NOTICE OF A
REGULAR MEETING OF THE
CALOPTIMA BOARD OF DIRECTORS

THURSDAY, JUNE 3, 2021
2:00 P.M.

505 CITY PARKWAY WEST, SUITES 108-109
ORANGE, CALIFORNIA 92868

BOARD OF DIRECTORS

Supervisor Andrew Do, Chair	Isabel Becerra, Vice Chair
Supervisor Doug Chaffee	Clayton Chau, M.D.
Clayton Corwin	Mary Giammona, M.D.
Victor Jordan	J. Scott Schoeffel
Nancy Shivers, R.N.	Trieu Tran, M.D.

Supervisor Lisa Bartlett, Alternate

CHIEF EXECUTIVE OFFICER	CHIEF COUNSEL	CLERK OF THE BOARD
Richard Sanchez	Gary Crockett	Sharon Dwiers

This agenda contains a brief description of each item to be considered. Except as provided by law, no action shall be taken on any item not appearing on the agenda. To speak on an item, complete a Public Comment Request Form identifying the item and submit to the Clerk of the Board. To speak on a matter not appearing on the agenda, but within the subject matter jurisdiction of the Board of Directors, you may do so during Public Comments. Public Comment Request Forms must be submitted prior to the beginning of the Consent Calendar and/or the beginning of Public Comments. When addressing the Board, it is requested that you state your name for the record. Address the Board as a whole through the Chair. Comments to individual Board Members or staff are not permitted. Speakers are limited to three (3) minutes per item.

In compliance with the Americans with Disabilities Act, those requiring accommodations for this meeting should notify the Clerk of the Board's Office at (714) 246-8806, at least 72 hours prior to the meeting.

The Board Meeting Agenda and supporting materials are available for review at CalOptima, 505 City Parkway West, Orange, CA 92868, Monday-Friday, 8:00 a.m. – 5:00 p.m. These materials are also available online at www.caloptima.org. Board meeting audio is streamed live on the CalOptima website at www.caloptima.org.

To ensure public safety and compliance with emergency declarations and orders related to the COVID-19 pandemic, individuals are encouraged not to attend the meeting in person. As an alternative, members of the public may:

1) **Listen to the live audio at + 1 (415) 655-0052 Access Code: 654-642-409 or**
2) **Participate via Webinar at** https://attendee.gotowebinar.com/register/6176132050766620175 **rather than attending in person. Webinar instructions are provided below.**

CALL TO ORDER
Pledge of Allegiance
Establish Quorum

PRESENTATIONS/INTRODUCTIONS
None.

MANAGEMENT REPORTS
1. Chief Executive Officer Report
   a. CalOptima/County of Orange Vaccine Clinic and Resource Fair Events
   b. Member Health Rewards
   c. California Advancing and Innovating Medi-Cal (CalAIM)
   d. Revised State Budget for FY 2021–22
   e. Strategic Plan Update
   f. Community Alliances Forum
   g. Media Coverage

2. Chief Medical Officer Updates
   a. COVID-19 Update

3. CalOptima FY 2021–22 Marketing and Communications Plan

PUBLIC COMMENTS
At this time, members of the public may address the Board of Directors on matters not appearing on the agenda, but within the subject matter jurisdiction of the Board of Directors. Speakers will be limited to three (3) minutes.

CONSENT CALENDAR
4. Minutes
   a. Approve Minutes of the May 6, 2021 Regular Meeting of the CalOptima Board of Directors
   b. Receive and File Minutes of the February 18, 2021 Regular Meeting of the CalOptima Board of Directors' Finance and Audit Committee; the Minutes of the February 25, 2021 Special Meeting of the CalOptima Board of Directors' Quality Assurance Committee, the Minutes of the March 11, 2021 Special Meeting of the CalOptima Board of Directors' OneCare Connect Member Advisory Committee; the March 11, 2021 Special Joint Meeting of the CalOptima Board of Directors Member Advisory, OneCare Connect Member Advisory, Provider Advisory, and Whole-Child Model Family Advisory Committees; the Minutes of the April 8, 2021 Regular Meeting of the CalOptima Board of Directors' Provider Advisory Committee; and the Minutes of the April 8, 2021 Special Meeting of the CalOptima Board of Directors' Member Advisory Committee

5. Consider Authorizing and Directing Execution of an Amendment to Agreement 16-93274 with the California Department of Health Care Services in Order to Continue Operation of the OneCare Program

6. Consider Reappointment to CalOptima Board of Directors Investment Advisory Committee

7. Consider Appointments to the CalOptima Board of Directors' OneCare Connect Member Advisory Committee

8. Consider Appointments to the CalOptima Board of Directors' Member Advisory Committee

9. Consider Appointments to the CalOptima Board of Directors' Provider Advisory Committee

10. Consider Appointments to the CalOptima Board of Directors' Whole-Child Model Family Advisory Committee

11. Consider Selecting and Contracting with Investment Managers for CalOptima's Operating, Tier One and Tier Two Investment Accounts; Authorize Allocation of these Assets Amongst the Recommended Investment Managers

12. Consider Approval of Modifications to CalOptima Medical Affairs Policies and Procedures: GG.1304, GG.1325, GG.1500 and GG.1508

13. Consider Ratification of New Finance Policy MA.3003

14. Consider Approval of Modifications to Policy GG.1900 Behavioral Health Services to Support the Administration of Behavioral Health Services for Medi-Cal Members

15. Consider Approval of Extension of Reimbursement for Necessary Business Expenditures Incurred by Employees on Temporary Telework Due to the Coronavirus (COVID-19) Pandemic

16. Consider the Continued Use of the Methodology Previously Approved for the Distribution of OneCare Connect Quality Withhold Payments to Contracted Health Networks in Demonstration Years 2 Through 5 for Distribution of Such Payment for Demonstration Years 6 Through 8

17. Consider Authorizing a Diabetes Mellitus Program to Improve Health Care Quality for Medi-Cal Members with Poorly Controlled Diabetics

18. Consider Ratifying a Letter of Commitment in Support of the Orange County Health Care Agency Health Advancing Health Literacy to Enhance Equitable Community Responses to COVID-19 Grant Application

19. Consider Recommendations Related to Previously Approved and Prepaid Expenditures in Support of CalOptima's Participation in Community Events Impacted by the COVID-19 Pandemic

20. Consider Approving CalOptima Positions on Proposed Legislation

21. Consider Adoption of the Proposed CalOptima Board of Directors Meeting Schedule for Fiscal Year 2021-22

22. **Receive and File:**
    a. April 2021 Financial Summary
    b. Compliance Report
    c. Federal and State Legislative Advocates Reports
    d. CalOptima Community Outreach and Program Summary

REPORTS/DISCUSSION ITEMS

ADMINISTRATIVE

23. Consider Approval of the Fiscal Year 2021-22 Operating Budget

24. Consider Approval of the Fiscal Year 2021-22 Capital Budget

25. Consider Adoption of Resolution Approving and Adopting Updated CalOptima Policy GA.8044: Telework Program, Authorization of the Expansion of the Telework Program, Continuation of the Temporary Telework Program, and Authorization of Related Unbudgeted Expenditures

26. Consider Authorizing of Lease Renewal Agreement for the Real Property Located at 13300 Garden Grove Boulevard, Garden Grove, California

27. Election of Officers of the Board of Directors Fiscal Year 2021-22

CLINICAL OPERATIONS

28. Consider Approval of Modifications to CalOptima Policies GG.1102, GG.1301, and GG.1313

29. Consider Authorizing Amendment to Contract with Infomedia Group, Inc., dba Carenet Healthcare Services to Support Member Outreach Calls

NETWORK OPERATION

30. Consider Approval of Modifications to CalOptima Policy HH.2003: Health Network and Delegated Entity Reporting

31. Consider Authorizing Extension and Amendments of the Fee-For-Service Hospital Contracts for Medi-Cal, OneCare, OneCare Connect and Program of All-Inclusive Care for the Elderly

32. Authorize an Amendment Extending the Term of the Kaiser Foundation Health Plan, Inc. Health Maintenance Organization Health Network Contract and Current Rates, and Ratify the Delegation Agreement Related to that Contract

33. Consider Authorizing the Extension of and Other Amendments to the CalOptima Medi-Cal Full-Risk Health Maintenance Organization, Shared-Risk Group, and Physician-Hospital Consortium Health Network Contracts Except those Affiliated with Kaiser Foundation Health Plan, Inc., and Ratification of the Delegation Agreements Related to Those Contracts

PUBLIC AFFAIRS

34. Reallocating Intergovernmental Transfer (IGT) Funds and Approve Grant for Whole-Person Care Housing Navigation and Supportive Services

35. Consider Approving CalOptima's California Advancing and Innovating Medi-Cal (CalAIM) Model of Care Approach

ADVISORY COMMITTEE UPDATES

36. OneCare Connect Member Advisory Committee Update

37. Whole-Child Model Family Advisory Committee Update

38. Provider Advisory Committee Update

39. Member Advisory Committee Update

BOARD MEMBER COMMENTS

ADJOURNMENT

How to Join

1. Please register for Regular Meeting of the CalOptima Board of Directors on June 3, 2021 2:00 PM PDT at: https://attendee.gotowebinar.com/register/6176132050766620175
2. After registering, you will **receive a confirmation email containing a link to join** the webinar at the specified time and date.

   Note: This link should not be shared with others; it is unique to you.

   Before joining, be sure to check system requirements to avoid any connection issues.

3. **Choose** one of the following **audio options:**

   TO USE YOUR COMPUTER'S AUDIO:

   When the webinar begins, you will be connected to audio using your computer's microphone and speakers (VoIP). A headset is recommended.

   --OR--

   TO USE YOUR TELEPHONE:

   If you prefer to use your phone, you must select "Use Telephone" after joining the webinar and call in using the numbers below.

   United States: (415) 655-0052

   Access Code: 654-642-409

   Audio PIN: Shown after joining the webinar

MEMORANDUM

DATE:	May 26, 2021
TO:	CalOptima Board of Directors
FROM:	Richard Sanchez, Chief Executive Officer
SUBJECT:	CEO Report — June 3, 2021, Board of Directors Meeting
COPY:	Sharon Dwiers, Clerk of the Board; Member Advisory Committee; Provider Advisory Committee; OneCare Connect Member Advisory Committee; and Whole-Child Model Family Advisory Committee

CalOptima/County of Orange Break Vaccination Records During Two Local Events

By all measures, the CalOptima/County of Orange Vaccine Clinic and Resource Fair events on May 15 and 22 were a resounding success. In total, 2,064 individuals age 12 and older were vaccinated at the pop-up events held in the CalOptima parking lot. Further, hundreds of $25 Member Health Rewards were distributed directly to eligible members. The outstanding turnout was driven by a variety of factors, including through Othena.com, direct text messaging to members, word-of-mouth among members' friends and family, and walk-in traffic from the nearby Outlets at Orange. The previous vaccination record for a County pop-up clinic was 560 vaccines administered.

The Resource Fair component differentiated the events from other vaccine clinics and was designed to address members' social determinants of health. OC Social Services Agency (SSA) was on-site with staff and Mobile Response Vehicles to assist individuals with applying for CalFresh and Medi-Cal. Further, 2-1-1 Orange County had a booth with representatives offering community resources to support basic needs. Community Action Partnership brought the Clementine food trolley to collect signups for future food distribution and the Tom Tom diaper bank truck to provide diapers to families in need. Dozens of preventive health screenings for carotid artery, thyroid and bone density were provided to interested attendees. Finally, a kids' activity zone engaged children while parents got their shots.

CalOptima welcomed Orange County leaders and elected officials at both events. On May 15, CalOptima Board Chair and Board of Supervisors Chairman Andrew Do, CalOptima Board Member and Board of Supervisors Vice Chair Doug Chaffee, Supervisor Don Wagner and County Health Officer, Health Care Agency (HCA) Director and CalOptima Board Member Clayton Chau, M.D., Ph.D., attended. On May 22, State Sen. Tom Umberg toured the site, spoke with staff and vaccine recipients, and visited the Resource Fair booths. He also presented State Senate Certificates of Appreciation to leaders from CalOptima, HCA and SSA.

Across the two events, 110 CalOptima staff worked either a morning or afternoon shift, helping with check-in, line control, temperature check/hand sanitizing stations, post-vaccine observation and Member Health Rewards distribution among other tasks. Staff worked hard to launch these events quickly and enthusiastically served members at the building for the first time since the pandemic began. The upcoming June 5 and 12 events are focused on administering second doses, although walk-ins will be served, according to County staff.

Back to Agenda

Member Health Rewards Funding Received, Distribution Vendor Engaged
CalOptima recently received Intergovernmental Transfer (IGT) 10 funding of $140 million from the Department of Health Care Services (DHCS), representing dates of service July 2019 through June 2020. The estimated payment to IGT funding partners is approximately $95 million, and CalOptima's remaining portion is $45 million. As approved at the January Board meeting, the majority of CalOptima's IGT 10 dollars will be used to incentivize members to get vaccinated via the COVID-19 Member Health Rewards. The program is driven by data from DHCS, and a new type of data source recently and dramatically increased the identification of vaccinated CalOptima members. The number of vaccinated members rose from 70,000 to 250,000 almost overnight. This has created a backlog for Population Health Management, which has distributed roughly 40,000 gift cards using internal staff and Board-approved temporary staff. This no longer supports the level of member response, so staff plans to engage an existing fulfillment vendor to support mass mailings of gift cards until the Member Health Rewards vendor is contracted and takes over responsibility. Staff will bring an action to your Board in August to ratify using dollars approved for this program to cover the expenses.

CalOptima Hosts California Advancing and Innovating Medi-Cal (CalAIM) Stakeholder Meeting, Launches Web Page
On May 15, CalOptima welcomed more than 300 attendees to the CalAIM stakeholder meeting. Executive Director, Public Affairs Rachel Selleck provided an overview of CalAIM while Executive Director, Clinical Operations Tracy Hitzeman discussed the populations of focus and outreach methods. A Q&A session enabled provider and community partners to ask about CalAIM implementation, and network and care management services. To provide background on CalAIM and access to the information shared at the stakeholder meeting, CalOptima launched a detailed webpage. This centralized location will offer CalAIM updates in preparation for Phase 1 implementation in January 2022. As part of the June 3 Board meeting, staff will present CalOptima's approach to CalAIM for consideration, in advance of submission to DHCS in July.

Governor Releases Revised State Budget, Increasing Spending on Health Care
On May 14, Gov. Gavin Newsom announced the Revised State Budget (May Revise) for Fiscal Year (FY) 2021–22. The May Revise expands existing health care programs managed by DHCS and continues to support funding for CalAIM, homelessness and response to COVID-19.

- *Total State Budget:* $267.8 billion ($196.7 billion General Fund (GF)). Compared with the January Proposed Budget, this is an increase in spending of nearly 18%.
- *Total Medi-Cal Budget:* $123.8 billion ($27.6 billion GF). Compared with Medi-Cal funding in the FY 2020–21 Enacted Budget, this is an increase in spending of nearly 7%.

The California State Legislature is constitutionally obligated to pass a balanced budget by June 15, which Gov. Newsom must enact by July 1. Following my report is a staff summary of the May Revise.

Strategic Plan Update Moving Forward With Feedback From Advisory Committees
Per your Board's guidance at the February 4 meeting, CalOptima staff met with the Board Advisory Committees to gather feedback on initiative development for the 2020–2022 Strategic Plan, with a particular focus on four areas: Behavioral Health, Health Equity, Social Determinants of Health and Service Delivery Model. During a series of robust facilitated discussions with committee members in March and April, draft Purpose Statements were

developed for the four areas as well as seven Strategic Initiative Categories. Committee members also made recommendations about potential initiatives for development. Staff is in the process of finalizing the Purpose Statements as well as fleshing out the initiative recommendations and assessing their feasibility. Staff will provide an update in late summer and seek Board approval and allocations, as appropriate, in the future.

Community Alliances Forum Draws Audience for COVID-19 Vaccine, Health Equity Info
On May 11, CalOptima welcomed more than 130 attendees for a virtual Community Alliances Forum that provided a COVID-19 update and vaccine information, and addressed barriers to health equity. Regina Chinsio-Kwong, D.O., Deputy Health Officer of HCA, discussed Project Independence and how the County is partnering with community organizations to support health equity. CalOptima Chief Medical Officer Emily Fonda, M.D., shared how CalOptima is improving access to vaccines for members and distributing Member Health Rewards. CalOptima Board Vice Chair Isabel Becerra, CEO of the Coalition of Orange County Community Health Centers, and Ellen Ahn, Executive Director of KCS Health Center, highlighted Orange County initiatives to address health equity in the Latino and Asian-Pacific Islander communities during the pandemic.

CalOptima Garners Media Coverage About Mental Health, Vaccination Activity
In May, CalOptima received significant positive media attention from diverse outlets. See below:

- *Verywell Mind:* Edwin Poon, Ph.D., Director, Behavioral Health Integration, participated in an online article about senior mental health and resiliency during the pandemic. He is the first expert source quoted and highlighted in the piece. Dr. Poon's comments tie well with CalOptima's strategic priority on behavioral health. Verywell's website traffic is estimated at around 16 million visits a month.
- *Tri-County Bulletin:* Executive Director, Quality & Population Health Management Marie Jeannis was interviewed for an article about CalOptima's efforts to combat vaccine hesitancy. It ran on the front page of the Tri-County Bulletin, a newspaper that serves Orange County's Black population.
- *ABC7 Eyewitness News:* On May 13, CalOptima was covered on two ABC7 evening news programs. Reporter Tony Cabrera interviewed Dr. Fonda about vaccine hesitancy and CalOptima's response. In addition, we referred Cabrera to Board Vice Chair Becerra and Families Together of Orange County, a community health center. Both were featured positively as well.

FY 2021–22 California State Budget: Analysis of the May Revise

Table of Contents

Overview
Revised State Budget
- Behavioral Health for Youth
- CalAIM
- COVID-19
- Covered Benefits
- Homelessness
- Medi-Cal Expansion
- Medi-Cal Rx
- Telehealth
- Other Medi-Cal Proposals

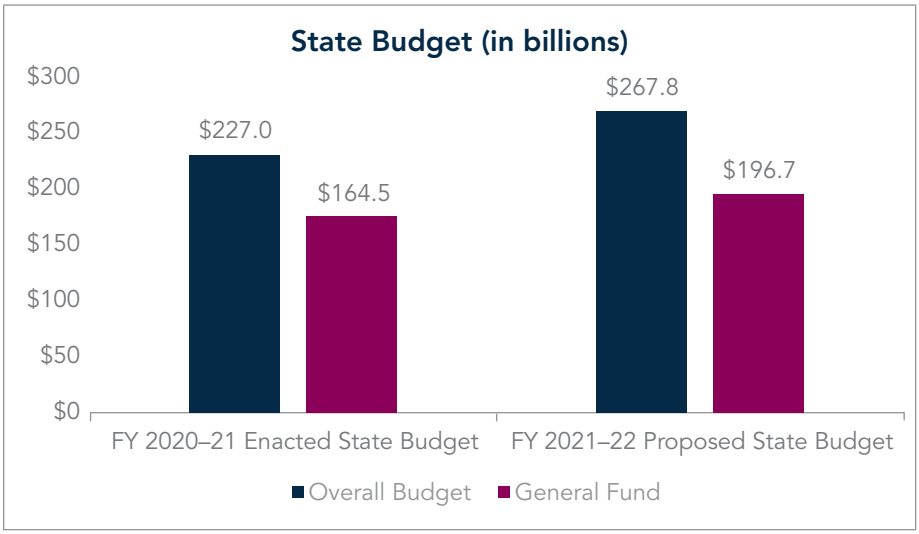
Next Steps

Overview

On May 14, 2021, Gov. Gavin Newsom announced the Revised State Budget (May Revise) for Fiscal Year (FY) 2021–22. After the State experienced a budget shortfall of $54 billion in 2020, the *California Comeback Plan* includes $25 billion in federal relief for an overall budget surplus of $100 billion for the next FY.

As the State continues to respond to the public health emergency, Gov. Newsom's proposed budget expands existing health care programs managed by the Department of Health Care Services (DHCS) and includes several one-time funding proposals. The May Revise proposes a total budget of $267.8 billion, including $196.7 billion General Fund (GF). In comparison with the January Proposed Budget ($227 billion, including $164.5 billion GF), this reflects an increase in spending of nearly 18%.[1] CalOptima's analysis features highlights from the May Revise, including budget provisions for California Advancing and Innovating Medi-Cal (CalAIM), homelessness and the COVID-19 pandemic.

Table 1. California State Budget



Revised State Budget

The budget increases funding for the State's Medi-Cal program to a total of $123.8 billion ($27.6 billion GF).[2] When compared with Medi-Cal funding in the FY 2020–21 Enacted Budget ($115.4 billion ($22.3 billion GF), this represents an increase of nearly 7%.The May Revise also assumes fewer Medi-Cal beneficiaries than estimated in the January Proposed Budget. The Medi-Cal caseload is expected to include approximately 14.5 million total

Back to Agenda

Medi-Cal beneficiaries by 2022, down from 16.1 million. The total caseload is due to the suspension of Medi-Cal eligibility redeterminations, the COVID-19-driven recession and additional data on actual caseload growth.

Behavioral Health for Youth

In response to the ongoing COVID-19 pandemic, the Administration and State Legislature have prioritized behavioral health (BH) services for youth ages 25 and younger. The May Revise includes nearly $3.5 billion in proposed funding with several initiatives focusing on care coordination, prevention and access.[3] This includes implementing an incentive plan through Medi-Cal managed care plans, in partnership with county BH departments, to increase the number of students receiving preventive and early intervention BH services at school:

- $1.7 billion ($1.3 billion American Rescue Plan Act [ARPA])
- $1 billion from ARPA's Coronavirus State Fiscal Recovery Fund
- $431 million ($300 million GF) ongoing for the Children and Youth Behavioral Health Initiative
- $39.2 million GF to assist counties with serving foster youth with complex needs and BH conditions
- $30 million one-time distribution from the Mental Health Services Fund for Mental Health Student Services Act partnership grants
- $23.8 million ongoing GF to provide children aging out of Early Start provisional Lanterman service with eligibility up to age 5
- $12.4 million one-time GF for seven demonstration projects focused on advancing research and developing approaches to treating and preventing Adverse Childhood Experiences (ACEs).

CalAIM

Components of the CalAIM proposal, such as Enhanced Care Management and In Lieu of Services, continue to receive funding in the May Revise, with $1.6 billion ($673 million GF) proposed for FY 2021–22 and $1.5 billion ($746.6 million GF) for FY 2022–23. In comparison with the January Proposed Budget, this reflects an increase of $5 billion for FY 2021–22. With additional funds available, the Administration included three new proposals for CalAIM: Medi-Cal Population Health Management (PHM), Providing Access and Transforming Health (PATH), and a Medically Tailored Meals Pilot Program.[4] Of note, the preliminary PHM proposal allowed individual health plans to develop their own programs. The May Revise specifies PHM would now standardize risk stratifications and quality measures statewide, which would streamline assessments to improve care coordination through CalAIM.

Table 2. CalAIM Proposed Funding

Cost Category	May Revise Estimate
Behavioral Health	$21.8 million
Dental	$113.5 million
Enhanced Care Management	$187.5 million
Incentives	$300.0 million
In Lieu of Services	$47.9 million
Medically Tailored Meals	$9.3 million
Multipurpose Senior Services Program Carve-out	$1.6 million
Organ Transplant Carve-In	$4.7 million
PATH	$200.0 million
Population Health Management	$300.0 million
Specialty Mental Health Services Carve-Out	$-4.8 million
State Operations Funding	$38.9 million
Transitioning Populations	$401.6 million

COVID-19

The State continues to recover from the COVID-19 pandemic-driven recession and public health emergency. As of May 2021, 3.6 million California residents have contracted COVID-19, including nearly 62,000 people who have died.[5] The May Revise highlights the State's ongoing response to the pandemic using state and federal funds, including the most recent $27 billion from ARPA.

The State calculates significant fiscal impacts related to the pandemic, including $5.6 billion in total costs in FY 2020–21 and $12.1 billion in total costs in FY 2021–22. This includes costs for contact tracing, testing, vaccine administration and temporary provider reimbursements.[6]

Table 3. COVID-19 Costs to the State[7]

Cost Category	May Revise Estimate
Community Engagement	$193.3 million
Contact Tracing and Tracking	$233.1 million
Hospital and Medical Surge	$1.2 billion
Hotels for Health Care Workers	$277.9 million
Housing for the Harvest	$24.2 million
Procurements	$2.9 billion
State Response Operations	$2.3 billion
Statewide Testing	$1.8 billion
Support for Vulnerable Populations	$1.7 billion
Vaccine Distribution and Administration	$1.3 billion

Furthermore, DHCS estimates a significant offset in state spending due to increased federal funding from the Families First Coronavirus Response Act that is projected to remain through December 2021 due to the ongoing public health emergency. This specifically includes:

- $4.4 billion in additional FY 2020–21federal funding, offsetting $2.6 billion in GF costs
- $3.6 billion in additional FY 2021–22 federal funding, offsetting $2.3 billion in GF costs

Of note, upon the conclusion of the public health emergency, the May Revise includes one-time funding of $73 million ($36.5 million GF) for FY 2021–22 and FY 2022–23 to resume annual Medi-Cal redeterminations.[8]

Covered Benefits

In addition to proposing the CalAIM initiative, Gov. Newsom suggests the Medi-Cal program expand the list of covered benefits and address issues related to health equity and cultural sensitivity. In response, the May Revise includes the following two new proposals:

- Doula Care: The May Revise includes $403,000 ($152,000 GF) in FY 2021–22 and approximately $4.4 million ($1.7 million GF) annually to add doula services as a Medi-Cal covered benefit, effective January 1, 2022.[9]
- Dyadic Care: The May Revise includes $200 million ($100 million GF) annually to introduce a new statewide Medi-Cal benefit that would provide integrated physical and behavioral health screening and services to the whole family. The goal of providing dyadic care is to improve access to preventive and coordinated care for children, increase rates of immunization completion, offer social-emotional health services, foster developmentally appropriate parenting and promote maternal mental health.[10]

Of note, Proposition 56 directed payments, In-Home Support Services (IHSS) and optional adult Medi-Cal benefits that were scheduled for suspension in 2021 are now proposed to receive ongoing funding and have been removed from the suspension list.

Homelessness

The homeless crisis continued to emerge throughout the pandemic. The State's response with Project Roomkey, and then Project Homekey, was successful at both housing those experiencing homelessness and reducing their risk of contracting COVID-19.[11] The May Revise builds off the January Proposed Budget, increasing homeless services from $2.1 billion to $6.8 billion. This includes $3.5 billion in one-time funds over two years for Project Homekey, with $1 billion specifically targeting those who are experiencing or at risk of homelessness. In total, the May Revise includes $11.9 billion over the next two FYs with a goal of ending homelessness statewide.[12]

Medi-Cal Expansion

Originally proposed in 2019 and suspended due to the pandemic, the May Revise seeks to expand Medi-Cal eligibility to those 60 years or older, regardless of immigration status. This includes $69 million ($50 million GF) in FY 2021–22 and $1 billion ($859 million GF) ongoing to expand Medi-Cal, including IHSS, to undocumented adults ages 60 and older, effective no sooner than May 1, 2022.[13]

The May Revise also includes a five-year Medi-Cal eligibility expansion program for postpartum women. This would extend eligibility for full-scope Medi-Cal from six months to 12 months postpartum. Effective no sooner than April 1, 2022, the May Revise includes $90.5 million ($45.3 million GF) in FY 2021–22 and $362.2 million ($181.1 million GF) annually between FY 2022–23 and FY 2027–28 to implement the expansion.[14]

Medi-Cal Rx

The pharmacy benefit will remain carved-in to managed care through the remainder of this calendar year. However, for budgeting purposes, the Administration anticipates the carve-out will take place no sooner than January 1, 2022. With the current placeholder in the May Revise, the Medi-Cal Rx carve-out is expected to result in ongoing annual savings of $859 million ($309 million GF). Due to the timing of various Medi-Cal Rx transition impacts, the May Revise also assumes temporary costs of $32 million ($14 million GF) in FY 2020–21 and $363 million ($134 million GF) in FY 2021–22.[15] The Administration is still discussing an implementation plan and will provide an update in the coming months.

Telehealth

As part of the Administration's proposal to extend telehealth flexibilities implemented during the pandemic, DHCS will establish audio-only telehealth rates at 65% of the Medi-Cal fee-for-service rate and a comparable alternative to prospective payment system rates for community clinics to maintain an incentive for in-person care. DHCS will consult with stakeholders to establish utilization management protocols for all telehealth services prior to implementation of post-pandemic telehealth services.[16]

Other Medi-Cal Proposals

Gov. Newsom included additional key proposals impacting Medi-Cal within the May Revise:

- Community Health Workers: $16.3 million ($6.2 million GF), increasing to $201 million ($76 million GF) by FY 2026–27, to add community health workers to the class of health workers permitted to provide services to Medi-Cal beneficiaries, effective January 1, 2022.[17]
- Health Information Exchange: $2.5 million GF for the Health and Human Services Agency to lead efforts and stakeholder engagement in building out information exchange for health and social services programs.[18]
- Master Plan for Aging Implementation: An April 1, 2021, proposal included $3.3 million GF ongoing to provide the Department of Aging with policy, project management and information technology leadership necessary to implement the Master Plan for Aging.[19]
- Regional Center Mobile Crisis Teams: $8 million GF in FY 2021–22, increasing to $11 million GF ongoing in FY 2022–23, for Systemic, Therapeutic, Assessment, Resources and Treatment (START) teams. The START teams provide 24-hour crisis prevention and response services to individuals with intellectual or developmental disabilities.[20]

Next Steps

The California State Legislature is constitutionally obligated to pass a balanced budget by June 15, 2021, which must be enacted by the Governor by July 1, 2021. Many of these proposals, such as CalAIM, require additional legislation to implement. CalOptima will continue to closely monitor ongoing budget discussions and provide updates regarding issues that impact the advancement of CalOptima's legislative priorities.

About CalOptima

CalOptima, a county organized health system (COHS), is the single plan providing guaranteed access to Medi-Cal for all eligible individuals in Orange County and is responsible for almost all medical acute services, including custodial long-term care. CalOptima is governed by a locally appointed Board of Directors, which represents the diverse interests that impact Medi-Cal.

Motivation to Get Vaccinated

- It's important to get vaccinated to help protect other members of your family from becoming sick
- Getting vaccinated will allow all families and friends to be able to get back together sooner
- The pandemic can get wiped out with widespread vaccination the same way that polio was stamped out years ago with a vaccine that's still in use today
- The best way to get rid of new strains of COVID-19 is to stop the spread by getting vaccinated
- The best way to avoid the long-term effects of COVID-19 is to avoid it in the first place by being vaccinated

Marketing Tactics

- FY 2021–22 priorities reflect CalOptima's plan to expand marketing reach
  - Within all applicable regulatory requirements
- Further investment is based on health care landscape
- Channels
  - Direct mail
  - Newspapers
  - Radio
  - Television
  - Outdoor
  - Digital advertising
  - Collateral materials
  - Outreach events
  - Promotional items

CalOptima
A Public Agency

Back to Agenda

Medi-Cal

- FY 2021–22 priorities
  - Maintain commitment to CalOptima brand awareness
  - Expand campaigns to a year-round presence
  - Offer continued COVID-19 education
    - Address vaccine safety, hesitancy
    - Respond to changes as pandemic resolves
    - Promote behavioral health resources
  - Launch campaigns that support HEDIS quality performance
  - Support strategic priorities, such as SDOH and health equity

Back to Agenda

OneCare Connect/OneCare

- FY 2021–22 priorities
  - Prepare for upcoming CalAIM-driven transition, with the potential for membership decrease and increased aggressive marketing from competing Medicare Advantage plans
  - Increase advertising efforts to year-round, with emphasis during open enrollment period
  - Add television advertising
  - Increase direct mail outreach
  - Support enrollment events

Back to Agenda

PACE

- FY 2021–22 priorities
  - Respond to competition from two independent PACE organizations in Orange County
  - Refresh the look and feel of marketing materials
  - Boost radio and television, including in multiple languages
  - Provide support for enrollment and retention events
  - Expand outdoor campaign, including new van wraps

Back to Agenda

Next Steps

- Obtain Board approval of agency budget
- Develop and launch specific campaigns within CalOptima's lines of business

REGULAR MEETING
OF THE
CALOPTIMA BOARD OF DIRECTORS

May 6, 2021

A Regular Meeting of the CalOptima Board of Directors was held on May 6, 2021, at CalOptima, 505 City Parkway West, Orange, California and via teleconference (Go-to-Webinar) in light of the COVID-19 public health emergency and consistent with Governor Newsom's executive orders EO-N-25-20 and EO-N-29-20, which temporarily relax the teleconferencing limitations of the Brown Act. Chair Andrew Do called the meeting to order at 2:03 p.m. and Vice Chair Becerra led the Pledge of Allegiance.

ROLL CALL

Members Present: Supervisor Andrew Do, Chair (left at 3:52 p.m.); Isabel Becerra, Vice Chair; Supervisor Doug Chaffee; Clayton Chau, M.D. (non-voting); Clayton Corwin; Mary Giammona, M.D.; Victor Jordan (at 3:10 p.m.); Scott Schoeffel; Nancy Shivers; Trieu Tran, M.D.
(All Board Members participated remotely except Chairman Do and Director Chau, who attended in person)

Members Absent: None.

Others Present: Richard Sanchez, Chief Executive Officer; Gary Crockett, Chief Counsel; Ladan Khamseh, Chief Operating Officer; Nancy Huang, Chief Financial Officer; Sharon Dwiers, Clerk of the Board

PRESENTATIONS/INTRODUCTIONS

None.

MANAGEMENT REPORTS

1. Chief Executive Officer Report

Richard Sanchez, Chief Executive Officer, highlighted several items in his report, including the appointment of Marie Jeannis as Executive Director, Quality and Population Health Management. She had been serving in this position in an interim capacity since February. Mr. Sanchez also reported that CalOptima released its electronic 2021 Report to the Community via email to providers, community partners, and employees. The report is also available on CalOptima's website. He also noted that CalOptima is hosting a California Advancing and Innovating Medi-Cal (CalAIM) stakeholder meeting on May 14, 2021 in preparation to launch CalAIM in January 2022.

2. Chief Medical Officer Updates

Dr. Thanh-Tam Nguyen, Medical Director, provided a COVID-19 update, noting that as of this week, over 198,000 CalOptima members had been vaccinated and of those, approximately 182,680 are eligible to receive vaccine incentives. Dr. Nguyen also noted that CalOptima has been utilizing a texting campaign to reach out to members about the importance of being vaccinated and will also be hosting pop up events at grocery stores and other locations.

Back to Agenda

3. Introduction to the FY 2021-22 CalOptima Budget: Part 2

Nancy Huang, Chief Financial Officer, provided an overview of the FY 2021-22 CalOptima Budget – Part 2 and next steps in the budget planning process, including a presentation with additional details. Ms. Huang noted that there will be an in-depth review and discussion of the proposed budget at the May 20th Finance and Audit Committee meeting ahead of staff returning to the Board with recommendations for approval of the budget at the Board's regular June meeting.

PUBLIC COMMENTS

There were no requests for public comment.

Chairman Do noted that he was dividing the Consent Calendar into three parts due to potential conflicts of interest. The first part included Agenda Items 4, 8, and 12, which he would be presiding over. The second part included Items 6, 9, and 10, to be presided over by Vice Chair Becerra. The third part included Item 7, to be presided over by Director Giammona.

Chairman Do continued Items 5, 11, and 14 with direction to include additional detail in the staff reports. He also deleted Item 15 from the agenda due to it involving a topic being considered by the delivery system ad hoc.

For the record, Director Schoeffel did not participate in any of the Consent Calendar items due to potential conflicts of interest.

CONSENT CALENDAR

4. Minutes

a. Approve Minutes of the April 1, 2021 Regular Meeting of the CalOptima Board of Directors
b. Receive and File Minutes of February 11, 2021 CalOptima Board of Directors' Provider Advisory Committee and the Minutes of the February 11, 2021 CalOptima Board of Directors' Member Advisory Committee

8. Consider Extension of the Professional Services Contracts for Clinics Associated with Providence St. Joseph Healthcare

Vice Chair Becerra did not participate in this item due to her affiliation with the Coalition of Orange County Community Health Centers.

12. Receive and File

a. March 2021 Financial Summary
b. Compliance Report
c. Federal and State Legislative Advocates Reports
d. CalOptima Community Outreach and Program Summary

Action: ***On motion of Supervisor Chaffee, seconded and carried, the Board of Directors approved Consent Calendar Items 4, 8 and 12 as presented. (Motion carried 8-0-0 (except as noted); Directors Jordan and Schoeffel absent)***

Back to Agenda

5. Consider Approval of Modifications to CalOptima Medical Affairs Policies and Procedures
This item was continued for further study.

6. Consider Extension of Ancillary Services Contracts
Chairman Do did not participate in the discussion and vote on this item due to conflicts of interest related to campaign contributions under the Levine Act.

9. Consider Extending Primary Care and Specialist Physician Fee-for-Service Professional Services Contracts Affiliated with Providence St. Joseph Heritage Healthcare and its Affiliates
Chairman Do did not participate in the discussion and vote on this item due to conflicts of interest related to campaign contributions under the Levine Act.

10. Consider Extending Primary Care and Specialist Physician Fee-for-Service Professional Services Contracts, Except Those Associated with Providence St. Joseph Heritage Healthcare and its Affiliates
Chairman Do did not participate in the discussion and vote on this item due to conflicts of interest related to campaign contributions under the Levine Act. Director Tran did not participate in this item due to role as an Orthopedic Surgeon.

Action: ***On motion of Supervisor Chaffee, seconded and carried, the Board of Directors approved Consent Calendar Items 6, 9 and 10 as presented. (Motion carried 6-0-1 (except as noted); Chairman Do abstained; Directors Jordan and Schoeffel absent)***

7. Consider Extension of the Professional Services Contracts for clinics, Except Those Affiliated with Providence St. Joseph Healthcare
Chairman Do did not participate in the discussion and vote on this item due to conflicts of interest related to campaign contributions under the Levine Act. Vice Chair Becerra did not participate in this item due to her affiliation with the Coalition of Orange County Community Health Centers.

Action: ***On motion of Supervisor Chaffee, seconded and carried, the Board of Directors approved Consent Calendar Item 7 as presented. (Motion carried 5-0-1; Chairman Do abstained; Vice Chair Becerra, Directors Jordan and Schoeffel absent)***

11. Consider Adoption of Resolution Approving and Adopting Updated CalOptima Employee Handbook and Human Resources Policy; Consider Authorizing Unbudgeted Sick Leave Expenditures
This item was continued for further study.

REPORTS

13. Consider Adopting Resolutions Authorizing the Appointment of Retired Annuitants to Carry out the Duties and Responsibilities of Medical Directors During the Recruitment to Permanently Fill Vacancies and Ensure Continuity of Services and Prevent the Stoppage of Public Business

Back to Agenda

Staff noted a correction to the recommended action and to the title of Resolution No. 21-0506-02.

Director Schoeffel did not participate in this item due to potential conflicts of interest.

Action: ***On motion of Supervisor Chaffee, seconded and carried, the Board of Directors: 1.) Adopted Resolution No. 21-0506-02, with the changes noted above, approving an exception of the 180-day waiting period, authorizing the hiring of a CalPERS retired annuitant in accordance with Government Code sections 7522.56 and 21221(h), and certifying the nature of the employment of Dr. Donald Sharps; 2.) Authorized the Chief Executive Officer (CEO) to approve and appoint Dr. Donald Sharps prior to the 180-day waiting period as an interim appointment retired annuitant to the vacant position of Medical Director; 3.) Adopted Resolution No. 21-0506-03 authorizing the hiring of a CalPERS retired annuitant in accordance with Government Code section 21222(h) and certifying the nature of the employment of Dr. Richard Helmer; 4.) Authorized the CEO to approve and appoint Dr. Richard Helmer as an interim appointment retired annuitant to the vacant position of Medical Director; 5.) Authorized the CEO, or his designee, to continue the current search for permanent Medical Directors; 6.) Authorized unbudgeted expenditures in an amount up to $71,654 from unspent budgeted funds in the FY2020-21 budget to support the recommended interim appointments through June 30, 2021; and 7.) Corrected the title of Resolution No. 21-0506-02 to strike the language, "To Medical Director Per" at the end of the second sentence and the beginning of the third sentence of the resolution. (Motion carried 7-0-0; Directors Jordan and Schoeffel absent)***

Rev. 5/6/2021

14. Consider Approval of Modifications to CalOptima Policy HH.2003: Health Network and Delegated Entity Reporting

This item was continued for further study.

15. Consider Approval of CalOptima Policy to Establish a Process and Criteria for Health Network Contract Model Changes

The Chair directed staff to delete this item from today's agenda while the Delivery System Board Ad Hoc completes its work.

16. Consider Authorizing Extension of State Legislative Advocacy Services Contract with Edelstein Gilbert Robson & Smith LLC

Action: ***On motion of Director Schoeffel, seconded and carried, the Board of Directors authorized the Chief Executive Officer, with the assistance of Legal Counsel, to extend CalOptima's contract with Edelstein Gilbert Robson & Smith for state legislative advocacy services for one year, per the terms of the current contract, commencing July 1, 2021. (Motion carried 8-0-0; Director Jordan absent)***

Back to Agenda

17. Consider Selecting and Contracting with a Vendor for Federal Advocacy Services

Action: ***On motion of Supervisor Chaffee, seconded and carried, the Board of Directors: 1.) Approved recommended federal advocacy firm Potomac Partners DC to represent CalOptima for federal regulatory and legislative advocacy services; 2.) Authorized the Chief Executive Officer, with the assistance of Legal Counsel, to enter into a contract with the recommended vendor for federal advocacy services at a monthly rate not to exceed $12,500 per month plus approved expenses for the period of May 21, 2021 through June 30, 2024, plus two one-year extension options, each exercisable at CalOptima's sole discretion; and 3.) Authorized expenditures per the terms of the proposed contract. (Motion carried 9-0-0)***

ADVISORY COMMITTEE UPDATES

19. Member Advisory Committee Update

Christine Tolbert, Chair, Member Advisory Committee (MAC), provided an overview of the activities of the MAC including reviewing CalOptima's strategic initiatives, and reviewing a slate of candidates for expiring seats on the MAC. Ms. Tolbert also noted that members of the MAC are considering meeting monthly to better align with the CalOptima Board meetings and the Provider Advisory Committee (PAC) meetings.

20. Provider Advisory Committee Update

Junie Lazo-Pearson, Chair, Provider Advisory Committee (PAC), provided an overview of the PAC activities and reminded the Board of the open invitation to attend future PAC meetings or meetings of any of the Advisory Committees.

CLOSED SESSION

The Board adjourned to Closed Session at 3:17 pursuant to: Government Code section 54956.9, subdivision (d)(1) CONFERENCE WITH LEGAL COUNSEL – EXISTING LITIGATION: Stanford Health Care v. CalOptima et al. SCSC Case No. 21CV375310; Government Code section 54956.9, subdivision (d)(2) CONFERENCE WITH LEGAL COUNSEL – ANTICIPATED LITIGATION: (One Case); Government Code section 54956.87, subdivision (b) HEALTH PLAN TRADE SECRETS: OneCare and OneCare Connect; and Government Code section 54956.8: CONFERENCE WITH REAL PROPERTY NEGOTIATORS, Property: 13300 Garden Grove Blvd, Garden Grove, CA 92843, Agency Negotiators: Justin Hodgdon, David Kluth and Mai Hu, Newmark Knight Frank, Negotiating Parties: Young S. Kim and Soon Y. Kim, Under Negotiation: Price and Terms of Payment.

The Board reconvened in open session at 4:00 p.m. with no reportable action taken in the closed session. The Clerk reestablished a quorum.

ROLL CALL

Members Present: Isabel Becerra, Vice Chair; Supervisor Doug Chaffee; Clayton Chau, M.D. (non-voting); Clayton Corwin; Mary Giammona, M.D.; Victor Jordan; Trieu Tran, M.D.

Back to Agenda

(All Board Members participated remotely except Director Chau, who attended in person)

Members Absent: Supervisor Andrew Do, Chair; Scott Schoeffel; Nancy Shivers

Others Present: Richard Sanchez, Chief Executive Officer; Gary Crockett, Chief Counsel; Nancy Huang, Chief Financial Officer; Sharon Dwiers, Clerk of the Board

Vice Chair Becerra reported that the Board met in closed session to consider several items including CalOptima's OneCare and OneCare Connect bid submissions, and that the Board was now prepared to consider Agenda Item 18.

18. Consider Authorizing the Chief Executive Officer (CEO) to Submit OneCare and OneCare Connect Bid for Calendar Year 2022 and Execute Contract with the Centers for Medicare & Medicaid Services and the California Department of Health Care Services; Authorize the CEO to Amend/Execute OneCare and OneCare Connect Health Network Contracts and Take Other Actions as Necessary to Implement

.

Action: ***On motion of Vice Chair Becerra, seconded and carried, the Board of Directors: 1.) Authorized the CEO to submit the Calendar Year 2022 OneCare bid, make minor changes to the final bid as necessary to address CMS feedback, and execute the OneCare contract with CMS; 2.) Authorized the CEO to submit the OneCare Connect Plan Benefit Package, make any minor changes as necessary to address CMS feedback and execute the three way contract with CMS and DHCS; and 3.) Authorized the CEO to enter into and/or amend the OneCare and OneCare Connect Health Network contracts and take other actions as necessary for implementation. (Motion carried 6-0-0; Chairman Do, Directors Schoeffel, and Shivers absent)***

BOARD MEMBER COMMENTS AND BOARD COMMITTEE REPORTS
None.

Hearing no further business, Vice Chair Becerra adjourned the meeting at 4:04 p.m.

PUBLIC COMMENTS
There were no requests for public comment.

MANAGEMENT REPORTS
1. Chief Financial Officer Report

Nancy Huang, Chief Financial Officer, provided three updates. The first update was on the Medi-Cal Pharmacy benefit transition. Ms. Huang noted that the Department of Health Care Services' (DHCS's) plan to implement the carve out effective April 1, 2021 has been delayed and the state has not yet identified a revised implementation date. Staff will keep the Board updated as we receive more information. The second update was regarding the Hospital Quality Assurance Fee (HQAF) program (SB 239). Ms. Huang reported that, included in CalOptima's January 2021 capitation was $209 million for the HQAF program. Staff expedited payment of these funds to qualified hospitals on February 12, 2021. The third update was on the Request for Proposal (RFP) for Investment Portfolio Manager Services. Ms. Huang reported that staff released a new RFP at the end of January. The last time that

CalOptima conducted a RFP for Investment Portfolio Manager Services was in 2015. She also noted that the evaluation team for this RFP includes CalOptima staff, representatives from Meketa, CalOptima's investment advisory firm, and members of CalOptima CalOptima's Investment Advisory Committee (IAC).

INVESTMENT ADVISORY COMMITTEE UPDATE

2. Treasurer's Report

Ms. Huang presented the Treasurer's Report for the period October 1, 2020 through December 31, 2020. As reported to the Board of Directors' Investment Advisory Committee, she noted that all investments were compliant with Government Code section 53600 *et seq.*, and with CalOptima's Board-approved Annual Investment Policy during that period.

CONSENT CALENDAR

3. Approve the Minutes of the November 19, 2020 Regular Meeting of the CalOptima Board of Directors' Finance and Audit Committee; Receive and File Minutes of the October 19, 2020 Regular Meeting of the CalOptima Board of Directors' Investment Advisory Committee

Action: ***On motion of Director Corwin, seconded and carried, the Committee approved the Consent Calendar as presented. (Motion carried 3-0-0)***

REPORTS

4. Consider Recommending CalOptima Investment Advisory Committee Membership and Chair Reappointments

Action: ***On motion of Director Corwin, seconded and carried, the Committee recommended that the Board of Directors reappoint Patrick Moore: 1) to the Board's Investment Advisory Committee (IAC) for a two-year term effective March 7, 2021; and 2) to serve as Chair of the IAC, for a two-year term beginning March 7, 2021, or until a successor is appointed. (Motion carried 3-0-0)***

5. Consider Recommending that the Board of Directors Authorize Modifications to CalOptima Operations Policies and Procedures

Action: ***On motion of Director Corwin, seconded and carried, the Committee recommended that the Board of Directors: approve modifications to the following policies and procedures: 1.) CMC.4010: Health Network and Primary Care Provider Selection, Assignment and Notification and 2.) MA.4010: Health Network and Primary Care Provider Selection, Assignment and Notification. (Motion carried 3-0-0)***

6. Consider Recommending that the Board of Directors Authorize Modifications to CalOptima Policy FF.4000: Whole-Child Model – Financial Reimbursement for Capitated Health Networks

Director Schoeffel did not participate in this item due to potential conflicts of interest.

Back to Agenda

Action: ***On motion of Director Corwin, seconded and carried, the Committee recommend Board of Directors approval of modifications to CalOptima Policy FF.4000: Whole-Child Model – Financial Reimbursement for Capitated Health Networks (Motion carried 2-0-0; Director Schoeffel absent)***

7. Consider Recommending that the Board of Directors Ratify Budget Reapportionment Changes in the CalOptima Fiscal Year 2019-20 Capital Budget for Various Information System Capital Projects

Director Schoeffel did not participate in this item due to potential conflicts of interest.

Action: ***On motion of Director Corwin, seconded and carried, the Committee recommended that the Board of Directors ratify reapportionment of budgeted funds among capital expense categories for various Information Systems capital projects. (Motion carried 2-0-0; Director Schoeffel absent)***

8. Consider Recommending Board of Directors Ratification and Authorization of Additional Unbudgeted Expenditures Related to Coronavirus (COVID-19) Member Vaccination Incentive Program

Director Schoeffel did not participate in this item due to potential conflicts of interest.

Action: ***On motion of Director Corwin, seconded and carried, the Committee recommended that the Board of Directors: 1.) Ratify and authorize the unbudgeted expenditures in an amount up to $262,500 from existing reserves for mailing member education materials related to the Coronavirus (COVID-19) vaccination; 2.) Authorize unbudgeted expenditures in an amount up to $695,974 from existing reserves for the COVID-19 Member Vaccination Incentive Program (VIP) to include the OneCare and OneCare Connect populations, subject to regulator(s) approval, as necessary; 3.) Authorize the allocation of Intergovernmental Transfer (IGT) 10 funds in an amount not to exceed $221,145 for staffing resources for the COVID-19 Member VIP; and 4.) Authorize funding for staffing resources for the COVID-19 Member VIP prior to CalOptima's receipt of IGT 10 funds from the State of California. (Motion carried 2-0-0; Director Schoeffel absent)***

9. Consider Recommending Board of Directors Ratification and Authorization of Expenditures Related to the Coronavirus Pandemic

Director Schoeffel did not participate in this item due to potential conflicts of interest.

Action: ***On motion of Director Corwin, seconded and carried, the Committee recommended that the Board of Directors ratify and authorize unbudgeted expenditures related to the coronavirus pandemic from existing reserves for emergency purchases in an amount not to exceed $17,925 through June 30, 2021. (Motion carried 2-0-0; Director Schoeffel absent)***

Back to Agenda

10. Consider Recommending Board of Directors Adoption of a Resolution Approving Updates to CalOptima Policy GA. 8058: Salary Schedule and Actions Related to Recommendations from Independent Compensation Consultant Grant Thornton

It was noted that there was a correction in the summary of recommendations on page 9 of the PowerPoint. The third main bullet point and its subpoints that reference the FY2021-22 budget were included in error and should be deleted as they are not included in the recommended actions.

Action: ***On motion of Director Schoeffel, seconded and carried, the Committee recommended that the Board of Directors: 1) Receive Report from independent consultant Grant Thornton on employee compensation and benefits benchmarking and analysis, including Appendix: Custom Peer Groups; 2.) Adopt Resolution approving updated CalOptima Policy GA.8058: Salary Schedule, with the updated Salary Schedule implemented on March 14, 2021; 3.) Authorize the Chief Executive Officer to administer CalOptima compensation practices in accordance with CalOptima policies and Grant Thornton recommendations; and 4.) Direct staff to research deferred compensation plan options and return to the Board with further recommendations. (Motion carried 3-0-0)***

11. Consider Recommending Board of Directors Adoption of Investment Policy Statement for CalOptima's 457(b) Deferred Compensation Plan

Action: ***On motion of Director Corwin, seconded and carried, the Committee recommended that the Board of Directors approve the proposed Investment Policy Statement for CalOptima's 457(b) Deferred Compensation Plan. (Motion carried 3-0-0)***

INFORMATION ITEMS

12. Introduction to FY 2021-22 CalOptima Budget Primer

Ms. Huang provided an overview of the budget details for the next fiscal year.

13. Business Insurance Renewal for Policy Year 2021 Update

Kelly Klipfel, Director, Financial Compliance provided a update on the business insurance renewals for policy year 2021.

14. Request for Proposal for Investment Portfolio Manager

Ms. Huang provided an overview of the Investment Portfolio Manager Request for Proposal.

15. Risk Assessment and Internal Audit Update

Silver Ho, Executive Director, Compliance, introduced CalOptima's consultants from Grant Thornton, who provided and update on CalOptima's risk assessment results and audit plan. They provided an overview of the risk assessment methodology, noting that the purpose of the internal audit function is to perform risk assessments to identify, rank, and calibrate the risks faced by CalOptima, inclusive of evaluating existing controls and procedures. The information obtained from the risk assessment is used to develop a multi-year internal audit plan tailored to CalOptima's unique risk profile. Grant Thornton

staff provided a summary of the risk assessment results, noting that Cyber risk (Information security Cyber breach response), and Information Technology (IT) Asset Management were identified as posing high risk. Grant Thornton staff also provided an overview of the three-year Internal Audit Plan covering 2020 - 2023.

The following Information Items were accepted as presented.

16. December 2020 Financial Summary
17. CalOptima Information Security Update
18. Quarterly Operating and Capital Budget Update
19. Quarterly Reports to the Finance and Audit Committee
    a. Shared Risk Pool Performance
    b. Whole-Child Model Financial Report
    c. Health Homes Financial Report
    d. Reinsurance Report
    e. Health Network Financial Report
    f. Contingency Contract Report

COMMITTEE MEMBER COMMENTS
Committee members thanked staff for their work that went into preparing for the meeting.

CLOSED SESSION
The Finance and Audit Committee adjourned to closed session at 3:25 p.m. pursuant to Government Code section 54956.8: CONFERENCE WITH REAL PROPERTY NEGOTIATIORS Property: 13300 Garden Grove Blvd., Garden Grove, CA 92843 Agency Negotiators: Justin Hodgdon, David Kluth, and Mai Hu, Newmark Knight Frank Negotiating Parties: Young S. Kim and Soon Y. Kim Under Negotiation: Price and Terms of Payment

The Finance and Audit Committee adjourned from closed session at 3:46 p.m., with no reportable action taken.

ADJOURNMENT
With no further business, the Finance and Audit Committee meeting was adjourned at 3:47 p.m.

SPECIAL MEETING
OF THE
CALOPTIMA BOARD OF DIRECTORS'
QUALITY ASSURANCE COMMITTEE

CALOPTIMA
505 CITY PARKWAY WEST
ORANGE, CALIFORNIA

February 25, 2021

A Special Meeting of the CalOptima Board of Directors' Quality Assurance Committee was held on February 25, 2021 at CalOptima, 505 City Parkway West, Orange, California and via teleconference (Go-to-Webinar) in light of the COVID-19 public health emergency and consistent with Governor Newsom's executive orders EO-N-25-20 and EO-N-29-20, which temporarily relax the teleconferencing limitations of the Brown Act.

At 3:05 p.m., Chair Mary Giammona, M.D., announced that Director Tran was running late, and that staff could provide informational updates until he arrived. Sharon Dwiers led the Pledge of Allegiance.

PUBLIC COMMENTS

There were no requests for public comment.

MANAGEMENT REPORTS

1. Chief Medical Officer Update

Emily Fonda, M.D., Interim Chief Medical Officer, reviewed the latest COVID-19 numbers, and reported a snapshot of CalOptima's population at the beginning of the year until the end of December 2020. CalOptima membership totals 806,334; first quarter of 2021 membership is at 818,000, 12,100 are experiencing homelessness of our members and 4148 are confined to long-term care facilities. In addition, close to 2001 members or more have one or more medical conditions that placed them at high risk if they contract a COVID infection. Dr. Fonda also provided information on vaccination efforts to date.

INFORMATION ITEMS

9. Program of All-Inclusive Care for the Elderly Member Advisory Committee Update

Elizabeth Lee, Director, CalOptima PACE, noted that the Program of All-Inclusive Care for the Elderly Member Advisory Committee (PMAC) report is provided in the meeting materials and asked if there were any questions. Ms. Lee also noted that most of the members of the PMAC are PACE members, and they have transitioned to virtual meetings since the pandemic.

10. Quarterly Reports to the Quality Assurance Committee

a. Quality Improvement Committee Report
b. Program of All-Inclusive Care for the Elderly Report
c. Member Trend Report

Back to Agenda

Chair Giammona asked that staff report both raw or absolute grievance counts and per 1,000-members when there is an increase in grievances in future reports.

CALL TO ORDER

A quorum of the Board of Directors' Quality Assurance Committee was achieved at 3:39 p.m.

Members Present: Mary Giammona, M.D., Chair; Trieu Tran, M.D. (via teleconference)

Members Absent: None

Others Present: Richard Sanchez, Chief Executive Officer; Gary Crockett, Chief Counsel, Ladan Khamseh, Chief Operating Officer; Emily Fonda, M.D., Interim Chief Medical Officer; Sharon Dwiers, Clerk of the Board

CONSENT CALENDAR

2. Approve the Minutes of the December 10, 2020 Special Meeting of the CalOptima Board of Directors' Quality Assurance Committee

Action: ***On motion of Director Tran, seconded and carried, the Committee approved the Consent Calendar as presented. (Motion carried 2-0-0)***

REPORTS

Recommended Actions for Agenda Items 3 and 4 were each read into the record and were approved in one motion and vote.

3. Receive and File 2020 CalOptima Quality Improvement Program Evaluation

Esther Okajima, Director, Quality Improvement presented a review of the 2020 Quality Improvement (QI) Program evaluation accomplishments, including: CalOptima receiving recognition by the Department of Health Care Services (DHCS) as the highest performing Medicaid plan in California; CalOptima meeting all DHCS Managed Care Accountability Set (MCAS) measures required to achieve Minimum Performance Level (MPL) in measurement year (MY) 2019; CalOptima completing successful incentive outreach to members in MY 2019 to obtain preventive care, which resulted in improvements for HEDIS, including well-child visits, postpartum care, breast and cervical cancer screening; and CalOptima demonstrating the highest Adverse Childhood Experiences (ACE) screening rate among Managed Care Plans (MCPs). In addition, CalOptima recognized and rewarded outstanding performance of Health Networks and CalOptima Community Network through the comprehensive Board-approved Pay for Value (P4V) performance measurement program; CalOptima extended its Homeless Health Initiative, which included Clinical Field Team (CFT) and Community Health Center (CHC) efforts; CalOptima also implemented a Post-acute Infection Prevention Quality Initiative (PIPQI), as well as participated in the Orange County Nursing Home Infection Program, both of which reduce the spread of COVID-19 and other bacterial, fungal and viral infections; and CalOptima responded to the COVID-19 pandemic. Ms. Okajima also highlighted opportunities for improvement that were identified as part of the 2020 Quality Program and made the following recommendations: develop a comprehensive COVID-19 mitigation strategy;

continue member health rewards incentive programs specifically for preventive screenings; and expand member incentives to promote COVID-19 vaccine acceptance.

4. Consider Recommending Board of Directors Approval of the 2021 Quality Improvement Program and 2021 Quality Improvement Work Plan

Ms. Okajima provided an overview of the proposed 2021 Quality Improvement (QI) Program and 2021 Quality Improvement Work Plan. She noted that much of the 2021 QI Program is based on the 2020 QI Plan Evaluation and that many of the goals for 2021 revolve around COVID-19. These include: aiming for 70% COVID-19 vaccine rate as a stretch goal to ensure member safety during the pandemic; improve members' ability to access primary and specialty care for routine appointments and achieve Accredited rating from the National Committee of Quality Assurance (NCQA) and maintain a NCQA overall rating of 4.0.

Action: ***On motion of Director Tran, seconded and carried, the Committee recommended Board of Directors approval of the 2021 Quality Improvement Program and 2021 Quality Improvement Work Plan. (Motion carried 2-0-0)***

The recommended Actions for Agenda Items 5 and 6 were approved in a single motion and vote.

5. Receive and File 2020 CalOptima Program of All-Inclusive Care for the Elderly Quality Assessment and Performance Improvement Plan Evaluation

Miles Masatsugu, M.D., Medical Director, presented a review of the 2020 Program of All-Inclusive Care for the Elderly (PACE) Quality Assessment and Performance Improvement Plan Evaluation accomplishments during 2020 which included the following: swiftly responding to the COVID-19 pandemic by implementing "PACE without Walls", redesigning the triage and clinical workflow to respond to the pandemic, 98% pneumococcal immunization rate, and 83% influenza immunization.

Action: ***On motion of Director Tran, seconded and carried, the Committee recommended that the Board of Directors Receive and File the 2020 Program of All-Inclusive Care for the Elderly Quality Improvement Plan Annual Evaluation. (Motion carried 2-0)***

6. Consider Recommending Board of Directors Approval of the 2021 CalOptima Program of All-Inclusive Care for the Elderly Quality Improvement Plan

Dr. Masatsugu provided an overview of the proposed 2021 CalOptima PACE Quality Improvement Plan, which includes the following goals: improve quality of care for participants, ensure the safety of clinical care, ensure appropriate access and availability, ensure appropriate use of resources, improve participant experience, and additional focus on COVID-19.

Action: ***On motion of Director Tran, seconded and carried, the Committee recommended Board of Directors approval of the 2021 CalOptima Program of All-Inclusive Care for the Elderly Quality Improvement Plan. (Motion carried 2-0)***

Back to Agenda

7. Consider Recommending Board of Directors Approval of the 2020 CalOptima Utilization Management Program Evaluation and the 2021 CalOptima Utilization Management Program Description

Tracy Hitzeman, Executive Director, Clinical Operations, reviewed the 2020 CalOptima Utilization Management (UM) Program Evaluation accomplishments including: adding a Custom DME Specialist – Physical Therapist who provides in-home assessments for members needing custom DME; and Monitoring nurses to ensure compliance with internal monitoring activities and identification of opportunities for improvement. In addition, CalOptima implemented auto authorization rules for select initial specialty consults, developed enhanced tools and templates to standardize review processes and reinforce UM principles, and enhanced over and underutilization monitoring as corporate-wide initiative. Ms. Hitzeman also provided an overview of the proposed 2021 Utilization Management Program Description. Updates to the program are based on results from the prior year's evaluation and include a COVID-19 focus.

Action: ***On motion of Director Tran, seconded and carried, the Committee recommended Board of Directors approval of the 2020 Utilization Management Program Evaluation and the 2021 Utilization Management Program Description. (Motion carried 2-0)***

8. Consider Recommending Board of Directors Approval of Modifications to Quality Improvement Policies

Action: ***On motion of Director Tran, seconded and carried, the Committee recommended that the Board of Directors approve modifications to the following CalOptima policies pursuant to CalOptima's annual review process: GG.1603: Medical Records Maintenance; GG.1611: Potential Quality Issue Review Process; GG.1615: Corrective Action Plan for Practitioners; and GG.1658: Suspend, Restrict or Terminate Practitioner Participation in CalOptima's Network. (Motion carried 2-0)***

COMMITTEE MEMBER COMMENTS

The Committee members thanked staff for their work.

ADJOURNMENT

Hearing no further business, Chair Giammona adjourned the meeting at 4:49 p.m.

CEO AND MANAGEMENT REPORTS

Chief Executive Officer Update

Richard Sanchez, Chief Executive Officer, welcomed the members of the Board Advisory Committees and updated the members on the current status of COVID-19 and the vaccination efforts that were on-going. He noted that the Third Party Administrator (TPA) for the COVID vaccines had changed to Blue Shield for the State of California. Mr. Sanchez also briefly discussed the CalAIM submission that CalOptima plans to submit by July 2021.

Chief Medical Officer Update

Emily Fonda, M.D., Interim Chief Medical Officer, updated the committees on the current COVID-19 pandemic and discussed the vaccine incentives roll-out, with an emphasis on the homeless population in Orange County.

INFORMATION ITEMS

Facilitated Discussion Regarding Strategic Plan Implementation

Rachel Selleck, Executive Director, Public Affairs and Debra Kegel, Director, Strategic Development discussed CalOptima's Strategic Plan update and the directive from the Board to

the Committees. Ms. Selleck introduced Athena Chapman and Caroline Davis of Chapman Consulting who facilitated a session with all of the committee members in attendance on four initiatives: Health Equity, Social Determinants of Health, Service Delivery Model and Behavioral Health. Committee members participated in a questions and answer dialogue on all four initiatives. Both MAC and PAC will again review these initiatives at their respective April 8, 2021 meetings.

Orange County COVID Response to Older Adult Infections

Helene Calvet, M.D., Deputy Medical Director, Orange County Health Care Agency (OCHCA) and Patty Mouton, Vice President, Alzheimer's Orange County presented on how the OCHCA and Alzheimer's Orange County worked together to open a COVID care unit at the Fairview Developmental Center in Costa Mesa. Teaming together they were able to treat seniors with Alzheimer's and other related dementia who tested positive for COVID-19.

CalAIM Update

Pallavi Patel, Director, Process Excellence presented on the current status of CalAIM. Ms. Patel noted that the CalAIM pilot will begin on January 1, 2022 and will span a five year period through 2027. She noted that CalAIM's main goal was to improve member and provider experience, move Medi-Cal to a more consistent and seamless system and improve quality outcomes, reduce health disparities and drive delivery system transformation and innovation. CalAIM will also expand the Enhanced Care Management (ECM) benefit which intensifies care management and builds on the current Whole Person Care (WPC) pilot and the Health Homes Program (HHP) for high-need Medi-Cal beneficiaries.

Federal and State Legislative Update

Jackie Mark, Sr. Policy Advisory, Government Affairs provided an update on legislative items that were of interest to the committees. She referred the members to the handout in their materials that gave more in-depth information.

COMMITTEE MEMBER UPDATES

OCC MAC Chair Patty Mouton on behalf of the MAC Chair welcomed Linda Adair to the MAC as the new Medi-Cal Beneficiaries Representative and announced that the next regular MAC meeting was scheduled for April 8, 2021 at 2:30 PM. Chair Mouton also reminded everyone that committee recruitment would begin on March 15, 2021.

Chair Mouton also reminded the OCC MAC members that their next meeting was scheduled for April 22, 2021 at 3:00 PM. She also reminded the members about the committee's recruitment also opened on March 15, 2021.

Back to Agenda

PAC Chair Dr. Junie Lazo-Pearson announced that the next PAC meeting was scheduled for April 8, 2021 at 8:00 AM. She also told the PAC that she would be reaching out to the members about presenting at upcoming PAC meetings and also reminded the PAC members about the upcoming recruitment.

Chair Patty Mouton on behalf of WCM FAC Chair announced that the next WCM FAC meeting would be held on April 27, 2021 at 9:30 AM. She also reminded the members about the upcoming recruitment and asked the members to assist with the recruitment of Authorized Family Member Representatives.

ADJOURNMENT

There being no further business before the Committees, OCC MAC Chair Mouton adjourned the meeting at 11:35 a.m.

CEO AND MANAGEMENT REPORTS

Chief Executive Officer Report

Richard Sanchez, Chief Executive Officer, announced that Emily Fonda, M.D. had been named CalOptima's Chief Medical Officer. Mr. Sanchez also provided an update on COVID vaccines and noted that Blue Shield was now acting as the state's third party administrator for vaccine distribution. He also noted that CalOptima was continuing to work closely with the County on vaccine distribution.

Chief Operating Officer Report

Ladan Khamseh, Chief Operating Officer, provided an update on the current status of the draft policy intended to address health network model changes that was discussed at the August 2020 Board meeting. Ms. Khamseh noted that the policy included draft language that is intended to define the criteria and provides the process for CalOptima's health networks to submit requests for contract model changes. She also noted that staff was preparing to submit this policy for board consideration at the May 6, 2021 Board of Director's meeting.

Chief Financial Officer Report

Nancy Huang, Chief Financial Officer (CFO), presented a financial update to the PAC and reviewed the enrollment projection by all lines of business and also discussed the anticipated Medi-Cal revenue impact to the FY 2021-2022 CalOptima budget. Ms. Huang also reviewed budget timelines with the committee and budget considerations that included fee-for-service reimbursements and health network capitations.

INFORMATION ITEMS

COVID–19 Update

Dr. Fonda provided an update on CalOptima's COVID-19 Vaccine and Member Outreach Strategy and CalOptima's outreach efforts to approximately 806,000 CalOptima members. She noted that over 9,350 gift cards had been sent to members as an incentive for getting vaccinated. She also discussed the vaccine initiatives for members experiencing homelessness and referenced a number of myths circulating about the vaccines.

Back to Agenda

CalOptima 2020-2022 Strategic Plan Discussion

Rachel Selleck, Executive Director, Public Affairs, jointly presented with Claudia Magee, Manager, Strategic Development, and Bárbara Kidder García, Program/Policy Analyst, Sr., on the feedback received from the advisory committee's joint meeting on March 11, 2021. They discussed the feedback that had been received from the advisory committees on Health Equity, Social Determinants of Health, Service Delivery Model, Behavioral Health and other categories to solicit further feedback from the PAC on the FY 2020-2022 Strategic Plan update prior to finalizing their report for the Board.

Federal and State Legislative Update

Rachel Selleck also provided an update on several legislative items of interest to the committee and referred the committee to the handout that they had received in their meeting materials including the CalOptima's Legislative Platform and Legislative Priorities brochure.

Share Our Selves (SOS): Continuing A Legacy of Providing Comprehensive Safety Net Services

Christy Ward, Chief Executive Officer of Share Our Selves (SOS), presented on how SOS is helping the Orange County community during COVID-19 and how SOS is assisting in the vaccination effort of Orange County's homeless population.

PAC Member Updates

Chair Lazo-Pearson noted that PAC's annual recruitment for seats that expire on June 30, 2021 would conclude on April 15, 2021 for the following seats: Allied Health Services Representative, Behavioral/Mental Health Representative, Health Network Representative and Nurse Representative. Chair Lazo-Pearson requested that an ad hoc be formed to assist Vice Chair Nishimoto in reviewing the incoming PAC applications for the expiring seats. Teri Miranti and Christi Ward agreed to serve on this ad hoc. She also noted that the next meeting would be May 13, 2021where the PAC would be approving their FY 2021-2022 meeting schedule and would consider a recommendation from the nominations ad hoc on PAC's slate of candidates.

ADJOURNMENT

Hearing no further business, Chair Lazo-Pearson adjourned the meeting at 9:45 a.m.

PUBLIC COMMENT

There were no public comments.

CEO AND MANAGEMENT REPORTS

Chief Operating Officer Report

Ladan Khamseh, Chief Operating Officer updated the MAC members on the current status of the draft policy intended to address health network model changes that was discussed at the August 2020 Board meeting. Ms. Khamseh noted that the policy included draft language that is intended to define the criteria and provided the process for health networks to submit requests for contract model changes. She also noted that staff plans to prepare and submit this policy for board consideration at the May 2021 Board meeting.

INFORMATION ITEMS

MAC Member Updates

Chair Tolbert announced that MAC will hold a special meeting on May 13, 2021to approve a recommendation for the MAC slate of candidates from the current MAC recruitment that would be ending on April 15, 2021 asked for two members to assist her in reviewing and scoring applicants for seats that expire on June 30, 2021. Members Sally Molnar and Patty Mouton agreed to participate on the ad hoc committee. Chair Tolbert also directed staff to draft up a second meeting schedule that would have MAC meet monthly with the exception of January and July.

COVID-19 Update

Emily Fonda, M.D., Chief Medical Officer, provided a COVID-19 update and discussed the on-going vaccine efforts that were currently in progress. Dr. Fonda noted that over 9,350 gift cards had been distributed to CalOptima members as an incentive for getting their vaccine. Dr. Fonda also discussed the vaccine initiatives for those members who are homeless and addressed the myths that were circulating about the vaccines.

CalOptima 2020-2022 Strategic Plan Discussion

Rachel Selleck, Executive Director, Public Affairs, jointly presented with Claudia Magee, Manager, Strategic Development, and Bárbara Kidder García, Program/Policy Analyst, Sr., on the feedback on the topic of the FY 2020-2022 Strategic Plan update received from the March 11, 2021 joint meeting of the advisory committees and the direction to solicit additional feedback on Health Equity, Social Determinants of Health, Service Delivery Model and Behavioral Health as well as other service categories feedback from the MAC prior to finalizing the report.

Chair Tolbert at this time rearranged the agenda to hear VI.E Federal and State Legislative Update before continuing to the Family Support Network presentation.

Back to Agenda

Federal & State Legislative Update

Rachel Selleck also provided an update on several legislative items of interest to the committee and referred the committee to the handout that they had received in their meeting materials including the CalOptima's Legislative Platform and Legislative Priorities.

Family Support Network

Maura Byron, Executive Director, Family Support Network and current MAC member presented on how the Family Support Network offered resources and advocacy for families and children with social, emotional, intellectual and physical needs so they could achieve their full potential by offering programs to empower families to be the best versions of themselves.

ADJOURNMENT

Hearing no further business, Chair Tolbert adjourned the meeting at 4:30 p.m.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

5. Consider Authorizing and Directing Execution of an Amendment to Agreement 16-93274 with the California Department of Health Care Services in Order to Continue Operation of the OneCare Program

Contacts

Richard Sanchez, Chief Executive Officer, (657) 900-1481
TC Roady, Interim Executive Director of Compliance, (714) 796-6122

Recommended Action

Authorize and direct the Chairman of the Board of Directors (Chairman) to execute an Amendment to Agreement 16-93274 between CalOptima and the California Department of Health Care Services (DHCS) in order to continue operation of the OneCare program.

Background

As a County Organized Health System (COHS), CalOptima contracts with the DHCS to provide health care services to Medi-Cal beneficiaries in Orange County. In January 2009, CalOptima entered into a new five (5) year Primary Agreement with the DHCS. Amendments to the Primary Agreement are summarized in the attached appendix, including Amendment 49, which extends the agreement through December 31, 2021. The Primary Agreement contains, among other terms and conditions, the payment rates CalOptima receives from DHCS to provide health care services. Until 2016, the Primary Agreement included language that incorporated provisions related to Medicare Improvements for Patients and Providers Act (MIPPA)-compliant contracts and eligibility criteria for Dual Eligible Special Needs Plans (D-SNPs).

In 2016, DHCS extracted the MIPPA-compliant language from the Primary Agreement and placed it in a standalone agreement, Agreement 16-93274. The Chairman executed that agreement, an action that was ratified during the August 2016 meeting of the Board.

Subsequently, the Chairman has executed four amendments to the agreement pursuant to Board authority. Agreement 16-93274 is set to terminate on December 31, 2021. The agreement contains no rates of payment.

Discussion

Amendment to Agreement 16-93274

On April 1, 2021, DHCS provided managed care plans (MCPs), including CalOptima, with a draft amendment to extend Agreement 16-93274 through December 31, 2023.

The Centers for Medicare & Medicaid Services (CMS) requires that plans renewing their D-SNP programs must submit evidence of a MIPPA-compliant Medicaid contract for the 2022 contract year no later than July 1, 2021. Executing Amendment 05 (A-05) to Agreement 16-93274 is required in order

Back to Agenda

for CalOptima to meet CMS's filing requirements, and to continue to operate CalOptima's D-SNP (OneCare) in contract year 2022. CalOptima has requested that DHCS send the final amendment to CalOptima as soon as possible in order to allow for immediate signature by CalOptima and prompt return to DHCS for counter-signature.

The amendment contains language changes in addition to the extension of the expiration date. DHCS has only shared boilerplate contract amendments with CalOptima at this time. If the final contract amendment is not consistent with staff's understanding as presented in this document, or if it includes substantive and unexpected language changes, staff will return to the Board of Directors for further consideration.

What follows is a description of the changes contained within Agreement 16-93274.

Section/Provision:	**Updates to Provision:**
Exhibit A - SCOPE OF WORK	
1. Care Coordination	• Clarifies care coordination procedures language.
2. All Plan and Policy Letters	• Clarifies that when there are inconsistencies in DHCS Medi-Cal Program All Plan and Policies Letter with Medicare requirements, Medicare takes precedence.
3. Coverage Area and Eligible Beneficiaries	• Updates language to further clarify that dual eligible beneficiaries with a share of cost who reside in long term care facilities and are continuously certified are eligible for coverage under the D-SNP.
5. Member Billing Prohibitions	• Adds language to strengthen balance billing protections for members and plan's delegates.
7. Medi-Cal and Medicare Eligibility Verification	• Deletes the D-SNP's responsibility to confirm all applicable Medicare Advantage *special needs criteria* are met, based on D-SNP type. • Adds requirement to ensure appropriate training of Plan staff to use Medi-Cal eligibility verification systems.
8. Contract Term	• Extends the contract term through December 31, 2023.
11. CMS Documentation	• Updates the type of CMS documentation that is required to be submitted to DHCS to include the D-SNP's Model of Care and a list of approved Supplemental Benefits.
Exhibit D(F) SPECIAL TERMS AND CONDITIONS	
9. Federal Contract Funds	• Removes outdated Federal Contract Funds language.
Exhibit E, Attachment 2 PROGRAM TERMS AND CONDITIONS	
1. Governing Law	• Removes outdated Balanced Budget Act language.
9. Prohibition Against Subcontracts	• Removes Prohibition Against Subcontracts language.
27. Untitled Section	• Updates the Discrimination grievance processing requirement references.

Back to Agenda

Fiscal Impact
The recommended action to execute Amendment 05 to Agreement 16-93274 between CalOptima and DHCS is projected to be budget neutral.

Rationale for Recommendation
CalOptima's execution of Amendment 05 (A-05) to the Agreement 16-93274 with the DHCS is necessary to ensure that CalOptima meets CMS requirements in order for CalOptima to operate the OneCare program during 2022 and 2023.

Concurrence
Gary Crockett, Chief Counsel

APPENDIX TO AGENDA ITEM 5

The following is a summary of amendments to the Primary Agreement approved by the CalOptima Board of Directors (Board) to date:

Amendments to Primary Agreement	Board Approval
A-01 provided language changes related to Indian Health Services, home and community-based services, and addition of aid codes effective January 1, 2009.	October 26, 2009
A-02 provided rate changes that reflected implementation of the gross premiums tax authorized by AB 1422 (2009) for the period January 1, 2009, through June 30, 2009.	October 26, 2009
A-03 provided revised capitation rates for the period July 1, 2009, through June 30, 2010; and rate increases to reflect the gross premiums tax authorized by AB 1422 (2009) for the period July 1, 2009, through June 30, 2010.	January 7, 2010
A-04 included the necessary contract language to conform to AB X3 (2009), to eliminate nine (9) Medi-Cal optional benefits.	July 8, 2010
A-05 provided revised capitation rates for the period July 1, 2010, through June 30, 2011, including rate increases to reflect the gross premium tax authorized by AB 1422 (2009), the hospital quality assurance fee (QAF) authorized by AB 1653 (2010), and adjustments for maximum allowable cost pharmacy pricing.	November 4, 2010
A-06 provided revised capitation rates for the period July 1, 2010, through June 30, 2011, for funding for legislatively mandated rate adjustments to Long Term Care facilities effective August 1, 2010; and rate increases to reflect the gross premiums tax on the adjusted revenues for the period July 1, 2010, through June 30, 2011.	September 1, 2011
A-07 included a rate adjustment that reflected the extension of the supplemental funding to hospitals authorized in AB 1653 (2010), as well as an Intergovernmental Transfer (IGT) program for Non-Designated Public Hospitals (NDPHs) and Designated Public Hospitals (DPHs).	November 3, 2011
A-08 provided revised capitation rates for the period July 1, 2010, through June 30, 2011, for funding related to the Intergovernmental Transfer (IGT) Agreement between CalOptima and the University of California, Irvine.	March 3, 2011
A-09 included contract language and supplemental capitation rates related to the addition of the Community Based Adult Services (CBAS) benefit in managed care plans.	June 7, 2012

Back to Agenda Back to Item

A-10 included contract language and capitation rates related to the transition of Healthy Families Program (HFP) subscribers into CalOptima's Medi-Cal program	December 6, 2012
A-11 provided capitation rates related to the transition of HFP subscribers into CalOptima's Medi-Cal program.	April 4, 2013
A-12 provided capitation rates for the period July 1, 2011 to June 30, 2012.	April 4, 2013
A-13 provided capitation rates for the period July 1, 2012 to June 30, 2013	June 6, 2013
A-14 extended the Primary Agreement until December 31, 2014	June 6, 2013
A-15 included contract language related to the mandatory enrollment of seniors and persons with disabilities, requirements related to the Balanced Budget Amendment of 1997 (BBA) and Health Insurance Portability and Accountability Act (HIPAA) Omnibus Rule	October 3, 2013
A-16 provided revised capitation rates for the period July 1, 2012, through June 30, 2013 and revised capitation rates for the period January 1, 2013, through June 30, 2014 for Phases 1, 2 and 3 transition of Healthy Families Program (HFP) children to the Medi-Cal program	November 7, 2013
A-17 included contract language related to implementation of the Affordable Care Act, expansion of Medi-Cal, the integration of the managed care mental health and substance use benefits and revised capitation rates for the period July 1, 2013 through June 30, 2014.	December 5, 2013
A-18 provided revised capitation rates for the period July 1, 2013, through June 30, 2014.	June 5, 2014
A-19 extended the Primary Agreement until December 31, 2015 and included language that incorporates provisions related to **Medicare Improvements for Patients and Providers Act** (MIPPA)-compliant contracts and eligibility criteria for Dual Eligible Special Needs Plans (D-SNPs)	August 7, 2014
A-20 provided revised capitation rates for the period July 1, 2012, through June 30, 2013, for funding related to the Intergovernmental Transfer (IGT) Agreement between CalOptima and the University of California, Irvine and Optional Targeted Low-Income Child Members	September 4, 2014
A-21 provided revised 2013-2014 capitation rates.	November 7, 2013
A-22 revised capitation rates for Fiscal Year (FY) 2013-14 and added an aid code to implement Express Lane/CalFresh Eligibility	November 6, 2014
A-23 revised ACA 1202 rates for January – June 2014, established base capitation rates for FY 2014-2015, added an aid code related to the OTLIC and AIM programs, and contained language revisions related to supplemental payments for coverage of Hepatitis C medications.	December 4, 2014
A-24 revises capitation rates to include SB 239 Hospital Quality Assurance Fees for the period January 1, 2014 to June 30, 2014.	May 7, 2015
A-25 extends the contract term to December 31, 2016. DHCS is obtaining a continuation of the services identified in the original agreement.	May 7, 2015

A-26 adjusts the 2013-2014 Intergovernmental Transfer (IGT) rates.	May 7, 2015
A-27 adjusts 2013-2014 capitation rates for Optional Expansion and SB 239.	May 7, 2015
A-28 incorporates language requirements and supplemental payments for BHT into primary agreement.	October 2, 2014
A-29 added optional expansion rates for January- June 2015; also added updates to MLR language.	April 2, 2015
A-30 incorporates language regarding Provider Preventable Conditions (PPC), determination of rates, and adjustments to 2014-2015 capitation rates with respect to Intergovernmental Transfer (IGT) Rate Range and Hospital Quality Assurance Fee (QAF).	December 1, 2016
A-31 extends the Primary Agreement with DHCS to December 31, 2020.	December 1, 2016
A-32 incorporates base rates for July 2015 to June 2016 with Behavioral Health Treatment (BHT) and Hepatitis–C supplemental payments, and Partial Dual/Medi-Cal only rates, and added aid codes 4U, and 2P–2U as covered aid codes.	February 2, 2017
A-33 incorporates base rates for July 2016 to June 2017.	February 2, 2017
A-34 incorporates revised Adult Optional Expansion rates for January 2015 to June 2015. These rates were revised to include the impact of the Hospital Quality Assurance Fee (HQAF) required by Senate Bill (SB) 239.	June 1, 2017
A–35 incorporates Managed Long–Term Services and Supports (MLTSS) into CalOptima's Primary Agreement with the DHCS.	March 6, 2014 February 2, 2017
A–36 incorporates revised base rates for July 2015 to June 2016.	December 7, 2017
A–37 incorporates revised base rates for July 2016 to June 2017.	February 7, 2019
A–38 incorporates full dual rates for Calendar Year (CY) 2015	August 1, 2019
A–39 incorporates full dual rates for Calendar Year (CY) 2016	August 1, 2019

A–43 incorporates revises Hospital Quality Assurance Fee (HQAF) rates for January 1, 2017 to June 30, 2017.	August 1, 2019
A-44 incorporates full dual rates for Calendar Year (CY) 2017.	August 1, 2019
A-46 incorporates full dual rates for Calendar Year (CY) 2018.	August 1, 2019
A-47 incorporates full dual rates for Calendar Year (CY) 2019.	October 1, 2020
A-49 extends the Primary Agreement with DHCS to December 31, 2021	November 5, 2020

The following is a summary of amendments to the Secondary Agreement approved by the CalOptima Board of Directors (Board) to date:

Amendments to Secondary Agreement	Board Approval
A-01 implemented rate amendments to conform to rate amendments contained in the Primary Agreement with DHCS (08-85214).	July 8, 2010
A-02 implemented rate adjustments to reflect a decrease in the statewide average cost for Sensitive Services for the rate period July 1, 2010 through June 30, 2011.	August 4, 2011
A-03 extended the term of the Secondary Agreement to December 31, 2014.	June 6, 2013
A-04 incorporates rates for the periods July 1, 2011 through June 30, 2012, and July 1, 2012 through June 30, 2013 as well as extends the current term of the Secondary Agreement to December 31, 2015	January 5, 2012 (FY 11-12 and FY 12-13 rates) May 1, 2014 (term extension)
A-05 incorporates rates for the periods July 1, 2013 through June 30, 2014, and July 1, 2014 through June 30, 2015. For the period July 1, 2014 through June 30, 2015, Amendment A-05 also adds funding for the Medi-Cal expansion population for services provided through the Secondary Agreement.	December 4, 2014
A-06 incorporates rates for the period July 1, 2015 onward. A-06 also extends the term of the Secondary Agreement to December 31, 2016.	May 7, 2015 (term extension) Ratification of rates requested April 7, 2016
A-07 extends the Secondary Agreement with the DHCS to December 31, 2020.	December 1, 2016
A–08 incorporates Adult & Family/Optional Targeted Low–Income Child and Adult Expansion rates for July 2016 to June 2017 and July 2017 to June 2018.	December 6, 2018
A-10 extends the Secondary Agreement with DHCS to December 31, 2021	November 5, 2020

The following is a summary of amendments to Agreement 16-93274 approved by the CalOptima Board of Directors (Board) to date:

Amendments to Agreement 16-93274	Board Approval
A-01 extends the Agreement 16-93274 with DHCS to December 31, 2018.	August 3, 2017
A–02 extends the Agreement 16–93274 with DHCS to December 31, 2019	June 7, 2018
A–03 extends the Agreement 16–93274 with DHCS to December 31, 2020	May 2, 2019
A–04 extends the Agreement 16–93274 with DHCS to December 31, 2021	June 4, 2020

The following is a summary of amendments to Agreement 17–94488 approved by the CalOptima Board of Directors (Board) to date:

Amendments to Agreement 17-94488	Board Approval
A-01 enables DHCS to fund the development of palliative care policies and procedures (P&Ps) to implement California Senate Bill (SB) 1004.	December 7, 2017

Exhibit A
SCOPE OF WORK

CCI Non-Cal MediConnect D-SNPs

1. Service Overview

This contract is being executed with this Contractor that is a Dual Eligible Special Needs Plan (D-SNP).

D-SNP Contractor agrees to provide to the Department of Health Care Services (DHCS) the services described herein:

Care coordination of the Medi-Cal benefits and services provided to eligible Medi-Cal beneficiaries but which are not covered by the Medicare Advantage health plan under whose authority the D-SNP Contractor operates. These Medi-Cal benefits and services are defined in the contents of this D-SNP Contract.

2. Project Representatives

A. The project representatives during the term of this D-SNP Contract will be:

Department of Health Care Services	**D-SNP Contractor**
Managed Care Operations Division (MCOD) Attn: Chief, Managed Care Systems and Support Services Branch	California Attn:, President
Telephone: (916) 449-5000 Fax: (916) 449-5090	Telephone: Email:

B. Direct all inquiries to:

Department of Health Care Services	**D-SNP Contractor**

Back to Agenda Back to Item

Exhibit A
SCOPE OF WORK

C. Either party may make changes to the information above by giving written notice to the other party. Said changes shall not require an amendment to this D-SNP Contract.

3. See the following attachments for a detailed description of the services to be performed

Exhibit A
SCOPE OF WORK

1. Care Coordination

This D-SNP Contract is a care coordination agreement. D-SNP Contractor is responsible for coordinating the delivery of all benefits covered by both Medicare and Medi-Cal, including when Medi-Cal benefits are delivered via Medi-Cal Fee-For-Service (FFS), managed care, or other Medi-Cal delivery systems. **The D-SNP shall coordinate Medi-Cal benefits with Medi-Cal payers responsible for specialized Medi-Cal benefit provision to enrollees, including services listed below. Coordination of these benefits shall occur when necessary and appropriate.** D-SNP Contractor is responsible for coordinating the Member's Medicare and Medi-Cal benefits including, but not limited to, discharge planning, disease management, and care management. **Coordination of Medicaid benefits is not the enrollee's responsibility.** D-SNP Contractor shall:

A. Develop and implement care coordination procedures that are submitted to and approved by DHCS for referral and coordination of care for Members who receive benefits and services through either the Medi-Cal managed care or FFS programs. Medi-Cal benefits and services requiring referral and coordination of care by D-SNP Contractor are outlined in Exhibit H.

   1) For Medi-Cal managed care Members, Contractor's D-SNP will contact the Member's Medi-Cal managed care plan for provider information and for the coordination of Medi-Cal managed care covered benefits. Managed care health plan contact information can be found at the following link: http://www.dhcs.ca.gov/individuals/Pages/MMCDHealthPlanDir.aspx;

   2) For Medi-Cal FFS Members, Contractor's D-SNP will contact Medi-Cal for provider information and the coordination of Medi-Cal FFS benefits. Medi-Cal contact information can be found at the following link: http://www.medi-cal.ca.gov/contact.asp;

   3) For coordination of behavioral health services, Contractor's D-SNP will contact the Member's Medi-Cal managed care health plan and/or the county mental health plans for provider information and the coordination of behavioral health services. County mental health plan contact information can be found at the following link: http://www.dhcs.ca.gov/individuals/Pages/MHPContactList.aspx;

   4) For coordination of In-Home Supportive Services (IHSS) benefits, Contractor's D-SNP will contact the County IHSS Office. County IHSS Office contact information can be found at https://www.cdss.ca.gov/inforesources/county-ihss-offices; and

Back to Agenda Back to Item

5) For coordination of Medi-Cal Dental benefits, Contractor's D-SNP will contact the DHCS Dental Administrative Service Organization (ASO) for provider information and the coordination of dental benefits. ASO contact information can be found at the following link: http://www.denti-cal.ca.gov/WSI/contact.jsp?fname=ContactInfo.

B. Make a referral to DHCS for follow-up and possible provision of Medi-Cal benefits or services, when a Member requests or D-SNP Contractor determines a Member may need a Medi-Cal benefit or service that is not covered by D-SNP Contractor.

C. D-SNP Contractor is not responsible for the provision of, or paying reimbursement for, any Medi-Cal benefits. D-SNP Contractor shall maintain a current knowledge and familiarity of Medi-Cal benefits through ongoing reviews of California laws, rules, policies, and further guidance as posted on the ~~California Department of Health Care Services (~~DHCS~~)~~ website. D-SNP Contractor shall timely coordinate Medi-Cal benefits and services requiring referral and coordination of care as outlined in Exhibit H for its Enrolled Dual Eligible Members under this Contract.

This Provision details D-SNP Contractor's specific Medicare-Medi-Cal care coordination requirements. Medi-Cal Covered Services are described in Title XIX of the Social Security Act, 42 CFR sections 440 and 441, the California Medicaid State Plan, Section 3.2, Provision 1 of this Attachment, the DHCS and Medi-Cal websites, and other relevant materials.

D. D-SNP Contractor will provide a report via SFTP in Excel format to DHCS on a monthly basis by the close of business on the sixth business day after the end of the reporting month. The report will contain all Dual Eligible Member admissions to a hospital or Skilled Nursing Facility (SNF) for any reason. Reports will include:

1) Beneficiary Demographic Information

a) First Name, Last Name

b) Medicare Beneficiary Identifier (MBI)

c) Date of Birth

d) Client Index Number (CIN) – if available

2) Inpatient Admissions

a) Date of Notification

b) Date of Admission

c) Admitting Facility – if available

d) Admitting Cause/Diagnosis – if available

e) Type of Admission (e.g., emergency versus directed)

f) Care Manager (provider, social worker, caseworker – if available)

3) Skilled Nursing Facility (SNF) Admissions

a) Date of Notification

b) Date of Admission

c) Admitting Facility – if available

d) Admitting Cause/Diagnosis – if available

e) Type of Admission (e.g., emergency versus directed)

f) Care Manager (provider, social worker, caseworker – if available)

4) Discharge Planning Documents (if available)

a) Discharge date and time

b) Discharge disposition

c) Discharging Facility

d) Discharge diagnosis

e) Discharge instructions

E. D-SNP Contractor will provide a summary report via SFTP to DHCS on a semi-annually basis, due July 31 and January 31 for the previous six-month period, to DHCS for Dual Eligible Members hospitalized or in a skilled nursing facility. D-SNP Contractor's report shall include the following:

Exhibit A
SCOPE OF WORK

1) Number and percentage of population hospitalized;

2) Percentage of population having care coordination prior to hospitalization;

3) Number and percentage of populations offered care coordination following hospitalization;

4) Number and percentage of population accepting care coordination;

5) Number and percentage of populations readmitted from the prior year;

6) Average length of stay;

7) Number discharged from hospital to community;

8) Number discharged from hospital to SNF;

9) Number discharged from hospital to other Facility:

10) Number discharged from SNF to community;

11) Number discharged from SNF to other Facility:

In the event that D-SNP Contractor authorizes another entity or entities to perform this notification, D-SNP Contractor must retain responsibility for complying with this requirement.

2. All Plan and Policy Letters

In addition to the terms and conditions of this Contract. D-SNP Contractor shall comply with All Plan Letters (APLs) and Policy Letters (PLs), including but not limited to APL 12-001 and 13-003, as well as any subsequent APLs, PLs, or updates, departmental updates regarding D-SNP policies for the duration of the Duals Demonstration Project in connection with Coordinated Care Initiative (CCI) counties, all of which are incorporated by reference into this D-SNP Contract.

In the event that an APL conflicts with Medicare requirements or regulations, the Medicare requirements and regulations take precedence.

3. Coverage Area and Eligible Beneficiaries

A. Contractor's D-SNP in the following CCI county may enroll the Dual

Back to Agenda Back to Item

Exhibit A
SCOPE OF WORK

Eligible Beneficiaries identified in Paragraphs B and C, subject to the eligibility limitations applicable to the CCI county:

Los Angeles County

B. In CCI counties, beneficiaries eligible for coverage under this D-SNP Contract shall be limited to the following:

1) Dual Eligible Beneficiaries who are eligible for enrollment in a Full Benefit D-SNP or who are enrolled in the Contractor's D-SNP as of December 31, 2014;

2) Dual Eligible Beneficiaries who are eligible for enrollment in a Full Benefit D-SNP or who are excluded from enrollment into Cal MediConnect as follows:

a) Individuals under the age of 21;

b) Individuals with other private or public health insurance;

c) Developmentally Disabled (DD) beneficiaries receiving services through a Department of Developmental Services 1915(c) waiver, regional center, or state developmental center;

d) Individuals with a share of cost ~~- in community and not~~ **who reside in a long term care facility and are** continuously certified;

e) Individuals residing in one of the Veterans' Homes of California;

f) Individuals residing in an excluded zip code per the Memorandum of Understanding (MOU) between the State and the Centers for Medicare and Medicaid Services (CMS); and

g) Beneficiaries in the following 1915(c) waiver:

i. Nursing Facility/Acute Hospital Waiver;

ii. HIV/AIDS Waiver;

iii. Assisted Living Waiver; and

iv. In-Home Operations Waiver.

h) Intermediate Care Facility - DD Residents.

Back to Agenda Back to Item

3) Dual Eligible Beneficiaries who were Members in Contractor's D-SNP as of December 31, 2014, who enroll in Cal MediConnect after December 31, 2014 and choose to disenroll from Cal MediConnect, may return to Contractor's D-SNP.

4) A Member enrolled in Contractor's D-SNP in a non-CCI county, regardless of enrollment date, who moves during the duration of the CCI Demonstration to a CCI county also covered by Contractor's D-SNP, may remain enrolled in Contractor's D-SNP.

C. In non-CCI counties, all Dual Eligible Beneficiaries eligible for enrollment in a Full Benefit D-SNP may enroll in Contractor's D-SNP.

4. Certification and Enrollment Reporting

A. D-SNP Contractor shall submit to DHCS a certification, signed by the Chief Operations Officer or similar executive officer, that attests to the number of Members enrolled in Contractor's D-SNP as of January 1, 2017.

B. By the fifth working day of each month during the term of the D-SNP Contract, D-SNP Contractor shall submit a report, signed by the Chief Operations Officer or similar executive officer, to DHCS summarizing the previous month's Enrollment numbers.

5. Member Billing Prohibitions

A. D-SNP Contractor and its contracted providers are prohibited from imposing cost-sharing requirements on Dual Eligible Members that would exceed the amounts permitted under the California Medicaid State Plan, Section 1852(a)(7) of the Act, and 42 CFR section 422.504(g)(1)(iii). D-SNP Contractor shall not bill a Dual Eligible Member with QMB benefits for Medicare cost sharing amounts, including deductibles, coinsurance, and copayments, in accordance with Section 1902(n)(3)(B) of the Social Security Act.

B. **Section 1902(n)(3)(B) of the Social Security Act prohibits a Medicare provider from billing a Dual Eligible Member with QMB benefits for Medicare cost sharing amounts, including deductibles, coinsurance, and copayments.** A Dual Eligible Member with QMB benefits has no legal obligation to make further payment to a provider or to D-SNP Contractor for Medicare Part A or Part B cost sharing amounts. D-SNP Contractor's provider agreements shall specify that a contracted Medicare provider agrees to accept D-SNP Contractor's Medicare reimbursement as payments in full for services rendered to Dual Eligible Members, or to bill Medi-Cal or the Member's Medi-Cal

managed care plan as applicable for any additional Medicare payments that may be reimbursed by Medi-Cal.

6. Provider Network Reporting Requirements

Upon execution of this D-SNP Contract, D-SNP Contractor shall submit to DHCS an initial report that outlines D-SNP Contractor's full Medi-Cal provider network within the defined Service Area.

A. D-SNP contractor can obtain Medi-Cal participating providers by reviewing the California Health and Human Services Open Data Portal. The California Health and Human Services Open Data Portal can be found at: https://data.chhs.ca.gov/dataset/profile-of-enrolled-medi-cal-fee-for-service-ffs-providers. Any D-SNPs affiliated with a companion Medi-Cal managed care plan can obtain the file from the affiliated Medi-Cal plan.

B. Contractor will identify in its provider directory those providers that accept both Medicare and Medicaid (providers that are currently registered providers under Medi-Cal and are also within D-SNP Contractor's network).

C. The report, at a minimum, shall include the following:

1) NPI (National Provider Identifier);

2) First and last name;

3) Specialty type;

4) Group association;

5) Full address;

6) Telephone number;

7) Cultural and linguistic services, including provider and provider staff language capability;

8) Hospital admitting privileges; and

9) Provider capacity, including current capacity.

D. After the initial submission of a Medi-Cal provider network report, D-SNP Contractor shall submit an updated report at least:

1) Quarterly; and

2) Whenever a significant change to the network affects provider capacity and services, including changes in:

   a) Services or benefits;

   b) Geographic Service Area or payments; or

   c) Enrollment of a new population.

E. The quarterly report shall include, at a minimum, the following:

1) Network provider deletions:

2) The number of Members assigned to each primary care provider that has been deleted from the network;

3) Network providers who are not accepting new patients; and

4) Provider additions: Each provider addition must include the information prescribed in the initial Medi-Cal provider network report.

7. Medi-Cal and Medicare Eligibility Verification

A. It is D-SNP Contractor's responsibility to:

1) Confirm Medicare Advantage and Medi-Cal eligibility;

2) Verify Medi-Cal eligibility of a Member, Medi-Cal agrees to provide D-SNP Contractor with real-time ac**c**ess to the Medi-Cal's eligibility verification system;

~~3) Confirm all applicable Medicare Advantage special needs criteria are met, based on D-SNP type.~~

B. Contractor must validate Medicare Advantage and Medi-Cal eligibility through its existing on-line and/or batch Medicare and Medi-Cal eligibility user interfaces.

1) Medicare and/or Medi-Cal eligibility systems will indicate whether a beneficiary is currently enrolled or is pending enrollment in a Cal MediConnect plan or Medi-Cal MCP at the time of the inquiry.

2) If neither the Medicare and/or Medi-Cal eligibility systems indicate current or pending Cal MediConnect or MCP enrollment, the beneficiary may be enrolled in the Contractor's D-SNP.

Exhibit A
SCOPE OF WORK

C. **D-SNP Contractor shall ensure appropriate training of plan personnel and providers regarding the use of the Medi-Cal eligibility verification system interface and the appropriate interpretation of its eligibility results.**

8. Contract Term

This D-SNP Contract shall be effective from January 1, 2017 through December 31, 2021~~4~~**3**.

9. Termination

DHCS retains the right to terminate this D-SNP Contract at any time for cause or no cause.

10. Compensation

The State of California and DHCS shall not provide any remuneration or other form of compensation for the performance of any duties or obligations provided under this D-SNP Contract.

11. Centers for Medicare ~~and~~ & Medicaid Services Documentation

Contractor shall submit to DHCS a complete and accurate copy of the bid ~~submitted to~~ **as approved by** CMS.

If not included in the approved bid, the D-SNP Contractor also will provide to DHCS the following information, in a format as specified by DHCS, upon execution of this contract and annually thereafter on the last day of June:

1) The current approved Model of Care.

2) A list of approved Supplemental Benefits.

Back to Agenda Back to Item

GTC 307 **Exhibit C**

GENERAL TERMS AND CONDITIONS

1. APPROVAL: This Agreement is of no force or effect until signed by both parties and approved by the Department of General Services, if required. Contractor may not commence performance until such approval has been obtained.

2. AMENDMENT: No amendment or variation of the terms of this Agreement shall be valid unless made in writing, signed by the parties and approved as required. No oral understanding or Agreement not incorporated in the Agreement is binding on any of the parties.

3. ASSIGNMENT: This Agreement is not assignable by the Contractor, either in whole or in part, without the consent of the State in the form of a formal written amendment.

4. AUDIT: D-SNP Contractor agrees that the awarding department, the Department of General Services, the Bureau of State Audits, or their designated representative shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this Agreement. Contractor agrees to maintain such records for possible audit for a minimum of three (3) years after final payment, unless a longer period of records retention is stipulated. Contractor agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. (Government Code Section 8546.7, Public Contract Code Section 10115 et seq., Title 2 CCR Section 1896).

5. INDEMNIFICATION: Contractor agrees to indemnify, defend and save harmless the State, its officers, agents and employees from any and all claims and losses accruing or resulting to any and all contractors, suppliers, laborers, and any other person, firm or corporation furnishing or supplying work services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims and losses accruing or resulting to any person, firm or corporation who may be injured or damaged by Contractor in the performance of this Agreement.

6. DISPUTES: Contractor shall continue with the responsibilities under this Agreement during any dispute.

GTC 307 **Exhibit C**
GENERAL TERMS AND CONDITIONS

7. TERMINATION FOR CAUSE: The State may terminate this Agreement and be relieved of any payments should the Contractor fail to perform the requirements of this Agreement at the time and in the manner herein provided. In the event of such termination the State may proceed with the work in any manner deemed proper by the State. All costs to the State shall be deducted from any sum due the Contractor under this Agreement and the balance, if any, shall be paid to the Contractor upon demand.

8. INDEPENDENT CONTRACTOR: Contractor, and the agents and employees of Contractor, in the performance of this Agreement, shall act in an independent capacity and not as officers or employees or agents of the State.

9. RECYCLING CERTIFICATION: Contractor shall certify in writing under penalty of perjury, the minimum, if not exact, percentage of post- consumer material as defined in the Public Contract Code Section 12200, in products, materials, goods, or supplies offered or sold to the State regardless of whether the product meets the requirements of Public Contract Code Section 12209. With respect to printer or duplication cartridges that comply with the requirements of Section 12156(e), the certification required by this subdivision shall specify that the cartridges so comply (Public Contract Code Section12205).

10. NON-DISCRIMINATION CLAUSE: During the performance of this Agreement, Contractor shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, physical disability (including HIV and AIDS), mental disability, medical condition (cancer), age (over 40), marital status, and denial of family care leave. Contractor shall insure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. D-SNP Contractor shall comply with the provisions of the Fair Employment and Housing Act (Government Code Section 12990 (a-f) et seq.) and the applicable regulations promulgated thereunder (Title 2 CCR Section 7285 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Title 2 CCR Chapter 5 of Division 4, are incorporated into this Agreement by reference and made a part hereof as if set forth in full. Contractor shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

Back to Agenda Back to Item

GTC 307 **Exhibit C**
GENERAL TERMS AND CONDITIONS

11. CERTIFICATION CLAUSES: The CONTRACTOR CERTIFICATION CLAUSES contained in the document CCC 307 are hereby incorporated by reference and made a part of this Agreement by this reference as if attached hereto.

12. TIMELINESS: Time is of the essence in this Agreement.

13. COMPENSATION:

    [Intentionally Left Blank – Not applicable to this D-SNP Contract]

14. GOVERNING LAW: This D-SNP Contract is governed by and shall be interpreted in accordance with the laws of the State of California.

15. ANTITRUST CLAIMS:

    [Intentionally Left Blank – Not applicable to this D-SNP Contract]

16. CHILD SUPPORT COMPLIANCE ACT:

    [Intentionally Left Blank – Not applicable to this D-SNP Contract]

17. UNENFORCEABLE PROVISION: In the event that any provision of this Agreement is unenforceable or held to be unenforceable, then the parties agree that all other provisions of this Agreement have force and effect and shall not be affected thereby.

18. PRIORITY HIRING CONSIDERATIONS: If this D-SNP Contract includes services in excess of $200,000, the Contractor shall give priority consideration in filling vacancies in positions funded by the D-SNP Contract to qualified recipients of aid under Welfare and Institutions Code Section 11200 in accordance with Public Contract Code Section 10353.

Back to Agenda Back to Item

Exhibit D(F)
SPECIAL TERMS AND CONDITIONS

1. Federal Equal Opportunity Requirements

A. Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. Contractor will take affirmative action to ensure that qualified applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and career development opportunities and selection for training, including apprenticeship. Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Federal Government or DHCS, setting forth the provisions of the Equal Opportunity clause, Section 503 of the Rehabilitation Act of 1973 and the affirmative action clause required by the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 USC 4212). Such notices shall state Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified applicants without discrimination based on their race, color, religion, sex, national origin physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era and the rights of applicants and employees.

B. Contractor will, in all solicitations or advancements for employees placed by or on behalf of Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era.

C. Contractor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding a notice, to be provided by the federal g overnment or the State, advising the labor union or workers' representative of Contractor's commitments under the provisions herein and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

D. Contractor will comply with all provisions of and furnish all information and reports required by Section 503 of the Rehabilitation Act of 1973, as amended, the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 USC 4212) and of the Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR 60, "Office of the Federal Contract Compliance

Back to Agenda Back to Item

Programs, Equal Employment Opportunity, Department of Labor," and of the rules, regulations, and relevant orders of the Secretary of Labor.

E. Contractor will furnish all information and reports required by Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and the Rehabilitation Act of 1973, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the State and its designated representatives and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

F. In the event of Contractor's noncompliance with the requirements of the provisions herein or with any federal rules, regulations, or orders which are referenced herein, this D-SNP Contract may be cancelled, terminated, or suspended in whole or in part and Contractor may be declared ineligible for further federal and State contracts in accordance with procedures authorized in Federal Executive Order No. 11246 as amended and such other sanctions may be imposed and remedies invoked as provided in Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

G . Contractor will include the Provisions of Paragraphs A through G in every purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or Section 503 of the Rehabilitation Act of 1973 or (38 USC 4212) of the Vietnam Era Veteran's Readjustment Assistance Act, so that such provisions will be binding upon each vendor. Contractor will take such action with respect to any purchase order as the Director of the Office of Federal Contract Compliance Programs or DHCS may direct as a means of enforcing such provisions including sanctions for noncompliance provided, however, that in the event Contractor becomes involved in, or is threatened with litigation by a vendor as a result of such direction by DHCS, the D-SNP Contractor may request in writing to DHCS, who, in turn, may request the

Exhibit D(F)
SPECIAL TERMS AND CONDITIONS

United States to enter into such litigation to protect the interests of the State and of the United States.

2. Travel and Per Diem Reimbursement

[Intentionally Left Blank – Not applicable to this D-SNP Contract]

3. Procurement Rules

[Intentionally Left Blank – Not applicable to this D-SNP Contract]

4. Equipment Ownership / Inventory / Disposition

[Intentionally Left Blank – Not applicable to this D-SNP Contract]

5. Subcontract Requirements

[Intentionally Left Blank – Not applicable to this D-SNP Contract]

6. Income Restrictions

[Intentionally Left Blank – Not applicable to this D-SNP Contract]

7. Audit and Record Retention

[Intentionally Left Blank – Not applicable to this D-SNP Contract]

8. Site Inspection

The State, through any authorized representatives, has the right at all reasonable times to inspect or otherwise evaluate the work performed or being performed hereunder and the premises in which it is being performed. If any inspection or evaluation is made of the premises of Contractor, Contractor shall provide all reasonable facilities and assistance for the safety and convenience of the authorized representatives in the performance of their duties. All inspections and evaluations shall be performed in such a manner as will not unduly delay the work.

9. Federal Contract Funds

A. It is mutually understood between the parties that this D-SNP Contract may have been written before ascertaining the availability of congressional appropriation of funds, for the mutual benefit of both parties, in order to avoid program and fiscal delays which would occur if the D-SNP Contract were executed after that determination was made.

Back to Agenda Back to Item

Exhibit D(F)
SPECIAL TERMS AND CONDITIONS

~~B. This D-SNP Contract is valid and enforceable only if sufficient funds are made available to the State by the United States Government for the fiscal years covered by the term of this D-SNP Contract. In addition, this D-SNP Contract is subject to any additional restrictions, limitations, or conditions enacted by the Congress or any statute enacted by the Congress that may affect the provisions, terms or funding of this D-SNP Contract in any manner.~~

~~C. It is mutually agreed that if the Congress does not appropriate sufficient funds for the program, this D-SNP Contract shall be amended to reflect any reduction in funds.~~

~~D. DHCS has the option to invalidate or cancel the D-SNP Contract with 30-days advance written notice or to amend the D-SNP Contract to reflect any reduction in funds.~~

10. Intellectual Property Rights

[Intentionally Left Blank – Not applicable to this D-SNP Contract]

11. Air or Water Pollution Requirements

Any federally funded agreement in excess of $100,000 must comply with the following provisions unless said agreement is exempt under 40 CFR 15.5:

A. Government contractors agree to comply with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act [42 USC 1857(h)], section 508 of the Clean Water Act (33 USC 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15).

B. Institutions of higher education, hospitals, nonprofit organizations and commercial businesses agree to comply with all applicable standards, orders, or requirements issued under the Clean Air Act (42 USC 7401 et seq.), as amended, and the Federal Water Pollution Control Act (33 USC 1251 et seq.), as amended.

12. Prior Approval of Training Seminars, Workshops or Conferences

[Intentionally Left Blank – Not applicable to this D-SNP Contract]

13. Confidentiality of Information

A. Contractor and its employees, agents shall protect from unauthorized disclosure names and other identifying information concerning persons either

Back to Agenda Back to Item

receiving services pursuant to this D-SNP Contract or persons whose names or identifying information become available or are disclosed to Contractor, its employees or agents as a result of services performed under this D-SNP Contract, except for statistical information not identifying any such person.

B. Contractor and its employees or agents shall not use such identifying information for any purpose other than carrying out Contractor's obligations under this D-SNP Contract.

C. Contractor and its employees, or agents shall promptly transmit to the DHCS program contract manager all requests for disclosure of such identifying information not emanating from the client or person.

D. Contractor shall not disclose, except as otherwise specifically permitted by this Contract or authorized by the client, any such identifying information to anyone other than DHCS without prior written authorization from the DHCS program contract manager.

E. For purposes of this Provision, identity shall include, but not be limited to name, identifying number, symbol, or other identifying particular assigned to the individual, such as finger or voice print or a photograph.

F. As deemed applicable by DHCS, this Provision may be supplemented by additional terms and conditions covering personal health information (PHI) or personal, sensitive, and/or confidential information (PSCI). Said terms and conditions will be outlined in one or more exhibits that will either be attached to this D-SNP Contract or incorporated into this D-SNP Contract by reference.

14. Documents, Publications and Written Reports

[Intentionally Left Blank – Not applicable to this D-SNP Contract]

15. Dispute Resolution Process

[Intentionally Left Blank – Not applicable to this D-SNP Contract]

16. Financial and Compliance Audit Requirements

[Intentionally Left Blank – Not applicable to this D-SNP Contract]

17. Human Subjects Use Requirements

By signing this D-SNP Contract, Contractor agrees that if any performance under this D-SNP Contract includes any tests or examination of materials derived from the human body for the purpose of providing information,

diagnosis, prevention, treatment or assessment of disease, impairment, or health of a human being, all locations at which such examinations are performed shall meet the requirements of 42 USC 263a (CLIA) and the regulations thereto.

18. Novation Requirements

[Intentionally Left Blank – Not applicable to this D-SNP Contract]

19. Debarment and Suspension Certification

A. By signing this D-SNP Contract, Contractor agrees to comply with applicable federal suspension and debarment regulations including, but not limited to 7 CFR 3017, 45 CFR 76, 40 CFR 32, or 34 CFR 85.

B. By signing this D-SNP Contract, Contractor certifies to the best of its knowledge and belief, that it and its principals:

1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any federal department or agency;

2) Have not within a three (3) year period preceding this D-SNP Contract have been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, State or local) transaction or contract under a public transaction; violation of federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, State or local) with commission of any of the offenses enumerated in Subprovision B.(2) herein; and

4) Have not within a three (3) year period preceding this D-SNP Contract had one or more public transactions (federal, State or local) terminated for cause or default.

5) Shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under federal regulations (i.e., 48 CFR 9, subpart 9.4), debarred, suspended, declared ineligible, or voluntarily excluded from participation in such transaction, unless authorized by the State.

6) Will include a clause entitled, “Debarment and Suspension Certification’’ that essentially sets forth the provisions herein, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

C. If Contractor is unable to certify to any of the statements in this certification, the Contractor shall submit an explanation to the DHCS program funding this D-SNP Contract.

D. The terms and definitions herein have the meanings set out in the Definitions and Coverage sections of the rules implementing Federal Executive Order 12549.

E. If Contractor knowingly violates this certification, in addition to other remedies available to the Federal Government, the DHCS may terminate this D-SNP Contract for cause or default.

20. Smoke-Free Workplace Certification

A. Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by federal programs either directly or through state or local governments, by federal grant, contract, loan, or loan guarantee. The law also applies to children’s services that are provided in indoor facilities that are constructed, operated, or maintained with such federal funds. The law does not apply to children’s services provided in private residences; portions of facilities used for inpatient drug or alcohol treatment; service providers whose sole source of applicable federal funds is Medicare or Medicaid; or facilities where Women, Infants, and Children (WIC) coupons are redeemed.

B. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1,000 for each violation and/or the imposition of an administrative compliance order on the responsible party.

C. By signing this D-SNP Contract, Contractor certifies that it will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act. The prohibitions herein are effective December 26, 1994.

Exhibit D(F)
SPECIAL TERMS AND CONDITIONS

21. Covenant Against Contingent Fees

Contractor warrants that no person or selling agency has been employed or retained to solicit/secure this D-SNP Contract upon an agreement of understanding for a commission, percentage, brokerage, or contingent fee, except *bona fide* employees or *bona fide* established commercial or selling agencies retained by Contractor for the purpose of securing business. For breach or violation of this warranty, DHCS shall have the right to annul this D-SNP Contract without liability or in its discretion to deduct from the D-SNP Contract price or consideration, or otherwise recover, the full amount of such commission, percentage, and brokerage or contingent fee.

22. Payment Withholds

[Intentionally Left Blank – Not applicable to this D-SNP Contract]

23. Performance Evaluation

DHCS may, at its discretion, evaluate the performance of Contractor at the conclusion of this D-SNP Contract. If performance is evaluated, the evaluation shall not be a public record and shall remain on file with DHCS. Negative performance evaluations may be considered by DHCS prior to making future contract awards.

24. Officials Not to Benefit

No members of or delegate of Congress or the State Legislature shall be admitted to any share or part of this D-SNP Contract, or to any benefit that may arise therefrom. This Provision shall not be construed to extend to this D-SNP Contract if made with a corporation for its general benefits.

25. Four-Digit Date Compliance

[Intentionally Left Blank – Not applicable to this D-SNP Contract]

26. Prohibited Use of State Funds for Software

Contractor certifies that it has appropriate systems and controls in place to ensure that State funds will not be used in the performance of this D-SNP Contract for the acquisition, operation or maintenance of computer software in violation of copyright laws.

Back to Agenda Back to Item

Exhibit D(F)
SPECIAL TERMS AND CONDITIONS

27. Use of Small, Minority Owned and Women's Businesses

[Intentionally Left Blank – Not applicable to this D-SNP Contract]

28. Alien Ineligibility Certification

By signing this D-SNP Contract, Contractor certifies that he/she is not an alien that is ineligible for State and local benefits, as defined in Subtitle B of the Personal Responsibility and Work Opportunity Act. (8 USC 1601, et seq.)

29. Union Organizing

[Intentionally Left Blank – Not applicable to this D-SNP Contract]

30. Contract Uniformity (Fringe Benefit Allowability)

[Intentionally Left Blank – Not applicable to this D-SNP Contract]

31. Lobbying Restrictions and Disclosure Certification

(Applicable to federally funded contracts in excess of $100,000 per 31 USC Section 1352)

A. Certification and Disclosure Requirements

1) Each person (or recipient) who requests or receives a contract, grant, or subgrant, which is subject to 31 USC Section 1352, and which exceeds $100,000 at any tier, shall file a certification (in the form set forth in Attachment 1, consisting of one page, entitled "Certification Regarding Lobbying") that the recipient has not made, and will not make, any payment prohibited by Paragraph b of this provision.

2) Each recipient shall file a disclosure (in the form set forth in Attachment 2, entitled "Standard Form-LLL 'disclosure of Lobbying Activities'") if such recipient has made or has agreed to make any payment using non appropriated funds (to include profits from any covered federal action) in connection with a contract or grant or any extension or amendment of that contract or grant, which would be prohibited under Paragraph b of this provision if paid for with appropriated funds.

3) Each recipient shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affect the accuracy of the information contained in any disclosure form previously filed by such person under Paragraph a(2) herein. An event that materially affects the accuracy of the information

Back to Agenda Back to Item

reported includes:

a) A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered federal action;

b) A change in the person(s) or individuals(s) influencing or attempting to influence a covered federal action; or

c) A change in the officer(s), employee(s), or member(s) contacted for the purpose of influencing or attempting to influence a covered federal action.

4) Each person (or recipient) who requests or receives from a person referred to in Paragraph a(1) of this provision a contract, grant or sub-grant exceeding $100,000 at any tier under a contract or grant shall file a certification, and a disclosure form, if required, to the next tier above.

5) All disclosure forms (but not certifications) shall be forwarded from tier to tier until received by the person referred to in Paragraph a(1) of this provision. That person shall forward all disclosure forms to DHCS program contract manager.

B. Prohibition

Title 31 USC Section 1352 provides in part that no appropriated funds may be expended by the recipient of a federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered federal actions: the awarding of any federal contract, the making of any federal grant, the making of any federal loan, entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

Exhibit E, Attachment 1
DEFINITIONS

As used in this D-SNP Contract, unless otherwise expressly provided or the context otherwise requires, the following definitions of terms will govern the construction of this D-SNP Contract:

1. **Care Coordination or Coordination of Care** means the identification of a medical condition that requires referral for Medi-Cal benefits or services that are not covered by the Medicare Advantage health plan under whose authority the D-SNP Contractor operates.

2. **Confidential Information** means specific facts or documents identified as “confidential" by any law, regulations or contractual language.

3. **Coordinated Care Initiative (CCI)** means an initiative that includes a three-year Duals Demonstration project (Cal MediConnect) for beneficiaries who are dually eligible for Medicare and Medi-Cal (Duals) to combine the full continuum of acute, primary, institutional, and home and community-based services (HCBS) into a single benefit package, delivered through an organized service delivery system. CCI was enacted through SB 1008 (Chapter 33, Statutes of 2012), SB 1036 (Chapter 45, Statutes of 2012) and SB 94 (Chapter 34, Statutes of 2013), and includes a mandatory Medi-Cal managed care enrollment for Duals, and the inclusion of long-term services and supports (LTSS) as Medi-Cal managed care benefits for Seniors and Persons with Disabilities (SPD) beneficiaries who are eligible for Medi-Cal only, and for Dual SPD beneficiaries. CCI counties include Los Angeles, Orange, Riverside, San Bernardino, San Diego, San Mateo, and Santa Clara.

4. **Covered Service(s) or covered service(s)**, as used in this contract, means care coordination or coordination of care. This is the only service covered under this contract.

5. **California Department of Health Care Services (DHCS)** means the single State Department responsible for administration of the Federal Medicaid (referred to as Medi-Cal in California) Program, California Children Services (CCS), Genetically Handicapped Persons Program (GHPP), Child Health and Disabilities Prevention (CHDP), and other health related programs.

6. **D-SNP Contract** means this written agreement between DHCS and the D-SNP Contractor.

7. **Department of Health and Human Services (DHHS)** means the Federal agency responsible for management of the Medicare and Medicaid programs.

8. **Director** means the Director of the California Department of Health Care Services.

Back to Agenda Back to Item

Exhibit E, Attachment 1
DEFINITIONS

9. **Dual-Eligible Beneficiary (or Enrollee)** means an individual who is enrolled for benefits under Part A of Title 42 of the United States Code (commencing with Section 1395c) and**/or** Part B of Title 42 of the United States Code (commencing with Section 1395j) and is also eligible for medical assistance under the Medi-Cal State Plan.

10. **Enrollment** means the process by which a beneficiary eligible for enrollment as contained in Exhibit A, Attachment 1, Provision 3 becomes a Member of the Contractor's D-SNP.

11. **Facility** means any premise that is:

    A. Owned, leased, used or operated directly or indirectly by or for Contractor or its affiliates for purposes related to this Contract, or

    B. Maintained by a Provider to provide services on behalf of Contractor.

12. **Medi-Cal Managed Care Health Plan** means a managed care health plan that contracts with the Department of Health Care Services for provision or arrangement of Medi-Cal benefits and services.

13. **Member** means any beneficiary who is enrolled in the Contractor's D-SNP.

14. **Service Area** means the geographic area in which Members or potential Members reside and for whom Contractor is approved to provide services by CMS.

15. **State** means the State of California.

16. **Working day(s)** mean State calendar (State Appointment Calendar, Standard101) working day(s).

Back to Agenda Back to Item

Exhibit E, Attachment 2
PROGRAM TERMS AND CONDITIONS

1. Governing Law

In addition to Exhibit C, Provision 14, Governing Law, D-SNP Contractor also agrees to the following:

A. If it is necessary to interpret this D-SNP Contract, all applicable laws may be used as aids in interpreting the D-SNP Contract. However, the parties agree that any such applicable laws shall not be interpreted to create contractual obligations upon DHCS or D-SNP Contractor, unless such applicable laws are expressly incorporated into this D-SNP Contract in some section other than this provision, Governing Law. The parties agree that any remedies for DHCS' or D-SNP Contractor's non-compliance with laws not expressly incorporated into this D-SNP Contract, or any covenants implied to be part of this D-SNP Contract, shall not include money damages, but may include equitable remedies such as injunctive relief or specific performance. This D-SNP Contract is the product of mutual negotiation, and if any ambiguities should arise in the interpretation of this D-SNP Contract, both parties shall be deemed authors of this D-SNP Contract.

   Any provision of this D-SNP Contract which is in conflict with current or future applicable Federal or State laws or regulations is hereby amended to conform to the provisions of those laws and regulations. Such amendment of the D-SNP Contract shall be effective on the effective date of the statutes or regulations necessitating it, and shall be binding on the parties even though such amendment may not have been reduced to writing and formally agreed upon and executed by the parties.

B. Such amendment shall constitute grounds for termination of this D-SNP Contract in accordance with the procedures and provisions of Provision 18, Paragraph C, Termination – D-SNP Contractor below. The parties shall be bound by the terms of the amendment until the effective date of the termination.

~~C. The final Balanced Budget Act of 1997 regulations are published in the Federal Register/ Volume 67, Number 115/ June 14, 2002, at 42 CFR, 400, 430, 431, 434, 435, 438, 440 and 447. D-SNP Contractor shall be in compliance with the final Balance Budget Act of 1997 regulations by August 13, 2003.~~

~~D~~**C.** All existing final Policy Letters issued by MMCD or the current Managed Care Operations Division (MCOD) can be viewed at www.dhcs.ca.gov/formsandpubs/Pages/MMCDPlanPolicyLtrs.aspx and shall be complied with by D-SNP Contractor. All Policy Letters issued by MMCD subsequent to the effective date of this D-SNP Contract shall

Back to Agenda Back to Item

provide clarification of D-SNP Contractor's obligations pursuant to this D-SNP Contract, and may include instructions to D-SNP Contractor regarding implementation of mandated obligations pursuant to changes in State or federal statutes or regulations, or pursuant to judicial interpretation. In the event DHCS determines that there is an inconsistency between this D-SNP Contract and a MMCD or MCOD Policy Letter or All Plan Letter, the D-SNP Contract shall prevail.

2. Entire Agreement

This written D-SNP Contract and any amendments shall constitute the entire agreement between the parties. No oral representations shall be binding on either party unless such representations are reduced to writing and made an amendment to the D-SNP Contract.

3. Amendment Process

In addition to Exhibit C, Provision 2, Amendment, D-SNP Contractor also agrees to the following:

Should either party, during the life of this D-SNP Contract, desire a change in this D-SNP Contract, that change shall be proposed in writing to the other party. The other party shall acknowledge receipt of the proposal within ten (10) calendar days of receipt of the proposal. The party proposing any such change shall have the right to withdraw the proposal any time prior to acceptance or rejection by the other party. Any proposal shall set forth an explanation of the reason and basis for the proposed change and the text of the desired amendment to this D-SNP Contract which would provide for the change. If the proposal is accepted, this D-SNP Contract shall be amended to provide for the change mutually agreed to by the parties on the condition that the amendment is approved by DHHS, and the State Department of Finance, if necessary.

4. Change Requirements

A. General Provisions

The parties recognize that during the life of this D-SNP Contract, the Medi-Cal Managed Care program will be a dynamic program requiring numerous changes to its operations and that the scope and complexity of changes will vary widely over the life of the D-SNP Contract. The parties agree that the development of a system which has the capability to implement such changes in an orderly and timely manner is of considerable importance.

B. D-SNP Contractor's Obligation to Implement

D-SNP Contractor will make changes mandated by DHCS. In the case of mandated changes in regulations, statutes, federal guidelines, or judicial interpretation, DHCS may direct D-SNP Contractor to immediately begin implementation of any change by issuing a change order. If DHCS issues a change order, D-SNP Contractor will be obligated to implement the required changes while discussions are taking place. DHCS may, at any time, within the general scope of the D-SNP Contract, by written notice, issue change orders to the D-SNP Contract.

5. Delegation of Authority

DHCS intends to implement this D-SNP Contract through a single administrator, called the "Contracting Officer". The Director of DHCS will appoint the Contracting Officer. The Contracting Officer, on behalf of DHCS, will make all determinations and take all actions as are appropriate under this D-SNP Contract, subject to the limitations of applicable Federal and State laws and regulations. The Contracting Officer may delegate his/her authority to act to an authorized representative through written notice to D-SNP Contractor.

D-SNP Contractor will designate a single administrator; hereafter called the "Contractor's Representative". The Contractor's Representative, on behalf of D-SNP Contractor, will make all determinations and take all actions as are appropriate to implement this D-SNP Contract, subject to the limitations of Contract, Federal and State laws and regulations. The Contractor's Representative may delegate his/her authority to act to an authorized representative through written notice to the Contracting Officer. The Contractor's Representative will be empowered to legally bind D-SNP Contractor to all agreements reached with DHCS. D-SNP Contractor shall designate Contractor’s Representative in writing and shall notify the Contracting Officer in accordance with Exhibit E, Attachment 2, Provision 14, Notices.

6. Authority of the State

Sole authority to establish, define, or determine the reasonableness, the necessity and level and scope of covered services under the Medi-Cal program administered in this D-SNP Contract or coverage for such services, or the eligibility of the beneficiaries or providers to participate in the Medi-Cal Program reside with DHCS. Sole authority to establish or interpret policy and its application related to the above areas will reside with DHCS.

D-SNP Contractor may not make any limitations, exclusions, or changes in covered services; any changes in definition or interpretation of covered services; or any changes in the administration of the D-SNP Contract related to the scope of covered services, allowable coverage for those covered services, or eligibility of beneficiaries or providers to participate in the program, without the express, written direction or approval of the Contracting Officer.

7. Fulfillment of Obligations

No covenant, condition, duty, obligation, or undertaking continued or made a part of this D-SNP Contract will be waived except by written agreement of the parties hereto, and forbearance or indulgence in any other form or manner by either party in any regard whatsoever will not constitute a waiver of the covenant, condition, duty, obligation, or undertaking to be kept, performed or discharged by the party to which the same may apply; and, until performance or satisfaction of all covenants, conditions, duties, obligations, and undertakings is complete, the other party will have the right to invoke any remedy available under this D-SNP Contract, or under law, notwithstanding such forbearance or indulgence.

8. Prohibition Against Assignments or Delegation of Contractor's Duties and Obligations Under this D-SNP Contract

D-SNP Contractor shall not negotiate or enter into any agreement to assign or delegate the duties and obligations under this D-SNP Contract. If D-SNP Contractor fails to comply with this Provision, DHCS may terminate the D-SNP Contract for cause in compliance with Exhibit E, Attachment 2, Provision 18.

~~**9. Prohibition Against Subcontracts**~~

~~D-SNP Contractor shall not enter into subcontracts, regardless of the cost of services reimbursed under the D-SNP Contract, and DHCS shall not approve any subcontracts for the provision of care coordination services.~~

~~10~~9. Prohibition Against Novations

D-SNP Contractor and DHCS shall not enter any novation agreements. Contractor shall not propose any novation agreements nor shall DHCS agree to or act upon any proposal.

Exhibit E, Attachment 2
PROGRAM TERMS AND CONDITIONS

~~11~~10. Obtaining DHCS Approval

D-SNP Contractor shall obtain written approval from DHCS prior to commencement of operation under this D-SNP Contract:

A. Within five (5) working days of receipt, DHCS shall acknowledge in writing the receipt of any material sent to DHCS pursuant to this Provision.

B. Within 60 calendar days of receipt, DHCS shall make all reasonable efforts to approve in writing the use of such material provided to DHCS pursuant to this Provision to provide D-SNP Contractor with a written explanation why its use is not approved, or provide a written estimated date of completion of DHCS' review process. If DHCS does not complete its review of submitted material within 60 calendar days of receipt, or within the estimated date of completion of DHCS review, D-SNP Contractor may elect to implement or use the material at D-SNP Contractor's sole risk and subject to possible subsequent disapproval by DHCS. This Provision shall not be construed to imply DHCS approval of any material that has not received written DHCS approval.

~~12~~11. Program

DHCS reserves the right to review and approve any changes to D-SNP Contractor's protocols, policies, and procedures as specified in this D-SNP Contract.

~~13~~12. Certifications

D-SNP Contractor shall comply with certification requirements set forth in 42 CFR 438.604 and 42 CFR 438.606.

In addition to Exhibit C, Provision 11, Certification Clauses, Contractor also agrees to the following:

With respect to any report, invoice, record, papers, documents, books of account, or other Contract required data submitted, pursuant to the requirements of this D-SNP Contract, the Contractor's Representative or his/her designee will certify, under penalty of perjury, that the report, invoice, record, papers, documents, books of account or other Contract required data is current, accurate, complete and in full compliance with legal and contractual requirements to the best of that individual's knowledge and belief, unless the requirement for such certification is expressly waived by DHCS in writing.

Back to Agenda Back to Item

Exhibit E, Attachment 2
PROGRAM TERMS AND CONDITIONS

~~14~~13. Notices

All notices to be given under this D-SNP Contract will be in writing and will be deemed to have been given when mailed to DHCS or the D-SNP Contractor:

California Department of Health Care Services
Managed Care Operations Division
MS 4408
P.O. Box 997413
Sacramento, CA 95899-7413

California
Attn: President
CA

~~15~~14. Term

The D-SNP Contract will become effective January 1, 20XX, and will continue in full force and effect through December 31, 20XX.

~~16~~15. Service Area

The Service Area covered under this D-SNP Contract includes:
County

All D-SNP Contract provisions apply separately to each Service Area.

~~17~~16. D-SNP Contract Extension

DHCS may extend this D-SNP Contract for any reason.

~~18~~17. Termination for Cause and Other Terminations

In addition to Exhibit C, Provision 7, Termination for Cause, D-SNP Contractor also agrees to the following:

A. Termination - State or Director

1) DHCS may terminate performance of work under this D-SNP Contract in whole, or in part, whenever for any reason DHCS determines that the termination is in the best interest of the State.

Back to Agenda Back to Item

2) Notification shall be given at least 60 days prior to the effective date of termination, except in cases described below in Paragraph B, Termination for Cause.

B. Termination for Cause

1) DHCS shall terminate this D-SNP Contract pursuant to the provisions of Welfare and Institutions Code, Section 14304(a) and Title 22 CCR Section 53873.

2) In cases where the Director determines the health and welfare of Members is jeopardized by continuation of the D-SNP Contract, the D-SNP Contract will be immediately terminated. Notification will state the effective date of, and the reason for, the termination. Except for termination pursuant to this Paragraph B, item 3) below, D-SNP Contractor may dispute the termination decision through the dispute resolution process pursuant to Provision 19, Disputes. Termination of the D-SNP Contract shall be effective on the last day of the month in which the Secretary, DHHS, or the DMHC makes such determination, provided that DHCS provides D-SNP Contractor with at least 60 calendar days' notice of termination. The termination of this D-SNP Contract shall be effective on the last day of the second full month from the date of the notice of termination. D-SNP Contractor agrees that 60 calendar days' notice is reasonable.

3) DHCS may terminate this D-SNP Contract in the event that D-SNP Contractor enters negotiations to change ownership or actually changes ownership, enters negotiations to assign or delegate its duties and obligations under the contract to another party or actually assigns or delegates its duties or obligations under the D-SNP Contract.

C. Termination - D-SNP Contractor

Grounds under which D-SNP Contractor may terminate this D-SNP Contract are limited to when a change in contractual obligations is created by a State or federal change in the Medi-Cal program, or a lawsuit, that substantially alters the conditions under which D-SNP Contractor entered into this D-SNP Contract, such that D-SNP Contractor can demonstrate to the satisfaction of DHCS.

D. Termination of Obligations

All obligations to provide services under this D-SNP Contract will automatically terminate on the date the operations period ends.

Exhibit E, Attachment 2
PROGRAM TERMS AND CONDITIONS

~~19~~18. Disputes

In addition to Exhibit C, Provision 6, Disputes, D-SNP Contractor also agrees to the following:

This Disputes section will be used by D-SNP Contractor as the means of seeking resolution of disputes on contractual issues.

A. Disputes Resolution by Negotiation

DHCS and D-SNP Contractor agree to try to resolve all contractual issues by negotiation and mutual agreement at the Contracting Officer level without litigation. The parties recognize that the implementation of this policy depends on open-mindedness, and the need for both sides to present adequate supporting information on matters in question.

B. Notification of Dispute

1) Within 15 calendar days of the date the dispute concerning performance of this D-SNP Contract arises or otherwise becomes known to D-SNP Contractor, D-SNP Contractor will notify the Contracting Officer in writing of the dispute, describing the conduct (including actions, inactions, and written or oral communications) which it is disputing.

2) D-SNP Contractor's notification will state, on the basis of the most accurate information then available to D-SNP Contractor, the following:

a) That it is a dispute pursuant to this section.

b) The date, nature, and circumstances of the conduct which is subject of the dispute.

c) The names, phone numbers, function, and activity of each D-SNP Contractor, DHCS/State official or employee involved in or knowledgeable about the conduct.

d) The identification of any documents and the substances of any oral communications involved in the conduct. Copies of all identified documents will be attached.

e) The reason D-SNP Contractor is disputing the conduct.

f) The cost impact to D-SNP Contractor directly attributable to the alleged conduct, if any.

Back to Agenda Back to Item

g) D-SNP Contractor's desired remedy.

3) The required documentation, including cost impact data, will be carefully prepared and submitted with substantiating documentation by D-SNP Contractor. This documentation will serve as the basis for any subsequent appeal.

4) Following submission of the required notification, with supporting documentation, the D-SNP Contractor will comply with the requirements of Title 22, CCR, Section 53851(d) and diligently continue performance of this D-SNP Contract, including matters identified in the Notification of Dispute, to the maximum extent possible.

h) Contracting Officer's or Alternate Dispute Officer's Decision

Pursuant to a request by D-SNP Contractor, the Contracting Officer may provide for a dispute to be decided by an alternate dispute officer designated by DHCS, who is not the Contracting Officer and is not directly involved in the Medi-Cal Managed Care Program. Any disputes concerning performance of this D-SNP Contract shall be decided by the Contracting Officer or the alternate dispute officer in a written decision stating the factual basis for the decision. Within 30 calendar days of receipt of a Notification of Dispute, the Contracting Officer or the alternate dispute officer shall either:

a. Find in favor of D-SNP Contractor, in which case the Contracting Officer or alternate dispute officer may countermand the earlier conduct which caused D-SNP Contractor to file a dispute; or

b. Deny Contractor's dispute and, where necessary, direct the manner of future performance; or

c. Request additional substantiating documentation in the event the information in D-SNP Contractor's notification is inadequate to permit a decision to be made under 1) or 2) above, and shall advise D-SNP Contractor as to what additional information is required, and establish how that information shall be furnished. D-SNP Contractor shall have 30 calendar days to respond to the Contracting Officer's or alternate dispute officer's request for further information. Upon receipt of this additional requested information, the Contracting Officer or alternate dispute officer shall have 30 calendar days to respond with a decision. Failure to supply additional information required by the Contracting Officer or alternate dispute officer within the time period specified above shall constitute waiver by D-SNP

Contractor of all claims in accordance with Paragraph F, Waiver of Claims, below.

A copy of the decision shall be served on D-SNP Contractor.

i) Appeal of Contracting Officer's or Alternate Dispute Officer's Decision

D-SNP Contractor shall have 30 calendar days following the receipt of the decision to file an appeal of the decision to the Director. All appeals shall be governed by Health and Safety Code Section 100171, except for those provisions of Section 100171(d)(1) relating to accusations, statements of issues, statement to respondent, and notice of defense. All appeals shall be in writing and shall be filed with DHCS' Office of Administrative Hearings and Appeals. An appeal shall be deemed filed on the date it is received by the Office of Administrative Hearings and Appeals. An appeal shall specifically set forth each issue in dispute, and include D-SNP Contractor's contentions as to those issues. However, D-SNP Contractor's appeal shall be limited to those issues raised in its Notification of Dispute filed pursuant to Paragraph B, Notification of Dispute above. Failure to timely appeal the decision shall constitute a waiver by D-SNP Contractor of all claims arising out of that conduct, in accordance with Paragraph F, Waiver of Claims below, D-SNP Contractor shall exhaust all procedures provided for in this Provision 19, Disputes, prior to initiating any other action to enforce this D-SNP Contract.

j) D-SNP Contractor Duty to Perform

Pending final determination of any dispute hereunder, D-SNP Contractor shall comply with the requirements of Title 22, CCR, Section 53851(d) and proceed diligently with the performance of this D-SNP Contract and in accordance with the Contracting Officer's or alternate dispute officer's decision. If pursuant to an appeal under Paragraph D, Appeal of Contracting Officer’s or Alternate Dispute Officer’s Decision above, the Contracting Officer’s or alternate dispute officer’s decision is reversed, the effect of the decision pursuant to Paragraph D, shall be retroactive to the date of the Contracting Officer’s or alternate dispute officer’s decision, and D-SNP Contractor shall promptly receive any benefits of such decision. DHCS shall not pay interest on any amounts paid pursuant to a Contracting Officer’s or alternate dispute officer’s decision or any appeal of such decision.

k) Waiver of Claims

If D-SNP Contractor fails to submit a Notification of Dispute, supporting and substantiating documentation, any additionally required

information, or an appeal of the Contracting Officer's or alternate dispute officer's decision, in the manner and within the time specified in this Provision 19, Disputes, that failure shall constitute a waiver by D-SNP Contractor of all claims arising out of that conduct, whether direct or consequential in nature.

~~20~~19. Audit

In addition to Exhibit C, Provision 4, Audit, D-SNP Contractor also agrees to the following:

The D-SNP Contractor will maintain such books and records necessary to disclose how D-SNP Contractor discharged its obligations under this D-SNP Contract. These books and records will disclose the quantity of Covered Services provided under this D-SNP Contract, the quality of those services, the manner for those services, the persons eligible to receive Covered Services, and the manner in which Contractor administered its daily business.

A. Books and Records

These books and records will include, but are not limited to, all physical records originated or prepared pursuant to the performance under this D-SNP Contract including working papers; reports submitted to DHCS; all medical records, medical charts and prescription files; and other documentation pertaining Covered Services rendered to Members.

B. Records Retention

Notwithstanding any other records retention time period set forth in this D-SNP Contract, these books and records will be maintained for a minimum of five years from the end of the current Fiscal Year in which the date of service occurred; in which the record or data was created or applied; and for which the financial record was created or the D-SNP Contract is terminated, or, in the event D-SNP Contractor has been duly notified that DHCS, DHHS, Department of Justice (DOJ) or the Comptroller General of the United States, or their duly authorized representatives, have commenced an audit or investigation of the D-SNP Contract, until such time as the matter under audit or investigation has been resolved, whichever is later.

~~21~~20. Inspection Rights

In addition to Exhibit D(F), Provision 8, Site Inspection, D-SNP Contractor also agrees to the following:

Exhibit E, Attachment 2
PROGRAM TERMS AND CONDITIONS

Through the end of the records retention period specified in Provision 20, Audit, Paragraph B, Records Retention above, D-SNP Contractor shall allow the DHCS, DHHS, the Comptroller General of the United States, DOJ Bureau of Medi-Cal Fraud, DMHC, and other authorized State agencies, or their duly authorized representatives, including DHCS' external quality review organization contractor, to audit, inspect, monitor or otherwise evaluate the quality, appropriateness, and timeliness of services performed under this D-SNP Contract, and to inspect, evaluate, and audit any and all premises, books, records, equipment, contracts, computers or other electronic systems and facilities maintained by D-SNP Contractor pertaining to these services at any time during normal business hours.

Books and records include, but are not limited to, all physical records originated or prepared pursuant to the performance under this Contract, including working papers, reports, and books of account, medical records, prescription files, laboratory results, information systems and procedures, and any other documentation pertaining to medical and non-medical services rendered to Members. Upon request, through the end of the records retention period specified in Provision 20, Audit, Paragraph B, Records Retention above, D-SNP Contractor shall furnish any record, or copy of it, to DHCS or any other entity listed in this section, at D-SNP Contractor's sole expense.

A. Facility Inspections

DHCS shall conduct unannounced validation reviews on a number of D-SNP Contractor's primary care sites, selected at DHCS' discretion, to verify compliance of these sites with DHCS requirements.

B. Access Requirements and State's Right to Monitor

Authorized State and federal agencies will have the right to monitor all aspects of D-SNP Contractor's operation for compliance with the provisions of this D-SNP Contract and applicable federal and State laws and regulations. Such monitoring activities will include, but are not limited to, inspection and auditing of D-SNP Contractor and provider facilities, management systems and procedures, and books and records as the Director deems appropriate, at any time during D-SNP Contractor's or other facility's normal business hours. The monitoring activities will be either announced or unannounced.

To assure compliance with the D-SNP Contract and for any other reasonable purpose, the State and its authorized representatives and designees will have the right to premises access, with or without notice to D-SNP Contractor. This will include the Management Information System operations site or such other place where duties under the D-SNP Contract

Back to Agenda Back to Item

are being performed.

Staff designated by authorized State agencies will have access to all security areas and D-SNP Contractor will provide reasonable facilities, cooperation and assistance to State representative(s) in the performance of their duties. Access will be undertaken in such a manner as to not unduly delay the work of D-SNP Contractor.

~~22~~21. Confidentiality of Information

In addition to Exhibit D(F), Provision 13, Confidentiality of Information, D-SNP Contractor also agrees to the following duties and responsibilities with respect to confidentiality of information and data:

C. Notwithstanding any other provision of this D-SNP Contract, names of persons receiving public social services are confidential and are to be protected from unauthorized disclosure in accordance with 42 CFR 431.300 et seq., Welfare and Institutions Code, Section 14100.2, and regulations adopted thereunder. For the purpose of this D-SNP Contract, all information, records, data, and data elements collected and maintained for the operation of the D-SNP Contract and pertaining to Members shall be protected by D-SNP Contractor from unauthorized disclosure.

D-SNP Contractor may release medical records in accordance with applicable law pertaining to the release of this type of information. D-SNP Contractor is not required to report requests for Medical Records made in accordance with applicable law. Exhibit G is hereby incorporated into this contract by reference.

D. With respect to any identifiable information concerning a Member under this D-SNP Contract that is obtained by D-SNP Contractor, D-SNP Contractor:

1) Will not use any such information for any purpose other than carrying out the express terms of this D-SNP Contract;

2) Will promptly transmit to DHCS all requests for disclosure of such information, except requests for Medical records in accordance with applicable law;

3) Will not disclose except as otherwise specifically permitted by this D-SNP Contract, any such information to any party other than DHCS without DHCS' prior written authorization specifying that the information is releasable under 42 CFR 431.300 et seq., Welfare and Institutions Code Section 14100.2, and regulations adopted thereunder; and

4) Will, at the termination of this D-SNP Contract, return all such information to DHCS or maintain such information according to written procedures sent to D-SNP Contractor by DHCS for this purpose.

~~23~~21. Third-Party Tort Liability

D-SNP Contractor shall identify and notify DHCS' Third Party Liability and Recovery Branch of all instances or cases in which D-SNP Contractor believes an action by the Medi-Cal Member involving casualty insurance or tort or Workers' Compensation liability of a third party could result in recovery by the Member of funds to which DHCS has lien rights under Welfare and Institutions Code Article 3.5 (commencing with Section 14124.70), Part 3, Division 9, D-SNP Contractor shall make no claim for recovery of the value of case management rendered to a Member in such cases or instances and such case or instance shall be referred to DHCS' Third Party Liability and Recovery Branch within ten (10) calendar days of discovery. To assist DHCS in exercising its responsibility for such recoveries, D-SNP Contractor shall meet the following requirements:

A. If DHCS requests service information and/or copies of reports for Covered Services to an individual Member, D-SNP Contractor shall deliver the requested information within 30 calendar days of the request.

B. Information to be delivered shall contain the following data items:

1) Member name.

2) Full 14-digit Medi-Cal number.

3) Social Security Number.

4) Date of birth.

5) Diagnosis code and description of illness/injury (if known).

6) Procedure code and/or description of services rendered (if known).

C. D-SNP Contractor shall identify to DHCS' Third Party Liability and Recovery Branch the name, address and telephone number of the person responsible for receiving and complying with requests for mandatory and/or optional at-risk service information.

D . If D-SNP Contractor receives any requests from attorneys, insurers, or beneficiaries for copies of referrals, D-SNP Contractor shall refer the request to the Third Party Liability and Recovery Branch with the

information contained in Paragraph B above, and shall provide the name, address and telephone number of the requesting party.

E. Information submitted to DHCS under this section shall be sent to:

California Department of Health Care Services
Third Party Liability and Recovery Branch, Recovery Section
MS 4720
P.O. Box 997425
Sacramento, CA 95899-7425.

~~24~~23. Records Related To Recovery for Litigation

A. Upon request by DHCS, D-SNP Contractor shall timely gather, preserve and provide to DHCS, in the form and manner specified by DHCS, any information specified by DHCS, subject to any lawful privileges, in D-SNP Contractor's possession, relating to threatened or pending litigation by or against DHCS.

B. If D-SNP Contractor asserts that any requested documents are covered by a privilege, D-SNP Contractor shall:

1) Identify such privileged documents with sufficient particularity to reasonably identify the document while retaining the privilege; and

2) State the privilege being claimed that supports withholding production of the document.

C. Such request shall include, but is not limited to a response to a request for documents submitted by any party in any litigation by or against DHCS D-SNP Contractor acknowledges that time may be of the essence in responding to such request. D-SNP Contractor shall use all reasonable efforts to immediately notify DHCS of any subpoenas, document production requests, or requests for records, received by D-SNP Contractor related to this D-SNP Contract entered into under this D-SNP Contract.

~~25~~24. Equal Opportunity Employer

Contractor must comply with all applicable federal and State employment discrimination laws. D-SNP Contractor will, in all solicitations or advertisements for employees placed by or on behalf of D-SNP Contractor, state that it is an equal opportunity employer, and will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by DHCS, advising the labor union or workers' representative of D-SNP Contractor's commitment as an equal opportunity employer and will post

copies of the notice in conspicuous places available to employees and applicants for employment.

~~26~~25. Discrimination Prohibitions

A. Member Discrimination Prohibition

D-SNP Contractor shall not unlawfully discriminate against Members or beneficiaries eligible for enrollment into Contractor's D-SNP on the basis of sex, race, color, religion, ancestry, national origin, creed, ethnic group identification, age, mental disability, physical disability, medical condition, genetic information, marital status, gender, gender identity, sexual orientation, or identification with any other persons or groups defined in Penal Code 422.56 in accordance with the statues identified in Exhibit E, Attachment 2, Provision 27 below, rules and regulations promulgated pursuant thereto, or as otherwise provided by law or regulations. For the purpose of this D-SNP Contract, discrimination may include, but is not limited to, the following:

1) Denying any Member any Covered Services;

2) Providing to a Member any Covered Service which is different, or is provided in a different manner or at a different time from that provided to other Members under this Contract except where medically indicated;

3) Subjecting a Member to segregation or separate treatment in any manner related to the receipt of any Covered Service;

4) Restricting a Member in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any Covered Service, treating a Member or a beneficiary eligible for enrollment into the Contractor's D-SNP differently from others in determining whether he or she satisfies any admission, Enrollment, quota, eligibility, membership, or other requirement or condition which individuals must meet in order to be provided any Covered Service;

5) The assignment of times or places for the provision of services on the basis of the sex, race, color, religion, ancestry, national origin, creed, ethnic group identification, age, mental disability, physical disability, medical condition, genetic information, marital status, gender, gender identity, sexual orientation, or identification with any other persons or groups defined in Penal Code 422.56.

6) Failing to make Auxiliary Aids available, or to make reasonable accommodations in policies, practices, or procedures, when necessary to avoid discrimination on the basis of disability.

7) Failing to ensure meaningful access to programs and activities for Limited English Proficient (LEP) Members and Potential Enrollees.

D-SNP Contractor shall take affirmative action to ensure that Members are provided Covered Services without regard to sex, race, color, religion, ancestry, national origin, creed, ethnic group identification, age, mental disability, physical disability, medical condition, genetic information, marital status, gender, gender identity, sexual orientation, or identification with any other persons or groups defined in Penal Code 422.56, except as needed to provide equal access to Limited English Proficient (LEP) Members or Members with disabilities, or as medically indicated.

For the purposes of this section, physical handicap includes the carrying of a gene which may, under some circumstances, be associated with disability in that person's offspring, but which causes no adverse effects on the carrier. Such genes will include, but are not limited to, Tay-Sachs trait, sickle cell trait, thalassemia trait, and X-linked hemophilia.

B. Discrimination Related To Health Status

D-SNP Contractor shall not discriminate among eligible individuals on the basis of their health status requirements or requirements for health care services during enrollment, re-enrollment or disenrollment. D-SNP Contractor will not terminate the enrollment of an eligible individual based on an adverse change in the Member’s health.

Exhibit E, Attachment 2
PROGRAM TERMS AND CONDITIONS

~~27~~26. Federal and State Nondiscrimination Requirements

Contractor shall comply with all applicable federal requirements in Title VI of the Civil Rights Act of 1964; Title IX of the Education Amendments of 1972 (regarding education programs and activities, as amended); the Age Discrimination Act of 1975; the Rehabilitation Act of 1973, as amended; Titles I and II of the Americans with Disabilities Act of 1990, as amended; Section 1557 of the Patient Protection and Affordable Care Act of 2010; and federal implementing regulations issued under the above-listed statutes. Contractor shall also comply with California nondiscrimination requirements, including, without limitation, the Unruh Civil Rights Act, Sections 7405 and 11135 of the Government Code, Section 14029.91 of the Welfare and Institutions Code, and state implementing regulations.

~~28~~27. D-SNP Contractor shall process a grievance for discrimination as required by federal and ~~state~~ **State nondiscrimination** law as stated in 45 CFR section~~s~~ 84.7 ~~and 92.7~~; 34 CFR section 106.8; 28 CFR section 35.107; and~~, to the extent applicable,~~ W&I Code section 14029.91(e)(4).

A. D-SNP Contractor shall designate a discrimination grievance coordinator responsible for ensuring compliance with federal and State nondiscrimination requirements, and investigating discrimination grievances related to any action that would be prohibited by, or out of compliance with, federal or State nondiscrimination law.

B. D-SNP Contractor shall adopt procedures to ensure the prompt and equitable resolution of discrimination grievances by D-SNP Contractor. D-SNP Contractor shall not require a Member or potential enrollee to file a discrimination Grievance with D-SNP Contractor before filing with the DHCS Office of Civil Rights or the U.S. Health and Human Services Office for Civil Rights.

C. Within ten calendar days of mailing a discrimination grievance resolution letter, D-SNP Contractor shall submit the following information regarding the discrimination grievance in a secure format to the DHCS Office of Civil Rights:

1) The original discrimination grievance;

2) The provider's or other accused party's response to the discrimination grievance;

3) Contact information for the personnel primarily responsible for investigating and responding to the discrimination grievance on

Back to Agenda Back to Item

behalf of D-SNP Contractor;

4) Contact information for the person filing the discrimination grievance, and for the provider or other accused party that is the subject of the discrimination grievance;

5) All correspondence with the person filing the discrimination grievance regarding the discrimination grievance, including, but not limited to, the discrimination grievance acknowledgment letter and resolution letter; and

6) The results of D-SNP Contractor's investigation, copies of any corrective action taken, and any other information that is relevant to the allegation(s) of discrimination.

D. D-SNP Contractor shall post (1) a DHCS-approved nondiscrimination notice, and (2) language taglines in **a conspicuously visible font size in English,** the threshold languages**,** and at least the top ~~16~~ **15** non-English languages in the State, **and any other languages,** as determined by DHCS, explaining the availability of free language assistance services, including written translation and oral interpretation**, and information on how to request Auxiliary Aids and services, including materials in alternative formats**. The nondiscrimination notice and taglines shall include D-SNP Contractor's toll-free and TTY/TDD telephone number for obtaining these services, and shall be posted as follows:

1) In all conspicuous physical locations where D-SNP Contractor interacts with the public;

2) In a ~~conspicuous~~ location on D-SNP Contractor's website that is accessible on the D-SNP Contractor's home page, and in a manner that allows Members, potential enrollees, and members of the public to easily locate the information; and

3) In **the Evidence of Coverage,** all **Member information, informational notices, and materials critical to obtaining services** ~~significant communications and significant publications~~ targeted to Members, potential enrollees, applicants, and members of the public, ~~except for significant publications and significant communications that are small-sized, such as postcards and tri-fold brochures.~~ (**in accordance with 42 CFR section 438.10(d)(2)-(3) and W&I Code section 14029.91(f)** ~~45 C.F.R. § 92.8(d)(1), (f)(1)(i)-(iii))~~.

~~E. D-SNP Contractor shall post (1) a DHCS-approved nondiscrimination statement and (2) language taglines in at least the top two non-English~~

~~languages in the State (as determined by DHCS), explaining the availability of free language assistance services, and the toll-free and TTY/TDD telephone number for obtaining these services, in all significant publications and significant communications that are small-sized, such as postcards and tri-fold brochures. (45 C.F.R. § 92.8(d)(2), (g)).~~

~~F~~ **E**. D-SNP Contractor's nondiscrimination notice shall include all information required by **W&I Code section 14029.91(e),** ~~Section 92.8 of Title 45 of the Code of Federal Regulations,~~ any additional information required by DHCS, and shall provide information on how to file a discrimination grievance with:

1) Both D-SNP Contractor and the DHCS Office of Civil Rights, if there is a concern of discrimination in the Medi-Cal program based on sex, race, color, religion, ancestry, national origin, ethnic group identification, age, mental disability, physical disability, medical condition, genetic information, marital status, gender, gender identity, or sexual orientation **or identification with any other persons or groups defined in Penal Code 422.56**. (~~45 C.F.R. section 92.8(A)(5);~~ W&I Code section 14029.9~~2~~**1**(e); H&S Code section 11135).

2) The United States Department of Health and Human Services Office for Civil Rights if there is a concern of discrimination based on race, color, national origin, sex, age, or disability. (~~45 C.F.R. section 92.8(A)(7)~~**W&I Code section 14029.91(e)**).

~~29~~28. Disabled Veteran Business Enterprises (DVBE)

D-SNP Contractor shall comply with applicable requirements of California law relating to DVBE commencing at Section 10115 of the Public Contract Code.

Exhibit E, Attachment 2
PROGRAM TERMS AND CONDITIONS

~~30~~29. Word Usage

Unless the context of this D-SNP Contract clearly requires otherwise, (a) the plural and singular numbers shall each be deemed to include the other; (b) the masculine, feminine, and neuter genders shall each be deemed to include the others; (c) "shall," "will," "must," or "agrees" are mandatory, and "may" is permissive; (d) "or" is not exclusive; and (e) "includes" and "including" are not limiting.

~~31~~30. Federal False Claims Act Compliance

Effective January 1, 2007, D-SNP Contractor shall comply with 42 USC Section 1396a (a)(68), Employee Education About False Claims Recovery, as a condition of receiving payments under this D-SNP Contract. Upon request by DHCS, D-SNP Contractor shall demonstrate compliance with this provision, which may include providing DHCS with copies of Contactor's applicable written policies and procedures and any relevant employee handbook excerpts.

Back to Agenda Back to Item

Exhibit G
BUSINESS ASSOCIATE ADDENDUM

1. This Agreement has been determined to constitute a business associate relationship under the Health Insurance Portability and Accountability Act (HIPAA) and its implementing privacy and security regulations at 45 Code of Federal Regulations, Parts 160 and 164 (collectively, and as used in this Agreement)

2. The term “Agreement” as used in this document refers to and includes both this Business Associate Addendum and the contract to which this Business Associate Agreement is attached as an exhibit, if any.

3. For purposes of this Agreement, the term “Business Associate” shall have the same meaning as set forth in 45 CFR section 160.103.

4. The Department of Health Care Services (DHCS) intends that Business Associate may create, receive, maintain, transmit or aggregate certain information pursuant to the terms of this Agreement, some of which information may constitute Protected Health Information (PHI) and/or confidential information protected by Federal and/or state laws.

4.1 As used in this Agreement and unless otherwise stated, the term “PHI” refers to and includes both “PHI” as defined at 45 CFR section 160.103 and Personal Information (PI) as defined in the Information Practices Act at California Civil Code section 1798.3(a). PHI includes information in any form, including paper, oral, and electronic.

4.2 As used in this Agreement, the term “confidential information” refers to information not otherwise defined as PHI in Section 4.1 of this Agreement, but to which state and/or federal privacy and/or security protections apply.

5. Contractor (however named elsewhere in this Agreement) is the Business Associate of DHCS acting on DHCS's behalf and provides services or arranges, performs or assists in the performance of functions or activities on behalf of DHCS, and may create, receive, maintain, transmit, aggregate, use or disclose PHI (collectively, “use or disclose PHI”) in order to fulfill Business Associate’s obligations under this Agreement. DHCS and Business Associate are each a party to this Agreement and are collectively referred to as the "parties.”

6. The terms used in this Agreement, but not otherwise defined, shall have the same meanings as those terms in HIPAA. Any reference to statutory or regulatory language shall be to such language as in effect or as amended.

7. **Permitted Uses and Disclosures of PHI by Business Associate**. Except as otherwise indicated in this Agreement, Business Associate may use or disclose PHI only to perform functions, activities or services specified in this Agreement

Back to Agenda Back to Item

on behalf of DHCS, provided that such use or disclosure would not violate HIPAA if done by DHCS.

7.1 Specific Use and Disclosure Provisions. Except as otherwise indicated in this Agreement, Business Associate may use and disclose PHI if necessary for the proper management and administration of the Business Associate or to carry out the legal responsibilities of the Business Associate. Business Associate may disclose PHI for this purpose if the disclosure is required by law, or the Business Associate obtains reasonable assurances from the person to whom the information is disclosed that it will be held confidentially and used or further disclosed only as required by law or for the purposes for which it was disclosed to the person, and the person notifies the Business Associate of any instances of which it is aware that the confidentiality of the information has been breached.

8. Compliance with Other Applicable Law

8.1 To the extent that other state and/or federal laws provide additional, stricter and/or more protective (collectively, more protective) privacy and/or security protections to PHI or other confidential information covered under this Agreement beyond those provided through HIPAA, Business Associate agrees:

8.1.1 To comply with the more protective of the privacy and security standards set forth in applicable state or federal laws to the extent such standards provide a greater degree of protection and security than HIPAA or are otherwise more favorable to the individuals whose information is concerned; and

8.1.2 To treat any violation of such additional and/or more protective standards as a breach or security incident, as appropriate, pursuant to Section 18. of this Agreement.

8.2 Examples of laws that provide additional and/or stricter privacy protections to certain types of PHI and/or confidential information, as defined in Section 4. of this Agreement, include, but are not limited to the Information Practices Act, California Civil Code sections 1798-1798.78, Confidentiality of Alcohol and Drug Abuse Patient Records, 42 CFR Part 2, Welfare and Institutions Code section 5328, and California Health and Safety Code section 11845.5.

8.3 If Business Associate is a Qualified Service Organization (QSO) as defined in 42 CFR section 2.11, Business Associate agrees to be bound by and comply with subdivisions (2)(i) and (2)(ii) under the definition of QSO in 42 CFR section 2.11.

9. Additional Responsibilities of Business Associate

Exhibit G
BUSINESS ASSOCIATE ADDENDUM

9.1 Nondisclosure. Business Associate shall not use or disclose PHI or other confidential information other than as permitted or required by this Agreement or as required by law.

9.2 Safeguards and Security.

9.2.1 Business Associate shall use safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of PHI and other confidential data and comply, where applicable, with subpart C of 45 CFR Part 164 with respect to electronic protected health information, to prevent use or disclosure of the information other than as provided for by this Agreement. Such safeguards shall be, at a minimum, at Federal Information Processing Standards (FIPS) Publication 199 protection levels.

9.2.2 Business Associate shall, at a minimum, utilize an industry-recognized security framework when selecting and implementing its security controls, and shall maintain continuous compliance with its selected framework as it may be updated from time to time. Examples of industry-recognized security frameworks include but are not limited to

9.2.2.1 NIST SP 800-53 – National Institute of Standards and Technology Special Publication 800-53

9.2.2.2 FedRAMP – Federal Risk and Authorization Management Program

9.2.2.3 PCI – PCI Security Standards Council

9.2.2.4 ISO/ESC 27002 – International Organization for Standardization / International Electrotechnical Commission standard 27002

9.2.2.5 IRS PUB 1075 – Internal Revenue Service Publication 1075

9.2.2.6 HITRUST CSF – HITRUST Common Security Framework

9.2.3 Business Associate shall maintain, at a minimum, industry standards for transmission and storage of PHI and other confidential information.

9.2.4 Business Associate shall apply security patches and upgrades, and keep virus software up-to-date, on all systems on which PHI and other confidential information may be used.

9.2.5 Business Associate shall ensure that all members of its workforce with access to PHI and/or other confidential information sign a

Back to Agenda Back to Item

confidentiality statement prior to access to such data. The statement must be renewed annually.

9.2.6 Business Associate shall identify the security official who is responsible for the development and implementation of the policies and procedures required by 45 CFR Part 164, Subpart C.

9.3 Business Associate's Agent. Business Associate shall ensure that any agents, subcontractors, subawardees, vendors or others (collectively, "agents") that use or disclose PHI and/or confidential information on behalf of Business Associate agree to the same restrictions and conditions that apply to Business Associate with respect to such PHI and/or confidential information.

10. **Mitigation of Harmful Effects**. Business Associate shall mitigate, to the extent practicable, any harmful effect that is known to Business Associate of a use or disclosure of PHI and other confidential information in violation of the requirements of this Agreement.

11. **Access to PHI.** Business Associate shall make PHI available in accordance with 45 CFR section 164.524.

12. **Amendment of PHI.** Business Associate shall make PHI available for amendment and incorporate any amendments to protected health information in accordance with 45 CFR section 164.526.

13. **Accounting for Disclosures.** Business Associate shall make available the information required to provide an accounting of disclosures in accordance with 45 CFR section 164.528.

14. **Compliance with DHCS Obligations.** To the extent Business Associate is to carry out an obligation of DHCS under 45 CFR Part 164, Subpart E, comply with the requirements of the subpart that apply to DHCS in the performance of such obligation.

15. **Access to Practices, Books and Records.** Business Associate shall make its internal practices, books, and records relating to the use and disclosure of PHI on behalf of DHCS available to DHCS upon reasonable request, and to the federal Secretary of Health and Human Services for purposes of determining DHCS' compliance with 45 CFR Part 164, Subpart E.

16. **Return or Destroy PHI on Termination; Survival.** At termination of this Agreement, if feasible, Business Associate shall return or destroy all PHI and other confidential information received from, or created or received by Business Associate on behalf of, DHCS that Business Associate still maintains in any form and retain no copies of such information. If return or destruction is not feasible,

Business Associate shall notify DHCS of the conditions that make the return or destruction infeasible, and DHCS and Business Associate shall determine the terms and conditions under which Business Associate may retain the PHI. If such return or destruction is not feasible, Business Associate shall extend the protections of this Agreement to the information and limit further uses and disclosures to those purposes that make the return or destruction of the information infeasible.

17. **Special Provision for SSA Data.** If Business Associate receives data from or on behalf of DHCS that was verified by or provided by the Social Security Administration (SSA data) and is subject to an agreement between DHCS and SSA, Business Associate shall provide, upon request by DHCS, a list of all employees and agents and employees who have access to such data, including employees and agents of its agents, to DHCS.

18. **Breaches and Security Incidents.** Business Associate shall implement reasonable systems for the discovery and prompt reporting of any breach or security incident, and take the following steps:

18.1 Notice to DHCS.

18.1.1 Business Associate shall notify DHCS **immediately** upon the discovery of a suspected breach or security incident that involves SSA data. This notification will be provided by email upon discovery of the breach. If Business Associate is unable to provide notification by email, then Business Associate shall provide notice by telephone to DHCS.

18.1.2 Business Associate shall notify DHCS **within 24 hours by email** (or by telephone if Business Associate is unable to email DHCS) of the discovery of:

18.1.2.1 Unsecured PHI if the PHI is reasonably believed to have been accessed or acquired by an unauthorized person;

18.1.2.2 Any suspected security incident which risks unauthorized access to PHI and/or other confidential information;

18.1.2.3 Any intrusion or unauthorized access, use or disclosure of PHI in violation of this Agreement; or

18.1.2.4 Potential loss of confidential data affecting this Agreement.

18.1.3 Notice shall be provided to the DHCS Program Contract Manager (as applicable), the DHCS Privacy Office, and the DHCS

Information Security Office (collectively, "DHCS Contacts") using the DHCS Contact Information at Section 18.6. below.

Notice shall be made using the current DHCS "Privacy Incident Reporting Form" ("PIR Form"; the initial notice of a security incident or breach that is submitted is referred to as an "Initial PIR Form") and shall include all information known at the time the incident is reported. The form is available online at http://www.dhcs.ca.gov/formsandpubs/laws/priv/Pages/DHCSBusinessAssociatesOnly.aspx.

Upon discovery of a breach or suspected security incident, intrusion or unauthorized access, use or disclosure of PHI, Business Associate shall take:

18.1.3.1 Prompt action to mitigate any risks or damages involved with the security incident or breach; and

18.1.3.2 Any action pertaining to such unauthorized disclosure required by applicable Federal and State law.

18.2 Investigation. Business Associate shall immediately investigate such security incident or confidential breach.

18.3 Complete Report. To provide a complete report of the investigation to the DHCS contacts within ten (10) working days of the discovery of the security incident or breach. This "Final PIR" must include any applicable additional information not included in the Initial Form. The Final PIR Form shall include an assessment of all known factors relevant to a determination of whether a breach occurred under HIPAA and other applicable federal and state laws. The report shall also include a full, detailed corrective action plan, including its implementation date and information on mitigation measures taken to halt and/or contain the improper use or disclosure. If DHCS requests information in addition to that requested through the PIR form, Business Associate shall make reasonable efforts to provide DHCS with such information. A "Supplemental PIR" may be used to submit revised or additional information after the Final PIR is submitted. DHCS will review and approve or disapprove Business Associate's determination of whether a breach occurred, whether the security incident or breach is reportable to the appropriate entities, if individual notifications are required, and Business Associate's corrective action plan.

18.3.1 If Business Associate does not complete a Final PIR within the ten (10) working day timeframe, Business Associate shall request

approval from DHCS within the ten (10) working day timeframe of a new submission timeframe for the Final PIR.

18.4 Notification of Individuals. If the cause of a breach is attributable to Business Associate or its agents, Business Associate shall notify individuals accordingly and shall pay all costs of such notifications, as well as all costs associated with the breach. The notifications shall comply with applicable federal and state law. DHCS shall approve the time, manner and content of any such notifications and their review and approval must be obtained before the notifications are made.

18.5 Responsibility for Reporting of Breaches to Entities Other than DHCS. If the cause of a breach of PHI is attributable to Business Associate or its subcontractors, Business Associate is responsible for all required reporting of the breach as required by applicable federal and state law.

18.6 DHCS Contact Information. To direct communications to the above referenced DHCS staff, the Contractor shall initiate contact as indicated here. DHCS reserves the right to make changes to the contact information below by giving written notice to Business Associate. These changes shall not require an amendment to this Agreement.

DHCS Program Contract Manager	DHCS Privacy Office	DHCS Information Security Office
See the Scope of Work exhibit for Program Contract Manager information. If this Business Associate Agreement is not attached as an exhibit to a contract, contact the DHCS signatory to this Agreement.	Privacy Office c/o: Office of HIPAA Compliance Department of Health Care Services P.O. Box 997413, MS 4722 Sacramento, CA 95899-7413 Email: incidents@dhcs.ca.gov Telephone: (916) 445-4646	Information Security Office DHCS Information Security Office P.O. Box 997413, MS 6400 Sacramento, CA 95899-7413 Email: incidents@dhcs.ca.gov

19. Responsibility of DHCS. DHCS agrees to not request the Business Associate to use or disclose PHI in any manner that would not be permissible under HIPAA and/or other applicable federal and/or state law.

20. Audits, Inspection and Enforcement

20.1 From time to time, DHCS may inspect the facilities, systems, books and records of Business Associate to monitor compliance with this Agreement. Business Associate shall promptly remedy any violation of this Agreement

and shall certify the same to the DHCS Privacy Officer in writing. Whether or how DHCS exercises this provision shall not in any respect relieve Business Associate of its responsibility to comply with this Agreement.

20.2 If Business Associate is the subject of an audit, compliance review, investigation or any proceeding that is related to the performance of its obligations pursuant to this Agreement, or is the subject of any judicial or administrative proceeding alleging a violation of HIPAA, Business Associate shall promptly notify DHCS unless it is legally prohibited from doing so.

21. Termination

21.1 **Termination for Cause**. Upon DHCS' knowledge of a violation of this Agreement by Business Associate, DHCS may in its discretion:

21.1.1 Provide an opportunity for Business Associate to cure the violation and terminate this Agreement if Business Associate does not do so within the time specified by DHCS; or

21.1.2 Terminate this Agreement if Business Associate has violated a material term of this Agreement.

21.2 **Judicial or Administrative Proceedings.** DHCS may terminate this Agreement if Business Associate is found to have violated HIPAA, or stipulates or consents to any such conclusion, in any judicial or administrative proceeding.

22. Miscellaneous Provisions

22.1 **Disclaimer**. DHCS makes no warranty or representation that compliance by Business Associate with this Agreement will satisfy Business Associate's business needs or compliance obligations. Business Associate is solely responsible for all decisions made by Business Associate regarding the safeguarding of PHI and other confidential information.

22.2. **Amendment**.

22.2.1 Any provision of this Agreement which is in conflict with current or future applicable Federal or State laws is hereby amended to conform to the provisions of those laws. Such amendment of this Agreement shall be effective on the effective date of the laws necessitating it, and shall be binding on the parties even though such amendment may not have been reduced to writing and formally agreed upon and executed by the parties.

22.2.2 Failure by Business Associate to take necessary actions required by amendments to this Agreement under Section 22.2.1 shall constitute a material violation of this Agreement.

22.3 **Assistance in Litigation or Administrative Proceedings**. Business Associate shall make itself and its employees and agents available to DHCS at no cost to DHCS to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against DHCS, its directors, officers and/or employees based upon claimed violation of HIPAA, which involve inactions or actions by the Business Associate.

22.4 **No Third-Party Beneficiaries**. Nothing in this Agreement is intended to or shall confer, upon any third person any rights or remedies whatsoever.

22.5 **Interpretation**. The terms and conditions in this Agreement shall be interpreted as broadly as necessary to implement and comply with HIPAA and other applicable laws.

22.6 **No Waiver of Obligations**. No change, waiver or discharge of any liability or obligation hereunder on any one or more occasions shall be deemed a waiver of performance of any continuing or other obligation, or shall prohibit enforcement of any obligation, on any other occasion.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Consent Calendar
6. Consider Reappointment to CalOptima Board of Directors Investment Advisory Committee

Contact
Nancy Huang, Chief Financial Officer, (657) 235-6935

Recommended Action
Reappoint Rodney Johnson to the CalOptima Board of Directors' Investment Advisory Committee for a two-year term beginning on June 7, 2021.

Background
At a Special Meeting of the CalOptima Board of Directors held on September 10, 1996, the Board authorized the creation of the CalOptima Investment Advisory Committee (IAC), established qualifications for committee members, and directed staff to proceed with the recruitment of the volunteer members of the Committee.

When creating the IAC, the Board specified that the Committee would consist of five (5) members; one (1) member would automatically serve by virtue of his or her position as CalOptima's Chief Financial Officer. The remaining four (4) members would be Orange County residents who possess experience in one (1) or more of the following areas: investment banking, investment brokerage and sales, investment management, financial management and planning, commercial banking, or financial accounting.

At the September 5, 2000, meeting, the Board approved expanding the composition of the IAC from five (5) members to seven (7) members in order to have more diverse opinions and backgrounds to advise CalOptima on its investment activities.

Discussion
The candidate recommended for reappointment, Rodney Johnson, has consistently provided leadership and service to CalOptima's investment strategies through his participation as an IAC member.

Mr. Johnson has served as a member of the IAC since June 6, 2013. Mr. Johnson has extensive experience working with public agencies. He is currently the Senior Director, Finance-Treasury for Los Angeles County Metropolitan Transportation. He previously worked as the Deputy Treasurer of the Orange County Transportation Authority (OCTA). He has been responsible for daily analysis of short-term and long-term cash flow needs, executing investments, and overseeing five (5) different investment management firms. Prior to that, Mr. Johnson held positions at BNY Western Trust Company, Fund Services Associates, Inc., and Muni Financial Services, Inc. Mr. Johnson has a M.P.A. from California State University Long Beach, and a B.A. from California State University Fullerton. His current term expires on June 6, 2021.

Back to Agenda

Fiscal Impact
There is no fiscal impact. An individual appointed to the IAC assists CalOptima in suggesting updates to and ensuring compliance with CalOptima's Board-approved Annual Investment Policy, and to monitor the performance of CalOptima's investments, investment advisor and investment managers.

Rationale for Recommendation
The individual recommended for CalOptima's IAC has extensive experience that meets or exceeds the specified qualifications for membership on the IAC. In addition, the candidate has already provided outstanding service as a member of the IAC.

Concurrence
Gary Crockett, Chief Counsel
Board of Directors' Investment Advisory Committee
Board of Directors' Finance and Audit Committee

Back to Agenda

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

7. Consider Appointments to the CalOptima Board of Directors' OneCare Connect Member Advisory Committee

Contacts

Belinda Abeyta, Executive Director, Operations, (657) 235-6755
Ladan Khamseh, Chief Operating Officer, (714) 246-8866

Recommended Action

The CalOptima OneCare Connect Member Advisory Committee (OCC MAC) recommends reappointment of the following individuals to serve two-year terms on the OCC MAC, effective July 1, 2021 through June 30, 2023:

a. Sandra Finestone as the Persons with Disabilities Representative;
b. Josefina Diaz as the Member/Family Member Representative; and
c. Sara Lee as the Persons from Ethnic or Cultural Community Representative

Background

The CalOptima Board of Directors welcomes community stakeholder involvement and benefits from their input in the form of advisory committees. The Centers for Medicare & Medicaid Services (CMS) and the State of California Department of Health Care Services (DHCS) established requirements for the implementation of the Cal MediConnect program, including a requirement for the establishment of a Cal MediConnect Member Advisory Committee. The CalOptima Board of Directors established the OCC MAC by resolution on February 5, 2015, to provide input and recommendations to the CalOptima Board relative to the OCC program, the Cal MediConnect program administered by CalOptima.

The OCC MAC is comprised of 10 voting members, seven of whom represent community seats and three of whom are OCC members or family of OCC members. There are also four non-voting members representing Orange County agencies. OCC MAC voting members serve two-year terms, with no limit on the number of terms a representative may serve. The terms for five OCC MAC seats due to expire on June 30, 2021. These include seats designated for Persons with Disabilities, Persons from an Ethnic or Cultural Community, In-Home Supportive Services/Union Provider, and two OCC Members/Family Member seats.

Discussion

CalOptima staff conducted a comprehensive outreach, including sending notifications to community-based organizations (CBOs), conducted targeted community outreach to agencies and CBOs serving the various open positions and posting recruitment materials on the CalOptima website and social media including Facebook and LinkedIn.

The OCC MAC Nominations Ad Hoc, composed of committee members Patty Mouton, Gio Corzo and Meredith Chillemi, met on April 20, 2021, and evaluated each of the applications for the available openings. The ad hoc presented the recommended slate of candidates for the five vacancies to the full committee on April 22, 2021. One OCC MAC Member Representative and an In-Home Supportive Services/Union Provider will remain vacant until eligible candidates sho are able to serve on the committee are identified.

Back to Agenda

OCC MAC committee members voted to accept the recommended slate of candidates as proposed by the Nominations Ad Hoc and are now forwarding the proposed slate of candidates to the CalOptima Board of Directors for consideration

The candidates for the open positions are:

Member Representative
Josefina Diaz*
Josefina Diaz has a parent who is a OCC member. Ms. Diaz has many years of experience working in the Orange County community. She currently works as a paralegal with the Community Legal Aid SoCal (CLA SoCal) formerly known as the Legal Aid Society of Orange County. Ms. Diaz's work with CLA SoCal has provided her with knowledge and experience working with a diverse community. Ms. Diaz has been an OCC MAC member since 2016.

Persons with Disabilities Representative
Sandra Finestone*
Sandy Finestone is the Executive Director of the Association of Cancer Patient Educators. Dr. Finestone works daily with individuals who have become disabled due to stage IV cancer. She facilitates support groups, meets individually with patients and their families and has created a peer support system. Ms. Finestone has been involved with the delivery of health care in the community for more than 30 years, both as an advocate and as a health care provider. Dr. Finestone also holds a seat on the Member Advisory Committee (MAC).

Persons From an Ethnic or Cultural Community Representative
Sara Lee*
Sara Lee is an attorney at the Community Legal Aid SoCal (CLA SoCal). She has been an attorney at CLA SoCal since December 2003. She is currently the Supervising Attorney of the Health Consumer Action Center (HCAC) unit at CLA SoCal, a partner of the statewide Health Consumer Alliance. She is a member of CalOptima's OCC MAC serving as the Ethnic and Cultural Community representative. She also serves as a steering committee member of Covered OC. She received her Juris Doctorate from the Southwestern University of Law and her Bachelor of Arts degree in political science from the University of California, Irvine (UCI). She has been a member of OCC MAC since 2015.

Fiscal Impact
There is no fiscal impact.

Rationale for Recommendation
As stated in policy, the OCC MAC established a Nominations Ad Hoc to review potential candidates for vacancies on the Committee. The OCC MAC met on April 22, 2021 to discuss the Ad Hoc's recommended slate of candidates and concurred with the Ad Hoc's recommendations. The OCC MAC forwards the recommended slate of candidates to the Board of Directors for consideration.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

8. Consider Appointments to the CalOptima Board of Directors' Member Advisory Committee

Contacts

Belinda Abeyta, Executive Director, Operations, (657) 235-6755
Ladan Khamseh, Chief Operating Officer, (714) 246-8866

Recommended Actions

The CalOptima Member Advisory Committee (MAC) recommends:

1. Reappointment of the following individuals to serve two-year terms on the MAC, commencing on July 1, 2021 and ending on June 30, 2023;
    a. Sandra Finestone as the Adult Beneficiaries Representative;
    b. Maura Byron as the Family Support Representative; and
    c. Hai Hoang as the Persons with Disabilities Representative.

2. Appoint Meredith Chillemi to the MAC to serve as the Seniors Representative for a two-year term commencing on July 1, 2021 and ending on June 30, 2023

Background

The CalOptima Board of Directors established the MAC by resolution on February 14, 1995 to provide input to the Board. The MAC is comprised of fifteen voting members. Pursuant to the resolution, MAC members serve two-year terms except for the two standing seats, which are representatives from the Orange County Social Services Agency (SSA) and the Orange County Health Care Agency (HCA). The CalOptima Board is responsible for the appointment of all MAC members. With the fiscal year ending on June 30, 2021, four MAC seats will expire: Adult Beneficiaries, Family Support, Persons with Disabilities and Seniors.

Discussion

CalOptima conducted a comprehensive outreach, including sending notifications to community-based organizations (CBOs), conducted targeted community outreach to agencies and CBOs serving the various open positions and posting recruitment materials on the CalOptima website as well as CalOptima's social media accounts for LinkedIn and Facebook.

The MAC Nominations Ad Hoc Subcommittee, composed of MAC committee members Sally Molnar, Patty Mouton, Steve Thronson and Christine Tolbert evaluated each of the applicants for the MAC openings and forwarded the proposed slate of candidates for the five vacancies to the full MAC for their consideration of a recommendation to the Board.

At the May 13, 2021 Special MAC meeting, MAC members accepted the recommended slate of candidates as proposed by the Nominations Ad Hoc and requested that the proposed slate of candidates be forwarded to the CalOptima Board for consideration

Back to Agenda

The candidates for the open positions are as follows:

Adult Beneficiaries Candidates

Sandra Finestone*

Sandy Finestone is the Executive Director of the Association of Cancer Patient Educators. Ms. Finestone works with individuals who have become disable due to stage IV cancer and facilitates support groups, meets individually with patients and their families and has created a peer support system. Ms. Finestone has been involved with the delivery of health care in the community for over 30 years, both as an advocate and as a health care provider. Ms. Finestone is also a current committee member of CalOptima's OneCare Connect Member Advisory Committee (OCC MAC) as the Persons with Disabilities Representative since 2015. She has been a member of the MAC since 2013.

Family Support Representative Candidates

Maura Byron*

Ms. Byron is the Executive Director of the Family Support Network and is the parent of a young adult who is a current California Children's Services client. As the executive director, she assists families of children with complex health care needs to maneuver in the system and secure services. In addition, she responds to families' questions and provides peer and emotional support. Ms. Byron also serves on CalOptima's Whole-Child Model Family Advisory Committee since 2018. She has been a member of the MAC since 2020 when she was appointed to fulfill an existing term.

Persons with Disabilities Candidates

Hai Hoang*

Mr. Hoang is currently the Chief Operating Officer at the Illumination Institute working directly with CalOptima's youth, disabled and adult/older adult populations. Presently the Illumination Institute continues a parent mentoring program for children with intellectual/developmental disabilities and their families that was established by Mr. Hoang when he was with Boat People SOS. The Illumination Institute also works with the Garden Grove and Santa Ana school districts assisting the medical and mental health support of children. Mr. Hoang has worked with the Vietnamese community since 2009 assisting children with intellectual/developmental disabilities and their families with health care navigation. Mr. Hoang has been a life-long advocate of the persons with disabilities population of Orange County for their medical and behavioral health needs. He currently holds the MAC Persons with Disabilities seat having been appointed to fill an existing term in 2020.

Lee Lombardo

Lee Lombardo is the current executive Director of YMCA Community Services. She is a Licensed Clinical Social Worker (LCSW). Ms. Lombardo has worked in mental health with children, teens, families and adults including co-occurring mental health/developmental disabilities. She also works with Orange County agencies as well as state agencies on the Developmental Screening Cohort through Help Me Grow OC, the Child Development and Planning Council Committee and Inclusion Subcommittee as well as the Be Well OC Prevent and Act Early Workgroup.

*Indicates MAC recommendation

Back to Agenda

Seniors Candidates

Meredith Chillemi*

Meredith Chillemi is the LifeSTEPS Director of Aging and Education Services where she provides direct service to CalOptima dual eligible older adults residing in affordable housing communities in Westminster, Brea and San Clemente. As a lead at LifeSTEPS, she guides programs at 10 senior affordable housing apartment communities in Orange County and regularly collaborates with community-based adult services (CBAS), senior centers, the Office on Aging and serves on the County of Orange Senior Citizens Advisory Council Health and Nutrition Committee. Ms. Chillemi also serves on the OCC MAC as the Long-Term Services and Supports Representative since 2020.

Fiscal Impact

There is no fiscal impact.

Rationale for Recommendation

As stated in policy, the MAC established a Nominations Ad Hoc to review potential candidates for vacancies on the Committee. The MAC met to discuss the Ad Hoc's recommended slate of candidates and concurred with the Subcommittee's recommendations. The MAC forwards the recommended slate of candidates to the Board of Directors for consideration.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

9. Consider Appointments to the CalOptima Board of Directors' Provider Advisory Committee

Contacts

Ladan Khamseh, Chief Operating Officer, (714) 246-8866
Michelle Laughlin, Executive Director, Network Operations, (657) 900-1116

Recommended Actions

The Provider Advisory Committee (PAC) recommends the following appointments to the PAC for three-year terms ending June 30, 2024:

1. New appointment of Gio Corzo as the Allied Health Representative;
2. New appointment of Jacob Sweidan, M.D. as the Health Network Representative;
3. Reappointment of Junelyn Lazo-Pearson, Ph.D, as the Behavioral/Mental Health Representative; and
4. Reappointment of Tina Bloomer as the Nurse Representative.

Background

The CalOptima Board of Directors established the Provider Advisory Committee (PAC) by resolution on February 14, 1995, to provide input to the Board. The PAC is comprised of 15 voting members. Pursuant to resolution no. 15-0806-03, PAC members serve three-year terms with the exception of one standing seat, which is occupied by a representative from the Orange County Health Care Agency (HCA). The CalOptima Board is responsible for the appointment of all PAC members. With the fiscal year ending on June 30, 2021, four PAC seats will expire: Allied Health, Behavioral/Mental Health, Health Networks and Nurse Representatives.

Discussion

CalOptima conducted recruitment to ensure that there would be a diverse applicant pool from which to choose candidates. The recruitment process included notification methods including sending outreach emails to community-based organizations and targeting community outreach to agencies serving the various open positions. Recruitment also consisted of emails to health networks, long-term care facilities, behavioral/mental health providers, physicians and hospitals in order to reach all CalOptima providers for all open seats. Open seats were also posted on CalOptima's social media platforms, which included LinkedIn and Facebook for recruitment purposes. CalOptima staff received applications from interested candidates and submitted them to the Nominations Ad Hoc Subcommittee for review.

Prior to the Nominations Ad Hoc Subcommittee meeting on April 28, 2021, subcommittee members evaluated each of the applicants. The subcommittee, including Vice Chair Nishimoto, Jennifer Birdsall, Teri Miranti and Christy Ward, selected a candidate for each of the open seats and forwarded the proposed slate of candidates to the PAC for consideration.

At the May 13, 2021 meeting, the PAC voted to accept the recommended slate of candidates proposed by the Nominations Ad Hoc Subcommittee.

Back to Agenda

The slate of candidates are:

Allied Health Representative
Gio Corzo*
Mr. Corzo is the Vice President of Home & Care Services for Meals on Wheels. He has more than 20 years of health care experience and expertise in strategic planning, development and operations of multiple health facilities, including community-based adult services (CBAS) centers, day programs and residential long-term care facilities. Mr. Corzo was instrumental in working on the state transition of adult day health care to CBAS. Mr. Corzo also served a two-year term on the OneCare Connect Member Advisory Committee as chair since 2015.

Behavioral/Mental Health Representative
Junelyn Lazo-Pearson, Ph.D.*
Dr. Lazo-Pearson is the Executive Advisor to Advanced Behavioral Health, Inc., a CalOptima contracted behavioral health group. She also serves part-time as an adjunct professor for the Chicago School of Professional Psychology, Irvine Campus, in Irvine. Dr. Lazo-Pearson holds a Ph.D. in Developmental and Child Psychology and is a Board-Certified Behavior Analyst through the Behavior Analyst Certification Board. A member of PAC since 2018, she currently serves as the PAC Chair.

Health Networks
Jacob Sweidan, M.D.*
Dr. Sweidan is the President at Noble Mid-Orange County, a contracted health network with CalOptima. He is also a practicing pediatrician with four offices in Anaheim, Garden Grove and Santa Ana serving CalOptima patients since the agency's inception. Dr. Sweidan previously served on the PAC from 2009 to 2020 as a Physician Representative and previously served on CalOptima's Quality Assurance Committee.

Kevin Rey
Kevin Rey is currently the Manager of Government Programs for Monarch HealthCare where he began his career in 2003. He holds a B.S. in Biological Sciences from the University of Nevada, Las Vegas. At Monarch, Mr. Rey has been responsible for the implementation of new programs such as the Whole-Child Model, Health Homes Program and Monarch's annual delegation audit, and will be managing the implementation of CalAIM.

Nurse Representative
Tina Bloomer, WHNP, FNP, MSN*
Ms. Bloomer is currently a Nurse Practitioner with University of California, Irvine Medical Center in Orange where she specializes in high-risk obstetrics. Ms. Bloomer has 25 years of experience providing quality health care services to underserved communities and received the Provider of the Year Award for 2014–15, and Excellence in Quality Award in 2015, 2016 and 2017 when she was with AltaMed Health Care. She is a top-ranking provider for Women's Health HEDIS measures. Ms. Bloomer holds an M.S. degree in Nursing Science and a degree as a Family Nurse Practitioner from the University of Phoenix. In addition to being Six Sigma Certified, Ms. Bloomer also holds a Drug Enforcement Agency

*Indicates PAC recommendation

Back to Agenda

(DEA) License, Nurse Practitioner Furnishing License and a National Provider Identifier (NPI) Certification. Ms. Bloomer has served on the PAC since 2019 where she fulfilled an existing term that will expire on June 30, 2021.

Fiscal Impact
There is no fiscal impact.

Rationale for Recommendation
As stated in CalOptima policy AA.1219b, the PAC established a Nominations Ad Hoc Subcommittee to review potential candidates for vacancies on the committee. The PAC met to discuss the recommended slate of candidates and concurred with the subcommittee's recommendations. The PAC forwards the recommended slate of candidates to the Board of Directors for consideration.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

10. Consider Appointments to the CalOptima Board of Directors' Whole-Child Family Advisory Committee

Contacts

Belinda Abeyta, Executive Director, Operations, (657) 235-6755
Ladan Khamseh, Chief Operating Officer, (714) 246-8866

Recommended Actions

The Whole-Child Model Family Advisory Committee (WCM FAC) recommends the following appointments to the WCM FAC for terms ending June 30, 2023:

1. Reappointment of the following individuals, effective upon Board approval:
    a. Monica Maier as an Authorized Family Member Representative;
    b. Malissa Watson as an Authorized Family Member Representative;
    c. Sandra Cortez-Schultz as a Community-Based Organization Representative; and
2. New Appointment of Kathleen Lear as an Authorized Family Member Representative

Background

Senate Bill 586 (SB 586) was signed into law on September 25, 2016 and authorized the establishment of the Whole-Child Model incorporating California Children's Services (CCS) covered services for Medi-Cal eligible children and youth into specified county-organized health system plans, including CalOptima. A provision of the WCM program requires each participating health plan to establish a FAC. Accordingly, the CalOptima Board of Directors established the WCM FAC by resolution on November 2, 2017, to report and provide input and recommendations to the CalOptima Board relative to the WCM program.

The WCM FAC is comprised of 11 voting members, seven to nine of whom are to be designated as family representatives and two to four of whom are to be designated as community seats representing the interests of children receiving CCS services. While two of the WCM FAC's 11 seats are designated as community seats, WCM FAC candidates representing the community may be considered for up to two additional WCM FAC seats if there are not enough family representative candidates to fill those seats.

Discussion

CalOptima staff conducted comprehensive outreach, including sending notifications to community-based organizations (CBOs), as well as conducted targeted community outreach to agencies and CBOs serving the various open positions and posting recruitment materials on the CalOptima website, as well as CalOptima's social media sites such as LinkedIn and Facebook.

With the fiscal year ending on June 30, 2021, seven WCM FAC seats will expire: five Authorized Family Member Representatives and two Community-Based Organization/Consumer Advocate Representatives.

Back to Agenda

The WCM FAC Nominations Ad Hoc Subcommittee, composed of WCM FAC committee members Maura Byron, Brenda Deeley and Kristen Rogers met on April 22, 2021. They evaluated each of the applications for the upcoming openings and proposed a slate of candidates that was forwarded to the WCM FAC committee for consideration.

At its April 27, 2021 regular meeting, the WCM FAC accepted the recommended slate of candidates and requested it be forwarded to the Board for consideration. Two Authorized Family Member Representative seats and one Consumer Advocate seat will remain vacant until eligible candidates are identified.

The candidates for the open positions are as follows:

Authorized Family Member Representative

Kathleen Lear (New Appointment)

Ms. Lear is the parent of a special needs child who has recently been approved to receive CCS services Ms. Lear is a substitute instructional assistant to special education children in the Los Alamitos Unified School District, and she is a member of the Family Advisory Committee at Children's Hospital of Orange County (CHOC). Ms. Lear is also a parent champion for C.O.P.E. where she helps provide support for families living with epilepsy. Ms. Lear was appointed to the WCM FAC as a Consumer Advocate in October 2019. With the addition of CCS services for her child, she would like to participate on the committee as an Authorized Family Member.

Monica Maier (Reappointment)

Monica Maier is the stepmother and main caregiver of a child who receives CCS services. Ms. Maier continues to advocate on behalf of parents and their children with CCS conditions. She has been a member of the WCM FAC since February 2020, when she was appointed to fill an existing term that would expire June 30, 2021.

Malissa Watson (Reappointment)

Malissa Watson is the mother of a child who receives CCS services. Ms. Watson's desire is to help families navigate CCS and CalOptima. She is active in the community, serving on the CHOC Hospital Parent Advisory Committee and mentoring other parents. She has been a member of the WCM FAC since its inception in 2018.

Community-Based Organization Representative

Sandra Cortez-Schultz (Reappointment)

Sandra Cortez-Schultz is the Customer Service Manager at CHOC Children's Hospital. Ms. Cortez-Schultz is responsible for ensuring that the families of medically complex children receive the appropriate care and treatment they require. She is also the Chair of CHOC's Family Advisory Council. Ms. Cortez-Schultz has more than 25 years of experience working directly and indirectly at varying levels with the CCS program. She has been a member of the WCM FAC since its inception in 2018.

Back to Agenda

Fiscal Impact
Each authorized family member representative appointed to the WCM FAC may receive a stipend of up to $50 per committee meeting attended. Funding for stipends provided to WCM FAC family representatives is a budgeted item under the CalOptima Fiscal Year 2020–21 Operating Budget. Management will include funding related to the stipends in the upcoming FY 2021–22 and future operating budgets. There is no additional fiscal impact related to the recommended actions.

Rationale for Recommendation
As stated in policy AA.1271, the WCM FAC established a Nominations Ad Hoc Subcommittee to review the potential candidates for vacancy on the Committee. The WCM FAC met on April 27, 2021, to discuss and concurred with the subcommittee's recommendations. The WCM FAC forwards the recommended slate of candidates to the Board of Directors for consideration.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

11. Consider Selecting and Contracting with Investment Managers for CalOptima's Operating, Tier One and Tier Two Investment Accounts; Authorize Allocation of these Assets Amongst the Recommended Investment Managers

Contact

Nancy Huang, Chief Financial Officer, (657) 235-6935

Recommended Actions

1. Approve recommended investment managers, MetLife Investment Management and Payden & Rygel for investment management services;
2. Authorize the Chief Executive Officer (CEO), with assistance of Legal Counsel, to enter into contracts with the recommended investment managers, with each contract for a three-year term, with two one-year extension options, each extension option exercisable at CalOptima's sole discretion; and
3. Authorize the allocation of management responsibility for the Operating, Tier One, and Tier Two investment accounts on a 50%/50% basis between the two selected investment managers.

Background

At its March 5, 2015 meeting, the CalOptima Board of Directors directed staff to conduct a Request for Proposal (RFP) process consistent with the Board-approved purchasing policy, for investment manager services, and return to the Board with recommendations after vetting with the Investment Advisory Committee (IAC) and the Finance and Audit Committee (FAC).

Consistent with the Board-approved purchasing policy, Staff conducted an RFP process for investment management of CalOptima Operating and Tier One assets. At the July 27, 2015, IAC meeting, CalOptima's Investment Advisor, Meketa Investment Group presented the results of the Fixed Income Manager Search. Based on the results of the RFP process, the Evaluation Team recommended the selection of Logan Circle Partners.

At the October 26, 2015, meeting, the IAC approved the recommended actions to authorize a contract with an additional investment manager for CalOptima's Operating and Tier One investment accounts, and the allocation of these assets 50%/50% between the current investment manager, Payden & Rygel, and the additional investment manager, Logan Circle Partners.

At the November 19, 2015, meeting, the FAC modified the IAC's original recommendation to have a 33%/33%/33% split of the Operating and Tier One assets and to add one more investment manager. Based on the revised recommended action and the results from the RFP process, Wells Capital was selected as the additional investment manager.

At the December 3, 2015, meeting, the Board authorized contracts with two additional investment managers selected through an RFP process for investment manager services, Logan Circle Partners and

Back to Agenda

Wells Capital. The Board also authorized the allocation of management responsibility for the Operating and Tier One investment accounts on an equal basis between the three investment managers.
At the April 25, 2016, meeting, the IAC approved the 100% security in-kind transfer for both Operating and Tier One assets to Logan Circle and Wells Capital, CalOptima's new investment managers. Payden & Rygel distributed 67% of Operating and Tier One assets in equal amounts to Logan Circle and Wells Capital in equal amounts. In addition, the IAC approved a three (3) month rotation period for investment manager cash flows.

At its March 4, 2021, meeting, the Board directed staff to conduct another RFP process for investment manager services, consistent with the Board-approved purchasing policy, and to return to the Board with recommendations after review and approval by the IAC and FAC. The current investment manager contracts expire on September 30, 2021.

Discussion

Consistent with the Board-approved purchasing policy, Staff conducted an RFP process for investment manager services of CalOptima's Operating, Tier One, and Tier Two assets. The following table provides more details on the RFP process.

<table>
<tr><th>Date</th><th>Action</th></tr>
<tr><td>January 2021</td><td>• Developed Scope of Work
• Formed Evaluation Team comprised of CalOptima staff, CalOptima Purchasing, Meketa Investment Group, IAC member
• Issued RFP on January 30, 2021</td></tr>
<tr><td>March 2021</td><td>• Received proposals from sixteen firms
• Evaluation Team reviewed proposals
• Evaluated and ranked proposals based on established criteria
• Evaluation Team conducted interviews with five firms in March and April</td></tr>
<tr><td>April 2021</td><td>• Evaluation Team scored the finalist firms after interviews were completed and determined the final rankings

Firm — Final Score
MetLife Investment Management — 56.83
Payden & Rygel — 55.00
PFM Asset Management — 52.83
Wells Fargo Asset Management — 51.33
Western Asset Management — 45.50</td></tr>
</table>

The Evaluation Team discussed different options to re-balance CalOptima's Operating, Tier One, and Tier Two assets, as well as the appropriate number of investment managers to effectively manage the balance. Evaluations were based on the portfolio balance forecast, returns on investment, reporting capabilities, and investment manager fees. The Evaluation Team also discussed the rotation period for investment manager cash flows.

Back to Agenda

Based on these discussions, the Evaluation Team recommends reducing the total number of investment managers from three to two and that the Board authorize contracts with the two highest ranking firms based on the RFP process results, MetLife Investment Management and Payden & Rygel.

Based on feedback from the current investment managers and Meketa Investment Group, Staff recommends increasing the cash flow rotation period for investment managers from three (3) months to six (6) months. This change will lengthen the cash flow rotation period to provide increased investment opportunities, while at the same time be short enough to limit diversification in account balances between investment managers.

At its April 26, 2021, meeting, the IAC reviewed the RFP results and the Evaluation Team's recommendations and recommended that the FAC recommend these actions to the Board of Directors.

At its May 20, 2021, meeting, the FAC recommended that the Board authorize execution of contracts with the recommended vendors for three-year terms, each with two one-year extension options.

Fiscal Impact

Based on the RFP results, Management anticipates that the proposed investment manager fees will not increase the overall investment manager expenses from Fiscal Year (FY) 2020-21 to FY 2021-22. Anticipated investment manager fees associated with the recommended actions will be included in the FY 2021-22 Operating Budget and future operating budgets.

Rationale for Recommendation

The proposed plan supports CalOptima's investment goals to maintain safety of principal, sufficient liquidity to meet the organization's operating needs, and achieving a market rate of return by keeping transaction costs low. To ensure that CalOptima's investment portfolio is optimally managed, approval of the implementation plan for investment managers is recommended.

CONTRACT NO. 21-10216
BETWEEN
ORANGE COUNTY HEALTH AUTHORITY, A PUBLIC AGENCY, dba
ORANGE PREVENTION & TREATMENT INTEGRATED MEDICAL ASSISTANCE, dba
CALOPTIMA
And
METLIFE INVESTMENT MANAGEMENT HOLDINGS, LLC dba
METLIFE INVESTMENT MANAGEMENT, LLC
(CONTRACTOR)

THIS CONTRACT ("Contract") is made and entered into as of the 1st day of October 2021, by and between the Orange County Health Authority, dba CalOptima, a public agency, hereinafter referred to as "CalOptima" and Metlife Investment Management, LLC, hereinafter referred to as "CONTRACTOR." CalOptima and CONTRACTOR shall be referred to herein collectively as the "Parties" or individually as a "Party."

RECITALS

A. CalOptima desires to retain a CONTRACTOR to provide Investment Management Services, as described in the Scope of Work; and

B. CONTRACTOR provides such services; and

C. CONTRACTOR represents and warrants that it has the requisite personnel and experience and is capable of performing such services; and

D. CONTRACTOR desires to perform these services for CalOptima; and

E. CalOptima and CONTRACTOR desire to enter into this Contract on the terms and conditions set forth herein below.

NOW, THEREFORE, in consideration of their mutual and respective promises, and subject to the terms and conditions hereinafter set forth, the Parties agree as follows:

1. Documents Constituting Contract. This Contract shall include the following documents ("Contract Documents"), in the order of descending precedence: (i) this Contract, inclusive of all its exhibits and attachments, and any amendments thereto; (ii) CalOptima's Request for Proposal ("RFP"), 21-031, inclusive of any revisions, amendments and addenda thereto; (iii) CONTRACTOR's Best and Final Offeror's email on April 05, 2021; (iv) CONTRACTOR's proposal dated March 04, 2021; and (v) CONTRACTOR's material presented to CalOptima on March 31, 2021. Any new terms and conditions attached to CONTRACTOR's best and final offer, proposal, invoices, or request for payment, shall not be incorporated into the Contract Documents or be binding upon CalOptima unless expressly accepted by CalOptima in writing. All documents attached to this Contract and/or referenced herein as a "Contract Document" are incorporated into this Contract by this reference, with the same force and effect as if set forth herein in their entirety. Changes hereto shall not be binding upon CalOptima except when specifically confirmed in writing by an authorized representative of CalOptima and issued in accordance with Section 17, Modifications, herein. In the event of any conflict of provisions among the documents constituting the Contract, the provisions shall prevail in the above-referenced descending order of precedence.

2. Statement of Work.

2.1 CONTRACTOR shall perform the work necessary to complete, in a manner satisfactory to CalOptima, and if applicable, to the Centers for Medicare and Medicaid Services ("CMS"), the California Department of Health Care Services ("DHCS"), and/or the California Department of Managed Health Care ("DMHC"), as applicable, the services set forth in Exhibit A entitled "Scope

of Work," which is attached hereto and incorporated herein by this reference. CONTRACTOR shall also perform in accordance with its Proposal dated March 04, 2021.

2.2 CONTRACTOR shall provide the personnel listed below to perform the above-specified services, which persons are hereby designated as key personnel under this Contract. No person named in this Section 2, or his/her successor approved by CalOptima, shall be removed or replaced by CONTRACTOR, nor shall his/her agreed-upon function or level of commitment hereunder be changed without the prior written consent of CalOptima.

Name	Function/Title
Scott Pavlak	Portfolio Manager / Head of Short Duration Fixed Income

Erin Klepper	Portfolio Specialist / Short Duration Fixed Income
Fern Hyppolite	Portfolio Specialist / Short Duration Fixed Income
Benjamin Epstein	Portfolio Specialist / Short Duration Fixed Income
Daniel Perullo	Head of Global Consultant Relations – Institutional Client Group

3. Insurance.

3.1 Prior to undertaking performance of services under this Contract and at all times during performance hereunder, and entirely at CONTRACTOR's sole expense, CONTRACTOR shall maintain the following insurance, which shall be full-coverage insurance not subject to self-insurance provisions, and CONTRACTOR shall not of its own initiative cause such insurance to be canceled or materially changed during the term of this Contract:

3.1.1 Required Insurance:

3.1.1.1 Commercial General Liability, including Contractual liability and coverage for Independent Contractors on an occurrence basis on an ISO form GC 00 01 or equivalent covering bodily injury and property damage with the following minimum liability limits:

3.1.1.2 Per Occurrence: $1,000,000

3.1.1.3 Personal Advertising Injury: $1,000,000

3.1.1.4 Products Completed Operations: $2,000,000

3.1.1.5 General Aggregate: $2,000,000

3.1.2 Commercial Automobile Liability covering any auto, whether owned, leased, hired, or rented, on an ISO form CA 0001 or equivalent in the amount of $1,000,000 combined single limit for bodily injury or property damage.

3.1.3 Workers' Compensation and Employers' Liability Policy written in accordance with the laws of the State of California and providing coverage for all of CONTRACTOR's employees:

3.1.3.1 This policy must provide statutory coverage for Workers' Compensation.

3.1.3.2 This policy must also provide coverage for $1,000,000 Employers' Liability for each employee, each accident, and in the general aggregate.

3.1.4 Professional Liability insurance covering the CONTRACTOR's professional errors and omissions with the following minimum limits of insurance:

3.1.4.1 Per occurrence: $1,000,000

3.1.4.2 General aggregate: $2,000,000

3.1.5 Commercial crime policy covering employee theft and dishonesty, forgery and alteration, money orders and counterfeit currency, credit card fraud, wire transfer fraud, and theft of client property, with the following minimum limits of $1,000,000 per occurrence:

3.1.5.1 Cyber and Privacy Liability insurance with the following minimum limits of insurance covering claims involving privacy violations, information theft, damage to or destruction of electronic information, intentional and/or unintentional release of private information, alteration of electronic information, extortion and network security. Such coverage is required only if any products and/or services related to information technology (including hardware and/or software) are provided to Insured and for claims involving any professional services for which CONTRACTOR is engaged with Insured for such length of time as necessary to cover any and all claims.

a) Privacy and Network Liability: $1,000,000

b) Internet Media Liability: $1,000,000

c) Business Interruption & Expense: $1,000,000

d) Data Extortion: $1,000,000

e) Regulatory Proceeding: $1,000,000

f) Data Breach Notification & Credit Monitoring: $1,000,000

3.2 Prior to commencement of any work hereunder, CONTRACTOR shall furnish to CalOptima's Purchasing Department additional insured endorsements and also broker-issued Certificate(s) of Insurance showing the required insurance coverages for CONTRACTOR, and further providing that:

Certificate Requirements:

3.2.1 CalOptima's officers, officials, directors, employees, agents, and volunteers are to be covered as additional insureds with respect to liability arising out of work or operations performed by or on behalf of CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. This provision applies to CONTRACTOR's General Liability and Auto Liability policies and must be on ISO form CG 20 10 or equivalent.

3.2.2 For any claims related to this contract, the CONTRACTOR's insurance coverage shall be primary insurance as respects to CalOptima, its officers, officials, directors, employees, agents, and volunteers. This provision applies to the CONTRACTOR's General Liability, Auto Liability and Workers' Compensation and Employers' Liability policies.

3.2.3 The Insurance Company agrees to waive all rights of subrogation against CalOptima and its elected or appointed officers, officials, directors, agents, and employees for losses paid under the terms of any policy which arise from work performed by the CONTRACTOR for CalOptima. This provision applies to the CONTRACTOR's General Liability, Auto Liability and Workers' Compensation and Employers Liability policies.

3.2.4 Insurance is to be placed with insurers with a current A.M. Best rating of no less than A-VII, unless otherwise acceptable to CalOptima.

3.2.5 CONTRACTOR shall furnish CalOptima with original certificates and amendatory endorsements affecting coverage required by this clause. All certificates and endorsements are to be received and approved by CalOptima before work commences. CalOptima reserves the right to require complete, certified copies of all required insurance policies, including endorsements affecting the coverage required by these specifications, at any time.

3.2.6 All deductibles and retentions that the aforementioned policies contain are the responsibility of the CONTRACTOR and in no way shall CalOptima be responsible for payment of the deductibles/retentions.

3.2.7 If CONTRACTOR maintains higher limits than the minimums required above, CalOptima requires and shall be entitled to coverage for the higher limits maintained by CONTRACTOR. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to CalOptima.

3.2.8 Thirty (30) days prior written notice of cancellation be given to CalOptima.

3.3 If CONTRACTOR fails or refuses to maintain or produce proof of the insurance required by this Section 3, CalOptima shall have the right, at its election, to terminate forthwith this Contract. Such termination shall not affect CONTRACTOR'S right to be paid for its time and materials expended prior to notification of termination. CONTRACTOR waives the right to receive compensation and agrees to indemnify CalOptima for any work performed prior to approval of insurance by CalOptima

3.4 The requirement for carrying the required insurance shall not derogate from the provisions for indemnification of CalOptima.

3.5 CONTRACTOR shall require each of its subcontractors who perform services related to this Contract, if any, to maintain insurance coverage that meets all of the requirements set forth herein.

3.6 "Occurrence," as used herein, means any event or related exposure to conditions that result in bodily injury or property damage.

4. Indemnification.

4.1 To the fullest extent permitted by law, CONTRACTOR agrees to and shall save, defend, indemnify, and hold harmless CalOptima and its respective officers, directors, and employees (individually and collectively referred to as "Indemnified Parties") for any loss or damages including but not limited to property damage, bodily injury, or death or any other element of any kind or nature caused by the CONTRACTOR, its officers, employees, or subcontractors, (the "Indemnitors") gross negligence, willful misconduct, violation of law or material breach of a term of this Contract, arising from the performance of the Indemnitors under this Contract. CONTRACTOR shall defend the Indemnified Parties in any claim or action based upon any such alleged acts or omissions, at its sole expense, which shall include all costs and fees, including, but

not limited to, attorneys' fees, cost of investigation, defense, and settlement or awards. CalOptima may make all reasonable decisions with respect to its representation in any legal proceeding.

4.2 CONTRACTOR's obligation to indemnify hereunder is in addition to any liability CONTRACTOR may have to CalOptima for a breach by CONTRACTOR of any of the provisions of this Contract. Under no circumstances shall the insurance requirements and limits set forth in this Contract be construed to limit CONTRACTOR's indemnification and duty to defend obligation or other liability hereunder. The terms of this Contract are contractual and the result of negotiation between the Parties hereto. Accordingly, any rule of construction of contracts (including, without limitation, California Civil Code Section 1654) that ambiguities are to be construed against the drafting party, shall not be employed in the interpretation of this Contract.

4.3 It is expressly understood and agreed that the foregoing provisions are intended to be as broad and inclusive as permitted by the law of the State of California and that CONTRACTOR's indemnification and duty to defend obligation hereunder shall survive the expiration or earlier termination of this Contract until such time as action against the Indemnified Parties for such matter indemnified hereunder is fully and finally barred by the applicable statute of limitations, including but not limited to those set forth under the California Government Claims Act (Cal. Gov. Code §900 et seq.).

4.4 The terms of this Section shall survive the termination of this Contract.

5. Independent Contractor. CalOptima and CONTRACTOR agree that CONTRACTOR, which term shall include any and all subcontractors, and any agents or employees of the CONTRACTOR, in performance of this Contract, shall act in an independent capacity, and not as officers or employees of CalOptima. CONTRACTOR's relationship with CalOptima in the performance of this Contract is that of an independent contractor. CONTRACTOR's personnel performing services under this Contract shall be at all times under CONTRACTOR's exclusive direction and control, and shall be employees of CONTRACTOR and not employees of CalOptima. CONTRACTOR shall pay all wages, salaries and other amounts due its employees in connection with this Contract, and shall be responsible for all reports and obligations respecting them, such as social security, income tax withholding, unemployment compensation, workers' compensation, and similar matters. At CONTRACTOR's expense as described herein, CONTRACTOR agrees to defend, indemnify, and hold harmless CalOptima, its officers, agents, employees, members, subsidiaries, joint venture partners, and predecessors and successors in interest from and against any claim, action, proceeding, liability, loss, damage, cost, or expense, including, without limitation, attorneys' fees as provided herein arising out of CONTRACTOR's alleged failure to pay, when due, all such taxes and obligations (collectively referred to for purposes of this paragraph as "Employment Claim(s)"). CONTRACTOR shall pay to CalOptima any expenses or charges relating to or arising from any such Employment Claim(s) as they are incurred by CalOptima.

6. Assignments; Subcontracts.

6.1 Except as specifically permitted hereunder, CONTRACTOR may not assign, transfer, delegate or subcontract any interest herein, either in whole or in part, without the prior written consent of CalOptima, which consent may be withheld in its sole and absolute discretion. In the event CalOptima provides such prior written consent, CONTRACTOR acknowledges and agrees that such assignment, transfer, delegation, or subcontract may additionally be subject to the prior written approval of DHCS. Any assignment, transfer, delegation, or subcontract made without CalOptima's express written consent shall be deemed void.

6.2 For purposes of this Section and this Contract, assignment is: (1) the change of more than twenty-five percent (25%) of the ownership or equity interest in CONTRACTOR (whether in a single transaction or in a series of transactions); (2) the change of more than twenty-five percent (25%) of the directors or trustees of CONTRACTOR (whether in a single transaction or in a series of transactions); (3) the merger, reorganization, or consolidation of CONTRACTOR with another

entity with respect to which CONTRACTOR is not the surviving entity; and/or (4) a change in the management of CONTRACTOR from management by persons appointed, elected or otherwise selected by the governing body of CONTRACTOR (e.g. the Board of Directors) to a third-party management person, company, group, team or other entity.

6.3 In the event that CONTRACTOR is allowed to subcontract for services under this Contract, and does so subcontract, then CONTRACTOR shall, upon request, provide copies of such subcontracts to CalOptima or DHCS.

7. Non-Exclusive Relationship. It is understood by the parties that this is a non-exclusive relationship between CalOptima and CONTRACTOR. CalOptima shall have the right to have any of the services that are the subject of this Contract performed by CalOptima personnel or enter into contractual arrangements with one or more contractors who can provide CalOptima with similar or like services.

8. Compliance with Applicable Law and Policies. CONTRACTOR warrants that, in the performance of this Contract, it shall, at its own expense, observe and comply with all applicable federal, state, and local laws, and CalOptima Policies relating to services under the Contract that are in effect when this Contract is signed or which may come into effect during the term of this Contract.

9. Nondiscrimination Clause Compliance.

9.1 During the performance of this Contract, CONTRACTOR and its subcontractor(s) shall not unlawfully discriminate, harass, or allow harassment, against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, physical disability, including Human Immunodeficiency Virus (HIV) and Acquired Immune Deficiency Syndrome (AIDS), AIDS-Related Complex (ARC), mental disability, medical condition (including cancer), age (over 40), marital status, and the use of family and medical care leave and pregnancy disability leave. CONTRACTOR and subcontractor(s) shall insure that the evaluation and treatment of their employees and applicants for employment are free from discrimination and harassment. CONTRACTOR and subcontractor(s) shall comply with the provisions of the Fair Employment and Housing Act (Government Code, Section 12900 et seq. and the applicable regulations promulgated thereunder Title 2, CCR, Section 7285.0 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code, Section 12990 (a-f), set forth in Chapter 5 of Division 4, Title 2, CCR are incorporated into this Contract by reference and made a part hereof as if set forth in full. CONTRACTOR and its subcontractor(s) shall give notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement. CONTRACTOR shall also fully comply with the following, to the extent applicable to the services provided by CONTRACTOR under this Contract: Title VI of the Civil Rights Act of 1964, 42 USC Section 2000d (race, color, national origin); Section 504 of the Rehabilitation Act of 1973 (29 USC §794) (nondiscrimination under Federal grants and programs); Title 45 CFR Part 84 (nondiscrimination on the basis of handicap in programs or activities receiving Federal financial assistance); Title 28 CFR Part 36 (nondiscrimination on the basis of disability by public accommodations and in commercial facilities); Title IX of the Education Amendments of 1973 (regarding education programs and activities); Title 45 CFR Part 91 and the Age Discrimination Act of 1975 (nondiscrimination based on age); as well as California Government Code Section 11135 (ethnic group identification, religion, age, sex, color, physical or mental handicap); California Civil Code Section 51 (all types of arbitrary discrimination); and all rules and regulations promulgated pursuant thereto.

9.2 CONTRACTOR shall include the nondiscrimination and compliance provisions of Section 9 in all subcontracts under this Contract.

10. Prohibited Interest.

10.1 CONTRACTOR shall comply with all applicable federal, state, and local laws and regulations pertaining to conflict of interest laws, including but not limited to CalOptima's Conflict of Interest Code, the California Political Reform Act (Government Code Section 81000 et seq.) and Government Code Section 1090 et seq. (collectively, the "Conflict of Interest Laws").

10.2 CONTRACTOR covenants that, for the term of the Contract, no director, officer, or employee of CalOptima during his tenure has any interest, direct or indirect, in this Contract or the proceeds thereof. CONTRACTOR further covenants that, for the term of this Contract, and consistent with the provisions of Title 22 California Code of Regulations (CCR) Section 53600(f), no state officer or state employee shall be employed in a management or contractor position by CONTRACTOR within one year after the state office or state employee has terminated state employment.

10.3 No employee, officer or agent of CalOptima shall participate in the selection, award or administration of an agreement, or in any decision that may have foreseeable impact on CONTRACTOR if a conflict of interest, real or implied, exists. Such a conflict arises when any of the following has a financial or other interest in the firm selected for award:

10.3.1 A CalOptima employee, officer or agent;

10.3.2 Any member of the employee, officer or agent's immediate family;

10.3.3 The employee, officer or agent's domestic or business partner; and

10.3.4 An organization that employs or is about to employ any of the above.

10.4 CONTRACTOR understands that, if this Contract is made in violation of Government Code Section 1090 et seq., the entire Contract is voidable and CONTRACTOR will not be entitled to any compensation for Services performed pursuant to this Contract and CONTRACTOR will be required to reimburse CalOptima any sums paid to CONTRACTOR. CONTRACTOR further understands that, in addition to the foregoing, CONTRACTOR may be subject to criminal prosecution for a violation of Government Code Section 1090.

10.5 If CONTRACTOR hereinafter becomes aware of any facts, which might reasonably be expected to either create a conflict of interest under the Conflict of Interest laws or violate the provisions of this Section, CONTRACTOR shall immediately make full written disclosure of such acts to CalOptima. Full written disclosure shall include, without limitation, identification of all persons, entities and businesses implicated and a complete description of all relevant circumstances.

11. Disclosure of Officers, Owners, Stockholders and Creditors. On an annual basis and within thirty (30) days of any changes, CONTRACTOR shall identify the names of the following persons by listing them on Exhibit I, attached hereto and incorporated by this reference:

11.1 All officers and owners who own greater than 5% of the CONTRACTOR; and

11.2 All stockholders owning greater than 5% of any stock issued by CONTRACTOR.

11.3 All creditors of CONTRACTOR's business if such interest is over 5%.

12. Equal Opportunity.

12.1 CONTRACTOR and its Subcontractors will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. CONTRACTOR and its Subcontractors will take affirmative action to ensure that qualified applicants are employed, and that employees are treated during employment, without regard to their race, color, religion,

sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and career development opportunities and selection for training, including apprenticeship. CONTRACTOR and its Subcontractors agree to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Federal Government or Department of Health Care Services ("DHCS"), setting forth the provisions of the Equal Opportunity clause, Section 503 of the Rehabilitation Act of 1973, and the affirmative action clause required by the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212). Such notices shall state CONTRACTOR and its Subcontractors' obligation under the law to take affirmative action to employ and advance in employment qualified applicants without discrimination based on their race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era and the rights of applicants and employees.

12.2 CONTRACTOR and its Subcontractors will, in all solicitations or advancements for employees placed by or on behalf of CONTRACTOR and its Subcontractors, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era.

12.3 CONTRACTOR and its Subcontractors will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding a notice, to be provided by the Federal Government or the State, advising the labor union or workers' representative of CONTRACTOR and its Subcontractors' commitments under the provisions herein and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

12.4 CONTRACTOR and its Subcontractors will comply with all provisions of and furnish all information and reports required by Section 503 of the Rehabilitation Act of 1973, as amended, the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212) and of the Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and of the rules, regulations, and relevant orders of the Secretary of Labor.

12.5 CONTRACTOR and its Subcontractors will furnish all information and reports required by Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and the Rehabilitation Act of 1973, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the State and its designated representatives and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

12.6 In the event of CONTRACTOR and its Subcontractors' noncompliance with the requirements of the provisions herein or with any federal rules, regulations, or orders which are referenced herein, this Contract may be cancelled, terminated, or suspended in whole or in part, and CONTRACTOR and its Subcontractors may be declared ineligible for further federal and state contracts, in accordance with procedures authorized in Federal Executive Order No. 11246 as amended, and such other sanctions may be imposed and remedies invoked as provided in Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR

part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

12.7 CONTRACTOR and its Subcontractors will include the provisions of this section in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor, issued pursuant to Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or Section 503 of the Rehabilitation Act of 1973 or (38 U.S.C. 4212) of the Vietnam Era Veteran's Readjustment Assistance Act, so that such provisions will be binding upon each subcontractor or CONTRACTOR. CONTRACTOR and its Subcontractors will take such action with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs or DHCS may direct as a means of enforcing such provisions, including sanctions for noncompliance, provided, however, that in the event CONTRACTOR and its Subcontractors become involved in, or are threatened with litigation by a subcontractor or CONTRACTOR as a result of such direction by DHCS, CONTRACTOR and its Subcontractors may request in writing to DHCS, who, in turn, may request the United States to enter into such litigation to protect the interests of the State and of the United States.

13. Standard of Performance; Warranties.

13.1 CONTRACTOR agrees to perform all work under this Contract with the requisite skill and diligence consistent with professional standards for the industry and type of work performed under this Contract, and pursuant to the governing rules and regulations of the industry.

13.2 In the event that CONTRACTOR is allowed to subcontract for services under this Contract, and does so subcontract, then CONTRACTOR represents and warrants that any individual or entity acting as a subcontractor to this Contract has the appropriate skill and expertise to perform the subcontracted work.

13.3 CONTRACTOR's obligations under this Section are in addition to CONTRACTOR's other express or implied warranties and other obligations under this Contract or state law, and in no way diminish any other rights that CalOptima may have against CONTRACTOR for faulty materials, equipment or work. CalOptima rejects any disclaimer by CONTRACTOR of any warranty, standard, implied or express, unless specifically agreed to in writing by both parties.

13.4 Any CalOptima property damaged by CONTRACTOR, its subcontractor(s), or by the personnel of either, will be subject to repair and replacement by CONTRACTOR at no cost to CalOptima.

14. Compensation.

14.1 Payment.

14.1.1 CalOptima agrees to pay, and CONTRACTOR agrees to accept as full consideration for the faithful performance of this Contract, the rates, charges and other payment terms identified in Exhibit B, which is attached hereto and incorporated herein by this reference.

14.1.2 CalOptima will not reimburse CONTRACTOR any expenses incurred in connection with its performance of the services, unless such reimbursement is specifically authorized in Exhibit B. Each expense reimbursement request, when authorized in Exhibit B must include receipts or other suitable documentation.

14.1.3 CONTRACTOR's requests for payments and reimbursements must comply with the requirements set forth in Exhibit B. CalOptima will not make payment for work that fails to meet the standards of performance as set forth in the Contract and Exhibit A, Scope of Work that may be reasonably expected by CalOptima. **CALOPTIMA SHALL NOT PAY ANY FEES, EXPENSES OR COSTS WHATSOEVER INCURRED BY CONTRACTOR IN RENDERING ADDITIONAL SERVICES NOT AUTHORIZED IN WRITING UNDER THIS CONTRACT.**

14.1.4 In no event shall the total compensation payable to CONTRACTOR for the services performed under this Contract exceed the maximum cumulative payment obligation, as set forth in the attached Exhibit B, without the express prior written authorization of CalOptima. CONTRACTOR shall at all times monitor its costs and expenditures for work performed under this Contract, and shall monitor its invoices, costs, and expenditures, to ensure it does not exceed the maximum cumulative payment obligation set forth herein. CONTRACTOR shall provide CalOptima with 60 days written notice if at any time during this Contract CONTRACTOR becomes aware that it may exceed the maximum cumulative payment obligation authorized under this Contract. **CONTRACTOR ACKNOWLEDGES AND AGREES THAT CALOPTIMA SHALL NOT BE LIABLE FOR ANY FEES, EXPENSES OR COMPENSATION IN EXCESS OF THE MAXIMUM CUMULATIVE PAYMENT OBLIGATION.**

14.1.5 The maximum cumulative payment obligation includes all applicable federal, state, and local taxes and duties, except sales tax, which is shown separately, if applicable. CONTRACTOR is responsible for submitting any withholding exemption forms (e.g., W-9) to CalOptima. Such forms and information should be furnished to CalOptima before payment is made. If taxes are required to be withheld on any amounts otherwise to be paid by CalOptima to CONTRACTOR due to CONTRACTOR'S failure to timely submit such forms, CalOptima will deduct such taxes from the amount otherwise owed and pay them to the appropriate taxing authority, and shall have no liability for or any obligation to refund any payments withheld.

14.2 Contractor Travel Policy. CONTRACTOR is not entitled to any reimbursement for travel, meals, accommodations, or other similar expenses under this Contract.

15. Term. This Contract shall commence on the 1st day of October, 2021, and shall continue in full force and effect through 09/30/2024, ("Initial Term"), unless earlier terminated as provided in this Contract. At the end of the Initial Term, CalOptima may, at its option, extend this Contract for up to two (2) additional consecutive one (1) year terms ("Extended Terms"), provided that if CalOptima does not exercise its option to extend at the end of the Initial Term, or any Extended Term, the remaining option(s) shall automatically lapse. As used in this Contract, the word "Term" shall include the Initial Term and any and all Extended Term(s), to the extent CalOptima exercises its option pursuant to this paragraph.

16. Termination.

16.1 Termination without Cause. CalOptima may terminate this Contract at any time, in whole or in part, for its convenience and without cause, by giving CONTRACTOR thirty (30) days written notice hereof. Upon termination, CalOptima may pay CONTRACTOR its allowable cost incurred for services satisfactorily performed and accepted by CalOptima as of the date of termination. Thereafter, CONTRACTOR shall have no further claims against CalOptima under this Contract.

16.2 Termination for Unavailability of Funds. In recognition that CalOptima is a governmental entity and its operations and budgets are determined on an annual basis, CalOptima shall have the right to terminate this Contract as follows:

16.2.1 CalOptima may terminate this Contract if it does not receive funding from the State of California or the federal government, as applicable, for any fiscal year.

16.2.2 In the event of Termination for Unavailability of Funds, as provided in this Section, CalOptima agrees to promptly pay CONTRACTOR all fees and other charges due and payable for services satisfactorily performed and accepted by CalOptima as of the termination date. CONTRACTOR shall not be entitled to payment for any other items, including, without limitation, lost or anticipated profit on work not performed, administrative costs, attorneys' fees, or consultants' fees.

16.2.3 In the event of Termination for Unavailability of Funds, as provided in this Section, and funds are received by CalOptima from the State of California within one-hundred twenty (120) days of the date of termination, then CalOptima shall promptly notify CONTRACTOR in writing and CalOptima shall have the right to reinstate this Contract for that period for which funds are received by CalOptima or the unexpired term of this Contract as of the date of termination, whichever period is shorter in duration. Notwithstanding the foregoing, CalOptima may only reinstate this Contract two (2) times during the Term of this Contract.

16.3 Termination for Default. Subject to a ten (10) day cure period, CalOptima may terminate this Contract for CONTRACTOR's default, or if a federal or state proceeding for the relief of debtors is undertaken by or against CONTRACTOR, or if CONTRACTOR makes an assignment for the benefit of creditors as defined in Section 6, or if CONTRACTOR breaches any term(s) or violates any provision(s) of this Contract and does not cure such breach or violation within ten (10) days after written notice thereof by CalOptima. In the event of Termination for Default, as provided by this Section, CONTRACTOR shall be liable for any and all reasonable costs incurred by CalOptima as a result of such default, including, but not limited to, reprocurement costs of the same or similar services defaulted by CONTRACTOR under this Contract.

16.4 Notwithstanding the foregoing, CalOptima may terminate this Contract immediately upon CONTRACTOR's breach of Section 3, (Insurance), Section 10, (Prohibited Interest), or Section 24, (Confidentiality).

16.5 Effect of Termination. Upon expiration or receipt of a termination notice under this Section:

16.5.1 CONTRACTOR shall promptly discontinue all services (unless the notice directs otherwise), and deliver or otherwise make available to CALOPTIMA all documents, reports, software programs and any other products, data and such other materials, equipment, and information, including but not limited to confidential information, or equipment provided by CalOptima, as may have been accumulated by CONTRACTOR in performing this Contract, whether completed or in process. If CONTRACTOR personnel were granted access to CalOptima's premises and issued a badge or access card, such badge or access card shall be returned prior to departure. Failure to return any information or equipment, badge or access card, is considered a material breach of this Contract and CalOptima's privacy and security rules.

16.5.2 CalOptima may take over the services, and may award another party a contract to complete the services under this Contract.

16.5.3 CalOptima may withhold from payment any sum that it determines to be owed to CalOptima by CONTRACTOR, or as necessary to protect CalOptima against loss due to outstanding liens or claims of former lien holders.

17. Modifications. CalOptima reserves the right to modify the Contract at any time should such modification be required by CMS or applicable law or regulation. Modifications shall be executed only by a written

amendment to the Contract, signed by CalOptima and CONTRACTOR. Execution of amendments shall be contingent upon CONTRACTOR's notification to CalOptima, and CalOptima's approval, of any increase or decrease in the price of this Contract or in the time required for its performance.

18. Verification of CalOptima Costs by Government. Until the expiration of ten (10) years after the later of furnishing of any service pursuant to this Contract or completion of any audit, or longer as required by applicable regulations, CONTRACTOR will make available, upon written request of the Secretary of Health and Human Services or the Comptroller General of the United States or any of their duly authorized representatives, or the California Department of Health Care Services, or the California Department of Managed Health Care, or the Department of Justice, or the Bureau of Medical Fraud, copies of this Contract and any financial statements, books, documents, records, patient care documentation, and other records or data of CONTRACTOR that pertain to any aspect of services performed, reconciliation of benefit liabilities, and determination of amounts payable under this Contract, or as are otherwise necessary to certify the nature and extent of costs incurred by CalOptima for such services. This provision shall also apply to any agreement between a subcontractor and an organization related to the subcontractor by control or common ownership. CONTRACTOR further agrees that regulating entities have the right to inspect, evaluate and audit any pertinent information and to facilitate the review of the items referenced herein, to make available its premises, physical facilities and equipment, records related to Medicare enrollees, and any additional relevant information that regulating entities may require. CONTRACTOR further agrees and acknowledges that this provision will be included in any and all agreements with CONTRACTOR's subcontractors.

19. Confidential Material.

19.1 During the term of this Contract, either Party may have access to confidential material or information ("Confidential Information") belonging to the other Party or the other Party's customers, vendors, or partners. "Confidential Information" shall include without limitation the disclosing Party's computer programs and codes, business plans, customer/member lists and information, financial records, partnership arrangements and licensing plans or other information, materials, records, writings or data that is marked confidential or that due to its character and nature, a reasonable person under like circumstances would treat as confidential. Confidential Information will be used only for the purposes of this Contract and related internal administrative purposes. Each Party agrees to protect the other's Confidential Information at all times and in the same manner as each protects the confidentiality of its own confidential materials, but in no event with less than a reasonable standard of care.

19.2 For the purposes of this Section 19, "Confidential Information" does not include information which: (i) is already known to the other Party at the time of disclosure; (ii) is or becomes publicly known through no wrongful act or failure of the receiving Party; (iii) is independently developed without use or benefit of the other's Confidential Information or proprietary information; (iv) is received from a third party which is not under and does not thereby breach an obligation of confidentiality; or (v) is a public record, not exempt from disclosure pursuant to California Public Records Act, Government Code Section 6250 et seq., applicable provisions of California Welfare and Institutions Code or other state or federal laws, regardless of whether such information is marked as confidential or proprietary.

19.3 Disclosure of the Confidential Information will be restricted to the receiving Party's employees, consultants, suppliers or agents on a "need to know" basis in connection with the services performed under this Contract, who are bound by confidentiality obligations no less stringent than these prior to any disclosure. The receiving Party may disclose Confidential Information pursuant to legal, judicial, or administrative proceeding or otherwise as required by law; providing that the receiving Party shall give reasonable prior notice, if not prohibited by applicable law, to the disclosing Party and shall assist the disclosing Party, at the disclosing Party's expense, to obtain protective or other appropriate confidentiality orders, and further provided that a required

disclosure of Confidential Information or proprietary information to an agency or Court does not relieve the receiving Party of its confidentiality obligations with respect to any other party.

19.4 Except as to the confidentiality of trade secrets, these confidentiality restrictions and obligations will terminate five (5) years after the expiration or termination of the Contract, unless the law requires a longer period. Upon written request of the disclosing Party, the receiving Party shall promptly return to the disclosing Party all documents, notes and other tangible materials representing the disclosing Party's Confidential Information or Proprietary Information and all copies thereof. This obligation to return materials or copies thereof does not extend to automatically generated computer backup or archival copies generated in the ordinary course of the receiving Party's information systems procedures, provided that the receiving Party shall make no further use of such copies.

19.5 For the purposes of this Section only, "Confidential Information" does not include protected health information or individually identifiable information, as defined by the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and other privacy statutes or regulations. The access, use and disclosure of Protected Health Information is referenced below in Section 24, and shall be governed by a Business Associate Protected Health Information Disclosure Agreement, which shall be executed by the parties if CONTRACTOR will create, receive, maintain, use, or transmit Protected Health Information in performing services under this Contract.

20. Record Ownership and Retention.

20.1 The originals of all letters, documents, reports, software programs and any other products and data prepared or generated for the purposes of this Contract shall be delivered to, and become the property of CalOptima at no cost to CalOptima and in a form accessible for CalOptima's use. Copies may be made for CONTRACTOR's records, but shall not be furnished to others without written authorization from CalOptima. Such deliverables shall become the sole property of CalOptima and all rights in copyright therein shall be retained by CalOptima. CalOptima's ownership of these documents includes use of, reproduction or reuse of, and all incidental rights. CONTRACTOR shall provide all deliverables within a reasonable amount of time upon CalOptima's request, but in no event shall such time exceed thirty (30) calendar days unless otherwise specified by CalOptima.

20.2 CONTRACTOR hereby assigns to CalOptima all of its rights in all materials prepared by or on behalf of CalOptima under this Contract ("Works"), and this Contract shall be deemed a transfer to CalOptima of the sole and exclusive copyright of any copyrightable subject matter CONTRACTOR created in these Works. CONTRACTOR agrees to cause its agents and employees to execute any documents necessary to secure or perfect CalOptima's legal rights and worldwide ownership in such materials, including, but not limited to, documents relating to patent, trademark and copyright applications. Upon CalOptima's request, CONTRACTOR will return or transfer all property and materials, including the Works, in CONTRACTOR's possession or control belonging to CalOptima.

20.3 Notwithstanding the foregoing, CONTRACTOR's intellectual property ("CONTRACTOR IP") that preexists this Contract shall remain the sole and exclusive property of CONTRACTOR. CONTRACTOR shall not incorporate any CONTRACTOR IP into the Works that would limit CalOptima's use of the Works without CalOptima's written approval. To the extent that CONTRACTOR incorporates any CONTRACTOR IP into the Works, CONTRACTOR hereby grants to CalOptima a non-exclusive, irrevocable, perpetual, worldwide, royalty-free license to use and reproduce the CONTRACTOR IP to the extent required to fully utilize the Works.

20.4 CONTRACTOR acknowledges and agrees that, notwithstanding any provision herein to the contrary, CalOptima's Intellectual Property ("CalOptima IP") in the information, documents and other materials provided to CONTRACTOR shall remain the sole and exclusive property of

CalOptima. Any information, documents or materials provided by CalOptima to CONTRACTOR pursuant to this Contract and all copies thereof (including without limitation CalOptima IP, Proprietary Information and Confidential Information, as these terms are defined in Section 19) shall upon the earlier of CalOptima's request or the expiration or termination of this Contract be returned to CalOptima.

20.5 For purposes of this Section, Intellectual Property shall mean patents, copyrights, trademarks, trade secrets, and other proprietary information.

21. Patent and Copyright Infringement. In lieu of any other warranty by CalOptima or CONTRACTOR against infringement, statutory or otherwise, it is agreed that CONTRACTOR shall indemnify, hold harmless and defend, at its expense, any suit against CalOptima based on a claim that any item furnished under this Contract, or the normal use or sale thereof, infringes on any United States letters patent, patent, trademark, copyright, or other intellectual property right, and shall pay costs and damages finally awarded in any such suit, provided that CONTRACTOR is notified in writing of the suit and given authority, information, and assistance at CONTRACTOR's expense for the defense of the suit. CONTRACTOR, at no expense to CalOptima, shall obtain for CalOptima the right to use and sell said item, or shall substitute an equivalent item acceptable to CalOptima and extend this patent indemnity thereto.

22. Names and Marks. Neither Party shall use the name, logo or other proprietary mark of the other in any press release, advertising, promotional, marketing or similar publicly disseminated material without first submitting such material to the other Party and obtaining the other Party's express written approval of the material and consent to such use.

23. Business Associate Protected Health Information Disclosure Agreement. This Contract does not require or permit CONTRACTOR to create, receive, maintain, use, or transmit Protected Health Information. As such, no Business Associate Agreement is required for this Contract.

24. Confidentiality of Member Information.

24.1 CONTRACTOR and its employees, agents, or subcontractors shall protect from unauthorized disclosure, the names and other identifying information concerning persons either receiving services pursuant to this Contract, or persons whose names or identifying information become available or are disclosed to CONTRACTOR, its employees, agents, or subcontractors as a result of services performed under this Contract, except for statistical information not identifying any such person. CONTRACTOR and its employees, agents, or subcontractors shall not use such identifying information for any purpose other than carrying out CONTRACTOR's obligations under this Contract. CONTRACTOR and its employees, agents, or subcontractors shall promptly transmit to CalOptima all requests for disclosure of such identifying information not emanating from the Member. CONTRACTOR shall not disclose, except as otherwise specifically permitted by this Contract or authorized by the Member, any such identifying information to anyone other than DHCS or CalOptima without prior written authorization from CalOptima. For purposes of this provision, identity shall include, but not be limited to, name, identifying number, symbol, or other identifying particular assigned to the individual, such as finger or voice print or a photograph.

24.2 Names of persons receiving public social services are confidential and are to be protected from unauthorized disclosure in accordance with Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted thereunder. For the purpose of this Contract, all information, records, data, and data elements collected and maintained for the operation of the Contract and pertaining to Members shall be protected by CONTRACTOR from unauthorized disclosure. CONTRACTOR may release Medical Records in accordance with applicable law pertaining to the release of this type of information. CONTRACTOR is not required to report requests for Medical Records made in accordance with applicable law. With

respect to any identifiable information concerning a Member under this Contract that is obtained by CONTRACTOR or its Subcontractors, CONTRACTOR:

24.2.1 Will not use any such information for any purpose other than carrying out the express terms of this Contract;

24.2.2 Will promptly transmit to CalOptima all requests for disclosure of such information, except requests for Medical Records in accordance with applicable law;

24.2.3 Will not disclose, except as otherwise specifically permitted by this Contract, any such information to any party other than DHCS or CalOptima without CalOptima's prior written authorization specifying that the information is releasable under Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted there under; and

24.2.4 Will, at the termination of this Contract, return all such information to CalOptima or maintain such information according to written procedures sent to the CONTRACTOR by CalOptima for this purpose.

24.3 CONTRACTOR agrees to complete a CalOptima Medi-Cal Data Access Agreement, which is attached hereto as Exhibit D and incorporated herein by this reference. All materials covered under this Medi-Cal Data Access Agreement shall be designated confidential, to the extent permitted by California law.

25. Medicare Advantage Program. Medicare Advantage Program requirements are not applicable under this Contract.

26. Time is of the Essence. Time is of the essence in performance of this Contract.

27. CalOptima Designee. The Chief Executive Officer of CalOptima, or his designee, shall have the authority to act for and exercise any of the rights of CalOptima, as set forth in this Contract, subsequent to and in accordance with the authority granted by the Board of Directors.

28. Omissions. In the event that either party hereto discovers any material omission in the provisions of this Contract which such party believes is essential to the successful performance of this Contract, the party may so inform the other party in writing, and the parties hereto shall thereafter promptly negotiate in good faith with respect to such matters for the purpose of making such reasonable adjustments, as may be necessary to perform the objectives of this Contract.

29. Choice of Law. This Contract shall be governed by and construed in accordance with all laws of the State of California. In the event any party institutes legal proceedings to enforce or interpret this Contract, venue and jurisdiction shall be in the state courts located in the County of Orange, California, unless mandated by law to be brought in federal court, in which case such legal proceedings will be brought in the Central District of California.

30. Force Majeure. When satisfactory evidence of a cause beyond a party's control is presented to the other party, and nonperformance is unforeseeable, beyond the control, and not due to the fault of the party not performing, a party shall be excused from performing its obligations under this Contract during the time and to the extent that it is prevented from performing by such cause, including, but not limited to, any incidence of fire, flood, acts of God, commandeering of material, products, plants or facilities by the federal, state or local government, or a material act or omission by the other party.

31. Notices. All notices required or permitted under this Contract and all communications regarding the interpretation of the terms of this Contract, or changes thereto, shall be in writing and shall be sent by registered or certified mail, postage prepaid, return receipt requested, or by any other overnight delivery

service which delivers to the noticed destination and provides proof of delivery to the sender. All notices shall be effective when first received at the following addresses set forth below. Any party whose address changes shall notify the other party in writing.

Whippany, NJ 07981	Orange, CA 92868
Attention: Scott Pavlak	Attention: Ryan Prest

32. Notice of Labor Disputes. Whenever CONTRACTOR has knowledge that any actual or potential labor dispute may delay this Contract, CONTRACTOR shall immediately notify and submit all relevant information to CalOptima. CONTRACTOR shall insert the substance of this entire clause in any subcontract hereunder as to which a labor dispute may delay this Contract.

33. Unavoidable Delays.

33.1 If the delivery of services under this Contract should be unavoidably delayed, CalOptima's Purchasing Department shall extend the time for completion of the Contract for the determined number of days of excusable delay. A delay is unavoidable only if the delay was not reasonably expected to occur in connection with, or during CONTRACTOR's performance, and was not caused directly or substantially by acts, omissions, negligence, or mistakes of CONTRACTOR, CONTRACTOR's subcontractors, or their agents, and was substantial and in fact caused CONTRACTOR to miss delivery dates, and could not adequately have been guarded against by contractual or legal means. Delays caused by CalOptima will be sufficient justification for delay of services, and CONTRACTOR shall be allowed a day-for-day extension.

33.2 CONTRACTOR shall notify CalOptima's Purchasing Department as soon as CONTRACTOR has, or should have, knowledge that an event has occurred that will delay deliveries. Within five (5) working days, CONTRACTOR shall confirm such notice in writing, furnishing as much detail as is available.

33.3 CONTRACTOR agrees to supply, as soon as such data is available, any reasonable proof that is required by CalOptima's Purchasing Department to make a decision on any request for extension. CalOptima's Purchasing Department shall examine the request and any documents supplied by CONTRACTOR and shall determine if CONTRACTOR is entitled to an extension and the duration of such extension. CalOptima's Purchasing Department shall notify CONTRACTOR of this decision in writing. It is expressly understood and agreed that CONTRACTOR shall not be entitled to damages or compensation, and shall not be reimbursed for losses on account of delays resulting from any cause under this provision.

34. No Liability of County of Orange. As required under Ordinance No. 3896 of the County of Orange, State of California, as amended, the parties hereto acknowledge and agree that the obligations of CalOptima under this Contract are solely the obligations of CalOptima, and the County of Orange, State of California, shall have no obligation or liability therefor.

35. Attorneys' Fees. Should either party to this Contract institute any action or proceeding to enforce or interpret this Contract or any provision hereof, or for damages by reason of any alleged breach of this Contract, otherwise arising under this Contract, or for a declaration of rights hereunder, the prevailing party in any such action or proceeding shall be entitled to receive from the other party all costs and expenses, including, without limitation, reasonable attorneys' fees incurred by the prevailing party in such action or proceeding.

36. Entire Agreement. This Contract, including all exhibits and documents incorporated by reference and all Contract Documents referenced in Section 1 herein, contains the entire agreement between CONTRACTOR and CalOptima with respect to the subject matter of this Contract, and it supersedes all prior written or oral and all or contemporaneous oral agreements, representations, understandings, discussions, negotiations and commitments between CONTRACTOR and CalOptima, whether express or implied, with respect to the subject matter of this Contract.

37. Headings. The section headings used herein are for reference and convenience only and shall not enter into the interpretation hereof.

38. Waiver. No delay or failure by either party hereto to exercise any right or power accruing upon noncompliance or default by the other party with respect to any of the terms of this Contract shall impair such right or power, or be construed to be a waiver thereof. A waiver by either of the parties hereto of a breach of any of the covenants, conditions or agreements to be performed by the other shall not be construed to be a waiver of any succeeding breach thereof, or of any other covenant, condition, or agreement herein contained. Any information delivered, exchanged, or otherwise provided hereunder shall be delivered, exchanged or otherwise provided in a manner that does not constitute a waiver of immunity or privilege under applicable law.

39. California Public Records Act. As a local public agency, CalOptima is subject to the California Public Records Act (California Government Code Sections 6250 et seq.) (the "Public Records Act"). CONTRACTOR hereby acknowledges that any materials, documents, data, or similar items are subject to disclosure upon public request, unless they are exempt from disclosure under the provisions of the Public Records Act. CalOptima may be required to reveal certain information believed to be proprietary or confidential by CONTRACTOR pursuant to the Public Records Act. In the event that CONTRACTOR discloses information that it believes to be proprietary or confidential to CalOptima, it shall mark such information as "Confidential," "Proprietary," or "Restricted" or other similar marking. Unless CONTRACTOR marks its materials as "Confidential," "Proprietary," or "Restricted," and also notifies CalOptima in writing that CONTRACTOR has so marked each piece of material, then CalOptima will not be responsible to take any actions to protect any CONTRACTOR's materials under the Public Records Act that are not so marked. In the event CalOptima receives a request under the Public Records Act that potentially encompasses CONTRACTOR materials that have been properly marked, CalOptima will provide CONTRACTOR with notice thereof to allow CONTRACTOR to take actions it deems appropriate to prevent disclosure of the marked material. CONTRACTOR agrees to defend, indemnify, and hold harmless CalOptima, its officers, agents, employees, members, subsidiaries, joint venture partners, and predecessors and successors in interest from and against any claim, action, proceeding, liability, loss, damage, cost, or expense, including, without limitation, attorneys' fees, and any costs awarded to the person or entity that sought the CONTRACTOR marked material, arising out of or related to CalOptima's failure to produce or provide the CONTRACTOR marked material (collectively referred to for purposes of this Section as "Public Records Act Claim(s)"). CONTRACTOR shall pay to CalOptima any expenses or charges relating to or arising from any such Public Record Act Claim(s) as they are incurred by CalOptima.

40. Audit Disclosure. Pursuant to California Government Code Section 8546.7, if this Contract is over ten thousand dollars ($10,000), it is subject to examination and audit of the State Auditor, at the request of CalOptima, or as part of any audit of CalOptima, for a period of three (3) years after final payment under this Contract. In addition to and notwithstanding any other right of access or inspection that may be otherwise set forth in this Contract or its attachments, CONTRACTOR agrees that, during the term of this Contract and for a period of three (3) years after its termination, CalOptima shall have access to and the right to examine any directly pertinent books, documents, invoices, and records of CONTRACTOR relating to services provided under this Contract. Where another right of access or inspection in this Contract provides for a period of greater than three (3) years, nothing herein shall be construed to shorten that time period.

41. Debarment and Suspension Certification.

41.1 By signing this Contract, the CONTRACTOR agrees to comply with any and all applicable Federal suspension and debarment regulations.

41.2 By signing this Contract, the CONTRACTOR certifies to the best of its knowledge and belief, that it and its principals:

41.2.1 Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;

41.2.2 Have not within a three-year period preceding this Contract been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

41.2.3 Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in Paragraph 41.2.2 herein;

41.2.4 Have not within a three-year period preceding this Contract had one or more public transactions (Federal, State or local) terminated for cause or default;

41.2.5 Have not and shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under Federal regulations (i.e., 48 CFR 9, subpart 9.4), debarred, suspended, declared ineligible, or voluntarily excluded from participation in such transaction, unless authorized by the State; and

41.2.6 Will include a clause entitled, "Debarment and Suspension Certification'' that essentially sets forth the provisions herein, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

41.3 If the CONTRACTOR is unable to certify to any of the statements in this certification, the CONTRACTOR shall submit an explanation to CalOptima.

41.4 The terms and definitions herein have the meanings set out in the Definitions and Coverage sections of the rules implementing Federal Executive Order 12549.

41.5 If the CONTRACTOR knowingly violates this certification, in addition to other remedies available to the Federal Government, CalOptima may terminate this Contract for cause or default.

42. Lobbying Restrictions and Disclosure Certification.

42.1 Applicable to federally funded contracts in excess of $100,000 per Section 1352 of the 31, U.S.C.

42.2 Certification and Disclosure Requirements.

42.2.1 Each person (or recipient) who requests or receives a contract, subcontract, grant, or subgrant, which is subject to Section 1352 of the 31, U.S.C., and which exceeds $100,000 at any tier, shall file a certification (in the form set forth in Exhibit E, Part 1, consisting of one page, entitled "Certification Regarding Lobbying") that the recipient has not made, and will not make, any payment prohibited by Paragraph 42.3of this provision. Exhibit E is attached hereto and incorporated herein by this reference.

42.2.2 Each recipient shall file a disclosure (in the form set forth in Exhibit E, Part 2, entitled "Certification Regarding Lobbying") if such recipient has made or has agreed to make any payment using nonappropriated funds (to include profits from any covered federal action) in connection with a contract or grant or any extension or amendment of that contract or grant, which would be prohibited under Paragraph 42.3 of this provision if paid for with appropriated funds.

42.2.3 Each recipient shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affect the accuracy of the information contained in any disclosure form previously filed by such person under Paragraph 42.2.2herein. An event that materially affects the accuracy of the information reported includes:

42.2.3.1 A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered federal action;

42.2.3.2 A change in the person(s) or individuals(s) influencing or attempting to influence a covered federal action; or

42.2.3.3 A change in the officer(s), employee(s), or member(s) contacted for the purpose of influencing or attempting to influence a covered federal action.

42.2.3.4 Each person (or recipient) who requests or receives from a person referred to in Paragraph 42.2.1of this provision a contract, subcontract, grant or subgrant exceeding $100,000 at any tier under a contract or grant shall file a certification, and a disclosure form, if required, to the next tier above.

42.2.3.5 All disclosure forms (but not certifications) shall be forwarded from tier to tier until received by the person referred to in Paragraph 42.2.1of this provision. That person shall forward all disclosure forms to CalOptima Purchasing Manager.

42.3 Prohibition—Section 1352 of Title 31, U.S.C., provides in part that no appropriated funds may be expended by the recipient of a federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered federal actions, the awarding of any federal contract, the making of any federal grant, the making of any federal loan, entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

43. Air and Water Pollution Requirements. Any federally funded agreement and/or subcontract in excess of $100,000 must comply with the following provisions unless said agreement is exempt under 40 CFR § 15.5. CONTRACTOR agrees to comply with all applicable standards, orders, or requirements issued under the Clean Air Act (42 USC § 7401 et seq.), as amended, and the Federal Water Pollution Control Act (33 USC § 1251 et seq.), as amended.

44. Survival. The following provisions of this Contract shall survive termination or expiration of this Contract: Prohibited Interest, Warranties, Compensation, Confidentiality, Indemnification, Duty to Defend, Ownership of Records and Documents, Record Retention, Audit Disclosure, California Public Records Act, Patent and Copyright Infringement, Governing Law, and this Section.

45. Severability. If any section, subsection or provision of this Contract, or any Contract Documents incorporated into this Contract, or the application of such section, subsection or provision, is held invalid or

unenforceable by any court of competent jurisdiction, the remainder of this Contract, other than that to which it is held invalid, shall not be affected thereby.

46. Third Party Beneficiaries. There are no intended third party beneficiaries of this Contract. Nothing in this Contract shall be construed as conferring any rights on any other persons.

47. Successors and Assigns. Except as otherwise expressly provided in this Contract, this Contract will be binding on, and will inure to the benefit of, the successors and permitted assigns of the Parties to this Contract. Nothing in this Contract is intended to confer upon any Party other than the Parties hereto or their respective successors and permitted assigns any rights or obligations under or by reason of this Contract, except as expressly provided in this Contract.

48. Authority to Execute. The persons executing this Contract on behalf of the Parties warrant that they are duly authorized to execute this Contract and that by executing this Contract the Parties are formally bound.

49. Counterparts. This Contract may be executed and delivered in one or more counterparts, each of which shall be deemed an original, but all of which together will constitute one and the same instrument.

[Remainder of page left intentionally blank. Signatures on following page]

IN WITNESS WHEREOF, these Parties have, by their duly authorized representatives, executed this Contract No. 21-10216 on the day and year last shown below.

Exhibit A
SCOPE OF WORK

A. INVESTMENT MANAGEMENT SERVICES

1. Authority

CONTRACTOR shall have the power to supervise and direct investments for the assets they are provided for the Operating, Tier 1, and Tier 2 Accounts as explained in RFP 21-031, and in making and implementing investment decisions in accordance with the objectives and guidelines specified in CalOptima's Annual Investment Policy. CalOptima hereby appoints CONTRACTOR as its agent and attorney-in-fact with full discretionary authority to buy, sell or otherwise effect investment transactions involving the assets of the Operating, Tier 1, and Tier 2 Accounts in its name, on CalOptima's behalf.

CalOptima hereby authorizes CONTRACTOR to vote any securities held in the Operating, Tier 1, and Tier 2 Accounts in accordance with CONTRACTOR's proxy voting policies in effect from time to time. CalOptima hereby authorizes CONTRACTOR to exercise the rights, options, warrants, conversion privileges, redemption privileges and the tender of securities (collectively, "Corporate Actions") held in the Operating, Tier 1, and Tier 2 Accounts. CalOptima shall cause all proxy, Corporate Action materials and related communications received by it or on its behalf to be delivered to CONTRACTOR on a timely basis. CONTRACTOR will not advise or take any action on behalf of CalOptima or provide advice for any legal proceedings involving securities held in or formerly held in the Operating, Tier 1, and Tier 2 Accounts, including bankruptcies and class actions.

2. Custody

CalOptima has appointed a custodian to hold possession of the assets of the Account and plans to advise the custodian to accept the instructions regarding trades from CONTRACTOR. CONTRACTOR shall not be the custodian.

3. Brokerage

CONTRACTOR may place orders for the execution of transactions with or through brokers, dealers or banks as CONTRACTOR may select (except for itself), and CONTRACTOR is authorized to give such brokers and dealers all instructions that it shall deem appropriate in connection with the actions it is authorized to take as provided herein. CONTRACTOR is authorized to employ such brokers and dealers for the purchase and sale of Operating, Tier 1, and Tier 2 Account assets and, if applicable, to select the brokerage commission rates at which such transactions are affected. CONTRACTOR may give a copy of this Agreement to any broker, dealer or other party to a transaction for the Operating, Tier 1, and Tier 2 Accounts, to CalOptima's custodian as evidence of CONTRACTOR's authority to act for CalOptima. CONTRACTOR shall not be liable for losses incurred by reason of any act or omission on the part of a broker or dealer or the insolvency of a broker dealer.

4. Reports to CalOptima

CONTRACTOR shall send CalOptima an inventory of the investments of the Account as soon as reasonably possible after the end of each month. Copies of the confirmations of transactions executed will be promptly sent to the custodian. CONTRACTOR does not assume responsibility for the accuracy of information furnished by CalOptima or any agent of CalOptima.

5. Communications

Instructions with respect to securities transactions may be given by CalOptima to CONTRACTOR orally, by wire or electronically, and where deemed necessary, may be confirmed in writing as soon as practical. CONTRACTOR shall be fully protected in relying upon any direction in accordance with this section with respect to any instruction, direction or approval of CalOptima.

6. Form ADV

As required by the Advisers Act, CalOptima acknowledges receipt of CONTRACTOR's Form ADV Part 2, or alternate disclosure brochure. Such disclosure document was provided either (i) at least 48 hours prior to entering into this written Agreement or (ii) at the time of entering into this written Agreement with the right to terminate such Agreement, without penalty, within five (5) business days after entering into it by giving written notice of such cancellation to CONTRACTOR.

Exhibit B
PAYMENT

A. For CONTRACTOR's full and complete performance of its obligations under this Contract, CalOptima shall pay CONTRACTOR firm-fixed fees based on the rates below for fees and expenses in accordance with the provisions of this Exhibit.

B. CONTRACTOR shall invoice CalOptima on a quarterly basis in arrears for its assets under management. The rates, as defined below, are acknowledged to include CONTRACTOR's base labor rates, overhead and profit. CONTRACTOR shall also furnish such other information as may be requested by CalOptima to substantiate the validity of an invoice. At its sole discretion, CalOptima may decline to make full payment for any work and direct costs until such time as CONTRACTOR has documented, to CalOptima's satisfaction, that CONTRACTOR has fully completed all work required under this Contract and CONTRACTOR's performance is accepted by CalOptima. CalOptima's payment in full for any work shall not constitute CalOptima's final acceptance of CONTRACTOR's work under this Contract.

C. CONTRACTOR shall submit to CalOptima, to the attention of Accounts Payable, accountspayable@caloptima.org. Each invoice shall cite Contract No. 21-10216. CalOptima shall remit payment within thirty (30) days of receipt and approval of each invoice.

D. Notwithstanding any provisions of this Contract to the contrary, CalOptima and CONTRACTOR mutually agree that CalOptima's maximum cumulative payment obligation hereunder for work performed and/or products received on Exhibit A of this Contract shall not exceed the fee calculations set forth below in Paragraph E, and such fees include all amounts payable to CONTRACTOR for its direct labor and expenses, overhead costs, fixed fee, subcontracts, leases, materials, and costs arising from or due to termination of this Contract. CalOptima shall not pay CONTRACTOR for time spent traveling.

E. This Contract will be paid on an “assets under management’ basis using each month’s average market value. Assets under management shall be derived as the sum of the average market value for each month of the calendar quarter, divided by 3.

MEDI-CAL DATA ACCESS AGREEMENT

As a condition of obtaining access to information concerning procedures or other data records utilized/maintained by the Department of Health Care Services and CalOptima, Metlife Investment Management, LLC including any and all individual employees and agents, agrees not to divulge any information obtained in the course of completion of this Contract to any unauthorized persons.

CONTRACTOR further agrees not to publish or otherwise make public any information regarding persons receiving Medi-Cal services such that the persons who receive such services are identifiable.

CONTRACTOR further recognizes that unauthorized release of confidential information may be subject to civil and criminal sanctions pursuant to the provisions of the Welfare and Institutions Code Section 14100.2.

CONTRACTOR further agrees that this Medi-Cal Data Access Agreement shall remain in full force and effect after the termination of this Contract.

Part 1

STATE OF CALIFORNIA
DEPARTMENT OF HEALTH CARE SERVICES
CERTIFICATION REGARDING LOBBYING

The undersigned certifies, to the best of his or her knowledge and belief, that :

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making, awarding or entering into of this Federal contract, Federal grant, or cooperative agreement, and the extension, continuation, renewal, amendment, or modification of this Federal contract, grant, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency of the United States Government, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, “Disclosure of Lobbying Activities" in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontractors, subgrants, and contracts under grants and cooperative agreements) of $100,000 or more, and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S.C., any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Exhibit E

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime federal recipients at the initiation or receipt of a covered federal action, or a material change to a previous filing, pursuant to Title 31, U.S.C., Section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered federal action. Use the SF - LLL- A Continuation Sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered federal action.

2. Identify the status of the covered federal action.

3. Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered federal action.

4. Enter the full name, address, city, state, and ZIP code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants, and contract awards under grants.

5. If the organization filing the report in Item 4 checks "Subawardee," then enter the full name, address, city, state, and ZIP code of the prime federal recipient. Include Congressional District, if known.

6. Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation United States Coast Guard.

7. Enter the federal program name or description for the covered federal action (Item 1). If known, enter the full Catalog of Federal Domestic Assistance (CDFA) number for grants, cooperative agreements, loans, and loan commitments.

8. Enter the most appropriate federal identifying number available for the federal action identified in Item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract grant, or loan award number; the application/proposal control number assigned by the federal agency). Include prefixes, e.g., "RFP-DE-90401."

9. For a covered federal action where there has been an award or loan commitment by the federal agency, enter the federal amount of the award/loan commitment for the prime entity identified in Item 4 or 5.

10. (a) Enter the full name, address, city, state, and ZIP code of the lobbying entity engaged by the reporting entity identified in Item 4 to influence the covered federal action.

    (b) Enter the full names of the Individual(s) performing services and include full address if different from 10.(a). Enter last name, first name, and middle initial (MI).

11. Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (Item 4) to the lobbying entity (Item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.

12. Check the appropriate box(es). Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.

13. Check the appropriate box(es). Check all boxes that apply. If other, specify nature.

14. Provide a specific and detailed description of the services that the lobbyist has performed, or will be expected to perform, and the date(s) of any services rendered. Include all preparatory and related activity, not just time spent in actual contact with federal officials. Identify the federal official(s) or employee(s) contacted or the officer(s), employee(s), or Member(s) of Congress that were contacted.

15. Check whether or not a SF-LLL-A Continuation Sheet(s) is attached.

16. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

CONTRACT NO. 21-10211
BETWEEN
ORANGE COUNTY HEALTH AUTHORITY, A PUBLIC AGENCY, dba
ORANGE PREVENTION & TREATMENT INTEGRATED MEDICAL ASSISTANCE, dba
CALOPTIMA
And
PAYDEN & RYGEL
(CONTRACTOR)

THIS CONTRACT ("Contract") is made and entered into as of the 1st day of October 2021, by and between the Orange County Health Authority, dba CalOptima, a public agency, hereinafter referred to as "CalOptima" and Payden & Rygel, hereinafter referred to as "CONTRACTOR." CalOptima and CONTRACTOR shall be referred to herein collectively as the "Parties" or individually as a "Party."

RECITALS

A. CalOptima desires to retain a CONTRACTOR to provide Investment Management Services, as described in the Scope of Work; and

B. CONTRACTOR provides such services; and

C. CONTRACTOR represents and warrants that it has the requisite personnel and experience and is capable of performing such services; and

D. CONTRACTOR desires to perform these services for CalOptima; and

E. CalOptima and CONTRACTOR desire to enter into this Contract on the terms and conditions set forth herein below.

NOW, THEREFORE, in consideration of their mutual and respective promises, and subject to the terms and conditions hereinafter set forth, the Parties agree as follows:

1. Documents Constituting Contract. This Contract shall include the following documents ("Contract Documents"), in the order of descending precedence: (i) this Contract, inclusive of all its exhibits and attachments, and any amendments thereto; (ii) CalOptima's Request for Proposal ("RFP"), 21-031, inclusive of any revisions, amendments and addenda thereto; (iii) CONTRACTOR's Best and Final Offeror's email on April 09, 2021; (iv) CONTRACTOR's proposal dated March 04, 2021; and (v) CONTRACTOR's material presented to CalOptima on March 31, 2021. Any new terms and conditions attached to CONTRACTOR's best and final offer, proposal, invoices, or request for payment, shall not be incorporated into the Contract Documents or be binding upon CalOptima unless expressly accepted by CalOptima in writing. All documents attached to this Contract and/or referenced herein as a "Contract Document" are incorporated into this Contract by this reference, with the same force and effect as if set forth herein in their entirety. Changes hereto shall not be binding upon CalOptima except when specifically confirmed in writing by an authorized representative of CalOptima and issued in accordance with Section 17, Modifications, herein. In the event of any conflict of provisions among the documents constituting the Contract, the provisions shall prevail in the above-referenced descending order of precedence.

2. Statement of Work.

2.1 CONTRACTOR shall perform the work necessary to complete, in a manner satisfactory to CalOptima, and if applicable, to the Centers for Medicare and Medicaid Services ("CMS"), the California Department of Health Care Services ("DHCS"), and/or the California Department of Managed Health Care ("DMHC"), as applicable, the services set forth in Exhibit A entitled "Scope of Work," which is attached hereto and incorporated herein by this reference. CONTRACTOR shall also perform in accordance with its Proposal dated March 04, 2021.

2.2 CONTRACTOR shall provide the personnel listed below to perform the above-specified services, which persons are hereby designated as key personnel under this Contract. No person named in this Section 2, or his/her successor approved by CalOptima, shall be removed or replaced by CONTRACTOR, nor shall his/her agreed-upon function or level of commitment hereunder be changed without the prior written consent of CalOptima.

Name	Function/Title
Asha Joshi	Managing Director
Kerry Rapanot	Sr. Vice President
Adam Congdon	Sr. Vice President

3. Insurance.

3.1 Prior to undertaking performance of services under this Contract and at all times during performance hereunder, and entirely at CONTRACTOR's sole expense, CONTRACTOR shall maintain the following insurance, which shall be full-coverage insurance not subject to self-insurance provisions, and CONTRACTOR shall not of its own initiative cause such insurance to be canceled or materially changed during the term of this Contract:

3.1.1 Required Insurance:

3.1.1.1 Commercial General Liability, including Contractual liability and coverage for Independent Contractors on an occurrence basis on an ISO form GC 00 01 or equivalent covering bodily injury and property damage with the following minimum liability limits:

3.1.1.2 Per Occurrence: $1,000,000

3.1.1.3 Personal Advertising Injury: $1,000,000

3.1.1.4 Products Completed Operations: $2,000,000

3.1.1.5 General Aggregate: $2,000,000

3.1.2 Commercial Automobile Liability covering any auto, whether owned, leased, hired, or rented, on an ISO form CA 0001 or equivalent in the amount of $1,000,000 combined single limit for bodily injury or property damage.

3.1.3 Workers' Compensation and Employers' Liability Policy written in accordance with the laws of the State of California and providing coverage for all of CONTRACTOR's employees:

3.1.3.1 This policy must provide statutory coverage for Workers' Compensation.

3.1.3.2 This policy must also provide coverage for $1,000,000 Employers' Liability for each employee, each accident, and in the general aggregate.

3.1.4 Professional Liability insurance covering the CONTRACTOR's professional errors and omissions with the following minimum limits of insurance:

3.1.4.1 Per claim: $1,000,000

3.1.4.2 General aggregate: $2,000,000

3.1.5 Commercial crime policy covering employee theft and dishonesty, forgery and alteration, money orders and counterfeit currency, credit card fraud, wire transfer fraud, and theft of client property, with the following minimum limits of $1,000,000 per occurrence:

3.1.5.1 Cyber and Privacy Liability insurance with the following minimum limits of insurance covering claims involving privacy violations, information theft, damage to or destruction of electronic information, intentional and/or unintentional release of private information, alteration of electronic information, extortion and network security. Such coverage is required only if any products and/or services related to information technology (including hardware and/or software) are provided to Insured and for claims involving any professional services for which CONTRACTOR is engaged with Insured for such length of time as necessary to cover any and all claims.

a) Privacy and Network Liability: $1,000,000

b) Internet Media Liability: $1,000,000

c) Business Interruption & Expense: $1,000,000

d) Data Extortion: $1,000,000

e) Regulatory Proceeding: $1,000,000

f) Data Breach Notification & Credit Monitoring: $1,000,000

3.2 Prior to commencement of any work hereunder, CONTRACTOR shall furnish to CalOptima's Purchasing Department additional insured endorsements and also broker-issued Certificate(s) of Insurance showing the required insurance coverages for CONTRACTOR, and further providing that:

Certificate Requirements:

3.2.1 CalOptima's officers, officials, directors, employees, agents, and volunteers are to be covered as additional insureds with respect to liability arising out of work or operations performed by or on behalf of CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. This provision applies to CONTRACTOR's General Liability and Auto Liability policies and must be on ISO form CG 20 10 or equivalent.

3.2.2 For any claims related to this contract, the CONTRACTOR's insurance coverage shall be primary insurance as respects to CalOptima, its officers, officials, directors, employees, agents, and volunteers. This provision applies to the CONTRACTOR's General Liability, Auto Liability and Workers' Compensation and Employers' Liability policies.

3.2.3 The Insurance Company agrees to waive all rights of subrogation against CalOptima and its elected or appointed officers, officials, directors, agents, and employees for losses paid under the terms of any policy which arise from work performed by the CONTRACTOR for CalOptima. This provision applies to the CONTRACTOR's General Liability, Auto Liability and Workers' Compensation and Employers Liability policies.

3.2.4 Insurance is to be placed with insurers with a current A.M. Best rating of no less than A-VII, unless otherwise acceptable to CalOptima.

3.2.5 CONTRACTOR shall furnish CalOptima with original certificates and amendatory endorsements affecting coverage required by this clause. All certificates and endorsements are to be received and approved by CalOptima before work commences. CalOptima reserves the right to require complete, certified copies of all required insurance policies, including endorsements affecting the coverage required by these specifications, at any time.

3.2.6 Any deductibles or self-insured retentions must be declared to and approved by CalOptima. CalOptima may require the CONTRACTOR to purchase coverage with a lower deductible or retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention or deductible.

3.2.7 All deductibles and retentions that the aforementioned policies contain are the responsibility of the CONTRACTOR and in no way shall CalOptima be responsible for payment of the deductibles/retentions.

3.2.8 If CONTRACTOR maintains higher limits than the minimums required above, CalOptima requires and shall be entitled to coverage for the higher limits maintained by CONTRACTOR. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to CalOptima.

3.2.9 Thirty (30) days prior written notice of cancellation be given to CalOptima.

3.3 If CONTRACTOR fails or refuses to maintain or produce proof of the insurance required by this Section 3, CalOptima shall have the right, at its election, to terminate forthwith this Contract. Such termination shall not affect CONTRACTOR'S right to be paid for its time and materials expended prior to notification of termination. CONTRACTOR waives the right to receive compensation and agrees to indemnify CalOptima for any work performed prior to approval of insurance by CalOptima

3.4 The requirement for carrying the required insurance shall not derogate from the provisions for indemnification of CalOptima.

3.5 CONTRACTOR shall require each of its subcontractors who perform services related to this Contract, if any, to maintain insurance coverage that meets all of the requirements set forth herein.

3.6 "Occurrence," as used herein, means any event or related exposure to conditions that result in bodily injury or property damage.

4. Indemnification.

4.1 To the fullest extent permitted by law, CONTRACTOR agrees to and shall save, defend, indemnify, and hold harmless CalOptima and its respective officers, directors, agents, volunteers, consultants and employees (individually and collectively referred to as "Indemnified Parties") from and against any liability whatsoever, based or asserted upon any services of the CONTRACTOR, its officers, employees, subcontractors, agents, or representatives (individually and collectively referred to as "Indemnitors") arising out of or in any way relating to this Contract, including but not limited to property damage, bodily injury, or death or any other element of any kind or nature whatsoever caused by negligent acts, errors or omissions or willful misconduct by the Indemnitors under this Contract. CONTRACTOR shall defend the Indemnified Parties in any claim or action based upon any such alleged acts or omissions, at its sole expense, which shall include all costs and fees, including, but not limited to, attorneys' fees, cost of investigation, defense, and settlement or awards. CalOptima may make all reasonable decisions with respect to its representation in any legal proceeding.

4.2 CONTRACTOR's obligation to indemnify hereunder is in addition to any liability CONTRACTOR may have to CalOptima for a breach by CONTRACTOR of any of the provisions of this Contract. Under no circumstances shall the insurance requirements and limits set forth in this Contract be construed to limit CONTRACTOR's indemnification and duty to defend obligation or other liability hereunder. The terms of this Contract are contractual and the result of negotiation between the Parties hereto. Accordingly, any rule of construction of contracts (including, without limitation, California Civil Code Section 1654) that ambiguities are to be construed against the drafting party, shall not be employed in the interpretation of this Contract.

4.3 CONTRACTOR's duty to defend herein is wholly independent of and separate from the duty to indemnify and such duty to defend shall exist regardless of any ultimate liability of CONTRACTOR, save and except Claims arising through the sole negligence or sole willful misconduct of CalOptima.

4.4 It is expressly understood and agreed that the foregoing provisions are intended to be as broad and inclusive as permitted by the law of the State of California and that CONTRACTOR's indemnification and duty to defend obligation hereunder shall survive the expiration or earlier termination of this Contract until such time as action against the Indemnified Parties for such matter indemnified hereunder is fully and finally barred by the applicable statute of limitations, including but not limited to those set forth under the California Government Claims Act (Cal. Gov. Code §900 et seq.).

4.5 The terms of this Section shall survive the termination of this Contract.

5. Independent Contractor. CalOptima and CONTRACTOR agree that CONTRACTOR, which term shall include any and all subcontractors, and any agents or employees of the CONTRACTOR, in performance of this Contract, shall act in an independent capacity, and not as officers or employees of CalOptima. CONTRACTOR's relationship with CalOptima in the performance of this Contract is that of an independent contractor. CONTRACTOR's personnel performing services under this Contract shall be at all times under CONTRACTOR's exclusive direction and control, and shall be employees of CONTRACTOR and not employees of CalOptima. CONTRACTOR shall pay all wages, salaries and other amounts due its employees in connection with this Contract, and shall be responsible for all reports and obligations respecting them, such as social security, income tax withholding, unemployment compensation, workers' compensation, and similar matters. At CONTRACTOR's expense as described herein, CONTRACTOR agrees to defend, indemnify, and hold harmless CalOptima, its officers, agents, employees, members, subsidiaries, joint venture partners, and predecessors and successors in interest from and against any claim, action, proceeding, liability, loss, damage, cost, or expense, including, without limitation, attorneys' fees as provided herein arising out of CONTRACTOR's alleged failure to pay, when due, all such taxes and obligations (collectively referred to for purposes of this paragraph as "Employment Claim(s)"). CONTRACTOR shall pay to CalOptima any expenses or charges relating to or arising from any such Employment Claim(s) as they are incurred by CalOptima.

6. Assignments; Subcontracts.

6.1 Except as specifically permitted hereunder, CONTRACTOR may not assign, transfer, delegate or subcontract any interest herein, either in whole or in part, without the prior written consent of CalOptima, which consent may be withheld in its sole and absolute discretion. In the event CalOptima provides such prior written consent, CONTRACTOR acknowledges and agrees that such assignment, transfer, delegation, or subcontract may additionally be subject to the prior written approval of DHCS. Any assignment, transfer, delegation, or subcontract made without CalOptima's express written consent shall be deemed void.

6.2 For purposes of this Section and this Contract, assignment is: (1) the change of more than twenty-five percent (25%) of the ownership or equity interest in CONTRACTOR (whether in a single

transaction or in a series of transactions); (2) the change of more than twenty-five percent (25%) of the directors or trustees of CONTRACTOR (whether in a single transaction or in a series of transactions); (3) the merger, reorganization, or consolidation of CONTRACTOR with another entity with respect to which CONTRACTOR is not the surviving entity; and/or (4) a change in the management of CONTRACTOR from management by persons appointed, elected or otherwise selected by the governing body of CONTRACTOR (e.g. the Board of Directors) to a third-party management person, company, group, team or other entity.

6.3 In the event that CONTRACTOR is allowed to subcontract for services under this Contract, and does so subcontract, then CONTRACTOR shall, upon request, provide copies of such subcontracts to CalOptima or DHCS.

7. Non-Exclusive Relationship. It is understood by the parties that this is a non-exclusive relationship between CalOptima and CONTRACTOR. CalOptima shall have the right to have any of the services that are the subject of this Contract performed by CalOptima personnel or enter into contractual arrangements with one or more contractors who can provide CalOptima with similar or like services.

8. Compliance with Applicable Law and Policies. CONTRACTOR warrants that, in the performance of this Contract, it shall, at its own expense, observe and comply with all applicable federal, state, and local laws, and CalOptima Policies relating to services under the Contract that are in effect when this Contract is signed or which may come into effect during the term of this Contract.

9. Nondiscrimination Clause Compliance.

9.1 During the performance of this Contract, CONTRACTOR and its subcontractor(s) shall not unlawfully discriminate, harass, or allow harassment, against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, physical disability, including Human Immunodeficiency Virus (HIV) and Acquired Immune Deficiency Syndrome (AIDS), AIDS-Related Complex (ARC), mental disability, medical condition (including cancer), age (over 40), marital status, and the use of family and medical care leave and pregnancy disability leave. CONTRACTOR and subcontractor(s) shall insure that the evaluation and treatment of their employees and applicants for employment are free from discrimination and harassment. CONTRACTOR and subcontractor(s) shall comply with the provisions of the Fair Employment and Housing Act (Government Code, Section 12900 et seq. and the applicable regulations promulgated thereunder Title 2, CCR, Section 7285.0 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code, Section 12990 (a-f), set forth in Chapter 5 of Division 4, Title 2, CCR are incorporated into this Contract by reference and made a part hereof as if set forth in full. CONTRACTOR and its subcontractor(s) shall give notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement. CONTRACTOR shall also fully comply with the following, to the extent applicable to the services provided by CONTRACTOR under this Contract: Title VI of the Civil Rights Act of 1964, 42 USC Section 2000d (race, color, national origin); Section 504 of the Rehabilitation Act of 1973 (29 USC §794) (nondiscrimination under Federal grants and programs); Title 45 CFR Part 84 (nondiscrimination on the basis of handicap in programs or activities receiving Federal financial assistance); Title 28 CFR Part 36 (nondiscrimination on the basis of disability by public accommodations and in commercial facilities); Title IX of the Education Amendments of 1973 (regarding education programs and activities); Title 45 CFR Part 91 and the Age Discrimination Act of 1975 (nondiscrimination based on age); as well as California Government Code Section 11135 (ethnic group identification, religion, age, sex, color, physical or mental handicap); California Civil Code Section 51 (all types of arbitrary discrimination); and all rules and regulations promulgated pursuant thereto.

9.2 CONTRACTOR shall include the nondiscrimination and compliance provisions of Section 9 in all subcontracts under this Contract.

10. Prohibited Interest.

10.1 CONTRACTOR shall comply with all applicable federal, state, and local laws and regulations pertaining to conflict of interest laws, including but not limited to CalOptima's Conflict of Interest Code, the California Political Reform Act (Government Code Section 81000 et seq.) and Government Code Section 1090 et seq. (collectively, the "Conflict of Interest Laws").

10.2 CONTRACTOR covenants that, for the term of the Contract, no director, officer, or employee of CalOptima during his tenure has any interest, direct or indirect, in this Contract or the proceeds thereof. CONTRACTOR further covenants that, for the term of this Contract, and consistent with the provisions of Title 22 California Code of Regulations (CCR) Section 53600(f), no state officer or state employee shall be employed in a management or contractor position by CONTRACTOR within one year after the state office or state employee has terminated state employment.

10.3 No employee, officer or agent of CalOptima shall participate in the selection, award or administration of an agreement, or in any decision that may have foreseeable impact on CONTRACTOR if a conflict of interest, real or implied, exists. Such a conflict arises when any of the following has a financial or other interest in the firm selected for award:

10.3.1 A CalOptima employee, officer or agent;

10.3.2 Any member of the employee, officer or agent's immediate family;

10.3.3 The employee, officer or agent's domestic or business partner; and

10.3.4 An organization that employs or is about to employ any of the above.

10.4 CONTRACTOR understands that, if this Contract is made in violation of Government Code Section 1090 et seq., the entire Contract is voidable and CONTRACTOR will not be entitled to any compensation for Services performed pursuant to this Contract and CONTRACTOR will be required to reimburse CalOptima any sums paid to CONTRACTOR. CONTRACTOR further understands that, in addition to the foregoing, CONTRACTOR may be subject to criminal prosecution for a violation of Government Code Section 1090.

10.5 If CONTRACTOR hereinafter becomes aware of any facts, which might reasonably be expected to either create a conflict of interest under the Conflict of Interest laws or violate the provisions of this Section, CONTRACTOR shall immediately make full written disclosure of such acts to CalOptima. Full written disclosure shall include, without limitation, identification of all persons, entities and businesses implicated and a complete description of all relevant circumstances.

11. Disclosure of Officers, Owners, Stockholders and Creditors. On an annual basis and within thirty (30) days of any changes, CONTRACTOR shall identify the names of the following persons by listing them on Exhibit I, attached hereto and incorporated by this reference:

11.1 All officers and owners who own greater than 5% of the CONTRACTOR; and

11.2 All stockholders owning greater than 5% of any stock issued by CONTRACTOR.

11.3 All creditors of CONTRACTOR's business if such interest is over 5%.

12. Equal Opportunity.

12.1 CONTRACTOR and its Subcontractors will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. CONTRACTOR and

its Subcontractors will take affirmative action to ensure that qualified applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and career development opportunities and selection for training, including apprenticeship. CONTRACTOR and its Subcontractors agree to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Federal Government or Department of Health Care Services ("DHCS"), setting forth the provisions of the Equal Opportunity clause, Section 503 of the Rehabilitation Act of 1973, and the affirmative action clause required by the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212). Such notices shall state CONTRACTOR and its Subcontractors' obligation under the law to take affirmative action to employ and advance in employment qualified applicants without discrimination based on their race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era and the rights of applicants and employees.

12.2 CONTRACTOR and its Subcontractors will, in all solicitations or advancements for employees placed by or on behalf of CONTRACTOR and its Subcontractors, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, physical or mental handicap, disability, age or status as a disabled veteran or veteran of the Vietnam era.

12.3 CONTRACTOR and its Subcontractors will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding a notice, to be provided by the Federal Government or the State, advising the labor union or workers' representative of CONTRACTOR and its Subcontractors' commitments under the provisions herein and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

12.4 CONTRACTOR and its Subcontractors will comply with all provisions of and furnish all information and reports required by Section 503 of the Rehabilitation Act of 1973, as amended, the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. 4212) and of the Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and of the rules, regulations, and relevant orders of the Secretary of Labor.

12.5 CONTRACTOR and its Subcontractors will furnish all information and reports required by Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," and the Rehabilitation Act of 1973, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the State and its designated representatives and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

12.6 In the event of CONTRACTOR and its Subcontractors' noncompliance with the requirements of the provisions herein or with any federal rules, regulations, or orders which are referenced herein, this Contract may be cancelled, terminated, or suspended in whole or in part, and CONTRACTOR and its Subcontractors may be declared ineligible for further federal and state contracts, in accordance with procedures authorized in Federal Executive Order No. 11246 as amended, and such other sanctions may be imposed and remedies invoked as provided in Federal Executive

Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

12.7 CONTRACTOR and its Subcontractors will include the provisions of this section in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor, issued pursuant to Federal Executive Order No. 11246 as amended, including by Executive Order 11375, 'Amending Executive Order 11246 Relating to Equal Employment Opportunity,' and as supplemented by regulation at 41 CFR part 60, "Office of the Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," or Section 503 of the Rehabilitation Act of 1973 or (38 U.S.C. 4212) of the Vietnam Era Veteran's Readjustment Assistance Act, so that such provisions will be binding upon each subcontractor or CONTRACTOR. CONTRACTOR and its Subcontractors will take such action with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs or DHCS may direct as a means of enforcing such provisions, including sanctions for noncompliance, provided, however, that in the event CONTRACTOR and its Subcontractors become involved in, or are threatened with litigation by a subcontractor or CONTRACTOR as a result of such direction by DHCS, CONTRACTOR and its Subcontractors may request in writing to DHCS, who, in turn, may request the United States to enter into such litigation to protect the interests of the State and of the United States.

13. Standard of Performance; Warranties.

13.1 CONTRACTOR agrees to perform all work under this Contract with the requisite skill and diligence consistent with professional standards for the industry and type of work performed under this Contract, and pursuant to the governing rules and regulations of the industry.

13.2 In the event that CONTRACTOR is allowed to subcontract for services under this Contract, and does so subcontract, then CONTRACTOR represents and warrants that any individual or entity acting as a subcontractor to this Contract has the appropriate skill and expertise to perform the subcontracted work.

13.3 CONTRACTOR expressly warrants that all material and work will conform to applicable specifications, drawings, description and samples, including, without limitation, CalOptima's designs, drawings, and specifications, and will be merchantable, of good workmanship and material, and free from defect. CONTRACTOR further warrants that all material covered by this Contract, if any, which is the product of CONTRACTOR will be new and unused unless otherwise specified, and shall be fit and sufficient for the purpose intended by CalOptima, as disclosed to CONTRACTOR, CONTRACTOR shall promptly make whatever adjustments or corrections that may be necessary to cure any defects, including repairs of any damage to other parts of the system resulting from such defects. CalOptima shall give notice to CONTRACTOR of any observed defects. In the event that CONTRACTOR fails to make adjustments, repairs, corrections, or other work made necessary by such defects, CalOptima may do so and charge CONTRACTOR the costs incurred.

13.4 CONTRACTOR's warranties, together with its service guarantees, must run to CalOptima and its customers or users of the material and services, and must not be deemed exclusive. CalOptima's inspection, approval, acceptance, use of and payment for all or any part of the material and services must in no way affect its warranty rights whether or not a breach of warranty had become evident in time.

13.5 CONTRACTOR's obligations under this Section are in addition to CONTRACTOR's other express or implied warranties and other obligations under this Contract or state law, and in no way

diminish any other rights that CalOptima may have against CONTRACTOR for faulty materials, equipment or work. CalOptima rejects any disclaimer by CONTRACTOR of any warranty, standard, implied or express, unless specifically agreed to in writing by both parties.

13.6 Any CalOptima property damaged by CONTRACTOR, its subcontractor(s), or by the personnel of either, will be subject to repair and replacement by CONTRACTOR at no cost to CalOptima.

14. Compensation.

14.1 Payment.

14.1.1 CalOptima agrees to pay, and CONTRACTOR agrees to accept as full consideration for the faithful performance of this Contract, the rates, charges and other payment terms identified in Exhibit B, which is attached hereto and incorporated herein by this reference.

14.1.2 CalOptima will not reimburse CONTRACTOR any expenses incurred in connection with its performance of the services, unless such reimbursement is specifically authorized in Exhibit B. Each expense reimbursement request, when authorized in Exhibit B must include receipts or other suitable documentation.

14.1.3 CONTRACTOR's requests for payments and reimbursements must comply with the requirements set forth in Exhibit B. CalOptima will not make payment for work that fails to meet the standards of performance as set forth in the Contract and Exhibit A, Scope of Work that may be reasonably expected by CalOptima. **CALOPTIMA SHALL NOT PAY ANY FEES, EXPENSES OR COSTS WHATSOEVER INCURRED BY CONTRACTOR IN RENDERING ADDITIONAL SERVICES NOT AUTHORIZED IN WRITING UNDER THIS CONTRACT.**

14.1.4 In no event shall the total compensation payable to CONTRACTOR for the services performed under this Contract exceed the maximum cumulative payment obligation, as set forth in the attached Exhibit B, without the express prior written authorization of CalOptima. CONTRACTOR shall at all times monitor its costs and expenditures for work performed under this Contract, and shall monitor its invoices, costs, and expenditures, to ensure it does not exceed the maximum cumulative payment obligation set forth herein. CONTRACTOR shall provide CalOptima with 60 days written notice if at any time during this Contract CONTRACTOR becomes aware that it may exceed the maximum cumulative payment obligation authorized under this Contract. **CONTRACTOR ACKNOWLEDGES AND AGREES THAT CALOPTIMA SHALL NOT BE LIABLE FOR ANY FEES, EXPENSES OR COMPENSATION IN EXCESS OF THE MAXIMUM CUMULATIVE PAYMENT OBLIGATION.**

14.1.5 The maximum cumulative payment obligation includes all applicable federal, state, and local taxes and duties, except sales tax, which is shown separately, if applicable. CONTRACTOR is responsible for submitting any withholding exemption forms (e.g., W-9) to CalOptima. Such forms and information should be furnished to CalOptima before payment is made. If taxes are required to be withheld on any amounts otherwise to be paid by CalOptima to CONTRACTOR due to CONTRACTOR'S failure to timely submit such forms, CalOptima will deduct such taxes from the amount otherwise owed and pay them to the appropriate taxing authority, and shall have no liability for or any obligation to refund any payments withheld.

14.2 Contractor Travel Policy. CONTRACTOR is not entitled to any reimbursement for travel, meals, accommodations, or other similar expenses under this Contract.

15. Term. This Contract shall commence on the 1st day of October, 2021, and shall continue in full force and effect through 09/30/2024, ("Initial Term"), unless earlier terminated as provided in this Contract. At the end of the Initial Term, CalOptima may, at its option, extend this Contract for up to two (2) additional consecutive one (1) year terms ("Extended Terms"), provided that if CalOptima does not exercise its option to extend at the end of the Initial Term, or any Extended Term, the remaining option(s) shall automatically lapse. As used in this Contract, the word "Term" shall include the Initial Term and any and all Extended Term(s), to the extent CalOptima exercises its option pursuant to this paragraph.

16. Termination.

16.1 Termination without Cause. CalOptima may terminate this Contract at any time, in whole or in part, for its convenience and without cause, by giving CONTRACTOR thirty (30) days written notice hereof. Upon termination, CalOptima may pay CONTRACTOR its allowable cost incurred for services satisfactorily performed and accepted by CalOptima as of the date of termination. Thereafter, CONTRACTOR shall have no further claims against CalOptima under this Contract.

16.2 Termination for Unavailability of Funds. In recognition that CalOptima is a governmental entity and its operations and budgets are determined on an annual basis, CalOptima shall have the right to terminate this Contract as follows:

16.2.1 CalOptima may terminate this Contract if it does not receive funding from the State of California or the federal government, as applicable, for any fiscal year.

16.2.2 In the event of Termination for Unavailability of Funds, as provided in this Section, CalOptima agrees to promptly pay CONTRACTOR all fees and other charges due and payable for services satisfactorily performed and accepted by CalOptima as of the termination date. CONTRACTOR shall not be entitled to payment for any other items, including, without limitation, lost or anticipated profit on work not performed, administrative costs, attorneys' fees, or consultants' fees.

16.2.3 In the event of Termination for Unavailability of Funds, as provided in this Section, and funds are received by CalOptima from the State of California within one-hundred twenty (120) days of the date of termination, then CalOptima shall promptly notify CONTRACTOR in writing and CalOptima shall have the right to reinstate this Contract for that period for which funds are received by CalOptima or the unexpired term of this Contract as of the date of termination, whichever period is shorter in duration. Notwithstanding the foregoing, CalOptima may only reinstate this Contract two (2) times during the Term of this Contract.

16.3 Termination for Default. Subject to a ten (10) day cure period, CalOptima may terminate this Contract for CONTRACTOR's default, or if a federal or state proceeding for the relief of debtors is undertaken by or against CONTRACTOR, or if CONTRACTOR makes an assignment for the benefit of creditors as defined in Section 6, or if CONTRACTOR breaches any term(s) or violates any provision(s) of this Contract and does not cure such breach or violation within ten (10) days after written notice thereof by CalOptima. In the event of Termination for Default, as provided by this Section, CONTRACTOR shall be liable for any and all reasonable costs incurred by CalOptima as a result of such default, including, but not limited to, reprocurement costs of the same or similar services defaulted by CONTRACTOR under this Contract.

16.4 Notwithstanding the foregoing, CalOptima may terminate this Contract immediately upon CONTRACTOR's breach of Section 3, (Insurance), Section 10, (Prohibited Interest), or Section 24, (Confidentiality).

16.5 Effect of Termination. Upon expiration or receipt of a termination notice under this Section:

16.5.1 CONTRACTOR shall promptly discontinue all services (unless the notice directs otherwise), and deliver or otherwise make available to CALOPTIMA all documents, reports, software programs and any other products, data and such other materials, equipment, and information, including but not limited to confidential information, or equipment provided by CalOptima, as may have been accumulated by CONTRACTOR in performing this Contract, whether completed or in process. If CONTRACTOR personnel were granted access to CalOptima's premises and issued a badge or access card, such badge or access card shall be returned prior to departure. Failure to return any information or equipment, badge or access card, is considered a material breach of this Contract and CalOptima's privacy and security rules.

16.5.2 CalOptima may take over the services, and may award another party a contract to complete the services under this Contract.

16.5.3 CalOptima may withhold from payment any sum that it determines to be owed to CalOptima by CONTRACTOR, or as necessary to protect CalOptima against loss due to outstanding liens or claims of former lien holders.

17. Modifications. CalOptima reserves the right to modify the Contract at any time should such modification be required by CMS or applicable law or regulation. Modifications shall be executed only by a written amendment to the Contract, signed by CalOptima and CONTRACTOR. Execution of amendments shall be contingent upon CONTRACTOR's notification to CalOptima, and CalOptima's approval, of any increase or decrease in the price of this Contract or in the time required for its performance.

18. Verification of CalOptima Costs by Government. Until the expiration of ten (10) years after the later of furnishing of any service pursuant to this Contract or completion of any audit, or longer as required by applicable regulations, CONTRACTOR will make available, upon written request of the Secretary of Health and Human Services or the Comptroller General of the United States or any of their duly authorized representatives, or the California Department of Health Care Services, or the California Department of Managed Health Care, or the Department of Justice, or the Bureau of Medical Fraud, copies of this Contract and any financial statements, books, documents, records, patient care documentation, and other records or data of CONTRACTOR that pertain to any aspect of services performed, reconciliation of benefit liabilities, and determination of amounts payable under this Contract, or as are otherwise necessary to certify the nature and extent of costs incurred by CalOptima for such services. This provision shall also apply to any agreement between a subcontractor and an organization related to the subcontractor by control or common ownership. CONTRACTOR further agrees that regulating entities have the right to inspect, evaluate and audit any pertinent information and to facilitate the review of the items referenced herein, to make available its premises, physical facilities and equipment, records related to Medicare enrollees, and any additional relevant information that regulating entities may require. CONTRACTOR further agrees and acknowledges that this provision will be included in any and all agreements with CONTRACTOR's subcontractors.

19. Confidential Material.

19.1 During the term of this Contract, either Party may have access to confidential material or information ("Confidential Information") belonging to the other Party or the other Party's customers, vendors, or partners. "Confidential Information" shall include without limitation the disclosing Party's computer programs and codes, business plans, customer/member lists and information, financial records, partnership arrangements and licensing plans or other information, materials, records, writings or data that is marked confidential or that due to its character and nature, a reasonable person under like circumstances would treat as confidential. Confidential Information will be used only for the purposes of this Contract and related internal administrative purposes. Each Party agrees to protect the other's Confidential Information at all times and in the

same manner as each protects the confidentiality of its own confidential materials, but in no event with less than a reasonable standard of care.

19.2 For the purposes of this Section 19, "Confidential Information" does not include information which: (i) is already known to the other Party at the time of disclosure; (ii) is or becomes publicly known through no wrongful act or failure of the receiving Party; (iii) is independently developed without use or benefit of the other's Confidential Information or proprietary information; (iv) is received from a third party which is not under and does not thereby breach an obligation of confidentiality; or (v) is a public record, not exempt from disclosure pursuant to California Public Records Act, Government Code Section 6250 et seq., applicable provisions of California Welfare and Institutions Code or other state or federal laws, regardless of whether such information is marked as confidential or proprietary.

19.3 Disclosure of the Confidential Information will be restricted to the receiving Party's employees, consultants, suppliers or agents on a "need to know" basis in connection with the services performed under this Contract, who are bound by confidentiality obligations no less stringent than these prior to any disclosure. The receiving Party may disclose Confidential Information pursuant to legal, judicial, or administrative proceeding or otherwise as required by law; providing that the receiving Party shall give reasonable prior notice, if not prohibited by applicable law, to the disclosing Party and shall assist the disclosing Party, at the disclosing Party's expense, to obtain protective or other appropriate confidentiality orders, and further provided that a required disclosure of Confidential Information or proprietary information to an agency or Court does not relieve the receiving Party of its confidentiality obligations with respect to any other party.

19.4 Except as to the confidentiality of trade secrets, these confidentiality restrictions and obligations will terminate five (5) years after the expiration or termination of the Contract, unless the law requires a longer period. Upon written request of the disclosing Party, the receiving Party shall promptly return to the disclosing Party all documents, notes and other tangible materials representing the disclosing Party's Confidential Information or Proprietary Information and all copies thereof. This obligation to return materials or copies thereof does not extend to automatically generated computer backup or archival copies generated in the ordinary course of the receiving Party's information systems procedures, provided that the receiving Party shall make no further use of such copies.

19.5 For the purposes of this Section only, "Confidential Information" does not include protected health information or individually identifiable information, as defined by the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and other privacy statutes or regulations. The access, use and disclosure of Protected Health Information is referenced below in Section 24, and shall be governed by a Business Associate Protected Health Information Disclosure Agreement, which shall be executed by the parties if CONTRACTOR will create, receive, maintain, use, or transmit Protected Health Information in performing services under this Contract.

20. Record Ownership and Retention.

20.1 The originals of all letters, documents, reports, software programs and any other products and data prepared or generated for the purposes of this Contract shall be delivered to, and become the property of CalOptima at no cost to CalOptima and in a form accessible for CalOptima's use. Copies may be made for CONTRACTOR's records, but shall not be furnished to others without written authorization from CalOptima. Such deliverables shall become the sole property of CalOptima and all rights in copyright therein shall be retained by CalOptima. CalOptima's ownership of these documents includes use of, reproduction or reuse of, and all incidental rights. CONTRACTOR shall provide all deliverables within a reasonable amount of time upon CalOptima's request, but in no event shall such time exceed thirty (30) calendar days unless otherwise specified by CalOptima.

20.2 CONTRACTOR hereby assigns to CalOptima all of its rights in all materials prepared by or on behalf of CalOptima under this Contract ("Works"), and this Contract shall be deemed a transfer to CalOptima of the sole and exclusive copyright of any copyrightable subject matter CONTRACTOR created in these Works. CONTRACTOR agrees to cause its agents and employees to execute any documents necessary to secure or perfect CalOptima's legal rights and worldwide ownership in such materials, including, but not limited to, documents relating to patent, trademark and copyright applications. Upon CalOptima's request, CONTRACTOR will return or transfer all property and materials, including the Works, in CONTRACTOR's possession or control belonging to CalOptima.

20.3 Notwithstanding the foregoing, CONTRACTOR's intellectual property ("CONTRACTOR IP") that preexists this Contract shall remain the sole and exclusive property of CONTRACTOR. CONTRACTOR shall not incorporate any CONTRACTOR IP into the Works that would limit CalOptima's use of the Works without CalOptima's written approval. To the extent that CONTRACTOR incorporates any CONTRACTOR IP into the Works, CONTRACTOR hereby grants to CalOptima a non-exclusive, irrevocable, perpetual, worldwide, royalty-free license to use and reproduce the CONTRACTOR IP to the extent required to fully utilize the Works.

20.4 CONTRACTOR acknowledges and agrees that, notwithstanding any provision herein to the contrary, CalOptima's Intellectual Property ("CalOptima IP") in the information, documents and other materials provided to CONTRACTOR shall remain the sole and exclusive property of CalOptima. Any information, documents or materials provided by CalOptima to CONTRACTOR pursuant to this Contract and all copies thereof (including without limitation CalOptima IP, Proprietary Information and Confidential Information, as these terms are defined in Section 19) shall upon the earlier of CalOptima's request or the expiration or termination of this Contract be returned to CalOptima.

20.5 For purposes of this Section, Intellectual Property shall mean patents, copyrights, trademarks, trade secrets, and other proprietary information.

21. Patent and Copyright Infringement. In lieu of any other warranty by CalOptima or CONTRACTOR against infringement, statutory or otherwise, it is agreed that CONTRACTOR shall indemnify, hold harmless and defend, at its expense, any suit against CalOptima based on a claim that any item furnished under this Contract, or the normal use or sale thereof, infringes on any United States letters patent, patent, trademark, copyright, or other intellectual property right, and shall pay costs and damages finally awarded in any such suit, provided that CONTRACTOR is notified in writing of the suit and given authority, information, and assistance at CONTRACTOR's expense for the defense of the suit. CONTRACTOR, at no expense to CalOptima, shall obtain for CalOptima the right to use and sell said item, or shall substitute an equivalent item acceptable to CalOptima and extend this patent indemnity thereto.

22. Names and Marks. Neither Party shall use the name, logo or other proprietary mark of the other in any press release, advertising, promotional, marketing or similar publicly disseminated material without first submitting such material to the other Party and obtaining the other Party's express written approval of the material and consent to such use.

23. Business Associate Protected Health Information Disclosure Agreement. This Contract does not require or permit CONTRACTOR to create, receive, maintain, use, or transmit Protected Health Information. As such, no Business Associate Agreement is required for this Contract.

24. Confidentiality of Member Information.

24.1 CONTRACTOR and its employees, agents, or subcontractors shall protect from unauthorized disclosure, the names and other identifying information concerning persons either receiving services pursuant to this Contract, or persons whose names or identifying information become available or are disclosed to CONTRACTOR, its employees, agents, or subcontractors as a result

of services performed under this Contract, except for statistical information not identifying any such person. CONTRACTOR and its employees, agents, or subcontractors shall not use such identifying information for any purpose other than carrying out CONTRACTOR's obligations under this Contract. CONTRACTOR and its employees, agents, or subcontractors shall promptly transmit to CalOptima all requests for disclosure of such identifying information not emanating from the Member. CONTRACTOR shall not disclose, except as otherwise specifically permitted by this Contract or authorized by the Member, any such identifying information to anyone other than DHCS or CalOptima without prior written authorization from CalOptima. For purposes of this provision, identity shall include, but not be limited to, name, identifying number, symbol, or other identifying particular assigned to the individual, such as finger or voice print or a photograph.

24.2 Names of persons receiving public social services are confidential and are to be protected from unauthorized disclosure in accordance with Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted thereunder. For the purpose of this Contract, all information, records, data, and data elements collected and maintained for the operation of the Contract and pertaining to Members shall be protected by CONTRACTOR from unauthorized disclosure. CONTRACTOR may release Medical Records in accordance with applicable law pertaining to the release of this type of information. CONTRACTOR is not required to report requests for Medical Records made in accordance with applicable law. With respect to any identifiable information concerning a Member under this Contract that is obtained by CONTRACTOR or its Subcontractors, CONTRACTOR:

24.2.1 Will not use any such information for any purpose other than carrying out the express terms of this Contract;

24.2.2 Will promptly transmit to CalOptima all requests for disclosure of such information, except requests for Medical Records in accordance with applicable law;

24.2.3 Will not disclose, except as otherwise specifically permitted by this Contract, any such information to any party other than DHCS or CalOptima without CalOptima's prior written authorization specifying that the information is releasable under Title 42 CFR Section 431.300 et seq., Section 14100.2, Welfare and Institutions Code, and regulations adopted there under; and

24.2.4 Will, at the termination of this Contract, return all such information to CalOptima or maintain such information according to written procedures sent to the CONTRACTOR by CalOptima for this purpose.

24.3 CONTRACTOR agrees to complete a CalOptima Medi-Cal Data Access Agreement, which is attached hereto as Exhibit D and incorporated herein by this reference. All materials covered under this Medi-Cal Data Access Agreement shall be designated confidential, to the extent permitted by California law.

25. Medicare Advantage Program. Medicare Advantage Program requirements are not applicable under this Contract.

26. Time is of the Essence. Time is of the essence in performance of this Contract.

27. CalOptima Designee. The Chief Executive Officer of CalOptima, or his designee, shall have the authority to act for and exercise any of the rights of CalOptima, as set forth in this Contract, subsequent to and in accordance with the authority granted by the Board of Directors.

28. Omissions. In the event that either party hereto discovers any material omission in the provisions of this Contract which such party believes is essential to the successful performance of this Contract, the party

may so inform the other party in writing, and the parties hereto shall thereafter promptly negotiate in good faith with respect to such matters for the purpose of making such reasonable adjustments, as may be necessary to perform the objectives of this Contract.

29. Choice of Law. This Contract shall be governed by and construed in accordance with all laws of the State of California. In the event any party institutes legal proceedings to enforce or interpret this Contract, venue and jurisdiction shall be in the County of Orange, California.

30. Force Majeure. When satisfactory evidence of a cause beyond a party's control is presented to the other party, and nonperformance is unforeseeable, beyond the control, and not due to the fault of the party not performing, a party shall be excused from performing its obligations under this Contract during the time and to the extent that it is prevented from performing by such cause, including, but not limited to, any incidence of fire, flood, acts of God, commandeering of material, products, plants or facilities by the federal, state or local government, or a material act or omission by the other party.

31. Notices. All notices required or permitted under this Contract and all communications regarding the interpretation of the terms of this Contract, or changes thereto, shall be in writing and shall be sent by registered or certified mail, postage prepaid, return receipt requested, or by any other overnight delivery service which delivers to the noticed destination and provides proof of delivery to the sender. All notices shall be effective when first received at the following addresses set forth below. Any party whose address changes shall notify the other party in writing.

32. Notice of Labor Disputes. Whenever CONTRACTOR has knowledge that any actual or potential labor dispute may delay this Contract, CONTRACTOR shall immediately notify and submit all relevant information to CalOptima. CONTRACTOR shall insert the substance of this entire clause in any subcontract hereunder as to which a labor dispute may delay this Contract.

33. Unavoidable Delays.

33.1 If the delivery of services under this Contract should be unavoidably delayed, CalOptima's Purchasing Department shall extend the time for completion of the Contract for the determined number of days of excusable delay. A delay is unavoidable only if the delay was not reasonably expected to occur in connection with, or during CONTRACTOR's performance, and was not caused directly or substantially by acts, omissions, negligence, or mistakes of CONTRACTOR, CONTRACTOR's subcontractors, or their agents, and was substantial and in fact caused CONTRACTOR to miss delivery dates, and could not adequately have been guarded against by contractual or legal means. Delays caused by CalOptima will be sufficient justification for delay of services, and CONTRACTOR shall be allowed a day-for-day extension.

33.2 CONTRACTOR shall notify CalOptima's Purchasing Department as soon as CONTRACTOR has, or should have, knowledge that an event has occurred that will delay deliveries. Within five (5) working days, CONTRACTOR shall confirm such notice in writing, furnishing as much detail as is available.

33.3 CONTRACTOR agrees to supply, as soon as such data is available, any reasonable proof that is required by CalOptima's Purchasing Department to make a decision on any request for extension. CalOptima's Purchasing Department shall examine the request and any documents supplied by CONTRACTOR and shall determine if CONTRACTOR is entitled to an extension and the

duration of such extension. CalOptima's Purchasing Department shall notify CONTRACTOR of this decision in writing. It is expressly understood and agreed that CONTRACTOR shall not be entitled to damages or compensation, and shall not be reimbursed for losses on account of delays resulting from any cause under this provision.

34. No Liability of County of Orange. As required under Ordinance No. 3896 of the County of Orange, State of California, as amended, the parties hereto acknowledge and agree that the obligations of CalOptima under this Contract are solely the obligations of CalOptima, and the County of Orange, State of California, shall have no obligation or liability therefor.

35. Attorneys' Fees. Should either party to this Contract institute any action or proceeding to enforce or interpret this Contract or any provision hereof, or for damages by reason of any alleged breach of this Contract, otherwise arising under this Contract, or for a declaration of rights hereunder, the prevailing party in any such action or proceeding shall be entitled to receive from the other party all costs and expenses, including, without limitation, reasonable attorneys' fees incurred by the prevailing party in such action or proceeding.

36. Entire Agreement. This Contract, including all exhibits and documents incorporated by reference and all Contract Documents referenced in Section 1 herein, contains the entire agreement between CONTRACTOR and CalOptima with respect to the subject matter of this Contract, and it supersedes all prior written or oral and all or contemporaneous oral agreements, representations, understandings, discussions, negotiations and commitments between CONTRACTOR and CalOptima, whether express or implied, with respect to the subject matter of this Contract.

37. Headings. The section headings used herein are for reference and convenience only and shall not enter into the interpretation hereof.

38. Waiver. No delay or failure by either party hereto to exercise any right or power accruing upon noncompliance or default by the other party with respect to any of the terms of this Contract shall impair such right or power, or be construed to be a waiver thereof. A waiver by either of the parties hereto of a breach of any of the covenants, conditions or agreements to be performed by the other shall not be construed to be a waiver of any succeeding breach thereof, or of any other covenant, condition, or agreement herein contained. Any information delivered, exchanged, or otherwise provided hereunder shall be delivered, exchanged or otherwise provided in a manner that does not constitute a waiver of immunity or privilege under applicable law.

39. California Public Records Act. As a local public agency, CalOptima is subject to the California Public Records Act (California Government Code Sections 6250 et seq.) (the "Public Records Act"). CONTRACTOR hereby acknowledges that any materials, documents, data, or similar items are subject to disclosure upon public request, unless they are exempt from disclosure under the provisions of the Public Records Act. CalOptima may be required to reveal certain information believed to be proprietary or confidential by CONTRACTOR pursuant to the Public Records Act. In the event that CONTRACTOR discloses information that it believes to be proprietary or confidential to CalOptima, it shall mark such information as "Confidential," "Proprietary," or "Restricted" or other similar marking. Unless CONTRACTOR marks its materials as "Confidential," "Proprietary," or "Restricted," and also notifies CalOptima in writing that CONTRACTOR has so marked each piece of material, then CalOptima will not be responsible to take any actions to protect any CONTRACTOR's materials under the Public Records Act that are not so marked. In the event CalOptima receives a request under the Public Records Act that potentially encompasses CONTRACTOR materials that have been properly marked, CalOptima will provide CONTRACTOR with notice thereof to allow CONTRACTOR to take actions it deems appropriate to prevent disclosure of the marked material. CONTRACTOR agrees to defend, indemnify, and hold harmless CalOptima, its officers, agents, employees, members, subsidiaries, joint venture partners, and predecessors and successors in interest from and against any claim, action, proceeding, liability, loss, damage, cost, or expense, including, without limitation, attorneys' fees, and any costs awarded to the person or entity that sought the CONTRACTOR marked material, arising out of or related to CalOptima's

failure to produce or provide the CONTRACTOR marked material (collectively referred to for purposes of this Section as "Public Records Act Claim(s)"). CONTRACTOR shall pay to CalOptima any expenses or charges relating to or arising from any such Public Record Act Claim(s) as they are incurred by CalOptima.

40. Audit Disclosure. Pursuant to California Government Code Section 8546.7, if this Contract is over ten thousand dollars ($10,000), it is subject to examination and audit of the State Auditor, at the request of CalOptima, or as part of any audit of CalOptima, for a period of three (3) years after final payment under this Contract. In addition to and notwithstanding any other right of access or inspection that may be otherwise set forth in this Contract or its attachments, CONTRACTOR agrees that, during the term of this Contract and for a period of three (3) years after its termination, CalOptima shall have access to and the right to examine any directly pertinent books, documents, invoices, and records of CONTRACTOR relating to services provided under this Contract. Where another right of access or inspection in this Contract provides for a period of greater than three (3) years, nothing herein shall be construed to shorten that time period.

41. Debarment and Suspension Certification.

41.1 By signing this Contract, the CONTRACTOR agrees to comply with any and all applicable Federal suspension and debarment regulations.

41.2 By signing this Contract, the CONTRACTOR certifies to the best of its knowledge and belief, that it and its principals:

41.2.1 Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;

41.2.2 Have not within a three-year period preceding this Contract been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

41.2.3 Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in Paragraph 41.2.2 herein;

41.2.4 Have not within a three-year period preceding this Contract had one or more public transactions (Federal, State or local) terminated for cause or default;

41.2.5 Have not and shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under Federal regulations (i.e., 48 CFR 9, subpart 9.4), debarred, suspended, declared ineligible, or voluntarily excluded from participation in such transaction, unless authorized by the State; and

41.2.6 Will include a clause entitled, "Debarment and Suspension Certification'' that essentially sets forth the provisions herein, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

41.3 If the CONTRACTOR is unable to certify to any of the statements in this certification, the CONTRACTOR shall submit an explanation to CalOptima.

41.4 The terms and definitions herein have the meanings set out in the Definitions and Coverage sections of the rules implementing Federal Executive Order 12549.

41.5 If the CONTRACTOR knowingly violates this certification, in addition to other remedies available to the Federal Government, CalOptima may terminate this Contract for cause or default.

42. Lobbying Restrictions and Disclosure Certification.

42.1 Applicable to federally funded contracts in excess of $100,000 per Section 1352 of the 31, U.S.C.

42.2 Certification and Disclosure Requirements.

42.2.1 Each person (or recipient) who requests or receives a contract, subcontract, grant, or subgrant, which is subject to Section 1352 of the 31, U.S.C., and which exceeds $100,000 at any tier, shall file a certification (in the form set forth in Exhibit E, Part 1, consisting of one page, entitled "Certification Regarding Lobbying") that the recipient has not made, and will not make, any payment prohibited by Paragraph 42.3of this provision. Exhibit E is attached hereto and incorporated herein by this reference.

42.2.2 Each recipient shall file a disclosure (in the form set forth in Exhibit E, Part 2, entitled "Certification Regarding Lobbying") if such recipient has made or has agreed to make any payment using nonappropriated funds (to include profits from any covered federal action) in connection with a contract or grant or any extension or amendment of that contract or grant, which would be prohibited under Paragraph 42.3 of this provision if paid for with appropriated funds.

42.2.3 Each recipient shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affect the accuracy of the information contained in any disclosure form previously filed by such person under Paragraph 42.2.2herein. An event that materially affects the accuracy of the information reported includes:

42.2.3.1 A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered federal action;

42.2.3.2 A change in the person(s) or individuals(s) influencing or attempting to influence a covered federal action; or

42.2.3.3 A change in the officer(s), employee(s), or member(s) contacted for the purpose of influencing or attempting to influence a covered federal action.

42.2.3.4 Each person (or recipient) who requests or receives from a person referred to in Paragraph 42.2.1of this provision a contract, subcontract, grant or subgrant exceeding $100,000 at any tier under a contract or grant shall file a certification, and a disclosure form, if required, to the next tier above.

42.2.3.5 All disclosure forms (but not certifications) shall be forwarded from tier to tier until received by the person referred to in Paragraph 42.2.1of this provision. That person shall forward all disclosure forms to CalOptima Purchasing Manager.

42.3 Prohibition—Section 1352 of Title 31, U.S.C., provides in part that no appropriated funds may be expended by the recipient of a federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered federal actions, the awarding of any federal contract, the making of any federal grant, the making of any federal loan, entering into of any cooperative

agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

43. Air and Water Pollution Requirements. Any federally funded agreement and/or subcontract in excess of $100,000 must comply with the following provisions unless said agreement is exempt under 40 CFR § 15.5. CONTRACTOR agrees to comply with all applicable standards, orders, or requirements issued under the Clean Air Act (42 USC § 7401 et seq.), as amended, and the Federal Water Pollution Control Act (33 USC § 1251 et seq.), as amended.

44. Survival. The following provisions of this Contract shall survive termination or expiration of this Contract: Prohibited Interest, Warranties, Compensation, Confidentiality, Indemnification, Duty to Defend, Ownership of Records and Documents, Record Retention, Audit Disclosure, California Public Records Act, Patent and Copyright Infringement, Governing Law, and this Section.

45. Severability. If any section, subsection or provision of this Contract, or any Contract Documents incorporated into this Contract, or the application of such section, subsection or provision, is held invalid or unenforceable by any court of competent jurisdiction, the remainder of this Contract, other than that to which it is held invalid, shall not be affected thereby.

46. Third Party Beneficiaries. There are no intended third party beneficiaries of this Contract. Nothing in this Contract shall be construed as conferring any rights on any other persons.

47. Successors and Assigns. Except as otherwise expressly provided in this Contract, this Contract will be binding on, and will inure to the benefit of, the successors and permitted assigns of the Parties to this Contract. Nothing in this Contract is intended to confer upon any Party other than the Parties hereto or their respective successors and permitted assigns any rights or obligations under or by reason of this Contract, except as expressly provided in this Contract.

48. Authority to Execute. The persons executing this Contract on behalf of the Parties warrant that they are duly authorized to execute this Contract and that by executing this Contract the Parties are formally bound.

49. Counterparts. This Contract may be executed and delivered in one or more counterparts, each of which shall be deemed an original, but all of which together will constitute one and the same instrument.

[Remainder of page left intentionally blank. Signatures on following page]

IN WITNESS WHEREOF, these Parties have, by their duly authorized representatives, executed this Contract No. 21-10211 on the day and year last shown below.

Exhibit A
SCOPE OF WORK

A. INVESTMENT MANAGEMENT SERVICES

1. Authority

CONTRACTOR shall have the power to supervise and direct investments for the assets they are provided for the Operating, Tier 1, and Tier 2 Accounts as explained in RFP 21-031, and in making and implementing investment decisions in accordance with the objectives and guidelines specified in CalOptima's Annual Investment Policy. CalOptima hereby appoints CONTRACTOR as its agent and attorney-in-fact with full discretionary authority to buy, sell or otherwise effect investment transactions involving the assets of the Operating, Tier 1, and Tier 2 Accounts in its name, on CalOptima's behalf.

CalOptima hereby authorizes CONTRACTOR to vote any securities held in the Operating, Tier 1, and Tier 2 Accounts in accordance with CONTRACTOR's proxy voting policies in effect from time to time. CalOptima hereby authorizes CONTRACTOR to exercise the rights, options, warrants, conversion privileges, redemption privileges and the tender of securities (collectively, "Corporate Actions") held in the Operating, Tier 1, and Tier 2 Accounts. CalOptima shall cause all proxy, Corporate Action materials and related communications received by it or on its behalf to be delivered to CONTRACTOR on a timely basis. CONTRACTOR will not advise or take any action on behalf of CalOptima or provide advice for any legal proceedings involving securities held in or formerly held in the Operating, Tier 1, and Tier 2 Accounts, including bankruptcies and class actions.

2. Custody

CalOptima has appointed a custodian to hold possession of the assets of the Account and plans to advise the custodian to accept the instructions regarding trades from CONTRACTOR. CONTRACTOR shall not be the custodian.

3. Brokerage

CONTRACTOR may place orders for the execution of transactions with or through brokers, dealers or banks as CONTRACTOR may select (except for itself), and CONTRACTOR is authorized to give such brokers and dealers all instructions that it shall deem appropriate in connection with the actions it is authorized to take as provided herein. CONTRACTOR is authorized to employ such brokers and dealers for the purchase and sale of Operating, Tier 1, and Tier 2 Account assets and, if applicable, to select the brokerage commission rates at which such transactions are affected. CONTRACTOR may give a copy of this Agreement to any broker, dealer or other party to a transaction for the Operating, Tier 1, and Tier 2 Accounts, to CalOptima's custodian as evidence of CONTRACTOR's authority to act for CalOptima. CONTRACTOR shall not be liable for losses incurred by reason of any act or omission on the part of a broker or dealer or the insolvency of a broker dealer.

4. Reports to CalOptima

CONTRACTOR shall send CalOptima an inventory of the investments of the Account as soon as reasonably possible after the end of each month. Copies of the confirmations of transactions executed will be promptly sent to the custodian. CONTRACTOR does not assume responsibility for the accuracy of information furnished by CalOptima or any agent of CalOptima.

5. Communications

Instructions with respect to securities transactions may be given by CalOptima to CONTRACTOR orally, by wire or electronically, and where deemed necessary, may be confirmed in writing as soon as practical. CONTRACTOR shall be fully protected in relying upon any direction in accordance with this section with respect to any instruction, direction or approval of CalOptima.

6. Form ADV

As required by the Advisers Act, CalOptima acknowledges receipt of CONTRACTOR's Form ADV Part 2, or alternate disclosure brochure. Such disclosure document was provided either (i) at least 48 hours prior to entering into this written Agreement or (ii) at the time of entering into this written Agreement with the right to terminate such Agreement, without penalty, within five (5) business days after entering into it by giving written notice of such cancellation to CONTRACTOR.

Exhibit B
PAYMENT

A. For CONTRACTOR's full and complete performance of its obligations under this Contract, CalOptima shall pay CONTRACTOR firm-fixed fees based on the rates below for fees and expenses in accordance with the provisions of this Exhibit.

B. CONTRACTOR shall invoice CalOptima on a quarterly basis in arrears for its assets under management. The rates, as defined below, are acknowledged to include CONTRACTOR's base labor rates, overhead and profit. CONTRACTOR shall also furnish such other information as may be requested by CalOptima to substantiate the validity of an invoice. At its sole discretion, CalOptima may decline to make full payment for any work and direct costs until such time as CONTRACTOR has documented, to CalOptima's satisfaction, that CONTRACTOR has fully completed all work required under this Contract and CONTRACTOR's performance is accepted by CalOptima. CalOptima's payment in full for any work shall not constitute CalOptima's final acceptance of CONTRACTOR's work under this Contract.

C. CONTRACTOR shall submit to CalOptima, to the attention of Accounts Payable, accountspayable@caloptima.org. Each invoice shall cite Contract No. 21-10211. CalOptima shall remit payment within thirty (30) days of receipt and approval of each invoice.

D. Notwithstanding any provisions of this Contract to the contrary, CalOptima and CONTRACTOR mutually agree that CalOptima's maximum cumulative payment obligation hereunder for work performed and/or products received on Exhibit A of this Contract shall not exceed the fee calculations set forth below in Paragraph E, and such fees include all amounts payable to CONTRACTOR for its direct labor and expenses, overhead costs, fixed fee, subcontracts, leases, materials, and costs arising from or due to termination of this Contract. CalOptima shall not pay CONTRACTOR for time spent traveling.

E. This Contract will be paid on an “assets under management’ basis using each month’s average market value. Assets under management shall be derived as the sum of the average market value for each month of the calendar quarter, divided by 3.

Exhibit B-1

Not applicable for this Contract

Exhibit C

Not applicable for this Contract

Exhibit D

MEDI-CAL DATA ACCESS AGREEMENT

As a condition of obtaining access to information concerning procedures or other data records utilized/maintained by the Department of Health Care Services and CalOptima, Payden & Rygel, including any and all individual employees and agents, agrees not to divulge any information obtained in the course of completion of this Contract to any unauthorized persons.

CONTRACTOR further agrees not to publish or otherwise make public any information regarding persons receiving Medi-Cal services such that the persons who receive such services are identifiable.

CONTRACTOR further recognizes that unauthorized release of confidential information may be subject to civil and criminal sanctions pursuant to the provisions of the Welfare and Institutions Code Section 14100.2.

CONTRACTOR further agrees that this Medi-Cal Data Access Agreement shall remain in full force and effect after the termination of this Contract.

Exhibit E
Part 1

STATE OF CALIFORNIA
DEPARTMENT OF HEALTH CARE SERVICES
CERTIFICATION REGARDING LOBBYING

The undersigned certifies, to the best of his or her knowledge and belief, that :

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making, awarding or entering into of this Federal contract, Federal grant, or cooperative agreement, and the extension, continuation, renewal, amendment, or modification of this Federal contract, grant, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency of the United States Government, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, “Disclosure of Lobbying Activities" in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontractors, subgrants, and contracts under grants and cooperative agreements) of $100,000 or more, and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S.C., any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Federal Use Only | Authorized for Local Reproduction Standard Form-LLL

Exhibit E

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime federal recipients at the initiation or receipt of a covered federal action, or a material change to a previous filing, pursuant to Title 31, U.S.C., Section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered federal action. Use the SF - LLL- A Continuation Sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered federal action.

2. Identify the status of the covered federal action.

3. Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered federal action.

4. Enter the full name, address, city, state, and ZIP code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants, and contract awards under grants.

5. If the organization filing the report in Item 4 checks "Subawardee," then enter the full name, address, city, state, and ZIP code of the prime federal recipient. Include Congressional District, if known.

6. Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation United States Coast Guard.

7. Enter the federal program name or description for the covered federal action (Item 1). If known, enter the full Catalog of Federal Domestic Assistance (CDFA) number for grants, cooperative agreements, loans, and loan commitments.

8. Enter the most appropriate federal identifying number available for the federal action identified in Item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract grant, or loan award number; the application/proposal control number assigned by the federal agency). Include prefixes, e.g., "RFP-DE-90401."

9. For a covered federal action where there has been an award or loan commitment by the federal agency, enter the federal amount of the award/loan commitment for the prime entity identified in Item 4 or 5.

10. (a) Enter the full name, address, city, state, and ZIP code of the lobbying entity engaged by the reporting entity identified in Item 4 to influence the covered federal action.

    (b) Enter the full names of the Individual(s) performing services and include full address if different from 10.(a). Enter last name, first name, and middle initial (MI).

11. Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (Item 4) to the lobbying entity (Item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.

12. Check the appropriate box(es). Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.

13. Check the appropriate box(es). Check all boxes that apply. If other, specify nature.

14. Provide a specific and detailed description of the services that the lobbyist has performed, or will be expected to perform, and the date(s) of any services rendered. Include all preparatory and related activity, not just time spent in actual contact with federal officials. Identify the federal official(s) or employee(s) contacted or the officer(s), employee(s), or Member(s) of Congress that were contacted.

15. Check whether or not a SF-LLL-A Continuation Sheet(s) is attached.

16. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

12. Consider Approval of Modifications to CalOptima Medical Affairs Policies GG.1304, GG.1325, GG.1500 and GG.1508

Contacts

Emily Fonda, M.D., Chief Medical Officer, (714) 246-8887
Tracy Hitzeman, R.N., Executive Director, Clinical Operations, (714) 246-8549

Recommended Actions

Approve recommended modifications to the following existing medical policies in connection with CalOptima's regular review process and consistent with regulatory requirements, as follows:

1. Policy GG.1304: Continuity of Care During Health Network or Provider Termination [Medi-Cal]
2. Policy GG.1325: Continuity of Care for Members Transitioning into CalOptima Services [Medi-Cal]
3. Policy GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers [Medi-Cal, OneCare Connect]
4. Policy GG.1508: Authorization and Processing of Referrals [Medi-Cal, OneCare, OneCare Connect]

Background/Discussion

CalOptima regularly reviews its policies and procedures to ensure they are up to date and aligned with federal and state health care program requirements, contractual obligations and laws, as well as CalOptima operations.

Below is a description of the impacted policies, followed by a list of substantive changes to each policy, which are reflected in the attached redline. The list does not include non-substantive changes that may also be reflected in the redline (i.e., formatting, spelling, punctuation, capitalization, minor clarifying language and/or grammatical changes).

1. **Policy GG.1304: Continuity of Care During Health Network or Provider Termination** establishes coverage and continuity of care guidelines for a member who is involuntarily required to change a health network or provider. A member may have a relationship with a health network or provider that changes from a contracted status to a non-contracted status. This policy is focused on member impact from such a change, and how CalOptima or a Health Network ensures a safe transition for the impacted member(s).

Back to Agenda

Policy Section	Proposed Change	Rationale	Impact
Glossary	Definition of Covered Service	Added a description to cited references, added Health Homes Program services	Aligns to current practice
Glossary	Definition of Durable Medical Equipment	Updated per DHCS contract	None
Glossary	Added definition for Primary Care Provider	Add	None

2. **Policy GG.1325: Continuity of Care for Members Transitioning into CalOptima Services** establishes Continuity of Care guidelines and the process to identify newly enrolled Medi-Cal members who transition into CalOptima, or existing members whose Covered Services are transitioned from Medi-Cal Fee-for-Service to CalOptima who have expedited care needs.

Policy Section	Proposed Change	Rationale	Impact
III.D	Added post-partum period	Aligns with current process; Post-partum period is covered under Continuity of Care.	None
III.P.8-9	Removed references to 1) Whole Child Model (WCM) implementation date, 2) Option for requesting continued case management from a Member's CCS Public Health Nurse during the WCM transition, and 3) Continuity of Care rights for Members transitioning from the Pediatric Palliative Care Waiver Program	Outdated references; these requirements were only in effect in 2019.	None
Glossary	Updated definitions	Align with CalOptima master glossary	None

3. **Policy GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers** defines the process by which a provider or practitioner shall obtain authorization for covered services for a CalOptima Direct (COD) or CalOptima Community Network (CCN) member, including prior authorization, concurrent review, and retrospective review. The policy was reorganized and revised. The Department of Health Care Services (DHCS) has approved this policy for the Medi-Cal program

Back to Agenda

Policy Section	Proposed Change	Rationale	Impact
II.A	Removed list of services not requiring authorization and added a reference to CalOptima Policy GG.1508: Authorization and Processing of Referrals for such list of services.	Reduces redundancy across policies.	None
II.A	Reinforced conditions under which a provider may request retrospective authorization, including the inability to verify a member's eligibility for OneCare Connect, as applicable.	Aligns with current operations.	None
II.C	Removed language related to emergency inpatient admission notification from the policy and added a reference to CalOptima Policy GG.1508 for notification by hospital of a member's initial emergency encounter.	Reduces redundancy across policies.	None
II.D.6	Included authorization for non-medical transportation, which is addressed in CalOptima Policy GG.1505: Transportation: Emergency, Non-Emergency, and Non-Medical.	Reduces redundancy across policies.	None
III.A	Included eligibility verification process for OneCare Connect members.	Aligns with current process; Clarifies provider instruction.	None
III.C and IX	Clarified or defined the types of authorizations: Prior Authorization, Concurrent Review, and Retrospective Review	Aligns with current operations; Improves provider references.	None
III.C.2.d	Clarified the process for electronic submission of routine authorization requests (CalOptima Link), including uploading medical documentation by contracted provider	Aligns with current operations.	None

Back to Agenda

Policy Section	Proposed Change	Rationale	Impact
III.C.5.a.ii	Clarified request for approval of additional days for urgent concurrent care with prior authorization in place.	Aligns with current operations.	None
III.C.5, III.D.3	Included language related to CalOptima staff assisting hospital with timely discharge planning.	Aligns with current operations.	None
III.D.	Clarified language related to prior authorization requests from non-contracted provider, including for medically necessary post-stabilization services and medically necessary non-urgent care following emergency room exam.	Aligns with current operations.	None
III.E.2	Included language on the processing timeframe for a retrospective request for authorization, with a reference to CalOptima Policy GG.1508.	Reduces redundancy across policies.	None
III.F	Clarified language related to a request to modify an authorization before rendering services.	Aligns with current operations.	None
IV, new attachments	Revised language referring to policy attachments and added the following authorization request forms as attachments: Medi-Cal behavioral health services and OneCare Connect.	Aligns with current operations.	None
IX	Included the following glossary terms: authorized representative, concurrent review, discharge planning, initial emergency encounter, medical necessity, retrospective review and specialist physician.	Ensures defined terms in the policy are included in the glossary with their definitions.	None

Back to Agenda

Policy Section	Proposed Change	Rationale	Impact
IX	Updated the definitions for: covered services, health network, and prior authorization.	Ensures policy glossary contains the standard term definition.	None

4. **Policy GG.1508: Authorization and Processing of Referrals** establishes the procedure by which CalOptima and its health networks shall process a request for prior authorization, concurrent review, and retrospective review of covered services for a member. The policy was reorganized and revised. DHCS has approved this policy for the Medi-Cal program.

Policy Section	Proposed Change	Rationale	Impact
I, II.A, III.C, and IX	Clarified or defined the types of authorization requests: prior authorization, concurrent review, and retrospective review.	Aligns with current operations.	None
II.B	Clarified that a OneCare or OneCare Connect member may request approval for services directly from CalOptima or assigned health network, as applicable.	Align with current operations.	None
II.C and Attachments	Included a reference to policy attachments, in which a table of timeframes for OneCare and OneCare Connect decisions and notifications has been added.	Aligns with current operations.	None
II.D	Added language ensuring that decisions related to medical necessity are consistent and based on sound medical evidence, with references to CalOptima Policies, including Policy GG.1535: Utilization Review Criteria and Guidelines.	Aligns with current operations; Reduces redundancy across policies.	None
II.E, III.G.6.b, and III.H.1.b.viii	Included language ensuring compliance with applicable requirements for Whole Child Model Program, including, but not limited to, CCS program guidelines.	Aligns with current operations.	None
II.G	Included language ensuring that no financial incentives are provided to utilization management decision makers to encourage decisions that result in underutilization.	Aligns with current operations	None

Back to Agenda

Policy Section	Proposed Change	Rationale	Impact
II.J	Added conditions under which a provider may request retrospective authorization.	Aligns to CalOptima standard.	CalOptima and the Health Networks will apply the same criteria to retrospective authorization requests.
II.L	Added language related to utilization management of hospital services, including a plan health professional or contracting physician available 24 hours a day, 7 days a week to authorize medically necessary post-stabilization services	Aligns with current operations.	None
II.M	Included language that CalOptima will manage authorizations for a OneCare member whose Medicare benefit has been exhausted when the assigned health network is shared risk.	Aligns with current operations.	None
III.A	Updated language for services that are excluded from the prior authorization process.	Aligns with current operations.	None
III.D	Added language related to notification by hospital of a member's initial emergency encounter.	Aligns with current operations.	None
III.E	Added language related to prior authorization requests from non-contracted provider, including for medically necessary post-stabilization services and medically necessary non-urgent care following emergency room exam.	Ensures that existing requirements for non-contracted providers are clear. Aligns with current operations.	None

Back to Agenda

Policy Section	Proposed Change	Rationale	Impact
III.H.4.a-d	Revised and included language related to the type of UM staff permitted to approve, deny, modify, or defer authorization requests, including review denials and those who are permitted to supervise utilization review decisions.	Aligns with current operations.	None
III.I.4	Included language related to communications received afterhours.	Standard business practice, except as otherwise provided in the policy	None
IX	Included the following glossary terms: authorized representative, California Children's Services (CCS) Program, CCS-eligible condition, CalOptima Direct, concurrent review, covered services, initial emergency encounter, retrospective review, and Whole-Child Model (WCM). Updated the definitions for: emergency services and prior authorization.	Maintains consistent definitions across policies	None

Fiscal Impact

The recommended action to approve modifications to CalOptima Policies GG.1304, GG.1325, GG.1500 and GG.1508 is operational in nature and has no additional fiscal impact beyond what was incorporated in the CalOptima Fiscal Year (FY) 2020-21 Operating Budget approved by the Board on June 4, 2020, and in the proposed FY 2021-22 Operating Budget slated for Board consideration at its June 3, 2021 meeting.

Rationale for Recommendation

To ensure CalOptima's continuing commitment to conducting its operations in compliance with ethical and legal standards and all applicable laws, regulations, rules and accreditation standards, CalOptima staff recommends that the Board of Directors approve and adopt the presented CalOptima policies and procedures. The updated policies and procedures will supersede prior versions.

Title:	**Continuity of Care During Health Network or Provider Termination**
Department:	Medical Management
Section:	Case Management
CEO Approval:	/s/
Effective Date:	02/04/2003
Revised Date:	TBD
Applicable to:	☒ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☐ Administrative

I. PURPOSE

This policy establishes coverage and continuity of care guidelines for a Member who is involuntarily required to change a Health Network or Provider.

II. POLICY

A. CalOptima or a Health Network shall ensure Continuity of Care for a Member.

B. CalOptima or a Health Network may require a Member to change his or her Health Network or Provider involuntarily due to special circumstances including, but not limited to ~~the termination,~~ suspensions or non-renewal of ~~the Health Network's Contract for~~ a Health Network or Provider's contract with CalOptima or a Health Network, including termination, suspensions, and exclusion from the Medi-Cal program as effectuated by the Department of Health Care Services (DHCS).

1. CalOptima or a Health Network shall ensure the safe transition to a new Provider for services as necessary and in accordance with this Policy.

C. Health Networks shall notify CalOptima of Provider terminations, in accordance with CalOptima Policies DD.2012: Member Notification of Change in the Availability or Location of Covered Services, EE.1101Δ: Additions, Changes, and Terminations to CalOptima Provider Information, CalOptima Provider Directory, and Web-based Directory, and GG.1652: DHCS Notification of Change in the Availability or Location of Covered Services.

D. CalOptima shall notify the Member of the new Health Network assignment and the option to select a new Health Network in accordance with CalOptima Policy DD.2008: Health Network Selection Process.

E. A Receiving Health Network shall assume full responsibility for a Member's care upon the Affected Member's effective date with the Receiving Health Network when the Member is involuntarily required to change Health Networks.

~~B.~~

~~C.~~A. ~~A Receiving Health Network shall assume full responsibility for a Member's care upon the Affected Member's effective date with the Receiving Health Network when the Member is involuntarily required to change Health Networks.~~

~~D.~~F. In the event of a change of Health Network under Section II.B. of this Policy, a Receiving Health Network shall ensure the provision of Covered Services to an Affected Member without disruption or delay, including, but not limited to:

1. A Member who is in an active treatment plan;

2. A Member who has medical supply or other needs that affect the Member's quality of life or activities of daily living;

3. A Member who is in the process of evaluation for certain services; and

4. A Member who has other medical care needs.

~~E.~~G. In the event that a Member is required to change Health Networks, CalOptima and the Receiving Health Network shall collaborate to coordinate the provision of current and future Covered Services for the Affected Member.

~~F.~~H. To ensure that inappropriate disruptions or delays in Covered Services do not occur during an Affected Member's transition to a Receiving Health Network, CalOptima and the Receiving Health Network shall make Continuity of Care decisions, in accordance with the guidelines set forth in this Policy and based on the potential best medical outcome for the Affected Member.

~~G. For a California Children's Services (CCS) eligible Member transitioning to CalOptima's WCM program who is required to change to a new Health Network, the Receiving Health Network shall ensure the following:~~

~~1. WCM Continuity of Care is available to the CCS-eligible Member in accordance with the requirements of APL 18-023: California Children's Services Whole Child Model and CalOptima Policy GG.1325: Continuity of Care Members Transitioning into CalOptima Services, as follows:~~

~~a. Specialized or Customized Durable Medical Equipment (DME);~~

~~a. Continuity of Care for case management with the CCS-eligible Member's existing CCS public health nurse (applicable only to WCM Members who transitioned into CalOptima's WCM program on July 1, 2019); and~~

~~b.~~a. ~~Authorized prescription drugs that is part of the therapy for the CCS-eligible Condition of the CCS-eligible Member.~~

~~2.~~1. ~~The CCS-eligible Member is provided with written notice explaining the Member's right to request an extension of the Continuity of Care period and the WCM appeal process for Continuity of Care limitations, in accordance with CalOptima Policy GG.1325: Continuity of Care Members Transitioning into CalOptima Services.~~

~~1. The CCS-eligible Member is allowed to receive services for the Member's CCS-eligible Condition from a CCS Provider outside of the Receiving Health Network for Continuity of~~

~~Care purposes, in accordance with the requirements of Section III.D of this policy, or if there are no CCS Providers that meet the Member's CCS medical needs within the Receiving Health Network's network.~~

~~2. The CCS-eligible Member is permitted through Continuity of Care to continue to receive services from a provider in the Member's previous Health Network, including their assigned primary care provider, for up to twelve (12) months, in accordance with the requirements of APL 18-008: Continuity of Care for Medi-Cal Members who Transition into Medi-Cal Managed Care and CalOptima Policy GG.1325: Continuity of Care Members Transitioning into CalOptima Services.~~

~~H. In the event that the guidelines set forth in this Policy do not address an Affected Member's particular continuity of care circumstance or need during the Affected Member's transition from a Health Network, CalOptima's Chief Medical Officer (CMO), or his or her Designee, shall render final determination of a Health Network's decision regarding the authorization of Covered Services.~~

~~E. To ensure the Continuity of Care for an Affected Member, a Receiving Health Network shall coordinate the Affected Member's Covered Services and the payment of Covered Services to a Provider when the prior Health Network authorized the Affected Member's care with the existing Provider and there is an existing course of treatment. The Receiving Health Network shall reimburse a Non-Contracted Provider in accordance with the provisions of this Policy.~~

~~F.~~E. ~~A Receiving Health Network shall notify an Affected Member of its decision to approve, modify, delay, or deny a request for authorization of Continuity of Care, in accordance with the guidelines set forth in CalOptima Policy GG.1507: Notification Requirements for Covered Services Requiring Prior Authorization.~~

~~I.~~A. ~~CalOptima or a Health Network may require a Member to change his or her Health Network or Provider involuntarily due to special circumstances including, but not limited to, suspensions or non-renewal of a Health Network or Provider's contract with CalOptima or a Health Network, including termination, suspensions, and from the Medi-Cal program as effectuated by DHCS.~~

~~1. CalOptima or a Health Network shall ensure the safe transition to a new Provider for services as necessary and in accordance with this Policy.~~

~~J. Health Networks shall notify CalOptima of Provider termination, in accordance with CalOptima Policies DD.2012: Member Notification of Change in Availability or Location of Covered Services, EE.1101A: Additions, Changes, and Terminations to CalOptima Provider Information, CalOptima Provider Directory, and Web-based Directory, and GG.1652: DHCS Notification of Change in the Availability or Location of Covered Services.~~

III. PROCEDURE

A. Identification of an Affected Member and the Affected Member's Needs

1. CalOptima shall work in collaboration with the terminating Health Network to ensure identification of an Affected Member who is involuntarily required to change Health Networks and identify those Members who are in need of care coordination of Covered Services within a Health Network.

2. CalOptima shall provide a Receiving Health Network with information about an Affected Member's Continuity of Care needs as the information becomes available.

3. A Receiving Health Network shall evaluate an Affected Member's need for Covered Services and ~~may~~ shall authorize appropriate Covered Services for the Affected Member in a timely manner in order to not delay or interrupt the Affected Member's active treatment plan, in accordance with the provisions of this Policy.

B. Notice to Affected Members of Health Network termination

1. CalOptima shall send written notice of Health Network termination to Affected Members no later than thirty (30) calendar days prior to the termination date of a Health Network Contract for Health Care Services.

2. CalOptima shall obtain approval from the DHCS of the written notice prior to sending the notice of Health Network termination to Affected Members.

C. CalOptima and a Health Network shall use the following Continuity of Care guidelines to provide continued Covered Services to an Affected Member so as to not cause an interruption or delay for the Affected Member:

1. A Receiving Health Network shall provide an Affected Member, who satisfies the Continuity of Care requirements set forth in CalOptima Policy GG.1325: Continuity of Care for Members Transitioning into CalOptima Services, with Continuity of Care with an existing out-of-network provider for the remaining duration of the original Continuity of Care period.

2. A Receiving Health Network shall honor an authorization for a Scheduled Elective Surgery for an Affected Member authorized by the terminating Health Network, unless the Receiving Health Network is able to arrange comparable services without delay or interruption to the Affected Member in accordance with CalOptima Policy GG.1507: Notification Requirements for Covered Services Requiring Prior Authorization.

3. A Receiving Health Network shall allow an Affected Member who is in the course of oncology treatment to continue his or her course of treatment with the Affected Member's existing Provider as set forth below:

   a. The Receiving Health Network shall evaluate an Affected Member's oncology treatment plan and determine whether it is appropriate to transfer the Affected Member's oncology care services safely to another Provider without delay or interruption to the active treatment plan.

   b. If the Receiving Health Network determines that transferring the Affected Member's oncology care to another Provider may potentially result in an adverse medical outcome or detrimentally affect the Affected Member, the Receiving Health Network shall authorize the Affected Member's oncology services under the Affected Member's existing Provider until the active treatment plan is completed.

4. A Receiving Health Network shall allow an Affected Member, who is in the process of a transplant evaluation to complete transplant care services with the Affected Member's existing Provider. Transplant coordination of care for an Affected Member shall be managed~~,~~ in accordance with CalOptima Policy GG.1313: Coordination of Care for Transplant Members.

5. A Receiving Health Network shall allow an Affected Member, who is receiving acute inpatient services on the effective date of the Receiving Health Network change and is expected to have a remaining length of stay less than or equal to three (3) calendar days, to continue his or her acute care stay in the current inpatient setting.

6. A Receiving Health Network shall authorize an Affected Member, who has a remaining length of stay in an acute inpatient setting of more than three (3) calendar days, to stay in the existing acute inpatient setting until the Receiving Health Network can arrange for the safe transfer of the Affected Member to another acute care facility that can provide comparable services.

7. If it is necessary for an Affected Member to reschedule post-surgical physician visits after the effective date of the Receiving Health Network change, the Receiving Health Network shall authorize the Affected Member's remaining post-surgical visits ~~which~~ that were included under a previous global authorization with the surgeon who performed the surgery pursuant to community standards and Medical Necessity.

8. A Receiving Health Network shall authorize continued obstetrical services for an Affected Member, including delivery and the immediate postpartum period, with the Affected Member's existing Provider and hospital if the Affected Member is in her second (2nd) or third (3rd) trimester of pregnancy.

9. If an Affected Member is receiving dialysis services, a Receiving Health Network shall authorize continued dialysis services with the Affected Member's existing dialysis center and nephrologist until the Receiving Health Network has evaluated the Affected Member's dialysis treatment plan and arranged for the Affected Member's safe transfer to another dialysis center or nephrologist without a delay or interruption in service.

10. If an Affected Member has a scheduled diagnostic and Ancillary Service on a date after the Affected Member's effective date of the Health Network change, the Receiving Health Network shall authorize the diagnostic or Ancillary Service with the previously scheduled Provider unless the Receiving Health Network is able to arrange comparable services with another Provider without a delay or interruption in service.

11. If an Affected Member receives injectables as part of an active treatment plan, a Receiving Health Network shall ensure that the prescribed injectables are continued without delay or interruption in accordance with the Affected Member's active treatment plan until the Receiving Health Network has re-evaluated the Affected Member's active treatment plan.

12. If an Affected Member receives long term acute care services, a Receiving Health Network shall authorize the long term care acute care services at the Affected Member's existing facility until the Receiving Health Network has re-evaluated the Affected Member and provides for the safe transfer of the Affected Member's care to an alternate facility, with consideration of family or guardian wishes.

13. A Health Network that authorizes the purchase of Durable Medical Equipment (DME) for an Affected Member shall pay for the cost of the DME even if the delivery of the DME occurs after the Affected Member's effective date of the Health Network change.

14. A Receiving Health Network shall continue to provide an Affected Member with the same medical supplies, quantities, or equipment without disruption or delay in services until the Receiving Health Network has evaluated the Affected Member's medical supply needs.

15. If, after consultation with the Receiving Health Network, the CalOptima Chief Medical Officer (CMO~~,~~), or his or her Designee, ~~the CMO~~ determines certain services are required and the Receiving Health Network refuses to provide them, the CMO may authorize these services on behalf of the Receiving Health Network.

16. If a Receiving Health Network modifies, delays, denies, or takes any other action that triggers Aid Paid Pending an appeal, the Receiving Health Network shall follow Member notification requirements and related provisions, in accordance with CalOptima Policy GG.1507: Notification Requirements for Covered Services Requiring Prior Authorization.

17. If CalOptima or a Health Network requires a Member to change his or her Provider involuntarily due to suspensions, decertification, or non-renewal of a Health Network or Provider's contract with CalOptima or a Health Network, including termination, suspensions, and decertification from the Medi-Cal program as effectuated by DHCS, CalOptima or a Health Network shall coordinate with the receiving Provider for ongoing services and treatment.

    a. CalOptima or a Health Network shall ensure the terminated, suspended, or decertified Provider does not receive payment for Medi-Cal services provided on or after the effective date of action in accordance with CalOptima Policy DD.2012: Member Notification of Change in the Availability or Location of Covered Services.

    b. CalOptima or a Health Network shall communicate the notification to the Affected Member in accordance with CalOptima Policy DD.2012: Member Notification of Change in the Availability or Location of Covered Services.

18. A Receiving Health Network shall pay for the Covered Services furnished to an Affected Member by the Affected Member's existing Provider as authorized by the terminating Health Network to maintain Continuity of Care in accordance with this ~~policy~~Policy. The Receiving Health Network shall pay a Non-Contracted Provider for such items and services at the Medi-Cal Fee Schedule rate or, if inpatient services, at the CalOptima rate.

~~E.~~D. For a California Children's Services (CCS~~-~~)-eligible ~~Member~~ transitioning to CalOptima's WCM program who is required to change to a new Health Network, the following Continuity of Care requirements shall also apply:

1. WCM Continuity of Care is available to the CCS-eligible Member in accordance with the requirements of APL 18-023: California Children's Services Whole Child Model and CalOptima Policy GG.1325: Continuity of Care Members Transitioning into CalOptima Services, as follows:

    a. Specialized or Customized Durable Medical Equipment (DME);

    b. Authorized prescription drugs that is part of the therapy for the CCS-eligible Condition of the CCS-eligible Member.

2. The CCS-eligible Member is provided with written notice explaining the Member's right to request an extension of the Continuity of Care period and the WCM appeal process for Continuity of Care limitations, in accordance with CalOptima Policy GG.1325: Continuity of Care Members Transitioning into CalOptima Services.

3. The CCS-eligible Member is allowed to receive services for the Member's CCS-eligible Condition from a CCS Provider outside of the Receiving Health Network for Continuity of

Care purposes, in accordance with the requirements of this Policy, or if there are no CCS Providers that meet the Member's CCS medical needs within the Receiving Health Network's network.

4. The CCS-eligible Member is permitted through Continuity of Care to continue to receive services from a Provider in the Member's previous Health Network, including their assigned Primary Care Provider, for up to twelve (12) months, in accordance with the requirements of APL 18-008: Continuity of Care for Medi-Cal Members who Transition into Medi-Cal Managed Care and CalOptima Policy GG.1325: Continuity of Care Members Transitioning into CalOptima Services.

5. The Receiving Health Network shall allow, upon request, the CCS-eligible Member to maintain access to CCS Providers with whom the Member has an existing relationship for up to twelve (12) months, in accordance with Welfare and Institutions Code section 14094.13, under the following conditions:

   a. The CCS-eligible Member has seen the out-of-network CCS Provider for a nonemergency visit at least once during the twelve (12) months immediately preceding the date CalOptima or the initial assigned Health Network assumed responsibility for the Member's CCS care under the WCM program.

   b. The out-of-network CCS Provider accepts the Receiving Health Network's rate for services offered or the applicable Medi-Cal or CCS fee-for-service rate, whichever is higher, unless the out-of-network CCS Provider enters into an agreement on an alternative payment methodology mutually agreed to by the out-of-network CCS Provider and the Receiving Health Network.

   c. The Receiving Health Network confirms that the out-of-network CCS Provider meets applicable professional standards, including CCS standards, and has no disqualifying quality of care issues.

   d. The out-of-network CCS Provider has not been terminated, suspended, or decertified from the Medi-Cal program by DHCS.

   e. The out-of-network CCS Provider provides treatment information to the Receiving Health Network, to the extent authorized by the State and federal patient privacy provisions.

6. The CCS-eligible Member may petition the Receiving Health Network for an extension of the Continuity of Care period. If the Receiving Health Network does not approve the extension, the CCS-eligible Member may appeal this decision in accordance with CalOptima Policies GG.1325: Continuity of Care for Members Transitioning into CalOptima Services and GG.1510: Appeal Process.

E. In the event that the guidelines set forth in this Policy do not address an Affected Member's particular continuity of care circumstance or need during the Affected Member's transition from a Health Network, CalOptima's CMO or his or her Designee shall render final determination of a Health Network's decision regarding the authorization of Covered Services.

F. To ensure the Continuity of Care for an Affected Member, a Receiving Health Network shall coordinate the Affected Member's Covered Services and the payment of Covered Services to a Provider when the prior Health Network authorized the Affected Member's care with the existing

Provider and there is an existing course of treatment. The Receiving Health Network shall reimburse a Non-Contracted Provider in accordance with the provisions of this Policy.

G. A Receiving Health Network shall notify an Affected Member of its decision to approve, modify, delay, or deny a request for authorization of Continuity of Care, in accordance with the guidelines set forth in CalOptima Policy GG.1507: Notification Requirements for Covered Services Requiring Prior Authorization.

~~H. CalOptima may impose Sanctions on a Health Network, including and without limitation, financial penalties or termination, in accordance with CalOptima Policy HH.2002Δ: Sanctions, when the Health Network fails to comply with the requirements of this Policy.~~

~~I.~~H. ~~CalOptima or a Health Network shall notify an Affected Member of Provider termination, in accordance with CalOptima Policy DD.2012: Member Notification of Change in the Availability or Location of Covered Services.~~

~~J.~~H. CalOptima or a Health Network shall provide continued Covered Services to an Affected Member so as to not cause an interruption or delay using the following continuity of care guidelines:

1. CalOptima or a Health Network shall ensure continuation of treatment through the current period of active treatment, not to exceed twelve (12) months except as provided in Section III.D.~~2.~~ of this Policy for Members eligible with the WCM program.

2. CalOptima or a Health Network shall ensure continuation of care through the postpartum period for a Member in their second (2nd) or third (3rd) trimester of pregnancy.

I. CalOptima or a Health Network shall notify an Affected Member of Provider termination, in accordance with CalOptima Policy DD.2012: Member Notification of Change in the Availability or Location of Covered Services.

J. CalOptima may impose Sanctions on a Health Network, including and without limitation, financial penalties or termination, in accordance with CalOptima Policy HH.2002Δ: Sanctions, when the Health Network fails to comply with the requirements of this Policy.

Revised	TBD	GG.1304	Continuity of Care During Health Network or Provider Termination	Medi-Cal

IX. GLOSSARY

Term	Definition
Affected Member	A Member who is involuntarily transitioning between Health Networks or Providers due to circumstances that include, but are not limited to the termination or non-renewal of a Health Network Contract.
Aid Paid Pending	Continuation of Covered Services for a Member who has filed a timely request for a State Hearing as a result of a notice of action of intent to terminate, suspend, or reduce an existing authorized service.
Ancillary Services	All Covered Services that are not physician services, hospital services, or long-term care services.
California ~~Children~~Children's Services (CCS) Program ~~(CCS)~~	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically-eligible individuals under the age of twenty-one (2l) years who have CCS-~~eligible~~Eligible conditions, as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.
California Children's Services-~~eligible~~Eligible Condition	Chronic medical conditions, including but not limited to, cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries and infectious disease producing major sequelae as defined in Title 22, California Code of Regulations sections 41515.2 through 41518.9.
California Children's Services (CCS) Provider	Include any of the following: (1) A medical provider that is paneled by the CCS program to treat a CCS-Eligible Condition, pursuant to Article 5 of Chapter 3 of Part 2 of Division 106 of the Health and Safety Code (commencing with Section 123800); (2) A licensed acute care hospital approved by the CCS program to treat a CCS-Eligible Condition; or (3) A special care center approved by the CCS program to treat a CCS-Eligible Condition.
CalOptima Community Network	A managed care network operated by CalOptima that contracts directly with physicians and hospitals and requires a Primary Care Provider (PCP) to manage the care of the Members.
Continuity of Care	Services provided to a Member rendered by an out-of-network Provider with whom the Member has a pre-existing Provider relationship.

Term	Definition
Covered ~~Services~~Service	Those services provided in the Fee-For-Service Medi-Cal program~~,~~ (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301~~,~~), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with ~~Section 6840, which~~ section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), ~~and~~ speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), ~~which~~ and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127), for HHP Members with eligible physical chronic conditions and substance use disorders, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members not~~-~~withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.
Designee	A person selected or designated to carry out a duty or role. The assigned designee is required to be in management or hold the appropriate qualifications or certifications related to the duty or role.
Durable Medical Equipment (DME)	~~Durable~~Medically Necessary medical equipment ~~means equipment~~that is prescribed ~~by a licensed practitioner to meet medical equipment needs of~~for the Member ~~that~~by Provider and is used in the Member's home, in the community or in an institution that is used as a home. DME: 1. Can withstand repeated use. 2. Is used to serve a medical purpose. 3. Is not useful to an individual in the absence of an illness, injury, functional impairment, or congenital anomaly. 4. Is appropriate for use in or out of the patient's home.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network. For purposes of this policy, a Health Network shall include CalOptima Community Network (CCN).
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Non-Contracted Provider	A Provider who is not obligated by written contract to provide Covered Services to a Member ~~on behalf of CalOptima, a Physician Medical Group, or a Health Network.~~ .

Term	Definition
Primary Care Provider (PCP)	A person responsible for supervising, coordinating, and providing initial and Primary Care to patients; for initiating referrals; and, for maintaining the continuity of patient care. A Primary Care Provider may be a Primary Care Physician or Non-Physician Medical Practitioner.
Provider	A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary provider, health maintenance organization, or other person or institution that furnishes Covered Services.
Receiving Health Network	A Health Network to which a Member is transitioning.
Scheduled Elective Surgery	Non-urgent or non-emergent procedures to treat disease, injury, or deformity by physical operation or manipulation, which are requested by the treating physician and authorized by the Health Network to occur within sixty (60) days after transitioning to the Receiving Health Network.
Specialized and Customized Durable Medical Equipment	DME that is uniquely constructed from raw materials or substantially modified from the base material solely for the full-time use of a specific Member, according to a physician's description and orders; is made to order or adapted to meet the specific needs of the Member; and is so uniquely constructed, adapted, or modified that it is unusable by another individual, and is so different from another item used for the same purpose that the two could not be grouped together for pricing purposes.
Whole-Child Model (WCM)	An organized delivery system established for Medi-Cal eligible CCS children and youth, pursuant to California Welfare & Institutions Code (commencing with Section 14094.4), and that (i) incorporates CCS covered services into Medi-Cal managed care for CCS-eligible Members and (ii) integrates Medi-Cal managed care with specified county CCS program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible Conditions.

Policy:	GG.1304
Title:	**Continuity of Care During Health Network or Provider Termination**
Department:	Medical Management
Section:	Case Management
CEO Approval:	*/s/*
Effective Date:	02/04/2003
Revised Date:	TBD
Applicable to:	☒ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☐ Administrative

I. PURPOSE

This policy establishes coverage and continuity of care guidelines for a Member who is involuntarily required to change a Health Network or Provider.

II. POLICY

A. CalOptima or a Health Network shall ensure Continuity of Care for a Member.

B. CalOptima or a Health Network may require a Member to change his or her Health Network or Provider involuntarily due to special circumstances including, but not limited to, suspensions or non-renewal of a Health Network or Provider's contract with CalOptima or a Health Network, including termination, suspensions, and exclusion from the Medi-Cal program as effectuated by the Department of Health Care Services (DHCS).

1. CalOptima or a Health Network shall ensure the safe transition to a new Provider for services as necessary and in accordance with this Policy.

C. Health Networks shall notify CalOptima of Provider terminations, in accordance with CalOptima Policies DD.2012: Member Notification of Change in the Availability or Location of Covered Services, EE.1101Δ: Additions, Changes, and Terminations to CalOptima Provider Information, CalOptima Provider Directory, and Web-based Directory, and GG.1652: DHCS Notification of Change in the Availability or Location of Covered Services.

D. CalOptima shall notify the Member of the new Health Network assignment and the option to select a new Health Network in accordance with CalOptima Policy DD.2008: Health Network Selection Process.

E. A Receiving Health Network shall assume full responsibility for a Member's care upon the Affected Member's effective date with the Receiving Health Network when the Member is involuntarily required to change Health Networks.

F. In the event of a change of Health Network under Section II.B. of this Policy, a Receiving Health Network shall ensure the provision of Covered Services to an Affected Member without disruption or delay, including, but not limited to:

1. A Member who is in an active treatment plan;

2. A Member who has medical supply or other needs that affect the Member's quality of life or activities of daily living;

3. A Member who is in the process of evaluation for certain services; and

4. A Member who has other medical care needs.

G. In the event that a Member is required to change Health Networks, CalOptima and the Receiving Health Network shall collaborate to coordinate the provision of current and future Covered Services for the Affected Member.

H. To ensure that inappropriate disruptions or delays in Covered Services do not occur during an Affected Member's transition to a Receiving Health Network, CalOptima and the Receiving Health Network shall make Continuity of Care decisions, in accordance with the guidelines set forth in this Policy and based on the potential best medical outcome for the Affected Member.

III. PROCEDURE

A. Identification of an Affected Member and the Affected Member's Needs

1. CalOptima shall work in collaboration with the terminating Health Network to ensure identification of an Affected Member who is involuntarily required to change Health Networks and identify those Members who are in need of care coordination of Covered Services within a Health Network.

2. CalOptima shall provide a Receiving Health Network with information about an Affected Member's Continuity of Care needs as the information becomes available.

3. A Receiving Health Network shall evaluate an Affected Member's need for Covered Services and shall authorize appropriate Covered Services for the Affected Member in a timely manner in order to not delay or interrupt the Affected Member's active treatment plan, in accordance with the provisions of this Policy.

B. Notice to Affected Members of Health Network termination

1. CalOptima shall send written notice of Health Network termination to Affected Members no later than thirty (30) calendar days prior to the termination date of a Health Network Contract for Health Care Services.

2. CalOptima shall obtain approval from the DHCS of the written notice prior to sending the notice of Health Network termination to Affected Members.

C. CalOptima and a Health Network shall use the following Continuity of Care guidelines to provide continued Covered Services to an Affected Member so as to not cause an interruption or delay for the Affected Member:

1. A Receiving Health Network shall provide an Affected Member, who satisfies the Continuity of Care requirements set forth in CalOptima Policy GG.1325: Continuity of Care for Members

Transitioning into CalOptima Services, with Continuity of Care with an existing out-of-network provider for the remaining duration of the original Continuity of Care period.

2. A Receiving Health Network shall honor an authorization for a Scheduled Elective Surgery for an Affected Member authorized by the terminating Health Network, unless the Receiving Health Network is able to arrange comparable services without delay or interruption to the Affected Member in accordance with CalOptima Policy GG.1507: Notification Requirements for Covered Services Requiring Prior Authorization.

3. A Receiving Health Network shall allow an Affected Member who is in the course of oncology treatment to continue his or her course of treatment with the Affected Member's existing Provider as set forth below:

   a. The Receiving Health Network shall evaluate an Affected Member's oncology treatment plan and determine whether it is appropriate to transfer the Affected Member's oncology care services safely to another Provider without delay or interruption to the active treatment plan.

   b. If the Receiving Health Network determines that transferring the Affected Member's oncology care to another Provider may potentially result in an adverse medical outcome or detrimentally affect the Affected Member, the Receiving Health Network shall authorize the Affected Member's oncology services under the Affected Member's existing Provider until the active treatment plan is completed.

4. A Receiving Health Network shall allow an Affected Member, who is in the process of a transplant evaluation to complete transplant care services with the Affected Member's existing Provider. Transplant coordination of care for an Affected Member shall be managed in accordance with CalOptima Policy GG.1313: Coordination of Care for Transplant Members.

5. A Receiving Health Network shall allow an Affected Member, who is receiving acute inpatient services on the effective date of the Receiving Health Network change and is expected to have a remaining length of stay less than or equal to three (3) calendar days, to continue his or her acute care stay in the current inpatient setting.

6. A Receiving Health Network shall authorize an Affected Member, who has a remaining length of stay in an acute inpatient setting of more than three (3) calendar days, to stay in the existing acute inpatient setting until the Receiving Health Network can arrange for the safe transfer of the Affected Member to another acute care facility that can provide comparable services.

7. If it is necessary for an Affected Member to reschedule post-surgical physician visits after the effective date of the Receiving Health Network change, the Receiving Health Network shall authorize the Affected Member's remaining post-surgical visits that were included under a previous global authorization with the surgeon who performed the surgery pursuant to community standards and Medical Necessity.

8. A Receiving Health Network shall authorize continued obstetrical services for an Affected Member, including delivery and the immediate postpartum period, with the Affected Member's existing Provider and hospital if the Affected Member is in her second (2nd) or third (3rd) trimester of pregnancy.

9. If an Affected Member is receiving dialysis services, a Receiving Health Network shall authorize continued dialysis services with the Affected Member's existing dialysis center and

Back to Agenda Back to Item

nephrologist until the Receiving Health Network has evaluated the Affected Member's dialysis treatment plan and arranged for the Affected Member's safe transfer to another dialysis center or nephrologist without a delay or interruption in service.

10. If an Affected Member has a scheduled diagnostic and Ancillary Service on a date after the Affected Member's effective date of the Health Network change, the Receiving Health Network shall authorize the diagnostic or Ancillary Service with the previously scheduled Provider unless the Receiving Health Network is able to arrange comparable services with another Provider without a delay or interruption in service.

11. If an Affected Member receives injectables as part of an active treatment plan, a Receiving Health Network shall ensure that the prescribed injectables are continued without delay or interruption in accordance with the Affected Member's active treatment plan until the Receiving Health Network has re-evaluated the Affected Member's active treatment plan.

12. If an Affected Member receives long term acute care services, a Receiving Health Network shall authorize the long term care acute care services at the Affected Member's existing facility until the Receiving Health Network has re-evaluated the Affected Member and provides for the safe transfer of the Affected Member's care to an alternate facility, with consideration of family or guardian wishes.

13. A Health Network that authorizes the purchase of Durable Medical Equipment (DME) for an Affected Member shall pay for the cost of the DME even if the delivery of the DME occurs after the Affected Member's effective date of the Health Network change.

14. A Receiving Health Network shall continue to provide an Affected Member with the same medical supplies, quantities, or equipment without disruption or delay in services until the Receiving Health Network has evaluated the Affected Member's medical supply needs.

15. If, after consultation with the Receiving Health Network, the CalOptima Chief Medical Officer (CMO), or his or her Designee, determines certain services are required and the Receiving Health Network refuses to provide them, the CMO may authorize these services on behalf of the Receiving Health Network.

16. If a Receiving Health Network modifies, delays, denies, or takes any other action that triggers Aid Paid Pending an appeal, the Receiving Health Network shall follow Member notification requirements and related provisions, in accordance with CalOptima Policy GG.1507: Notification Requirements for Covered Services Requiring Prior Authorization.

17. If CalOptima or a Health Network requires a Member to change his or her Provider involuntarily due to suspensions, decertification, or non-renewal of a Health Network or Provider's contract with CalOptima or a Health Network, including termination, suspensions, and decertification from the Medi-Cal program as effectuated by DHCS, CalOptima or a Health Network shall coordinate with the receiving Provider for ongoing services and treatment.

    a. CalOptima or a Health Network shall ensure the terminated, suspended, or decertified Provider does not receive payment for Medi-Cal services provided on or after the effective date of action in accordance with CalOptima Policy DD.2012: Member Notification of Change in the Availability or Location of Covered Services.

b. CalOptima or a Health Network shall communicate the notification to the Affected Member in accordance with CalOptima Policy DD.2012: Member Notification of Change in the Availability or Location of Covered Services.

18. A Receiving Health Network shall pay for the Covered Services furnished to an Affected Member by the Affected Member's existing Provider as authorized by the terminating Health Network to maintain Continuity of Care in accordance with this Policy. The Receiving Health Network shall pay a Non-Contracted Provider for such items and services at the Medi-Cal Fee Schedule rate or, if inpatient services, at the CalOptima rate.

D. For a California Children's Services (CCS)-eligible transitioning to CalOptima's WCM program who is required to change to a new Health Network, the following Continuity of Care requirements shall also apply:

1. WCM Continuity of Care is available to the CCS-eligible Member in accordance with the requirements of APL 18-023: California Children's Services Whole Child Model and CalOptima Policy GG.1325: Continuity of Care Members Transitioning into CalOptima Services, as follows:

a. Specialized or Customized Durable Medical Equipment (DME);

b. Authorized prescription drugs that is part of the therapy for the CCS-eligible Condition of the CCS-eligible Member.

2. The CCS-eligible Member is provided with written notice explaining the Member's right to request an extension of the Continuity of Care period and the WCM appeal process for Continuity of Care limitations, in accordance with CalOptima Policy GG.1325: Continuity of Care Members Transitioning into CalOptima Services.

3. The CCS-eligible Member is allowed to receive services for the Member's CCS-eligible Condition from a CCS Provider outside of the Receiving Health Network for Continuity of Care purposes, in accordance with the requirements of this Policy, or if there are no CCS Providers that meet the Member's CCS medical needs within the Receiving Health Network's network.

4. The CCS-eligible Member is permitted through Continuity of Care to continue to receive services from a Provider in the Member's previous Health Network, including their assigned Primary Care Provider, for up to twelve (12) months, in accordance with the requirements of APL 18-008: Continuity of Care for Medi-Cal Members who Transition into Medi-Cal Managed Care and CalOptima Policy GG.1325: Continuity of Care Members Transitioning into CalOptima Services.

5. The Receiving Health Network shall allow, upon request, the CCS-eligible Member to maintain access to CCS Providers with whom the Member has an existing relationship for up to twelve (12) months, in accordance with Welfare and Institutions Code section 14094.13, under the following conditions:

a. The CCS-eligible Member has seen the out-of-network CCS Provider for a nonemergency visit at least once during the twelve (12) months immediately preceding the date CalOptima or the initial assigned Health Network assumed responsibility for the Member's CCS care under the WCM program.

b. The out-of-network CCS Provider accepts the Receiving Health Network's rate for services offered or the applicable Medi-Cal or CCS fee-for-service rate, whichever is higher, unless the out-of-network CCS Provider enters into an agreement on an alternative payment methodology mutually agreed to by the out-of-network CCS Provider and the Receiving Health Network.

c. The Receiving Health Network confirms that the out-of-network CCS Provider meets applicable professional standards, including CCS standards, and has no disqualifying quality of care issues.

d. The out-of-network CCS Provider has not been terminated, suspended, or decertified from the Medi-Cal program by DHCS.

e. The out-of-network CCS Provider provides treatment information to the Receiving Health Network, to the extent authorized by the State and federal patient privacy provisions.

6. The CCS-eligible Member may petition the Receiving Health Network for an extension of the Continuity of Care period. If the Receiving Health Network does not approve the extension, the CCS-eligible Member may appeal this decision in accordance with CalOptima Policies GG.1325: Continuity of Care for Members Transitioning into CalOptima Services and GG.1510: Appeal Process.

E. In the event that the guidelines set forth in this Policy do not address an Affected Member's particular continuity of care circumstance or need during the Affected Member's transition from a Health Network, CalOptima's CMO or his or her Designee shall render final determination of a Health Network's decision regarding the authorization of Covered Services.

F. To ensure the Continuity of Care for an Affected Member, a Receiving Health Network shall coordinate the Affected Member's Covered Services and the payment of Covered Services to a Provider when the prior Health Network authorized the Affected Member's care with the existing Provider and there is an existing course of treatment. The Receiving Health Network shall reimburse a Non-Contracted Provider in accordance with the provisions of this Policy.

G. A Receiving Health Network shall notify an Affected Member of its decision to approve, modify, delay, or deny a request for authorization of Continuity of Care, in accordance with the guidelines set forth in CalOptima Policy GG.1507: Notification Requirements for Covered Services Requiring Prior Authorization.

H. CalOptima or a Health Network shall provide continued Covered Services to an Affected Member so as to not cause an interruption or delay using the following continuity of care guidelines:

1. CalOptima or a Health Network shall ensure continuation of treatment through the current period of active treatment, not to exceed twelve (12) months except as provided in Section III.D. of this Policy for Members eligible with the WCM program.

2. CalOptima or a Health Network shall ensure continuation of care through the postpartum period for a Member in their second (2nd) or third (3rd) trimester of pregnancy.

I. CalOptima or a Health Network shall notify an Affected Member of Provider termination, in accordance with CalOptima Policy DD.2012: Member Notification of Change in the Availability or Location of Covered Services.

J. CalOptima may impose Sanctions on a Health Network, including and without limitation, financial penalties or termination, in accordance with CalOptima Policy HH.2002Δ: Sanctions, when the Health Network fails to comply with the requirements of this Policy.

IX. GLOSSARY

Term	Definition
Affected Member	A Member who is involuntarily transitioning between Health Networks or Providers due to circumstances that include, but are not limited to the termination or non-renewal of a Health Network Contract.
Aid Paid Pending	Continuation of Covered Services for a Member who has filed a timely request for a State Hearing as a result of a notice of action of intent to terminate, suspend, or reduce an existing authorized service.
Ancillary Services	All Covered Services that are not physician services, hospital services, or long-term care services.
California Children's Services (CCS) Program	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically-eligible individuals under the age of twenty-one (2l) years who have CCS-Eligible conditions, as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.
California Children's Services-Eligible Condition	Chronic medical conditions, including but not limited to, cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries and infectious disease producing major sequelae as defined in Title 22, California Code of Regulations sections 41515.2 through 41518.9.
California Children's Services (CCS) Provider	Include any of the following: (1) A medical provider that is paneled by the CCS program to treat a CCS-Eligible Condition, pursuant to Article 5 of Chapter 3 of Part 2 of Division 106 of the Health and Safety Code (commencing with Section 123800); (2) A licensed acute care hospital approved by the CCS program to treat a CCS-Eligible Condition; or (3) A special care center approved by the CCS program to treat a CCS-Eligible Condition.
CalOptima Community Network	A managed care network operated by CalOptima that contracts directly with physicians and hospitals and requires a Primary Care Provider (PCP) to manage the care of the Members.
Continuity of Care	Services provided to a Member rendered by an out-of-network Provider with whom the Member has a pre-existing Provider relationship.
Covered Service	Those services provided in the Fee-For-Service Medi-Cal program (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127), for HHP Members with eligible physical chronic conditions and substance use disorders, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members not-withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.

Term	Definition
Designee	A person selected or designated to carry out a duty or role. The assigned designee is required to be in management or hold the appropriate qualifications or certifications related to the duty or role.
Durable Medical Equipment (DME)	Medically Necessary medical equipment that is prescribed for the Member by Provider and is used in the Member's home, in the community or in an institution that is used as a home. DME: 1. Can withstand repeated use. 2. Is used to serve a medical purpose. 3. Is not useful to an individual in the absence of an illness, injury, functional impairment, or congenital anomaly. 4. Is appropriate for use in or out of the patient's home.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network. For purposes of this policy, a Health Network shall include CalOptima Community Network (CCN).
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Non-Contracted Provider	A Provider who is not obligated by written contract to provide Covered Services to a Member.
Primary Care Provider (PCP)	A person responsible for supervising, coordinating, and providing initial and Primary Care to patients; for initiating referrals; and, for maintaining the continuity of patient care. A Primary Care Provider may be a Primary Care Physician or Non-Physician Medical Practitioner.
Provider	A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary provider, health maintenance organization, or other person or institution that furnishes Covered Services.
Receiving Health Network	A Health Network to which a Member is transitioning.
Scheduled Elective Surgery	Non-urgent or non-emergent procedures to treat disease, injury, or deformity by physical operation or manipulation, which are requested by the treating physician and authorized by the Health Network to occur within sixty (60) days after transitioning to the Receiving Health Network.
Specialized and Customized Durable Medical Equipment	DME that is uniquely constructed from raw materials or substantially modified from the base material solely for the full-time use of a specific Member, according to a physician's description and orders; is made to order or adapted to meet the specific needs of the Member; and is so uniquely constructed, adapted, or modified that it is unusable by another individual, and is so different from another item used for the same purpose that the two could not be grouped together for pricing purposes.

Term	Definition
Whole-Child Model (WCM)	An organized delivery system established for Medi-Cal eligible CCS children and youth, pursuant to California Welfare & Institutions Code (commencing with Section 14094.4), and that (i) incorporates CCS covered services into Medi-Cal managed care for CCS-eligible Members and (ii) integrates Medi-Cal managed care with specified county CCS program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible Conditions.

Applicable to:	☒ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☐ Administrative

I. PURPOSE

This policy establishes the Continuity of Care guidelines and the process to identify ~~Members who have expedited care needs for~~ newly enrolled Medi-Cal Members who transition into CalOptima or existing Members whose Covered Services are transitioned from Medi-Cal Fee-for-Service (FFS) to CalOptima~~.~~ who have expedited care needs.

II. POLICY

A. ~~Effective July 1, 2017,~~ CalOptima shall screen all ~~new~~newly enrolled Members for the need for expedited services upon their enrollment into CalOptima as described in Section III.B. of this Policy.

B. Upon disenrollment, CalOptima shall make screening results available to a Member's new Medi-Cal Managed Care Plan upon request.

C. Upon request from the Member, and in accordance with this Policy, CalOptima or a Health Network shall ensure Continuity of Care for a Medi-Cal beneficiary transitioning from Medi-Cal FFS, another Medi-Cal Managed Care Plan, or existing Members whose Covered Services are transitioned from Medi-Cal FFS to CalOptima, with his or her Existing Out-of-Network Provider for a period of no more than twelve (12) months, unless otherwise provided in Section III.~~C~~D. of this Policy, if the ~~following~~ criteria outlined in Section III.C. are met~~:~~.

D. CalOptima or a Health Network shall provide Continuity of Care for a Member as described in this Policy, except for the following types of providers:

1. Durable Medical Equipment (DME), excluding Specialized or Customized DME for Members eligible with the CCS Program and transitioned into the WCM program as described in Section III.P.8.b.i. of this Policy;

2. Transportation; and

3. Other ancillary services.

E. CalOptima and Health Networks are also required to comply with existing state law Continuity of Care obligations, which may allow a Medi-Cal Member a longer period of treatment by an Out-of-Network provider than would be required under DHCS All Plan Letter 18-008 (Revised): Continuity of Care for Medi-Cal Members Who Transition into Medi-Cal Managed Care.

F. CalOptima or a Health Network shall not provide Continuity of Care for:

1. Services not covered by Medi-Cal; and

2. Services carved-out of CalOptima's contract with the Department of Health Care Services (DHCS).

G. If a Member changes Medi-Cal Managed Care Plans (MCP), the twelve (12) month Continuity of Care period may start over one (1) time. If a Member changes MCPs a second time (or more), the Continuity of Care period does not start over, meaning that the Member does not have the right to a new twelve (12) months of Continuity of Care. If a beneficiary changes MCPs, this Continuity of Care Policy does not extend to providers that the beneficiary accessed through their previous MCP. If the Member returns to Medi-Cal FFS and later reenrolls in CalOptima, the Continuity of Care period does not start over, but may be completed only if the Member:

1. Returned to FFS for less than the twelve (12) month Continuity of Care period; and

2. Was eligible for and elected to receive Continuity of Care during the previous CalOptima enrollment period.

H. An Existing Out-of-Network Provider approved to provide continuing treatment must work with CalOptima and its contracted network and cannot refer the Member to another out-of-network provider without prior authorization from CalOptima or the Member's Health Network.

I. CalOptima shall inform Members of the Continuity of Care protections and how to initiate a Continuity of Care request in written Member materials, including but not limited to, the Member Handbook, available by request and on the CalOptima website at www.caloptima.org, and Member newsletter.

J. CalOptima or a Health Network shall provide training to call center staff who come into regular contact with Members about the Continuity of Care protections.

III. PROCEDURE

A. CalOptima shall include a Health Information Form (HIF) in each New Member Welcome Packet mailing with a postage paid envelope.

1. If the Member does not respond to the mailed health information form, CalOptima shall make two (2) call attempts within ninety (90) calendar days to remind the Member to complete the form.

B. CalOptima shall conduct an initial screening of all responses received within ninety (90) calendar days of the Members' effective date(s) of enrollment.

1. Additional outreach, case management, and care coordination activities may occur in accordance with CalOptima Policies GG.1301: Comprehensive Case Management Process and GG.1201Δ: Health Education Programs.

2. Upon disenrollment, CalOptima shall make screening results available to a Member's new Medi-Cal Managed Care Plan upon request.

Back to Agenda Back to Item

C. Upon request from the Member, and in accordance with this Policy, CalOptima or a Health Network shall ensure Continuity of Care for a Medi-Cal beneficiary transitioning from Medi-Cal FFS, another Medi-Cal Managed Care Plan, or existing Members whose Covered Services are transitioned from Medi-Cal FFS to CalOptima, with his or her Existing Out-of-Network Provider for a period of no more than twelve (12) months, unless otherwise provided in Section III.D. of this Policy, if the following criteria are met:

1. A Member has an existing relationship with one (1) of the following:

   a. An ~~out~~Out-of-~~network~~Network Primary Care Practitioner/Physician (PCP) or Specialty Care Provider if the Member has seen the out-of-network PCP, or Specialty Care Provider for a non-emergency visit at least once during the twelve (12) months prior to the date of enrollment in CalOptima;

   b. An ~~out~~Out-of-~~network~~Network California Children's Services (CCS) Provider if the CCS-eligible Member has seen the out-of-network CCS Provider for a nonemergency visit at least once during the twelve (12) months immediately preceding the date CalOptima or a Health Network assumed responsibility for the Member's CCS care under the Whole Child Model (WCM) program;

   c. An ~~out~~Out-of-~~network~~Network Behavioral Health Treatment (BHT) Service Provider if the Member has seen the out-of-network BHT Service Provider for a non-emergency visit at least once during the six (6) months prior to either the transition of services from the Regional Center of Orange County (RCOC) to CalOptima or the date of the Member's initial enrollment in CalOptima if the enrollment occurred on or after July 1, 2018;

   d. An ~~out~~Out-of-~~network~~Network nursing facility if the Member has resided in the out-of-network nursing facility prior to enrollment in CalOptima, or prior to receiving long term care benefits from CalOptima; or

   e. A County Mental Health Plan Provider for non-specialty mental health services in instances where a Member's mental health condition has stabilized such that the Member no longer qualifies to receive Specialty Mental Health Services (SMHS) from the County Mental Health Plan and instead becomes eligible to receive non-specialty mental health services from CalOptima.

2. The Existing Out-of-Network Provider will accept the higher of CalOptima's or a Health Network's rates, the Medi-Cal FFS rates, or the CCS FFS rates (which apply only to the existing out-of-network CCS Provider), as applicable. Notwithstanding the foregoing, the Existing Out-of-Network Provider may enter into an agreement on an alternative payment methodology mutually agreed to by the Existing Out-Of-Network Provider and CalOptima or a Health Network, as applicable.

3. The Existing Out-of-Network Provider meets applicable professional standards, including, as applicable, CCS standards (which apply only to the existing out-of-network CCS Provider providing treatment to a CCS-eligible Member for a CCS-Eligible Condition).

4. The Existing Out-of-Network Provider has no disqualifying quality of care issues. For purposes of this subsection, a quality of care issue means CalOptima or a Health Network can document its concerns with the Existing Out-of-Network Provider's quality of care to the extent the provider would not be eligible to provide services to any other Members of CalOptima or a Health Network.

5. The Existing Out-of-Network Provider has not been terminated, suspended, or decertified from the Medi-Cal program by DHCS.

6. The Existing Out-of-Network Provider is a California State Plan-approved provider.

7. The Existing Out-of-Network Provider provides CalOptima or a Health Network, with all relevant assessment, diagnosis, and treatment information, for the purposes of determining Medical Necessity~~,~~ as well as a current treatment plan~~,~~ to the extent allowed under federal and state privacy laws and regulations.

8. The Member, Authorized Representative of the Member, or the Existing Out-of-Network Provider requests Continuity of Care. For a Member residing in an out-of-network nursing facility prior to enrollment in CalOptima or receiving BHT services at RCOC, Continuity of Care is guaranteed and need not be requested.

~~D.~~ Upon request from the Member, Member's Authorized Representative, or provider, and in accordance with ~~CalOptima or a Health Network shall provide Continuity of Care for a Member as described in this Policy, except for the following types of providers:~~

~~1. Durable Medical Equipment (DME), excluding Specialized or Customized DME for Members eligible with the CCS Program and transitioned into the WCM program as described in Section III.O.8.b.i. of this Policy;~~

~~2.~~1. ~~Transportation; and~~

~~3.~~1. ~~Other ancillary services.~~

~~E. CalOptima and Health Networks are also required to comply with existing state law Continuity of Care obligations which may allow a Medi-Cal Member a longer period of treatment by an out-of-network provider than would be required under DHCS All Plan Letter 18-008 (Revised): Continuity of Care for Medi-Cal Members Who Transition into Medi-Cal Managed Care.~~

~~F.~~D. ~~CalOptima or a Health Network shall not provide Continuity of Care for:~~

~~1. Services not covered by Medi-Cal; and~~

~~2.~~1. ~~Services carved-out of CalOptima's contract with the Department of Health Care Services (DHCS).~~

~~G.~~D. ~~If a Member changes Medi-Cal Managed Care Plans (MCP), the twelve (12) month Continuity of Care period may start over one (1) time. If a Member changes MCPs a second time (or more), the Continuity of Care period does not start over, meaning that the Member does not have the right to a new twelve (12) months of Continuity of Care. If a beneficiary changes MCPs, this Continuity of Care Policy does not extend to providers that the beneficiary accessed through their previous MCP. If the Member returns to Medi-Cal FFS and later reenrolls in CalOptima, the Continuity of Care period does not start over, but may be completed only if the Member:~~

~~1. Returned to FFS for less than the twelve (12) month Continuity of Care period; and~~

~~2.~~1. ~~Was eligible for and elected to receive Continuity of Care during the previous CalOptima enrollment period.~~

~~H. An approved Existing Out-of-Network Provider must work with CalOptima and its contracted network and cannot refer the Member to another out-of-network provider without prior authorization from CalOptima or a Health Network.~~

~~I.~~D. ~~CalOptima shall inform Members of the Continuity of Care protections and how to initiate a Continuity of Care request in written Member materials, including but not limited to, the Member Handbook, available by request and on the CalOptima website at www.caloptima.org, and Member newsletter.~~

~~J.~~D. ~~CalOptima or a Health Network shall provide training to call center staff who come into regular contact with Members about the Continuity of Care protections.~~

~~III.~~I. ~~PROCEDURE~~

~~A. CalOptima shall include a health information form in each New Member Welcome Packet mailing with a postage paid envelope.~~

~~1. If the Member does not respond to the mailed health information form, CalOptima shall make two (2) call attempts within ninety (90) calendar days to remind the Member to complete the form.~~

~~B.~~A. ~~CalOptima shall conduct an initial screening of all responses received within ninety (90) calendar days of the Members' effective date(s) of enrollment.~~

~~1. Additional outreach and care coordination activities may occur in accordance with CalOptima Policies GG.1301: Comprehensive Case Management Process and GG.1209: Population-Based Care: Disease Management.~~

~~2.~~1. ~~Upon disenrollment, CalOptima shall make screening results available to a Member's new Medi-Cal Managed Care Plan upon request.~~

~~C.~~D. ~~Upon request from the Member, and in accordance with~~ the requirements of this Policy, CalOptima or a Health Network shall provide the completion of Covered Services by an ~~out~~Out-of-~~network~~Network nursing facility, PCP, Specialty Care Provider, or CCS Provider when the Member presents with any of the following:

1. An Acute Condition: For the duration of treatment of the acute condition;
2. A serious Chronic Health Condition: Up to twelve (12) months;
3. Pregnancy: For the duration of the pregnancy and post-partum;
4. Terminal Illness: For the duration of the terminal illness, which may exceed twelve (12) months;
5. Care of a newborn child between birth and thirty-six (36) months: Up to twelve (12) months;
6. Surgery that is part of a documented course of treatment and has been recommended and documented by the ~~out~~Out-of-~~network~~Network PCP, or Specialty Care Provider, to occur within one hundred-eighty (180) calendar days of the effective date of coverage for a new Member; or
7. Residing in an out-of-network nursing facility prior to enrollment in CalOptima, or prior to receiving long term care benefits from CalOptima: Up to twelve (12) months.

~~D.~~E. CalOptima or a Health Network shall accept requests for Continuity of Care over the telephone, by facsimile, or by mail, according to the requestor's preference, from the following sources:

1. Member;
2. Authorized Representative of the Member; or

3. Provider.

~~E.~~F. Upon receiving a request for Continuity of Care, CalOptima's Customer Service, Information Services, Utilization Management, and Case Management Departments shall initiate the following actions, as appropriate:

1. Assist the Member with requests to change the Member's Health Network and PCP, if the Member is requesting a PCP outside of his or her current Health Network and the PCP is contracted with another Health Network.

2. Establish the existence of an ongoing relationship with the requested provider.

   a. CalOptima shall utilize FFS data provided by DHCS, or utilization data from another Medi-Cal program administrator such as another Medi-Cal Managed Care Plan, if available.

   b. If CalOptima does not receive FFS data from DHCS, or if the data does not support a pre-existing relationship, and the Member has seen a provider in accordance with the criteria included in Section ~~H~~III.C.1. of this Policy, a provider shall submit a signed attestation to CalOptima that confirms the provider saw the Member for a medical visit within the qualifying period stated in Section ~~H~~III.C.1., and include the last date upon which services were provided.

      i. A self-attestation from a Member is insufficient to provide proof of a relationship with a provider.

   c. The Continuity of Care process shall begin when CalOptima or the Health Network begin the process to determine if the Member has a pre-existing relationship with the provider.

~~3.~~1. ~~If DHCS has notified CalOptima of a provider suspension, termination, or decertification, CalOptima or a Health Network shall not approve the Continuity of Care request.~~

~~4.~~3. Refer the Member to his or her Health Network for a request to change the Member's PCP within the Member's Health Network. The Health Network shall process this request pursuant to this Policy.

~~5.~~4. Refer the Member to the CalOptima Behavioral Health Line for Behavioral Health Treatment (BHT) and outpatient mental health services.

~~6.~~5. Refer the case to CalOptima's Case Management Department for access to care issues.

6. If DHCS has notified CalOptima of a provider suspension, termination, or decertification, CalOptima or a Health Network shall not approve the Continuity of Care request.

~~F.~~G. For access to care issues, CalOptima's Case Management and Customer Service Departments shall work with one another and the Member's Health Network to outreach and connect the Member with his or her requested PCP, Specialty Care Provider, or other healthcare provider, in accordance with this Policy.

~~G.~~H. If the PCP, Specialty Care Provider or other provider specified in this Policy is an ~~out~~Out-of-~~network~~Network provider, CalOptima or the Health Network shall make a good faith effort to enter into a contract, letter of agreement (LOA), or single-case agreement, to establish a Continuity of Care relationship for the Member. Upon the execution of a Continuity of Care agreement, CalOptima or a Health Network shall establish a Member care plan with the Existing Out-of-Network Provider.

~~H.~~I. CalOptima or a Health Network shall accommodate all requests they receive directly from Members who wish to be reassigned to an Existing Out-of-Network Provider in accordance with this Policy.

~~I.~~J. CalOptima or a Health Network shall initiate the review process within five (5) working days after receiving the Continuity of Care request.

~~J.~~K. CalOptima or a Health Network shall complete the Continuity of Care request review process within the following timelines:

1. Thirty (30) calendar days from the date of request;

2. Fifteen (15) calendar days if the Member's medical condition requires more immediate attention, such as there are upcoming appointments, or other pressing care needs; or

3. Three (3) calendar days if there is risk of harm to the Member. For purposes of this ~~policy~~Policy, risk of harm means an imminent and serious threat to the health of the Member.

~~K.~~L. CalOptima or a Health Network shall notify the Member of the following, in writing, and as required and in accordance with All Plan Letter (APL) 18-008: Continuity of Care for Medi-Cal Members Who Transition into Medi-Cal Managed Care (Revised), within seven (7) calendar days of the completion of a Continuity of Care request~~.~~:

1. The outcome of the request (approval or denial) sent to the Member by U.S. Mail;

2. The duration of the Continuity of Care arrangement, if approved;

   a. For any Continuity of Care response for which a provider is only willing to continue providing services for less than twelve (12) months, CalOptima or a Health Network shall allow the Member to have access to that provider for the shorter period of time.

3. The process that will occur to transition the Member at the end of the Continuity of Care period, if approved; and

4. The Member's right to choose a different provider from CalOptima's provider network.

5. If CalOptima and the Existing Out-of-Network Provider are unable to reach an agreement on the rate, or CalOptima has documented quality of care issues with the provider, CalOptima will offer the Member an in-network alternative. If the Member does not make a choice, the Member will be assigned to an in-network provider.

6. If the Member does not agree with the result of the Continuity of Care process, he or she retains the right to pursue a grievance, in accordance with CalOptima Policy HH.1102: ~~CalOptima~~ Member ~~Complaint~~Grievance.

~~L.~~M. Thirty (30) calendar days prior to the end of the Continuity of Care period, CalOptima or a Health Network shall notify, in writing via U.S. Mail, the Member and the Existing Out-of-Network Provider of the transition of the Member's care to an in-network provider to ensure continuity of services through the transition to a new provider, except as provided in Section III.~~O~~P.8.~~b.iv~~c. for Members in the WCM program.

~~M.~~N. CalOptima or a Health Network shall accept and approve retroactive requests for Continuity of Care, subject to the provisions of this Policy and that:

Back to Agenda Back to Item

1. Occurred after the Member's enrollment into CalOptima;

2. Have dates of service(s) that occur after December 29, 2014;

3. Have dates of service(s) within thirty (30) calendar days of the first date of service for which the Existing Out-of-Network Provider requested Continuity of Care retroactive reimbursement; and

4. Are submitted within thirty (30) calendar days of the first service for which retroactive Continuity of Care is requested.

~~N.~~O. The Continuity of Care request shall be considered complete when:

1. The Member is informed of the outcome of the request;

2. CalOptima or a Health Network and the provider are unable to agree to a rate;

3. CalOptima or a Health Network has documented quality of care issues with the provider; or

4. CalOptima or a Health Network has made a good faith effort to contact the provider and the provider is non-responsive for thirty (30) calendar days.

~~O.~~P. Other Continuity of Care Requirements

1. Former Covered California Enrollees

   a. CalOptima shall outreach to all former Covered California enrollees within fifteen (15) calendar days of their enrollment into CalOptima to inquire if the Member has upcoming appointments, or scheduled treatments. CalOptima shall assist the Member in making a Continuity of Care request at that time, as appropriate.

   b. CalOptima or a Health Network shall honor any active prior treatment authorizations for a former Covered California Member for up to sixty (60) calendar days, or until a new assessment is completed by a CalOptima contracted provider or a Health Network.

   c. CalOptima or a Health Network shall offer up to twelve (12) months of Continuity of Care with out-of-network PCP, or Specialty Care Providers, in accordance with Section ~~H~~III.C. of this Policy.

   d. CalOptima or a Health Network shall provide Continuity of Care for pregnant and post-partum Members and newborn children who transition from Covered CA with terminated or out-of-network providers in accordance with Health & Safety Code Section 1373.96 and Section III.~~C~~D. of this Policy.

2. Seniors and Persons with Disabilities

   a. CalOptima or a Health Network shall honor, without request by the Member or the Member's ~~out~~Out-of-~~network~~Network PCP or Specialty Care Providers, any active FFS Treatment Authorization Request (TAR) for a newly enrolled Seniors and Persons with Disabilities (SPDs) Member for sixty (60) calendar days from enrollment, or until a new assessment is completed by a CalOptima contracted provider to the extent FFS TAR data is available from DHCS.

      i. CalOptima or a Health Network shall provide continued access for newly enrolled SPD Members for up to twelve (12) months in accordance with the Policy.

Back to Agenda Back to Item

b. CalOptima shall further identify an SPD Member's health care needs by conducting a Health Risk Assessment in accordance with CalOptima Policy GG.1323: Seniors and Persons with Disabilities and Health Risk Assessment.

3. Members Under Twenty-One Years of Age Receiving BHT Services

a. CalOptima shall provide continued access to an out-of-network BHT Service Provider in accordance with Section ~~H~~III.C. of this Policy for up to twelve (12) months beginning on the date of the Member's enrollment in CalOptima, provided the Member has an existing relationship with the provider as defined in this Policy.

b. Retroactive requests for BHT service continuity of care reimbursement are limited to services provided after a Member's transition date into CalOptima, or the date of the Member's enrollment into CalOptima, if enrollment date occurred after the transition.

4. Children Receiving BHT Services at the RCOC

a. For a Member receiving BHT services at RCOC Continuity of Care need not be requested and shall be automatic.

b. CalOptima shall provide continued access to BHT services for a Member who transitions from RCOC to CalOptima for BHT services.

c. If a Member is receiving BHT services from a non-contracted BHT Service Provider, CalOptima shall utilize diagnosis, utilization information, and assessment data provided by RCOC, or DHCS, to proactively identify the current BHT Service Provider(s). If the data indicates that the Member has multiple BHT Service Providers, CalOptima shall contact the Member's parent(s) or guardian be telephone, letter, or other resource and make a good faith effort to obtain information that will assist in offering Continuity of Care. Once a preferred current provider has been identified, CalOptima shall proactively contact such BHT Service Provider(s) to begin the Continuity of Care process.

d. CalOptima shall make a good faith effort to enter into a Continuity of Care agreement with a Member's existing BHT Service Provider prior to the transition of the Member. CalOptima shall ensure Continuity of Care for a period of no more than twelve (12) months from the date of the Member's transition, if the criteria as described in Section ~~H~~III.C. of the Policy are met.

e. If CalOptima and the Member's existing BHT Service Provider(s) are unable to reach a Continuity of Care agreement, CalOptima shall contact the Member's parent(s), or guardian, to transition to an in-network BHT Provider through a warm hand off transfer to ensure there are no gaps in access to services. CalOptima shall ensure BHT services continue at the same level until a comprehensive diagnostic evaluation (CDE) and assessment, as appropriate, is conducted and a treatment plan established.

5. Pregnant and Post-Partum Members

a. CalOptima or a Health Network shall provide continued access to ~~out~~Out-of-~~network~~Network providers in accordance with Section ~~H~~III.C. of this Policy for up to twelve (12) months.

6. Skilled Nursing Facility Services

a. CalOptima or a Health Network shall offer a Member residing in an ~~out~~Out-of-~~network~~Network skilled nursing facility (SNF) when the Member transitioned into CalOptima the opportunity to return to the ~~out~~Out-of-~~network~~Network SNF after a Medically Necessary absence, such as a hospital admission, for the duration of the Coordinated Care Initiative (CCI). CalOptima~~,~~ or a Health Network~~,~~ is not required to honor a request to return to an out-of-network SNF if the Member is discharged from the SNF into the community, or a lower level of care.

b. CalOptima or a Health Network shall maintain Continuity of Care by recognizing any TARs made by DHCS for ~~Nursing Facility (NF)~~ nursing facility services that were in effect when a Member enrolled into CalOptima to the extent DHCS provides FFS TAR data to CalOptima. CalOptima or a Health Network shall honor such TARs for twelve (12) months, or for the duration of the treatment authorization if the remaining authorized duration is less than twelve (12) months, following the enrollment of the Member into CalOptima.

c. CalOptima or a Health Network shall not require a Member who is a resident of ~~an NF~~a nursing facility prior to enrollment in CalOptima to change ~~NFs~~nursing facilities during the duration of the CCI if the facility is licensed by the California Department of Public Health, meets acceptable quality standards, and the facility and CalOptima agree to Medi-Cal rates.

7. Non-Specialty Mental Health Services

a. CalOptima shall provide ~~continuity~~Continuity of ~~care~~Care with an ~~out~~Out-of-~~network~~Network Specialty Mental Health provider in instances where a Member's mental health condition has stabilized such that the Member no longer qualifies to receive Specialty Mental Health Services (SMHS) from the County Mental Health Plan and instead becomes eligible to receive non-specialty mental health services from CalOptima. In this situation, the Continuity of Care requirement only applies to psychiatrists and/or mental health provider types that are permitted, through California's Medicaid State Plan, to provide outpatient, non-specialty mental health services, referred to in the State Plan as "Psychology."

b. CalOptima shall allow, at the request of the Member, the Member's Specialty Mental Health provider, or the Member's Authorized Representative, up to twelve (12) months Continuity of Care with the out-of-network County Mental Health Plan provider in accordance with the requirements of this Policy.

c. After the Continuity of Care period ends, the Member must choose a mental health provider in CalOptima's network for non-specialty mental health services. If the Member later requires additional SMHS from the County Mental Health Plan to treat a serious mental illness and subsequently experiences sufficient improvement to be referred back to CalOptima for non-specialty mental health services, the twelve (12)-month Continuity of Care period may start over one (1) time. If the Member requires SMHS from the County Mental Health Plan subsequent to the Continuity of Care period, the Continuity of Care period does not start over when the Member returns to CalOptima or changes MCPs (i.e., the Member does not have the right to a new twelve (12) months of Continuity of Care).

8. Whole Child Model (WCM) Program

a. ~~Effective upon the DHCS-approved implementation date, no sooner than July 1, 2019,~~ CalOptima or a Health Network shall provide Continuity of Care rights for a Member eligible with the California Children's Services (CCS) Program and transitioned into the WCM program with the eligible Member's existing CCS Provider for up to twelve (12) months in accordance with Section ~~H~~III.C. of this Policy. At its discretion, CalOptima or a Health Network may extend the Continuity of Care period beyond the twelve (12) months.

Back to Agenda Back to Item

b. For Members eligible with the CCS Program and transitioned into the WCM program, CalOptima or a Health Network shall also provide Continuity of Care for the following:

i. Specialized or Customized DME

a) If an eligible Member has an established relationship with a Specialized or Customized DME provider, CalOptima or a Health Network must provide access to that Specialized or Customized DME provider for up to twelve (12) months.

b) CalOptima or a Health Network shall pay the Specialized or Customized DME provider at rates that are at least equal to the applicable CCS FFS rates, unless the Specialized or Customized DME provider and CalOptima or Health Network enter into an agreement on an alternative payment methodology that is mutually agreed upon.

c) CalOptima or a Health Network may extend the Continuity of Care period beyond twelve (12) months for Specialized or Customized DME still under warranty and deemed Medically Necessary by the treating provider.

~~ii. Case Management~~

~~a) An eligible Member shall have the opportunity to request, within the first ninety (90) calendar days of the transition, to continue to receive case management from their existing CCS Public Health Nurse in accordance with CalOptima Policy GG.1330: Case Management – California Children's Services Program.~~

~~iii.~~ii. Authorized Prescription Drugs

a) An eligible Member shall be permitted to continue use of any currently prescribed medication that is part of a prescribed therapy for the Member's CCS ~~eligible~~Eligible Condition or conditions immediately prior to the date of transition of responsibility for the Member's CCS services to CalOptima in accordance with CalOptima Policy GG.1401: Pharmacy Authorization Process.

c. Appealing Continuity of Care Limitations

i. CalOptima or a Health Network must provide an eligible Member with information regarding the WCM appeal process for Continuity of Care limitations, in writing, sixty (60) calendar days prior to the end of their authorized Continuity of Care period. The notice must explain the Member's right to petition CalOptima or a Health Network for an extension of the Continuity of Care period, the criteria used to evaluate the petition, and the appeals process if CalOptima or a Health Network denies the petition. The appeals process notice must include the following information:

a) The eligible Member must first appeal a Continuity of Care decision with CalOptima in accordance with CalOptima Policy GG.1510: ~~Appeals~~Appeal Process ~~Regarding Care and Services~~; and

b) CalOptima or a Health Network shall inform a Member, during the appeal process, of their right to request a State Hearing after the internal appeal process has been exhausted or should have been exhausted in accordance with CalOptima Policy HH.1108: State Hearing Process and Procedures.

Back to Agenda Back to Item

~~9. Pediatric Palliative Care (PPC) Waiver Transitions~~

~~a. Effective January 1, 2019, CalOptima or a Health Network shall provide Continuity of Care for an eligible Member with his or her Existing Out-of-Network Provider who provided PPC Waiver Program services to the Member for services that are also covered by Medi-Cal under Early and Periodic Screening, Diagnostic and Treatment (ESPDT) in accordance with Section II.C. of this Policy.~~

~~b. CalOptima or a Health Network is not required to provide Continuity of Care for services that were exclusive to the PPC Waiver Program and that are not covered by Medi-Cal under EPSDT.~~

~~P.~~Q. Health Networks shall report all requests and outcomes from former Medi-Cal FFS and former Covered California enrollees asking to remain with their PCPs, or Specialty Care Providers, to CalOptima's Health Network Relations Department in a format and at a frequency prescribed by CalOptima.

~~Q.~~R. CalOptima's Customer Service and Case Management Departments shall compile and maintain a log of Continuity of Care requests and outcomes made directly to CalOptima.

~~R.~~S. CalOptima's Customer Service, Health Network Relations, and Case Management Departments shall submit their Continuity of Care reports to CalOptima's Regulatory Affairs & Compliance Department. The Regulatory Affairs & Compliance Department shall submit the data to DHCS, in a manner and with a frequency prescribed by DHCS.

IX. GLOSSARY

Term	Definition
Acute Condition	A medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.
Authorized Representative	A person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting *in loco parentis* who have the authority under applicable law to make health care decisions on behalf of unemancipated minors.
Behavioral Health Treatment (BHT)	~~Professional services and treatment programs, including but not limited to~~Services approved in the State Plan such as Applied Behavior Analysis (ABA) and other evidence-based ~~behavior intervention programs that develop and restore~~behavioral interventions to prevent or minimize the adverse effects of ASD and promote, to the maximum extent practicable, the functioning of ~~an individual with ASD. BHT is the design, implementation,~~a Member. These services are interventions designed to treat ASD, and include a variety of evidence-based behavioral interventions identified by nationally recognized research reviews and ~~evaluation of environmental modification using behavioral stimuli~~/or other nationally recognized scientific and ~~consequences to produce socially significant improvement in human behavior~~clinical evidence that are designed to be delivered primarily in the home and in other community settings.
Behavioral Health Treatment (BHT) Service Provider	~~There are three (3) classifications:~~ ~~1. Qualified Autism Services (QAS) Provider – A licensed practitioner or Board Certified Behavior Analyst (BCBA)~~ ~~2. QAS Professional – A Behavior Management Consultant (BMC), BCBA, Behavior Management Assistant (BMA), or Behavior Analyst Associate (Board Certified Assistant Behavior Analyst)~~ ~~QAS Paraprofessional – Minimum high school level with 40 hours of BHT training who is employed and supervised by a QAS provider.~~Providers that are State Plan-approved to render Behavioral Health Treatment services, including Qualified Autism Service Providers, Qualified Autism Service Professionals and Qualified Autism Service Paraprofessionals.
California Children's Services (CCS) Program	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible individuals under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR) Sections 41515.2 through 41518.9.
California Children's Services (CCS)-~~eligible Condition~~Eligible Conditions	Chronic medical conditions, including but not limited to, cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries, and infectious disease producing major sequelae as defined in Title 22, California Code of Regulations Sections 41515.2 through 41518.9.
California Children's Services (CCS) Provider	Include any of the following: (1) A medical provider that is paneled by the CCS ~~program~~Program to treat a CCS-~~eligible~~Eligible Condition, pursuant to Article 5 of Chapter 3 of Part 2 of Division 106 of the Health and Safety Code (commencing with Section 123800); (2) A licensed acute care hospital approved by the CCS ~~program~~Program to treat a CCS-~~eligible~~Eligible Condition; or (3) A special care center approved by the CCS ~~program~~Program to treat a CCS-~~eligible~~Eligible Condition.

Term	Definition
Chronic Health Condition	A condition with symptoms present for three (3) months or longer. Pregnancy is not included in this definition.
Continuity of Care	Services provided to a Member rendered by an out-of-network provider with whom the Member has pre-existing provider relationship.
Early and Periodic Screening, Diagnosis, and Treatment (EPSDT)	A comprehensive and preventive child health program for individuals under the age of twenty-one (21) years. EPSDT is defined by law in the Federal Omnibus Budget Reconciliation Act of 1989 and includes periodic screening, vision, dental, and hearing services. In addition, section 1905(r)(5) of the Federal Social Security Act (the Act) requires that any medically necessary health care service listed in section 1905(a) of the Act be provided to an EPSDT recipient even if the service is not available under the State's Medicaid plan to the rest of the Medicaid population.
Existing Out-of-Network Provider	For purposes of this Policy, ~~an~~a non-contracted out-of-network nursing facility, Primary Care Practitioner (PCP), Specialty Care Provider, Behavioral Health Treatment (BHT) Service Provider, CCS Provider, Specialized or Customized Durable Medical Equipment (DME), or Specialty Mental Health provider~~.~~ with whom the Member has established care and continues to be engaged in care at the time of transition to CalOptima services.
Health Risk Assessment (HRA)	A health questionnaire~~,~~ used to provide Members with an evaluation of their health risks and quality of life~~.~~[f].
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Medi-Cal Managed Care Plan	A health plan contracted with the Department of Health Care Services (DHCS) that provides Covered Services to Medi-Cal beneficiaries.
Medically Necessary or Medical Necessity	Reasonable and necessary ~~services~~ Covered Services to protect life, to prevent ~~significant~~ illness or ~~significant~~ disability, ~~or to~~ alleviate severe pain through the diagnosis or treatment of disease, illness, or injury~~.~~, achieve age-appropriate growth and development, and attain, or regain functional capacity. For Medi-Cal Members receiving managed long-term services and supports (MLTSS), Medical Necessity is determined in accordance with Member's current needs assessment and consistent with person-centered planning. When determining Medical Necessity of Covered Services for Medi-Cal Members under the age of 21, Medical Necessity is expanded to include the standards set forth in 42 U.S.C. section 1396d(r) and California Welfare and Institutions Code section 14132(v).
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Out-of-Network	For purposes of this policy, a provider that does not participate in CalOptima's or a Health Network's provider network.

Term	Definition
Primary Care Practitioner/Physician (PCP)	A Practitioner/Physician responsible for supervising, coordinating, and providing initial and primary care to Members and serves as the medical home for Members. ~~-~~The PCP is a general practitioner, internist, pediatrician, family practitioner, or obstetrician/gynecologist (OB/GYN). For Members who are Seniors or Persons with Disabilities or eligible for the Whole Child Model, "Primary Care Practitioner" or "PCP" shall additionally mean any ~~Specialist Physician~~ Specialty Care Provider who is a Participating Provider and is willing to perform the role of the PCP. ~~-~~A PCP may also be a ~~non~~Non-physician Medical Practitioner (NMP) (e.g., Nurse Practitioner [NP], Nurse Midwife, Physician Assistant [PA]) authorized to provide primary care services under supervision of a physician. For SPD or Whole Child Model beneficiaries, a PCP may also be a ~~specialist~~specialty care provider or clinic ~~in accordance with W & I Code 14182(b)(11).~~.
Specialty Care Provider	Provider of Specialty Care given to Members by referral by other than a Primary Care Provider.
Specialty Mental Health Services	Specialty Mental Health Services, which are the responsibility of the County Mental Health Plan, include the following: 1. Rehabilitative services, which includes mental health services, medication support services, day treatment intensive, day rehabilitation, crisis intervention, crisis stabilization, adult residential treatment services, crisis residential services, and psychiatric health facility services. 2. Psychiatric inpatient hospital services. 3. Targeted Case Management. 4. Psychiatrist services. 5. Psychologist services. 6. EPSDT supplemental Specialty Mental Health Services.
Specialized and Customized Durable Medical Equipment	DME that is uniquely constructed from raw materials or substantially modified from the base material solely for the full-time use of a specific Member, according to a physician's description and orders; is made to order or adapted to meet the specific needs of the Member; and is so uniquely constructed, adapted, or modified that it is unusable by another individual, and is so different from another item used for the same purpose that the two could not be grouped together for pricing purposes.
Terminal Illness	An incurable or irreversible condition that has a high probability of causing death within one year or less.
Treatment Authorization Request (TAR)	The form a provider uses to request authorization from Medi-Cal Fee-for-Service. Authorization is granted by a designated Medi-Cal consultant obtained through submission and approval of a TAR.

Term	Definition
Whole Child Model (WCM)	An organized delivery system established for Medi-Cal eligible CCS children and youth, pursuant to California Welfare & Institutions Code (commencing with Section 14094.4), and that (i) incorporates CCS covered services into Medi-Cal managed care for CCS-eligible Members and (ii) integrates Medi-Cal managed care with specified county CCS ~~program~~Program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-~~eligible~~Eligible Conditions.

1

Policy:	GG.1325
Title:	**Continuity of Care for Members Transitioning into CalOptima Services**
Department:	Medical Management
Section:	Case Management
CEO Approval:	
Effective Date:	01/01/2015
Revised Date:	TBD
Applicable to:	☒ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☐ Administrative

I. PURPOSE

This policy establishes the Continuity of Care guidelines and the process to identify newly enrolled Medi-Cal Members who transition into CalOptima or existing Members whose Covered Services are transitioned from Medi-Cal Fee-for-Service (FFS) to CalOptima who have expedited care needs.

II. POLICY

A. CalOptima shall screen all newly enrolled Members for the need for expedited services upon their enrollment into CalOptima as described in Section III.B. of this Policy.

B. Upon disenrollment, CalOptima shall make screening results available to a Member's new Medi-Cal Managed Care Plan upon request.

C. Upon request from the Member, and in accordance with this Policy, CalOptima or a Health Network shall ensure Continuity of Care for a Medi-Cal beneficiary transitioning from Medi-Cal FFS, another Medi-Cal Managed Care Plan, or existing Members whose Covered Services are transitioned from Medi-Cal FFS to CalOptima, with his or her Existing Out-of-Network Provider for a period of no more than twelve (12) months, unless otherwise provided in Section III.D. of this Policy, if the criteria outlined in Section III.C. are met.

D. CalOptima or a Health Network shall provide Continuity of Care for a Member as described in this Policy, except for the following types of providers:

1. Durable Medical Equipment (DME), excluding Specialized or Customized DME for Members eligible with the CCS Program and transitioned into the WCM program as described in Section III.P.8.b.i. of this Policy;

2. Transportation; and

3. Other ancillary services.

E. CalOptima and Health Networks are also required to comply with existing state law Continuity of Care obligations, which may allow a Medi-Cal Member a longer period of treatment by an Out-of-Network

provider than would be required under DHCS All Plan Letter 18-008 (Revised): Continuity of Care for Medi-Cal Members Who Transition into Medi-Cal Managed Care.

F. CalOptima or a Health Network shall not provide Continuity of Care for:

1. Services not covered by Medi-Cal; and

2. Services carved-out of CalOptima's contract with the Department of Health Care Services (DHCS).

G. If a Member changes Medi-Cal Managed Care Plans (MCP), the twelve (12) month Continuity of Care period may start over one (1) time. If a Member changes MCPs a second time (or more), the Continuity of Care period does not start over, meaning that the Member does not have the right to a new twelve (12) months of Continuity of Care. If a beneficiary changes MCPs, this Continuity of Care Policy does not extend to providers that the beneficiary accessed through their previous MCP. If the Member returns to Medi-Cal FFS and later reenrolls in CalOptima, the Continuity of Care period does not start over, but may be completed only if the Member:

1. Returned to FFS for less than the twelve (12) month Continuity of Care period; and

2. Was eligible for and elected to receive Continuity of Care during the previous CalOptima enrollment period.

H. An Existing Out-of-Network Provider approved to provide continuing treatment must work with CalOptima and its contracted network and cannot refer the Member to another out-of-network provider without prior authorization from CalOptima or the Member's Health Network.

I. CalOptima shall inform Members of the Continuity of Care protections and how to initiate a Continuity of Care request in written Member materials, including but not limited to, the Member Handbook, available by request and on the CalOptima website at www.caloptima.org, and Member newsletter.

J. CalOptima or a Health Network shall provide training to call center staff who come into regular contact with Members about the Continuity of Care protections.

III. PROCEDURE

A. CalOptima shall include a Health Information Form (HIF) in each New Member Welcome Packet mailing with a postage paid envelope.

1. If the Member does not respond to the mailed health information form, CalOptima shall make two (2) call attempts within ninety (90) calendar days to remind the Member to complete the form.

B. CalOptima shall conduct an initial screening of all responses received within ninety (90) calendar days of the Members' effective date(s) of enrollment.

1. Additional outreach, case management, and care coordination activities may occur in accordance with CalOptima Policies GG.1301: Comprehensive Case Management Process and GG.1201Δ: Health Education Programs.

2. Upon disenrollment, CalOptima shall make screening results available to a Member's new Medi-Cal Managed Care Plan upon request.

C. Upon request from the Member, and in accordance with this Policy, CalOptima or a Health Network shall ensure Continuity of Care for a Medi-Cal beneficiary transitioning from Medi-Cal FFS, another

Medi-Cal Managed Care Plan, or existing Members whose Covered Services are transitioned from Medi-Cal FFS to CalOptima, with his or her Existing Out-of-Network Provider for a period of no more than twelve (12) months, unless otherwise provided in Section III.D. of this Policy, if the following criteria are met:

1. A Member has an existing relationship with one (1) of the following:

    a. An Out-of-Network Primary Care Practitioner/Physician (PCP) or Specialty Care Provider if the Member has seen the out-of-network PCP, or Specialty Care Provider for a non-emergency visit at least once during the twelve (12) months prior to the date of enrollment in CalOptima;

    b. An Out-of-Network California Children's Services (CCS) Provider if the CCS-eligible Member has seen the out-of-network CCS Provider for a nonemergency visit at least once during the twelve (12) months immediately preceding the date CalOptima or a Health Network assumed responsibility for the Member's CCS care under the Whole Child Model (WCM) program;

    c. An Out-of-Network Behavioral Health Treatment (BHT) Service Provider if the Member has seen the out-of-network BHT Service Provider for a non-emergency visit at least once during the six (6) months prior to either the transition of services from the Regional Center of Orange County (RCOC) to CalOptima or the date of the Member's initial enrollment in CalOptima if the enrollment occurred on or after July 1, 2018;

    d. An Out-of-Network nursing facility if the Member has resided in the out-of-network nursing facility prior to enrollment in CalOptima, or prior to receiving long term care benefits from CalOptima; or

    e. A County Mental Health Plan Provider for non-specialty mental health services in instances where a Member's mental health condition has stabilized such that the Member no longer qualifies to receive Specialty Mental Health Services (SMHS) from the County Mental Health Plan and instead becomes eligible to receive non-specialty mental health services from CalOptima.

2. The Existing Out-of-Network Provider will accept the higher of CalOptima's or a Health Network's rates, the Medi-Cal FFS rates, or the CCS FFS rates (which apply only to the existing out-of-network CCS Provider), as applicable. Notwithstanding the foregoing, the Existing Out-of-Network Provider may enter into an agreement on an alternative payment methodology mutually agreed to by the Existing Out-Of-Network Provider and CalOptima or a Health Network, as applicable.

3. The Existing Out-of-Network Provider meets applicable professional standards, including, as applicable, CCS standards (which apply only to the existing out-of-network CCS Provider providing treatment to a CCS-eligible Member for a CCS-Eligible Condition).

4. The Existing Out-of-Network Provider has no disqualifying quality of care issues. For purposes of this subsection, a quality of care issue means CalOptima or a Health Network can document its concerns with the Existing Out-of-Network Provider's quality of care to the extent the provider would not be eligible to provide services to any other Members of CalOptima or a Health Network.

5. The Existing Out-of-Network Provider has not been terminated, suspended, or decertified from the Medi-Cal program by DHCS.

6. The Existing Out-of-Network Provider is a California State Plan-approved provider.

7. The Existing Out-of-Network Provider provides CalOptima or a Health Network, with all relevant assessment, diagnosis, and treatment information, for the purposes of determining Medical Necessity as well as a current treatment plan to the extent allowed under federal and state privacy laws and regulations.

8. The Member, Authorized Representative of the Member, or the Existing Out-of-Network Provider requests Continuity of Care. For a Member residing in an out-of-network nursing facility prior to enrollment in CalOptima or receiving BHT services at RCOC, Continuity of Care is guaranteed and need not be requested.

D. Upon request from the Member, Member's Authorized Representative, or provider, and in accordance with the requirements of this Policy, CalOptima or a Health Network shall provide the completion of Covered Services by an Out-of-Network nursing facility, PCP, Specialty Care Provider, or CCS Provider when the Member presents with any of the following:

1. An Acute Condition: For the duration of treatment of the acute condition;

2. A serious Chronic Health Condition: Up to twelve (12) months;

3. Pregnancy: For the duration of the pregnancy and post-partum;

4. Terminal Illness: For the duration of the terminal illness, which may exceed twelve (12) months;

5. Care of a newborn child between birth and thirty-six (36) months: Up to twelve (12) months;

6. Surgery that is part of a documented course of treatment and has been recommended and documented by the Out-of-Network PCP, or Specialty Care Provider, to occur within one hundred-eighty (180) calendar days of the effective date of coverage for a new Member; or

7. Residing in an out-of-network nursing facility prior to enrollment in CalOptima, or prior to receiving long term care benefits from CalOptima: Up to twelve (12) months.

E. CalOptima or a Health Network shall accept requests for Continuity of Care over the telephone, by facsimile, or by mail, according to the requestor's preference, from the following sources:

1. Member;

2. Authorized Representative of the Member; or

3. Provider.

F. Upon receiving a request for Continuity of Care, CalOptima's Customer Service, Information Services, Utilization Management, and Case Management Departments shall initiate the following actions, as appropriate:

1. Assist the Member with requests to change the Member's Health Network and PCP, if the Member is requesting a PCP outside of his or her current Health Network and the PCP is contracted with another Health Network.

2. Establish the existence of an ongoing relationship with the requested provider.

   a. CalOptima shall utilize FFS data provided by DHCS, or utilization data from another Medi-Cal program administrator such as another Medi-Cal Managed Care Plan, if available.

b. If CalOptima does not receive FFS data from DHCS, or if the data does not support a pre-existing relationship, and the Member has seen a provider in accordance with the criteria included in Section III.C.1. of this Policy, a provider shall submit a signed attestation to CalOptima that confirms the provider saw the Member for a medical visit within the qualifying period stated in Section III.C.1. and include the last date upon which services were provided.

i. A self-attestation from a Member is insufficient to provide proof of a relationship with a provider.

c. The Continuity of Care process shall begin when CalOptima or the Health Network begin the process to determine if the Member has a pre-existing relationship with the provider.

3. Refer the Member to his or her Health Network for a request to change the Member's PCP within the Member's Health Network. The Health Network shall process this request pursuant to this Policy.

4. Refer the Member to the CalOptima Behavioral Health Line for Behavioral Health Treatment (BHT) and outpatient mental health services.

5. Refer the case to CalOptima's Case Management Department for access to care issues.

6. If DHCS has notified CalOptima of a provider suspension, termination, or decertification, CalOptima or a Health Network shall not approve the Continuity of Care request.

G. For access to care issues, CalOptima's Case Management and Customer Service Departments shall work with one another and the Member's Health Network to outreach and connect the Member with his or her requested PCP, Specialty Care Provider, or other healthcare provider, in accordance with this Policy.

H. If the PCP, Specialty Care Provider or other provider specified in this Policy is an Out-of-Network provider, CalOptima or the Health Network shall make a good faith effort to enter into a contract, letter of agreement (LOA), or single-case agreement, to establish a Continuity of Care relationship for the Member. Upon the execution of a Continuity of Care agreement, CalOptima or a Health Network shall establish a Member care plan with the Existing Out-of-Network Provider.

I. CalOptima or a Health Network shall accommodate all requests they receive directly from Members who wish to be reassigned to an Existing Out-of-Network Provider in accordance with this Policy.

J. CalOptima or a Health Network shall initiate the review process within five (5) working days after receiving the Continuity of Care request.

K. CalOptima or a Health Network shall complete the Continuity of Care request review process within the following timelines:

1. Thirty (30) calendar days from the date of request;

2. Fifteen (15) calendar days if the Member's medical condition requires more immediate attention, such as there are upcoming appointments, or other pressing care needs; or

3. Three (3) calendar days if there is risk of harm to the Member. For purposes of this Policy, risk of harm means an imminent and serious threat to the health of the Member.

L. CalOptima or a Health Network shall notify the Member of the following, in writing, and as required and in accordance with All Plan Letter (APL) 18-008: Continuity of Care for Medi-Cal Members Who

Transition into Medi-Cal Managed Care (Revised), within seven (7) calendar days of the completion of a Continuity of Care request:

1. The outcome of the request (approval or denial) sent to the Member by U.S. Mail;

2. The duration of the Continuity of Care arrangement, if approved;

    a. For any Continuity of Care response for which a provider is only willing to continue providing services for less than twelve (12) months, CalOptima or a Health Network shall allow the Member to have access to that provider for the shorter period of time.

3. The process that will occur to transition the Member at the end of the Continuity of Care period, if approved; and

4. The Member's right to choose a different provider from CalOptima's provider network.

5. If CalOptima and the Existing Out-of-Network Provider are unable to reach an agreement on the rate, or CalOptima has documented quality of care issues with the provider, CalOptima will offer the Member an in-network alternative. If the Member does not make a choice, the Member will be assigned to an in-network provider.

6. If the Member does not agree with the result of the Continuity of Care process, he or she retains the right to pursue a grievance, in accordance with CalOptima Policy HH.1102: Member Grievance.

M. Thirty (30) calendar days prior to the end of the Continuity of Care period, CalOptima or a Health Network shall notify, in writing via U.S. Mail, the Member and the Existing Out-of-Network Provider of the transition of the Member's care to an in-network provider to ensure continuity of services through the transition to a new provider, except as provided in Section III.P.8.c. for Members in the WCM program.

N. CalOptima or a Health Network shall accept and approve retroactive requests for Continuity of Care, subject to the provisions of this Policy and that:

1. Occurred after the Member's enrollment into CalOptima;

2. Have dates of service(s) that occur after December 29, 2014;

3. Have dates of service(s) within thirty (30) calendar days of the first date of service for which the Existing Out-of-Network Provider requested Continuity of Care retroactive reimbursement; and

4. Are submitted within thirty (30) calendar days of the first service for which retroactive Continuity of Care is requested.

O. The Continuity of Care request shall be considered complete when:

1. The Member is informed of the outcome of the request;

2. CalOptima or a Health Network and the provider are unable to agree to a rate;

3. CalOptima or a Health Network has documented quality of care issues with the provider; or

4. CalOptima or a Health Network has made a good faith effort to contact the provider and the provider is non-responsive for thirty (30) calendar days.

P. Other Continuity of Care Requirements

1. Former Covered California Enrollees

   a. CalOptima shall outreach to all former Covered California enrollees within fifteen (15) calendar days of their enrollment into CalOptima to inquire if the Member has upcoming appointments, or scheduled treatments. CalOptima shall assist the Member in making a Continuity of Care request at that time, as appropriate.

   b. CalOptima or a Health Network shall honor any active prior treatment authorizations for a former Covered California Member for up to sixty (60) calendar days, or until a new assessment is completed by a CalOptima contracted provider or a Health Network.

   c. CalOptima or a Health Network shall offer up to twelve (12) months of Continuity of Care with out-of-network PCP, or Specialty Care Providers, in accordance with Section III.C. of this Policy.

   d. CalOptima or a Health Network shall provide Continuity of Care for pregnant and post-partum Members and newborn children who transition from Covered CA with terminated or out-of-network providers in accordance with Health & Safety Code Section 1373.96 and Section III.D. of this Policy.

2. Seniors and Persons with Disabilities

   a. CalOptima or a Health Network shall honor, without request by the Member or the Member's Out-of-Network PCP or Specialty Care Providers, any active FFS Treatment Authorization Request (TAR) for a newly enrolled Seniors and Persons with Disabilities (SPDs) Member for sixty (60) calendar days from enrollment, or until a new assessment is completed by a CalOptima contracted provider to the extent FFS TAR data is available from DHCS.

      i. CalOptima or a Health Network shall provide continued access for newly enrolled SPD Members for up to twelve (12) months in accordance with the Policy.

   b. CalOptima shall further identify an SPD Member's health care needs by conducting a Health Risk Assessment in accordance with CalOptima Policy GG.1323: Seniors and Persons with Disabilities and Health Risk Assessment.

3. Members Under Twenty-One Years of Age Receiving BHT Services

   a. CalOptima shall provide continued access to an out-of-network BHT Service Provider in accordance with Section III.C. of this Policy for up to twelve (12) months beginning on the date of the Member's enrollment in CalOptima, provided the Member has an existing relationship with the provider as defined in this Policy.

   b. Retroactive requests for BHT service continuity of care reimbursement are limited to services provided after a Member's transition date into CalOptima, or the date of the Member's enrollment into CalOptima, if enrollment date occurred after the transition.

4. Children Receiving BHT Services at the RCOC

   a. For a Member receiving BHT services at RCOC Continuity of Care need not be requested and shall be automatic.

b. CalOptima shall provide continued access to BHT services for a Member who transitions from RCOC to CalOptima for BHT services.

c. If a Member is receiving BHT services from a non-contracted BHT Service Provider, CalOptima shall utilize diagnosis, utilization information, and assessment data provided by RCOC, or DHCS, to proactively identify the current BHT Service Provider(s). If the data indicates that the Member has multiple BHT Service Providers, CalOptima shall contact the Member's parent(s) or guardian be telephone, letter, or other resource and make a good faith effort to obtain information that will assist in offering Continuity of Care. Once a preferred current provider has been identified, CalOptima shall proactively contact such BHT Service Provider(s) to begin the Continuity of Care process.

d. CalOptima shall make a good faith effort to enter into a Continuity of Care agreement with a Member's existing BHT Service Provider prior to the transition of the Member. CalOptima shall ensure Continuity of Care for a period of no more than twelve (12) months from the date of the Member's transition, if the criteria as described in Section III.C. of the Policy are met.

e. If CalOptima and the Member's existing BHT Service Provider(s) are unable to reach a Continuity of Care agreement, CalOptima shall contact the Member's parent(s), or guardian, to transition to an in-network BHT Provider through a warm hand off transfer to ensure there are no gaps in access to services. CalOptima shall ensure BHT services continue at the same level until a comprehensive diagnostic evaluation (CDE) and assessment, as appropriate, is conducted and a treatment plan established.

5. Pregnant and Post-Partum Members

a. CalOptima or a Health Network shall provide continued access to Out-of-Network providers in accordance with Section III.C. of this Policy for up to twelve (12) months.

6. Skilled Nursing Facility Services

a. CalOptima or a Health Network shall offer a Member residing in an Out-of-Network skilled nursing facility (SNF) when the Member transitioned into CalOptima the opportunity to return to the Out-of-Network SNF after a Medically Necessary absence, such as a hospital admission, for the duration of the Coordinated Care Initiative (CCI). CalOptima or a Health Network is not required to honor a request to return to an out-of-network SNF if the Member is discharged from the SNF into the community, or a lower level of care.

b. CalOptima or a Health Network shall maintain Continuity of Care by recognizing any TARs made by DHCS for nursing facility services that were in effect when a Member enrolled into CalOptima to the extent DHCS provides FFS TAR data to CalOptima. CalOptima or a Health Network shall honor such TARs for twelve (12) months, or for the duration of the treatment authorization if the remaining authorized duration is less than twelve (12) months, following the enrollment of the Member into CalOptima.

c. CalOptima or a Health Network shall not require a Member who is a resident of a nursing facility prior to enrollment in CalOptima to change nursing facilities during the duration of the CCI if the facility is licensed by the California Department of Public Health, meets acceptable quality standards, and the facility and CalOptima agree to Medi-Cal rates.

7. Non-Specialty Mental Health Services

a. CalOptima shall provide Continuity of Care with an Out-of-Network Specialty Mental Health provider in instances where a Member's mental health condition has stabilized such that the Member no longer qualifies to receive Specialty Mental Health Services (SMHS) from the County Mental Health Plan and instead becomes eligible to receive non-specialty mental health services from CalOptima. In this situation, the Continuity of Care requirement only applies to psychiatrists and/or mental health provider types that are permitted, through California's Medicaid State Plan, to provide outpatient, non-specialty mental health services, referred to in the State Plan as "Psychology."

b. CalOptima shall allow, at the request of the Member, the Member's Specialty Mental Health provider, or the Member's Authorized Representative, up to twelve (12) months Continuity of Care with the out-of-network County Mental Health Plan provider in accordance with the requirements of this Policy.

c. After the Continuity of Care period ends, the Member must choose a mental health provider in CalOptima's network for non-specialty mental health services. If the Member later requires additional SMHS from the County Mental Health Plan to treat a serious mental illness and subsequently experiences sufficient improvement to be referred back to CalOptima for non-specialty mental health services, the twelve (12)-month Continuity of Care period may start over one (1) time. If the Member requires SMHS from the County Mental Health Plan subsequent to the Continuity of Care period, the Continuity of Care period does not start over when the Member returns to CalOptima or changes MCPs (i.e., the Member does not have the right to a new twelve (12) months of Continuity of Care).

8. Whole Child Model (WCM) Program

a. CalOptima or a Health Network shall provide Continuity of Care rights for a Member eligible with the California Children's Services (CCS) Program and transitioned into the WCM program with the eligible Member's existing CCS Provider for up to twelve (12) months in accordance with Section III.C. of this Policy. At its discretion, CalOptima or a Health Network may extend the Continuity of Care period beyond the twelve (12) months.

b. For Members eligible with the CCS Program and transitioned into the WCM program, CalOptima or a Health Network shall also provide Continuity of Care for the following:

i. Specialized or Customized DME

a) If an eligible Member has an established relationship with a Specialized or Customized DME provider, CalOptima or a Health Network must provide access to that Specialized or Customized DME provider for up to twelve (12) months.

b) CalOptima or a Health Network shall pay the Specialized or Customized DME provider at rates that are at least equal to the applicable CCS FFS rates, unless the Specialized or Customized DME provider and CalOptima or Health Network enter into an agreement on an alternative payment methodology that is mutually agreed upon.

c) CalOptima or a Health Network may extend the Continuity of Care period beyond twelve (12) months for Specialized or Customized DME still under warranty and deemed Medically Necessary by the treating provider.

ii. Authorized Prescription Drugs

a) An eligible Member shall be permitted to continue use of any currently prescribed medication that is part of a prescribed therapy for the Member's CCS-Eligible Condition or conditions immediately prior to the date of transition of responsibility for the Member's CCS services to CalOptima in accordance with CalOptima Policy GG.1401: Pharmacy Authorization Process.

c. Appealing Continuity of Care Limitations

i. CalOptima or a Health Network must provide an eligible Member with information regarding the WCM appeal process for Continuity of Care limitations, in writing, sixty (60) calendar days prior to the end of their authorized Continuity of Care period. The notice must explain the Member's right to petition CalOptima or a Health Network for an extension of the Continuity of Care period, the criteria used to evaluate the petition, and the appeals process if CalOptima or a Health Network denies the petition. The appeals process notice must include the following information:

a) The eligible Member must first appeal a Continuity of Care decision with CalOptima in accordance with CalOptima Policy GG.1510: Appeal Process; and

b) CalOptima or a Health Network shall inform a Member, during the appeal process, of their right to request a State Hearing after the internal appeal process has been exhausted or should have been exhausted in accordance with CalOptima Policy HH.1108: State Hearing Process and Procedures.

Q. Health Networks shall report all requests and outcomes from former Medi-Cal FFS and former Covered California enrollees asking to remain with their PCPs, or Specialty Care Providers, to CalOptima's Health Network Relations Department in a format and at a frequency prescribed by CalOptima.

R. CalOptima's Customer Service and Case Management Departments shall compile and maintain a log of Continuity of Care requests and outcomes made directly to CalOptima.

S. CalOptima's Customer Service, Health Network Relations, and Case Management Departments shall submit their Continuity of Care reports to CalOptima's Regulatory Affairs & Compliance Department. The Regulatory Affairs & Compliance Department shall submit the data to DHCS, in a manner and with a frequency prescribed by DHCS.

IX. GLOSSARY

Term	Definition
Acute Condition	A medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.
Authorized Representative	A person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting *in loco parentis* who have the authority under applicable law to make health care decisions on behalf of unemancipated minors.
Behavioral Health Treatment (BHT)	Services approved in the State Plan such as Applied Behavior Analysis (ABA) and other evidence-based behavioral interventions to prevent or minimize the adverse effects of ASD and promote, to the maximum extent practicable, the functioning of a Member. These services are interventions designed to treat ASD, and include a variety of evidence-based behavioral interventions identified by nationally recognized research reviews and/or other nationally recognized scientific and clinical evidence that are designed to be delivered primarily in the home and in other community settings.
Behavioral Health Treatment (BHT) Service Provider	Providers that are State Plan-approved to render Behavioral Health Treatment services, including Qualified Autism Service Providers, Qualified Autism Service Professionals and Qualified Autism Service Paraprofessionals.
California Children's Services (CCS) Program	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible individuals under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR) Sections 41515.2 through 41518.9.
California Children's Services (CCS)-Eligible Conditions	Chronic medical conditions, including but not limited to, cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries, and infectious disease producing major sequelae as defined in Title 22, California Code of Regulations Sections 41515.2 through 41518.9.
California Children's Services (CCS) Provider	Include any of the following: (1) A medical provider that is paneled by the CCS Program to treat a CCS-Eligible Condition, pursuant to Article 5 of Chapter 3 of Part 2 of Division 106 of the Health and Safety Code (commencing with Section 123800); (2) A licensed acute care hospital approved by the CCS Program to treat a CCS-Eligible Condition; or (3) A special care center approved by the CCS Program to treat a CCS-Eligible Condition.
Chronic Health Condition	A condition with symptoms present for three (3) months or longer. Pregnancy is not included in this definition.
Continuity of Care	Services provided to a Member rendered by an out-of-network provider with whom the Member has pre-existing provider relationship.
Early and Periodic Screening, Diagnosis, and Treatment (EPSDT)	A comprehensive and preventive child health program for individuals under the age of twenty-one (21) years. EPSDT is defined by law in the Federal Omnibus Budget Reconciliation Act of 1989 and includes periodic screening, vision, dental, and hearing services. In addition, section 1905(r)(5) of the Federal Social Security Act (the Act) requires that any medically necessary health care service listed in section 1905(a) of the Act be provided to an EPSDT recipient even if the service is not available under the State's Medicaid plan to the rest of the Medicaid population.

Term	Definition
Existing Out-of-Network Provider	For purposes of this Policy, a non-contracted out-of-network nursing facility, Primary Care Practitioner (PCP), Specialty Care Provider, Behavioral Health Treatment (BHT) Service Provider, CCS Provider, Specialized or Customized Durable Medical Equipment (DME), or Specialty Mental Health provider with whom the Member has established care and continues to be engaged in care at the time of transition to CalOptima services.
Health Risk Assessment (HRA)	A health questionnaire used to provide Members with an evaluation of their health risks and quality of life.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Medi-Cal Managed Care Plan	A health plan contracted with the Department of Health Care Services (DHCS) that provides Covered Services to Medi-Cal beneficiaries.
Medically Necessary or Medical Necessity	Reasonable and necessary Covered Services to protect life, to prevent illness or disability, alleviate severe pain through the diagnosis or treatment of disease, illness, or injury, achieve age-appropriate growth and development, and attain, or regain functional capacity. For Medi-Cal Members receiving managed long-term services and supports (MLTSS), Medical Necessity is determined in accordance with Member's current needs assessment and consistent with person-centered planning. When determining Medical Necessity of Covered Services for Medi-Cal Members under the age of 21, Medical Necessity is expanded to include the standards set forth in 42 U.S.C. section 1396d(r) and California Welfare and Institutions Code section 14132(v).
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Out-of-Network	For purposes of this policy, a provider that does not participate in CalOptima's or a Health Network's provider network.
Primary Care Practitioner/Physician (PCP)	A Practitioner/Physician responsible for supervising, coordinating, and providing initial and primary care to Members and serves as the medical home for Members. The PCP is a general practitioner, internist, pediatrician, family practitioner, or obstetrician/gynecologist (OB/GYN). For Members who are Seniors or Persons with Disabilities or eligible for the Whole Child Model, "Primary Care Practitioner" or "PCP" shall additionally mean any Specialty Care Provider who is a Participating Provider and is willing to perform the role of the PCP. A PCP may also be a Non-physician Medical Practitioner (NMP) (e.g., Nurse Practitioner [NP], Nurse Midwife, Physician Assistant [PA]) authorized to provide primary care services under supervision of a physician. For SPD or Whole Child Model beneficiaries, a PCP may also be a specialty care provider or clinic.
Specialty Care Provider	Provider of Specialty Care given to Members by referral by other than a Primary Care Provider.

Term	Definition
Specialty Mental Health Services	Specialty Mental Health Services, which are the responsibility of the County Mental Health Plan, include the following: 1. Rehabilitative services, which includes mental health services, medication support services, day treatment intensive, day rehabilitation, crisis intervention, crisis stabilization, adult residential treatment services, crisis residential services, and psychiatric health facility services. 2. Psychiatric inpatient hospital services. 3. Targeted Case Management. 4. Psychiatrist services. 5. Psychologist services. 6. EPSDT supplemental Specialty Mental Health Services.
Specialized and Customized Durable Medical Equipment	DME that is uniquely constructed from raw materials or substantially modified from the base material solely for the full-time use of a specific Member, according to a physician's description and orders; is made to order or adapted to meet the specific needs of the Member; and is so uniquely constructed, adapted, or modified that it is unusable by another individual, and is so different from another item used for the same purpose that the two could not be grouped together for pricing purposes.
Terminal Illness	An incurable or irreversible condition that has a high probability of causing death within one year or less.
Treatment Authorization Request (TAR)	The form a provider uses to request authorization from Medi-Cal Fee-for-Service. Authorization is granted by a designated Medi-Cal consultant obtained through submission and approval of a TAR.
Whole Child Model (WCM)	An organized delivery system established for Medi-Cal eligible CCS children and youth, pursuant to California Welfare & Institutions Code (commencing with Section 14094.4), and that (i) incorporates CCS covered services into Medi-Cal managed care for CCS-eligible Members and (ii) integrates Medi-Cal managed care with specified county CCS Program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-Eligible Conditions.

Policy:	GG.1500
Title:	**Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers**
Department:	Medical Management
Section:	Utilization Management
CEO Approval:	
Effective Date:	02/01/1998
Revised Date:	03/01/2021
Applicable to:	☒ Medi-Cal ☐ OneCare ☒ OneCare Connect ☐ PACE ☐ Administrative

I. PURPOSE

To define the process by which a Provider or Practitioner shall obtain authorization for Covered Services for a CalOptima Direct (COD) or CalOptima Community Network (CCN) Member~~.~~, including Prior Authorization, Concurrent Review, and Retrospective Review.

II. POLICY

A. A Provider or Practitioner ~~requests authorization~~shall request Prior Authorization, Concurrent Review and Retrospective Review for Covered Services listed on the CalOptima Authorization Required List, available at www.caloptima.org, in accordance with this ~~policy~~Policy, except as provided in ~~Section II.B~~CalOptima Policy GG.1508: Authorization and Processing of ~~this policy, as follows:~~Referrals.

1. A Provider or Practitioner requests authorization for elective inpatient services, elective outpatient services, elective ancillary services, and post-stabilization services after an emergency admission, prior to rendering such Covered Services to a Member.

2. A Provider or Practitioner ~~requests~~may request retrospective authorization for Covered Services rendered to a Member as long as such request is made within sixty (60) calendar days after the initial date of service ~~if~~and if one of the following conditions apply:

   a. The Member has Other Health Coverage (OHC); or

   b. The Member's medical condition is such that the Provider or Practitioner is unable to verify the Member's eligibility for Medi-Cal or OneCare Connect, as applicable, and CalOptima eligibility at the time of service.

3. A Provider or Practitioner requests authorization for Covered Services rendered to a Member who is retroactively eligible for the CalOptima program within one hundred twenty (120) calendar days after the Member's retroactive eligibility determination is available in the State of California Beneficiary Eligibility Verification System.

Back to Agenda Back to Item

~~B. CalOptima does not require a Provider or Practitioner to request authorization for the following Covered Services:~~

~~1. Emergency Services, in accordance with the provisions of this policy. Prior Authorization is not required to screen or stabilize a Member who seeks emergency medical treatment, or where a prudent layperson could reasonably determine that a presenting complaint is an emergency;~~

~~2. Sensitive Services;~~

~~3. Minor Consent Services for Members enrolled in the CalOptima Medi-Cal program;~~

~~4. Family Planning services;~~

~~5. Primary and preventive care services;~~

~~6. Routine obstetric services;~~

~~7. Basic prenatal services;~~

~~8. Sexually Transmitted Disease (STD) services;~~

~~9. HIV testing;~~

~~10. Initial mental health assessment; and~~

~~11. The Comprehensive Diagnostic Evaluation for assessment of Autism Spectrum Disorder.~~

~~C.~~B. Contracted and Non-Contracted Emergency Service Providers

1. The attending emergency physician, or the Provider treating the Member, is responsible for determining when the Member is sufficiently stabilized for transfer or discharge, and that determination is binding on CalOptima.

2. Emergency Services are not subject to Prior Authorization by CalOptima, and CalOptima ~~does~~shall not limit ~~the meaning of~~ what constitutes an Emergency Medical Condition ~~based solely~~ on ~~a list~~the basis of lists of diagnoses or symptoms. CalOptima shall follow the standard definition of a Prudent Layperson, acting reasonably, to determine that the presenting complaint might be an emergency.

~~3. Prior Authorization for post-stabilization services and non-urgent care following an exam in an emergency room:~~

~~a. CalOptima approves or denies a request for post-stabilization inpatient services or non-urgent care following an exam in an emergency room made by a non-contracting Provider on behalf of a Member who has received Emergency Services within thirty (30) minutes after receipt of the request. If CalOptima fails to approve or deny an authorization within the required timeframe, the authorization is deemed approved.~~

~~b. Denied/Transfer: In the event that CalOptima denies a request for authorization, and transfers the Member to another Provider, payment is made for Medically Necessary services furnished to the Member to maintain his or her stabilized condition up to the time that it effectuates the Member's transfer at the rate as provided in CalOptima Policy~~

Back to Agenda Back to Item

~~FF.1003: Payment for Covered Services Rendered to CalOptima Direct Members, CalOptima Community Network Members or Members Enrolled in a Shared Risk Group.~~

~~c. No Prior Authorization Sought from CalOptima: If a Non-Contracted Provider does not seek authorization for post-stabilization services from CalOptima, then CalOptima is only financially responsible for the Emergency Services, and not for any post-stabilization services.~~

~~d. CalOptima does not hold a Member liable for payment of subsequent screening and treatment required to diagnose a specific condition or stabilization.~~

C. ~~A~~A hospital shall notify CalOptima within twenty-four (24) hours of a Member's Initial Emergency Encounter in accordance with CalOptima Policy GG.1508: Authorization and Processing of Referrals.

D. A Provider or Practitioner ~~obtains~~shall obtain authorization for the following services, in accordance with specified CalOptima policies:

1. Services for a Member who meets California Children's Services (CCS) eligibility criteria, in accordance with CalOptima Policy ~~GG.1101: California Children's Services~~CalOptima Policy GG.1508: Authorization and Processing of Referrals;

2. Medical Supplies, in accordance with CalOptima Policies GG.1401: Pharmacy Authorization Process, GG.1508: Authorization and Processing of Referrals, and MA.6101: Coverage Determination;

3. Disposable incontinence supplies, in accordance with CalOptima Policy GG.1114: Authorization for Disposable Incontinence Supplies;

4. Durable Medical Equipment, in accordance with CalOptima Policy GG.1502: Criteria and Authorization for Durable Medical Equipment, Excluding Wheelchairs;

5. Wheelchair rental, purchase, or repair, in accordance with CalOptima Policy GG.1531: Criteria and Authorization for Wheelchair Rental, Purchase, and Repair;

6. Non-emergency medical transportation and non-medical transportation, in accordance with CalOptima Policy GG.1505: Transportation, Emergency, Non-Emergency, and Non-Medical;

7. Hospice services, in accordance with CalOptima Policy GG.1503: CalOptima Hospice Coverage and Authorization Requirements;

8. Pharmacy services, in accordance with CalOptima Policies GG.1401: Pharmacy Authorization Process and MA.6101: Coverage Determination; and

~~9.~~ Applied Behavioral Analysis (ABA) services and Psychological Testing, in accordance with CalOptima Policies GG.1548: Authorization ~~for Applied~~and Monitoring of Behavioral ~~Analysis for Autism Spectrum Disorder~~Health Treatment Services and GG.1549: Authorization for Psychological Testing for Mental Health Conditions.

~~10.~~9.

Back to Agenda Back to Item

E. A Provider or Practitioner may ~~Appeal~~appeal CalOptima's utilization management (UM) decision, in accordance with CalOptima ~~Policy~~ Policies CMC.9003: Standard Appeal, CMC.9004: Expedited Appeal, and GG.1510: Appeal Process ~~Decisions Regarding Care and Services.~~ .

F. For services that do not require a Prior Authorization, Providers, including ~~Referral Practitioners~~Specialist Physicians, shall refer the Member to a contracted Provider, unless such Provider is unavailable in-network. Referrals to an out-of-network Provider shall be processed in accordance with CalOptima Policy GG.1539: Authorization for Out-of-Network and Out-of-Area Services.

1. For Sensitive Services, Members may access any Provider, including those who are out-of-network, as outlined in CalOptima Policy GG.1118: Family Planning Services, Out-of-Network.

G. CalOptima and its Health Networks shall establish a process to monitor the appropriate utilization of medical care and services delivered to Members and ensure that care is monitored, analyzed, and interventions are implemented upon the identification of under and over utilization patterns in accordance with CalOptima Policy GG.1532: Over and Under Utilization Monitoring.

H. CalOptima shall ensure the Prior Authorization process for Covered Services is consistently applied to medical/surgical, mental health, and substance use disorder services and benefits.

III. PROCEDURE

A. A Provider or Practitioner shall verify ~~the Member's Medi-Cal and CalOptima eligibility, in accordance with CalOptima Policy DD.2003: Member Identification and Eligibility Verification.~~ a Member's eligibility as follows:

1. Medi-Cal and CalOptima eligibility: In accordance with CalOptima Policy DD.2003: Member Identification and Eligibility Verification; and

2. OneCare Connect: Contact the Automated Eligibility Verification System (AEVS) by calling (800) 456-2387 and document the Eligibility Verification Confirmation number (EVC).

B. A Provider or Practitioner, including ~~Referral Practitioners~~Specialist Physician, shall adhere to the responsibilities outlined in CalOptima Policy GG.1113: ~~Referral~~Specialty Practitioner Responsibilities.

C. Authorization Requests

1. A Practitioner or Provider shall request the following authorizations in accordance with this Policy:

a. Request for Prior Authorization for Covered Services and/or supplies, including an Urgent Authorization Request.

b. Request for Concurrent Review for services needing authorization, but which have begun without Prior Authorization in place, and are continuing.

c. Request for Retrospective Review subject to the limitations as described in CalOptima Policy GG.1508: Authorization and Processing of Referrals.

~~1.~~2. A Provider or Practitioner shall submit a fully completed ~~-~~Authorization Request Form (ARF) including physician signature or written physician order, as well as current medical documentation supporting the need for the requested services to the CalOptima UM Department by:

a. Mail to: Attention: Utilization Management Department
CalOptima
P.O. Box 11033
Orange, CA 92856;

b. Facsimile at (714) 246-8579; or

c. 1-888-587-8088.

d. A ~~Routine~~contracted Provider may submit a routine, non-urgent authorization request ~~may be submitted~~ online via CalOptima Link. The contracted Provider must upload medical documentation to CalOptima Link to support the Medical Necessity of the requested services.

~~2.~~3. If the request is urgent, the Provider or Practitioner must:

a. Specify that the request is urgent on the ARF and fax to (714) 338-~~3137or~~3137; or

b. Notify the CalOptima UM Department of the urgent request by telephone.

4. A hospital must submit the request for Prior Authorization and obtain approval from CalOptima prior to a Member's admission to inpatient status.

~~3.~~5. A hospital shall notify CalOptima of a Member's authorized inpatient admission within twenty-four (24) hours ~~after~~of the admission.

a. Any review for continuation of previously approved concurrent stay is handled as an urgent concurrent request and processed within twenty-four (24) hours of the receipt of the request. CalOptima may extend the decision timeframe to seventy-two (72) hours for the following reasons:

i. ~~i.~~ The request to extend the urgent concurrent care was not made at least twenty-four (24) hour prior to the expiration of the currently approved days. CalOptima may treat the request as an urgent pre-service decision within a seventy-two (72) hour timeframe.

ii. ~~ii.~~ The request to approve additional days for urgent concurrent care is related to care ~~not previously approved by CalOptima~~with a Prior Authorization in place and there is documentation that CalOptima has made at least one (1) attempt and was unable to obtain the needed clinical information within twenty-four (24) hours of the request.

b. ~~Retroactive~~CalOptima staff shall assist the hospital with timely Discharge Planning to facilitate transition for CalOptima Direct Members to the most appropriate level of care following facility discharge.

~~C.~~D. Prior Authorization Request from Non-Contracted Provider

1. Medically Necessary Post-Stabilization Services

a. A hospital must submit a Prior Authorization request for post-stabilization services when a Member who has received Emergency Services for an Emergency Medical Condition is determined to have reached medical stability, but requires additional, Medically Necessary inpatient Covered Services that are:

i. Related to the Emergency Medical Condition; and

ii. Provided to maintain, improve, or resolve the Member's stabilized medical condition.

b. A Prior Authorization request for Medically Necessary post-stabilization services shall consist of a completed and signed authorization request form from the facility to CalOptima Utilization Management Department clinician and include the following information to provide sufficient information to make a decision regarding care within thirty (30) minutes for Medi-Cal and sixty (60) minutes for OneCare Connect:

i. Identifying information including: Member name, birthdate, CIN and gender;

ii. Name and role of facility clinician requesting Prior Authorization, their direct phone number and the name of facility;

iii. Nature of the emergency condition that has been stabilized;

iv. Medical documentation, to include at a minimum:

a) History and physical;

b) Vital signs;

c) Laboratory and/or radiology results;

d) Any available consultation notes; and

e) Physician progress notes.

v. Co-morbid conditions; and

vi. Medical reason for admission to the hospital including proposed treatment.

c. For a Member enrolled in the Medi-Cal program, CalOptima shall approve or deny a non-contracted Provider's Prior Authorization request for post-stabilization services within thirty (30) minutes after receipt of a written request that fully complies with Section III.D.1.b. of this policy. If CalOptima fails to approve or deny such request within thirty (30) minutes, Medically Necessary post-stabilization services are deemed approved.

i. Notwithstanding Section III.D.1.~~b~~c. of this Policy, pursuant to section 1300.71.4 of Title 28 of the California Code of Regulations, CalOptima may notify the non-contracted Provider of the denial of such request prior to the commencement of the delivery or during the continuation of the delivery of post-stabilization services, provided that the disruption of such services (taking into account the time necessary to

Back to Agenda Back to Item

effect the Member's transfer or discharge) does not have an adverse impact on the efficacy of such services of the Member's medical condition.

ii. In the case where CalOptima denies such request and informs the non-contracted Provider of its decision to transfer the Member to another Provider, the Health Network shall effectuate the transfer of the Member as soon as possible.

d. For a Member enrolled in the OneCare Connect program, CalOptima shall approve or deny a non-contracted Provider's Prior Authorization request for post-stabilization services within sixty (60) minutes after receipt of a written request that fully complies with Section III.D.1.b. of this Policy. If CalOptima does not respond to such request within sixty (60) minutes, Medically Necessary post-stabilization services are considered approved.

e. CalOptima shall pay for Medically Necessary post-stabilization services in accordance with CalOptima Policy FF.1003: Payment for Covered Services Rendered to CalOptima Direct Members, CalOptima Community Network Members or Members Enrolled in a Shared Risk Group.

2. Medically Necessary Non-Urgent Care Following Emergency Room Exam

a. For a Member enrolled in Medi-Cal, CalOptima shall approve or deny a Prior Authorization request for non-urgent care following an exam in an emergency room within thirty (30) minutes after receipt of such request from a non-contracted Provider on behalf of a Member who has received Emergency Services. If CalOptima does not respond to such request within the required timeframe, Medically Necessary non-urgent care is deemed approved.

3. CalOptima staff shall assist the hospital with timely Discharge Planning to facilitate transition for CalOptima Direct Members to the most appropriate level of care following facility discharge.

E. Retrospective Authorization

1. A Provider or Practitioner ~~requests retroactive~~may request retrospective authorization for Covered Services rendered to a Member by submitting the following to CalOptima's UM Department:

a. Fully completed ARF;

b. Evidence of OHC payment or denial, if applicable;

c. Facility services:

i. Itemized bill;

ii. History and physical;

iii. Discharge summary;

iv. Progress notes;

v. Physician's orders;

Back to Agenda Back to Item

vi. Operative report;

vii. Emergency Department report, if applicable; and

viii. Outpatient procedure report, if applicable.

d. Outpatient professional services;

e. Diagnosis related to services provided;

f. Current Procedural Technology (CPT)/ Healthcare Common Procedure Coding System (HCPCS) codes;

g. Medical justification;

h. Progress notes; and

i. Procedure report.

2. CalOptima shall process a request for retrospective authorization within thirty (30) calendar days from receipt of the information that is reasonably necessary to make a determination in accordance with CalOptima Policy GG.1508: Authorization and Processing of Referrals (Attachment A).

~~D. Emergency inpatient admission notification:~~

~~1. If a Member is admitted to a hospital for Emergency Services, the hospital shall submit an admission face sheet to the CalOptima UM Department, by facsimile, within twenty-four (24) hours after admission.~~

~~2. If COD, including CCN, is responsible for the Member's inpatient admission, CalOptima shall issue an initial notification number, as appropriate, to the hospital within one (1) business day after receipt of all necessary information.~~

~~3. The hospital is responsible for providing the admission notification number to all Medi-Cal, and OneCare Connect professional and ancillary Providers and Practitioners associated with the Member's inpatient admission.~~

~~4. If a Member is admitted to a Non-Contracted hospital for Emergency Services, CalOptima may transfer the Member to a contracted hospital for post-stabilization services.~~

~~E.~~F. A Provider or Practitioner may request to modify an authorization prior to ~~submitting a claim,~~rendering services by contacting the CalOptima UM Department.

~~F.~~G. CalOptima shall process a request for authorization, in accordance with CalOptima Policy ~~GA~~GG.1508: Authorization and Processing of Referrals.

~~G.~~H. CalOptima shall process a request for authorization of ~~Out~~out-of-~~Network~~network and/or ~~Out~~out-of ~~Area~~-area services, in accordance with CalOptima Policy GG.1539: Authorization for Out-of-Network and Out-of-Area Services.

IX. GLOSSARY

Term	Definition
Applied Behavior Analysis (ABA)	Refers to the use of behavioral learning principles (i.e. behavior-consequence paradigm) to produce changes in behavior, specifically the development of skills in areas of need (e.g. language) and the reduction in maladaptive behaviors (e.g. aggression, self-injury). ABA therapy may be comprehensive in nature, teaching adaptive techniques to address multiple behavioral and functional concerns, or may be problem-focused and targeted towards addressing specifically identified problematic behaviors (e.g. aggression). (MCG Behavioral Health 21st Edition)
Authorized Representative	For the purposes of this policy, an individual either appointed by a Member or authorized under State or other applicable law to act on behalf of the Member in filing a Grievance, requesting a Prior Authorization request, or in dealing with any level of the appeals process. Unless otherwise stated in Title 42 of the Code of Federal Regulations, Part 423 (Subpart M), Part 422 (Subpart M), or Part 438 (Subpart F), as applicable, the representative has all of the rights and responsibilities of a Member in obtaining a Prior Authorization request in dealing with any of the levels of the appeals process.
Authorization Request Form (ARF)	CalOptima's form to request authorization for Covered Services
Autism Spectrum Disorder (ASD)	A developmental disability that can cause significant social, communication and behavioral challenges. A diagnosis of ASD includes several conditions that previously were diagnosed separately: autistic disorder, pervasive developmental disorder not otherwise specified (PDD-NOS) and Asperger syndrome.
CalOptima	For purposes of this policy, CalOptima means CalOptima Direct, including CalOptima Community Network (CCN).
Comprehensive Diagnostic Evaluation	A developmental screening that can be used to determine a diagnosis of autism spectrum disorder. It may also be able to identify other member needs if a diagnosis of ASD is not found.
Concurrent Review	A review of Medical Necessity of an authorization request for the Member's treatment regimen that is already in place while the Member is currently in an acute or post-acute setting, or in an ongoing course of care in an outpatient or community setting.

Term	Definition
Covered Services	Medi-Cal: Those services provided in the Fee-For-Service Medi-Cal program~~,~~ (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301~~,~~), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with ~~Section 6840, which~~ section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in ~~Section~~section 51308 of Title 22, CCR), podiatry services (as defined in ~~Section~~section 51310 of Title 22, CCR), ~~and~~ speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), ~~which~~ and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127) for HHP Members, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members not~~-~~withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program. One Care Connect: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the three-way agreement with the Department of Health Care Services and Centers for Medicare & Medicaid Services (CMS).
Discharge Planning	Planning that begins at the time of admission to a hospital or institution to ensure that necessary care, services, and supports are in place in the community before individuals leave the hospital or institution in order to reduce readmission rates, improve Member and family preparation, enhance Member satisfaction, assure post-discharge follow-up, increase medication safety, and support safe transitions.
Health Network	For purposes of this policy, a Physician Hospital Consortium (PHC), ~~Physician Medical Group (PMG),~~ physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Initial Emergency Encounter	A Member's presentation to the emergency department for outpatient Emergency Services or the Member's inpatient emergency admission, whichever comes first.
Medically Necessary or Medical Necessity	Reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury.
Member	An enrollee-beneficiary of a CalOptima program.

Term	Definition
Practitioner	A licensed independent practitioner including, but not limited to, a Doctor of Medicine (MD), Doctor of Osteopathy (DO), Doctor of Podiatric Medicine (DPM), Doctor of Chiropractic Medicine (DC), Doctor of Dental Surgery (DDS), Doctor of Psychology (PhD or PsyD), Licensed Clinical Social Worker (LCSW), Marriage and Family Therapist (MFT or MFCC), Nurse Practitioner (NP), Nurse Midwife, Physician Assistant (PA), Optometrist (OD), Registered Physical Therapist (RPT), Occupational Therapist (OT), or Speech and Language Therapist, furnishing Covered Services.
Prior Authorization	A formal process requiring a ~~health care~~ Provider to obtain advance approval of Covered Services that are Medically Necessary and to ~~provide specific services or procedures~~what amount, duration, and scope, except in the case of an emergency.
Provider	A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary provider, health maintenance organization, or other person or institution that furnishes Covered Services.
Prudent Layperson	A person who possesses an average knowledge of health and medicine, and the standard establishes the criteria that insurance coverage is based not on ultimate diagnosis, but on whether a prudent person might anticipate serious impairment to his or her health in an emergency situation.
Psychological Testing	The use of standardized assessment tools to gather information relevant to a member's intellectual and psychological functioning. Psychological testing can be used to determine differential diagnosis and assess overall cognitive functioning related to a member's mental health or substance use status. Test results may have important implications for treatment planning.
Retrospective Review	A form of medical records review that is conducted after the Member's discharge to track appropriateness of care and consumption of resources.
Specialist Physician	A physician who has obtained additional education/training in a focused clinical area and does not function as a Primary Care Provider.
Sensitive Services	Those Covered Services related to family planning, a sexually transmitted disease (STD), abortion, and Human Immunodeficiency Virus (HIV) testing.

Back to Agenda Back to Item

Policy:	GG.1500
Title:	**Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers**
Department:	Medical Management
Section:	Utilization Management
CEO Approval:	
Effective Date:	02/01/1998
Revised Date:	03/01/2021
Applicable to:	☒ Medi-Cal ☐ OneCare ☒ OneCare Connect ☐ PACE ☐ Administrative

I. PURPOSE

To define the process by which a Provider or Practitioner shall obtain authorization for Covered Services for a CalOptima Direct (COD) or CalOptima Community Network (CCN) Member, including Prior Authorization, Concurrent Review, and Retrospective Review.

II. POLICY

A. A Provider or Practitioner shall request Prior Authorization, Concurrent Review and Retrospective Review for Covered Services listed on the CalOptima Authorization Required List, available at www.caloptima.org, in accordance with this Policy, except as provided in CalOptima Policy GG.1508: Authorization and Processing of Referrals.

1. A Provider or Practitioner requests authorization for elective inpatient services, elective outpatient services, elective ancillary services, and post-stabilization services after an emergency admission, prior to rendering such Covered Services to a Member.

2. A Provider or Practitioner may request retrospective authorization for Covered Services rendered to a Member as long as such request is made within sixty (60) calendar days after the initial date of service and if one of the following conditions apply:

   a. The Member has Other Health Coverage (OHC); or

   b. The Member's medical condition is such that the Provider or Practitioner is unable to verify the Member's eligibility for Medi-Cal or OneCare Connect, as applicable, and CalOptima eligibility at the time of service.

3. A Provider or Practitioner requests authorization for Covered Services rendered to a Member who is retroactively eligible for the CalOptima program within one hundred twenty (120) calendar days after the Member's retroactive eligibility determination is available in the State of California Beneficiary Eligibility Verification System.

B. Contracted and Non-Contracted Emergency Service Providers

Back to Agenda Back to Item

1. The attending emergency physician, or the Provider treating the Member, is responsible for determining when the Member is sufficiently stabilized for transfer or discharge, and that determination is binding on CalOptima.

2. Emergency Services are not subject to Prior Authorization by CalOptima, and CalOptima shall not limit what constitutes an Emergency Medical Condition on the basis of lists of diagnoses or symptoms. CalOptima shall follow the standard definition of a Prudent Layperson, acting reasonably, to determine that the presenting complaint might be an emergency.

C. A hospital shall notify CalOptima within twenty-four (24) hours of a Member's Initial Emergency Encounter in accordance with CalOptima Policy GG.1508: Authorization and Processing of Referrals.

D. A Provider or Practitioner shall obtain authorization for the following services, in accordance with specified CalOptima policies:

1. Services for a Member who meets California Children's Services (CCS) eligibility criteria, in accordance with CalOptima Policy CalOptima Policy GG.1508: Authorization and Processing of Referrals;

2. Medical Supplies, in accordance with CalOptima Policies GG.1401: Pharmacy Authorization Process, GG.1508: Authorization and Processing of Referrals, and MA.6101: Coverage Determination;

3. Disposable incontinence supplies, in accordance with CalOptima Policy GG.1114: Authorization for Disposable Incontinence Supplies;

4. Durable Medical Equipment, in accordance with CalOptima Policy GG.1502: Criteria and Authorization for Durable Medical Equipment, Excluding Wheelchairs;

5. Wheelchair rental, purchase, or repair, in accordance with CalOptima Policy GG.1531: Criteria and Authorization for Wheelchair Rental, Purchase, and Repair;

6. Non-emergency medical transportation and non-medical transportation, in accordance with CalOptima Policy GG.1505: Transportation, Emergency, Non-Emergency, and Non-Medical;

7. Hospice services, in accordance with CalOptima Policy GG.1503: CalOptima Hospice Coverage and Authorization Requirements;

8. Pharmacy services, in accordance with CalOptima Policies GG.1401: Pharmacy Authorization Process and MA.6101: Coverage Determination; and

9. Applied Behavioral Analysis (ABA) services and Psychological Testing, in accordance with CalOptima Policies GG.1548: Authorization and Monitoring of Behavioral Health Treatment Services and GG.1549: Authorization for Psychological Testing for Mental Health Conditions.

E. A Provider or Practitioner may appeal CalOptima's utilization management (UM) decision, in accordance with CalOptima Policies CMC.9003: Standard Appeal, CMC.9004: Expedited Appeal, and GG.1510: Appeal Process.

F. For services that do not require a Prior Authorization, Providers, including Specialist Physicians, shall refer the Member to a contracted Provider, unless such Provider is unavailable in-network. Referrals to an out-of-network Provider shall be processed in accordance with CalOptima Policy GG.1539: Authorization for Out-of-Network and Out-of-Area Services.

1. For Sensitive Services, Members may access any Provider, including those who are out-of-network, as outlined in CalOptima Policy GG.1118: Family Planning Services, Out-of-Network.

G. CalOptima and its Health Networks shall establish a process to monitor the appropriate utilization of medical care and services delivered to Members and ensure that care is monitored, analyzed, and interventions are implemented upon the identification of under and over utilization patterns in accordance with CalOptima Policy GG.1532: Over and Under Utilization Monitoring.

H. CalOptima shall ensure the Prior Authorization process for Covered Services is consistently applied to medical/surgical, mental health, and substance use disorder services and benefits.

III. PROCEDURE

A. A Provider or Practitioner shall verify a Member's eligibility as follows:

1. Medi-Cal and CalOptima eligibility: In accordance with CalOptima Policy DD.2003: Member Identification and Eligibility Verification; and

2. OneCare Connect: Contact the Automated Eligibility Verification System (AEVS) by calling (800) 456-2387 and document the Eligibility Verification Confirmation number (EVC).

B. A Provider or Practitioner, including Specialist Physician, shall adhere to the responsibilities outlined in CalOptima Policy GG.1113: Specialty Practitioner Responsibilities.

C. Authorization Requests

1. A Practitioner or Provider shall request the following authorizations in accordance with this Policy:

a. Request for Prior Authorization for Covered Services and/or supplies, including an Urgent Authorization Request.

b. Request for Concurrent Review for services needing authorization, but which have begun without Prior Authorization in place, and are continuing.

c. Request for Retrospective Review subject to the limitations as described in CalOptima Policy GG.1508: Authorization and Processing of Referrals.

2. A Provider or Practitioner shall submit a fully completed Authorization Request Form (ARF) including physician signature or written physician order, as well as current medical documentation supporting the need for the requested services to the CalOptima UM Department by:

a. Mail to: Attention: Utilization Management Department
CalOptima
P.O. Box 11033
Orange, CA 92856;

Back to Agenda Back to Item

b. Facsimile at (714) 246-8579; or

c. 1-888-587-8088.

d. A contracted Provider may submit a routine, non-urgent authorization request online via CalOptima Link. The contracted Provider must upload medical documentation to CalOptima Link to support the Medical Necessity of the requested services.

3. If the request is urgent, the Provider or Practitioner must:

a. Specify that the request is urgent on the ARF and fax to (714) 338-3137; or

b. Notify the CalOptima UM Department of the urgent request by telephone.

4. A hospital must submit the request for Prior Authorization and obtain approval from CalOptima prior to a Member's admission to inpatient status.

5. A hospital shall notify CalOptima of a Member's authorized inpatient admission within twenty-four (24) hours of the admission.

a. Any review for continuation of previously approved concurrent stay is handled as an urgent concurrent request and processed within twenty-four (24) hours of the receipt of the request. CalOptima may extend the decision timeframe to seventy-two (72) hours for the following reasons:

i. The request to extend the urgent concurrent care was not made at least twenty-four (24) hour prior to the expiration of the currently approved days. CalOptima may treat the request as an urgent pre-service decision within a seventy-two (72) hour timeframe.

ii. The request to approve additional days for urgent concurrent care is related to care with a Prior Authorization in place and there is documentation that CalOptima has made at least one (1) attempt and was unable to obtain the needed clinical information within twenty-four (24) hours of the request.

b. CalOptima staff shall assist the hospital with timely Discharge Planning to facilitate transition for CalOptima Direct Members to the most appropriate level of care following facility discharge.

D. Prior Authorization Request from Non-Contracted Provider

1. Medically Necessary Post-Stabilization Services

a. A hospital must submit a Prior Authorization request for post-stabilization services when a Member who has received Emergency Services for an Emergency Medical Condition is determined to have reached medical stability, but requires additional, Medically Necessary inpatient Covered Services that are:

i. Related to the Emergency Medical Condition; and

ii. Provided to maintain, improve, or resolve the Member's stabilized medical condition.

b. A Prior Authorization request for Medically Necessary post-stabilization services shall consist of a completed and signed authorization request form from the facility to CalOptima Utilization Management Department clinician and include the following information to provide sufficient information to make a decision regarding care within thirty (30) minutes for Medi-Cal and sixty (60) minutes for OneCare Connect:

i. Identifying information including: Member name, birthdate, CIN and gender;

ii. Name and role of facility clinician requesting Prior Authorization, their direct phone number and the name of facility;

iii. Nature of the emergency condition that has been stabilized;

iv. Medical documentation, to include at a minimum:

a) History and physical;

b) Vital signs;

c) Laboratory and/or radiology results;

d) Any available consultation notes; and

e) Physician progress notes.

v. Co-morbid conditions; and

vi. Medical reason for admission to the hospital including proposed treatment.

c. For a Member enrolled in the Medi-Cal program, CalOptima shall approve or deny a non-contracted Provider's Prior Authorization request for post-stabilization services within thirty (30) minutes after receipt of a written request that fully complies with Section III.D.1.b. of this policy. If CalOptima fails to approve or deny such request within thirty (30) minutes, Medically Necessary post-stabilization services are deemed approved.

i. Notwithstanding Section III.D.1.c. of this Policy, pursuant to section 1300.71.4 of Title 28 of the California Code of Regulations, CalOptima may notify the non-contracted Provider of the denial of such request prior to the commencement of the delivery or during the continuation of the delivery of post-stabilization services, provided that the disruption of such services (taking into account the time necessary to effect the Member's transfer or discharge) does not have an adverse impact on the efficacy of such services of the Member's medical condition.

ii. In the case where CalOptima denies such request and informs the non-contracted Provider of its decision to transfer the Member to another Provider, the Health Network shall effectuate the transfer of the Member as soon as possible.

d. For a Member enrolled in the OneCare Connect program, CalOptima shall approve or deny a non-contracted Provider's Prior Authorization request for post-stabilization services within sixty (60) minutes after receipt of a written request that fully complies with Section III.D.1.b. of this Policy. If CalOptima does not respond to such request within sixty (60) minutes, Medically Necessary post-stabilization services are considered approved.

Back to Agenda Back to Item

e. CalOptima shall pay for Medically Necessary post-stabilization services in accordance with CalOptima Policy FF.1003: Payment for Covered Services Rendered to CalOptima Direct Members, CalOptima Community Network Members or Members Enrolled in a Shared Risk Group.

2. Medically Necessary Non-Urgent Care Following Emergency Room Exam

a. For a Member enrolled in Medi-Cal, CalOptima shall approve or deny a Prior Authorization request for non-urgent care following an exam in an emergency room within thirty (30) minutes after receipt of such request from a non-contracted Provider on behalf of a Member who has received Emergency Services. If CalOptima does not respond to such request within the required timeframe, Medically Necessary non-urgent care is deemed approved.

3. CalOptima staff shall assist the hospital with timely Discharge Planning to facilitate transition for CalOptima Direct Members to the most appropriate level of care following facility discharge.

E. Retrospective Authorization

1. A Provider or Practitioner may request retrospective authorization for Covered Services rendered to a Member by submitting the following to CalOptima's UM Department:

a. Fully completed ARF;

b. Evidence of OHC payment or denial, if applicable;

c. Facility services:

i. Itemized bill;

ii. History and physical;

iii. Discharge summary;

iv. Progress notes;

v. Physician's orders;

vi. Operative report;

vii. Emergency Department report, if applicable; and

viii. Outpatient procedure report, if applicable.

d. Outpatient professional services;

e. Diagnosis related to services provided;

f. Current Procedural Technology (CPT)/ Healthcare Common Procedure Coding System (HCPCS) codes;

g. Medical justification;

h. Progress notes; and

i. Procedure report.

2. CalOptima shall process a request for retrospective authorization within thirty (30) calendar days from receipt of the information that is reasonably necessary to make a determination in accordance with CalOptima Policy GG.1508: Authorization and Processing of Referrals (Attachment A).

F. A Provider or Practitioner may request to modify an authorization prior to rendering services by contacting the CalOptima UM Department.

G. CalOptima shall process a request for authorization, in accordance with CalOptima Policy GG.1508: Authorization and Processing of Referrals.

H. CalOptima shall process a request for authorization of out-of-network and/or out-of-area services, in accordance with CalOptima Policy GG.1539: Authorization for Out-of-Network and Out-of-Area Services.

IX. GLOSSARY

Term	Definition
Applied Behavior Analysis (ABA)	Refers to the use of behavioral learning principles (i.e. behavior-consequence paradigm) to produce changes in behavior, specifically the development of skills in areas of need (e.g. language) and the reduction in maladaptive behaviors (e.g. aggression, self-injury). ABA therapy may be comprehensive in nature, teaching adaptive techniques to address multiple behavioral and functional concerns, or may be problem-focused and targeted towards addressing specifically identified problematic behaviors (e.g. aggression). (MCG Behavioral Health 21st Edition)
Authorized Representative	For the purposes of this policy, an individual either appointed by a Member or authorized under State or other applicable law to act on behalf of the Member in filing a Grievance, requesting a Prior Authorization request, or in dealing with any level of the appeals process. Unless otherwise stated in Title 42 of the Code of Federal Regulations, Part 423 (Subpart M), Part 422 (Subpart M), or Part 438 (Subpart F), as applicable, the representative has all of the rights and responsibilities of a Member in obtaining a Prior Authorization request in dealing with any of the levels of the appeals process.
Authorization Request Form (ARF)	CalOptima's form to request authorization for Covered Services
Autism Spectrum Disorder (ASD)	A developmental disability that can cause significant social, communication and behavioral challenges. A diagnosis of ASD includes several conditions that previously were diagnosed separately: autistic disorder, pervasive developmental disorder not otherwise specified (PDD-NOS) and Asperger syndrome.
CalOptima	For purposes of this policy, CalOptima means CalOptima Direct, including CalOptima Community Network (CCN).
Comprehensive Diagnostic Evaluation	A developmental screening that can be used to determine a diagnosis of autism spectrum disorder. It may also be able to identify other member needs if a diagnosis of ASD is not found.
Concurrent Review	A review of Medical Necessity of an authorization request for the Member's treatment regimen that is already in place while the Member is currently in an acute or post-acute setting, or in an ongoing course of care in an outpatient or community setting.

Back to Agenda Back to Item

Term	Definition
Covered Services	Medi-Cal: Those services provided in the Fee-For-Service Medi-Cal program (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in section 51308 of Title 22, CCR), podiatry services (as defined in section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127) for HHP Members, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members not-withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program. One Care Connect: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the three-way agreement with the Department of Health Care Services and Centers for Medicare & Medicaid Services (CMS).
Discharge Planning	Planning that begins at the time of admission to a hospital or institution to ensure that necessary care, services, and supports are in place in the community before individuals leave the hospital or institution in order to reduce readmission rates, improve Member and family preparation, enhance Member satisfaction, assure post-discharge follow-up, increase medication safety, and support safe transitions.
Health Network	For purposes of this policy, a Physician Hospital Consortium (PHC), , physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Initial Emergency Encounter	A Member's presentation to the emergency department for outpatient Emergency Services or the Member's inpatient emergency admission, whichever comes first.
Medically Necessary or Medical Necessity	Reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury.
Member	An enrollee-beneficiary of a CalOptima program.

Term	Definition
Practitioner	A licensed independent practitioner including, but not limited to, a Doctor of Medicine (MD), Doctor of Osteopathy (DO), Doctor of Podiatric Medicine (DPM), Doctor of Chiropractic Medicine (DC), Doctor of Dental Surgery (DDS), Doctor of Psychology (PhD or PsyD), Licensed Clinical Social Worker (LCSW), Marriage and Family Therapist (MFT or MFCC), Nurse Practitioner (NP), Nurse Midwife, Physician Assistant (PA), Optometrist (OD), Registered Physical Therapist (RPT), Occupational Therapist (OT), or Speech and Language Therapist, furnishing Covered Services.
Prior Authorization	A formal process requiring a Provider to obtain advance approval of Covered Services that are Medically Necessary and to what amount, duration, and scope, except in the case of an emergency.
Provider	A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary provider, health maintenance organization, or other person or institution that furnishes Covered Services.
Prudent Layperson	A person who possesses an average knowledge of health and medicine, and the standard establishes the criteria that insurance coverage is based not on ultimate diagnosis, but on whether a prudent person might anticipate serious impairment to his or her health in an emergency situation.
Psychological Testing	The use of standardized assessment tools to gather information relevant to a member's intellectual and psychological functioning. Psychological testing can be used to determine differential diagnosis and assess overall cognitive functioning related to a member's mental health or substance use status. Test results may have important implications for treatment planning.
Retrospective Review	A form of medical records review that is conducted after the Member's discharge to track appropriateness of care and consumption of resources.
Specialist Physician	A physician who has obtained additional education/training in a focused clinical area and does not function as a Primary Care Provider.
Sensitive Services	Those Covered Services related to family planning, a sexually transmitted disease (STD), abortion, and Human Immunodeficiency Virus (HIV) testing.

I. PURPOSE

This policy establishes the procedure by which CalOptima and its Health Networks shall process a request for Prior Authorization, Concurrent Review, and Retrospective Review of Covered Services for a Member.

II. POLICY

A. CalOptima and its Health Networks shall process requests for Prior Authorization, Concurrent Review, and Retrospective Review within the timeframes specified in this ~~policy~~Policy. CalOptima and its Health Networks shall maintain appropriate communication with the Member, the Member's Authorized Representative, and Practitioner or Provider, throughout the Prior Authorization process to facilitate delivery of appropriate services.

~~B. General Standards~~

~~a. A Provider or Practitioner shall request basic information from a Member when providing services, including access to the Member's Medi-Cal Beneficiary Identification Card (BIC), Medicare identification card, or CalOptima identification card, or shall perform an eligibility verification using CalOptima's Provider Portal at www.caloptima.org.~~

~~1. Prior Authorization does not guarantee eligibility at the time services are rendered.~~

B. For ~~Medi-Cal~~ Members~~,~~ enrolled in OneCare or OneCare Connect, CalOptima or a Health Network, as applicable, shall accept an Organization Determination request from a Member or Member's Authorized Representative and shall not redirect the Member or Member's Authorized Representative to the Provider office to make such request.

1. If a OneCare or OneCare Connect Health Network Member calls CalOptima before contacting the ~~Provider or Practitioner~~ Health Network regarding an authorization, CalOptima shall ~~verify eligibility at the time~~ transfer such calls to the appropriate Health Network Customer Service line for assistance.

Back to Agenda Back to Item

C. CalOptima and its Health Networks shall follow the ~~service is provided~~applicable Timeframes for Decisions and Notifications Table, as set forth in Attachments A and B of this Policy, for all requested services, whether in- or out-of-network.

~~B.~~D. CalOptima and its Health Networks shall ensure that decisions related to coverage or denial of requested services due in whole or in part to Medical Necessity are consistent and based upon sound medical evidence, in accordance with CalOptima ~~Policy DD.2003: Member Identification and Eligibility Verification~~Policies GG.1535: Utilization Review Criteria and Guidelines and GG.1541: Utilization Management Delegation.

~~If~~

E. With respect to the Whole Child Model (WCM) program, CalOptima ~~or a~~and its Health ~~Network does~~Networks shall ensure compliance with applicable statutory, regulatory, and contractual requirements, as well as California Department of Health Care Services (DHCS) guidance, including, but not ~~take action~~limited to, All Plan Letter (APL) 18-023: California Children's Services Whole Child Model Program, or any superseding APL. Without limiting the foregoing, CalOptima and the Health Networks shall:

1. Use all current and applicable California Children's Services (CCS) Program guidelines, including CCS Program regulations, CCS Program information notices, and CCS Numbered Letters in developing criteria for use by ~~approving, denying, deferring,~~their respective medical director or ~~modifying~~the equivalent, and other care management staff.

2. Use evidenced-based guidelines or treatment protocols that are medically appropriate given the Member's CCS-Eligible Condition in cases in which applicable CCS clinical guidelines do not exist.

F. CalOptima and its Health Networks shall ensure the authorization process for Covered Services is consistently applied to medical/surgical, mental health, and substance use disorder services~~,~~ and benefits.

G. CalOptima and the Health Networks shall make utilization management (UM) decisions based only on ~~a written~~appropriateness of care and service, and existence of coverage. CalOptima and the Health Networks do not reward Practitioners or other individuals for issuing denial for coverage, care, or services. CalOptima and the Health Networks do not provide financial incentives to utilization management decision-makers to encourage decisions that result in underutilization.

H. CalOptima and the Health Networks shall not require a Provider or Practitioner to request ~~for~~ Prior Authorization ~~of~~for Covered Services ~~within fourteen (14) calendar days after receipt,~~specified in Section III.A. of this ~~p~~Policy.

~~C.~~I. For services that do not require a Prior Authorization, Providers, including Specialist Physicians, shall refer the Member to a contracted Provider, unless such ~~request~~ Provider is unavailable in-network. Referrals to an out-of-network Provider shall be ~~deemed denied by default and a notification of denial for the requested service is sent to the Provider and Member~~ processed in accordance with CalOptima Policy GG.~~1507: Notification Requirements for Covered Services Requiring Prior~~1539: Authorization~~.~~ for Out-of-Network and Out-of-Area Services.

1. For Sensitive Services, Members may access any Provider, including those who are out-of-network, as outlined in CalOptima Policy GG.1118: Family Planning Services, Out-of-Network.

For Health Network Members,

Back to Agenda Back to Item

2. ~~An Urgent Authorization Request may be submitted if~~ a ~~normal~~Provider, including a Specialist Physician, shall follow the Health Network's authorization ~~timeframe will be detrimental~~process.

J. A Provider or Practitioner may request retrospective authorization for Covered Services rendered to a ~~Member's life or health, and jeopardizes the Member's ability to regain maximum function, or result in loss of life, limb, or other majorly body function;~~ Member as long as such request is ~~required to be addressed~~made within ~~seventy-two (72) hours or as soon as~~ sixty (60) calendar days after the initial date of service and one of the following conditions apply:

1. The Member has Other Health Coverage (OHC); or

2. The Member's ~~health~~medical condition ~~requires~~is such that the Provider or Practitioner is unable to verify the Member's eligibility for Medi-Cal, OneCare, or OneCare Connect program, as applicable, at the time of service.

K. ~~CalOptima and its contracted~~ CalOptima and a Health Network shall ensure that all contracted Providers and non-contracting Specialist Physicians and Providers are informed of the Prior Authorization and Referral process at the time of Referral.

L. CalOptima and its Health Networks that are responsible for utilization management of hospital services shall have a plan health professional or a contracting physician available twenty-four (24) hours a day, seven (7) days a week to authorize Medically Necessary post-stabilization services, to coordinate the transfer of stabilized Members in an emergency department~~,~~ if necessary, and for general communication with emergency room personnel.

M. If a Member exhausts his or her Medicare benefits as provided under the OneCare Program, and at the request of the Health Network under a shared risk contract, CalOptima shall authorize Covered Services in accordance with this Policy or other applicable CalOptima policies and procedures.

~~D.~~N. CalOptima and its Health Networks shall maintain a system for tracking and monitoring all ~~referrals~~Referrals for Provider and Member-requested (OneCare and OneCare Connect Members only) health care services and supplies~~. For Medi-Cal Covered Services, the system, at a minimum, must track~~ requiring Prior Authorization as follows:

1. Referral turnaround time for issuing a determination;

~~1. Referral turnaround time for issuing a determination;~~

2. Criteria used in making the determination~~.~~;

~~2.~~3. If denied, deferred, or modified, a copy of the Notice of Action (NOA); and

~~3.~~4. Specific services and supplies approved, denied, deferred, or modified.

III. PROCEDURE

~~i. Only a qualified, licensed physician shall review and issue denials of a request for healthcare services for Medical Necessity or benefit coverage related to a Member's medical benefits.~~

2. Only a qualified, licensed clinical psychologist or Board-Certified psychiatrist shall review and issue denials for Behavioral Health Care services for Medical Necessity or benefit coverage related to a Medi-Cal Member's behavioral health benefits.

3. Only a qualified, licensed clinical pharmacist shall review and issue denials of a pharmaceutical for Medical Necessity or benefit coverage related to a Member's pharmacy benefits.

C. A Practitioner or Provider shall request Prior Authorization for services and/or supplies for a CalOptima Member, in accordance with CalOptima Policy GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers.

D. A Practitioner or Provider shall request Prior Authorization for services for a Health Network Member, in accordance with the Health Network's authorization policy.

3. For the Medi-Cal ~~licensed Practitioner;~~ Program, in addition to the services identified in Section III.A.1. of this policy, the following services do not require Prior Authorization:

~~a. A Member requesting an elective abortion may access information about qualified Practitioners by calling CalOptima's Customer Service Department or the Member's Health Network Member services department.~~

~~6.~~ Minor Consent Services ~~in the Medi-Cal program~~

a. : The following Minor Consent Services provided to a CalOptima Medi-Cal Member less than eighteen (18) years of age do not require parental consent or Prior Authorization. Minor Consent Services are Covered Services of a sensitive nature related to:

i. Sexual assault, including rape;

ii. Drug or alcohol abuse for a Member twelve (12) years of age or older;

iii. Pregnancy;

Back to Agenda Back to Item

iv. Family Planning, including termination of pregnancy; and

~~ii.~~i. Sexually transmitted diseases (STDs) or HIV/AIDS for a Member twelve (12) years of age or older.

b. Initial mental health ~~assessment~~assessments; and

c. The Comprehensive Diagnostic Evaluation for assessment of Autism Spectrum Disorder.

~~F. For services that do not require a Prior Authorization, Providers, including Referral Practitioners, shall refer the Member to a contracted Provider, unless such Provider is unavailable in-network, in accordance with GG.1539: Authorization for Out-of-Network and Out-of-Area Services.~~

B. Responsibilities of Primary Care Provider (PCP) and Specialist Physician

1.A

~~1. For Sensitive Services, Members may access any Provider, including those who are out-of-network, as outlined in CalOptima Policy GG.1118: Family Planning Services, Out-of-Network.~~

~~1. For Health Network Members, a Provider, including Referral Practitioners, shall follow the Health Network's authorization process.~~

~~The~~ PCP is required to maintain twenty-four (24) hour access for the Member, including availability for response to emergency and urgent questions from the Member~~.~~ in accordance with CalOptima Policy GG.1110: Primary Care Practitioner Definition, Role, and Responsibilities. When possible, the PCP shall evaluate and counsel the Member, and direct the Member to the most appropriate level of service based on the Member's condition.

2. All services shall be provided in the manner and time frames set forth in CalOptima Policy GG.1113: ~~Referral~~Specialty Practitioner Responsibilities.

3. Member Eligibility Verification

a. A Provider or Practitioner shall request basic information from a Member when providing services, including access to the Member's Medi-Cal Beneficiary Identification Card (BIC), Medicare identification card, or CalOptima identification card, or shall perform an eligibility verification using CalOptima's Provider Portal at www.caloptima.org.

b. Prior Authorization does not guarantee eligibility at the time services are rendered.~~Responsibility~~

c. For Medi-Cal Members, a Provider or Practitioner shall verify eligibility at the time the services are provided, in accordance with CalOptima Policy DD.2003: Member Identification and Eligibility Verification.

C. Authorization Requests

1. For a CalOptima Direct Member, a Practitioner or Provider shall request the following authorizations in accordance with CalOptima Policy GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers:

a. Request for Prior Authorization for Covered Services and/or supplies, including an Urgent Authorization Request.

Back to Agenda Back to Item

b. Request for Concurrent Review for services needing authorization, but which have begun without Prior Authorization in place, and are continuing.

c. Request for Retrospective Review subject to the limitations described in Section II.J. of this Policy.

2. For a Health Network Member, a Practitioner or Provider shall request the following authorizations in accordance with the Health Network's authorization policy:

a. Request for Prior Authorization for Covered Services and/or supplies, including an Urgent Authorization Request.

b. Request for Concurrent Review for services needing authorization, but which have begun without Prior Authorization in place, and are continuing.

c. Request for Retrospective Review subject to the limitations described in Section II.J. of this policy.

3. An Urgent Authorization Request may be submitted if a routine authorization timeframe will be detrimental to a Member's life or health, jeopardize the Member's ability to regain maximum function, or may result in loss of life, limb, or other major body function. Such request is required to be addressed within seventy-two (72) hours or as soon as the Member's health condition requires.

4. A hospital must submit the request for Prior Authorization and obtain approval from CalOptima or a Health Network, as applicable, prior to a Member's admission to inpatient status.

5. All CalOptima and Health Network authorization requests must include the clinical records that validate the need for the requested item or service.

D. Hospital~~/Provider when~~ Notification of Emergency Services ~~includes Admission for Continuing Treatment~~

~~1. CalOptima Member~~

~~a. The Hospital/Provider shall admit the Member to an approved Provider or Specialist Practitioner and~~ 1. A hospital shall notify CalOptima ~~within twenty-four (24) hours, or the next business day, after the hospital admission by telephone or facsimile.~~

~~b. CalOptima shall issue a tracking number, if medically indicated, after the initial admission review, which will occur~~or the Member's Health Network, as applicable, within twenty-four (24) hours of a Member's Initial Emergency Encounter. Until a notification~~.~~

~~CalOptima shall~~ system is implemented, hospital shall use its best efforts to provide ~~subsequent concurrent review as medically indicated using evidence-based criteria. UM shall complete the concurrent review at a minimum, every three (3) calendar days. If the third day falls on a weekend or holiday, UM shall complete the concurrent review on the next business day. Should Medical Necessity review criteria recommend review more frequently than every three (3) calendar days, subsequent concurrent review will be performed as recommended, utilizing criteria. Authorization is granted based on Medical Necessity met or physician review and agreement~~such notice within twenty-four (24) hours of the Member's presentation to the emergency department for outpatient Emergency Services.

2. ~~CalOptima shall coordinate~~If the Initial Emergency Encounter occurs on a holiday or weekend, notification to CalOptima or the Member's Health Network shall be made the following business day, or the time Member identity is known, or would have been known with the exercise of reasonable diligence.

E. Prior Authorization Request from Non-Contracted Provider

1. Medically Necessary Post-Stabilization Services

a. A hospital must submit a Prior Authorization request for post-stabilization services when a Member who has received Emergency Services for an Emergency Medical Condition is determined to have reached medical stability, but requires additional, Medically Necessary inpatient Covered Services that are:

i. Related to the Emergency Medical Condition; and

ii. Provided to maintain, improve or resolve the Member's stabilized medical condition.

b. A Prior Authorization request for Medically Necessary post-stabilization services shall consist of a completed and signed authorization request form from the facility to CalOptima or a Health Network's Utilization Management Department clinician and include the following information to provide sufficient information to make a decision regarding care within thirty (30) minutes for Medi-Cal and sixty (60) minutes for OneCare and OneCare Connect:

i. Identifying information including: Member name, birthdate, CIN and gender;

ii. Name and role of facility clinician requesting prior authorization, their direct phone number and the name of facility;

iii. Nature of the emergency condition that has been stabilized;

iv. Medical documentation to include at a minimum:

a) History and physical;

b) Vital signs; and

c) Laboratory and/or radiology results.

v. Co-morbid conditions; and

vi. Medical reason for admission to the hospital including proposed treatment.

c. For a CalOptima Direct Member enrolled in the Medi-Cal or OneCare Connect program, CalOptima shall process a Prior Authorization request from a non-contracted Provider for Medically Necessary post-stabilization services in accordance with CalOptima Policy GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers.

d. For a Health Network Member enrolled in the Medi-Cal program, the Health Network shall approve or deny a non-contracted Provider's Prior Authorization request for post-stabilization services within thirty (30) minutes after receipt of a written request that fully

Back to Agenda Back to Item

complies with Section III.E.1.b. of this Policy. If the Health Network fails to approve or deny such request within thirty (30) minutes, Medically Necessary post-stabilization services are deemed approved.

i. Notwithstanding Section III.E.1.d. of this Policy, pursuant to Section 1300.71.4 of Title 28 of the California Code of Regulations, the Health Network may notify the non-contracted Provider of the denial of such request prior to the commencement of the delivery or during the continuation of the delivery of post-stabilization services, provided that the disruption of such services (taking into account the time necessary to effect the Member's transfer or discharge) does not have an adverse impact on the efficacy of such services or the Member's medical condition.

ii. In the case where the Health Network denies such request and informs the non-contracted Provider of its decision to transfer the Member to another Provider, the Health Network shall effectuate the transfer of the Member as soon as possible.

e. For a Health Network Member enrolled in the OneCare or OneCare Connect program, a Health Network shall approve or deny a non-contracted Provider's Prior Authorization request for post-stabilization services within sixty (60) minutes after receipt of a written request that fully complies with Section III.E.1.b. of this Policy. If the Health Network does not respond to such request within sixty (60) minutes, Medically Necessary post-stabilization services are considered approved.

2. Medically Necessary Non-Urgent Care Following Emergency Room Exam

a. For a CalOptima Direct Member enrolled in the Medi-Cal program, CalOptima shall process a Prior Authorization request from a non-contracted Provider for Medically Necessary non-urgent care following an exam in the emergency room in accordance with CalOptima Policy GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers.

b. For a Health Network Member enrolled in the Medi-Cal program, a Health Network shall approve or deny a Prior Authorization request for non-urgent care following an exam in the emergency room within thirty (30) minutes after receipt of such request from a non-contracted Provider on behalf of a Member, who has received Emergency Services. If the Health Network does not respond to such request within the required timeframe, Medically Necessary non-urgent care is deemed approved.

3. Health Network staff shall assist the hospital with timely Discharge Planning~~, so that the Member's anticipated needs are met, and discharge plan is continued to the next~~ to facilitate transition to the most appropriate level of care following facility discharge in accordance with the Health Network's policy.

~~2. Health Network Member~~

~~1. The Hospital/Provider shall notify the Member's Health Network or PCP in accordance with Health Network's policy.~~

~~2. The Hospital/Provider shall admit the Member to the appropriate Provider or Specialist Practitioner, based on the instructions from the Member's Health Network.~~

~~3. Health Network staff shall coordinate timely Discharge Planning so that the Member's anticipated needs are met, and discharge plan is continued to the next appropriate level of care following facility discharge in accordance with Health Network 's policy~~

F. Second Medical Opinions

1. A Member or the Member's Authorized Representative has the right to request a second opinion.

2. For Medi-Cal, a Member or the Member's Authorized Representative may request a second opinion from their Practitioner, or by contacting CalOptima's Customer Service Department (714-246-8500 or toll-free at 888-587-8088/TDD/TTY: 1-800-735-2929), or the Member's Health Network.

3. For OneCare, a Member or the Member's Authorized Representative may request a second opinion from their Practitioner, or by contacting CalOptima's OneCare Customer Service Department (714-246-8711 or toll-free at 877-412-2734/TDD/TTY: 1-800-735-2929), or the Member's Health Network~~;~~.

4. For OneCare Connect, a Member or the Member's Authorized Representative may request a second opinion from their Practitioner, or by contacting CalOptima's OneCare Connect Customer Service Department (toll-free 1-855-705-8823 or TDD/TTY: 1-800-735-2929), or Member's Health Network.

5. CalOptima or a Health Network requires Prior Authorization for a second opinion by a Specialist Physician.

6. A Member may receive a second opinion from an in-network Provider at no cost. If an in-network Provider is not available, CalOptima or their Health Network shall make arrangements for the Member to obtain a second opinion from an out-of-network Provider at no cost.

7. A Member may receive a third opinion, at no cost to a Member, if there is a disparity between the initial and second opinion.

G. Out-of-Network Services

1. CalOptima or a Health Network shall provide Medically Necessary and Covered Services to a Member through an out-of-network Provider when CalOptima or the Health Network is unable to provide services within the network, in accordance with CalOptima Policy GG.1539: Authorization for Out-of-Network and Out-of-Area Services.

2. CalOptima or a Health Network shall adequately and timely cover out-of-network services, for as long as CalOptima or the Health Network is unable to provide the services within the network. CalOptima or the Health Network shall process out-of-network service requests, as specified in the Timeframes for Decisions and Notifications Tables.

3. All requests requiring Prior Authorization shall require the requestor to submit a fully completed Authorization Request Form to CalOptima along with medical justification sufficient to make a determination and the physician signature. CalOptima shall process the request, as specified in the Timeframes for Decisions and Notifications Tables.

4. CalOptima or a Health Network shall follow the Timeframes for Decisions and Notifications Tables for all requested services, whether in or out of the network.

5. CalOptima or a Health Network shall arrange for a Letter of Agreement (LOA) with an identified out-of-network Provider, in accordance with CalOptima Policy EE.1141: CalOptima Provider Contracts.

6. CalOptima or a Health Network shall provide continued access as follows:

   a. For newly enrolled Medi-Cal beneficiaries, for up to twelve (12) months, to an out-of-network Provider with whom the Member has had an ongoing relationship, if there are no quality ~~–~~ of ~~–~~ care issues with the Provider and the Provider accepts contracted or Medi-Cal rates in accordance with CalOptima Policy GG.1325: ~~Coordination~~Continuity of Care for ~~Newly Enrolled Medi-Cal~~ Members Transitioning into CalOptima Services.

   b. For Members eligible with the California Children's Services (CCS) Program and transitioned into the WCM program, for up to twelve (12) months, to an out-of-network CCS-paneled Provider, specialized or customized durable medical equipment provider, currently prescribed medication, and public health nurse, in accordance with CalOptima Policies GG.1325: Continuity of Care for Members Transitioning into CalOptima Services, GG.1401: Pharmacy Authorization Process, and GG.1330: Case Management – California Children's Services Program/Whole Child Model.

   ~~b.~~c. For newly enrolled OneCare Connect beneficiaries~~`~~,, for up to twelve (12) months for Medi-Cal and Medicare Covered Services, to an out-of-network Provider with whom the Member has had an ongoing relationship, if there are no quality ~~–~~ of ~~–~~ care issues with the Provider and the Provider accepts contracted or Medi-Cal or Medicare rates, in accordance with CalOptima Policy CMC.6021a: Continuity of Care for New Members.

H. Denials, Deferrals, and Modifications of Prior Authorization Requests

~~2.~~1. Preferred Network Specialist ~~Physician~~. CalOptima or a Health Network may redirect specialty care Prior Authorization requests to a preferred network Specialist Physician under the following conditions:

   a. All modification, denial, and notification requirements are followed pursuant to regulation requirements; and

   b. The preferred Specialist Physician is selected based on the following:

      i. A demonstrated ability to provide the services requested;

      ii. Prolific experience providing the services requested;

      iii. Volume of the requested care previously provided;

      iv. An existing relationship with CalOptima or the Health Network, as applicable;

      v. A proven ability to maintain adequate Member access;

      vi. A proven ability to provide care coordination; ~~and~~

      vii. No existing issues related to continuity of care or Tertiary service needs~~.~~; and

viii. For Members eligible with the CCS Program and transitioned into the WCM program, a CCS-paneled provider qualified to treat the CCS-Eligible Condition of the CCS child or youth, in accordance with CCS Program rules and regulations.

2. Consultation with Board-Certified Specialist.

~~c.~~a. CalOptima may consult with a Board-Certified specialist if the Prior Authorization request is out of the scope of practice of the physician reviewer.

i. A CalOptima Medical Director shall forward a request for review by a Board-Certified specialist to the Prior Authorization manager~~,~~ or Designee~~,~~ for appropriateness;

ii. The Prior Authorization manager~~,~~ or Designee~~,~~ shall forward the request to a contracted external review agency electronically for review; and

iii. Upon receipt of the recommendation of the external review agency, the CalOptima Medical Director shall conduct the final review and determination.

~~d.~~b. The Quality Improvement (QI) Department shall maintain a list of Board-Certified specialists, and the list will be reviewed annually by the Quality Improvement Committee (QIC).

~~e. CalOptima shall make utilization management (UM) decisions based only on appropriateness of care and service, and existence of coverage.~~

~~f. CalOptima does not specifically reward Practitioners or other individuals for issuing denial of coverage or care.~~

3. Tertiary Care.

a. CalOptima or a Health Network shall authorize Tertiary Care Services when a Member requires testing or treatment that is otherwise not available at a non-Tertiary level of care.

b. CalOptima shall only authorize Tertiary Care services under the following circumstances:

i. A Member requires testing or treatment that is otherwise not available at a non-Tertiary level of care;

ii. A Member requires interdisciplinary or simultaneous treatments with multiple specialty services as part of a complex, coordinated plan of care;

iii. A Member requires testing or treatment that is otherwise too high of a risk or otherwise not safe to perform at a non-Tertiary level of care;

iv. A Member or Provider ~~wishes to refer~~requires a referral for experimental or investigational procedures not available in-network and may do so directly through CalOptima; and

v. There is no quality ~~-~~of~~-~~care issues for the Provider.

4. Utilization Management (UM) Decision. CalOptima and its Health Networks shall ensure the following:

a. Requested health care services may be approved by UM staff who are not qualified health care professionals only when:

i. The UM staff is under the supervision of an appropriately licensed health professional;

ii. There are explicit UM criteria; and

iii. No clinical judgement is required.

b. Requested health care services which require the use of clinical judgement shall be approved by licensed health care professionals.

c. Decisions to deny or to authorize an amount, duration, or scope less than the requested health care services shall be made by a qualified health care professional with appropriate clinical expertise in treating the condition and disease.

i. Only a qualified, licensed physician shall deny or authorize an amount, duration, or scope less than the requested health care services based in whole or in part on Medical Necessity.

ii. Only a qualified, licensed clinical psychologist or Board-Certified psychiatrist shall review and issue denials for Behavioral Health Care services for Medical Necessity or benefit coverage related to a Medi-Cal Member's behavioral health benefits; and

iii. Only a qualified, licensed ~~In the event a~~physician or qualified, licensed clinical pharmacist shall review and approve, defer, modify or deny prior authorizations for pharmaceutical services.

d. Only qualified, licensed health care professionals supervise review decisions requiring Prior Authorization, including service reductions, and a qualified, licensed physician shall review all denials of a request for health care services based in whole or in part on Medical Necessity.

5. Notification of UM Decision

a. CalOptima and its Health Networks shall notify the requesting Practitioner or Provider and/or Member or Member's Authorized Representative, as appropriate, regarding any decision to deny, approve, modify, or delay an authorization request in accordance with CalOptima Policy GG.1507: Notification Requirements for Covered Services Requiring Prior Authorization. In addition, for OneCare and OneCare Connect, CalOptima and its Health Networks shall ensure compliance with the notification requirements set forth in CalOptima Policy MA.6042: Organization Determinations.

~~g.~~b. If Medical Necessity criteria are not met, and review by a CalOptima or Health Network physician does not find the Member requires the requested inpatient level of care and Prior Authorization request is denied, delayed, modified, or alternative treatment is recommended, CalOptima or a Health Network shall notify the Member, the Member's Authorized Representative, and the Practitioner or Provider of the reason for the action.

~~L. CalOptima shall ensure the Prior Authorization process for Covered Services is consistently applied to medical/surgical, mental health, and substance use disorder services and benefits.~~

~~III.~~I. ~~PROCEDURE~~

c. For routine (non-urgent) authorization requests, if CalOptima or a Health Network does not take action by approving, denying, deferring, or modifying services, on a written request for Prior Authorization of Covered Services within fourteen (14) calendar days after receipt, such request shall be deemed denied by default and a notification of denial for the requested service shall be sent to the Provider and Member in accordance with CalOptima Policy GG.1507: Notification Requirements for Covered Services Requiring Prior Authorization.

I. Availability of CalOptima UM ~~staff~~Staff and ~~services~~Services

1. CalOptima's UM Department shall provide Members or potential Members access to information, about the UM process, and the process for authorizing care, in the Medi-Cal Member Handbook, OneCare Evidence of Coverage, and OneCare Connect Member Handbook available in-print and on the CalOptima website at www.caloptima.org.

2. CalOptima's UM Department shall provide Practitioners access to information about the UM process, and the process for authorizing care, in the Provider Manual, available on the CalOptima website at www.caloptima.org.

3. UM staff shall be available for inbound calls regarding UM issues during CalOptima normal business hours, Monday – Friday, from 8 a.m. to 5 p.m., with the exception of holidays. All inbound calls will be received by CalOptima's Customer Service Department~~,~~ and routed to appropriate UM staff.

   a. UM staff shall provide a toll-free number (888-587-8088) and accept collect calls regarding UM issues and will also accept calls at 714-246-8500.

   b. UM staff shall identify themselves by name, title, and organization name when initiating or returning calls regarding UM issues.

   c. UM staff shall send outbound communication regarding UM inquiries during normal business hours, unless otherwise agreed upon.

   d. UM staff shall be accessible to callers who have questions about the UM process.

   e. UM physicians shall be available to answer denial determination ~~question~~questions during normal business hours and after hours at 888-587-8088 and accept collect calls regarding UM issues and will also accept calls at 714-246-8500. During business hours, calls shall be directed to the UM Department and transferred to the appropriate UM physician. The after-hours answering service shall direct calls to the on-call physician.

   f. A UM physician shall respond to a treating Provider request within thirty (30) minutes for an emergency call and within one (1) business day for all other requests.

4. UM staff shall be available to receive inbound communication regarding UM issues after normal business hours through the on-call-service~~. On-call service includes:~~, facsimile, electronic, and telephone communications (e.g., sending e-mail messages or leaving voicemail messages). Communications received after normal business hours are returned on the next

Back to Agenda Back to Item

business day. Communications received after midnight on Monday-Friday are responded to on the same business day.

5. CalOptima shall utilize a telecommunications device for the deaf/telephone typewriter, or teletypewriter (TDD/TTY) services for deaf, hard of hearing or speech impaired, or comparable device or service available to assist Members, in accordance with CalOptima ~~policies~~Policies DD.2002: Cultural and Linguistic and Services, MA.4002: Cultural and Linguistic and Services, and CMC.4002: Cultural and Linguistic and Services (CalOptima is able to receive and send TDD/TYY messages and has a separate phone number for receiving TDD/TYY messages.).

6. CalOptima shall provide language assistance services free of charge to Members. CalOptima shall provide services in the requested language through bilingual staff or an interpreter, to assist Members with UM issues, in accordance with CalOptima Policies DD.2002: Cultural and Linguistic Services, MA.4002: Cultural and Linguistic and Services, and CMC.4002: Cultural and Linguistic and Services.

7. CalOptima shall send a CalOptima Medi-Cal Member Handbook/Evidence of Coverage (EOC) booklet as part of the enrollment packet, as specified in CalOptima Policy DD.2005: Member Handbook Requirements. The handbook will note availability of UM staff in regard to UM issues~~,~~ and will include the Customer Service Department phone number and the TDD/TTY phone number.

8. Annually, CalOptima shall inform Medi-Cal Members of the availability of the CalOptima Member Handbook/Evidence of Coverage.

9. Annually, CalOptima shall send via U.S. Mail the OneCare Evidence of Coverage, for OneCare Members, and the Member Handbook, for OneCare Connect Members.

J. Failure of a Health Network or CalOptima department to comply with CalOptima's authorization ~~process~~policies and procedures, as applicable, as well as relevant statutory, regulatory, and/or contractual requirements, shall lead to disciplinary action which may include, but not be limited to, education and training on CalOptima's authorization process and reports to the Utilization Management Committee (UMC), Audit & Oversight Committee (AOC), and/or the Compliance Committee~~.~~.

1. Continued non-compliance may lead to issuance of a Corrective Action Plan (CAP) and/or ~~Sanction~~Sanctions, in accordance with CalOptima Policies HH.2002Δ: Sanctions and HH.2005Δ: Corrective Action Plan.

IX. GLOSSARY

Term	Definition
Authorized Representative	For purposes of this policy, an individual either appointed by a Member or authorized under State or other applicable law to act on behalf of the Member in filing a Grievance, requesting a Prior Authorization request, or in dealing with any level of the appeals process. Unless otherwise stated in Title 42 of the Code of Federal Regulations, Part 423 (Subpart M), Part 422 (Subpart M), or Part 438 (Subpart F), as applicable, the representative has all of the rights and responsibilities of a Member in obtaining a Prior Authorization request or in dealing with any of the levels of the appeals process.
Authorization Request Form (ARF)	CalOptima's form to request authorization for Covered Services
Autism Spectrum Disorder (ASD)	A developmental disability that can cause significant social, communication and behavioral challenges. A diagnosis of ASD includes several conditions that previously were diagnosed separately: autistic disorder, pervasive developmental disorder not otherwise specified (PDD-NOS) and Asperger syndrome.
Behavioral Health Care	Evaluation and treatment of psychological and substance abuse disorders. Specialty mental health services may include, but are not limited to, medication support services, day treatment intensive services, crisis intervention, crisis stabilization, adult residential treatment services, crisis residential services and psychiatric health facilities services.
Board Certification/Certified	Certification of a physician by one (1) of the boards recognized by the American Board of Medical Specialties (ABMS), or American Osteopathic Association (AOA), as meeting the requirements of that board for certification.
California Children's Services (CCS) Program	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible individuals under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.
California Children's Services (CCS)-Eligible Condition	Chronic medical conditions, including but not limited to, cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries and infectious disease producing major sequelae as defined in Title 22, California Code of Regulations sections 41515.2 through 41518.9.
CalOptima Direct	~~For purposes of this policy,~~A direct health care program operated by ~~CalOptima shall include CalOptima Direct~~that includes both COD-Administrative (COD-A) and CalOptima Community Network (CCN)~~.~~) and provides services to members who meet certain eligibility criteria as described in Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.
Comprehensive Diagnostic Evaluation~~CalOptima~~	A developmental screening that can be used to determine a diagnosis of autism spectrum disorder. It may also be able to identify other member needs if a diagnosis of ASD is not found.~~For purposes of this policy, CalOptima shall include CalOptima Direct and CalOptima Community Network (CCN).~~

Term	Definition
Concurrent Review~~Comprehensive Diagnostic Evaluation~~	A review of Medical Necessity of an authorization request for the Member's treatment regimen that is already in place while the Member is currently in an acute or post-acute setting, or in an ongoing course of care in an outpatient or community setting.~~A developmental screening that can be used to determine a diagnosis of autism spectrum disorder. It may also be able to identify other member needs if a diagnosis of ASD is not found.~~
Covered Services	Medi-Cal: Those services provided in the Fee-For-Service Medi-Cal program (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127) for HHP Members, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members not-withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program. OneCare: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Centers of Medicare & Medicaid Services (CMS) Contract. OneCare Connect: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the three-way contract with the Department of Health Care Services (DHCS) and Centers for Medicare & Medicaid Services (CMS).
Discharge Planning	Planning that begins at the time of admission to a hospital or institution to ensure that necessary care, services, and supports are in place in the community before individuals leave the hospital or institution in order to reduce readmission rates, improve Member and family preparation, enhance Member satisfaction, assure post-discharge follow-up, increase medication safety, and support safe transitions.

Term	Definition
Emergency Medical Condition~~Discharge Planning~~	A medical condition that is manifested by acute symptoms of sufficient severity including severe pain such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in: 1. Placing the health of the Member (or, if the Member is a pregnant woman, the health of the Member and her unborn child) in serious jeopardy; ~~1.~~ Serious impairment to bodily functions; or 2. ~~2.~~3. Serious dysfunction of any bodily organ or part.~~Planning that begins at the time of admission to a hospital or institution to ensure that necessary care, services, and supports are in place in the community before individuals leave the hospital or institution in order to reduce readmission rates, improve Member and family preparation, enhance Member satisfaction, assure post-discharge follow-up, increase medication safety, and support safe transitions.~~
Emergency Services~~Emergency Medical Condition~~	Inpatient and outpatient Covered Services furnished by a Provider qualified to furnish those health services needed to evaluate or stabilize an Emergency Medical Condition.~~A medical condition that is manifested by acute symptoms of sufficient severity including severe pain such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:~~ ~~3. Placing the health of the Member (or, if the Member is a pregnant woman, the health of the Member and her unborn child) in serious jeopardy;~~ ~~4. Serious impairment to bodily functions; or~~ ~~Serious dysfunction of any bodily organ or part.~~
Health Network~~Emergency Services~~	~~For purposes of this policy, a~~A Physician Hospital Consortium (PHC), Physician Medical Group (PMG), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.~~Covered Services furnished by Provider qualified to furnish those health services needed to evaluate or stabilize an Emergency Medical Condition.~~
Initial Emergency Encounter ~~Health Network~~	A Member's presentation to the emergency department for outpatient Emergency Services or the Member's inpatient emergency admission, whichever occurs first. ~~For purposes of this policy, a Physician Hospital Consortium (PHC), Physician Medical Group (PMG), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.~~
Medically Necessary or Medical Necessity	Reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury.

Term	Definition
Organization Determination~~Medically Necessary or Medical Necessity~~	Any decision made by an entity regarding receipt of, or payment for, a managed care item or service, the amount that the entity requires a member to pay for an item or service, or a limit on the quantity of items or service.~~Reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury.~~
Practitioner~~Organization Determination~~	A licensed independent practitioner including, but not limited to, a Doctor of Medicine (MD), Doctor of Osteopathy (DO), Doctor of Podiatric Medicine (DPM), Doctor of Chiropractic Medicine (DC), Doctor of Dental Surgery (DDS), Doctor of Psychology (PhD or PsyD), Licensed Clinical Social Worker (LCSW), Marriage and Family Therapist (MFT or MFCC), Nurse Practitioner (NP), Nurse Midwife, Physician Assistant (PA), Optometrist (OD), Registered Physical Therapist (RPT), Occupational Therapist (OT), or Speech and Language Therapist, furnishing Covered Services.~~Any decision made by an entity regarding receipt of, or payment for, a managed care item or service, the amount that the entity requires a member to pay for an item or service, or a limit on the quantity of items or service.~~
Prior Authorization~~Practitioner~~	A formal process requiring a health care Provider to obtain advance approval of Covered Services that are Medically Necessary, and to ~~provide specific services or procedures~~what amount, duration, and scope, except in the case of an emergency.~~A licensed independent practitioner including, but not limited to, a Doctor of Medicine (MD), Doctor of Osteopathy (DO), Doctor of Podiatric Medicine (DPM), Doctor of Chiropractic Medicine (DC), Doctor of Dental Surgery (DDS), Doctor of Psychology (PhD or PsyD), Licensed Clinical Social Worker (LCSW), Marriage and Family Therapist (MFT or MFCC), Nurse Practitioner (NP), Nurse Midwife, Physician Assistant (PA), Optometrist (OD), Registered Physical Therapist (RPT), Occupational Therapist (OT), or Speech and Language Therapist, furnishing Covered Services.~~
Provider~~Prior Authorization~~	A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary provider, health maintenance organization, or other person or institution that furnishes Covered Services.~~A formal process requiring a health care Provider to obtain advance approval to provide specific services or procedures.~~
Prudent Layperson~~Provider~~	A person who possesses an average knowledge of health and medicine, and the standard establishes the criteria that insurance coverage is based not on ultimate diagnosis, but on whether a prudent person might anticipate serious impairment to his or her health in an emergency situation. ~~A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary provider, health maintenance organization, or other person or institution that furnishes Covered Services.~~

Term	Definition
Referral~~Prudent Layperson~~~~Provider~~	The process of a Provider directing a Member to another Provider for care and /or services. A referral ~~Referral~~ may or may not need to be authorized and the Member may be redirected to another Provider from the original requested Provider. ~~A person who possesses an average knowledge of health and medicine, and the standard establishes the criteria that insurance coverage is based not on ultimate diagnosis, but on whether a prudent person might anticipate serious impairment to his or her health in an emergency situation.~~A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary provider, health maintenance organization, or other person or institution that furnishes Covered Services.
Retrospective Review~~Referral~~~~Prudent Layperson~~	A form of medical records review that is conducted after the Member's discharge to track appropriateness of care and consumption of resources.~~The process of a Provider directing a Member to another Provider for care and or services. A referral may or may not need to be authorized and the Member may be redirected to another Provider from the original requested Provider. A person who possesses an average knowledge of health and medicine, and the standard establishes the criteria that insurance coverage is based not on ultimate diagnosis, but on whether a prudent person might anticipate serious impairment to his or her health in an emergency situation.~~
Sensitive Services~~Referral~~	Those Covered Services related to family planning, a sexually transmitted disease (STD), abortion, and Human Immunodeficiency Virus (HIV) testing.~~The process of a Provider directing a Member to another Provider for care and or services. A referral may or may not need to be authorized and the Member may be redirected to another Provider from the original requested Provider.~~
Specialist Physician ~~Sensitive Services~~	A physician who has obtained additional education/training in a focused clinical area and does not function as a PCP. ~~Those Covered Services related to family planning, a sexually transmitted disease (STD), abortion, and Human Immunodeficiency Virus (HIV) testing.~~
Tertiary Care~~Specialist Physician~~~~Sensitive Services~~	Specialized consultative care provided by specialists working in a center with personnel and facilities experienced in handling complex, uncommon or highly complicated diagnostics and treatments, such as organ transplants. Tertiary Care is provided upon ~~referral~~Referral from primary or secondary medical personnel and is a level of care that is not available in a community setting. ~~A physician who has obtained additional education/training in a focused clinical area and does not function as a PCP.Those Covered Services related to family planning, a sexually transmitted disease (STD), abortion, and Human Immunodeficiency Virus (HIV) testing.~~
Urgent Authorization Request~~Tertiary Care~~~~Specialist Physician~~	An authorization request required to be addressed within seventy-two (72) hours, as a normal timeframe for authorization will be detrimental to a Member's life or health, and jeopardizes the Member's ability to regain maximum function, or result in loss of life, limb, or other majorly body function.~~Specialized consultative care provided by specialists working in a center with personnel and facilities experienced in handling complex, uncommon or highly complicated diagnostics and treatments, such as organ transplants. Tertiary Care is provided upon referral from primary or secondary medical personnel and is a level of care that is not available in a community setting.A physician who has obtained additional education/training in a focused clinical area and does not function as a PCP.~~

Term	Definition
Whole-Child Model (WCM) ~~Urgent Authorization RequestTertiary CareSpecialist Physician~~	An organized delivery system established for Medi-Cal eligible CCS children and youth, pursuant to California Welfare & Institutions Code (commencing with Section 14094.4), that (i) incorporates CCS covered services into Medi-Cal managed care for CCS-eligible Members and (ii) integrates Medi-Cal managed care with specified county CCS program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible conditions. ~~An authorization request required to be addressed within seventy-two (72) hours, as a normal timeframe for authorization will be detrimental to a Member's life or health, and jeopardizes the Member's ability to regain maximum function, or result in loss of life, limb, or other majorly body function.Specialized consultative care provided by specialists working in a center with personnel and facilities experienced in handling complex, uncommon or highly complicated diagnostics and treatments, such as organ transplants. Tertiary Care is provided upon referral from primary or secondary medical personnel and is a level of care that is not available in a community setting.A physician who has obtained additional education/training in a focused clinical area and does not function as a PCP.~~
~~Urgent Authorization RequestTertiary Care~~	~~An authorization request required to be addressed within seventy-two (72) hours, as a normal timeframe for authorization will be detrimental to a Member's life or health, and jeopardizes the Member's ability to regain maximum function, or result in loss of life, limb, or other majorly body function.Specialized consultative care provided by specialists working in a center with personnel and facilities experienced in handling complex, uncommon or highly complicated diagnostics and treatments, such as organ transplants. Tertiary Care is provided upon referral from primary or secondary medical personnel and is a level of care that is not available in a community setting.~~
~~Urgent Authorization Request~~	~~An authorization request required to be addressed within seventy-two (72) hours, as a normal timeframe for authorization will be detrimental to a Member's life or health, and jeopardizes the Member's ability to regain maximum function, or result in loss of life, limb, or other majorly body function.~~

Effective Date:	12/01/2017
Revised Date:	03/01/2021
Applicable to:	☒ Medi-Cal ☒ OneCare ☒ OneCare Connect ☐ PACE ☐ Administrative

I. PURPOSE

This policy establishes the procedure by which CalOptima and its Health Networks shall process a request for Prior Authorization, Concurrent Review, and Retrospective Review of Covered Services for a Member.

II. POLICY

A. CalOptima and its Health Networks shall process requests for Prior Authorization, Concurrent Review, and Retrospective Review within the timeframes specified in this Policy. CalOptima and its Health Networks shall maintain appropriate communication with the Member, the Member's Authorized Representative, and Practitioner or Provider, throughout the Prior Authorization process to facilitate delivery of appropriate services.

B. For Members enrolled in OneCare or OneCare Connect, CalOptima or a Health Network, as applicable, shall accept an Organization Determination request from a Member or Member's Authorized Representative and shall not redirect the Member or Member's Authorized Representative to the Provider office to make such request.

1. If a OneCare or OneCare Connect Health Network Member calls CalOptima before contacting the Health Network regarding an authorization, CalOptima shall transfer such calls to the appropriate Health Network Customer Service line for assistance.

C. CalOptima and its Health Networks shall follow the applicable Timeframes for Decisions and Notifications Table, as set forth in Attachments A and B of this Policy, for all requested services, whether in- or out-of-network.

D. CalOptima and its Health Networks shall ensure that decisions related to coverage or denial of requested services due in whole or in part to Medical Necessity are consistent and based upon sound medical evidence, in accordance with CalOptima Policies GG.1535: Utilization Review Criteria and Guidelines and GG.1541: Utilization Management Delegation.

E. With respect to the Whole Child Model (WCM) program, CalOptima and its Health Networks shall ensure compliance with applicable statutory, regulatory, and contractual requirements, as well as California Department of Health Care Services (DHCS) guidance, including, but not limited to, All

Back to Agenda Back to Item

Plan Letter (APL) 18-023: California Children's Services Whole Child Model Program, or any superseding APL. Without limiting the foregoing, CalOptima and the Health Networks shall:

1. Use all current and applicable California Children's Services (CCS) Program guidelines, including CCS Program regulations, CCS Program information notices, and CCS Numbered Letters in developing criteria for use by their respective medical director or the equivalent, and other care management staff.

2. Use evidenced-based guidelines or treatment protocols that are medically appropriate given the Member's CCS-Eligible Condition in cases in which applicable CCS clinical guidelines do not exist.

F. CalOptima and its Health Networks shall ensure the authorization process for Covered Services is consistently applied to medical/surgical, mental health, and substance use disorder services and benefits.

G. CalOptima and the Health Networks shall make utilization management (UM) decisions based only on appropriateness of care and service, and existence of coverage. CalOptima and the Health Networks do not reward Practitioners or other individuals for issuing denial for coverage, care, or services. CalOptima and the Health Networks do not provide financial incentives to utilization management decision-makers to encourage decisions that result in underutilization.

H. CalOptima and the Health Networks shall not require a Provider or Practitioner to request Prior Authorization for Covered Services specified in Section III.A. of this Policy.

I. For services that do not require a Prior Authorization, Providers, including Specialist Physicians, shall refer the Member to a contracted Provider, unless such Provider is unavailable in-network. Referrals to an out-of-network Provider shall be processed in accordance with CalOptima Policy GG.1539: Authorization for Out-of-Network and Out-of-Area Services.

1. For Sensitive Services, Members may access any Provider, including those who are out-of-network, as outlined in CalOptima Policy GG.1118: Family Planning Services, Out-of-Network.

2. For Health Network Members, a Provider, including a Specialist Physician, shall follow the Health Network's authorization process.

J. A Provider or Practitioner may request retrospective authorization for Covered Services rendered to a Member as long as such request is made within sixty (60) calendar days after the initial date of service and one of the following conditions apply:

1. The Member has Other Health Coverage (OHC); or

2. The Member's medical condition is such that the Provider or Practitioner is unable to verify the Member's eligibility for Medi-Cal, OneCare, or OneCare Connect program, as applicable, at the time of service.

K. CalOptima and a Health Network shall ensure that all contracted Providers and non-contracting Specialist Physicians and Providers are informed of the Prior Authorization and Referral process at the time of Referral.

L. CalOptima and its Health Networks that are responsible for utilization management of hospital services shall have a plan health professional or a contracting physician available twenty-four (24) hours a day, seven (7) days a week to authorize Medically Necessary post-stabilization services, to

Back to Agenda Back to Item

coordinate the transfer of stabilized Members in an emergency department if necessary, and for general communication with emergency room personnel.

M. If a Member exhausts his or her Medicare benefits as provided under the OneCare Program, and at the request of the Health Network under a shared risk contract, CalOptima shall authorize Covered Services in accordance with this Policy or other applicable CalOptima policies and procedures.

N. CalOptima and its Health Networks shall maintain a system for tracking and monitoring all Referrals for Provider and Member-requested (OneCare and OneCare Connect Members only) health care services and supplies requiring Prior Authorization as follows:

1. Referral turnaround time for issuing a determination;

2. Criteria used in making the determination;

3. If denied, deferred, or modified, a copy of the Notice of Action (NOA); and

4. Specific services and supplies approved, denied, deferred, or modified.

III. PROCEDURE

A. Services Excluded from the Prior Authorization Process

1. For the Medi-Cal, OneCare and OneCare Connect programs, the following services do not require Prior Authorization:

a. Emergency Services or emergency care

i. CalOptima and its Health Networks shall not limit what constitutes an Emergency Medical Condition on the basis of lists of diagnoses or symptoms.

ii. CalOptima and its Health Networks shall follow the standard definition of a Prudent Layperson, acting reasonably, to determine that the presenting complaint might be an emergency.

b. Preventive and primary care services;

c. Basic prenatal care;

d. Family Planning Services:

i. Health education and counseling necessary to make informed choices and to understand contraceptive methods;

ii. Limited history and physical examination for family planning services;

iii. Laboratory tests, if medically indicated, as part of the decision-making process for selecting a method of contraception;

iv. Diagnosis and treatment of sexually transmitted diseases (STDs), if medically indicated, during one (1) visit;

v. Screening, testing, and counseling of at-risk individuals for human immunodeficiency virus (HIV) and Referral for treatment;

vii. Provision of contraceptive pills, devices, and supplies;

vi. Follow-up care for complications associated with contraceptive methods issued by a family planning Provider or Practitioner;

viii. Tubal ligation.

ix. Vasectomies; and

x. Pregnancy testing and counseling.

e. Routine obstetrical services; and

f. Elective abortions.

2. For the OneCare and OneCare Connect programs, in addition to the services identified in Section III.A.1. of this Policy, the following services do not require Prior Authorization:

a. Services for Emergency Medical Conditions, including emergency Behavioral Health Care;

b. Urgent Care sought outside of the service area of Orange County, California;

c. Urgent Care under unusual and extraordinary circumstances provided in the service area of Orange County, California when the contracted medical provider is unavailable or inaccessible; and

d. Out-of-area renal dialysis services.

3. For the Medi-Cal Program, in addition to the services identified in Section III.A.1. of this policy, the following services do not require Prior Authorization:

a. Minor Consent Services: The following Minor Consent Services provided to a CalOptima Medi-Cal Member less than eighteen (18) years of age do not require parental consent or Prior Authorization. Minor Consent Services are Covered Services of a sensitive nature related to:

i. Sexual assault, including rape;

ii. Drug or alcohol abuse for a Member twelve (12) years of age or older;

iii. Pregnancy;

iv. Family Planning, including termination of pregnancy; and

i. Sexually transmitted diseases (STDs) or HIV/AIDS for a Member twelve (12) years of age or older.

b. Initial mental health assessments; and

c. The Comprehensive Diagnostic Evaluation for assessment of Autism Spectrum Disorder.

Back to Agenda Back to Item

B. Responsibilities of Primary Care Provider (PCP) and Specialist Physician

1. A PCP is required to maintain twenty-four (24) hour access for the Member, including availability for response to emergency and urgent questions from the Member in accordance with CalOptima Policy GG.1110: Primary Care Practitioner Definition, Role, and Responsibilities. When possible, the PCP shall evaluate and counsel the Member, and direct the Member to the most appropriate level of service based on the Member's condition.

2. All services shall be provided in the manner and time frames set forth in CalOptima Policy GG.1113: Specialty Practitioner Responsibilities.

3. Member Eligibility Verification

   a. A Provider or Practitioner shall request basic information from a Member when providing services, including access to the Member's Medi-Cal Beneficiary Identification Card (BIC), Medicare identification card, or CalOptima identification card, or shall perform an eligibility verification using CalOptima's Provider Portal at www.caloptima.org.

   b. Prior Authorization does not guarantee eligibility at the time services are rendered.

   c. For Medi-Cal Members, a Provider or Practitioner shall verify eligibility at the time the services are provided, in accordance with CalOptima Policy DD.2003: Member Identification and Eligibility Verification.

C. Authorization Requests

1. For a CalOptima Direct Member, a Practitioner or Provider shall request the following authorizations in accordance with CalOptima Policy GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers:

   a. Request for Prior Authorization for Covered Services and/or supplies, including an Urgent Authorization Request.

   b. Request for Concurrent Review for services needing authorization, but which have begun without Prior Authorization in place, and are continuing.

   c. Request for Retrospective Review subject to the limitations described in Section II.J. of this Policy.

2. For a Health Network Member, a Practitioner or Provider shall request the following authorizations in accordance with the Health Network's authorization policy:

   a. Request for Prior Authorization for Covered Services and/or supplies, including an Urgent Authorization Request.

   b. Request for Concurrent Review for services needing authorization, but which have begun without Prior Authorization in place, and are continuing.

   c. Request for Retrospective Review subject to the limitations described in Section II.J. of this policy.

3. An Urgent Authorization Request may be submitted if a routine authorization timeframe will be detrimental to a Member's life or health, jeopardize the Member's ability to regain maximum function, or may result in loss of life, limb, or other major body function. Such request is required to be addressed within seventy-two (72) hours or as soon as the Member's health condition requires.

4. A hospital must submit the request for Prior Authorization and obtain approval from CalOptima or a Health Network, as applicable, prior to a Member's admission to inpatient status.

5. All CalOptima and Health Network authorization requests must include the clinical records that validate the need for the requested item or service.

D. Hospital Notification of Emergency Services

1. A hospital shall notify CalOptima or the Member's Health Network, as applicable, within twenty-four (24) hours of a Member's Initial Emergency Encounter. Until a notification system is implemented, hospital shall use its best efforts to provide such notice within twenty-four (24) hours of the Member's presentation to the emergency department for outpatient Emergency Services.

2. If the Initial Emergency Encounter occurs on a holiday or weekend, notification to CalOptima or the Member's Health Network shall be made the following business day, or the time Member identity is known, or would have been known with the exercise of reasonable diligence.

E. Prior Authorization Request from Non-Contracted Provider

1. Medically Necessary Post-Stabilization Services

a. A hospital must submit a Prior Authorization request for post-stabilization services when a Member who has received Emergency Services for an Emergency Medical Condition is determined to have reached medical stability, but requires additional, Medically Necessary inpatient Covered Services that are:

i. Related to the Emergency Medical Condition; and

ii. Provided to maintain, improve or resolve the Member's stabilized medical condition.

b. A Prior Authorization request for Medically Necessary post-stabilization services shall consist of a completed and signed authorization request form from the facility to CalOptima or a Health Network's Utilization Management Department clinician and include the following information to provide sufficient information to make a decision regarding care within thirty (30) minutes for Medi-Cal and sixty (60) minutes for OneCare and OneCare Connect:

i. Identifying information including: Member name, birthdate, CIN and gender;

ii. Name and role of facility clinician requesting prior authorization, their direct phone number and the name of facility;

iii. Nature of the emergency condition that has been stabilized;

iv. Medical documentation to include at a minimum:

Back to Agenda Back to Item

a) History and physical;

b) Vital signs; and

c) Laboratory and/or radiology results.

v. Co-morbid conditions; and

vi. Medical reason for admission to the hospital including proposed treatment.

c. For a CalOptima Direct Member enrolled in the Medi-Cal or OneCare Connect program, CalOptima shall process a Prior Authorization request from a non-contracted Provider for Medically Necessary post-stabilization services in accordance with CalOptima Policy GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers.

d. For a Health Network Member enrolled in the Medi-Cal program, the Health Network shall approve or deny a non-contracted Provider's Prior Authorization request for post-stabilization services within thirty (30) minutes after receipt of a written request that fully complies with Section III.E.1.b. of this Policy. If the Health Network fails to approve or deny such request within thirty (30) minutes, Medically Necessary post-stabilization services are deemed approved.

i. Notwithstanding Section III.E.1.d. of this Policy, pursuant to Section 1300.71.4 of Title 28 of the California Code of Regulations, the Health Network may notify the non-contracted Provider of the denial of such request prior to the commencement of the delivery or during the continuation of the delivery of post-stabilization services, provided that the disruption of such services (taking into account the time necessary to effect the Member's transfer or discharge) does not have an adverse impact on the efficacy of such services or the Member's medical condition.

ii. In the case where the Health Network denies such request and informs the non-contracted Provider of its decision to transfer the Member to another Provider, the Health Network shall effectuate the transfer of the Member as soon as possible.

e. For a Health Network Member enrolled in the OneCare or OneCare Connect program, a Health Network shall approve or deny a non-contracted Provider's Prior Authorization request for post-stabilization services within sixty (60) minutes after receipt of a written request that fully complies with Section III.E.1.b. of this Policy. If the Health Network does not respond to such request within sixty (60) minutes, Medically Necessary post-stabilization services are considered approved.

2. Medically Necessary Non-Urgent Care Following Emergency Room Exam

a. For a CalOptima Direct Member enrolled in the Medi-Cal program, CalOptima shall process a Prior Authorization request from a non-contracted Provider for Medically Necessary non-urgent care following an exam in the emergency room in accordance with CalOptima Policy GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers.

b. For a Health Network Member enrolled in the Medi-Cal program, a Health Network shall approve or deny a Prior Authorization request for non-urgent care following an exam in the emergency room within thirty (30) minutes after receipt of such request from a non-

contracted Provider on behalf of a Member, who has received Emergency Services. If the Health Network does not respond to such request within the required timeframe, Medically Necessary non-urgent care is deemed approved.

3. Health Network staff shall assist the hospital with timely Discharge Planning to facilitate transition to the most appropriate level of care following facility discharge in accordance with the Health Network's policy.

F. Second Medical Opinions

1. A Member or the Member's Authorized Representative has the right to request a second opinion.

2. For Medi-Cal, a Member or the Member's Authorized Representative may request a second opinion from their Practitioner, or by contacting CalOptima's Customer Service Department (714-246-8500 or toll-free at 888-587-8088/TDD/TTY: 1-800-735-2929), or the Member's Health Network.

3. For OneCare, a Member or the Member's Authorized Representative may request a second opinion from their Practitioner, or by contacting CalOptima's OneCare Customer Service Department (714-246-8711 or toll-free at 877-412-2734/TDD/TTY: 1-800-735-2929), or the Member's Health Network.

4. For OneCare Connect, a Member or the Member's Authorized Representative may request a second opinion from their Practitioner, or by contacting CalOptima's OneCare Connect Customer Service Department (toll-free 1-855-705-8823 or TDD/TTY: 1-800-735-2929), or Member's Health Network.

5. CalOptima or a Health Network requires Prior Authorization for a second opinion by a Specialist Physician.

6. A Member may receive a second opinion from an in-network Provider at no cost. If an in-network Provider is not available, CalOptima or their Health Network shall make arrangements for the Member to obtain a second opinion from an out-of-network Provider at no cost.

7. A Member may receive a third opinion, at no cost to a Member, if there is a disparity between the initial and second opinion.

G. Out-of-Network Services

1. CalOptima or a Health Network shall provide Medically Necessary and Covered Services to a Member through an out-of-network Provider when CalOptima or the Health Network is unable to provide services within the network, in accordance with CalOptima Policy GG.1539: Authorization for Out-of-Network and Out-of-Area Services.

2. CalOptima or a Health Network shall adequately and timely cover out-of-network services, for as long as CalOptima or the Health Network is unable to provide the services within the network. CalOptima or the Health Network shall process out-of-network service requests, as specified in the Timeframes for Decisions and Notifications Tables.

3. All requests requiring Prior Authorization shall require the requestor to submit a fully completed Authorization Request Form to CalOptima along with medical justification sufficient

Back to Agenda Back to Item

to make a determination and the physician signature. CalOptima shall process the request, as specified in the Timeframes for Decisions and Notifications Tables.

4. CalOptima or a Health Network shall follow the Timeframes for Decisions and Notifications Tables for all requested services, whether in or out of the network.

5. CalOptima or a Health Network shall arrange for a Letter of Agreement (LOA) with an identified out-of-network Provider, in accordance with CalOptima Policy EE.1141: CalOptima Provider Contracts.

6. CalOptima or a Health Network shall provide continued access as follows:

   a. For newly enrolled Medi-Cal beneficiaries, for up to twelve (12) months, to an out-of-network Provider with whom the Member has had an ongoing relationship, if there are no quality-of-care issues with the Provider and the Provider accepts contracted or Medi-Cal rates in accordance with CalOptima Policy GG.1325: Continuity of Care for Members Transitioning into CalOptima Services.

   b. For Members eligible with the California Children's Services (CCS) Program and transitioned into the WCM program, for up to twelve (12) months, to an out-of-network CCS-paneled Provider, specialized or customized durable medical equipment provider, currently prescribed medication, and public health nurse, in accordance with CalOptima Policies GG.1325: Continuity of Care for Members Transitioning into CalOptima Services, GG.1401: Pharmacy Authorization Process, and GG.1330: Case Management – California Children's Services Program/Whole Child Model.

   c. For newly enrolled OneCare Connect beneficiaries, for up to twelve (12) months for Medi-Cal and Medicare Covered Services, to an out-of-network Provider with whom the Member has had an ongoing relationship, if there are no quality-of-care issues with the Provider and the Provider accepts contracted or Medi-Cal or Medicare rates, in accordance with CalOptima Policy CMC.6021a: Continuity of Care for New Members.

H. Denials, Deferrals, and Modifications of Prior Authorization Requests

1. Preferred Network Specialist Physician. CalOptima or a Health Network may redirect specialty care Prior Authorization requests to a preferred network Specialist Physician under the following conditions:

   a. All modification, denial, and notification requirements are followed pursuant to regulation requirements; and

   b. The preferred Specialist Physician is selected based on the following:

      i. A demonstrated ability to provide the services requested;

      ii. Prolific experience providing the services requested;

      iii. Volume of the requested care previously provided;

      iv. An existing relationship with CalOptima or the Health Network, as applicable;

      v. A proven ability to maintain adequate Member access;

Back to Agenda Back to Item

vi. A proven ability to provide care coordination;

vii. No existing issues related to continuity of care or Tertiary service needs; and

viii. For Members eligible with the CCS Program and transitioned into the WCM program, a CCS-paneled provider qualified to treat the CCS-Eligible Condition of the CCS child or youth, in accordance with CCS Program rules and regulations.

2. Consultation with Board-Certified Specialist.

a. CalOptima may consult with a Board-Certified specialist if the Prior Authorization request is out of the scope of practice of the physician reviewer.

i. A CalOptima Medical Director shall forward a request for review by a Board-Certified specialist to the Prior Authorization manager or Designee for appropriateness;

ii. The Prior Authorization manager or Designee shall forward the request to a contracted external review agency electronically for review; and

iii. Upon receipt of the recommendation of the external review agency, the CalOptima Medical Director shall conduct the final review and determination.

b. The Quality Improvement (QI) Department shall maintain a list of Board-Certified specialists, and the list will be reviewed annually by the Quality Improvement Committee (QIC).

3. Tertiary Care.

a. CalOptima or a Health Network shall authorize Tertiary Care Services when a Member requires testing or treatment that is otherwise not available at a non-Tertiary level of care.

b. CalOptima shall only authorize Tertiary Care services under the following circumstances:

i. A Member requires testing or treatment that is otherwise not available at a non-Tertiary level of care;

ii. A Member requires interdisciplinary or simultaneous treatments with multiple specialty services as part of a complex, coordinated plan of care;

iii. A Member requires testing or treatment that is otherwise too high of a risk or otherwise not safe to perform at a non-Tertiary level of care;

iv. A Member or Provider requires a referral for experimental or investigational procedures not available in-network and may do so directly through CalOptima; and

v. There is no quality-of-care issues for the Provider.

4. Utilization Management (UM) Decision. CalOptima and its Health Networks shall ensure the following:

a. Requested health care services may be approved by UM staff who are not qualified health care professionals only when:

i. The UM staff is under the supervision of an appropriately licensed health professional;

ii. There are explicit UM criteria; and

iii. No clinical judgement is required.

b. Requested health care services which require the use of clinical judgement shall be approved by licensed health care professionals.

c. Decisions to deny or to authorize an amount, duration, or scope less than the requested health care services shall be made by a qualified health care professional with appropriate clinical expertise in treating the condition and disease.

i. Only a qualified, licensed physician shall deny or authorize an amount, duration, or scope less than the requested health care services based in whole or in part on Medical Necessity.

ii. Only a qualified, licensed clinical psychologist or Board-Certified psychiatrist shall review and issue denials for Behavioral Health Care services for Medical Necessity or benefit coverage related to a Medi-Cal Member's behavioral health benefits; and

iii. Only a qualified, licensed physician or qualified, licensed clinical pharmacist shall review and approve, defer, modify or deny prior authorizations for pharmaceutical services.

d. Only qualified, licensed health care professionals supervise review decisions requiring Prior Authorization, including service reductions, and a qualified, licensed physician shall review all denials of a request for health care services based in whole or in part on Medical Necessity.

5. Notification of UM Decision

a. CalOptima and its Health Networks shall notify the requesting Practitioner or Provider and/or Member or Member's Authorized Representative, as appropriate, regarding any decision to deny, approve, modify, or delay an authorization request in accordance with CalOptima Policy GG.1507: Notification Requirements for Covered Services Requiring Prior Authorization. In addition, for OneCare and OneCare Connect, CalOptima and its Health Networks shall ensure compliance with the notification requirements set forth in CalOptima Policy MA.6042: Organization Determinations.

b. If Medical Necessity criteria are not met, and review by a CalOptima or Health Network physician does not find the Member requires the requested inpatient level of care and Prior Authorization request is denied, delayed, modified, or alternative treatment is recommended, CalOptima or a Health Network shall notify the Member, the Member's Authorized Representative, and the Practitioner or Provider of the reason for the action.

c. For routine (non-urgent) authorization requests, if CalOptima or a Health Network does not take action by approving, denying, deferring, or modifying services, on a written request for Prior Authorization of Covered Services within fourteen (14) calendar days after receipt, such request shall be deemed denied by default and a notification of denial for the requested service shall be sent to the Provider and Member in accordance with CalOptima Policy GG.1507: Notification Requirements for Covered Services Requiring Prior Authorization.

Back to Agenda Back to Item

I. Availability of CalOptima UM Staff and Services

1. CalOptima's UM Department shall provide Members or potential Members access to information, about the UM process, and the process for authorizing care, in the Medi-Cal Member Handbook, OneCare Evidence of Coverage, and OneCare Connect Member Handbook available in-print and on the CalOptima website at www.caloptima.org.

2. CalOptima's UM Department shall provide Practitioners access to information about the UM process, and the process for authorizing care, in the Provider Manual, available on the CalOptima website at www.caloptima.org.

3. UM staff shall be available for inbound calls regarding UM issues during CalOptima normal business hours, Monday – Friday, from 8 a.m. to 5 p.m., with the exception of holidays. All inbound calls will be received by CalOptima's Customer Service Department and routed to appropriate UM staff.

   a. UM staff shall provide a toll-free number (888-587-8088) and accept collect calls regarding UM issues and will also accept calls at 714-246-8500.

   b. UM staff shall identify themselves by name, title, and organization name when initiating or returning calls regarding UM issues.

   c. UM staff shall send outbound communication regarding UM inquiries during normal business hours, unless otherwise agreed upon.

   d. UM staff shall be accessible to callers who have questions about the UM process.

   e. UM physicians shall be available to answer denial determination questions during normal business hours and after hours at 888-587-8088 and accept collect calls regarding UM issues and will also accept calls at 714-246-8500. During business hours, calls shall be directed to the UM Department and transferred to the appropriate UM physician. The after-hours answering service shall direct calls to the on-call physician.

   f. A UM physician shall respond to a treating Provider request within thirty (30) minutes for an emergency call and within one (1) business day for all other requests.

4. UM staff shall be available to receive inbound communication regarding UM issues after normal business hours through the on-call-service, facsimile, electronic, and telephone communications (e.g., sending e-mail messages or leaving voicemail messages). Communications received after normal business hours are returned on the next business day. Communications received after midnight on Monday-Friday are responded to on the same business day.

5. CalOptima shall utilize a telecommunications device for the deaf/telephone typewriter, or teletypewriter (TDD/TTY) services for deaf, hard of hearing or speech impaired, or comparable device or service available to assist Members, in accordance with CalOptima Policies DD.2002: Cultural and Linguistic and Services, MA.4002: Cultural and Linguistic and Services, and CMC.4002: Cultural and Linguistic and Services (CalOptima is able to receive and send TDD/TYY messages and has a separate phone number for receiving TDD/TYY messages.).

6. CalOptima shall provide language assistance services free of charge to Members. CalOptima shall provide services in the requested language through bilingual staff or an interpreter, to assist Members with UM issues, in accordance with CalOptima Policies DD.2002: Cultural and

Back to Agenda Back to Item

Linguistic Services, MA.4002: Cultural and Linguistic and Services, and CMC.4002: Cultural and Linguistic and Services.

7. CalOptima shall send a CalOptima Medi-Cal Member Handbook/Evidence of Coverage (EOC) booklet as part of the enrollment packet, as specified in CalOptima Policy DD.2005: Member Handbook Requirements. The handbook will note availability of UM staff in regard to UM issues and will include the Customer Service Department phone number and the TDD/TTY phone number.

8. Annually, CalOptima shall inform Medi-Cal Members of the availability of the CalOptima Member Handbook/Evidence of Coverage.

9. Annually, CalOptima shall send via U.S. Mail the OneCare Evidence of Coverage, for OneCare Members, and the Member Handbook, for OneCare Connect Members.

J. Failure of a Health Network or CalOptima department to comply with CalOptima's authorization policies and procedures, as applicable, as well as relevant statutory, regulatory, and/or contractual requirements, shall lead to disciplinary action which may include, but not be limited to, education and training on CalOptima's authorization process and reports to the Utilization Management Committee (UMC), Audit & Oversight Committee (AOC), and/or the Compliance Committee.

1. Continued non-compliance may lead to issuance of a Corrective Action Plan (CAP) and/or Sanctions, in accordance with CalOptima Policies HH.2002Δ: Sanctions and HH.2005Δ: Corrective Action Plan.

IX. GLOSSARY

Term	Definition
Authorized Representative	For purposes of this policy, an individual either appointed by a Member or authorized under State or other applicable law to act on behalf of the Member in filing a Grievance, requesting a Prior Authorization request, or in dealing with any level of the appeals process. Unless otherwise stated in Title 42 of the Code of Federal Regulations, Part 423 (Subpart M), Part 422 (Subpart M), or Part 438 (Subpart F), as applicable, the representative has all of the rights and responsibilities of a Member in obtaining a Prior Authorization request or in dealing with any of the levels of the appeals process.
Authorization Request Form (ARF)	CalOptima's form to request authorization for Covered Services
Autism Spectrum Disorder (ASD)	A developmental disability that can cause significant social, communication and behavioral challenges. A diagnosis of ASD includes several conditions that previously were diagnosed separately: autistic disorder, pervasive developmental disorder not otherwise specified (PDD-NOS) and Asperger syndrome.
Behavioral Health Care	Evaluation and treatment of psychological and substance abuse disorders. Specialty mental health services may include, but are not limited to, medication support services, day treatment intensive services, crisis intervention, crisis stabilization, adult residential treatment services, crisis residential services and psychiatric health facilities services.
Board Certification/Certified	Certification of a physician by one (1) of the boards recognized by the American Board of Medical Specialties (ABMS), or American Osteopathic Association (AOA), as meeting the requirements of that board for certification.
California Children's Services (CCS) Program	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible individuals under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.
California Children's Services (CCS)-Eligible Condition	Chronic medical conditions, including but not limited to, cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries and infectious disease producing major sequelae as defined in Title 22, California Code of Regulations sections 41515.2 through 41518.9.
CalOptima Direct	A direct health care program operated by that includes both COD-Administrative (COD-A) and CalOptima Community Network (CCN) and provides services to members who meet certain eligibility criteria as described in Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.
Comprehensive Diagnostic Evaluation	A developmental screening that can be used to determine a diagnosis of autism spectrum disorder. It may also be able to identify other member needs if a diagnosis of ASD is not found.
Concurrent Review	A review of Medical Necessity of an authorization request for the Member's treatment regimen that is already in place while the Member is currently in an acute or post-acute setting, or in an ongoing course of care in an outpatient or community setting.

Term	Definition
Covered Services	Medi-Cal: Those services provided in the Fee-For-Service Medi-Cal program (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127) for HHP Members, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members not-withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program. OneCare: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Centers of Medicare & Medicaid Services (CMS) Contract. OneCare Connect: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the three-way contract with the Department of Health Care Services (DHCS) and Centers for Medicare & Medicaid Services (CMS).
Discharge Planning	Planning that begins at the time of admission to a hospital or institution to ensure that necessary care, services, and supports are in place in the community before individuals leave the hospital or institution in order to reduce readmission rates, improve Member and family preparation, enhance Member satisfaction, assure post-discharge follow-up, increase medication safety, and support safe transitions.
Emergency Medical Condition	A medical condition that is manifested by acute symptoms of sufficient severity including severe pain such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in: 1. Placing the health of the Member (or, if the Member is a pregnant woman, the health of the Member and her unborn child) in serious jeopardy; 2. Serious impairment to bodily functions; or 3. Serious dysfunction of any bodily organ or part.
Emergency Services	Inpatient and outpatient Covered Services furnished by a Provider qualified to furnish those health services needed to evaluate or stabilize an Emergency Medical Condition.

Term	Definition
Health Network	A Physician Hospital Consortium (PHC), Physician Medical Group (PMG), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Initial Emergency Encounter	A Member's presentation to the emergency department for outpatient Emergency Services or the Member's inpatient emergency admission, whichever occurs first.
Medically Necessary or Medical Necessity	Reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury.
Organization Determination	Any decision made by an entity regarding receipt of, or payment for, a managed care item or service, the amount that the entity requires a member to pay for an item or service, or a limit on the quantity of items or service.
Practitioner	A licensed independent practitioner including, but not limited to, a Doctor of Medicine (MD), Doctor of Osteopathy (DO), Doctor of Podiatric Medicine (DPM), Doctor of Chiropractic Medicine (DC), Doctor of Dental Surgery (DDS), Doctor of Psychology (PhD or PsyD), Licensed Clinical Social Worker (LCSW), Marriage and Family Therapist (MFT or MFCC), Nurse Practitioner (NP), Nurse Midwife, Physician Assistant (PA), Optometrist (OD), Registered Physical Therapist (RPT), Occupational Therapist (OT), or Speech and Language Therapist, furnishing Covered Services.
Prior Authorization	A formal process requiring a health care Provider to obtain advance approval of Covered Services that are Medically Necessary, and to what amount, duration, and scope, except in the case of an emergency.
Provider	A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary provider, health maintenance organization, or other person or institution that furnishes Covered Services.
Prudent Layperson	A person who possesses an average knowledge of health and medicine, and the standard establishes the criteria that insurance coverage is based not on ultimate diagnosis, but on whether a prudent person might anticipate serious impairment to his or her health in an emergency situation.
Referral	The process of a Provider directing a Member to another Provider for care and /or services. A referral may or may not need to be authorized and the Member may be redirected to another Provider from the original requested Provider.
Retrospective Review	A form of medical records review that is conducted after the Member's discharge to track appropriateness of care and consumption of resources.
Sensitive Services	Those Covered Services related to family planning, a sexually transmitted disease (STD), abortion, and Human Immunodeficiency Virus (HIV) testing.
Specialist Physician	A physician who has obtained additional education/training in a focused clinical area and does not function as a PCP.
Tertiary Care	Specialized consultative care provided by specialists working in a center with personnel and facilities experienced in handling complex, uncommon or highly complicated diagnostics and treatments, such as organ transplants. Tertiary Care is provided upon Referral from primary or secondary medical personnel and is a level of care that is not available in a community setting.

Term	Definition
Urgent Authorization Request	An authorization request required to be addressed within seventy-two (72) hours, as a normal timeframe for authorization will be detrimental to a Member's life or health, and jeopardizes the Member's ability to regain maximum function, or result in loss of life, limb, or other majorly body function.
Whole-Child Model (WCM)	An organized delivery system established for Medi-Cal eligible CCS children and youth, pursuant to California Welfare & Institutions Code (commencing with Section 14094.4), that (i) incorporates CCS covered services into Medi-Cal managed care for CCS-eligible Members and (ii) integrates Medi-Cal managed care with specified county CCS program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible conditions.

TIMEFRAMES FOR MEDI-CAL DECISIONS AND NOTIFICATIONS

Type of Request	Decision	Notification Timeframes
Expedited Requests (Pre-Service)*: No extension requested or needed Requests where a provider indicates or the Plan determines that the standard timeframe could seriously jeopardize the member's life or health or ability to attain, maintain or regain maximum function. All necessary information received at time of initial request	Approve, modify or deny the request within 72 hours from receipt~~receipt~~ of request	**Practitioner:** Electronic or written~~-~~ notification within 72 hours of the request. ~~**Member:**~~ ~~Oral notification within 72 hours from receipt of request~~ **Member:** Written notice within 72 ~~working~~ hours of the~~w~~ receipt of the request for services~~days of making the decision~~.
Expedited Authorization (Pre-Service)*,Extension needed: Extension is allowed ***only*** if member or provider requests the extension or the Plan justifies the need for additional information and is able to demonstrate how the delay is in the interest of the member. There is reasonable likelihood that receipt of such information would lead to approval of the request.	May extend up to 14 calendar days upon expiration of the 72hour timeframe. **Additional Requested Information is Received:** A decision must be made within 72 hours of receipt of requested information. If no decision is made within the required timeframe, it will be considered a denial and therefore constitutes an Adverse Benefit Determination on the date the timeframe expires.	**Practitioner/Member:** Written NOA "delay" notification within 72 hours of receipt of the request for services. • The delay NOA shall specify the information requested but not received or the expert reviewer to be consulted, or the additional examinations or tests required. The plan shall also include the anticipated date when a decision will be rendered.

Attachment A
TIMEFRAMES FOR MEDI-CAL DECISIONS AND NOTIFICATIONS

Type of Request	Decision	Notification Timeframes
Concurrent*: Concurrent review of treatment regimen already in place, (inpatient, ongoing ambulatory services). In the case of concurrent review, care shall not be discontinued until the enrollee's treating provider has been notified of the plan's decision, and a care plan has been agreed upon by the treating provider that is appropriate for the medical needs of that patient. **CA H&SC 1367.01 (h)(3)**	Within 5 working days or less, consistent with urgency of member's medical condition. The decision, based on medical necessity, shall be made in a timely fashion appropriate for the nature of the enrollee's condition, not to exceed 5 business days from the plan's receipt of the information reasonably necessary, and requested by the plan to make the determination.	**Practitioner / Member:** Oral or electronic notification within 24 hours of the ~~request~~decision, consistent with the urgency of the Member's medical condition and in accordance with Health and Safety Code Section 1367.01 (h)(3). **Practitioner / Member:** Written notice within 3 calendar days after the oral notification. For terminations, suspensions, or reductions of previously authorized services, Plans must notify beneficiaries at least ten days before the date of the action with the exception of circumstances permitted under Title 42, CFR, Sections 431.213 and 431.214.
Post-Service / Retrospective Review*: All necessary information received at time of the request.	Approve, modify or deny within 30 calendar days from receipt of information that is reasonably necessary to make a determination.	**Practitioner / Member:** Written notice within 30 calendar days from receipt of request.
Post-Service*: Extension needed	**Additional Clinical Information Required (Deferral):** Decision to defer must be made as soon as the plan is aware that additional information is required to render a decision, but no more ~~that~~than 30 days from the receipt of the request. **Additional Information Received:** If requested information is received, decision must be made within 30 calendar days from receipt of request for information.	**Practitioner / Member:** Written notice within 30 calendar days from receipt of the information necessary to make the determination.

Type of Request	Decision	Notification Timeframes
	Additional Clinical Information Incomplete or Not Received: Decision must be made with the information that is available by the end of the 30th calendar day given to provide the additional information.	
Hospice - Inpatient Care*:	Within 24 hours of making the decision.	**Practitioner:** Oral or electronic notification within 24 hours of making the decision. **Practitioner / Member:** Written notice within 2 working days or making the decision.

Type of Request	Decision	Notification Timeframes
Routine (Non-Urgent) Pre-Service*: Prospective or concurrent service requests where no extension is requested or needed *Non pharmacy requests	Approve, Modify or Deny within 5 working days[1] of receipt of "all information" reasonably necessary and requested to render a decision, and in all circumstances no later than 14 calendar days following receipt of request. "all information" means: Service requested (CPT/HCPC code and description), complete clinical information from any external entity necessary to provide an accurate clinical presentation for services being requested.	**Practitioner:** Electronic or written communication within 24 hours of making the decision. **Member:** Written notice must be dated and postmarked within 2 working days of making the decision.
Routine (Non-Urgent) Pre-Service (Deferral), Extension needed:* • Additional clinical information required • Requires consultation by an expert reviewer • Additional examination or tests to be performed Extension is allowed ***only*** if member or provider requests the extension, or the Plan justifies a need for additional information and can demonstrate how the extension is in the member's best interest. There is reasonable likelihood that receipt of such information would lead to approval of the request. *	May extend up to an additional 14 calendar days. **Additional Requested Information is Received:** A decision must be made within 5 working days of receipt of requested information, not to exceed 28 calendar days from receipt of the original referral request. If no decision is made within the required timeframe, it will be considered a denial and therefore constitutes an Adverse Benefit Determination on the date the timeframe expires.	**Extension - Practitioner/Member:** Written NOA "delay" notification within 14 days of receipt of the request for services. • The delay NOA shall specify the information requested but not received or the expert reviewer to be consulted, or the additional examinations or tests required. The plan shall also include the anticipated date when a decision will be rendered.

[1] Working days = Monday through Friday excluding California State Holidays https ://www.ftb.ca.gov/aboutftb/holidays.shtml

Attachment A
TIMEFRAMES FOR MEDI-CAL DECISIONS AND NOTIFICATIONS

Type of Request	Decision	Notification Timeframes
Expedited Requests (Pre-Service)*: No extension requested or needed Requests where a provider indicates or the Plan determines that the standard timeframe could seriously jeopardize the member's life or health or ability to attain, maintain or regain maximum function. All necessary information received at time of initial request	Approve, modify or deny the request within 72 hours from receipt of request	**Practitioner:** Electronic or written notification within 72 hours of the request. **Member:** Written notice within 72 hours of the receipt of the request for services.
Expedited Authorization (Pre-Service)*, Extension needed: Extension is allowed ***only*** if member or provider requests the extension or the Plan justifies the need for additional information and is able to demonstrate how the delay is in the interest of the member. There is reasonable likelihood that receipt of such information would lead to approval of the request.	May extend up to 14 calendar days upon expiration of the 72hour timeframe. **Additional Requested Information is Received:** A decision must be made within 72 hours of receipt of requested information. If no decision is made within the required timeframe, it will be considered a denial and therefore constitutes an Adverse Benefit Determination on the date the timeframe expires.	**Practitioner/Member:** Written NOA "delay" notification within 72 hours of receipt of the request for services. • The delay NOA shall specify the information requested but not received or the expert reviewer to be consulted, or the additional examinations or tests required. The plan shall also include the anticipated date when a decision will be rendered.

Attachment A
TIMEFRAMES FOR MEDI-CAL DECISIONS AND NOTIFICATIONS

Type of Request	Decision	Notification Timeframes
Concurrent*: Concurrent review of treatment regimen already in place, (inpatient, ongoing ambulatory services). In the case of concurrent review, care shall not be discontinued until the enrollee's treating provider has been notified of the plan's decision, and a care plan has been agreed upon by the treating provider that is appropriate for the medical needs of that patient. **CA H&SC 1367.01 (h)(3)**	Within 5 working days or less, consistent with urgency of member's medical condition. The decision, based on medical necessity, shall be made in a timely fashion appropriate for the nature of the enrollee's condition, not to exceed 5 business days from the plan's receipt of the information reasonably necessary, and requested by the plan to make the determination.	**Practitioner / Member:** Oral or electronic notification within 24 hours of the decision, consistent with the urgency of the Member's medical condition and in accordance with Health and Safety Code Section 1367.01 (h)(3). **Practitioner / Member:** Written notice within 3 calendar days after the oral notification. For terminations, suspensions, or reductions of previously authorized services, Plans must notify beneficiaries at least ten days before the date of the action with the exception of circumstances permitted under Title 42, CFR, Sections 431.213 and 431.214.
Post-Service / Retrospective Review*: All necessary information received at time of the request.	Approve, modify or deny within 30 calendar days from receipt of information that is reasonably necessary to make a determination.	**Practitioner / Member:** Written notice within 30 calendar days from receipt of request.
Post-Service*: Extension needed	**Additional Clinical Information Required (Deferral):** Decision to defer must be made as soon as the plan is aware that additional information is required to render a decision, but no more than 30 days from the receipt of the request. **Additional Information Received:** If requested information is received, decision must be made within 30 calendar days from receipt of request for information.	**Practitioner / Member:** Written notice within 30 calendar days from receipt of the information necessary to make the determination.

Type of Request	Decision	Notification Timeframes
	Additional Clinical Information Incomplete or Not Received: Decision must be made with the information that is available by the end of the 30th calendar day given to provide the additional information.	
Hospice - Inpatient Care*:	Within 24 hours of making the decision.	**Practitioner:** Oral or electronic notification within 24 hours of making the decision. **Practitioner / Member:** Written notice within 2 working days or making the decision.

Attachment B

TIMEFRAMES FOR DECISIONS AND NOTIFICATIONS OneCare and OneCare Connect

Type of Request	Decision	Notification Timeframes
Routine (Non-Urgent) Pre-Service: No extension requested or needed	Within 5 working days of receipt of "all information" reasonably necessary to render a decision, and in all circumstances no longer than 14 calendar days. "all information" means: Complete clinical information from any external entity necessary to provide an accurate clinical presentation for services being requested.	**Practitioner:** Oral or electronic notification within 24 hours of making the decision. **Practitioner/Member:** Written notice 2 working days of making the decision, not to exceed 14 calendar days from receipt of the request for service.
Routine (Non-Urgent) Pre-Service (Deferral) Extension needed • Additional clinical information required • Requires consultation by an expert reviewer • Additional examination or tests to be performed Extension is allowed ***only*** if member or provider requests and justifies the need for additional information and is able to demonstrate how the delay is in the interest of the member. There is reasonable likelihood that receipt of such information would lead to approval of the request. An extension ***must not*** be used to pend organization determinations while waiting for medical records from contracted providers.	May extend up to an additional 14 calendar days. **Additional Requested Information is Received:** A decision must be made within 5 working days of receipt of requested information, not to exceed 28 calendar days from receipt of the original referral request. **Additional Information Incomplete or Not Received** A written member notice of denial issued within 28 calendar days from the receipt of the original referral request.	**Extension - Practitioner:** Oral or electronic notification within 24 hours of making the decision. **Practitioner / Member:** • Written notice within 14 calendar days of receipt of request. The extension must include: 1) Justification for the delay 2) The right to file an expedited grievance (oral or written) if they disagree with the decision to grant an extension **Note:** The health plan must respond to an expedited grievance within 24 hours of receipt. **Decision Notification After an Extension - Practitioner / Member:** Written notice within 2 working days of making the decision, not to exceed 28 calendar days from receipt of the request.

Attachment B
TIMEFRAMES FOR DECISIONS AND NOTIFICATIONS OneCare and OneCare Connect

Type of Request	Decision	Notification Timeframes
Expedited Authorization (Pre-Service): No extension requested or needed Requests where provider indicates or the Plan determines that the standard timeframes could seriously jeopardize the member's life or health or ability to attain, maintain or regain maximum function. All necessary information received at time of initial request.	Within 72 hours from receipt of request	**Practitioner:** Oral or electronic notification within 24 hours of making the decision. Member – Medi-Cal: Written notification within 72 hours from receipt of request. **Member - OCC:** Oral notification within 72 hours from receipt of request. **Practitioner/Member:** Written notice within 2 working days of making the decision.
Expedited Authorization (Pre-Service): Extension needed Requests where provider indicates or the Plan determines that the standard timeframes could seriously jeopardize the member's life or health or ability to attain, maintain or regain maximum function.	May extend up to 14 calendar days upon expiration of the 72-hour timeframe. Notify practitioner and member using the "delay" template and insert specifics about that has not been received, what consultation is needed and/or the additional examination or testes required to make a decision and the anticipated date on which a decision will be rendered. **Additional Requested Information is Received:** A decision must be made within 1 working day of receipt of requested information. **Additional Information Incomplete or not Received** Any decision delayed beyond the timeframe limits is considered a denial and must be processed immediately as such.	**Practitioner:** Oral or electronic notification within 24 hours of making the decision, and no later than the expiration date of the extension. **Member - OCC Only:** Oral notification within 2 working days from making the decision, and no later than the expiration date of the extension. **Practitioner/Member:** Written notice within 2 working days of making the decision.

GAVIN NEWSOM
GOVERNOR

DATE: February 27, 2020

ALL PLAN LETTER 20-003
SUPERSEDES ALL PLAN LETTER 19-002

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS[1]

SUBJECT: NETWORK CERTIFICATION REQUIREMENTS

PURPOSE:
The purpose of this All Plan Letter (APL) is to provide guidance to Medi-Cal managed care health plans (MCPs) on the Annual Network Certification (ANC) requirements pursuant to Title 42 of the Code of Federal Regulations (CFR) sections 438.68, 438.206, and 438.207, and Welfare and Institutions Code (WIC) section 14197.[2, 3]

BACKGROUND:
The ANC provides a prospective look at the MCP's network for the upcoming contract year (CY).[4] MCPs are required to annually submit documentation to the Department of Health Care Services (DHCS) to demonstrate the adequacy of their networks. DHCS reviews all MCP network submissions and provides an assurance of the MCPs' compliance with ANC standards to the Centers for Medicare and Medicaid Services (CMS) before the CY begins.[5]

POLICY:
Federal and state law and regulation require DHCS to certify each MCP's aggregate network every year.[6, 7] MCPs are required to annually submit ANC documentation to

[1] This APL applies to all MCPs and Senior Care Action Network (SCAN).
[2] 42 CFR Part 438 is available at: https://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title42/42cfr438_main_02.tpl.
[3] WIC section 14197 is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=WIC&sectionNum=14197.
[4] For purposes of this APL, the CY is the MCP's fiscal year except for the following MCPs: Family Mosaic, AIDS Healthcare Foundation, and SCAN Health Plan. The CY for those MCPs is the calendar year.
[5] 42 CFR section 438.207(d).
[6] A network is defined as Primary Care Physicians (PCPs), specialists, hospitals, pharmacies, ancillary providers, facilities, and any other providers that subcontract with an MCP for the delivery of Medi-Cal covered services.
[7] 42 CFR section 438.207(c)(2); WIC section 14197.

DHCS to demonstrate their capacity to serve the anticipated membership in their service areas.[8, 9]

Specifically, DHCS must ensure that MCPs:

- Contract with the required number and mix of primary and specialty care providers;
- Provide medically necessary services needed for their anticipated membership and utilization;
- Confirm the geographic location of network providers complies with time and distance standards; and
- Comply with service availability, physical accessibility, out-of-network (OON) access, timely access, continuity of care, and 24/7 language assistance requirements.[10,]

I. MEDI-CAL MANAGED CARE HEALTH PLANS ANNUAL NETWORK CERTIFICATION

A. Annual Network Certification Components

1. Network Providers[11]

Each MCP must maintain and monitor an appropriate network that includes the following network provider types to ensure the MCP's network has the capacity to provide all medically necessary services:

- Adult and pediatric PCPs, including non-physician medical practitioners;[12]
- Obstetrician-gynecologists (OB/GYN);
- Adult and pediatric core specialists;[13]

[8] 42 CFR sections 438.68, 438.206, and 438.207.
[9] For purposes of this APL, service area and reporting unit have the same meaning. Reporting units are outlined in Attachment B of this APL.
[10] 42 CFR section 438.207(a) - (b); WIC section 14197.
[11] For more information on networks and network providers, see APL 19-001: Medi-Cal Managed Care Health Plan Guidance on Network Provider Status, or any subsequent revision to this APL. APLs are available at: https://www.dhcs.ca.gov/formsandpubs/Pages/AllPlanLetters.aspx.
[12] Non-physician medical practitioners include nurse practitioners, physician assistants, and certified nurse midwives (CNMs).
[13] Core specialists are listed in Attachment A of this APL.

- Adult and pediatric mental health outpatient providers;[14]
- Hospitals;
- Pharmacies; and
- Ancillary services.[15]

Additionally, MCPs operating in County Organized Health Systems (COHS) or Cal MediConnect counties must contract with and monitor an appropriate network of Managed Long Term Services and Supports (MLTSS) providers.[16]

2. Network Capacity and Ratios

Network Capacity

In order to support current and anticipated membership, MCPs must meet or exceed network capacity requirements as defined in the MCP contract.[17] Imperial, Regional, San Benito, Two-Plan, and Geographic Managed Care plan model MCPs must maintain a network capacity to serve 60% of all eligible members in their service areas or the current member enrollment in the MCP, whichever is higher. COHS plan model MCPs are required to have a network with the capacity to serve 100% of eligible members in the county. MCPs must adjust the number of network providers proportionally to accommodate any changes in enrollment.

Provider to Member Ratios

MCP networks must meet the full time equivalent (FTE) ratios of one FTE PCP to every 2,000 members and one FTE physician to every 1,200 members.[18] DHCS calculates the network providers' FTE for adult and pediatric PCPs and total physicians as described in Attachment B, Exhibit A-2.[19] MCPs may use non-physician medical practitioners to improve primary care access; however, they must not include them for purposes of calculating the PCP and Total Physician Ratios.

---

[14] State Plan Amendment (SPA) 14-012. SPAs are available at: https://www.dhcs.ca.gov/formsandpubs/laws/Pages/ApprovedSPA.aspx.
[15] MCP Contract, Exhibit A, Attachment 6, Network Composition. MCP boilerplate contracts are available at: https://www.dhcs.ca.gov/provgovpart/Pages/MMCDBoilerplateContracts.aspx.
[16] MLTSS providers include Community Based Adult Service providers, Long Term Care providers, Multipurpose Senior Services Program, Intermediate Care Facilities and Skilled Nursing Facilities.
[17] MCP Contract, Exhibit A, Attachment 6, Network Capacity.
[18] MCP Contract, Exhibit A, Attachment 6, Provider to Member Ratios.
[19] Attachment B of this APL serves as the ANC Instruction Manual. The ANC Instruction Manual provides MCPs with policy details, ANC checklists, and ANC scenarios.

MCPs are required to meet provider to member ratios for adult and pediatric outpatient mental health providers to ensure access to MCP-covered outpatient non-specialty mental health services. DHCS annually calculates the number of providers necessary to cover each service area by taking into account service utilization, dedicated provider time for providing mental health services, and expected usage by adult and pediatric populations.[20] DHCS will provide each MCP with the required number of providers to cover their service areas.

Additionally, in order to ensure consistency amongst delivery systems and compliance with mental health parity requirements, MCPs that contract with DHCS to provide Specialty Mental Health Services (SMHS) must meet the provider to member ratios by which the county mental health plans are held for outpatient SMHS and psychiatry services.

3. Mandatory Providers

In accordance with WIC section 14087.325, MCPs must offer to contract with each of the following mandatory provider types in their service area, where available: Federally Qualified Health Centers (FQHCs) and Rural Health Clinics (RHCs).[21] Furthermore, CMS State Health Official letter (SHO) #16-006 mandates that MCPs contract with at least one FQHC, one RHC, and one Freestanding Birthing Center (FBC) in their service areas, where available.[22]

Further, MCPs must contract with a minimum of one CNM and one licensed midwife (LM) in their service areas, where available, in accordance with state

[20] MCP Contract, Exhibit A, Attachment 20, Outpatient Mental Health Services Providers.
[21] WIC section 14087.325 is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=WIC&sectionNum=14087.325. https://codes.findlaw.com/ca/welfare-and-institutions-code/wic-sect-14087-325.html.
[22] SHO Letter #16-006 is available at: https://www.medicaid.gov/federal-policy-guidance/downloads/smd16006.pdf.

and federal network adequacy requirements.[23, 24, 25] MCPs that have a FBC in their network are not exempted from the requirement to contract directly with a minimum of one CNM and one LM. MCPs must ensure CNMs and LMs are properly enrolled and credentialed when establishing a direct contract with these providers. For additional information on FBC, CNM, and LM requirements, see APL 18-022: Access Requirements for Freestanding Birth Centers and the Provision of Midwife Services, including subsequent revisions to this APL.

Federal and state laws and regulations provide protections for American Indians and American Indian Health Services.[26] Indian Health Facilities (IHFs) are not required to contract with MCPs but can voluntarily enter into a contract with an MCP at any time. However, MCPs are required to offer to contract with each IHF in their service area(s).[27] MCPs that do not have an IHF in their network must allow eligible members to obtain services from an OON IHF.[28]

MCPs must annually demonstrate efforts to improve access to services customarily provided by mandatory providers. MCPs that do not have a contract with a mandatory provider must submit documentation to DHCS for review and approval detailing the reasons the MCP was unable to contract, as outlined in Attachment B, Exhibit A-3.

4. Time and Distance Standards

DHCS established network adequacy standards in accordance with state and federal law and regulations to ensure members have adequate accessibility to available services.[29, 30] These standards require MCPs to meet both time and

[23] MCP Contract, Exhibit A, Attachment 9, Nurse Midwife and Nurse Practitioner Services.
[24] WIC section 14132.39 is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=WIC&sectionNum=14132.39. WIC section 14132.4 is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=WIC&sectionNum=14132.4.
[25] 42 of the United States Code (USC) section 1396d(a)(17). The USC is available at: http://uscode.house.gov/.
[26] 42 CFR section 438.14; 22 CCR section 55120.
[27] Title 22 of the California Code of Regulations (CCR) section 55120. 22 CCR section 55120 is available at: https://govt.westlaw.com/calregs/Search/Index.
[28] 42 CFR section 438.14.
[29] 42 CFR section 438.207.
[30] For more information on network adequacy standards, see Attachment A of this APL.

distance standards based on county population density.[31, 32] Time and distance standards apply to the following provider types:[33]

- Adult and pediatric PCPs;
- Adult and pediatric core specialists;
- OB/GYN primary care services;
- OB/GYN specialty care services;
- Hospitals;
- Adult and pediatric mental health providers; and
- Pharmacies.

If a member elects to use an OB/GYN as their PCP and the OB/GYN agrees to act as the member's PCP, the MCP must ensure timely access is met even if time and distance standards are not met for that member.[34]

MCPs must create and submit accessibility analyses and narratives, if applicable, to demonstrate compliance with time and distance standards. The accessibility analyses must demonstrate coverage of the MCP's entire service area, for all ZIP codes, to account for all current and anticipated membership. Attachment B, Exhibit B details the submission requirements pertaining to the accessibility analyses and narratives.

DHCS may authorize MCPs to use telehealth and mail order pharmacy(ies), where necessary, for purposes of complying with time and distance standards (see Section B-3: "Telehealth" and Section B-4: "Mail Order Pharmacy" of this APL).[35]

5. Timely Access

Timely Access Survey
DHCS conducts a timely access survey that measures compliance with appointment time standards.[36] DHCS includes the annual results of the retrospective timely access survey as a component of the ANC. The survey includes a statistically valid random sample of network providers to confirm the first three available times for urgent and non-urgent appointments for

[31] WIC section 14197(b).
[32] For more information on county populations, see Attachment A of this APL.
[33] 42 CFR section 438.68(b).
[34] Health & Safety Code section 1367.69.
[35] WIC section 14197(e)(4).
[36] For more information on network adequacy standards, see Attachment A of this APL.

pediatric and adult members; the availability of interpreter services; and the languages spoken by the network providers or provider site locations.

Additionally, as part of the timely access survey, DHCS contacts each MCP call center to confirm call center compliance with wait time standards and call center awareness of a member's right to receive interpretation services.[37, 38]

DHCS provides the results of its timely access survey to MCPs on a quarterly basis and annually determines the rate of compliance. MCPs must submit a response to any timely access deficiencies found in the quarterly survey results and identify any changes or corrections necessary to achieve compliance with timely access requirements.

Audits & Investigations Timely Access Verification Study
DHCS' Audits and Investigations Division (A&I) routinely performs medical review audits of MCPs. A&I reviews the MCPs' infrastructure to assess compliance with all access to care requirements, including but not limited to, the following:

- Service availability;
- Physical accessibility;
- OON access;
- Timely access;
- Continuity of care; and
- 24/7 language assistance.

If there are non-compliant findings in Category 3 – Access and Availability of the A&I medical audit, those findings are noted in the MCP's ANC Corrective Action Plan (CAP).

B. Medi-Cal Managed Care Health Plan Alternative Access Standards

1. Alternative Access Standard Request

MCPs must submit an Alternative Access Standard (AAS) request to DHCS for review and approval if the MCP is unable to meet time and distance standards and has exhausted all reasonable contracting options with nearer

[37] 28 CCR section 1300.67.2.2(c)(10).
[38] 22 CCR section 53853(c).

providers.[39, 40] MCPs must submit all AAS requests, even if they were previously approved, on an annual basis or any time a network change results in the MCP not meeting time and distance standards.

In order for the request to be considered for the ANC, MCPs must submit the AAS request to DHCS with the ANC exhibits no later than 105 days before the CY begins (or the next business day if the due date occurs on a weekend or holiday). DHCS will make best efforts to approve any AAS requests received after the deadline but cannot guarantee a decision prior to the CMS submission deadline.

Attachment B, Exhibit C, details the submission requirements for AAS requests. MCPs must explain the facts and circumstances for each AAS request and detail at a minimum, the following:

- Name and address of nearest network provider;
- Driving time/distance to the nearest network provider;
- Name and address of at least two of the nearest OON provider(s) utilizing provider resource lists;
- Driving time/distance to at least two of the nearest OON provider(s utilizing provider resource lists;
- Number of members residing in the impacted ZIP code;
- Reasons for inability to contract with nearer providers; and
- Description of contracting efforts.

At a minimum, MCPs must utilize the following provider resource lists and identify the providers on the AAS request:

- Health Care Options.
- Fee for Service Open Data Portal.
- Office of Statewide Health Planning and Development.

DHCS approves or denies AAS requests on a ZIP code and provider type basis, including specialty type.[41] DHCS reviews the AAS request and all supporting documentation to assess the facts and circumstances provided by the MCP. The AAS request is evaluated in relation to other MCP's AAS requests for the same service area, and considers the Health Professional

[39] WIC sections 14197(e)(1)–(2).
[40] The AAS request template is available in Attachment C.
[41] WIC section 14197(e)(3).

Shortage Area (HPSA) designation of the requested service area, where applicable.[42]

MCPs must maintain documentation of their efforts to contract with nearer providers and must provide all documentation to DHCS upon request. DHCS may request additional evidence of contracting efforts if DHCS identifies more than two nearer OON providers during the review process. Following DHCS' review, DHCS will send an AAS determination letter informing MCPs of AAS approvals and denials in each service area.[43] An AAS approval is valid for one CY and must be approved every year thereafter if the MCP still needs an AAS.

2. Additional Medi-Cal Managed Care Health Plan Requirements for Approved Alternative Access Standards

MCPs that receive AAS approvals from DHCS must inform their affected members of all approved AAS through the MCP's Member Handbook and post all approved AAS, specified by county, on the MCP's internet website.[44] Each MCP must post the approved AAS on its website no later than 30 days after DHCS publishes the statewide AAS approvals on the DHCS website.[45]

MCPs that have an approved AAS for a core specialist are required to assist any requesting member in obtaining an appointment with an appropriate OON core specialist. When assisting the member, the MCP must make its best effort to establish a member-specific case agreement with an OON core specialist at the Medi-Cal fee-for-service rate or a mutually agreed upon rate. Either that, or the MCP must arrange for an appointment with an in-network specialist, unless the MCP has already attempted to establish a member-specific case agreement with the core specialist in the most recent fiscal year and the core specialist has refused to enter into an agreement.[46] The OON core specialist must be within the MCP's applicable time and distance and timely access standards and, in cases where the OON specialist is not within time and distance standards, the MCP must arrange for non-emergency medical transportation or non-medical transportation.[47]

---

[42] More information on HPSA designations is available at: https://data.hrsa.gov/tools/shortage-area/hpsa-find.
[43] WIC section 14197(e)(3).
[44] WIC section 14197.04(c).
[45] The AAS approvals are posted after the ANC submission to CMS and after CAPs are closed.
[46] WIC section 14197.04(a).
[47] WIC section 14197.04(b).

3. Telehealth

MCPs may use telehealth to meet time and distance standards if they are unable to contract with an in-person provider.[48, 49] MCPs cannot require members to access services via telehealth in place of in-person services.[50] MCPs that request to utilize a telehealth provider as an alternative access to care must submit supporting documentation and evidence of contracting efforts to DHCS for review and approval as described in Attachment B, Exhibit C-1.

If a MCP elects to utilize telehealth for compliance with time and distance standards, the telehealth services must be available to all members in the defined service area. This applies regardless of whether the member is assigned to a network provider or subcontractor, or which network provider or subcontractor the member is assigned to. MCPs may have telehealth providers that are only available to members assigned to a subcontractor as long as other members have access to telehealth services through other means. Telehealth providers and telehealth services must also meet the telehealth criteria outlined in the Medi-Cal Provider Manual and APL 19-009 (Revised): Telehealth Services Policy, including subsequent revisions to this APL.[51] In addition, telehealth providers must be certified and enrolled in the Medi-Cal program and credentialed by the MCP.[52]

Since MCPs cannot require a member to access services via telehealth, MCPs must provide transportation to a network provider within time and distance and timely access standards for medically necessary services, when requested by a member.[53]

[53] For more information on transportation service, see APL 17-010: Non-Emergency Medical and Non-Medical Transportation Services, including subsequent revisions to this APL.

4. Mail Order Pharmacy

MCPs may utilize mail order pharmacies to meet time and distance standards if they make reasonable attempts to contract with a pharmacy with a physical location before utilizing a mail order pharmacy.[54] MCPs that request to use a mail order pharmacy as an alternative access to care must submit supporting documentation and evidence of all contracting efforts to DHCS for review and approval as outlined in Attachment B, Exhibit C-2.

When using mail order pharmacies, MCPs must have procedures in place to ensure that all medications are delivered in a timely manner, consistent with the member's medical need, even if medications cannot be sent through the mail, the member cannot receive medications through the mail, or the member has confidentiality concerns about receiving medications by mail.[55]

5. Delivery Structure Alternative Access Standard

In cases where an MCP is unable to meet time standards or distance standards due to its delivery structure, DHCS is authorized to determine if the MCP is capable of delivering the appropriate level of care and access to members through an AAS.[56] In order to be considered for an AAS, the MCP must provide a written request to DHCS following the instructions in Attachment B, Exhibit C-3.[57]

DHCS will provide the requesting MCP a template to submit its formal AAS justification.[58] DHCS will review all information submitted by the MCP to determine if the MCP's formal justification for AAS meets the needs of its members and ensures appropriate and timely access to care.[59] An approved AAS is valid for one CY. MCPs must submit an updated AAS justification if the MCP still requires the specified AAS at the end of the CY.

---

[54] WIC section 14197(e)(1)(A).
[55] WIC section 14185(a) is available at: https://leginfo.legislature.ca.gov/faces/codes_displayText.xhtml?lawCode=WIC&division=9.&title=&part=3.&chapter=7.&article=5.6.
[56] WIC section 14197(e)(1)(B).
[57] WIC section 14197(e)(2).
[58] MCPs must request the AAS justification template by following the instructions in Attachment B.
[59] WIC section 14197(e)(3).

C. Annual Network Certification Submission Requirements

1. Annual Network Certification Exhibit Submission

Each MCP must submit complete and accurate ANC data and information to DHCS that reflects the MCP's network for each service area no later than 105 days before the CY begins (or the next business day if the due date occurs on a weekend or holiday). MCPs must submit all required ANC exhibits, as outlined in Attachment B and, if applicable, Attachment C, with the correct file labeling conventions through the DHCS Secure File Transfer Protocol site. MCPs that do not submit ANC exhibits by the deadline may be subject to corrective action and/or monetary sanctions. Additionally, if DHCS receives multiple revised submissions from an MCP, DHCS may not accept the submission and the MCP may be subject to corrective action and/or monetary sanctions due to non-compliance with the submission requirements specified in this APL and its attachments.

2. 274 File Submission

MCPs must upload network providers in the 274 file submission in accordance with this APL and APL 16-019: Managed Care Provider Data Reporting Requirements, including subsequent revisions to these APLs. DHCS utilizes only the most current month's 274 file submission at the time of the ANC submission to determine compliance with the MCP's contractual provider to member ratios and mandatory providers. If DHCS is unable to access the required monthly 274 file submission due to an MCP's untimely submission, a corrective action and/or monetary sanctions may be applied for data submission timeliness.

3. Certification of Documents and Data

MCPs are required to submit complete, accurate, reasonable, and timely ANC exhibits and 274 file submissions in compliance with state and federal law and this APL. MCPs must submit their certification statement on MCP letterhead by the final business day of each month to their contract manager. Repeated failure to submit this certification statement may result in the imposition of a CAP and monetary sanctions.[60]

[60] For more information, see APL 17-005: Certification of Document and Data Submissions, including subsequent revisions to this APL.

D. Annual Network Certification Validations

1. Provider Validation

DHCS validates a statistically valid sample of each MCP's network of adult and pediatric PCPs, OB/GYNs, adult and pediatric core specialists, adult and pediatric mental health outpatient providers, hospitals, and pharmacies to ensure network providers included in the MCP's 274 file submission are currently contracted with the MCP. As part of the validation process, DHCS may request signed contract pages confirming there is a current executed contract with the provider or facility.

2. Mandatory Provider Validation

DHCS validates a statistically valid sample of each MCP's network of FQHCs, RHCs, IHFs, FBCs, CNMs and LMs to ensure the mandatory providers included in the MCP's 274 file submission are currently contracted with the MCP. As part of the validation process, DHCS will review the evidence of contracting efforts and any additional documentation necessary to ensure compliance. DHCS may rescind the approval if the MCP cannot provide sufficient evidence and documentation of contracting efforts.

3. Alternative Access Standard Validation

If an MCP submits an AAS request using the templates in Attachment C, the MCP must describe all contracting efforts to support the AAS request. Through the AAS validation process, DHCS will request evidence of contracting efforts, including evidence of why the MCP was unable to contract, which must include supporting documentation as described in Attachment B, Exhibit C-4.

DHCS' AAS validation process includes a comparison of the MCP's narrative submitted through Attachment C with that of other MCPs serving the same service area and a review of the evidence on contracting efforts that support each AAS request.[61] DHCS may rescind an approved AAS if the MCP cannot provide sufficient evidence of contracting efforts.

[61] WIC Section 14197(e)(3).

II. NETWORK REQUIREMENTS FOR MEDI-CAL MANAGED CARE HEALTH PLAN SUBCONTRACTORS

MCPs are permitted to contract with network providers and subcontractors to fulfill their obligations to arrange for and deliver health care services under the MCP contracts. If an MCP delegates the responsibility to deliver Medi-Cal covered services from the MCP to a subcontractor, including but not limited to, a health plan partner, medical group, Independent Physician Association (IPA), or clinic, the subcontractor must have an adequate network that meets the requirements set forth in this APL. MCPs must allow members to access OON providers if the subcontractor does not have an adequate network. This requirement applies to any deficient network component(s), as required by state and federal law, the MCP contract, and DHCS guidance, including any applicable APLs.[62, 63]

MCPs and their subcontractors must authorize services through OON providers if the network of a subcontractor fails to meet network adequacy requirements. In doing so, members may utilize any provider in or out of the MCP's network regardless of IPA or medical group affiliation. DHCS prohibits the use of an administrative subcontractor, including but not limited to, an administrative services organization, to restrict an assigned member to a network provider's network if that network fails to meet network adequacy standards. Although DHCS certifies the aggregated MCP network, these network requirements apply.

MCPs must have contractual provisions and policies and procedures for ensuring each subcontractor has an adequate network including the use of administrative subcontractors that facilitate the referral and/or utilization management process. MCPs' contractual provisions and policies and procedures must align with DHCS' ANC process to assess the network adequacy of all subcontractors that are contracted to provide Medi-Cal covered services.

MCPs must also have contractual provisions and policies and procedures for imposing CAPs and monetary sanctions on subcontractors when they are out of compliance with network adequacy requirements. This includes timely access requirements under state and federal law, any subcontractual requirements, and or DHCS contract requirements. MCPs must report all significant instances of non-compliance to DHCS, including CAPs or monetary sanctions imposed on subcontractors.

[62] MCP Contract, Exhibit A, Attachment 9, Out-of-Network Providers.
[63] 42 CFR section 438.207.

MCPs must also report network provider or subcontractor non-compliance issues when those issues result in the MCP's non-compliance with contractual and legal requirements.[64] MCPs must report any significant instances of non-compliance, imposition of corrective actions, or financial sanctions pertaining to their obligations under the contract with DHCS to their Managed Care Operations Division (MCOD) contract manager within three business days of discovery or imposition.[65]

III. NON-COMPLIANCE WITH NETWORK CERTIFICATION REQUIREMENTS

A. Medi-Cal Managed Care Health Plan Preliminary Findings of Non-Compliance

If an MCP's ANC submission is timely, DHCS will provide technical assistance by supplying a worksheet containing preliminary ANC findings. MCPs have two weeks to correct any findings that were caused by a reporting error and must begin to remedy findings that would result in a CAP before DHCS imposes a formal ANC CAP. MCPs may request an extension for meeting the ANC submission deadline by providing a justification, including the reason(s) why the MCP requires additional time. In the event the MCP's ANC submission is untimely, DHCS will be unable to provide technical assistance and will impose a CAP.

B. Medi-Cal Managed Care Health Plan Corrective Action Plans and Monetary Sanctions

DHCS will place MCPs who fail to meet the ANC components or rectify findings identified in the preliminary ANC findings worksheet under an ANC CAP. As part of the CAP process, MCPs must submit a plan of action detailing the steps the MCP will take to remedy the ANC deficiency findings. MCPs have six months to correct all deficiencies and must comply with all CAP mandates set forth below until DHCS closes the CAP.

Additionally, DHCS has authority to impose monetary sanctions for failure to comply with network adequacy requirements[66] DHCS will impose sanctions for not meeting the ANC components at the end of the CAP period. Finally, DHCS

---

[64] For more information on network provider or subcontractor non-compliance, see APL 16-001: Medi-Cal Provider and Subcontract Suspensions, Terminations, and Decertifications, including subsequent revisions to this APL.
[65] For more information on subcontractual non-compliance, see APL 17-004: Subcontractual Relationships and Delegation, including subsequent revisions to this APL.
[66] WIC section 14197.7.

reserves the right to impose additional sanctions on an MCP for continued failures to comply with all network adequacy requirements, CAP mandates, or the inability to correct a deficiency within the CAP timeframe.

C. Medi-Cal Managed Care Health Plan Corrective Action Plan Mandates

An MCP under an ANC CAP must comply with the following mandates:

- Authorize OON access to medically necessary providers within timely access standards and applicable time and distance standards, regardless of associated transportation or provider costs until the CAP is closed by DHCS;
- Provide status updates that demonstrate action steps the MCP is undertaking to correct the CAP deficiency(ies) bimonthly (once every two months); and
- Demonstrate its ability to effectively provide OON access information to members and ensure that its MCP member services staff, network providers, and subcontractors are trained on the mandates.

DHCS will review the bimonthly submissions and the MCP's deliverables to ensure compliance with CAP mandates and provide technical assistance if additional corrective action is required.

If an MCP submits an updated or new AAS to rectify a network deficiency, the MCP must continue to provide transportation services for members to any network providers for which it has an approved AAS and approve requested OON access until DHCS has reviewed and approved the updated or new request.

MCPs are also required to ensure network providers and subcontractors adhere to the CAP mandates and comply with OON access requirements.

IV. POST NETWORK CERTIFICATION MONITORING ACTIVITIES

A. Ongoing Monitoring

MCPs are subject to a quarterly monitoring process by DHCS that reviews additional activities, including but not limited to:

- Timely access surveys;

- Investigation of complaints, grievances, appeals, and issues of non-compliance;[67]
- A random sample of the MCP network provider annual network assessments;
- Quality of care indicators;
- Provider to member ratios; and
- OON requests.

In conjunction with the quarterly monitoring processes, DHCS continues its existing data quality review processes by verifying encounter and provider data quality. Encounter and provider data quality metrics include, but are not limited to, primary source verification that is conducted by DHCS' External Quality Review Organization (EQRO) through encounter data validation studies and provider surveys, respectively. In addition, MCPs are subject to a mandatory network adequacy validation performed by the EQRO. The EQRO will validate the previous 12 months of MCP compliance with network adequacy requirements.[68]

B. Public Reporting

DHCS posts all requested and approved AAS on its website.[69] Additionally, DHCS posts CAP reports, which include the findings of DHCS' ANC evaluation and identifies all MCPs that are under a CAP for failure to comply with network adequacy standards. The MCP's response to the CAP will be posted on the DHCS website. [70] In addition, DHCS submits an annual compliance report to CMS and makes it available on the DHCS website.[71]

C. Policies and Procedures

If the requirements contained in this APL, including any updates or revisions to this APL, necessitate a change in an MCP's policies and procedures, the MCP must submit its updated policies and procedures to its MCOD contract manager within 30 days of the release of this APL. If an MCP determines that no changes to its policies and procedures are necessary, the MCP must submit an email confirmation to its MCOD contract manager within 30 days of the release of this APL attesting that the MCP's policies and procedures have been reviewed and no changes are necessary. The email confirmation must include the title of this APL as well as the applicable APL release date in the subject line.

[71] 42 CFR section 438.207.

MCPs are ultimately responsible for ensuring members obtain medically necessary covered services from an OON provider if the services cannot be provided by a network provider in accordance with contractual requirements. MCPs are also required to ensure that their delegates comply with all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including APLs and Policy Letters. These requirements must be communicated by each MCP to all delegated entities, network providers and subcontractors.

If you have any questions regarding this APL, please contact your MCOD contract manager.

Sincerely,

Original signed by Nathan Nau

ALL PLAN LETTER 18-023
SUPERSEDES ALL PLAN LETTER 18-011

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS PARTICIPATING IN THE WHOLE CHILD MODEL PROGRAM

SUBJECT: CALIFORNIA CHILDREN'S SERVICES WHOLE CHILD MODEL PROGRAM

PURPOSE:
The purpose of this All Plan Letter (APL) is to provide direction to Medi-Cal managed care health plans (MCPs) participating in the California Children's Services (CCS) Whole Child Model (WCM) program. This APL conforms with CCS Numbered Letter (N.L.) 04-0618,[1] which provides direction and guidance to county CCS programs on requirements pertaining to the implementation of the WCM program. This APL supersedes APL 18-011.

BACKGROUND:
Senate Bill (SB) 586 (Hernandez, Chapter 625, Statutes of 2016) authorized the Department of Health Care Services (DHCS) to establish the WCM program in designated County Organized Health System (COHS) or Regional Health Authority counties.[2] The purpose of the WCM program is to incorporate CCS covered services into Medi-Cal managed care for CCS-eligible members. MCPs operating in WCM counties will integrate Medi-Cal managed care and county CCS program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible conditions.[3, 4]

[1] CCS N.L.s can be found at: https://www.dhcs.ca.gov/services/ccs/pages/ccsnl.aspx
[2] SB 586 is available at: https://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill_id=201520160SB586
[3] See Health and Safety Code (HSC) Section 123850(b)(1). HSC is searchable at: http://leginfo.legislature.ca.gov/faces/codesTOCSelected.xhtml?tocCode=HSC&tocTitle=+Health+and+Safety+Code+-+HSC
[4] See Welfare and Institutions Code (WIC) Section 14094.11. WIC is searchable at: https://leginfo.legislature.ca.gov/faces/codesTOCSelected.xhtml?tocCode=WIC&tocTitle=+Welfare+and+Institutions+Code+-+WIC

MCPs will authorize care that is consistent with CCS program standards and provided by CCS-paneled providers, approved Special Care Centers (SCCs), and approved pediatric acute care hospitals. The WCM program will support active participation by parents and families of CCS-eligible members and ensure that members receive protections such as continuity of care (C.O.C.), oversight of network adequacy standards, and quality performance of providers.

WCM will be implemented in 21 specified counties, beginning July 1, 2018. Upon determination by DHCS of the MCPs' readiness to address the needs of the CCS-eligible members, MCPs must transition CCS-eligible members into their MCP network of providers by their scheduled implementation date as follows:

MCP	COHS Counties
Phase 1 – Implemented July 1, 2018	
CenCal Health	San Luis Obispo, Santa Barbara
Central California Alliance for Health	Merced, Monterey, Santa Cruz
Health Plan of San Mateo	San Mateo
Phase 2 – No sooner than January 1, 2019	
Partnership Health Plan	Del Norte, Humboldt, Lake, Lassen, Marin, Mendocino, Modoc, Napa, Shasta, Siskiyou, Solano, Sonoma, Trinity, Yolo
Phase 3 – No sooner than July 1, 2019	
CalOptima	Orange

POLICY:
Starting July 1, 2018, as designated above, MCPs assumed full financial responsibility, with some exceptions, of authorization and payment of CCS-eligible medical services, including service authorization activities, claims processing and payment, case management, and quality oversight.

Under the WCM, the MCP, county CCS program, and DHCS each bear responsibility for various administrative functions to support the CCS Program. Responsibilities for the CCS program's eligibility functions under the WCM are determined by whether the county CCS program operates as an independent or dependent county.[5] Independent CCS counties will maintain responsibility for CCS program medical eligibility determinations for potential members, including responding to and tracking appeals relating to CCS program medical eligibility determinations and annual medical eligibility redeterminations. In dependent counties, DHCS will continue to maintain responsibility for CCS program medical eligibility determinations and redeterminations, while the county CCS programs will maintain responsibility for financial and residential eligibility

[5] A link to the Division of Responsibility chart can be found on the CCS WCM website at: http://www.dhcs.ca.gov/services/ccs/Pages/CCSWholeChildModel.aspx

determinations and re-determinations. The MCP is responsible for providing all medical utilization and other clinical data for purposes of completing the annual medical redetermination and other medical determinations, as needed, for the CCS-eligible member.

MCPs are responsible for identifying and referring potential CCS-eligible members to the county for CCS program eligibility determination. MCPs are also required to provide services to CCS-eligible members with other health coverage, with full scope Medi-Cal as payor of last resort.

The implementation of WCM does not impact the activities and functions of the Medical Therapy Program (MTP). WCM counties participating with the MTP will continue to receive a separate allocation for this program and are responsible for care coordination of MTP services.

MCPs are required to use all current and applicable CCS program guidelines in the development of criteria for use by the MCP's chief medical officer or equivalent and other care management staff. CCS program guidelines include CCS program regulations, additional forthcoming regulations related to the WCM program, CCS N.L.s, and county CCS program information notices. Any N.L.s. that fall within the following Index Categories, as identified by DHCS, are applicable to WCM MCPs:[6]

Index Category
Authorizations/Benefits
Case Management
Pharmaceutical
Standards, Hospital/Pediatric Intensive Care Unit/Neonatal Intensive Care Unit (NICU)

For these applicable N.L.s, the WCM MCP must assume the role of the county or state CCS program as described in the N.L. In addition to the requirements included in this APL, MCPs must comply with all applicable state and federal laws and regulations, as well as all contractual requirements.

I. MCP AND COUNTY COORDINATION

MCPs and county CCS programs must coordinate the delivery of CCS services to CCS-eligible members. A quarterly meeting between the MCP and the county CCS program must be established to assist with overall coordination by updating policies, procedures,

[6] See the WCM CCS N.L. Category List. is available at: https://www.dhcs.ca.gov/services/ccs/Documents/CCS-NL-Index-Category-List-June2018.xls

and protocols, as appropriate, and to discuss activities related to the Memorandum of Understanding (MOU) and other WCM related matters.

A. Memorandum of Understanding

MCPs and county CCS programs must execute a MOU outlining their respective responsibilities and obligations under the WCM using the MOU template posted on the CCS WCM page of the DHCS website.[7] The purpose of the MOU is to explain how the MCPs and county CCS programs will coordinate care, conduct program management activities, and exchange information required for the effective and seamless delivery of services to WCM members. The MOU between the individual county and the MCP serves as the primary vehicle for ensuring collaboration between the MCP and county CCS program. The MOU can be customized based on the needs of the individual county CCS program and the MCP. The MOU must include, at a minimum, all of the provisions specified in the MOU template and must be consistent with the requirements of SB 586. MCPs are required to submit an executed MOU to DHCS 105 days prior to implementation. All WCM MOUs are subject to DHCS approval.

B. Transition Plan

Each MCP must develop a comprehensive plan detailing the transition of existing CCS members into managed care for treatment of their CCS-eligible conditions. The transition plan must describe collaboration between the MCP and the county CCS program on the transfer of case management, care coordination, provider referrals, and service authorization, including administrative functions, from the county CCS program to the MCPs.[8] The transition plan must also include communication with members regarding, but not limited to, authorizations, provider network, case management, and ensuring C.O.C. and services for members who are in the process of aging out of CCS. The county CCS programs are required to provide input and collaborate with MCPs on the development of the transition plan. MCPs must submit transition plans to DHCS for approval.

C. Inter-County Transfer

County CCS programs use the Children's Medical Services Net (CMS Net) system to house and share data needed for Inter-County Transfers (ICTs), while MCPs utilize different data systems. Through their respective MOUs, the MCPs and county CCS programs will develop protocols for the exchange of ICT data, as necessary, including authorization data, member data, and case management information, to ensure an efficient transition of the CCS member and allow for C.O.C. of already approved service authorization requests, as required by this APL and applicable state and federal laws.

---

[7] See footnote 5. The MOU template can be found on the CCS WCM website.
[8] See footnote 4. WIC Section 14094.7(d)(4)(C).

When a CCS-eligible member moves from one county to another, the county CCS program and MCP, through their respective MOUs, will exchange ICT data. County CCS programs will continue to be responsible for providing transfer data, including clinical and other relevant data, from one county to another. When a CCS eligible member moves out of a WCM county, the county CCS program will notify the MCP and initiate the data transfer request. The MCP is responsible for providing transfer data, including clinical and other relevant data for members to the county CCS program office. The county CCS program will then coordinate the sharing of CCS-eligible member data to the new county of residence. Similarly, when a member moves into a WCM county, the county CCS program will provide transfer data to the MCP, as applicable.

D. Dispute Resolution and Provider Grievances

Disagreements between the MCP and the county CCS program regarding CCS medical eligibility determinations must be resolved by the county CCS program, in consultation with DHCS.[9] The county CCS program must communicate all resolved disputes in writing to the MCP. Disputes between the MCP and the county CCS program that are unable to be resolved will be referred by either entity to DHCS, via email to CCSRedesign@dhcs.ca.gov, for review and final determination.[10]

MCPs must have a formal process to accept, acknowledge, and resolve provider disputes and grievances.[11] A CCS provider may submit a dispute or grievance concerning the processing of a payment or non-payment of a claim by the MCP directly to the MCP. The dispute resolution process must be communicated by each MCP to all of its CCS providers.

II. MCP RESPONSIBILITIES TO CCS-ELIGIBLE MEMBERS

A. Risk Level and Needs Assessment Process

The MCP must assess each CCS member's risk level and needs by performing a risk assessment process using means such as telephonic or in-person communication, review of utilization and claims processing data, or by other means. MCPs are required to develop and complete the risk assessment process for WCM transition members, newly CCS-eligible members, or new CCS members enrolling in the MCP. The risk assessment process must include the development of a pediatric risk stratification process (PRSP) and an Individual Care Plan (ICP) for high risk members. All requirements are dependent on the member's risk level that is determined through the PRSP. Furthermore, nothing in this APL removes or limits existing survey or assessment requirements that the MCPs are responsible for outside of the WCM.

---

[9] See footnote 4. WIC Section 14093.06(b).
[10] Unresolved disputes must be referred to: CCSRedesign@dhcs.ca.gov
[11] See footnote 4. WIC Section 14094.15(d).

1. **Pediatric Risk Stratification Process**
   MCPs must develop a pediatric risk stratification mechanism, or algorithm, to assess the CCS-eligible member's risk level that will be used to classify members into high and low risk categories, allowing the MCP to identify members who have more complex health care needs.

   MCPs are required to complete a risk stratification within 45 days of enrollment for all members including new CCS members enrolling in the MCP, newly CCS-eligible members, or WCM transition members. The risk stratification will assess the member's risk level through:

   - Review of medical utilization and claims processing data, including data received from the county and DHCS;
   - Utilization of existing member assessment or survey data; and
   - Telephonic or in-person communications, if available at time of PRSP.

   Members who do not have any medical utilization data, claims processing data history, or other assessments and/or survey information available will automatically be categorized as high risk until further assessment data is gathered to make an additional risk determination. The PRSP must be submitted to DHCS for review and approval.

2. **Risk Assessment and Individual Care Plan Process**
   MCPs must develop a process to assess a member's current health, including the CCS condition, to ensure that each CCS-eligible member receives case management, care coordination, provider referral, and/or service authorization from a CCS-paneled provider, as described below:

   <u>New Members and Newly CCS-Eligible Members Determined High Risk</u>
   Members identified as high risk through the PRSP must be further assessed by telephonic and/or in-person communication or a risk assessment survey within 90 calendar days of enrollment to assist in the development of the member's ICP. Any risk assessment survey created by the MCP for the purposes of WCM is subject to review and approval by DHCS.

   <u>Risk Assessment</u>
   The risk assessment process must address:

   - General health status and recent health care utilization. This may include, but is not limited to, caretaker self-report of child's health; outpatient, emergency room, or inpatient visits; and school days missed due to illness, over a specified duration of time;

- Health history. This includes both CCS and non-CCS diagnoses and past surgeries;
- Specialty provider referral needs;
- Prescription medication utilization;
- Specialized or customized durable medical equipment (DME) needs (if applicable);
- Need for specialized therapies (if applicable). This may include, but is not limited to, physical, occupational, or speech therapies, mental or behavioral health services, and educational or developmental services;
- Limitations of activities of daily living or daily functioning (if applicable); and
- Demographics and social history. This may include, but is not limited to, member demographics, assessment of home and school environments, and a cultural and linguistic assessment.

The risk assessment process must be tailored to each CCS-eligible member's age group. At the MCP's discretion, additional assessment questions may be added to identify the need for, or impact of, future health care services. These may include, but are not limited to, questions related to childhood developmental milestones, pediatric depression, anxiety or attention deficit screening, adolescent substance use, or adolescent sexual behaviors.

Individual Care Plan

MCPs are required to establish an ICP for all members determined to be high risk based on the results of the risk assessment process, with particular focus on specialty care, within 90 days of a completed risk assessment survey or other assessment, by telephonic and/or in-person communication.[12] The ICP will, at a minimum, incorporate the CCS-eligible member's goals and preferences, and provide measurable objectives and timetables to meet the needs for:

- Medical (primary care and CCS specialty) services;
- Mild to moderate or county specialty mental health services;
- Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services;
- County substance use disorder or Drug Medi-Cal services;
- Home health services;
- Regional center services; and
- Other medically necessary services provided within the MCP network, or, when necessary, by an out-of-network provider.

[12] See footnote 4. WIC Section 14094.11(b)(4).

The ICP must be developed by the MCP care management team and must be completed in collaboration with the CCS-eligible member, member's family, and/or the member's designated caregiver. The ICP must indicate the level of care the member requires (e.g., no case management, basic case management and care coordination, or complex case management). The ICP must also include the following information, as appropriate, and only if the information has not already been provided as part of another MCP process:[13]

- Access instructions for families so that families know where to go for ongoing information, education, and support in order that they may understand the goals, treatment plan, and course of care the CCS-eligible member and the family's role in the process; what it means to have primary or specialty care for the CCS-eligible member; when it is time to call a specialist, primary, urgent care, or emergency room; what an interdisciplinary team is; and what community resources exist;
- A primary or specialty care physician who is the primary clinician for the CCS-eligible member and who provides core clinical management functions;
- Care management and care coordination for the CCS-eligible member across the health care system, including transitions among levels of care and interdisciplinary care teams; and
- Provision of information about qualified professionals, community resources, or other agencies for services or items outside the scope of responsibility of the MCP.

Further, the MCP must reassess members' risk levels and needs annually at the CCS eligibility redetermination or upon a significant change to a member's condition.

<u>New Members and Newly CCS-Eligible Members Determined Low Risk</u>
For new members and newly CCS-eligible members identified as low risk, the MCP must assess the member by telephonic and/or in-person communication within 120 calendar days of enrollment to determine the member's health care needs. The MCP is still required to provide care coordination and case management services to low risk members.

The MCP must reassess members' risk levels and needs annually at CCS eligibility redetermination or upon a significant change to a member's condition.

[13] See footnote 4. WIC Section 14094.11(c).

WCM Transitioning Members

For WCM transition members, the MCP must complete the PRSP within 45 days of transition, to determine each member's risk level, and complete all required telephonic and/or in-person communication and ICPs for high risk members, and all required telephonic and/or in-person communication for low risk members within one year. Additionally, the MCP must reassess members' risk levels and needs annually at CCS eligibility redetermination, or upon a significant change to a member's condition.

MCPs must submit to DHCS for review and approval a phase-in transition plan establishing a process for completing all required telephonic or in-person communication and ICPs within one year for WCM transition members.

Regardless a member's risk level, all communications, whether by phone or mail, must inform the members and/or the member's designated caregivers that assessments will be provided in a linguistically and culturally appropriate manner, and identify the method by which the providers will arrange for in-person assessments.[14]

MCPs must refer all members, including new members, newly CCS-eligible members, and WCM transition members who may have developed a new CCS-eligible condition, immediately to the county for CCS eligibility determination and must not wait until the annual CCS medical eligibility redetermination period.

B. Case Management and Care Coordination[15]

MCPs must provide case management and care coordination for CCS-eligible members and their families. MCPs that delegate the provision of CCS services to subcontractors must ensure that all subcontractors provide case management and care coordination for members and allow members to access CCS-paneled providers within all of the MCP's subcontracted provider networks for CCS services. MCPs must ensure that information, education, and support is continuously provided to CCS-eligible members and their families to assist in their understanding of the CCS-eligible member's health, other available services, and overall collaboration on the CCS-eligible member's ICP. MCPs must also coordinate services identified in the member's ICP, including:

- Primary and preventive care services with specialty care services;
- Medical therapy units;

[14] See Cultural Competency in Health Care – Meeting the Needs of a Culturally and Linguistically Diverse Population APL 99-005. APLs are available at: http://www.dhcs.ca.gov/formsandpubs/Pages/AllPlanLetters.aspx

[15] See footnote 4. WIC Section 14094.11(b)(1)-(6).

- EPSDT services, including palliative care;[16]
- Regional center services; and
- Home and community-based services.

1. **High Risk Infant Follow-Up Program**
   The High Risk Infant Follow-Up (HRIF) program helps identify infants who might develop CCS-eligible conditions after they are discharged from a NICU. MCPs are responsible for determining HRIF program eligibility, coordinating and authorizing HRIF services for members, and ensuring the provision of HRIF case management services.[17] MCPs must notify the counties in writing, within 15 calendar days, of CCS-eligible neonates, infants, and children up to three years of age that lose Medi-Cal coverage for HRIF services, and provide C.O.C. information to the members.

2. **Age-Out Planning Responsibility**
   MCPs must establish and maintain a process for preparing members approaching WCM age limitations, including identification of primary care and specialty care providers appropriate to the member's CCS qualifying condition(s).

   MCPs must identify and track CCS-eligible members for the duration of their participation in the WCM program and, for those who continue to be enrolled in the same MCP, for at least three years after they age-out of the WCM program.[18]

3. **Pediatric Provider Phase-Out Plan**
   A pediatric phase-out occurs when a treating CCS-paneled provider determines that their services are no longer beneficial or appropriate to the treatment to the member. The MCPs must provide care coordination to CCS-eligible members in need of an adult provider when the CCS-eligible member no longer requires the service of a pediatric provider. The timing of the transition should be individualized to take into consideration the member's medical condition and the established need for care with adult providers.

---

[16] If the scope of the federal EPSDT benefit is more generous than the scope of a benefit discussed in a CCS N.L. or other guidance, the EPSDT standard of what is medically necessary to correct or ameliorate the child's condition must be applied. See Requirements for Coverage of Early and Periodic Screening, Diagnostic, and Treatment Services for Medi-Cal Members Under the Age of 21 APL 18-007, or any superseding APL.
[17] HRIF Eligibility Criteria is available at:
https://www.dhcs.ca.gov/services/ccs/pages/hrif.aspx#medicalcriteria
[18] See footnote 4. WIC Section 14094.12(j).

C. Continuity of Care

MCPs must establish and maintain a process to allow members to request and receive C.O.C. with existing CCS provider(s) for up to 12 months.[19] This APL does not alter the MCP's obligation to fully comply with the requirements of HSC Section 1373.96 and all applicable APLs regarding C.O.C.[20] The C.O.C. requirements extend to MCP's subcontractors. The sections below include additional C.O.C. requirements that only pertain to the WCM program.

1. Specialized or Customized Durable Medical Equipment

If the MCP member has an established relationship with a specialized or customized DME provider, MCPs must provide access to that provider for up to 12 months.[21] MCPs are required to pay the DME provider at rates that are at least equal to the applicable CCS fee-for-service (FFS) rates, unless the DME provider and the MCP mutually enter into an agreement on an alternative payment methodology. The MCP may extend the C.O.C. period beyond 12 months for specialized or customized DME still under warranty and deemed medically necessary by the treating provider.[22]

Specialized or customized DME must be:

- Uniquely constructed or substantially modified solely for the use of the member;
- Made to order or adapted to meet the specific needs of the member; and
- Uniquely constructed, adapted, or modified such that it precludes use of the DME by another individual and cannot be grouped with other items meant for the same use for pricing purposes.

2. Continuity of Care Case Management[23]

MCPs must ensure CCS-eligible members receive expert case management, care coordination, service authorization, and provider referral services. MCPs can meet this requirement by allowing CCS-eligible members, their families, or designated caregivers, to request C.O.C. case management and care coordination from the CCS-eligible member's existing public health nurse (PHN). The member must elect to continue receiving case management from the PHN within 90 days of transition of CCS services to the MCP. In the event the county PHN is unavailable, the MCP must provide the member with an MCP case manager who has received adequate training on the county CCS

[19] See footnote 4. WIC Section 14094.13.
[20] See footnote 3. HSC Section 1373.96.
[21] See footnote 4. WIC Section 14094.12(f).
[22] See footnote 4. WIC Section 14094.13(b)(3).
[23] See footnote 4. WIC Section 14094.13(e), (f) and (g).

program and who has clinical experience with the CCS population or with pediatric patients with complex medical conditions.

At least 60 days before the transition of CCS services to the MCP, the MCP must provide a written notice to all CCS-eligible members explaining their right to continue receiving case management and care coordination services. The MCP must send a follow-up notice 30 days prior to the start of the transition. These notices must be submitted to DHCS for approval.

3. Authorized Prescription Drugs

CCS-eligible members transitioning into MCPs are allowed continued use of any currently prescribed drug that is part of their therapy for the CCS-eligible condition. The CCS-eligible member must be allowed to use the prescribed drug until the MCP and the prescribing physician agree that the particular drug is no longer medically necessary or is no longer prescribed by the county CCS program provider.[24]

4. Extension of Continuity of Care Period[25]

MCPs, at their discretion, may extend the C.O.C. period beyond the initial 12-month period. MCPs must provide CCS-eligible members with a written notification 60 days prior to the end of the C.O.C. period informing members of their right to request a C.O.C. extension and the WCM appeal process for C.O.C. limitations.

The notification must be submitted to DHCS for approval and must include:

- The member's right to request that the MCP extend of the C.O.C. period;
- The criteria that the MCP will use to evaluate the request; and
- The appeal process should the MCP deny the request (see section D below).

Including the WCM C.O.C. protections set forth above, MCP members also have C.O.C. rights under current state law as required in the Continuity of Care for Medi-Cal Members Who Transition Into Medi-Cal Managed Care APL 18-008, including any superseding APL.[26]

[24] See footnote 4. WIC Section 14094.13(d)(2).
[25] See footnote 3. HSC Section 1373.96.
[26] See footnote 14. APL 18-008.

D. Grievance, Appeal, and State Fair Hearing Process

MCPs must ensure members are provided information on grievances, appeals, and state fair hearing (SFH) rights and processes. CCS-eligible members enrolled in managed care are provided the same grievance, appeal, and SFH rights as other MCP members. This will not preclude the right of the CCS member to appeal or be eligible for a fair hearing regarding the extension of a C.O.C. period.[27] MCPs must have timely processes for accepting and acting upon member grievances and appeals. Members appealing a CCS eligibility determination must appeal to the county CCS program. MCPs must also comply with the requirements pursuant to Section 1557 of the Affordable Care Act.[28]

As stated above, CCS-eligible members and their families/designated caregivers have the right to request extended C.O.C. with the MCP beyond the initial 12-month period. MCPs must process these requests like other standard or expedited prior authorization requests according to the timeframes contained in Grievance and Appeal Requirements and Revised Notice Templates and "Your Rights" Attachments APL 17-006, including any superseding APL.

If MCPs deny requests for extended C.O.C., they must inform members of their right to further appeal these denials with the MCP and of the member's SFH rights following the appeal process as well as in cases of deemed exhaustion. MCPs must follow all noticing and timing requirements contained in APL 17-006, including any superseding APL, when denying extended C.O.C. requests and when processing appeals. As required in APL 17-006, if MCPs make changes to any of the noticing templates, they must submit the revised notices to DHCS for review and approval prior to use.

E. Transportation

MCPs are responsible for authorizing CCS Maintenance and Transportation (M&T), Non-Emergency Medical Transportation (NEMT), and Non-Medical Transportation (NMT).[29]

MCPs must provide and authorize the CCS M&T benefit for CCS-eligible members or the member's family seeking transportation to a medical service related to their CCS-eligible condition when the cost of M&T presents a barrier to accessing authorized CCS services. M&T services include meals, lodging, and other necessary

[27] See footnote 4. WIC Section 14094.13(j).
[28] See footnote 14. For Section 1557 requirements, see Standards for Determining Threshold Languages and Requirements for Section 1557 of the Affordable Care Act APL 17-011, including any superseding APL.
[29] See Non-Emergency Medical and Non-Medical Transportation Services APL 17-010, including any superseding APL.

costs (e.g. parking, tolls, etc.), in addition to transportation expenses, and must comply with the requirements listed in CCS N.L. 03-0810.[30] These services include, but are not limited to, M&T for out-of-county and out-of-state services.

MCPs must also comply with all requirements listed in the Non-Emergency Medical and Non-Medical Transportation Services APL 17-010 for CCS-eligible members to obtain NEMT and NMT for services not related to their CCS-eligible condition or if the member requires standard transportation that does not require M&T.[31]

F. Out-of-Network Access

MCPs must provide all medically necessary services by CCS paneled providers, which may require the member to be seen out of network. MCPs must allow CCS-eligible members access to out-of-network providers in order to obtain medically necessary services if the MCP has no specialists that treat the CCS-eligible condition within the MCP's provider network, or if in-network providers are unable to meet timely access standards. CCS-eligible members and providers are required to follow the MCP's authorization policy and procedures to obtain appropriate approvals before accessing an out-of-network provider. MCPs must ensure that CCS-eligible members requesting services from out-of-network providers are provided accurate information on how to request and seek approval for out-of-network services. MCPs cannot deny out-of-network services based on cost or location. Transportation must be provided for members obtaining out-of-network services. These out-of-network access requirements also apply to the MCP's subcontractor's provider networks.

The MCP and their subcontracted provider networks must ensure members have access to all medically necessary services related to their CCS condition. If CCS-eligible members require services or treatments for a CCS condition that are not available in the MCP's or their subcontracted provider networks, the MCP must identify, coordinate, and provide access to a CCS-paneled specialist out-of-network.

G. Advisory Committees

MCPs must establish a quarterly Family Advisory Committee (FAC) for CCS families composed of a diverse group of families that represent a range of conditions, disabilities, and demographics. The FAC must also include local providers, including, but not limited to, parent centers, such as family resource centers, family empowerment centers, and parent training and information

[30] See footnote 1. CCS N.L. 03-0810.
[31] See footnote 14. APL 17-010.

centers.[32] Members serving on this advisory committee may receive a reasonable per diem payment to enable in-person participation in the advisory committee.[33] A representative of this committee will be invited to serve as a member of the statewide DHCS CCS stakeholder advisory group.

MCPs must also establish a quarterly Clinical Advisory Committee composed of the MCP's chief medical officer or equivalent, the county CCS medical director, and at least four CCS-paneled providers to advise on clinical issues relating to CCS conditions.[34]

III. WCM Payment Structure

A. Payment and Fee Rate

MCPs are required to pay providers at rates that are at least equal to the applicable CCS FFS rates, unless the provider and the MCP mutually enter into an agreement on an alternative payment methodology.[35] MCPs are responsible for authorization and payment of all NICU and CCS NICU claims and for conducting NICU acuity assessments and authorizations in all WCM counties.

The MCP will review authorizations and determine whether or not services meet CCS NICU requirements.

The chart below identifies the entity responsible for NICU acuity assessment, authorization, and payment function activities for WCM:

CCS NICU	NICU Acuity Assessment	Authorization	Payor (Facility/ Physician)
Carved-In Counties: Del Norte, Humboldt, Lake, Lassen, Marin, Mendocino, Merced, Modoc, Monterey, Napa, Orange, San Luis Obispo, San Mateo, Santa Barbara, Santa Cruz, Shasta, Siskiyou, Solano, Sonoma, Trinity, and Yolo	MCP	MCP	MCP

[32] See footnote 4. WIC Section 14094.7(d)(3).
[33] See footnote 4. WIC Section 14094.17(b)(2).
[34] See footnote 4. WIC Section 14094.17(a).
[35] See footnote 4. WIC Section 14094.16(b).

IV. MCP Responsibilities to DHCS

A. Network Certification[36]

MCPs and their subcontractors are required to meet specific network certification requirements in order to participate in WCM, which includes having an adequate network of CCS-paneled providers to serve the CCS-eligible population including physicians, specialists, allied professionals, SCCs, hospitals, home health agencies, and specialized and customizable DME providers.

The WCM network certification requires MCPs to submit updated policies and procedures and their CCS-paneled provider networks via a WCM Provider Network Reporting Template.[37]

Subcontracted provider networks that do not meet WCM network certification requirements will be excluded from participating in the WCM until DHCS determines that all certification requirements have been met. MCPs are required to provide oversight and monitoring of all subcontractors' provider networks to ensure network certification requirements for WCM are met.

In accordance with Network Certification Requirements APL 18-005, or any other superseding APL, WCM MCPs may request to add a subcontractor to their WCM network 105 days prior to the start of each contract year.

B. CCS Paneling and Provider Credentialing Requirements

Physicians and other provider types must be CCS-paneled with full or provisional approval status.[38] MCPs cannot panel CCS providers; however, they must ensure that CCS providers in their provider network have an active panel status. MCPs should direct providers who need to be paneled to the CCS Provider Paneling website.[39] MCPs can view the DHCS CCS-paneled provider list online to ensure providers are credentialed and continue contracting with additional CCS-paneled providers.[40]

MCPs are required to verify the credentials of all contracted CCS-paneled

---

[36] See footnote 14. These requirements are further outlined in the Network Certification Requirements APL.
[37] See footnote 14. The WCM Provider Network Reporting Template is an attachment of APL 18-005.
[38] See the Medi-Cal Provider Manual on CCS Provider Paneling Requirements, which is available at: https://files.medi-cal.ca.gov/pubsdoco/publications/masters-mtp/part2/calchildpanel_m00i00o03o04o07o09o11a02a04a05a06a07a08p00v00.doc
[39] Children's Medical Services CCS Provider Paneling is available at: https://cmsprovider.cahwnet.gov/PANEL/index.jsp
[40] The CCS Paneled Providers List is available at: https://cmsprovider.cahwnet.gov/prv/pnp.pdf

providers to ensure the providers are actively CCS-paneled and authorized to treat CCS-eligible members. MCPs' written policies and procedures must follow the credentialing and recredentialing guidelines contained in the Provider Credentialing/Recredentialing and Screening Enrollment APL 17-019, or any superseding APL. MCPs must develop and maintain written policies and procedures that pertain to the initial credentialing, recredentialing, recertification, and reappointment of providers within their network.

C. Utilization Management

MCPs must develop, implement, and update, as needed, a utilization management (UM) program that ensures appropriate processes are used to review and approve medically necessary covered services. MCPs are responsible for ensuring that the UM program includes the following items:[41]

- Procedures for pre-authorization, concurrent review, and retrospective review;
- A list of services requiring prior authorization and the utilization review criteria;
- Procedures for the utilization review appeals process for providers and members;
- Procedures that specify timeframes for medical authorization; and
- Procedures to detect both under- and over-utilization of health care services.

MCP Reporting Requirements

1. Quality Performance Measures

DHCS will develop pediatric plan performance standards and measurements, including health outcomes of children with special health care needs. MCPs are required to report data on the identified performance measures in a format and manner specified by DHCS.

2. Reporting and Monitoring

DHCS has developed specific monitoring and oversight standards for MCPs participating in the WCM. MCPs are required to report WCM encounters as outlined in the most recent DHCS Companion Guide for X12 Standard File Format for encounter data reporting. MCPs are also required to report all contracted CCS-paneled providers as outlined in the most recent DHCS Companion Guide for X12 Standard File Format for provider network data. Both companion guides can be attained by emailing the Encounter Data mailbox at MMCDEncounterData@dhcs.ca.gov. MCPs must submit additionally required

[41] See the COHS Boilerplate Contract, Exhibit A, Attachment 5, Utilization Management. The COHS Boilerplate Contract is available at: http://www.dhcs.ca.gov/provgovpart/Pages/MMCDBoilerplateContracts.aspx

data in a form and manner specified by DHCS and must comply with all contractual requirements.

D. Delegation of Authority

In addition to the requirements of this APL, MCPs are responsible for complying with, and ensuring that their delegates also comply with, all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including other APLs, Policy Letters, and Dual Plan Letters. Each MCP must communicate these requirements to all delegated entities and subcontractors. In addition, MCPs must comply with all requirements listed in the Subcontractual Relationships and Delegation APL 17-004, or any superseding APL. If you have any questions regarding this APL, please contact your Managed Care Operations Division contract manager.

Sincerely,

Original Signed by Nathan Nau

Nathan Nau, Chief
Managed Care Quality and Monitoring Division

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

13. Consider Ratification of New Finance Policy and Procedure: MA.3003

Contact

Nancy Huang, Chief Financial Officer, (657) 235-6935

Recommended Actions

Recommend ratification of new CalOptima Policy MA.3003: Medicare Shared Risk Pool

Background

CalOptima's OneCare program began operations in January 2006 as a Medicare Advantage Special Needs Plan to serve low-income seniors and persons with disabilities. The OneCare Connect program was launched in July 2015 to serve dual eligible members in Orange County by integrating their Medicare and Medi-Cal benefits in order to streamline and simplify access to quality health care services.

As part of CalOptima's arrangement to serve our OneCare and OneCare Connect members, CalOptima and each shared risk health network established Shared Risk Pools in order to share the risk for the cost of caring for these members. CalOptima reconciles the Shared Risk Pool with each of the health networks on an annual basis.

Discussion

CalOptima establishes new and modifies existing policies and procedures to implement federal and state laws, regulations, contracts, and business practices. In addition, CalOptima staff performs an annual policy review to add or update internal policies and procedures to ensure compliance with applicable requirements.

Staff recommends ratification of a new CalOptima Policy MA.3003: Medicare Shared Risk Pool with an effective date of January 1, 2021. This policy formalizes an existing process for CalOptima's administration of the shared risk pools with shared risk group (SRG) health networks for CalOptima's OneCare and OneCare Connect programs and is consistent with the OneCare and OneCare Connect Shared Risk Health Network contracts. This policy currently applies to both the OneCare and OneCare Connect programs. As the State of California plans to discontinue its Cal MediConnect (OneCare Connect) pilot program in conjunction with the CalAIM initiative by the end of December 2022, Staff plans to update this policy in the future so that it will only apply to the OneCare program.

Fiscal Impact

The recommended action to ratify CalOptima Policy MA.3003 is operational in nature and has no additional fiscal impact beyond what was incorporated in the CalOptima Fiscal Year 2020-21 Operating Budget approved by the Board on June 4, 2020.

Back to Agenda

Rationale for Recommendation
The recommended action will enhance the efficiency of CalOptima's operations and governance and ensure compliance with applicable regulatory requirements.

Concurrence
Gary Crockett, Chief Counsel
Board of Directors' Finance and Audit Committee

1. CalOptima Policy MA.3003: Medicare Shared Risk Pool

/s/ Richard Sanchez *05/26/2021*
Authorized Signature **Date**

Back to Agenda

Policy:	MA.3003
Title:	**Medicare Shared Risk Pool**
Department:	Finance
Section:	Accounting
CEO Approval:	*/s/*
Effective Date:	01/01/2021
Revised Date:	Not Applicable
Applicable to:	☐ Medi-Cal ☒ OneCare ☒ OneCare Connect ☐ PACE ☐ Administrative

I. PURPOSE

This policy outlines the process for CalOptima's administration of a Medicare Shared Risk Pool with a Shared Risk Group.

II. POLICY

A. CalOptima shall establish the Medicare Shared Risk Pool for the Shared Risk Group in accordance with the Contract for Health Care Services and the terms and conditions of this Policy.

B. CalOptima shall establish the Medicare Shared Risk Pool each calendar year (CY) during the term of the Shared Risk Group's Contract for Health Care Services.

C. Medicare Shared Risk Budget. The Medicare Shared Risk Budget shall be established based on the Medicare Hospital Budget allocated for Members assigned to the Shared Risk Group within the applicable period.

D. Medicare Shared Risk Expenses. The Medicare Shared Risk Expenses shall include:

1. Claims paid for Shared Risk Services provided to Members assigned to the Shared Risk Group;

2. An estimate of Incurred But Not Reported (IBNR) claims for Shared Risk Services; and

3. Deduction for any recoveries related to Shared Risk Services, including but not limited to copayments, overpayment recoveries and coordination of benefit recoveries.

E. Quarterly Medicare Shared Risk Reporting. CalOptima shall report the status of the Medicare Shared Risk Pool to its corresponding Shared Risk Group within thirty (30) calendar days following the end of each quarter as follows:

1. Period Ending January 1 to March 31: Due April 30.

2. Period Ending January 1 to June 30: Due July 31.

3. Period Ending January 1 to September 30: Due October 31.

Back to Item

Back to Agenda

4. Period Ending January 1 to December 31: Due January 31.

F. Annual Medicare Shared Risk Reconciliation and Settlement. By April 30, CalOptima shall distribute an annual report of the Medicare Shared Risk Program for the preceding CY to the Shared Risk Group. Upon an acceptance of the annual report from the Shared Risk Group, CalOptima shall settle the Medicare Shared Risk Pool for:

1. Surplus. If Medicare Shared Risk Expenses are less than Medicare Shared Risk Budget, CalOptima shall pay a Shared Risk Group an amount equal to fifty percent (50%) of that surplus, less any deficits carried forward from the previous annual settlement. CalOptima shall retain the balance of the Shared Risk Pool.

2. Deficit. If Medicare Shared Risk Expenses exceed Medicare Shared Risk Budget, CalOptima shall carry forward an amount equal to fifty percent (50%) of that deficit, up to an amount not to exceed $5.00 per Enrollee per month calculated on CY basis, into the next annual reconciliation, along with any additional deficits carried forward from the previous annual settlement.

G. In the event that CalOptima or a Shared Risk Group terminates the Contract for Health Care Services, CalOptima shall settle the Medicare Shared Risk Pool within one hundred twenty (120) calendar days following the date of contract termination, in accordance with Section III.C. of this Policy. If the Medicare Shared Risk Pool settlement calculation results in a deficit, in accordance with the Contract with the Shared Risk Group, CalOptima shall forgive the deficit.

H. Upon identification of a payment error, the Shared Risk Group must submit a written notification on a timely basis in order for CalOptima to seek necessary provider recoupment. CalOptima cannot request recoupment from a provider after more than three hundred sixty-five (365) calendar days from the date of CalOptima's original claims payment.

I. If the Shared Risk Group identifies an overpayment of an annual settlement payment, the Shared Risk Group shall return the overpayment within sixty (60) calendar days after the date on which the overpayment was identified, and shall notify CalOptima's Accounting Department in writing of the reason for the overpayment. CalOptima shall coordinate with the Shared Risk Group on the process to return the overpayment.

III. PROCEDURE

A. Quarterly Medicare Shared Risk Reporting

1. Within thirty (30) calendar days following the end of each quarter, as detailed in section II.F. of this Policy, CalOptima shall provide the Shared Risk Group with a written report of the status of the Shared Risk Pool.

2. The quarterly report shall estimate the projected Medicare Shared Risk Budget, Expenses, and Surplus or Deficit as described in sections II.C., D., and E. of this Policy, for the reporting period.

B. Annual Medicare Shared Risk Reconciliation and Settlement

1. No later than April 30 of each year, CalOptima shall provide the Shared Risk Group with an annual report. The annual report shall show the status of the Medicare Shared Risk Pool for the immediately preceding CY.

Back to Item
Back to Agenda

2. CalOptima shall compute the annual Medicare Shared Risk Pool Budget, Expenses, and Surplus or Deficit as described in sections II.C., D. and, E. of this Policy.

3. Each annual report shall include refreshed reports from the previous two (2) annual shared risk periods. CalOptima shall refresh the annual report at the time of the following Shared Risk Period's annual settlement to update IBNR and actual claims payment for previous shared risk periods. After two (2) years, the refreshed annual Shared Risk Program report should not contain IBNR and shall be considered final. (e.g., CY2020 Shared Risk Period will be final April 30, 2023).

4. If, upon review of the annual report, the Shared Risk Group objects to the calculations and determination, the Shared Risk Group may complete and submit the Risk Pool Claims Objection Form and any supporting documentation to the CalOptima Accounting Department within thirty (30) calendar days from the date of receipt of the annual report.

   a. If CalOptima does not receive any written objection from the Shared Risk Group within thirty (30) calendar days of receipt of the annual report, CalOptima shall settle the Medicare Shared Risk Pool and apply any surplus or deficit within fifteen (15) calendar days after the expiration of the review period, but no later than June 15. Such settlement shall be considered final.

   b. If CalOptima receives written notice of objection from the Shared Risk Group within the objection period, CalOptima shall re-evaluate its calculations based on additional documentation provided by the Shared Risk Group and provide a final annual report to the Shared Risk Group within forty-five (45) calendar days after receipt of the written objection.

   c. CalOptima shall settle the Medicare Shared Risk Pool based on this final annual report and apply any surplus or deficit within fifteen (15) calendar days after the date of issuance of the final annual report.

5. If CalOptima determines that a Shared Risk Group has Medicare Shared Risk Pool deficits in two (2) successive fiscal years, or if there is a significant change in risk pool performance, CalOptima may meet with the Shared Risk Group in order to discuss and understand the reason for the pool deficits and develop an improvement plan.

C. Medicare Shared Risk Settlement upon Termination

1. Within one-hundred-twenty (120) calendar days after the effective date of termination of the Contract for Health Care Services with a Shared Risk Group, CalOptima shall provide the terminated Shared Risk Group with a Final Reconciliation and Settlement Report.

2. CalOptima shall compute the Final Medicare Shared Risk Pool Budget, Expenses, and Surplus or Deficit as described in Section II.C., D. and, E. in accordingly.

3. The Final Reconciliation and Settlement Report shall include refreshed reports from the previous two (2) annual shared risk periods. Or, CalOptima shall refresh any annual report which otherwise would not be considered final as of the effective date of termination of the Contract for Health Care Services with the Shared Risk Group.

4. If, upon review of the Final Reconciliation and Settlement Report, the terminated Shared Risk Group objects to the calculations and determination, the terminated Shared Risk Group may complete and submit the Risk Pool Claims Objection Form and any supporting documentation

to the CalOptima Accounting Department within thirty (30) calendar days from the date of receipt of the Final Reconciliation and Settlement Report.

a. If CalOptima does not receive any written objection from the terminated Shared Risk Group within thirty (30) calendar days of receipt of the Final Reconciliation and Settlement Report, CalOptima shall settle the Medicare Shared Risk Pool within fifteen (15) calendar days after the expiration of the review period. Such settlement shall be considered final. If the settlement calculation from the Final Reconciliation and Settlement Report results in a deficit, in accordance with the Contract with the Shared Risk Group, CalOptima shall forgive the deficit.

b. If CalOptima receives written notice of objection from the terminated Shared Risk Group within the objection period, CalOptima shall re-evaluate its calculations based on additional documentation provided by the terminated Shared Risk Group and provide a revised Final Reconciliation and Settlement Report to the terminated Shared Risk Group within forty-five (45) calendar days after receipt of the written objection.

c. CalOptima shall settle the Medicare Shared Risk Pool based on this revised Final Reconciliation and Settlement Report within fifteen (15) calendar days after the date of issuance of the revised Final Reconciliation and Settlement Report. If the settlement calculation from the revised Final Reconciliation and Settlement Report results in a deficit, in accordance with the Contract with the Shared Risk Group, CalOptima shall forgive the deficit.

IX. GLOSSARY

Term	Definition
Contract for Health Care Services	The written instrument between CalOptima and Physicians, Hospitals, Health Maintenance Organizations (HMO), or other entities. Contract shall include any Memoranda of Understanding entered into by CalOptima that is binding on a Physician Hospital Consortium (PHC) a physician group under a shared risk contract, or HMO, and DHCS Medi-Cal Managed Care Division Policy Letters.
Contracted CalOptima Hospital	A hospital that has entered into a CalOptima Hospital Services Contract to provide hospital services to CalOptima Direct Members.
Covered Services	Medi-Cal: Those services provided in the Fee-For-Service Medi-Cal program (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127), for HHP Members with eligible physical chronic conditions and substance use disorders, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members not-withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program. OneCare / OneCare Connect: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Centers of Medicare & Medicaid Services (CMS) Contract.
Division of Financial Responsibility (DOFR)	A matrix that identifies how CalOptima identifies the responsible parties for components of medical associated with the provision of Covered Services. The responsible parties include, but are not limited to, Physician, Hospital, CalOptima and the County of Orange.
Incurred But Not Reported (IBNR)	IBNR means "incurred but not reported," and refers to an estimate of claims that have been incurred for medical services provided, but for which claims have not yet been received by the Health Network.
Medicare Hospital Budget	The amount equal to the Non-Part D related capitation that CalOptima receives from Center for Medicare & Medicaid Services (CMS) for Members assigned to the Shared Risk Physician multiplied by Hospital Budget percentage set forth in the Shared Risk Group Contract for Health Care Services.
Medicare Shared Risk Pool	Covered Services which are the financial responsibility under the Hospital Budget as set forth in the Division of Financial Responsibility (DOFR) of the Contract for Health Care Services.
Member	A beneficiary enrolled in a CalOptima program.

Term	Definition
Provider	A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary Provider, health maintenance organization, Health Network, physician group or other person or institution that furnishes Covered Services.
Shared Risk Budget	The total amount that CalOptima allocates to the Shared Risk Pool to pay for Shared Risk Services set forth in the DOFR of the contract.
Shared Risk Expenses	Amounts paid for Shared Risk Services provided to Members assigned to the Shared Risk Group; An estimate of Incurred But Not Reported (IBNR) expenses; and Administrative expenses at a rate established in the Contract for Health Care Services.
Shared Risk Group (SRG)	A Health Network who accepts delegated clinical and financial responsibility for professional services for assigned Members, as defined by written contract and enters into a risk sharing agreement with CalOptima as the responsible partner for facility services.
Shared Risk Pool	The risk sharing program, under which the risk for the provision of Shared Risk Services to Members is shared and allocated between CalOptima and the contracted Health Network.
Shared Risk Services	Covered Services which are the financial responsibility under the Hospital Budget as set forth in the Division of Financial Responsibility (DOFR) of the Contract for Health Care Services.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

14. Consider Approval of Modifications to Policy GG.1900: Behavioral Health Services, to Support the Administration of Behavioral Health Services for CalOptima Medi-Cal Members

Contacts

Emily Fonda, M.D., MMM, CHCQM, Chief Medical Officer, (714)246-8887
Marie Jeannis, RN, Executive Director, Quality & Population Health Management, (714) 246-8591

Recommended Action

Approve recommended modifications to CalOptima Policy GG:1900: Behavioral Health Services, in accordance with CalOptima's regular review process and consistent with regulatory requirements.

Background

CalOptima staff regularly reviews agency Policies and Procedures to ensure they are up to date and aligned with Federal and State health care program requirements, contractual obligations, and laws, as well as CalOptima operations. CalOptima is also obligated to comply with the Department of Health Care Services (DHCS) Medi-Cal contractual provisions and All Plan Letter (APL) guidance for outpatient mental health services.

CalOptima Policy GG.1900: Behavioral Health Services outlines CalOptima covered Medi-Cal behavioral health benefits, access to care, CalOptima Behavioral Health Line, care coordination, and emergency services. Policy GG.1900 was first made effective in January 2014 to support the implementation of outpatient mental health services for mild to moderate mental health condition.

Discussion

In September 2020, covered Psychological Services described in the Medi-Cal Provider Manual was updated to include Family therapy as a reimbursable service. Family therapy must be composed of at least two family members and is covered for adults with mental health conditions and children, under the age of 21, who meet the Medi-Cal criteria. Policy GG.1900 has been modified to support the updates in the Medi-Cal Provider Manual.

Below is a list of substantive changes to the policy, which are reflected in the attached redline.

The list does not include non-substantive changes that may also be reflected in the redline (e.g., formatting, spelling, punctuation, capitalization, minor clarifying language and/or grammatical changes).

Back to Agenda

Modifications Made to Policy GG:1900: Behavioral Health Services:

Policy Section	Proposed Changes	Rationale	Impact of Change
Page 1, Section II.A.6, line 22 Page 2, Section II.F., line 19	Removed "Use Disorder" and replaced with "Abuse"	To be consistent with updated Policy name - GG.1100: Alcohol and Substance Abuse	There is no impact to CalOptima as this change is to update and correct GG.1100 policy title in this policy.
Page 1, Section II.A.7, lines 25-30	Added "Family therapy (composed of two (2) or more family members) for adult Members with a mental health condition and child Members under twenty-one (21) who meet criteria as specified in the Medi-Cal Provider Manual. Family counseling for the sole purpose of treating a couple's relational problems, including marriage counseling, is not covered."	Per Medi-Cal Provider Manual – Psychological Services (p. 4) and APL 017-18: Medi-Cal Managed Health Care Plan Responsibilities for Outpatient Mental Health Services (pp. 6, 10)	There is no impact as family therapy has been a CalOptima covered mental health service and the policy reflects current practice. The policy was updated to support and the Medi-Cal Provider Manual and further clarify APL requirements.
Page 2, Section II.C., lines 1 & 2	Added "covered by CalOptima"	To clarify CalOptima does not impose limitations on behavioral health services that are more stringent than limitations placed on medical/surgical services that CalOptima authorizes	There is no impact to CalOptima as an additional language was added to clarify that the section refers to medical services covered by CalOptima.

Back to Agenda

Policy Section	Proposed Changes	Rationale	Impact of Change
Page 3, Section II.M.2.b, line 20-21	Changed the sentence from "with the Behavioral Health Vendor's Provider Network" to "within the CalOptima Behavioral Health network."	To clarify CalOptima contracts directly with behavioral health providers	There is no impact since CalOptima transitioned from Behavioral Health Vendor to CalOptima Behavioral Health network (direct contract) in 2018. Policy was updated to reflect current process.
Page 4, Section III.A.1.a, lines 3 & 4	Inserted DHCS All Plan Letter (APL) 18-014: Alcohol Misuse: Screening and Behavioral Counseling Interventions in Primary Care.	To include the APL number and title	There is no impact to CalOptima as change was to add the number and title of the APL for clarity and reference.
Page 5, Section III.C.1.g, line 21	Added the words "but in no case more than two (2) hours after determining the call is emergent"	To clarify the standard	There is no impact to CalOptima as additional language was added to clarify the turnaround time for emergent calls.
Page 5, Section III.C.1.h, line 24	Added the words "after 24 hours making the determination that the call is urgent"	To clarify the standard	There is no impact to CalOptima as additional language was added to clarify the turnaround time for urgent calls.
Page 6, Section III.D.3.c, lines 51-52	Removed the following language: "c. If applicable, inpatient hospital Provider shall notify a Member's behavioral health Provider after a Member has been admitted and discharged from an inpatient mental health treatment."	Not applicable since CalOptima does not manage inpatient psychiatric care	There is no impact to CalOptima as inpatient psychiatric care is the responsibility of OCHCA Mental Health Plan.

Back to Agenda

Policy Section	Proposed Changes	Rationale	Impact of Change
Page 7, Section III.D.3.b, lines 1-4	Added the following language: "b. To facilitate transition of care for Members transiting to or from OCHCA mental health services, CalOptima's PCPs and the outpatient behavioral health Providers treating Members with mental illness shall receive clinical consultation, including consultation on medication from OCHCA."	To clarify how providers will be made aware of members transitioning from OCHCA Mental Health services to CalOptima behavioral health.	There is no impact as CalOptima currently coordinates and facilitates transition of care for mental health services with OCHCA.

Fiscal Impact
The recommended action to approve updates to CalOptima Policy GG.1900 is operational in nature and has no additional fiscal impact beyond what was incorporated in the CalOptima Fiscal Year 2020-21 Operating Budget approved by the Board on June 4, 2020.

Rationale for Recommendation
CalOptima staff has updated GG.1900 to ensure that it reflects the current Medi-Cal covered behavioral health benefits. The updated policies and procedures will supersede prior versions.

Concurrence
Gary Crockett, Chief Counsel

I. PURPOSE

This policy ~~ensures~~describes access to Behavioral Health Services for Medi-Cal Members.

II. POLICY

A. CalOptima shall provide the following Behavioral Health Services ~~as defined by the Department of Health Care Services (DHCS),~~ when they are provided or ordered by a licensed health care professional~~s~~ acting within the scope of his or her license:

1. Individual/group mental health evaluation and treatment (psychotherapy);
2. Psychological testing when clinically indicated to evaluate a mental health condition;
3. Outpatient services for the purposes of monitoring drug therapy;
4. Psychiatric consultation for medication management;
5. Outpatient laboratory, supplies and supplements; ~~and~~
6. Alcohol Misuse Screening and Counseling (AMSC) for Members who misuse alcohol, in accordance with CalOptima Policy GG.1100: Alcohol and Substance ~~Use Disorder~~Abuse Treatment Services~~.~~; and
7. Family therapy (composed of two (2) or more family members) for adult Members with a mental health condition and child Members under twenty-one (21) who meet criteria as specified in the Medi-Cal Provider Manual.
   a. Family counseling for the sole purpose of treating a couple's relational problems, including marriage counseling, is not covered.

B. For Members under the age of twenty-one (21), CalOptima shall provide Medically Necessary non-specialty mental health services listed in Section II A. of this Policy, regardless of the severity of the impairment.

C. CalOptima shall not impose quantitative or non-quantitative treatment limitations more stringently on

Back to Agenda Back to Item

covered Behavioral Health Services than are imposed on medical/surgical services covered by CalOptima, in accordance with the parity in mental health and substance use disorder requirements in Title 42, Code of Federal Regulations (CFR), ~~Section~~Part 438~~.900~~, Subpart K.

D. CalOptima shall use tools mutually agreed upon with Orange County Mental Health Plan, administered by the Orange County Health Care Agency (OCHCA) to assess the Member's disorder, level of impairment, and appropriate care needed.

E. Through a network of licensed mental health care Providers, CalOptima shall provide Behavioral Health Services to Members with mild to moderate impairment of behavioral, cognitive, and emotional functioning resulting from a mental condition in the current Diagnostic and Statistical Manual (except relational problems), individual/group mental health evaluation and treatment (psychotherapy), testing when clinically indicated to evaluate a mental health condition, and outpatient services for the purpose of monitoring drug therapy; and psychiatric consultation for medication management.

F. CalOptima and its Health Networks' contracted Primary Care Providers (PCPs) shall provide AMSC for Members identified as at-risk of alcohol misuse in accordance with CalOptima Policy GG.1100: Alcohol and Substance ~~Use Disorder~~Abuse Treatment Services.

G. CalOptima and its Health Networks' contracted PCPs shall be responsible for screening and providing mental health services within the scope of their practice.

H. CalOptima shall maintain the privacy of Member's Protected Health Information (PHI), in accordance with all federal and state laws when using or disclosing PHI for treatment, payment, and health care operation, including applying minimum necessary standards, when applicable, in accordance with CalOptima Policies HH.3006Δ: Tracking and Reporting Disclosures of Protected Health Information (PHI), HH.3010Δ: Protected Health Information Disclosures Required by Law, and HH.3011Δ: Use and Disclosure for Treatment, Payment, and Health Care Operations.

I. CalOptima shall obtain written authorization from the Member prior to the use or Disclosure of PHI for purposes other than treatment, payment, and health care operations, in accordance with CalOptima Policies HH.3011Δ: Use and Disclosure of PHI for Treatment, Payment, and Health Care Operations, and HH.3015Δ: Member Authorization for the Use and Disclosure of Protected Health Information.

J. CalOptima shall ensure timely access to Behavioral Health Services as set forth by the Department of Managed Health Care (DMHC) and CalOptima Policy GG.1600: Access and Availability Standards.

K. If Behavioral Health Services that are the responsibility of CalOptima are unavailable to the Member within the network, CalOptima shall arrange for the provision of Behavioral Health Services outside the network in a timely manner, and in accordance with CalOptima Policy GG.1508: Authorization and Processing of Referrals.

L. CalOptima shall not require a referral from a PCP or Prior Authorization for an initial mental health assessment performed by a network mental health Provider. In addition, Behavioral Health Services do not require Prior Authorization except for Psychological Testing and Behavioral Health Treatment (BHT) Services, in accordance with CalOptima Policies GG.1549: Authorization for Psychological Testing for Mental Health Conditions and GG.1548: Authorization ~~for~~and Monitoring of Behavioral Health Treatment (BHT) Services. Prior Authorization requirements shall be in compliance with the requirements for parity in mental health and substance use disorder benefits in Title 42 CFR section 438.910(d).

M. CalOptima shall maintain a twenty-four (24) ~~hour~~hours per day/seven (7) ~~day~~days per week direct telephone line for emergencies during non-business hours for Members to access and for Providers to coordinate care with the CalOptima Behavioral Health Phone Line or emergency room personnel during a crisis.

1. CalOptima shall ensure:

a. Timely access to screening of Members for mild to moderate Behavioral Health Services;

b. Appropriate staffing levels of the call center; and

c. Recruitment of staff who speak the Threshold Languages and provide, at no cost to the Member, access to interpreter services pursuant to CalOptima Policy DD.2002: Cultural and Linguistic Services.

2. CalOptima shall ensure its call center staff have relevant knowledge to:

a. Provide information regarding Covered Services;

b. Identify the location, qualifications, and availability of Providers ~~with~~within the CalOptima Behavioral Health ~~Vendor's~~ Provider network;

c. Inform Members of their rights and responsibilities, in accordance with CalOptima Policy DD.2001: Member Rights and Responsibilities;

d. Communicate the procedure for Member Complaints, Grievances, and Appeals, in accordance with CalOptima Policies HH.1102: ~~CalOptima~~ Member ~~Complaint~~Grievance and GG.1510: Appeal Process ~~for Decisions Regarding Care and Services~~;

e. Communicate the procedure for Provider Complaints and disputes, Appeals and Grievances in accordance with CalOptima Policies HH.1101: CalOptima Provider Complaint and GG.1510: Appeal Process ~~for Decisions Regarding Care and Services~~;

f. Access oral interpretation services and written materials in Threshold Languages for Members;

g. Provide information on other community services or resources available to Members; and

h. Educate the Member ~~of~~regarding the procedure and department at CalOptima to contact if the Member would like to change their Health Network or has questions about Health Network options.

N. CalOptima shall identify and refer an eligible Member to the ~~Orange County Health Care Agency (OCHCA)~~OCHCA for the provision of Medi-Cal Specialty Mental Health Services.

O. CalOptima shall identify and refer an eligible Member to the Orange County Drug-Medi-Cal Organized Delivery System (DMC-ODS) for the provision of Drug Medi-Cal services.

III. PROCEDURE

A. PCP and Behavioral Health Services

1. For alcohol misuse, a PCP shall:

a. Administer a DHCS-approved screening tool for identifying alcohol misuse in accordance with DHCS All Plan Letter (APL ~~18-014);~~) 18-014: Alcohol Misuse: Screening and Behavioral Counseling Interventions in Primary Care.

b. Provide behavioral counseling intervention on identified issue(s); and

c. Refer a Member to the Orange County DMC-ODS for additional assessment and counseling.

2. For mental health, a PCP shall:

a. Screen and provide mental health services within the scope of their practice; and

b. Refer the Member for further mental health services through CalOptima's Mental Health Provider Network, or the OCHCA.

B. Accessing CalOptima Behavioral Health Services

1. A Member may access Behavioral Health Services through the CalOptima Behavioral Health Phone Line.

2. A Member may be referred to the CalOptima Behavioral Health Phone Line from the following:

a. OCHCA's Orange County Mental Health Plan (OCMHP) Access Line;

b. Self-referral;

c. Authorized Representative or caregiver;

d. PCP;

e. Specialty Care Provider;

f. Behavioral health specialist;

g. Long-Term Support Services (LTSS) Provider;

h. Community-based agency;

i. Case manager, Disease Management staff, or discharge planner; and

j. Other Providers of a Member's health care team.

C. CalOptima Behavioral Health Phone Line

1. Call Center requirements shall include:

a. Complying with telephone access standards in accordance with CalOptima Policy GG.1600: Access and Availability Standards;

b. Utilizing linguistic ~~interpreter services, American Sign Language (ASL)~~ interpreter services, or the California Relay Service for Members, as necessary to ensure effective communication;

c. Verifying the caller's Medi-Cal eligibility and Health Network assignment;

i. If the caller is a CalOptima Medi-Cal Member assigned to Kaiser Foundation Health Plan (Kaiser), CalOptima shall refer and provide the caller the Kaiser phone line to access services.

ii. If the caller is not a Medi-Cal beneficiary and not in crisis, call center staff shall refer the caller to Orange County Social Services Agency for enrollment information and suggest a community resource for treatment of their described symptoms.

d. Determining if the caller is seeking help for a mental health concern;

e. Screening for crisis and ~~determine~~determining if the call is routine, urgent or emergent. If determined urgent or emergent, call center staff shall immediately complete safety screening;

f. If a caller's needs are indicated as requiring Emergent or Urgent Services, call center staff shall make a referral to County's Centralized Assessment Team (CAT) or contact the police without delay to prevent further deterioration of the caller's condition;

g. Call center staff must link Emergent calls immediately, ~~not to exceed~~but in no case more than two (2) hours ~~of~~after determining the ~~determination;call~~ is emergent;

h. Call center staff must link urgent calls for services within twenty-~~-~~four (24) hours after making the determination that the call is urgent;

i. Call center staff must obtain confirmation and document that any caller assessed as requiring Emergent or Urgent Services has been appropriately connected to services or the police department, either through verbal or written communication with appropriate agencies; and

j. If the Caller is determined to be a Medi-Cal beneficiary assigned to CalOptima with a mental health need, the call center staff shall conduct a brief telephone clinical screening to verify appropriate level of services.

2. As a result of the brief telephone clinical screening:

a. If it is determined the Member meets mild to moderate need for Behavioral Health Services, the call center staff will provide the Member with referrals to appropriate Behavioral Health Services. The call center staff will ensure the Member is directed to Providers that are within the CalOptima Behavioral Health Network, are currently accepting CalOptima Medi-Cal Members, can provide appropriate cultural and linguistic services, and can offer a first appointment within the standards pursuant to CalOptima Policy GG.1600: Access and Availability Standards.

b. If determined the Member does not meet mild to moderate need for Behavioral Health Services, the clinician shall complete a warm transfer to the OCMHP Access Line where the Member will be screened for Medical Necessity criteria for Specialty Mental Health Services (SMHS), for Seriously and Persistently Mentally Ill (SPMI), or is a child with Serious Emotional Disturbances (SED).

c. If further assessment and treatment for alcohol and/or substance use is determined, the call center staff shall warm transfer the Member to the Orange County DMC-ODS for Drug Medi-Cal services.

~~b~~d. Should it not be possible to assess a Member appropriately during the brief telephone clinical screening, call center staff shall take further steps to ensure the Member is referred to the most appropriate Level of Care (LOC) by referring the Member for a face-to-face evaluation.

3. CalOptima shall ensure the following steps are completed during the Member call:

   a. Member's eligibility status and Health Network assignment shall be verified each time the Member contacts the CalOptima Behavioral Health Phone Line;

   b. A safety screening, the outcome/results of the screening, and if applicable, any resources/Provider referrals that were provided; and

   c. Justification for clinical disposition for services.

D. Care Coordination

1. CalOptima and its Health Networks shall coordinate care for Members enrolled in the Health Homes Program in accordance with CalOptima Policies GG.1350: Health Homes Program (HHP) Member Eligibility and GG.1331: Health Homes Program (HHP) Services and Care Management.

   a. CalOptima and its Health Networks shall ensure compliance with all applicable State and federal requirements related to HHP and all HHP requirements determined by DHCS, including but not limited to DHCS All Plan Letter (APL) 18-012: Health Homes Program Requirements and the HHP Program Guide.

   b. CalOptima and a Health Network shall ensure Members are receiving appropriate and coordinated services.

2. CalOptima shall ensure care coordination with OCHCA is addressed at the bimonthly interagency CalOptima/HCA Collaboration Meeting to ensure:

   a. Provision of all Medically Necessary Covered Services; and

   b. Identification and referral of eligible Members to LTSS based on Member's Plan of Care.

   c. When CalOptima is determined to be responsible for covered Behavioral Health Services, CalOptima shall initiate, provide, and maintain ongoing care coordination as mutually agreed upon in the Memorandum of Understanding with the OCHCA.

   d. Transition of care is provided for Members transiting to or from CalOptima or OCHCA mental health services. OCHCA clinical consultation, including consultation on medications, shall be provided to CalOptima's PCPs who are treating Members with mental illness;

3. Coordination of care for inpatient mental health treatment:

   a. OCHCA ~~will ensure~~requires that inpatient hospital ~~Provider shall~~Providers notify a Member's PCP within twenty-four (24) hours of admission and discharge from an inpatient mental health treatment to arrange for appropriate follow-up services.

   ~~c. If applicable, inpatient hospital Provider shall notify a Member's behavioral health Provider after a Member has been admitted and discharged from an inpatient mental health treatment.~~

b. To facilitate transition of care for Members transiting to or from OCHCA mental health services, CalOptima's PCPs and the outpatient behavioral health Providers treating Members with mental illness shall receive clinical consultation, including consultation on medication from OCHCA.

~~b.~~c. CalOptima and contracted Health Network PCPs and the outpatient behavioral health Provider shall review and update the care plan of the Member as clinically indicated.

4. Pharmacy services

   a. OCHCA will provide the names and qualification of OCHCA's Prescribers to CalOptima; and

   b. CalOptima shall provide procedures for obtaining authorization of prescribed drugs and laboratory services and a list of available pharmacies and laboratories.

5. Emergency Services

   a. CalOptima shall provide emergency room facility and related services (other than Specialty Mental Health Services), home health agency services as described in Title 22 of the California Code of Regulations (CCR) section 51337, Non-Emergency Medical Transportation as defined in CalOptima Policy GG.1505: Transportation: Emergency, Non-Emergency, and Non-Medical, and Covered Services to treat the physical health needs of Members who are receiving psychiatric inpatient hospital services, including the history and physical examination required upon admission;

   b. CalOptima shall provide direct transfers between psychiatric inpatient hospital services and inpatient hospital services required to address a Member's medical problems based on changes in the Member's mental health or medical condition; and

   c. As the County Mental Health Plan, OCHCA ~~shall provide~~provides emergency assessment of the Member's mental health condition.

6. Information Exchange

   a. CalOptima shall ensure timely sharing of information and roles and responsibilities for sharing Protected Health Information (PHI) for the purposes of medical and behavioral health care coordination pursuant to Title 9, CCR, section 1810.370(a)(3), and in compliance with Health Insurance Portability and Accountability Act (HIPAA) and applicable state and federal privacy laws.

7. Members receive Specialty Mental Health Services, as well as alcohol and/or substance use disorder treatment while receiving services from a Specialty Mental Health Provider; and

8. Members are receiving services from an Orange County and/or Drug Medi-Cal program.

IX. GLOSSARY

Term	Definition
Appeal	A ~~request~~review by CalOptima of an adverse benefit determination, which includes one of the ~~Member~~following actions: A. A denial or limited authorization of a requested service, including determinations based on the ~~Member's Authorized Representative,~~type or ~~Provider~~level of service, requirements for ~~review of an Adverse Benefit Determination that involves the delay, modification, denials~~Medical Necessity, appropriateness, setting, or ~~discontinuation~~effectiveness of a Covered Service; B. A reduction, suspension, or termination of a previously authorized service~~.~~; C. A denial, in whole or in part, of payment for a service; D. Failure to provide services in a timely manner; or ~~A.~~E. Failure to act within the timeframes provided in 42 CFR 438.408(b).
Authorized Representative	~~A~~A person designated by the Member, or a person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting in loco parentis who have the authority under applicable law to make health care decisions on behalf of unemancipated minors ~~and as further described in CalOptima Policy HH.3009A: Access by Member's Authorized Representative.~~.
Behavioral Health Services	Services which encompass both mental health and substance use disorder services, as covered by CalOptima.
Behavioral Health Treatment (BHT) Services	Professional services and treatment programs, including but not limited to Applied Behavior Analysis (ABA) and other evidence-based behavior intervention programs that develop and restore, to the maximum extent practicable, the functioning of an individual with Autism Spectrum Disorder. BHT is the design, implementation, and evaluation of environmental modification using behavioral stimuli and consequences to produce socially significant improvement in human behavior.
~~Behavioral Health Vendor~~	~~A Managed Behavioral Health Organization (MBHO) that contracts with CalOptima to provide Covered Behavioral Health Services to Members assigned to various CalOptima Health Networks, excluding Members assigned to Kaiser Foundation Health Plan (Kaiser).~~

Term	Definition
CalOptima Behavioral Health Phone Line	Toll-free telephone number that Providers, Members or individuals acting on behalf of Members can call at any time (twenty-four (24) hours~~/~~ ~~per~~ day/seven (7) days a week) to obtain referrals for all CalOptima Covered Outpatient Mental Health Services. This line has a live operator at all times and telephone coverage shall be made available in all Threshold Languages. The number shall connect the Member or Member's representative or Provider to an individual who shall either: 1. Have authority to approve Covered Services; 2. Have the ability to transfer the Member or Member's representative to an individual with authority without disconnecting the call; and/or 3. In case of emergency, direct the Member or Member's representative to hang up and dial 911 or go to the nearest emergency room.
Child with Serious Emotional Disturbance (SED)	Pursuant to Section 1912(c) of the Public Health Service Act and Section 5600.3 of the Welfare and Institutions Code, children with a serious emotional disturbance are (1) from birth up to age 18; and (2) currently have, or at any time during the last year, had a diagnosable mental, behavioral or emotional disorder of sufficient duration to meet diagnostic criteria specified within the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders that resulted in functional impairment which substantially interferes with or limits the child's role or functioning in family, school, or community activities.
Complaint	An oral or written expression indicating dissatisfaction with any aspect of the CalOptima program.
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program ~~effective July 1, 2019~~, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127~~), effective January 1, 2020~~ for HHP Members with eligible physical chronic conditions and substance use disorders, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members ~~not withstanding~~notwithstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.

Term	Definition
Department of Health Care Services (DHCS)	The single State Department responsible for administration of the Medi-Cal program, California Children Services (CCS), Genetically Handicapped Persons Program (GHPP), Child Health and Disabilities Prevention (CHDP), and other health related programs.
Department of Managed Health Care (DMHC)	The State Agency that responsible for licensing and regulating health care services plans/health maintenance organizations in accordance with the Knox Keene Health Care Service Plan Act of 1975 ~~and~~ as ~~subsequently~~ amended.
Disclosure	Has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations. The release, transfer, provision of access to, or divulging in any other manner of information outside of the entity holding the information.
Drug Medi-Cal Treatment Program (Drug Medi-Cal)	Program under which each county enters into contracts with the State Department of Health Care Services (DHCS) for the provision of various drug treatment services to Medi-Cal recipients or DHCS directly arranges for the provision of these services if a county elects not to do so.
Emergency Services	Covered Services furnished by Provider qualified to furnish those health services needed to evaluate or stabilize an Emergency Medical Condition.
Emergent Services	For purposes of this policy, shall be indicated when the caller has a psychiatric condition that meets criteria for acute psychiatric hospitalization and cannot be treated at a lower Level of Care. These criteria include the caller being a danger to self or others.
Grievance	~~An expression of dissatisfaction about any matter other than an Adverse Benefit Determination Complaint Appeal Member.~~An oral or written expression of dissatisfaction, about any matter other than an action that is an adverse benefit determination, as identified within the definition of an Appeal, and may include, but is not limited to: the quality of care or services provided, interpersonal relationships with a Provider or Contractor's employee, failure to respect a Member's rights regardless of whether remedial action is requested, and the right to dispute an extension of time proposed by Contractor to make an authorization decision.
Health Insurance Portability and Accountability Act (HIPAA)	The Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, was enacted on August 21, 1996. Sections 261 through 264 of HIPAA require the Secretary of the U.S. Department of Health and Human Services (HHS) to publicize standards for the electronic exchange, privacy and security of health information, and as subsequently amended.
Health Homes Program (HHP)	All of the California Medicaid State Plan amendments and relevant waivers that DHCS seeks and CMS approves for the provision of HHP services that provide supplemental services to HHP eligible and enrolled Members coordinating the full range of physical health, behavioral health, and community-based LTSS needed for chronic conditions.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network Covered Services Members Health Network
Level of Care (LOC)	Criteria for determining admission to a LTC facility contained in Title 22, CCR, Sections 51334 and 51335 and applicable CalOptima policies.

Term	Definition
Long Term Services and Supports (LTSS)	A wide variety of services and supports that help Members meet their daily needs for assistance and improve the quality of their lives. LTSS are provided over an extended period, predominantly in homes and communities, but also in facility-based settings such as nursing facilities. As described in California WIC Section 14186.1, Medi-Cal covered LTSS includes all of the following: 1. In-Home Supportive Services (IHSS); 2. Community-Based Adult Services (CBAS); 3. Multipurpose Senior Services Program (MSSP) services; and 4. Skilled nursing facility services and subacute care services.
Medically Necessary or Medical Necessity	Reasonable and necessary ~~services~~ Covered Services to protect life, to prevent ~~significant~~ illness or ~~significant~~ disability, ~~or to~~ alleviate severe pain through the diagnosis or treatment of disease, illness, or injury~~.~~, achieve age-appropriate growth and development, and attain, or regain functional capacity. For Medi-Cal Members receiving managed long-term services and supports (MLTSS), Medical Necessity is determined in accordance with Member's current needs assessment and consistent with person-centered planning. When determining Medical Necessity of Covered Services for Medi-Cal Members under the age of 21, Medical Necessity is expanded to include the standards set forth in 42 U.S.C. section 1396d(r) and California Welfare and Institutions Code section 14132(v).
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Non-Emergency Medical Transportation	Ambulance, litter van and wheelchair van medical transportation services when the Member's medical and physical condition is such that transport by ordinary means of public or private conveyance is medically contraindicated, and transportation is required for the purpose of obtaining needed medical care, per Title 22, CCR, Sections 51231.1 and 51231.2, rendered by licensed Providers.
Plan of Care	An individual written Plan of Care completed, approved, and signed by a Physician and maintained in the Member's medical records according to Title 42, Code of Federal Regulations (CFR).
Prescriber	As defined in the Business and Professions Code, Section 4039, physicians, dentists, optometrists, pharmacists, podiatrists, registered nurses, and physician's assistants authorized by a currently valid and unrevoked license to practice their respective professions in their state.
Primary Care Provider (PCP)	For purposes of this policy, a Primary Care Provider may be a Primary Care Practitioner, or other institution or facility responsible for supervising, coordinating, and providing initial and primary care to Members and serves as the medical home for Members.
Prior Authorization	A formal process requiring a health care Provider to obtain advance approval ~~to provide specific services or procedures.~~of Covered Services Medically Necessary and to what amount, duration, and scope, except in the case of an emergency.

Term	Definition
Protected Health Information (PHI)	Has the meaning ~~given such term in Section 160.103 of Title~~ 45~~,~~ Code of Federal Regulations~~. Individually~~ Section 160.103, including the following: individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium. This information identifies the individual or there is reasonable basis to believe the information can be used to identify the individual. The information was created or received by CalOptima or Business Associates and relates to: 1. The past, present, or future physical or mental health or condition of a Member; 2. The provision of health care to a Member; or 3. Past, present, or future Payment for the provision of health care to a Member.
Provider	~~All contracted Providers including physicians, Non-physician Medical Practitioners, ancillary providers, and facilities or institutions who furnish covered services.~~A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary provider, or other person or institution that furnishes Covered Services.
Specialty Care Provider	Provider of Specialty Care given to Members by referral by other than a Primary Care Provider. ~~Beginning February 2011, Specialty Care Provider will be used in place of Specialist Physician.~~
Specialty Mental Health Services	Rehabilitation services, which include mental health services, medication support services, day treatment intensive, day rehabilitation, crisis intervention, crisis stabilization, adult residential treatment services, crisis residential services and psychiatric health facility services. Specialty Mental Health Services may also include: 1. Psychiatric ~~Inpatient Hospital Services~~inpatient hospital services; 2. Targeted Case Management; 3. Psychiatrist services; 4. Psychologist services; and ~~5.~~ Early Periodic Screening, Detection, and Treatment (EPSDT) ~~supplemental~~ Specialty Mental Health Services~~; and/or~~ ~~6.~~5. ~~Psychiatric nursing facility services.~~
Threshold Languages	Those languages identified based upon State requirements and/or findings of the Population Needs Assessment (PNA).
Urgent Services	For purposes of this policy, shall be indicated with a situation experienced by a caller that, without timely intervention, is highly likely to result in an immediate emergency psychiatric condition. Callers in need of Urgent Services shall receive timely mental health intervention that shall be appropriate to the severity for the condition.

Applicable to:	☒ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☐ Administrative

I. PURPOSE

This policy describes access to Behavioral Health Services for Medi-Cal Members.

II. POLICY

A. CalOptima shall provide the following Behavioral Health Services when they are provided or ordered by a licensed health care professional acting within the scope of his or her license:

1. Individual/group mental health evaluation and treatment (psychotherapy);
2. Psychological testing when clinically indicated to evaluate a mental health condition;
3. Outpatient services for the purposes of monitoring drug therapy;
4. Psychiatric consultation for medication management;
5. Outpatient laboratory, supplies and supplements;
6. Alcohol Misuse Screening and Counseling (AMSC) for Members who misuse alcohol, in accordance with CalOptima Policy GG.1100: Alcohol and Substance Abuse Treatment Services; and
7. Family therapy (composed of two (2) or more family members) for adult Members with a mental health condition and child Members under twenty-one (21) who meet criteria as specified in the Medi-Cal Provider Manual.
    a. Family counseling for the sole purpose of treating a couple's relational problems, including marriage counseling, is not covered.

B. For Members under the age of twenty-one (21), CalOptima shall provide Medically Necessary non-specialty mental health services listed in Section II A. of this Policy, regardless of the severity of the impairment.

C. CalOptima shall not impose quantitative or non-quantitative treatment limitations more stringently on covered Behavioral Health Services than are imposed on medical/surgical services covered by

Back to Agenda Back to Item

CalOptima, in accordance with the parity in mental health and substance use disorder requirements in Title 42, Code of Federal Regulations (CFR), Part 438, Subpart K.

D. CalOptima shall use tools mutually agreed upon with Orange County Mental Health Plan, administered by the Orange County Health Care Agency (OCHCA) to assess the Member's disorder, level of impairment, and appropriate care needed.

E. Through a network of licensed mental health care Providers, CalOptima shall provide Behavioral Health Services to Members with mild to moderate impairment of behavioral, cognitive, and emotional functioning resulting from a mental condition in the current Diagnostic and Statistical Manual (except relational problems), individual/group mental health evaluation and treatment (psychotherapy), testing when clinically indicated to evaluate a mental health condition, and outpatient services for the purpose of monitoring drug therapy; and psychiatric consultation for medication management.

F. CalOptima and its Health Networks' contracted Primary Care Providers (PCPs) shall provide AMSC for Members identified as at-risk of alcohol misuse in accordance with CalOptima Policy GG.1100: Alcohol and Substance Abuse Treatment Services.

G. CalOptima and its Health Networks' contracted PCPs shall be responsible for screening and providing mental health services within the scope of their practice.

H. CalOptima shall maintain the privacy of Member's Protected Health Information (PHI), in accordance with all federal and state laws when using or disclosing PHI for treatment, payment, and health care operation, including applying minimum necessary standards, when applicable, in accordance with CalOptima Policies HH.3006Δ: Tracking and Reporting Disclosures of Protected Health Information (PHI), HH.3010Δ: Protected Health Information Disclosures Required by Law, and HH.3011Δ: Use and Disclosure for Treatment, Payment, and Health Care Operations.

I. CalOptima shall obtain written authorization from the Member prior to the use or Disclosure of PHI for purposes other than treatment, payment, and health care operations, in accordance with CalOptima Policies HH.3011Δ: Use and Disclosure of PHI for Treatment, Payment, and Health Care Operations, and HH.3015Δ: Member Authorization for the Use and Disclosure of Protected Health Information.

J. CalOptima shall ensure timely access to Behavioral Health Services as set forth by the Department of Managed Health Care (DMHC) and CalOptima Policy GG.1600: Access and Availability Standards.

K. If Behavioral Health Services that are the responsibility of CalOptima are unavailable to the Member within the network, CalOptima shall arrange for the provision of Behavioral Health Services outside the network in a timely manner, and in accordance with CalOptima Policy GG.1508: Authorization and Processing of Referrals.

L. CalOptima shall not require a referral from a PCP or Prior Authorization for an initial mental health assessment performed by a network mental health Provider. In addition, Behavioral Health Services do not require Prior Authorization except for Psychological Testing and Behavioral Health Treatment (BHT) Services, in accordance with CalOptima Policies GG.1549: Authorization for Psychological Testing for Mental Health Conditions and GG.1548: Authorization and Monitoring of Behavioral Health Treatment (BHT) Services. Prior Authorization requirements shall be in compliance with the requirements for parity in mental health and substance use disorder benefits in Title 42 CFR section 438.910(d).

M. CalOptima shall maintain a twenty-four (24) hours per day/seven (7) days per week direct telephone line for emergencies during non-business hours for Members to access and for Providers to coordinate care with the CalOptima Behavioral Health Phone Line or emergency room personnel during a crisis.

1. CalOptima shall ensure:

a. Timely access to screening of Members for mild to moderate Behavioral Health Services;

b. Appropriate staffing levels of the call center; and

c. Recruitment of staff who speak the Threshold Languages and provide, at no cost to the Member, access to interpreter services pursuant to CalOptima Policy DD.2002: Cultural and Linguistic Services.

2. CalOptima shall ensure its call center staff have relevant knowledge to:

a. Provide information regarding Covered Services;

b. Identify the location, qualifications, and availability of Providers within the CalOptima Behavioral Health Provider network;

c. Inform Members of their rights and responsibilities, in accordance with CalOptima Policy DD.2001: Member Rights and Responsibilities;

d. Communicate the procedure for Member Complaints, Grievances, and Appeals, in accordance with CalOptima Policies HH.1102: Member Grievance and GG.1510: Appeal Process;

e. Communicate the procedure for Provider Complaints and disputes, Appeals and Grievances in accordance with CalOptima Policies HH.1101: CalOptima Provider Complaint and GG.1510: Appeal Process;

f. Access oral interpretation services and written materials in Threshold Languages for Members;

g. Provide information on other community services or resources available to Members; and

h. Educate the Member regarding the procedure and department at CalOptima to contact if the Member would like to change their Health Network or has questions about Health Network options.

N. CalOptima shall identify and refer an eligible Member to the OCHCA for the provision of Medi-Cal Specialty Mental Health Services.

O. CalOptima shall identify and refer an eligible Member to the Orange County Drug-Medi-Cal Organized Delivery System (DMC-ODS) for the provision of Drug Medi-Cal services.

III. PROCEDURE

A. PCP and Behavioral Health Services

1. For alcohol misuse, a PCP shall:

a. Administer a DHCS-approved screening tool for identifying alcohol misuse in accordance with DHCS All Plan Letter (APL) 18-014: Alcohol Misuse: Screening and Behavioral Counseling Interventions in Primary Care.

b. Provide behavioral counseling intervention on identified issue(s); and

c. Refer a Member to the Orange County DMC-ODS for additional assessment and counseling.

2. For mental health, a PCP shall:

a. Screen and provide mental health services within the scope of their practice; and

b. Refer the Member for further mental health services through CalOptima's Mental Health Provider Network, or the OCHCA.

B. Accessing CalOptima Behavioral Health Services

1. A Member may access Behavioral Health Services through the CalOptima Behavioral Health Phone Line.

2. A Member may be referred to the CalOptima Behavioral Health Phone Line from the following:

a. OCHCA's Orange County Mental Health Plan (OCMHP) Access Line;

b. Self-referral;

c. Authorized Representative or caregiver;

d. PCP;

e. Specialty Care Provider;

f. Behavioral health specialist;

g. Long-Term Support Services (LTSS) Provider;

h. Community-based agency;

i. Case manager, Disease Management staff, or discharge planner; and

j. Other Providers of a Member's health care team.

C. CalOptima Behavioral Health Phone Line

1. Call Center requirements shall include:

a. Complying with telephone access standards in accordance with CalOptima Policy GG.1600: Access and Availability Standards;

b. Utilizing linguistic interpreter services, or the California Relay Service for Members, as necessary to ensure effective communication;

c. Verifying the caller's Medi-Cal eligibility and Health Network assignment;

i. If the caller is a CalOptima Medi-Cal Member assigned to Kaiser Foundation Health Plan (Kaiser), CalOptima shall refer and provide the caller the Kaiser phone line to access services.

ii. If the caller is not a Medi-Cal beneficiary and not in crisis, call center staff shall refer the caller to Orange County Social Services Agency for enrollment information and suggest a community resource for treatment of their described symptoms.

d. Determining if the caller is seeking help for a mental health concern;

e. Screening for crisis and determining if the call is routine, urgent or emergent. If determined urgent or emergent, call center staff shall immediately complete safety screening;

f. If a caller's needs are indicated as requiring Emergent or Urgent Services, call center staff shall make a referral to County's Centralized Assessment Team (CAT) or contact the police without delay to prevent further deterioration of the caller's condition;

g. Call center staff must link Emergent calls immediately, but in no case more than two (2) hours after determining the call is emergent;

h. Call center staff must link urgent calls for services within twenty-four (24) hours after making the determination that the call is urgent;

i. Call center staff must obtain confirmation and document that any caller assessed as requiring Emergent or Urgent Services has been appropriately connected to services or the police department, either through verbal or written communication with appropriate agencies; and

j. If the Caller is determined to be a Medi-Cal beneficiary assigned to CalOptima with a mental health need, the call center staff shall conduct a brief telephone clinical screening to verify appropriate level of services.

2. As a result of the brief telephone clinical screening:

a. If it is determined the Member meets mild to moderate need for Behavioral Health Services, the call center staff will provide the Member with referrals to appropriate Behavioral Health Services. The call center staff will ensure the Member is directed to Providers that are within the CalOptima Behavioral Health Network, are currently accepting CalOptima Medi-Cal Members, can provide appropriate cultural and linguistic services, and can offer a first appointment within the standards pursuant to CalOptima Policy GG.1600: Access and Availability Standards.

b. If determined the Member does not meet mild to moderate need for Behavioral Health Services, the clinician shall complete a warm transfer to the OCMHP Access Line where the Member will be screened for Medical Necessity criteria for Specialty Mental Health Services (SMHS), for Seriously and Persistently Mentally Ill (SPMI), or is a child with Serious Emotional Disturbances (SED).

c. If further assessment and treatment for alcohol and/or substance use is determined, the call center staff shall warm transfer the Member to the Orange County DMC-ODS for Drug Medi-Cal services.

d. Should it not be possible to assess a Member appropriately during the brief telephone clinical screening, call center staff shall take further steps to ensure the Member is referred to the most appropriate Level of Care (LOC) by referring the Member for a face-to-face evaluation.

3. CalOptima shall ensure the following steps are completed during the Member call:

a. Member's eligibility status and Health Network assignment shall be verified each time the Member contacts the CalOptima Behavioral Health Phone Line;

b. A safety screening, the outcome/results of the screening, and if applicable, any resources/Provider referrals that were provided; and

c. Justification for clinical disposition for services.

D. Care Coordination

1. CalOptima and its Health Networks shall coordinate care for Members enrolled in the Health Homes Program in accordance with CalOptima Policies GG.1350: Health Homes Program (HHP) Member Eligibility and GG.1331: Health Homes Program (HHP) Services and Care Management.

a. CalOptima and its Health Networks shall ensure compliance with all applicable State and federal requirements related to HHP and all HHP requirements determined by DHCS, including but not limited to DHCS All Plan Letter (APL) 18-012: Health Homes Program Requirements and the HHP Program Guide.

b. CalOptima and a Health Network shall ensure Members are receiving appropriate and coordinated services.

2. CalOptima shall ensure care coordination with OCHCA is addressed at the bimonthly interagency CalOptima/HCA Collaboration Meeting to ensure:

a. Provision of all Medically Necessary Covered Services; and

b. Identification and referral of eligible Members to LTSS based on Member's Plan of Care.

c. When CalOptima is determined to be responsible for covered Behavioral Health Services, CalOptima shall initiate, provide, and maintain ongoing care coordination as mutually agreed upon in the Memorandum of Understanding with the OCHCA.

d. Transition of care is provided for Members transiting to or from CalOptima or OCHCA mental health services. OCHCA clinical consultation, including consultation on medications, shall be provided to CalOptima's PCPs who are treating Members with mental illness;

3. Coordination of care for inpatient mental health treatment:

a. OCHCA requires that inpatient hospital Providers notify a Member's PCP within twenty-four (24) hours of admission and discharge from an inpatient mental health treatment to arrange for appropriate follow-up services.

b. To facilitate transition of care for Members transiting to or from OCHCA mental health services, CalOptima's PCPs and the outpatient behavioral health Providers treating Members

with mental illness shall receive clinical consultation, including consultation on medication from OCHCA.

c. CalOptima and contracted Health Network PCPs and the outpatient behavioral health Provider shall review and update the care plan of the Member as clinically indicated.

4. Pharmacy services

a. OCHCA will provide the names and qualification of OCHCA's Prescribers to CalOptima; and

b. CalOptima shall provide procedures for obtaining authorization of prescribed drugs and laboratory services and a list of available pharmacies and laboratories.

5. Emergency Services

a. CalOptima shall provide emergency room facility and related services (other than Specialty Mental Health Services), home health agency services as described in Title 22 of the California Code of Regulations (CCR) section 51337, Non-Emergency Medical Transportation as defined in CalOptima Policy GG.1505: Transportation: Emergency, Non-Emergency, and Non-Medical, and Covered Services to treat the physical health needs of Members who are receiving psychiatric inpatient hospital services, including the history and physical examination required upon admission;

b. CalOptima shall provide direct transfers between psychiatric inpatient hospital services and inpatient hospital services required to address a Member's medical problems based on changes in the Member's mental health or medical condition; and

c. As the County Mental Health Plan, OCHCA provides emergency assessment of the Member's mental health condition.

6. Information Exchange

a. CalOptima shall ensure timely sharing of information and roles and responsibilities for sharing Protected Health Information (PHI) for the purposes of medical and behavioral health care coordination pursuant to Title 9, CCR, section 1810.370(a)(3), and in compliance with Health Insurance Portability and Accountability Act (HIPAA) and applicable state and federal privacy laws.

7. Members receive Specialty Mental Health Services, as well as alcohol and/or substance use disorder treatment while receiving services from a Specialty Mental Health Provider; and

8. Members are receiving services from an Orange County and/or Drug Medi-Cal program.

IX. GLOSSARY

Term	Definition
Appeal	A review by CalOptima of an adverse benefit determination, which includes one of the following actions: A. A denial or limited authorization of a requested service, including determinations based on the type or level of service, requirements for Medical Necessity, appropriateness, setting, or effectiveness of a Covered Service; B. A reduction, suspension, or termination of a previously authorized service; C. A denial, in whole or in part, of payment for a service; D. Failure to provide services in a timely manner; or E. Failure to act within the timeframes provided in 42 CFR 438.408(b).
Authorized Representative	A person designated by the Member, or a person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting in loco parentis who have the authority under applicable law to make health care decisions on behalf of unemancipated minors.
Behavioral Health Services	Services which encompass both mental health and substance use disorder services, as covered by CalOptima.
Behavioral Health Treatment (BHT) Services	Professional services and treatment programs, including but not limited to Applied Behavior Analysis (ABA) and other evidence-based behavior intervention programs that develop and restore, to the maximum extent practicable, the functioning of an individual with Autism Spectrum Disorder. BHT is the design, implementation, and evaluation of environmental modification using behavioral stimuli and consequences to produce socially significant improvement in human behavior.
CalOptima Behavioral Health Phone Line	Toll-free telephone number that Providers, Members or individuals acting on behalf of Members can call at any time (twenty-four (24) hours per day/seven (7) days a week) to obtain referrals for all CalOptima Covered Outpatient Mental Health Services. This line has a live operator at all times and telephone coverage shall be made available in all Threshold Languages. The number shall connect the Member or Member's representative or Provider to an individual who shall either: 1. Have authority to approve Covered Services; 2. Have the ability to transfer the Member or Member's representative to an individual with authority without disconnecting the call; and/or 3. In case of emergency, direct the Member or Member's representative to hang up and dial 911 or go to the nearest emergency room.

Term	Definition
Child with Serious Emotional Disturbance (SED)	Pursuant to Section 1912(c) of the Public Health Service Act and Section 5600.3 of the Welfare and Institutions Code, children with a serious emotional disturbance are (1) from birth up to age 18; and (2) currently have, or at any time during the last year, had a diagnosable mental, behavioral or emotional disorder of sufficient duration to meet diagnostic criteria specified within the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders that resulted in functional impairment which substantially interferes with or limits the child's role or functioning in family, school, or community activities.
Complaint	An oral or written expression indicating dissatisfaction with any aspect of the CalOptima program.
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127 for HHP Members with eligible physical chronic conditions and substance use disorders, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members notwithstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.
Department of Health Care Services (DHCS)	The single State Department responsible for administration of the Medi-Cal program, California Children Services (CCS), Genetically Handicapped Persons Program (GHPP), Child Health and Disabilities Prevention (CHDP), and other health related programs.
Department of Managed Health Care (DMHC)	The State Agency that responsible for licensing and regulating health care services plans/health maintenance organizations in accordance with the Knox Keene Health Care Service Plan Act of 1975 as amended.
Disclosure	Has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations. The release, transfer, provision of access to, or divulging in any other manner of information outside of the entity holding the information.
Drug Medi-Cal Treatment Program (Drug Medi-Cal)	Program under which each county enters into contracts with the State Department of Health Care Services (DHCS) for the provision of various drug treatment services to Medi-Cal recipients or DHCS directly arranges for the provision of these services if a county elects not to do so.
Emergency Services	Covered Services furnished by Provider qualified to furnish those health services needed to evaluate or stabilize an Emergency Medical Condition.

Term	Definition
Emergent Services	For purposes of this policy, shall be indicated when the caller has a psychiatric condition that meets criteria for acute psychiatric hospitalization and cannot be treated at a lower Level of Care. These criteria include the caller being a danger to self or others.
Grievance	An oral or written expression of dissatisfaction, about any matter other than an action that is an adverse benefit determination, as identified within the definition of an Appeal, and may include, but is not limited to: the quality of care or services provided, interpersonal relationships with a Provider or Contractor's employee, failure to respect a Member's rights regardless of whether remedial action is requested, and the right to dispute an extension of time proposed by Contractor to make an authorization decision.
Health Insurance Portability and Accountability Act (HIPAA)	The Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, was enacted on August 21, 1996. Sections 261 through 264 of HIPAA require the Secretary of the U.S. Department of Health and Human Services (HHS) to publicize standards for the electronic exchange, privacy and security of health information, and as subsequently amended.
Health Homes Program (HHP)	All of the California Medicaid State Plan amendments and relevant waivers that DHCS seeks and CMS approves for the provision of HHP services that provide supplemental services to HHP eligible and enrolled Members coordinating the full range of physical health, behavioral health, and community-based LTSS needed for chronic conditions.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network Covered Services Members Health Network
Level of Care (LOC)	Criteria for determining admission to a LTC facility contained in Title 22, CCR, Sections 51334 and 51335 and applicable CalOptima policies.
Long Term Services and Supports (LTSS)	A wide variety of services and supports that help Members meet their daily needs for assistance and improve the quality of their lives. LTSS are provided over an extended period, predominantly in homes and communities, but also in facility-based settings such as nursing facilities. As described in California WIC Section 14186.1, Medi-Cal covered LTSS includes all of the following: 1. In-Home Supportive Services (IHSS); 2. Community-Based Adult Services (CBAS); 3. Multipurpose Senior Services Program (MSSP) services; and 4. Skilled nursing facility services and subacute care services.

Term	Definition
Medically Necessary or Medical Necessity	Reasonable and necessary Covered Services to protect life, to prevent illness or disability, alleviate severe pain through the diagnosis or treatment of disease, illness, or injury, achieve age-appropriate growth and development, and attain, or regain functional capacity. For Medi-Cal Members receiving managed long-term services and supports (MLTSS), Medical Necessity is determined in accordance with Member's current needs assessment and consistent with person-centered planning. When determining Medical Necessity of Covered Services for Medi-Cal Members under the age of 21, Medical Necessity is expanded to include the standards set forth in 42 U.S.C. section 1396d(r) and California Welfare and Institutions Code section 14132(v).
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Non-Emergency Medical Transportation	Ambulance, litter van and wheelchair van medical transportation services when the Member's medical and physical condition is such that transport by ordinary means of public or private conveyance is medically contraindicated, and transportation is required for the purpose of obtaining needed medical care, per Title 22, CCR, Sections 51231.1 and 51231.2, rendered by licensed Providers.
Plan of Care	An individual written Plan of Care completed, approved, and signed by a Physician and maintained in the Member's medical records according to Title 42, Code of Federal Regulations (CFR).
Prescriber	As defined in the Business and Professions Code, Section 4039, physicians, dentists, optometrists, pharmacists, podiatrists, registered nurses, and physician's assistants authorized by a currently valid and unrevoked license to practice their respective professions in their state.
Primary Care Provider (PCP)	For purposes of this policy, a Primary Care Provider may be a Primary Care Practitioner, or other institution or facility responsible for supervising, coordinating, and providing initial and primary care to Members and serves as the medical home for Members.
Prior Authorization	A formal process requiring a health care Provider to obtain advance approval of Covered Services Medically Necessary and to what amount, duration, and scope, except in the case of an emergency.
Protected Health Information (PHI)	Has the meaning 45 Code of Federal Regulations Section 160.103, including the following: individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium. This information identifies the individual or there is reasonable basis to believe the information can be used to identify the individual. The information was created or received by CalOptima or Business Associates and relates to: 1. The past, present, or future physical or mental health or condition of a Member; 2. The provision of health care to a Member; or 3. Past, present, or future Payment for the provision of health care to a Member.

Term	Definition
Provider	A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary provider, or other person or institution that furnishes Covered Services.
Specialty Care Provider	Provider of Specialty Care given to Members by referral by other than a Primary Care Provider.
Specialty Mental Health Services	Rehabilitation services, which include mental health services, medication support services, day treatment intensive, day rehabilitation, crisis intervention, crisis stabilization, adult residential treatment services, crisis residential services and psychiatric health facility services. Specialty Mental Health Services may also include: 1. Psychiatric inpatient hospital services; 2. Targeted Case Management; 3. Psychiatrist services; 4. Psychologist services; and 5. Early Periodic Screening, Detection, and Treatment (EPSDT) Specialty Mental Health Services
Threshold Languages	Those languages identified based upon State requirements and/or findings of the Population Needs Assessment (PNA).
Urgent Services	For purposes of this policy, shall be indicated with a situation experienced by a caller that, without timely intervention, is highly likely to result in an immediate emergency psychiatric condition. Callers in need of Urgent Services shall receive timely mental health intervention that shall be appropriate to the severity for the condition.

Psychological Services

Page updated: September 2020

Eligible Medi-Cal recipients may receive psychological services when medically necessary. The information found in this section does not apply to specialty mental health services delivered by county Mental Health Plans (MHPs). For additional information regarding coverage of mental health services, refer to the *Specialty Mental Health Services* section of this manual. For additional help, refer to the *Psychological Services: Billing Examples* section of this manual.

Eligibility

An adult recipient obtains eligibility for mental health services if the recipient is diagnosed with a mental health disorder as defined by the *Diagnostic and Statistical Manual of Mental Health Disorders* (DSM) resulting in mild to moderate distress or impairment of mental, emotional or behavioral functioning. A child recipient obtains eligibility for mental health services if the recipient is diagnosed with a mental health condition as defined by the *Diagnostic and Statistical Manual of Mental Health Disorders* (DSM) or as defined by the *Diagnostic Classification of Mental Health and Developmental Disorders of Infancy and Early Childhood* (DC: 0-5) regardless of level of severity. Adults and children are also eligible for central nervous system tests and assessments when medically necessary.

Exceptions:

Recipients under age 21 may receive up to five sessions of a combination of individual or family therapy before a mental health diagnosis is required.

Recipients under age 21 who have risk factors for mental health disorders as specified in the "Family Therapy" section below, are eligible for family therapy.

Pregnancy and Postpartum-Related Services

Policy for screening for depression in pregnant or postpartum recipients may be found in the *Evaluation and Management (E&M)* section of the appropriate Part 2 Manual.

Pregnant and postpartum women with one or more of the following risk factors for perinatal depression are also eligible for individual and group counseling: a history of depression, current depressive symptoms (that do not reach a diagnostic threshold), certain socioeconomic risk factors such as low income, adolescent or single parenthood, recent intimate partner violence, or mental health-related factors such as elevated anxiety symptoms or a history of significant negative life events. Up to a total of 20 individual counseling (CPT® codes 90832 and 90837) and/or group counseling (CPT code 90853) sessions are reimbursable when delivered during the prenatal period and/or during the 12 months following childbirth. Modifier 33 must be submitted on claims for counseling given to prevent perinatal depression.

For information about other pregnancy-related services, providers may refer to the *Pregnancy: Early Care and Diagnostic Services* section of the appropriate Part 2 manual.

Mental Health Services Delivery Systems

Eligible Medi-Cal recipients may receive Medi-Cal mental health services through all Medi-Cal delivery systems including, but not limited to, Managed Care and fee-for-service delivery systems. Recipients that meet medical criteria for specialty mental health services will receive mental health services via county MHPs.

Mental Health Services

Recipients who are eligible for Medi-Cal mental health services may receive the following:

- Individual and group mental health evaluation and treatment (psychotherapy) rendered by a psychologist, LCSW, LPCC or MFT
- Family therapy rendered by a psychologist, LCSW, LPCC, or MFT
- Psychological testing when clinically indicated to evaluate a mental health condition
- Development of cognitive skills to improve attention, memory and problem solving
- Outpatient services for the purposes of monitoring drug therapy
- Outpatient laboratory, drugs, supplies and supplements
- Psychiatric consultation
- Specialty mental health services provided by County Mental Health Plans

Treatment Authorization Requests (TARs) are not required for psychology services for Medi-Cal recipients that meet eligibility criteria for mental health services.

Program Coverage

Medi-Cal covers psychological services only when provided by persons who meet the appropriate requirements specified by the *California Code of Regulations*.

Marriage and family therapist interns, registered associate clinical social workers and psychology assistants may render psychotherapy services under a supervising clinician. The claim must list the intern, associate or assistant's name in the *Additional Claim Information* field (Box 19) or in an attachment, along with the supervising clinician's National Provider Identifier number as the "billing provider."

Psychological services are not covered under the County Medical Services Program (CMSP).

"Service" Defined

"Service" means all care, treatment or procedures provided to a recipient by an individual practitioner on one occasion.

Eligibility Requirements

Providers should verify the recipient's Medi-Cal eligibility for the month of service.

Authorization

A *Treatment Authorization Request* (TAR) is not required for psychological services. Psychological services are covered services when ordered by a primary care physician.

Place of Service Codes

Psychologist, LCSWs, LPCCs and MFTs may only bill Place of Service codes for the following: office, home, outpatient hospital, community mental health center, comprehensive rehabilitation facility, state or local public health clinic, rural health clinic or other.

When using Place of Service code "99" (other), indicate the full name and address of the testing location in the *Additional Claim Information* field (Box 19) or on an attachment and leave the *Service Facility Location Information* field (Box 32) blank.

Family Therapy

Family therapy that is evidence-based or incorporates evidence-based components is reimbursable in an outpatient setting for adults with a mental health condition and for children under age 21 who meet at least one the following criteria:

- The child has a diagnosis of a mental health condition as defined by DSM or as defined by the Diagnostic Classification of Mental Health and Developmental Disorders of Infancy and Early Childhood (DC: 0-5). If DC: 0-5 is used for the diagnosis, the corresponding ICD-10 code, which can be found at www.zerotothree.org, must be entered on the claim form.
- The child under age 21 has a history of at least one of the risk factors below. Claims for family therapy for these children must be billed with ICD-10 code Z65.9:
  - Separation from a parent/guardian due to incarceration or immigration
  - Death of a parent/guardian
  - Foster home placement
  - Food insecurity, housing instability
  - Exposure to domestic violence or other traumatic events
  - Maltreatment
  - Severe and persistent bullying
  - Experience of discrimination based on race, ethnicity, gender identity, sexual orientation, religion, learning differences or disability

- The child under age 21 has a parent/guardian with one of the risk factors below. Claims for family therapy for these children must be billed with ICD-10 code Z65.9:
  - A serious illness or disability
  - A history of incarceration
  - Depression or other mood disorder
  - PTSD or other anxiety disorder
  - Psychotic disorder under treatment
  - Substance use disorder
  - A history of intimate partner violence or interpersonal violence
  - Is a teen parent
- The medical provider suspects a mental health disorder and has referred the recipient under age 21 for evaluation. A specific diagnosis is not required for the first five sessions for recipients under age 21. Claims for these visits must be billed with ICD-10 code F99.

Some examples of evidence-based family therapy are:

- Child-Parent Psychotherapy (ages 0 thru 5)
- Triple P Positive Parenting Program (ages 0 thru 16)
- Parent Child Interactive Therapy (ages 2 thru 12)

Family therapy must be composed of at least two family members. Mental health providers must bill for family therapy using the Medi-Cal ID of only one family member per therapy session for CPT codes 90846, 90847 and 99354. Mental health providers must bill for multiple-family group therapy using the Medi-Cal ID of only one family member per family.

Inpatient Family Therapy

Family therapy is reimbursable on an inpatient basis only for infants hospitalized in a neonatal intensive care unit. Claims for these therapy sessions must be billed with ICD-10 code P96.9.

Billing Newborn Infant Family Therapy with Mother's ID

Family therapy rendered to an infant who has not yet been assigned a Medi-Cal ID number may be billed with the mother's ID for the month of birth and the following month only.

Billing Codes

Reimbursement of family therapy is limited to a maximum of 50 minutes when the patient is not present (CPT code 90846) or a maximum of 110 minutes when the patient is present (CPT code 90847 plus CPT code 99354).

When billing family therapy (CPT codes 90846, 90847, 90849 and 99354), providers should use the appropriate code, based on the following descriptions and direct patient care time frames:

Family Therapy Codes Table

CPT Code	Description
90846	Family psychotherapy (without the patient present), 50 minutes
90847	Family psychotherapy (with patient present), 50 minutes
90849	Multiple-family group therapy
99354	‹‹Prolonged service(s) in the outpatient setting requiring direct patient contact beyond the time of the usual service; first hour››

CPT code 99354 is only reimbursable when billed on the same date of service as CPT code 90847.

CPT codes 90846, 90847, 90849 and 90853 may not be billed on the same day for the same beneficiary.

Group Therapy

Group therapy is defined as counseling of at least two but not more than eight persons at any session. There is no restriction as to the number of Medi-Cal-eligible persons who must be included in the group's composition. For example, if there are five patients in the group, and only one is a Medi-Cal recipient, then Medi-Cal should be billed using CPT code 90853, once per session.

Group therapy sessions of less than one and one-half hours are not reimbursable.

Individual Therapy

Individual therapy is limited to a maximum of one and one-half hours per day by the same provider.

When billing individual psychotherapy (CPT codes 90832, 90837, 90839 and 90840), providers should use the appropriate code, based on the following direct patient care time frames:

‹‹**Individual Psychotherapy Codes Table**››

CPT Code	Description
90832	Psychotherapy, 30 minutes with patient
90837	Psychotherapy, 60 minutes with patent
90839	Psychotherapy for crisis; first 60 minutes
90840	Psychotherapy for crisis each additional 30 minutes

Case Conference

Case conference allowances (CPT codes 99366 and 99368) are limited to conferences with persons immediately involved in the case or recovery of the client.

Central Nervous System Assessments/Tests

Claims for central nervous system assessments/tests (CPT procedure codes 96105, 96110, 96112, 96113, 96116, 96121, 96130 thru 96133, 96136 thru 96139 and 96146) must include an itemization of the tests performed. Providers must list the tests performed either in the *Additional Claim Information* field (Box 19) or on an attachment.

Claims billed with CPT codes 96105, 96116 and 96121 must include an attachment specifying the amount of time spent completing each of the following:

- Administration of test(s)
- Interpretation of test results
- Preparation of the report

Frequency Limitations/Additional Billing Instructions

Frequency limitations and additional billing instructions apply to the following central nervous system assessments/tests:

‹‹**Central Nervous System Assessments Tests Codes Table**››

CPT Code	Description	Frequency Limits
96105	Assessment of aphasia, per hour.	Two episodes per year (≤3 hours each), any provider. All hours for each episode must be billed on the last day of service.
96110 *	Developmental screening, per standardized instrument	Two per year, any provider
96112	Developmental test administration; first hour	One per year, any provider
96113	Developmental test administration; each additional 30 minutes	One per year, any provider
96116	Neurobehavioral status exam; first hour	One per year, any provider
96121	Neurobehavioral status exam; each additional hour	One per year, any provider
96130	Psychological testing evaluation services; first hour	One per year, any provider
96131	Psychological testing evaluation services; each additional hour	Two per year, any provider

Page updated: September 2020

‹‹Neuropsychological Tests Codes Table››

CPT Code	Description	Frequency Limits
96132 †	Neuropsychological testing evaluation services; first hour	One per year, any provider
96133 †	Neuropsychological testing evaluation services; each additional hour	Two per year, any provider
96136 †	Psychological or neuropsychological test administration and scoring, two or more tests; first 30 minutes	One per year, any provider
96137 †	Psychological or neuropsychological test administration and scoring, two or more tests; each additional 30 minutes	Nine per year, any provider
96138 †	Psychological or neuropsychological test administration and scoring by technician, two or more tests; first 30 minutes	One per year, any provider
96139 †	Psychological or neuropsychological test administration and scoring by technician, two or more tests; each additional 30 minutes	Nine per year, any provider
96146 †	Psychological or neuropsychological test administration, with single automated, standardized instrument via electronic platform, with automated result only	One per year, any provider

Note: A TAR override is allowed for CPT codes 96105, 96110, 96112, 96113, 96116, 96121 96130 thru 96133, 96136 thru 96139 and 96146.

Medical Necessity Criteria for Neuropsychological Testing

Neuropsychological testing (CPT codes 96132, 96133, 96136 thru 96139 and 96146 [when billing for neuropsychological testing]) is considered medically necessary:

- When there are mild deficits on standard mental status testing or clinical interview, and a neuropsychological assessment is needed to establish the presence of abnormalities or distinguish them from changes that may occur with normal aging, or the expected progression of other disease processes; or
- When neuropsychological data can be combined with clinical, laboratory and neuroimaging data to assist in establishing a clinical diagnosis in neurological or systemic conditions known to affect CNS functioning; or
- When there is a need to quantify cognitive or behavioral deficits related to CNS impairment, especially when the information will be useful in determining a prognosis or informing treatment planning by determining the rate of disease progression; or
- When there is a need for pre-surgical or treatment-related cognitive evaluation to determine whether it would be safe to proceed with a medical or surgical procedure that may affect brain function (for example, deep brain stimulation, resection of brain tumors or arteriovenous malformations, epilepsy surgery, stem cell transplant) or significantly alter a patient's functional status; or
- When there is a need to assess the potential impact of adverse effects of therapeutic substances that may cause cognitive impairment (for example, radiation, chemotherapy, antiepileptic medications), especially when this information is utilized to determine treatment planning; or
- When there is a need to monitor progression, recovery and response to changing treatments, in patients with CNS disorders, in order to establish the most effective plan of care; or
- When there is a need for objective measurement of patients' subjective complaints about memory, attention, or other cognitive dysfunction, which serves to inform treatment by differentiating psychogenic from neurogenic syndromes (for example, dementia vs. depression), and in some cases will result in initial detection of neurological disorders or systemic diseases affecting the brain; or
- When there is a need to establish a treatment plan by determining functional abilities/impairments in individuals with known or suspected CNS disorders; or
- When there is a need to determine whether a member can comprehend and participate effectively in complex treatment regimens (for example, surgeries to modify facial appearance, hearing, or tongue debulking in craniofacial or Down syndrome patients; transplant or bariatric surgeries in patients with diminished capacity), and to determine functional capacity for health care decision making, work, independent living, managing financial affairs, etc.; or

- When there is a need to design, administer, and/or monitor outcomes of cognitive rehabilitation procedures, such as compensatory memory training for brain-injured patients; or
- When there is a need to establish treatment planning through identification and assessment of neurocognitive conditions that are due to other systemic diseases (for example, hepatic encephalopathy; anoxic/hypoxic injury associated with cardiac procedures); or
- Assessment of neurocognitive functions in order to establish rehabilitation and/or management strategies for individuals with neuropsychiatric disorders; or
- When there is a need to diagnose cognitive or functional deficits in children and adolescents based on an inability to develop expected knowledge, skills or abilities as required to adapt to new or changing cognitive, social, emotional or physical demands.

Neuropsychological testing is not considered medically necessary when:

- The patient is not neurologically and cognitively able to participate in a meaningful way with the requirements necessary to successfully perform the tests; or
- Used as screening tests given to the individual or general populations; or
- Used as a screening test for Alzheimer's dementia; or
- Administered for educational or vocational purposes that do not inform medical management; or
- Performed when abnormalities of brain function are not suspected; or
- Used for self-administered or self-scored inventories, or screening tests of cognitive function such as AIMS, or Folstein Mini Mental Status Exam (MMSE); or
- Repeated when not required for medical decision making, (for example, to make a diagnosis, or to start or continue rehabilitative or pharmacological therapy); or
- Administered when the patient has a substance abuse background and any one of the following apply:
  - the member has ongoing substance abuse such that test results would be inaccurate, or
  - the member is currently intoxicated; or
- The member has been diagnosed previously with brain dysfunction, and there is no expectation that the testing would impact the member's medical management.

Test Scoring/Written Test Report

The appropriate test scoring or written test report procedure code must be billed on the same claim as the test administration. Claims with a test score or written report code billed without a test administration code will be denied.

When billing Place of Service code “99” (other), the full name and address of the testing location must be documented in the *Additional Claim Information* field (Box 19) or on an attachment or the claim will be denied.

Cognitive Skills Development

When billing for cognitive skills development providers should use HCPCS code G0515 (development of cognitive skills to improve attention, memory, problem solving [includes compensatory training], direct [one-on-one] patient contact, each 15 minutes). The frequency limit is two units (30 minutes) per day, any provider.

Medicare/Medi-Cal Crossovers

If Medicare denies payment because the following requirements are not met, payment will also be denied by Medi-Cal.

Requirements

Medicare covers both psychotherapy and central nervous system assessments/tests. Claims for testing and therapy must first be submitted to Medicare before billing Medi-Cal for Medicare-eligible recipients. When billing Medi-Cal, providers must submit an *Explanation of Medicare Benefits* (EOMB)/*Medicare Remittance Notice* (MRN) with the claim for services rendered to a Medicare/Medi-Cal recipient.

Diagnostic Testing Covered by Medicare When Ordered by a Physician

Diagnostic testing performed by a psychologist practicing independently of an institution, agency or physician’s practice is covered by Medicare only when the service is ordered by a physician. When submitting a claim, Medicare requires the psychologist to include a copy of the report sent to the physician who ordered the testing and the name and address of the referring physician.

ALL PLAN LETTER 17-018
SUPERSEDES ALL PLAN LETTER 13-021

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS

SUBJECT: MEDI-CAL MANAGED CARE HEALTH PLAN RESPONSIBILITIES FOR OUTPATIENT MENTAL HEALTH SERVICES

PURPOSE:

The purpose of this All Plan Letter (APL) is to explain the contractual responsibilities of Medi-Cal managed care health plans (MCPs) for the provision of medically necessary outpatient mental health services and the regulatory requirements for the Medicaid Mental Health Parity Final Rule (CMS-2333-F). MCPs must provide specified services to adults diagnosed with a mental health disorder, as defined by the current Diagnostic and Statistical Manual of Mental Disorders (DSM),that results in mild to moderate distress or impairment[1] of mental, emotional, or behavioral functioning. MCPs must also provide medically necessary non-specialty mental health services[2] to children under the age of 21. This APL also delineates MCP responsibilities for referring to, and coordinating with, county Mental Health Plans (MHPs) for the delivery of specialty mental health services (SMHS).

This letter supersedes APL 13-021 and provides updates to the responsibilities of the MCPs for providing mental health services. Mental Health and Substance Use Disorder Services (MHSUDS) Information Notice 16-061[3] describes existing requirements regarding the provision of SMHS by MHPs, which have not changed as a result of coverage of non-specialty, outpatient mental health services by MCPs and the fee-for-service (FFS) Medi-Cal program. The requirements outlined in Information Notice 16-061 remain in effect.

[1] DHCS recognizes that the medical necessity criteria for impairment and intervention for Medi-Cal SMHS differ between children and adults. For children and youth, under EPSDT, the "impairment" criteria component of SMHS, medical necessity is less stringent than it is for adults; therefore, children with low levels of impairment may meet medical necessity criteria SMHS (CCR, Title 9 Sections § 1830.205 and §1830.210).
[2] The term "non-specialty" in this context is used to differentiate the mental health services covered and provided by MCPs and the FFS Medi-Cal program from the SMHS covered and provided by MHPs. It is not intended to describe the providers of these services as non-specialist providers.
[3] MHSUDS Information Notices are available at: http://www.dhcs.ca.gov/formsandpubs/Pages/MHSUDS-Information-Notices.aspx

BACKGROUND:

The federal Section 1915(b) Medi-Cal SMHS Waiver[4] requires Medi-Cal beneficiaries needing SMHS to access these services through MHPs. To qualify for these services, beneficiaries must meet SMHS medical necessity criteria regarding diagnosis, impairment, and expectations for intervention, as specified below. Medical necessity criteria differ depending on whether the determination is for:

1. Inpatient services;
2. Outpatient services; or
3. Outpatient services (Early and Periodic Screening, Diagnostic, and Treatment (EPSDT)).

The medical necessity criteria for SMHS can be found in Title 9, California Code of Regulations (CCR), Sections (§) 1820.205 (inpatient)[5]; 1830.205 (outpatient)[6]; and 1830.210 (outpatient EPSDT)[7].

DHCS recognizes that the medical necessity criteria for impairment and intervention for Medi-Cal SMHS differs between children and adults. For children and youth, under EPSDT, the "impairment" criteria component of SMHS medical necessity is less stringent than it is for adults, therefore children with low levels of impairment may meet medical necessity criteria for SMHS (Title 9, CCR, §1830.205 and §1830.210), whereas adults must have a significant level of impairment. To receive SMHS, Medi-Cal children and youth must have a covered diagnosis and meet the following criteria:

1. Have a condition that would not be responsive to physical health care based treatment; and
2. The services are necessary to correct or ameliorate a mental illness and condition discovered by a screening conducted by the MCP, the Child Health and Disability Prevention Program, or any qualified provider operating within the scope of his or her practice, as defined by state law regardless of whether or not that provider is a Medi-Cal provider.

Consistent with Title 9, CCR, §1830.205, an adult beneficiary must meet all of the following criteria to receive outpatient SMHS:

---

[4] SHMS Waiver Information can be found at: http://www.dhcs.ca.gov/services/MH/Pages/1915(b)_Medi-cal_Specialty_Mental_Health_Waiver.aspx

[5] Medical necessity criteria for inpatient specialty mental health services (Title 9, CCR, §1820.205) are not described in detail in this APL, as this APL is primarily focused on outpatient mental health services.

[6] Title 9, CCR, §1830.205

[7] Title 9, CCR, §1830.210

1. The beneficiary has one or more diagnoses covered by Title 9, CCR, §1830.205(b)(1), whether or not additional diagnoses, not included in Title 9, CCR, §1830.205(b)(1) are also present.
2. The beneficiary must have at least one of the following impairments as a result of the covered mental health diagnosis:
   a. A significant impairment in an important area of life functioning; or
   b. A reasonable probability of significant deterioration in an important area of life functioning.
3. The proposed intervention is to address the impairment resulting from the covered diagnosis, with the expectation that the proposed intervention will significantly diminish the impairment, prevent significant deterioration in an important area of life functioning, In addition, the beneficiary's condition would not be responsive to physical health care based treatment.

Prior to January 1, 2014, adult MCP beneficiaries who had mental health conditions but did not meet the medical necessity criteria for SMHS had only limited access to outpatient mental health services, which were delivered by primary care providers (PCPs) or by referral to Medi-Cal FFS mental health providers. DHCS paid MCPs a capitated rate to provide those outpatient mental health services that were within the PCP's scope of practice (unless otherwise excluded by contract). Since January 1, 2014, DHCS adjusted MCP capitation payments to account for expanded outpatient mental health services.

DHCS requires MCPs to cover and pay for mental health services conducted by licensed mental health professionals (as specified in the Psychological Services Medi-Cal Provider Manual[8]) for MCP beneficiaries with potential mental health disorders, in accordance with Sections 29 and 30 of Senate Bill X1 1 of the First Extraordinary Session (Hernandez & Steinberg, Chapter 4, Statutes of 2013), which added §14132.03 and §14189 to the Welfare and Institutions Code. This requirement, which was in addition to the previously-existing requirement that PCPs offer mental health services within their scope of practice, remains in effect, along with the requirement to cover outpatient mental health services to adult beneficiaries with mild to moderate impairment of mental, emotional, or behavioral functioning (as assessed by a licensed mental health professional through the use of a Medi-Cal-approved clinical tool or set of tools agreed upon by both the MCP and MHP) resulting from a mental health disorder (as defined in the current DSM).

[8] The Psychological Services Provider Manual can be found at:
http://files.medi-cal.ca.gov/pubsdoco/publications/masters-mtp/part2/psychol_a07.doc

On March 30, 2016, the Centers for Medicare and Medicaid Services (CMS) issued a final rule (CMS-2333-F) that applied certain requirements from the Mental Health Parity and Addiction Equity Act of 2008 (Pub. L. 110-343, enacted on October 3, 2008) to coverage offered by Medicaid Managed Care Organizations. This included the addition of Subpart K – Parity in Mental Health and Substance Use Disorder Benefits to the Code of Federal Regulations (CFR). The general parity requirement (Title 42, CFR, §438.910(b)) stipulates that treatment limitations for mental health benefits may not be more restrictive than the predominant treatment limitations applied to medical or surgical benefits. This precludes any restrictions to a beneficiary's access to an initial mental health assessment. Therefore, MCPs shall not require prior authorization for an initial mental health assessment. DHCS recognizes that while many PCPs provide initial mental health assessments within their scope of practice, not all do. If a beneficiary's PCP cannot perform the mental health assessment because it is outside of their scope of practice, they may refer the beneficiary to the appropriate provider.

POLICY:

MCPs continue to be responsible for the delivery of non-SMHS for children under age 21 and outpatient mental health services for adult beneficiaries with mild to moderate impairment of mental, emotional, or behavioral functioning resulting from a mental health disorder, as defined by the current DSM. MCPs shall continue to deliver the outpatient mental health services specified in their Medi-Cal Managed Care contract and listed in Attachment 1 whether they are provided by PCPs within their scope of practice or through the MCP's provider network.

MCPs also continue to be responsible for the arrangement and payment of all medically necessary, Medi-Cal-covered physical health care services, not otherwise excluded by contract, for MCP beneficiaries who require SMHS. The eligibility and medical necessity criteria for SMHS provided by MHPs have not changed pursuant to this policy; SMHS continue to be available through MHPs.

MCPs must be in compliance with Mental Health Parity requirements on October 1, 2017, as required by Title 42, CFR, §438.930. MCPs shall also ensure direct access to an initial mental health assessment by a licensed mental health provider within the MCP's provider network. MCPs shall not require a referral from a PCP or prior authorization for an initial mental health assessment performed by a network mental health provider. MCPs shall notify beneficiaries of this policy, and MCPs informing materials must clearly state that referral and prior authorization are not required for a beneficiary to seek an initial mental health assessment from a network mental health provider. An MCP is required to cover the cost of an initial mental health assessment

completed by an out-of-network provider only if there are no in-network providers that can complete the necessary service.

If further services are needed that require authorization, MCPs are required to follow guidance developed for mental health parity, as follows:

MCPs must disclose the utilization management or utilization review policies and procedures that the MCP utilizes to DHCS, its contracting provider groups, or any delegated entity, uses to authorize, modify, or deny health care services via prior authorization, concurrent authorization or retrospective authorizations, under the benefits included in the MCP contract.

MCP policies and procedures must ensure that authorization determinations are based on the medical necessity of the requested health care service in a manner that is consistent with current evidence-based clinical practice guidelines. Such utilization management policies and procedures may also take into consideration the following:

- Service type
- Appropriate service usage
- Cost and effectiveness of service and service alternatives
- Contraindications to service and service alternatives
- Potential fraud, waste and abuse
- Patient and medical safety
- Other clinically relevant factors

The policies and procedures must be consistently applied to medical/surgical, mental health and substance use disorder benefits. The plan shall notify contracting health care providers of all services that require prior authorization, concurrent authorization or retrospective authorization and ensure that all contracting health care providers are aware of the procedures and timeframes necessary to obtain authorization for these services.

The disclosure requirements for MCPs include making utilization management criteria for medical necessity determinations for mental health and substance use disorder benefits available to beneficiaries, potential beneficiaries and providers upon request in accordance with Title 42, CFR §438.915(a). MCPs must also provide to beneficiaries, the reason for any denial for reimbursement or payment of services for mental health or substance use disorder benefits in accordance with Title 42, CFR, §438.915(b). In addition, all services must be provided in a culturally and linguistically appropriate manner.

MCP Responsibility for Outpatient Mental Health Services
Attachment 1 summarizes mental health services provided by MCPs and MHPs. MCPs must provide the services listed below when medically necessary and provided by PCPs or by licensed mental health professionals in the MCP provider network within their scope of practice:

1. Individual and group mental health evaluation and treatment (psychotherapy);
2. Psychological testing, when clinically indicated to evaluate a mental health condition;
3. Outpatient services for the purposes of monitoring drug therapy;
4. Outpatient laboratory, drugs, supplies, and supplements (excluding medications listed in Attachment 2); and,
5. Psychiatric consultation.

Current Procedural Terminology (CPT) codes that are covered can be found in the Psychological Services Medi-Cal Provider Manual (linked in footnote 8 above).

Laboratory testing may include tests to determine a baseline assessment before prescribing psychiatric medications or to monitor side effects from psychiatric medications. Supplies may include laboratory supplies. Supplements may include vitamins that are not specifically excluded in the Medi-Cal formulary and that are scientifically proven effective in the treatment of mental health disorders (although none are currently indicated for this purpose).

For mild to moderate mental health MCP covered services for adults, medically necessary services are defined as reasonable and necessary services to protect life, prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis and treatment of disease, illness, or injury. These include services to:

1. Diagnose a mental health condition and determine a treatment plan;
2. Provide medically necessary treatment for mental health conditions (excluding couples and family counseling for relational problems) that result in mild or moderate impairment; and,
3. Refer adults to the county MHP for SMHS when a mental health diagnosis covered by the MHP results in significant impairment;

For beneficiaries under the age of 21, the MCP is responsible for providing medically necessary non-SMHS listed in Attachment 1 regardless of the severity of the impairment. The number of visits for mental health services is not limited as long as the MCP beneficiary meets medical necessity criteria.

At any time, beneficiaries can choose to seek and obtain a mental health assessment from a licensed mental health provider within the MCP's provider network. Each MCP is still obligated to ensure that a mental health screening of beneficiaries is conducted by network PCPs. Beneficiaries with positive screening results may be further assessed either by the PCP or by referral to a network mental health provider. The beneficiary may then be treated by the PCP within the PCP's scope of practice. When the condition is beyond the PCP's scope of practice, the PCP must refer the beneficiary to a mental health provider within the MCP network. For adults, the PCP or mental health provider must use a Medi-Cal-approved clinical tool or set of tools mutually agreed upon with the MHP to assess the beneficiary's disorder, level of impairment, and appropriate care needed. The clinical assessment tool or set of tools must be identified in the MOU between the MCP and MHP, as discussed in APL 13-018.

Pursuant to the EPSDT benefit, MCPs are required to provide and cover all medically necessary services. For adults, medically necessary services include all covered services that are reasonable and necessary to protect life, prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury. For children under the age 21, MCPs must provide a broader range of medically necessary services that is expanded to include standards set forth under Title 22, CCR Sections 51340 and 51340.01 and "[s]uch other necessary health care, diagnostic services, treatment, and other measures described in [Title 42, United States Code (US Code), Section 1396d(a)] to correct or ameliorate defects and physical and mental illnesses and conditions discovered by the screening services, whether or not such services or items are covered under the state plan" (Title 42, US Code, Section 1396d(r)(5)). However for children under the age 21, MCPs are required to provide and cover all medically necessary service, except for SMHS listed in CCR, Title 9, Section 1810.247 for beneficiaries that meet the medical necessity criteria for SMHS as specified in to CCR, Title 9, Sections 1820.205, 1830.205, or 1830.210 that must be provided by a MHP.

If an MCP beneficiary with a mental health diagnosis is not eligible for MHP services because they do not meet the medical necessity criteria for SMHS, then the MCP is required to ensure the provision of outpatient mental health services as listed in the contract and Attachment 1 of this APL, or other appropriate services within the scope of the MCP's covered services.

Each MCP must ensure its network providers refer adult beneficiaries with significant impairment resulting from a covered mental health diagnosis to the county MHP. Also, when the adult MCP beneficiary has a significant impairment, but the diagnosis is uncertain, the MCP must ensure that the beneficiary is referred to the MHP for further assessment.

The MCPs must also cover outpatient laboratory tests, medications (excluding carved-out medications that are listed in the MCP's relevant Medi-Cal Provider Manual[9]), supplies, and supplements prescribed by the mental health providers in the MCP network, as well as by PCPs, to assess and treat mental health conditions. The MCP may require that mild to moderate mental health services to adults are provided through the MCP's provider network, subject to a medical necessity determination.

The MCP may contract with the MHP to provide these mental health services when the MCP covers payment for these services.

MCPs continue to be required to provide medical case management and cover and pay for all medically necessary Medi-Cal-covered physical health care services for an MCP beneficiary receiving SMHS. The MCP must coordinate care with the MHP. The MCP is responsible for the appropriate management of a beneficiary's mental and physical health care, which includes, but is not limited to, the coordination of all medically necessary, contractually required Medi-Cal-covered services, including mental health services, both within and outside the MCP's provider network.

MCPs are responsible for ensuring that their delegates comply with all applicable state and federal law and regulations, as well as other contract requirements and DHCS guidance, including applicable APLs and Duals Plan Letters. These requirements must be communicated by each MCP to all delegated entities and subcontractors.

If you have any questions regarding this APL, please contact your Contract Manager.

Sincerely,

Original signed by Nathan Nau

Mental Health Services Description Chart for Beneficiaries Enrolled in an MCP

DIMENSION	MCP	MHP[10] OUTPATIENT	MHP INPATIENT
ELIGIBILITY	**Mild to Moderate Impairment in Functioning** A beneficiary is covered by the MCP for services if he or she is diagnosed with a mental health disorder, as defined by the current DSM[11], resulting in mild to moderate distress or impairment of mental, emotional, or behavioral functioning: • At an initial health screening, a PCP may identify the need for a thorough mental health assessment and refer a beneficiary to a licensed mental health provider within the MCP's network. The mental health provider can identify the mental health disorder and determine the level of impairment. • A beneficiary may seek and obtain a mental health assessment at any time directly from a licensed mental health provider within the MCP network without a referral from a PCP or prior authorization from the MCP. • The PCP or mental health provider should refer any beneficiary who meets medical necessity criteria	**Significant Impairment in Functioning** An adult beneficiary is eligible for services if he or she meets all of the following medical necessity criteria: 1. Has an included mental health diagnosis;[12] 2. Has a significant impairment in an important area of life function, or a reasonable probability of significant deterioration in an important area of life function; 3. The focus of the proposed treatment is to address the impairment(s), prevent significant deterioration in an important area of life functioning. 4. The expectation is that the proposed treatment will significantly diminish the impairment, prevent significant deterioration in an important area of life function, and 5. The condition would not be responsive to physical health care based treatment. *Note: For beneficiaries under age 21, specialty mental health services must be provided for a range of impairment levels*	**Emergency and Inpatient** A beneficiary is eligible for services if he or she meets the following medical necessity criteria: 1. An included diagnosis; 2. Cannot be safely treated at a lower level of care; 3. Requires inpatient hospital services due to one of the following which is the result of an included mental disorder: a. Symptoms or behaviors which represent a current danger to self or others, or significant property destruction; b. Symptoms or behaviors which prevent the beneficiary from providing for, or utilizing, food, clothing, or shelter; c. Symptoms or behaviors which present a severe risk to the beneficiary's physical health; d. Symptoms or behaviors which represent a recent, significant deterioration in ability to function; e. Psychiatric evaluation or treatment which can only be performed in an acute psychiatric inpatient setting or through urgent

[10] SMHS provided by MHP
[11] Current policy is based on DSM IV and will be updated to DSM 5 in the future
[12] As specified in regulations Title 9, Section 1830.205 for adults and Section 1830.210 for those under age 21

DIMENSION	MCP	MHP[10] OUTPATIENT	MHP INPATIENT
ELIGIBILITY (continued)	for SMHS to the MHP. • When a beneficiary's condition improves under SMHS and the mental health providers in the MCP and MHP coordinate care, the beneficiary may return to the MCP's network mental health provider. *Note: Conditions that the current DSM identifies as relational problems are not covered (e.g., couples counseling or family counseling.)*	*to correct or ameliorate a mental health condition or impairment.*[13]	or emergency intervention provided in the community or clinic; and; f. Serious adverse reactions to medications, procedures or therapies requiring continued hospitalization.
SERVICES	Mental health services provided by licensed mental health care professionals (as defined in the Medi-Cal provider bulletin) acting within the scope of their license: • Individual and group mental health evaluation and treatment (psychotherapy) • Psychological testing when clinically indicated to evaluate a mental health condition • Outpatient services for the purposes of monitoring medication therapy • Outpatient laboratory, medications, supplies, and supplements • Psychiatric consultation	• Mental Health Services ○ Assessment ○ Plan development ○ Therapy ○ Rehabilitation ○ Collateral • Medication Support Services • Day Treatment Intensive • Day Rehabilitation • Crisis Residential Treatment • Adult Residential Treatment • Crisis Intervention • Crisis Stabilization • Targeted Case Management • Intensive Care Coordination • Intensive Home Based Services • Therapeutic Foster Care • Therapeutic Behavioral Services	• Acute psychiatric inpatient hospital services • Psychiatric Health Facility Services • Psychiatric Inpatient Hospital Professional Services if the beneficiary is in fee-for-service hospital

Attachment 2

Drugs Excluded from MCP Coverage

The following psychiatric drugs are noncapitated except for HCP 170 (KP Cal, LLC):

Amantadine HCl	Olanzapine Fluoxetine HCl
Aripiprazole	Olanzapine Pamoate Monohydrate (Zyprexa Relprevv)
Asenapine (Saphris)	
Benztropine Mesylate	Paliperidone **(oral and injectable)**
Brexpiprazole (Rexulti)	Perphenazine
Cariprazine	Phenelzine Sulfate
Chlorpromazine HCl	Pimavanserin
Clozapine	Pimozide
Fluphenazine Decanoate	Quetiapine
Fluphenazine HCl	Risperidone
Haloperidol	Risperidone Microspheres
Haloperidol Decanoate	Selegiline (transdermal only)
Haloperidol Lactate	Thioridazine HCl
Iloperidone (Fanapt)	Thiothixene
Isocarboxazid	Thiothixene HCl
Lithium Carbonate	Tranylcypromine Sulfate
Lithium Citrate	Trifluoperazine HCl
Loxapine Succinate	Trihexyphenidyl
Lurasidone Hydrochloride	Ziprasidone
Molindone HCl	Ziprasidone Mesylate
Olanzapine	

These drugs are listed in the Medi-Cal Provider Manual in the following link:
http://files.medi-cal.ca.gov/pubsdoco/publications/masters-mtp/part1/mcpgmc_z01.doc

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

15. Consider Approval of Extension of Reimbursement for Necessary Business Expenditures Incurred by Employees on Temporary Telework Due to the Coronavirus (COVID-19) Pandemic

Contacts

Brigette Gibb, Executive Director, Human Resources, (714) 246-8405
Nancy Huang, Chief Financial Officer, (657) 235-6935

Recommended Actions

1. Approve extension of reimbursement at a flat rate of $45 per month per temporary teleworker, continuing July 1, 2021 on a month-to-month basis through December 31, 2021 for necessary business expenditures incurred by regular full-time and part-time employees on temporary telework due to the COVID-19 pandemic; and
2. Authorize the Chief Executive Officer (CEO) to extend the flat rate reimbursement on a month-to-month basis from July 1, 2021 through December 31, 2021 for employees on temporary telework.

Background

In response to the national emergency resulting from the COVID-19 pandemic and recommendations for social distancing for COVID-19 community mitigation strategies, beginning in late March 2020, state and local agencies began implementing stay-at-home orders to limit professional, social, and community gatherings outside of a list of "essential activities." In order to maintain continuity of essential services and business functions while complying with the social distancing guidelines and a safe work environment for employees, CalOptima management initiated a phased-in deployment of temporary telework for CalOptima staff whose job duties could be performed remotely.

As the circumstances favor the continuation of temporary telework to minimize the number of employees present in CalOptima buildings and to slow the spread of COVID-19 in our community, management believes a delayed and gradual return of employees from temporary telework will be the best option for the safety of CalOptima employees. The temporary telework program has continued since March 2020, and temporary telework is in alignment with regulatory recommendations and guidance by the Centers for Disease Control and Prevention (CDC), the Governor's Industry Guidance, CalOSHA, and the Orange County Health Care Agency (OCHCA). Based on the current circumstances and applicable guidelines, management considered CalOptima's obligations under California Labor Code section 2802 to reimburse employees for reasonable expenses in direct consequence of the performance of their obligations for employees on temporary telework.

At its June 4, 2020 meeting, the Board approved reimbursement at a flat rate of $45 per month, commencing April 1, 2020 through June 30, 2020 for necessary business expenditures incurred by regular full-time and part-time employees on temporary telework in response to the public health emergency arising from the COVID-19 pandemic and authorized the CEO to extend the flat rate reimbursement on a month-to-month basis thereafter through December 31, 2020 for employees on temporary telework. At its February 4, 2021 meeting, the board extended this authority June 30, 2021.

Back to Agenda

Discussion

Temporary telework was not contemplated as part of CalOptima Policy GA. 8044: Telework Program, and approximately 49% of employees are currently on temporary telework, which is in addition to those employees who were already teleworking as part of CalOptima's Telework Program. As temporary telework has evolved from a voluntary program to one that is instrumental in CalOptima's efforts to mitigate the spread of the coronavirus, CalOptima, as an employer, has an obligation to pay for a "reasonable percentage" of necessary business expenses such as internet and cell phone service even if it does not require an employee to incur an extra cost.

While personal cell phone use is discouraged, management recognizes that during these unique circumstances, the use of a personal cell phone might be required on an occasional basis. Management also recognizes that internet costs are not generally covered as a business expense and most employees do not use the internet exclusively for CalOptima business. However, to ensure compliance with reimbursement requirements under the Labor Code during these unique circumstances, management is recommending that employees on temporary telework continue to be reimbursed for a reasonable percentage of these and other necessary business expenses.

Staff has determined that a flat reimbursement rate of $45 per month is a reasonable estimate of the proportional cost of cell phone, internet and other necessary business expenses. Management is requesting Board approval of the extension of the flat rate reimbursement for employees on temporary telework for the months of July 2021 through December 2021, for each month an employee is on temporary telework. Employees who believe they are entitled to additional reimbursement must submit an expense reimbursement request with supporting documentation showing why they believe they should receive additional reimbursement, which will be reviewed on a case-by-case basis.

Fiscal Impact

The fiscal impact for the monthly reimbursement for necessary business expenses of employees on temporary telework for the period of July 1, 2021, through December 31, 2021, is $189,000. Funding for the extension of the flat reimbursement rate on a month-to-month basis is included in the proposed Fiscal Year 2021-22 Operating Budget pending Board approval.

Rationale for Recommendation

Continuing the flat reimbursement rate will ensure compliance with Labor Code section 2802 to provide reimbursement for necessary business expenses as a result of temporary telework and also avoid the administrative burden of evaluating individual requests and potentially making disparate determinations on the appropriate reimbursement amount(s) based on a reasonable percentage(s) for each expense item.

Concurrence

Gary Crockett, Chief Counsel
Board of Directors' Finance and Audit Committee

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

16. Consider the Continued Use of the Methodology Previously Approved for the Distribution of OneCare Connect Quality Withhold Payments to Contracted Health Networks in Demonstration Years 2 Through 5 for Distribution of Such Payment for Demonstration Years 6 Through 8

Contacts

Emily Fonda, MD, MMM, Chief Medical Officer, (714) 246-8487
Marie Jeannis, Executive Director, Quality & Population Health Management, (714) 246-8591

Recommended Action

Recommend approval of the continued use of the methodology previously approved for the distribution of OneCare Connect quality withhold payments to contracted Health Networks (including the CalOptima Community Network (CCN)) in Demonstration Years (DY) 2-5 (Calendar Years 2016-2019) for the distribution of such payment for DY 6-8 (Calendar Years 2020-2022).

Background

OneCare Connect (OCC) is a Cal MediConnect Plan (Medicare-Medicaid Plan) launched in 2015 for people who qualify for both Medicare and Medi-Cal. OCC is part of Cal MediConnect, a demonstration program operating in seven counties throughout California. The demonstration aims to transform the health care delivery system for people eligible for both Medicare and Medi-Cal.

To better align quality with cost of care, the Department of Health Care Services (DHCS) and Centers for Medicare & Medicaid Services (CMS) have constructed a quality withhold process, which applies to Medi-Cal and Medicare Part A/B capitation. The amounts of the withhold are 1% for Year One (calendar year 2015), 2% for Year Two (calendar year 2016), 3% for Years Three, Four, and Five (calendar years 2017-2019) and 4% for Years Six, Seven, and Eight (calendar years 2020 - 2022). All or a part of the withhold may be earned back based on a percentage of quality withhold measures that achieved benchmarks established by DHCS and CMS. Measures and benchmarks are based on final guidance received by CalOptima Regulatory Affairs from CMS and DHCS.

On June 7, 2018, the CalOptima Board of Directors approved the methodology and disbursement of the DY 2-5 (CY2016 – CY2019) quality withhold that was received from DHCS and CMS and distributed to the health networks. Additional Board action is required for the methodology and distribution of earned quality withhold dollars for DY 6-8.

Back to Agenda

Discussion

CalOptima began participation in the Cal MediConnect program on July 1, 2015. Because CalOptima's participation in Cal MediConnect began midyear, the measurement period for DY 1 was considered July 1, 2015 to December 31, 2015. Subsequent years (years 2-8) began in 2016, and reflect services rendered from January 1 to December 31 of each year.

The quality withhold reduces capitation for both Medi-Cal and Medicare payments to CalOptima by four percent (4%) in Years Six, Seven, and Eight. These withheld funds can be earned back by CalOptima by "passing" a percentage of defined quality withhold measures. Measures are "passed" by managed care plans by achieving the established benchmark set by CMS for each quality withhold measure. The measures are prescribed by DHCS and CMS based on industry standard quality metrics, such as HEDIS/Star measures, and are communicated to plans via the Medicare-Medicaid Capitated Financial Alignment Model Quality Withhold Technical Notes. Managed care plans earn their withholds back according to the following guidance:

Percent of Measures Passed	Percent of Withhold MMP Receives
0-19%	0%
20-39%	25%
40-59%	50%
60-79%	75%
80-100%	100%

Quality Withhold Distribution Methodology:

To determine the payment allocation to the Health Networks, staff score each measure and determine HN allocation for payment according to the methodology in the tables below. After each measure is scored by comparing performance against established benchmarks, the health network is assigned quality points based on their performance. These points are added up and a weighted factor is determined for overall performance so that higher performing networks earn a higher share of the allocation. This methodology is similar to how CMS assesses health plan performance nationwide. The final step of payment allocation also considers the HN financial model type (HMO, PHC or SRG) to determine any payments that may be required to affiliated hospitals under the PHC model.

Back to Agenda

Health Network Scoring

- Quality Points is the sum of all points earned for each measure.

Health Network Measure Performance Points

- Uses NCQA National Medicaid HEDIS Percentiles as benchmark for NCQA HEDIS measures
- Uses CMS Star Cut Points as Benchmark for CMS Star Measure(s)
- Minimum denominator of 1% of Total Denominator

Quality Points	Star / Percentile
1	3 Stars / 50th Percentile
2	4 Stars / 75th Percentile
3	5 Stars / 90th Percentile

Health Plan Measure Points

- Benchmark is set by Cal MediConnect.
- Points based on CalOptima's rate for the measure
  - 1 point if CalOptima passes measure
  - 0 point if CalOptima does not pass measure

Health Network (HN) Allocation = HN Weighted % of Allocation

- **Allocation** = Withhold funds received from CMS
- **HN Weighted Allocation** = HN CMS Revenue * HN Quality Points
- **HN Weighted %** = HN Weighted Allocation / Sum of HN Weighted Allocation

P (professional) = 34.40% * HN Allocation
H (hospital) = 50.90% * HN Allocation

- **HMO: Health Networks are paid for Provider and Hospital.**
- **PHC: Hospital is paid directly by CalOptima.**
- **SRG: Money contributed to SRG pool.**

Distribution of Earned Withhold Funds to the Health Networks

CalOptima's contracts with the health networks provide that "CalOptima will allocate to Physician Group an amount of revenue withhold attributed to Physician Group's performance on the withhold measures. Final distribution methodology to Physician Group is subject to CalOptima Board of Directors approval." The health networks do not have full accountability for every measure. There are measures for which CalOptima has direct responsibility, while CalOptima shares responsibility with the delegated health networks on some measures.

Back to Agenda

- The methodology that staff is proposing for DY 6-8 is unchanged from DY 2-5. The methodology provides that Medicare withhold funds which are earned back by CalOptima will be distributed to the Health Networks, including the CalOptima Community Network (CCN), based on performance and percent of premium (POP). If CalOptima does not recoup any withhold money, then no Quality Withhold money will be paid out to any network, regardless of their performance on the quality measures.
- Eligibility to receive any withhold monies earned by CalOptima will be dependent on the health network's good standing with CalOptima and their active contractual status with CalOptima during any part of the measurement period, as well as at the time of distribution.
- Distribution of earned back withhold funds attributable to CalOptima Community Network (CCN) membership will be similar to other health network distribution of withheld dollars. Staff will return at a later date to propose a distribution strategy specifically to CCN providers.
- Withhold money will be distributed to health networks, including CalOptima Community Network (CCN), after CalOptima receives the withhold money from CMS.
- Health Networks will receive their withhold money within 90 days of CalOptima receiving the withhold money from CMS.

Fiscal Impact

The recommended action is budget neutral to CalOptima. Distributions to health networks, including CCN, will not exceed the amount of Medicare quality withhold funds earned back by CalOptima. There is no additional fiscal impact to the operating budget.

Rationale for Recommendation

These recommendations reflect alignment between health network and CalOptima activities to provide quality healthcare to dual eligible members based on DHCS and CMS directed measures. Greater success in demonstrating quality healthcare will also result in earning back a greater amount of the withhold amount.

3. Consider Approval of the Methodology for and the Disbursement of Years 2-5 OneCare Connect Quality Withhold Payment to Participating Health Networks

Contact

Richard Bock, M.D., Deputy Chief Medical Officer, (714) 246-8400

Recommended Action

Approve the methodology for and the disbursement strategy of One Care Connect (OCC) demonstration years (DY) 2-5 (calendar years 2016 – 19), Quality Withhold payment to contracted Health Networks, including CalOptima's Community Network (CCN).

Background

OneCare Connect (OCC) is a Cal MediConnect Plan (Medicare-Medicaid Plan) launched in 2015 for people who qualify for both Medicare and Medi-Cal. OCC is part of Cal MediConnect, a demonstration program operating in seven counties throughout California. The demonstration aims to transform the health care delivery system for people eligible for both Medicare and Medi-Cal.

These members often have several chronic health conditions and multiple providers, yet their separate insurance plans often create confusion and fragmented care. By combining all benefits into one plan, OCC delivers coordinated care. Care coordination eliminates duplicated services and shifts services from more expensive institutions to home and community-based settings.

At no extra cost to members, OCC adds benefits such as vision care, gym benefits and enhanced dental benefits. Additionally, OCC integrates CBAS, MSSP and LTC into the plan benefits. OCC includes personalized support — all to ensure each member receives the services they need, when they need them.

To better align quality with cost of care, the Department of Health Care Services (DHCS) and Centers for Medicare & Medicaid Services (CMS) have constructed a quality withhold process, which applies to Medi-Cal and Medicare Part A/B capitation. Medi-Cal monies are not withheld from health networks. The amounts of the withhold are 1% for Year One (calendar year 2015), 2% for Year Two (calendar year 2016), and 3% for Years Three, Four, and Five (calendar years 2017-2019). All or a part of the withhold may be earned back based on a percentage of quality withhold measures that achieved benchmarks established by DHCS and CMS. Measures and benchmarks are based on final guidance received by CalOptima Regulatory Affairs from CMS and DHCS.

On August 6, 2015, the CalOptima Board of Directors approved the methodology and disbursement of the DY 1 (MY2015) quality withhold that was received from DHCS and CMS in October 2017 and

Back to Item
Back to Agenda

distributed to the health networks. Additional Board action is required for the methodology and distribution of earned quality withhold dollars for DY2-5.

Discussion

CalOptima began to participate in the Cal MediConnect program on July 1, 2015. Because CalOptima's participation in Cal MediConnect began midyear, the measurement period for DY 1 was considered July 1, 2015 to December 31, 2015. Subsequent years (years 2-5) began in 2016 and reflect services rendered from January 1 to December 31 of each year.

The quality withhold reduces capitation for both Medi-Cal and Medicare payments to CalOptima by two percent (2%) in Year Two and by three percent (3%) in Years Three, Four, and Five. These withheld funds can be earned back by CalOptima by "passing" a percentage of defined quality withhold measures. Measures are "passed" by managed care plans by achieving the established benchmark set by CMS for each quality withhold measure. The measures are prescribed by DHCS and CMS based on industry standard quality metrics such as HEDIS/Star measures and are communicated to plans via the Medicare-Medicaid Capitated Financial Alignment Model Quality Withhold Technical Notes. Managed care plans earn their withhold back according to the following guidance:

Percent of Measures Passed	Percent of Withhold MMP Receives
0-19%	0%
20-39%	25%
40-59%	50%
60-79%	75%
80-100%	100%

While the health networks do not have full accountability for every measure, there are measures that CalOptima has direct responsibility for and others that have shared responsibility between the delegated health networks and CalOptima.

CalOptima proposes the following methodology to distribute earned funds back to contracted health networks:

Back to Item
Back to Agenda

Health Network Scoring

- Quality Points is the sum of all points earned for each measure.

Health Network Measure Performance Points

- Uses NCQA National Medicaid HEDIS Percentiles as benchmark for NCQA HEDIS measures
- Uses CMS Star Cut Points as Benchmark for CMS Star Measure(s)
- Minimum denominator of 1% of Total Denominator

Quality Points	Star / Percentile
1	3 Stars / 50th Percentile
2	4 Stars / 75th Percentile
3	5 Stars / 90th Percentile

Health Plan Measure Points

- Benchmark is set by Cal MediConnect.
- Points based on CalOptima's rate for measure
  - 1 point if CalOptima passes measure
  - 0 point if CalOptima does not pass measure

Distribution of Earned Withhold Funds to the Health Networks

CalOptima's contracts with the health networks provides that "CalOptima will allocate to Physician Group an amount of revenue withhold attributed to Physician Group's performance on the withhold measures. Final distribution methodology to Physician Group is subject to CalOptima Board of Directors approval."

- The methodology that staff is proposing for DY2-5 provides that Medicare withhold funds which are earned back by CalOptima will be distributed to the Health Networks, including the CalOptima Community Network (CCN), based on performance and percent of premium (POP). The distribution to a health network will not exceed the amount of funds originally withheld from its capitation. If CMS does not return withheld funds based on performance results, then no Quality Withhold money will be paid out to any network, regardless of their performance on the quality measures.
- Eligibility to receive any withhold monies earned by CalOptima will be dependent on the health network's good standing with CalOptima and their active contractual status with CalOptima during any part of the measurement period, as well as at the time of distribution.

Back to Item
Back to Agenda

- Distribution of earned back withhold funds attributable to CalOptima Community Network (CCN) membership will be similar to other health network distribution of withheld dollars. Staff will return at a later date to propose a distribution strategy specifically to CCN providers.
- Withhold money will be distributed to health networks, including CalOptima Community Network (CCN), after CalOptima receives the withhold money from CMS.
- Health Networks will receive their withhold money within 90 days of CalOptima receiving the withhold money from CMS.
- CalOptima contracts with health networks under various arrangements and the allocation for each health network will depend on the withheld amounts received from CMS and the health network performance on the quality measures benchmarked by CMS.
- Health Network payment will depend on the arrangement with CalOptima. Based on current capitation contract arrangement with health networks for CMS revenue, Health Maintenance Organizations (HMOs) will receive their contractually agreed percentage of the withheld amounts for professional services and for hospital services.
- For Physician Hospital Consortiums (PHCs) however, the Physician side of the PHCs will receive their contractually agreed percentage of the withheld amounts for professional services but CalOptima will pay the contractually agreed percentage for hospital services directly to the hospitals.
- Shared Risk Groups (SRGs) will also receive their contractually agreed percentage of the withheld amounts for professional services but the hospital allocation will be contributed to the SRG pool.

Fiscal Impact

The recommended action is budget neutral to CalOptima. The amount of Medicare quality withhold funds earned back by CalOptima, if any, will be sufficient to fund distributions to health networks and CCN with no additional fiscal impact to the operating budget.

Rationale for Recommendation

These recommendations reflect alignment between health network and CalOptima activities to provide quality healthcare to dual eligible members based on DHCS and CMS directed measures. Greater success in demonstrating quality healthcare will also result in earning back a greater amount of the withhold amount.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken August 6, 2015
Regular Meeting of the CalOptima Board of Directors

Report Item
VIII. F. Approve the Methodology for and the Disbursement of the Year One, OneCare Connect Quality Withhold Payment to Participating Health Networks

Contact
Richard Bock, MD, Deputy Chief Medical Officer, (714) 246-8400

Recommended Action
Approve the methodology for and the disbursement of the Year One, OneCare Connect Quality Withhold payment to participating Health Networks.

Background
July 2012 marked the passage of the Coordinated Care Initiative in California. The Coordinated Care Initiative (CCI) aims to integrate the delivery of medical, behavioral, and long term care services while providing a road map to integrate Medicare and Medi-Cal for people in both programs, called "dual eligible" members.

Central to the CCI model is care coordination. And a critical piece to the model is the care coordination provided for by the member's primary care provider (PCP) and health network. The CCI is expected to produce greater value by improving health outcomes and containing costs; primarily by shifting clinically appropriate service delivery into the home and community and away from expensive institutional settings.

In order to better align quality with cost of care, the Department of Health Care Services (DHCS) and Centers for Medicare & Medicaid Services (CMS) have constructed a quality withhold process, which applies to Medi-Cal and Medicare Part A/B capitation. The amounts of the withhold are 1% for Year One, 2% for Year Two, and 3% for Year Three. All or a part of the withhold may be earned back based on a methodology developed by DHCS and CMS.

Discussion
CalOptima began to participate in the CCI program on July 1, 2015. Given the delayed start date of the program, the first year of the withhold process will be shortened to reflect services rendered from July 1, 2015 to December 30, 2015.

There are ten quality withhold measures in CCI for Year one. Five of these measures are California-specific and were just released by CMS on July 8, 2015.

- Encounter data
- Getting appointments and care quickly
- Customer service
- Behavioral Health provider participates in care plan development (shared accountability measure, payout shared with county)

Back to Item
Back to Agenda

- Documentation of care goals
- Case Management contact with member
- OneCare Connect Member Advisory Council implementation
- Memorandum of understanding with County Mental Health
- Timely completion of Health Risk Assessments
- Physical access work plan

Capitation for both Medi-Cal and Medicare payments to CalOptima will be reduced by one percent (1%) in Year One. These withheld funds can be earned back by CalOptima in the following manner:

- Plan will pass or fail each measure based on benchmarks
- All withhold measures will be weighted equally
- If a measure cannot be calculated due to timing constraints (of the shortened Year one) or enrollment requirements, it will be removed from the total number of withhold measures on which the plan will be evaluated.
- Payout will be based on:

Percent of Measures Passed	Percent of Withhold MMP Receives
0-19%	0%
20-39%	25%
40-59%	50%
60-79%	75%
80-100%	100%

Distribution of Earned Withhold Funds to the Health Networks:
CalOptima's contracts with the networks provides that "CalOptima will allocate to Physician Group, and amout of revenue withhold attributed to Physician Group's performance on the withhold measures. Final distribution methodology to Physician Group is subject to CalOptima Board of Directors approval." While the health networks do not have full accountability for every measure, there are measures that CalOptima has direct responsibility for and others that have shared responsibility between the delegated health networks and CalOptima. In addition, since the two Behavioral Health measures are governed by language in the three-way contract regarding shared responsibility with County Mental Health, disbursement for them will be described in a future staff recommendation to the Board after further guidance from the State is released. Similarly, distribution of earned back withhold funds attributable to Community Network membership will be described in a future staff recommendation. As 1% of capitation is withheld from CalOptima, the downstream percent of premium (POP) Medicare capitation payments to Health Networks will be similarly reduced. Taking into consideration the truncated duration of Year One and continuing regulatory refinement of the program, the methodology that staff is proposing for Year One provides that Medicare withhold funds which are earned back by CalOptima will be shared with the Health Networks using the identical POP formula.

Back to Item
Back to Agenda

- For example, if CalOptima's revenue is $1,000 per member per month (PMPM), the quality withhold is 1%, and a networks's POP is 35%, the network's capitation will be 35% x $990, which is $346.50 PMPM.

- Assuming CalOptima recoups the full withhold of $10, the network will receive 35%, or $3.50 PMPM.

- Future distribution formulae for Years 2 and 3 may take into account the Health Networks' per cent responsibility for, and the relative performance on, the expanded measure set, but this simpler approach is more appropriate for Year One.

- If CalOptima does not recoup any withhold money, then no Quality Withhold money will be paid out to any network regardless of their performance on the quality measures.

Eligibility to receive any withhold monies earned by CalOptima will be dependent on the health network's good standing with CalOptima and their active contractual status with CalOptima during any part of the measurement period as well as at the time of distribution.

Fiscal Impact
The recommended action is projected to be budget neutral to CalOptima. Distributions to health networks will not exceed the amount of withheld funds that are earned back.

Rationale for Recommendation
These recommendations reflect alignment between health network and CalOptima activities to provide quality healthcare to dual eligible members based on DHCS and CMS directed measures. Greater success in demonstrating quality healthcare will also result in earning back a greater amount of the withhold amount.

March 12, 2019

Dear CMC plans,

Please find below draft contract language regarding the draft extension provisions in the California 3-way contract. This language is not final, and is subject to change based on CMS and DHCS clearance processes. Plans will have the opportunity to comment on this and other 3-way contract language via the usual process of updating the contract. We anticipate the MMP comment period to occur later this spring.

Please don't hesitate to reach out to Gretchen.nye1@cms.hhs.gov if you have any questions related to the below language.

1. Experience Rebate/One-Sided Risk Corridor Draft Contract Language (new section 4.4)

4.4. One-Sided Risk Corridors will be established for Demonstration Years 6-8

4.4.1 General Provisions

4.4.1.1 The Demonstration will utilize a one-sided risk corridor for Demonstration Years 6 through 8. The one-sided risk corridor is designed to limit the profits received by Cal MediConnect MMPs to a reasonable percentage of total revenue.

4.4.1.2 Calculation of Gains and Losses: The risk sharing arrangement described in this section of the Contract may result in payment by the Contractor to the State and CMS.

4.4.1.2.1 All payments made by the Contractor to the State and CMS will be calculated and determined jointly by the State and CMS.

4.4.1.2.2 All calculations, determined jointly by the State and CMS, will be based on the Contractor's reporting of Actual and Adjusted Non-Service Expenditures and Actual and Adjusted Service Expenditures, as required in Section 4.4.3. All financial reporting will be subject to review and/or audit at the State's and CMS' discretion. As applicable, all calculations will sum the Contractor's expenditures and revenues across all counties in which the Contractor operates.

4.4.1.2.3 CMS and the State will perform a final settlement of the payments made by the Contractor to CMS and the State, as described in Section 4.4.3.

4.4.1.3 Allowable Expenditures

4.4.1.3.1 CMS and the State shall jointly determine the Adjusted Service Expenditures and the Adjusted Non-Service Expenditures, based on Encounter Data, cost data, and financial reporting data (including the State's rate development template) submitted by the Contractor (as required by Section 4.4.3 and Section 2.17-2.19 of this Contract). CMS and the State reserve the right to audit Actual Non-Service Expenditure and Adjusted Non-Service Expenditure data.

4.4.1.3.2 CMS, the State, and the Contractor agree that to the extent there are differences in expenditure data reported across various sources, including the encounter, cost, financial reporting, or other data submitted by the

Back to Item

Back to Agenda

Contractor, CMS, the State and the Contractor will confer and make a good faith effort to reconcile those differences before the calculation of the final settlement. The review procedures may include a review of the Contractor's Encounter Data and/or audit, to be performed by the CMS and/or the State, or either party's authorized agents, to verify that all paid claims for Enrollees by the Contractor are for Covered Services and/or that provider reimbursement is not excessive. CMS and the State will jointly have the final decision on the resolution of any differences in the expenditure data reported.

4.4.1.3.3 The State and CMS reserve the right to adjust expenditures for services that are reimbursed at more than ten percent (10%) above the median reimbursement rate of all plans within a region. For the purposes of the risk corridor, the Regions are defined as the Northern Counties Region (San Mateo and Santa Clara Counties) and the Southern Counties Region (Los Angeles, Orange, Riverside, San Bernardino, and San Diego Counties). The State and CMS reserve the right to adjust non-service expenditures that are greater than 125% of the median PMPM across all participating Contractors during the applicable Demonstration Year. Notwithstanding any contractual provision or legal right to the contrary, the Contractor agrees that there shall be no redress against CMS or the State for a determination to adjust or a failure to adjust expenditures for services of any Contractor.

4.4.2 One-Sided Risk Corridor Parameters

4.4.2.1 The Demonstration will utilize a limited up-side risk corridor to include all Medicare A/B and Medicaid eligible Adjusted Service and Non-Service Expenditures. The risk corridors will be reconciled after the application of risk adjustment methodologies (e.g., CMS-HCC, Medicaid Relative Cost Factors and Relative Mix Factors), intergovernmental transfers, and as if all Contractors had received the full quality withhold payment.

4.4.2.1.1 Risk Corridor Share: The Medicare and Medicaid contributions to risk corridor payments will be in proportion to their contributions to the Adjusted Interim Capitation Rate Revenue. Losses and gains will be determined using the approaches described in Section 4.4.2.1.2.

4.4.2.1.2 Definition of Gains/Losses: Gains and losses are defined as the Adjusted Interim Capitation Rate Revenue minus the Total Adjusted Expenditures, with positive figures defined as gains and negative figures defined as losses. The Adjusted Interim Capitation Rate Revenue and the Total Adjusted Expenditures will incorporate Contractor's revenue and expenditures across all counties in which the Contractor operates.

4.4.2.1.3 Up-Side Risk Corridor Payment/Recoupment: For gains, the following bands apply:

4.4.2.1.3.1 First Band: The Contractor will retain all of the gains that are equal to or less than three percent (3%) of the Adjusted Interim Capitation Rate Revenue received by the Contractor.

Back to Item

Back to Agenda

4.4.2.1.3.2 Second Band: DHCS/CMS and the Contractor will share that portion of the gains that is over three percent (3%) and less than or equal to five percent (5%) of the Adjusted Interim Capitation Rate revenue received by the Contractor, with eighty percent (80%) retained by the Contractor and twenty percent (20%) paid to DHCS/CMS.

4.4.2.1.3.3 Third Band: DHCS/CMS and the Contractor will share that portion of the gains that is over five percent (5%) and less than or equal to seven percent (7%) of the Adjusted Interim Capitation Rate revenue received by the Contractor, with sixty percent (60%) retained by the Contractor and forty percent (40%) paid to DHCS/CMS.

4.4.2.1.3.4 Fourth Band: DHCS/CMS and the Contractor will share that portion of the gains that is over seven percent (7%) and less than or equal to nine percent (9%) of the Adjusted Interim Capitation Rate revenue received by the Contractor, with forty percent (40%) retained by the Contractor and sixty percent (60%) paid to DHCS/CMS.

4.4.2.1.3.5 Fifth Band: DHCS/CMS and the Contractor will share that portion of the gains that is over nine percent (9%) and less than or equal to twelve percent (12%) of the Adjusted Interim Capitation Rate revenue received by the Contractor, with twenty percent (20%) retained by the Contractor and eighty percent (80%) paid to DHCS/CMS.

4.4.2.1.3.6 Sixth Band: DHCS/CMS will recoup the entire portion of the gains that exceeds twelve percent (12%) of the Adjusted Interim Capitation Rate Revenue received by the Contractor.

Figure 4-4 Demonstration Years 6-8 Risk Sharing Corridor Table (for illustrative purposes only)

Risk Corridor Band	Incremental Gain[1]	% Contractor Gain Sharing	% State & CMS Gain Sharing	% CMS Gain Sharing	% State Gain Sharing
Gain Band 1	Gains ≤ 3%	100%	0%	0%	0%
Gain Band 2	Gains >3% and ≤5%	80%	20%	(20%) * (Medicare A/B Percent of Rate)	(20%)*(Medi-Cal Percent of Rate)
Gain Band 3	Gains >5% and ≤7%	60%	40%	(40%) * (Medicare A/B Percent of Rate)	(40%)*(Medi-Cal Percent of Rate)
Gain Band 4	Gains >7% and ≤9%	40%	60%	(60%) * (Medicare A/B Percent of Rate)	(60%)*(Medi-Cal Percent of Rate)
Gain Band 5	Gains >9% and ≤12%	20%	80%	(80%) * (Medicare A/B Percent of Rate)	(80%)*(Medi-Cal Percent of Rate)

Back to Item

Back to Agenda

Risk Corridor Band	Incremental Gain[1]	% Contractor Gain Sharing	% State & CMS Gain Sharing	% CMS Gain Sharing	% State Gain Sharing
Gain Band 6	Gains >12%	0%	100%	(100%) * (Medicare A/B Percent of Rate)	(100%)*(Medi-Cal Percent of Rate)

[1] Gain reflected on an incremental basis. Gains in Gain Bands 6 still results in risk sharing reconciliation for the gain in Gain Bands 2-5.

4.4.3 Risk Sharing Settlement

4.4.3.1 CMS and the State shall determine final settlement of payments made by the Contractor to CMS and the State.

4.4.3.2 Data Submission. The Contractor shall submit to DHCS and CMS, in the form and manner prescribed by DHCS and CMS, the necessary data to calculate and verify the final settlement after the end of each applicable Demonstration Year.

2. Quality Withhold Draft Contract Language (Section 4.8.1.3 is updated)

4.8.1.3 The quality withhold will increase to two percent 2% in Demonstration Year 2, three percent 3% for Demonstration Years 3-5 and 4% for Demonstration years 6-8. **See Figure 4.6.**

3. Disenrollment Penalty Draft Contract Language (new section 4.10)

4.10 Medicare A/B Disenrollment Penalty

4.10.1 Beginning in Demonstration Year 5 (CY 2019) CMS will implement a retrospective financial penalty in the Medicare A/B component of the capitation rate for Contractors with high disenrollment rates. This penalty is intended to address selection bias that may be impacting Medicare costs for the Cal MediConnect demonstration and to align incentives for plans to improve quality for all enrollees.

4.10.2 Performance will be evaluated annually using the existing Medicare Part C measure entitled “Members Choosing to Leave Plan.” For DYs 5 and 6, CMS intends to maintain the benchmark at the median Contractor performance from measurement year 2017. For DYs 7 and 8, CMS will set the benchmark at the median Contractor performance from the most recent measurement year. Contractors with rates above the benchmark will be subject to the penalty on a sliding scale, starting at 1% and up to 2%. Additional detail regarding the methodology will be provided in separate technical guidance.

4.10.3 Based on Contractor performance, CMS will recoup the Medicare A/B penalty retroactively, once performance for the applicable Demonstration Year has been determined.

4. Contract Term (Section 5.8.1 is updated)

5.8 Contract Term.

Back to Item

Back to Agenda

5.8.1 This Contract shall be in effect starting from the date on which all parties have signed the Contract and shall be effective, unless otherwise terminated, through December 31, 2015. The Contract shall be renewed in one-year terms through December 31, 2022, so long as the Contractor has not provided CMS and the State with a notice of intention not to renew, and CMS/State have not provided the Contractor with a notice of intention not to terminate, pursuant to 42 C.F.R. § 422.506 or Section 5.5 above This contract will terminate, or its effectuation will be delayed, unless the State receives all necessary approvals from CMS, including but not limited to § 1115(a) demonstration authority, and unless the Contractor is deemed ready to participate in the MMCO demonstration, as provided for in Section 2.2.1.3 of this Contract. Funds must not be expended or awarded until the State has received all necessary approvals from CMS. No payments will be made nor Medicaid federal Medical assistance payment (FMAP) funds drawn for any services provided or costs incurred prior to the later of the approval date for any necessary § 1115(a) authority, the Readiness Review approval, or the effective date of this Contract.

Marie Jeannis, Executive Director, Quality & Population Health Management

Purpose

- Request Board approval to continue the use of current Board approved process for allocating Quality Withhold funds to participating Health Networks for the remainder of the OneCare Connect program (measurement years 2020-2022).
- The current process has been in place since 2015
  - Supports successful implementation of the distribution of the quality withhold dollars.
- The slides that follow describe the Quality Withhold distribution methodology.

OCC Quality Withhold (OCC QW) Overview

- CMS Quality Withhold
  - For the remainder of the OCC QW program, (CY 2020-2022) the quality withhold is 4%

- Withhold money earned back by passing OCC QW measures

Percent of Measures Passed	% Withhold CalOptima Receives
0-19%	0%
20-39%	25%
40-59%	50%
60-79%	75%
80-100%	100%

- Medi-Cal funds are not included in the withhold program

Measure Scoring

Health Plan Measure Points

- Benchmark is set by Cal MediConnect.
- Points based on CalOptima's rate for measure
  - 1 point if CalOptima passes measure
  - 0 point if CalOptima does not pass measure

Health Network Measure Performance Points

- NCQA National Medicaid HEDIS Percentiles
- CMS Star Cut Points
- Minimum denominator of 1% of Total Denominator

Points	Star / Percentile
1	3 Stars / 50th Percentile
2	4 Stars / 75th Percentile
3	5 Stars / 90th Percentile

Measure Scoring

- Quality Points is the sum of all points earned for each measure.

Health Network Points per Measure Example

Health Network	Health Network Evaluation Annual Flu Vaccine				Health Plan Evaluation Documentation of Care Goals	Quality Points
	CalOptima Rate: 71% Benchmark: 69%				CalOptima Rate: 51.58% Benchmark: 55%	
	Denom	Rate	Stars	Points		
HN A	100	70	3	1	0	1
HN B	50	77	4	2	0	2
HN C	75	85	5	3	0	3
HN D	1	95	5	0	0	0
1% of Denominator	2.25					

1% of denominator will be utilized to set up the minimum denominator for each measure for scoring and health network eligibility to receive withhold payments.

Health Network Allocation

Health Network Allocation Calculation

Health Network (HN) Allocation = HN Weighted % of Allocation

- **Allocation =** Withhold funds received from CMS
- **HN Weighted Allocation =** HN CMS Revenue * HN Quality Points
- **HN Weighted % =** HN Weighted Allocation / Sum of HN Weighted Allocation

Health Network Allocation Example

Health Network	Quality Points	DY CMS Revenue	Weighted Allocation	Weighted %	Health Network Allocation
HN A	1	$3,000	3,000	30%	$30
HN B	2	$2,000	4,000	40%	$40
HN C	3	$1,000	3,000	30%	$30
HN D	0	$2,000	0	0%	$00
			10,000		$100

HN A Example

(Quality Points) * (DY CMS Revenue) = (Weighted Allocation)
1 * $3,000 = 3,000

(HN Weighted Allocation) / (Total Weighted Allocation) = (Weighted %)
3,000 / 10,000 = 30%

(Weighted %) * (Amount Received from CMS) = (Health Network Allocation)
30% * $100 = $30

Health Network Payment Example

Health Network		HN Allocation	P 34.40%	H 50.90%	SRG Pool 50.90%	HN Payment
HN A	HMO	$30	$10.32	$15.27	---	$25.59
HN B	PHC	$40	$13.76	$20.36	---	$13.76
HN C	SRG	$30	$10.32	---	$15.27	$10.32
		$100				

P (professional) = 34.40% * HN Allocation

H (hospital) = 50.90% * HN Allocation

- HMO: Health Networks are paid for Provider and Hospital.
- PHC: Hospital is paid directly by CalOptima.
- SRG: Money contributed to SRG pool.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Consent Item

17. Consider Authorizing a Diabetes Mellitus Program to Improve Health Care Quality for Medi-Cal Members with Poorly Controlled Diabetics

Contacts

Emily Fonda, M.D., MMM, CHCQM, Chief Medical Officer, (714) 246-8887
Marie Jeannis, Executive Director, Quality & Population Health Management, (714) 246-8591

Recommended Actions

1. Authorize the Chief Executive Officer (CEO), with the assistance of Legal Counsel, and subject to the California Department of Health Care Services (DHCS) approval, as applicable, to:
    a. Implement a two-year pilot Diabetes Mellitus (DM) program involving a multidisciplinary approach to improving care in poorly controlled diabetics for qualifying CalOptima Community Network (CCN) Medi-Cal members;
    b. Execute a contract with a vendor selected through a Request for Proposal process to provide fresh produce delivery services to DM program participants; and
2. Authorize unbudgeted expenditures in an amount of up to $8.2 million from existing reserves to fund the DM pilot program

Background

Diabetes is a disease caused by too much sugar in the blood that requires a primary care provider's (PCP's) comprehensive care. When diabetes is not managed, it can damage vital organs and lead to various complications. According to Centers for Disease Control and Prevention's 2017 data[1], diabetes is the most expensive chronic condition in the United States, and the total annual expenditures on diabetes treatment was $327 billion.

The high cost of diabetes is not just our nation's story; CalOptima is also seeing the high cost of diabetes for our CCN Medi-Cal members. Based on claims data from July 2019 through June 2020, CalOptima observed that approximately $247 million was spent on diabetic care (refer to Attachment 1). In addition to the enormous total cost, the average annual cost per diabetic member was $20,334, which is approximately four times higher than non-diabetic member's average annual cost.

Food insecurity is "a lack of consistent access to enough food for an active, healthy life and it's an issue that touches people of all ages with all types of diabetes[2]." According to American Diabetes Association, diabetics with food insecurity have a higher risk of developing complications. Diabetes is a complex and challenging disease for members, as well as for their families and society at large. To reduce the risk of complications of diabetes, members need to learn about this complex disease and incorporate a variety of self-management behaviors into their daily lives. In order to better assist this population and facilitate PCP care, CalOptima staff proposes to offer a multidisciplinary approach to assist managing CCN Medi-Cal members with poorly controlled diabetes and their complex treatment regimens. The anticipated start date for the DM program is September 1, 2021. The goals of this new DM program are: 1) lower HbA1c level to avoid complications; 2) reduce emergency department (ED) visits; 3) reduce hospitalization rates; 4) reduce costs for diabetic medications; 5) improve member and provider satisfaction; and 6) optimize

[1] https://www.cdc.gov/chronicdisease/programs-impact/pop/diabetes.htm
[2] https://www.diabetes.org/healthy-living/recipes-nutrition/food-insecurity-diabetes

Back to Agenda

diabetes medication management during the transition to Medi-Cal Rx. This new DM program is proposed in CalOptima's 2021 Quality Improvement (QI) Program. Through the QI Program, CalOptima aims to continuously improve the structure, processes, and outcomes of its health care delivery system to serve our members.

Discussion

Pharmacist Involvement and Intervention

Literature shows that pharmacists involved in diabetes care and management play a pivotal role in helping members achieve healthier lifestyle goals. This active participation in diabetes care and management requires that the CalOptima pharmacist's role extends to include individual member outreach and provider consultations. CalOptima staff believes that our internal pharmacists can promote and support behavior changes needed for diabetic members with a multidisciplinary team approach, including collaboration with PCPs and health coaches/registered dieticians/case managers. With this new DM program, CalOptima proposes to hire two Clinical Pharmacists to provide various interventions to optimize medical management. The estimated salary and benefit expenses for the two-year pilot period is $854,968.

Health Coach/Registered Dietician Intervention

CalOptima's Population Health Management department's Health Coaches have been providing chronic condition management and coaching for members. With the new multidisciplinary approach, CalOptima proposes to hire two Health Coaches to provide CCN-focused interventions such as assessment/care planning, motivational interviewing, member education materials, referral to other community resources based on needs. Health Coaches/Registered Dieticians would also participate in Interdisciplinary Care Team (ICT) meetings, as applicable, and connect members to case management if other acute needs are identified during an intervention. The estimated salary and benefit expenses for the two-year pilot period is $509,342.

Member Health Rewards Program

Subject to DHCS approval, staff proposes supporting member engagement and compliance by providing members with member health rewards (non- monetary incentives). The non-monetary incentives will be provided as gift cards subjected to DHCS approval.

Based on claims data, staff identified poorly controlled diabetic CCN Medi-Cal members as follows:

- Total diabetic members: 12,200
    - Known poorly controlled (HbA1c > 9%): 985 (almost 9% of total diabetics)
    - Intermediate control (HbA1c >= 8-9%): 714 (almost 6% of total diabetics)
    - Adequate control (HbA1c < 8%): 4,231
    - No HbA1c test (in past 12 months): 6,270
        - Potentially poorly controlled: 564 (9% of untested)
        - Potentially intermediate control: 367 (6% untested)

To encourage all CCN Medi-Cal members with diabetes to regularly monitor their blood sugar levels, staff recommends providing $25 non-monetary health rewards (e.g., gift cards) for those who complete their HbA1c test on an annual basis (eligible once a calendar year).

Back to Agenda

For those members with poorly controlled HbA1c levels, staff recommends providing $50 health rewards for reducing HbA1c levels by full 1 percentage point, for example, from HbA1c 10 to 9. (eligible twice a year, totaling up to $100). For the 6,270 members who have not had HbA1c test, there is a possibility that 9% (564) of this population may be identified as poorly controlled based on the trends. There is also a possibility that 6% (367) of this population may be identified as intermediate control based on the trends.

Lastly, staff proposes offering $25 health rewards for those members with adequately maintained HbA1c levels for one year (HbA1c less than 8%).

Staff assumes a predicted participation rate of 80%. The total estimated cost for implementing these Health Rewards Programs for a two-year period is $1,103,040.

Description	**Amount**
$25 Non-monetary health rewards for HbA1c test completion	$244,000
$50 Health reward to improve HbA1c control by 1%	$210,400
$25 Health reward to maintain adequate control	$84,620
Annual Total	$539,020
Provider/member educational expenses	$25,000
Two-year pilot total	**$1,103,040**

Provider Incentives
For providers, staff plans to promote the existing Board-approved Pay for Value (P4V) CCN Program. The program was approved by the Board of Directors on February 6, 2020 and is currently approved through calendar year 2021 and encourages CCN providers to provide timely preventive health care services, deliver excellent outcomes, and achieve and maintain high levels of member satisfaction. In addition to the P4V program, in order to have successful provider buy-ins, staff proposes providing additional incentives for a year participation in the DM program. The additional incentives would not require provider contract amendments.

Providers are eligible for incentives when they participate in the program to manage a member with known or potentially poorly controlled diabetes and meet the eligibility criteria for participation year.

To be eligible for these additional rewards:

- Year 1: $150
    - PCP to schedule appointment and see member
    - Order HbA1c lab test
    - PCP to have a consultation with CalOptima pharmacist to review the medication review tool list along with pharmacy recommendations and consider making changes
        - CalOptima Pharmacy documentation of PCP participation
- Year 2: $200
    - If a PCP manages to lower an eligible member's HbA1c < 8%, the PCP would be eligible to receive an additional $200 (one time per member per year).

Staff assumes a predicted participation rate of 80%. The total estimated cost for implementing provider incentives for a two-year period is $736,400.

Description	**Amount**
Year 1 Provider Incentives	$315,600
Year 2 Provider Incentives	$420,800
Two-year pilot total	**$736,400**

Fresh Produce Delivery Program
Along with physician activity, nutrition and attention to food insecurity are important parts of a healthy lifestyle when managing diabetes. Following a healthy meal plan can help members keep their blood sugar in their target range. Subject to DHCS approval, staff proposes including a fresh produce delivery into this new multidisciplinary DM program to support an appropriate meal plan, based on a recommended American Diabetes Association diet, for our CCN Medi-Cal poorly controlled diabetic members.

In order to qualify for food delivery, members must meet the following requirements:

- Have an appointment with their PCP and have HbA1c lab test
- Lab results indicates that HbA1C >= 8
- Have consultation with CalOptima Pharmacist
- Have consultation with CalOptima Registered Dietician

Qualified members with poorly controlled diabetes will receive fresh produce delivered to their homes twice per month following engagement in the program.

Staff assumes a predicted participation rate of 80%. The total estimated annual cost for implementing the fresh produce delivery program is $ $2,474,304 or $4,948,608 for the two-year period.

Evaluation Goals
During the two-year pilot intervention, staff proposes to review members' progress on a semiannual basis and study the following annually:

Hospitalization rates	Member satisfaction (survey)
% reduction in members with HbA1c >= 8	Provider satisfaction (survey)
Rate of medication adherence	Review pharmaceutical cost savings
Participation rate	ED visits/rates

To measure member and provider satisfaction, staff proposes conducting a before-and-after survey. The estimated mailing cost for conducting a before-and-after survey is $7,500.

Back to Agenda

Fiscal Impact

The recommended action is unbudgeted. An allocation of up to $8.2 million from existing reserves will fund this action.

Rationale for Recommendations

The recommended actions will support CalOptima's efforts to assist members with poorly controlled diabetes achieve healthier lifestyles and avoid complications.

A Public Agency

Proposal to Improve Care in Diabetic CCN Members

- Implement a multidisciplinary approach to care for CCN members with poorly controlled diabetes with a goal to lower HbA1c < 8% to reduce complications
  - Poorly controlled diabetics: HbA1c level >9%
- Assist primary care providers (PCPs) by offering:
  - Individual consultations
  - Collaboration with CalOptima pharmacists, health coaches and registered dietitians
  - Referrals to all CalOptima resources, such as case management and transportation
  - Provider incentives
- Motivate and engage members through provision of health rewards and fresh produce delivery

Source: American Diabetes Association, Diabetes Care

CalOptima
A Public Agency

Proposal Goals and Cost

- Program goals
  - Improve the quality of life for diabetic CCN members
  - Reduce HbA1c levels to < 8% to avoid complications
  - Reduce utilization and medication costs
  - Improve member and provider satisfaction (measure with surveys)
  - Optimize medication management using current formulary
  - Smooth the Medi-Cal pharmacy transition to Medi-Cal Rx
- Estimated cost for two-year pilot: $8.2 million

Sources: American Diabetes Association, Diabetes Care diaTribe

Back to Agenda Back To Item

CalOptima A Public Agency

Intervention: Pharmacist

- Extend CalOptima pharmacist's role to include individual member outreach with consultation
- Consult with PCP
  - Review the medication review tool
  - Offer specific pharmacy recommendations to optimize diabetic management
- Collaborate with the multidisciplinary team
  - PCP, member, health coach, registered dietitian and case manager, as indicated
- Document PCP participation in program

Intervention: Health Coach and Registered Dietitian

- Develop CCN-specific assessments to support the program and care planning
- Conduct motivational interviewing
- Collaborate with the multidisciplinary team
- Support member needs by providing targeted education materials
- Identify other acute needs and connect members to case management or other services
- Refer members to other community resources

Member Health Rewards*

- Support member engagement and compliance
- Recommend health rewards for all diabetics
  - 12,200 members identified with diabetes
    - Anticipate 80% program engagement rate ~4,800
    - $25 reward for completing their annual HbA1c test
  - 2,630 members with intermediate to poorly controlled HbA1c level >= 8%
    - 1,699 known members; 931 potential members with no test
    - $50 reward for reducing HbA1c level by 1%
    - Eligible twice a year for up to $100 for reducing by 2%
  - 4,231 members with HbA1c level < 8% maintained for one year (intermediate to adequate control)
    - $25 reward for maintaining their HbA1c level <8% for one year

*Subject to DHCS approval

CalOptima
A Public Agency

Provider Incentives for Diabetic Care

- Motivate providers to deliver improved outcomes
  - Separate from Pay for Value Program (P4V)
    - P4V includes comprehensive diabetes care
- PCP incentive eligibility criteria
  - Schedule appointment to see member with poorly controlled diabetes
  - Order HbA1c lab test
  - Consult with CalOptima pharmacist
- Recommended incentives
  - Year 1: $150 per member in the program and completing eligibility criteria
  - Year 2: $200 per member if a PCP manages to lower the member's HbA1c level < 8%

Fresh Produce Delivery Program*

- Diabetics are affected by Social Determinants of Health, such as food insecurity, and have a higher risk of developing complications (per ADA)
- Support access to nutritious food to improve outcomes
- Eligibility criteria
  - Complete appointment with PCP and have HbA1c lab test
  - Receive lab results indicating HbA1c level >= 8%
  - Consult with CalOptima pharmacist
  - Consult with CalOptima registered dietitian
- Qualified members will receive fresh produce delivered to their homes twice per month

*Subject to DHCS approval

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

18 Consider Ratifying a Letter of Commitment in Support of the Orange County Health Care Agency Health Advancing Health Literacy to Enhance Equitable Community Responses to COVID-19 Grant Application

Contacts

Marie Jeannis, Executive Director, Quality and Population Health Management, (714) 246-8591
Rachel Selleck, Executive Director, Public Affairs, (657) 900-1096

Recommended Action

Ratify CalOptima's Letter of Commitment to Support the Orange County Health Care Agency (OCHCA) Advancing Health Literacy to Enhance Equitable Community Responses to COVID-19 Grant Application

Background

The Department of Health and Human Services, Office of the Assistant Secretary for Health released a Notice of Funding Opportunity: Advancing Health Literacy to Enhance Equitable Community Response to COVID-19 (Health Literacy Grant) on March 8, 2021, with proposals due on April 20, 2021. The eligible applicants for the grant opportunity include, among others, local county governments. Proposed projects are expected to demonstrate the effectiveness of local evidence-based health literacy strategies that are culturally appropriate to enhance COVID-19 testing, contact tracing and/or other mitigation measures (e.g., vaccination) in racial and ethnic minority populations and other socially vulnerable populations. The initiative must align with, but not duplicate, existing federal efforts to disseminate resources for COVID-19 responses.

The OCHCA advised CalOptima management on March 31, 2021, of its plan to submit an application for $4 million for the Health Literacy Grant to target the needs of seniors with chronic conditions, specifically obesity and diabetes, and the providers serving these individuals. The OCHCA advised CalOptima that most of the funding is expected to be distributed to other community partners, including Council on Aging, Multi-Ethnic Collaborative of Community Agencies (MECCA), Orange County Aging Services Collaborative, and the Orange County Office on Aging.

CalOptima currently has more than 800,000 low-income Orange County residents as members. More than 40% of CalOptima members' primary language is not English, including 27% Spanish and 11% Vietnamese. Other languages with significant representation include Korean, Farsi, Arabic and Chinese. CalOptima's member population includes all ages, with approximately 11% being seniors ages 65 and above.

Utilization and medical diagnoses for members with Medi-Cal Aid Code "Aged" identify diabetes as the second-most prevalent medical condition, affecting 28.7% of this population. In Medi-Cal members 20–64 years, obesity and diabetes rank second and third, affecting 10.5% and 8.7% of members, respectively. Lastly, for Medi-Cal members 65 years and older, diabetes is identified as the second-most prevalent medical condition at 30.4% of the population.

Back to Agenda

These members receive care from a robust network of more than 1,500 contracted primary care providers and 7,600 specialists. Members also receive other services to address health care and other services not covered by CalOptima from a variety of other organizations including, for example other Orange County agencies and community-based originations, such as those identified by OCHCA.

CalOptima has existing resources and strategies that align with the OCHCA proposal. For example, CalOptima's Population Health Management (PHM) has a comprehensive plan of action for addressing its culturally diverse member needs across the continuum of care. CalOptima's PHM strategy aims to ensure the care and services provided to members are delivered in a whole-person-centered, safe, effective, timely, efficient and equitable manner.

Discussion

CalOptima supports the intended OCHCA grant activities to improve health literacy to support activities to address the COVID -19 pandemic through existing resources and strategies. The proposed grant activities and Letter of Commitment would promote programs that are consistent with CalOptima's mission, programs, standards, and purpose and are consistent with CalOptima Policy AA. 1214: Guidelines for Endorsements by CalOptima, for Letters of Support and Use of CalOptima Name or Logo. CalOptima agreed in the Letter of Commitment that the following three CalOptima programs would be available as more thoroughly described in Attachment 3:

- Health Education: CalOptima's PHM department employs Registered Dieticians and Certified Diabetes Educators along with other health professionals to improve diabetes and obesity management for CalOptima members. Health coaches regularly intervene in-person or telephonically, and provide culturally appropriate support for areas, such as medication adherence, exercise and diet adjustment. The goal is to decrease A1C values and improve other health outcomes.

- Health Materials Validation: CalOptima promotes health literacy by using appropriate resources and educational tools. In accordance with DHCS and CMS requirements, CalOptima has a process for the readability and suitability review and approval of all written member health education materials. The process ensures written materials are age appropriate, at no higher than a sixth-grade reading level, in 12-point or 18-point font depending on visual impairment. Additionally, materials are available in threshold languages that are culturally and linguistically appropriate for the intended audience. CalOptima intends to support OCHCA with validating content created for targeted audiences. Validated content is proven to be effective for ongoing management of members with chronic conditions.

- Provider Training and Education: CalOptima has a long history of providing Continuing Medical Education (CME) opportunities for providers on important subjects that support better care for members. CalOptima will offer CME virtually or in-person on health literacy in diabetes and obesity management for diverse populations to raise awareness and enhance the delivery of providers'

Back to Agenda

services. Furthermore, CalOptima also publishes several provider-focused newsletters each year and can routinely include articles focused on health literacy in diabetes and obesity management.

To support OCHCA's timely submission of the Health Literacy Grant application by the April 20, 2021 due date, CalOptima's Chief Executive Officer executed the Letter of Commitment and is now seeking ratification. CalOptima staff plans to return to the Board at a future meeting to seek authority to enter into a Memorandum of Understanding with the County. The grant start date, if awarded, is anticipated to be July 1, 2021.

Fiscal Impact
There is no fiscal impact.

Rationale for Recommendation
CalOptima and OCHCA share common goals of improving care and health outcomes for CalOptima members, including seniors with chronic conditions as well as racial and ethnic minority populations. Ratifying the Letter of Commitment will support the efforts the OCHCA plans to implement along with community partners to improve health disparities, and the proposed grant activities are consistent with CalOptima's mission, programs, standards, and purpose.

Concurrence
Gary Crockett, Chief Counsel

OVERVIEW

FEDERAL AGENCY NAME

Office of the Assistant Secretary for Health / Office of Minority Health

FUNDING OPPORTUNITY TITLE

Advancing Health Literacy to Enhance Equitable Community Responses to COVID-19

ACTION

Notice

ANNOUNCEMENT TYPE

Grant

FUNDING OPPORTUNITY NUMBER

MP-CPI-21-006

ASSISTANCE LISTING NUMBER AND PROGRAM TITLE

93.137 Community Program to Improve Minority Health

DATES

Application Deadline: April 20, 2021 by 6:00 PM Eastern

Technical Assistance: Webinar, March 17, 2021 at 5:00PM Eastern.

EXECUTIVE SUMMARY

The Office of Minority Health announces the availability of funds for Fiscal Year 2021 grants under the authority of 42 U.S.C. § 300u-6 (Section 1707 of the Public Health Service Act) and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (P.L. 116-260).

This notice solicits applications for projects to demonstrate the effectiveness of local government implementation of evidence-based health literacy strategies that are culturally appropriate to enhance COVID-19 testing, contact tracing and/or other mitigation measures (e.g., public health prevention practices and vaccination) in racial and ethnic minority populations and other socially vulnerable populations, including racial and ethnic minority rural communities. This initiative will align with, but not duplicate, existing federal efforts to disseminate resources for COVID-19 responses.

Applicant eligibility is limited to localities (e.g., cities, counties, parishes, or other similar subdivisions). OMH encourages applicants to partner with a Minority Serving Institution for

Back to Item

Back to Agenda

quality improvement activities and program evaluation. See Appendix G for a list of Minority Serving Institutions, which can also be found here https://www.minorityhealth.hhs.gov/assets/PDF/2020_Minority_Serving_Institutions.pdf.

OMH anticipates the availability of $250,000,000 for this funding opportunity to support awards for up to two years as follows:

- Urban communities: approximately 30 awards, up to $4,000,000 each
- Rural communities: approximately 43 awards, up to $3,000,000 each

HHS/OASH encourages applicants to review all program requirements, eligibility information, application format and submission information, evaluation criteria, and other information in this funding announcement to ensure that its application complies with all requirements and instructions.

FUNDING OPPORTUNITY DETAILS

A. DATES

1. Application Deadlines

Applications are due April 20, 2021 by 6 p.m. Eastern Time.

To receive consideration, you must submit your application electronically via Grants.gov no later than this due date and time. If you do not submit your application by the specified deadline, we will return it to you unread. You must submit electronically via Grants.gov unless you obtain a written exemption from this requirement 2 business days in advance of the deadline from the Director, HHS/Office of the Assistant Secretary for Health (OASH) Grants and Acquisitions Management (GAM) Division. To obtain an exemption, you must request one via email from the HHS/OASH/GAM and provide details as to why you are technologically unable to submit electronically through Grants.gov. Your request should be submitted at least 4 business days prior to the application deadline to ensure your request can be considered prior to 2 business days in advance of the deadline. If you request an exemption, include the following in your e-mail request: the HHS/OASH announcement number; your organization's DUNS number; your organization's name, address and telephone number; the name and telephone number of your Authorizing

Back to Item
Back to Agenda

Official; the Grants.gov Tracking Number (for example, GRANT####) assigned to your submission; and a copy of the "Rejected with Errors" notification from Grants.gov. Send the request with supporting documentation to OASH_Grants@hhs.gov.

Note: failure to have an active System for Account Management (SAM) registration prior to the application due date will not be grounds for receiving an exemption to the electronic submission requirement. As a result of the public health emergency for COVID-19, the requirement for an active SAM registration at the time of application submission has been waived (see Section F.4). However, if you do not have a DUNS number at this time, you should contact the Grants.gov to establish a temporary DUNS number. Your application will not be accepted through Grants.gov without this number. Failure to follow Grants.gov instructions to ensure software compatibility will not be grounds for receiving an exemption to the electronic submission requirement.

The HHS/OASH GAM will only accept applications via alternate methods (hardcopy paper via U.S. mail or other provider or PDF via email) from applicants obtaining prior written approval. If you receive an exemption, you must still submit your application by the deadline. Only applications submitted through the Grants.gov portal or alternate format (hardcopy paper via U.S. mail or other service or PDF via email) with an approved written exemption will be accepted. *See* Section F.8 ("Other Submission Requirements") for information on application submission mechanisms.

Executive Order 12372 comment due date: The State Single Point of Contact (SPOC) has 60 days from the application due date to submit any comments. For more information on the SPOC see section F.6 Intergovernmental Review.

To ensure adequate time to submit your application successfully, HHS/OASH recommends that you register as early as possible in Grants.gov since the registration process can take up to one month. You must register an authorizing official for your organization. HHS/OASH does not determine your organization's authorizing official; your organization makes that designation. For information on registering for Grants.gov, refer to http://www.grants.gov or contact the Grants.gov Contact Center 24 hours a day, 7 days a week (excluding holidays) at 1-800-518-4726 or support@grants.gov.

Your organization is strongly encouraged to register multiple authorized organization representatives in Grants.gov to ensure someone is available to submit your application.

2. Technical Assistance

A technical assistance webinar for potential applicants will be held March 17, 2021 at 5:00 pm Eastern. Login details will be posted at https://minorityhealth.hhs.gov.

We recommend you review the entire announcement promptly so you can have any questions answered well in advance of the application due date. We also recommend you subscribe to this announcement in Grants.gov so you receive any amendments, question and answer documents, or other updates.

B. PROGRAM DESCRIPTION

The Office of the Assistant Secretary for Health (OASH) and the Office of Minority Health (OMH) announce the availability of funds for Fiscal Year (FY) 2021 under the authority of 42 U.S.C. § 300u-6 (Section 1707 of the Public Health Service Act) and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (P.L. 116-260). OMH is dedicated to improving the health of racial and ethnic minority populations through the development of health policies and programs that will help eliminate health disparities. Through its demonstration grants, OMH supports the identification of effective approaches for improving health outcomes with the ultimate goal of promoting dissemination, adoption and sustainability of these approaches. The Advancing Health Literacy to Enhance Equitable Community Responses to COVID-19 initiative aligns with: (1) HHS Strategic Plan Goal 2: Protect the Health of Americans Where They Live, Learn, Work, and Play; (2) Healthy People 2030 objectives: (a) HC/HIT-01: Increase the proportion of adults whose health care provider checked their understanding; (b) HC/HIT-02: Reduce the proportion of adults who report poor patient and provider communication; (c) HC/HIT-03: Increase the proportion of adults whose health care providers involved them in decisions as much as they wanted; and (d) IID-D02: Increase the proportion of people with vaccination records in an information system; and (3) the OASH priority on health disparities (1, 2). OMH will consider the following additional factors when making recommendations for funding, listed below in no particular order:

- Applicants serving localities with the highest social vulnerability. This may be determined by being in the top 4th as defined by the CDC's Social Vulnerability Index (SVI) county maps at

Back to Item
Back to Agenda

https://svi.cdc.gov/prepared-county-maps.html, or alternate similar data source if SVI is not available.

- Applicants with identified Minority Serving Institution partners. **Minority Serving Institutions** are defined by the U.S. Department of Education as a category of institutions of higher education enrolling populations with significant percentages of undergraduate minority students, or that serve certain populations of minority students under various programs created by Congress. Find the full definition and list of Minority Serving Institutions here: https://www2.ed.gov/about/offices/list/ocr/edlite-minorityinst.html. See Appendix G for a list of Minority Serving Institutions, which can also be found here https://www.minorityhealth.hhs.gov/assets/PDF/2020_Minority_Serving_Institutions.pdf.

- Equitable geographic distribution.

1. Background

This initiative is based on data demonstrating COVID-19 disparities among racial and ethnic minority populations. According to national data from the Centers for Disease Control and Prevention (CDC), among those tested for COVID-19, non-Hispanic Black, Hispanic or Latino, and non-Hispanic people who identify as more than one race were more likely to have positive test results compared with non-Hispanic white or non-Hispanic Asian people (3).

The disparities associated with the COVID-19 pandemic have shown the importance of improving health literacy related to COVID-19 within racial and ethnic minority populations. Researchers have described a conceptual model explaining the well-established association between limited health literacy and health outcomes (4). Individuals with low health literacy have been reported to have higher rates of emergency room visits and hospitalizations, worse preventive care and health outcomes for children, and increased mortality compared with individuals with higher health literacy (5). Researchers have reported that health literacy likely is a factor impacting adherence to COVID-19 mitigation strategies (6), and Healthy People 2030 notes that low or limited health literacy skills are more prevalent among certain population groups (e.g., racial and

Back to Item
Back to Agenda

ethnic minority populations and limited English proficient individuals). Evidence shows that lower access to information about COVID-19 (e.g., disease rates at a local level, opportunities for testing and treatment, and behavior that may modify disease risk) among racial and ethnic minority populations effects individual decision-making and health behavior during the pandemic (6). Thus improving health literacy on COVID-19, which includes increasing access to culturally and linguistically appropriate health information, can contribute to improved responses to public health strategies for COVID-19 and related health outcomes among racial and ethnic minority populations. Refer to Appendix C and Appendix D for more information, resources and tools related to health literacy.

2. Expectations

a. Disparity impact and health equity promotion

OMH expects recipients to develop a disparity impact statement using local data (e.g., the CDC Social Vulnerability Index (SVI) https://www.atsdr.cdc.gov/placeandhealth/svi/index.html) to identify racial and ethnic minority populations at highest risk for health disparities, low health literacy and not being engaged or reached through existing public health messages and approaches for promoting COVID-19 public health recommendations (e.g., for testing, contact tracing, vaccination and other efforts to mitigate the impact of the virus). The disparity impact statement will provide the framework for ongoing monitoring and determining the impact of the health literacy interventions on adherence to COVID-19 public health recommendations. See Appendix E – Disparity Impact Statement for details and resources.

b. Health literacy plan implementation and sustainability

OMH expects recipients to develop and implement a health literacy plan, that incorporates the National CLAS Standards, to increase the availability, acceptability and use of COVID-19 public health information and services by racial and ethnic minority populations and others considered vulnerable for not receiving and using COVID-19 public health information. The health literacy interventions included in the plan also should promote changes in the healthcare delivery system broadly that advance Healthy People objectives HC/HIT-01, HC/HIT-02 and HC/HIT-03 (improve understanding, communication, informed decision-making). The health literacy plan will provide guidance for new and/or revised policies for improving and sustaining adherence to COVID-19 and other public health recommendations, using evidence-based and culturally and

Back to Item
Back to Agenda

linguistically appropriate health literacy strategies. See Appendix C – Health People 2030 and Appendix D – Health Literacy for details and resources.

c. Community-based partnerships

OMH expects recipients to partner with local community-based organizations including local health departments and community health centers to develop and implement: (1) the health literacy plan, in order to ensure cultural and linguistic appropriateness for racial and ethnic minority populations and other vulnerable populations; and (2) a plan for sustaining adherence to COVID-19 and other future public health recommendations. For the sustained adherence plan, partnerships should: (1) increase the availability, dissemination, adaptation and use of culturally and linguistically appropriate, evidence-based health literacy practices and interventions; and (2) ensure accurate, accessible, acceptable and actionable training, health literacy practices and interventions resources for the identified populations.

d. Quality improvement and evaluation

OMH expects recipients to partner with a Minority Serving Institution (Appendix G) when possible to establish and implement an ongoing quality improvement process and project evaluation. OMH expects recipients to use the quality improvement processes to refine the health literacy interventions that support improvements in the disparities identified in the disparity impact statement. The project evaluation should determine whether the health literacy intervention was implemented as planned, whether it reached the target population described in the Disparity Impact Statement, and whether there were any changes in the access, use and outcomes of COVID-19 vaccination, testing, and related activities (e.g., contact tracing, preventive behaviors). OMH expects recipients to provide periodic project data stratified by demographic characteristics, on changes in the access, use and outcomes of COVID-19 vaccination, testing, and related activities (e.g., contact tracing, preventive behaviors) and project data related to the Healthy People 2030 objectives HC/HIT-01, HC/HIT-02, HC/HIT-03 and IID-D02. See Appendix C – Healthy People 2030 for details and resources.

C. AUTHORITY

42 U.S.C. § 300u-6 (Section 1707 of the Public Health Service Act) and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (P.L. 116-260).

Back to Item
Back to Agenda

D. FEDERAL AWARD INFORMATION

OMH intends to make funds available for competing grant awards.

We will fund awards for a budget period of up to 2 years with a period of performance of up to 2 years, although we may approve shorter periods of performance. Budget periods may also vary from the estimate indicated below due to timing of award issuance or other administrative factors. Funding is contingent upon the availability of funds, satisfactory progress of the project, adequate stewardship of Federal funds, and the best interests of the Government. Special terms and requirements may be included in any award. See Section H.3.

Award Information

Estimated Federal Funds Available: $ 250,000,000

Anticipated Number of Awards: 73 distributed as follows

Approximately 30 for urban communities

Approximately 43 for rural communities

Award Ceiling (Federal Funds including indirect costs):

$4,000,000 per budget period for urban communities

$3,000,000 per budget period for rural communities

Anticipated Start Date: July 1, 2021

Estimated Period of Performance: Not to exceed 2 years

Anticipated Budget Period Length: 24 months

Type of Award: Grant

Type of Application Accepted: Electronic via Grants.gov ONLY unless an exemption is granted

Classification of the applicant's focus area as either urban or rural communities will be determined based on the Health Resources and Services Administration (HRSA) Office of Rural Health Policy definition of "rural" and the Census Bureau's urban classification where:

- Urban: Urbanized Areas (UAs) of 50,000 or more people and Urban Clusters (UCs) of at least 2,500 and less than 50,000 people.

Back to Item

Back to Agenda

- Rural: Rural refers to HRSA-designated rural areas, as defined by the Rural Health Grants Eligibility Analyzer (https://data.hrsa.gov/tools/rural-health). This webpage allows individuals to search by county or street address and determine rural eligibility.

E. ELIGIBILITY INFORMATION

1. Eligible Applicants

Applicant eligibility is limited to local municipalities. Examples include:

- County or Parish Governments
- City or township governments

The section of the Coronavirus Response and Relief Supplemental Appropriations Act relevant to this program limits awards to States, localities and territories. The appropriation language also allocated separate funding for tribes, tribal organizations, and non-profit urban Indian health organizations. However, individual American Indians/Alaska Natives may be beneficiaries of programs created by recipients under this announcement.

The OASH coordinated a multi-prong approach for distributing COVID-19 relief funds. Under the aforementioned paradigm: funds to states and territories will be distributed through the CDC; funds to tribes, tribal organizations, and non-profit urban Indian health organizations will be distributed through the Indian Health Service (IHS); and funds to local municipalities will be distributed through OMH to reach the most vulnerable populations. Thus, States and U.S. Territories can apply for these separate COVID-19 relief funds announced on Grants.gov. The IHS will make funds available to tribes, tribal organizations, and non-profit urban Indian health organizations using existing methodologies, including distribution through funding mechanisms authorized by the Indian Self-Determination and Education Assistance Act and the Indian Health Care Improvement Act.

2. Cost Sharing or Matching

You are not required to provide cost sharing or matching in your proposed budget. If you voluntarily include cost sharing in your application, you must include in your budget narrative a

Back to Item
Back to Agenda

non-federal sources justification as described in Section F.3.b.1.t. Voluntary cost sharing is not expected for research applications. During the merit review of an application, cost sharing will only be considered in the overall review of the adequacy of the total proposed budget (Federal and non-Federal share) to support the project proposed. Applications including cost sharing or matching, whether required or voluntary, that result in an award will include the cost sharing or matching commitment on the notice of award at the level proposed in the application. See Section F.3.b.1.s. Any change in the responsibility to provide cost sharing or matching at that level will require prior approval of the grants management officer.

3. Other -- Application Responsiveness Criteria

We will review your application to determine whether it meets the responsiveness criterion below. If your application does not meet the responsiveness criterion, we will disqualify it from the competition; we will not review it beyond the initial screening. The responsiveness criterion is as follows:

- Applicant has identified an urban (as defined by the U.S. Census Bureau) or rural (as defined by HRSA) area of focus in the first sentence of the Project Narrative.

4. Application Disqualification Criteria

If you successfully submit an application, we will screen it to ensure it meets the below requirements. If we determine your application fails to meet the criteria described below we will disqualify it, that is, we will **not** review it and will give it **no** further consideration.

- You must submit your application electronically via www.grants.gov (unless an exemption was granted 2 business days prior to the deadline) by the date and time indicated in the DATES section (A.1) of this announcement.

- If you successfully submit multiple applications from the same organization for the same project, we will only review the last application received by the deadline.

- HHS/OASH/GAM deems your application eligible according to section E.1 Eligible Applicants.
- You must complete the required forms in the application package: SF-424, SF-424A, SF-424B, SF-LLL, and Project Abstract Summary.
- Your Project Narrative section of the application must be double-spaced, on the equivalent of 8 ½ " x 11" inch page size, with 1" margins on all sides (top, bottom, left and right) and font size not less than 12 points.
- Your Project Narrative must not exceed 5 pages. NOTE: The following items do not count toward the Project Narrative page limit: all required forms, including SF-424, SF-424A, SF-424B, SF-LLL, Project Abstract Summary, and Budget Narrative (including budget tables).
- Your total application, including the Project Narrative plus Appendices, must not exceed 15 pages. NOTE: items listed immediately above do not count toward total page limit.
- Your Federal funds request including indirect costs must not exceed the maximum indicated in Award Ceiling.
- Your application must meet the Application Responsiveness Criterion outlined above.

F. APPLICATION AND SUBMISSION INFORMATION

1. Address to Request Application Package

You may obtain an application package electronically by accessing Grants.gov at http://www.grants.gov/. You can find it by searching on the Assistance Listing (formerly, CFDA) number shown on page 2 of this funding opportunity announcement. If you have problems accessing the application or difficulty downloading, contact:

OASH Grants and Acquisitions Management Division

Back to Item
Back to Agenda

Phone: 240-453-8822

Email: OASH_Grants@hhs.gov

2. Content and Form of Application Submission

a. Application Format

Your application must be prepared using the forms and information provided in the online application package.

The Project Narrative, and total application including appendices, must adhere to the page limit indicated in Application Disqualification Criteria listed in Section C. The page limit does not include the Budget Narrative (including budget tables), required forms, assurances, and certifications as described in the Application Disqualification Criteria. Please do not number pages or include a table of contents. Our grants management system will generate page numbers once your application is complete. If your application exceeds the specified page limits for the Project Narrative or Project Narrative plus Appendices when printed on 8.5" X 11" paper by HHS/OASH/GAM, we will not review it. We recommend you print out your application before submitting electronically to ensure that it is within the page limits and is easy to read.

You must double-space the Project Narrative pages.

You should use an easily readable typeface, such as Times New Roman or Arial. You *must* use 12-point font. You may single-space tables or use alternate fonts but you must ensure the tables are easy to read.

b. Appendices Format

Your Appendices should include any specific documents outlined in Section F.3.c, under the heading "Appendices" in the Application Content section of this funding opportunity announcement. Your documents should be easy to read. You should use the same formatting specified for the Project Narrative. However, documents such as résumés/CVs, organizational charts, tables, or letters of commitment may use formatting common to those documents, but the pages must be easy to read. All of your appendices must be uploaded as a single, consolidated file in the Attachments section of your Grants.gov application.

c. Project Abstract Summary Format

You must complete the Project Abstract Summary form provided in the application package. The abstract will be used to provide reviewers with an overview of the application and

will form the basis for the application summary in grants management and program summary documents. If your project is funded, HHS may publish information from your form; therefore, do not include sensitive or proprietary information.

d. Budget Narrative Format

The Budget Narrative should use the formatting required of the Project Narrative for the explanatory text. Budget tables may be single-spaced but should be laid out in an easily-readable format and within the printable margins of the page.

3. Application Content

Successful applications will contain the following information:

a. Project Narrative Content

The Project Narrative is the most important part of the application, since it will be used as the primary basis to determine whether your project meets the minimum requirements for an award under this announcement. The Project Narrative should provide a clear and concise description of your project.

HHS/OASH recommends that your project narrative include the following components: 1) Statement of Need, 2) Proposed Approach, and 3) Organizational Capacity. To facilitate the review of your application we suggest organizing your narrative by these headings.

You must identify an urban (as defined by the U.S. Census Bureau) or rural (as defined by HRSA) area of focus in the first sentence of your Project Narrative.

(1) Statement of Need

Describe the scope of the problem that will be addressed by the proposed project including, the population(s) and geographic area of focus, including the disproportionate impact of COVID-19 on racial and ethnic minority populations in the geographic area of focus.

Provide a table, as an appendix, using quantitative data to describe the target populations at highest risk for experiencing disparities in COVID-19 outcomes. These data should include: (a) racial/ethnic minority populations, (b) COVID-19 positivity rate, (c) households with more persons than rooms, (d) uninsured populations, and (e) populations with Limited English Proficiency consistent with data in the Social Vulnerability Index (https://svi.cdc.gov/prepared-county-maps.html). Alternate data sources can be used, if the SVI data are not available.

(2) Proposed Approach

Describe the project goals, objectives and proposed outcomes. Describe the approach to address the problem described in Section B.2 Expectations. At a minimum, you should:

- Demonstrate how health literacy strategies will be implemented to advance Healthy People 2030 objectives HC/HIT-01, HC/HIT-02 and HC/HIT-03, and improve adherence to COVID-19 public health practices with high-risk and underserved racial and ethnic minority populations in the geographic area of focus.

- Provide a list, as an appendix, that identifies the types of partners and their role in developing and implementing the health literacy and sustainability plans.

- Describe the quality improvement approach that will be used to refine health literacy strategies that support the access, use and outcomes of COVID-19 health information and services for the populations in the geographic area of focus.

- Describe the evaluation approach that will be used to determine whether the health literacy intervention was implemented in adherence with the National CLAS Standards, whether it reached its target population described in the Disparity Impact Statement, and whether there were any changes in access, use and outcomes of program activities, especially COVID-19 testing, contact tracing, vaccination. Include a description of how data stratified by demographic characteristics will be used to advance Healthy People 2030 objectives HC/HIT-01, HC/HIT-02, HC/HIT-03 and IID-D02.

(3) Organizational Capacity

Describe a strategy for minimizing delays in project start-up activities and the roles and responsibilities of project leadership (Principal Investigator and Project Director) in providing project management and oversight.

Back to Item
Back to Agenda

Provide a chart, as an appendix, outlining the current and anticipated staffing who will be responsible for implementing for key tasks and monitoring the project's ongoing progress.

Identify the Minority Serving Institution (Appendix G) or other institution/organization that will be responsible for quality improvement and program evaluation and a brief summary of the individual's and institution/organization's qualifications. Describe the degree of independence the evaluator will have. To the extent possible, the applicant should document the level of commitment of any partners as described below in the Appendices (Section F.3.c).

b. Budget Narrative Content

You must complete the required budget forms and submit a budget narrative with detailed justification as part of your application. You must enter the project budget on the Budget Information Non-construction Programs standard form (SF 424A) according to the directions provided with this standard form. The budget narrative consists of a detailed line-item budget that includes calculations for all costs and activities by "object class categories" identified on the SF-424A and justification of the costs. You must indicate the method you are selecting for your indirect cost rate. See Indirect Costs below for further information.

Project budget calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient to verify the calculations. If matching or cost sharing is required, you must include a detailed listing of any funding sources identified in box 18 of the SF-424 (Application for Federal Assistance).

Please be sure to carefully review section F.7 Funding Restrictions for specific information regarding allowable, unallowable, and restricted costs.

You must provide an object class category budget using Section B, box 6 of the SF 424A for the first year of the proposed project. Provide a budget justification, which includes explanatory text and line-item detail, for the first year of the proposed project. The budget narrative should describe how the categorical costs are derived. Discuss the necessity, reasonableness, and allocation of the proposed costs.

For subsequent budget years, provide a summary narrative and line item budget. For categories or items that differ significantly from the first budget year, provide a detailed justification explaining these changes. Note, **do not** include costs beyond the first budget year in the object class budget in box 6 of the SF- 424A or box 18 of the SF-424; the amounts entered in these sections should only reflect the first budget year.

Your budget narrative should justify the overall cost of the project as well as the proposed cost per activity, service delivered, and/or product. For example, the budget narrative should define the amount of work you have planned and expect to perform, what it will cost, and an explanation of how the result is cost effective. For example, if you are proposing to provide services to clients, you should describe how many clients are you expecting to serve, the unit cost of serving each client, and how this is cost effective.

Use the following guidelines for preparing the detailed object class budget required by box 6 of the SF-424A. The object class budget organizes your proposed costs into a set of defined categories outlined below. Both federal and non-federal resources (when required) must be detailed and justified in the budget narrative. "Federal resources" refers only to the HHS/OASH funds for which you are applying. "Non-federal resources" are all other non-HHS/OASH federal and non-federal resources. We recommend you present budget amounts and computations in a columnar format: first column, object class categories; second column, federal funds requested; third column, non-federal resources; and last column, total budget.

Sample Budget Table

Object Class	Federal Funds Requested	Non-federal Resources	Total Budget
Personnel	$100,000	$25,000	$125,000

Note, subrecipient/contract and consultant detailed costs should all be included in those specific line items, not in the overall project object class line items, e.g., subrecipient travel should be included in the Contractual line item not in Travel.

(1) Object Class Descriptions and Required Justifications

(a) Personnel Description

Costs of staff salaries and wages, excluding benefits.

(b) Personnel Justification

Clearly identify the project director or principal investigator, if known at the time of application. Provide a separate table for personnel costs detailing for each proposed staff person: the title; full name (if known at time of application), time commitment to the project as a percentage or full-time equivalent: annual salary and/or annual wage rate; federally funded award salary; non-federal award salary, if applicable; and total salary. No salary rate may exceed the

Back to Item
Back to Agenda

statutory limitation in effect at the time you submit your application (see Section F.7.2) Funding Restrictions, *Salary Rate Limitation* for details). Do not include the costs of consultants, personnel costs of delegate agencies, or of specific project(s) and/or businesses to be financed by the applicant. Contractors and consultants should not be placed under this category.

Sample Personnel Table

Position Title and Full Name	Percent Time	Annual Salary	Federally-funded Salary	Non-federal Salary	Total Project Salary
Project Director, John K. Doe	50%	$100,000	$50,000	$0	$50,000
Data Assistant, Susan R. Smith	10%	$30,000		$3,000	$3,000

(c) Fringe Benefits Description

Costs of employee fringe benefits unless treated as part of an approved indirect cost rate.

(d) Fringe Benefits Justification:

Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, Federal Insurance Contributions Act (FICA) taxes, retirement insurance, and taxes.

(e) Travel Description

Costs of travel by staff of the applicant organization only.

(f) Travel Justification

For each trip proposed for applicant organization staff only, show the date of the proposed travel, total number of traveler(s); travel destination; duration of trip; per diem; mileage allowances, if privately owned vehicles will be used; and other transportation costs and subsistence allowances. **Do not** include travel costs for subrecipients or contractors.

(g) Equipment Description

Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or $5,000. (Note: Acquisition cost means the cost of the asset including the cost to ready

Back to Item
Back to Agenda

the asset for its intended use. Acquisition cost for equipment, for example, means the net invoice price of the equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Acquisition costs for software includes those development costs capitalized in accordance with generally accepted accounting principles (GAAP). Ancillary charges, such as taxes, duty, protective in transit insurance, freight, and installation may be included in or excluded from the acquisition cost in accordance with the non- Federal entity's regular accounting practices.) See 45 C.F.R. § 75.2 for additional information.

(h) Equipment Justification

For each type of equipment requested you must provide a description of the equipment; the cost per unit; the number of units; the total cost; and a plan for use of the equipment in the project; as well as a plan for the use, and/or disposal of, the equipment after the project ends. An applicant organization that uses its own definition for equipment should provide a copy of its policy, or section of its policy, that includes the equipment definition; include this with your Budget Narrative file. Reference the policy in this justification and include the policy copy in your Budget Narrative file (not your appendices).

(i) Supplies Description

Costs of all tangible personal property other than those included under the Equipment category. This includes office and other consumable supplies with a per-unit cost of less than $5,000.

(j) Supplies Justification

Specify general categories of supplies and their costs. Show computations and provide other information that supports the amount requested.

(k) Contractual Description

Costs of all contracts or subawards for services and goods except for those that belong under other categories such as equipment, supplies, construction, etc. Include third-party evaluation contracts, if applicable, and contracts or subawards with subrecipient organizations (with budget detail), including delegate agencies and specific project(s) and/or businesses to be financed by the applicant. This line item is not for individual consultants.

(l) Contractual Justification

Demonstrate that all procurement transactions will be conducted in a manner to provide, to the maximum extent practical, open, and free competition. Recipients and subrecipients are required to use 45 CFR § 75.329 procedures and must justify any anticipated procurement action that is expected to be awarded without competition and exceeds the simplified acquisition threshold fixed by 41 U.S.C. § 134 and currently set at $250,000. Recipients may be required to make pre-award review and procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc., available to HHS/OASH.

Note: Whenever you intend to delegate part of the project to another agency, you must provide a detailed budget and budget narrative for each subrecipient/contractor, by agency title, along with the same supporting information referred to in these instructions. If you plan to select the subrecipients/contractors post-award and a detailed budget is not available at the time of application, you must provide information on the nature of the work to be delegated, the estimated costs, and the process for selecting the delegate agency.

(m)Other Description

Enter the total of all other costs. Such costs, where applicable and appropriate, may include but are not limited to: consultants; insurance; professional services (including audit charges); space and equipment rent; printing and publication; training, such as tuition and stipends; participant support costs including incentives, staff development costs; and any other costs not addressed elsewhere in the budget.

(n) Other Justification

Provide computations, a narrative description, and a justification for each cost under this category.

(o) Indirect Costs Description

Total amount of indirect costs. This category has one of two methods that you may select. You may only select one.

- Your organization currently has an indirect cost rate approved by the Department of Health and Human Services (HHS) or another cognizant federal agency. You should enclose a copy of the current approved rate agreement in your Budget Narrative file. If you request a rate that is less than allowed, your authorized representative must submit a signed

acknowledgement that the organization is accepting a lower rate than allowed.

- Per 45 CFR § 75.414(f) Indirect (F&A) costs, "any non-Federal entity [i.e., applicant] that has never received a negotiated indirect cost rate, … may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. As described in § 75.403, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as a non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time."

  This method only applies if you have never received an approved negotiated indirect cost rate from HHS or another cognizant federal agency. If you are waiting for approval of an indirect cost rate, you may request the 10% de minimis rate. If you choose this method, costs included in the indirect cost pool must not be charged as direct costs to the award.

(p) Indirect Costs Justification

Provide the calculation for your indirect costs total, i.e., show each line item included in the base, the total of these lines, and the application of the indirect rate. If you have multiple approved rates, indicate which rate as described in your approved agreement is being applied and why that rate is being used. For example, if you have both on-campus and off-campus rates, identify which is being used and why.

(q) Program Income Description

Program income means gross income earned by your organization that is directly generated by this project if funded except as provided in 45 CFR § 75.307(f). Program income includes but is not limited to income from fees for services performed or the use or rental of real or personal property acquired under the award. Interest earned on advances of Federal funds is not program

income. Except as otherwise provided in Federal statutes, regulations, or the terms and conditions of the Federal award, program income does not include rebates, credits, discounts, and interest earned on any of them. See also 45 CFR §§ 75.307, 75.407 and 35 U.S.C. §§ 200-212 (applies to inventions made under Federal awards).

(r) Program Income Justification

Describe and estimate the sources and amounts of program income that this project may generate if funded. Unless being used for cost sharing, if applicable, these funds should not be added to your budget. This amount should be reflected in box 7 of the SF-424A.

(s) Non-Federal Resources Description

Amounts of non-federal resources that will be used to support the project as identified in box 18 of the SF-424. For all federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the recipient's cost sharing or matching when such contributions meet all of the criteria listed in 45 CFR § 75.306.

For awards that require matching by statute, you will be held accountable for projected commitments of non-federal resources in your application budgets and budget justifications by budget period or by period of performance for fully-funded awards, even if the justification by budget period, or by period of performance for fully-funded awards, exceeds the amount required. Your failure to provide the required matching amount may result in the disallowance of federal funds. If you are funded, you will be required to report these funds on your Federal Financial Reports.

For awards that do not require matching or cost sharing by statute or regulation, where "cost sharing" refers to costs of a project in addition to Federal funds requested that you voluntarily propose in your budget, if your application is successful, we will include this non-federal cost sharing in the approved project budget and you will be held accountable for the non-federal cost-sharing funds as shown in the Notice of Award (NOA). Your failure to provide voluntary cost sharing of non-federal resources that have been accepted by HHS/OASH as part of the approved project costs and that are shown as part of the approved project budget in the NOA may result in the disallowance of federal funds. If you are funded, you will be required to report these funds on your Federal Financial Reports. Note, you will not receive any preference, priority, or special

consideration in the funding process for voluntarily including non-Federal cost sharing in your proposed budget.

(t) Non-federal Resources Justification

You must provide detailed budget information for every funding source identified in box 18. "Estimated Funding ($)" on the SF-424. Provide this documentation as part of your Budget Narrative file, not your Appendices.

You must fully identify and document in your application the specific costs or contributions you propose in order to meet a matching requirement. You must provide documentation in your application on the sources of funding or contribution(s). In-kind contributions must be accompanied by a justification of how the stated valuation was determined. Matching or cost sharing must be documented by budget period (or by period of performance for fully-funded awards). If your application does not include the required supporting documentation for required or voluntary cost-sharing or matching, it will be disqualified from competitive review.

(2) Plan for Oversight of Federal Award Funds

You must include a plan for oversight of federal award funds which describes:

- how your organization will provide oversight of federal funds and how award activities and partner(s) will adhere to applicable federal award and programmatic regulations. Include identification of risks specific to your project as proposed and how your oversight plan addresses these risks.

- the organizational systems that demonstrate effective control over and accountability for federal funds and program income, compare outlays with budget amounts, and provide accounting records supported by source documentation.

- for any program incentives proposed, the specific internal controls that will be used to ensure only qualified participants will receive them and how they will be tracked.

- organizational controls that will ensure timely and accurate submission of Federal Financial Reports to the OASH Grants and Acquisitions Management Division via the Payment Management System as well as

timely and appropriate withdrawal of cash from the Payment Management System.

If your internal controls are available online, you may provide the link as part of your plan in the budget narrative. We have also included in Appendix F which contains questions applicants may find useful in considering their Plan for Oversight of Federal Funds.

c. Appendices

All items described in this section will count toward the total page limit of your application. You must submit them as **a single electronic file** uploaded to the Attachments section of your Grants.gov application.

(1) Project Partners

Include a table that lists partners that have been identified to develop and implement the project. The list of partners should include the partners that provide Letters of Commitment and specific roles, responsibilities, resources, and contributions of each partner.

(2) Documentation of Commitment from Partners, Subrecipient Organizations, and Agencies.

If available at the time of submission, signed MOAs or signed Letters of Commitment (LOCs) may be submitted for each partner (or one signed MOA with all partners) and include specific roles, responsibilities, resources, and contributions of partner(s) to the project. A signed MOA or LOC should be submitted for the Minority Serving Institution that will partner for the quality improvement and program evaluation. If the applicant is unable to submit signed MOAs, the applicant should submit an unsigned MOA(s). Signed MOAs and LOCs must detail the specific role and resources that will be provided, or activities that will be undertaken, in support of the applicant. The organization's expertise, experience, and access to the targeted population(s) should also be described in the MOA or LOC. Fully executed MOAs for all partners, subrecipients, and agencies will be required within 30 days following the issuance of any award made under this announcement.

Letters of commitment are not the same as letters of support. Letters of support are letters that are general in nature that speak to the writer's belief in the capability of an applicant to accomplish a goal/task. Letters of support also may indicate an intent or interest to work together in the future, but they lack specificity. You should NOT provide letters of support, and letters of support such as this will not be considered during the review.

Back to Item
Back to Agenda

(3) Organizational Chart

Include an organizational chart that reflects the management structure for the project and demonstrates where the project resides within the greater organization. The chart should include a separate table that outlines the current and anticipated staffing who will be responsible for implementing for key tasks and monitoring the project's ongoing progress.

(4) Summary Bios for Key Project Personnel

You must submit with your application summary resume/biographical sketch not to exceed 2 pages per person for the Project Director/Principal Investigator and all other Key Personnel. You may use a format similar to the NIH biographical sketch (https://grants.nih.gov/grants/forms/biosketch.htm). Key Personnel includes those individuals who will oversee the technical, professional, managerial, and support functions and/or assume responsibility for assuring the validity and quality of your organization's program. This includes at a minimum Program Manager/Program Coordinator. We encourage individuals to use their full name (first, middle, last) on these documents to distinguish them for verification in the System for Award Management exclusion records. Failure to include a full name may delay review of your application.

(5) Project Target Population

You must submit with your application a table outlining the target population to receive services and supports within the identified geographic area of focus using quantitative data. The data should include: (a) racial/ethnic minority populations, (b) COVID-19 positivity rate, (c) households with more persons than rooms, (d) uninsured populations, and (e) populations with Limited English Proficiency consistent with data in the Social Vulnerability Index (https://svi.cdc.gov/prepared-county-maps.html). Alternate data sources can be used, if the SVI data are not available, to describe the target population.

4. Unique Entity Identifier and System for Award Management (SAM)

You are required to provide a Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS) number when applying for Federal awards through Grants.gov. It is a unique, nine-digit identification number, which provides unique identifiers of single business entities. The DUNS number is free and easy to obtain. If you do not currently have a DUNS number, please

contact Grants.gov to create a temporary DUNS number if you are unable to complete the SAM registration process prior to submitting your application.

You will find instructions on the Grants.Gov web site as part of the organization registration process at http://www.grants.gov/web/grants/applicants/organization-registration.html.

Your organization must register online in the System for Award Management (SAM). Under normal operating procedures Grants.gov will reject submissions from applicants with nonexistent or expired SAM Registrations. Because of the public health emergency with COVID-19, the requirement for SAM registration at the time of submission has been waived. Grants.gov will temporarily allow submissions without a current SAM registration. A completed registration in SAM may be required prior to receiving any award based on your application.

If you are registering a new entity or renewing your registration, you must submit a notarized letter formally appointing an Entity Administrator to SAM.GOV For detailed instructions on the content of the letter and process for domestic entities see: https://www.fsd.gov/gsafsd_sp?id=gsafsd_kb_articles&sys_id=86ab64e51b9ae050d3ab404fe54bcb6a.

A quick start guide for registrants is available at https://www.sam.gov/SAM/transcript/Quick_Guide_for_Grants_Registrations.pdf. You should allow a minimum of five days to complete an initial SAM registration. Allow up to 10 business days after you submit your registration for it to be active in SAM. This timeframe may be longer if SAM flags the information you provide for manual validation. You will receive an email alerting you when your registration is active.

If your organization is already registered in SAM, you must renew your SAM registration each year. Organizations registered to apply for Federal awards through http://www.grants.gov will need to renew their registration in SAM. SAM has extended the expiration dates for registration renewals that may be delayed because of the public health emergency. Please review your status in SAM.

You should make sure your SAM registration information is accurate, especially your organization's legal name and physical address including your ZIP+4. Should you successfully compete and receive an award, this information must be included on a Notice of Award. For

instructions on updating this information see https://www.sam.gov/SAM/transcript/Quick_Guide_for_Updating_or_Renewing_SAM_Registrations.pdf.

It may take 24 hours or more for SAM updates to take effect in Grants.gov, so if you plan to apply for this funding opportunity or think you might apply, you should ensure your organization's registration is active in SAM well before the application deadline and will be active through the competitive review period.

If you are successful and receive an award, you must maintain an active SAM registration with current information at all times during which your organization has an active award or an application or plan under consideration by an HHS agency.

HHS/OASH cannot make an award until you have complied with these requirements as modified under the public health emergency. If you have not complied with these requirements, HHS/OASH:

- May determine that you are not qualified to receive an award; and
- May use that determination as a basis for making an award to another applicant.

Should you successfully compete and receive an award, all first-tier sub-award recipients must have a DUNS number (permanent or temporary) at the time you, the recipient, make a sub-award.

5. Submission Dates and Times

You must submit your application for this funding opportunity by **the date and time indicated in Section A.1 of this announcement.** Your submission time will be determined by the date and time stamp provided by Grants.gov when you **complete** your submission.

If you fail to submit your application by the due date and time, we will not review it, and it will receive no further consideration. You are strongly encouraged to submit your application a minimum of 3-5 days prior to the application closing date. Do not wait until the last day in the event you encounter technical difficulties, either on your end or with http://www.grants.gov . Grants.gov can take up to 48 hours to notify you of a successful or rejected submission. You are

better off having a less-than-perfect application successfully submitted and under consideration than no application.

If your submission fails due to a system problem with Grants.gov, we may consider your application if you provide verification from Grants.gov indicating system problems existed at the time of your submission **and that time was before the submission deadline**. A "system problem" does not include known issues for which Grants.gov has posted instructions regarding how to successfully submit an application such as compatible Adobe versions or file naming conventions. **As the applicant, it is your responsibility to review all instructions available on Grants.gov regarding successfully submitting an application.**

6. Intergovernmental Review

Applications under this announcement are subject to the requirements of Executive Order 12372, ''Intergovernmental Review of Federal Programs,'' as implemented by 45 CFR part 100, ''Intergovernmental Review of Department of Health and Human Services Programs and Activities.'' As soon as possible, you should discuss the project with the State Single Point of Contact (SPOC) for the State in which your organization is located. The current listing of the SPOCs is available at https://www.whitehouse.gov/wp-content/uploads/2020/04/SPOC-4-13-20.pdf.

The SPOC should forward any comments to the Department of Health and Human Services 1101 Wootton Parkway, Plaza Level, Rockville, MD 20852. The SPOC has 60 days from the due date listed in this announcement to submit any comments. For further information, contact the HHS/OASH Grants and Acquisitions Management Division at 240–453–8822 or OASH_Grants@hhs.gov.

7. Funding Restrictions

Direct and Indirect Costs proposed and, if successful, charged to the HHS/OASH award must meet the cost requirements of 45 CFR part 75 "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards," Subpart E—Cost Principles. These requirements apply to you, the applicant, and any subrecipients. You should thoroughly review these regulations before developing your proposed budget.

Indirect costs may be included per 45 CFR § 75.414. See the Budget Narrative section of this announcement for more information. To obtain a negotiated indirect cost rate with the Federal Government you may contact the U.S. Department of Health and Human Services Cost Allocation Services (CAS) regional office that is applicable to your State. CAS regional contact information is available at https://rates.psc.gov/fms/dca/map1.html.

a. Pre-Award Costs

Pre-award costs (per 45 CFR § 75.458) are those incurred prior to the effective date of the Federal award directly pursuant to the negotiation and in anticipation of the Federal award where such costs are necessary for efficient and timely performance of the scope of work. Such costs are allowable only to the extent that they would have been allowable if incurred after the date of the Federal award and only with the written approval of the HHS awarding agency.

Pre-award costs are NOT allowed.

b. Salary Rate Limitation:

Each year's appropriations act limits the salary rate that we may award and you may charge to HHS/OASH grants and cooperative agreements. You should not budget award funds to pay the salary of an individual at a rate in excess of Federal Executive Pay Scale Executive Level II. As of January 2021, the Executive Level II salary is $199,300. This amount reflects an individual's base salary exclusive of fringe benefits and any income that an individual working on the award project may be permitted to earn outside of the duties to the applicant organization. This salary rate limitation also applies to subawards/subcontracts under an HHS/OASH award.

An example of the application of this limitation for an individual devoting 50% of their time to this award is broken down below:

Individual's *actual* base full time salary: $350,000 50% of time devoted to project, i.e., 0.5 FTE	
Direct salary ($350,000 x 0.5)	$175,000
Fringe (25% of salary)	$43,750
Total	$218,750

Back to Item
Back to Agenda

Amount that may be claimed on the application budget due to the legislative salary rate limitation: Individual's base full time salary *adjusted* to Executive Level II: $199,300 with 50% of time devoted to the project	
Direct salary ($199,300 x 0.5)	$99,650
Fringe (25% of salary)	$24,913
Total amount allowed	$124,563

Appropriate salary rate limits will apply as required by law.

8. Other Submission Requirements

a. Electronic Submission

HHS/OASH requires that all applications be submitted electronically via the Grants.gov portal unless an exemption has been granted. If you submit an application via any other means of electronic communication, including facsimile or electronic mail, it *will not* be accepted for review unless you receive an exemption as described in the DATES section of this announcement.

You may access the Grants.gov website portal at http://www.grants.gov.

Applications, excluding required standard forms, must be submitted as three (3) files (see acceptable file types below). One file must contain the entire Project Narrative, another the entire Budget Narrative including supporting documentation described in the Budget Narrative content section; and the third file must contain all documents in the Appendices. Any additional files submitted as part of the Grants.gov application will not be accepted for processing and will be excluded from the application during the review process.

Any files uploaded or attached to the Grants.gov application must be Adobe PDF, Microsoft Word, or image formats (JPG, GIF, TIFF, or BMP only) and must contain a valid file format extension in the filename. HHS/OASH strongly recommends that electronic applications be uploaded as Adobe PDF. If you convert to PDF prior to submission you may prevent any unintentional formatting that might occur with submission of an editable document. Please note, even though Grants.gov allows you to attach any file format as part of your application,

Back to Item
Back to Agenda

HHS/OASH restricts this practice and only accepts the file formats identified above. Any file submitted as part of the Grants.gov application that is not in a file format listed above will not be accepted for processing and will be excluded from the application during the review process.

Any file submitted as part of the Grants.gov application that contains password protection will not be accepted for processing and will be excluded from the application during the review process. We will not contact you for passwords or resubmission of unprotected files. Unprotected information in the application will be forwarded for consideration but password protected portions will not. You should avoid submitting personally identifiable information such as personal contact information on résumés.

In addition, the use of compressed file formats such as ZIP, RAR, or Adobe Portfolio will not be accepted. We will not contact you for resubmission of uncompressed versions of files. Compressed information in the application will not be forwarded for consideration.

You must submit your application in a format that can easily be copied and read by reviewers. We do not recommend that you submit scanned copies through Grants.gov unless you confirm the clarity of the documents. Pages cannot be reduced resulting in multiple pages on a single sheet to avoid exceeding the page limitation. If you submit documents that do not conform to these instructions, we will exclude them from your application during the review process.

b. Important Grants.gov Information

You may access the electronic application for this program on http://www.grants.gov. You must search the downloadable application page by the Funding Opportunity Number or Assistance Listing (formerly, CFDA) number, both of which can be found on page 1 of this funding opportunity announcement.

To ensure successful submission of your application, you should carefully follow the step-by-step instructions provided at http://www.grants.gov/web/grants/applicants/apply-for-grants.html . These instructions are kept up-to-date and also provide links to Frequently Asked Questions and other troubleshooting information. **You are responsible for reviewing all Grants.gov submission requirements on the Grants.gov site.**

You should contact Grants.gov with any questions or concerns regarding the electronic application process conducted through Grants.gov. See Contacts below. See Section F.4 for requirements related to DUNS numbers and SAM registration.

G. APPLICATION REVIEW INFORMATION

1. Criteria

Federal staff and an independent review panel will assess all eligible applications according to the following three equally-weighted criteria: 1) statement of need, 2) proposed approach, and 3) organizational capacity. Disqualified applications will not be reviewed against these criteria

a. Statement of Need

- How well does the applicant describe the problem and contributing factors of the problem to demonstrate need for the project?
- How well is the population(s) and geographic area of focus described using data on demographic characteristics (e.g., race/ethnicity, rural/urban, limited English proficiency) and characteristics associated with social vulnerability and individuals at highest risk for experiencing disparities in COVID-19 outcomes (e.g., COVID-19 positivity per capita rate, CDC SVI index rating)?
- How well does the applicant demonstrate understanding of disproportionate impact of COVID-19 on high-risk and underserved racial and ethnic minority populations in the geographic area of focus?
- How well does the applicant describe the approach for developing a disparity impact statement?

b. Proposed Approach

- How well does the applicant describe and discuss project details, including the project goals, objectives, and proposed outcomes?
- How feasible, data-driven and culturally and linguistically appropriate is the proposed approach for applying health literacy strategies to improve the access, use and outcomes of COVID-19 health information and services for the population of focus?

Back to Item
Back to Agenda

- How well does the applicant describe the approach for implementing health literacy strategies to address the Health People objectives HC/HIT-01, HC/HIT-02 and HC/HIT-03?

- To what extent are the proposed outcome(s) feasible, measurable and unambiguously aligned with the program goals and objectives?

- How well does the applicant describe partnerships with community-based organizations to support the development and implementation of the health literacy plan and sustainability plan?

- How well does the applicant describe an adequate quality improvement approach to refine interventions and support improved health literacy related to the access, use and outcomes of COVID-19 health information and services for the populations in the geographic area of focus?

- How adequate and feasible is the evaluation approach for determining whether the health literacy intervention was implemented in adherence with the National CLAS Standards, whether it reached its target population described in the Disparity Impact Statement, and whether there were any changes in access, use and outcomes of COVID-19 vaccination, testing, and related activities (e.g., contact tracing, preventive behaviors)? How adequately does the applicant describe the use of data, stratified by demographic characteristics, to advance Healthy People 2030 objectives HC/HIT-01, HC/HIT-02, HC/HIT-03 and IID-D02?

c. Organizational Capacity

- How well does the applicant demonstrate a strategy for minimizing start-up delays?

Back to Item
Back to Agenda

- How adequate are the roles and responsibilities of project leadership in providing project management and oversight? How well does the organizational chart demonstrate adequate project staffing?

- How well does the applicant describe the partnership with an institution/organization for quality improvement and program evaluation?

2. Review and Selection Process

Each HHS/OASH Program's office is responsible for facilitating the process of evaluating applications and setting funding levels according to the criteria set forth above.

An independent review panel will evaluate applications that meet the responsiveness criteria, if applicable, and are not disqualified. These reviewers are experts in their fields, and are drawn from academic institutions, non-profit organizations, state and local government, and Federal government agencies. Based on the Application Review Criteria as outlined under Section E.1, the reviewers will comment on and evaluate the applications, focusing their comments and reviews on the identified criteria. In addition to the independent review panel, Federal staff will review each application for programmatic, budgetary, and grants management compliance.

The Deputy Assistant Secretary for Minority Health will provide recommendations for funding to the Grants Management Officer to conduct risk analysis.

In providing these recommendations, the Deputy Assistant Secretary for Minority Health will take into consideration the following additional factor(s) in no particular order:

- Applicants serving localities with the highest social vulnerability. This may be determined by being in the top 4th as defined by the CDC's Social Vulnerability Index (SVI) county maps at https://svi.cdc.gov/prepared-county-maps.html, or alternate similar data source if SVI is not available.

- Applicants with identified Minority Serving Institution partners. Minority Serving Institutions are defined by the U.S. Department of Education as a category of institutions of higher education enrolling

populations with significant percentages of undergraduate minority students, or that serve certain populations of minority students under various programs created by Congress. Find the full definition and list of Minority Serving Institutions here: https://www2.ed.gov/about/offices/list/ocr/edlite-minorityinst.html.
See Appendix G for a list of Minority Serving Institutions, which can also be found here https://www.minorityhealth.hhs.gov/assets/PDF/2020_Minority_Serving_Institutions.pdf.

Find additional information on Minority Serving Institutions here: https://www2.ed.gov/about/offices/list/ocr/edlite-minorityinst.html.

- Equitable geographic distribution.

3. Review of Risk Posed by Applicant

The HHS/OASH will evaluate, in accordance with 45 CFR § 75.205, each application recommended for funding by the program official indicated in Review and Selection Process for risks before issuing an award. This evaluation may incorporate results of the evaluation of eligibility or the quality of an application. If we determine that a Federal award will be made, special conditions that correspond to the degree of risk assessed will be applied to the Federal award. Such conditions may include additional programmatic or financial reporting or releasing funds on a reimbursable rather than cash advance basis. OASH will use a risk-based approach and may consider any items such as the following:

a. Your financial stability;
b. Quality of management systems and ability to meet the management standards prescribed in 45 CFR part 75;
c. History of performance. Your record in managing Federal awards, if you are a prior recipient of Federal awards, including timeliness of compliance with applicable reporting requirements, conformance to the terms and conditions of

Back to Item
Back to Agenda

previous Federal awards, and if applicable, the extent to which any previously awarded amounts will be expended prior to future awards;

d. Reports and findings from audits performed; and
e. Your ability to effectively implement statutory, regulatory, or other requirements imposed on non-Federal entities.

Prior to making a Federal award with a total Federal share greater than the simplified acquisition threshold (currently $250,000), we are required to review and consider any information about you that is in the designated integrity and performance system accessible through the System for Award Management (SAM) (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)).You may, at your option, review information in SAM and comment on any information about yourself that a Federal awarding agency previously entered and is currently available through SAM. We will consider any comments by you, in addition to the other information in the designated system, in making a judgment about your integrity, business ethics, and record of performance under Federal awards when completing the review of risk.

If we do not make an award to you because we determine your organization does not meet either or both of the minimum qualification standards as described in 45 CFR §75.205(a)(2), we must report that determination to FAPIIS, if certain conditions apply. At a minimum, the information in the system if you are a prior Federal award recipient must "demonstrate a satisfactory record of executing programs or activities under Federal grants, cooperative agreements, or procurement awards; and integrity and business ethics." 45 CFR § 75.205(a)(2); see also 45 CFR §75.212 for additional information.

4. Final Award Decisions, Anticipated Announcement, and Federal Award Dates

Upon completion of risk analysis and concurrence of the Grants Management Officer, HHS/OASH will issue Notices of Award. No award decision is final until a Notice of Award is issued. All award decisions, including level of funding if an award is made, are final and you may not appeal.

HHS/OASH seeks to award funds as much in advance of the anticipated project start date shown in Section B "Federal Award Information," as practicable. Note this is an estimated start

date and award announcements may be made at a later date and with a later period of performance start date.

H. FEDERAL AWARD ADMINISTRATION INFORMATION

1. Federal Award Notices

HHS/ OASH does not release information about individual applications during the review process. If you would like to track your application, please see instructions at http://www.grants.gov/web/grants/applicants/track-my-application.html. The official document notifying you that an application has been approved for funding is the Notice of Award (NOA), approved by a Grants Management Officer of the HHS/OASH GAM. If you are successful, you will receive this document via system notification from our grants management system (Grant Solutions) and/or via e-mail. This document notifies the successful recipient of the amount awarded, the purposes of the award, the anticipated length of the period of performance, terms and conditions of the award, and the amount of funding to be contributed by the recipient to project costs, if applicable.

If you receive an NOA, we strongly encourage you to read the entire document to ensure your organization's information is correct and that you understand all terms and conditions. You should pay specific attention to the terms and conditions, as some may require a time-limited response. The NOA will also identify the Grants Management Specialist and Program Project Officer assigned to the award for assistance and monitoring.

If you are unsuccessful or deemed ineligible according to the disqualification criteria, you will be notified by HHS/OASH by email and/or letter. If your application was reviewed by the independent review panel, you may receive summary comments pertaining to the application resulting from the review process. On occasion, you may receive a letter indicating that an application was approved but unfunded. These applications may be kept active for one year and may be considered for award without re-competing should funds become available during the hold period.

2. Administrative and National Policy Requirements

If you are successful and receive a Notice of Award, in accepting the award, you agree that the award and any activities thereunder are subject to all provisions of 45 CFR part 75, currently

in effect or implemented during the period of the award, other Department regulations and policies in effect at the time of the award, and applicable statutory provisionsIn addition, your organization must comply with all terms and conditions outlined in the Notice of Award, the U.S. Department of Health and Human Services (HHS) Grants Policy Statement (GPS), requirements imposed by program statutes and regulations and HHS grant administration regulations, as applicable, as well as any requirements or limitations in any applicable appropriations acts. The current HHS GPS is available at http://www.hhs.gov/sites/default/files/grants/grants/policies-regulations/hhsgps107.pdf. Please note HHS plans to revise the HHS GPS to reflect changes to the regulations; 45 CFR parts 74 and 92 have been superseded by 45 CFR part 75.

You may only use award funds to support activities outlined in the approved project plan. If your application is funded, your organization will be responsible for the overall management of activities within the scope of the approved project plan. Please consult the HHS GPS Section II and 45 CFR § 75.308 for aspects of your funded project that will require prior approval from the Grants Management Officer for any changes. Modifications to your approved project that will require prior approval include, but are not limited to: a change in the scope or the objective(s) of the project or program (even if there is no associated budget revision, such as reduction in services, closing of service or program site(s)); significant budget revisions, including changes in the approved cost-sharing or matching; a change in a key person specified in your application; reduction in time devoted to the project by the approved project director or principal investigator, either as percentage of full-time equivalent of 25% or more or absence for 3 months or more; or the subawarding, transferring or contracting out of any work that was not described in the approved proposal.

3. Program Specific Terms and Conditions

Notices of award may include one or more of the following special conditions:

a. If not registered at time of award, submission of documentation of a valid SAM registration within 30 days of the beginning of the period of performance.

Back to Item
Back to Agenda

b. Submission of all Institutional Review Board approvals prior to the start of any work requiring approval. (Section H.14)
c. Incremental spending rates (for example, 25% of the total federal budget awarded each 6 months) that can be modified with prior written approval by the grants management officer.
d. Other reporting as may be required by statute for the funding awarded under this announcement.
e. Submission of more detailed planning documents consistent with the project and budget narratives submitted in your application, including but not limited to:
   (1) Confidentiality Plan
   (2) Work Plan
   (3) Disparity Impact Statement
   (4) Health Literacy Plan that incorporates the National Standards for Culturally and Linguistically Appropriate Services in Health and Health Care
   (5) Evaluation Plan

4. Closeout of Award

Upon expiration of your period of performance, if we do not receive acceptable final performance, financial, and/or cash reports in a timely fashion within the closeout period, and we determine that closeout cannot be completed with your cooperation or that of the Principal Investigator/ Project Director, we will complete a unilateral closeout. (See H.14 Reporting below for closeout reporting requirements). As a result, we will be required to report your material failure to comply with the terms and conditions of the award with the OMB-designated integrity and performance system (currently FAPIIS). We may also determine that enforcement actions are necessary, including on another existing or future award, such as withholding support or a high-risk designation.

5. Lobbying Prohibitions

You shall not use any funds from an award made under this announcement for other than normal and recognized executive legislative relationships. You shall not use funds for publicity or propaganda purposes, for the preparation, distribution, or use of any kit, pamphlet, booklet, publication, electronic communication, radio, television, or video presentation designed to support or defeat the enactment of legislation before the Congress or any State or local legislature or legislative body, except in presentation to the Congress or any State or local legislature itself, or designed to support or defeat any proposed or pending regulation, administrative action, or order issued by the executive branch of any State or local government, except in presentation to the executive branch of any State or local government itself.

You shall not use any funds from an award made under this announcement to pay the salary or expenses of any employee or subrecipient, or agent acting for you, related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or Executive order proposed or pending before the Congress or any State government, State legislature or local legislature or legislative body, other than for normal and recognized executive-legislative relationships or participation by an agency or officer of a State or local government in policymaking and administrative processes within the executive branch of that government.

The above prohibitions include any activity to advocate or promote any proposed, pending, or future Federal, State or local tax increase, or any proposed, pending, or future requirement or restriction on any legal consumer product, including its sale or marketing, including but not limited to the advocacy or promotion of gun control.

6. Non-Discrimination Requirements

Pursuant to Federal civil rights laws, if you receive an award under this announcement you must not discriminate on the basis of race, color, national origin, disability, age, and in some cases sex and religion. The HHS Office for Civil Rights provides guidance for complying with civil rights laws that prohibit discrimination. See https://www.hhs.gov/civil-rights/index.html.

HHS provides guidance to recipients of federal financial assistance on meeting the legal obligation to take reasonable steps to provide meaningful access to persons with limited English proficiency. See *Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons*,

68 Fed. Reg. 47311, 47313 (HHS Office for Civil Rights, 2003, www.gpo.gov/fdsys/pkg/FR-2003-08-08/pdf/03-20179.pdf) You must ensure your contractors and subrecipients also comply with federal civil rights laws.

The *National Standards for Culturally and Linguistically Appropriate Services in Health and Health Care* (National CLAS Standards), 78 Fed. Reg. 58539, 58543 (HHS Office of Minority Health, 2013, www.gpo.gov/fdsys/pkg/FR-2013-09-24/pdf/2013-23164.pdf), provides a practical framework for applicants to provide quality health care and services to culturally and linguistically diverse communities, including persons with limited English proficiency. Compliance with the National CLAS Standards meets the legal obligation to take reasonable steps to provide meaningful access to persons with limited English proficiency.

7. Smoke- and Tobacco-free Workplace

The HHS/OASH strongly encourages all award recipients to provide a smoke-free workplace and to promote the non-use of all tobacco products. This is consistent with the HHS/OASH mission to protect and advance the physical and mental health of the American people.

8. Acknowledgement of Funding

Each year's annual appropriation requires that when issuing statements, press releases, requests for proposals, bid solicitations and other documents describing projects or programs funded in whole or in part with Federal money, all organizations receiving Federal funds, including but not limited to State and local governments and recipients of Federal research grants, shall clearly state— (1) the percentage of the total costs of the program or project which will be financed with Federal money; (2) the dollar amount of Federal funds for the project or program; and (3) percentage and dollar amount of the total costs of the project or program that will be financed by non-governmental sources.

You must also acknowledge Federal support in any publication you develop using funds awarded under this program, with language such as:

> This [project/publication/program/website, etc.] was supported by [Award Number] issued by the Office of the Assistant Secretary for Health of the U.S.

Back to Item
Back to Agenda

Department of Health and Human Services (HHS) as part of a financial assistance award totaling $XX with 100 percent funded by the Office of Minority Health/OASH/HHS.

Recipients must also include a disclaimer stating the following

The contents are solely the responsibility of the author(s) and do not necessarily represent the official views of, nor an endorsement by the Office of Minority Health/OASH/HHS, or the U.S. Government. For more information, please visit https://minorityhealth.hhs.gov.

9. HHS Rights to Materials and Data

All publications you develop or purchase with funds awarded under this announcement must be consistent with the requirements of the program. You own the copyright for materials that you develop under this award, and pursuant to 45 CFR § 75.322(b), HHS reserves a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use those materials for Federal purposes, and to authorize others to do so. In addition, pursuant to 45 CFR § 75.322(d), the Federal government has the right to obtain, reproduce, publish, or otherwise use data produced under this award and has the right to authorize others to receive, reproduce, publish, or otherwise use such data for Federal purposes.

10. Trafficking in Persons

Awards issued under this funding opportunity announcement are subject to the requirements of Section 106 (g) of the Trafficking Victims Protection Act of 2000, as amended (22 U.S.C. § 7104) (https://www.govinfo.gov/content/pkg/USCODE-2010-title22/html/USCODE-2010-title22-chap78-sec7104.htm).

11. Efficient Spending

This award may also be subject to the HHS Policy on Promoting Efficient Spending: Use of Appropriated Funds for Conferences and Meetings, Food, Promotional Items, and Printing and Publications available at http://www.hhs.gov/grants/contracts/contract-policies-regulations/efficient-spending/

12. Whistleblower Protection

If you receive an award, you will be subject to a term and condition that applies the terms of 48 CFR § 3.908 to the award, and requires that you inform your employees in writing of employee whistleblower rights and protections under 41 U.S.C. § 4712 in the predominant native language of the workforce.

13. Prohibition on certain telecommunications and video surveillance services or equipment.

As described in 2 CFR 200.216, recipients and subrecipients are prohibited from obligating or spending grant funds (to include direct and indirect expenditures as well as cost share and program) to:

a. Procure or obtain;

b. Extend or renew a contract to procure or obtain; or

c. Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Pub. L. 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).

(1) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).

(2) Telecommunications or video surveillance services provided by such entities or using such equipment.

(3) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director

Back to Item
Back to Agenda

of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise, connected to the government of a covered foreign country.

14. Human Subjects Protection

Federal regulations (45 CFR Part 46) require that applications and proposals involving human subjects must be evaluated with reference to the risks to the subjects, the adequacy of protection against these risks, the potential benefits of the research to the subjects and others, and the importance of the knowledge gained or to be gained. If research involving human subjects is anticipated, you must meet the requirements of the HHS regulations to protect human subjects from research risks as specified in 45 CFR part 46. You may find it online at http://www.hhs.gov/ohrp/humansubjects/guidance/45cfr46.html.

Applicants that plan to engage in research involving human subjects are encouraged to provide information regarding participation in research in their recruitment efforts and provide a link to www.hhs.gov/about-research-participation.

OASH may require, as part of any award, the submission of all IRB approvals within 5 days of the IRB granting the approval and before any work requiring IRB approval begins.

15. Research Integrity

An applicant for or recipient of PHS support for biomedical or behavioral research, research training or activities related to that research or research training must comply with 42 C.F.R. part 93, including have written policies and procedures for addressing allegations of research misconduct that meet the requirements of part 93, file an Assurance of Compliance with the Office of Research Integrity (ORI), and take all reasonable and practical steps to foster research integrity consistent with 42 C.F.R. § 93.300. The assurance must state that the recipient (1) has written policies and procedures in compliance with this part for inquiring into and investigating allegations of research misconduct; and (2) complies with its own policies and procedures and the requirements of part 93. More information is available at ori.hhs.gov/assurance-program.

16. Reporting

a. Performance Reports

You must submit performance reports on a quarterly basis, subject to any special conditions that may apply to your award. Your performance reports must address content required by 45 CFR § 75.342(b)(2). The awarding program office may provide additional guidance on the content of the progress report. You must submit your performance reports by the due date indicated in the terms and conditions of your award via upload to our grants management system (GrantSolutions.gov), in the Grant Notes module.

You will also be required to submit a final performance report covering the entire period of performance 90 days after the end of the period of performance. You must submit the final report by upload to our grants management system (GrantSolutions.gov), in the Grant Notes module.

b. Performance Measures

In addition to the submission of quarterly reports in our grants management system, OMH expects awardees to report program process and outcome data electronically to OMH on a quarterly basis. Performance process and outcome data allow OMH to evaluate the performance of its initiatives across awardees. All OMH awardees under this initiative are required to report project performance process and outcome data on a quarterly basis through Grant Solutions. No performance measure reporting will be required without OMB approval. Training will be provided to all new grantees on the collection and reporting of performance data during the Technical Assistance and Training grantee meeting.

At the end of each quarter of this initiative, you should be able to report on the following:

(1) the specific evidence-based health literacy intervention(s) implemented
(2) the number of individuals impacted by the health literacy intervention
(3) the demographic characteristics of the populations reached through the evidence-based health literacy intervention and how the populations reached align with the target population in the Disparity Impact Statement
(4) current project data, stratified by demographic characteristics, on changes in the access, use and outcomes of COVID-19 vaccination, testing, and related activities (e.g., contact tracing, preventive behaviors),

Back to Item
Back to Agenda

(5) current project data related to Healthy People 2030 objectives HC/HIT-01, HC/HIT-02, HC/HIT-03 and IID-D02

Note: Recipients also may be required to report project-related data in the Office of Minority Health's Performance Data System (PDS) (OMB No. 0990-0275, Expiration date 8/31/2022).

c. Financial Reports

You will be required to submit quarterly Federal Financial Reports (FFR) (SF-425). Your specific reporting schedule will be issued as a condition of award. You will also be required to submit a final FFR covering the entire period of performance 90 days after the end of the period of performance. You must submit FFRs via our grants management system (GrantSolutions.gov) FFR module.

Quarterly cash reporting to the HHS Payment Management System on the FFR is also required. Please note, at this time, these FFR reports are separate submissions via the Payment Management System. At this time, data is not transferable between the two systems and you will report twice on certain data elements.

d. Audits

If your organization receives $750,000 or greater in Federal funds, it must undergo an independent audit in accordance with 45 CFR part 75, subpart F.

e. FFATA and FSRS Reporting

The Federal Financial Accountability and Transparency Act (FFATA) requires data entry at the FFATA Subaward Reporting System (http://www.FSRS.gov) for all sub-awards and sub-contracts issued for $25,000 or more as well as addressing executive compensation for both recipient and sub-award organizations.

f. Reporting of Matters Relating to Recipient Integrity and Performance

If the total value of your currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds $10,000,000 for any period of time during the period of performance of this Federal award, then you must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)) about civil, criminal, or administrative proceedings

described in paragraph A.2 of Appendix XII to 45 CFR part 75—Award Term and Condition for Recipient Integrity and Performance Matters. This is a statutory requirement (41 U.S.C. § 2313). As required by section 3010 of Public Law 111-212, all information posted in the designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available. For more information about this reporting requirement related to recipient integrity and performance matters, see Appendix XII to 45 CFR part 75.

g. Other Required Notifications

Before you enter into a covered transaction at the primary tier, in accordance with 2 CFR § 180.335, you as the participant must notify HHS/OASH, if you know that you or any of the principals for that covered transaction:

- Are presently excluded or disqualified;
- Have been convicted within the preceding three years of any of the offenses listed in 2 CFR § 180.800(a) or had a civil judgment rendered against you for one of those offenses within that time period;
- Are presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses listed in 2 CFR § 180.800(a); or
- Have had one or more public transactions (Federal, State, or local) terminated within the preceding three years for cause or default.

At any time after you enter into a covered transaction, in accordance with 2 CFR § 180.350, you must give immediate written notice to HHS/OASH if you learn either that—

- You failed to disclose information earlier, as required by 2 CFR § 180.335; or
- Due to changed circumstances, you or any of the principals for the transaction now meet any of the criteria in 2 CFR § 180.335.

I. CONTACTS

1. Administrative and Budgetary Requirements

For information related to administrative and budgetary requirements, contact the HHS/OASH grants management specialist listed below.

Roscoe Brunson, Jr.

Senior Grants Management Specialist

Grants and Acquisitions Management

1101 Wootton Parkway, Plaza Level

Rockville, MD 20852

J. OTHER INFORMATION

1. Awards under this Announcement

We are not obligated to make any Federal award as a result of this announcement. If awards are made, they may be issued for periods shorter than indicated. Only the grants officer can bind the Federal government to the expenditure of funds. If you receive communications to negotiate an award or request additional or clarifying information, this does not mean you will receive an award; it only means that your application is still under consideration.

2. Application Elements

The below is a summary listing of all the application elements required for this funding opportunity.

- Application for Federal Assistance (SF-424)
- Budget Information for Non-construction Programs (SF-424A)
- Assurances for Non-construction Programs (SF-424B)
- Disclosure of Lobbying Activities (SF-LLL)
- Project Abstract Summary
- Project Narrative – Submit all Project Narrative content as a single acceptable file, specified above.
- Budget Narrative – Submit all Budget Narrative content as a single acceptable file, specified above.
- Appendices – Submit all appendix content as a single acceptable file, specified above **in the Attachments section of your Grants.gov application**.
    - Project Partners Table
    - Documentation of Commitment from Partners, Subrecipient Organizations, and Agencies

- Organizational Chart
- Summary Bios for Key Project Personnel
- Project target population

B. Glossary

Disparity impact statement refers to the demographic cultural, and linguistic data that identify the population(s) in which health disparities exist and the quality improvement plan designed to address the noted disparities.

Health disparity refers to a particular type of health difference that is closely linked with social, economic, and/or environmental disadvantage. Health disparities adversely affect groups of people who have systematically experienced greater obstacles to health based on their racial or ethnic group; religion; socioeconomic status; gender; age; mental health; cognitive, sensory, or physical disability; sexual orientation or gender identity; geographic location; or other characteristics historically linked to discrimination or exclusion. (7)

Health equity refers to the "attainment of the highest level of health for all people. Achieving health equity requires valuing everyone equally with focused and ongoing societal efforts to address avoidable inequalities, historical and contemporary injustices, and the elimination of health and health care disparities."(7)

Health literacy addresses both personal health literacy and organizational health literacy and provides the following definitions:

- **Personal health literacy** is the degree to which individuals have the ability to find, understand, and use information and services to inform health-related decisions and actions for themselves and others.

- **Organizational health literacy** is the degree to which organizations equitably enable individuals to find, understand, and use information and services to inform health-related decisions and actions for themselves and others. (8)

Minority Serving Institution includes any of the following (as defined in the Higher Education Act) (9):

a part B institution (a historically Black college or university) (§322 of the HEA, 20 U.S.C. §1061);

a Hispanic-serving institution (§502 of the HEA, 20 U.S.C. §1101a);

a Tribal College or University (§316 of the HEA, 20 U.S.C. §1059c);

Back to Item

Back to Agenda

an Alaska Native-serving institution or a Native Hawaiian-serving institution (§317(b) of the HEA, 20 U.S.C. §1059d(b);

a Predominantly Black Institution (§§318(b) and 371(c)(9) of the HEA; 20 U.S.C. §§ 1059e(b) and 1067q(c)(9));

an Asian American and Native American Pacific Islander-serving institution (§§ 320(b) and 371(c)(2) of the HEA, 20 U.S.C. §§1059g(b) and 1067q(c)(2). ; or

a Native American-serving nontribal institution (§§319(b) and 371(c)(8) of the HEA; 20 U.S.C. §§ 1059f(b) and 1067q(c)(8).

Find additional information on Minority Serving Institutions here: https://www2.ed.gov/about/offices/list/ocr/edlite-minorityinst.html.

National Standards for Culturally and Linguistically Appropriate Services (CLAS) in Health and Health Care provide guidance for providing health care and services that are responsive to diverse cultural health beliefs and practices, preferred languages, health literacy and other communication needs. Additional information can be found here: https://thinkculturalhealth.hhs.gov/clas.

Rural communities refers to Health Resources and Services Administration-designated rural areas, as defined by the Rural Health Grants Eligibility Analyzer (https://data.hrsa.gov/tools/rural-health). This webpage allows individuals to search by county or street address and determine rural eligibility.

Social determinants of health are the conditions in the environments where people are born, live, learn, work, play, worship, and age that affect a wide range of health, functioning, and quality-of-life outcomes and risks.

Socially vulnerable groups refers to individuals, communities or populations that have characteristics that affect their capacity to anticipate, confront, repair, and recover from the effects of a disaster (11). Such characteristics include (11, 12, 13):

- Individual and household traits such as low socioeconomic status, being a racial or ethnic minority, having limited English proficiency, being a child or elderly, being unemployed, lacking access to a vehicle or being dependent on public transportation, having low educational attainment, living in overcrowded conditions, or being homeless

- Systemic and structural factors such as residing in areas that are densely populated, lack healthcare facilities and resources, are rural or urban, or have weak economies

Urban communities refers to U.S. Census Bureau delineated urban areas, which represent densely developed territory, and encompass residential, commercial, and other non-residential urban land use (10). The Census Bureau identifies two types of urban areas:

- Urbanized Areas (UAs) of 50,000 or more people;
- Urban Clusters (UCs) of at least 2,500 and less than 50,000 people.

Back to Item
Back to Agenda

C. Healthy People 2030: Health Literacy Definitions and Objectives

Healthy People 2030 sets data-driven national objectives to improve health and well-being over the next decade (8). Healthy People 2030 recognizes that achieving health and well-being requires eliminating health disparities, achieving health equity, and attaining health literacy.

Health Literacy Definition and Impact on Health

Healthy People 2030 has elevated the importance of health literacy by declaring it a foundational principle and overarching goal, and by adopting two definitions that together constitute health literacy.

- Personal Health Literacy is the degree to which individuals have the ability to find, understand, and use information and services to inform health-related decisions and actions for themselves and their others.

- Organizational Health Literacy is the degree to which organizations equitably enable individuals to find, understand, and use information and services to inform health-related decisions and actions for themselves and their others.

There are six Healthy People 2030 Health Literacy Objectives:

- HC/HIT-01: Increase the proportion of adults whose health care provider checked their understanding

- HC/HIT-02: Decrease the proportion of adults who report poor communication with their health care provider

- HC/HIT-03: Increase the proportion of adults whose health care providers involved them in decisions as much as they wanted

- HC/HIT-D10; Increase the proportion of people who say their online medical record is easy to understand

- HC/HIT-D11Increase the proportion of adults with limited English proficiency who say their providers explain things clearly

- HC/HIT-R01: Increase the health literacy of the population

A selected Healthy People 2030 Immunization and Infectious Diseases Objective is also noted below:

- IID-D02: Increase the proportion of people with vaccination records in an information system

Back to Item
Back to Agenda

D. Health Literacy Resources

As a national priority, health literacy is a recognized support for increasing participation in health care, improving health outcomes and addressing health disparities. Health literacy requires a complex group of reading, listening, analytical, and decision-making skills, as well as the ability to apply these skills to health situations.

Individuals with limited health literacy have reported poorer health status and were less likely to use preventative care. (14) Beyond differences of language, culture gives significance to health information and messages. Perceptions and definitions of health and illness, preferences, language and cultural barriers, care process barriers, and stereotypes are all strongly influenced by culture and can have a great impact. (14)

The U.S. Department of Health and Human Services offers a number of resources and tools to support understanding and implementation of health literacy strategies, including the following:

Health Literacy Plans

- Health Literacy Universal Precautions Toolkit, 2nd Edition -. Agency for Healthcare Research and Quality (AHRQ) toolkit to help primary care practices reduce the complexity of health care, increase patient understanding of health information, and enhance support for patients of all health literacy levels.

- Create a Health Literacy Plan - resources to support organizations in developing a health literacy plan.

- Health Literate Care Model - tool that incorporates health literacy principles to mitigate risks of individuals not understanding health information.

Quality Improvement and Program Evaluation

- Framework for Program Evaluation - a description of the CDC's Framework for Program Evaluation and possible sources of communication and health literacy measures.

- Healthy People 2030 Health Literacy Objectives - related to health communication and information technology.

Interventions to Improve Health Literacy

- National Action Plan to Improve Health Literacy - overarching guidance based on the principles that (1) everyone has the right to health information that helps them make informed decisions and (2) health services should be delivered in ways that are understandable and beneficial to health, longevity, and quality of life.

- AHRQ Teach-Back Intervention – AHRQ webpage for Teach-Back Intervention, a technique for health care providers to ensure that they have explained medical information clearly so that patients and their families understand what is communicated to them. Includes materials to support adoption.

- The National Standards for Culturally and Linguistically Appropriate Services (CLAS) in Health and Health Care - guidance for providing health care and services that are responsive to diverse cultural health beliefs and practices, preferred languages, health literacy and other communication needs.

Additional Resources and Tools

- Health Literacy Online - information to develop effective products for all users, including those with limited literacy or health literacy.

- Assess Health Literacy in Your Organization - General assessments tools to identify opportunities and barriers for planning purposes and making progress on health literacy.

- CDC Culture and Health Literacy Webpage – Webpage with overview of culture and communication, and tools for organizations to support cross-cultural communication and language access.

- HRSA Health Literacy Webpage - Health Resources and Services Administration (HRSA) health literacy webpage with overview of patient health literacy and strategies for health care professionals.

- AHRQ Patient Education Materials Assessment Tool (PEMAT) and User's Guide - An instrument to assess the understandability and actionability of print and audiovisual patient education materials.

- National Library of Medicine Health Literacy Webpage - Network of the National Library of Medicine health literacy webpage, including overview of definitions, research findings, prevalence and impact.

- PlainLanguage.gov – U.S. government website of the Plain Language Action and Information Network (PLAIN), a community of federal employees dedicated to the idea that citizens deserve clear communications from government. Includes information on laws and regulations, guidelines, examples, training and resources.

- Limited English Proficiency Resources - details related to providing access to information and services for individuals who have difficulty communicating effectively in English.

- The Guide to Providing Effective Communication and Language Assistance Services - information for providing effective communication and language assistance services to culturally and linguistically diverse individuals receiving care and services, including strategies for communicating in a way that considers the cultural, health literacy, and language needs of your patients and their families.

- Census Bureau Reports at Least 350 Languages Spoken in U.S. Homes

- Executive Order 13166 - Improving Access to Services for Persons With Limited English Proficiency

E. Disparity Impact Statement

OMH's disparity impact strategy is a comprehensive data-driven approach for identifying and addressing health disparities to promote health equity for racial and ethnic minority populations. A Disparity Impact Statement refers to the demographic, cultural, and linguistic data that identify the population(s) in which health disparities exist and the quality improvement plan designed to address the noted disparities.

Agencies within the U.S. Department of Health and Human Services offer resources to support developing a Disparity Impact Statement, including the following:

- Building an Organizational Response to Health Disparities: Disparities Impact Statement
- Examples of Disparities Impact Statements

F. Considerations in Plans for Oversight of Federal Funds

To the maximum extent possible, the organization should segregate responsibilities for receipt and custody of cash and other assets; maintaining accounting records on the assets; and authorizing transactions. In the case of payroll activities, the organization, where possible, should segregate the timekeeping, payroll preparation, payroll approval, and payment functions.

Questions for consideration in developing a plan may include:

- Do the written internal controls provide for the segregation of responsibilities to provide an adequate system of checks and balances?
- Are specific officials designated to approve payrolls and other major transactions
- Does the time and accounting system track effort by cost objective?
- Are time distribution records maintained for all employees when his/her effort cannot be specifically identified to a particular program cost objective?
    - Do the procedures for cash receipts and disbursements include: Receipts are promptly logged in, restrictively endorsed, and deposited in an insured bank account?
    - Bank statements are promptly reconciled to the accounting records, and are reconciled by someone other than the individuals handling cash, disbursements and maintaining accounting records?
    - All disbursements (except petty cash or EFT disbursements) are made by pre-numbered checks?
    - Supporting documents (e.g., purchase orders, Invoices, etc.) accompany checks submitted for signature and are marked "paid" or otherwise prominently noted after payments are made?

CalOptima
A Public Agency
Better. Together.

April 15, 2021

Department of Health and Human Services
Office of the Assistant Secretary for Health

C/O Hieu Nguyen, LCSW, MBA
Director of Population Health & Equity
405 W. 5th Street
Santa Ana, CA 92706

Re: MP-CPI-21-006, Proposal for Advancing Health Literacy to Enhance Equitable Community Responses to Covid-19

To Whom It May Concern:

Orange County Health Authority, dba CalOptima, the county organized health system for the County of Orange, California, (CalOptima) is the county's Medi-Cal managed care plan. Pursuant to its contract with the California Department of Health Care Services (DHCS), CalOptima is obligated to arrange and pay for the provision of covered health care services to certain Medi-Cal-eligible beneficiaries in Orange County via the Medi-Cal program. Furthermore, CalOptima is also contracted with federal regulator the Centers for Medicare & Medicaid Services (CMS) and DHCS for three programs that primarily serve seniors, OneCare (HMO SNP), OneCare Connect Cal MediConnect Plan (Medicare-Medicaid Plan) and the Program of All-Inclusive Care for the Elderly (PACE).

The Orange County Health Care Agency (OCHCA) has advised CalOptima that it plans to submit an application under the Advancing Health Literacy to Enhance Equitable Community Responses to COVID-19 Initiative. OCHCA intends to apply for a $4 million grant to target the needs of seniors with chronic conditions, specifically obesity and diabetes, and the providers serving them. OCHCA advised that most funding is expected to be distributed to community organizations and agencies, including Council on Aging, Multi-Ethnic Collaborative of Community Agencies (MECCA), Orange County Aging Services Collaborative, and Orange County Office on Aging. CalOptima was also identified to lend support via the existing agency structure and does not anticipate requesting any funding. The following letter outlines CalOptima's commitment to support the OCHCA application, based on the agency's role in Orange County and needs of members. Such commitment to participate is contingent on approval of that participation by CalOptima's Board of Directors and execution of an appropriate Memorandum of Understanding that details CalOptima's participation in helping to implement the County's project.

CalOptima currently has more than 800,000 low-income Orange County residents as members. More than 40% of members' primary language is not English, including 27% Spanish and 11%

Vietnamese. Other languages with significant representation include Korean, Farsi, Arabic and Chinese. CalOptima's population includes all ages, with approximately 11% as seniors 65+. These members receive care from a robust network of more than 1,500 contracted primary care providers and 7,600 specialists.

Therefore, given the size of CalOptima's senior population and the diverse language needs of the membership, the agency commits to supporting OCHCA's application using existing resources within its Population Health Management (PHM) and Provider Relations/Communications areas. Within PHM, CalOptima has a comprehensive plan of action for addressing needs of culturally diverse members across the continuum of care. CalOptima's PHM strategy aims to ensure the care and services provided to members are delivered in a whole-person-centered, safe, effective, timely, efficient and equitable manner. CalOptima regularly assesses the needs of its population through analysis of quality performance trends, including Healthcare Effectiveness Data and Information Set (HEDIS) results, utilization trends and member experience surveys, and then plans programs accordingly. Utilization and medical diagnoses for members with Medi-Cal Aid Code "Aged" identify diabetes as the second-most prevalent medical condition, affecting 28.7% of this population. In Medi-Cal members 20–64 years, obesity and diabetes rank second and third, affecting 10.5% and 8.7% of members. Lastly, for Medi-Cal members age 65 and older, diabetes is identified as the second-most prevalent medical condition at 30.4% of the population (data tables enclosed).

If OCHCA is awarded, and subject to CalOptima Board of Directors approval as noted above, three CalOptima programs are available to support County efforts:

- Health Education: CalOptima's PHM department employs Registered Dieticians and Certified Diabetes Educators along with other health professionals to support CalOptima's members with diabetes and obesity management. A team of health coaches regularly intervenes in-person or telephonically, and provides culturally appropriate support for areas, such as medication adherence, exercise and diet adjustment. The goal is to decrease A1C values and improve health outcomes.
- Health Materials Validation: CalOptima understands the importance of providing members with understandable health information. The agency promotes health literacy by using appropriate resources and educational tools. In accordance with DHCS and CMS, CalOptima has a well-established process for the readability and suitability review and approval of all written member health education materials. Member health education materials are written to be age appropriate, at no higher than a sixth-grade reading level, in 12-point or 18-point font depending on visual impairment, and available in threshold languages that are culturally and linguistically appropriate for the intended audience. CalOptima intends to support OCHCA with validating content created for targeted

audiences. Validated content is proven to be effective for ongoing management of members with chronic conditions.

- Provider Training and Education: CalOptima has a long history of providing Continuing Medical Education (CME) opportunities for providers on important subjects that support better care for members. In support of the OCHCA application, CalOptima will offer CME training on health literacy in diabetes and obesity management for diverse populations. Such trainings have typically been in person but can be delivered virtually as was done in the past year during the pandemic. Depending on the community environment going forward, CalOptima will offer in-person or virtual programs to raise awareness and enhance the delivery of providers' services. Furthermore, CalOptima also publishes several provider-focused newsletters each year and can routinely include articles focused on health literacy in diabetes and obesity management.

CalOptima strongly supports OCHCA's application as it encourages COVID-19 safety and vaccination among underserved populations. Further, it will assist Orange County in achieving broader goals of health equity by improving health literacy to better reach racial and ethnic minorities, and other vulnerable populations with chronic health conditions.

If you have any questions, please do not hesitate to contact Pshyra Jones, Director Population Health Management at (657) 235-6758 or pjones@caloptima.org.

Sincerely,

Richard Sanchez
Chief Executive Officer

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

19. Consider Recommendations Related to Previously Approved and Prepaid Expenditures in Support of CalOptima's Participation in Community Events Impacted by the COVID-19 Pandemic

Contacts

Richard Sanchez, Chief Executive Officer, (657) 900-1481
Rachel Selleck, Executive Director, Public Affairs, (657) 900-1096

Recommended Actions

1. Authorize the Chief Executive Officer (CEO) to provide the organizers of community events that were cancelled or postponed due to the COVID-19 pandemic one additional year to apply CalOptima's prepayment to a future event. The event must:
    a. Occur on or before June 30, 2022;
    b. Meet the eligibility criteria described in Policy AA.1223: Participation in Community Events by External Entities; and
    c. Be approved for CalOptima's participation by CalOptima's Chief Executive Officer (CEO) or designee.
2. Make a finding that application of the prepayment to one or more future event(s) meeting these criteria are for an acceptable public purpose in support of CalOptima's community partners during the COVID-19 pandemic and are in furtherance of CalOptima's mission and statutory purpose; and
3. Authorize the CEO, with the assistance of Legal Counsel, to execute agreements as necessary for CalOptima's participation in the future event(s).

Background

CalOptima has a long history of participating in community events, health and resource fairs, town halls, workshops, and other public activities in furtherance of the organization's statutory purpose. Consistent with these activities, CalOptima has offered financial participation in public activities from time to time when such participation is in the public good, furthers CalOptima's mission and statutory purpose, encourages broader participation in CalOptima's programs and services, or promotes health and wellness among the populations CalOptima serves in accordance CalOptima Policy AA.1223: Participation in Community Events by External Entities

As a result of the COVID-19 pandemic, CalOptima withdrew participation in several community events, and CalOptima staff stopped attending in-person public activities, including town halls and workshops. Instead, CalOptima staff supported the community by attending virtual meetings and events. On May 7, 2020, CalOptima's Board of Directors authorized CalOptima to provide organizers of community events that were cancelled or postponed due to the COVID-19 pandemic the option of returning CalOptima's prepayments or applying CalOptima's prepayments to one or more future event(s) to occur on or before June 30, 2021. Similarly, flexibility was provided to organizers of events with financial support of $1,000 or less approved by staff in accordance with Policy AA.1223. Due to continued uncertainties related to the COVID-19 pandemic, some community event organizers who had received financial support from CalOptima have not been able to schedule events on or before June 30, 2021. Because of

Back to Agenda

this, staff recommends that the Board authorize an additional one-year extension. Following are summaries of the previously approved events, as applicable, that CalOptima staff are requesting one additional year to apply CalOptima's prepayment to a future event.

Family Voices of California (FVCA)

The Family Voice of California event organizer reported it is unable to coordinate an event within Fiscal Year 2020–21 due to the ongoing pandemic and requested an extension to apply CalOptima's prepayment to an event in FY 2021–22. Below are details about the requesting entity and previously approved event:

- On December 5, 2019, the Board approved up to $5,000 for financial participation in the FVCA 2020 Annual Health Summit and Legislative Day that had been scheduled for on March 15–17, 2020. However, the event was cancelled and is pending a new date.

FVCA is a statewide collaborative of parent advocates focused on improving policies that ensure quality health care for children with special health care needs. FVCA also operates seven parent-run centers, providing information and support so families can make informed decisions about their children's health care. FVCA has been an influential advocacy organization working closely with the Department of Health Care Services and the California Legislature on the Whole-Child Model program. Specifically, FVCA has reached out to Medi-Cal managed care plans, including CalOptima, to support children and families during the California Children's Services transition to the Whole-Child Model. Prior to COVID-19, CalOptima had participated in this event for three years.

Given the high-risk population served by FVCA, the uncertainly of the pandemic and the rising COVID-19 cases and deaths throughout the year, FVCA has not been able to host an in-person event in the current fiscal year. With the availability of vaccines and gradual reopening of the county and state, FVCA is confident it will be able to host an in-person Annual Health Summit and Legislative Day during FY 2021–22.

South County Senior Day: Meeting the Growing Needs of Our Aging Population

The South County Senior Day event organizer reported it is unable to coordinate an event within FY 2020–21 and requested an extension to apply CalOptima's prepayment to a future event in FY 2021–22. Below are details about the requesting entity and previously approved event:

- The Office of Senator Patricia Bates' "South Orange County Senior Day: Meeting the Growing Needs of Our Aging Population" was scheduled for April 5, 2020, with CalOptima's sponsorship at the $1,000 level, but the event was cancelled and is pending a new date.

This event is designed to support the aging population throughout South Orange County by providing educational programs to inform older adults about how to advance their concerns and learn about community resources to address their needs. Older adults have also been identified as a high-risk population with respect to COVID-19. As such, Senator Bates has not been able to host an in-person event, but expects to host the South Orange County Senior Day in FY 2021–22, when state and county

guidance is provided to support safe in-person events. Prior to COVID-19, CalOptima had participated in this event for two years.

CalOptima has a strong history of supporting the community's most vulnerable populations and collaborating with community partners, providers and key stakeholders to meet the needs of the community, and we will continue to do so consistent with federal, state and local guidance. With Governor Newsom's recent announcement of California's intended reopening on June 15, 2021, staff recommends providing FVCA and the Office of Senator Bates an additional one-year extension to apply previously prepaid participation fees to one or more future event(s) provided that such events are approved by CalOptima's CEO, meet the criteria set forth in Policy AA.1223: Participation in Community Events by External Entities, and are held on or before June 30, 2022. Further, staff requests that the Board make a finding that application of the prepayment to one or more future event(s) meeting these criteria is for an acceptable public purpose in support of CalOptima's community partners impacted by the COVID-19 pandemic and in furtherance of CalOptima's mission and statutory purpose.

In making these recommendations, staff has considered the immediate financial burden many of our community partners are experiencing, their primary focus on serving our members and others in the community, CalOptima's relationships with FVCA and the Office of Senator Bates, and their history of hosting similar events in the past. Staff understands that there may be a risk in this approach as the community organization may not host a future event or the community organization may not be in operation to host a future event. Staff is making these recommendations in support of the community organization despite the potential risks.

Fiscal Impact

There is no additional fiscal impact to the CalOptima Fiscal Year 2020-21 Operating Budget.

Rationale for Recommendation

Staff recommends approval of the recommended actions in response to the COVID-19 pandemic in order to continue to support community partners, such as FVCA and the Office of Senator Bates, and public activities that reflect CalOptima's mission.

Concurrence

Gary Crockett, Chief Counsel

13. Consider Recommendations Related to Previously-Approved Expenditures in Support of CalOptima's Participation in Community Events Impacted by the COVID-19 Pandemic

Contact

Candice Gomez, Executive Director, Program Implementation, 714-246-8400

Recommended Actions

1. Authorize CalOptima to provide organizers of community events that have been cancelled or postponed due to the COVID-19 pandemic the option of either refunding CalOptima's prepayments or, alternatively, applying CalOptima's prepayments to one or more future event(s) provided that the events:
    a. Occur on or before June 30, 2021;
    b. Meet the eligibility criteria described in Policy AA.1223 ~~1123~~: Participation in Community Events by External Entities, and
    c. Are approved for CalOptima's participation by CalOptima's Chief Executive Officer (CEO).
2. Make a finding that application of prepayments to one or more future event(s) meeting these criteria are for an acceptable public purpose in support of CalOptima's community partners during the COVID-19 pandemic and are in furtherance of CalOptima's mission and statutory purpose; and
3. Authorize the CEO, with the assistance of Legal Counsel, to execute agreements as necessary for CalOptima's participation in the future events.

Rev. 5/7/20

Background/Discussion

On January 31, 2020, the Secretary of U.S. Department of Health and Human Services declared a public health emergency under section 319, of the Public Health Service Act (42 U.S.C. 247d) in response to a novel coronavirus known as SARS-CoV-2 (COVID-19). On February 27, 2020, Orange County declared a local health emergency. The Governor of California declared a State of Emergency on March 4, 2020. On March 11, 2020, the World Health Organization declared the coronavirus a pandemic. On March 13, 2020, the President declared a national emergency based on the spread of the coronavirus.

On March 11, 2020, the Orange County Health Care Agency provided recommendations for COVID-19 community mitigation strategies. While social distancing has been encouraged to limit the spread of COVID-19, beginning on March 17, 2020, state and local agencies began implementing stay-at-home orders to prohibit professional, social and community gatherings outside of a list of "essential activities." As a result, CalOptima is not attending any-in person community events, health and resource fairs, town halls, workshops, and other public activities while the stay-at-home orders are in effect. Additionally, most community events and resource fairs have been cancelled, postponed or have transitioned to an alternate platform in response to COVID-19.

The CalOptima Board of Directors (Board) approved expenditures in support of CalOptima's participation in the following community events that have been cancelled or postponed due to stay-at-home orders:

Back to Item
Back to Agenda

- On December 5, 2019, the Board approved up to $5,000 financial participation in the Family Choices of California 2020 Annual Health Summit and Legislative Day on March 15–17, 2020, which has now been postponed to October 4–6, 2020;
- On February 6, 2020, the Board approved up to $2,000 in financial and staff participation at the Iranian American Community Group's 7th Annual Persian Nowruz Festival on March 22, 2020, which was cancelled;
- On March 5, 2020, the Board approved up to $2,000 in financial and staff participation at the Access California Services' 3rd Annual Peace of Mind: A Family and Wellness Event on April 5, 2020, which was cancelled;
- On March 5, 2020, the Board approved up to $2,000 in financial and staff participation at the Arts Orange County 8th Annual Dia del Nino Festival on April 18 and 19, 2020, which was cancelled; and
- On March 5, 2020, the Board approved up to $2,500 financial and staff participation at the Kid Healthy 9th Annual Cooking Up Change–Greater Orange County Event in Santa Ana on April 23, 2020, which has been postponed to a future date not yet determined.

CalOptima recognizes the unprecedented health and economic challenges our community, community partners and members are experiencing due to the COVID-19 pandemic. CalOptima has a strong history of supporting the community's most vulnerable populations and collaborating with community partners, providers and key stakeholders to meet the needs of the community and will continue to do so consistent with federal, state and local guidance. As such, staff recommends providing event organizers the option to refund previously pre-paid participation fees or apply fees to one or more future event(s) provided that such future event(s) are approved by CalOptima's CEO, meet the criteria set forth in Policy AA.1223 ~~1123~~ Participation in Community Events by External Entities, and are held on or before June 30, 2021. *Rev. 5/7/20*

In making these recommendations, staff has considered the immediate financial burden many of our community partners are experiencing, their primary focus on serving our members and others in the community, as well as CalOptima's relationships with the agencies and their history of hosting similar events in the past. Staff understands that there may be a risk in this approach as the community organization may not host a future event or the community organization may not be in operation to host a future event. Staff is making these recommendations in support of the community organizations despite the potential risks.

Fiscal Impact

There is no additional fiscal impact to the CalOptima Fiscal Year 2019-20 Operating Budget.

Rationale for Recommendation

Staff recommends approval of the recommended actions in response to the COVID-19 pandemic in order to continue to support community partners and provider activities that offer opportunities that reflect CalOptima's mission. Any refunds received would be returned to CalOptima's reserves.

Action To Be Taken December 5, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

18 Consider Authorizing Expenditures in Support of CalOptima's Participation in Community Events

Contact

Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Actions

1. Authorize expenditures for CalOptima's participation in the following community events:
    a. Up to $10,000 and staff participation at the Vietnamese Community of Southern California (VNCSC) 2019 Year of the Rat Tet Festival in Fountain Valley on January 25-26, 2020;
    b. Up to $10,000 and staff participation at the Union of Vietnamese Student Associations Southern California (UVSA) 39th Annual Tet Festival Year of the Rat in Costa Mesa on January 25-26, 2020; and
    c. Up to $5,000 for CalOptima's participation in the Family Voices of California (FVCA) 2020 Annual Health Summit and Legislative Day on March 15-17, 2020 in Sacramento;
2. Make a finding that such expenditures are for a public purpose and in furtherance of CalOptima's mission and statutory purpose; and
3. Authorize the Chief Executive Officer to execute agreements as necessary for the events and expenditures.

Background

CalOptima has a long history of participating in community events, health and resource fairs, town halls, workshops, and other public activities in furtherance of the organization's statutory purpose. Consistent with these activities, CalOptima has offered financial participation in public activities from time to time when such participation is in the public good, in furtherance of CalOptima's mission and statutory purpose, and encourages broader participation in CalOptima's programs and services, or promotes health and wellness among the populations CalOptima serves. As a result, CalOptima has developed and cultivated a strong reputation in Orange County with community partners, providers and key stakeholders.

Requests for participation are considered based on several factors, including: the number of people the activity/event will reach; the marketing benefits accrued to CalOptima; the strength of the partnership or level of involvement with the requesting entity; past participation; staff availability; and available budget.

Discussion

The recommended events will provide CalOptima with opportunities to conduct outreach and education to current and potential members, increase access to health care services, meet the needs of our community, and develop and strengthen relationships with our community partners.

Back to Item

Back to Agenda

a. **Vietnamese Community of Southern California (VNCSC) 2020 Year of the Rat Tet Festival in Fountain Valley**.
Staff recommends the authorization of expenditures for participation in the Lunar New Year Tet Festival scheduled in Fountain Valley. This event celebrates the new lunar year and preserves the Vietnamese culture and traditions with the surrounding community. The event will provide CalOptima opportunities to interact with our Vietnamese members and other festival attendees and share information about CalOptima's programs and services. Vietnamese members comprise approximately eleven percent of CalOptima's total membership. CalOptima has participated in this event for six years. Staff recommends CalOptima's continued support for this event with a $10,000 financial commitment for 2020, which includes the following: One (1) 20x20 exhibitor booth in a prime location, two, three (3) 3' x 8' banner displays, twenty (20) mentions on stage, twenty-five (25) radio impressions, fifteen (15) television impressions, and full ad on ten thousand (10,000) fliers distributed throughout the OC and two (2) 8'x 8' back drop on Tet Festival stage. The event organizer anticipates more than 20,000 visitors throughout the day. This is an educational event that will allow staff to provide outreach and education to the Vietnamese community and serve members speaking one or more of CalOptima's threshold languages. Employee time will be used to participate in this event. Employees will have an opportunity to interact with current and potential members to share information about all CalOptima's programs and services with this under-served and hard to reach population.

b. **The Union of Vietnamese Student Associations Southern California (UVSA) 39th Annual Year of the Rat Tet Festival in Costa Mesa.** Staff recommends the authorization of expenditures for participation in the Lunar New Year Tet Festival scheduled in Costa Mesa. This event celebrates the new lunar year and preserves the Vietnamese culture and traditions with the surrounding community. The event will provide CalOptima opportunities to interact with our Vietnamese members and other festival attendees and share information about CalOptima's programs and services. Vietnamese members comprise approximately eleven percent of CalOptima's total membership. CalOptima has participated in this event for thirteen years. Staff recommends CalOptima's continued support for this event with a $10,000 financial commitment for 2020, which includes the following: Five (5) minute speaking opportunity, one (1) 20x 20 exhibitor booth in a prime location, twenty (20) admission tickets, two (2) three day admission badges, one (1) banner display near the main entrance, logo link on event website for one (1) year, full page program color ad, pageant program full page ad, Employee time will be used to participate in this event. Employees will have an opportunity to interact with current and potential members to share information about CalOptima's programs and services.

c. **Family Voices of California (FVCA) 2020 Annual Health Summit and Legislative Day in Sacramento.** Staff recommends the authorization of expenditures for participation in FVCA's Annual Health Summit and Legislative Day scheduled in Sacramento. FVCA is a statewide collaborative of parent advocates focused on improving policies that ensure quality health care for children with special needs. FVCA also operates seven parent-run centers, providing information and support so families can make informed decisions about their children's health care. FVCA has been an influential advocacy organization working closely with DHCS and the Legislature on the Whole-Child Model program. Specifically, FVCA has

Back to Item
Back to Agenda

reached out to Medi-Cal managed care plans, including CalOptima, to support Orange County children and families during the California Children's Services transition to the Whole-Child Model. CalOptima has participated in this event for three years. Staff recommends CalOptima's continued support for this event with a $5,000 financial commitment for 2020, which includes the following: Verbal recognition at the Summit, CalOptima logo on the Summit materials and social media, one (1) CalOptima branded item in attendee packets and Summit attendance for two (2) representatives.

CalOptima staff has reviewed the request and it meets the consideration for participation as established in CalOptima Policy AA. 1223: Participation in Community Events Involving External Entities, including the following:

1. The number of people the activity/event will reach;
2. The marketing benefits accrued to CalOptima;
3. The strength of the partnership or level of involvement with the requesting entity;
4. Past participation;
5. Staff availability; and
6. Available budget.

CalOptima's involvement in community events is coordinated by the Community Relations Department. The Community Relations Department will take the lead to coordinate staff schedules, resources, and appropriate materials for the event.

As part of its consideration of the recommended actions, approval of this item would be based on the Board making a finding that the proposed activities and expenditures are in the public interest and in furtherance of CalOptima's statutory purpose.

Fiscal Impact

Funding for the recommended action of up to $25,000 is included as part of the Community Events budget under the CalOptima Fiscal Year 2019-20 Operating Budget approved by the CalOptima Board of Directors on June 6, 2019.

Rationale for Recommendation

Staff recommends approval of the recommended actions in order to support community and provider activities that offer opportunities that reflect CalOptima's mission, encourage broader participation in CalOptima's programs and services, promote health and wellness, and/or develop and strengthen partnerships in support of CalOptima's programs and services.

November 6th 2019

Dear Cal Optima,

We are writing you this letter concerning a sponsorship opportunity to celebrate the upcoming Lunar New Year 2020, the Year of the Rat.

Vietnamese Community of Southern California (VNCSC) has the honor of being selected to work with County of Orange and OC Park for the celebration of the 2020 OC Tet Festival at Mile Square Regional Park in Fountain Valley, from January 24th to January 26th 2020. This 3-day special event is free admission and open to public.

This is the fourth annual Tet Festival held at Mile Square Park, which, in past years, had attracted more than eighty thousands of Southern Californians and out-of-state visitors. This is a cost-effective opportunity to promote your business, and we would like to invite you to become one of our Major Gold Sponsors as last year.

A $10,000.00 sponsorship packages will provide you:
> 20’ x 20’ booth in prime location at the Tet Festival Mile Square Park
> Three (3) 3’ x 8’ banner displays
> Twenty (20) mentions on stage
> Twenty-five (25) radio impressions
> Fifteen (15) television impressions
> Full ad size 5.5 x 8 inches (the other side will be Tet Festival announcement) on ten thousand (10,000) flyers distributed throughout Orange County prior to the event.
> Two (2) 8’ x8’back drop on Tet Festival Stage.

For almost 30 years, the VNCSC has been a strong and influential voice for Little Saigon, the largest and most established community of Vietnamese expatriates in the world. With the collaboration of other non-profit organizations, we have provided resources to help our many members of the community at large and to preserve the Vietnamese Culture and Heritage.

The name and reputation of your business will not only be remembered by our patrons who came to the event, but also be known by their relatives and friends at home, too. The exposure of your company therefore would be significant and we cordially invite you to join our activities in order to reach out one of the most vibrant Vietnamese American Communities of the world and becomes a prestigious sponsor for the Vietnamese Cultural Village in this special event.

Your contribution can definitely make a difference and we are looking forward to building a successful partnership with your company. All any additional information, please feel free to contact us at:

TẾT FESTIVAL SPONSORSHIP PROPOSAL

JANUARY 24-26, 2020
OC FAIR & EVENT CENTER

Celebrating the Year of the Rat

Back to Item
Back to Agenda

DEAR PROSPECTIVE SPONSOR,

The Union of Vietnamese Student Associations Southern California (UVSA) is proud to submit this proposal for your review. We wish to provide your organization with unique and advantageous marketing opportunities to promote your brand and business to our diverse audience.

The 39th Annual UVSA Tết Festival will take place between January 24 to 26, 2020 at OC Fair & Event Center — adjacent to Costa Mesa, Newport Beach, Santa Ana, and Irvine. The event attracts upwards to 50,000 guests, encompassing a multi-ethnic populace with strong Asian American presence.

The event is recognized as the most distinguished Vietnamese Lunar New Year celebration in the nation for many reasons:

- UVSA has hosted the largest Tết Festival in the nation with 38 continuous years of success
- UVSA is one of the four pillars upholding the Vietnamese community in cooperation with the Vietnamese American Federation of Southern California, the Coalition of Vietnamese Armed Forces, and the Association of Vietnamese Language & Culture Schools of Southern California
- We are the strongest Vietnamese youth organization in the country and we represent students and young professionals in the Santa Barbara, Los Angeles, Riverside, San Bernardino, and San Diego counties
- Our involvement in the community is built upon cultural awareness, education, and social and civic engagement
- We provide leadership opportunities to over 300 volunteers
- UVSA is a 501(c)(3) charitable organization and has awarded over $1,500,000 in festival proceeds to deserving non-profit organizations across Southern California

We cordially invite your team to join us this year in making UVSA Tết Festival the most spectacular yet! We look forward to building a partnership with you as we welcome the Year of the Rat with prosperity and success for all. Thank you for your consideration.

Sincerely,

Nguyen D. Nguyen

HOSTING ORGANIZATION

ABOUT The Union of Vietnamese Student Associations of Southern California (UVSA) is a 501(c)(3) non-profit, non-partisan, community-based organization founded in 1982 consisting of students, alumni, young professionals, and community leaders. Our mission is to bring together Vietnamese American students and young professionals across Southern California to build unity, to serve the community, and to advocate for social justice issues that affect our community domestically and in Vietnam.

GRANTS Each year, half of net profits from the event are allocated towards the Tết Community Assistance Fund. Over the past 15 years, UVSA has awarded over $1.5 million to help Southern California non-profit organizations initiate community enrichment programs.

MEMBERS UVSA was founded on volunteerism and continues to be a 100% volunteer-based organization. With over 50 year-round staff, 300 project staff, and 500 day-of volunteers, UVSA strives to equip each volunteer with skillsets that will help them excel in their professional careers. Additionally, UVSA partners with local, self-governing Vietnamese student associations from the following universities:

- Chapman
- Cal Poly Pomona
- CSU Fullerton
- CSU Long Beach
- CSU Northridge
- San Diego State
- UC Irvine
- UC Riverside
- UC Santa Barbara
- UC San Diego
- University of Southern California

DEMOGRAPHICS & STATISTICS

According to the 2018 U.S. Census, 1,548,449 people identify as Vietnamese, ranking them fourth among the Asian American groups; 447,032 (40%) of them live in California. The largest Vietnamese population outside of Vietnam is found in Southern California—totaling over 300,000 members from Los Angeles, Orange, and San Diego counties. Vietnamese American businesses continue to grow in areas such as Garden Grove and Westminster while rapidly extending lucrative development to surrounding cities.

KEY BENEFITS

The success of this event depends on the generosity of sponsors. In return, UVSA aims to provide sponsor with the following benefits:

- Brand awareness and brand loyalty from current and prospective buyers
- High-level media exposure from local television stations, radio stations, magazines, newspapers, and advertisements
- Large-scale onsite product promotion and face-to-face customer interaction
- Positive public outreach and market response
- Recognition as an industry leader above competitors

CalOptima

Re: Sponsorship Request for Family Voices of CA 2020 Health Summit

Dear Tiffany:

Family Voices of California (FVCA) provides families of children and youth with special health care needs (CYSHCN) with information, tools, and support to advocate for better access to high quality care. We build partnerships, inform stakeholders, and foster parent engagement to give families a voice in healthcare policy making.

We would like to request sponsorship from CalOPtima for our 2020 Annual Health Summit and Legislative Day, which will be held on March 15-17, 2020 in Sacramento so that we may continue to advance these efforts. CalOPtima's sponsorship would specifically support family members from Orange County who are in the Whole Child Model program to attend the Summit. The funds will cover their travel, lodging, meals and a stipend for the 2 ½ days of meetings.

Advocates, health care providers and professionals, government representatives, and legislators and staff will join parents and caregivers for updates on health policy issues facing CYSHCN. Speakers will provide policy and program updates, and families will share perspectives on the impact of policies on their lives. The Summit will be followed by legislative meetings at the State Capitol, where families will educate lawmakers about the issues they face and put a personal face on the impact of legislation and budget decisions.

With your sponsorship we can make our 2020 Summit a great success by:

- Educating and informing parents and decision makers about critical issues facing CYSHCN.
- Building collaboration among families, legislators, regulators, providers, and community based organizations to increase parent involvement at all levels of community and government health policy making.
- Engaging parents in policymaking through legislative meetings.

Nearly 100% of those attending our 2019 Summit agreed that the support, information, and resources they received helped them feel more confident about getting their child the health care and services they need; and as a result they took action during Legislative Day and beyond. With your support FVCA can continue our work to advance public policies and system improvements that will help families of CYSHCN access the care they need.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken February 6, 2020
Regular Meeting of the CalOptima Board of Directors

Report Item
18. Consider Authorizing Expenditures in Support of CalOptima's Participation in Community Event

Contact
Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Actions
1. Authorize expenditure for CalOptima's participation in the following community event:
    a. Up to $2,000 and staff participation at the Iranian American Community Group's 7th Annual Persian Nowruz Festival in Irvine on March 22, 2020;
2. Make a finding that such expenditures are for a public purpose and in furtherance of CalOptima's mission and statutory purpose; and
3. Authorize the Chief Executive Officer to execute agreements as necessary for the event and expenditures.

Background
CalOptima has a long history of participating in community events, health and resource fairs, town halls, workshops, and other public activities in furtherance of the organization's statutory purpose. Consistent with these activities, CalOptima has offered financial participation in public activities from time to time when such participation is in the public good, in furtherance of CalOptima's mission and statutory purpose, and encourages broader participation in CalOptima's programs and services, or promotes health and wellness among the populations CalOptima serves. As a result, CalOptima has developed and cultivated a strong reputation in Orange County with community partners, providers and key stakeholders.

Requests for participation are considered based on several factors, including: the number of people the activity/event will reach; the marketing benefits accrued to CalOptima; the strength of the partnership or level of involvement with the requesting entity; past participation; staff availability; and available budget.

Discussion

The recommended event will provide CalOptima with opportunities to conduct outreach and education to current and potential members, increase access to health care services, meet the needs of our community, and develop and strengthen partnerships.

a. **Iranian American Community Group's 7th Annual Persian Nowruz Festival.** Staff recommends the authorization of expenditures for participation in the Iranian American Community Group's 7th Annual Persian Nowruz Festival. This is an educational event celebrating the Persian New Year that highlights the culture and traditions of the Persian community. The event will include cultural performances, traditional foods and resource

tables. This event provides an opportunity to share information about CalOptima's programs and services with our members who speak Farsi, which is one of CalOptima's threshold languages. A $2,000 financial commitment for the Iranian American Community Group's 7th Annual Nowruz Festival includes: CalOptima's name and logo on recognition banner, event program and announcement on main stage, one (1) resource booth and invitation to VIP tent at the event. The event draws nearly 4,500 annually from the Persian community, Persian organizations and their members and Iranian-American community leaders. Employee time will be used to participate in this event. Employees will have an opportunity to interact with current and potential members who speak Farsi and share information about CalOptima's programs and services.

CalOptima staff has reviewed the request and it meets the requirements for participation as established in CalOptima Policy AA. 1223: Participation in Community Events Involving External Entities, including the following:

1. The number of people the activity/event will reach;
2. The marketing benefits accrued to CalOptima;
3. The strength of the partnership or level of involvement with the requesting entity;
4. Past participation;
5. Staff availability; and
6. Available budget.

CalOptima's involvement in community events is coordinated by the Community Relations Department. The Community Relations Department will take the lead to coordinate staff schedules, resources, and appropriate materials for the event.

As part of its consideration of the recommended actions, approval of this item would be based on the Board making a finding that the proposed activities and expenditures are in the public interest and in furtherance of CalOptima's statutory purpose.

Fiscal Impact

Funding for the recommended action of up to $2,000 is included as part of the Community Events budget under the CalOptima Fiscal Year 2019-20 Operating Budget approved by the CalOptima Board of Directors on June 6, 2019.

Rationale for Recommendation

Staff recommends approval of the recommended actions in order to support a community activity that offers an opportunity that is in alignment with CalOptima's mission, encourages broader participation in CalOptima's programs and services, promotes health and wellness, and/or develops and strengthens partnerships in support of CalOptima's programs and services.

Nowruz 2020
Persian New Year Celebration

March 22, 2020
Bill Barber Community Park, Irvine, CA

Dear Nowruz Sponsor:

On behalf of Nowruz 2020 Iranian American Community Group (IACG) Festival Committee, I am pleased to invite you to join our circle of sponsors to support this exciting cultural event.

On Sunday, **March 22, 2020, from 1-6 pm,** the Persian community will celebrate the **7th Annual Persian Nowruz Festival (Eid)** at the Rose Garden at Bill Barber Community Park (next to Irvine's city hall), in Irvine, California.

For thousands of years Iranians have celebrated Nowruz as the beginning of the year. The colorful celebration of Nowruz marks the beginning of spring and Persian New Year, which is a time to begin a new life, and the first day of spring.

Since 2014, volunteers from several supporting non-profit organizations gather annually to create an extraordinary event to showcase the rich Persian culture. This fun event includes free entrance to the festival, music, dance, children's activities, Persian cuisine, and much more. The number of participants has grown steadily over the years to nearly 4,500 annually. This year we expect that number to be even greater.

Sponsorship of Nowruz provides your business with a unique opportunity to reach thousands of Iranian-Americans living in Southern California. While engaging and inspiring, your participation will allow you to extend your loyalty to Persian culture among thousands of visitors to the festival.

The enclosed materials provide information on the levels of sponsorship and the benefits associated with each level. Please take this opportunity to become involved with the community while promoting Persian culture and your business to thousands of attendees.

We look forward to recognizing you as one of our major sponsors at Nowruz 2020. Please e-mail us at iacgroupoc@gmail.com with any questions you may have.

Best Regards,

Kamran Taghdiri, PhD, IAC Nowruz Executive Director & CFO
Nowruz Festival Committee

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken March 5, 2020
Regular Meeting of the CalOptima Board of Directors

Report Item

22. Consider Authorizing Expenditures in Support of CalOptima's Participation in Community Events

Contact

Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Actions

1. Authorize expenditure for CalOptima's participation in the following community events:
    a. Up to $2,000 and staff participation at Access California Services' 3rd Annual Peace of Mind: A Family and Wellness Event in Santa Ana on April 5, 2020;
    b. Up to $2,000 and staff participation at the Arts Orange County's 8th Annual Dia del Nino Festival on Saturday and Sunday, April 18 and 19, 2020;
    c. Up to $2,500 and staff participation at Kid Healthy's 9th Annual Cooking Up Change Greater Orange County Event in Santa Ana on April 23, 2020; and
2. Make a finding that such expenditures are for a public purpose and in furtherance of CalOptima's mission and statutory purpose; and
3. Authorize the Chief Executive Officer to execute agreements as necessary for the events and expenditures.

Background

CalOptima has a long history of participating in community events, health and resource fairs, town halls, workshops, and other public activities in furtherance of the organization's statutory purpose. Consistent with these activities, CalOptima has offered financial participation in public activities from time to time when such participation is in the public good, in furtherance of CalOptima's mission and statutory purpose, and encourages broader participation in CalOptima's programs and services, or promotes health and wellness among the populations CalOptima serves. As a result, CalOptima has developed and cultivated a strong reputation in Orange County with community partners, providers and key stakeholders.

Requests for participation are considered based on several factors, including: the number of people the activity/event will reach; the marketing benefits accrued to CalOptima; the strength of the partnership or level of involvement with the requesting entity; past participation; staff availability; and available budget.

Discussion

The recommended events will provide CalOptima with opportunities to conduct outreach and education to current and potential members, increase access to health care services, meet the needs of our community, and develop and strengthen partnerships.

Back to Agenda
Back to Agenda
Back to Item

a. **Access California Services' 3rd Annual Peace of Mind: A Family and Wellness Event.** Staff recommends the authorization of expenditures for participation in Access California Services' Family Wellness Event. This is an educational event with a focus on mental health to address behavioral health challenges, stigma, cultural barriers, acculturation, and access to health/mental health services. CalOptima will have an opportunity to highlight behavioral health services available to our members. This event also provides an opportunity for CalOptima to interact with our members who speak the threshold languages of Arabic and Farsi and other attendees about our behavioral health services. A $2,000 financial commitment for Access California Services' 3rd Annual Peace of Mind Family Wellness Event includes: Opportunity for CalOptima leadership to share information about CalOptima's behavioral health services, CalOptima's name and logo on all marketing materials, one (1) resource booth and verbal recognition on the day of the event. Employee time will be used to participate in this event. Employees will have an opportunity to interact with current and potential members who speak Arabic and Farsi and share information about CalOptima's programs and services.

b. **Arts Orange County's 8th Annual Dia del Nino Festival.** Staff recommends the authorization of expenditures for participation in the Arts Orange County's Annual Dia del Nino Festival. This is an educational event and resource fair with 30 interactive arts workshops and performances by professional guest artists and community artists to celebrate the richness and cultural heritage of Orange County's Latino community. This event attracts over 10,000 attendees and provides CalOptima an opportunity to share information about our programs and services with our Latino membership, which comprises approximately 45% of our total membership. Employee time will be used to participate in this event. A $2,000 financial commitment for the Arts Orange County's 8th Annual Dia del Nino Festival includes: One (1) resource booth, CalOptima's name and logo on event promotional materials and social media and invitation for CalOptima leadership to be recognized at the event.

c. **Kid Healthy's 9th Annual Cooking Up Change Greater Orange County Event.** Staff recommends the authorization of expenditures for participation in Kid Healthy's Cooking Up Change Greater Orange County Event. This event is a collaboration with school districts throughout Orange County to empower students to create and advocate for healthy school meals. Students from low-income schools are provided a platform to transform the school lunch menu using cost guidelines and high nutrition standards and to develop their leadership skills. Twelve high school teams from the cities of Anaheim, Santa Ana, Fullerton, Buena Park, Garden Grove, La Habra and Whittier compete in this event. This event provides CalOptima an opportunity to share information about our programs and services with our members. A $2,500 financial commitment for Kid Healthy's 9th Annual Cooking Up Change Greater Orange County Event includes: One (1) resource booth, CalOptima's name and logo on event signage, social media and video, complimentary event tickets for six, and invitation for VIP reception for two. Employee time will be used to participate in this event. Employees will have an opportunity to interact with current and potential members to share information about CalOptima's programs and services. This event also provides CalOptima an opportunity to strengthen our relationship with the school districts serving our members.

CalOptima staff has reviewed the request and it meets the requirements for participation as established in CalOptima Policy AA. 1223: Participation in Community Events Involving External Entities, including the following:

1. The number of people the activity/event will reach;
2. The marketing benefits accrued to CalOptima;
3. The strength of the partnership or level of involvement with the requesting entity;
4. Past participation;
5. Staff availability; and
6. Available budget.

CalOptima's involvement in community events is coordinated by the Community Relations Department. The Community Relations Department will take the lead to coordinate staff schedules, resources, and appropriate materials for the event.

As part of its consideration of the recommended actions, approval of this item would be based on the Board making a finding that the proposed activities and expenditures are in the public interest and in furtherance of CalOptima's statutory purpose.

Fiscal Impact
Funding for the recommended action of up to $6,500 is included as part of the Community Events budget under the CalOptima Fiscal Year 2019-20 Operating Budget approved by the CalOptima Board of Directors on June 6, 2019.

Rationale for Recommendation
Staff recommends approval of the recommended actions in order to support community activities that offer opportunities that are in alignment with CalOptima's mission, encourages broader participation in CalOptima's programs and services, promotes health and wellness, and/or develops and strengthens partnerships in support of CalOptima's programs and services.

Arts Orange County's Día del Niño 2020

BRIEF DESCRIPTION OF PROJECT:

"Día del Niño," a free admission two-day festival, April 18-19, 2020, features daily 30 interactive arts workshops and performances by professional guest artists and community artists. It celebrates the artistic richness and cultural heritage of Orange County's multi-faceted Latino community through engaging arts experiences, connects residents to local arts organizations, provides them with access to new artistic disciplines, and fosters creativity and exploration among children and families of all backgrounds and heritages. Expected attendance: 10,000.

REQUEST AMOUNT: $10,000

TOTAL PROJECT BUDGET: $95,000

PRIMARY POPULATION: FAMILIES

NUMBER OF PEOPLE SERVED: 10,000

ORGANIZATION'S MISSION & VISION:

Arts Orange County's mission is to be the leader in building appreciation of, participation in, and support for the arts and arts education in Orange County, California. It aspires to play a key role in advancing the success of Orange County's creative community through excellence in its programs and services, advocacy

Fern Street Circus at the 2018 and 2019 Dia del Ninos will again conduct workshops at the 2020 event.

efforts that result in increased private and public investment in arts and culture, community cultural planning, the expansion of art in public places, the full restoration of standards -based arts instruction in the public schools, equitable access to arts experiences countywide, and a thriving business community that embraces creativity and innovation. Governed by a diverse Board of Directors comprised of artists, leaders of arts organizations, the County Superintendent of Schools, leaders in higher education and business, and arts patrons, ArtsOC serves over 600 arts & culture organizations countywide. ArtsOC offers high quality core programs and services typical of local arts agencies that are supplemented with consulting services that are quite unusual for an organization of its type and serve an important local need.

This painting workshop was popular at the 2018 and 2019 Dia del Ninos and is being offered again at this year's event.

WHAT RESULTS/IMPACT HAS YOUR ORGANIZATION ACHIEVED IN THE PAST THREE YEARS TOWARD MISSION?

ArtsOC has played a leading role in advocacy efforts at the local, state, and national level that have resulted in significant gains in the restoration of public funding for arts & culture that was decimated during the recession. This has brought tens of thousands of dollars in new and increased funding for arts organizations and for public schools in Orange County. With greater focus upon creative placemaking as a tool to help invigorate city life, ArtsOC has played a leading role in the installation of art in public places in Santa Ana, Costa Mesa, and Newport Beach as consultants and managers on contract with local government and nonprofit organizations. Additionally, ArtsOC has been at the forefront of programmatic innovation through being selected for pilot programs utilizing the arts for therapeutic purposes (our VOICES: Veterans Storytelling

Crowds of all ages loved the performances by Relampago del Cielo at the 2018 and 2019 Dia del Nino.

Project), re-entry for offenders (Arts in OC Jail Project), and providing entry-level arts experiences for the underserved, as evidenced in the "Dia del Nino" Festival for which we are seeking Pacific Life Foundation support.

WHAT CHALLENGES HAS YOUR ORG FACED OVER PAST 3 YEARS AND HOW HAVE YOU MET THEM?

Nonprofit local arts agencies, like Arts Orange County, are at a competitive disadvantage in attracting support within the philanthropic marketplace--largely because the work they do is behind the scenes and in support of other arts organizations that have the natural attraction of constituencies through producing and presenting work. Additionally, a countywide organization like ours attempting to serve 34 cities, with their own identities and indigenous arts communities, has its work cut out for it to be effective. Probably the most effective tool in addressing these particular challenges has been ArtsOC's growing role as a cultural planner on contract with local municipalities. The planning process has created a by-product of building image and awareness of ArtsOC's mission and brand. Cultural planning work for Irvine, Mission Viejo, Newport

Dance of the Jaguar performing at the 2019 Dia del Nino will return for 2020.

Beach and Costa Mesa has raised ArtsOC's profile considerably and connected it to new sources of support. Additional cities learn of ArtsOC's planning services directly or through their colleagues, and the demand shows signs of continuing to grow.

WHAT IS THE CHALLENGE OR OPPORTUNITY THIS PROJECT ADDRESSES?

The Latino community constitutes more than one-third of Orange County's overall population, there is limited representation of Latino arts and culture in the offerings of established organizations countywide, and a community "Dia del Nino" festival offered by another community arts organization was discontinued after a one-time presentation.

These led ArtsOC in 2012 to initiate its "Dia del Nino" festival, which will enter its ninth year in 2020. It was important to us from the beginning that the festival be authentic, be curated and presented in partnership with a local Latino community arts organization, that the event would go well beyond offering simply a passive

Emily, a well-known Tejano singer will bring her sensational voice and smile to the 2020 Dia del Nino.

experience to attendees, and that each person who attends is directly engaged to participate and explore their own creativity in a variety of ways.

ANTICIPATED IMPACT OF PROJECT

"Dia del Nino" is designed to inspire lifelong learning and participation in the arts among 10,000 children and adults, to broaden the community's understanding of Latin-American arts & culture, to showcase talented student and amateur artists, to provide employment to outstanding professional teaching artists and world-class performing artists, and to introduce families to important local arts organizations, classes and agencies available throughout the county to continue their cultural exploration, enjoyment and artistic development.

KEY ELEMENTS OF THE PROJECT

To achieve the stated results, we will collaborate with a respected Latino community arts organization (Media Arts Santa Ana) together with which we will employ a curatorial approach that embraces presenting major national and regional Latin-American performers, including Grammy Award-winning recording

Claudia de la Cruz is a nationally-known flamenco artist who will perform and teach at the festival.

artists, and the best local community artists and student talent from schools throughout Orange County.

All festival communications will be bilingual (English and Spanish) and the festival location will be fully accessible to those with disabilities. We will promote the event widely through the OC Department of Education, OC Public Libraries, shops and restaurants in Latino neighborhoods, a schedule of PSAs on KOCE-TV, the Los Angeles/Orange County flagship PBS station, and our media partner La Ranchera 96.7 FM, a popular Spanish-language Southern California radio station that reaches 420,000 listeners.

Throughout the days of the festival, there will be continuous performances on stage by such performing artists as the Latin Grammy Award-winning “kindie” band Lucky Diaz and the Family Jam Band (Día del Niño 2018), Grammy Award-nominated all-string Latin-American ensemble Trio Ellas (Día del Niño 2016-19), Latin Grammy nominee Ciro Hurtado, original and traditional Andean guitar music (Día del Niño 2014), Mariachi Divas, multiple Grammy Award-winning all-female mariachi band (Día del Niño 2016), Relámpago del Cielo Grupo Folklorico, a 40

Student performers are part of the offerings at Dia del Nino.

year old professional traditional Mexican performing arts organization (Día del Niño 2012, 2018, 2019), Pacific Symphony String Quartet from Orange County's major orchestra (Día del Niño 2017), Moona Luna (Día del Niño 2018), Tejano singer Emily (Día del Niño 2018-19), Claudia de la Cruz Flamenco Dancers (Día del Niño 2018-19), and Fern Street Circus (Día del Niño 2018-19), among others.

Between performances, bi-lingual (English and Spanish) emcees will offer standup comedy, recite poetry, promote participating organizations and recognize the sponsors of the event—in 2018, Dyana Ortelli, the voice of Tia Victoria in the Academy Award winning Disney/Pixar film "Coco," emceed.

Ongoing workshops will offer instruction in a wide range of arts and crafts, including include flamenco, modern and hip-hop dance, clay flute making, papier-maché, drumming, beading, sketchbook making, poetry, video, theatre, painting, mosaics, puppetry, drum making, and circle painting.

Back to Agenda
Back to Agenda
Back to Item

Workshops are offered in a wide variety of crafts: clay, fiber, and book-making are popular.

SUSTAINABILITY OF PROJECT

ArtsOC measures the event's success through the use of a face-to-face exit survey conducted in English and Spanish in order to determine if the festival experience would prompt attendees to pursue additional hands-on arts engagement throughout the year. ArtsOC will encourage featured local "Dia del Nino" festival workshop artists and performing artists to utilize their appearance in the festival as an opportunity to showcase their work to attendees as a means of encouraging continued participation--whether through ongoing classes they offer in the community or through private instruction. Exhibiting organizations at the festival also provide information about instructional programs they offer as well as opportunities for practitioners to hone their skills. Social media is used to continue the engagement and conversation with participants, leading up to the announcement of the following year's festival.

With respect to sustainable funding for "Dia del Nino," the festival has received seven consecutive years of funding from the National Endowment for the Arts

Dia del Nino is a participatory experience for ALL ages!

and five consecutive years of funding from the Wells Fargo Foundation to support this program. While those are not guaranteed multi-year grants, our track record of success with those sources makes future grants more likely. Those grants are not alone sufficient to cover all of the costs, so additional funding from other sources is necessary and varies from year to year. But ArtsOC has thus far been successful in securing sufficient funds each year to sustain what has come to be regarded widely in the community as a worthwhile annual program.

CURRENT FUNDING FOR THE PROJECT:

National Endowment for the Arts - $25,000
California Arts Council - $15,000
The Crean Foundation - $15,000
The Lyons Share Foundation - $10,000
Pacific Life Foundation - $10,000
Wells Fargo Foundation - $5,000
OC Fair & Event Center - $5,000

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Consent Calendar
20. Consider Approving CalOptima Positions on Proposed Legislation

Contacts
Richard Sanchez, Chief Executive Officer, (657) 900-1481
Rachel Selleck, Executive Director, Public Affairs, (657) 900-1096

Recommended Actions
1. Approve CalOptima's formal positions on proposed legislation, as follows:
    a. AB 523 (Nazarian): SUPPORT
    b. SB 316 (Eggman): SUPPORT
2. Authorize the Chief Executive Officer, or designee, to implement legislative education and advocacy efforts in alignment with the approved CalOptima positions.

Background
As part of its Government Affairs program, CalOptima staff track and analyze state and federal legislation that may impact CalOptima and its members, providers and other stakeholders. Staff also engage with federal and state trade associations, federal and state advocates, and elected officials at all levels of government to educate them on how proposed legislation and regulatory guidance may impact CalOptima. Subject to Board direction, these efforts may include advocating for or against legislation in the United States Congress and California State Legislature in alignment with CalOptima's 2020–22 Strategic Plan, 2021–22 Legislative Platform, and/or other agency goals and policy priorities.

On April 1, 2021, the Board adopted CalOptima's 2021–22 Legislative Priorities and Legislative Platform to help guide legislative advocacy efforts by staff.

Summary
Staff recommends approval of CalOptima's formal positions on proposed legislation, as follows:

Bill Number (Author)	Bill Title	Summary/Impact	Legislative Priority Area	Recommended Position
AB 523 (Nazarian)	PACE Flexibilities	Would permanently extend most flexibilities granted to PACE organizations during the COVID-19 public health emergency. This includes flexibilities relating to telehealth services, verbal agreements followed with in-person signatures, Adult Day Health Center home-based services, and discharge planning.	Older Adult Services	**SUPPORT**

Back to Agenda

SB 316 (Eggman)	Same-Day Billing for Federally Qualified Health Centers (FQHCs)	Would allow an FQHC to be reimbursed for two separate visits for physical health services and mental or dental health services on the same day. This would allow members to receive necessary care on the same day instead of waiting 24 hours.	Medi-Cal Managed Care: Operations and Administration	**SUPPORT**

A detailed summary and impact analysis of the proposed legislation, as well as the current text of the proposed legislation, are included as attachments.

Staff also recommends authorization for the Chief Executive Officer, or designee, to implement legislative education and advocacy efforts in alignment with the approved positions. These efforts may include executing letters expressing CalOptima's positions to legislators or other government officials, meeting with such officials or their staff, and/or directing CalOptima's contracted lobbyists to advocate the approved positions on behalf of CalOptima.

Fiscal Impact
There is no fiscal impact.

Rationale for Recommendation
Educating stakeholders and proactive engagement with trade associations, advocates and elected officials is critical to influencing policy decisions that are likely to impact CalOptima. Based on discussions with CalOptima's contracted lobbyists and trade associations, staff recommends that CalOptima takes formal positions on the referenced proposed legislation.

Concurrence
Gary Crockett, Chief Counsel

Legislative Analysis: Assembly Bill 523

PACE Flexibilities

Background

The Program of All-Inclusive Care for the Elderly (PACE) is a long-term comprehensive health care program that helps older adults remain as independent as possible. PACE coordinates and provides all needed preventive, primary, acute and long-term care services so seniors can continue living in their community. CalOptima PACE serves nearly 400 participants, all of whom have complex chronic medical conditions in addition to functional and/or cognitive impairments.

COVID-19 created an unprecedented challenge for CalOptima PACE and its members. The high-touch program for frail, older adults immediately transitioned to a home-based setting, primarily relying on telephonic interactions to address medical needs.

In addition, the Department of Health Care Services (DHCS) received approval from the Centers for Medicare & Medicaid Services (CMS) to authorize temporary regulatory flexibilities (Table 1.), leveraging existing Home- and Community-Based Services to reduce and avoid SNF stays and transition Medi-Cal beneficiaries into a PACE center when possible. These flexibilities enabled PACE Organizations (POs) statewide to continue to care for older adults throughout the pandemic, resulting in fewer COVID-19 cases and deaths in comparison with SNFs.

Overview

Assembly Bill (AB) 523, authored by Assemblyman Adrin Nazarian, seeks to permanently extend most PACE flexibilities granted during the public health emergency, as outlined in Table 1.

Table 1. Temporary Flexibilities for PACE Organizations

Temporary Flexibilities
Suspension of requirement for in-person marketing exams for PACE staff
Flexibility to deliver medically necessary services via in-person visit or telehealth, as deemed appropriate by the PO
Flexibility to provide PACE Center and Adult Day Health Center (ADHC) services in settings outside of the licensed ADHC, including in the home
Flexibility to waive involuntary disenrollment for participants who have temporarily moved out of the PACE service area due to COVID-19 concerns
Flexibility to temporarily place participants in hospitals/ facilities outside of the PACE service area.
Flexibility to adjust the in-person enrollment requirements in the PACE program, under the condition that the enrollment activities are completed via non-public-facing, two-way real-time audio or video using an acceptable application
Flexibility to obtain a verbal signature or verbal concurrence from the participant and/or their designated representative in lieu of signature

Impact

The current temporary flexibilities enabled CalOptima's PACE Center to operate a *PACE Without Walls* program, providing person-centered care virtually and at home. In 2020, this resulted in:

- 80 new participants enrolled in CalOptima PACE by providing verbal agreements
- 1,400 wellness kits delivered to participants' homes
- 13,000 telehealth visits
- 30,500 home health and home care hours provided
- 3,000 meals delivered to participants' homes
- 35,600 wellness calls made by PACE staff

If made permanent, these flexibilities would continue to benefit CalOptima PACE members beyond the termination of the COVID-19 public health emergency.

Support/Opposition

AB 523 is sponsored by CalPACE, a state trade association that advocates on behalf of PACE programs. Of note, CalOptima is a paid member of CalPACE with an active seat on its Board of Directors. Additional organizations in support of AB 523 include:

- Alzheimer's Greater Los Angeles
- Alzheimer's Orange County
- Alzheimer's San Diego
- California Alliance for Retired Americans
- California Association of Area Agencies on Aging
- California Association of Public Authorities for IHSS
- California Commission on Aging
- California Hospital Association
- California Retired Teachers Association
- Center for Elders Independence
- LeadingAge California
- On Lok
- WelbeHealth

There is no formal opposition to AB 523.

AMENDED IN ASSEMBLY MAY 3, 2021

AMENDED IN ASSEMBLY MARCH 29, 2021

CALIFORNIA LEGISLATURE—2021–22 REGULAR SESSION

ASSEMBLY BILL No. 523

Introduced by Assembly Member Nazarian

February 10, 2021

An act to add Section 14593.3 to the Welfare and Institutions Code, relating to the elderly.

LEGISLATIVE COUNSEL'S DIGEST

AB 523, as amended, Nazarian. Program of All-Inclusive Care for the Elderly.

Existing federal law establishes the Program of All-Inclusive Care for the Elderly (PACE), which provides specified services for older individuals at a PACE center, as defined, in part, as a facility that includes a primary care clinic, so that they may continue living in the community. Federal law authorizes states to implement the PACE program as a Medicaid state option.

Existing state law establishes the California Program of All-Inclusive Care for the Elderly (PACE program), to provide community-based, risk-based, and capitated long-term care services as optional services under the state's Medi-Cal State Plan, and authorizes the State Department of Health Care Services to implement the PACE program by various means, including letters, or other similar instructions, without taking regulatory action. Under this authority, the department implemented various guidance on the PACE program in response to the state of emergency caused by the 2019 novel coronavirus ~~(COVID-19).~~ *(COVID-19), including authorizing a PACE organization*

to deliver prescribed services, including medically necessary services through telehealth. Existing law authorizes the department to enter into contracts with various entities to implement the PACE program and fully implement the single state agency responsibilities assumed by the department pursuant to those contracts, as specified.

This bill would *generally* require the department to make permanent the specified PACE program flexibilities instituted, on or before January 1, 2021, in response to the state of emergency caused by COVID-19 by means of all-facility letters or other similar instructions taken without regulatory ~~action.~~ *action, with prescribed modifications, such as instead limiting a PACE organization's use of telehealth to specified services, including conducting assessments for eligibility for enrollment in the PACE program, subject to the federal waiver process.* The bill would require the department to work with the federal Centers for Medicare and Medicaid Services to determine how to extend PACE program flexibilities approved during the COVID-19 emergency.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1. Section 14593.3 is added to the Welfare and Institutions Code, to read:

14593.3. (a) The department shall make permanent the *following* changes in the California Program of All-Inclusive Care for the Elderly (PACE) program the department instituted, on or before January 1, 2021, in response to the state of emergency caused by the 2019 novel coronavirus (COVID-19) by means of all-facility letters, or other similar instructions, which were taken without regulatory action, in the areas described under paragraphs (1) to (7), ~~inclusive.~~ *inclusive:*

(1) (A) Telehealth.

~~(B) Medically necessary services may be delivered by a PACE organization via an in-person visit or telehealth, as deemed appropriate by the PACE organization. A PACE organization shall seek to implement any telehealth method that would provide remote consultation as an alternate means of providing critical, medically necessary services.~~

(B) A PACE organization may use telehealth, as defined in Section 2290.5 of the Business and Professions Code, to conduct

Back To Item

Back to Agenda

assessments for eligibility for enrollment in the PACE program, or for service modifications, subject to the federal waiver process.

(2) (A) PACE enrollment agreements.

(B) A PACE organization shall be approved to collect and document a verbal agreement of enrollment in lieu of the participant signature normally required to complete the enrollment agreement for the PACE program. A PACE organization shall document the conversation of the verbal ~~agreement.~~ *agreement and shall obtain a written signature within 14 days of submission of the enrollment agreement.*

(3) (A) Adult Day Health Care (ADHC) services provided in the home.

(B) A PACE organization shall not be required to provide all ~~services at the center, and~~ *nursing services, as defined in Section 14550.6, at the center. The PACE interdisciplinary team* shall have flexibility to determine how to provide ~~basic~~ *those nursing* services to participants. Services may be provided via telehealth or other remote methods, including, but not limited to, check-in calls, health screening calls, ~~video conferencing, and meal delivery.~~ *and video conferencing, taking into account the participant's medical, physical, emotional, and social needs.*

~~(C) For purposes of subparagraph (B), "basic services" includes all of the following:~~

~~(i) Medical services.~~

~~(ii) Nursing services.~~

~~(iii) Nutrition services.~~

~~(iv) Occupational therapy.~~

~~(v) Physical therapy.~~

~~(vi) Psychiatric or psychological services.~~

~~(vii) Recreation or planned social activities.~~

~~(viii) Social services.~~

~~(ix) Speech therapy.~~

(4) (A) Involuntary disenrollments – Out of Service Area.

(B) ~~A~~ *As part of a plan of care, a* PACE organization shall not be required to submit a involuntary disenrollment request for a participant that has temporarily moved out of *the* service area. ~~A~~ *The location of the temporary move shall be within a ____ minute drive of the PACE center and shall not exceed a 30-day period unless extenuating circumstances exist. During a temporary move, as described in this subparagraph, a* PACE participant shall not

Back To Item

Back to Agenda

be required to update their address with the county Medi-Cal office to ensure their continued enrollment in the PACE organization. A PACE organization shall retain responsibility for coordination of care and services and full financial ~~risk.~~ *risk in alignment with federal regulations.*

(5) (A) Facility beds.

(B) ~~A~~ *As part of a plan of care, a* PACE organization shall have the flexibility to place a participant in a facility that is out of their approved service area if there is a lack of available beds in the PACE organization's service area. ~~A~~ *The location of the temporary placement shall be within a ____ minute drive of the PACE center and shall not exceed a 30-day period unless extenuating circumstances exist. During a temporary placement, as described in this subparagraph, a* PACE organization shall retain responsibility for coordination of care and services and full financial ~~risk.~~ *risk in alignment with federal regulations.*

(6) (A) Marketing.

(B) A PACE organization shall have the flexibility to use a broker for marketing purposes as provided by the federal regulations on PACE. A PACE organization may use individuals and entities to market on their behalf, if the individuals or entities have been appropriately trained on PACE program requirements, and, specifically, participant rights, and requirements on participant enrollment and disenrollment.

(7) (A) Discharge planning.

(B) If a discharge planner at a PACE referral source, including, but not limited to, a hospital, emergency room, nursing home, or health plan, determines that a PACE plan would be an appropriate program to facilitate the patient's discharge and serve the patient's needs in their home or community, the discharge planner may ask the patient or the patient's representative if they would prefer to be contacted by a PACE organization. If the patient affirmatively answers, then all of the following apply:

(i) The discharge planner shall document in the patient's record that the patient or authorized representative consented to be contacted by a PACE organization.

(ii) The discharge planner may inform the PACE organization that the patient consented to being contacted by a PACE organization, and may provide information on how the patient or representative stated they wish to be contacted.

Back To Item

Back to Agenda

(iii) The PACE organization may directly contact the patient or representative in the manner chosen by the patient or representative. The PACE organization may make one attempt to contact the patient or their representative by various means, including a phone call, email, or mail. If the individual or their representative indicates that the patient is uninterested in the PACE program or does not respond, the PACE organization shall not make further direct contact.

(b) The department shall work with the federal Centers for Medicare and Medicaid Services to determine how to extend PACE program flexibilities approved during the COVID-19 emergency.

Legislative Analysis: Senate Bill 316

Same-Day Billing for Federally Qualified Health Centers

Background

Federally Qualified Health Centers (FQHC) provide physical, mental and dental health services with a focus on preventive care. Without a county hospital in Orange County, CalOptima contracts with 31 FQHCs that provided direct services to nearly 113,000 CalOptima members within the past year.

California is one of the few states that does not allow for mental and physical health visits on the same day. This requires a patient to wait at least 24 hours to receive mental health services after receiving primary care or dental services at an FQHC. FQHCs are reimbursed at a single bundled rate, known as the Prospective Payment System (PPS), for each qualifying patient visit. PPS is a fixed per-visit amount unique to each FQHC and predetermined by Medicaid. FQHCs in the Medi-Cal managed care system are provided a "wrap around" payment by the Department of Health Care Services (DHCS) for the difference between their PPS rate and the health plan payment.

Summary

No sooner than July 1, 2022, Senate Bill (SB) 316, introduced by Sen. Susan Talamantes Eggman, would allow a medical visit through the member's primary care provider and a mental health or dental visit as two separate FQHC visits at the same location on the same day. FQHCs would need to apply for adjustments to their PPS rates in order to be reimbursed for separate visits.

Impact

Although there is no immediate impact to CalOptima given that the FQHC wrap around payment is determined at the state level, SB 316 would increase members' access to services at contracted FQHCs. This would ensure over 190,000 CalOptima members assigned to an FQHC can access both primary care and mental health or dental services on the same day. As a result, the member would be able to receive better coordinated care, would no longer need to wait 24 hours to receive additional services, and would no longer rely on emergency room visits if the member requires physical health services after already receiving mental or dental services on the same day.

Support/Opposition

SB 316 is supported by CalOptima's state trade associations — the California Association of Health Plans and Local Health Plans of California. SB 316 is also supported by:

SENATE BILL No. 316

Introduced by Senators Eggman and McGuire
(Principal coauthor: Assembly Member Aguiar-Curry)
(Coauthors: Senators Dahle, Hertzberg, Jones, Nielsen, and Wiener)
(Coauthors: Assembly Members Frazier, Cristina Garcia, Eduardo Garcia, Lorena Gonzalez, Mathis, Patterson, Robert Rivas, and Stone)

February 4, 2021

An act to amend Section 14132.100 of the Welfare and Institutions Code, relating to Medi-Cal.

LEGISLATIVE COUNSEL'S DIGEST

SB 316, as introduced, Eggman. Medi-Cal: federally qualified health centers and rural health clinics.

Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services, under which qualified low-income individuals receive health care services, including federally qualified health center (FQHC) services and rural health clinic (RHC) services. The Medi-Cal program is, in part, governed and funded by federal Medicaid program provisions. Existing law provides that FQHC and RHC services are to be reimbursed, to the extent that federal financial participation is obtained, to providers on a per-visit basis. "Visit" is defined as a face-to-face encounter between a patient of an FQHC or RHC and specified health care professionals, including a physician and marriage and family therapist. Under existing law, "physician," for these purposes, includes, but is not limited to, a physician and surgeon, an osteopath, and a podiatrist.

This bill would authorize reimbursement for a maximum of 2 visits taking place on the same day at a single location if after the first visit the patient suffers illness or injury requiring additional diagnosis or

Back to Agenda
Back To Item

treatment, or if the patient has a medical visit and a mental health visit or a dental visit, as defined. The bill would authorize an FQHC or RHC that currently includes the cost of a medical visit and a mental health visit that take place on the same day at a single location as a single visit for purposes of establishing the FQHC's or RHC's rate to apply for an adjustment to its per-visit rate, and after the department has approved that rate adjustment, to bill a medical visit and a mental health visit that take place on the same day at a single location as separate visits, in accordance with the bill.

This bill would also include a licensed acupuncturist within those health professionals covered under the definition of a "visit." The bill would require the department, by July 1, 2022, to submit a state plan amendment to the federal Centers for Medicare and Medicaid Services to reflect certain changes described in the bill, and to seek necessary federal approvals. The bill would also make conforming and technical changes.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1. Section 14132.100 of the Welfare and Institutions Code is amended to read:

14132.100. (a) The federally qualified health center services described in Section 1396d(a)(2)(C) of Title 42 of the United States Code are covered benefits.

(b) The rural health clinic services described in Section 1396d(a)(2)(B) of Title 42 of the United States Code are covered benefits.

(c) Federally qualified health center services and rural health clinic services shall be reimbursed on a per-visit basis in accordance with the definition of "visit" set forth in subdivision (g).

(d) Effective October 1, 2004, and on each October 1 thereafter, until no longer required by federal law, federally qualified health center (FQHC) and rural health clinic (RHC) per-visit rates shall be increased by the Medicare Economic Index applicable to primary care services in the manner provided for in Section 1396a(bb)(3)(A) of Title 42 of the United States Code. ~~Prior to~~ *Before* January 1, 2004, FQHC and RHC per-visit rates shall be

Back To Item

Back to Agenda

adjusted by the Medicare Economic Index in accordance with the methodology set forth in the state plan in effect on October 1, 2001.

(e) (1) An FQHC or RHC may apply for an adjustment to its per-visit rate based on a change in the scope of ~~services~~ *service* provided by the FQHC or RHC. Rate changes based on a change in the scope of ~~services~~ *service* provided by an FQHC or RHC shall be evaluated in accordance with Medicare reasonable cost principles, as set forth in Part 413 (commencing with Section 413.1) of Title 42 of the Code of Federal Regulations, or its successor.

(2) Subject to the conditions set forth in subparagraphs (A) to (D), inclusive, of paragraph (3), a change in scope of service means any of the following:

(A) The addition of a new FQHC or RHC service that is not incorporated in the baseline prospective payment system (PPS) rate, or a deletion of an FQHC or RHC service that is incorporated in the baseline PPS rate.

(B) A change in service due to amended regulatory requirements or rules.

(C) A change in service resulting from relocating or remodeling an FQHC or RHC.

(D) A change in types of services due to a change in applicable technology and medical practice utilized by the center or clinic.

(E) An increase in service intensity attributable to changes in the types of patients served, including, but not limited to, populations with HIV or AIDS, or other chronic diseases, or homeless, elderly, migrant, or other special populations.

(F) Any changes in any of the services described in subdivision (a) or (b), or in the provider mix of an FQHC or RHC or one of its sites.

(G) Changes in operating costs attributable to capital expenditures associated with a modification of the scope of any of the services described in subdivision (a) or (b), including new or expanded service facilities, regulatory compliance, or changes in technology or medical practices at the center or clinic.

(H) Indirect medical education adjustments and a direct graduate medical education payment that reflects the costs of providing teaching services to interns and residents.

Back To Item

Back to Agenda

(I) Any changes in the scope of a project approved by the federal Health Resources and Services Administration (HRSA).

(3) A change in costs is not, in and of itself, a scope-of-service change, unless all of the following apply:

(A) The increase or decrease in cost is attributable to an increase or decrease in the scope of ~~services~~ *service* defined in subdivisions (a) and (b), as applicable.

(B) The cost is allowable under Medicare reasonable cost principles set forth in Part 413 (commencing with Section ~~413) of Subchapter B of Chapter 4~~ *413.1)* of Title 42 of the Code of Federal Regulations, or its successor.

(C) The change in the scope of ~~services~~ *service* is a change in the type, intensity, duration, or amount of services, or any combination thereof.

(D) The net change in the FQHC's or RHC's rate equals or exceeds 1.75 percent for the affected FQHC or RHC site. For FQHCs and RHCs that filed consolidated cost reports for multiple sites to establish the initial prospective payment reimbursement rate, the 1.75-percent threshold shall be applied to the average per-visit rate of all sites for the purposes of calculating the cost associated with a ~~scope-of-service~~ *scope of service* change. "Net change" means the per-visit rate change attributable to the cumulative effect of all increases and decreases for a particular fiscal year.

(4) An FQHC or RHC may submit requests for ~~scope-of-service~~ *scope of service* changes once per fiscal year, only within 90 days following the beginning of the FQHC's or RHC's fiscal year. Any approved increase or decrease in the provider's rate shall be retroactive to the beginning of the FQHC's or RHC's fiscal year in which the request is submitted.

(5) An FQHC or RHC shall submit a ~~scope-of-service~~ *scope of service* rate change request within 90 days of the beginning of any FQHC or RHC fiscal year occurring after the effective date of this section, if, during the FQHC's or RHC's prior fiscal year, the FQHC or RHC experienced a decrease in the scope of ~~services~~ *service* provided that the FQHC or RHC either knew or should have known would have resulted in a significantly lower per-visit rate. If an FQHC or RHC discontinues providing onsite pharmacy or dental services, it shall submit a ~~scope-of-service~~ *scope of service* rate change request within 90 days of the beginning of the

Back To Item
Back to Agenda

following fiscal year. The rate change shall be effective as provided for in paragraph (4). As used in this paragraph, "significantly lower" means an average per-visit rate decrease in excess of 2.5 percent.

(6) Notwithstanding paragraph (4), if the approved ~~scope-of-service~~ *scope of service* change or changes were initially implemented on or after the first day of an FQHC's or RHC's fiscal year ending in calendar year 2001, but before the adoption and issuance of written instructions for applying for a ~~scope-of-service~~ *scope of service* change, the adjusted reimbursement rate for that ~~scope-of-service~~ *scope of service* change shall be made retroactive to the date the ~~scope-of-service~~ *scope of service* change was initially implemented. ~~Scope-of-service~~ *Scope of service* changes under this paragraph shall be required to be submitted within the later of 150 days after the adoption and issuance of the written instructions by the department, or 150 days after the end of the FQHC's or RHC's fiscal year ending in 2003.

(7) All references in this subdivision to "fiscal year" shall be construed to be references to the fiscal year of the individual FQHC or RHC, as the case may be.

(f) (1) An FQHC or RHC may request a supplemental payment if extraordinary circumstances beyond the control of the FQHC or RHC occur after December 31, 2001, and PPS payments are insufficient due to these extraordinary circumstances. Supplemental payments arising from extraordinary circumstances under this subdivision shall be solely and exclusively within the discretion of the department and shall not be subject to subdivision ~~*(l)*~~ *(m)*. These supplemental payments shall be determined separately from the ~~scope-of-service~~ *scope of service* adjustments described in subdivision (e). Extraordinary circumstances include, but are not limited to, acts of nature, changes in applicable requirements in the Health and Safety Code, changes in applicable licensure requirements, and changes in applicable rules or regulations. Mere inflation of costs alone, absent extraordinary circumstances, shall not be grounds for supplemental payment. If an FQHC's or RHC's PPS rate is sufficient to cover its overall costs, including those associated with the extraordinary circumstances, then a supplemental payment is not warranted.

Back To Item

Back to Agenda

(2) The department shall accept requests for supplemental payment at any time throughout the prospective payment rate year.

(3) Requests for supplemental payments shall be submitted in writing to the department and shall set forth the reasons for the request. Each request shall be accompanied by sufficient documentation to enable the department to act upon the request. Documentation shall include the data necessary to demonstrate that the circumstances for which supplemental payment is requested meet the requirements set forth in this section. Documentation shall include both of the following:

(A) A presentation of data to demonstrate reasons for the FQHC's or RHC's request for a supplemental payment.

(B) Documentation showing the cost implications. The cost impact shall be material and significant, two hundred thousand dollars ($200,000) or 1 percent of a facility's total costs, whichever is less.

(4) A request shall be submitted for each affected year.

(5) Amounts granted for supplemental payment requests shall be paid as lump-sum amounts for those years and not as revised PPS rates, and shall be repaid by the FQHC or RHC to the extent that it is not expended for the specified purposes.

(6) The department shall notify the provider of the department's discretionary decision in writing.

(g) (1) An FQHC or RHC "visit" means a face-to-face encounter between an FQHC or RHC patient and a physician, physician assistant, nurse practitioner, certified nurse-midwife, clinical psychologist, licensed clinical social worker, or a visiting nurse. For purposes of this section, "physician" shall be interpreted in a manner consistent with the federal Centers for Medicare and Medicaid Services' Medicare Rural Health Clinic and Federally Qualified Health Center Manual (Publication 27), or its successor, only to the extent that it defines the professionals whose services are reimbursable on a per-visit basis and not as to the types of services that these professionals may render during these visits and shall include a ~~physician and surgeon,~~ *medical doctor,* osteopath, podiatrist, dentist, optometrist, and chiropractor. A visit shall also include a face-to-face encounter between an FQHC or RHC patient and a comprehensive perinatal practitioner, as defined in Section 51179.7 of Title 22 of the California Code of Regulations, providing comprehensive perinatal services, a

Back To Item
Back to Agenda

four-hour day of attendance at an adult day health care center, and any other provider identified in the state plan's definition of an FQHC or RHC visit.

(2) (A) A visit shall also include a face-to-face encounter between an FQHC or RHC patient and a dental hygienist, a dental hygienist in alternative practice, ~~or~~ a marriage and family ~~therapist.~~ *therapist, or a licensed acupuncturist.*

(B) Notwithstanding subdivision (e), if an FQHC or RHC that currently includes the cost of the services of a dental hygienist in alternative practice, or a marriage and family therapist for the purposes of establishing its FQHC or RHC rate chooses to bill these services as a separate visit, the FQHC or RHC shall apply for an adjustment to its per-visit rate, and, after the rate adjustment has been approved by the department, shall bill these services as a separate visit. However, multiple encounters with dental professionals or marriage and family therapists that take place on the same day shall constitute a single visit. The department shall develop the appropriate forms to determine which FQHC's or RHC's rates shall be adjusted and to facilitate the calculation of the adjusted rates. An FQHC's or RHC's application for, or the department's approval of, a rate adjustment pursuant to this subparagraph shall not constitute a change in scope of service within the meaning of subdivision (e). An FQHC or RHC that applies for an adjustment to its rate pursuant to this subparagraph may continue to bill for all other FQHC or RHC visits at its existing per-visit rate, subject to reconciliation, until the rate adjustment for visits between an FQHC or RHC patient and a dental hygienist, a dental hygienist in alternative practice, or a marriage and family therapist has been approved. Any approved increase or decrease in the provider's rate shall be made within six months after the date of receipt of the department's rate adjustment forms pursuant to this subparagraph and shall be retroactive to the beginning of the fiscal year in which the FQHC or RHC submits the request, but in no case shall the effective date be earlier than January 1, 2008.

(C) An FQHC or RHC that does not provide dental hygienist, dental hygienist in alternative practice, or marriage and family therapist services, and later elects to add these services and bill these services as a separate visit, shall process the addition of these

Back To Item
Back to Agenda

services as a change in scope of service pursuant to subdivision (e).

(3) Notwithstanding ~~any other provision of~~ this section, ~~no later than~~ *by* July 1, 2018, a visit shall include a marriage and family therapist.

(h) If FQHC or RHC services are partially reimbursed by a third-party payer, such as a managed care entity, as defined in Section 1396u-2(a)(1)(B) of Title 42 of the United States Code, the Medicare Program, or the Child Health and Disability Prevention (CHDP) Program, the department shall reimburse an FQHC or RHC for the difference between its per-visit PPS rate and receipts from other plans or programs on a contract-by-contract basis and not in the aggregate, and may not include managed care financial incentive payments that are required by federal law to be excluded from the calculation.

(i) (1) Provided that the following entities are not operating as intermittent clinics, as defined in subdivision (h) of Section 1206 of the Health and Safety Code, each entity shall have its reimbursement rate established in accordance with one of the methods outlined in paragraph (2) or (3), as selected by the FQHC or RHC:

(A) An entity that first qualifies as an FQHC or RHC in 2001 or later.

(B) A newly licensed facility at a new location added to an existing FQHC or RHC.

(C) An entity that is an existing FQHC or RHC that is relocated to a new site.

(2) (A) An FQHC or RHC that adds a new licensed location to its existing primary care license under paragraph (1) of subdivision (b) of Section 1212 of the Health and Safety Code may elect to have the reimbursement rate for the new location established in accordance with paragraph (3), or notwithstanding subdivision (e), an FQHC or RHC may choose to have one PPS rate for all locations that appear on its primary care license determined by submitting a change in ~~scope of service~~ *scope-of-service* request if both of the following requirements are met:

(i) The change in ~~scope of service~~ *scope-of-service* request includes the costs and visits for those locations for the first full fiscal year immediately following the date the new location is added to the FQHC's or RHC's existing licensee.

(ii) The FQHC or RHC submits the change in ~~scope of service~~ *scope-of-service* request within 90 days after the FQHC's or RHC's first full fiscal year.

(B) The FQHC's or RHC's single PPS rate for those locations shall be calculated based on the total costs and total visits of those locations and shall be determined based on the following:

(i) An audit in accordance with Section 14170.

(ii) Rate changes based on a change in ~~scope of service~~ *scope-of-service* request shall be evaluated in accordance with Medicare reasonable cost principles, as set forth in Part 413 (commencing with Section 413.1) of Title 42 of the Code of Federal Regulations, or its successors.

(iii) Any approved increase or decrease in the provider's rate shall be retroactive to the beginning of the FQHC's or RHC's fiscal year in which the request is submitted.

(C) Except as specified in subdivision (j), this paragraph does not apply to a location that was added to an existing primary care clinic license by the State Department of Public Health, whether by a regional district office or the centralized application unit, ~~prior to~~ *before* January 1, 2017.

(3) If an FQHC or RHC does not elect to have the PPS rate determined by a change in ~~scope of service~~ *scope-of-service* request, the FQHC or RHC shall have the reimbursement rate established for any of the entities identified in paragraph (1) or (2) in accordance with one of the following methods at the election of the FQHC or RHC:

(A) The rate may be calculated on a per-visit basis in an amount that is equal to the average of the per-visit rates of three comparable FQHCs or RHCs located in the same or adjacent area with a similar caseload.

(B) In the absence of three comparable FQHCs or RHCs with a similar caseload, the rate may be calculated on a per-visit basis in an amount that is equal to the average of the per-visit rates of three comparable FQHCs or RHCs located in the same or an adjacent service area, or in a reasonably similar geographic area with respect to relevant social, health care, and economic characteristics.

(C) At a new entity's one-time election, the department shall establish a reimbursement rate, calculated on a per-visit basis, that is equal to 100 percent of the projected allowable costs to the

Back To Item
Back to Agenda

FQHC or RHC of furnishing FQHC or RHC services during the first 12 months of operation as an FQHC or RHC. After the first 12-month period, the projected per-visit rate shall be increased by the Medicare Economic Index then in effect. The projected allowable costs for the first 12 months shall be cost settled and the prospective payment reimbursement rate shall be adjusted based on actual and allowable cost per visit.

(D) The department may adopt any further and additional methods of setting reimbursement rates for newly qualified FQHCs or RHCs as are consistent with Section 1396a(bb)(4) of Title 42 of the United States Code.

(4) In order for an FQHC or RHC to establish the comparability of its caseload for purposes of subparagraph (A) or (B) of paragraph (1), the department shall require that the FQHC or RHC submit its most recent annual utilization report as submitted to the Office of Statewide Health Planning and Development, unless the FQHC or RHC was not required to file an annual utilization report. FQHCs or RHCs that have experienced changes in their services or caseload subsequent to the filing of the annual utilization report may submit to the department a completed report in the format applicable to the prior calendar year. FQHCs or RHCs that have not previously submitted an annual utilization report shall submit to the department a completed report in the format applicable to the prior calendar year. The FQHC or RHC shall not be required to submit the annual utilization report for the comparable FQHCs or RHCs to the department, but shall be required to identify the comparable FQHCs or RHCs.

(5) The rate for any newly qualified entity set forth under this subdivision shall be effective retroactively to the later of the date that the entity was first qualified by the applicable federal agency as an FQHC or RHC, the date a new facility at a new location was added to an existing FQHC or RHC, or the date on which an existing FQHC or RHC was relocated to a new site. The FQHC or RHC shall be permitted to continue billing for Medi-Cal covered benefits on a fee-for-service basis under its existing provider number until it is informed of its *new* FQHC or RHC ~~enrollment approval,~~ *provider number,* and the department shall reconcile the difference between the fee-for-service payments and the FQHC's or RHC's prospective payment rate at that time.

Back To Item

Back to Agenda

(j) (1) Visits occurring at an intermittent clinic site, as defined in subdivision (h) of Section 1206 of the Health and Safety Code, of an existing FQHC or RHC, in a mobile unit as defined by ~~paragraph (2) of~~ subdivision (b) of Section 1765.105 of the Health and Safety Code, or at the election of the FQHC or RHC and subject to paragraph (2), a location added to an existing primary care clinic license by the State Department of Public Health ~~prior to~~ *before* January 1, 2017, shall be billed by and reimbursed at the same rate as the FQHC or RHC that either established the intermittent clinic site or mobile unit, or that held the clinic license to which the location was added ~~prior to~~ *before* January 1, 2017.

(2) If an FQHC or RHC with at least one additional location on its primary care clinic license that was added by the State Department of Public Health ~~prior to~~ *before* January 1, 2017, applies for an adjustment to its per-visit rate based on a change in the scope of ~~services~~ *service* provided by the FQHC or RHC as described in subdivision (e), all locations on the FQHC's or RHC's primary care clinic license shall be subject to a ~~scope-of-service~~ *scope of service* adjustment in accordance with either paragraph (2) or (3) of subdivision (i), as selected by the FQHC or RHC.

(3) This subdivision does not preclude ~~or~~ *nor* otherwise limit the right of the FQHC or RHC to request a ~~scope-of-service~~ *scope of service* adjustment to the rate.

(k) An FQHC or RHC may elect to have pharmacy or dental services reimbursed on a fee-for-service basis, utilizing the current fee schedules established for those services. These costs shall be adjusted out of the FQHC's or RHC's clinic base rate as ~~scope-of-service~~ *scope of service* changes. An FQHC or RHC that reverses its election under this subdivision shall revert to its prior rate, subject to an increase to account for all Medicare Economic Index increases occurring during the intervening time period, and subject to any increase or decrease associated with applicable ~~scope-of-service~~ *scope of service* adjustments as provided in subdivision (e).

(l) (1) For purposes of this subdivision, the following definitions apply:

(A) "Mental health visit" means a face-to-face encounter between an FQHC or RHC patient and a psychiatrist, clinical psychologist, licensed clinical social worker, or marriage and family therapist.

Back To Item

Back to Agenda

(B) "Dental visit" means a face-to-face encounter between an FQHC or RHC patient and a dentist, dental hygienist, or registered dental hygienist in alternative practice.

(C) "Medical visit" means a face-to-face encounter between an FQHC or RHC patient and a physician, physician assistant, nurse practitioner, certified nurse-midwife, visiting nurse, or a comprehensive perinatal practitioner, as defined in Section 51179.7 of Title 22 of the California Code of Regulations, providing comprehensive perinatal services.

(2) A maximum of two visits, as defined in subdivision (g), that take place on the same day at a single location shall be reimbursed when one or both of the following conditions exists:

(A) Following the first visit, the patient suffers illness or injury that requires additional diagnosis or treatment.

(B) The patient has a medical visit and a mental health visit or a dental visit.

(3) (A) Notwithstanding subdivision (e), for purposes of establishing an FQHC or RHC rate, if an FQHC or RHC includes the cost of a medical visit and a mental health visit that take place on the same day at a single location as a single visit, then the FQHC or RHC may elect to apply for an adjustment to its per-visit rate, and, after the rate adjustment has been approved by the department, the FQHC or RHC shall bill a medical visit and a mental health visit that take place on the same day at a single location as separate visits.

(B) The department shall develop and adjust all appropriate forms to determine which FQHC's or RHC's rates shall be adjusted and shall facilitate the calculation of the adjusted rates.

(C) An FQHC's or RHC's application for, or the department's approval of, a rate adjustment pursuant to this paragraph shall not constitute a change in scope of service within the meaning of subdivision (e).

(D) An FQHC or RHC that applies for an adjustment to its rate pursuant to this paragraph may continue to bill for all other FQHC or RHC visits at its existing per-visit rate, subject to reconciliation, until the rate adjustment has been approved.

(4) The department, by July 1, 2022, shall submit a state plan amendment to the federal Centers for Medicare and Medicaid Services reflecting the changes described in this subdivision.

~~(l)~~

Back to Agenda

(m) Reimbursement for Drug Medi-Cal services shall be provided pursuant to this subdivision.

(1) An FQHC or RHC may elect to have Drug Medi-Cal services reimbursed directly from a county or the department under contract with the FQHC or RHC pursuant to paragraph (4).

(2) (A) For an FQHC or RHC to receive reimbursement for Drug Medi-Cal services directly from the county or the department under contract with the FQHC or RHC pursuant to paragraph (4), costs associated with providing Drug Medi-Cal services shall not be included in the FQHC's or RHC's per-visit PPS rate. For purposes of this subdivision, the costs associated with providing Drug Medi-Cal services shall not be considered to be within the FQHC's or RHC's clinic base PPS rate if in delivering Drug Medi-Cal services the clinic uses different clinical staff at a different location.

(B) If the FQHC or RHC does not use different clinical staff at a different location to deliver Drug Medi-Cal services, the FQHC or RHC shall submit documentation, in a manner determined by the department, that the current per-visit PPS rate does not include any costs related to rendering Drug Medi-Cal services, including costs related to utilizing space in part of the FQHC's or RHC's building, that are or were previously calculated as part of the clinic's base PPS rate.

(3) If the costs associated with providing Drug Medi-Cal services are within the FQHC's or RHC's clinic base PPS rate, as determined by the department, the Drug Medi-Cal services costs shall be adjusted out of the FQHC's or RHC's per-visit PPS rate as a change in scope of service.

(A) An FQHC or RHC shall submit to the department a ~~scope-of-service~~ *scope of service* change request to adjust the FQHC's or RHC's clinic base PPS rate after the first full fiscal year of rendering Drug Medi-Cal services outside of the PPS rate. Notwithstanding subdivision (e), the ~~scope-of-service~~ *scope of service* change request shall include a full fiscal year of activity that does not include Drug Medi-Cal services costs.

(B) An FQHC or RHC may submit requests for ~~scope-of-service~~ *scope of service* change under this subdivision only within 90 days following the beginning of the FQHC's or RHC's fiscal year. ~~Any scope-of-service~~ *A scope of service* change request under this subdivision approved by the department shall be retroactive to the

Back To Item
Back to Agenda

first day that Drug Medi-Cal services were rendered and reimbursement for Drug Medi-Cal services was received outside of the PPS rate, but in no case shall the effective date be earlier than January 1, 2018.

(C) The FQHC or RHC may bill for Drug Medi-Cal services outside of the PPS rate when the FQHC or RHC obtains approval as a Drug Medi-Cal provider and enters into a contract with a county or the department to provide these services pursuant to paragraph (4).

(D) Within 90 days of receipt of the request for a ~~scope-of-service~~ *scope of service* change under this subdivision, the department shall issue the FQHC or RHC an interim rate equal to 90 percent of the FQHC's or RHC's projected allowable cost, as determined by the department. An audit to determine the final rate shall be performed in accordance with Section 14170.

(E) Rate changes based on a request for ~~scope-of-service~~ *scope of service* change under this subdivision shall be evaluated in accordance with Medicare reasonable cost principles, as set forth in Part 413 (commencing with Section 413.1) of Title 42 of the Code of Federal Regulations, or its successor.

(F) For purposes of recalculating the PPS rate, the FQHC or RHC shall provide upon request to the department verifiable documentation as to which employees spent time, and the actual time spent, providing federally qualified health center services or rural health center services and Drug Medi-Cal services.

(G) After the department approves the adjustment to the FQHC's or RHC's clinic base PPS rate and the FQHC or RHC is approved as a Drug Medi-Cal provider, an FQHC or RHC shall not bill the PPS rate for any Drug Medi-Cal services provided pursuant to a contract entered into with a county or the department pursuant to paragraph (4).

(H) An FQHC or RHC that reverses its election under this subdivision shall revert to its prior PPS rate, subject to an increase to account for all Medicare Economic Index increases occurring during the intervening time period, and subject to any increase or decrease associated with the applicable ~~scope-of-service~~ *scope of service* adjustments as provided for in subdivision (e).

(4) Reimbursement for Drug Medi-Cal services shall be determined according to subparagraph (A) or (B), depending on

Back To Item
Back to Agenda

whether the services are provided in a county that participates in the Drug Medi-Cal organized delivery system (DMC-ODS).

(A) In a county that participates in the DMC-ODS, the FQHC or RHC shall receive reimbursement pursuant to a mutually agreed upon contract entered into between the county or county designee and the FQHC or RHC. If the county or county designee refuses to contract with the FQHC or RHC, the FQHC or RHC may follow the contract denial process set forth in the Special Terms and Conditions.

(B) In a county that does not participate in the DMC-ODS, the FQHC or RHC shall receive reimbursement pursuant to a mutually agreed upon contract entered into between the county and the FQHC or RHC. If the county refuses to contract with the FQHC or RHC, the FQHC or RHC may request to contract directly with the department and shall be reimbursed for those services at the Drug Medi-Cal fee-for-service rate.

(5) The department shall not reimburse an FQHC or RHC pursuant to subdivision (h) for the difference between its per-visit PPS rate and any payments for Drug Medi-Cal services made pursuant to this subdivision.

(6) For purposes of this subdivision, the following definitions apply:

(A) "Drug Medi-Cal organized delivery system" or "DMC-ODS" means the Drug Medi-Cal organized delivery system authorized under the California Medi-Cal 2020 Demonstration, Number 11-W-00193/9, as approved by the federal Centers for Medicare and Medicaid Services and described in the Special Terms and Conditions.

(B) "Special Terms and Conditions" has the same meaning as set forth in subdivision (o) of Section 14184.10.

~~(m)~~

(n) Reimbursement for specialty mental health services shall be provided pursuant to this subdivision.

(1) An FQHC or RHC and one or more mental health plans that contract with the department pursuant to Section 14712 may mutually elect to enter into a contract to have the FQHC or RHC provide specialty mental health services to Medi-Cal beneficiaries as part of the mental health plan's network.

(2) (A) For an FQHC or RHC to receive reimbursement for specialty mental health services pursuant to a contract entered into

Back To Item
Back to Agenda

with the mental health plan under paragraph (1), the costs associated with providing specialty mental health services shall not be included in the FQHC's or RHC's per-visit PPS rate. For purposes of this subdivision, the costs associated with providing specialty mental health services shall not be considered to be within the FQHC's or RHC's clinic base PPS rate if in delivering specialty mental health services the clinic uses different clinical staff at a different location.

(B) If the FQHC or RHC does not use different clinical staff at a different location to deliver specialty mental health services, the FQHC or RHC shall submit documentation, in a manner determined by the department, that the current per-visit PPS rate does not include any costs related to rendering specialty mental health services, including costs related to utilizing space in part of the FQHC's or RHC's building, that are or were previously calculated as part of the clinic's base PPS rate.

(3) If the costs associated with providing specialty mental health services are within the FQHC's or RHC's clinic base PPS rate, as determined by the department, the specialty mental health services costs shall be adjusted out of the FQHC's or RHC's per-visit PPS rate as a change in scope of service.

(A) An FQHC or RHC shall submit to the department a ~~scope-of-service~~ *scope of service* change request to adjust the FQHC's or RHC's clinic base PPS rate after the first full fiscal year of rendering specialty mental health services outside of the PPS rate. Notwithstanding subdivision (e), the ~~scope-of-service~~ *scope of service* change request shall include a full fiscal year of activity that does not include specialty mental health costs.

(B) An FQHC or RHC may submit requests for a ~~scope-of-service~~ *scope of service* change under this subdivision only within 90 days following the beginning of the FQHC's or RHC's fiscal year. ~~Any scope-of-service~~ *A scope of service* change request under this subdivision approved by the department is retroactive to the first day that specialty mental health services were rendered and reimbursement for specialty mental health services was received outside of the PPS rate, but *in no case shall* the effective date ~~shall not~~ be earlier than January 1, 2018.

(C) The FQHC or RHC may bill for specialty mental health services outside of the PPS rate when the FQHC or RHC contracts

Back To Item
Back to Agenda

with a mental health plan to provide these services pursuant to paragraph (1).

(D) Within 90 days of receipt of the request for a scope-of-service change under this subdivision, the department shall issue the FQHC or RHC an interim rate equal to 90 percent of the FQHC's or RHC's projected allowable cost, as determined by the department. An audit to determine the final rate shall be performed in accordance with Section 14170.

(E) Rate changes based on a request for ~~scope-of-service~~ *scope of service* change under this subdivision shall be evaluated in accordance with Medicare reasonable cost principles, as set forth in Part 413 (commencing with Section 413.1) of Title 42 of the Code of Federal Regulations, or its successor.

(F) For the purpose of recalculating the PPS rate, the FQHC or RHC shall provide upon request to the department verifiable documentation as to which employees spent time, and the actual time spent, providing federally qualified health center services or rural health center services and specialty mental health services.

(G) After the department approves the adjustment to the FQHC's or RHC's clinic base PPS rate, an FQHC or RHC shall not bill the PPS rate for any specialty mental health services that are provided pursuant to a contract entered into with a mental health plan pursuant to paragraph (1).

(H) An FQHC or RHC that reverses its election under this subdivision shall revert to its prior PPS rate, subject to an increase to account for all Medicare Economic Index increases occurring during the intervening time period, and subject to any increase or decrease associated with the applicable ~~scope-of-service~~ *scope of service* adjustments as provided for in subdivision (e).

(4) The department shall not reimburse an FQHC or RHC pursuant to subdivision (h) for the difference between its per-visit PPS rate and any payments made for specialty mental health services under this subdivision.

~~(n)~~

(o) FQHCs and RHCs may appeal a grievance or complaint concerning ratesetting, ~~scope-of-service~~ *scope of service* changes, and settlement of cost report audits, in the manner prescribed by Section 14171. The rights and remedies provided under this subdivision are cumulative to the rights and remedies available under ~~all other provisions of law~~ *the laws* of this state.

Back To Item
Back to Agenda

~~(o)~~

(p) The department shall promptly seek all necessary federal approvals in order to implement this section, including any amendments to the state plan. To the extent that any element or requirement of this section is not approved, the department shall submit a request to the federal Centers for Medicare and Medicaid Services for any waivers that would be necessary to implement this section.

~~(p)~~

(q) The department shall implement this section only to the extent that federal financial participation is available.

~~(q)~~

(r) Notwithstanding any other law, the director may, without taking regulatory action pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, implement, interpret, or make specific subdivisions ~~*(l)* and (m)~~ *(m) and (n)* by means of a provider bulletin or similar instruction. The department shall notify and consult with interested parties and appropriate stakeholders in implementing, interpreting, or making specific the ~~provisions of subdivisions *(l)* and (m),~~ *requirements of subdivisions (m) and (n),* including all of the following:

(1) Notifying provider representatives in writing of the proposed action or change. The notice shall occur, and the applicable draft provider bulletin or similar instruction, shall be made available at least 10 business days ~~prior to~~ *before* the meeting described in paragraph (2).

(2) Scheduling at least one meeting with interested parties and appropriate stakeholders to discuss the proposed action or change.

(3) Allowing for written input regarding the proposed action or change, to which the department shall provide summary written responses in conjunction with the issuance of the applicable final written provider bulletin or similar instruction.

(4) Providing at least 60 days advance notice of the effective date of the proposed action or change.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

21. Consider Adoption of the Proposed CalOptima Board of Directors Meeting Schedule for Fiscal Year (FY) 2021-22

Contact

Richard Sanchez, Chief Executive Officer, (657) 900-1481

Recommended Action

Adopt the proposed meeting schedule of the CalOptima Board of Directors, the Finance and Audit Committee, and the Quality Assurance Committee for the period July 1, 2021 through June 30, 2022.

Background

Section 5.2.(b) (1) of the CalOptima Bylaws specifies that the Board shall conduct an annual organizational meeting at a regular meeting to be designated in advance by the Board. The annual organizational meeting is scheduled for the June Board meeting each year. At the annual organizational meeting, the Board shall adopt a schedule stating the dates, times, and places of the Board's regular meetings for the following year.

Discussion

The proposed schedule of meetings for the period July 1, 2021 through June 30, 2022 is as follows:

1. The Board of Directors will meet at 2 p.m. on the first Thursday of each month, with the following exceptions:
   - Due to the Independence Day holiday, staff recommends that the Board consider not meeting in July. Should unanticipated items arise during July 2021 that requires Board review/approval, the Chief Executive Officer (CEO) will confer with the Board Chair or Vice Chair, and items will be presented for ratification at the following regularly scheduled Board meeting.

   - Due to the New Year's holiday, staff recommends that the Board consider not meeting in January 2022. Should unanticipated items arise during January requiring Board review/approval, the CEO will confer with the Board Chair or Vice Chair, and items will be presented for ratification at the following regularly scheduled Board meeting.

2. The Finance and Audit Committee will meet quarterly at 2:00 p.m. on the third Thursday in the months of September, November, February and May.

3. The Quality Assurance Committee will meet quarterly at 3:00 p.m. on the second Wednesday in the months of September, December, March and June.

The meetings of the Board of Directors, the Finance and Audit Committee, and the Quality Assurance Committee are held at the CalOptima offices located at 505 City Parkway West, 1st Floor, Orange, California, unless notice of an alternate location is provided. The proposed FY 2021-22 Board of Directors Meeting Schedule is attached.

Back to Agenda

Fiscal Impact

The fiscal impact for FY 2021-22 Board of Directors Meetings is up to $27,000 in per diem costs, and up to $9,000 in mileage reimbursement for certain Board members. Funding is included as part of the proposed CalOptima FY 2021-22 Operating Budget pending Board approval.

Rationale for Recommendation

The recommended action will confirm the Board's meeting schedule for the next fiscal year as required in Section 5.2 of the Bylaws.

Concurrence

Gary Crockett, Chief Counsel

FY 2020–21: Management Summary

- Change in Net Assets (Deficit) or Surplus
  - MTD: $14.2 million, favorable to budget $19.8 million or 351.0%
  - YTD: $35.8 million, favorable to budget $61.6 million or 238.4%
- Enrollment
  - MTD: 833,848 members, favorable to budget 20,023 or 2.5%
  - YTD: 8,036,147 member months, favorable to budget 64,361 or 0.8%
- Revenue
  - MTD: $334.3 million, favorable to budget $63.3 million or 23.4% driven by Medi-Cal (MC) line of business (LOB):
    - $52.9 million of prescription drug revenue due to the Department of Health Care Services (DHCS) postponing pharmacy benefit transition to Fee For Service (FFS)
    - $5.7 million favorable volume related variance
  - YTD: $3.4 billion, favorable to budget $357.5 million or 11.9% driven by MC LOB:
    - Fiscal year (FY) 2019 hospital Directed Payments (DP) and the pharmacy benefit transition postponement
    - Offset by the Bridge Period Gross Medical Expenditure (GME) risk corridor and Proposition 56 risk corridor reserve

Back to Agenda

CalOptima A Public Agency

FY 2020–21: Management Summary (cont.)

- Medical Expenses
  - MTD: $310.9 million, unfavorable to budget $45.9 million or 17.3% driven by MC LOB:
    - Prescription Drugs expense unfavorable variance of $57.4 million due to postponement of pharmacy benefit transition
    - Provider Capitation expense unfavorable variance of $4.0 million
    - Offset by Facilities Claims expense favorable variance of $7.6 million
    - Managed Long-Term Services and Supports (MLTSS) expense favorable variance of $6.5 million
  - YTD: $3.2 billion, unfavorable to budget $305.4 million or 10.4% driven by:
    - MC LOB FY 2019 hospital DP and pharmacy benefit transition postponement, offset by decreased utilization during COVID-19 pandemic
    - OCC LOB unfavorable to budget $21.1 million or 8.5% due to higher Provider Capitation and Facilities Claims expenses
- Administrative Expenses
  - MTD: $11.5 million, favorable to budget $1.5 million or 11.5%
  - YTD: $112.4 million, favorable to budget $14.3 million or 11.3%
- Net Investment & Other Income
  - MTD: $2.2 million, favorable to budget $1.0 million or 79.7%
  - YTD: $7.6 million, unfavorable to budget $4.9 million or 39.1% due to decrease in long-term bond values that are affected by higher interest rates

FY 2020–21: Key Financial Ratios

- Medical Loss Ratio (MLR)
  - MTD: Actual 93.0% (93.0% excluding DP), Budget 97.8%
  - YTD: Actual 95.8% (95.6% excluding DP), Budget 97.1%
- Administrative Loss Ratio (ALR)
  - MTD: Actual 3.4% (3.4% excluding DP), Budget 4.8%
  - YTD: Actual 3.3% (3.5% excluding DP), Budget 4.2%
- Balance Sheet Ratios
  - Current ratio: 1.3
  - Board-designated reserve funds level: 1.88
  - Net position: $1.1 billion, including required Tangible Net Equity (TNE) of $104.6 million

Board of Directors Meeting
June 3, 2021

Monthly Compliance Report

The purpose of this report is to provide compliance updates to CalOptima's Board of Directors, including but may not be limited to, updates on internal and health network monitoring and audits conducted by CalOptima's Audit & Oversight department, regulatory audits, privacy updates, fraud, waste, and abuse (FWA) updates, and any notices of non-compliance or enforcement action issued by regulators.

A. Updates on Regulatory Audits

1. OneCare

- Contract Year (CY) 2019 Medical Loss Ratio (MLR) Desk Review:

  On April 28, 2021, CalOptima received notification from Actuarial Research Corporation (ARC) that they will be facilitating the review of CY 2019 MLR Reports for OneCare on behalf of the Centers for Medicare & Medicaid Services (CMS). Regulatory Affairs & Compliance (RAC) is awaiting details and instructions from ARC and will work with Finance on deliverables, as needed.

- 2021 Medicare Parts C and D Data Validation Audit (*applicable to OneCare and OneCare Connect*):

  On an annual basis, CMS requires all plan sponsors to engage an independent auditor to validate all Medicare Parts C and D data reported for the prior calendar year. CalOptima has requested the required Parts C and D reporting data from all impacted business areas to ensure the accuracy of the data prior to submission in February 2021. The validation audit began in March and is expected to conclude in June 2021. The audit includes a webinar validation and source documentation review for the following Medicare Parts C and D measures:

  - Parts C and D Grievances
  - Organization Determinations and Reconsiderations
  - Coverage Determinations and Redeterminations
  - Medicare Therapy Management (MTM) Program
  - Special Needs Plan (SNP) Care Management
  - Improving Drug Utilization Review (IDUR) Controls

  The webinar validation took place on April 6, 2021. Following the webinar validation, CalOptima's independent auditor Advent requested sample selections for each of the

reporting measures. CalOptima is working to collect the documents requested for submission ahead of the deadline.

- CY 2019 Medicare Part D Improper Payment Measure (Part D IPM) (*applicable to OneCare and OneCare Connect*):

  On January 15, 2021, CMS informed CalOptima that its OneCare and OneCare Connect contracts have been selected to participate in the CY 2019 Medicare Part D Improper Payment Measure (Part D IPM) audit, formerly known as the Payment Error Related to Prescription Drug Event Validation (PEPV). CMS conducts the Part D IPM audit to validate the accuracy of prescription drug event (PDE) data submitted by Medicare Part D sponsors for CY 2019 payments.

  On January 29, 2021, CMS informed CalOptima that it had selected two (2) PDEs for review --- one for OneCare and one for OneCare Connect. On March 9, 2021, CalOptima took advantage of the early submission window and submitted documentation for both sample selections to CMS. On March 12, 2021, CMS informed CalOptima that the sample for OneCare passed the element check. On April 1, 2021, CMS informed CalOptima that the sample for OneCare Connect passed the element check. No further action is required for the activity at this time.

- CY 2015 Medicare Part C National Risk Adjustment Data Validation (CON15 RADV) Audit:

  On November 21, 2019, CMS notified CalOptima that its OneCare program was selected to participate in the CY 2015 RADV audit. On January 10, 2020, CMS released the enrollee list and opened the submission window. CMS selected a total of thirty-three (33) members for this audit.

  After suspending audit activities on March 30, 2020, due to the public health emergency, CMS resumed audit activities on September 14, 2020. The submission window closed on April 23, 2021. CalOptima has concluded its submission for this audit and is awaiting results from CMS

2. PACE

- 2019 CMS Financial Audit:

  On August 13, 2020, CMS notified CalOptima PACE that it has been selected for the 2019 CMS Financial Audit. By way of background, at least one-third of Medicare plan sponsors are selected for the annual audit of financial records, which will include data relating to Medicare utilization, costs, and computation of the bid. CalOptima was notified that the Certified Public Accountant (CPA) firm, Myers & Stauffer, will be leading this audit. Myers & Stauffer will audit and inspect any books and records from CalOptima that pertain to 1) the ability of the organization to bear the risk of potential financial losses, or 2) services performed or determinations of amounts payable under the contract.

---

2 a\ "N/A" indicates that the category is not applicable to that file type. "Nothing to Report" indicates that there were no files submitted for review for that file type.

Back to Agenda

On December 4, 2020, Myers & Stauffer notified CalOptima of the selection of the prescription drug event (PDE) samples and associated documentation request. CalOptima submitted the full set of requested PDE samples to Myers & Stauffer ahead of the February 2, 2021, deadline. CalOptima has completed submission of all deliverables and is pending feedback from the auditor.

On April 1, 2021, Myers & Stauffer notified CalOptima they have provided a new documentation request list and will be conducting two sets of interviews during the week of April 12, 2021. On April 12, 2021 and April 15, 2021, Myers & Stauffer hosted a series of interview/conference calls to discuss CalOptima's oversight of delegated entities, policies and procedures related to fraud, waste, and abuse (FWA), and reporting of shared and/or intercompany expenses as they relate to PACE. The exit conference has been tentatively scheduled for June 18, 2021.

3. Medi-Cal

- Nothing to Report

B. Regulatory Notices of Non-Compliance

- CalOptima did not receive any notices of non-compliance from its regulators for the month of April 2021.

C. Updates on Internal and Health Network Monitoring and Audits

1. Internal Monitoring Dashboard: Medi-Cal Grievance & Appeals Resolution Services (GARS) [a\]

- As part of its monitoring process, CalOptima's Audit & Oversight department, in collaboration with business areas, maintains a dashboard to monitor key performance metrics for internal and external operations on a monthly basis. Dashboard results are presented to CalOptima's Audit & Oversight Committee and Compliance Committee for oversight. Below are the dashboard results for the months of January 2021 – March 2021 for Medi-Cal GARS. CalOptima's GARS department continues to not meet resolution timeliness requirements for six (6) consecutive months for Medi-Cal standard appeals.

Month	Compliance Goal	Standard Appeals Resolved within ≤ 30 Calendar Days of Receipt
January 2021	98%	61%
February 2021	98%	77%
March 2021	98%	52%

➢ CalOptima's Audit & Oversight (A&O) department escalated the corrective action plan (CAP) that was previously issued to an immediate corrective action plan (ICAP), as

a\ "N/A" indicates that the category is not applicable to that file type. "Nothing to Report" indicates that there were no files submitted for review for that file type.

Back to Agenda

issues with non-timely processing of Medi-Cal standard appeals appear to be systemic, may have the potential to cause member harm, and have been ongoing for at least three (3) months. The A&O department continues to work with the GARS department to remediate the deficiencies by identifying accurate root causes and implementing quality controls to ensure accurate and timely processing of standard appeals. In addition, CalOptima's Audit & Oversight department has increased its monitoring of the GARS department by requiring case status reports twice a day and weekly updates on staffing and remediation activities.

2. Internal Monitoring: Medi-Cal[a\]

- Medi-Cal GARS: Standard Appeals

Month(s)	Classification Score	Standard Appeals Acknowledged within ≤ 5 Calendar Days of Receipt	Language Preference	Member Notice Content	Resolution of Appeals within ≤ 30 Calendar Days of Receipt
January 2021	100%	100%	100%	0%	6.25%
February 2021	100%	100%	100%	72.22%	11.76%
March 2021	100%	100%	100%	85.71%	42.86%

➢ Based on a focused review of seven (7) Medi-Cal standard appeals for March 2021, the lower compliance scores of 85.71% was due to one (1) file exceed the sixth (6th) grade reading level.

➢ Based on a focused review of seven (7) Medi-Cal standard appeals for March 2021, the lower compliance scores of 42.86% was due to untimely resolution of four (4) standard appeals.

- Medi-Cal GARS: Expedited Appeals

Month(s)	Classification Score	Expedited Appeals Verbally Acknowledged within ≤ 24 Hours of Receipt	Language Preference	Member Notice Content	Resolution of Expedited Appeals within 72 Hours of Receipt
January 2021	10%	100%	100%	0%	100%
February 2021	100%	100%	100%	66.7%	100%
March 2021	100%	100%	100%	92.30%	7.69%

➢ Based on a focused review of thirteen (13) Medi-Cal expedited appeals for March 2021, the lower compliance score of 92.30% was due to one (1) file exceeding the sixth (6th) grade reading level.

a\ "N/A" indicates that the category is not applicable to that file type. "Nothing to Report" indicates that there were no files submitted for review for that file type.

Back to Agenda

- Based on a focused review of thirteen (13) Medi-Cal expedited appeals for March 2021, the lower compliance score of 7.69% was due to untimely resolution of twelve (12) expedited appeals.

- Medi-Cal GARS: Standard Grievances

Month(s)	Classification Score	Standard Grievances Acknowledged within ≤ 5 Calendar Days of Receipt	Language Preference	Member Notice Content	Standard Resolution of Grievances within ≤ 30 Calendar Days of Receipt
January 2021	100%	100%	94.4%	77.8%	77.8%
February 2021	100%	100%	95%	70%	90%
March 2021	100%	100%	100%	90%	95%

- Based on a focused review of twenty (20) Medi-Cal standard for March 2021, the lower compliance score of 90% was due to incomplete resolution of two (2) grievances.

- Based on a focused review of twenty (20) Medi-Cal standard grievances for March 2021, the lower compliance score of 95% was due to untimely resolution of one (1) grievance.

- Medi-Cal GARS: Expedited Grievances

Month(s)	Classification Score	Expedited Grievances Verbally Acknowledged within ≤ 24 Hours of Receipt	Language Preference	Member Notice Content	Expedited Grievances Resolved within ≤ 72 Hours of Receipt
January 2021	100%	100%	5%	100%	50%
February 2021	Nothing to Report	Nothing to Report	Nothing to Report	Nothing to Report	Nothing to Report
March 2021	Nothing to Report	Nothing to Report	Nothing to Report	Nothing to Report	Nothing to Report

- No significant trends to report in March 2021.

a\ "N/A" indicates that the category is not applicable to that file type. "Nothing to Report" indicates that there were no files submitted for review for that file type.

Back to Agenda

- Medi-Cal Utilization Management: Standard Prior Authorizations

Month(s)	File Classification	Resolution Timeliness	Provider and Member Notification Timeliness	Clinical Decision Making Review	Processing Accuracy	Written Response in Member's Preferred Language	Accuracy of Member Notice Content
January 2021	100%	86%	93%	93%	93%	100%	93%
February 2021	100%	90%	60%	100%	100%	100%	80%
March 2021	78%	67%	100%	89%	67%	100%	89%

  - Based on a focused review of nine (9) Medi-Cal standard prior for March 2021, the lower compliance score of 78% was due to incorrect file classification of two (2) standard prior authorizations.

  - Based on a focused review of nine (9) Medi-Cal standard for March 2021, the lower compliance score of 67% for resolution timeliness was due to three (3) files not meeting the TAT for processing standard authorization request.

  - Based on a focused review of nine (9) Medi-Cal standard prior authorizations for March 2021, the lower compliance score of 89% for clinical decision-making review was due to one (1) file missing documentation.

  - Based on a focused review of nine (9) Medi-Cal standard prior authorizations for March 2021, the lower compliance score of 67% for processing accuracy was due to three (3) files not following the medical necessity guidelines.

  - Based on a focused review of nine (9) Medi-Cal standard prior authorizations for March 2021, the lower compliance score of 89% for accuracy of member notice content was due to one (1) file not having evidence of delay letter that was sent to the provider.

- Medi-Cal Utilization Management: Urgent Prior Authorizations

Month(s)	File Classification	Resolution Timeliness	Provider and Member Notification Timeliness	Clinical Decision Making Review	Processing Accuracy	Written Response in Member's Preferred Language	Accuracy of Member Notice Content
January 2021	100%	100%	100%	100%	100%	100%	100%
February 2021	100%	90%	90%	100%	100%	100%	100%
March 2021	100%	100%	82%	100%	100%	100%	100%

a\ "N/A" indicates that the category is not applicable to that file type. "Nothing to Report" indicates that there were no files submitted for review for that file type.

Back to Agenda

- Based on a focused review of eleven (11) Medi-Cal urgent prior authorizations for March 2021, the lower compliance score of 82% for provider and member notification timeliness was due to two (2) files missing the provider fax confirmations.

3. Internal Monitoring: OneCare [a\]

- OneCare GARS: Standard Appeals

Month(s)	Classification Score	Standard Appeals Acknowledged within ≤ 5 Calendar Days of Receipt	Language Preference	Member Notice Content	Resolution of Appeals within ≤ 30 Calendar Days of Receipt
January 2021	100%	100%	100%	0%	100%
February 2021	Nothing to Report	Nothing to Report	Nothing to Report	Nothing to Report	Nothing to Report
March 2021	100%	100%	100%	66%	66%

- Based on a focused review of three (3) OneCare standard appeals for March 2021, the lower compliance score of 66% was due to one (1) file exceeding the sixth (6th) grade reading level.

- Based on a focused review of three (3) OneCare standard for March 2021, the lower compliance score of 66% were due to untimely resolution of one (1) standard appeal.

- OneCare GARS: Standard Grievances

Month(s)	Classification Score	Standard Appeals Acknowledged within ≤ 5 Calendar Days of Receipt	Language Preference	Member Notice Content	Resolution of Appeals within ≤ 30 Calendar Days of Receipt
January 2021	100%	100%	100%	50%	100%
February 2021	100%	100%	100%	100%	100%
March 2021	100%	100%	100%	100%	100%

- No significant trends to report in March 2021.

a\ "N/A" indicates that the category is not applicable to that file type. "Nothing to Report" indicates that there were no files submitted for review for that file type.

Back to Agenda

4. Internal Monitoring: OneCare Connect [a\]

- OneCare Connect GARS: Standard Appeals

Month(s)	Classification Score	Standard Appeals Acknowledged within ≤ 5 Calendar Days of Receipt	Language Preference	Member Notice Content	Resolution of Appeals within ≤ 30 Calendar Days of Receipt
January 2021	100%	100%	100%	0%	100%
February 2021	100%	70%	100%	30%	100%
March 2021	100%	100%	100%	285.7%	85.71%

  - Based on a focused review of seven (7) OneCare Connect standard appeals for March 2021, the lower compliance score of 28.57% were due to five (5) files missing documentation.

  - Based on a focused review of seven (7) OneCare Connect standard appeals for March 2021, the lower compliance scores of 85.71% was due to untimely resolution of one (1) standard appeal.

- OneCare Connect GARS: Expedited Appeals

Month(s)	Classification Score	Language Preference	Clinical Decision Making	Member Notice Content	Resolution of Appeals within 72 Hours of Receipt
January 2021	Nothing to Report	Nothing to Report	Nothing to Report	Nothing to Report	Nothing to Report
February 2021	100%	100%	100%	100%	0%
March 2021	Nothing to Report	Nothing to Report	Nothing to Report	Nothing to Report	Nothing to Report

  - No significant trends to report in March 2021.

a\ "N/A" indicates that the category is not applicable to that file type. "Nothing to Report" indicates that there were no files submitted for review for that file type.

Back to Agenda

- OneCare Connect GARS: Standard Grievances

Month(s)	Classification Score	Standard Grievance Acknowledged within ≤ 5 Calendar Days of Receipt	Language Preference	Member Notice Content	Resolution of Grievance within ≤ 30 Calendar Days of Receipt
January 2021	100%	100%	100%	66.67%	100%
February 2021	100%	100%	100%	73.33%	100%
March 2021	100%	100%	100%	93.33%	100%

  - Based on a focused review of fourteen (14) OneCare Connect standard for March 2021, the lower compliance score of 93.33% was due to one (1) file having incomplete resolution.

- OneCare Connect Utilization Management: Standard Prior Authorizations

Month(s)	File Classification	Resolution Timeliness	Provider and Member Notification Timeliness	Clinical Decision Making Review	Processing Accuracy	Written Response in Member's Preferred Language	Accuracy of Member Notice Content
January 2021	100%	100%	70%	90%	100%	90%	100%
February 2021	100%	100%	70%	90%	100%	100%	100%
March 2021	100%	90%	90%	70%	90%	70%	90%

  - Based on a focused review of ten (10) OneCare Connect standard prior authorizations for March 2021, the lower compliance score of 90% for resolution timeliness was due to one (1) file request not being triaged for nurse review in a timely manner.

  - Based on a focused review of ten (10) OneCare standard prior authorizations for March 2021, the lower compliance score of 90% for provider and member notification timeliness was due to one (1) delay letter not meeting timeliness requirements.

  - Based on a focused review of ten (10) OneCare Connect standard prior authorizations for March 2021, the lower compliance score of 70% for clinical decision-making review was due to three (3) files not following the medical hierarchy guidelines.

  - Based on a focused review of ten (10) OneCare Connect standard prior authorizations for March 2021, the lower compliance score of 90% was due to one (1) file being processed inaccurately.

a\ "N/A" indicates that the category is not applicable to that file type. "Nothing to Report" indicates that there were no files submitted for review for that file type.

Back to Agenda

- Based on a focused review of ten (10) OneCare standard prior authorizations for March 2021, the lower compliance score of 70% for written response in member's preferred language was due to three (3) Notice of Actions (NOA) not being fully translated in the member's preferred language.

- Based on a focused review of ten (10) OneCare standard prior authorizations for March 2021, the lower compliance score of 90% for accuracy of member noticed content was due to one (1) file not having evidence of the delay letter being sent to the member.

- OneCare Connect Utilization Management: Expedited Prior Authorizations

Month(s)	File Classification	Resolution Timeliness	Provider and Member Notification Timeliness	Clinical Decision Making Review	Processing Accuracy	Written Response in Member's Preferred Language	Accuracy of Member Notice Content
January 2021	100%	100%	80%	70%	100%	100%	90%
February 2021	100%	100%	100%	100%	100%	90%	60%
March 2021	100%	100%	80%	100%	100%	90%	100%

- Based on a focused review of ten (10) One Care expedited prior authorizations for March 2021, the low compliance score of 80% for provider and member notification timeliness was due to two (2) files failing to notify the provider timely of the decision.

- Based on a focused review of ten (10) One Care Connect expedited prior authorizations for March 2021, the low compliance score of 90% for written response in member's preferred language was due to one (1) NOA letter not being sent in the member's preferred language.

5. Internal Audits: [a\]

- During the first quarter of 2021, CalOptima's Audit & Oversight (A&O) department conducted a full-scope audit of CalOptima's Medicare (OneCare and OneCare Connect) and Medi-Cal Claims to ensure compliance with universe, timeliness and accuracy, as applicable, for the review period of January 1, 2020 – September 30, 2020.

a\ "N/A" indicates that the category is not applicable to that file type. "Nothing to Report" indicates that there were no files submitted for review for that file type.

Non-Contracted Family Planning Claims	100%	100%	100%	100%	100%

6. Health Network Monitoring: Medi-Cal [a\]

- Medi-Cal Utilization Management (UM): Prior Authorization (PA) Requests

Month	Timely Urgent Requests	Clinical Decision Making (CDM) for Urgent Requests	Letter Score for Urgent Requests	Timely Routine Requests	Timely Denials	CDM for Denials	Letter Score for Denials	Timely Modified Requests	CDM for Modified Requests	Letter Score for Modified Requests	Timely Deferrals	CDM for Deferrals	Letter Score for Deferrals
January 2021	86%	96%	97%	86%	91%	95%	96%	82%	94%	99%	97%	89%	97%
February 2021	89%	95%	98%	94%	93%	93%	99%	92%	95%	100%	95%	89%	97%
March 2021	87%	95%	100%	92%	84%	78%	86%	99%	94%	100%	77%	89%	99%

  - Based on a focused review of select files, eight (8) health networks drove the lower compliance score for timeliness during the month March 2021. Of the one-hundred eighty-nine (189) files submitted in the aggregate by eight (8) health networks, forty-one (41) files were deficient for timeliness. The deficiency for the lower scores for timeliness were due to the following:
    - Failure to meet timeframe for decision (Urgent – 72 hours, Routine – 5 business days, and Extended– 14 calendar days)
    - Failure to meet timeframe for provider initial notification (24 hours)
    - Failure to meet timeframe for provider written notification (2 business days)
    - Failure to meet timeframe for member notification (2 business days)

  - Based on a focused review of select files, six (6) health networks drove the lower compliance score for clinical decision making (CDM) during the month of March 2021. Of the fifty-four (54) files submitted in the aggregate by six (6) health networks,

a\ "N/A" indicates that the category is not applicable to that file type. "Nothing to Report" indicates that there were no files submitted for review for that file type.

Back to Agenda

twenty-eight (28) files were deficient for CDM. The deficiency for the lower scores for CDM were due to the following:
- Failure to obtain adequate clinical information
- Failure to include appropriate professional that makes decision
- Failure to cite criteria for decision

➢ Based on a focused review of select files, five (5) health networks drove the lower compliance score for letter criteria during the month of March 2021. Of the forty-three (43) files submitted in the aggregate by five (5) health networks, nine (9) files were deficient for letter criteria. The deficiency for the lower scores for letter criteria were due to the following:
- Failure to provide letter in member preferred language
- Failure to provide why the request did not meet the criteria in lay language
- Failure to provide description of service in lay language

➢ Based on the overall universe of Medi-Cal authorizations for January 2021, CalOptima's health networks received an aggregate compliance score of 72.73% for timely processing of routine authorization requests and a compliance score of 99.91% for timely processing of expedited authorization requests.

➢ CalOptima's Audit & Oversight (A&O) department issued requests for corrective action plans (CAPs) to all health networks with deficiencies identified during the focused review of prior authorization requests. The A&O department continues to work with each health network to remediate the deficiencies by ensuring they identify accurate root causes and implement quality controls such as but may not be limited to --- staff training, process development, system enhancements, ongoing inline monitoring, and policy revisions --- to ensure timely and accurate processing of authorizations.

- Medi-Cal Claims: Professional Claims

Month	Paid Claims Timeliness	Paid Claims Accuracy	Denied Claims Timeliness	Denied Claims Accuracy
January 2021	95%	97%	97%	92%
February 2021	94%	98%	98%	96%
March 2021	86%	97%	97%	90%

➢ Based on a focused review of select files, five (5) health networks drove the lower compliance score for Paid Claims Timeliness during the month of March 2021. Of the fifty (50) files submitted in the aggregate by the five (5) health networks, sixteen (16) files were deficient due to the failure to meet non-contracted paid claim timeliness (30 calendar day from date of claim receipt).

a\ "N/A" indicates that the category is not applicable to that file type. "Nothing to Report" indicates that there were no files submitted for review for that file type.

Back to Agenda

- Based on a focused review of select files, three (3) health networks drove the lower compliance score for Paid Claims Accuracy during the month of March 2021. Of the thirty-five (35) files submitted in the aggregate by three (3) health networks, four (4) files were deficient due to the failure to pay interest and missing documentation for clean claims processing.

- Based on a focused review of select files, five (5) health networks drove the lower compliance score for Denied Claims Timeliness during the month of March 2021. Of the one-hundred fifty-five (155) files submitted in the aggregate by five (5) health networks, ten (10) files were deficient due to the failure to meet non-contracted denied claim timeliness (30 calendar day from date of claim receipt).

- Based on a focused review of select files, nine (9) health networks drove the lower compliance score for Denied Claims Accuracy during the month of March 2021. Of the two hundred-eighty (280) files submitted in the aggregate by nine (9) health networks, thirty-two (32) files were deficient for accuracy criteria. The deficiency for the lower scores for accuracy were due to the following:
  - Failure to provide all necessary documentation for clean claims processing; and
  - Failure to provide a valid claims denial reason, or denying in error (e.g., invalid CPT code or ICD code).

- Based on the overall universe of Medi-Cal claims for January 2021, CalOptima's health networks received an overall compliance score of 92% for timely processing of claims.

- CalOptima's Audit & Oversight (A&O) department issued requests for corrective action plans (CAPs) to all health networks with deficiencies identified during the review of claims processing for timeliness and accuracy. The A&O department continues to work with each health network to remediate the deficiencies by identifying accurate root causes and implementing quality controls such as but may not be limited to --- staff training, process development, system enhancements, ongoing inline monitoring, and policy revisions to ensure timely and accurate processing of claims within regulatory requirements.

7. Health Network Monitoring: OneCare [a\]

- OneCare Utilization Management (UM): Prior Authorization Requests

Month	Timeliness for Expedited Initial Organization Determinations (EIOD)	Clinical Decision Making for EIOD	Letter Score for EIOD	Timeliness for Standard Organization Determinations (SOD)	Letter Score for SOD	Timeliness for Denials	Clinical Decision Making for Denials	Letter Score for Denials

Back to Agenda

- Based on a focused review of select files, one (1) health network drove the lower compliance score for timeliness during the month of March 2021. Of the two (2) files submitted by the one (1) health network, one (1) file was deficient for timeliness. The deficiency for the lower scores for timeliness were due to the following:
  - Failure to meet timeframe for decision (Expedited – 72 hours)
  - Failure to meet timeframe for provider notification (72 hours)
  - Failure to meet timeframe for member written notification (72 hours)
  - Failure to meet timeframe for member oral notification (72 hours)

- Based on a focused review of select files, five (5) health networks drove the lower compliance score for letter criteria during the month of March 2021. Of the fifty-six (56) files submitted in the aggregate by five (5) health networks, twenty-eight (28) files were deficient for letter criteria. The deficiency for the lower scores for letter criteria were due to the following:
  - Failure to utilize CMS approved letter template
  - Failure to provide letter with CalOptima logo
  - Failure to provide description of service in lay language

- Based on the overall universe of OneCare authorization requests for CalOptima's health networks for January 2021 CalOptima's health networks received an overall compliance score 93% for timely processing of standard Part C authorization requests and 80% for timely processing of expedited Part C authorization requests**.**

- CalOptima's Audit & Oversight (A&O) department issued requests for corrective action plans (CAPs) to all health networks with deficiencies identified during the review of prior authorization requests. The A&O department continues to work with each health network to remediate the deficiencies by ensuring they identify accurate root causes and implement quality controls such as but may not be limited to --- staff training, process development, system enhancements, ongoing inline monitoring, and policy revisions --- to ensure timely and accurate processing of authorizations within regulatory requirements.

Back to Agenda

- Based on a focused review of select files, one (1) health network drove the lower compliance score for paid claims timeliness during the month of March 2021. Of the ten (10) files submitted by the one (1) health network, three (3) files were deficient due to the failure to meet non-contracted clean paid claim timeliness (30 calendar day from date of claim receipt).

- Based on the overall universe of OneCare claims for CalOptima's health networks for January 2021, CalOptima's health networks received the following overall compliance scores for timely processing of claims:
  - 89.85% for non-contracted clean claims paid or denied within 30 calendar days of receipt
  - 99.79% for contracted clean and unclean and non-contracted unclean claims paid or denied within 60 calendar days of receipt

- CalOptima's Audit & Oversight (A&O) department issued requests for corrective action plans (CAPs) to all health networks with deficiencies identified during the review of claims processing for timeliness and accuracy. The A&O department continues to work with each health network to remediate the deficiencies by identifying accurate root causes and implementing quality controls such as, but may not be limited to --- staff training, process development, system enhancements, ongoing inline monitoring, and policy revisions to ensure timely and accurate processing of claims within regulatory requirements.

8. Health Network Monitoring: OneCare Connect [a\]

- OneCare Connect Utilization Management (UM): Prior Authorization Requests

Month	Timeliness for Urgent Requests	Clinical Decision Making (CDM) for Urgent Requests	Letter Score for Urgent Requests	Timeliness for Routine Requests	Letter Score for Routine Requests	Timeliness for Denials	CDM for Denials	Letter Score for Denials	Timeliness for Modified Requests	CDM for Modified Requests	Letter Score for Modified Requests
January 2021	95%	87%	96%	88%	94%	81%	83%	90%	85%	95%	97%
February 2021	99%	92%	95%	93%	95%	93%	94%	93%	98%	100%	100%
March 2021	98%	100%	93%	99%	94%	100%	89%	94%	97%	99%	100%

- Based on a focused review of select files, two (2) health networks drove the lower compliance score for timeliness during the month of March 2021. Of the thirty (30) files submitted in the aggregate by two (2) health networks, three (3) files were deficient for timeliness. The deficiency for the lower score for timeliness were due to the following:
  - Failure to meet timeframe for decision (Urgent – 72 hours)
  - Failure to meet timeframe for provider written notification (Urgent – 72 hours)

a\ "N/A" indicates that the category is not applicable to that file type. "Nothing to Report" indicates that there were no files submitted for review for that file type.

Back to Agenda

- Based on a focused review of select files, two (2) health networks drove the lower compliance score for clinical decision making (CDM) during the month of March 2021. Of the twenty-four (24) files submitted in the aggregate by two (2) health networks, four (4) files were deficient for CDM. The deficiency for the lower scores for CDM were due to the health networks' failure to cite the criteria used to make the decision.

- Based on a focused review of select files, five (5) health networks drove the lower compliance score for letter criteria during the month of March 2021. Of the sixty-four (64) files submitted in the aggregate by five (5) health networks, twenty-nine (29) files were deficient for letter criteria. The deficiency for the lower scores for letter criteria were due to the health networks' failure to provide description of service in lay language.

- Based on the overall universe of OneCare Connect authorization requests for CalOptima's health networks for January 2021, CalOptima's health networks received an overall compliance score of 100% for timely processing of routine authorization requests and 100% for timely processing of expedited authorization requests.

- CalOptima's Audit & Oversight (A&O) department issued requests for corrective action plans (CAPs) to all health networks with deficiencies identified during the review of prior authorization requests. The A&O department continues to work with each health network to remediate the deficiencies by ensuring they identify accurate root causes and implement quality controls such as but may not be limited to --- staff training, process development, system enhancements, ongoing inline monitoring, and policy revisions --- to ensure timely and accurate processing of authorizations within regulatory requirements.

- <u>OneCare Connect Claims</u>: Professional Claims

Month	Paid Claims Timeliness	Paid Claims Accuracy	Denied Claims Timeliness	Denied Claims Accuracy

March 2021	68%	84%	99%	88%

- Based on a focused review of select files, seven (7) health networks drove the lower compliance score for Paid Claims Timeliness during the month of March 2021. Of the seven (7) health networks that submitted sixty-four (64) files in the aggregate, thirty-one **(**31) files were deficient due to the failure to meet non-contracted clean paid claim timeliness (30 calendar day from date of claim receipt).

- Based on a focused review of select files, three (3) health networks drove the lower compliance score for Paid Claims Accuracy during the month of March 2021. Of the three (3) health networks that submitted thirty-seven (37) files in the aggregate, fifteen

a\ "N/A" indicates that the category is not applicable to that file type. "Nothing to Report" indicates that there were no files submitted for review for that file type.

Back to Agenda

(15) files were deficient for accuracy. The deficiency for the lower scores for accuracy were due to the following:
- Failure to accurately process claim payment based on Medicare fee schedule
- Failure to process claims with accurate interest accrued based on CMS interest calculations

- Based on a focused review of select files, one (1) health network drove the lower compliance score for Denied Claims Timeliness during the month of March 2021. Of the one (1) health network that submitted twelve (12) files in the aggregate, one **(**1) file was deficient for timeliness. The deficiency for the lower score for timeliness was due to the failure to meet non-contracted clean paid claim timeliness (30 calendar day from date of claim receipt).

- Based on a focused review of select files, four (4) health networks drove the lower compliance score for Denied Claims Accuracy during the month of March 2021. Of the four (4) health networks that submitted thirty-two (32) files in the aggregate, nine (9) files were deficient due to the failure to meet non-contracted clean paid claim timeliness (30 calendar day from date of claim receipt).

- Based on the overall universe of OneCare Connect claims for CalOptima's health networks for January 2021, CalOptima's health networks received the following overall compliance scores:
  - 90.66% for non-contracted and contracted clean claims paid or denied within 30 calendar days of receipt
  - 100% for non-contracted and contracted unclean claims paid or denied within 60 calendar days of receipt
  - 99.37% for non-contracted and contracted clean claims paid or denied within 90 calendar days of receipt

- CalOptima's Audit & Oversight (A&O) department issued requests for corrective action plans (CAPs) to all health networks with deficiencies identified during the review of claims processing for timeliness and accuracy. The A&O department continues to work with each health network to remediate the deficiencies by identifying accurate root causes and implementing quality controls such as but may not be limited to --- staff training, process development, system enhancements, ongoing inline monitoring, and policy revisions to ensure timely and accurate processing of claims within regulatory requirements.

May 13, 2021

To: CalOptima

From: Akin Gump Strauss Hauer & Feld, LLP

Re: May Board of Directors Report

Members of Congress returned to Washington on May 10 with a busy agenda that includes appropriations, infrastructure legislation, nominations, and legislative activity on drug pricing. This report covers developments through May 12, 2021.

FY 2022 Budget/Appropriations

Most deadlines have passed for Members to submit earmarks and other appropriations requests to the House Appropriations Committee, which will begin marking up spending bills in June with the goal of floor action in July. In addition, House Budget Committee Chair John Yarmuth (D-KY) has announced plans to take up a Fiscal Year (FY) 2022 budget resolution in June to set discretionary spending limits and facilitate the budget reconciliation process that will allow Democrats to pass President Biden's infrastructure and tax plans with a simple majority in the Senate. House appropriators are working without a full budget request from the President; the White House released a "skinny budget" outline last month, and a full budget is expected to be sent to Congress by Memorial Day. House Appropriations Chair Rosa DeLauro (D-CT) also stated that House Democrats plan to take up a supplemental appropriations measure in the coming weeks to make improvements to Capitol security.

Following the House's lead, Senate Appropriations Chair Patrick Leahy (D-VT) announced that the Committee would be accepting earmark requests for FY 2022. While Senate Republicans voted to retain the conference's earmark "ban," the rule is nonbinding and some Members are expected to submit requests.

American Families Plan

Following up on the $2.3 trillion American Jobs Plan released in March, the White House outlined a new $1.8 trillion package on April 28 that addresses child care, education, and family leave, among other issues. The proposal, known as the American Families Plan, calls for $200 billion to permanently extend the expanded premium tax credits included in the American Rescue Plan. The package also calls for investments in maternal health and veterans' health, though no specific provisions are included. Many of these details will be emerge as House committees start drafting legislation.

Back to Agenda

In his address to a joint session of Congress, President Biden also highlighted his administration's plans to tackle "outrageous" prescription drug prices and suggested that savings from these reforms could be used to pay for an expansion of Medicare benefits and eligibility. The President did not indicate whether such proposals would be included in his infrastructure or family plans.

Prescription Drug Pricing

As new COVID-19 cases in the United States continue to decline, House and Senate committees are shifting their focus to other health care issues. On April 22, House Energy and Commerce Chair Frank Pallone (D-NJ), Ways and Means Chair Richard Neal (D-MA), and Education and Labor Chair Bobby Scott (D-VA) reintroduced the Elijah E. Cummings Lower Drug Costs Now Act (H.R. 3). The Democratic drug pricing proposal passed the House during the last Congress but failed to advance in the Senate. The wide-ranging package would establish a "fair price negotiation" program; create inflation rebates in Medicare Part B and Part D; establish an out-of-pocket maximum for Part D enrollees; and require reporting on manufacturer price increases.

On May 4, the Energy and Commerce Committee's Health Subcommittee held a hearing to examine a number of drug pricing measures, including H.R. 3, and the Education and Labor Committee's Health, Employment, Labor, and Pensions Subcommittee held a similar hearing on May 5. Republicans on both panels offered strong criticism of H.R. 3 and instead touted their own legislation, the Lower Costs, More Cures Act (H.R. 19).

Prescription drug pricing is also a priority for Senate Finance Committee Chair Ron Wyden (D-OR) and Ranking Member Chuck Grassley (R-IA), though the Committee has not yet held a hearing on the topic this year.

Surprise Billing Update

Providers and payers are anxiously awaiting the release of the first regulations on surprise medical billing, following the enactment of the No Surprises Act as part of the year-end spending package that Congress approved in December. The No Surprises Act protects patients from "balance billing" when they receive emergency care or certain other services from an out-of-network provider. The measure also calls for the creation of arbitration process for disputes between providers and payers. Most of the provisions take effect in January 1, 2022, and the law's first major regulatory deadlines are in July 2021.

Members and stakeholders are already lobbying to shape the regulations. On April 29, Sens. Maggie Hassan (D-NH) and Bill Cassidy (R-LA) sent a letter to the Department of Health and

Back to Agenda

Human Services (HHS), the Department of Labor, and Treasury Department, outlining their recommendations for implementing the law's provisions related to arbitration, transparency, and consumer protection. Reps. Larry Bucshon (R-IN) and Raul Ruiz (D-CA) penned a similar letter on May 5, urging the administration to ensure that any regulations or guidance issued treats all parties fairly in the arbitration process.

Administration Nominations

Chiquita Brooks-LaSure's nomination for Centers for Medicare and Medicaid Services (CMS) Administrator was temporarily stalled on April 22 after a 14-14 confirmation vote in the Senate Finance Committee. Republicans objected to the nomination after Sen. John Cornyn (R-TX) said he would place a procedural hold on the nomination due to his concerns about CMS' recent decision to rescind Texas' Medicaid 1115 waiver. Her nomination advanced on May 12, however, following a procedural vote in the full Senate on Majority Leader Schumer's discharge petition to bring the nomination to the floor. Brooks-LaSure is expected to be confirmed later this month.

On May 11, the Senate voted 61-37 to confirm Andrea Palm as Deputy Secretary of Health and Human Services.

LEGISLATIVE UPDATE
Edelstein Gilbert Robson & Smith LLC

The big news in the California Capitol is the release of the Governor's May Revision to the 2021-22 State Budget that he proposed to the Legislature in January. This revised budget document is supposed to reflect updated tax revenues and spending trends to better enable the Legislature to pass a balanced budget on June 15 for the fiscal year that will begin on July 1.

Passing and enacting the State Budget is the most important function the Legislature performs as it dictates how the state spends approximately $267 billion in total revenue. As such, Capitol stakeholders eagerly await the release of the May Revise, as that is when the Legislature starts making final decisions on spending priorities after spending the previous 4 months holding committee hearings and crafting their own budget based on their priorities. At least that is how textbooks would describe the process.

In reality, the Governor and Legislature are constrained by Constitutional mandates, bonds funds, special funds, court rulings and federal funds that limit the discretion on how to spend money in the state budget. When revenues are down, there is very little discretion. However, when revenues are up, there is much more discretion. This brings us to this year's May Revise – revenues are up. Way up.

2020-21 Unexpected Budget Surplus
When the COVID-19 pandemic hit in 2020, the service sector and non-essential businesses closed, and unemployment skyrocketed. State budget analysts expected the worst and forecast a $54 billion deficit in the current fiscal year. Based on that projection, the Legislature and Governor adopted a conservative budget with little or no increases in spending. However, the estimate was way off, as essential businesses continued to operate, many professionals were able to work from home, and most importantly, those with a lot of wealth continued to accumulate wealth through the stock market. California's income tax revenues are very reliant, in fact too reliant, on taxes generated from the capital gains on the sale of stocks. In January, the Governor said the state would end the fiscal year with $15 billion surplus. But even that projection was way off.

Unprecedented Surplus
The Governor's May Revise projects a **$75 billion surplus** of revenue above projected spending for 2021-22. This is a $129 billion swing in forecasting from a year ago. It is an unprecedented surplus that is larger than the entire state budgets of all but a few states, and the swing in forecasted revenue from the previous year is almost as large as

California's entire General Fund spending. The non-partisan Legislative Analyst Office termed the surplus as being "once-in-a-generation magnitude" and it is coupled with $26 billion in federal America Rescue Plan funding that does not have to be spent in the next fiscal year. With over $100 billion in new revenues, the Governor and Legislature have considerable ability to deliver projects and services to Californians.

Governor Newsom and the California Comeback Tour
The Governor this week embarked on a week-long rollout of the May Revise, which he has promoted as the California Comeback Plan. With a recall election looming in the Fall, the Governor has made what can be fairly characterized as campaign stops around the state to make major announcements on how he intends to spend the surplus.

Monday – Taxpayer Relief
The Governor announced his California Comeback Plan and revealed that there is a total $100 billion surplus to spend at a press conference in Oakland. At this press conference he pledged that his May Revise would include:

- **$12 billion in direct payments to all taxpayers who make less than $75,000 per year.**
- **$5.2 billion to low-income renters to cover back rent due to the pandemic.**
- **$2 billion to help Californians pay overdue water and utility bills.**

Tuesday – Homelessness and Housing
The Governor held a press conference at a Project HomeKey location in San Diego to announce his plan to use part of the $100 billion surplus to address the homelessness crisis in California. Key to this effort is an expansion of Project HomeKey and Project RoomKey which are state-funded efforts to acquire hotels, motels, and rooms to provide permanent and temporary housing for homeless individuals and families. Specifically, the Governor announced:

$12 billion to address homelessness:
- **$7 billion to expand Project HomeKey**
- **$3.5 billion for rental support and shelter and housing assistance**
- **$1.5 billion to clean up public encampments and open spaces**

Wednesday – Education
The Governor held a press conference in Castroville to announce increased funding for the state's public education system. Specifically:

$20 billion total investment in education:
- **$15 billion for K-12 public schools**
- **$2 billion for college savings accounts**
- **$3.4 billion for universal pre-kindergarten**

Back to Agenda

Thursday – Business Relief
The Governor addressed the California Chamber of Commerce at its annual Host Breakfast to announce additional funding for existing targeted business assistance programs. This includes:

- **$1.5 billion in COVID relief grants to small business**
- **$6.2 billion to conform California tax code to the federal government to make Payroll Protection Program loans not count as income to those businesses that utilized the loans.**
- **Hundreds of millions of dollars in various targeted tax credits, grants and loans.**

Friday – The Big Reveal – May Revise -- $267 billion in total spending
The Governor held a press conference in Sacramento to release the details of the whole May Revise. The Governor used this occasion to re-emphasize and augment the spending priorities that he proposed in his original January Budget. After a nearly three-hour press conference, the Governor put the details of Budget online for review.

We will do a deeper examination of the May Revision and its impact over the next few days and update you as appropriate.

Governor Recall Update
As noted above, the timing and method of releasing the May Revise and all the spending and projects it promises for Californians is certainly related to the pending recall election that will likely be scheduled for the ballot in late October. After months of public criticisms related to the closure of schools, business, and social activity, the Governor is clearly utilizing the budget windfall to be in the public eye and restore confidence in his governorship.

With the effects of the pandemic winding down with businesses and schools reopening, the Governor's is indeed gaining goodwill with voters. It should be expected the budget news will continue to improve his standing in the public eye.

On May 11, the UC Berkeley Institute of Governmental Studies released a poll from the first week of May showing that support for recalling the Governor remains stagnant at 36 percent, while those who are opposed to recalling the Governor has grown to 49 percent.

In the separate question of who should replace the Governor should he be recalled, the poll showed that none of the replacement candidates generate enthusiasm with voters, with none garnering more than 22 percent of support. Caitlyn Jenner has the least support at 6 percent with both John Cox and Kevin Faulconer garnering 22 percent.

Back to Agenda

2021–22 Legislative Tracking Matrix

COVID-19 (CORONAVIRUS)

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
AB 454 Rodriguez	**Provider Supplemental Payments:** Would allow the Department of Managed Health Care (DMHC) to require health plans to provide supplemental payments and/or nonmonetary support to any severely impacted providers during and for 60 days after a public health emergency or disaster declaration. DMHC may require health plans to provide rate increases, one-time payments, personal protective equipment, and/or other equipment and business expenses to ensure the continued operation of the practice, but no more than the total payment amount that the plan would have paid in an average year.	**05/04/2021** Re-referred to Assembly Appropriations Committee **04/27/2021** Passed Assembly Health Committee **02/08/2021** Introduced	CalOptima: Watch CAHP: Oppose LHPC: Oppose
SB 510 Pan	**Disease Testing and Vaccination Coverage:** Would require a health plan to cover COVID-19 testing and vaccinations provided by an in-network or out-of-network provider, without cost sharing or prior authorization requirements, during a public health emergency. This bill would also apply these requirements to any future diseases causing a public health emergency.	**04/12/2021** Re-referred to Senate Appropriations Committee **04/07/2021** Passed Senate Health Committee **02/17/2021** Introduced	CalOptima: Watch CAHP: Oppose Unless Amended
SB 242 Newman	**Provider Reimbursement for Medically Necessary Equipment:** Would allow physicians and dental providers to be reimbursed for medically necessary business expenses, in compliance with a public health order, to treat and reduce the spread of COVID-19 or other infectious diseases in the workplace during a public health emergency. Reimbursable expenses would include personal protective equipment, infection control supplies, testing supplies and processing, and related information technology expenses.	**04/13/2021** Re-referred to Senate Appropriations Committee **03/10/2021** Passed Senate Health Committee **01/21/2021** Introduced	CalOptima: Watch CAHP: Oppose LHPC: Oppose

BEHAVIORAL HEALTH

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
S. 764 Wyden	**Crisis Assistance Helping Out on the Streets (CAHOOTS) Act:** Would allow State Medicaid programs to provide community-based mobile crisis intervention services under a State Plan Amendment or waiver. Would provide states a 95% FMAP for such services.	**03/16/2021** Introduced; referred to Senate Finance Committee	CalOptima: Watch

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
AB 563 Berman	**Office of School-Based Health Programs:** Would establish the Office of School-Based Health Programs within the California Department of Education (CDE), no later than July 1, 2022, to administer current health programs, including the LEA Medi-Cal Billing Option Program, and Early and Periodic Screening, Diagnostic, and Treatment (ESPDT) services. Would also require the CDE to coordinate with DHCS and LEAs to increase access to and expand the scope of school-based Medi-Cal programs.	**04/13/2021** Passed Assembly Health Committee; referred to Assembly Appropriations Committee **03/24/2021** Passed Assembly Education Committee **02/11/2021** Introduced	CalOptima: Watch
AB 586 O'Donnell	**School Health Demonstration Project:** Would establish the School Health Demonstration Project, as a two-year program, to expand comprehensive physical and mental health access to students. The CDE would provide support, technical assistance and $500,000 in annual grants to LEAs to participate in additional Medi-Cal funding opportunities and build partnerships with Medi-Cal managed care plans (MCPs), county mental health plans (MHPs) and private health plans.	**04/19/2021** Re-referred to Assembly Appropriations Committee **04/13/2021** Passed Assembly Health Committee **04/07/2021** Passed Assembly Education Committee **02/11/2021** Introduced	CalOptima: Watch
AB 822 Rodriguez	**Emergency Psychiatric Observations:** Would add observation services for a psychiatric emergency medical condition as a covered Medi-Cal specialty mental health benefit. Medi-Cal MCPs would be required to pay when the suspected condition is later determined not to be a psychiatric emergency.	**04/27/2021** Passed Assembly Health Committee; referred to Assembly Appropriations Committee **02/16/2021** Introduced	CalOptima: Watch LHPC: Oppose Unless Amended
SB 221 Wiener	**Timely Access to Care:** Would codify current timely access standards requiring health plans to ensure that contracted providers and health networks schedule initial appointments within specified time frames of a beneficiary's request. Would expand current standards to also require follow-up appointments with a non-physician mental health or substance use disorder provider to be scheduled within 10 business days of a previous appointment related to an ongoing course of treatment—in alignment with the current time frame for the initial appointment.	**03/22/2021** Re-referred to Senate Appropriations Committee **03/17/2021** Passed Senate Health Committee **01/13/2021** Introduced	CalOptima: Watch CAHP: Oppose

Back to Agenda

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
SB 293 Limon	**Standardized Early and Periodic Screening, Diagnostic, and Treatment Program (EPSDT) Forms:** Would require DHCS to develop standardized forms for specialty mental health services provided under EPSDT after January 1, 2022. Consistent with the CalAIM proposal, the forms would address medical necessity criteria, screening tools and transition of care tools, which would impact coordination and referrals with Medi-Cal MCPs.	**03/18/2021** Re-referred to Senate Appropriations Committee **03/17/2021** Passed Senate Health Committee **02/01/2021** Introduced	CalOptima: Watch
SB 562 Portantino	**Autism Spectrum Disorder (ASD) Treatment:** Would revise and expand the definitions of those providing care and support to individuals with ASD and redefine the minimum qualifications of autism service professionals. Additionally, ASD treatment such as the Developmental, Individual-differences and Relationship-based model (DIR), or "DIRFloortime," not currently covered by Medi-Cal, would be authorized to be provided at any time or location, in an unscheduled and unstructured setting, by a qualified autism provider. The authorization of ASD treatment services will not been denied or limited if a parent or caregiver is unable to participate.	**04/21/2021** Passed Senate Health Committee; referred to Senate Appropriations Committee **04/06/2021** Passed Senate Human Services Committee **02/18/2021** Introduced	CalOptima: Watch
SB 773 Roth	**Medi-Cal Incentive Payments for School-Based Behavioral Health:** Would require DHCS to make incentive payments to Medi-Cal MCPs for the 2022–24 rating period if plans increase access to preventive and behavioral health services for K–12 students through targeted interventions by school-based behavioral health providers. Of note, Gov. Newsom included $400 million of one-time funding in the proposed state budget for this initiative.	**04/14/2021** Passed Senate Health Committee; referred to Senate Appropriations Committee **02/19/2021** Introduced	CalOptima: Watch

CALIFORNIA ADVANCING AND INNOVATING MEDI-CAL (CALAIM)

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
AB 875 Wood	**CalAIM Proposal: County Inmate Release Coordination:** No later than January 1, 2023, would require Medi-Cal MCPs to coordinate with county jails, juvenile facilities and county MHPs to provide continued behavioral health services to former inmates who received the same services while incarcerated.	**04/27/2021** Passed Assembly Health Committee; referred to Assembly Appropriations Committee **02/17/2021** Introduced	CalOptima: Watch
AB 942 Wood	**CalAIM Proposal: Behavioral Health:** Would require DHCS to implement alternate criteria for medical necessity regarding behavioral health services, as well as mandatory screening and transition of care tools for Medi-Cal behavioral health benefits no sooner than January 1, 2022. Additionally, as of January 1, 2027, the bill would require a county/counties to administer behavioral health benefits under a single Medi-Cal behavioral health delivery system contract.	**04/27/2021** Passed Assembly Health Committee; referred to Assembly Appropriations Committee **02/17/2021** Introduced	CalOptima: Watch

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
AB 1132 Wood	**CalAIM Proposal: Standardized MCP Benefits and Dual Eligible Special Needs Plan (D-SNP) Transition:** Would require Medi-Cal MCPs to operate a D-SNP in Coordinated Care Initiative (CCI) counties by January 1, 2023, and in non-CCI counties by January 1, 2025. Would also standardize the benefits provided by Medi-Cal MCPs statewide, including the carve-out of the Multipurpose Senior Services Program (MSSP) and the carve-in of organ transplants by January 1, 2022, and the carve-in of institutional long-term care services by January 1, 2023.	**05/03/2021** Re-referred to Assembly Appropriations Committee **04/27/2021** Passed Assembly Health Committee **02/18/2021** Introduced	CalOptima: Watch
SB 256 Pan	**CalAIM Proposal:** Would authorize DHCS to implement the CalAIM proposal, including the following provisions: ■ Enhanced Care Management ■ ILOS ■ Incentive payments to Medi-Cal MCPs ■ Mandatory managed care enrollment populations ■ Population Health Management program ■ Regional capitation rates	**04/28/2021** Passed Senate Health Committee; referred to Senate Appropriations Committee **01/26/2021** Introduced	CalOptima: Watch
SB 279 Pan	**CalAIM Proposal:** Would terminate the Health Homes Program on January 1, 2022, require all MCPs and health plan subcontractors to become accredited by the National Committee for Quality Assurance by January 1, 2026, and implement the State Plan Dental Improvement Program.	**04/28/2021** Passed Senate Health Committee; referred to Senate Appropriations Committee **01/29/2021** Introduced	CalOptima: Watch
RN 21 08858 Trailer Bill	**CalAIM Proposal:** Would codify various provisions of the CalAIM Proposal as revised by DHCS on January 8, 2021, for which implementation requires changes in state law.	**02/01/2021** Published on the Department of Finance website	CalOptima: Watch

COVERED BENEFITS

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
H.R. 56 Biggs	**Patient Access to Medical Foods Act:** Would expand the federal definition of medical foods to include food prescribed as a therapeutic option when traditional therapies have been exhausted or may cause adverse outcomes. Effective January 1, 2022, medical foods, as defined, would be covered by private health insurance providers and federal public health programs, including Medicare, TRICARE, Children's Health Insurance Program (CHIP) and Medicaid, as a mandatory benefit.	**01/04/2021** Introduced; referred to House Committees on Energy and Commerce, Ways and Means and Armed Services	CalOptima: Watch
H.R. 1118 Dingell	**Medicare Hearing Aid Coverage Act of 2021:** Effective January 1, 2022, would require Medicare Part B coverage of hearing aids and related examinations.	**02/18/2021** Introduced; referred to House Energy and Commerce Committee and House Ways and Means Committee	CalOptima: Watch

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
AB 114 Maienschein	**Rapid Whole Genome Sequencing:** Would add rapid Whole Genome Sequencing as a covered Medi-Cal benefit for any beneficiary who is at least one year of age and is receiving inpatient services in an intensive care unit. The benefit would include individual sequencing, trio sequencing for one or more parent and their baby, and ultra-rapid sequencing.	**04/13/2021** Passed Assembly Health Committee; referred to Assembly Appropriations Committee **12/17/2020** Introduced	CalOptima: Watch
AB 342 Gipson	**Colorectal Cancer Screenings and Colonoscopies:** Effective January 1, 2022, would require health plans to provide no-cost coverage for a colorectal cancer screening and laboratory test recommended by the U.S. Preventive Services Task Force and Medicare. Additionally, would prohibit health plans from imposing cost sharing on colonoscopies for those between 50 and 75 years of age. Health plans would not be required to comply with these provisions when the service was delivered by an out-of-network provider.	**03/26/2021** Re-referred to Assembly Appropriations Committee **03/23/2021** Passed Assembly Health Committee **01/28/2021** Introduced	CalOptima: Watch
SB 245 Gonzalez	**Abortion Services:** Would prohibit a health plan from imposing Medi-Cal cost-sharing on all abortion services, including any pre-abortion or follow-up care, no sooner than January 1, 2022. Likewise, a health plan may not require a prior authorization or impose an annual or lifetime limit on such coverage.	**04/12/2021** Re-referred to Senate Appropriations Committee **04/07/2021** Passed Senate Health Committee **01/22/2021** Introduced	CalOptima: Watch CAHP: Oppose
SB 306 Pan	**Sexually Transmitted Disease (STD) Home Test Kits:** Would require health plans to provide coverage and reimbursement for at-home STD test kits and any associated laboratory fees. Would also authorize Medi-Cal reimbursement for STD-related services at the same rate as comprehensive family planning services, even when the patient is not at risk of becoming pregnant or in need of contraception	**04/19/2021** Passed Senate Business, Professions and Economic Development Committee; referred to Senate Appropriations Committee **04/07/2021** Passed Senate Health Committee **02/04/2021** Introduced	CalOptima: Watch CAHP: Oppose

SB 523 Leyva	**Contraceptive Equity Act of 2021:** Effective January 1, 2022, would require health plans to provide coverage of all Food and Drug Administration-approved over-the-counter contraceptive drugs, devices, and products, including vasectomies, without a prescription and regardless of gender. Would also require coverage of related examinations, procedures, and consultations.	**05/03/2021** Re-referred to Senate Appropriations Committee **04/28/2021** Passed Senate Health Committee **04/05/2021** Passed Senate Labor, Public Employment and Retirement Committee **02/17/2021** Introduced	CalOptima: Watch
RN 21 05566 Trailer Bill	**Delayed Suspension of Medi-Cal Adult Optional Benefits:** Would delay the suspension of certain Medi-Cal adult optional benefits, which are currently set to expire on December 31, 2021, by 12 additional months through December 31, 2022. Extended optional benefits include podiatric services, audiology services, speech therapy, optician and optical services, and incontinence creams and washes.	**02/02/2021** Published on the Department of Finance website	CalOptima: Watch
RN 21 05595 Trailer Bill	**Delayed Suspension of Medi-Cal Postpartum Care Extension:** Would delay the suspension of Medi-Cal postpartum expanded eligibility, which is currently set to expire on December 31, 2021, by 12 additional months through December 31, 2022. Postpartum expanded eligibility allows Medi-Cal beneficiaries who receive pregnancy-related services and are diagnosed with a mental health condition to remain eligible for Medi-Cal postpartum care for up to 12 months after the last day of pregnancy. Upon the discontinuation of postpartum expanded eligibility on December 31, 2022, postpartum care would terminate 60 days after the last day of pregnancy.	**02/02/2021** Published on the Department of Finance website	CalOptima: Watch

MEDI-CAL ELIGIBILITY

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
AB 4 Arambula	**Medi-Cal Eligibility Expansion:** Would extend eligibility for full-scope Medi-Cal to eligible individuals of all ages regardless of their immigration status.	**04/13/2021** Passed Assembly Health Committee; referred to Assembly Appropriations Committee **12/07/2020** Introduced	CalOptima: Watch CAHP: Support LHPC: Support

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
AB 112 Holden	**Inmate Eligibility Extension:** Would delay the termination date of Medi-Cal eligibility for non-juvenile inmates from one year of elapsed incarceration to three years of elapsed incarceration. For juvenile inmates, Medi-Cal eligibility would not be terminated until three years after their status as a juvenile has ended.	**03/26/2021** Re-referred to Assembly Appropriations Committee **03/23/2021** Passed Assembly Health Committee **12/17/2020** Introduced	CalOptima: Watch
AB 470 Carrillo	**Elimination of Asset Consideration:** Would prohibit the consideration of any assets or property in determining Medi-Cal eligibility under any aid category, subject to federal approval.	**04/14/2021** Re-referred to Assembly Appropriations Committee **04/06/2021** Passed Assembly Health Committee **02/08/2021** Introduced	CalOptima: Watch LHPC: Support
SB 56 Durazo	**Medi-Cal Eligibility Expansion:** Would extend eligibility for full-scope Medi-Cal to eligible individuals ages 65 years or older, regardless of their immigration status.	**03/10/2021** Passed Senate Health Committee; referred to Senate Appropriations Committee **12/07/2020** Introduced	CalOptima: Watch CAHP: Support LHPC: Support

MEDI-CAL OPERATIONS AND ADMINISTRATION

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
H.R. 1738 Dingell	**Stabilize Medicaid and CHIP Coverage Act of 2021:** Similar to S. 646, would provide 12 months of continuous eligibility and coverage for any Medicaid or CHIP beneficiary.	**03/10/2021** Introduced; referred to House Energy and Commerce Committee	CalOptima: Watch ACAP: Support
S. 646 Brown	**Stabilize Medicaid and CHIP Coverage Act of 2021:** Similar to H.R. 1738, would provide 12 months of continuous eligibility and coverage for any Medicaid or CHIP beneficiary.	**03/09/2021** Introduced; referred to Senate Finance Committee	CalOptima: Watch ACAP: Support
AB 1050 Gray	**Medi-Cal Beneficiary Communications Consent:** Would amend the application for Medi-Cal benefits to include a written consent to receive text messages from DHCS, county welfare departments, MCPs and providers regarding appointment reminders and outreach efforts.	**04/27/2021** Passed Assembly Health Committee; referred to Assembly Appropriations Committee **02/18/2021** Introduced	CalOptima: Watch

Back to Agenda

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
AB 1082 Waldron	**California Health Benefits Review Program (CHBRP) Extension:** Would extend current authorization for the University of California to administer CHBRP, which provides independent analyses of proposed states legislation regarding new health benefits, from July 1, 2022, until July 1, 2027. To fully fund CHBRP, the bill would also increase the total annual fee charged to health plans and insurers from $2 million to $2.2 million, beginning July 1, 2022.	**03/23/2021** Passed Assembly Health Committee; referred to Assembly Appropriations Committee **02/18/2021** Introduced	CalOptima: Watch CAHP: Support In Concept
AB 1131 Wood	**Health Information Network (HIN):** Would establish a statewide HIN to facilitate the required exchange of patient data among all health plans, health systems, providers, hospitals, skilled nursing facilities and laboratories in California. Exchanged data would include clinical summaries, claims, encounter data, laboratory data, eligibility files, and race and ethnicity information.	**04/06/2021** Passed Assembly Health Committee; referred to Assembly Appropriations Committee **02/18/2021** Introduced	CalOptima: Watch
AB 1162 Villapadua	**Claims Processing Timeline and Prior Authorizations During Emergency:** Would shorten the timeline for health plans to process submitted claims from 30-45 days to 20 days for all health plans. Additionally, would allow DMHC to suspend health plan requirements for prior authorizations in any county where a declared state of emergency has impacted beneficiaries or providers.	**04/27/2021** Re-referred to Assembly Appropriations Committee **04/20/2021** Passed Assembly Health Committee **02/18/2021** Introduced	CalOptima: Watch CAHP: Oppose Unless Amended
AB 1355 Levine	**Independent Medical Review (IMR) System:** Would require DHCS to establish an IMR system for Medi-Cal MCPs, effective January 1, 2022. The bill would also provide every Medi-Cal beneficiary filing a grievance with access to an IMR.	**03/04/2021** Referred to Assembly Health Committee **02/19/2021** Introduced	CalOptima: Watch
SB 250 Pan	**Prior Authorization "Deemed Approved" Status:** Beginning January 1, 2023, would require a health plan to review a provider's prior authorization requests to determine eligibility for "deemed approved" status, which would exempt the provider from prior authorization requirements for any plan benefit for two years. A provider would qualify if their number of denied prior authorizations requests (which were not appealed or were lost upon appeal) are both within a certain range of the average numbers for the same specialty in the same region.	**03/17/2021** Passed Senate Health Committee; referred to Senate Appropriations Committee **01/25/2021** Introduced	CalOptima: Watch CAHP: Oppose
SB 371 Caballero	**Health Information Technology and Exchange:** Would require DHCS to apply for federal funding from the American Rescue Plan Act of 2021 or the Medicaid Information Technology Architecture program to create a unified data exchange between the state government, health records systems, other data exchange networks and health care providers, including for the Medi-Cal program. Funds would also be used to provide grants and technical support to small provider practices, community health centers and safety net hospitals to expand the use of health information technology and connect to exchanges.	**03/24/2021** Passed Senate Health Committee; referred to Senate Appropriations Committee **02/10/2021** Introduced	CalOptima: Watch

Back to Agenda

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
RN 21 08473 Trailer Bill	**Delayed Proposition 56 Suspensions:** Would delay the suspension of certain value-based payment (VBP) programs authorized under Proposition 56, which are currently set to expire on July 1, 2021. For VBP programs aimed at improving behavioral health integration, DHCS would suspend payments after spending a total of $95 million. For all other VBP programs, DHCS would suspend payments on July 1, 2022.	**02/04/2021** Published on the Department of Finance website	CalOptima: Watch

OLDER ADULT SERVICES

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
H.R. 1868 Yarmuth	**Extension of Medicare Sequestration Moratorium:** Extends the moratorium on automatic, across-the-board 2% spending cuts to Medicare payments. The moratorium, which was set to expire on March 31, 2021, now ends on December 31, 2021.	**04/14/2021** Signed into law **04/13/2021** Passed the House **03/25/2021** Passed the Senate **03/12/2021** Introduced	CalOptima: Watch
S. 1162 Casey	**Program for All-Inclusive Care for the Elderly (PACE) Plus Act:** Would increase the number of PACE programs nationally by making it easier for States to adopt PACE as a model of care and providing grants to organizations to start PACE centers or expand existing PACE centers. Would incentivize states to expand the number of seniors and people with disabilities eligible to receive PACE services beyond those deemed to require a nursing home level of care. Would provide states a 90% FMAP to cover the expanded eligibility.	**04/15/2021** Introduced; referred to Senate Finance Committee	CalOptima: Watch NPA: Support
AB 523 Nazarian	**PACE Flexibilities:** Would permanently extend most flexibilities granted to PACE organizations during the COVID-19 public health emergency. This includes flexibilities relating to telehealth services, verbal agreements followed with in-person signatures, Adult Day Health Center home-based services and discharge planning.	**05/04/2021** Re-referred to Assembly Appropriations Committee **04/27/2021** Passed Assembly Health Committee **04/06/2021** Passed Assembly Aging and Long-Term Care Committee **02/10/2021** Introduced	CalOptima: Watch CalPACE: Support/ Sponsor

Back to Agenda

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
AB 540 Petrie-Norris	**PACE Enrollment Process:** Would seek to increase enrollment into PACE organizations by: ■ Listing PACE as a Medi-Cal/Medicare plan choice in areas where a PACE center is available and there is more than one MCP ■ Delaying mandatory or passive enrollment into MCPs by up to 60 days for new Medi-Cal beneficiaries who express interest in being assessed for PACE ■ Requiring DHCS to establish an auto-referral program for those who may be eligible for PACE upon Medi-Cal enrollment based on age, residence, and prior use of services	**04/28/2021** Re-referred to Assembly Appropriations Committee **04/20/2021** Passed Assembly Health Committee **04/06/2021** Passed Assembly Aging and Long-Term Care Committee **02/10/2021** Introduced	CalOptima: Watch CalPACE: Support/ Sponsor
AB 1083 Nazarian	**Senior Affordable Housing Nursing Pilot Program:** Would require the California Department of Aging to establish and administer the Housing Plus Services Nursing Pilot Program in the counties of Los Angeles, Orange, Riverside, Sacramento and Sonoma. The program would provide grant funds to qualified nonprofit organizations that specialize in resident services for the purpose of hiring one full-time registered nurse to work at three senior citizen housing developments in each county. The registered nurse would be required to provide health education, navigation, coaching and care to residents.	**04/20/2021** Passed Assembly Aging and Long-Term Care Committee; referred to Assembly Appropriations Committee **02/18/2021** Introduced	CalOptima: Watch

PHARMACY

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
AB 671 Wood	**Disease Management Payment for Specialty Drugs:** Would require DHCS to provide a supplemental disease management payment to contracted pharmacies for dispensing specialty drugs to ensure beneficiary access.	**03/23/2021** Passed Assembly Health Committee; referred to Assembly Appropriations Committee **02/12/2021** Introduced	CalOptima: Watch

PROVIDERS

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
AB 882 Gray	**Proposition 56 Medi-Cal Physicians and Dentists Loan Repayment Act Program:** Effective January 1, 2022, would restrict eligibility for loan payment assistance under the Proposition 56 Medi-Cal Physicians and Dentists Loan Repayment Act Program, which is currently available to recently graduated physicians and dentists who serve Medi-Cal beneficiaries, to only those who practice in provider shortage areas and whose patients include at least 30% Medi-Cal beneficiaries. Would indefinitely extend the program beyond its current termination date of January 1, 2026.	**04/15/2021** Re-referred to Assembly Appropriations Committee **04/06/2021** Passed Assembly Health Committee **02/17/2021** Introduced	CalOptima: Watch LHPC: Oppose Unless Amended
SB 365 Caballero	**Medi-Cal Provider Electronic Consultation (E-Consult) Service:** Would allow a provider-to-provider e-consult service to be reimbursable by Medi-Cal. Would require the providers to be enrolled in Medi-Cal, including Federally Qualified Health Centers (FQHCs) and Rural Health Clinics (RHCs). The e-consult may include assessing health records, providing feedback and/or recommending a further course of action.	**05/04/2021** Re-referred to Senate Appropriations Committee **03/24/2021** Passed Senate Health Committee **02/10/2021** Introduced	CalOptima: Watch LHPC: Support

REIMBURSEMENT RATES

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
SB 316 Eggman	**FQHC Reimbursement:** Would allow an FQHC to be reimbursed by the state for a mental health or dental health visit that occurs on the same day as a medical face-to-face visit. Currently, California is one of the few states that does not allow an FQHC to be reimbursed for mental or dental and physical health visits on the same day; a patient must seek mental health or dental treatment on a subsequent day for an FQHC to receive reimbursement for that service. This bill would distinguish a medical visit (through the member's primary care provider) and a mental health or dental visit as two separate visits, regardless of whether the visits were at the same location on the same day. Additionally, acupuncture services would be included as a covered benefit when provided at an FQHC.	**03/10/2021** Passed Senate Health Committee; referred to Senate Appropriations Committee **02/04/2021** Introduced	CalOptima: Watch CAHP: Support LHPC: Support

Back to Agenda

SOCIAL DETERMINANTS OF HEALTH

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
AB 71 **Rivas, Luz**	**Bring California Home Act:** Would create the Bring California Home Fund in the State Treasury to fund a statewide homelessness solutions program. Would authorize the Homeless Coordinating and Financing Council to administer the funds to applicants, including counties and large cities, for the purpose of reducing the number of individuals experiencing homelessness. Eligible uses of funding would include rental assistance, landlord incentives, housing navigation services, moving support, operating costs of affordable supportive and transitional housing projects, and the board and care of individuals with complex needs at licensed residential facilities.	**05/04/2021** Re-referred to Assembly Appropriations Committee **04/29/2021** Passed Assembly Housing and Community Development Committee **04/19/2021** Passed Assembly Revenue and Taxation Committee **12/07/2020** Introduced	CalOptima: Watch
AB 369 **Kamlager**	**Presumptive Eligibility and Street Medicine Payment:** Would apply presumptive Medi-Cal eligibility — with full-scope benefits and without share of cost — to individuals experiencing homelessness. Would allow any Medi-Cal provider to determine presumptive eligibility and issue a temporary Medi-Cal card to such individuals. Would also allow Medi-Cal providers to receive reimbursement for any covered Medi-Cal benefit delivered to a homeless individual outside of a medical facility, including primary, specialist and laboratory services, without a referral or prior authorization. Finally, would add a field on the Medi-Cal application form to indicate homelessness.	**04/26/2021** Re-referred to Assembly Appropriations Committee **04/20/2021** Passed Assembly Health Committee **02/01/2021** Introduced	CalOptima: Watch
SB 17 **Pan**	**Office of Racial Equity:** Effective until January 1, 2029, would establish the independent Office of Racial Equity to develop a Racial Equity Framework containing guidelines and strategies for advancing racial equity across the state government by January 1, 2023. Each state agency, including DHCS, would be required to implement a Racial Equity Plan by July 1, 2023, in alignment with the goals of the framework, and the office and each agency would prepare annual reports outlining progress toward achieving those goals.	**04/15/2021** Re-referred to Senate Appropriations Committee **04/13/2021** Passed Senate Judiciary Committee **03/23/2021** Passed Senate Governmental Organization Committee **12/07/2020** Introduced	CalOptima: Watch

Back to Agenda

TELEHEALTH

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
H.R. 366 Thompson (CA)	**Protecting Access to Post-COVID-19 Telehealth Act of 2021:** Would permit the U.S. Secretary of Health and Human Services to waive or modify any telehealth service requirements in the Medicare program during a national disaster or public health emergency and for 90 days after one is terminated. Would also permit Medicare reimbursement for telehealth services provided by an FQHC or RHC, as well as allow patients to receive telehealth services in the home without restrictions.	**01/19/2021** Introduced; referred to House Energy and Commerce Committee and House Ways and Means Committee	CalOptima: Watch
H.R. 2166 Sewell	**Ensuring Parity in MA and PACE for Audio-Only Telehealth Act of 2021:** Similar to S. 150, would require the Centers for Medicare & Medicaid Services to include audio-only telehealth diagnoses in the determination of risk adjustment payments for Medicare Advantage (MA) and PACE plans during the COVID-19 public health emergency.	**03/23/2021** Introduced; referred to House Energy and Commerce Committee and House Ways and Means Committee	CalOptima: Watch NPA: Support
S. 150 Cortez Masto	**Ensuring Parity in MA for Audio-Only Telehealth Act of 2021:** Similar to H.R. 2166, would require the Centers for Medicare & Medicaid Services to include audio-only telehealth diagnoses in the determination of risk adjustment payments for MA plans during the COVID-19 public health emergency.	**02/02/2021** Introduced; referred to Senate Finance Committee	CalOptima: Watch NPA: Support
AB 32 Aguiar-Curry	**Telehealth Payment Parity and Flexibilities:** Would expand current law to require Medi-Cal MCPs, including County Organized Health Systems, to reimburse their contracted providers for telehealth services at the same rate as equivalent in-person health services. This requirement would also apply to any delegated entities of a Medi-Cal MCP, such as contracted health networks. Likewise, clinics must be reimbursed by Medi-Cal for telehealth services at the same rate as in-person services. Would also allow providers to determine eligibility and enroll patients into Medi-Cal programs through audio-visual or audio-only telehealth services. Additionally, would require DHCS to indefinitely continue all telehealth flexibilities implemented during the COVID-19 pandemic.	**04/27/2021** Passed Assembly Health Committee; referred to Assembly Appropriations Committee **12/07/2020** Introduced	CalOptima: Watch
AB 935 Maienschein	**Behavioral Health Telehealth Consultation Program:** Would create a provider-to-provider telehealth consultation program for use when assessing mental health and/or providing mental health treatments for children, pregnant women, and postpartum persons, effective no sooner than July 1, 2022. Would permit telehealth services to be conducted by video or audio-only calls. Additionally, would require the telehealth consultation appointment to be completed by a mental health clinician with expertise in providing care for pregnant, postpartum, and pediatric patients. Would require access to a psychiatrist when deemed appropriate or requested by the treating provider.	**04/27/2021** Passed Assembly Health Committee; referred to Assembly Appropriations Committee **02/17/2021** Introduced	CalOptima: Watch CAHP: Oppose LHPC: Oppose Unless Amended

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
RN 21 08394 Trailer Bill	**Medi-Cal Telehealth Proposal:** Would modify, extend or expand certain telehealth flexibilities adopted by DHCS during the COVID-19 pandemic to be incorporated into permanent law. Would allow FQHCs and RHCs to establish a patient within its federal designated service area through audio-visual telehealth. However, health care providers would be prohibited from establishing a patient through audio-only telehealth or other non-audio-visual telehealth modalities. Would require DHCS to specify the Medi-Cal-covered health care benefits that may be delivered through telehealth services. DHCS and Medi-Cal MCPs would be required to reimburse audio-visual telehealth services at the same rate as in-person services, while audio-only, remote patient monitoring and other modalities may be reimbursed at different rates. Additionally, would allow Medi-Cal MCPs to include telehealth services when determining compliance with network adequacy standards without the use of alternative access standard requests.	**02/02/2021** Published on the Department of Finance website	CalOptima: Watch

YOUTH SERVICES

Bill Number (Author)	Bill Summary	Bill Status	Position/Notes*
H.R. 66 Buchanan	**CARING for Kids Act:** Would permanently extend authorization and funding of CHIP and associated programs, including the Medicaid and CHIP express lane eligibility option, which enables states to expedite eligibility determinations by referencing enrollment in other public programs.	**01/04/2021** Introduced; referred to House Energy and Commerce Committee	CalOptima: Watch
S. 453 Casey	**Children's Health Insurance Program Pandemic Enhancement and Relief (CHIPPER) Act:** Would retroactively extend CHIP's temporary 11.5% FMAP increase, enacted by the HEALTHY KIDS Act (2018), from September 30, 2020, until September 30, 2022, to meet increased health care needs during the COVID-19 public health emergency.	**02/25/2021** Introduced; referred to Senate Finance Committee	CalOptima: Watch
AB 393 Reyes	**Early Childhood Development Act of 2020:** Effective immediately, would require the California Department of Social Services (CDSS) to conduct an evaluation of emergency childhood services provided during the COVID-19 public health emergency, including the following: ■ Availability of crisis childcare services ■ Availability of COVID-19 testing and personal protective equipment ■ Vaccination prioritization and distribution ■ Cleaning of childcare centers ■ Payment to family childcare homes during state-mandated closures ■ Foster care programs CDSS would be required to submit its findings and associated recommendations to the State Legislature by October 1, 2021.	**04/21/2021** Passed Assembly Human Services Committee; referred to Assembly Appropriations Committee **02/02/2021** Introduced	CalOptima: Watch

Back to Agenda

About CalOptima

CalOptima is a county organized health system that administers health insurance programs for low-income children, adults, seniors and people with disabilities. As Orange County's community health plan, our mission is to provide members with access to quality health care services delivered in a cost-effective and compassionate manner. We provide coverage through four major programs: Medi-Cal, OneCare Connect Cal MediConnect Plan (Medicare-Medicaid Plan), OneCare (Medicare Advantage Special Needs Plan) and the Program of All-Inclusive Care for the Elderly (PACE).

Board of Directors Meeting
June 3, 2021

CalOptima Community Outreach Summary — May and June 2021

Background
CalOptima is committed to serving our community by sharing information with current and potential members, and strengthening relationships with our community partners. CalOptima accomplishes this by participating in community coalitions, collaborative meetings and advisory groups, supporting our community partners' public activities and sharing information with current and potential members.

CalOptima's participation in public activities supports:

- Member interaction/enrollment in a CalOptima program
- Branding that promotes community awareness of CalOptima
- Partnerships that increase positive visibility and relationships with community organizations

CalOptima is following all local, state and federal guidelines to help mitigate the spread of COVID-19 and, as such, is not attending in-person meetings or public activities. CalOptima staff continues to participate in public activities via virtual meetings and events, providing educational materials on CalOptima's programs and, if criteria are met, providing financial support and/or CalOptima-branded items.

CalOptima Highlights
CalOptima hosted a virtual Community Alliances Forum on Tuesday, May 11, 2021, from 9 a.m.–11 a.m. The event topic was "COVID-19 Update, Vaccines and Addressing Barriers for Health Equity." The forum was open to community-based organizations, health care providers, policy makers, individuals and organizations serving CalOptima members and staff.

The goal of the forum was to share information about CalOptima's role in improving access to COVID-19 vaccines for members and the various initiatives taking place in Orange County to address health equity during the pandemic. Attendees learned about "Project Independence," the county's initiative to partner with the Orange County Fire Authority and community organizations to administer COVID-19 vaccinations to eligible residents throughout the county. The panel of speakers included Dr. Regina Chinsio-Kwong, Deputy Health Officer at Orange County Health Care Agency, Dr. Emily Fonda, CalOptima's Chief Medical Officer, Isabel Becerra, Chief Executive Officer at the Coalition of Orange County Community Health Centers and Vice Chair of CalOptima's Board of Directors and Ellen Ahn, Executive Director at Korean Community Service Health Center. The event provided an opportunity for our community partners to learn about collaborative efforts and innovative strategies implemented to support vaccines and health equity during the pandemic.

For additional information or questions, please contact CalOptima Community Relations Manager Tiffany Kaaiakamanu at **(657) 235-6872** or tkaaiakamanu@caloptima.org.

Summary of Public Activities
As of May 9, 2021, CalOptima planned to participate in, organize or convene 65 public activities in May and June. For May, these include 38 public activities: 23 virtual community/collaborative meetings; 2 drive-thru and 6 virtual community events; 5 community-based organization presentation; 1 Community Alliance Forum; and 1 CalOptima Health Network Forum.

For June, these include 27 public activities: 21 virtual community/collaborative meetings; 1 virtual community event; 3 community-based organization presentations; 1 Cafecito; and 1 CalOptima Health Network Forum.

Below are more details about CalOptima's expected participation in these community and CalOptima-hosted events:

May 2021			
Date/Time	**Event Title/Location**	**Expected Staff/Volunteer/Financial Participation**	**Event Type/Audience**
5/1–5/31 8 a.m. and at 6 p.m.	**South County Senior Summit hosted by Age Well Senior Services and partners†** Virtual	1 staff member presented Sponsorship fee: $10,000 included a 10-minute speaking opportunity featured CalOptima COVID-19 animated "explainer" video, placement of CalOptima's logo on all event marketing and direct mailers (150,000+ oversized postcards mailed to South County households and 200,000+ digital fliers to South County residents); and recognition of sponsorship during pre-recorded event	• Health/resource fair • Open to the public
5/1 9 a.m.–12:00 p.m.	**Finish STRONG Drive–Thru hosted by MacArthur Fundamental School†** 600 W. Alton Ave., Santa Ana	No staff attended Shared education materials and CalOptima branded items	• Health/resource fair • Open to the public
5/4 5:30 p.m.–6:30 p.m.	**CalOptima Medi-Cal Presentation for Santa Ana Unified School District** Virtual	1 staff member presented	• Community-based organization presentation • Open to parents
5/5 9 a.m.–12:00 p.m.	**Drive-thru Senior Health and Wellness Fair hosted by City of La Habra†** Our Lady of Guadalupe Church 900 W. La Habra Blvd, La Habra	No staff attended Shared education materials and OCC and PACE branded items	• Health/resource fair • Open to the public
5/6 10 a.m.–12:30 p.m.	**OC Youth Service Providers Consortium hosted by Laura's House and partners†** Virtual	3+ staff members attended	• Conference • Open to health and human service providers; registration required
5/11 10 a.m.–11 a.m.	**CalOptima Medi-Cal Presentation for Thomas House Family Shelters' Staff** Virtual	1 staff member presented	• Community-based organization presentation • Open to service providers
5/11 9 a.m.–11 a.m.	**Community Alliances Forum —COVID-19 Update, Vaccines and Addressing Barriers for Health Equity*** Virtual	40+ staff members attended CalOptima presented	• Forum • Open to health and human service providers
5/12 1 p.m.–2 p.m.	**CalOptima Medi-Cal Presentation for Orange County Asian Pacific Islander Community Alliance** Virtual	1 staff member presented	• Community-based organization presentation • Open to service providers
5/13 9 a.m.–6 p.m.	**Collaborative Mental Health Conference: Hope in the Time of COVID-19 — Feeling is Healing Virtual Resource Fair hosted by Priority Center and partners†** Virtual	1 staff member presented	• Health/resource fair • Open to the public

* CalOptima Hosted
† Exhibitor/Attendee

Updated 2021-05-09

Back to Agenda

5/14 8 a.m.–9 a.m.	**CalOptima Medi-Cal Presentation for Franklin Elementary School** Virtual	1 staff member presented	• Community-based organization presentation • Open to staff and parents
5/19–5/20 8:30 a.m.–1 p.m.	**Annual Conference hosted by Families and Communities Together of Orange County†** Virtual	5+ staff members attended Sponsorship fee: $1,000 included recognition as a sponsor during the event; 5 conference admissions; and opportunity to share resources during event	• Conference • Open to health and human service providers; registration required
5/20 9 a.m.–11 a.m.	**Health Network Forum*** Virtual	10+ staff members attended	• Forum • Open to health and human service providers
5/20 5:30 p.m.–6:30 p.m.	**CalOptima Medi-Cal Presentation for Thomas House Family Shelters' Members** Virtual	1 staff member presented	• Community-based organization presentation • Open to staff and parents
5/20 10 a.m.–11:30 a.m.	**Orange County Virtual Resource Fair and Expo hosted by Aurrera Health†** Virtual	2+ staff members attended CalOptima presented	• Health/resource fair • Open to the public
5/25–5/27 8 a.m.–1:30 p.m.	**Annual Virtual Health Literacy Conference hosted by Institute for Healthcare Advancement†** Virtual	2+ staff members attended Sponsorship fee: $1,000 included a virtual exhibit booth; visual acknowledgment of CalOptima's support during opening and closing sessions; CalOptima-branded item in the conference digital tote bag; one-time e-blast to pre-registration list; placement of CalOptima logo on a banner ad throughout the conference (4x) and digital tote bag	• Conference • Open to health and human service providers; registration required
June 2021			
6/8 6:30 p.m.–8 p.m.	**CalOptima Medi-Cal Presentation for Regional Center Orange County (English)** Virtual	1 staff member to present	• Community-based organization presentation • Open to the public
6/9 6:30 p.m.–8 p.m.	**CalOptima Medi-Cal Presentation for Regional Center Orange County (Spanish)** Virtual	1 staff member to present	• Community-based organization presentation • Open to the public
6/16 6:30 p.m.–8 p.m.	**CalOptima Medi-Cal Presentation for Regional Center Orange County (Vietnamese)** Virtual	1 staff member to present	• Community-based organization presentation • Open to the public
6/17 9 a.m.–11 a.m.	**Health Network Forum*** Virtual	10+ staff members to attend	• Forum • Open to health and human service providers
6/17–6/18 8 a.m.–12:30 p.m.	**Meeting of the Minds Mental Health Conference hosted by Mental Health Association of Orange County†** Virtual	5+ staff members to attend	• Conference • Open to health and human service providers; registration required

* CalOptima Hosted

6/30 9 a.m.–10:30 a.m.	**Cafecito Meeting*** Virtual	3+ staff members to attend	• Steering committee meeting • Open to collaborative members

CalOptima's participation in community meetings throughout Orange County can be found at: https://www.caloptima.org/en/About/CommunityRelations/UpcomingEventsAndMeetings.aspx.

Sponsorship requests must align with CalOptima Policy AA.1223: Participation in Community Events Involving External Entities. More information about our policy requirements can be found at: https://www.caloptima.org/en/About/CommunityRelations/CommunityOutreach.aspx.

Endorsements
CalOptima provided zero endorsements since the last reporting period (e.g., letters of support, program/public activity events with support or use of name/logo). Endorsements must align with CalOptima Policy AA.1214: Guidelines for Endorsements by CalOptima, for Letters of Support and Use of CalOptima Name and Logo. More information about our policy requirements can be found at: https://www.caloptima.org/en/About/CommunityRelations/CommunityOutreach.aspx.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Report Item
23. Consider Approval of the CalOptima Fiscal Year 2021-22 Operating Budget

Contact
Nancy Huang, Chief Financial Officer, (657) 235-6935

Recommended Actions
1. Approve the CalOptima Fiscal Year (FY) 2021-22 Operating Budget; and
2. Authorize the expenditures and appropriate the funds for items listed in Attachment B: Administrative Budget Details, which shall be procured in accordance with CalOptima Policy GA.5002: Purchasing Policy.

Background
The CalOptima FY 2021-22 Operating Budget provides revenues and appropriations for the period of July 1, 2021, through June 30, 2022, and includes the following budget categories:

- Medi-Cal;
- OneCare Connect;
- OneCare;
- Program for All-Inclusive Care for the Elderly (PACE);
- Multipurpose Senior Services Program (MSSP);
- Facilities; and
- Investment income.

Staff is submitting the complete budget for all lines of business for approval with assumptions based on available information to date. Pursuant to CalOptima Policies GA.3202: CalOptima Signature Authority, GA.5002: Purchasing Policy, and GA.5003: Budget and Operations Forecasting, the Board's approval of the budget authorizes the expenditure and appropriates the funds requested for the item without further Board action to the extent the Board has or is, as indicated in the budget attachments, delegating authority to Management.

The primary revenue source is the State of California. The Governor released the revised state budget (i.e., May Revise) on May 14, 2021, that projects a $75.7 billion budget surplus. This amount combined with over $25 billion in federal relief funding supports his proposed $100 billion California Comeback Plan.

Given the positive economic outlook, the May Revise contains several new proposals that will have a direct or indirect impact on CalOptima's lines of business:

- Expansion of Medi-Cal eligibility to undocumented adults ages 60 and older, effective May 2022;
- Extension of Medi-Cal eligibility from 60 days to 12 months for most postpartum individuals effective April 1, 2022, through FY 2027-28;
- New Medi-Cal covered benefit for doula services, effective January 1, 2022;

Back to Agenda

- Addition of community health workers as a class of Medi-Cal eligible health workers (under the supervision of a licensed, enrolled Medi-Cal provider), effective January 1, 2022; and
- Elimination of the suspensions for the Proposition 56 supplemental payment increases.

Over the next month, the State Legislature will finish budget hearings and finalize a balanced budget for passage by June 15, 2021. Staff has included budget proposals from the Governor's January Proposed Budget, but has not integrated new proposals from the May Revise in this current budget. Staff will continue to monitor budget negotiations between the Legislature and the Newsom Administration, and will return to the Board with further recommendations to the extent any additional resources are necessary beyond what was incorporated in this budget.

At its May 20, 2021, meeting, the CalOptima Finance and Audit Committee recommended that the Board approve the CalOptima FY 2021-22 Operating Budget. The proposed FY 2021-22 Consolidated CalOptima Operating Budget reflects Management's efforts to balance state funding with ensuring members continue to have access to quality health care services.

CalOptima Budget Overview

I. FY 2020-21 Consolidated Operating Budget

The FY 2021-22 Consolidated Operating Budget is a combined income and spending plan for all CalOptima programs and activities.

Table 1: FY 2021-22 Consolidated Operating Budget

	FY 2021-22 Budget
Average Monthly Enrollment	839,514
Revenue	$3,656,113,456
Medical Costs	$3,555,409,559
Administrative Expenses	$169,071,466
Operating Income/Loss	**($68,367,569)**
Investments, Net	$10,000,000
Change in Net Assets*	**($58,367,569)**
Medical Loss Ratio (MLR)	97.2%
Administrative Loss Ratio (ALR)	4.6%

* Changes in Net Assets excludes other income

Budget Assumptions

Medical Cost: Several methods were utilized to develop the medical cost forecasts. Predominantly, projections were based on trends calculated from historical experience. Historical experience included several years' worth of data to incorporate trends for both the pre- and post- COVID-19 Public Health Emergency (PHE) declaration. Staff assigned various credibility to the different time periods depending on how representative they were of future utilization. In addition, adjustments were applied to account for known changes to operations, program structure, benefits, and regulatory policies. For newly implemented programs, staff used historical data, proxy data and industry benchmarks, where available, and checked results for reasonability.

Back to Agenda

Administrative Expenses: FY 2020-21 was forecasted utilizing a 12-month historical run-rate to account for seasonal and cyclical spending patterns. To ensure inclusion in the budget, Staff reviewed all contract encumbrances. In addition, internal departments identified resource requirements based on changes to enrollment, regulations, and organizational needs. Staff considered:

- Salaries, Wages & Benefits for current staff, unfilled budgeted positions, and new budgeted positions;
- Professional Fees, Purchased Services, Printing & Postage and Other Operating Costs based on the needs and priorities of providing health care to members;
- Depreciation & Amortization on current assets and projected assets according to Generally Accepted Accounting Principles (GAAP); and
- Indirect Cost Allocation primarily based on revenue and adjusted where necessary.

Of note, CalOptima has several contracts for claims administration, credit balance recovery, and Social Security Income conversion that are paid on a contingency basis. The following table provides a comparison of consolidated administrative expenses for the budget with previous fiscal years.

Table 2: Comparison of Consolidated Administrative Expenses

	FY 2019-20 Actual	FY 2020-21 Forecast*	FY 2021-22 Budget	FY 2021-22 Budget vs. FY 2020-21 Forecast
Revenues	$3,840,846,316	$4,046,282,642	$3,656,113,456	($390,169,186)
Salaries, Wages & Benefits	**$92,838,068**	**$92,692,765**	**$109,536,255**	**$16,843,490**
Non-Salaries	**$49,303,806**	**$41,874,649**	**$59,535,210**	**$17,660,561**
Professional Fees	$3,681,374	$1,893,241	$6,112,300	$4,219,059
Purchased Services	$12,950,542	$11,496,218	$14,739,002	$3,242,784
Printing & Postage	$5,933,750	$3,988,943	$6,685,989	$2,697,046
Depreciation & Amortization	$6,208,308	$5,939,738	$8,386,800	$2,447,062
Other Operating Expenses/Indirect Cost Allocation, Occupancy	$20,529,832	$18,556,509	$23,611,119	$5,054,610
Total	**$142,141,873**	**$134,567,414**	**$169,071,466**	**$34,504,052**
ALR	3.7%	3.3%	4.6%	1.3%
ALR Breakdown:				
Salaries, Wages & Benefits	2.4%	2.3%	3.0%	0.7%
Non-Salaries	1.3%	1.0%	1.6%	0.6%

* Forecasted as of March 2021; Revenue excludes directed payments
Note: FY 2020-21 forecasted figures do not include unfilled open positions

Attachment B: Administrative Budget Details provides additional information regarding all administrative expenses included in the FY 2021-22 Operating Budget.

Back to Agenda

II. Enrollment by Line of Business

The following table provides a comparison of total average enrollment for the past two (2) fiscal years with the projected enrollment for FY 2021-22.

Table 3: Total Average Enrollment by Program

Program[1]	FY 2019-20 Actual[2]	FY 2020-21 Forecast[2]	FY 2021-22 Budget[2]	% Change 22 v. 21
Medi-Cal	723,978	790,884	822,208	4.0%
OneCare Connect	14,206	14,807	15,112	2.1%
OneCare	1,460	1,638	1,782	8.8%
PACE	381	389	413	6.0%
Total	**770,024**	**807,718**	**839,514**	**3.9%**

[1]MSSP enrollment included in Medi-Cal; for FY 2021-22 Budget, includes MSSP through December 2021

III. FY 2021-22 Operating Budget by Line of Business

A. Medi-Cal Program

Through a contract with the California Department Health Care Services (DHCS), CalOptima has administered the Medi-Cal program for Orange County since October 1995. The table below illustrates the Consolidated Medi-Cal Operating Budget.

Table 4: FY 2021-22 Medi-Cal Consolidated Operating Budget

	FY 2019-20 Actual	FY 2020-21 Forecast*	FY 2021-22 Budget
Average Monthly Enrollment	724,049	783,591	822,208
Revenue	$3,469,816,350	$3,640,183,421	$3,249,878,660
Medical Costs	$3,303,225,031	$3,510,546,468	$3,172,100,893
Administrative Expenses	$118,481,381	$112,846,577	$141,428,932
Operating Income/Loss	$48,109,938	$16,790,376	($63,651,165)
MLR	95.2%	96.4%	97.6%
ALR	3.4%	3.1%	4.4%

* Forecasted as of March 2021; Revenue excludes directed payments
Change in net assets excludes net investment and other income
Note: Includes MSSP through December 2021

Medi-Cal membership is comprised of three (3) main categories: Classic, Expansion, and Whole Child Model (WCM). The following table illustrates the Medi-Cal Operating Budget by these categories.

Back to Agenda

Table 5: FY 2021-22 Medi-Cal Operating Budget by Category

	Medi-Cal Classic	Medi-Cal Expansion	Medi-Cal WCM	Total
Average Monthly Enrollment	522,154	288,895	11,159	822,208
Revenue	$1,676,092,280	$1,336,597,706	$237,188,674	$3,249,878,660
Medical Costs	$1,687,208,748	$1,258,344,010	$226,548,136	$3,172,100,893
Administrative Expenses				$141,428,932
Operating Income/Loss				($63,651,165)
MLR	100.7%	94.1%	95.5%	97.6%
ALR				4.4%

DHCS uses Category of Aid (COA) to classify Medi-Cal enrollment into cohorts of similar acuity and develops CalOptima's capitation rates based on these cohorts. The following table shows the projected average enrollment distribution by COA.

Table 6: FY 2021-22 Medi-Cal Average Enrollment Projection by COA

	FY 2020-21 Forecast*	FY 2021-22 Budget	Variance	
			Diff	%
Adult	101,224	106,382	5,157	5.1%
Child	293,057	295,119	2,062	0.7%
Seniors and Persons with Disabilities (SPD)	115,382	117,462	2,080	1.8%
Long Term Care (LTC)	3,211	3,191	(20)	(0.6%)
Medi-Cal Classic Subtotal	**512,874**	**522,154**	**9,280**	**1.8%**
Medi-Cal Expansion	267,024	288,895	21,871	8.2%
WCM	10,986	11,159	173	1.6%
TOTAL	**790,884**	**822,208**	**31,324**	**4.0%**

* Forecasted as of March 2021
Note: Figures may not add due to rounding

General Budget Assumptions – Medi-Cal
DHCS will implement several policy and program changes during FY 2021-22 that will directly impact CalOptima's revenues and medical expenses. The following initiatives have been considered in the budget:

- CalAIM implementation: Includes transition of Health Homes Program (HHP) and Whole Person Care (WPC) to Enhanced Care Management (ECM) and In Lieu of Services (ILOS), effective January 2022;
- Medi-Cal Rx carve-out: Removes prescription drug benefit anticipated for January 1, 2022, including Hepatitis C medications;
- Proposition 56 directed payments program constriction: Assumes a narrower scope and continuation of program through June 30, 2022, as proposed in the Governor's January Budget; and

Back to Agenda

- MSSP Program carve-out: Effective January 1, 2022.

Enrollment: Enrollment projections are based on actual data through March 2021 and trended through June 2022. Because of the effects on personal income from the COVID-19 pandemic, the budget assumes an increase in Temporary Assistance for Needy Families (TANF) Adult and the Medi-Cal Expansion populations. With the anticipated end date of the PHE on January 1, 2022, DHCS is planning to resume normal Medi-Cal eligibility activity, including member redeterminations. These activities will have a direct impact on CalOptima's enrollment.

Revenue: The budget includes final Calendar Year (CY) 2021 rates (received in December 2020) for the period of July 1, 2021, through December 31, 2021. Staff anticipates receipt of CY 2022 draft rates in October 2021, inclusive of the increase in the underwriting gain of 0.5%. As such, Staff has forecasted capitation rates for the period of January 1, 2022, through June 30, 2022, based on available information to date.

Medical Cost: The budget anticipates the following benefits will primarily drive trends for FY 2021-22:

- Increase in unit cost for Hospital Inpatient services, Hospital Outpatient (non-Rx) services, Skilled Nursing Facility services, and Mental Health services;
- Increase in utilization for Hospital Outpatient Surgery and Non-Medical Transportation (NMT); and
- Maintenance of increased Pay for Value (P4V) program funding from prior year budget.

Medi-Cal Classic
Classic Enrollment: The budget projects a 1.8% increase in total member months.

Classic Revenue: The budget estimates that base rates effective January 1, 2022 will be increased by an additional 2.0% to account for anticipated trends as reflected in the annual Rate Development Template (RDT) submission, as well as the communicated increase in the underwriting gain of 0.5%.

Classic Medical Cost: Provider capitation payments were based on FY 2020-21 rebased rates, trended for differences in Fee for Service (FFS) contract terms, as well as reassessment of rebasing trend assumptions. The results of this analysis are included in the rate adjustments effective July 1, 2021.

FFS costs were based on historical claims trended to June 30, 2022, and were developed by network type, COA, and category of service. Staff proposes the below provider reimbursement changes to ensure appropriate funding and network adequacy.

Table 7: Updates to Provider Reimbursement Rates for Medi-Cal Classic

Medical Cost	Unit Cost Change	Detail Trend	$ Impact
Network Capitation	Increase	• Child: +3.0% Professional +7.4% Facility • Adult: 0% Professional +4.6% Facility • SPD: 0% Professional, +4.8% Facility	$9.3M

Back to Agenda

Medical Cost	Unit Cost Change	Detail Trend	$ Impact
Hospital Inpatient	Increase	• Increase of 3.75% from 108% to 112% of All Patients Refined Diagnosis Related Groups (APR-DRG)	$4.1M
Hospital Outpatient (Administered Rx)	Decrease	• Reduction of 24.8% from 133% to 100% of Medi-Cal fee schedule	($0.3M)
Hospital Outpatient (Non-Rx)	Increase	• Increase of 5.3% from 133% to 140% of Medi-Cal fee schedule	$1.1M
Skilled Nursing Facility	Increase	• Includes +20% unit cost trend increase	$2.5M
Ancillary Provider Rate	Increase	• Mental Health (Non-Applied Behavioral Analysis (ABA)): +15% unit cost increase for fee schedule change	$1.6M

Medi-Cal Expansion
Expansion Enrollment: The budget projects an 8.2% increase in total member months.

Expansion Revenue: DHCS continues to make material adjustments to the Medi-Cal Expansion revenue rate. The budget estimates that base rates effective January 1, 2022, will be reduced by an additional 3% to account for anticipated population risk.

Expansion Medical Cost: Provider capitation payments were reduced 9.0% for Professional services and 12.0% for Facility services. The most recent rebasing analysis completed in July 2020 supports the rate adjustments for the Medi-Cal Expansion population effective July 1, 2021.

FFS cost trends were developed by network type, COA, and category of service. Staff proposes the below provider reimbursement changes to ensure appropriate funding and network adequacy.

Table 8: Updates to Provider Reimbursement Rates for Medi-Cal Expansion

Medical Cost	Unit Cost Change	Detail Trend	$ Impact
Network Capitation	Decrease	• Professional: (9%) • Facility (12%)	($56.1M)
Hospital Outpatient (Administered Rx)	Decrease	• Reduction of 24.8% from 133% to 100% of Medi-Cal fee schedule	($0.3M)
Hospital Outpatient (Non-Rx)	Increase	• Increase of 5.3% from 133% to 140% of Medi-Cal fee schedule	$1.4M
Skilled Nursing Facility	Increase	• Includes +20% unit cost trend increase	$1.2M
Ancillary Provider Rate	Increase	• Mental Health (Non-ABA): +15% unit cost increase for fee schedule change	$2.1M

Medi-Cal Whole Child Model
WCM Enrollment: The budget projects a 1.6% increase in total member months.

Back to Agenda

WCM Revenue: The budget assumes that rates will decrease by 1.0% effective January 1, 2022. Rates reflect reimbursement for both California Children's Services (CCS) and non-CCS services.

WCM Medical Cost: Staff has analyzed and repriced experience data for the WCM population to set updated capitation rates. CalOptima provides capitation with a risk corridor to Health Networks. In creating WCM expense projections, the primary components of medical costs include Hospital Inpatient Facility expenses, LTC services, and Pharmacy services. Staff proposes the below provider reimbursement changes to ensure adequate funding and network adequacy. The resetting of network capitation and the carve-out of Private Duty Nursing (PDN) will ensure timely and appropriate payments based on networks' delegated risk with less dollars flowing through the risk corridor.

Table 9: Updates to Provider Reimbursement Rates for Medi-Cal WCM

Medical Cost	Unit Cost Change	Detail Trend	$ Impact
Network Capitation	Neutral	• Professional: +49.7% • Facility: (18.3%)	~$0
Hospital Inpatient	Increase	• Increase of 3.75% from 108% to 112% of APR-DRG	$0.3M
Hospital Outpatient (Administered Rx)	Decrease	• Reduction of 24.8% from 133% to 100% of Medi-Cal fee schedule	($3.7M)
Hospital Outpatient (Non-Rx)	Increase	• Increase of 5.3% from 133% to 140% of Medi-Cal fee schedule	$0.1M
Skilled Nursing Facility	Increase	• Includes +20% unit cost trend increase	~$0
Ancillary Provider Rate	Increase	• Mental Health (Non-ABA): +15% unit cost increase for fee schedule change	$0.1M
Division of Financial Responsibility (DOFR)	HMO/PHC Savings	• Carve-out of EPSDT Private Duty Nursing	$18M*

* Minimal net operating budget impact since less dollars will be paid through the interim catastrophic reimbursement mechanism and risk corridor settlement

B. OneCare Connect

Through a three-way contract with the Centers for Medicare & Medicaid Services (CMS), DHCS, and CalOptima, CalOptima began the OneCare Connect Program in July 2015. The Cal MediConnect program is a joint Medicare and Medicaid demonstration program that promotes coordinated health care delivery to SPD members who are dually eligible for Medicare and Medi-Cal services. The initial demonstration period was October 1, 2013, through December 31, 2019. On April 24, 2019, CMS approved a three (3) year extension of the program through December 31, 2022.

Of note, with the implementation of the CalAIM program, the state will discontinue the Cal MediConnect Program effective December 31, 2022. At that point, CalOptima will transition all

Back to Agenda

OneCare Connect members to the OneCare program effective January 1, 2023. Staff will include these program changes in the FY 2022-23 Operating Budget. The table below illustrates the OneCare Connect Operating Budget.

Table 10: FY 2021-22 OneCare Connect Operating Budget

	FY 2019-20 Actual	FY 2020-21 Forecast*	FY 2021-22 Budget
Average Monthly Enrollment	14,144	14,669	15,112
Revenue	$317,641,603	$342,968,732	$339,332,450
Medical Costs	$295,701,390	$324,443,397	$322,091,108
Administrative Expenses	$19,784,049	$18,012,775	$22,358,995
Operating Income/Loss	$2,156,164	$512,560	($5,117,653)
MLR	93.1%	94.6%	94.9%
ALR	6.2%	5.3%	6.6%

* Forecasted as of March 2021
Note: FY 2019-20 Actual and FY 2020-21 Forecast include prior year adjustments

General Budget Assumptions – OneCare Connect
Enrollment: Average OneCare Connect membership is projected to increase by approximately 2.1% from FY 2020-21 through FY 2021-22.

Revenue: The budget utilizes the most current county benchmark base rates from CY 2021 for Medicare Parts C and D. Rates were not developed from a bid process that uses actual plan data. The budgeted trends reflect a combination of projected Risk Adjustment Factors (RAF), base rates, and other adjustments. Staff assumed a 3.2% increase to Part C revenue and a 3.9% increase to Part D revenue, effective January 2022. This includes a Year 3+ savings target of 5.5% and a quality withhold of 4.0%. The suspended 2% sequestration reduction will resume on January 1, 2022. In addition, disenrollment rate penalties will continue to apply.

Staff applied Medi-Cal draft CY 2021 rates from DHCS and adjusted forecasted enrollment in the specified population cohorts. The final Medi-Cal revenue will be adjusted to reflect the actual population mix.

Medical Cost: Provider capitation payments were based on Percent of Premium (POP) rates for the Medicare component and fixed per member per month (PMPM) rates for the Medi-Cal component. The most recent rebasing analysis on Health Network POP percentages which resulted in an adjustment to the Facility capitation rate from 50.9% to 45% beginning January 1, 2021. FY 2021-22 will be the first fiscal year forecasted with a full 12 months of the reduced POP percentage. This is the primary driver for the lower program operating deficit.

FFS expenses were projected based on actual OneCare Connect experience by service type, trended through June 2022. Staff evaluated and trended experience by risk arrangement, such as Physician Hospital Consortia (PHC), Shared Risk Groups (SRG), Health Maintenance Organizations (HMO), and the CalOptima Community Network (CCN). The budget includes projected increases from actuals in utilization of NMT, Skilled Nursing Facility services, Hospital Inpatient Facility services, Hospital

Back to Agenda

Outpatient Facility services, Pharmacy services and a decrease in LTC expenses. It also includes costs for Managed Long-Term Supports and Services (MLTSS) services, as well as quality improvement programs. Approved existing supplemental benefits effective January 1, 2022, such as an enhanced Part D benefit, gym benefit, coverage for emergency room (ER) services worldwide, and an allowance for over-the-counter drugs were also included to mirror the OneCare line of business.

C. OneCare

Through a contract with the CMS, CalOptima has administered a Medicare Advantage Dual Eligible Special Needs Plan since October 2005. OneCare will continue to provide services for beneficiaries not eligible for the OneCare Connect program. The table below illustrates the OneCare Operating Budget.

Table 11: FY 2021-22 OneCare Operating Budget

	FY 2019-20 Actual	FY 2020-21 Forecast*	FY 2021-22 Budget
Average Monthly Enrollment	1,463	1,609	1,782
Revenue	$15,950,203	$24,252,182	$25,409,771
Medical Costs	$15,843,761	$22,382,251	$24,233,492
Administrative Expenses	$1,672,376	$1,868,292	$2,153,921
Operating Income/Loss	($1,565,934)	$1,639	($977,642)
MLR	99.3%	92.3%	95.4%
ALR	10.5%	7.7%	8.5%

* Forecasted as of March 2021
Note: FY 2019-20 Actual and FY 2020-21 Forecast include prior year adjustments.

General Budget Assumptions – OneCare

Enrollment: Average OneCare membership is projected to increase approximately 8.8% from FY 2020-21 through FY 2021-22.

Revenue: The budget utilizes the most current rates developed through the annual bid process. The budgeted trends are due to a combination of projected RAF, base rates, and other adjustments. Staff assumed a 0.4% increase to Part C revenue and a 2.5% increase to Part D revenue, effective January 1, 2022. The suspended 2% sequestration reduction will resume on January 1, 2022.

Medical Cost: Professional provider capitation payments were based on an average 38.6% POP, inclusive of quality incentive payments. FFS expenses were projected based on actual OneCare experience by service type, trended through June 30, 2022. The budget includes projected increases in Skilled Nursing Facility utilization, Hospital Inpatient Facility PMPM, Hospital Outpatient Facility PMPM, and Pharmacy unit cost. Approved existing supplemental benefits effective January 1, 2022, such as an enhanced Part D benefit, gym benefit, coverage for ER services worldwide, and an allowance for over-the-counter drugs were also included.

Back to Agenda

D. PACE

Through a contract with CMS, CalOptima began Orange County's first PACE program on October 1, 2013. The PACE program provides coordinated care for persons age 55 and older who need a higher level of care to remain in their homes. The table below illustrates the PACE Operating Budget.

Table 12: FY 2021-22 PACE Operating Budget

	FY 2019-20 Actual	FY 2020-21 Forecast*	FY 2021-22 Budget
Average Monthly Enrollment	380	387	413
Revenue	$37,438,160	$38,878,307	$40,274,039
Medical Costs	$29,648,249	$32,718,478	$36,102,675
Administrative Expenses	$2,204,067	$1,839,770	$2,694,968
Operating Income/Loss	$5,585,845	$4,320,059	$1,476,397
MLR	79.2%	84.2%	89.6%
ALR	5.9%	4.7%	6.7%

* Forecasted as of March 2021

Though PACE continues to run efficiently, Management will continue to focus on several areas of opportunities to improve the PACE program, including:

- Resume use and expansion of Alternative Care Settings (ACS) for improved member access and expansion of the service area after the PHE is lifted;
- Ensure accurate reporting of experience and cost data through the RDT filing and advocate as needed through our professional associations for improved transparency in the rate setting process with DHCS;
- Improve medical cost containment efforts;
- Implement initiatives to gain greater administrative efficiencies and operational economies of scale; and
- Maintain improvements made in appropriate coding and submission of diagnostic data.

General Budget Assumptions – PACE

Enrollment: Due to the impact COVID-19 PHE has had on the program, the budget forecasts flat enrollment from current through June 30, 2021, and then a steady ramp-up in growth rate throughout the budget year, starting at 2 members per month in July 2021 and ending at 6 members per month in June 2022. Enrollment is forecasted to end at 440 members by June 30, 2022. The member population is projected to consist of 47% dual eligible members and 53% Medi-Cal only members.

Revenue: The budget applies rates from CY 2021 actuals for Medicare Parts C and D. Staff projects a 9.0% increase to Part C PMPM revenue effective January 2022, primarily driven by RAF score improvements. Medicare Part D rates and subsidies were based on CY 2021 payments. The budget includes a forecasted increase in revenue of 2.4% as compared to the prior year's budget. No additional trend assumptions were applied. Medi-Cal PMPM rates were based on CY 2021 rates provided by DHCS on December 3, 2020. These rates are 1.6% lower than the prior year's budget. The suspended 2% sequestration reduction will resume on January 1, 2022.

Back to Agenda

Medical Cost: Medical costs were projected using actual experience. The budget includes sufficient utilization trends in physician services, Community-Based Adult Services due to forecasted ACS enrollment, home care, dialysis, transportation, and pharmacy utilization. Staff reclassified 96% of PACE Center expenses as medical costs to better reflect the actual costs of delivering member care.

E. Investment Income

The table below illustrates projected net investment income.

Table 13: Investment Income

	FY 2019-20 Actual	FY 2020-21 YTD Forecast*	FY 2021-22 Budget
Investment Income	$43,027,431	$6,256,601	$10,000,000

* Forecasted as of March 2021

Budget Assumptions – Investment Income

The FY 2021-22 Operating Budget projects $10,000,000 in net investment income. The budget is lower than prior years based on current market conditions and projected return on investments in FY 2021-22.

Fiscal Impact

As outlined above and described in Attachment A: FY 2021-22 Budget for all Lines of Business, the FY 2021-22 Operating Income reflects a projected loss of $68.4 million. The budget includes a projected investment income of $10 million, resulting in a total decrease of $58.4 million in net assets. Management proposes to use reserves to address the anticipated FY 2021-22 budget shortfall.

Rationale for Recommendation

Management submits the FY 2021-22 Operating Budget for all program areas using the best available assumptions to provide health care services to CalOptima's forecasted enrollment.

Concurrence

Gary Crockett, Chief Counsel
Board of Directors' Finance and Audit Committee

Medi-Cal Expansion: Rate History

- California expanded Medi-Cal eligibility in 2014
  - Expected high risk for the newly eligible Expansion population
    - Initial rates were derived based on Disabled population's risk
  - Incentivized plans to develop sufficient provider networks

- Since then, the Department of Health Care Services (DHCS) has made revenue adjustments
  - Expansion population risk is comparable to the Medi-Cal Classic Adult Temporary Assistance for Needy Families (TANF) population
  - Consistently making downward rate adjustments for Expansion

Medi-Cal Expansion: Rate History (cont.)

	Professional Capitation	Facility Capitation	Total Capitation	% Change
Jan 2014	$147.97	$267.66	$415.63	--
Sept 2014	$199.91	$361.61	$561.52	+35.1%
Sept 2015	$170.17	$307.81	$477.98	(15.0%)
July 2016	$144.64	$261.64	$406.28	(15.0%)
July 2017	$144.64	$185.76	$330.41	(18.7%)
July 2019	$133.07	$146.75	$279.82	(15.3%)
July 2020	$123.76	$126.21	$249.96	(10.7%)
Proposed July 2021	$108.83	$109.31	$218.14	(12.7%)

* Shared Risk Pool funding decreased commensurate to Facility Capitation

** Estimated $ Change based on 60% payout.

Medical Costs: Provider Rate Updates for Medi-Cal WCM

- Use repriced experience in lieu of DHCS draft rates to set capitation rates
  - Reset capitation rates based on actual experience
  - Maintains risk corridor protection for Health Networks
- Carve-out financial risk for Private Duty Nursing from network capitation
- Management will continue to ensure timely and appropriate payments based on networks' delegated risk
  - Staff will continue to monitor actual experience for future rate setting
  - Appropriate funding will be settled through the annual risk corridor reconciliation process

Medical Costs: Provider Rate Updates for Medi-Cal WCM

Medical Cost	Unit Cost Change	Detail Trend	$ Impact
Network Capitation	Neutral	• Professional: +49.7% • Facility: (18.3%)	~$0
Hospital Inpatient	Increase	• Increase of 3.75% from 108% to 112% of APR-DRG	$0.3M
Hospital Outpatient (Administered Rx)	Decrease	• Reduction of 24.8% from 133% to 100% of Medi-Cal fee schedule	($3.7M)
Hospital Outpatient (Non-Rx)	Increase	• Increase of 5.3% from 133% to 140% of Medi-Cal fee schedule	$0.1M
Skilled Nursing Facility	Increase	• Includes +20% unit cost trend increase	~$0
Ancillary Provider Rate	Increase	• Mental Health (Non-ABA): +15% unit cost increase for fee schedule change	$0.1M
Division of Financial Responsibility (DOFR)	HMO/PHC Savings	• Carve-out of EPSDT Private Duty Nursing	$18M*

* Minimal net operating budget impact since less dollars will be paid through the interim catastrophic reimbursement mechanism and risk corridor settlement

OneCare Connect Budget Assumptions: Revenue

- OneCare Connect Revenue Rate Assumptions
  - Year 3+ savings targets of 5.5%
  - Quality withhold of 4%
  - 2% sequestration reduction resumes January 2022

Medicare Part C	Medicare Part D	Medi-Cal**
CMS CY 2021 Monthly Membership Report actuals and CMS CY 2022 rate report*	CMS CY 2021 Monthly Membership Report actuals and CMS CY 2022 rate report*	NA
• Forecasted a 3.2% increase in revenue when compared to FY 2021. Primarily driven by base rates	• Forecasted 3.9% increase when compared to FY 2021. Combination of base rate, Risk Adjustment Factors (RAF), other adjustments	• FY 2021-22 revenue Adjusts for forecasted population mix

* OneCare Connect Medicare rates are not developed from a bid process that uses actual plan data. Staff used most current county benchmark base rate available

** DHCS plan rates uses Rate Development Template (RDT) base data that has a two-year lag

Back to Agenda
Back to Item

CalOptima A Public Agency

OneCare Connect Budget Assumptions: Enrollment and Medical Expense

- Enrollment: Applied projected trends for Physician Hospital Consortia (PHC), SRG, HMO and CalOptima Community Network (CCN) networks
  - Considered impact of Medi-Cal redetermination as well as deeming period in projected turning point
- Medical Expense
  - Provider Capitation
    - Medicare component: Based on percent of premium (POP) rates of 34.4% Professional and 45% Facility
    - Medi-Cal component: Based on fixed per member per month (PMPM) rates
  - FFS: Based on actual experience trended through June 2022
    - Applied trend of 1.35% for Hospital Inpatient contract standardization

OneCare Connect Budget Assumptions: Medical Expense (cont.)

- Other adjustments compared to prior year's budget
  - Includes projected increases in Community-Based Adult Services (CBAS), Inpatient, Pharmacy, Mental Health, and Vision expenses
  - Includes projected decreases in LTC, Outpatient Surgery
    - Forecasted ramp-up to normal utilization levels delayed
  - Includes expenses for Medicare supplemental benefits to align with OneCare supplemental benefits

OneCare Connect Challenges

- Challenges
  - CMS applies revenue reductions, including savings targets, quality withhold and sequestration
  - No formal bid process; rates are set at the county FFS benchmark and do not reflect actual plan costs
  - Risk Adjustment Factors reflect difficulties with proper data submission processes
  - Additional costs associated with supplemental benefits
  - Prior to COVID-19 PHE, disenrollment rate greater than enrollment rate
    - Potential risk: CMS regulations penalizes plans for high disenrollment rates

OneCare Connect Initiatives and Actions

- Outsourced CMS data submissions using an external vendor effective October 2019
- Implemented the Primary Care Engagement and Clinical Documentation Integrity Program went into effect on March 2021 for OneCare Connect CCN
- Preparing for CalAIM transition of OneCare Connect membership to OneCare Dual Eligible Special Needs Plan (D-SNP) effective January 2023

To provide members with access to quality health care services delivered in a cost-effective and compassionate manner

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Report Item
24. Consider Approval of the CalOptima Fiscal Year 2021-22 Capital Budget

Contact
Nancy Huang, Chief Financial Officer, (657) 235-6935

Recommended Actions
1. Approve the CalOptima Fiscal Year (FY) 2021-22 Capital Budget; and
2. Authorize the expenditures and appropriate the funds for the items listed in Attachment A: Fiscal Year 2021-22 Capital Budget by Project, which shall be procured in accordance with CalOptima Board-approved policies.

Background
As of March 31, 2021, CalOptima recorded gross capital assets of $103.9 million in the 505 Building, building improvements, furniture, equipment, and information systems. To account for these fixed assets wearing out over time, Staff has charged against the cost of these assets an accumulated depreciation totaling $58.2 million. Staff will record capital assets acquired in FY 2021-22 at acquisition cost and will depreciate the value on a straight-line basis over their estimated useful lives as follows:

- Five (5) years for office furniture and fixtures;
- Three (3) years for computer equipment and software;
- The lesser of fifteen (15) years or remaining term of lease for leasehold improvements; and
- Ten (10) to twenty (20) years based on components for building improvements.

The resulting net book value of these fixed assets was $45.8 million, as of March 31, 2021. Prior Board-approved capital budgets were $16.2 million in FY 2020-21, and $11.0 million in FY 2019-20.

Pursuant to CalOptima Policies GA.3202: CalOptima Signature Authority, GA.5002: Purchasing Policy, and GA.5003: Budget and Operations Forecasting, the Board's approval of the budget authorizes the expenditure of the item and appropriates the funds requested without further Board action to the extent the Board has or is, as indicated in the budget attachments, delegating authority to Management.

Discussion
Management proposes a Capital Budget of $14.7 million for FY 2021-22 within three (3) asset categories summarized in the following table and detailed below:

Back to Agenda

Category	Amount	% of Total
1. Information Systems		
Hardware	$3,708,000	25.2%
Software	$6,850,500	46.6%
Professional fees related to implementation	$2,298,500	15.6%
Subtotal	$12,857,000	87.4%
2. 505 Building Improvements	$1,428,000	9.7%
3. PACE	$422,000	2.9%
Total	**$14,707,000**	**100.0%**

1. Information Systems

Information Systems represent nearly $12.9 million or 87.4% of the proposed Capital Budget. This asset category primarily addresses CalOptima's information technology infrastructure needs.

Project Type	Amount	% of Total
Infrastructure	$4,702,000	36.6%
Applications Management	$3,380,000	26.3%
Applications Development	$4,775,000	37.1%
Total	**$12,857,000**	**100.0%**

The Capital Budget includes funding for hardware, software, and professional fees related to the implementation of multiple systems upgrades. More detailed information is provided in Attachment A: Fiscal Year 2021-22 Capital Budget by Project. These upgrades are necessary to support internal operations, and to ensure compliance with state and federal requirements.

2. 505 Building Improvements

505 Building Improvements represent $1.4 million or 9.7% of the proposed Capital Budget. The largest item of $625,000 or 43.8% of the 505 Building capital expenditures is to fund a New Member Services Entrance and Lobby Improvements for Enhanced Security.

Project Type	Amount	% of Total
New Member Services Entrance and Lobby Improvements for Enhanced Security	$625,000	43.8%
Office Suite Renovation and Improvements	$478,000	33.5%
New Roof Membrane Continuation	$100,000	7.0%
Capital Lease for Copiers	$75,000	5.3%
Enhanced HVAC Ionization Filter to Treat Airborne Viruses	$75,000	5.3%
Cooling Tower Continuation	$40,000	2.8%
IDF Room HVAC Unit Replacement	$25,000	1.8%
Recording Studio for Education, Training, Outreach, and Marketing	$10,000	0.7%
Total	**$1,428,000**	**100.0%***

* Total may not add due to rounding

Back to Agenda

3. Program for All-Inclusive Care for the Elderly (PACE)
The remaining portion of $422,000 or 2.9% of the proposed Capital Budget is for capital expenditures at the PACE Center.

Project Type	Amount	% of Total
Electronic Storage Expansion	$123,000	29.1%
Interior Light Repairs	$75,000	17.8%
Work Station Renovation	$57,000	13.5%
Conference Rooms 110 and 109 Furniture and Analog Audio Visual Systems Upgrade	$50,000	11.8%
Conference Room Table Upgrades	$44,000	10.4%
Upgrade Phone Systems to Add Redundancy	$35,000	8.3%
Upgrade Employee Outdoor Patio	$20,000	4.7%
Upgrade Lobby Furniture	$18,000	4.3%
Total	**$422,000**	**100.0%***

* Total may not add due to rounding

Fiscal Impact
Investment in the proposed Capital Budget will reduce CalOptima's investment principal by $14,707,000. Depreciation expenses for the Capital Budget projects are reflected in CalOptima's Operating Budget.

Rationale for Recommendation
The proposed FY 2021-22 Capital Budget will enable necessary system upgrades, enhance operational efficiencies, support strategic initiatives, comply with federal and state requirements, and improve and upgrade the 505 Building and the PACE Center.

Concurrence
Gary Crockett, Chief Counsel
Board of Directors' Finance and Audit Committee

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Report Item

25. Consider Adoption of Resolution Approving and Adopting Updated CalOptima Policy GA.8044: Telework Program, Authorization of the Expansion of the Telework Program, Continuation of the Temporary Telework Program, and Authorization of Related Unbudgeted Expenditures

Contacts

Richard Sanchez, Chief Operating Officer, (657) 900-1481
Brigette Hoey, Executive Director Human Resources, (714) 246-8405

Recommended Actions

1. Adopt Resolution No. 21-0603-01 Approving Updated CalOptima Policy GA.8044: Telework Program;
2. Authorize continuation of the Temporary Telework Program through December 31, 2021 or twelve (12) weeks beyond the end of the public health emergency as declared by the Orange County Health Care Agency, whichever is later;
3. Authorize the Chief Executive Officer (CEO) to manage CalOptima's Telework Program within the following parameters:
    a. Increase regular telework participation to up 55% of the total budgeted headcount at any given time;
    b. Determine which positions are eligible for regular telework;
    c. Implement a pilot program for partial telework for a period of up to twelve (12) months; and
4. Authorize unbudgeted expenditures of up to $405,000 from unspent budgeted funds for furniture, information services equipment, and other related expenses associated with the Telework Program.

1. Expansion of Telework Program

Background

In November 2008, a telework pilot program was developed. Based on the results, the Board authorized expansion of the Telework Program in February 2010, for up to 125 teleworkers. In June 2013, the program was expanded to up to 180 employees. In April 2015, the Board authorized further expansion to up to 30% of total budgeted headcount at any given time.

In response to the coronavirus public health emergency, the Board ratified implementation of mitigation strategies to slow the transmission of COVID-19 at its April 2, 2020 meeting. These strategies included temporary telework for CalOptima employees. The rapid changes to CalOptima's work structure and allowance of temporary telework alongside regular telework has enabled nearly 90% of CalOptima employees to work remotely either fully or partially during the pandemic.

CalOptima's Telework Program guidelines are described in CalOptima Policy GA.8044: Telework Program. According to the Policy, the total number of employees in telework positions at any point in time may not exceed the maximum number of telework positions authorized by the Board.

Back to Agenda

Telework Expansion

As CalOptima proceeds with planning for the return of temporary teleworkers to the office, management recognizes that the pre-COVID workplace and work structure will need to evolve as workers across many sectors of the economy are now seeking more flexible work arrangements. To be competitive in retaining and recruiting top talent, management is recommending an expansion to the Telework Program.

The expansion proposal includes:

1) Increasing the number of regular telework positions from the currently approved level of up to 30% of total budgeted headcount at any given time to up to 55%;
2) Allowing for a pilot program to add a new alternative work schedule—Partial Telework—which will be available for CalOptima employees below the level of department Director and will involve a work schedule of at least three (3) full days at the central worksite and up to two (2) full days at a remote worksite each week; and
3) Redefining "occasional remote work" to allow for infrequent and not regularly scheduled brief periods of work from a remote work location.

CalOptima Policy GA.8044: Telework Program has been revised to reflect the recommended changes to expand CalOptima's Telework Program as more fully outlined in the chart below. Board authorization is requested to continue the temporary telework program through the later of December 31, 2021 or up to twelve (12) weeks beyond the end of the public health emergency as declared by the Orange County Health Care Agency. This timeline will assist management in gradually transitioning employees out of the temporary telework program. The expectation is that employees who are currently temporary teleworkers will return to the office to work. Regular or partial telework will only be granted if: (1) the employee requests such a work structure; (2) the employee and the job responsibilities meet the criteria specified in the Telework Program Policy; and (3) management, in collaboration with HR, approves the work structure.

Discussion

Evaluation of Telework During Temporary Telework

In response to the pandemic, CalOptima management successfully transitioned approximately 700 employees into temporary telework in a short period of time as an employee safety measure while also ensuring continuity in business operations and quality of services to members, providers, and the community. Following this transition, management has been evaluating the effectiveness of telework for positions that may not have been otherwise qualified for telework. Using CalOptima's existing policies, processes, and practices, employees were deployed after signing a Temporary Telework Agreement (Attachment 1), which requires the employee to abide by the terms and requirements of the Telework Program Policy and follow work rules as related to telework, technology capabilities, safety, security, and more.

Back to Agenda

Temporary teleworkers were required to set up home office workspaces meeting the requirements of the home office assessment checklist (Attachment 2) and verify the internet speed test (Attachment 3). Every temporary teleworker completed virtual ergonomics training and was offered consultation with CalOptima's ergonomics specialists, if desired.

Temporary teleworkers also agreed to monthly reporting and analyses, at a minimum, relating to his or her performance. (Attachment 4) and the managers of teleworkers were required to monitor teleworkers' productivity and performance consistently, provide timely and specific feedback to teleworkers on a regular basis and provide documentation of goals, performance standards and outcomes for teleworkers to Human Resources upon request. These requirements will continue with the telework expansion and will be closely monitored and audited to ensure compliance. Additionally, CalOptima will continue to be able to identify employee activity through a variety of existing tracking capabilities available to management. For example, network and system access login and logout times, emails, instant messaging, and website activity, building access, and phone usage can all be identified and analyzed, when needed.

When comparing several HR metrics from the year prior to temporary telework (April 7, 2019 – April 6, 2020) with the year of temporary telework (April 7, 2020 – April 6, 2021), we found encouraging results. Work-related injuries decreased 67%, workers' compensation total dollars incurred decreased by 40% and leave time away from work, even with the new COVID-related leave entitlements, decreased 17%. Employee turnover decreased by 41%. Although regular teleworkers account for 30% of the total budgeted headcount, they only accounted for 17% of the turnover between April 2020 – March 2021; the remaining 83% was the result of non-teleworkers separating employment.

Work-Related Injuries	67% decrease
Total Dollars Incurred	40% decrease
Employee Turnover	41% decrease
Leave Use	17% decrease
Employee Relations Cases	57% decrease

When surveyed in December 2020, CalOptima leaders indicated that 80% of teleworkers' performance improved or remained consistent after transitioning to temporary teleworker status. Occasionally, employees or managers discovered that working remotely was not as productive as working from the Central Worksite. In those cases, managers partnered with HR to safely return these employees and/or workgroups to the office.

Expanding Regular Telework Positions

With 449 employees currently in the regular Telework Program, participation is at the Board authorized maximum. Management has identified approximately 300 additional positions that meet the position and job duty eligibility requirements for telework. Combined, these two groups equal approximately 53% of CalOptima's total budgeted headcount. The recommendation to increase the Board authorized regular telework positions to up to 55% allows for a small margin of growth beyond the current telework

positions and positions identified as eligible for telework. Employees will still need to be vetted through the eligibility and approval process to be able to fill one of the regular telework positions.

Allowing Partial Telework

In addition to expanding the number of regular telework positions, management recommends that the Board authorize a pilot of up to 12 months in duration to evaluate a partial telework work schedule. The current policy does not allow employees in senior manager and above positions to work remotely, except in circumstances where the position is hard to fill. If the partial telework pilot is approved, positions below the level of department director may be eligible for partial telework. As part of the pilot program, staff is proposing that the number of partial telework positions not be counted toward the Board's authorized allotment of regular telework positions. This arrangement would allow management to approve partial telework positions based on business needs, including the safe transition of employees back to the office, workspace and parking considerations, and employee demand for regular and partial telework. Instead, positions in the partial telework pilot would be in addition to the proposed 55% of the budgeted total employee headcount at any given time covered by the regular telework program.

To be approved for partial telework under the pilot, an employee would need to meet all the selection and eligibility requirements detailed in CalOptima Policy GA.8044: Telework Program and work at least three (3) full days at the Central Worksite every week.

Staff plans to evaluate the partial telework arrangement at six months and one year after implementation to evaluate its effectiveness. Based on the evaluation results, staff plans to return to the Board with further recommendations.

2. Human Resources Policy GA.8044 Telework Program

Background

On November 1, 1994, the Board of Directors delegated authority to the Chief Executive Officer to promulgate employee policies and procedures, and to amend these policies from time to time, subject to annual presentation of the policies and procedures, with specific emphasis on any changes thereto, to the Board of Directors or a committee appointed by the Board of Directors for that purpose. On December 6, 1994, the Board adopted CalOptima's Bylaws, which requires, pursuant to section 13.1, that the Board of Directors adopt by resolution, and from time to time amend, procedures, practices, and policies for, among other things, hiring employees and managing personnel.

The following table lists an existing Human Resources policy that has been updated and is being presented for review and approval.

Below is a list of substantive changes to the policy, which are reflected in the attached redline. The list does not include non-substantive changes that may also be reflected in the redline (i.e., formatting, spelling, punctuation, capitalization, minor clarifying language and/or grammatical changes).

GA.8044 Telework Program

Policy Section	Proposed Change	Rationale	Impact
II.A.	A sentence was added to this paragraph to specify the expectation is for employees to work at the central worksite unless telework is approved by management based on the criteria set forth in the policy	To emphasize that working remotely is not an entitlement, but an optional work arrangement requiring approval and meeting all criteria	Sets expectations with employees that the central worksite is the default work location
II.A.	Added the term "partial" to the sentence defining telework as a workplace arrangement in which an eligible employee works his or her entire (or partial) work schedule away from the central worksite at a remote work location	To add the proposed work arrangement option of partial telework	Adds a third work arrangement, partial telework, to the existing two: regular telework (entire work schedule at the remote worksite) and non-telework (entire work schedule is at the central worksite), and provides a recruitment and retention tool to meet the increased demand for alternate workplace arrangements
II.A.1.	Removed the statement that a partial telework arrangement is not allowed.	To allow for the proposed partial telework option	Adds a third work arrangement, partial telework, to the existing two: regular telework (entire work schedule at the remote worksite) and non-telework (entire work schedule is at the central worksite), and provides a recruitment and retention tool to meet the increased demand for alternate workplace arrangements
II.A.1.	Added a statement that the regular teleworker will not have a dedicated workspace at the central worksite	To align with the current practice of providing dedicated workspaces to only those who are regularly scheduled to work at the central worksite and those in the future who will be regularly scheduled to work full days at the central worksite and full days at the remote worksite each week	Sets the expectation that only a non-dedicated workspace at the central worksite will be provided to those who are not regularly scheduled to work at the central worksite
II.A.2.	Added details regarding partial telework as a twelve (12) month pilot program requiring management approval of a pre-established work schedule split between full days in the central worksite and full days at the remote work location	To identify that partial telework will be a pilot program and require approval of a pre-established consistent work schedule of full days at each work location	Allows sufficient time to determine what impact partial telework may have on meeting workload commitments, attendance, as well as determining whether the new work structure will meet the needs of the department and/or

Policy Section	Proposed Change	Rationale	Impact
			organization and creates accountability, consistency, and transparency of partial teleworkers' work location on any given day, maximizes the work hours of employees by remaining at one work location, and reduces CalOptima risk and expenditures related to workday travel
II.A.2.a.b.c.	Added work schedule requirements for partial teleworkers, including the same three (3) full days at the central worksite each week, and the workday cannot be broken up with part of a day at the central worksite and part of the workday at the remote work location	To create work schedule consistency that coworkers can depend on and to minimize travel related expenses, maximize work hours, and reduce risks resulting from employee travel occurring during the workday	Creates accountability, consistency, and transparency of partial teleworkers' work location on any given day, maximizes the work hours of employees by remaining at one work location, and reduces CalOptima risk and expenditures related to workday travel
II.B.	Clarified the list of reasons a manager may elect not to approve an employee's or department's request to telework	To clearly identify there are situations when a request to telework might not be approved	Sets the expectation that managers will assess business needs, employee performance, and the Telework Program Policy requirements when considering a request to telework
II.C.	Added a statement that there is no limit to the number of partial telework positions	The maximum number of regular telework positions is established by the CalOptima Board of Directors. Allowing management to approve the number of partial telework positions as part of the pilot will provide the flexibility needed to authorize partial telework when policy criteria has been met based on employee demand, business needs, and management discretion	Enables management to fluctuate the number of partial telework positions based on employee demand of both regular and partial telework, business needs, such as performance, productivity, customer service, office and parking space considerations, cost-savings, etc. This will provide the flexibility to help transition temporary teleworkers, as needed, to work in the office.
II.D.	Revised introductory statement to indicate that the criteria listed to be considered for eligibility applies to both regular and partial Telework positions	To specify that the previously listed eligibility criterion now applies to partial telework also	

Policy Section	Proposed Change	Rationale	Impact
II.D.3.	Added items the department will consider when authorizing telework, such as that the telework will contribute to CalOptima objectives while maintaining or improving objectives, efficiency, productivity, service and benefits, not negatively impact external or internal stakeholders, not burden non-teleworkers by being required to handle the teleworker's duties, the teleworker has demonstrated the necessary knowledge, reliability, responsibility, initiative and time management to telework, tasks can be appropriately grouped for partial telework, and resources will not be pulled from the central worksite to the detriment of non-teleworkers	To provide specific items for leaders to consider when approving telework	Assists leaders in making consistent, objective and policy driven decisions to employee requests for regular and partial telework
II.E.1.	Revised definition of "occasional" remote work	To be less restrictive in the interpretation and application of "occasional", while still maintaining that occasional remote work is infrequent and not regularly scheduled work from a remote work location and to clarify that occasional remote work is considered neither a regular nor partial telework position and is not to be attributed to the telework position limits approved by the Board	Allows for an additional flexible work arrangement for occasional remote work to continue on an infrequent and not regularly scheduled basis and to continue not counting occasional remote work as a regular telework position or as a partial telework position
II.F.5.	Added statement regarding benefits for teleworkers living out of state	To identify CalOptima's responsibility of administering benefits to a small number of out-of-state teleworkers	Allows management to provide benefits to out-of-state teleworkers in accordance with applicable employment laws
II.G.1.a.e. & f.	Added statements regarding criteria to be used in selecting a regular or partial teleworker, such as the teleworker being trained to use equipment and software effectively with the appropriate level of	To provide specific items for leaders to consider when approving telework	Assists leaders in making consistent, objective and policy driven decisions to employee requests for regular and partial telework

Policy Section	Proposed Change	Rationale	Impact
	independence for the job duties, all the essential functions of the regular teleworker can be performed remotely, and all the essential functions of the partial teleworker can be allocated between non-telework and telework days to maximize efficiency and resources		
II.G.2.a.	Changed the duration of time an employee must be in good standing from the "last year" to the last "twelve (12) months" and changed "disciplinary action" to "corrective action"	To be more specific on the time frame that will be considered in determining good standing	Provides clarity, consistency, and transparency regarding these criteria
IIG.2.b.	Added a requirement to complete six (6) months continuous employment in the current position before being eligible for telework. In the interest of business needs, the Executive Director of Human Resources can authorize an exception	To closely evaluate employee performance in the new role prior to and as a part of consideration for telework	Prohibits newly promoted or new employees from telework eligibility until after six (6) months in the new role
II.G.2.c. – II.G.2.c.iii.	Redefined position levels eligible to telework from below senior manager level to below director level when the leader's team is comprised of all regular teleworkers or supervision requirements of non-telework staff is met	To expand telework eligibility to include positions up to the associate director level when all criteria has been met and approval granted	Expands telework eligibility to positions at the senior manager level up to associate director level. Directors and executives remain ineligible for regular or partial telework. Leaders up to the associate director level may be eligible for regular telework only when the leader's entire team is comprised of regular teleworkers. Leaders up to the associate director level may be eligible for partial telework if subordinate employees do not need close in-person supervision that can only be provided at the central worksite and there is adequate on-site supervision of the work environment
II.G.2.d.	Revised statement to change the position level ineligibility for telework from senior	To be consistent with the change referenced above, expanding telework eligibility to include positions below the	Directors and executives remain ineligible for regular or partial telework. Senior managers and associate

Policy Section	Proposed Change	Rationale	Impact
	manager level and above to Director level and above	department Director level when all criteria has been met and approval granted	directors may be eligible for telework if all criteria have been met and approval granted.
II.G.2.e.	Added statement that Director level and above are not eligible for partial telework	To be clear that director level and above positions will not be eligible for the partial telework pilot program and enables these leaders to evaluate the pilot program more effectively because they will be working at the central worksite	Sets expectation with employees that high-level leaders will be working from the central worksite and not be eligible for the partial telework pilot program
H.4.	Added a statement that unless extended by the Board of Directors, the partial telework pilot program will terminate at the conclusion of twelve (12) months following the commencement of the partial telework work structure, or an earlier date at the discretion of the CEO	To set expectations with employees that the program is a pilot program only to allow management to evaluate the program's effectiveness. The program can be discontinued at the end of 12 months or at any earlier time by the CEO.. Staff will return to the Board with further recommendations based on the results of the pilot program.	Sets expectations with employees, management, and the Board; requires a thorough evaluation of the program's effectiveness; authorizes the CEO to discontinue sooner, if necessary; and ensures Board oversight and approval to continue beyond the initial period.
II.I.1	Added a statement to the paragraph that the work schedule must be established prior to the start of the work arrangement and must be mutually agreed to by the employee and supervisor	To ensure the department has coverage during core business hours and ensure consistency and transparency regarding the teleworker's work location each day	Requires an employee to obtain management approval of the work schedule prior to the start of telework
II.I.1.c.	Added that coverage during core business hours shall be considered when approving the teleworker's work arrangement	To ensure the department has coverage during core business hours	Allows CalOptima to approve or deny a requested telework schedule based on maintaining adequate coverage during core business hours
II.I.2	Added a requirement that a partial teleworker's scheduled days at the central worksite will be recommended by the employee's supervisor and must be approved by HR	To enable HR to coordinate with facilities to mitigate demands on parking spaces and workspaces by coordinating numbers of employees regularly scheduled at the central worksite on any given day	Requires HR approval of the partial teleworker's scheduled days at the central worksite
II.I.10. & 11.	Revised statement regarding teleworker actions when visiting the office to include a requirement that the teleworker sign-in upon	To account for a teleworker's work location and enable management to identify who is or was in the building in case of an emergency	Requires all teleworkers visiting the central worksite on a normally scheduled telework day to sign-in upon

Back to Agenda

Policy Section	Proposed Change	Rationale	Impact
	arrival and reserve a workspace if needed		arrival and reserve a workspace, if needed
II.I.13.a.b.c.	Added statements from the GA.8059 Attendance and Timekeeping policy to be clear when teleworkers are and are not compensated for travel time to and from the remote worksite and central worksite	Included this section from the GA.8059 Attendance and Timekeeping policy as reference as this is a frequent question from teleworkers	Makes clear when a teleworker is compensated for travel time
II.I.15 & 17.	Added & revised statement regarding what is expected of a teleworker when unable to work from the remote worksite for unforeseen reasons and makes clear that the teleworker may be required to report to the central worksite or submit paid time off (PTO) for time not worked	Included as this is a frequently asked question from both Teleworkers and managers	Sets teleworker and supervisor expectations when a teleworker is unable to work from the remote worksite for unforeseen reasons
II.I.18.	Added a statement that teleworkers should keep personal disruptions to a minimum and must obtain pre-approval for use of PTO to attend personal matters	To ensure a productive work environment this statement sets the expectation that the teleworker is responsible for ensuring a productive work environment and that attention to personal matters will not take place while on duty	Sets expectations regarding a productive work environment and requires teleworkers use PTO to attend to personal matters when needed
II.L.8.	Added a statement that expenses incurred because of working a telework schedule will not be reimbursed by CalOptima	To be clear that a remote work schedule, which is voluntary, shifts the burden of telework related expenses from CalOptima to the teleworker	Sets expectation that CalOptima will not reimburse expenses incurred because of working a remote schedule
II.M.1.	Added a requirement that the supervisor will provide the teleworker with written performance expectations and submit to HR for approval prior to commencement of telework	To ensure performance expectations are clear, to allow HR to ensure the chosen expectations are sufficient and measurable, and to hold the supervisor accountable for monitoring the teleworker's performance	Requires supervisors to identify performance expectations, for HR to review and approve the expectations before the teleworker can be deployed for telework
II.N.2.	Added that the manager will document that performance feedback has been shared with the teleworker	To set the expectation that the manager will not only provide documentation of goals and performance standards to HR, but also documentation that performance feedback is also occurring	Requires the manager to provide performance feedback to the teleworker, document the feedback and provide the documentation to HR

Back to Agenda

Policy Section	Proposed Change	Rationale	Impact
II.P.2.b.	Added a statement to the section on handling PHI from a remote work location to require that accessing secured and confidential information must not impact the integrity of the information	To ensure the integrity of secured and confidential information, such as PHI is maintained at the remote work location in accordance with applicable privacy policies	Requires teleworkers to follow privacy policies in to protect the integrity of secured and confidential information
II.P.5.	Added statement restricting teleworkers from access or distributing PHI on or through personal devices or using personal devices to access CalOptima information	To protect PHI and business-related information from being improperly accessed	Restricts teleworker's use of personal devices to access or distribute PHI or to access CalOptima business-related information
IX. Glossary – Occasional Remote Work	Revised definition of occasional remote work	To be less restrictive in the interpretation and application of "occasional" while still maintaining that occasional remote work is infrequent and not regularly scheduled work from a remote work location and to clarify that occasional remote work is considered neither a regular nor partial telework position and is not to be attributed to the telework position limits approved by the Board	Allows occasional remote work to continue on an infrequent and not regularly scheduled basis
IX. Glossary – Partial Teleworker	Added the following definition for partial teleworker: an eligible employee who has a pre-established work schedule split between full days at the central worksite, and full days at the remote work location, with three full (3) days per week scheduled at the central worksite	To capture definition of new term for consistent use across HR policies where applicable. To create work schedule consistency that coworkers can depend on and to minimize travel related expenses and risks resulting from employee travel occurring during the workday, partial teleworkers must work three (3) full days per week at the central worksite	Adds a third work arrangement, partial telework, to the existing two: regular telework (entire work schedule at the remote worksite) and non-telework (entire work schedule is at the central worksite), and provides a recruitment and retention tool to meet the increased demand for alternate workplace arrangements
IX. Glossary – Regular Teleworker	Added "regular" to the term "teleworker" and in the definition added the word "entire" to the regularly scheduled work hours	To distinguish the definition of regular teleworker from partial or occasional and to clarify that regular teleworkers work their entire regularly scheduled work hours from a remote work location	Clarifies the definition of regular teleworker

Back to Agenda

Policy Section	Proposed Change	Rationale	Impact
Attachment A – Telework Agreement	Added a line with check box to indicate "Regular" and "Partial" Telework option	To use in assessing eligibility for regular or partial telework and in recording and tracking participants in each type of program	Requires employees specify which telework arrangement they are requesting
Attachment A – Telework Agreement	Added a table of the days of the week	To use in assessing the teleworker's requested work schedule	Requires employees requesting partial telework to specify the requested full days in the office and full days at the remote work location
Attachment B - Occasional Remote Work Agreement	Revised definition of occasional remote work to match the proposed definition in the policy	For consistency across telework policy documents	Provides consistency across telework policy documents

3. Authorize Unbudgeted Expenditure

Staff estimates that the equipment (e.g., information services equipment and furniture) and other related costs to expand telework from up to 30% of headcount at any given time to up to 55% at any given time and allow partial telework as proposed is $404,391.

Fiscal Impact
An allocation of up to $405,000 in unspent funds previously budgeted for Other Operating Expenses under the Fiscal Year 2020-21 Operating Budget approved on June 4, 2020, will fund the one-time expenses related to the Telework Program expansion.

Rationale for Recommendation
Offering full and partial teleworking opportunities will enable CalOptima to compete in the competitive labor market for talent and mitigate the need and expense for increased office space and parking. In addition, if the recent decreases in work-related injuries, workers' compensation claims costs, employee turnover, employee relations issues, and employee paid leave use remain, cost savings in these areas may be realized.

Concurrence
Gary Crockett, Chief Counsel

RESOLUTION NO. 21-0603-01

RESOLUTION OF THE BOARD OF DIRECTORS ORANGE COUNTY HEALTH AUTHORITY
d.b.a. CalOptima

APPROVE UPDATED HUMAN RESOURCES POLICY

WHEREAS, section 13.1 of the Bylaws of the Orange County Health Authority, dba CalOptima, provide that the Board of Directors shall adopt by resolution, and may from time to time amend, procedures, practices and policies for, inter alia, hiring employees, and managing personnel; and

WHEREAS, in 1994, the Board of Directors designated the Chief Executive Officer as the Appointing Authority with full power to hire and terminate CalOptima employees at will, to set compensation within the boundaries of the budget limits set by the Board, to promulgate employee policies and procedures, and to amend said policies and procedures from time to time, subject to annual review by the Board of Directors, or a committee appointed by the Board for that purpose.

NOW, THEREFORE, BE IT RESOLVED:

Section 1. That the Board of Directors hereby approves and adopts the attached updated CalOptima Policy GA.8044: Telework Program

APPROVED AND ADOPTED by the Board of Directors of the Orange County Health Authority, d.b.a., CalOptima this 3rd day of June 2021.

Policy:	GA.8044
Title:	**Telework Program**
Department:	Human Resources
Section:	Not Applicable
CEO Approval:	
Effective Date:	03/01/2012
Revised Date:	TBD
Applicable to:	☐ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☒ Administrative

I. PURPOSE

This policy describes guidelines for a work structure, where appropriate, when telework is determined to be a viable work option that: 1) permits an eligible employee to perform ~~their~~his/her work from a Remote Work Location~~,~~ unless business needs require otherwise; 2) increases quality of life for employees; 3) reduces operation and overhead costs; 4) supports recruitment and retention of skilled employees; and 5) promotes a culture of managing by results.

II. POLICY

A. CalOptima employees are expected to work at the Central Worksite unless Telework is requested by an employee, a determination is made that the employee and the job functions meet the criteria set forth herein, and the Employee's management approves the request. Telework is a workplace arrangement in which an eligible employee works his or her entire or partial work schedule away from the Central Worksite at a Remote Work Location.

~~A.~~ A ~~,~~Regular Teleworker works his or her entire work schedule away from the Central Worksite at a Remote Work Location unless business needs require otherwise. A Regular

1. ~~A partial teleworking arrangement is not allowed. A~~ Teleworker may not elect to routinely work a portion of his or her scheduled days at the Central Worksite and the remainder from the Remote Work Location. A Regular Teleworker will not have a dedicated workspace at the Central Worksite.

2. CalOptima is testing out a pilot program for a trial period of twelve (12) months to allow for Partial Teleworkers. Employees interested in Partial Telework, who meet the eligibility based on the criteria set forth below, may be conditionally approved for a trial period to allow sufficient time to determine what impact the scheduling change may have on meeting workload commitments, assessing impact on attendance, as well as determining whether the new work structure will meet the needs of the department and/or organization. A Partial Teleworker must obtain management approval for a pre-established work schedule split between full days in the Central Worksite, and full days at the Remote Work Location. A Partial Teleworker's schedule must be consistent with all the following:

   a. Include three (3) full days at the Central Worksite each week.

b. Be consistent from week to week and reflect work at the Central Worksite on the same days each week.

c. A workday cannot be broken up with part of a day at the Central Worksite and part of the workday at the Remote Work Location.

B. Telework is not a universal employee benefit or entitlement, but rather~~,~~ an alternative method of meeting the work needs of the organization through a flexible work structure. Department managers and supervisors, at their discretion, may elect not to approve an employee's or department's participation in the Telework Program or discontinue an individual's, group's, or department's participation in the telework program based on business needs, such as change(s) in the employee's or department's work function, employee's non-satisfactory performance, or abuse of or failure to meet the requirements of the telework program.

~~1. Telework is voluntary unless specifically stated as a condition of employment and may be terminated at any time by either the Teleworker or CalOptima, with or without cause.~~

C. The total number of employees in ~~telework~~Regular Telework positions at any ~~point in~~given time may equal but not exceed the maximum number ~~telework~~of Regular Telework positions as directed by the CalOptima Board of Directors. There is no limit to the number of employees in Partial Telework positions.

D. The following criteria will be used to identify eligible Regular and Partial Telework positions ~~may be identified as follows~~:

1. Human Resources (HR) may designate a position as a ~~telework~~Telework position if it is classified as a difficult to recruit and/or retain position, and the position is appropriate for ~~telework~~Telework.

2. HR may reserve a number of telework positions for use in granting reasonable work accommodations, for employees transitioning back to work after a qualifying leave of absence, or for other exigencies, which would require the approval of the Executive Director of HR.

3. A department leader may designate one (1) or more positions as suitable for ~~teleworking~~Teleworking if the duties and responsibilities of the position can be performed remotely at the same or higher level of productivity and quality compared to working at the Central Worksite. In addition, the department leader will consider the following:

a. The telework will contribute to CalOptima's objectives while maintaining or improving program and department objectives, efficiency, productivity, service, and benefits;

b. Telework will not negatively impact customer service for external and internal stakeholders;

c. Employees who remain in the Central Worksite are not burdened by being required to handle the teleworker's regular assignments and job responsibilities;

d. The Teleworker has the necessary knowledge to perform the required job tasks at the Remote Work Location and does not need close supervision or input from others that is available only at the Central Worksite;

e. The Teleworker has a history of reliability and responsibility in reporting to work on time and completing work assignments;

f. The Teleworker is self-directed and consistently demonstrates an ability to establish priorities and effectively manage his/her time;

g. Tasks requiring special equipment, resources, or in-person contact can be grouped and scheduled for non-telework days or accommodated through other means; and

h. Reference materials and resources located at the Central Worksite can be accessed from the Remote Work Location without interfering with co-worker's job performance.

E. Remote Work exception to the Telework policy: ~~When special circumstances require it, an~~An employee's manager has the discretion to allow an employee~~,~~ to work from a Remote Work Location on an occasional basis.

1. Occasional Remote Work is defined as ~~rare,~~ infrequent and not regularly scheduled ~~for~~ brief periods ~~(usually a day or part~~ of work from a ~~day);~~Remote Work Location, with no specific or implied expectation from an employee that he or she will be allowed to work from a Remote Work Location routinely. This is not considered or counted as a ~~telework~~Regular or Partial Telework position.

2. All employees who occasionally work from a Remote Work Location must abide by the same requirements as employees who telework, including, but not limited to, the applicable conditions set forth in this policy concerning terms of employment, work schedule and accessibility, dependent care, liability, compliance, use of personal computer from the Remote Work Location, use of electronic mail with ~~PHI,~~Protected Health Information (PHI), establishing a Remote Work Location, security of CalOptima assets, inspection, etc.

3. Furthermore, for departments which permit employees ~~to work from a Remote Work Location, to be eligible~~ to work occasionally from a Remote Work Location, the employee must execute the CalOptima Occasional Off-site Work Agreement and submit the signed document to the Human Resources Department prior to being permitted to work from a Remote Work Location.

F. Terms of Employment

~~2.~~1. The conditions of employment, such as employee salary, benefits and employer-sponsored insurance coverage, will remain the same for an employee designated as a Teleworker as for non-telework employee.

~~3.~~2. CalOptima's policies, rules and practices are applicable to a Teleworker's Remote Work Location, including, but not limited to, confidentiality, internal communications, communications with the public, public records requests, employee rights and responsibilities, facilities and equipment management, financial management, information resource management, purchasing of property and services, unlawful harassment, drug and alcohol, and safety.

~~4. Telework will be voluntary unless specifically stated as a condition of employment.~~

3. Telework is voluntary unless specifically stated as a condition of employment and may be terminated at any time by either the Teleworker or CalOptima, with or without cause.

~~5.~~4. Other than those additional duties and obligations expressly imposed on a Teleworker under this policy, the duties, obligations, responsibilities, and conditions of a Teleworker's employment with CalOptima shall remain unchanged.

5. Teleworkers residing outside the State of California shall be provided the same benefits (or similar benefits if the exact same benefit is unavailable) as Teleworkers residing in California unless the state the Teleworker resides in has a greater or more generous benefit, wherein, CalOptima will provide the greater or more generous benefit to the out-of-state Teleworker.

G. Regular and Partial Teleworker Selection

1. The employee's department manager, with final review and evaluation by HR, shall consider and ensure that the selected employee and their work responsibilities meet the following conditions:

a. The nature of the work and job responsibilities can be performed effectively away from the Central Worksite.

b. The Teleworker is trained in the use of equipment and software required for the employee to successfully function effectively and with the appropriate level of independence for the job duties.

~~b.~~c. The nature of resources and tools necessary for an employee's work assignments and job responsibilities can be accessed from the employee's Home Office location while ensuring confidentiality where necessary and compliance with all applicable laws, including, but not limited to~~,~~ the Health Insurance Portability and Accountability Act (HIPAA) regulations.

~~c.~~d. The nature of the work and the employee's job responsibilities do not require daily ~~face-to-face~~in-person contact with other employees or supervisors, and/or the employee and/or the employee's work does not require supervision that can only be accomplished at the Central Worksite.

~~d.~~e. The nature of the work while at the Remote Work Location is not dependent on accessing equipment, materials, files, etc., that are only available in the Central Worksite.

f. For Regular Teleworkers, except for the occasional need to come into the Central Worksite for in-person meetings, access to resources or other business-related needs, Regular Teleworkers will be able perform all the essential functions of the employee's job responsibilities remotely.

g. For Partial Teleworkers, the job responsibilities, work assignments, and essential functions of the job can effectively be allocated between non-teleworking days and teleworking days to maximize efficiency and resources.

2. To be eligible for telework, the following considerations will be evaluated:

a. Employee must be in good standing, ~~with no~~without prior ~~disciplinary~~corrective action in the last ~~year or~~ twelve (12) months, not on a Performance Improvement Plan, and may be ~~scheduled for~~a full-time or part-time employee, and/or may be exempt (salaried) or non-exempt (hourly).

b. Employee must have completed a minimum of six (6) months continuous employment in the current position. Exceptions can be authorized by the Executive Director of Human Resources in the interest of business needs.

c. Based on business considerations and management discretion, ~~supervisors~~for supervisor or manager positions below Director level:

i. If the employee's entire team is comprised of all Regular Teleworkers, the supervisor or manager may be eligible for Regular Telework;

~~i.~~ii. If the employee's team is comprised of Partial Teleworkers and/or Central Worksite employees, the supervisor or manager is not eligible for Regular Telework, but may be eligible for Partial Telework if subordinate employees do not need close in-person supervision that can only be provided at the Central Worksite. Supervisors and managers ~~may be approved for telework only if their entire team teleworks.~~who are eligible for Partial Telework must ensure there is adequate on-site supervision of the work environment, which may require coordination of schedules between supervisors and managers within a department.

~~ii.~~iii. If ~~supervisors and managers have staff that does not telework and/~~the employee's entire team works at the Central Worksite, the supervisor or ~~are~~manager is not eligible for telework~~, they must be present in the office to supervise their non-telework staff.~~ .

~~b.~~d. Regular Telework is not available for ~~senior manager~~Director level positions and above, unless the position is classified as a difficult to recruit and/or retain position, and the position is appropriate for telework as determined by the Executive Director of Human Resources, with the approval of the Chief ~~Operating~~Executive Officer.

~~3. To participate in the telework program, an employee must meet additional eligibility and selection criteria established by CalOptima, including the suitability of performing the requirements of the job from a Remote Work Location and the ability of the employee to meet performance expectations in a work environment away from the Central Worksite.~~

e. Partial Telework is not available for Director level positions and above.

~~4.~~3. To be eligible to work from a Remote Work Location, the employee must obtain approval from the employee's supervisor/manager and director prior to submitting the request to HR. Employees are required to sign and submit the CalOptima Telework Agreement, along with all other required documentation, to the HR Department prior to being deployed.

H. Termination of Telework Arrangement

1. A Teleworker may elect, at any time, to move from working at a Remote Work Location to working at the Central Worksite, contingent on space availability.

   a. The Teleworker must notify and discuss the change with his or her manager and receive approval.

   b. The Teleworker's manager will notify HR of the request to terminate the telework arrangement.

2. A Teleworker's manager may change or end the teleworking arrangement at any time based on business needs, performance or productivity concerns, or changes in the Teleworker's eligibility to telework.

   a. Requests to end the telework arrangement must go through the manager of the Teleworker and be approved by HR.

3. As needed, the Teleworker's manager, in collaboration with HR, may evaluate changes to a Teleworker's job responsibilities or work performance and determine if continued participation in the telework program or return to the Central Worksite is appropriate.

4. Unless later extended by subsequent Board of Director approval, the Partial Telework pilot program will terminate at the conclusion of twelve (12) months following the commencement of the Partial Telework work structure, or an earlier date at the discretion of the Chief Executive Officer.

I. Work Schedule and Accessibility

1. A Teleworker's work schedule ~~of work hours~~, including days worked at the Central Worksite and days worked at the Remote Work Location, start and end times, breaks, overtime, and deviations from regular work hours~~, should~~ must be established prior to the start of the work arrangement and must be mutually agreed to by the employee and supervisor to ensure the department has coverage during core business hours. Any deviations from the pre-established work schedule must be approved in advance by the Teleworker's ~~manager.~~ supervisor.

   a. A manager shall take into consideration the overall impact of a Teleworker assignment to the department's service delivery, employee productivity, fellow employees, employee morale, functional needs of the department, and/or the progress of individual or team assignments.

   b. A manager shall also take into consideration the overall impact of the Teleworker's total time outside of the Central Worksite. Considerations include, but are not limited to~~:~~ meetings, consultations, presentations, and conferences.

   c. CalOptima shall also give consideration to the overall effect of a Teleworker's and co-workers' schedules in maintaining adequate coverage during core business hours, as well as manager supervision and communication.

2. A Partial Teleworker's scheduled days at the Central Worksite will be recommended by the employee's supervisor and must be approved by Human Resources.

~~2.~~3. The number of hours normally scheduled to work by an employee shall not change because of telework.

~~3.~~4. Employees will not be eligible to participate in both the ~~telework~~Regular or Partial Telework program and the 9/80 Work Schedule during the same period. Employees eligible for both may only request one alternative at a time.

~~4.~~5. Before working overtime, a non-exempt (hourly) Teleworker must receive his or her manager's written approval in advance.

~~5.~~6. An exempt (salaried) Teleworker who plans to deviate from the Teleworker's regular work hours, including working beyond normal working hours and making up time, shall obtain his or her supervisor's approval in advance, where feasible.

~~6.~~7. Non-exempt (hourly) Teleworkers will be required to complete their timecard electronically, consistent with employees at the Central Worksite.

~~7.~~8. Meal periods and breaks for a Teleworker will be consistent with those at the Central Worksite.

~~8.~~9. The Teleworker's manager should ensure that the Teleworker's schedule shall allow adequate time at the Central Worksite for meetings, access to facilities and supplies, and communication with other employees, providers~~-~~, and/or members.

~~9.~~10. When ~~visiting~~Regular Teleworkers visit the Central Worksite, ~~a Teleworker will~~they must notify their direct supervisor or ~~alternate~~supervisor's designee of their presence in the office building, including their physical location and tentative length of stay~~.~~, and they must reserve a hotel station, if a workspace is needed, and sign-in upon arrival when arriving in the main lobby.

11. When Partial Teleworkers visit the Central Worksite on their Remote Work Location day, they must notify their direct supervisor or supervisor's designee of their presence in the office building, including their physical location and tentative length of stay, and they must reserve a hotel station, if a workspace is needed, and sign-in upon arrival when arriving in the main lobby.

~~10.~~12. A Teleworker will attend job-related meetings, training sessions, and conferences~~,~~ as requested by the manager. In addition, management may request a Teleworker to attend "short notice" meetings or to come into the Central Worksite for other CalOptima business related purposes. A Teleworker's manager will use telephone conference calling whenever possible as an alternative to requesting attendance at short notice meetings.

13. As provided in CalOptima Policy GA.8059: Attendance and Timekeeping, for non-exempt (hourly) employees who work from a Remote Work Location (other than the Central Worksite), commute time may be compensated and included as part of the workday only if all of the following apply:

    a. On a day the employee is scheduled to telework, the employee is required to be onsite at the Central Worksite for meetings, training or other events as determined by the employee's leadership in the middle of the workday; and

    b. The commute to or from the employee's Remote Work Location and CalOptima occurs in the middle of the non-exempt (hourly) employee's workday; and

    c. The employee cannot work from the Central Worksite for the entire workday.

~~11.~~14. During telework hours, a Teleworker must maintain regular contact with the manager, supervisor and co-workers and be reachable via office telephone, mobile phone, facsimile, office communicator, and/or e-mail during agreed-upon work hours or specific core hours of accessibility. The manager and Teleworker will agree on how to handle telephone messages, including the feasibility of call forwarding and frequency of checking telephone messages.

15. If the Teleworker is not able to work at the Remote Location due an unforeseen problem such as a computer issue or internet outage, the Teleworker will immediately notify his or her manager as soon as possible. The manager may assign the Teleworker to other work, request the Employee report to the Central Worksite for the remainder of the day, or require that the Employee submit Paid Time Off (PTO) for time not worked.

~~12.~~16. If the Central Worksite is closed due to an emergency or inclement weather, a Teleworker's manager will contact the Teleworker as soon as possible. A Teleworker may continue to work at the Remote Work Location. ~~If there is an emergency at the Remote Work Location such as a power outage, a Teleworker will notify his or her manager as soon as possible. CalOptima may assign the Teleworker to the Central Worksite.~~

17. If there is an emergency at the Remote Work Location such as a power outage or fire evacuation order, a Teleworker will notify his or her manager as soon as possible. CalOptima may assign the Teleworker to the Central Worksite or the Teleworker may be required to use PTO for the remainder of the emergency.

18. Teleworkers should keep personal disruptions, such as non-business telephone calls and visitors, to a minimum and must obtain pre-approval from the supervisor for use of PTO to attend to personal matters during work hours.

J. Dependent Care

1. A Teleworker will not act as a primary caregiver for dependent(s) during the agreed upon telework hours. Dependents may be present in the home during telework hours if care for the dependent will not require the Teleworker's attention. A Teleworker must make arrangements for dependent care ~~arrangements~~ to ensure a productive work environment and permit concentration on performing work duties and responsibilities to the same extent as if he or she were performing work at the Central Worksite.

K. Deployment Preparation

~~L.~~ Understanding the policies and procedures of telework is an important determinant of success in the telework program.

1. ~~All~~All Teleworkers will complete mandatory pre-deployment documentation and telework orientation prior to final approval for telework deployment. ~~Understanding the policies and procedures of telework is an important determinant of success in the telework program.~~ Teleworkers may be required to complete additional educational or informational programs as deemed needed.

~~M.~~L. Telework Site/ Home Office

1. A Teleworker must maintain a suitable and secure designated workspace inside the Teleworker's residence that is clean, safe, and free from distractions.

   a. A Teleworker must set up a designated workspace as required by standards set by CalOptima Environmental Health and Safety (EH&S) prior to beginning the Telework assignment.

   b. Preferably, this workspace will be a separate room that is designated as a ~~home office~~Home Office.

   c. The ~~home office~~Home Office location and specified workstation ~~and internet access~~ must be in compliance with the EH&S standards and the safety ~~checklists~~requirements.

   d. The employee must maintain an appropriate level of internet connectivity and technological capability as required and defined in the CalOptima Telework Agreement.

   ~~d.~~e. The employee must sign and submit the CalOptima ~~Teleworking~~Telework Agreement, along with all other required documentation to HR within the required period of time.

2. A Teleworker will not hold ~~face-to-face~~in-person business meetings with providers, Members, or professional colleagues at the Home Office.

3. CalOptima may send agents of the organization to assist with equipment set-up in the Home Office.

   a. CalOptima will provide advanced notice of any delivery.

   b. The Teleworker must allow access to the Home Office at the designated day and time.

4. CalOptima will provide a predefined basic set of equipment as required for the Teleworker to perform his or her work duties.

5. All equipment that is provided initially for use at the telework site will be documented in the Telework Equipment Release Agreement.

    a. The Information Systems (IS) Department will maintain a list of CalOptima's equipment and software that is located in the Home Office ~~Locations~~locations of Teleworkers.

6. If additional equipment or supplies are required related to Telework, the Teleworker must obtain prior approval for any additional costs.

    a. CalOptima will provide standard office supplies that can be picked-up from the Central Worksite (i.e., pens, paper, and pencils).

    b. CalOptima shall not reimburse out-of-pocket expenses for supplies normally available at the Central Worksite.

7. Prior to beginning the telework program, a Teleworker will provide documentation of the workspace, in the form of current photograph, and must submit such documentation to the EH &S and HR departments.

8. Teleworkers are advised to consult with an insurance agent and/or tax consultant for information regarding their ~~home office~~Home Office site. Individual tax implications, auto and homeowners' insurance, and incidental residential utility costs are the responsibility of the Teleworker. Expenses incurred because of working a telework schedule will not be reimbursed by CalOptima including, but not limited to, the following: costs associated with the use of telephone, internet connection, occupation of the Home Office, and Home Office furniture.

~~N.~~M. Teleworker Performance Management

1. The ~~manager~~Teleworker's supervisor will provide the Teleworker with written performance expectations that are specific, measurable, and attainable and submit to HR for approval prior to the commencement of telework.

~~1.~~2. The supervisor and Teleworker will develop and agree upon ~~any relevant goals and performance guidelines, as well as the~~ the frequency of performance discussions.

~~2.~~3. The manager of the Teleworker shall:

    a. Monitor the Teleworker's productivity and performance consistently and as business needs require.

    b. Provide timely and specific feedback to the Teleworker on a regular basis.

    c. Plan for and use multiple channels to keep the Teleworker informed and ~~up-to-date about~~current with departmental and CalOptima activities.

    d. Remove a Teleworker from the program if the employee does not or continues to not meet the set performance standards.

~~O.~~N. Program Reporting and Evaluation

1. Teleworkers agree to monthly reporting and analyses, at a minimum, relating to his or her performance in order to evaluate the effectiveness of the Teleworker and telework program at CalOptima.

2. Each manager of one or more Teleworkers shall be required to provide documentation of goals, performance standards ~~and outcomes for the~~, outcomes, and an indication that feedback on the Teleworker's performance was shared with Teleworker for each of the manager's Teleworkers to HR upon request.

~~P.~~O. Liability

1. A Teleworker is responsible for ensuring the safety of his or her Remote Work Location or alternative work environment.

2. A Teleworker will agree to a safety inspection and photographic documentation of the Telework Remote Work Location site to comply with workers' compensation liabilities, as well as comply with all items in the EH&S safety checklists.

3. Because liability may arise from hazards in the Remote Work Location that might cause serious harm or injury, CalOptima reserves the right to periodically inspect the Teleworker's Remote Work Location workspace. CalOptima will precede any such inspection by advanced notice and will schedule an appointment.

4. All ergonomic issues must be reported to the EH&S department. It is the responsibility of a Teleworker to notify EH&S early of any potential ergonomic issues in the ~~home office~~Home Office workspace in the Remote Work Location.

5. CalOptima is not liable for any incident or accident that occurs outside of normal job-related activities or hours.

6. In the event of a job-related incident or accident during telework hours, a Teleworker must immediately report the incident to his or her manager.

    a. A Teleworker, manager, and CalOptima must follow the policies regarding the reporting of injuries for employees injured while at work or on duty.

7. CalOptima is not responsible for any injuries to family members, visitors, and others in a Teleworker's Remote Work Location workspace.

8. CalOptima is not responsible for any loss or damage to:

    a. A Teleworker's property;

    b. Personal property owned by a Teleworker or any of the Teleworker's family members; or

    c. Property of others in the custody of a Teleworker.

9. A Teleworker is responsible for contacting his or her insurance agent and a tax consultant and consulting local ordinances for information regarding Remote Work Location workplaces.

~~Q.~~P. Compliance: Handling PHI from a Remote Work Location

1. The same precautions governing the treatment of PHI at the Central Worksite shall apply to the Remote Work Location. All Teleworkers and Occasional Remote Workers are expected to

adhere to CalOptima's policies and practices governing the use of technology resources and confidentiality and security of CalOptima information handled in the course of employment.

2. A Teleworker shall not leave documents including, but not limited to (electronic and/or hard copies): assessment forms, prior authorization, or other data collection forms unattended in areas accessible by unauthorized persons.

   a. If PHI is being accessed by the Teleworker, when the Teleworker leaves the Remote Work Location or workspace, all paper PHI shall be stowed in a locked drawer designated for such storage. The Teleworker shall remain in possession of the key.

   b. Accessing secured and confidential information, such as PHI, from the Remote Work Location must not impact the integrity of the information in accordance with applicable privacy policies.

3. A Teleworker shall protect all documents that contain Member PHI from the view or access by unauthorized persons during transport to and from the Central Worksite ~~through the use of:~~using binders, folders, or other protective covers.

   ~~a. Binders; or~~

   ~~b. Folders or other protective cover.~~

4. ~~Upon their disposal, a Teleworker shall shred all~~Any PHI documents or files~~. A~~ used by a Teleworker ~~shall transport PHI documents that are taken to the~~at a Remote Work Location ~~and ready for destruction~~shall be transported back to the Central Worksite ~~for shredding.~~to be retained or disposed of in accordance with applicable document retention policies.

5. A Teleworker shall immediately report any security incidents or compromised PHI to the Office of Compliance, in accordance with CalOptima Policy HH.3020Δ: Reporting and Providing Notice of Security Incidents, Breaches of Unsecured PHI/PI or other Unauthorized Use or Disclosure of PHI/PI and contractual requirements, applicable federal and state statutes and regulations, and CalOptima policies. CalOptima employees shall not access or distribute PHI/Personal Information on or through personal devices nor use personal devices to access CalOptima business information, data, and/or confidential information of any sort.

~~R.~~Q. Use of Computer from Remote Work Location

1. CalOptima will provide a Teleworker with a CalOptima personal computer (PC) or, with the approval of IS Infrastructure Management and in certain circumstances, a laptop computer (laptop), and grant access to the CalOptima network.

2. A Teleworker shall adhere to the following information security procedures:

   a. Maintain the confidentiality of his or her user sign-on identification code and password;

   b. Keep the PC or laptop secure at all times;

   c. Log off the VPN network when the PC or laptop will be left inactive or unattended, including but not limited to, during breaks, lunch periods, and at the end of the workday;

   d. Ensure that passwords or operating instructions are not stored with the computer; and

e. Ensure that any issues with CalOptima equipment or systems are referred to the Help Desk for assistance, and that no unauthorized persons, or organizations, provide technical support for any CalOptima equipment or systems.

3. A Teleworker shall report any security incidents to the CalOptima Help Desk including, but not limited to:

   a. Loss of a PC or laptop;

   b. Software irregularities indicating possible virus infection; and

   c. Access by unauthorized persons.

4. Failure to comply with the requirements listed above will result in the termination of the employee's telework arrangement and may also include ~~disciplinary~~corrective action up to and including termination of employment.

5. In the event of security or PHI incidents, Teleworkers are required to cooperate in internal investigations, and with outside investigators, law enforcement, and/or criminal and/or civil prosecution, when applicable.

~~S.~~R. Use of electronic mail with PHI

1. Internal e-mail: E-mail sent within the secure virtual private network (VPN) CalOptima system may contain PHI that is limited to the use and disclosure of the minimum necessary data to complete the required message.

2. External e-mail: E-mail that is sent external to CalOptima via the open internet shall not contain PHI unless the e-mail is encrypted using the required encryption system and the recipient is authorized to receive it.

~~T.~~S. Use of printer from Remote Work Location

1. Teleworkers are not allowed to print anything work related to a home printer. All printing should be done at the Central Worksite when the Teleworker comes into the Central Worksite On rare circumstances, HR, the Compliance Officer, and the Chief Security Officer may make an exception to allow for a Teleworker to receive a printer for use at home, but only if the employee is not dealing with any PHI.

~~U.~~T. Security of CalOptima Assets

1. The Teleworker must take reasonable precautions to secure and prevent damage to equipment provided and delivered to the Remote Location Worksite.

2. CalOptima's equipment must ~~only~~ be used by the Teleworker only and may not be used by other guests or individuals for ~~personal use~~any reason.

3. If property of CalOptima is stolen or damaged in a Teleworker's home, CalOptima will repair or replace the property at CalOptima's expense, provided there is no contributory negligence on the part of the Teleworker.

4. Upon termination of employment or the telework arrangement, voluntary or otherwise, the employee shall return all CalOptima property to CalOptima.

5. CalOptima may pursue recovery from a Teleworker for CalOptima property that is:

   a. Not returned at the conclusion of employment; or

   b. Deliberately, or through negligence, damaged, destroyed, or lost while in the Teleworker's control.

6. In case of injury, theft, loss, or liability related to telework, a Teleworker must allow agents of the organization to investigate and/or inspect the telework site. CalOptima shall provide reasonable notice of inspection and/or investigation to the Teleworker.

~~V.~~U. Travel Reimbursement

1. CalOptima will not reimburse mileage for Teleworkers who come into the Central Worksite from a local Remote Worksite Location.

2. CalOptima will reimburse mileage when a Teleworker is required by management to drive into the Central Worksite only if the employee is required to travel two hundred fifty (250) or more miles one-way.

3. For off-site visits from the Teleworker's home, CalOptima shall base reimbursement for use of privately owned vehicles on actual mileage, to the nearest mile, less the number of miles required to drive from the Teleworker's residence to the Central Worksite, and back again, on a single day and in accordance with CalOptima GA.5004: Travel Policy.

4. Reimbursement shall be made at the mileage rate currently in effect for CalOptima, and in accordance with CalOptima GA.5004: Travel Policy. Different requirements for travel may apply to out-of-state Teleworkers, in which they should receive prior approval from their department executive before such travel arrangements are made.

~~W.~~V. Other Remote Work arrangements

1. In certain cases, arrangements other than those defined in this policy may be negotiated between CalOptima management, HR, and the Teleworker. All policy deviations must be approved by HR and the Teleworker's executive.

~~X.~~W. Failure to comply with the requirements of this Policy or follow CalOptima's policies, rules and procedures may result in~~:~~ termination of the employee's telework arrangement and/or ~~disciplinary~~corrective action, up to and including termination of the employee. Certain violations of this Policy, other applicable CalOptima policies, and/or state and federal laws may also result in criminal or civil prosecution, where applicable.

IX. GLOSSARY

Term	Definition
9/80 Work Schedule	The 9/80 alternate work schedule consists of eight (8) business days of nine (9) hours per day and one (1) business day of eight (8) hours, for a total of eighty (80) hours during two (2) consecutive workweeks. The eight (8) hour work day must be on the same day of the week as the employee's regularly scheduled day off. Therefore, under the 9/80 work schedule, one calendar week will consist of forty-four (44) hours (four (4) nine (9) hour days and one (1) eight (8) hour day) and the alternating calendar week will consist of thirty-six (36) hours (four (4) nine (9) hour days and one (1) day off). However, each workweek will only consist of forty (40) hours, in accordance with the 9/80 Federal Labor Standards Act (FLSA) Workweek.
Central Worksite	CalOptima's primary physical location of business applicable to the employee, which is either CalOptima's administration building at 505 City Parkway West or the PACE building.
Health Insurance Portability and Accountability Act (HIPAA)	The Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, was enacted on August 21, 1996. Sections 261 through 264 of HIPAA require the Secretary of the U.S. Department of Health and Human Services (HHS) to publicize standards for the electronic exchange, privacy and security of health information, and as subsequently amended.
Home Office	A designated workspace within the ~~Teleworker's~~ Teleworker's residence.
Occasional Remote Work	Remote work that is infrequent and not regularly scheduled for brief periods with no specific or implied expectation from an employee that he or she will be allowed to work from a Remote Work Location routinely. This is not considered or counted as a Regular or Partial Telework position
Partial Teleworker	An eligible employee who has a pre-established work schedule split between full days at the Central Worksite, and full days at the Remote Work Location, with three full (3) days per week scheduled at the Central Worksite. This is not considered or counted as a Regular Telework position.
Protected Health Information (PHI)	Has the meaning ~~given such term~~ in ~~Section 160.103 of Title~~ 45~~,~~ Code of Federal Regulations~~. Individually~~ Section 160.103, including the following: individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium. This information identifies the individual or there is reasonable basis to believe the information can be used to identify the individual. The information was created or received by CalOptima or Business Associates and relates to: 1. The past, present, or future physical or mental health or condition of a Member; 2. The provision of health care to a Member; or 3. Past, present, or future Payment for the provision of health care to a Member.
Remote Work Location or Remote Worksite	The Employee's Home Office or designated pre-approved work location.

Term	Definition
Regular Teleworker	An employee who meets CalOptima's Teleworker eligibility criteria and is approved to routinely work their entire regularly scheduled work hours from a Remote Work Location~~,~~ unless business needs require otherwise.

1

Policy:	GA.8044
Title:	**Telework Program**
Department:	Human Resources
Section:	Not Applicable
CEO Approval:	
Effective Date:	03/01/2012
Revised Date:	TBD
Applicable to:	☐ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☒ Administrative

I. PURPOSE

This policy describes guidelines for a work structure, where appropriate, when telework is determined to be a viable work option that: 1) permits an eligible employee to perform his/her work from a Remote Work Location unless business needs require otherwise; 2) increases quality of life for employees; 3) reduces operation and overhead costs; 4) supports recruitment and retention of skilled employees; and 5) promotes a culture of managing by results.

II. POLICY

A. CalOptima employees are expected to work at the Central Worksite unless Telework is requested by an employee, a determination is made that the employee and the job functions meet the criteria set forth herein, and the Employee's management approves the request. Telework is a workplace arrangement in which an eligible employee works his or her entire or partial work schedule away from the Central Worksite at a Remote Work Location.

1. A Regular Teleworker works his or her entire work schedule away from the Central Worksite at a Remote Work Location unless business needs require otherwise. A Regular Teleworker may not elect to routinely work a portion of his or her scheduled days at the Central Worksite and the remainder from the Remote Work Location. A Regular Teleworker will not have a dedicated workspace at the Central Worksite.

2. CalOptima is testing out a pilot program for a trial period of twelve (12) months to allow for Partial Teleworkers. Employees interested in Partial Telework, who meet the eligibility based on the criteria set forth below, may be conditionally approved for a trial period to allow sufficient time to determine what impact the scheduling change may have on meeting workload commitments, assessing impact on attendance, as well as determining whether the new work structure will meet the needs of the department and/or organization. A Partial Teleworker must obtain management approval for a pre-established work schedule split between full days in the Central Worksite, and full days at the Remote Work Location. A Partial Teleworker's schedule must be consistent with all the following:

   a. Include three (3) full days at the Central Worksite each week.

   b. Be consistent from week to week and reflect work at the Central Worksite on the same days each week.

Back to Agenda

Back to Item

c. A workday cannot be broken up with part of a day at the Central Worksite and part of the workday at the Remote Work Location.

B. Telework is not a universal employee benefit or entitlement, but rather an alternative method of meeting the work needs of the organization through a flexible work structure. Department managers and supervisors, at their discretion, may elect not to approve an employee's or department's participation in the Telework Program or discontinue an individual's, group's, or department's participation in the telework program based on business needs, such as change(s) in the employee's or department's work function, employee's non-satisfactory performance, or abuse of or failure to meet the requirements of the telework program.

C. The total number of employees in Regular Telework positions at any given time may equal but not exceed the maximum number of Regular Telework positions as directed by the CalOptima Board of Directors. There is no limit to the number of employees in Partial Telework positions.

D. The following criteria will be used to identify eligible Regular and Partial Telework positions:

1. Human Resources (HR) may designate a position as a Telework position if it is classified as a difficult to recruit and/or retain position, and the position is appropriate for Telework.

2. HR may reserve a number of telework positions for use in granting reasonable work accommodations, for employees transitioning back to work after a qualifying leave of absence, or for other exigencies, which would require the approval of the Executive Director of HR.

3. A department leader may designate one (1) or more positions as suitable for Teleworking if the duties and responsibilities of the position can be performed remotely at the same or higher level of productivity and quality compared to working at the Central Worksite. In addition, the department leader will consider the following:

a. The telework will contribute to CalOptima's objectives while maintaining or improving program and department objectives, efficiency, productivity, service, and benefits;

b. Telework will not negatively impact customer service for external and internal stakeholders;

c. Employees who remain in the Central Worksite are not burdened by being required to handle the teleworker's regular assignments and job responsibilities;

d. The Teleworker has the necessary knowledge to perform the required job tasks at the Remote Work Location and does not need close supervision or input from others that is available only at the Central Worksite;

e. The Teleworker has a history of reliability and responsibility in reporting to work on time and completing work assignments;

f. The Teleworker is self-directed and consistently demonstrates an ability to establish priorities and effectively manage his/her time;

g. Tasks requiring special equipment, resources, or in-person contact can be grouped and scheduled for non-telework days or accommodated through other means; and

h. Reference materials and resources located at the Central Worksite can be accessed from the Remote Work Location without interfering with co-worker's job performance.

E. Remote Work exception to the Telework policy: An employee's manager has the discretion to allow an employee to work from a Remote Work Location on an occasional basis.

1. Occasional Remote Work is defined as infrequent and not regularly scheduled brief periods of work from a Remote Work Location with no specific or implied expectation from an employee that he or she will be allowed to work from a Remote Work Location routinely. This is not considered or counted as a Regular or Partial Telework position.

2. All employees who occasionally work from a Remote Work Location must abide by the same requirements as employees who telework, including, but not limited to, the applicable conditions set forth in this policy concerning terms of employment, work schedule and accessibility, dependent care, liability, compliance, use of personal computer from the Remote Work Location, use of electronic mail with Protected Health Information (PHI), establishing a Remote Work Location, security of CalOptima assets, inspection, etc.

3. Furthermore, for departments which permit employees to work occasionally from a Remote Work Location, the employee must execute the CalOptima Occasional Off-site Work Agreement and submit the signed document to the Human Resources Department prior to being permitted to work from a Remote Work Location.

F. Terms of Employment

1. The conditions of employment, such as employee salary, benefits and employer-sponsored insurance coverage, will remain the same for an employee designated as a Teleworker as for non-telework employee.

2. CalOptima's policies, rules and practices are applicable to a Teleworker's Remote Work Location, including, but not limited to, confidentiality, internal communications, communications with the public, public records requests, employee rights and responsibilities, facilities and equipment management, financial management, information resource management, purchasing of property and services, unlawful harassment, drug and alcohol, and safety.

3. Telework is voluntary unless specifically stated as a condition of employment and may be terminated at any time by either the Teleworker or CalOptima, with or without cause.

4. Other than those additional duties and obligations expressly imposed on a Teleworker under this policy, the duties, obligations, responsibilities, and conditions of a Teleworker's employment with CalOptima shall remain unchanged.

5. Teleworkers residing outside the State of California shall be provided the same benefits (or similar benefits if the exact same benefit is unavailable) as Teleworkers residing in California unless the state the Teleworker resides in has a greater or more generous benefit, wherein, CalOptima will provide the greater or more generous benefit to the out-of-state Teleworker.

G. Regular and Partial Teleworker Selection

1. The employee's department manager, with final review and evaluation by HR, shall consider and ensure that the selected employee and their work responsibilities meet the following conditions:

a. The nature of the work and job responsibilities can be performed effectively away from the Central Worksite.

b. The Teleworker is trained in the use of equipment and software required for the employee to successfully function effectively and with the appropriate level of independence for the job duties.

c. The nature of resources and tools necessary for an employee's work assignments and job responsibilities can be accessed from the employee's Home Office location while ensuring confidentiality where necessary and compliance with all applicable laws, including, but not limited to the Health Insurance Portability and Accountability Act (HIPAA) regulations.

d. The nature of the work and the employee's job responsibilities do not require daily in-person contact with other employees or supervisors, and/or the employee and/or the employee's work does not require supervision that can only be accomplished at the Central Worksite.

e. The nature of the work while at the Remote Work Location is not dependent on accessing equipment, materials, files, etc., that are only available in the Central Worksite.

f. For Regular Teleworkers, except for the occasional need to come into the Central Worksite for in-person meetings, access to resources or other business-related needs, Regular Teleworkers will be able perform all the essential functions of the employee's job responsibilities remotely.

g. For Partial Teleworkers, the job responsibilities, work assignments, and essential functions of the job can effectively be allocated between non-teleworking days and teleworking days to maximize efficiency and resources.

2. To be eligible for telework, the following considerations will be evaluated:

a. Employee must be in good standing, without prior corrective action in the last twelve (12) months, not on a Performance Improvement Plan, and may be a full-time or part-time employee, and/or may be exempt (salaried) or non-exempt (hourly).

b. Employee must have completed a minimum of six (6) months continuous employment in the current position. Exceptions can be authorized by the Executive Director of Human Resources in the interest of business needs.

c. Based on business considerations and management discretion, for supervisor or manager positions below Director level:

i. If the employee's entire team is comprised of all Regular Teleworkers, the supervisor or manager may be eligible for Regular Telework;

ii. If the employee's team is comprised of Partial Teleworkers and/or Central Worksite employees, the supervisor or manager is not eligible for Regular Telework, but may be eligible for Partial Telework if subordinate employees do not need close in-person supervision that can only be provided at the Central Worksite. Supervisors and managers who are eligible for Partial Telework must ensure there is adequate on-site supervision of the work environment, which may require coordination of schedules between supervisors and managers within a department.

iii. If the employee's entire team works at the Central Worksite, the supervisor or manager is not eligible for telework.

d. Regular Telework is not available for Director level positions and above, unless the position is classified as a difficult to recruit and/or retain position, and the position is appropriate for telework as determined by the Executive Director of Human Resources, with the approval of the Chief Executive Officer.

e. Partial Telework is not available for Director level positions and above.

3. To be eligible to work from a Remote Work Location, the employee must obtain approval from the employee's supervisor/manager and director prior to submitting the request to HR. Employees are required to sign and submit the CalOptima Telework Agreement, along with all other required documentation, to the HR Department prior to being deployed.

H. Termination of Telework Arrangement

1. A Teleworker may elect, at any time, to move from working at a Remote Work Location to working at the Central Worksite, contingent on space availability.

a. The Teleworker must notify and discuss the change with his or her manager and receive approval.

b. The Teleworker's manager will notify HR of the request to terminate the telework arrangement.

2. A Teleworker's manager may change or end the teleworking arrangement at any time based on business needs, performance or productivity concerns, or changes in the Teleworker's eligibility to telework.

a. Requests to end the telework arrangement must go through the manager of the Teleworker and be approved by HR.

3. As needed, the Teleworker's manager, in collaboration with HR, may evaluate changes to a Teleworker's job responsibilities or work performance and determine if continued participation in the telework program or return to the Central Worksite is appropriate.

4. Unless later extended by subsequent Board of Director approval, the Partial Telework pilot program will terminate at the conclusion of twelve (12) months following the commencement of the Partial Telework work structure, or an earlier date at the discretion of the Chief Executive Officer.

I. Work Schedule and Accessibility

1. A Teleworker's work schedule, including days worked at the Central Worksite and days worked at the Remote Work Location, start and end times, breaks, overtime, and deviations from regular work hours must be established prior to the start of the work arrangement and must be mutually agreed to by the employee and supervisor to ensure the department has coverage during core business hours. Any deviations from the pre-established work schedule must be approved in advance by the Teleworker's supervisor.

a. A manager shall take into consideration the overall impact of a Teleworker assignment to the department's service delivery, employee productivity, fellow employees, employee morale, functional needs of the department, and/or the progress of individual or team assignments.

b. A manager shall also take into consideration the overall impact of the Teleworker's total time outside of the Central Worksite. Considerations include, but are not limited to meetings, consultations, presentations, and conferences.

c. CalOptima shall also give consideration to the overall effect of a Teleworker's and co-workers' schedules in maintaining adequate coverage during core business hours, as well as manager supervision and communication.

2. A Partial Teleworker's scheduled days at the Central Worksite will be recommended by the employee's supervisor and must be approved by Human Resources.

3. The number of hours normally scheduled to work by an employee shall not change because of telework.

4. Employees will not be eligible to participate in both the Regular or Partial Telework program and the 9/80 Work Schedule during the same period. Employees eligible for both may only request one alternative at a time.

5. Before working overtime, a non-exempt(hourly) Teleworker must receive his or her manager's written approval in advance.

6. An exempt (salaried) Teleworker who plans to deviate from the Teleworker's regular work hours, including working beyond normal working hours and making up time, shall obtain his or her supervisor's approval in advance, where feasible.

7. Non-exempt (hourly) Teleworkers will be required to complete their timecard electronically, consistent with employees at the Central Worksite.

8. Meal periods and breaks for a Teleworker will be consistent with those at the Central Worksite.

9. The Teleworker's manager should ensure that the Teleworker's schedule shall allow adequate time at the Central Worksite for meetings, access to facilities and supplies, and communication with other employees, providers, and/or members.

10. When Regular Teleworkers visit the Central Worksite, they must notify their direct supervisor or supervisor's designee of their presence in the office building, including their physical location and tentative length of stay, and they must reserve a hotel station, if a workspace is needed, and sign-in upon arrival when arriving in the main lobby.

11. When Partial Teleworkers visit the Central Worksite on their Remote Work Location day, they must notify their direct supervisor or supervisor's designee of their presence in the office building, including their physical location and tentative length of stay, and they must reserve a hotel station, if a workspace is needed, and sign-in upon arrival when arriving in the main lobby.

12. A Teleworker will attend job-related meetings, training sessions, and conferences as requested by the manager. In addition, management may request a Teleworker to attend "short notice" meetings or to come into the Central Worksite for other CalOptima business related purposes. A Teleworker's manager will use telephone conference calling whenever possible as an alternative to requesting attendance at short notice meetings.

13. As provided in CalOptima Policy GA.8059: Attendance and Timekeeping, for non-exempt (hourly) employees who work from a Remote Work Location (other than the Central Worksite),

commute time may be compensated and included as part of the workday only if all of the following apply:

a. On a day the employee is scheduled to telework, the employee is required to be onsite at the Central Worksite for meetings, training or other events as determined by the employee's leadership in the middle of the workday; and

b. The commute to or from the employee's Remote Work Location and CalOptima occurs in the middle of the non-exempt (hourly) employee's workday; and

c. The employee cannot work from the Central Worksite for the entire workday.

14. During telework hours, a Teleworker must maintain regular contact with the manager, supervisor and co-workers and be reachable via office telephone, mobile phone, facsimile, office communicator, and/or e-mail during agreed-upon work hours or specific core hours of accessibility. The manager and Teleworker will agree on how to handle telephone messages, including the feasibility of call forwarding and frequency of checking telephone messages.

15. If the Teleworker is not able to work at the Remote Location due an unforeseen problem such as a computer issue or internet outage, the Teleworker will immediately notify his or her manager as soon as possible. The manager may assign the Teleworker to other work, request the Employee report to the Central Worksite for the remainder of the day, or require that the Employee submit Paid Time Off (PTO) for time not worked.

16. If the Central Worksite is closed due to an emergency or inclement weather, a Teleworker's manager will contact the Teleworker as soon as possible. A Teleworker may continue to work at the Remote Work Location.

17. If there is an emergency at the Remote Work Location such as a power outage or fire evacuation order, a Teleworker will notify his or her manager as soon as possible. CalOptima may assign the Teleworker to the Central Worksite or the Teleworker may be required to use PTO for the remainder of the emergency.

18. Teleworkers should keep personal disruptions, such as non-business telephone calls and visitors, to a minimum and must obtain pre-approval from the supervisor for use of PTO to attend to personal matters during work hours.

J. Dependent Care

1. A Teleworker will not act as a primary caregiver for dependent(s) during the agreed upon telework hours. Dependents may be present in the home during telework hours if care for the dependent will not require the Teleworker's attention. A Teleworker must make arrangements for dependent care to ensure a productive work environment and permit concentration on performing work duties and responsibilities to the same extent as if he or she were performing work at the Central Worksite.

K. Deployment Preparation

1. Understanding the policies and procedures of telework is an important determinant of success in the telework program. All Teleworkers will complete mandatory pre-deployment documentation and telework orientation prior to final approval for telework deployment. Teleworkers may be required to complete additional educational or informational programs as deemed needed.

L. Telework Site/ Home Office

1. A Teleworker must maintain a suitable and secure designated workspace inside the Teleworker's residence that is clean, safe, and free from distractions.

    a. A Teleworker must set up a designated workspace as required by standards set by CalOptima Environmental Health and Safety (EH&S) prior to beginning the Telework assignment.

    b. Preferably, this workspace will be a separate room that is designated as a Home Office.

    c. The Home Office location and specified workstation must be in compliance with the EH&S standards and the safety requirements.

    d. The employee must maintain an appropriate level of internet connectivity and technological capability as required and defined in the CalOptima Telework Agreement.

    e. The employee must sign and submit the CalOptima Telework Agreement, along with all other required documentation to HR within the required period of time.

2. A Teleworker will not hold in-person business meetings with providers, Members, or professional colleagues at the Home Office.

3. CalOptima may send agents of the organization to assist with equipment set-up in the Home Office.

    a. CalOptima will provide advanced notice of any delivery.

    b. The Teleworker must allow access to the Home Office at the designated day and time.

4. CalOptima will provide a predefined basic set of equipment as required for the Teleworker to perform his or her work duties.

5. All equipment that is provided initially for use at the telework site will be documented in the Telework Equipment Release Agreement.

    a. The Information Systems (IS) Department will maintain a list of CalOptima's equipment and software that is located in the Home Office locations of Teleworkers.

6. If additional equipment or supplies are required related to Telework, the Teleworker must obtain prior approval for any additional costs.

    a. CalOptima will provide standard office supplies that can be picked-up from the Central Worksite (i.e., pens, paper, and pencils).

    b. CalOptima shall not reimburse out-of-pocket expenses for supplies normally available at the Central Worksite.

7. Prior to beginning the telework program, a Teleworker will provide documentation of the workspace, in the form of current photograph, and must submit such documentation to the EH&S and HR departments.

8. Teleworkers are advised to consult with an insurance agent and/or tax consultant for information regarding their Home Office site. Individual tax implications, auto and

homeowners' insurance, and incidental residential utility costs are the responsibility of the Teleworker. Expenses incurred because of working a telework schedule will not be reimbursed by CalOptima including, but not limited to, the following: costs associated with the use of telephone, internet connection, occupation of the Home Office, and Home Office furniture.

M. Teleworker Performance Management

1. The Teleworker's supervisor will provide the Teleworker with written performance expectations that are specific, measurable, and attainable and submit to HR for approval prior to the commencement of telework.

2. The supervisor and Teleworker will develop and agree upon the frequency of performance discussions.

3. The manager of the Teleworker shall:

   a. Monitor the Teleworker's productivity and performance consistently and as business needs require.

   b. Provide timely and specific feedback to the Teleworker on a regular basis.

   c. Plan for and use multiple channels to keep the Teleworker informed and current with departmental and CalOptima activities.

   d. Remove a Teleworker from the program if the employee does not or continues to not meet the set performance standards.

N. Program Reporting and Evaluation

1. Teleworkers agree to monthly reporting and analyses, at a minimum, relating to his or her performance in order to evaluate the effectiveness of the Teleworker and telework program at CalOptima.

2. Each manager of one or more Teleworkers shall be required to provide documentation of goals, performance standards, outcomes, and an indication that feedback on the Teleworker's performance was shared with Teleworker for each of the manager's Teleworkers to HR upon request.

O. Liability

1. A Teleworker is responsible for ensuring the safety of his or her Remote Work Location or alternative work environment.

2. A Teleworker will agree to a safety inspection and photographic documentation of the Telework Remote Work Location site to comply with workers' compensation liabilities, as well as comply with all items in the EH&S safety checklists.

3. Because liability may arise from hazards in the Remote Work Location that might cause serious harm or injury, CalOptima reserves the right to periodically inspect the Teleworker's Remote Work Location workspace. CalOptima will precede any such inspection by advanced notice and will schedule an appointment.

4. All ergonomic issues must be reported to the EH&S department. It is the responsibility of a Teleworker to notify EH&S early of any potential ergonomic issues in the Home Office workspace in the Remote Work Location.

5. CalOptima is not liable for any incident or accident that occurs outside of normal job-related activities or hours.

6. In the event of a job-related incident or accident during telework hours, a Teleworker must immediately report the incident to his or her manager.

    a. A Teleworker, manager, and CalOptima must follow the policies regarding the reporting of injuries for employees injured while at work or on duty.

7. CalOptima is not responsible for any injuries to family members, visitors, and others in a Teleworker's Remote Work Location workspace.

8. CalOptima is not responsible for any loss or damage to:

    a. A Teleworker's property;

    b. Personal property owned by a Teleworker or any of the Teleworker's family members; or

    c. Property of others in the custody of a Teleworker.

9. A Teleworker is responsible for contacting his or her insurance agent and a tax consultant and consulting local ordinances for information regarding Remote Work Location workplaces.

P. Compliance: Handling PHI from a Remote Work Location

1. The same precautions governing the treatment of PHI at the Central Worksite shall apply to the Remote Work Location. All Teleworkers and Occasional Remote Workers are expected to adhere to CalOptima's policies and practices governing the use of technology resources and confidentiality and security of CalOptima information handled in the course of employment.

2. A Teleworker shall not leave documents including, but not limited to (electronic and/or hard copies): assessment forms, prior authorization, or other data collection forms unattended in areas accessible by unauthorized persons.

    a. If PHI is being accessed by the Teleworker, when the Teleworker leaves the Remote Work Location or workspace, all paper PHI shall be stowed in a locked drawer designated for such storage. The Teleworker shall remain in possession of the key.

    b. Accessing secured and confidential information, such as PHI, from the Remote Work Location must not impact the integrity of the information in accordance with applicable privacy policies.

3. A Teleworker shall protect all documents that contain Member PHI from the view or access by unauthorized persons during transport to and from the Central Worksite using binders, folders, or other protective covers.

4. Any PHI documents or files used by a Teleworker at a Remote Work Location shall be transported back to the Central Worksite to be retained or disposed of in accordance with applicable document retention policies.

5. A Teleworker shall immediately report any security incidents or compromised PHI to the Office of Compliance, in accordance with CalOptima Policy HH.3020Δ: Reporting and Providing Notice of Security Incidents, Breaches of Unsecured PHI/PI or other Unauthorized Use or Disclosure of PHI/PI and contractual requirements, applicable federal and state statutes and regulations, and CalOptima policies. CalOptima employees shall not access or distribute PHI/Personal Information on or through personal devices nor use personal devices to access CalOptima business information, data, and/or confidential information of any sort.

Q. Use of Computer from Remote Work Location

1. CalOptima will provide a Teleworker with a CalOptima personal computer (PC) or, with the approval of IS Infrastructure Management and in certain circumstances, a laptop computer (laptop), and grant access to the CalOptima network.

2. A Teleworker shall adhere to the following information security procedures:

   a. Maintain the confidentiality of his or her user sign-on identification code and password;

   b. Keep the PC or laptop secure at all times;

   c. Log off the VPN network when the PC or laptop will be left inactive or unattended, including but not limited to, during breaks, lunch periods, and at the end of the workday;

   d. Ensure that passwords or operating instructions are not stored with the computer; and

   e. Ensure that any issues with CalOptima equipment or systems are referred to the Help Desk for assistance, and that no unauthorized persons, or organizations, provide technical support for any CalOptima equipment or systems.

3. A Teleworker shall report any security incidents to the CalOptima Help Desk including, but not limited to:

   a. Loss of a PC or laptop;

   b. Software irregularities indicating possible virus infection; and

   c. Access by unauthorized persons.

4. Failure to comply with the requirements listed above will result in the termination of the employee's telework arrangement and may also include corrective action up to and including termination of employment.

5. In the event of security or PHI incidents, Teleworkers are required to cooperate in internal investigations, and with outside investigators, law enforcement, and/or criminal and/or civil prosecution, when applicable.

R. Use of electronic mail with PHI

1. Internal e-mail: E-mail sent within the secure virtual private network (VPN) CalOptima system may contain PHI that is limited to the use and disclosure of the minimum necessary data to complete the required message.

2. External e-mail: E-mail that is sent external to CalOptima via the open internet shall not contain PHI unless the e-mail is encrypted using the required encryption system and the recipient is authorized to receive it.

S. Use of printer from Remote Work Location

1. Teleworkers are not allowed to print anything work related to a home printer. All printing should be done at the Central Worksite when the Teleworker comes into the Central Worksite On rare circumstances, HR, the Compliance Officer, and the Chief Security Officer may make an exception to allow for a Teleworker to receive a printer for use at home, but only if the employee is not dealing with any PHI.

T. Security of CalOptima Assets

1. The Teleworker must take reasonable precautions to secure and prevent damage to equipment provided and delivered to the Remote Location Worksite.

2. CalOptima's equipment must be used by the Teleworker only and may not be used by other guests or individuals for any reason.

3. If property of CalOptima is stolen or damaged in a Teleworker's home, CalOptima will repair or replace the property at CalOptima's expense, provided there is no contributory negligence on the part of the Teleworker.

4. Upon termination of employment or the telework arrangement, voluntary or otherwise, the employee shall return all CalOptima property to CalOptima.

5. CalOptima may pursue recovery from a Teleworker for CalOptima property that is:

   a. Not returned at the conclusion of employment; or

   b. Deliberately, or through negligence, damaged, destroyed, or lost while in the Teleworker's control.

6. In case of injury, theft, loss, or liability related to telework, a Teleworker must allow agents of the organization to investigate and/or inspect the telework site. CalOptima shall provide reasonable notice of inspection and/or investigation to the Teleworker.

U. Travel Reimbursement

1. CalOptima will not reimburse mileage for Teleworkers who come into the Central Worksite from a local Remote Worksite Location.

2. CalOptima will reimburse mileage when a Teleworker is required by management to drive into the Central Worksite only if the employee is required to travel two hundred fifty (250) or more miles one-way.

3. For off-site visits from the Teleworker's home, CalOptima shall base reimbursement for use of privately owned vehicles on actual mileage, to the nearest mile, less the number of miles required to drive from the Teleworker's residence to the Central Worksite, and back again, on a single day and in accordance with CalOptima GA.5004: Travel Policy.

4. Reimbursement shall be made at the mileage rate currently in effect for CalOptima, and in accordance with CalOptima GA.5004: Travel Policy. Different requirements for travel may apply to out-of-state Teleworkers, in which they should receive prior approval from their department executive before such travel arrangements are made.

V. Other Remote Work arrangements

1. In certain cases, arrangements other than those defined in this policy may be negotiated between CalOptima management, HR, and the Teleworker. All policy deviations must be approved by HR and the Teleworker's executive.

W. Failure to comply with the requirements of this Policy or follow CalOptima's policies, rules and procedures may result in termination of the employee's telework arrangement and/or corrective action, up to and including termination of the employee. Certain violations of this Policy, other applicable CalOptima policies, and/or state and federal laws may also result in criminal or civil prosecution, where applicable.

IX. GLOSSARY

Term	Definition
9/80 Work Schedule	The 9/80 alternate work schedule consists of eight (8) business days of nine (9) hours per day and one (1) business day of eight (8) hours, for a total of eighty (80) hours during two (2) consecutive workweeks. The eight (8) hour work day must be on the same day of the week as the employee's regularly scheduled day off. Therefore, under the 9/80 work schedule, one calendar week will consist of forty-four (44) hours (four (4) nine (9) hour days and one (1) eight (8) hour day) and the alternating calendar week will consist of thirty-six (36) hours (four (4) nine (9) hour days and one (1) day off). However, each workweek will only consist of forty (40) hours, in accordance with the 9/80 Federal Labor Standards Act (FLSA) Workweek.
Central Worksite	CalOptima's primary physical location of business applicable to the employee, which is either CalOptima's administration building at 505 City Parkway West or the PACE building.
Health Insurance Portability and Accountability Act (HIPAA)	The Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, was enacted on August 21, 1996. Sections 261 through 264 of HIPAA require the Secretary of the U.S. Department of Health and Human Services (HHS) to publicize standards for the electronic exchange, privacy and security of health information, and as subsequently amended.
Home Office	A designated workspace within the Teleworker's residence.
Occasional Remote Work	Remote work that is infrequent and not regularly scheduled for brief periods with no specific or implied expectation from an employee that he or she will be allowed to work from a Remote Work Location routinely. This is not considered or counted as a Regular or Partial Telework position
Partial Teleworker	An eligible employee who has a pre-established work schedule split between full days at the Central Worksite, and full days at the Remote Work Location, with three full (3) days per week scheduled at the Central Worksite. This is not considered or counted as a Regular Telework position.
Protected Health Information (PHI)	Has the meaning in 45 Code of Federal Regulations Section 160.103, including the following: individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium. This information identifies the individual or there is reasonable basis to believe the information can be used to identify the individual. The information was created or received by CalOptima or Business Associates and relates to: 1. The past, present, or future physical or mental health or condition of a Member; 2. The provision of health care to a Member; or 3. Past, present, or future Payment for the provision of health care to a Member.
Remote Work Location or Remote Worksite	The Employee's Home Office or designated pre-approved work location.
Regular Teleworker	An employee who meets CalOptima's Teleworker eligibility criteria and is approved to routinely work their entire regularly scheduled work hours from a Remote Work Location unless business needs require otherwise.

____CalOptima Telework~~ing~~ Agreement

Name	
Title:	
Department:	
Supervisor/Manager:	

Telework is a workplace arrangement in which eligible CalOptima employees work their entire or partial work schedule away from the central worksite at a remote work ~~Location~~location~~,~~ unless business needs require otherwise. Telework is ~~**not a universal employee benefit or entitlement**, but~~ an alternative method of meeting the work needs of the organization through an innovative and flexible work structure.

I, _____, ("Employee") and CalOptima. mutually agree that the Employee
Print Name
will begin a t~~T~~elework~~ing work~~ arrangement effective on _____ pursuant to this
Date
Agreement (the "Agreement").

1. **Participation:** Employee recognizes that telework~~ing~~ is voluntary and may be reassessed, modified, and may be terminated, by either the employee or CalOptima, with or without cause.

   Other than those duties and obligations expressly imposed on the employee under ~~Human Resource~~CalOptima ~~p~~Policy GA.8044: Telework Program and this A~~a~~greement, the duties, obligations, responsibilities and conditions of Employee's employment with CalOptima remain unchanged. ~~The employee's salary and benefits shall remain unchanged.~~

   The terms "remote work location" or "remote worksite~~place~~" shall mean the employee's residence. The term "central worksite" shall mean the employee's ~~CalOptima's~~ customary CalOptima work address.

2. **Description of the Remote Work Location:**

   a. Employee's regular ~~workplace~~ worksite is at CalOptima in Orange, California. CalOptima and Employee agree that Employee is permitted to work from the following remote work location:

   Employee's residence at _____
   Address City State Zip

   Phone number: _____ _____ _____
   Work Home Cell

3. **Work Schedule:**

   a. Regular Telework _____ Partial Telework _____ (check one)

   b. Employee's work schedule for telework will be:

Days of week Times

c. If Partial Teleworking is requested, Employee's regular work ~~schedule~~ location and work hours ~~for partial work~~ will be:

[Place **X** in appropriate location box for each day of the week]

	Monday	Tuesday	Wednesday	Thursday	Friday
Central Worksite					
Remote Work Location					

** A Partial Teleworker must have a pre-established work schedule of at least three (3) full days every week at the Central Worksite. A workday cannot be broken up with part of a day at the Central Worksite and part of the workday at the Remote Work Location.*

~~c. Days of week Times~~

d. Employee understands and agrees that Employee is expected to work the schedule and hours, and in the location specified above. Deviations from Employee's scheduled hours must be approved in advance by ~~discussed~~the ~~with~~ Employee's supervisor and recorded.

~~3.~~4. **Salary and Benefits**: Employee understands and agrees that this telewor~~king wor~~k arrangement does not affect the Employee's salary or benefits.

~~4.~~5. **Application of CalOptima Policies, Procedures and Rules:**

a. Employee understands and agrees that this telework work arrangement is subject to CalOptima's Telework Program ~~policy~~ Policy GA.8044: Telework Program, as modified from time to time.

b. Employee understands and agrees that the telework work arrangement is not intended to supersede or override CalOptima's policies, procedures, rules, or standards of conduct and the Employee agrees to adhere to all applicable CalOptima policies, procedures, rules, and standards of conduct.

~~b.~~c. Employee understands and agrees the same precautions governing the treatment of Protected Health Information (PHI), at the Central Worksite shall apply to the remote work location.

~~5.~~6. **Technological Capabilities:** Employee understands and agrees that the Employee is expected to maintain an appropriate level of connectivity and technological capability as required by CalOptima.

a. In particular, employee is required to:

1) Provide access to an adequate number of grounded power outlets near their work desk and the home internet equipment.

~~2) Provide or purchase a surge protector to guard against damage to equipment~~

~~3)~~2) Provide or purchase *cable internet connection with a minimum transfer speed of 4.5 Mbps download and 1 Mbps upload.

*Note: A wired connection is required. Wireless connection is not permitted.

Note: CalOptima's Information Systems (IS) department does not provide support for any home wireless setup or equipment and requires that there be a wired internet connection within 6 feet from the home internet modem/router to CalOptima's computer equipment.

b. CalOptima will provide equipment as required to be used for work purposes at the remote work location. The equipment may include:
   1) Computer
   2) Monitor(s)
   3) Speaker Bar
   4) Phone headset & enabler
   5) Keyboard & Mouse
   6) VGA Cable
   7) Other equipment as deemed necessary to support the Employee's daily work

~~6.~~7. **Safety and Security:** Employee understands and agrees that the Employee is expected to maintain an appropriate safe and secure remote work space within their residence. To enhance Employee well-being and efficiency, the Employee will apply ergonomically appropriate practices in their daily work. The Employee will:

a. Provide or purchase a desk meeting CalOptima requirements, i.e., at least ~~four (4) linear feet~~47 inches ~~in~~ width and at least 36 inches~~"~~ of clear leg room space. The desk must ~~that provides~~ provide adequate space for a PC or laptop, monitor(s), keyboard, mouse, and other work necessities; to perform all of the assigned duties.

b. The work desk will be placed within 6 feet of the home internet equipment.

c. *Provide or purchase storage with a locked drawer to use to secure Protected Health Information (PHI) related documents when not working or when leaving the remote work location or workspace. *Maybe optional if daily work does not deal with PHI or related materials

d. Provide or purchase a first aid kit and a 2A10BC fire extinguisher meeting CalOptima requirements.

e. Provide or purchase a smoke detector to be placed near the work area.

f. Provide or purchase adequate lights/lighting adequate for reading and completing work.

Exceptions: The space below is for documenting any circumstances unique to this telework~~ing~~ situation. "Unique circumstances" include any deviations from the above guidelines that are agreed upon by the teleworker, supervisor, and the Telework Program Coordinator in Human Resources.

Confirmation of Agreement

This Agreement is the entire agreement with respect to the subject-matter addressed herein. This Agreement takes precedence over any prior discussions Employee has had with any CalOptima personnel with respect to the topics addressed in this Agreement.

I understand that this Agreement does not create a contract for employment and does not otherwise change the terms and conditions of employment that apply to employees at CalOptima. I understand that at any time, with or without notice, CalOptima may terminate the Telework~~ing~~ Agreement.

I affirm by my signature below that I have read, understand and agree to comply with all of the work rules and policies described in this Agreement and Telework Program Policy. I further agree with the duties, responsibilities and conditions for telework at a remote work site as set forth by my supervisor,

including the condition that I am expected to accomplish the job tasks in accordance with the agreed upon schedule and performance standards.

CalOptima Telework Agreement

Name	
Title:	
Department:	
Supervisor/Manager:	

Telework is a workplace arrangement in which eligible CalOptima employees work their entire or partial work schedule away from the central worksite at a remote work location unless business needs require otherwise. Telework is an alternative method of meeting the work needs of the organization through an innovative and flexible work structure.

I, _____, ("Employee") and CalOptima. mutually agree that the Employee
Print Name
will begin a telework arrangement effective on _____ pursuant to this Agreement
Date
(the "Agreement").

1. **Participation:** Employee recognizes that telework is voluntary and may be reassessed, modified, and may be terminated, by either the employee or CalOptima, with or without cause.

   Other than those duties and obligations expressly imposed on the employee under CalOptima Policy GA.8044: Telework Program and this Agreement, the duties, obligations, responsibilities and conditions of Employee's employment with CalOptima remain unchanged.

   The terms "remote work location" or "remote worksite" shall mean the employee's residence. The term "central worksite" shall mean the employee's customary CalOptima work address.

2. **Description of the Remote Work Location:**

   a. Employee's regular worksite is at CalOptima in Orange, California. CalOptima and Employee agree that Employee is permitted to work from the following remote work location:

   Employee's residence at _____
   Address City State Zip

   Phone number: _____ _____ _____
   Work Home Cell

3. **Work Schedule:**

   a. Regular Telework _____ Partial Telework _____ (check one)

   b. Employee's work schedule for telework will be:

   _____ _____
   Days of week Times

c. If Partial Teleworking is requested, Employee's regular work location and work hours will be:

[Place **X** in appropriate location box for each day of the week]

	Monday	Tuesday	Wednesday	Thursday	Friday
Central Worksite					
Remote Work Location					

** A Partial Teleworker must have a pre-established work schedule of at least three (3) full days every week at the Central Worksite. A workday cannot be broken up with part of a day at the Central Worksite and part of the workday at the Remote Work Location.*

d. Employee understands and agrees that Employee is expected to work the schedule and hours, and in the location specified above. Deviations from Employee's scheduled hours must be approved in advance by the Employee's supervisor and recorded.

4. **Salary and Benefits**: Employee understands and agrees that this telework arrangement does not affect the Employee's salary or benefits.

5. **Application of CalOptima Policies, Procedures and Rules:**

a. Employee understands and agrees that this telework work arrangement is subject to CalOptima's Telework Program Policy GA.8044: Telework Program, as modified from time to time.

b. Employee understands and agrees that the telework work arrangement is not intended to supersede or override CalOptima's policies, procedures, rules, or standards of conduct and the Employee agrees to adhere to all applicable CalOptima policies, procedures, rules, and standards of conduct.

c. Employee understands and agrees the same precautions governing the treatment of Protected Health Information (PHI), at the Central Worksite shall apply to the remote work location.

6. **Technological Capabilities:** Employee understands and agrees that the Employee is expected to maintain an appropriate level of connectivity and technological capability as required by CalOptima.

a. In particular, employee is required to:

1) Provide access to an adequate number of grounded power outlets near their work desk and the home internet equipment.

2) Provide or purchase *cable internet connection with a minimum transfer speed of 4.5 Mbps download and 1 Mbps upload.

*Note: A wired connection is required. Wireless connection is not permitted.

Note: CalOptima's Information Systems (IS) department does not provide support for any home wireless setup or equipment and requires that there be a wired internet connection within 6 feet from the home internet modem/router to CalOptima's computer equipment.

b. CalOptima will provide equipment as required to be used for work purposes at the remote work location. The equipment may include:
   1) Computer
   2) Monitor(s)
   3) Speaker Bar
   4) Phone headset & enabler
   5) Keyboard & Mouse
   6) VGA Cable
   7) Other equipment as deemed necessary to support the Employee's daily work

7. **Safety and Security:** Employee understands and agrees that the Employee is expected to maintain an appropriate safe and secure remote work space within their residence. To enhance Employee well-being and efficiency, the Employee will apply ergonomically appropriate practices in their daily work. The Employee will:

   a. Provide or purchase a desk meeting CalOptima requirements, i.e., at least 47 inches in width and at least 36 inches of clear leg room space. The desk must provide adequate space for a PC or laptop, monitor(s), keyboard, mouse, and other work necessities; to perform all of the assigned duties.

   b. The work desk will be placed within 6 feet of the home internet equipment.

   c. *Provide or purchase storage with a locked drawer to use to secure Protected Health Information (PHI) related documents when not working or when leaving the remote work location or workspace. *Maybe optional if daily work does not deal with PHI or related materials

   d. Provide or purchase a first aid kit and a 2A10BC fire extinguisher meeting CalOptima requirements.

   e. Provide or purchase a smoke detector to be placed near the work area.

   f. Provide or purchase adequate lights/lighting adequate for reading and completing work.

Exceptions: The space below is for documenting any circumstances unique to this telework situation. "Unique circumstances" include any deviations from the above guidelines that are agreed upon by the teleworker, supervisor, and the Telework Program Coordinator in Human Resources.

Confirmation of Agreement

This Agreement is the entire agreement with respect to the subject-matter addressed herein. This Agreement takes precedence over any prior discussions Employee has had with any CalOptima personnel with respect to the topics addressed in this Agreement.

I understand that this Agreement does not create a contract for employment and does not otherwise change the terms and conditions of employment that apply to employees at CalOptima. I understand that at any time, with or without notice, CalOptima may terminate the Telework Agreement.

I affirm by my signature below that I have read, understand and agree to comply with all of the work rules and policies described in this Agreement and Telework Program Policy. I further agree with the duties, responsibilities and conditions for telework at a remote work site as set forth by my supervisor, including the condition that I am expected to accomplish the job tasks in accordance with the agreed upon schedule and performance standards.

CalOptima Occasional ~~Off-Site~~Remote Work

Name:	
Title:	
Department:	
Supervisor/Manager:	

CalOptima supports alternative work arrangements. One arrangement is an opportunity, when appropriate, for an employee to occasionally work off-site, away from the CalOptima central worksite. "Occasional" is defined as infrequent and not regularly scheduled, for brief periods with no specific or implied expectation from an employee that he or she will be allowed to work from a remote work location routinely. This is not considered or counted as a telework position. This privilege is voluntary and may be terminated at any time by the employee or manager. ~~This is not a universal employee benefit or entitlement, but rather a voluntary alternative method of meeting the work needs of the organization through a flexible work structure.~~

I_____, ("Employee") and CalOptima, mutually agree that the
Print Name

~~pursuant to this Occasional Off-site~~ E~~e~~mployee is eligible to work at a Remote Work Location~~,~~ occasionally, commencing on _____
Date

pursuant to this Occasional ~~Off-Site~~Remote Work Agreement (the "Agreement"). This arrangement is defined in CalOptima Policy~~,~~ GA.8044: Telework Program. ~~It states that, "~~An E~~e~~mployee's manager has the discretion to allow an E~~e~~mployee to work from a Remote Work Location on an occasional basis.~~When special circumstances require it, an employee's manager has the discretion to allow an employee to work from a Remote Work Location on an occasional basis."~~

~~"Occasional" is defined as average of one (1) day or less of remote work per week rare, infrequent and not regularly scheduled for brief periods (usually a day or part of a day, with no specific or implied expectation from an employee that he or she will be allowed to work from a Remote Work Location routinely. This is not considered or counted as a telework position. This privilege is voluntary and may be terminated at any time by the employee or manager.~~

Participation:

Employee recognizes that occasional off-site work is voluntary. ~~and at the Employee's discretion.~~ The occasional off-site work arrangement may be reassessed, modified and/or terminated by either the employee or CalOptima, with or without notice or cause.

Other than those duties and obligations expressly imposed on the employee under this Agreement, the duties obligations, responsibilities and conditions of e~~E~~mployee's employment with CalOptima remain unchanged. The employee's salary and benefits shall remain unchanged.

Definitions:

a. The terms and definitions in this Agreement shall have the same meaning as the terms and definitions contained in CalOptima Policy GA.8044: Telework Program.

Back to Item

Application of CalOptima Policies, Procedures and Rules:

a. Employee agrees to abide by the terms and requirements of CalOptima Policy GA.8044: Telework Program and all other applicable CalOptima policies, including, but not limited to, liability, compliance, use of personal computer from the Remote Work Location, use of electronic mail with PHI~~,~~ security of CalOptima assets, etc.

b. Employee understands and agrees that the occasional off-site work arrangement is not intended to supersede or override CalOptima's policies, procedures, rules or standards of conduct and the Employee agrees to adhere to all applicable CalOptima policies, procedures, rules and standards of conduct.

Technological Capabilities: When using CalOptima devices, the Employee understands and agrees that the Employee is expected to maintain an appropriate level of connectivity and technological capability as required by CalOptima.

Safety and Security: Employee understands and agrees that the Employee is expected to maintain an appropriate safe and secure Remote Work Location when working off-site. In the event employee is not working from a Home Office location, any alternative Remote Work Location must be pre-approved by Employee's supervisor.

Confirmation of Agreement:

This Agreement is the entire agreement with respect to the subject-matter addressed herein. This Agreement takes precedence over any prior discussions Employee has had with any CalOptima personnel with respect to the topics addressed in this Agreement.

I understand that this Agreement does not create a contract for employment and does not otherwise change the terms and conditions of my at-will employment that applies to employees at CalOptima. I understand that at any time, with or without notice, CalOptima may terminate the occasional off-site work agreement or occasional off-site work arrangement and/or my employment, with or without notice, and with or without cause. I understand that any violation of CalOptima's policies and procedures or any violations of state or federal law while working off-site may result in disciplinary action, up to and including termination, and/or civil or criminal prosecution.

I affirm by my signature below that I have read, understand and agree to comply with all of the work rules and policies described in this Agreement and Telework Program Policy. I further agree with the duties, responsibilities and conditions for occasional off-site work as set forth by my supervisor, including the condition that I am expected to accomplish the job tasks in accordance with the agreed upon schedule and performance standards.

CalOptima Temporary Telework Agreement

Name:	
Title:	
Department:	
Supervisor/Manager:	
Reason for Request:	☐ **Health conditions resulting in a higher risk** ☐ **Direct exposure to individual with COVID-19** ☐ **Suspected exposure to individual with COVID-19** ☐ **Caring for family member with COVID-19** ☐ **Quarantine order by government entity** ☐ **Minor illness or influence/cold-like illness** ☐ **Childcare as a result of school closure** ☐**Specify school district:** _____ ☐**School closure dates:** _____ ☐ **Travel to/from particular locations with known outbreaks** ☐ **Other: Please specify** _____
Temporary Telework Start Date:	
Anticipated Return Date:	

CalOptima recognizes the unique circumstances surrounding the current COVID-19 pandemic and would like to support alternative work arrangements, where feasible, to help protect CalOptima employees and prevent the further spread of the virus. A voluntary temporary telework arrangement is being made available as an alternative method of meeting the work needs of the organization through a flexible work structure for positions where the essential functions of the job can be performed off-site. This temporary telework agreement will commence once approved by the Human Resources Department, and the termination date will be evaluated weekly based on the conditions and circumstances surrounding COVID-19. You may need to take PTO or unpaid leave if you cannot come to the Office, but are either not yet approved for temporary telework or do not yet have the necessary equipment to perform the essential functions of your job position. Please maintain regular contact with your management regarding your attendance, and HR regarding protected leave and/or reasonable accommodations.

I _____, ("Employee") and CalOptima, mutually agree that the
Print Name

Employee is eligible to work at a Remote Work Location, on a temporary basis, commencing on the date approved by HR below pursuant to this Temporary Telework.
Work Agreement (the "Agreement"). This is not considered or counted as a permanent telework position and will only be granted for the amount of time necessary. This privilege is voluntary, temporary and may be terminated at any time by CalOptima, the employee or manager.

Participation:

CalOptima plays a vital role in the community as a resource for care, information, and support. Our focus is to enable our employees to manage the community response and to serve the needs of CalOptima members, while also taking care of our own employees. Employee recognizes that the temporary telework option is voluntary and at the Employee's discretion. This work arrangement may be reassessed, modified and/or terminated by either the employee or CalOptima, with or without notice or cause.

Other than those duties and obligations expressly imposed on the employee under this Agreement, the duties obligations, responsibilities and conditions of Employee's employment with CalOptima remain unchanged. The employee's salary and benefits shall remain unchanged.

Approval of the temporary telework arrangement will be made based on an evaluation of the appropriateness of your position to work from home, the resources available to enable you to work, business priorities, and staffing concerns. Business continuity for critical areas is our utmost priority to ensure CalOptima is providing excellent services to our members and responding in a timely manner to all inquiries and regulatory requirements.

Application of CalOptima Policies, Procedures and Rules:

a. Employee agrees to abide by the terms and requirements of CalOptima Policy GA. 8044: Telework Program and all other applicable CalOptima policies, including, but not limited to, liability, compliance, use of personal computer from the Remote Work Location, use of electronic mail with PHI-security of CalOptima assets, dependent care, etc.
b. Employee understands and agrees that the temporary telework arrangement is not intended to supersede or override CalOptima's policies, procedures, rules or standards of conduct and the Employee agrees to adhere to all applicable CalOptima policies, procedures, rules and standards of conduct.

Technological Capabilities: When using CalOptima devices, the Employee understands and agrees that the Employee is expected to maintain an appropriate level of connectivity and technological capability as required by CalOptima.

Safety and Security: Employee understands and agrees that the Employee is expected to maintain an appropriate safe and secure Remote Work Location when working off-site, with particular sensitivity to any protected health information in written or oral form. In the event employee is not working from a Home Office location, any alternative Remote Work Location must be pre-approved by Employee's supervisor.

Confirmation of Agreement:

This Agreement is the entire agreement with respect to the subject-matter addressed herein. This Agreement takes precedence over any prior discussions Employee has had with any CalOptima personnel with respect to the topics addressed in this Agreement.

I understand that any violation of CalOptima's policies and procedures or any violations of state or federal law while working off-site may result in disciplinary action, up to and including termination, and/or civil or criminal prosecution.

I affirm by my signature below that I have read, understand and agree to comply with all of the work rules and policies described in this Agreement and Telework Program Policy. I further agree with the duties, responsibilities and conditions for temporary telework as set forth by my supervisor, including the condition that I am expected to accomplish the job tasks in accordance with the agreed upon schedule and performance standards.

CalOptima may terminate this agreement at any time, with or without notice.

Telework Home Office Safety Checklist
Review

Name:		**Title:**	
Department:		**Supervisor:**	
Deployment Date:		**Completion Date:**	

The following **safety review** checklist must be completed for any in-home telework site upon request. All items must be evaluated by the employee as being satisfactory (Yes), in order to continue to participate in the Telework Program. Items on the list shall be installed and maintained in accordance with the CalOptima Telework Program Policy.

I. Electrical	**Yes**	**No**
A. All electrical outlets in the work area are permanent in nature and properly grounded. (Test outlets by using a Surge Protector with a "Grounded" light. If green light is illuminated the outlet is properly grounded)	○	○
B. There are an adequate number of electrical outlets to support equipment in the work area.	○	○
C. Electrical cords are not frayed or otherwise damaged.	○	○
D. Extension cords are not being used as a permanent source of electricity.	○	○
E. Electrical equipment and tools are properly maintained.	○	○
F. Computers, peripheral equipment, and fax machines are connected to surge protectors to guard against damage from power surges.	○	○

II. Fire Protection	**Yes**	**No**
A. Smoke Detector		
1. There is a smoke detector placed in a location near the work area and any equipment used to support teleworking.	○	○
2. Underwriter's Laboratory (UL) and/or the State Fire Marshal approve the smoke detector, and it has a function test mechanism.	○	○
3. Smoke detector(s) have been tested at the time of installation and will continue to be tested on a monthly basis.	○	○
B. Fire Extinguisher		
1. There is a 2A10BC fire extinguisher located on site. (No single fire extinguisher is effective for ALL types of fires. This recommended extinguisher is suitable for home use and your home office.)	○	○

B. Fire Extinguisher (cont.)

2. The fire extinguisher is fully charged.	☐	☐
3. The fire extinguisher is within 10 feet of the electronic teleworking equipment and easily accessible to the teleworker.	☐	☐

III. Emergency Procedures	**Yes**	**No**
A. There is an evacuation plan. (http://www.redcross.org/prepare/location/home-family/plan)	☐	☐
B. There is more than one way out of the work area (e.g., doors/ windows).	☐	☐
C. A first aid kit is on site.	☐	☐

IV. Environment	**Yes**	**No**
A. The work area is free of tripping hazards and is uncluttered.	☐	☐
B. All company assets including, but not limited to, computers, phones as well as any other allocated property is secure, adequately supported and free from the danger of falling and is kept in a clean environment free of debris and other items/entities that may cause harm.	☐	☐
C. The work area has adequate lighting. (Enough lighting so you can easily read printed, handwritten or displayed material but are not inhibited by too much light or glare)	☐	☐
D. Potentially hazardous chemicals are not stored in, or around, the work area.	☐	☐

V. Work Station Arrangement		
A. Positioning When Seated	**Yes**	**No**
1. Are your forearms and wrists parallel to the floor and upper arms resting at your sides when positioned at the keyboard or work surface?	☐	☐
2. Are your thighs parallel to the floor?	☐	☐
3. Are your feet supported?	☐	☐
4. Is there at least 2 inches of clearance between your thighs and the working surface?	☐	☐
5. Is there space, approximately the size of a fist, between the edge of the seatpan and the back of your knees?	☐	☐
6. Is the top of the monitor at a comfortable height *(i.e. no tilting of the head back or downward)*?	☐	☐
7. Is the monitor screen at a comfortable distance from your eyes when in use *(i.e. you don't have to lean forward or backward to see the text on the screen)*?	☐	☐
8. Does your head and neck rest in a neutral position *(i.e. facing forward, chin slightly down, shoulders relaxed)*?	☐	☐

Telework Home Office Safety Checklist
Review

B. Chair Adjustment	Yes	No
1. Is the height of the chair adjusted to allow you to sit in a neutral position (see your safety officer for a definition of this position)?	○	○
2. Is the backrest of your chair supporting the curve of your lower back so that your spine is slightly arched?	○	○
C. Foot Support	**Yes**	**No**
1. Are your feet comfortably on the floor or a footrest?	○	○
2. If a footrest is used, does it allow you to sit in a correct neutral position at your work station? (skip to D if a footrest is not used)	○	○
3. Is the footrest non-restrictive to allow for leg movement and easily removable?	○	○
D. Video Display Terminal (VDT) Screen/ Monitor	**Yes**	**No**
1. Is your monitor placed to avoid glare caused by light sources?	○	○
2. Is your screen angle and/or brightness and contrast controls adjusted to reduce glare?	○	○
3. Is your screen clean and free from dust and smudges?	○	○

5. Are most of your reaching motions below shoulder height and/or above knee height?	○	○

Caution: “No” responses to any questions may indicate a potential problem with your in-home workspace arrangement and may prevent continued participation in the Telework Program.

VI. Acknowledgement

CalOptima is ultimately responsible for ensuring that employees have a safe work environment under Cal-OSHA (C.L.C. Section 6401.7(a)2), In addition to the initial and annual employee review of the checklist, CalOptima may require an on-site safety inspection of a teleworker's home office space. When warranted, CalOptima will provide 48-hour notice to the employee except in the case of an emergency.

A home office safety review will be required on an annual basis.

By printing my name below, I confirm that my home office meets all the above requirements in the Home Safety Checklist.

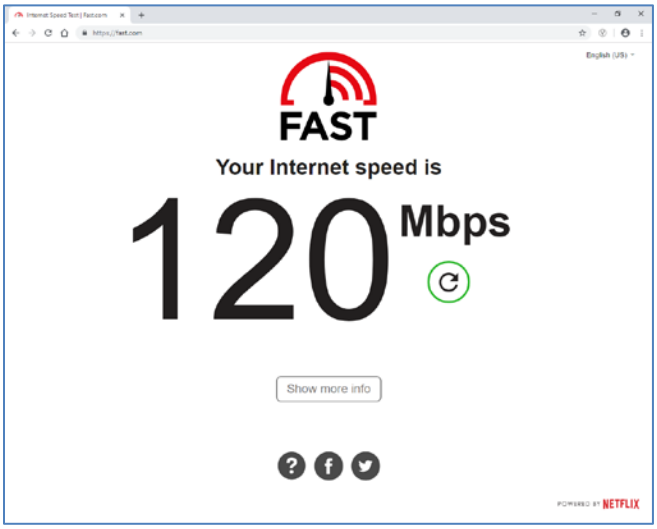
Testing Your Internet Speed

Multiple speed test sites are available for performing home Internet speed testing.

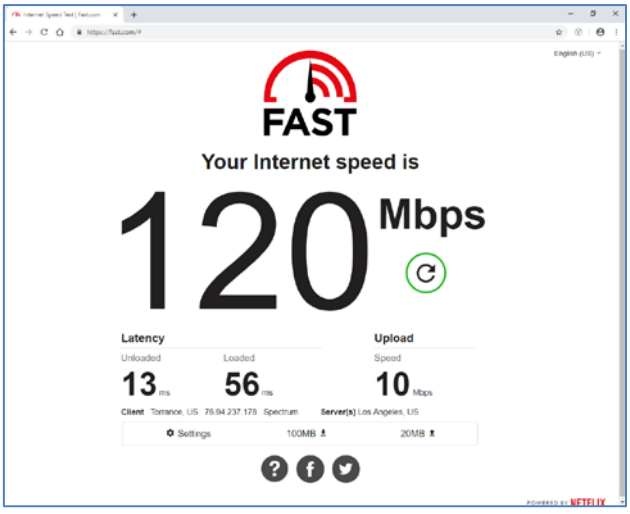
<u>Only one speed test is required. Select from any the below sites to perform the test</u>.

SPEED TEST SITE #1

Open your internet browser and go to: www.fast.com



Give it a minute to run. Once the download speed is shown, select **Show more info**.



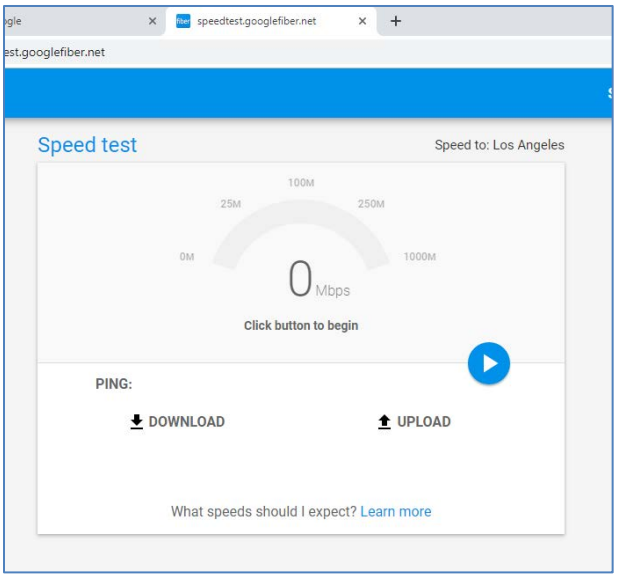
From your keyboard, perform a screen print of the speed test results by depressing the **Prt Scn** or **Ctrl** and **PrtScr** keys.

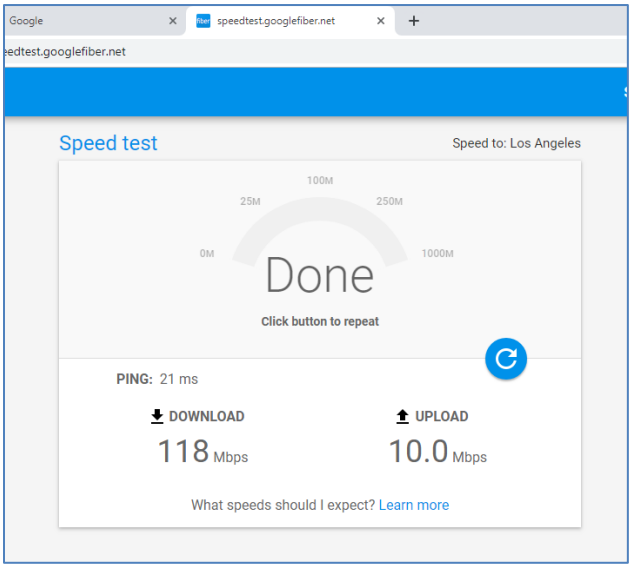
Paste the results image on this document cover page or in a Word document and send it to the Telework Program Coordinator in Human Resources.

SPEED TEST SITE #2

Open your internet browser and go to: http://speedtest.googlefiber.net/

Click the **play** button to start the test and give it a minute to run.



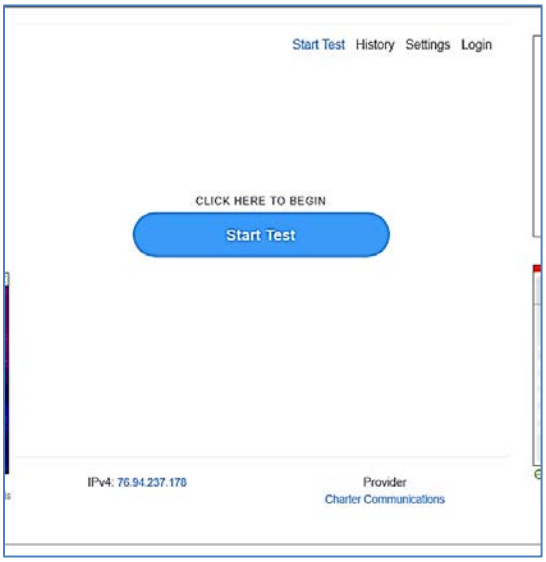


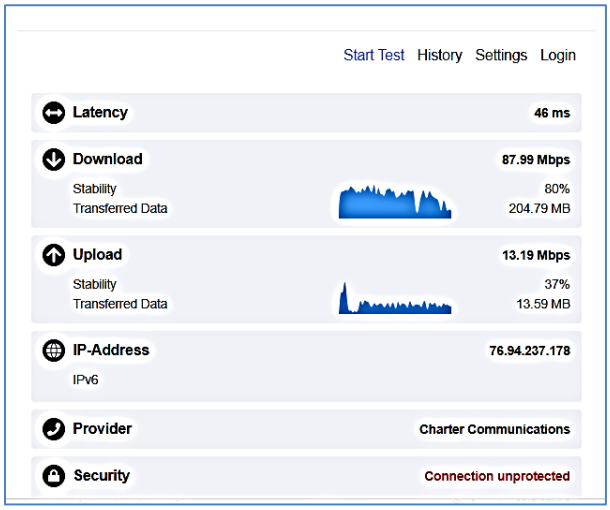
From your keyboard, perform a screen print of the speed test results by depressing the **Prt Scn** or **Ctrl** and **PrtScr** keys. Paste the results image on this document cover page or in a Word document and send it to the Telework Program Coordinator in Human Resources.

SPEED TEST SITE #3

Open your internet browser and go to: www.speedcheck.org

Click the **Start Test** button to start the test and give it a minute to run.



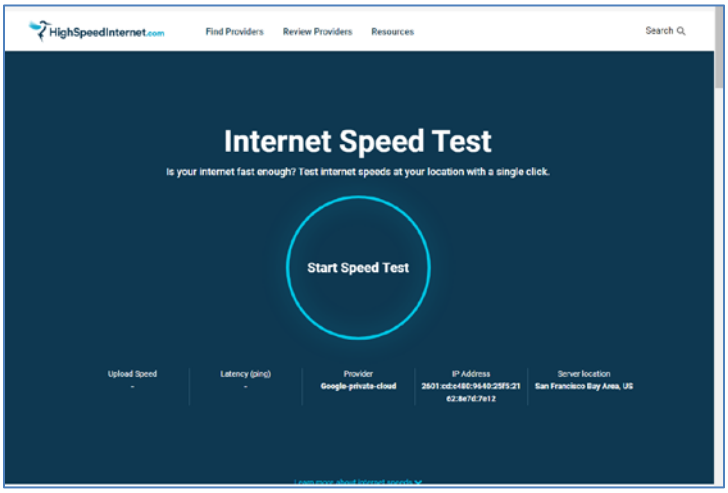


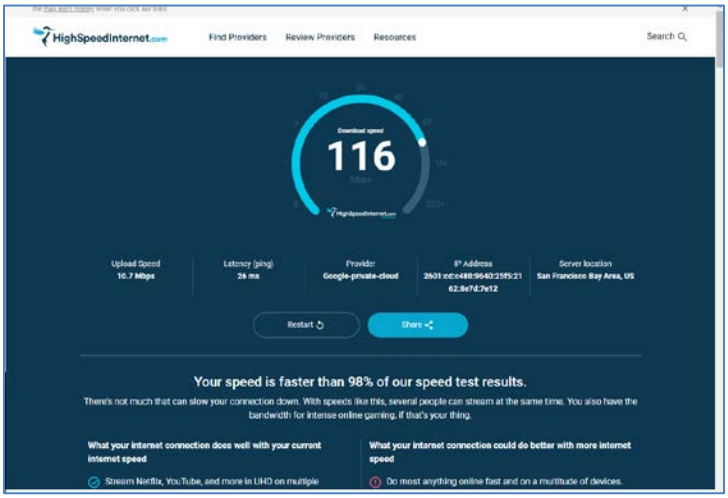
From your keyboard, perform a screen print of the speed test results by depressing the **Prt Scn** or **Ctrl** and **PrtScr** keys. Paste the results image on this document cover page or in a Word document and send it to the Telework Program Coordinator in Human Resources.

SPEED TEST SITE #4

Open your internet browser and go to: www.highspeedinternet.com/tools/speed-test

Click the **Start Speed Test** button to start the test and give it a minute to run.





From your keyboard, perform a screen print of the speed test results by depressing the **Prt Scn** or **Ctrl** and **PrtScr** keys. Paste the results image on this document cover page or in a Word document and send it to the Telework Program Coordinator in Human Resources.

Teleworker Performance Monitoring

The supervisor of each telework participant retains responsibility for the daily supervision and management of the Teleworker and his/her productivity and performance. The supervisor and Teleworker will discuss goals and performance guidelines, as well as the frequency of performance discussions. Best practices for the supervisor of a Teleworker include:

- Define and agree upon work performance standards and goals that are measurable and methods to monitor performance.
- Establish and discuss processes to oversee and support the Teleworker's job performance.
- Monitor work and productivity daily.
- Regularly produce and review performance using a monitoring tool with standards.
- Provide specific performance feedback, both positive and corrective, on a regular basis.

As outlined in CalOptima's Telework Program policy, each supervisor of one or more Teleworkers will provide documentation of goals, performance standards and outcomes for their Teleworkers to Human Resources upon request. The use of a standardized report template is encouraged.

A performance monitoring report tool for a Teleworker contains at a minimum:

- *Employee Name*
- *Report Period*
- *Measure of*: (1 or more)
  - *Quality* (Effectiveness) – degree or grade of excellence; degree to which objectives are achieved; ability to produce desired result
  - *Productivity* (Efficiency) – the rate at which items are produced or work is completed; ability to produce work product without wasting materials, time or resources
  - *Timeliness* – work produced on time according to agreed-upon deliverable time frame
- *Indication of Measurement Standards* – defined criteria to meet a set level of performance; establishes expectations between supervisor and Teleworker
- *Notation with a date indicting the measures and outcomes were shared with Teleworker* (minimum once per month)

Guide to Completing the Report Template

The following is a guide to using the standardized performance report template.

Include:

- Employee Name
- Reviewer Name
- Report Period (review dates - week, month or quarter)
- ELEMENT (1 or more)
  - An activity or key component of work to be monitored
- GENERAL MEASURE
  - The attribute of the element to be measured
    - ✓ *Quality* (Effectiveness) – degree or grade of excellence; degree to which objectives are achieved; ability to produce desired result
    - ✓ *Productivity* (Efficiency) – the rate at which items are produced or work is completed; ability to produce work product without wasting materials, time or resources
    - ✓ *Timeliness* – work produced on time according to agreed-upon deliverable schedule
- SPECIFIC MEASURES
  - The goal or level of accomplishment for each element
- STANDARDS
  - The specific criteria or outcomes that meet a set level of performance
    - ✓ *Expectations Not Met*
    - ✓ *Expectations Met*
    - ✓ *Expectations Exceeded*
- FEEDBACK SOURCE
  - The reports or tools used to collect data on performance
- TELEWORKER PERFORMANCE RESULTS/FEEDBACK
  - Analysis of output or indicators of accomplishments; statements regarding performance of an element; maybe used as a basis for improvement
- REVIEW DATE BOX
  - Area with date indicating data shared with and acknowledged by Teleworker

Date Reviewed: _____
Manager: _____
Employee: _____

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Report Item
26. Consider Authorizing Lease Extension Agreement for the Real Property Located at 13300 Garden Grove Boulevard, Garden Grove, California

Contact
Nancy Huang, Chief Financial Officer, (657) 235-6935

Recommended Actions
Authorize the Chief Executive Officer (CEO), with the assistance of Legal Counsel, to enter into a Lease Extension Agreement for the real property located at 13300 Garden Grove Boulevard, Garden Grove, California to extend its term for ten (10) additional years, through December 31, 2031.

Background
On February 3, 2011, the Board of Directors (Board) authorized the CEO to enter into a Lease, consistent with the terms of the Letter of Intent (LOI) that was subsequently executed on February 17, 2011, for the real property located at 13300 Garden Grove Boulevard, Garden Grove, California. The property is the location of the CalOptima PACE Center and is approximately 23,650 square feet. The current expiration date of the lease agreement is December 31, 2021.

The Board met with real estate consultants, Newmark Knight Frank to consider price and terms for a lease agreement covering the referenced property at its November 19, 2020, and December 3, 2020, meetings. Subsequently, at the Board's Finance and Audit Committee meeting on February 18, 2021, and at the Board's March 4, 2021, meetings, it had further discussions on price and terms of payment with Newmark Knight Frank.

Discussion
Based on Board discussions and negotiations with the landlord, the following Lease Extension Agreement terms are proposed:

- A 10-year extension, effective January 1, 2022, through December 31, 2031, with an option to terminate the agreement after 60 months, at CalOptima's sole discretion with an early termination fee totaling $449,091;
- Rent per square foot up to $2.30 per square foot for the initial extension year, and a three percent (3%) increase each year thereafter;
- A $354,750 tenant improvement credit over a 60-month period; and
- A 5-year extension option at the conclusion of the extension period.

Fiscal Impact
The proposed CalOptima Fiscal Year (FY) 2021-22 Operating Budget pending Board approval incorporated funding for the PACE Center Lease Extension Agreement of approximately $610,000. Management will include expenses related to the recommended lease extension for the periods of July 1, 2022, through December 31, 2031, in future operating budgets.

Back to Agenda
Back to Agenda

Rationale for Recommendation

The recommendation will allow CalOptima to continue operations of the PACE Center at 13300 Garden Grove Boulevard without disruption of services to members.

Concurrence

Gary Crockett, Chief Counsel

LEASE EXTENSION AGREEMENT

This LEASE EXTENSION AGREEMENT ("Agreement") is made and entered into as of the 24th day of May, 2021, by and between Young S. Kim and Soon Y. Kim, as joint tenants (collectively, "Landlord"), and Orange County Health Authority, a public agency doing business as CalOptima ("Tenant").

RECITALS

A. Landlord and Tenant are parties to a certain Single Tenant Triple Net Lease dated April 27, 2011 (the "Lease") concerning 13300 Garden Grove Blvd, Garden Grove, California, as shown in Exhibit A of the Lease and all other improvements thereon (the "Premises"); and

B. Except as expressly set forth in this Agreement, Landlord and Tenant hereby acknowledge, confirm and reaffirm any and all terms and conditions of the Lease, including without limitation, the term thereof and the rent payable thereunder; and

C. Pursuant to Section 2 of the Lease entitled Term and Basic Lease Information, the Primary Term of the Lease is ten (10) years, which will end on December 31, 2021; and

D. Pursuant to Section 33 of the Lease entitled Options to Extend, Landlord granted to Tenant the option to extend the Lease for two (2) periods of five (5) years each, commencing on January 1, 2022 (Commencement Date); and

E. Notwithstanding Section 33 providing for two (2) five (5) year options to extend the Lease, Tenant desires to extend the Lease for a period of ten (10) years (Extended Term), but reserves the right to terminate the Lease after sixty (60) months

Back to Item

Back to Agenda

from the Commencement Date of the Extended Term as hereinafter set forth; and

F. Tenant properly and timely exercised its option to extend the Lease, and Landlord and Tenant have agreed to the terms and conditions of the Extended Term as set forth herein.

NOW THEREFORE, in consideration of the mutual covenants and promises contained herein, and pursuant to Section 33 of the Lease, Landlord and Tenant now wish to extend the Lease and adjust the monthly rental payable thereunder as follows:

1. The term of the Lease is hereby extended for one hundred and twenty (120) months commencing on January 1, 2022 and terminating on December 31, 2032, unless earlier terminated or extended as set forth herein or otherwise provided in the Lease.

2. Commencing January 1, 2022 and continuing until December 31, 2022, the monthly rental shall be $2.30 per rental square foot on a triple net basis in accordance with the Lease. Each year thereafter, commencing on January 1st and ending on December 31st, the monthly rental shall increase by three percent (3%) over the year just ended.

3. Tenant shall continue to be responsible for Operating Expenses, Real Estate Taxes and other Occupancy Costs in connection with this Agreement in accordance with the terms of the Lease.

4. Landlord shall provide an allowance for Tenant Improvements ("Tenant Improvement Allowance") in connection with this Agreement in the amount of Fifteen Dollars ($15.00) per rentable square foot. The Tenant Improvement Allowance shall be paid by Landlord by way of credits against the monthly rent otherwise payable by Tenant

Back to Item

Back to Agenda

over the first sixty (60) months of the extended term in sixty (60) equal installments. Based on the foregoing, the total Tenant Improvement Allowance of Three Hundred Fifty-Four Thousand, Seven Hundred Fifty Dollars ($354,750) shall be paid by Landlord to Tenant by sixty (60) equal monthly credits of Five Thousand Nine Hundred Twelve and 50/100s Dollars ($5,912.50) against Tenant's monthly rent obligation. Tenant shall be responsible for the construction of all tenant improvements, which construction shall be subject to Landlord's reasonable approval in accordance with the Lease. However, in accordance with Section 7. a. of the Lease, Landlord shall not be entitled to any overhead or supervision fee in connection with the approval or construction of the tenant improvements.

5. In addition to the provision of Section 32.b. of the Lease, Tenant shall have a one-time right to terminate the Lease and this Agreement ("Early Termination Right") upon the giving of written termination notice ("Termination Notice") to Landlord. Said Early Termination Right shall become effective upon the commencement of the sixty-first (61st) month of this Agreement ("Early Termination Date"). To be effective, Tenant must: (i) give the Landlord the Tenant's Termination Notice no less than twelve (12) months prior to the Early Termination Date; and (ii) pay a fee in the amount of Four Hundred Forty-Nine Thousand and Ninety and 72/100 Dollars ($449,090.72) ("Termination Fee") on or before the Early Termination Date. The failure of Tenant to either (i) give timely written Termination Notice or (ii) pay Landlord the Termination Fee in full on or before the Early Termination Date shall render the Early Termination Right

Back to Item

Back to Agenda

null and void.

6. Tenant shall have one (1) option to extend the term of this Agreement for a period of sixty (60) months ("Extension Option"). If Tenant elects to exercise its Extension Option, Tenant shall give written notice ("Exercise of Extension Option") to Landlord not more than two hundred seventy (270) days nor less than one hundred eighty (180) days prior to the expiration of this Agreement. Should Tenant elect to exercise its Extension Option, the rent payable during the extended sixty (60) month term shall be set in accordance with the provisions of Section 33. e. of the Lease.

7. All brokerage commissions payable in connection with this Agreement shall be paid by Landlord and shall be paid pursuant to a separate Lease Commission Agreement between Landlord and Newmark of Southern California, Inc. ("Broker").

8. Except as set forth in Paragraphs 1 through 8, above, all other terms and conditions of the Lease shall remain unmodified and in full force and effect.

9. Each individual executing this Agreement warrants that he/she has full authority to execute this Agreement on behalf of the parties upon whose behalf he/she so signs and that this representation is an essential and material provision hereof and shall survive the execution hereof.

10. This Lease Extension may be executed in counterpart and each such counterpart shall be deemed an original instrument.

IN WITNESS HEREOF, Landlord and Tenant have executed this Lease Extension on the date set forth below.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Report Item
27. Election of Officers of the Board of Directors for Fiscal Year 2021-22

Contact
Richard Sanchez, Chief Executive Officer, (657) 900-1481

Recommended Action
Elect Board Chair and Vice Chair for terms effective July 1, 2021 through June 30, 2022, or until the election of a successor(s), unless the Board Chair or Vice Chair shall sooner resign or be removed from office.

Background/Discussion
In accordance with Article VIII, Section 8.1 of CalOptima's Bylaws, the Board shall elect one of its Directors as Chair at an organizational meeting. The Chair shall be the principal officer of the Board and shall preside at all meetings of the Board, shall appoint all members of the Ad Hoc Committees, as well as the chair of the Ad Hoc Committees and all Committees other than the Member and Provider Advisory Committees. The Chair shall perform all duties incident to the office and such other duties as may be prescribed by the Board from time to time.

Section 8.2 of the CalOptima Bylaws states that the Board shall elect one of its Directors to serve as Vice Chair at an organizational meeting. The Vice Chair shall perform the duties of the Chair if the Chair is absent from the meeting or is otherwise unable to act.

The Chair and Vice Chair terms shall commence on the first day of the month after the organizational meeting at which they are elected to their respective positions.

Fiscal Impact
There is no fiscal impact.

Rationale for Recommendation
The recommended actions are in accordance with Article VIII of the CalOptima Bylaws.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 3, 2021
Regular Meeting of the CalOptima Board of Directors

Report Item
28. Consider Approval of Modifications to CalOptima Medical Affairs Policies: GG.1102, GG.1301, and GG.1313

Contacts
Emily Fonda, M.D., Chief Medical Officer, (714) 246-8887
Tracy Hitzeman, R.N., Executive Director, Clinical Operations, (714) 246-8549

Recommended Actions
Approve recommended modifications to the following existing medical policies and procedures in connection with CalOptima's regular review process and consistent with regulatory requirements, as follows:

1. Policy GG.1102: Experimental and Investigational Service Coverage
2. Policy GG.1301: Comprehensive Case Management Process
3. Policy GG.1313: Coordination of Care for Transplant Members

Background/ Discussion
CalOptima regularly reviews its policies and procedures to ensure they are up to date and aligned with federal and state health care program requirements, contractual obligations, and laws, as well as CalOptima operations.

Below is a description of the impacted policies, followed by a list of substantive changes to each policy, which are reflected in the attached redline. The list does not include non-substantive changes that may also be reflected in the redline (i.e., formatting, spelling, punctuation, capitalization, minor clarifying language and/or grammatical changes).

1. **Policy GG. 1102: Experimental and Investigational Service Coverage** defines benefit coverage for Experimental and Investigational Services under the CalOptima program. ***Experimental Services*** are drugs, equipment, procedures, or services that are undergoing laboratory or animal studies before testing in humans. ***Investigational Services*** are drugs, equipment, procedures, or services for which laboratory and animal studies have been completed, and for which human studies are in progress but not yet complete. The effectiveness and safety of these services in human subjects have not yet been established, and it is not generally accepted by the medical community in the United States nor is it in widespread general medical usage in the United States. Investigational Services are covered only under certain circumstances, and when authorization is given before the services are delivered.

Policy Section	Proposed Change	Rationale	Impact
II.A	Included language that the policy applies to Members in CalOptima's Whole Child Model.	WCM Members are covered by this policy.	No change from how these services were handled before WCM.

Back to Agenda

Policy Section	Proposed Change	Rationale	Impact
II.B.1.e	Added that an Investigational Service must be the lowest cost item that meets the Member's medical needs, and is less costly than all conventional alternatives.	Per CCS Numbered Letter (NL) 05-1020: CCS & GHPP Policy on Coverage of Experimental and Investigational Services	Aligns the Policy with Classic CCS guidelines for coverage of Investigational Services.
IX	Updated glossary terms, including: Durable Medical Equipment, Medically Necessary or Medical Necessity and Prior Authorization	Ensures all standard glossary terms are consistent across CalOptima Policies.	

2. **Policy GG.1301: Comprehensive Case Management Process** defines the guidelines for Case Management of Members enrolled in the Medi-Cal program, by CalOptima or a Health Network.

Policy Section	Proposed Change	Rationale	Impact
II.C and III.G-H	Language added describing assessment and evaluation for a Member in Complex Case Management, including Social Determinants of Health, functional capacity, and includes analyzing the information for meaning for integration into the Individual Care Plan.	Updates to NCQA Standards, reflecting the increasing focus on Social Determinants of Health and the importance of drawing a conclusion about the impact of various elements at the time of Member assessment.	CalOptima and our Health Networks have received training and education on revisions to NCQA Standards and implemented modifications to medical management systems to support the revised requirements.
II.E	Added language including Whole Child Model Members and references to CalOptima Policy GG.1330 Case Management - California Children's Services Whole-Child Model.	WCM Members may receive Complex Case Management in accordance with this policy. CalOptima Policy GG.1330 Case Management - California Children's Services Whole-Child Model describes how case management is provided to WCM Members.	Aligns the Policy with Whole Child Model requirements.

Back to Agenda

Policy Section	Proposed Change	Rationale	Impact
II.F	Included Members enrolled in the Health Homes Program and added reference to CalOptima Policy GG.1331: Health homes Program (HHP) Services and Care Management.	CalOptima implemented the Health Homes Program January 1, 2020.	Aligns the Policy with the Health Homes Program.
II.G, III.E.11	Added language referring to providing Case Management for Members approved for Private Duty Nursing Services and reference to CalOptima Policy GG.1352: Private Duty Nursing Care Management.	New responsibilities were established by DHCS for care coordination of Members receiving Private Duty Nursing	Aligns the Policy with DHCS Private Duty Nursing requirements. CalOptima and Health Network staff have been educated and trained on the new care coordination requirements for PDN.
III.D.8	Added information on how a Member may be referred to or request Case Management Services.	Provided more information to Providers and Members about how to receive Case Management Services.	
III.F.2.b-c	Revised timeframe for completion of the initial Member assessment and Care Plan development to thirty calendar days after the initial referral and the initial assessment, respectively.	Per NCQA 2021 Standards	Allows more time for a Case Manager working with a Member and their Providers, to complete an initial assessment and a Care Plan.

3. **Policy GG.1313: Coordination of Care for Transplant Members** defines the Case Management guidelines for coordination of care by CalOptima and a Health Network for a Medi-Cal member who is a candidate for Bone Marrow Transplant (BMT) or a Solid Organ Transplant. CalOptima Members who are potential candidates for transplant, except for Kaiser Members, receive case management services directly related to transplant referral and evaluation by CalOptima Case Managers. Case management for all the Member's other services remain the responsibility of the Member's Health Network. When a Member is approved (BMT) or listed (Solid-Organ Transplant), all Case Management services are then provided by CalOptima Case

Managers. Kaiser retains responsibility for Case Management services to its Members, including Case Management services during any phase of the transplant process.

Policy Section	Proposed Change	Rationale	Impact
III.A.2.b	Revised timeframe for urgent authorization processing	Correction to policy	None. Aligns with current operations.
III.A.2.d	Removed limit on time for evaluation by the Transplant Center	No regulatory requirement, is subject to a member's individual medical condition.	Aligns with current operations.
III.B.2.b	Removed outdated language that requires Kaiser to send requests to CalOptima for review of Kaiser's decisions regarding authorization of Transplant services in any phase.	No longer applicable	None. Aligns with current operations.
IX	Update glossary terms, including California Children Services Program (CCS), California Children Services Program (CCS) Eligible Conditions, Covered Services, Designated Special Care Center, Department of Health Care Services, Medically Necessary or Medical Necessity, Member, Urgent Care, Whole Child Model (WCM) Program	Ensure consistency of defined terms across CalOptima policies	

Fiscal Impact

The recommended action to authorize the CEO to revise CalOptima Policies GG.1102, GG.1301 and GG.1313 is operational in nature and has no additional fiscal impact beyond what was incorporated in the CalOptima Fiscal Year 2020-21 Operating Budget approved by the Board on June 4, 2020.

Rationale for Recommendation

To ensure CalOptima's continuing commitment to conducting its operations in compliance with ethical and legal standards and all applicable laws, regulations, rules, and accreditation standards, CalOptima staff recommends that the Board of Directors approve and adopt the presented CalOptima policies and procedures. The updated policies and procedures will supersede prior versions.

Back to Agenda

Policy:	GG.1102
Title:	**Experimental and Investigational Service Coverage**
Department:	Medical Management
Section:	Utilization Management
CEO Approval:	
Effective Date:	02/01/2002
Revised Date:	TBD
Applicable to:	☒ Medi-Cal ☒ OneCare ☒ OneCare Connect ☐ PACE ☐ Administration

I. PURPOSE

This policy defines the benefit coverage for Experimental and Investigational Services under the CalOptima program.

II. POLICY

A. Experimental Services are not covered under the Department of Health Care Services (DHCS) Medi-Cal program, Whole Child Model (WCM) program, or the Centers for Medicare & Medicaid Services (CMS) Medicare or Duals Demonstration programs~~.~~, except as specified in this Policy or specifically authorized by law.

B. Coverage of Investigational Services in the Medi-Cal program

1. Investigational Services require Prior Authorization, and are covered when it is clearly documented that all of the following apply:

   a. The Member has a life threatening or seriously debilitating disease or medical condition;

   b. There is a medically reasonable expectation that the Investigational Service will significantly prolong the intended Member's life or will maintain or restore a range of physical and social function suited to Activities of Daily Living (ADL);

   c. Conventional therapy will not prevent progressive disability or premature death, nor adequately treat the intended Member's condition;

   d. The provider of the proposed service has a record of safety and success, which is equivalent or superior to that of other providers of the Investigational Service; ~~and~~

   e. The Investigational Service is the lowest cost item or service that meets the Member's medical needs and is less costly than all conventional alternatives; and

   ~~e.~~f. The service is not being performed as a part of a research study protocol.

C. Coverage of Investigational Services in the OneCare and OneCare Connect programs

Back to Agenda Back to Item

1. Category A and Category B Investigational Device Exemption (IDE) studies require Prior Authorization, and are covered when the following requirements are met:

   a. The principal purpose of the study is to test whether the device improves health outcomes of appropriately selected patients;

   b. The rationale for the study is well supported by available scientific and medical information, or it is intended to clarify or establish the health outcomes of interventions already in common clinical use;

   c. The study results are not anticipated to unjustifiably duplicate existing knowledge;

   d. The study design is methodologically appropriate, and the anticipated number of enrolled subjects is adequate to confidently answer the research question(s) being asked in the study;

   e. The study is sponsored by an organization or individual capable of successfully completing the study;

   f. The study is in compliance with all applicable Federal regulations concerning the protection of human subjects found in Title 21 of the Code of Federal Regulations (CFR), Parts 50, 56, and 812, and Title 45, CFR., Part 46;

   g. Where appropriate, the study is not designed to exclusively test toxicity, or disease pathophysiology, in healthy individuals. Studies of all medical technologies measuring therapeutic outcomes as one (1) of the objectives may be exempt from this criterion, only if the disease or condition being studied is life threatening and the patient has no other viable treatment options;

   h. The study is registered with the National Institutes of Health's National Library of Medicine's ClinicalTrials.gov;

   i. The study protocol describes the method and timing of release of results on all pre-specified outcomes, including release of negative outcomes, and that the release should be hastened if the study is terminated early; and

   j. The study protocol must describe how Medicare beneficiaries may be affected by the device under investigation, and how the study results are or are not expected to be generalizable to the Medicare beneficiary population. Generalizability to populations eligible for Medicare due to age, disability, or other eligibility status must be explicitly described.

D. CalOptima shall cover cancer Clinical Trials, in accordance with CalOptima Policy GG.1125: Cancer Clinical Trials.

E. Coverage for routine costs of qualifying Clinical Trials are covered upon approval by the Chief Medical Officer (CMO~~),~~ ,) or his or her Designee, unless the coverage of the service is otherwise defined as a non-covered service or item in Title 22, California Code of Regulations (C.C.R~~), or Title 42, United States Code (U.S.C.), Section 300gg-8.~~).

F. Coverage for Clinical Trials is restricted to participating hospitals and physicians in California, unless the protocol for the Clinical Trial is not provided for at a California hospital or by a California physician.

G. For the Medi-Cal ~~programs~~program, CalOptima~~,~~ or a Health Network~~,~~ shall provide coverage for routine costs for Investigational Services associated with a Clinical Trial, if the Clinical Trial meets the following requirements:

1. The subject or purpose of the trial must be the evaluation of an item or service that falls within the benefit category of the Medicaid/Medicare program (e.g., Physician's service, Durable Medical Equipment (DME), diagnostic test) and are not ~~be~~ statutorily excluded from coverage (e.g., cosmetic surgery).

2. The trial must not be designed exclusively to test toxicity, or disease pathophysiology. It must have therapeutic intent and be considered a Phase III Clinical Trial in the United States.

3. Trials of therapeutic interventions must enroll patients with a diagnosed disease, rather than healthy volunteers. Trials of diagnostic interventions may enroll healthy patients, in order to have a proper control group.

H. The requirements in Section II.G. of this ~~policy~~Policy are insufficient by themselves to qualify a Clinical Trial for the Medicare Clinical Trial registry and OneCare and OneCare Connect coverage for routine costs. A Clinical Trial shall have the following ~~desirable~~ characteristics:

1. The principal purpose of the Clinical Trial is to test whether the intervention potentially improves the Member's health outcomes;

2. The Clinical Trial is well-supported by available scientific and medical information, or is intended to clarify, or establish, the health outcomes of interventions already in common clinical use;

3. The Clinical Trial does not unjustifiably duplicate existing studies;

4. The Clinical Trial design is appropriate to answer the research question being asked in the Clinical Trial;

5. The Clinical Trial is sponsored by a credible organization or individual capable of executing the proposed Clinical Trial successfully;

6. The Clinical Trial is in compliance with Federal regulations relating to the protection of human subjects; and

7. All aspects of the Clinical Trial are conducted according to the appropriate standards of scientific integrity.

~~Routine costs in Clinical Trials include:~~

~~1. Items or services that are typically provided absent a Clinical Trial (e.g., conventional care);~~

~~2.~~1. ~~Items or services required solely for the provision of the Investigational Service or item (e.g., administration of a non-covered chemotherapeutic agent);~~

~~3.~~1. ~~The clinically appropriate monitoring of the effects of the item or service, or the prevention of complications; and~~

~~4.~~1. ~~Items or services needed for reasonable and necessary care arising from the provision of an investigational item or service, in particular, for the diagnosis or treatment of complications.~~

Back to Agenda Back to Item

~~D. Routine costs exclude the following:~~

~~1. The Investigational Service or item;~~

~~2.~~1. ~~Items and services provided solely to satisfy data collection and analysis needs that are not used in the direct clinical management of the patient (e.g., monthly CT scans for a condition usually requiring only a single scan);~~

~~3.~~1. ~~Items and services customarily provided by the research sponsors free of charge for any enrollee in the trial; and~~

~~4. Services not directly associated with health care, such as travel, housing, companion expenses, and other non-clinical expenses associated with the Clinical Trial.~~

I. Payment will not be authorized for Investigational Services that do not meet the ~~above~~ criteria set out in this Policy, or for associated inpatient care, when a Member needs to be in the hospital primarily because she or he is receiving such non-approved Investigational Services. For non-covered items and services, only the treatment of complications arising from the delivery of the non-covered item or service, and unrelated reasonable and necessary care is a covered benefit.

III. PROCEDURE

A. All requests for Investigational Services or Experimental Services, including Clinical Trials, must be reviewed and authorized by the CMO~~,~~ or his or her Designee~~,~~ prior to services being provided to Members.

1. For WCM Members, requests shall be evaluated for Medical Necessity in accordance with California Children's Services (CCS) guidelines as provided in CCS Numbered Letters.

2. In addition, for WCM Members, CalOptima shall authorize Investigational Services or Experimental Services in accordance with GG.1508: Authorization and Processing of Referrals or CCS Numbered Letters, whichever is least restrictive and as applicable.

B. Determination that a service is Experimental or Investigational is based on:

1. Relevant Federal regulations or guidance, such as those contained in Title 42, CFR, Chapter IV, and Title 21, CFR, Chapter I, Food and Drug Administration (FDA) 510k approvals, and certain other categories of FDA approval for limited use or continuing research, do not represent full and unrestricted FDA acceptance and would still be considered investigational. Further, devices or therapies which are fully FDA approved for some indications but are being used for indications other than those for which there is an FDA approval may also be deemed investigational;

2. Verification that the Clinical Trial meets the criteria for being registered with the Medicare clinical trials registry;

3. Consultation with provider organizations, academic and professional specialists pertinent to the specific medical service; and

4. Current medical literature in the United States.

C. Routine costs in Clinical Trials include:

1. Items or services that are typically provided absent a Clinical Trial (e.g., conventional care);

2. Items or services required solely for the provision of the Investigational Service or item (e.g., administration of a non-covered chemotherapeutic agent);

3. The clinically appropriate monitoring of the effects of the item or service, or the prevention of complications; and

4. Items or services needed for reasonable and necessary care arising from the provision of an investigational item or service, in particular, for the diagnosis or treatment of complications.

D. Routine costs exclude the following:

1. The Investigational Service or item;

2. Items and services provided solely to satisfy data collection and analysis needs that are not used in the direct clinical management of the patient (e.g., monthly CT scans for a condition usually requiring only a single scan);

3. Items and services customarily provided by the research sponsors free of charge for any enrollee in the trial; and

4. Services not directly associated with health care, such as travel, housing, companion expenses, and other non-clinical expenses associated with the Clinical Trial.

E. A Member may appeal a CalOptima or Health Network decision to a requested service in accordance with CalOptima policies GG.1510: Appeal Process, MA.9003: Standard Appeal, and CMC.9003: Standard Appeal.

Back to Agenda Back to Item

IX. GLOSSARY

Term	Definition
Activities of Daily Living (ADL)	Personal everyday activities including, but not limited to, tasks such as eating, toileting, grooming, dressing, and bathing.
Category A Experimental Device	A device for which absolute risk of the device type has not been established, that is, initial questions of safety and effectiveness have not been resolved, and the Food and Drug Administration (FDA) is unsure whether the device type can be safe and effective.
Category B Non-Experimental/Investigational Device	A device for which the incremental risk is the primary risk in question, that is, initial questions of safety and effectiveness of that device type have been resolved, or it is known that the device type can be safe and effective because, for example, other manufacturers have obtained Food and Drug Administration FDA premarket approval or clearance for that device type.
Clinical Trials	Trials certified to meet the qualifying criteria and funded by National Institute of Health, Centers for Disease Control and Prevention, Food and Drug Administration (FDA), Department of Veterans Affairs, or other associated centers or cooperative groups funded by these agencies. Criteria for Clinical Trials include the following characteristics: 1. The principal purpose of the Clinical Trial is to test if the intervention potentially improves a participant's health outcomes; 2. The Clinical Trial is well supported by available scientific and medical information or is intended to clarify or establish the health outcomes of interventions already in common clinical use; 3. The Clinical Trial does not unjustifiably duplicate existing studies; 4. The Clinical Trial is designed appropriately to answer the research question being asked in the trial; 5. The Clinical Trial is sponsored by a credible organization or individual capable of successfully executing the proposed Clinical Trial; 6. The Clinical Trial complies with federal regulations relating to the protection of human subjects; and 7. All aspects of the Clinical Trial are conducted according to the appropriate standards of scientific integrity.
Designee	A person selected or designated to carry out a duty or role. The assigned designee is required to be in management or hold the appropriate qualifications or certifications related to the duty or role.
Durable Medical Equipment (DME)	Medically Necessary medical equipment that is prescribed for the Member by Provider and is used in the Member's home, in the community or in an institution that is used as a home. DME:~~Durable medical equipment means equipment prescribed by a licensed practitioner to meet medical equipment needs of the patient that:~~ 1. Can withstand repeated use. 2. Is used to serve a medical purpose. 3. Is not useful to an individual in the absence of an illness, injury, functional impairment, or congenital anomaly. 4. Is appropriate for use in or out of the patient's home.

Term	Definition
Experimental Services	Drugs, equipment, procedures, or services that are in a testing phase undergoing laboratory or animal studies prior to testing in humans.
Investigational Services	Drugs, equipment, procedures, or services for which laboratory and animal studies have been completed and for which human studies are in progress but testing is not complete (Phase III clinical trials are not yet completed and published), the efficacy and safety of such services in human subjects are not yet established, and the service is not generally accepted by the medical community in the United States or in widespread general medical usage in the United States.
Medically Necessary or Medical Necessity	Medi-Cal: Reasonable and necessary Covered Services to protect life, to prevent significant illness or significant disability, or alleviate severe pain through the diagnosis or treatment of disease, illness, or injury, as required under W&I Code 14059.5(a) and Title 22 CCR Section 51303(a). Medically Necessary services shall include Covered Services necessary to achieve age-appropriate growth and development, and attain, maintain, or regain functional capacity. For Members under 21 years of age, a service is Medically Necessary if it meets the Early and Periodic Screening, Diagnostic and Treatment (EPSDT) standard of medical necessity set forth in Section 1396d(r)(5) of Title 42 of the United States Code, as required by W&I Code 14059.5(b) and W&I Code Section 14132(v). Without limitation, Medically Necessary services for Members under 21 years of age include Covered Services necessary to achieve or maintain age-appropriate growth and development, attain, regain or maintain functional capacity, or improve, support or maintain the Member's current health condition. CalOptima shall determine Medical Necessity on a case-by-case basis, taking into account the individual needs of the child. OneCare: Necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury. OneCare Connect: Services must be provided in a way that provides all protections to the Member provided by Medicare and Medi-Cal. Per Medicare, services must be reasonable and necessary Covered Services for the diagnosis or treatment of illness or injury or to improve the functioning of a malformed body member, or otherwise medically necessary under 42 U.S.C. § 1395y. In accordance with Title XIX law and related regulations, and per Medi-Cal, medical necessity means reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury under WIC Section 14059.5.
Member	~~An Member~~ A beneficiary ~~of~~enrolled in a CalOptima program.

Term	Definition
Prior Authorization	Medi-Cal: A formal process requiring a health care Provider to obtain advance approval ~~to provide specific services or procedures~~of Medically Necessary Covered Services, including the ~~Medically Necessary and to what~~ amount, duration, and scope of services, except in the case of an emergency. OneCare &~~/~~ OneCare Connect: A process through which a physician or other health care provider is required to obtain advance approval from CalOptima and/or a delegated entity, that payment will be made for a service or item furnished to a Member.

Policy:	GG.1102
Title:	**Experimental and Investigational Service Coverage**
Department:	Medical Management
Section:	Utilization Management
CEO Approval:	
Effective Date:	02/01/2002
Revised Date:	TBD
Applicable to:	☒ Medi-Cal ☒ OneCare ☒ OneCare Connect ☐ PACE ☐ Administration

I. PURPOSE

This policy defines the benefit coverage for Experimental and Investigational Services under the CalOptima program.

II. POLICY

A. Experimental Services are not covered under the Department of Health Care Services (DHCS) Medi-Cal program, Whole Child Model (WCM) program, or the Centers for Medicare & Medicaid Services (CMS) Medicare or Duals Demonstration programs, except as specified in this Policy or specifically authorized by law.

B. Coverage of Investigational Services in the Medi-Cal program

1. Investigational Services require Prior Authorization, and are covered when it is clearly documented that all of the following apply:

   a. The Member has a life threatening or seriously debilitating disease or medical condition;

   b. There is a medically reasonable expectation that the Investigational Service will significantly prolong the intended Member's life or will maintain or restore a range of physical and social function suited to Activities of Daily Living (ADL);

   c. Conventional therapy will not prevent progressive disability or premature death, nor adequately treat the intended Member's condition;

   d. The provider of the proposed service has a record of safety and success, which is equivalent or superior to that of other providers of the Investigational Service;

   e. The Investigational Service is the lowest cost item or service that meets the Member's medical needs and is less costly than all conventional alternatives; and

   f. The service is not being performed as a part of a research study protocol.

C. Coverage of Investigational Services in the OneCare and OneCare Connect programs

Back to Agenda Back to Item

1. Category A and Category B Investigational Device Exemption (IDE) studies require Prior Authorization, and are covered when the following requirements are met:

    a. The principal purpose of the study is to test whether the device improves health outcomes of appropriately selected patients;

    b. The rationale for the study is well supported by available scientific and medical information, or it is intended to clarify or establish the health outcomes of interventions already in common clinical use;

    c. The study results are not anticipated to unjustifiably duplicate existing knowledge;

    d. The study design is methodologically appropriate, and the anticipated number of enrolled subjects is adequate to confidently answer the research question(s) being asked in the study;

    e. The study is sponsored by an organization or individual capable of successfully completing the study;

    f. The study is in compliance with all applicable Federal regulations concerning the protection of human subjects found in Title 21 of the Code of Federal Regulations (CFR), Parts 50, 56, and 812, and Title 45, CFR., Part 46;

    g. Where appropriate, the study is not designed to exclusively test toxicity, or disease pathophysiology, in healthy individuals. Studies of all medical technologies measuring therapeutic outcomes as one (1) of the objectives may be exempt from this criterion, only if the disease or condition being studied is life threatening and the patient has no other viable treatment options;

    h. The study is registered with the National Institutes of Health's National Library of Medicine's ClinicalTrials.gov;

    i. The study protocol describes the method and timing of release of results on all pre-specified outcomes, including release of negative outcomes, and that the release should be hastened if the study is terminated early; and

    j. The study protocol must describe how Medicare beneficiaries may be affected by the device under investigation, and how the study results are or are not expected to be generalizable to the Medicare beneficiary population. Generalizability to populations eligible for Medicare due to age, disability, or other eligibility status must be explicitly described.

D. CalOptima shall cover cancer Clinical Trials, in accordance with CalOptima Policy GG.1125: Cancer Clinical Trials.

E. Coverage for routine costs of qualifying Clinical Trials are covered upon approval by the Chief Medical Officer (CMO) or his or her Designee, unless the coverage of the service is otherwise defined as a non-covered service or item in Title 22, California Code of Regulations (C.C.R).

F. Coverage for Clinical Trials is restricted to participating hospitals and physicians in California, unless the protocol for the Clinical Trial is not provided for at a California hospital or by a California physician.

G. For the Medi-Cal program, CalOptima or a Health Network shall provide coverage for routine costs for Investigational Services associated with a Clinical Trial, if the Clinical Trial meets the following requirements:

1. The subject or purpose of the trial must be the evaluation of an item or service that falls within the benefit category of the Medicaid/Medicare program (e.g., Physician's service, Durable Medical Equipment (DME), diagnostic test) and are not statutorily excluded from coverage (e.g., cosmetic surgery).

2. The trial must not be designed exclusively to test toxicity, or disease pathophysiology. It must have therapeutic intent and be considered a Phase III Clinical Trial in the United States.

3. Trials of therapeutic interventions must enroll patients with a diagnosed disease, rather than healthy volunteers. Trials of diagnostic interventions may enroll healthy patients, in order to have a proper control group.

H. The requirements in Section II.G. of this Policy are insufficient by themselves to qualify a Clinical Trial for the Medicare Clinical Trial registry and OneCare and OneCare Connect coverage for routine costs. A Clinical Trial shall have the following characteristics:

1. The principal purpose of the Clinical Trial is to test whether the intervention potentially improves the Member's health outcomes;

2. The Clinical Trial is well-supported by available scientific and medical information, or is intended to clarify, or establish, the health outcomes of interventions already in common clinical use;

3. The Clinical Trial does not unjustifiably duplicate existing studies;

4. The Clinical Trial design is appropriate to answer the research question being asked in the Clinical Trial;

5. The Clinical Trial is sponsored by a credible organization or individual capable of executing the proposed Clinical Trial successfully;

6. The Clinical Trial is in compliance with Federal regulations relating to the protection of human subjects; and

7. All aspects of the Clinical Trial are conducted according to the appropriate standards of scientific integrity.

I. Payment will not be authorized for Investigational Services that do not meet the criteria set out in this Policy, or for associated inpatient care, when a Member needs to be in the hospital primarily because she or he is receiving such non-approved Investigational Services. For non-covered items and services, only the treatment of complications arising from the delivery of the non-covered item or service, and unrelated reasonable and necessary care is a covered benefit.

III. PROCEDURE

A. All requests for Investigational Services or Experimental Services, including Clinical Trials, must be reviewed and authorized by the CMO or his or her Designee prior to services being provided to Members.

Back to Agenda Back to Item

1. For WCM Members, requests shall be evaluated for Medical Necessity in accordance with California Children's Services (CCS) guidelines as provided in CCS Numbered Letters.

2. In addition, for WCM Members, CalOptima shall authorize Investigational Services or Experimental Services in accordance with GG.1508: Authorization and Processing of Referrals or CCS Numbered Letters, whichever is least restrictive and as applicable.

B. Determination that a service is Experimental or Investigational is based on:

1. Relevant Federal regulations or guidance, such as those contained in Title 42, CFR, Chapter IV, and Title 21, CFR, Chapter I, Food and Drug Administration (FDA) 510k approvals, and certain other categories of FDA approval for limited use or continuing research, do not represent full and unrestricted FDA acceptance and would still be considered investigational. Further, devices or therapies which are fully FDA approved for some indications but are being used for indications other than those for which there is an FDA approval may also be deemed investigational;

2. Verification that the Clinical Trial meets the criteria for being registered with the Medicare clinical trials registry;

3. Consultation with provider organizations, academic and professional specialists pertinent to the specific medical service; and

4. Current medical literature in the United States.

C. Routine costs in Clinical Trials include:

1. Items or services that are typically provided absent a Clinical Trial (e.g., conventional care);

2. Items or services required solely for the provision of the Investigational Service or item (e.g., administration of a non-covered chemotherapeutic agent);

3. The clinically appropriate monitoring of the effects of the item or service, or the prevention of complications; and

4. Items or services needed for reasonable and necessary care arising from the provision of an investigational item or service, in particular, for the diagnosis or treatment of complications.

D. Routine costs exclude the following:

1. The Investigational Service or item;

2. Items and services provided solely to satisfy data collection and analysis needs that are not used in the direct clinical management of the patient (e.g., monthly CT scans for a condition usually requiring only a single scan);

3. Items and services customarily provided by the research sponsors free of charge for any enrollee in the trial; and

4. Services not directly associated with health care, such as travel, housing, companion expenses, and other non-clinical expenses associated with the Clinical Trial.

E. A Member may appeal a CalOptima or Health Network decision to a requested service in accordance with CalOptima policies GG.1510: Appeal Process, MA.9003: Standard Appeal, and CMC.9003: Standard Appeal.

IX. GLOSSARY

Term	Definition
Activities of Daily Living (ADL)	Personal everyday activities including, but not limited to, tasks such as eating, toileting, grooming, dressing, and bathing.
Category A Experimental Device	A device for which absolute risk of the device type has not been established, that is, initial questions of safety and effectiveness have not been resolved, and the Food and Drug Administration (FDA) is unsure whether the device type can be safe and effective.
Category B Non-Experimental/Investigational Device	A device for which the incremental risk is the primary risk in question, that is, initial questions of safety and effectiveness of that device type have been resolved, or it is known that the device type can be safe and effective because, for example, other manufacturers have obtained Food and Drug Administration FDA premarket approval or clearance for that device type.
Clinical Trials	Trials certified to meet the qualifying criteria and funded by National Institute of Health, Centers for Disease Control and Prevention, Food and Drug Administration (FDA), Department of Veterans Affairs, or other associated centers or cooperative groups funded by these agencies. Criteria for Clinical Trials include the following characteristics: 1. The principal purpose of the Clinical Trial is to test if the intervention potentially improves a participant's health outcomes; 2. The Clinical Trial is well supported by available scientific and medical information or is intended to clarify or establish the health outcomes of interventions already in common clinical use; 3. The Clinical Trial does not unjustifiably duplicate existing studies; 4. The Clinical Trial is designed appropriately to answer the research question being asked in the trial; 5. The Clinical Trial is sponsored by a credible organization or individual capable of successfully executing the proposed Clinical Trial; 6. The Clinical Trial complies with federal regulations relating to the protection of human subjects; and 7. All aspects of the Clinical Trial are conducted according to the appropriate standards of scientific integrity.
Designee	A person selected or designated to carry out a duty or role. The assigned designee is required to be in management or hold the appropriate qualifications or certifications related to the duty or role.
Durable Medical Equipment (DME)	Medically Necessary medical equipment that is prescribed for the Member by Provider and is used in the Member's home, in the community or in an institution that is used as a home. DME: 1. Can withstand repeated use. 2. Is used to serve a medical purpose. 3. Is not useful to an individual in the absence of an illness, injury, functional impairment, or congenital anomaly. 4. Is appropriate for use in or out of the patient's home.
Experimental Services	Drugs, equipment, procedures, or services that are in a testing phase undergoing laboratory or animal studies prior to testing in humans.

Term	Definition
Investigational Services	Drugs, equipment, procedures, or services for which laboratory and animal studies have been completed and for which human studies are in progress but testing is not complete (Phase III clinical trials are not yet completed and published), the efficacy and safety of such services in human subjects are not yet established, and the service is not generally accepted by the medical community in the United States or in widespread general medical usage in the United States.
Medically Necessary or Medical Necessity	Medi-Cal: Reasonable and necessary Covered Services to protect life, to prevent significant illness or significant disability, or alleviate severe pain through the diagnosis or treatment of disease, illness, or injury, as required under W&I Code 14059.5(a) and Title 22 CCR Section 51303(a). Medically Necessary services shall include Covered Services necessary to achieve age-appropriate growth and development, and attain, maintain, or regain functional capacity. For Members under 21 years of age, a service is Medically Necessary if it meets the Early and Periodic Screening, Diagnostic and Treatment (EPSDT) standard of medical necessity set forth in Section 1396d(r)(5) of Title 42 of the United States Code, as required by W&I Code 14059.5(b) and W&I Code Section 14132(v). Without limitation, Medically Necessary services for Members under 21 years of age include Covered Services necessary to achieve or maintain age-appropriate growth and development, attain, regain or maintain functional capacity, or improve, support or maintain the Member's current health condition. CalOptima shall determine Medical Necessity on a case-by-case basis, taking into account the individual needs of the child. OneCare: Necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury. OneCare Connect: Services must be provided in a way that provides all protections to the Member provided by Medicare and Medi-Cal. Per Medicare, services must be reasonable and necessary Covered Services for the diagnosis or treatment of illness or injury or to improve the functioning of a malformed body member, or otherwise medically necessary under 42 U.S.C. § 1395y. In accordance with Title XIX law and related regulations, and per Medi-Cal, medical necessity means reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury under WIC Section 14059.5.
Member	A beneficiary enrolled in a CalOptima program.

Term	Definition
Prior Authorization	Medi-Cal: A formal process requiring a health care Provider to obtain advance approval of Medically Necessary Covered Services, including the amount, duration, and scope of services, except in the case of an emergency. OneCare & OneCare Connect: A process through which a physician or other health care provider is required to obtain advance approval from CalOptima and/or a delegated entity, that payment will be made for a service or item furnished to a Member.

Policy:	GG.1301
Title:	**Comprehensive Case Management Process**
Department:	Medical Management
Section:	Case Management
CEO Approval:	
Effective Date:	01/01/07
Revised Date:	TBD
Applicable to:	☒ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☐ Administrative

I. PURPOSE

This policy defines the guidelines for Case Management of Members who are enrolled in the Medi-Cal program, by CalOptima~~,~~ or a Health Network.

II. POLICY

A. Complex Case Management is the coordination of care and services provided to a Member who has experienced a critical event, or diagnosis that requires the extensive use of resources, and who needs assistance in facilitating the appropriate delivery of care and services.

B. The goal of Complex Case Management is to help a Member regain optimum health~~,~~ or improve functional capability, in the least restrictive setting and in a cost-effective manner.

1. Complex Case Management is considered an opt-out program; all eligible Members have the right to participate or decline participation.

~~C.~~ Complex Case Management involves a comprehensive initial assessment and evaluation of a Member's condition, functional capacity, determination of available benefits ~~and~~, resources, cultural and ~~development~~linguistic needs, Social Determinants of Health, and ~~implementation of a Case Management plan with performance goals, monitoring,~~barriers to care. This information is analyzed for meaning and ~~follow up.~~

~~D. The Complex Case Management program description shall include the following:~~

~~1.~~ ~~Evidence used~~evaluated in a member-centric manner in order to develop ~~the program, including but not limited to:~~

~~a. Milliman~~and implement an Individual Care ~~Guidelines (MCG);~~

~~b. Institute for Clinical Improvement (ICSI);~~

~~c. Department of Health Care Services (DHCS) guidelines;~~

~~d. Centers for Medicare & Medicaid Services (CMS) guidelines;~~

Back to Agenda Back to Item

e. Local and Intermediary Medicare Carrier coverage guidelines;

f. Centers of Excellence guidelines; and

g. Preventive health guidelines (e.g., U.S. Preventive Services Task Force).

2. Criteria used to identify Members who are eligible for the program;

3. Services offered to Members;

4. Defined programPlan (ICP) with prioritized Member goals;

E.C. Case management services that are combined with the services of others involved in a Member's care.followed up on and monitored for progress.

F. Annually, CalOptima shall assess the characteristics and needs of its Member population and relevant subpopulations, which include, but are not limited to:

1. Children, adolescents, persons with disabilities, and persons with serious and persistent mental illness (SPMI): To assess the characteristics and needs of these subpopulations, CalOptima may use the following:

a. Race;

b. Ethnicity;

c. Language preference;

d. Member gender;

e. Member age;

f. Aid code category;

g. Severe diagnoses;

h. Co-morbid diagnoses;

i. Behavioral health diagnosis;

j. Inpatient admissions;

k. Emergency department utilization; and

l. Number of prescriptions.

G. The following data sources shall be utilized for the population assessment:

a. Information from the Department of Health Care Services (DHCS) (e.g., eligibility files);

b. Claims data; and

c. Encounter data;

~~H.~~D. CalOptima shall review and update its Case Management processes and resources to address Member needs, if necessary.

E. CalOptima or a Health Network shall ensure the provision of Case Management for CalOptima Members eligible with the California Children's Services (CCS) Program in accordance with CalOptima Policy GG.1330: Case Management - California Children's Services Whole-Child Model.

F. CalOptima or a Health Network shall ensure the provision of care management and care coordination for Members enrolled in the Health Homes Program in accordance with CalOptima Policy GG.1331: Health Homes Program (HHP) Services and Care Management.

G. CalOptima or a Health Network shall ensure the provision of Case Management services for Members approved for Private Duty Nursing Services in accordance with CalOptima Policy GG.1352: Private Duty Nursing Care Management.

III. PROCEDURE

A. CalOptima and a Health Network shall identify Members for Complex Case Management utilizing the following data sources~~:~~:

1. Claims~~,~~ or ~~Encounter~~encounter data;
2. Hospital~~,~~ or discharge data;
3. Pharmacy data;
4. Health information form;
5. Data collected through the utilization management (UM) process;
6. Data supplied by purchasers, such as the Breast and Cervical Cancer Treatment Program;
7. Data supplied by Member~~,~~ or caregiver; and
8. Data supplied by Practitioners.

B. CalOptima~~,~~ or a Health Network~~,~~ shall assess and provide Complex Case Management, as appropriate, to the following Members:

1. A Member who is high-risk, defined as:

a. A Member who has a medically~~-~~ complex condition, including the most frequently managed conditions~~, diseases,~~; or ~~high~~

~~a.~~b. High risk groups, that may include, but ~~is~~are not limited to~~:~~:

i. Spinal Injuries;

ii. Transplants;

iii. Cancer;

iv. Serious Trauma;

v. AIDS;

vi. Multiple chronic illnesses; and

vii. Chronic illnesses that result in high utilization.

2. A Member who has a complex social situation that affects the medical management of the Member's care;

3. A Member who requires an extensive use of resources; or

4. A Member who has an illness or condition that is severe, and the level of management necessary is very intensive.

C. CalOptima~~,~~ or a Health Network~~,~~ may provide a Member with Care Coordination Case Management, to include an assessment and creation of a care plan, if the Member does not qualify for Complex Case Management~~,~~ but would benefit from case management support. Care Coordination Case Management shall include:

1. Assistance with access to care issues;

2. Health and disease-specific education;

3. Referral to resources; and

4. Coordination of care with all Providers.

D. A Member may be referred to Complex Case Management through:

1. ~~Disease~~ Medical Management program referral;

2. Discharge ~~Planner~~planner referral;

3. ~~Utilization Management (~~UM~~)~~ referral~~, if applicable;~~;

4. Member or caregiver referral;

5. Practitioner referral;

6. Community agency; and

7. Health Network referral.

8. CalOptima shall communicate and provide details on the eligibility criteria and process for referral for case management through the following:

a. Member ~~,~~newsletter;

b. Provider communications, including but not limited to, the Provider newsletter; and

c. Other materials or forums, as appropriate.

~~8.~~9. CalOptima or a Health Network~~,~~ may receive referrals by electronic transmission, telephone, or written correspondence.

E. The Complex Case Management ~~program~~process shall include, but not be limited to:

1. Standardized mechanisms to systematically identify a high-risk Member;

2. Access to Case Management by ensuring multiple avenues for referrals;

3. Process to inform an eligible Member of the right to decline participation in, or disenroll from, Case Management programs and services offered by CalOptima~~,~~ or a Health Network;

4. Complex Case Management system;

5. Documented Case Management process;

6. Initial assessment;

7. Process for providing ongoing Case Management;

8. Coordination of care to ensure provision of all Medically Necessary services;

9. Coordination of Targeted Case Management (TCM) to ensure provision of Medically Necessary services;

10. Coordination of carve-out services;

11. Coordination of PDN nursing in accordance with CalOptima Policy GG.1352: Private Duty Nursing Care Management, if applicable;

~~11.~~12. Coordination of services, both within and outside CalOptima's Service Area;

~~12.~~13. Coordination of long term services and supports (LTSS);

~~13.~~14. Coordination of behavioral health services;

~~14.~~15. Process for evaluating satisfaction with the Case Management program;

~~15.~~16. Process for measuring the effectiveness of Case Management; and

~~16.~~17. Mechanism for identification and referral of quality of care issues to the Quality Improvement (QI) Department.

~~I. CalOptima and a Health Network shall utilize Case Management systems that support Complex Case Management, as follows:~~

~~1. Evidence-based clinical guidelines or algorithms to guide case managers through assessment and ongoing management of a Member;~~

2. A documentation process that includes automated notation of the staff members identification, date and time of entry, and records each action or interaction with the Member, Primary Care Practitioner (PCP), or Provider; and

3. Automated prompts and reminders for next steps and follow-up contact scheduled with the Member.

I. CalOptima and a Health Network shall provide Practitioners and Members, or caregivers as applicable, with written information about the Case Management program, to include the following:

1. Instructions to the Practitioner on how to use the Case Management services, and how to refer a Member;

2.1. Instructions to the Member or caregiver on how to self-refer to the Case Management program; and

3. How CalOptima, or the Health Network, works with a Member in the Case Management program.

J.I. On an annual basis, CalOptima shall evaluate Member satisfaction with CalOptima's, or Health Network's, Case Management program. CalOptima shall use the following to evaluate Member satisfaction:

1. Obtaining Member feedback;

2.1. Analyzing Member complaints and inquiries; and

3. Reporting the results of the evaluation to the Quality Assurance Committee (QAC).

J. Annually, CalOptima shall analyze the effectiveness of its Complex Case Management program by identifying three (3) measures. For each identified measure, CalOptima shall:

1. Identify a relevant process or outcome;

2. Use a valid method that provides quantitative results;

3. Set a performance measure;

4. Clearly identify measure specifications;

5. Collect data and analyze results; and

6. Identify opportunities for improvement, if applicable.

K. Based on the measurement and analysis of Complex Case Management program effectiveness outcomes, CalOptima shall:

1. Implement at least one (1) intervention to improve performance, if applicable

2. Implement at least one (1) intervention to improve satisfaction, if applicable;

3. Re-measure to determine impact performance, if applicable; and

4. Re-measure to determine impact on satisfaction, if applicable.

~~L. CalOptima shall monitor a Health Network's Case Management program, in accordance with this policy and CalOptima Policy GG.1619: Delegation Oversight.~~

~~M. CalOptima and a Health Network may identify and refer a Member to the Orange County Health Care Agency (HCA) for Department of Health Care Services (DHCS) Targeted Case Management (TCM) services when the individual falls into one of the identified target populations below, has undergone a CalOptima Case Management assessment, and meets criteria outlined below:~~

~~Children under age twenty-one (21).~~

~~b. Medically fragile individuals.~~

~~c.~~b. ~~Individuals at risk of institutionalization.~~

~~d.~~b. ~~Individuals in jeopardy of negative medical, or psycho-social, outcomes.~~

~~e.~~b. ~~Individuals with a communicable disease.~~

~~N. CalOptima and a Health Network may identify and refer a member for DHCS TCM services when the Member meets the appropriate criteria listed below:~~

~~a. Member is determined to be in need of case management services for non-medical needs.~~

~~b.~~a. ~~CalOptima has determined that the Member has demonstrated an on-going inability to access CalOptima services.~~

~~c.~~a. ~~CalOptima has determined that Member would benefit from TCM face-to-face case management.~~

~~d.~~a. ~~CalOptima has concerns that the Member has an inadequate support system for medical care.~~

~~e.~~a. ~~CalOptima has concerns that the Member may have a life skill, social support, or an environmental issue affecting the Member's health and/or successful implementation of the CalOptima care plan.~~

~~O. A Member who is referred and not accepted for TCM shall receive comparable Case Management services through CalOptima, or a Health Network.~~

~~P. CalOptima shall ensure there is no duplication of services for Members who are enrolled in both TCM through the HCA, and complex or care coordination case management through CalOptima, or a Health Network.~~

~~Q. For Members who have both a TCM case manager and a CalOptima, or Health Network, case manager, the case managers shall share information vital to the care of the Member, which may include information, assessments, and care plans, as needed.~~

~~III.~~I. ~~PROCEDURE~~

F. Triage Process

1. Upon receipt of a referral for Case Management, CalOptima~~,~~ or a Health Network~~,~~ shall triage the referral for Case Management as follows:

a. CalOptima~~,~~ or a Health Network~~,~~ shall triage an urgent referral within ~~twenty-four (24) hours~~one (1) business day after receipt of the referral.

b. CalOptima~~,~~ or a Health Network~~,~~ shall triage a standard referral within five (5) business days after receipt of the referral.

2. If, upon review of a referral for Care Coordination Case Management~~,~~ or Complex Case Management, CalOptima~~,~~ or a Health Network~~,~~ determines that a Member qualifies for Care Coordination Case Management~~,~~ or Complex Case Management, CalOptima~~,~~ or a Health Network~~,~~ shall:

a. Contact the Member to obtain consent for Care Coordination Case Management~~,~~ or Complex Case Management~~,~~ services within ~~twenty-four (24) hours~~one (1) business day for an urgent referral and within five (5) business days for a routine referral;

b. ~~Perform~~Complete an initial assessment for the Member~~-~~ within ~~five (5) business~~thirty (30) calendar days ~~after the Member consents to Care Coordination Case Management, or Complex Case Management services;~~ of identification; and

c. Develop an ~~Individual Care Plan (~~ICP~~)~~ within ~~ten (10) business~~thirty (30) calendar days ~~after the completion of the initial~~of assessment.

G. Initial Member Assessment

1. CalOptima~~,~~ or a Health Network~~,~~ shall conduct a Member's initial assessment and evaluation in the following manner:

a. Telephone interviews with the Member, the Member's Authorized Representative, or Member's family in accordance with CalOptima privacy and security policies for use and disclosure of health information, and in consultation with the Member. If the Member is unable to participate in the assessment, it may be completed by professionals on the care team, with assistance from the Member's family~~,~~ or caregiver;

b. Consultation with the Member's PCP, specialist physician, or support staff, as needed;

c. Review of Medical Records by a case manager, as needed;

d. Consultation with CalOptima's or Health Networks' staff, as needed; or

e. Consultation with a community agency, as needed.

2. CalOptima~~,~~ or a Health Network~~,~~ shall include the following in a Member's initial assessment and evaluation for Complex Case Management~~:~~. CalOptima or a Health Network will document conclusions for each factor individually or in combination and the reasons for not addressing any specified factor (*e.g.*, life-planning in pediatric cases).

a. Member's current health status, specific to identified health conditions and likely co-morbidities and their status; (e.g., high-risk pregnancy and heart disease, for Members with diabetes), and Member's self-reported health status~~, and information~~. Information on the event or diagnosis that led to the Member's eligibility for Case Management~~.~~, and current medications, including schedules and dosages.

b. Documentation of clinical history~~,~~ including:

i. Dates;

ii. Disease ~~disease~~ onset~~, comorbidities, and key events, such as acute phases, inpatient stays,~~ ;

iii. Past hospitalizations and major procedures, including surgery;

~~i.~~iv. Significant past illnesses and treatment history~~, and current and past medications, including schedules and dosages;~~; and

~~b. Capacity for carrying out activities of daily living (ADLs), such as eating, bathing, and mobility, and instrumental activities of daily living (IADLs), such as light housekeeping, shopping and laundry;~~

v. Relevant past medications related to the Member's condition.

vi. This factor does not require evaluation.

c. Assessment of Activities of Daily Living (ADL) related to, at a minimum, bathing, dressing, going to the toilet, transferring, feeding and continence. Documentation will reflect reason and type of assistance needed. If the Member needs no assistance with any ADLs, the case notes reflect this (e.g., "Member is fully independent with ADLs.").

~~c.~~d. Evaluation of the Member's behavioral health status, including cognitive functioning, and the ability to communicate, understand instructions, and process information about their illness as well as the presence of any mental health conditions~~,~~ or substance use disorders~~;~~.

~~d.~~e. ~~Identification~~Assessment of ~~possible psychosocial issues~~Social Determinants of Health that may affect Members' ability to adhere to the care plan such as: economic and social status, social support networks, education and literacy, employment, physical and social environment, personal health practices, coping skills, beliefs and concerns about the condition, or treatment, perceived barriers to meeting treatment requirements, or access to transportation and financial barriers to obtaining treatment~~;~~ (as Social Determinants of Health are a combination of influences, assessment must include more than one (1) Social Determinant of Health).

~~e.~~f. Assessment of the Member's life planning activities, such as wills, living wills, or advance directives ~~and~~, health care powers of attorney~~.~~, and Physician Orders of Life-Sustaining Treatment (POLST). CalOptima~~,~~ or a Health Network~~,~~ shall provide information on life planning/advance directives to the Member if these preferences are not on record, as appropriate. In the event that life planning activities are not appropriate, documentation must be present to support why the organization did not assess life planning activities~~;~~.

~~f.~~g. Evaluation of cultural and linguistic needs, preferences, or limitations that may make it difficult to effectively communicate or for the Member to accept specific treatments. This evaluation shall include consideration of cultural health beliefs and practices, preferred languages, health literacy, and other communication needs~~;~~.

~~g.~~h. Evaluation of visual and hearing needs, preferences, limitations, and characteristics that make it difficult for the care team to communicate effectively with the Member~~;~~.

~~h.~~i. ~~Caregiver~~Evaluation for adequacy of caregiver resources, such as family or other support person involvement ~~in~~ and role in decision making about the care plan ~~and address~~

adequacy of . Documentation describes the resources; in place, whether they are sufficient for the Member's needs, and notes specific gaps to address, if applicable.

i.j. Evaluation of available benefits, including the Member's eligibility and pertinent financial information regarding benefits. The assessment shall include a determination of whether the resources available to the Member are adequate to fulfill the treatment plan. Assessed benefits may include:

i. Benefits covered by the CalOptima, the Health NetworksNetwork, and by Providers (i.e., Disease Management and Health Education);;

ii. Services carved-out by CalOptima and Health Networks; and

iii. Services that supplement those the organization has been contracted to Provider (i.e., Community Mental Health).

k. Evaluation of community resources, including assessments of potential eligibility for community resources that supplement CalOptima resources, such as community mental health, transportation, wellness organizations, support groups, palliative care programs, nutritional support, and other national and community resources that would be helpful and appropriate to the Member's treatment plan.

j.l. Identification and referral of a Member eligible for community and/or Federal Medicaid Waiver programs, including, but not limited to:

i. California Children's Services (CCS), as described in CalOptima Policy GG.1101: California Children's Services (CCS) Whole Child Model – Coordination with County CCS Program;

ii. Genetically Handicapped Persons Program (GHPP);

iii. HIV/AIDS Waiver Program;

iv. Home and Community-Based Services (HCBS);

v. Local Educational Agency (LEA);

vi. Regional Center of Orange County (RCOC);) ;

vii. In-Home Operations;

viii. Specialty Mental Health Services, as described in CalOptima Policy GG.1103: Specialty Mental Health Services;

ix. OCHCA Tuberculosis Program (Direct Observation Therapy); and

x. Long Term Services and Supports, including:

a) Community-Based Adult Services (CBAS);

b) In-Home Support Services (IHSS); and

c) Multipurpose Senior Services Program (MSSP);).

~~3. Evaluation of community resources includes assessments of potential eligibility for providers of benefits supplementing those for which CalOptima has been contracted, such as employee assistance programs (EAP), palliative care programs, wellness organizations, and other national and community resources.~~

H. Individual Care Plan (ICP) and Ongoing Management

1. A case manager shall develop, implement, and modify a Member's ICP in collaboration with the Member, Member's Provider, and/or their caregiver. A case manager may also develop, implement, and modify a Member's ICP in collaboration with the Member's Authorized Representative, members of the interdisciplinary care team, and/or specialist, when feasible.

2. CalOptima and a Health Network shall include the following elements in a Member's ICP:

   a. Prioritized goals using high/low, numeric rank or other similar designation that consider the Member's and caregiver's goals, preferences and desired level of involvement in the Case Management plan, and shall include goals personalized to meet a Member's specific needs, ~~and includes~~including the following:

      i. Timeframe for re-evaluation;

      ii. Resources to be utilized, including the appropriate level of care;

      iii. Planning for continuity of care, including transition of care and transfers between settings;

      iv. Collaborative approaches to be used, including family participation; and

      v. Evaluating Member's personal preferences.

   b. Identification of barriers to meeting goals, or compliance with ICP:

      i. Barrier analysis shall include issues such as language, or literacy, lack of or limited access to reliable transportation, lack of understanding of condition, lack of motivation, financial or health insurance issues, cultural or spiritual beliefs, hearing, or vision, limits, and psychological impairment.

      ~~ii.~~ Documentation of assessment for barriers, even if none identified.

   c. Coordination of carved out services and referrals to appropriate community resources and agencies.

   d. Facilitation of Member referrals to appropriate resources, and a follow-up process to determine whether Members act on referrals, including referrals to external resources.

   e. Development of a schedule for follow-up and communication with a Member, which may include, but not be limited to, counseling, follow-up after referral to a ~~Disease~~Medical Management program, follow-up after referral to a health resource, and education self-management support.

      i. When and how a case manager will follow up with a Member after facilitating a referral to a health resource shall be documented. When follow-up is not appropriate, this determination shall be documented.

ii. Documentation of the next scheduled Member contact and contact method.

f. Development and communication (e.g., orally or written) of a ~~Member's~~ self-management plan ~~of activities~~that is acknowledged and agreed to by the Member~~.~~ Self-management plans are ~~designed to shift the focus in patient care from~~actions the Member agrees to take to manage a condition or circumstance. Self-management plans are based on instructions or materials provided to Members ~~receiving care from a Practitioner, or a care team, to Members providing care for themselves, where appropriate.~~or their caregivers. Member self-management plan of activities includes, but is not limited to:

i. Maintaining a prescribed diet;

ii. Charting daily readings (e.g., weight, blood sugar); or

iii. Changing a wound dressing, as directed.

g. ~~A process to assess~~Assessment of progress towards meeting Case Management plans and goals and overcoming barriers to care. The process includes reassessing and adjusting the care plans and its goals, as needed.

h. Planning for continuity~~,~~ or transition~~,~~ of care when benefit coverage ends. CalOptima~~,~~ or a Health Network~~,~~ shall:

i. Identify transitioning Members who are receiving approved services, but whose benefit coverage will end while still needing Medically Necessary care;

ii. Identify available community resources and alternative care; and

iii. Notify and educate transitioning Members regarding alternative care and community resources.

3. A Member shall actively participate in the development of his or her ICP, in accordance with his or her individual physical and psychosocial capabilities.

4. CalOptima~~,~~ or a Health Network~~,~~ shall re-evaluate and update a Member's ICP based on the Member's level of complexity and clinical needs.

5. CalOptima and a Health Network shall terminate Complex Case Management for a Member when the Member:

a. Achieves ICP goals;

b. Becomes ineligible for Case Management; or

c. Declines Case Management.

I. Targeted Case Management (TCM)

1. CalOptima and a Health Network may identify and refer a Member to the Orange County Health Care Agency (HCA) for Department of Health Care Services (DHCS) TCM services when the individual falls into one of the identified target populations below, has undergone a CalOptima Case Management assessment, and meets criteria outlined below:

a. Children under age twenty-one (21).

b. Medically fragile individuals.

c. Individuals at risk of institutionalization.

d. Individuals in jeopardy of negative medical, or psycho-social, outcomes.

e. Individuals with a communicable disease.

2. CalOptima and a Health Network may identify and refer a Member for DHCS TCM services when the Member meets one (1) or more of the following criteria:

a. Member is determined to be in need of case management services for non-medical needs.

b. CalOptima has determined that the Member has demonstrated an on-going inability to access CalOptima services.

c. CalOptima has determined that Member would benefit from TCM face-to-face case management.

d. CalOptima has concerns that the Member has an inadequate support system for medical care.

e. CalOptima has concerns that the Member may have a life skill, social support, or an environmental issue affecting the Member's health and/or successful implementation of the CalOptima care plan.

3. A Member who is referred and not accepted for TCM shall receive comparable Case Management services through CalOptima or a Health Network.

4. CalOptima shall ensure there is no duplication of services for Members who are enrolled in both TCM through the HCA, and complex or care coordination case management through CalOptima or a Health Network.

5. For Members who have both a TCM case manager and a CalOptima or Health Network case manager, the case managers shall share information vital to the care of the Member, which may include information, assessments, and care plans, as needed.

J. CalOptima and a Health Network shall utilize Case Management systems that support Case Management, by utilizing the following methods:

1. MCG evidence-based clinical guidelines or algorithms to guide case managers through assessment and ongoing management of a Member;

2. A documentation process that includes automated notation of the staff members' identification, date and time of entry, and records each action or interaction with the Member, Primary Care Practitioner (PCP), or Provider; and

3. Automated prompts and reminders for next steps and follow-up care and contact scheduled with the Member.

K. CalOptima and a Health Network shall provide Practitioners and Members, or caregivers as applicable, with written information about the Case Management program, to include the following:

1. Instructions to the Practitioner on how to use the Case Management services, and how to refer a Member;

2. Instructions to the Member or caregiver on how to self-refer to the Case Management program; and

3. Information regarding how CalOptima or the Health Network works with a Member in the Case Management program.

L. On an annual basis, CalOptima shall evaluate Member satisfaction with CalOptima's~~,~~ or the Health Network's~~,~~ Case Management program. CalOptima shall use the following to evaluate Member satisfaction:

1. Obtaining Member feedback;

2. Analyzing Member complaints and inquiries; and

3. Reporting the results of the evaluation to the Quality Assurance Committee (QAC).

~~K.~~M. CalOptima shall monitor a Health Network's Case Management program, in accordance with this Policy and CalOptima Policy GG.1619: Delegation Oversight.

IX. GLOSSARY

Term	Definition
Authorized Representative	~~Has the meaning given such term in section 164.502(g) of title 45, Code of Federal Regulations.~~ A person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting *in loco parentis* who have the authority under applicable law to make health care decisions on behalf of unemancipated minors.
~~CalOptima~~California Children's Services (CCS)	~~For purposes of this policy, CalOptima means CalOptima Direct and CalOptima Community Network (CCN).~~The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible individuals under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR) Sections 41515.2 through 41518.9.
Case Management	A systematic approach to coordination of care for a Member with special needs and/or complex medical conditions that includes the elements of assessment, care planning, intervention monitoring, and documentation.
Complex Case Management	~~A program~~The systematic coordination and assessment of ~~coordinated~~ care and services ~~for members~~provided to Members who have experienced a critical event or diagnosis that requires the extensive use of resources and who need help navigating the system to facilitate appropriate delivery of care and services. Complex Case Management includes Basic Case Management.
Complex Case Management Eligible Member	Members who are at high-risk; defined as having medically complex conditions that may include the following but is not limited to: 1. Spinal Injuries; 2. Transplants; 3. Cancer; 4. Serious trauma; 5. AIDS; 6. Multiple chronic illnesses; or 7. Chronic illnesses that result in high utilization. Or Member with a ~~Medical Condition~~medical condition and a complex social situation that affects the medical management of the Member's care and requires an extensive use of resources.
Health Homes Program (HHP)	All of the California Medicaid State Plan amendments and relevant waivers that DHCS seeks and CMS approves for the provision of HHP services that provide supplemental services to HHP eligible and enrolled Members coordinating the full range of physical health, behavioral health, and community-based LTSS needed for chronic conditions.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Individual Care Plan (ICP)	A plan of care developed after an assessment of the Member's social and health care needs that reflects the Member's resources, understanding of his or her disease process, and lifestyle choices.

Term	Definition
Medical Management Program	Disease management programs, utilization management programs, health information lines or similar programs that can identify needs for Complex Case Management and are managed by organization or vendor staff.
Medically Necessary or Medical Necessity	Medi-Cal: Reasonable and necessary Covered Services to protect life, to prevent significant illness or significant disability, or alleviate severe pain through the diagnosis or treatment of disease, illness, or injury, as required under W&I Code 14059.5(a) and Title 22 CCR Section 51303(a). Medically Necessary services shall include Covered Services necessary to achieve age-appropriate growth and development, and attain, maintain, or regain functional capacity. For Members under 21 years of age, a service is Medically Necessary if it meets the Early and Periodic Screening, Diagnostic and Treatment (EPSDT) standard of medical necessity set forth in Section 1396d(r)(5) of Title 42 of the United States Code, as required by W&I Code 14059.5(b) and W&I Code Section 14132(v). Without limitation, Medically Necessary services for Members under 21 years of age include Covered Services necessary to achieve or maintain age-appropriate growth and development, attain, regain or maintain functional capacity, or improve, support or maintain the Member's current health condition. CalOptima shall determine Medical Necessity on a case-by-case basis, taking into account the individual needs of the child. ~~Reasonable and necessary services~~Covered Services ~~to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury. , achieve age-appropriate growth and development, and attain, maintain, or regain functional capacity. For Members receiving MLTSS, Medical Necessity shall be determined in accordance with Exhibit A, Attachment 21, Provision 7, Covered Services.~~ ~~When determining the Medical Necessity of Covered Services for a Medi-Cal Member under the age of 21, "Medical Necessity" is expanded to include the standards set forth in 42 USC Section 1396d(r), and W & I Code Section 14132 (v).~~
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Primary Care Practitioner/Physician (PCP)	A Practitioner/Physician responsible for supervising, coordinating, and providing initial and primary care to Members and serves as the medical home for Members. The PCP is a general practitioner, internist, pediatrician, family practitioner, or obstetrician/gynecologist (OB/GYN). For Members who are Seniors or Persons with Disabilities or eligible for the Whole Child Model, "Primary Care Practitioner" or "PCP" shall additionally mean any Specialty Care Provider who is a Participating Provider and is willing to perform the role of the PCP. A PCP may also be a Non-physician Medical Practitioner (NMP) (e.g., Nurse Practitioner [NP], Nurse Midwife, Physician Assistant [PA]) authorized to provide primary care services under supervision of a physician. For SPD or Whole Child Model beneficiaries, a PCP may also be a Specialty Care Provider or clinic.

Term	Definition
Private Duty Nursing (PDN)	Nursing services provided in a Member's home by a registered nurse (RN) or licensed vocational nurse (LVN), under the direction of a Member's physician, for a Member who requires more individual and continuous care than what would be available from a visiting nurse.
Service Area	The ~~geographical area that DHCS authorizes CalOptima to operate in. A Service Area may include designated ZIP Codes within a~~ county or counties that CalOptima is approved to operate in under the terms of the DHCS contract.
Social Determinants of Health	Economic and social conditions that affect a wide range of health, functioning and quality-of-life outcomes and risks that may affect a member's ability to meet case management goals.
Targeted Case Management	~~Specialized case management services for~~Services which assist Medi-Cal ~~eligible individuals in a defined~~Members within specified target ~~population~~groups to gain access to needed medical, social, educational~~,~~ and other services. In prescribed circumstances, TCM is available as a Medi-Cal benefit as a discrete service, as well as through State or local government entities and their contractors.
Whole-Child Model (WCM)	An organized delivery system established for Medi-Cal eligible CCS children and youth, pursuant to California Welfare & Institutions Code (commencing with Section 14094.4), and that (i) incorporates CCS covered services into Medi-Cal managed care for CCS-eligible Members and (ii) integrates Medi-Cal managed care with specified county CCS program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible conditions.

Policy:	GG.1301
Title:	**Comprehensive Case Management Process**
Department:	Medical Management
Section:	Case Management
CEO Approval:	
Effective Date:	01/01/07
Revised Date:	TBD
Applicable to:	☒ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☐ Administrative

I. PURPOSE

This policy defines the guidelines for Case Management of Members who are enrolled in the Medi-Cal program, by CalOptima or a Health Network.

II. POLICY

A. Complex Case Management is the coordination of care and services provided to a Member who has experienced a critical event, or diagnosis that requires the extensive use of resources, and who needs assistance in facilitating the appropriate delivery of care and services.

B. The goal of Complex Case Management is to help a Member regain optimum health or improve functional capability, in the least restrictive setting and in a cost-effective manner.

1. Complex Case Management is considered an opt-out program; all eligible Members have the right to participate or decline participation.

C. Complex Case Management involves a comprehensive initial assessment and evaluation of a Member's condition, functional capacity, determination of available benefits, resources, cultural and linguistic needs, Social Determinants of Health, and barriers to care. This information is analyzed for meaning and evaluated in a member-centric manner in order to develop and implement an Individual Care Plan (ICP) with prioritized Member goals that are followed up on and monitored for progress.

D. CalOptima shall review and update its Case Management processes and resources to address Member needs, if necessary.

E. CalOptima or a Health Network shall ensure the provision of Case Management for CalOptima Members eligible with the California Children's Services (CCS) Program in accordance with CalOptima Policy GG.1330: Case Management - California Children's Services Whole-Child Model.

F. CalOptima or a Health Network shall ensure the provision of care management and care coordination for Members enrolled in the Health Homes Program in accordance with CalOptima Policy GG.1331: Health Homes Program (HHP) Services and Care Management.

Back to Agenda Back to Item

G. CalOptima or a Health Network shall ensure the provision of Case Management services for Members approved for Private Duty Nursing Services in accordance with CalOptima Policy GG.1352: Private Duty Nursing Care Management.

III. PROCEDURE

A. CalOptima and a Health Network shall identify Members for Complex Case Management utilizing the following data sources:

1. Claims or encounter data;
2. Hospital or discharge data;
3. Pharmacy data;
4. Health information form;
5. Data collected through the utilization management (UM) process;
6. Data supplied by purchasers, such as the Breast and Cervical Cancer Treatment Program;
7. Data supplied by Member or caregiver; and
8. Data supplied by Practitioners.

B. CalOptima or a Health Network shall assess and provide Complex Case Management, as appropriate, to the following Members:

1. A Member who is high-risk, defined as:
    a. A Member who has a medically complex condition, including the most frequently managed conditions; or
    b. High risk groups, that may include, but are not limited to:
        i. Spinal Injuries;
        ii. Transplants;
        iii. Cancer;
        iv. Serious Trauma;
        v. AIDS;
        vi. Multiple chronic illnesses; and
        vii. Chronic illnesses that result in high utilization.
2. A Member who has a complex social situation that affects the medical management of the Member's care;
3. A Member who requires an extensive use of resources; or

4. A Member who has an illness or condition that is severe, and the level of management necessary is very intensive.

C. CalOptima or a Health Network may provide a Member with Care Coordination Case Management, to include an assessment and creation of a care plan, if the Member does not qualify for Complex Case Management but would benefit from case management support. Care Coordination Case Management shall include:

1. Assistance with access to care issues;

2. Health and disease-specific education;

3. Referral to resources; and

4. Coordination of care with all Providers.

D. A Member may be referred to Complex Case Management through:

1. Medical Management program referral;

2. Discharge planner referral;

3. UM referral;

4. Member or caregiver referral;

5. Practitioner referral;

6. Community agency; and

7. Health Network referral.

8. CalOptima shall communicate and provide details on the eligibility criteria and process for referral for case management through the following:

a. Member newsletter;

b. Provider communications, including but not limited to, the Provider newsletter; and

c. Other materials or forums, as appropriate.

9. CalOptima or a Health Network may receive referrals by electronic transmission, telephone, or written correspondence.

E. The Complex Case Management process shall include, but not be limited to:

1. Standardized mechanisms to systematically identify a high-risk Member;

2. Access to Case Management by ensuring multiple avenues for referrals;

3. Process to inform an eligible Member of the right to decline participation in, or disenroll from, Case Management programs and services offered by CalOptima or a Health Network;

4. Complex Case Management system;

5. Documented Case Management process;

6. Initial assessment;

7. Process for providing ongoing Case Management;

8. Coordination of care to ensure provision of all Medically Necessary services;

9. Coordination of Targeted Case Management (TCM) to ensure provision of Medically Necessary services;

10. Coordination of carve-out services;

11. Coordination of PDN nursing in accordance with CalOptima Policy GG.1352: Private Duty Nursing Care Management, if applicable;

12. Coordination of services, both within and outside CalOptima's Service Area;

13. Coordination of long term services and supports (LTSS);

14. Coordination of behavioral health services;

15. Process for evaluating satisfaction with the Case Management program;

16. Process for measuring the effectiveness of Case Management; and

17. Mechanism for identification and referral of quality of care issues to the Quality Improvement (QI) Department.

F. Triage Process

1. Upon receipt of a referral for Case Management, CalOptima or a Health Network shall triage the referral for Case Management as follows:

   a. CalOptima or a Health Network shall triage an urgent referral within one (1) business day after receipt of the referral.

   b. CalOptima or a Health Network shall triage a standard referral within five (5) business days after receipt of the referral.

2. If, upon review of a referral for Care Coordination Case Management or Complex Case Management, CalOptima or a Health Network determines that a Member qualifies for Care Coordination Case Management or Complex Case Management, CalOptima or a Health Network shall:

   a. Contact the Member to obtain consent for Care Coordination Case Management or Complex Case Management services within one (1) business day for an urgent referral and within five (5) business days for a routine referral;

   b. Complete an initial assessment for the Member within thirty (30) calendar days of identification; and

c. Develop an ICP within thirty (30) calendar days of assessment.

G. Initial Member Assessment

1. CalOptima or a Health Network shall conduct a Member's initial assessment and evaluation in the following manner:

   a. Telephone interviews with the Member, the Member's Authorized Representative, or Member's family in accordance with CalOptima privacy and security policies for use and disclosure of health information, and in consultation with the Member. If the Member is unable to participate in the assessment, it may be completed by professionals on the care team, with assistance from the Member's family or caregiver;

   b. Consultation with the Member's PCP, specialist physician, or support staff, as needed;

   c. Review of Medical Records by a case manager, as needed;

   d. Consultation with CalOptima's or Health Networks' staff, as needed; or

   e. Consultation with a community agency, as needed.

2. CalOptima or a Health Network shall include the following in a Member's initial assessment and evaluation for Complex Case Management. CalOptima or a Health Network will document conclusions for each factor individually or in combination and the reasons for not addressing any specified factor (*e.g.,* life-planning in pediatric cases).

   a. Member's current health status, specific to identified health conditions and likely co-morbidities and their status; (e.g., high-risk pregnancy and heart disease, for Members with diabetes), and Member's self-reported health status. Information on the event or diagnosis that led to the Member's eligibility for Case Management, and current medications, including schedules and dosages.

   b. Documentation of clinical history including:

      i. Dates;

      ii. Disease onset;

      iii. Past hospitalizations and major procedures, including surgery;

      iv. Significant past illnesses and treatment history; and

      v. Relevant past medications related to the Member's condition.

      vi. This factor does not require evaluation.

   c. Assessment of Activities of Daily Living (ADL) related to, at a minimum, bathing, dressing, going to the toilet, transferring, feeding and continence. Documentation will reflect reason and type of assistance needed. If the Member needs no assistance with any ADLs, the case notes reflect this (e.g., "Member is fully independent with ADLs.").

   d. Evaluation of the Member's behavioral health status, including cognitive functioning, and the ability to communicate, understand instructions, and process information about their illness as well as the presence of any mental health conditions or substance use disorders.

e. Assessment of Social Determinants of Health that may affect Members' ability to adhere to the care plan such as: economic and social status, social support networks, education and literacy, employment, physical and social environment, personal health practices, coping skills, beliefs and concerns about the condition, or treatment, perceived barriers to meeting treatment requirements, or access to transportation and financial barriers to obtaining treatment (as Social Determinants of Health are a combination of influences, assessment must include more than one (1) Social Determinant of Health).

f. Assessment of the Member's life planning activities, such as wills, living wills, or advance directives, health care powers of attorney, and Physician Orders of Life-Sustaining Treatment (POLST). CalOptima or a Health Network shall provide information on life planning/advance directives to the Member if these preferences are not on record, as appropriate. In the event that life planning activities are not appropriate, documentation must be present to support why the organization did not assess life planning activities.

g. Evaluation of cultural and linguistic needs, preferences, or limitations that may make it difficult to effectively communicate or for the Member to accept specific treatments. This evaluation shall include consideration of cultural health beliefs and practices, preferred languages, health literacy, and other communication needs.

h. Evaluation of visual and hearing needs, preferences, limitations, and characteristics that make it difficult for the care team to communicate effectively with the Member.

i. Evaluation for adequacy of caregiver resources, such as family or other support person involvement-and role in decision making about the care plan. Documentation describes the resources in place, whether they are sufficient for the Member's needs, and notes specific gaps to address, if applicable.

j. Evaluation of available benefits, including the Member's eligibility and pertinent financial information regarding benefits. The assessment shall include a determination of whether the resources available to the Member are adequate to fulfill the treatment plan. Assessed benefits may include:

    i. Benefits covered by CalOptima, the Health Network, and by Providers;

    ii. Services carved-out by CalOptima and Health Networks; and

    iii. Services that supplement those the organization has been contracted to Provider (i.e., Community Mental Health).

k. Evaluation of community resources, including assessments of potential eligibility for community resources that supplement CalOptima resources, such as community mental health, transportation, wellness organizations, support groups, palliative care programs, nutritional support, and other national and community resources that would be helpful and appropriate to the Member's treatment plan.

l. Identification and referral of a Member eligible for community and/or Federal Medicaid Waiver programs, including, but not limited to:

    i. California Children's Services (CCS), as described in CalOptima Policy GG.1101: California Children's Services (CCS) Whole Child Model – Coordination with County CCS Program;

ii. Genetically Handicapped Persons Program (GHPP);

iii. HIV/AIDS Waiver Program;

iv. Home and Community-Based Services (HCBS);

v. Local Educational Agency (LEA);

vi. Regional Center of Orange County (RCOC) ;

vii. In-Home Operations;

viii. Specialty Mental Health Services, as described in CalOptima Policy GG.1103: Specialty Mental Health Services;

ix. OCHCA Tuberculosis Program (Direct Observation Therapy); and

x. Long Term Services and Supports, including:

a) Community-Based Adult Services (CBAS);

b) In-Home Support Services (IHSS); and

c) Multipurpose Senior Services Program (MSSP).

H. Individual Care Plan (ICP) and Ongoing Management

1. A case manager shall develop, implement, and modify a Member's ICP in collaboration with the Member, Member's Provider, and/or their caregiver. A case manager may also develop, implement, and modify a Member's ICP in collaboration with the Member's Authorized Representative, members of the interdisciplinary care team, and/or specialist, when feasible.

2. CalOptima and a Health Network shall include the following elements in a Member's ICP:

a. Prioritized goals using high/low, numeric rank or other similar designation that consider the Member's and caregiver's goals, preferences and desired level of involvement in the Case Management plan, and shall include goals personalized to meet a Member's specific needs, including the following:

i. Timeframe for re-evaluation;

ii. Resources to be utilized, including the appropriate level of care;

iii. Planning for continuity of care, including transition of care and transfers between settings;

iv. Collaborative approaches to be used, including family participation; and

v. Evaluating Member's personal preferences.

b. Identification of barriers to meeting goals, or compliance with ICP:

i. Barrier analysis shall include issues such as language, or literacy, lack of or limited access to reliable transportation, lack of understanding of condition, lack of motivation,

financial or health insurance issues, cultural or spiritual beliefs, hearing, or vision, limits, and psychological impairment.

ii. Documentation of assessment for barriers, even if none identified.

c. Coordination of carved out services and referrals to appropriate community resources and agencies.

d. Facilitation of Member referrals to appropriate resources, and a follow-up process to determine whether Members act on referrals, including referrals to external resources.

e. Development of a schedule for follow-up and communication with a Member, which may include, but not be limited to, counseling, follow-up after referral to a Medical Management program, follow-up after referral to a health resource, and education self-management support.

i. When and how a case manager will follow up with a Member after facilitating a referral to a health resource shall be documented. When follow-up is not appropriate, this determination shall be documented.

ii. Documentation of the next scheduled Member contact and contact method.

f. Development and communication (e.g., orally or written) of a self-management plan that is acknowledged and agreed to by the Member. Self-management plans are actions the Member agrees to take to manage a condition or circumstance. Self-management plans are based on instructions or materials provided to Members or their caregivers. Member self-management plan of activities includes, but is not limited to:

i. Maintaining a prescribed diet;

ii. Charting daily readings (e.g., weight, blood sugar); or

iii. Changing a wound dressing, as directed.

g. Assessment of progress towards meeting Case Management plans and goals and overcoming barriers to care. The process includes reassessing and adjusting the care plans and its goals, as needed.

h. Planning for continuity or transition of care when benefit coverage ends. CalOptima or a Health Network shall:

i. Identify transitioning Members who are receiving approved services, but whose benefit coverage will end while still needing Medically Necessary care;

ii. Identify available community resources and alternative care; and

iii. Notify and educate transitioning Members regarding alternative care and community resources.

3. A Member shall actively participate in the development of his or her ICP, in accordance with his or her individual physical and psychosocial capabilities.

4. CalOptima or a Health Network shall re-evaluate and update a Member's ICP based on the Member's level of complexity and clinical needs.

5. CalOptima and a Health Network shall terminate Complex Case Management for a Member when the Member:

    a. Achieves ICP goals;

    b. Becomes ineligible for Case Management; or

    c. Declines Case Management.

I. Targeted Case Management (TCM)

1. CalOptima and a Health Network may identify and refer a Member to the Orange County Health Care Agency (HCA) for Department of Health Care Services (DHCS) TCM services when the individual falls into one of the identified target populations below, has undergone a CalOptima Case Management assessment, and meets criteria outlined below:

    a. Children under age twenty-one (21).

    b. Medically fragile individuals.

    c. Individuals at risk of institutionalization.

    d. Individuals in jeopardy of negative medical, or psycho-social, outcomes.

    e. Individuals with a communicable disease.

2. CalOptima and a Health Network may identify and refer a Member for DHCS TCM services when the Member meets one (1) or more of the following criteria:

    a. Member is determined to be in need of case management services for non-medical needs.

    b. CalOptima has determined that the Member has demonstrated an on-going inability to access CalOptima services.

    c. CalOptima has determined that Member would benefit from TCM face-to-face case management.

    d. CalOptima has concerns that the Member has an inadequate support system for medical care.

    e. CalOptima has concerns that the Member may have a life skill, social support, or an environmental issue affecting the Member's health and/or successful implementation of the CalOptima care plan.

3. A Member who is referred and not accepted for TCM shall receive comparable Case Management services through CalOptima or a Health Network.

4. CalOptima shall ensure there is no duplication of services for Members who are enrolled in both TCM through the HCA, and complex or care coordination case management through CalOptima or a Health Network.

5. For Members who have both a TCM case manager and a CalOptima or Health Network case manager, the case managers shall share information vital to the care of the Member, which may include information, assessments, and care plans, as needed.

J. CalOptima and a Health Network shall utilize Case Management systems that support Case Management, by utilizing the following methods:

1. MCG evidence-based clinical guidelines or algorithms to guide case managers through assessment and ongoing management of a Member;

2. A documentation process that includes automated notation of the staff members' identification, date and time of entry, and records each action or interaction with the Member, Primary Care Practitioner (PCP), or Provider; and

3. Automated prompts and reminders for next steps and follow-up care and contact scheduled with the Member.

K. CalOptima and a Health Network shall provide Practitioners and Members, or caregivers as applicable, with written information about the Case Management program, to include the following:

1. Instructions to the Practitioner on how to use the Case Management services, and how to refer a Member;

2. Instructions to the Member or caregiver on how to self-refer to the Case Management program; and

3. Information regarding how CalOptima or the Health Network works with a Member in the Case Management program.

L. On an annual basis, CalOptima shall evaluate Member satisfaction with CalOptima's or the Health Network's Case Management program. CalOptima shall use the following to evaluate Member satisfaction:

1. Obtaining Member feedback;

2. Analyzing Member complaints and inquiries; and

3. Reporting the results of the evaluation to the Quality Assurance Committee (QAC).

M. CalOptima shall monitor a Health Network's Case Management program, in accordance with this Policy and CalOptima Policy GG.1619: Delegation Oversight.

IX. GLOSSARY

Term	Definition
Authorized Representative	A person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting *in loco parentis* who have the authority under applicable law to make health care decisions on behalf of unemancipated minors.
California Children's Services (CCS)	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible individuals under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR) Sections 41515.2 through 41518.9.
Case Management	A systematic approach to coordination of care for a Member with special needs and/or complex medical conditions that includes the elements of assessment, care planning, intervention monitoring, and documentation.
Complex Case Management	The systematic coordination and assessment of care and services provided to Members who have experienced a critical event or diagnosis that requires the extensive use of resources and who need help navigating the system to facilitate appropriate delivery of care and services. Complex Case Management includes Basic Case Management.
Complex Case Management Eligible Member	Members who are at high-risk; defined as having medically complex conditions that may include the following but is not limited to: 1. Spinal Injuries; 2. Transplants; 3. Cancer; 4. Serious trauma; 5. AIDS; 6. Multiple chronic illnesses; or 7. Chronic illnesses that result in high utilization. Or Member with a medical condition and a complex social situation that affects the medical management of the Member's care and requires an extensive use of resources.
Health Homes Program (HHP)	All of the California Medicaid State Plan amendments and relevant waivers that DHCS seeks and CMS approves for the provision of HHP services that provide supplemental services to HHP eligible and enrolled Members coordinating the full range of physical health, behavioral health, and community-based LTSS needed for chronic conditions.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Individual Care Plan (ICP)	A plan of care developed after an assessment of the Member's social and health care needs that reflects the Member's resources, understanding of his or her disease process, and lifestyle choices.
Medical Management Program	Disease management programs, utilization management programs, health information lines or similar programs that can identify needs for Complex Case Management and are managed by organization or vendor staff.

Term	Definition
Medically Necessary or Medical Necessity	Medi-Cal: Reasonable and necessary Covered Services to protect life, to prevent significant illness or significant disability, or alleviate severe pain through the diagnosis or treatment of disease, illness, or injury, as required under W&I Code 14059.5(a) and Title 22 CCR Section 51303(a). Medically Necessary services shall include Covered Services necessary to achieve age-appropriate growth and development, and attain, maintain, or regain functional capacity. For Members under 21 years of age, a service is Medically Necessary if it meets the Early and Periodic Screening, Diagnostic and Treatment (EPSDT) standard of medical necessity set forth in Section 1396d(r)(5) of Title 42 of the United States Code, as required by W&I Code 14059.5(b) and W&I Code Section 14132(v). Without limitation, Medically Necessary services for Members under 21 years of age include Covered Services necessary to achieve or maintain age-appropriate growth and development, attain, regain or maintain functional capacity, or improve, support or maintain the Member's current health condition. CalOptima shall determine Medical Necessity on a case-by-case basis, taking into account the individual needs of the child.
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Primary Care Practitioner/Physician (PCP)	A Practitioner/Physician responsible for supervising, coordinating, and providing initial and primary care to Members and serves as the medical home for Members. The PCP is a general practitioner, internist, pediatrician, family practitioner, or obstetrician/gynecologist (OB/GYN). For Members who are Seniors or Persons with Disabilities or eligible for the Whole Child Model, "Primary Care Practitioner" or "PCP" shall additionally mean any Specialty Care Provider who is a Participating Provider and is willing to perform the role of the PCP. A PCP may also be a Non-physician Medical Practitioner (NMP) (e.g., Nurse Practitioner [NP], Nurse Midwife, Physician Assistant [PA]) authorized to provide primary care services under supervision of a physician. For SPD or Whole Child Model beneficiaries, a PCP may also be a Specialty Care Provider or clinic.
Private Duty Nursing (PDN)	Nursing services provided in a Member's home by a registered nurse (RN) or licensed vocational nurse (LVN), under the direction of a Member's physician, for a Member who requires more individual and continuous care than what would be available from a visiting nurse.
Service Area	The county or counties that CalOptima is approved to operate in under the terms of the DHCS contract.
Social Determinants of Health	Economic and social conditions that affect a wide range of health, functioning and quality-of-life outcomes and risks that may affect a member's ability to meet case management goals.
Targeted Case Management	Services which assist Medi-Cal Members within specified target groups to gain access to needed medical, social, educational and other services. In prescribed circumstances, TCM is available as a Medi-Cal benefit as a discrete service, as well as through State or local government entities and their contractors.

Term	Definition
Whole-Child Model (WCM)	An organized delivery system established for Medi-Cal eligible CCS children and youth, pursuant to California Welfare & Institutions Code (commencing with Section 14094.4), and that (i) incorporates CCS covered services into Medi-Cal managed care for CCS-eligible Members and (ii) integrates Medi-Cal managed care with specified county CCS program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible conditions.

Policy:	GG.1313
Title:	**Coordination of Care for Transplant Members**
Department:	Medical Management
Section:	Case Management
CEO Approval:	*/s/*
Effective Date:	01/01/2000
Revised Date:	TBD
Applicable to:	☒ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☐ Administrative

I. PURPOSE

This policy defines the Case Management guidelines for coordination of care by CalOptima and a Health Network for a Member who is a candidate for Bone Marrow Transplant (BMT) or a Solid Organ Transplant.

II. POLICY

A. A Transplant shall be a Covered Service in accordance with CalOptima Policy GG.1105: Coverage of Organ and Tissue Transplants.

B. If a Health Network Member, ~~including~~ a Whole Child Model (WCM) Member, except a Kaiser Member, is identified as a potential candidate for BMT or a Solid Organ Transplant, CalOptima and the Health Network shall provide Case Management of the Member as follows:

1. Referral and Evaluation phase:

   a. CalOptima shall provide Case Management for Covered Services directly related to the Transplant referral and evaluation.

   b. The Health Network shall provide Case Management for all other Covered Services including, but not limited to, the management of ~~ventricular assistive device~~Ventricular Assistive Device (VAD) procedures, ~~dialysis~~Dialysis, and ~~transjugular intrahepatic portosystemic shunt~~Transjugular Intrahepatic Portosystemic Shunt (TIPS) procedures.

2. For Listed, Transplant, and post-Transplant phases (up to three-hundred-sixty-five (365) calendar days post-~~transplant~~Transplant): CalOptima shall provide Case Management for all Covered Services.

C. CalOptima shall be responsible for providing Case Management to a Member who is enrolled in CalOptima Direct, including a WCM Member, and who is identified as a candidate for BMT or a Solid Organ Transplant.

D. Kaiser Foundation Health Plan, Incorporated (Kaiser) shall provide Case Management to a Kaiser Member who is a potential candidate for BMT or a Solid Organ Transplant and shall assist such

Back to Agenda Back to Item

Kaiser Member with coordination of care ~~throughout~~ throughout the Transplant process in accordance with the provisions of Section III.B of this policy.

E. CalOptima shall direct a CalOptima Direct Member or a Health Network Member, except a Kaiser Member, to the appropriate Department of Health Care Services (DHCS~~-~~)-approved Transplant Center, or to a Designated Special Care Center for Members with a California Children's Services (CCS)-Eligible Condition, as ~~needed~~applicable.

1. Kaiser shall direct a Kaiser Member to the appropriate DHCS-approved Transplant Center, as needed~~-~~, or to a Designated Special Care Center for Members with a CCS-Eligible Condition, as applicable.

F. CalOptima shall provide ongoing education, collaboration, and oversight of Health Network case managers performing Case Management to a Member who is a candidate for BMT or a Solid Organ Transplant.

~~G. On or before December 31, 2018, a Member's Health Network and CalOptima shall refer a Member who is less than twenty-one (21) years of age and potentially eligible for a Transplant to California Children Services (CCS) for evaluation and authorization, in accordance with CalOptima Policy GG.1101: California Children's Services. Effective January 1, 2019, CalOptima or a Health Network shall assume responsibility for authorization and payment of CCS-eligible medical services, including transplant services.~~

III. PROCEDURE

A. If a Health Network Member~~,~~ (except a Member enrolled in Kaiser) or CalOptima Direct Member, is identified as a potential candidate for BMT or a Solid Organ Transplant, CalOptima and the Health Network shall provide Case Management of the Member as follows~~:~~:

1. Referral Phase

a. A Provider shall identify a Member as a potential candidate for BMT or a Solid Organ Transplant.

i. If the Member is enrolled in a Health Network, the Provider shall request authorization for Transplant evaluation services ~~to~~from CalOptima in accordance with CalOptima Policies GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers and GG.1508: Authorization and Processing of Referrals, and shall request authorization from the Member's Health Network for all other Covered Services in accordance with requirements set forth by the Health Network.

ii. If the Member is enrolled in CalOptima Direct, the Provider shall request authorization for Covered Services in accordance with CalOptima Policy GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers.

b. If a Health Network receives a request for authorization for a Transplant evaluation:

i. The Health Network shall notify the Provider to request authorization from CalOptima and shall forward the request to CalOptima's ~~Case~~Utilization Management Department within one (1) working day after receipt.

ii. The Health Network case manager shall notify the CalOptima case manager that the Member is a potential candidate for BMT or a Solid Organ Transplant by sending an

Adult Transplant Notification and Request Form by facsimile, to CalOptima's Case Management Department within:

1) Five (5) working days after identifying the Member for Routine Care; and

2) Twenty-four (24) hours or the next working day after identifying the Member for Urgent Care.

iii. The Health Network case manager shall place an introductory call to the Member within:

1) Five (5) working days after opening the case for Routine Care; and

2) Twenty-four (24) hours or the next working day after opening the case for Urgent Care.

iv. The Health Network case manager shall complete an initial assessment and create a care plan appropriate for the Member. The Health Network case manager shall update the assessment and care plan as the Member's status changes.

c. If the Member is enrolled in CalOptima Direct, or if CalOptima receives a request for authorization for a Transplant Evaluation for a Health Network Member:

i. The CalOptima Case Management Department shall open a case for ~~case management~~Case Management.

ii. The CalOptima case manager shall place an introductory call to the Member within:

1) Five (5) working days after opening the case for Routine Care; and

2) Twenty-four (24) hours or the next working day after opening the case for Urgent Care.

iii. After opening a Transplant case to Case Management, the CalOptima case manager shall complete an initial assessment and create a care plan appropriate for the Member. The CalOptima case manager shall update the assessment and care plan as the Member's status changes.

iv. The CalOptima case manager shall mail a Transplant information packet to the Member within five (5) working days after receipt of written notification. The case manager shall contact the Member by telephone within ten (10) working days after mailing the packet to ensure that the Member received the information and to ~~identify~~address any questions or concerns that the Member may have.

v. The CalOptima case manager will coordinate with a DHCS-approved Transplant Center or a Designated Special Care Center for Members with a CCS-Eligible Condition, to facilitate completion of the referral.

2. Evaluation Phase

a. A DHCS-approved Transplant Center or a Designated Special Care Center shall request authorization for ~~transplant~~Transplant evaluation from CalOptima. If the Health Network receives the authorization for a ~~transplant~~Transplant evaluation from the DHCS-approved

Transplant Center, or at a Designated Special Care Center the Health Network shall forward the request to the CalOptima Case Management Department within one (1) working day.

b. The CalOptima ~~Case~~Utilization Management Department shall provide authorization for a Transplant evaluation at the DHCS-approved Transplant Center or at the Designated Special Care Center, as applicable, within the following timeframes:

i. Five (5) working days after receipt of a request and information needed to make a decision regarding Medical Necessity for Routine Care; and

ii. ~~Twenty-four (24~~Seventy-two (72) hours ~~or the next working day after opening the case~~ for Urgent Care.

c. After receipt of the authorization, the DHCS-approved Transplant Center or the Designated Special Care Center shall complete the evaluation required to determine medical suitability, including candidacy and compliance, in order to qualify the Member for BMT or a Solid Organ Transplant.

The CalOptima case manager shall follow-up with the Member as necessary, based on the severity and complexity of the Member's ~~Case~~case, to identify any issues that may prevent the Member from completing the evaluation~~.~~ and to assist

d. ~~If~~ the ~~DHCS-approved Transplant Center is unable to complete~~Member with coordinating the evaluation ~~within the ninety (90) calendar days after the Member's first evaluation appointment, the DHCS-approved Transplant Center shall notify and coordinate with the CalOptima case manager.~~.

e. Upon completion of a Member's evaluation, and approval for listing, the DHCS-approved Transplant Center or a Designated Special Care Center shall submit a Transplant Packet and request for authorization for ~~transplant~~Transplant to CalOptima for review within the following timeframes:

i. Five (5) working days after receipt of a request for Routine Care; and

ii. Twenty-four (24) hours or the next working day after receipt of a request for Urgent Care.

f. CalOptima shall notify the DHCS-approved Transplant Center or the Designated Special Care Center, as applicable, and the Member's Health Network of the outcome of CalOptima's Chief Medical Officer's (CMO) or Designee's review, including CalOptima's approval or denial of the Transplant within the timeframes set forth in the CalOptima Utilization Management (UM) Program.

g. The CalOptima case manager shall verify Member eligibility on a monthly basis and shall notify the Member's Health Network case manager and the DHCS-approved Transplant Center or the Designated Special Care Center, as applicable, of any changes in the Member's eligibility.

3. Listing Phase

a. The Member's Health Network shall immediately notify CalOptima upon identification of a Member who is listed for a Solid Organ Transplant at a DHCS-approved Transplant Center or a Designated Special Care Center or is approved for BMT.

b. Upon notice from a DHCS-approved Transplant Center or a Designated Special Care Center, for a Health Network that a Member is listed for a Solid Organ Transplant or is approved for BMT, the CalOptima case manager shall notify the CalOptima Customer Service Department. The CalOptima Customer Service Department shall transition the Member to CalOptima Direct, effective the first (1st) calendar day of the month after the date CalOptima receives the above notice in accordance with CalOptima Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.

c. The CalOptima case manager shall continue to coordinate with the DHCS-approved Transplant Center or the Designated Special Care Center, as applicable, and authorize Covered Services for the Member, as appropriate.

d. The CalOptima case manager shall follow-up with the Member as necessary, based on the severity and complexity of the Member's case, to coordinate a Member's care and identify any issues which may lead to the Member's listing being placed in Status 7 or to removal from Transplant listing.

4. Transplant Phase and Post-Transplant Phase

a. The CalOptima case manager shall follow the Member's progress during the hospital admission for the Transplant and coordinate with the facility case manager to ensure that all discharge needs are met.

b. Upon the Member's discharge, the CalOptima case manager shall provide ongoing communication with a Member as the severity and complexity of the case requires, but not less than on a monthly basis, to ~~identify~~address any issues and to assist in coordinating follow-up care.

c. CalOptima shall provide ~~case management~~Case Management for three-hundred-sixty-five (365) calendar days after the Transplant.

d. At three-hundred-sixty-five (365) calendar days post ~~transplant~~ Transplant, the CalOptima case manager shall discuss any Member issues with the Member, including selection of a Health Network in accordance with CalOptima Policy DD.2008: Health Network Selection, and shall transition the Member's care to the Member's selected Health Network if the Member wishes to transition to a Health Network.

e. The CalOptima case manager shall close the Member's case upon:

i. The Member's transition to a Health Network; or

ii. When goals are met, or the case meets closure criteria for CalOptima Direct Members.

B. If Kaiser identifies a Kaiser Member as a potential candidate for BMT or a Solid Organ Transplant, Kaiser shall provide Case Management of the Member as follows:

1. Referral Phase

a. Kaiser is responsible for identifying a Kaiser Member as a potential candidate for BMT or a Solid Organ Transplant.

b. The Kaiser case manager shall notify the CalOptima case manager, by submitting a Notification of Transplant Member form, that the Member is a potential Transplant

candidate within five (5) working days after the Member is identified and shall open the case to ~~case management~~Case Management.

c. After opening a Transplant case to Case Management, the Kaiser case manager shall:

i. Place an introductory call to the ~~member~~Member within:

1) Five (5) working days after opening the case for Routine Care; and

2) Twenty-four (24) hours or the next working day after opening the case for Urgent Care.

ii. Complete an initial assessment and create a care plan appropriate for the Member;

iii. Update the assessment and care plan as the Member's status changes; and

iv. Notify the CalOptima case manager, in writing, of any significant changes in the Member's status.

d. The CalOptima case manager shall update the medical management system and complete the ~~transplant~~Transplant reporting script for Kaiser ~~transplants~~Transplants on a monthly basis.

e. The Kaiser case manager shall mail a Transplant information packet to the Member within five (5) working days after notification. The case manager shall place a follow-up call to the Member ten (10) days after mailing the packet to ensure that the Member received the packet and to ~~identify~~address any questions or concerns that the Member may have.

2. Evaluation Phase

a. Kaiser shall direct a Kaiser Member identified as a potential candidate for BMT or a Solid Organ Transplant to a DHCS-approved Transplant Center or a Designated Special Care Center, as applicable, for evaluation.

b. Kaiser shall provide authorization to a DHCS-approved Transplant Center or a Designated Special Care Center, as applicable, in order to ensure that the DHCS-approved Transplant Center or the Designated Special Care Center completes the Transplant evaluation.

~~i. If If Kaiser receives notice from a DHCS-approved Transplant Center that the DHCS-approved Transplant Center is unable to complete the Transplant evaluation within ninety (90) calendar days after the Member's first (1st) appointment at the DHCS-approved Transplant Center, Kaiser shall submit a request for an extension to CalOptima.~~

~~1) Kaiser shall submit the request for an extension to CalOptima, by facsimile, no later than five (5) calendar days prior to the expiration of the required timeframe or a previously granted extension.~~

~~2) CalOptima shall review the extension request and shall notify Kaiser of its determination within five (5) working days after receipt of such request.~~

~~3) If CalOptima approves a request for extension, such extension shall be valid for thirty (30) calendar days. CalOptima may approve up to three (3) extension requests per evaluation.~~

~~4) CalOptima's CMO or Designee shall have final authority over extension determinations.~~

~~ii. If Kaiser fails to complete a Transplant Evaluation within ninety (90) calendar days after the Member's first (1st) appointment at the DHCS-approved Transplant Center or within the timeframes granted by extension, CalOptima may:~~

~~1) Place the case on Administrative Hold until an evaluation is completed; or~~

~~2) Impose Sanctions on Kaiser for non-compliance in accordance with CalOptima Policy HH.2002: Sanctions.~~

c. ~~If a DHCS-approved Transplant~~ a DHCS-approved Transplant Center or a Designated Special Care Center places a Kaiser Member on Transplant Center Hold, the Kaiser case manager shall contact the CalOptima case manager with the Member's status including reason for the Transplant Center Hold and Kaiser's plan of action to resolve the issue. The CalOptima case manager shall document this information in the Transplant database.

d. Upon completion of the Transplant evaluation, Kaiser shall review the Transplant Packet and approve or deny the ~~transplant~~Transplant in pursuant to timeframes set forth in the CalOptima UM Program.

~~e. Kaiser shall submit to CalOptima's CMO or Designee the transplant packet and outcome of its review, indicating if the requested Transplant is approved or denied, and the reasons for such determination:~~

~~i. Within one (1) working day after Kaiser renders such determination, or~~

~~ii. On the same day of receipt of a request for Urgent Care.~~

~~f. CalOptima's CMO or Designee shall review Kaiser's UM decision. If CalOptima's CMO or Designee does not agree with Kaiser's UM decision:~~

~~i. CalOptima shall notify Kaiser of the outcome of its review, indicating if the Transplant is approved or denied, within the timeframes set forth in the CalOptima UM Program.~~

~~If CalOptima's CMO or Designee does not agree with Kaiser UM decision, CalOptima shall notify Kaiser, in writing, of its decision to overrule Kaiser's UM decision within one (1) working day after making such determination.~~

~~g.~~f. The Kaiser case manager shall follow-up with the Member as the severity and complexity of the case requires, but not less than on a monthly basis, to ~~identify~~address any issues that may prevent the Member from completing the Transplant evaluation.

3. Listing Phase

a. The Kaiser case manager shall continue to coordinate with the DHCS-approved Transplant Center or the Designated Special Care Center for a Member who is in the listed phase or who is in Status 7 and shall authorize Covered Services related to the Transplant and the medical management of the Member.

4. Transplant Phase and Post-Transplant Phase

a. The Kaiser case manager shall follow a Member's progress during the Member's hospital admission for the Transplant, coordinate with the DHCS-approved Transplant Center's case manager or the Designated Special Care Center's case manager, to ensure that all discharge needs are met, and notify CalOptima of the Member's Transplant date within three (3) working days after the date of Transplant.

b. The Kaiser case manager shall continue to coordinate with the DHCS-approved Transplant Center or with the Designated Special Care Center and provide authorizations as needed for follow-up care.

c. The Kaiser case manager shall provide ongoing ~~case management~~Case Management of a Member as the complexity and severity of the case requires, but not less than once monthly, for three hundred sixty-five (365) calendar days after the Transplant.

d. The Kaiser case manager shall notify the CalOptima case manager, in writing, within five (5) working days after closing a case.

5. Kaiser shall submit reports to CalOptima in accordance with CalOptima Policy GG.1308: Monitoring Health Network Compliance via Case Management Reports.

IX. GLOSSARY

Term	Definition
Administrative Hold	A cease in reimbursement by CalOptima for Covered Services related to a Transplant evaluation to a Health Network pending resolution of administrative issues. CalOptima's Transplant Committee reviews all Administrative Hold cases on an individual basis.
Bone Marrow Transplant (BMT)	A procedure in which a patient's bone marrow is destroyed by chemotherapy or radiotherapy and replaced with new bone marrow from a Donor. The Donor may be the patient, a sibling with human histocompatibility antigens (HL-A) identical to the patient's, or a matched unrelated ~~donor~~Donor (MUD) with human histocompatibility antigens (HL-A) that meet Department of Health Care Services (DHCS) standards.
California Children Services Program (CCS)	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible individuals under the age of twenty-one (21) years who have CCS-eligible conditions, as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.
California Children Services (CCS) Eligible Conditions	Chronic medical conditions, including but not limited to, cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries and infectious disease producing major sequelae as defined in Title 22, California Code of Regulations sections 41515.2 through 41518.9.
CalOptima Direct	A direct health care program operated by CalOptima that includes both COD- Administrative (COD-A) and CalOptima Community Network (CCN) and provides services to Members who meet certain eligibility criteria as described in Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.
Case Management	A systematic approach to coordination of care for a patient with special needs and or complex medical conditions that includes the elements of assessment, care planning, interventions monitoring, and documentation.
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program~~,~~ (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301~~,~~), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with ~~Section 6840, which~~ section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), ~~and~~ speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), ~~which~~ and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127), for HHP Members with eligible physical chronic conditions and substance use disorders, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members not~~-~~withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.

Term	Definition
Designated Special Care Center	Centers that provide comprehensive, coordinated health care to California Children's Services (CCS) and Genetically Handicapped Persons Program (GHPP) clients with specific medical conditions.
Designee	A person selected or designated to carry out a duty or role. The assigned ~~designee~~Designee is required to be in management or hold the appropriate qualifications or certifications related to the duty or role.
Department of Health Care Services (DHCS)	The single State Department responsible for administration of the Medi-Cal program, California Children Services (CCS), Genetically Handicapped Persons Program (GHPP), Child Health and Disabilities Prevention (CHDP), and other health related programs.
DHCS-approved Transplant Center	A facility that is approved by the Department of Health Care Services (DHCS) to provide specific Transplant services. For renal ~~transplants~~Transplants, a DHCS-approved Transplant Center is a facility that: 1. Is certified for, and participates in, the Medicare program; and 2. Meets standards established by DHCS and is certified by DHCS to participate in the Medi-Cal program.
Dialysis	A medical procedure to remove wastes or toxins from the blood and adjust fluid and electrolyte imbalances. This is a procedure often performed on individuals with extremely poor kidney function.
Donor	An individual who undergoes a surgical operation for the purpose of donating a body organ or human tissue or cells for Transplant. For a BMT, the Donor may be the patient, a sibling with human histocompatibility antigens (HL-A) identical to the patient's, or a matched unrelated ~~donor~~Donor (MUD) with human histocompatibility antigens (HL-A) that meet DHCS standards.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Health Network Member	A Member who is enrolled in~~,~~ or receives all Covered Services from a Health Network.
Kaiser Member	A Member who is enrolled in, or receives all Covered Services, from Kaiser Foundation Health Plan.
Medically Necessary or Medical Necessity	Reasonable and necessary Covered Services to protect life, to prevent significant illness or significant disability, or alleviate severe pain through the diagnosis or treatment of disease, illness, or injury, as required under W&I Code 14059.5(a) and Title 22 CCR Section 51303(a). Medically Necessary services shall include Covered Services necessary to achieve age-appropriate growth and development, and attain, maintain, or regain functional capacity. For Members under 21 years of age, a service is Medically Necessary if it meets the Early and Periodic Screening, Diagnostic and Treatment (EPSDT) standard of medical necessity set forth in Section 1396d(r)(5) of Title 42 of the United States Code, as required by W&I Code 14059.5(b) and W&I Code Section 14132(v). Without limitation, Medically Necessary services for Members under 21 years of age include Covered Services necessary to achieve or maintain age-appropriate growth and development, attain, regain or maintain functional capacity, or improve, support or maintain the Member's current health condition. CalOptima shall determine

Term	Definition
	Medical Necessity on a case-by-case basis, taking into account the individual needs of the child.
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Routine Care	Planned specialized intervention for health care needs. Routine authorization requests must meet this criterion.
Solid Organ Transplant	A Transplant for: 1. Heart; 2. Heart and lung; 3. Lung; 4. Liver; 5. Small bowel; 6. Kidney; 7. Combined liver and kidney; 8. Combined liver and small bowel; and 9. Combined kidney and pancreas.
Status 7	Temporarily unsuitable for Transplant according to the DHCS-approved Transplant Center.
Transjugular ~~intrahepatic portosystemic shunt~~Intrahepatic Portosystemic Shunt (TIPS)	A surgically created connection within the liver between the portal and systemic circulations. A TIPS is placed to reduce portal pressure in patients with complications related to portal hypertension.
Transplant	A non-experimental procedure for human tissue or organ ~~transplant~~Transplant.
Transplant Center Hold	Temporarily unsuitable for the evaluation process according to the DHCS-approved Transplant Center.
Transplant Packet	All clinical information related to the evaluation process of a Member who has completed his or her Transplant work-up.
Urgent Care	~~Care that is needed for an unexpected illness or injury and the service cannot be delayed. Urgent authorization requests must meet this criterion.~~An episodic physical or mental condition perceived by a managed care beneficiary as serious but not life threatening the disrupts normal activities of daily living and requires assessment by a health care provider and if necessary, treatment within 24-72 hours.
Ventricular Assistive Device (VAD)	A mechanical pump that is utilized to assist the heart to pump blood through the body.
Whole-Child Model (WCM)	An organized delivery system established for Medi-Cal eligible CCS children and youth, pursuant to California Welfare & Institutions Code (commencing with Section 14094.4), and that (i) incorporates CCS covered services into Medi-Cal managed care for CCS-eligible Members and (ii) integrates Medi-Cal managed care with specified county CCS program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible conditions.

I. PURPOSE

This policy defines the Case Management guidelines for coordination of care by CalOptima and a Health Network for a Member who is a candidate for Bone Marrow Transplant (BMT) or a Solid Organ Transplant.

II. POLICY

A. A Transplant shall be a Covered Service in accordance with CalOptima Policy GG.1105: Coverage of Organ and Tissue Transplants.

B. If a Health Network Member, including a Whole Child Model (WCM) Member, except a Kaiser Member, is identified as a potential candidate for BMT or a Solid Organ Transplant, CalOptima and the Health Network shall provide Case Management of the Member as follows:

1. Referral and Evaluation phase:

   a. CalOptima shall provide Case Management for Covered Services directly related to the Transplant referral and evaluation.

   b. The Health Network shall provide Case Management for all other Covered Services including, but not limited to, the management of Ventricular Assistive Device (VAD) procedures, Dialysis, and Transjugular Intrahepatic Portosystemic Shunt (TIPS) procedures.

2. For Listed, Transplant, and post-Transplant phases (up to three-hundred-sixty-five (365) calendar days post-Transplant): CalOptima shall provide Case Management for all Covered Services.

C. CalOptima shall be responsible for providing Case Management to a Member who is enrolled in CalOptima Direct, including a WCM Member, and who is identified as a candidate for BMT or a Solid Organ Transplant.

D. Kaiser Foundation Health Plan, Incorporated (Kaiser) shall provide Case Management to a Kaiser Member who is a potential candidate for BMT or a Solid Organ Transplant and shall assist such Kaiser Member with coordination of care throughout the Transplant process in accordance with the provisions of Section III.B of this policy.

Back to Agenda Back to Item

E. CalOptima shall direct a CalOptima Direct Member or a Health Network Member, except a Kaiser Member, to the appropriate Department of Health Care Services (DHCS)-approved Transplant Center, or to a Designated Special Care Center for Members with a California Children's Services (CCS)-Eligible Condition, as applicable.

1. Kaiser shall direct a Kaiser Member to the appropriate DHCS-approved Transplant Center, as needed, or to a Designated Special Care Center for Members with a CCS-Eligible Condition, as applicable.

F. CalOptima shall provide ongoing education, collaboration, and oversight of Health Network case managers performing Case Management to a Member who is a candidate for BMT or a Solid Organ Transplant.

III. PROCEDURE

A. If a Health Network Member (except a Member enrolled in Kaiser) or CalOptima Direct Member, is identified as a potential candidate for BMT or a Solid Organ Transplant, CalOptima and the Health Network shall provide Case Management of the Member as follows:

1. Referral Phase

a. A Provider shall identify a Member as a potential candidate for BMT or a Solid Organ Transplant.

i. If the Member is enrolled in a Health Network, the Provider shall request authorization for Transplant evaluation services from CalOptima in accordance with CalOptima Policies GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers and GG.1508: Authorization and Processing of Referrals, and shall request authorization from the Member's Health Network for all other Covered Services in accordance with requirements set forth by the Health Network.

ii. If the Member is enrolled in CalOptima Direct, the Provider shall request authorization for Covered Services in accordance with CalOptima Policy GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers.

b. If a Health Network receives a request for authorization for a Transplant evaluation:

i. The Health Network shall notify the Provider to request authorization from CalOptima and shall forward the request to CalOptima's Utilization Management Department within one (1) working day after receipt.

ii. The Health Network case manager shall notify the CalOptima case manager that the Member is a potential candidate for BMT or a Solid Organ Transplant by sending an Adult Transplant Notification and Request Form by facsimile, to CalOptima's Case Management Department within:

1) Five (5) working days after identifying the Member for Routine Care; and

2) Twenty-four (24) hours or the next working day after identifying the Member for Urgent Care.

iii. The Health Network case manager shall place an introductory call to the Member within:

1) Five (5) working days after opening the case for Routine Care; and

2) Twenty-four (24) hours or the next working day after opening the case for Urgent Care.

iv. The Health Network case manager shall complete an initial assessment and create a care plan appropriate for the Member. The Health Network case manager shall update the assessment and care plan as the Member's status changes.

c. If the Member is enrolled in CalOptima Direct, or if CalOptima receives a request for authorization for a Transplant Evaluation for a Health Network Member:

i. The CalOptima Case Management Department shall open a case for Case Management.

ii. The CalOptima case manager shall place an introductory call to the Member within:

1) Five (5) working days after opening the case for Routine Care; and

2) Twenty-four (24) hours or the next working day after opening the case for Urgent Care.

iii. After opening a Transplant case to Case Management, the CalOptima case manager shall complete an initial assessment and create a care plan appropriate for the Member. The CalOptima case manager shall update the assessment and care plan as the Member's status changes.

iv. The CalOptima case manager shall mail a Transplant information packet to the Member within five (5) working days after receipt of written notification. The case manager shall contact the Member by telephone within ten (10) working days after mailing the packet to ensure that the Member received the information and to address any questions or concerns that the Member may have.

v. The CalOptima case manager will coordinate with a DHCS-approved Transplant Center or a Designated Special Care Center for Members with a CCS-Eligible Condition, to facilitate completion of the referral.

2. Evaluation Phase
