidelines referred to as the Timely and Appropriate Submission Requirements. Physician shall provide such additional data and modify the form, content, instructions and timetables for the collection and reporting of data as may be required by CalOptima Policies. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

7.2 ENCOUNTER REPORTING --- Physician shall submit to CalOptima complete, accurate, reasonable and timely encounter data (a) needed by CalOptima in order for CalOptima to meet its encounter data reporting requirements to DHCS, and/or (b) required by CalOptima and CalOptima's Regulators as provided in this Contract and in CalOptima Policies. Physician shall submit encounter data pursuant to standards defined by CalOptima Policies. Upon first receiving member assignments; or changing management companies, business systems, clearinghouse vendors, and/or contractual model; Physician shall begin encounter data file testing within sixty (60) days and complete testing within ninety (90) days. Physician shall be subject to financial penalties and/or sanctions if CalOptima determines that Physician is reporting to CalOptima less than all professional encounters in the CalOptima required format and timelines. Physician shall have twelve (12) calendar days, upon notification by CalOptima, to correct encounters rejected by CalOptima's regulatory agencies, including the Department of Health Care Services (DHCS) and Centers for Medicare and Medicaid Services (CMS). Financial penalties or sanctions shall be assessed upon Physician should CalOptima determine that Physician is not meeting the standards as defined in CalOptima Policies. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination

7.3 ANNUAL AUDIT AND FINANCIAL REPORTING REQUIREMENTS --- Physician agrees to provide the results of its annual audited financial statements, including "Letters to Management", if requested, for the prior calendar or fiscal year within one hundred twenty (120) calendar days of the completion of that year. Financial statements shall be presented in a form specified by CalOptima that clearly shows the financial position of Physician as related to Members. Physician shall allow representatives of CalOptima, upon written request, to verify the financial report.

7.4 FINANCIAL REPORTING --- If Physician is required to file monthly Financial Statements with the DMHC, Physician shall simultaneously file monthly Financial Statements with DHCS. Physician shall prepare financial information requested in accordance with GAAP. Where Financial Statements and projections are requested, these statements and projections should be prepared in accordance with the 1989 HMO Financial Report of Affairs and Conditions Format. Where appropriate, reference has been made to the Knox-Keene Health Care Service Plan Act of 1975 rules found under Title 28, CCR, Section 1300.51 et. seq. Information submitted shall be based on current operations. Physician shall submit financial information consistent with filing requirements of the DMHC unless otherwise specified by DHCS.

7.5 PARTICIPATING PROVIDER NETWORK CHANGES --- Physician shall report in compliance with CalOptima Policies, any changes, including but not limited to additions, deletions and location changes of Providers constituting Physician's provider network.

7.6 PHYSICIAN ORGANIZATION PROFILE --- Physician shall report in compliance with CalOptima Policies, a profile of the Physician's organization, including, but not limited to, Physician's significant administrative and Provider network contractual relationships.

7.7 PARTICIPATING PROVIDER CONTRACTS --- Physician shall provide to CalOptima copies of all contract templates utilized with Participating Providers. Upon modification, change or replacement by Physician, Physician shall provide CalOptima with copies of current contract templates. In addition, upon request from CalOptima or DHCS, Physician shall provide copies of any Subcontract entered into or amended for purposes of fulfilling Physician's obligations under this Contract.

7.8 DISCLOSURE --- Physician and any Subcontractors shall make available to CalOptima, CalOptima's authorized agents, and appropriate representatives of the State and federal government any of Physician's or Subcontractor's financial records related to Physician's capacity to bear the risk of potential financial losses, or the Covered Services performed and amounts paid or payable under this Contract. CalOptima recognizes the proprietary nature of this information and shall make all assurances to maintain its confidentiality in accordance with the California Public Records Act.

7.9 REPORTING UNAUTHORIZED DISCLOSURE OF PRIVATE MEMBER INFORMATION --- In the event that Physician, or any of its officers, employees, agents, or Subcontractors, becomes aware of the unauthorized disclosure of confidential Member information, as described in California Welfare and Institutions Code Section 14100.2, or of "personal information," within the meaning of California Civil Code Section 1798.3, Physician shall report said unauthorized disclosure to CalOptima's Privacy Officer immediately upon discovery of said disclosure, providing information on the information disclosed and how the disclosure occurred. For purposes of this Section, "unauthorized disclosure" includes any unauthorized access, whether such access was through inadvertence, mistake, theft, or other means, and whether or not Physician had reasonable control to avoid the disclosure.

7.10 PROVIDER DATA – Physician shall submit to CalOptima complete, accurate, reasonable, and timely provider data and other data and reports (a) needed by CalOptima in order for CalOptima to meet its reporting requirements to DHCS, and/or (b) required by CalOptima and CalOptima's Regulators as provided in this Contract and in CalOptima Policies.

7.11 REPORTS AND DATA --- In addition to any reporting obligations under this Contract, Physician shall submit reports and data relating to services covered under this Contract as required by CalOptima, in a form and manner specified by CalOptima, including, without limitations, for purposes of complying with requests for reports and data from CalOptima's Regulators to CalOptima.

7.12 CERTIFICATION OF DOCUMENT AND DATA SUBMISSIONS --- All data, information, and documentation provided by Physician to CalOptima pursuant to this Contract and/or CalOptima Policies, which are specified in 42 CFR § 438.604 and/or as otherwise required by CalOptima and/or CalOptima's Regulators, shall be accompanied by a certification statement on the Physician's letterhead signed by the Physician's Chief Executive Office or Chief Financial Officer (or an individual who reports directly to and has delegated authority to sign for such Officer) attesting that based on the best information, knowledge, and belief, the data, documentation, and information is accurate, complete, and truthful.

ARTICLE 8
Obligations of Physician – Termination

8.1 OBLIGATION UPON TERMINATION --- Upon termination of this Contract, it is understood and agreed that Physician shall continue to provide authorized Covered Services to Members who retain eligibility and who are under the care of Physician at the time of such termination, until the services being rendered to Members are completed, unless CalOptima, in its sole discretion, makes reasonable and medically appropriate provisions for the assumption of such services. For Covered Services provided following the month in which Physician received Capitation Payment and termination occurred, Physician shall be paid according to the Medi-Cal Fee Schedule, as defined in CalOptima Policy applicable to such services in effect on the date the services are provided.

8.2 TERMINATION AND TRANSFER OF CARE --- Prior to the termination or expiration of this Contract, including termination due to termination or expiration of CalOptima's State Contract, and upon request by DHCS or CalOptima to assist in the orderly transfer of Members' medical care and all necessary data and history records to DHCS or a successor State contractor, the Physician shall make available to DHCS and/or CalOptima copies of medical records, patient files, and any other pertinent information, including information maintained by any Subcontractor necessary for efficient case management of Members, and the preservation, to the extent possible, of Member-Provider relationships. Costs of reproduction shall be borne by DHCS and CalOptima, as applicable.

8.2.1 Physician agrees to assist CalOptima in the transfer of care in the event of any Subcontract termination for any reason. Costs of reproduction shall be borne by Physician.

8.3 TERMINATION PLANS --- Physician shall have a plan for the orderly termination of services under this Contract. Physician shall submit a plan regarding coordination of care and payment of claims to CalOptima at least 60

days prior to expiration or termination of this Contract. The termination plan shall require the written approval of CalOptima.

8.4 APPROVAL BY AND NOTICE TO DHCS --- Physician acknowledges that this Contract and any modifications and/or amendments thereto are subject to the approval of DHCS. CalOptima and Physician shall notify DHCS of amendments to, or termination of, this Contract . Notice is considered given when properly addressed and deposited in the United States Postal Service as first-class registered mail, postage attached. Physician acknowledges and agrees that any amendments or modifications shall be consistent with the requirements relating to submission to DHCS for approval.

8.4.1 Notice to the Department of Managed Health Care. In addition, Physician shall notify the Department of Managed Health Care in the event that this Contract is amended or terminated.

ARTICLE 9
Obligations of CalOptima – Financial

9.1 PAYMENT OF CAPITATION ---

9.1.1 Capitation Payment - Capitation Payment shall be determined by CalOptima by multiplying the Capitation Rate set forth in Attachment E, by the number of Members enrolled with Physician, by age, gender and Aid Code.

9.1.2 Capitation Payment Schedule - CalOptima agrees to pay Capitation Payment to Physician on or about the fifteenth (15^{th}) of the month for enrolled Member. Capitation Rates shall be daily pro-rated basis based upon the Member's effective date of enrollment with Physician.

9.1.3 Capitation Payment Withhold - CalOptima shall withhold from Physician an amount equal to X percent (X%) of the monthly Capitation Payment (Withhold). CalOptima may adjust Physician's Capitation Payment on a quarterly basis should the Withhold fall below X percent (X%) of Physician's current month Capitation Payment. CalOptima may increase this withhold rate in accordance with CalOptima Policy.

9.2 CAPITATION RATE ADJUSTMENTS --- The Capitation Rates may be adjusted by CalOptima during the Contract term to reflect implementation of State or federal laws or regulations, changes in the State budget, the State Contract or DHCS policy, and/or changes in Covered Services. Reimbursement is subject to the DHCS providing funds for the purposes of this Contract. Payment adjustments made by DHCS and/or CMS may be reflected in payments to the Physician. If the State has provided CalOptima with advance notice of

adjustment, CalOptima shall provide notice thereof to Physician as soon as practicable. Capitation may also be adjusted in the event of de-delegation of any function delegated under this Contract or Delegation Agreement.

9.3 PAYMENTS FOR PERSONS WITH AIDS --- CalOptima shall pay a supplemental capitation rate, and Physician shall provide services to Members with a confirmed diagnosis of Acquired Immune Deficiency Syndrome (AIDS) in accordance with CalOptima Policy.

9.4 OVERPAYMENTS AND CALOPTIMA RIGHT TO RECOVER --- Physician has an obligation to report any overpayment identified by Physician, and to repay such overpayment to CalOptima within sixty (60) days of such identification by Physician, or of receipt of notice of an overpayment identified by CalOptima. Physician acknowledges and agrees that, in the event that CalOptima determines that an amount has been overpaid or paid in duplicate, or that funds were paid which were not due under this Contract to Physician, CalOptima shall have the right to recover such amounts from Physician by recoupment or offset from current or future amounts due from CalOptima to Physician, after giving Physician notice and an opportunity to return/pay such amounts. This right to recoupment or offset shall extend to any amounts due from Physician to CalOptima, including, but not limited to, amounts due because of:

9.4.1 Payments made under this Contract that are subsequently determined to have been paid at a rate that exceeds the payment required under this Contract.
9.4.2 Payments made for services provided to a Member that is subsequently determined to have not been eligible on the date of service.
9.4.3 Unpaid Conlan reimbursements owed by Physician to a Member.
9.4.4 Capitation payments made in relation to a Member for a period after the Member was deceased.
9.4.5 In the event that DHCS or CMS establishes a Medicaid Medical Loss Ratio methodology that takes into account sub-capitated providers non-medical costs, amounts recovered from CalOptima by DHCS or CMS for failure to meet such MLR requirements, to the extent attributable to Physician's capitation
9.4.6 Payments made by CalOptima that are the financial responsibility of Physician.

In addition, in the event of termination of the Health Network, or the transition of the Health Network to a different delegation model, CalOptima shall have the right to offset any unpaid claims that are the financial responsibility of Physician paid by CalOptima against any funds owed to Physician by CalOptima, including, but not limited to, capitation payments, financial security withholds, pay-for-performance amounts, quality incentives, and shared risk pool surpluses.

9.5 ADDITIONAL PAYMENT --- CalOptima reserves the right to pay Providers or Physician additional sums in any manner that CalOptima deems at its discretion to be beneficial for CalOptima's Members.

9.6 LIMITATION ON CALOPTIMA'S PAYMENT OBLIGATIONS --- Notwithstanding anything to the contrary contained in this Contract, CalOptima's obligation to pay Physician any Capitation Payment shall be subject to CalOptima's receipt of funding from the State.

9.7 DISPUTES --- Any and all disputes related to payments and/or enrollments shall be reported to CalOptima within ninety (90) calendar days of payment, and each dispute shall be clearly defined and include supporting documentation. Failure to dispute within the established time frame indicates acceptance by Physician.

9.8 BONE MARROW AND ORGAN TRANSPLANTATION --- In the event that a Member assigned to Physician is actively listed on a DHCS-certified transplant provider list, then the Member will be disenrolled with Physician and enrolled in CalOptima Direct pursuant to CalOptima Policy. For Bone Marrow transplants, Members will be enrolled in CalOptima Direct upon referral to a designated transplant center for a qualifying diagnosis pursuant to CalOptima Policy. Except as provided herein, Physician is responsible for all Covered Services provided to Member until such Member is enrolled as a COD Member.

9.9 PAYMENT FOR TRANSPLANT EVALUATION --- For Members receiving transplant evaluation services, at a designated DHCS-approved transplant center for the specific transplant type being requested, payment or reimbursement shall be in accordance with CalOptima Policy.

9.10 ADULT MEMBERS DIAGNOSED WITH HEMOPHILIA --- In the event that an adult (age 21+ years) Member assigned to Physician is actively diagnosed as a hemophilia patient, then on the first of the month following diagnosis and notification of CalOptima the adult Member will be disenrolled with Physician and enrolled in CalOptima Direct pursuant to CalOptima Policy. Except as provided herein, Physician is responsible for all Covered Services provided to Member until such Member is enrolled as a COD Member.

9.11 ADULT MEMBERS DIAGNOSED WITH END STAGE RENAL DISEASE (ESRD) --- In the event that an adult (age 21+ years) Member assigned to Physician is actively diagnosed as an ESRD patient then on first of the month following submission and acceptance of the CMS-2728 – US to the CalOptima Finance Department the adult member will be disenrolled with Physician and enrolled in CalOptima Direct pursuant to CalOptima Policy. Except as provided herein, Physician is responsible for all Covered Services provided to Member until such Member is enrolled as a COD Member.

9.12 FALSE CLAIMS ACT POLICY---Providers receiving more than five (5) million dollars in a year are required to have a policy to educate employees about the False Claims Act and other State and Federal laws.

ARTICLE 10
Obligations of CalOptima – Administrative

10.1 FINANCIAL SECURITY REQUIREMENTS --- CalOptima shall designate amounts of funds Physician shall establish and maintain as financial security reserves. CalOptima shall identify in CalOptima Policies those financial instruments that shall be acceptable means for purposes of complying with financial security requirements. On a quarterly basis, CalOptima will calculate the minimum required financial security reserves and communicate in writing to the Physician any material deficits.

10.2 COMPREHENSIVE PHYSICIAN AUDIT --- CalOptima shall conduct and Physician shall agree to a full comprehensive compliance audit to be conducted at Physician administrative offices and/or Facilities annually, or as deemed necessary, by CalOptima. CalOptima shall submit results of the Physician audit in writing to Physician. Physician may rebut and dispute audit findings pursuant to CalOptima Policies. Physician is responsible for implementing the corrective measures (if any). CalOptima retains the right to publish data obtained from the audit. Physician acknowledges and agrees that CalOptima may publish the audit data to Members and/or the general public without further notice to or consent from Physician.

10.3 ENCOUNTER DATA AUDIT --- On an annual basis, CalOptima shall conduct an Encounter audit. The audit shall consist of CalOptima requesting a percentage of each Physician's Member Medical Records. These records shall be reviewed for services provided. These services shall then be compared to reported Encounters to determine if the Physician accurately reported all Encounters.

10.4 APPROVED DRUG LIST --- CalOptima shall publish and maintain an Approved Drug List pursuant to CalOptima Policies.

10.5 REVIEW OF OFF-APPROVED DRUG LIST PRESCRIPTIONS --- CalOptima shall review off-Approved Drug List prescriptions in a timely manner pursuant to CalOptima Policies.

10.6 POLICIES AND PROCEDURES AVAILABILITY--- CalOptima shall provide or make available for Physician copies of current CalOptima Policies relevant to the provisions of this Contract. Copies of current CalOptima Policies relevant to the provisions of this Contract may be provided by the distribution of hard-copy documents, electronic files and/or documents and/or on the CalOptima website.

10.7 MOU AVAILABILITY--- CalOptima shall provide or make available for Physician copies of current MOUs entered into by CalOptima that are binding on Physician. Copies of current MOUs entered into by CalOptima that are binding on Physician may be provided by the distribution of hard-copy documents, electronic files and/or documents and/or on the CalOptima website.

10.8 INTERPRETATION OF MOUs --- CalOptima shall provide or make available for Physician interpretation of MOUs entered into by CalOptima that are binding on Physician. Interpretation of MOUs will identify duties, obligation and responsibilities of Physician.

10.9 RELEASE OF PERFORMANCE INFORMATION AND DATA --- Physician acknowledges and agrees that CalOptima may release to Providers, Members and others without further notice to Physician, information and data relating to the performance of Physician that CalOptima determines among other things would contribute to Providers', Members' and others' evaluation of options and alternatives and/or making informed selections and decisions regarding health care and the provision of Covered Services.

10.10 PROVIDER COMPLAINT SYSTEM --- CalOptima has established a fast, fair and cost-effective complaint system for provider complaints, grievances and appeals. Provider, including Physician, shall have access to this system for any issues arising under this Contract, as provided in CalOptima Policy related to CalOptima Medi-Cal Program. Physician complaints, grievances, appeals, or other disputes regarding any issues arising under the Contract shall be resolved through this system.

10.11 RISK ARRANGEMENTS DISCLOSURE --- CalOptima shall provide timely notice regarding those items provided for under Subsections (a)(1) through (a)(3) of Section 1300.75.4.1 of Title 28 of the California Code of Regulations.

10.12 DISCLOSURES ---

10.12.1 ANNUAL FINANCIAL RISK DISCLOSURE – On the Contract anniversary date each year, CalOptima shall disclose to Physician the financial risk assumed under the Contract by providing to Physician the following information for each and every type of Risk Arrangement (including, but not limited to, Medicare Advantage, Medi-Cal, commercial, point of service, small group, and individual plans) covered under this Contract:

10.12.1.1 A division of responsibility for medical expenses (physician, institutional, ancillary, and pharmacy) which will be allocated to Physician, a hospital(s) or CalOptima under the Risk Arrangement.

10.12.1.2 Expected/projected utilization rates and unit costs for each major expense service group (inpatient, outpatient, PCP, specialist, pharmacy, injectables, home health, durable medical equipment, ambulance and other), as well as the source of the data and the actuarial methods employed in determining the utilization rates and unit costs by each and every type of Risk Arrangement.

10.12.1.3 All factors used to adjust payments or risk-sharing targets, including, but not limited to, the following: age, sex, localized geographic area, family size, experience rated, and benefit plan design, including copayment/deductible levels.

10.12.1.4 The amount of payment for each and every service to be provided under the Contract, including any fee schedules or other factors or units used in determining the fees for each and every service. To the extent that reimbursement is made pursuant to a specified fee schedule, the fee schedule shall be incorporated into the Contract by reference, and shall specify Medicare resource-based relative value scale ("RBRVS") year if RBRVS is the methodology for the fee schedule development. For any proprietary fee schedule, the Contract shall include sufficient detail that payment amounts related to that fee schedule can be accurately predicted.

10.12.2 ANNUAL DISCLOSURE OF CAPITATION PAYMENTS – On the Contract anniversary date each year, CalOptima shall disclose to Physician the amount of capitation payments to be paid per member per month.

10.12.3 CAPITATION DEDUCTION DETAIL – CalOptima shall provide to Physician sufficient details to allow Physician to verify the accuracy and appropriateness of any deductions from capitation payments made by CalOptima including, but not limited to, member name, member number, member date-of-birth, billing provider name, date-of-service, procedure/service codes billed, and amount paid.

ARTICLE 11
Obligations of CalOptima – Termination

11.1 MEMBER AND PROVIDER COMMUNICATION --- CalOptima shall approve all Physician, Member and provider communications relating to termination of this Contract, prior to distribution.

11.2 APPROVAL OF PHYSICIAN TERMINATION PLANS --- CalOptima shall review and approve Physician termination plans at intervals and frequencies established by CalOptima Policies.

11.3 RELEASE OF WITHHOLD --- CalOptima shall release Physician's capitation withhold to Physician upon the latter of nine (9) months following the termination, or upon CalOptima's validation of completion by Physician of all post-termination requirements contained in this Contract and CalOptima Policy. In the event that all post-termination requirements have not been met within nine (9) months following termination, CalOptima may, at its sole discretion, apply

Physician's capitation withhold funds to satisfy unmet post-termination requirements.

11.4 RELEASE OF FINANCIAL SECURITY REQUIREMENT DEPOSITS --- CalOptima shall release to Physician financial security requirement deposits no less than six (6) months following the termination of this Contract unless termination is the result of Physician insolvency. CalOptima shall release to Physician financial security requirement deposits no less than twelve (12) months following the termination of this Contract if termination is the result of Physician insolvency.

ARTICLE 12
Health Care Delivery System

12.1 OUT-OF-COUNTY SERVICES --- Physician may contract with out-of-county facilities for Covered Services for CalOptima Members provided that Physician ensures that it coordinates the Member's care and complies with all access, quality and other CalOptima requirements.

12.2 MEMBER LIAISON PROGRAM (MLP) --- Physician shall establish and maintain support for the Member Liaison Program, including but not limited to:

12.2.1 Providing SPD Members and their caregivers with assistance to navigate the Medi-Cal managed care system;

12.2.2 Coordinating the range of Covered Services needed by SPD Members and assisting SPD Members in understanding and utilizing Physician's referral process;

12.2.3 Ensuring SPD Members receive appropriate and timely referrals;

12.2.4 Identifying barriers faced by SPD Members and integrating recommendations into the delivery system to improve access;

12.2.5 Keeping Physician and Participating Providers educated and sensitive to the needs of persons with disabilities;

12.2.6 Assisting PCPs to fully understand individual SPD Members' needs and provide physicians with access to the many community based resources available;

12.2.7 Providing feedback to CalOptima regarding necessary program modifications/enhancements;

12.2.8 Providing access to SPD Members information necessary for coordination of Covered Services across all Physician departments;

12.2.9 Assisting in the promotion, outreach and community awareness of the MLP.

ARTICLE 13
Termination and Modification of Contract Terms

13.1 SANCTIONS AND TERMINATIONS FOR CAUSE --- If Physician fails to fulfill any of its duties and obligations under this Contract, including but not limited to: (i) committing acts to discriminate among Members on the basis of their health status or requirements for health care services; (ii) engaging in any practice that would reasonably be expected to have the effect of denying or discouraging enrollment with the Physician by Members whose medical condition or history indicated a need for substantial future medical services; (iii) not providing Covered Services in the scope or manner required under the provisions of this Contract; (iv) engaging in prohibited marketing activities; (v) failing to comply with CalOptima's Compliance Program, including Participation Status requirements; (vi) failing to meet financial security requirements; (vii) committing fraud or abuse relating to Covered Services or any and all obligations, duties and responsibilities under this Contract; (viii) failure to ensure that all Minimum Standards, are met; (ix) failure to enforce claims payment prohibitions on providers who are denied the right to submit claims and/or receive reimbursement for services furnished to CalOptima Members; (x) not having the required amounts and types of financial reserves; (xi) failure of Physician's Participating Providers to comply with the prior authorization process and other pharmacy requirements as determined by CalOptima; (xii) failure to meet Medical Loss Ratio requirements; (xiii) failure to meet minimum enrollment requirements; (xiv) failure to meet quality and/or performance requirements; (xv) failure to comply with organization structure requirements; (xvi) failure to submit Encounter Data pursuant to this Contract and CalOptima Policy; (xvii) a failure to perform an obligation or duty under the Prior Contract and/or failure to take corrective action related to any such obligation or duty in the time or manner required by CalOptima, and (xviii) a violation of the Department of Managed Health Care's Risk Bearing Organization regulations, including reporting, auditing or Corrective Action Plan compliance violations. CalOptima may take any of the actions described below:

13.1.1 Corrective Action Plan (CAP) - CalOptima may require a CAP in the event that any report, audit, survey, site review or investigation indicates that the Physician or any Subcontractor(s) is not in compliance with any provision of this Contract or other Medi-Cal program requirement. A CAP shall be required if CalOptima receives a substantiated complaint or grievance related to the standard of care provided by the Physician or any Subcontractors. CalOptima shall issue a written notice of deficiency and shall require that a CAP to be submitted within thirty (30) calendar days following the date of notice unless otherwise stated. The CAP shall include the time and manner in which the deficiency shall be corrected. CAPs are subject to approval by CalOptima, which may be approved as

submitted, accepted with specific modifications, or rejected. CalOptima may extend or reduce the time allowed for completion of the CAP..

13.1.2 General Sanctions - Notwithstanding any request for a CAP, CalOptima may impose monetary penalties, suspend enrollment, reduce maximum enrollment, or impose other sanctions when the Physician is not in compliance with the provisions of this Contract, CalOptima Policies and minimum performance requirements as established by CalOptima.

13.1.2.1 All monetary fines are payable to CalOptima within thirty (30) calendar days of receipt of written notice, unless otherwise stated in the notice. Failure to submit payment to CalOptima for any monetary fines within the thirty (30) calendar day period shall result in CalOptima deducting the penalty plus the administrative fee from the Physician's Capitation Payment.

13.1.2.2 Physician may appeal CalOptima's decision to impose a sanction, by filing a complaint pursuant to CalOptima Policies. Physician shall exhaust this administrative remedy, including requesting a hearing according to CalOptima Policy, before commencing a civil action.

13.1.3 Termination for Cause – Notwithstanding, and in addition to, any other provisions of this Contract, CalOptima may terminate this Contract for cause effective upon thirty (30) calendar days' written notice. Cause shall include, but shall not be limited to, the actions set forth in Section 13.1. Physician may appeal CalOptima's decision to terminate the Contract for cause by filing a complaint pursuant to CalOptima Policies. Physician shall exhaust all administrative remedies before commencing any civil action.

13.1.3.1 In the event of a "Termination for Cause" as provided by this Section, CalOptima may procure, upon such terms and in such manner as it shall deem appropriate, supplies or services similar to those terminated. Physician shall be liable to CalOptima for any excess costs for the provision of such similar supplies or services. In addition, Physician shall be liable to CalOptima for administrative costs or other damages incurred by CalOptima in procuring such similar supplies or services. CalOptima shall also charge an administrative fee when paying a claim on behalf of Physician.

13.1.3.2 CalOptima's rights and remedies provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or this Contract.

13.2 TERMINATION FOR INSUFFICIENT CALOPTIMA MEDI-CAL ENROLLMENT --- CalOptima reserves the right in accordance with CalOptima Policies to terminate the Physician in the event that Physician's membership falls below five-thousand (5,000) total members at any time based upon a three (3) month rolling average of Physician's membership.

13.3 TERMINATION FOR FAILURE TO MEET QUALITY REQUIREMENTS --- CalOptima may terminate this Contract immediately should Physician fail to comply with or fail to be in compliance with quality requirements as may be established and modified from time to time by CalOptima and/or DHCS.

13.4 TERMINATION FOR FAILURE TO MEET MEDICAL LOSS RATIO REQUIREMENTS --- CalOptima may terminate this Contract with thirty (30) days written notice should Physician fail to comply with or be in compliance with medical loss ratio requirements established in this Contract and CalOptima Policies.

13.5 TERMINATION OF STATE CONTRACT --- CalOptima may terminate this Contract immediately upon termination of the State Contract.

13.6 TERMINATION UPON LOSS OF WAIVER --- This Contract shall terminate immediately upon written notice from CalOptima to Physician that HHS has withdrawn its approval of the waiver granted under Section 1915(b) of the Social Security Act for COHS.

13.7 TERMINATION FOR PHYSICIAN ORGANIZATION AND OPERATIONS STRUCTURE --- CalOptima may terminate this Contract immediately should Physician fail to comply with requirements for Physician's organization and operation structure established in this Contract and CalOptima Policies.

13.8 Not Applicable to this Contract.

13.9 TERMINATION FOR CONVENIENCE --- Either party may terminate the Contract for convenience, without cause, by giving one hundred twenty (120) calendar days advance written notice to the other party prior to the effective date of such termination.

13.10 TERMINATION FOR PHYSICIAN INSOLVENCY --- If Physician becomes insolvent, Physician shall immediately advise CalOptima, and CalOptima shall have the right to terminate the Contract upon the same terms and conditions as a "Termination for Cause", set forth in Section 13.1. In the event of the filing of a petition for bankruptcy by or against Physician or a principal Subcontractor, Physician shall assure that all Physician's functions and duties related to the Subcontract are performed in accordance with the terms of the Contract. CalOptima shall have the right to withhold any and all amounts otherwise due to Physician until Physician fully discharges its obligations under the Contract. CalOptima shall also have the immediate right of offset by permanently retaining

any and all withheld amounts as necessary to ensure that all Physician obligations have been met.

13.11 TERMINATION BY PHYSICIAN FOR CAUSE --- Provided that Physician is not in default hereunder, Physician may terminate this Contract for cause upon thirty (30) calendar days' prior written notice to CalOptima. Cause shall mean CalOptima's failure for a period of thirty (30) calendar days to pay the Capitation Payment due to Physician under this Contract. Termination shall be effective at the end of the thirty (30) calendar day notice period, unless CalOptima pays to Physician any such past due payments.

13.12 MODIFICATIONS OR TERMINATIONS TO COMPLY WITH LAW--- CalOptima reserves the right to modify or terminate the Contract at any time when modifications or terminations are (a) mandated by changes in Federal or State laws, (b) required by the State Contract, or (c) required by changes in any requirements and conditions with which CalOptima must comply pursuant to its Federally-approved Section 1915(b) waiver. CalOptima shall notify Physician in writing of such modification or termination immediately and in accordance with applicable Federal and/or State requirements and Physician shall comply with the new requirements within 30 days of the effective date, unless otherwise instructed by DHCS and to the extent possible.

13.13 PERFORMANCE MEASURE AND PAYMENTS TO PHYSICIAN --- CalOptima may establish key performance measures of Physician to set minimum contract performance thresholds and/or pay financial incentives to Health Networks and Physician groups. CalOptima may take the following actions, at it sole discretion, based upon the results of such performance measures: require corrective action plans, impose sanctions against Physician, terminate this Contract, and establish Capitation Rates and other payments to Physician.

13.14 PROHIBITION ON USE OF CERTAIN PROVIDERS --- Physician agrees as follows:

13.14.1 CalOptima reserves the right to require Physician, upon notification from CalOptima, to prohibit any Subcontractor and/or Provider from providing services, whether Covered Services or otherwise, to Members when CalOptima deems such prohibition to be in the best interests of the Members. Imposition of the foregoing prohibition shall not terminate this Contract.

13.14.2 CalOptima requires that Physician Participating Providers and/or Subcontractors who do not meet all of Minimum Standards as described in applicable CalOptima Policies, be prohibited from furnishing items or services and/or submitting claims and/or receiving reimbursement for items and/or services furnished to Members. CalOptima may also require that Physician terminate a Participating Provider's right to furnish items or services and/or submit claims and/or receive

reimbursement for items and/or services furnished to Members based on the denial of such Participating Provider's right to participate in CalOptima Direct whether based on a credentialing, recredentialing and/or peer review decision.

13.15 NOTICE OF NON-RENEWAL --- In order for CalOptima to facilitate Member transition to other Health Networks or Physician groups, Physician shall provide CalOptima with an advance notice of non-renewal of the Contract in accordance with Section 13.9 prior to the end date of the Contract term in the event Physician elects not to participate in any extension period or new contract term.

13.16 Not Applicable to this Contract.

13.17 EXTENSION, RENEWAL, OR MODIFICATION – Any extension, renewal, or modification of this Contract shall be made by written amendment signed by the parties, upon formal approval by CalOptima Board of Directors, and in accordance with Section 8.4 of this Contract.

ARTICLE 14
Miscellaneous

14.1 INTERPRETATION OF CONTRACT LANGUAGE --- CalOptima has the right to final interpretation of the Contract language when disputes arise. Physician has the right to appeal disputes concerning Contract language to CalOptima.

14.2 INDEPENDENT CAPACITY OF PHYSICIAN --- CalOptima and Physician agree that Physician and any agents or employees of Physician, in performance of this Contract, shall act in an independent capacity, and not as officers or employees of CalOptima.

14.3 NO WAIVER OF IMMUNITY OR PRIVILEGE --- Any information delivered, exchanged or otherwise provided hereunder shall be delivered, exchanged or otherwise provided in a manner, which does not constitute a waiver of immunity or privilege under applicable law.

14.4 OMISSIONS --- In the event that either party hereto discovers any material omission in the provisions of this Contract which such party believes is essential to the successful performance of this Contract, said party may so inform the other party in writing, and the parties hereto shall thereafter promptly negotiate in good faith with respect to such matters for the purpose of making such reasonable adjustments as may be necessary to perform the objectives of this Contract.

14.5 GOVERNING LAW AND VENUE--- This Contract shall be governed by and construed in accordance with all laws and applicable regulations governing the State Contract between CalOptima and DHCS. Physician shall be required to bring all legal proceedings against CalOptima in State courts located in Orange

County, California, unless mandated by law to be brought in federal court, in which case such legal proceeding shall be brought in the Central District Court of California.

14.6 WAIVER --- No delay or failure by either party hereto to exercise any right or power accruing upon non-compliance or default by the other party with respect to any of the terms of this Contract shall impair such right or power or be construed to be a waiver thereof. A waiver by either of the parties hereto of a breach of any of the covenants, conditions, or agreements to be performed by the other shall not be construed to be a waiver of any succeeding breach thereof or of any other covenant, condition, or agreement herein contained.

14.7 SEVERABILITY --- If any provision of this Contract is declared or found to be illegal, unenforceable, invalid or void, then both parties shall be relieved of all obligations arising under such provision; but if such provision does not relate to payments or services to Members and if the remainder of this Contract shall not be affected by such declaration or finding, then each provision not so affected shall be enforced to the fullest extent permitted by law.

14.8 FORCE MAJEURE --- Both parties shall be excused from performance hereunder for any period that they are prevented from meeting the terms of this Contract as a result of a catastrophic occurrence or natural disaster, including, but not limited to, an act of war and excluding labor disputes.

14.9 HEADINGS --- The article and section headings used herein are for reference and convenience only and shall not enter into the interpretation hereof.

14.10 ASSIGNMENT OR DELEGATION ---Physician agrees that the assignment or delegation of this Contract or Subcontract, either in whole or in part, will be void unless prior written approval is obtained from DHCS and CalOptima , as applicable, provided that approval may be withheld in their sole and absolute discretion. For purposes of this Section, and with respect to this Contract and any Subcontracts, as applicable, an assignment constitutes any of the following: (i) the change of more than twenty-five percent (25%) of the ownership or equity interest in Physician or Subcontractor (whether in a single transaction or in a series of transactions); (ii) the change of more than twenty-five percent (25%) of the directors or trustees of Physician or Subcontractor; (iii) the merger, reorganization, or consolidation of Physician or Subcontractor with another entity with respect to which Physician or Subcontractor is not the surviving entity; and/or (iv) a change in the management of Physician or Subcontractor from management by persons appointed, elected or otherwise selected by the governing body of Physician or Subcontractor (e.g., the Board of Directors) to a third-party management person, company, group, team or other entity.

14.11 NO LIABILITY OF COUNTY OF ORANGE --- As required under Ordinance No. 3896, as amended, of the County of Orange, State of California, CalOptima and the Physician hereby acknowledge and agree that the obligations of

CalOptima under this Contract are solely the obligations of CalOptima, and the County of Orange, State of California, shall have no obligation or liability therefore.

14.12 CONFIDENTIALITY OF RECORDS --- As a condition of access to any record utilized or maintained by DHCS, the Declaration of Confidentiality, a copy of which is incorporated into this Contract as Attachment D, shall be signed and filed with DHCS for every individual prior to that individual being allowed access to computer files or any other data or files which are made confidential by statute, including identification of individual Members.

14.13 DEBARMENT CERTIFICATION --- By signing this Contract, the Physician agrees to comply with applicable Federal suspension and debarment regulations including, but not limited to 7 CFR 3017, 45 CFR 76, 40 CFR 32, or 34 CFR 85.

14.13.1 By signing this Contract, the Physician certifies to the best of its knowledge and belief, that it and its principals:

14.13.1.1 Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;

14.13.1.2 Have not within a three-year period preceding this Contract have been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

14.13.1.3 Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in this Section herein; and

14.13.1.4 Have not within a three-year period preceding this Contract had one or more public transactions (Federal, State or local) terminated for cause or default.

14.13.1.5 Shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under Federal regulations (i.e., 48 CFR 9, subpart 9.4), debarred, suspended, declared ineligible, or voluntarily excluded from

participation in such transaction, unless authorized by the State.

14.13.1.6 Will include a clause entitled, "Debarment and Suspension Certification'' that essentially sets forth the provisions herein, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

14.13.2 If the Physician is unable to certify to any of the statements in this certification, the Physician shall submit an explanation to CalOptima.

14.13.3 The terms and definitions herein have the meanings set out in the Definitions and Coverage sections of the rules implementing Federal Executive Order 12549.

14.13.4 If the Physician knowingly violates this certification, in addition to other remedies available to the Federal Government, CalOptima may terminate this Contract for cause or default.

14.14 SMOKE FREE WORKPLACE --- Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by federal programs either directly or through state or local governments, by federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such federal funds. The law does not apply to children's services provided in private residences; portions of facilities used for inpatient drug or alcohol treatment; service providers whose sole source of applicable federal funds is Medicare or Medicaid; or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1,000 for each violation and/or the imposition of an administrative compliance order on the responsible party. By signing this Contract, Physician certifies that it will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act. The prohibitions herein are effective December 26, 1994. Physician further agrees that it will insert this certification into any subcontracts entered into that provide for children's services as described in the Act.

14.15 AIR OR WATER POLLUTION REQUIREMENTS--Any federally funded agreement and/or subcontract in excess of $100,000 must comply with the following provisions unless said agreement is exempt under 40 CFR 15.5. Physician agrees to comply with all applicable standards, orders, or requirements

issued under the Clean Air Act (42 USC 7401 et seq.), as amended, and the Federal Water Pollution Control Act (33 USC 1251 et seq.), as amended.

14.16 LOBBYING RESTRICTIONS AND DISCLOSURE CERTIFICATION—

14.16.1 (Applicable to federally funded contracts in excess of $100,000 per Section 1352 of the 31, U.S.C.)

14.16.2 Certification and Disclosure Requirements

14.16.2.1 Each person (or recipient) who requests or receives a contract, subcontract, grant, or subgrant, which is subject to Section 1352 of the 31, U.S.C., and which exceeds $100,000 at any tier, shall file a certification (in the form set forth in Attachment F, consisting of one page, entitled “Certification Regarding Lobbying”) that the recipient has not made, and will not make, any payment prohibited by Section 14.16.2.2.

14.16.2.2 Each recipient shall file a disclosure (in the form set forth in Attachment F, entitled "Standard Form-LLL Disclosure of Lobbying Activities") if such recipient has made or has agreed to make any payment using non-appropriated funds to include profits from any covered federal action in connection with a contract or grant or any extension or amendment of that contract or grant, which would be prohibited under Section 14.16 if paid for with appropriated funds.

14.16.2.3 Each recipient shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affect the accuracy of the information contained in any disclosure form previously filed by such person under this Section herein. An event that materially affects the accuracy of the information reported includes:

14.16.2.3.1 A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered federal action;

14.16.2.3.2 A change in the person(s) or individuals(s) influencing or attempting to influence a covered federal action; or

14.16.2.3.3 A change in the officer(s), employee(s), or member(s) contacted for the purpose of

influencing or attempting to influence a covered federal action.

14.16.2.4 Each person (or recipient) who requests or receives from a person referred to in this Section of this provision a contract, subcontract, grant or subgrant exceeding $100,000 at any tier under a contract or grant shall file a certification, and a disclosure form, if required, to the next tier above.

14.16.2.5 All disclosure forms (but not certifications) shall be forwarded from tier to tier until received by the person referred to in this Section of this provision. That person shall forward all disclosure forms to DHCS program contract manager.

14.16.3 Prohibition—Section 1352 of Title 31, U.S.C., provides in part that no appropriated funds may be expended by the recipient of a federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered federal actions: the awarding of any federal contract, the making of any federal grant, the making of any federal loan, entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

14.17 NOTICES --- All notices shall be in writing and shall be deemed to have been duly given on the date of service if personally served on the party to whom notice is given, or seventy-two (72) hours after mailing by United States mail first class, Certified Mail or Registered Mail, return-receipt-requested, postage-prepaid, addressed to the party to whom notice is to be given and such party's address as set forth below or such other address provided by notice.

Contract for Health Care Services

ATTACHMENT A- (EFFECTIVE 07/01/2019)
CalOptima Medi-Cal Division of Financial Responsibility

Note: The purpose of the Division of Financial Responsibility is to identify how CalOptima allocated to the Physician and Hospital components of the medical costs associated with the provision of Covered Services. That is, the capitation and Hospital Budget rates in this Contract are based upon the Physician and Hospital Budget being financially responsible for the provision of Covered Services as indicated in this Division of Financial Responsibility. The Division of Financial Responsibility should not be used in place of the CalOptima EOC/EOB for making coverage determinations.

ATTACHMENT E
Capitation Rates
Term: Effective _____

Hospital Budget Amount Allocation and Capitation Payment to Physician. Monthly, during the term of this Contract, CalOptima shall (i) allocate to the Shared Risk Pool an amount equal to the Hospital Budget Capitation Amount (PMPM) set forth below multiplied by the number of Members assigned to Physician for each such month ("Hospital Budget Capitation Allocation"), and (ii) except as otherwise provided in Attachment E-2, or elsewhere within the Contract, pay the Capitation Payment set forth below to Physician for the provision of Covered Services under this Contract. Risk pool operations and distributions shall be governed by Attachment E-2 to this Contract.

Aid Code Category	Age & Gender Category	**Base Physician**	**Hospital Risk Pool**

Overall average capitation for all Health Networks. Actual capitation paid is allocated based on the relative risk profiles of the Health Networks, in accordance with CalOptima Policy.

Supplemental OB Delivery Care Payment (Payment shall be administered per CalOptima policy guidelines)

- Payment rates shall be as follows:
  - Physician payment -------
  - Hospital payment --------

Whole Child Model Base Capitation Rates

The following base rates for Whole Child Model are subject to the application of risk adjustment and age/gender factors.

- Hospital $
- Physician $

For the Whole Child Model Program, in order to mitigate the variability in material cost differences between different periods and among different providers, Physician will be eligible for interim reimbursement for catastrophic cases and a retrospective risk corridor as determined by CalOptima.

Funding for PCC

In addition to those amounts described above, Physician shall receive Xdollars and X cents ($X) per Medi-Cal CCS or SPD Member per month, to fund the PCC program as authorized by the CalOptima Board of Directors. SPD Member is identified by Aid Code Categories Aged and Disabled, above, for all age groups. CCS member is identified by their CCS Eligible condition as determined by the local CCS Program. Physician shall only receive PCC funding for a Member with an SPD aid code category or a CCS-eligible condition as determined by the County, not both. Member's with a CCS Eligible Condition shall prevail over SPD members when determining payment.

Physician acknowledges and agrees that CalOptima may adjust and/or terminate the PCC payments in the event Physician fails to comply with the requirements as defined by the CalOptima Profile and Policy. Physician acknowledges and agrees that CalOptima, in its sole and absolute discretion, may also offset Physician's future PCC Payments in the event CalOptima determines that Physician has not complied with the Profile requirements.

ATTACHMENT E–1

Capitation Rates for Adult Expansion Members

Capitation rates for Adult Expansion Members may be different than those included herein as determined by DHCS. Should DHCS make a change in future capitation payments to CalOptima, CalOptima will adjust payments made to Physician.

In addition to prospective changes in capitation rates for Adult Expansion Members, DHCS will calculate the MLR for these Members. CalOptima is required to expend at least X percent of capitation payments received on Allowed Medical Expenses for Adult Expansion Members. Should CalOptima not meet the minimum X percent MLR, CalOptima will be required to return the difference between X percent of capitation payments and the allowed medical expenses to the State. CalOptima will require Physician to remit the portion of the difference attributed to Physician.

If CalOptima's MLR exceeds X percent of the total capitation payments for the Adult Expansion Members, DHCS shall make additional payment to CalOptima. The additional payment from DHCS to CalOptima will be the difference between the CalOptima's allowed medical expenses and 95 percent of the capitation payments received/ CalOptima will make additional payment as attributed to Physician.

(insert table)

Specialist Physician Reimbursement - For services rendered to Adult Expansion Members, Physician shall reimburse Specialist Physicians, in the aggregate, at least X% of the CalOptima Medi-Cal Fee Schedule. This minimum aggregate reimbursement rate is subject to adjustment by CalOptima in the event that the Capitation Rate in this Attachment is adjusted in accordance with this Contract.

Supplemental OB Delivery Care Payment (Payment shall be administered per CalOptima policy guidelines)

- Payment rates shall be as follows:
  - Physician payment -------
  - Hospital payment --------

Funding for PCC – Effective October 1, 2018

In addition to those amounts described above, Physician shall receive X dollars and X cents ($X) per Medi-Cal CCS or SPD Member per month, to fund the PCC program as authorized by the CalOptima Board of Directors. SPD Member is identified by Aid Code Categories Aged and Disabled, above, for all age groups and CCS member is identified by their CCS Eligible Condition as determined by the local CCS Program. Physician shall only receive PCC funding for a Member with an SPD aid code category or

a CCS-eligible condition as determined by the County, not both. Member's with a CCS Eligible Condition shall prevail over SPD members when determining payment.

Physician acknowledges and agrees that CalOptima may adjust and/or terminate the PCC payments in the event Physician fails to comply with the requirements as defined by the CalOptima Profile and Policy. Physician acknowledges and agrees that CalOptima, in its sole and absolute discretion, may also offset Physician's future PCC Payments in the event CalOptima determines that Physician has not complied with the Profile requirements.

ATTACHMENT E-2

Shared Risk Program

1. Shared Risk Pool. CalOptima and Physician are establishing the Shared Risk Pool as described in this Attachment, which shall be administered by CalOptima and separately accounted for on CalOptima's books. As provided in the previous contract, any Shared Risk Pool deficits remaining at the end of the reconciliation of the final year of the previous contract and any expenses from a previous Shared Risk Period received after the end of that pervious Shared Risk Pool reconciliation period shall be carried forward in the Shared Risk Pool under this Contract. Any deficits remaining at the end of the reconciliation of the final year of this Contract and any late-received expenses for that final year shall similarly be carried forward to any subsequent shared risk contract.

1.1 Shared Risk Services—Definition. Shared Risk Services means all Covered Services that are designated under the caption "Hospital Budget" set forth in Attachment A of this Contract. The amounts or rates that CalOptima will pay to Hospitals for the provision of Shared Risk Services to Members are set forth in the Hospital Services Contract entered into with the participating Hospitals ("Shared Risk Hospital Amount(s)"). Non-Hospital providers of services contained within the "Hospital Budget" shall be paid according to their individual contract rates. Payments made to Hospitals under CalOptima's Health Network carve-out programs, such as the "special tertiary rate" and "high-cost exclusions," shall not be included in Shared Risk Services.

1.2 Shared Risk Budget. In addition to the Hospital Budget Capitation Allocation to the Shared Risk Pool set forth in Section 1 of this Attachment, the Shared Risk Budget shall include the following amounts received by CalOptima or any Hospital in connection with any Shared Risk Services provided to Members: (a) monies recovered from coordination of benefits, and (b) any reinsurance coverage amounts collected or allocated. Shared Risk Costs shall be the actual amounts paid for Shared Risk Services less any recoveries, including, but not limited to, overpayments.

1.3 Shared Risk Expenses. Monthly, during the term of this Contract, the following expenses and charges ("Shared Risk Expenses") shall be deducted from the Shared Risk Budget: (a) the actual Shared Risk Hospital Amounts paid to Hospitals for Shared Risk Services provided to Members, (b) any reinsurance premiums paid by CalOptima that are allocable to the shared risk pool, (c) an estimated amount of IBNR expense (defined below) as reasonably determined by CalOptima (with the final IBNR expense determined in accordance with and as set forth in Section 1.5.1 below), and (d) administrative expenses at a rate of one dollar and sixty cents ($1.60) per Member per month. Any applicable copayments, deductibles or third-party payments collected by CalOptima or Hospitals for Shared Risk Services provided to Members shall be deducted from Shared Risk Expenses.

1.4 Shared Risk Pool – Quarterly Report and Semi-Annual Reconciliation and Adjustment.

1.4.1 Within forty-five (45) days following the end of each calendar quarter during each Shared Risk Period (defined below), CalOptima shall produce a written report showing all allocations, deposits, expenses and disbursements with respect

to the Shared Risk Pool during that quarter and the Shared Risk Period to date. Each quarterly Report shall include an estimate of the projected Budget Deficit or Budget Surplus (as such terms are defined in, and as determined consistent with, Section 1.5) determined by annualizing the aggregate amount of the Shared Risk Budget and the Shared Risk Expenses for all months to date in the applicable Shared Risk Period.

1.4.2 Within sixty (60) days of the end of the semi-annual distribution period, which shall be defined as July 1 through December 31 of each Shared Risk Period, CalOptima shall compute the status of the Shared Risk Pool for that semi-annual period as follows: Hospital Budget Allocations made in that semi-annual period minus claims paid for services rendered in that semi-annual period minus a full allocation for Incurred But Not Reported (IBNR) claims based on historical experience with the applicable CalOptima population for that semi-annual period. If the status thus computed shows a surplus, CalOptima shall pay to Physician, from the Hospital Budget Allocation, an amount equal to sixty percent (60%) of such surplus. Any surplus distributions are an advance against the projected final surplus. If the amount is a deficit, it shall be carried forward to the year-end reconciliation.

1.5 Shared Risk Pool -- Year-End Reconciliation and Settlement. The Shared Risk Pool shall be administered on a fiscal-year basis (July 1 through June 30) ("Shared Risk Period").

1.5.1 Within one hundred twenty (120) days following the close of each Shared Risk Period, CalOptima shall audit and reconcile, and produce a written report thereof, all allocations, deposits, expenses and disbursements with respect to the Shared Risk Pool. Risk Pool Expenses for any Shared Risk Period identified after the audit, reconciliation and settlement of the Shared Risk Pool for the applicable Shared Risk Period shall be rolled forward to the next succeeding Shared Risk Period. The reconciliation and settlement of the Shared Risk Pool shall take into account incurred but not reported ("IBNR") expenses, regardless of when paid, provided that only those expense items received within (90) days after the end of the current Shared Risk Period shall be included in the computation of the IBNR expense for such Shared Risk Period.

1.5.2 Deficit. If, for any Shared Risk Period, Shared Risk Expenses exceed the Shared Risk Budget (such excess referred to herein as the "Budget Deficit"), an amount equal to sixty percent (60%) of such Budget Deficit, plus the amount of any Semi-Annual distributions, shall be carried forward as a charge against any future distributions under section 1.5.3.

1.5.3 Surplus. If, for any Shared Risk Period, the Shared Risk Budget exceeds the Shared Risk Expenses (such excess referred to herein as the "Budget Surplus"), an amount equal to sixty percent (60%) of such Budget Surplus shall be paid to Physician by CalOptima only after any Semi-Annual distributions have been deducted from the sixty percent (60%) of the Budget Surplus allocable to Physician.

1.5.4 If Physician elects to move from existing contracted shared risk group model to another contract model, Physician's shared risk pool shall not be in deficit.

2. eports and Timely Settlement. CalOptima shall be responsible for maintenance of records and development of reports required for administration of the Shared Risk Pool.

   Physician shall have thirty (30) days following receipt to review annual reports produced by CalOptima under Section 1.5.1 above. Absent reasonable objections in such thirty (30) day period, such annual reports shall be considered final, and any and all payments of Budget Surplus shall be made within fifteen (15) days following the expiration of the 30 day review period.

3. Settlement in the Event of Termination**.** Notwithstanding anything in this Attachment or elsewhere in this Contract, if this Contract is terminated, in accordance with the provisions of Article 13 of this Contract, the Shared Risk Pool shall be settled within one hundred twenty (120) calendar days following the termination of this Contract in accordance with Section 1.5 of this Attachment.

4. Obligations of Physician. Within seventy-two (72) hours following notification of an admission of a Member to any Hospital, Physician shall provide CalOptima with a report in a form acceptable to CalOptima. If, in CalOptima's reasonable opinion, Physician consistently fails to provide such reports to CalOptima, Physician shall be deemed in breach of this Contract, and CalOptima may take all actions permitted under this Contract, including termination of this Contract for cause.

5. Prohibition on Other Agreements with Hospitals. During the term of this Contract, Physician shall not enter into any agreement with any Hospital with respect to the Members assigned to Physician without the prior written approval of CalOptima, and upon any violation of this provision by Physician, this Contract shall be subject to termination pursuant to Section 13.1. of the Contract.

6. IBNR Calculations. For purposes of this Contract, IBNR shall be calculated using Medi-Cal population lag studies to generate completion factors to apply against claims paid to date. If membership is significant enough or if there is a significant change in bed days, as determined by CalOptima, then alternative calculations may be used, separating the combined TANF aid categories from all others, and acute inpatient expenses from all other Hospital Budget expenses. Year-end IBNR will be calculated using claims paid data through ninety (90) days after the end of the Shared Risk Period. The year-end settlement report will note the "claims paid through" date, and subsequent claims paid for that Shared Risk Period will be recorded against the next Shared Risk Period.

7. Termination for Poor Performance. Budget Deficits in two successive Shared Risk Periods shall, at CalOptima's sole discretion, constitute cause for termination under Section 13.1.

ATTACHMENT E-3

DISTRIBUTION OF PROPOSITION 56 FUNDING

This Attachment E-3 provides the terms and conditions, in addition to any state and federal laws, regulations, or guidance, under which CalOptima and Physician shall administer the Proposition 56 Medi-Cal Physician Supplemental Payment Program.

The California Healthcare, Research and Prevention Tobacco Tax Act (Prop 56), allocates a specified portion of the tobacco tax revenue to fund health care expenditures. Medicaid agencies are required to make supplemental payments to physicians for certain procedures as set forth in amendments to the State Medicaid Plan.

CalOptima agrees to make certain Prop 56 increases to Physician which Physician agrees to pay to Eligible Contracted Providers who render Qualifying Services (both as defined in this Attachment E-3) effective July 1, 2017 and CalOptima agrees to pay Physician an administrative fee to administer such Prop 56 increase payments as provided in this Attachment E-3.

1. Definitions: The following terms shall have the following meanings for purposes of this Attachment E-3:

    a. "Eligible Contracted Provider" shall mean a Provider who is contracted with Physician to provide Medi-Cal services to CalOptima members. Federally Qualified Health Centers, Rural Health Clinics, American Indian Health Programs, and cost-based reimbursement clinics, however, do not qualify as Eligible Contracted Providers.

    a. "Qualifying Services" shall mean services described by the Proposition 56 Medi-Cal Physician Supplemental Payment Program, which may be revised to include additional CPT codes, rate adjustments, and extensions.

    b. Notwithstanding the above, services provided to Members who are dually eligible for Medi-Cal and Medicare Part B are not Qualifying Services.

2. Physician shall administer the Prop 56 increase in accordance with the Addendum for the applicable State fiscal year attached to this Attachment E-3, applicable state and federal requirements and CalOptima policies. Physician shall forward to Eligible Contracted Providers rendering Qualifying Services an additional payment for the Qualifying Services in accordance with the Attachments to this Attachment E-3 in addition to any payment paid by Physician to the Eligible Contracted Provider under their existing contractual arrangements.

3. CalOptima will forward Prop 56 increase payment funding for the initial payments required to be paid by Physician for Qualifying Services furnished by Eligible Contracted Providers for a State fiscal year based on fee-for-service and capitated claims and encounters submitted by Physician, in accordance with the reports required in Section 5, and accepted by CalOptima. For subsequent payments, once Provider payment is confirmed, based on the monthly reports required by CalOptima in order for it to fulfil state and federal obligations related to the Prop 56 Increase,

CalOptima will reimburse Physician for payments made during the prior reporting period. CalOptima will not make payments for clean or accepted encounters for Qualifying Services received by Physician more than one year after the date of service.

4. Physician shall not provide supplemental Prop 56 payments under this Attachment E-3 to any Provider who is not an Eligible Contracted Provider and all such payments shall be for Qualifying Services. Any Proposition 56 funds paid to an ineligible Provider or for non-qualifying services shall constitute an overpayment, which shall be recouped from such Provider by Physician.

5. On a monthly basis, Physician must report to CalOptima, within 15 days of the end of each calendar month, all supplemental Prop 56 payments made pursuant to this Attachment E-3, either directly by Physician or by Physician's delegated entities and subcontractors at Physician's direction. Reports shall include all supplemental Prop 56 payments made during the month. Physician must provide these reports in a format specified by CalOptima, which at a minimum shall include CPT code, service month, payor (i.e. Physician, or delegated entity or subcontractor), and rendering provider's National Provider Identifier. CalOptima may require additional data as deemed necessary.

6. CalOptima will pay Physician a X percent (X%) administrative fee (the "Administrative Fee") once CalOptima has confirmed that the required Prop 56 increase payments have been made by Physician to Eligible Contracted Providers based upon the reports required under Section 5 above. Once provider payment is confirmed, the remaining medical cost will be reconciled plus a X% administrative component based on confirmed Prop 56 increase payments and shall be remitted to the Physician.

7. CalOptima's obligation to pay Physician any Administrative Fees is contingent upon administrative component payments by DHCS to CalOptima for the Prop 56 increase. In no event shall CalOptima be obligated to pay Administrative Fees to Physician if CalOptima has not received funding for administration of the Prop 56 increase from DHCS.

8. Physician shall make payments to Eligible Contracted Providers for Qualifying Services in conjunction with the payment of the claim for the service. Payments for Qualifying Services may be made retrospectively or in conjunction with the claim payment as applicable. This includes claims payments made effective July 1, 2017 and after.

9. Physician acknowledges that DHCS has indicated that payments to Eligible Contracted Providers will be verified by DHCS. In the event that future DHCS reconciliation of the Prop 56 increase payments identifies invalid payments, Physician shall return such Prop 56 increase payments to CalOptima immediately upon notice from CalOptima.

10. Physician agrees to provide to CalOptima promptly, upon request, such data, information and reports as required by CalOptima in order for it to fulfill state and federal obligations related to the Prop 56 Increase.

11. Physician and its subcontractors agree to comply with all applicable Federal and State laws and regulations, contract requirements, CalOptima polices and DHCS guidance, including APLs, Policy Letters, and Plan Letters related to the Prop 56 increase.

12. To ensure proper implementation of the supplemental Prop 56 payments, Physician shall ensure that the requirements of this Attachment E-3 are included in the contracts with its subcontractors responsible for making payments to physicians directly providing services to Members.

13. Physician shall have a formal procedure to accept, acknowledge, and resolve provider grievances related to the processing or non-payment of a supplemental Prop 56 payments in accordance with contract requirements for other payments. In addition, Physician shall identify a designated point of contact for provider questions and technical assistance.

14. As long as the State of California extends the Prop 56 increase payments to CalOptima, CalOptima will continue to make Prop 56 increase payments to Physician, which may be subject to Board approval and the changes to the program, as necessary and appropriate to comply with the law and regulatory guidance.

ATTACHMENT E-3, ADDENDUM 1

SFY 2017 – 18 (dates of service between July 1, 2017 and June 30, 2018

Physician shall make the initial payment to Eligible Contracted Providers for dates of service July 1, 2017 through and including April 30, 2018 ("Initial Payment") as reflected on claims submitted to Physician prior to April 30, 2018, no later than July 29, 2018. Payment to Eligible Contracted Providers shall be made based on the codes and amounts in the table below. Subsequent payments to Contracted Eligible Providers shall be made by Physician in accordance with the terms of this Attachment E-3.

STATE OF CALIFORNIA
DEPARTMENT OF HEALTH CARE SERVICES

CERTIFICATION REGARDING LOBBYING

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making, awarding or entering into of this Federal contract, Federal grant, or cooperative agreement, and the extension, continuation, renewal, amendment, or modification of this Federal contract, grant, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency of the United States Government, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, “Disclosure of Lobbying Activities" in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontractors, subgrants, and contracts under grants and cooperative agreements) of $100,000 or more, and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S.C., any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime federal recipients at the initiation or receipt of a covered federal action, or a material change to a previous filing, pursuant to Title 31, U.S.C., Section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered federal action. Use the SF - LLL- A Continuation Sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

Identify the type of covered federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered federal action.

Identify the status of the covered federal action.

Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered federal action.

Enter the full name, address, city, state, and ZIP code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants, and contract awards under grants.

If the organization filing the report in Item 4 checks "Subawardee," then enter the full name, address, city, state, and ZIP code of the prime federal recipient. Include Congressional District, if known.

Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation United States Coast Guard.

Enter the federal program name or description for the covered federal action (Item 1). If known, enter the full Catalog of Federal Domestic Assistance (CDFA) number for grants, cooperative agreements, loans, and loan commitments.

Enter the most appropriate federal identifying number available for the federal action identified in Item 1 (e.g , Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract grant, or loan award number; the application/proposal control number assigned by the federal agency). Include prefixes, e.g., "RFP-DE-90401."

For a covered federal action where there has been an award or loan commitment by the federal agency, enter the federal amount of the award/loan commitment for the prime entity identified in Item 4 or 5.

10. (a) Enter the full name, address, city, state, and ZIP code of the lobbying entity engaged by the reporting entity identified in Item 4 to influence the covered federal action.

10. (b) Enter the full names of the Individual(s) performing services and include full address if different from 10.(a). Enter last name, first name, and middle initial (MI).

Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (Item 4) to the lobbying entity (Item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.

Check the appropriate box(es). Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.

Check the appropriate box(es). Check all boxes that apply. If other, specify nature.

Provide a specific and detailed description of the services that the lobbyist has performed, or will be expected to perform, and the date(s) of any services rendered. Include all preparatory and related activity, not just time spent in actual contact with federal officials, identify the federal official(s) or employee(s) contacted or the officer(s), employee(s), or Member(s) of Congress that were contacted.

Check whether or not a SF-LLL-A Continuation Sheet(s) is attached.

The certifying official shall sign and date the form, print his/her name, title, and telephone number.

AMENDMENT I TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT I TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of October 1, 2019 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____. ("Physician"), with respect to the following facts:

RECITALS

A. CalOptima and Physician have entered into a Contract for Health Care Services ("Contract"), by which Physician has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and Physician wish to enter into this amendment to restate the Division of Financial Responsibilities and Formulary Medical Supplies as well as provide information and requirements related to supplemental payments for certain home health agency services.

NOW, THEREFORE, the parties agree as follows:

1. Attachment A, "CalOptima Medi-Cal Division of Financial Responsibility" shall be deleted in its entirety and replaced with the attached Attachment A – Amendment I.

2. Attachment C, "Formulary Medical Supplies" shall be deleted in its entirety and replaced with the attached Attachment C – Amendment I.

3. Attachment E-4, "Supplemental Payment for Home Health Agency Services", shall be added to the Contract and is attached hereto.

CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and _____. have executed this Amendment:

Contract for Health Care Services
Amendment I

ATTACHMENT A
CalOptima Medi-Cal Division of Financial Responsibility

Note: The purpose of the Division of Financial Responsibility is to identify how CalOptima allocated to the Physician and Hospital components of the medical costs associated with the provision of Covered Services. That is, the capitation and Hospital Budget rates in this Contract are based upon the Physician and Hospital Budget being financially responsible for the provision of Covered Services as indicated in this Division of Financial Responsibility. The Division of Financial Responsibility should not be used in place of the CalOptima EOC/EOB for making coverage determinations.

Amendment I

Formulary Medical Supplies

The following medical supply items are provided through CalOptima's pharmacy network:

Respiratory Items

- Inhaler Assist Devices
- Nasal Aspirator
- Peak Flow Meters, Non-Electric

Contraceptive Items

- Condoms
- Diaphragms

Diabetic Supplies

- Blood Glucose Monitors (excludes Continuous Glucose Monitors which are covered as DME)
- Insulin Syringes
- Lancets
- Lancet Auto Injectors
- Blood Glucose Test Strips
- Urine Test Strips
- Alcohol Pads

ATTACHMENT E-4

SUPPLEMENTAL PAYMENT FOR HOME HEALTH AGENCY SERVICES

On September 17, 2018, DHCS received federal approval for State Plan Amendment 18-0037 to sunset the one percent (X%) payment reduction for home health agency services and to increase reimbursement rates in effect on June 30, 2018, for state plan home health agency services by fifty percent (X%) effective July 1, 2018. Certain procedure codes, that mainly apply to pediatric Medi-Cal members, provide increased Medi-Cal reimbursement rates for certain home health agency services effective July 1, 2018. These supplemental payments will only apply to the cost of services that are not considered part of California Children Services, also known as Whole Child Model covered services.

To obtain the supplemental payment, Physician will submit encounter data to CalOptima for procedures codes, Z5804/S9123, Z5805, Z5806/S9124, Z5807, Z5832/G0299, Z5833/T1002, Z5834/G0300, Z5835/T1003, Z5836/G0162, Z5838/G0156, Z5840/T1016 and Z5868/T1026 or equivalent HIPAA compliant codes evidencing the Physician's reimbursement of the home health agency services at the increased rates during the period of July 1, 2018, through June 30, 2019. CalOptima will review the encounters eligible for supplemental payment made July 1, 2018, through June 30, 2019 at two different points in time. The initial reconciliation will be for payments made and submitted to CalOptima by October 15th, 2019 at which point CalOptima will make payment by November 30th, 2019. The final reconciliation will be for payments made and submitted by April 15th, 2020 at which point CalOptima will make payment by May 31st, 2020. CalOptima shall validate that services are not CCS covered services prior to payment.

The supplemental payment shall not be applicable to dates of service after June 30, 2019, since the cost changes are incorporated in CalOptima's regular rebasing exercise which are inclusive of forward trend assumptions. Expenses for CCS Eligible Conditions shall be subject to Risk Corridor reconciliation per the Contract and in accordance with CalOptima Policy.

AMENDMENT II TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT II TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of January 1, 2020 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, **_____.** ("Physician"), with respect to the following facts:

RECITALS

A. CalOptima and Physician have entered into a Contract for Health Care Services ("Contract"), by which Physician has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and Physician desire to amend the Contract to specify requirements, responsibilities, and reimbursement rates related to CalOptima's Health Homes Program.

NOW, THEREFORE, the parties agree as follows:

1. The following definitions shall be added to the end of Article 1 "Definitions" of the Contract:

"1.102 Community-Based Care Management Entity (CB-CME) means Physician when providing Health Homes Program (HHP) services to HHP Members pursuant to this Contract.

1.103 Health Homes Program or "HHP" means all of the California Medicaid State Plan amendments and relevant waivers that DHCS seeks and CMS approves for provision of HHP services that provide supplemental services to HHP eligible and enrolled Members by coordinating and integrating the full range of physical health, behavioral health, and community-based long-term services and supports (LTSS) needed for chronic conditions.

1.104 HHP Member who is HHP enrolled, and continuously participating in the HHP and assigned to the Physician.

1.105 HHP Multi-Disciplinary Care Team means a team of staff employed or contracted by the Physician, as a CB-CME, that provides HHP services to HHP Members."

2. Section 6.22 shall be added as follows:

"6.22 HEALTH HOMES PROGRAM ---

6.22.1 Physician shall begin participating in CalOptima Health Homes Program, as follows: (i) Effective January 1, 2020, or such later date as determined by DHCS, for HHP Members with eligible chronic physical conditions and substance use disorders; and (ii) Effective July 1, 2020, or such later date as determined by DHCS, for HHP Members with eligible serious mental illness.

6.22.2 Physician shall be responsible for providing and coordinating HHP services as one of the designated Community-Based Care Management Entities (CB-CMEs). Physician, as a CB-CME, shall ensure its systems and infrastructure are in place to provide HHP services to HHP Members.

Physician, as a CB-CME, shall satisfy the CB-CME qualification standards as defined by DHCS and CalOptima Policy, and CB-CME certification requirements as described in DHCS HHP Program Guide.

6.22.3 Physician shall comply with all State and federal requirements related to HHP and HHP requirements determined by DHCS, including the All Plan Letter related to Health Homes Program requirements and the HHP Program Guide. Physician, as a CB-CME, shall implement CalOptima Health Homes Program in accordance with this Contract and CalOptima Policies. Physician shall ensure that Physician staff who will be delivering HHP services complete training required by CalOptima and DHCS prior to participating in the administrative of the HHP.

6.22.4 Physician, as a CB-CME, shall be responsible for coordinating care with HHP Members, Providers, and other agencies as appropriate. Physician shall provide the following six (6) core HHP service categories for HHP Members: (i) Comprehensive care management; (ii) Care coordination; (iii) Health promotion; (iv) Comprehensive transitional care; (v) Individual and family support services; and (vi) Referral to community and social supports.

6.22.5 Physician shall maintain an aggregate minimum care coordinator ratio as defined by DHCS. Physician shall ensure the establishment of HHP Multi-Disciplinary Care Teams to provide HHP services, as set forth in CalOptima Policy GG.1331.

6.22.6 Physician shall ensure availability of Providers with experience working with people who are chronically homeless, pursuant to Welfare & Institutions Code section 14127.31(d)(1)(B).

6.22.7 Physician shall establish, as necessary, contractual relationships with organizations to provide HHP services (including but not limited to office visit accompaniment, housing navigator, individual housing transition services, and individual housing and tenancy sustaining services), and contractual or non-contractual relationships to provide linkages to community and social support services. Regardless of the subcontracting arrangement, Physician shall retain overall responsibility for all CB-CME duties and responsibilities set forth in this Contract and CalOptima Policies.

6.22.8 Physician shall conduct outreach and engagement activities for HHP-eligible Members who are not enrolled in HHP. Members meeting HHP eligibility requirements must consent to HHP in order to participate. Consent to HHP participation may be oral or in writing and shall be documented by the Physician's Customer Service staff or HHP Multidisciplinary Care Team staff prior to the Member's participation in HHP. CalOptima and Physician will coordinate to ensure that Members who meet exclusionary criteria are excluded or disenrolled from the HHP pursuant to the HHP Program Guide and CalOptima Policy GG.1350.

6.22. 9 Physician, as a CB-CME, shall complete a health needs assessment (HNA) and develop a health action plan (HAP) for each HHP Member. Physician shall ensure case conferences are conducted by the HHP Multidisciplinary Care Team and the HHP Member's HNA and HAP are updated as necessary.

6.22.10 Physician may use HHP funding to make payments to HHP Members' network Providers who are not included formally on the Physician's HHP Multi-Disciplinary Care Team, but who are responsible for coordinating with the Physician's HHP care coordinator to conduct case conferences and to provide input to the health action plan (HAP).

6.22.11 In addition to other provisions of this Contract, Physician shall comply with CalOptima Policies GG.1331, GG.1350 and FF.4001 related to CB-CME duties and responsibilities, including engagement activities, the DHCS HHP Program Guide, and CB-CME requirements set forth in Welfare & Institutions Code, section 14127.3(d)(1).

6.22.12 Physician's Agent's Qualifications. Physician shall verify the qualifications of all agents (including Physician staff) providing services under this Contract consistent with the services to be provided under the Health Homes Program. In addition, for agents that enter into Members' homes or have face-to-face contact with Members, Physician shall also conduct background investigations, including, but not be limited to, County, State and Federal criminal history and abuse registry screening. Physician shall comply with all applicable laws in conducting background investigations and shall exclude unqualified agents from providing services under this Contract.

6.22.13 HHP Data Sharing. CalOptima and Physician agree to exchange available information and data as required by DHCS for the HHP, including but not limited to notification of hospital emergency department visits, inpatient admissions and discharges, and health history of HHP Members. CalOptima and Physician shall conduct such information and data sharing in compliance with all applicable Health Insurance Portability and Accountability Act (HIPAA) requirements, and other federal and California state laws and regulations, including applying the minimum necessary standard, when applicable. Further, Physician shall establish and maintain a data-sharing agreement with other Providers that is compliant with all federal and California state laws and regulations. If applicable laws and/or regulations require an HHP Member's valid authorization for release of health information and a legal exception does not apply, Physician may not release such information without the HHP Member's valid authorization.

6.22.14 HHP Data Reporting. Physician shall submit to CalOptima complete, accurate, reasonable and timely data reports in the manner and form acceptable to CalOptima in order for CalOptima to meet its data reporting requirements to DHCS for the HHP."

3. Attachment E-5, "Funding for Health Homes Program", shall be added to the Contract and is attached hereto.

CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and _____ have executed this Amendment:

Attachment E-5

Funding for Health Homes Program (HHP)

Effective January 1, 2020, CalOptima shall make a HHP Core Services Supplemental Capitation Payment to Physician for HHP services provided to an HHP-enrolled Member or a separate Engagement Activities Supplemental Capitation Payment for engagement activities for a Member eligible but not enrolled in HHP, in accordance with the terms and conditions of Policy FF.4001.

1. HHP Core Services Supplemental Capitation Payment

    1.1 The HHP Core Services Supplemental Capitation Payment below will be issued by CalOptima if all of the following conditions are met:

    - Member is identified as an HHP-eligible Member as determined by CalOptima based on HHP eligibility criteria as defined by DHCS and in accordance with CalOptima Policy GG.1350;
    - Member is enrolled in the HHP;
    - Member receives either one of the six (6) HHP core services (as set forth in Section 6.22.4 of the Contract) in a calendar month in which the supplemental payment is requested by the Physician, or the Member has received an HHP core service within one (1) of the prior two (2) calendar months in which the supplemental service month payment is requested by the Physician;
    - The HHP core services are billed and reported to CalOptima consistent with the most recent HHP Program Guide or specific regulatory guidance as directed by DHCS;
    - If applicable, the Physician paid the provider for the HHP core services; and
    - The Physician authorized such HHP core services.

    $ PMPM (January – June 2020)
    $ PMPM (July – December 2020)

2. Engagement Activities Supplemental Capitation Payment

    2.1 Subject to Section 2.2 of this Attachment E-5, the Engagement Activities Supplemental Capitation Payment below will be issued by CalOptima if all of the following conditions are met:

    - Member is identified as an HHP-eligible Member as determined by CalOptima, based on HHP eligibility criteria as defined by DHCS but not enrolled in HHP
    - The Physician conducted engagement activities to contact an HHP-eligible Member on CalOptima's Finalized Engagement List (FEL) for enrollment in HHP
    - Engagement activities are billed and reported to CalOptima in the manner and form acceptable to CalOptima, including but not limited to identifying the non-enrollment status of the HHP-eligible Member; and
    - If applicable, the Physician authorized and paid the provider for such engagement

    $ PMPM (January – June 2020)
    $ PMPM (July – December 2020)

2.2 CalOptima shall limit the provision of Engagement Activities Supplemental Capitation Payment to a maximum of three (3) calendar months of billing per one (1) individual HHP-eligible Member who is not enrolled in HHP.

3. Physician shall submit HHP billing data for HHP Core Services Supplemental Capitation Payment and/or engagement activities billing data for Engagement Activities Supplemental Capitation Payment, as applicable, by the fifteenth (15^{th}) calendar day after the month ends, in accordance with CalOptima Policy FF.4001.

4. Upon validation of the HHP billing data or engagement activities billing data, as applicable, CalOptima shall issue either the HHP Core Services Supplemental Capitation Payment or the Engagement Activities Supplemental Capitation Payment, as applicable, within thirty (30) business days from the date of the HHP billing data or engagement activities billing data submission, in accordance with CalOptima Policy FF.4001.

5. In addition to Section 9.4 of this Contract, Physician agrees to CalOptima's recovery of any overpayment of supplemental payment for HHP core services or engagement activities in accordance with CalOptima Policy FF.4001.

AMENDMENT III TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT III TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of January 1, 2020 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____. ("Physician"), with respect to the following facts:

RECITALS

A. CalOptima and Physician have entered into a Contract for Health Care Services ("Contract"), by which Physician has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and Physician desire to amend the Contract for the allocation and distribution of Intergovernmental Transfer (IGT) 6 and 7 Funds for Whole-Child Model (WCM) Startup Expenses incurred by Physician. IGTs are transfers of public funds between eligible governmental entities, which qualify for matching federal funds for the Medi-Cal program. IGT 1–7 funds are designated for enhanced/additional benefits for Medi-Cal beneficiaries.

NOW, THEREFORE, the parties agree as follows:

1. Attachment E-6, "Whole-Child Model (WCM) Start-up Expenses Reimbursement", shall be added to the Contract and is attached hereto.

2. CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and _____. have executed this Amendment:

Attachment E-6

Whole-Child Model (WCM) Program Start-up Expense Reimbursement

This attachment sets forth the program of additional compensation for Whole Child Model (WCM) start-up expenses, as authorized by the CalOptima Board of Directors at its December 5, 2019, meeting.

A. Reimbursement Available. There are two parts of the expense related reimbursement payments available to Physician.

1. Flat Rate: Physician shall receive a one-time payment amount of $X; AND,

2. Variable Rate: If expenses for the implementation, as described in this Attachment, exceed the $X flat rate, an additional amount of up to $X per member per month, shall be reimbursed to Physician. This maximum funding amount has been calculated based on the average number of CCS Members assigned to Physician from July through September 2019.

B. Reimbursable Expenses. Reimbursement under the variable rate reimbursement category is limited to those expenses that were incurred prior to July 1, 2019. There are three broad categories of reimbursable expenses for the variable rate reimbursements, as follows:

1. Personnel Expenses—These expenses relate to the reassignment, recruitment and training of administrative personnel for implementation of the WCM, including both the cost of diverting existing staff (such as reassigning claims payment staff to prepare WCM-specific claims processing policies, procedures, and routines), the cost of recruiting new staff to carry out WCM-specific tasks (such as utilization management, case management, and claims processing for WCM services), and the cost of training (such as bringing in outside trainers, preparing training materials, and overseeing on-line training activities for staff on WCM-specific matters).

2. Systems and Infrastructure—These expenses include those expenses involved in establishing a DHCS-compliant WCM provider network, such as contracting and credentialing additional CCS-approved physicians and facilities; necessary modifications to electronic data systems; additional office equipment for new WCM-specific staff; acquisition of new software or new modules for existing software made necessary by operation of the WCM; and development of program reporting capabilities to meet the requirements of the CalOptima WCM program.

3. Other Expenses—This category includes other expenses incurred in preparation for the implementation of the WCM, such as member notifications, educational materials for members, providers, and/or Physician administrative staff, and other items that are dedicated to WCM implementation that are not covered by reimbursable expense categories 1. and 2.

C. Reimbursement

1. The flat fee reimbursement shall be paid by CalOptima on or before March 1, 2020.

2. The variable rate reimbursement shall be paid by CalOptima within thirty (30) days of confirmation that the following have been submitted, are consistent between the attestation and invoice (see below), are consistent with the costs that are reimbursable, and are accepted as complete:

2.1. An attestation, in the format designated by CalOptima, indicating the general nature and amount of expenditures incurred prior to July 1, 2019, for each of the three broad reimbursable expense categories, signed by an authorized signer for Physician.

2.2. A detailed invoice specifically describing the costs incurred, prior to July 1, 2019, in preparation for implementation of the WCM, as follows:

2.2.1 Personnel Costs—For Physician personnel costs in each category identify the job title, hours, and total compensation incurred, and how the expenses relate to preparation for implementation of the WCM.

2.2.2. Contractual Services—For services obtained from other than Physician personnel, indicate each contracted party, a general identification of the services provided, and the costs incurred, and how the expenses relate to preparation for implementation of the WCM.

2.2.3 Goods/Materials—For goods and materials, indicate the type of goods procured, from whom the goods were acquired, for what purpose the goods were used, and the cost of each type of goods obtained, and how the expenses relate to preparation for implementation of the WCM.

D. Audit.

1. CalOptima is not requiring that supporting documentation, such as contracts and invoices from providers of goods and services, or employment records for personnel undertaking preparations for implementation of the WCM, be provided with the attestation and invoices. However, Physician shall maintain such records in a reasonably accessible manner for inspection by CalOptima or its designated auditor.

2. CalOptima, or its designated auditor, shall audit Physician's records during the annual financial audit to verify that the expenses were incurred as reported in the invoicing and attestation. Reimbursement of both flat and variable rate start-up expenses are subject to recoupment if substantiating documentation is not made available. Substantiating documentation may include, but not be limited to, salary and payroll information as described in Section 1.1.2; general ledger entries identifying the start-up expenses; contracts and invoices from third party providers of goods and services, and copies of cancelled checks to support payment of expenses.

3. Any variable rate reimbursement amounts that are found to not have been incurred, or not to be supported by sufficient documentation, shall be disallowed retroactively. Such disallowed amounts will constitute an overpayment and will be returned to CalOptima or recovered through offset, as provided elsewhere in this Contract.

E. Disputes. In the event that CalOptima disallows any expense incurred and properly attested and invoiced, Physician shall have the right to pursue those remedies identified in this Contract and CalOptima Provider Dispute and Appeals policies.

AMENDMENT IV TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT IV TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of April 1, 2020 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____ ("Physician"), with respect to the following facts:

RECITALS

A. CalOptima and Physician have entered into a Contract for Health Care Services ("Contract"), by which Physician has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and Physician desire to amend the Contract to identify the Medi-Cal capitation base rate enhancement approved by the CalOptima Board of Directors for immediate aid due to the coronavirus known as COVID-19.

NOW, THEREFORE, the parties agree as follows:

1. Attachment E-7, "MEDI-CAL RATE ENHANCEMENT" shall be added to the Contract and is attached hereto.

2. CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and _____ have executed this Amendment:

ATTACHMENT E-7

MEDI-CAL RATE ENHANCEMENT

On January 31, 2020, the Secretary of Health and Human Services declared a public health emergency under section 319 of the Public health Service ACT (42 U.S.C. 247d) in response to a novel coronavirus known as SARS-CoV-2 (COVID-19). Pursuant to the action taken by CalOptima Board of Directors on April 2, 2020, in anticipation of a fluctuation in utilization by Medi-Cal members and the need for flexible services due to COVID-19, CalOptima amends the current Medi-Cal capitation base rate levels set forth in Attachment E to increase them by [redacted] for the period commencing April, 1 2020 and continuing through, and including, June 30, 2020.

AMENDMENT V TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT V TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of July 1, 2020, by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____ ("Physician"), with respect to the following facts:

RECITALS

A. CalOptima and Physician have entered into a Contract for Health Care Services ("Contract"), by which Physician has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and Physician desire to amend the Contract to extend the term of the Contract, administer directed payments per CalOptima policy and procedure, revise the capitation rates and the shared risk program.

NOW, THEREFORE, the parties agree as follows:

1. Section 2.7.18. of the Contract, and any references thereto, shall be renumbered as Section 2.7.19, and new Section 2.7.18 shall be added to the Contract as follows:

   "2.7.18 DIRECTED PAYMENTS FOR QUALIFYING COVERED SERVICES --- Effective July 1, 2020, CalOptima and Physician shall administer directed payments that are relevant to this Contract in accordance with CalOptima Policy FF.2011, Directed Payments, including, without limitations, directed payments, such as those described in Attachment E-3, by Physician to eligible providers rendering qualifying Covered Services, reporting requirements related to directed payments, and reimbursement of directed payments by CalOptima to Physician."

2. Article 15, Section 15.1 shall be deleted in its entirety and replaced with the following:

   "15.1 SUBJECT TO (I) THE STATE OF CALIFORNIA AND THE UNITED STATES PROVIDING FUNDS FOR THE TERM OF THIS CONTRACT AND FOR THE PURPOSES FOR WHICH IT IS ENTERED INTO; (II) THE APPROVAL OF THIS CONTRACT BY CALOPTIMA AND THE STATE, THE TERM OF THIS CONTRACT SHALL BE JUNE 30, 2019 THROUGH JUNE 30, 2021."

3. ATTACHMENT E shall be deleted and replaced with the attached ATTACHMENT E - AMENDMENT V "Capitation Rates".

4. ATTACHMENT E-1 shall be deleted and replaced with the attached ATTACHMENT E-1 - AMENDMENT V "Capitation Rates for Adult Expansion Members".

5. ATTACHMENT E-2 shall be deleted and replaced with the attached ATTACHMENT E-2 - AMENDMENT V "Shared Risk Program".

6. ATTACHMENT E-3 “Distribution of Proposition 56 Funding” and Addendums to this Attachment shall be deleted and replaced with the attached ATTACHMENT E-3 – AMENDMENT V, “Distribution of Proposition 56 Funding”.

7. CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

Capitation Rates

Effective July 1, 2020

Payments by CalOptima to Health Network for Covered Services rendered to Members in accordance with the Contract for Health Care Services shall be on a Per Member/Per Month (PMPM) basis, and shall be provided herein in the following, except for carved out services and items as provided for in CalOptima Policies.

Aid Code Category	Age & Gender Category	Base Hospital	Base Physician	Total Cap Rate
Child / Adult	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			
SPD	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			
ESRD	Child / Adult			
	SPD			
	Expansion			
AIDS	Child / Adult			
	SPD			
	Expansion			

Overall average capitation for all Health Networks. Actual capitation paid is allocated based on the relative risk profiles of the Health Networks, in accordance with CalOptima policy.

Whole Child Model Base Capitation Rates

Aid Code Category	Age & Gender Category	Base Hospital	Base Physician	Total Cap Rate
Whole Child Model	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			

The base rates for Whole Child Model are subject to change and the application of risk adjustment and age/gender factors.

Interim Reimbursement for Catastrophic Cases. CalOptima shall provide supplemental payments on a quarterly basis to cover costs that exceed the designated thresholds for catastrophic claims, in accordance with CalOptima Policy.

Retrospective Risk Corridor. CalOptima shall, on an annual basis, apply risk corridors to the previous year's CCS-Member-related capitation payments, based on medical costs, and adjust those previous year's capitation payments accordingly, in accordance with CalOptima Policy.

Supplemental OB Delivery Care Payment

Supplemental OB Delivery Care Payment (Payment shall be administered per CalOptima policy guidelines).

	Hospital	Physician	Total Capitation
Supplemental OB Delivery Care Payment			

Funding for PCC

In addition to those amounts described above, Physician shall receive X dollars and X cents ($X) per WCM or SPD Member per month, to fund the PCC program as authorized by the CalOptima Board of Directors. SPD Member is identified by their Aid Code Category, for all age groups. WCM member is identified by their WCM Eligible condition as determined by the local WCM Program. Physician shall only receive PCC funding for a Member with an SPD aid code category or a WCM-eligible condition as determined by the County, not both. Members with a WCM Eligible Condition shall prevail over SPD members when determining payment.

Physician acknowledges and agrees that CalOptima may adjust and/or terminate the PCC payments in the event Physician fails to comply with the requirements as defined by the CalOptima Profile and Policy. Physician acknowledges and agrees that CalOptima, in its sole and absolute discretion, may also offset

Physician’s future PCC Payments in the event CalOptima determines that Physician has not complied with the Profile requirements.

ATTACHMENT E-1 – AMENDMENT V

Capitation Rates for Adult Expansion Members

Effective July 1, 2020

Capitation rates for Adult Expansion Members may be different than those included herein as determined by DHCS. Should DHCS make a change in future capitation payments to CalOptima, CalOptima will adjust payments made to Physician.

In addition to prospective changes in capitation rates for Adult Expansion Members, DHCS will calculate the MLR for these Members. CalOptima is required to expend at least 85 percent of capitation payments received on Allowed Medical Expenses for Adult Expansion Members. Should CalOptima not meet the minimum 85 percent MLR, CalOptima will be required to return the difference between 85 percent of capitation payments and the allowed medical expenses to the State. CalOptima will require Physician to remit the portion of the difference attributed to Physician.

If CalOptima's MLR exceeds 95 percent of the total capitation payments for the Adult Expansion Members, DHCS shall make additional payment to CalOptima. The additional payment from DHCS to CalOptima will be the difference between the CalOptima's allowed medical expenses and 95 percent of the capitation payments received/ CalOptima will make additional payment as attributed to Physician.

Aid Code Category	Age & Gender Category	Base Hospital	Base Physician	Total Cap Rate
Expansion	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			

For services rendered to Adult Expansion Members, Physician shall reimburse Specialist Physicians, in the aggregate, at least X% of the CalOptima Medi-Cal Fee Schedule. This minimum aggregate reimbursement rate is subject to adjustment by CalOptima in the event that the Capitation Rate in this Attachment is adjusted in accordance with this Contract.

Supplemental OB Delivery Care Payment

Supplemental OB Delivery Care Payment (Payment shall be administered per CalOptima policy guidelines).

	Hospital	Physician	Total Capitation
Supplemental OB Delivery Care Payment			

Funding for PCC

In addition to those amounts described above, Physician shall receive eight dollars and ninety-four cents ($X) per WCM or SPD Member per month, to fund the PCC program as authorized by the CalOptima Board of Directors. SPD Member is identified by their Aid Code Category, for all age groups. WCM member is identified by their WCM Eligible Condition as determined by the local WCM Program. Physician shall only receive PCC funding for a Member with an SPD aid code category or a WCM-eligible condition as determined by the County, not both. Member's with a WCM Eligible Condition shall prevail over SPD members when determining payment.

Physician acknowledges and agrees that CalOptima may adjust and/or terminate the PCC payments in the event Physician fails to comply with the requirements as defined by the CalOptima Profile and Policy. Physician acknowledges and agrees that CalOptima, in its sole and absolute discretion, may also offset Physician's future PCC Payments in the event CalOptima determines that Physician has not complied with the Profile requirements.

ATTACHMENT E-2 – AMENDMENT V

Shared Risk Program

1. Shared Risk Pool. CalOptima and Physician are establishing the Shared Risk Pool as described in CalOptima Policy FF.1010, Shared Risk Pool, which shall be administered by CalOptima and separately accounted for on CalOptima's books. As provided in the previous contract, any Shared Risk Pool deficits remaining at the end of the reconciliation of the final year of the previous contract and any expenses from a previous Shared Risk Period received after the end of that previous Shared Risk Pool reconciliation period shall be carried forward in the Shared Risk Pool under this Contract. Any deficits remaining at the end of the reconciliation of the final year of this Contract and any late-received expenses for that final year shall similarly be carried forward to any subsequent shared risk contract.

   1.1 Shared Risk Services—Definition. Shared Risk Services means all Covered Services that are designated under the caption "Hospital Budget" set forth in Attachment A of this Contract. The amounts or rates that CalOptima will pay to Hospitals for the provision of Shared Risk Services to Members are set forth in the Hospital Services Contract entered into with the participating Hospitals ("Shared Risk Hospital Amount(s)"). Non-Hospital providers of services contained within the "Hospital Budget" shall be paid according to their individual contract rates. Payments made to Hospitals under CalOptima's Health Network carve-out programs, such as "high-cost exclusions", shall not be included in Shared Risk Services.

   1.2 Shared Risk Budget. In addition to the Hospital Budget Capitation Allocation to the Shared Risk Pool set forth in Section 1 of this Attachment, the Shared Risk Budget shall include the following amounts received by CalOptima or any Hospital in connection with any Shared Risk Services provided to Members: (a) supplemental obstetrics (OB) delivery care payments as set forth in CalOptima Policy FF.1005f, Special Payments: Supplemental OB Delivery Care Payment, and (b) per CalOptima Policy FF.1007, Health Network Reinsurance Coverage, any reinsurance coverage amounts collected or allocated. Shared Risk Costs shall be the actual amounts paid for Shared Risk Services less any recoveries, including, but not limited to, overpayments. The Shared Risk Budget shall not include any amounts for Members eligible for the WCM Program.

   1.3 Shared Risk Expenses. Monthly, during the term of this Contract, the following expenses and charges ("Shared Risk Expenses") shall be deducted from the Shared Risk Budget: (a) the actual Shared Risk Hospital Amounts paid to Hospitals for Shared Risk Services provided to Members, (b) an estimated amount of IBNR expense (defined below) as reasonably determined by CalOptima (with the final IBNR expense determined in accordance with and as set forth in Section 1.5.1 below), and (c) administrative expenses at a rate of X dollar and X cents ($X) per Member per month. Any applicable copayments, deductibles or third-party payments collected by CalOptima or Hospitals for Shared Risk Services provided to Members shall be deducted from Shared Risk Expenses. The Shared Risk Expenses shall not include any amounts paid for Members eligible for the WCM Program.

   1.4 Shared Risk Pool – Quarterly Report and Semi-Annual Reconciliation and Adjustment.

1.4.1 Within forty-five (45) days following the end of each calendar quarter during each Shared Risk Period (defined below), CalOptima shall produce a written report showing all allocations, deposits, expenses and disbursements with respect to the Shared Risk Pool during that quarter and the Shared Risk Period to date. Each quarterly Report shall include an estimate of the projected Budget Deficit or Budget Surplus (as such terms are defined in, and as determined consistent with, Section 1.5) determined by annualizing the aggregate amount of the Shared Risk Budget and the Shared Risk Expenses for all months to date in the applicable Shared Risk Period.

1.4.2 Within sixty (60) days of the end of the semi-annual distribution period, which shall be defined as July 1 through December 31 of each Shared Risk Period, CalOptima shall compute the status of the Shared Risk Pool for that semi-annual period as follows: Hospital Budget Allocations made in that semi-annual period minus claims paid for services rendered in that semi-annual period minus a full allocation for Incurred But Not Reported (IBNR) claims based on historical experience with the applicable CalOptima population for that semi-annual period. If the status thus computed shows a surplus, CalOptima shall pay to Physician, from the Hospital Budget Allocation, an amount equal to X percent (X%) of such surplus. Any surplus distributions are an advance against the projected final surplus. If the amount is a deficit, it shall be carried forward to the year-end reconciliation.

1.5 Shared Risk Pool -- Year-End Reconciliation and Settlement. The Shared Risk Pool shall be administered on a fiscal-year basis (July 1 through June 30) ("Shared Risk Period").

1.5.1 Within one hundred twenty (120) days following the close of each Shared Risk Period, CalOptima shall audit and reconcile, and produce a written report thereof, all allocations, deposits, expenses and disbursements with respect to the Shared Risk Pool. Risk Pool Expenses for any Shared Risk Period identified after the audit, reconciliation and settlement of the Shared Risk Pool for the applicable Shared Risk Period shall be rolled forward to the next succeeding Shared Risk Period. The reconciliation and settlement of the Shared Risk Pool shall take into account incurred but not reported ("IBNR") expenses, regardless of when paid, provided that only those expense items received within (90) days after the end of the current Shared Risk Period shall be included in the computation of the IBNR expense for such Shared Risk Period.

1.5.2 Deficit. If, for any Shared Risk Period, Shared Risk Expenses exceed the Shared Risk Budget (such excess referred to herein as the "Budget Deficit"), an amount equal to X percent (X%) of such Budget Deficit, plus the amount of any Semi-Annual distributions, shall be carried forward as a charge against any future distributions under Section 1.5.3.

1.5.3 Surplus. If, for any Shared Risk Period, the Shared Risk Budget exceeds the Shared Risk Expenses (such excess referred to herein as the "Budget Surplus"), an amount equal to X percent (X%) of such Budget Surplus shall be paid to Physician by

CalOptima only after any Semi-Annual distributions have been deducted from the X percent (X%) of the Budget Surplus allocable to Physician.

1.5.4 If Physician elects to move from existing contracted shared risk group model to another contract model, Physician's shared risk pool shall not be in deficit.

2. Reports and Timely Settlement. CalOptima shall be responsible for maintenance of records and development of reports required for administration of the Shared Risk Pool.

Physician shall have thirty (30) days following receipt to review annual reports produced by CalOptima under Section 1.5.1 above. Absent reasonable objections in such thirty (30) day period, such annual reports shall be considered final, and any and all payments of Budget Surplus shall be made within fifteen (15) days following the expiration of the 30 day review period.

3. Settlement in the Event of Termination**.** Notwithstanding anything in this Attachment or elsewhere in this Contract, if this Contract is terminated, in accordance with the provisions of Article 13 of this Contract, the Shared Risk Pool shall be settled within one hundred twenty (120) calendar days following the termination of this Contract in accordance with Section 1.5 of this Attachment.

4. Obligations of Physician. Within seventy-two (72) hours following notification of an admission of a Member to any Hospital, Physician shall provide CalOptima with a report in a form acceptable to CalOptima. If, in CalOptima's reasonable opinion, Physician consistently fails to provide such reports to CalOptima, Physician shall be deemed in breach of this Contract, and CalOptima may take all actions permitted under this Contract, including termination of this Contract for cause.

5. Prohibition on Other Agreements with Hospitals. During the term of this Contract, Physician shall not enter into any agreement with any Hospital with respect to the Members assigned to Physician without the prior written approval of CalOptima, and upon any violation of this provision by Physician, this Contract shall be subject to termination pursuant to Section 13.1. of the Contract.

6. IBNR Calculations. For purposes of this Contract, IBNR shall be calculated using Medi-Cal population lag studies to generate completion factors to apply against claims paid to date. If membership is significant enough or if there is a significant change in bed days, as determined by CalOptima, then alternative calculations may be used. Year-end IBNR will be calculated using claims paid data through ninety (90) days after the end of the Shared Risk Period. The year-end settlement report will note the "claims paid through" date, and subsequent claims paid for that Shared Risk Period will be recorded against the next Shared Risk Period.

7. Termination for Poor Performance. Budget Deficits in two successive Shared Risk Periods shall, at CalOptima's sole discretion, constitute cause for termination under Section 13.1.

ATTACHMENT E-3 -AMENDMENT V

DISTRIBUTION OF PROPOSITION 56 FUNDING

This Attachment E-3 provides the terms and conditions, in addition to any state and federal laws, regulations, or guidance, under which CalOptima and Physician shall administer the Proposition 56 Medi-Cal Physician Supplemental Payment Program.

The California Healthcare, Research and Prevention Tobacco Tax Act (Prop 56), allocates a specified portion of the tobacco tax revenue to fund health care expenditures. Medicaid agencies are required to make supplemental payments to physicians for certain procedures as set forth in amendments to the State Medicaid Plan.

CalOptima agrees to make certain Prop 56 increases to Physician which Physician agrees to pay to Eligible Contracted Providers who render Qualifying Services (both as defined in this Attachment E-3) effective July 1, 2017 and CalOptima agrees to pay Physician an administrative fee to administer such Prop 56 increase payments as provided in this Attachment E-3.

1. Definitions: The following terms shall have the following meanings for purposes of this Attachment E-3:

    a. "Eligible Contracted Provider" shall mean a Provider who is contracted with Physician to provide Medi-Cal services to CalOptima members. Federally Qualified Health Centers, Rural Health Clinics, American Indian Health Programs, and cost-based reimbursement clinics, however, do not qualify as Eligible Contracted Providers.

    b. "Qualifying Services" shall mean services described by the Proposition 56 Medi-Cal Physician Supplemental Payment Program, which may be revised to include additional CPT codes, rate adjustments, and extensions.

    c. Notwithstanding the above, services provided to Members who are dually eligible for Medi-Cal and Medicare Part B are not Qualifying Services.

2. Physician shall administer the Prop 56 increase in accordance with the Addendum for the applicable State fiscal year attached to this Attachment E-3, applicable state and federal requirements and CalOptima policies. Physician shall forward to Eligible Contracted Providers rendering Qualifying Services an additional payment for the Qualifying Services in accordance with the Attachments to this Attachment E-3 in addition to any payment paid by Physician to the Eligible Contracted Provider under their existing contractual arrangements.

3. CalOptima will forward Prop 56 increase payment funding for the initial payments required to be paid by Physician for Qualifying Services furnished by Eligible Contracted Providers for a State fiscal year based on fee-for-service and capitated claims and encounters submitted by Physician, in accordance with the reports required in Section 5, and accepted by CalOptima. For subsequent payments, once Provider payment is confirmed, based on the monthly reports required by

CalOptima in order for it to fulfill state and federal obligations related to the Prop 56 Increase, CalOptima will reimburse Physician for payments made during the prior reporting period. CalOptima will not make payments for clean or accepted encounters for Qualifying Services received by Physician more than one year after the date of service.

4. Physician shall not provide supplemental Prop 56 payments under this Attachment E-3 to any Provider who is not an Eligible Contracted Provider and all such payments shall be for Qualifying Services. Any Proposition 56 funds paid to an ineligible Provider or for non-qualifying services shall constitute an overpayment, which shall be recouped from such Provider by Physician.

5. On a monthly basis, Physician must report to CalOptima, within 15 days of the end of each calendar month, all supplemental Prop 56 payments made pursuant to this Attachment E-3, either directly by Physician or by Physician's delegated entities and subcontractors at Physician's direction. Reports shall include all supplemental Prop 56 payments made during the month. Physician must provide these reports in a format specified by CalOptima, which at a minimum shall include CPT code, service month, payor (i.e. Physician, or delegated entity or subcontractor), and rendering provider's National Provider Identifier. CalOptima may require additional data as deemed necessary.

6. CalOptima will pay Physician a X percent (X%) administrative fee (the "Administrative Fee") once CalOptima has confirmed that the required Prop 56 increase payments have been made by Physician to Eligible Contracted Providers based upon the reports required under Section 5 above. Once provider payment is confirmed, the remaining medical cost will be reconciled plus a 2% administrative component based on confirmed Prop 56 increase payments and shall be remitted to the Physician.

7. CalOptima's obligation to pay Physician any Administrative Fees is contingent upon administrative component payments by DHCS to CalOptima for the Prop 56 increase. In no event shall CalOptima be obligated to pay Administrative Fees to Physician if CalOptima has not received funding for administration of the Prop 56 increase from DHCS.

8. Physician shall make payments to Eligible Contracted Providers for Qualifying Services in conjunction with the payment of the claim for the service. Payments for Qualifying Services may be made retrospectively or in conjunction with the claim payment as applicable. This includes claims payments made effective July 1, 2017 and after.

9. Physician acknowledges that DHCS has indicated that payments to Eligible Contracted Providers will be verified by DHCS. In the event that future DHCS reconciliation of the Prop 56 increase payments identifies invalid payments, Physician shall return such Prop 56 increase payments to CalOptima immediately upon notice from CalOptima.

10. Physician agrees to provide to CalOptima promptly, upon request, such data, information and reports as required by CalOptima in order for it to fulfill state and federal obligations related to the Prop 56 Increase.

11. Physician and its subcontractors agree to comply with all applicable Federal and State laws and regulations, contract requirements, CalOptima polices and DHCS guidance, including APLs, Policy Letters, and Plan Letters related to the Prop 56 increase.

12. To ensure proper implementation of the supplemental Prop 56 payments, Physician shall ensure that the requirements of this Attachment E-3 are included in the contracts with its subcontractors responsible for making payments to physicians directly providing services to Members.

13. Physician shall have a formal procedure to accept, acknowledge, and resolve provider grievances related to the processing or non-payment of a supplemental Prop 56 payments in accordance with contract requirements for other payments. In addition, Physician shall identify a designated point of contact for provider questions and technical assistance.

14. As long as the State of California extends the Prop 56 increase payments to CalOptima, CalOptima will continue to make Prop 56 increase payments to Physician, which may be subject to Board approval and the changes to the program, as necessary and appropriate to comply with the law and regulatory guidance.

15. Notwithstanding other provisions of this Attachment E-3, effective July 1, 2020, CalOptima and Physician shall administer the Proposition 56 Medi-Cal Physician Supplemental Payment Program pursuant to Section 2.7.18 of the Contract.

ATTACHMENT E-3, ADDENDUM 1

SFY 2017 – 18 (dates of service between July 1, 2017 and June 30, 2018)

Physician shall make the initial payment to Eligible Contracted Providers for dates of service July 1, 2017 through and including April 30, 2018 ("Initial Payment") as reflected on claims submitted to Physician prior to April 30, 2018, no later than July 29, 2018. Payment to Eligible Contracted Providers shall be made based on the codes and amounts in the table below. Subsequent payments to Contracted Eligible Providers shall be made by Physician in accordance with the terms of this Attachment E-3.

AMENDMENT VI TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT VI TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of January 1, 2021 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____ ("Physician"), with respect to the following facts:

RECITALS

A. CalOptima and Physician have entered into a Contract for Health Care Services ("Contract"), by which Physician has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and Physician wish to enter into this amendment to revise the Division of Financial Responsibilities, revise the Termination for Convenience provision as well as modify language as appropriate to align with all Health Care Services contracts.

NOW, THEREFORE, the parties agree as follows:

1. Section 1.16, "CalOptima Regulators", shall be deleted in its entirety and replaced with the following:

   "CalOptima's Regulators" means those government agencies that regulate, oversee, or enforce applicable statutory, regulatory, or contractual requirements relating to the activities and/or obligations of CalOptima, Physician, and Subcontractors under the State Contract, this Contract, and Subcontracts, as applicable, including, without limitation, DHCS, the HHS Office of Inspector General, the Comptroller General of the United States, the Department of Justice (DOJ), DOJ Bureau of Medi-Cal Fraud, the Department of Managed Health Care (DMHC), and other authorized federal or State agencies, or their duly authorized representatives or designees, including DHCS' external quality review organization contractor.

2. Section 1.22, "Community Liaison" or "CL", shall be deleted and intentionally left blank.

3. Section 1.23, "Community Liaison Program" or "CLP", shall be deleted and intentionally left blank.

4. Section 1.55, "Medi-Cal Managed Care All Plan Letter (APL)" and "Policy Letter (PL)", shall be deleted in its entirety and replaced with the following:

   "Medi-Cal Managed Care All Plan Letter (APL)" and "Policy Letter (PL)" are the means by which DHCS conveys information or interpretation of changes in policy or procedure at the Federal or State levels. APLs and Policy Letters provide instruction to the contractors about changes in Federal or State law and Regulation that affect the way in which they operate or deliver services to Medi-Cal beneficiaries.

5. Section 1.64, "Memorandum/Memoranda of Understanding" or "MOU", shall be deleted in its entirety and replaced with the following:

   "Memorandum/Memoranda of Understanding" or "MOU", means agreements between CalOptima and external agencies, which delineates responsibilities for coordinating care to Members, and contracts between CalOptima and the County of Orange that incorporate such agreements,

Back to Agenda Back to Item

including but not limited to the Coordination and Provision of Public Health Care Services Contract.

6. Section 1.84, "Screening, Brief Intervention, and Referral to Treatment (SBIRT)", shall be deleted in its entirety and replaced with the following:

"Alcohol Misuse Screening and Counseling" or AMSC" (formerly referred to as "Screening, Brief Intervention, and Referral to Treatment" or "SBIRT") means services provided by a Primary Care Physician to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol."

7. Section 1.95, "Subcontract", shall be deleted in its entirety and replaced with the following:

"Subcontract" means a written agreement entered into by the Physician with a Provider who agrees to furnish Covered Services to Members, or any other organization or person who agrees to perform any administrative function or service for Physician specifically related to fulfilling Physician's obligations to CalOptima under the terms of this Contract.

8. Section 1.96, "Subcontractor", shall be deleted in its entirety and replaced with the following:

"Subcontractor" means a Provider or any organization or person who has entered into a Subcontract with Physician. All delegates are Subcontractors, but not all Subcontractors shall be considered delegates. A delegate means an organization or person that subcontracts with Physician to perform any administrative function or service for Physician specifically related to fulfilling Physician's obligations to CalOptima under the terms of this Contract."

9. Section 2.3.2 shall be deleted in its entirety and replaced with the following:

"Commercial General Liability/Commercial Automobile Liability:
Physician shall maintain a Commercial General Liability Insurance policy and a Commercial Automobile Liability Insurance policy with minimum limits as follows:

Commercial General Liability:
$1,000,000 per occurrence/$3,000,000 aggregate
Commercial Automobile Liability:
$1,000,000 Combined Single Limit

CalOptima must be named as an additional insured on Physician's Comprehensive General Liability and Automobile Liability insurance with respect to performance under this Contract."

10. Section 2.3.8 shall be deleted in its entirety and replaced with the following:

"Proof of Insurance: Certificates of Insurance of the above Insurance policies and/or evidence of self-insurance maintained by Physician shall be provided to CalOptima prior to execution of the Contract and annually thereafter. Physician shall provide the Certificates of Insurance of the above Insurance policies and/or evidence of self-insurance maintained by Participating Providers to CalOptima upon request."

11. Section 2.7.12, "Certified Nurse Midwife (CNM) and Certified Nurse Practitioner (CNP) Payments", shall be deleted in its entirety and replaced with the following:

"Certified Nurse Midwife (CNM) and Certified Nurse Practitioner (CNP) Payments - If there are no CNMs or CNPs in Physician's provider network, Physician shall reimburse non-contracting CNMs or CNPs for services provided to Members at no less than one hundred percent (100%) of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy."

12. Section 2.7.13, "Family Planning Provider Payments", shall be deleted in its entirety and replaced with the following:

"Family Planning Provider Payments - Physician shall reimburse non-contracting family planning providers at no less than X percent (X%) of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy. Physician shall reimburse non-contracting family planning providers for services provided to Members of childbearing age to temporarily or permanently prevent or delay pregnancy."

13. Section 2.7.14, "Sexually Transmitted Disease Treatment Payments", shall be deleted in its entirety and replaced with the following:

"Sexually Transmitted Disease Treatment Payments - Physician shall reimburse local health departments and non-contracting family planning providers at no less than X percent (X%) of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy, for the diagnosis and treatment of a STD episode, as defined in MMCD Policy Letter No. 96-09. Physician may elect to provide reimbursement only if STD treatment providers provide treatment records or documentation of the Member's refusal to release Medical Records to Physician along with billing information."

14. Section 2.7.15, "HIV Testing and Counseling Payments", shall be deleted in its entirety and replaced with the following:

"HIV Testing and Counseling Payments - Physician shall reimburse local health departments and non-contracting family planning providers at no less than X percent (X%) of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy. Physician shall provide reimbursement only if local health departments and non-contracting family planning providers make all reasonable efforts, consistent with current laws and regulations, to report confidential test results to Physician."

15. Section 3.4, "CALOPTIMA LOGO", shall be deleted in its entirety and replaced with the following:

"CALOPTIMA LOGO --- Physician shall not display the CalOptima logo on any of Physician's written communication to Members without prior written approval by CalOptima."

16. Section 3.9, "SUBCONTRACTS", shall be deleted in its entirety and replaced with the following:

"SUBCONTRACTS --- Physician may Subcontract for certain functions covered by this Contract subject to the requirements of this Contract. Physician is required to ensure that all Subcontracts are in writing and include any general requirements of this Contract and all provisions required by this Contract to be incorporated into Subcontracts. Physician is required to inform CalOptima of the name and business addresses of all Subcontractors and notify CalOptima of any changes in Subcontractors within thirty (30) days of execution or change of Subcontract. Physician shall have policies and procedures addressing Subcontracts with any offshore individual or entity that receives, processes, transfers, handles, stores, or accesses CalOptima Member Protected Health Information (PHI) ("Offshore Subcontracts"), including policies that address security of such PHI

and CMS requirements for reporting information about Offshore Subcontracts. Physician shall annually complete the CalOptima Offshore Attestation and make its Offshore Subcontract policies and list of such Offshore Subcontracts available to CalOptima upon request, including for audits by CalOptima and/or CalOptima's Regulators. Additionally, Physician shall require all Subcontracts contain the following:"

17. Section 3.9.2 shall be deleted in its entirety and replaced with the following:

"An agreement to maintain such books and records in accordance with any record requirements in this Contract and CalOptima Policies, and for the establishment and maintenance of and access to Medical and Administrative Records as set forth in Section 3.17 and 3.22 of this Contract;"

18. Section 3.9.7 shall be deleted in its entirety and replaced with the following:

"An agreement requiring Subcontractors to provide Covered Services to CalOptima Members in a non-discriminatory manner;"

19. Section 3.9.8 shall be deleted in its entirety and replaced with the following:

"An agreement to comply with all provisions of this Contract with respect to providing Emergency Services and State Contract (Exhibit A, Attachment 8, Provision 12) for those Subcontractors at risk for non-contracting Emergency Services;"

20. Section 3.9.10 shall be deleted in its entirety and replaced with the following:

"An agreement to comply with (a) CalOptima's Compliance Program including, without limitation, CalOptima Policies; (b) any DHCS Medi-Cal Provider Bulletins and Manuals; (c) all applicable requirements of the DHCS Medi-Cal Managed Care Program, including, but not limited to, the Medi-Cal Managed Care Division Policy Letters and All Plan Letters; and (d) all applicable requirements specified in the State Contract and subsequent amendments, and federal and State laws and regulations;"

21. Section 3.9.12 shall be deleted in its entirety and replaced with the following:

"An agreement requiring Subcontractors to sign a Declaration of Confidentiality, which shall be signed and filed with DHCS prior to the Subcontractors being allowed access to computer files or any other data or files, including identification of individual Members;"

22. Section 3.9.20 shall be deleted in its entirety and replaced with the following:

"An agreement to participate and cooperate in quality improvement systems as set forth in Section 6.4 of the Contract, and if Physician delegates quality improvement activities to the Subcontractor, the Subcontract must include the requirements set forth in the State Contract (Exhibit A, Attachment 4, Provision 6), and Sections 3.8 and 6.4 of the Contract, including the Delegation Acknowledgement and Acceptance Agreement ("Delegation Agreement);"

23. Section 3.9.25 shall be deleted in its entirety and replaced with the following:

"An agreement that Participating Providers are entitled to the protections of the Health Care Provider's Bill of Rights, California Health and Safety Code section 1375.7, in the administration of the Subcontract relative to the Medi-Cal program; and"

Back to Agenda Back to Item

24. Section 3.9.26 shall be added as follows:

"Subcontractor's agreement to provide Physician with the disclosure statement set forth in 22 CCR Section 51000.35, prior to commencing services under the Subcontract, which shall be provided to CalOptima upon request."

25. Section 3.17, "MEDICAL AND ADMINISTRATIVE RECORDS", shall be deleted in its entirety and replaced with the following:

"MEDICAL AND ADMINISTRATIVE RECORDS --- Physician shall require that all Participating Providers and Subcontractors establish and maintain for each Member who has obtained Covered Services from a Participating Provider or Subcontractor a legible Medical Record. Such Medical Record shall include a historical record of diagnostic and therapeutic services recommended or provided by, or under the direction of, the Participating Provider or Subcontractor. Such Medical Record shall be in such a form as to allow trained health professionals, other than the Participating Provider or Subcontractor, to readily determine the nature and extent of the Member's medical problem and the services provided and permit peer review of the services provided. The Medical Record shall be kept in a detail consistent with good medical and professional practice in accordance with 22 CCR Section 53284, and which permits effective professional review and facilitates a system of follow-up treatment. All Medical Records shall meet the requirements of the State Contract and applicable laws and regulations, including, but not limited to, 28 CCR Section 1300.80(b)(4) and 42 USC Section 1396a(w). Such records shall be available to health care providers at each encounter, in accordance with 28 CCR Section 1300.67.1(c). Physician shall ensure that an individual is delegated the responsibility of securing and maintaining Medical Records at each Participating Provider or Subcontractor site."

26. Section 3.19.1 shall be deleted in its entirety and replaced with the following:

"Through the end of the records retention period specified in Section 3.18, Physician shall make all of its premises, facilities, equipment, books, records, contracts, computer and other electronic systems pertaining to the goods and services furnished under the terms of the Contract, available for the purpose of audit, inspection, evaluation, examination or copying, including but not limited to Access Requirements and State's Right to Monitor, as set forth in the State Contract, Exhibit E, Attachment 2, Provision 21: (a) by CalOptima and/or CalOptima's Regulators; (b) at all reasonable times at the Physician's place of business or such other mutually agreeable location in California; (c) in a form maintained in accordance with the general standards applicable to such book or record keeping; and (d) including all encounter data for a period of at least ten (10) years."

27. Section 3.24, "FRAUD AND ABUSE REPORTING", shall be deleted in its entirety and replaced with the following:

"FRAUD AND ABUSE REPORTING --- Physician shall report to CalOptima all cases of suspected fraud and/or abuse, as defined in 42 Code of Federal Regulations, Section 455.2, relating to the rendering of Covered Services by Participating Providers, Out-of-Network Providers, Members, or Physician's employees, within five (5) working days of the date when Physician first becomes aware of or is on notice of such activity."

28. Section 3.24.2 shall be deleted in its entirety and replaced with the following:

"Physician shall provide to CalOptima and/or CalOptima's Regulators, upon request, written policies and procedures for identifying, investigating, and taking appropriate corrective action against fraud and/or abuse in the provision of health care services under the Medi-Cal program."

29. Section 3.28, "COMPLIANCE WITH STATE AND FEDERAL REQUIREMENTS", shall be deleted in its entirety and replaced with the following:

"COMPLIANCE WITH STATE AND FEDERAL PROGRAMS --- Physician shall comply with requirements established by State and/or federal programs relating to its performance under this Contract. Physician's compliance shall include, but not be limited to, applicable requirements of the DHCS Medi-Cal Managed Care Program, provisions of the State Contract requirements for CalOptima to maintain CMS waiver, Operational Instruction Letters (OILs), Medi-Cal Managed Care Division Policy Letters and All Plan Letters, as well as applicable requirements specified in the State Contract and subsequent amendments, and State and federal laws and regulations."

30. Section 3.30, "COMPLIANCE WITH MEMORANDUM/MEMORANDA OF UNDERSTANDING (MOU(s))", shall be deleted in its entirety and replaced with the following:

"COMPLIANCE WITH MEMORANDUM/MEMORANDA OF UNDERSTANDING (MOU(s)) --- Physician agrees to comply with and be bound by any and all applicable MOUs entered into by CalOptima. Physician agrees to require Subcontractors to comply with applicable requirements of such MOUs."

31. Section 3.42, "OBLIGATIONS UNDER PRIOR CONTRACT", shall be deleted in its entirety and replaced with the following:

"OBLIGATIONS UNDER PRIOR CONTRACT --- Physician acknowledges and agrees that certain of its obligations and duties under the Prior Contract, if previously contracted, survive the expiration of the Prior Contract and/or are measured following the expiration of the Prior Contract (including, without limitation, corrective action plans, quality improvement and credentialing functions, financial requirements). Physician shall perform all such obligations and duties. For purposes of this section, "Prior Contract" means the contract for health care services previously entered into between Physician and CalOptima pursuant to which Physician agreed to provide or arrange for the provision of Medi-Cal Covered Services to Members."

32. Section 4.2, "EMERGENCY CARE", shall be deleted in its entirety and replaced with the following:

"EMERGENCY CARE --- Physician shall comply with all applicable State and federal laws and regulations governing the provision and payment of Emergency Services, as well as the applicable requirements of the State Contract (including, but not limited to, Exhibit A, Attachment 8, Provision 12). Physician is required to provide and pay for all Emergency Services, including Emergency Services provided by Out-of-Network Providers, without prior authorization, twenty-four (24) hours each day, seven (7) days a week."

33. Section 4.7, "ALCOHOL AND SUBSTANCE USE DISORDER TREATMENT SERVICES", shall be deleted in its entirety and replaced with the following:

"ALCOHOL MISUSE SCREENING AND COUNSELING --- Physician shall ensure the provision of AMSC services by a Member's PCP to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol and drugs. PCP shall refer Members to substance use disorder treatment when there is a need beyond AMSC."

34. Section 5.6.8 shall be deleted in its entirety and replaced with the following:

Back to Agenda Back to Item

"In the event that a Provider, including a PCP, is terminated or leaves the Physician for any reason, Physician shall ensure that there is no disruption in services provided to Members who are receiving treatment for a chronic or ongoing medical condition or LTSS in accordance with applicable CalOptima Policies and regulatory requirements."

35. Section 5.15, "SPECIALIST GEOGRAPHIC DISTRIBUTION", shall be deleted in its entirety and replaced with the following:

"SPECIALIST GEOGRAPHIC DISTRIBUTION --- Physician shall make available to every Member, Specialists whose offices are located within fifteen (15) miles and thirty (30) minutes from the Member's place of residence as required in W & I Code Sections 14197(b) and (c). Physician shall provide transportation for Members when the nearest available Specialist is more than fifteen (15) miles or thirty (30) minutes from Member's place of residence."

36. Section 6.4, "QUALITY IMPROVEMENT PROGRAM", shall be deleted in its entirety and replaced with the following:

"QUALITY IMPROVEMENT PROGRAM --- Physician shall participate and cooperate in CalOptima's Quality Improvement Program. Physician shall establish, maintain and operate a Quality Improvement Program, in accordance with the delineation of responsibilities in the Delegation Agreement, which shall include an Annual Program Plan, Work Plan, and Annual Evaluation of Effectiveness of the QI program, which are consistent with current industry standards, Centers for Medicare and Medicaid Services (CMS), National Committee for Quality Assurance (NCQA), Joint Commission, and DHCS, and meets the requirements of CalOptima's Quality Improvement Program. Physician shall facilitate quality studies and assist in collection of comparative data collected from all Participating Providers using objective parameters (e.g., the current version of Healthcare Effectiveness Data and Information Set (HEDIS)). Physician shall submit reports related to Quality Improvement as required by CalOptima Reporting Policy or otherwise required by DHCS. Physician shall adopt a detailed written Quality Improvement (QI) Plan, which shall include:"

37. Section 6.8.3.3 shall be deleted in its entirety and replaced with the following:

"An annual signed attestation that all Participating Providers are credentialed to the standards set forth by CalOptima and DHCS."

38. Section 6.15.1 shall be deleted and intentionally left blank.

39. Section 6.15.13 shall be deleted in its entirety and replaced with the following:

"Physician and Participating Providers and all staff who interact with SPD Members, as well as those who may potentially interact with SPD Members, or any other staff deemed appropriate by CalOptima or DHCS shall receive sensitivity training as provided by CalOptima or DHCS, or by Physician pursuant to DHCS requirements and CalOptima Policies."

40. Section 10.2, "COMPREHENSIVE PHYSICIAN AUDIT", shall be deleted in its entirety and replaced with the following:

"COMPREHENSIVE PHYSICIAN AUDIT --- CalOptima shall conduct and Physician shall agree to a full comprehensive compliance audit to be conducted at Physician administrative offices and/or Facilities and/or via desktop/virtual review annually, or as deemed necessary, by CalOptima. CalOptima shall submit results of the Physician audit in writing to Physician. Physician may rebut

and dispute audit findings pursuant to CalOptima Policies. Physician is responsible for implementing the corrective measures (if any). CalOptima retains the right to publish data obtained from the audit. Physician acknowledges and agrees that CalOptima may publish the audit data to Members and/or the general public without further notice to or consent from Physician."

41. Section 10.7, "MOU AVAILABILITY", shall be deleted in its entirety and replaced with the following:

"MOU AVAILABILITY--- CalOptima shall provide or make available for Physician copies of current MOUs entered into by CalOptima that are binding on Physician within seven (7) working days of execution. Copies of current MOUs entered into by CalOptima that are binding on Physician may be provided by the distribution of hard-copy documents, electronic files and/or documents and/or on the CalOptima website."

42. Section 10.10, "PROVIDER COMPLAINT SYSTEM", shall be deleted in its entirety and replaced with the following:

"PROVIDER COMPLAINT SYSTEM --- CalOptima has established a fast, fair and cost-effective complaint system for provider complaints, grievances and appeals. Provider and Physician shall have access to this system for any issues arising under this Contract, as provided in CalOptima Policy related to CalOptima Medi-Cal Program. Physician complaints, grievances, appeals, or other disputes regarding any issues arising under the Contract shall be resolved through this system."

43. Section 12.2, "MEMBER LIAISON PROGRAM (MLP)", shall be deleted and intentionally left blank.

44. Section 13.1, "SANCTIONS AND TERMINATIONS FOR CAUSE," shall be deleted in its entirety and replaced with the following:

"SANCTIONS AND TERMINATIONS FOR CAUSE --- If Physician fails to fulfill any of its duties and obligations under this Contract, including but not limited to: (i) committing acts to discriminate among Members on the basis of their health status or requirements for health care services; (ii) engaging in any practice that would reasonably be expected to have the effect of denying or discouraging enrollment with the Physician by Members whose medical condition or history indicated a need for substantial future medical services; (iii) not providing Covered Services in the scope or manner required under the provisions of this Contract; (iv) engaging in prohibited marketing activities; (v) failing to comply with CalOptima's Compliance Program, including Participation Status requirements; (vi) failing to meet financial security requirements; (vii) committing fraud or abuse relating to Covered Services or any and all obligations, duties and responsibilities under this Contract; (viii) failure to ensure that all Minimum Standards are met; (ix) failure to enforce claims payment prohibitions on providers who are denied the right to submit claims and/or receive reimbursement for services furnished to CalOptima Members; (x) not having the required amounts and types of financial reserves; (xi) failure of Participating Providers to comply with the prior authorization process and other pharmacy requirements as determined by CalOptima; (xii) failure to meet Medical Loss Ratio requirements; (xiii) failure to meet minimum enrollment requirements; (xiv) failure to meet quality and/or performance requirements; (xv) failure to comply with organization structure requirements as set forth in Section 3.10 of this Contract; (xv) failure to submit Encounter Data pursuant to this Contract and CalOptima Policy; (xvi) a failure to perform an obligation or duty under the Prior Contract and/or failure to take corrective action related to any such obligation or duty in the time or manner required by CalOptima, and (xvii) a violation of the Department of Managed Health Care's Risk Bearing

Back to Agenda Back to Item

Organization regulations, including reporting, auditing or Corrective Action Plan compliance violations, CalOptima may take any of the actions described below:"

45. Section 13.9, "TERMINATION FOR CONVENIENCE", shall be deleted in its entirety and replaced with the following:

"TERMINATION FOR CONVENIENCE --- Either party may terminate the Contract for convenience, without cause, by giving one hundred eighty (180) calendar days advance written notice to the other party prior to the effective date of such termination."

46. Attachment A, "CalOptima Medi-Cal Division of Financial Responsibility", shall be deleted in its entirety and replaced with the attached Attachment A – Amendment VI.

47. Attachment E, "Capitation Rates", shall be deleted and replaced with the attached Attachment E – Amendment VI.

48. Attachment E-5, "Funding for Health Homes Program (HHP)" shall be deleted in its entirety and replaced with the attached Attachment E-5 – Amendment VI.

Commented [TC1]: PHC-P its under Attachment E-4 and needs to be updated on amendment

CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other terms and conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and _____ have executed this Amendment:

ATTACHMENT A – AMENDMENT VI

CalOptima Medi-Cal Division of Financial Responsibility

Note: The purpose of the Division of Financial Responsibility is to identify how CalOptima allocated to the Physician and Hospital components of the medical costs associated with the provision of Covered Services. That is, the capitation and Hospital Budget rates in this Contract are based upon the Physician and Hospital Budget being financially responsible for the provision of Covered Services as indicated in this Division of Financial Responsibility. The Division of Financial Responsibility should not be used in place of the CalOptima EOC/EOB for making coverage determinations.

ATTACHMENT E – AMENDMENT VI

Capitation Rates

Effective January 1, 2021

Payments by CalOptima to Health Network for Covered Services rendered to Members in accordance with the Contract for Health Care Services shall be on a Per Member/Per Month (PMPM) basis, and shall be provided herein in the following, except for carved out services and items as provided for in CalOptima Policies.

Aid Code Category	Age & Gender Category	Base Hospital	Base Physician	Total Cap Rate
Child / Adult	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			
SPD	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female

Whole Child Model Base Capitation Rates

Aid Code Category	Age & Gender Category	Base Hospital	Base Physician	Total Cap Rate
Whole Child Model	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			

The base rates for Whole Child Model are subject to change and the application of risk adjustment and age/gender factors.

Interim Reimbursement for Catastrophic Cases. CalOptima shall provide supplemental payments on a quarterly basis to cover costs that exceed the designated thresholds for catastrophic claims, in accordance with CalOptima Policy.

Retrospective Risk Corridor. CalOptima shall, on an annual basis, apply risk corridors to the previous year's CCS-Member-related capitation payments, based on medical costs, and adjust those previous year's capitation payments accordingly, in accordance with CalOptima Policy.

Supplemental OB Delivery Care Payment

Supplemental OB Delivery Care Payment (Payment shall be administered per CalOptima policy guidelines).

	Hospital	Physician	Total Capitation
Supplemental OB Delivery Care Payment			

Funding for PCC

In addition to those amounts described above, Physician shall receive X[redacted] per WCM or SPD Member per month, to fund the PCC program as authorized by the CalOptima Board of Directors. SPD Member is identified by their Aid Code Category, for all age groups. WCM member is identified by their WCM Eligible condition as determined by the local WCM Program. Physician shall only receive PCC funding for a Member with an SPD aid code category or a WCM-eligible condition as determined by the County, not both. Members with a WCM Eligible Condition shall prevail over SPD members when determining payment.

Physician acknowledges and agrees that CalOptima may adjust and/or terminate the PCC payments in the event Physician fails to comply with the requirements as defined by the CalOptima Profile and Policy. Physician acknowledges and agrees that CalOptima, in its sole and absolute discretion, may also offset Physician's future PCC Payments in the event CalOptima determines that Physician has not complied with the Profile requirements.

Attachment E-5 – Amendment VI

Funding for Health Homes Program (HHP)

Effective January 1, 2020, CalOptima shall make a HHP Core Services Supplemental Capitation Payment to Physician for HHP services provided to an HHP-enrolled Member or a separate Engagement Activities Supplemental Capitation Payment for engagement activities for a Member eligible but not enrolled in HHP, in accordance with the terms and conditions of Policy FF.4001.

1. HHP Core Services Supplemental Capitation Payment

   1.1 The HHP Core Services Supplemental Capitation Payment below will be issued by CalOptima if all of the following conditions are met:

   - Member is identified as an HHP-eligible Member as determined by CalOptima based on HHP eligibility criteria as defined by DHCS and in accordance with CalOptima Policy GG.1350;
   - Member is enrolled in the HHP;
   - Member receives either one of the six (6) HHP core services (as set forth in Section 6.22.4 of the Contract) in a calendar month in which the supplemental payment is requested by the Physician, or the Member has received an HHP core service within one (1) of the prior two (2) calendar months in which the supplemental service month payment is requested by the Physician;
   - The HHP core services are billed and reported to CalOptima consistent with the most recent HHP Program Guide or specific regulatory guidance as directed by DHCS;
   - If applicable, the Physician paid the provider for the HHP core services; and
   - The Physician authorized such HHP core services.

   $X PMPM (January – June 2020)
   $X PMPM (July – December 2020)
   $X PMPM (January – December 2021)

2. Engagement Activities Supplemental Capitation Payment

   2.1 Subject to Section 2.2 of this Attachment E-5, the Engagement Activities Supplemental Capitation Payment below will be issued by CalOptima if all of the following conditions are met:

   - Member is identified as an HHP-eligible Member as determined by CalOptima, based on HHP eligibility criteria as defined by DHCS but not enrolled in HHP
   - The Physician conducted engagement activities to contact an HHP-eligible Member on CalOptima's Finalized Engagement List (FEL) for enrollment in HHP
   - Engagement activities are billed and reported to CalOptima in the manner and form acceptable to CalOptima, including but not limited to identifying the non-enrollment status of the HHP-eligible Member; and
   - If applicable, the Physician authorized and paid the provider for such engagement

   $X PMPM (January – June 2020)
   $X PMPM (July – December 2020)
   $X PMPM (January – December 2021)

Back to Agenda Back to Item

2.2 CalOptima shall limit the provision of Engagement Activities Supplemental Capitation Payment to a maximum of three (3) calendar months of billing per one (1) individual HHP-eligible Member who is not enrolled in HHP.

3. Physician shall submit HHP billing data for HHP Core Services Supplemental Capitation Payment and/or engagement activities billing data for Engagement Activities Supplemental Capitation Payment, as applicable, by the fifteenth (15th) calendar day after the month ends, in accordance with CalOptima Policy FF.4001.

4. Upon validation of the HHP billing data or engagement activities billing data, as applicable, CalOptima shall issue either the HHP Core Services Supplemental Capitation Payment or the Engagement Activities Supplemental Capitation Payment, as applicable, within thirty (30) business days from the date of the HHP billing data or engagement activities billing data submission, in accordance with CalOptima Policy FF.4001.

5. In addition to Section 9.4 of this Contract, Physician agrees to CalOptima's recovery of any overpayment of supplemental payment for HHP core services or engagement activities in accordance with CalOptima Policy FF.4001.

AMENDMENT VII TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT VII TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of January 1, 2021 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____ ("Physician"), with respect to the following facts:

RECITALS

A. CalOptima and Physician have entered into a Contract for Health Care Services ("Contract"), by which Physician has agreed to provide or arrange for the provision of Covered Services to Members.

B. On January 31, 2020, the Secretary of Health and Human Services declared a public health emergency under section 319 of the Public Health Service ACT (42 U.S.C. 247d) in response to a novel coronavirus known as SARS-CoV-2 (COVID-19), the COVID-19 Public Health Emergency ("COVID-19 PHE").

C. CalOptima and Physician desire to amend the Contract to include the Medi-Cal capitation base rate enhancement approved by the CalOptima Board of Directors for immediate aid due to the COVID-19 PHE.

NOW, THEREFORE, the parties agree as follows:

1. ATTACHMENT E-8 "MEDI-CAL RATE ENHANCMENT" shall be added to the Contract and is attached hereto.

2. CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and **Physician** have executed this Amendment:

AMENDED AND RESTATED
CONTRACT FOR HEALTH CARE SERVICES

HMO

THIS CONTRACT FOR HEALTH CARE SERVICES ("Contract") is entered into by and between Orange County Health Authority, a public agency, dba CalOptima, ("CalOptima"), and _____ ("HMO"), with respect to the following facts:

RECITALS

A. CalOptima was formed pursuant to California Welfare and Institutions Code Section 14087.54 and Orange County Ordinance No. 3896, as amended by Ordinance No. 00-8, as a result of the efforts of the Orange County health care community.

B. CalOptima has entered into a contract with the State pursuant to which it is obligated to arrange and pay for the provision of services to Medi-Cal eligible beneficiaries residing in Orange County, California, who receive Covered Services.

C. HMO desires to provide or arrange for the provision of Covered Services to Members as defined herein.

D. HMO is a restricted health care service plan licensed under the California Knox-Keene Health Care Service Plan Act of 1975 (Health and Safety Code § 1340 et seq.), as amended, that provides health care services to its enrolled Members.

E. CalOptima and HMO desire to enter into this Contract on the terms and condition(s) set forth herein below.

NOW, THEREFORE, the parties agree as follows:

ARTICLE 1
Definitions

1.1 "Administrative Services" means those non-clinical functions that are the responsibility of the HMO and are required to discharge the obligations and meet the requirements set forth in this Contract, in CalOptima Policies and, in Memoranda of Understanding.

1.2 "Adult Expansion Member" means a Member enrolled in aid codes L1 and M1 as newly eligible and who meets the eligibility requirements in Title XIX of the federal Social Security Act, Section 1902(a)(10)(A)(i)(VIII), and the conditions as described in the federal Social Security Act, Section 1905(y).

1.3 “Advance Directive” means a written instruction such as under the California Natural Death Act Declarations or durable power of attorney for health care, recognized under State law and relating to the provision of medical care when an individual is incapacitated.

1.4 “Aid Code” means the two-character code, defined by the State of California, which identifies the aid category under which a Member is eligible to receive Medi-Cal Covered Services.

1.5 “American Indian” means a Member who meets the criteria for an "Indian" as stated in 42 CFR 438.14(a), which includes members in a federally recognized Indian tribe, resides in an urban center and meets one or more of the criteria stated in 42 CFR 438.14(a)(ii), is considered by the Secretary of the Interior to be an Indian for any purpose, or is considered by the Secretary of Health and Human Services to be an Indian for purpose of eligibility for Indian health services, including as a California Indian, Eskimo, Aleut, or other Alaska Native.

1.6 “American Indian Health Care Provider” means a health care program operated by the Indian Health Service (IHS) or by an Indian Tribe, Tribal Organization, or Urban Indian Organization (otherwise known as an I/T/U) as those terms are defined in Section 4 of the Indian Health Care Improvement Act (25 U.S.C. 1603).”

1.7 “American Indian Health Service Programs” means facilities operated with funds from the Indian Health Service under the Indian Self-Determination Act and the Indian Health Care Improvement Act, through which services are provided, directly or by contract, to the eligible American Indian population with a defined geographic area, per Title 22, Section 55000.”

1.8 “Approved Drug List” means CalOptima’s continually updated list of medications and supplies that may be obtained without prior authorization.

1.9 “California Children’s Services (CCS)” means those services authorized by the CCS Program for the diagnosis and treatment of the CCS Eligible Conditions of a specific Member.

1.10 “California Children’s Services (CCS) Eligible Condition(s)”, means a physically handicapping condition defined in Title 22 CCR Sections 41515.2 through 41518.9.

1.11 “California Children’s Services (CCS) Program” means the public health program which assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible children under the age of twenty-one (21) years who have CCS Eligible Conditions.

1.12 “CCS Provider” or “CCS-Paneled Provider(s)” means any of the following providers when used to treat Members for a CCS Eligible Conditions:

A. A medical provider that is paneled by the CCS Program, pursuant to Health and Safety Code, Article 5 (commencing with Section 123800) of Chapter 3 of Part 2 of Division 106.

B. A licensed acute care hospital approved by the CCS Program.

C. A special care center approved by the CCS Program.

1.13 "CalOptima Board" or "Board" means the CalOptima Board of Directors.

1.14 "CalOptima Direct" or "COD" means a program CalOptima administers for CalOptima beneficiaries not enrolled with a Health Network or HMO.

1.15 "CalOptima Policy(s)" means CalOptima policies and procedures relevant to this Contract, as amended from time to time, at the sole discretion of CalOptima.

1.16 "CalOptima's Regulators" means those government agencies that regulate, oversee, or enforces applicable statutory, regulatory, or contractual requirements relating to the activities and/or obligations of CalOptima, HMO, and Subcontractors under the State Contract, this Contract, and Subcontracts, as applicable, including, without limitation, DHCS, the HHS Office of Inspector General, the Comptroller General of the United States, the Department of Justice (DOJ), DOJ Bureau of Medi-Cal Fraud, Department of Managed Care (DMHC), and other authorized federal or State agencies, or their duly authorized representatives or designee, including DHCS' external quality review organization contractor.

1.17 "Capitation Payment" means the monthly amount paid to the HMO by CalOptima for delivery of Covered Services to Members, which is determined by multiplying the applicable Capitation Rate by HMO's monthly enrollment based upon Aid Code, age and gender.

1.18 "Capitation Rate" means the rate set by CalOptima for the delivery of Covered Services to Members based upon Aid Code, age and gender.

1.19 "Care Management Services" means:

1.19.1 Providing or approving all Covered Services including health assessments, identification of risks, initiation of intervention and health education deemed Medically Necessary, consultation, referral for consultation and additional health care services;

1.19.2 Coordinating Medically Necessary Covered Services with other Medi- Cal benefits not covered under this Contract;

1.19.3 Maintaining a Medical Record with documentation of referral services and follow-up as medically indicated;

1.19.4 Ordering of therapy, admission to hospitals and coordinated hospital discharge planning that includes necessary post-discharge care;

1.19.5 Authorization of referred services;

1.19.6 Coordinating a Member's care with all external agencies that are required to be involved in addressing the Member's needs as addressed in MOUs and in CalOptima Policies;

1.19.7 Coordinating care for Members transitioning from CalOptima Direct to a Health Network or from one Health Network to another Health Network; and

1.19.8 Targeted services for Members with Special Health Care Needs to support compliance with Federal Medicaid contingencies, including but not limited to: identification of Members with Special Health Care Needs, assessment of Members with Special Health Care Needs, development of treatment plans, and monitoring the progress of adherence to treatment plans for Members with Special Health Care Needs.

1.20 "Child Health and Disability Prevention" or "CHDP" means the California program, defined in the Health and Safety Code Section 12402.5 et seq. that covers certain pediatric preventive services for children eligible for Medi-Cal.

1.21 "Clean Claim" shall have the same meaning as "Complete Claim," as that term is defined in Title 28, CCR Section 1300.71(a)(2).

1.22 "Community Liaison" or "CL" means an individual designated to perform the duties set forth in this Contract and CalOptima Policies, as part of the Community Liaison Program.

1.23 "Community Liaison Program" or "CLP" means a program created and operated by CalOptima to facilitate access to Covered Services and coordination of care for SPD Members enrolled in the Health Networks.

1.24 "Complex Case Management" means the systematic coordination and assessment of case and services provided to Members who have experienced a critical event or diagnosis that requires the extensive use of resources and who need help navigating the system to facilitate appropriate delivery of care and services. Complex Case Management includes basic case management.

1.25 "Compliance Program" means the program (including, without limitation, the compliance manual, code of conduct and CalOptima Policies) developed and adopted

by CalOptima to promote, monitor and ensure that CalOptima's operations and practices and the practices of its Board members, employees, contractors and providers comply with applicable law and ethical standards.

1.26 "Comprehensive Perinatal Services Program" or "CPSP" means those services defined in Section 14134.5 of the Welfare and Institutions Code and Title 22, Sections 51179 and 51348 of the California Code of Regulations (CCR). For CalOptima Members, CPSP is incorporated into CalOptima's Perinatal Support Services (PSS).

1.27 "Concentration Languages" means those languages spoken by at least 1,000 Members whose primary language is other than English in a ZIP code, or by at least 1,500 such Members in two contiguous ZIP codes.

1.28 "Contract" means this written instrument between CalOptima and HMO. This Contract shall include, in addition to this document, any Memoranda of Understanding entered into by CalOptima which are binding on HMO, DHCS Medi-Cal Managed Care Policy Division Policy Letters and, Contract Interpretation.

1.29 "Covered Services" means those services provided under the Fee-for-Service Medi-Cal program, as set forth in Article 4, Chapter 3 (beginning with Section 51301), Subdivision 1, Division 3, Title 22, CCR, and Article 4 (beginning with Section 6840), Subchapter 13, Chapter 4, Division 1 of Title 17, CCR, which (i) are included as Covered Services under the State Contract; and (ii) are Medically Necessary, as described in Attachment A (which may be revised from time to time at the discretion of CalOptima), along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR) and, effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, CCS Services (as defined in Subdivision 7 of Division 2 of Title 22 of the California Code of Regulations), which shall be covered for Members, notwithstanding whether such benefits are provided under the Fee-for-Service Medi-Cal Program."

1.30 "DHCS" means the State of California Department of Health Care Services.

1.31 "Derivative Aid Code" means an Aid Code, which is a subset of eligible beneficiaries derived from an original covered Aid Code.

1.32 "Disease Management" means a multi-disciplinary, continuum-based approach to health care delivery that proactively identifies populations with, or at risk for, established medical conditions:

1.32.1 That supports the physician/patient relationship;

1.32.2 Emphasizes prevention of exacerbation and complications utilizing cost-effective evidence based practice guidelines and patient empowerment strategies such as self-management; and

1.32.3 Continuously evaluates clinical humanistic and economic outcomes with the goal of improving health.

1.33 "Early and Periodic Screening, Diagnostic and Treatment" or "EPSDT" means a comprehensive and preventive child health program for individuals under the age of twenty-one (21). EPSDT is defined by law in the Federal Omnibus Budget Reconciliation Act of 1989 (OBRA 89) legislation and includes periodic screening, vision, dental and hearing services. In addition, Section 1905(r)(5) of the Federal Social Security Act (the Act) requires that any medically necessary health care service listed in Section 1905(a) of the Act be provided to an EPSDT recipient even if the service is not available under the State's Medicaid plan to the rest of the Medicaid population.

1.34 "Emergency Medical Condition" means a medical condition which is manifested by acute symptoms of sufficient severity (including severe pain) such that a prudent lay person, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

1.34.1 Placing the health of the individual (or, in the case of a pregnant woman, the health of the woman and her unborn child) in serious jeopardy; or

1.34.2 Serious impairment to bodily functions; or

1.34.3 Serious dysfunction of any bodily organ or part.

1.35 "Emergency Services" means Covered Services furnished by a qualified Provider, which are needed to evaluate or Stabilize an Emergency Medical Condition that is found to exist using a prudent layperson standard.

1.36 "Encounter" means any unit of Covered Service provided to a Member by Health Network regardless of Health Network reimbursement methodology. These services include any and all services provided to a Member, regardless of the service location or provider, inclusive of out-of-network services, including sub-capitated and delegated Covered Services.

1.37 "Evaluation Services Provider" means a provider of custom wheelchair and seating systems assessment and evaluation services, whether provided in-home or in the provider's facility, designated and contracted to assess and evaluate a Member with Disabilities (MWD)'s needs for custom power wheelchairs and seating systems, or customized modifications to wheelchairs and seating systems.

1.38 "Facility" means any premises:

1.38.1 Owned, leased, used or operated directly or indirectly by or for the HMO for purposes related to this Contract; or

1.38.2 Maintained by a Subcontractor to provide Covered Services pursuant to an agreement with the HMO(s).

1.39 "Family Planning" means Covered Services that are provided to individuals of childbearing age to enable them to determine the number and spacing of their children, and to help reduce the incidence of maternal and infant deaths and diseases by promoting the health and education of potential parents. Family Planning includes but is not limited to:

1.39.1 Medical and surgical services performed by or under the direct supervision of a licensed physician for the purpose of Family Planning;

1.39.2 Laboratory and radiology procedures, drugs and devices prescribed by a licensed physician and/or are associated with Family Planning procedures;

1.39.3 Patient visits for the purpose of Family Planning;

1.39.4 Family Planning counseling services provided during a regular patient visit;

1.39.5 IUD and UCD insertions, or any other invasive contraceptive procedures/devices;

1.39.6 Tubal ligations;

1.39.7 Vasectomies;

1.39.8 Contraceptive drugs or devices;

1.39.9 Treatment for complications resulting from previous Family Planning procedures.

1.39.10 Family Planning does not include services for the treatment of infertility or reversal of sterilization.

1.40 "Federally Qualified Health Center" or "FQHC" means an entity as defined in 42 USC Section 1396d(l)(2)(B).

1.41 "Fee-for-Service" or "FFS" means the reimbursement paid to Providers on a non-capitated basis.

1.42 "Foster Care" means an out-of-home placement for a child either on a temporary or permanent basis.

1.43 "Health Education" means any combination of learning experiences designed to facilitate voluntary adaptations of behavior conducive to health.

1.44 "Health Maintenance Organization" or "HMO" means the health care service plan, as defined in the Knox-Keene Health Care Service Plan Act of 1975, as amended, (commencing with Section 1340 of the California Health and Safety Code) ("Knox-Keene Act") and who is signatory to this Contract.

1.45 "Health Network" means a physician hospital consortium (PHC), physician group under a shared risk contract, or a health care service plan, such as an HMO, as defined in the Knox-Keene Act, and contracted by CalOptima to provide Covered Services to Members.

1.46 "Healthcare Effectiveness Data and Information Set" or "HEDIS" means the set of standardized performance measures sponsored and maintained by the National Committee for Quality Assurance (NCQA).

1.47 "HHS" means the United States Department of Health and Human Services.

1.48 "Hospital" means a general acute care hospital licensed under the laws of the State of California and accredited by the Joint Commission, or other Centers for Medicare and Medicaid Services (CMS) deemed accrediting body, and certified for participation under Medicare and Medicaid (Titles XVIII and XIX of the Social Security Act), which is owned or operated by HMO or with which HMO has a Subcontract to provide Covered Services under this Contract.

1.49 "Incontinence Supplies" means Medical Supplies used to manage bowel and/or bladder incontinence.

1.50 "Joint Commission" means the Joint Commission for the Accreditation of Health Care Organizations.

1.51 "Long Term Care Facility" means a facility that is licensed to provide skilled nursing facility services, intermediate care facility services, or sub-acute care services.

1.52 "Management Services Organization" or "MSO" means any organization, firm, company or entity providing Administrative Services on behalf of HMO which impact CalOptima Members.

1.53 "Medi-Cal" is the name for the Medicaid program in the State of California, and "Medicaid" is the program authorized by Title XIX of the Social Security Act and the regulations promulgated thereunder.

1.54 "Medi-Cal Fee Schedule" means the Medi-Cal payment system for reimbursement for physician services in Title 22, CCR, Section 51503.

1.55 Medi-Cal Managed Care All Plan Letter (APL)" and "Policy Letter (PL)" are the means by which Medi-Cal Managed Care conveys information or interpretation of changes in policy or procedure at the Federal or State levels. The Policy Letters provide instruction to the contractors about changes in Federal or State law and Regulation that affect the way in which they operate or deliver services to Medi-Cal beneficiaries.

1.56 "Medically Necessary" or "Medical Necessity" means reasonable and necessary Covered Services to protect life, to prevent illness or disability, alleviate severe pain through the diagnosis or treatment of disease, illness or injury, achieve age-appropriate growth and development, and attain, maintain, or regain functional capacity per title 22, CCR Section 51303(a) and 42 CFR 438.210(a)(5). When determining the Medical Necessity for a Medi-Cal beneficiary under the age of 21, "Medical Necessity" is expanded to include the standards set forth in 42 USC Section 1396d(r), and Welfare and Institutions Code Section 14132(v).

1.57 "Medical Record" means any record kept or required to be kept by any Provider that documents all the medical services received by the Member, including without limitation inpatient, outpatient, emergency care, referral requests and authorizations.

1.58 "Medical Screening Examination" or "MSE" means an examination within HMO's capability (including ancillary services routinely available) to determine whether or not an Emergency Medical Condition exists.

1.59 "Medical Supplies" means items, which, due to their therapeutic or diagnostic characteristics, are essential to enable Members to effectively complete a physician ordered plan of care, excluding common household items and clothing.

1.60 "Medical Therapy Program (MTP)" means a special program within California Children's Services that provides physical therapy (PT), occupational therapy (OT) and medical therapy conference (MTC) services for children who have disabling conditions, generally due to neurological or musculoskeletal disorders.

1.61 "Medicare" means the federal health insurance program for: people sixty-five (65) years of age or older, certain younger people with disabilities, and people with End-Stage Renal Disease (permanent kidney failure with dialysis or a transplant, sometimes called (ESRD) as defined in Title XVIII of the Federal Social Security Act.

1.62 "Member" means a Medi-Cal eligible beneficiary as determined by the County of Orange Department of Social Services, DHCS, or the United States Social Security Administration who is enrolled in the CalOptima Program and the HMO.

1.63 "Member with Special Health Care Needs" means a Member who meets at least one of the following criteria: (i) Medicare eligible; (ii) diagnosed with an emotional or physical disability; (iii) placed in the foster care system; (iv) Regional Center of Orange County (RCOC) program eligible; or (v) CCS Program eligible.

1.64 "Memorandum/Memoranda of Understanding" or "MOU" means agreements between CalOptima and external agencies, which delineates responsibilities for coordinating care to Members.

1.65 "Minimum Standards" means the minimum participation criteria established by CalOptima that must be satisfied in order for specified categories of Providers to submit claims and/or receive reimbursement from the CalOptima program (including Health Networks and CalOptima Direct) for items and/or services furnished to Members as described in CalOptima Policies.

1.66 "National Committee on Quality Assurance" or "NCQA" means the non-profit organization committed to evaluating and publicly reporting on the quality of managed care plans.

1.67 "Other Member" means a Medi-Cal beneficiary as determined by the County of Orange Social Services Agency, DHCS, or the United States Social Security Administration who is enrolled by the State in a CalOptima Program but is not enrolled in the HMO.

1.68 "Out-of-Network Provider" means a Provider who is not obligated by a written contract with HMO to provide Covered Services to Members.

1.69 "Outpatient Mental Health Services" means outpatient services that CalOptima will provide for members with mild to moderate mental health conditions including: individual or group mental health evaluation and treatment (psychotherapy); psychological testing when clinically indicated to evaluate mental health condition; psychiatric consultation for medication management; and outpatient laboratory, supplies and supplements.

1.70 "Participating Provider" means a Provider who is obligated by a written contract to provide Covered Services to Members on behalf of HMO. All Participating Providers shall be considered Subcontractors.

1.71 "Participation Status" means whether or not a person or entity is or has been suspended or excluded from participation in Federal and/or State health care programs and/or has a felony conviction as specified in CalOptima's Compliance Program and CalOptima Policies.

1.72 “Pediatric Preventive Services” or "PPS" means well child services, which incorporate services covered under the Medi-Cal CHDP Program and the American Academy of Pediatrics Guidelines for Health Supervision.

1.73 “Perinatal Support Services” or “PSS” means obstetrical services enhanced with those perinatal services that are incorporated in CPSP services and perinatal Care Management for pregnant and post-partum Members.

1.74 “Person-Centered Planning” means a highly individualized and ongoing process to develop individualized care plans that focus on a person’s abilities and preferences. Person-Centered Planning is an integral part of basic and Complex Case Management and discharge planning.

1.75 “PHC” and “PHCs” means a physician-hospital consortium/consortia.

1.76 Not Applicable to this Contract.

1.77 “Physician Incentive Plan” means any compensation arrangement between HMO and a physician or physician group designed to motivate physician or physician group that may directly or indirectly have the effect of reducing or limiting services furnished to Members.

1.78 “Practitioner” means a licensed practitioner, including a Doctor of Medicine (MD), Doctor of Osteopathy (DO), Doctor of Podiatric Medicine, Doctor of Chiropractic Medicine (DC), and a Doctor of Dental Surgery (DDS) furnishing Covered Services under medical benefits, as described in CalOptima Policies.

1.79 “Primary Care Physician” or “PCP” means a physician responsible for supervising, coordinating, and providing initial and primary care to patients and serves as the medical home for Members. The PCP is a general practitioner, internist, pediatrician, family practitioner, or obstetrician/gynecologist (OB/GYN). For SPD and CCS Members “Primary Care Physician” or “PCP” shall additionally mean any clinic or Specialist Physician who is a Participating Provider and is willing to perform the role of the PCP, provided that clinic or Specialist Physician is qualified to treat the required range of conditions of the Member.

1.80 “Provider” means a physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, health maintenance organization or other person or institution who furnishes health care items or services.

1.81 “Quality Indicators” means measurable variables relating to a specific clinical or health service delivery area, which are reviewed over a period of time to monitor the process or outcome of care delivered in that clinical area.

1.82 "Reinsurance" means coverage provided by CalOptima and any coverage secured by HMO, which limits the amount of risk or liability for the cost of providing Covered Services.

1.83 "Screening, Brief Intervention, and Referral to Treatment (SBIRT)" means services provided by a primary care HMO to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol and illicit drugs.

1.84 "Sensitive Services" means those services related to Family Planning, sexually transmitted disease (STD), abortion and Human Immunodeficiency Virus testing.

1.85 Not Applicable to this Contract.

1.86 "SPD Member" means Members in Seniors and Persons with Disabilities Aid Codes

1.87 "Specialist Physician" or "Specialist" means a physician who has completed advanced education and clinical training in a specific area of medicine or surgery.

1.88 "Specialized Durable Medical Equipment" means durable medical equipment that is uniquely constructed from raw materials or substantially modified from the base material solely for the full-time use of a specific Member, according to a physician's description and orders; is made to order or adapted to meet the specific needs of the Member; and is so uniquely constructed, adapted, or modified that it is unusable by another individual, and is so different from another item used for the same purpose that the two could not be grouped together for pricing purposes.

1.89 "Specialty Mental Health Provider" means a person or entity who is licensed, certified or otherwise recognized or authorized under the State law governing the healing arts to provide Specialty Mental Health Services and who meets the standards for participation in the Medi-Cal program. Specialty Mental Health Providers include but are not limited to clinics, hospital outpatient departments, certified residential treatment facilities, skilled nursing facilities, psychiatric health facilities, hospitals, and licensed mental health professionals, including psychiatrists, psychologists, licensed clinical social workers, marriage, family and child counselors, therapists and registered nurses authorized to provide Specialty Mental Health Services.

1.90 "Specialty Mental Health Services" means:

1.90.1 Rehabilitative services which include mental health services, medication support services, day treatment intensive services, day rehabilitation, crisis intervention, crisis stabilization, adult residential treatment services, crisis residential services and psychiatric health facility services;

1.90.2 Psychiatric inpatient hospital services;

1.90.3 Targeted Care Management services;

1.90.4 Psychiatrist services;

1.90.5 Psychologist services; and

1.90.6 EPSDT supplemental specialty mental health services.

1.91 "Stabilize" or "Stabilized" means with respect to an Emergency Medical Condition, to provide such medical treatment of the condition to assure, within reasonable medical probability, that no material deterioration of the condition is likely to result from, or occur during, the transfer of the individual from a facility, or in the case of a pregnant woman, that the woman has delivered the child and the placenta.

1.92 "State" means the State of California.

1.93 "State Contract" means the written agreement between CalOptima and the State pursuant to which CalOptima is obligated to arrange and pay for the provision of Covered Services to certain Medi-Cal beneficiaries in Orange County, California.

1.94 "Subcontract" means an agreement entered into by the HMO with a Provider who agrees to furnish Covered Services to Members, or any other organization or person who agrees to perform any administrative function or service for HMO specifically related to fulfilling HMO's obligations to CalOptima under the terms of this Contract.

1.95 "Subcontractor" means a Provider or any organization or person who has entered into a Subcontract with HMO. All delegates are Subcontractors, but not all Subcontractors shall be considered delegates.

1.96 "Sub-delegation" means the process by which HMO expressly grants, by formal written agreement, to another entity the authority to carry out a function that would otherwise be required to be performed by HMO in order to meet its obligations under, and the intent of this Contract.

1.97 "Threshold Languages" means those languages as determined by State requirements per MMCD Policy Letter 99-03, or any update or revision thereof.

1.98 "Urgent Care Services" means Covered Services required to prevent serious deterioration of health following the onset of an unforeseen condition or injury for which treatment cannot be delayed.

1.99 "Vaccines for Children" or "VFC" means the federal program, which provides free vaccines for eligible populations. Medi-Cal covered children, ages eighteen (18) years and younger, are eligible for free vaccines under this program.

1.100 "Whole Child Model Program" or "WCM" means CalOptima's WCM program whereby CCS will be a Medi-Cal managed care plan benefit with the goal being to improve health care coordination for the whole child, rather than handle CCS Eligible Conditions separately.

ARTICLE 2
Obligations of HMO – Financial

2.1 Not Applicable to this Contract.

2.2 INDEMNIFICATION --- Each party to this Contract agrees to defend, indemnify and hold each other and the State harmless, with respect to any and all Claims, costs, damages and expenses, including reasonable attorney's fees, which are related to or arise out of the negligent or willful performance or non-performance by the indemnifying party, or any functions, duties or obligations of such party under this Contract. Neither termination of the Contract nor completion of the acts to be performed under this Contract shall release any party from its obligation to indemnify as to any claims or cause of action asserted so long as the event(s) upon which such claims or cause of action is predicated shall have occurred prior to the effective date of termination or completion

2.3 INSURANCE REQUIREMENTS:

2.3.1 Professional/Medical Malpractice:
Each Participating Provider providing Covered Services to Members shall maintain a Professional Liability (Medical Malpractice) Insurance policy for the specialty or type of service which the Participating Provider provides with minimum limits as follows:

PCP or Specialist Physician:
$1,000,000 per incident/$3,000,000 aggregate

Hospital providing covered services:
$5,000,000 per incident/$5,000,000 aggregate

2.3.2 Commercial General Liability/Commercial Automobile Liability:
HMO and each Participating Provider shall maintain a Commercial General Liability Insurance policy and a Commercial Automobile Liability Insurance policy with minimum limits as follows:

Commercial General Liability:
$1,000,000 per occurrence/$3,000,000 aggregate
Commercial Automobile Liability:
$1,000,000 Combined Single Limit

CalOptima must be named as an additional insured on Comprehensive General Liability and Automobile Liability insurance with respect to performance under this Contract.

2.3.3 Workers' Compensation:
HMO and each Participating Provider shall maintain a Workers' Compensation Insurance policy with minimum limits as follows:

Employers' Liability Insurance:
$1,000,000 Bodily Injury by Accident - each accident
$1,000,000 Bodily Injury by Disease - policy limit
$1,000,000 Bodily Injury by Disease - each employee

2.3.4 Managed Care Errors and Omissions:
HMO shall maintain a Managed Care Errors and Omissions Insurance policy with minimum limits as follows:

Managed Care Errors and Omissions:
$5,000,000 each claim/$5,000,000 aggregate

2.3.5 Insurer Ratings: Such insurance shall be provided by an insurer:

(a) rated by A.M. Best with a rating of A V or better; and
(b) "admitted" to do business in California or an insurer approved to do business in California by the California Department of Insurance and listed on the Surplus Lines Association of California List of Eligible Surplus Lines Insurers (LESLI); or
(c) an Unincorporated Interindemnity Trust Arrangement as authorized by the California Insurance Code 12180.7

2.3.6 Captive Risk Retention Group/Self Insured: Where any of the Insurance(s) mentioned in this Section are provided by a Captive Risk Retention Group or self-insured, insurer ratings requirements above may be waived at the sole discretion of CalOptima, but only after review of the Captive Risk Retention Group's or self-insured's audited financial statements.

2.3.7 Cancellation or Material Change: The HMO shall not of its own initiative cause such insurance as addressed in this Article to be cancelled or materially changed during the term of this Contract.

2.3.8 Proof of Insurance: Certificates of Insurance of the above Insurance policies and/or evidence of self-insurance shall be provided to CalOptima prior to execution of the Contract and annually thereafter.

2.4 REIMBURSEMENT FOR CERTAIN COVERED SERVICES PROVIDED BY LOCAL HEALTH DEPARTMENT---HMO shall reimburse the Local Health

Department (LHD) on a FFS basis, according to the current Medi-Cal Fee Schedule, for certain Covered Services provided to Members, in accordance with CalOptima Policy. This Section shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

2.5 HMO FINANCIAL RESPONSIBILITY FOR MEDICAL SUPPLY ITEMS --- HMO shall be responsible for authorizing all injectable medications, or medications in an implantable dosage form which shall be reimbursed as set forth in Attachment A, Division of Financial Responsibility.

2.5.1 AS SET FORTH IN ATTACHMENT A, the Division of Financial Responsibilities, HMO shall also be financially responsible for authorizing and paying for Medical Supplies and durable medical equipment with the exception of certain Medical Supplies as set forth in Attachment C.

2.5.2 This Section shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

2.6 SKILLED NURSING FACILITY FINANCIAL RESPONSIBILITY --- HMO shall be financially responsible for Skilled Nursing Facility services daily rate when such services are determined by CalOptima to be in-lieu of acute hospitalization.

2.7 PAYMENTS TO PROVIDERS ---

2.7.1 Capitation Payments - HMO and/or Subcontractors shall distribute monthly capitation payments to capitated Participating Providers within fifteen (15) calendar days following the date on which HMO receives payment from CalOptima.

2.7.2 Claims Turnaround Time - HMO shall reimburse Complete Claims, or any portion of any Complete Claim, for Covered Services, as soon as practical, but no later than thirty (30) calendar days after receipt of the claim by HMO, unless the claim or portion thereof is reasonably contested by HMO, in which case the claimant shall be notified in writing that the claim is contested or denied within forty-five (45) business days after receipt of the claim by HMO in accordance with CalOptima Policy.

2.7.3 Claims Adjudication – Except as provided in this Section, HMO shall accept and adjudicate claims for Covered Services provided to Members in accordance with the provisions of Sections 1371, 1371.1, 1371.2, 1371.22, 1371.35, 1371.36, 1371.37, 1371.38, 1371.4 and 1371.8 of the California Health & Safety Code, and Sections 1300.71, 1300.71.38, 1300.71.4, and 1300.77.4 of Title 28 of the California Code of Regulations and CalOptima

Policies. Waiver of any right or obligation specific to the Health and Safety Code and Title 28 related to claims processing and payment shall be prohibited.

2.7.4 Dispute Resolution - HMO shall establish and maintain a fair, fast and cost-effective dispute resolution mechanism to process and resolve provider disputes in accordance with the provisions of Sections 1371, 1371.1, 1371.2, 1371.22, 1371.35, 1371.36, 1371.37, 1371.38, 1371.4 and 1371.8 of the California Health & Safety Code, and Sections 1300.71, 1300.71.38, 1300.71.4, and 1300.77.4 of Title 28 of the California Code of Regulations and CalOptima Policies.

2.7.5 Right Of Appeal - HMO shall afford Providers an unconditional right of appeal and de novo review for claims disputes involving issues of Medical Necessity. Any Provider that submits a claim dispute to HMO's dispute resolution mechanism involving an issue of medical necessity or utilization review shall have an unconditional right of appeal for that claim dispute to CalOptima's dispute resolution process for a de novo review and resolution for a period of sixty (60) working days from HMO's Date of Determination.

2.7.6 CalOptima Payment On Behalf Of HMO

2.7.6.1 If CalOptima receives a copy of an unpaid Complete Claim as part of a Provider grievance that is thirty (30) working days old or more, CalOptima will follow all notification and acknowledgement procedures pursuant to CalOptima Policies.

2.7.6.2 If HMO does not either notify CalOptima that the claim is reasonably contested, as set forth in CalOptima Policies, or pay the Complete Claim within the thirty (30) working day period, CalOptima shall pay the Claim on behalf of HMO, plus interest, as required by the Knox-Keene Act, and deduct the amounts reimbursed, plus processing costs, from the Capitation payment, in accordance with CalOptima Policy.

2.7.7 Assumption of Delegated Functions.

2.7.7.1 Assumption Of Claims Processing. In the event that HMO fails to timely and accurately reimburse its claims (including the payment of interest and penalties), CalOptima may, at its sole discretion, either assume responsibility from HMO for claims payment, or terminate this Contract as provided for in Section 13.1 of this Contract. CalOptima's assumption of responsibility for the processing and timely reimbursement of Provider claims may be altered to the extent that HMO has established an approved

corrective action plan consistent with Section 1375.4 (b)(4) of the Health and Safety Code.

2.7.7.2 Assumption Of Dispute Resolution. In the event that HMO fails to resolve its Provider disputes in a timely manner, CalOptima may, at its sole discretion, assume responsibility from HMO for dispute resolution, or terminate this Contract as provided for in Section 13.1 of this Contract.

2.7.7.3 Recoupment Of Costs For Assumption Of Claims Processing And/Or Dispute Resolution. CalOptima, at its sole and absolute discretion, may reduce HMO Capitation Rate to recoup additional administrative costs for the assumption of the claims processing and/or dispute resolution responsibilities of HMO, as described in this Section, as well as any amounts, including interest due, on claims unpaid at the assumption of responsibilities by CalOptima.

2.7.8 Quarterly Claims Payment Performance Report.

2.7.8.1 HMO shall submit, in a format specified by CalOptima Policies, a Quarterly Claims Payment Performance Report ("Quarterly Claims Report") to CalOptima within thirty (30) calendar days of the close of each calendar quarter. The Quarterly Claims Report shall, at a minimum, disclose HMO's compliance status with Sections 1371, 1371.1, 1371.2, 1371.22, 1371.35, 1371.36, 1371.37, 1371.4 and 1371.8 of the California Health and Safety Code and Sections 1300.71, 1300.71.38, 1300.71.4 and 1300.77.4 of Title 28 of the California Code of Regulations.

2.7.8.2 HMO shall ensure that each Quarterly Claims Payment Performance Report is signed by, and includes the written verification of, a principal officer, as defined by Section 1300.45(o) of Title 28 of the California Code of Regulations, of HMO, stating that the report is true and correct to the best knowledge and belief of the principal officer.

2.7.8.3 HMO's Quarterly Claims Payment Performance Report shall include a tabulated record of each Provider dispute it received, categorized by date of receipt, and including the identification of the Provider, type of dispute, disposition and working days to resolution, as to each Provider dispute received. Each individual dispute contained in a Provider's bundled notice of Provider dispute shall be reported as a separate dispute to CalOptima.

2.7.9 Forwarding of Misdirected Claims

2.7.9.1 HMO shall have the ability to receive a standard ANSI 837I and ANSI 837P claim file format for retrieving misrouted claims that are the financial responsibility of the HMO group. HMO will receive misdirected claims per CalOptima Policy.

2.7.9.2 HMO shall have the ability to create a standard ANSI 837I and ANSI 837P claim file for forwarding claims that are the financial responsibility of CalOptima within 10 working days of receipt of the claim. CalOptima shall receive these files per CalOptima Policy, and load them into their system to ensure timely claims processing.

2.7.10 FQHCs Payments - If FQHC, HMO shall reimburse the FQHC at a rate comparable to any other Subcontract arrangement for similar services

2.7.11 American Indian Health Service Payments - HMO shall reimburse American Indian Health Care Provider(s) for Covered Services provided to Members who are qualified to receive services from an American Indian Health Care Provider. HMO shall reimburse American Indian Health Care Provider at a rate comparable to any other Subcontract arrangement for similar services.

2.7.12 Certified Nurse Midwife (CNM) and Certified Nurse Practitioner (CNP) Payments - If there are no CNMs or CNPs in HMO's provider network, HMO shall reimburse non-contracting CNMs or CNPs for services provided to Members at no less than XX (xx%) of the Medi-Cal fee schedule as identified in CalOptima Policy.

2.7.13 Family Planning Provider Payments - HMO shall reimburse non-contracting family planning providers at no less than XX (xx%) of the Medi-Cal fee schedule as identified in CalOptima Policy. HMO shall reimburse non-contracting family planning providers for services provided to Members of childbearing age to temporarily or permanently prevent or delay pregnancy.

2.7.14 Sexually Transmitted Disease Treatment Payments - HMO shall reimburse local health departments and non-contracting family planning providers at no less than XX (xx%) of the Medi-Cal fee schedule as identified in CalOptima Policy, for the diagnosis and treatment of a STD episode, as defined in MMCD Policy Letter No. 96-09. HMO may elect to provide reimbursement only if STD treatment providers provide treatment records or documentation of the Member's refusal to release Medical Records to HMO along with billing information.

2.7.15 HIV Testing and Counseling Payments - HMO shall reimburse local health departments and non-contracting family planning providers at no less than XX (xx%) of the Medi-Cal fee schedule as identified in CalOptima Policy. HMO

shall provide reimbursement only if local health departments and non-contracting family planning providers make all reasonable efforts, consistent with current laws and regulations, to report confidential test results to HMO.

2.7.16 Information Disclosures To Participating Providers. HMO shall provide to all Participating Providers, initially upon contracting and annually thereafter on or before the Contract anniversary date, and at any time upon request from a Participating Provider, in an electronic format as defined and detailed in CalOptima Policies, the following:

2.7.16.1 A complete fee schedule.

2.7.16.2 Payment policies and nonstandard coding methodologies used to adjudicate claims.

2.7.17 Provider Payments-

2.7.17.1 HMO shall reimburse contracted Specialist Physician for Covered Services rendered to Members on an aggregate basis, at an amount equal to or greater than XX (xx%) of the Medi-Cal fee schedule except for those members specified below.

2.7.17.2 In addition to the requirements in this Contract, effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, HMO shall compensate CCS paneled physicians and surgeons providing CCS Services to CCS eligible Members at rates that are equal to or exceed the applicable Medi-Cal Program CCS fee-for-service rates, unless the physician or surgeon enters into an agreement on an alternative payment methodology mutually agreed to by HMO and the physician and surgeon.

2.7.17.3 For CCS neonatal intensive care units, HMO shall pay the CCS Provider either the equivalent of Medi-Cal fee-for-service rates, such as the All Patient Refined Diagnosis Related Group (APR-DRG) rates or other established rates, or HMO's negotiated rates, whichever is higher, for up to 12 months after the transition.

2.7.18 This Section shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

2.8 THIRD PARTY TORT LIABILITY/ESTATE RECOVERY --- HMO shall make no claim for the recovery of the value of Covered Services rendered to a Member when such recovery would result from an action involving tort liability of a third party,

recovery from the estate of deceased Member, Workers' Compensation, or casualty liability insurance awards and uninsured motorist coverage. HMO shall inform CalOptima of potential third party liability claims, and provide information relative to potential third party liability claims, in accordance with CalOptima Policy.

2.9 OTHER HEALTH COVERAGE (OHC) --- HMO shall cost avoid or make post-payment recovery for the reasonable value of Covered Services paid by HMO and rendered to Members whenever a Member's OHC covers the same Covered Services, either fully or partially. In no event shall HMO cost avoid or seek post-payment recovery for the reasonable value of Covered Services from a Third Party Tort Liability Action or make a claim against the estates of deceased Members. HMO shall coordinate benefits with other programs or entitlements recognizing OHC as primary coverage and Medi-Cal as the payor of last resort. HMO shall not undertake cost avoidance or post-payment recovery except on the basis of OHC reflected in an OHC code reflected in the Medi-Cal eligibility records.

2.9.1 Cost Avoidance - If HMO reimburses a Provider on a Fee-for-Service basis, HMO shall not pay claims for Covered Services to a Member whose Medi-Cal eligibility indicates third party coverage, designated by an OHC code without proof that the Provider has first exhausted all benefits of other liable parties. Proof of third party billing is not required before payment for services provided to Members with OHC codes A or N.

2.9.2 Post-Payment Recovery - If HMO reimburses a Provider on a Fee-for-Service basis, HMO shall pay the Provider's claims and then seek to recover the cost of the claim by billing liable third parties for services provided to Members with OHC codes A or N; for services defined by DHCS as prenatal or PPS, or in child support enforcement cases. If HMO does not have sufficient information to determine whether or not OHC is the result of child support enforcement case, then HMO shall follow the procedure above for cost avoidance. If HMO does not reimburse a Provider on a Fee-for-Service basis, then HMO shall pay for Covered Services to a Member whose Medi-Cal eligibility indicates third party coverage, designated by an OHC code or Medicare coverage, and then shall bill the liable third parties for the cost of actual Covered Services rendered.

2.9.3 HMO shall have written policies implementing these requirements.

2.9.4 HMO shall submit monthly reports to CalOptima identifying OHC in accordance with CalOptima Policies.

2.9.5 HMO shall maintain reports that display claims counts and dollar amounts of costs avoided and the amount of Post-Payment Recoveries, by aid category, as well as the amount of outstanding recovery claims (accounts receivable) by age of account. Reports shall be made available upon CalOptima request.

2.9.6 HMO shall identify OHC unknown to DHCS within ten (10) days of discovery to CalOptima in accordance with CalOptima Policies.

2.9.7 HMO shall demonstrate to CalOptima that where HMO does not Cost Avoid or perform Post-Payment Recovery that the aggregate cost of this activity exceeds the total revenues HMO projects it would receive from such activity.

2.9.8 This Section shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination. This Section shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

2.10 MEDICAL LOSS RATIO --- HMO shall maintain a minimum acceptable medical loss ratio as defined by CalOptima Policies of eighty-five percent (85%).

2.11 FINANCIAL VIABILITY STANDARDS AND REPORTING --- HMO shall maintain a cash-to-claims ratio of no less than .75 at all times during this Contract. HMO shall substantiate compliance with this requirement by submitting all applicable reports to the Department of Managed Health Care.

2.12 COOPERATION WITH DMHC --- HMO shall fully cooperate and comply with the Department of Managed Health Care's review and audit process, and permit DMHC to obtain and evaluate supplemental financial information related to HMO. HMO shall also fully cooperate and participate in DMHC's Corrective Action Plan (CAP) process.

2.13 Not Applicable to this Contract.

ARTICLE 3
Obligations of HMO - Administrative

3.1 STATUTORY REQUIREMENTS --- HMO shall retain at all times during the period of this Contract a valid restricted Knox-Keene license issued by the California Department of Managed Health Care (DMHC).

3.2 EQUAL OPPORTUNITY

3.2.1 HMO and its Subcontractors will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. HMO and its Subcontractors will take affirmative action to ensure that qualified applicants are employed, and that employees are

treated during employment, without regard to their race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and career development opportunities and selection for training, including apprenticeship. HMO and its Subcontractors agree to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Federal Government or DHCS, setting forth the provisions of the Equal Opportunity clause, Section 503 of the Rehabilitation Act of 1973, and the affirmative action clause required by the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212). Such notices shall state HMO and its Subcontractors' obligation under the law to take affirmative action to employ and advance in employment qualified applicants without discrimination based on their race, color, religion, sex, national origin physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era and the rights of applicants and employees.

3.2.2 HMO and its Subcontractors will, in all solicitations or advancements for employees placed by or on behalf of HMO and its Subcontractors, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era.

3.2.3 HMO and its Subcontractors will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding a notice, to be provided by the Federal Government or the State, advising the labor union or workers' representative of HMO and its Subcontractors' commitments under the provisions herein and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

3.2.4 HMO and its Subcontractors will comply with all provisions of and furnish all information and reports required by Section 503 of the Rehabilitation Act of 1973, as amended, the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212) and of the Federal Executive Order No. 11246 as amended, including by Executive Order 11375, ‘Amending Executive Order 11246 Relating to Equal Employment Opportunity,’ and as supplemented by regulation at 41 CFR part 60, “Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor,” and of the rules, regulations, and relevant orders of the Secretary of Labor.

3.2.5 HMO and its Subcontractors will furnish all information and reports required by Federal Executive Order No. 11246 as amended, including by Executive

Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and the Rehabilitation Act of 1973, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the State and its designated representatives and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

3.2.6 In the event of HMO and its Subcontractors' noncompliance with the requirements of the provisions herein or with any federal rules, regulations, or orders which are referenced herein, this Contract may be cancelled, terminated, or suspended in whole or in part, and HMO and its Subcontractors may be declared ineligible for further federal and state contracts, in accordance with procedures authorized in Federal Executive Order No. 11246 as amended, and such other sanctions may be imposed and remedies invoked as provided in Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

3.2.7 HMO and its Subcontractors will include the provisions of Sections 3.2.1 through 3.2.7 in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor, issued pursuant to Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or Section 503 of the Rehabilitation Act of 1973 or (38 U.S.C. 4212) of the Vietnam Era Veteran's Readjustment Assistance Act, so that such provisions will be binding upon each Subcontractor or vendor. HMO and its Subcontractors will take such action with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs or DHCS may direct as a means of enforcing such provisions, including sanctions for noncompliance, provided, however, that in the event HMO and its Subcontractors become involved in, or are threatened with litigation by a Subcontractor or vendor as a result of such direction by DHCS, HMO and its Subcontractors may request in writing to DHCS, who, in turn, may request the United States to enter into such litigation to protect the interests of the State and of the United States.

3.3 MARKETING GUIDELINES --- HMO shall comply with the marketing guidelines set forth in CalOptima Policies.

3.4 CALOPTIMA LOGO --- HMO shall display the CalOptima logo on all HMO's written communication to Members pursuant to CalOptima Policies, and in a manner such that it is clear to the Member that the communication is referring to the CalOptima program. HMO shall not otherwise use CalOptima's logo for any business unrelated to this Contract.

3.5 MEMBER INQUIRIES AND CALLS --- HMO shall establish and maintain a call center for receiving and responding to Member inquiries and calls. HMO's call center shall meet requirements established by CalOptima Policies. HMO shall equip and furnish call center including but not limited to appropriate telephone equipment and systems, so as to assure HMO shall supply reports of call center performance as required by CalOptima Policies.

3.6 WRITTEN MATERIALS --- Except as otherwise provided in this Contract, HMO shall ensure that all written Member information provided by HMO to Members is provided at a sixth grade reading level, or as determined appropriate through the CalOptima group needs assessment and approved by DHCS. The written Member information shall ensure Members' understanding of the health plan covered services, processes and ensure the Member's ability to make informed health decisions. Written Member informing materials, shall be translated into the identified Threshold and Concentration Languages. Written Member informing materials shall be provided in alternative formats (including Braille, large size print, or audio format) upon request and in a timely fashion appropriate for the format being requested. HMO shall establish policies and procedures to enable Members to make a standing request to receive all informing material in a specified alternative format.

3.7 COMPLAINTS AND GRIEVANCES ---

3.7.1 Member Grievance Procedures - Members or Members' authorized representative may file grievances about any aspect of service delivery provided or arranged by HMO. HMO shall implement and comply with CalOptima Policies relating to Member grievances. HMO shall take no punitive action of any kind, and shall ensure that no Subcontractor takes any punitive action of any kind, against a Participating Provider or Subcontractor who either requests an expedited review or supports a Member's appeal.

3.7.2 Provider Grievance Procedures - Providers may file grievances about any aspect of service delivery provided or arranged by HMO. HMO shall implement and comply with CalOptima Policies relating to Provider grievances.

3.8 SUB-DELEGATION AND SUBCONTRACTING OF ADMINISTRATIVE SERVICES. Except as otherwise limited by the State Contract, this Contract and/or

CalOptima Policies and subject to CalOptima's prior written approval, HMO may sub-delegate to an MSO, medical group, and/or IPA administrative functions required of HMO but shall not absolve HMO of oversight responsibilities. All sub-delegation must be approved by CalOptima. HMO shall obtain approval of sub-delegation from CalOptima pursuant to the process detailed in CalOptima Policies. HMO's Sub-delegation to another entity does not alter HMO's ultimate obligation and responsibilities set forth in this Contract. HMO may give a sub-delegate the authority to act on behalf of HMO; but HMO retains oversight and accountability for the sub-delegated function. Accountability means that HMO cannot abdicate responsibility for the function being performed according to the requirements of this Contract, HMO's standards and those established by this Contract and CalOptima Policies. HMO is accountable for all functions performed in its purview whether by HMO, by any sub-delegate or by any sub-sub-delegate. If HMO chooses to sub-delegate a function, HMO must demonstrate that it has not compromised its ability to evaluate structures and processes and to achieve required performance across its Membership and provider network. At a minimum, HMO shall provide CalOptima no later than one hundred twenty (120) days prior to the proposed effective date of the sub-delegation, with written evidence of the sub-delegation including:

3.8.1 A copy of the written agreement which meets the requirements of this Section and which describes the relationship between the HMO and the sub-delegate entity including the following information:

3.8.1.1 The sub-delegated functions;

3.8.1.2 The responsibilities of the HMO and the sub-delegate entity;

3.8.1.3 The frequency of the sub-delegate entity's performance;

3.8.1.4 The process by which the HMO evaluates the sub-delegate entity's performance; and

3.8.1.5 The HMO's remedies if the sub-delegate entity fails to fulfill its obligations including revocation of the sub-delegation.

3.8.2 A description of the HMO's process by which the sub-delegate entity was evaluated and selected to perform the sub-delegated functions, including the entity's score on a selection tool (if any).

3.8.3 A record of the HMO's ongoing oversight process, as requested by CalOptima including:

3.8.3.1 The HMO's annual evaluation of whether the entity is performing the sub-delegated functions in accordance with this Contract and NCQA standards;

3.8.3.2 The HMO's review of the sub-delegate entity's regular reports; and

3.8.3.3 Reports and data required to be submitted to CalOptima.

3.8.4 HMO shall terminate as soon as practical to meet the health care needs of Members, upon receiving written notification from CalOptima, any sub-delegation that fails to meet standards established by CalOptima and/or any of the requirements in this Contract or in CalOptima Policies.

3.8.5 HMO shall report to CalOptima in accordance with all requirements established in this Contract and in CalOptima Policies, data and information that includes and encompasses all of HMO's Members, including those receiving services from a sub-delegate of HMO.

3.8.6 HMO shall oversee and monitor its sub-delegates, and audit sub-delegates no less than once in any twelve- (12) month period. HMO shall establish standards and performance requirements for sub-delegate function(s) and requirements for sub-delegates shall require sub-delegate to meet or exceed all requirements of HMO in this Contract and in CalOptima Policies. HMO may be exempt from oversight, monitoring and auditing of sub-delegate if the sub-delegate is:

3.8.6.1 Contracted directly with CalOptima as a Health Network, or as a participant in a Health Network (i.e. a Shared Risk Group, PHC Physician Group, or PHC Hospital), or

3.8.6.2 NCQA accredited or certified for the function(s) sub-delegated by HMO to sub-delegate.

3.8.7 Sub-delegates failing to meet performance requirements shall be placed on a Corrective Action Plan (CAP). The CAP shall detail sub-delegate's deficiencies; list specific steps, tasks and activities to bring sub-delegate into compliance; and a timeline for completion of corrective action and to achieve compliance with performance requirements. HMO shall notify CalOptima of any sub-delegate providing services to CalOptima Members that is on a CAP. HMO shall provide CalOptima a copy of the CAP if requested.

3.9 SUBCONTRACTS --- HMO may Subcontract for certain functions covered by this Contract subject to the requirements of this Contract. HMO is required to ensure that all Subcontracts are in writing and include any general requirements of this Contract and all provisions required by this Contract to be incorporated into Subcontracts. HMO is required to inform CalOptima of the name and business addresses of all Subcontractors and notify CalOptima of any changes in Subcontractors within thirty (30) days of execution or change of Subcontract. All subcontracting with an offshore

entity must be approved by CalOptima prior to execution of the Subcontract. Additionally, HMO shall require all Subcontracts that relate to the provision of Covered Services, include the following:

3.9.1 An agreement to make all premises, facilities, equipment, books, records, contracts, computer, and other electronic systems of the Subcontractor pertaining to the goods and services furnished by Subcontractor under the Subcontract, available for an audit, inspection, evaluation, examination or copying in accordance with Sections 3.18 to 3.20 of this Contract;

3.9.2 An agreement to maintain such books and records in accordance with any record requirements in this Contract and CalOptima Policies, and for the establishment and maintenance of and access to Medical and Administrative Records as set forth in Section 3.17 to 3.22 of this Contract;

3.9.3 Requirements for cultural and linguistic sensitivity and provision of interpreter services to be provided as set forth in Sections 3.33 and 3.34 of this Contract;

3.9.4 An agreement to submit provider data, encounter data, and reports relating to the Subcontract in accordance with Sections 7.2, 7.10, and 7.11 of this Contract, and to gather, preserve, and provide any records in the Subcontractor's possession in accordance with Sections 3.21 and 3.21.1 of this Contract;

3.9.5 An agreement to maintain and make available to DHCS, CalOptima, and/or HMO, upon request, all sub-subcontracts relating to the Subcontract, and to ensure that all sub-subcontracts are in writing and require the sub-subcontractors to comply with the requirements set forth in Section 3.45 of this Contract;

3.9.6 An agreement requiring compliance with any MOU entered into by CalOptima, which are binding on the HMO;

3.9.7 An agreement requiring Subcontractors to provide Covered Services to CalOptima Members in the same manner as those services are provided to other patients;

3.9.8 An agreement to comply with all provisions of this Contract with respect to providing Emergency Services and State Contract (Exhibit A, Attachment 8, Provision 13) for those Subcontractors at risk for non-contracting Emergency Services;

3.9.9 An agreement that Subcontractors shall notify HMO of any investigations into Subcontractor's professional conduct, or any suspension of or comment

on a Subcontractor's professional licensure, whether temporary or permanent;

3.9.10 An agreement to comply with (a) CalOptima's Compliance Program including, without limitation, CalOptima Policies; (b) any DHCS Medi-Cal Provider Bulletins and Manuals; and (c) all applicable requirements of the DHCS Medi-Cal Managed Care Program, including, but not limited to, the Medi-Cal Managed Care Division Policy Letters and All Plan Letters;

3.9.11 An agreement that Participating Providers comply with the CalOptima Approved Drug List.

3.9.12 An agreement requiring Subcontractors to sign a Declaration of Confidentiality, which shall be signed by and filed with DHCS prior to the Subcontractors being allowed access to computer files or any other data or files, including identification of individual Members;

3.9.13 An agreement to hold harmless the State, Members and CalOptima, in the event HMO cannot or will not pay for services performed by the Subcontractor pursuant to the Subcontract, and to prohibit Subcontractors from balance billing a Member as set forth in Section 4.1.9 of this Contract;

3.9.14 An agreement to assist and cooperate with HMO and/or CalOptima in the transfer of care of a Member in the event of termination of the State Contract, Contract, or Subcontract, for any reason in accordance with Sections 8.2 and 8.2.1 of this Contract;

3.9.15 In the event that HMO implements and maintains a Physician Incentive Plan, it shall ensure that: (A) no specific payment is made directly or indirectly under the incentive plan to a physician or physician group as an inducement to reduce or limit Medically Necessary Covered Services provided to an individual Member; and (B) the stop-loss protection (reinsurance), beneficiary survey, and disclosure requirements of 42 CFR § 417.479, 42 CFR § 422.208, and 42 CFR § 422.210 are met by HMO.

3.9.16 Subcontractor shall comply with all monitoring provisions of this Contract and the State Contract and any monitoring requests by CalOptima and DHCS.

3.9.17 Services to be provided by the Subcontractor, term of the Subcontract (beginning and end dates), methods of extension, renegotiation, termination, and full disclosure of the method and amount of compensation or other consideration to be received by the Subcontractor;

3.9.18 Subcontract or its amendments are subject to DHCS approval as provided in the State Contract, and the Subcontract shall be governed by and construed in accordance with all laws and applicable regulations governing the State Contract;

3.9.19 An agreement (a) that the assignment or delegation of the Subcontract will be void unless prior written approval is obtained pursuant to Section 14.10 of this Contract, and (b) to notify DHCS in a manner provided in Section 8.4 of the Contract in the event the Subcontract is amended or terminated;

3.9.20 An agreement to participate and cooperate in quality improvement systems as set forth in Section 6.4 of the Contract, and if HMO delegates quality improvement activities to the Subcontractor, the Subcontract must include the requirements set forth in the State Contract (Exhibit A, Attachment 4, Provision 6), and Sections 3.8 and 6.4 of the Contract (including the Delegation Acknowledgement and Acceptance Agreement);

3.9.21 An agreement to the revocation of the delegation of activities or obligations under the Subcontract or other specified remedies, in accordance with Section 3.46 of this Contract, in instances where DHCS, CalOptima, and/or HMO determines that the Subcontractor has not performed satisfactorily;

3.9.22 If and to the extent Subcontractor is responsible for the coordination of care of Members, an agreement to comply with Sections 6.11.9 and 14.12 of the Contract;

3.9.23 Subcontractors shall have access to CalOptima's dispute resolution mechanism in accordance with Section 10.10 of this Contract;

3.9.24 An agreement by the HMO to notify the Subcontractor of prospective requirements and the Subcontractor's agreement to comply with the new requirements, in accordance with Section 13.12 of the Contract; and

3.9.25 An agreement that Subcontractors are entitled to the protections of the Health Care Provider's Bill of Rights, California Health and Safety Code section 1375.7, in the administration of the Subcontract relative to the Medi-Cal program.

3.10 HMO ORGANIZATION AND OPERATIONS STRUCTURE --- HMO shall comply with the organization and operations structure requirements of applicable laws and regulations. Without limiting the foregoing, HOM shall maintain a full time physician as Medical Director/Chief Medical Officer (CMO) whose responsibilities shall include, but not limited to, the following:

3.10.1 Ensuring that medical decision are: (i) rendered by qualified medical personnel, and (ii) are not unduly influenced by fiscal or administrative management considerations.

3.10.2 Ensuring that the medical care provided meets the standards for acceptable medical care.

3.10.3 Ensuring that medical protocols and rules of conduct for plan medical personnel are followed.

3.10.4 Developing and implementing medical policy.

3.10.5 Resolving grievances related to medical quality of care.

3.10.6 Direct involvement in the implementation of Quality Improvement activities.

3.10.7 Actively participate in the functioning of the grievance and appeal procedures.

3.11 ENROLLMENT --- HMO shall accept as Members all persons indicated by CalOptima's information system and through regular transmission from CalOptima to HMO.

3.12 PCP ASSIGNMENT --- HMO shall assign Members who have been automatically assigned to HMO by CalOptima to a PCP within seven (7) days of the Member's assignment to HMO.

3.13 REQUIRED ENROLLMENT INFORMATION AND NOTICE --- HMO shall mail to a Member or Member's head of household a notice of enrollment and a HMO Member handbook or CalOptima approved supplement to the CalOptima Member handbook no later than seven (7) calendar days after receipt of notification that a Member has been enrolled with HMO. All member handbooks and supplements prepared by HMO shall be submitted to CalOptima for approval prior to printing. HMO shall not distribute to Members materials not approved by CalOptima. All materials shall be professionally produced and presented.

3.13.1 Should HMO choose to utilize the CalOptima Member handbook, HMO-specific information on each topic as defined by CalOptima Policies must be included in a CalOptima approved supplement to the CalOptima Member handbook given to all HMOs' CalOptima Members. CalOptima shall provide HMO with a template for the supplement to the CalOptima member handbook.

3.13.2 If HMO chooses to produce and use a Member handbook other than the CalOptima Member handbook, in addition to the requirements in this Contract, HMO's Member handbook shall contain all information included in the

CalOptima Member handbook and HMO-specific information on each topic as defined by CalOptima Policies.

3.13.3 HMO shall provide Members with periodic updates, as needed, explaining changes in the above policies or services. CalOptima shall approve all updates prior to printing. HMO shall also provide one (1) copy of its enrollment information including its HMO Member handbook or supplement to every Participating Provider.

3.14 SPECIAL DISENROLLMENT --- HMO may request and CalOptima may approve according to CalOptima Policies disenrollment for specific Members.

3.15 VOLUNTARY DISENROLLMENT --- All Members have the right to disenroll from a Health Network. CalOptima shall process Member disenrollment in accordance with CalOptima Policies.

3.16 ADDITIONAL SERVICES --- HMO shall not solicit enrollment through the offer of any compensation, reward, or benefit to the Member except for additional health-related services, which have been approved by CalOptima.

3.17 MEDICAL AND ADMINISTRATIVE RECORDS --- HMO shall require that all Participating Providers and Subcontractors establish and maintain for each Member who has obtained Covered Services from a Participating Provider or Subcontractor a legible Medical Record. Such Medical Record shall include a historical record of diagnostic and therapeutic services recommended or provided by, or under the direction of, the Participating Provider or Subcontractor. Such Medical Record shall be in such a form as to allow trained health professionals, other than the Participating Provider or Subcontractor, to readily determine the nature and extent of the Member's medical problem and the services provided and permit peer review of the services provided. The Medical Record shall be kept in a detail consistent with good medical and professional practice in accordance with CCR Title 22, Section 53284, and which permits effective professional review and facilitates a system of follow-up treatment. All medical records shall meet the requirements of Section 1300.80(b)(4) of Title 28 of the California Code of Regulations, and Section 1936a(w) of Title 42 of the United States Code. Such records shall be available to health care providers at each encounter, in accordance with Section 1300.67.1(c) of Title 28 of the California Code of Regulations. HMO shall ensure that an individual is delegated the responsibility of securing and maintaining medical records at each Participating Provider or Subcontractor site.

3.17.1 HMO and CalOptima agree to maintain the confidentiality of the Member’s Medi-Cal status and information contained in the Member’s Medical Records in accordance with federal and State law. HMO shall require that all Participating Providers and Subcontractors maintain the confidentiality of a

Member's Medi-Cal status and information contained in a Member's Medical Records in accordance with federal and State Law.

3.17.2 Medical records under this Section shall reflect all aspects of patient care, including ancillary services, in accordance with CalOptima Policies, and shall, at a minimum, contain:

3.17.2.1 Member identification on each page; personal/biographical data in the record.

3.17.2.2 Initial Health Assessment within 120 days of enrollment.

3.17.2.3 Member's preferred language (if other than English) prominently noted in the record, as well as the request or refusal of language/interpretation services.

3.17.2.4 All entries dated and author identified; for member visits, the entries shall include at a minimum, the subjective complaints, the objective findings, and the diagnosis and treatment plan.

3.17.2.5 The record shall contain a problem list, a complete record of immunizations and health maintenance or preventive services rendered.

3.17.2.6 Allergies and adverse reactions are prominently noted in the record.

3.17.2.7 All informed consent documentation, including the human sterilization consent procedures required by Sections 51305.1 through 51305.6 of Title 22 of the California Code of Regulations, if applicable.

3.17.2.8 Reports of emergency care provided (directly by a contracted provider or through a non-contracted emergency room) and the hospital discharge summaries for all hospital admissions.

3.17.2.9 Consultations, referrals, specialists', pathology, and laboratory reports. Any abnormal results shall have an explicit notation in the record.

3.17.2.10 For medical records of adults, documentation of whether the individual has been informed and has executed an advanced directive, such as a Durable Power of Attorney for Health Care.

3.17.2.11 Health education behavioral assessment and referrals to health education services.

3.17.3 It is understood that all Participating Provider's and Subcontractors' books and records pertaining to goods and services furnished under this Contract:

3.17.3.1 Shall be made available for inspection or copying at HMO's, Participating Providers' and/or Subcontractors' expense by CalOptima or authorized representative of State or federal government at all reasonable times at the HMO's, Participating Providers' or Subcontractors' place of business or at such other mutually agreeable location in California; and

3.17.3.2 Shall be maintained in accordance with the general standards applicable to such book or record keeping.

3.18 RECORDS RETENTION --- HMO and Subcontractors shall retain, preserve and make available upon request all records relating to the performance of its obligations under the Contract, including claim forms and encounter data, for a period of not less than ten (10) years from the final date of the contract between CalOptima and DHCS, or the date of completion of any audit, whichever is later, unless a longer period is required by law, with the exception in which HMO or Subcontractor has been duly notified that DHCS, DHHS, the Department of Managed Health Care, the Department of Justice or Comptroller General of the United States, or their duly authorized representative have commenced an audit or investigation of the Contract or any Subcontract, until such time as the matter under audit or investigation has been resolved, whichever is later. Records involving matters that are the subject of litigation shall be retained for a period of not less than ten (10) years following the termination of litigation. Pediatric records for un-emancipated minor Members shall be maintained until the latter of the full retention period under this Section, or at least one (1) year after the Member has reached eighteen (18) years of age. Microfilm copies of the documents contemplated herein may be substituted for the originals with the prior written consent of CalOptima, provided that the microfilming procedures are approved by CalOptima as reliable and are supported by an effective retrieval system.

3.18.1 HMO shall, upon request of CalOptima, transfer copies of such records to CalOptima's possession. No records shall be destroyed or otherwise disposed of prior to the retention period stated in Section 3.18without the prior written consent of CalOptima. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise.

3.19 ACCESS TO PREMISES --- CalOptima and the State, through any authorized representatives, have the right at all reasonable times to monitor, inspect or otherwise evaluate the work performed or being performed hereunder, including subcontract supported activities and the premises in which it is being performed. If any

monitoring, inspection or evaluation is made of the premises of HMO or Subcontractor, HMO shall provide, and shall require Subcontractors to provide, all reasonable facilities and assistance for the safety and convenience of the authorized representatives in the performance of their duties. All monitoring, inspections and evaluations shall be performed in such a manner as will not unduly delay the work.

3.19.1 Through the end of the records retention period specified in Section 3.18, HMO shall make all of its premises, facilities, equipment, books, records, contracts, computer and other electronic systems pertaining to the goods and services furnished under the terms of the Contract, available for the purpose of audit, inspection, evaluation, examination or copying, including but not limited to Access Requirements and State's Right to Monitor, as set forth in the State Contract, Exhibit E, Attachment 2, Provision 20: (a) by CalOptima and/or CalOptima's Regulators; (b) at all reasonable times at the HMO's place of business or such other mutually agreeable location in California; (c) in a form maintained in accordance with the general standards applicable to such book or record keeping; and (d) including all encounter data for a period of at least ten (10) years.

3.19.2 Through the end of the records retention period specified in 3.18, HMO shall allow CalOptima and/or CalOptima's Regulators to audit, inspect, monitor or otherwise evaluate the quality, appropriateness, and timeliness of services performed under this Contract, and to inspect, evaluate, and audit any and all premises, books, records, equipment, Facilities, contracts, computers, or other electronic systems maintained by HMO and Subcontractors pertaining to these services at any time pursuant to 42 CFR section 438.3(h). Records and documents include, but are not limited to, all physical records originated or prepared pursuant to the performance under this Contract, including working papers, reports, financial records, and books of account, Medical Records, prescription files, laboratory results, Subcontracts, information systems and procedures, and any other documentation pertaining to medical and non-medical services rendered to Members. Upon request, through the end of the records retention period specified in Section 3.18, HMO shall furnish any record, or copy of it, to CalOptima, DHCS or any other CalOptima's Regulators, at HMO's sole expense. CalOptima and DHCS may conduct unannounced validation reviews of the HMO's Primary Care or other service sites, selected at DHCS' discretion, to verify compliance of these sites with State and Federal regulations and Contract requirements. CalOptima and authorized State and Federal agencies will have the right to monitor all aspects of HMO's operation for compliance with the provisions of this Contract and applicable federal and State laws and regulations. Such monitoring activities will include, but are not limited to, inspection and auditing of HMO, Subcontractor, and provider facilities, management systems and procedures, and books and records as CalOptima or DHCS deems appropriate, at any time pursuant to 42 CFR section 438.3(h). The monitoring activities will be either

announced or unannounced. To assure compliance with the Contract and for any other reasonable purpose, CalOptima, the State and their authorized representatives and designees will have the right to premises access, with or without notice to HMO. This will include the MIS operations site or such other place where duties under the Contract are being performed. Staff designated by CalOptima and authorized State agencies will have access to all security areas and HMO will provide, and will require any and all of its Subcontractors to provide, reasonable facilities, cooperation and assistance to the CalOptima or State representative(s) in the performance of their duties. Access will be undertaken in such a manner as to not unduly delay the work of the HMO and/or the Subcontractor(s).

3.20 ACCESS TO AND AUDIT OF CONTRACT RECORDS --- Throughout the duration of the Contract and the retention period as specified in Section 3.18, HMO and Subcontractor shall provide duly authorized representatives of the State or federal government or CalOptima access to all records and material relating to HMO's provision of and reimbursement for activities contemplated under the Contract, and to HMO's financial condition and ability to bear risk under applicable state and federal laws. Such access shall include the right to inspect, audit and have available all such records and material and to verify reports furnished in compliance with the provisions of the Contract. All information so obtained shall be accorded confidential treatment as provided under applicable law. CalOptima employees shall sign HMO's statement of confidentiality prior to being admitted access to HMO's premises. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise. If DHCS, CMS, or the DHHS Inspector General determines there is a reasonable possibility of fraud or similar risk, DHCS, CMS, or the DHHS Inspector General may inspect, evaluate, and audit the HMO at any time. Upon resolution of a full investigation of fraud, DHCS reserves the right to suspend or terminate the HMO from participation in the Medi-Cal program; seek recovery of payments made to the HMO; impose other sanctions provided under the State Plan, and direct CalOptima to terminate this Contract due to fraud.

3.21 RECORDS RELATED TO RECOVERY FOR LITIGATION --- Upon request by CalOptima, HMO shall timely gather, preserve and provide to CalOptima, in the form and manner specified by CalOptima, any information specified by CalOptima, subject to any lawful privileges, in HMO's or its Subcontractors' possession, relating to threatened or pending litigation by or against CalOptima or DHCS. If HMO asserts that any requested documents are covered by a privilege, HMO shall: 1) identify such privileged documents with sufficient particularity to reasonably identify the document while retaining the privilege; and 2) state the privilege being claimed that supports withholding production of the document. Such request shall include, but is not limited to, a response to a request for documents submitted by any party in any litigation by or against CalOptima or DHCS. HMO acknowledges that time may be of the essence in responding to such request. HMO shall use all

reasonable efforts to immediately notify CalOptima of any subpoenas, document production requests, or requests for records, received by HMO or its Subcontractors related to this Contract or subcontracts entered into under this Contract.

3.21.1 HMO further agrees to timely gather, preserve, and provide to DHCS any records in the HMO's or its Subcontractor's possession, in accordance with the State Contract, Exhibit E, Attachment 2, "Records Related to Recovery for Litigation" Provision.

3.22 MEMBER REQUEST FOR MEDICAL RECORDS --- HMO and Subcontractor shall furnish a copy of a Member's Medical Records to another treating or consulting Provider regardless of whether the requesting Provider is a Participating Provider or an Out of Network Provider, at no cost to CalOptima or to the Member when:

3.22.1 Such a transfer of records facilitates the continuity of that Member's care; or

3.22.2 The Member is transferring from one Provider to another for treatment; or

3.22.3 A Member seeks to obtain a second opinion on the diagnosis or treatment of a medical condition.

3.23 DISCLOSURE OF OWNERSHIP --- As identified in Attachment B, HMO shall keep CalOptima informed as to the names of the officers and owners of HMO holding more than five percent (5%) of the stock issued by HMO, and major creditors holding more than five percent (5%) of the debt of the HMO. HMO shall notify CalOptima whenever changes occur to the information provided therein.

3.23.1 If the provider is of a provider type that is not eligible to be Medi-Cal enrolled through DHCS, HMO shall provide an accurate, current, signed copy of the DHCS Medi-Cal Disclosure Form, DHCS-6216, or such other disclosure form as DHCS may otherwise specify to meet the requirements of Section 51000.35 of Title 22 of the California Code of Regulations, for its Providers.

3.24 FRAUD AND ABUSE REPORTING --- HMO shall report to CalOptima all cases of suspected fraud and/or abuse, as defined in 42 Code of Federal Regulations, Section 455.2, relating to the rendering of Covered Services by Participating Providers, Out of Network Providers, Members, or HMO's employees, within two (2) working days of the date when HMO first becomes aware of or is on notice of such activity.

3.24.1 HMO shall notify CalOptima, and CalOptima shall notify DHCS prior to HMO conducting any investigations. HMO shall conduct an investigation after notification has been given.

3.24.2 HMO shall establish for approval by CalOptima and DHCS, written policies and procedures for identifying, investigating and taking appropriate corrective action against fraud and/or abuse in the provision of health care services under the Medi-Cal program.

3.24.3 HMO shall report all investigation results to CalOptima within two (2) working days of conclusion of any fraud and/or abuse investigation.

3.25 COMPLIANCE WITH APPLICABLE LAW --- HMO shall observe and comply with all federal and State law in effect when the Contract is signed or which may come into effect during the term of the Contract, which in any manner affects the HMO's performance under this Contract. This Contract shall be governed by and construed in accordance with applicable federal and State law and with the terms and obligations under the State Contract.

3.26 HMO COMPLIANCE PROGRAM --- HMO shall develop and implement a comprehensive and effective Compliance Program, including a Compliance Plan. Such Compliance Program shall include, but is not limited to, the implementation of the Office of Inspector General's (OIG) 7 Elements of an Effective Compliance Program: Standards & Procedures, Oversight, Education & Training, Auditing & Monitoring, Reporting, Enforcement and Discipline, and Response & Prevention. Compliance Programs shall be evaluated by the HMO annually to ensure that it remains effective. HMO shall make the Plan and related documents available to CalOptima upon request.

3.27 COMPLIANCE WITH CALOPTIMA'S COMPLIANCE PROGRAM --- HMO and its employees, board members, owners, Participating Providers and/or Subcontractors furnishing medical and/or administrative services under this Contract ("HMO's Agents") shall comply with the requirements of CalOptima's Compliance Program, as may be amended from time to time, including the Code of Conduct and Compliance Plan. CalOptima shall make its Compliance Manual and Code of Conduct available to HMO and HMO shall make them available to HMO's Agents.

3.28 COMPLIANCE WITH STATE AND FEDERAL PROGRAMS --- HMO shall comply with requirements established by State and/or federal programs relating to its performance under this Contract. HMO's compliance shall include, but not be limited to, applicable requirements of the DHCS Medi-Cal Managed Care Program, provisions of the State Contract requirements for CalOptima to maintain CMS waiver, Operational Instruction Letters (OILs), Medi-Cal Managed Care Division Policy Letters and All Plan Letters, and State and/or federal regulations.

3.29 COMPLIANCE WITH POLICIES AND PROCEDURES --- HMO agrees to comply with and be bound by CalOptima Policies. CalOptima reserves the right to adopt, amend and/or discontinue CalOptima Policies at its sole discretion. HMO

acknowledges and agrees that it shall implement CalOptima Policies applicable to its obligations under this Contract.

3.30 COMPLIANCE WITH MEMORANDUM/MEMORANDA OF UNDERSTANDING (MOU(s)) --- HMO agrees to comply with and be bound by any and all applicable MOUs entered into by CalOptima.

3.31 COMPLIANCE WITH PARTICIPATION STATUS REQUIREMENTS ---HMO shall have policies and procedures to verify the Participation Status of HMO's Agents. HMO shall refer to the Department of Health and Human Services, Office of Inspector General, List of Excluded Individuals and Entities (LEIE) (http://oig.hhs.gov), as well as the GSA Excluded Parties Lists Systems (EPLS) in the SAM System (https://www.sam.gov). In addition, HMO warrants and agrees as follows:

3.31.1 HMO and HMO's Agents shall meet CalOptima's Participation Status requirements during the term of this Contract.

3.31.2 HMO shall immediately disclose to CalOptima any pending investigation involving, or any determination of, suspension, exclusion or debarment by HMO or HMO's Agents occurring and/or discovered during the term of this Contract.

3.31.3 HMO shall take immediate action to remove any HMO Agent that does not meet Participation Status requirements from furnishing items or services related to this Contract (whether medical or administrative) to Members and shall immediately notify CalOptima.

3.31.4 HMO shall include the obligations of this Section in its Subcontracts.

3.32 NON-DISCRIMINATION --- During the performance of this Contract, neither HMO nor any Subcontractors shall unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, religion, color, national origin, ancestry, religious creed, physical disability, (including Human Immunodeficiency Virus (HIV) and Acquired Immune Deficiency Syndrome (AIDS), AIDS-Related Complex (ARC), medical condition (including cancer), mental disability, marital status, age (over 40), or the use of family and medical care leave and pregnancy disability leave. HMO and Subcontractors shall insure that the evaluation and treatment of their employees and applicants for employment are free of such discrimination and harassment. HMO and Subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Government Code, Section 12900, and et seq.) and the applicable regulations promulgated thereunder (CCR, Title 2, Section 7285.0, and et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code, Section 12990, set forth in Chapter 5 of Division 4

of Title 2 of the CCR are incorporated into this Contract by reference and made a part hereof as if set forth in full. HMO and Subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement. HMO shall include the non-discrimination and compliance provisions of this Section in all Subcontracts to perform work under this Contract.

3.32.1 HMO and all Subcontractors shall abide by Section 504 of the Rehabilitation Act of 1973 (29 USC §794) (nondiscrimination under Federal grants and programs); Title 45 CFR Part 84 (nondiscrimination on the basis of handicap in programs or activities receiving Federal financial assistance); Title 28 CFR Part 36 (nondiscrimination on the basis of disability by public accommodations and in commercial facilities); Title IX of the Education Amendments of 1973 (regarding education programs and activities); Title 45 CFR Part 91 and the Age Discrimination Act of 1975 (discrimination based on age); and all other laws regarding privacy and confidentiality. Neither the HMO nor Subcontractors shall discriminate against Members because of race, color, national origin, creed, ancestry, religion, language, age, marital status, sex, sexual orientation, gender identity, health status, physical or mental disability, or identification with any other persons of groups defined in Penal Code 422.56 in accordance with Title VI of the Civil Rights Act of 1964, 42 USC, Section 2000d (race, color, national origin); 45 CFR Part 84 (physical or mental handicap); Government Code Section 11135 (ethnic group identification, religion, age, sex, color, physical or mental handicap); Civil Code Section 51 (all types of arbitrary discrimination); Section 1557 of the Patient Protection and Affordable Care Act; and all rules and regulations promulgated pursuant thereto, or as otherwise provided by law or regulation.

3.32.2 For the purpose of this Contract, if based on any of the foregoing criteria, the following constitute unlawful discriminations: (i) denying any Member any Covered Services or availability of a Facility; (ii) providing to a Member any Covered Service which is different or is provided in a different manner or at a different time from that provided to other similarly situated Members under this Contract, except where medically indicated; (iii) subjecting a Member to segregation or separate treatment in any manner related to the receipt of any Covered Service; (iv) restricting a Member in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any Covered Service; or (v) treating a Member differently from others similarly situated in determining compliance with admission, enrollment, quota, eligibility, or other requirements or conditions which individuals shall meet in order to be provided any Covered Service or assigning the times or places for the provision of Covered Services.

3.32.3 HMO shall take affirmative action to ensure that all Members are provided Covered Services without unlawful discrimination, except where medically

indicated. For the purposes of this Section, physical handicap includes the carrying of a gene which may, under some circumstances, be associated with disability in that person's offspring, but which causes no adverse effects on the carrier. Such genetic handicap shall include, but not be limited to, Tay-Sachs trait, sickle cell trait, thalassemia trait, and X-linked hemophilia.

3.32.4 HMO shall act upon all complaints alleging discrimination against Members in accordance, with CalOptima's Member Complaint Policy and shall forward copies of all such grievances to CalOptima, attention Grievance & Appeals Resolution Services, within five (5) days of receipt of same.

3.32.5 HMO shall require all downstream providers to cooperate with CalOptima's Member Complaint Policy and time requirements to appeals within designated time frames.

3.33 LINGUISTIC AND CULTURAL SENSITIVITY --- CalOptima will provide cultural competency, sensitivity, and diversity training. HMO shall comply with all the following requirements related to the provision of linguistic and culturally sensitive services in accordance with this Contract and CalOptima Policies.

3.33.1 HMO shall have a Cultural and Linguistic Services Program that monitors, evaluates, and takes effective action to address any needed improvement in the delivery of culturally and linguistically appropriate services. HMO shall provide cultural competency, sensitivity, or diversity training for staff, providers and Subcontractors at key points of contact. HMO shall provide orientation and training on cultural competency to staff and providers serving Members. The training objectives shall include teaching participants an enhanced awareness of cultural competency imperatives and issues related to improving access and quality of care for Members, as well as information on access to interpreters, and how to work with interpreters. HMO shall also, as appropriate, refer Members to culturally-appropriate community services programs.

3.33.2 Pursuant to CalOptima Policies, HMO shall provide translation of written member informing materials in the Threshold and Concentration Languages. HMO shall comply with the language assistance standards developed pursuant to California Health and Safety Code section 1367.04. Written member informing materials to be translated include, but are not limited to: 1) signage; 2) Evidence of Coverage and/or Member Services Guide; 3) disclosure forms; 4) provider listing or directories; 5) marketing materials; 6) form letters; 7) plan-generated preventive health reminders; 8) member surveys; and 9) newsletters. If a Member requests materials in a language not meeting the numeric Thresholds or Concentration Standards, HMO shall provide oral translation of the written materials utilizing bilingual staff or a telephonic interpreter service. HMO shall also make materials available to Members in

alternate formats (e.g. Braille, audio, large print) upon request of the Member. HMO shall be responsible for ensuring the quality of translated materials at no cost to CalOptima or Member.

3.34 PROVISION OF INTERPRETERS --- HMO shall, at no cost to Members, provide linguistic interpreter services and interpreter services for the deaf or hard of hearing for all Members at all key points of contact, including telephone, advice and urgent care transactions, and outpatient encounters, and all sites utilized by HMO or any Subcontractors, as well as member services, orientations, appointment setting and similar administrative functions, as necessary, to ensure the availability of effective communication regarding treatment, diagnosis, medical history or health education. HMO shall have in place telephonic and face-to-face interpreter services and American Sign Language interpreter services contracts. HMO shall provide twenty-four (24) hour access to interpreter services for all Members, and shall implement policies and procedures to ensure compliance by subcontracted providers with these standards. Such access shall include access for users of Telecommunication Devices for the Deaf (TDD) or Telecommunications Relay Services (711 system). Upon a Member or Participating Provider request for interpreter services in a specific situation where care is needed, HMO shall make all reasonable efforts to provide a face-to-face interpreter in time to assist adequately with all necessary Covered Services, including Urgent Care Services and Emergency Services. If face-to-face interpretation is not feasible, HMO must ensure provision of telephonic interpreter services or interpretation through bilingual staff members. HMO shall routinely document the language needs of Members and the request or refusal of interpreter services in a Member's medical record. This documentation shall be available to CalOptima at CalOptima's request. HMO shall not require or suggest that a Member to use friends or family as interpreters. However, a family member or friend may be used when the use of the family member or friend: (i) is requested by the Member; (ii) will not compromise the effectiveness of service; (iii) will not violate Member's confidentiality; and (iv) the Member is advised that an interpreter is available at no cost to the Member. HMO shall ensure the linguistic capabilities and proficiency of individuals providing interpreter services.

3.35 MEMBER RIGHTS --- HMO shall ensure that each Member's rights, as set forth in state and federal law and CalOptima Policy, are fully respected and observed. HMO shall make Member Rights available to Member.

3.36 PARTICIPATING PROVIDER-MEMBER COMMUNICATION --- HMO shall not prohibit, or otherwise restrict, a health care professional acting within the lawful scope of practice, from communicating with Members, and shall encourage its health care professionals to freely communicate the following to patients, regardless of benefit coverage:

3.36.1 The Member's health status, medical care, or treatment options, including any alternative treatment that may be self-administered.

3.36.2 Any information the Member needs in order to decide among all relevant treatment options.

3.36.3 The risks, benefits, and consequences of treatment or non-treatment.

3.36.4 The Member's right to participate in decisions regarding his or her health care, including the right to refuse treatment, and to express preferences about future treatment decisions.

3.37 HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA) COMPLIANCE

3.37.1 HMO and CalOptima shall make any and all efforts and take any and all actions necessary to comply with HIPAA statutory and regulatory requirements ("HIPAA requirements"), whether existing now or in the future, within a reasonable time prior to the effective date of such requirements, but not later than the time permitted by the applicable HIPAA requirement after date of finalization.

3.37.2 HMO shall comply with HIPAA requirements as currently established in CalOptima Policies. HMO shall also take actions and develop capabilities as required to support CalOptima compliance with HIPAA requirements, including acceptance and generation of applicable electronic files in HIPAA compliant standards formats.

3.37.3 The parties agree to comply with the terms and conditions of the Health Network HIPAA Business Associates Agreement.

3.38 CONFIDENTIALITY OF INFORMATION

3.38.1 HMO and its employees, agents, or Subcontractors shall protect from unauthorized disclosure the names and other identifying information concerning persons either receiving services pursuant to this Contract or persons whose names or identifying information become available or are disclosed to HMO, its employees, agents, or Subcontractors as a result of services performed under this Contract, except for statistical information not identifying any such person. HMO and its employees, agents, or Subcontractors shall not use such identifying information for any purpose other than carrying out HMO's obligations under this Contract. HMO and its employees, agents, or Subcontractors shall promptly transmit to the CalOptima all requests for disclosure of such identifying information not emanating from the Member. HMO shall not disclose, except as otherwise specifically permitted by this Contract or authorized by the Member, any such identifying information to anyone other than DHCS or CalOptima

without prior written authorization from CalOptima. For purposes of this provision, identity shall include, Protected Health Information (PHI): names, geographical subdivisions smaller than a state, all elements of dates (except for year), phone and fax numbers, e-mail address, social security numbers, medical record numbers, health plan beneficiary numbers, account numbers, license numbers, vehicle identifiers, device identifiers, web Universal Resource Locators (URLs), internet protocol address numbers, biometric identifiers, including finger and voice prints, full face photograph images, any other unique identifying number, characteristic or code.

3.38.2 Notwithstanding any other provision of this Contract, names of persons receiving public social services are confidential and are to be protected from unauthorized disclosure in accordance with Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted thereunder. For the purpose of this Contract, all information, records, data, and data elements collected and maintained for the operation of the Contract and pertaining to Members shall be protected by HMO from unauthorized disclosure. HMO may release Medical Records in accordance with applicable law pertaining to the release of this type of information. HMO is not required to report requests for Medical Records made in accordance with applicable law. With respect to any identifiable information concerning a Member under this Contract that is obtained by HMO or its Subcontractors, HMO:

3.38.2.1 will not use any such information for any purpose other than carrying out the express terms of this Contract,

3.38.2.2 will promptly transmit to CalOptima all requests for disclosure of such information, except requests for Medical Records in accordance with applicable law,

3.38.2.3 will not disclose except as otherwise specifically permitted by this Contract, any such information to any party other than DHCS or CalOptima without CalOptima's prior written authorization specifying that the information is releasable under Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted there under, and

3.38.2.4 will, at the termination of this Contract, return all such information to DHCS or maintain such information according to written procedures sent to the HMO by DHCS for this purpose.

3.39 REINSURANCE ---CalOptima arranges for the provision of reinsurance, as described more fully in CalOptima Policies. CCS Eligible Members with CCS Eligible Conditions shall be excluded from CalOptima's provision of reinsurance.

HMO may, at its option and sole expense purchase supplemental Reinsurance from a source other than CalOptima. Additionally, HMO shall:

3.39.1 Identify a Reinsurance coordinator who shall serve as CalOptima's contact for all Reinsurance issues; and

3.39.2 Comply with CalOptima Policies for monitoring and monthly reporting of all Reinsurance claims activities.

3.39.3 In lieu of CalOptima-provided reinsurance, services for CCS Members shall be subject to interim reimbursement for catastrophic cases and retrospective risk corridors, as provided in Attachment E.

3.40 CLAIMS MANAGEMENT AND ADMINISTRATION --- HMO shall have a process for claims management and administration. HMO shall maintain a claim retrieval system that can, on request, identify the date of receipt, the action taken on all Provider claims (i.e., paid, denied, pended, other), and when action was taken. HMO shall date stamp all Provider claims upon receipt. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

3.41 TWENTY-FOUR (24) HOUR TELEPHONE COVERAGE--- HMO shall have one (1) California State wide toll-free telephone number listed on the Automated Eligibility Verification System (AEVS) that Providers, Members or individuals acting on behalf of Members can call at anytime (twenty-four (24) hours/seven (7) days a week) to obtain authorization for all CalOptima Covered Services. Twenty-four (24) hour telephone coverage shall be made available in all Threshold Languages. The number shall connect the Member or Member's representative or Provider to an individual who shall either:

3.41.1 Have authority to approve Covered Services; or

3.41.2 Have the ability to transfer the Member or Member's representative to an individual with authority without disconnecting the call; and

3.41.3 In case of emergency, direct the Member or Member's representative to hang up and dial 911 or go to the nearest emergency room; and

3.41.4 Respond to Provider's or Member's call within thirty (30) minutes. Failure to respond to such call within thirty (30) minutes shall result in the HMO being liable for the cost of subsequent Medically Necessary Covered Services related to that illness or injury whether or not that treatment has been authorized; and

3.41.5 Have the capability to coordinate continuous care and follow-up Covered Services, including referrals to Specialist Physicians, for all Members who have received MSE or Emergency Services and have been Stabilized.

3.41.6 All calls shall be logged in with time, date and any pertinent information related to persons involved, resolution and follow-up instructions. HMO shall notify CalOptima if the toll free telephone number changes no less than seven (7) working days prior to the change.

3.42 OBLIGATIONS UNDER PRIOR CONTRACT --- HMO acknowledges and agrees that certain of its obligations and duties under the Prior Contract, if previously contracted, survive the expiration of the Prior Contract and/or are measured following the expiration of the Prior Contract (including, without limitation, corrective action plans, quality improvement and credentialing functions, financial requirements). HMO shall perform all such obligations and duties.

3.43 EMPLOYEE EDUCATION ON FALSE CLAIMS ACT --- HMO shall comply with the requirements contained in 42 USC § 1396a(a)(68)(A)-(C) as a condition of receiving payment under this contract. HMO shall, upon request of CalOptima, demonstrate compliance with this provision, including providing CalOptima with copies of HMO's applicable written policies and procedures, any relevant employee handbook excerpts, and other educational materials used to meet this requirement.

3.44 MONITORING --- HMO shall comply with all monitoring provisions of this Contract and the State Contract, and any monitoring requests by CalOptima and DHCS.

3.45 HMO SUBCONTRACTS --- In addition to Section 3.9 of this Contract, HMO shall maintain and make available to CalOptima, DHCS, or other CalOptima's Regulators, upon their respective requests, copes of all Subcontracts. HMO shall ensure that all Subcontracts are in writing and require that the HMO and its Subcontractors:

3.45.1 Make all premises, facilities, equipment, applicable books, records, contracts, computer, or other electronic systems related to this Contract, available at all reasonable times for audit, inspection, examination, or copying by CalOptima and/or CalOptima's Regulators, or their designees.

3.45.2 Retain such books and all records and document for a term minimum of at least ten (10) years from the final date of the State Contract period or from the date of completion of any audit, whichever is later.

3.46 CALOPTIMA OVERSIGHT – HMO understands and agrees that CalOptima is responsible for the monitoring and oversight of all obligations of HMO under this Contract. In instances where DHCS or CalOptima determines that the HMO or any of the Subcontractors has not performed satisfactorily, CalOptima shall have the

right to (a) amend or revoke the delegation of activities or obligations to the HMO, (b) require the HMO to amend or revoke the sub-delegation of activities or obligations to the Subcontractors, and/or (c) specify other remedies, including, but not limited to, those set forth in Sections 13.1 through 13.1.3.2. HMO shall cooperate with CalOptima in its oversight efforts and shall take corrective action as CalOptima determines necessary to comply with applicable laws and regulations, accreditation organization standards, and/or CalOptima Policies governing the obligations of HMO or the oversight of those obligations.

ARTICLE 4
Obligations of HMO – Provision of Covered Services

4.1 PROVISION OF COVERED SERVICES TO MEMBERS --- HMO shall provide Covered Services to Members under this Contract in the same manner as those services are provided to other patients of HMO, but in no case less than the amount of such services provided under the Medi-Cal Fee-for-Service Program. Consistent with the concept that HMO is the medical home of the Member, where the Member receives the majority of the Member's care and where the Member's overall health status, need for care and services, and wellness are assessed, evaluated, monitored, managed, enhanced and/or maintained, HMO shall coordinate Members' needs for Covered Services and provide Care Management Services and other services to assure Members receive all necessary care and services without regard to the party financially responsible for care and services. HMO shall provide Covered Services to Members and HMO agrees as follows:

4.1.1 HMO shall provide and pay for, consistent with the terms and provision of this Contract and CalOptima Policies, the provision of all Covered Services to Members that are the financial responsibility of HMO as set forth in Attachment A, with the exception of certain Medical Supplies identified in Attachment C;

4.1.2 If HMO's network is unable to provide necessary medical services covered under this Contract to a particular Member, HMO must adequately and timely cover these services out of network for the Member, for as long as HMO is unable to provide them. HMO shall make prior arrangements with Out-of-Network Providers for the provision of such services, and shall be fully responsible for arranging and paying for such services, and shall comply with all applicable CalOptima Policies with regard to the payment and authorization of Out-of-Network Providers;

4.1.3 HMO shall be liable for the provision of and payment for all Covered Services notwithstanding a delay in payment of the Capitation Payment;

4.1.4 CalOptima may incorporate any change in Covered Services mandated by federal or State law or regulation into the Contract effective the date the change goes into effect. Whenever possible, CalOptima shall give the HMO thirty (30) calendar days' notice of any such change. CalOptima shall determine the effective date of the change in Covered Services;

4.1.5 The actual provision of any Covered Service is subject to the professional judgment of the PCP or other physicians participating in the respective HMO as to the Medical Necessity of the service, except that HMO shall provide assessment and evaluation services ordered by a court or legal mandate;

4.1.6 HMO shall comply with Jackson v. Rank, U.S. District Court (E.D. Cal.), No. CIV 5-83-1451 LKK, June 9, 1986, and notify its Members when the HMO denies, modifies or defers a PCP's request for authorization or terminates a previously authorized service;

4.1.7 Decisions concerning whether to provide or authorize Covered Services shall be based solely on Medical Necessity. HMO acknowledges that disputes between the respective HMO and Members about Medical Necessity can be appealed pursuant to CalOptima Policies;

4.1.8 HMO may not arbitrarily deny or reduce the amount, duration, or scope of a required service solely because of the diagnosis, type of illness, or condition. HMO may place appropriate limits on a service on the basis of criteria such as medical necessity; or for utilization control, provided the services furnished can reasonably be expected to achieve their purpose; and

4.1.9 HMO shall hold harmless both the State and Members in the event that CalOptima cannot or will not pay capitation payments pursuant to this Contract. In no event, including but not limited to, non-payment by CalOptima or HMO, CalOptima's or the HMO's insolvency, or breach of this Contract by the HMO or CalOptima, shall HMO or Subcontractors bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against the State, a Member or persons acting on the behalf of a Member for Covered Services provided pursuant to this Contract. This provision does not prohibit HMO or Subcontractors from collecting co-payments and deductibles, if any, as specifically provided for in this Contract or for recoveries related to other health coverage, as identified in Section 2.8 of this Contract. HMO or a Subcontractor may bill a Member and collect fees for non-Covered Services from the Member if the Member agrees to the fees in writing prior to the actual delivery of non-Covered Services and a copy of such agreement is given to the Member and placed in the Member's Medical Record. HMO further agrees:

4.1.9.1 That this Section shall survive the termination of this Contract for those Covered Services rendered prior to the termination of this Contract, regardless of the cause giving rise to termination and shall be construed to be for the benefit of the Members;

4.1.9.2 That this Section shall supersede any oral or written contrary agreement now existing or hereafter entered into between the HMO Participating Providers or Subcontractors;

4.1.9.3 That language to ensure the foregoing shall be included in all of the HMO's Subcontracts with Participating Providers;

4.1.9.4 That no change or amendment to this Section or to similar section(s) in Subcontracts between the HMO and Participating Providers shall be made without the prior written approval of CalOptima; and

4.1.9.5 HMO further agrees that, in the event of a violation of this Section by HMO or Subcontractor, including but not limited to, balance billing of Member for Covered Services provided under the Contract or Subcontract, CalOptima shall take appropriate remedial action against HMO or Subcontractor, including, but not limited to, repayment of any amounts collected, and appropriate Sanctions, as provided for in Section 13.1.

4.2 EMERGENCY CARE --- HMO shall comply with all applicable State and federal laws and regulations governing the provision and payment of Emergency Services, as well as the applicable requirements of the State Contract (including, but not limited to, Exhibit A, Attachment 8, Provision 13). HMO is required to provide and pay for all Emergency Services, including Emergency Services provided by Out of Network Providers, without prior authorization, twenty-four (24) hours each day, seven (7) days a week.

4.2.1 HMO shall reimburse or authorize reimbursement, as appropriate, for all Emergency Services without prior authorization, and in accordance with CalOptima Policy. Payment may be denied only if HMO reasonably determines that Emergency Services were never performed.

4.2.2 HMO shall reimburse or authorize reimbursement for facility changes for Emergency Services. HMO is required to reimburse hospital when necessary for all MSE. If the MSE indicates that the Member has an Emergency Medical Condition as defined in Section 1.34, HMO must reimburse or authorize reimbursement, as appropriate for all Covered Services Medically Necessary to diagnose and Stabilize the Member.

4.2.3 HMO shall reimburse those physicians providing services in an Emergency Department with whom HMO has a contract according to the terms of that contract. HMO shall offer to enter into a contract with any physician group contracting with CalOptima for the provision of physician services in an Emergency Department on the same terms, conditions and rates as provided for in that CalOptima contract. HMO shall reimburse all other non-contracted physicians providing services in an Emergency Department in accordance with the Deficit Reduction Act of 2005, 42 USC 1396u-2(b)(2)(D), and CalOptima Policy.

4.2.4 HMO shall not retroactively deny a claim for Emergency Services because the condition, which appeared to be an Emergency Medical Condition as defined in Section 1.34, turned out to be non-emergency in nature.

4.2.5 An Emergency Medical Condition shall not be limited based on a list of diagnoses or symptoms. HMO shall not deny payment for treatment obtained when a Member had an Emergency Medical Condition, including cases in which the absence of immediate medical attention would not have resulted in an outcome specified in Section 1.34. Further, HMO shall not deny payment for treatment obtained when HMO or a Participating Provider instructs the Member to seek Emergency Services.

4.2.6 HMO shall reimburse the County of Orange for Emergency Services and Urgent Care Services provided to Members at Orangewood Children's Home or while in Foster Care during periods of emergency foster placement or court-ordered stays. Payment shall be based on the prevailing Medi-Cal Fee Schedule.

4.2.7 If there is a disagreement between HMO or any Participating Provider and Out of Network Provider regarding Medically Necessary Covered Services in an emergency, the judgment of the attending physician(s) actually caring for the Member at the treating facility shall prevail. HMO may establish relationships with treating facility whereby the HMO may send a Participating Provider with privileges to assume the attending physician's responsibilities to establish treatment or may arrange to have a Participating Provider and Hospital under contract with HMO agree to accept the transfer of the Member after the Member has been Stabilized. The attending emergency physician, or the Provider actually treating the Member is responsible for determining when the Member is sufficiently Stabilized for transfer or discharge and that determination is binding on HMO.

4.2.8 Post stabilization care services are covered and paid for in accordance with provisions set forth at 42 CFR 422.113(c). HMO is financially responsible for post-stabilization services obtained within or outside HMO's network that are pre-approved by a plan provider or other entity representative. HMO is

financially responsible for post-stabilization care services obtained within or outside HMO's network that are not pre-approved by a plan provider or other HMO representative, but administered to maintain the Member's Stabilized condition within 1 hour of a request to HMO for pre-approval of further post-stabilization care services.

4.2.8.1 HMO is also financially responsible for post-stabilization care services obtained within or outside HMO's network that are not pre-approved by a plan provider or other entity representative, but administered to maintain, improve or resolve the Member's Stabilized condition if HMO does not respond to a request for pre-approval within 30 minutes; HMO cannot be contacted; or HMO's representative and the treating physician cannot reach an agreement concerning the Member's care and a plan physician is not available for consultation. In this situation, HMO must give the treating physician the opportunity to consult with a plan physician and the treating physician may continue with care of the patient until a plan physician is reached or one of the criteria of 422.133(c)(3) is met.

4.2.8.2 HMO's financial responsibility for post-stabilization care services it has not pre-approved ends when a plan physician with privileges at the treating hospital assumes responsibility for the Member's care, a plan physician assumes responsibility for the Member's care through transfer, a plan representative and the treating physician reach an agreement concerning the Member's care; or the Member is discharged.

4.2.8.3 Consistent with 42 CFR 438.114(e), 422.1 13(c)(2), and 422.214 HMO is financially responsible for payment for post-stabilization services following an emergency admission at the hospital's Medi-Cal FFS payment amounts for general acute care inpatient services rendered by a non-contracting Medi-Cal certified hospital, unless a lower rate is agreed to in a writing signed by the hospital. For the purposes of this Section, the Medi-Cal FFS payment amounts for dates of service when the post-stabilization services were rendered shall be the Medi-Cal FFS payment amounts established in California Welfare and Institutions Code (W & I) Section 14166.245, which for the purposes of this Section shall apply to all general acute care hospitals, including hospitals contracting with the State under the Medi-Cal Selective Provider Contracting Program (W & I Section 14081 et. seq.), less any associated direct or indirect medical education payments to the extent applicable. Payment made by HMO to a hospital that accurately reflects the payment amounts required by this Section shall constitute payment in full under this Section, and shall not be subject to subsequent adjustments or reconciliations

by HMO, except as provided by Medicaid and Medi-Cal law and regulations. A hospital's tentative and final cost settlement processes required by 22 CCR 51536 shall not have any effect on payments made by HMO pursuant to this Section.

4.2.8.4 Consistent with 42 CFR 438.114(e), 422.1 13(c)(2), and 422.214, HMO is financially responsible for payment for post-stabilization services following an emergency admission. HMO shall reimburse those physicians providing post-stabilization services with whom HMO has a contract according to the terms of that contract. HMO shall reimburse all non-contracted physicians providing post-stabilization services in accordance with the Medi-Cal Fee Schedule as defined in CalOptima Policy.

4.3 NEWBORN SERVICES --- HMO shall provide all Covered Services to any newborn child born to a Member for the month of the birth and the following month.

4.4 FAMILY PLANNING --- HMO is solely responsible for developing policies and procedures to ensure that Member's Family Planning information and records are confidential as required by State law. Family Planning information and records shall not be released to any third party without the consent of the Member. Notwithstanding the foregoing, HMO shall provide Family Planning information to CalOptima, or authorized representatives of the State or federal government or the Member's PCP to maintain consistency of the Member's Medical Record. HMO's Subcontracts with PCPs must include language regarding the confidentiality of Family Planning documents, information and records. Prior authorization for Family Planning services shall not be required.

4.4.1 HMO shall comply with OBRA 1987, Section 4113(c)(1)(B), which requires HMO to certify that it shall not restrict or prevent a Member from selecting a Participating Provider or an Out of Network Provider to deliver Family Planning Covered Services and supplies. This does not relieve HMO from financial responsibility for such services.

4.4.2 HMO shall not prevent Members from receiving Family Planning Covered Services from Out of Network Providers.

4.4.3 HMO shall provide information that clearly explains the rights of the Member regarding the choice of Family Planning Providers. HMO shall also provide similar information to all Providers who are either PCPs, obstetricians, gynecologists, or urologists. The intent of this information is to implement the specifications of this paragraph by arranging for the availability of consistent and accurate information from the Member's PCP, obstetrician, gynecologist, or urologist about the Member's rights to freedom of choice regarding Family Planning Providers.

4.4.4 HMO shall provide information to Members and Participating Providers about a Member's right to file a grievance or request a State hearing, in accordance with CalOptima Policies, for any reason including if the Member has reason to believe that the HMO has restricted, prevented, impaired or denied the Member's free choice of Family Planning Providers.

4.4.5 HMO shall incorporate specifications of this Section in its Subcontracts with its PCPs, obstetricians, gynecologists, and urologists.

4.5 ANCILLARY SERVICES FOR LONG TERM CARE --- HMO shall provide authorized Covered Services, including ancillary Covered Services for both emergent and routine laboratory tests and x-rays, not included in the facility day rate for all Members residing in Long Term Care Facilities.

4.6 ACCESS TO SERVICES TO WHICH HMO OR A SUBCONTRACTOR HAS A MORAL OBJECTION --- Unless prohibited by law, HMO shall arrange for the timely referral and coordination of Covered Services to which HMO or a Subcontractor has religious or ethical objections to perform or otherwise support and shall demonstrate ability to arrange, coordinate and ensure provision of services through referrals.

4.7 ALCOHOL AND SUBSTANCE USE DISORDER TREATMENT SERVICES. HMO shall ensure the provision of SBIRT services by a Member's PCP to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol and illicit drugs. PCP shall refer Members to substance use disorder treatment when there is a need beyond SBIRT. HMO shall document SBIRT services in Members Medical Record.

4.8 AMERICAN INDIAN HEALTH SERVICE PROGRAMS --- American Indian Health Service Programs can operate as a Primary Care Physician for American Indian Members, and as such can provide referrals directly to network physician without first requesting a referral from a network Primary Care Physician. HMO shall ensure timely access to American Indian Health Service Programs by including American Indian Health Service Programs within HMO's network for American Indian Members in accordance with 42 CFR 438.14(b).

4.9 PARTICIPATION IN CALOPTIMA WHOLE CHILD MODEL PROGRAM --- HMO acknowledges and agrees that its participation in CalOptima WCM is conditioned on transfer of CCS to CalOptima and meeting DHCS access and other requirements. Upon meeting those conditions, CalOptima shall notify HMO of the date upon which HMO will be considered to be "Participating in the CalOptima Whole Child Model Program" as this phrase is used in this Contract, and at which time HMO shall commence all CalOptima WCM obligations.

ARTICLE 5
Obligations of HMO – Access

5.1 TWENTY FOUR (24) HOUR PHYSICIAN COVERAGE --- HMO shall ensure that a physician Participating Provider or physician employed by HMO is available twenty-four (24) hours a day, seven (7) days a week for timely authorization including, but not limited to, authorizing Medically Necessary post-stabilization care, coordinating the transfer of Stabilized Members in an emergency department, and for general communication with emergency room personnel, if necessary, in accordance with CalOptima Policies. In addition, HMO shall ensure disputed requests for authorizations are timely resolved in accordance with applicable law and regulations, as well as CalOptima Policies.

5.2 URGENT CARE SERVICES --- HMO shall make Covered Services available within twenty-four (24) hours or as appropriate for Urgent Care.

5.3 INITIAL HEALTH ASSESSMENT APPOINTMENT --- HMO shall have a process in place to ensure each Member is scheduled for an initial health assessment within one hundred twenty (120) calendar days following enrollment with CalOptima, unless otherwise directed by CalOptima Policies. At a minimum, an initial health assessment shall include administration of the Staying Healthy Assessment Tool, a medical history, weight and height data, blood pressure, preventive health screens and tests which are required under CalOptima Policies, discussion of appropriate preventive measures, and arrangement of future follow-up appointments as indicated. The initial health assessment shall include the identification, assessment, and development of care plans as appropriate for Members with special health care needs. The initial and periodic health assessment appointments shall include a dental screening/oral health assessment for all Members under 21 years of age and include annual dental referrals made with the eruption of the child's first tooth or at 12 months of age, whichever occurs first. HMO shall ensure that Members are referred to appropriate Medi-Cal dental Providers and provide Medically Necessary Federally Required Adult Dental Services (FRADs) and fluoride varnish. CalOptima may establish minimum performance requirements for completion of the initial health assessment. HMO's failure to perform at or in excess of minimum performance requirements shall subject HMO to sanctions in accordance with this Contract and CalOptima Policies. HMO shall ensure that health assessment information shall be recorded in the Member's Medical Record.

5.4 APPOINTMENT FOR PEDIATRIC PREVENTIVE COVERED SERVICES --- HMO shall schedule periodic pediatric screenings in accordance with the American Academy of Pediatrics (AAP) periodic schedule and/or DHCS requirements. Immunizations are to be provided according to the latest guidelines published by the AAP and the Advisory Committee on Immunization Practices (ACIP). If there are any conflicts in the recommendations, the higher standard shall be recognized. Adults

shall receive periodic health assessments according to the guidelines published by the United States Preventive Services Task Force.

5.5 HOSPITAL GEOGRAPHIC DISTRIBUTION --- HMO agrees that each hospital participating in the HMO, shall be located within ten (10) miles or thirty (30) minutes of the PCPs designated service area with active medical staff privileges at each hospital.

5.6 DAYS TO APPOINTMENT---

5.6.1 Non-Emergency Covered Services - HMO shall ensure that appointments are scheduled with a PCP for non-emergency or non-urgent Covered Services within ten (10) business days of a Member's request. HMO shall also have a process in place for follow-up on Member missed appointments.

5.6.2 Specialist Services – HMO shall ensure that appointments are scheduled with Specialists within fifteen (15) business days of request of appointment. HMO shall arrange for the provision of specialty services from specialists outside the network if unavailable within HMO's network, when determined medically necessary.

5.6.3 Preventive Covered Services - HMO shall schedule health assessments and general physical examinations in advance consistent with professionally recognized standards of practice as determined by the treating Provider acting within the scope of his or her practice and in accordance with CalOptima Policies.

5.6.4 Maternity Covered Services - HMO shall ensure that the first prenatal visit for a pregnant Member will be available within two (2) weeks upon request. Subsequent routine appointments shall be scheduled in advance in accordance with applicable Department of Managed Health Care regulations governing timely access to non-emergency health care services. HMO shall cover and ensure the provision of all Medically Necessary services for pregnant Members. HMO shall ensure that the most current standards or guidelines of the American College of Obstetricians and Gynecologists (ACOG) are utilized as the minimum measure of quality for perinatal services.

5.6.5 Measurement - HMO shall periodically measure days to appointment.

5.6.6 The applicable waiting time for a particular appointment may be extended if the referring or treating licensed health care provider, or the health professional providing triage or screening services, as applicable, acting within the scope of his or her practice and consistent with Professionally recognized standards of practice, has determined and noted in the relevant record that a longer waiting time will not have a detrimental impact on the health of the Member.

5.6.7 Members shall be offered appointments within the following timeframes:

5.6.7.1 Urgent care appointment for services that do not require prior authorization – within 48 hours of a request;
5.6.7.2 Urgent appointment for services that do require prior authorization– within 96 hours of a request;
5.6.7.3 Non-urgent primary care appointments – within ten (10) business days of a request;
5.6.7.4 Non-urgent appointment for ancillary services for the diagnosis or treatment of injury, illness, or other health condition – within 15 business days of request.

5.6.8 In the event that a Provider, including a PCP, is terminated or leaves the HMO for any reason, HMO shall ensure that there is no disruption in services provided to Members who are receiving treatment for a chronic or ongoing medical condition or LTSS.

5.7 OFFICE WAITING TIMES --- HMO shall periodically measure office waiting times to ensure compliance with CalOptima Policies, by its subcontracted Participating Providers, and shall take appropriate action to provide notice to Participating Providers if they are not meeting the wait time requirements that they may be sanctioned for such non-compliance up to and including termination of their Subcontract. HMO's failure to monitor and enforce Participating Provider office wait time requirements in accordance with the terms of this Contract may subject HMO to sanctions as set forth in this Contract and CalOptima Policies.

5.8 TIME LIMIT FOR DECISION ON REFERRALS --- HMO shall provide a decision on authorization requests for those Covered Services that are not Urgent Care Services or Emergency Services, including Specialty Physician referrals as set forth in CalOptima's utilization management program. These Covered Services shall be provided or made available to the Member within fifteen (15) calendar days after authorization is granted. HMO shall take no punitive action of any kind, and shall ensure that no Subcontractor takes any punitive action of any kind, against a Participating Provider or Subcontractor who either requests an expedited review or supports a Member's appeal.

5.9 CHANGES IN AVAILABILITY OR LOCATION OF COVERED SERVICES --- Any substantial change in the availability or location of services to be provided under this Contract requires the prior written approval of DHCS. HMO's or a Subcontractor's proposal to reduce or change the hours, days, or location at which the services are available shall be given to CalOptima at least 75 days prior to the proposed effective date. DHCS' denial of the proposal shall prohibit implementation of the proposed changes. HMO's proposal shall allow for timely notice to Members to allow them to change PCPs if desired, as provided in Section 5.10 of this Contract.

5.10 NOTICES ABOUT PCP CHANGES --- HMO shall give Members thirty (30) calendar days' notice if their PCP withdraws from HMO. All notices sent to Members shall be submitted to CalOptima for prior approval before distribution to Members. Such notices must include instructions for selecting a new PCP should the Member not be satisfied with a new PCP assigned by HMO. With the exception of PCP terminations in which a provider is immediately terminated due to endangering the health and safety of patients, committing criminal or fraudulent acts or engaging in grossly unprofessional conduct, Members not receiving thirty (30) calendar days advance notice of PCP withdrawal shall be permitted to self-refer within HMO for up to sixty (60) calendar days or until a new PCP is chosen by Member.

5.11 CHOICE OF PCP --- HMO shall offer each Member the opportunity to choose a PCP affiliated with the HMO. A Member may elect to obtain primary care services from a contracted non-physician medical practitioner as long as there is a physician who has ultimate responsibility for the Member's Care Management Services. When HMO receives the Member's files from CalOptima and determines that the Member has not indicated a PCP choice, HMO shall assign the Member to a PCP and include information about this assignment with the required enrollment information sent to the Member within seven (7) calendar days of notification of a Member's enrollment in HMO. HMO shall permit Members to change PCPs at least monthly, and to change more often if assignment of a specific PCP would be harmful to the interest of the Member.

5.12. PROVIDERS ELIGIBLE FOR PARTICIPATION IN MEDI-CAL --- Except in emergency situations, HMO shall use only Providers who are eligible for participation in the Medicare and/or Medi-Cal program to provide the Covered Services required under this Contract. Providers shall: (i) not be suspended, excluded or otherwise ineligible to participate in any Federal and/or State health care programs; (ii) have not ever been suspended, excluded or otherwise ineligible to participate in any Federal and/or State health care programs based on a mandatory exclusion as defined in 42 U.S.C. § 1396a-7(a); and (iii) have not been convicted of any felony, or any misdemeanor involving fraud or abuse in any government program, or related to neglect or abuse of a patient in connection with the delivery of a health care item or service, or in connection with the interference with or obstruction of any investigation into health care related fraud or abuse or that has been found liable for fraud or abuse in any civil proceeding, or that has entered into a settlement in lieu of conviction for fraud or abuse in any government program, within the previous 10 years.

5.13 PROVIDER TO MEMBER STAFFING RATIOS ---

5.13.1 Provider to Member Ratios - As specified by the State, HMO shall ensure that PCP staffing ratios satisfy the following full-time equivalent provider to Member ratios:

5.13.1.1 Primary Care Physicians 1:2,000 Members;
5.13.1.2 Total physicians 1:1,200 Members; and
5.13.1.3 If Non-physician Medical Practitioners are included in HMO's Network, each individual Non-physician Medical Practitioner shall not exceed a full-time equivalent provider/Member caseload of one (1) provider per 1,000 Members.

5.13.2 Supervising Physicians - HMO shall ensure that physicians who supervise non-physician mid-level staff are certified to supervise by the California Medical Board. As specified by the State, the ratio of physician supervisor to non-physician medical practitioner shall satisfy the requirement of a minimum of one (1) physician to:

5.13.2.1 Four (4) nurse practitioners; or

5.13.2.2 Four (4) physician assistants; or

5.13.2.3 Four (4) non-physician medical practitioners in any combination that does not include more than three (3) certified nurse midwives or two (2) physician assistants.

5.14 PCP GEOGRAPHIC DISTRIBUTION --- HMO shall maintain a network of PCPs, to make available to every Member a PCP whose office is located within thirty (30) minutes or ten (10) miles of Member's place of residence. Nothing in this provision shall be interpreted as preventing a Member from choosing a PCP beyond these geographic limits.

5.15 SPECIALIST GEOGRAPHIC DISTRIBUTION --- HMO shall make available to every Member, Specialists whose offices are located within fifteen (15) miles or thirty (30) minutes from the Member's place of residence as required in W & I Code Sections 14197(b) and (c). HMO shall provide transportation for Members when the nearest available Specialist is more than fifteen (15) miles from Member's place of residence.

5.16 PHYSICAL ACCESS --- HMO's and its Subcontractor's facilities shall comply with the requirements of Title III of the Americans with Disabilities Act of 1990, and shall ensure access for the disabled, which includes, but is not limited to, ramps, elevators, restrooms, designated parking spaces, and drinking water provision.

5.17 ACCURACY OF PROVIDER DIRECTORY --- HMO shall notify CalOptima within five (5) business days when either of the following occur:

5.17.1 The Provider is not accepting new Members.
5.17.2 If the Provider had previously not accepted new Members, the Provider is currently accepting new Members.

ARTICLE 6
Obligations of HMO – Clinical Quality

6.1 LICENSURE --- HMO shall ensure that every physician providing Covered Services and employed or engaged by HMO or Subcontractor shall retain at all times during the period of this Contract a valid license to practice medicine issued by the Medical Board of the State of California, without restriction to practice in designated field of medicine.

6.2 HEALTH EDUCATION AND PREVENTION --- HMO shall inform Members of contributions which they can make to the maintenance of their own health and the proper use of health care services and have a program of health education and prevention (HEP) available in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement. HMO shall:

6.2.1 Coordinate and integrate with CalOptima's QI Program;

6.2.2 Refer Members to appropriate HEP, based on the Member's needs;

6.2.3 Implement and utilize the Staying Healthy Assessment Tool as defined in CalOptima Policies; and,

6.2.4 Educate Providers and Members regarding Health Education services available to Members.

6.3 CLINICAL LABORATORY IMPROVEMENT AMENDMENTS --- HMO shall only use laboratories with a Clinical Laboratory Improvement Amendments (CLIA) certificate of waiver or a certificate of registration along with a CLIA identification number. Those laboratories with certificates of waiver shall provide only the types of tests permitted under the terms of their waiver. Laboratories with certificates of registration may perform a full range of laboratory tests.

6.4 QUALITY IMPROVEMENT PROGRAM --- HMO shall participate and cooperate in CalOptima's Quality Improvement Program. HMO shall establish, maintain and operate a Quality Improvement Program, in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement, which shall include an Annual Program Plan, Work Plan, and Annual Evaluation of Effectiveness of the QI program, as well as a semi-annual report to CalOptima's QI department using the Industry Collaboration Effort (ICE) Reporting Tool, which are consistent with current industry standards, Centers for Medicare and Medicaid Services (CMS), National Committee for Quality Assurance (NCQA), Joint Commission, and DHCS, and meets the requirements of CalOptima's Quality Improvement Program. HMO shall facilitate quality studies and assist in collection of comparative data collected from all Participating Providers using objective parameters (e.g., the current version of Healthcare Effectiveness Data and Information Set

(HEDIS)). HMO shall adopt a detailed written Quality Improvement (QI) Plan, which shall include:

6.4.1 Well defined goals and objectives of the QI Program;

6.4.2 A well-defined scope of the QI Program that considers all different types and levels of care and service provided to Members; and

6.4.3 Clearly defined accountability and responsibility for the QI Program.

6.4.4 The Board of Directors of HMO or a multi-disciplinary QI Committee designated by the Board of Directors of HMO shall oversee the QI Program conducted by HMO. This committee shall be separate from the Utilization Review committee (though Members may be the same) and have a separate agenda. The QI Committee shall have adequate representation from HMO. The QI Committee shall meet at least on a quarterly basis. HMO shall maintain attendance records and meeting minutes related to the QI Program.

6.4.5 The QI Program activities shall be reported in writing to HMO's Board of Directors at least on a quarterly basis. These reports shall be available to CalOptima upon request.

6.4.6 The HMO's QI Program shall include involvement and participation in network-wide studies/projects initiated by CalOptima.

6.4.7 HMO shall develop an annual QI work plan, which includes the following:

6.4.7.1 Goals, scope and planned projects for the year;

6.4.7.2 Planned monitoring of identified issues and tracking these issues over time;

6.4.7.3 Planned studies/audits suggested by CalOptima or the HMO; and

6.4.7.4 An annual evaluation of the QI Program/Plan.

6.4.8 HMO shall have a written procedure for responding to the findings of QI activities, such as collecting data, analyzing results, implementing corrective action plans, and reassessing the same data for improvement.

6.4.9 Requirements for the HMO's QI Program shall be established by the HMO's QI Committee and requirements may change based on changes in industry standards. CalOptima's QI Committee shall notify HMO of any additional changes in QI standards and requirements that shall be incorporated in HMO's

QI Program. HMO shall not be required to change QI Program requirements more frequently than once per year.

6.4.10 HMO shall report findings and actions taken as a result of the quality improvement activities to CalOptima at least quarterly. In addition, HMO shall provide, upon request, summaries of QI Committee meetings, findings following review of specific cases and other reviews to CalOptima.

6.4.11 The HMO shall respond promptly to all of CalOptima's requests for: (a) Medical Records; or (b) written responses to quality of care issues or Member complaints.

6.4.12 HMO shall allow CalOptima to use performance data for various program purposes, but not limited to, quality improvement activities, public reporting to consumers, and cost sharing for quality improvement activities, as identified in CalOptima Policy.

6.5 CASE MANAGEMENT SERVICES --- HMO shall offer a comprehensive Case Management Services program that targets medically and socially complex Members in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement. The Case Management Services program shall consider the Member as a whole individual taking into consideration not only his/her medical needs but also the individual in context of cultural values, age, disability and self-determination.

6.5.1 HMO shall develop and implement policies and procedures that outline processes to support Case Management Services including but not limited to:

6.5.1.1 Pro-active identification mechanisms of high risk Members;

6.5.1.2 Referral processes;

6.5.1.3 Triage mechanisms with appropriate time frames;

6.5.1.4 Comprehensive assessment processes and formats;

6.5.1.5 Care plan development and care plan implementation guidelines and format;

6.5.1.6 Carve-out service coordination;

6.5.1.7 Documentation and communications processes for all Case Management Services; and

6.5.1.8 Mechanism for evaluation of Case Management Program outcomes.

6.5.2 HMO Case Management Services shall demonstrate the ability to find, receive, and process referrals for Covered Services and Urgent Care Services of Members who meet one (1), or more of the following conditions:

6.5.2.1 Are medically complex, demonstrate an inability to manage their medical condition and are at risk of exacerbation without intervention;

6.5.2.2 Demonstrate high recidivism;

6.5.2.3 Are chronically ill;

6.5.2.4 Have a catastrophic diagnosis;

6.5.2.5 Have inadequate family/community support;

6.5.2.6 Are cost and/or length of stay outliers;

6.5.2.7 Are receiving six (6) or more chronic medications per month;

6.5.2.8 Are transitioning between Providers that may cause continuity of care concerns; and

6.5.2.9 Are Members with Special Health Care Needs.

6.5.3 CalOptima shall be entitled to periodically review HMO's Case Management Services program to determine compliance with Case Management Services standards. HMO shall furnish Case Management Services records and information to CalOptima upon request.

6.5.4 HMO Case Management shall collaborate with CalOptima on cases identified by CalOptima as needing care coordinator interventions.

6.5.5 As a component of the Case Management requirements in this Contract, HMO shall assure that HMO possesses adequate information management systems and capabilities to support Case Management functions and to meet guidelines established by CalOptima in CalOptima Policies.

6.6 OBLIGATION OF HMO UPON TERMINATION OF CONTRACTED PROVIDERS --- HMO shall ensure continuity and coordination of care by notifying Members affected by the termination of a Provider or practice site and assisting them in selecting a new PCP or PCP site. HMO shall notify Members affected by the termination of a PCP or PCP site at least thirty (30) calendar days prior to the effective termination date and assist them in selecting a new PCP or PCP site. HMO shall notify

Members being seen regularly by a specialist or specialty group whose contract is terminated at least thirty (30) calendar days prior to the effective termination date and assist them in selecting a different Provider or site. HMO shall obtain the prior written approval of CalOptima before furnishing such notice, as CalOptima must obtain written approval of DHCS as to form and content. When a Provider's contract is discontinued, and either the Provider or HMO decides to terminate the contract for reasons other than professional review actions; or the Member is seeing one (1) Provider within a group and that Provider discontinues with HMO, but the rest of the group continues its contract with HMO, then HMO shall allow Members to have continued access to that Provider under the following circumstances:

6.6.1 Members undergoing active treatment for a chronic or acute medical condition (in which discontinuity could cause a recurrence or worsening of the condition under treatment and interfere with anticipated outcomes) have access to their discontinued Provider through the current period of active treatment or for up to ninety (90) calendar days, whichever is shorter; and

6.6.2 Members in their second (2^{nd}) or third (3^{rd}) trimester of pregnancy have access to their discontinued Provider through the postpartum period.

6.7 WHOLE CHILD MODEL PROGRAM ---

6.7.1 WHOLE CHILD MODEL PROGRAM COMPLIANCE --- Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, HMO shall be responsible for identifying children with qualifying medical and surgical conditions and coordinating appropriate referrals of children with CCS Eligible Conditions as defined in Title 22, CCR Sections 41515.2 through 41518.9 and agrees to implement the Whole Child Model Program in accordance with this Contract and CalOptima Policies.

6.7.1.1 Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, HMO shall provide all Medically Necessary services previously covered by the CCS Program as Covered Services for Members who are eligible for the CCS Program, and for Members who are determined medically eligible for CCS by the local CCS Program.

6.7.1.2 To ensure consistency in the provision of CCS Covered Services, HMO shall use all current and applicable CCS Program guidelines, including CCS Program regulations, CCS Program information notices, and CCS numbered letters in developing criteria for use by HMO's Medical Director or equivalent, and other care management staff. When applicable CCS clinical guidelines do not exist, HMO

shall use evidence-based guidelines or treatment protocols that are medically appropriate given the Member's CCS Eligible Condition.

The CCS numbered letters are posted by DHCS at the following web address for guidance on providing CCS Covered Services to Members eligible for CCS:

http://www.dhcs.ca.gov/services/ccs/Pages/CCSNL.aspx

6.7.1.3 Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, HMO shall be responsible for all available Medically Necessary Medi-Cal services that are Covered Services under the CalOptima Medi-Cal Program. Any Medically Necessary CCS Services not available as a CalOptima Medi-Cal Covered Service shall remain the responsibility of the State and the county.

6.7.2 CCS PROVIDER NETWORK --- HMO shall utilize only CCS-Paneled Providers to treat CCS Eligible Conditions when a Member's CCS Eligible Condition requires treatment, HMO shall include in their network an adequate number of CCS Providers able to serve the needs of Members with CCS Eligible Conditions and receive timely access. HMO's network shall include an adequate number of CCS-Paneled Providers who are board-certified in both pediatrics and the appropriate pediatric subspecialty conditions and an adequate number of hospitals and/or facilities that include neonatal intensive care units, CCS-approved pediatric intensive care units, CCS-approved inpatient facilities and special care centers approved by the CCS Program to treat a CCS Eligible Condition. However, Members cannot be limited to a single delegated entity's provider network. HMO must ensure Members have access to all Medically Necessary CCS-Paneled Providers within CalOptima's provider network. In addition, HMO may use an out-of-state Provider, in accordance with APL 17-019, if an in-state CCS Provider does not possess the clinical expertise to appropriately treat the Member's CCS condition. If no in-network CCS-Paneled Provider possesses the clinical expertise to appropriately treat a Member's CCS condition, then CCS delegated HMO shall arrange and pay for, and coordinate the provision of, the Medically Necessary Covered Services to the Member by one or more out-of-network CCS-Paneled Providers who possess the appropriate knowledge and clinical experience. CCS delegated HMO shall implement procedures to identify individuals who may need or who are receiving services from Out-of-Network Providers and/or programs in order to ensure coordinated service delivery and efficient and effective joint case management.

6.7.3 CCS PROVIDER CREDENTIALING --- HMO shall credential CCS Providers in accordance with the existing credentialing requirements along

with the requirements of APL 18-011. DHCS will retain responsibility for paneling CCS specialists. In addition, CCS Providers shall be able to utilize CalOptima's provider grievance process.

6.7.4 COVERED CCS SERVICES --- In addition to other services required to be provided to Members under this Contract, effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, HMO shall cover CCS Services for Members determined to be eligible in accordance with the CCS Program medical eligibility regulations. Upon diagnostic evidence that a Member under 21 years of age may have a CCS Eligible Condition, HMO shall refer the Member to the county CCS office for eligibility determination.

6.7.4.1 HMO shall ensure assessment and care coordination for the transition of Members who are eligible for CCS Services and receiving services through the CCS Program at the time of the transition.

6.7.4.2 For the identification of Members eligible for CCS Services, HMO shall ensure the following:

6.7.4.2.1 Participating Providers shall perform appropriate baseline health assessments and diagnostic evaluations that provide sufficient clinical detail to establish, or raise a reasonable likelihood, that a Member has a CCS Eligible Condition.

6.7.4.2.2 Initial referrals of Members with CCS Eligible Conditions shall be made to CalOptima by telephone, same day mail, or fax or other secure electronic system, and CalOptima will submit the referral and medical documentation to the County CCS Program for eligibility determination. The initial referral shall be followed by submission of supporting medical documentation sufficient to allow for eligibility determination by the county CCS Program.

6.7.4.2.3 HMO shall provide all Medically Necessary CCS Services for the Member's CCS Eligible Condition(s).

6.7.4.2.4 If the County denies CCS Program eligibility for a Member referred by HMO, HMO remains responsible for the provision of all Medically Necessary Covered Services to the Member, including EPSDT services.

6.7.5 CONTINUITY OF CARE --- Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program,

HMO shall provide continuity of care to CCS-eligible Members transitioning to the Whole Child Model Program in accordance with Welfare and Institution Code Sections 14094.13, Health and Safety Code Section 1373.96, APL 18-011, and as follows:

6.7.5.1 In accordance with Welfare and Institutions Code, Section 14094.13(a)-(d), HMO must allow for continuity of care between Members eligible for CCS Services and CCS Providers, and Providers of Specialized Durable Medical Equipment, with whom there is an existing relationship for up to 12 months after the transition. At its discretion, HMO may extend the continuity of care period beyond the 12 months specified in this Section.

6.7.5.2 For out-of-Network CCS Providers and Providers of Specialized Durable Medical Equipment, HMO must allow for continuity of care under the following conditions:

6.7.5.2.1 The Member has seen the CCS Provider for a non-emergency visit at least once during the 12 months immediately preceding their transition to CalOptima's Whole Child Model Program, or the Member has previously received Specialized Durable Medical Equipment from a DME provider.

6.7.5.2.2 The CCS Provider or Provider of Specialized Durable Medical Equipment accepts HMO's rate for the service, or the applicable Medi-Cal or CCS fee-for-service rate, whichever is higher, unless the CCS Provider enters into an alternative payment methodology mutually agreed upon by HMO and the CCS Provider.

6.7.5.2.3 HMO confirms that the CCS Provider meets applicable CCS standards and has no disqualifying quality of care issues.

6.7.5.2.4 The CCS Provider or Provider of Specialized Durable Medical Equipment makes treatment information available to HMO, to the extent authorized by the State and federal patient privacy provisions.

6.7.5.3 Ensure that the continuity of care requirements for pharmaceutical services and provision of prescribed drugs are applied to Members who are eligible for the CCS Program at the time of the transition to the Whole Child Model Program. Before the previously prescribed drug is discontinued, HMO and the Member's prescribing CCS

Provider shall complete the necessary evaluation and treatments and must both agree that the previously prescribed drug is no longer Medically Necessary, or that it is no longer prescribed by the Member's prescribing CCS Provider.

6.7.6 EPSDT SERVICES --- Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, for CCS-eligible Members, HMO shall provide all Medically Necessary Covered Services, including EPSDT services when the scope of an EPSDT benefit is more generous than the scope of a CCS benefit. In such cases, HMO shall apply the EPSDT standard of what is Medically Necessary to correct or ameliorate the Member's condition.

6.7.7 CASE MANAGEMENT AND COORDINATION OF CARE --- Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, HMO shall provide service authorization, case management, and care coordination for CCS Services by an employee or Subcontractor with knowledge or adequate training on the CCS Program, and clinical experience with either the CCS population or pediatric patients with complex medical conditions.

6.7.7.1 Once a Member's eligibility for the CCS Program is established, CalOptima shall complete the risk level and needs assessment required under APL 18-011. HMO shall provide Complex Case Management services to all Members eligible for CCS Services and coordinate care between the Primary Care Provider, CCS specialty services, and if applicable Outpatient Mental Health Services and regional center services across all settings. The provision of Complex Case Management shall include the facilitation of communication between the Member's health care Providers, personal care Providers such as IHSS and behavioral health Providers, and when appropriate, the Member and/or Member's parents, custodial parents, legal guardians, or other authorized representatives.

6.7.7.2 HMO shall also arrange referral to Specialty Mental Health, and Drug Medi-Cal services as appropriate through the county substance use disorder program if determined necessary through CalOptima's assessment. To arrange services with a regional center, HMO shall:

6.7.7.2.1 Coordinate with Members eligible for CCS Services and their parents, custodial parents, legal guardians, or other authorized representatives, in understanding and accessing services; and

6.7.7.2.2 Operate as a central point of contact for questions regarding access, care, and problem resolution.

6.7.7.3 HMO shall create an individual care plan (ICP) for CCS-eligible Members who have been determined high risk through the CalOptima risk stratification process, incorporate the required elements stated in Welfare and Institutions Code, Section 14094.11(c) and APL 18-011, be specific to individual Member needs, and update the ICP at least annually.

6.7.7.4 Provide Person-Centered Planning, case management and coordination of care, to Members eligible for CCS Services and in collaboration with the Member's parents, custodial parents, legal guardians, or other authorized representatives.

6.7.7.5 Provide information to Members eligible for CCS Services on how to access local family resource centers or family empowerment centers.

6.7.7.6 Allow a Member eligible for CCS Services, or the Member's parents, custodial parents, legal guardians, or other authorized representatives, to request continuing case management and care coordination from their public health nurse within 90 days of transitioning to the Whole Child Model Program, in accordance with Welfare and Institutions Code, Section 14094.13(e). If the county public health nurse leaves the CCS Program or is no longer available to provide case management and care coordination, HMO shall transition those services to one of its case managers who has received adequate training on the CCS Program and has clinical experience with the CCS population or pediatric patients with complex medical conditions.

6.7.8 RIGHTS FOR MEMBERS ELIGIBLE FOR CCS ---

6.7.8.1 Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, HMO shall provide a mechanism for a Member eligible for CCS Services, or the Member's parents, custodial parents, legal guardians, or other authorized representatives, to request a Specialist or clinic as a Primary Care Provider.

6.7.8.2 Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, for Members receiving continuity of care, HMO shall send a written notice 60 days prior to the end of the authorized continuity of care

period. The notice shall explain the right to petition HMO for an extension of the continuity of care period, the criteria used to evaluate the petition, and the appeals process if HMO denies the petition.

6.7.8.3 In addition to the Member's right to file a Grievance or request an appeal or State Fair Hearing, effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, HMO shall also ensure that Members who are eligible for CCS Services, or the Member's parents, custodial parents, legal guardians, or other authorized representatives, may appeal the continuity of care limitations, or the extension of a continuity of care period in accordance with Welfare and Institutions Code, Section 14094.13(i)(1).

6.7.8.4 Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, HMO shall also ensure that CCS-eligible Members, or the Members' parents, custodial parents, legal guardians, or other authorized representatives, retain the right to request an Appeal and State Fair Hearing for adverse benefit determinations that involve delay, modification, denial, or discontinuation of CCS Services in accordance with CalOptima Policy.

6.7.8.5 HMO must ensure Members are provided information on grievances, appeals and State Fair Hearing processes as provided under CalOptima Policies. Effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program, CCS-Eligible Members enrolled in managed care are provided the same grievance, appeal and State Fair Hearing rights as provided under APL 18-001, and State and Federal law.

6.8 CREDENTIALING REQUIREMENTS --- HMO acknowledges and agrees that CalOptima has delegated credentialing and recredentialing obligations to HMO. HMO shall have an ongoing credentialing and recredentialing program covering Participating Providers (e.g. Practitioners, organizational providers and licensed independent practitioners) consistent with CalOptima Policies and in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement. HMO shall comply with all credentialing and recredentialing obligations as specified in this Contract and CalOptima Policies.

6.8.1 HMO shall have a mechanism in place to ensure confidentiality of information collected during the credentialing and recredentialing process.

6.8.2 HMO shall ensure that all Participating Providers who furnish items and/or services to Members and/or submit claims and/or receive reimbursement for

Covered Services furnished to Members meet CalOptima's credentialing and recredentialing requirements as specified in CalOptima's Credentialing and Recredentialing Policy. HMO shall ensure that any Participating Provider who is required to meet credentialing and recredentialing requirements, but fails to do so, does not furnish items and/or services and/or receive reimbursement for any Covered Services furnished to Members. HMO shall ensure that all contracts with Participating Providers who are subject to these requirements allow for termination of the Participating Provider's right to furnish items and/or services to Members and/or submit claims and/or receive reimbursement for Covered Services furnished to Members.

6.8.3 HMO shall provide to CalOptima or have available for CalOptima review upon request the following:

6.8.3.1 An accurate, current, signed copy of the DHCS Medi-Cal Disclosure Form, DHS-6216 (07/05), or such other disclosure form as DHCS may otherwise provide to meet the requirements of Section 51000.35 of Title 22 of the California Code of Regulations.

6.8.3.2 A signed attestation that all Participating Providers who are required to meet CalOptima Minimum Standards in order to furnish, submit claims and/or receive reimbursement for Covered Services furnished to Members meet CalOptima's Minimum Standards as specified in CalOptima Policies.

6.8.3.3 An annual signed attestation that all Participating Providers are credentialed to the standards set forth by CalOptima.

6.8.3.4 Monthly summary of all credentialing and recredentialing activity including the name of Participating Provider, date of facility site review (if applicable) and decision date.

6.8.3.5 Concurrent reporting of any adverse action toward a Participating Provider, including adverse actions reported to a governmental or other regulatory agency.

6.8.3.6 If applicable, Quarterly Summaries and copies of facility site reviews performed for PCPs.

6.9 BOARD CERTIFICATION --- HMO shall ensure that all Practitioners furnishing Covered Services to Members meet those requirements identified in CalOptima Policy regarding Board Certification.

6.9.1 HMO shall ensure that any Practitioner who is required to meet the requirements set forth above, but fails to do so, does not furnish items and/or services to Members, submit claims and/or receive reimbursement for any

Covered Services furnished to Members. HMO shall ensure that all contracts with Practitioners who are subject to these requirements allow for termination of the Practitioners' right to furnish items and/or services, submit claims and/or receive reimbursement for Covered Services furnished to Members.

6.9.2 HMO acknowledges that these requirements apply to each individual Practitioner that is affiliated with and/or part of any medical group, independent physician associations (IPA) and/or other organization or entity that contracts with HMO to furnish Covered Services to Members.

6.10 FACILITY SITE/MEDICAL RECORDS REVIEW --- HMO shall participate in collaborative PCP site reviews for shared PCPs in accordance with MMCD Policy Letter specifications and other requirements of DHCS. HMO shall comply with CalOptima Policies related to PCP site reviews including those addressing collaborative programs.

6.11 COORDINATION AND CONTINUATION OF CARE --- HMO shall have systems in place to ensure managed patient care, including at a minimum:

6.11.1 Management and integration of health care, including Covered Services, through a PCP.

6.11.2 Referrals for Medically Necessary specialty, secondary and tertiary Covered Services.

6.11.3 HMO shall clearly specify referral requirements to Participating Providers and Subcontractors and establish a system to track and monitor services requiring prior authorizations through the HMO.

6.11.4 HMO shall have a utilization management program that meets guidelines as set forth in CalOptima Policies and is in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement.

6.11.5 Systems to assure provision of care in emergency situations, including an education process to help assure that Members know where and how to obtain Medically Necessary Covered Services in emergency situations.

6.11.6 The provision of Case Management Services as set forth in this Contract, CalOptima Policies and in coordination with CalOptima's Case Management program.

6.11.7 Systems for the consideration and approval of standing referrals, in accordance with CalOptima Policy.

6.11.8 HMO shall be responsible for coordinating care of certain services including:

6.11.8.1 HMO's Participating Providers providing Pediatric Preventive Services (CHDP) shall document such services on the CMS-1500, UB-04 claim form or electronic equivalent.

6.11.8.2 Participating Providers providing CHDP agree to coordinate with the Orange County CHDP Program as set forth in the CHDP Program pursuant to CalOptima's Pediatric Preventative Services Policy;

6.11.8.3 HMO shall promote education and support systems that increase compliance with the standards for periodicity and content of pediatric health assessments;

6.11.8.4 HMO shall make referrals to the Women, Infants and Children Food Supplementation Program (WIC) in accordance with WIC policies and procedures;

6.11.8.5 HMO shall make referrals for perinatal Members to the PSS program pursuant to CalOptima Policy;

6.11.8.6 HMO shall make referrals to the Regional Center of Orange County (RCOC), as set forth in the RCOC MOU;

6.11.8.7 All Members between the ages of three (3) and twenty-one (21) shall be referred to a dentist in accordance with the most recent recommendations of the AAP, as part of periodic health assessment;

6.11.8.8 HMO shall be responsible for Covered Services that are related to dental services but are not provided by a dentist or dental anesthetists. Covered Services required for a dental procedure include but are not limited to: laboratory services, pre-admission physical examinations required for admission to inpatient and outpatient Facility, anesthesia services, and inpatient surgical services and inpatient hospitalization services as provided in CalOptima Policy. HMO shall develop referral and prior authorization policies and procedures to implement the above requirements. HMO shall submit these policies to CalOptima for review and approval;

6.11.8.9 HMO shall provide outpatient mental health services within the PCP's scope of practice. HMO shall refer Members requiring inpatient mental health services to the Orange County Health Care Agency (HCA) Behavioral Health Services. HMO shall retain

financial responsibility for initial physical health assessment for any Member admitted to an inpatient facility. This assessment shall be performed by a facility physician or by the Member's PCP. HMO shall also maintain financial responsibility for any Covered Services that are Medically Necessary while Members are receiving inpatient care including but not limited to laboratory and/or x-ray services.

6.11.8.10 Mental Health Services. HMO shall provide Care Management Services for the Member's physical health needs and coordinate Covered Services with Specialty Mental Health Providers. This would include the coordination and responsibility for non-mental health services for Members undergoing inpatient psychiatric treatment. CalOptima shall retain financial responsibility for certain mental health psychotherapeutic drugs. HMO shall retain financial responsibility for laboratory tests associated with provision of mental health services, including but not limited to use of psychotropic drugs. HMO shall comply with all responsibilities, policies and procedures as set forth in the HCA/MHP MOU.

6.11.8.11 For Outpatient Mental Health Services, HMO shall refer Members to the CalOptima Behavioral Health for mild to moderate mental health conditions and the Administrative Service Organization (ASO) for Specialty Mental Health services.

6.11.8.11.1 To access mild to moderate Outpatient Mental Health Services that are outside the PCP's scope of practice, HMO shall refer Members to CalOptima's mental health contracted provider through CalOptima Behavioral Health. Members requiring alcohol and or substance use disorder treatment should be referred to the Orange County Drug Medi-Cal Organized Delivery System (DMC-ODS).

6.11.8.12 For outpatient Specialty Mental Health Services, HMO shall refer Members to the Administrative Service Organization (ASO) contracted by Orange County to provide assessment, referral and authorization services for Specialty Mental Health Services.

6.11.8.12.1 HMO shall provide Care Management Services for the Member's physical health needs and coordinate Covered Services with Specialty Mental Health Providers. DHCS retains financial responsibility for certain mental health psychotherapeutic drugs. HMO shall retain financial responsibility for laboratory tests associated with provision of mental health services,

including but not limited to use of psychotropic drugs. HMO shall comply with all responsibilities, policies and procedures as set forth in the HCA/MHP MOU; and

6.11.8.12.2 HMO shall arrange and coordinate Medically Necessary Covered Services, including referral of Members requiring alcohol and drug treatment to Orange County DMC-ODS. Members requiring outpatient heroin detoxification shall be referred to appropriate Providers.

6.11.9 To the extent that the HMO is responsible for the coordination of care for Members, CalOptima shall share with HMO, in accordance with Section 14.12, any utilization data that DHCS has provided to CalOptima, and HMO shall receive the utilization data provided by CalOptima and use it as the HMO is able for the purpose of Member care coordination.

6.12 VACCINES --- HMOs shall assure, at a minimum, all routine pediatric vaccinations currently recommended by the AAP/ACIP and the United States Preventative Task Force and additional routine immunizations are provided to Members consistent with HMO's immunization policy. CalOptima shall not reimburse HMO for the cost of vaccines that are available under the Vaccines for Children (VFC) program. Providers administering pediatric immunizations shall maintain an appropriate supply of vaccines from the VFC program. Vaccinations, which are not part of the standard pediatric protocol, shall be administered according to CalOptima Policies.

6.13 PHARMACY APPROVED DRUG LIST COMPLIANCE --- Participating Providers shall comply with the CalOptima Approved Drug List and its associated drug utilization and disease management guidelines and protocols. Requests for items not included in the Approved Drug List shall require prior authorization by CalOptima. The prescribing physician shall be responsible for submitting prior authorization requests and responding to requests for additional information in accordance with regulatory timeframes. The prescribing physician shall provide CalOptima all information necessary to process prior authorization requests.

6.13.1 HMO may be subject to sanctions for Participating Provider's failure to comply with the prior authorization process.

6.13.2 Participating Providers shall prescribe generically available drugs instead of the parent brand product whenever therapeutically equivalent generic drugs exist.

6.14 RESEARCH --- HMO agrees to participate in and make data available for research projects initiated or approved by CalOptima.

6.15 FUNCTIONS AND DUTIES OF HMO FOR SPD --- HMO shall provide the following for SPD Members:

6.15.1 HMO shall participate in the Community Liaison Program according to the guidelines and policies CalOptima promulgates to operate the program and as set forth in this Contract and CalOptima Policies;

6.15.2 HMO shall refer all SPD Members, who require a customized wheelchair and/or a modification to a customized wheelchair or seating system, to a contracted Evaluation Services Provider, and provide appropriate Covered Services in accordance with the resulting evaluation, pursuant to CalOptima Policy;

6.15.3 HMO shall make available Incontinence Supplies to SPD Members when such supplies are Medically Necessary to treat incontinence. HMO shall not restrict the Incontinence Supplies by brand name as long as the supplies do not exceed the rate paid for comparable supplies under the DHCS Medi-Cal Fee-for-Service program;

6.15.4 HMO shall authorize Medical Supplies for six (6) month periods for SPD Members under the following conditions: (a) the PCP determines that the SPD Member requires ongoing Medical Supplies; (b) HMO determines that the Medical Supplies are Medically Necessary based upon the prescribing PCP's assessment; and (c) the PCP projects that the SPD Member's need for the Medical Supplies will remain stable over the six (6) month period;

6.15.5 HMO or Subcontractor shall dispense Medical Supplies in no greater than thirty (30) calendar day amounts, even when such Medical Supplies are authorized for six (6) month periods. HMO shall approve re-authorization of Medical Supplies at consecutive six (6) month intervals unless a PCP determines that a change in the SPD Member's medical condition warrants additional assessment, and/or adjustments to the prescription for Medical Supplies. Notwithstanding a six (6) month authorization, HMO shall not be responsible for providing Medical Supplies when the SPD Member's Medi-Cal eligibility ceases or when the Member is no longer enrolled with the HMO;

6.15.6 HMO shall permit SPD Members to select as a PCP any Participating Specialist Provider willing to perform the role of the PCP. HMO shall provide to all SPD Members upon enrollment HMO and at any time thereafter, upon the SPD Member's request a list of all Participating Specialist Providers willing and available to perform duties/functions of the PCP;

6.15.7 Within one-hundred twenty (120) days upon enrollment in the HMO of an SPD Member, HMO shall complete a plan of care pursuant to CalOptima

Policies. HMO shall update this plan as appropriate and/or annually. HMO shall consult the SPD Member and/or Member's representative as appropriate in completing and updating the plan of care;

6.15.8 Upon request, and as Medically Necessary, for any qualifying SPD Member as defined in CalOptima Policies, , HMO shall conduct and provide, when appropriate, a home assessment to assess the SPD Member's needs for appropriate referrals to Participating Providers and/or community based organizations and providers;

6.15.9 HMO shall provide SPD Members with standing referrals pursuant to CalOptima Policies, to specialists necessary for conditions requiring ongoing treatment or ongoing supply, equipment or DME service needs. These referrals can be renewed semi-annually; and

6.15.10 HMO shall have Participating Providers with facilities and/or sites that are capable of accommodating SPD Members with special medical care needs as defined in CalOptima Policies. Facility requirements to meet the needs of SPD Members with special medical care needs include, but are not limited to, office or clinic equipment to facilitate the appropriate and safe examination of SPD Members and the capacity to provide specific Covered Services to SPD Members, such as the provision of dental procedures under general anesthesia.

6.15.11 If HMO's network is unable to provide necessary medical services covered under the Contract to a particular SPD Member, HMO must adequately and timely cover these services out-of- network for the Member, for as long as the entity is unable to provide them. HMO acknowledges that out-of-network providers must coordinate with HMO with respect to payment, and HMO shall ensure that such out-of-network providers understand this requirement. HMO must ensure that cost to the Member is not greater than it would be if the services were furnished within the network. HMO shall provide for the completion of covered services by a terminated or out-of-network provider at the request of a Member, in accordance with the continuity of care requirements in Health and Safety Code Section 1373.96. For newly-enrolled SPD Members, HMO shall provide continued access for up to twelve (12) months to an out-of-network provider with whom the Member has an ongoing relationship (i.e. an existing provider from whom they are receiving services), if the provider will accept HMO or Medi-Cal FFS rates, whichever is higher per W & I Code 14182(b)(13) and (14). An ongoing relationship shall be determined by identifying a link between the newly-enrolled SPD Member and an out-of-network provider using FFS utilization data provided by DHCS.

6.15.12 For SPD Members, HMO shall report all grievances related to those listed in Title 28, CCF, Section 1300.68(f)(2)(D), including, but not be limited to, timely assignments to a provider, issues related to cultural and linguistic sensitivity, difficulty with accessing specialists, and grievances related to out-of-network requests.

6.15.13 HMO and Participating Providers and all staff who interact with SPD Members, as well as those who may potentially interact with SPD Members, or any other staff deemed appropriate by CalOptima or DHCS shall receive sensitivity training as provided by CalOptima or DHCS.

6.15.14 Personal Care Coordinator (PCC) Programs for CCS and SPD Members Definitions.

6.15.14.1 "Care Management Monthly Profile (Profile)" is a monthly report generated by CalOptima which provides the healthcare risk outcomes for CCS and SPD Members. The Profile shall include the compliance parameters required to receive PCC supplemental capitation.

6.15.14.2 "Individual Care Plan" is a plan of care developed after an assessment of the Member's social and health care needs that reflects the Member's resources, understanding of his or her disease process, and lifestyle choices.

6.15.14.3 "Personal Care Coordinator or PCC" is a dedicated non-licensed care coordinator, assigned to each Medi-Cal member with an CCS Eligible Condition as determined by the local CCS Program, or SPD aid code, supervised by a licensed person, and funded by CalOptima.

6.15.15 HMOs shall be eligible to receive the supplemental PCC capitation as defined in Attachment E if HMO remains in good standing with CalOptima which shall include but not limited to the following:

6.15.15.1 No sanctions in place for the Medi-Cal program;
6.15.15.2 Resolution satisfactory to CalOptima of all identified Medi-Cal Program compliance deficiencies from the preceding calendar quarter;
6.15.15.3 Execution of all previous amendments; and
6.15.15.4 Other requirements contained in CalOptima Policy, as applicable.

6.15.16 During any period in which CalOptima provides funding for the PCC program, and written notice that the program is active, HMO shall provide PCC services in accordance with the following:

6.15.16.1 HMO shall employ PCCs, and participate in all PCC Program requirements as defined in CalOptima Policy and the Profile. HMO shall staff one PCC per six hundred (600) CCS or SPD Members assigned to HMO. PCC responsibilities include but are not limited to: Assisting Members and Member's PCPs in the development of an Individual Care Plan (ICP); communicating the ICP with the Member, Member's PCP and Member's care team; and assisting Members receiving care as outlined in the ICP. HMO shall submit required reports and documents to CalOptima. These include but are not limited to ICPs, PCC staffing levels, and PCC and professional staff descriptions to demonstrate adherence CalOptima Policy requirements.

6.15.16.2 CalOptima shall provide HMO with Profile requirements. Changes to the Profile which may impact PCC supplemental capitation, will be communicated to HMO thirty (30) days prior to the effective date of such change. If HMO is unable to agree to the requirements stipulated in the Profile, and no resolution is reached in the thirty (30) day period, further action may be taken including but not limited to recoupment of PCC supplemental funds that have been paid to HMO and termination of the Contract.

6.16 ADVANCE DIRECTIVES --- HMO shall maintain written policies and procedures related to Advanced Directives in compliance with current State law. HMO shall not discriminate against any Member on the basis of that Member's Advance Directive status.

6.17 SECOND OPINIONS --- HMO shall provide, at its sole cost and expense second opinions and provide to Members all required notification, documentation, forms and information regarding obtaining second opinions as prescribed by CalOptima Policies.

6.18 DISEASE MANAGEMENT --- HMO shall assist CalOptima in implementation of a disease management program in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement.

6.19 MEMBERS WITH SPECIAL HEALTH CARE NEEDS --- HMO shall identify, assess and implement care plans as appropriate for Members with Special Health Care Needs. HMO shall have processes for monitoring and tracking Members with Special Health Care Needs and the provision of services under the implemented plan of care.

6.20 MEMBER VISITS --- HMO shall ensure that Subcontracting health facilities licensed pursuant to Health and Safety Code Section 1250 permit a Member at Member's choice to be visited by a Member's domestic partner, the children of a Member's domestic partner, and the domestic partner of the Member's parent or children. HMO shall include the requirement of this Section in its Subcontracts with such health facilities.

6.21 DHCS DIRECTIONS --- If required by DHCS, HMO and its Subcontractors shall cease specified activities, which may include, but are not limited to, referrals, assignment of beneficiaries, and reporting, until further notice from DHCS.

ARTICLE 7
Obligations of HMO – Reporting

7.1 DATA REPORTING REQUIREMENTS --- HMO shall comply with the data reporting requirements set forth in this Contract, including but not limited to the requirements specified in Standard Reporting Requirements set forth in CalOptima Policies and Guidelines referred to as the Timely and Appropriate Submission Requirements. HMO shall provide such additional data and modify the form, content, instructions and timetables for the collection and reporting of data as may be required by CalOptima Policies. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

7.2 ENCOUNTER REPORTING --- HMO shall submit to CalOptima complete, accurate, reasonable and timely encounter data (a) needed by CalOptima in order for CalOptima to meet its encounter data reporting requirements to DHCS, and/or (b) required by CalOptima and CalOptima's regulators as provided in this Contract and in CalOptima Policies. HMO shall submit encounter data pursuant to standards defined by CalOptima Policies. Upon first receiving member assignments; or changing management companies, business systems, clearinghouse vendors, and/or contractual model; HMO shall begin encounter data file testing within sixty (60) days and complete testing within ninety (90) days. HMO shall be subject to financial penalties and/or sanctions if CalOptima determines that HMO is reporting to CalOptima less than all professional and facility encounters in the CalOptima required format and timelines. HMO shall have twelve (12) calendar days, upon notification by CalOptima, to correct encounters rejected by CalOptima's regulatory agencies, including the Department of Health Care Services (DHCS) and Centers for Medicare and Medicaid Services (CMS). Financial penalties or sanctions shall be assessed upon HMO should CalOptima determine that HMO is not meeting the standards as defined in CalOptima Policies. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

7.3 ANNUAL AUDIT AND FINANCIAL REPORTING REQUIREMENTS --- HMO agrees to provide the results of its annual audited financial statements, including "Letters to Management", if requested, for the prior calendar or fiscal year within one hundred-twenty (120) calendar days of the completion of that year. Financial statements shall be presented in a form specified by CalOptima that clearly shows the financial position of HMO as related to Members. HMO shall allow representatives of CalOptima, upon written request, to verify the financial report.

7.4 FINANCIAL REPORTING --- If HMO is required to file monthly Financial Statements with the DMHC, HMO shall simultaneously file monthly Financial Statements with DHCS. HMO shall prepare financial information requested in accordance with GAAP. Where Financial Statements and projections are requested, these statements and projections should be prepared in accordance with the 1989 HMO Financial Report of Affairs and Conditions Format. Where appropriate, reference has been made to the Knox-Keene Health Care Service Plan Act of 1975 rules found under Title 28, CCR, Section 1300.51 et. seq. Information submitted shall be based on current operations. HMO shall submit financial information consistent with filing requirements of the DMHC unless otherwise specified by DHCS.

7.5 PARTICIPATING PROVIDER NETWORK CHANGES --- HMO shall report in compliance with CalOptima Policies, any changes, including but not limited to additions, deletions and location changes of Providers constituting HMO's provider network.

7.6 HMO ORGANIZATION PROFILE --- HMO shall report in compliance with CalOptima Policies, a profile of the HMO's organization, including, but not limited to, HMO's significant administrative and Provider network contractual relationships.

7.7 PARTICIPATING PROVIDER CONTRACTS --- HMO shall provide to CalOptima copies of all contract templates utilized with Participating Providers. Upon modification, change or replacement by HMO, HMO shall provide CalOptima with copies of current contract templates. In addition, upon request from CalOptima or DHCS, HMO shall provide copies of any Subcontract entered into or amended for purposes of fulfilling HMO's obligations under this Contract.

7.8 DISCLOSURE --- HMO and any Subcontractors shall make available to CalOptima, CalOptima's authorized agents, and appropriate representatives of the State and federal government any of HMO's or Subcontractor's financial records related to HMO's capacity to bear the risk of potential financial losses, or to the Covered Services performed and amounts paid or payable under this Contract. CalOptima recognizes the proprietary nature of this information and shall make all assurances to maintain its confidentiality in accordance with the California Public Records Act.

7.9 REPORTING UNAUTHORIZED DISCLOSURE OF PRIVATE MEMBER INFORMATION --- In the event that HMO, or any of its officers, employees, agents,

or Subcontractors, becomes aware of the unauthorized disclosure of confidential Member information, as described in California Welfare and Institutions Code Section 14100.2, or of "personal information," within the meaning of California Civil Code Section 1798.3, HMO shall report said unauthorized disclosure to CalOptima's Privacy Officer immediately upon discovery of said disclosure, providing information on the information disclosed and how the disclosure occurred. For purposes of this Section, "unauthorized disclosure" includes any unauthorized access, whether such access was through inadvertence, mistake, theft, or other means, and whether or not HMO had reasonable control to avoid the disclosure.

7.10 PROVIDER DATA – HMO shall submit to CalOptima complete, accurate, reasonable, and timely provider data and other data and reports (a) needed by CalOptima in order for CalOptima to meets its reporting requirements to DHCS, and/or (b) required by CalOptima and CalOptima's Regulators as provided in this Contract and in CalOptima Policies.

7.11 REPORTS AND DATA --- In addition to any reporting obligations under this Contract, HMO shall submit reports and data relating to services covered under this Contract as required by CalOptima, in a form and manner specified by CalOptima, including, without limitations, for purposes of complying with requests for reports and data from CalOptima's Regulators to CalOptima.

7.12 CERTIFICATION OF DOCUMENT AND DATA SUBMISSIONS --- All data, information, and documentation provided by HMO to CalOptima pursuant to this Contract and/or CalOptima Policies, which are specified in 42 CFR § 438.604 and/or as otherwise required by CalOptima and/or CalOptima's Regulators, shall be accompanied by a certification statement on the HMO's letterhead signed by the HMO's Chief Executive Office or Chief Financial Officer (or an individual who reports directly to and has delegated authority to sign for such Officer) attesting that based on the best information, knowledge, and belief, the data, documentation, and information is accurate, complete, and truthful.

ARTICLE 8
Obligations of HMO – Termination

8.1 OBLIGATION UPON TERMINATION --- Upon termination of this Contract, it is understood and agreed that HMO shall continue to provide authorized Covered Services to Members who retain eligibility and who are under the care of HMO at the time of such termination, until the services being rendered to Members are completed, unless CalOptima, in its sole discretion, makes reasonable and medically appropriate provisions for the assumption of such services. For Covered Services provided following the month in which HMO received Capitation Payment and termination occurred, HMO shall be paid according to the Medi-Cal Fee Schedule, as defined in CalOptima Policy applicable to such services in effect on the date the services are provided.

8.2 TERMINATION AND TRANSFER OF CARE --- Prior to the termination or expiration of this Contract, including termination due to termination or expiration of CalOptima's State Contract, and upon request by DHCS or CalOptima to assist in the orderly transfer of Members' medical care and all necessary data and history records to DHCS or a successor State contractor, the HMO shall make available to DHCS and/or CalOptima copies of medical records, patient files, and any other pertinent information, including information maintained by any Subcontractor necessary for efficient case management of Members, and the preservation, to the extent possible, of Member-Provider relationships. Costs of reproduction shall be borne by DHCS and CalOptima, as applicable.

8.2.1 HMO agrees to assist CalOptima in the transfer of care in the event of any Subcontract termination for any reason. Costs of reproduction shall be borne by HMO.

8.3 TERMINATION PLANS --- HMO shall have a plan for the orderly termination of services under this Contract. HMO shall submit a plan regarding coordination of care and payment of claims to CalOptima at least 60 days prior to expiration or termination of this Contract. The termination plan shall require the written approval of CalOptima.

8.4 APPROVAL BY AND NOTICE TO DHCS --- HMO acknowledges that this Contract and any modifications and/or amendments thereto are subject to the approval of DHCS. CalOptima and HMO shall notify DHCS of amendments to, or termination of, this Contract. Notice is considered given when properly addressed and deposited in the United States Postal Service as first-class registered mail, postage attached. HMO acknowledges and agrees that any amendments or modifications shall be consistent with the requirements relating to submission to DHCS for approval.

8.4.1 NOTICE TO THE DEPARTMENT OF MANAGED HEALTH CARE -- In addition, HMO shall notify the Department of Managed Health Care in the event that this Contract is amended or terminated.

ARTICLE 9
Obligations of CalOptima – Financial

9.1 PAYMENT OF CAPITATION ---

9.1.1 Capitation Payment - Capitation Payment shall be determined by CalOptima by multiplying the Capitation Rate set forth in Attachment E, by the number of Members enrolled with HMO, by age, gender and Aid Code.

9.1.2 Capitation Payment Schedule - CalOptima agrees to pay Capitation Payment to HMO on or about the fifteenth (15^{th}) of the month for enrolled Member.

Capitation Rates shall be daily pro-rated basis based upon the Member's effective date of enrollment with HMO.

9.1.3 Capitation Payment Withhold - CalOptima shall withhold from HMO an amount equal to twenty-five percent (25%) of the monthly Capitation Payment (Withhold). CalOptima may adjust HMO's Capitation Payment on a quarterly basis should the Withhold fall below twenty-five percent (25%) of HMO's current month Capitation Payment. CalOptima may increase this withhold rate in accordance with CalOptima Policy.

9.2 CAPITATION RATE ADJUSTMENTS --- The Capitation Rates may be adjusted by CalOptima during the Contract term to reflect implementation of State or federal laws or regulations, changes in the State budget, the State Contract or DHCS policy, and/or changes in Covered Services. Reimbursement is subject to the DHCS providing funds for the purposes of this Contract. Payment adjustments made by DHCS and/or CMS may be reflected in payments to the HMO. If the State has provided CalOptima with advance notice of adjustment, CalOptima shall provide notice thereof to HMO as soon as practicable. Capitation may also be adjusted in the event of de-delegation of any function delegated under this Contract or Delegation Agreement.

9.3 PAYMENTS FOR PERSONS WITH AIDS --- CalOptima shall pay a supplemental capitation rate, and HMO shall provide services to Members with a confirmed diagnosis of Acquired Immune Deficiency Syndrome (AIDS) in accordance with CalOptima Policy.

9.4 OVERPAYMENTS AND CALOPTIMA RIGHT TO RECOVER --- HMO has an obligation to report any overpayment identified by HMO, and to repay such overpayment to CalOptima within sixty (60) days of such identification by HMO, or of receipt of notice of an overpayment identified by CalOptima. HMO acknowledges and agrees that, in the event that CalOptima determines that an amount has been overpaid or paid in duplicate, or that funds were paid which were not due under this Contract to HMO, CalOptima shall have the right to recover such amounts from HMO by recoupment or offset from current or future amounts due from CalOptima to HMO, after giving HMO notice and an opportunity to return/pay such amounts. This right to recoupment or offset shall extend to any amounts due from HMO to CalOptima, including, but not limited to, amounts due because of:

9.4.1 Payments made under this Contract that are subsequently determined to have been paid at a rate that exceeds the payment required under this Contract.
9.4.2 Payments made for services provided to a Member that is subsequently determined to have not been eligible on the date of service.
9.4.3 Unpaid Conlan reimbursements owed by HMO to a Member. Capitation payments made in relation to a Member for a period after the Member was deceased.

9.4.4 In the event that DHCS or CMS establishes a Medicaid Medical Loss Ratio methodology that takes into account sub-capitated providers non-medical costs, amounts recovered from CalOptima by DHCS or CMS for failure to meet such MLR requirements, to the extent attributable to HMO's capitation

9.4.5 Payments made by CalOptima that are the financial responsibility of HMO.

In addition, in the event of termination of the Health Network, or the transition of the Health Network to a different delegation model, CalOptima shall have the right to offset any unpaid claims that are the financial responsibility of HMO paid by CalOptima against any funds owed to HMO by CalOptima, including, but not limited to, capitation payments, financial security withholds, pay-for-performance amounts, quality incentives, and shared risk pool surpluses.

9.5 ADDITIONAL PAYMENT --- CalOptima reserves the right to pay Providers or HMO additional sums in any manner that CalOptima deems at its discretion to be beneficial for CalOptima's Members.

9.6 LIMITATION ON CALOPTIMA'S PAYMENT OBLIGATIONS --- Notwithstanding anything to the contrary contained in this Contract, CalOptima's obligation to pay HMO any Capitation Payment shall be subject to CalOptima's receipt of funding from the State.

9.7 DISPUTES --- Any and all disputes related to payments and/or enrollments shall be reported to CalOptima within ninety (90) calendar days of payment, and each dispute shall be clearly defined and include supporting documentation. Failure to dispute within the established time frame indicates acceptance by HMO.

9.8 BONE MARROW AND ORGAN TRANSPLANTATION --- In the event that a Member assigned to HMO is actively listed on a DHCS-certified transplant provider list, then the Member will be disenrolled with HMO and enrolled in CalOptima Direct pursuant to CalOptima Policy. For Bone Marrow transplants, Members will be enrolled in CalOptima Direct upon referral to a designated transplant center for a qualifying diagnosis pursuant to CalOptima Policy. Except as provided herein, HMO is responsible for all Covered Services provided to Member until such Member is enrolled as a COD Member.

9.9 PAYMENT FOR TRANSPLANT EVALUATION --- For Members receiving transplant evaluation services, at a designated DHCS-approved transplant center for the specific transplant type being requested, payment or reimbursement shall be in accordance with CalOptima Policy.

9.10 ADULT MEMBERS DIAGNOSED WITH HEMOPHILIA --- In the event that an adult (age 21+ years) Member assigned to HMO is actively diagnosed as a hemophilia patient, then on the first of the month following diagnosis and notification of CalOptima the adult Member will be disenrolled with HMO and enrolled in

CalOptima Direct pursuant to CalOptima Policy. Except as provided herein, HMO is responsible for all Covered Services provided to Member until such Member is enrolled as a COD Member.

9.11 ADULT MEMBERS DIAGNOSED WITH END STAGE RENAL DISEASE (ESRD) --- In the event that an adult (age 21+ years) Member assigned to HMO is actively diagnosed as an ESRD patient then on first of the month following submission and acceptance of the CMS-2728 – US to the CalOptima Finance Department the adult member will be disenrolled with HMO and enrolled in CalOptima Direct pursuant to CalOptima Policy. Except as provided herein, HMO is responsible for all Covered Services provided to Member until such Member is enrolled as a COD Member.

9.12 FALSE CLAIMS ACT POLICY – Providers receiving more than five (5) million dollars in a year are required to have a policy to educate employees about the False Claims Act and other State and Federal laws.

ARTICLE 10
Obligations of CalOptima – Administrative

10.1 Not Applicable to this Contract.

10.2 COMPREHENSIVE HMO AUDIT --- CalOptima shall conduct and HMO shall agree to a full comprehensive compliance audit to be conducted at HMO administrative offices and/or Facilities annually, or as deemed necessary, by CalOptima. CalOptima shall submit results of the HMO audit in writing to the HMO. HMO may rebut and dispute audit findings pursuant to CalOptima Policies. HMO is responsible for implementing the corrective measures (if any). CalOptima retains the right to publish data obtained from the audit. HMO acknowledges and agrees that CalOptima may publish the audit data to Members and/or the general public without further notice to or consent from HMO.

10.3 ENCOUNTER DATA AUDIT --- On an annual basis, CalOptima shall conduct an Encounter audit. The audit shall consist of CalOptima requesting a percentage of each HMO's Member Medical Records. These records shall be reviewed for services provided. These services shall then be compared to reported Encounters to determine if the HMO accurately reported all Encounters.

10.4 APPROVED DRUG LIST --- CalOptima shall publish and maintain an Approved Drug List pursuant to CalOptima Policies.

10.5 REVIEW OF OFF-APPROVED DRUG LIST PRESCRIPTIONS --- CalOptima shall review off-Approved Drug List prescriptions in a timely manner pursuant to CalOptima Policies.

10.6 POLICIES AND PROCEDURES AVAILABILITY--- CalOptima shall provide or make available for HMO copies of current CalOptima Policies relevant to the provisions of this Contract. Copies of current CalOptima Policies relevant to the provisions of this Contract may be provided by the distribution of hard-copy documents, electronic files and/or documents and/or on the CalOptima website.

10.7 MOU AVAILABILITY--- CalOptima shall provide or make available for HMO copies of current MOUs entered into by CalOptima that are binding on HMO. Copies of current MOUs entered into by CalOptima that are binding on HMO may be provided by the distribution of hard-copy documents, electronic files and/or documents and/or on the CalOptima website.

10.8 INTERPRETATION OF MOUs --- CalOptima shall provide or make available for HMO interpretation of MOUs entered into by CalOptima that are binding on HMO. Interpretation of MOUs will identify duties, obligation and responsibilities of HMO.

10.9 RELEASE OF PERFORMANCE INFORMATION AND DATA --- HMO acknowledges and agrees that CalOptima may release to Providers, Members and others without further notice to HMO, information and data relating to the performance of HMO that CalOptima determines among other things would contribute to Providers', Members' and others' evaluation of options and alternatives and/or making informed selections and decisions regarding health care and the provision of Covered Services.

10.10 PROVIDER COMPLAINT SYSTEM --- CalOptima has established a fast, fair and cost-effective complaint system for provider complaints, grievances and appeals. Provider, including HMO, shall have access to this system for any issues arising under this Contract, as provided in CalOptima Policy related to CalOptima Medi-Cal Program. HMO complaints, grievances, appeals, or other disputes regarding any issues arising under the Contract shall be resolved through this system.

10.11 RISK ARRANGEMENTS DISCLOSURE --- CalOptima shall provide timely notice regarding those items provided for under Subsections (a)(1) through (a)(3) of Section 1300.75.4.1 of Title 28 of the California Code of Regulations.

10.12 DISCLOSURES ---

10.12.1 ANNUAL FINANCIAL RISK DISCLOSURE – On the Contract anniversary date each year, CalOptima shall disclose to HMO the financial risk assumed under the Contract by providing to HMO the following information for each and every type of Risk Arrangement (including, but not limited to, Medicare Advantage, Medi-Cal, commercial, point of service, small group, and individual plans) covered under this Contract:

10.12.1.1 A division of responsibility for medical expenses (physician,

institutional, ancillary, and pharmacy) which will be allocated to HMO, a hospital(s) or CalOptima under the Risk Arrangement.

10.12.1.2 Expected/projected utilization rates and unit costs for each major expense service group (inpatient, outpatient, PCP, specialist, pharmacy, injectables, home health, durable medical equipment, ambulance and other), as well as the source of the data and the actuarial methods employed in determining the utilization rates and unit costs by each and every type of Risk Arrangement.

10.12.1.3 All factors used to adjust payments or risk-sharing targets, including, but not limited to, the following: age, sex, localized geographic area, family size, experience rated, and benefit plan design, including copayment/deductible levels.

10.12.1.4 The amount of payment for each and every service to be provided under the Contract, including any fee schedules or other factors or units used in determining the fees for each and every service. To the extent that reimbursement is made pursuant to a specified fee schedule, the fee schedule shall be incorporated into the Contract by reference, and shall specify Medicare resource-based relative value scale ("RBRVS") year if RBRVS is the methodology for the fee schedule development. For any proprietary fee schedule, the Contract shall include sufficient detail that payment amounts related to that fee schedule can be accurately predicted.

10.12.2 ANNUAL DISCLOSURE OF CAPITATION PAYMENTS – On the Contract anniversary date each year, CalOptima shall disclose to HMO the amount of capitation payments to be paid per member per month.

10.12.3 CAPITATION DEDUCTION DETAIL – CalOptima shall provide to HMO sufficient details to allow HMO to verify the accuracy and appropriateness of any deductions from capitation payments made by CalOptima including, but not limited to, member name, member number, member date-of-birth, billing provider name, date-of-service, procedure/service codes billed, and amount paid.

ARTICLE 11
Obligations of CalOptima – Termination

11.1 MEMBER AND PROVIDER COMMUNICATION --- CalOptima shall approve all HMO, Member and provider communications relating to termination of this Contract, prior to distribution.

11.2 APPROVAL OF HMO TERMINATION PLANS --- CalOptima shall review and approve HMO termination plans at intervals and frequencies established by CalOptima Policies.

11.3 RELEASE OF WITHHOLD --- CalOptima shall release HMO's capitation withhold to HMO upon the latter of nine (9) months following the termination, or upon CalOptima's validation of completion by HMO of all post-termination requirements contained in this Contract and CalOptima Policy. In the event that all post-termination requirements have not been met within nine (9) months following termination, CalOptima may, at its sole discretion, apply HMO's capitation withhold funds to satisfy unmet post-termination requirements.

11.4 Not Applicable to this Contract.

ARTICLE 12
Health Care Delivery System

12.1 OUT-OF-COUNTY SERVICES --- HMO may contract with out-of-county facilities for Covered Services for CalOptima Members provided that the HMO ensures that it coordinates the Member's care and complies with all access, quality and other CalOptima requirements.

12.2 MEMBER LIAISON PROGRAM (MLP) --- HMO shall establish and maintain support for the Member Liaison Program, including but not limited to:

12.2.1 Providing SPD Members and their caregivers with assistance to navigate the Medi-Cal managed care system;

12.2.2 Coordinating the range of Covered Services needed by SPD Members and assisting SPD Members in understanding and utilizing HMO's referral process;

12.2.3 Ensuring SPD Members receive appropriate and timely referrals;

12.2.4 Identifying barriers faced by SPD Members and integrating recommendations into the delivery system to improve access;

12.2.5 Keeping HMO and Participating Providers educated and sensitive to the needs of persons with disabilities;

12.2.6 Assisting PCPs to fully understand individual SPD Members' needs and provide physicians with access to the many community based resources available;

12.2.7 Providing feedback to CalOptima regarding necessary program modifications/enhancements;

12.2.8 Providing access to SPD Members information necessary for coordination of Covered Services across all HMO departments;

12.2.9 Assisting in the promotion, outreach and community awareness of the MLP.

ARTICLE 13
Termination and Modification of Contract Terms

13.1 SANCTIONS AND TERMINATIONS FOR CAUSE --- If HMO fails to fulfill any of its duties and obligations under this Contract, including but not limited to: (i) committing acts to discriminate among Members on the basis of their health status or requirements for health care services; (ii) engaging in any practice that would reasonably be expected to have the effect of denying or discouraging enrollment with the HMO by Members whose medical condition or history indicated a need for substantial future medical services; (iii) not providing Covered Services in the scope or manner required under the provisions of this Contract; (iv) engaging in prohibited marketing activities; (v) failing to comply with CalOptima's Compliance Program, including Participation Status requirements; (vi) committing fraud or abuse relating to Covered Services or any and all obligations, duties and responsibilities under this Contract; (vii) failure to ensure that all Minimum Standards are met; (viii) failure to enforce claims payment prohibitions on providers who are denied the right to submit claims and/or receive reimbursement for services furnished to CalOptima Members; (ix) not having the required amounts and types of financial reserves; (x) failure of Participating Providers to comply with the prior authorization process and other pharmacy requirements as determined by CalOptima; (xi) failure to meet Medical Loss Ratio requirements; (xii) failure to meet minimum enrollment requirements; (xiii) failure to meet quality and/or performance requirements; (xiv) failure to comply with organization structure requirements; (xv) failure to submit Encounter Data pursuant to this Contract and CalOptima Policy; (xvi) a failure to perform an obligation or duty under the Prior Contract and/or failure to take corrective action related to any such obligation or duty in the time or manner required by CalOptima, and (xvii) a violation of the Department of Managed Health Care's Risk Bearing Organization regulations, including reporting, auditing or Corrective Action Plan compliance violations. CalOptima may take any of the actions described below:

13.1.1 Corrective Action Plan (CAP) - CalOptima may require a CAP in the event that any report, audit, survey, site review or investigation indicates that the HMO or any Subcontractor(s) is not in compliance with any provision of this Contract or other Medi-Cal program requirement. A CAP shall be required if CalOptima receives a substantiated complaint or grievance related to the standard of care provided by the HMO or any Subcontractors. CalOptima shall issue a written notice of deficiency and shall require that a CAP to be submitted

within thirty (30) calendar days following the date of notice unless otherwise stated. The CAP shall include the time and manner in which the deficiency shall be corrected. CAPs are subject to approval by CalOptima, which may be approved as submitted, accepted with specific modifications, or rejected. CalOptima may extend or reduce the time allowed for completion of the CAP.

13.1.2 General Sanctions - Notwithstanding any request for a CAP, CalOptima may impose monetary penalties, suspend enrollment, reduce maximum enrollment, or impose other sanctions when the HMO is not in compliance with the provisions of this Contract, CalOptima Policies and minimum performance requirements as established by CalOptima.

13.1.2.1 All monetary fines are payable to CalOptima within thirty (30) calendar days of receipt of written notice, unless otherwise stated in the notice. Failure to submit payment to CalOptima for any monetary fines within the thirty (30) calendar day period shall result in CalOptima deducting the penalty plus the administrative fee from the HMO's Capitation Payment.

13.1.2.2 HMO may appeal CalOptima's decision to impose a sanction, by filing a complaint pursuant to CalOptima Policies. HMO shall exhaust this administrative remedy, including requesting a hearing according to CalOptima Policy, before commencing a civil action.

13.1.3 Termination for Cause - Notwithstanding and in addition to any other provisions of this Contract, CalOptima may terminate this Contract for cause effective upon thirty (30) calendar days' written notice. Cause shall include, but shall not be limited to, the actions set forth in Section 13.1. HMO may appeal CalOptima's decision to terminate the Contract for cause by filing a complaint pursuant to CalOptima Policies. HMO shall exhaust all administrative remedies before commencing any civil action.

13.1.3.1 In the event of a "Termination for Cause" as provided by this Section, CalOptima may procure, upon such terms and in such manner as it shall deem appropriate, supplies or services similar to those terminated. HMO shall be liable to CalOptima for any excess costs for the provision of such similar supplies or services. In addition, HMO shall be liable to CalOptima for administrative costs or other damages incurred by CalOptima in procuring such similar supplies or services. CalOptima shall also charge an administrative fee when paying a claim on behalf of HMO.

13.1.3.2 CalOptima's rights and remedies provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or this Contract.

13.2 TERMINATION FOR INSUFFICIENT CALOPTIMA MEDI-CAL ENROLLMENT --- CalOptima reserves the right in accordance with CalOptima Policies to terminate the HMO in the event that membership falls below five-thousand (5,000) total members at any time based upon a three (3) month rolling average of HMO membership.

13.3 TERMINATION FOR FAILURE TO MEET QUALITY REQUIREMENTS --- CalOptima may terminate this Contract immediately should HMO fail to comply with or fail to be in compliance with quality requirements as may be established and modified from time to time by CalOptima and/or DHCS.

13.4 TERMINATION FOR FAILURE TO MEET MEDICAL LOSS RATIO REQUIREMENTS --- CalOptima may terminate this Contract with thirty (30) days written notice should HMO fail to comply with or be in compliance with medical loss ratio requirements established in this Contract and CalOptima Policies.

13.5 TERMINATION OF STATE CONTRACT --- CalOptima may terminate this Contract immediately upon termination of the State Contract.

13.6 TERMINATION UPON LOSS OF WAIVER --- This Contract shall terminate immediately upon written notice from CalOptima to HMO that HHS has withdrawn its approval of the waiver granted under Section 1915(b) of the Social Security Act for COHS.

13.7 TERMINATION FOR HMO ORGANIZATION AND OPERATIONS STRUCTURE --- CalOptima may terminate this Contract immediately should HMO fail to comply with requirements for HMO's organization and operation structure established in this Contract and CalOptima Policies.

13.8 Not Applicable to this Contract.

13.9 TERMINATION FOR CONVENIENCE --- Either party may terminate the Contract for convenience, without cause, by giving one hundred twenty (120) calendar days advance written notice to the other party prior to the effective date of such termination.

13.10 TERMINATION FOR HMO INSOLVENCY --- If HMO becomes insolvent, HMO shall immediately advise CalOptima, and CalOptima shall have the right to terminate the Contract upon the same terms and conditions as a "Termination for Cause", set forth in Section 13.1. In the event of the filing of a petition for bankruptcy by or against HMO or a principal Subcontractor, HMO shall assure that all HMO's functions and duties related to the Subcontract are performed in accordance with the terms of the Contract. CalOptima shall have the right to withhold any and all amounts otherwise due to HMO until HMO fully discharges its obligations under the Contract. CalOptima shall also have the immediate right of offset by permanently retaining any

and all withheld amounts as necessary to ensure that all HMO obligations have been met.

13.11 TERMINATION BY HMO FOR CAUSE --- Provided that HMO is not in default hereunder, HMO may terminate this Contract for cause upon thirty (30) calendar days' prior written notice to CalOptima. Cause shall mean CalOptima's failure for a period of thirty (30) calendar days to pay the Capitation Payment due to HMO under this Contract. Termination shall be effective at the end of the thirty (30) calendar day notice period, unless CalOptima pays to HMO any such past due payments.

13.12 MODIFICATIONS OR TERMINATIONS TO COMPLY WITH LAW --- CalOptima reserves the right to modify or terminate the Contract at any time when modifications or terminations are (a) mandated by changes in Federal or State laws, (b) required by the State Contracts, or (c) required by changes in any requirements and conditions with which CalOptima must comply pursuant to its Federally-approved Section 1915(b) waiver. CalOptima shall notify HMO in writing of such modification or termination immediately and in accordance with applicable Federal and/or State requirements and HMO shall comply with the new requirements within 30 days of the effective date, unless otherwise instructed by DHCS and to the extent possible.

13.13 PERFORMANCE MEASURE AND PAYMENTS TO HMO --- CalOptima may establish key performance measures of HMO to set minimum contract performance thresholds and/or pay financial incentives to Health Network. CalOptima may take the following actions, at it sole discretion, based upon the results of such performance measures: require corrective action plans, impose sanctions against HMO, terminate this Contract, and establish Capitation Rates and other payments to HMO.

13.14 PROHIBITION ON USE OF CERTAIN PROVIDERS --- HMO agrees as follows:

13.14.1 CalOptima reserves the right to require HMO, upon notification from CalOptima, to prohibit any Subcontractor and/or Provider from providing services, whether Covered Services or otherwise, to Members when CalOptima deems such prohibition to be in the best interests of the Members, provided that the imposition of the foregoing prohibition shall not terminate this Contract.

13.14.2 CalOptima requires that HMO Participating Providers and/or Subcontractors who do not meet all of Minimum Standards as described in applicable CalOptima Policies, be prohibited from furnishing items or services and/or submitting claims and/or receiving reimbursement for items and/or services furnished to Members. CalOptima may also require that HMO terminate a Participating Provider's right to furnish items or services and/or submit claims and/or receive reimbursement for items and/or services furnished to Members based on the denial of such

Participating Provider's right to participate in CalOptima Direct whether based on a credentialing, recredentialing and/or peer review decision.

13.15 NOTICE OF NON-RENEWAL --- In order for CalOptima to facilitate Member transition to other Health Networks, HMO shall provide CalOptima with an advance notice of non-renewal of the Contract in accordance with Section 13.9 prior to the end date of the Contract term in the event HMO elects not to participate in any extension period or new contract term.

13.16 Not Applicable to this Contract.

13.17 EXTENSION, RENEWAL, OR MODIFICATION --- Any extension, renewal, or modification of this Contract shall be made by written amendment signed by the parties, upon formal approval by CalOptima Board of Directors, and in accordance with Section 8.4 of this Contract.

ARTICLE 14
Miscellaneous

14.1 INTERPRETATION OF CONTRACT LANGUAGE --- CalOptima has the right to final interpretation of the Contract language when disputes arise. HMO has the right to appeal disputes concerning Contract language to CalOptima.

14.2 INDEPENDENT CAPACITY OF HMO --- CalOptima and HMO agree that HMO and any agents or employees of HMO, in performance of this Contract, shall act in an independent capacity, and not as officers or employees of CalOptima.

14.3 NO WAIVER OF IMMUNITY OR PRIVILEGE --- Any information delivered, exchanged or otherwise provided hereunder shall be delivered, exchanged or otherwise provided in a manner, which does not constitute a waiver of immunity or privilege under applicable law.

14.4 OMISSIONS --- In the event that either party hereto discovers any material omission in the provisions of this Contract which such party believes is essential to the successful performance of this Contract, said party may so inform the other party in writing, and the parties hereto shall thereafter promptly negotiate in good faith with respect to such matters for the purpose of making such reasonable adjustments as may be necessary to perform the objectives of this Contract.

14.5 GOVERNING LAW AND VENUE --- This Contract shall be governed by and construed in accordance with all laws and applicable regulations governing the State Contract between CalOptima and DHCS. HMO shall be required to bring all legal proceedings against CalOptima in State courts located in Orange County, California,

unless mandated by law to be brought in federal court, in which case such legal proceeding shall be brought in the Central District Court of California.

14.6 WAIVER --- No delay or failure by either party hereto to exercise any right or power accruing upon non-compliance or default by the other party with respect to any of the terms of this Contract shall impair such right or power or be construed to be a waiver thereof. A waiver by either of the parties hereto of a breach of any of the covenants, conditions, or agreements to be performed by the other shall not be construed to be a waiver of any succeeding breach thereof or of any other covenant, condition, or agreement herein contained.

14.7 SEVERABILITY--- If any provision of this Contract is declared or found to be illegal, unenforceable, invalid or void, then both parties shall be relieved of all obligations arising under such provision; but if such provision does not relate to payments or services to Members and if the remainder of this Contract shall not be affected by such declaration or finding, then each provision not so affected shall be enforced to the fullest extent permitted by law.

14.8 FORCE MAJEURE --- Both parties shall be excused from performance hereunder for any period that they are prevented from meeting the terms of this Contract as a result of a catastrophic occurrence or natural disaster, including, but not limited to, an act of war and excluding labor disputes.

14.9 HEADINGS --- The article and section headings used herein are for reference and convenience only and shall not enter into the interpretation hereof.

14.10 ASSIGNMENT OR DELEGATION --- HMO agrees that the assignment or delegation of this Contract or Subcontract, either in whole or in part, will be void unless prior written approval is obtained from DHCS and CalOptima, as applicable, provided that approval may be withheld in their sole and absolute discretion. For purposes of this Section, and with respect to this Contract and any Subcontracts, as applicable, an assignment constitutes any of the following: (i) the change of more than twenty-five percent (25%) of the ownership or equity interest in HMO or Subcontractor (whether in a single transaction or in a series of transactions); (ii) the change of more than twenty-five percent (25%) of the directors or trustees of HMO or Subcontractor; (iii) the merger, reorganization, or consolidation of HMO or Subcontractor with another entity with respect to which HMO or Subcontractor is not the surviving entity; and/or (iv) a change in the management of HMO or Subcontractor from management by persons appointed, elected or otherwise selected by the governing body of HMO or Subcontractor (e.g., the Board of Directors) to a third-party management person, company, group, team or other entity.

14.11 NO LIABILITY OF COUNTY OF ORANGE --- As required under Ordinance No. 3896, as amended, of the County of Orange, State of California, CalOptima and the HMO hereby acknowledge and agree that the obligations of CalOptima under this

Contract are solely the obligations of CalOptima, and the County of Orange, State of California, shall have no obligation or liability therefore.

14.12 CONFIDENTIALITY OF RECORDS --- As a condition of access to any record utilized or maintained by DHCS, the Declaration of Confidentiality, a copy of which is incorporated into this Contract as Attachment D, shall be signed and filed with DHCS for every individual prior to that individual being allowed access to computer files or any other data or files which are made confidential by statute, including identification of individual Members.

14.13 DEBARMENT CERTIFICATION --- By signing this Contract, the HMO agrees to comply with applicable Federal suspension and debarment regulations including, but not limited to 7 CFR 3017, 45 CFR 76, 40 CFR 32, or 34 CFR 85.

14.13.1 By signing this Contract, the HMO certifies to the best of its knowledge and belief, that it and its principals:

14.13.1.1 Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;

14.13.1.2 Have not within a three-year period preceding this Contract have been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

14.13.1.3 Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in this Section herein; and

14.13.1.4 Have not within a three-year period preceding this Contract had one or more public transactions (Federal, State or local) terminated for cause or default.

14.13.1.5 Shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under Federal regulations (i.e., 48 CFR 9, subpart 9.4), debarred, suspended, declared ineligible, or voluntarily excluded from participation in such transaction, unless authorized by the State.

14.13.1.6 Will include a clause entitled, “Debarment and Suspension Certification’’ that essentially sets forth the provisions herein, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

14.13.2 If the HMO is unable to certify to any of the statements in this certification, the HMO shall submit an explanation to CalOptima.

14.13.3 The terms and definitions herein have the meanings set out in the Definitions and Coverage sections of the rules implementing Federal Executive Order 12549.

14.13.4 If the HMO knowingly violates this certification, in addition to other remedies available to the Federal Government, CalOptima may terminate this Contract for cause or default.

14.14 SMOKE FREE WORKPLACE --- Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by federal programs either directly or through state or local governments, by federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such federal funds. The law does not apply to children's services provided in private residences; portions of facilities used for inpatient drug or alcohol treatment; service providers whose sole source of applicable federal funds is Medicare or Medicaid; or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1,000 for each violation and/or the imposition of an administrative compliance order on the responsible party. By signing this Contract, HMO certifies that it will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act. The prohibitions herein are effective December 26, 1994. HMO further agrees that it will insert this certification into any subcontracts entered into that provide for children's services as described in the Act.

14.15 AIR OR WATER POLLUTION REQUIREMENTS--Any federally funded agreement and/or subcontract in excess of $100,000 must comply with the following provisions unless said agreement is exempt under 40 CFR 15.5. HMO agrees to comply with all applicable standards, orders, or requirements issued under the Clean Air Act (42 USC 7401 et seq.), as amended, and the Federal Water Pollution Control Act (33 USC 1251 et seq.), as amended.

14.16 LOBBYING RESTRICTIONS AND DISCLOSURE CERTIFICATION -

14.16.1 (Applicable to federally funded contracts in excess of $100,000 per Section 1352 of the 31, U.S.C.)

14.16.2 Certification and Disclosure Requirements

14.16.2.1 Each person (or recipient) who requests or receives a contract, subcontract, grant, or subgrant, which is subject to Section 1352 of the 31, U.S.C., and which exceeds $100,000 at any tier, shall file a certification (in the form set forth in Attachment F, consisting of one page, entitled "Certification Regarding Lobbying") that the recipient has not made, and will not make, any payment prohibited by Section 14.16.2.2.

14.16.2.2 Each recipient shall file a disclosure in the form set forth in Attachment F, entitled "Standard Form-LLL 'Disclosure of Lobbying Activities'") if such recipient has made or has agreed to make any payment using nonappropriated funds to include profits from any covered federal action in connection with a contract or grant or any extension or amendment of that contract or grant, which would be prohibited under Section 14.16 if paid for with appropriated funds.

14.16.2.3 Each recipient shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affect the accuracy of the information contained in any disclosure form previously filed by such person under this Section herein. An event that materially affects the accuracy of the information reported includes:

14.16.2.3.1 A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered federal action;

14.16.2.3.2 A change in the person(s) or individuals(s) influencing or attempting to influence a covered federal action; or

14.16.2.3.3 A change in the officer(s), employee(s), or member(s) contacted for the purpose of influencing or attempting to influence a covered federal action.

14.16.2.4 Each person (or recipient) who requests or receives from a person referred to in this Section of this provision a contract, subcontract, grant or subgrant exceeding $100,000 at any tier under a contract or grant shall file a certification, and a disclosure form, if required, to the next tier above.

14.16.2.5 All disclosure forms (but not certifications) shall be forwarded from tier to tier until received by the person referred to in this Section of this provision. That person shall forward all disclosure forms to DHCS program contract manager.

14.16.3 Prohibition—Section 1352 of Title 31, U.S.C., provides in part that no appropriated funds may be expended by the recipient of a federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered federal actions: the awarding of any federal contract, the making of any federal grant, the making of any federal loan, entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

14.17 NOTICES --- All notices shall be in writing and shall be deemed to have been duly given on the date of service if personally served on the party to whom notice is given, or seventy-two (72) hours after mailing by United States mail first class, Certified Mail or Registered Mail, return-receipt-requested, postage-prepaid, addressed to the party to whom notice is to be given and such party's address as set forth below or such other address provided by notice.

Contract for Health Care Services

ATTACHMENT A- (EFFECTIVE 07/01/2019)
CalOptima Medi-Cal Division of Financial Responsibility

Note: The purpose of the Division of Financial Responsibility is to identify how CalOptima allocated to the Physician and Hospital components of the medical costs associated with the provision of Covered Services. That is, the capitation and Hospital Budget rates in this Contract are based upon the Physician and Hospital Budget being financially responsible for the provision of Covered Services as indicated in this Division of Financial Responsibility. The Division of Financial Responsibility should not be used in place of the CalOptima EOC/EOB for making coverage determinations.

Overall average capitation for all Health Networks. Actual capitation paid is allocated based on the relative risk profiles of the Health Networks, in accordance with CalOptima policy.

Supplemental OB Delivery Care Payment (Payment shall be administered per CalOptima policy guidelines).

	Hospital	Physician	Total Capitation
Supplemental OB Delivery Care Payment			

Whole Child Model Base Capitation Rates

The following Whole Child Model payment provisions are effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program.

The following base rates for Whole Child Model are subject to change and the application of risk adjustment and age/gender factors.

	Hospital	Physician	Total Capitation
Whole Child Model			

Interim Reimbursement for Catastrophic Cases. CalOptima shall provide supplemental payments on a quarterly basis to cover costs that exceed the designated thresholds for catastrophic claims, in accordance with CalOptima Policy.

Retrospective Risk Corridor. CalOptima shall, on an annual basis, apply risk corridors to the previous year's CCS-Member-related capitation payments, based on medical costs, and adjust those previous year's capitation payments accordingly, in accordance with CalOptima Policy.

Funding for PCC

In addition to those amounts described above, HMO shall receive _____per Medi-Cal CCS or SPD Member per month, to fund the PCC program as authorized by the CalOptima Board of Directors. SPD Member is identified by Aid Code Categories Aged and Disabled, above, for all age groups. CCS member is identified by their CCS Eligible condition as determined by the local CCS Program. HMO shall only receive PCC funding for a Member with an SPD aid code category or a CCS-eligible condition as determined by the County, not both. Members with a CCS Eligible Condition shall prevail over SPD members when determining payment.

HMO acknowledges and agrees that CalOptima may adjust and/or terminate the PCC payments in the event HMO fails to comply with the requirements as defined by the CalOptima Profile and Policy. HMO acknowledges and agrees that CalOptima, in its sole and absolute discretion, may also offset HMO's future PCC Payments in the event CalOptima determines that HMO has not complied with the Profile requirements.

ATTACHMENT E-1
Capitation Rates for Adult Expansion Members

Effective July 1, 2019 through June 30, 2020

Capitation rates for Adult Expansion Members may be different than those included herein as determined by DHCS. Should DHCS make a change in future capitation payments to CalOptima, CalOptima will adjust payments made to Physician.

In addition to prospective changes in capitation rates for Adult Expansion Members, DHCS will calculate the MLR for these Members. CalOptima is required to expend at least 85 percent of capitation payments received on Allowed Medical Expenses for Adult Expansion Members. Should CalOptima not meet the minimum 85 percent MLR, CalOptima will be required to return the difference between 85 percent of capitation payments and the allowed medical expenses to the State. CalOptima will require Physician to remit the portion of the difference attributed to Physician.

If CalOptima's MLR exceeds 95 percent of the total capitation payments for the Adult Expansion Members, DHCS shall make additional payment to CalOptima. The additional payment from DHCS to CalOptima will be the difference between the CalOptima's allowed medical expenses and 95 percent of the capitation payments received/ CalOptima will make additional payment as attributed to Physician.

Aid Code	Age & Gender	Base Cap Rate		
Category	**Category**	**Hospital**	**Physician**	**Total**
Expansion (MCX)	0 - 14 years, Both			
	15 - 20 years, Female			
	15 - 20 years, Male			
	21 - 44 years, Female			
	21 - 44 years, Male			
	45 + years, Both			
Expansion (MSI)	0 - 14 years, Both			
	15 - 20 years, Female			
	15 - 20 years, Male			
	21 - 44 years, Female			
	21 - 44 years, Male			
	45 + years, Both			

For services rendered to Adult Expansion Members, Physician shall reimburse Specialist Physicians, in the aggregate, at least [redacted] of the CalOptima Medi-Cal Fee Schedule. This minimum aggregate reimbursement rate is subject to adjustment by CalOptima in the event that the Capitation Rate in this Attachment F-1 is adjusted in accordance with this Contract.

Supplemental OB Delivery Care Payment (Payment shall be administered per CalOptima policy guidelines).

- Payment rates shall be as follows:
  - Physician payment $
  - Hospital payment $

Funding for PCC – Effective October 1, 2018

In addition to those amounts described above, HMO shall receive [redacted] per Medi-Cal CCS or SPD Member per month, to fund the PCC program as authorized by the CalOptima Board of Directors. SPD Member is identified by Aid Code Categories Aged and Disabled, above, for all age groups and CCS member is identified by their CCS Eligible Condition as determined by the local CCS Program. HMO shall only receive PCC funding for a Member with an SPD aid code category or a CCS-eligible condition as determined by the County, not both. Member's with a CCS Eligible Condition shall prevail over SPD members when determining payment.

HMO acknowledges and agrees that CalOptima may adjust and/or terminate the PCC payments in the event HMO fails to comply with the requirements as defined by the CalOptima Profile and Policy. HMO acknowledges and agrees that CalOptima, in its sole and absolute discretion, may also offset HMO's future PCC Payments in the event CalOptima determines that HMO has not complied with the Profile requirements.

ATTACHMENT E-2
DISTRIBUTION OF PROPOSITION 56 FUNDING

This Attachment E-2 provides the terms and conditions, in addition to any state and federal laws, regulations, or guidance, under which CalOptima and HMO shall administer the Proposition 56 Medi-Cal Physician Supplemental Payment Program.

The California Healthcare, Research and Prevention Tobacco Tax Act (Prop 56), allocates a specified portion of the tobacco tax revenue to fund health care expenditures. Medicaid agencies are required to make supplemental payments to physicians for certain procedures as set forth in amendments to the State Medicaid Plan.

CalOptima agrees to make certain Prop 56 increases to HMO which HMO agrees to pay to Eligible Contracted Providers who render Qualifying Services (both as defined in this Attachment E-2) effective July 1, 2017 and CalOptima agrees to pay HMO an administrative fee to administer such Prop 56 increase payments as provided in this Attachment E-2.

1. Definitions: The following terms shall have the following meanings for purposes of this Attachment E-2:

    a. "Eligible Contracted Provider" shall mean a Provider who is contracted with HMO to provide Medi-Cal services to CalOptima members. Federally Qualified Health Centers, Rural Health Clinics, American Indian Health Programs, and cost-based reimbursement clinics, however, do not qualify as Eligible Contracted Providers.

    a. "Qualifying Services" shall mean services described by the Proposition 56 Medi-Cal Physician Supplemental Payment Program, which may be revised to include additional CPT codes, rate adjustments, and extensions.

    b. Notwithstanding the above, services provided to Members who are dually eligible for Medi-Cal and Medicare Part B are not Qualifying Services.

2. HMO shall administer the Prop 56 increase in accordance with the Addendum for the applicable State fiscal year attached to this Attachment E-2, applicable state and federal requirements and CalOptima policies. HMO shall forward to Eligible Contracted Providers rendering Qualifying Services an additional payment for the Qualifying Services in accordance with the Attachments to this Attachment E-2 in addition to any payment paid by HMO to the Eligible Contracted Provider under their existing contractual arrangements.

3. CalOptima will forward Prop 56 increase payment funding for the initial payments required to be paid by HMO for Qualifying Services furnished by Eligible Contracted Providers for a State fiscal year based on fee-for-service and capitated claims and encounters submitted by HMO, in accordance with the reports required in Section 5, and accepted by CalOptima. For subsequent payments, once Provider payment is confirmed, based on the monthly reports required by

CalOptima in order for it to fulfil state and federal obligations related to the Prop 56 Increase, CalOptima will reimburse HMO for payments made during the prior reporting period. CalOptima will not make payments for clean or accepted encounters for Qualifying Services received by HMO more than one year after the date of service.

4. HMO shall not provide supplemental Prop 56 payments under this Attachment E-2 to any Provider who is not an Eligible Contracted Provider and all such payments shall be for Qualifying Services. Any Proposition 56 funds paid to an ineligible Provider or for non-qualifying services shall constitute an overpayment, which shall be recouped from such Provider by HMO.

5. On a monthly basis, HMO must report to CalOptima, within 15 days of the end of each calendar month, all supplemental Prop 56 payments made pursuant to this Attachment E-2, either directly by HMO or by HMO's delegated entities and subcontractors at HMO's direction. Reports shall include all supplemental Prop 56 payments made during the month. HMO must provide these reports in a format specified by CalOptima, which at a minimum shall include CPT code, service month, payor (i.e. HMO, or delegated entity or subcontractor), and rendering provider's National Provider Identifier. CalOptima may require additional data as deemed necessary.

6. CalOptima will pay HMO a [redacted] administrative fee (the "Administrative Fee") once CalOptima has confirmed that the required Prop 56 increase payments have been made by HMO to Eligible Contracted Providers based upon the reports required under Section 5 above. Once provider payment is confirmed, the remaining medical cost will be reconciled plus a [redacted] administrative component based on confirmed Prop 56 increase payments and shall be remitted to the HMO.

7. CalOptima's obligation to pay HMO any Administrative Fees is contingent upon administrative component payments by DHCS to CalOptima for the Prop 56 increase. In no event shall CalOptima be obligated to pay Administrative Fees to HMO if CalOptima has not received funding for administration of the Prop 56 increase from DHCS.

8. HMO shall make payments to Eligible Contracted Providers for Qualifying Services in conjunction with the payment of the claim for the service. Payments for Qualifying Services may be made retrospectively or in conjunction with the claim payment as applicable. This includes claims payments made effective July 1, 201-7 and after.

9. HMO acknowledges that DHCS has indicated that payments to Eligible Contracted Providers will be verified by DHCS. In the event that future DHCS reconciliation of the Prop 56 increase payments identifies invalid payments, HMO shall return such Prop 56 increase payments to CalOptima immediately upon notice from CalOptima.

10. HMO agrees to provide to CalOptima promptly, upon request, such data, information and reports as required by CalOptima in order for it to fulfill state and federal obligations related to the Prop 56 Increase.

11. HMO and its subcontractors agree to comply with all applicable Federal and State laws and regulations, contract requirements, CalOptima polices and DHCS guidance, including APLs, Policy Letters, and Plan Letters related to the Prop 56 increase.

12. To ensure proper implementation of the supplemental Prop 56 payments, HMO shall ensure that the requirements of this Attachment E-2 are included in the contracts with its subcontractors responsible for making payments to physicians directly providing services to Members.

13. HMO shall have a formal procedure to accept, acknowledge, and resolve provider grievances related to the processing or non-payment of a supplemental Prop 56 payments in accordance with contract requirements for other payments. In addition, HMO shall identify a designated point of contact for provider questions and technical assistance.

14. As long as the State of California extends the Prop 56 increase payments to CalOptima, CalOptima will continue to make Prop 56 increase payments to HMO, which may be subject to Board approval and the changes to the program, as necessary and appropriate to comply with the law and regulatory guidance.

ATTACHMENT E-2, ADDENDUM 1

SFY 2017 – 18 (dates of service between July 1, 2017 and June 30, 2018

HMO shall make the initial payment to Eligible Contracted Providers for dates of service July 1, 2017 through and including April 30, 2018 ("Initial Payment") as reflected on claims submitted to HMO prior to April 30, 2018, no later than July 29, 2018. Payment to Eligible Contracted Providers shall be made based on the codes and amounts in the table below. Subsequent payments to Contracted Eligible Providers shall be made by HMO in accordance with the terms of this Attachment E-2.

CERTIFICATION REGARDING LOBBYING

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making, awarding or entering into of this Federal contract, Federal grant, or cooperative agreement, and the extension, continuation, renewal, amendment, or modification of this Federal contract, grant, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency of the United States Government, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, “Disclosure of Lobbying Activities" in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontractors, subgrants, and contracts under grants and cooperative agreements) of $100,000 or more, and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S.C., any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime federal recipients at the initiation or receipt of a covered federal action, or a material change to a previous filing, pursuant to Title 31, U.S.C., Section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered federal action. Use the SF - LLL- A Continuation Sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

Identify the type of covered federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered federal action.

Identify the status of the covered federal action.

Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered federal action.

Enter the full name, address, city, state, and ZIP code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants, and contract awards under grants.

If the organization filing the report in Item 4 checks "Subawardee," then enter the full name, address, city, state, and ZIP code of the prime federal recipient. Include Congressional District, if known.

Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation United States Coast Guard.

Enter the federal program name or description for the covered federal action (Item 1). If known, enter the full Catalog of Federal Domestic Assistance (CDFA) number for grants, cooperative agreements, loans, and loan commitments.

Enter the most appropriate federal identifying number available for the federal action identified in Item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract grant, or loan award number; the application/proposal control number assigned by the federal agency). Include prefixes, e.g., "RFP-DE-90401."

For a covered federal action where there has been an award or loan commitment by the federal agency, enter the federal amount of the award/loan commitment for the prime entity identified in Item 4 or 5.

10. (a) Enter the full name, address, city, state, and ZIP code of the lobbying entity engaged by the reporting entity identified in Item 4 to influence the covered federal action.

10. (b) Enter the full names of the Individual(s) performing services and include full address if different from 10.(a). Enter last name, first name, and middle initial (MI).

Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (Item 4) to the lobbying entity (Item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.

Check the appropriate box(es). Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.

Check the appropriate box(es). Check all boxes that apply. If other, specify nature.

Provide a specific and detailed description of the services that the lobbyist has performed, or will be expected to perform, and the date(s) of any services rendered. Include all preparatory and related activity, not just time spent in actual contact with federal officials, identify the federal official(s) or employee(s) contacted or the officer(s), employee(s), or Member(s) of Congress that were contacted.

Check whether or not a SF-LLL-A Continuation Sheet(s) is attached.

The certifying official shall sign and date the form, print his/her name, title, and telephone number.

AMENDMENT V TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT V TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of July 1, 2020, by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____ ("HMO"), with respect to the following facts:

RECITALS

A. CalOptima and HMO have entered into a Contract for Health Care Services ("Contract"), by which HMO has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and HMO desire to amend the Contract to extend the term of the Contract, administer directed payments per CalOptima policy and procedure and revise the capitation rates.

NOW, THEREFORE, the parties agree as follows:

1. Section 2.7.18. of the Contract, and any references thereto, shall be renumbered as Section 2.7.19, and new Section 2.7.18 shall be added to the Contract as follows:

   "2.7.18 DIRECTED PAYMENTS FOR QUALIFYING COVERED SERVICES --- Effective July 1, 2020, CalOptima and HMO shall administer directed payments that are relevant to this Contract in accordance with CalOptima Policy FF.2011, Directed Payments, including, without limitations, directed payments, such as those described in Attachment E-2 and E-3, by HMO to eligible providers rendering qualifying Covered Services, reporting requirements related to directed payments, and reimbursement of directed payments by CalOptima to HMO."

2. Article 15, Section 15.1 shall be deleted in its entirety and replaced with the following:

   "15.1 SUBJECT TO (I) THE STATE OF CALIFORNIA AND THE UNITED STATES PROVIDING FUNDS FOR THE TERM OF THIS CONTRACT AND FOR THE PURPOSES FOR WHICH IT IS ENTERED INTO; (II) THE APPROVAL OF THIS CONTRACT BY CALOPTIMA AND THE STATE, THE TERM OF THIS CONTRACT SHALL BE JUNE 30, 2019 THROUGH JUNE 30, 2021."

3. ATTACHMENT E shall be deleted and replaced with the attached ATTACHMENT E- AMENDMENT V "Capitation Rates".

4. ATTACHMENT E-1 shall be deleted and replaced with the attached ATTACHMENT E- 1 - AMENDMENT V "Capitation Rates for Adult Expansion Members".

5. ATTACHMENT E-2 "Distribution of Proposition 56 Funding" and Addendums to this Attachment shall be deleted and replaced with the attached ATTACHMENT E-2 – AMENDMENT V, "Distribution of Proposition 56 Funding".

6. ATTACHMENT E-3 “Distribution of GEMT QAF Funding” shall be deleted and replaced with the attached ATTACHMENT E-3 – AMENDMENT V, “Distribution of GEMT QAF Funding”.

7. CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and _____ have executed this Amendment:

Capitation Rates

Effective July 1, 2020

Payments by CalOptima to Health Network for Covered Services rendered to Members in accordance with the Contract for Health Care Services shall be on a Per Member/Per Month (PMPM) basis, and shall be provided herein in the following, except for carved out services and items as provided for in CalOptima Policies.

Aid Code Category	Age & Gender Category	Base Hospital	Base Physician	Total Cap Rate
Child / Adult	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			
SPD	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			
ESRD	Child / Adult			
	SPD			
	Expansion			
AIDS	Child / Adult			
	SPD			
	Expansion			

Overall average capitation for all Health Networks. Actual capitation paid is allocated based on the relative risk profiles of the Health Networks, in accordance with CalOptima policy.

Whole Child Model Base Capitation Rates

Aid Code Category	Age & Gender Category	Base Hospital	Base Physician	Total Cap Rate
Whole Child Model	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			

The base rates for Whole Child Model are subject to change and the application of risk adjustment and age/gender factors.

Interim Reimbursement for Catastrophic Cases. CalOptima shall provide supplemental payments on a quarterly basis to cover costs that exceed the designated thresholds for catastrophic claims, in accordance with CalOptima Policy.

Retrospective Risk Corridor. CalOptima shall, on an annual basis, apply risk corridors to the previous year's CCS-Member-related capitation payments, based on medical costs, and adjust those previous year's capitation payments accordingly, in accordance with CalOptima Policy.

Supplemental OB Delivery Care Payment

Supplemental OB Delivery Care Payment (Payment shall be administered per CalOptima policy guidelines).

	Hospital	Physician	Total Capitation
Supplemental OB Delivery Care Payment			

Funding for PCC

In addition to those amounts described above, HMO shall receive [redacted] per WCM or SPD Member per month, to fund the PCC program as authorized by the CalOptima Board of Directors. SPD Member is identified by their Aid Code Category, for all age groups. WCM member is identified by their WCM Eligible condition as determined by the local WCM Program. HMO shall only receive PCC funding for a Member with an SPD aid code category or a WCM-eligible condition as determined by the County, not both. Members with a WCM Eligible Condition shall prevail over SPD members when determining payment.

HMO acknowledges and agrees that CalOptima may adjust and/or terminate the PCC payments in the event HMO fails to comply with the requirements as defined by the CalOptima Profile and Policy. HMO acknowledges and agrees that CalOptima, in its sole and absolute discretion, may also offset HMO's future

PCC Payments in the event CalOptima determines that HMO has not complied with the Profile requirements.

ATTACHMENT E-1 – AMENDMENT V

Capitation Rates for Adult Expansion Members

Effective July 1, 2020

Capitation rates for Adult Expansion Members may be different than those included herein as determined by DHCS. Should DHCS make a change in future capitation payments to CalOptima, CalOptima will adjust payments made to HMO.

In addition to prospective changes in capitation rates for Adult Expansion Members, DHCS will calculate the MLR for these Members. CalOptima is required to expend at least 85 percent of capitation payments received on Allowed Medical Expenses for Adult Expansion Members. Should CalOptima not meet the minimum 85 percent MLR, CalOptima will be required to return the difference between 85 percent of capitation payments and the allowed medical expenses to the State. CalOptima will require HMO to remit the portion of the difference attributed to HMO.

If CalOptima's MLR exceeds 95 percent of the total capitation payments for the Adult Expansion Members, DHCS shall make additional payment to CalOptima. The additional payment from DHCS to CalOptima will be the difference between the CalOptima's allowed medical expenses and 95 percent of the capitation payments received/ CalOptima will make additional payment as attributed to HMO.

Aid Code Category	Age & Gender Category	Base Hospital	Base Physician	Total Cap Rate
Expansion	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			

For services rendered to Adult Expansion Members, HMO shall reimburse Specialist Physicians, in the aggregate, at least [redacted]% of the CalOptima Medi-Cal Fee Schedule. This minimum aggregate reimbursement rate is subject to adjustment by CalOptima in the event that the Capitation Rate in this Attachment is adjusted in accordance with this Contract.

Supplemental OB Delivery Care Payment

Supplemental OB Delivery Care Payment (Payment shall be administered per CalOptima policy guidelines).

	Hospital	Physician	Total Capitation
Supplemental OB Delivery Care Payment			

Funding for PCC

In addition to those amounts described above, HMO shall receive [redacted] per WCM or SPD Member per month, to fund the PCC program as authorized by the CalOptima Board of Directors. SPD Member is identified by their Aid Code Category, for all age groups. WCM member is identified by their WCM Eligible Condition as determined by the local WCM Program. HMO shall only receive PCC funding for a Member with an SPD aid code category or a WCM-eligible condition as determined by the County, not both. Member's with a WCM Eligible Condition shall prevail over SPD members when determining payment.

HMO acknowledges and agrees that CalOptima may adjust and/or terminate the PCC payments in the event HMO fails to comply with the requirements as defined by the CalOptima Profile and Policy. HMO acknowledges and agrees that CalOptima, in its sole and absolute discretion, may also offset HMO's future PCC Payments in the event CalOptima determines that HMO has not complied with the Profile requirements.

ATTACHMENT E-2 -AMENDMENT V

DISTRIBUTION OF PROPOSITION 56 FUNDING

This Attachment E-2 provides the terms and conditions, in addition to any state and federal laws, regulations, or guidance, under which CalOptima and HMO shall administer the Proposition 56 Medi-Cal Physician Supplemental Payment Program.

The California Healthcare, Research and Prevention Tobacco Tax Act (Prop 56), allocates a specified portion of the tobacco tax revenue to fund health care expenditures. Medicaid agencies are required to make supplemental payments to physicians for certain procedures as set forth in amendments to the State Medicaid Plan.

CalOptima agrees to make certain Prop 56 increases to HMO which HMO agrees to pay to Eligible Contracted Providers who render Qualifying Services (both as defined in this Attachment E-2) effective July 1, 2017 and CalOptima agrees to pay HMO an administrative fee to administer such Prop 56 increase payments as provided in this Attachment E-2.

1. Definitions: The following terms shall have the following meanings for purposes of this Attachment E-2:

    a. "Eligible Contracted Provider" shall mean a Provider who is contracted with HMO to provide Medi-Cal services to CalOptima members. Federally Qualified Health Centers, Rural Health Clinics, American Indian Health Programs, and cost-based reimbursement clinics, however, do not qualify as Eligible Contracted Providers.

    b. "Qualifying Services" shall mean services described by the Proposition 56 Medi-Cal Physician Supplemental Payment Program, which may be revised to include additional CPT codes, rate adjustments, and extensions.

    c. Notwithstanding the above, services provided to Members who are dually eligible for Medi-Cal and Medicare Part B are not Qualifying Services.

2. HMO shall administer the Prop 56 increase in accordance with the Addendum for the applicable State fiscal year attached to this Attachment E-2, applicable state and federal requirements and CalOptima policies. HMO shall forward to Eligible Contracted Providers rendering Qualifying Services an additional payment for the Qualifying Services in accordance with the Attachments to this Attachment E-2 in addition to any payment paid by HMO to the Eligible Contracted Provider under their existing contractual arrangements.

3. CalOptima will forward Prop 56 increase payment funding for the initial payments required to be paid by HMO for Qualifying Services furnished by Eligible Contracted Providers for a State fiscal year based on fee-for-service and capitated claims and encounters submitted by HMO, in accordance with the reports required in Section 5, and accepted by CalOptima. For subsequent payments, once Provider payment is confirmed, based on the monthly reports required by

CalOptima in order for it to fulfill state and federal obligations related to the Prop 56 Increase, CalOptima will reimburse HMO for payments made during the prior reporting period. CalOptima will not make payments for clean or accepted encounters for Qualifying Services received by HMO more than one year after the date of service.

4. HMO shall not provide supplemental Prop 56 payments under this Attachment E-2 to any Provider who is not an Eligible Contracted Provider and all such payments shall be for Qualifying Services. Any Proposition 56 funds paid to an ineligible Provider or for non-qualifying services shall constitute an overpayment, which shall be recouped from such Provider by HMO.

5. On a monthly basis, HMO must report to CalOptima, within 15 days of the end of each calendar month, all supplemental Prop 56 payments made pursuant to this Attachment E-2, either directly by HMO or by HMO's delegated entities and subcontractors at HMO's direction. Reports shall include all supplemental Prop 56 payments made during the month. HMO must provide these reports in a format specified by CalOptima, which at a minimum shall include CPT code, service month, payor (i.e. HMO, or delegated entity or subcontractor), and rendering provider's National Provider Identifier. CalOptima may require additional data as deemed necessary.

6. CalOptima will pay HMO a [redacted] administrative fee (the "Administrative Fee") once CalOptima has confirmed that the required Prop 56 increase payments have been made by HMO to Eligible Contracted Providers based upon the reports required under Section 5 above. Once provider payment is confirmed, the remaining medical cost will be reconciled plus a [redacted]% administrative component based on confirmed Prop 56 increase payments and shall be remitted to the HMO.

7. CalOptima's obligation to pay HMO any Administrative Fees is contingent upon administrative component payments by DHCS to CalOptima for the Prop 56 increase. In no event shall CalOptima be obligated to pay Administrative Fees to HMO if CalOptima has not received funding for administration of the Prop 56 increase from DHCS.

8. HMO shall make payments to Eligible Contracted Providers for Qualifying Services in conjunction with the payment of the claim for the service. Payments for Qualifying Services may be made retrospectively or in conjunction with the claim payment as applicable. This includes claims payments made effective July 1, 2017 and after.

9. HMO acknowledges that DHCS has indicated that payments to Eligible Contracted Providers will be verified by DHCS. In the event that future DHCS reconciliation of the Prop 56 increase payments identifies invalid payments, HMO shall return such Prop 56 increase payments to CalOptima immediately upon notice from CalOptima.

10. HMO agrees to provide to CalOptima promptly, upon request, such data, information and reports as required by CalOptima in order for it to fulfill state and federal obligations related to the Prop 56 Increase.

11. HMO and its subcontractors agree to comply with all applicable Federal and State laws and regulations, contract requirements, CalOptima polices and DHCS guidance, including APLs, Policy Letters, and Plan Letters related to the Prop 56 increase.

12. To ensure proper implementation of the supplemental Prop 56 payments, HMO shall ensure that the requirements of this Attachment E-2 are included in the contracts with its subcontractors responsible for making payments to physicians directly providing services to Members.

13. HMO shall have a formal procedure to accept, acknowledge, and resolve provider grievances related to the processing or non-payment of a supplemental Prop 56 payments in accordance with contract requirements for other payments. In addition, HMO shall identify a designated point of contact for provider questions and technical assistance.

14. As long as the State of California extends the Prop 56 increase payments to CalOptima, CalOptima will continue to make Prop 56 increase payments to HMO, which may be subject to Board approval and the changes to the program, as necessary and appropriate to comply with the law and regulatory guidance.

15. Notwithstanding other provisions of this Attachment E-2, effective July 1, 2020, CalOptima and HMO shall administer the Proposition 56 Medi-Cal Physician Supplemental Payment Program pursuant to Section 2.7.18 of the Contract.

ATTACHMENT E-2, ADDENDUM 1

SFY 2017 – 18 (dates of service between July 1, 2017 and June 30, 2018)

HMO shall make the initial payment to Eligible Contracted Providers for dates of service July 1, 2017 through and including April 30, 2018 ("Initial Payment") as reflected on claims submitted to HMO prior to April 30, 2018, no later than July 29, 2018. Payment to Eligible Contracted Providers shall be made based on the codes and amounts in the table below. Subsequent payments to Contracted Eligible Providers shall be made by HMO in accordance with the terms of this Attachment E-2.

ATTACHMENT E-3 – AMENDMENT V
DISTRIBUTION OF GEMT QAF FUNDING

This Attachment E-3 provides the terms and conditions, in addition to any state and federal laws, regulations, or guidance, under which CalOptima and HMO shall administer the Ground Emergency Medical Transport (GEMT) Quality Assurance Fee (QAF) Program.

In accordance with Senate Bill (SB) 523 (Chapter 773, Statutes of 2017), DHCS established the GEMT QAF program. On February 7, 2019, DHCS obtained federal approval from the Centers for Medicare and Medicaid Services (CMS) for California State Plan Amendment (SPA) 18-004, with an effective date of July 1, 2018. SPA 18-004 implements a one-year QAF program and reimbursement add-on for GEMT provided by non-contracted emergency medical transportation providers effective for State Fiscal Year (SFY) 2018-19 from July 1, 2018 to June 30, 2019.

Per DHCS guidance, CalOptima and HMO, as its delegated entity, are required to provide increased reimbursement to Eligible Non-Contracted Providers for GEMT service codes for Qualifying Services. HMO must reimburse Eligible Non-Contracted Providers a differential totaling up to [redacted] that are billed with CPT codes A0429 (BLS Emergency), A0427 (ALS Emergency) and A0433 (ALS2) provided during SFY 2018-19 (July 1, 2018 to June 30, 2019).

CalOptima agrees to pay GEMT QAF Program supplemental payment for these adjustments to HMO, and HMO agrees to reimburse Eligible Non-Contracted GEMT Providers who render Qualifying Services (as defined in this Attachment) for Qualifying Services effective July 1, 2018 to June 30, 2019. CalOptima further agrees to pay HMO an administrative fee to administer such GEMT QAF Program payments as provided in this Attachment.

1. Definitions: The following terms shall have the following meanings for purposes of this Attachment:

    a. "Eligible Non-Contracted Provider" shall mean a Provider who is not contracted with HMO to provide GEMT services or a Provider who is contracted with HMO for transportation services, but not contracted with HMO to provide GEMT services to CalOptima Medi-Cal members.

    b. "Qualifying Services" shall mean services described by the GEMT QAF Program, which may be revised to include additional CPT codes, add-on adjustment payments, and extensions.

2. HMO shall identify eligible claims for the GEMT QAF Program and reimburse for the specified codes the differential payments totaling up to [redacted] for Qualifying Services furnished by Eligible Non-Contracted Providers. HMO is required to make timely payments in accordance with DHCS guidelines for clean claims or accepted encounters for qualifying transports submitted to the HMO within one year after the date of service.

3. HMO shall continue to make payments for dates of service July 1, 2018 through June 30, 2019 for eligible claims in conjunction with the payment of the claim for service. Payment for the GEMT QAF Program may be made retrospectively or in conjunction with the claims payment as applicable.

4. HMO is required to submit GEMT payment adjustment confirmation reports by the 10th of the month. Upon receipt of the confirmation report, CalOptima will reconcile the report and reimburse the GEMT QAF Program payment adjustments separate from the capitation payments, plus a [redacted]% administrative fee calculated based upon total GEMT payment adjustments. CalOptima shall process these payments by the 20th of the month.

5. HMO and its subcontractors agree to comply with all applicable Federal and State laws and regulations, contract requirements, CalOptima policies and DHCS guidance, including APLs, Policy Letters, and Plan Letters related to the GEMT QAF Program add-on payments.

6. HMO shall have a formal procedure to accept, acknowledge, and resolve provider grievances related to the processing or non-payment of a GEMT Program differential payment adjustments in accordance with contract requirements for other payments. In addition, HMO shall identify a designated point of contact for provider questions and technical assistance.

7. GEMT QAF funds and expenses shall not be included in any shared risk program calculation or reconciliation.

8. As long as the State of California extends the GEMT Program differential payment adjustments funding to CalOptima, CalOptima will continue to make GEMT Program differential payment adjustments to HMO based upon the submitted confirmation report, which may be subject to Board approval and the changes to the program, as necessary and appropriate to comply with the law and regulatory guidance.

9. HMO shall comply with any extension of the GEMT QAF funding beyond June 30, 2019 and/or changes to the reimbursement amount required by DHCS. CalOptima will communicate these changes to HMO by means of a Notice to this Contract.

10. Notwithstanding other provisions of this Attachment E-3, effective July 1, 2020, CalOptima and HMO shall administer the Ground Emergency Medical Transport (GEMT) Quality Assurance Fee (QAF) Program pursuant to Section 2.7.18 of the Contract.

AMENDMENT VI TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT VI TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of January 1, 2021 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____ ("HMO"), with respect to the following facts:

RECITALS

A. CalOptima and HMO have entered into a Contract for Health Care Services ("Contract"), by which HMO has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and HMO wish to enter into this amendment to revise the Division of Financial Responsibilities, revise the Termination for Convenience provision as well as modify language as appropriate to align with all Health Care Services contracts.

NOW, THEREFORE, the parties agree as follows:

1. Section 1.16, "CalOptima Regulators", shall be deleted in its entirety and replaced with the following:

   "CalOptima's Regulators" means those government agencies that regulate, oversee, or enforce applicable statutory, regulatory, or contractual requirements relating to the activities and/or obligations of CalOptima, HMO, and Subcontractors under the State Contract, this Contract, and Subcontracts, as applicable, including, without limitation, DHCS, the HHS Office of Inspector General, the Comptroller General of the United States, the Department of Justice (DOJ), DOJ Bureau of Medi-Cal Fraud, the Department of Managed Health Care (DMHC), and other authorized federal or State agencies, or their duly authorized representatives or designees, including DHCS' external quality review organization contractor.

2. Section 1.22, "Community Liaison" or "CL", shall be deleted and intentionally left blank.

3. Section 1.23, "Community Liaison Program" or "CLP", shall be deleted and intentionally left blank.

4. Section 1.55, "Medi-Cal Managed Care All Plan Letter (APL)" and "Policy Letter (PL)", shall be deleted in its entirety and replaced with the following:

   "Medi-Cal Managed Care All Plan Letter (APL)" and "Policy Letter (PL)" are the means by which DHCS conveys information or interpretation of changes in policy or procedure at the Federal or State levels. APLs and Policy Letters provide instruction to the contractors about changes in Federal or State law and Regulation that affect the way in which they operate or deliver services to Medi-Cal beneficiaries.

5. Section 1.64, "Memorandum/Memoranda of Understanding" or "MOU", shall be deleted in its entirety and replaced with the following:

   "Memorandum/Memoranda of Understanding" or "MOU", means agreements between CalOptima and external agencies, which delineates responsibilities for coordinating care to Members, and contracts between CalOptima and the County of Orange that incorporate such agreements,

including but not limited to the Coordination and Provision of Public Health Care Services Contract.

6. Section 1.83, "Screening, Brief Intervention, and Referral to Treatment (SBIRT)", shall be deleted in its entirety and replaced with the following:

"Alcohol Misuse Screening and Counseling" or AMSC" (formerly referred to as "Screening, Brief Intervention, and Referral to Treatment" or "SBIRT") means services provided by a Primary Care HMO to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol."

7. Section 1.94, "Subcontract", shall be deleted in its entirety and replaced with the following:

"Subcontract" means a written agreement entered into by the HMO with a Provider who agrees to furnish Covered Services to Members, or any other organization or person who agrees to perform any administrative function or service for HMO specifically related to fulfilling HMO's obligations to CalOptima under the terms of this Contract.

8. Section 1.95, "Subcontractor", shall be deleted in its entirety and replaced with the following:

"Subcontractor" means a Provider or any organization or person who has entered into a Subcontract with HMO. All delegates are Subcontractors, but not all Subcontractors shall be considered delegates. A delegate means an organization or person that subcontracts with HMO to perform any administrative function or service for HMO specifically related to fulfilling HMO's obligations to CalOptima under the terms of this Contract."

9. Section 2.3.2 shall be deleted in its entirety and replaced with the following:

"Commercial General Liability/Commercial Automobile Liability:
HMO shall maintain a Commercial General Liability Insurance policy and a Commercial Automobile Liability Insurance policy with minimum limits as follows:

Commercial General Liability:
$1,000,000 per occurrence/$3,000,000 aggregate
Commercial Automobile Liability:
$1,000,000 Combined Single Limit

CalOptima must be named as an additional insured on HMO's Comprehensive General Liability and Automobile Liability insurance with respect to performance under this Contract."

10. Section 2.3.8 shall be deleted in its entirety and replaced with the following:

"Proof of Insurance: Certificates of Insurance of the above Insurance policies and/or evidence of self-insurance maintained by HMO shall be provided to CalOptima prior to execution of the Contract and annually thereafter. HMO shall provide the Certificates of Insurance of the above Insurance policies and/or evidence of self-insurance maintained by Participating Providers to CalOptima upon request."

11. Section 2.7.12, "Certified Nurse Midwife (CNM) and Certified Nurse Practitioner (CNP) Payments", shall be deleted in its entirety and replaced with the following:

"Certified Nurse Midwife (CNM) and Certified Nurse Practitioner (CNP) Payments - If there are no CNMs or CNPs in HMO's provider network, HMO shall reimburse non-contracting CNMs or CNPs for services provided to Members at no less than [redacted] of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy."

12. Section 2.7.13, "Family Planning Provider Payments", shall be deleted in its entirety and replaced with the following:

"Family Planning Provider Payments - HMO shall reimburse non-contracting family planning providers at no less than [redacted] of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy. HMO shall reimburse non-contracting family planning providers for services provided to Members of childbearing age to temporarily or permanently prevent or delay pregnancy."

13. Section 2.7.14, "Sexually Transmitted Disease Treatment Payments", shall be deleted in its entirety and replaced with the following:

"Sexually Transmitted Disease Treatment Payments - HMO shall reimburse local health departments and non-contracting family planning providers at no less [redacted] of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy, for the diagnosis and treatment of a STD episode, as defined in MMCD Policy Letter No. 96-09. HMO may elect to provide reimbursement only if STD treatment providers provide treatment records or documentation of the Member's refusal to release Medical Records to HMO along with billing information."

14. Section 2.7.15, "HIV Testing and Counseling Payments", shall be deleted in its entirety and replaced with the following:

"HIV Testing and Counseling Payments - HMO shall reimburse local health departments and non-contracting family planning providers at no less than [redacted] of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy. HMO shall provide reimbursement only if local health departments and non-contracting family planning providers make all reasonable efforts, consistent with current laws and regulations, to report confidential test results to HMO."

15. Section 3.4, "CALOPTIMA LOGO", shall be deleted in its entirety and replaced with the following:

"CALOPTIMA LOGO --- HMO shall not display the CalOptima logo on any of HMO's written communication to Members without prior written approval by CalOptima."

16. Section 3.9, "SUBCONTRACTS", shall be deleted in its entirety and replaced with the following:

"SUBCONTRACTS --- HMO may Subcontract for certain functions covered by this Contract subject to the requirements of this Contract. HMO is required to ensure that all Subcontracts are in writing and include any general requirements of this Contract and all provisions required by this Contract to be incorporated into Subcontracts. HMO is required to inform CalOptima of the name and business addresses of all Subcontractors and notify CalOptima of any changes in Subcontractors within thirty (30) days of execution or change of Subcontract. HMO shall have policies and procedures addressing Subcontracts with any offshore individual or entity that receives, processes, transfers, handles, stores, or accesses CalOptima Member Protected Health Information (PHI) ("Offshore Subcontracts"), including policies that address security of such PHI and CMS requirements for reporting information about Offshore Subcontracts. HMO shall annually

complete the CalOptima Offshore Attestation and make its Offshore Subcontract policies and list of such Offshore Subcontracts available to CalOptima upon request, including for audits by CalOptima and/or CalOptima's Regulators. Additionally, HMO shall require all Subcontracts contain the following:"

17. Section 3.9.2 shall be deleted in its entirety and replaced with the following:

"An agreement to maintain such books and records in accordance with any record requirements in this Contract and CalOptima Policies, and for the establishment and maintenance of and access to Medical and Administrative Records as set forth in Section 3.17 and 3.22 of this Contract;"

18. Section 3.9.7 shall be deleted in its entirety and replaced with the following:

"An agreement requiring Subcontractors to provide Covered Services to CalOptima Members in a non-discriminatory manner;"

19. Section 3.9.8 shall be deleted in its entirety and replaced with the following:

"An agreement to comply with all provisions of this Contract with respect to providing Emergency Services and State Contract (Exhibit A, Attachment 8, Provision 12) for those Subcontractors at risk for non-contracting Emergency Services;"

20. Section 3.9.10 shall be deleted in its entirety and replaced with the following:

"An agreement to comply with (a) CalOptima's Compliance Program including, without limitation, CalOptima Policies; (b) any DHCS Medi-Cal Provider Bulletins and Manuals; (c) all applicable requirements of the DHCS Medi-Cal Managed Care Program, including, but not limited to, the Medi-Cal Managed Care Division Policy Letters and All Plan Letters; and (d) all applicable requirements specified in the State Contract and subsequent amendments, and federal and State laws and regulations;"

21. Section 3.9.12 shall be deleted in its entirety and replaced with the following:

"An agreement requiring Subcontractors to sign a Declaration of Confidentiality, which shall be signed and filed with DHCS prior to the Subcontractors being allowed access to computer files or any other data or files, including identification of individual Members;"

22. Section 3.9.20 shall be deleted in its entirety and replaced with the following:

"An agreement to participate and cooperate in quality improvement systems as set forth in Section 6.4 of the Contract, and if HMO delegates quality improvement activities to the Subcontractor, the Subcontract must include the requirements set forth in the State Contract (Exhibit A, Attachment 4, Provision 6), and Sections 3.8 and 6.4 of the Contract, including the Delegation Acknowledgement and Acceptance Agreement ("Delegation Agreement);"

23. Section 3.9.25 shall be deleted in its entirety and replaced with the following:

"An agreement that Participating Providers are entitled to the protections of the Health Care Provider's Bill of Rights, California Health and Safety Code section 1375.7, in the administration of the Subcontract relative to the Medi-Cal program; and"

24. Section 3.9.26 shall be added as follows:

"Subcontractor's agreement to provide HMO with the disclosure statement set forth in 22 CCR Section 51000.35, prior to commencing services under the Subcontract, which shall be provided to CalOptima upon request."

25. Section 3.17, "MEDICAL AND ADMINISTRATIVE RECORDS", shall be deleted in its entirety and replaced with the following:

"MEDICAL AND ADMINISTRATIVE RECORDS --- HMO shall require that all Participating Providers and Subcontractors establish and maintain for each Member who has obtained Covered Services from a Participating Provider or Subcontractor a legible Medical Record. Such Medical Record shall include a historical record of diagnostic and therapeutic services recommended or provided by, or under the direction of, the Participating Provider or Subcontractor. Such Medical Record shall be in such a form as to allow trained health professionals, other than the Participating Provider or Subcontractor, to readily determine the nature and extent of the Member's medical problem and the services provided and permit peer review of the services provided. The Medical Record shall be kept in a detail consistent with good medical and professional practice in accordance with 22 CCR Section 53284, and which permits effective professional review and facilitates a system of follow-up treatment. All Medical Records shall meet the requirements of the State Contract and applicable laws and regulations, including, but not limited to, 28 CCR Section 1300.80(b)(4) and 42 USC Section 1396a(w). Such records shall be available to health care providers at each encounter, in accordance with 28 CCR Section 1300.67.1(c). HMO shall ensure that an individual is delegated the responsibility of securing and maintaining Medical Records at each Participating Provider or Subcontractor site."

26. Section 3.19.1 shall be deleted in its entirety and replaced with the following:

"Through the end of the records retention period specified in Section 3.18, HMO shall make all of its premises, facilities, equipment, books, records, contracts, computer and other electronic systems pertaining to the goods and services furnished under the terms of the Contract, available for the purpose of audit, inspection, evaluation, examination or copying, including but not limited to Access Requirements and State's Right to Monitor, as set forth in the State Contract, Exhibit E, Attachment 2, Provision 21: (a) by CalOptima and/or CalOptima's Regulators; (b) at all reasonable times at the HMO's place of business or such other mutually agreeable location in California; (c) in a form maintained in accordance with the general standards applicable to such book or record keeping; and (d) including all encounter data for a period of at least ten (10) years."

27. Section 3.24, "FRAUD AND ABUSE REPORTING", shall be deleted in its entirety and replaced with the following:

"FRAUD AND ABUSE REPORTING --- HMO shall report to CalOptima all cases of suspected fraud and/or abuse, as defined in 42 Code of Federal Regulations, Section 455.2, relating to the rendering of Covered Services by Participating Providers, Out-of-Network Providers, Members, or HMO's employees, within five (5) working days of the date when HMO first becomes aware of or is on notice of such activity."

28. Section 3.24.2 shall be deleted in its entirety and replaced with the following:

"HMO shall provide to CalOptima and/or CalOptima's Regulators, upon request, written policies and procedures for identifying, investigating and taking appropriate corrective action against fraud and/or abuse in the provision of health care services under the Medi-Cal program."

29. Section 3.28, "COMPLIANCE WITH STATE AND FEDERAL REQUIREMENTS", shall be deleted in its entirety and replaced with the following:

"COMPLIANCE WITH STATE AND FEDERAL PROGRAMS --- HMO shall comply with requirements established by State and/or federal programs relating to its performance under this Contract. HMO's compliance shall include, but not be limited to, applicable requirements of the DHCS Medi-Cal Managed Care Program, provisions of the State Contract requirements for CalOptima to maintain CMS waiver, Operational Instruction Letters (OILs), Medi-Cal Managed Care Division Policy Letters and All Plan Letters, as well as applicable requirements specified in the State Contract and subsequent amendments, and State and federal laws and regulations."

30. Section 3.30, "COMPLIANCE WITH MEMORANDUM/MEMORANDA OF UNDERSTANDING (MOU(s))", shall be deleted in its entirety and replaced with the following:

"COMPLIANCE WITH MEMORANDUM/MEMORANDA OF UNDERSTANDING (MOU(s)) --- HMO agrees to comply with and be bound by any and all applicable MOUs entered into by CalOptima. HMO agrees to require Subcontractors to comply with applicable requirements of such MOUs."

31. Section 3.42, "OBLIGATIONS UNDER PRIOR CONTRACT", shall be deleted in its entirety and replaced with the following:

"OBLIGATIONS UNDER PRIOR CONTRACT --- HMO acknowledges and agrees that certain of its obligations and duties under the Prior Contract, if previously contracted, survive the expiration of the Prior Contract and/or are measured following the expiration of the Prior Contract (including, without limitation, corrective action plans, quality improvement and credentialing functions, financial requirements). HMO shall perform all such obligations and duties. For purposes of this section, "Prior Contract" means the contract for health care services previously entered into between HMO and CalOptima pursuant to which HMO agreed to provide or arrange for the provision of Medi-Cal Covered Services to Members."

32. Section 3.45, "HMO SUBCONTRACTS", shall be deleted in its entirety and replaced with the following:

"HMO SUBCONTRACTS --- In addition to Section 3.9 of this Contract, HMO shall maintain and make available to CalOptima, DHCS, or other CalOptima's Regulators, upon their respective requests, copies of all Subcontracts. HMO shall ensure that all Subcontracts are in writing and require that the HMO and its Subcontractors:"

33. Section 4.2, "EMERGENCY CARE", shall be deleted in its entirety and replaced with the following:

"EMERGENCY CARE --- HMO shall comply with all applicable State and federal laws and regulations governing the provision and payment of Emergency Services, as well as the applicable requirements of the State Contract (including, but not limited to, Exhibit A, Attachment 8, Provision 12). HMO is required to provide and pay for all Emergency Services, including Emergency Services provided by Out-of-Network Providers, without prior authorization, twenty-four (24) hours each day, seven (7) days a week."

34. Section 4.7, "ALCOHOL AND SUBSTANCE USE DISORDER TREATMENT SERVICES", shall be deleted in its entirety and replaced with the following:

"ALCOHOL MISUSE SCREENING AND COUNSELING --- HMO shall ensure the provision of AMSC services by a Member's PCP to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol and drugs. PCP shall refer Members to substance use disorder treatment when there is a need beyond AMSC."

35. Section 4.1.9.2 shall be deleted in its entirety and replaced with the following:

"That this Section shall supersede any oral or written contrary agreement now existing or hereafter entered into between the HMO and Participating Providers or Subcontractors;"

36. Section 5.6.8 shall be deleted in its entirety and replaced with the following:

"In the event that a Provider, including a PCP, is terminated or leaves the HMO for any reason, HMO shall ensure that there is no disruption in services provided to Members who are receiving treatment for a chronic or ongoing medical condition or LTSS in accordance with applicable CalOptima Policies and regulatory requirements."

37. Section 5.15, "SPECIALIST GEOGRAPHIC DISTRIBUTION", shall be deleted in its entirety and replaced with the following:

"SPECIALIST GEOGRAPHIC DISTRIBUTION --- HMO shall make available to every Member, Specialists whose offices are located within fifteen (15) miles and thirty (30) minutes from the Member's place of residence as required in W & I Code Sections 14197(b) and (c). HMO shall provide transportation for Members when the nearest available Specialist is more than fifteen (15) miles or thirty (30) minutes from Member's place of residence."

38. Section 6.4, "QUALITY IMPROVEMENT PROGRAM", shall be deleted in its entirety and replaced with the following:

"QUALITY IMPROVEMENT PROGRAM --- HMO shall participate and cooperate in CalOptima's Quality Improvement Program. HMO shall establish, maintain and operate a Quality Improvement Program, in accordance with the delineation of responsibilities in the Delegation Agreement, which shall include an Annual Program Plan, Work Plan, and Annual Evaluation of Effectiveness of the QI program, which are consistent with current industry standards, Centers for Medicare and Medicaid Services (CMS), National Committee for Quality Assurance (NCQA), Joint Commission, and DHCS, and meets the requirements of CalOptima's Quality Improvement Program. HMO shall facilitate quality studies and assist in collection of comparative data collected from all Participating Providers using objective parameters (e.g., the current version of Healthcare Effectiveness Data and Information Set (HEDIS)). HMO shall submit reports related to Quality Improvement as required by CalOptima Reporting Policy or otherwise required by DHCS. HMO shall adopt a detailed written Quality Improvement (QI) Plan, which shall include:"

39. Section 6.8.3.3 shall be deleted in its entirety and replaced with the following:

"An annual signed attestation that all Participating Providers are credentialed to the standards set forth by CalOptima and DHCS."

40. Section 6.15.1 shall be deleted and intentionally left blank.

41. Section 6.15.13 shall be deleted in its entirety and replaced with the following:

"HMO and Participating Providers and all staff who interact with SPD Members, as well as those who may potentially interact with SPD Members, or any other staff deemed appropriate by CalOptima or DHCS shall receive sensitivity training as provided by CalOptima or DHCS, or by HMO pursuant to DHCS requirements and CalOptima Policies."

42. Section 10.2, "COMPREHENSIVE HMO AUDIT", shall be deleted in its entirety and replaced with the following:

"COMPREHENSIVE HMO AUDIT --- CalOptima shall conduct and HMO shall agree to a full comprehensive compliance audit to be conducted at HMO administrative offices and/or Facilities and/or via desktop/virtual review annually, or as deemed necessary, by CalOptima. CalOptima shall submit results of the HMO audit in writing to the HMO. HMO may rebut and dispute audit findings pursuant to CalOptima Policies. HMO is responsible for implementing the corrective measures (if any). CalOptima retains the right to publish data obtained from the audit. HMO acknowledges and agrees that CalOptima may publish the audit data to Members and/or the general public without further notice to or consent from HMO."

43. Section 10.7, "MOU AVAILABILITY", shall be deleted in its entirety and replaced with the following:

"MOU AVAILABILITY--- CalOptima shall provide or make available for HMO copies of current MOUs entered into by CalOptima that are binding on HMO within seven (7) working days of execution. Copies of current MOUs entered into by CalOptima that are binding on HMO may be provided by the distribution of hard-copy documents, electronic files and/or documents and/or on the CalOptima website."

44. Section 10.10, "PROVIDER COMPLAINT SYSTEM", shall be deleted in its entirety and replaced with the following:

"PROVIDER COMPLAINT SYSTEM --- CalOptima has established a fast, fair and cost-effective complaint system for provider complaints, grievances and appeals. Provider and HMO shall have access to this system for any issues arising under this Contract, as provided in CalOptima Policy related to CalOptima Medi-Cal Program. HMO complaints, grievances, appeals, or other disputes regarding any issues arising under the Contract shall be resolved through this system."

45. Section 12.2, "MEMBER LIAISON PROGRAM (MLP)", shall be deleted and intentionally left blank.

46. Section 13.1, "SANCTIONS AND TERMINATIONS FOR CAUSE," shall be deleted in its entirety and replaced with the following:

"SANCTIONS AND TERMINATIONS FOR CAUSE --- If HMO fails to fulfill any of its duties and obligations under this Contract, including but not limited to: (i) committing acts to discriminate among Members on the basis of their health status or requirements for health care services; (ii) engaging in any practice that would reasonably be expected to have the effect of denying or discouraging enrollment with the HMO by Members whose medical condition or history indicated a need for substantial future medical services; (iii) not providing Covered Services in the scope or manner required under the provisions of this Contract; (iv) engaging in prohibited marketing activities; (v) failing to comply with CalOptima's Compliance Program, including Participation Status requirements; (vi) committing fraud or abuse relating to Covered Services or any and all obligations, duties and responsibilities under this Contract; (vii) failure to ensure that all Minimum Standards are met; (viii) failure to enforce claims payment prohibitions on providers who are denied

the right to submit claims and/or receive reimbursement for services furnished to CalOptima Members; (ix) not having the required amounts and types of financial reserves; (x) failure of Participating Providers to comply with the prior authorization process and other pharmacy requirements as determined by CalOptima; (xi) failure to meet Medical Loss Ratio requirements; (xii) failure to meet minimum enrollment requirements; (xiii) failure to meet quality and/or performance requirements; (xiv) failure to comply with organization structure requirements as set forth in Section 3.10 of this Contract; (xv) failure to submit Encounter Data pursuant to this Contract and CalOptima Policy; (xvi) a failure to perform an obligation or duty under the Prior Contract and/or failure to take corrective action related to any such obligation or duty in the time or manner required by CalOptima, and (xvii) a violation of the Department of Managed Health Care's Risk Bearing Organization regulations, including reporting, auditing or Corrective Action Plan compliance violations, CalOptima may take any of the actions described below:"

47. Section 13.9, "TERMINATION FOR CONVENIENCE", shall be deleted in its entirety and replaced with the following:

"TERMINATION FOR CONVENIENCE --- Either party may terminate the Contract for convenience, without cause, by giving one hundred eighty (180) calendar days advance written notice to the other party prior to the effective date of such termination."

48. Attachment A, "CalOptima Medi-Cal Division of Financial Responsibility", shall be deleted in its entirety and replaced with the attached Attachment A – Amendment VI.

49. Attachment E, "Capitation Rates", shall be deleted and replaced with the attached Attachment E – Amendment VI.

50. Attachment E-5, "Funding for Health Homes Program (HHP)" shall be deleted in its entirety and replaced with the attached Attachment E-5 – Amendment VI.

CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other terms and conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

ATTACHMENT E – AMENDMENT VI

Capitation Rates

Effective January 1, 2021

Payments by CalOptima to Health Network for Covered Services rendered to Members in accordance with the Contract for Health Care Services shall be on a Per Member/Per Month (PMPM) basis, and shall be provided herein in the following, except for carved out services and items as provided for in CalOptima Policies.

Aid Code Category	Age & Gender Category	Base Hospital	Base Physician	Total Cap Rate
Child / Adult	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			
SPD	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			
ESRD	Child / Adult			
	SPD			
	Expansion			
AIDS	Child / Adult			
	SPD			
	Expansion			

Overall average capitation for all Health Networks. Actual capitation paid is allocated based on the relative risk profiles of the Health Networks, in accordance with CalOptima policy.

Whole Child Model Base Capitation Rates

Aid Code Category	Age & Gender Category	Base Hospital	Base Physician	Total Cap Rate
Whole Child Model	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			

The base rates for Whole Child Model are subject to change and the application of risk adjustment and age/gender factors.

Interim Reimbursement for Catastrophic Cases. CalOptima shall provide supplemental payments on a quarterly basis to cover costs that exceed the designated thresholds for catastrophic claims, in accordance with CalOptima Policy.

Retrospective Risk Corridor. CalOptima shall, on an annual basis, apply risk corridors to the previous year's CCS-Member-related capitation payments, based on medical costs, and adjust those previous year's capitation payments accordingly, in accordance with CalOptima Policy.

Supplemental OB Delivery Care Payment

Supplemental OB Delivery Care Payment (Payment shall be administered per CalOptima policy guidelines).

	Hospital	Physician	Total Capitation
Supplemental OB Delivery Care Payment			

Funding for PCC

In addition to those amounts described above, HMO shall receive [redacted] per WCM or SPD Member per month, to fund the PCC program as authorized by the CalOptima Board of Directors. SPD Member is identified by their Aid Code Category, for all age groups. WCM member is identified by their WCM Eligible condition as determined by the local WCM Program. HMO shall only receive PCC funding for a Member with an SPD aid code category or a WCM-eligible condition as determined by the County, not both. Members with a WCM Eligible Condition shall prevail over SPD members when determining payment.

HMO acknowledges and agrees that CalOptima may adjust and/or terminate the PCC payments in the event HMO fails to comply with the requirements as defined by the CalOptima Profile and Policy. HMO acknowledges and agrees that CalOptima, in its sole and absolute discretion, may also offset HMO's future PCC Payments in the event CalOptima determines that HMO has not complied with the Profile requirements.

Attachment E-5 – Amendment VI

Funding for Health Homes Program (HHP)

Effective January 1, 2020, CalOptima shall make a HHP Core Services Supplemental Capitation Payment to HMO for HHP services provided to an HHP-enrolled Member or a separate Engagement Activities Supplemental Capitation Payment for engagement activities for a Member eligible but not enrolled in HHP, in accordance with the terms and conditions of Policy FF.4001.

1. HHP Core Services Supplemental Capitation Payment

1.1 The HHP Core Services Supplemental Capitation Payment below will be issued by CalOptima if all of the following conditions are met:

- Member is identified as an HHP-eligible Member as determined by CalOptima based on HHP eligibility criteria as defined by DHCS and in accordance with CalOptima Policy GG.1350;
- Member is enrolled in the HHP;
- Member receives either one of the six (6) HHP core services (as set forth in Section 6.22.4 of the Contract) in a calendar month in which the supplemental payment is requested by the HMO, or the Member has received an HHP core service within one (1) of the prior two (2) calendar months in which the supplemental service month payment is requested by the HMO;
- The HHP core services are billed and reported to CalOptima consistent with the most recent HHP Program Guide or specific regulatory guidance as directed by DHCS;
- If applicable, the HMO paid the provider for the HHP core services; and
- The HMO authorized such HHP core services.

[redacted] (January – June 2020)
(July – December 2020)
(January – December 2021)

2. Engagement Activities Supplemental Capitation Payment

2.1 Subject to Section 2.2 of this Attachment E-5, the Engagement Activities Supplemental Capitation Payment below will be issued by CalOptima if all of the following conditions are met:

- Member is identified as an HHP-eligible Member as determined by CalOptima, based on HHP eligibility criteria as defined by DHCS but not enrolled in HHP
- The HMO conducted engagement activities to contact an HHP-eligible Member on CalOptima's Finalized Engagement List (FEL) for enrollment in HHP
- Engagement activities are billed and reported to CalOptima in the manner and form acceptable to CalOptima, including but not limited to identifying the non-enrollment status of the HHP-eligible Member; and
- If applicable, the HMO authorized and paid the provider for such engagement

[redacted] (January – June 2020)
(July – December 2020)
(January – December 2021)

2.2 CalOptima shall limit the provision of Engagement Activities Supplemental Capitation Payment to a maximum of three (3) calendar months of billing per one (1) individual HHP-eligible Member who is not enrolled in HHP.

3. HMO shall submit HHP billing data for HHP Core Services Supplemental Capitation Payment and/or engagement activities billing data for Engagement Activities Supplemental Capitation Payment, as applicable, by the fifteenth (15^{th}) calendar day after the month ends, in accordance with CalOptima Policy FF.4001.

4. Upon validation of the HHP billing data or engagement activities billing data, as applicable, CalOptima shall issue either the HHP Core Services Supplemental Capitation Payment or the Engagement Activities Supplemental Capitation Payment, as applicable, within thirty (30) business days from the date of the HHP billing data or engagement activities billing data submission, in accordance with CalOptima Policy FF.4001.

5. In addition to Section 9.4 of this Contract, HMO agrees to CalOptima's recovery of any overpayment of supplemental payment for HHP core services or engagement activities in accordance with CalOptima Policy FF.4001.

AMENDMENT I TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT I TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of October 1, 2019 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____ ("HMO"), with respect to the following facts:

RECITALS

A. CalOptima and HMO have entered into a Contract for Health Care Services ("Contract"), by which HMO has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and HMO wish to enter into this amendment to restate the Division of Financial Responsibilities and Formulary Medical Supplies, provide the requirements for the distribution of Ground Emergency Medical Transportation (GEMT)/QAF supplemental payment and provide information and requirements related to supplemental payments for certain home health agency services.

NOW, THEREFORE, the parties agree as follows:

1. Attachment A, "CalOptima Medi-Cal Division of Financial Responsibility" shall be deleted in its entirety and replaced with the attached Attachment A – Amendment I.

2. Attachment C, "Formulary Medical Supplies" shall be deleted in its entirety and replaced with the attached Attachment C – Amendment I.

3. Attachment E-3, "Distribution of GEMT QAF Funding", shall be added to the Contract and is attached hereto.

4. Attachment E-4, "Supplemental Payment for Home Health Agency Services", shall be added to the Contract and is attached hereto.

CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and _____ have executed this Amendment:

Amendment I

Formulary Medical Supplies

The following medical supply items are provided through CalOptima's pharmacy network:

Respiratory Items

- Inhaler Assist Devices
- Nasal Aspirator
- Peak Flow Meters, Non-Electric

Contraceptive Items

- Condoms
- Diaphragms

Diabetic Supplies

- Blood Glucose Monitors (excludes Continuous Glucose Monitors which are covered as DME)
- Insulin Syringes
- Lancets
- Lancet Auto Injectors
- Blood Glucose Test Strips
- Urine Test Strips
- Alcohol Pads

ATTACHMENT E-3
DISTRIBUTION OF GEMT QAF FUNDING

This Attachment E-3 provides the terms and conditions, in addition to any state and federal laws, regulations, or guidance, under which CalOptima and HMO shall administer the Ground Emergency Medical Transport (GEMT) Quality Assurance Fee (QAF) Program.

In accordance with Senate Bill (SB) 523 (Chapter 773, Statutes of 2017), DHCS established the GEMT QAF program. On February 7, 2019, DHCS obtained federal approval from the Centers for Medicare and Medicaid Services (CMS) for California State Plan Amendment (SPA) 18-004, with an effective date of July 1, 2018. SPA 18-004 implements a one-year QAF program and reimbursement add-on for GEMT provided by non-contracted emergency medical transportation providers effective for State Fiscal Year (SFY) 2018-19 from July 1, 2018 to June 30, 2019.

Per DHCS guidance, CalOptima and HMO, as its delegated entity, are required to provide increased reimbursement to Eligible Non-Contracted Providers for GEMT service codes for Qualifying Services. HMO must reimburse Eligible Non-Contracted Providers a differential totaling up to $XX that are billed with CPT codes A0429 (BLS Emergency), A0427 (ALS Emergency) and A0433 (ALS2) provided during SFY 2018-19 (July 1, 2018 to June 30, 2019).

CalOptima agrees to pay GEMT QAF Program supplemental payment for these adjustments to HMO, and HMO agrees to reimburse Eligible Non-Contracted GEMT Providers who render Qualifying Services (as defined in this Attachment) for Qualifying Services effective July 1, 2018 to June 30, 2019. CalOptima further agrees to pay HMO an administrative fee to administer such GEMT QAF Program payments as provided in this Attachment.

1. Definitions: The following terms shall have the following meanings for purposes of this Attachment:

    a. “Eligible Non-Contracted Provider” shall mean a Provider who is not contracted with HMO to provide GEMT services or a Provider who is contracted with HMO for transportation services, but not contracted with HMO to provide GEMT services to CalOptima Medi-Cal members.

    b. “Qualifying Services” shall mean services described by the GEMT QAF Program, which may be revised to include additional CPT codes, add-on adjustment payments, and extensions.

2. HMO shall identify eligible claims for the GEMT QAF Program and reimburse for the specified codes the differential payments totaling up to $xxx.00 for Qualifying Services furnished by Eligible Non-Contracted Providers. HMO is required to make timely payments in accordance with DHCS guidelines for clean claims or accepted encounters for qualifying transports submitted to the HMO within one year after the date of service.

3. HMO shall continue to make payments for dates of service July 1, 2018 through June 30, 2019 for eligible claims in conjunction with the payment of the claim for service. Payment for the GEMT QAF Program may be made retrospectively or in conjunction with the claims payment as applicable.

4. HMO is required to submit GEMT payment adjustment confirmation reports by the 10th of the month. Upon receipt of the confirmation report, CalOptima will reconcile the report and reimburse

the GEMT QAF Program payment adjustments separate from the capitation payments, plus a x% administrative fee calculated based upon total GEMT payment adjustments. CalOptima shall process these payments by the 20th of the month.

5. HMO and its subcontractors agree to comply with all applicable Federal and State laws and regulations, contract requirements, CalOptima policies and DHCS guidance, including APLs, Policy Letters, and Plan Letters related to the GEMT QAF Program add-on payments.

6. HMO shall have a formal procedure to accept, acknowledge, and resolve provider grievances related to the processing or non-payment of a GEMT Program differential payment adjustments in accordance with contract requirements for other payments. In addition, HMO shall identify a designated point of contact for provider questions and technical assistance.

7. GEMT QAF funds and expenses shall not be included in any shared risk program calculation or reconciliation.

8. As long as the State of California extends the GEMT Program differential payment adjustments funding to CalOptima, CalOptima will continue to make GEMT Program differential payment adjustments to HMO based upon the submitted confirmation report, which may be subject to Board approval and the changes to the program, as necessary and appropriate to comply with the law and regulatory guidance.

9. HMO shall comply with any extension of the GEMT QAF funding beyond June 30, 2019 and/or changes to the reimbursement amount required by DHCS. CalOptima will communicate these changes to HMO by means of a Notice to this Contract.

ATTACHMENT E-4

SUPPLEMENTAL PAYMENT FOR HOME HEALTH AGENCY SERVICES

On September 17, 2018, DHCS received federal approval for State Plan Amendment 18-0037 to sunset the [redacted] payment reduction for home health agency services and to increase reimbursement rates in effect on June 30, 2018, for state plan home health agency services by [redacted] effective July 1, 2018. Certain procedure codes, that mainly apply to pediatric Medi-Cal members, provide increased Medi-Cal reimbursement rates for certain home health agency services effective July 1, 2018. These supplemental payments will only apply to the cost of services that are not considered part of California Children Services, also known as Whole Child Model covered services.

To obtain the supplemental payment, HMO will submit encounter data to CalOptima for procedures codes, Z5804/S9123, Z5805, Z5806/S9124, Z5807, Z5832/G0299, Z5833/T1002, Z5834/G0300, Z5835/T1003, Z5836/G0162, Z5838/G0156, Z5840/T1016 and Z5868/T1026 or equivalent HIPAA compliant codes evidencing the HMOs' reimbursement of the home health agency services at the increased rates during the period of July 1, 2018, through June 30, 2019. CalOptima will review the encounters eligible for supplemental payment made July 1, 2018, through June 30, 2019 at two different points in time. The initial reconciliation will be for payments made and submitted to CalOptima by October 15th, 2019 at which point CalOptima will make payment by November 30th, 2019. The final reconciliation will be for payments made and submitted by April 15th, 2020 at which point CalOptima will make payment by May 31st, 2020. CalOptima shall validate that services are not CCS covered services prior to payment.

The supplemental payment shall not be applicable to dates of service after June 30, 2019, since the cost changes are incorporated in CalOptima's regular rebasing exercise which are inclusive of forward trend assumptions. Expenses for CCS Eligible Conditions shall be subject to Risk Corridor reconciliation per the Contract and in accordance with CalOptima Policy.

AMENDMENT II TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT II TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of January 1, 2020 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____. ("HMO"), with respect to the following facts:

RECITALS

A. CalOptima and HMO have entered into a Contract for Health Care Services ("Contract"), by which HMO has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and HMO desire to amend the Contract to specify requirements, responsibilities, and reimbursement rates related to CalOptima's Health Homes Program.

NOW, THEREFORE, the parties agree as follows:

1. The following definitions shall be added to the end of Article 1 "Definitions" of the Contract:

"1.102 Community-Based Care Management Entity (CB-CME) means HMO when providing Health Homes Program (HHP) services to HHP Members pursuant to this Contract.

1.103 Health Homes Program or "HHP" means all of the California Medicaid State Plan amendments and relevant waivers that DHCS seeks and CMS approves for provision of HHP services that provide supplemental services to HHP eligible and enrolled Members by coordinating and integrating the full range of physical health, behavioral health, and community-based long-term services and supports (LTSS) needed for chronic conditions.

1.104 HHP Member who is HHP enrolled, and continuously participating in the HHP and assigned to the HMO.

1.105 HHP Multi-Disciplinary Care Team means a team of staff employed or contracted by the HMO, as a CB-CME, that provides HHP services to HHP Members."

2. Section 6.22 shall be added as follows:

"6.22 HEALTH HOMES PROGRAM ---

6.22.1 HMO shall begin participating in CalOptima Health Homes Program, as follows: (i) Effective January 1, 2020, or such later date as determined by DHCS, for HHP Members with eligible chronic physical conditions and substance use disorders; and (ii) Effective July 1, 2020, or such later date as determined by DHCS, for HHP Members with eligible serious mental illness.

6.22.2 HMO shall be responsible for providing and coordinating HHP services as one of the designated Community-Based Care Management Entities (CB-CMEs). HMO, as a CB-CME, shall ensure its systems and infrastructure are in place to provide HHP services to HHP Members. HMO, as a CB-CME, shall satisfy the CB-CME qualification standards as defined by DHCS and

CalOptima Policy, and CB-CME certification requirements as described in DHCS HHP Program Guide.

6.22.3 HMO shall comply with all State and federal requirements related to HHP and HHP requirements determined by DHCS, including the All Plan Letter related to Health Homes Program requirements and the HHP Program Guide. HMO, as a CB-CME, shall implement CalOptima Health Homes Program in accordance with this Contract and CalOptima Policies. HMO shall ensure that HMO staff who will be delivering HHP services complete training required by CalOptima and DHCS prior to participating in the administrative of the HHP.

6.22.4 HMO, as a CB-CME, shall be responsible for coordinating care with HHP Members, Providers, and other agencies as appropriate. HMO shall provide the following six (6) core HHP service categories for HHP Members: (i) Comprehensive care management; (ii) Care coordination; (iii) Health promotion; (iv) Comprehensive transitional care; (v) Individual and family support services; and (vi) Referral to community and social supports.

6.22.5 HMO shall maintain an aggregate minimum care coordinator ratio as defined by DHCS. HMO shall ensure the establishment of HHP Multi-Disciplinary Care Teams to provide HHP services, as set forth in CalOptima Policy GG.1331.

6.22.6 HMO shall ensure availability of Providers with experience working with people who are chronically homeless, pursuant to Welfare & Institutions Code section 14127.31(d)(1)(B).

6.22.7 HMO shall establish, as necessary, contractual relationships with organizations to provide HHP services (including but not limited to office visit accompaniment, housing navigator, individual housing transition services, and individual housing and tenancy sustaining services), and contractual or non-contractual relationships to provide linkages to community and social support services. Regardless of the subcontracting arrangement, HMO shall retain overall responsibility for all CB-CME duties and responsibilities set forth in this Contract and CalOptima Policies.

6.22.8 HMO shall conduct outreach and engagement activities for HHP-eligible Members who are not enrolled in HHP. Members meeting HHP eligibility requirements must consent to HHP in order to participate. Consent to HHP participation may be oral or in writing and shall be documented by the HMO's Customer Service staff or HHP Multidisciplinary Care Team staff prior to the Member's participation in HHP. CalOptima and HMO will coordinate to ensure that Members who meet exclusionary criteria are excluded or disenrolled from the HHP pursuant to the HHP Program Guide and CalOptima Policy GG.1350.

6.22. 9 HMO, as a CB-CME, shall complete a health needs assessment (HNA) and develop a health action plan (HAP) for each HHP Member. HMO shall ensure case conferences are conducted by the HHP Multidisciplinary Care Team and the HHP Member's HNA and HAP are updated as necessary.

6.22.10 HMO may use HHP funding to make payments to HHP Members' network Providers who are not included formally on the HMO's HHP Multi-Disciplinary Care Team, but who are responsible for coordinating with the HMO's HHP care coordinator to conduct case conferences and to provide input to the health action plan (HAP).

6.22.11 In addition to other provisions of this Contract, HMO shall comply with CalOptima Policies GG.1331, GG.1350 and FF.4001 related to CB-CME duties and responsibilities, including engagement activities, the DHCS HHP Program Guide, and CB-CME requirements set forth in Welfare & Institutions Code, section 14127.3(d)(1).

6.22.12 HMO's Agent's Qualifications. HMO shall verify the qualifications of all agents (including HMO staff) providing services under this Contract consistent with the services to be provided under the Health Homes Program. In addition, for agents that enter into Members' homes or have face-to-face contact with Members, HMO shall also conduct background investigations, including, but not be limited to, County, State and Federal criminal history and abuse registry screening. HMO shall comply with all applicable laws in conducting background investigations and shall exclude unqualified agents from providing services under this Contract.

6.22.13 HHP Data Sharing. CalOptima and HMO agree to exchange available information and data as required by DHCS for the HHP, including but not limited to notification of hospital emergency department visits, inpatient admissions and discharges, and health history of HHP Members. CalOptima and HMO shall conduct such information and data sharing in compliance with all applicable Health Insurance Portability and Accountability Act (HIPAA) requirements, and other federal and California state laws and regulations, including applying the minimum necessary standard, when applicable. Further, HMO shall establish and maintain a data-sharing agreement with other Providers that is compliant with all federal and California state laws and regulations. If applicable laws and/or regulations require an HHP Member's valid authorization for release of health information and a legal exception does not apply, HMO may not release such information without the HHP Member's valid authorization.

6.22.14 HHP Data Reporting. HMO shall submit to CalOptima complete, accurate, reasonable and timely data reports in the manner and form acceptable to CalOptima in order for CalOptima to meet its data reporting requirements to DHCS for the HHP."

3. Attachment E-5, "Funding for Health Homes Program", shall be added to the Contract and is attached hereto.

CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and _____ have executed this Amendment:

Attachment E-5

Funding for Health Homes Program (HHP)

Effective January 1, 2020, CalOptima shall make a HHP Core Services Supplemental Capitation Payment to HMO for HHP services provided to an HHP-enrolled Member or a separate Engagement Activities Supplemental Capitation Payment for engagement activities for a Member eligible but not enrolled in HHP, in accordance with the terms and conditions of Policy FF.4001.

1. HHP Core Services Supplemental Capitation Payment

   1.1 The HHP Core Services Supplemental Capitation Payment below will be issued by CalOptima if all of the following conditions are met:

   - Member is identified as an HHP-eligible Member as determined by CalOptima based on HHP eligibility criteria as defined by DHCS and in accordance with CalOptima Policy GG.1350;
   - Member is enrolled in the HHP;
   - Member receives either one of the six (6) HHP core services (as set forth in Section 6.22.4 of the Contract) in a calendar month in which the supplemental payment is requested by the HMO, or the Member has received an HHP core service within one (1) of the prior two (2) calendar months in which the supplemental service month payment is requested by the HMO;
   - The HHP core services are billed and reported to CalOptima consistent with the most recent HHP Program Guide or specific regulatory guidance as directed by DHCS;
   - If applicable, the HMO paid the provider for the HHP core services; and
   - The HMO authorized such HHP core services.

   [redacted] PMPM (January – June 2020)
   PMPM (July – December 2020)

2. Engagement Activities Supplemental Capitation Payment

   2.1 Subject to Section 2.2 of this Attachment E-5, the Engagement Activities Supplemental Capitation Payment below will be issued by CalOptima if all of the following conditions are met:

   - Member is identified as an HHP-eligible Member as determined by CalOptima, based on HHP eligibility criteria as defined by DHCS but not enrolled in HHP
   - The HMO conducted engagement activities to contact an HHP-eligible Member on CalOptima's Finalized Engagement List (FEL) for enrollment in HHP
   - Engagement activities are billed and reported to CalOptima in the manner and form acceptable to CalOptima, including but not limited to identifying the non-enrollment status of the HHP-eligible Member; and
   - If applicable, the HMO authorized and paid the provider for such engagement

   [redacted] PMPM (January – June 2020)
   PMPM (July – December 2020)

2.2 CalOptima shall limit the provision of Engagement Activities Supplemental Capitation Payment to a maximum of three (3) calendar months of billing per one (1) individual HHP-eligible Member who is not enrolled in HHP.

3. HMO shall submit HHP billing data for HHP Core Services Supplemental Capitation Payment and/or engagement activities billing data for Engagement Activities Supplemental Capitation Payment, as applicable, by the fifteenth (15^{th}) calendar day after the month ends, in accordance with CalOptima Policy FF.4001.

4. Upon validation of the HHP billing data or engagement activities billing data, as applicable, CalOptima shall issue either the HHP Core Services Supplemental Capitation Payment or the Engagement Activities Supplemental Capitation Payment, as applicable, within thirty (30) business days from the date of the HHP billing data or engagement activities billing data submission, in accordance with CalOptima Policy FF.4001.

5. In addition to Section 9.4 of this Contract, HMO agrees to CalOptima's recovery of any overpayment of supplemental payment for HHP core services or engagement activities in accordance with CalOptima Policy FF.4001.

AMENDMENT III TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT III TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of January 1, 2020 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____ ("HMO"), with respect to the following facts:

RECITALS

A. CalOptima and HMO have entered into a Contract for Health Care Services ("Contract"), by which HMO has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and HMO desire to amend the Contract for the allocation and distribution of Intergovernmental Transfer (IGT) 6 and 7 Funds for Whole-Child Model (WCM) Startup Expenses incurred by HMO. IGTs are transfers of public funds between eligible governmental entities, which qualify for matching federal funds for the Medi-Cal program. IGT 1–7 funds are designated for enhanced/additional benefits for Medi-Cal beneficiaries.

NOW, THEREFORE, the parties agree as follows:

1. Attachment E-6, "Whole-Child Model (WCM) Start-up Expenses Reimbursement", shall be added to the Contract and is attached hereto.

2. CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and _____. have executed this Amendment:

Attachment E-6

Whole-Child Model (WCM) Program Start-up Expense Reimbursement

This attachment sets forth the program of additional compensation for Whole Child Model (WCM) start-up expenses, as authorized by the CalOptima Board of Directors at its December 5, 2019, meeting.

A. Reimbursement Available. There are two parts of the expense related reimbursement payments available to HMO.

1. Flat Rate: HMO shall receive a one-time payment amount of $xx; AND,

2. Variable Rate: If expenses for the implementation, as described in this Attachment, exceed the $xx,xxx flat rate, an additional amount of up to $xx.xx per member per month, shall be reimbursed to HMO. This maximum funding amount has been calculated based on the average number of CCS Members assigned to HMO from July through September 2019.

B. Reimbursable Expenses. Reimbursement under the variable rate reimbursement category is limited to those expenses that were incurred prior to July 1, 2019. There are three broad categories of reimbursable expenses for the variable rate reimbursements, as follows:

1. Personnel Expenses—These expenses relate to the reassignment, recruitment and training of administrative personnel for implementation of the WCM, including both the cost of diverting existing staff (such as reassigning claims payment staff to prepare WCM-specific claims processing policies, procedures, and routines), the cost of recruiting new staff to carry out WCM-specific tasks (such as utilization management, case management, and claims processing for WCM services), and the cost of training (such as bringing in outside trainers, preparing training materials, and overseeing on-line training activities for staff on WCM-specific matters).

2. Systems and Infrastructure—These expenses include those expenses involved in establishing a DHCS-compliant WCM provider network, such as contracting and credentialing additional CCS-approved physicians and facilities; necessary modifications to electronic data systems; additional office equipment for new WCM-specific staff; acquisition of new software or new modules for existing software made necessary by operation of the WCM; and development of program reporting capabilities to meet the requirements of the CalOptima WCM program.

3. Other Expenses—This category includes other expenses incurred in preparation for the implementation of the WCM, such as member notifications, educational materials for members, providers, and/or HMO administrative staff, and other items that are dedicated to WCM implementation that are not covered by reimbursable expense categories 1. and 2.

C. Reimbursement

1. The flat fee reimbursement shall be paid by CalOptima on or before March 1, 2020.

2. The variable rate reimbursement shall be paid by CalOptima within thirty (30) days of confirmation that the following have been submitted, are consistent between the attestation and invoice (see below), are consistent with the costs that are reimbursable, and are accepted as complete:

2.1. An attestation, in the format designated by CalOptima, indicating the general nature and amount of expenditures incurred prior to July 1, 2019, for each of the three broad reimbursable expense categories, signed by an authorized signer for HMO.

2.2. A detailed invoice specifically describing the costs incurred, prior to July 1, 2019, in preparation for implementation of the WCM, as follows:

2.2.1 Personnel Costs—For HMO personnel costs in each category identify the job title, hours, and total compensation incurred, and how the expenses relate to preparation for implementation of the WCM.

2.2.2. Contractual Services—For services obtained from other than HMO personnel, indicate each contracted party, a general identification of the services provided, and the costs incurred, and how the expenses relate to preparation for implementation of the WCM.

2.2.3 Goods/Materials—For goods and materials, indicate the type of goods procured, from whom the goods were acquired, for what purpose the goods were used, and the cost of each type of goods obtained, and how the expenses relate to preparation for implementation of the WCM.

D. Audit.

1. CalOptima is not requiring that supporting documentation, such as contracts and invoices from providers of goods and services, or employment records for personnel undertaking preparations for implementation of the WCM, be provided with the attestation and invoices. However, HMO shall maintain such records in a reasonably accessible manner for inspection by CalOptima or its designated auditor.

2. CalOptima, or its designated auditor, shall audit HMO's records during the annual financial audit to verify that the expenses were incurred as reported in the invoicing

and attestation. Reimbursement of both flat and variable rate start-up expenses are subject to recoupment if substantiating documentation is not made available. Substantiating documentation may include, but not be limited to, salary and payroll information as described in Section 1.1.2; general ledger entries identifying the start-up expenses; contracts and invoices from third party providers of goods and services, and copies of cancelled checks to support payment of expenses.

3. Any variable rate reimbursement amounts that are found to not have been incurred, or not to be supported by sufficient documentation, shall be disallowed retroactively. Such disallowed amounts will constitute an overpayment and will be returned to CalOptima or recovered through offset, as provided elsewhere in this Contract.

E. Disputes. In the event that CalOptima disallows any expense incurred and properly attested and invoiced, HMO shall have the right to pursue those remedies identified in this Contract and CalOptima Provider Dispute and Appeals policies.

AMENDMENT IV TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT IV TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of April 1, 2020 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____. ("HMO"), with respect to the following facts:

RECITALS

A. CalOptima and HMO have entered into a Contract for Health Care Services ("Contract"), by which HMO has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and HMO desire to amend the Contract to identify the Medi-Cal capitation base rate enhancement approved by the CalOptima Board of Directors for immediate aid due to the coronavirus known as COVID-19.

NOW, THEREFORE, the parties agree as follows:

1. Attachment E-7, "MEDI-CAL RATE ENHANCEMENT" shall be added to the Contract and is attached hereto.

2. CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and _____ have executed this Amendment:

MEDI-CAL RATE ENHANCEMENT

On January 31, 2020, the Secretary of Health and Human Services declared a public health emergency under section 319 of the Public health Service ACT (42 U.S.C. 247d) in response to a novel coronavirus known as SARS-CoV-2 (COVID-19). Pursuant to the action taken by CalOptima Board of Directors on April 2, 2020, in anticipation of a fluctuation in utilization by Medi-Cal members and the need for flexible services due to COVID-19, CalOptima amends the current Medi-Cal capitation base rate levels set forth in Attachment E to increase them by [redacted] for the period commencing April, 1 2020 and continuing through, and including, June 30, 2020.

AMENDED AND RESTATED
CONTRACT FOR HEALTH CARE SERVICES
PHYSICIAN

THIS CONTRACT FOR HEALTH CARE SERVICES ("Contract") is entered by and between Orange County Health Authority, a public agency, dba CalOptima ("CalOptima"), and _____ ("Physician"), with respect to the following facts:

RECITALS

A. CalOptima was formed pursuant to California Welfare and Institutions Code Section 14087.54 and Orange County Ordinance No. 3896, as amended by Ordinance No. 00-8, as a result of the efforts of the Orange County health care community.

B. CalOptima has entered into a contract with the State pursuant to which it is obligated to arrange and pay for the provision of services to Medi-Cal eligible beneficiaries residing in Orange County, California, who receive Covered Services.

C. Physician is a California professional medical corporation, which employs or otherwise contracts with physicians who are physicians licensed to practice medicine in the State of California.

D. Physician desires to provide or arrange for the provision of Covered Services to Members as defined herein.

E. Physician and the Hospitals set forth in Addendum I have affiliated to operate as a Physician-Hospital consortia ("PHC") for the purposes of providing or arranging for the provision of Covered Services to Members, as defined herein.

F. Physician recognizes that in order to comply with the requirements of this Contract, Physician and Hospital must operate in a manner that is mutually beneficial to both entities affiliated to operate as a PHC. Accordingly, Physician and Hospital agree, both collectively and individually to coordinate and cooperate with each other and with CalOptima in arranging for and providing Covered Services to Members.

G. CalOptima and Physician desire to enter into this Contract on the terms and condition(s) set forth herein below.

NOW, THEREFORE, the parties agree as follows:

ARTICLE 1
Definitions

1.1 "Administrative Services" means those non-clinical functions that are the responsibility of the Physician and are required to discharge the obligations and meet the requirements set forth in this Contract, in CalOptima Policies and in Memoranda of Understanding.

1.2 "Adult Expansion Member" means a Member enrolled in aid codes L1 and M1 as newly eligible and who meets the eligibility requirements in Title XIX of the federal Social Security Act, Section 1902(a)(10)(A)(i)(VIII), and the conditions as described in the federal Social Security Act, Section 1905(y).

1.3 "Advance Directive" means a written instruction such as under the California Natural Death Act Declarations or durable power of attorney for health care, recognized under State law and relating to the provision of medical care when an individual is incapacitated.

1.4 "Aid Code" means the two-character code, defined by the State of California, which identifies the aid category under which a Member is eligible to receive Medi-Cal Covered Services.

1.5 "American Indian" means a Member who meets the criteria for an "Indian" as stated in 42 CFR 438.14(a), which includes members in a federally recognized Indian tribe, resides in an urban center and meets one or more of the criteria stated in 42 CFR 438.14(a)(ii), is considered by the Secretary of the Interior to be an Indian for any purpose, or is considered by the Secretary of Health and Human Services to be an Indian for purpose of eligibility for Indian health services, including as a California Indian, Eskimo, Aleut, or other Alaska Native.

1.6 "American Indian Health Care Provider" means a health care program operated by the Indian Health Service (IHS) or by an Indian Tribe, Tribal Organization, or Urban Indian Organization (otherwise known as an I/T/U) as those terms are defined in Section 4 of the Indian Health Care Improvement Act (25 U.S.C. 1603).

1.7 "American Indian Health Service Programs" means facilities operated with funds from the Indian Health Service under the Indian Self-Determination Act and the Indian Health Care Improvement Act, through which services are provided, directly or by contract, to the eligible American Indian population with a defined geographic area, per Title 22, Section 55000."

1.8 "Approved Drug List" means CalOptima's continually updated list of medications and supplies that may be obtained without prior authorization.

1.9 "California Children's Services (CCS)" means those services authorized by the CCS Program for the diagnosis and treatment of the CCS Eligible Conditions of a specific Member.

1.10 "California Children's Services (CCS) Eligible Condition(s)", means a physically handicapping condition defined in Title 22 CCR Sections 41515.2 through 41518.9.

1.11 "California Children's Services (CCS) Program" means the public health program which assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible children under the age of twenty-one (21) years who have CCS Eligible Conditions.

1.12 "CCS Provider" or "CCS-Paneled Provider(s)" means any of the following providers when used to treat Members for CCS Eligible Conditions:

A. A medical provider that is paneled by the CCS Program, pursuant to Health and Safety Code, Article 5 (commencing with Section 123800) of Chapter 3 of Part 2 of Division 106.

B. A licensed acute care hospital approved by the CCS Program.

C. A special care center approved by the CCS Program.

1.13 "CalOptima Board" or "Board" means the CalOptima Board of Directors.

1.14 "CalOptima Direct" or "COD" means a program CalOptima administers for CalOptima beneficiaries not enrolled with a Health Network or Physician group.

1.15 "CalOptima Policy(s)" means CalOptima policies and procedures relevant to this Contract, as amended from time to time, at the sole discretion of CalOptima.

1.16 "CalOptima's Regulators" means those government agencies that regulate, oversee, or enforces applicable statutory, regulatory, or contractual requirements relating to the activities and/or obligations of CalOptima, Physician, and Subcontractors under the State Contract, this Contract, and Subcontracts, as applicable, including, without limitation, DHCS, the HHS Office of Inspector General, the Comptroller General of the United States, the Department of Justice (DOJ), DOJ Bureau of Medi-Cal Fraud, Department of Managed Care (DMHC), and other authorized federal or State agencies, or their duly authorized representatives or designee, including DHCS' external quality review organization contractor.

1.17 "Capitation Payment" means the monthly amount paid to the Physician by CalOptima for delivery of Covered Services to Members, which is determined by multiplying the applicable Capitation Rate by Physician's monthly enrollment based upon Aid Code, age and gender.

1.18 "Capitation Rate" means the rate set by CalOptima for the delivery of Covered Services to Members based upon Aid Code, age and gender.

1.19 "Care Management Services" means:

1.19.1 Providing or approving all Covered Services including health assessments, identification of risks, initiation of intervention and health education deemed Medically Necessary, consultation, referral for consultation and additional health care services;

1.19.2 Coordinating Medically Necessary Covered Services with other Medi-Cal benefits not covered under this Contract;

1.19.3 Maintaining a Medical Record with documentation of referral services and follow-up as medically indicated;

1.19.4 Ordering of therapy, admission to hospitals and coordinated hospital discharge planning that includes necessary post-discharge care;

1.19.5 Authorization of referred services;

1.19.6 Coordinating a Member's care with all external agencies that are required to be involved in addressing the Member's needs as addressed in MOUs and in CalOptima Policies;

1.19.7 Coordinating care for Members transitioning from CalOptima Direct to a Health Network or Physician group or from one Health Network or Physician group to another Health Network or Physician group; and

1.19.8 Targeted services for Members with Special Health Care Needs to support compliance with Federal Medicaid contingencies, including but not limited to: identification of Members with Special Health Care Needs, assessment of Members with Special Health Care Needs, development of treatment plans, and monitoring the progress of adherence to treatment plans for Members with Special Health Care Needs.

1.20 "Child Health and Disability Prevention" or "CHDP" means the California program, defined in the Health and Safety Code Section 12402.5 et seq., that covers certain pediatric preventive services for children eligible for Medi-Cal.

1.21 "Clean Claim" shall have the same meaning as "Complete Claim," as that term is defined in Title 28, CCR Section 1300.71(a)(2).

1.22 "Community Liaison" or "CL" means an individual designated to perform the duties set forth in this Contract and CalOptima Policies, as part of the Community Liaison Program.

1.23 "Community Liaison Program" or "CLP" means a program created and operated by CalOptima to facilitate access to Covered Services and coordination of care for SPD Members enrolled in a Health Network or Physician group.

1.24 "Complex Case Management" means the systematic coordination and assessment of case and services provided to Members who have experienced a critical event or diagnosis that requires the extensive use of resources and who need help navigating the system to facilitate appropriate delivery of care and services. Complex Case Management includes basic case management.

1.25 "Compliance Program" means the program (including, without limitation, the compliance manual, code of conduct and CalOptima Policies) developed and adopted by CalOptima to promote, monitor and ensure that CalOptima's operations and practices and the practices of its Board members, employees, contractors and providers comply with applicable law and ethical standards.

1.26 "Comprehensive Perinatal Services Program" or "CPSP" means those services defined in Section 14134.5 of the Welfare and Institutions Code and Title 22, Sections 51179 and 51348 of the California Code of Regulations (CCR). For CalOptima Members, CPSP is incorporated into CalOptima's Perinatal Support Services (PSS).

1.27 "Concentration Languages" means those languages spoken by at least 1,000 Members whose primary language is other than English in a ZIP code, or by at least 1,500 such Members in two contiguous ZIP codes.

1.28 "Contract" means this written instrument between CalOptima and Physician. This Contract shall include, in addition to this document, any Memoranda of Understanding entered into by CalOptima which are binding on Physician, DHCS Medi-Cal Managed Care Policy Division Policy Letters.

1.29 "Covered Services" means those services provided under the Fee-for-Service Medi-Cal program, as set forth in Article 4, Chapter 3 (beginning with Section 51301), Subdivision 1, Division 3, Title 22, CCR, and Article 4 (beginning with Section 6840), Subchapter 13, Chapter 4, Division 1 of Title 17, CCR, which (i) are included as Covered Services under the State Contract; and (ii) are Medically Necessary, as described in Attachment A (which may be revised from time to time at the discretion of CalOptima), along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR) and, effective July 1, 2019, or such later date as

Physician shall begin Participating in the CalOptima Whole Child Model Program, CCS Services (as defined in Subdivision 7 of Division 2 of Title 22 of the California Code of Regulations), which shall be covered for Members, notwithstanding whether such benefits are provided under the Fee-for-Service Medi-Cal Program.

1.30 "DHCS" means the State of California Department of Health Care Services.

1.31 "Derivative Aid Code" means an Aid Code, which is a subset of eligible beneficiaries derived from an original covered Aid Code.

1.32 "Disease Management" means a multi-disciplinary, continuum-based approach to health care delivery that proactively identifies populations with, or at risk for, established medical conditions:

1.32.1 That supports the physician/patient relationship;

1.32.2 Emphasizes prevention of exacerbation and complications utilizing cost-effective evidence based practice guidelines and patient empowerment strategies such as self-management; and

1.32.3 Continuously evaluates clinical humanistic and economic outcomes with the goal of improving health.

1.33 "Early and Periodic Screening, Diagnostic and Treatment" or "EPSDT" means a comprehensive and preventive child health program for individuals under the age of twenty-one (21). EPSDT is defined by law in the Federal Omnibus Budget Reconciliation Act of 1989 (OBRA 89) legislation and includes periodic screening, vision, dental and hearing services. In addition, Section 1905(r)(5) of the Federal Social Security Act (the Act) requires that any medically necessary health care service listed in Section 1905(a) of the Act be provided to an EPSDT recipient even if the service is not available under the State's Medicaid plan to the rest of the Medicaid population.

1.34 "Emergency Medical Condition" means a medical condition which is manifested by acute symptoms of sufficient severity (including severe pain) such that a prudent lay person, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

1.34.1 Placing the health of the individual (or, in the case of a pregnant woman, the health of the woman and her unborn child) in serious jeopardy; or

1.34.2 Serious impairment to bodily functions; or

1.34.3 Serious dysfunction of any bodily organ or part.

1.35 "Emergency Services" means Covered Services furnished by a qualified Provider which are needed to evaluate or Stabilize an Emergency Medical Condition that is found to exist using a prudent layperson standard.

1.36 "Encounter" means any unit of Covered Service provided to a Member by Health Network or Physician group regardless of Health Network or Physician group reimbursement methodology. These services include any and all services provided to a Member, regardless of the service location or provider, inclusive of out-of-network services, including sub-capitated and delegated Covered Services.

1.37 "Evaluation Services Provider" means a provider of custom wheelchair and seating systems assessment and evaluation services, whether provided in-home or in the provider's facility, designated and contracted to assess and evaluate a Member with Disabilities (MWD)'s needs for custom power wheelchairs and seating systems, or customized modifications to wheelchairs and seating systems.

1.38"Facility" means any premises:

1.38.1 Owned, leased, used or operated directly or indirectly by or for the Hospital for purposes related to this Contract; or

1.38.2 Maintained by a Subcontractor to provide Covered Services pursuant to an agreement with the Hospital(s).

1.39 "Family Planning" means Covered Services that are provided to individuals of childbearing age to enable them to determine the number and spacing of their children, and to help reduce the incidence of maternal and infant deaths and diseases by promoting the health and education of potential parents. Family Planning includes but is not limited to:

1.39.1 Medical and surgical services performed by or under the direct supervision of a licensed physician for the purpose of Family Planning;

1.39.2 Laboratory and radiology procedures, drugs and devices prescribed by a licensed physician and/or are associated with Family Planning procedures;

1.39.3 Patient visits for the purpose of Family Planning;

1.39.4 Family Planning counseling services provided during a regular patient visit;

1.39.5 IUD and UCD insertions, or any other invasive contraceptive procedures/devices;

1.39.6 Tubal ligations;

1.39.7 Vasectomies;

1.39.8 Contraceptive drugs or devices;

1.39.9 Treatment for complications resulting from previous Family Planning procedures.

1.39.10 Family Planning does not include services for the treatment of infertility or reversal of sterilization.

1.40 "Federally Qualified Health Center" or "FQHC" means an entity as defined in 42 USC Section 1396d(l)(2)(B).

1.41 "Fee-for-Service" or "FFS" means the reimbursement paid to Providers on a non-capitated basis.

1.42 "Foster Care" means an out-of-home placement for a child either on a temporary or permanent basis.

1.43 "Health Education" means any combination of learning experiences designed to facilitate voluntary adaptations of behavior conducive to health.

1.44 "Health Maintenance Organization" or "HMO" means the health care service plan, as defined in the Knox-Keene Health Care Service Plan Act of 1975, as amended, (commencing with Section 1340 of the California Health and Safety Code) ("Knox-Keene Act").

1.45 "Health Network" means a physician hospital consortium (PHC), physician group, under a shared risk contract, or health care service plan, such as an HMO, as defined in the Knox-Keene Act, and contracted by CalOptima to provide Covered Services to Members.

1.46 "Healthcare Effectiveness Data and Information Set" or "HEDIS" means the set of standardized performance measures sponsored and maintained by the National Committee for Quality Assurance (NCQA).

1.47 "HHS" means the United States Department of Health and Human Services.

1.48 "Hospital" means a general acute care hospital licensed under the laws of the State of California and accredited by the Joint Commission, or other Centers for Medicare and Medicaid Services (CMS) deemed accrediting body, and certified for participation under Medicare and Medicaid (Titles XVIII and XIX of the Social Security Act). For the purposes of this Contract, Hospital is the hospital set forth in Addendum I.

1.49 “Incontinence Supplies” means Medical Supplies used to manage bowel and/or bladder incontinence.

1.50 “Joint Commission” means the Joint Commission for the Accreditation of Health Care Organizations.

1.51 “Long Term Care Facility” means a facility that is licensed to provide skilled nursing facility services, intermediate care facility services, or sub-acute care services.

1.52 “Management Services Organization” or “MSO” means any organization, firm, company or entity providing Administrative Services on behalf of Physician which impact CalOptima Members.

1.53 “Medi-Cal” is the name for the Medicaid program in the State of California, and “Medicaid” is the program authorized by Title XIX of the Social Security Act and the regulations promulgated thereunder.

1.54 “Medi-Cal Fee Schedule” means the Medi-Cal payment system for reimbursement for physician services in Title 22, CCR, Section 51503.

1.55 “Medi-Cal Managed Care All Plan Letter (APL)” and “Policy Letter (PL)” are the means by which Medi-Cal Managed Care conveys information or interpretation of changes in policy or procedure at the Federal or State levels. The Policy Letters provide instruction to the contractors about changes in Federal or State law and Regulation that affect the way in which they operate or deliver services to Medi-Cal beneficiaries.

1.56 “Medically Necessary” or “Medical Necessity” means reasonable and necessary Covered Services to protect life, to prevent illness or disability, alleviate severe pain through the diagnosis or treatment of disease, illness or injury, achieve age-appropriate growth and development, and attain, maintain, or regain functional capacity per title 22, CCR Section 51303(a) and 42 CFR 438.210(a)(5). When determining the Medical Necessity for a Medi-Cal beneficiary under the age of 21, "Medical Necessity" is expanded to include the standards set forth in 42 USC Section 1396d(r), and Welfare and Institutions Code Section 14132(v).”

1.57 “Medical Record” means any record kept or required to be kept by any Provider that documents all the medical services received by the Member, including without limitation inpatient, outpatient, emergency care, referral requests and authorizations.

1.58 “Medical Screening Examination” or “MSE” means an examination within Physician’s capability (including ancillary services routinely available) to determine whether or not an Emergency Medical Condition exists.

1.59 "Medical Supplies" means items, which, due to their therapeutic or diagnostic characteristics, are essential to enable Members to effectively complete a physician ordered plan of care, excluding common household items and clothing.

1.60 "Medical Therapy Program (MTP)" means a special program within California Children's Services that provides physical therapy (PT), occupational therapy (OT) and medical therapy conference (MTC) services for children who have disabling conditions, generally due to neurological or musculoskeletal disorders.

1.61 "Medicare" means the federal health insurance program for: people sixty-five (65) years of age or older, certain younger people with disabilities, and people with End-Stage Renal Disease (permanent kidney failure with dialysis or a transplant, sometimes called (ESRD)) as defined in Title XVIII of the Federal Social Security Act.

1.62 "Member" means a Medi-Cal eligible beneficiary as determined by the County of Orange Department of Social Services, DHCS, or the United States Social Security Administration who is enrolled in the CalOptima Program and assigned to the PHC with which Physician participates.

1.63 "Member with Special Health Care Needs" means a Member who meets at least one of the following criteria: (i) Medicare eligible; (ii) diagnosed with an emotional or physical disability; (iii) placed in the foster care system; (iv) Regional Center of Orange County (RCOC) program eligible; or (v) CCS Program eligible.

1.64 "Memorandum/Memoranda of Understanding" or "MOU" means agreements between CalOptima and external agencies, which delineates responsibilities for coordinating care to Members.

1.65 "Minimum Standards" means the minimum participation criteria established by CalOptima that must be satisfied in order for specified categories of Providers to submit claims and/or receive reimbursement from the CalOptima program (including Health Networks, Physician groups and CalOptima Direct) for items and/or services furnished to Members as described in CalOptima Policies.

1.66 "National Committee on Quality Assurance" or "NCQA" means the non-profit organization committed to evaluating and publicly reporting on the quality of managed care plans.

1.67 "Other Member" means a Medi-Cal beneficiary as determined by the County of Orange Social Services Agency, DHCS, or the United States Social Security Administration who is enrolled by the State in a CalOptima Program but is not enrolled with the PHC with which Physician participates.

1.68 "Out-of-Network Provider" means a Provider who is not obligated by a written contract with Physician or Hospital to provide Covered Services to Members.

1.69 "Outpatient Mental Health Services" means outpatient services that CalOptima will provide for members with mild to moderate mental health conditions including: individual or group mental health evaluation and treatment (psychotherapy); psychological testing when clinically indicated to evaluate mental health condition; psychiatric consultation for medication management; and outpatient laboratory, supplies and supplements.

1.70 "Participating Provider" means a Provider who is obligated by a written contract to provide Covered Services to Members on behalf of Physician. All Participating Providers shall be considered Subcontractors.

1.71 "Participation Status" means whether or not a person or entity is or has been suspended, precluded, or excluded from participation in Federal and/or State health care programs and/or has a felony conviction as specified in CalOptima's Compliance Program and CalOptima Policies.

1.72 "Pediatric Preventive Services" or "PPS" means well child services which incorporate services covered under the Medi-Cal CHDP Program and the American Academy of Pediatrics Guidelines for Health Supervision.

1.73 "Perinatal Support Services" or "PSS" means obstetrical services enhanced with those perinatal services that are incorporated in CPSP services and perinatal Care Management for pregnant and post-partum Members.

1.74 "Person-Centered Planning" means a highly individualized and ongoing process to develop individualized care plans that focus on a person's abilities and preferences. Person-Centered Planning is an integral part of basic and Complex Case Management and discharge planning.

1.75 "PHC" and "PHCs" means a physician-hospital consortium/consortia.

1.76 "Physician" means a group practice, independent practice association or other formal business arrangement comprised of individuals, each of whom hold an unrestricted license to practice medicine or osteopathy in the state in which they practice, and which participates with a Hospital in a PHC or holds a shared risk contract with CalOptima.

1.77 "Physician Incentive Plan" means any compensation arrangement between Physician and a physician or physician group designed to motivate physician or physician group that may directly or indirectly have the effect of reducing or limiting services furnished to Members.

1.78 "Practitioner" means a licensed practitioner, including a Doctor of Medicine (MD), Doctor of Osteopathy (DO), Doctor of Podiatric Medicine, Doctor of Chiropractic Medicine (DC), and a Doctor of Dental Surgery (DDS) furnishing Covered Services under medical benefits, as described in CalOptima Policies.

1.79 "Preclusion List" means the CMS-compiled list of providers and prescribers who are precluded from receiving payment for Medicare Advantage (MA) items and services or Part D drugs furnished or prescribed to Medicare beneficiaries.

1.80 "Primary Care Physician" or "PCP" means a physician responsible for supervising, coordinating, and providing initial and primary care to patients and serves as the medical home for Members. The PCP is a general practitioner, internist, pediatrician, family practitioner, or obstetrician/gynecologist (OB/GYN). For SPD and CCS Members "Primary Care Physician" or "PCP" shall additionally mean any clinic or Specialist Physician who is a Participating Provider and is willing to perform the role of the PCP, provided that clinic or Specialist Physician is qualified to treat the required range of conditions of the Member.

1.81 "Provider" means a physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, health maintenance organization or other person or institution who furnishes health care items or services.

1.82 "Quality Indicators" means measurable variables relating to a specific clinical or health service delivery area, which are reviewed over a period of time to monitor the process or outcome of care delivered in that clinical area.

1.83 "Reinsurance" means coverage provided by CalOptima and any coverage secured by Physician, which limits the amount of risk or liability for the cost of providing Covered Services.

1.84 "Screening, Brief Intervention, and Referral to Treatment (SBIRT)" means services provided by a primary care physician to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol and illicit drugs."

1.85 "Sensitive Services" means those services related to Family Planning, sexually transmitted disease (STD), abortion and Human Immunodeficiency Virus testing

1.86 Not Applicable to this Contract.

1.87 "SPD Member" means Members in Seniors and Persons with Disabilities Aid Codes.

1.88 "Specialist Physician" or "Specialist" means a physician who has completed advanced education and clinical training in a specific area of medicine or surgery.

1.89 "Specialized Durable Medical Equipment" means durable medical equipment that is uniquely constructed from raw materials or substantially modified from the base material solely for the full-time use of a specific Member, according to a physician's description and orders; is made to order or adapted to meet the specific needs of the Member; and is so uniquely constructed, adapted, or modified that it is unusable by another individual, and is so different from another item used for the same purpose that the two could not be grouped together for pricing purposes.

1.90 "Specialty Mental Health Provider" means a person or entity who is licensed, certified or otherwise recognized or authorized under the State law governing the healing arts to provide Specialty Mental Health Services and who meets the standards for participation in the Medi-Cal program. Specialty Mental Health Providers include but are not limited to clinics, hospital outpatient departments, certified residential treatment facilities, skilled nursing facilities, psychiatric health facilities, hospitals, and licensed mental health professionals, including psychiatrists, psychologists, licensed clinical social workers, marriage, family and child counselors, therapists and registered nurses authorized to provide Specialty Mental Health Services.

1.91 "Specialty Mental Health Services" means:

1.91.1 Rehabilitative services which include mental health services, medication support services, day treatment intensive services, day rehabilitation, crisis intervention, crisis stabilization, adult residential treatment services, crisis residential services and psychiatric health facility services;

1.91.2 Psychiatric inpatient hospital services;

1.91.3 Targeted Care Management services;

1.91.4 Psychiatrist services;

1.91.5 Psychologist services; and

1.91.6 EPSDT supplemental specialty mental health services.

1.92 "Stabilize" or "Stabilized" means with respect to an Emergency Medical Condition, to provide such medical treatment of the condition to assure, within reasonable medical probability, that no material deterioration of the condition is likely to result from, or occur during, the transfer of the individual from a facility, or in the case of a pregnant woman, that the woman has delivered the child and the placenta.

1.93 "State" means the State of California.

1.94 "State Contract" means the written agreement between CalOptima and the State pursuant to which CalOptima is obligated to arrange and pay for the provision of Covered Services to certain Medi-Cal beneficiaries in Orange County, California.

1.95 "Subcontract" means an agreement entered into by the Physician with a Provider who agrees to furnish Covered Services to Members, or any other organization or person who agrees to perform any administrative function or service for Physician specifically related to fulfilling Physician's obligations to CalOptima under the terms of this Contract.

1.96 "Subcontractor" means a Provider or any organization or person who has entered into a Subcontract with Physician. All delegates are Subcontractors, but not all Subcontractors shall be considered delegates.

1.97 "Sub-delegation" means the process by which Physician expressly grants, by formal written agreement, to another entity the authority to carry out a function that would otherwise be required to be performed by Physician in order to meet its obligations under, and the intent of this Contract.

1.98 "Threshold Languages" means those languages as determined by State requirements per MMCD Policy Letter 99-03, APL 17-011, or any update or revision thereof.

1.99 "Urgent Care Services" means Covered Services required to prevent serious deterioration of health following the onset of an unforeseen condition or injury for which treatment cannot be delayed.

1.100 "Vaccines for Children" or "VFC" means the federal program, which provides free vaccines for eligible populations. Medi-Cal covered children, ages eighteen (18) years and younger, are eligible for free vaccines under this program.

1.101 "Whole Child Model Program" or "WCM" means CalOptima's WCM program whereby CCS will be a Medi-Cal managed care plan benefit with the goal being to improve health care coordination for the whole child, rather than handle CCS Eligible Conditions separately.

ARTICLE 2
Obligations of Physician – Financial

2.1 FINANCIAL SECURITY REQUIREMENTS --- Physician must establish and maintain, throughout the term of this Contract, financial security reserves, in the form of time certificates of deposit, irrevocable standby letters of credit, surety bonds naming CalOptima as beneficiary, and/or other forms of financial instruments acceptable by CalOptima, equal to [redacted] plus a minimum of [redacted] of one month's Capitation Payment.

Physician shall have thirty (30) days upon receiving notice from CalOptima to cure any deficit.

2.2 INDEMNIFICATION: Each party to this Contract agrees to defend, indemnify and hold each other and the State harmless, with respect to any and all Claims, costs, damages and expenses, including reasonable attorney's fees, which are related to or arise out of the negligent or willful performance or non-performance by the indemnifying party, or any functions, duties or obligations of such party under this Contract. Neither termination of the Contract nor completion of the acts to be performed under this Contract shall release any party from its obligation to indemnify as to any claims or cause of action asserted so long as the event(s) upon which such claims or cause of action is predicated shall have occurred prior to the effective date of termination or completion.

2.3 INSURANCE REQUIREMENTS --

2.3.1 Professional/Medical Malpractice:

Each Participating Provider providing Covered Services to Members shall maintain a Professional Liability (Medical Malpractice) Insurance policy for the specialty or type of service which the Participating Provider provides with minimum limits as follows:

PCP or Specialist Physician:
$1,000,000 per incident/$3,000,000 aggregate

2.3.2 Commercial General Liability/Commercial Automobile Liability:
Physician and each Participating Provider shall maintain a Commercial General Liability Insurance policy and a Commercial Automobile Liability Insurance policy with minimum limits as follows:

Commercial General Liability:
$1,000,000 per occurrence/$3,000,000 aggregate

Commercial Automobile Liability:
$1,000,000 Combined Single Limit

CalOptima must be named as an additional insured on Comprehensive General Liability and Automobile Liability insurance with respect to performance under this Contract.

2.3.3 Workers' Compensation:
Physician and each Participating Provider shall maintain a Workers' Compensation Insurance policy with minimum limits as follows:

Employers' Liability Insurance:
$1,000,000 Bodily Injury by Accident - each accident
$1,000,000 Bodily Injury by Disease - policy limit
$1,000,000 Bodily Injury by Disease - each employee

2.3.4 Managed Care Errors and Omissions:

Physician shall maintain a Managed Care Errors and Omissions Insurance policy with minimum limits as follows:

Managed Care Errors and Omissions:
$5,000,000 each claim/$5,000,000 aggregate

2.3.5 Insurer Ratings:
Such insurance shall be provided by an insurer:

(a) rated by A.M. Best with a rating of A V or better; and
(b) "admitted" to do business in California or an insurer approved to do business in California by the California Department of Insurance and listed on the Surplus Lines Association of California List of Eligible Surplus Lines Insurers (LESLI); or
(c) an Unincorporated Interindemnity Trust Arrangement as authorized by the California Insurance Code 12180.7

2.3.6 Captive Risk Retention Group/Self Insured:
Where any of the Insurance(s) mentioned in this Section are provided by a Captive Risk Retention Group or self-insured, insurer ratings requirements above may be waived at the sole discretion of CalOptima, but only after review of the Captive Risk Retention Group's or self-insured's audited financial statements.

2.3.7 Cancellation or Material Change:
The PHC shall not of its own initiative cause such insurance as addressed in this Article to be cancelled or materially changed during the term of this Contract.

2.3.8 Proof of Insurance: Certificates of Insurance of the above Insurance policies and/or evidence of self-insurance shall be provided to CalOptima prior to execution of the Contract and annually thereafter.

2.4 REIMBURSEMENT FOR CERTAIN COVERED SERVICES PROVIDED BY LOCAL HEALTH DEPARTMENT --- PHC shall reimburse the Local Health Department (LHD) on a FFS basis according to the current Medi-Cal Fee Schedule for certain Covered Services provided to Members, in accordance with CalOptima Policy. This Section shall survive the expiration or termination of this Contract,

whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

2.5 PHC FINANCIAL RESPONSIBILITY FOR MEDICAL SUPPLY ITEMS --- PHC shall be responsible for authorizing all injectable medications, or medications in an implantable dosage form which shall be reimbursed as set forth in Attachment A, Division of Financial Responsibility.

2.5.1 As set forth in Attachment A, the Division of Financial Responsibilities, PHC shall also be financially responsible for authorizing and paying for Medical Supplies and durable medical equipment with the exception of certain Medical Supplies as set forth in Attachment C.

2.5.2 This Section shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

2.6 Not Applicable to this Contract.

2.7 PHYSICIAN PAYMENTS TO PROVIDERS ---

2.7.1 Capitation Payments - Physician and/or Subcontractors shall distribute monthly capitation payments to capitated Participating Providers within fifteen (15) calendar days following the date on which Physician receives payment from CalOptima.

2.7.2 Claims Turnaround Time - Physician shall reimburse Complete Claims, or any portion of any Complete Claim, for Covered Services, as soon as practical, but no later than thirty (30) calendar days after receipt of the claim by Physician, unless the claim or portion thereof is reasonably contested by Physician, in which case the claimant shall be notified in writing that the claim is contested or denied within forty-five (45) business days after receipt of the claim by Physician in accordance with CalOptima Policy.

2.7.3 Claims Adjudication - Except as provided in this Section, Physician shall accept and adjudicate claims for Covered Services provided to Members in accordance with the provisions of Sections 1371, 1371.1, 1371.2, 1371.22, 1371.35, 1371.36, 1371.37, 1371.38, 1371.4 and 1371.8 of the California Health & Safety Code, and Sections 1300.71, 1300.71.38, 1300.71.4, and 1300.77.4 of Title 28 of the California Code of Regulations and CalOptima Policies. Waiver of any right or obligation specific to the Health and Safety Code and Title 28 related to claims processing and payment shall be prohibited.

2.7.4 Dispute Resolution - Physician shall establish and maintain a fair, fast and cost-effective dispute resolution mechanism to process and resolve provider

disputes in accordance with the provisions of Sections 1371, 1371.1, 1371.2, 1371.22, 1371.35, 1371.36, 1371.37, 1371.38, 1371.4 and 1371.8 of the California Health & Safety Code, and Sections 1300.71, 1300.71.38, 1300.71.4, and 1300.77.4 of Title 28 of the California Code of Regulations and CalOptima Policies.

2.7.5 Right Of Appeal - Physician shall afford Providers an unconditional right of appeal and de novo review for claims disputes involving issues of Medical Necessity. Any Provider that submits a claim dispute to Physician's dispute resolution mechanism involving an issue of medical necessity or utilization review shall have an unconditional right of appeal for that claim dispute to CalOptima's dispute resolution process for a de novo review and resolution for a period of sixty (60) working days from Physician's Date of Determination.

2.7.6 CalOptima Payment On Behalf Of Physician

2.7.6.1 If CalOptima receives a copy of an unpaid Complete Claim as part of a Provider grievance that is thirty (30) working days old or more, CalOptima will follow all notification and acknowledgement procedures pursuant to CalOptima Policies.

2.7.6.2 If Physician does not either notify CalOptima that the claim is reasonably contested, as set forth in CalOptima Policies, or pay the Complete Claim within the thirty (30) working day period, CalOptima shall pay the Claim on behalf of Physician, plus interest, as required by the Knox-Keene Act, and deduct the amounts reimbursed, plus processing costs, from the Capitation payment, in accordance with CalOptima Policy.

2.7.7 Assumption of Delegated Functions.

2.7.7.1 Assumption Of Claims Processing. In the event that Physician fails to timely and accurately reimburse its claims (including the payment of interest and penalties), CalOptima may, at its sole discretion, either assume responsibility from Physician for claims payment, or terminate this Contract as provided for in Section 13.1 of this Contract. CalOptima's assumption of responsibility for the processing and timely reimbursement of Provider claims may be altered to the extent that Physician has established an approved corrective action plan consistent with Section 1375.4 (b)(4) of the Health and Safety Code.

2.7.7.2 Assumption Of Dispute Resolution. In the event that Physician fails to resolve its Provider disputes in a timely manner, CalOptima may, at its sole discretion, assume responsibility from

Physician for dispute resolution, or terminate this Contract as provided for in Section 13.1 of this Contract.

2.7.7.3 Recoupment Of Costs For Assumption Of Claims Processing And/Or Dispute Resolution. CalOptima, at its sole and absolute discretion, may reduce Physician Capitation Rate to recoup additional administrative costs for the assumption of the claims processing and/or dispute resolution responsibilities of Physician, as described in this Section, as well as any amounts, including interest due, on claims unpaid at the assumption of responsibilities by CalOptima.

2.7.8 Quarterly Claims Payment Performance Report.

2.7.8.1 Physician shall submit, in a format specified by CalOptima Policies, a Quarterly Claims Payment Performance Report ("Quarterly Claims Report") to CalOptima within thirty (30) calendar days of the close of each calendar quarter. The Quarterly Claims Report shall, at a minimum, disclose Physician's compliance status with Sections 1371, 1371.1, 1371.2, 1371.22, 1371.35, 1371.36, 1371.37, 1371.4 and 1371.8 of the California Health and Safety Code and Sections 1300.71, 1300.71.38, 1300.71.4 and 1300.77.4 of Title 28 of the California Code of Regulations.

2.7.8.2 Physician shall ensure that each Quarterly Claims Payment Performance Report is signed by, and includes the written verification of, a principal officer, as defined by Section 1300.45(o) of Title 28 of the California Code of Regulations, of Physician, stating that the report is true and correct to the best knowledge and belief of the principal officer.

2.7.8.3 Physician's Quarterly Claims Payment Performance Report shall include a tabulated record of each Provider dispute it received, categorized by date of receipt, and including the identification of the Provider, type of dispute, disposition and working days to resolution, as to each Provider dispute received. Each individual dispute contained in a Provider's bundled notice of Provider dispute shall be reported as a separate dispute to CalOptima.

2.7.9 Forwarding of Misdirected Claims

2.7.9.1 Physician shall have the ability to receive a standard ANSI 837I and ANSI 837P claim file format for retrieving misrouted claims that are the financial responsibility of the physician group. Physician will receive misdirected claims per CalOptima Policy.

2.7.9.2 Physician shall have the ability to create a standard ANSI 837I and ANSI 837P claim file for forwarding claims that are the financial responsibility of CalOptima within 10 working days of receipt of the claim. CalOptima shall receive these files per CalOptima Policy and load them into their system to ensure timely claims processing.

2.7.10 FQHC Payments – If FQHC, Physician shall reimburse the FQHC at a rate comparable to any other Subcontract arrangement for similar services.

2.7.11 American Indian Health Service Payments - Physician shall reimburse American Indian Health Care Provider(s) for Covered Services provided to Members who are qualified to receive services from an American Indian Health Care Provider. Physician shall reimburse American Indian Health Care Provider at a rate comparable to any other Subcontract arrangement for similar services.

2.7.12 Certified Nurse Midwife (CNM) and Certified Nurse Practitioner (CNP) Payments - If there are no CNMs or CNPs in Physician's provider network, Physician shall reimburse non-contracting CNMs or CNPs for services provided to Members at no less than [redacted] of the Medi-Cal fee schedule as identified in CalOptima Policy.

2.7.13 Family Planning Provider Payments - Physician shall reimburse non-contracting family planning providers at no less than [redacted] of the Medi-Cal fee schedule as identified in CalOptima Policy. Physician shall reimburse non-contracting family planning providers for services provided to Members of childbearing age to temporarily or permanently prevent or delay pregnancy.

2.7.14 Sexually Transmitted Disease Treatment Payments - Physician shall reimburse local health departments and non-contracting family planning providers at no less than [redacted] of the Medi-Cal fee schedule as identified in CalOptima Policy, for the diagnosis and treatment of a STD episode, as defined in MMCD Policy Letter No. 96-09. Physician may elect to provide reimbursement only if STD treatment providers provide treatment records or documentation of the Member's refusal to release Medical Records to Physician along with billing information.

2.7.15 HIV Testing and Counseling Payments - Physician shall reimburse local health departments and non-contracting family planning providers at no less than [redacted] of the Medi-Cal fee schedule as identified in CalOptima Policy. Physician shall provide reimbursement only if local health departments and non-contracting family planning providers make all

reasonable efforts, consistent with current laws and regulations, to report confidential test results to Physician.

2.7.16 Information Disclosures To Participating Providers. Physician shall provide to all Participating Providers, initially upon contracting and annually thereafter on or before the Contract anniversary date, and at any time upon request from a Participating Provider, in an electronic format as defined and detailed in CalOptima Policies, the following:

2.7.16.1 A complete fee schedule.

2.7.16.2 Payment policies and nonstandard coding methodologies used to adjudicate claims.

2.7.17 Provider Payments –

2.7.17.1 Physician shall reimburse contracted Specialist Physician for Covered Services rendered to Members on an aggregate basis, at an amount equal to or greater than [redacted] of the Medi-Cal fee schedule except for those members specified below.

2.7.17.2 In addition to the requirements in this Contract, effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, Physician shall compensate CCS paneled physicians and surgeons providing CCS Services to CCS eligible Members at rates that are equal to or exceed the applicable Medi-Cal Program CCS fee-for-service rates, unless the physician or surgeon enters into an agreement on an alternative payment methodology mutually agreed to by Physician and the physician and surgeon.

2.7.17.3 For CCS neonatal intensive care units, Physician shall pay the CCS Provider either the equivalent of Medi-Cal fee-for-service rates, such as the All Patient Refined Diagnosis Related Group (APR-DRG) rates or other established rates, or Physician's negotiated rates, whichever is higher, for up to 12 months after the transition.

2.7.18 This Section shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

2.8 THIRD PARTY TORT LIABILITY/ESTATE RECOVERY --- Physician shall make no claim for the recovery of the value of Covered Services rendered to a

Member when such recovery would result from an action involving tort liability of a third party, recovery from the estate of deceased Member, Workers' Compensation, or casualty liability insurance awards and uninsured motorist coverage. Physician shall inform CalOptima of potential third party liability claims, and provide information relative to potential third party liability claims, in accordance with CalOptima Policy.

2.9 OTHER HEALTH COVERAGE (OHC) --- Physician shall cost avoid or make post-payment recovery for the reasonable value of Covered Services paid by Physician and rendered to Members whenever a Member's OHC covers the same Covered Services, either fully or partially. In no event shall Physician cost avoid or seek post-payment recovery for the reasonable value of Covered Services from a Third Party Tort Liability Action or make a claim against the estates of deceased Members. Physician shall coordinate benefits with other programs or entitlements recognizing OHC as primary coverage and Medi-Cal as the payor of last resort. Physician shall not undertake cost avoidance or post-payment recovery except on the basis of OHC reflected in an OHC code reflected in the Medi-Cal eligibility records.

2.9.1 Cost Avoidance - If Physician reimburses a Provider on a Fee-for-Service basis, Physician shall not pay claims for Covered Services to a Member whose Medi-Cal eligibility indicates third party coverage, designated by an OHC code without proof that the Provider has first exhausted all benefits of other liable parties. Proof of third party billing is not required before payment for services provided to Members with OHC codes A or N.

2.9.2 Post-Payment Recovery - If Physician reimburses a Provider on a Fee-for-Service basis, Physician shall pay the Provider's claims and then seek to recover the cost of the claim by billing liable third parties for services provided to Members with OHC codes A or N; for services defined by DHCS as prenatal or PPS; or in child support enforcement cases. If Physician does not have sufficient information to determine whether or not OHC is the result of child support enforcement case, then Physician shall follow the procedure above for cost avoidance. If Physician does not reimburse a Provider on a Fee-for-Service basis, then Physician shall pay for Covered Services to a Member whose Medi-Cal eligibility indicates third party coverage, designated by an OHC code or Medicare coverage, and then shall bill the liable third parties for the cost of actual Covered Services rendered.

2.9.3 Physician shall have written policies implementing these requirements.

2.9.4 Physician shall submit monthly reports to CalOptima identifying OHC in accordance with CalOptima Policies.

2.9.5 Physician shall maintain reports that display claims counts and dollar amounts of costs avoided and the amount of Post-Payment Recoveries, by aid category, as well as the amount of outstanding recovery claims (accounts receivable) by age of account. Reports shall be made available upon CalOptima request.

2.9.6 Physician shall identify OHC unknown to DHCS within ten (10) days of discovery to CalOptima in accordance with CalOptima Policies.

2.9.7 Physician shall demonstrate to CalOptima that where Physician does not Cost Avoid or perform Post-Payment Recovery that the aggregate cost of this activity exceeds the total revenues Physician projects it would receive from such activity.

2.9.8 This Section shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

2.10 MEDICAL LOSS RATIO --- PHC shall maintain a minimum acceptable medical loss ratio as defined by CalOptima Policies of eighty-five percent (85%).

2.11 FINANCIAL VIABILITY STANDARDS AND REPORTING --- Physician shall maintain a cash-to-claims ratio of no less than .75 at all times during this Contract. Physician shall substantiate compliance with this requirement by submitting all applicable reports to the Department of Managed Health Care that are required under Section 1300.75.4.2 of Title 28 of the California Code of Regulations.

2.12 COOPERATION WITH DMHC --- Physician shall fully cooperate and comply with the Department of Managed Health Care's review and audit process, and permit DMHC to obtain and evaluate supplemental financial information related to Physician, in accordance with Section 1300.75.4.7 of Title 28 of the California Code of Regulations. Physician shall also fully cooperate and participate in DMHC's Corrective Action Plan (CAP) process, in accordance with Section 1300.75.4.8 of Title 28 of the California Code of Regulations.

2.13 RISK POOLS --- PHC in which Physician participates shall have risk pool arrangements/agreements between the Hospital and Physician parties of the PHC. Risk pool arrangements shall be pre-approved by CalOptima.

2.13.1 Hospital and Physician representatives shall annually negotiate and agree upon the terms and conditions of the risk sharing arrangement and shall submit the agreed upon terms and conditions to CalOptima by November 30, for each Contract year beginning January 1. Physician shall submit to CalOptima an attestation signed by an authorized signatory of both parties indicating that both the Hospital's and the Physician's Board of Directors

have approved the proposed terms and conditions. Terms and Conditions shall include the following:

2.13.1.1 Identification of services for which risk will be shared.

2.13.1.2 If risk sharing is based on utilization:

2.13.1.2.1 The expected utilization of services for which risk will be shared. Recommended measures are bed day/1000 Members for inpatient services and $ x.xx Per Member Per Month (PMPM) for other services.

2.13.1.2.2 The price or value for each of the services for which risk will be shared. These are the amounts each unit of service will be valued at and charged against the portion of the Hospital Capitation Payment that has been assigned to the risk sharing arrangement. Inpatient price is stated as per diem rates; other services are priced by fee schedules or as a percent of billed charges.

2.13.1.2.3 A proforma settlement calculation, which shall state the amount of surplus that is expected to result if utilization targets are achieved and agreed upon pricing is employed.

2.13.1.3 A description of audit or other procedures required to ensure the accuracy of the surplus or deficit calculation related to the cost and volume of services rendered under the arrangement and other revenues and expenses, including interest income, reinsurance premiums, and reinsurance recoveries associated with risk sharing.

2.13.1.4 Defined responsibilities for deficits should they occur.

2.13.1.5 Timing and documentation requirements for interim or final surplus distribution by Hospital.

2.13.2 Physician shall submit to CalOptima interim and final settlement calculations and an attestation from both Hospital and Physician stating that the above referenced terms and conditions have been properly applied, audit and reconciliation procedures have been performed, and that the amount of distribution to each party is consistent with the terms of the risk sharing agreement.

ARTICLE 3
Obligations of Physician - Administrative

3.1 Not Applicable to this Contract.

3.2 EQUAL OPPORTUNITY

3.2.1 Physician and its Subcontractors will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era Physician and its Subcontractors will take affirmative action to ensure that qualified applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and career development opportunities and selection for training, including apprenticeship. Physician and its Subcontractors agree to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Federal Government or DHCS, setting forth the provisions of the Equal Opportunity clause, Section 503 of the Rehabilitation Act of 1973, and the affirmative action clause required by the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212). Such notices shall state Physician and its Subcontractors' obligation under the law to take affirmative action to employ and advance in employment qualified applicants without discrimination based on their race, color, religion, sex, national origin physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era and the rights of applicants and employees.

3.2.2 Physician and its Subcontractors will, in all solicitations or advancements for employees placed by or on behalf of Physician and its Subcontractors, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era.

3.2.3 Physician and its Subcontractors will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding a notice, to be provided by the Federal Government or the State, advising the labor union or workers' representative of Physician and its Subcontractors' commitments under the

provisions herein and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

3.2.4 Physician and its Subcontractors will comply with all provisions of and furnish all information and reports required by Section 503 of the Rehabilitation Act of 1973, as amended, the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212) and of the Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and of the rules, regulations, and relevant orders of the Secretary of Labor.

3.2.5 Physician and its Subcontractors will furnish all information and reports required by Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and the Rehabilitation Act of 1973, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the State and its designated representatives and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

3.2.6 In the event of Physician and its Subcontractors' noncompliance with the requirements of the provisions herein or with any federal rules, regulations, or orders which are referenced herein, this Contract may be cancelled, terminated, or suspended in whole or in part, and Physician and its Subcontractors may be declared ineligible for further federal and state contracts, in accordance with procedures authorized in Federal Executive Order No. 11246 as amended, and such other sanctions may be imposed and remedies invoked as provided in Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

3.2.7 Physician and its Subcontractors will include the provisions of Sections 3.2.1 through 3.2.7 in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor, issued pursuant to Federal Executive Order No. 11246 as amended, including by Executive

Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or Section 503 of the Rehabilitation Act of 1973 or (38 U.S.C. 4212) of the Vietnam Era Veteran's Readjustment Assistance Act, so that such provisions will be binding upon each Subcontractor or vendor. Physician and its Subcontractors will take such action with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs or DHCS may direct as a means of enforcing such provisions, including sanctions for noncompliance, provided, however, that in the event Physician and its Subcontractors become involved in, or are threatened with litigation by a Subcontractor or vendor as a result of such direction by DHCS, Physician and its Subcontractors may request in writing to DHCS, who, in turn, may request the United States to enter into such litigation to protect the interests of the State and of the United States.

3.3 MARKETING GUIDELINES --- Physician shall comply with the marketing guidelines set forth in CalOptima Policies.

3.4 CALOPTIMA LOGO --- Physician shall display the CalOptima logo on all Physicians' written communication to Members pursuant to CalOptima Policies, and in a manner such that it is clear to the Member that the communication is referring to the CalOptima program. Physician shall not otherwise use CalOptima's logo for any business unrelated to this Contract.

3.5 MEMBER INQUIRIES AND CALLS --- Physician shall establish and maintain a call center for receiving and responding to Member inquiries and calls. Physician's call center shall meet requirements established by CalOptima Policies. Physician shall equip and furnish call center including but not limited to appropriate telephone equipment and systems, so as to assure Physician will be able to supply call center reports as required by CalOptima Policies.

3.6 WRITTEN MATERIALS --- Except as otherwise provided in this Contract, Physician shall ensure that all written Member information provided by Physician to Members is provided at a sixth grade reading level, or as determined appropriate through the CalOptima group needs assessment and approved by DHCS. The written Member information shall ensure Members' understanding of the health plan covered services, processes and ensure the Member's ability to make informed health decisions. Written Member informing materials, shall be translated into the identified Threshold and Concentration Languages. Written Member informing materials shall be provided in alternative formats (including Braille, large size print, or audio format) upon request and in a timely fashion appropriate for the format being requested. Physician shall establish policies and procedures to enable

Members to make a standing request to receive all informing material in a specified alternative format.

3.7 COMPLAINTS AND GRIEVANCES ---

3.7.1 Member Grievance Procedures - Members or Members' authorized representative may file grievances about any aspect of service delivery provided or arranged by a Physician. Physician shall implement and comply with CalOptima Policies relating to Member grievances. Physician shall take no punitive action of any kind, and shall ensure that no Subcontractor takes any punitive action of any kind, against a Participating Provider or Subcontractor who either requests an expedited review or supports a Member's appeal.

3.7.2 Provider Grievance Procedures - Providers may file grievances about any aspect of service delivery provided or arranged by Physician. Physician shall implement and comply with CalOptima Policies relating to Provider grievances.

3.8 SUB-DELEGATION AND SUBCONTRACTING OF ADMINISTRATIVE SERVICES --- Except as otherwise limited by the State Contract, this Contract and/or CalOptima Policies and subject to CalOptima's prior written approval, Physician may sub-delegate to an MSO, medical group, and/or IPA administrative functions required of Physician but shall not absolve Physician of oversight responsibilities. All sub-delegation must be approved by CalOptima. Physician shall obtain approval of sub-delegation from CalOptima pursuant to the process detailed in CalOptima Policies. Physician's sub-delegation to another entity does not alter Physician's ultimate obligation and responsibilities set forth in this Contract. Physician may give a sub-delegate the authority to act on behalf of Physician; but Physician retains oversight and accountability for the sub-delegated function. Accountability means that Physician cannot abdicate responsibility for the function being performed according to the requirements of this Contract, Physician's standards and those established by this Contract and CalOptima Policies. Physician is accountable for all functions performed in its purview whether by Physician, by any sub-delegate or by any sub-sub-delegate. If Physician chooses to sub-delegate a function, Physician must demonstrate that it has not compromised its ability to evaluate structures and processes and to achieve required performance across its Membership and provider network. At a minimum, Physician shall provide CalOptima no later than one hundred twenty (120) days prior to the proposed effective date of the sub-delegation, with written evidence of the sub-delegation including:

3.8.1 A copy of the written agreement which meets the requirements of this Section and which describes the relationship between the Provider and the sub-delegate entity including the following information:

3.8.1.1 The sub-delegated functions;

3.8.1.2 The responsibilities of the Physician and the sub-delegate entity;

3.8.1.3 The frequency of the sub-delegate entity's performance;

3.8.1.4 The process by which the Physician evaluates the sub-delegate entity's performance; and

3.8.1.5 The Physician's remedies if the sub-delegate entity fails to fulfill its obligations including revocation of the sub-delegation.

3.8.2 A description of the Physician's process by which the sub-delegate entity was evaluated and selected to perform the sub-delegated functions, including the entity's score on a selection tool (if any).

3.8.3 A record of the Physician's ongoing oversight process, as requested by CalOptima including:

3.8.3.1 The Physician's annual evaluation of whether the entity is performing the sub-delegated functions in accordance with this Contract and NCQA standards;

3.8.3.2 The Physician's review of the sub-delegate entity's regular reports; and

3.8.3.3 Reports and data required to be submitted to CalOptima.

3.8.4 Physician shall terminate as soon as practical to meet the health care needs of Members, upon receiving written notification from CalOptima, any sub-delegation that fails to meet standards established by CalOptima and/or any of the requirements in this Contract or in CalOptima Policies.

3.8.5 Physician shall report to CalOptima in accordance with all requirements established in this Contract and in CalOptima Policies, data and information that includes and encompasses all of Physician's Members, including those receiving services from a sub-delegate of Physician.

3.8.6 Physician shall oversee and monitor its sub-delegates, and audit sub-delegates no less than once in any twelve (12) month period. Physician shall establish standards and performance requirements for the sub-delegate function(s) and requirements for sub-delegates shall require sub-delegate to meet or exceed all requirements of Physician in this Contract and in

CalOptima Policies. Physician may be exempt from oversight, monitoring and auditing of sub-delegate if the sub-delegate is:

3.8.6.1 Contracted directly with CalOptima as a Health Network or Physician group, or as a participant in a Health Network (i.e. Shared Risk Group, PHC Physician Group or PHC Hospital), or

3.8.6.2 NCQA accredited or certified for the function(s) sub-delegated by Physician to sub-delegate.

3.8.7 Sub-delegates failing to meet performance requirements shall be placed on a Corrective Action Plan (CAP). The CAP shall detail sub-delegate's deficiencies; list specific steps, tasks and activities to bring sub-delegate into compliance; and a timeline for completion of corrective action and to achieve compliance with performance requirements. Physician shall notify CalOptima of any sub-delegate providing services to CalOptima Members that is on a CAP. Physician shall provide CalOptima a copy of the CAP if requested.

3.9 SUBCONTRACTS --- Physician may Subcontract for certain functions covered by this Contract subject to the requirements of this Contract. Physician is required to ensure that all Subcontracts are in writing and include any general requirements of this Contract and all provisions required by this Contract to be incorporated into Subcontracts. Physician is required to inform CalOptima of the name and business addresses of all Subcontractors and notify CalOptima of any changes in Subcontractors within thirty (30) days of execution or change of Subcontract. All subcontracting with an offshore entity must be approved by CalOptima prior to execution of the Subcontract. Additionally, Physician shall require all Subcontracts that relate to the provision of Covered Services, include the following:

3.9.1 An agreement to make all premises, facilities, equipment, books, records, contracts, computer, and other electronic systems of the Subcontractor pertaining to the goods and services furnished by Subcontractor under the Subcontract, available for an audit, inspection, evaluation, examination, or copying, in accordance with Sections 3.18 to 3.20 of this Contract;

3.9.2 An agreement to maintain such books and records in accordance with any record requirements in this Contract and CalOptima Policies, and for the establishment and maintenance of and access to Medical and Administrative Records as set forth in Sections 3.17 to 3.22 of this Contract;

3.9.3 Requirements for cultural and linguistic sensitivity and provision of interpreter services to be provided as set forth in Sections 3.33 and 3.34 of this Contract;

3.9.4 An agreement to submit provider data, encounter data, and reports relating to the Subcontract in accordance with Sections 7.2, 7.10 and 7.11 of this Contract, and

to gather, preserve, and provide any records in the Subcontractor's possession in accordance with Sections 3.21 and 3.21.1 of this Contract;

3.9.5 An agreement to maintain and make available to DHCS, CalOptima, and/or Physician, upon request, all sub-subcontracts relating to the Subcontract, and to ensure that all sub-subcontracts are in writing and require the sub-subcontractors to comply with the requirements set forth in Section 3.45 of this Contract;

3.9.6 An agreement requiring compliance with any MOU entered into by CalOptima, which are binding on Physician;

3.9.7 An agreement requiring Subcontractors to provide Covered Services to CalOptima Members in the same manner as those services are provided to other patients;

3.9.8 An agreement to comply with all provisions of this Contract with respect to providing Emergency Services, and State Contract (Exhibit A, Attachment 8, Provision 13) for those Subcontractors at risk for non-contracting Emergency Services;

3.9.9 An agreement that Subcontractors shall notify Physician of any investigations into Subcontractor's professional conduct, or any suspension of or comment on a Subcontractor's professional licensure, whether temporary or permanent;

3.9.10 An agreement to comply with (a) CalOptima's Compliance Program including, without limitation, CalOptima Policies; (b) any DHCS Medi-Cal Provider Bulletins and Manuals; and (c) all applicable requirements of the DHCS Medi-Cal Managed Care Program, including, but not limited to, the Medi-Cal Managed Care Division Policy Letters and All Plan Letters;

3.9.11 An agreement that Participating Providers comply with the CalOptima Approved Drug List.

3.9.12 An agreement requiring Subcontractors to sign a Declaration of Confidentiality, as set forth in Attachment D of this Contract, which shall be signed and filed with DHCS prior to the Subcontractors being allowed access to computer files or any other data or files, including identification of individual Members;

3.9.13 An agreement to hold harmless the State, Members and CalOptima, in the event Physician cannot or will not pay for services performed by the Subcontractor pursuant to the Subcontract, and to prohibit Subcontractors from balance billing a Member as set forth in Section 4.1.9 of this Contract;

3.9.14 An agreement to assist and cooperate with Physician and/or CalOptima in the transfer of care of a Member in the event of termination of the State Contract, Contract, or Subcontract for any reason, in accordance with Sections 8.2 and 8.2.1 of this Contract;

3.9.15 In the event that Physician implements and maintains a Physician Incentive Plan, it shall ensure that: (A) no specific payment is made directly or indirectly under the incentive plan to a Physician or Physician group as an inducement to reduce or limit Medically Necessary Covered Services provided to an individual Member; and (B) the stop-loss protection (reinsurance), beneficiary survey, and disclosure requirements of 42 CFR § 417.479, 42 CFR § 422.208, and 42 CFR § 422.210 are met by Physician.

3.9.16 Subcontractor shall comply with all monitoring provisions of this Contract and the State Contract and any monitoring requests by CalOptima and DHCS.

3.9.17 Services to be provided by the Subcontractor, term of the Subcontract (beginning and end dates), methods of extension, renegotiation, termination, and full disclosure of the method and amount of compensation or other consideration to be received by the Subcontractor;

3.9.18 Subcontract or its amendments are subject to DHCS approval as provided in the State Contract, and the Subcontract shall be governed by and construed in accordance with all laws and applicable regulations governing the State Contract;

3.9.19 An agreement (a) that the assignment or delegation of the Subcontract will be void unless prior written approval is obtained pursuant to Section 14.10 of this Contract, and (b) to notify DHCS in a manner provided in Section 8.4 of the Contract in the event the Subcontract is amended or terminated;

3.9.20 An agreement to participate and cooperate in quality improvement systems as set forth in Section 6.4 of the Contract, and if Physician delegates quality improvement activities to the Subcontractor, the Subcontract must include the requirements set forth in the State Contract (Exhibit A, Attachment 4, Provision 6), and Sections 3.8 and 6.4 of the Contract (including the Delegation Acknowledgement and Acceptance Agreement);

3.9.21 An agreement to the revocation of the delegation of activities or obligations under the Subcontract or other specified remedies, in accordance with Section 3.46 of this Contract, in instances where DHCS, CalOptima, and/or Physician determines that the Subcontractor has not performed satisfactorily;

3.9.22 If and to the extent Subcontractor is responsible for the coordination of care of Members, an agreement to comply with Sections 6.11.9 and 14.12 of the Contract;

3.9.23 Subcontractors shall have access to CalOptima's dispute resolution mechanism in accordance with Section 10.10 of this Contract;

3.9.24 An agreement by the Physician to notify the Subcontractor of prospective requirements and the Subcontractor's agreement to comply with the new requirements, in accordance with Section 13.12 of the Contract; and

3.9.25 An agreement that Subcontractors are entitled to the protections of the Health Care Provider's Bill of Rights, California Health and Safety Code section 1375.7, in the administration of the Subcontract relative to the Medi-Cal program.

3.10 PHYSICIAN ORGANIZATION AND OPERATIONS STRUCTURE --- Physician shall comply with the following organization and operations structure requirements:

3.10.1 Single Board of Directors and management team.

3.10.2 Medical Director/CMO providing full time coverage. Duties shall include:

- Ensuring that medical decision are:
  - Rendered by qualified medical personnel
  - Are not unduly influenced by fiscal or administrative management considerations.
- Ensuring that the medical care provided meets the standards for acceptable medical care.
- Ensuring that medical protocols and Standards of Conduct for medical personnel are followed.
- Developing and implementing medical policy.
- Resolve grievances related to medical quality of care.
- Have a role in the implementation of Quality Improvement activities.
- Actively participate in the functioning of the grievance procedures.
- Actively participate in Quality activities including Credentialing and Peer Review.
- Acts as liaison and participates with CalOptima in any activities related to Medical Director/CMO duties.

PHYSICIAN shall report to CalOptima any changes in the status of the Medical Director within ten (10) calendar days.

3.10.3 No employee of Physician or Hospital in the PHC, including but not limited to Medical Director(s) and/or the Chief Medical Officer, that make decisions regarding the authorization and/or provision of Covered Services to Members shall have a financial incentive or otherwise benefit financially from decisions made regarding authorization and/or provision of Covered

Services to Members, nor shall such an employee have any fiscal or administrative duties or responsibilities that may unduly influence medical judgments.

3.10.4 Physician shall have a Single Credentialing Committee and credentialing policies, procedures and standards.

3.10.5 Physician shall have a Single and unified health care delivery system including but not limited to:

3.10.5.1 Participating Providers must be accessible to all members enrolled with Physician.

3.10.5.2 Members can select any contracted PCP with an open panel.

3.10.5.3 A PCP can refer members to any contracted specialist.

3.10.5.4 Physician must report to CalOptima all required data for the total enrollment of the Physician and the total provider network regardless of sub-delegation or other contractual relationships including but not limited to; complaints, encounter data, utilization management data, financial reports, PCP changes and PCP assignments.

3.10.5.5 Centralized call center receiving all member and provider calls.

3.10.5.6 Single access number to call center.

3.10.5.7 Standard member communication for all members.

3.10.6 Other organization and operations structure requirements as may be established and modified from time to time by CalOptima.

3.11 ENROLLMENT --- PHC shall accept as Members all persons indicated by CalOptima's information system and through regular transmission from CalOptima to PHC .

3.12 PCP ASSIGNMENT --- Physician shall assign Members who have been automatically assigned to Physician by CalOptima to a PCP within seven (7) days of the Member's assignment to Physician.

3.13 REQUIRED ENROLLMENT INFORMATION AND NOTICE --- Physician shall mail to a Member or Member's head of household a notice of enrollment and a Physician Member handbook or CalOptima approved supplement to the CalOptima Member handbook no later than seven (7) calendar days after receipt of notification that a Member has been enrolled with Physician. All member handbooks and

supplements prepared by Physician shall be submitted to CalOptima for approval prior to printing. Physician shall not distribute to Members materials not approved by CalOptima. All materials shall be professionally produced and presented.

3.13.1 Should Physician choose to utilize the CalOptima Member handbook, Physician-specific information on each topic as defined by CalOptima Policies must be included in a CalOptima approved supplement to the CalOptima Member handbook given to all Physicians' CalOptima Members. CalOptima shall provide Physician with a template for the supplement to the CalOptima member handbook.

3.13.2 If Physician chooses to produce and use a Member handbook other than the CalOptima Member handbook, in addition to the requirements in this Contract, Physician's Member handbook shall contain all information included in the CalOptima Member handbook and Physician-specific information on each topic as defined by CalOptima Policies.

3.13.3 Physician shall provide Members with periodic updates, as needed, explaining changes in the above policies or services. CalOptima shall approve all updates prior to printing. Physician shall also provide one (1) copy of its enrollment information including its Physician Member handbook or supplement to every Participating Provider.

3.14 SPECIAL DISENROLLMENT --- Physician may request and CalOptima may approve according to CalOptima Policies disenrollment for specific Members.

3.15 VOLUNTARY DISENROLLMENT --- All Members have the right to disenroll from a Health Network. CalOptima shall process Member disenrollment in accordance with CalOptima Policies.

3.16 ADDITIONAL SERVICES --- Physician shall not solicit enrollment through the offer of any compensation, reward, or benefit to the Member except for additional health-related services, which have been approved by CalOptima.

3.17 MEDICAL AND ADMINISTRATIVE RECORDS --- Physician shall require that all Participating Providers and Subcontractors establish and maintain for each Member who has obtained Covered Services from a Participating Provider or Subcontractor a legible Medical Record. Such Medical Record shall include a historical record of diagnostic and therapeutic services recommended or provided by, or under the direction of, the Participating Provider or Subcontractor. Such Medical Record shall be in such a form as to allow trained health professionals, other than the Participating Provider or Subcontractor, to readily determine the nature and extent of the Member's medical problem and the services provided and permit peer review of the services provided. The Medical Record shall be kept in a detail consistent with good medical and professional practice in accordance with

CCR Title 22, Section 53284, and which permits effective professional review and facilitates a system of follow-up treatment. All medical records shall meet the requirements of Section 1300.80(b)(4) of Title 28 of the California Code of Regulations, and Section 1936a(w) of Title 42 of the United States Code. Such records shall be available to health care providers at each encounter, in accordance with Section 1300.67.1(c) of Title 28 of the California Code of Regulations. Physician shall ensure that an individual is delegated the responsibility of securing and maintaining medical records at each Participating Provider or Subcontractor site,

3.17.1 Physician, PHC, and CalOptima agree to maintain the confidentiality of the Member's Medi-Cal status and information contained in the Member's Medical Records in accordance with federal and State law. Physician shall require that all Participating Providers and Subcontractors maintain the confidentiality of a Member's Medi-Cal status and information contained in a Member's Medical Records in accordance with federal and State Law.

3.17.2 Medical records under this Section shall reflect all aspects of patient care, including ancillary services in accordance with CalOptima Policies.

3.17.3 It is understood that all Physician, Subcontractors', and Participating Providers' books and records pertaining to goods and services furnished under this Contract:

3.17.3.1 Shall be made available for inspection or copying at Physician, Participating Providers' and/or Subcontractors' expense by CalOptima or authorized representative of State or federal government at all reasonable times at the Physician, Participating Providers' or Subcontractors' place of business or at such other mutually agreeable location in California; and

3.17.3.2 Shall be maintained in accordance with the general standards applicable to such book or record keeping.

3.18 RECORDS RETENTION --- Physician and Subcontractors shall retain, preserve and make available upon request all records relating to the performance of its obligations under the Contract, including claim forms and encounter data, for a period of not less than ten (10) years from the final date of the contract, between CalOptima and DHCS, or the date of completion of any audit, whichever is later, unless a longer period is required by law, with the exception in which the Physician or Subcontractor has been duly notified that DHCS, DHHS, the Department of Managed Health Care, the Department of Justice or Comptroller General of the United States, or their duly authorized representative have commenced an audit or investigation of the Contract or any Subcontract, until such time as the matter under audit or investigation has been resolved, whichever is later. Records involving

matters that are the subject of litigation shall be retained for a period of not less than ten (10) years following the termination of litigation. Pediatric records for un-emancipated minor Members shall be maintained until the latter of the full retention period under this Section, or at least one (1) year after the Member has reached eighteen (18) years of age. Microfilm copies of the documents contemplated herein may be substituted for the originals with the prior written consent of CalOptima, provided that the microfilming procedures are approved by CalOptima as reliable and are supported by an effective retrieval system.

3.18.1 Physician shall upon request of CalOptima, transfer copies of such records to CalOptima's possession. No records shall be destroyed or otherwise disposed of prior to the retention period stated in Section 3.18 without the prior written consent of CalOptima. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise.

3.19 ACCESS TO PREMISES --- CalOptima and the State, through any authorized representatives, have the right at all reasonable times to monitor, inspect or otherwise evaluate the work performed or being performed hereunder, including subcontract supported activities and the premises in which it is being performed. If any monitoring, inspection or evaluation is made of the premises of Physician or Subcontractor, Physician shall provide, and shall require Subcontractors to provide, all reasonable facilities and assistance for the safety and convenience of the authorized representatives in the performance of their duties. All monitoring, inspections and evaluations shall be performed in such a manner as will not unduly delay the work.

3.19.1 Through the end of the records retention period specified in Section 3.18, Physician shall make all of its premises, facilities, equipment, books, records, contracts, computer and other electronic systems pertaining to the goods and services furnished under the terms of the Contract, available for the purpose of audit, inspection, evaluation, examination or copying, including but not limited to Access Requirements and State's Right to Monitor, as set forth in the State Contract, Exhibit E, Attachment 2, Provision 20: (a) by CalOptima and/or CalOptima's Regulators; (b) at all reasonable times at the Physician's place of business or such other mutually agreeable location in California; (c) in a form maintained in accordance with the general standards applicable to such book or record keeping; and (d) including all encounter data for a period of at least ten (10) years.

3.19.2 Through the end of the records retention period specified in 3.18, Physician shall allow CalOptima and/or CalOptima's Regulators to audit, inspect, monitor or otherwise evaluate the quality, appropriateness, and timeliness of services performed under this Contract, and to inspect, evaluate, and audit any and all premises, books, records, equipment, Facilities, contracts,

computers, or other electronic systems maintained by Physician and Subcontractors pertaining to these services at any time, pursuant to 42 CFR section 438.3(h). Records and documents include, but are not limited to, all physical records originated or prepared pursuant to the performance under this Contract, including working papers, reports, financial records, and books of account, Medical Records, prescription files, laboratory results, Subcontracts, information systems and procedures, and any other documentation pertaining to medical and non-medical services rendered to Members. Upon request, through the end of the records retention period specified in Section 3.18, Physician shall furnish any record, or copy of it, to CalOptima, DHCS or any other CalOptima's Regulators, at Physician's sole expense. CalOptima and DHCS may conduct unannounced validation reviews of the Physician's Primary Care or other service sites, selected at DHCS' discretion, to verify compliance of these sites with State and Federal regulations and Contract requirements. CalOptima and authorized State and Federal agencies will have the right to monitor all aspects of Physician's operation for compliance with the provisions of this Contract and applicable federal and State laws and regulations. Such monitoring activities will include, but are not limited to, inspection and auditing of Physician, Subcontractor, and provider facilities, management systems and procedures, and books and records as CalOptima or DHCS deems appropriate, at any time pursuant to 42 CFR section 438.3(h). The monitoring activities will be either announced or unannounced. To assure compliance with the Contract and for any other reasonable purpose, CalOptima, the State and their authorized representatives and designees will have the right to premises access, with or without notice to Physician. This will include the MIS operations site or such other place where duties under the Contract are being performed. Staff designated by CalOptima and authorized State agencies will have access to all security areas and Physician will provide, and will require any and all of its Subcontractors to provide, reasonable facilities, cooperation and assistance to the CalOptima or State representative(s) in the performance of their duties. Access will be undertaken in such a manner as to not unduly delay the work of the Physician and/or the Subcontractor(s).

3.20 ACCESS TO AND AUDIT OF CONTRACT RECORDS --- Throughout the duration of the Contract and the retention period specified in Section 3.18, Physician and Subcontractor shall provide duly authorized representatives of the State or federal government or CalOptima access to all records and material relating to Physician's provision of and reimbursement for activities contemplated under the Contract, and to Physician's financial condition and ability to bear risk under applicable state and federal laws. Such access shall include the right to inspect, audit and have available all such records and material and to verify reports furnished in compliance with the provisions of the Contract. All information so obtained shall be accorded confidential treatment as provided under applicable law.

CalOptima employees shall sign Physician's statement of confidentiality prior to being admitted access to Physician's premises. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise. If DHCS, CMS, or the DHHS Inspector General determines there is a reasonable possibility of fraud or similar risk, DHCS, CMS, or the DHHS Inspector General may inspect, evaluate, and audit the Physician at any time. Upon resolution of a full investigation of fraud, DHCS reserves the right to suspend or terminate the Physician from participation in the Medi-Cal program; seek recovery of payments made to the Physician; impose other sanctions provided under the State Plan, and direct CalOptima to terminate this Contract due to fraud.

3.21 RECORDS RELATED TO RECOVERY FOR LITIGATION --- Upon request by CalOptima, Physician shall timely gather, preserve and provide to CalOptima, in the form and manner specified by CalOptima, any information specified by CalOptima, subject to any lawful privileges, in Physician's or its Subcontractors' possession, relating to threatened or pending litigation by or against CalOptima or DHCS. If Physician asserts that any requested documents are covered by a privilege, Physician shall: 1) identify such privileged documents with sufficient particularity to reasonably identify the document while retaining the privilege; and 2) state the privilege being claimed that supports withholding production of the document. Such request shall include, but is not limited to, a response to a request for documents submitted by any party in any litigation by or against CalOptima or DHCS. Physician acknowledges that time may be of the essence in responding to such request. Physician shall use all reasonable efforts to immediately notify CalOptima of any subpoenas, document production requests, or requests for records, received by Physician or its Subcontractors related to this Contract or subcontracts entered into under this Contract.

3.21.1 Physician further agrees to timely gather, preserve, and provide to DHCS any records in the Physician's or its Subcontractor's possession, in accordance with the State Contract, Exhibit E, Attachment 2, "Records Related to Recovery for Litigation" Provision.

3.22 MEMBER REQUEST FOR MEDICAL RECORDS --- Physician and Subcontractor shall furnish a copy of a Member's Medical Records to another treating or consulting Provider regardless of whether the requesting Provider is a Participating Provider or an Out of Network Provider, at no cost to CalOptima or to the Member when:

3.22.1 Such a transfer of records facilitates the continuity of that Member's care; or

3.22.2 The Member is transferring from one Provider to another for treatment; or

3.22.3 A Member seeks to obtain a second opinion on the diagnosis or treatment of a medical condition.

3.23 DISCLOSURE OF OWNERSHIP --- As identified in Attachment B, Physician shall keep CalOptima informed as to the names of the officers and owners of Physician holding more than five percent (5%) of the stock issued by Physician, and major creditors holding more than five percent (5%) of the debt of Physician and shall notify CalOptima whenever changes occur to the information provided therein.

3.23.1 If provider is of a provider type that is not eligible to be Medi-Cal enrolled through DHCS, Physician shall provide an accurate, current signed copy of the DHCS Medi-Cal Disclosure Form, DHCS-6216, or such other disclosure form as DHCS may otherwise specify to meet the requirements of Section 51000.35 of Title 22 of the California Code of Regulations, for its Providers.

3.24 FRAUD AND ABUSE REPORTING --- Physician shall report to CalOptima all cases of suspected fraud and/or abuse, as defined in 42 Code of Federal Regulations, Section 455.2, relating to the rendering of Covered Services by Participating Providers, Out of Network Providers, Members, or Physician's employees, within two (2) working days of the date when Physician first becomes aware of or is on notice of such activity.

3.24.1 Physician shall notify CalOptima, and CalOptima shall notify DHCS prior to Physician conducting any investigations. Physician shall conduct an investigation after notification has been given.

3.24.2 Physician shall establish, for approval by CalOptima and DHCS, written policies and procedures for identifying, investigating and taking appropriate corrective action against fraud and/or abuse in the provision of health care services under the Medi-Cal program.

3.24.3 Physician shall report all investigation results to CalOptima within two (2) working days of conclusion of any fraud and/or abuse investigation.

3.25 COMPLIANCE WITH APPLICABLE LAW --- Physician shall observe and comply with all federal and State law in effect when the Contract is signed or which may come into effect during the term of the Contract, which in any manner affects the Physician's performance under this Contract. This Contract shall be governed by and construed in accordance with applicable federal and State law and with the terms and obligations under the State Contract.

3.26 PHYSICIAN COMPLIANCE PROGRAM --- Physician shall develop and implement a comprehensive and effective Compliance Program, including a Compliance Plan. Such Compliance Program shall include, but is not limited to, the implementation of the Office of the Inspector General's (OIG) 7 Elements of

an Effective Compliance Program: Standards & Procedures, Oversight, Education & Training, Auditing & Monitoring, Reporting, Enforcement and Discipline, and Response & Prevention. Compliance Programs shall be evaluated by the Physician annually to ensure that it remains effective. Physician shall make the Plan and related documents available to CalOptima upon request.

3.27 COMPLIANCE WITH CALOPTIMA'S COMPLIANCE PROGRAM --- Physician and its employees, board members, owners, Participating Providers and/or Subcontractors furnishing medical and/or administrative services under this Contract ("Physician's Agents") shall comply with the requirements of CalOptima's Compliance Program, as may be amended from time to time, including the Code of Conduct and Compliance Plan. CalOptima shall make its Compliance Manual and Code of Conduct available to Physician and Physician shall make them available to Physician's Agents.

3.28 COMPLIANCE WITH STATE AND FEDERAL PROGRAMS --- Physician shall comply with requirements established by State and/or federal programs relating to its performance under this Contract. Physician's compliance shall include, but not be limited to, applicable requirements of the DHCS Medi-Cal Managed Care Program, provisions of the State Contract requirements for CalOptima to maintain CMS waiver, Operational Instruction Letters (OILs), Medi-Cal Managed Care Division Policy Letters and All Plan Letters, and State and/or federal regulations.

3.29 COMPLIANCE WITH POLICIES AND PROCEDURES --- Physician agrees to comply with and be bound by CalOptima Policies. CalOptima reserves the right to adopt, amend and/or discontinue CalOptima Policies at its sole discretion. Physician acknowledges and agrees that it shall implement CalOptima Policies applicable to its obligations under this Contract.

3.30 COMPLIANCE WITH MEMORANDUM/MEMORANDA OF UNDERSTANDING (MOUs) --- Physician agrees to comply with and be bound by any and all applicable MOUs entered into by CalOptima.

3.31 COMPLIANCE WITH PARTICIPATION STATUS REQUIREMENTS --- Physician shall have policies and procedures to verify the Participation Status of Physician's Agents. Physician shall refer to the Department of Health and Human Services, Office of Inspector General, List of Excluded Individuals and Entities (LEIE) (http://oig.hhs.gov) as well as the GSA Excluded Parties Lists Systems (EPLS) in the SAM System (https://www.sam.gov). In addition, Physician warrants and agrees as follows:

3.31.1 Physician and Physician's Agents shall meet CalOptima's Participation Status requirements during the term of this Contract.

3.31.2 Physician shall immediately disclose to CalOptima any pending investigation involving, or any determination of, suspension, exclusion or

debarment by Physician or Physician's Agents occurring and/or discovered during the term of this Contract.

3.31.3 Physician shall take immediate action to remove any Physician Agent that does not meet Participation Status requirements from furnishing items or services related to this Contract (whether medical or administrative) to Members and shall immediately notify CalOptima.

3.31.4 Physician shall include the obligations of this Section in its Subcontracts.

3.31.5 CalOptima and Physician, as applicable, shall not make payment for a health care item or service furnished by an individual or entity that does not meet Participation Status requirements or is included on the Preclusion List. Physician shall provide written notice to the Member who received the services and the excluded provider or provider listed on the Preclusion List that payment will not be made, in accordance with CMS requirements.

3.32 NON-DISCRIMINATION --- During the performance of this Contract, neither Physician nor any Subcontractors shall unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, religion, color, national origin, ancestry, religious creed, physical disability, (including Human Immunodeficiency Virus (HIV) and Acquired Immune Deficiency Syndrome (AIDS), AIDS-Related Complex (ARC)), medical condition (including cancer), mental disability, marital status, age (over 40), or the use of family and medical care leave and pregnancy disability leave. Physician and Subcontractors shall insure that the evaluation and treatment of their employees and applicants for employment are free of such discrimination and harassment. Physician and Subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Government Code, Section 12900, et seq.) and the applicable regulations promulgated thereunder (CCR, Title 2, Section 7285.0, et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code, Section 12990, set forth in Chapter 5 of Division 4 of Title 2 of the CCR are incorporated into this Contract by reference and made a part hereof as if set forth in full. Physician and Subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement. Physician shall include the non-discrimination and compliance provisions of this Section in all Subcontracts to perform work under this Contract.

3.32.1 Physician and all Subcontractors shall abide by Section 504 of the Rehabilitation Act of 1973 (29 USC §794) (nondiscrimination under Federal grants and programs); Title 45 CFR Part 84 (nondiscrimination on the basis of handicap in programs or activities receiving Federal financial assistance); Title 28 CFR Part 36 (nondiscrimination on the basis of disability by public accommodations and in commercial facilities); Title IX of the Education Amendments of 1973 (regarding education programs and

activities); Title 45 CFR Part 91 and the Age Discrimination Act of 1975 (discrimination based on age); and all other laws regarding privacy and confidentiality. Neither the Physician nor Subcontractors shall discriminate against Members because of race, color, national origin, creed, ancestry, religion, language, age, marital status, sex, sexual orientation, gender identity, health status, physical or mental disability, or identification with any other persons of groups defined in Penal Code 422.56 in accordance with Title VI of the Civil Rights Act of 1964, 42 USC, Section 2000d (race, color, national origin); 45 CFR Part 84 (physical or mental handicap); Government Code Section 11135 (ethnic group identification, religion, age, sex, color, physical or mental handicap); Civil Code Section 51 (all types of arbitrary discrimination); Section 1557 of the Patient Protection and Affordable Care Act; and all rules and regulations promulgated pursuant thereto, or as otherwise provided by law or regulation.

3.32.2 For the purpose of this Contract, if based on any of the foregoing criteria, the following constitute unlawful discriminations: (i) denying any Member any Covered Services or availability of a Facility; (ii) providing to a Member any Covered Service which is different or is provided in a different manner or at a different time from that provided to other similarly situated Members under this Contract, except where medically indicated; (iii) subjecting a Member to segregation or separate treatment in any manner related to the receipt of any Covered Service; (iv) restricting a Member in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any Covered Service; or (v) treating a Member differently from others similarly situated in determining compliance with admission, enrollment, quota, eligibility, or other requirements or conditions which individuals shall meet in order to be provided any Covered Service or assigning the times or places for the provision of Covered Services.

3.32.3 Physician shall take affirmative action to ensure that all Members are provided Covered Services without unlawful discrimination, except where medically indicated. For the purposes of this Section, physical handicap includes the carrying of a gene which may, under some circumstances, be associated with disability in that person's offspring, but which causes no adverse effects on the carrier. Such genetic handicap shall include, but not be limited to, Tay-Sachs trait, sickle cell trait, thalassemia trait, and X-linked hemophilia.

3.32.4 Physician shall act upon all complaints alleging discrimination against Members in accordance with CalOptima's Member Complaint Policy and shall forward copies of all such grievances to CalOptima, attention Grievance & Appeals Resolution Services, within five (5) days of receipt of same.

3.32.5 Physician shall require all downstream providers to cooperate with CalOptima's Member Complaint Policy and time requirements to appeals within designated time frames.

3.33 LINGUISTIC AND CULTURAL SENSITIVITY --- CalOptima will provide cultural competency, sensitivity, and diversity training. Physician shall comply with all the following requirements related to the provision of linguistic and culturally sensitive services in accordance with this Contract and CalOptima Policies.

3.33.1 Physician shall have a Cultural and Linguistic Services Program that monitors, evaluates, and takes effective action to address any needed improvement in the delivery of culturally and linguistically appropriate services. Physician shall provide cultural competency, sensitivity, or diversity training for staff, providers and Subcontractors at key points of contact. Physician shall provide orientation and training on cultural competency to staff and providers serving Members. The training objectives shall include teaching participants an enhanced_awareness of cultural competency imperatives and issues related to improving access and quality of care for Members, as well as information on access to interpreters, and how to work with interpreters. Physician shall also, as appropriate, refer Members to culturally-appropriate community services programs.

3.33.2 Pursuant to CalOptima Policies, Physician shall provide translation of written member informing materials in the Threshold and Concentration Languages. Physician shall comply with the language assistance standards developed pursuant to California Health and Safety Code section 1367.04. Written member informing materials to be translated include, but are not limited to: 1) signage; 2) Evidence of Coverage and/or Member Services Guide; 3) disclosure forms; 4) provider listing or directories; 5) marketing materials; 6) form letters; 7) plan-generated preventive health reminders; 8) member surveys; and 9) newsletters. If a Member requests materials in a language not meeting the numeric Thresholds or Concentration Standards, Physician shall provide oral translation of the written materials utilizing bilingual staff or a telephonic interpreter service. Physician shall also make materials available to Members in alternate formats (e.g. Braille, audio, large print) upon request of the Member. Physician shall be responsible for ensuring the quality of translated materials at no cost to CalOptima or Member.

3.34 PROVISION OF INTERPRETERS --- Physician shall, at no cost to Members, provide linguistic interpreter services and interpreter services for the deaf or hard of hearing for all Members at all key points of contact, including telephone, advice and urgent care transactions, and outpatient encounters, and all sites utilized by Physician or any Subcontractors, as well as member services, orientations,

appointment setting and similar administrative functions, as necessary, to ensure the availability of effective communication regarding treatment, diagnosis, medical history or health education. Physician shall have in place telephonic and face-to-face interpreter services and American Sign Language interpreter services contracts. Physician shall provide twenty-four (24) hour access to interpreter services for all Members, and shall implement policies and procedures to ensure compliance by subcontracted providers with these standards. Such access shall include access for users of Telecommunication Devices for the Deaf (TDD) or Telecommunications Relay Services (711 system). Upon a Member or Participating Provider request for interpreter services in a specific situation where care is needed, Physician shall make all reasonable efforts to provide a face-to-face interpreter in time to assist adequately with all necessary Covered Services, including Urgent Care Services and Emergency Services. If face-to-face interpretation is not feasible, Physician must ensure provision of telephonic interpreter services or interpretation through bilingual staff members. Physician shall routinely document the language needs of Members and the request or refusal of interpreter services in a Member's medical record. This documentation shall be available to CalOptima at CalOptima's request. Physician shall not require or suggest that a Member to use friends or family as interpreters. However, a family member or friend may be used when the use of the family member or friend: (i) is requested by the Member; (ii) will not compromise the effectiveness of service; (iii) will not violate Member's confidentiality; and (iv) the Member is advised that an interpreter is available at no cost to the Member. Physician shall ensure the linguistic capabilities and proficiency of individuals providing interpreter services.

3.35 MEMBER RIGHTS --- Physician shall ensure that each Member's rights, as set forth in state and federal law and CalOptima Policy, are fully respected and observed. Physician shall make Member Rights available to Member.

3.36 PARTICIPATING PROVIDER-MEMBER COMMUNICATION --- Physician shall not prohibit, or otherwise restrict, a health care professional acting within the lawful scope of practice from communicating with Members, and shall encourage its health care professionals to freely communicate the following to patients, regardless of benefit coverage:

3.36.1 The Member's health status, medical care, or treatment options, including any alternative treatment that may be self-administered.

3.36.2 Any information the Member needs in order to decide among all relevant treatment options.

3.36.3 The risks, benefits, and consequences of treatment or non-treatment.

3.36.4 The Member's right to participate in decisions regarding his or her health care, including the right to refuse treatment, and to express preferences about future treatment decisions.

3.37 HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA) COMPLIANCE

3.37.1 Physician and CalOptima shall make any and all efforts and take any and all actions necessary to comply with HIPAA statutory and regulatory requirements ("HIPAA requirements"), whether existing now or in the future within a reasonable time prior to the effective date of such requirements, but not later than the time permitted by the applicable HIPAA requirement after date of finalization.

3.37.2 Physician shall comply with HIPAA requirements as currently established in CalOptima Policies. Physician shall also take actions and develop capabilities as required to support CalOptima compliance with HIPAA requirements, including acceptance and generation of applicable electronic files in HIPAA compliant standards formats.

3.37.3 The parties agree to comply with the terms and conditions of the Physician HIPAA Business Associates Agreement.

3.38 CONFIDENTIALITY OF INFORMATION

3.38.1 Physician and its employees, agents, or Subcontractors shall protect from unauthorized disclosure the names and other identifying information concerning persons either receiving services pursuant to this Contract or persons whose names or identifying information become available or are disclosed to Physician, its employees, agents, or Subcontractors as a result of services performed under this Contract, except for statistical information not identifying any such person. Physician and its employees, agents, or Subcontractors shall not use such identifying information for any purpose other than carrying out Physician's obligations under this Contract. Physician and its employees, agents, or Subcontractors shall promptly transmit to the CalOptima all requests for disclosure of such identifying information not emanating from the Member. Physician shall not disclose, except as otherwise specifically permitted by this Contract or authorized by the Member, any such identifying information to anyone other than DHCS or CalOptima without prior written authorization from CalOptima. For purposes of this provision, identity shall include Protected Health Information (PHI): names, geographical subdivisions smaller than a state, all elements of dates (except for year), phone and fax numbers, e-mail address, social security numbers, medical record numbers, health plan beneficiary numbers, account numbers, license numbers, vehicle identifiers,

device identifiers, web Universal Resource Locators (URLs), internet protocol address numbers, biometric identifiers, including finger and voice prints, full face photograph images, any other unique identifying number, characteristic or code.

3.38.2 Notwithstanding any other provision of this Contract, names of persons receiving public social services are confidential and are to be protected from unauthorized disclosure in accordance with Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted thereunder. For the purpose of this Contract, all information, records, data, and data elements collected and maintained for the operation of the Contract and pertaining to Members shall be protected by Physician from unauthorized disclosure. Physician may release Medical Records in accordance with applicable law pertaining to the release of this type of information. Physician is not required to report requests for Medical Records made in accordance with applicable law. With respect to any identifiable information concerning a Member under this Contract that is obtained by Physician or its Subcontractors, Physician:

3.38.2.1 will not use any such information for any purpose other than carrying out the express terms of this Contract,

3.38.2.2 will promptly transmit to CalOptima all requests for disclosure of such information, except requests for Medical Records in accordance with applicable law,

3.38.2.3 will not disclose except as otherwise specifically permitted by this Contract, any such information to any party other than DHCS or CalOptima without CalOptima's prior written authorization specifying that the information is releasable under Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted there under, and

3.38.2.4 will, at the termination of this Contract, return all such information to DHCS or maintain such information according to written procedures sent to the Physician by DHCS for this purpose.

3.39 REINSURANCE --- CalOptima arranges for the provision of reinsurance, as described more fully in CalOptima Policies. CCS Eligible Members with CCS Eligible Conditions shall be excluded from CalOptima's provision of reinsurance. Physician may, at its option and sole expense purchase supplemental Reinsurance from a source other than CalOptima. Additionally, Physician shall:

3.39.1 Identify a Reinsurance coordinator who shall serve as CalOptima's contact for all Reinsurance issues; and

3.39.2 Comply with CalOptima Policies for monitoring and monthly reporting of all Reinsurance claims activities.

3.39.3 In lieu of CalOptima-provided reinsurance, services for CCS Members shall be subject to interim reimbursement for catastrophic cases and retrospective risk corridors, as provided in Attachment E of this Contract.

3.40 CLAIMS MANAGEMENT AND ADMINISTRATION --- Physician shall have a process for claims management and administration. Physician shall maintain a claim retrieval system that can, on request, identify the date of receipt, the action taken on all Provider claims (i.e., paid, denied, pended, other), and when action was taken. Physician shall date stamp all Provider claims upon receipt. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

3.41 TWENTY-FOUR (24) HOUR TELEPHONE COVERAGE --- Physician shall have one (1) California State wide toll-free telephone number listed on the Automated Eligibility Verification System (AEVS) that Providers, Members or individuals acting on behalf of Members can call at anytime (twenty-four (24) hours/seven (7) days a week) to obtain authorization for all CalOptima Covered Services. Twenty-four (24) hour telephone coverage shall be made available in all Threshold Languages. The number shall connect the Member or Member's representative or Provider to an individual who shall either:

3.41.1 Have authority to approve Covered Services; or

3.41.2 Have the ability to transfer the Member or Member's representative to an individual with authority without disconnecting the call; and

3.41.3 In case of emergency, direct the Member or Member's representative to hang up and dial 911 or go to the nearest emergency room; and

3.41.4 Respond to Provider or Member's call within thirty (30) minutes. Failure to respond to such call within thirty (30) minutes shall result in the Physician being liable for the cost of subsequent Medically Necessary Covered Services related to that illness or injury whether or not that treatment has been authorized; and

3.41.5 Have the capability to coordinate continuous care and follow-up Covered Services, including referrals to Specialist Physicians, for all Members who have received a MSE or Emergency Services and have been Stabilized.

3.41.6 All calls shall be logged in with time, date and any pertinent information related to persons involved, resolution and follow-up instructions. Physician shall notify CalOptima if the toll free telephone number changes no less than seven (7) working days prior to the change.

3.42 OBLIGATIONS UNDER PRIOR CONTRACT --- Physician acknowledges and agrees that certain of its obligations and duties under the Prior Contract, if previously contracted, survive the expiration of the Prior Contract and/or are measured following the expiration of the Prior Contract (including, without limitation, corrective action plans, quality improvement and credentialing functions, financial requirements). Physician shall perform all such obligations and duties.

3.43 EMPLOYEE EDUCATION ON FALSE CLAIMS ACT --- Physician shall comply with the requirements contained in 42 USC § 1396a(a)(68)(A)-(C) as a condition of receiving payment under this contract. Physician shall, upon request of CalOptima, demonstrate compliance with this provision, including providing CalOptima with copies of Physician's applicable written policies and procedures, any relevant employee handbook excerpts, and other educational materials used to meet this requirement.

3.44 MONITORING --- Physician shall comply with all monitoring provisions of this Contract and the State Contract, and any monitoring requests by CalOptima and DHCS.

3.45 PHYSICIAN SUBCONTRACTS --- In addition to Section 3.9 of this Contract, Physician shall maintain and make available to CalOptima, DHCS, or other CalOptima's Regulators, upon their respective requests, copies of all Subcontracts. Physician shall ensure that all Subcontracts are in writing and require that the Physician and its Subcontractors:

3.45.1 Make all premises, facilities, equipment, applicable books, records, contracts, computer, or other electronic systems related to this Contract, available at all reasonable times for audit, inspection, examination, or copying by CalOptima and/or CalOptima's Regulators, or their designees.

3.45.2 Retain such books and all records and document for a term minimum of at least ten (10) years from the final date of the State Contract period or from the final date of completion of any audit, whichever is later.

3.46 CALOPTIMA OVERSIGHT – Physician understands and agrees that CalOptima is responsible for the monitoring and oversight of all obligations of Physician under this Contract. In instances where DHCS or CalOptima determines that the Physician or any of the Subcontractors has not performed satisfactorily, CalOptima shall have the right to (a) amend or revoke the delegation of activities or obligations

to the Physician, (b) require the Physician to amend or revoke the sub-delegation of activities or obligations to the Subcontractors, and/or (c) specify other remedies, including, but not limited to, those set forth in Sections 13.1 through 13.1.3.2. Physician shall cooperate with CalOptima in its oversight efforts and shall take corrective action as CalOptima determines necessary to comply with applicable laws and regulations, accreditation organization standards, and/or CalOptima Policies governing the obligations of Physician or the oversight of those obligations.

ARTICLE 4
Obligations of Physician – Provision of Covered Services

4.1 PROVISION OF COVERED SERVICES TO MEMBERS --- Physician shall provide Covered Services to Members under this Contract in the same manner as those services are provided to other patients of Physician, but in no case less than the amount of such services provided under the Medi-Cal Fee-for-Service Program. Consistent with the concept that Physician is the medical home of the Member, where the Member receives the majority of the Member's care and where the Member's overall health status, need for care and services, and wellness are assessed, evaluated, monitored, managed, enhanced and/or maintained, Physician shall coordinate Members' needs for Covered Services and provide Care Management Services and other services to assure Members receive all necessary care and services without regard to the party financially responsible for care and services. Physician shall provide Covered Services to Members and Physician agrees as follows:

4.1.1 Physician shall provide and pay for, consistent with the terms and provision of this Contract and CalOptima Policies, the provision of all Covered Services to Members that are the financial responsibility of Physician as set forth in Attachment A, with the exception of certain Medical Supplies identified in Attachment C;

4.1.2 If Physician's network is unable to provide necessary medical services covered under this Contract to a particular Member, Physician must adequately and timely cover these services out of network for the Member, for as long as Physician is unable to provide them. Physician shall make prior arrangements with Out-of-Network Providers for the provision of such services, and shall be fully responsible for arranging and paying for such services, and shall comply with all applicable CalOptima Policies with regard to the payment and authorization of Out-of-Network Providers;

4.1.3 Physician shall be liable for the provision of and payment for all Covered Services notwithstanding a delay in payment of the Capitation Payment;

4.1.4 CalOptima may incorporate any change in Covered Services mandated by federal or State law or regulation into the Contract effective the date the change goes into effect. Whenever possible, CalOptima shall give the Physician thirty (30) calendar days' notice of any such change. CalOptima shall determine the effective date of the change in Covered Services;

4.1.5 The actual provision of any Covered Service is subject to the professional judgment of the PCP or other physicians participating in the respective PHC as to the Medical Necessity of the service, except that each PHC shall provide assessment and evaluation services ordered by a court or legal mandate;

4.1.6 Physician shall comply with Jackson v. Rank, U.S. District Court (E.D. Cal.), No. CIV 5-83-1451 LKK, June 9, 1986, and notify its Members when the Physician denies, modifies or defers a PCP's request for authorization or terminates a previously authorized service;

4.1.7 Decisions concerning whether to provide or authorize Covered Services shall be based solely on Medical Necessity. Physician acknowledges that disputes between the respective Physician and Members about Medical Necessity can be appealed pursuant to CalOptima Policies;

4.1.8 Physician may not arbitrarily deny or reduce the amount, duration, or scope of a required service solely because of the diagnosis, type of illness, or condition. Physician may place appropriate limits on a service on the basis of criteria such as medical necessity; or for utilization control, provided the services furnished can reasonably be expected to achieve their purpose; and

4.1.9 Physician shall hold harmless both the State and Members in the event that CalOptima cannot or will not pay capitation payments pursuant to this Contract. In no event, including but not limited to, non-payment by CalOptima or Physician, CalOptima's or the Physician's insolvency, or breach of this Contract by the Physician or CalOptima, shall Physician or Subcontractors bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against the State, a Member or persons acting on the behalf of a Member for Covered Services provided pursuant to this Contract. This provision does not prohibit Physician or Subcontractors from collecting co-payments and deductibles, if any, as specifically provided for in this Contract or for recoveries related to other health coverage, as identified in Section 2.8 of this Contract. Physician or a Subcontractor may bill a Member and collect fees for non-Covered Services from the Member if the Member agrees to the fees in writing prior to the actual delivery of non-Covered Services, and

a copy of such agreement is given to the Member and placed in the Member's Medical Record. Physician further agrees:

4.1.9.1 That this Section shall survive the termination of this Contract for those Covered Services rendered prior to the termination of this Contract, regardless of the cause giving rise to termination and shall be construed to be for the benefit of the Members;

4.1.9.2 That this Section shall supersede any oral or written contrary agreement now existing or hereafter entered into between the Physician and Participating Providers or Subcontractors;

4.1.9.3 That language to ensure the foregoing shall be included in all of the Physician's Subcontracts with Participating Providers;

4.1.9.4 That no change or amendment to this Section or to similar section(s) in Subcontracts between the Physician and Participating Providers shall be made without the prior written approval of CalOptima; and

4.1.9.5 ,That, in the event of a violation of this Section by Physician or Subcontractor, including, but not limited to, balance billing of Member for Covered Services provided under the Contract or Subcontract, CalOptima shall take appropriate remedial action against Physician or Subcontractor, including, but not limited to, repayment of any amounts collected, and appropriate Sanctions, as provided for in Section 13.1.

4.2 EMERGENCY CARE --- Physician shall comply with all applicable State and federal laws and regulations governing the provision and payment of Emergency Services, as well as the applicable requirements of the State Contract (including, but not limited to, Exhibit A, Attachment 8, Provision 13). Physician is required to provide and pay for all Emergency Services, including Emergency Services provided by Out of Network Providers, without prior authorization, twenty-four (24) hours each day, seven (7) days a week.

4.2.1 Physician shall reimburse or authorize reimbursement, as appropriate, for all Emergency Services without prior authorization, and in accordance with CalOptima Policy. Payment may be denied only if Physician reasonably determines that Emergency Services were never performed.

4.2.2 Not Applicable to this Contract.

4.2.3 Physician shall reimburse those physicians providing services in an Emergency Department with whom Physician has a contract according to

the terms of that contract. Physician shall offer to enter into a contract with any physician group contracting with CalOptima for the provision of physician services in an Emergency Department on the same terms, conditions and rates as provided for in that CalOptima contract. Physician shall reimburse all other non-contracted physicians providing services in an Emergency Department in accordance with the Deficit Reduction Act of 2005, 42 USC 1396u-2(b)(2)(D), and CalOptima Policy.

4.2.4 Not Applicable to this Contract.

4.2.5 An Emergency Medical Condition shall not be limited based on a list of diagnoses or symptoms. Physician shall not deny payment for treatment obtained when a Member had an Emergency Medical Condition, including cases in which the absence of immediate medical attention would not have resulted in an outcome specified in Section 1.34. Further, Physician shall not deny payment for treatment obtained when PHC or a Participating Provider instructs the Member to seek Emergency Services.

4.2.6 Physician shall reimburse the County of Orange for Emergency Services and Urgent Care Services provided to Members at Orangewood Children's Home or while in Foster Care during periods of emergency foster placement or court-ordered stays. Payment shall be based on the prevailing Medi-Cal Fee Schedule.

4.2.7 If there is a disagreement between Physician or any Participating Provider and Out of Network Provider regarding Medically Necessary Covered Services in an emergency, the judgment of the attending physician(s) actually caring for the Member at the treating facility shall prevail. Physician may establish relationships with treating facility whereby the Physician may send a Participating Provider with privileges to assume the attending physician's responsibilities to establish treatment or may arrange to have a Participating Provider under contract with Physician agree to accept the transfer of the Member after the Member has been Stabilized. The attending emergency Physician, or the Provider actually treating the Member is responsible for determining when the Member is sufficiently Stabilized for transfer or discharge and that determination is binding on PHC and Physician.

4.2.8 Post stabilization care services are covered and paid for in accordance with provisions set forth at 42 CFR 422.113(c). Physician is financially responsible for post-stabilization services obtained within or outside Physician's network that are pre-approved by a plan provider or other entity representative. Physician is financially responsible for post-stabilization care services obtained within or outside Physician's network that are not pre-approved by a plan provider or other Physician representative, but administered to maintain the Member's Stabilized condition within 1 hour

of a request to Physician for pre-approval of further post-stabilization care services.

4.2.8.1 Physician is also financially responsible for post-stabilization care services obtained within or outside Physician's network that are not pre-approved by a plan provider or other entity representative, but administered to maintain, improve or resolve the Member's Stabilized condition if Physician does not respond to a request for pre-approval within 30 minutes; Physician cannot be contacted; or Physician's representative and the treating physician cannot reach an agreement concerning the Member's care and a plan physician is not available for consultation. In this situation, Physician must give the treating physician the opportunity to consult with a plan physician and the treating physician may continue with care of the patient until a plan physician is reached or one of the criteria of 422.133(c)(3) is met.

4.2.8.2 Physician's financial responsibility for post-stabilization care services it has not pre-approved ends when a plan physician with privileges at the treating hospital assumes responsibility for the Member's care, a plan physician assumes responsibility for the Member's care through transfer, a plan representative and the treating physician reach an agreement concerning the Member's care; or the Member is discharged.

4.2.8.3 Not Applicable to this Contract.

4.2.8.4 Consistent with 42 CFR 438.114(e), 422.1 13(c)(2), and 422.214, Physician is financially responsible for payment for post-stabilization services following an emergency admission. Physician shall reimburse those physicians providing post-stabilization services with whom Physician has a contract according to the terms of that contract. Physician shall reimburse all non-contracted physicians providing post-stabilization services in accordance with the Medi-Cal Fee Schedule as defined in CalOptima Policy.

4.3 NEWBORN SERVICES --- Physician shall provide all Covered Services to any newborn child born to a Member for the month of the birth and the following month.

4.4 FAMILY PLANNING --- Physician is solely responsible for developing policies and procedures to ensure that Member's Family Planning information and records are confidential as required by State law. Family Planning information and records shall not be released to any third party without the consent of the Member. Notwithstanding the foregoing, Physician shall provide Family Planning

information to CalOptima, or authorized representatives of the State or federal government or the Member's PCP to maintain consistency of the Member's Medical Record. Physician's Subcontracts with PCPs must include language regarding the confidentiality of Family Planning documents, information and records. Prior authorization for Family Planning services, shall not be required.

4.4.1 Physician shall comply with OBRA 1987, Section 4113(c)(1)(B), which requires Physician to certify that it shall not restrict or prevent a Member from selecting a Participating Provider or an Out of Network Provider to deliver Family Planning Covered Services and supplies. This does not relieve Physician from financial responsibility for such services.

4.4.2 Physician shall not prevent Members from receiving Family Planning Covered Services from Out of Network Providers.

4.4.3 Physician shall provide information that clearly explains the rights of the Member regarding the choice of Family Planning Providers. Physician shall also provide similar information to all Providers who are either PCPs, obstetricians, gynecologists, or urologists. The intent of this information is to implement the specifications of this paragraph by arranging for the availability of consistent and accurate information from the Member's PCP, obstetrician, gynecologist, or urologist about the Member's rights to freedom of choice regarding Family Planning Providers.

4.4.4 Physician shall provide information to Members and Participating Providers about a Member’s right to file a grievance or request a State hearing, in accordance with CalOptima Policies, for any reason including if the Member has reason to believe that the Physician has restricted, prevented, impaired or denied the Member’s free choice of Family Planning Providers.

4.4.5 Physician shall incorporate specifications of this Section in its Subcontracts with its PCPs, obstetricians, gynecologists, and urologists.

4.5 ANCILLARY SERVICES FOR LONG TERM CARE --- Physician shall provide authorized Covered Services, including ancillary Covered Services for both emergent and routine laboratory tests and x-rays, not included in the facility day rate for all Members residing in Long Term Care Facilities.

4.6 ACCESS TO SERVICES TO WHICH PHYSICIAN OR A SUBCONTRACTOR HAS A MORAL OBJECTION --- Unless prohibited by law, Physician shall arrange for the timely referral and coordination of Covered Services to which Physician or a Subcontractor has religious or ethical objections to perform or otherwise support and shall demonstrate ability to arrange, coordinate and ensure provision of services through referrals.

4.7 ALCOHOL AND SUBSTANCE USE DISORDER TREATMENT SERVICES. Physician shall ensure the provision of SBIRT services by a Member's PCP to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol and illicit drugs. PCP shall refer Members to substance use disorder treatment when there is a need beyond SBIRT. Physician shall document SBIRT services in Members Medical Record.

4.8 AMERICAN INDIAN HEALTH SERVICE PROGRAMS --- American Indian Health Service Programs can operate as a Primary Care Physician for American Indian Members, and as such can provide referrals directly to network Physician without first requesting a referral from a network Primary Care Physician. Physician shall ensure timely access to American Indian Health Service Programs by including American Indian Health Service Programs within Physician's network for American Indian Members in accordance with 42 CFR 438.14(b).

4.9 PARTICIPATION IN CALOPTIMA WHOLE CHILD MODEL PROGRAM--- Physician acknowledges and agrees that its participation in CalOptima WCM is conditioned on transfer of CCS to CalOptima and the PHC meeting DHCS access and other requirements as they apply to the PHC as a Health Network. Upon meeting those conditions, CalOptima shall notify Physician of the date upon which Physician will be considered to be "Participating in the CalOptima Whole Child Model Program" as this phrase is used in this Contract, and at which time Physician shall commence all CalOptima WCM obligations."

ARTICLE 5
Obligations of Physician – Access

5.1 TWENTY-FOUR (24) HOUR PHYSICIAN COVERAGE ---- Physician shall ensure that a physician Participating Provider or physician employed by Physician is available twenty-four (24) hours a day, seven (7) days a week for timely authorization and consultation for Medically Necessary Covered Services, including, but not limited to, authorizing Medically Necessary post-stabilization care, coordinating the transfer of Stabilized Members in an emergency department, and for general communication with emergency room personnel, if necessary, in accordance with CalOptima Policies. In addition, Physician shall ensure disputed requests for authorizations are timely resolved in accordance with applicable law and regulations, as well as CalOptima Policies.

5.2 URGENT CARE SERVICES --- Physician shall make Covered Services available within twenty-four (24) hours or as appropriate for Urgent Care.

5.3 INITIAL HEALTH ASSESSMENT APPOINTMENT --- Physician shall have a process in place to ensure each Member is scheduled for an initial health assessment within one hundred twenty (120) calendar days following enrollment with

CalOptima, unless otherwise directed by CalOptima Policies. At a minimum, an initial health assessment shall include administration of the Staying Healthy Assessment Tool, a medical history, weight and height data, blood pressure, preventive health screens and tests which are required under CalOptima Policies, discussion of appropriate preventive measures, and arrangement of future follow-up appointments as indicated. The initial health assessment shall include the identification, assessment and development of care plans as appropriate for Members with special health care needs. The initial and periodic health assessment appointments shall include a dental screening/oral health assessment for all Members under 21 years of age and include annual dental referrals made with the eruption of the child's first tooth or at 12 months of age, whichever occurs first. Physician shall ensure that Members are referred to appropriate Medi-Cal dental Providers and provide Medically Necessary Federally Required Adult Dental Services (FRADs) and fluoride varnish. CalOptima may establish minimum performance requirements for completion of the initial health assessment. Physician's failure to perform at or in excess of minimum performance requirements shall subject Physician to sanctions in accordance with this Contract and CalOptima Policies. Physician shall ensure that health assessment information shall be recorded in the Member's Medical Record.

5.4 APPOINTMENT FOR PEDIATRIC PREVENTIVE COVERED SERVICES --- Physician shall schedule periodic pediatric screenings in accordance with the American Academy of Pediatrics (AAP) periodic schedule and/or DHCS requirements. Immunizations are to be provided according to the latest guidelines published by the AAP and the Advisory Committee on Immunization Practices (ACIP). If there are any conflicts in the recommendations, the higher standard shall be recognized. Adults shall receive periodic health assessments according to the guidelines published by the United States Preventive Services Task Force.

5.5 HOSPITAL GEOGRAPHIC DISTRIBUTION --- Physician agrees that each hospital participating shall be located within ten (10) miles or thirty (30) minutes of the PCPs designated service area with active medical staff privileges at each hospital.

5.6 DAYS TO APPOINTMENT --

5.6.1 Non-Emergency Covered Services – Physician shall ensure that appointments are scheduled with a PCP for non-emergency or non-urgent Covered Services within ten (10) business days of a Member's request. Physician shall also have a process in place for follow-up on Member missed appointments.

5.6.2 Specialist Services – Physician shall ensure that appointments are scheduled with Specialists within fifteen (15) business days of request of appointment. Physician shall arrange for the provision of specialty services from

specialists outside the network if unavailable within Physician's network, when determined medically necessary.

5.6.3 Preventive Covered Services – Physician shall schedule health assessments and general physical examinations in advance consistent with professionally recognized standards of practice as determined by the treating Provider acting within the scope of his or her practice and in accordance with CalOptima Policies.

5.6.4 Maternity Covered Services – Physician shall ensure that the first prenatal visit for a pregnant Member will be available within two (2) weeks upon request. Subsequent routine appointments shall be scheduled in advance in accordance with applicable Department of Managed Health Care regulations governing timely access to non-emergency health care services. Physician shall cover and ensure the provision of all Medically Necessary services for pregnant Members. Physician shall ensure that the most current standards or guidelines of the American College of Obstetricians and Gynecologists (ACOG) are utilized as the minimum measure of quality for perinatal services.

5.6.5 Measurement – Physician shall periodically measure days to appointment.

5.6.6 The applicable waiting time for a particular appointment may be extended if the referring or treating licensed health care provider, or the health professional providing triage or screening services, as applicable, acting within the scope of his or her practice and consistent with Professionally recognized standards of practice, has determined and noted in the relevant record that a longer waiting time will not have a detrimental impact on the health of the Member.

5.6.7 Members shall be offered appointments within the following timeframes:

5.6.7.1 Urgent care appointment for services that do not require prior authorization – within 48 hours of a request;
5.6.7.2 Urgent appointment for services that do require prior authorization – within 96 hours of a request;
5.6.7.3 Non-urgent primary care appointments – within ten (10) business days of a request;
5.6.7.4 Non-urgent appointment for ancillary services for the diagnosis or treatment of injury, illness, or other health condition – within 15 business days of request.

5.6.8 In the event that a Provider, including a PCP, is terminated or leaves the Physician for any reason, Physician shall ensure that there is no disruption in services

provided to members who are receiving treatment for a chronic or ongoing medical condition or LTSS

5.7 OFFICE WAITING TIMES --- Physician shall periodically measure office waiting times to ensure compliance with CalOptima Policies, by its subcontracted Participating Providers, and shall take appropriate action to provide notice to Participating Providers if they are not meeting the wait time requirements that they may be sanctioned for such non-compliance up to and including termination of their Subcontract. Physician's failure to monitor and enforce Participating Provider office wait time requirements in accordance with the terms of this Contract may subject Physician to sanctions as set forth in this Contract and CalOptima Policies.

5.8 TIME LIMIT FOR DECISION ON REFERRALS --- Physician shall provide a decision on authorization requests for those Covered Services that are not Urgent Care Services or Emergency Services, including Specialty Physician referrals as set forth in CalOptima's utilization management program. These Covered Services shall be provided or made available to the Member within fifteen (15) calendar days after authorization is granted. Physician shall take no punitive action of any kind, and shall ensure that no Subcontractor takes any punitive action of any kind, against a Participating Provider or Subcontractor who either requests an expedited review or supports a Member's appeal.

5.9 CHANGES IN AVAILABILITY OR LOCATION OF COVERED SERVICES --- Any substantial change in the availability or location of services to be provided under this Contract requires the prior written approval of DHCS. Physician's or a Subcontractor's proposal to reduce or change the hours, days, or location at which the services are available shall be given to CalOptima at least 75 days prior to the proposed effective date. DHCS' denial of the proposal shall prohibit implementation of the proposed changes. Physician's proposal shall allow for timely notice to Members to allow them to change PCPs if desired, as provided in Section 5.10 of this Contract.

5.10 NOTICES ABOUT PCP CHANGES --- Physician shall give Members thirty (30) calendar days' notice if their PCP withdraws from Physician. All notices sent to Members shall be submitted to CalOptima for prior approval before distribution to Members. Such notices must include instructions for selecting a new PCP should the Member not be satisfied with a new PCP assigned by Physician. With the exception of PCP terminations in which a provider is immediately terminated due to endangering the health and safety of patients, committing criminal or fraudulent acts or engaging in grossly unprofessional conduct, Members not receiving thirty (30) calendar days advance notice of PCP withdrawal shall be permitted to self-refer within the Physician for up to sixty (60) calendar days or until a new PCP is chosen by Member.

5.11 CHOICE OF PCP --- Physician shall offer each Member the opportunity to choose a PCP affiliated with the Physician. A Member may elect to obtain primary care services from a contracted non-physician medical practitioner as long as there is a physician who has ultimate responsibility for the Member's Care Management Services. When Physician receives the Member's files from CalOptima and determines that the Member has not indicated a PCP choice, Physician shall assign the Member to a PCP and include information about this assignment with the required enrollment information sent to the Member within seven (7) calendar days of notification of a Member's enrollment in PHC. Physician shall permit Members to change PCPs at least monthly, and to change more often if assignment of a specific PCP would be harmful to the interest of the Member.

5.12 PROVIDERS ELIGIBLE FOR PARTICIPATION IN MEDI-CAL --- Except in emergency situations, Physician shall use only Providers who are eligible for participation in the Medicare and/or Medi-Cal program to provide the Covered Services required under this Contract. Providers shall: (i) not be suspended, excluded or otherwise ineligible to participate in any Federal and/or State health care programs; (ii) have not ever been suspended, excluded or otherwise ineligible to participate in any Federal and/or State health care programs based on a mandatory exclusion as defined in 42 U.S.C. § 1396a-7(a); and (iii) have not been convicted of any felony, or any misdemeanor involving fraud or abuse in any government program, or related to neglect or abuse of a patient in connection with the delivery of a health care item or service, or in connection with the interference with or obstruction of any investigation into health care related fraud or abuse or that has been found liable for fraud or abuse in any civil proceeding, or that has entered into a settlement in lieu of conviction for fraud or abuse in any government program, within the previous 10 years.

5.13 PROVIDER TO MEMBER STAFFING RATIOS ---

5.13.1 Provider to Member Ratios - As specified by the State, Physician shall ensure that PCP staffing ratios satisfy the following full-time equivalent provider to Member ratios:

5.13.1.1	Primary Care Physicians	1:2,000 Members;
5.13.1.2	Total physicians and	1:1,200 Members;
5.13.1.3	If Non-Physician Medical Practitioners are included in Physician's Network, each individual Non-Physician Medical Practitioner shall not exceed a full-time equivalent provider/Member caseload of one (1) provider per 1,000 Members.	

5.13.2 Supervising Physicians - Physician shall ensure that physicians who supervise non-physician mid-level staff are certified to supervise by the California Medical Board. As specified by the State, the ratio of physician supervisor to non-physician medical practitioner shall satisfy the requirement of a minimum of one (1) physician to:

5.13.2.1 Four (4) nurse practitioners; or
5.13.2.2 Four (4) physician assistants; or
5.13.2.3 Four (4) non-physician medical practitioners in any combination that does not include more than three (3) certified nurse midwives or two (2) physician assistants.

5.14 PCP GEOGRAPHIC DISTRIBUTION --- Physician shall maintain a network of PCPs, to make available to every Member a PCP whose office is located within thirty (30) minutes or ten (10) miles of Member's place of residence. Nothing in this provision shall be interpreted as preventing a Member from choosing a PCP beyond these geographic limits.

5.15 SPECIALIST GEOGRAPHIC DISTRIBUTION --- Physician shall make available to every Member, Specialists whose offices are located within fifteen (15) miles or thirty (30) minutes from the Member's place of residence as required in W & I Code Sections 14197(b) and (c). Physician shall provide transportation for Members when the nearest available Specialist is more than fifteen (15) miles from Member's place of residence.

5.16 PHYSICAL ACCESS --- Physician's and its Subcontractor's facilities shall comply with the requirements of Title III of the Americans with Disabilities Act of 1990, and shall ensure access for the disabled, which includes, but is not limited to, ramps, elevators, restrooms, designated parking spaces, and drinking water provision.

5.17 ACCURACY OF PROVIDER DIRECTORY --- Physician shall notify CalOptima within five (5) business days when either of the following occur:

5.17.1 The Provider is not accepting new Members.
5.17.2 If the Provider had previously not accepted new Members, the Provider is currently accepting new Members

ARTICLE 6
Obligations of Physician – Clinical Quality

6.1 LICENSURE --- Physician shall ensure that every physician providing Covered Services and employed or engaged by Physician or Subcontractor shall retain at all times during the period of this Contract a valid license to practice medicine issued

by the Medical Board of the State of California, without restriction to practice in designated field of medicine.

6.2 HEALTH EDUCATION AND PREVENTION --- Physician shall inform Members of contributions which they can make to the maintenance of their own health and the proper use of health care services and have a program of health education and prevention (HEP) available in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement. Physician shall:

6.2.1 Coordinate and integrate with CalOptima's QI Program;
6.2.2 Refer Members to appropriate HEP, based on the Member's needs;
6.2.3 Implement and utilize the Staying Healthy Assessment Tool as defined in CalOptima Policies; and,
6.2.4 Educate Providers and Members regarding Health Education services available to Members.

6.3 CLINICAL LABORATORY IMPROVEMENT AMENDMENTS --- Physician shall only use laboratories with a Clinical Laboratory Improvement Amendments (CLIA) certificate of waiver or a certificate of registration along with a CLIA identification number. Those laboratories with certificates of waiver shall provide only the types of tests permitted under the terms of their waiver. Laboratories with certificates of registration may perform a full range of laboratory tests.

6.4 QUALITY IMPROVEMENT PROGRAM --- Physician shall participate and cooperate in CalOptima's Quality Improvement Program. Physician shall establish, maintain and operate a Quality Improvement Program, in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement, which shall include an Annual Program Plan, Work Plan, and Annual Evaluation of Effectiveness of the QI program, as well as a semi-annual report to CalOptima's QI department using the Industry Collaboration Effort (ICE) Reporting Tool, which are consistent with current industry standards, Centers for Medicare and Medicaid Services (CMS), National Committee for Quality Assurance (NCQA), Joint Commission, and DHCS, and meets the requirements of CalOptima's Quality Improvement Program. Physician shall facilitate quality studies and assist in collection of comparative data collected from all Participating Providers using objective parameters (e.g., the current version of Healthcare Effectiveness Data and Information Set (HEDIS)). Physician shall adopt a detailed written Quality Improvement (QI) Plan, which shall include:

6.4.1 Well defined goals and objectives of the QI Program;

6.4.2 A well-defined scope of the QI Program that considers all different types and levels of care and service provided to Members; and

6.4.3 Clearly defined accountability and responsibility for the QI Program.

6.4.4 The Board of Directors of the PHC or a multi-disciplinary QI Committee designated by the Board of Directors of PHC shall oversee the QI Program conducted by PHC. This committee shall be separate from the Utilization Review committee (though members may be the same) and have a separate agenda. The QI Committee shall have adequate representation from PHC. The QI Committee shall meet at least on a quarterly basis. PHC shall maintain attendance records and meeting minutes related to the QI Program.

6.4.5 The QI Program activities shall be reported in writing to PHC's Board of Directors at least on a quarterly basis. These reports shall be available to CalOptima upon request.

6.4.6 PHC's QI Program shall include involvement and participation in network-wide studies/projects initiated by CalOptima.

6.4.7 PHC shall develop an annual QI work plan, which includes the following:

6.4.7.1 Goals, scope and planned projects for the year;

6.4.7.2 Planned monitoring of identified issues and tracking these issues over time;

6.4.7.3 Planned studies/audits suggested by CalOptima or PHC; and

6.4.7.4 An annual evaluation of the QI Program/Plan.

6.4.8 PHC shall have a written procedure for responding to the findings of QI activities, such as collecting data, analyzing results, implementing corrective action plans, and reassessing the same data for improvement.

6.4.9 Requirements for the PHC's QI Program shall be established by the PHC's QI Committee and requirements may change based on changes in industry standards. CalOptima's QI Committee shall notify PHC of any additional changes in QI standards and requirements that shall be incorporated in PHC's QI Program. PHC shall not be required to change QI Program requirements more frequently than once per year.

6.4.10 PHC shall report findings and actions taken as a result of the quality improvement activities to CalOptima at least quarterly. In addition, PHC provide, upon request, summaries of QI Committee meetings, findings following review of specific cases and other reviews to CalOptima.

6.4.11 PHC shall respond promptly to all of CalOptima's requests for: (a) Medical Records; or (b) written responses to quality of care issues or Member complaints.

6.4.12 Physician shall allow CalOptima to use performance data for various program purposes, but not limited to, quality improvement activities, public reporting to consumers, and cost sharing for quality improvement activities, as identified in CalOptima Policy.

6.5 CASE MANAGEMENT SERVICES --- Physician shall offer a comprehensive Case Management Services program that targets medically and socially complex Members in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement. The Case Management Services program shall consider the Member as a whole individual taking into consideration not only his/her medical needs but also the individual in context of cultural values, age, disability and self-determination.

6.5.1 Physician shall develop and implement policies and procedures that outline processes to support Case Management Services including but not limited to:

6.5.1.1 Pro-active identification mechanisms of high risk Members;

6.5.1.2 Referral processes;

6.5.1.3 Triage mechanisms with appropriate time frames;

6.5.1.4 Comprehensive assessment processes and formats;

6.5.1.5 Care plan development and care plan implementation guidelines and format;

6.5.1.6 Carve-out service coordination;

6.5.1.7 Documentation and communications processes for all Case Management Services; and

6.5.1.8 Mechanism for evaluation of Case Management Program outcomes.

6.5.2 Physician Case Management Services shall demonstrate the ability to find, receive, and process referrals for Covered Services and Urgent Care Services of Members who meet one (1), or more of the following conditions:

6.5.2.1 Are medically complex, demonstrate an inability to manage their medical condition and are at risk of exacerbation without intervention;

6.5.2.2 Demonstrate high recidivism;

6.5.2.3 Are chronically ill;

6.5.2.4 Have a catastrophic diagnosis;

6.5.2.5 Have inadequate family/community support;

6.5.2.6 Are cost and/or length of stay outliers;

6.5.2.7 Are receiving six (6) or more chronic medications per month;

6.5.2.8 Are transitioning between Providers that may cause continuity of care, concerns; and

6.5.2.9 Are Members with Special Health Care Needs.

6.5.3 CalOptima shall be entitled to periodically review Physician's Case Management Services program to determine compliance with Case Management Services standards. Physician shall furnish Case Management Services records and information to CalOptima upon request.

6.5.4 Physician Case Management shall collaborate with CalOptima on cases identified by CalOptima as needing care coordinator interventions.

6.5.5 As a component of the Case Management requirements in this Contract, Physician shall assure that Physician possesses adequate information management systems and capabilities to support Case Management functions and to meet guidelines established by CalOptima in CalOptima Policies.

6.6 OBLIGATION OF PHYSICIAN UPON TERMINATION OF CONTRACTED PROVIDERS --- Physician shall ensure continuity and coordination of care by notifying Members affected by the termination of a Provider or practice site, and assisting them in selecting a new PCP or PCP site. Physician shall notify Members affected by the termination of a PCP or PCP site at least thirty (30) calendar days prior to the effective termination date, and assist them in selecting a new PCP or PCP site. Physician shall notify Members being seen regularly by a specialist or specialty group whose contract is terminated at least thirty (30) calendar days prior to the effective termination date and assist them in selecting a different Provider or site. Physician shall obtain the prior written approval of CalOptima before furnishing such notice, as CalOptima must obtain written approval of DHCS as to

form and content. When a Provider's contract is discontinued, and either the Provider or Physician decides to terminate the contract for reasons other than professional review actions; or the Member is seeing one (1) Provider within a group and that Provider discontinues with Physician, but the rest of the group continues its contract with Physician, then Physician shall allow Members to have continued access to that Provider under the following circumstances:

6.6.1 Members undergoing active treatment for a chronic or acute medical condition (in which discontinuity could cause a recurrence or worsening of the condition under treatment and interfere with anticipated outcomes) have access to their discontinued Provider through the current period of active treatment or for up to ninety (90) calendar days, whichever is shorter; and

6.6.2 Members in their second (2nd) or third (3rd) trimester of pregnancy have access to their discontinued Provider through the postpartum period.

6.7 WHOLE CHILD MODEL PROGRAM ---

6.7.1 WHOLE CHILD MODEL PROGRAM COMPLIANCE --- Effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, Physician shall be responsible for identifying children with qualifying medical and surgical conditions and coordinating appropriate referrals of children with CCS Eligible Conditions as defined in Title 22, CCR Sections 41515.2 through 41518.9 and agrees to implement the Whole Child Model Program in accordance with this Contract and CalOptima Policies.

6.7.1.1 Effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, Physician shall provide all Medically Necessary services previously covered by the CCS Program as Covered Services for Members who are eligible for the CCS Program, and for Members who are determined medically eligible for CCS by the local CCS Program.

6.7.1.2 To ensure consistency in the provision of CCS Covered Services, Physician shall use all current and applicable CCS Program guidelines, including CCS Program regulations, CCS Program information notices, and CCS numbered letters in developing criteria for use by Physician's Medical Director or equivalent, and other care management staff. When applicable CCS clinical guidelines do not exist, Physician shall use evidence-based guidelines or treatment protocols that are medically appropriate given the Member's CCS Eligible Condition.

The CCS numbered letters are posted by DHCS at the following web address for guidance on providing CCS Covered Services to Members eligible for CCS:

http://www.dhcs.ca.gov/services/ccs/Pages/CCSNL.aspx

6.7.1.3 Effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, Physician shall be responsible for all available Medically Necessary Medi-Cal services that are Covered Services under the CalOptima Medi-Cal Program. Any Medically Necessary CCS Services not available as a CalOptima Medi-Cal Covered Service shall remain the responsibility of the State and the county.

6.7.2 CCS PROVIDER NETWORK --- In its roles as a Health Network, PHC shall utilize only CCS-Paneled Providers to treat CCS Eligible Conditions when a Member's CCS Eligible Condition requires treatment. Physician shall include in their network an adequate number of CCS Providers able to serve the needs of Members with CCS Eligible Conditions and receive timely access. Physician's network shall include an adequate number of CCS-Paneled Providers who are board-certified in both pediatrics and the appropriate pediatric subspecialty conditions and an adequate number of hospitals and/or facilities that include neonatal intensive care units, CCS-approved pediatric intensive care units, CCS-approved inpatient facilities and special care centers approved by the CCS Program to treat CCS Eligible Conditions. However, Members cannot be limited to a single delegated entity's provider network. Physician must ensure Members have access to all Medically Necessary CCS-Paneled Providers within CalOptima's provider network. In addition, Physician may use an out-of-state Provider, in accordance with APL 17-019, if an in-state CCS Provider does not possess the clinical expertise to appropriately treat the Member's CCS condition. If no in-network CCS-Paneled Provider possesses the clinical expertise to appropriately treat a Member's CCS condition, then CCS delegated Physician shall arrange and pay for, and coordinate the provision of, the Medically Necessary Covered Services to the Member by one or more out-of-network CCS-Paneled Providers who possess the appropriate knowledge and clinical experience. CCS delegated Physician shall implement procedures to identify individuals who may need or who are receiving services from Out-of-Network Providers and/or programs in order to ensure coordinated service delivery and efficient and effective joint case management.

6.7.3 CCS PROVIDER CREDENTIALING --- Physician shall credential CCS Providers in accordance with the existing credentialing requirements along with the requirements of APL 18-011. DHCS will retain responsibility for

paneling CCS specialists. In addition, CCS Providers shall be able to utilize CalOptima's provider grievance process.

6.7.4 COVERED CCS SERVICES --- In addition to other services required to be provided to Members under this Contract, effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, Physician shall cover CCS Services for Members determined to be eligible in accordance with the CCS Program medical eligibility regulations. Upon diagnostic evidence that a Member under 21 years of age may have a CCS Eligible Condition, Physician shall refer the Member to the county CCS office for eligibility determination.

6.7.4.1 Physician shall ensure assessment and care coordination for the transition of Members who are eligible for CCS Services and receiving services through the CCS Program at the time of the transition.

6.7.4.2 For the identification of Members eligible for CCS Services, Physician shall ensure the following:

6.7.4.2.1 Participating Providers shall perform appropriate baseline health assessments and diagnostic evaluations that provide sufficient clinical detail to establish, or raise a reasonable likelihood, that a Member has a CCS Eligible Condition.

6.7.4.2.2 Initial referrals of Members with CCS Eligible Conditions shall be made to CalOptima by telephone, same day mail, or fax or other secure electronic system, and CalOptima will submit the referral and medical documentation to the County CCS Program for eligibility determination. The initial referral shall be followed by submission of supporting medical documentation sufficient to allow for eligibility determination by the county CCS Program.

6.7.4.2.3 Physician shall provide all Medically Necessary CCS Services for the Member's CCS Eligible Condition(s).

6.7.4.2.4 If the County denies CCS Program eligibility for a Member referred by Physician, Physician remains responsible for the provision of all Medically Necessary Covered Services to the Member, including EPSDT services.

6.7.5 CONTINUITY OF CARE --- Effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, Physician shall provide continuity of care to CCS-eligible Members transitioning to the Whole Child Model Program in accordance with Welfare and Institution Code Sections 14094.13, Health and Safety Code Section 1373.96, APL 18-011, and as follows:

6.7.5.1 In accordance with Welfare and Institutions Code, Section 14094.13(a)-(d), Hospital must allow for continuity of care between Members eligible for CCS Services and CCS Providers, and Providers of Specialized Durable Medical Equipment, with whom there is an existing relationship for up to 12 months after the transition. At its discretion, Physician may extend the continuity of care period beyond the 12 months specified in this Section.

6.7.5.2 For out-of-Network CCS Providers and Providers of Specialized Durable Medical Equipment, Physician must allow for continuity of care under the following conditions:

6.7.5.2.1 The Member has seen the CCS Provider for a non-emergency visit at least once during the 12 months immediately preceding their transition to CalOptima's Whole Child Model Program, or the Member has previously received Specialized Durable Medical Equipment from a DME provider.

6.7.5.2.2 The CCS Provider or Provider of Specialized Durable Medical Equipment accepts Physician's rate for the service, or the applicable Medi-Cal or CCS fee-for-service rate, whichever is higher, unless the CCS Provider enters into an alternative payment methodology mutually agreed upon by Physician and the CCS Provider.

6.7.5.2.3 Physician confirms that the CCS Provider meets applicable CCS standards and has no disqualifying quality of care issues.

6.7.5.2.4 The CCS Provider or Provider of Specialized Durable Medical Equipment makes treatment information available to Physician, to the extent authorized by the State and federal patient privacy provisions.

6.7.5.3 Ensure that the continuity of care requirements for pharmaceutical services and provision of prescribed drugs are applied to Members who are eligible for the CCS Program at the time of the transition to the Whole Child Model Program. Before the previously prescribed drug is discontinued, Physician and the Member's prescribing CCS Provider shall complete the necessary evaluation and treatments and must both agree that the previously prescribed drug is no longer Medically Necessary, or that it is no longer prescribed by the Member's prescribing CCS Provider.

6.7.6 EPSDT SERVICES --- Effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, for CCS-eligible Members, Physician shall provide all Medically Necessary Covered Services, including EPSDT services when the scope of an EPSDT benefit is more generous than the scope of a CCS benefit. In such cases, Physician shall apply the EPSDT standard of what is Medically Necessary to correct or ameliorate the Member's condition.

6.7.7 CASE MANAGEMENT AND COORDINATION OF CARE --- Effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, Physician shall provide service authorization, case management, and care coordination for CCS Services by an employee or Subcontractor with knowledge or adequate training on the CCS Program, and clinical experience with either the CCS population or pediatric patients with complex medical conditions.

6.7.7.1 Once a Member's eligibility for the CCS Program is established, CalOptima shall complete the risk level and needs assessment required under APL 18-011. Physician shall provide Complex Case Management services to all Members eligible for CCS Services and coordinate care between the Primary Care Provider, CCS specialty services, and if applicable Outpatient Mental Health Services and regional center services across all settings. The provision of Complex Case Management shall include the facilitation of communication between the Member's health care Providers, personal care Providers such as IHSS and behavioral health Providers, and when appropriate, the Member and/or Member's parents, custodial parents, legal guardians, or other authorized representatives.

6.7.7.2 Physician shall also arrange referral to Specialty Mental Health, and Drug Medi-Cal services as appropriate through the county substance use disorder program if determined necessary through CalOptima's assessment. To arrange services with a regional center, Physician shall:

6.7.7.2.1 Coordinate with Members eligible for CCS Services and their parents, custodial parents, legal guardians, or other authorized representatives, in understanding and accessing services; and

6.7.7.2.2 Operate as a central point of contact for questions regarding access, care, and problem resolution.

6.7.7.3 Physician shall create an individual care plan (ICP) for CCS-eligible Members who have been determined high risk through the CalOptima risk stratification process, incorporate the required elements stated in Welfare and Institutions Code, Section 14094.11(c) and APL 18-011, be specific to individual Member needs, and update the ICP at least annually.

6.7.7.4 Provide Person-Centered Planning, case management and coordination of care, to Members eligible for CCS Services and in collaboration with the Member's parents, custodial parents, legal guardians, or other authorized representatives.

6.7.7.5 Provide information to Members eligible for CCS Services on how to access local family resource centers or family empowerment centers.

6.7.7.6 Allow a Member eligible for CCS Services, or the Member's parents, custodial parents, legal guardians, or other authorized representatives, to request continuing case management and care coordination from their public health nurse within 90 days of transitioning to the Whole Child Model Program, in accordance with Welfare and Institutions Code, Section 14094.13(e). If the county public health nurse leaves the CCS Program or is no longer available to provide case management and care coordination, Physician shall transition those services to one of its case managers who has received adequate training on the CCS Program and has clinical experience with the CCS population or pediatric patients with complex medical conditions.

6.7.8 RIGHTS FOR MEMBERS ELIGIBLE FOR CCS ---

6.7.8.1 Effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, Physician shall provide a mechanism for a Member eligible for CCS Services, or the Member's parents, custodial parents, legal

guardians, or other authorized representatives, to request a Specialist or clinic as a Primary Care Provider.

6.7.8.2 Effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, for Members receiving continuity of care, PHC shall send a written notice 60 days prior to the end of the authorized continuity of care period. The notice shall explain the right to petition PHC for an extension of the continuity of care period, the criteria used to evaluate the petition, and the appeals process if Physician denies the petition.

6.7.8.3 In addition to the Member's right to file a Grievance or request an appeal or State Fair Hearing, effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, PHC as applicable shall also ensure that Members who are eligible for CCS Services, or the Member's parents, custodial parents, legal guardians, or other authorized representatives, may appeal the continuity of care limitations, or the extension of a continuity of care period in accordance with Welfare and Institutions Code, Section 14094.13(i)(1).

6.7.8.4 Effective July 1, 2019, or such later date as Physician shall begin Participating in the CalOptima Whole Child Model Program, PHC as applicable shall also ensure that CCS-eligible Members, or the Members' parents, custodial parents, legal guardians, or other authorized representatives, retain the right to request an Appeal and State Fair Hearing for adverse benefit determinations that involve delay, modification, denial, or discontinuation of CCS Services in accordance with CalOptima Policy.

6.7.8.5 PHC must ensure Members are provided information on grievances, appeals and State Fair Hearing processes as provided under CalOptima Policies. Effective July 1, 2019, or such later date as PHC shall begin Participating in the CalOptima Whole Child Model Program, CCS-Eligible Members enrolled in managed care are provided the same grievance, appeal and State Fair Hearing rights as provided under APL 18-001, and State and Federal law.

6.8 CREDENTIALING REQUIREMENTS --- Physician acknowledges and agrees that CalOptima has delegated credentialing and recredentialing obligations to Physician. Physician shall have an ongoing credentialing and recredentialing program covering Participating Providers (e.g. Practitioners, organizational providers and licensed independent practitioners) consistent with CalOptima

Policies and in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement. Physician shall comply with all credentialing and recredentialing obligations as specified in this Contract and CalOptima Policies.

6.8.1 Physician shall have a mechanism in place to ensure confidentiality of information collected during the credentialing and recredentialing process.

6.8.2 Physician shall ensure that all Participating Providers who furnish items and/or services to Members and/or submit claims and/or receive reimbursement for Covered Services furnished to Members meet CalOptima's credentialing and recredentialing requirements as specified in CalOptima's Credentialing and Recredentialing Policy. Physician shall ensure that any Participating Provider who is required to meet credentialing and recredentialing requirements, but fails to do so, does not furnish items and/or services and/or receive reimbursement for any Covered Services furnished to Members. Physician shall ensure that all contracts with Participating Providers who are subject to these requirements allow for termination of the Participating Provider's right to furnish items and/or services to Members and/or submit claims and/or receive reimbursement for Covered Services furnished to Members.

6.8.3 Physician shall provide to CalOptima or have available for CalOptima review upon request the following:

6.8.3.1 An accurate, current, signed copy of the DHCS Medi-Cal Disclosure Form, DHS-6216 (07/05), or such other disclosure form as DHCS may otherwise provide to meet the requirements of Section 51000.35 of Title 22 of the California Code of Regulations.

6.8.3.2 A signed attestation that all Participating Providers who are required to meet CalOptima Minimum Standards in order to furnish, submit claims and/or receive reimbursement for Covered Services furnished to Members meet CalOptima's Minimum Standards as specified in CalOptima Policies.

6.8.3.3 An annual signed attestation that all Participating Providers are credentialed to the standards set forth by CalOptima.

6.8.3.4 Monthly summary of all credentialing and recredentialing activity including the name of Participating Provider, date of facility site review (if applicable) and decision date.

6.8.3.5 Concurrent reporting of any adverse action toward a Participating Provider, including adverse actions reported to a governmental or other regulatory agency.

6.8.3.6 Not Applicable to this Contract.

6.9 BOARD CERTIFICATION --- Physician shall ensure that all Practitioners furnishing Covered Services to Members meet those requirements identified in CalOptima Policy regarding Board Certification.

6.9.1 Physician shall ensure that any Practitioner who is required to meet the requirements set forth above, but fails to do so, does not furnish items and/or services to Members, submit claims and/or receive reimbursement for any Covered Services furnished to Members. Physician shall ensure that all contracts with Practitioners who are subject to these requirements allow for termination of the Practitioners' right to furnish items and/or services, submit claims and/or receive reimbursement for Covered Services furnished to Members.

6.9.2 Physician acknowledges that these requirements apply to each individual Practitioner that is affiliated with and/or part of any medical group, independent physician associations (IPA) and/or other organization or entity that contracts with Physician to furnish Covered Services to Members.

6.10 FACILITY SITE/MEDICAL RECORDS REVIEW (FSR/MRR) --- Physician shall participate in collaborative PCP site reviews for shared PCPs in accordance with MMCD Policy Letter specifications and other requirements of DHCS. Physician shall comply with CalOptima Policies related to PCP site reviews including those addressing collaborative programs.

6.11 COORDINATION AND CONTINUATION OF CARE --- PHC shall have systems in place to ensure managed patient care, including at a minimum:

6.11.1 Management and integration of health care, including Covered Services, through a PCP.

6.11.2 Referrals for Medically Necessary specialty, secondary and tertiary Covered Services.

6.11.3 Physician shall clearly specify referral requirements to Participating Providers and Subcontractors and establish a system to track and monitor services requiring prior authorizations through the Physician.

6.11.4 Physician shall have a utilization management program that meets guidelines as set forth in CalOptima Policies and is in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement.

6.11.5 Systems to assure provision of care in emergency situations, including an education process to help assure that Members know where and how to obtain Medically Necessary Covered Services in emergency situations.

6.11.6 The provision of Case Management Services as set forth in this Contract, CalOptima Policies and in coordination with CalOptima's Case Management program.

6.11.7 Systems for the consideration and approval of standing referrals, in accordance with CalOptima Policy.

6.11.8 PHC shall be responsible for coordinating care of certain services including:

6.11.8.1 Participating Providers providing Pediatric Preventive Services (CHDP shall document such services on the CMS-1500, UB-04 claim form or electronic equivalent.

6.11.8.2 Participating Providers providing CHDP agree to coordinate with the Orange County CHDP Program as set forth in the CHDP Program pursuant to CalOptima's Pediatric Preventative Services Policy;

6.11.8.3 Physician shall promote education and support systems that increase compliance with the standards for periodicity and content of pediatric health assessments;

6.11.8.4 Physician shall make referrals to the Women, Infants and Children Food Supplementation Program (WIC) in accordance with WIC policies and procedures;

6.11.8.5 Physician shall make referrals for perinatal Members to the PSS program pursuant to CalOptima Policy;

6.11.8.6 Physician shall make referrals to the Regional Center of Orange County (RCOC), as set forth in the RCOC MOU;

6.11.8.7 All Members between the ages of three (3) and twenty-one (21) shall be referred to a dentist in accordance with the most recent recommendations of the AAP, as part of periodic health assessment;

6.11.8.8 Physician shall be responsible for Covered Services that are related to dental services but are not provided by a dentist or dental anesthetists. Covered Services required for a dental procedure include but are not limited to: laboratory services, pre-admission physical examinations required for admission to inpatient and outpatient Facility, anesthesia services, and inpatient surgical services and inpatient hospitalization services as provided in CalOptima Policy. Physician shall develop referral and prior authorization policies and procedures to implement the above requirements. Physician shall submit these policies to CalOptima for review and approval;

6.11.8.9 Physician shall provide outpatient mental health services within the PCP's scope of practice. Physician shall refer Members requiring inpatient mental health services to the Orange County Health Care Agency (HCA) Behavioral Health Services. Physician shall retain financial responsibility for initial physical health assessment for any Member admitted to an inpatient facility. This assessment shall be performed by a facility physician or by the Member's PCP. Physician shall also maintain financial responsibility for any Covered Services that are Medically Necessary while Members are receiving inpatient care including but not limited to laboratory and/or x-ray services.

6.11.8.10 Mental Health Services. Physician shall provide Care Management Services for the Member's physical health needs and coordinate Covered Services with Specialty Mental Health Providers. This would include the coordination and responsibility for non-mental health services for Members undergoing inpatient psychiatric treatment. CalOptima shall retain financial responsibility for certain mental health psychotherapeutic drugs. Physician shall retain financial responsibility for laboratory tests associated with provision of mental health services, including but not limited to use of psychotropic drugs. Physician shall comply with all responsibilities, policies and procedures as set forth in the HCA/MHP MOU;

6.11.8.11 For Outpatient Mental Health Services, Physician shall refer Members to the CalOptima Behavioral Health for mild to moderate mental health conditions and the Administrative Service Organization (ASO) for Specialty Mental Health services.

6.11.8.11.1 To access mild to moderate Outpatient Mental Health Services that are outside the PCP's scope of practice, Physician shall refer Members to CalOptima's mental health contracted provider through CalOptima Behavioral Health. Members requiring alcohol and or substance use disorder treatment should be referred to the Orange County Drug Medi-Cal Organized Delivery System (DMC-ODS).

6.11.8.12 For outpatient Specialty Mental Health Services, Physician shall refer Members to the Administrative Service Organization (ASO) contracted by Orange County to provide assessment, referral and authorization services for Specialty Mental Health Services.

6.11.8.12.1 Physician shall provide Care Management Services for the Member's physical health needs and coordinate Covered Services with Specialty Mental Health Providers. DHCS retains financial responsibility for certain mental health psychotherapeutic drugs. Physician shall retain financial responsibility for laboratory tests associated with provision of mental health services, including but not limited to use of psychotropic drugs. Physician shall comply with all responsibilities, policies and procedures as set forth in the HCA/MHP MOU; and

6.11.8.12.2 Physician shall arrange and coordinate Medically Necessary Covered Services, including referral of Members requiring alcohol and drug treatment to Orange County DMC-ODS. Members requiring outpatient heroin detoxification shall be referred to appropriate Providers.

6.11.9 To the extent that the Physician is responsible for the coordination of care for Members, CalOptima shall share with Physician, in accordance with Section 14.12, any utilization data that DHCS has provided to CalOptima, and Physician shall receive the utilization data provided by CalOptima and use it as the Physician is able for the purpose of Member care coordination.

6.12 VACCINES --- Physicians shall assure, at a minimum, all routine pediatric vaccinations currently recommended by the AAP/ACIP and the United States Preventative Task Force and additional routine immunizations are provided to Members consistent with PHC's immunization policy. CalOptima shall not reimburse Physician for the cost of vaccines that are available under the Vaccines for Children (VFC) program. Providers administering pediatric immunizations shall maintain an appropriate supply of vaccines from the VFC program. Vaccinations, which are not part of the standard pediatric protocol, shall be administered according to CalOptima Policies.

6.13 PHARMACY APPROVED DRUG LIST COMPLIANCE --- Participating Providers shall comply with the CalOptima Approved Drug List and its associated drug utilization and disease management guidelines and protocols. Requests for items not included in the Approved Drug List shall require prior authorization by CalOptima. The prescribing physician shall be responsible for submitting prior authorization requests and responding to requests for additional information in accordance with regulatory timeframes. The prescribing physician shall provide CalOptima all information necessary to process prior authorization requests.

6.13.1 Physician may be subject to sanctions for Participating Provider's failure to comply with the prior authorization process.

6.13.2 Participating Providers shall prescribe generically available drugs instead of the parent brand product whenever therapeutically equivalent generic drugs exist.

6.14 RESEARCH --- Physician agrees to participate in and make data available for research projects initiated or approved by CalOptima.

6.15 FUNCTIONS AND DUTIES OF PHYSICIAN FOR SPD --- Physician shall provide the following for SPD Members:

6.15.1 Physician shall participate in the Community Liaison Program according to the guidelines and policies CalOptima promulgates to operate the program and as set forth in this Contract and CalOptima Policies;

6.15.2 Physician shall refer all SPD Members, who require a customized wheelchair and/or a modification to a customized wheelchair or seating system, to a contracted Evaluation Services Provider, and provide appropriate Covered Services in accordance with the resulting evaluation, pursuant to CalOptima Policy;

6.15.3 Physician shall make available Incontinence Supplies to SPD Members when such supplies are Medically Necessary to treat incontinence. Physician shall not restrict the Incontinence Supplies by brand name as

long as the supplies do not exceed the rate paid for comparable supplies under the DHCS Medi-Cal Fee-for-Service program;

6.15.4 Physician shall authorize Medical Supplies for six (6) month periods for SPD Members under the following conditions: (a) the PCP determines that the SPD Member requires ongoing Medical Supplies; (b) Physician determines that the Medical Supplies are Medically Necessary based upon the prescribing PCP's assessment; and (c) the PCP projects that the SPD Member's need for the Medical Supplies will remain stable over the six (6) month period.

6.15.5 Physician or Subcontractor shall dispense Medical Supplies in no greater than thirty (30) calendar day amounts, even when such Medical Supplies are authorized for six (6) month periods. Physician shall approve re-authorization of Medical Supplies at consecutive six (6) month intervals unless a PCP determines that a change in the SPD Member's medical condition warrants additional assessment, and/or adjustments to the prescription for Medical Supplies. Notwithstanding a six (6) month authorization, Physician shall not be responsible for providing Medical Supplies when the SPD Member's Medi-Cal eligibility ceases or when the Member is no longer enrolled with the Physician;

6.15.6 Physician shall permit SPD Members to select as a PCP any Participating Specialist Provider willing to perform the role of the PCP. Physician shall provide to all SPD Members upon enrollment with PHC and at any time thereafter, upon the SPD Member's request, a list of all Participating Specialist Providers willing and available to perform duties/functions of the PCP;

6.15.7 Within one-hundred twenty (120) days upon enrollment with the PHC of an SPD Member, Physician shall complete a plan of care pursuant to CalOptima Policies. Physician shall update this plan as appropriate and/or annually. Physician shall consult the SPD Member and/or Member's representative as appropriate in completing and updating the plan of care;

6.15.8 Upon request, and as Medically Necessary, for any qualifying SPD Member as defined in CalOptima Policies enrolled with PHC. PHC shall conduct and provide, when appropriate, a home assessment to assess the SPD Member's needs for appropriate referrals to Participating Providers and/or community based organizations and providers;

6.15.9 Physician shall provide SPD Members with standing referrals pursuant to CalOptima Policies, to specialists necessary for conditions requiring

ongoing treatment or ongoing supply, equipment or DME service needs. These referrals can be renewed semi-annually; and

6.15.10 Physician shall have Participating Providers with facilities and/or sites that are capable of accommodating SPD Members with special medical care needs as defined in CalOptima Policies. Facility requirements to meet the needs of SPD Members with special medical care needs include, but are not limited to, office or clinic equipment to facilitate the appropriate and safe examination of SPD Members and the capacity to provide specific Covered Services to SPD Members, such as the provision of dental procedures under general anesthesia.

6.15.11 If Physician's network is unable to provide necessary medical services covered under the Contract to a particular SPD Member, Physician must adequately and timely cover these services out-of- network for the Member, for as long as the entity is unable to provide them. Physician acknowledges that out-of-network providers must coordinate with Physician with respect to payment, and Physician shall ensure that such out-of-network providers understand this requirement. Physician must ensure that cost to the Member is not greater than it would be if the services were furnished within the network. Physician shall provide for the completion of covered services by a terminated or out-of-network provider at the request of a Member, in accordance with the continuity of care requirements in Health and Safety Code Section 1373.96. For newly-enrolled SPD Members, Physician shall provide continued access for up to twelve (12) months to an out-of-network provider with whom the Member has an ongoing relationship (i.e. an existing provider from whom they are receiving services), if the provider will accept Physician or Medi-Cal FFS rates, whichever is higher per W & I Code 14182(b)(13) and (14). An ongoing relationship shall be determined by identifying a link between the newly-enrolled SPD Member and an out-of-network provider using FFS utilization data provided by DHCS.

6.15.12 For SPD Members, Physician shall report all grievances related to those listed in Title 28, CCF, Section 1300.68(f)(2)(D), including, but not be limited to, timely assignments to a provider, issues related to cultural and linguistic sensitivity, difficulty with accessing specialists, and grievances related to out-of-network requests.

6.15.13 Physician and Participating Providers and all staff who interact with SPD Members, as well as those who may potentially interact with SPD Members, or any other staff deemed appropriate by CalOptima or DHCS shall receive sensitivity training as provided by CalOptima or DHCS.

6.15.14 Personal Care Coordinator (PCC) Programs for CCS and SPD Members Definitions.

6.15.14.1 "Care Management Monthly Profile (Profile)" is a monthly report generated by CalOptima which provides the healthcare risk outcomes for CCS and SPD Members. The Profile shall include the compliance parameters required to receive PCC supplemental capitation.

6.15.14.2 "Individual Care Plan" is a plan of care developed after an assessment of the Member's social and health care needs that reflects the Member's resources, understanding of his or her disease process, and lifestyle choices.

6.15.14.3 "Personal Care Coordinator or PCC" is a dedicated non-licensed care coordinator, assigned to each Medi-Cal member with an CCS Eligible Condition as determined by the local CCS Program, or SPD aid code, supervised by a licensed person, and funded by CalOptima.

6.15.15 Physician shall be eligible to receive the supplemental PCC capitation as defined in Attachment E if Physician remains in good standing with CalOptima which shall include but not limited to the following:

6.15.15.1 No sanctions in place for the Medi-Cal program;
6.15.15.2 Resolution satisfactory to CalOptima of all identified Medi-Cal Program compliance deficiencies from the preceding calendar quarter;
6.15.15.3 Execution of all previous amendments; and
6.15.15.4 Other requirements contained in CalOptima Policy, as applicable

6.15.16 During any period in which CalOptima provides funding for the PCC program, and written notice that the program is active, Physician shall provide PCC services in accordance with the following:

6.15.16.1 Physician shall employ PCCs, and participate in all PCC Program requirements as defined in CalOptima Policy and the Profile. Physician shall staff one PCC per six hundred (600) CCS or SPD Members assigned to Physician. PCC responsibilities include but are not limited to: Assisting Members and Member's PCPs in the development of an Individual Care Plan (ICP); communicating the ICP with the Member, Member's PCP and Member's care team; and assisting Members receiving care as outlined in the ICP.

Physician shall submit required reports and documents to CalOptima. These include but are not limited to ICPs, PCC staffing levels, and PCC and professional staff descriptions to demonstrate adherence CalOptima Policy requirements.

6.15.16.2 CalOptima shall provide Physician the Profile requirements. Changes to the Profile which may impact PCC supplemental capitation, will be communicated to Physician thirty (30) days prior to the effective date of such change. If Physician is unable to agree to the requirements stipulated in the Profile, and no resolution is reached in the thirty (30)-day period, further action may be taken including but not limited to recoupment of PCC supplemental funds that have been paid to Physician and termination of the Contract."

6.16 ADVANCE DIRECTIVES --- Physician shall maintain written policies and procedures related to Advanced Directives in compliance with current State law. Physician shall not discriminate against any Member on the basis of that Member's Advance Directive status.

6.17 SECOND OPINIONS --- Physician shall provide, at its sole cost and expense, second opinions and provide to Members all required notification, documentation, forms and information regarding obtaining second opinions as prescribed by CalOptima Policies.

6.18 DISEASE MANAGEMENT --- Physician shall assist CalOptima in implementation of a disease management program in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement.

6.19 MEMBERS WITH SPECIAL HEALTH CARE NEEDS --- Physician shall identify, assess and implement care plans as appropriate for Members with Special Health Care Needs. The Physician shall have processes for monitoring and tracking Members with Special Health Care Needs and the provision of services under the implemented plan of care.

6.20 MEMBER VISITS --- Physician shall ensure that Subcontracting health facilities licensed pursuant to Health and Safety Code Section 1250 permit a Member at Member's choice to be visited by a Member's domestic partner, the children of a Member's domestic partner, and the domestic partner of the Member's parent or children. Physician shall include the requirement of this Section in its Subcontracts with such health facilities.

6.21 DHCS DIRECTIONS --- If required by DHCS, Physician and its Subcontractors shall cease specified activities, which may include, but are not limited to, referrals, assignment of beneficiaries, and reporting, until further notice from DHCS.

ARTICLE 7
Obligations of Physician – Reporting

7.1 DATA REPORTING REQUIREMENTS --- Physician shall comply with the data reporting requirements set forth in this Contract, including but not limited to the requirements specified in Standard Reporting Requirements set forth in CalOptima Policies and Guidelines referred to as the Timely and Appropriate Submission Requirements. Physician shall provide such additional data and modify the form, content, instructions and timetables for the collection and reporting of data as may be required by CalOptima Policies. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

7.2 ENCOUNTER REPORTING --- Physician shall submit to CalOptima complete, accurate, reasonable and timely encounter data (a) needed by CalOptima in order for CalOptima to meet its encounter data reporting requirements to DHCS, and/or (b) required by CalOptima and CalOptima's Regulators as provided in this Contract and in CalOptima Policies. Physician shall submit encounter data pursuant to standards defined by CalOptima Policies. Upon first receiving member assignments; or changing management companies, business systems, clearinghouse vendors, and/or contractual model; Physician shall begin encounter data file testing within sixty (60) days and complete testing within ninety (90) days. Physician shall be subject to financial penalties and/or sanctions if CalOptima determines that Physician is reporting to CalOptima less than all professional encounters in the CalOptima required format and timelines. Physician shall have twelve (12) calendar days, upon notification by CalOptima, to correct encounters rejected by CalOptima's regulatory agencies, including the Department of Health Care Services (DHCS) and Centers for Medicare and Medicaid Services (CMS). Financial penalties or sanctions shall be assessed upon Physician should CalOptima determine that Physician is not meeting the standards as defined in CalOptima Policies. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

7.3 ANNUAL AUDIT AND FINANCIAL REPORTING REQUIREMENTS --- Physician agrees to provide the results of its annual audited financial statements, including "Letters to Management", if requested, for the prior calendar or fiscal year within one hundred twenty (120) calendar days of the completion of that year. Financial statements shall be presented in a form specified by CalOptima that clearly shows the financial position of Physician as related to Members. Physician

shall allow representatives of CalOptima, upon written request, to verify the financial report.

7.4 FINANCIAL REPORTING --- If Physician is required to file monthly Financial Statements with the DMHC, Physician shall simultaneously file monthly Financial Statements with DHCS. Physician shall prepare financial information requested in accordance with GAAP. Where Financial Statements and projections are requested, these statements and projections should be prepared in accordance with the 1989 HMO Financial Report of Affairs and Conditions Format. Where appropriate, reference has been made to the Knox-Keene Health Care Service Plan Act of 1975 rules found under Title 28, CCR, Section 1300.51 et. seq. Information submitted shall be based on current operations. Physician shall submit financial information consistent with filing requirements of the DMHC unless otherwise specified by DHCS.

7.5 PARTICIPATING PROVIDER NETWORK CHANGES --- Physician shall report in compliance with CalOptima Policies, any changes, including but not limited to additions, deletions and location changes of Providers constituting Physician's provider network.

7.6 PHYSICIAN ORGANIZATION PROFILE --- Physician shall report in compliance with CalOptima Policies, a profile of the Physician and PHC's organization, including, but not limited to, Physician and PHC's significant administrative and Provider network contractual relationships.

7.7 PARTICIPATING PROVIDER CONTRACTS --- Physician shall provide to CalOptima copies of all contract templates utilized with Participating Providers. Upon modification, change or replacement by Physician, Physician shall provide CalOptima with copies of current contract templates. In addition, upon request from CalOptima or DHCS, Physician shall provide copies of any Subcontract entered into or amended for purposes of fulfilling Physician's obligations under this Contract.

7.8 DISCLOSURE --- PHC, Physician, and any Subcontractors shall make available to CalOptima, CalOptima's authorized agents, and appropriate representatives of the State and federal government any of Physician's or Subcontractor's financial records related to Physician's capacity to bear the risk of potential financial losses, or to the Covered Services performed and amounts paid or payable under this Contract. CalOptima recognizes the proprietary nature of this information and shall make all assurances to maintain its confidentiality in accordance with the California Public Records Act.

7.9 REPORTING UNAUTHORIZED DISCLOSURE OF PRIVATE MEMBER INFORMATION --- In the event that Physician, or any of its officers, employees, agents, or Subcontractors, becomes aware of the unauthorized disclosure of

confidential Member information, as described in California Welfare and Institutions Code Section 14100.2, or of "personal information," within the meaning of California Civil Code Section 1798.3, Physician shall report said unauthorized disclosure to CalOptima's Privacy Officer immediately upon discovery of said disclosure, providing information on the information disclosed and how the disclosure occurred. For purposes of this Section, "unauthorized disclosure" includes any unauthorized access, whether such access was through inadvertence, mistake, theft, or other means, and whether or not Physician had reasonable control to avoid the disclosure.

7.10 PROVIDER DATA – Physician shall submit to CalOptima complete, accurate, reasonable, and timely provider data and other data and reports (a) needed by CalOptima in order for CalOptima to meet its reporting requirements to DHCS, and/or (b) required by CalOptima and CalOptima's Regulators as provided in this Contract and in CalOptima Policies,

7.11 REPORTS AND DATA --- In addition to any reporting obligations under this Contract, Physician shall submit reports and data relating to services covered under this Contract as required by CalOptima, in a form and manner specified by CalOptima, including, without limitations, for purposes of complying with requests for reports and data from CalOptima's Regulators to CalOptima.

7.12 CERTIFICATION OF DOCUMENT AND DATA SUBMISSIONS --- All data, information, and documentation provided by Physician to CalOptima pursuant to this Contract and/or CalOptima Policies, which are specified in 42 CFR § 438.604 and/or as otherwise required by CalOptima and/or CalOptima's Regulators, shall be accompanied by a certification statement on the Physician's letterhead signed by the Physician's Chief Executive Officer or Chief Financial Officer (or an individual who reports directly to and has delegated authority to sign for such Officer) attesting that based on the best information, knowledge, and belief, the data, documentation, and information is accurate, complete, and truthful.

ARTICLE 8
Obligations of Physician – Termination

8.1 OBLIGATION UPON TERMINATION --- Upon termination of this Contract, it is understood and agreed that Physician shall continue to provide authorized Covered Services to Members who retain eligibility and who are under the care of Physician at the time of such termination, until the services being rendered to Members are completed, unless CalOptima, in its sole discretion, makes reasonable and medically appropriate provisions for the assumption of such services. For Covered Services provided following the month in which Physician received Capitation Payment and termination occurred, Physician shall be paid according to

the Medi-Cal Fee Schedule, as defined in CalOptima Policy applicable to such services in effect on the date the services are provided.

8.2 TERMINATION AND TRANSFER OF CARE --- Prior to the termination or expiration of this Contract, including termination due to termination or expiration of CalOptima's State Contract, and upon request by DHCS or CalOptima to assist in the orderly transfer of Members' medical care and all necessary data and history records to DHCS or a successor State contractor, the Physician shall make available to DHCS and/or CalOptima copies of medical records, patient files, and any other pertinent information, including information maintained by any Subcontractor necessary for efficient case management of Members, and the preservation, to the extent possible, of Member-Provider relationships. Costs of reproduction shall be borne by DHCS and CalOptima, as applicable.

8.2.1 Physician agrees to assist CalOptima in the transfer of care in the event of any Subcontract termination for any reason. Costs of reproduction shall be borne by Physician.

8.3 TERMINATION PLANS --- Physician shall have a plan for the orderly termination of services under this Contract. Physician shall submit a plan regarding coordination of care and payment of claims to CalOptima at least 60 days prior to expiration or termination of this Contract. The termination plan shall require the written approval of CalOptima.

8.4 APPROVAL BY AND NOTICE TO DHCS --- Physician acknowledges that this Contract and any modifications and/or amendments thereto are subject to the approval of DHCS. CalOptima and Physician shall notify DHCS of amendments to, or termination of, this Contract. Notice is considered given when properly addressed and deposited in the United States Postal Service as first-class registered mail, postage attached. Physician acknowledges and agrees that any amendments or modifications shall be consistent with the requirements relating to submission to DHCS for approval.

8.4.1 Notice to the Department of Managed Health Care. In addition, Physician shall notify the Department of Managed Health Care in the event that this Contract is amended or terminated.

ARTICLE 9
Obligations of CalOptima – Financial

9.1 PAYMENT OF CAPITATION ---

9.1.1 Capitation Payment - Capitation Payment shall be determined by CalOptima by multiplying the Capitation Rate set forth in Attachment E, by

the number of Members enrolled with Physician, by age, gender and Aid Code.

9.1.2 Capitation Payment Schedule - CalOptima agrees to pay Capitation Payment to Physician on or about the fifteenth (15^{th}) of the month for enrolled Member. Capitation Rates shall be daily pro-rated basis based upon the Member's effective date of enrollment with Physician.

9.1.3 Capitation Payment Withhold - CalOptima shall withhold from Physician an amount equal to twenty-five percent (25%) of the monthly Capitation Payment (Withhold). CalOptima may adjust Physician's Capitation Payment on a quarterly basis should the Withhold fall below twenty-five percent (25%) of Physician's current month Capitation Payment. CalOptima may increase this withhold rate in accordance with CalOptima Policy.

9.2 CAPITATION RATE ADJUSTMENTS --- The Capitation Rates may be adjusted by CalOptima during the Contract term to reflect implementation of State or federal laws or regulations, changes in the State budget, the State Contract or DHCS policy, and/or changes in Covered Services. Reimbursement is subject to the DHCS providing funds for the purposes of this Contract. Payment adjustments made by DHCS and/or CMS may be reflected in payments to the Physician. If the State has provided CalOptima with advance notice of adjustment, CalOptima shall provide notice thereof to Physician as soon as practicable. Capitation may also be adjusted in the event of de-delegation of any function delegated under this Contract or Delegation Agreement.

9.3 PAYMENTS FOR PERSONS WITH AIDS --- CalOptima shall pay a supplemental capitation rate, and Physician shall provide services to Members with a confirmed diagnosis of Acquired Immune Deficiency Syndrome (AIDS) in accordance with CalOptima Policy.

9.4 OVERPAYMENTS AND CALOPTIMA RIGHT TO RECOVER --- Physician has an obligation to report any overpayment identified by Physician, and to repay such overpayment to CalOptima within sixty (60) days of such identification by Physician, or of receipt of notice of an overpayment identified by CalOptima. Physician acknowledges and agrees that, in the event that CalOptima determines that an amount has been overpaid or paid in duplicate, or that funds were paid which were not due under this Contract to Physician, CalOptima shall have the right to recover such amounts from Physician by recoupment or offset from current or future amounts due from CalOptima to Physician, after giving Physician notice and an opportunity to return/pay such amounts. This right to recoupment or offset shall extend to any amounts due from Physician to CalOptima, including, but not limited to, amounts due because of:

9.4.1 Payments made under this Contract that are subsequently determined to have been paid at a rate that exceeds the payment required under this Contract.
9.4.2 Payments made for services provided to a Member that is subsequently determined to have not been eligible on the date of service.
9.4.3 Unpaid Conlan reimbursements owed by Physician to a Member.
9.4.4 Capitation payments made in relation to a Member for a period after the Member was deceased.
9.4.5 In the event that DHCS or CMS establishes a Medicaid Medical Loss Ratio methodology that takes into account sub-capitated providers non-medical costs, amounts recovered from CalOptima by DHCS or CMS for failure to meet such MLR requirements, to the extent attributable to Physician's capitation
9.4.6 Payments made by CalOptima that are the financial responsibility of Physician.

In addition, in the event of termination of the Health Network, or the transition of the Health Network to a different delegation model, CalOptima shall have the right to offset any unpaid claims that are the financial responsibility of Physician paid by CalOptima against any funds owed to Physician by CalOptima, including, but not limited to, capitation payments, financial security withholds, pay-for-performance amounts, quality incentives, and shared risk pool surpluses.

9.5 ADDITIONAL PAYMENT --- CalOptima reserves the right to pay Providers or Physician additional sums in any manner that CalOptima deems at its discretion to be beneficial for CalOptima's Members.

9.6 LIMITATION ON CALOPTIMA'S PAYMENT OBLIGATIONS --- Notwithstanding anything to the contrary contained in this Contract, CalOptima's obligation to pay Physician any Capitation Payment shall be subject to CalOptima's receipt of funding from the State.

9.7 DISPUTES --- Any and all disputes related to payments and/or enrollments shall be reported to CalOptima within ninety (90) calendar days of payment, and each dispute shall be clearly defined and include supporting documentation. Failure to dispute within the established time frame indicates acceptance by Physician.

9.8 BONE MARROW AND ORGAN TRANSPLANTATION --- In the event that a Member assigned to PHC is actively listed on a DHCS-certified transplant provider list, then the Member will be disenrolled with PHC and enrolled in CalOptima Direct pursuant to CalOptima Policy. For Bone Marrow transplants, Members will be enrolled in CalOptima Direct upon referral to a designated transplant center for a qualifying diagnosis pursuant to CalOptima Policy. Except as provided herein, PHC is responsible for all Covered Services provided to Member until such Member is enrolled as a COD Member.

9.9 PAYMENT FOR TRANSPLANT EVALUATION --- For Members receiving transplant evaluation services, at a designated DHCS-approved transplant center for the specific transplant type being requested, payment or reimbursement shall be in accordance with CalOptima Policy.

9.10 ADULT MEMBERS DIAGNOSED WITH HEMOPHILIA --- In the event that an adult (age 21+ years) Member assigned to PHC is actively diagnosed as a hemophilia patient, then on the first of the month following diagnosis and notification of CalOptima the adult Member will be disenrolled with PHC and enrolled in CalOptima Direct pursuant to CalOptima Policy. Except as provided herein, PHC is responsible for all Covered Services provided to Member until such Member is enrolled as a COD Member.

9.11 ADULT MEMBERS DIAGNOSED WITH END STAGE RENAL DISEASE (ESRD) -- In the event that an adult (age 21+ years) Member assigned to PHC is actively diagnosed as an ESRD patient then on first of the month following submission and acceptance of the CMS-2728 – US to the CalOptima Finance Department the adult member will be disenrolled with PHC and enrolled in CalOptima Direct pursuant to CalOptima Policy. Except as provided herein, PHC is responsible for all Covered Services provided to Member until such Member is enrolled as a COD Member.

9.12 FALSE CLAIMS ACT POLICY --- Providers receiving more than five (5) million dollars in a year are required to have a policy to educate employees about the False Claims Act and other State and Federal laws.

ARTICLE 10
Obligations of CalOptima – Administrative

10.1 FINANCIAL SECURITY REQUIREMENTS --- CalOptima shall designate amounts of funds Physician shall establish and maintain as financial security reserves. CalOptima shall identify in CalOptima Policies those financial instruments that shall be acceptable means for purposes of complying with financial security requirements. On a quarterly basis, CalOptima will calculate the minimum required financial security reserves and communicate in writing to the Physician any material deficits.

10.2 COMPREHENSIVE PHYSICIAN AUDIT --- CalOptima shall conduct and Physician shall agree to a full comprehensive compliance audit to be conducted at Physician administrative offices and/or Facilities annually, or as deemed necessary, by CalOptima. CalOptima shall submit results of the Physician audit in writing to Physician. Physician may rebut and dispute audit findings pursuant to CalOptima Policies. Physician is responsible for implementing the corrective measures (if any). CalOptima retains the right to publish data obtained from the audit. Physician

acknowledges and agrees that CalOptima may publish the audit data to Members and/or the general public without further notice to or consent from Physician.

10.3 ENCOUNTER DATA AUDIT --- On an annual basis, CalOptima shall conduct an Encounter audit. The audit shall consist of CalOptima requesting a percentage of each Physician's Member Medical Records. These records shall be reviewed for services provided. These services shall then be compared to reported Encounters to determine if the Physician accurately reported all Encounters.

10.4 APPROVED DRUG LIST --- CalOptima shall publish and maintain an Approved Drug List pursuant to CalOptima Policies.

10.5 REVIEW OF OFF-APPROVED DRUG LIST PRESCRIPTIONS --- CalOptima shall review off-Approved Drug List prescriptions in a timely manner pursuant to CalOptima Policies.

10.6 POLICIES AND PROCEDURES AVAILABILITY--- CalOptima shall provide or make available for Physician copies of current CalOptima Policies relevant to the provisions of this Contract. Copies of current CalOptima Policies relevant to the provisions of this Contract may be provided by the distribution of hard-copy documents, electronic files and/or documents and/or on the CalOptima website.

10.7 MOU AVAILABILITY--- CalOptima shall provide or make available for Physician copies of current MOUs entered into by CalOptima that are binding on Physician. Copies of current MOUs entered into by CalOptima that are binding on Physician may be provided by the distribution of hard-copy documents, electronic files and/or documents and/or on the CalOptima website.

10.8 INTERPRETATION OF MOUs --- CalOptima shall provide or make available for Physician interpretation of MOUs entered into by CalOptima that are binding on Physician. Interpretation of MOUs will identify duties, obligation and responsibilities of Physician.

10.9 RELEASE OF PERFORMANCE INFORMATION AND DATA --- Physician acknowledges and agrees that CalOptima may release to Providers, Members and others without further notice to Physician, information and data relating to the performance of Physician and PHC that CalOptima determines, among other things, would contribute to Providers', Members', and others' evaluation of options and alternatives and/or making informed selections and decisions regarding health care and the provision of Covered Services.

10.10 PROVIDER COMPLAINT SYSTEM --- CalOptima has established a fast, fair and cost-effective complaint system for provider complaints, grievances and appeals. Provider, including Physician, shall have access to this system for any issues arising under this Contract, as provided in CalOptima Policy related to CalOptima Medi-

Cal Program. Physician complaints, grievances, appeals, or other disputes regarding any issues arising under the Contract shall be resolved through this system.

10.11 RISK ARRANGEMENTS DISCLOSURE --- CalOptima shall provide timely notice regarding those items provided for under Subsections (a)(1) through (a)(3) of Section 1300.75.4.1 of Title 28 of the California Code of Regulations.

10.12 DISCLOSURES ---

10.12.1 ANNUAL FINANCIAL RISK DISCLOSURE – On the Contract anniversary date each year, CalOptima shall disclose to Physician the financial risk assumed under the Contract by providing to Physician the following information for each and every type of Risk Arrangement (including, but not limited to, Medicare Advantage, Medi-Cal, commercial, point of service, small group, and individual plans) covered under this Contract:

10.12.1.1 A division of responsibility for medical expenses (physician, institutional, ancillary, and pharmacy) which will be allocated to Physician, a hospital(s) or CalOptima under the Risk Arrangement.

10.12.1.2 Expected/projected utilization rates and unit costs for each major expense service group (inpatient, outpatient, PCP, specialist, pharmacy, injectables, home health, durable medical equipment, ambulance and other), as well as the source of the data and the actuarial methods employed in determining the utilization rates and unit costs by each and every type of Risk Arrangement.

10.12.1.3 All factors used to adjust payments or risk-sharing targets, including, but not limited to, the following: age, sex, localized geographic area, family size, experience rated, and benefit plan design, including copayment/deductible levels.

10.12.1.4 The amount of payment for each and every service to be provided under the Contract, including any fee schedules or other factors or units used in determining the fees for each and every service. To the extent that reimbursement is made pursuant to a specified fee schedule, the fee schedule shall be incorporated into the Contract by reference, and shall specify Medicare resource-based relative value scale ("RBRVS") year if RBRVS is the methodology for the fee schedule development. For any proprietary fee schedule, the Contract shall include sufficient detail that payment amounts related to that fee schedule can be

accurately predicted.

10.12.2 ANNUAL DISCLOSURE OF CAPITATION PAYMENTS – On the Contract anniversary date each year, CalOptima shall disclose to Physician the amount of capitation payments to be paid per member per month.

10.12.3 CAPITATION DEDUCTION DETAIL – CalOptima shall provide to Physician sufficient details to allow Physician to verify the accuracy and appropriateness of any deductions from capitation payments made by CalOptima including, but not limited to, member name, member number, member date-of-birth, billing provider name, date-of-service, procedure/service codes billed, and amount paid.

ARTICLE 11
Obligations of CalOptima – Termination

11.1 MEMBER AND PROVIDER COMMUNICATION --- CalOptima shall approve all Physician, Member and provider communications relating to termination of this Contract, prior to distribution.

11.2 APPROVAL OF PHC TERMINATION PLANS --- CalOptima shall review and approve Physician termination plans at intervals and frequencies established by CalOptima Policies.

11.3 RELEASE OF WITHHOLD --- CalOptima shall release Physician's capitation withhold to Physician upon the latter of nine (9) months following the termination, or upon CalOptima's validation of completion by Physician of all post-termination requirements contained in this Contract and CalOptima Policy. In the event that all post-termination requirements have not been met within nine (9) months following termination, CalOptima may, at its sole discretion, apply Physician's capitation withhold funds to satisfy unmet post-termination requirements.

11.4 RELEASE OF FINANCIAL SECURITY REQUIREMENT DEPOSITS --- CalOptima shall release to Physician financial security requirement deposits no less than six (6) months following the termination of this Contract unless termination is the result of Physician insolvency. CalOptima shall release to Physician financial security requirement deposits no less than twelve (12) months following the termination of this Contract if termination is the result of Physician insolvency.

ARTICLE 12
Health Care Delivery System

12.1 OUT-OF-COUNTY SERVICES --- Physician may contract with out-of-county facilities for Covered Services for CalOptima Members provided that the Physician

ensures that it coordinates the Member's care and complies with all access, quality and other CalOptima requirements.

12.2 MEMBER LIAISON PROGRAM (MLP) --- Physician shall establish and maintain support for the Member Liaison Program, including but not limited to:

12.2.1 Providing SPD Members and their caregivers with assistance to navigate the Medi-Cal managed care system;

12.2.2 Coordinating the range of Covered Services needed by SPD Members and assisting SPD Members in understanding and utilizing Physician's referral process;

12.2.3 Ensuring SPD Members receive appropriate and timely referrals;

12.2.4 Identifying barriers faced by SPD Members and integrating recommendations into the delivery system to improve access;

12.2.5 Keeping Physician and Participating Providers educated and sensitive to the needs of persons with disabilities;

12.2.6 Assisting PCPs to fully understand individual SPD Members' needs and provide physicians with access to the many community based resources available;

12.2.7 Providing feedback to CalOptima regarding necessary program modifications/enhancements;

12.2.8 Providing access to SPD Members information necessary for coordination of Covered Services across all Physician departments;

12.2.9 Assisting in the promotion, outreach and community awareness of the MLP.

ARTICLE 13
Termination and Modification of Contract Terms

13.1 SANCTIONS AND TERMINATIONS FOR CAUSE --- If Physician fails to fulfill any of its duties and obligations under this Contract, including but not limited to: (i) committing acts to discriminate among Members on the basis of their health status or requirements for health care services; (ii) engaging in any practice that would reasonably be expected to have the effect of denying or discouraging enrollment with the Physician by Members whose medical condition or history indicated a need for substantial future medical services; (iii) not providing Covered Services in the scope or manner required under the provisions of this Contract; (iv) engaging in prohibited marketing activities; (v) failing to comply with CalOptima's

Compliance Program, including Participation Status requirements; (vi) failing to meet financial security requirements; (vii) committing fraud or abuse relating to Covered Services or any and all obligations, duties and responsibilities under this Contract; (viii) failure to ensure that all Minimum Standards, are met; (ix) failure to enforce claims payment prohibitions on providers who are denied the right to submit claims and/or receive reimbursement for services furnished to CalOptima Members; (x) not having the required amounts and types of financial reserves; (xi) failure of Physician's Participating Providers to comply with the prior authorization process and other pharmacy requirements as determined by CalOptima; (xii) failure to meet Medical Loss Ratio requirements; (xiii) failure to meet minimum enrollment requirements; (xiv) failure to meet quality and/or performance requirements; (xv) failure to comply with organization structure requirements; (xvi) failure to submit Encounter Data pursuant to this Contract and CalOptima Policy; (xvii) a failure to perform an obligation or duty under the Prior Contract and/or failure to take corrective action related to any such obligation or duty in the time or manner required by CalOptima, and (xviii) a violation of the Department of Managed Health Care's Risk Bearing Organization regulations, including reporting, auditing or Corrective Action Plan compliance violations. CalOptima may take any of the actions described below:

13.1.1 Corrective Action Plan (CAP) - CalOptima may require a CAP in the event that any report, audit, survey, site review or investigation indicates that the Physician or any Subcontractor(s) is not in compliance with any provision of this Contract or other Medi-Cal program requirement. A CAP shall be required if CalOptima receives a substantiated complaint or grievance related to the standard of care provided by the Physician or any Subcontractors. CalOptima shall issue a written notice of deficiency and shall require that a CAP to be submitted within thirty (30) calendar days following the date of notice unless otherwise stated. The CAP shall include the time and manner in which the deficiency shall be corrected. CAPs are subject to approval by CalOptima, which may be approved as submitted, accepted with specific modifications, or rejected. CalOptima may extend or reduce the time allowed for completion of the CAP.

13.1.2 General Sanctions - Notwithstanding any request for a CAP, CalOptima may impose monetary penalties, suspend enrollment, reduce maximum enrollment, or impose other sanctions when the Physician is not in compliance with the provisions of this Contract, CalOptima Policies and minimum performance requirements as established by CalOptima.

13.1.2.1 All monetary fines are payable to CalOptima within thirty (30) calendar days of receipt of written notice, unless otherwise stated in the notice. Failure to submit payment to CalOptima for any monetary fines within the thirty (30) calendar day period

shall result in CalOptima deducting the penalty plus the administrative fee from the Physician's Capitation Payment.

13.1.2.2 Physician may appeal CalOptima's decision to impose a sanction, by filing a complaint pursuant to CalOptima Policies. Physician shall exhaust this administrative remedy, including requesting a hearing according to CalOptima Policy, before commencing a civil action.

13.1.3 Termination for Cause – Notwithstanding, and in addition to, any other provisions of this Contract, CalOptima may terminate this Contract for cause effective upon thirty (30) calendar days' written notice. Cause shall include, but shall not be limited to, the actions set forth in Section 13.1. Physician may appeal CalOptima's decision to terminate the Contract for cause by filing a complaint pursuant to CalOptima Policies. Physician shall exhaust all administrative remedies before commencing any civil action.

13.1.3.1 In the event of a "Termination for Cause" as provided by this Section, CalOptima may procure, upon such terms and in such manner as it shall deem appropriate, supplies or services similar to those terminated. Physician shall be liable to CalOptima for any excess costs for the provision of such similar supplies or services. In addition, Physician shall be liable to CalOptima for administrative costs or other damages incurred by CalOptima in procuring such similar supplies or services. CalOptima shall also charge an administrative fee when paying a claim on behalf of Physician.

13.1.3.2 CalOptima's rights and remedies provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or this Contract.

13.2 TERMINATION FOR INSUFFICIENT CALOPTIMA MEDI-CAL ENROLLMENT --- CalOptima reserves the right in accordance with CalOptima Policies to terminate the Physician in the event that membership in the PHC in which Physician participates falls below five-thousand (5,000) total members at any time based upon a three (3) month rolling average of Physician's membership.

13.3 TERMINATION FOR FAILURE TO MEET QUALITY REQUIREMENTS --- CalOptima may terminate this Contract immediately should Physician fail to comply with or fail to be in compliance with quality requirements as may be established and modified from time to time by CalOptima and/or DHCS.

13.4 TERMINATION FOR FAILURE TO MEET MEDICAL LOSS RATIO REQUIREMENTS --- CalOptima may terminate this Contract with thirty (30) days

written notice should Physician fail to comply with or be in compliance with medical loss ratio requirements established in this Contract and CalOptima Policies.

13.5 TERMINATION OF STATE CONTRACT --- CalOptima may terminate this Contract immediately upon termination of the State Contract.

13.6 TERMINATION UPON LOSS OF WAIVER --- This Contract shall terminate immediately upon written notice from CalOptima to Physician that HHS has withdrawn its approval of the waiver granted under Section 1915(b) of the Social Security Act for COHS.

13.7 TERMINATION FOR PHYSICIAN ORGANIZATION AND OPERATIONS STRUCTURE --- CalOptima may terminate this Contract immediately should Physician fail to comply with requirements for Physician's organization and operation structure established in this Contract and CalOptima Policies.

13.8 TERMINATION OR SANCTION FOR TERMINATION OR SANCTION OF THE PHC PARTNER --- This Contract shall terminate upon the termination of the Contract of the other party in the PHC. Notification of termination to any party in the PHC shall constitute notification of termination to all parties in the PHC. CalOptima may apply sanctions pursuant to this Contract and CalOptima Policies to all parties in the PHC independent of the party in the PHC whose action(s) caused sanctions to be applied by CalOptima.

13.9 TERMINATION FOR CONVENIENCE --- Either party may terminate the Contract for convenience, without cause, by giving one hundred twenty (120) calendar days advance written notice to the other party prior to the effective date of such termination.

13.10 TERMINATION FOR PHYSICIAN INSOLVENCY --- If Physician becomes insolvent, Physician shall immediately advise CalOptima, and CalOptima shall have the right to terminate the Contract upon the same terms and conditions as a "Termination for Cause", set forth in Section 13.1.

In the event of the filing of a petition for bankruptcy by or against Physician or a principal Subcontractor, Physician shall assure that all Physician's functions and duties related to the Subcontract are performed in accordance with the terms of the Contract. CalOptima shall have the right to withhold any and all amounts otherwise due to Physician until Physician fully discharges its obligations under the Contract. CalOptima shall also have the immediate right of offset by permanently retaining any and all withheld amounts as necessary to ensure that all Physician obligations have been met.

13.11 TERMINATION BY PHYSICIAN FOR CAUSE --- Provided that Physician is not in default hereunder, Physician may terminate this Contract for cause upon thirty (30) calendar days' prior written notice to CalOptima. Cause shall mean CalOptima's failure for a period of thirty (30) calendar days to pay the Capitation Payment due to Physician under this Contract. Termination shall be effective at the end of the thirty (30) calendar day notice period, unless CalOptima pays to Physician any such past due payments.

13.12 MODIFICATIONS OR TERMINATIONS TO COMPLY WITH LAW--- CalOptima reserves the right to modify or terminate the Contract at any time when modifications or terminations are (a) mandated by changes in Federal or State laws, (b) required by the State Contract, or (c) required by changes in any requirements and conditions with which CalOptima must comply pursuant to its Federally-approved Section 1915(b) waiver. CalOptima shall notify Physician in writing of such modification or termination immediately and in accordance with applicable Federal and/or State requirements and Physician shall comply with the new requirements within 30 days of the effective date, unless otherwise instructed by DHCS and to the extent possible.

13.13 PERFORMANCE MEASURE AND PAYMENTS TO PHYSICIAN --- CalOptima may establish key performance measures of Physician to set minimum contract performance thresholds and/or pay financial incentives to Health Networks and Physician groups. CalOptima may take the following actions, at it sole discretion, based upon the results of such performance measures: require corrective action plans, impose sanctions against Physician, terminate this Contract, and establish Capitation Rates and other payments to Physician.

13.14 PROHIBITION ON USE OF CERTAIN PROVIDERS --- Physician agrees as follows:

13.14.1 CalOptima reserves the right to require Physician, upon notification from CalOptima, to prohibit any Subcontractor and/or Provider from providing services, whether Covered Services or otherwise, to Members when CalOptima deems such prohibition to be in the best interests of the Members. Imposition of the foregoing prohibition shall not terminate this Contract.

13.14.2 CalOptima requires that Physician Participating Providers and/or Subcontractors who do not meet all of Minimum Standards as described in applicable CalOptima Policies, be prohibited from furnishing items or services and/or submitting claims and/or receiving reimbursement for items and/or services furnished to Members. CalOptima may also require that Physician terminate a Participating Provider's right to furnish items or services and/or submit claims and/or receive reimbursement for items and/or services furnished to Members based on the denial of such

Participating Provider's right to participate in CalOptima Direct whether based on a credentialing, recredentialing and/or peer review decision.

13.15 NOTICE OF NON-RENEWAL --- In order for CalOptima to facilitate Member transition to other Health Networks or Physician groups, Physician shall provide CalOptima with an advance notice of non-renewal of the Contract in accordance with Section 13.9 prior to the end date of the Contract term in the event Physician elects not to participate in any extension period or new contract term.

13.16 PHC PRIMARY HOSPITAL USAGE REQUIREMENT --- In order to qualify as a PHC, for any contract year period during the term of this Contract, at least seventy percent (70%) of the bed days for those Members assigned to the PHC who require inpatient hospitalization during the previous calendar year, or such other measurement period as may be adopted by the CalOptima Board of Directors, must have received their inpatient services from the PHC's Primary Hospital partner, or from a hospital within the same hospital system as the Primary Hospital, except as otherwise provided under CalOptima Policy. For purposes of calculation of the bed day percentage, only bed days in Orange County hospitals shall be considered. Failure to meet this requirement shall be cause for termination under Section 13.1.3 of this Contract. In the event of termination as a result of this Section, Physician shall be offered the opportunity to continue participation through a risk sharing arrangement, subject to meeting all applicable financial, operational, and other criteria for such an arrangement. Termination of a Primary Hospital under this Section shall have no effect on any fee-for-service contract between CalOptima and the Hospital.

13.17 EXTENSION, RENEWAL, OR MODIFICATION – Any extension, renewal, or modification of this Contract shall be made by written amendment signed by the parties, upon formal approval by CalOptima Board of Directors, and in accordance with Section 8.4 of this Contract.

ARTICLE 14
Miscellaneous

14.1 INTERPRETATION OF CONTRACT LANGUAGE --- CalOptima has the right to final interpretation of the Contract language when disputes arise. Physician has the right to appeal disputes concerning Contract language to CalOptima.

14.2 INDEPENDENT CAPACITY OF PHYSICIAN --- CalOptima and Physician agree that Physician and any agents or employees of Physician, in performance of this Contract, shall act in an independent capacity, and not as officers or employees of CalOptima.

14.3 NO WAIVER OF IMMUNITY OR PRIVILEGE --- Any information delivered, exchanged or otherwise provided hereunder shall be delivered, exchanged or

otherwise provided in a manner, which does not constitute a waiver of immunity or privilege under applicable law.

14.4 OMISSIONS --- In the event that either party hereto discovers any material omission in the provisions of this Contract which such party believes is essential to the successful performance of this Contract, said party may so inform the other party in writing, and the parties hereto shall thereafter promptly negotiate in good faith with respect to such matters for the purpose of making such reasonable adjustments as may be necessary to perform the objectives of this Contract.

14.5 GOVERNING LAW AND VENUE --- This Contract shall be governed by and construed in accordance with all laws and applicable regulations governing the State Contract between CalOptima and DHCS. Physician shall be required to bring all legal proceedings against CalOptima in State courts located in Orange County, California, unless mandated by law to be brought in federal court, in which case such legal proceeding shall be brought in the Central District Court of California.

14.6 WAIVER --- No delay or failure by either party hereto to exercise any right or power accruing upon non-compliance or default by the other party with respect to any of the terms of this Contract shall impair such right or power or be construed to be a waiver thereof. A waiver by either of the parties hereto of a breach of any of the covenants, conditions, or agreements to be performed by the other shall not be construed to be a waiver of any succeeding breach thereof or of any other covenant, condition, or agreement herein contained.

14.7 SEVERABILITY --- If any provision of this Contract is declared or found to be illegal, unenforceable, invalid or void, then both parties shall be relieved of all obligations arising under such provision; but if such provision does not relate to payments or services to Members and if the remainder of this Contract shall not be affected by such declaration or finding, then each provision not so affected shall be enforced to the fullest extent permitted by law.

14.8 FORCE MAJEURE --- Both parties shall be excused from performance hereunder for any period that they are prevented from meeting the terms of this Contract as a result of a catastrophic occurrence or natural disaster, including, but not limited to, an act of war and excluding labor disputes.

14.9 HEADINGS --- The article and section headings used herein are for reference and convenience only and shall not enter into the interpretation hereof.

14.10 ASSIGNMENT OR DELEGATION --- Physician agrees that the assignment or delegation of this Contract or Subcontract, either in whole or in part, will be void unless prior written approval is obtained from DHCS and CalOptima, as applicable, provided that approval may be withheld in their sole and absolute discretion. For purposes of this Section, and with respect to this Contract and any Subcontracts, as

applicable, an assignment constitutes any of the following: (i) the change of more than twenty-five percent (25%) of the ownership or equity interest in Physician or Subcontractor (whether in a single transaction or in a series of transactions); (ii) the change of more than twenty-five percent (25%) of the directors or trustees of Physician or Subcontractor; (iii) the merger, reorganization, or consolidation of Physician or Subcontractor with another entity with respect to which Physician or Subcontractor is not the surviving entity; and/or (iv) a change in the management of Physician or Subcontractor from management by persons appointed, elected or otherwise selected by the governing body of Physician or Subcontractor (e.g., the Board of Directors) to a third-party management person, company, group, team or other entity.

14.11 NO LIABILITY OF COUNTY OF ORANGE --- As required under Ordinance No. 3896, as amended, of the County of Orange, State of California, CalOptima and the Physician hereby acknowledge and agree that the obligations of CalOptima under this Contract are solely the obligations of CalOptima, and the County of Orange, State of California, shall have no obligation or liability therefore.

14.12 CONFIDENTIALITY OF RECORDS --- As a condition of access to any record utilized or maintained by DHCS, the Declaration of Confidentiality, a copy of which is incorporated into this Contract as Attachment D, shall be signed and filed with DHCS for every individual prior to that individual being allowed access to computer files or any other data or files which are made confidential by statute, including identification of individual Members.

14.13 DEBARMENT CERTIFICATION --- By signing this Contract, the Physician agrees to comply with applicable Federal suspension and debarment regulations including, but not limited to 7 CFR 3017, 45 CFR 76, 40 CFR 32, or 34 CFR 85.

14.13.1 By signing this Contract, the Physician certifies to the best of its knowledge and belief, that it and its principals:

14.13.1.1 Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;

14.13.1.2 Have not within a three-year period preceding this Contract have been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement,

theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

14.13.1.3 Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in this Section herein; and

14.13.1.4 Have not within a three-year period preceding this Contract had one or more public transactions (Federal, State or local) terminated for cause or default.

14.13.1.5 Shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under Federal regulations (i.e., 48 CFR 9, subpart 9.4), debarred, suspended, declared ineligible, or voluntarily excluded from participation in such transaction, unless authorized by the State.

14.13.1.6 Will include a clause entitled, "Debarment and Suspension Certification'' that essentially sets forth the provisions herein, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

14.13.2 If the Physician is unable to certify to any of the statements in this certification, the Physician shall submit an explanation to CalOptima.

14.13.3 The terms and definitions herein have the meanings set out in the Definitions and Coverage sections of the rules implementing Federal Executive Order 12549.

14.13.4 If the Physician knowingly violates this certification, in addition to other remedies available to the Federal Government, CalOptima may terminate this Contract for cause or default.

14.14 SMOKE FREE WORKPLACE --- Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by federal programs either directly or through state or local governments, by federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such federal funds. The law does not apply to children's services provided in private residences; portions of facilities used for inpatient drug or alcohol treatment; service providers whose sole source of

applicable federal funds is Medicare or Medicaid; or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1,000 for each violation and/or the imposition of an administrative compliance order on the responsible party. By signing this Contract, Physician certifies that it will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act. The prohibitions herein are effective December 26, 1994. Physician further agrees that it will insert this certification into any subcontracts entered into that provide for children's services as described in the Act.

14.15 AIR OR WATER POLLUTION REQUIREMENTS--Any federally funded agreement and/or subcontract in excess of $100,000 must comply with the following provisions unless said agreement is exempt under 40 CFR 15.5. Physician agrees to comply with all applicable standards, orders, or requirements issued under the Clean Air Act (42 USC 7401 et seq.), as amended, and the Federal Water Pollution Control Act (33 USC 1251 et seq.), as amended.

14.16 LOBBYING RESTRICTIONS AND DISCLOSURE CERTIFICATION---

14.16.1 (Applicable to federally funded contracts in excess of $100,000 per Section 1352 of the 31, U.S.C.)

14.16.2 Certification and Disclosure Requirements

14.16.2.1 Each person (or recipient) who requests or receives a contract, subcontract, grant, or subgrant, which is subject to Section 1352 of the 31, U.S.C., and which exceeds $100,000 at any tier, shall file a certification (in the form set forth in Attachment F, consisting of one page, entitled “Certification Regarding Lobbying”) that the recipient has not made, and will not make, any payment prohibited by Section 14.2.2.

14.16.2.2 Each recipient shall file a disclosure (in the form set forth in Attachment F, entitled “Standard Form-LLL ‘Disclosure of Lobbying Activities’”) if such recipient has made or has agreed to make any payment using non-appropriated funds (to include profits from any covered federal action) in connection with a contract or grant or any extension or amendment of that contract or grant, which would be prohibited under Section 14.16 if paid for with appropriated funds.

14.16.2.3 Each recipient shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affect the accuracy of the information contained in any disclosure form previously filed

by such person under this Section herein. An event that materially affects the accuracy of the information reported includes:

14.16.2.3.1 A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered federal action;

14.16.2.3.2 A change in the person(s) or individuals(s) influencing or attempting to influence a covered federal action; or

14.16.2.3.3 A change in the officer(s), employee(s), or member(s) contacted for the purpose of influencing or attempting to influence a covered federal action.

14.16.2.4 Each person (or recipient) who requests or receives from a person referred to in this Section of this provision a contract, subcontract, grant or subgrant exceeding $100,000 at any tier under a contract or grant shall file a certification, and a disclosure form, if required, to the next tier above.

14.16.2.5 All disclosure forms (but not certifications) shall be forwarded from tier to tier until received by the person referred to in this Section of this provision. That person shall forward all disclosure forms to DHCS program contract manager.

14.16.3 Prohibition—Section 1352 of Title 31, U.S.C., provides in part that no appropriated funds may be expended by the recipient of a federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered federal actions: the awarding of any federal contract, the making of any federal grant, the making of any federal loan, entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

14.17 NOTICES --- All notices shall be in writing and shall be deemed to have been duly given on the date of service if personally served on the party to whom notice is given, or seventy-two (72) hours after mailing by United States mail first class, Certified Mail or Registered Mail, return-receipt-requested, postage-prepaid,

addressed to the party to whom notice is to be given and such party's address as set forth below or such other address provided by notice.

Contract for Health Care Services

ATTACHMENT A- (EFFECTIVE 07/01/2019)
CalOptima Medi-Cal Division of Financial Responsibility

Note: The purpose of the Division of Financial Responsibility is to identify how CalOptima allocated to the Physician and Hospital components of the medical costs associated with the provision of Covered Services. That is, the capitation and Hospital Budget rates in this Contract are based upon the Physician and Hospital Budget being financially responsible for the provision of Covered Services as indicated in this Division of Financial Responsibility. The Division of Financial Responsibility should not be used in place of the CalOptima EOC/EOB for making coverage determinations.

Overall average capitation for all Health Networks. Actual capitation paid is allocated based on the relative risk profiles of the Health Networks, in accordance with CalOptima policy.

Supplemental OB Delivery Care Payment (Payment shall be administered per CalOptima policy guidelines).

	Hospital	Physician	Total Capitation
Supplemental OB Delivery Care Payment			

Whole Child Model Base Capitation Rates

The following Whole Child Model payment provisions are effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program.

The following base rates for Whole Child Model are subject to change and the application of risk adjustment and age/gender factors.

	Hospital	Physician	Total Capitation
Whole Child Model			

Interim Reimbursement for Catastrophic Cases. CalOptima shall provide supplemental payments on a quarterly basis to cover costs that exceed the designated thresholds for catastrophic claims, in accordance with CalOptima Policy.

Retrospective Risk Corridor. CalOptima shall, on an annual basis, apply risk corridors to the previous year's CCS-Member-related capitation payments, based on medical costs, and adjust those previous year's capitation payments accordingly, in accordance with CalOptima Policy.

Funding for PCC

In addition to those amounts described above, HMO shall receive [redacted] per Medi-Cal CCS or SPD Member per month, to fund the PCC program as authorized by the CalOptima Board of Directors. SPD Member is identified by Aid Code Categories Aged and Disabled, above, for all

age groups. CCS member is identified by their CCS Eligible condition as determined by the local CCS Program. HMO shall only receive PCC funding for a Member with an SPD aid code category or a CCS-eligible condition as determined by the County, not both. Members with a CCS Eligible Condition shall prevail over SPD members when determining payment.

HMO acknowledges and agrees that CalOptima may adjust and/or terminate the PCC payments in the event HMO fails to comply with the requirements as defined by the CalOptima Profile and Policy. HMO acknowledges and agrees that CalOptima, in its sole and absolute discretion, may also offset HMO's future PCC Payments in the event CalOptima determines that HMO has not complied with the Profile requirements.

ATTACHMENT E-1
Capitation Rates for Adult Expansion Members

Effective July 1, 2019 through June 30, 2020

Capitation rates for Adult Expansion Members may be different than those included herein as determined by DHCS. Should DHCS make a change in future capitation payments to CalOptima, CalOptima will adjust payments made to Physician.

In addition to prospective changes in capitation rates for Adult Expansion Members, DHCS will calculate the MLR for these Members. CalOptima is required to expend at least 85 percent of capitation payments received on Allowed Medical Expenses for Adult Expansion Members. Should CalOptima not meet the minimum 85 percent MLR, CalOptima will be required to return the difference between 85 percent of capitation payments and the allowed medical expenses to the State. CalOptima will require Physician to remit the portion of the difference attributed to Physician.

If CalOptima's MLR exceeds 95 percent of the total capitation payments for the Adult Expansion Members, DHCS shall make additional payment to CalOptima. The additional payment from DHCS to CalOptima will be the difference between the CalOptima's allowed medical expenses and 95 percent of the capitation payments received/ CalOptima will make additional payment as attributed to Physician.

Aid Code	Age & Gender	Base Cap Rate		
Category	Category	Hospital	Physician	Total
Expansion (MCX)	0 - 14 years, Both			
	15 - 20 years, Female			
	15 - 20 years, Male			
	21 - 44 years, Female			
	21 - 44 years, Male			
	45 + years, Both			
Expansion (MSI)	0 - 14 years, Both			
	15 - 20 years, Female			
	15 - 20 years, Male			
	21 - 44 years, Female			
	21 - 44 years, Male			
	45 + years, Both			

For services rendered to Adult Expansion Members, Physician shall reimburse Specialist Physicians, in the aggregate, at least [redacted] of the CalOptima Medi-Cal Fee Schedule. This minimum aggregate reimbursement rate is subject to adjustment by CalOptima in the event that the Capitation Rate in this Attachment F-1 is adjusted in accordance with this Contract.

Supplemental OB Delivery Care Payment (Payment shall be administered per CalOptima policy guidelines).

- Payment rates shall be as follows:
  - Physician payment [redacted]
  - Hospital payment [redacted]

Funding for PCC – Effective October 1, 2018

In addition to those amounts described above, HMO shall receive [redacted] per Medi-Cal CCS or SPD Member per month, to fund the PCC program as authorized by the CalOptima Board of Directors. SPD Member is identified by Aid Code Categories Aged and Disabled, above, for all age groups and CCS member is identified by their CCS Eligible Condition as determined by the local CCS Program. HMO shall only receive PCC funding for a Member with an SPD aid code category or a CCS-eligible condition as determined by the County, not both. Member's with a CCS Eligible Condition shall prevail over SPD members when determining payment.

HMO acknowledges and agrees that CalOptima may adjust and/or terminate the PCC payments in the event HMO fails to comply with the requirements as defined by the CalOptima Profile and Policy. HMO acknowledges and agrees that CalOptima, in its sole and absolute discretion, may also offset HMO's future PCC Payments in the event CalOptima determines that HMO has not complied with the Profile requirements.

ATTACHMENT E-2
DISTRIBUTION OF PROPOSITION 56 FUNDING

This Attachment E-2 provides the terms and conditions, in addition to any state and federal laws, regulations, or guidance, under which CalOptima and Physician shall administer the Proposition 56 Medi-Cal Physician Supplemental Payment Program.

The California Healthcare, Research and Prevention Tobacco Tax Act (Prop 56), allocates a specified portion of the tobacco tax revenue to fund health care expenditures. Medicaid agencies are required to make supplemental payments to physicians for certain procedures as set forth in amendments to the State Medicaid Plan.

CalOptima agrees to make certain Prop 56 increases to Physician which Physician agrees to pay to Eligible Contracted Providers who render Qualifying Services (both as defined in this Attachment E-2) effective July 1, 2017 and CalOptima agrees to pay Physician an administrative fee to administer such Prop 56 increase payments as provided in this Attachment E-2.

1. Definitions: The following terms shall have the following meanings for purposes of this Attachment E-2:

    a. "Eligible Contracted Provider" shall mean a Provider who is contracted with Physician to provide Medi-Cal services to CalOptima members. Federally Qualified Health Centers, Rural Health Clinics, American Indian Health Programs, and cost-based reimbursement clinics, however, do not qualify as Eligible Contracted Providers.

    a. "Qualifying Services" shall mean services described by the Proposition 56 Medi-Cal Physician Supplemental Payment Program, which may be revised to include additional CPT codes, rate adjustments, and extensions.

    b. Notwithstanding the above, services provided to Members who are dually eligible for Medi-Cal and Medicare Part B are not Qualifying Services.

2. Physician shall administer the Prop 56 increase in accordance with the Addendum for the applicable State fiscal year attached to this Attachment E-2, applicable state and federal requirements and CalOptima policies. Physician shall forward to Eligible Contracted Providers rendering Qualifying Services an additional payment for the Qualifying Services in accordance with the Attachments to this Attachment E-2 in addition to any payment paid by Physician to the Eligible Contracted Provider under their existing contractual arrangements.

3. CalOptima will forward Prop 56 increase payment funding for the initial payments required to be paid by Physician for Qualifying Services furnished by Eligible Contracted Providers for a State fiscal year based on fee-for-service and capitated claims and encounters submitted by Physician, in accordance with the reports required in Section 5, and accepted by CalOptima. For subsequent payments, once Provider payment is confirmed, based on the monthly reports required by

CalOptima in order for it to fulfil state and federal obligations related to the Prop 56 Increase, CalOptima will reimburse Physician for payments made during the prior reporting period. CalOptima will not make payments for clean or accepted encounters for Qualifying Services received by Physician more than one year after the date of service.

4. Physician shall not provide supplemental Prop 56 payments under this Attachment E-2 to any Provider who is not an Eligible Contracted Provider and all such payments shall be for Qualifying Services. Any Proposition 56 funds paid to an ineligible Provider or for non-qualifying services shall constitute an overpayment, which shall be recouped from such Provider by Physician.

5. On a monthly basis, Physician must report to CalOptima, within 15 days of the end of each calendar month, all supplemental Prop 56 payments made pursuant to this Attachment E-2, either directly by Physician or by Physician's delegated entities and subcontractors at Physician's direction. Reports shall include all supplemental Prop 56 payments made during the month. Physician must provide these reports in a format specified by CalOptima, which at a minimum shall include CPT code, service month, payor (i.e. Physician, or delegated entity or subcontractor), and rendering provider's National Provider Identifier. CalOptima may require additional data as deemed necessary.

6. CalOptima will pay Physician a [redacted] administrative fee (the "Administrative Fee") once CalOptima has confirmed that the required Prop 56 increase payments have been made by Physician to Eligible Contracted Providers based upon the reports required under Section 5 above. Once provider payment is confirmed, the remaining medical cost will be reconciled plus a [redacted] administrative component based on confirmed Prop 56 increase payments and shall be remitted to the Physician.

7. CalOptima's obligation to pay Physician any Administrative Fees is contingent upon administrative component payments by DHCS to CalOptima for the Prop 56 increase. In no event shall CalOptima be obligated to pay Administrative Fees to Physician if CalOptima has not received funding for administration of the Prop 56 increase from DHCS.

8. Physician shall make payments to Eligible Contracted Providers for Qualifying Services in conjunction with the payment of the claim for the service. Payments for Qualifying Services may be made retrospectively or in conjunction with the claim payment as applicable. This includes claims payments made effective July 1, 2017 and after.

9. Physician acknowledges that DHCS has indicated that payments to Eligible Contracted Providers will be verified by DHCS. In the event that future DHCS reconciliation of the Prop 56 increase payments identifies invalid payments, Physician shall return such Prop 56 increase payments to CalOptima immediately upon notice from CalOptima.

10. Physician agrees to provide to CalOptima promptly, upon request, such data, information and reports as required by CalOptima in order for it to fulfill state and federal obligations related to the Prop 56 Increase.

11. Physician and its subcontractors agree to comply with all applicable Federal and State laws and regulations, contract requirements, CalOptima polices and DHCS guidance, including APLs, Policy Letters, and Plan Letters related to the Prop 56 increase.

12. To ensure proper implementation of the supplemental Prop 56 payments, Physician shall ensure that the requirements of this Attachment E-2 are included in the contracts with its subcontractors responsible for making payments to physicians directly providing services to Members.

13. Physician shall have a formal procedure to accept, acknowledge, and resolve provider grievances related to the processing or non-payment of a supplemental Prop 56 payments in accordance with contract requirements for other payments. In addition, Physician shall identify a designated point of contact for provider questions and technical assistance.

14. As long as the State of California extends the Prop 56 increase payments to CalOptima, CalOptima will continue to make Prop 56 increase payments to Physician, which may be subject to Board approval and the changes to the program, as necessary and appropriate to comply with the law and regulatory guidance.

ATTACHMENT E-2, ADDENDUM 1

SFY 2017 – 18 (dates of service between July 1, 2017 and June 30, 2018)

Physician shall make the initial payment to Eligible Contracted Providers for dates of service July 1, 2017 through and including April 30, 2018 ("Initial Payment") as reflected on claims submitted to Physician prior to April 30, 2018, no later than July 29, 2018. Payment to Eligible Contracted Providers shall be made based on the codes and amounts in the table below. Subsequent payments to Contracted Eligible Providers shall be made by Physician in accordance with the terms of this Attachment E-2.

DEPARTMENT OF HEALTH CARE SERVICES

CERTIFICATION REGARDING LOBBYING

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making, awarding or entering into of this Federal contract, Federal grant, or cooperative agreement, and the extension, continuation, renewal, amendment, or modification of this Federal contract, grant, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency of the United States Government, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, “Disclosure of Lobbying Activities" in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontractors, subgrants, and contracts under grants and cooperative agreements) of $100,000 or more, and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S.C., any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime federal recipients at the initiation or receipt of a covered federal action, or a material change to a previous filing, pursuant to Title 31, U.S.C., Section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered federal action. Use the SF - LLL- A Continuation Sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

Identify the type of covered federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered federal action.

Identify the status of the covered federal action.

Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered federal action.

Enter the full name, address, city, state, and ZIP code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants, and contract awards under grants.

If the organization filing the report in Item 4 checks "Subawardee," then enter the full name, address, city, state, and ZIP code of the prime federal recipient. Include Congressional District, if known.

Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation United States Coast Guard.

Enter the federal program name or description for the covered federal action (Item 1). If known, enter the full Catalog of Federal Domestic Assistance (CDFA) number for grants, cooperative agreements, loans, and loan commitments.

Enter the most appropriate federal identifying number available for the federal action identified in Item 1 (e.g , Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract grant, or loan award number; the application/proposal control number assigned by the federal agency). Include prefixes, e.g., "RFP-DE-90401."

For a covered federal action where there has been an award or loan commitment by the federal agency, enter the federal amount of the award/loan commitment for the prime entity identified in Item 4 or 5.

10. (a) Enter the full name, address, city, state, and ZIP code of the lobbying entity engaged by the reporting entity identified in Item 4 to influence the covered federal action.

10. (b) Enter the full names of the Individual(s) performing services and include full address if different from 10.(a). Enter last name, first name, and middle initial (MI).

Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (Item 4) to the lobbying entity (Item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.

Check the appropriate box(es). Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.

Check the appropriate box(es). Check all boxes that apply. If other, specify nature.

Provide a specific and detailed description of the services that the lobbyist has performed, or will be expected to perform, and the date(s) of any services rendered. Include all preparatory and related activity, not just time spent in actual contact with federal officials, identify the federal official(s) or employee(s) contacted or the officer(s), employee(s), or Member(s) of Congress that were contacted.

Check whether or not a SF-LLL-A Continuation Sheet(s) is attached.

The certifying official shall sign and date the form, print his/her name, title, and telephone number.

AMENDMENT I TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT I TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of October 1, 2019 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____ ("Physician"), with respect to the following facts:

RECITALS

A. CalOptima and Physician have entered into a Contract for Health Care Services ("Contract"), by which Physician has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and Physician wish to enter into this amendment to restate the Division of Financial Responsibilities and Formulary Medical Supplies as well as provide information and requirements related to supplemental payments for certain home health agency services.

NOW, THEREFORE, the parties agree as follows:

1. Attachment A, "CalOptima Medi-Cal Division of Financial Responsibility" shall be deleted in its entirety and replaced with the attached Attachment A – Amendment I.

2. Attachment C, "Formulary Medical Supplies" shall be deleted in its entirety and replaced with the attached Attachment C – Amendment I.

3. Attachment E-3, "Supplemental Payment for Home Health Agency Services", shall be added to the Contract and is attached hereto.

CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and _____ have executed this Amendment:

Contract for Health Care Services
Amendment I

ATTACHMENT A
CalOptima Medi-Cal Division of Financial Responsibility

Note: The purpose of the Division of Financial Responsibility is to identify how CalOptima allocated to the Physician and Hospital components of the medical costs associated with the provision of Covered Services. That is, the capitation and Hospital Budget rates in this Contract are based upon the Physician and Hospital Budget being financially responsible for the provision of Covered Services as indicated in this Division of Financial Responsibility. The Division of Financial Responsibility should not be used in place of the CalOptima EOC/EOB for making coverage determinations.

Formulary Medical Supplies

The following medical supply items are provided through CalOptima's pharmacy network:

Respiratory Items

- Inhaler Assist Devices
- Nasal Aspirator
- Peak Flow Meters, Non-Electric

Contraceptive Items

- Condoms
- Diaphragms

Diabetic Supplies

- Blood Glucose Monitors (excludes Continuous Glucose Monitors which are covered as DME)
- Insulin Syringes
- Lancets
- Lancet Auto Injectors
- Blood Glucose Test Strips
- Urine Test Strips
- Alcohol Pads

ATTACHMENT E-3

SUPPLEMENTAL PAYMENT FOR HOME HEALTH AGENCY SERVICES

On September 17, 2018, DHCS received federal approval for State Plan Amendment 18-0037 to sunset the [redacted] payment reduction for home health agency services and to increase reimbursement rates in effect on June 30, 2018, for state plan home health agency services by [redacted] effective July 1, 2018. Certain procedure codes, that mainly apply to pediatric Medi-Cal members, provide increased Medi-Cal reimbursement rates for certain home health agency services effective July 1, 2018. These supplemental payments will only apply to the cost of services that are not considered part of California Children Services, also known as Whole Child Model covered services.

To obtain the supplemental payment, Physician will submit encounter data to CalOptima for procedures codes, Z5804/S9123, Z5805, Z5806/S9124, Z5807, Z5832/G0299, Z5833/T1002, Z5834/G0300, Z5835/T1003, Z5836/G0162, Z5838/G0156, Z5840/T1016 and Z5868/T1026 or equivalent HIPAA compliant codes evidencing the Physician's reimbursement of the home health agency services at the increased rates during the period of July 1, 2018, through June 30, 2019. CalOptima will review the encounters eligible for supplemental payment made July 1, 2018, through June 30, 2019 at two different points in time. The initial reconciliation will be for payments made and submitted to CalOptima by October 15th, 2019 at which point CalOptima will make payment by November 30th, 2019. The final reconciliation will be for payments made and submitted by April 15th, 2020 at which point CalOptima will make payment by May 31st, 2020. CalOptima shall validate that services are not CCS covered services prior to payment.

The supplemental payment shall not be applicable to dates of service after June 30, 2019, since the cost changes are incorporated in CalOptima's regular rebasing exercise which are inclusive of forward trend assumptions. Expenses for CCS Eligible Conditions shall be subject to Risk Corridor reconciliation per the Contract and in accordance with CalOptima Policy.

AMENDMENT II TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT II TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of January 1, 2020 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____ ("Physician"), with respect to the following facts:

RECITALS

A. CalOptima and Physician have entered into a Contract for Health Care Services ("Contract"), by which Physician has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and Physician desire to amend the Contract to specify requirements, responsibilities, and reimbursement rates related to CalOptima's Health Homes Program.

NOW, THEREFORE, the parties agree as follows:

1. The following definitions shall be added to the end of Article 1 "Definitions" of the Contract:

"1.102 Community-Based Care Management Entity (CB-CME) means Physician when providing Health Homes Program (HHP) services to HHP Members pursuant to this Contract.

1.103 Health Homes Program or "HHP" means all of the California Medicaid State Plan amendments and relevant waivers that DHCS seeks and CMS approves for provision of HHP services that provide supplemental services to HHP eligible and enrolled Members by coordinating and integrating the full range of physical health, behavioral health, and community-based long-term services and supports (LTSS) needed for chronic conditions.

1.104 HHP Member who is HHP enrolled, and continuously participating in the HHP and assigned to the Physician.

1.105 HHP Multi-Disciplinary Care Team means a team of staff employed or contracted by the Physician, as a CB-CME, that provides HHP services to HHP Members."

2. Section 6.22 shall be added as follows:

"6.22 HEALTH HOMES PROGRAM ---

6.22.1 Physician shall begin participating in CalOptima Health Homes Program, as follows: (i) Effective January 1, 2020, or such later date as determined by DHCS, for HHP Members with eligible chronic physical conditions and substance use disorders; and (ii) Effective July 1, 2020, or such later date as determined by DHCS, for HHP Members with eligible serious mental illness.

6.22.2 Physician shall be responsible for providing and coordinating HHP services as one of the designated Community-Based Care Management Entities (CB-CMEs). Physician, as a CB-CME, shall ensure its systems and infrastructure are in place to provide HHP services to HHP Members.

Physician, as a CB-CME, shall satisfy the CB-CME qualification standards as defined by DHCS and CalOptima Policy, and CB-CME certification requirements as described in DHCS HHP Program Guide.

6.22.3 Physician shall comply with all State and federal requirements related to HHP and HHP requirements determined by DHCS, including the All Plan Letter related to Health Homes Program requirements and the HHP Program Guide. Physician, as a CB-CME, shall implement CalOptima Health Homes Program in accordance with this Contract and CalOptima Policies. Physician shall ensure that Physician staff who will be delivering HHP services complete training required by CalOptima and DHCS prior to participating in the administrative of the HHP.

6.22.4 Physician, as a CB-CME, shall be responsible for coordinating care with HHP Members, Providers, and other agencies as appropriate. Physician shall provide the following six (6) core HHP service categories for HHP Members: (i) Comprehensive care management; (ii) Care coordination; (iii) Health promotion; (iv) Comprehensive transitional care; (v) Individual and family support services; and (vi) Referral to community and social supports.

6.22.5 Physician shall maintain an aggregate minimum care coordinator ratio as defined by DHCS. Physician shall ensure the establishment of HHP Multi-Disciplinary Care Teams to provide HHP services, as set forth in CalOptima Policy GG.1331.

6.22.6 Physician shall ensure availability of Providers with experience working with people who are chronically homeless, pursuant to Welfare & Institutions Code section 14127.31(d)(1)(B).

6.22.7 Physician shall establish, as necessary, contractual relationships with organizations to provide HHP services (including but not limited to office visit accompaniment, housing navigator, individual housing transition services, and individual housing and tenancy sustaining services), and contractual or non-contractual relationships to provide linkages to community and social support services. Regardless of the subcontracting arrangement, Physician shall retain overall responsibility for all CB-CME duties and responsibilities set forth in this Contract and CalOptima Policies.

6.22.8 Physician shall conduct outreach and engagement activities for HHP-eligible Members who are not enrolled in HHP. Members meeting HHP eligibility requirements must consent to HHP in order to participate. Consent to HHP participation may be oral or in writing and shall be documented by the Physician's Customer Service staff or HHP Multidisciplinary Care Team staff prior to the Member's participation in HHP. CalOptima and Physician will coordinate to ensure that Members who meet exclusionary criteria are excluded or disenrolled from the HHP pursuant to the HHP Program Guide and CalOptima Policy GG.1350.

6.22. 9 Physician, as a CB-CME, shall complete a health needs assessment (HNA) and develop a health action plan (HAP) for each HHP Member. Physician shall ensure case conferences are conducted by the HHP Multidisciplinary Care Team and the HHP Member's HNA and HAP are updated as necessary.

6.22.10 Physician may use HHP funding to make payments to HHP Members' network Providers who are not included formally on the Physician's HHP Multi-Disciplinary Care Team, but who are responsible for coordinating with the Physician's HHP care coordinator to conduct case conferences and to provide input to the health action plan (HAP).

6.22.11 In addition to other provisions of this Contract, Physician shall comply with CalOptima Policies GG.1331, GG.1350 and FF.4001 related to CB-CME duties and responsibilities, including engagement activities, the DHCS HHP Program Guide, and CB-CME requirements set forth in Welfare & Institutions Code, section 14127.3(d)(1).

6.22.12 Physician's Agent's Qualifications. Physician shall verify the qualifications of all agents (including Physician staff) providing services under this Contract consistent with the services to be provided under the Health Homes Program. In addition, for agents that enter into Members' homes or have face-to-face contact with Members, Physician shall also conduct background investigations, including, but not be limited to, County, State and Federal criminal history and abuse registry screening. Physician shall comply with all applicable laws in conducting background investigations and shall exclude unqualified agents from providing services under this Contract.

6.22.13 HHP Data Sharing. CalOptima and Physician agree to exchange available information and data as required by DHCS for the HHP, including but not limited to notification of hospital emergency department visits, inpatient admissions and discharges, and health history of HHP Members. CalOptima and Physician shall conduct such information and data sharing in compliance with all applicable Health Insurance Portability and Accountability Act (HIPAA) requirements, and other federal and California state laws and regulations, including applying the minimum necessary standard, when applicable. Further, Physician shall establish and maintain a data-sharing agreement with other Providers that is compliant with all federal and California state laws and regulations. If applicable laws and/or regulations require an HHP Member's valid authorization for release of health information and a legal exception does not apply, Physician may not release such information without the HHP Member's valid authorization.

6.22.14 HHP Data Reporting. Physician shall submit to CalOptima complete, accurate, reasonable and timely data reports in the manner and form acceptable to CalOptima in order for CalOptima to meet its data reporting requirements to DHCS for the HHP."

3. Attachment E-4, "Funding for Health Homes Program", shall be added to the Contract and is attached hereto.

CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and _____ have executed this Amendment:

Attachment E-4

Funding for Health Homes Program (HHP)

Effective January 1, 2020, CalOptima shall make a HHP Core Services Supplemental Capitation Payment to Physician for HHP services provided to an HHP-enrolled Member or a separate Engagement Activities Supplemental Capitation Payment for engagement activities for a Member eligible but not enrolled in HHP, in accordance with the terms and conditions of Policy FF.4001.

1. HHP Core Services Supplemental Capitation Payment

   1.1 The HHP Core Services Supplemental Capitation Payment below will be issued by CalOptima if all of the following conditions are met:

   - Member is identified as an HHP-eligible Member as determined by CalOptima based on HHP eligibility criteria as defined by DHCS and in accordance with CalOptima Policy GG.1350;
   - Member is enrolled in the HHP;
   - Member receives either one of the six (6) HHP core services (as set forth in Section 6.22.4 of the Contract) in a calendar month in which the supplemental payment is requested by the Physician, or the Member has received an HHP core service within one (1) of the prior two (2) calendar months in which the supplemental service month payment is requested by the Physician;
   - The HHP core services are billed and reported to CalOptima consistent with the most recent HHP Program Guide or specific regulatory guidance as directed by DHCS;
   - If applicable, the Physician paid the provider for the HHP core services; and
   - The Physician authorized such HHP core services.

   [redacted] PMPM (January – June 2020)
   PMPM (July – December 2020)

2. Engagement Activities Supplemental Capitation Payment

   2.1 Subject to Section 2.2 of this Attachment E-4, the Engagement Activities Supplemental Capitation Payment below will be issued by CalOptima if all of the following conditions are met:

   - Member is identified as an HHP-eligible Member as determined by CalOptima, based on HHP eligibility criteria as defined by DHCS but not enrolled in HHP
   - The Physician conducted engagement activities to contact an HHP-eligible Member on CalOptima's Finalized Engagement List (FEL) for enrollment in HHP
   - Engagement activities are billed and reported to CalOptima in the manner and form acceptable to CalOptima, including but not limited to identifying the non-enrollment status of the HHP-eligible Member; and
   - If applicable, the Physician authorized and paid the provider for such engagement

   [redacted] PMPM (January – June 2020)
   PMPM (July – December 2020)

2.2 CalOptima shall limit the provision of Engagement Activities Supplemental Capitation Payment to a maximum of three (3) calendar months of billing per one (1) individual HHP-eligible Member who is not enrolled in HHP.

3. Physician shall submit HHP billing data for HHP Core Services Supplemental Capitation Payment and/or engagement activities billing data for Engagement Activities Supplemental Capitation Payment, as applicable, by the fifteenth (15^{th}) calendar day after the month ends, in accordance with CalOptima Policy FF.4001.

4. Upon validation of the HHP billing data or engagement activities billing data, as applicable, CalOptima shall issue either the HHP Core Services Supplemental Capitation Payment or the Engagement Activities Supplemental Capitation Payment, as applicable, within thirty (30) business days from the date of the HHP billing data or engagement activities billing data submission, in accordance with CalOptima Policy FF.4001.

5. In addition to Section 9.4 of this Contract, Physician agrees to CalOptima's recovery of any overpayment of supplemental payment for HHP core services or engagement activities in accordance with CalOptima Policy FF.4001.

AMENDMENT III TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT III TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of January 1, 2020 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____ ("Physician"), with respect to the following facts:

RECITALS

A. CalOptima and Physician have entered into a Contract for Health Care Services ("Contract"), by which Physician has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and Physician desire to amend the Contract for the allocation and distribution of Intergovernmental Transfer (IGT) 6 and 7 Funds for Whole-Child Model (WCM) Startup Expenses incurred by Physician. IGTs are transfers of public funds between eligible governmental entities, which qualify for matching federal funds for the Medi-Cal program. IGT 1–7 funds are designated for enhanced/additional benefits for Medi-Cal beneficiaries.

NOW, THEREFORE, the parties agree as follows:

1. Attachment E-5, "Whole-Child Model (WCM) Start-up Expenses Reimbursement", shall be added to the Contract and is attached hereto.

2. CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and _____ have executed this Amendment:

Attachment E-5

Whole-Child Model (WCM) Program Start-up Expense Reimbursement

This attachment sets forth the program of additional compensation for Whole Child Model (WCM) start-up expenses, as authorized by the CalOptima Board of Directors at its December 5, 2019, meeting.

A. Reimbursement Available. There are two parts of the expense related reimbursement payments available to Physician.

1. Flat Rate: Physician shall receive a one-time payment amount of [redacted] AND,

2. Variable Rate: If expenses for the implementation, as described in this Attachment, exceed the [redacted] flat rate, an additional amount of up to [redacted] per member per month, shall be reimbursed to Physician. This maximum funding amount has been calculated based on the average number of CCS Members assigned to Physician from July through September 2019.

B. Reimbursable Expenses. Reimbursement under the variable rate reimbursement category is limited to those expenses that were incurred prior to July 1, 2019. There are three broad categories of reimbursable expenses for the variable rate reimbursements, as follows:

1. Personnel Expenses—These expenses relate to the reassignment, recruitment and training of administrative personnel for implementation of the WCM, including both the cost of diverting existing staff (such as reassigning claims payment staff to prepare WCM-specific claims processing policies, procedures, and routines), the cost of recruiting new staff to carry out WCM-specific tasks (such as utilization management, case management, and claims processing for WCM services), and the cost of training (such as bringing in outside trainers, preparing training materials, and overseeing on-line training activities for staff on WCM-specific matters).

2. Systems and Infrastructure—These expenses include those expenses involved in establishing a DHCS-compliant WCM provider network, such as contracting and credentialing additional CCS-approved physicians and facilities; necessary modifications to electronic data systems; additional office equipment for new WCM-specific staff; acquisition of new software or new modules for existing software made necessary by operation of the WCM; and development of program reporting capabilities to meet the requirements of the CalOptima WCM program.

3. Other Expenses—This category includes other expenses incurred in preparation for the implementation of the WCM, such as member notifications, educational materials for members, providers, and/or Physician administrative staff, and other items that are dedicated to WCM implementation that are not covered by reimbursable expense categories 1. and 2.

C. Reimbursement

1. The flat fee reimbursement shall be paid by CalOptima on or before March 1, 2020.

2. The variable rate reimbursement shall be paid by CalOptima within thirty (30) days of confirmation that the following have been submitted, are consistent between the attestation and invoice (see below), are consistent with the costs that are reimbursable, and are accepted as complete:

2.1. An attestation, in the format designated by CalOptima, indicating the general nature and amount of expenditures incurred prior to July 1, 2019, for each of the three broad reimbursable expense categories, signed by an authorized signer for Physician.

2.2. A detailed invoice specifically describing the costs incurred, prior to July 1, 2019, in preparation for implementation of the WCM, as follows:

2.2.1 Personnel Costs—For Physician personnel costs in each category identify the job title, hours, and total compensation incurred, and how the expenses relate to preparation for implementation of the WCM.

2.2.2. Contractual Services—For services obtained from other than Physician personnel, indicate each contracted party, a general identification of the services provided, and the costs incurred, and how the expenses relate to preparation for implementation of the WCM.

2.2.3 Goods/Materials—For goods and materials, indicate the type of goods procured, from whom the goods were acquired, for what purpose the goods were used, and the cost of each type of goods obtained, and how the expenses relate to preparation for implementation of the WCM.

D. Audit.

1. CalOptima is not requiring that supporting documentation, such as contracts and invoices from providers of goods and services, or employment records for personnel undertaking preparations for implementation of the WCM, be provided with the attestation and invoices. However, Physician shall maintain such records in a reasonably accessible manner for inspection by CalOptima or its designated auditor.

2. CalOptima, or its designated auditor, shall audit Physician's records during the annual financial audit to verify that the expenses were incurred as reported in the invoicing and attestation. Reimbursement of both flat and variable rate start-up expenses are subject to recoupment if substantiating documentation is not made available. Substantiating documentation may include, but not be limited to, salary and payroll information as described in Section 1.1.2; general ledger entries identifying the start-up expenses; contracts and invoices from third party providers of goods and services, and copies of cancelled checks to support payment of expenses.

3. Any variable rate reimbursement amounts that are found to not have been incurred, or not to be supported by sufficient documentation, shall be disallowed retroactively. Such disallowed amounts will constitute an overpayment and will be returned to CalOptima or recovered through offset, as provided elsewhere in this Contract.

E. Disputes. In the event that CalOptima disallows any expense incurred and properly attested and invoiced, Physician shall have the right to pursue those remedies identified in this Contract and CalOptima Provider Dispute and Appeals policies.

AMENDMENT IV TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT IV TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of April 1, 2020 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____ ("Physician"), with respect to the following facts:

RECITALS

A. CalOptima and Physician have entered into a Contract for Health Care Services ("Contract"), by which Physician has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and Physician desire to amend the Contract to identify the Medi-Cal capitation base rate enhancement approved by the CalOptima Board of Directors for immediate aid due to the coronavirus known as COVID-19.

NOW, THEREFORE, the parties agree as follows:

1. Attachment E-6, "MEDI-CAL RATE ENHANCEMENT" shall be added to the Contract and is attached hereto.

2. CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and _____ have executed this Amendment:

ATTACHMENT E-6

MEDI-CAL RATE ENHANCEMENT

On January 31, 2020, the Secretary of Health and Human Services declared a public health emergency under section 319 of the Public health Service ACT (42 U.S.C. 247d) in response to a novel coronavirus known as SARS-CoV-2 (COVID-19). Pursuant to the action taken by CalOptima Board of Directors on April 2, 2020, in anticipation of a fluctuation in utilization by Medi-Cal members and the need for flexible services due to COVID-19, CalOptima amends the current Medi-Cal capitation base rate levels set forth in Attachment E to increase them by [redacted] for the period commencing April, 1 2020 and continuing through, and including, June 30, 2020.

AMENDMENT V TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT V TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of July 1, 2020, by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____ ("Physician"), with respect to the following facts:

RECITALS

A. CalOptima and Physician have entered into a Contract for Health Care Services ("Contract"), by which Physician has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and Physician desire to amend the Contract to extend the term of the Contract, administer directed payments per CalOptima policy and procedure and revise the capitation rates.

NOW, THEREFORE, the parties agree as follows:

1. Section 2.7.18. of the Contract, and any references thereto, shall be renumbered as Section 2.7.19, and new Section 2.7.18 shall be added to the Contract as follows:

   "2.7.18 DIRECTED PAYMENTS FOR QUALIFYING COVERED SERVICES --- Effective July 1, 2020, CalOptima and Physician shall administer directed payments that are relevant to this Contract in accordance with CalOptima Policy FF.2011, Directed Payments, including, without limitations, directed payments, such as those described in Attachment E-2, by Physician to eligible providers rendering qualifying Covered Services, reporting requirements related to directed payments, and reimbursement of directed payments by CalOptima to Physician."

2. Article 15, Section 15.1 shall be deleted in its entirety and replaced with the following:

   "15.1 SUBJECT TO (I) THE STATE OF CALIFORNIA AND THE UNITED STATES PROVIDING FUNDS FOR THE TERM OF THIS CONTRACT AND FOR THE PURPOSES FOR WHICH IT IS ENTERED INTO; (II) THE APPROVAL OF THIS CONTRACT BY CALOPTIMA AND THE STATE, THE TERM OF THIS CONTRACT SHALL BE JUNE 30, 2019 THROUGH JUNE 30, 2021."

3. ATTACHMENT E shall be deleted and replaced with the attached ATTACHMENT E- AMENDMENT V "Capitation Rates".

4. ATTACHMENT E-1 shall be deleted and replaced with the attached ATTACHMENT E- 1 - AMENDMENT V "Capitation Rates for Adult Expansion Members".

5. ATTACHMENT E-2 "Distribution of Proposition 56 Funding" and Addendums to this Attachment shall be deleted and replaced with the attached ATTACHMENT E-2 – AMENDMENT V, "Distribution of Proposition 56 Funding".

5. CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

ATTACHMENT E – AMENDMENT V

Capitation Rates

Effective July 1, 2020

Payments by CalOptima to Health Network for Covered Services rendered to Members in accordance with the Contract for Health Care Services shall be on a Per Member/Per Month (PMPM) basis, and shall be provided herein in the following, except for carved out services and items as provided for in CalOptima Policies.

Aid Code Category	Age & Gender Category	Base Hospital	Base Physician	Total Cap Rate
Child / Adult	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			
SPD	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			
ESRD	Child / Adult			
	SPD			
	Expansion			
AIDS	Child / Adult			
	SPD			
	Expansion			

Overall average capitation for all Health Networks. Actual capitation paid is allocated based on the relative risk profiles of the Health Networks, in accordance with CalOptima policy.

Whole Child Model Base Capitation Rates

Aid Code Category	Age & Gender Category	Base Hospital	Base Physician	Total Cap Rate
Whole Child Model	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			

The base rates for Whole Child Model are subject to change and the application of risk adjustment and age/gender factors.

Interim Reimbursement for Catastrophic Cases. CalOptima shall provide supplemental payments on a quarterly basis to cover costs that exceed the designated thresholds for catastrophic claims, in accordance with CalOptima Policy.

Retrospective Risk Corridor. CalOptima shall, on an annual basis, apply risk corridors to the previous year's CCS-Member-related capitation payments, based on medical costs, and adjust those previous year's capitation payments accordingly, in accordance with CalOptima Policy.

Supplemental OB Delivery Care Payment

Supplemental OB Delivery Care Payment (Payment shall be administered per CalOptima policy guidelines).

	Hospital	Physician	Total Capitation
Supplemental OB Delivery Care Payment	[redacted]	[redacted]	[redacted]

Funding for PCC

In addition to those amounts described above, Physician shall receive [redacted] per WCM or SPD Member per month, to fund the PCC program as authorized by the CalOptima Board of Directors. SPD Member is identified by their Aid Code Category, for all age groups. WCM member is identified by their WCM Eligible condition as determined by the local WCM Program. Physician shall only receive PCC funding for a Member with an SPD aid code category or a WCM-eligible condition as determined by the County, not both. Members with a WCM Eligible Condition shall prevail over SPD members when determining payment.

Physician acknowledges and agrees that CalOptima may adjust and/or terminate the PCC payments in the event Physician fails to comply with the requirements as defined by the CalOptima Profile and Policy. Physician acknowledges and agrees that CalOptima, in its sole and absolute discretion, may also offset

Physician’s future PCC Payments in the event CalOptima determines that Physician has not complied with the Profile requirements.

ATTACHMENT E-1 – AMENDMENT V

Capitation Rates for Adult Expansion Members

Effective July 1, 2020

Capitation rates for Adult Expansion Members may be different than those included herein as determined by DHCS. Should DHCS make a change in future capitation payments to CalOptima, CalOptima will adjust payments made to Physician.

In addition to prospective changes in capitation rates for Adult Expansion Members, DHCS will calculate the MLR for these Members. CalOptima is required to expend at least 85 percent of capitation payments received on Allowed Medical Expenses for Adult Expansion Members. Should CalOptima not meet the minimum 85 percent MLR, CalOptima will be required to return the difference between 85 percent of capitation payments and the allowed medical expenses to the State. CalOptima will require Physician to remit the portion of the difference attributed to Physician.

If CalOptima's MLR exceeds 95 percent of the total capitation payments for the Adult Expansion Members, DHCS shall make additional payment to CalOptima. The additional payment from DHCS to CalOptima will be the difference between the CalOptima's allowed medical expenses and 95 percent of the capitation payments received/ CalOptima will make additional payment as attributed to Physician.

Aid Code Category	Age & Gender Category	Base Hospital	Base Physician	Total Cap Rate
Expansion	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			

For services rendered to Adult Expansion Members, Physician shall reimburse Specialist Physicians, in the aggregate, at least [redacted] of the CalOptima Medi-Cal Fee Schedule. This minimum aggregate reimbursement rate is subject to adjustment by CalOptima in the event that the Capitation Rate in this Attachment is adjusted in accordance with this Contract.

Supplemental OB Delivery Care Payment

Supplemental OB Delivery Care Payment (Payment shall be administered per CalOptima policy guidelines).

	Hospital	Physician	Total Capitation

Supplemental OB Delivery Care Payment			

Funding for PCC

In addition to those amounts described above, Physician shall receive [redacted] per WCM or SPD Member per month, to fund the PCC program as authorized by the CalOptima Board of Directors. SPD Member is identified by their Aid Code Category, for all age groups. WCM member is identified by their WCM Eligible Condition as determined by the local WCM Program. Physician shall only receive PCC funding for a Member with an SPD aid code category or a WCM-eligible condition as determined by the County, not both. Member's with a WCM Eligible Condition shall prevail over SPD members when determining payment.

Physician acknowledges and agrees that CalOptima may adjust and/or terminate the PCC payments in the event Physician fails to comply with the requirements as defined by the CalOptima Profile and Policy. Physician acknowledges and agrees that CalOptima, in its sole and absolute discretion, may also offset Physician's future PCC Payments in the event CalOptima determines that Physician has not complied with the Profile requirements.

ATTACHMENT E-2 – AMENDMENT V

Distribution of Proposition 56 Funding

This Attachment E-2 provides the terms and conditions, in addition to any state and federal laws, regulations, or guidance, under which CalOptima and Physician shall administer the Proposition 56 Medi-Cal Physician Supplemental Payment Program.

The California Healthcare, Research and Prevention Tobacco Tax Act (Prop 56), allocates a specified portion of the tobacco tax revenue to fund health care expenditures. Medicaid agencies are required to make supplemental payments to physicians for certain procedures as set forth in amendments to the State Medicaid Plan.

CalOptima agrees to make certain Prop 56 increases to Physician which Physician agrees to pay to Eligible Contracted Providers who render Qualifying Services (both as defined in this Attachment E-2) effective July 1, 2017 and CalOptima agrees to pay Physician an administrative fee to administer such Prop 56 increase payments as provided in this Attachment E-2.

1. Definitions: The following terms shall have the following meanings for purposes of this Attachment E-2:

    a. "Eligible Contracted Provider" shall mean a Provider who is contracted with Physician to provide Medi-Cal services to CalOptima members. Federally Qualified Health Centers, Rural Health Clinics, American Indian Health Programs, and cost-based reimbursement clinics, however, do not qualify as Eligible Contracted Providers.

    b. "Qualifying Services" shall mean services described by the Proposition 56 Medi-Cal Physician Supplemental Payment Program, which may be revised to include additional CPT codes, rate adjustments, and extensions.

    c. Notwithstanding the above, services provided to Members who are dually eligible for Medi-Cal and Medicare Part B are not Qualifying Services.

2. Physician shall administer the Prop 56 increase in accordance with the Addendum for the applicable State fiscal year attached to this Attachment E-2, applicable state and federal requirements and CalOptima policies. Physician shall forward to Eligible Contracted Providers rendering Qualifying Services an additional payment for the Qualifying Services in accordance with the Attachments to this Attachment E-2 in addition to any payment paid by Physician to the Eligible Contracted Provider under their existing contractual arrangements.

3. CalOptima will forward Prop 56 increase payment funding for the initial payments required to be paid by Physician for Qualifying Services furnished by Eligible Contracted Providers for a State fiscal year based on fee-for-service and capitated claims and encounters submitted by Physician, in accordance with the reports required in Section 5, and accepted by CalOptima. For subsequent

payments, once Provider payment is confirmed, based on the monthly reports required by CalOptima in order for it to fulfil state and federal obligations related to the Prop 56 Increase, CalOptima will reimburse Physician for payments made during the prior reporting period. CalOptima will not make payments for clean or accepted encounters for Qualifying Services received by Physician more than one year after the date of service.

4. Physician shall not provide supplemental Prop 56 payments under this Attachment E-2 to any Provider who is not an Eligible Contracted Provider and all such payments shall be for Qualifying Services. Any Proposition 56 funds paid to an ineligible Provider or for non-qualifying services shall constitute an overpayment, which shall be recouped from such Provider by Physician.

5. On a monthly basis, Physician must report to CalOptima, within 15 days of the end of each calendar month, all supplemental Prop 56 payments made pursuant to this Attachment E-2, either directly by Physician or by Physician's delegated entities and subcontractors at Physician's direction. Reports shall include all supplemental Prop 56 payments made during the month. Physician must provide these reports in a format specified by CalOptima, which at a minimum shall include CPT code, service month, payor (i.e. Physician, or delegated entity or subcontractor), and rendering provider's National Provider Identifier. CalOptima may require additional data as deemed necessary.

6. CalOptima will pay Physician a [redacted] administrative fee (the "Administrative Fee") once CalOptima has confirmed that the required Prop 56 increase payments have been made by Physician to Eligible Contracted Providers based upon the reports required under Section 5 above. Once provider payment is confirmed, the remaining medical cost will be reconciled plus a [redacted] administrative component based on confirmed Prop 56 increase payments and shall be remitted to the Physician.

7. CalOptima's obligation to pay Physician any Administrative Fees is contingent upon administrative component payments by DHCS to CalOptima for the Prop 56 increase. In no event shall CalOptima be obligated to pay Administrative Fees to Physician if CalOptima has not received funding for administration of the Prop 56 increase from DHCS.

8. Physician shall make payments to Eligible Contracted Providers for Qualifying Services in conjunction with the payment of the claim for the service. Payments for Qualifying Services may be made retrospectively or in conjunction with the claim payment as applicable. This includes claims payments made effective July 1, 2017 and after.

9. Physician acknowledges that DHCS has indicated that payments to Eligible Contracted Providers will be verified by DHCS. In the event that future DHCS reconciliation of the Prop 56 increase payments identifies invalid payments, Physician shall return such Prop 56 increase payments to CalOptima immediately upon notice from CalOptima.

10. Physician agrees to provide to CalOptima promptly, upon request, such data, information and reports as required by CalOptima in order for it to fulfill state and federal obligations related to the Prop 56 Increase.

11. Physician and its subcontractors agree to comply with all applicable Federal and State laws and regulations, contract requirements, CalOptima polices and DHCS guidance, including APLs, Policy Letters, and Plan Letters related to the Prop 56 increase.

12. To ensure proper implementation of the supplemental Prop 56 payments, Physician shall ensure that the requirements of this Attachment E-2 are included in the contracts with its subcontractors responsible for making payments to physicians directly providing services to Members.

13. Physician shall have a formal procedure to accept, acknowledge, and resolve provider grievances related to the processing or non-payment of a supplemental Prop 56 payments in accordance with contract requirements for other payments. In addition, Physician shall identify a designated point of contact for provider questions and technical assistance.

14. As long as the State of California extends the Prop 56 increase payments to CalOptima, CalOptima will continue to make Prop 56 increase payments to Physician, which may be subject to Board approval and the changes to the program, as necessary and appropriate to comply with the law and regulatory guidance.

15. Notwithstanding other provisions of this Attachment E-2, effective July 1, 2020, CalOptima and Physician shall administer the Proposition 56 Medi-Cal Physician Supplemental Payment Program pursuant to Section 2.7.18 of the Contract.

ATTACHMENT E-2, ADDENDUM 1

SFY 2017 – 18 (dates of service between July 1, 2017 and June 30, 2018)

Physician shall make the initial payment to Eligible Contracted Providers for dates of service July 1, 2017 through and including April 30, 2018 ("Initial Payment") as reflected on claims submitted to Physician prior to April 30, 2018, no later than July 29, 2018. Payment to Eligible Contracted Providers shall be made based on the codes and amounts in the table below. Subsequent payments to Contracted Eligible Providers shall be made by Physician in accordance with the terms of this Attachment E-2.

AMENDMENT VI TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT VI TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of January 1, 2021 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____ ("Physician"), with respect to the following facts:

RECITALS

A. CalOptima and Physician have entered into a Contract for Health Care Services ("Contract"), by which Physician has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and Physician wish to enter into this amendment to revise the Division of Financial Responsibilities, revise the Termination for Convenience provision as well as modify language as appropriate to align with all Health Care Services contracts.

NOW, THEREFORE, the parties agree as follows:

1. Section 1.16, "CalOptima Regulators", shall be deleted in its entirety and replaced with the following:

   "CalOptima's Regulators" means those government agencies that regulate, oversee, or enforce applicable statutory, regulatory, or contractual requirements relating to the activities and/or obligations of CalOptima, Physician, and Subcontractors under the State Contract, this Contract, and Subcontracts, as applicable, including, without limitation, DHCS, the HHS Office of Inspector General, the Comptroller General of the United States, the Department of Justice (DOJ), DOJ Bureau of Medi-Cal Fraud, the Department of Managed Health Care (DMHC), and other authorized federal or State agencies, or their duly authorized representatives or designees, including DHCS' external quality review organization contractor.

2. Section 1.22, "Community Liaison" or "CL", shall be deleted and intentionally left blank.

3. Section 1.23, "Community Liaison Program" or "CLP", shall be deleted and intentionally left blank.

4. Section 1.55, "Medi-Cal Managed Care All Plan Letter (APL)" and "Policy Letter (PL)", shall be deleted in its entirety and replaced with the following:

   "Medi-Cal Managed Care All Plan Letter (APL)" and "Policy Letter (PL)" are the means by which DHCS conveys information or interpretation of changes in policy or procedure at the Federal or State levels. APLs and Policy Letters provide instruction to the contractors about changes in Federal or State law and Regulation that affect the way in which they operate or deliver services to Medi-Cal beneficiaries.

5. Section 1.64, "Memorandum/Memoranda of Understanding" or "MOU", shall be deleted in its entirety and replaced with the following:

   "Memorandum/Memoranda of Understanding" or "MOU", means agreements between CalOptima and external agencies, which delineates responsibilities for coordinating care to Members, and contracts between CalOptima and the County of Orange that incorporate such agreements,

Back to Agenda Back to Item

including but not limited to the Coordination and Provision of Public Health Care Services Contract.

6. Section 1.84, "Screening, Brief Intervention, and Referral to Treatment (SBIRT)", shall be deleted in its entirety and replaced with the following:

"Alcohol Misuse Screening and Counseling" or AMSC" (formerly referred to as "Screening, Brief Intervention, and Referral to Treatment" or "SBIRT") means services provided by a Primary Care Physician to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol."

7. Section 1.95, "Subcontract", shall be deleted in its entirety and replaced with the following:

"Subcontract" means a written agreement entered into by the Physician with a Provider who agrees to furnish Covered Services to Members, or any other organization or person who agrees to perform any administrative function or service for Physician specifically related to fulfilling Physician's obligations to CalOptima under the terms of this Contract.

8. Section 1.96, "Subcontractor", shall be deleted in its entirety and replaced with the following:

"Subcontractor" means a Provider or any organization or person who has entered into a Subcontract with Physician. All delegates are Subcontractors, but not all Subcontractors shall be considered delegates. A delegate means an organization or person that subcontracts with Physician to perform any administrative function or service for Physician specifically related to fulfilling Physician's obligations to CalOptima under the terms of this Contract."

9. Section 2.3.2 shall be deleted in its entirety and replaced with the following:

"Commercial General Liability/Commercial Automobile Liability:
Physician shall maintain a Commercial General Liability Insurance policy and a Commercial Automobile Liability Insurance policy with minimum limits as follows:

Commercial General Liability:
$1,000,000 per occurrence/$3,000,000 aggregate
Commercial Automobile Liability:
$1,000,000 Combined Single Limit

CalOptima must be named as an additional insured on Physician's Comprehensive General Liability and Automobile Liability insurance with respect to performance under this Contract."

10. Section 2.3.8 shall be deleted in its entirety and replaced with the following:

"Proof of Insurance: Certificates of Insurance of the above Insurance policies and/or evidence of self-insurance maintained by Physician shall be provided to CalOptima prior to execution of the Contract and annually thereafter. Physician shall provide the Certificates of Insurance of the above Insurance policies and/or evidence of self-insurance maintained by Participating Providers to CalOptima upon request."

11. Section 2.7.12, "Certified Nurse Midwife (CNM) and Certified Nurse Practitioner (CNP) Payments", shall be deleted in its entirety and replaced with the following:

"Certified Nurse Midwife (CNM) and Certified Nurse Practitioner (CNP) Payments - If there are no CNMs or CNPs in Physician's provider network, Physician shall reimburse non-contracting CNMs or CNPs for services provided to Members at no less than [redacted] of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy."

12. Section 2.7.13, "Family Planning Provider Payments", shall be deleted in its entirety and replaced with the following:

"Family Planning Provider Payments - Physician shall reimburse non-contracting family planning providers at no less than [redacted] of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy. Physician shall reimburse non-contracting family planning providers for services provided to Members of childbearing age to temporarily or permanently prevent or delay pregnancy."

13. Section 2.7.14, "Sexually Transmitted Disease Treatment Payments", shall be deleted in its entirety and replaced with the following:

"Sexually Transmitted Disease Treatment Payments - Physician shall reimburse local health departments and non-contracting family planning providers at no less than [redacted] of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy, for the diagnosis and treatment of a STD episode, as defined in MMCD Policy Letter No. 96-09. Physician may elect to provide reimbursement only if STD treatment providers provide treatment records or documentation of the Member's refusal to release Medical Records to Physician along with billing information."

14. Section 2.7.15, "HIV Testing and Counseling Payments", shall be deleted in its entirety and replaced with the following:

"HIV Testing and Counseling Payments - Physician shall reimburse local health departments and non-contracting family planning providers at no less than [redacted] of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy. Physician shall provide reimbursement only if local health departments and non-contracting family planning providers make all reasonable efforts, consistent with current laws and regulations, to report confidential test results to Physician."

15. Section 3.4, "CALOPTIMA LOGO", shall be deleted in its entirety and replaced with the following:

"CALOPTIMA LOGO --- Physician shall not display the CalOptima logo on any of Physician's written communication to Members without prior written approval by CalOptima."

16. Section 3.9, "SUBCONTRACTS", shall be deleted in its entirety and replaced with the following:

"SUBCONTRACTS --- Physician may Subcontract for certain functions covered by this Contract subject to the requirements of this Contract. Physician is required to ensure that all Subcontracts are in writing and include any general requirements of this Contract and all provisions required by this Contract to be incorporated into Subcontracts. Physician is required to inform CalOptima of the name and business addresses of all Subcontractors and notify CalOptima of any changes in Subcontractors within thirty (30) days of execution or change of Subcontract. Physician shall have policies and procedures addressing Subcontracts with any offshore individual or entity that receives, processes, transfers, handles, stores, or accesses CalOptima Member Protected Health Information (PHI) ("Offshore Subcontracts"), including policies that address security of such PHI

and CMS requirements for reporting information about Offshore Subcontracts. Physician shall annually complete the CalOptima Offshore Attestation and make its Offshore Subcontract policies and list of such Offshore Subcontracts available to CalOptima upon request, including for audits by CalOptima and/or CalOptima's Regulators. Additionally, Physician shall require all Subcontracts contain the following:"

17. Section 3.9.2 shall be deleted in its entirety and replaced with the following:

"An agreement to maintain such books and records in accordance with any record requirements in this Contract and CalOptima Policies, and for the establishment and maintenance of and access to Medical and Administrative Records as set forth in Section 3.17 and 3.22 of this Contract;"

18. Section 3.9.7 shall be deleted in its entirety and replaced with the following:

"An agreement requiring Subcontractors to provide Covered Services to CalOptima Members in a non-discriminatory manner;"

19. Section 3.9.8 shall be deleted in its entirety and replaced with the following:

"An agreement to comply with all provisions of this Contract with respect to providing Emergency Services and State Contract (Exhibit A, Attachment 8, Provision 12) for those Subcontractors at risk for non-contracting Emergency Services;"

20. Section 3.9.10 shall be deleted in its entirety and replaced with the following:

"An agreement to comply with (a) CalOptima's Compliance Program including, without limitation, CalOptima Policies; (b) any DHCS Medi-Cal Provider Bulletins and Manuals; (c) all applicable requirements of the DHCS Medi-Cal Managed Care Program, including, but not limited to, the Medi-Cal Managed Care Division Policy Letters and All Plan Letters; and (d) all applicable requirements specified in the State Contract and subsequent amendments, and federal and State laws and regulations;"

21. Section 3.9.12 shall be deleted in its entirety and replaced with the following:

"An agreement requiring Subcontractors to sign a Declaration of Confidentiality, which shall be signed and filed with DHCS prior to the Subcontractors being allowed access to computer files or any other data or files, including identification of individual Members;"

22. Section 3.9.20 shall be deleted in its entirety and replaced with the following:

"An agreement to participate and cooperate in quality improvement systems as set forth in Section 6.4 of the Contract, and if Physician delegates quality improvement activities to the Subcontractor, the Subcontract must include the requirements set forth in the State Contract (Exhibit A, Attachment 4, Provision 6), and Sections 3.8 and 6.4 of the Contract, including the Delegation Acknowledgement and Acceptance Agreement ("Delegation Agreement);"

23. Section 3.9.25 shall be deleted in its entirety and replaced with the following:

"An agreement that Participating Providers are entitled to the protections of the Health Care Provider's Bill of Rights, California Health and Safety Code section 1375.7, in the administration of the Subcontract relative to the Medi-Cal program; and"

Back to Agenda Back to Item

24. Section 3.9.26 shall be added as follows:

"Subcontractor's agreement to provide Physician with the disclosure statement set forth in 22 CCR Section 51000.35, prior to commencing services under the Subcontract, which shall be provided to CalOptima upon request."

25. Section 3.17, "MEDICAL AND ADMINISTRATIVE RECORDS", shall be deleted in its entirety and replaced with the following:

"MEDICAL AND ADMINISTRATIVE RECORDS --- Physician shall require that all Participating Providers and Subcontractors establish and maintain for each Member who has obtained Covered Services from a Participating Provider or Subcontractor a legible Medical Record. Such Medical Record shall include a historical record of diagnostic and therapeutic services recommended or provided by, or under the direction of, the Participating Provider or Subcontractor. Such Medical Record shall be in such a form as to allow trained health professionals, other than the Participating Provider or Subcontractor, to readily determine the nature and extent of the Member's medical problem and the services provided and permit peer review of the services provided. The Medical Record shall be kept in a detail consistent with good medical and professional practice in accordance with 22 CCR Section 53284, and which permits effective professional review and facilitates a system of follow-up treatment. All Medical Records shall meet the requirements of the State Contract and applicable laws and regulations, including, but not limited to, 28 CCR Section 1300.80(b)(4) and 42 USC Section 1396a(w). Such records shall be available to health care providers at each encounter, in accordance with 28 CCR Section 1300.67.1(c). Physician shall ensure that an individual is delegated the responsibility of securing and maintaining Medical Records at each Participating Provider or Subcontractor site."

26. Section 3.19.1 shall be deleted in its entirety and replaced with the following:

"Through the end of the records retention period specified in Section 3.18, Physician shall make all of its premises, facilities, equipment, books, records, contracts, computer and other electronic systems pertaining to the goods and services furnished under the terms of the Contract, available for the purpose of audit, inspection, evaluation, examination or copying, including but not limited to Access Requirements and State's Right to Monitor, as set forth in the State Contract, Exhibit E, Attachment 2, Provision 21: (a) by CalOptima and/or CalOptima's Regulators; (b) at all reasonable times at the Physician's place of business or such other mutually agreeable location in California; (c) in a form maintained in accordance with the general standards applicable to such book or record keeping; and (d) including all encounter data for a period of at least ten (10) years."

27. Section 3.24, "FRAUD AND ABUSE REPORTING", shall be deleted in its entirety and replaced with the following:

"FRAUD AND ABUSE REPORTING --- Physician shall report to CalOptima all cases of suspected fraud and/or abuse, as defined in 42 Code of Federal Regulations, Section 455.2, relating to the rendering of Covered Services by Participating Providers, Out-of-Network Providers, Members, or Physician's employees, within five (5) working days of the date when Physician first becomes aware of or is on notice of such activity."

28. Section 3.24.2 shall be deleted in its entirety and replaced with the following:

"Physician shall provide to CalOptima and/or CalOptima's Regulators, upon request, written policies and procedures for identifying, investigating, and taking appropriate corrective action against fraud and/or abuse in the provision of health care services under the Medi-Cal program."

29. Section 3.28, "COMPLIANCE WITH STATE AND FEDERAL REQUIREMENTS", shall be deleted in its entirety and replaced with the following:

"COMPLIANCE WITH STATE AND FEDERAL PROGRAMS --- Physician shall comply with requirements established by State and/or federal programs relating to its performance under this Contract. Physician's compliance shall include, but not be limited to, applicable requirements of the DHCS Medi-Cal Managed Care Program, provisions of the State Contract requirements for CalOptima to maintain CMS waiver, Operational Instruction Letters (OILs), Medi-Cal Managed Care Division Policy Letters and All Plan Letters, as well as applicable requirements specified in the State Contract and subsequent amendments, and State and federal laws and regulations."

30. Section 3.30, "COMPLIANCE WITH MEMORANDUM/MEMORANDA OF UNDERSTANDING (MOU(s))", shall be deleted in its entirety and replaced with the following:

"COMPLIANCE WITH MEMORANDUM/MEMORANDA OF UNDERSTANDING (MOU(s)) --- Physician agrees to comply with and be bound by any and all applicable MOUs entered into by CalOptima. Physician agrees to require Subcontractors to comply with applicable requirements of such MOUs."

31. Section 3.42, "OBLIGATIONS UNDER PRIOR CONTRACT", shall be deleted in its entirety and replaced with the following:

"OBLIGATIONS UNDER PRIOR CONTRACT --- Physician acknowledges and agrees that certain of its obligations and duties under the Prior Contract, if previously contracted, survive the expiration of the Prior Contract and/or are measured following the expiration of the Prior Contract (including, without limitation, corrective action plans, quality improvement and credentialing functions, financial requirements). Physician shall perform all such obligations and duties. For purposes of this section, "Prior Contract" means the contract for health care services previously entered into between Physician and CalOptima pursuant to which Physician agreed to provide or arrange for the provision of Medi-Cal Covered Services to Members."

32. Section 4.2, "EMERGENCY CARE", shall be deleted in its entirety and replaced with the following:

"EMERGENCY CARE --- Physician shall comply with all applicable State and federal laws and regulations governing the provision and payment of Emergency Services, as well as the applicable requirements of the State Contract (including, but not limited to, Exhibit A, Attachment 8, Provision 12). Physician is required to provide and pay for all Emergency Services, including Emergency Services provided by Out-of-Network Providers, without prior authorization, twenty-four (24) hours each day, seven (7) days a week."

33. Section 4.7, "ALCOHOL AND SUBSTANCE USE DISORDER TREATMENT SERVICES", shall be deleted in its entirety and replaced with the following:

"ALCOHOL MISUSE SCREENING AND COUNSELING --- Physician shall ensure the provision of AMSC services by a Member's PCP to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol and drugs. PCP shall refer Members to substance use disorder treatment when there is a need beyond AMSC."

34. Section 5.6.8 shall be deleted in its entirety and replaced with the following:

Back to Agenda Back to Item

"In the event that a Provider, including a PCP, is terminated or leaves the Physician for any reason, Physician shall ensure that there is no disruption in services provided to Members who are receiving treatment for a chronic or ongoing medical condition or LTSS in accordance with applicable CalOptima Policies and regulatory requirements."

35. Section 5.15, "SPECIALIST GEOGRAPHIC DISTRIBUTION", shall be deleted in its entirety and replaced with the following:

"SPECIALIST GEOGRAPHIC DISTRIBUTION --- Physician shall make available to every Member, Specialists whose offices are located within fifteen (15) miles and thirty (30) minutes from the Member's place of residence as required in W & I Code Sections 14197(b) and (c). Physician shall provide transportation for Members when the nearest available Specialist is more than fifteen (15) miles or thirty (30) minutes from Member's place of residence."

36. Section 6.4, "QUALITY IMPROVEMENT PROGRAM", shall be deleted in its entirety and replaced with the following:

"QUALITY IMPROVEMENT PROGRAM --- Physician shall participate and cooperate in CalOptima's Quality Improvement Program. Physician shall establish, maintain and operate a Quality Improvement Program, in accordance with the delineation of responsibilities in the Delegation Agreement, which shall include an Annual Program Plan, Work Plan, and Annual Evaluation of Effectiveness of the QI program, which are consistent with current industry standards, Centers for Medicare and Medicaid Services (CMS), National Committee for Quality Assurance (NCQA), Joint Commission, and DHCS, and meets the requirements of CalOptima's Quality Improvement Program. Physician shall facilitate quality studies and assist in collection of comparative data collected from all Participating Providers using objective parameters (e.g., the current version of Healthcare Effectiveness Data and Information Set (HEDIS)). Physician shall submit reports related to Quality Improvement as required by CalOptima Reporting Policy or otherwise required by DHCS. Physician shall adopt a detailed written Quality Improvement (QI) Plan, which shall include:"

37. Section 6.8.3.3 shall be deleted in its entirety and replaced with the following:

"An annual signed attestation that all Participating Providers are credentialed to the standards set forth by CalOptima and DHCS."

38. Section 6.15.1 shall be deleted and intentionally left blank.

39. Section 6.15.13 shall be deleted in its entirety and replaced with the following:

"Physician and Participating Providers and all staff who interact with SPD Members, as well as those who may potentially interact with SPD Members, or any other staff deemed appropriate by CalOptima or DHCS shall receive sensitivity training as provided by CalOptima or DHCS, or by Physician pursuant to DHCS requirements and CalOptima Policies."

40. Section 10.2, "COMPREHENSIVE PHYSICIAN AUDIT", shall be deleted in its entirety and replaced with the following:

"COMPREHENSIVE PHYSICIAN AUDIT --- CalOptima shall conduct and Physician shall agree to a full comprehensive compliance audit to be conducted at Physician administrative offices and/or Facilities and/or via desktop/virtual review annually, or as deemed necessary, by CalOptima. CalOptima shall submit results of the Physician audit in writing to Physician. Physician may rebut

and dispute audit findings pursuant to CalOptima Policies. Physician is responsible for implementing the corrective measures (if any). CalOptima retains the right to publish data obtained from the audit. Physician acknowledges and agrees that CalOptima may publish the audit data to Members and/or the general public without further notice to or consent from Physician."

41. Section 10.7, "MOU AVAILABILITY", shall be deleted in its entirety and replaced with the following:

"MOU AVAILABILITY--- CalOptima shall provide or make available for Physician copies of current MOUs entered into by CalOptima that are binding on Physician within seven (7) working days of execution. Copies of current MOUs entered into by CalOptima that are binding on Physician may be provided by the distribution of hard-copy documents, electronic files and/or documents and/or on the CalOptima website."

42. Section 10.10, "PROVIDER COMPLAINT SYSTEM", shall be deleted in its entirety and replaced with the following:

"PROVIDER COMPLAINT SYSTEM --- CalOptima has established a fast, fair and cost-effective complaint system for provider complaints, grievances and appeals. Provider and Physician shall have access to this system for any issues arising under this Contract, as provided in CalOptima Policy related to CalOptima Medi-Cal Program. Physician complaints, grievances, appeals, or other disputes regarding any issues arising under the Contract shall be resolved through this system."

43. Section 12.2, "MEMBER LIAISON PROGRAM (MLP)", shall be deleted and intentionally left blank.

44. Section 13.1, "SANCTIONS AND TERMINATIONS FOR CAUSE," shall be deleted in its entirety and replaced with the following:

"SANCTIONS AND TERMINATIONS FOR CAUSE --- If Physician fails to fulfill any of its duties and obligations under this Contract, including but not limited to: (i) committing acts to discriminate among Members on the basis of their health status or requirements for health care services; (ii) engaging in any practice that would reasonably be expected to have the effect of denying or discouraging enrollment with the Physician by Members whose medical condition or history indicated a need for substantial future medical services; (iii) not providing Covered Services in the scope or manner required under the provisions of this Contract; (iv) engaging in prohibited marketing activities; (v) failing to comply with CalOptima's Compliance Program, including Participation Status requirements; (vi) failing to meet financial security requirements; (vii) committing fraud or abuse relating to Covered Services or any and all obligations, duties and responsibilities under this Contract; (viii) failure to ensure that all Minimum Standards are met; (ix) failure to enforce claims payment prohibitions on providers who are denied the right to submit claims and/or receive reimbursement for services furnished to CalOptima Members; (x) not having the required amounts and types of financial reserves; (xi) failure of Participating Providers to comply with the prior authorization process and other pharmacy requirements as determined by CalOptima; (xii) failure to meet Medical Loss Ratio requirements; (xiii) failure to meet minimum enrollment requirements; (xiv) failure to meet quality and/or performance requirements; (xv) failure to comply with organization structure requirements as set forth in Section 3.10 of this Contract; (xv) failure to submit Encounter Data pursuant to this Contract and CalOptima Policy; (xvi) a failure to perform an obligation or duty under the Prior Contract and/or failure to take corrective action related to any such obligation or duty in the time or manner required by CalOptima, and (xvii) a violation of the Department of Managed Health Care's Risk Bearing

Back to Agenda Back to Item

Organization regulations, including reporting, auditing or Corrective Action Plan compliance violations, CalOptima may take any of the actions described below:"

45. Section 13.9, "TERMINATION FOR CONVENIENCE", shall be deleted in its entirety and replaced with the following:

"TERMINATION FOR CONVENIENCE --- Either party may terminate the Contract for convenience, without cause, by giving one hundred eighty (180) calendar days advance written notice to the other party prior to the effective date of such termination."

46. Attachment A, "CalOptima Medi-Cal Division of Financial Responsibility", shall be deleted in its entirety and replaced with the attached Attachment A – Amendment VI.

47. Attachment E, "Capitation Rates", shall be deleted and replaced with the attached Attachment E – Amendment VI.

48. Attachment E-5, "Funding for Health Homes Program (HHP)" shall be deleted in its entirety and replaced with the attached Attachment E-5 – Amendment VI.

Commented [TC1]: PHC-P its under Attachment E-4 and needs to be updated on amendment

CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other terms and conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and _____ have executed this Amendment:

ATTACHMENT A – AMENDMENT VI

CalOptima Medi-Cal Division of Financial Responsibility

Note: The purpose of the Division of Financial Responsibility is to identify how CalOptima allocated to the Physician and Hospital components of the medical costs associated with the provision of Covered Services. That is, the capitation and Hospital Budget rates in this Contract are based upon the Physician and Hospital Budget being financially responsible for the provision of Covered Services as indicated in this Division of Financial Responsibility. The Division of Financial Responsibility should not be used in place of the CalOptima EOC/EOB for making coverage determinations.

ATTACHMENT E – AMENDMENT VI

Capitation Rates

Effective January 1, 2021

Payments by CalOptima to Health Network for Covered Services rendered to Members in accordance with the Contract for Health Care Services shall be on a Per Member/Per Month (PMPM) basis, and shall be provided herein in the following, except for carved out services and items as provided for in CalOptima Policies.

Aid Code Category	Age & Gender Category	Base Hospital	Base Physician	Total Cap Rate
Child / Adult	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			
SPD	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			
ESRD	Child / Adult			
	SPD			
	Expansion			
AIDS	Child / Adult			
	SPD			
	Expansion			

Overall average capitation for all Health Networks. Actual capitation paid is allocated based on the relative risk profiles of the Health Networks, in accordance with CalOptima policy.

Back to Agenda

Back to Item

Whole Child Model Base Capitation Rates

Aid Code Category	Age & Gender Category	Base Hospital	Base Physician	Total Cap Rate
Whole Child Model	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			

The base rates for Whole Child Model are subject to change and the application of risk adjustment and age/gender factors.

Interim Reimbursement for Catastrophic Cases. CalOptima shall provide supplemental payments on a quarterly basis to cover costs that exceed the designated thresholds for catastrophic claims, in accordance with CalOptima Policy.

Retrospective Risk Corridor. CalOptima shall, on an annual basis, apply risk corridors to the previous year's CCS-Member-related capitation payments, based on medical costs, and adjust those previous year's capitation payments accordingly, in accordance with CalOptima Policy.

Supplemental OB Delivery Care Payment

Supplemental OB Delivery Care Payment (Payment shall be administered per CalOptima policy guidelines).

	Hospital	Physician	Total Capitation
Supplemental OB Delivery Care Payment			

Funding for PCC

In addition to those amounts described above, Physician shall receive [redacted] per WCM or SPD Member per month, to fund the PCC program as authorized by the CalOptima Board of Directors. SPD Member is identified by their Aid Code Category, for all age groups. WCM member is identified by their WCM Eligible condition as determined by the local WCM Program. Physician shall only receive PCC funding for a Member with an SPD aid code category or a WCM-eligible condition as determined by the County, not both. Members with a WCM Eligible Condition shall prevail over SPD members when determining payment.

Physician acknowledges and agrees that CalOptima may adjust and/or terminate the PCC payments in the event Physician fails to comply with the requirements as defined by the CalOptima Profile and Policy. Physician acknowledges and agrees that CalOptima, in its sole and absolute discretion, may also offset Physician's future PCC Payments in the event CalOptima determines that Physician has not complied with the Profile requirements.

Attachment E-5 – Amendment VI

Funding for Health Homes Program (HHP)

Effective January 1, 2020, CalOptima shall make a HHP Core Services Supplemental Capitation Payment to Physician for HHP services provided to an HHP-enrolled Member or a separate Engagement Activities Supplemental Capitation Payment for engagement activities for a Member eligible but not enrolled in HHP, in accordance with the terms and conditions of Policy FF.4001.

1. HHP Core Services Supplemental Capitation Payment

1.1 The HHP Core Services Supplemental Capitation Payment below will be issued by CalOptima if all of the following conditions are met:

- Member is identified as an HHP-eligible Member as determined by CalOptima based on HHP eligibility criteria as defined by DHCS and in accordance with CalOptima Policy GG.1350;
- Member is enrolled in the HHP;
- Member receives either one of the six (6) HHP core services (as set forth in Section 6.22.4 of the Contract) in a calendar month in which the supplemental payment is requested by the Physician, or the Member has received an HHP core service within one (1) of the prior two (2) calendar months in which the supplemental service month payment is requested by the Physician;
- The HHP core services are billed and reported to CalOptima consistent with the most recent HHP Program Guide or specific regulatory guidance as directed by DHCS;
- If applicable, the Physician paid the provider for the HHP core services; and
- The Physician authorized such HHP core services.

[redacted] PMPM (January – June 2020)
PMPM (July – December 2020)
PMPM (January – December 2021)

2. Engagement Activities Supplemental Capitation Payment

2.1 Subject to Section 2.2 of this Attachment E-5, the Engagement Activities Supplemental Capitation Payment below will be issued by CalOptima if all of the following conditions are met:

- Member is identified as an HHP-eligible Member as determined by CalOptima, based on HHP eligibility criteria as defined by DHCS but not enrolled in HHP
- The Physician conducted engagement activities to contact an HHP-eligible Member on CalOptima's Finalized Engagement List (FEL) for enrollment in HHP
- Engagement activities are billed and reported to CalOptima in the manner and form acceptable to CalOptima, including but not limited to identifying the non-enrollment status of the HHP-eligible Member; and
- If applicable, the Physician authorized and paid the provider for such engagement

[redacted] PMPM (January – June 2020)
PMPM (July – December 2020)
PMPM (January – December 2021)

2.2 CalOptima shall limit the provision of Engagement Activities Supplemental Capitation Payment to a maximum of three (3) calendar months of billing per one (1) individual HHP-eligible Member who is not enrolled in HHP.

3. Physician shall submit HHP billing data for HHP Core Services Supplemental Capitation Payment and/or engagement activities billing data for Engagement Activities Supplemental Capitation Payment, as applicable, by the fifteenth (15th) calendar day after the month ends, in accordance with CalOptima Policy FF.4001.

4. Upon validation of the HHP billing data or engagement activities billing data, as applicable, CalOptima shall issue either the HHP Core Services Supplemental Capitation Payment or the Engagement Activities Supplemental Capitation Payment, as applicable, within thirty (30) business days from the date of the HHP billing data or engagement activities billing data submission, in accordance with CalOptima Policy FF.4001.

5. In addition to Section 9.4 of this Contract, Physician agrees to CalOptima's recovery of any overpayment of supplemental payment for HHP core services or engagement activities in accordance with CalOptima Policy FF.4001.

AMENDMENT VII TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT VII TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of January 1, 2021 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____ ("Physician"), with respect to the following facts:

RECITALS

A. CalOptima and Physician have entered into a Contract for Health Care Services ("Contract"), by which Physician has agreed to provide or arrange for the provision of Covered Services to Members.

B. On January 31, 2020, the Secretary of Health and Human Services declared a public health emergency under section 319 of the Public Health Service ACT (42 U.S.C. 247d) in response to a novel coronavirus known as SARS-CoV-2 (COVID-19), the COVID-19 Public Health Emergency ("COVID-19 PHE").

C. CalOptima and Physician desire to amend the Contract to include the Medi-Cal capitation base rate enhancement approved by the CalOptima Board of Directors for immediate aid due to the COVID-19 PHE.

NOW, THEREFORE, the parties agree as follows:

1. ATTACHMENT E-7 "MEDI-CAL RATE ENHANCMENT" shall be added to the Contract and is attached hereto.

2. CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and **Physician** have executed this Amendment:

AMENDED AND RESTATED
CONTRACT FOR HEALTH CARE SERVICES

HOSPITAL

THIS CONTRACT FOR HEALTH CARE SERVICES ("Contract") is entered into by and between Orange County Health Authority, a public agency, dba CalOptima ("CalOptima"), and _____ ("Hospital"), with respect to the following facts:

RECITALS

A. CalOptima was formed pursuant to California Welfare and Institutions Code Section 14087.54 and Orange County Ordinance No. 3896, as amended by Ordinance No. 00-8, as a result of the efforts of the Orange County health care community.

B. CalOptima has entered into a contract with the State pursuant to which it is obligated to arrange and pay for the provision of services to Medi-Cal eligible beneficiaries residing in Orange County, California, who receive Covered Services.

C. Hospital is a general acute care hospital licensed under the laws of the State of California.

D. Hospital desires to provide or arrange for the provision of Covered Services to Members as defined herein.

E. Hospital and the Physicians set forth in Addendum I have affiliated to operate as a physician-hospital consortia ("PHC") for the purposes of providing or arranging for the provision of Covered Services to Members, as defined herein.

F. Hospital recognizes that in order to comply with the requirements of this Contract, Physician and Hospital must operate in a manner that is mutually beneficial to both entities affiliated to operate as a PHC. Accordingly, Physician and Hospital agree, both collectively and individually to coordinate and cooperate with each other and with CalOptima in arranging for and providing Covered Services to Members

G. CalOptima and Hospital desire to enter into this Contract on the terms and condition(s) set forth herein below.

NOW, THEREFORE, the parties agree as follows:

ARTICLE 1
Definitions

1.1 "Administrative Services" means those non-clinical functions that are the responsibility of Hospital and are required to discharge the obligations and meet the requirements set forth in this Contract, in CalOptima Policies and in Memoranda of Understanding.

1.2 "Adult Expansion Member" means a Member enrolled in aid codes L1 and M1 as newly eligible and who meets the eligibility requirements in Title XIX of the federal Social Security Act, Section 1902(a)(10)(A)(i)(VIII), and the conditions as described in the federal Social Security Act, Section 1905(y).

1.3 "Advance Directive" means a written instruction such as under the California Natural Death Act Declarations or durable power of attorney for health care, recognized under State law and relating to the provision of medical care when an individual is incapacitated.

1.4 "Aid Code" means the two-character code, defined by the State of California, which identifies the aid category under which a Member is eligible to receive Medi-Cal Covered Services.

1.5 "American Indian" means a Member who meets the criteria for an "Indian" as stated in 42 CFR 438.14(a), which includes members in a federally recognized Indian tribe, resides in an urban center and meets one or more of the criteria stated in 42 CFR 438.14(a)(ii), is considered by the Secretary of the Interior to be an Indian for any purpose, or is considered by the Secretary of Health and Human Services to be an Indian for purpose of eligibility for Indian health services, including as a California Indian, Eskimo, Aleut, or other Alaska Native.

1.6 "American Indian Health Care Provider" means a health care program operated by the Indian Health Service (IHS) or by an Indian Tribe, Tribal Organization, or Urban Indian Organization (otherwise known as an I/T/U) as those terms are defined in Section 4 of the Indian Health Care Improvement Act (25 U.S.C. 1603)."

1.7 "American Indian Health Service Programs" means facilities operated with funds from the Indian Health Service under the Indian Self-Determination Act and the Indian Health Care Improvement Act, through which services are provided, directly or by contract, to the eligible American Indian population with a defined geographic area, per Title 22, Section 55000."

1.8 "Approved Drug List" means CalOptima's continually updated list of medications and supplies that may be obtained without prior authorization.

1.9 "California Children's Services (CCS)" means those services authorized by the CCS Program for the diagnosis and treatment of the CCS Eligible Conditions of a specific Member.

1.10 California Children's Services (CCS) Eligible Condition(s)", means a physically handicapping condition defined in Title 22 CCR Sections 41515.2 through 41518.9.

1.11 "California Children's Services (CCS) Program" means the public health program which assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible children under the age of twenty one (2l) years who have CCS Eligible Conditions.

1.12 "CCS Provider" or "CCS-Paneled Provider(s)" means any of the following providers when used to treat Members for CCS Eligible Conditions:

A. A medical provider that is paneled by the CCS Program, pursuant to Health and Safety Code, Article 5 (commencing with Section 123800) of Chapter 3 of Part 2 of Division 106.
B. A licensed acute care hospital approved by the CCS Program.
C. A special care center approved by the CCS Program.

1.13 "CalOptima Board" or "Board" means the CalOptima Board of Directors.

1.14 "CalOptima Direct" or "COD" means a program CalOptima administers for CalOptima beneficiaries not enrolled in a Health Network.

1.15 "CalOptima Policy(s)" means CalOptima policies and procedures relevant to this Contract, as amended from time to time, at the sole discretion of CalOptima.

1.16 "CalOptima's Regulators" means those government agencies that regulate, oversee, or enforces applicable statutory, regulatory, or contractual requirements relating to the activities and/or obligations of CalOptima, Hospital, and Subcontractors under the State Contract, this Contract, and Subcontracts, as applicable, including, without limitation, DHCS, the HHS Office of Inspector General, the Comptroller General of the United States, the Department of Justice (DOJ), DOJ Bureau of Medi-Cal Fraud, Department of Managed Care (DMHC), and other authorized federal or State agencies, or their duly authorized representatives or designee, including DHCS' external quality review organization contractor.

1.17 "Capitation Payment" means the monthly amount paid to the Hospital by CalOptima for delivery of Covered Services to Members, which is determined by multiplying the applicable Capitation Rate by Hospital's monthly enrollment based upon Aid Code, age and gender.

1.18 "Capitation Rate" means the rate set by CalOptima for the delivery of Covered Services to Members based upon Aid Code, age and gender.

1.19 "Care Management Services" means:

1.19.1 Providing or approving all Covered Services including health assessments, identification of risks, initiation of intervention and health education deemed Medically Necessary, consultation, referral for consultation and additional health care services;

1.19.2 Coordinating Medically Necessary Covered Services with other Medi-Cal benefits not covered under this Contract;

1.19.3 Maintaining a Medical Record with documentation of referral services and follow-up as medically indicated;

1.19.4 Ordering of therapy, admission to hospitals and coordinated hospital discharge planning that includes necessary post-discharge care;

1.19.5 Authorization of referred services;

1.19.6 Coordinating a Member's care with all external agencies that are required to be involved in addressing the Member's needs as addressed in MOUs and in CalOptima Policies;

1.19.7 Coordinating care for Members transitioning from CalOptima Direct to a Health Network or from one Health Network to another Health Network; and

1.19.8 Targeted services for Members with Special Health Care Needs to support compliance with Federal Medicaid contingencies, including but not limited to: identification of Members with Special Health Care Needs, assessment of Members with Special Health Care Needs, development of treatment plans, and monitoring the progress of adherence to treatment plans for Members with Special Health Care Needs.

1.20 "Child Health and Disability Prevention" or "CHDP" means the California program, defined in the Health and Safety Code Section 12402.5 et seq., that covers certain pediatric preventive services for children eligible for Medi-Cal.

1.21 "Clean Claim" shall have the same meaning as "Complete Claim," as that term is defined in Title 28, CCR Section 1300.71(a)(2).

1.22 "Community Liaison" or "CL" means an individual designated to perform the duties set forth in this Contract and CalOptima Policies, as part of the Community Liaison Program.

1.23 "Community Liaison Program" or "CLP" means a program created and operated by CalOptima to facilitate access to Covered Services and coordination of care for SPD Members enrolled in the Health Networks.

1.24 "Complex Case Management" means the systematic coordination and assessment of case and services provided to Members who have experienced a critical event or diagnosis that requires the extensive use of resources and who need help navigating the system to facilitate appropriate delivery of care and services. Complex Case Management includes basic case management.

1.25 "Compliance Program" means the program (including, without limitation, the compliance manual, code of conduct and CalOptima Policies) developed and adopted by CalOptima to promote, monitor and ensure that CalOptima's operations and practices and the practices of its Board members, employees, contractors and providers comply with applicable law and ethical standards.

1.26 "Comprehensive Perinatal Services Program" or "CPSP" means those services defined in Section 14134.5 of the Welfare and Institutions Code and Title 22, Sections 51179 and 51348 of the California Code of Regulations (CCR). For CalOptima Members, CPSP is incorporated into CalOptima's Perinatal Support Services (PSS).

1.27 "Concentration Languages" means those languages spoken by at least 1,000 Members whose primary language is other than English in a ZIP code, or by at least 1,500 such Members in two contiguous ZIP codes.

1.28 "Contract" means this written instrument between CalOptima and Hospital. This Contract shall include, in addition to this document, any Memoranda of Understanding entered into by CalOptima which are binding on PHC in which Hospital participates, DHCS Medi-Cal Managed Care Policy Division Policy Letters.

1.29 "Covered Services" means those services provided under the Fee-for-Service Medi-Cal program, as set forth in Article 4, Chapter 3 (beginning with Section 51301), Subdivision 1, Division 3, Title 22, CCR, and Article 4 (beginning with Section 6840), Subchapter 13, Chapter 4, Division 1 of Title 17, CCR, which (i) are included as Covered Services under the State Contract; and (ii) are Medically Necessary, as described in Attachment A (which may be revised from time to time at the discretion of CalOptima), along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR) and, effective July 1, 2019, or such later date as Hospital shall begin Participating in the CalOptima Whole Child Model Program, CCS Services (as defined in Subdivision 7 of Division 2 of Title 22 of the California Code of Regulations), which shall be covered for Members, notwithstanding whether such benefits are provided under the Fee-for-Service Medi-Cal Program.

1.30 "DHCS" means the State of California Department of Health Care Services.

1.31 "Derivative Aid Code" means an Aid Code, which is a subset of eligible beneficiaries derived from an original covered Aid Code.

1.32 "Disease Management" means a multi-disciplinary, continuum-based approach to health care delivery that proactively identifies populations with, or at risk for, established medical conditions:

1.32.1 That supports the physician/patient relationship;

1.32.2 Emphasizes prevention of exacerbation and complications utilizing cost-effective evidence based practice guidelines and patient empowerment strategies such as self-management; and

1.32.3 Continuously evaluates clinical humanistic and economic outcomes with the goal of improving health.

1.33 "Early and Periodic Screening, Diagnostic and Treatment" or "EPSDT" means a comprehensive and preventive child health program for individuals under the age of twenty-one (21). EPSDT is defined by law in the Federal Omnibus Budget Reconciliation Act of 1989 (OBRA 89) legislation and includes periodic screening, vision, dental and hearing services. In addition, Section 1905(r)(5) of the Federal Social Security Act (the Act) requires that any medically necessary health care service listed in Section 1905(a) of the Act be provided to an EPSDT recipient even if the service is not available under the State's Medicaid plan to the rest of the Medicaid population.

1.34 "Emergency Medical Condition" means a medical condition which is manifested by acute symptoms of sufficient severity (including severe pain) such that a prudent lay person, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

1.34.1 Placing the health of the individual (or, in the case of a pregnant woman, the health of the woman and her unborn child) in serious jeopardy; or

1.34.2 Serious impairment to bodily functions; or

1.34.3 Serious dysfunction of any bodily organ or part.

1.35 "Emergency Services" means Covered Services furnished by a qualified Provider which are needed to evaluate or Stabilize an Emergency Medical Condition that is found to exist using a prudent layperson standard.

1.36 "Encounter" means any unit of Covered Service provided to a Member by Health Network regardless of Health Network reimbursement methodology. These services include any and all services provided to a Member, regardless of the service location or provider, inclusive of out-of-network services, including sub-capitated and delegated Covered Services.

1.37 "Evaluation Services Provider" means a provider of custom wheelchair and seating systems assessment and evaluation services, whether provided in-home or in the provider's facility, designated and contracted to assess and evaluate a Member with Disabilities (MWD)'s needs for custom power wheelchairs and seating systems, or customized modifications to wheelchairs and seating systems.

1.38 "Facility" means any premises:

1.38.1 Owned, leased, used or operated directly or indirectly by or for the Hospital for purposes related to this Contract; or

1.38.2 Maintained by a Subcontractor to provide Covered Services pursuant to an agreement with the Hospital(s).

1.39 "Family Planning" means Covered Services that are provided to individuals of childbearing age to enable them to determine the number and spacing of their children, and to help reduce the incidence of maternal and infant deaths and diseases by promoting the health and education of potential parents. Family Planning includes but is not limited to:

1.39.1 Medical and surgical services performed by or under the direct supervision of a licensed physician for the purpose of Family Planning;

1.39.2 Laboratory and radiology procedures, drugs and devices prescribed by a licensed physician and/or are associated with Family Planning procedures;

1.39.3 Patient visits for the purpose of Family Planning;

1.39.4 Family Planning counseling services provided during a regular patient visit;

1.39.5 IUD and UCD insertions, or any other invasive contraceptive procedures/devices;

1.39.6 Tubal ligations;

1.39.7 Vasectomies;

1.39.8 Contraceptive drugs or devices;

1.39.9 Treatment for complications resulting from previous Family Planning procedures.

1.39.10 Family Planning does not include services for the treatment of infertility or reversal of sterilization.

1.40 "Federally Qualified Health Center" or "FQHC" means an entity as defined in 42 USC Section 1396d(l)(2)(B).

1.41 "Fee-for-Service" or "FFS" means the reimbursement paid to Providers on a non-capitated basis.

1.42 "Foster Care" means an out-of-home placement for a child either on a temporary or permanent basis.

1.43 "Health Education" means any combination of learning experiences designed to facilitate voluntary adaptations of behavior conducive to health.

1.44 "Health Maintenance Organization" or "HMO" means the health care service plan, as defined in the Knox-Keene Health Care Service Plan Act of 1975, as amended, (commencing with Section 1340 of the California Health and Safety Code) ("Knox-Keene Act").

1.45 "Health Network" means a physician hospital consortium (PHC), physician group under a shared risk contract, or a health care service plan, such as an HMO, as defined in the Knox-Keene Act, and contracted by CalOptima to provide Covered Services to Members.

1.46 "Healthcare Effectiveness Data and Information Set" or "HEDIS" means the set of standardized performance measures sponsored and maintained by the National Committee for Quality Assurance (NCQA).

1.47 "HHS" means the United States Department of Health and Human Services.

1.48 "Hospital" means a general acute care hospital licensed under the laws of the State of California and accredited by the Joint Commission or other Centers for Medicare and Medicaid Services (CMS) deemed accrediting body, and certified for participation under Medicare and Medicaid (Titles XVIII and XIX of the Social Security Act). For the purposes of this Contract, Hospital is the hospital set forth in Addendum I.

1.49 "Incontinence Supplies" means Medical Supplies used to manage bowel and/or bladder incontinence.

1.50 "Joint Commission" means the Joint Commission for the Accreditation of Health Care Organizations.

1.51 "Long Term Care Facility" means a facility that is licensed to provide skilled nursing facility services, intermediate care facility services, or sub-acute care services.

1.52 "Management Services Organization" or "MSO" means any organization, firm, company or entity providing Administrative Services on behalf of Hospital which impact CalOptima Members.

1.53 "Medi-Cal" is the name for the Medicaid program in the State of California, and "Medicaid" is the program authorized by Title XIX of the Social Security Act and the regulations promulgated thereunder.

1.54 "Medi-Cal Fee Schedule" means the Medi-Cal payment system for reimbursement for physician services in Title 22, CCR, Section 51503.

1.55 "Medi-Cal Managed Care All Plan Letter (APL)" and "Policy Letter (PL)" are the means by which Medi-Cal Managed Care conveys information or interpretation of changes in policy or procedure at the Federal or State levels. The Policy Letters provide instruction to the contractors about changes in Federal or State law and Regulation that affect the way in which they operate or deliver services to Medi-Cal beneficiaries.

1.56 "Medically Necessary" or "Medical Necessity" means reasonable and necessary Covered Services to protect life, to prevent illness or disability, alleviate severe

pain through the diagnosis or treatment of disease, illness or injury, achieve age-appropriate growth and development, and attain, maintain, or regain functional capacity per title 22, CCR Section 51303(a) and 42 CFR 438.210(a)(5). When determining the Medical Necessity for a Medi-Cal beneficiary under the age of 21, "Medical Necessity" is expanded to include the standards set forth in 42 USC Section 1396d(r), and Welfare and Institutions Code Section 14132(v)."

1.57 "Medical Record" means any record kept or required to be kept by any Provider that documents all the medical services received by the Member, including without limitation inpatient, outpatient, emergency care, referral requests and authorizations.

1.58 "Medical Screening Examination" or "MSE" means an examination within Hospital's capability (including ancillary services routinely available) to determine whether or not an Emergency Medical Condition exists.

1.59 "Medical Supplies" means items, which, due to their therapeutic or diagnostic characteristics, are essential to enable Members to effectively complete a physician ordered plan of care, excluding common household items and clothing.

1.60 "Medical Therapy Program (MTP) means a special program within California Children's Services that provides physical therapy (PT), occupational therapy (OT) and medical therapy conference (MTC) services for children who have disabling conditions, generally due to neurological or musculoskeletal disorders.

1.61 "Medicare" means the federal health insurance program for: people sixty-five (65) years of age or older, certain younger people with disabilities, and people with End-Stage Renal Disease (permanent kidney failure with dialysis or a transplant, sometimes called (ESRD)) as defined in Title XVIII of the Federal Social Security Act.

1.62 "Member" means a Medi-Cal eligible beneficiary as determined by the County of Orange Department of Social Services, DHCS, or the United States Social Security Administration who is enrolled in the CalOptima Program and the PHC with which Hospital participates.

1.63 "Member with Special Health Care Needs" means a Member who meets at least one of the following criteria: (i) Medicare eligible; (ii) diagnosed with an emotional or physical disability; (iii) placed in the foster care system; (iv) Regional Center of Orange County (RCOC) program eligible; or (v) CCS Program eligible.

1.64 "Memorandum/Memoranda of Understanding" or "MOU" means agreements between CalOptima and external agencies, which delineates responsibilities for coordinating care to Members.

1.65 "Minimum Standards" means the minimum participation criteria established by CalOptima that must be satisfied in order for specified categories of Providers to submit claims and/or receive reimbursement from the CalOptima program

(including Health Networks and CalOptima Direct) for items and/or services furnished to Members as described in CalOptima Policies.

1.66 "National Committee on Quality Assurance" or "NCQA" means the non-profit organization committed to evaluating and publicly reporting on the quality of managed care plans.

1.67 "Other Member" means a Medi-Cal beneficiary as determined by the County of Orange Social Services Agency, DHCS, or the United States Social Security Administration who is enrolled by the State in a CalOptima Program but is not enrolled in the PHC in which Hospital participates.

1.68 "Out-of-Network Provider" means a Provider who is not obligated by a written contract with Hospital or Physician to provide Covered Services to Members.

1.69 "Outpatient Mental Health Services" means outpatient services that CalOptima will provide for members with mild to moderate mental health conditions including: individual or group mental health evaluation and treatment (psychotherapy); psychological testing when clinically indicated to evaluate mental health condition; psychiatric consultation for medication management; and outpatient laboratory, supplies and supplements.

1.70 "Participating Provider" means a Provider who is obligated by a written contract to provide Covered Services to Members on behalf of Hospital. All Participating Providers shall be considered Subcontractors.

1.71 "Participation Status" means whether or not a person or entity is or has been suspended or excluded from participation in Federal and/or State health care programs and/or has a felony conviction as specified in CalOptima's Compliance Program and CalOptima Policies.

1.72 "Pediatric Preventive Services" or "PPS" means well child services, which incorporate services covered under the Medi-Cal CHDP Program and the American Academy of Pediatrics Guidelines for Health Supervision.

1.73 "Perinatal Support Services" or "PSS" means obstetrical services enhanced with those perinatal services that are incorporated in CPSP services and perinatal Care Management for pregnant and post-partum Members.

1.74 "Person-Centered Planning" means a highly individualized and ongoing process to develop individualized care plans that focus on a person's abilities and preferences. Person-Centered Planning is an integral part of basic and Complex Case Management and discharge planning.

1.75 "PHC" and "PHCs" means a physician-hospital consortium/consortia.

1.76 "Physician" means a group practice, independent practice association or other formal business arrangement comprised of individuals, each of whom hold an

unrestricted license to practice medicine or osteopathy in the state in which they practice, and which participates with a Hospital in a PHC or holds a shared risk contract with CalOptima.

1.77 Not Applicable to this Contract.

1.78 "Practitioner" means a licensed practitioner, including a Doctor of Medicine (MD), Doctor of Osteopathy (DO), Doctor of Podiatric Medicine, Doctor of Chiropractic Medicine (DC), and a Doctor of Dental Surgery (DDS) furnishing Covered Services under medical benefits, as described in CalOptima Policies.

1.79 "Primary Care Physician" or "PCP" means a physician responsible for supervising, coordinating, and providing initial and primary care to patients and serves as the medical home for Members. The PCP is a general practitioner, internist, pediatrician, family practitioner, or obstetrician/gynecologist (OB/GYN). For SPD and CCS Members "Primary Care Physician" or "PCP" shall additionally mean any clinic or Specialist Physician who is a Participating Provider and is willing to perform the role of the PCP, provided that clinic or Specialist Physician is qualified to treat the required range of conditions of the Member.

1.80 "Provider" means a physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, health maintenance organization or other person or institution who furnishes health care items or services.

1.81 "Quality Indicators" means measurable variables relating to a specific clinical or health service delivery area, which are reviewed over a period of time to monitor the process or outcome of care delivered in that clinical area.

1.82 "Reinsurance" means coverage provided by CalOptima and any coverage secured by Hospital, which limits the amount of risk or liability for the cost of providing Covered Services.

1.83 "Screening, Brief Intervention, and Referral to Treatment (SBIRT)" means services provided by a primary care physician to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol and illicit drugs."

1.84 "Sensitive Services" means those services related to Family Planning, sexually transmitted disease (STD), abortion and Human Immunodeficiency Virus testing.

1.85 Not Applicable to this Contract.

1.86 "SPD Member" means Members in Seniors and Persons with Disabilities Aid Codes.

1.87 "Specialist Physician" or "Specialist" means a physician who has completed advanced education and clinical training in a specific area of medicine or surgery.

1.88 "Specialized Durable Medical Equipment means durable medical equipment that is uniquely constructed from raw materials or substantially modified from the base material solely for the full-time use of a specific Member, according to a physician's description and orders; is made to order or adapted to meet the specific needs of the Member; and is so uniquely constructed, adapted, or modified that it is unusable by another individual, and is so different from another item used for the same purpose that the two could not be grouped together for pricing purposes.

1.89 "Specialty Mental Health Provider" means a person or entity who is licensed, certified or otherwise recognized or authorized under the State law governing the healing arts to provide Specialty Mental Health Services and who meets the standards for participation in the Medi-Cal program. Specialty Mental Health Providers include but are not limited to clinics, hospital outpatient departments, certified residential treatment facilities, skilled nursing facilities, psychiatric health facilities, hospitals, and licensed mental health professionals, including psychiatrists, psychologists, licensed clinical social workers, marriage, family and child counselors, therapists and registered nurses authorized to provide Specialty Mental Health Services.

1.90 "Specialty Mental Health Services" means:

1.90.1 Rehabilitative services which include mental health services, medication support services, day treatment intensive services, day rehabilitation, crisis intervention, crisis stabilization, adult residential treatment services, crisis residential services and psychiatric health facility services;

1.90.2 Psychiatric inpatient hospital services;

1.90.3 Targeted Care Management services;

1.90.4 Psychiatrist services;

1.90.5 Psychologist services; and

1.90.6 EPSDT supplemental specialty mental health services.

1.91 "Stabilize" or "Stabilized" means with respect to an Emergency Medical Condition, to provide such medical treatment of the condition to assure, within reasonable medical probability, that no material deterioration of the condition is likely to result from, or occur during, the transfer of the individual from a facility, or in the case of a pregnant woman, that the woman has delivered the child and the placenta.

1.92 "State" means the State of California.

1.93 "State Contract" means the written agreement between CalOptima and the State pursuant to which CalOptima is obligated to arrange and pay for the provision of Covered Services to certain Medi-Cal beneficiaries in Orange County, California.

1.94 "Subcontract" means an agreement entered into by the Hospital with a Provider who agrees to furnish Covered Services to Members, or any other organization or person who agrees to perform any administrative function or service for Hospital specifically related to fulfilling Hospital's obligations to CalOptima under the terms of this Contract.

1.95 "Subcontractor" means a Provider or any organization or person who has entered into a Subcontract with Hospital. All delegates are Subcontractors, but not all Subcontractors shall be considered delegates.

1.96 "Sub-delegation" means the process by which Hospital expressly grants, by formal written agreement, to another entity the authority to carry out a function that would otherwise be required to be performed by Hospital in order to meet its obligations under, and the intent of this Contract.

1.97 "Threshold Languages" means those languages as determined by State requirements per MMCD Policy Letter 99-03, APL 17-011, or any update or revision thereof.

1.98 "Urgent Care Services" means Covered Services required to prevent serious deterioration of health following the onset of an unforeseen condition or injury for which treatment cannot be delayed.

1.99 "Vaccines for Children" or "VFC" means the federal program, which provides free vaccines for eligible populations. Medi-Cal covered children, ages eighteen (18) years and younger, are eligible for free vaccines under this program.

1.100 "Whole Child Model Program" or "WCM" means CalOptima's WCM program whereby CCS will be a Medi-Cal managed care plan benefit with the goal being to improve health care coordination for the whole child, rather than handle CCS Eligible Conditions separately.

ARTICLE 2
Obligations of Hospital – Financial

2.1 FINANCIAL SECURITY REQUIREMENTS --- Hospital must establish and maintain throughout the term of this Contract financial security reserves, in the form of time certificates of deposit, irrevocable standby letters of credit, surety bonds naming CalOptima as beneficiary, and/or other forms of financial instruments acceptable by CalOptima, equal to fifty-thousand dollars ($50,000) plus a minimum of twenty-five percent (25%) of one month's Capitation Payment. Hospital shall have thirty (30) days upon receiving notice from CalOptima to cure any deficit.

2.2 INDEMNIFICATION --- Each party to this Contract agrees to defend, indemnify and hold each other and the State harmless, with respect to any and all Claims, costs, damages and expenses, including reasonable attorney's fees, which are related to or arise out of the negligent or willful performance or non-performance by the indemnifying party, or any functions, duties or obligations of such party

under this Contract. Neither termination of the Contract nor completion of the acts to be performed under this Contract shall release any party from its obligation to indemnify as to any claims or cause of action asserted so long as the event(s) upon which such claims or cause of action is predicated shall have occurred prior to the effective date of termination or completion.

2.3 INSURANCE REQUIREMENTS ---

2.3.1 Professional/Medical Malpractice:
Each Hospital providing Covered Services to Members shall maintain a Professional Liability (Medical Malpractice) Insurance policy with minimum limits as follows:

Hospital providing covered services:
$10,000,000 per incident/$10,000,000 aggregate

2.3.2 Commercial General Liability/Commercial Automobile Liability:
Each Hospital providing Covered Services to Members shall maintain a Commercial General Liability Insurance policy and a Commercial Automobile Liability Insurance policy with minimum limits as follows:

Commercial General Liability:
$1,000,000 per occurrence/$3,000,000 aggregate
Commercial Automobile Liability:
$1,000,000 Combined Single Limit

CalOptima must be named as an additional insured on Comprehensive General Liability and Automobile Liability insurance with respect to performance under this Contract.

2.3.3 Workers' Compensation:
Each Hospital providing Covered Services to Members shall maintain a Workers' Compensation Insurance policy with minimum limits as follows:
Employers' Liability Insurance:
$1,000,000 Bodily Injury by Accident - each accident
$1,000,000 Bodily Injury by Disease - policy limit
$1,000,000 Bodily Injury by Disease - each employee

2.3.4 Not Applicable to this Contract.

2.3.5 Insurer Ratings:
Such insurance shall be provided by an insurer:
(a) rated by A.M. Best with a rating of A V or better; and
(b) "admitted" to do business in California or an insurer approved to do business in California by the California Department of Insurance and listed on the Surplus Lines Association of California List of Eligible Surplus Lines Insurers (LESLI); or

(c) an Unincorporated Interindemnity Trust Arrangement as authorized by the California Insurance Code 12180.7

2.3.6 Captive Risk Retention Group/Self Insured:
Where any of the Insurance(s) mentioned in this Section are provided by a Captive Risk Retention Group or self-insured, insurer ratings requirements above may be waived at the sole discretion of CalOptima, but only after review of the Captive Risk Retention Group's or self-insured's audited financial statements.

2.3.7 Cancellation or Material Change: The Hospital shall not of its own initiative cause such insurance as addressed in this Article to be cancelled or materially changed during the term of this Contract.

2.3.8 Proof of Insurance: Certificates of Insurance of the above Insurance policies and/or evidence of self-insurance shall be provided to CalOptima prior to execution of the Contract and annually thereafter.

2.4 REIMBURSEMENT FOR CERTAIN COVERED SERVICES PROVIDED BY LOCAL HEALTH DEPARTMENT --- PHC shall reimburse the Local Health Department (LHD) on a FFS basis according to the current Medi-Cal Fee Schedule for certain Covered Services provided to Members, in accordance with CalOptima Policy. This Section shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

2.5 PHC FINANCIAL RESPONSIBILITY FOR MEDICAL SUPPLY ITEMS --- PHC shall be responsible for authorizing all injectable medications, or medications in an implantable dosage form which shall be reimbursed as set forth in Attachment A, Division of Financial Responsibility.

2.5.1 As set forth in Attachment A, the Division of Financial Responsibilities, PHC shall also be financially responsible for authorizing and paying for Medical Supplies and durable medical equipment, with the exception of certain Medical Supplies as set forth in Attachment C.

2.5.2 This Section shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

2.6 HOSPITAL PAYMENTS TO PROVIDERS ---

2.6.1 Capitation Payments - Hospital and/or Subcontractors shall distribute monthly capitation payments to capitated Participating Providers within fifteen (15) calendar days following the date on which Hospital receives payment from CalOptima.

2.6.2 Claims Turnaround Time - Hospital shall reimburse Complete Claims, or any portion of any Complete Claim, for Covered Services, as soon as practical, but no later than thirty (30) calendar days after receipt of the claim by Hospital, unless the claim or portion thereof is reasonably contested by Hospital, in which case the claimant shall be notified in writing that the claim is contested or denied within forty-five (45) business days after receipt of the claim by Hospital in accordance with CalOptima Policy.

2.6.3 Claims Adjudication - Except as provided in this Section, Hospital shall accept and adjudicate claims for Covered Services provided to Members in accordance with the provisions of Sections 1371, 1371.1, 1371.2, 1371.22, 1371.35, 1371.36, 1371.37, 1371.38, 1371.4 and 1371.8 of the California Health & Safety Code, and Sections 1300.71, 1300.71.38, 1300.71.4, and 1300.77.4 of Title 28 of the California Code of Regulations and CalOptima Policies. Waiver of any right or obligation specific to the Health and Safety Code and Title 28 related to claims processing and payment shall be prohibited.

2.6.4 Dispute Resolution - Hospital shall establish and maintain a fair, fast and cost-effective dispute resolution mechanism to process and resolve provider disputes in accordance with the provisions of Sections 1371, 1371.1, 1371.2, 1371.22, 1371.35, 1371.36, 1371.37, 1371.38, 1371.4 and 1371.8 of the California Health & Safety Code, and Sections 1300.71, 1300.71.38, 1300.71.4, and 1300.77.4 of Title 28 of the California Code of Regulations and CalOptima Policies.

2.6.5 Right Of Appeal - Hospital shall afford Providers an unconditional right of appeal and de novo review for claims disputes involving issues of Medical Necessity. Any Provider that submits a claim dispute to Hospital's dispute resolution mechanism involving an issue of medical necessity or utilization review shall have an unconditional right of appeal for that claim dispute to CalOptima's dispute resolution process for a de novo review and resolution for a period of sixty (60) working days from Hospital's Date of Determination.

2.6.6 CalOptima Payment On Behalf Of Hospital

2.6.6.1 If CalOptima receives a copy of an unpaid Complete Claim as part of a Provider grievance that is thirty (30) working days old or more, CalOptima will follow all notification and acknowledgement procedures pursuant to CalOptima Policies.

2.6.6.2 If Hospital does not either notify CalOptima that the claim is reasonably contested, as set forth in CalOptima Policies, or pay the Complete Claim within the thirty (30) working day period, CalOptima shall pay the Claim on behalf of Hospital, plus interest, as required by the Knox-Keene Act, and deduct the amounts reimbursed, plus processing costs, from the Capitation payment, in accordance with CalOptima Policy.

2.6.7 Assumption of Delegated Functions.

2.6.7.1 Assumption Of Claims Processing. In the event that Hospital fails to timely and accurately reimburse its claims (including the payment of interest and penalties), CalOptima may, at its sole discretion, either assume responsibility from Hospital for claims payment, or terminate this Contract as provided for in Section 13.1 of this Contract. CalOptima's assumption of responsibility for the processing and timely reimbursement of Provider claims may be altered to the extent that Hospital has established an approved corrective action plan consistent with Section 1375.4 (b)(4) of the Health and Safety Code.

2.6.7.2 Assumption Of Dispute Resolution. In the event that Hospital fails to resolve its Provider disputes in a timely manner, CalOptima may, at its sole discretion, assume responsibility from Hospital for dispute resolution, or terminate this Contract as provided for in Section 13.1 of this Contract.

2.6.7.3 Recoupment Of Costs For Assumption Of Claims Processing And/Or Dispute Resolution. CalOptima, at its sole and absolute discretion, may reduce Hospital Capitation Rate to recoup additional administrative costs for the assumption of the claims processing and/or dispute resolution responsibilities of Hospital, as described in this Section, as well as any amounts, including interest due, on claims unpaid at the assumption of responsibilities by CalOptima.

2.6.8 Quarterly Claims Payment Performance Report.

2.6.8.1 Hospital shall submit, in a format specified by CalOptima Policies, a Quarterly Claims Payment Performance Report ("Quarterly Claims Report") to CalOptima within thirty (30) calendar days of the close of each calendar quarter. The Quarterly Claims Report shall, at a minimum, disclose Hospital's compliance status with Sections 1371, 1371.1, 1371.2, 1371.22, 1371.35, 1371.36, 1371.37, 1371.4 and 1371.8 of the California Health and Safety Code and Sections 1300.71, 1300.71.38, 1300.71.4 and 1300.77.4 of Title 28 of the California Code of Regulations.

2.6.8.2 Hospital shall ensure that each Quarterly Claims Payment Performance Report is signed by, and includes the written verification of, a principal officer, as defined by Section 1300.45(o) of Title 28 of the California Code of Regulations, of Hospital, stating that the report is true and correct to the best knowledge and belief of the principal officer.

2.6.8.3 Hospital's Quarterly Claims Payment Performance Report shall include a tabulated record of each Provider dispute it received,

categorized by date of receipt, and including the identification of the Provider, type of dispute, disposition and working days to resolution, as to each Provider dispute received. Each individual dispute contained in a Provider's bundled notice of Provider dispute shall be reported as a separate dispute to CalOptima.

2.6.9 Forwarding of Misdirected Claims

2.6.9.1 PHC shall have the ability to receive a standard ANSI 837I and ANSI 837P claim file format for retrieving misrouted claims that are the financial responsibility of the physician group. PHC will receive misdirected claims per CalOptima Policy.

2.6.9.2 PHC shall have the ability to create a standard ANSI 837I and ANSI 837P claim file for forwarding claims that are the financial responsibility of CalOptima within 10 working days of receipt of the claim. CalOptima shall receive these files per CalOptima Policy and load them into their system to ensure timely claims processing.

2.6.10 FQHC Payments - If FQHC, PHC shall reimburse the FQHC at a rate comparable to any other Subcontract arrangement for similar services.

2.6.11 American Indian Health Service Payments - PHC shall reimburse American Indian Health Care Provider(s) for Covered Services provided to Members who are qualified to receive services from an American Indian Health Care Provider. Hospital shall reimburse American Indian Health Care Provider at a rate comparable to any other Subcontract arrangement for similar services.

2.6.12 Certified Nurse Midwife (CNM) and Certified Nurse Practitioner (CNP) Payments - If there are no CNMs or CNPs in PHC's provider network, PHC shall reimburse non-contracting CNMs or CNPs for services provided to Members at no less than [redacted] of the Medi-Cal fee schedule as identified in CalOptima Policy.

2.6.13 Family Planning Provider Payments - PHC shall reimburse non-contracting family planning providers at no less than [redacted] of the Medi-Cal fee schedule as identified in CalOptima Policy. PHC shall reimburse non-contracting family planning providers for services provided to Members of childbearing age to temporarily or permanently prevent or delay pregnancy.

2.6.14 Sexually Transmitted Disease Treatment Payments - PHC shall reimburse local health departments and non-contracting family planning providers at no less than [redacted] of the Medi-Cal fee schedule as identified in CalOptima Policy, for the diagnosis and treatment of a STD episode, as defined in MMCD Policy Letter No. 96-09. PHC may elect to

provide reimbursement only if STD treatment providers provide treatment records or documentation of the Member's refusal to release Medical Records to PHC along with billing information.

2.6.15 HIV Testing and Counseling Payments - PHC shall reimburse local health departments and non-contracting family planning providers at no less than [redacted] of the Medi-Cal fee schedule as identified in CalOptima Policy. PHC shall provide reimbursement only if local health departments and non-contracting family planning providers make all reasonable efforts, consistent with current laws and regulations, to report confidential test results to PHC.

2.6.16 Information Disclosures To Participating Providers. Hospital shall provide to all Participating Providers, initially upon contracting and annually thereafter on or before the Contract anniversary date, and at any time upon request from a Participating Provider, in an electronic format as defined and detailed in CalOptima Policies, the following:

2.6.16.1 A complete fee schedule.

2.6.16.2 Payment policies and nonstandard coding methodologies used to adjudicate claims.

2.6.17 Not Applicable to this Contract.

2.6.18 This Section shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

2.7 SKILLED NURSING FACILITY FINANCIAL RESPONSIBILITY --- Hospital shall be financially responsible for Skilled Nursing Facility services daily rate when such services are determined by CalOptima to be in-lieu of acute hospitalization

2.8 THIRD PARTY TORT LIABILITY/ESTATE RECOVERY --- Hospital shall make no claim for the recovery of the value of Covered Services rendered to a Member when such recovery would result from an action involving tort liability of a third party, recovery from the estate of deceased Member, Workers' Compensation, or casualty liability insurance awards and uninsured motorist coverage. Hospital shall inform CalOptima of potential third party liability claims, and provide information relative to potential third party liability claims, in accordance with CalOptima Policy.

2.9 OTHER HEALTH COVERAGE (OHC) --- Hospital shall cost avoid or make post-payment recovery for the reasonable value of Covered Services paid by Hospital and rendered to Members whenever a Member's OHC covers the same Covered Services, either fully or partially. In no event shall Hospital cost avoid or seek post-payment recovery for the reasonable value of Covered Services from a Third Party Tort Liability Action or make a claim against the estates of deceased Members. Hospital shall coordinate benefits with other programs or entitlements recognizing

OHC as primary coverage and Medi-Cal as the payor of last resort. Hospital shall not undertake cost avoidance or post-payment recovery except on the basis of OHC reflected in an OHC code reflected in the Medi-Cal eligibility records.

2.9.1 Cost Avoidance - If Hospital reimburses a Provider on a Fee-for-Service basis, Hospital shall not pay claims for Covered Services to a Member whose Medi-Cal eligibility indicates third party coverage, designated by an OHC code without proof that the Provider has first exhausted all benefits of other liable parties. Proof of third party billing is not required before payment for services provided to Members with OHC codes A or N.

2.9.2 Post-Payment Recovery - If Hospital reimburses a Provider on a Fee-for-Service basis, Hospital shall pay the Provider's claims and then seek to recover the cost of the claim by billing liable third parties for services provided to Members with OHC codes A or N; for services defined by DHCS as prenatal or PPS, or in child support enforcement cases. If Hospital does not have sufficient information to determine whether or not OHC is the result of child support enforcement case, then Hospital shall follow the procedure above for cost avoidance. If Hospital does not reimburse a Provider on a Fee-for-Service basis, then Hospital shall pay for Covered Services to a Member whose Medi-Cal eligibility indicates third party coverage, designated by an OHC code or Medicare coverage, and then shall bill the liable third parties for the cost of actual Covered Services rendered.

2.9.3 Hospital shall have written policies implementing these requirements.

2.9.4 Hospital shall submit monthly reports to CalOptima identifying OHC in accordance with CalOptima Policies.

2.9.5 Hospital shall maintain reports that display claims counts and dollar amounts of costs avoided and the amount of Post-Payment Recoveries, by aid category, as well as the amount of outstanding recovery claims (accounts receivable) by age of account. Reports shall be made available upon CalOptima request.

2.9.6 Hospital shall identify OHC unknown to DHCS within ten (10) days of discovery to CalOptima in accordance with CalOptima Policies.

2.9.7 Hospital shall demonstrate to CalOptima that where Hospital does not Cost Avoid or perform Post-Payment Recovery that the aggregate cost of this activity exceeds the total revenues Hospital projects it would receive from such activity.

2.9.8 This Section shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

2.10 MEDICAL LOSS RATIO --- PHC shall maintain a minimum acceptable medical loss ratio as defined by CalOptima Policies of eighty-five percent (85%).

2.11 Not Applicable to this Contract.

2.12 Not Applicable to this Contract.

2.13 RISK POOLS --- PHC in which Hospital participates shall have risk pool arrangements/agreements between the Hospital and Physician parties of the PHC. Risk pool arrangements shall be pre-approved by CalOptima.

2.13.1 Hospital and Physician representatives shall annually negotiate and agree upon the terms and conditions of the risk sharing arrangement and shall submit the agreed upon terms and conditions to CalOptima by November 30, for each Contract year beginning January 1. Hospital shall submit to CalOptima an attestation signed by an authorized signatory of both parties indicating that both the Hospital's and the Physician's Board of Directors have approved the proposed terms and conditions. Terms and Conditions shall include the following:

2.13.1.1 Identification of services for which risk will be shared.

2.13.1.2 If risk sharing is based on utilization:

2.13.1.2.1 The expected utilization of services for which risk will be shared. Recommended measures are bed day/1000 Members for inpatient services and $ x.xx Per Member Per Month (PMPM) for other services.

2.13.1.2.2 The price or value for each of the services for which risk will be shared. These are the amounts each unit of service will be valued at and charged against the portion of the Hospital Capitation Payment that has been assigned to the risk sharing arrangement. Inpatient price is stated as per diem rates; other services are priced by fee schedules or as a percent of billed charges.

2.13.1.2.3 A proforma settlement calculation, which shall state the amount of surplus that is expected to result if utilization targets are achieved and agreed upon pricing is employed.

2.13.1.3 A description of audit or other procedures required to ensure the accuracy of the surplus or deficit calculation related to the cost and volume of services rendered under the arrangement and other revenues and expenses, including interest income, reinsurance premiums, and reinsurance recoveries associated with risk sharing.

2.13.1.4 Defined responsibilities for deficits should they occur.

2.13.1.5 Timing and documentation requirements for interim or final surplus distribution by Hospital.

2.13.2 Hospital shall submit to CalOptima interim and final settlement calculations and an attestation from both Hospital and Physician stating that the above referenced terms and conditions have been properly applied, audit and reconciliation procedures have been performed, and that the amount of distribution to each party is consistent with the terms of the risk sharing agreement.

2.14 CONTRACTS FOR HOSPITAL SERVICES --- At the request of a general acute care hospital that holds a contract with CalOptima for fee-for-service hospital services, PHC shall enter into a contract with said requesting hospital on the same terms and conditions, and for the same rates, contained in the CalOptima fee-for-service hospital contract.

ARTICLE 3
Obligations of Hospital - Administrative

3.1 Not Applicable to this Contract.

3.2 EQUAL OPPORTUNITY –

3.2.1 Hospital and its Subcontractors will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. Hospital and its Subcontractors will take affirmative action to ensure that qualified applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and career development opportunities and selection for training, including apprenticeship. Hospital and its Subcontractors agree to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Federal Government or DHCS, setting forth the provisions of the Equal Opportunity clause, Section 503 of the Rehabilitation Act of 1973, and the affirmative action clause required by the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212). Such notices shall state Hospital and its Subcontractors' obligation under the law to take affirmative action to employ and advance in employment qualified applicants without discrimination based on their race, color, religion, sex, national origin physical or mental handicap, disability,

age or status as a disabled veteran or veteran of the Vietnam era and the rights of applicants and employees.

3.2.2 Hospital and its Subcontractors will, in all solicitations or advancements for employees placed by or on behalf of Hospital and its Subcontractors, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era.

3.2.3 Hospital and its Subcontractors will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding a notice, to be provided by the Federal Government or the State, advising the labor union or workers' representative of Hospital and its Subcontractors' commitments under the provisions herein and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

3.2.4 Hospital and its Subcontractors will comply with all provisions of and furnish all information and reports required by Section 503 of the Rehabilitation Act of 1973, as amended, the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212) and of the Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and of the rules, regulations, and relevant orders of the Secretary of Labor.

3.2.5 Hospital and its Subcontractors will furnish all information and reports required by Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and the Rehabilitation Act of 1973, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the State and its designated representatives and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

3.2.6 In the event of Hospital and its Subcontractors' noncompliance with the requirements of the provisions herein or with any federal rules, regulations, or orders which are referenced herein, this Contract may be cancelled, terminated, or suspended in whole or in part, and Hospital and its Subcontractors may be declared ineligible for further federal and state contracts, in accordance with procedures authorized in Federal Executive Order No. 11246 as amended, and such other sanctions may be imposed and

remedies invoked as provided in Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

3.2.7 Hospital and its Subcontractors will include the provisions of Sections 3.2.1 through 3.2.7 in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor, issued pursuant to Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or Section 503 of the Rehabilitation Act of 1973 or (38 U.S.C. 4212) of the Vietnam Era Veteran's Readjustment Assistance Act, so that such provisions will be binding upon each Subcontractor or vendor. Hospital and its Subcontractors will take such action with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs or DHCS may direct as a means of enforcing such provisions, including sanctions for noncompliance, provided, however, that in the event Hospital and its Subcontractors become involved in, or are threatened with litigation by a Subcontractor or vendor as a result of such direction by DHCS, Hospital and its Subcontractors may request in writing to DHCS, who, in turn, may request the United States to enter into such litigation to protect the interests of the State and of the United States.

3.3 MARKETING GUIDELINES --- Hospital shall comply with the marketing guidelines set forth in CalOptima Policies.

3.4 CALOPTIMA LOGO --- Hospital shall display the CalOptima logo on all Hospital's written communication to Members pursuant to CalOptima Policies, and in a manner such that it is clear to the Member that the communication is referring to the CalOptima program. Hospital shall not otherwise use CalOptima's logo for any business unrelated to this Contract.

3.5 Not Applicable to this Contract.

3.6 WRITTEN MATERIALS --- Except as otherwise provided in this Contract, Hospital shall ensure that all written Member information provided by Hospital to Members is provided at a sixth grade reading level, or as determined appropriate through the CalOptima group needs assessment and approved by DHCS. The written Member information shall ensure Members' understanding of the health plan covered services, processes and ensure the Member's ability to make informed health decisions. Written Member informing materials, shall be translated into the identified Threshold and Concentration Languages. Written

Member informing materials shall be provided in alternative formats (including Braille, large size print, or audio format) upon request and in a timely fashion appropriate for the format being requested. Hospital shall establish policies and procedures to enable Members to make a standing request to receive all informing material in a specified alternative format.

3.7 COMPLAINTS AND GRIEVANCES ---

3.7.1 Member Grievance Procedures - Members or Members' authorized representative may file grievances about any aspect of service delivery provided or arranged by Hospital. Hospital shall implement and comply with CalOptima Policies relating to Member grievances. Hospital shall take no punitive action of any kind, and shall ensure that no Subcontractor takes any punitive action of any kind, against a Participating Provider or Subcontractor who either requests an expedited review or supports a Member's appeal.

3.7.2 Provider Grievance Procedures - Providers may file grievances about any aspect of service delivery provided or arranged by Hospital. Hospital shall implement and comply with CalOptima Policies relating to Provider grievances.

3.8 SUB-DELEGATION AND SUBCONTRACTING OF ADMINISTRATIVE SERVICES --- Except as otherwise limited by the State Contract, this Contract and/or CalOptima Policies and subject to CalOptima's prior written approval, Hospital may sub-delegate to a hospital, MSO, medical group and/or IPA administrative functions required of Hospital, but shall not absolve Hospital of oversight responsibilities. All sub-delegation must be approved by CalOptima. Hospital shall obtain approval of sub-delegation from CalOptima pursuant to the process detailed in CalOptima Policies. Hospital's Sub-delegation to another entity does not alter Hospital's ultimate obligation and responsibilities set forth in this Contract. Hospital may give a sub-delegate the authority to act on behalf of Hospital; but Hospital retains oversight and accountability for the sub-delegated function. Accountability means that Hospital cannot abdicate responsibility for the function being performed according to the requirements of this Contract, Hospital's standards and those established by this Contract and CalOptima Policies. Hospital is accountable for all functions performed in its purview whether by Hospital, by any sub-delegate or by any sub-sub-delegate. If Hospital chooses to sub-delegate a function, Hospital must demonstrate that it has not compromised its ability to evaluate structures and processes and to achieve required performance across its membership and provider network. At a minimum, Hospital shall provide CalOptima no later than one hundred twenty (120) days prior to the proposed effective date of the sub-delegation, with written evidence of the sub-delegation including:

3.8.1 A copy of the written agreement which meets the requirements of this Section and which describes the relationship between the Provider and the sub-delegate entity including the following information:

3.8.1.1 The sub-delegated functions;

3.8.1.2 The responsibilities of the Hospital and the sub-delegate entity;

3.8.1.3 The frequency of the sub-delegate entity's performance;

3.8.1.4 The process by which the Hospital evaluates the sub-delegate entity's performance; and

3.8.1.5 The Hospital's remedies if the sub-delegate entity fails to fulfill its obligations including revocation of the sub-delegation.

3.8.2 A description of the Hospital's process by which the sub-delegate entity was evaluated and selected to perform the sub-delegated functions, including the entity's score on a selection tool (if any).

3.8.3 A record of the Hospital's ongoing oversight process, as requested by CalOptima including:

3.8.3.1 The Hospital's annual evaluation of whether the entity is performing the sub-delegated functions in accordance with this Contract and NCQA standards;

3.8.3.2 The Hospital's review of the sub-delegate entity's regular reports; and

3.8.3.3 Reports and data required to be submitted to CalOptima.

3.8.4 Hospital shall terminate as soon as practical to meet the health care needs of Members, upon receiving written notification from CalOptima, any sub-delegation that fails to meet standards established by CalOptima and/or any of the requirements in this Contract or in CalOptima Policies.

3.8.5 Hospital shall report to CalOptima in accordance with all requirements established in this Contract and in CalOptima Policies, data and information that includes and encompasses all of Hospital's Members, including those receiving services from a sub-delegate of Hospital.

3.8.6 Hospital shall oversee and monitor its sub-delegates, and audit sub-delegates no less than once in any twelve (12) month period. Hospital shall establish standards and performance requirements for the sub-delegate function(s) and requirements for sub-delegates shall require sub-delegate to meet or exceed all requirements of Hospital in this Contract and in CalOptima Policies. Hospital may be exempt from oversight, monitoring and auditing of sub-delegate if the sub-delegate is:

3.8.6.1 Contracted directly with CalOptima as a Health Network, or a participant in a Health Network (i.e. Shared Risk Group, PHC Physician Group or PHC Hospital), or

3.8.6.2 NCQA accredited or certified for the function(s) sub-delegated by Hospital to sub-delegate.

3.8.7 Sub-delegates failing to meet performance requirements shall be placed on a Corrective Action Plan (CAP). The CAP shall detail sub-delegate's deficiencies; list specific steps, tasks and activities to bring sub-delegate into compliance; and a timeline for completion of corrective action and to achieve compliance with performance requirements. Hospital shall notify CalOptima of any sub-delegate providing services to CalOptima Members that is on a CAP. Hospital shall provide CalOptima a copy of the CAP if requested.

3.9 SUBCONTRACTS --- Hospital may Subcontract for certain functions covered by this Contract subject to the requirements of this Contract. Hospital is required to ensure that all Subcontracts are in writing and include any general requirements of this Contract and all provisions required by this Contract to be incorporated into Subcontracts. Hospital is required to inform CalOptima of the name and business addresses of all Subcontractors and notify CalOptima of any changes in Subcontractors within thirty (30) days of execution or change of Subcontract. All subcontracting with an offshore entity must be approved by CalOptima prior to execution of the Subcontract. Additionally, Hospital shall require all Subcontracts that relate to the provision of Covered Services, include the following:

3.9.1 An agreement to make all premises, facilities, equipment, books, records, contracts, computer, and other electronic systems of the Subcontractor pertaining to the goods and services furnished by Subcontractor under the Subcontract, available for an audit, inspection, evaluation, examination or copying in accordance with Sections 3.18 to 3.20 of this Contract;

3.9.2 An agreement to maintain such books and records in accordance with any record requirements in this Contract and CalOptima Policies, and for the establishment, and maintenance of and access to Medical and Administrative Records as set forth in Section 3.17 to 3.22 of this Contract;

3.9.3 Requirements for cultural and linguistic sensitivity and provision of interpreter services to be provided as set forth in Sections 3.33 and 3.34 of this Contract;

3.9.4 An agreement to submit provider data, encounter data, and reports relating to the Subcontract in accordance with Sections 7.2, 7.7, and 7.8 of this Contract, and to gather, preserve, and provide any records in the Subcontractor's possession in accordance with Sections 3.21 and 3.21.1 of this Contract;

3.9.5 An agreement to maintain and make available to DHCS, CalOptima, and/or Hospital, upon request, all sub-subcontracts relating to the Subcontract, and to ensure that all sub-subcontracts are in writing and require the sub-subcontractors to comply with the requirements set forth in Section 3.45 of this Contract;

3.9.6 An agreement requiring compliance with any MOU entered into by CalOptima, which are binding on the Hospital and its affiliated PHC(s);

3.9.7 An agreement requiring Subcontractors to provide Covered Services to CalOptima Members in the same manner as those services are provided to other patients;

3.9.8 An agreement to comply with all provisions of this Contract with respect to providing Emergency Services and State Contract (Exhibit A, Attachment 8, Provision 13) for those Subcontractors at risk for non-contracting Emergency Services;

3.9.9 An agreement that Subcontractors shall notify Hospital of any investigations into Subcontractor's professional conduct, or any suspension of or comment on a Subcontractor's professional licensure, whether temporary or permanent;

3.9.10 An agreement to comply with (a) CalOptima's Compliance Program including, without limitation, CalOptima Policies; (b) any DHCS Medi-Cal Provider Bulletins and Manuals; and (c) all applicable requirements of the DHCS Medi-Cal Managed Care Program, including, but not limited to, the Medi-Cal Managed Care Division Policy Letters and All Plan Letters;

3.9.11 An agreement that Participating Providers comply with the CalOptima Approved Drug List.

3.9.12 An agreement requiring Subcontractors to sign a Declaration of Confidentiality, which shall be signed by and filed with DHCS prior to the Subcontractors being allowed access to computer files or any other data or files, including identification of individual Members;

3.9.13 An agreement to hold harmless the State, Members and CalOptima, in the event Hospital cannot or will not pay for services performed by the Subcontractor pursuant to the Subcontract, and to prohibit Subcontractors from balance billing a Member as set forth in Section 4.1.9 of this Contract;

3.9.14 An agreement to assist and cooperate with Hospital and/or CalOptima in the transfer of care of a Member in the event of termination of the State Contract, Contract, or Subcontract for any reason in accordance with Sections 8.2 and 8.2.1 of this Contract.

3.9.15 Not Applicable to this Contract.

3.9.16 Subcontractor shall comply with all monitoring provisions of this Contract and the State Contract and any monitoring requests by CalOptima and DHCS.

3.9.17 Services to be provided by the Subcontractor, term of the Subcontract (beginning and end dates), methods of extension, renegotiation, termination, and full disclosure of the method and amount of compensation or other consideration to be received by the Subcontractor.

3.9.18 Subcontract or its amendments are subject to DHCS approval as provided in the State Contract, and the Subcontract shall be governed by and construed in accordance with all laws and applicable regulations governing the State Contract;

3.9.19 An agreement (a) that the assignment or delegation of the Subcontract will be void unless prior written approval is obtained pursuant to Section 14.10 of this Contract, and (b) to notify DHCS in a manner provided in Section 8.4 of the Contract in the event the Subcontract is amended or terminated;

3.9.20 An agreement to participate and cooperate in quality improvement systems as set forth in Section 6.4 of the Contract, and if Hospital delegates quality improvement activities to the Subcontractor, the Subcontract must include the requirements set forth in the State Contract (Exhibit A, Attachment 4, Provision 6), and Sections 3.8 and 6.4 of the Contract (including the Delegation Acknowledgement and Acceptance Agreement);

3.9.21 An agreement to the revocation of the delegation of activities or obligations under the Subcontract or other specified remedies, in accordance with Section 3.46 of this Contract, in instances where DHCS, CalOptima, and/or Hospital determines that the Subcontractor has not performed satisfactorily;

3.9.22 If and to the extent Subcontractor is responsible for the coordination of care of Members, an agreement to comply with Sections 6.11.9 and 14.12 of the Contract;

3.9.23 Subcontractors shall have access to CalOptima's dispute resolution mechanism in accordance with Section 10.10 of this Contract;

3.9.24 An agreement by the Hospital to notify the Subcontractor of prospective requirements and the Subcontractor's agreement to comply with the new requirements, in accordance with Section 13.11 of the Contract; and

3.9.25 An agreement that Subcontractors are entitled to the protections of the Health Care Provider's Bill of Rights, California Health and Safety Code section 1375.7, in the administration of the Subcontract relative to the Medi-Cal program.

3.10 Not Applicable to this Contract.

3.11 Not Applicable to this Contact.

3.12 SPECIAL DISENROLLMENT --- Hospital may request and CalOptima may approve according to CalOptima Policies disenrollment for specific Members.

3.13 ENROLLMENT --- PHC and Hospital shall accept as Members all persons indicated by CalOptima's information system and through regular transmission from CalOptima to PHC.

3.14 Not Applicable to this Contract.

3.15 VOLUNTARY DISENROLLMENT --- All Members have the right to disenroll from a Health Network. CalOptima shall process Member disenrollment in accordance with CalOptima Policies.

3.16 ADDITIONAL SERVICES --- Hospital shall not solicit enrollment through the offer of any compensation, reward, or benefit to the Member except for additional health-related services, which have been approved by CalOptima.

3.17 MEDICAL AND ADMINISTRATIVE RECORDS --- Hospital shall require that all Participating Providers and Subcontractors establish and maintain for each Member who has obtained Covered Services from a Participating Provider or Subcontractor a legible Medical Record. Such Medical Record shall include a historical record of diagnostic and therapeutic services recommended or provided by, or under the direction of, the Participating Provider or Subcontractor. Such Medical Record shall be in such a form as to allow trained health professionals, other than the Participating Provider or Subcontractor, to readily determine the nature and extent of the Member's medical problem and the services provided and permit peer review of the services provided. The Medical Record shall be kept in a detail consistent with good medical and professional practice in accordance with CCR Title 22, Section 53284, and which permits effective professional review and facilitates a system of follow-up treatment. All medical records shall meet the requirements of Section 1300.80(b)(4) of Title 28 of the California Code of Regulations, and Section 1936a(w) of Title 42 of the United States Code. Such records shall be available to health care providers at each encounter, in accordance with Section 1300.67.1(c) of Title 28 of the California Code of Regulations. Hospital shall ensure that an individual is delegated the responsibility of securing and maintaining medical records at each Participating Provider or Subcontractor site,

3.17.1 Hospital, PHC and CalOptima agree to maintain the confidentiality of the Member's Medi-Cal status and information contained in the Member's Medical Records in accordance with federal and State law. Hospital shall require that all Participating Providers and Subcontractors maintain the confidentiality of a Member's Medi-Cal status and information contained in a Member's Medical Records in accordance with federal and State Law.

3.17.2 Medical records under this Section shall reflect all aspects of patient care, including ancillary services in accordance with CalOptima Policies.

3.17.3 It is understood that all Hospital, Subcontractors', and Participating Providers' books and records pertaining to goods and services furnished under this Contract:

3.17.3.1 Shall be made available for inspection or copying at Hospital, Participating Providers' and/or Subcontractors' expense by CalOptima or authorized representative of State or federal government at all reasonable times at the Hospital, Participating Providers' or Subcontractors' place of business or at such other mutually agreeable location in California; and

3.17.3.2 Shall be maintained in accordance with the general standards applicable to such book or record keeping.

3.18 RECORDS RETENTION --- Hospital and Subcontractors shall retain, preserve and make available upon request all records relating to the performance of its obligations under the Contract, including claim forms and encounter data, for a period of not less than ten (10) years from the final date of the contract between CalOptima and DHCS, or the date of completion of any audit, whichever is later, unless a longer period is required by law, with the exception in which the Hospital or Subcontractor has been duly notified that DHCS, DHHS, the Department of Managed Health Care, the Department of Justice or Comptroller General of the United States, or their duly authorized representative have commenced an audit or investigation of the Contract or any Subcontract, until such time as the matter under audit or investigation has been resolved, whichever is later. Records involving matters that are the subject of litigation shall be retained for a period of not less than ten (10) years following the termination of litigation. Pediatric records for un-emancipated minor Members shall be maintained until the latter of the full retention period under this Section, or at least one (1) year after the Member has reached eighteen (18) years of age. Microfilm copies of the documents contemplated herein may be substituted for the originals with the prior written consent of CalOptima, provided that the microfilming procedures are approved by CalOptima as reliable and are supported by an effective retrieval system.

3.18.1 Hospital shall upon request of CalOptima, transfer copies of such records to CalOptima's possession. No records shall be destroyed or otherwise disposed of prior to the retention period stated in Section 3.18 without the prior written consent of CalOptima. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise.

3.19 ACCESS TO PREMISES --- CalOptima and the State, through any authorized representatives, have the right at all reasonable times to monitor, inspect or otherwise evaluate the work performed or being performed hereunder, including

subcontract supported activities and the premises in which it is being performed. If any monitoring, inspection or evaluation is made of the premises of Hospital or Subcontractor, Hospital shall provide, and shall require Subcontractors to provide, all reasonable facilities and assistance for the safety and convenience of the authorized representatives in the performance of their duties. All monitoring, inspections and evaluations shall be performed in such a manner as will not unduly delay the work.

3.19.1 Through the end of the records retention period specified in Section 3.18, Hospital shall make all of its premises, facilities, equipment, books, records, contracts, computer and other electronic systems pertaining to the goods and services furnished under the terms of the Contract, available for the purpose of audit, inspection, evaluation, examination or copying, including but not limited to Access Requirements and State's Right to Monitor, as set forth in the State Contract, Exhibit E, Attachment 2, Provision 20: (a) by CalOptima and/or CalOptima's Regulators; (b) at all reasonable times at the Hospital's place of business or such other mutually agreeable location in California; (c) in a form maintained in accordance with the general standards applicable to such book or record keeping; and (d) including all encounter data for a period of at least ten (10) years.

3.19.2 Through the end of the records retention period specified in 3.18, Hospital shall allow CalOptima and/or CalOptima's Regulators to audit, inspect, monitor or otherwise evaluate the quality, appropriateness, and timeliness of services performed under this Contract, and to inspect, evaluate, and audit any and all premises, books, records, equipment, Facilities, contracts, computers, or other electronic systems maintained by Hospital and Subcontractors pertaining to these services at any time, pursuant to 42 CFR section 438.3(h). Records and documents include, but are not limited to, all physical records originated or prepared pursuant to the performance under this Contract, including working papers, reports, financial records, and books of account, Medical Records, prescription files, laboratory results, Subcontracts, information systems and procedures, and any other documentation pertaining to medical and non-medical services rendered to Members. Upon request, through the end of the records retention period specified in Section 3.18, Hospital shall furnish any record, or copy of it, to CalOptima, DHCS or any other CalOptima's Regulators, at Hospital's sole expense. CalOptima and DHCS may conduct unannounced validation reviews of the Hospital's Primary Care or other service sites, selected at DHCS' discretion, to verify compliance of these sites with State and Federal regulations and Contract requirements. CalOptima and authorized State and Federal agencies will have the right to monitor all aspects of Hospital's operation for compliance with the provisions of this Contract and applicable federal and State laws and regulations. Such monitoring activities will include, but are not limited to, inspection and auditing of Hospital, Subcontractor, and provider facilities, management systems and procedures, and books and records as CalOptima or DHCS deems appropriate, at any time, ''pursuant to 42 CFR section 438.3(h). The monitoring activities will be either announced or unannounced. To assure compliance with the Contract and for any other reasonable purpose, CalOptima, the State and their authorized representatives

and designees will have the right to premises access, with or without notice to Hospital. This will include the MIS operations site or such other place where duties under the Contract are being performed. Staff designated by CalOptima and authorized State agencies will have access to all security areas and Hospital will provide, and will require any and all of its Subcontractors to provide, reasonable facilities, cooperation and assistance to the CalOptima or State representative(s) in the performance of their duties. Access will be undertaken in such a manner as to not unduly delay the work of the Hospital and/or the Subcontractor(s).

3.20 ACCESS TO AND AUDIT OF CONTRACT RECORDS --- Throughout the duration of the Contract and the retention period specified in Section 3.18, Hospital and Subcontractor shall provide duly authorized representatives of the State or federal government or CalOptima access to all records and material relating to Hospital's provision of and reimbursement for activities contemplated under the Contract, and to Hospital's financial condition and ability to bear risk under applicable state and federal laws. Such access shall include the right to inspect, audit and have available all such records and material and to verify reports furnished in compliance with the provisions of the Contract. All information so obtained shall be accorded confidential treatment as provided under applicable law. CalOptima employees shall sign Hospital's statement of confidentiality prior to being admitted access to Hospital's premises. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise. If DHCS, CMS, or the DHHS Inspector General determines there is a reasonable possibility of fraud or similar risk, DHCS, CMS, or the DHHS Inspector General may inspect, evaluate, and audit the Hospital at any time. Upon resolution of a full investigation of fraud, DHCS reserves the right to suspend or terminate the Hospital from participation in the Medi-Cal program; seek recovery of payments made to the Hospital; impose other sanctions provided under the State Plan, and direct CalOptima to terminate this Contract due to fraud.

3.21 RECORDS RELATED TO RECOVERY FOR LITIGATION --- Upon request by CalOptima, Hospital shall timely gather, preserve and provide to CalOptima, in the form and manner specified by CalOptima, any information specified by CalOptima, subject to any lawful privileges, in Hospital's or its Subcontractors' possession, relating to threatened or pending litigation by or against CalOptima or DHCS. If Hospital asserts that any requested documents are covered by a privilege, Hospital shall: 1) identify such privileged documents with sufficient particularity to reasonably identify the document while retaining the privilege; and 2) state the privilege being claimed that supports withholding production of the document. Such request shall include, but is not limited to, a response to a request for documents submitted by any party in any litigation by or against CalOptima or DHCS. Hospital acknowledges that time may be of the essence in responding to such request. Hospital shall use all reasonable efforts to immediately notify CalOptima of any subpoenas, document production requests, or requests for records, received by Hospital or its Subcontractors related to this Contract or subcontracts entered into under this Contract.

3.21.1 Hospital further agrees to timely gather, preserve, and provide to DHCS and records in the Hospital's or its Subcontractor's possession, in accordance with the State Contract, Exhibit E, Attachment 2, "Records Related to Recovery for Litigation" Provision.

3.22 MEMBER REQUEST FOR MEDICAL RECORDS --- Hospital and its Subcontractors shall furnish a copy of a Member's Medical Records to another treating or consulting Provider regardless of whether the requesting Provider is a Participating Provider or an Out of Network Provider, at no cost to CalOptima or to the Member when:

3.22.1 Such a transfer of records facilitates the continuity of that Member's care; or

3.22.2 The Member is transferring from one Provider to another for treatment; or

3.22.3 A Member seeks to obtain a second opinion on the diagnosis or treatment of a medical condition.

3.23 DISCLOSURE OF OWNERSHIP --- As identified in Attachment B, Hospital shall keep CalOptima informed as to the names of the officers and owners of PHC and/or Hospital holding more than five percent (5%) of the stock issued by PHC and/or Hospital, and major creditors holding more than five percent (5%) of the debt of the PHC and/or Hospital and shall notify CalOptima whenever changes occur to the information provided therein.

3.23.1 If provider is of a provider type that is not eligible to be Medi-Cal enrolled through DHCS, Hospital shall provide an accurate, current, signed copy of the DHCS Medi-Cal Disclosure Form, DHCS-6216, or such other disclosure form as DHCS may otherwise specify to meet the requirements of Section 51000.35 of Title 22 of the California Code of Regulations, for its Providers.

3.24 FRAUD AND ABUSE REPORTING --- Hospital shall report to CalOptima all cases of suspected fraud and/or abuse, as defined in 42 Code of Federal Regulations, Section 455.2, relating to the rendering of Covered Services by Participating Providers, Out-of Network Providers, Members, or Hospital's employees, within two (2) working days of the date when Hospital first becomes aware of or is on notice of such activity.

3.24.1 Hospital shall notify CalOptima, and CalOptima shall notify DHCS prior to Hospital conducting any investigations. Hospital shall conduct an investigation after notification has been given.

3.24.2 Hospital shall establish for approval by CalOptima and DHCS, written policies and procedures for identifying, investigating and taking appropriate corrective action against fraud and/or abuse in the provision of health care services under the Medi-Cal program.

3.24.3 Hospital shall report all investigation results to CalOptima within two (2) working days of conclusion of any fraud and/or abuse investigation.

3.25 COMPLIANCE WITH APPLICABLE LAW --- Hospital shall observe and comply with all federal and State law in effect when the Contract is signed or which may come into effect during the term of the Contract, which in any manner affects the Hospital's performance under this Contract. This Contract shall be governed by and construed in accordance with applicable federal and State law and with the terms and obligations under the State Contract.

3.26 HOSPITAL COMPLIANCE PROGRAM --- Hospital shall develop and implement a comprehensive and effective Compliance Program, including a Compliance Plan. Such Compliance Program shall include, but is not limited to, the implementation of the Office of the Inspector General's (OIG) 7 Elements of an Effective Compliance Program: Standards & Procedures, Oversight, Education & Training, Auditing & Monitoring, Reporting, Enforcement and Discipline, and Response & Prevention. Compliance Programs shall be evaluated by the Hospital annually to ensure that it remains effective. Hospital shall make the Plan and related documents available to CalOptima upon request.

3.27 COMPLIANCE WITH CALOPTIMA'S COMPLIANCE PROGRAM --- Hospital and its employees, board members, owners, Participating Providers and/or Subcontractors furnishing medical and/or administrative services under this Contract ("Hospital's Agents") shall comply with the requirements of CalOptima's Compliance Program, as may be amended from time to time, including the Code of Conduct and Compliance Plan. CalOptima shall make its Compliance Manual and Code of Conduct available to Hospital and Hospital shall make them available to Hospital's Agents.

3.28 COMPLIANCE WITH STATE AND FEDERAL PROGRAMS --- Hospital shall comply with requirements established by State and/or federal programs relating to its performance under this Contract. Hospital's compliance shall include, but not be limited to, applicable requirements of the DHCS Medi-Cal Managed Care Program, provisions of the State Contract requirements for CalOptima to maintain CMS waiver, Operational Instruction Letters (OILs), Medi-Cal Managed Care Division Policy Letters and All Plan Letters, and State and/or federal regulations.

3.29 COMPLIANCE WITH POLICIES AND PROCEDURES --- Hospital agrees to comply with and be bound by CalOptima Policies. CalOptima reserves the right to adopt, amend and/or discontinue CalOptima Policies at its sole discretion. Hospital acknowledges and agrees that it shall implement CalOptima Policies applicable to its obligations under this Contract.

3.30 COMPLIANCE WITH MEMORANDUM/MEMORANDA OF UNDERSTANDING (MOUs) --- Hospital agrees to comply with and be bound by any and all applicable MOUs entered into by CalOptima.

3.31 COMPLIANCE WITH PARTICIPATION STATUS REQUIREMENTS --- Hospital shall have policies and procedures to verify the Participation Status of Hospital's Agents. Hospital shall refer to the Department of Health and Human Services, Office of Inspector General, List of Excluded Individuals and Entities (LEIE) (http://oig.hhs.gov), as well as the GSA Excluded Parties Lists Systems (EPLS) in the SAM System (https://www.sam.gov). In addition, Hospital warrants and agrees as follows:

3.31.1 Hospital and Hospital's Agents shall meet CalOptima's Participation Status requirements during the term of this Contract.

3.31.2 Hospital shall immediately disclose to CalOptima any pending investigation involving, or any determination of, suspension, exclusion or debarment by Hospital or Hospital's Agents occurring and/or discovered during the term of this Contract.

3.31.3 Hospital shall take immediate action to remove any Hospital Agent that does not meet Participation Status requirements from furnishing items or services related to this Contract (whether medical or administrative) to Members and shall immediately notify CalOptima.

3.31.4 Hospital shall include the obligations of this Section in its Subcontracts.

3.32 NON-DISCRIMINATION --- During the performance of this Contract, neither Hospital nor any Subcontractors shall unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, religion, color, national origin, ancestry, religious creed, physical disability (including Human Immunodeficiency Virus (HIV) and Acquired Immune Deficiency Syndrome (AIDS), AIDS-Related Complex (ARC)), medical condition (including cancer), mental disability, marital status, age (over 40), or the use of family and medical care leave and pregnancy disability leave. Hospital and Subcontractors shall insure that the evaluation and treatment of their employees and applicants for employment are free of such discrimination and harassment. Hospital and Subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Government Code, Section 12900, et seq.) and the applicable regulations promulgated thereunder (CCR, Title 2, Section 7285.0, et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code, Section 12990, set forth in Chapter 5 of Division 4 of Title 2 of the CCR are incorporated into this Contract by reference and made a part hereof as if set forth in full. Hospital and Subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement. Hospital shall include the non-discrimination and compliance provisions of this Section in all Subcontracts to perform work under this Contract.

3.32.1 Hospital and all Subcontractors shall abide by Section 504 of the Rehabilitation Act of 1973 (29 USC §794) (nondiscrimination under Federal grants and programs); Title 45 CFR Part 84 (nondiscrimination on

the basis of handicap in programs or activities receiving Federal financial assistance); Title 28 CFR Part 36 (nondiscrimination on the basis of disability by public accommodations and in commercial facilities); Title IX of the Education Amendments of 1973 (regarding education programs and activities); Title 45 CFR Part 91 and the Age Discrimination Act of 1975 (discrimination based on age); and all other laws regarding privacy and confidentiality. Neither the Hospital, nor Subcontractors shall discriminate against Members because of race, color, national origin, creed, ancestry, religion, language, age, marital status, sex, sexual orientation, gender identity, health status, physical or mental disability, or identification with any other persons of groups defined in Penal Code 422.56 in accordance with Title VI of the Civil Rights Act of 1964, 42 USC, Section 2000d (race, color, national origin); 45 CFR Part 84 (physical or mental handicap); Government Code Section 11135 (ethnic group identification, religion, age, sex, color, physical or mental handicap); Civil Code Section 51 (all types of arbitrary discrimination); Section 1557 of the Patient Protection and Affordable Care Act; and all rules and regulations promulgated pursuant thereto, or as otherwise provided by law or regulation.

3.32.2 For the purpose of this Contract, if based on any of the foregoing criteria, the following constitute unlawful discriminations: (i) denying any Member any Covered Services or availability of a Facility; (ii) providing to a Member any Covered Service which is different or is provided in a different manner or at a different time from that provided to other similarly situated Members under this Contract, except where medically indicated; (iii) subjecting a Member to segregation or separate treatment in any manner related to the receipt of any Covered Service; (iv) restricting a Member in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any Covered Service; or (v) treating a Member differently from others similarly situated in determining compliance with admission, enrollment, quota, eligibility, or other requirements or conditions which individuals shall meet in order to be provided any Covered Service or assigning the times or places for the provision of Covered Services.

3.32.3 Hospital shall take affirmative action to ensure that all Members are provided Covered Services without unlawful discrimination, except where medically indicated. For the purposes of this Section, physical handicap includes the carrying of a gene which may, under some circumstances, be associated with disability in that person's offspring, but which causes no adverse effects on the carrier. Such genetic handicap shall include, but not be limited to, Tay-Sachs trait, sickle cell trait, thalassemia trait, and X-linked hemophilia.

3.32.4 Hospital shall act upon all complaints alleging discrimination against Members in accordance with CalOptima's Member Complaint Policy and shall forward copies of all such grievances to CalOptima, attention Grievance & Appeals Resolution Services, within five (5) days of receipt of same.

3.32.5 Hospital shall require all downstream providers to cooperate with CalOptima's Member Complaint Policy and time requirements to appeals within designated time frames.

3.33 LINGUISTIC AND CULTURAL SENSITIVITY --- CalOptima will provide cultural competency, sensitivity, and diversity training. Hospital shall comply with all the following requirements related to the provision of linguistic and culturally sensitive services in accordance with this Contract and CalOptima Policies.

3.33.1 Hospital shall have a Cultural and Linguistic Services Program that monitors, evaluates, and takes effective action to address any needed improvement in the delivery of culturally and linguistically appropriate services. Hospital shall provide cultural competency, sensitivity, or diversity training for staff, providers and Subcontractors at key points of contact. Hospital shall provide orientation and training on cultural competency to staff and providers serving Members. The training objectives shall include teaching participants an enhanced_awareness of cultural competency imperatives and issues related to improving access and quality of care for Members, as well as information on access to interpreters, and how to work with interpreters. Hospital shall also, as appropriate, refer Members to culturally-appropriate community services programs.

3.33.2 Pursuant to CalOptima Policies, Hospital shall provide translation of written member informing materials in the Threshold and Concentration Languages. Hospital shall comply with the language assistance standards developed pursuant to California Health and Safety Code section 1367.04. Written member informing materials to be translated include, but are not limited to: 1) signage; 2) Evidence of Coverage and/or Member Services Guide; 3) disclosure forms; 4) provider listing or directories; 5) marketing materials; 6) form letters; 7) plan-generated preventive health reminders; 8) member surveys; and 9) newsletters. If a Member requests materials in a language not meeting the numeric Thresholds or Concentration Standards, Hospital shall provide oral translation of the written materials utilizing bilingual staff or a telephonic interpreter service. Hospital shall also make materials available to Members in alternate formats (e.g. Braille, audio, large print) upon request of the Member. Hospital shall be responsible for ensuring the quality of translated materials at no cost to CalOptima or Member.

3.34 PROVISION OF INTERPRETERS --- Hospital shall, at no cost to Members, provide linguistic interpreter services and interpreter services for the deaf or hard of hearing for all Members at all key points of contact, including telephone, advice and urgent care transactions, and outpatient encounters, and all sites utilized by Hospital or any Subcontractors, as well as member services, orientations, appointment setting and similar administrative functions, as necessary, to ensure the availability of effective communication regarding treatment, diagnosis, medical history or health education. Hospital shall have in place telephonic and face-to-

face interpreter services and American Sign Language interpreter services contracts. Hospital shall provide twenty-four (24) hour access to interpreter services for all Members, and shall implement policies and procedures to ensure compliance by subcontracted providers with these standards. Such access shall include access for users of Telecommunication Devices for the Deaf (TDD) or Telecommunications Relay Services (711 system). Upon a Member or Participating Provider request for interpreter services in a specific situation where care is needed, Hospital shall make all reasonable efforts to provide a face-to-face interpreter in time to assist adequately with all necessary Covered Services, including Urgent Care Services and Emergency Services. If face-to-face interpretation is not feasible, Hospital must ensure provision of telephonic interpreter services or interpretation through bilingual staff members. Hospital shall routinely document the language needs of Members and the request or refusal of interpreter services in a Member's medical record. This documentation shall be available to CalOptima at CalOptima's request. Hospital shall not require or suggest that a Member to use friends or family as interpreters. However, a family member or friend may be used when the use of the family member or friend: (i) is requested by the Member; (ii) will not compromise the effectiveness of service; (iii) will not violate Member's confidentiality; and (iv) the Member is advised that an interpreter is available at no cost to the Member. Hospital shall ensure the linguistic capabilities and proficiency of individuals providing interpreter services.

3.35 MEMBER RIGHTS --- Hospital shall ensure that each Member's rights, as set forth in state and federal law and CalOptima Policy, are fully respected and observed. Hospital shall make Member Rights available to Member.

3.36 PARTICIPATING PROVIDER-MEMBER COMMUNICATION --- Hospital shall not prohibit, or otherwise restrict, a health care professional acting within the lawful scope of practice from communicating with Members, and shall encourage its health care professionals to freely communicate the following to patients, regardless of benefit coverage:

3.36.1 The Member's health status, medical care, or treatment options, including any alternative treatment that may be self-administered.

3.36.2 Any information the Member needs in order to decide among all relevant treatment options.

3.36.3 The risks, benefits, and consequences of treatment or non-treatment.

3.36.4 The Member's right to participate in decisions regarding his or her health care, including the right to refuse treatment, and to express preferences about future treatment decisions.

3.37 HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA) COMPLIANCE

3.37.1 Hospital and CalOptima shall make any and all efforts and take any and all actions necessary to comply with HIPAA statutory and regulatory requirements ("HIPAA requirements"), whether existing now or in the future within a reasonable time prior to the effective date of such requirements, but not later than the time permitted by the applicable HIPAA requirement after date of finalization.

3.37.2 Hospital shall comply with HIPAA requirements as currently established in CalOptima Policies. Hospital shall also take actions and develop capabilities as required to support CalOptima compliance with HIPAA requirements, including acceptance and generation of applicable electronic files in HIPAA compliant standards formats.

3.37.3 The parties agree to comply with the terms and conditions of the HIPAA Business Associates Agreement.

3.38 CONFIDENTIALITY OF INFORMATION

3.38.1 Hospital and its employees, agents, or Subcontractors shall protect from unauthorized disclosure the names and other identifying information concerning persons either receiving services pursuant to this Contract or persons whose names or identifying information become available or are disclosed to Hospital, its employees, agents, or Subcontractors as a result of services performed under this Contract, except for statistical information not identifying any such person. Hospital and its employees, agents, or Subcontractors shall not use such identifying information for any purpose other than carrying out Hospital's obligations under this Contract. Hospital and its employees, agents, or Subcontractors shall promptly transmit to the CalOptima all requests for disclosure of such identifying information not emanating from the Member. Hospital shall not disclose, except as otherwise specifically permitted by this Contract or authorized by the Member, any such identifying information to anyone other than DHCS or CalOptima without prior written authorization from CalOptima. For purposes of this provision, identity shall include Protected Health Information (PHI): names, geographical subdivisions smaller than a state, all elements of dates (except for year), phone and fax numbers, e-mail address, social security numbers, medical record numbers, health plan beneficiary numbers, account numbers, license numbers, vehicle identifiers, device identifiers, web Universal Resource Locators (URLs), internet protocol address numbers, biometric identifiers, including finger and voice prints, full face photograph images, any other unique identifying number, characteristic or code.

3.38.2 Notwithstanding any other provision of this Contract, names of persons receiving public social services are confidential and are to be protected from unauthorized disclosure in accordance with Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted thereunder. For the purpose of this Contract, all information,

records, data, and data elements collected and maintained for the operation of the Contract and pertaining to Members shall be protected by Hospital from unauthorized disclosure. Hospital may release Medical Records in accordance with applicable law pertaining to the release of this type of information. Hospital is not required to report requests for Medical Records made in accordance with applicable law. With respect to any identifiable information concerning a Member under this Contract that is obtained by Hospital or its Subcontractors, Hospital:

3.38.2.1 will not use any such information for any purpose other than carrying out the express terms of this Contract,

3.38.2.2 will promptly transmit to CalOptima all requests for disclosure of such information, except requests for Medical Records in accordance with applicable law,

3.38.2.3 will not disclose except as otherwise specifically permitted by this Contract, any such information to any party other than DHCS or CalOptima without CalOptima's prior written authorization specifying that the information is releasable under Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted there under, and

3.38.2.4 will, at the termination of this Contract, return all such information to DHCS or maintain such information according to written procedures sent to the Hospital by DHCS for this purpose.

3.39 REINSURANCE --- CalOptima arranges for the provision of reinsurance, as described more fully in CalOptima Policies. CCS Eligible Members with CCS Eligible Conditions shall be excluded from CalOptima's provision of reinsurance. Hospital may, at its option and sole expense purchase supplemental Reinsurance from a source other than CalOptima. Additionally, Hospital shall:

3.39.1 Identify a Reinsurance coordinator who shall serve as CalOptima's contact for all Reinsurance issues; and

3.39.2 Comply with CalOptima Policies for monitoring and monthly reporting of all Reinsurance claims activities.

3.40 CLAIMS MANAGEMENT AND ADMINISTRATION --- Hospital shall have a process for claims management and administration. Hospital shall maintain a claim retrieval system that can, on request, identify the date of receipt, the action taken on all Provider claims (i.e., paid, denied, pended, other), and when action was taken. Hospital shall date stamp all Provider claims upon receipt. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

3.41 Not Applicable to this Contract.

3.42 OBLIGATIONS UNDER PRIOR CONTRACT --- Hospital acknowledges and agrees that certain of its obligations and duties under the Prior Contract, if previously contracted, survive the expiration of the Prior Contract and/or are measured following the expiration of the Prior Contract (including, without limitation, corrective action plans, quality improvement and credentialing functions, financial requirements). Hospital shall perform all such obligations and duties.

3.43 EMPLOYEE EDUCATION ON FALSE CLAIMS ACT --- Hospital shall comply with the requirements contained in 42 USC § 1396a(a)(68)(A)-(C) as a condition of receiving payment under this contract. Hospital shall, upon request of CalOptima, demonstrate compliance with this provision, including providing CalOptima with copies of Hospital's applicable written policies and procedures, any relevant employee handbook excerpts, and other educational materials used to meet this requirement.

3.44 MONITORING --- Hospital shall comply with all monitoring provisions of this Contract and the State Contract, and any monitoring requests by CalOptima and DHCS.

3.45 HOSPITAL SUBCONTRACTS --- In addition to Section 3.9 of this Contract, Hospital shall maintain and make available to CalOptima, DHCS, or other CalOptima's Regulators, upon their respective requests, copes of all Subcontracts. Hospital shall ensure that all Subcontracts are in writing and require that the Hospital and its Subcontractors:

3.45.1 Make all premises, facilities, equipment, applicable books, records, contracts, computer, or other electronic systems related to this Contract, available at all reasonable times for audit, inspection, examination, or copying by CalOptima and/or CalOptima's Regulators, or their designees.

3.45.2 Retain such books and all records and document for a term minimum of at least ten (10) years from the final date of the State Contract period or from the date of completion of any audit, whichever is later.

3.46 CALOPTIMA OVERSIGHT – Hospital understands and agrees that CalOptima is responsible for the monitoring and oversight of all obligations of Hospital under this Contract. In instances where DHCS or CalOptima determines that the Hospital or any of the Subcontractors has not performed satisfactorily, CalOptima shall have the right to (a) amend or revoke the delegation of activities or obligations to the Hospital, (b) require the Hospital to amend or revoke the sub-delegation of activities or obligations to the Subcontractors, and/or (c) specify other remedies, including, but not limited to, those set forth in Sections 13.1 through 13.1.3.2. Hospital shall cooperate with CalOptima in its oversight efforts and shall take corrective action as CalOptima determines necessary to comply with applicable

laws and regulations, accreditation organization standards, and/or CalOptima Policies governing the obligations of Hospital or the oversight of those obligations.

ARTICLE 4
Obligations of Hospital – Provision of Covered Services

4.1 PROVISION OF COVERED SERVICES TO MEMBERS --- Hospital shall provide Covered Services to Members under this Contract in the same manner as those services are provided to other patients of Hospital, but in no case less than the amount of such services provided under the Medi-Cal Fee-for-Service Program. Consistent with the concept that Physician in the PHC in which Hospital participates is the medical home of the Member, where the Member receives the majority of the Member's care and where the Member's overall health status, need for care and services, and wellness are assessed, evaluated, monitored, managed, enhanced and/or maintained, Hospital and Physician shall coordinate Members' needs for Covered Services and provide Care Management Services and other services to assure Members receive all necessary care and services without regard to the party financially responsible for care and services. Hospital shall provide Covered Services to Members and Hospital agrees as follows:

4.1.1 Hospital shall provide and pay for, consistent with the terms and provision of this Contract and CalOptima Policies, the provision of all Covered Services to Members that are the financial responsibility of Hospital as set forth in Attachment A, with the exception of certain Medical Supplies identified in Attachment C;

4.1.2 If Hospital's network is unable to provide necessary medical services covered under this Contract to a particular Member, Hospital must adequately and timely cover these services out of network for the Member, for as long as Hospital is unable to provide them. Hospital shall make prior arrangements with Out-of-Network Providers for the provision of such services, and shall be fully responsible for arranging and paying for such services, and shall comply with all applicable CalOptima Policies with regard to the payment and authorization of Out-of-Network Providers;

4.1.3 Hospital shall be liable for the provision of and payment for all Covered Services notwithstanding a delay in payment of the Capitation Payment;

4.1.4 CalOptima may incorporate any change in Covered Services mandated by federal or State law or regulation into the Contract effective the date the change goes into effect. Whenever possible, CalOptima shall give the Hospital thirty (30) calendar days' notice of any such change. CalOptima shall determine the effective date of the change in Covered Services;

4.1.5 The actual provision of any Covered Service is subject to the professional judgment of the PCP or other physicians participating in the respective PHC as to the Medical Necessity of the service, except that each PHC shall

provide assessment and evaluation services ordered by a court or legal mandate;

4.1.6 The Hospital shall comply with Jackson v. Rank, U.S. District Court (E.D. Cal.), No. CIV 5-83-1451 LKK, June 9, 1986, and notify its Members when the Hospital denies, modifies or defers a PCP's request for authorization or terminates a previously authorized service;

4.1.7 Decisions concerning whether to provide or authorize Covered Services shall be based solely on Medical Necessity. Hospital acknowledges that disputes between the respective Hospital and Members about Medical Necessity can be appealed pursuant to CalOptima Policies;

4.1.8 Hospital may not arbitrarily deny or reduce the amount, duration, or scope of a required service solely because of the diagnosis, type of illness, or condition. Hospital may place appropriate limits on a service on the basis of criteria such as medical necessity; or for utilization control, provided the services furnished can reasonably be expected to achieve their purpose; and

4.1.9 Hospital shall hold harmless both the State and Members in the event that CalOptima cannot or will not pay capitation payments pursuant to this Contract. In no event, including but not limited to, non-payment by CalOptima or Hospital, CalOptima's or the Hospital's insolvency, or breach of this Contract by the Hospital or CalOptima, shall the PHC, Hospital or Subcontractors bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against the State, a Member or persons acting on the behalf of a Member for Covered Services provided pursuant to this Contract. This provision does not prohibit the PHC, Hospital or Subcontractors from collecting co-payments and deductibles, if any, as specifically provided for in this Contract or for recoveries related to other health coverage, as identified in Section 2.9 of this Contract. Hospital or a Subcontractor may bill a Member and collect fees for non-Covered Services from the Member if the Member agrees to the fees in writing prior to the actual delivery of non-Covered Services and a copy of such agreement is given to the Member and placed in the Member's Medical Record. Hospital further agrees:

4.1.9.1 That this Section shall survive the termination of this Contract for those Covered Services rendered prior to the termination of this Contract, regardless of the cause giving rise to termination and shall be construed to be for the benefit of the Members;

4.1.9.2 That this Section shall supersede any oral or written contrary agreement now existing or hereafter entered into between the Hospital and Participating Providers or Subcontractors;

4.1.9.3 That language to ensure the foregoing shall be included in all of the Hospital's Subcontracts with Subcontractors, including Participating Providers;

4.1.9.4 That no change or amendment to this Section or to similar section(s) in Subcontracts between the Hospital and Subcontractors Providers shall be made without the prior written approval of CalOptima; and

4.1.9.5 That, in the event of a violation of this Section by Hospital or Subcontractor, including but not limited to, balance billing of Member for Covered Services provided under the Contract or Subcontract, CalOptima shall take appropriate remedial action against Hospital or Subcontractor, including, but not limited to, repayment of any amounts collected, and appropriate Sanctions, as provided for in Section 13.1.

4.2 EMERGENCY CARE --- Hospital shall comply with all applicable State and federal laws and regulations governing the provision and payment of Emergency Services as well as the applicable requirements of the State Contract (including, but not limited to, Exhibit A, Attachment 8, Provision 13). Hospital is required to provide and pay for all Emergency Services, including Emergency Services provided by Out of Network Providers, without prior authorization, twenty-four (24) hours each day, seven (7) days a week.

4.2.1 Hospital shall reimburse or authorize reimbursement, as appropriate, for all Emergency Services without prior authorization, and in accordance with CalOptima Policy. Payment may be denied only if Hospital reasonably determines that Emergency Services were never performed.

4.2.2 Hospital shall reimburse or authorize reimbursement for facility changes for Emergency Services. Hospital is required to reimburse hospital when necessary for all MSE. If the MSE indicates that the Member has an Emergency Medical Condition as defined in Section 1.34, Hospital must reimburse or authorize reimbursement, as appropriate for all Covered Services Medically Necessary to diagnose and Stabilize the Member.

4.2.3 If the MSE indicates that the Member has an Emergency Medical Condition as defined in Section 1.34, Hospital must reimburse or authorize reimbursement, as appropriate, for all Covered Services Medically Necessary to diagnose and Stabilize the Member, provided without prior authorization. The emergency department of a treating facility shall notify Member's Health Network within twenty-four (24) hours of a CalOptima Member's Initial Emergency Encounter. For the purposes of this Section, Initial Emergency Encounter means the Member's presentation to the emergency department of the treating facility for outpatient Emergency Services or the Member's inpatient emergency admission to the treating facility, whichever occurs first. If the Initial Emergency Encounter occurs

on a holiday or weekend, notification to the Member's Health Network shall be made the following business day. Failure to notify the Member's Health Network as required in this Contract may subject Hospital to sanctions and other penalties as provided for in this Contract and CalOptima Policies. A treating facility's failure to notify Member's Health Network may be excused if the treating facility can document extenuating circumstances resulting in an inability of the treating facility to identify the Member, and/or the Member's Health Network.

4.2.4 If Hospital is treating a CalOptima beneficiary ("Other Member") enrolled in a Health Network with which Hospital does not participate or have a Subcontract, Hospital must contact the Other Member's Health Network as soon as the Emergency Medical Condition has been treated or Stabilized. The Other Member's Health Network shall not be held liable for continuing non-emergency care, which has not been authorized by Other Member's Health Network. Failure to notify the Other Member's Health Network as required in this Contract may subject Hospital to sanctions and other penalties as provided for in this Contract and CalOptima Policies. Treating facility's failure to notify the Other Member's Health Network may be excused if treating facility can document extenuating circumstances resulting in an inability of treating facility to identify the Other Member, the Other Member's Health Network or otherwise contact the Other Member's Health Network.

4.2.5 The components of the Emergency Services may vary according to the condition and medical history of the Member. Accordingly, all Clean Claims for Emergency Services shall be paid at the procedure code level supported by, and based on, the documentation submitted with the claims. For facilities with which Hospital has a contract, Hospital shall reimburse for those Emergency Services in accordance with that contract. For all other facilities, Hospital shall reimburse for those Emergency Services in accordance with the Deficit Reduction Act of 2005, 42 USC 1396u-2(b)(2)(D), CalOptima Policy, and State Contract, Exhibit A, Attachment 8, Provision 5, Claims Processing.

4.2.6 Hospital shall not retroactively deny a claim for Emergency Services because the condition, which appeared to be an Emergency Medical Condition as defined in Section 1.34, turned out to be non-emergency in nature.

4.2.7 An Emergency Medical Condition shall not be limited based on a list of diagnoses or symptoms. Hospital shall not deny payment for treatment obtained when a Member had an Emergency Medical Condition, including cases in which the absence of immediate medical attention would have not resulted in an outcome specified in Section 1.34. Further, Hospital shall not deny payment for treatment obtained when PHC or a Participating Provider instructs the Member to seek Emergency Services.

4.2.8 Hospital shall reimburse the County of Orange for Emergency Services and Urgent Care Services provided to Members at Orangewood Children's Home or while in Foster Care during periods of emergency foster placement or court-ordered stays. Payment shall be based on the prevailing Medi-Cal Fee Schedule.

4.2.9 If there is a disagreement between Hospital or any Participating Provider and Out of Network Provider regarding Medically Necessary Covered Services in an emergency, the judgment of the attending physician(s) actually caring for the Member at the treating facility shall prevail. Hospital may establish relationships with treating facility whereby the Hospital may send a Participating Provider with privileges to assume the attending physician's responsibilities to establish treatment or may arrange to have a hospital under contract with Hospital agree to accept the transfer of the Member after the Member has been Stabilized. The attending emergency Physician, or the Provider actually treating the Member is responsible for determining when the Member is sufficiently Stabilized for transfer or discharge and that determination is binding on PHC and Hospital.

4.2.10 Post stabilization care services are covered and paid for in accordance with provisions set forth at 42 CFR 422.113(c). Hospital is financially responsible for post-stabilization services obtained within or outside Hospital's network that are pre-approved by a plan provider or other entity representative. Hospital is financially responsible for post-stabilization care services obtained within or outside Hospital's network that are not pre-approved by a plan provider or other Hospital representative, but administered to maintain the Member's Stabilized condition within 1 hour of a request to Hospital for pre-approval of further post-stabilization care services.

4.2.10.1 Hospital is also financially responsible for post-stabilization care services obtained within or outside Hospital's network that are not pre-approved by a plan provider or other entity representative, but administered to maintain, improve or resolve the Member's Stabilized condition if Hospital does not respond to a request for pre-approval within 30 minutes; Hospital cannot be contacted; or Hospital's representative and the treating physician cannot reach an agreement concerning the Member's care and a plan physician is not available for consultation. In this situation, Hospital must give the treating physician the opportunity to consult with a plan physician and the treating physician may continue with care of the patient until a plan physician is reached or one of the criteria of 422.133(c)(3) is met.

4.2.10.2 Hospital's financial responsibility for post-stabilization care services it has not pre-approved ends when a plan physician with privileges at the treating hospital assumes responsibility for the Member's care, a plan physician assumes responsibility for the Member's care through transfer, a plan representative and the

treating physician reach an agreement concerning the Member's care; or the Member is discharged.

4.2.10.3 Consistent with 42 CFR 438.114(e), 422.1 13(c)(2), and 422.214 Hospital is financially responsible for payment for post-stabilization services following an emergency admission at the hospital's Medi-Cal FFS payment amounts for general acute care inpatient services rendered by a non-contracting Medi-Cal certified hospital, unless a lower rate is agreed to in a writing signed by the hospital. For the purposes of this Section, the Medi-Cal FFS payment amounts for dates of service when the post-stabilization services were rendered shall be the Medi-Cal FFS payment amounts established in California Welfare and Institutions Code (W & I) Section 14166.245, which for the purposes of this Section, shall apply to all general acute care hospitals, including hospitals contracting with the State under the Medi-Cal Selective Provider Contracting Program (W & I Section 14081 et. seq.), less any associated direct or indirect medical education payments to the extent applicable. Payment made by Hospital to a hospital that accurately reflects the payment amounts required by this Section shall constitute payment in full under this Section, and shall not be subject to subsequent adjustments or reconciliations by Hospital, except as provided by Medicaid and Medi-Cal law and regulations. A hospital's tentative and final cost settlement processes required by 22 CCR 51536 shall not have any effect on payments made by Hospital pursuant to this Section.

4.2.10.4 Not Applicable to this Contact.

4.3 NEWBORN SERVICES --- Hospital shall provide all Covered Services to any newborn child born to a Member for the month of the birth and the following month.

4.4 Not Applicable to this Contract.

4.5 Not Applicable to this Contract.

4.6 ACCESS TO SERVICES TO WHICH HOSPITAL OR A SUBCONTRACTOR HAS A MORAL OBJECTION --- Unless prohibited by law, Hospital shall arrange for the timely referral and coordination of Covered Services to which Hospital or a Subcontractor has religious or ethical objections to perform or otherwise support and shall demonstrate ability to arrange, coordinate and ensure provision of services through referrals.

4.7 Not Applicable to this Contract.

4.8 AMERICAN INDIAN HEALTH SERVICE PROGRAMS --- American Indian Health Service Programs can operate as a Primary Care Physician for American Indian Members, and as such can provide referrals directly to network Physician

without first requesting a referral from a network Primary Care Physician. Hospital shall ensure timely access to American Indian Health Service Programs by including American Indian Health Service Program within Physician's network for American Indian Members in accordance with 42 CFR 438.14(b).

4.9 PARTICIPATION IN CALOPTIMA WHOLE CHILD MODEL PROGRAM--- Hospital acknowledges and agrees that its participation in CalOptima WCM is conditioned on transfer of CCS to CalOptima and the PHC meeting DHCS access and other requirements as they apply to the PHC as a Health Network. Upon meeting those conditions, CalOptima shall notify Hospital of the date upon which Hospital will be considered to be "Participating in the CalOptima Whole Child Model Program" as that phrase is used in this Contract, and at which time Hospital shall commence all CalOptima WCM obligations.

ARTICLE 5
Obligations of Hospital – Access

5.1 HOSPITAL GEOGRAPHIC DISTRIBUTION --- Hospital agrees that each hospital participating in the PHC in which Hospital is participating, shall be located within ten (10) miles or thirty (30) minutes of the PCPs designated service area with active medical staff privileges at each hospital.

5.2 PROVIDERS ELIGIBLE FOR PARTICIPATION IN MEDI-CAL --- Except in emergency situations, Hospital shall use only Providers who are eligible for participation in the Medicare and/or Medi-Cal program to provide the Covered Services required under this Contract. Providers shall: (i) not be suspended, excluded or otherwise ineligible to participate in any Federal and/or State health care programs; (ii) have not ever been suspended, excluded or otherwise ineligible to participate in any Federal and/or State health care programs based on a mandatory exclusion as defined in 42 U.S.C. § 1396a-7(a); and (iii) have not been convicted of any felony, or any misdemeanor involving fraud or abuse in any government program, or related to neglect or abuse of a patient in connection with the delivery of a health care item or service, or in connection with the interference with or obstruction of any investigation into health care related fraud or abuse or that has been found liable for fraud or abuse in any civil proceeding, or that has entered into a settlement in lieu of conviction for fraud or abuse in any government program, within the previous 10 years.

5.3 PHYSICAL ACCESS --- Hospital's and its Subcontractor's facilities shall comply with the requirements of Title III of the Americans with Disabilities Act of 1990, and shall ensure access for the disabled, which includes, but is not limited to, ramps, elevators, restrooms, designated parking spaces, and drinking water provision.

5.4 CHANGES IN AVAILABILITY OR LOCATION OF COVERED SERVICES --- Any substantial change in the availability or location of services to be provided under this Contract requires the prior written approval of DHCS. Hospital's or a Subcontractor's proposal to reduce or change the hours, days, or location at which

the services are available shall be given to CalOptima at least 75 days prior to the proposed effective date. DHCS' denial of the proposal shall prohibit implementation of the proposed changes. Hospital's proposal shall allow for timely notice to Members to allow them to change PCPs if desired.

ARTICLE 6
Obligations of Hospital – Clinical Quality

6.1 Not Applicable to this Contract.

6.2 HEALTH EDUCATION AND PREVENTION --- Hospital shall inform Members of contributions which they can make to the maintenance of their own health and the proper use of health care services and have a program of health education and prevention (HEP) available in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement. Hospital shall assist and support Physician to assure that, Physician shall:

6.2.1 Coordinate and integrate with CalOptima's QI Program;

6.2.2 Refer Members to appropriate HEP, based on the Member's needs;

6.2.3 Implement and utilize the Staying Healthy Assessment Tool as defined in CalOptima Policies; and,

6.2.4 Educate Providers and Members regarding Health Education services available to Members.

6.3 CLINICAL LABORATORY IMPROVEMENT AMENDMENTS --- Hospital shall only use laboratories with a Clinical Laboratory Improvement Amendments (CLIA) certificate of waiver or a certificate of registration along with a CLIA identification number. Those laboratories with certificates of waiver shall provide only the types of tests permitted under the terms of their waiver. Laboratories with certificates of registration may perform a full range of laboratory tests.

6.4 QUALITY IMPROVEMENT PROGRAM --- PHC shall participate and cooperate in CalOptima's Quality Improvement Program. PHC shall establish, maintain and operate a Quality Improvement Program, in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement, which shall include an Annual Program Plan, Work Plan, and Annual Evaluation of Effectiveness of the QI program, as well as a semi-annual report to CalOptima's QI department using the Industry Collaboration Effort (ICE) Reporting Tool, which are consistent with current industry standards, Centers for Medicare and Medicaid Services (CMS), National Committee for Quality Assurance (NCQA), Joint Commission, and DHCS, and meets the requirements of CalOptima's Quality Improvement Program. PHC shall facilitate quality studies and assist in collection of comparative data collected from all Participating Providers using objective parameters (e.g., the current version of Healthcare Effectiveness Data and

Information Set (HEDIS)). PHC shall adopt a detailed written Quality Improvement (QI) Plan, which shall include:

6.4.1 Well defined goals and objectives of the QI Program;

6.4.2 A well-defined scope of the QI Program that considers all different types and levels of care and service provided to Members; and

6.4.3 Clearly defined accountability and responsibility for the QI Program."

6.4.4 The Board of Directors of the PHC or a multi-disciplinary QI Committee designated by the Board of Directors of the PHC shall oversee the QI Program conducted by PHC. This committee shall be separate from the Utilization Review committee (though members may be the same) and have a separate agenda. The QI Committee shall have adequate representation from PHC. The QI Committee shall meet at least on a quarterly basis. PHC shall maintain attendance records and meeting minutes related to the QI Program.

6.4.5 The QI Program activities shall be reported in writing to PHC's Board of Directors at least on a quarterly basis. These reports shall be available to CalOptima upon request.

6.4.6 PHC's QI Program shall include involvement and participation in network-wide studies/projects initiated by CalOptima.

6.4.7 PHC shall develop an annual QI work plan, which includes the following:

6.4.7.1 Goals, scope and planned projects for the year;

6.4.7.2 Planned monitoring of identified issues and tracking these issues over time;

6.4.7.3 Planned studies/audits suggested by CalOptima or PHC; and

6.4.7.4 An annual evaluation of the QI Program/Plan.

6.4.8 PHC shall have a written procedure for responding to the findings of QI activities, such as collecting data, analyzing results, implementing corrective action plans, and reassessing the same data for improvement.

6.4.9 Requirements for the PHC's QI Program shall be established by the PHC's QI Committee and requirements may change based on changes in industry standards. CalOptima's QI Committee shall notify PHC of any additional changes in QI standards and requirements that shall be incorporated in PHC's QI Program. PHC shall not be required to change QI Program requirements more frequently than once per year.

6.4.10 PHC shall report findings and actions taken as a result of the quality improvement activities to CalOptima at least quarterly. In addition, PHC shall provide, upon request, summaries of QI Committee meetings, findings following review of specific cases and other reviews to CalOptima.

6.4.11 PHC shall respond promptly to all of CalOptima's requests for: (a) Medical Records; or (b) written responses to quality of care issues or Member complaints.

6.4.12 PHC shall allow CalOptima to use performance data for various program purposes, but not limited to, quality improvement activities, public reporting to consumers, and cost sharing for quality improvement activities, as identified in CalOptima Policy.

6.5 CASE MANAGEMENT SERVICES --- Hospital in conjunction with and in support of Physician shall offer a comprehensive Case Management Services program that targets medically and socially complex Members in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement. The Case Management Services program shall consider the Member as a whole individual taking into consideration not only his/her medical needs but also the individual in context of cultural values, age, disability and self-determination.

6.5.1 Hospital in conjunction with and in support of Physician shall develop and implement policies and procedures that outline processes to support Case Management Services including but not limited to:

6.5.1.1 Pro-active identification mechanisms of high risk Members;

6.5.1.2 Referral processes;

6.5.1.3 Triage mechanisms with appropriate time frames;

6.5.1.4 Comprehensive assessment processes and formats;

6.5.1.5 Care plan development and care plan implementation guidelines and format;

6.5.1.6 Carve-out service coordination;

6.5.1.7 Documentation and communications processes for all Case Management Services; and

6.5.1.8 Mechanism for evaluation of Case Management Program outcomes.

6.5.2 Hospital and Physician Case Management Services shall demonstrate the ability to find, receive, and process referrals for Covered Services and

Urgent Care Services of Members who meet one (1), or more of the following conditions:

6.5.2.1 Are medically complex, demonstrate an inability to manage their medical condition and are at risk of exacerbation without intervention;

6.5.2.2 Demonstrate high recidivism;

6.5.2.3 Are chronically ill;

6.5.2.4 Have a catastrophic diagnosis;

6.5.2.5 Have inadequate family/community support;

6.5.2.6 Are cost and/or length of stay outliers;

6.5.2.7 Are receiving six (6) or more chronic medications per month;

6.5.2.8 Are transitioning between Providers that may cause continuity of care concerns; and

6.5.2.9 Are Members with Special Health Care Needs.

6.5.3 CalOptima shall be entitled to periodically review Hospital's and Physician's Case Management Services program to determine compliance with Case Management Services standards. Hospital shall furnish Case Management Services records and information to CalOptima upon request.

6.5.4 Hospital and Physician Case Management shall collaborate with CalOptima on cases identified by CalOptima as needing care coordinator interventions.

6.5.5 As a component of the Case Management requirements in this Contract, Hospital shall assure that Hospital possesses adequate information management systems and capabilities to support Case Management functions and to meet guidelines established by CalOptima in CalOptima Policies.

6.6 Not Applicable to this Contract.

6.7 WHOLE CHILD MODEL PROGRAM ---

6.7.1 WHOLE CHILD MODEL PROGRAM COMPLIANCE --- Effective July 1, 2019, or such later date as Hospital shall begin Participating in the CalOptima Whole Child Model Program, PHC shall be responsible for identifying children with qualifying medical and surgical conditions and coordinating appropriate referrals of children with CCS Eligible Conditions as defined in Title 22, CCR Sections 41515.2 through 41518.9 and agrees

to implement the Whole Child Model Program in accordance with this Contract and CalOptima Policies.

6.7.1.1 Effective July 1, 2019, or such later date as Hospital shall begin Participating in the CalOptima Whole Child Model Program, Hospital shall provide all Medically Necessary services previously covered by the CCS Program as Covered Services for Members who are eligible for the CCS Program, and for Members who are determined medically eligible for CCS by the local CCS Program.

6.7.1.2 To ensure consistency in the provision of CCS Covered Services, PHC shall use all current and applicable CCS Program guidelines, including CCS Program regulations, CCS Program information notices, and CCS numbered letters in developing criteria for use by PHC's Medical Director or equivalent, and other care management staff. When applicable CCS clinical guidelines do not exist, PHC shall use evidence-based guidelines or treatment protocols that are medically appropriate given the Member's CCS Eligible Condition.

The CCS numbered letters are posted by DHCS at the following web address for guidance on providing CCS Covered Services to Members eligible for CCS:

http://www.dhcs.ca.gov/services/ccs/Pages/CCSNL.aspx

6.7.1.3 Effective July 1, 2019, or such later date as Hospital shall begin Participating in the CalOptima Whole Child Model Program, Hospital shall be responsible for all available Medically Necessary Medi-Cal services that are Covered Services under the CalOptima Medi-Cal Program. Any Medically Necessary CCS Services not available as a CalOptima Medi-Cal Covered Service shall remain the responsibility of the State and the county.

6.7.2 CCS PROVIDER NETWORK --- In its role as a Health Network, PHC shall utilize only CCS-Paneled Providers to treat CCS Eligible Conditions when a Member's CCS Eligible Condition requires treatment. PHC shall include in their network an adequate number of CCS Providers able to serve the needs of Members with CCS Eligible Conditions and receive timely access. PHC's network shall include an adequate number of CCS-Paneled Providers who are board-certified in both pediatrics and the appropriate pediatric subspecialty conditions and an adequate number of hospitals and/or facilities that include CCS-approved pediatric intensive care units, CCS-approved inpatient facilities and special care centers approved by the CCS Program to treat CCS Eligible Conditions. However, Members cannot be limited to a single delegated entity's provider network. PHC must ensure Members have access to all Medically Necessary CCS-Paneled Providers

within CalOptima's provider network. In addition, PHC may use an out-of-state Provider, in accordance with APL 17-019, if an in-state CCS Provider does not possess the clinical expertise to appropriately treat the Member's CCS condition. If no in-network CCS-Paneled provider possesses the clinical expertise to appropriately treat a Member's CCS condition, then CCS delegated PHC shall arrange and pay for, and coordinate the provision of, the Medically Necessary Covered Services to the Member by one or more out-of-network CCS-Paneled providers who possess the appropriate knowledge and clinical experience. CCS delegated PHC shall implement procedures to identify individuals who may need or who are receiving services from Out-of-Network Providers and/or programs in order to ensure coordinated service delivery and efficient and effective joint case management.

6.7.3 CCS PROVIDER CREDENTIALING --- Hospital shall credential CCS Providers in accordance with the existing credentialing requirements along with the requirements of APL 18-011. DHCS will retain responsibility for paneling CCS specialists. In addition, CCS Providers shall be able to utilize CalOptima's provider grievance process.

6.7.4 COVERED CCS SERVICES --- In addition to other services required to be provided to Members under this Contract, effective July 1, 2019, or such later date as Hospital shall begin Participating in the CalOptima Whole Child Model Program, Hospital shall cover CCS Services for Members determined to be eligible in accordance with the CCS Program medical eligibility regulations. Upon diagnostic evidence that a Member under 21 years of age may have a CCS Eligible Condition, Hospital shall refer the Member to the county CCS office for eligibility determination.

6.7.4.1 PHC shall ensure assessment and care coordination for the transition of Members who are eligible for CCS Services and receiving services through the CCS Program at the time of the transition.

6.7.4.2 For the identification of Members eligible for CCS Services, PHC shall ensure the following:

6.7.4.2.1 Participating Providers shall perform appropriate baseline health assessments and diagnostic evaluations that provide sufficient clinical detail to establish, or raise a reasonable likelihood, that a Member has a CCS Eligible Condition.

6.7.4.2.2 Initial referrals of Members with CCS Eligible Conditions shall be made to CalOptima by telephone, same day mail, or fax or other secure electronic system, and CalOptima will submit the referral and medical documentation to the County

CCS Program for eligibility determination. The initial referral shall be followed by submission of supporting medical documentation sufficient to allow for eligibility determination by the county CCS Program.

6.7.4.2.3 PHC shall provide all Medically Necessary CCS Services for the Member's CCS Eligible Condition(s).

6.7.4.2.4 If the County denies CCS Program eligibility for a Member referred by PHC, PHC remains responsible for the provision of all Medically Necessary Covered Services to the Member, including EPSDT services.

6.7.5 CONTINUITY OF CARE --- Effective July 1, 2019, or such later date as Hospital shall begin Participating in the CalOptima Whole Child Model Program, Hospital shall provide continuity of care to CCS-eligible Members transitioning to the Whole Child Model Program in accordance with Welfare and Institution Code Sections 14094.13, Health and Safety Code Section 1373.96, APL 18-011, and as follows:

6.7.5.1 In accordance with Welfare and Institutions Code, Section 14094.13(a)-(d), Hospital must allow for continuity of care between Members eligible for CCS Services and CCS Providers, and Providers of Specialized Durable Medical Equipment, with whom there is an existing relationship for up to 12 months after the transition. At its discretion, PHC may extend the continuity of care period beyond the 12 months specified in this Section.

6.7.5.2 For out-of-Network CCS Providers and Providers of Specialized Durable Medical Equipment, PHC must allow for continuity of care under the following conditions:

6.7.5.2.1 The Member has seen the CCS Provider for a non-emergency visit at least once during the 12 months immediately preceding their transition to CalOptima's Whole Child Model Program, or the Member has previously received Specialized Durable Medical Equipment from a DME provider.

6.7.5.2.2 The CCS Provider or Provider of Specialized Durable Medical Equipment accepts Hospital's rate for the service, or the applicable Medi-Cal or CCS fee-for-service rate, whichever is higher, unless the CCS Provider enters into an alternative payment methodology mutually agreed upon by Hospital and the CCS Provider.

6.7.5.2.3 Hospital confirms that the CCS Provider meets applicable CCS standards and has no disqualifying quality of care issues.

6.7.5.2.4 The CCS Provider or Provider of Specialized Durable Medical Equipment makes treatment information available to Hospital, to the extent authorized by the State and federal patient privacy provisions.

6.7.5.3 Ensure that the continuity of care requirements for pharmaceutical services and provision of prescribed drugs are applied to Members who are eligible for the CCS Program at the time of the transition to the Whole Child Model. Before the previously prescribed drug is discontinued, PHC and the Member's prescribing CCS Provider shall complete the necessary evaluation and treatments and must both agree that the previously prescribed drug is no longer Medically Necessary, or that it is no longer prescribed by the Member's prescribing CCS Provider.

6.7.6 EPSDT SERVICES --- Effective July 1, 2019, or such later date as PHC shall begin Participating in the CalOptima Whole Child Model Program, for CCS-eligible Members, PHC shall provide all Medically Necessary Covered Services, including EPSDT services when the scope of an EPSDT benefit is more generous than the scope of a CCS benefit. In such cases, PHC shall apply the EPSDT standard of what is Medically Necessary to correct or ameliorate the Member's condition.

6.7.7 CASE MANAGEMENT AND COORDINATION OF CARE --- Effective July 1, 2019, or such later date as PHC shall begin Participating in the CalOptima Whole Child Model Program, PHC shall provide service authorization, case management, and care coordination for CCS Services by an employee or Subcontractor with knowledge or adequate training on the CCS Program, and clinical experience with either the CCS population or pediatric patients with complex medical conditions.

6.7.7.1 Once a Member's eligibility for the CCS Program is established, CalOptima shall complete the risk level and needs assessment required under APL 18-011. PHC shall provide Complex Case Management services to all Members eligible for CCS Services and coordinate care between the Primary Care Provider, CCS specialty services, and if applicable Outpatient Mental Health Services and regional center services across all settings. The provision of Complex Case Management shall include the facilitation of communication between the Member's health care Providers, personal care Providers such as IHSS and behavioral health Providers, and when appropriate, the Member and/or

Member's parents, custodial parents, legal guardians, or other authorized representatives.

6.7.7.2 PHC shall also arrange referral to Specialty Mental Health, and Drug Medi-Cal services as appropriate through the county substance use disorder program if determined necessary through CalOptima's assessment. To arrange services with a regional center, PHC shall:

6.7.7.2.1 Coordinate with Members eligible for CCS Services and their parents, custodial parents, legal guardians, or other authorized representatives, in understanding and accessing services; and

6.7.7.2.2 Operate as a central point of contact for questions regarding access, care, and problem resolution.

6.7.7.3 PHC shall create an individual care plan (ICP) for CCS-eligible Members who have been determined high risk through the CalOptima risk stratification process, incorporate the required elements stated in Welfare and Institutions Code, Section 14094.11(c) and APL 18-011, be specific to individual Member needs, and update the ICP at least annually.

6.7.7.4 Provide Person-Centered Planning, case management and coordination of care, to Members eligible for CCS and in collaboration with the Member's parents, custodial parents, legal guardians, or other authorized representatives.

6.7.7.5 Provide information to Members eligible for CCS Services on how to access local family resource centers or family empowerment centers.

6.7.7.6 Allow a Member eligible for CCS Services, or the Member's parents, custodial parents, legal guardians, or other authorized representatives, to request continuing case management and care coordination from their public health nurse within 90 days of transitioning to the Whole Child Model program, in accordance with Welfare and Institutions Code, Section 14094.13(e). If the county public health nurse leaves the CCS Program or is no longer available to provide case management and care coordination, PHC shall transition those services to one of its case managers who has received adequate training on the CCS Program and has clinical experience with the CCS population or pediatric patients with complex medical conditions.

6.7.8 RIGHTS FOR MEMBERS ELIGIBLE FOR CCS ---

6.7.8.1 Effective July 1, 2019, or such later date as Hospital shall begin Participating in the CalOptima Whole Child Model Program, PHC shall provide a mechanism for a Member eligible for CCS Services, or the Member's parents, custodial parents, legal guardians, or other authorized representatives, to request a Specialist or clinic as a Primary Care Provider.

6.7.8.2 Effective July 1, 2019, or such later date as Hospital shall begin Participating in the CalOptima Whole Child Model Program, for Members receiving continuity of care, PHC shall send a written notice 60 days prior to the end of the authorized continuity of care period. The notice shall explain the right to petition PHC for an extension of the continuity of care period, the criteria used to evaluate the petition, and the appeals process if PHC denies the petition.

6.7.8.3 In addition to the Member's right to file a Grievance or request an appeal or State Fair Hearing, effective July 1, 2019, or such later date as Hospital shall begin Participating in the CalOptima Whole Child Model Program, PHC shall also ensure that Members who are eligible for CCS Services, or the Member's parents, custodial parents, legal guardians, or other authorized representatives, may appeal the continuity of care limitations, or the extension of a continuity of care period in accordance with Welfare and Institutions Code, Section 14094.13(i)(1).

6.7.8.4 Effective July 1, 2019, or such later date as Hospital shall begin Participating in the CalOptima Whole Child Model Program, PHC shall also ensure that CCS-eligible Members, or the Members' parents, custodial parents, legal guardians, or other authorized representatives, retain the right to request an Appeal and State Fair Hearing for adverse benefit determinations that involve delay, modification, denial, or discontinuation of CCS Services in accordance with CalOptima Policy.

6.7.8.5 PHC must ensure Members are provided information on grievances, appeals and State Fair Hearing processes as provided under CalOptima policies. CalOptima shall ensure that CCS-Eligible Members enrolled in the CalOptima Whole Child Model Program are provided the same grievance, appeal and State Fair Hearing rights as provided under APL 18-001, and State and Federal law.

6.8 Not Applicable to this Contract.

6.9 Not Applicable to this Contract.

6.10 Not Applicable to this Contract.

6.11 COORDINATION AND CONTINUATION OF CARE --- Hospital in conjunction with and support of Physician shall have systems in place to ensure managed patient care for those services commonly available at Hospital, or that are delegated to Hospital by CalOptima and/or Physician, including at a minimum:

6.11.1 Management and integration of health care, including Covered Services, through a PCP.

6.11.2 Referrals for Medically Necessary specialty, secondary and tertiary Covered Services.

6.11.3 Hospital shall clearly specify referral requirements to Participating Providers and Subcontractors and establish a system to track and monitor services requiring prior authorizations through the Physician.

6.11.4 Hospital shall have a utilization management program that meets guidelines as set forth in CalOptima Policies and is in accordance with the delineation of responsibilities in the Delegation Acknowledgement and Acceptance Agreement.

6.11.5 Systems to assure provision of care in emergency situations, including an education process to help assure that Members know where and how to obtain Medically Necessary Covered Services in emergency situations.

6.11.6 The provision of Case Management Services as set forth in this Contract, CalOptima Policies and in coordination with CalOptima's Case Management program.

6.11.7 Systems for the consideration and approval of standing referrals, in accordance with CalOptima Policy.

6.11.8 PHC shall be responsible for coordinating care of certain services including:

6.11.8.1 Participating Providers providing Pediatric Preventive Services (CHDP) shall document such services on the CMS-1500, UB-04 claim form or electronic equivalent.

6.11.8.2 Participating Providers providing CHDP agree to coordinate with the Orange County CHDP Program as set forth in the CHDP Program pursuant to CalOptima's Pediatric Preventative Services Policy;

6.11.8.3 PHC shall promote education and support systems that increase compliance with the standards for periodicity and content of pediatric health assessments;

6.11.8.4 PHC shall make referrals to the Women, Infants and Children Food Supplementation Program (WIC) in accordance with WIC policies and procedures;

6.11.8.5 PHC shall make referrals for perinatal Members to the PSS program pursuant to CalOptima Policy;

6.11.8.6 PHC shall make referrals to the Regional Center of Orange County (RCOC), as set forth in the RCOC MOU;

6.11.8.7 Not Applicable to this Contract.

6.11.8.8 PHC shall be responsible for Covered Services that are related to dental services but are not provided by a dentist or dental anesthetists. Covered Services required for a dental procedure include but are not limited to: laboratory services, pre-admission physical examinations required for admission to inpatient and outpatient Facility, anesthesia services, and inpatient surgical services and inpatient hospitalization services as provided in CalOptima Policy. Hospital shall develop referral and prior authorization policies and procedures to implement the above requirements. Hospital shall submit these policies to CalOptima for review and approval;

6.11.8.9 Not Applicable to the Contract

6.11.8.10 Mental Health Services. PHC shall provide Care Management Services for the Member's physical health needs and coordinate Covered Services with Specialty Mental Health Providers. This would include the coordination and responsibility for non-mental health services for Members undergoing inpatient psychiatric treatment. CalOptima shall retain financial responsibility for certain mental health psychotherapeutic drugs. PHC shall retain financial responsibility for laboratory tests associated with provision of mental health services, including but not limited to use of psychotropic drugs. PHC shall comply with all responsibilities, policies and procedures as set forth in the HCA/MHP MOU;

6.11.8.11 For Outpatient Mental Health Services, PHC shall refer Members to the CalOptima Behavioral Health for mild to moderate mental health conditions and the Administrative Service Organization (ASO) for Specialty Mental Health services.

6.11.8.11.1 To access mild to moderate Outpatient Mental Health Services that are outside the PCP’s scope of practice, Hospital in conjunction with and support of

Physician shall refer Members to CalOptima's mental health contracted provider through CalOptima Behavioral Health. Members requiring alcohol and or substance use disorder treatment should be referred to the Orange County Drug Medi-Cal Organized Delivery System (DMC-ODS).

6.11.8.12 For outpatient Specialty Mental Health Services, Hospital in conjunction with and support of Physician shall refer Members to the Administrative Service Organization (ASO) contracted by Orange County to provide assessment, referral and authorization services for Specialty Mental Health Services.

6.11.8.12.1 Hospital in conjunction with and support of Physician shall provide Care Management Services for the Member's physical health needs and coordinate Covered Services with Specialty Mental Health Providers. DHCS retains financial responsibility for certain mental health psychotherapeutic drugs. Physician shall retain financial responsibility for laboratory tests associated with provision of mental health services, including but not limited to use of psychotropic drugs. Hospital and Physician shall comply with all responsibilities, policies and procedures as set forth in the HCA/MHP MOU; and

6.11.8.12.2 Hospital in conjunction with and support of Physician shall arrange and coordinate Medically Necessary Covered Services, including referral of Members requiring alcohol and drug treatment to Orange County DMC-ODS. Members requiring outpatient heroin detoxification shall be referred to appropriate Providers.

6.11.9 To the extent that the Hospital is responsible for, or in conjunction with and support of Physician is responsible for the coordination of care for Members, CalOptima shall share with Hospital, in accordance with Section 14.12, any utilization data that DHCS has provided to CalOptima, and Hospital shall receive the utilization data provided by CalOptima and use it as the Hospital is able for the purpose of Member care coordination.

6.12 RESEARCH --- Hospital agrees to participate in and make data available for research projects initiated or approved by CalOptima.

6.13 ADVANCE DIRECTIVES --- Hospital shall maintain written policies and procedures related to Advanced Directives in compliance with current State law. Hospital shall not discriminate against any Member on the basis of that Member's Advance Directive status.

6.14 MEMBER VISITS --- Hospital shall ensure that Subcontracting health facilities licensed pursuant to Health and Safety Code Section 1250 permit a Member at Member's choice to be visited by a Member's domestic partner, the children of a Member's domestic partner, and the domestic partner of the Member's parent or children. Hospital shall include the requirement of this Section in its Subcontracts with such health facilities.

6.15 DHCS DIRECTIONS --- If required by DHCS, Hospital and its Subcontractors shall cease specified activities, which may include, but are not limited to, referrals, assignment of beneficiaries, and reporting, until further notice from DHCS.

ARTICLE 7
Obligations of Hospital – Reporting

7.1. DATA REPORTING REQUIREMENTS --- Hospital shall comply with the data reporting requirements set forth in this Contract, including but not limited to the requirements specified in Standard Reporting Requirements set forth in CalOptima Policies and Guidelines referred to as the Timely and Appropriate Submission Requirements. Hospital shall provide such additional data and modify the form, content, instructions and timetables for the collection and reporting of data as may be required by CalOptima Policies. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

7.2. ENCOUNTER REPORTING --- Hospital shall submit to CalOptima complete, accurate, reasonable and timely encounter data (a) needed by CalOptima in order for CalOptima to meet its encounter data reporting requirements to DHCS, and/or (b) required by CalOptima and CalOptima's Regulators as provided in this Contract and in CalOptima Policies. Hospital shall submit encounter data pursuant to standards defined by CalOptima Policies. Upon first receiving member assignments; or changing management companies, business systems, clearinghouse vendors, and/or contractual model; Hospital shall begin encounter data file testing within sixty (60) days and complete testing within ninety (90) days. Hospital shall be subject to financial penalties and/or sanctions if CalOptima determines that Hospital is reporting to CalOptima less than all facility encounters in the CalOptima required format and timelines. Hospital shall have twelve (12) calendar days, upon notification by CalOptima, to correct encounters rejected by CalOptima's regulatory agencies, including the Department of Health Care Services (DHCS) and Centers for Medicare and Medicaid Services (CMS). Financial penalties or sanctions shall be assessed upon Hospital should CalOptima determine that Hospital is not meeting the standards as defined in CalOptima Policies. This provision shall survive the expiration or termination of this Contract, whether with or without cause, by rescission or otherwise, as to all Covered Services provided under this Contract prior to termination.

7.3 ANNUAL AUDIT AND FINANCIAL REPORTING REQUIREMENTS --- Hospital agrees to provide the results of Hospital's and its Parent corporation's (where applicable) annual audited financial statements, including "Letters to Management", if requested, for the prior calendar or fiscal year within one hundred-twenty (120) calendar days of the completion of that year. Financial statements shall be presented in a form specified by CalOptima that clearly shows the financial position of Hospital as related to Members. Hospital shall allow representatives of CalOptima, upon written request, to verify the financial report. Whenever audited Statements are required, Hospital may submit its parent company's Financial Statement, if audited Financial Statements are not prepared at Hospital level.

7.4 PARTICIPATING PROVIDER CONTRACTS --- Hospital shall provide to CalOptima copies of all contract templates utilized with Participating Providers. Upon modification, change or replacement by Hospital, Hospital shall provide CalOptima with copies of current contract templates. In addition, upon request from CalOptima or DHCS, Hospital shall provide copies of any Subcontract entered into or amended for purposes of fulfilling Hospital's obligations under this Contract.

7.5 DISCLOSURE --- PHC, Hospital and any Subcontractors shall make available to CalOptima, CalOptima's authorized agents, and appropriate representatives of the State and federal government any of its Hospital's or Subcontractor's financial records related to Hospital's capacity to bear the risk of potential financial losses, or to the Covered Services performed and amounts paid or payable under this Contract. CalOptima recognizes the proprietary nature of this information and shall make all assurances to maintain its confidentiality in accordance with the California Public Records Act.

7.6 REPORTING UNAUTHORIZED DISCLOSURE OF PRIVATE MEMBER INFORMATION --- In the event that Hospital, or any of its officers, employees, agents, or Subcontractors, becomes aware of the unauthorized disclosure of confidential Member information, as described in California Welfare and Institutions Code Section 14100.2, or of "personal information," within the meaning of California Civil Code Section 1798.3, Hospital shall report said unauthorized disclosure to CalOptima's Privacy Officer immediately upon discovery of said disclosure, providing information on the information disclosed and how the disclosure occurred. For purposes of this Section, "unauthorized disclosure" includes any unauthorized access, whether such access was through inadvertence, mistake, theft, or other means, and whether or not Hospital had reasonable control to avoid the disclosure.

7.7 PROVIDER DATA – Hospital shall submit to CalOptima complete, accurate, reasonable, and timely provider data and other data and reports (a) needed by CalOptima in order for CalOptima to meets its reporting requirements to DHCS, and/or (b) required by CalOptima and CalOptima's Regulators as provided in this Contract and in CalOptima Policies.

7.8 REPORTS AND DATA --- In addition to any reporting obligations under this Contract, Hospital shall submit reports and data relating to services covered under this Contract as required by CalOptima, in a form and manner specified by CalOptima, including, without limitations, for purposes of complying with requests for reports and data from CalOptima's Regulators to CalOptima.

7.9 CERTIFICATION OF DOCUMENT AND DATA SUBMISSIONS --- All data, information, and documentation provided by Hospital to CalOptima pursuant to this Contract and/or CalOptima Policies, which are specified in 42 CFR § 438.604 and/or as otherwise required by CalOptima and/or CalOptima's Regulators, shall be accompanied by a certification statement on the Hospital's letterhead signed by the Hospital's Chief Executive Officer or Chief Financial Officer (or an individual who reports directly to and has delegated authority to sign for such Officer) attesting that based on the best information, knowledge, and belief, the data, documentation, and information is accurate, complete, and truthful.

ARTICLE 8
Obligations of Hospital – Termination

8.1 OBLIGATION UPON TERMINATION --- Upon termination of this Contract, it is understood and agreed that Hospital shall continue to provide authorized Covered Services to Members who retain eligibility and who are under the care of Hospital at the time of such termination, until the services being rendered to Members are completed, unless CalOptima, in its sole discretion, makes reasonable and medically appropriate provisions for the assumption of such services. For Covered Services provided following the month in which Hospital received Capitation Payment and termination occurred, Hospital shall be paid according to the current contracted Hospital fee-for-service rates.

8.2 TERMINATION AND TRANSFER OF CARE --- Prior to the termination or expiration of this Contract, including termination due to termination or expiration of CalOptima's State Contract, and upon request by DHCS or CalOptima to assist in the orderly transfer of Members' medical care and all necessary data and history records to DHCS or a successor State contractor, the Hospital shall make available to DHCS and/or CalOptima copies of medical records, patient files, and any other pertinent information, including information maintained by any Subcontractor necessary for efficient case management of Members, and the preservation, to the extent possible, of Member-Provider relationships. Costs of reproduction shall be borne by DHCS and CalOptima, as applicable.

8.2.1 Hospital agrees to assist CalOptima in the transfer of care in the event of any Subcontract termination for any reason. Costs of reproduction shall be borne by Hospital.

8.3 TERMINATION PLANS --- Hospital shall have a plan for the orderly termination of services under this Contract. Hospital shall submit a plan regarding coordination of care and payment of claims to CalOptima at least 60 days prior to expiration or

termination of this Contract. The termination plan shall require the written approval of CalOptima.

8.4 APPROVAL BY AND NOTICE TO DHCS --- Hospital acknowledges that this Contract and any modifications and/or amendments thereto are subject to the approval of DHCS. CalOptima and Hospital shall notify DHCS of amendments to, or termination of, this Contract. Notice is considered given when properly addressed and deposited in the United States Postal Service as first-class registered mail, postage attached. Hospital acknowledges and agrees that any amendments or modifications shall be consistent with the requirements relating to submission to DHCS for approval.

8.4.1 Notice to the Department of Managed Health Care. In addition, Hospital shall notify the Department of Managed Health Care in the event that this Contract is amended or terminated.

ARTICLE 9
Obligations of CalOptima – Financial

9.1 PAYMENT OF CAPITATION ---

9.1.1 Capitation Payment - Capitation Payment shall be determined by CalOptima by multiplying the Capitation Rate set forth in Attachment E, by the number of Members enrolled with Hospital, by age, gender and Aid Code.

9.1.2 Capitation Payment Schedule - CalOptima agrees to pay Capitation Payment to Hospital on or about the fifteenth (15^{th}) of the month for enrolled Member. Capitation Rates shall be daily pro-rated basis based upon the Member's effective date of enrollment with Hospital.

9.1.3 Capitation Payment Withhold - CalOptima shall withhold from Hospital an amount equal to [redacted] of the monthly Capitation Payment (Withhold). CalOptima may adjust Hospital's Capitation Payment on a quarterly basis should the Withhold fall below [redacted] of Hospital's current month Capitation Payment. CalOptima may increase this withhold rate in accordance with CalOptima Policy.

9.2 CAPITATION RATE ADJUSTMENTS --- The Capitation Rates may be adjusted by CalOptima during the Contract term to reflect implementation of State or federal laws or regulations, changes in the State budget, the State Contract or DHCS policy, and/or changes in Covered Services. Reimbursement is subject to the DHCS providing funds for the purposes of this Contract. Payment adjustments made by DHCS and/or CMS may be reflected in payments to the Hospital. If the State has provided CalOptima with advance notice of adjustment, CalOptima shall provide notice thereof to Hospital as soon as practicable. Capitation may also be adjusted

in the event of de-delegation of any function delegated under this Contract or Delegation Agreement.

9.3 PAYMENTS FOR PERSONS WITH AIDS --- CalOptima shall pay a supplemental capitation rate, and Hospital shall provide services to Members with a confirmed diagnosis of Acquired Immune Deficiency Syndrome (AIDS) in accordance with CalOptima Policy.

9.4 OVERPAYMENTS AND CALOPTIMA RIGHT TO RECOVER --- Hospital has an obligation to report any overpayment identified by Hospital, and to repay such overpayment to CalOptima within sixty (60) days of such identification by Hospital, or of receipt of notice of an overpayment identified by CalOptima. Hospital acknowledges and agrees that, in the event that CalOptima determines that an amount has been overpaid or paid in duplicate, or that funds were paid which were not due under this Contract to Hospital, CalOptima shall have the right to recover such amounts from Hospital by recoupment or offset from current or future amounts due from CalOptima to Hospital, after giving Hospital notice and an opportunity to return/pay such amounts. This right to recoupment or offset shall extend to any amounts due from Hospital to CalOptima, including, but not limited to, amounts due because of:

9.4.1 Payments made under this Contract that are subsequently determined to have been paid at a rate that exceeds the payment required under this Contract.
9.4.2 Payments made for services provided to a Member that is subsequently determined to have not been eligible on the date of service.
9.4.3 Unpaid Conlan reimbursements owed by Hospital to a Member.
9.4.4 Capitation payments made in relation to a Member for a period after the Member was deceased.
9.4.5 In the event that DHCS or CMS establishes a Medicaid Medical Loss Ratio methodology that takes into account sub-capitated providers non-medical costs, amounts recovered from CalOptima by DHCS or CMS for failure to meet such MLR requirements, to the extent attributable to Hospital's capitation
9.4.6 Payments made by CalOptima that are the financial responsibility of Hospital.

In addition, in the event of termination of the Health Network, or the transition of the Health Network to a different delegation model, CalOptima shall have the right to offset any unpaid claims that are the financial responsibility of Hospital paid by CalOptima against any funds owed to Hospital by CalOptima, including, but not limited to, capitation payments, financial security withholds, pay-for-performance amounts, quality incentives, and shared risk pool surpluses.

9.5 ADDITIONAL PAYMENT --- CalOptima reserves the right to pay Providers or Hospital additional sums in any manner that CalOptima deems at its discretion to be beneficial for CalOptima's Members.

9.6 LIMITATION ON CALOPTIMA'S PAYMENT OBLIGATIONS --- Notwithstanding anything to the contrary contained in this Contract, CalOptima's obligation to pay Hospital any Capitation Payment shall be subject to CalOptima's receipt of funding from the State.

9.7 DISPUTES --- Any and all disputes related to payments and/or enrollments shall be reported to CalOptima within ninety (90) calendar days of payment, and each dispute shall be clearly defined and include supporting documentation. Failure to dispute within the established time frame indicates acceptance by Hospital.

9.8 BONE MARROW AND ORGAN TRANSPLANTATION --- In the event that a Health Network Member is actively listed on a DHCS-certified transplant provider list, then the Member will be disenrolled in the Health Network and enrolled in CalOptima Direct pursuant to CalOptima Policy. For Bone Marrow transplants, Members will be enrolled in CalOptima Direct upon referral to a designated transplant center for a qualifying diagnosis pursuant to CalOptima Policy. Except as provided herein, Hospital is responsible for all Covered Services provided to Member until such Member is enrolled as a COD Member.

9.9 PAYMENT FOR TRANSPLANT EVALUATION --- For Members receiving transplant evaluation services, at a designated DHCS-approved transplant center for the specific transplant type being requested, payment or reimbursement shall be in accordance with CalOptima Policy.

9.10 ADULT MEMBERS DIAGNOSED WITH HEMOPHILIA --- In the event that an adult (age 21+ years) Health Network Member is actively diagnosed as a hemophilia patient, then on the first of the following month following diagnosis and notification of CalOptima, then the adult Member will be disenrolled from the Health Network and enrolled in CalOptima Direct pursuant to CalOptima Policy. Except as provided herein, Hospital is responsible for all Covered Services provided to Member until such Member is enrolled as a COD Member.

9.11 ADULT MEMBERS DIAGNOSED WITH END STAGE RENAL DISEASE (ESRD) --- In the event that an adult (age 21+ years) Member assigned to PHC is actively diagnosed as an ESRD patient then on first of the month following submission and acceptance of the CMS-2728 – US to the CalOptima Finance Department the adult member will be disenrolled with PHC and enrolled in CalOptima Direct pursuant to CalOptima Policy. Except as provided herein, PHC is responsible for all Covered Services provided to Member until such Member is enrolled as a COD Member.

9.12 FALSE CLAIMS ACT POLICY --- Providers receiving more than five (5) million dollars in a year are required to have a policy to educate employees about the False Claims Act and other State and Federal laws.

ARTICLE 10
Obligations of CalOptima – Administrative

10.1 FINANCIAL SECURITY REQUIREMENTS --- CalOptima shall designate amounts of funds Hospital shall establish and maintain as financial security reserves. CalOptima shall identify in CalOptima Policies those financial instruments that shall be acceptable means for purposes of complying with financial security requirements. On a quarterly basis, CalOptima will calculate the minimum required financial security reserves and communicate in writing to the Hospital any material deficits.

10.2 Not Applicable to this Contract.

10.3 ENCOUNTER DATA AUDIT --- On an annual basis, CalOptima shall conduct an Encounter audit. The audit shall consist of CalOptima requesting a percentage of each Hospital's Member Medical Records. These records shall be reviewed for services provided. These services shall then be compared to reported Encounters to determine if the Hospital accurately reported all Encounters.

10.4 APPROVED DRUG LIST --- CalOptima shall publish and maintain an Approved Drug List pursuant to CalOptima Policies.

10.5 REVIEW OF OFF-APPROVED DRUG LIST PRESCRIPTIONS --- CalOptima shall review off-Approved Drug List prescriptions in a timely manner pursuant to CalOptima Policies.

10.6 POLICIES AND PROCEDURES AVAILABILITY--- CalOptima shall provide or make available for Hospital copies of current CalOptima Policies relevant to the provisions of this Contract. Copies of current CalOptima Policies relevant to the provisions of this Contract may be provided by the distribution of hard-copy documents, electronic files and/or documents and/or on the CalOptima website.

10.7 MOU AVAILABILITY--- CalOptima shall provide or make available for Hospital copies of current MOUs entered into by CalOptima that are binding on Hospital. Copies of current MOUs entered into by CalOptima that are binding on Hospital may be provided by the distribution of hard-copy documents, electronic files and/or documents and/or on the CalOptima website.

10.8 INTERPRETATION OF MOUs --- CalOptima shall provide or make available for Hospital interpretation of MOUs entered into by CalOptima that are binding on Hospital. Interpretation of MOUs will identify duties, obligation and responsibilities of Hospital.

10.9 RELEASE OF PERFORMANCE INFORMATION AND DATA --- Hospital acknowledges and agrees that CalOptima may release to Providers, Members and others without further notice to Hospital, information and data relating to the performance of Hospital and PHC that CalOptima determines among other things would contribute to Providers', Members' and others' evaluation of options and alternatives and/or making informed selections and decisions regarding health care and the provision of Covered Services.

10.10 PROVIDER COMPLAINT SYSTEM --- CalOptima has established a fast, fair and cost-effective complaint system for provider complaints, grievances and appeals. Provider, including Hospital shall have access to this system for any issues arising under this Contract, as provided in CalOptima Policy related to the CalOptima Medi-Cal Program. Hospital complaints, grievances, appeals, or other disputes regarding any issues arising under the Contract shall be resolved through this system.

10.11 RISK ARRANGEMENTS DISCLOSURE --- CalOptima shall provide timely notice regarding those items provided for under Subsections (a)(1) through (a)(3) of Section 1300.75.4.1 of Title 28 of the California Code of Regulations.

10.12 DISCLOSURES –

10.12.1 ANNUAL FINANCIAL RISK DISCLOSURE – On the Contract anniversary date each year, CalOptima shall disclose to Hospital the financial risk assumed under the Contract by providing to Hospital the following information for each and every type of Risk Arrangement (including, but not limited to, Medicare Advantage, Medi-Cal, commercial, point of service, small group, and individual plans) covered under this Contract:

10.12.1.1 A division of responsibility for medical expenses (physician, institutional, ancillary, and pharmacy) which will be allocated to Hospital, a hospital(s) or CalOptima under the Risk Arrangement.

10.12.1.2 Expected/projected utilization rates and unit costs for each major expense service group (inpatient, outpatient, PCP, specialist, pharmacy, injectables, home health, durable medical equipment, ambulance and other), as well as the source of the data and the actuarial methods employed in determining the utilization rates and unit costs by each and every type of Risk Arrangement.

10.12.1.3 All factors used to adjust payments or risk-sharing targets, including, but not limited to, the following: age, sex, localized geographic area, family size, experience rated, and benefit plan design, including copayment/deductible levels.

10.12.1.4 The amount of payment for each and every service to be provided under the Contract, including any fee schedules or other factors or units used in determining the fees for each and every service. To the extent that reimbursement is made pursuant to a specified fee schedule, the fee schedule shall be incorporated into the Contract by reference, and shall specify Medicare resource-based relative value scale (“RBRVS”) year if RBRVS is the methodology for the fee schedule development. For any proprietary fee schedule, the Contract shall include

sufficient detail that payment amounts related to that fee schedule can be accurately predicted.

10.12.2 ANNUAL DISCLOSURE OF CAPITATION PAYMENTS – On the Contract anniversary date each year, CalOptima shall disclose to Hospital the amount of capitation payments to be paid per member per month.

10.12.3 CAPITATION DEDUCTION DETAIL – CalOptima shall provide to Hospital sufficient details to allow Hospital to verify the accuracy and appropriateness of any deductions from capitation payments made by CalOptima including, but not limited to, member name, member number, member date-of-birth, billing provider name, date-of-service, procedure/service codes billed, and amount paid.

ARTICLE 11
Obligations of CalOptima – Termination

11.1 MEMBER AND PROVIDER COMMUNICATION --- CalOptima shall approve all Hospital, Member and provider communications relating to termination of this Contract, prior to distribution.

11.2 APPROVAL OF HEALTH NETWORK TERMINATION PLANS --- CalOptima shall review and approve Hospital termination plans at intervals and frequencies established by CalOptima Policies.

11.3 RELEASE OF WITHHOLD --- CalOptima shall release Hospital's capitation withhold to Hospital upon the latter of nine (9) months following the termination, or upon CalOptima's validation of completion by Hospital of all post-termination requirements contained in this Contract and CalOptima Policy. In the event that all post-termination requirements have not been met within nine (9) months following termination, CalOptima may, at its sole discretion, apply Hospital's capitation withhold funds to satisfy unmet post-termination requirements.

11.4 RELEASE OF FINANCIAL SECURITY REQUIREMENT DEPOSITS --- CalOptima shall release to Hospital financial security requirement deposits no less than six (6) months following the termination of this Contract unless termination is the result of Hospital insolvency. CalOptima shall release to Hospital financial security requirement deposits no less than twelve (12) months following the termination of this Contract if termination is the result of Hospital insolvency.

ARTICLE 12
Health Care Delivery System

12.1 OUT-OF-COUNTY SERVICES --- Hospital may contract with out-of-county facilities for Covered Services for CalOptima Members provided that the Health Network ensures that it coordinates the Member's care and complies with all access, quality and other CalOptima requirements.

ARTICLE 13
Termination and Modification of Contract Terms

13.1 SANCTIONS AND TERMINATIONS FOR CAUSE --- If Hospital fails to fulfill any of its duties and obligations under this Contract, including but not limited to: (i) committing acts to discriminate among Members on the basis of their health status or requirements for health care services; (ii) engaging in any practice that would reasonably be expected to have the effect of denying or discouraging enrollment with the PHC in which Hospital participates by Members whose medical condition or history indicated a need for substantial future medical services; (iii) not providing Covered Services in the scope or manner required under the provisions of this Contract; (iv) engaging in prohibited marketing activities; (v) failing to comply with CalOptima's Compliance Program, including Participation Status requirements; (vi) failing to meet financial security requirements; (vii) committing fraud or abuse relating to Covered Services or any and all obligations, duties and responsibilities under this Contract; (viii) not having the required amounts and types of financial reserves; (ix) failure to meet Medical Loss Ratio requirements; (x) failure to meet minimum enrollment requirements; (xi) failure to meet quality and/or performance requirements; (xii) failure to submit Encounter Data pursuant to this Contract and CalOptima Policy; and (xiii) a failure to perform an obligation or duty under the Prior Contract and/or failure to take corrective action related to any such obligation or duty in the time or manner required by CalOptima. CalOptima may take any of the actions described below:

13.1.1 Corrective Action Plan (CAP) - CalOptima may require a CAP in the event that any report, audit, survey, site review or investigation indicates that the Hospital or any Subcontractor(s) is not in compliance with any provision of this Contract or other Medi-Cal program requirement. A CAP shall be required if CalOptima receives a substantiated complaint or grievance related to the standard of care provided by the Hospital or any Subcontractors. CalOptima shall issue a written notice of deficiency and shall require a CAP to be submitted within thirty (30) calendar days following the date of notice unless otherwise stated. The CAP shall include the time and manner in which the deficiency shall be corrected. CAPs are subject to approval by CalOptima, which may be approved as submitted, accepted with specific modifications, or rejected. CalOptima may extend or reduce the time allowed for completion of the CAP.

13.1.2 General Sanctions - Notwithstanding any request for a CAP, CalOptima may impose monetary penalties, suspend enrollment, reduce maximum enrollment, or impose other sanctions when the Hospital is not in compliance with the provisions of this Contract, CalOptima Policies and minimum performance requirements as established by CalOptima.

13.1.2.1 All monetary fines are payable to CalOptima within thirty (30) calendar days of receipt of written notice, unless otherwise stated in the notice. Failure to submit payment to CalOptima for

any monetary fines within the thirty (30) calendar day period shall result in CalOptima deducting the penalty plus the administrative fee from the Hospital's Capitation Payment.

13.1.2.2 Hospital may appeal CalOptima's decision to impose a sanction, by filing a complaint pursuant to CalOptima Policies. Hospital shall exhaust this administrative remedy, including requesting a hearing according to the Policy, before commencing a civil action.

13.1.3 Termination for Cause - Notwithstanding and in addition to any other provisions of this Contract, CalOptima may terminate this Contract for cause effective upon thirty (30) calendar days' written notice. Cause shall include, but shall not be limited to, the actions set forth in Section 13.1. Hospital may appeal CalOptima's decision to terminate the Contract for cause by filing a complaint pursuant to CalOptima Policies. Hospital shall exhaust all administrative remedies before commencing any civil action.

13.1.3.1 In the event of a "Termination for Cause" as provided by this Section, CalOptima may procure, upon such terms and in such manner as it shall deem appropriate, supplies or services similar to those terminated. Hospital shall be liable to CalOptima for any excess costs for the provision of such similar supplies or services. In addition, Hospital shall be liable to CalOptima for administrative costs or other damages incurred by CalOptima in procuring such similar supplies or services. CalOptima shall also charge an administrative fee when paying a claim on behalf of Hospital.

13.1.3.2 CalOptima's rights and remedies provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or this Contract.

13.2 TERMINATION FOR INSUFFICIENT CALOPTIMA MEDI-CAL ENROLLMENT --- CalOptima reserves the right in accordance with CalOptima Policies to terminate the Hospital in the event that membership in the PHC in which Hospital participates falls below five thousand (5,000) total members at any time based upon three (3) month rolling average of Hospital's membership.

13.3 TERMINATION FOR FAILURE TO MEET QUALITY REQUIREMENTS --- CalOptima may terminate this Contract immediately should Hospital fail to comply with or fail to be in compliance with quality requirements as may be established and modified from time to time by CalOptima and/or DHCS.

13.4 TERMINATION FOR FAILURE TO MEET MEDICAL LOSS RATIO REQUIREMENTS --- CalOptima may terminate this Contract with thirty (30) days written notice should Hospital fail to comply with or be in compliance with medical loss ratio requirements established in this Contract and CalOptima Policies.

13.5 TERMINATION OF STATE CONTRACT --- CalOptima may terminate this Contract immediately upon termination of the State Contract.

13.6 TERMINATION UPON LOSS OF WAIVER --- This Contract shall terminate immediately upon written notice from CalOptima to Hospital that HHS has withdrawn its approval of the waiver granted under Section 1915(b) of the Social Security Act for COHS.

13.7 TERMINATION OR SANCTION FOR TERMINATION OR SANCTION OF THE PHC PARTNER --- This Contract shall terminate upon the termination of the Contract of the other party in the PHC. Notification of termination to any party in the PHC shall constitute notification of termination to all parties in the PHC. CalOptima may apply sanctions pursuant to this Contract and CalOptima Policies to all parties in the PHC independent of the party in the PHC whose action(s) caused sanctions to be applied by CalOptima.

13.8 TERMINATION FOR CONVENIENCE --- Either party may terminate the Contract for convenience, without cause, by giving one hundred twenty (120) calendar days advance written notice to the other party prior to the effective date of such termination.

13.9 TERMINATION FOR HOSPITAL INSOLVENCY --- If Hospital becomes insolvent, Hospital shall immediately advise CalOptima, and CalOptima shall have the right to terminate the Contract upon the same terms and conditions as a "Termination for Cause", set forth in Section 13.1.

In the event of the filing of a petition for bankruptcy by or against Hospital or a principal Subcontractor, Hospital shall assure that all Hospital's functions and duties related to the Subcontract are performed in accordance with the terms of the Contract. CalOptima shall have the right to withhold any and all amounts otherwise due to Hospital until Hospital fully discharges its obligations under the Contract. CalOptima shall also have the immediate right of offset by permanently retaining any and all withheld amounts as necessary to ensure that all Hospital obligations have been met.

13.10 TERMINATION BY HOSPITAL FOR CAUSE --- Provided that Hospital is not in default hereunder, Hospital may terminate this Contract for cause upon thirty (30) calendar days' prior written notice to CalOptima. Cause shall mean CalOptima's failure for a period of thirty (30) calendar days to pay the Capitation Payment due to Hospital under this Contract. Termination shall be effective at the end of the thirty (30) calendar day notice period, unless CalOptima pays to Hospital any such past due payments.

13.11 MODIFICATIONS OR TERMINATIONS TO COMPLY WITH LAW --- CalOptima reserves the right to modify or terminate the Contract at any time when modifications or terminations are (a) mandated by changes in Federal or State laws, (b) required by the State Contracts, or (c) required by changes in any requirements

and conditions with which CalOptima must comply pursuant to its Federally-approved Section 1915(b) waiver. CalOptima shall notify Hospital in writing of such modification or termination immediately and in accordance with applicable Federal and/or State requirements and Hospital shall comply with the new requirements within 30 days of the effective date, unless otherwise instructed by DHCS and to the extent possible.

13.12 PERFORMANCE MEASURE AND PAYMENTS TO HOSPITAL --- CalOptima may establish key performance measures of Hospital to set minimum contract performance thresholds and/or pay financial incentives to Health Networks. CalOptima may take the following actions, at its sole discretion, based upon the results of such performance measures: require corrective action plans, impose sanctions against Hospital, terminate this Contract, and establish Capitation Rates and other payments to Hospital.

13.13 PROHIBITION ON USE OF CERTAIN PROVIDERS --- Hospital agrees as follows:

13.13.1 CalOptima reserves the right to require Hospital, upon notification from CalOptima, to prohibit any Subcontractor and/or Provider from providing services, whether Covered Services or otherwise, to Members when CalOptima deems such prohibition to be in the best interests of the Members. Imposition of the foregoing prohibition shall not terminate this Contract.

13.13.2 CalOptima requires that Hospital Participating Providers and/or Subcontractors who do not meet all of Minimum Standards as described in applicable CalOptima Policies, be prohibited from furnishing items or services and/or submitting claims and/or receiving reimbursement for items and/or services furnished to Members. CalOptima may also require that Hospital terminate a Participating Provider's right to furnish items or services and/or submit claims and/or receive reimbursement for items and/or services furnished to Members based on the denial of such Participating Provider's right to participate in CalOptima Direct whether based on a credentialing, recredentialing and/or peer review decision.

13.14 NOTICE OF NON-RENEWAL --- In order for CalOptima to facilitate Member transition to other Health Networks, Hospital shall provide CalOptima with an advance notice of non-renewal of the Contract in accordance with Section 13.8 prior to the end date of the Contract term in the event Hospital elects not to participate in any extension period or new contract term.

13.15 Not Applicable to this Contract.

13.16 EXTENSION, RENEWAL, OR MODIFICATION --- Any extension, renewal, or modification of this Contract shall be made by written amendment signed by the parties, upon formal approval by CalOptima Board of Directors, and in accordance with Section 8.4 of this Contract.

ARTICLE 14
Miscellaneous

14.1 INTERPRETATION OF CONTRACT LANGUAGE --- CalOptima has the right to final interpretation of the Contract language when disputes arise. Hospital has the right to appeal disputes concerning Contract language to CalOptima.

14.2 INDEPENDENT CAPACITY OF HOSPITAL --- CalOptima and Hospital agree that Hospital and any agents or employees of Hospital, in performance of this Contract, shall act in an independent capacity, and not as officers or employees of CalOptima.

14.3 NO WAIVER OF IMMUNITY OR PRIVILEGE --- Any information delivered, exchanged or otherwise provided hereunder shall be delivered, exchanged or otherwise provided in a manner, which does not constitute a waiver of immunity or privilege under applicable law.

14.4 OMISSIONS --- In the event that either party hereto discovers any material omission in the provisions of this Contract which such party believes is essential to the successful performance of this Contract, said party may so inform the other party in writing, and the parties hereto shall thereafter promptly negotiate in good faith with respect to such matters for the purpose of making such reasonable adjustments as may be necessary to perform the objectives of this Contract.

14.5 GOVERNING LAW AND VENUE --- This Contract shall be governed by and construed in accordance with all laws and applicable regulations governing the State Contract between CalOptima and DHCS. Hospital shall be required to bring all legal proceedings against CalOptima in State courts located in Orange County, California, unless mandated by law to be brought in federal court, in which case such legal proceeding shall be brought in the Central District Court of California.

14.6 WAIVER --- No delay or failure by either party hereto to exercise any right or power accruing upon non-compliance or default by the other party with respect to any of the terms of this Contract shall impair such right or power or be construed to be a waiver thereof. A waiver by either of the parties hereto of a breach of any of the covenants, conditions, or agreements to be performed by the other shall not be construed to be a waiver of any succeeding breach thereof or of any other covenant, condition, or agreement herein contained.

14.7 SEVERABILITY --- If any provision of this Contract is declared or found to be illegal, unenforceable, invalid or void, then both parties shall be relieved of all obligations arising under such provision; but if such provision does not relate to payments or services to Members and if the remainder of this Contract shall not be affected by such declaration or finding, then each provision not so affected shall be enforced to the fullest extent permitted by law.

14.8 FORCE MAJEURE --- Both parties shall be excused from performance hereunder for any period that they are prevented from meeting the terms of this Contract as a

result of a catastrophic occurrence or natural disaster, including, but not limited to, an act of war and excluding labor disputes.

14.9 HEADINGS --- The article and section headings used herein are for reference and convenience only and shall not enter into the interpretation hereof.

14.10 ASSIGNMENT OR DELEGATION --- Hospital agrees that the assignment or delegation of this Contract or Subcontract, either in whole or in part, will be void unless prior written approval is obtained from DHCS and CalOptima, as applicable, provided that approval may be withheld in their sole and absolute discretion. For purposes of this Section, and with respect to this Contract and any Subcontracts, as applicable, an assignment constitutes any of the following: (i) the change of more than twenty-five percent (25%) of the ownership or equity interest in Hospital or Subcontractor (whether in a single transaction or in a series of transactions); (ii) the change of more than twenty-five percent (25%) of the directors or trustees of Hospital or Subcontractor; (iii) the merger, reorganization, or consolidation of Hospital or Subcontractor with another entity with respect to which Hospital is not the surviving entity; and/or (iv) a change in the management of Hospital or Subcontractor from management by persons appointed, elected or otherwise selected by the governing body of Hospital or Subcontractor (e.g., the Board of Directors) to a third-party management person, company, group, team or other entity.

14.11 NO LIABILITY OF COUNTY OF ORANGE --- As required under Ordinance No. 3896, as amended, of the County of Orange, State of California, CalOptima and the Hospital hereby acknowledge and agree that the obligations of CalOptima under this Contract are solely the obligations of CalOptima, and the County of Orange, State of California, shall have no obligation or liability therefore.

14.12 CONFIDENTIALITY OF RECORDS --- As a condition of access to any record utilized or maintained by DHCS, the Declaration of Confidentiality, a copy of which is incorporated into this Contract as Attachment D, shall be signed and filed with DHCS for every individual prior to that individual being allowed access to computer files or any other data or files which are made confidential by statute, including identification of individual Members.

14.13 DEBARMENT CERTIFICATION --- By signing this Contract, the Hospital agrees to comply with applicable Federal suspension and debarment regulations including, but not limited to 7 CFR 3017, 45 CFR 76, 40 CFR 32, or 34 CFR 85.

14.13.1 By signing this Contract, the Hospital certifies to the best of its knowledge and belief, that it and its principals:

14.13.1.1 Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;

14.13.1.2 Have not within a three-year period preceding this Contract have been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

14.13.1.3 Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in this Section herein; and

14.13.1.4 Have not within a three-year period preceding this Contract had one or more public transactions (Federal, State or local) terminated for cause or default.

14.13.1.5 Shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under Federal regulations (i.e., 48 CFR 9, subpart 9.4), debarred, suspended, declared ineligible, or voluntarily excluded from participation in such transaction, unless authorized by the State.

14.13.1.6 Will include a clause entitled, "Debarment and Suspension Certification'' that essentially sets forth the provisions herein, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

14.13.2 If the Hospital is unable to certify to any of the statements in this certification, the Hospital shall submit an explanation to CalOptima.

14.13.3 The terms and definitions herein have the meanings set out in the Definitions and Coverage sections of the rules implementing Federal Executive Order 12549.

14.13.4 If the Hospital knowingly violates this certification, in addition to other remedies available to the Federal Government, CalOptima may terminate this Contract for cause or default.

14.14 SMOKE FREE WORKPLACE --- Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by federal programs either directly or through state or local governments, by federal grant, contract, loan, or loan guarantee. The law also

applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such federal funds. The law does not apply to children's services provided in private residences; portions of facilities used for inpatient drug or alcohol treatment; service providers whose sole source of applicable federal funds is Medicare or Medicaid; or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1,000 for each violation and/or the imposition of an administrative compliance order on the responsible party. By signing this Contract, Hospital certifies that it will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act. The prohibitions herein are effective December 26, 1994. Hospital further agrees that it will insert this certification into any subcontracts entered into that provide for children's services as described in the Act.

14.15 AIR OR WATER POLLUTION REQUIREMENTS--Any federally funded agreement and/or subcontract in excess of $100,000 must comply with the following provisions unless said agreement is exempt under 40 CFR 15.5. Hospital agrees to comply with all applicable standards, orders, or requirements issued under the Clean Air Act (42 USC 7401 et seq.), as amended, and the Federal Water Pollution Control Act (33 USC 1251 et seq.), as amended.

14.16 LOBBYING RESTRICTIONS AND DISCLOSURE CERTIFICATION—

14.16.1 (Applicable to federally funded contracts in excess of $100,000 per Section 1352 of the 31, U.S.C.)

14.16.2 Certification and Disclosure Requirements

14.16.2.1 Each person (or recipient) who requests or receives a contract, subcontract, grant, or subgrant, which is subject to Section 1352 of the 31, U.S.C., and which exceeds $100,000 at any tier, shall file a certification (in the form set forth in Attachment F-1, consisting of one page, entitled “Certification Regarding Lobbying”) that the recipient has not made, and will not make, any payment prohibited by Section 14.16.3.

14.16.2.2 Each recipient shall file a disclosure (in the form set forth in Attachment F, entitled “Standard Form-LLL ‘Disclosure of Lobbying Activities’”) if such recipient has made or has agreed to make any payment using nonappropriated funds (to include profits from any covered federal action) in connection with a contract or grant or any extension or amendment of that contract or grant, which would be prohibited under Section 14.16.3 if paid for with appropriated funds.

14.16.2.3 Each recipient shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires

disclosure or that materially affect the accuracy of the information contained in any disclosure form previously filed by such person under this Section herein. An event that materially affects the accuracy of the information reported includes:

14.16.2.3.1 A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered federal action;

14.16.2.3.2 A change in the person(s) or individuals(s) influencing or attempting to influence a covered federal action; or

14.16.2.3.3 A change in the officer(s), employee(s), or member(s) contacted for the purpose of influencing or attempting to influence a covered federal action.

14.16.2.4 Each person (or recipient) who requests or receives from a person referred to in this Section of this provision a contract, subcontract, grant or subgrant exceeding $100,000 at any tier under a contract or grant shall file a certification, and a disclosure form, if required, to the next tier above.

14.16.2.5 All disclosure forms (but not certifications) shall be forwarded from tier to tier until received by the person referred to in this Section. That person shall forward all disclosure forms to DHCS program contract manager.

14.16.3 Prohibition—Section 1352 of Title 31, U.S.C., provides in part that no appropriated funds may be expended by the recipient of a federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered federal actions: the awarding of any federal contract, the making of any federal grant, the making of any federal loan, entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

14.17 NOTICES --- All notices shall be in writing and shall be deemed to have been duly given on the date of service if personally served on the party to whom notice is given, or seventy-two (72) hours after mailing by United States mail first class, Certified Mail or Registered Mail, return-receipt-requested, postage-prepaid,

addressed to the party to whom notice is to be given and such party's address as set forth below or such other address provided by notice.

ATTACHMENT A- (EFFECTIVE 07/01/2019)
CalOptima Medi-Cal Division of Financial Responsibility

Note: The purpose of the Division of Financial Responsibility is to identify how CalOptima allocated to the Physician and Hospital components of the medical costs associated with the provision of Covered Services. That is, the capitation and Hospital Budget rates in this Contract are based upon the Physician and Hospital Budget being financially responsible for the provision of Covered Services as indicated in this Division of Financial Responsibility. The Division of Financial Responsibility should not be used in place of the CalOptima EOC/EOB for making coverage determinations.

Overall average capitation for all Health Networks. Actual capitation paid is allocated based on the relative risk profiles of the Health Networks, in accordance with CalOptima policy.

Supplemental OB Delivery Care Payment (Payment shall be administered per CalOptima policy guidelines).

	Hospital	Physician	Total Capitation
Supplemental OB Delivery Care Payment	[redacted]	[redacted]	[redacted]

Whole Child Model Base Capitation Rates

The following Whole Child Model payment provisions are effective July 1, 2019, or such later date as HMO shall begin Participating in the CalOptima Whole Child Model Program.

The following base rates for Whole Child Model are subject to change and the application of risk adjustment and age/gender factors.

	Hospital	Physician	Total Capitation
Whole Child Model	[redacted]	[redacted]	[redacted]

Interim Reimbursement for Catastrophic Cases. CalOptima shall provide supplemental payments on a quarterly basis to cover costs that exceed the designated thresholds for catastrophic claims, in accordance with CalOptima Policy.

Retrospective Risk Corridor. CalOptima shall, on an annual basis, apply risk corridors to the previous year's CCS-Member-related capitation payments, based on medical costs, and adjust those previous year's capitation payments accordingly, in accordance with CalOptima Policy.

ATTACHMENT E–1
Capitation Rates for Adult Expansion Members

Effective July 1, 2019 through June 30, 2020

Capitation rates for Adult Expansion Members may be different than those included herein as determined by DHCS. Should DHCS make a change in future capitation payments to CalOptima, CalOptima will adjust payments made to Physician.

In addition to prospective changes in capitation rates for Adult Expansion Members, DHCS will calculate the MLR for these Members. CalOptima is required to expend at least 85 percent of capitation payments received on Allowed Medical Expenses for Adult Expansion Members. Should CalOptima not meet the minimum 85 percent MLR, CalOptima will be required to return the difference between 85 percent of capitation payments and the allowed medical expenses to the State. CalOptima will require Physician to remit the portion of the difference attributed to Physician.

If CalOptima's MLR exceeds 95 percent of the total capitation payments for the Adult Expansion Members, DHCS shall make additional payment to CalOptima. The additional payment from DHCS to CalOptima will be the difference between the CalOptima's allowed medical expenses and 95 percent of the capitation payments received/ CalOptima will make additional payment as attributed to Physician.

Aid Code	Age & Gender	Base Cap Rate		
Category	Category	Hospital	Physician	Total

CERTIFICATION REGARDING LOBBYING

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making, awarding or entering into of this Federal contract, Federal grant, or cooperative agreement, and the extension, continuation, renewal, amendment, or modification of this Federal contract, grant, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency of the United States Government, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, “Disclosure of Lobbying Activities" in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontractors, subgrants, and contracts under grants and cooperative agreements) of $100,000 or more, and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S.C., any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime federal recipients at the initiation or receipt of a covered federal action, or a material change to a previous filing, pursuant to Title 31, U.S.C., Section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered federal action. Use the SF - LLL- A Continuation Sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

Identify the type of covered federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered federal action.

Identify the status of the covered federal action.

Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered federal action.

Enter the full name, address, city, state, and ZIP code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants, and contract awards under grants.

If the organization filing the report in Item 4 checks "Subawardee," then enter the full name, address, city, state, and ZIP code of the prime federal recipient. Include Congressional District, if known.

Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation United States Coast Guard.

Enter the federal program name or description for the covered federal action (Item 1). If known, enter the full Catalog of Federal Domestic Assistance (CDFA) number for grants, cooperative agreements, loans, and loan commitments.

Enter the most appropriate federal identifying number available for the federal action identified in Item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract grant, or loan award number; the application/proposal control number assigned by the federal agency). Include prefixes, e.g., "RFP-DE-90401."

For a covered federal action where there has been an award or loan commitment by the federal agency, enter the federal amount of the award/loan commitment for the prime entity identified in Item 4 or 5.

10. (a) Enter the full name, address, city, state, and ZIP code of the lobbying entity engaged by the reporting entity identified in Item 4 to influence the covered federal action.

10. (b) Enter the full names of the Individual(s) performing services and include full address if different from 10.(a). Enter last name, first name, and middle initial (MI).

Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (Item 4) to the lobbying entity (Item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.

Check the appropriate box(es). Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.

Check the appropriate box(es). Check all boxes that apply. If other, specify nature.

Provide a specific and detailed description of the services that the lobbyist has performed, or will be expected to perform, and the date(s) of any services rendered. Include all preparatory and related activity, not just time spent in actual contact with federal officials, identify the federal official(s) or employee(s) contacted or the officer(s), employee(s), or Member(s) of Congress that were contacted.

Check whether or not a SF-LLL-A Continuation Sheet(s) is attached. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

Public reporting burden for this collection of information is estimated to average 30 minutes per response, including time for reviewing instruction, searching existing data sources, gathering and maintaining the data needed, and completing and renewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to the Office of Management and Budget, Paperwork Reduction Project, (0348-0046), Washington, DC 20503.

AMENDMENT I TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT I TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of October 1, 2019 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____ ("Hospital"), with respect to the following facts:

RECITALS

A. CalOptima and Hospital have entered into a Contract for Health Care Services ("Contract"), by which Hospital has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and Hospital wish to enter into this amendment to restate the Division of Financial Responsibilities and Formulary Medical Supplies, provide the requirements for the distribution of Ground Emergency Medical Transportation (GEMT)/QAF supplemental payment and provide information and requirements related to supplemental payments for certain home health agency services.

NOW, THEREFORE, the parties agree as follows:

1. Attachment A, "CalOptima Medi-Cal Division of Financial Responsibility" shall be deleted in its entirety and replaced with the attached Attachment A – Amendment I.

2. Attachment C, "Formulary Medical Supplies" shall be deleted in its entirety and replaced with the attached Attachment C – Amendment I.

3. Attachment E-2, "Distribution of GEMT QAF Funding", shall be added to the Contract and is attached hereto.

4. Attachment E-3, "Supplemental Payment for Home Health Agency Services", shall be added to the Contract and is attached hereto.

CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and _____ have executed this Amendment:

Contract for Health Care Services
Amendment I

ATTACHMENT A
CalOptima Medi-Cal Division of Financial Responsibility

Note: The purpose of the Division of Financial Responsibility is to identify how CalOptima allocated to the Physician and Hospital components of the medical costs associated with the provision of Covered Services. That is, the capitation and Hospital Budget rates in this Contract are based upon the Physician and Hospital Budget being financially responsible for the provision of Covered Services as indicated in this Division of Financial Responsibility. The Division of Financial Responsibility should not be used in place of the CalOptima EOC/EOB for making coverage determinations.

Amendment I

Formulary Medical Supplies

The following medical supply items are provided through CalOptima's pharmacy network:

Respiratory Items

- Inhaler Assist Devices
- Nasal Aspirator
- Peak Flow Meters, Non-Electric

Contraceptive Items

- Condoms
- Diaphragms

Diabetic Supplies

- Blood Glucose Monitors (excludes Continuous Glucose Monitors which are covered as DME)
- Insulin Syringes
- Lancets
- Lancet Auto Injectors
- Blood Glucose Test Strips
- Urine Test Strips
- Alcohol Pads

ATTACHMENT E-2
DISTRIBUTION OF GEMT QAF FUNDING

This Attachment E-2 provides the terms and conditions, in addition to any state and federal laws, regulations, or guidance, under which CalOptima and Hospital shall administer the Ground Emergency Medical Transport (GEMT) Quality Assurance Fee (QAF) Program.

In accordance with Senate Bill (SB) 523 (Chapter 773, Statutes of 2017), DHCS established the GEMT QAF program. On February 7, 2019, DHCS obtained federal approval from the Centers for Medicare and Medicaid Services (CMS) for California State Plan Amendment (SPA) 18-004, with an effective date of July 1, 2018. SPA 18-004 implements a one-year QAF program and reimbursement add-on for GEMT provided by non-contracted emergency medical transportation providers effective for State Fiscal Year (SFY) 2018-19 from July 1, 2018 to June 30, 2019.

Per DHCS guidance, CalOptima and Hospital, as its delegated entity, are required to provide increased reimbursement to Eligible Non-Contracted Providers for GEMT service codes for Qualifying Services. Hospital must reimburse Eligible Non-Contracted Providers a differential totaling up to XXX that are billed with CPT codes A0429 (BLS Emergency), A0427 (ALS Emergency) and A0433 (ALS2) provided during SFY 2018-19 (July 1, 2018 to June 30, 2019).

CalOptima agrees to pay GEMT QAF Program supplemental payment for these adjustments to Hospital, and Hospital agrees to reimburse Eligible Non-Contracted GEMT Providers who render Qualifying Services (as defined in this Attachment) for Qualifying Services effective July 1, 2018 to June 30, 2019. CalOptima further agrees to pay Hospital an administrative fee to administer such GEMT QAF Program payments as provided in this Attachment.

1. Definitions: The following terms shall have the following meanings for purposes of this Attachment:

    a. “Eligible Non-Contracted Provider” shall mean a Provider who is not contracted with Hospital to provide GEMT services or a Provider who is contracted with Hospital for transportation services, but not contracted with Hospital to provide GEMT services to CalOptima Medi-Cal members.

    b. “Qualifying Services” shall mean services described by the GEMT QAF Program, which may be revised to include additional CPT codes, add-on adjustment payments, and extensions.

2. Hospital shall identify eligible claims for the GEMT QAF Program and reimburse for the specified codes the differential payments totaling up to XXX for Qualifying Services furnished by Eligible Non-Contracted Providers. Hospital is required to make timely payments in accordance with DHCS guidelines for clean claims or accepted encounters for qualifying transports submitted to the Hospital within one year after the date of service.

3. Hospital shall continue to make payments for dates of service July 1, 2018 through June 30, 2019 for eligible claims in conjunction with the payment of the claim for service. Payment for the GEMT QAF Program may be made retrospectively or in conjunction with the claims payment as applicable.

4. Hospital is required to submit GEMT payment adjustment confirmation reports by the 10th of the month. Upon receipt of the confirmation report, CalOptima will reconcile the report and reimburse the GEMT QAF Program payment adjustments separate from the capitation payments, plus a XX% administrative fee calculated based upon total GEMT payment adjustments. CalOptima shall process these payments by the 20th of the month.

5. Hospital and its subcontractors agree to comply with all applicable Federal and State laws and regulations, contract requirements, CalOptima policies and DHCS guidance, including APLs, Policy Letters, and Plan Letters related to the GEMT QAF Program add-on payments.

6. Hospital shall have a formal procedure to accept, acknowledge, and resolve provider grievances related to the processing or non-payment of a GEMT Program differential payment adjustments in accordance with contract requirements for other payments. In addition, Hospital shall identify a designated point of contact for provider questions and technical assistance.

7. GEMT QAF funds and expenses shall not be included in any shared risk program calculation or reconciliation.

8. As long as the State of California extends the GEMT Program differential payment adjustments funding to CalOptima, CalOptima will continue to make GEMT Program differential payment adjustments to Hospital based upon the submitted confirmation report, which may be subject to Board approval and the changes to the program, as necessary and appropriate to comply with the law and regulatory guidance.

9. Hospital shall comply with any extension of the GEMT QAF funding beyond June 30, 2019 and/or changes to the reimbursement amount required by DHCS. CalOptima will communicate these changes to Hospital by means of a Notice to this Contract.

ATTACHMENT E-3

SUPPLEMENTAL PAYMENT FOR HOME HEALTH AGENCY SERVICES

On September 17, 2018, DHCS received federal approval for State Plan Amendment 18-0037 to sunset the one percent (X%) payment reduction for home health agency services and to increase reimbursement rates in effect on June 30, 2018, for state plan home health agency services by fifty percent (xx%) effective July 1, 2018. Certain procedure codes, that mainly apply to pediatric Medi-Cal members, provide increased Medi-Cal reimbursement rates for certain home health agency services effective July 1, 2018. These supplemental payments will only apply to the cost of services that are not considered part of California Children Services, also known as Whole Child Model covered services.

To obtain the supplemental payment, Hospital will submit encounter data to CalOptima for procedures codes, Z5804/S9123, Z5805, Z5806/S9124, Z5807, Z5832/G0299, Z5833/T1002, Z5834/G0300, Z5835/T1003, Z5836/G0162, Z5838/G0156, Z5840/T1016 and Z5868/T1026 or equivalent HIPAA compliant codes evidencing the Hospital's reimbursement of the home health agency services at the increased rates during the period of July 1, 2018, through June 30, 2019. CalOptima will review the encounters eligible for supplemental payment made July 1, 2018, through June 30, 2019 at two different points in time. The initial reconciliation will be for payments made and submitted to CalOptima by October 15th, 2019 at which point CalOptima will make payment by November 30th, 2019. The final reconciliation will be for payments made and submitted by April 15th, 2020 at which point CalOptima will make payment by May 31st, 2020. CalOptima shall validate that services are not CCS covered services prior to payment.

The supplemental payment shall not be applicable to dates of service after June 30, 2019, since the cost changes are incorporated in CalOptima's regular rebasing exercise which are inclusive of forward trend assumptions. Expenses for CCS Eligible Conditions shall be subject to Risk Corridor reconciliation per the Contract and in accordance with CalOptima Policy.

AMENDMENT II TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT II TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of April 1, 2020 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____ ("Hospital"), with respect to the following facts:

RECITALS

A. CalOptima and Hospital have entered into a Contract for Health Care Services ("Contract"), by which Hospital has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and Hospital desire to amend the Contract to identify the Medi-Cal capitation base rate enhancement approved by the CalOptima Board of Directors for immediate aid due to the coronavirus known as COVID-19.

NOW, THEREFORE, the parties agree as follows:

1. Attachment E-4, "MEDI-CAL RATE ENHANCEMENT" shall be added to the Contract and is attached hereto.

2. CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and _____ have executed this Amendment:

ATTACHMENT E-4

MEDI-CAL RATE ENHANCEMENT

On January 31, 2020, the Secretary of Health and Human Services declared a public health emergency under section 319 of the Public health Service ACT (42 U.S.C. 247d) in response to a novel coronavirus known as SARS-CoV-2 (COVID-19). Pursuant to the action taken by CalOptima Board of Directors on April 2, 2020, in anticipation of a fluctuation in utilization by Medi-Cal members and the need for flexible services due to COVID-19, CalOptima amends the current Medi-Cal capitation base rate levels set forth in Attachment E to increase them by [redacted] for the period commencing April, 1 2020 and continuing through, and including, June 30, 2020.

AMENDMENT III TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT III TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of July 1, 2020, by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____ ("Hospital"), with respect to the following facts:

RECITALS

A. CalOptima and Hospital have entered into a Contract for Health Care Services ("Contract"), by which Hospital has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and Hospital desire to amend the Contract to extend the term of the Contract, administer directed payments per CalOptima policy and procedure and revise the capitation rates.

NOW, THEREFORE, the parties agree as follows:

1. Section 2.6.18. of the Contract, and any references thereto, shall be renumbered as Section 2.6.19, and new Section 2.6.18 shall be added to the Contract as follows:

   "2.6.18 DIRECTED PAYMENTS FOR QUALIFYING COVERED SERVICES --- Effective July 1, 2020, CalOptima and Hospital shall administer directed payments that are relevant to this Contract in accordance with CalOptima Policy FF.2011, Directed Payments, including, without limitations, directed payments, such as those described in Attachment E-2, by Hospital to eligible providers rendering qualifying Covered Services, reporting requirements related to directed payments, and reimbursement of directed payments by CalOptima to Hospital."

2. Article 15, Section 15.1 shall be deleted in its entirety and replaced with the following:

   "15.1 SUBJECT TO (I) THE STATE OF CALIFORNIA AND THE UNITED STATES PROVIDING FUNDS FOR THE TERM OF THIS CONTRACT AND FOR THE PURPOSES FOR WHICH IT IS ENTERED INTO; (II) THE APPROVAL OF THIS CONTRACT BY CALOPTIMA AND THE STATE, THE TERM OF THIS CONTRACT SHALL BE JUNE 30, 2019 THROUGH JUNE 30, 2021."

3. ATTACHMENT E shall be deleted and replaced with the attached ATTACHMENT E- AMENDMENT III "Capitation Rates".

4. ATTACHMENT E-1 shall be deleted and replaced with the attached ATTACHMENT E- 1 - AMENDMENT III "Capitation Rates for Adult Expansion Members".

5. ATTACHMENT E-2 "Distribution of GEMT QAF Funding" shall be deleted and replaced with the attached ATTACHMENT E-2 – AMENDMENT III, "Distribution of GEMT QAF Funding".

6. CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and

effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

ATTACHMENT E-1 – AMENDMENT III

Capitation Rates for Adult Expansion Members

Effective July 1, 2020

Capitation rates for Adult Expansion Members may be different than those included herein as determined by DHCS. Should DHCS make a change in future capitation payments to CalOptima, CalOptima will adjust payments made to Hospital.

In addition to prospective changes in capitation rates for Adult Expansion Members, DHCS will calculate the MLR for these Members. CalOptima is required to expend at least 85 percent of capitation payments received on Allowed Medical Expenses for Adult Expansion Members. Should CalOptima not meet the minimum 85 percent MLR, CalOptima will be required to return the difference between 85 percent of capitation payments and the allowed medical expenses to the State. CalOptima will require Hospital to remit the portion of the difference attributed to Hospital.

If CalOptima's MLR exceeds 95 percent of the total capitation payments for the Adult Expansion Members, DHCS shall make additional payment to CalOptima. The additional payment from DHCS to CalOptima will be the difference between the CalOptima's allowed medical expenses and 95 percent of the capitation payments received/ CalOptima will make additional payment as attributed to Hospital.

ATTACHMENT E-2 – AMENDMENT III

Distribution of GEMT QAF Funding

This Attachment E-2 provides the terms and conditions, in addition to any state and federal laws, regulations, or guidance, under which CalOptima and Hospital shall administer the Ground Emergency Medical Transport (GEMT) Quality Assurance Fee (QAF) Program.

In accordance with Senate Bill (SB) 523 (Chapter 773, Statutes of 2017), DHCS established the GEMT QAF program. On February 7, 2019, DHCS obtained federal approval from the Centers for Medicare and Medicaid Services (CMS) for California State Plan Amendment (SPA) 18-004, with an effective date of July 1, 2018. SPA 18-004 implements a one-year QAF program and reimbursement add-on for GEMT provided by non-contracted emergency medical transportation providers effective for State Fiscal Year (SFY) 2018-19 from July 1, 2018 to June 30, 2019.

Per DHCS guidance, CalOptima and Hospital, as its delegated entity, are required to provide increased reimbursement to Eligible Non-Contracted Providers for GEMT service codes for Qualifying Services. Hospital must reimburse Eligible Non-Contracted Providers a differential totaling up to $xx.00 that are billed with CPT codes A0429 (BLS Emergency), A0427 (ALS Emergency) and A0433 (ALS2) provided during SFY 2018-19 (July 1, 2018 to June 30, 2019).

CalOptima agrees to pay GEMT QAF Program supplemental payment for these adjustments to Hospital, and Hospital agrees to reimburse Eligible Non-Contracted GEMT Providers who render Qualifying Services (as defined in this Attachment) for Qualifying Services effective July 1, 2018 to June 30, 2019. CalOptima further agrees to pay Hospital an administrative fee to administer such GEMT QAF Program payments as provided in this Attachment.

1. Definitions: The following terms shall have the following meanings for purposes of this Attachment:

    a. “Eligible Non-Contracted Provider” shall mean a Provider who is not contracted with Hospital to provide GEMT services or a Provider who is contracted with Hospital for transportation services, but not contracted with Hospital to provide GEMT services to CalOptima Medi-Cal members.

    b. “Qualifying Services” shall mean services described by the GEMT QAF Program, which may be revised to include additional CPT codes, add-on adjustment payments, and extensions.

2. Hospital shall identify eligible claims for the GEMT QAF Program and reimburse for the specified codes the differential payments totaling up to $xx for Qualifying Services furnished by Eligible Non-Contracted Providers. Hospital is required to make timely payments in accordance with DHCS guidelines for clean claims or accepted encounters for qualifying transports submitted to the Hospital within one year after the date of service.

3. Hospital shall continue to make payments for dates of service July 1, 2018 through June 30, 2019 for eligible claims in conjunction with the payment of the claim for service. Payment for the GEMT QAF Program may be made retrospectively or in conjunction with the claims payment as applicable.

4. Hospital is required to submit GEMT payment adjustment confirmation reports by the 10th of the month. Upon receipt of the confirmation report, CalOptima will reconcile the report and reimburse the GEMT QAF Program payment adjustments separate from the capitation payments, plus a x% administrative fee calculated based upon total GEMT payment adjustments. CalOptima shall process these payments by the 20th of the month.

5. Hospital and its subcontractors agree to comply with all applicable Federal and State laws and regulations, contract requirements, CalOptima policies and DHCS guidance, including APLs, Policy Letters, and Plan Letters related to the GEMT QAF Program add-on payments.

6. Hospital shall have a formal procedure to accept, acknowledge, and resolve provider grievances related to the processing or non-payment of a GEMT Program differential payment adjustments in accordance with contract requirements for other payments. In addition, Hospital shall identify a designated point of contact for provider questions and technical assistance.

7. GEMT QAF funds and expenses shall not be included in any shared risk program calculation or reconciliation.

8. As long as the State of California extends the GEMT Program differential payment adjustments funding to CalOptima, CalOptima will continue to make GEMT Program differential payment adjustments to Hospital based upon the submitted confirmation report, which may be subject to Board approval and the changes to the program, as necessary and appropriate to comply with the law and regulatory guidance.

9. Hospital shall comply with any extension of the GEMT QAF funding beyond June 30, 2019 and/or changes to the reimbursement amount required by DHCS. CalOptima will communicate these changes to Hospital by means of a Notice to this Contract.

10. Notwithstanding other provisions of this Attachment E-2, effective July 1, 2020, CalOptima and Hospital shall administer the Ground Emergency Medical Transport (GEMT) Quality Assurance Fee (QAF) Program pursuant to Section 2.6.18 of the Contract.

AMENDMENT VI TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT VI TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of January 1, 2021 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, _____ ("Hospital"), with respect to the following facts:

RECITALS

A. CalOptima and Hospital have entered into a Contract for Health Care Services ("Contract"), by which Hospital has agreed to provide or arrange for the provision of Covered Services to Members.

B. CalOptima and Hospital wish to enter into this amendment to revise the Division of Financial Responsibilities, revise the Termination for Convenience provision as well as modify language as appropriate to align with all Health Care Services contracts.

NOW, THEREFORE, the parties agree as follows:

1. Section 1.16, "CalOptima Regulators", shall be deleted in its entirety and replaced with the following:

   "CalOptima's Regulators" means those government agencies that regulate, oversee, or enforce applicable statutory, regulatory, or contractual requirements relating to the activities and/or obligations of CalOptima, Hospital, and Subcontractors under the State Contract, this Contract, and Subcontracts, as applicable, including, without limitation, DHCS, the HHS Office of Inspector General, the Comptroller General of the United States, the Department of Justice (DOJ), DOJ Bureau of Medi-Cal Fraud, the Department of Managed Health Care (DMHC), and other authorized federal or State agencies, or their duly authorized representatives or designees, including DHCS' external quality review organization contractor.

2. Section 1.22, "Community Liaison" or "CL", shall be deleted and intentionally left blank.

3. Section 1.23, "Community Liaison Program" or "CLP", shall be deleted and intentionally left blank.

4. Section 1.55, "Medi-Cal Managed Care All Plan Letter (APL)" and "Policy Letter (PL)", shall be deleted in its entirety and replaced with the following:

   "Medi-Cal Managed Care All Plan Letter (APL)" and "Policy Letter (PL)" are the means by which DHCS conveys information or interpretation of changes in policy or procedure at the Federal or State levels. APLs and Policy Letters provide instruction to the contractors about changes in Federal or State law and Regulation that affect the way in which they operate or deliver services to Medi-Cal beneficiaries.

5. Section 1.64, "Memorandum/Memoranda of Understanding" or "MOU", shall be deleted in its entirety and replaced with the following:

   "Memorandum/Memoranda of Understanding" or "MOU", means agreements between CalOptima and external agencies, which delineates responsibilities for coordinating care to Members, and contracts between CalOptima and the County of Orange that incorporate such agreements,

including but not limited to the Coordination and Provision of Public Health Care Services Contract.

6. Section 1.83, "Screening, Brief Intervention, and Referral to Treatment (SBIRT)", shall be deleted in its entirety and replaced with the following:

"Alcohol Misuse Screening and Counseling" or AMSC" (formerly referred to as "Screening, Brief Intervention, and Referral to Treatment" or "SBIRT") means services provided by a Primary Care Physician to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol."

7. Section 1.94, "Subcontract", shall be deleted in its entirety and replaced with the following:

"Subcontract" means a written agreement entered into by the Hospital with a Provider who agrees to furnish Covered Services to Members, or any other organization or person who agrees to perform any administrative function or service for Hospital specifically related to fulfilling Hospital's obligations to CalOptima under the terms of this Contract.

8. Section 1.95, "Subcontractor", shall be deleted in its entirety and replaced with the following:

"Subcontractor" means a Provider or any organization or person who has entered into a Subcontract with Hospital. All delegates are Subcontractors, but not all Subcontractors shall be considered delegates. A delegate means an organization or person that subcontracts with Hospital to perform any administrative function or service for Hospital specifically related to fulfilling Hospital's obligations to CalOptima under the terms of this Contract."

9. Section 2.3.2 shall be deleted in its entirety and replaced with the following:

"Commercial General Liability/Commercial Automobile Liability:
Hospital shall maintain a Commercial General Liability Insurance policy and a Commercial Automobile Liability Insurance policy with minimum limits as follows:

Commercial General Liability:
$1,000,000 per occurrence/$3,000,000 aggregate
Commercial Automobile Liability:
$1,000,000 Combined Single Limit

CalOptima must be named as an additional insured on Hospital's Comprehensive General Liability and Automobile Liability insurance with respect to performance under this Contract."

10. Section 2.3.8 shall be deleted in its entirety and replaced with the following:

"Proof of Insurance: Certificates of Insurance of the above Insurance policies and/or evidence of self-insurance maintained by Hospital shall be provided to CalOptima prior to execution of the Contract and annually thereafter. Hospital shall provide the Certificates of Insurance of the above Insurance policies and/or evidence of self-insurance maintained by Participating Providers to CalOptima upon request."

11. Section 2.6.12, "Certified Nurse Midwife (CNM) and Certified Nurse Practitioner (CNP) Payments", shall be deleted in its entirety and replaced with the following:

"Certified Nurse Midwife (CNM) and Certified Nurse Practitioner (CNP) Payments - If there are no CNMs or CNPs in PHC's provider network, PHC shall reimburse non-contracting CNMs or CNPs for services provided to Members at no less than [redacted] of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy."

12. Section 2.6.13, "Family Planning Provider Payments", shall be deleted in its entirety and replaced with the following:

"Family Planning Provider Payments – PHC shall reimburse non-contracting family planning providers at no less than [redacted] of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy. PHC shall reimburse non-contracting family planning providers for services provided to Members of childbearing age to temporarily or permanently prevent or delay pregnancy."

13. Section 2.6.14, "Sexually Transmitted Disease Treatment Payments", shall be deleted in its entirety and replaced with the following:

"Sexually Transmitted Disease Treatment Payments – PHC shall reimburse local health departments and non-contracting family planning providers at no less than [redacted] of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy, for the diagnosis and treatment of a STD episode, as defined in MMCD Policy Letter No. 96-09. PHC may elect to provide reimbursement only if STD treatment providers provide treatment records or documentation of the Member's refusal to release Medical Records to PHC along with billing information."

14. Section 2.6.15, "HIV Testing and Counseling Payments", shall be deleted in its entirety and replaced with the following:

"HIV Testing and Counseling Payments - PHC shall reimburse local health departments and non-contracting family planning providers at no less than [redacted] of the Medi-Cal fee schedule as consistent with DHCS requirements and CalOptima Policy. PHC shall provide reimbursement only if local health departments and non-contracting family planning providers make all reasonable efforts, consistent with current laws and regulations, to report confidential test results to PHC."

15. Section 3.4, "CALOPTIMA LOGO", shall be deleted in its entirety and replaced with the following:

"CALOPTIMA LOGO --- Hospital shall not display the CalOptima logo on any of Hospital's written communication to Members without prior written approval by CalOptima."

16. Section 3.9, "SUBCONTRACTS", shall be deleted in its entirety and replaced with the following:

"SUBCONTRACTS --- Hospital may Subcontract for certain functions covered by this Contract subject to the requirements of this Contract. Hospital is required to ensure that all Subcontracts are in writing and include any general requirements of this Contract and all provisions required by this Contract to be incorporated into Subcontracts. Hospital is required to inform CalOptima of the name and business addresses of all Subcontractors and notify CalOptima of any changes in Subcontractors within thirty (30) days of execution or change of Subcontract. Hospital shall have policies and procedures addressing Subcontracts with any offshore individual or entity that receives, processes, transfers, handles, stores, or accesses CalOptima Member Protected Health Information (PHI) ("Offshore Subcontracts"), including policies that address security of such PHI

and CMS requirements for reporting information about Offshore Subcontracts. Hospital shall annually complete the CalOptima Offshore Attestation and make its Offshore Subcontract policies and list of such Offshore Subcontracts available to CalOptima upon request, including for audits by CalOptima and/or CalOptima's Regulators. Additionally, Hospital shall require all Subcontracts contain the following:"

17. Section 3.9.2 shall be deleted in its entirety and replaced with the following:

"An agreement to maintain such books and records in accordance with any record requirements in this Contract and CalOptima Policies, and for the establishment and maintenance of and access to Medical and Administrative Records as set forth in Section 3.17 and 3.22 of this Contract;"

18. Section 3.9.7 shall be deleted in its entirety and replaced with the following:

"An agreement requiring Subcontractors to provide Covered Services to CalOptima Members in a non-discriminatory manner;"

19. Section 3.9.8 shall be deleted in its entirety and replaced with the following:

"An agreement to comply with all provisions of this Contract with respect to providing Emergency Services and State Contract (Exhibit A, Attachment 8, Provision 12) for those Subcontractors at risk for non-contracting Emergency Services;"

20. Section 3.9.10 shall be deleted in its entirety and replaced with the following:

"An agreement to comply with (a) CalOptima's Compliance Program including, without limitation, CalOptima Policies; (b) any DHCS Medi-Cal Provider Bulletins and Manuals; (c) all applicable requirements of the DHCS Medi-Cal Managed Care Program, including, but not limited to, the Medi-Cal Managed Care Division Policy Letters and All Plan Letters; and (d) all applicable requirements specified in the State Contract and subsequent amendments, and federal and State laws and regulations;"

21. Section 3.9.12 shall be deleted in its entirety and replaced with the following:

"An agreement requiring Subcontractors to sign a Declaration of Confidentiality, which shall be signed and filed with DHCS prior to the Subcontractors being allowed access to computer files or any other data or files, including identification of individual Members;"

22. Section 3.9.20 shall be deleted in its entirety and replaced with the following:

"An agreement to participate and cooperate in quality improvement systems as set forth in Section 6.4 of the Contract, and if Hospital delegates quality improvement activities to the Subcontractor, the Subcontract must include the requirements set forth in the State Contract (Exhibit A, Attachment 4, Provision 6), and Sections 3.8 and 6.4 of the Contract, including the Delegation Acknowledgement and Acceptance Agreement ("Delegation Agreement);"

23. Section 3.9.25 shall be deleted in its entirety and replaced with the following:

"An agreement that Participating Providers are entitled to the protections of the Health Care Provider's Bill of Rights, California Health and Safety Code section 1375.7, in the administration of the Subcontract relative to the Medi-Cal program; and"

24. Section 3.9.26 shall be added as follows:

"Subcontractor's agreement to provide Hospital with the disclosure statement set forth in 22 CCR Section 51000.35, prior to commencing services under the Subcontract, which shall be provided to CalOptima upon request."

25. Section 3.17, "MEDICAL AND ADMINISTRATIVE RECORDS", shall be deleted in its entirety and replaced with the following:

"MEDICAL AND ADMINISTRATIVE RECORDS --- Hospital shall require that all Participating Providers and Subcontractors establish and maintain for each Member who has obtained Covered Services from a Participating Provider or Subcontractor a legible Medical Record. Such Medical Record shall include a historical record of diagnostic and therapeutic services recommended or provided by, or under the direction of, the Participating Provider or Subcontractor. Such Medical Record shall be in such a form as to allow trained health professionals, other than the Participating Provider or Subcontractor, to readily determine the nature and extent of the Member's medical problem and the services provided and permit peer review of the services provided. The Medical Record shall be kept in a detail consistent with good medical and professional practice in accordance with 22 CCR Section 53284, and which permits effective professional review and facilitates a system of follow-up treatment. All Medical Records shall meet the requirements of the State Contract and applicable laws and regulations, including, but not limited to, 28 CCR Section 1300.80(b)(4) and 42 USC Section 1396a(w). Such records shall be available to health care providers at each encounter, in accordance with 28 CCR Section 1300.67.1(c). Hospital shall ensure that an individual is delegated the responsibility of securing and maintaining Medical Records at each Participating Provider or Subcontractor site."

26. Section 3.19.1 shall be deleted in its entirety and replaced with the following:

"Through the end of the records retention period specified in Section 3.18, Hospital shall make all of its premises, facilities, equipment, books, records, contracts, computer and other electronic systems pertaining to the goods and services furnished under the terms of the Contract, available for the purpose of audit, inspection, evaluation, examination or copying, including but not limited to Access Requirements and State's Right to Monitor, as set forth in the State Contract, Exhibit E, Attachment 2, Provision 21: (a) by CalOptima and/or CalOptima's Regulators; (b) at all reasonable times at the Hospital's place of business or such other mutually agreeable location in California; (c) in a form maintained in accordance with the general standards applicable to such book or record keeping; and (d) including all encounter data for a period of at least ten (10) years."

27. Section 3.24, "FRAUD AND ABUSE REPORTING", shall be deleted in its entirety and replaced with the following:

"FRAUD AND ABUSE REPORTING --- Physician shall report to CalOptima all cases of suspected fraud and/or abuse, as defined in 42 Code of Federal Regulations, Section 455.2, relating to the rendering of Covered Services by Participating Providers, Out-of-Network Providers, Members, or Physician's employees, within five (5) working days of the date when Physician first becomes aware of or is on notice of such activity."

28. Section 3.24.2 shall be deleted in its entirety and replaced with the following:

"Hospital shall provide to CalOptima and/or CalOptima's Regulators, upon request, written policies and procedures for identifying, investigating and taking appropriate corrective action against fraud and/or abuse in the provision of health care services under the Medi-Cal program."

29. Section 3.28, "COMPLIANCE WITH STATE AND FEDERAL REQUIREMENTS", shall be deleted in its entirety and replaced with the following:

"COMPLIANCE WITH STATE AND FEDERAL PROGRAMS --- Hospital shall comply with requirements established by State and/or federal programs relating to its performance under this Contract. Hospital's compliance shall include, but not be limited to, applicable requirements of the DHCS Medi-Cal Managed Care Program, provisions of the State Contract requirements for CalOptima to maintain CMS waiver, Operational Instruction Letters (OILs), Medi-Cal Managed Care Division Policy Letters and All Plan Letters, as well as applicable requirements specified in the State Contract and subsequent amendments, and State and federal laws and regulations."

30. Section 3.30, "COMPLIANCE WITH MEMORANDUM/MEMORANDA OF UNDERSTANDING (MOU(s))", shall be deleted in its entirety and replaced with the following:

"COMPLIANCE WITH MEMORANDUM/MEMORANDA OF UNDERSTANDING (MOU(s)) --- Hospital agrees to comply with and be bound by any and all applicable MOUs entered into by CalOptima. Hospital agrees to require Subcontractors to comply with applicable requirements of such MOUs."

31. Section 3.42, "OBLIGATIONS UNDER PRIOR CONTRACT", shall be deleted in its entirety and replaced with the following:

"OBLIGATIONS UNDER PRIOR CONTRACT --- Hospital acknowledges and agrees that certain of its obligations and duties under the Prior Contract, if previously contracted, survive the expiration of the Prior Contract and/or are measured following the expiration of the Prior Contract (including, without limitation, corrective action plans, quality improvement and credentialing functions, financial requirements). Hospital shall perform all such obligations and duties. For purposes of this section, "Prior Contract" means the contract for health care services previously entered into between Hospital and CalOptima pursuant to which Hospital agreed to provide or arrange for the provision of Medi-Cal Covered Services to Members."

32. Section 3.45, "HOSPITAL SUBCONTRACTS", shall be deleted in its entirety and replaced with the following:

"HOSPITAL SUBCONTRACTS --- In addition to Section 3.9 of this Contract, Hospital shall maintain and make available to CalOptima, DHCS, or other CalOptima's Regulators, upon their respective requests, copies of all Subcontracts. Hospital shall ensure that all Subcontracts are in writing and require that the Hospital and its Subcontractors:"

33. Section 4.2, "EMERGENCY CARE", shall be deleted in its entirety and replaced with the following:

"EMERGENCY CARE --- Hospital shall comply with all applicable State and federal laws and regulations governing the provision and payment of Emergency Services, as well as the applicable requirements of the State Contract (including, but not limited to, Exhibit A, Attachment 8, Provision 12). Hospital is required to provide and pay for all Emergency Services, including Emergency Services provided by Out-of-Network Providers, without prior authorization, twenty-four (24) hours each day, seven (7) days a week."

34. Section 5.1, "HOSPITAL GEOGRAPHIC DISTRIBUTION", shall be deleted in its entirety and replaced with the following:

"HOSPITAL GEOGRAPHIC DISTRIBUTION --- Hospital shall make available to every Member, Specialists whose offices are located within fifteen (15) miles and thirty (30) minutes from the Member's place of residence as required in W & I Code Sections 14197(b) and (c). Hospital shall provide transportation for Members when the nearest available Specialist is more than fifteen (15) miles or thirty (30) minutes from Member's place of residence."

35. Section 6.4, "QUALITY IMPROVEMENT PROGRAM", shall be deleted in its entirety and replaced with the following:

"QUALITY IMPROVEMENT PROGRAM --- PHC shall participate and cooperate in CalOptima's Quality Improvement Program. PHC shall establish, maintain and operate a Quality Improvement Program, in accordance with the delineation of responsibilities in the Delegation Agreement, which shall include an Annual Program Plan, Work Plan, and Annual Evaluation of Effectiveness of the QI program, which are consistent with current industry standards, Centers for Medicare and Medicaid Services (CMS), National Committee for Quality Assurance (NCQA), Joint Commission, and DHCS, and meets the requirements of CalOptima's Quality Improvement Program. PHC shall facilitate quality studies and assist in collection of comparative data collected from all Participating Providers using objective parameters (e.g., the current version of Healthcare Effectiveness Data and Information Set (HEDIS)). PHC shall submit reports related to Quality Improvement as required by CalOptima Reporting Policy or otherwise required by DHCS. PHC shall adopt a detailed written Quality Improvement (QI) Plan, which shall include:"

36. Section 10.7, "MOU AVAILABILITY", shall be deleted in its entirety and replaced with the following:

"MOU AVAILABILITY--- CalOptima shall provide or make available for Hospital copies of current MOUs entered into by CalOptima that are binding on Hospital within seven (7) working days of execution. Copies of current MOUs entered into by CalOptima that are binding on Hospital may be provided by the distribution of hard-copy documents, electronic files and/or documents and/or on the CalOptima website."

37. Section 10.10, "PROVIDER COMPLAINT SYSTEM", shall be deleted in its entirety and replaced with the following:

"PROVIDER COMPLAINT SYSTEM --- CalOptima has established a fast, fair and cost-effective complaint system for provider complaints, grievances and appeals. Provider and Hospital shall have access to this system for any issues arising under this Contract, as provided in CalOptima Policy related to CalOptima Medi-Cal Program. Hospital complaints, grievances, appeals, or other disputes regarding any issues arising under the Contract shall be resolved through this system."

38. Section 13.1, "SANCTIONS AND TERMINATIONS FOR CAUSE," shall be deleted in its entirety and replaced with the following:

"SANCTIONS AND TERMINATIONS FOR CAUSE --- If Hospital fails to fulfill any of its duties and obligations under this Contract, including but not limited to: (i) committing acts to discriminate among Members on the basis of their health status or requirements for health care services; (ii) engaging in any practice that would reasonably be expected to have the effect of denying or discouraging enrollment with the PHC by Members whose medical condition or history indicated a need for substantial future medical services; (iii) not providing Covered Services in the scope or manner required under the provisions of this Contract; (iv) engaging in prohibited marketing activities; (v) failing to comply with CalOptima's Compliance Program, including Participation

Status requirements; (vi) failing to meet financial security requirements; (vii) committing fraud or abuse relating to Covered Services or any and all obligations, duties and responsibilities under this Contract; (viii) failure to ensure that all Minimum Standards are met; (ix) failure to enforce claims payment prohibitions on providers who are denied the right to submit claims and/or receive reimbursement for services furnished to CalOptima Members; (x) not having the required amounts and types of financial reserves; (xi) failure of Participating Providers to comply with the prior authorization process and other pharmacy requirements as determined by CalOptima; (xii) failure to meet Medical Loss Ratio requirements; (xiii) failure to meet minimum enrollment requirements; (xiv) failure to meet quality and/or performance requirements; (xv) failure to comply with organization structure requirements as set forth in Section 3.10 of this Contract; (xv) failure to submit Encounter Data pursuant to this Contract and CalOptima Policy; (xvi) a failure to perform an obligation or duty under the Prior Contract and/or failure to take corrective action related to any such obligation or duty in the time or manner required by CalOptima, and (xvii) a violation of the Department of Managed Health Care's Risk Bearing Organization regulations, including reporting, auditing or Corrective Action Plan compliance violations, CalOptima may take any of the actions described below:"

39. Section 13.8, "TERMINATION FOR CONVENIENCE", shall be deleted in its entirety and replaced with the following:

"TERMINATION FOR CONVENIENCE --- Either party may terminate the Contract for convenience, without cause, by giving one hundred eighty (180) calendar days advance written notice to the other party prior to the effective date of such termination."

40. Attachment A, "CalOptima Medi-Cal Division of Financial Responsibility", shall be deleted in its entirety and replaced with the attached Attachment A – Amendment VI.

41. Attachment E, "Capitation Rates", shall be deleted and replaced with the attached Attachment E – Amendment VI.

CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other terms and conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and _____ have executed this Amendment:

ATTACHMENT A – AMENDMENT VI

CalOptima Medi-Cal Division of Financial Responsibility

Note: The purpose of the Division of Financial Responsibility is to identify how CalOptima allocated to the Physician and Hospital components of the medical costs associated with the provision of Covered Services. That is, the capitation and Hospital Budget rates in this Contract are based upon the Physician and Hospital Budget being financially responsible for the provision of Covered Services as indicated in this Division of Financial Responsibility. The Division of Financial Responsibility should not be used in place of the CalOptima EOC/EOB for making coverage determinations.

ATTACHMENT E – AMENDMENT VI

Capitation Rates

Effective January 1, 2021

Payments by CalOptima to Health Network for Covered Services rendered to Members in accordance with the Contract for Health Care Services shall be on a Per Member/Per Month (PMPM) basis, and shall be provided herein in the following, except for carved out services and items as provided for in CalOptima Policies.

Aid Code Category	Age & Gender Category	Base Hospital	Base Physician	Total Cap Rate
Child / Adult	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			
SPD	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			
ESRD	Child / Adult			
	SPD			
	Expansion			
AIDS	Child / Adult			
	SPD			
	Expansion			

Overall average capitation for all Health Networks. Actual capitation paid is allocated based on the relative risk profiles of the Health Networks, in accordance with CalOptima policy.

Whole Child Model Base Capitation Rates

Aid Code Category	Age & Gender Category	Base Hospital	Base Physician	Total Cap Rate
Whole Child Model	0 year, Both			
	1 - 14 years, Both			
	15 -18 years, Female			
	15 - 18 years, Male			
	19 - 39 years, Female			
	19 - 39 years, Male			
	40 - 64 years, Both			
	65+ years, Both			

The base rates for Whole Child Model are subject to change and the application of risk adjustment and age/gender factors.

Interim Reimbursement for Catastrophic Cases. CalOptima shall provide supplemental payments on a quarterly basis to cover costs that exceed the designated thresholds for catastrophic claims, in accordance with CalOptima Policy.

Retrospective Risk Corridor. CalOptima shall, on an annual basis, apply risk corridors to the previous year's CCS-Member-related capitation payments, based on medical costs, and adjust those previous year's capitation payments accordingly, in accordance with CalOptima Policy.

Supplemental OB Delivery Care Payment

Supplemental OB Delivery Care Payment (Payment shall be administered per CalOptima policy guidelines).

	Hospital	Physician	Total Capitation
Supplemental OB Delivery Care Payment			

Funding for PCC

In addition to those amounts described above, Physician shall receive [redacted] per WCM or SPD Member per month, to fund the PCC program as authorized by the CalOptima Board of Directors. SPD Member is identified by their Aid Code Category, for all age groups. WCM member is identified by their WCM Eligible condition as determined by the local WCM Program. Physician shall only receive PCC funding for a Member with an SPD aid code category or a WCM-eligible condition as determined by the County, not both. Members with a WCM Eligible Condition shall prevail over SPD members when determining payment.

Physician acknowledges and agrees that CalOptima may adjust and/or terminate the PCC payments in the event Physician fails to comply with the requirements as defined by the CalOptima Profile and Policy. Physician acknowledges and agrees that CalOptima, in its sole and absolute discretion, may also offset Physician's future PCC Payments in the event CalOptima determines that Physician has not complied with the Profile requirements.

AMENDMENT VI TO
CONTRACT FOR HEALTH CARE SERVICES

THIS AMENDMENT VI TO THE CONTRACT FOR HEALTH CARE SERVICES ("Amendment") is effective as of January 1, 2021 by and between Orange County Health Authority, a Public Agency, dba CalOptima ("CalOptima"), and, [redacted] ("Hospital"), with respect to the following facts:

RECITALS

A. CalOptima and Hospital have entered into a Contract for Health Care Services ("Contract"), by which Hospital has agreed to provide or arrange for the provision of Covered Services to Members.

B. On January 31, 2020, the Secretary of Health and Human Services declared a public health emergency under section 319 of the Public Health Service ACT (42 U.S.C. 247d) in response to a novel coronavirus known as SARS-CoV-2 (COVID-19), the COVID-19 Public Health Emergency ("COVID-19 PHE").

C. CalOptima and Hospital desire to amend the Contract to include the Medi-Cal capitation base rate enhancement approved by the CalOptima Board of Directors for immediate aid due to the COVID-19 PHE.

NOW, THEREFORE, the parties agree as follows:

1. ATTACHMENT E-5 "MEDI-CAL RATE ENHANCMENT" shall be added to the Contract and is attached hereto.

2. CONTRACT REMAINS IN FULL FORCE AND EFFECT – Except as specifically amended by this Amendment, all other conditions contained in the Contract shall continue in full force and effect. This Amendment is subject to approval by the Government Agencies and by the CalOptima Board of Directors.

IN WITNESS WHEREOF, CalOptima and [redacted] have executed this Amendment:

FOR HOSPITAL:	FOR CALOPTIMA:
_____	_____
SIGNATURE	SIGNATURE
_____	Ladan Khamseh

ATTACHMENT E-5

MEDI-CAL RATE ENHANCEMENT

For the period from January 1, 2021, through June 30, 2021, the base physician and base hospital capitation rates set forth in Attachment E – Amendment V for the Child/Adult and SPD aid code categories shall be increased by [redacted] This rate enhancement shall not apply to the capitation rates for ESRD and AIDS aid code categories, the Whole Child Model base capitation rates in Attachment E – Amendment V, or the Adult Expansion Member capitation rates in Attachment E-1 Amendment III.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Report Item

34. Consider Reallocating Intergovernmental Transfer (IGT) Funds and Approving a Grant Agreement for Whole-Person Care Housing Navigation and Supportive Services

Contacts

Richard Sanchez, Chief Executive Officer, (657) 900-1481
Rachel Selleck, Executive Director, Public Affairs, (657) 900-1096

Recommended Actions

1. Authorize reallocation of up to $640,000 in IGTs 1, 3, 4 and 6 to Orange County Health Care Agency's (OCHCA) Whole-Person Care (WPC) pilot for Housing Navigation and Supportive Services (HNSS) for CalOptima Medi-Cal members; and
2. Authorize the Chief Executive Officer, with the assistance of Legal Counsel, to enter into a Grant Agreement with OCHCA to provide $640,000 in grant funds for the County's WPC pilot for HNSS provided to CalOptima Medi-Cal members enrolled in WPC.

Background

On October 24, 2016, the County of Orange (County) received approval from the Department of Health Care Services (DHCS) for a five-year program to implement the WPC pilot. The Orange County WPC pilot is administered by the OCHCA. DHCS and the Centers for Medicare & Medicaid Services (CMS) agreed to a one-year extension of the WPC pilot, ending on December 31, 2021. OCHCA's WPC extension agreement with DHCS is expected to be considered by the Orange County Board of Supervisors on May 25, 2021. OCHCA has continued to provide key WPC services, including HNSS, in 2021.

WPC HNSS-contracted vendors are reimbursed by County on a per member per month basis. HNSS include, but are not limited to the following:

- Aiding WPC clients with document and income readiness
- Matching WPC clients with housing vouchers to appropriate housing resources and providing navigation services to those who do not have housing vouchers
- Acting as a liaison in collaboration with and between WPC clients and landlords
- Assisting with the housing application process and securing letters of support as needed
- Coaching WPC clients for meetings with potential property managers, and preparing them for placement and arranging transportation to potential housing placement opportunities
- Ensuring that WPC clients become residents after housing placement
- Arranging for utilities to be turned on
- Educating WPC clients on housekeeping, "good neighbor," and independent living skills
- Linking WPC clients to peer mentoring and other sustainability services for ongoing support to further ensure housing sustainability

Discussion

Based on anticipated voucher availability, OCHCA expects at least 469 WPC-enrolled CalOptima members to be eligible to receive HNSS in 2021. Based on experience, OCHCA advises that, on

Back to Agenda

average, a person receives eight months of HNSS services. As a result, some members began receiving these services in 2020 and continued into 2021. Approximately $440,000 in expenditures for HNSS services were incurred between January 1, 2021 and February 28, 2021. Based on actual and projected utilization of HNSS services, potential rollover funds from the 2020 WPC pilot year, anticipated County funding and state match for 2021, OCHCA anticipates a shortfall of $1.1 million to $1.5 million. OCHCA has asked for CalOptima's support to help bridge this gap.

CalOptima staff recommends reallocation of remaining unspent funds from IGTs 1, 3, 4 and 6, totaling $640,000, for a grant to County. The grant would be used to reimburse 50% of the County's costs for WPC HNSS provided to qualifying CalOptima members, Reimbursement would not be available for CalOptima members enrolled in the Health Homes Program (HHP). Staff recommends making the grant effective June 1, 2021, and through December 31, 2021, subject to availability of IGT funds. Five prior IGT initiatives were completed, leaving approximately $166,332 available for reallocation for this purpose as follows: IGT 1 ($45,000), IGT 3 ($250) and IGT 4 ($121,082). Additionally, CalOptima reviewed other remaining IGT 1–7 allocations for possible reallocations to support WPC HNSS for our members. Staff recommends reallocation of $473,668 from IGT 6 IGT Program Administration funding for this purpose. See Attachment 2 for more information on IGTs 1, 3, 4 and 6 funds available for reallocation.

If approved, this grant will improve access to WPC HNSS for CalOptima members experiencing homelessness. Further, this funding would support maintenance of the existing WPC HNSS infrastructure pending CalOptima's potential implementation of similar services under the DHCS California Advancing and Innovating Medi-Cal (CalAIM) In Lieu of Services (ILOS) proposal, subject to DHCS and CalOptima Board approval. Staff will return to the Board for actions related to CalAIM implementation, including ILOS, at a later date.

Fiscal Impact

The recommended action to authorize reallocation of up to $640,000 in IGT 1, 3, 4 and 6 funds to provide grant funding to OCHCA for HNSS to CalOptima Medi-Cal members enrolled in the WPC pilot has no fiscal impact to CalOptima's Fiscal Year 2020-21 Operating Budget approved by the Board on June 4, 2020. Expenditure of IGT funds is for restricted, one-time purposes for the benefit of CalOptima Medi-Cal members and does not commit CalOptima to future budget allocations.

Rationale for Recommendation

Reallocation of IGTs 1, 3, 4 and 6 funds will support CalOptima members enrolled in WPC to obtain and retain housing and, thereby, support improved health outcomes. In addition, and subject to DHCS and CalOptima's Board approval, it will help maintain and sustain the HNSS infrastructure through 2021 to ensure continuity and availability of similar ILOS services beginning in 2022.

IGT Reallocation Background and Source Summary

Background

Intergovernmental Transfers (IGT) are transfers of public funds between eligible government entities, which are used to draw down federal funds for the Medi-Cal program. To date, CalOptima has participated in ten Voluntary Rate Range IGT transactions.

IGTs 1 through 7 funds were established based on retrospective payments for prior rate range years and were made available to CalOptima for the purpose of providing enhanced/additional benefits to existing CalOptima Medi-Cal beneficiaries, as represented to the Center for Medicare & Medicaid Services. These funds have been best suited for one-time investments or as seed capital for enhanced health care services for the benefit of Medi-Cal beneficiaries. For the DHCS approved and funded IGT transactions to date, the net proceeds have been evenly divided between CalOptima and the respective funding partners, and funds retained by CalOptima have been invested in addressing member's unmet health care needs.

Source Summary

The below table reflects initiatives which have been completed leaving a remaining balance or for which funding is no longer required. The table also notes the focus area submitted to DHCS and CMS.

IGT #	Funds Received	Focus Area- Submission to DHCS/CMS	IGT Projects	Latest Board Allocation Approval Date	Available to Reallocate (as of 1/31/2021)
1	9/2012	Enhance provider reimbursement; Strengthen delivery system	Depression Screenings	12/1/2016	**$45,000**
3	9/2014	Services related to care coordination and case management for CalOptima members	Recuperative Care: Phase 2	10/1/2015	**$250**
4	10/2015 3/2016	Community health investments to improve adult mental health, children's mental health, reduce childhood obesity, strengthen the safety net, and improve children's health; Planning and implementing innovative programs required under the Health Homes and the 1115 Waiver initiatives	Provider Portal Communications & Interconnectivity	12/1/2016	**$43,490**
			Member Health Homes Program		**$72,192**
			UCI Observation Stay Payment Pilot		**$5,400**
6	9/2017 5/2018	Board approved programs/initiatives which support CalOptima's mission and benefit Orange County's Medi-Cal beneficiaries	Program Administration	9/6/2018	**$473,668**
			Total Funds for Potential Reallocation:		**$640,000**

GRANT AGREEMENT

BETWEEN

CALOPTIMA AND

THE COUNTY OF ORANGE

Back to Item

Back to Agenda

GRANT AGREEMENT BETWEEN
CALOPTIMA AND
THE COUNTY OF ORANGE

THIS GRANT AGREEMENT (Grant Agreement) is made and entered into as of June 1, 2021 by and between Orange County Health Authority, dba CalOptima, a public agency and the county organized health system for the County of Orange, California (CalOptima), and the County of Orange, through its division, the Orange County Health Care Agency, a political subdivision of the State of California (County). CalOptima and County are sometimes referred to herein individually as "Party" and collectively as the "Parties".

RECITALS

A. CalOptima was formed pursuant to California Welfare and Institutions Code Section 14087.54 and Orange County Ordinance No. 3896, as amended by Ordinance Nos. 00-8 and 05-008, as a result of the efforts of the Orange County health care community.

B. CalOptima has entered into an Agreement with the State of California, Department of Health Care Services (DHCS Agreement), pursuant to which CalOptima is obligated to arrange and pay for the provision of health care services to certain Medi-Cal eligible beneficiaries in Orange County (referred to herein as the "Medi-Cal Program").

C. California's Section 1115(a) Medicaid Waiver Renewal, entitled Medi-Cal 2020, was approved by the Centers for Medicare and Medicaid Services on December 30, 2015 and included funding for a Whole Person Care (WPC) Pilot Program.

D. The California Department of Health Care Services (DHCS) published a Request for Application (RFA) relating to the WPC Pilot Program on May 16, 2016. In response to the RFA, County acting as the Lead Entity in County of Orange submitted an application for the WPC Pilot Program. The RFA required the participation of a managed care plan. CalOptima, as a Managed Care Plan provider in County of Orange agreed to collaborate in the WPC Pilot Program as a partner and submitted a letter of participation that was included in County's application for the WPC Pilot Program.

E. County, as a Lead Entity, and DHCS entered into a five-year contract for the WPC Pilot Program, Contract No. 16-14184-OR-30 (DHCS/County Contract) which takes a patient-centered approach to coordinate physical, behavioral health, and social services with the overall goal to improve health and well-being of Medi-Cal members experiencing homelessness. The WPC Pilot Program connects the individuals to services in the community that may include, but are not limited to, recuperative care, 1:1 Personal Care Coordinator, Housing Navigation and Supportive Services, and mental health/substance use disorder treatment, as appropriate.

F. WPC was set to expire December 31, 2020. DHCS and Center for Medicare & Medicaid Services (CMS) agreed to a one-year extension of the WPC Pilot, ending December 31, 2021.

Back to Item
Back to Agenda

Although the DHCS/County Contract extension of the WPC Pilot has not been finalized, its WPC Pilot continues to provide key WPC services, including Housing Navigation and Supportive Services. Based on estimated roll-over funds from 2020 WPC Pilot year, County anticipates a short-fall of $1.1-$1.5 million, all of which is still being finalized for Housing Navigation and Supportive Services. County asked CalOptima, as its WPC Collaborative Partner in the WPC Pilot Program, to help bridge the gap.

G. CalOptima agreed to and shall reallocate $640,000.00 of Intergovernmental Transfer (IGT) 1, 3, 4 and 6 funds to pay County 50% of County's WPC Housing Navigation and Supportive Services costs, from June 1, 2021 through December 31, 2021, on a percentage of cost reimbursement basis for Housing Navigation and Supportive Services provided to qualifying CalOptima Medi-Cal members who are not enrolled in CalOptima's Health Homes Program.

NOW, THEREFORE, in recognition of the Recitals above, and the mutual covenants, benefits, and promises contained herein, the receipt of which the Parties hereby acknowledge, County and CalOptima do hereby agree as follows:

I. COUNTY OBLIGATIONS

1.1 **County Responsibilities.** County agrees to provide or arrange for the competent and effective provision of Housing Navigation and Supportive Services, as described in Attachment A, attached hereto and incorporated herein by this reference.

1.2 **Equal Opportunity.** County shall be, and state that it is, an equal opportunity employer, and shall send to each labor union or representative of workers with which it has a collective bargaining agreement or other agreement or understanding, a notice to be provided by DHCS, advising the labor union or workers' representative of County's commitments as an equal opportunity employer and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

1.3 **Non-Discrimination.** During the performance of this Grant Agreement, County shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, religion, creed, color, national origin, ancestry, physical or mental disability (including Human Immunodeficiency Virus (HIV), Acquired Immune Deficiency Syndrome (AIDS), AIDS-Related Complex (ARC), medical condition (including cancer), marital status, age (over 40), sexual orientation, or the use of family and medical care leave and pregnancy disability leave. County shall ensure that the evaluation and treatment of its employees and applicants for employment are free of such discrimination and harassment. County shall comply with the provisions of the Fair Employment and Housing Act (Government Code, Section 12900 *et seq*.) and the applicable regulations promulgated thereunder, (Title 2, CCR, Section 7285.0 *et seq*.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code, Section 12990, set forth in Chapter 5 of Division 4 of Title 2 of the CCR are incorporated into this Grant Agreement by reference and made a part hereof as if set forth in full. County shall give written notice of its obligations under this clause to labor organizations with which they have a collective bargaining or other agreement.

Back to Item
Back to Agenda

County shall not discriminate against members or eligible beneficiaries because of race, color, national origin, creed, ancestry, religion, language, age, marital status, sex, sexual orientation, gender identity, health status, physical or mental disability, or identification with any other persons or groups defined in Penal Code 422.56, in accordance with Title VI of the Civil Rights Act of 1964, 42 USC Section 2000d, rules and regulations promulgated pursuant thereto, or as otherwise provided by law or regulations. For the purpose of this Contract, discriminations on the grounds of race, color, national origin, creed, ancestry, religion, language, age, marital status, sex, sexual orientation, gender identity, health status, physical or mental disability, or identification with any other persons or groups defined in Penal Code 422.56.

1.4 **Limitations on Subcontracting and Assignment**. The experience, knowledge, capability, and reputation of County, its directors and employees were a substantial inducement for CalOptima to enter into this Grant Agreement. County shall be fully responsible to CalOptima for the acts and omissions of its subcontractor as it is for the acts and omissions of persons directly employed. Nothing contained in this Grant Agreement shall create any contractual relationship between any subcontractor and CalOptima. All persons engaged in the work will be considered employees of County. CalOptima will deal directly with and make all payments to County.

1.5 **Subcontracts.** County shall assure that all subcontracts are in writing and include any requirements of this Grant Agreement that are appropriate to the service or activity and assure that the Subcontract shall not terminate legal liability of County under this Grant Agreement.

1.6 **Excluded Providers**. County shall ensure that no subcontractor receiving funds provided under this Grant Agreement is or has been suspended or excluded from participation in Federal and/or State health care programs.

II. COMPENSATION

2.1 **County Compensation.** Compensation to County under this Grant Agreement will be the payments set forth in Attachment B, incorporated herein by this reference, which shall be payment in full.

2.2 **Payments.** County agrees to submit invoices, along with any supporting materials to CalOptima in such format as CalOptima may direct. No payment under this Grant Agreement shall be made except pursuant to a properly formatted invoice accompanied by all applicable supporting materials.

III. WARRANTIES/COMPLIANCE WITH CALOPTIMA AND REGULATORY AGENCY RULES AND REGULATIONS

3.1 **County Certification, Accreditation and License Requirements.** County warrants and represents that County and its professional personnel currently have, and during the term of this Grant Agreement shall maintain, any necessary certification, permits, accreditation and licensure required by the State of California, federal government including CMS, or any applicable local

Back to Item
Back to Agenda

government or agency, for all services furnished under this Grant Agreement. Upon request, County shall provide copies of such information as acceptable to CalOptima.

3.2 **Compliance with Applicable Law**. In carrying out the Housing Navigation and Supportive Services, County shall comply with state and federal laws and regulations applicable to the Housing Navigation and Supportive Services and DHCS/County Contract and CalOptima policies to the extent applicable to this Grant Agreement.

IV. RECORDS AND REPORTS

4.1 **Maintain Complete Books and Records.** County shall keep such books and records as shall be necessary relating to the services performed under this Grant Agreement. All financial records shall be maintained in accordance with generally accepted accounting principles ("GAAP"). Records generated in the course of carrying out this Grant Agreement shall be maintained for five (5) years from the final date of the Grant Agreement period, or the date of the completion of any audits related to this Grant Agreement, whichever is later. County shall provide CalOptima or its designated agents, within ten (10) calendar days of a written request, information or copies of records necessary to verify and substantiate compliance with the terms of this Grant Agreement. County shall pay all duplication and postage costs associated with any Audits and/or reviews necessary to ensure compliance with this Grant Agreement or CalOptima's regulatory requirements.

4.2 **Final Report and Audit**. Within sixty (60) calendar days after the end of this Grant Agreement, County shall provide CalOptima with a final report and attestation. This final report and attestation shall consist of the following: (i) a narrative summarizing the services provided by County during the term of this Grant Agreement and the outcomes thereof, and (ii) an attestation by the WPC Project Manager certifying that the report of expenditures is accurate and complete. County shall refund to CalOptima any amounts that are found to not have been utilized in accordance with the requirements of Attachment A.

V. INSURANCE AND INDEMNIFICATION

5.1 **County Comprehensive General Liability ("CGL")/Automobile Liability**. County at its sole cost and expense shall maintain such policies of comprehensive general liability and automobile liability insurance and other insurance as shall be necessary to insure it and its business addresses, customers, employees, agents, and representatives against any claim or claims for damages arising by reason of a) personal injuries or death occasioned in connection with the carrying out the project, b) the use of any property of the County, and c) Grant Activities performed in connection with this Grant Agreement, with minimum coverage of $1,000,000 per incident/$3,000,000 aggregate per year.

5.2 **Insurer Ratings**. All above insurance shall be provided by an insurer:

(a) rated by Best's with a rating of B or better; and

(b) admitted" to do business in California or an insurer approved to do business in California by the California Department of Insurance and

Back to Item
Back to Agenda

listed on the Surplus Lines Association of California List of Eligible Surplus Lines Insurers (LESLI) or licensed by the California Department of Corporations as an Unincorporated Interindemnity Trust Arrangement as authorized by the California Insurance Code 12180.7.

5.3 **Captive Risk Retention Group/Self Insured.** Where any of the insurances mentioned above are provided by a Captive Risk Retention Group or are self insured, such above provisions may be waived at the sole discretion of CalOptima, but only after CalOptima reviews the Captive Risk Retention Group's or self-insured's audited financial statements and approves the waiver.

5.4 **Cancellation or Material Change.** The County shall not of its own initiative cause such insurances as addressed in this Article to be canceled or materially changed during the term of this Grant Agreement.

5.5 **Certificates of Insurance**. Except to the extent waived pursuant to Section 5.3, prior to execution of this Grant Agreement, County shall provide Certificates of Insurance to CalOptima showing the required insurance coverage and further providing that CalOptima is named as an additional insured on the Comprehensive General Liability Insurance and Automobile Liability Insurance with respect to the performance hereunder and coverage is primary and non-contributory as to any other insurance with respect to performance hereunder.

5.6 **Indemnification.**

5.6.1 **General Indemnification**. County shall defend, indemnify and hold harmless CalOptima, its officers, directors, and employees from and against any and all claims (including attorneys' fees and reasonable expenses for litigation or settlement) which are related to or arise out of the negligent or willful performance or non-performance by the County, of any functions, duties or obligations of County arising under this Grant Agreement. Neither termination of this Grant Agreement nor completion of the acts to be performed under this Grant Agreement shall release County from its obligation to indemnify as to any claims or cause of action asserted so long as the event(s) upon which such claims or cause of action is predicated shall have occurred prior to the effective date of termination or completion.

5.6.2 **Funding Indemnification**. Notwithstanding Section 5.6.1, the Parties acknowledge that the indemnification obligations in this section 5.6.2 apply to the subject matter addressed herein. County acknowledges that CalOptima is using Intergovernmental Transfer Funds to fund the amounts set forth in Attachment B ("IGT Funds"). County will without delay defend, hold harmless and indemnify CalOptima from and against any and all claims and liabilities that result from recapturing, recoupment or repayment of the IGT Funds (including reasonable attorneys' fees and reasonable expenses) and any amounts for fines, assessments, sanctions and/or civil penalties assessed or imposed, due to a disallowance of the IGT Funds by DHCS and/or the Centers for Medicare and Medicaid Services ("CMS"). Such claims and liabilities

Back to Item
Back to Agenda

include, without limitation, attorneys' fees and reasonable expenses incurred to respond to informal or formal communications (*e.g.*, subpoenas) from DHCS, CMS and/or other regulatory or law enforcement agencies. Acceptance by CalOptima of any insurance certificates and endorsements required under the Grant Agreement does not relieve County from liability under the indemnification obligation herein. This provision shall apply to any damages or claims for damages whether or not such insurance policies shall have been determined to apply.

5.7 **Notification of Claims.** CalOptima agrees to promptly notify County of any claims or demands which arise and for which indemnification hereunder is sought.

5.8 **Termination.** The terms of this Article V shall survive the termination of this Grant Agreement.

VI. TERM AND TERMINATION

6.1 **Term of Agreement.** This Grant Agreement will commence on June 1, 2021 and will remain in effect up to and including December 31, 2021, unless earlier terminated as permitted in this Grant Agreement.

6.2 **Termination.** If County fails to fulfill any of its duties and obligations under this Grant Agreement, including but not limited to: (i) committing acts of unlawful discrimination; (ii) engaging in prohibited marketing activities; and, (iii) committing fraud or abuse relating to any obligation, duty or responsibility under this Grant Agreement, CalOptima may terminate this Agreement for cause pursuant to this Article VI.

6.3 **Termination for Cause**. Notwithstanding and in addition to any other provisions of this Grant Agreement, CalOptima may terminate this Grant Agreement for cause effective upon thirty (30) calendar days' written notice. Cause shall include, but shall not be limited to, the actions set forth in Section 6.2 of this Article. County may appeal CalOptima's decision to terminate the Grant Agreement for cause by filing a complaint pursuant to CalOptima Policies. County shall exhaust this administrative remedy, including requesting a hearing if permitted under CalOptima Policies, for any and all County complaints, before commencing any civil action. CalOptima's rights and remedies provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or this Grant Agreement.

6.4 **CalOptima's Right to Terminate Grant Agreement for Convenience.** Nothing herein will be construed as limiting the right of CalOptima to terminate this Grant Agreement for convenience without cause by giving County at least thirty (30) calendar days prior notice to the effective date of such termination.

6.5 **Automatic Termination.** This Grant Agreement shall terminate automatically upon termination of the DHCS/County Contract, or upon termination of the Medi-Cal 2020 Section 1115(a) Medicaid Waiver.

6.6 **Bankruptcy.** CalOptima or County may terminate this Grant Agreement with thirty (30) calendar days written notice to the other Party in the event a petition is filed in a court of record jurisdiction to declare either party bankrupt or for reorganization under the bankruptcy laws of the United States or any similar statute of a state of the United States, or if a trustee in bankruptcy or a receiver is appointed for such party, and such petition, trustee, or receiver, as the case may be, is not dismissed within one hundred and twenty (120) calendar days thereof.

6.7 **Recovery upon Termination**. In the event that this Grant Agreement is terminated pursuant to this section VI, County shall repay to CalOptima any amounts previously paid to County for services under this Grant Agreement that have not been provided as of the effective date of that termination. Such repayment shall be made within thirty (30) days of the effective date of the termination.

VII. GENERAL PROVISIONS

7.1 **Interpretation of Agreement Language.** CalOptima has the right to final interpretation of the Grant Agreement language when disputes arise. County has the right to appeal disputes concerning Grant Agreement language to CalOptima.

7.2 **Waiver.** The waiver by either Party of a breach or violation of any provision of this Grant Agreement will not operate as or be construed to be a waiver of any subsequent breach thereof.

7.3 **Assignment.** Neither this Grant Agreement nor any of the duties delegated herein shall be assigned, delegated or transferred by County without the prior written consent of CalOptima. CalOptima may assign this Grant Agreement and its rights, interests and benefits hereunder to any entity which has at least majority control of CalOptima or to any entity whose financial solvency has been approved by County, which approval shall not be unreasonably withheld. If required, any assignment or delegation of this Grant Agreement shall be void unless prior written approval is obtained from the appropriate state and federal agencies.

7.4 **Independent Parties.** Grantee acknowledges that it is, at all times, acting as an independent contractor under this Grant Agreement and, except as specifically provided herein, not as an agent, employee, or partner of CalOptima. Grantee agrees to be solely responsible for all matters relating to compensation of its employees, including, but not limited to, compliance with laws governing workers' compensation, Social Security, withholding and payment of any and all federal, state and local personal income taxes, disability insurance, unemployment, and any other taxes for such persons, including any related employer assessment or contributions required by law, and all other regulations governing such matters, and the payment of all salary, vacation and other employee benefits.

7.5 **Integration of Entire Agreement.** This Grant Agreement contains all of the terms and conditions agreed upon by the Parties regarding the subject matter of this Grant Agreement. Any prior agreements, promises, negotiations or representations of or between the Parties, either oral or written, relating to the subject matter of this Grant Agreement, which are not expressly set forth in this Grant Agreement are null and void and of no further force or effect. All Attachments to this Grant Agreement are considered part of this Grant Agreement and are hereby incorporated herein.

Back to Item
Back to Agenda

7.6 **Invalidity or Unenforceability.** The invalidity or unenforceability of any terms or provisions hereof will in no way affect the validity or enforceability of any other term or provision.

7.7 **Amendment.** CalOptima may amend this Grant Agreement immediately upon written notice to County, only to the extent necessary, in the event such amendment is required in order to maintain compliance with applicable state or federal laws. Other amendments to the Grant Agreement shall be effective only upon mutual, written agreement of the Parties.

7.8 **Independent Agreement.** Nothing in this Grant Agreement shall affect any other contractual relationships between the Parties, such as an agreement for the provision of medical services to CalOptima members. No monies paid under this Grant Agreement may be used for the provision of services that are payable under a different Grant Agreement between the Parties, or for any other purpose beyond the Housing Navigation and Supportive Services identified in Attachment A.

7.9 **No Waiver of Immunity or Privilege**. Any information delivered, exchanged or otherwise provided hereunder shall be delivered, exchanged or otherwise provided in a manner, which does not constitute a waiver of immunity or privilege under applicable law.

7.10 **Omissions.** In the event that either Party hereto discovers any material omission in the provisions of this Grant Agreement which such Party believes is essential to the successful performance of this Grant Agreement, said Party may so inform the other Party in writing, and the Parties hereto shall thereafter promptly negotiate in good faith with respect to such matters for the purpose of making such reasonable adjustments as may be necessary to perform the objectives of this Grant Agreement.

7.11 **Choice of Law.** This Grant Agreement shall be governed by and construed in accordance with the laws of the State of California. The Parties hereto consent to the jurisdiction of the California Courts with venue in Orange County, California.

7.12 **Force Majeure.** Both Parties shall be excused from performance hereunder for any period that they are prevented from meeting the terms of this Grant Agreement as a result of a catastrophic occurrence or natural disaster, including, but not limited to, an act of war, but excluding labor disputes.

7.13 **Headings.** The article and section headings used herein are for reference and convenience only and shall not enter into the interpretation hereof.

7.14 **Debarment Certification.** By signing this Grant Agreement, the Grantee agrees to comply with applicable Federal suspension and debarment regulations including, but not limited to 7 CFR 3017, 45 CFR 76, 40 CFR 32, or 34 CFR 85.

7.14.1 By signing this Grant Agreement, the Grantee certifies to the best of its knowledge and belief, that it and its principals:

Back to Item
Back to Agenda

(a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any federal or state department or agency;

(b) Have not within a three-year period preceding this Grant Agreement been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or agreement under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in Subsection 1(b) of this Section 7.14;

(d) Have not within a three-year period preceding this Grant Agreement had one or more public transactions (Federal, State or local) terminated for cause or default;

(e) Shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under Federal regulations (i.e., 48 CFR 9, subpart 9.4), debarred, suspended, declared ineligible, or voluntarily excluded from participation in such transaction, unless authorized by the State; and

(f) Will include a clause entitled, "Debarment and Suspension Certification'' that essentially sets forth the provisions herein, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7.14.2 If County is unable to certify to any of the statements in this certification, County shall submit an explanation to CalOptima.

7.14.3 The terms and definitions herein have the meanings set out in the Definitions and Coverage sections of the rules implementing Federal Executive Order 12549.

7.14.4 If County knowingly violates this certification, in addition to other remedies available to the Federal Government, CalOptima may terminate this Grant Agreement for cause or default.

7.15 **Non-liability of Officials and Employees of CalOptima**. No official or employee of CalOptima shall be personally liable to County in the event of any default or breach by CalOptima, or for any amount that may become due to County, or any obligation under the terms of this Grant Agreement.

Back to Item

Back to Agenda

7.16 **Time of Essence**. Time is of the essence in the performance of this Grant Agreement.

7.17 **Authority to Execute**. The persons executing this Grant Agreement on behalf of the Parties warrant that they are duly authorized to execute this Grant Agreement, and that by executing this Grant Agreement, the Parties are formally bound.

7.18 **Notices.** All notices shall be in writing and shall be deemed to have been duly given on the date of service if personally served on the party to whom notice is given, or seventy-two (72) hours after mailing by United States mail first class, Certified Mail or Registered Mail, return-receipt-requested, postage-prepaid, addressed to the party to whom notice is to be given and such party's address as set forth below or such other address provided by notice.

ATTACHMENT A

WPC HOUSING NAVIGATION AND SUPPORTIVE SERVICES

I. WPC HOUSING NAVIGATION AND SUPPORTIVE SERVICES:

"Housing Navigation Services" means the process by which homeless individuals that have entered the Coordinated Entry System (CES), which is the County's system that connects these individuals to the appropriate services and housing interventions in the community, are provided with ongoing engagement, document collection, and case management services in order to facilitate a match to an appropriate house resource. In the context of CES, outreach workers, case managers, and other providers that service the homeless, may provide housing navigation services. "Supportive Services" means services that may assist homeless participants in the transition from the streets or shelters into permanent or permanent supportive housing, and that assist persons with living successfully in housing. To the extent that services are not covered under the CalOptima Medi-Cal program, Housing Navigation and Supportive Services may include, but are not necessarily limited to the following:

a. Aiding WPC clients with document and income readiness such as helping obtain identification card, social security card, social security/disability income applications, etc.;
b. Matching WPC clients with a voucher to appropriate housing resources or providing navigation services to those who do not have housing vouchers;
c. Acting as a liaison in collaboration with and between WPC client and landlord;
d. Transporting or arranging for transportation of WPC clients to potential housing placement opportunities;
e. Assisting with the housing application process;
f. Securing reasonable letters of support as needed;
g. Ensuring that WPC client becomes a resident after housing placement;
h. Arranging for utilities to be turned on;
i. Educating WPC clients on housekeeping issues and "good neighbor" issues such as maintenance, community living, and independent living skills;
j. Coaching WPC clients in order to have successful interactions when meeting with potential property managers, and to prepare them for placement; and
k. Linking WPC clients to peer mentoring and other sustainability services for ongoing support in an effort to further ensure housing sustainability.

County warrants that Housing Navigation and Supportive Services provided hereunder shall be in compliance with all requirements of the DHCS/County Contract.

II. REFERRALS FOR HOUSING NAVIGATION AND SUPPORTIVE SERVICES:

The criteria for approval of Member referrals to Housing Navigation and Supportive Services Providers shall be according to WPC Program criteria for Housing Navigation and Supportive Services, which shall be determined by County prior to the effective date of this Grant Amendment. Housing Navigation and Supportive Services continue until it is determined that the individual no longer requires the services.

III. CRITERIA FOR REIMBURSEMENT:

In the event County refers and pays for the provision of Housing Navigation and Supportive Services for qualifying CalOptima Medi-Cal members who are not enrolled in CalOptima's Health Homes Program, County may seek reimbursement from CalOptima for such Housing Navigation and Supportive Services subject to the terms and conditions below and this Grant Agreement.

a. County shall have agreements in place with Housing Navigation and Supportive Services providers.
b. County shall pay the Housing Navigation and Supportive Services providers for services rendered. CalOptima shall not have liability to Housing Navigation and Supportive Services providers for any services.
c. Funding for Housing Navigation and Supportive Services is limited to those funds remaining in the Housing Navigation and Supportive Services Fund, which consists of those funds allocated from Intergovernmental Transfer Funds for Housing Navigation and Supportive Services. No payments may be made under this Grant Agreement for Housing Navigation and Supportive Services other than from the Housing Navigation and Supportive Services Fund.

IV. LIMIT ON FUNDING AVAILABLE FOR REIMBURSEMENT:

CalOptima's funding shall be limited to the unspent CalOptima Intergovernmental Transfer ("IGT") dollars allocated for Housing Navigation and Supportive Services approved by the CalOptima Board of Directors. Reimbursement shall be available for Housing Navigation and Supportive Services for CalOptima Members who are not enrolled in CalOptima's Health Homes Program, regardless of whether the CalOptima member is assigned to CalOptima Direct, to a CalOptima Shared Risk Health Network, to a CalOptima HMO Health Network, or to a CalOptima Physician-Hospital Consortium. Regardless of the quantity or volume of Housing Navigation and Supportive Services provided by County, in no event will CalOptima's obligations exceed said remaining CalOptima IGT dollars specifically allocated for Housing Navigation and Supportive Services, payable at a rate of 50% of the Direct Housing Navigation and Supportive Services costs incurred by County per CalOptima Member receiving such services for the month invoiced. Qualifying for reimbursement for Housing Navigation and Supportive Services, however, does not make CalOptima responsible for services that are the financial responsibility of a Health Network.

ATTACHMENT B

PAYMENT FOR SERVICES

I. HOUSING NAVIGATION AND SUPPORTIVE SERVICES FUND---For purposes of this Attachment B, "Housing Navigation and Supportive Services Fund" shall consist of those funds allocated from Intergovernmental Transfer Funds by the CalOptima Board of Directors for Housing Navigation and Supportive Services.

II. REIMBURSEMENT—To the extent that adequate funds remain in the Housing Navigation and Supportive Services Fund, CalOptima shall reimburse County at the rate of 50% of the Direct Housing Navigation and Supportive Services costs incurred by County, from June 1, 2021 through December 31, 2021, for Housing Navigation and Supportive Services provided to CalOptima Members who meet WPC Pilot Program criteria and who are not enrolled in CalOptima's Health Homes Program, as reflected in supporting documentation attached to an invoice. County shall accept this rate as payment in full from CalOptima. If the funds in the Housing Navigation and Supportive Services Fund are exhausted, CalOptima shall have no further obligation to compensate County for Housing Navigation and Supportive Services.

III. INVOICE SUBMISSION---Invoices for Housing Navigation and Supportive Services, along with all required supporting documentation, shall be submitted to CalOptima, in a format provided by CalOptima, to the following address:

CalOptima
Attn: Accounts Payable
505 City Parkway West
Orange, CA 92868

IV. DIRECT HOUSING NAVIGATION AND SUPPORTIVE SERVICES COSTS---For purposes of this Grant Agreement, "Direct Housing Navigation and Supportive Services Costs" mean those amounts actually paid to a Housing Navigation and Supportive Services provider for Housing Navigation and Supportive Services provided to a homeless CalOptima Medi-Cal Member who, during the duration of such services, meets WPC Pilot Program criteria for such services and is not enrolled in CalOptima's Health Homes Program.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Report Item

35. Consider Approving CalOptima's California Advancing and Innovating Medi-Cal (CalAIM) Model of Care Approach

Contacts

Richard Sanchez, Chief Executive Officer, (657) 900-1481
Rachel Selleck, Executive Director, Public Affairs, (657) 900-1096

Recommended Action

Approve CalOptima's proposed California Advancing and Innovating Medi-Cal (CalAIM) Model of Care (MOC) approach, effective January 1, 2022, for submission to the Department of Health Care Services (DHCS), including utilizing CalOptima's health networks as Enhanced Care Management (ECM) Providers and the launch of four In Lieu of Services (ILOS), listed below.

Background

On January 8, 2021, DHCS released the revised CalAIM proposal that takes a whole-person care approach (incorporating both clinical and non-clinical services) led by Managed Care Plans (MCP) with the goal of improving health outcomes for Medi-Cal members. CalAIM initiatives span over five years beginning January 1, 2022. The two key initiatives with a January 1, 2022, go-live are ECM and ILOS. Both require an implementation plan, called the Model of Care (MOC), to be submitted to DHCS by July 1, 2021. The MOC will describe how CalOptima plans to design, implement, and administer ECM services and ILOS to its eligible members. An important component of the MOC will be the transition of members currently participating in the CalOptima-led Health Homes program (HHP) and/or the County-led Whole Person Care (WPC) pilot. CalOptima's proposed approach to CalAIM ECM and ILOS is intended to build upon infrastructure created through the HHP and the WPC pilot, in alignment with DHCS's goals. Final regulatory guidance and associated materials will not be made available to plans until the end of May 2021. For this reason, staff are seeking Board approval on the approach for both ECM and ILOS and will return to the Board following DHCS feedback on CalOptima's proposed MOC to seek approval of final policies and related DHCS deliverables.

Discussion

ECM is the coordination of both clinical and non-clinical services and ILOS are flexible wraparound services provided as a substitute for, or to avoid, other covered services, such as hospital or skilled nursing facility admission, emergency department use or delay in discharge. ILOS are optional for MCPs to offer and members to receive. CalOptima will implement these initiatives not only for members currently enrolled in and receiving services via the HHP or the WPC pilot, but also for all MCP members who meet the Phase 1 "Populations of Focus" eligibility requirements, as defined by DHCS.

DHCS is developing definitions for the CalAIM Populations of Focus through an iterative process. Using the current eligibility parameters for each group, and subject to DHCS revision, CalOptima's ECM-eligible population on January 1, 2022 may include:

Back to Agenda

Populations of Focus	Projected Members as of 5/12/21
Homeless	3,302
High utilizers	12,037
Serious Mental Illness (SMI) and Substance Use Disorder (SUD)	18,277
Total	**33,616**

Estimates for ILOS utilization are not available at this time, since multiple factors impact the uptake of these services.

All WPC- or HHP-enrolled members will automatically be approved for ECM and reassessed within six months after the transition. Upon reassessment, CalOptima and its ECM providers will ensure appropriate levels of case management, non-duplication of services, evaluation of members' current needs and updates to members' plans of care to improve health outcomes.

ECM
To meet CalAIM requirements, CalOptima staff recommends leveraging the existing HHP model and proposes to transition its contracted health networks, currently acting as community-based care management entities (CB-CMEs), to serve as ECM Providers. CalOptima staff also proposes to delegate ECM services, including accompaniment services, which DHCS indicates is part of ECM services, to its contracted health networks for their assigned members. CalOptima's approach to transition the current CB-CMEs to ECM Providers will allow its members to be able to maintain relationships with their current providers, to continue receiving services and allow the ECM Providers to easily integrate ECM into their delivery system by building upon HHP infrastructure.

ILOS
To ensure a seamless transition for members, providers and community, staff recommends offering the following ILOS for Phase 1, beginning January 1, 2022, which are currently being provided to CalOptima members either through WPC or HHP:

1) Housing Transition Navigation Services: assistance for members to obtain housing, but does not constitute a housing deposit or room and board;
2) Housing Deposits: assistance with identifying, coordinating, securing, or funding one-time services and modifications necessary to enable a person to establish a basic household that does not constitute room and board;
3) Housing Tenancy and Sustaining Services: assistance with maintaining a safe and stable tenancy for individuals once housing is secured; and
4) Recuperative Care (Medical Respite short-term residential care for members who no longer require hospitalization but still need to heal from an injury or illness (including behavioral health conditions) and whose condition would be exacerbated by an unstable living environment.

In following DHCS guidance to build provider capacity, CalOptima is awaiting draft ILOS rate information from DHCS to inform future ILOS vendor contracting. Staff will return to the Board to seek authority to execute ILOS contracts, as appropriate. Concurrently, CalOptima is planning for additional ILOS services to launch later in 2022 or 2023 through surveying its community partners in addition to reviewing its own membership data to identify services that might be most beneficial for its members. Staff will return to the Board with recommendations on future ILOS to pursue later this year.

Back to Agenda

Prior to launch, CalOptima will conduct a readiness assessment for all ECM and ILOS contracted providers to ensure their readiness to provide the required services beginning January 1, 2022. Staff will return to the Board in late summer to seek approval on the selection of and funding for a consulting service to complete the readiness assessments. In parallel to the completion of the readiness assessment, CalOptima will provide training to all ECM and ILOS contracted providers' staff to ensure they build appropriate expertise and skills to serve members through this initiative.
To ensure the success of new CalAIM initiatives, DHCS plans to provide some start-up incentive funding to MCPs in the first two years for ECM and ILOS in order to build appropriate and sustainable capacity and improve quality performance. CalOptima anticipates receiving further information about these incentives later this year. Staff will return to the Board to request approval of the provider payment methodology for the mandatory ECM benefit and optional ILOS, later this year.

Through these CalAIM implementation efforts, CalOptima intends to minimize health disparity, increase member independence, and improve health outcomes.

Fiscal Impact
The proposed Fiscal Year 2021-22 Operating Budget, pending Board approval, assumes that CalOptima will take on financial risk for the mandatory ECM benefit and optional ILOS effective January 1, 2022. Payments related to these new benefits and services were treated as budget neutral. However, given the limited information available at this time, projected costs for these changes are difficult to predict. CalOptima will continue to advocate with DHCS to ensure these changes are adequately funded and monitor utilization and expenses related to the new benefit and services.

Rationale for Recommendation
The recommended action will enable CalOptima to successfully transition the HHP and the WPC pilot into CalAIM ECM and ILOS, effective January 1, 2022, for the required CalAIM Populations of Focus.

Concurrence
Gary Crockett, Chief Counsel

Enhanced Care Management (ECM)

- Implement a single, intensive and comprehensive ECM benefit
  - Designed to meet clinical and nonclinical needs of the highest-cost and/or highest-need beneficiaries
- Build upon current WPC and HHP delivery systems
- Use phased implementation approach

Date	Population
January 2022	Existing WPC/HHP target populations
July 2022	Additional target populations

Back to Agenda

CalOptima
A Public Agency

Back to Item

ECM Target Populations

- Children and youth with complex conditions
- Individuals experiencing chronic homelessness with complex conditions
- High health care system utilizers
- Nursing facility residents
- Individuals at risk for institutionalization who are either eligible for long-term care or have co-occurring chronic conditions
- Individuals transitioning from incarceration

Note: WPC and HHP members overlap within these target populations; ECM target populations are subject to change, per DHCS guidance

Back to Agenda

CalOptima
A Public Agency

Back to Item

CalOptima's ECM Proposal

- To align with CalAIM expectations of integrating WPC and HHP under ECM:
  - Leverage HHP Community-Based Care Management Entities (CB-CMEs) to serve as ECM providers to ensure continuity of care
    - Delegate ECM to health networks as they act as CB-CME for HHP
- Allows members to stay with their health network and minimizes care disruption
- **Funding**: Anticipate State funding

In Lieu of Services (ILOS)

- Definition of ILOS
  - Flexible wrap-around services
  - Authorized and identified in the state's Medi-Cal Managed Care Plan contracts
  - Optional for both the plan to offer and the beneficiary to accept
  - Provided as a substitute to, or to avoid, other covered services, such as hospital or skilled nursing facility admission, emergency department use or delay in discharge

DHCS ILOS Options

1. Housing Transition Navigation Services	8. Nursing Facility Transition/Diversion to Assisted Living Facilities
2. Housing Deposits	9. Community Transition Services/Nursing Facility Transition to a Home
3. Housing Tenancy and Sustaining Services	10. Personal Care and Homemaker Services
4. Short-Term Post-Hospitalization Housing	11. Environmental Accessibility Adaptations (Home Modifications)
5. Recuperative Care (Medical Respite)	12. Meals/Medically Tailored Meals
6. Respite Services	13. Sobering Centers
7. Day Habilitation Programs	14. Asthma Remediation

Refer to Appendix J: In Lieu of Services Options in the CalAIM proposal for eligibility criteria, allowable providers and restrictions/limitations

Back to Agenda

CalOptima A Public Agency

Back to Item

CalOptima's ILOS Proposal

- To maintain continuity of care, CalOptima (as a carve-out) to offer the following ILOS services currently provided under WPC and HHP (Phase 1):
  - Housing Transition Navigation Services** (WPC, HHP)
  - Housing Tenancy and Sustaining Services** (WPC, HHP)
  - Housing Deposits (WPC)
  - Recuperative Care (Medical Respite) (WPC)
- **Service Providers**: Maintain current providers (through Letters of Agreement or contracts) while RFPs are developed
- **Funding**: IGT/Reserve monies (no anticipated State funding) until savings are realized

** Currently delegated to health networks through HHP

1. Executive Summary

The Department of Health Care Services (DHCS) has developed a framework that encompasses broad-based delivery system, program and payment reform across the Medi-Cal program, called CalAIM: California Advancing and Innovating Medi-Cal. CalAIM advances several key priorities of the Administration by leveraging Medicaid as a tool to help address many of the complex challenges facing California's most vulnerable residents, such as homelessness, behavioral health care access, children with complex medical conditions, the growing number of justice-involved populations who have significant clinical needs, and the growing aging population.

This proposal recognizes the opportunity to provide for non-clinical interventions focused on a whole-person care approach via Medi-Cal that targets social determinants of health and reduces health disparities and inequities. Furthermore, the broader system, program, and payment reforms included in CalAIM allow the state to take a population health, person-centered approach to providing services with the goal of improving outcomes for all Californians. Attaining such goals will have significant impact on an individuals' health and quality of life and, through iterative system transformation, will ultimately reduce the per-capita costs over time. DHCS intends to work with the Administration, Legislature and our other partners on these proposals and recognizes the important need to discuss these issues and their prioritization within the state budget process. These are updated proposals based on extensive stakeholder feedback. Implementation will ultimately depend on the availability of funding and the requisite federal approvals.

CalAIM implementation was originally scheduled to begin in January 2021, but was delayed due the impact of the COVID-19 public health emergency. As a result, DHCS is proposing a new CalAIM start date of January 1, 2022.

1.1 Background and Overview

Medi-Cal has significantly expanded and changed over the last ten years, most predominantly because of changes brought by the Affordable Care Act and various federal regulations, as well as state-level statutory and policy changes. During this time, DHCS has also undertaken many initiatives and embarked on innovative demonstration projects to improve the beneficiary experience. In particular, DHCS has increased the number of beneficiaries receiving the majority of their physical health care through Medi-Cal managed care plans. These plans are able to offer more complete care coordination and care management than is possible through a fee-for-service system. They can also provide a broader array of services aimed at stabilizing and supporting the lives of Medi-Cal beneficiaries.

Depending on their needs, some beneficiaries may access six or more separate delivery systems (managed care, fee-for-service, mental health, substance use disorder, dental,

Back to Agenda

Back to Item

developmental, In Home Supportive Services, etc.) in order to get their needs addressed. As one would expect, the need for care coordination increases with greater system fragmentation, greater clinical complexity, and/or decreased patient capacity for coordinating their own care. Therefore, in order to meet the behavioral, developmental, physical, and oral health needs of all members in an integrated, patient centered, whole person fashion, DHCS is seeking to integrate our delivery systems and align funding, data reporting, quality and infrastructure to mobilize and incentivize towards common goals.

Together, these CalAIM proposals offer solutions designed to ensure the stability of the Medi-Cal program and allow the critical successes of waiver demonstrations such as Whole Person Care Pilots, the Health Homes Program, the Coordinated Care Initiative, and the public hospital system delivery transformation, that advance the coordination and delivery of quality care to continue and be expanded to all Medi-Cal enrollees.

Our vision is that people served by our programs should have longer, healthier and happier lives. There will be a whole system, person centered approach to health and social care, in which services are only one element of supporting people to have better health and wellbeing throughout their whole lives. It will be an integrated “wellness” system, which aims to support and anticipate health needs, to prevent illness, and to reduce the impact of poor health.

The whole system, person centered approach will be equitable. Services and supports will deliver the same high quality of care, and achieve more equal health outcomes across the entire continuum of care, for all. It will improve the physical, behavioral, developmental, oral and long term services and supports, throughout their lives, from birth to a dignified end of life.

When people need support, care or treatment they will be able to access a range of services which are made seamless, and delivered as close to home as possible. Services will be designed around the individual and around groups of people, based on their unique need and what matters to them, as well as quality and safety outcomes.

To do this, we must change the expectations for our managed care and behavioral health systems. Holding our delivery system partners accountable for a set of programmatic and administrative expectations is no longer enough. We must provide a wider array of services and supports for complex, high need patients whose health outcomes are in part driven by unmet social needs and systemic racism. We must make the system changes necessary to close the gap in transitions between delivery systems, create opportunities for appropriate step-down care and mitigate social determinants of health, all hindering the ability to improve health outcomes and morbidity.

1.2 Guiding Principles

In 2018, the Care Coordination Advisory Committee developed a core set of guiding principles that were refined and established as the principles for the CalAIM initiative:

- Improve the member experience.
- Deliver person-centered care that meets the behavioral, developmental, physical, long term services and supports, and oral health needs of all members.
- Work to align funding, data reporting, quality, and infrastructure to mobilize and incentivize toward common goals.
- Build a data-driven population health management strategy to achieve full system alignment.
- Identify and mitigate social determinants of health and reduce disparities and inequities.
- Drive system transformation that focuses on value and outcomes.
- Eliminate or reduce variation across counties and plans, while recognizing the importance of local innovation.
- Support community activation and engagement.
- Improve the plan and provider experience by reducing administrative burden when possible.
- Reduce the per-capita cost over time through iterative system transformation.

1.3 Key Goals

To achieve these principles, CalAIM has three primary goals:

- Identify and manage member risk and need through whole person care approaches and addressing Social Determinants of Health;
- Move Medi-Cal to a more consistent and seamless system by reducing complexity and increasing flexibility; and
- Improve quality outcomes, reduce health disparities, and drive delivery system transformation and innovation through value-based initiatives, modernization of systems, and payment reform.

Below is an overview of the various proposals and recommendations that make up CalAIM. See **Appendix A: 2021 and Beyond: CalAIM Implementation Timeline** for more information.

1.4 Identify and Manage Member Risk and Need Through Whole Person Care Approaches and Addressing Social Determinants of Health

California continues to strengthen integration within the state's health care delivery system aimed at achieving better care and better health. In line with these objectives, DHCS is proposing reforms that would better identify and manage member risk and need for beneficiaries who may be challenged with medical and behavioral conditions, access to care, chronic illnesses and disabilities, and require multidisciplinary care to regain health and function.

To achieve these goals, DHCS proposes the following whole system, person centered approach that focuses on addressing the needs of beneficiaries across the system with the overarching goal of improving quality of life and health.

- Develop a statewide **population health management** strategy and require plans to submit local population health mangement plans.
- Implement a new statewide **enhanced care management benefit**.
- Implement **in lieu of services** (e.g. housing navigation/supporting services, recuperative care, respite, sobering center, etc.).
- Implement **incentive payments** to drive plans and providers to invest in the necessary infrastructure to build appropriate enhanced care management and in lieu of services capacity statewide.
- Pursue participation in the **Serious Mental Illness/Serious Emotional Disturbance Demonstration Opportunity**.
- Require screening and enrollment for Medi-Cal **prior to release from county jail**.
- **Pilot full integration** of physical health, behavioral health, and oral health under one contracted entity in a county or region.
- Develop a long-term plan for improving health outcomes and delivery of health care for **foster care children and youth**.

Population Health Management

Medi-Cal managed care plans shall develop and maintain a whole system, person-centered population health management strategy, which is a cohesive plan of action for addressing member needs across the continuum of care based on data driven risk stratification, predictive analytics, and standardized assessment processes. Each managed care plan shall provide, at a minimum, a description of how it will:

- Keep all members healthy by focusing on preventive and wellness services;
- Identify and assess member risks and needs on an ongoing basis;
- Manage member safety and outcomes during transitions, across delivery systems or settings, through effective care coordination; and

- Identify and mitigate social determinants of health and reduce health disparities or inequities.

Enhanced Care Management

DHCS proposes to establish a new, statewide enhanced care management benefit. An enhanced care management benefit would provide a whole-person approach to care that addresses the clinical and non-clinical circumstances of high-need Medi-Cal beneficiaries. Enhanced care management is a collaborative and interdisciplinary approach to providing intensive and comprehensive care management services to individuals. The proposed benefit builds on the current Health Homes Program and Whole Person Care Pilots, and transitions those services to this new statewide managed care benefit to provide a broader platform to build on positive outcomes from those programs.

Proposed target populations include:

- Children or youth with complex physical, behavioral, developmental, and oral health needs (e.g. California Children Services, foster care, youth with clinical high-risk syndrome or first episode of psychosis).
- Individuals experiencing homelessness, chronic homelessness or who are at risk of becoming homeless.
- High utilizers with frequent hospital admissions, short-term skilled nursing facility stays, or emergency room visits.
- Individuals at risk for institutionalization who are eligible for long-term care services.
- Nursing facility residents who want to transition to the community.
- Individuals at risk for institutionalization with serious mental illness (SMI), children with serious emotional disturbance (SED) or substance use disorder (SUD) with co-occurring chronic health conditions.
- Individuals transitioning from incarceration who have significant complex physical or behavioral health needs requiring immediate transition of services to the community.

In Lieu of Services & Incentive Payments

In order to build upon and transition the excellent work done under California's Whole Person Care Pilots, DHCS is proposing to implement in lieu of services, which are flexible wrap-around services that a Medi-Cal managed care plan will integrate into its population health strategy. These services are provided as a substitute to, or to avoid, other covered services, such as a hospital or skilled nursing facility admission or a discharge delay. In lieu of services would be integrated with care management for members at high levels of

risk and may fill gaps in state plan benefits to address medical or social determinants of health. The current list of in lieu of services includes:

- Housing Transition Navigation Services
- Housing Deposits
- Housing Tenancy and Sustaining Services
- Short-term Post-Hospitalization Housing
- Recuperative Care (Medical Respite)
- Respite Services
- Day Habilitation Programs
- Nursing Facility Transition/Diversion to Assisted Living Facilities, such as Residential Care Facilities for Elderly (RCFE) and Adult Residential Facilities (ARF)
- Community Transition Services/Nursing Facility Transition to a Home
- Personal Care and Homemaker Services
- Environmental Accessibility Adaptations (Home Modifications)
- Meals/Medically Tailored Meals
- Sobering Centers
- Asthma Remediation

The provision of in lieu of services is voluntary for plans and optional for beneficiaries, but the combination of enhanced care management and in lieu of services allows for a number of integration opportunities, including an incentive for building incremental change to achieve integrated managed long-term services and supports (MLTSS) in the managed care program by 2027 and building the necessary clinically-linked housing continuum for our homeless population. In order to be equipped with the required MLTSS and housing infrastructure, the state must use its ability to provide Medi-Cal managed care plans with financial incentive payments to work with their providers to invest in the necessary delivery and systems infrastructure, build appropriate care management and in lieu of services capacity, and achieve improvements in quality performance and measurement reporting that can inform future policy decisions.

SMI/SED Demonstration Opportunity

With some exceptions, federal Medicaid funding cannot be used to pay for services provided to a Medicaid beneficiary while the beneficiary is residing in an Institution for Mental Disease (IMD). This is referred to as the IMD exclusion. Generally, an IMD is a hospital, nursing home or other institution with more than 16 beds that is primarily

engaged in treating persons with mental diseases. However, the federal government has developed an opportunity for states to receive federal funding for institutional services provided to populations with a Serious Mental Illness or Serious Emotional Disturbance (SMI/SED), similar to the flexibility the state has secured for the Drug Medi-Cal Organized Delivery System (DMC-ODS) pilots. DHCS proposes to assess county interest in pursuing the SMI/SED demonstration opportunity, as long as our systems are positioned to achieve the required goals and outcomes, including building out a full continuum of care to offer beneficiaries community-based care in the least restrictive setting. Counties would voluntarily "opt-in" to participate. The main elements of the proposed SMI/SED demonstration opportunity would include:

- Ensuring high quality of care in psychiatric hospitals and residential settings, including required audits;
- Improving care coordination and transitions to community-based care;
- Increasing access to a full continuum of care including crisis stabilization and other clinically enriched forms of housing in the community with robust support services; and
- Earlier identification and engagement in treatment including through increased integration.

In pursuing this demonstration opportunity, counties that "opt-in" should be prepared to build out a robust continuum so individuals who begin at a higher level of institutional care can be stepped down to a less restrictive, community-based, residential setting.

Mandatory Medi-Cal Application Process upon Release from Jail and County Juvenile Facilities

Justice-involved individuals often receive both medical and behavioral health services while incarcerated. Upon release from jail or county juvenile facilities, proper coordination is needed to ensure the medical and behavioral health needs of an individual continue to be met, and additionally ensure critical non-clinical needs, such as housing, transportation, and overall integration back into the community are met. Studies have shown that these types of care coordination activities reduce unnecessary emergency room and inpatient stays, as well as improve treatment and medication adherence upon release from jail. To ensure all county inmates receive timely access to Medi-Cal services upon release from incarceration, DHCS proposes that California mandate a county inmate Medi-Cal application process by January 2023. Additionally, DHCS is proposing to mandate that jails and county juvenile facilities implement a process for facilitated referral and linkage from county institution release to county specialty mental health, Drug Medi-Cal, DMC-ODS, and Medi-Cal managed care plans when the inmate was receiving behavioral health services while incarcerated, to allow for continuation of behavioral health treatment in the community.

Full Integration Plans

DHCS would like to test the effectiveness of an approach to provide full integration of physical health, behavioral health, and oral health under one contracted entity. Due to the complexity of the policy considerations around this concept, DHCS will need to conduct extensive stakeholder engagement around issues such as eligibility criteria for entities, administrative requirements across delivery systems, provider network requirements, quality and reporting requirements, as well as complex financial considerations due to the current realignment and Proposition 30 structure of behavioral health. Given the complexity of this proposal and time needed for consideration and planning, DHCS expects that the first selected full integration plans would go live no sooner than 2027.

Develop a Long-Term Plan for Foster Care

In June 2020, DHCS launched the Foster Care Model of Care Workgroup to provide an opportunity for stakeholders to weigh in on a long-term plan and strategy for improving health outcomes and the delivery of fully-integrated health care services for foster care children and youth. The workgroup will complete its work in June 2021. Based on input from the workgroup, DHCS and the California Department of Social Services (CDSS) will develop a plan of action, which may involve budget recommendations, waiver amendments, state plan changes or other activities.

1.5 Moving Medi-Cal to a More Consistent and Seamless System by Reducing Complexity and Increasing Flexibility

Medi-Cal provides services to some of California's most vulnerable and medically complex beneficiaries, but many of the services vary depending on the county one lives in. DHCS is proposing to standardize and reduce complexity by implementing administrative and financial efficiencies across the state and aligning delivery systems to provide more predictability and reduce county-to-county differences. These reforms stretch across managed care, behavioral health, dental, and other county-based services.

To achieve such goals, DHCS proposes the following recommendations.

Managed Care

- Standardize managed care enrollment statewide
- Standardize managed care benefits statewide
- Transition to statewide managed long-term services and supports
- Require Medi-Cal managed care plans be National Committee for Quality Assurance (NCQA) accredited
- Implement regional rates for Medi-Cal managed care plans

Behavioral Health

- Behavioral health payment reform
- Medical necessity criteria
- Administrative behavioral health integration statewide
- Regional contracting
- Drug Medi-Cal Organized Delivery System (DMC-ODS) program renewal and policy improvements

Dental

- New benefit: Caries Risk Assessment Bundle for young children (0 to 6 years of age) and Silver Diamine Fluoride for young children (0 to 6 years of age) and specified high-risk and institutional populations, as described in detail below.
- Pay for Performance for two adult and 17 children preventive services codes and continuity of care through a Dental Home

County-Based Services

- Enhance oversight and monitoring of Medi-Cal Eligibility
- Enhance oversight and monitoring of California Children's Services and the Child Health and Disability Prevention program
- Improving beneficiary contact and demographic information

Managed Care

Managed Care Enrollment

DHCS proposes requiring all non-dual eligible Medi-Cal beneficiaries by January 2022 and all full- and partial-benefit dual beneficiaries by January 2023, statewide, to be enrolled mandatorily in a managed care plan. The one exception is for those for whom managed care enrollment is not appropriate due to limited scope of benefits or limited time enrolled. The goal is to align managed care enrollment practices that currently vary by aid code, population, and geographic location.

Standardize Managed Care Benefits

DHCS proposes to standardize managed care plan benefits, so that all Medi-Cal managed care plans provide the same benefit package by 2023. Some of the most significant changes are to carve-in institutional long-term care and major organ transplants into managed care statewide.

Transition to Statewide Managed Long-Term Services and Supports

To achieve a more standardized approach to comprehensive care coordination for all populations, DHCS is proposing to discontinue the Cal MediConnect pilot program at the end of calendar year 2022. DHCS proposes to transition from the pilot approach of the Coordinated Care Initiative (CCI) to standardized mandatory enrollment of dual eligibles into managed care. The goal is to achieve Medi-Cal benefits integration of long-term care into managed care for all Medi-Cal populations statewide, and to transition Cal MediConnect plans to Medicare Dual-Eligible Special Needs Plans (D-SNPs). This will be done in phases:

January 2022: The Coordinated Care Initiative (CCI) proceeds as today, except that the Multipurpose Senior Services Programs benefit would be carved out of managed care. DHCS will also implement voluntary in lieu of services at this time.

January 2023: Full transition to mandatory enrollment of dual eligibles into managed care. Further, all dual and non-dual fee-for-service (FFS) Medi-Cal beneficiaries residing in a long-term care facility will be enrolled in a managed care plan effective January 1, 2023. In addition, Medi-Cal managed care plans operating in CCI counties will be required to operate Medicare D-SNPs to transition the Cal MediConnect demonstration to a permanent, ongoing federal authority and to coordinate members' Medi-Cal and Medicare benefits.

January 2025: Medi-Cal managed care plans in non-CCI counties will be required to operate Medicare D-SNPs.

The purpose of these transitions and phases is to achieve a long-term goal of implementing MLTSS statewide in Medi-Cal managed care beginning in 2027, by providing enough time and incentive to develop the needed infrastructure. This will allow many duals to receive needed MLTSS and home and community-based services statewide through their managed care plan, instead of through a variety of 1915(c) HCBS waivers that currently have capped enrollment and are not statewide.

NCQA Accreditation of Medi-Cal Managed Care Plans

In order to streamline Medi-Cal managed care plan oversight and to increase standardization across plans, DHCS recommends requiring all Medi-Cal managed care plans and their health plan subcontractors to achieve National Committee for Quality Assurance (NCQA) accreditation by 2026. DHCS plans to use NCQA findings to certify or deem that Medi-Cal managed care plans meet certain state and federal Medicaid requirements.

Regional Rates

DHCS proposes to shift the development of Medi-Cal managed care plan rates from a county-based model to a regional rate model. The proposal to move to regional rates has two main benefits. The first benefit is a decrease in the number of distinct actuarial rating cells that are required to be submitted to CMS for review and approval. The reduction in rating cells will simplify the presentation of rates to CMS and allow DHCS to pursue/implement financing advancements and innovations utilizing a more flexible rate model. The second benefit of regional rates is cost averaging across all plans. This will continue to incentivize plan cost efficiencies, as plan rates will be inclusive of the costs within the multi-county region. This shift will produce a larger base for the averaging beyond the experience of plans operating within a single county. This change is fundamental to the ability of DHCS to implement and sustain the other changes proposed in CalAIM.

Behavioral Health

Behavioral Health Payment Reform

The state, in partnership with counties, must take serious steps to continue to invest in and improve access to mental health and substance use disorder (SUD) services for Medi-Cal beneficiaries. Behavioral health transformation is a critical priority for the Governor, the California Health and Human Services Agency, and for DHCS. We recognize that we need to improve quality of and access to care for children and other vulnerable populations. In order to achieve true system transformation, DHCS is committed to first achieving behavioral health payment reform, where DHCS will transition counties from a cost-based reimbursement methodology to a structure more consistent

with incentivizing outcomes and quality over volume and cost. This shift is being designed in conjunction with our county partners and will enable counties to participate in broader delivery system transformation efforts and engage in value-based payment arrangements with their health plan partners to support better coordination and integration between physical and behavioral health. This shift will be done thoughtfully with a key focus on ensuring no disruption of services or financial challenges for our county partners.

Behavioral health payment reform is an essential step to other opportunities for the counties around behavioral health integration, regional contracting and delivery system investments needed to advance a high-quality continuum of care for mental health and SUD services in the community.

Revisions to Behavioral Health Medical Necessity

The medical necessity criteria for specialty mental health services is outdated, lacks clarity, and should be re-evaluated. This issue creates confusion, misinterpretation, and could affect beneficiary access to services as well as result in disallowances of claims for specialty mental health and substance use disorder services. DHCS is proposing to update behavioral health medical necessity criteria to more clearly delineate and standardize requirements and to improve access for beneficiaries to appropriate services statewide.

Administrative Behavioral Health Integration

Approximately half of individuals with a serious mental illness (SMI) have co-occurring substance use and those individuals would benefit from integrated treatment. The state covers Medi-Cal SUD and specialty mental health services through separate county contracts, which makes it difficult for counties and contracted providers to offer integrated treatment to individuals with co-occurring disorders. For example, counties are subject to two separate annual quality assessments, two separate post-payment chart audits, and two separate reimbursement and cost reporting methods. In order to comply with these separate processes, providers offering integrated treatment to a Medi-Cal beneficiary must document SUD treatment services separately from specialty mental health services. The purpose of this proposal is to streamline the administrative functions for SUD and specialty mental health services.

Behavioral Health Regional Contracting

Small counties could optimize resources through regional administration and delivery of specialty mental health and SUD services to Medi-Cal beneficiaries. There are a variety of options available to counties, including a Joint Powers Authority to provide services for a multi-county region (e.g., Sutter/Yuba). Counties could also pool resources to contract with an administrative services organization/third-party administrator or other entity, such

as the local Medi-Cal managed care plan or County Medical Services Program, to create administrative efficiencies across multiple counties. Small counties, rural/frontier counties, and counties with shared population centers or complementary resources should consider opportunities for regional partnership. Furthermore, DHCS encourages counties to join the Drug Medi-Cal Organized Delivery System (DMC-ODS) or provide DMC services through a regional approach. DHCS is committed to working with counties to offer technical assistance to help develop regional contracts and establish innovative partnerships.

Drug Medi-Cal Organized Delivery System (DMC-ODS) Program Renewal and Policy Improvements

DHCS proposes to update the DMC-ODS program, based on experience from the first several years of implementation. Accordingly, DHCS proposes clarifying and/or changing policies to support the goal of improved beneficiary access to care, quality of care, and administrative efficiency.

Dental

The Department set an initial goal to achieve at least a 60 percent dental utilization rate for eligible Medi-Cal children. To continue progress toward achieving this goal, and based on lessons learned from the Dental Transformation Initiative (DTI), DHCS proposes the following statewide reforms for Medi-Cal dental coverage:

- Add new dental benefits based on the outcomes and successes from the DTI that will provide better care and align with national oral health standards. The proposed new benefits include a Caries Risk Assessment Bundle for young children and Silver Diamine Fluoride for young children and specified high-risk and institutional populations; and

- Continue and expand Pay for Performance Initiatives initiated under the DTI that reward increasing the use of preventive services and establishing/maintaining continuity of care through a dental home. These expanded initiatives would be available statewide for children and adult Medi-Cal enrollees.

County Partners

Enhancing County Oversight and Monitoring: Eligibility

This proposal will help to improve DHCS' oversight and monitoring of various aspects of Medi-Cal eligibility and enrollment and the activities of its contracted partners. This includes implementing additional county oversight activities to increase the integrity of the administration of the Medi-Cal program, as well as implementing the recommendations of the California State Auditor's Office. This proposal will also ensure that DHCS remains compliant with federal and state eligibility and enrollment requirements. These enhancements will be developed and implemented in direct collaboration with our county partners.

Enhancing County Oversight and Monitoring: CCS and CHDP

There are several programs – including California Children's Services, the Medical Therapy Program, and the Child Health and Disability Prevention program – that provide services to over 750,000 children in Medi-Cal. The state delegates certain responsibilities for these high-risk children to California's 58 counties and three (3) cities (Berkeley, Pasadena, and Long Beach). The state needs to enhance the oversight of counties to ensure they comply with applicable state and federal requirements. Enhancing monitoring and oversight will eliminate disparities in care and reduce vulnerabilities to the state and counties, thereby preserving and improving the overall health and well-being of California's vulnerable populations.

Improving Beneficiary Contact and Demographic Information

DHCS intends to convene a workgroup of interested stakeholders to provide feedback and recommendations on ways in which beneficiary contact and demographic information can be updated by other entities and the means to accomplish this, while maintaining compliance with all applicable state and federal privacy laws. The goal of the workgroup will be to determine the best pathway for ensuring that reported data is accurate and can be used in eligibility and enrollment systems/databases without creating unintended consequences for other social services programs, Medi-Cal beneficiaries, managed care plans, and the provider community.

1.6 Advancing Key Priorities

As DHCS has assessed the changes proposed under CalAIM, it has become apparent that these proposals are critically dependent upon each other -- without one, the others are neither possible nor powerful.

These reforms are fundamental to achieve the overall goals of improving the system and outcomes for Medi-Cal beneficiaries as well as providing long-term fiscal and programmatic sustainability to the Medi-Cal program and delivery system. In developing these recommendations, DHCS has recognized that individual proposals are significantly less likely to be achievable and successful if other key proposals are not pursued. For example, absent the proposed financing changes with respect to both the regional rate setting for Medi-Cal managed care and the structural changes to Medi-Cal behavioral health financing, the ability of our partnered plan and county entities to institute the changes focused on value-based and integrated delivery of care are significantly harder and potentially impossible to achieve.

These fundamental financing changes would not be possible without the elimination of differences across counties with respect to the delivery systems through which Medi-Cal benefits are delivered. Nearly every other proposal contained within CalAIM (such as enhanced care management, in lieu of services, and incentive payments, as well as the possibility of future full integration pilots) is critically dependent on the success of others.

The Medi-Cal program has evolved over the multiple decades since inception with ever-increasing system and fiscal complexities. CalAIM offers DHCS and the entire State of California an opportunity to take a step back to better assess what Medi-Cal beneficiaries need and alter the delivery systems accordingly, while at the same time working to be more effective and efficient with the finite funding available for the program.

CalAIM aligns with and advances several key priorities of the Administration. At its core, CalAIM recognizes the impact of Medi-Cal on the lives of its beneficiaries well beyond just accessing health services in traditional delivery settings. CalAIM establishes a foundation where investments and programs within Medi-Cal can easily integrate, complement and catalyze the Administration's plan to respond to the state's homelessness crisis; support reforms of our justice systems for youth and adults who have significant health issues; build a platform for vastly more integrated systems of care; and move toward a level of standardization and streamlined administration required as we explore single payer principles through the Healthy California for All Commission.

Furthermore, CalAIM will translate a number of existing Medi-Cal efforts such as Whole Person Care and the Health Homes Program, the prescription drug Executive Order, improving screenings for children, proliferating the use of value-based payments across our system, including in behavioral health and long-term care, into the future of the program. CalAIM will also support the ongoing need to increase oversight and monitoring of all county-based services, including specialty mental health and substance use disorder services, Medi-Cal eligibility administration, and other key children's programs currently administered by our county partners.

Below is an overview of the impact CalAIM could have on certain populations, if approved and funded as proposed:

Health for All: In addition to focusing on preventive and wellness services, CalAIM will identify patients with high and emerging risk/need and improve the entire continuum of care across Medi-Cal. This will ensure the system more appropriately manages patients over time, through a comprehensive array of health and social services spanning all levels of intensity of care, from birth and early childhood to end of life.

High Utilizers (top 5%): It is well documented that the highest utilizers represent a majority of the costs in Medi-Cal and in Medicaid nationally. CalAIM proposes enhanced care management and in lieu of services (such as housing-related services, transitions, respite, and sobering centers) that address the clinical and non-clinical needs of these high-cost Medi-Cal beneficiaries. The initiative envisions a collaborative and interdisciplinary whole person care approach to providing intensive and comprehensive care management services to improve health and mitigate social determinants of health.

Behavioral Health: CalAIM's behavioral health proposals would initiate a fundamental shift in how California organizes and administers specialty mental health and substance use disorder services. It aligns the financing of behavioral health with that of physical health, which provides financial flexibility to innovate, and enter into value-based payment arrangements that improve quality and access to care. Similarly, the reforms in CalAIM simplify administration of, and access to, integrated behavioral health care.

Vulnerable Children: CalAIM is designed to improve and streamline care for medically complex children to ensure they get their physical, behavioral, developmental, and oral health needs met. It aims to identify innovative solutions for providing low-barrier, comprehensive care for children and youth in foster care and furthers the efforts already underway to improve preventive services for children, including identifying the complex impacts of trauma, toxic stress, and adverse childhood experiences through, among other things, a reexamination of the existing behavioral health medical necessity definition.

Homelessness and Housing: The addition of in lieu of services would build capacity to the clinically-linked housing continuum for our homeless population, and would include housing transition navigation services, housing deposits, housing tenancy and sustaining services, short-term post hospitalization housing, recuperative care for inpatient transitions, and day habilitation programs.

Justice-Involved: Under the proposed Medi-Cal pre-release application mandate, enhanced care management and in lieu of services would provide the opportunity to better coordinate medical, behavioral health, and non-clinical social services for justice-involved individuals prior to and upon release from county jails and county juvenile

facilities. These efforts will support scaling of diversion and re-entry efforts aimed at keeping some of the most acute and vulnerable individuals with serious medical or behavioral health conditions out of jail/prison and in their communities, further aligning with other state hospital efforts to better support care for those who are incompetent to stand trial and other forensic state-responsible populations.

Aging Population: In lieu of services, carving in long-term care statewide, mandatory Medi-Cal managed care enrollment, and aligned enrollment for dual eligible beneficiaries in Medi-Cal and D-SNP plans would allow the state to build infrastructure over time to provide MLTSS statewide by 2027. MLTSS will provide appropriate services and infrastructure for integrated care and home and community-based services to meet the needs of aging beneficiaries and individuals at risk of institutionalization and is a critical component of the California's Master Plan for Aging.

1.7 From Medi-Cal 2020 to CalAIM

Through CalAIM, DHCS is undertaking a more targeted approach to consolidating its Medi-Cal benefit package to achieve better alignment across the system. While Medicaid Section 1115 authority has historically been the mechanism of choice for states interested in building and expanding managed care delivery systems, the use of the authority has evolved in recent years. The federal government no longer considers the "savings" generated from the shift from fee-for-service to managed care that occurred 15 years ago in Medicaid as relevant in calculating the required budget neutrality for waivers. CMS in recent guidance has also discontinued approval of traditional financing mechanisms in the Section 1115 context, namely the availability of federal funds for Designated State Health Programs and Safety Net Care Pools.

In addition, given that California has significant learnings from our past Section 1115 demonstrations, DHCS believes a primary shift to the use of other authorities is now appropriate to allow us to expand beyond limited pilots to more statewide initiatives. These factors, combined with federal managed care regulations, has encouraged DHCS to shift its focus away from the Section 1115 waiver authority to instead leverage other available pathways for delivery system transformation in the Medi-Cal program.

This proposal outlines all elements of the Medi-Cal 2020 waiver and how they will, or will not, be incorporated in to CalAIM. DHCS does not believe California is losing any critical funding or ability to improve and advance the delivery systems and ultimately improve the beneficiary experience and outcomes. In fact, the proposed shift will allow programs or pilots that have traditionally lived outside the core managed care system, where nearly 85% of all Medi-Cal beneficiaries receive care, to be brought into the main fold of the managed care delivery system.

In March 2020, as COVID-19 community spread accelerated, the State of California moved quickly to stem the spread by enacting one the nation's earliest stay-at-home orders. This stay-at-home order was accompanied by suspension of non-essential medical procedures, transition to telehealth for many services, transition to telework for administrative staff, and reprioritization of health care resources and training, including infection control measures, to address COVID. While the stay-at-home order and related delivery system changes slowed the spread of the virus, these changes caused significant disruption to the overall health care delivery system, and the economy, in California.

As a result, DHCS received multiple requests from organizations representing the state's health care delivery systems (e.g. counties, provider organizations, hospitals, behavioral health directors, and managed care plans). Stakeholders uniformly requested that, since providers and other partners are not able to properly prepare for CalAIM implementation given the focus and attention needed to respond to the COVID-19 emergency, the state request an extension of the Medi-Cal 2020 Section 1115 waiver.

In recognition, the Governor's revision to the state budget released in May 2020 postponed funding for CalAIM. This confluence of events prevented the state from moving ahead with the negotiation and implementation of CalAIM with a January 1, 2021 start. As such, the state prepared a 12-month extension request for the Medi-Cal 2020 Section 1115 demonstration. The request was posted for public comment in June 2020 and submitted to CMS on September 16, 2020. The 12-month extension is meant to serve as a bridge to a 5-year Section 1115 waiver renewal, primarily to continue key programs that require the authority, including the Global Payment Program (GPP) and the Drug Medi-Cal Organized Delivery System (DMC-ODS). In addition, DHCS is designing a comprehensive Section 1915(b) managed care waiver request for CMS that would also be for a 5-year period.

We look forward to working in close partnership with our federal CMS colleagues and local partners to ensure that the Medi-Cal program continues to change in ways that ultimately further the goals of improved health and outcomes, as well as cost-effectiveness, of the Medi-Cal/Medicaid program.

1.8 CalAIM Stakeholder Engagement

DHCS released the original CalAIM proposal in October 2019 ahead of an intensive four-month stakeholder engagement process. Between November 2019 and February 2020, five topic-specific workgroups comprised of stakeholders across the state participated in a series of robust in-person meetings. During these discussions, Workgroup members provided real-time feedback on the proposals as they evolved and offered helpful considerations with respect to implementation and operations. The public also had the opportunity to provide feedback on the proposals, both during the workgroup sessions and in writing. This iteration of the CalAIM proposal incorporates the broad range of

feedback received during the stakeholder engagement process. It should be noted that this resulting proposal is dependent on the funding availability through the state budget process, and federal approvals.

1.9 Conclusion

CalAIM is an ambitious but necessary proposal to positively affect Medi-Cal beneficiaries' quality of life by improving the entire continuum of care across Medi-Cal, and ensuring the system more appropriately manages patients over time through a comprehensive set of health and social services spanning all levels of intensity of care, from birth to end of life.

CalAIM:

- Keeps all beneficiaries healthy by focusing on preventive and wellness services, while also identifying and assessing member risk and need on an ongoing basis, during transitions in care, and across delivery systems, through effective care coordination.
- Creates a fundamental shift in how California organizes and administers specialty mental health and substance use disorder services, and aligns the financing of behavioral health with physical health, providing financial flexibility to innovate, and enter into value-based payment arrangements that improve quality and access to care.
- Ensures medically complex children and adults get their physical, behavioral, developmental, and oral health needs met.
- Builds capacity in a clinically-linked housing continuum via in lieu of services for California's homeless population, including housing transition navigation services, housing deposits, housing tenancy and sustaining services, short-term post hospitalization housing, recuperative care for inpatient transitions, and day habilitation programs.
- Provides the opportunity to better coordinate clinical and non-clinical services for justice-involved individuals prior to and upon release from jail and county juvenile facilities.
- Allows the state to build infrastructure over time to provide Managed Long-Term Services and Supports (MLTSS) statewide. MLTSS will provide appropriate services and infrastructure for integrated care and home and community-based services to meet the needs of aging beneficiaries and individuals at risk of institutionalization and is a critical component of the State's Master Plan for Aging.

2. Identifying and Managing Member Risk and Need through Whole Person Care Approaches and Addressing Social Determinants of Health

This section will walk through proposals to identify and manage member risk and need:

- Population Health Management Program
- Enhanced Care Management
- In Lieu of Services
- Shared Risk, Shared Savings, and Incentive Payments
- SMI/SED Demonstration Opportunity
- Full Integration Plans
- Long-Term Plan for Foster Care

2.1 Population Health Management Program

2.1.1 Background

DHCS currently does not have a specific requirement for Medi-Cal managed care plans to maintain a population health management (PHM) program, which is a model of care and a plan of action designed to address member health needs at all points along the continuum of care. Many Medi-Cal managed care plans have a population health management program – often in the context of meeting National Committee for Quality Assurance (NCQA) requirements – but some do not. In the absence of a population health management program, beneficiary engagement is often driven by a patchwork of requirements that can lead to gaps in care and a lack of coordination.

The goal of this proposal is to improve health outcomes and efficiency through standardized core population health management requirements for Medi-Cal managed care plans, including NCQA requirements and additional DHCS requirements. The population health management program will be comprehensive and address the full spectrum of care management – including assessing population level and individual member health risks and health-related social needs, creating wellness, prevention, case management, care transitions programs to address identified risks and needs, and using stratification to identify and connect adult and pediatric members to the appropriate programs. Additionally, Medi-Cal managed care plans will develop predictive analytics about which members, communities or populations are emerging as high risk as well as identify and address the needs of outliers with more specific services and supports.

2.1.2 Proposal

All Medi-Cal managed care plans shall develop and maintain a whole system, person-centered population health management program, where the plan will partner with contracted health care providers and community-based partners to identify and address members' health and health-related social needs. Medi-Cal managed care plans shall consult with their local public health department and county behavioral health department during the development of the population health management program.

The population health management program shall meet NCQA standards for population health, regardless of whether the plan is NCQA accredited. In addition to the NCQA accreditation processes, the population health management program description must be filed with the state via the population health management template (forthcoming). After the initial program description submission, the Medi-Cal managed care plan will submit certain portions of the program description, including any changes, to DHCS annually, but significant portions of the program description will only be required to be submitted to DHCS once every three years.

Each Medi-Cal managed care plan shall include, at a minimum, a description of how it will meet the core objectives to:

- Keep all members healthy by focusing on preventive and wellness services;
- Identify and assess member risks and needs on an ongoing basis;
- Manage member safety and outcomes during transitions, across delivery systems or settings, through effective care coordination;
- Identify and mitigate social determinants of health; and
- Reduce health disparities or inequities.

The population health management program shall:

- Include the goal to improve the health outcomes of communities and groups;
- Utilize data to analyze community and population level health and health-related social needs and set measurable goals for improvement;
- Utilize initial and ongoing assessments of data to analyze individual member's needs and identify groups and individuals within groups for targeted interventions;
- Provide assistance for members to navigate health delivery systems, acquire self-care skills to improve functioning and health outcomes, slow the progression of

disease or disability, and support members with serious illness as their disease progresses;

- Coordinate care across the continuum of medical, behavioral health, developmental, oral health, and long-term services and supports, including tracking referrals and outcomes of referrals;
- Deploy strategies to address individual needs and mitigate social determinants of health;
- Deploy strategies to drive improvements in health for specific populations proactively identified as experiencing health disparities;
- Partner with appropriate community-based providers to support individual members, families, and caregivers in managing care.
- Utilize evidence-based practices in screening and intervention;
- Utilize a person-centered and family-centered approach for care planning; and
- Continually evaluate and improve on the population health management program strategy on an ongoing basis through meaningful quality measurement.

Assessment of Risk and Need

1. Initial Data Collection and Population Risk Assessment

As reflected in the NCQA Population Health program requirements and the DHCS Population Needs Assessment All Plan Letter (APL), the Medi-Cal managed care plan shall collect electronically available data sources in order to analyze data that capture the information on member health status and utilization (including physical, behavioral, and oral health), health-related social needs, and linguistic, racial, and cultural characteristics. As part of the population health management requirements, DHCS will continue to apply the existing Population Needs Assessment (PNA) APL requirements to hold the Medi-Cal managed care plans accountable for a PNA, which include requirements for analyzing health disparities and engaging external stakeholders as part of the process. DHCS will consult with NCQA to ensure the PNA APL data requirements meet NCQA data requirements for the population assessment.

The PNA requires that Medi-Cal managed care plans collect and analyze this data across the plan's entire Medi-Cal member population to identify opportunities at a population level to improve health. One example of how this might be done is through a type of analysis commonly known as "hot spotting." As noted in the PNA and NCQA

requirements, key issues Medi-Cal managed care plans must analyze in the assessment include:

- Acute, chronic, and prevention/wellness health needs;
- Areas of clinically inappropriate, over and under-utilization of health care resources;
- Opportunities for better care management and quality improvement;
- Health disparities by race, ethnicity, language, and functional status; and
- Health-related social needs at the community or local level.

The results of the PNA will inform the development of programs and strategies that the Medi-Cal managed care plan will use to address the needs of specific populations. Determining which individuals have access to these specific programs and strategies will be driven by the subsequent member-level risk stratification, population segmentation, and case management activities. Consistent with the PNA APL, Medi-Cal managed care plans must use the assessment to develop and implement an action plan to address community and population needs. DHCS does not currently plan to provide more specific requirements regarding community and population-level program development, but in the population health management template, Medi-Cal managed care plans will be asked indicate what they will be doing in this area, which also may be a focus of future learning collaborative best practice work.

2. Initial Risk Stratification, Segmentation and Tiering

Risk stratification or segmentation will enable Medi-Cal managed care plans to identify specific members who may benefit from wellness, prevention, and disease management activities; members who can benefit from case management; and members who are at risk for developing complex health issues. Consistent with NCQA Population Health program requirements, Medi-Cal managed care plans will be required to risk stratify and segment members into groups that it will use to develop and implement case management, wellness, and health improvement programs and strategies. Medi-Cal managed care plans will also be required to use DHCS-defined criteria to tier its members into four risk tier categories and report that information to DHCS.

Consistent with the NCQA Population Health program requirements, Medi-Cal managed care plans shall conduct the risk stratification and segmentation and DHCS risk tiering using an integrated data and analytics stratification process that considers at least the following sources:

- Previous screening or assessment data;
- Disengaged member reports;
- Claims or encounter data, including all fee-for-service data provided by DHCS;

- And to the extent available:
    - Available social needs data, including housing status ICD-10 data; and
    - Electronic health records.

Risk Stratification or Segmentation: Medi-Cal managed care plans will analyze each individual's data based on the minimum, mandatory list of data sources described above and will then risk stratify and segment members into meaningful sub-populations. The Medi-Cal managed care plan will use risk stratification and segmentation to identify specific members who may benefit from targeted interventions and programs designed to meet identified member needs. Risk stratification and segmentation must occur within 44 days of the effective date of plan enrollment.

The Medi-Cal managed care plan may use its own algorithm to risk stratify or segment its population or it may use the DHCS-defined risk tiers described below as a starting point for further stratification and segmentation. The design of the algorithm, including how the data is stratified and segmented as part of the algorithm, should be informed by the health needs identified through the population assessment and designed so that the Medi-Cal managed care plan can group individual members into meaningful categories and subsequently outreach to individual members within those categories for tailored interventions and programs designed to achieve specific health outcomes. Medi-Cal managed care plans will incorporate enhanced care management into their segmentation in accordance with DHCS enhanced care management target population guidance and Medi-Cal managed care plan flexibility afforded for the enhanced care management benefit. When risk stratifying its member population, Medi-Cal managed care plans must use a validated risk grouper.

Risk stratification or segmentation algorithms shall include past medical and behavioral health service utilization but must also incorporate other data such as health conditions, risk factors, and disease progressions, in order to avoid exacerbating underlying biases in utilization data that may drive health disparities. Medi-Cal managed care plans must analyze the results of its stratification/segmentation algorithm to identify and correct any biases the algorithm may introduce based on race, ethnicity, language, functional status, or other sources of health disparities. In the population health management program description, the Medi-Cal managed care plan will submit to DHCS its list of stratification/segmentation data sources, the risk stratification/segmentation algorithm (or the name of the tool if it is proprietary), and also the method of bias analysis. To promote transparency and best practices, these three pieces of information will be made available for public viewing on DHCS' website and will also be a focus of continuing Medi-Cal managed care plan learning collaborative activities.

Based on the risk stratification/segmentation and the findings from Individual Risk Assessment (IRA) described below, the Medi-Cal managed care plan will link the member with the appropriate services including, but not limited to, wellness and prevention, general case management, complex case management, enhanced care management, in lieu of services (as available) external entity coordination, and transition coordination. Specific minimum requirements for each of these categories are listed in their own sections below.

DHCS Risk Tiering Requirements. This risk tiering process, including the IRA described below, will satisfy federal Medicaid Managed Care Final Rule requirements for initial risk assessment. Medi-Cal managed care plans will use DHCS-defined criteria to assign each member into one of four risk tiers: (1) low risk; (2) medium and rising risk; (3) high risk; and (4) unknown risk. The criteria for these tiers will be developed by DHCS.

The types of criteria used will be similar (but not the same) as the DHCS criteria for risk stratifying seniors and persons with disabilities (SPDs) into low- and high-risk groups. The criteria will align with the questions that DHCS will develop for the IRA survey tool, which is addressed in the next section. “High risk” members are those who are at increased risk of having an adverse health outcome or worsening of their health status. “Medium and rising risk” members are those that are stable at a medium risk level and those whose health status suggest they have the potential to move into the high-risk category.

Members at the medium/rising and high risk levels likely require additional provider-level assessment, care coordination, and/or possibly case management, or other specific services, which will be determined by the Medi-Cal managed care plan’s population segmentation strategy and coordination with providers. “Low risk” members are those who, in general, only require support for wellness and prevention. “Unknown risk” members are those who do not have sufficient data to stratify into a risk tier and for whom the Medi-Cal managed care plan is unable to complete a member-contact screening risk assessment. The IRA survey tool will be designed to have enough information to allow for risk tier assignment on its own if there is insufficient available historical data for the member.

DHCS will develop a process to validate Medi-Cal managed care plans’ implementation of the DHCS risk tier criteria to ensure consistent application and output statewide.

3. Individual Risk Assessment Survey Tool

DHCS will develop a standardized, 10-15 question Individual Risk Assessment (IRA) Survey Tool. There will be two versions, one for children and one for adults. Medi-Cal managed care plans will use the IRA to: (1) confirm or revise the initial DHCS risk tier to which the member was assigned; (2) gather consistent information for members without sufficient data; and (3) add information that will be used as part of its own stratification/segmentation algorithms and population health management strategy.

DHCS' goal in the development of the IRA questions will be to ensure they are validated and can be used with a scoring mechanism so that the IRA information can be integrated into the Medi-Cal managed care plan's risk stratification/segmentation process. DHCS will translate the questions into the threshold languages. Medi-Cal managed care plans will have the flexibility to add questions of their choosing to the IRA and would then also translate those additional questions into all threshold languages. It is expected that Medi-Cal managed care plans will conduct subsequent and separate screenings (or add supplemental questions) to identify specific issues and priorities to address.

The IRA will replace the assessments below:

- Staying Healthy Assessment/Individual Health Education Behavioral Assessment (SHA/IHEBA)
- Health information form/member evaluation tool (HIF/MET)
- Health risk stratification and assessment survey for SPDs
- Whole Child Model Assessment
- The Initial Health Assessment (IHA) provider visit (within 120 days of enrollment) will remain a requirement, but DHCS contracts and policies will not specify provider requirements for that visit.

Medi-Cal managed care plans will continue to be required to ensure the provision of preventive and other services in accordance with contractual requirements and accepted standards of clinical care.

Members assigned to the DHCS medium/rising, high, and unknown risk tiers must be contacted within 90 (medium/rising) and 45 (high and unknown) calendar days respectively to assess their needs. The IRA may be done via multiple modalities, including phone, in-person, electronic, or mail, as long as the screening responses can be transposed into an electronic format that allows for data mining and data exchange of key elements with DHCS. Data exchange of IRA elements with DHCS is not required at this time. Medi-Cal managed care plans should use this modality flexibility to maximize successful contact. Medi-Cal managed care plans shall make at least three (3) attempts to contact a member using available modalities.

If the Medi-Cal managed care plan is unable to obtain a completed IRA from a member, it has the option to create a process for working with the member's assigned primary care provider to: 1) have the member complete the assessment with them; and 2) transfer the resulting information to the Medi-Cal managed care plan.

Medi-Cal managed care plans will use the IRA information to assign or revise the member's DHCS risk tier. Once that process is complete, Medi-Cal managed care plans will be responsible for reporting the member's assigned risk tier to DHCS in an electronic format to enable better tracking and assessment of the impacts of the population health

management program. The Medi-Cal managed care plan will also share information regarding the assigned member's risk tier to the member's assigned PCP in an electronic format. If the member transfers to another Medi-Cal managed care plan, DHCS will provide the member's risk tier to the new Medi-Cal managed care plan.

The IRA questions will align with the DHCS-specified criteria for high, medium/rising, and low risk tiers. It is DHCS's intent that the structure of the IRA will meet NCQA requirements for a Health Appraisal.

- The IRA will include 10-15 questions, which seek to identify preliminary risk information for the following elements: Behavioral, developmental, physical, Long Term Services and Supports, and oral health needs;
- Emergency department visits within the last six months;
- Self-assessment of health status and functional limitations;
- Adherence to medications as prescribed;
- Assessment of health literacy and cultural and linguistic needs;
- Desire or need for case management;
- Ability to function independently and address his/her own health needs;
- Access to basic needs such as education, food, clothing, household goods, etc.;
- Use or need for long-term services and supports;
- Availability of social supports and caregiver;
- Access to private and public transportation;
- Social and geographic isolation; and
- Housing and housing instability assessment;

4. Reassessment

At a minimum, the Medi-Cal managed care plan shall reassess risk and need, including rising risk, of all members annually both the DCHS risk tiering and its own risk stratification/segmentation process. Individual members' risk and need may need to be re-evaluated throughout the year based on a change in condition or level of care, such as an inpatient admission or new diagnosis, the availability of new data, or a case management interaction.

Medi-Cal managed care plans must describe what events or data trigger the re-evaluation process for individual members. In the population health management program description, the Medi-Cal managed care plan must inform DHCS what minimum risk groups would require regular assessment in between the annual risk stratification process. However, this does not limit the Medi-Cal managed care plan from conducting additional assessments beyond what is defined as required by DHCS.

5. Provider Referrals

Medi-Cal managed care plans must establish a process by which providers may make referrals for members to receive case management or services for other emerging needs. Referrals for case management should lead to a re-evaluation of risk stratification and DHCS risk tier assignment. Medi-Cal managed care plans must consider and integrate information received through referrals when determining members' risk stratification.

Actions to Support Wellness and Address Risk and Need

1. General Requirements and Services

The Medi-Cal managed care plan shall integrate required activities with the population health management program as appropriate including, but not limited to member services, utilization management, referrals, transportation, health/plan/benefit education, appointment assistance, warm-handoffs to community-based organizations or other delivery systems, system navigation, primary care provider member assignment, community outreach, preventive services, and screenings for all members.

The Medi-Cal managed care plan shall provide a toll-free line for primary care providers and specialists who seek technical and referral assistance when any physical or behavioral condition requires further evaluation or treatment. Available information shall include assistance in arranging for referrals, including mental health and SUD treatment referrals, developmental services referrals, dental referrals, referrals to home-based medical/social services for people with serious illness, and referrals to long-term services and supports. Communication about the availability of this consultation service shall be found on the front-page of the Medi-Cal managed care plan's website and in materials supplied to providers.

The Medi-Cal managed care plan shall provide a 24-hours-a-day, 7-days-a-week, toll-free nurse advice line for members who seek technical, clinical, and referral assistance for physical, oral, and behavioral health services to address urgent needs.

The Medi-Cal managed care plan shall demonstrate how they support practice change activities, the deployment of evidence-based tools for providers, and models of service delivery that optimize health care and coordinated health care and social services. Finally, the Medi-Cal managed care plan shall develop or provide access to a current and updated community resource directory for case managers and contracted providers.

2. Wellness and Prevention Services

The Medi-Cal managed care plan shall provide wellness and prevention services in accordance with NCQA and contractual requirements. The population health management program shall integrate wellness and prevention services for all members, regardless of risk tier, according to the benefits outlined in the managed care contract including, but not limited to, the following:

- Provide preventive health visits, developmental screenings, and services for:
  - All children (under 21 years of age) in accordance with the American Academy of Pediatrics Bright Futures periodicity schedule.
  - All adults in accordance with US Preventive Services Task Force Grade "A" and "B" recommendations.
- Monitor the provision of wellness and preventive services by primary care providers as part of the Medi-Cal managed care plan Facility Site Review process.
- Provide health educational materials about topics such as disease management, preventive services, Early and Periodic Screening, Diagnostic, and Treatment services, how to access benefits, and other managed care plan health promotion materials.

3. Managing Members with Medium/Rising Risks

The population health management program shall:

- Provide screening for Adverse Childhood Experiences (ACEs) for children and adults, based on the recommended periodicity schedule as specified in the Medi-Cal managed care contract.
- Ensure members receive appropriate follow-up for behavioral, developmental, physical, and oral health needs including preventive care, care for chronic conditions, and referrals to long-term services and supports, as appropriate;

- Refer members identified, through assessment or re-assessment, as needing care coordination or case management to the member's case manager for follow-up care and needed services within 30 calendar days; and

- Assess individual social care needs and deploy appropriate community resources and strategies to mitigate the adverse childhood experiences (ACEs) toxic stress and impacts of social determinants of health in partnership with providers and community organizations.

Additionally, Medi-Cal managed care plans will be required to use predictive analytics to inform them about which patients, communities or populations are emerging as high risk as well as identify and address the needs of outliers with more specific services and supports. To address this focus, Medi-Cal managed care plans shall incorporate the DHCS Population Needs Assessment and NCQA Population Health program requirements on this topic into their population health management strategy. Identifying and addressing the needs of specific high-risk communities and populations – sometimes referred to as "hot spotting" – will be a focus of the population health management learning collaborative and DHCS will continue to assess best practices in this area.

4. Case Management

Case management services actively assist at-risk members in navigating health delivery systems and acquiring self-care skills to improve functioning and health outcomes, slow the progression of disease or disability or prepare for the progression of a serious illness. Case management services are intended for members who are medium- or high-risk or may have rising risks that would benefit from case management services. Members determined to be low risk should continue to receive wellness and prevention services as well as other medically necessary services.

Case management services include the following, as needed and appropriate:

- Screening beyond the IRA to identify and prioritize goals and needs for case management, including both health issues, ACEs and toxic stress, and health-related social needs
- Documentation in an electronic format of the individual care plan and assigned case manager for each member (required for all case management).
- Utilization of evidence-based practices in screening and intervention.
- Ongoing review of the member's goals and care plan as well as identifying and addressing gaps in care.
- Support from an inter-professional team with one primary point of contact for the member.

- Access to person-centered planning, including advanced care planning regarding preferences for medical treatment, and education and training for providers and families.
- Continuous information sharing and communication with the member and their providers.
- Ensuring a person-centered and family-centered approach by identification of member's circle of support or caregiver(s).
- Coordination and access to medically necessary health services and coordination with entities that provide mental health, substance use disorder services, and developmental and oral health services.
- Ensuring coordination and access to community-based services, such as home care, personal care services, and long-term services and supports.
- Developing relationships with local community organizations to implement interventions that address social determinants of health (e.g. housing support services, nutritional classes, etc.).
- Coordinating authorization of services including timely approval of and arranging for durable medical equipment, pharmacy, private duty nursing, palliative care, and medical supplies.
- Promoting recovery using community health workers, peer counselors, and other community supports.
- Requesting modifications to treatment plans to address unmet service needs that limit progress.
- Assisting members in relapse and/or crisis prevention planning that includes development and incorporation of recovery action plans, and advance directives for individuals with a history of frequent mental health readmissions or crisis system utilization.
- Assisting members in care planning related to cognitive impairment, traumatic brain injury, Alzheimer's disease, and dementia.
- Performance measurement and quality improvement using feedback from the member and caregivers.
- Delivery of services in a culturally competent manner that addresses the cultural and linguistic needs by interacting with the member and his or her family in the member's primary language (use of interpreter allowed), with appropriate consideration of literacy and cultural preference.
- If the Medi-Cal managed care plan assigns a case manager outside the plan, written agreements shall define the responsibility of each party in meeting case management requirements to ensure compliance and non-duplication of services. If situations arise where a member may be receiving care coordination from multiple entities, the Medi-Cal managed care plan shall identify a lead care coordinator.

If a member changes enrollment to another Medi-Cal managed care plan, the Medi-Cal managed care plan shall coordinate transition of the member to the new plan's case management system to ensure services do not lapse and are not duplicated in the transition. The Medi-Cal managed care plan must also ensure member confidentiality and member rights are protected.

Members may be assigned to one of three types of case management based on assessment of risk and need.

The three types of case management include:

- **Basic Case Management:** Basic case management would be appropriate for members who require planning and coordination that is not at the highest level of complexity, intensity, or duration. These services are provided by the Medi-Cal managed care plan, clinic-based staff, or community-based staff, and may be provided by non-licensed staff. These services may include assignment to a certified patient-centered medical home, participation in a Medi-Cal managed care plan disease management program or participation in another Medi-Cal managed care plan population health management program.

- **Complex Case Management:** The Medi-Cal managed care plan shall provide complex case management in accordance with NCQA requirements. NCQA defines complex case management as "a program of coordinated care and services for members who have experienced a critical event or diagnosis that requires extensive use of resources." NCQA allows organizations to define "complex." Complex case management generally involves the coordination of services for high-risk members with complex conditions.

- **Enhanced Care Management:** The proposed Enhanced Care Management benefit is designed to provide a whole-person approach to care that addresses the clinical and non-clinical needs of high-cost and/or high-need Medi-Cal beneficiaries enrolled in Medi-Cal managed care plans. Enhanced care management is a collaborative and interdisciplinary approach to providing intensive and comprehensive care management services to targeted individuals. Through collaborative leadership and systematic coordination among public and private entities, the enhanced care management benefit will serve target populations, benefit from data sharing between systems, and coordinate care in real time for beneficiaries. DHCS will evaluate individual and population progress — all with the goal of providing comprehensive care and achieving better health outcomes.

The population health management program description shall describe how and when the services are utilized in conjunction with the risk stratification process, as members with changing risk and needs may require changing levels of case management. If the Medi-Cal managed care plan delegates or contracts with a provider for case management or transition of care services, it must do so in accordance with the NCQA's population health management delegation requirements.

5. In Lieu of Services

"In lieu of services" are flexible wrap-around services that the Medi-Cal managed care plan will integrate into their population health management programs. These services are provided as a substitute or to avoid utilization of other services such as hospital or skilled nursing facility admissions, discharge delays, or emergency department use. In lieu of services should be integrated with case management for members at medium-to-high levels of risk and may fill gaps in Medi-Cal State Plan benefits to address medical or other needs that may arise due to social determinants of health. DHCS is proposing the initial use of in lieu of services to serve as a transition of the work done through existing pilots (e.g. Whole Person Care, the Health Homes Program, the Coordinated Care Initiative, etc.), as well as inform the development of future potential statewide benefits that may be instituted.

Examples of the in lieu of services that DHCS proposes to cover include many of the services currently provided in the Whole Person Care Pilot program that are not covered as Medi-Cal State Plan benefits. Some of these include, but are not limited to, respite, recuperative care, medically tailored meals, supplemental personal care services, housing tenancy navigation and sustaining services, and sobering centers. Medi-Cal managed care plans will develop a network of providers of allowable in lieu of services with consideration for which community providers have expertise and capacity regarding specific types of services. See **Appendix J: In Lieu of Services Options** for more detail.

6. Coordination between Medi-Cal Managed Care Plans and External Entities

The Medi-Cal managed care plan shall describe in the population health management program description how they will coordinate with, and refer members to, health care and social services/programs including, behavioral health services, dental, and home and community-based services. Referrals must be culturally and linguistically appropriate for the member. The Medi-Cal managed care plan must coordinate with competent external entities to provide all necessary services and resources to the member. These entities should be listed as part of the population health management program description identifying specific services each named entity will provide plan members. The Medi-Cal managed care plan's population health management

program description shall include assurance of payment to Indian Health Care Providers.

7. Transitional Services

The Medi-Cal managed care plan shall ensure transitional services are provided to all members who are transferring from one setting, or level of care, to another. The Medi-Cal managed care plan shall work with appropriate staff at any hospital that provides services to its members, whether contracted or non-contracted in the case of emergency services, to implement a safe, comprehensive discharge plan. The plan must provide continued access to medically necessary covered services that will support the member's recovery and prevent readmission.

The Medi-Cal managed care plan shall have in place operational agreements or shall incorporate transitional language into existing network arrangements with the Medi-Cal managed care plan's contracted community physical and behavioral health hospitals, residential treatment facilities and long-term care facilities, as applicable, to ensure smooth transitions. Transition services shall include tribal consultation/outreach for protections involving American Indians and Indian Health Clinic providers. The operational agreements shall define the responsibility of each party in meeting the following requirements:

- Completion of a standardized discharge risk assessment tool. The tool shall assess risk for re-institutionalization, re-hospitalization, and/or substance use disorder treatment recidivism. Each Medi-Cal managed care plan's discharge screening tool must be approved by DHCS;
- Development of a written discharge plan, shared with the beneficiary and all treating providers, to mitigate the risk of readmission and other negative health outcomes;
- Obtain the member's permission to share information with clinical and non-clinical providers to facilitate care transitions;
- Develop discharge planning policies and procedures in collaboration with all hospitals;
- Process all hospital prior authorization requests for clinic services within two business days. Such services shall include authorizations for therapy, home care services, equipment, medical supplies, and pharmaceuticals;
- Educate hospital discharge planning staff on the clinical services that require pre-authorization to facilitate timely discharge from the hospital; and
- Prevent delayed discharges from a hospital due to Medi-Cal managed care plan authorization procedures or transition to a lower level of care.

8. Skilled Nursing Facility Coordination

The Medi-Cal managed care plan shall coordinate with hospital or other acute care facility discharge planners and nursing facility case managers or social workers to ensure a smooth transition to or from a skilled nursing facility or nursing facility. The Medi-Cal managed care plan shall coordinate with the facility to provide case management and transitional care services and ensure coverage of all medically necessary services not included in the negotiated daily rate. This includes, but is not limited to, prescription medications, durable medical equipment, intravenous medications, and any other medically necessary service or product.

- If the Medi-Cal managed care plan, in coordination with the nursing facility or skilled nursing facility, anticipates the member will be in the facility after a member no longer meets criteria for medically necessary skilled nursing care or rehabilitative care, the Medi-Cal managed care plan shall assist the member in exploring all available care options. This includes potential discharge to a home or community residential setting, or to remain in the skilled nursing facility for long-term services and supports.
- If the member is discharged to a home or to a community residential setting, the Medi-Cal managed care plan shall coordinate with the facility to ensure the member is in a safe location. The plan shall ensure medically necessary services are available including, but not limited to, home health services, durable medical equipment and supplies, outpatient rehabilitation services, and any other services necessary to facilitate the member's recovery. The Medi-Cal managed care plan shall also ensure follow-up care is provided consistent with the transitional service requirements listed above.

Population Health Management Oversight

The Medi-Cal managed care plan shall have internal monitoring processes in place to ensure compliance with the population health management program requirements. Quality assurance reviews of documented population health management activities shall include:

- Case identification and assessment according to established risk stratification system;
- Electronically documented treatment plans and care plans with evidence of periodic revision as appropriate to emerging member needs;
- Referral management;
- Effective coordination of care, including coordination of services that the member receives through the fee-for-service system; and

- Identification of appropriate actions for the case manager to take in support of the member, and the case manager's follow-through in performing the identified tasks.

The Medi-Cal managed care plan shall document quality assurance reviews on an annual basis or upon DHCS' request and submit them to DHCS for review. Medi-Cal managed care plans are responsible for ensuring that their delegates comply with all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including All Plan Letters, Policy Letters, and Dual Plan Letters. These requirements must be communicated by each Medi-Cal managed care plan to all delegated entities and sub-Medi-Cal managed care plans. The Medi-Cal managed care plan must submit a population health management oversight plan in accordance with NCQA requirements for any entities to which they delegate population health management functions. Such plans would need to be reviewed and approved by the state.

Health Information Technology to Support Integrated Care and Care Coordination

The Medi-Cal managed care plan will work to implement health information technology to support population health principles, integrated care, and care coordination across the delivery system. Examples of health information technology include, but are not limited to, electronic health records, emergency department information exchange, clinical data repositories, registries, decision support and reporting tools that support clinical decision-making, and case management. An overarching goal of the population health management program is to expand interoperable health information technology and health information exchange infrastructure, so that relevant data (including clinical and non-clinical) can be captured, analyzed, and shared to support provider integration of behavioral health and medical services, case management oversight and transitional planning, value-based payment models, and care delivery redesign.

The Medi-Cal managed care plan shall develop data exchange protocols, including member information sharing protocols, before initiating services with any subcontracted entity. Protocols must support integrated behavioral health-physical health coordination including, but not limited to, sharing of claims and pharmacy data, treatment plans or care plans, and advance directives necessary to coordinate service delivery and care management for each member in accordance with applicable privacy laws.

Improved data collection, specifically of encounter data at the provider level, is a critical component of achieving the goals of this proposal, and DHCS will be working with plans and providers to achieve this goal.

Accountability and Oversight of Medi-Cal Managed Care Plans

In order to hold Medi-Cal managed care plans accountable for the activities proposed here, DHCS will increase its oversight and assessment of the plans to include changes

to its audit procedures and the imposition of corrective action plans and financial sanctions, when appropriate. DHCS recognizes that, through this and the other CalAIM proposals, the responsibility of Medi-Cal managed care plans will increase over time, and therefore DHCS' approach to oversight and accountability must also grow and change in conjunction with these proposals. DHCS is committed to providing Medi-Cal managed care plans technical assistance to support the smooth adoption of these changes.

Future Policy Development and Technical Assistance

As technical assistance for Medi-Cal managed care plans in development of their population health management programs, DHCS will provide submission templates and best practice examples of Medi-Cal managed care plan population health management programs from California and other states. DHCS will also create a DHCS-operated learning collaborative for Medi-Cal managed care plans to share information and promising practices. The learning collaborative will foster information sharing and address promising practices in all the DHCS-required population health management activities. The following topics that have been identified by stakeholders:

- Medi-Cal managed care plan coordination and partnerships with external entities that provide carved-out services, such as specialty mental health, Drug Medi-Cal, Regional Centers, schools, public health departments, and community-based organizations that provide social services;
- Engaging with consumers who have health and social needs but are unidentified, unengaged, and are underutilizing services, including methods to engage with these members, build trust, and obtain information from the member about their needs;
- Care transition coordination including sharing discharge risk assessment tools;
- Incorporating social determinants of health and health-related social care needs into case management and community-level population improvement activities;
- Collection of social determinants of health information for risk stratification and segmentation, and for state-level data collection for strategic planning purposes;
- Best practices in how to use population health management programs to support specific populations of interest, such as children and pregnant women, in ways that align with other DHCS initiatives;
- Use of population data for "hot spotting" and other population analysis promising practices;

- Use of general beneficiary medical record release consent to allow Medi-Cal managed care plans and providers to share data broadly for the purposes of care coordination;
- Learning best practices from California Accountable Communities for Health Initiative activities, including opportunities for partnership and elements that may be appropriate to integrate into the population health management strategies;
- Data exchange protocols and the development of health information technology/health information exchange policies; and
- Submission of housing status data to DHCS via ICD-10 coding, in alignment with the current DHCS Value-Based Payment incentive program for these codes.

The best method to advance promising practices in these areas may be to allow them to emerge through a learning collaborative and assessment of Medi-Cal managed care plan outcomes. DHCS may also standardize certain requirements after further research and consultation with stakeholders.

Continuing areas of DHCS policy development will include:

- DHCS Risk Tiering criteria;
- DHCS IRA to gather individual member information for risk tiering and stratification;
- Detailed review of alignment with NCQA Population Health program requirements, in coordination with NCQA and Medi-Cal managed care plans;
- Continued exploration into what guidance DHCS can provide regarding what can be allowed for different types of information sharing between providers and Medi-Cal managed care plans to facilitate care coordination;
- Voluntary guidance from DHCS regarding Medi-Cal managed care plan collection of social determinants of health data from ICD-10 encounter coding. The guidance, and Medi-Cal managed care plan collection of this data in accordance with the guidance, will become mandatory on January 1, 2024; and
- Setting prospective, prioritized goals to improve Medi-Cal managed care population health management over five years from the implementation date. To do this, DHCS will review of population health management program outcomes goals and measures, and their relation to the broader DHCS managed care quality metric strategy, which may be used to assess each Medi-Cal managed care plan's population health management program.

2.1.3 Rationale

The population health management program requirement will ensure that there is a cohesive plan to address beneficiary needs across the continuum of care, from prevention and wellness to complex case management. This proposal will work in conjunction with other CalAIM proposals to meet the overarching CalAIM goals of improving coordination and quality, while reducing unnecessary administrative burden and redundancy. The following CalAIM elements of the population health management program will magnify the positive impact on member outcomes:

- **NCQA Accreditation** will provide a foundation of quality best practices and an oversight structure for the population health management program and other Medi-Cal managed care plan activities;
- The new **enhanced care management** benefit will provide a critical new set of services as well as an effective case management tool to integrate within the population health management program;
- The adoption of a menu of **in lieu of services** – flexible wrap-around services designed to fill medical and social determinants of health gaps – will similarly integrate within the population health management program; and
- Making **shared risk/savings and incentive payments** available to Medi-Cal managed care plans and providers will maximize the effectiveness of the population health management program and new service options.

2.1.4 Proposed Timeline

The population health management program would be implemented as part of the new Medi-Cal managed care plan contracts, with an effective date of January 1, 2023. The date for the first population health management program description submission and other required submissions from Medi-Cal managed care plans to DHCS is to be determined.

2.2 Enhanced Care Management Benefit

2.2.1 Background

Depending on the needs of the beneficiary, some individuals may need to access six or more separate delivery systems (managed care, fee-for-service, mental health, substance use disorder, developmental, dental, In Home Supportive Services, etc.). Given the similarities in target populations across Medi-Cal delivery systems, beneficiaries are likely to be eligible for multiple programs that include some level of care management, depending on the efforts that are underway in their county of residence.

Additionally, as one would expect, the need for care coordination increases with greater system fragmentation, greater clinical complexity, and/or decreased patient capacity for coordinating their own care. The Health Homes Program and many of the Whole Person Care pilots provide such services. DHCS is proposing the implementation of a single, comprehensive enhanced care management benefit within Medi-Cal managed care. Lessons learned from the Whole Person Care pilots and the Health Homes Program will be incorporated to ensure that the new enhanced care management benefit is designed to meet the clinical and non-clinical needs for the highest cost/highest need beneficiaries in Medi-Cal and is available as a statewide benefit.

2.2.2 Proposal

The proposed enhanced care management benefit will replace the current Health Homes Program and elements of the Whole Person Care pilots, building on positive outcomes from those programs over the past several years. Based on extensive stakeholder engagement, DHCS will require that beneficiaries receiving Health Homes or Whole Person Care services are seamlessly transitioned to continue receiving care coordination services by way of the new enhanced care management benefit. Medi-Cal managed care plans will be mandated to contract with all existing local providers offering Health Homes and Whole Person Care services, with a few contractual exceptions. Medi-Cal managed care plans will be required to contract with community-based providers that have experience serving the enhanced care management target populations, and who have expertise providing the core enhanced care management services. Further, to allow non-Whole Person Care or Health Homes Program counties additional time to develop an adequate local infrastructure, a phased-in approach for implementing enhanced care management will be adopted.

It is the state's intention to implement this new initiative in a complementary, rather than duplicative manner that will build upon the strengths and foundations of these existing programs. DHCS recognizes the significant investment the Whole Person Care entities made over the past five years in building the capacity for these services. The intention is to build on those investments and infrastructure to continue the positive outcomes achieved by the Whole Person Care pilots. Additionally, as a result of extensive stakeholder feedback, DHCS has determined that Medi-Cal managed care plans will be required to coordinate enhanced care management services with county Targeted Case Management programs to ensure non-duplication of services and provide a holistic approach to care for Medi-Cal's most vulnerable beneficiaries.

The proposed enhanced care management benefit is designed to provide a whole-person approach to care that addresses the clinical and non-clinical needs of high-cost and/or high-need Medi-Cal beneficiaries enrolled in Medi-Cal managed care plans. Enhanced care management is a collaborative and interdisciplinary approach to

providing intensive and comprehensive care management services to targeted individuals.

Medi-Cal managed care plans will proactively identify members who meet the target population criteria and can benefit from enhanced care management services. The enhanced care management providers will be taking on the responsibility for coordinating services across all delivery systems. They are the primary responsible entity for coordinating across multiple medical and social service domains of care. Authorized members will be assigned a lead care manager that will have responsibility for interacting directly with the member and coordinating all primary, behavioral, developmental, oral health, and long-term services and supports, any in lieu of services, and services that address social determinants of health needs, regardless of setting.

Through collaborative leadership and systematic coordination among public and private entities, the enhanced care management benefit will serve target populations, benefit from data sharing between systems, and coordinate care in real time for beneficiaries. DHCS will evaluate individual and population progress — all with the goal of providing comprehensive care and achieving better health outcomes.

The overarching goals for enhanced care management are:

- Improving care coordination;
- Integrating services;
- Facilitating community resources;
- Improving health outcomes;
- Addressing social determinants of health; and
- Decreasing inappropriate utilization.

The enhanced care management target populations include: (see **Appendix I: Enhanced Care Management Target Population Descriptions** for more detailed definitions):

- Children or youth with complex physical, behavioral, developmental, and/or oral health needs (e.g. California Children Services, foster care, youth with Clinical High-Risk syndrome or first episode of psychosis).
- Individuals experiencing homelessness, chronic homelessness or who are at risk of becoming homeless.
- High utilizers with frequent hospital admissions, short-term skilled nursing facility stays, or emergency room visits.

- Individuals at risk for institutionalization who are eligible for long-term care services.
- Nursing facility residents who want to transition to the community.
- Individuals at risk for institutionalization with Serious Mental Illness (SMI), children with Serious Emotional Disturbance (SED) or Substance Use Disorder (SUD) with co-occurring chronic health conditions.
- Individuals transitioning from incarceration who have significant complex physical or behavioral health needs requiring immediate transition of services to the community.

Enhanced Care Management Design and Services

The enhanced care management benefit, which will be delivered by community-based providers (”ECM Providers”) contracting with Medi-Cal managed care plans, will provide multiple opportunities to engage beneficiaries by stratifying risk and need, developing care plans and strategic interventions to mitigate risk and help clients achieve improved health and well-being. Enhanced care management services extend beyond standard care coordination and disease management activities and are concentrated on the coordination and monitoring of cost-effective, quality direct care services for the individual, as well as connections to needed community supports for indirect care needs.

The enhanced care management benefit is fundamentally person-centered, goal-oriented, and culturally relevant to assure that, as a primary goal of the program, members receive needed services in a supportive, effective, efficient, timely, and cost-effective manner. Enhanced care management will emphasize prevention, health promotion, continuity and coordination of care to link members to services as necessary across providers and settings and with emphasis on identifying the least restrictive and most integrated setting that will meet the needs of the beneficiary.

The role of enhanced care management is, through face-to-face visits, to coordinate all primary, acute, behavioral, developmental, oral, and long-term services and supports for the member, including participating in the care planning process, regardless of setting. Enhanced care management activities shall become integrated with other care coordination processes and functions and shall assume primary responsibility for coordination of the member’s physical health, behavioral health, oral health, developmental, and long-term care needs.

Enhanced care management will be provided at a level dictated by the complexity of the health and social needs of the member. The approach to enhanced care management will be high-touch, on-the-ground, and face-to-face, with frequent contacts for persons residing in community settings and nursing facilities. Enhanced care management care managers are expected to develop relationships with members and their families, engage

members and families in needs assessment and care planning processes, and work with the primary care provider to address the member's needs in coordinating physical and behavioral health care.

The enhanced care management care managers will operate within the member's community, serve as the members' primary point of contact and are responsible for ensuring that applicable physical, behavioral, long-term care, developmental, oral, social, and psychosocial needs are met in the safest, least restrictive way possible while considering the most cost-effective way to address those needs. Care managers meet members where they are, both literally, and from a medical management and plan of care perspective. Community health workers can also be used to improve outreach and provide care coordination services for beneficiaries.

Required programmatic elements to be implemented include, but are not limited to, care coordination, health promotion, comprehensive transitional care, member and family supports and referral to community and social services. These elements include helping beneficiaries navigate, connect to and communicate with providers and social service systems; coaching beneficiaries on how to monitor their health and identify and access helpful resources; identifying and coordinating available in lieu of services such as housing services; helping beneficiaries move safely and easily between different care settings and reducing avoidable hospital admissions and readmissions; educating beneficiaries and their family/support system about their conditions to improve treatment adherence and medication management; providing referrals to community and social services; and follow-up to help ensure that beneficiaries are connected to the services they need.

Program Administration

Enhanced care management will be administered by the Medi-Cal managed care plans, who will have direct responsibility for establishing the enhanced care management benefit and criteria for their members, subject to contractual requirements and programmatic guidance provided by DHCS. DHCS intends for Medi-Cal managed care plans to build upon the expertise and infrastructure of the existing Whole Person Care pilots and Health Homes Program to achieve these outcomes and, with some exceptions, to contract directly with existing Whole Person Care providers and Health Homes Program community-based care management entities, as well as other necessary contracting with public and private providers to deliver such services.

In addition, DHCS expects that plans will work in coordination and collaboration, and even contract when appropriate, with county behavioral health systems who often are the primary providers of services to a subset of Medi-Cal beneficiaries. This proposal requests that managed care plans determine the service design and intensity based on the parameters established by DHCS. DHCS will build enhanced funding into the

capitation rates to enable Medi-Cal managed care plans to successfully provide enhanced care management benefit. The Medi-Cal managed care plans will have strong oversight and will perform regular auditing and monitoring activities to ensure that all requirements are met. If a plan proposes to keep some level of enhanced care management in-house instead of contracting with direct providers, the plan will need to demonstrate to the state that their enhanced care management benefit is appropriately community-based and provide a rationale for not contracting with existing WPC and HHP providers (per the exceptions outlined in the enhanced care management and in lieu of services Model of Care Template and managed care plan contract language.)

For individuals with a primary SMI diagnosis, SUD, children with SED, or children involved in child welfare, county behavioral health staff should be considered to serve as the enhanced care management provider through a contractual relationship, provided they agree to coordinate all the services (physical, developmental, oral health, long-term care and social needs) needed by those target populations, not just their behavioral health needs. These staff will focus on the behavioral health needs and interventions for the Medi-Cal beneficiary, act as a resource for the Medi-Cal managed care plan in managing the needs of this population and ensuring that beneficiaries are linked to appropriate county resources; as well as other resources that have more experience and documented success in working with those living with these conditions.

Targeted Case Management

Furthermore, Medi-Cal managed care plans will be expected to work with Local Governmental Agencies to ensure that members receiving enhanced care management services do not receive duplicative Targeted Case Management services; this approach will also help support the Department's goal of strengthening the connections across California's delivery systems. The Targeted Case Management program is an optional Medi-Cal Program funded by federal and local funds. See **Appendix B: Targeted Case Management** for which counties currently participate in the Targeted Case Management program.

DHCS may need to review and discuss other potential county funding interactions with this benefit to ensure there is no duplication of services or funding.

Transition and Coordination Plan

Medi-Cal managed care plans currently operating a Health Homes Program or operating in a county with a Whole Person Care pilot or Targeted Case Management program, will be required to submit a transition and coordination plan to DHCS by July 1, 2021. Through the transition and coordination plan, managed care plans will demonstrate how they will translate the existing programs into the enhanced care management benefit and in lieu of services and coordinate with existing Targeted Case Management programs. The

plans must also demonstrate a good faith effort to contract for enhanced care management and in lieu of services with existing Health Homes providers and Whole Person Care entities already providing such services. If the Medi-Cal managed care plan and existing provider cannot come to agreement, the Medi-Cal managed care plans will need to provide DHCS information as to why such entities were not able to come to a contractual agreement.

Medi-Cal managed care plans in counties with Targeted Case Management programs will be required to submit information in the transition and coordination plan describing how they will work with the Local Government Agency to ensure that members receiving enhanced care management services do not receive duplicative Targeted Case Management services.

A transition and coordination plan will not be required for Medi-Cal managed care plans in counties that do not have Whole Person Care pilots, Health Homes Programs, or Targeted Case Management.

Implementation

January 1, 2022: All Medi-Cal managed care plans in counties with Whole Person Care pilots and/or Health Homes Programs will begin implementation of the enhanced care management benefit, for those target populations currently receiving Health Homes Program and/or Whole Person Care services.

July 1, 2022:

- Medi-Cal managed care plans in counties with Whole Person Care pilots and/or Health Homes Programs will implement additional mandatory enhanced care management target populations.
- All Medi-Cal managed care plans in counties without Whole Person Care pilots and/or Health Homes Programs must begin implementation of select enhanced care management target populations.

January 1, 2023: All Medi-Cal managed care plans in all counties must implement enhanced care management for all target populations.

Medi-Cal managed care plans that begin implementing on January 1, 2022 will submit an enhanced care management Model of Care proposal to DHCS for review by July 1, 2021. Draft contract provisions will be shared with plans in February 2021. Medi-Cal managed care plans that will implement enhanced care management on July 1, 2022, will submit an enhanced care management Model of Care by January 1, 2022. All plans must complete readiness activities for the mandatory target populations. Medi-Cal managed

care plans can submit to DHCS additional optional target populations, in addition to the mandatory target populations.

Federal regulations require that Medi-Cal managed care plan implementation activities shall include tribal consultation/outreach for protections involving American Indians and Indian Health Clinic providers. Through the enhanced care management Model of Care, managed care plans must demonstrate that there are sufficient Indian Health Clinics participating in their provider network to ensure timely access to services available under the contract from such providers for American Indian enrollees who are eligible to receive services. Medi-Cal managed care plans will provide a description of their coordination with tribal partners within the enhanced care management transition and coordination plan.

By July 1, 2022, all Medi-Cal managed care plans will need to submit to DHCS an enhanced care management Model of Care proposal for serving individuals transitioning from incarceration for implementation on January 1, 2023 in all counties. Re-entry transitions involve working closely with corrections departments, including probation, courts and the local county jail system to ensure connections to care once individuals are released from jail. While there is some infrastructure in place for this enhanced care management target population due to Whole Person Care Pilots, these types of arrangements require significant planning and coordination between the managed care plan, counties, sheriff, probation, and other key stakeholders.

DHCS is also looking to leverage the Substance Use-Disorder Prevention that Promotes Opioid Recovery and Treatment (SUPPORT) for Patients and Communities Act provisions that may make it possible to begin providing enhanced care management for individuals exiting from incarceration with known medical and behavioral health needs 30 days prior to release.

This aspect of enhanced care management will support the scaling of diversion efforts aimed at keeping some of the most acute and vulnerable individuals with serious medical or behavioral health conditions out of jail/prison and in their communities. In this case, Medi-Cal managed care plans can contract with county and non-profit entities that work to meet the health care needs of those who are involved in pre- or post-booking diversion behavioral health and criminogenic treatment programs and, thus, are at risk for incarceration and could, through care coordination and service placement, have a treatment plan built to avoid incarceration and get into community-based care and services.

Furthermore, to complement this enhanced care management benefit, DHCS is proposing to mandate that all counties implement a county inmate pre-release Medi-Cal application process by January 1, 2023.

Mandated County Inmate Pre-Release Application Process

In 2004, the Centers for Medicare & Medicaid Services (CMS) issued a State Medicaid Director letter, entitled "Ending Chronic Homelessness," that encouraged states to ensure that applications for Medicaid are processed in a timely manner so that individuals can receive Medicaid-covered services immediately upon release from a public institution.

On May 6, 2014, DHCS provided guidance in All-County Welfare Directors Letter #14-24, on the pre-release application process for state inmates who apply for Medi-Cal coverage. Subsequently, on June 25, 2014, DHCS clarified in All County Welfare Directors Letter #14-24E, that the guidance issued in the May 2014 letter is also applicable to county inmates. However, a specific pre-release process to facilitate the applications for county inmates was not defined and implementation of such process was voluntary.

The current pre-release application process varies from county to county. From a survey of some counties, DHCS learned that relatively larger counties with pre-release programs, such as Orange County and Stanislaus County, have agreements with third-party entities (e.g., community-based organizations or vendors) to streamline the pre-release application process and to provide dedicated application intake staff that visit individuals at the county jail while still in custody. Of the smaller counties surveyed, Yolo County has an agreement with the Sheriff's Department to establish communication channels and set up physical stations at the correctional facility, as well as security clearances for designated county staff to speak with the county inmate applicant directly. **Appendix C: County Inmate Pre-Release Application Process sample contracting Models** includes the three main models currently being used for various county inmate pre-release application programs.

DHCS is proposing to mandate that all counties implement a county inmate pre-release Medi-Cal application process by January 1, 2023, which would include juvenile facilities. The goal of the proposal is to ensure the majority of county inmates/juveniles that are eligible for Medi-Cal and are in need of ongoing physical or behavioral health treatment receive timely access to Medi-Cal services upon release from incarceration.

Additionally, DHCS is proposing to mandate that all county jails and juvenile facilities implement a process for facilitated referral and linkage from county release to county specialty mental health, Drug Medi-Cal, Drug Medi-Cal Organized Delivery Systems, and Medi-Cal managed care providers when the inmate was receiving behavioral health services while incarcerated to allow for continuation of behavioral health treatment in the community. DHCS will look to counties to implement medical record release processes that would allow medical records to be shared with the county behavioral health and Medi-Cal managed care providers, prior to or upon release from jail or county juvenile facility.

The mandated county inmate pre-release application process will standardize policy, procedures, and collaboration between California's county jails, county sheriff's departments, juvenile facilities, county behavioral health and other health and human services entities. This collaboration will ensure that eligible individuals are enrolled in Medi-Cal prior to release and will establish a continuum of care and ongoing support that may ultimately help to reduce the demand for costly and inappropriate services.

2.2.3 Rationale

DHCS continues to strengthen integration within the state's health care delivery system and is working with health promotion partners to achieve better care and better health outcomes at lower cost to the Medi-Cal program. Creating a statewide enhanced care management benefit with required target populations is consistent with the CalAIM objective of reducing variation and complexity across the delivery system, as well as identifying and managing member risk and need. The benefit will comprise an intensive set of services for Medi-Cal members who require coordination at the highest levels. Targeted individuals are beneficiaries who may be challenged with medical and behavioral conditions, access to care issues, chronic illnesses, disabilities, multiple social determinants of health, and require multidisciplinary care to regain health and function.

The enhanced care management benefit will provide Medi-Cal managed care plans with opportunities to help beneficiaries achieve improved health and well-being through stratifying risk and need and developing care plans and strategic interventions. Enhanced care management services will extend beyond standard care coordination and disease management activities. They will be concentrated on the coordination and monitoring of cost-effective, high quality, direct care services, as well as connections to needed community supports for non-direct care needs.

2.2.4 Proposed Timeline

DHCS is proposing a phased statewide implementation of the enhanced care management benefit and inclusion in Medi-Cal managed care contracts. Medi-Cal managed care plans in counties with Whole Person Care Pilots and/or Health Homes Programs will implement enhanced care management on January 1, 2022 for those target populations currently receiving Health Homes and/or Whole Person Care services. On July 1, 2022, Medi-Cal managed care plans in those counties will implement additional required target populations and counties without Whole Person Care pilots and/or Health Homes Programs will begin implementing select populations on July 1, 2022. The benefit must be implemented for in all counties all target populations, including individuals transitioning from incarceration, by January 1, 2023.

DHCS is proposing an effective date of January 1, 2023 for counties to implement a county inmate/juvenile pre-release application process. To ensure the necessary data

Back to Agenda

Back to Item

sharing agreements and communication plans are in place, below is detailed timeline for planning and implementation of this proposal:

- **March 1, 2021:** Establish workgroup with County Welfare Director's Association and counties to develop and vet implementation plan
- **May 1, 2021:** All county guidance development
- **November 1, 2021:** County and stakeholder feedback process
- **January 1, 2022:** Publish All County Welfare Director Letter
- **January – December 2022:** County implementation planning and technical assistance
- **January 1, 2023:** Implementation of county inmate pre-release application process

2.3 In Lieu of Services

2.3.1 Background

The Whole Person Care pilots and Health Homes Program built a foundation for an integrated approach to coordinating medical care, behavioral health, and social services to improve beneficiary health outcomes. The implementation of these programs, however, has varied across California and did not provide a statewide platform to comprehensively address the needs of beneficiaries with the most complex health challenges.

According to federal Medicaid program rules, "in lieu of services" are medically appropriate and cost-effective alternatives to services that can be covered under the State Plan. They are typically delivered by a different provider or in a different setting than traditional State Plan services. An in lieu of service can only be covered if:

- The state determines that the service is a medically appropriate and cost-effective substitute or setting for the State Plan service;
- The services are optional for the managed care plan to provide;
- The services are optional for beneficiaries and they are not required to use the in lieu of service; and
- The in lieu of services are authorized and identified in the state's Medi-Cal managed care plan contracts.

Once adopted, Medi-Cal managed care plans will integrate in lieu of services into their population health management plans – often in combination with the new enhanced care

management benefit – to address gaps in State Plan benefit services. In lieu of services may be focused on addressing combined medical and social determinants of health needs to avoid higher levels of care. For example, in lieu of services might be provided as a substitute for, or to avoid, hospital or nursing facility admissions, discharge delays, and emergency department use. Based on extensive stakeholder feedback, DHCS has updated the in lieu of services menu of services. The feedback enhanced the overall design of in lieu of services, allowing beneficiaries receiving Health Homes or Whole Person Care services to continue receiving optional plan services. Furthermore, the additional feedback optimized the depth and capacity for serving eligible beneficiaries.

2.3.2 Proposal

DHCS is proposing to include the following fourteen (14) distinct services as in lieu of services under Medi-Cal managed care. Details regarding each proposed set of services are provided in **Appendix J: In Lieu of Services Options**:

- Housing Transition/Navigation Services
- Housing Deposits
- Housing Tenancy and Sustaining Services
- Short-Term Post-Hospitalization Housing
- Recuperative Care (Medical Respite)
- Respite Services
- Day Habilitation Programs
- Nursing Facility Transition/Diversion to Assisted Living Facilities, such as Residential Care Facilities for Elderly and Adult Residential Facilities
- Community Transition Services/Nursing Facility Transition to a Home
- Personal Care and Homemaker Services
- Environmental Accessibility Adaptations (Home Modifications)
- Meals/Medically Tailored Meals
- Sobering Centers
- Asthma Remediation

The provision of in lieu of services is voluntary for Medi-Cal managed care plans and beneficiaries have the option to accept the in lieu of services or receive the State Plan services instead. Each service will have defined eligible populations, code sets, potential providers, restrictions, and limitations. However, individual in lieu of services may be used

together with other complementary in lieu of services based on individual needs and may be combined with enhanced care management services for high-risk, complex-need individuals. ILOS can be offered as an appropriate EPSDT service. Other appropriate EPSDT services should be offered in conjunction with any ILOS.

Transition and Coordination Plan

Since DHCS is building on the infrastructure developed for the Health Homes Program and parts of the Whole Person Care pilots, Medi-Cal managed care plans in counties with these programs will be required to submit a Transition and Coordination Plan to the state by July 1, 2021 demonstrating how they will transition existing programs into their enhanced care management benefit and in lieu of services. The plans must also demonstrate a good faith effort to come into agreement with and contract for enhanced care management and in lieu of services with Health Homes providers and Whole Person Care entities providing such services. DHCS recognizes the significant investment in infrastructure, as well as the existing expertise in providing these types of services, by our local county and other public/private partners and expects Medi-Cal managed care plans to partner with these entities to continue providing these critical services. If the Medi-Cal managed care plan and existing provider cannot come to agreement, the Medi-Cal managed care plans will need to provide DHCS a justification as to why the plan has not contracted with such entities.

2.3.3 Rationale

Adoption of this set of in lieu of services will provide additional support to beneficiaries with complex medical and behavioral health needs who experience socio-economic conditions that impede their ability to achieve their health goals. These circumstances put them at risk of hospitalization, institutionalization, and/or in need of other higher cost services.

Currently, Medi-Cal strategies to address beneficiaries' social determinants of health vary across the state, depending on the initiatives underway in different regions. Consistent with the CalAIM objective of reducing variation and complexity across the delivery system, as well as identifying and managing member risk and need, establishing coverage of a set of in lieu of services will make a statewide offering of these critical interventions for Medi-Cal beneficiaries.

The in lieu of services framework allows for regions that do not currently have a sufficient infrastructure to provide the full array of services to build network capacity in a way that meets the unique needs of their residents. This may include partnerships to develop physical infrastructure, as well as collaborations with new provider types who have not historically worked with Medi-Cal. This will also set the stage for Medi-Cal managed care

plans to be prepared to have long-term services and supports integrated into their care program by 2027.

The stakeholder feedback was critical to ensuring that the identified services will adequately address the critical needs of beneficiaries. The final policy incorporates feedback received regarding strategies for building the necessary service infrastructure in a cost-effective manner, finalizing the eligible populations, potential restrictions and limitations, and appropriate provider types to deliver this new set of services.

2.3.4 Proposed Timeline

January 1, 2022: DHCS is proposing statewide implementation and inclusion of in lieu of services in Medi-Cal managed care plan contracts. DHCS will provide technical assistance to plans as they prepare to implement this new set of services.

2.4 Shared Risk, Shared Savings, and Incentive Payments

2.4.1 Background

The combination of carving in long-term care statewide, enhanced care management and in lieu of services provides a number of opportunities, including an incentive for building an integrated, managed long-term services and supports program by 2027 and building the necessary clinically-linked housing continuum for our homeless population.

In order for the state to be equipped with the needed MLTSS and clinically linked housing continuum infrastructure, it is important to consider potential incentives and shared savings/risk models that could be established to encourage Medi-Cal managed care plans and providers to fully engage. Incentive funding will be focused on building a pathway for Medi-Cal managed care plans to invest in the necessary delivery and systems infrastructure, build appropriate and sustainable enhanced care management and in lieu of services capacity, and achieve improvements in quality performance that can inform future policy.

2.4.2 Proposal

DHCS proposes to create a series of incentives through a multi-pronged risk strategy. Potential approaches include:

- A blended capitation rate to account for the addition of seniors and persons with disabilities and long-term care beneficiaries into managed care. The rate will be subject to a blend true-up, which will provide financial protections in case of significant differences between actual long-term care beneficiary enrollment and assumptions used during capitation rate development.

- A time-limited, tiered, and retrospective shared savings/risk financial calculation performed by DHCS. This tiered model would be available for three calendar years – 2023, 2024 and 2025.

- A prospective model of shared savings/risk incorporated via capitation rate development. DHCS proposes to implement this approach beginning in calendar year 2026, once historical cost and utilization experience is available that would reflect the implementation of in lieu of services, long-term care services, and enhanced care management benefits statewide in managed care.

DHCS will establish plan incentives linked to delivery system reform through an investment in enhanced care management and in lieu of services infrastructure. The incentive payments will also be based on quality and performance improvements and reporting in areas such as LTSS and other cross-delivery system metrics. The target of incentive payments is to drive change at the managed care plan and provider levels. DHCS anticipates managed care plans will partner and share the incentive dollars with on-the-ground providers, including our critical partners that operate Federally Qualified Health Centers, Rural Health Centers, Indian Health Service clinics, public hospital safety net systems, and county behavioral health systems and providers to work collaboratively to meet the defined targets of incentive program.

2.4.3 Rationale

In recognition of the financial uncertainties that accompany the implementation of enhanced care management, in lieu of services, and MLTSS statewide, DHCS is committed to implementing strategies that will limit excessive financial risk (losses) for Medi-Cal managed care plans, as well as for the state and federal governments. At the same time, DHCS supports the use of strategies that will result in financial gains that can be shared between Medi-Cal managed care plans and the state and federal governments. DHCS' goal is to establish financial mechanisms that will ensure a mutual commitment to the success of the proposed short- and long-term reforms and innovations within the Medi-Cal managed care program.

DHCS' proposed risk approaches are intended to strengthen financial incentives for Medi-Cal managed care plans to:

- Divert or transition beneficiaries from long-term institutional care to appropriate home and community-based alternatives, supported by the availability of in lieu of services and enhanced care management;

- Make the necessary infrastructure investments to support the goal of transitioning to an integrated long-term services and supports program; and

- Improve quality, performance measurement, and data reporting as a pathway toward realizing better health outcomes for Medi-Cal beneficiaries.

2.4.4 Proposed Timeline

Rate setting, including associated risk strategies, is a dynamic process. Therefore, DHCS will engage and collaborate with Medi-Cal managed care plans and make future refinements as determined appropriate.

- **January – December 2021:** Develop shared savings/risk and plan incentive methodologies and approaches with appropriate stakeholder input.
- **January 1, 2022:** Begin implementation of managed care plan incentives.
- **No sooner than January 1, 2023:** Begin implementation of a seniors and persons with disabilities/long-term care blended rate.

2.5 Serious Mental Illness/Serious Emotional Disturbance Demonstration Opportunity

2.5.1 Background

On November 13, 2018, CMS issued a State Medicaid Director letter that outlines opportunities for states to design innovative service delivery systems to improve care for adults with serious mental illness (SMI) and children with serious emotional disturbance (SED) who are enrolled in Medicaid.

This SMI/SED demonstration opportunity allows states to receive federal matching funds for services provided to Medicaid beneficiaries during short-term stays for acute care in psychiatric hospitals or residential treatment settings that qualify as an institution for mental disease (IMD) (e.g., psychiatric hospitals or psychiatric health facilities that have more than 16 beds), as long as it is part of a broader effort to build a robust continuum of care allowing care in the least restrictive, community-based settings. Due to the long-standing federal exclusion of Medicaid matching funds for services provided in these settings, California's counties have historically paid the full cost of inpatient mental health services provided to Medi-Cal beneficiaries in these settings.

2.5.2 Proposal

DHCS proposes that California pursue this SMI/SED demonstration opportunity to receive federal financial participation for services provided to Medi-Cal beneficiaries in an IMD. DHCS heard from stakeholders both positive and negative feedback regarding this proposal. Stakeholders in favor of the demonstration opportunity stated the additional federal funds could provide opportunities to improve service delivery and outcomes

across the continuum of care from inpatient to community-based settings, and the availability of additional matching funds would free up other local resources that counties could reinvest in strengthening other mental health services and further build the continuum of care in the community.

Proponents suggested that the demonstration opportunity is a critical component of solutions for the state hospital crisis (with long wait lists for people found incompetent to stand trial, as the state hospitals are full) and for achieving health equity, since increasing the number of short-term, crisis stabilization resources can divert people with mental illness to treatment instead of entering the justice system. People of color are disproportionately placed in justice settings instead of in mental health treatment, and lack of bed availability is a contributing factor. Stakeholders also expressed opposition based on concerns that the presence of the existing IMD exclusion is the primary safeguard in inhibiting county mental health departments from expanding the use of institutional settings and an important incentive to develop alternatives to those settings, and that using federal dollars to fund IMDs could divert resources from community-based services, undermining progress toward increased community integration and a community-based continuum of care.

On balance, DHCS believes the benefits outweigh the risks, and proposes that California submit an application to CMS using the usual process for submitting a Section 1115 waiver demonstration application. Similar to the state's existing 1115 demonstration to provide residential and other SUD treatment services under Medi-Cal, county participation would be voluntary.

2.5.3 Rationale

If California is approved to participate in the SMI/SED demonstration opportunity, federal financial participation would become available for mental health services provided to Medi-Cal beneficiaries in an IMD if all requirements are met. This additional funding would provide opportunities to improve service delivery and outcomes across a well-developed and robust continuum of care from inpatient to community-based settings, which is a requirement of this waiver. Availability of additional federal matching funds would free up other local resources, such as realignment funds, that counties may then reinvest in strengthening other mental health services and further build the continuum of care in the community.

The SMI/SED demonstration opportunity comes with many federal milestones and requirements. As of October 2020, Washington DC, Vermont, Indiana, and Idaho have approved applications, and Massachusetts, Oklahoma and Utah have pending 1115 waiver application to CMS. Below is a summary of key requirements, some of which may pose feasibility challenges:

- **Average Length of Stay:** The state would be required to achieve a statewide average length of stay of no more than 30 days for beneficiaries residing in IMDs. CMS developed guidance regarding calculations of average length of stay, clarifying that a short-term stay for acute care is limited to no more than 60 consecutive days, as long as the state continues to meet the statewide average length of stay of 30 days or less, and that states may not claim for *any* part of a stay (days 0 to 60) that exceeds 60 days.

- **Improving Community-based Services**: States participating in the SMI/SED demonstration opportunity will be expected to commit to taking several actions to improve community-based mental health care. These actions are linked to a set of goals for the SMI/SED demonstration opportunity and will milestones for ensuring quality of care in IMDs, to improve connections to community-based care following stays in acute care settings, to ensure a continuum of care is available to address more chronic, on-going mental health care needs of beneficiaries, to provide a full array of crisis stabilization services, and to engage beneficiaries with SMI/SED in treatment as soon as possible.

- **Maintenance of Effort:** According to the guidance, CMS will be examining the commitment to ongoing maintenance-of-effort on funding outpatient community-based mental health services and states must provide an assessment of current availability of mental health services. The purpose of the maintenance-of-effort requirement is to ensure that resources are not disproportionately drawn into increasing access to treatment in inpatient and residential settings at the expense of community-based services.

- **Data Collection & Required Measures:** The state would need to report on a common set of measures and agree to additional measures and concepts specific to the state's demonstration parameters.

- **Health Information Technology:** The state would be required to develop and submit a health information technology plan that describes the ability to leverage technology, advance health information exchange(s), and ensure interoperability in support of the demonstration's goals. The health information technology plan would address electronic care plan sharing, care coordination, and behavioral and physical health integration.

- **Staffing and Resource Considerations:** Since DHCS does not currently pay for IMD services for this target population, pursuing the demonstration and ensuring compliance with requirements would require additional staffing and resources. Similarly, counties would likely need additional resources to implement and comply with elements required by the demonstration.

For additional information about the demonstration goals and milestones, federal application requirements, and other relevant requirements, please refer to the **Appendix E: CalAIM Benefit Changes Chart** of this proposal.

2.5.4 Proposed Timeline

The SMI/SED demonstration proposal would be developed no sooner than July 1, 2022. If the waiver proposal is approved by CMS, DHCS would work with interested counties to develop a formal implementation plan, with expected launch of the demonstration in 2023-24.

2.6 Full Integration Plans

2.6.1 Background

Currently, Medi-Cal beneficiaries must navigate multiple complex managed care and fee-for-service delivery systems to meet all of their health care needs. Beneficiaries enrolled in Medi-Cal managed care plans receive physical health care and treatment for mild-to-moderate mental health conditions from their Medi-Cal managed care plan, care for SMI/SED and SUD from the county delivery system, and dental care from a separate fee-for-service delivery system or a dental managed care plan. This fragmentation can lead to gaps in care and disruptions in treatment, cost inefficiencies, and generally fails to be patient-centered and convenient for most beneficiaries. The longevity gap among individuals with serious and persistent mental illness, and the fact that this group suffers and dies from un-or under-treated chronic physical health conditions, demonstrates the need to pilot the concept of a fully integration delivery system.

2.6.2 Proposal

DHCS would like to test the effectiveness of full integration of physical health, behavioral health, and oral health under one contracted entity. Multiple Medi-Cal delivery systems (Medi-Cal managed care, county mental health plans, county Drug Medi-Cal and DMC-ODS programs) would be consolidated under one contract with DHCS. To further develop this concept, DHCS will be engaging in stakeholder conversations to inform the development of the various components associated with fully integrating health care services. Topics will include contractor selection criteria, strategies for consolidating contract requirements, subcontracting and network requirements, and delivery system administration issues such as care coordination, utilization management, quality monitoring, and external quality review organization functions.

2.6.3 Rationale

In alignment with CalAIM, fully integrating all or most of the Medi-Cal health care delivery systems under one contract would improve the beneficiary experience as well as health outcomes by eliminating fragmentation, duplication, and the need to navigate multiple systems. In addition, integration will improve access to health data/data sharing among providers and between the plan and DHCS. Full integration would also result in overall administrative simplification by consolidating and streamlining system infrastructure. An integrated delivery system would allow for more efficient coordination of care and create opportunities to identify and manage the risks and needs of the beneficiaries in a more holistic way.

As part of the CalAIM workgroup process, DHCS sought stakeholder feedback to understand the benefits, risks and considerations for plans and counties interested in participating in a full integration model. Discussion included realignment (county behavioral health participation would need to be voluntary), how non-Medi-Cal funding streams would be managed (such as MHSA), criteria for participation, the need for adequate planning and preparation, the importance of clearly defined outcome measures, and other considerations.

2.6.4 Proposed Timeline

DHCS acknowledges the complexity of this proposal, and for this reason, is proposing a go-live of no sooner than January 2027, to allow sufficient time for planning and preparation, in partnership with counties, plans and other stakeholders.

2.7 Long-Term Plan for Foster Care

2.7.1 Background

Children and youth in foster care often present with complex medical, behavioral, oral and developmental health problems rooted in their history of childhood trauma and adverse childhood experiences (ACEs) Navigating multiple systems of care can create inherent challenges. Under the Medi-Cal program, beneficiaries receive services through various delivery systems, including Medi-Cal managed care, fee-for-service, California Children's Services, regional centers, dental county mental health plans, Drug Medi-Cal, and DMC-ODS programs. While children and youth in foster care typically have a comprehensive team to help facilitate and oversee their care including social workers, public health nurses, and the judicial system; many challenges remain in navigating Medi-Cal delivery systems, especially if there are multiple placements that may result in the child moving from one county to another or between homes in a single county.

In recent years, California has placed a greater emphasis on the behavioral health care needs of child welfare-involved children and families through major reforms such as the

Continuum of Care Reform, Family Urgent Response System, development of short-term residential treatment providers and coordinated efforts to implement the new federal Family First Prevention Services Act in California.

2.7.2 Proposal

In assessing the challenges foster care children and youth face, in June 2020 DHCS launched a workgroup of interested stakeholders to consider whether DHCS should develop a different model of care for children and youth in foster care, including the former foster youth and youth transitioning out of foster programs and services. To facilitate this discussion and develop meaningful recommendations, DHCS invited participation from key partners including but not limited to: the Department of Social Services, the Department of Education, child welfare county representatives and state-level associations, Medi-Cal managed care plans, behavioral health managed care plans, juvenile justice and probation, foster care consumer advocates, regional centers, and judicial entities involved with matters pertaining to children who are placed into the foster care system. DHCS also commissioned focus groups with foster youth and foster parents, to hear directly from those most affected by the challenges in the current system.

2.7.3 Proposed Timeline

DHCS launched the workgroup in June 2020, and will meet every other month through June 2021. DHCS and CDSS then will take lessons learned from the workgroup and the input from stakeholders and develop a comprehensive set of recommendations and plan of action, which may involve budget recommendations, waiver amendments, State Plan changes or other activities.

3. Moving Medi-Cal to a More Consistent and Seamless System by Reducing Complexity and Increasing Flexibility

This section will walk through the proposals aimed at standardizing and reducing complexity across all delivery systems.

Managed Care

- Managed Care Benefit Standardization
- Mandatory Managed Care Enrollment
- Transition to Statewide Long-Term Services and Supports, Long-Term Care & Duals-Special Needs Plans
- NCQA Accreditation of Medi-Cal Managed Care Plans
- Regional Managed Care Capitation Rates

Behavioral Health

- Behavioral Health Payment Reform
- Medical Necessity Criteria and Other Related Changes
- Administrative Integration of Specialty Mental Health and Substance Use Disorder Services
- Behavioral Health Regional Contracting
- DMC-ODS Renewal and Policy Improvements

Dental

- New Dental Benefits and Pay for Performance

County Partners

- Enhancing County Eligibility Oversight and Monitoring
- Enhancing County Monitoring and Oversight: California Children's Services and Child Health and Disability Prevention
- Improving Beneficiary Contact and Demographic Information

Managed Care

3.1 Managed Care Benefit Standardization

3.1.1 Background

Medi-Cal delivers services through a variety of delivery systems today including fee-for-service, managed care, county mental health, Drug Medi-Cal Organized Delivery System, and Drug Medi-Cal. Most full-scope Medi-Cal beneficiaries receive their physical health

services through a Medi-Cal managed care plan. While Medi-Cal managed care exists statewide, it is operated under six different model types that currently differ based on whether certain benefits are part of the Medi-Cal managed care plan's responsibility or provided through a different delivery system.

3.1.2 Proposal

Under CalAIM, DHCS is proposing to standardize the benefits that are provided through Medi-Cal managed care plans statewide. Regardless of the beneficiary's county of residence or the plan they are enrolled in, they will have the same set of benefits delivered through their Medi-Cal managed care plan as they would in another county or plan.

DHCS is proposing the following changes:

Carved Out Benefits

- Effective April 1, 2021, all pharmacy benefits or services by a pharmacy billed on a pharmacy claim will be carved out from Medi-Cal managed care plans (pursuant to the Governor's Executive Order N-01-19 from January 7, 2019). This applies to all Medi-Cal managed care plans, including AIDS Healthcare Foundation, but does not apply to SCAN Health Plan, Programs of All-Inclusive Care for the Elderly (PACE) organizations, Cal MediConnect health plans, and Major Risk Medical Insurance Program (MRMIP).

- Effective January 1, 2022, the following benefits that are currently within the scope of some or all the Medi-Cal managed care plans will be carved out:

    - Specialty mental health services that are currently carved in for Medi-Cal members enrolled in Kaiser in Solano and Sacramento counties; and

    - The Multipurpose Senior Services Program which is currently included in the Medi-Cal managed care plans in the seven Coordinated Care Initiative counties.

Carved In Benefits

- Effective January 1, 2022, all major organ transplants, currently not within the scope of many Medi-Cal managed care plans, will be carved into all plans statewide for all Medi-Cal members enrolled in a plan.

- Effective January 1, 2023, institutional long-term care services (i.e. skilled nursing facilities, pediatric/adult subacute care, intermediate care facilities for individuals with developmental disabilities, disabled/habilitative/nursing services, specialized rehabilitation in a skilled nursing facility or intermediate care facilities), currently

not within the scope of many Medi-Cal managed care plans will be carved into all plans statewide for all Medi-Cal members enrolled in a plan.

In order to provide a smooth transition from fee-for-service to managed care, promote access and maintain affordability, DHCS proposes to require that long-term care and transplant providers accept as payment in full and require the Medi-Cal managed care plan to pay the applicable Medi-Cal fee-for-service rate, unless the provider and plan mutually agree upon an alternative payment. This is consistent with how these transitions to managed care have occurred in the past, such as with the Coordinated Care Initiative and the Whole Child Model.

3.1.3 Rationale

The standardization of benefits delivered through Medi-Cal managed care plans statewide has two main purposes and benefits:

- Beneficiaries will no longer have to deal with the confusion that may arise when moving counties/plans and to find that different benefits are covered by their new plan or that they need to access another delivery system; and
- DHCS will be able to implement a change to Medi-Cal managed care plan rate setting. Currently, the capitation payment rates are developed on a county-by-county and plan-by-plan basis, resulting in excessive administrative work and challenges. With the standardization of the benefits and populations, DHCS will be able to move to a regional rate setting process that will reduce the number of rates being developed and allow DHCS to work with the managed care plans to explore different rate setting methodologies and adjustments to reward improved quality and outcomes.

3.1.4 Proposed Timeline

The benefit standardization will be effective and included in Medi-Cal managed care plan contracts by January 2023, according to **Appendix F: Managed Care Enrollment Proposed Aid Code Group Coverage**.

3.2 Mandatory Managed Care Enrollment

3.2.1 Background

Currently, the Medi-Cal program provides benefits through both a fee-for-service and managed care delivery system. Enrollment into the fee-for-service delivery system or the managed care delivery system is based upon specific geographic areas, the health plan model, and/or the aid code that the beneficiary is determined to qualify for. In some cases, enrolling in managed care is optional for beneficiaries. However, more than 80 percent of Medi-Cal beneficiaries are currently served through the managed care delivery system.

3.2.2 Proposal

In an effort to enhance coordination of care, increase standardization, and reduce complexity across the Medi-Cal program, DHCS is proposing to standardize which aid code groups will require mandatory managed care enrollment versus mandatory fee-for-service enrollment, across all models of care and aid code groups, statewide. Under this proposal, beneficiaries in a voluntary or excluded from managed care enrollment aid code that are currently accessing the fee-for-service delivery system, would be required to choose a Medi-Cal managed care plan and will not be permitted to remain in fee-for-service. DHCS completed extensive data analytics to inform this proposal, for example, 73% of beneficiaries with other health coverage are already enrolled in managed care today and of non-long-term care share of cost beneficiaries, on average only 5.4% of beneficiaries meet their monthly share of cost.

DHCS is proposing implementation of this change in two phases, transitioning non-dual eligible populations in 2022 and dual eligible populations in 2023. A non-dual member is defined as a Medi-Cal member without any Medicare coverage. A dual beneficiary is defined as a Medi-Cal member with any Medicare coverage. This would include Medi-Cal members with Medicare A only or Part B only (partial duals) and members with Medicare Part A and B (full duals) regardless of enrollment in Medicare Part C or Part D. See below for a summary of changes and **Appendix F: Managed Care Enrollment Proposed Aid Code Group Coverage** for more details.

Given the ability and directive of Medi-Cal managed care plans to provide case and care management not available in a fee-for-service environment, DHCS firmly believes that Medi-Cal managed care is a delivery system we should continue to invest in and rely upon. In conjunction with these new and increased responsibilities, DHCS plans to increase oversight of the plans and their delegated entities to ensure that current requirements being met but also that the additional benefits and requirements contained in CalAIM are truly being provided statewide.

Mandatory Managed Care Enrollment

Below are the populations that currently receive benefits through the fee-for-service delivery system that would transition to Medi-Cal managed care upon implementation of this proposal in 2022:

- Trafficking and Crime Victims Assistance Program (except share of cost)
- Individuals participating in accelerated enrollment
- Child Health and Disability Prevention infant deeming
- Pregnancy-related Medi-Cal (Pregnant Women only, 138-213% citizen/lawfully present)
- American Indians
- Beneficiaries with other health care coverage

- Beneficiaries living in rural zip codes

Below are the populations that currently receive benefits through the fee-for-service delivery system except in COHS and CCI counties that would transition to the Medi-Cal managed care system upon implementation of this proposal in 2023:

- All dual and non-dual individuals eligible for long-term care services (includes long-term care share of cost populations)
- All partial and full dual aid code groups, except share of cost or restricted scope, will be mandatory Medi-Cal managed care, in all models of care starting in 2023

Mandatory Fee-for-Service Enrollment

This proposal would also move the following populations from mandatory managed care enrollment into mandatory fee-for-service enrollment upon implementation of this proposal in 2022:

- Omnibus Budget Reconciliation Act (OBRA): This population was previously mandatory managed care in Napa, Solano, and Yolo counties.
- Share of Cost: beneficiaries in county organized health systems (COHS) and Coordinated Care Initiative counties excluding long-term care share of cost.

Therefore, beneficiaries in the following aid code groups will have mandatory fee-for-service enrollment:

- Restricted scope
- Share of cost (including Trafficking and Crime Victims Assistance Program share of cost, excluding long-term care share of cost)
- Presumptive eligibility
- State medical parole, county compassionate release, and incarcerated individuals
- Non-citizen pregnancy-related aid codes enrolled in Medi-Cal (not including Medi-Cal Access Infant Program enrollees)

DHCS recommends keeping enrollment requirements for foster care children and youth in place until the Foster Care Workgroup makes recommendations on the future delivery system for foster care children and youth.

3.2.3 Rationale

Moving to mandatory managed care enrollment will standardize and reduce the complexity of the varying models of care delivery in California. Populations moving between counties will have the same experience when it comes to receiving services through a managed care plan. Transitioning current populations to mandatory managed care enrollment will also allow for Medi-Cal managed care plans to provide more

coordinated and integrated care and provide beneficiaries with a network of primary care providers and specialists.

Additionally, DHCS will be able to implement a change to Medi-Cal managed care plan rate setting. Currently, the capitation payment rates are developed on a county-by-county and plan-by-plan basis, resulting in excessive administrative work and challenges. With the standardization of the benefits and populations, DHCS will be able to move to a regional rate setting process that will reduce the number of rates being developed and allow DHCS to work with the managed care plans to explore different rate setting methodologies and adjustments to reward improved quality and outcomes.

3.2.4 Proposed Timeline

- **January 1, 2022:** Non-Dual and pregnancy related aid code group, and population-based transitions, except for LTC aid codes.
- **January 1, 2023:** Dual aid code group transition, including LTC aid codes for both non-dual and dual beneficiaries.

3.3 Transition to Statewide Long-Term Services and Supports, Long-Term Care, & Dual Eligible Special Needs Plans

3.3.1 Background

Under CalAIM, DHCS is proposing to transition CMC and the CCI to a statewide MLTSS and dual eligible special needs plan (D-SNP) structure. This policy is intended to help meet the statewide goals of improved care integration and person-centered care, under both CalAIM and the California Master Plan for Aging.

The Coordinated Care Initiative has been underway in seven California counties and is comprised of two parts: 1) Cal MediConnect, a demonstration project that combined acute, primary, institutional, and home and community-based services into a single benefit package for individuals who are fully or partially eligible for Medicare and Medicaid; 2) mandatory Medi-Cal managed care enrollment for dual eligibles for all Medi-Cal benefits, including managed long-term services and supports.

The Governor's 2017-2018 budget determined that the Coordinated Care Initiative was not cost-effective due to the financing of the In-Home Supportive Services benefit, which was carved out to fee-for-service effective January 1, 2018. DHCS will carve out Multipurpose Senior Services Program services to fee-for-service effective January 1, 2022 for all Medi-Cal members. CMS approved an extension for the remaining program elements – Cal MediConnect and mandatory managed long-term services and supports enrollment – until December 31, 2022.

While the Coordinated Care Initiative and Cal MediConnect offer the promise of better integrated care for California's dual eligibles, the program is only available in seven out of 58 counties. Additionally, Cal MediConnect has been a complex program to administer.

DHCS is implementing a new approach to take the key lessons learned and innovative strategies from these programs and make them more broadly available across the State.

3.3.2 Proposal

Aligned Enrollment

DHCS will use selective contracting to move toward aligned enrollment in D-SNPs; beneficiaries will enroll in a Medi-Cal managed care plan and D-SNP operated by the same parent company to allow for greater integration and coordination of care.

- In CCI counties, aligned enrollment will begin in 2023. Cal MediConnect members will transition to aligned D-SNPs and managed care plans operated by the same organization as their Cal MediConnect product.
- Aligned enrollment will phase-in in non-CCI counties as plans are ready. DHCS will require managed care plans to apply for aligned D-SNPs to be effective no later than contract year 2025.
- Dual eligible beneficiaries already enrolled in a non-aligned D-SNP (a D-SNP that is not affiliated with their managed care plan) when aligned enrollment takes effect in their county will be in that D-SNP (allowing the beneficiary to stay in the non-aligned D-SNP). New enrollment in those non-aligned D-SNPs will be closed.

In conjunction with the aligned enrollment approach, starting in 2022 CMS will limit enrollment into Medicare Advantage (MA) plans that are D-SNP “look-alikes.” These are MA plans that offer the same cost sharing as D-SNPs, but do not offer integration and coordination with Medi-Cal or other benefits targeted to the dual eligible population, such as risk assessments or care plans.

As outlined in the CMS Contract Year 2021 Medicare Advantage and Part D Final Rule:

- CMS will not enter into contracts with new MA plans that project 80 percent or more of the plan's enrollment will be entitled to Medicaid starting in 2022; and
- CMS will not renew contracts with MA plans (except SNPs) that have enrollment of 80 percent or more enrollees who are entitled to Medicaid (unless the MA plan has been active for less than one year and has enrollment of 200 or fewer individuals).

DHCS will also allow plans in CCI counties with managed care plan contracts, existing D-SNPs, and existing MA D-SNP look-alike plans to transition their dual eligible populations enrolled in the MA look-alike into an existing D-SNP in 2022, prior to the end of CCI. This will provide better coordination of care, without reducing enrollment in Cal MediConnect plans, and is in alignment and preparation for the CMC transition to D-SNP aligned enrollment in 2023.

D-SNP Integration Requirements

DHCS will require that all D-SNPs use a model of care addressing both Medicare and Medi-Cal services to support coordinated care, high-quality care transitions, and information sharing. DHCS will work with CMS to incorporate new CalAIM model of care requirements into the D-SNP model of care, as appropriate.

As DHCS implements aligned enrollment, DHCS will require D-SNPs to:

- Develop and use integrated member materials.
- Include consumers in their existing advisory boards.
- Work with CMS to establish quarterly joint contract management team meetings for aligned D-SNP and managed care plans.
- Include dementia specialists in their care coordination efforts.
- Coordinate carved-out LTSS benefits including IHSS, MSSP, and other HCBS waiver programs.

Additionally, DHCS will work with CMS to coordinate audit timing, to avoid a D-SNP/managed care plan being audited by both agencies at the same time.

Long-Term Care Carve In

In conjunction with mandatory Medi-Cal managed care enrollment, DHCS will require statewide integration of LTC into managed care for Medi-Cal populations by 2023. This means that full- and partial-benefit duals in LTC facilities in counties or plans that do not already include LTC will be enrolled in Medi-Cal managed care by 2023.

D-SNP Transitions and Enrollment Policies

DHCS will encourage aligned enrollment of dual eligibles into matching managed care plans and D-SNPs to promote more integrated care. During all transitions, DHCS will work with CMS to ensure beneficiaries receive continuity of care protections.

Mandatory Enrollment into Medi-Cal Managed Care Plans

DHCS is committed to providing beneficiary and provider education, as well as technical assistance around Medi-Cal managed care plan requirements, for mandatory enrollment of dual eligibles into Medi-Cal managed care. As part of this work, DHCS will:

- Review and make any needed updates to education and enrollment materials used to assist dual eligibles in enrolling into a managed care plan or PACE for their Medi-Cal benefits.

- Help educate providers about necessary billing practices as well as the processes that will not change, building on materials and best practices previously developed under CCI.

3.3.3 Rationale

Individuals dually eligible for Medicare and Medi-Cal are among the highest need populations. However, lack of coordination between Medicare and Medi-Cal can make it difficult for individuals enrolled in both programs to navigate these separate systems of care. California has made significant progress in building integrated systems through the implementation of CCI and CMC in seven counties (Los Angeles, Orange, San Diego, San Mateo, Riverside, San Bernardino and Santa Clara). As part of the CalAIM initiative, DHCS is leveraging the lessons and success of CCI to develop policies to promote integrated care through D-SNPs and MLTSS across California. This includes mandatory enrollment for dual eligibles into managed care plans for their Medi-Cal benefit and increasing the availability of aligned D-SNPs. This will allow duals to voluntarily enroll for their Medicare benefits into the D-SNP that is aligned with their managed care plan.

In addition, to promote integrated, person-centered care, the D-SNP and MLTSS policies will rely on California's robust and diverse array of HCBS providers across the state who serve older Californians and people with disabilities. In support of this effort, DHCS plans to submit a request for supplemental funding through the federal Money Follows the Person grant to accelerate LTSS system transformation design and implementation, and to expand HCBS capacity. The one-time supplemental funding would be used to develop a multi-year roadmap for implementing strategies and solutions for strengthening HCBS and MLTSS programs and provider networks. DHCS' intent is that the roadmap will provide a unified vision to integrate CalAIM MLTSS, D-SNP policy and the related in lieu of services policy, other components of the Master Plan on Aging, and all of HCBS, to expand and better link those HCBS to Medi-Cal managed care and D-SNP plans.

3.3.4 Proposed Timeline

- **January 1, 2021:** All existing D-SNPs must meet new regulatory integration standards effective 2021.

- **January 1, 2022**: Voluntary in lieu of services in all Medi-Cal managed care plans and CMC plans. Multipurpose Senior Services Program (MSSP) carved out of managed care in CCI counties. Plans in CCI counties with existing managed care plan contracts, existing D-SNPs, and existing MA D-SNP look-alike plans may transition their dual eligible populations enrolled in the MA look-alike into an existing D-SNP.

- **December 31, 2022**: Discontinue CMC and CCI.

- **January 1, 2023**: Statewide mandatory enrollment of full- and partial- benefit dual eligible beneficiaries into managed care plans for Medi-Cal benefits, including dual and non-dual eligible LTC residents and statewide integration of LTC into Medi-Cal managed care. Aligned enrollment begins in CCI counties and managed care plans in those counties must stand up D-SNPs. All CMC members cross-walked to matching D-SNP and managed care plans, subject to CMS and state requirements.

- **January 1, 2025**: Aligned enrollment begins in non-CCI counties; All managed care plans required to begin operating D-SNPs (voluntary enrollment for dual eligibles' Medicare benefit).

- **January 1, 2027**: Implement MLTSS statewide in Medi-Cal managed care.

3.4 NCQA Accreditation of Medi-Cal Managed Care Plans

3.4.1 Background

The National Committee for Quality Assurance (NCQA) is a private, not-for-profit organization that offers accreditation to health plans and other health care-related entities (e.g., accountable care organizations) in the areas of quality improvement, population health management, network management, utilization management, credentialing and re-credentialing, and member experience. NCQA also develops quality performance measures known as the Healthcare Effectiveness Data and Information Set (HEDIS) measures, which provide a standardized method for comparing health plan performance. Currently, 26 states require NCQA accreditation for their contracted Medicaid managed care plans.

DHCS conducts annual medical audits of all Medi-Cal managed care plans, but does not currently "deem," or use information obtained from a national accreditation review, to satisfy mandatory external quality review activities, with the exception of the credentialing requirement of the annual medical audit. Federal regulations permit the state to deem this information for credentialing purposes.

DHCS does not currently require Medi-Cal managed care plans to be accredited by NCQA. Out of 24 full scope Medi-Cal managed care plans in the state, 17 health plans currently have NCQA accreditation. Medi-Cal managed care plans that provide private coverage through Covered California are required to be accredited by either NCQA, the Utilization Review Accreditation Commission (URAC), or the Accreditation Association for Ambulatory Health Care (AAAHC).

3.4.2 Proposal

To streamline Medi-Cal managed care plan oversight and to increase standardization across plans, DHCS recommends requiring all Medi-Cal managed care plans and their

health plan subcontractors to be NCQA accredited by 2026. DHCS may use NCQA findings to certify or deem that Medi-Cal managed care plans meet particular state and federal Medicaid requirements. However, numerous stakeholders have shared with DHCS their concerns around DHCS deeming any elements of its current oversight of the managed care plans. Before DHCS recommends deeming of elements of its annual medical audits of the plans, DHCS will solicit feedback on the proposed deemable elements. If deeming does occur, DHCS will post information on the deeming elements and the corrective action plan for NCQA oversight findings on its website. DHCS will not accept accreditation from entities other than NCQA (e.g. URAC). Additional information on proposed deeming is below.

DHCS will also require Medi-Cal managed care plan NCQA accreditation to include the LTSS Distinction Survey subsequent to all health plans operating a D-SNP by 2027; the exact effective date for the LTSS Distinction Survey will be determined at a later date. Requiring the LTSS Survey will align with the state's effort to carve-in long-term care services and expand in lieu of services to make MLTSS a statewide benefit.

While DHCS is interested in the potential future addition of the Medicaid (MED) module to routine NCQA health plan accreditation, as it could potentially maximize the opportunity for streamlining state compliance and deeming, DHCS has determined that it is premature to require the MED module at this point, given how new it is for NCQA.

Finally, DHCS had considered requiring Medi-Cal managed care plans to ensure any non-health plan subcontractors to whom certain contractual elements are delegated are NCQA accredited for that function. DHCS will not require this in its contracts with the Medi-Cal managed care plans at this time; Medi-Cal managed care plans will need to determine if they will require any accreditation of their non-health plan subcontractors. If DHCS decides to deem particular elements of NCQA health plan accreditation standards, and any Medi-Cal managed care plans elect to require NCQA accreditation of their subcontractors, the Medi-Cal managed care plans will have the option to offer deeming on those same elements, if applicable, with their subcontractors.

3.4.3 Rationale

One of the three objectives of CalAIM is to reduce variation and complexity across Medi-Cal delivery systems, including standardization of the Medi-Cal managed care benefit. requiring NCQA accreditation of its managed care plans and following the NCQA framework, DHCS can potentially increase standardization throughout the state and reduce redundancies in various processes and assessments, in areas such as care coordination, which DHCS currently requires. Further, NCQA accreditation can assist in streamlining DHCS monitoring and oversight of managed care plans, particularly with regard to the annual medical audits, by increasing the number of elements in which DHCS may consider deeming Medi-Cal managed care plans. This would allow the annual medical audits to focus on other DHCS priority areas not reviewed by NCQA.

The addition of the LTSS Distinction Survey aligns with DHCS' goal of making LTSS a statewide benefit. DHCS recognizes that the addition of this survey to routine NCQA accreditation may be difficult for Medi-Cal managed care plans that are not already NCQA accredited, so DHCS will determine a timeframe for requiring the LTSS Distinction Survey that falls after all managed care plans have achieved routine NCQA plan accreditation.

3.4.4 Proposed Timeline

DHCS will require all Medi-Cal managed care plans and their health plan subcontractors to be NCQA accredited by 2026.

- DHCS will review and consider elements of NCQA health plan accreditation standards for deeming in relation to the annual A&I compliance audits.
    - DHCS will ensure that a complete crosswalk of federal and state Medicaid requirements and NCQA health plan accreditation standards is available online for comment prior to finalizing any deeming decisions.
    - DHCS will ensure that any NCQA health plan accreditation elements selected for potential deeming are vetted with stakeholders prior to finalizing any deeming decisions.
- DHCS may consider implementing deeming of the select elements sooner than 2026 for Medi-Cal managed care plans that already have NCQA accreditation. DHCS will align all applicable processes in its Medi-Cal managed care plan contract and All Plan Letters with the following six NCQA health plan accreditation categories to correspond with the requirement for accreditation by 2026:
    - Quality Improvement;
    - Population Health Management;
    - Network Management;
    - Utilization Management;
    - Credentialing; and
    - Member Experience.

3.5 Regional Managed Care Capitation Rates

3.5.1 Background

DHCS currently develops, certifies, and implements managed care capitation rates on an annual basis for contracted Medi-Cal managed care plans. DHCS develops distinct rates for each contracted managed care plan by county/region and population group. Due to the complexities of the Medi-Cal managed care program, which includes varied and intricate financing mechanisms, DHCS calculates multiple rating components for each capitation rate for a total of more than 4,000 rating components on an annual basis as of

Back to Agenda

Back to Item

state fiscal year 2018-19. The excessively large number of rating components DHCS must develop on an annual basis is administratively burdensome and contributes to lengthy annual federal review and approval timeframes. It also limits DHCS' ability to advance value-based and outcomes-focused rate setting methodologies. With the changes contemplated in CalAIM, DHCS views the need for simplified methodologies with a reduced number of components as necessary to achieving our broader goals of improving care delivery, access, quality and outcomes for our Medi-Cal beneficiaries.

3.5.2 Proposal

A regional rate-setting methodology provides a pathway toward simplification of the rate-setting process for the Medi-Cal managed care program. The proposed simplification will afford DHCS the flexibility to continue to pursue strategies that support advancements and innovations within the program.

To ensure a successful transition, DHCS proposes a two-phased approach:

Implement Regional Rates in Targeted Counties (Phase I)

- DHCS would implement Phase I for calendar years 2022 and 2023 (at a minimum) for targeted counties and Medi-Cal managed care plans;
- DHCS would advance new regional rate-setting approaches and streamline rate processes and methodologies;
- DHCS would utilize Phase I as a means of identifying strategies and further improvements that will support a seamless transition to regional rate setting statewide; and
- DHCS would engage and collaborate with contracted Medi-Cal managed care plans and industry associations as part of this process.

Fully Implement Regional Rates Statewide

- DHCS proposes to fully implement regional rates statewide no sooner than calendar year 2024, to align with the end of Phase I; and
- DHCS will consider health care market dynamics, including but not limited to health care cost and utilization data, across counties when determining regional boundaries.

3.5.3 Rationale

The proposed transition to regional rates statewide offers four main benefits:

- Regional rates would reduce the number of distinct rating components that DHCS must develop on an annual basis, and thereby permit DHCS to utilize a more flexible rate structure model. This flexibility is essential to DHCS' ability to pursue

advancements and innovations in the Medi-Cal managed care program, including CalAIM, and to explore new, innovative ideas.

- Regional rates would simplify the presentation of rates to CMS, which may expedite federal review and approval of the Medi-Cal managed care capitation rates. DHCS could implement rate-setting approaches that promote efficiency, including cost-averaging processes, across Medi-Cal managed care plans.
- These approaches would continue to incentivize Medi-Cal managed care plans to operate efficiently as rates will be based upon costs across the multi-county region. In effect, each Medi-Cal managed care plan will be incentivized to compete to be more efficient than other plans in their region.
- Regional rates would provide a larger, multi-county base for averaging, and thereby alleviate some of the criticisms regarding the process currently used by DHCS.

3.5.4 Proposed Timeline

Rate setting is a dynamic process. Therefore, DHCS will proceed methodically, engage and collaborate with Medi-Cal managed care plans, and make future refinements as determined actuarially appropriate.

- **Calendar Year 2020 and 2021:** Develop regional rate-setting methodologies and approaches with appropriate stakeholder input.
- **January 1, 2022:** Implement Phase I for targeted counties and Medi-Cal managed care plans.
- **Calendar Year 2023:** Evaluate and continue to refine the rate-setting process prior to the implementation of regional rates statewide.
- **No sooner than January 1, 2024:** Fully implement regional rates statewide.
- **Post-implementation:** Continue to evaluate and refine the rate-setting process and regions.

Behavioral Health

3.6 Behavioral Health Payment Reform

3.6.1 Background

Through realignment efforts in 1991 and 2011, funding for the majority of the non-federal share of costs associated with the specialty mental health and substance use disorder (SUD) services became the responsibility of the counties. Currently, counties are reimbursed for the federal and state portion of costs for services and administration of these programs via Medicaid Certified Public Expenditure (CPE) methodologies. Under

CPE methodologies, reimbursements to counties are limited to costs incurred by the counties and are subject to a lengthy and labor-intensive cost reconciliation process.

For specialty mental health services, counties pay with non-federal funds at the time of service and when incurring costs to administer the programs. The counties then submit CPEs to DHCS so that the state can draw down eligible federal Medicaid matching funds. In accordance with the CMS-approved CPE protocol, mental health plans receive interim reimbursement of federal financial participation on a fee-for-service basis, pursuant to interim rates approved by the state on an annual basis for approved units of service for allowable procedure codes. The state completes the interim reconciliation of interim Medicaid payments no later than 24 months after the close of each state fiscal year. The final cost reconciliation of mental health plan interim Medicaid payments occurs within 36 months after the certified, reconciled, state-developed cost reports are submitted.

The Drug Medi-Cal portions of the State Plan establishes the interim payment methodology for both Narcotic Treatment Program and non-Narcotic Treatment Program services. Generally, this methodology requires an interim reimbursement at the statewide maximum allowable or uniform statewide daily dosing rate. DHCS also provides an interim reimbursement to counties for costs incurred to administer DMC-ODS or DMC programs. After the fiscal year ends, DHCS performs a settlement with counties for the cost of administering the SUD services (either through DMC State Plan or through DMC-ODS). These cost reconciliations occur years after the close of the state fiscal year to allow time for claims run out as well as for DHCS to complete its cost reconciliation audits.

To incentivize additional investment in the delivery systems and reduce overall burden on counties and the state, DHCS is proposing to reform behavioral health payment methodologies for counties. Under the current CPE methodology, counties are not able to retain revenue when implementing cost-reduction efforts, thereby limiting the ability to fully invest in the delivery system to improve access and quality. These reforms will allow not only for more timely review and final payment, but will enable the county behavioral health system, for the first time, to participate in and design true outcomes and value-based reimbursement structures that reward better overall results and quality of life for Medi-Cal beneficiaries.

3.6.2 Proposal

The state is proposing to reform its behavioral health payment methodologies via a multi-phased approach with the goal of increasing available reimbursement to counties for services provided and to incentivize quality objectives. This proposal would move reimbursement for all inpatient and outpatient specialty mental health and substance use disorder services from CPE-based methodologies to other rate-based/value-based structures that instead utilize intergovernmental transfers to fund the county-supplied non-federal share. DHCS proposes to implement the shift in methodology in two initial phases:

- In order to establish appropriate payment rates, DHCS proposes to transition specialty mental health and SUD services from existing Healthcare Common Procedure Coding System (HCPCS) Level II coding to Level I coding, known as Current Procedural Terminology (CPT) coding, when possible; and
- DHCS will establish reimbursement rates, as well as an ongoing methodology for updating rates, for the updated codes with non-federal share being provided by counties via intergovernmental transfer instead of CPEs, eliminating the need for reconciliation to actual costs.

Transition from HCPCS Level II Coding to CPT Coding

DHCS is proposing to transition from existing HCPCS Level II coding to CPT coding in all cases where a suitable CPT code exists. If a suitable CPT code does not exist, DHCS would identify an appropriate HCPCS Level II code.

For specialty mental health services, DHCS would identify a mix of HCPCS Level II codes and CPT codes for the following service functions: therapy, assessments, treatment planning, rehabilitation, prescribing medication, administering medication, patient education, and crisis intervention. DHCS would establish a rate for each of the HCPCS Level II codes and CPT codes identified within each service function. Counties would receive payment for each service rendered based upon the rate established for the specific HCPCS Level II code or CPT code. Services that currently receive a bundled rate, such as psychiatric inpatient hospital services, adult residential treatment, crisis residential treatment, psychiatric health facility services, crisis stabilization, day treatment, and day rehabilitation, would continue to be reimbursed using a bundled rate.

For SUD services, DHCS would identify a mix of HCPCS Level II codes and CPT codes for the following service functions: assessment, case management, crisis intervention, discharge planning, group counseling, individual counseling, medical psychotherapy, prescribing medication, administering medication, recovery services, and treatment planning. DHCS would establish a rate for each of the HCPCS Level II codes and CPT codes identified within each service function. Counties would receive payment for each service rendered based upon the rate established for the specific HCPCS Level II code or CPT code. Narcotic Treatment Programs would continue to be reimbursed a daily rate for each encounter.

Rate Setting Methodology

For the establishment of reimbursement rates, DHCS is proposing to set rates by peer grouping. Each peer group would be made up of counties with similar costs of doing business to best reflect local needs. Rates would include a service component as well as an administrative component and a utilization management/quality assurance component, which would be percentages on top of the service component. Additionally,

DHCS is proposing to establish a methodology to provide, at a minimum, an annual update to established rates to ensure that reimbursement continues to reflect the cost of providing services, administration, and required utilization management/quality assurance activities.

To start, DHCS is proposing to process intergovernmental transfers and make payments to counties on a monthly basis. Eventually, DHCS plans to transition to quarterly intergovernmental transfers and payments to reduce the administrative burden tied to processing intergovernmental transfers and payments for 58 counties on a monthly basis. The state will discuss with the counties the appropriate time to transition from monthly to quarterly payments.

3.6.3 Rationale

Under CPE-based methodologies, all reimbursement is limited to the actual cost of providing services, which does not allow for value-based arrangements or incentives to reduce costs and share in the savings. The shift from CPE to intergovernmental transfer-based methodologies will allow DHCS, in collaboration with county partners, to:

- Establish rates for reimbursement that are not limited to cost and instead focus on the quality and value of services;
- Provide more flexibility to counties to explore provider reimbursement arrangements that incentivize quality and value;
- Create opportunities for improved coordination of care by simplifying options for contracts and payments between Medi-Cal managed care plans and counties, without limiting financial benefits for the county; and
- Reduce state and county administrative burden and allow counties to close their accounting records closer to the end of a fiscal year by eliminating the lengthy and labor-intensive cost-reconciliation process.

Finally, the shift from HCPCS Level II coding to HCPCS Level I coding will allow for more granular claiming and reporting of services provided, creating the opportunity for more accurate reimbursement to counties/providers. The shift in coding will also allow counties and DHCS to better report performance outcomes and measures. In turn, the increased reporting will provide counties and DHCS with more accurate, useful information on health care quality to inform policy decisions.

3.7.4 Proposed Timeline

Given the need to ensure county readiness for this change in approach, DHCS is looking forward to working with counties and stakeholders to establish the timeline for adoption of the HCPCS Level I. DHCS proposes to work with counties and stakeholders to evaluate county readiness and develop a strategy to support them in making this transition. However, the earliest date the shift would occur would be July 1, 2022.

The transition from cost-based reimbursement to an established rate schedule would take place concurrently with the adoption of the HCPCS Level I coding. DHCS would, initially, establish separate rate schedules for specialty mental health and substance use disorder services, with the goal of aligning rate schedules when these services are administratively integrated into a single behavioral health managed care program. DHCS would begin the intergovernmental transfer-based reimbursement at the start of a state-county fiscal year to ease the transition.

3.7 Medical Necessity Criteria

3.7.1 Background

Current medical necessity criteria for specialty mental health services are outdated and confusing and can lead to challenges for beneficiaries in accessing appropriate care. Current diagnosis requirements can prevent beneficiaries from receiving urgently needed care, especially for children, who are entitled to care before developing a mental health condition, or for people with a co-occurring substance use disorder whose diagnosis may not be immediately clear. DHCS requirements for provider documentation are confusing and may lead to provider burden and risk of payment disallowance during audits.

Currently, DHCS does not standardize screening practices to determine where a beneficiary should initially seek mental health care. As a result, counties and plans have a variety of approaches to determine where beneficiaries should initially access care, whether with county Mental Health Plans (for specialty mental health services) or with Medi-Cal Managed Care or Fee for Service delivery systems (for beneficiaries not meeting criteria for specialty mental health services). DHCS does not currently standardize how beneficiaries transition across these delivery systems when their status changes, leading to inconsistent practices. In addition, the Early and Periodic Screening, Diagnosis and Treatment (EPSDT) protection for beneficiaries under age 21 is inconsistently interpreted and leads to confusion and variation in practice.

3.7.2 Proposal

With the CalAIM initiative, DHCS aims to design a coherent plan to address beneficiaries' needs across the continuum of care, ensure that all Medi-Cal beneficiaries receive coordinated services, and improve health outcomes. The goal is to ensure beneficiary access to the right care in the right place at the right time.

In CalAIM, DHCS proposes to update and clarify medical necessity criteria for specialty mental health services for both adults and children, including allowing reimbursement of treatment before diagnosis and clarifying that treatment in the presence of a co-occurring SUD is appropriate and reimbursable when medical necessity is met.

DHCS proposes to clarify EPSDT protections for beneficiaries under age 21, and create criteria for children to access specialty mental health services based on experience of trauma and risk of developing future mental health conditions, such as involvement in child welfare or experience of homelessness.

DHCS proposes to develop a standardized screening tool to facilitate accurate determinations of when care would be better delivered in the specialty mental health delivery system or in the Medi-Cal managed are or fee for service system. In addition, DHCS proposes to develop a standardized transition tool, for when a beneficiary's condition changes, and they would be better served in the other delivery system.

DHCS proposes to implement a "no wrong door" policy to ensure beneficiaries receive medically necessary treatment regardless of the delivery system where they seek care. This policy would allow beneficiaries who directly access a treatment provider to receive an assessment and mental health services, and to have that provider reimbursed for those services, even if the beneficiary is ultimately transferred to the other delivery system due to their level of impairment and mental health needs. In certain situations, beneficiaries may receive non-duplicative services in multiple delivery systems, such as when a beneficiary has an ongoing therapeutic relationship with a therapist or psychiatrist in one delivery system while requiring medically necessary services in the other.

DHCS also proposes to simplify and streamline mental health documentation requirements, to align with medical provider requirements, improve efficiency, and decrease provider burnout.

With respect to inpatient specialty mental health services, DHCS proposes to update the criteria for psychiatric inpatient medical necessity currently provided in Title 9 of the California Code of Regulations. To facilitate improved communication between mental health plans and hospitals, and to decrease variation in clinical documentation requests across counties, DHCS will develop, in consultation with hospital and county stakeholders, documentation standards and concurrent review protocols to allow efficient and streamlined communication of clinical information during concurrent review.

Division of Services Between Mental Health Plans and Medi-Cal Managed Care Plans

To ensure beneficiaries with behavioral health needs are guided to the most appropriate delivery system to address their needs, DHCS is proposing to update its medical necessity criteria and processes, which would be organized as described below:

California provides Medi-Cal mental health services through Managed Care Plans, Fee for Service (FFS), and county mental health plans. The delivery system responsible to provide the mental health service depends on the degree of a beneficiary's impairment from the mental health condition and other criteria described below. Beneficiaries may receive mental health services prior to diagnosis in any of these delivery systems under certain conditions, even if ultimately the beneficiary is determined not to have a mental disorder. Beneficiaries may initiate medically necessary mental health services in one delivery system and receive ongoing services in another system. Beneficiaries whose degree of impairment changes may transition between the delivery systems, or under some circumstances may receive medically necessary mental health services in more than one delivery system. Care shall be coordinated between the delivery systems and services shall not be duplicated.

Medi-Cal Managed Care Plan responsibilities:

The following nonspecialty mental health services are covered by managed care plans:

a) Individual and group mental health evaluation and treatment (including psychotherapy and family therapy);
b) Psychological testing, when clinically indicated to evaluate a mental health condition;
c) Outpatient services for the purposes of monitoring drug therapy;
d) Psychiatric consultation; and,
e) Outpatient laboratory, drugs, supplies and supplements (note: the pharmacy benefit will be carved out of managed care plans contracts and transitioned to fee for service delivery under Medi-Cal Rx as of 4/1/2021).

Medi-Cal managed care plans are responsible to provide the above nonspecialty mental health services to adult beneficiaries with mild to moderate distress or mild to moderate impairment of mental, emotional or behavioral functioning resulting from mental health disorders, as defined by the current Diagnostic and Statistical Manual of Mental Disorders. Managed care plans are also required to provide non-specialty mental health services to children under the age of 21. Managed care plans are also responsible to provide mental health services to beneficiaries with potential mental health disorders

These services are also available in the FFS mental health delivery system for beneficiaries not enrolled in Medi-Cal managed care.

County Mental Health Plan responsibilities:

For beneficiaries 21 years and over, Mental health plans are responsible to provide specialty mental health services for beneficiaries who meet (A) and (B) below:

(A): The beneficiary must have one of the following:

(i) Significant impairment ("impairment" is defined as distress, disability or dysfunction in social, occupational, or other important activities), OR
(ii) A reasonable probability of significant deterioration in an important area of life functioning.

(B): The beneficiary's condition in (A) is due to:

(i) A diagnosed mental health disorder (according to the current Diagnostic and Statistical Manual of Mental Disorders and International Statistical Classification of Diseases and Related Health Problems criteria), OR

(ii) A suspected mental disorder that has not yet been diagnosed.

For beneficiaries under age 21[1],
Mental health plans are responsible to provide specialty mental health services to beneficiaries who meet either Criteria 1 **or** Criteria 2:

Criteria 1: The beneficiary is at high risk for a future mental health disorder due to experience of trauma, evidenced by: scoring in the high-risk range on a DHCS-approved trauma screening tool, or involvement in the child welfare system, or experience of homelessness.

Criteria 2: The beneficiary must meet both (A) and (B), below:

(A): The beneficiary must have at least one of the following:

I. Significant impairment, or
II. A reasonable probability of significant deterioration in an important area of life functioning, or
III. iii. A reasonable probability a child will not progress developmentally as appropriate, or
IV. Less than significant impairment, but requires mental health services that are not included within the mental health benefits that managed care plans are required to provide.

(B): The beneficiary's condition in (A) is due to:
I. A diagnosed mental health disorder (according to the current Diagnostic and Statistical Manual of Mental Disorders and International Statistical Classification of Diseases and Related Health Problems criteria), or
II. A suspected mental disorder that has not yet been diagnosed.

Mental health plans provide the following specialty mental health services

1. Crisis Residential Treatment Services
2. Adult Residential Treatment Services
3. Crisis Interventions
4. Crisis Stabilization
5. Day Rehabilitation
6. Day Treatment Intensive
7. Medication Support Services
8. Psychiatric Health Facility Services

[1] The Early and Periodic Screening, Prevention and Treatment protection entitles beneficiaries under age 21 to services necessary to correct or ameliorate a mental illness and condition recommended by a qualified provider operating within his or her scope of practice, whether or not the service is in the state plan.

9. Psychiatric Inpatient Hospital Services
10. Targeted Case Management/Intensive Care Coordination
11. Mental Health Services and Intensive Home-Based Services (including the following service interventions: Assessment, Plan Development, Therapy, Rehabilitation, and Collateral)
12. Therapeutic Behavioral Services
13. Therapeutic Foster Care Services

Substance Use Disorder Services

As with the current SMHS medical necessity criteria, the current Section 1115 waiver for SUD services requires beneficiaries to be diagnosed with a SUD to meet criteria for reimbursement, preventing the provision of treatment services prior to a definitive diagnosis.

As for mental health, DHCS proposes that substance use disorder treatment services may be provided and reimbursed prior to the determination of a diagnosis, including providing services to beneficiaries with co-occurring mental health disorders.

In addition, DHCS heard many comments from stakeholders about how to improve the Drug Medi-Cal Organized Delivery System, which are reflected in the "DMC-ODS Program Renewal and Policy Improvements" section of this proposal.

Documentation Requirements for Specialty Mental Health and Substance Use Disorder Services

Documentation requirements for SUD and SMHS are currently stringent. Stakeholders report that concern about disallowances result in providers spending an excessive amount of time "treating the chart instead of treating the patient." With the goal of aligning standards across physical and behavioral health programs, DHCS is proposing to update documentation requirements for specialty mental health and substance use disorder treatment to simplify and streamline requirements. For example, DHCS proposes to eliminate the requirement for a point-in-time treatment plan signed by the client, with progress notes tying to the treatment plan. Evidence does not show that shared decision-making is achieved through signature requirements, and the requirement that every note and every intervention must tie to a treatment plan is inefficient and inconsistent with documentation requirements in the medical (physical health) system. DHCS proposes to align behavioral health and medical documentation requirements in Medi-Cal by requiring problem lists and progress notes to reflect the care given and to align with the appropriate billing codes. DHCS also proposes to revise the clinical auditing protocol, to use disallowances when there is evidence of fraud, waste, and abuse, and to use quality improvement methodologies (such as oversight from the External Quality Review Organization) for minor clinical documentation concerns. These documentation changes will align with behavioral health payment reform, as the use of Level 1 HCPCS codes comes with national documentation standards and expectations.

Technical Corrections

DHCS proposes to make other technical corrections to address outdated references to the Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition (DSM-IV), rather than the more current DSM-V, and reflect federal diagnostic coding requirements related to use of International Classification of Diseases (ICD) code sets.

3.7.3 Rationale

Updates to medical necessity criteria for specialty mental health and SUD services, and related policy proposals, are required to achieve more up-to-date clinical practices and better clarity for oversight.

3.7.4 Proposed Timeline

DHCS recommends making changes to the specialty mental health and substance use disorder medical necessity criteria and related processes, as applicable, effective January 1, 2022 with the approval of the Section 1115 and 1915(b) waivers.

3.8 Administrative Integration of Specialty Mental Health and Substance Use Disorder Services

3.8.1 Background

California's mental health plans operate under the authority of a Section 1915(b) waiver, while DMC-ODS plans operate under the authority of a Section 1115 demonstration, and Drug Medi-Cal fee-for-service programs are authorized through California's Medicaid State Plan.

For mental health plans and DMC-ODS plans, DHCS contracts with counties to act as prepaid inpatient health plans to provide, or arrange for the provision of, specialty mental health services and DMC-ODS treatment services to beneficiaries. While the specialty mental health services program is a statewide benefit, the DMC-ODS managed care program is only covered in counties that have "opted-in" and are approved to participate by DHCS and CMS.

Fifty-six mental health plans administer the SMHS program, including two joint arrangements in Sutter/Yuba and Placer/Sierra. For SUD services, 37 counties administer the DMC-ODS program, covering more than 90 percent of the Medi-Cal population. Seven of these counties contract with a local Medi-Cal managed care plan to provide an alternative regional model for DMC-ODS. The remaining 21 counties provide SUD treatment services through Drug Medi-Cal.

Medi-Cal specialty mental health and SUD treatment services are currently administered through separate, unique structures at the county level. Beneficiaries with co-occurring mental health and SUD treatment needs must navigate multiple systems to access care.

Beneficiaries must review multiple handbooks and provider directories, navigate separate intake and assessment processes, and often travel to multiple locations to receive care. Counties and providers face challenging documentation and coding requirements, especially for beneficiaries with both SUDs and mental health conditions.

At the system level, counties must demonstrate compliance with two sets of requirements and are subject to multiple reviews. For DMC-ODS counties, administering two distinct prepaid inpatient health plans must demonstrate compliance with federal managed care requirements twice, essentially running two almost entirely separate managed care programs with duplicative processes for quality improvement and performance measurement, beneficiary appeals, and program integrity.

3.8.2 Proposal

DHCS is proposing administrative integration of specialty mental health and SUD services into one behavioral health managed care program. This proposal is distinct from the Full Integration Plan which will integrate physical, behavioral and oral health care into comprehensive managed care plans. The goal is to improve outcomes for beneficiaries through coordinated treatment across the continuum of care. An additional goal and benefit would be to reduce administrative and fiscal burdens for counties, providers, and the state.

For counties participating in DMC-ODS managed care, DHCS is interested in working toward integrating the two behavioral health programs/prepaid inpatient health plans into a single behavioral health plan structure. The result would be a single prepaid inpatient health structure in each county or region responsible for providing, or arranging for the provision of, specialty mental health and SUD treatment services for all Medi-Cal beneficiaries in that county or region. Participating counties would benefit from streamlined state requirements and the elimination of redundancy. Consolidating operations and resources into one behavioral health managed care plan would allow counties to successfully meet state and federal requirements and significantly decrease their administrative burden.

Additionally, Drug Medi-Cal fee-for-service counties will also be able to integrate such services; however, slight variations may apply due to the differences of federal requirements for fee-for-service verses prepaid inpatient health plans.

Clinical Integration

1. Access Line

Counties are required to have a 24-hour access line for mental health plans and for DMC-ODS. Some Drug Medi-Cal counties may also have 24-hour access lines, although it is not a requirement. Many counties already use their access lines in an integrated manner to triage, screen, and refer beneficiaries for both specialty mental

health and SUD treatment services; however, some counties maintain separate lines. Under an integrated model, the goal would be for all counties to have an integrated, 24-hour access line for beneficiaries seeking either specialty mental health and/or SUD services.

2. Intake/Screening/ Referrals

Processes for intake, screening, and referral vary by county. Optimally, counties would have standardized and streamlined intake processes that are timely, emphasize a positive beneficiary experience, and use a "no wrong door" approach to help beneficiaries access mental health and substance use disorder services. While assessments are performed by clinicians and tailored to the needs of the client, and may vary based on setting, DHCS proposes to move forward with a standardized statewide screening tool for beneficiaries 21 and over, and one for beneficiaries under 21, to ensure beneficiaries receive prompt care in the right delivery system.

3. Assessment

Assessment processes and tools for specialty mental health and SUD services also vary by county. For example, the American Society of Addiction Medicine placement tool is used to make level of care determinations DMC-ODS. However, an assessment tool is not required in Drug Medi-Cal counties. For SMHS, the Child and Adolescent Needs and Strengths tool is required for children and youth; however, there is not a required tool for adults. More research will be needed to determine which aspects, authorities, or requirements need to be addressed to integrate clinical assessments for mental health and SUDs.

4. Treatment Planning

Currently, treatment planning for specialty mental health and SUD treatment services is conducted separately and is not integrated. Beneficiaries receiving both types of services can have multiple treatment plans that include different documentation requirements. To improve efficiency, counties would integrate treatment planning for both specialty mental health and substance use disorder services with simplified and aligned documentation requirements. The goal would be to develop a new, simplified, more client-centered and strength-based approach to behavioral health treatment planning and to align treatment planning and documentation standards with physical health care. Additionally, DHCS will provide counties with relevant Medi-Cal services data, which may include managed care encounter and pharmacy claims data, to allow for better coordination of care and treatment planning.

5. Beneficiary Informing Materials

Currently, beneficiaries who receive services through mental health plans and DMC-ODS receive two beneficiary handbooks. The handbooks are not the same, but both

address elements that are required by federal managed care regulations, such as language regarding the grievance, appeals and state fair hearing processes. The goal is to consolidate beneficiary information materials to streamline them into one user-friendly handbook, reduce confusion, increase access, and achieve administrative efficiencies.

Consideration would need to be given to implementing this element in Drug Medi-Cal counties, since they are not currently required to have a beneficiary handbook.

Administrative Integration

1. Contracts

Currently, there are three separate contract types between DHCS and counties: mental health plans, DMC-ODS and Drug Medi-Cal counties. Under an integrated system, the goal would be to have only one contract in every county that would cover both all Medi-Cal specialty mental health and SUD treatment services.

2. Data Sharing / Privacy Concerns

Counties are responsible for managing data-sharing at two levels: within and across county plans, and at the provider level. Data sharing and privacy concerns need to be explored to determine what areas can be addressed, since there are different considerations and regulations pertaining to data sharing for SMHS and SUD services. Addressing these concerns will be critical in determining whether and when counties can integrate assessments, treatment plans, and electronic health records, among other processes. A thorough assessment of the various barriers and solutions to stringent patient privacy protections will be required. There will need to be a thorough assessment by the state and counties to identify the various barriers and solutions to stringent patient privacy protections built into federal regulations.

3. Electronic Health Record Integration and Re-Design

Many counties currently operate separate electronic health records (EHRs) or maintain differently configured and separate records for specialty mental health and substance use disorder services. This is largely in response to federal regulations, but also due to historical bifurcation of the two programs and different documentation and data-reporting requirements for the specialty mental health and substance use disorder programs. Timelines for integrating different components of administrative integration will depend on counties' ability to arrive at a record design that is compliant and then collaborate with their vendors to make multiple, timely modifications to their electronic health records.

4. Cultural Competence Plans

Mental health plans are required to have a plan for culturally responsive care for specialty mental health services. DMC-ODS plans are also required to have a culturally responsive care plan. Under an integrated system, counties would have only one integrated plan for culturally responsive care instead of two, separate plans.

Considerations would need to be given to how this element would be implemented in Drug Medi-Cal counties since they are currently not subject to these same requirements.

Integration of DHCS Oversight Functions

1. Quality Improvement

Some counties have integrated quality improvement and performance measurement programs for specialty mental health and substance use disorder services. However, most programs – or components of them – are still separate. Under an integrated system, counties would develop and operationalize a consolidated quality improvement plan, have a single quality improvement committee, and develop a comprehensive list of performance measures for specialty mental health services and substance use disorder services.

2. External Quality Review Organizations

Pursuant to federal Medicaid managed care requirements, an external quality review is required for both mental health plans and DMC-ODS. Currently, Behavioral Health Concepts is the contractor that acts as the External Quality Review Organization for both programs. However, there are separate contracts, review processes, timelines, and protocols. In addition, counties must develop separate performance improvement plans for each program. The goal is to implement a combined external quality review process, which would result in one external review and integrated performance improvement plans, and ultimately having one single External Quality Review Organization (EQRO) report for each county. Since an external quality review is not required for Drug Medi-Cal counties, further exploration will be needed to determine the extent to which these elements would play a role under an integrated model.

3. Compliance Reviews

Current compliance reviews conducted by DHCS for mental health plans, DMC-ODS, and Drug Medi-Cal counties are separate. Under an integrated model, the goal would be to consolidate compliance reviews into a single review with an integrated protocol. A particular focus of this effort will be on streamlining documentation requirements for behavioral health providers to allow integrated behavioral health care.

4. Network Adequacy

Network adequacy certification processes are separate for specialty mental health plans and DMC-ODS. Under an integrated model, DHCS would certify one network for specialty mental health and substance use disorder managed care services for each county, instead of certifying two networks as currently required.

5. Licensing & Certification

Existing requirements and processes for licensing and certification are different and separate for specialty mental health and substance use disorder providers. The goal is to streamline licensing and certification requirements, processes, and timeframes across the behavioral health managed care system, where appropriate. Successful implementation of integrated care models would also necessitate a discussion on non-administrative changes that may be needed, such as workforce development, cross-training of existing providers, and adoption of new evidence-based practices.

3.8.3 Rationale

About half of individuals with a SMI have a co-occurring substance use and those individuals benefit from integrated treatment. Since the state provides Medi-Cal-covered substance use disorder and specialty mental health services through two separate county-operated delivery systems, it is difficult for counties to provide integrated treatment to individuals who have co-occurring disorders. For example, counties with both DMC-ODS and mental health plans are subject to two separate annual quality assessments, two separate post-payment chart audits, and two separate reimbursement and cost reporting methods. The purpose of this proposal is to make changes to streamline the administrative functions for SUD and SMHS.

3.8.4 Proposed Timeline

The goal would be to submit for a single, integrated behavioral health plan in each county or region responsible for providing, or arranging for the provision of, specialty mental health and SUD services under the next 1915(b) waiver in 2027. Both state-level and county-level activities will be required to achieve this goal. Successful implementation will require careful sequencing and planning and a phased-in approach where cohorts are considered.

3.9 Behavioral Health Regional Contracting

3.9.1 Background

State law allows two or more counties acting jointly to deliver or subcontract for the delivery of specialty mental health services. Furthermore, participating DMC-ODS counties are permitted to develop regional delivery systems for required modalities or to act jointly to deliver covered services, with approval from DHCS and CMS, as applicable.

3.9.2 Proposal

DHCS encourages counties to develop regional approaches to administer and deliver specialty mental health and substance use disorder services to Medi-Cal beneficiaries. There are a variety of options available to counties, including a Joint Powers Authority to operate such services for a multi-county region (e.g., Sutter/Yuba). Counties could also pool resources to contract with an administrative services organization/third-party administrator or other entity, such as the County Medical Services Program or the local Medi-Cal managed care plan, to create administrative efficiencies across multiple counties.

Small counties, rural/frontier counties, and counties with shared population centers or complementary resources should consider opportunities for regional partnership. DHCS is interested in discussing how counties not currently seeking DMC-ODS participation may be more interested in doing so through a regional approach and/or how services provided under Drug Medi-Cal might also be provided through a regional approach. DHCS is committed to working with counties to offer technical assistance to help develop regional contracts and establish innovative partnerships.

3.9.3 Rationale

Acting jointly through regional contracts would allow counties to pool their resources, which can improve access and availability of services for Medi-Cal beneficiaries in their region and allow for increased county administrative efficiencies. Although regional contracting is currently allowed under state law, only a few counties have taken advantage of this opportunity. Regional contracting would give counties opportunities to share workforce and jointly invest in administrative infrastructure such as electron health records, billing and claiming systems, and oversight/quality assurance and improvement.

Regional contracts offer numerous potential advantages. For example, network adequacy certification requires significant administrative infrastructure to develop and maintain policies and procedures for tracking network resources, and counties must identify and contract with additional qualified providers when network gaps are identified. Both functions (tracking and finding new providers) can prove challenging in some counties that may have fewer local providers. Through regional contracts, counties could reduce duplication and standardize administrative processes, such as beneficiary handbooks, provider directories, and grievance and appeal processes.

For Drug Medi-Cal counties, regionalization could potentially enable smaller counties to participate in DMC-ODS, providing a broader set of services to their residents when it would not be otherwise feasible. By participating in DMC-ODS, these counties could then create a single, integrated behavioral health plan, as described in the CalAIM Administrative Integration of Specialty Mental Health and Substance Use Disorder Services proposal.

In addition, Medi-Cal managed care plans, mental health plans, and DMC-ODS plans must meet the full array of state and federal requirements applicable to prepaid inpatient health plans under the federal Medicaid managed care regulations. Among these are network adequacy, quality assessment and performance improvement, beneficiary rights and protections, and program integrity. For individual counties, entering into regional contracting agreements would reduce the administrative burden of meeting Medicaid managed care requirements. Counties could better utilize resources to focus on improving access, quality of care, and beneficiary outcomes, while mitigating the risk of audit exceptions and administrative and financial sanctions.

3.9.4 Proposed Timeline

DHCS seeks input from county partners and other stakeholders regarding an estimated timeframe for establishing regional contracting agreements.

3.10 Drug Medi-Cal Organized Delivery System Renewal and Policy Improvements

3.10.1 Background

One of the key goals of the Drug Medi-Cal Organized Delivery System (DMC-ODS) was to treat more people more effectively by reorganizing the delivery system for substance use disorder (SUD) treatment through Medi-Cal. California's Drug Medi-Cal Organized Delivery System (DMC-ODS) was the nation's first SUD treatment demonstration project under Section 1115, approved by CMS in 2015. Since then, more than 20 other states have received approval for similar substance use disorder treatment demonstrations. The program has established a continuum of care modeled after the American Society for Addiction Medicine (ASAM) criteria. These criteria are the most widely used and comprehensive set of guidelines for placement, continued stay, and transfer/discharge of patients with addiction.

The benefits under the DMC-ODS, which counties administer as pre-paid inpatient health plans (PIHPs), include all of the standard SUD treatment services covered in California's Medicaid State Plan (outpatient, intensive outpatient, perinatal residential, narcotic treatment programs and naltrexone), plus case management, multiple ASAM levels of residential substance use disorder treatment, withdrawal management services, recovery services, physician consultation and if the county chooses, additional medication assisted treatment, and partial hospitalization.

Also included in the current program is the expenditure authority to allow federal Medicaid reimbursement for short-term residential SUD treatment stays in an Institution for Mental Disease (IMD). The IMD exclusion has historically prohibited federal reimbursement for residential and inpatient mental health and SUD treatment for Medicaid enrollees age 21-64, in facilities with more than 16 beds. This exclusion deterred most providers in the State who found it financially unviable to operate facilities with so few beds. Allowing for reimbursement of residential SUD treatment services through the Medi-Cal program, with

no limitation on the number of beds, means that counties can receive federal matching funds for services that were previously unavailable.

Currently, DMC-ODS is not a statewide benefit since the program operates only in counties that "opt in" to participate and are approved to do so by both DHCS and CMS. There are currently 37 counties participating in the DMC-ODS demonstration, providing access to SUD treatment services for 96 percent of the Medi-Cal population. Seven of these counties are working with a local managed care organization to implement a regional model. Medi-Cal beneficiaries in the 21 counties not participating in the program provide their SUD treatment services through fee-for-service as authorized through the Drug Medi-Cal State Plan. The fee-for-service benefit is more limited than the DMC-ODS benefit in terms of covered services and that it is not a managed care program.

3.10.2 Proposal

DHCS proposes to update and improve the DMC-ODS, based on experience from the first several years of implementation. Accordingly, DHCS proposes to clarify or change policies to support the goal of improved beneficiary care and administrative efficiency.

DHCS aims to design a cohesive plan to address beneficiaries' SUD treatment needs across the continuum of care, ensure that all Medi-Cal beneficiaries receive coordinated services, and to promote long-term recovery. This requires developing new approaches to care delivery and system administration that will improve the beneficiary experience, increase efficiency, ensure cost-effectiveness, and achieve positive health outcomes.

The 37 counties that have implemented the DMC-ODS have made tremendous strides in improving the continuum of care for Medi-Cal beneficiaries with SUD treatment needs. Implementation across 37 California counties has also yielded lessons learned and opportunities to clarify or change policies to support the goal of improved beneficiary care and administrative efficiency. DHCS also acknowledges that for many counties, the DMC-ODS model of care is still very new since implementation was phased in over several years.

Accordingly, DHCS solicited input from stakeholders on the following proposed policy clarifications and changes, which have been thoughtfully constructed to balance system improvements while minimizing disruptions at the local level.

DHCS also intends to provide counties with another opportunity to opt-in to participate in the DMC-ODS in hopes of promoting DMC-ODS participation across the state. While participation in DMC-ODS will not be mandatory for counties, DHCS would like to work with counties not currently participating in the DMC-ODS to explore ways to encourage the remaining counties to opt-in.

Residential Treatment Length-of-Stay Requirements

Currently, within a 365-day period, adult residential SUD treatment services may be authorized for two non-continuous stays, for up to 90 days for each stay, with one 30-day extension permitted for one of the stays. Similarly, within a 365-day period, adolescent residential treatment services may be authorized for two non-continuous stays; however, stays for adolescents are limited to 30 days each stay, with one up to 30-day extension allowed for one of the stays.

Residential length-of-stay should be determined based on the individual's condition, medical necessity, and treatment needs. Given that the two-episode limit is inconsistent with the clinical understanding of relapse and recovery from SUDs, DHCS proposed in the 12-month extension request to remove this limitation and base treatment on medical necessity.[2] DHCS will further propose that there be no distinction between adults and adolescents for these particular requirements.

Note: DHCS must obtain approval from CMS regarding all components of the Section 1115 extension and renewal. CMS is currently only approving SUD 1115 demonstrations with a residential benefit average length-of-stay of 30 days. While some states may show average lengths of stay that are close to the 30-day target, these are likely to include numerous treatment episodes that may have terminated prematurely, before the client achieved positive clinical outcomes. Including these shorter stays in the calculation may lower the average and give the impression that shorter lengths of stay are universally feasible and appropriate.

As such, DHCS will examine the possibility of tracking and documenting the average length-of-stay for only those DMC-ODS enrollees that achieve positive treatment outcomes. Furthermore, with the substantial rise in methamphetamine usage and overdose deaths in California, DHCS will work closely with CMS to negotiate a residential treatment benefit that accounts for the increased clinical needs of individuals utilizing stimulants.

[2] Proposed changes to the DMC-ODS program included in the Medi-Cal 2020 12-month extension request: 1) Remove the limitation on the number of residential treatment episodes that can be reimbursed in a one-year period, 2) Clarify that reimbursement is available for SUD assessment and appropriate treatment even before a definitive diagnosis, 3) Clarify that recovery services benefit, 4) Expand access to MAT, and 5) Increase access to SUD treatment for American Indians and Alaska Natives.

Residential Treatment Definition

The current definition of residential treatment in California does not clearly define the amount, duration, and scope of covered services, and there are different treatment standards and limitations for adults and adolescents.

DHCS proposes that the definition of residential treatment be updated to remove the adolescent length-of-stay limitations, and to add mandatory provisions for referral to medication assisted treatment. DHCS would also propose to remove the distinction between adults and adolescents for these requirements, with the exception of Early and Periodic Screening, Diagnostic, and Treatment services.

Recovery Services

As part of Dimension 6 (Recovery Environment) of the ASAM criteria, during the transfer/transition planning process, beneficiaries shall be linked to applicable recovery services. Beneficiaries may access recovery services after completing their course of treatment whether they are triggered, have relapsed, or as a preventive measure to avoid relapse.

DHCS proposed in the 12-month extension to clarify the following policies related to recovery services:

- Specify the services included in the benefit (e.g., group, education sessions, and assessment);
- Establish when and how beneficiaries may access these services, including language to encourage the use of recovery services for justice-involved individuals: and
- Define the term “after completing their course of treatment,” to not inadvertently prohibit beneficiaries receiving long-term medication assisted treatment from having access to recovery services.

If these proposed changes are not ultimately approved in the 12-month extension, they will be included in the demonstration renewal request that DHCS will submit in 2021, for a five year renewal from January 1, 2022-December 31, 2026.

Additional Medication Assisted Treatment

Counties are required to cover opioid treatment program services, also called Narcotic Treatment Programs. Currently counties may elect to cover additional medication assisted treatment, which includes the ordering, prescribing, administering, and monitoring of all medications for SUD treatment.

DHCS proposed in the 12-month extension request to keep the additional medication assisted treatment (MAT) services as an optional benefit but clarified the coverage provisions to require that all substance use disorder managed care providers demonstrate that they either directly offer, or have referral mechanisms to medication assisted treatment. The goal is to have a county-wide multi-delivery system of coverage.

Clinician Consultation Services

Currently, physician consultation services cover time spent by the DMC-ODS physicians consulting with addiction medicine physicians, addiction psychiatrists, or clinical pharmacists. The name of the benefit will change to Clinician Consultation Services and be expanded to include consultation services for, and by, licensed clinicians including Nurse Practitioners and Physician Assistants. Coverage of consultation services is designed to help clinicians seek expert advice on designing treatment plans for beneficiaries. Clinician consultation services can only be billed and reimbursed by providers in DMC-ODS provider sites.

DHCS proposes to clarify the terms of clinician consultation, particularly with regard to how and who can claim this activity. DHCS proposes to remove the limitation that clinician consultation services can only be billed by certified Drug Medi-Cal providers. Counties may contract with SUD clinicians not certified by Drug Medi-Cal. DHCS' telehealth policy will be used to guide this effort.

Evidence-Based Practice Requirements

Currently, providers are required to implement at least two of the following evidence-based treatment practices based on a timeline established in the county implementation plan: Motivational Interviewing, Cognitive Behavioral Therapy, Relapse Prevention, Trauma-Informed Treatment, and Psycho Education. The two evidence-based practices are a per-provider per-service modality.

DHCS proposes to retain the five (5) current evidence-based practices and add Contingency Management to the renewal proposal. Providers are not limited to providing only the six evidence-based practices.

DHCS Provider Appeals Process

Following a county's protest procedure, a provider may currently appeal to DHCS if it believes that the county erroneously rejected the provider's solicitation for a contract.

DHCS proposes removing this process from as it is convoluted, has rarely been used, and it is already addressed by the network adequacy requirements. All providers have a right to appeal under the federal 438 requirements.

Tribal Services

DHCS proposed in the 12-month extension to take several actions to increase access to SUD treatment for American Indians and Alaska Natives, including:

- Providing an allowance for specific cultural practices for Tribal 638 and Urban clinics, reimbursement, and definitions of scope of practice for the workforce of traditional healers and natural helpers, and culturally specific evidence-based practices.

- Requiring Indian health care providers to use at least two evidence-based practices as defined in the DMC-ODS and/or from a list developed by DHCS in consultation with Tribal and Urban partners.

These changes are requested to ensure American Indians and Alaska Natives have access to culturally appropriate and evidence-based substance use disorder treatment.

Treatment after Incarceration

The current language requiring the ASAM criteria, may be underestimating the level of care necessary to serve individuals being released from incarceration, since their substance use was either not possible during incarceration or because individuals under parole/probation supervision are likely hesitant to admit to substance use.

Because inmates are at a high risk of relapse and overdose upon release from incarceration, whether or not there was active use in the last 12 months, DHCS plans to clarify access language for individuals leaving incarceration who have a known substance use disorder.

Billing for Services Prior to Diagnosis

Currently, counties may not begin billing for SUD services until a beneficiary has been diagnosed (i.e., counties may not bill for time spent conducting substance use disorder assessments). Since it takes time for clinicians to evaluate a beneficiary for a substance use disorder, and sometimes presenting symptoms are due to a combination of mental illness, substance use disorder, or both, DHCS proposed in the Medi-Cal 2020 extension to clarify the waiver Special Terms and Conditions to allow reimbursement for SUD assessments (even if it takes multiple visits) before a final diagnosis is determined, which aligns with requirements around assessments for specialty mental health services.

Medical Necessity for Narcotic Treatment Programs (NTPs)

DHCS proposes to update and align the STCs with best practices to allow a physician's history and physical to determine medical necessity for NTP services as required by

federal licensing laws. In addition, DHCS would clarify requirements for the initial assessment and medical necessity determinations in other settings.

Early Intervention (Level 0.5)

DHCS proposes to add ASAM 0.5 level of care for beneficiaries under 21, to allow early intervention as an organized service that may be delivered in a wide variety of settings. This service is designed to explore and address problems or risk factors related to substance use, and to help the individual recognize the harmful consequences of high-risk substance use. This includes engagement activities (including screening, assessment, brief interventions such as motivational interviewing and counseling) for beneficiaries at high-risk for developing substance-related or addictive behavior problems, or those for whom there is not yet sufficient information to document a substance use disorder.

3.10.3 Proposed Timeline

The following changes would go into effect on January 1, 2021, subject to federal approval of the Medi-Cal 2020 12-month extension request:

- Remove the limitation on the number of residential treatment episodes that can be reimbursed in a one-year period
- Clarify that reimbursement is available for SUD assessment and appropriate treatment even before a definitive diagnosis
- Clarify that recovery services benefit
- Expand access to MAT
- Increase access to SUD treatment for American Indians and Alaska Natives.

The remaining changes outlined above would go into effect January 1, 2022, subject to federal approval.

Dental

3.11 New Dental Benefits and Pay for Performance

3.11.1 Background

DHCS is committed to improving the accessibility of Medi-Cal dental services and improving oral health outcomes for Medi-Cal members. To demonstrate that commitment, three initiatives and policy changes have been implemented in recent years:

- The Dental Transformation Initiative under the current Medi-Cal 2020 Section 1115 demonstration;
- Proposition 56 supplemental provider payments; and

- Restoration of the optional adult dental benefit under Medi-Cal.

These efforts have been successful in increasing preventive dental service utilization for children, as well as increasing adult utilization of dental care. While two of the initiatives share a common theme – financial incentives for positive outcomes – they are time-limited. DHCS has included a chart (see **Appendix H: Dental in Proposition 56 vs. CalAIM**) that reflects the dental codes with financial incentives available under CalAIM and Proposition 56.

3.11.2 Proposal

The Department set a goal to achieve at least a 60 percent dental utilization rate for Medi-Cal eligible children. In order to progress toward achieving that goal and based on lessons learned from the Dental Transformation Initiative, DHCS proposes the following reforms for Medi-Cal dental be made statewide provide better care and align with national dental care standards. The proposed new benefits include:

- Caries Risk Assessment Bundle for young children; and
- Silver Diamine Fluoride for young children; and specified high-risk and institutional populations; and
- Expanded pay-for-performance initiatives that a) reward increasing the use of preventive services and b) reward establishing/maintaining continuity of care through a dental home. These expanded initiatives would be available statewide for children and adult enrollees.

These expanded initiatives would be available statewide for children and adult enrollees.

New Dental Benefits

DHCS proposes adding coverage of a Caries Risk Assessment Bundle for children ages 0 to 6 years. The Caries Risk Assessment bundle would include nutritional counseling (D1310) to educate and influence behavior change. Based on risk level associated with each individual Medi-Cal beneficiary ages 0 to 6, the benefit would allow the following frequency of services:

- Low – comprehensive preventive services 2x/year (D0601)
- Moderate – comprehensive preventive services 3x/year (D0602)
- High – comprehensive preventive services 4x/year (D0603)

Additionally, DHCS proposes to add coverage of Silver Diamine Fluoride for children ages 0 to 6 years and persons with underlying conditions such that nonrestorative caries treatment may be optimal, which may include adults living in a Skilled Nursing Facility/ Intermediate Care Facility (SNF/ICF) or part of the Department of Developmental Services (DDS) population. The Silver Diamine Fluoride benefit would provide two visits per member per year, for up to ten teeth per visit, at a per tooth rate and a maximum of four treatments per tooth.

Pay for Performance

To increase statewide preventive service utilization for children and adults, DHCS is proposing to provide a flat rate performance payment for each paid preventive service rendered by a service office location.

Additionally, the state proposes to provide an annual flat rate performance payment to a dental service office location that maintains dental continuity of care by establishing a dental home for each patient and perform at least one annual dental exam/evaluation (D0120/D0150/D0145) for two or more years in a row.

3.11.3 Rationale

These policy proposals align with the legislature's charge to achieve at least a 60 percent dental utilization rate for Medi-Cal eligible children, CMS Oral Health Initiative goals for Medicaid (increase by ten percentage points the proportion of Medicaid and CHIP children ages one to 20 who receive a preventive dental service), and our lessons learned from the Dental Transformation Initiative (DTI).

For example, in the DTI - Domain 1, incentive payments were made to service office locations that increased the utilization of the top eleven preventive services available to children. As a result, not only has utilization of preventive services continued to increase year after year, but since the baseline year of 2014, the number of services has increased eight percent and the number of services per member has also increased by seven percent.

Furthermore, data comparing a control group of children in Dental Transformation Initiative counties who did not receive Caries Risk Assessment with children who did receive Caries Risk Assessment over two calendar years yielded staggering results. The Medi-Cal children who had a Caries Risk Assessment received over 300 percent more preventive services compared to 189 percent for non-Caries Risk Assessment children. Additionally, in this same period, the number of restorative services was almost half that of the control group. Medi-Cal children receiving Caries Risk Assessment had a 263 percent increase in restorative services while the control group with no Caries Risk Assessment had a 475 percent increase in restorative services.

3.11.4 Proposed Timeline

DHCS is currently evaluating a timeline for implementation as funding for Designated State Health Programs (DSHP) is not approved in extension of the Medi-Cal 2020 demonstration.

County Partners

3.12 Enhancing County Eligibility Oversight and Monitoring

3.12.1 Background

The implementation of the Affordable Care Act (ACA) marked a monumental overhaul of the Medi-Cal program by financing a coverage expansion to populations that previously did not qualify, in addition to streamlining eligibility requirements for some populations. County social service agencies strived to acclimate to the vast changes in regulations while managing an unprecedented surge in Medi-Cal applications submitted statewide. To afford counties the opportunity to modify business processes to effectively administer the Medi-Cal program post Affordable Care Act, counties were held harmless by DHCS for performance standards.

Federal, state, and DHCS audits of Medi-Cal eligibility determinations conducted since the implementation of the Affordable Care Act in 2014 have identified several issues that must be addressed and resolved. Audit findings include performance issues related to timeliness of application processing and timeliness of annual eligibility renewal processing. Discrepancies between the Medi-Cal Eligibility Data System (MEDS), and the county Statewide Automated Welfare System (SAWS) also resulted in audit findings, which in part were caused by system-related issues connected to the implementation of the California Healthcare, Eligibility, Enrollment and Retention System (CalHEERS).

Audit findings, recommendations, and corrective action plans imposed upon DHCS require the State to implement additional oversight activities needed to increase the administrative integrity of the Medi-Cal program. Federal audit findings have also levied fiscal penalties upon DHCS, requiring the state to repay the federal matching funds that were claimed because of erroneous Medi-Cal eligibility determinations.

3.12.2 Proposal

DHCS recommends a phased-in approach to working with the counties to increase program integrity with respect to eligibility and enrollment.

- **Reinstate County Performance Standards**: In response to audit findings, DHCS will reinstate the county performance standards required under state law as a means of addressing and correcting error rates and issues which may have a future impact on the timeliness and accuracy of Medi-Cal eligibility determinations. DHCS plans to implement a series of oversight programs throughout the course of the next 24 months. This includes the implementation of a statewide MEDS alerts monitoring program.

- **Develop an Updated Process for the Monitoring and Reporting of County Performance Standards**: In collaboration with CWDA, SAWS and the counties, DHCS will define roles, responsibilities, and develop an updated written process for the monitoring and reporting of the existing county eligibility performance standards. This process will clearly outline DHCS' performance expectations, taking into consideration the issues that are beyond the counties' control, but including potential consequences if standards are not met.

- **Ensure DHCS/County Partnership through Regular Meetings and Open Lines of Communication:** DHCS will work collaboratively with CWDA, counties, and SAWS to develop a communications plan that articulates a process for receiving and responding to county requests for technical guidance and assistance as necessary and appropriate to support counties through this transition. DHCS will look at leveraging existing meetings, and/or developing dedicated meetings to further open lines of communication related to county oversight and monitoring. DHCS will continue to encourage county feedback in identifying gaps or needed clarifications in policy guidance and automation issues. DHCS will also work closely with counties, SAWS and CalHEERS to identify and pursue needed automation changes to support counties in the effective administration of the Medi-Cal program.

- **Develop a Tiered Corrective Action Approach**: DHCS will work with county partners to establish a tiered corrective action approach that would require the submission of a Corrective Action Plan for counties that do not meet established performance expectations. DHCS remains committed to supporting counties and providing timely policy guidance, along with technical assistance, as needed, in addressing and correcting error trends.

- **Incorporate Fiscal Penalties as Part of the Tiered Corrective Action Approach**: For counties that do not demonstrate sufficient improvement in performance, DHCS will take disciplinary action that could range from technical assistance to requiring corrective action plans to imposing financial penalties on counties that fail to show significant improvement and/or are unresponsive to CAPs.

- **Incorporate Findings/Actions in Public Facing Report Cards**: DHCS will work with CWDA, counties and the SAWS to further develop county performance reports that are publicly posted on the California Health and Human Services (CHHS) Open Data Portal and increase accountability by issuing annual public-facing report cards to all 58 counties.

3.12.3 Rationale

This proposal is envisioned to be a crucial step toward achieving DHCS' larger vision for CalAIM by ensuring Medi-Cal enrollment processes are applied in a standardized and consistent manner statewide. This proposal will help to improve DHCS' oversight and monitoring of various aspects of Medi-Cal eligibility and enrollment and the activities of its contracted partners. This includes implementing additional county oversight activities to increase the integrity of the administration of the Medi-Cal program, as well as implementing the recommendations of the California State Auditor's Office. This proposal will also ensure that DHCS is compliant with federal and state requirements.

3.12.4 Proposed Timeline

Given the Executive Order to halt all county renewal processes and negative actions through the duration of the Public Health Emergency (PHE), the implementation timeline reflected for this initiative will shift if the PHE is extended. The dates noted are based on the PHE ending and normal county business processes resuming January 2021, allowing 12 months from the end of the PHE for counties to process and clean-up the resulting backlog. Dates are subject to change once the end of the PHE is established.

- **June 1 – August 31, 2021**: DHCS will reinstate County Performance Standards, including incorporation of MEDS alert monitoring statewide.

- **September 1 – December 30, 2021:** DHCS will develop and publish an updated process for the monitoring and reporting of County Performance Standards, incorporating an outline of the tiered Corrective Action steps which will include disciplinary action ranging from CAPs for counties that do not meet performance expectations, to potential fiscal penalties for unresponsive counties.

- **January 1 – March 31, 2022:** DHCS will begin assessing County Performance Standards, in keeping with the aforementioned updated process.

- **April 1 – June 30, 2022:** DHCS will implement the county performance monitoring dashboard (a public facing report card). The dashboard is envisioned to represent county performance in application processing, renewal processing, and MEDS alert processing, and could potentially include other measures to be mutually agreed upon in the future.

- **July 1 – September 30, 2022:** DHCS will begin publishing the county performance monitoring dashboard on the CHHS Open Data Portal.
- **July 1 – December 31, 2023:** DHCS will begin taking steps toward fiscal sanctions for counties who do not demonstrate sufficient improvement in meeting performance expectations or are unresponsive.

3.13 Enhancing County Oversight and Monitoring: CCS and CHDP

3.13.1 Background

The California Children's Services program serves as a proxy of Medi-Cal for case management services and provides diagnostic and treatment services, physical and occupational therapy services to children and youth with eligible medical conditions. The Child Health and Disability Prevention program delivers periodic health assessments and services to low-income children and youth; and provides care coordination to assist families with medical appointment scheduling, transportation, and access to diagnostic and treatment services.

California Children's Services and Child Health and Disability Prevention beneficiaries are best served when their care is delivered in a standardized and consistent manner. It is the State's responsibility to ensure that the same high-quality standard of care is compliant with federal and State guidelines for all beneficiaries. To remain proactive with emerging trends, technology, medical advances, and interventions, it is essential the State continue to evolve its efforts accordingly.

3.14.2 Proposal

DHCS intends to provide enhanced monitoring and oversight of all 58 counties and three (3) cities (Berkeley, Pasadena, and Long Beach) to ensure continuous, and unwavering optimal care for children. To implement the enhanced monitoring and oversight of California Children's Services and Child Health and Disability Prevention in all counties, DHCS will develop a robust strategic compliance program. Effective compliance programs begin with ascertainable goals, performance measures, and metrics capturing all federal and State requirements. Ongoing quality assurance and data reviews are fundamental to ensuring compliance and continued improvements in program operations and beneficiary care.

Initial efforts will entail a review of all current standards and guidelines for both programs. Once the internal policy review is complete, DHCS will develop initial auditing tools to assess current county/city operations and compliance. DHCS will then evaluate and analyze the findings gathered during audits to identify gaps and vulnerabilities across the State within the programs. The information gathered will be the cornerstone for future efforts, and the basis for the development of the strategic compliance program.

County/City variances in program operations and compliance with federal and State laws are also identified by tracking trends. DHCS will refine and update oversight policies and procedures and implement best practices. DHCS, along with input from our county partners and other stakeholders, will establish goals, metrics, performance measures, and milestones to ensure counties/cities are providing the necessary provider oversight and medical/ dental care for beneficiaries. DHCS will provide training and technical assistance with internal and external partners to achieve statewide consistency of the compliance requirements and goals. In addition, DHCS will conduct ongoing quality assurance reviews, develop, and create county/city program specific dashboards, as necessary to meet internal and external reporting needs.

In alignment with technology trends, the State plans to shift counties/cities from annual hardcopy submission of Plan and Fiscal Guidelines budgets to a more efficient and streamlined automated electronic submission process. Training and overview of the electronic submission process conducted for the counties ensures understanding prior to implementation of the automated system. More rigorous annual review of all county budgets will further efficiencies, contain costs, and improve outcomes.

To better manage this population's health care and ensure targeted interventions are implemented, each county/city and state will enter into a Memorandum of Understanding (MOU) with DHCS. The MOU, in conjunction with other supportive policies (information notices, numbered letters, etc.), will detail how the state will monitor county/city activities, policies and procedures, conduct audits, and implement corrective action plans. This MOU will be developed utilizing information obtained during the audits with the intent of having signed agreements with all counties/cities.

After initial deployment of the enhanced monitoring and oversight, DHCS will continue to conduct ongoing audits, stay proactive with emerging developments, and monitor trends to ensure high-quality consistent care. DHCS will allow sufficient time for counties to implement and adjust to this new structure prior to engaging in any sort of progressive action. DHCS will continue compliance oversight to preserve and improve the overall health and well-being of these vulnerable populations.

3.13.3 Rationale

Enhancing monitoring and oversight will eliminate disparities in care to beneficiaries and reduce vulnerabilities to the state, thereby preserving and improving the overall health and well-being of California's vulnerable populations.

3.13.4 Proposed Timeline

- **Phase I: August 2020 – June 2021**
    - Review of current standards, policies, and guidelines

  - Development of goals, performance measures, and metrics
  - Revision of current Plan and Fiscal Guidelines guidance document
  - Continuation of the establishment of an electronic submission portal for the annual county/city budgets.

- **Phase II: July - September 2021**
  - Development of auditing tools

- **Phase III: October 2021 – September 2022**
  - Shift to an electronic automated PFG submission by the counties/cities
  - Develop training documents
  - Evaluate and analyze findings and trends
  - Identify gaps and vulnerabilities

- **Phase IV: October 2022- Ongoing**
  - Initiate Memorandum of Understanding between State and counties
  - Continuous monitoring and oversight
  - Continuous updates to standards, policies, and guidelines

3.14 Improving Beneficiary Contact and Demographic Information

3.14.1 Background

Medi-Cal has approximately 13 million enrolled beneficiaries; approximately 80 percent are enrolled in the managed care delivery system and 20 percent are enrolled in the fee-for-service delivery system. County social services departments are delegated by DHCS to process Medi-Cal applications and renewals, as well as to generally provide case management services. Counties use Statewide Automated Welfare Systems (SAWS_ to support and maintain Medi-Cal enrollment processes. The SAWS, of which there are currently three, contain contact and demographic information on enrolled individuals. The systems maintain electronic interfaces with the state-level eligibility and enrollment system (California Healthcare Eligibility, Enrollment, and Retention System) and the state-level eligibility database, the Medi-Cal Eligibility Data System. The Medi-Cal Eligibility Data System is the system of record for purposes of Medi-Cal eligibility information, claims payment, and health plan assignment, among other things.

When a beneficiary has a change in circumstances that affects their eligibility, the beneficiary is required to report changes to their county eligibility worker within ten calendar days of the change. Such changes include but are not limited to address and contact information updates, family size (increases or decreases), access to other health insurance, changes in income, and death. County eligibility workers are then responsible

for ensuring the data maintained in the local county eligibility system is accurate and up to date. Under current state law, Medi-Cal managed care plans have the ability to report updated contact information to the county when they have obtained consent from the beneficiary for such reporting.

Accurate contact and demographic information is critical for purposes of ongoing program enrollment and care management for beneficiaries. This information is used by Medi-Cal fee-for-service providers and Medi-Cal managed care plans, as well as other providers of care, for purposes of effective communication and interaction with Medi-Cal beneficiaries, including deploying care management strategies based on individual needs.

Given the substantial volume of individuals in the process of enrolling in or renewing Medi-Cal coverage, it is critical that DHCS, counties and plan and provider partners have accurate contact and demographic information. A more effective and efficient process for keeping this information up to date in California's systems is needed.

3.14.2 Proposal

DHCS intends to convene a workgroup of interested stakeholders to provide feedback and recommendations on ways in which contact and demographic information can be updated by other entities and the means to accomplish this while maintaining compliance with all applicable state and federal privacy laws. The goal of the workgroup will be to determine the best pathway for ensuring that reported updated data is accurate and can be used in eligibility and enrollment systems/databases without creating unintended consequences for other social services program, Medi-Cal beneficiaries, managed care plans, and the provider community.

3.14.3 Rationale

As DHCS seeks to make improvements in its approach to population-based health care and drive innovation in health care delivery, it is critical that our Medi-Cal providers, managed care plans, county partners, and others have access to accurate, up-to-date contact and demographic information for beneficiaries. County eligibility workers play a key role in ensuring contact information is current; however, there are other entities that interact with Medi-Cal beneficiaries on a regular basis who may have access to more current information. As a result, DHCS would like to leverage and explore the possibility of other entities having the opportunity to also update contact and demographic information about Medi-Cal beneficiaries.

3.14.4 Proposed Timeline

DHCS proposes to engage with key partners during 2022-23 to develop thoughtful and realistic recommendations for implementing improvements in how contact and demographic information can be updated by other entities in addition to county eligibility

workers. Such changes may be effectuated through updates to the Medi-Cal application, use of eligibility online portals and/or other means. As part of the workgroup effort, DHCS will also seek input in terms of timing of implementation, taking into consideration current system migrations, consolidations and/or modernization efforts.

4. Conclusion

DHCS developed these CalAIM proposals with a view toward the future and what will be necessary to more effectively and positively impact Medi-Cal beneficiaries' quality of life. These proposals were drawn from more than a year-long effort by DHCS leadership and staff, as well as engagement with critical partners and experts across the State and the nation. These ambitious proposals represent a long-term vision for advancing and improving the Medi-Cal program in fundamental ways that build upon the foundations established in prior waivers and expansion efforts. The success of the thinking behind CalAIM will fundamentally rest on the collaboration and coordination of DHCS, our plan, provider, county, and legislative partners, and the entire stakeholder community. DHCS recognizes that these proposals will likely require significant time and fiscal investment and look forward to working with our partners and through the budget process to most effectively implement the concepts proposed in this initiative. These efforts are not limited to a single year, but represent DHCS' current vision for what Medi-Cal might be able to achieve over the next five to ten years, and beyond.

5. From Medi-Cal 2020 to CalAIM: A Crosswalk

California is embarking on a new and system-wide initiative to transform how beneficiaries' access Medi-Cal services. As the Medi-Cal program has expanded under the Affordable Care Act and through other state-led initiatives, and with over 80% of beneficiaries now being served through managed care plans, it is an opportune time to consider the patient experience from an even more global perspective. Currently, beneficiaries may need to access six or more separate delivery systems (managed care, fee-for-service, specialty mental health, substance use disorder, dental, In Home Supportive Services, etc.) in order to receive the care they need. This combination of system fragmentation and clinical complexity, and the likelihood of decreased beneficiary capacity, makes access to effective care coordination even more critical.

As such, the state is undertaking a more targeted approach to consolidating its Medi-Cal benefit package to achieve better alignment across the system. While Section 1115 waiver authority has historically been the mechanism of choice for states interested in building and expanding managed care delivery systems, the use of the authority has evolved in recent years. The federal government no longer considers the "savings" generated from the shift from fee-for-service to managed care that occurred 15 years ago in Medicaid as relevant in calculating budget neutrality for waivers. CMS, in recent

guidance, has also discontinued approval of traditional financing mechanisms in the Section 1115 context, namely the availability of federal funds for Designated State Health Programs and Safety Net Care Pools. These factors, combined with new federal managed care regulations, have encouraged DHCS to shift its focus away from the Section 1115 waiver authority to instead leverage other available pathways for innovation in the Medi-Cal program.

In the spring of 2020, in response to the COVID-19 public health emergency, DHCS determined that additional time would be needed to prepare Medi-Cal managed care plans, counties, and a wide array of stakeholders for the transition from the Section 1115 waiver to the CalAIM structure. As such, the state prepared a 12-month extension request for the Medi-Cal 2020 Section 1115 demonstration. The request was posted for public comment in June 2020 and submitted to CMS on September 16, 2020. The 12-month extension is meant to serve as a bridge to a 5-year Section 1115 waiver renewal, primarily to continue key programs that require the authority, including the Global Payment Program (GPP) and the Drug Medi-Cal Organized Delivery System (DMC-ODS). In addition, DHCS is designing a comprehensive Section 1915(b) managed care waiver request for CMS that would also be for a 5-year period.

The following table outlines the proposed approach under CalAIM for each of the key Medi-Cal 2020 waiver elements:

Crosswalk of Medi-Cal 2020 Waiver Components to CalAIM Proposals

Medi-Cal 2020 Waiver Component	Included in Waiver Extension Through 12/31/21	Planned for CalAIM	Description	Timeline
Medi-Cal Managed Care	X	Transition to new 1915(b) waiver.	The general authority for various Medi-Cal managed care will be shifted from 1115 to 1915(b). This would include PACE models needing waiver approval and Whole Child Model.	January 1, 2022
Whole Person Care Pilots	X	Transition to new 1915(b) waiver and managed care plan contract authority.	Medi-Cal managed care plans would provide a new enhanced care management benefit. Additionally, Medi-Cal managed care plans will have the option to provide a menu of approved in lieu of services. The majority of Whole Person Care services will continue to be available as both enhanced care management and in lieu of services via Medi-Cal managed care plans, and ultimately will be expanded to Medi-Cal managed care plans in non-Whole Person Care counties.	January 1, 2022
PRIME		Transition to managed care directed payment under the Quality Incentive Pool (QIP) Program.	The existing PRIME funding structure was transitioned into QIP directed payments effective July 1, 2020. Network Designated Public Hospital (DPH) systems and the District/Municipal Public Hospitals (DMPHs) will have the opportunity to participate in and receive directed QIP payments from their contracted Medi-Cal managed care plans for reporting on a set of quality improvement measures through the QIP program.	Phase I: July 1 – December 31, 2020 Phase II: January 1, 2021
Health Homes Program	X	Transition to new 1915(b) waiver as Enhanced Care Management.	Medi-Cal managed care plans would provide a new enhanced care management benefit similar to the benefits included in the Health Homes Program. Medi-Cal managed care plans will have the option of providing a menu of approved in lieu of services. Services currently provided to populations with complex health needs under the HHP will become available under the managed care delivery system structure.	January 1, 2022

Crosswalk of Medi-Cal 2020 Waiver Components to CalAIM Proposals

Medi-Cal 2020 Waiver Component	Included in Waiver Extension Through 12/31/21	Planned for CalAIM	Description	Timeline
Coordinated Care Initiative and Cal MediConnect	X	Managed care authority to new 1915(b) waiver; Extension of 1115A demonstration for Cal MediConnect through 2022; eventual Medicare-Duals Special Needs Plans (D-SNPs).	Transition to standardized mandatory enrollment of dual eligibles into Medi-Cal managed care plans. Multipurpose Senior Services Programs will be carved out; long-term care will be carved in statewide. All Medi-Cal managed care plans will be required to offer coverage through D-SNPs for care coordination and integration of benefits.	CCI program with end date of December 31, 2022
Drug Medi-Cal Organized Delivery System (DMC-ODS)	X	Expenditure authority for residential SUD treatment remains in 1115 waiver; Services and delivery system move to new 1915(b) waiver.	The Drug Medi-Cal Organized Delivery System (DMC-ODS) provides a continuum of care for substance use disorder treatment.	Implementation continues January 1, 2022
Global Payment Program	X	1115 waiver renewal.	Continuation of existing program, with discontinuation of Safety Net Care Pool funds, using only Medicaid Disproportionate Share Hospital (DSH) allotment funds.	January 1, 2022.

Crosswalk of Medi-Cal 2020 Waiver Components to CalAIM Proposals

Medi-Cal 2020 Waiver Component	Included in Waiver Extension Through 12/31/21	Planned for CalAIM	Description	Timeline
Dental Transformation Initiative	X	Transition authority to Medi-Cal State Plan.	New dental benefits and provider payments: • Caries Risk Assessment Bundle for ages 0-6; • Silver Diamine Fluoride for ages 0-6, and specified high-risk and institutional populations Pay for Performance incentives for preventive services and establishing continuity of care through dental homes	January 1, 2022
Community-Based Adult Services (CBAS)	X	1115 waiver renewal.	Services for eligible older adults and those with disabilities to restore or maintain their optimal capacity for self-care. The goal is to delay or prevent inappropriate or personally undesirable institutionalization.	January 1, 2022
Eligibility Authorities	X	1115 waiver renewal.	Full Scope Benefit for Pregnancy Related Beneficiaries with FPL 109-138% and Out of State Former Foster Care Youth.	January 1, 2022
Rady CCS Pilot	X	Not included.	The demonstration project tested two healthcare delivery models for children enrolled in the California Children's Services (CCS) Program.	Expires December 31, 2021
Designated State Health Programs (DSHP)	X	Not included.	Financing mechanism under 1115 waiver which has permitted federal funding for certain State health programs not traditionally allowed for federal funding	Expires December 31, 2020
Tribal Uncompensated Care	X	Not included.	The state makes supplemental payments to Indian Health Service (IHS) and tribal 638 facilities to take into account their responsibility to provide uncompensated care. DHCS will work to implement Tribal FQHCs by January 1, 2021, which will account for the remaining services being billed for under Tribal Uncompensated Care.	Expires December 31, 2021

5.1 Transition of PRIME to Quality Incentive Program

5.1.1 Background

The California Public Hospital Redesign and Incentives in Medi-Cal (PRIME) program built on other delivery system transformation efforts focused on strengthening patient-centered primary and specialty outpatient care, improving care coordination, and providing the right care in the most appropriate settings. A total of 17 Designated Public Hospitals and 34 District and Municipal Public Hospitals participated in PRIME. PRIME was designed to accelerate efforts by participating entities to change care delivery, maximize health care value, and strengthen their ability to successfully perform under risk-based alternative payment models. PRIME was intentionally designed to be ambitious in scope and time limited. Using evidence-based quality improvement methods, the initial work required the establishment of performance baselines followed by target-setting, and the implementation and ongoing evaluation of quality improvement interventions.

In 2017, California created a Quality Incentive Program (QIP) – a managed care directed payment program – for the state's Designated Public Hospitals. The state directs Medi-Cal managed care plans to make QIP payments tied to designated performance metrics in four strategic categories: primary care, specialty care, inpatient care, and resource utilization. The QIP measures do not directly overlap with any of the quality measures being used in PRIME, rather they are designed to be complementary. The QIP promote access to care, value-based purchasing, and to tie funding to quality outcomes, while at the same time further aligning state, Medi-Cal managed care plan, and hospital system goals. The QIP also creates incentives to build data and quality infrastructure and ties funding directly to these goals, allowing the state to pay for quality and build capacity.

5.1.2 Proposal

DHCS is in the process of transitioning the quality improvement work and funding that has been available through PRIME into the QIP and permitting the District and Municipal Public Hospitals to begin participating in the program, which has enabled hospitals to continue quality improvement efforts underway at all 51 PRIME entities after PRIME expired on June 30, 2020. This transition promotes value-based purchasing, ties funding to quality outcomes, and aligns PRIME entities' transition to the QIP with California's transition to the calendar year rating period for Medi-Cal managed care plans.

There are two key phases in the PRIME-to- QIP transition:

- **Phase I:** Alignment with the calendar year health plan rating period, July 1, 2020 through December 31, 2020

- **Phase II:** Merge to QIP, January 1, 2021 through December 2021, and beyond.

Phase I: Alignment with Calendar Year Rating Period

All 51 PRIME entities transitioned into a six-month transitional program on July 1, 2020 to calibrates the new program to end on the same date as Bridge Period 2019-20, an 18-month rate year for Medi-Cal managed care plans that ended on December 31, 2020. For performance on both the original QIP quality metrics (for Designated Public Hospitals) and the PRIME transition metrics (for Designated Public Hospitals and 34 District and Municipal Public Hospitals) during this period, the 51 entities will be paid through Medi-Cal managed care plans, via state-directed Medi-Cal managed care plan payments. CMS approval for this six-month program was obtained on September 14, 2020.

To earn funds for PRIME transition metrics, all 51 PRIME entities will continue to report to DHCS on quality improvement projects and measures from PRIME. The six-month transition will use a twelve-month measurement period to ensure that performance can be fairly compared to benchmarks set by DHCS. Due to the COVID-19 public health emergency, entities will use the March 1, 2019 to February 29, 2020 measurement period and be held to achieving the minimum performance benchmark established by DHCS from PRIME Demonstration Year 15. The Designated Public Hospitals will also continue activities on the original QIP quality metrics during this six-month period, utilizing the same modifications due to the COVID-19 public health emergency outlined for PRIME above.

Phase II: Merge to QIP

Subject to obtaining the necessary federal approvals, January 1, 2021 will be the start of QIP Year 4 and will include the Designated Public Hospitals and 34 District and Municipal Public Hospitals, totaling 51 QIP entities. Similar to Phase I, payments to the 51 QIP entities will be directed payments through the Medi-Cal managed care plans. Program Year 4 will align with Rate Year 2021, corresponding to calendar year 2021.

PRIME Policy Letters and associated PRIME reporting guidance will no longer apply to QIP. DHCS will review all prior PRIME Policy Letters and QIP Policy Letters for relevance and issue updated Policy Letters and reporting guidance to Designated Public Hospitals and District and Municipal Public Hospitals.

DHCS worked with stakeholders to develop a revised metric set for Program Year 4 that prioritizes CMS Adult and Child Core Set measures, HEDIS measures, other nationally vetted and endorsed measures, and measures in wide use across Medicaid quality initiatives. The measures align with well-established benchmarks and State, Medi-Cal managed care plan, and hospital system goals. The Program Year 4 metric set meaningfully reflects the goals and priorities of CalAIM.

5.1.3 Rationale

The QIP Program is intended to promote access to care, value-based payments, and tie funding to quality outcomes, while at the same time further aligning state, Medi-Cal managed care plan, and hospital system goals. The PRIME to QIP transition will engage both Designated Public Hospitals and 34 District and Municipal Public Hospitals to continue quality improvement work for select priority metrics in QIP As such, this proposal will help achieve the following goals of CalAIM:

- Enhance coverage expansion to address health disparities among vulnerable populations;
- Drive delivery transformation across Designated Public Hospitals and District and Municipal Public Hospitals toward value-based care and away from volume-based care, and
- Reduce variation and complexity across hospital systems through alignment of quality measures with those required of health plans.

5.1.4 Proposed Timeline

January 1, 2021: Complete transition from PRIME to QIP for Designated Public Hospitals and District and Municipal Public Hospitals using new CMS Adult and Child Core Set measures, HEDIS measures, and other nationally-vetted and endorsed measures

5.2 Global Payment Program Extension

5.2.1 Background

The Global Payment Program is a five-year pilot program included in California's Medi-Cal 2020 Section 1115 demonstration waiver. The Global Payment Program establishes a statewide pool of funding by combining a portion of California's federal Disproportionate Share Hospital (DSH) allotment with available uncompensated care funding. These funds support public health care system efforts to provide health care for California's uninsured population and promotes the delivery of more cost-effective and higher-value care to the uninsured.

Global budgets are allocated to public health care systems based on available funding and service point thresholds to be achieved. Public health care systems can achieve their hospital specific global budget by meeting a service point threshold that incentivizes movement from high cost, avoidable services to providing higher value and preventive services in the most appropriate setting.

The Global Payment Program's requirements are established in the Special Terms and Conditions for California's Medi-Cal 2020 Section 1115 demonstration and the program

funding is authorized December 31, 2021 under the one year Medi-Cal 2020 extension proposal, submitted to CMS on September 16, 2020.

5.2.2 Proposal

DHCS proposes to extend the Global Payment Program under CalAIM through a renewal of the Medi-Cal Section 1115 waiver demonstration. The Global Payment Program will operate under the following assumptions:

- The start date of Program Year 7 will begin on January 1, 2022, and end on December 31, 2022. The Global Payment Program was originally approved through June 30, 2020. On August 3, 2020, the Centers for Medicare and Medicaid Services (CMS) approved a waiver amendment extending the program and authorizing Program Year 6A for the period of July 1, 2020 through December 31, 2020. The Medi-Cal 2020 one-year extension proposal extended the program through December 31, 2021.
- The Global Payment Program under CalAIM will be funded solely by a portion of the State's Designated Public Hospital Disproportionate Share Hospital allotment allocation and will no longer incorporate uncompensated care funding;
- The percentage of Designated Public Hospital Disproportionate Share Hospital allotment funds to be split amongst University of California hospitals and Global Payment Program public health care systems will remain constant for the entirety of the waiver with 78.104% allocated to the Global Payment Program and 21.896% allocated to University of California hospitals;
- The Global Payment Program will include an evaluation to continue to assess whether the program is achieving its stated goals;
- The Global Payment Program will continue the shifting of point values for specific services to incentivize the provision of care in the most appropriate and cost-effective settings;
- DHCS may recalibrate the initial point thresholds for each hospital. Some public health care systems consistently exceed their thresholds, while others do not. Recalibration of the initial point thresholds will serve to minimize payment adjustments; and
- All other facets of the Global Payment Program in the CalAIM period will operate per the Medi-Cal 2020 waiver Special Terms and Conditions.

5.2.3 Rationale

The Global Payment Program was established to accomplish the following goals:

- To improve health of the remaining uninsured through coordination of care and to move away from the cost-based payment methodology restricted to mostly hospital settings to a more risk-based and/or bundled payment structure;
- To encourage public healthcare systems to provide greater primary and preventive services, as well as alternative modalities such as phone visits, group visits, telemedicine, and other electronic consultations; and
- To emphasize the value of coordinated care and alternative modalities by recognizing the higher value of primary care, ambulatory care, and care management as compared to the higher cost, avoidable emergency room visits and acute care hospital stay.

DHCS collaborated with the RAND Corporation to conduct an evaluation of the Global Payment Program from the onset of the program through March 2019. The evaluation assessed whether and to what extent, changing the payment methodology resulted in a more patient-centered system of care. Results show that there has been an increase in outpatient services, an increase in access to care for the uninsured, an improvement in the coordination of care, advancements in data collection and tracking, and an appropriate allocation of resources to effectively tailor care to more appropriate settings.

These findings provide strong support for the argument that the Global Payment Program is a powerful catalyst in helping the public health care systems deliver more cost-effective and higher-value care to the State's remaining uninsured individuals and will continue to move in this direction over the next five years.

5.2.4 Proposed Timeline

DHCS proposes to extend the Global Payment Program for the next five years according to the schedule in **Attachment G.**

Back to Agenda

Back to Item

6. Appendices

Appendix A: 2021 and Beyond: CalAIM Implementation Timeline[3]

Date	Implementation Activity
July 1, 2020	**PRIME transitions to Quality Incentive Program**
January 1, 2021	12-month extension of Medi-Cal 2020 demonstration
April 2021	**Submission of Section 1915(b) and 1115 waiver requests** **Pharmacy Carve-Out Effective**
June 2021	**County Oversight[4]:** DHCS will engage with counties by forming a working group that will focus on developing new county performance standards monitoring and reporting mechanism. The reinstatement of County Performance Standards will include incorporation of MEDS alert monitoring statewide **County oversight (CCS, CHDP):** Development of auditing tools. **Foster Care Model of Care Workgroup** completed
October 2021	**County oversight (CCS, CHDP):** Shift to automated Plan and Fiscal Guideline submission process, develop training documents, evaluate and analyze findings and trends, and identify gaps and vulnerabilities.
November-2021	**County Inmate Pre-Release Application Process:** Stakeholder process
December 2021	**County Oversight**: DHCS will publish an updated process for the monitoring and reporting of County Performance Standards, incorporating an outline of the tiered Corrective Action steps which will include disciplinary action ranging from CPAs for counties that do not meet performance expectations, to potential fiscal penalties for unresponsive counties. **Goal approval date of Section 1915(b) and 1115 waiver requests**
2022	

[3] Implementation date TBD: IMD SMI/SED waiver, regional contracting (will vary), improving beneficiary contact and demographic information

[4] Given the Executive Order to halt all county renewal processes and negative actions through the duration of the Public Health Emergency (PHE), the implementation timeline reflected for this initiative will shift if the PHE is extended. The dates noted are based on the PHE ending and normal county business processes resuming January 2021, allowing 12 months from the end of the PHE for counties to process and clean-up the resulting backlog. Dates are subject to change once the end of the PHE is established.

Back to Agenda

Back to Item

Date	Implementation Activity
January 1, 2022	**Managed Care Authority:** Shifts to 1915(b) authority **Implementation of the following CalAIM proposals:** • Enhanced care management/In lieu of services (existing WPC and/ or HHP target populations) • Incentive payments • Dental benefits and pay for performance (implementation date TBD as funding for Designated State Health Programs (DSHP) is not approved in extension of the Medi-Cal 2020 demonstration) • Managed care benefit standardization continues • Mandatory managed care • Regional Rates Phase I • DMC-ODS renewal and policy improvements • Changes to behavioral health medical necessity • Multipurpose Senior Services Program carved-out of managed care • D-SNP look-alike enrollment transition in CCI counties **County Inmate Pre-Release Application Process:** Publication of guidance and begin Technical Assistance (through December 2022)
March 2022	**County Oversight**: DHCS will begin assessing County Performance Standards, in keeping with the aforementioned updated process.
June 2022	**County Oversight**: DHCS will implement the County Performance Monitoring Dashboard. The dashboard is envisioned to represent county performance in application processing, renewal processing, and MEDS alert processing, and could potentially include other measures to be mutually agreed upon in the future.
July 2022	**Behavioral Health Payment Reform** **Enhanced care management:** • Implementation of additional enhanced care management Target Populations in HHP/WPC Counties. • Managed care plans in non- WPC and/or HHP counties begin implementing enhanced care management target populations
September 2022	**County Oversight**: DHCS will begin publishing the County Performance Monitoring Dashboard on the CHHS Open Data Portal.
October 2022	**County oversight (CCS, CHDP):** Initiate Memorandum of Understanding between State and counties, continuous monitoring and oversight, and continuous updates to standards, policies, and guidelines
December 31, 2022	**Cal MediConnect:** End of program
2023	
January 2023	**Aligned Enrollment:**

Back to Agenda

Back to Item

Date	Implementation Activity
	• Require statewide mandatory enrollment of dual eligibles in Medi-Cal managed care[5] • All Medi-Cal health plans in CCI counties required to operate Dual Eligible Special Needs plans in all service areas they operate as an Medi-Cal managed care plan, including dual eligible LTC residents • Require statewide mandatory enrollment for eligible LTC residents for both non-dual and dual beneficiaries **County Inmate Pre-Release Application Process:** Implementation **Shared Risk/Shared Savings** (at the earliest) **Enhanced care management:** Implementation of all enhanced care management target populations, including Individuals Transitioning from Incarceration.
December 2023	**County Oversight**: DHCS will begin taking steps toward fiscal sanctions for counties who do not demonstrate sufficient improvement in meeting performance expectations or are unresponsive.
2024	
January 2024	**Regional Rates, Phase II** (at the earliest)
2025	
January 2025	**Aligned Enrollment:** • All Medi-Cal health plans in non-CCI counties required to operate Dual Eligible Special Needs plans in all service areas they operate as a Medi-Cal managed care plan.
2026	
January 2026	**NCQA:** All Medi-Cal managed care plans required to be NCQA accredited
2027	
January 2027	**Behavioral Health Administrative Integration:** submit for a single, integrated behavioral health managed care plan in each county or region responsible for providing, or arranging for the provision of, specialty mental health and substance use disorder services under the 1915(b) waiver **Long-Term Services and Supports, Long-Term Care, Dual Eligible Special Needs Plans:** Full implementation **Full Integration Plan:** Go Live (no sooner than)

[5] Mandatory Managed Care enrollment: See **Appendix F: Managed Care Enrollment Proposed Aid Code Group Coverage.**

Appendix D: Institutions for Mental Disease/Serious Mental Illness/Severe Emotional Disturbance Demonstration Goals & Milestones

Below is a summary of demonstration goals as outlined in CMS SMD Letter #18-011:

- Reduced utilization and lengths of stay in emergency departments among Medicaid beneficiaries with serious mental illness or serious emotional disturbance while awaiting mental health treatment in specialized settings;
- Reduced preventable readmissions to acute care hospitals and residential settings;
- Improved availability of crisis stabilization services including services made available through call centers and mobile crisis units, intensive outpatient services, as well as services provided during acute short-term stays in residential crisis stabilization programs, psychiatric hospitals, and residential treatment settings throughout the state;
- Improved access to community-based services to address the chronic mental health care needs of beneficiaries with serious mental illness or serious emotional disturbance including through increased integration of primary and behavioral health care; and
- Improved care coordination, especially continuity of care in the community following episodes of acute care in hospitals and residential treatment facilities.

Below is a summary of demonstration milestones as outlined in CMS SMD Letter #18-011:

- Ensuring quality of care in psychiatric hospitals and residential settings. Involves facility accreditation, unannounced visits, use of a utilization review entity, facilities meeting federal program integrity requirements, and facilities having the capacity to address co-morbid physical health conditions;
- Improving care coordination and transitions to community-based care. Involves implementation of a process to assess housing situations, requirement that facilities have protocols to contact beneficiaries within 72-hours after discharge, strategies to prevent or decrease lengths of stays in emergency departments, and strategies to develop and enhance interoperability and data sharing;
- Increasing access to continuum of care including crisis stabilization services. Involves annual assessments of availability of mental health services across the state, commitment to an approved finance plan, strategies to improve the state's

capacity to track available beds, and implementation of an evidence-based assessment tool; and

- Earlier identification and engagement in treatment including through increased integration. Involves strategies for identifying and engaging individuals in treatment sooner, increased integration of behavioral health care in non-specialty settings and establishing specialized settings and services.

Federal Application Requirements

States wishing to pursue this demonstration opportunity must first submit an application to CMS. CMS will consider a state's commitment to ongoing maintenance of effort on funding outpatient community-based mental health services as demonstrated in their application when determining whether to approve a state's proposed demonstration project to ensure that resources are not disproportionately drawn into increasing access to treatment in inpatient and residential settings at the expense of community-based services. Below is a summary of required elements for the application;

- A comprehensive description of the demonstration, including the state's strategies for addressing the goals and milestones discussed above for this demonstration initiative;
- A comprehensive plan to address the needs of beneficiaries with serious mental illness or serious emotional disturbance, including an assessment of how this demonstration will complement and not supplant state activities called for or supported by other federal authorities and funding streams;
- A description of the proposed health care delivery system, eligibility requirements, benefit coverage and cost sharing (premiums, copayments, and deductibles) required of individuals who will be impacted by the demonstration, to the extent such provisions would vary from the state's current program features and the requirements of the Social Security Act;
- A list of the waivers and expenditure authorities that the state believes to be necessary to authorize the demonstration;
- An estimate of annual aggregate expenditures by population group impacted by the demonstration, including development of baseline cost data for these populations.
- Specifically, CMS requests that states' fiscal analysis demonstrate how the proposed changes will be budget neutral, i.e., will not increase federal Medicaid spending. CMS will work closely with states to determine the feasibility of their budget neutrality models and suggest changes as necessary;

- Enrollment data including historical mental health care coverage and projected coverage over the life of the demonstration, of each category of beneficiary whose health care coverage is impacted by the demonstration;
- Written documentation of the state's compliance with the public notice requirements at 42 CFR 431.408, with a report of the issues raised by the public during the comment period and how the State considered those comments when developing the final demonstration application submitted to CMS;
- The research hypotheses that are related to the demonstration's proposed changes, goals, and objectives, and a general plan for testing the hypotheses including, if feasible, the identification of appropriate evaluation indicators; and
- An implementation plan describing the timelines and activities necessary to achieve the demonstration milestones including a financing plan. The implementation plan can be submitted with the application, or within 90 days of application approval from CMS.

Other Demonstration Requirements

In addition to the required application elements above, states must also develop the following:

- Demonstration monitoring reports including information detailing the state's progress toward meeting the milestones and timeframes outlined in the implementation plan, as well as information and data so that CMS can monitor budget neutrality.
- A Health IT plan (health information technology plan) that describes the state's ability to leverage health IT, advance health information exchange(s), and ensure health IT interoperability in support of the demonstration's goals.
- Monitoring protocols that identify expectations for quarterly and annual monitoring reports including agreed upon performance measures (see SMD #18-011 for a list of potential measures), measure concepts, and qualitative narrative summaries. The monitoring protocol will be developed and finalized after CMS approval.
- Interim and final evaluations that will draw on the data collected for the milestones and performance measures, as well as other data and information needed to support the evaluation that will describe the effectiveness and impact of the demonstration using quantitative and qualitative outcomes and a cost analysis. An evaluation design will be developed by the state, with technical assistance from CMS, to be finalized within 180 days of the demonstration approval.

States that fail to submit an acceptable and timely evaluation design as well as any monitoring, expenditure, or other evaluation reporting are subject to a $5 million deferral per deliverable.

Appendix E: CalAIM Benefit Changes Chart

Benefit Changes Effective April 1, 2021	
Benefits Currently Provided by Medi-Cal Managed Care Plans that will be Carved-Out to Fee-for-Service	
Pharmacy	All pharmacy benefits or services billed by a pharmacy on a pharmacy claim, which includes covered outpatient drugs (including Physician Administered Drugs), medical supplies, and enteral nutrition products. This also includes drugs currently "carved-out" of the managed care delivery system, (e.g., blood factor, HIV/AIDS, antipsychotics, and drugs used to treat substance use disorder), which are currently carved-in to some county operated health systems and AIDS Healthcare Foundation. This does not include any pharmacy benefits or services billed on medical and/or institutional claims.
Benefit Changes Effective January 1, 2022	
Benefits Currently Provided by Medi-Cal Managed Care Plans that will be Carved-Out to Fee-for-Service	
Specialty Mental Health Services	Currently full benefit in Partnership Solano (Kaiser members only) and Kaiser Sacramento
Multipurpose Senior Services Program	Currently full benefit in CCI counties (Los Angeles, Orange, San Bernardino, San Diego, San Mateo, Santa Clara, and Riverside)
Benefits to be Carved-In to Managed Care Statewide	
Major Organ Transplant	Currently full benefit in county operated health systems counties; non-county operated health systems counties currently only cover kidney transplants
Benefit Changes Effective January 1, 2023	
Benefits to be Carved-In to Managed Care Statewide	
Long Term Care	Long Term Care Umbrella • ICF-DD Disabled (excluding beneficiaries in an ICF-DD Waiver center), Disabled Habilitative, and Disabled Nursing • Pediatric Subacute Care Services • Skilled nursing facility • Specialized Rehabilitative Services in skilled nursing facility and ICF • Subacute Care Services Currently full benefit in county operated health systems and CCI counties (Los Angeles, Orange, San Bernardino, San Diego, San Mateo, Santa Clara, and Riverside); in non-county operated health systems/non-CCI counties, Medi-Cal managed care plans are responsible for the month of admission and the month following

Appendix F: Managed Care Enrollment Proposed Aid Code Group Coverage

Appendix H: Dental in Proposition 56 vs. CalAIM

Dental Procedure Code	Description	Proposition 56 Supplemental Payment	CalAIM Performance Payment
D0120	Periodic oral evaluation – established patient	No	Yes
D0145	Oral evaluation for a patient under three years of age and counseling with primary caregiver	No	Yes
D0150	Comprehensive oral evaluation – new or established patient	No	Yes
D0601	Caries risk assessment and documentation, with a finding of low risk (children ages 0-6)	No	Yes
D0602	Caries risk assessment and documentation, with a finding of moderate risk (children ages 0-6)	No	Yes
D0603	Caries risk assessment and documentation, with a finding of high-risk (children ages 0-6)	No	Yes
D1110	Prophylaxis – adult	Yes	No
D1120	Prophylaxis - child	No	Yes
D1206	Topical application of fluoride varnish (child)	No	Yes
	Topical application of fluoride varnish (adult)	Yes	No
D1208	Topical application of fluoride – excluding varnish (child)	No	Yes
	Topical application of fluoride – excluding varnish (adult)	Yes	No
D1310	Nutritional counseling for the control of dental disease (child)	No	Yes

Dental Procedure Code	Description	Proposition 56 Supplemental Payment	CalAIM Performance Payment
D1320	Tobacco counseling for the control and prevention of oral disease (adult)	No	Yes
D1351	Sealant – per tooth (child)	No	Yes
D1352	Preventive resin restoration in a moderate to high caries risk patient – permanent tooth (child)	No	Yes
D1354	Interim caries arresting medicament application – per tooth (children ages 0-6 and restricted adult populations)	No	Yes
D1510	Space maintainer – fixed, unilateral – per quadrant (child)	No	Yes
D1516	Space maintainer – fixed, bilateral, maxillary (child)	No	Yes
D1517	Space maintainer – fixed, bilateral, mandibular (child)	No	Yes
D1526	Space maintainer – removable, bilateral, maxillary (child)	No	Yes
D1527	Space maintainer – removable, bilateral, mandibular (child)	No	Yes
D1551	Re-cement or re-bond space maintainer – bilateral space maintainer, maxillary (child)	No	Yes
D1552	Re-cement or re-bond space maintainer – bilateral space maintainer, mandibular (child)	No	Yes
D1553	Re-cement or re-bond space maintainer – unilateral space maintainer – per quadrant (child)	No	Yes
D1556	Removal of fixed unilateral space maintainer – per quadrant (child)	No	Yes
D1557	Removal of fixed bilateral space maintainer – maxillary (child)	No	Yes
D1558	Removal of fixed bilateral space maintainer – mandibular (child)	No	Yes
D1575	Distal shoe space maintainer – fixed unilateral – per quadrant (child)	No	Yes
D1999	Unspecified preventive procedure, by report (adult)	No	Yes

Appendix I: Enhanced Care Management Target Population Descriptions

Enhanced care management is designed for populations who have the highest levels of complex health care needs as well as social factors influencing their health. To be eligible for enhanced care management, members must meet criteria below in addition to any criteria specific to the respective enhanced care management population:

1. Have complex physical or behavioral health condition with inability to successfully self-manage AND
2. Limited activity or participation in social functioning as defined by at least one of the following:
    a. Establishing and managing relationships;
    b. Major life areas, including education, employment, finances, engaging in the community

Candidates for enhanced care management have an opportunity for improved health outcomes if they receive high-touch, in-person care management and are connected to a multidisciplinary team that manages physical health, behavioral health (substance use and/or mental health), oral health, developmental disabilities, and health-related non-clinical needs as well as any needed long-term services and supports.

Enhanced care management will be implemented in phases:

- January 1, 2022: All Medi-Cal managed care plans in counties with Whole Person Care pilots and/or Health Homes Programs will begin implementation of the enhanced care management benefit, for those target populations currently receiving Health Homes Program and/or Whole Person Care services.
- July 1, 2022:
    - Medi-Cal managed care plans in counties with Whole Person Care pilots and/or Health Homes Programs will implement additional mandatory enhanced care management target populations.
    - All Medi-Cal managed care plans in counties without Whole Person Care pilots and/or Health Homes Programs must begin implementation of select enhanced care management target populations.
- January 1, 2023: All Medi-Cal managed care plans in all counties must implement enhanced care management for all target populations.

Characteristics of ECM target populations are set forth below and detailed further in this document. Risk stratification is the responsibility of the Medi-Cal managed care plans,

Back to Agenda

Back to Item

which will determine member needs and apply criteria to determine eligibility and facilitate ECM services. Medi-Cal managed care plans may propose additional populations to receive ECM or propose expansions of criteria within populations. ECM target populations are subject to further refinement by DHCS.

Medi-Cal managed care plans may propose additional populations to receive enhanced care management, for example to allow the transition for members receiving services under a Whole Person Care pilot. At a minimum, Medi-Cal managed care plans must provide enhanced care management to the below list of mandatory target populations:[14]

- Children and youth with complex physical, behavioral, and/or developmental health needs (i.e. California Children Services, foster care, youth with Clinical High-Risk syndrome or first episode of psychosis).
- Individuals experiencing homelessness, chronic homelessness or who are at risk of becoming homeless.
- High utilizers with frequent hospital admissions, short-term skilled nursing facility stays, or emergency room visits.
- Individuals at risk for institutionalization, eligible for long-term care.
- Nursing facility residents who want to transition to the community.
- Individuals at risk for institutionalization with Serious Mental Illness (SMI), children and youth with Serious Emotional Disturbance (SED) or Substance Use Disorder (SUD).
- Individuals transitioning from incarceration who have significant complex physical or behavioral health needs requiring immediate transition of services to the community.

These target population descriptions are intended as guidance for Medi-Cal managed care plans. Managed care plans will determine criteria for population identification and stratification in accordance with this guidance.

Settings

For all populations, the role of enhanced care management is to coordinate all primary, acute, behavioral, developmental, oral, and long-term services and supports for the

[14] Individuals transitioning from incarceration must be included no later than 1/1/2023, except where such program already exists today through an existing WPC program, in which case this target group is mandatory as of 1/1/2022.

Back to Agenda

Back to Item

member, including participating in the care planning process, regardless of setting. This benefit is intended to provide primarily face-to-face services whenever possible.

Services should be offered where the members live, seek care or prefer to access services, essentially meeting the member (and, for children and youth, their family, caretaker or circle of support) where they are within the community. This may include different settings based on the target population. For example, for individuals experiencing homelessness, enhanced care management care managers may conduct street outreach or coordinate with shelters, hotels or motels including those participating in Project Homekey, homeless services providers, recuperative care providers, community partners (e.g., homeless coordinated entry systems) and other service providers to connect with target individuals in these settings. For individuals with SMI and/or SUDs, initial contact may be in settings such as psychiatric inpatient units, Institutions for Mental Disease (IMDs) or residential settings. Children and youth may receive services in a variety of community settings, including homes and schools, where appropriate. These are examples of how enhanced care management settings will reflect individualized needs of the target populations.

Risk Stratification

Enhanced care management is the highest tier of case management and is intended for members at the highest risk level who need long-term coordination for multiple chronic conditions, social determinants of health issues, and utilization of multiple service types and delivery systems. As part of their plan submitted to DHCS, Medi-Cal managed care plans will detail the algorithms, processes, and partnerships they will use to identify those individuals who have the highest levels of complex health care needs and social factors influencing their health, and who present the best opportunity for improved health outcomes through enhanced care management services.

Algorithms and data sources may vary by population. For example, some individuals may be identified using claims data and/or other health assessment information to identify multiple complex conditions or a history of utilization of high-cost services.

However, for a variety of reasons, claims data may be insufficient to identify other good candidates for enhanced care management. For some members, access to care issues and multiple social factors may limit the utility of claims data in identifying health risks. Therefore, managed care plans must also use data sources that capture social determinants of health as well as referrals. For individuals experiencing homelessness, data systems such as the Homeless Management Information System (HMIS) may be used. For individuals transitioning from incarceration, data sharing agreements with city and county jail systems to identify those at highest risk may be considered

For many populations, referrals and partnerships will be a critical method to identify enhanced care management candidates. Entities such as health care providers, community-based organizations, social services agencies, tribal partners, and local governments are important partners in identifying individuals who are at high risk of significant health care utilization and who would benefit from enhanced care management. Medi-Cal managed care plans are encouraged to partner with these entities to ensure enhanced care management benefits are highly coordinated with other service types. Medi-Cal managed care plans should also plan to establish clear protocols to receive and consider enhanced care management referrals from external entities.

Core Components of Enhanced Care Management Services

The types of supports and services provided through enhanced care management may vary based on the needs of the target populations. In the individual target population descriptions, this document describes examples of interventions that enhanced care management may support for each unique target population. However, core components of enhanced care management that are universal for all target populations include:

- Comprehensive Assessment and Care Management Plan:
    - Engage with Members authorized to receive the enhanced care management Benefit primarily through in person contact;
        - *When in-person communication is unavailable or does not meet the needs of the Member, use alternative methods to provide culturally appropriate and accessible communication.*
    - Develop a comprehensive, individualized, person-centered care plan by working with the Member, and as appropriate their chosen family/support persons, to assess strengths, risks, needs, goals, and preferences
    - Incorporate into the Member's care plan needs in the areas including, but not limited to physical and developmental health, mental health, SUD, community-based Long-Term Services and Supports (LTSS), oral health, palliative care, trauma-informed care, necessary community-based and social services, and housing;
    - Ensure the care plan is reassessed at a frequency appropriate for the Member's individual progress or changes in need.
- Enhanced Coordination of Care:
    - Organize patient care activities as laid out in the care plan, share information with the Member's key care team, and implement the Member's care plan;

Back to Agenda

Back to Item

- Be continuous and integrated among all service providers and refer to primary care/physical and developmental health, mental health, SUD treatment, community-based LTSS, oral health, palliative care, trauma-informed care, necessary community-based and social services, and, housing, as needed;
- Provide support for Member treatment adherence including coordination for medication review/reconciliation, scheduling appointments, providing appointment reminders, coordinating transportation, identifying barriers to adherence, ensuring continuous enrollment in Medi-Cal, and maintaining social services benefits, and accompaniment to key appointments;
- Communicate Members' needs and preferences timely to all members of the Members' care team in a manner that ensures safe, appropriate, and effective person-centered care;
- Be in regular contact with the Member, consistent with the care plan;

- Health Promotion:
  - Work with Members to identify and build on resiliencies and potential family or community supports;
  - Provide services to encourage and support Members to make lifestyle choices based on healthy behavior, with the goal of supporting Members' ability to successfully monitor and manage their health;
  - Support the Member in strengthening skills that enable them to identify and access resources to assist them in managing their conditions and preventing other chronic conditions.
- Comprehensive Transitional Care
  - Perform engagement activities that seek to reduce avoidable Member admissions and readmissions;
  - For Members that are experiencing or are likely to experience a care transition:
    - Develop and regularly update a transition plan for the Member, and incorporate it into the Member's care plan;
    - Evaluate a Member's medical care needs and coordination of any support services to facilitate safe and appropriate transitions from and among treatment facilities, including admissions and discharges;

- Track each Member's admission or discharge to/from an emergency department, hospital inpatient facility, skilled nursing facility, residential/treatment facility, incarceration facility, or other treatment center and communicate with the appropriate care team members;
- Coordinate medication review/reconciliation; and
- Provide adherence support and referral to appropriate services.

- Member and Family Supports:
  - Document a Member's chosen caregiver or family/support person;
  - Include activities that ensure that the Member and chosen family/support persons, including as guardians and caregivers, are knowledgeable about the Member's condition(s) and care plan with the overall goal of improving the Member's care planning and follow-up, adherence to treatment, and medication management;
  - Serve as the primary point of contact for the Member and their chosen family/support persons;
  - Identify supports needed for the Member and chosen family/support persons to manage the Member's condition and direct them to access needed support services, including peer supports when applicable and available; and,
  - Provide for appropriate education of the Member, family members, guardians, and caregivers on care instructions for the Member.
- Coordination of and Referral to Community and Social Support Services:
  - Determine appropriate services to meet the needs of Members, including services that address social determinants of health needs, including housing, and services that are offered by managed care plan as an ILOS;
  - Coordinate and referring Members to available community resources and following up with Members to ensure services were rendered (i.e. "Closed loop referrals").

Target Populations

A description of each population is outlined below. Beneficiaries must be enrolled in Medi-Cal managed care to receive enhanced care management. In general, for all target populations, individuals who, after multiple outreach attempts, using different modalities, opt not to participate in enhanced care management services or whose assessment

(completed or confirmed by the managed care plan) indicates they would not benefit from the services, would not be good candidates for enhanced care management. The number of outreach attempts and approaches will vary based on the populations and individualized needs.

Enhanced care management is designed to provide support to individuals who require high levels of intensive interventions. Individuals who are receiving or who would benefit from other existing types of interventions (e.g., end of life care, standard case management, disease management or other care coordination efforts) would not be appropriate candidates for enhanced care management unless those interventions are not successful. Medi-Cal managed care plans and/or their subcontractors or contracted providers will evaluate individuals for enhanced care management and not all individuals will be good candidates. For example, individuals with the following circumstances may not be good candidates for enhanced care management:

- Individuals who have a well-treated chronic disease and are compliant with their care plan and have unavoidable or expected admissions due to the condition.
- Individuals who refuse to engage in any telephonic or face to face case management after multiple outreach attempts using different modalities.
- Individuals receiving services that the managed care plan determines to be duplicative of enhanced care management, such as 1915(c) Home and Community Based Services (HCBS) Waiver programs.

All Medi-Cal beneficiaries currently receiving care management through the Health Homes Program and Whole Person Care shall be transitioned to enhanced care management through one of the target populations listed and will be reassessed.

The populations eligible for enhanced care management are those with the highest needs who use multiple delivery systems and services, who need ongoing coordination across medical, behavioral and social needs, and who are part of the mandatory target populations described below. Note that some enhanced care management candidates will meet criteria for multiple target populations. Medi-Cal managed care plans will assign these individuals authorized to receive enhanced care management services to an enhanced care management provider that has appropriate competencies and experience for the needs of the beneficiary. For example, individuals with SMI or SUDs may also be homeless or high utilizers. These members may be assigned to an enhanced care management provider that has the necessary skills and experience to work with individuals with SMI and SUDs.

Children and Youth

Target Population:

Children and youth (up to age 21, or foster youth to age 26) with complex physical, behavioral, and/or developmental health needs, with significant functional limitations and social factors influencing their health outcomes (e.g., California Children Services, foster care, youth with Clinical High-Risk syndrome or first episode of psychosis).

For example:

- Children/Youth with complex health needs who are medically fragile or have multiple chronic conditions. This may include children with a history of trauma and children who are engaged or have history with the child welfare system. These children often access care across multiple service delivery systems and require significant coordination to ensure their needs are being met.

- Children/Youth with significant functional limitations and multiple social factors influencing their health outcomes.

Enhanced Care Management Services:

Enhanced care management can be used to assess gaps in both health care and social support needs and develop a care plan that addresses the whole health needs of the child. While Medi-Cal managed care plans may use claims data to identify good candidates, referrals will be an important mechanism to identify children and youth who would benefit from enhanced care management. Health care providers, the child welfare system, schools, community-based organizations, California Children's Services (CCS), county behavioral health, and social services agencies are examples of other important potential referral partners for children/youth. Medi-Cal managed care plans should establish a process for providers to refer for enhanced care management based on a needs assessment, behavioral health screens, other EPSDT screening, and/or ACE score which includes consideration of the community supports available for the children and their families and caretakers, as well as social factors impacting their health.

Services should be offered where the members live, seek care or where the family, caretaker, or circle of support prefers to access services, essentially meeting the member and family/caretaker/support where they are within the community. Activities may include coordination in school-based settings if permitted by the schools. Services should be offered by culturally and linguistically aligned trauma-informed providers.

For this population, enhanced care management services include (but are not limited to):

- Helping families, caretakers, and circles of support access resources such as information, coordination, and education about the child's conditions.
- Identifying coordinating, and providing (when appropriate) services that will help families, caretakers, and circles of support with the health needs of their children, which may include referrals for services those individuals need to enable them to support their children's health (e.g., referral to behavioral health, including SUD services, for a parent, or housing-related services for households experiencing homelessness, either of which could be critical to ensure the parent can support the health needs of the child).
- Referral to housing related services for youth experiencing homelessness.
- Coordination of services across various health, behavioral health, developmental disability, housing and social services providers, including facilitating cross-provider data- and information-sharing and member advocacy to ensure the child's whole person needs are met and needed services are accessible.
- Assistance with accessing respite care as needed.
- Referral to community and social services to address food insecurity and other social factors that may impact the child's health.
- Coordination of other services as required by EPSDT.
- Referral to community and social services to address food insecurity and other social factors that may impact the child's health

Homeless

Target Population:

Individuals experiencing homelessness or chronic homelessness, or who are at risk of experiencing homelessness (as defined below), with complex health and/or behavioral health needs, for whom coordination of services would likely result in improved health outcomes and decreased utilization of high-cost services.

For example:

- Individuals with complex health care needs as a result of medical, psychiatric or SUD-related conditions, who may also experience access to care issues (resulting in unmet needs or barriers to care) and multiple social factors influencing their health outcomes.
- Individuals with repeated incidents of avoidable justice involvement, emergency department use, psychiatric emergency services or hospitalizations.

Homeless: Individuals who meet the Housing and Urban Development (HUD) definition of homeless as defined in Section 91.5 of Title 24 of the Code of Federal Regulations (including those exiting institutions but not including any limits on the number of days in the institution). For the purpose of enhanced care management, qualifying institutions include hospitals, correctional facilities, mental health residential treatment facility, substance use disorder residential treatment facility, recovery residences, Institution for Mental Disease and State Hospitals.

Individuals who meet the definition of an individual experiencing chronic homelessness, either as defined:

A. In W&I Code section 14127(e) as “a homeless individual with a condition limiting his or her activities of daily living who has been continuously homeless for a year or more or had at least four episodes of homelessness in the past three years.” The definition also includes “an individual who is currently residing in transitional housing, as defined in Section 50675.2 of the Health and Safety Code, or who has been residing in permanent supportive housing as defined in Section 50675.14 of the Health and Safety Code for less than two years if the individual was chronically homeless prior to his or her residence.

B. By the Department of Housing and Urban Development (HUD) in 24 CFR 91.5 (including those exiting institutions but not including any limits on the number of days in the institution) as:

1. A ‘‘homeless individual with a disability,’’ as defined in section 401(9) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11360(9)), who:

    i. Lives in a place not meant for human habitation, a safe haven, or in an emergency shelter; and

    ii. Has been homeless and living as described in paragraph (1) (i) of this definition continuously for at least 12 months or on at least 4 separate occasions in the last 3 years, as long as the combined occasions equal at least 12 months and each break in homelessness separating the occasions included at least 7 consecutive nights of not living as described in paragraph (1) (i). Stays in institutional care facilities will not constitute as a break in homelessness, but rather such stays are included in the 12-month total, as long as the individual was living or residing in a place not meant for human habitation, a safe haven, or an emergency shelter immediately before entering the institutional care facility;

2. An individual who has been residing in an institutional care facility, including a jail, substance use or mental health treatment facility, hospital, or other similar facility, and met all of the criteria in paragraph (1) of this definition, before entering that facility; or

3. A family with an adult head of household (or if there is no adult in the family, a minor head of household) who meets all of the criteria in paragraph (1) or (2) of this definition, including a family whose composition has fluctuated while the head of household has been homeless.

Individuals who meet the HUD definition of at risk of homelessness as defined in Section 91.5 of Title 24 of the Code of Federal Regulations as:

(1) An individual or family who:

(i) Has an annual income below 30 percent of median family income for the area, as determined by HUD;

(ii) Does not have sufficient resources or support networks, e.g., family, friends, faith-based or other social networks, immediately available to prevent them from moving to an emergency shelter or another place described in paragraph (1) of the “Homeless” definition in this section; and

(iii) Meets one of the following conditions:

(A) Has moved because of economic reasons two or more times during the 60 days immediately preceding the application for homelessness prevention assistance;

(B) Is living in the home of another because of economic hardship;

(C) Has been notified in writing that their right to occupy their current housing or living situation will be terminated within 21 days after the date of application for assistance;

(D) Lives in a hotel or motel and the cost of the hotel or motel stay is not paid by charitable organizations or by federal, State, or local government programs for low-income individuals;

(E) Lives in a single-room occupancy or efficiency apartment unit in which there reside more than two persons or lives in a larger housing unit in which there reside more than 1.5 people per room, as defined by the U.S. Census Bureau;

(F) Is exiting a publicly funded institution, or system of care (such as a health-care facility, a mental health facility, foster care or other youth facility, or correction program or institution); or

(G) Otherwise lives in housing that has characteristics associated with instability and an increased risk of homelessness, as identified in the recipient's approved consolidated plan;

(2) A child or youth who does not qualify as “homeless” under this section, but qualifies as “homeless” under section 387(3) of the Runaway and Homeless Youth Act (42 U.S.C. 5732a(3)), section 637(11) of the Head Start Act (42 U.S.C. 9832(11)), section 41403(6) of the Violence Against Women Act of 1994 (42 U.S.C. 14043e-2(6)), section 330(h)(5)(A) of the Public Health Service Act (42 U.S.C. 254b(h)(5)(A)), section 3(m) of the Food and Nutrition Act of 2008 (7 U.S.C. 2012(m)), or section 17(b)(15) of the Child Nutrition Act of 1966 (42 U.S.C. 1786(b)(15)); or

(3) A child or youth who does not qualify as “homeless” under this section, but qualifies as “homeless” under section 725(2) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a(2)), and the parent(s) or guardian(s) of that child or youth if living with her or him.

Individuals who meet the State’s No Place Like Home definition for a person with SMI and/or SED “at risk of chronic homelessness,” which includes persons exiting institutions that were homeless prior to entering the institution and Transition-age youth with

Back to Agenda

Back to Item

significant barriers to housing stability, including one or more convictions and history of foster care or involvement with the juvenile justice system.

Enhanced Care Management Services:

Individuals experiencing or at risk of homelessness are among the highest-need individuals in Medi-Cal. They often lack access to necessities such as food and shelter that are critical to attaining health. Individuals often have high medical needs that are difficult to manage due to the social factors that influence the individual's health. This often results in high utilization of costly services such as emergency departments and inpatient settings.

Engagement for this population may include street outreach or coordinating with shelters, homeless services providers, recuperative care providers, community partners (e.g., homeless coordinated entry systems) and other service providers to connect with target individuals.[15] As individuals are connected to resources, the enhanced care management care coordinator will meet the member in the community or at provider locations.

Enhanced care management can be used to link individuals with a variety of services to meet their complex needs. This includes (but is not limited to):

- Utilizing housing-related in-lieu-of services (ILOS) to identify housing and prepare individuals to for securing and/or maintaining stable housing.
- Coordinating short-term post-hospitalization housing and recuperative care services as appropriate.
- Regular contact with members to ensure there are not gaps in the activities designed to address an individual's health and social service needs, and swiftly addressing those gaps to ensure progress towards regaining health and function continues.
- Coordinating and collaborating with various health and social services providers, including Regional Centers, including sharing data (as appropriate) to facilitate better-coordinated whole person care.
- Supporting member treatment adherence including scheduling appointments, appointment reminders, coordinating transportation, ensuring connection to

[15] These same entities will be important referral partners to identify potential enhanced care management candidates

public benefits, identifying barriers to adherence, and accompanying members to appointments as needed.

- Addressing barriers to housing stability by connecting member to housing, health, and social support resources.
- Utilize best practices for Member who are experiencing homelessness and who have complex health and/or behavioral health conditions including Housing First, Harm Reduction, Progressive Engagement, Motivational Interviewing, and Trauma Informed Care

High Utilizers

Target Population:

High utilizers are Members with multiple hospital admissions, OR multiple short-term skilled nursing facility stays, OR multiple emergency room visits that could be avoided with appropriate outpatient care or improved treatment adherence.

For example:

- Individuals that have impactable conditions or opportunities for interventions that have the potential to decrease inappropriate utilization or can be performed at an alternative location.
- Individuals with repeated incidents of avoidable emergency use, hospital admissions, or nursing facility placement. Individuals with multiple chronic or poorly managed conditions requiring intensive coordination, beyond telephonic intervention.
- Significant functional limitations and/or adverse social determinant of health that impede the ability of the individual to navigate their healthcare and other services.

Enhanced Care Management Services:

Enhanced care management will provide multiple opportunities to engage individuals by stratifying risk and need and developing care plans and strategic interventions to mitigate risk and help clients achieve improved health and well-being. Medi-Cal managed care plans will identify the algorithms they will use to identify individuals who are high utilizers of medical services. DHCS expects Medi-Cal managed care plans will rely on available healthcare research related to appropriate identification of high utilizers and will leverage the managed care plan utilization data to identify members that meet the respective criteria established by the managed care plans.

For this population enhanced care management may include, but is not limited to:

- Frequent follow up visits, culturally and linguistically appropriate education and care coordination activities to ensure the member's needs are being met where they are.
- Connection to culturally and linguistically appropriate community-based organizations, programs and resources that will meet the member's needs.
- Improving member engagement to improve adherence to the member's treatment plan, including through more culturally and linguistically aligned approaches toward member and provider education and tools on how to increase adherence.

- Medication review, reconciliation, assistance obtaining medications, and culturally and linguistically appropriate reinforcement with medication adherence.

Back to Agenda

Back to Item

Risk for Institutionalization – Long Term Care

Target Population:

Individuals at risk for institutionalization, eligible for long-term care services. Medi-Cal beneficiaries who, in the absence of services and supports would otherwise require care for 90 consecutive days or more in an inpatient nursing facility (NF) would qualify.

Individuals must meet NF level of care criteria AND be able continue to live safely in the community with wrap around supports. \

Examples include, but are not limited to:

- Seniors and persons with disabilities who reside in the community but are at risk of being institutionalized.
- Individuals in need of increasing assistance with Activities of Daily Living (ADLs) and Instrumental Activities of Daily Living (IADLs).
- Possibly, individuals with changes to family or caregiver status.
- Possibly, individuals with medical or surgical setbacks resulting in a decrease in functional, cognitive, or psychological status.
- Possibly, individuals showing early signs of dementia with few or no natural supports.
- Possibly, individuals who are noncompliant with their prescribed medical regime.
- Possibly, individuals who are not appropriately engaged to take advantage of necessary health care services.
- Possibly, individuals who lack a family or community support system to assist in appropriate follow-up care at home.

Would not include:

- Individuals with complex needs but who are not at risk of institutionalization.

Enhanced Care Management Services:

Services include preventing skilled nursing admissions for individuals with an imminent need for nursing facility placement. For this population enhanced care management may include, but is not limited to:

- Assessment to determine natural supports available, risk factors, social determinants of health, and other factors to determine safety and feasibility of continued stay in the community. Assessments should be conducted face-to-face whenever possible.
- Connection to needed supportive services, including ILOS such as meals, environmental accessibility adaptations (home modifications), and personal care.
- Frequent follow up visits (including regular home visits), culturally and linguistically appropriate education and care coordination activities to ensure the member and family/caregiver needs are being met where they are.
- Connection to appropriate culturally and linguistically aligned community-based organizations, programs and resources that will meet the member's needs.
- Placement of wrap-around services to maintain the member in their current, community setting.
- Supporting member treatment adherence including scheduling appointments, appointment reminders, ensuring connection to public benefits, coordinating transportation, identifying barriers to adherence, and accompanying members to appointments as needed.

Nursing Facility Transition to Community

Target Population:

Individuals who are currently residing in a Nursing Facility (NF) but desire to return to living in the community. Transition from the NF to community is strictly voluntary. Individuals have the option to transition to the community when that can be done in a cost-effective manner. Individuals must be able to transition safely to the community.

Individuals must have an identified support network system and housing available to them. The support network system may consist of care providers, community-based organizations, family members, primary care physicians, home health agencies, members of the individual's medical team, licensed foster parent, or any other individual who is part of

the individual's circle of support. The individual's circle of support may consist of family members, legal representative/legally responsible adult, and any other person named by the individual.

Would not include:

- Individuals not interested in moving out of the institution.
- Individuals who are not medically appropriate to live in the community (high acuity).
- Individuals whose total projected costs outside the institution are greater than the cost of institutionalization.
- Individuals who do not have the supports to reside safely in the community.
- Individuals who would be at a high risk of re-institutionalization or experiencing homelessness.

Enhanced Care Management Services:

The care team will help individuals move safely between different care settings, such as entering or leaving a hospital or nursing facility and returning to their own home.

Services include facilitating nursing facility transition back into a homelike and community setting with the necessary wrap-around services, community supports, and natural supports when available.

Enhanced Care Manager care manager visits will occur face to face at the facility throughout the transition process. An in-person home visit will occur prior to the

individual's move to ensure the health and safety of the new residence. Post-transition individuals will then be visited in person at a determined schedule at their home or community placement.

SMI, SED and SUD Individuals at Risk for Institutionalization

Target Population:

Individuals who are at risk for institutionalization who have co-occurring chronic health conditions and:

- Serious Mental Illness (SMI, adults);
- Serious Emotional Disturbance (SED, children, and youth); or
- Substance Use Disorder (SUD).

Potential candidates include:

- Individuals who have the highest levels of complex health care needs as a result of psychiatric or SUD-related conditions with co-occurring chronic health conditions, who may also experience access to care issues and have multiple social factors influencing their health outcomes and as a result of these factors are at risk for institutionalization.
- Individuals with repeated incidents of emergency department use, psychiatric emergency services, psychiatric inpatient hospitalizations, including stays at psychiatric health facilities, or short-term skilled nursing facility stays who could be served in community-based settings with supports.

Enhanced Care Manager Services:

For individuals with SMI or SUD, or children and youth with SED, enhanced care management will coordinate across the delivery systems through which members access care. For these individuals, Medi-Cal managed care plans may pursue contracts with county behavioral health systems to perform enhanced care management activities, but this must include coordination of all available services including medical care, behavioral health and long-term services and supports. When managed care plans do not contract with county behavioral health, enhanced care management service providers for this population should have experience and competency in working with individuals with SMI and SUDs as well as a plan to adequately coordinate enhanced care management and behavioral health services and supports across the managed care plan and county behavioral health. Initial engagement may be in treatment settings such as psychiatric inpatient units, IMDs or residential settings.

For children and youth with SED, activities may include coordination in school-based settings if permitted by the schools.

Enhanced care management can be used to link individuals with a variety of services to meet their complex needs. Medi-Cal managed care plans should closely coordinate these

enhanced care management services and supports with county behavioral health to avoid duplication and ensure adequate communication and care coordination. This includes (but is not limited to):

- Provide post-hospitalization or post-residential medical treatment care planning to connect individuals with the supports they need to avoid rehospitalization including identifying appropriate culturally and linguistically appropriate community placements. These services should be provided in close coordination with county behavioral health plans when the hospitalization or residential treatment occurs due to mental illness or substance use disorder.

- Regular culturally and linguistically appropriate contact with members to ensure there are not gaps in the activities designed to avoid institutionalization or hospitalization and swiftly addressing those gaps to ensure the individual can remain in the community placement.

- Utilizing housing related ILOS to identify housing and prepare individuals for securing and/or maintaining stable housing, if needed, and connecting to other social services to address social factors that influence the individual's health outcomes.

- Supporting the members' behavioral health recovery goals with related improvements in physical and oral health and long-term services and supports.

- Connecting families, caretakers, and circles of support to resources regarding the member's conditions to assist them with providing support for the member's health/behavioral health.

- Coordinating and collaborating with various health, behavioral health, developmental disability, and social services providers including sharing data (as appropriate).

- Supporting member treatment adherence including scheduling appointments, appointment reminders, coordinating transportation, ensuring connection to public benefits, identifying barriers to adherence, and accompanying members to appointments as needed

Individuals Transitioning from Incarceration[16]

Target Population:

Individuals transitioning from incarceration, including justice-involved juveniles who have significant complex physical or behavioral health needs requiring immediate transition of services to the community. A Medi-Cal managed care plan may stratify eligibility based on populations that have multiple incarcerations, other institutionalizations and/or high utilization. Individuals must have been released from incarceration with the last 12 months.

In addition, this population includes individuals who are involved in pre- or post-booking diversion behavioral health and criminogenic treatment programs and therefore are at risk for incarceration and who could, through care coordination and service placement, have a treatment plan designed to avoid incarceration through the use of community-based care and services.

Enhanced Care Management Services:

Some individuals transitioning from incarceration have significant health and behavioral health care needs that require ongoing treatment in the community post-release. Individuals often also experience significant social factors that impact their ability to successfully manage their health/behavioral health conditions, such as lack of safe and stable housing and unemployment. Upon transition back to the community, individuals are required to coordinate a significant number of basic life needs and as a result often experience care disruptions, which result in deterioration of their conditions and increased use of emergency departments and inpatient settings. For some individuals, unmet health care needs can increase their likelihood of returning to incarceration; diversion programs are designed to address these needs and avoid incarceration.

For this target population, enhanced care management requires coordination with the state prison system and local corrections departments, including probation, courts and the local county jail system to both to identify/refer members and also to ensure connections to care once individuals are released from incarceration. Upon release, all individuals receiving ongoing behavioral health treatment (including treatment for SUD) should be referred to county behavioral health programs and managed care plans on an as needed basis. Medi-Cal managed care plans and county behavioral health programs should coordinate closely to better serve clients that receive services from both entities. Therefore, the enhanced care management care managers will need to coordinate and

[16] This target population must be included no later than 1/1/2023, except where such program already exists today through an existing WPC program, in which case this target group is mandatory as of 1/1/2022.

collaborate closely with county behavioral health departments, and potentially also with Medi-Cal managed care plans, for those individuals.

The initial enhanced care management engagement locations will depend on the collaborations that Medi-Cal managed care plans are able to build with local justice partners. At first, enhanced care management staff will begin work with individuals expected to transition from incarceration in the setting where they are incarcerated (or just outside that setting), or in criminogenic treatment programs.[17] Post-transition, enhanced care management care managers will engage individuals in the most easily accessible setting for the member. In addition to community-based engagement such as a member's home or regular provider office, this may also include parole or probation offices if the managed care plan builds partnerships that allow for engagement in those offices.

Enhanced care management can be used to link individuals transitioning from incarceration (or in diversion programs) with a variety of services to meet their complex needs. This includes (but is not limited to):

- Coordination of an initial risk assessment to evaluate medical, psychiatric, substance use and social needs for which the individual requires assistance.
- Direct connections with community providers to ensure continuity of care for their conditions (especially for medications) and to address any health care needs not treated while they were incarcerated. This will also include peer mentorship to help provide positive social support.
- Utilizing housing related ILOS to identify housing and prepare individuals for securing and/or maintaining stable housing.
- Regular contact with members to ensure there are not gaps in the activities designed to address an individual's health and social service needs, and swiftly addressing those gaps to prevent reincarceration and ensure progress towards regaining health and function continues.
- Screening and providing referrals for various health, developmental disabilities, mental health, substance use disorder and social service needs.

[17] DHCS is looking to leverage H.R. 6 SUPPORT Act to begin providing enhanced care management for individuals exiting from incarceration with known medical and behavioral health needs 30 days prior to release. enhanced care management dollars will not be able to be used to provide services directly to justice involved members prior to release

- Coordinating and collaborating with various health, behavioral health, and social services providers as well as parole/probation including sharing data (as appropriate) to facilitate better-coordinated whole person care.
- Supporting member treatment adherence including scheduling appointments, appointment reminders, coordinating transportation, ensuring connection to public benefits, identifying barriers to adherence, and accompanying members to appointments as needed.
- Helping members set and monitor health goals to maintain or improve their health.
- Providing culturally and linguistically appropriate education to families, caretakers, and circles of support regarding the member's health care needs and available supports.
- Navigating members to other reentry support providers to address unmet needs.
- Facilitating benefits reinstatement.[18]

[18] To complement these efforts, DHCS is proposing to mandate that all counties implement a county inmate pre-release Medi-Cal application process by January 1, 2023 The enhanced care management care manager would also help facilitate accessing other benefits as needed by the member.

Appendix J: In Lieu of Services Options

Following is the proposed menu of in lieu of services that would be covered under the CalAIM initiative. ILOS are optional for both the plan to offer and the beneficiary to accept. Individuals do not have to be enrolled in Enhanced Care Management to be eligible for in lieu of services. ECM target populations/ILOS Service definitions are subject to further refinement by DHCS.

Each set of services is described in detail below:

- Housing Transition Navigation Services
- Housing Deposits
- Housing Tenancy and Sustaining Services
- Short-term Post-Hospitalization Housing
- Recuperative Care (Medical Respite)
- Respite Services
- Day Habilitation Programs
- Nursing Facility Transition/Diversion to Assisted Living Facilities, such as Residential Care Facilities for Elderly (RCFE) and Adult Residential Facilities (ARF)
- Community Transition Services/Nursing Facility Transition to a Home
- Personal Care and Homemaker Services
- Environmental Accessibility Adaptations (Home Modifications)
- Meals/Medically Tailored Meals
- Sobering Centers
- Asthma Remediation

Housing Transition Navigation Services

Description/Overview

Housing transition services assist beneficiaries with obtaining housing and include:

1. Conducting a tenant screening and housing assessment that identifies the participant's preferences and barriers related to successful tenancy. The assessment may include collecting information on the participant's housing needs, potential housing transition barriers, and identification of housing retention barriers.
2. Developing an individualized housing support plan based upon the housing assessment that addresses identified barriers, includes short- and long-term measurable goals for each issue, establishes the participant's approach to meeting the goal, and identifies when other providers or services, both reimbursed and not reimbursed by Medi-Cal, may be required to meet the goal.
3. Searching for housing and presenting options.
4. Assisting in securing housing, including the completion of housing applications and securing required documentation (e.g., Social Security card, birth certificate, prior rental history).
5. Assisting with benefits advocacy, including assistance with obtaining identification and documentation for SSI eligibility and supporting the SSI application process. Such service can be subcontracted out to retain needed specialized skillset.
6. Identifying and securing available resources to assist with subsidizing rent (such as Section 8, state and local assistance programs etc.) and matching available rental subsidy resources to members.
7. If included in the housing support plan, identifying and securing resources to cover expenses, such as security deposit, moving costs, adaptive aids, environmental modifications, moving costs, and other one-time expenses. [20]
8. Assisting with requests for reasonable accommodation, if necessary.
9. Landlord education and engagement
10. Ensuring that the living environment is safe and ready for move-in.
11. Communicating and advocating on behalf of the client with landlords.

[20] Actual payment of these housing deposits and move-in expenses is a separate in-lieu service under Housing Deposits.

12. Assisting in arranging for and supporting the details of the move.
13. Establishing procedures and contacts to retain housing, including developing a housing support crisis plan that includes prevention and early intervention services when housing is jeopardized.[21]
14. Identifying, coordinating, securing, or funding non-emergency, non-medical transportation to assist members' mobility to ensure reasonable accommodations and access to housing options prior to transition and on move in day.
15. Identifying, coordinating, environmental modifications to install necessary accommodations for accessibility.

The services provided should be based on individualized assessment of needs and documented in the individualized housing support plan. Individuals may require and access only a subset of the services listed above.

The services provided should utilize best practices for clients who are experiencing homelessness and who have complex health, disability, and/or behavioral health conditions. Examples of best practices include Housing First Harm Reduction, Progressive Engagement, Motivational Interviewing, and Trauma Informed Care.

The services may involve additional coordination with other entities to ensure the individual has access to supports needed for successful tenancy such as County Health, Public Health, Substance Use, Mental Health and Social Services Departments; County and City Housing Authorities; Continuums of Care and Coordinated Entry System; local legal service programs, community-based organizations housing providers, local housing agencies and housing development agencies. For clients who will need rental subsidy support to secure permanent housing, the services will require close coordination with local Coordinated Entry Systems, homeless services authorities, public housing authorities, and other operators of local rental subsidies. Some housing assistance (including recovery residences and emergency assistance or rental subsidies for Full Service Partnership clients) is also funded by county behavioral health agencies, and Medi-Cal managed care plans and their contracted ILOS providers should expect to coordinate access to these housing resources through county behavioral health when appropriate.

Services do not include the provision of room and board or payment of rental costs. Coordination with local entities is crucial to ensure that available options for room and board or rental payments are also coordinated with housing services and supports.

Eligibility (Population Subset)

[21] The services associated with the crisis plan are a separate in-lieu service under Housing Tenancy and Sustaining Services.

Back to Agenda

Back to Item

- Individuals who are prioritized for a permanent supportive housing unit or rental subsidy resource through the local homeless Coordinated Entry System or similar system designed to use information to identify highly vulnerable individuals with disabilities and/or one or more serious chronic conditions and/or serious mental illness, institutionalization or requiring residential services as a result of a substance use disorder and/or is exiting incarceration; or
- Individuals who meet the Housing and Urban Development (HUD) definition of homeless as defined in Section 91.5 of Title 24 of the Code of Federal Regulations (including those exiting institutions but not including any limits on the number of days in the institution) and who are receiving enhanced care management, or who have one or more serious chronic conditions and/or serious mental illness and/or is at risk of institutionalization or requiring residential services as a result of a substance use disorder. For the purpose of this service, qualifying institutions include hospitals, correctional facilities, mental health residential treatment facility, substance use disorder residential treatment facility, recovery residences, Institution for Mental Disease and State Hospitals; or
- Individuals who meet the definition of an individual experiencing chronic homelessness, either as defined:
    - In W&I Code section 14127(e) as “a homeless individual with a condition limiting his or her activities of daily living who has been continuously homeless for a year or more or had at least four episodes of homelessness in the past three years.” The definition also includes “an individual who is currently residing in transitional housing, as defined in Section 50675.2 of the Health and Safety Code, or who has been residing in permanent supportive housing as defined in Section 50675.14 of the Health and Safety Code for less than two years if the individual was chronically homeless prior to his or her residence.
    - By the Department of Housing and Urban Development (HUD) in 24 CFR 91.5 (including those exiting institutions but not including any limits on the number of days in the institution) as:
        - A ‘‘homeless individual with a disability,’’ as defined in section 401(9) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11360(9)), who:
            a. Lives in a place not meant for human habitation, a safe haven, or in an emergency shelter; and
            b. Has been homeless and living as described in paragraph (1) (i) of this definition continuously for at least 12 months

Back to Agenda

Back to Item

or on at least 4 separate occasions in the last 3 years, as long as the combined occasions equal at least 12 months and each break in homelessness separating the occasions included at least 7 consecutive nights of not living as described in paragraph (1) (i). Stays in institutional care facilities will not constitute as a break in homelessness, but rather such stays are included in the 12-month total, as long as the individual was living or residing in a place not meant for human habitation, a safe haven, or an emergency shelter immediately before entering the institutional care facility; or

- An individual who has been residing in an institutional care facility, including a jail, substance use or mental health treatment facility, hospital, or other similar facility, and met all of the criteria in paragraph (1) of this definition, before entering that facility; or
- A family with an adult head of household (or if there is no adult in the family, a minor head of household) who meets all of the criteria in paragraph (1) or (2) of this definition, including a family whose composition has fluctuated while the head of household has been homeless; or

- Individuals who meet the HUD definition of at risk of homelessness as defined in Section 91.5 of Title 24 of the Code of Federal Regulations as:
    - (1) An individual or family who:
        - Has an annual income below 30 percent of median family income for the area, as determined by HUD;
        - Does not have sufficient resources or support networks, e.g., family, friends, faith-based or other social networks, immediately available to prevent them from moving to an emergency shelter or another place described in paragraph (1) of the "Homeless" definition in this section; and
            - Meets one of the following conditions:
                - Has moved because of economic reasons two or more times during the 60 days immediately preceding the application for homelessness prevention assistance;
                - Is living in the home of another because of economic hardship;
                - Has been notified in writing that their right to occupy their current housing or living situation will be

terminated within 21 days after the date of application for assistance;
- Lives in a hotel or motel and the cost of the hotel or motel stay is not paid by charitable organizations or by federal, State, or local government programs for low-income individuals;
- Lives in a single-room occupancy or efficiency apartment unit in which there reside more than two persons or lives in a larger housing unit in which there reside more than 1.5 people per room, as defined by the U.S. Census Bureau;
- Is exiting a publicly funded institution, or system of care (such as a health-care facility, a mental health facility, foster care or other youth facility, or correction program or institution); or
- Otherwise lives in housing that has characteristics associated with instability and an increased risk of homelessness, as identified in the recipient's approved consolidated plan;

  - (2) A child or youth who does not qualify as "homeless" under this section, but qualifies as "homeless" under section 387(3) of the Runaway and Homeless Youth Act (42 U.S.C. 5732a(3)), section 637(11) of the Head Start Act (42 U.S.C. 9832(11)), section 41403(6) of the Violence Against Women Act of 1994 (42 U.S.C. 14043e-2(6)), section 330(h)(5)(A) of the Public Health Service Act (42 U.S.C. 254b(h)(5)(A)), section 3(m) of the Food and Nutrition Act of 2008 (7 U.S.C. 2012(m)), or section 17(b)(15) of the Child Nutrition Act of 1966 (42 U.S.C. 1786(b)(15)); or
  - (3) A child or youth who does not qualify as "homeless" under this section, but qualifies as "homeless" under section 725(2) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a(2)), and the parent(s) or guardian(s) of that child or youth if living with her or him; or

- Individuals who are determined to be at risk of experiencing homelessness are eligible to receive Housing Transition Navigation services if they have significant barriers to housing stability and meet at least one of the following:
  - Have one or more serious chronic conditions;
  - Have a Serious Mental Illness;
  - Are at risk of institutionalization or overdose or are requiring residential services because of a substance use disorder
  - Have a Serious Emotional Disturbance (children and adolescents);
  - Are receiving Enhanced Care Management; or
  - Are a Transition-Age Youth with significant barriers to housing stability, such as one or more convictions, a history of foster care, involvement with the juvenile justice or criminal justice system, and/or have a serious mental illness and/or a child or adolescent with serious emotional disturbance and/or who have been victims of trafficking, or

Back to Agenda

Back to Item

- Individuals who meet the State's No Place Like Home definition of "at risk of chronic homelessness", which includes persons exiting institutions that were homeless prior to entering the institution and Transition-age youth with significant barriers to housing stability, including one or more convictions and history of foster care or involvement with the juvenile justice system.

Restrictions and Limitations

In lieu of services are alternative services covered under the Medi-Cal State Plan but are delivered by a different provider or in a different setting than is described in the State Plan. In lieu of services can only be covered if: 1) the State determines they are medically-appropriate and cost-effective substitutes or settings for the State Plan service, 2) beneficiaries are not required to use the in lieu of services and 3) the in lieu of services are authorized and identified in the managed care plan contracts.

Housing Transition/Navigation services must be identified as reasonable and necessary in the individual's individualized housing support plan.

Individuals may not be receiving duplicative support from other State, local tax or federally funded programs, which should always be considered first, before using Medi-Cal funding.

Licensing/Allowable Providers

Providers must have experience and expertise with providing these unique services in a culturally and linguistically appropriate manner. This list is provided as an example of the types of providers Medi-Cal managed care plans may choose to contract with, but it is not an exhaustive list of providers who may offer the services.

Providers must have demonstrated experience with providing housing-related services and supports and may include providers such as:

- Vocational services agencies;
- Providers of services for individuals experiencing homelessness;
- Life skills training and education providers;
- County agencies;
- Public hospital systems;
- Mental health or substance use disorder treatment providers, including county behavioral health agencies;
- Social services agencies;

- Affordable housing providers;
- Supportive housing providers; and
- Federally qualified health centers and rural health clinics.

Medi-Cal managed care plan network providers that have a state-level enrollment pathway must enroll in the Medi-Cal program (See Credentialing/Recredentialing and Screening/Enrollment APL 19-004) if an enrollment pathway exists, through the recognized enrollment process developed by another managed care plan, or, if applicable, through a state-level enrollment pathway established by another state department. Regardless of whether the providers are enrolled in Medi-Cal, Medi-Cal managed care plans must credential the providers as required by DHCS.

Clients who meet the eligibility requirements for Housing Transition/Navigation services should also be assessed for enhanced care management and Housing and Tenancy Support Services (if provided in their county). When enrolled in enhanced care management, in lieu of services should be managed in coordination with enhanced care management providers. When clients receive more than one of these services, the managed care plan should ensure it is coordinated by an enhanced care management provider whenever possible to minimize the number of care/case management transitions experienced by clients and to improve overall care coordination and management.[22]

If the Medi-Cal managed care plan case manager, care coordinator or housing navigator is providing the service, that individual must have demonstrated experience working with individuals experiencing homelessness or with the provision of housing-related services and supports to vulnerable populations.

State Plan Service(s) To Be Avoided

Examples of State Plan services to be avoided include but are not limited to inpatient and outpatient Hospital services, emergency department services, emergency transport services, and skilled nursing facility services.

[22] One exception to this is for benefits advocacy, which may require providers with a specialized skill set.

Housing Deposits

Description/Overview

Housing Deposits assist with identifying, coordinating, securing, or funding one-time services and modifications necessary to enable a person to establish a basic household that do not constitute room and board, such as:

1. Security deposits required to obtain a lease on an apartment or home.
2. Set-up fees/deposits for utilities or service access and utility arrearages.
3. First month coverage of utilities, including but not limited to telephone, gas, electricity, heating, and water.
4. First month's and last month's rent as required by landlord for occupancy.
5. Services necessary for the individual's health and safety, such as pest eradication and one-time cleaning prior to occupancy.
6. Goods such as an air conditioner or heater, and other medically-necessary adaptive aids and services, designed to preserve an individuals' health and safety in the home such as hospital beds, Hoyer lifts, air filters, specialized cleaning or pest control supplies etc., that are necessary to ensure access and safety for the individual upon move-in to the home.

The services provided should be based on individualized assessment of needs and documented in the individualized housing support plan. Individuals may require, and access only a subset of the services listed above.

The services provided should utilize best practices for clients who are experiencing homelessness and who have complex health, disability, and/or behavioral health conditions including Housing First, Harm Reduction, Progressive Engagement, Motivational Interviewing, and Trauma Informed Care.

Services do not include the provision of room and board or payment of ongoing rental costs beyond the first and last month's coverage as noted above.

Eligibility (Population Subset)

- Any individual who received Housing Transition/Navigation Services ILOS in counties that offer Housing Transition/Navigation Services.
- Individuals who are prioritized for a permanent supportive housing unit or rental subsidy resource through the local homeless Coordinated Entry System or similar system designed to use information to identify highly vulnerable individuals with

disabilities and/or one or more serious chronic conditions and/or serious mental illness, institutionalization or requiring residential services as a result of a substance use disorder and/or is exiting incarceration; or

- Individuals who meet the Housing and Urban Development (HUD) definition of homeless as defined in Section 91.5 of Title 24 of the Code of Federal Regulations (including those exiting institutions but not including any limits on the number of days in the institution) and who are receiving enhanced care management, or who have one or more serious chronic conditions and/or serious mental illness and/or is at risk of institutionalization or requiring residential services as a result of a substance use disorder. For the purpose of this service, qualifying institutions include hospitals, correctional facilities, mental health residential treatment facility, substance use disorder residential treatment facility, recovery residences, Institution for Mental Disease and State Hospitals; or

- Individuals who meet the definition of an individual experiencing chronic homelessness, either as defined:
    - In W&I Code section 14127(e) as “a homeless individual with a condition limiting his or her activities of daily living who has been continuously homeless for a year or more or had at least four episodes of homelessness in the past three years.” The definition also includes “an individual who is currently residing in transitional housing, as defined in Section 50675.2 of the Health and Safety Code, or who has been residing in permanent supportive housing as defined in Section 50675.14 of the Health and Safety Code for less than two years if the individual was chronically homeless prior to his or her residence.
    - By the Department of Housing and Urban Development (HUD) in 24 CFR 91.5 (including those exiting institutions but not including any limits on the number of days in the institution) as:
        - A ‘‘homeless individual with a disability,’’ as defined in section 401(9) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11360(9)), who:
            c. Lives in a place not meant for human habitation, a safe haven, or in an emergency shelter; and
            d. Has been homeless and living as described in paragraph (1) (i) of this definition continuously for at least 12 months or on at least 4 separate occasions in the last 3 years, as long as the combined occasions equal at least 12 months and each break in homelessness separating the occasions

included at least 7 consecutive nights of not living as described in paragraph (1) (i). Stays in institutional care facilities will not constitute as a break in homelessness, but rather such stays are included in the 12-month total, as long as the individual was living or residing in a place not meant for human habitation, a safe haven, or an emergency shelter immediately before entering the institutional care facility; or

- An individual who has been residing in an institutional care facility, including a jail, substance use or mental health treatment facility, hospital, or other similar facility, and met all of the criteria in paragraph (1) of this definition, before entering that facility; or
- A family with an adult head of household (or if there is no adult in the family, a minor head of household) who meets all of the criteria in paragraph (1) or (2) of this definition, including a family whose composition has fluctuated while the head of household has been homeless; or

- Individuals who meet the HUD definition of at risk of homelessness as defined in Section 91.5 of Title 24 of the Code of Federal Regulations as:
    - (1) An individual or family who:
        - Has an annual income below 30 percent of median family income for the area, as determined by HUD;
        - Does not have sufficient resources or support networks, e.g., family, friends, faith-based or other social networks, immediately available to prevent them from moving to an emergency shelter or another place described in paragraph (1) of the “Homeless” definition in this section; and
            - Meets one of the following conditions:
                - Has moved because of economic reasons two or more times during the 60 days immediately preceding the application for homelessness prevention assistance;
                - Is living in the home of another because of economic hardship;
                - Has been notified in writing that their right to occupy their current housing or living situation will be terminated within 21 days after the date of application for assistance;

Back to Agenda

Back to Item

        - Lives in a hotel or motel and the cost of the hotel or motel stay is not paid by charitable organizations or by federal, State, or local government programs for low-income individuals;
        - Lives in a single-room occupancy or efficiency apartment unit in which there reside more than two persons or lives in a larger housing unit in which there reside more than 1.5 people per room, as defined by the U.S. Census Bureau;
        - Is exiting a publicly funded institution, or system of care (such as a health-care facility, a mental health facility, foster care or other youth facility, or correction program or institution); or
        - Otherwise lives in housing that has characteristics associated with instability and an increased risk of homelessness, as identified in the recipient's approved consolidated plan;
    - (2) A child or youth who does not qualify as "homeless" under this section, but qualifies as "homeless" under section 387(3) of the Runaway and Homeless Youth Act (42 U.S.C. 5732a(3)), section 637(11) of the Head Start Act (42 U.S.C. 9832(11)), section 41403(6) of the Violence Against Women Act of 1994 (42 U.S.C. 14043e-2(6)), section 330(h)(5)(A) of the Public Health Service Act (42 U.S.C. 254b(h)(5)(A)), section 3(m) of the Food and Nutrition Act of 2008 (7 U.S.C. 2012(m)), or section 17(b)(15) of the Child Nutrition Act of 1966 (42 U.S.C. 1786(b)(15)); or
    - (3) A child or youth who does not qualify as "homeless" under this section, but qualifies as "homeless" under section 725(2) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a(2)), and the parent(s) or guardian(s) of that child or youth if living with her or him; or
- Individuals who are determined to be at risk of experiencing homelessness are eligible to receive Housing Transition Navigation services if they have significant barriers to housing stability and meet at least one of the following:
    - Have one or more serious chronic conditions;
    - Have a Serious Mental Illness;
    - Are at risk of institutionalization or overdose or are requiring residential services because of a substance use disorder
    - Have a Serious Emotional Disturbance (children and adolescents);
    - Are receiving Enhanced Care Management; or
    - Are a Transition-Age Youth with significant barriers to housing stability, such as one or more convictions, a history of foster care, involvement with the juvenile justice or criminal justice system, and/or have a serious mental illness and/or a child or adolescent with serious emotional disturbance and/or who have been victims of trafficking, or

- Individuals who meet the State's No Place Like Home definition of "at risk of chronic homelessness", which includes persons exiting institutions that were homeless prior to entering the institution and Transition-age youth with significant barriers to housing stability, including one or more convictions and history of foster care or involvement with the juvenile justice system.

Restrictions and Limitations

In lieu of services are alternative services covered under the State plan but are delivered by a different provider or in a different setting than is described in the State plan. In lieu of service can only be covered if: 1) the State determines they are medically-appropriate and a cost-effective substitutes or settings for the State plan service, 2) beneficiaries are not required to use the in lieu of service and 3) the in lieu of service is authorized and identified in the Medi-Cal managed care plan contracts.

Housing Deposits are available once in an individual's lifetime. Housing Deposits can only be approved one additional time with documentation as to what conditions have changed to demonstrate why providing Housing Deposits would be more successful on the second attempt. Plans are expected to make a good faith effort to review information available to them to determine if individual has previously received services.

These services must be identified as reasonable and necessary in the individual's individualized housing support plan and are available only when the enrollee is unable to meet such expense.

Individuals must also receive Housing Transition/Navigation services (at a minimum, the associated tenant screening, housing assessment and individualized housing support plan) in conjunction with this service.

Individuals may not be receiving duplicative support from other State, local or federally funded programs, which should always be considered first, before using Medi-Cal funding.

Licensing and Allowable Providers

Providers must have experience and expertise with providing these unique services in a culturally and linguistically appropriate manner. This list is provided as an example of the types of providers Medi-Cal managed care plans may choose to contract with, but it is not an exhaustive list of providers who may offer the services.

The entity that is coordinating an individual's Housing Transition Navigation Services, or the Medi-Cal managed care plan case manager, care coordinator or housing navigator may coordinate these services and pay for them directly (e.g., to the landlord, utility company, pest control company, etc.) or subcontract the services.

Providers must have demonstrated or verifiable experience and expertise with providing these unique services.

Medi-cal managed care plan network providers that have a state-level enrollment pathway must enroll in the Medi-Cal program. If there is no state-level enrollment pathway, managed care plans must enroll providers through their own established enrollment process, through the recognized enrollment process developed by another managed care plan, or, if applicable, through a state-level enrollment pathway established by another state department. Regardless of whether the providers are enrolled in Medi-Cal, managed care plans must credential the providers as required by DHCS.

State Plan Service(s) To Be Avoided

Examples of State Plan services to be avoided include but are not limited to inpatient and outpatient hospital services, emergency department services, emergency transport services, skilled nursing facility services.

Housing Tenancy and Sustaining Services

Description/Overview

This service provides tenancy and sustaining services, with a goal of maintaining safe and stable tenancy once housing is secured.

Services include:

1. Providing early identification and intervention for behaviors that may jeopardize housing, such as late rental payment, hoarding, substance use, and other lease violations.
2. Education and training on the role, rights and responsibilities of the tenant and landlord.
3. Coaching on developing and maintaining key relationships with landlords/property managers with a goal of fostering successful tenancy.
4. Coordination with the landlord and case management provider to address identified issues that could impact housing stability.
5. Assistance in resolving disputes with landlords and/or neighbors to reduce risk of eviction or other adverse action including developing a repayment plan or identifying funding in situations in which the client owes back rent or payment for damage to the unit.
6. Advocacy and linkage with community resources to prevent eviction when housing is or may potentially become jeopardized.
7. Assisting with benefits advocacy, including assistance with obtaining identification and documentation for SSI eligibility and supporting the SSI application process. Such service can be subcontracted out to retain needed specialized skillset.
8. Assistance with the annual housing recertification process.
9. Coordinating with the tenant to review, update and modify their housing support and crisis plan on a regular basis to reflect current needs and address existing or recurring housing retention barriers.
10. Continuing assistance with lease compliance, including ongoing support with activities related to household management.
11. Health and safety visits, including unit habitability inspections.
12. Other prevention and early intervention services identified in the crisis plan that are activated when housing is jeopardized (e.g., assisting with reasonable accommodation requests that were not initially required upon move-in).

13. Providing independent living and life skills including assistance with and training on budgeting, including financial literacy and connection to community resources.

The services provided should be based on individualized assessment of needs and documented in the individualized housing support plan. Individuals may require and access only a subset of the services listed above.

The services provided should utilize best practices for clients who are experiencing homelessness and who have complex health, disability, and/or behavioral health conditions including Housing First, Harm Reduction, Progressive Engagement, Motivational Interviewing, and Trauma Informed Care.

The services may involve coordination with other entities to ensure the individual has access to supports needed to maintain successful tenancy.

Services do not include the provision of room and board or payment of rental costs. Please see housing deposits ILOS.

Eligibility (Population Subset)

- Any individual who received Housing Transition/Navigation Services ILOS in counties that offer Housing Transition/Navigation Services.
- Individuals who are prioritized for a permanent supportive housing unit or rental subsidy resource through the local homeless Coordinated Entry System or similar system designed to use information to identify highly vulnerable individuals with disabilities and/or one or more serious chronic conditions and/or serious mental illness, institutionalization or requiring residential services as a result of a substance use disorder and/or is exiting incarceration; or
- Individuals who meet the Housing and Urban Development (HUD) definition of homeless as defined in Section 91.5 of Title 24 of the Code of Federal Regulations (including those exiting institutions but not including any limits on the number of days in the institution) and who are receiving enhanced care management, or who have one or more serious chronic conditions and/or serious mental illness and/or is at risk of institutionalization or requiring residential services as a result of a substance use disorder. For the purpose of this service, qualifying institutions include hospitals, correctional facilities, mental health residential treatment facility, substance use disorder residential treatment facility, recovery residences, Institution for Mental Disease and State Hospitals; or
- Individuals who meet the definition of an individual experiencing chronic homelessness, either as defined:

- In W&I Code section 14127(e) as "a homeless individual with a condition limiting his or her activities of daily living who has been continuously homeless for a year or more or had at least four episodes of homelessness in the past three years." The definition also includes "an individual who is currently residing in transitional housing, as defined in Section 50675.2 of the Health and Safety Code, or who has been residing in permanent supportive housing as defined in Section 50675.14 of the Health and Safety Code for less than two years if the individual was chronically homeless prior to his or her residence.
- By the Department of Housing and Urban Development (HUD) in 24 CFR 91.5 (including those exiting institutions but not including any limits on the number of days in the institution) as:
    - A ''homeless individual with a disability,'' as defined in section 401(9) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11360(9)), who:
        e. Lives in a place not meant for human habitation, a safe haven, or in an emergency shelter; and
        f. Has been homeless and living as described in paragraph (1) (i) of this definition continuously for at least 12 months or on at least 4 separate occasions in the last 3 years, as long as the combined occasions equal at least 12 months and each break in homelessness separating the occasions included at least 7 consecutive nights of not living as described in paragraph (1) (i). Stays in institutional care facilities will not constitute as a break in homelessness, but rather such stays are included in the 12-month total, as long as the individual was living or residing in a place not meant for human habitation, a safe haven, or an emergency shelter immediately before entering the institutional care facility; or
    - An individual who has been residing in an institutional care facility, including a jail, substance use or mental health treatment facility, hospital, or other similar facility, and met all of the criteria in paragraph (1) of this definition, before entering that facility; or
    - A family with an adult head of household (or if there is no adult in the family, a minor head of household) who meets all of the criteria in paragraph (1) or (2) of this definition, including a family whose

composition has fluctuated while the head of household has been homeless; or

- Individuals who meet the HUD definition of at risk of homelessness as defined in Section 91.5 of Title 24 of the Code of Federal Regulations as:
    - (1) An individual or family who:
        - Has an annual income below 30 percent of median family income for the area, as determined by HUD;
        - Does not have sufficient resources or support networks, e.g., family, friends, faith-based or other social networks, immediately available to prevent them from moving to an emergency shelter or another place described in paragraph (1) of the "Homeless" definition in this section; and
            - Meets one of the following conditions:
                - Has moved because of economic reasons two or more times during the 60 days immediately preceding the application for homelessness prevention assistance;
                - Is living in the home of another because of economic hardship;
                - Has been notified in writing that their right to occupy their current housing or living situation will be terminated within 21 days after the date of application for assistance;
        - Lives in a hotel or motel and the cost of the hotel or motel stay is not paid by charitable organizations or by federal, State, or local government programs for low-income individuals;
        - Lives in a single-room occupancy or efficiency apartment unit in which there reside more than two persons or lives in a larger housing unit in which there reside more than 1.5 people per room, as defined by the U.S. Census Bureau;
        - Is exiting a publicly funded institution, or system of care (such as a health-care facility, a mental health facility, foster care or other youth facility, or correction program or institution); or
        - Otherwise lives in housing that has characteristics associated with instability and an increased risk of homelessness, as identified in the recipient's approved consolidated plan;
    - (2) A child or youth who does not qualify as "homeless" under this section, but qualifies as "homeless" under section 387(3) of the Runaway and Homeless Youth Act (42 U.S.C. 5732a(3)), section 637(11) of the Head Start Act (42 U.S.C. 9832(11)), section 41403(6) of the Violence Against Women Act of 1994 (42 U.S.C. 14043e-2(6)), section 330(h)(5)(A) of the Public Health Service Act (42 U.S.C.

Back to Agenda

Back to Item

254b(h)(5)(A)), section 3(m) of the Food and Nutrition Act of 2008 (7 U.S.C. 2012(m)), or section 17(b)(15) of the Child Nutrition Act of 1966 (42 U.S.C. 1786(b)(15)); or

- (3) A child or youth who does not qualify as "homeless" under this section, but qualifies as "homeless" under section 725(2) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a(2)), and the parent(s) or guardian(s) of that child or youth if living with her or him; or

- Individuals who are determined to be at risk of experiencing homelessness are eligible to receive Housing Transition Navigation services if they have significant barriers to housing stability and meet at least one of the following:
  - Have one or more serious chronic conditions;
  - Have a Serious Mental Illness;
  - Are at risk of institutionalization or overdose or are requiring residential services because of a substance use disorder
  - Have a Serious Emotional Disturbance (children and adolescents);
  - Are receiving Enhanced Care Management; or
  - Are a Transition-Age Youth with significant barriers to housing stability, such as one or more convictions, a history of foster care, involvement with the juvenile justice or criminal justice system, and/or have a serious mental illness and/or a child or adolescent with serious emotional disturbance and/or who have been victims of trafficking, or

- Individuals who meet the State's No Place Like Home definition of "at risk of chronic homelessness", which includes persons exiting institutions that were homeless prior to entering the institution and Transition-age youth with significant barriers to housing stability, including one or more convictions and history of foster care or involvement with the juvenile justice system.

Restrictions/Limitations

In lieu of services are alternative services covered under the State Plan but are delivered by a different provider or in a different setting than is described in the State Plan. In lieu of services can only be covered if: 1) the State determines they are medically appropriate and cost-effective substitutes or settings for the State Plan service 2) beneficiaries are not required to use the in lieu of services, and 3) the in lieu of services is authorized and identified in the Medi-Cal managed care plan contracts.

These services are available from the initiation of services through the time when the individual's housing support plan determines they are no longer needed. They are only available for a single duration in the individual's lifetime. Housing Tenancy and Sustaining Services can only be approved one additional time with documentation as to what

conditions have changed to demonstrate why providing Housing Tenancy and Sustaining Services would be more successful on the second attempt. Plans are expected to make a good faith effort to review information available to them to determine if individual has previously received services.

These services must be identified as reasonable and necessary in the individual's individualized housing support plan and are available only when the enrollee is unable to successfully maintain longer-term housing without such assistance.

Many individuals will have also received Housing Transition/Navigation services (at a minimum, the associated tenant screening, housing assessment and individualized housing support plan) in conjunction with this service but it is not a requirement.

Individuals may not be receiving duplicative support from other State, local or federally funded programs, which should always be considered first, before using Medi-Cal funding.

Licensing/Allowable Providers

Providers must have experience and expertise with providing these unique services in a culturally and linguistically appropriate manner. This list is provided as an example of the types of providers Medi-Cal managed care plans may choose to contract with, but it is not an exhaustive list of providers who may offer the services.

Providers must have demonstrated or verifiable experience or expertise with providing housing-related services and supports and may include providers such as:

- Vocational services agencies
- Providers of services for individuals experiencing homelessness
- Life skills training and education providers
- County agencies
- Public hospital systems
- Mental health or substance use disorder treatment providers, including county behavioral health agencies
- Supportive housing providers
- Federally qualified health centers and rural health clinics

Medi-cal managed care plan network providers that have a state-level enrollment pathway must enroll in the Medi-Cal program. If there is no state-level enrollment pathway, managed care plans must enroll providers through their own established

enrollment process, through the recognized enrollment process developed by another managed care plan, or, if applicable, through a state-level enrollment pathway established by another state department. Regardless of whether the providers are enrolled in Medi-Cal, managed care plans must credential the providers as required by DHCS.

If the Medi-Cal managed care plan case manager, care coordinator or housing navigator is providing the service, that individual must have demonstrated experiencing working with individuals experiencing homelessness or with the provision of housing-related services and supports to vulnerable populations. Medi-Cal managed care plans should coordinate with county homelessness entities to provide these services.

Clients who meet the eligibility requirements for Housing and Tenancy Support Services should also be assessed for enhanced care management and may have received Housing Transition/Navigation services (if provided in their county). When enrolled in enhanced care management, in lieu of services should be managed in coordination with enhanced care management providers. When clients receive more than one of these services, the managed care plan should ensure it is coordinated by an enhanced care management provider whenever possible to minimize the number of care/case management transitions experienced by clients and to improve overall care coordination and management.

State Plan Service(s) To Be Avoided

Examples of State Plan services to be avoided include but are not limited to inpatient and outpatient hospital services, emergency department services, emergency transport services, skilled nursing facility services.

Short-term Post-Hospitalization Housing

Description/Overview

Short-Term Post-Hospitalization housing provides beneficiaries who do not have a residence and who have high medical or behavioral health needs with the opportunity to continue their medical/psychiatric/substance use disorder recovery immediately after exiting an inpatient hospital (either acute or psychiatric or Chemical Dependency and Recovery hospital), residential substance use disorder treatment or recovery facility, residential mental health treatment facility, correctional facility, nursing facility, or recuperative care.[23]

This setting provides individuals with ongoing supports necessary for recuperation and recovery such as gaining (or regaining) the ability to perform activities of daily living, receiving necessary medical/psychiatric/substance use disorder care, case management and beginning to access other housing supports such as Housing Transition Navigation.[24]

This setting may include an individual or shared interim housing setting, where residents receive the services described above.

Beneficiaries must be offered Housing Transition Navigation supports during the period of Short-Term Post-Hospitalization housing to prepare them for transition from this setting. These services should include a housing assessment and the development of individualized housing support plan to identify preferences and barriers related to successful housing tenancy after Short-Term Post-Hospitalization housing.[25]

The services provided should utilize best practices for clients who are experiencing homelessness and who have complex health, disability, and/or behavioral health conditions including Housing First, Harm Reduction, Progressive Engagement, Motivational Interviewing, and Trauma Informed Care.

Eligibility (Population Subset)

- Individuals exiting recuperative care.
- Individuals exiting an inpatient hospital stay (either acute or psychiatric or Chemical Dependency and Recovery hospital), residential substance use disorder

[23] Up to 90 days of recuperative care is available under specified circumstances as a separate in-lieu service.
[24] Housing Transition/Navigation is a separate in-lieu service.
[25] The development of a housing assessment and individualized support plan are covered as a separate in-lieu service under Housing Transition/Navigation Services.

treatment or recovery facility, residential mental health treatment facility, correctional facility, or nursing facility and who meet any of the following criteria:

- Individuals who meet the Housing and Urban Development (HUD) definition of homeless as defined in Section 91.5 of Title 24 of the Code of Federal Regulations (including those exiting institutions but not including any limits on the number of days in the institution) and who are receiving enhanced care management, or who have one or more serious chronic conditions and/or serious mental illness and/or is at risk of institutionalization or requiring residential services as a result of a substance use disorder. For the purpose of this service, qualifying institutions include hospitals, correctional facilities, mental health residential treatment facility, substance use disorder residential treatment facility, recovery residences, Institution for Mental Disease and State Hospitals; or

- Individuals who meet the definition of an individual experiencing chronic homelessness, either as defined:
    - In W&I Code section 14127(e) as "a homeless individual with a condition limiting his or her activities of daily living who has been continuously homeless for a year or more or had at least four episodes of homelessness in the past three years." The definition also includes "an individual who is currently residing in transitional housing, as defined in Section 50675.2 of the Health and Safety Code, or who has been residing in permanent supportive housing as defined in Section 50675.14 of the Health and Safety Code for less than two years if the individual was chronically homeless prior to his or her residence.
    - By the Department of Housing and Urban Development (HUD) in 24 CFR 91.5 (including those exiting institutions but not including any limits on the number of days in the institution) as:
        - A ''homeless individual with a disability,'' as defined in section 401(9) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11360(9)), who:
            g. Lives in a place not meant for human habitation, a safe haven, or in an emergency shelter; and

            h. Has been homeless and living as described in paragraph (1) (i) of this definition continuously for at least 12 months or on at least 4 separate occasions in the last 3 years, as long as the combined occasions equal at least 12 months and each break in homelessness separating the occasions included at least 7 consecutive nights of not living as

Back to Agenda

Back to Item

described in paragraph (1) (i). Stays in institutional care facilities will not constitute as a break in homelessness, but rather such stays are included in the 12-month total, as long as the individual was living or residing in a place not meant for human habitation, a safe haven, or an emergency shelter immediately before entering the institutional care facility; or

- An individual who has been residing in an institutional care facility, including a jail, substance use or mental health treatment facility, hospital, or other similar facility, and met all of the criteria in paragraph (1) of this definition, before entering that facility; or
- A family with an adult head of household (or if there is no adult in the family, a minor head of household) who meets all of the criteria in paragraph (1) or (2) of this definition, including a family whose composition has fluctuated while the head of household has been homeless; or

- Individuals who meet the HUD definition of at risk of homelessness as defined in Section 91.5 of Title 24 of the Code of Federal Regulations as:
    - (1) An individual or family who:
        - Has an annual income below 30 percent of median family income for the area, as determined by HUD;
        - Does not have sufficient resources or support networks, e.g., family, friends, faith-based or other social networks, immediately available to prevent them from moving to an emergency shelter or another place described in paragraph (1) of the “Homeless” definition in this section; and
            - Meets one of the following conditions:
                - Has moved because of economic reasons two or more times during the 60 days immediately preceding the application for homelessness prevention assistance;
                - Is living in the home of another because of economic hardship;
                - Has been notified in writing that their right to occupy their current housing or living situation will be terminated within 21 days after the date of application for assistance;
        - Lives in a hotel or motel and the cost of the hotel or motel stay is not paid by charitable organizations or by federal, State, or local government programs for low-income individuals;

        - Lives in a single-room occupancy or efficiency apartment unit in which there reside more than two persons or lives in a larger housing unit in which there reside more than 1.5 people per room, as defined by the U.S. Census Bureau;
        - Is exiting a publicly funded institution, or system of care (such as a health-care facility, a mental health facility, foster care or other youth facility, or correction program or institution); or
        - Otherwise lives in housing that has characteristics associated with instability and an increased risk of homelessness, as identified in the recipient's approved consolidated plan;
    - (2) A child or youth who does not qualify as "homeless" under this section, but qualifies as "homeless" under section 387(3) of the Runaway and Homeless Youth Act (42 U.S.C. 5732a(3)), section 637(11) of the Head Start Act (42 U.S.C. 9832(11)), section 41403(6) of the Violence Against Women Act of 1994 (42 U.S.C. 14043e-2(6)), section 330(h)(5)(A) of the Public Health Service Act (42 U.S.C. 254b(h)(5)(A)), section 3(m) of the Food and Nutrition Act of 2008 (7 U.S.C. 2012(m)), or section 17(b)(15) of the Child Nutrition Act of 1966 (42 U.S.C. 1786(b)(15)); or
    - (3) A child or youth who does not qualify as "homeless" under this section, but qualifies as "homeless" under section 725(2) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a(2)), and the parent(s) or guardian(s) of that child or youth if living with her or him; or
- Individuals who are determined to be at risk of experiencing homelessness are eligible to receive Housing Transition Navigation services if they have significant barriers to housing stability and meet at least one of the following:
    - Have one or more serious chronic conditions;
    - Have a Serious Mental Illness;
    - Are at risk of institutionalization or overdose or are requiring residential services because of a substance use disorder
    - Have a Serious Emotional Disturbance (children and adolescents);
    - Are receiving Enhanced Care Management; or
    - Are a Transition-Age Youth with significant barriers to housing stability, such as one or more convictions, a history of foster care, involvement with the juvenile justice or criminal justice system, and/or have a serious mental illness and/or a child or adolescent with serious emotional disturbance and/or who have been victims of trafficking, or
- Individuals who meet the State's No Place Like Home definition of "at risk of chronic homelessness", which includes persons exiting institutions that were homeless prior to entering the institution and Transition-age youth with significant

barriers to housing stability, including one or more convictions and history of foster care or involvement with the juvenile justice system.

In addition to meeting one of these criteria at a minimum, individuals must have medical/behavioral health needs such that experiencing homelessness upon discharge from the hospital, substance use or mental health treatment facility, correctional facility, nursing facility, or recuperative care would likely result in hospitalization, re-hospitalization, or institutional readmission.

Restrictions/Limitations

In lieu of services are alternative services covered under the State Plan but are delivered by a different provider or in a different setting than is described in the State Plan. In lieu of services can only be covered if: 1) the State determines they are medically-appropriate and cost-effective substitutes or settings for the State plan service, 2) beneficiaries are not required to use the in lieu of services and 3) the in lieu of services is authorized and identified in the Medi-Cal managed care plan contracts.

Short-Term Post-Hospitalization services are available once in an individual's lifetime and are limited and are not to exceed a duration of six (6) months per episode (but may be authorized for a shorter period based on individual needs). Plans are expected to make a good faith effort to review information available to them to determine if individual has previously received services.

The service is only available if enrollee is unable to meet such an expense.

Individuals may not be receiving duplicative support from other State, local or federally funded programs, which should always be considered first, before using Medi-Cal funding.

Licensing/Allowable Providers

Providers must have experience and expertise with providing these unique services. The below list is provided as an example of the types of providers Medi-Cal managed care plans may choose to contract with but is not an exhaustive list of providers who may offer the services.

- Interim housing facilities with additional on-site support
- Shelter beds with additional on-site support
- Converted homes with additional on-site support
- County directly operated or contracted recuperative care facilities
- Supportive Housing providers
- County agencies
- Public Hospital Systems

- Social service agencies
- Providers of services for individuals experiencing homelessness

Facilities may be unlicensed. Medi-Cal managed care plans must apply minimum standards to ensure adequate experience and acceptable quality of care standards are maintained. Managed care plans can adopt or adapt local or national standards for short-term post-hospitalization housing. Medi-Cal managed care plans shall monitor the provision of all the services included above.

Managed care plan network providers that have a state-level enrollment pathway must enroll in the Medi-Cal program. If there is no state-level enrollment pathway, managed care plans must enroll providers through their own established enrollment process, through the recognized enrollment process developed by another managed care plan, or, if applicable, through a state-level enrollment pathway established by another state department. Regardless of whether the providers are enrolled in Medi-Cal, managed care plans must credential the providers as required by DHCS.

State Plan Service(s) To Be Avoided

Examples of State Plan services to be avoided include but are not limited to inpatient and outpatient hospital services, emergency department services, emergency transport services, skilled nursing facility services.

Recuperative Care (Medical Respite)

Description/Overview

Recuperative care, also referred to as medical respite care, is short-term residential care for individuals who no longer require hospitalization, but still need to heal from an injury or illness (including behavioral health conditions) and whose condition would be exacerbated by an unstable living environment. It allows individuals to continue their recovery and receive post-discharge treatment while obtaining access to primary care, behavioral health services, case management and other supportive social services, such as transportation, food, and housing.

At a minimum, the service will include interim housing with a bed and meals and ongoing monitoring of the individual's ongoing medical or behavioral health condition (e.g., monitoring of vital signs, assessments, wound care, medication monitoring). Based on individual needs, the service may also include:

1. Limited or short-term assistance with Instrumental Activities of Daily Living &/or ADLs
2. Coordination of transportation to post-discharge appointments
3. Connection to any other on-going services an individual may require including mental health and substance use disorder services
4. Support in accessing benefits and housing
5. Gaining stability with case management relationships and programs

Recuperative care is primarily used for those individuals who are experiencing homelessness or those with unstable living situations who are too ill or frail to recover from an illness (physical or behavioral health) or injury in their usual living environment; but are not otherwise ill enough to be in a hospital.

The services provided to an individual while in recuperative care should not replace or be duplicative of the services provided to members utilizing the enhanced care management program. Recuperative Care may be utilized in conjunction with other housing in lieu of services. Whenever possible, other housing in lieu of services should be provided to members onsite in the recuperative care facility. When enrolled in enhanced care management, in lieu of services should be managed in coordination with enhanced care management providers.

The services provided should utilize best practices for clients who are experiencing homelessness and who have complex health, disability, and/or behavioral health

conditions including Housing First, Harm Reduction, Progressive Engagement, Motivational Interviewing, and Trauma Informed Care.

Eligibility (Population Subset)

- Individuals who are at risk of hospitalization or are post-hospitalization, and
- Individuals who live alone with no formal supports; or
- Individuals who face housing insecurity or have housing that would jeopardize their health and safety without modification. [26]

Restrictions/Limitations

In lieu of services are alternative services covered under the State Plan but are delivered by a different provider or in a different setting than is described in the State Plan. In lieu of services can only be covered if: 1) the State determines they are medically-appropriate and a cost-effective substitutes or setting for the State plan service, 2) beneficiaries are not required to use the in lieu of services and 3) the in lieu of services is authorized and identified in the Medi-Cal managed care plan contracts.

Recuperative care/medical respite is an allowable in lieu of services service if it is 1) necessary to achieve or maintain medical stability and prevent hospital admission or re-admission, which may require behavioral health interventions, 2) not more than 90 days in continuous duration, and 3) does not include funding for building modification or building rehabilitation.

Individuals may not be receiving duplicative support from other State, local or federally funded programs, which should always be considered first, before using Medi-Cal funding.

Licensing/Allowable Providers

Providers must have experience and expertise with providing these unique services. This list is provided as an example of the types of providers Medi-Cal managed care plans may choose to contract with, but it is not an exhaustive list of providers who may offer the services.

- Interim housing facilities with additional on-site support
- Shelter beds with additional on-site support
- Converted homes with additional on-site support

[26] For this population, the service could be coordinated with home modifications (which are covered as a separate in lieu service) and serve as a temporary placement until the individual can safely return home

- County directly operated or contracted recuperative care facilities

Facilities are unlicensed. Medi-Cal managed care plans must apply minimum standards to ensure adequate experience and acceptable quality of care standards are maintained. Managed care plans can adopt or adapt local or national standards for recuperative care or interim housing. Managed care plans shall monitor the provision of all the services included above.

Managed care plan network providers that have a state-level enrollment pathway must enroll in the Medi-Cal program. If there is no state-level enrollment pathway, managed care plans must enroll providers through their own established enrollment process, through the recognized enrollment process developed by another managed care plan, or, if applicable, through a state-level enrollment pathway established by another state department. Regardless of whether the providers are enrolled in Medi-Cal, managed care plan must credential the providers as required by DHCS.

State Plan Service(s) to Be Avoided

Examples of State Plan services to be avoided include but are not limited to inpatient and outpatient hospital services, skilled nursing facility, and emergency department services.

Respite Services

Description/Overview

Respite services are provided to caregivers of participants who require intermittent temporary supervision. The services are provided on a short-term basis because of the absence or need for relief of those persons who normally care for and/or supervise them and are non-medical in nature. This service is distinct from medical respite/recuperative care and is rest for the caregiver only.

Respite services can include any of the following:

1. Services provided by the hour on an episodic basis because of the absence of or need for relief for those persons normally providing the care to individuals.
2. Services provided by the day/overnight on a short-term basis because of the absence of or need for relief for those persons normally providing the care to individuals.
3. Services that attend to the participant's basic self-help needs and other activities of daily living, including interaction, socialization and continuation of usual daily routines that would ordinarily be performed by those persons who normally care for and/or supervise them.

The Home Respite services are provided to the participant in his or her own home or another location being used as the home.

The Facility Respite services are provided in an approved out-of-home location.

Respite should be made available when it is useful and necessary to maintain a person in their own home and to preempt caregiver burnout to avoid institutional services for which the Medi-Cal managed care plan is responsible.

Eligibility (Population Subset)

Individuals who live in the community and are compromised in their Activities of Daily Living (ADLs) and are therefore dependent upon a qualified caregiver who provides most of their support, and who require caregiver relief to avoid institutional placement.

Other subsets may include children who previously were covered for Respite Services under the Pediatrics Palliative Care Waiver, foster care program beneficiaries, beneficiaries enrolled in California Children's Services, and Genetically Handicapped Persons Program (GHPP), and Clients with Complex Care Needs.

Restrictions/Limitations

In lieu of services are alternative services covered under the State Plan but are delivered by a different provider or in a different setting than is described in the State Plan. In lieu of service can only be covered if: 1) the State determines they are medically-appropriate and a cost-effective substitutes or settings for the State plan service, 2) beneficiaries are not required to use the in lieu of service and 3) the in lieu of service is authorized and identified in the Medi-Cal managed care plan contracts.

In the home setting, these services, in combination with any direct care services the member is receiving, may not exceed 24 hours per day of care.

Service limit is up to 336 hours per calendar year. The service is inclusive of all in-home and in-facility services. Exceptions to the 336 hour per calendar year limit can be made, with Medi-Cal managed care plan authorization, when the caregiver experiences an episode, including medical treatment and hospitalization that leaves a Medicaid member without their caregiver. Respite support provided during these episodes can be excluded from the 336-hour annual limit.

This service is only to avoid placements for which the Medi-Cal managed care plan would be responsible.

Individuals may not be receiving duplicative support from other State, local or federally funded programs, which should always be considered first, before using Medi-Cal funding.

Licensing/Allowable Providers

Providers must have experience and expertise with providing these unique services. This list is provided as an example of the types of providers Medi-Cal managed care plans may choose to contract with, but it is not an exhaustive list of providers who may offer the services.

- Home health or respite agencies to provide services in:
  - Private residence
  - Residential facility approved by the State, such as, Congregate Living Health Facilities (CLHFs)
  - Providers contracted by county behavioral health

Other community settings that are not a private residence, such as:

- Adult Family Home/Family Teaching Home
- Certified Family Homes for Children

- Residential Care Facility for the Elderly (RCFE)
- Child Day Care Facility; Child Day Care Center; Family Child Care Home
- Respite Facility; Residential Facility: Small Family Homes (Children Only)
- Respite Facility; Residential Facility: Foster Family Agency (FFA)-Certified Family Homes (Children Only)
- Respite Facility; Residential Facility: Adult Residential Facilities (ARF)
- Respite Facility; Residential Facility: Group Homes (Children Only)
- Respite Facility; Residential Facility: Family Home Agency (FHA): Adult Family Home (AFH)/Family Teaching Home (FTH)
- Respite Facility; Residential Facility: Adult Residential Facility for Persons with Special Health Care Needs
- Respite Facility; Residential Facility: Foster Family Homes (FFHs) (Children Only)

Medi-cal managed care plan network providers that have a state-level enrollment pathway must enroll in the Medi-Cal program. If there is no state-level enrollment pathway, managed care plans must enroll providers through their own established enrollment process, through the recognized enrollment process developed by another managed care plan, or, if applicable, through a state-level enrollment pathway established by another state department. Regardless of whether the providers are enrolled in Medi-Cal, managed care plans must credential the providers as required by DHCS.

State Plan Service(s) to Be Avoided

Examples of State Plan services to be avoided include but are not limited to inpatient and outpatient hospital services, emergency department services, and skilled nursing or other institutional care.

Day Habilitation Programs

Description/Overview

Day Habilitation Programs are provided in a participant's home or an out-of-home, non-facility setting. The programs are designed to assist the participant in acquiring, retaining, and improving self-help, socialization, and adaptive skills necessary to reside successfully in the person's natural environment. The services are often considered as peer mentoring when provided by an unlicensed caregiver with the necessary training and supervision. For individuals experiencing homelessness who are receiving enhanced care management or other in lieu of services, the day habilitation program can provide a physical location for participants to meet with and engage with these providers. When possible, these services should be provided by the same entity to minimize the number of care/case management transitions experienced by clients and to improve overall care coordination and management.

Day habilitation program services include, but are not limited to, training on:

1. The use of public transportation;
2. Personal skills development in conflict resolution;
3. Community participation;
4. Developing and maintaining interpersonal relationships;
5. Daily living skills (cooking, cleaning, shopping, money management); and,
6. Community resource awareness such as police, fire, or local services to support independence in the community.

Programs may include assistance with, but not limited to:

1. Selecting and moving into a home; [27]
2. Locating and choosing suitable housemates;
3. Locating household furnishings;
4. Settling disputes with landlords; [28]
5. Managing personal financial affairs;

[27] Refer to the Housing Transition/Navigation Services In Lieu of Services
[28] Refer to the Housing- Tenancy and Sustaining Services In Lieu of Services

6. Recruiting, screening, hiring, training, supervising, and dismissing personal attendants;
7. Dealing with and responding appropriately to governmental agencies and personnel;
8. Asserting civil and statutory rights through self-advocacy;
9. Building and maintaining interpersonal relationships, including a circle of support;
10. Coordination with Medi-Cal managed care plan to link participant to any in lieu of services and/or enhanced care management services for which the client may be eligible;
11. Referral to non-in lieu of services housing resources if participant does not meet Housing Transition/Navigation Services in lieu of services eligibility criteria;
12. Assistance with income and benefits advocacy including General Assistance/General Relief and SSI if client is not receiving these services through in lieu of services or enhanced care management; and
13. Coordination with Medi-Cal managed care plan to link participant to health care, mental health services, and substance use disorder services based on the individual needs of the participant for participants who are not receiving this linkage through in lieu of services or enhanced care management.

The services provided should utilize best practices for clients who are experiencing homelessness or formerly experienced homelessness including Housing First, Harm Reduction, Progressive Engagement, Motivational Interviewing, and Trauma Informed Care.

Eligibility (Population Subset)

Individuals who are experiencing homelessness, individuals who exited homelessness and entered housing in the last 24 months, and individuals at risk of homelessness or institutionalization whose housing stability could be improved through participation in a day habilitation program.

Restrictions/Limitations

In lieu of services are alternative services covered under the State Plan but are delivered by a different provider or in a different setting than is described in the State Plan. In lieu of services can only be covered if: 1) the State determines they are medically-appropriate and a cost-effective substitutes or settings for the State plan service, 2) beneficiaries are not required to use the in lieu of services and 3) the in lieu of services is authorized and identified in the Medi-Cal managed care plan contracts.

Individuals may not be receiving duplicative support from other State, local or federally funded programs, which should always be considered first, before using Medi-Cal funding.

Licensing/Allowable Providers

Providers must have experience and expertise with providing these unique services. This list is provided as an example of the types of providers Medi-Cal managed care plans may choose to contract with, but it is not an exhaustive list of providers who may offer the services.

- Mental health or substance use disorder treatment providers, including county behavioral health agencies
- Licensed Psychologists
- Licensed Certified Social Workers
- Registered Nurses
- Home Health Agencies
- Professional Fiduciary
- Vocational Skills Agencies

Medi-Cal managed care network providers that have a state-level enrollment pathway must enroll in the Medi-Cal program. If there is no state-level enrollment pathway, managed care plans must enroll providers through their own established enrollment process, through the recognized enrollment process developed by another managed care plan, or, if applicable, through a state-level enrollment pathway established by another state department. Regardless of whether the providers are enrolled in Medi-Cal, managed care plans must credential the providers as required by DHCS.

State Plan Service(s) to Be Avoided

Examples of State Plan services to be avoided include but are not limited to: Inpatient and outpatient hospital services, skilled nursing facility, emergency department services.

Nursing Facility Transition/Diversion to Assisted Living Facilities, such as Residential Care Facilities for Elderly and Adult Residential Facilities

DESCRIPTION/OVERVIEW

Nursing Facility Transition/Diversion services assist individuals to live in the community and/or avoid institutionalization when possible.

The goal is to both facilitate nursing facility transition back into a home-like, community setting and/or prevent skilled nursing admissions for beneficiaries with an imminent need for nursing facility level of care (LOC). Individuals have a choice of residing in an assisted living setting as an alternative to long-term placement in a nursing facility when they meet eligibility requirements.

The assisted living provider is responsible for meeting the needs of the participant, including Activities of Daily Living (ADLs), Instrumental ADLs (IADLs), meals, transportation, and medication administration, as needed.

For individuals who are transitioning from a licensed health care facility to a living arrangement in a Residential Care Facilities for Elderly (RCFE) and Adult Residential Facilities (ARF); includes non-room and board costs (medical, assistance w/ ADLs.). Allowable expenses are those necessary to enable a person to establish a community facility residence that does not include room and board and includes:

1. Assessing the participant's housing needs and presenting options.[29]
2. Assessing the service needs of the participant to determine if the participant needs enhanced onsite services at the RCFE/ARF so the client can be safely and stably housed in an RCFE/ARF.
3. Assisting in securing a facility residence, including the completion of facility applications and securing required documentation (e.g., Social Security card, birth certificate, prior rental history).
4. Communicating with facility administration and coordinating the move.
5. Establishing procedures and contacts to retain facility housing.
6. Coordinating with the Medi-Cal managed care plan to ensure that the needs of participants who need enhanced services to be safely and stably housed in RCFE/ARF settings have in lieu of services and/or enhanced care management services that provide the necessary enhanced services or fund RCFE/ARF operator directly to provide enhanced services.

[29] Refer to Housing Transition/Navigation Services In Lieu of Services for additional details.

Eligibility (Population Subset)

A. For Nursing Facility Transition:
   1. Has resided 60+ days in a nursing facility;
   2. Willing to live in an assisted living setting as an alternative to a Nursing Facility; and
   3. Able to reside safely in an assisted living facility with appropriate and cost-effective supports.

B. For Nursing Facility Diversion:
   1. Interested in remaining in the community;
   2. Willing and able to reside safely in an assisted living facility with appropriate and cost-effective supports and services; and
   3. Must be currently receiving medically necessary nursing facility LOC or meet the minimum criteria to receive NF LOC services and in lieu of going into a facility, is choosing to remain in the community and continue to receive medically necessary nursing facility LOC services at an Assisted Living Facility.

Restrictions/Limitations

In lieu of services are alternative services covered under the State Plan but are delivered by a different provider or in a different setting than is described in the State Plan. In lieu of services can only be covered if: 1) the State determines they are medically-appropriate and a cost-effective substitutes or settings for the State plan service, 2) beneficiaries are not required to use the in lieu of services and 3) the in lieu of services is authorized and identified in the Medi-Cal managed care plan contracts.

Individuals are directly responsible for paying their own living expenses.

Individuals may not be receiving duplicative support from other State, local or federally funded programs, which should always be considered first, before using Medi-Cal funding.

Licensing/Allowable Providers

Providers must have experience and expertise with providing these unique services in a culturally and linguistically appropriate manner. The below list is provided as an example of the types of providers Medi-Cal managed care plans may choose to contract with but is not an exhaustive list of providers who may offer the services.

- Case management agencies

- Home Health agencies
- Medi-Cal managed care plans
- ARF/RCFE Operators

Medi-cal managed care plan network providers that have a state-level enrollment pathway must enroll in the Medi-Cal program. If there is no state-level enrollment pathway, managed care plans must enroll providers through their own established enrollment process, through the recognized enrollment process developed by another managed care plan, or, if applicable, through a state-level enrollment pathway established by another state department. Regardless of whether the providers are enrolled in Medi-Cal, managed care plans must credential the providers as required by DHCS.

The RCFE/ARFs are licensed and regulated by the California Department of Social Services, Community Care Licensing (CCL) Division.

State Plan Service(s) to Be Avoided

Examples of State Plan services to be avoided include but are not limited to skilled nursing facility services.

Community Transition Services/Nursing Facility Transition to a Home

Description/Overview

Community Transition Services/Nursing Facility Transition to a Home helps individuals to live in the community and avoid further institutionalization.

Community Transition Services/Nursing Facility Transition to a Home are non-recurring set-up expenses for individuals who are transitioning from a licensed facility to a living arrangement in a private residence where the person is directly responsible for his or her own living expenses. Allowable expenses are those necessary to enable a person to establish a basic household that do not constitute room and board and include:

1. Assessing the participant's housing needs and presenting options.[30]
2. Assisting in searching for and securing housing, including the completion of housing applications and securing required documentation (e.g., Social Security card, birth certificate, prior rental history).
3. Communicating with landlord, if applicable and coordinating the move.
4. Establishing procedures and contacts to retain housing.
5. Identifying, coordinating, securing, or funding non-emergency, non-medical transportation to assist members' mobility to ensure reasonable accommodations and access to housing options prior to transition and on move-in day.
6. Identifying the need for and coordinating funding for environmental modifications to install necessary accommodations for accessibility.[31]
7. Identifying the need for and coordinating funding for services and modifications necessary to enable a person to establish a basic household that does not constitute room and board, such as: security deposits required to obtain a lease on an apartment or home; set-up fees for utilities or service access; first month coverage of utilities, including telephone, electricity, heating and water; services necessary for the individual's health and safety, such as pest eradication and one-time cleaning prior to occupancy; home modifications, such as an air conditioner or heater; and other medically-necessary services, such as hospital beds, Hoyer lifts, etc. to ensure access and reasonable accommodations. [32]

Eligibility (Population Subset)

[30] Refer to Housing Transition/Navigation Services In Lieu of Services for additional details.
[31] Refer to Home Modification In Lieu of Services for additional details.
[32] Refer to Housing Deposits In Lieu of Services for additional details.

1. Currently receiving medically necessary nursing facility LOC services and in lieu of remaining in, the nursing facility setting, is choosing to transition home and continue to receive medically necessary nursing facility LOC services;
2. Has lived 60+ days in a nursing home;
3. Interested in moving back to the community; and
4. Able to reside safely in the community with appropriate and cost-effective supports and services.

Restrictions/Limitations

In lieu of services are alternative services covered under the State Plan but are delivered by a different provider or in a different setting than is described in the State Plan. In lieu of services can only be covered if: 1) the State determines they are medically-appropriate and a cost-effective substitutes or settings for the State plan service, 2) beneficiaries are not required to use the in lieu of services and 3) the in lieu of services is authorized and identified in the Medi-Cal managed care plan contracts.

- Community Transition Services do not include monthly rental or mortgage expense, food, regular utility charges, and/or household appliances or items that are intended for purely diversionary/recreational purposes.
- Community Transition Services are payable up to a total lifetime maximum amount of $5,000.00. The only exception to the $5,000.00 total maximum is if the participant is compelled to move from a provider-operated living arrangement to a living arrangement in a private residence through circumstances beyond his or her control.
- Community Transition Services must be necessary to ensure the health, welfare, and safety of the participant, and without which the participant would be unable to move to the private residence and would then require continued or re-institutionalization.

Individuals may not be receiving duplicative support from other State, local or federally funded programs, which should always be considered first, before using Medi-Cal funding.

Licensing/Allowable Providers

Providers must have experience and expertise with providing these unique services. The list is provided as an example of the types of providers Medi-Cal managed care plans may choose to contract with, but it is not an exhaustive list of providers who may offer the services.

- Case management agencies
- Home Health agencies
- Medi-Cal managed care plans
- County mental health providers
- 1915c HCBA/ALW providers
- CCT/Money Follows the Person providers

Medi-cal managed care plan network providers that have a state-level enrollment pathway must enroll in the Medi-Cal program. If there is no state-level enrollment pathway, managed care plans must enroll providers through their own established enrollment process, through the recognized enrollment process developed by another managed care plan, or, if applicable, through a state-level enrollment pathway established by another state department. Regardless of whether the providers are enrolled in Medi-Cal, managed care plans must credential the providers as required by DHCS.

State Plan Service(s) to Be Avoided

Examples of State Plan services to be avoided include but are not limited to skilled nursing facility services.

Personal Care and Homemaker Services

Description/Overview

Personal Care Services and Homemaker Services provided for individuals who need assistance with Activities of Daily Living (ADL) such as bathing, dressing, toileting, ambulation or feeding. Personal Care Services can also include assistance with Instrumental Activities of Daily Living (IADL) such as meal preparation, grocery shopping and money management.

Services provided through the In-Home Support Services (In-Home Supportive Services) program include housecleaning, meal preparation, laundry, grocery shopping, personal care services (such as bowel and bladder care, bathing, grooming and paramedical services), accompaniment to medical appointments and protective supervision for the mentally impaired.

Homemaker/Chore services include help with tasks such as cleaning and shopping, laundry, and grocery shopping. Personal Care, Homemaker and Chore programs aids individuals who otherwise could not remain in their homes.

In lieu of services can be utilized:

- Above and beyond any approved county In-Home Supportive Services hours, when additional hours are required and if In-Home Supportive Services benefits are exhausted; and
- As authorized during any In-Home Supportive Services waiting period (member must be already referred to In-Home Supportive Services); this approval time period includes services prior to and up through the In-Home Supportive Services application date.
- For members not eligible to receive In-Home Supportive Services, to help avoid a short-term stay in a skilled nursing facility (not to exceed 60 days).

Similar services available through In-Home Supportive Services should always be utilized first. These Personal Care and Homemaker in lieu of services should only be utilized if appropriate and if additional hours/supports are not authorized by In-Home Supportive Services.

Eligibility (Population Subset)

- Individuals at risk for hospitalization, or institutionalization in a nursing facility; or
- Individuals with functional deficits and no other adequate support system; or

- Individuals approved for In-Home Supportive Services. Eligibility criteria can be found at: http://www.cdss.ca.gov/In-Home-Supportive-Services.

Restrictions/Limitations

In lieu of services are alternative services covered under the State Plan but are delivered by a different provider or in a different setting than is described in the State Plan. In lieu of services can only be covered if: 1) the State determines medically-appropriate and a cost-effective substitutes or settings for the State plan service, 2) beneficiaries are not required to use the in lieu of services and 3) the in lieu of services is authorized and identified in the Medi-Cal managed care plan contracts.

This service cannot be utilized in lieu of referring to the In-Home Supportive Services program. Member must be referred to the In-Home Supportive Services program when they meet referral criteria.

If a member receiving Personal Care and Homemaker services has any change in their current condition, they must be referred to In-Home Supportive Services for reassessment and determination of additional hours. Members may continue to receive Personal Care and Homemaker in lieu of services during this reassessment waiting period.

Individuals may not be receiving duplicative support from other State, local or federally funded programs, which should always be considered first, before using Medi-Cal funding.

Licensing/Allowable Providers

Providers must have experience and expertise with providing these unique services. This list is provided as an example of the types of providers Medi-Cal managed care plans may choose to contract with, but it is not an exhaustive list of providers who may offer the services.

- Home health agencies
- County agencies
- Personal care agencies
- AAA (Area Agency on Aging)

Medi-cal managed care plan network providers that have a state-level enrollment pathway must enroll in the Medi-Cal program. If there is no state-level enrollment pathway, managed care plans must enroll providers through their own established enrollment process, through the recognized enrollment process developed by another

managed care plan, or, if applicable, through a state-level enrollment pathway established by another state department. Regardless of whether the providers are enrolled in Medi-Cal, managed care plans must credential the providers as required by DHCS.

State Plan Service(s) to Be Avoided

Examples of State Plan services to be avoided include but are not limited to inpatient and outpatient hospital services, emergency department services, skilled nursing facility.

Environmental Accessibility Adaptations (Home Modifications)

Description/Overview

Environmental Accessibility Adaptations (EAAs also known as Home Modifications) are physical adaptations to a home that are necessary to ensure the health, welfare and safety of the individual, or enable the individual to function with greater independence in the home: without which the participant would require institutionalization.

Examples of environmental accessibility adaptions include:

- Ramps and grab-bars to assist beneficiaries in accessing the home;
- Doorway widening for beneficiaries who require a wheelchair;
- Stair lifts;
- Making a bathroom and shower wheelchair accessible (e.g., constructing a roll-in shower).
- Installation of specialized electric and plumbing systems that are necessary to accommodate the medical equipment and supplies of the beneficiary; and
- Installation and testing of a Personal Emergency Response System (PERS) for persons who are alone for significant parts of the day without a caregiver and who otherwise require routine supervision (including monthly service costs, as needed).

The services are available in a home that is owned, rented, leased, or occupied by the individual. For a home that is not owned by the individual, the individual must provide written consent from the owner for physical adaptations to the home or for equipment that is physically installed in the home (e.g., grab bars, chair lifts, etc.).

When authorizing environmental accessibility adaptations as an in lieu of service, the managed care plan must receive and document an order from the participant's current primary care physician or other health professional specifying the requested equipment or service as well as documentation from the provider of the equipment or service describing how the equipment or service meets the medical needs of the participant, including any supporting documentation describing the efficacy of the equipment where appropriate. Brochures will suffice in showing the purpose and efficacy of the equipment; however, a brief written evaluation specific to the participant describing how and why the equipment or service meets the needs of the individual will still be necessary.

For environmental accessibility adaptations, the managed care plan must also receive and document:

1. A physical or occupational therapy evaluation and report to evaluate the medical necessity of the requested equipment or service unless the managed care plan determines it is appropriate to approve without an evaluation. This should typically come from an entity with no connection to the provider of the requested equipment or service. The physical or occupational therapy evaluation and report should contain at least the following:

   A. An evaluation of the participant and the current equipment needs specific to the participant, describing how/why the current equipment does not meet the needs of the participant;

   B. An evaluation of the requested equipment or service that includes a description of how/why it is necessary for the participant *and reduces the risk of institutionalization*. This should also include information on the ability of the participant and/or the primary caregiver to learn about and appropriately use any requested item, and

   C. A description of similar equipment used either currently or in the past that has demonstrated to be inadequate for the participant and a description of the inadequacy.

3. If possible, a minimum of two bids from appropriate providers of the requested service, which itemize the services, cost, labor, and applicable warranties; and

4. That a home visit has been conducted to determine the suitability of any requested equipment or service.

The assessment and authorization for EAAs must take place within a 90-day time frame beginning with the request for the EAA, unless more time is required to receive documentation of homeowner consent, or the individual receiving the service requests a longer time frame.

Eligibility (Population Subset)

Individuals at risk for institutionalization in a nursing facility.

Restrictions/Limitations

In lieu of services are alternative services covered under the State Plan but are delivered by a different provider or in a different setting than is described in the State Plan. In lieu of services can only be covered if: 1) the State determines they are medically-appropriate and a cost-effective substitutes or settings for the State plan service, 2) beneficiaries are not required to use the in lieu of services and 3) the in lieu of services is authorized and identified in the Medi-Cal managed care plan contracts.

- If another State Plan service such as Durable Medical Equipment, is available and would accomplish the same goals of independence and avoiding institutional placement, that service should be used.
- EAAs must be conducted in accordance with applicable State and local building codes.
- EAAs are payable up to a total lifetime maximum of $5,000. The only exceptions to the $5,000 total maximum are if the beneficiary's place of residence changes or if the beneficiary's condition has changed so significantly that additional modifications are necessary to ensure the health, welfare and safety of the beneficiary, or are necessary to enable the beneficiary to function with greater independence in the home and avoid institutionalization or hospitalization.
- EAAs may include finishing (e.g., drywall and painting) to return the home to a habitable condition, but do not include aesthetic embellishments.
- Modifications are limited to those that are of direct medical or remedial benefit to the beneficiary and exclude adaptations or improvements that are of general utility to the household. Adaptations that add to the total square footage of the home are excluded except when necessary to complete an adaptation (e.g., to improve entrance/egress to a residence or to configure a bathroom to accommodate a wheelchair).
- Before commencement of a physical adaptation to the home or equipment that is physically installed in the home (e.g., grab bars, chair lifts, etc.), the managed care plan must provide the owner and beneficiary with written documentation that the modifications are permanent, and that the State is not responsible for maintenance or repair of any modification nor for removal of any modification if the participant ceases to reside at the residence.

Individuals may not be receiving duplicative support from other State, local or federally funded programs, which should always be considered first, before using Medi-Cal funding.

Licensing/Allowable Providers

The Medi-Cal managed care plan may manage these services directly or may coordinate with a provider to manage the service.

Medi-cal managed care plan network providers that have a state-level enrollment pathway must enroll in the Medi-Cal program. If there is no state-level enrollment pathway, managed care plans must enroll providers through their own established enrollment process, through the recognized enrollment process developed by another

managed care plan, or, if applicable, through a state-level enrollment pathway established by another state department. Regardless of whether the providers are enrolled in Medi-Cal, managed care plans must credential the providers as required by DHCS.

Providers must have experience and expertise with providing these unique services. This list is provided as an example of the types of providers Medi-Cal managed care plans may choose to contract with, but it is not an exhaustive list of providers who may offer the services.

- Area Agencies on Aging (AAA)
- Local health departments
- Community-based providers and organizations

All EAAs that are physical adaptations to a residence must be performed by an individual holding a California Contractor's License with the exception of a PERS installation, which may be performed in accordance with the system's installation requirements.

State Plan Service(s) to Be Avoided

Examples of State Plan services to be avoided include but are not limited to nursing facility services, inpatient and outpatient hospital services, emergency department services and emergency transport services.

Meals/Medically Tailored Meals

Description/Overview

Malnutrition and poor nutrition can lead to devastating health outcomes, higher utilization, and increased costs, particularly among members with chronic conditions. Meals help individuals achieve their nutrition goals at critical times to help them regain and maintain their health. Results include improved member health outcomes, lower hospital readmission rates, a well-maintained nutritional health status and increased member satisfaction.

1. Meals delivered to the home immediately following discharge from a hospital or nursing home when members are most vulnerable to readmission.
2. Medically-Tailored Meals: meals provided to the member at home that meet the unique dietary needs of those with chronic diseases.
3. Medically-Tailored meals are tailored to the medical needs of the member by a Registered Dietitian (RD) or other certified nutrition professional, reflecting appropriate dietary therapies based on evidence-based nutritional practice guidelines to address medical diagnoses, symptoms, allergies, medication management, and side effects to ensure the best possible nutrition-related health outcomes.

4. Medically-supportive food and nutrition services, including medically tailored groceries and healthy food vouchers.

Eligibility (Population Subset)

1. Individuals with chronic conditions, such as but not limited to diabetes, cardiovascular disorders, congestive heart failure, stroke, chronic lung disorders, human immunodeficiency virus (HIV), cancer, gestational diabetes, or other high risk perinatal conditions, and chronic or disabling mental/behavioral health disorders.
2. Individuals being discharged from the hospital or a skilled nursing facility or at high risk of hospitalization or nursing facility placement; or
3. Individuals with extensive care coordination needs.

Restrictions/Limitations

In lieu of services are alternative services covered under the State Plan but are delivered by a different provider or in a different setting than is described in the State Plan. In lieu of services can only be covered if: 1) the State determines they are medically-appropriate

and a cost-effective substitutes or settings for the State plan service, 2) beneficiaries are not required to use the in lieu of services and 3) the in lieu of services is authorized and identified in the Medi-Cal managed care plan contracts.

- Up to three medically-tailored meals per day and/or medically-supportive food and nutrition services for up to 12 weeks, or longer if medically necessary.
- Meals that are eligible for or reimbursed by alternate programs are not eligible.
- Meals are not covered to respond solely to food insecurities.

Individuals may not be receiving duplicative support from other State, local or federally funded programs, which should always be considered first, before using Medi-Cal funding.

Licensing/Allowable Providers

Providers must have experience and expertise with providing these unique services. This list is provided as an example of the types of providers Medi-Cal managed care plans may choose to contract with, but it is not an exhaustive list of providers who may offer the services.

- Home delivered meal providers
- Area Agencies on Aging
- Nutritional Education Services to help sustain healthy cooking and eating habits
- Meals on Wheels providers

Medi-cal managed care plan network providers that have a state-level enrollment pathway must enroll in the Medi-Cal program. If there is no state-level enrollment pathway, managed care plans must enroll providers through their own established enrollment process, through the recognized enrollment process developed by another managed care plan, or, if applicable, through a state-level enrollment pathway established by another state department. Regardless of whether the providers are enrolled in Medi-Cal, managed care plans must credential the providers as required by DHCS.

State Plan Service(s) to Be Avoided

Examples of State Plan services to be avoided include but are not limited to inpatient and outpatient hospital services, emergency department services.

Sobering Centers

Description/Overview

Sobering centers are alternative destinations for individuals who are found to be publicly intoxicated (due to alcohol and/or other drugs) and would otherwise be transported to the emergency department or jail. Sobering centers provide these individuals, primarily those who are homeless or those with unstable living situations, with a safe, supportive environment to become sober.

Sobering centers provide services such as medical triage, lab testing, a temporary bed, rehydration and food service, treatment for nausea, wound and dressing changes, shower and laundry facilities, substance use education and counseling, navigation and warm hand-offs for additional substance use services or other necessary health care services, and homeless care support services.

- When utilizing this service, direct coordination with the county behavioral health agency is required and warm hand-offs for additional behavioral health services are strongly encouraged.
- The service also includes screening and linkage to ongoing supportive services such as follow-up mental health and substance use disorder treatment and housing options, as appropriate.
- This service requires partnership with law enforcement, emergency personnel, and outreach teams to identify and divert individuals to Sobering Centers. Sobering centers must be prepared to identify clients with emergent physical health conditions and arrange transport to a hospital or appropriate source of medical care.
- The services provided should utilize best practices for clients who are homeless and who have complex health and/or behavioral health conditions including Housing First, Harm Reduction, Progressive Engagement, Motivational Interviewing, and Trauma Informed Care.

Eligibility (Population Subset)

Individuals age 18 and older who are intoxicated but conscious, cooperative, able to walk, nonviolent, free from any medical distress (including life threatening withdrawal symptoms or apparent underlying symptoms) and who would otherwise be transported to the emergency department or a jail or who presented at an emergency department and are appropriate to be diverted to a Sobering Center.

Restrictions/Limitations

In lieu of services are alternative services covered under the State Plan but are delivered by a different provider or in a different setting than is described in the State Plan. In lieu

of services can only be covered if: 1) the State determines they are medically-appropriate and a cost-effective substitutes or settings for the State plan service, 2) beneficiaries are not required to use the in lieu of services and 3) the in lieu of services is authorized and identified in the Medi-Cal managed care plan contracts.

This service is covered for a duration of less than 24 hours.

Individuals may not be receiving duplicative support from other State, local or federally funded programs, which should always be considered first, before using Medi-Cal funding.

Licensing/Allowable Providers

Providers must have experience and expertise with providing these unique services. This list is provided as an example of the types of providers Medi-Cal managed care plans may choose to contract with, but it is not an exhaustive list of providers who may offer the services.

- Sobering Centers, or other appropriate and allowable substance use disorder facilities. Medi-Cal managed care plans should consult with county behavioral health agencies to ensure these facilities can offer an appropriate standard of care and properly coordinate follow up access to substance use disorder services and other behavioral health services.
- These facilities are unlicensed. Medi-Cal managed care plans must apply minimum standards, subject to review and approval by DHCS, to ensure adequate experience and acceptable quality of care standards are maintained. Medi-Cal managed care plans shall monitor the provision of all the services included above.
- All allowable providers must be approved by the managed care organization to ensure adequate experience and appropriate quality of care standards are maintained.

Medi-cal managed care plan network providers that have a state-level enrollment pathway must enroll in the Medi-Cal program. If there is no state-level enrollment pathway, managed care plans must enroll providers through their own established enrollment process, through the recognized enrollment process developed by another managed care plan, or, if applicable, through a state-level enrollment pathway established by another state department. Regardless of whether the providers are enrolled in Medi-Cal, managed care plans must credential the providers as required by DHCS.

State Plan Service(s) to Be Avoided

Examples of State Plan services to be avoided include but are not limited to inpatient and outpatient hospital services, emergency department services, emergency transportation services.

Asthma Remediation[33]

Description/Overview

Environmental Asthma Trigger Remediations are physical modifications to a home environment that are necessary to ensure the health, welfare, and safety of the individual, or enable the individual to function in the home and without which acute asthma episodes could result in the need for emergency services and hospitalization.

Examples of environmental asthma trigger remediations include:

- Allergen-impermeable mattress and pillow dustcovers;
- High-efficiency particulate air (HEPA) filtered vacuums;
- Integrated Pest Management (IPM) services;
- De-humidifiers;
- Air filters;
- Other moisture-controlling interventions;
- Minor mold removal and remediation services;
- Ventilation improvements;
- Asthma-friendly cleaning products and supplies;
- Other interventions identified to be medically appropriate and cost effective.

The services are available in a home that is owned, rented, leased, or occupied by the individual or their caregiver.

When authorizing asthma remediation as an in lieu of service, the managed care plan must receive and document:

1. The participant's current licensed health care provider's order specifying the requested remediation(s);
2. Depending on the type of remediation(s) requested, documentation from the provider describing how the remediation(s) meets the medical needs of the participant. A brief written evaluation specific to the participant describing how and why the remediation(s) meets the needs of the individual will still be necessary;
3. That a home visit has been conducted to determine the suitability of any requested remediation(s).

[33] Asthma Remediation should not interfere with EPSDT benefits. All appropriate EPSDT services should be provided and ILOS should be complementary. See https://www.hud.gov/sites/dfiles/HH/documents/HUD%20Asthma%20Guide%20Document_Final_7_18.pdf; Appendix B)

Asthma remediation includes providing information to individuals about actions to take around the home to mitigate environmental exposures that could trigger asthma symptoms and remediations designed to avoid asthma-related hospitalizations such as:

1. Identification of environmental triggers commonly found in and around the home, including allergens and irritants.
2. Using dust-proof mattress and pillow covers, high-efficiency particulate air vacuums, asthma-friendly cleaning products, dehumidifiers, and air filters.
3. Health-related minor home repairs such as pest management or patching holes and cracks through which pests can enter.

Eligibility (Population Subset)

Individuals with poorly controlled asthma (as determined by an emergency department visit or hospitalization or two sick or urgent care visits in the past 12 months or a score of 19 or lower on the Asthma Control Test) for whom a licensed health care provider has documented that the service will likely avoid asthma-related hospitalizations, emergency department visits, or other high-cost services.

Restrictions/Limitations

In lieu of services are alternative services covered under the State Plan but are delivered by a different provider or in a different setting than is described in the State Plan. In lieu of services can only be covered if: 1) the State determines they are medically-appropriate and a cost-effective substitutes or settings for the State plan service, 2) beneficiaries are not required to use the in lieu of services and 3) the in lieu of services is authorized and identified in the Medi-Cal managed care plan contracts.

- If another State Plan service such as Durable Medical Equipment, is available and would accomplish the same goals of preventing asthma emergencies or hospitalizations.
- Asthma remediations must be conducted in accordance with applicable State and local building codes.
- Individuals may not be receiving duplicative support from other State, local or federally funded programs, which should always be considered first, before using Medi-Cal funding.
- Asthma remediations are payable up to a total lifetime maximum of $5,000. The only exception to the $5,000 total maximum is if the beneficiary's condition has changed so significantly that additional modifications are necessary to ensure the health, welfare, and safety of the beneficiary, or are necessary to enable the

beneficiary to function with greater independence in the home and avoid institutionalization or hospitalization.

- Asthma remediation modifications are limited to those that are of direct medical or remedial benefit to the beneficiary and exclude adaptations or improvements that are of general utility to the household. Remediations may include finishing (e.g., drywall and painting) to return the home to a habitable condition, but do not include aesthetic embellishments.

- Before commencement of a physical adaptation to the home or installation of equipment in the home, the managed care plan must provide the owner and beneficiary with written documentation that the modifications are permanent, and that the State is not responsible for maintenance or repair of any modification nor for removal of any modification if the participant ceases to reside at the residence.

Individuals may not be receiving duplicative support from other State, local or federally funded programs, which should always be considered first, before using Medi-Cal funding.

Licensing/Allowable Providers

The Medi-Cal managed care plan may: manage these services directly; coordinate with an existing Medi-Cal provider to manage the services; and/or contract with a county agency, community-based organization or other organization, as needed. The services should be provided in conjunction with culturally appropriate asthma self-management education.

Providers must have experience and expertise with providing these unique services. This list is provided as an example of the types of providers Medi-Cal managed care plans may choose to contract with, but it is not an exhaustive list of providers who may offer the services.

- American Lung Association
- Allergy and Asthma Network
- National Environmental Education Foundation
- Local health departments
- Community-based providers and organizations

Asthma Remediation that is a physical adaptation to a residence must be performed by an individual holding a California Contractor's License.

- Medi-Cal managed care plans must apply minimum standards to ensure adequate experience and acceptable quality of care standards are maintained. Medi-Cal managed care plans shall monitor the provision of all the services included above.
- All allowable providers must be approved by the managed care organization to ensure adequate experience and appropriate quality of care standards are maintained.

Medi-cal managed care plan network providers that have a state-level enrollment pathway must enroll in the Medi-Cal program. If there is no state-level enrollment pathway, managed care plans must enroll providers through their own established enrollment process, through the recognized enrollment process developed by another managed care plan, or, if applicable, through a state-level enrollment pathway established by another state department. Regardless of whether the providers are enrolled in Medi-Cal, managed care plans must credential the providers as required by DHCS.

State Plan Service(s) to Be Avoided

Examples of State Plan services to be avoided include but are not limited to inpatient and outpatient hospital services and emergency department services.

Glossary

Medicaid Section 1115 Demonstration Waivers: Section 1115 wavers permit States to use federal Medicaid funds in ways that are not otherwise allowed under federal rules, as long as the U.S. Secretary of Health and Human Services determines that the initiative is an "experimental, pilot, or demonstration project" that is "likely to assist in promoting the objectives of the program." Section 1115 waivers are generally approved for a five-year period.

Section 1915(b) "Freedom of Choice" waivers: States generally use section 1915(b) waivers to require enrollment in managed care delivery systems for certain populations. Many States originally used Section 1115 waiver authority to move enrollees into managed care, but the new federal regulations acknowledge that managed care is now the predominant delivery system in Medicaid and CMS has indicated that Section 1115 waivers may not be the most appropriate authority vehicle for managed care.

Section 1915(c) "Home and Community Based Services" waivers: States generally use 1915(c) waivers to develop programs that meet the needs of people who prefer to get long-term care services and supports in their home or community, rather than in an institutional setting.

Behavioral Health: Mental health and substance use disorder services.

Behavioral Health Managed Care Plan: The county prepaid inpatient health plan (PIHP) that would provide specialty mental health services and SUD treatment services under a single contract with DHCS, after full implementation of the behavioral health integration proposal.

CalAIM: California Advancing and Innovating Medi-Cal: DHCS' multi-year initiative to implement overarching policy changes across all Medi-Cal delivery systems with the following objectives:

- Identify and manage member risk and need through Whole Person Care Approaches and addressing Social Determinants of Health;
- Move Medi-Cal to a more consistent and seamless system by reducing complexity and increasing flexibility; and
- Improve quality outcomes, reduce health disparities, and drive delivery system transformation and innovation through value-based initiatives, modernization of systems, and payment reform.

Coordinated Care Initiative (CCI): CCI was implemented in 2014 in seven California counties with the goal of coordinating the delivery of medical, behavioral, and long-term services and supports to Medi-Cal beneficiaries also eligible for Medicare ("dual eligibles"). The CCI is composed of Cal MediConnect and Managed Medi-Cal Long-Term

Services and Supports (MLTSS). The Cal MediConnect portion of CCI is currently authorized through December 31, 2022.

County Inmate Pre-Release Application Process: A CalAIM proposal that all counties must implement an inmate pre-release Medi-Cal application process to ensure that county inmates/juveniles who are eligible for Medi-Cal and are in need of ongoing physical or behavioral health treatment receive timely access to services upon release from incarceration. The proposed process would require all county jails and juvenile facilities to implement a process for facilitated referral and linkage from county jail release to specialty mental health, Drug Medi-Cal, DMC-ODS and Medi-Cal managed care providers, in cases where the inmate was receiving behavioral health services while incarcerated, to allow for continuation of behavioral health treatment in the community.

County Organized Health System (COHS): A local agency created by a county board of supervisors to contract with the Medi-Cal program. Nearly all Medi-Cal beneficiaries in a COHS county receive their care from the COHS health plan.

Cal MediConnect: A program that coordinates medical, behavioral, and long-term services and supports (i.e. both Medicare and Medi-Cal benefits) for dual eligibles in seven California CCI counties.

Dental Transformation Initiative (DTI): The DTI is a component of the Medi-Cal 2020 demonstration that aims to increase the use of preventive dental services for children, prevent and treat more early childhood caries, and increase continuity of care for children.

Designated Public Hospitals: A California hospital operated by a county, a city and a county, or the University of California.

Designated State Health Programs: Designated State Health Programs (DSHPs) are existing State-funded health programs that have not previously qualified for federal funding, including Medicaid. CMS released a State Medicaid Director Letter informing States that they would phase-out federal funding for DSHPs beginning in 2017, meaning that California's DSHPs will not receive federal funding past December 31, 2020 when the Medi-Cal 2020 demonstration expires.

Drug Medi-Cal: Drug Medi-Cal pays for the SUD treatment services a Medi-Cal beneficiary receives through a Drug Medi-Cal certified program.

Drug Medi-Cal Organized Delivery System (DMC-ODS): DMC-ODS is a continuum of care modeled after the American Society of Addiction Medicine Criteria for substance use disorder treatment services. The program enables more local control and accountability, provides greater administrative oversight, creates utilization controls to improve care and efficient use of resources, implements evidenced based practices in substance abuse treatment, and coordinates with other systems of care. These systems are currently operating in 30 California counties. This program was initially authorized in during the

2010 Bridge to Reform demonstration and was reauthorized in the current Medi-Cal 2020 demonstration.

Enhanced Care Management: A collaborative and interdisciplinary benefit to provide intensive and comprehensive ('whole-person') care management services to high-need Medi-Cal beneficiaries.

Full Integration Plan: A CalAIM proposal to consolidate multiple Medi-Cal delivery systems (Medi-Cal managed care, mental health managed care, DMC-ODS, and dental) under one contract with DHCS. This proposal would only be implemented in select areas with managed care plans and corresponding counties who have mutually volunteered to participate.

Global Payment Program (GPP): Established a statewide pool of funding for the remaining uninsured by combining federal disproportional share hospital and uncompensated care funding, where select Designated Public Hospital systems can achieve their "global budget" by meeting a service threshold that incentivizes movement from high cost, avoidable services to providing higher value, preventive services. GPP is currently set to expire on December 31, 2020 and with approval pending under the Medi-Cal 2020 Demonstration extension to continue for calendar year 2021.

Health Homes Program: Enables participating health plans to provide a range of supports to Med-Cal beneficiaries with complex medical needs and chronic conditions. The HHP includes coordination of the full range of physical health, behavioral health, and community-based long-term services and supports.

Indian Health Care Providers: Means a health care program operated by the Indian Health Service or by an Indian Tribe, Tribal Organization, or Urban Indian Organization per 42 CFR §438.14(a).

In lieu of services: Services offered by a Medi-Cal health plan that are not included in the State Plan, but are medically appropriate, cost-effective substitutes for State Plan services included within the contract. Applicable in lieu of services must be specifically included in a managed care plan's contract. Services are offered at the plan's option and an enrollee cannot be required to use them.

Institution for Mental Diseases (IMD): A hospital, nursing facility, or other institution with more than sixteen beds that is primarily engaged in providing diagnosis, treatment, or care to persons with mental diseases (42 U.S.C. §1396d(i)).

Long Term Care: Included skilled nursing facilities, subacute facilities, pediatric subacute facilities, and intermediate care facilities.

Long Term Service and Supports: Services that include medical and non-medical care for people with a chronic illness or disability. Long-term care services are those provided

to an individual who requires a level of care equivalent to that received in a nursing facility. Most long-term care services assist people with Activities of Daily Living, such as dressing, bathing, and using the bathroom. Long-term care can be provided at home, in the community, or in a facility.

Managed Long Term Services and Supports (MLTSS) Program: The delivery of long-term services and supports through capitated Medi-Cal managed care programs.

Medi-Cal 2020: California's current Section 1115 waiver that expires on December 31, 2020. Medi-Cal 2020 authorized the Whole Person Care program, Global Payment Program, the Public Hospital Redesign and Incentives in Medi-Cal (PRIME) Program, Dental Transformation Initiative, and extended several other California waiver programs including the Drug Medi-Cal Organized Delivery System.

Medi-Cal Managed Care Plan: A health plan that has a contract with DHCS to deliver most physical health care and mild-to-moderate mental health care services to Medicaid beneficiaries through a network of providers at a capitated rate. Managed care plans emphasize primary and preventive care.

Mental Health Managed Care Plan: A health plan that has a contract with DHCS to provide specialty mental health services to Medi-Cal beneficiaries. Mental health managed care plans in California are administered by the counties.

National Committee for Quality Assurance (NCQA): A health care accreditation organization with a focus on improving health care quality.

Population Health Management Program: A cohesive plan of action for addressing member needs across the continuum of care, based on data-driven risk stratification, predictive analytics, and standardized assessment processes. Each Medi-Cal managed care plan will provide DHCS with a strategy for how it will:

- Keep all members healthy by focusing on preventive and wellness services;
- Identify and assess member risks and needs on an ongoing basis;
- Manage member safety and outcomes during transitions, across delivery systems or settings, through effective care coordination; and
- Identify and mitigate the social determinants of health and reduce health disparities or inequities.

Public Hospital Redesign and Incentives in Medi-Cal (PRIME): An incentive program for Designated Public Hospitals and District and Municipal Public Hospitals designed to improve their delivery systems through a focus on providing high quality, value-based care. PRIME is the successor program to the first-in-the-nation DSRIP (Delivery System Reform Incentive Payment) program that was authorized in the Bridge to Reform demonstration in 2010. PRIME funding is authorized under the Medi-Cal 2020 demonstration and expired on June 30, 2020.

Quality Incentive Program (QIP): The QIP ties Medi-Cal managed care payments to performance on designated performance metrics in four strategic categories: primary care, specialty care, inpatient care, and resource utilization. The payments are linked to delivery of services under Medi-Cal managed care contracts and increase the amount of funding tied to quality outcomes. California's Designated Public Hospitals receive incentive payments based on achievement of specified improvement targets. Under CalAIM, the District and Municipal Public Hospitals started to participate in the QIP once PRIME expired.

Regional Rates: A CalAIM proposal to develop regional managed care capitation rates, rather than plan- and county-based rates, in order to simplify the rate-setting process for the Medi-Cal program and allow for more capacity to implement outcomes and value based payment structures.

Safety Net Care Pools (SNCPs): Federal Medicaid funding for safety net providers' uncompensated care costs associated with Medicaid eligible and uninsured individuals. California had SNCPs in the Section 1115 demonstrations that began in 2005 and in 2010. This funding transitioned to be a component of the Global Payment Program in the Medi-Cal 2020 demonstration.

Serious Mental Illness/Seriously Emotional Disturbance Demonstration Opportunity: A federal opportunity for States to receive federal Medicaid funding for short-term residential treatment services in settings otherwise subject to the institution for mental disease (IMD) exclusion. (See SMD #18-011)

Social Determinants of Health: Conditions in the environments in which people are born, live, learn, work, play, worship, and age that affect a wide range of health, functioning, and quality-of-life outcomes and risks (Healthy People 2020).

Targeted Case Management: Targeted Case Management (TCM) is a Medi-Cal program that provides specialized case management services to certain Medi-Cal eligible individuals to gain access to needed medical, social, educational, and other services. The TCM Program is an optional Medi-Cal Program operated with federal and local funds. Eligible populations include:

- Children under age 21;
- Medically fragile individuals;
- Individuals at risk of institutionalization;
- Individuals in jeopardy of negative health or psycho-social outcomes; and
- Individuals with a communicable disease.

Whole Person Care: A pilot program that provides approved counties with funding to coordinate health, behavioral health, and social services for Medi-Cal beneficiaries. The program is authorized under the Medi-Cal 2020 demonstration and expires on December 31, 2020, with approval pending to extend through calendar year 2021.

California Advancing and Innovating Medi-Cal (CalAIM) In Lieu of Services Fact Sheet

Background

The Whole Person Care (WPC) pilots and Health Homes Program (HHP) built a foundation for an integrated approach to coordinating medical care, behavioral health and social services to improve beneficiary health outcomes. Consistent with the CalAIM objective of reducing variation and complexity across the delivery system, as well as identifying and managing member risk and need, establishing coverage of a set of In Lieu of Services (ILOS) will make a statewide offering of these critical interventions for Medi-Cal beneficiaries. The Department of Health Care Services (DHCS) is proposing to implement ILOS, which are flexible wrap-around services that a Medi-Cal managed care plan will integrate into its population health strategy. These services are provided as a substitute to, or to avoid, other covered services, such as a hospital or skilled nursing facility admission or a discharge delay.

According to federal Medicaid program rules, ILOS are medically appropriate and cost-effective alternatives to services that can be covered under the State Plan. They are typically delivered by a different provider or in a different setting than traditional State Plan services. An ILOS can only be covered if:

- The state determines that the service is a medically appropriate and cost-effective substitute or setting for the State Plan service;
- The services are optional for the managed care plan to provide;
- The services are optional for beneficiaries and they are not required to use the ILOS; and
- The ILOS are authorized and identified in the state's Medi-Cal managed care plan (MCP) contracts.

MCPs will develop a network of providers that have the expertise and capacity regarding specific types of services.

DHCS is proposing to include the following 14 distinct services as ILOS under Medi-Cal managed care. Each service will have defined eligible populations, code sets, potential providers, restrictions and limitations:

- Housing Transition/Navigation Services
- Housing Deposits
- Housing Tenancy and Sustaining Services
- Short-Term Post-Hospitalization Housing
- Recuperative Care (Medical Respite)
- Respite Services
- Day Habilitation Programs
- Nursing Facility Transition/Diversion to Assisted Living Facilities, such as Residential Care Facilities for Elderly and Adult Residential Facilities
- Community Transition Services/Nursing Facility Transition to a Home
- Personal Care and Homemaker Services
- Environmental Accessibility Adaptations (Home Modifications)
- Meals/Medically Tailored Meals
- Sobering Centers
- Asthma Remediation

In order to be equipped with the required MLTSS and housing infrastructure, the DHCS must use its ability to provide MCPs with financial incentive payments to work with their providers to invest in the necessary delivery and systems infrastructure, build appropriate care management and ILOS services capacity, and achieve improvements in quality performance and measurement reporting that can inform future policy decisions.

To maintain continuity of care, CalOptima is considering offering services currently provided under WPC and HHP during initial implementation. Those four proposed ILOS are Housing Transition Navigation Services, Housing Deposits, Housing Tenancy and Sustaining Services and Recuperative Care. Each is explained further below.

Back to Agenda

Back to Item

Housing Transition/Navigation Services

- Housing Transition/Navigation Services assist beneficiaries with obtaining housing and include:
  - » Conducting a tenant screening and housing assessment that identifies the participant's needs, preferences and barriers related to successful tenancy
  - » Developing an individualized housing support plan based upon the housing assessment that addresses identified barriers, includes short- and long-term measurable goals for each issue, establishes the participant's approach to meeting the goal, and identifies when other providers or services, both reimbursed and not reimbursed by Medi-Cal, may be required to meet the goal
  - » Searching for housing and presenting options
  - » Assisting with:
    - ◦ Securing housing, including the completion of housing applications and securing required documentation
    - ◦ Requests for reasonable accommodation
    - ◦ Arranging for and supporting the move
    - ◦ Benefits advocacy, including assistance with obtaining identification and documentation for SSI eligibility and supporting the SSI application process.
  - » Identifying and securing available resources to assist with
    - ◦ Subsidizing rent and matching available rental subsidy resources to members
    - ◦ Covering expenses if included in the housing support plan
  - » Landlord education and engagement
  - » Ensuring that the living environment is safe and ready for move-in
  - » Communicating and advocating on behalf of the client with landlords
  - » Establishing procedures and contacts to retain housing, including developing a housing support crisis plan that includes prevention and early intervention services when housing is jeopardized
  - » Identifying, coordinating, securing or funding non-emergency, non-medical transportation to assist members' mobility to ensure reasonable accommodations and access to housing options prior to transition and on move-in day
  - » Identifying, coordinating, environmental modifications to install necessary accommodations for accessibility
- The services provided:
  - » Should be based on individualized assessment needs and documented in the individualized housing support plan. Individuals may require and access only a subset of the services listed above.
  - » Should use best practices for clients who are experiencing homelessness and who have complex health, disability and/or behavioral health conditions
  - » May involve coordination with other entities to ensure the individual has access to supports needed for successful tenancy
  - » Do not include the provision of room and board or payment or rental costs
- For clients who will need rental subsidy support to secure permanent housing, the services will require close coordination with local Coordinated Entry Systems (CES), homeless services authorities, public housing authorities, and other operators of local rental subsidies

Eligibility Criteria:[1]

Individuals who:

- Are prioritized for a permanent supportive housing unit or rental subsidy resource through the local homeless CES; or
- Meet the Housing and Urban Development (HUD) definition of homeless; or
- Meet the definition of an individual experiencing chronic homelessness; or
- Meet the HUD definition of at risk of homelessness and meet certain other DHCS criteria.

Restrictions and Limitations:

- Housing Transition/Navigation services must be identified as reasonable and necessary in the individual's individualized housing support plan

Licensing and Allowable Providers:

- Providers must have experience and expertise with providing these unique services in a culturally and linguistically appropriate manner.
- Members who meet the eligibility requirements should also be assessed for ECM and Housing and Tenancy Supportive Services (if provided in their county)

Back to Agenda

Back to Item

Housing Deposits

- Housing Deposits assist with identifying, coordinating, securing, or funding one-time services and modifications necessary to enable a person to establish a basic household that does not constitute room and board, such as:
  - » Security deposits required to obtain a lease on an apartment or home
  - » Set-up fees/deposits for utilities or service access and utility arrearages
  - » First month coverage of utilities, including but not limited to telephone gas, electricity, heating and water
  - » First month's and last month's rent as required by a landlord for occupancy
  - » Services necessary for the individuals' health and safety, such as pest eradication and one-time cleaning prior to occupancy
  - » Goods, such as an air conditioner or heater, and other medically-necessary adaptive aids and services, designed to preserve an individuals' health and safety in the home, such as hospital beds, Hoyer lifts, air filters, specialized cleaning or pest control supplies, etc.
- The services provided should utilize best practices for clients who are experiencing homelessness and have complex health, disability and/or behavioral health conditions, including Housing First, Harm Reduction, Progressive Engagement, Motivational Interviewing and Trauma Informed Care.

Eligibility Criteria:[1]

Individuals who:

- Received Housing Transition/Navigation Services ILOS in counties that offer Housing Transition Navigation Services; or
- Are prioritized for a permanent supportive housing unit or rental subsidy resource through the local homeless CES; or
- Meet the HUD definition of homeless; or
- Meet the definition of an individual experiencing chronic homelessness; or
- Meet the HUD definition of at risk of homelessness or are determined to be at risk of experiencing homelessness; or
- Meet the State's No Place Like Home definition of "at risk of chronic homelessness"

Restrictions and Limitations:

- Housing Deposits are an allowable ILOS if they are:
  - » Available once in an individual's lifetime
  - » Can only be approved one additional time with documentation as to what conditions have changed to demonstrate why providing Housing Deposits would be more successful on the second attempt CalOptima is expected to make a good faith effort to review information available to determine if individual has previously received services
  - » Identified as reasonable and necessary in the individual's individualized housing support plan and are available only when the enrollee is unable to meet such expense
  - » Individuals must also receive Housing Transition/Navigation services (at a minimum, the associated tenant screening, housing assessment and individualized housing support plan) in conjunction with this service

Licensing and Allowable Providers:

- Providers must have experience and expertise with providing these unique services in a culturally and linguistically appropriate manner

Back to Agenda

Back to Item

Housing Tenancy and Sustaining Services

Housing tenancy and sustaining services are aimed at maintaining safe and stable tenancy for individuals once housing is secured and include:

- Providing early identification and intervention for behaviors that may jeopardize housing
- Providing independent living and life skills, including assistance with and training on budgeting, including financial literacy and connection to community resources; education and training on the role, rights and responsibilities of the tenant and landlord
- Coaching on developing and maintaining key relationships with landlords/property managers with a goal of fostering successful tenancy
- Advocacy and linkage with community resources to prevent eviction when housing is or may potentially become jeopardized
- Health and safety visits, including unit habitability inspections
- Coordinating with the landlord and case management provider to address identified issues that could impact housing stability and the tenant to for modifications to their housing support and crisis plan on a regular basis
- Assistance with:
  - » Resolving disputes with landlords and/or neighbors to reduce risk of eviction or other adverse action
  - » Benefits advocacy, including assistance related to SSI eligibility and the SSI application process.
  - » The annual housing recertification process
  - » Other prevention and early intervention services identified in the crisis plan that are activated when housing is jeopardized

The services provided:

- Should be based on individualized assessment needs and documented in the individualized housing support plan.
- May involve coordination with other entities to ensure the individual has access to supports needed to maintain successful tenancy.
- Do not include the provision of room and board or payment of rental costs.

Eligibility Criteria:[1]

Individuals who:

- Are prioritized for a permanent supportive housing unit or rental subsidy resource through the local homeless CES; or
- Meet the Housing and Urban Development (HUD) definition of homeless; or
- Meet the definition of an individual experiencing chronic homelessness; or
- Meet the HUD definition of at risk of homelessness and meet certain other DHCS criteria.

Restrictions and Limitations:

- Available from the initiation of services through the time when the individual's housing support plan determines they are no longer needed
- Available for a single duration in an individual's lifetime
- Can be approved one additional time with appropriate documentation regarding success on a second attempt
- Services must be identified as reasonable and necessary in the individual's individualized housing support plan and are available only when the enrollee is unable to successfully maintain longer-term housing without such assistance
- Although not required, many individuals will have also received Housing Transition/Navigation Services in conjunction with this service

Licensing and Allowable Providers:

- Providers must have experience and expertise with providing these unique services in a culturally and linguistically appropriate manner
- Providers must have demonstrated or verifiable experience or expertise with providing housing-related services and supports
- Clients who meet the eligibility requirements for Housing Tenancy and Sustaining Services should also be assessed for ECM and may have received Housing Transition/Navigation services (if provided in the county)

Back to Agenda

Back to Item

Recuperative Care

- Recuperative care, or medical respite care, is short-term residential care for individuals who no longer require hospitalization but still need to heal from an injury or illness (including behavioral health conditions) and whose condition would be exacerbated by an unstable living environment.
- Recuperative care includes but is not limited to the following services:
  - » Limited or short-term assistance with Instrumental Activities of Daily Living and/or Activities of Daily Living
  - » Coordination of transportation to post-discharge appointments
  - » Connection to any other ongoing services an individual may require, including mental health and substance use disorder services
  - » Support in accessing benefits and housing
  - » Gaining stability with case management relationships and programs

Eligibility Criteria:

Individuals who are at risk of hospitalization or are post-hospitalization and live alone with no informal supports or face housing insecurity or have housing that would jeopardize their health and safety without modification

Restrictions and Limitations:

- Necessary to achieve or maintain medical stability and prevent hospital admission or readmission
- Not more than 90 days in continuous duration
- Does not include funding for building modification or building rehabilitation
- Providing other housing ILOS is encouraged in conjunction with recuperative care and on-site in the recuperative care facilities.

Licensing and Allowable Providers:

- Providers must have experience and expertise with providing these unique services. Licensing and allowable providers include but are not limited to:
  - » Interim housing facilities with additional on-site support
  - » Shelter beds with additional on-site support
  - » Converted homes with additional on-site support
  - » County directly operated or contracted recuperative care facilities
- CalOptima must apply minimum standards to ensure adequate experience and acceptable quality of care standards are maintained.

**Subject to change as per DHCS guidance*

Our Mission

To provide members with access to quality health care services delivered in a cost-effective and compassionate manner

Board of Directors Meeting
June 3, 2021

OneCare Connect Cal MediConnect Plan (Medicare-Medicaid Plan)
Member Advisory Committee Update

On April 22, 2021, the OneCare Connect Member Advisory Committee (OCC MAC) held its bi-monthly meeting via teleconference using GoTo Meeting Webinar technology.

The OCC MAC approved its FY 2020-2021 meeting schedule and approved a recommendation from their nominations ad hoc committee to submit a slate of candidates to the Board for appointment.

Richard Sanchez, Chief Executive Officer, announced Emily Fonda, M.D. had been promoted to Chief Medical Officer. He also discussed how the strategic planning team lead by Rachel Selleck, Executive Director, Public Affairs would be reviewing the feedback received from all the Board advisory committees to provide the OCC MAC with another opportunity to provide feedback. He also noted that CalOptima and the Orange County Health Care Agency continue to work collaboratively to distribute vaccines to those most vulnerable in Orange County.

Ladan Khamseh, Chief Operating Officer, updated the OCC MAC members on the current status of a draft policy intended to address health network model changes that was discussed at the August 2020 Board meeting. She noted the policy would include draft language that is intended to define the criteria and provided the process for health networks to submit requests for contract model changes. Ms. Khamseh also provided an update on the Qualified Medicare Beneficiary annual outreach to members.

Emily Fonda, M.D., Chief Medical Officer, discussed the COVID-19 vaccination efforts and the incentives that are being provided to members for receiving COVID-19 vaccines. Dr. Fonda also addressed the myths that were circulating about the vaccines.

Rachel Selleck, Executive Director, Public Affairs, jointly presented with Claudia Magee, Manager, Strategic Development, and Bárbara Kidder García, Program/Policy Analyst, Sr., on the feedback they have received on the FY 2020-2022 Strategic Plan that was presented at the advisory committees' joint meeting March 11, 2021. OCC MAC members provided additional feedback on Health Equity, Social Determinants of Health, Service Delivery Model and Behavioral Health as well as other service categories during the meeting.

The committee also received an update on CalAIM from Pallavi Patel, Director, Process Excellence, and a Federal and State Legislative update from Jackie Mark, Sr. Policy Advisor, Government Affairs.

The OCC MAC appreciates the opportunity to provide the CalOptima Board with input and updates on OCC MAC activities.

Back to Agenda

Board of Directors Meeting
June 3, 2021

Whole-Child Model Family Advisory Committee Update

On April 27, 2021, the Whole-Child Model Member Family Advisory Committee (WCM FAC) held its bi-monthly meeting via teleconference using GoTo Meeting Webinar technology.

The WCM FAC approved its FY 2020-2021 meeting schedule and approved a recommendation from the nominations ad hoc committee to forward the recommended slate of candidates to the Board to fill seats that will expire on June 30, 2021. WCM FAC members also considered recommending the addition of an Orange County Health Care Agency (OCHCA) seat to the committee and requested that staff to submit the necessary paperwork for the creation of this seat.

Ladan Khamseh, Chief Operating Officer, announced Emily Fonda, M.D., had been promoted to Chief Medical Officer. Ms. Khamseh updated the members on the Qualified Medicare Beneficiary annual outreach program and on the status of a draft policy intended to address health network model changes that had been discussed at the August 2020 Board meeting.

Emily Fonda, M.D., Chief Medical Officer, provided an update on the current status of the COVID-19 vaccination efforts and discussed the incentives that are being provided to members for receiving the COVID-19 vaccine. Dr. Fonda also discussed the myths that were circulating throughout the community about the vaccines.

Rachel Selleck, Executive Director, Public Affairs, jointly presented with Debra Kegel, Director, Strategic Development, and Claudia Magee, Manager, Strategic Development, on feedback received on the FY 2020-2022 Strategic Plan at the advisory committee's joint meeting on March 11, 2021. WCM FAC provided additional feedback on Health Equity, Social Determinants of Health, Service Delivery Model and Behavioral Health as well as other service categories during the meeting.

Kristin Gericke, Director, Pharmacy Management, provided an update on the delay of the Medi-Cal Rx transition to Magellan Health Care. Pallavi Patel, Director, Process Excellence, provided an update on the upcoming CalAIM program and Jackie Mark, Sr. Policy Advisor, Government Affairs, provided the committee with a Federal and State Legislative update.

WCM FAC member Maura Byron, who is also the Executive Director of the Family Support Network provided the committee with a presentation on how the Family Support Network assists Orange County families by offering resources and advocacy for families and children with social, emotional, intellectual, and physical needs.

The WCM FAC appreciates and thanks the CalOptima Board for the opportunity to present input and updates on the WCM FAC's current activities.

Back to Agenda

Provider Advisory Committee Update
Board of Directors Meeting
June 3, 2021

On May 13, 2021, the Provider Advisory Committee (PAC) held its monthly meeting via teleconference using GoTo Meeting Webinar technology.

PAC members approved their FY 2021-2022 meeting schedule and also approved the proposed slate of candidates as recommended by the nominations ad hoc committee to fill upcoming PAC vacancies. PAC requested that staff prepare the necessary paperwork to forward appointment recommendations to the Board for seats expiring on June 30, 2021.

Richard Sanchez, Chief Executive Officer, provided an update and announced that Marie Jeannis has been named CalOptima's Executive Director of Quality and Population Health Management. Mr. Sanchez also discussed the Report to the Community that is posted on the CalOptima website and reflects on the past year as a way to honor the incredible work of our providers on behalf of CalOptima members. He also shared that CalOptima would be hosting a virtual CalAIM stakeholder meeting. He also invited PAC members to share with their organizations that CalOptima would be hosting a COVID-19 vaccine event in the parking lot on May 15, 2021 and noted that appointments were still available to receive vaccines.

Ladan Khamseh, Chief Operating Officer, updated the PAC members on the postponement of two draft health network policies. The health network reporting policy was postponed to allow time for staff to include more detailed information. Separately, the draft policy addressing requests by health networks for model changes was being delayed until after consideration by the Board's delivery system Ad Hoc. Staff is currently making updates to the Health Network reporting policy and plans to resubmit it to the Board for consideration at its June 3, 2021 meeting.

Emily Fonda, M.D., Chief Medical Officer, provided a comprehensive COVID-19 update and discussed COVID-19 vaccine efforts that were currently in progress, noting that 31,000 gift cards have been sent to members as an incentive for getting vaccinated and that over 879 gift cards have been given to members experiencing homelessness for obtaining vaccines. Dr. Fonda also noted that over 200,000 text messages have been sent out to publicize the vaccine event at CalOptima on May 15, 2021 as well as messenger videos, clergy videos and a Public Broadcasting Service (PBS) broadcast to spread the word throughout Orange County.

Rachel Selleck, Executive Director, Public Affairs, provided a California Advancing and Innovating Medi-Cal (CalAIM) presentation. She noted that an overview had been presented at the April Board meeting and in May to the advisory committees. A recommended plan will be presented to the Board at its June meeting with proposed submission deliverables to the Department of Health Care Services (DHCS) due on or before July 1, 2021. She also noted that a response from DHCS is anticipated late Summer on CalOptima's CalAIM submission.

Back to Agenda

PAC also received a Federal and State Legislative update from Jackie Mark, Sr. Policy Advisor, Government Affairs.

Once again, the PAC appreciates and thanks the CalOptima Board for the opportunity to provide input and updates on the PAC's activities.

Back to Agenda

Member Advisory Committee Update
Board of Directors Meeting
June 3, 2021

On May 13, 2021, the Member Advisory Committee (MAC) held its monthly meeting via teleconference using GoTo Meeting Webinar technology.

MAC members approved their FY 2021-2022 meeting schedule, increasing the MAC's meeting frequency from 6 bi-monthly meetings to 10 monthly meetings. The MAC also approved a proposed slate of candidates to fill seats expiring on June 30, 2021 as recommended by the MAC nominations ad hoc committee, and requested that staff forward the recommendations to the Board for its consideration in appointing the recommended candidates.

Richard Sanchez, Chief Executive Officer, announced that Marie Jeannis has been named CalOptima's Executive Director of Quality and Population Health Management. Mr. Sanchez also discussed the Report to the Community that is posted on the CalOptima website and reflects on the past year as a way to honor the incredible work of our providers on behalf of CalOptima members. Mr. Sanchez also shared that CalOptima would be hosting a virtual CalAIM stakeholder meeting on May 14, 2021. He also invited the MAC to share with their organizations that CalOptima would be hosting a COVID-19 vaccine event on May 15, 2021 and noted that appointments were still available to receive these vaccines.

Ladan Khamseh, Chief Operating Officer, updated the MAC members on the postponement of two draft health network policies. The health network reporting policy was postponed to allow time for staff to include more detailed information. Separately, the draft policy addressing requests by health networks for model changes was being delayed until after consideration by the Board's delivery system Ad Hoc. Staff is currently making updates to the health network reporting policy and plans to resubmit it to the Board for consideration at its June 3, 2021 meeting.

Emily Fonda, M.D. Chief Medical Officer, provided a comprehensive COVID-19 update and discussed COVID-19 vaccine efforts that were currently in progress. Dr. Fonda noted that over 31,000 gift cards have been sent to members as an incentive for getting vaccinated. This includes 900 gift cards have been given to members experiencing homelessness. Dr. Fonda updated the MAC on the over 200,000 text messages that have been sent out to publicize the vaccine event at CalOptima on May 15, 2021 as well as messenger videos, clergy videos and a Public Broadcasting Service (PBS) broadcast to spread the word throughout Orange County.

Rachel Selleck, Executive Director, Public Affairs, provided a California Advancing and Innovating Medi-Cal (CalAIM) presentation. She noted that this overview had been presented to the Board at its April meeting as well as to all of the Board's advisory committees. A recommended plan will be presented to the Board at its June 3, 2021 meeting with proposed submission deliverables to the Department of Health Care Services (DHCS) due on or before July 1, 2021. She also noted that CalOptima is anticipating a response from DHCS late Summer on this submission.

Back to Agenda

MAC also received a Federal and State Legislative update from Jackie Mark, Sr. Policy Advisor, Government Affairs.

Once again, the MAC appreciates and thanks the CalOptima Board for the opportunity to provide input and updates on the MAC's activities.
