Welcome to CalOptima Health!

Thank you for joining CalOptima Health. CalOptima Health is a health plan for people who have Medi-Cal. CalOptima Health works with the State of California to help you get the health care you need. CalOptima Health contracts with health networks to coordinate your care. A health network is a group of doctors, hospitals and other providers who work with CalOptima Health. You will need to choose a health network and a primary care provider (PCP). Your PCP must be contracted with your health network. You can choose the same health network and PCP for all your family members eligible with Medi-Cal, or you can choose different health networks and PCPs.

Member Handbook

This Member Handbook tells you about your coverage under CalOptima Health. Please read it carefully and completely. It will help you understand your benefits, the services available to you, and how to get the care you need. It also explains your rights and responsibilities as a member of CalOptima Health. If you have special health needs, be sure to read all sections that apply to you.

This Member Handbook is also called the Combined Evidence of Coverage (EOC) and Disclosure Form. This EOC and Disclosure Form constitutes only a summary of the health plan. Students who move to a new county or out of California

You can get emergency care and urgent care anywhere in the United States, including the United States Territories. Routine and preventive care are covered only in your county of residence. If you are a student who moves to a new county in California to attend higher education, including college, CalOptima Health will cover emergency room and urgent care services in your new county. You can also get routine or preventive care in your new county, but you must notify CalOptima Health. Read more below.

If you are enrolled in Medi-Cal and are a student in a different county from the California county where you live, you do not need to apply for Medi-Cal in that county.

If you temporarily move away from home to be a student in another county in California, you have two choices. You can:

- Tell your eligibility worker at the Orange County Social Services Agency that you are temporarily moving to attend a school for higher education and give them your address in the new county. The county will update the case records with your new address and county code. You must do this if you want to keep getting routine or preventive care while you live in a new county. If CalOptima Health does not serve the county where you will attend college, you might have to change health plans. CalOptima Health is a health plan for people who have Medi-Cal in Orange County, California. For questions and to prevent delay in joining a new health plan, call Health Care Options at 1-800-430-4263 (TTY 1-800-430-7077 or 711).

Or

- If CalOptima Health does not serve the new county where you attend college, and you do not change your health plan to one that serves that county, you will only get emergency room and urgent care services for some conditions in the new county. To learn more, read Chapter 3, "How to get care." For routine or preventive health care, you would need to use the CalOptima Health network of providers located in Orange County, California.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**.

CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m.

The call is free. Or call the California Relay Line at **711**. Visit online at

www.caloptima.org.

If you are leaving California temporarily to be a student in another state and you want to keep your Medi-Cal coverage, contact your eligibility worker at the Orange County Social Services Agency. As long as you qualify, Medi-Cal will cover emergency services and urgent care in another state. Medi-Cal will also cover emergency care that requires hospitalization in Canada and Mexico.

Routine and preventive care services, including prescription drugs relating to these services, are not covered when you are outside of California. You will not qualify for Medi-Cal coverage for those out-of-state services. CalOptima Health will not pay for your health care. If you want Medicaid in another state, you will need to apply in that state. Medi-Cal does not cover emergency, urgent, or any other health care services outside of the United States, except for emergency care requiring hospitalization in Canada and Mexico as noted in Chapter 3.

Continuity of care

Continuity of care for an out-of-network provider

As a member of CalOptima Health, you will get your health care from providers in CalOptima Health's network. To find out if a health care provider is in the CalOptima Health network, read the Provider Directory on the CalOptima Health website at **www.caloptima.org**. Providers not listed in the directory may not be in the CalOptima Health network.

In some cases, you might be able to get care from providers who are not in the CalOptima Health network. If you were required to change your health plan or to switch from FFS Medi-Cal to managed care, or you had a provider who was in network but is now outside the network, you might be able to keep your provider even if they are not in the CalOptima Health network. This is called continuity of care.

If you need to get care from a provider who is outside the network, call CalOptima Health to ask for continuity of care. You may be able to get continuity of care for up to 12 months or more if all of these are true:

- You have an ongoing relationship with the out-of-network provider before enrollment in CalOptima Health
- You went to the out-of-network provider for a non-emergency visit at least once during the 12 months before your enrollment with CalOptima Health
- The out-of-network provider is willing to work with CalOptima Health and agrees to CalOptima Health's contract requirements and payment for services

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

- The out-of-network provider meets CalOptima Health's professional standards
- The out-of-network provider is enrolled and participating in the Medi-Cal program

To learn more, call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**).

If your providers do not join the CalOptima Health network by the end of 12 months, do not agree to CalOptima Health payment rates, or do not meet quality of care requirements, you will need to change to providers in the CalOptima Health network. To discuss your choices, call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**).

CalOptima Health is not required to provide continuity of care for an out-of-network provider for certain ancillary (supporting) services such as radiology, laboratory, dialysis centers, or transportation. You will get these services with a provider in CalOptima Health's network.

To learn more about continuity of care and if you qualify, call Customer Service.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

Completion of covered services from an out-of-network provider

As a member of CalOptima Health, you will get covered services from providers in CalOptima Health's network. If you are being treated for certain health conditions at the time you enrolled with CalOptima Health or at the time your provider left CalOptima Health's network, you might also still be able to get Medi-Cal services from an out-of-network provider.

You might be able to continue care with an out-of-network provider for a specific time period if you need covered services for these health conditions:

Health condition	Time period
Acute conditions (a medical issue that needs fast attention)	For as long as your acute condition lasts
Serious chronic physical and behavioral conditions (a serious health care issue you have had for a long time)	For up to 12 months from the coverage start or the date the provider's contract ends with CalOptima Health
Pregnancy and postpartum (after birth) care	During your pregnancy and up to 12 months after the end of pregnancy
Maternal mental health services	For up to 12 months from the diagnosis or from the end of your pregnancy, whichever is later
Care of a newborn child between birth and 36 months old	For up to 12 months from the start date of the coverage or the date the provider's contract ends with CalOptima Health
Terminal illness (a life-threatening medical issue)	For as long as your illness lasts. You may still get services for more than 12 months from the date you enrolled with CalOptima Health or the time the provider stops working with CalOptima Health
Performance of a surgery or other medical procedure from an out-of-network provider as long as it is covered, medically necessary, and authorized by CalOptima Health as part of a documented course of treatment and recommended and documented by the provider	The surgery or other medical procedure must take place within 180 days of the provider's contract termination date or 180 days from the effective date of your enrollment with CalOptima Health

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

For other conditions that might qualify, call CalOptima Health's Customer Service.

If an out-of-network provider is not willing to keep providing services or does not agree to CalOptima Health's contract requirements, payment, or other terms for providing care, you will not be able to get continued care from the provider. You may be able to keep getting services from a different provider in CalOptima Health's network.

For help choosing a contracted provider to continue with your care or if you have questions or problems getting covered services from a provider who is no longer in CalOptima Health's network, call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**).

CalOptima Health is not required to provide continuity of care for services Medi-Cal does not cover or that are not covered under CalOptima Health's contract with DHCS. To learn more about continuity of care, eligibility, and available services, call Customer Service.

Costs

Member costs

CalOptima Health serves people who qualify for Medi-Cal. In most cases, CalOptima Health members do not have to pay for covered services, premiums, or deductibles.

If you are an American Indian, you do not have to pay enrollment fees, premiums, deductibles, co-pays, cost sharing, or other similar charges. CalOptima Health must not charge any American Indian member who gets an item or service directly from an IHCP or through a referral to an IHCP or reduce payments due to an IHCP by the amount of any enrollment fee, premium, deductible, copayment, cost sharing, or similar charge.

If you are enrolled in the County Children's Health Initiative Program (CCHIP) in Santa Clara, San Francisco, or San Mateo counties or are enrolled in Medi-Cal for Families, you might have a monthly premium and co-pays.

Except for emergency care, urgent care, or sensitive care, you must get pre-approval (prior authorization) from CalOptima Health before you visit a provider outside the CalOptima Health network. If you do not get pre-approval (prior authorization) and you go to a provider outside the network for care that is not emergency care, urgent care, or sensitive care, you might have to pay for care you got from that provider. For a list of covered services, read Chapter 4, "Benefits and services" in this handbook. You can also find the Provider Directory on the CalOptima Health website at **www.caloptima.org**.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**.

The call is free. Or call the California Relay Line at **711**. Visit online at

www.caloptima.org.

For members with long-term care and a share of cost

You might have to pay a share of cost each month for your long-term care services. The amount of your share of cost depends on your income. Each month, you will pay your own health care bills, including but not limited, to Long-Term Services and Supports (LTSS) bills, until the amount you have paid equals your share of cost. After that, CalOptima Health will cover your long-term care for that month. You will not be covered by CalOptima Health until you have paid your entire long-term care share of cost for the month.

How a provider gets paid

CalOptima Health pays providers in these ways:

- Capitation payments
 - CalOptima Health pays some providers a set amount of money every month for each CalOptima Health member. This is called a capitation payment. CalOptima Health and providers work together to decide on the payment amount.
- FFS payments
 - Some providers give care to CalOptima Health members and send CalOptima Health a bill for the services they provided. This is called an FFS payment. CalOptima Health and providers work together to decide how much each service costs.
- Financial Incentives
 - A health network may have a Physician Incentive Plan that may include financial incentives. Incentive plans do not affect your health care. You may ask for information on incentive plans from CalOptima Health.

To learn more about how CalOptima Health pays providers, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**).

If you get a bill from a health care provider

Call Customer Service right away at **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). CalOptima Health will help you figure out if the bill is correct.

TTY users can call **711**, Monday through Friday, 8 a.m. to 5 p.m. You can also go to the Medi-Cal Rx website at <https://medi-calrx.dhcs.ca.gov/home/>.

Asking CalOptima Health to pay you back for expenses

If you paid for services that you already got, you might qualify to be reimbursed (paid back) if you meet **all** of these conditions:

- The service you got is a covered service that CalOptima Health is responsible for paying. CalOptima Health will not reimburse you for a service that CalOptima Health does not cover.
- You got the covered service while you were an eligible CalOptima Health member.
- You ask to be paid back within one year from the date you got the covered service.
- You show proof that you, or someone on your behalf, paid for the covered service, such as a detailed receipt from the provider.
- You got the covered service from a Medi-Cal enrolled provider in CalOptima Health's network. You do not need to meet this condition if you got emergency care, family planning services, or another service that Medi-Cal allows out-of-network providers to perform without pre-approval (prior authorization).
- If the covered service normally requires pre-approval (prior authorization), you need to give proof from the provider that shows a medical need for the covered service.

If you meet all of the above conditions, the Medi-Cal-enrolled provider should pay you back for the full amount you paid. If the provider refuses to pay you back, CalOptima Health will pay you back for the full amount you paid. We must reimburse you within 120 working days of receipt of the claim.

If the provider is enrolled in Medi-Cal but is not in the CalOptima Health network and refuses to pay you back, CalOptima Health will pay you back, but only up to the amount that FFS Medi-Cal would pay. CalOptima Health will pay you back for the full out-of-pocket amount for emergency services, family planning services, or another service that Medi-Cal allows to be provided by out-of-network providers without pre-approval (prior authorization). If you do not meet one of the above conditions, CalOptima Health will not pay you back.

CalOptima Health will not pay you back if:

- You asked for and got services that are not covered by Medi-Cal, such as cosmetic services
- The service is not a covered service for CalOptima Health
- You have an unmet Medi-Cal share of cost
- You went to a doctor who does not take Medi-Cal and you signed a form that said you want to be seen anyway and you will pay for the services yourself
- You have Medicare Part D co-pays for prescriptions covered by your Medicare Part D plan.

3. How to get care

Getting health care services

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

You can start getting health care services on your effective date of enrollment in CalOptima Health. Always carry with you your CalOptima Health Identification (ID) card, Medi-Cal Benefits Identification Card (BIC), and any other health insurance cards. Never let anyone else use your BIC card or CalOptima Health ID card.

New members with only Medi-Cal coverage must choose a primary care provider (PCP) in the CalOptima Health network. New members with both Medi-Cal and comprehensive other health coverage do not have to choose a PCP.

The CalOptima Health network is a group of doctors, hospitals, and other providers who work with CalOptima Health. You must choose a PCP within 30 days from the time you become a member of CalOptima Health. If you do not choose a PCP, CalOptima Health will choose one for you.

You can choose the same PCP or different PCPs for all family members in CalOptima Health, as long as the PCP is available.

If you have a doctor you want to keep, or you want to find a new PCP, go to the Provider Directory for a list of all PCPs and other providers in the CalOptima Health network. The Provider Directory has other information to help you choose a PCP. If you need a Provider Directory, call **1-714-246-8500** or toll free at **1-888-587-8088 (TTY 711)**. You can also find the Provider Directory on the CalOptima Health website at **www.caloptima.org**.

If you cannot get the care you need from a participating provider in the CalOptima Health network, your PCP or specialist in CalOptima Health's network must ask CalOptima Health for approval to send you to an out-of-network provider. This is called a referral. You do not need a referral to go to an out-of-network provider to get sensitive care services listed under the heading "Sensitive care" later in this chapter.

Read the rest of this chapter to learn more about PCPs, the Provider Directory, and the provider network.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

The Medi-Cal Rx program administers outpatient prescription drug coverage. To learn more, read “Other Medi-Cal programs and services” in Chapter 4.

Primary care provider (PCP)

Your primary care provider (PCP) is the licensed provider you go to for most of your health care. Your PCP also helps you get other types of care you need. You must choose a PCP within 30 days of enrolling in CalOptima Health. Depending on your age and sex, you can choose a general practitioner, OB/GYN, family practitioner, internist, or pediatrician as your PCP.

A nurse practitioner (NP), physician assistant (PA), or certified nurse midwife can also act as your PCP. If you choose an NP, PA, or certified nurse midwife, you can be assigned a doctor to oversee your care. If you are in both Medicare and Medi-Cal, or if you also have other comprehensive health care insurance, you do not have to choose a PCP.

You can choose an Indian Health Care Provider (IHCP), Federally Qualified Health Center (FQHC), or Rural Health Clinic (RHC) as your PCP. Depending on the type of provider, you might be able to choose one PCP for yourself and your other family members who are members of CalOptima Health, as long as the PCP is available.

Note: American Indians can choose an IHCP as their PCP, even if the IHCP is not in the CalOptima Health network.

If you do not choose a PCP within 30 days of enrollment, CalOptima Health will assign you to a PCP. If you are assigned to a PCP and want to change, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). The change happens the first day of the next month.

Your PCP will:

- Get to know your health history and needs
- Keep your health records
- Give you the preventive and routine health care you need
- Refer you to a specialist if you need one
- Arrange for hospital care if you need it

You can look in the Provider Directory to find a PCP in the CalOptima Health network. The Provider Directory has a list of IHCPs, FQHCs, and RHCs that work with CalOptima Health.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

You can find the CalOptima Health Provider Directory online at **www.caloptima.org**. Or you can request a Provider Directory to be mailed to you by calling **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). You can also call to find out if the PCP you want is taking new patients.

Choice of doctors and other providers

You know your health care needs best, so it is best if you choose your PCP. It is best to stay with one PCP so they can get to know your health care needs. However, if you want to change to a new PCP, you can change anytime. You must choose a PCP who is in the CalOptima Health provider network and is taking new patients.

Your new choice will become your PCP on the first day of the next month after you make the change.

To change your PCP, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). You can also access our secure online member portal at **www.caloptima.org** to change your health network or PCP.

CalOptima Health can change your PCP if the PCP is not taking new patients, has left the CalOptima Health network, does not give care to patients your age, or if there are quality concerns with the PCP that are not resolved. CalOptima Health or your PCP might also ask you to change to a new PCP if you cannot get along with or agree with your PCP, or if you miss or are late to appointments. If CalOptima Health needs to change your PCP, CalOptima Health will tell you in writing.

If your PCP changes, you will get a letter and new CalOptima Health member ID card in the mail. It will have the name of your new PCP. Call Customer Service if you have questions about getting a new ID card.

Some things to think about when picking a PCP:

- Does the PCP take care of children?
- Does the PCP work at a clinic I like to use?
- Is the PCP's office close to my home, work, or my children's school?
- Is the PCP's office near where I live and is it easy to get to the PCP's office?
- Do the doctors and staff speak my language?
- Does the PCP work with a hospital I like?
- Does the PCP provide the services I need?
- Do the PCP's office hours fit my schedule?
- Does the PCP work with specialists I use?

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

Initial Health Appointment (IHA)

CalOptima Health recommends that, as a new member, you visit your new PCP within 120 days for your first health appointment, called an Initial Health Appointment (IHA). The purpose of the first health appointment is to help your PCP learn your health care history and needs. Your PCP might ask you questions about your health history or may ask you to complete a questionnaire. Your PCP will also tell you about health education counseling and classes that can help you.

When you call to schedule your first health appointment, tell the person who answers the phone that you are a member of CalOptima Health. Give your CalOptima Health ID number.

Take your Medi-Cal BIC card and CalOptima Health ID card to your appointment. It is a good idea to take a list of your medicine and questions with you to your visit. Be ready to talk with your PCP about your health care needs and concerns.

Be sure to call your PCP's office if you are going to be late or cannot go to your appointment.

If you have questions about your first health appointment, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**).

Routine care

Routine care is regular health care. It includes preventive care, also called wellness or well care. It helps you stay healthy and helps keep you from getting sick. Preventive care includes regular check-ups, screenings, immunizations, health education, and counseling.

CalOptima Health recommends that children, especially, get regular routine and preventive care. CalOptima Health members can get all recommended early preventive services recommended by the American Academy of Pediatrics and the Centers for Medicare and Medicaid Services. These screenings include hearing and vision screening, which can help ensure healthy development and learning. For a list of pediatrician-recommended services, read the "Bright Futures" guidelines from the American Academy of Pediatrics at https://downloads.aap.org/AAP/PDF/periodicity_schedule.pdf.

Routine care also includes care when you are sick. CalOptima Health covers routine care from your PCP.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

Your PCP will:

- Give you most of your routine care, including regular check-ups, immunizations (shots), treatment, prescriptions, required screenings, and medical advice
- Keep your health records
- Refer you to specialists if needed
- Order X-rays, mammograms, or lab work if you need them

When you need routine care, you will call your PCP for an appointment. Be sure to call your PCP before you get medical care unless it is an emergency. For an emergency, call **911** or go to the nearest emergency room.

To learn more about health care and services CalOptima Health covers and what it does not cover, read Chapter 4, “Benefits and services” and Chapter 5, “Child and youth well care” in this handbook.

All CalOptima Health in-network providers can use aids and services to communicate with people with disabilities. They can also communicate with you in another language or format. Tell your provider or CalOptima Health what you need.

Provider network

The Medi-Cal provider network is the group of doctors, hospitals, and other providers that work with CalOptima Health to provide Medi-Cal covered services to Medi-Cal members.

CalOptima Health is a managed care health plan. When you choose our Medi-Cal Plan, you are choosing to get your care through our medical care program. You must get most of your covered services through CalOptima Health from our in-network providers. You can go to an out-of-network provider without a referral or pre-approval for emergency care or for family planning services. You can also go to an out-of-network provider for out-of-area urgent care when you are in an area that we do not serve. You must have a referral or pre-approval for all other out-of-network services, or they will not be covered.

Note: American Indians can choose an IHCP as their PCP, even if the IHCP is not in the CalOptima Health network.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

If your PCP, hospital, or other provider has a moral objection to providing you with a covered service, such as family planning or abortion, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). For more about moral objections, read “Moral objection” later in this chapter.

If your provider has a moral objection to giving you covered health care services, they can help you find another provider who will give you the services you need. CalOptima Health can also help you find a provider who will perform the service.

In-network providers

You will use providers in the CalOptima Health network for most of your health care needs. You will get preventive and routine care from in-network providers. You will also use specialists, hospitals, and other providers in the CalOptima Health network.

To get a Provider Directory of in-network providers, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). You can also find the Provider Directory online at **www.caloptima.org**. To get a copy of the Contract Drugs List, call Medi-Cal Rx at 1-800-977-2273 (TTY 1-800-977-2273) and press 7 or 711. Or go to the Medi-Cal Rx website at <https://medi-calrx.dhcs.ca.gov/home/>.

You must get pre-approval (prior authorization) from CalOptima Health before you go to a provider outside the CalOptima Health network, including inside the CalOptima Health service area, except in these cases:

- If you need emergency care, call 911 or go to the nearest emergency room.
- If you are outside the CalOptima Health service area and need urgent care, go to any urgent care facility.
- If you need family planning services, go to any Medi-Cal provider without pre-approval (prior authorization).
- If you need mental health services, go to an in-network provider or a county mental health plan provider, without pre-approval (prior authorization).

If you are not in one of the cases listed above and you do not get pre-approval (prior authorization) before getting care from a provider outside the network, you might be responsible for paying for any care you got from out-of-network providers.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

Out-of-network providers who are inside the service area

Out-of-network providers are providers that do not have an agreement to work with CalOptima Health. Except for emergency care, family care, sensitive care, and care pre-approved by CalOptima Health, you might have to pay for any care you get from out-of-network providers in your service area.

If you need medically necessary health care services that are not available in the network, you might be able to get them from an out-of-network provider for free. CalOptima Health may approve a referral to an out-of-network provider if the services you need are not available in-network or are located very far from your home. If we give you a referral to an out-of-network provider, we will pay for your care.

For urgent care inside the CalOptima Health service area, you must go to a CalOptima Health in-network urgent care provider. You do not need pre-approval (prior authorization) to get urgent care from an in-network provider. You do need to get pre-approval (prior authorization) to get urgent care from an out-of-network provider inside the CalOptima Health service area.

If you get urgent care from an out-of-network provider inside CalOptima Health service area, you might have to pay for that care. You can read more about emergency care, urgent care, and sensitive care services in this chapter.

Note: If you are an American Indian, you can get care at an IHCP outside of our provider network without a referral. An out-of-network IHCP can also refer American Indian members to an in-network provider without first requiring a referral from an in-network PCP.

If you need help with out-of-network services, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**).

Outside the service area

If you are outside of the CalOptima Health service area and need care that is **not** an emergency or urgent, call your PCP right away. Or call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). Our service area is Orange County, California.

For emergency care, call **911** or go to the nearest emergency room. CalOptima Health covers out-of-network emergency care. If you travel to Canada or Mexico and need emergency care requiring hospitalization, CalOptima Health will cover your care. If you are traveling abroad outside of Canada or Mexico and need emergency care, urgent care, or any health care services CalOptima Health will **not** cover your care.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

If you paid for emergency care requiring hospitalization in Canada or Mexico, you can ask CalOptima Health to pay you back. CalOptima Health will review your request. To learn more about being paid back, read Chapter 2, “About your health plan” in this handbook.

If you are in another state or are in a United States Territory such as American Samoa, Guam, Northern Mariana Islands, Puerto Rico, or United States Virgin Islands, you are covered for emergency care. Not all hospitals and doctors accept Medicaid. (Medi-Cal is what Medicaid is called in California only.) If you need emergency care outside of California, tell the hospital or emergency room doctor as soon as possible that you have Medi-Cal and are a member of CalOptima Health.

Ask the hospital to make copies of your CalOptima Health ID card. Tell the hospital and the doctors to bill CalOptima Health. If you get a bill for services you got in another state, call CalOptima Health right away. We will work with the hospital and/or doctor to arrange for CalOptima Health to pay for your care.

If you are outside of California and have an emergency need to fill outpatient prescription drugs, have the pharmacy call Medi-Cal Rx at 1-800-977-2273.

Note: American Indians may get services at out-of-network IHCPs.

The California Children’s Services (CCS) program is a state program that treats children under 21 years of age who have certain health conditions, diseases, or chronic health problems and meet the CCS program rules. If you need health care services for a CCS-eligible medical condition and CalOptima Health does not have a CCS-paneled specialist in the network who can provide the care you need, you may be able to go to a provider outside of the provider network for free. To learn more about the CCS program, read Chapter 4, “Benefits and services” in this handbook.

If you have questions about out-of-network or out-of-service-area care, call **1-714-246-8500** or toll free at **1-888-587-8088 (TTY 711)**. If the office is closed and you want help from a CalOptima Health representative, call CalOptima Health’s Nurse Advice Line at **1-844-447-8441 (TTY 1-844-514-3774)**, 24 hours a day, 7 days a week. The call is free.

If you need urgent care out of the CalOptima Health service area, go to the nearest urgent care facility. If you are traveling outside the United States and need urgent care, CalOptima Health will not cover your care. For more on urgent care, read “Urgent care” later in this chapter.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

Health Networks

A health network is a network is the group of doctors, hospitals, and other providers that work with CalOptima Health to provide Medi-Cal covered services to Medi-Cal members.

How managed care works

CalOptima Health is a managed care health plan. CalOptima Health provides care to members who live in Orange County. In managed care, your PCP, specialists, clinic, hospital, and other providers work together to care for you.

CalOptima Health contracts with medical groups to provide care to CalOptima Health members. A medical group is made up of doctors who are PCPs and specialists. The medical group works with other providers such as laboratories and durable medical equipment suppliers. The medical group is also connected with a hospital. Check your CalOptima Health ID card for the names of your PCP, medical group, and hospital.

When you join CalOptima Health, you choose or are assigned to a PCP. Your PCP is part of a medical group. Your PCP and medical group direct the care for all of your medical needs. Your PCP may refer you to specialists or order lab tests and X-rays. If you need services that require pre-approval (prior authorization), CalOptima Health or your medical group will review the pre-approval (prior authorization) and decide whether to approve the service.

In most cases, you must go to specialists and other health professionals who work with the same medical group as your PCP. Except for emergencies, you must also get hospital care from the hospital connected with your medical group.

Sometimes, you might need a service that is not available from a provider in the medical group. In that case, your PCP will refer you to a provider who is in another medical group or is outside the network. Your PCP will ask for pre-approval (prior authorization) for you to go to this provider.

In most cases, you must have prior authorization from your PCP, medical group, or CalOptima Health before you can go to an out-of-network provider or a provider who is not part of your medical group. You do not need pre-approval (prior authorization) for emergency services, family planning services, or in-network mental health services.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**.
CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m.
The call is free. Or call the California Relay Line at **711**. Visit online at
www.caloptima.org.

Doctors

You will choose a doctor or other provider from the CalOptima Health Provider Directory as your PCP. The PCP you choose must be an in-network provider. To get a copy of the CalOptima Health Provider Directory, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). Or find it online at **www.caloptima.org**.

If you are choosing a new PCP, you should also call the PCP you want to make sure they are taking new patients.

If you had a doctor before you were a member of CalOptima Health, and that doctor is not part of the CalOptima Health network, you might be able to keep that doctor for a limited time. This is called continuity of care. You can read more about continuity of care in this handbook. To learn more, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**).

If you need a specialist, your PCP will refer you to a specialist in the CalOptima Health network. Some specialists do not require a referral. For more on referrals, read “Referrals” later in this chapter.

Remember, if you do not choose a PCP, CalOptima Health will choose one for you, unless you have other comprehensive health coverage in addition to Medi-Cal. You know your health care needs best, so it is best if you choose. If you are in both Medicare and Medi-Cal, or if you have other health care insurance, you do not have to choose a PCP from CalOptima Health.

If you want to change your PCP, you must choose a PCP from the CalOptima Health Provider Directory. Be sure the PCP is taking new patients. To change your PCP, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). You can also access our secure online member portal at **<https://www.caloptima.org/ForMembers/MemberPortal.aspx>** to change your health network or PCP.

Hospitals

In an emergency, call **911** or go to the nearest emergency room.

If it is not an emergency and you need hospital care, your PCP will decide which hospital you go to. You will need to go to a hospital that your PCP uses and is in the CalOptima Health provider network. The Provider Directory lists the hospitals in the CalOptima Health network.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

Women's health specialists

You can go to a women's health specialist in CalOptima Health's network for covered care necessary to provide women's preventative and routine care services. You do not need a referral or authorization from your PCP to get these services. For help finding a women's health specialist, you can call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). You can also call the 24/7 CalOptima Health Nurse Advice Line at **1-844-447-8441** (TTY **1-844-514-3774**).

For family planning services, your provider does not have to be in the CalOptima Health provider network. You can choose any Medi-Cal provider and go to them without a referral or pre-approval (prior authorization). For help finding a Medi-Cal provider outside the CalOptima Health provider network, call **1-714-246-8500** or toll free at **1-888-587-8088**.

Provider Directory

The CalOptima Health Provider Directory lists providers in the CalOptima Health network. The network is the group of providers that work with CalOptima Health.

The CalOptima Health Provider Directory lists hospitals, PCPs, specialists, nurse practitioners, nurse midwives, physician assistants, family planning providers, FQHCs, outpatient mental health providers, RHCs urgent care centers, nursing facilities, support providers, Community Based Adult Services (CBAS), and vision providers.

The Provider Directory has CalOptima Health in-network provider names, specialties, addresses, phone numbers, business hours, and languages spoken. It tells you if the provider is taking new patients. It also gives the physical accessibility for the building, such as parking, ramps, stairs with handrails, and restrooms with wide doors and grab bars.

To learn more about a doctor's education, professional qualifications, residency completion, training, and board certification, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**).

You can find the online Provider Directory at **www.caloptima.org**.

If you need a printed Provider Directory, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**).

You can find a list of pharmacies that work with Medi-Cal Rx in the Medi-Cal Rx Pharmacy Directory at <https://medi-calrx.dhcs.ca.gov/home/>. You can also find a pharmacy near you by calling Medi-Cal Rx at 1-800-977-2273 (TTY 1-800-977-2273) and press 7 or 711.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

Timely access to care

Your in-network provider must provide timely access to care based on your health care needs. At minimum, they must offer you an appointment listed in the time frames shown in the table below.

Appointment type	You should be able to get an appointment within:
Urgent care appointments that do not require pre-approval (prior authorization)	48 hours
Urgent care appointments that do require pre-approval (prior authorization)	96 hours
Non-urgent (routine) primary care appointments	10 business days
Non-urgent (routine) specialist care appointments	15 business days
Non-urgent (routine) mental health provider (non-doctor) care appointments	10 business days
Non-urgent (routine) mental health provider (non-doctor) follow-up care appointments	10 business days of last appointment
Non-urgent (routine) appointments for ancillary (supporting) services for the diagnosis or treatment of injury, illness, or other health condition	15 business days

Other wait time standards	You should be able to get connected within:
Customer Service telephone wait times during normal business hours	10 minutes
Telephone wait times for Nurse Advice Line	30 minutes (connected to nurse)

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

Sometimes waiting longer for an appointment is not a problem. Your provider might give you a longer wait time if it would not be harmful to your health. It must be noted in your record that a longer wait time will not be harmful to your health. You can choose to wait for a later appointment or call CalOptima Health to go to another provider of your choice. Your provider and CalOptima Health will respect your wish.

Your doctor may recommend a specific schedule for preventive services, follow-up care for ongoing conditions, or standing referrals to specialists, depending on your needs.

Tell us if you need interpreter services, including sign language, when you call CalOptima Health or when you get covered services. Interpreter services are available for free. We highly discourage the use of minors or family members as interpreters. To learn more about interpreter services we offer, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**).

If you need interpreter services, including sign language, at a Medi-Cal Rx pharmacy, call Medi-Cal Rx Customer Service at 1-800-977-2273, 24 hours a day, 7 days a week. TTY users can call 711, Monday through Friday, 8 a.m. to 5 p.m.

Travel time or distance to care

CalOptima Health must follow travel time or distance standards for your care. Those standards help make sure you can get care without having to travel too far from where you live. Travel time or distance standards depend on the county you live in.

If CalOptima Health is not able to provide care to you within these travel time or distance standards, DHCS may allow a different standard, called an alternative access standard. For CalOptima Health's time or distance standards for where you live, visit **www.caloptima.org**. Or call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**).

It is considered far if you cannot get to that provider within the CalOptima Health's travel time or distance standards for your county, regardless of any alternative access standard CalOptima Health might use for your ZIP Code.

If you need care from a provider located far from where you live, call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). They can help you find care with a provider located closer to you. If CalOptima Health cannot find care for you from a closer provider, you can ask CalOptima Health to arrange transportation for you to go to your provider, even if that provider is located far from where you live.

If you need help with pharmacy providers, call Medi-Cal Rx at 1-800-977-2273 (TTY 1-800-977-2273) and press 7 or 711.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

Appointments

When you need health care:

- Call your PCP
- Have your CalOptima Health ID number ready on the call
- Leave a message with your name and phone number if the office is closed
- Take your Medi-Cal BIC card and CalOptima Health ID card to your appointment
- Ask for transportation to your appointment, if needed
- Ask for needed language assistance or interpreting services before your appointment to have the services at the time of your visit
- Be on time for your appointment, arrive a few minutes early to sign in, fill out forms, and answer any questions your PCP may have
- Call right away if you cannot keep your appointment or will be late
- Have your questions and medication information ready

If you have an emergency, call **911** or go to the nearest emergency room. If you need help deciding how urgently you need care and your PCP is not available to speak with you, call the CalOptima Health Nurse Advice Line at **1-844-447-8441** (TTY **1-844-514-3774**).

Getting to your appointment

If you don't have a way to get to and from your appointments for covered services, CalOptima Health can help arrange transportation for you. Depending on your situation, you may qualify for either Medical Transportation or for Non-Medical Transportation. These transportation services are not for emergencies and may be available for free.

If you are having an emergency, call **911**. Transportation is available for services and appointments not related to emergency care.

To learn more, read "Transportation benefits for situations that are not emergencies" later in this chapter.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

Canceling and rescheduling

If you can't get to your appointment, call your provider's office right away. Most providers require you to call 24 hours (1 business day) before your appointment if you have to cancel. If you miss repeated appointments, your provider might stop providing care to you and you will have to find a new provider.

Payment

You do **not** have to pay for covered services unless you have a share of cost for long-term care. To learn more, read "For members with long-term care and a share of cost" in Chapter 2. In most cases, you will not get a bill from a provider. You must show your CalOptima Health ID card and your Medi-Cal BIC card when you get health care services or prescriptions, so your provider knows who to bill. You can get an Explanation of Benefits (EOB) or a statement from a provider. EOBs and statements are not bills.

If you do get a bill, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). If you get a bill for prescriptions, call Medi-Cal Rx at 1-800-977-2273 (TTY 1-800-977-2273) and press 7 or 711. Or visit the Medi-Cal Rx website at <https://medi-calrx.dhcs.ca.gov/home/>.

Tell CalOptima Health the amount you are being charged, the date of service, and the reason for the bill. CalOptima Health will help you figure out if the bill was for a covered service or not. You do not need to pay providers for any amount owed by CalOptima Health for any covered service. If you get care from an out-of-network provider and you did not get pre-approval (prior authorization) from CalOptima Health, you might have to pay for the care you got.

You must get pre-approval (prior authorization) from CalOptima Health before you visit an out-of-network provider except when:

- You need emergency services, in which case dial 911 or go to the nearest hospital
- You need family planning services or services related to testing for sexually transmitted infections, in which case you can go to any Medi-Cal provider without pre-approval (prior authorization)
- You need mental health services, in which case you can go to an in-network provider or to a county mental health plan provider without pre-approval (prior authorization)

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at www.caloptima.org.

If you need to get medically necessary care from an out-of-network provider because it is not available in the CalOptima Health network, you will not have to pay as long as the care is a Medi-Cal covered service and you got pre-approval (prior authorization) from CalOptima Health for it. To learn more about emergency care, urgent care, and sensitive services, go to those headings in this chapter.

If you get a bill or are asked to pay a co-pay you do not think you have to pay, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). If you pay the bill, you can file a claim form with CalOptima Health. You will need to tell CalOptima Health in writing about the item or service you paid for. CalOptima Health will read your claim and decide if you can get money back.

For questions call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**).

If you get services in the Veterans Affairs system or get non-covered or unauthorized services outside of California, you might be responsible for payment.

CalOptima Health will not pay you back if:

- The services are not covered by Medi-Cal such as cosmetic services
- You have an unmet Medi-Cal share of cost
- You went to a doctor who does not take Medi-Cal and you signed a form that said you want to be seen anyway and you will pay for the services yourself
- You ask to be paid back for Medicare Part D co-pays for prescriptions covered by your Medicare Part D plan

Referrals

If you need a specialist for your care, your PCP or another specialist will give you a referral to one. A specialist is a provider who focuses on one type of health care service. The doctor who refers you will work with you to choose a specialist. To help make sure you can go to a specialist in a timely way, DHCS sets time frames for members to get appointments. These time frames are listed in “Timely access to care” earlier in this chapter. Your PCP’s office can help you set up an appointment with a specialist.

Other services that might need a referral include in-office procedures, X-rays, lab work, and private duty nursing.

Your PCP might give you a form to take to the specialist. The specialist will fill out the form and send it back to your PCP. The specialist will treat you for as long as they think you need treatment.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

If you have a health problem that needs special medical care for a long time, you might need a standing referral. Having a standing referral means you can go to the same specialist more than once without getting a referral each time.

If you have trouble getting a standing referral or want a copy of the CalOptima Health referral policy, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**).

You do **not** need a referral for:

- PCP visits
- Obstetrics/Gynecology (OB/GYN) visits
- Urgent or emergency care visits
- Adult sensitive services, such as sexual assault care
- Family planning services (to learn more, call the Office of Family Planning Information and Referral Service at 1-800-942-1054)
- HIV testing and counseling (12 years or older)
- Sexually transmitted infection services (12 years or older)
- Chiropractic services (a referral may be required when provided by out-of-network FQHCs, RHCs, and IHCPs)
- Initial mental health assessment
- Preventative services, such as mammograms
- Advanced stage 3 or 4 cancer biomarker testing services (tests to help customize cancer treatments).

Minors can also get certain outpatient mental health services, sensitive services, and substance use disorder services without a parent or guardian's consent. To learn more, read "Minor consent services" later in this chapter and "Substance use disorder treatment services" in Chapter 4 of this handbook.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

California Cancer Equity Act referrals

Effective treatment of complex cancers depends on many factors. These include getting the right diagnosis and getting timely treatment from cancer experts. If you are diagnosed with a complex cancer, the new California Cancer Care Equity Act allows you to ask for a referral from your doctor to get cancer treatment from an in-network National Cancer Institute (NCI)-designated cancer center, NCI Community Oncology Research Program (NCORP)-affiliated site, or a qualifying academic cancer center.

If CalOptima Health does not have an in-network NCI-designated cancer center, CalOptima Health will allow you to ask for a referral to get cancer treatment from one of these out-of-network centers in California, if the out-of-network center and CalOptima Health agree on payment, unless you choose a different cancer treatment provider.

If you have been diagnosed with cancer, contact CalOptima Health to find out if you qualify for services from one of these cancer centers.

Pre-approval (prior authorization)

For some types of care, your PCP or specialist will need to ask CalOptima Health for permission before you get the care. This is called asking for pre-approval or prior authorization. It means CalOptima Health must make sure the care is medically necessary (needed).

Medically necessary services are reasonable and necessary to protect your life, keep you from becoming seriously ill or disabled, or reduce severe pain from a diagnosed disease, illness, or injury. For members under age 21, Medi-Cal services include care that is medically necessary to fix or help relieve a physical or mental illness or condition.

The following services **always** need pre-approval (prior authorization), even if you get them from a provider in the CalOptima Health network:

- Hospitalization, if not an emergency
- Services out of the CalOptima Health service area, if not an emergency or urgent care
- Outpatient surgery

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

- Long-term care or skilled nursing services at a nursing facility (including adult and pediatric Subacute Care Facilities contracted with the Department of Health Care Services Subacute Care Unit) or intermediate care facilities (including Intermediate Care Facility for the Developmentally Disabled (ICF/DD), ICF/DD-Habilitative (ICF/DD-H), ICF/DD-Nursing (ICF/DD-N))
- Specialized treatments, imaging, testing, and procedures
- Medical transportation services when it is not an emergency

Emergency ambulance services do not require pre-approval (prior authorization).

CalOptima Health has 5 business days from when CalOptima Health gets the information reasonably needed to decide (approve or deny) pre-approval (prior authorization) requests. When a pre-approval (prior authorization) request is made by a provider and CalOptima Health finds that following the standard time frame could seriously endanger your life or health or ability to attain, maintain, or regain maximum function, CalOptima Health will make a pre-approval (prior authorization) decision in no longer than 72 hours. This means that after getting the request for pre-approval (prior authorization), CalOptima Health will give you notice as quickly as your health condition requires and no later than 72 hours or 5 days after the request for services. Clinical or medical staff such as doctors, nurses, and pharmacists review pre-approval (prior authorization) requests.

CalOptima Health does not influence the reviewers' decision to deny or approve coverage or services in any way. If CalOptima Health does not approve the request, CalOptima Health will send you a Notice of Action (NOA) letter. The NOA will tell you how to file an appeal if you do not agree with the decision.

CalOptima Health will contact you if CalOptima Health needs more information or more time to review your request.

You never need pre-approval (prior authorization) for emergency care, even if it is out of the CalOptima Health network or out of your service area. This includes labor and delivery if you are pregnant. You do not need pre-approval (prior authorization) for certain sensitive care services. To learn more about sensitive care services, read "Sensitive care" later in this chapter.

For questions about pre-approval (prior authorization), call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**).

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

Second opinions

You might want a second opinion about care your provider says you need or about your diagnosis or treatment plan. For example, you might want a second opinion if you want to make sure your diagnosis is correct, you are not sure you need a prescribed treatment or surgery, or you have tried to follow a treatment plan and it has not worked. CalOptima Health will pay for a second opinion if you or your in-network provider asks for it, and you get the second opinion from an in-network provider. You do not need pre-approval (prior authorization) from CalOptima Health to get a second opinion from an in-network provider. If you want to get a second opinion, we will refer you to a qualified in-network provider who can give you one.

To ask for a second opinion and get help choosing a provider, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). Your in-network provider can also help you get a referral for a second opinion if you want one.

If there is no provider in the CalOptima Health network who can give you a second opinion, CalOptima Health will pay for a second opinion from an out-of-network provider. CalOptima Health will tell you within 5 business days if the provider you choose for a second opinion is approved. If you have a chronic, severe, or serious illness, or have an immediate and serious threat to your health, including, but not limited to, loss of life, limb, or major body part or bodily function, CalOptima Health will tell you in writing within 72 hours.

If CalOptima Health denies your request for a second opinion, you can file a grievance. To learn more about grievances, read “Complaints” in Chapter 6 of this handbook.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

Sensitive care

Minor consent services

If you are under age 18, you can get some services without a parent's or guardian's permission. These services are called minor consent services.

You may get these services without your parent or guardian's permission:

- Services for rape and other sexual assaults
- Pregnancy testing and counseling
- Contraception services such as birth control (excludes sterilization)
- Abortion services

If you are 12 years old or older, you can get these services without your parent or guardian's permission:

- Outpatient mental health services and counseling, or residential shelter services, based on your maturity and ability to participate in your own health care
- HIV/AIDS counseling, prevention, testing, and treatment
- Sexually transmitted infection prevention, testing, and treatment including sexually transmitted diseases like syphilis, gonorrhea, chlamydia, and herpes simplex
- Substance use disorder treatment for drug and alcohol abuse including screening, assessment, intervention, and referral services
 - To learn more, read "Substance use disorder treatment services" in Chapter 4 of this handbook.

For pregnancy testing, contraception services, or services for sexually transmitted infections the provider or clinic does not have to be in the CalOptima Health network. You can choose any Medi-Cal provider and go to them for these services without a referral or pre-approval (prior authorization).

Services from an out-of-network provider that are not related to sensitive care may not be covered. To find a Medi-Cal provider who is outside the CalOptima Health Medi-Cal network, or to ask for transportation help to get to a provider, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). For more information related to contraceptive services, read "Preventive and wellness services and chronic disease management" in Chapter 4 of this handbook.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

For minor consent services that are outpatient mental health services, you can go to an in-network or out-of-network provider without a referral and without pre-approval (prior authorization). Your PCP does not have to refer you and you do not need to get pre-approval (prior authorization) from CalOptima Health to get covered minor consent services.

CalOptima Health does not cover minor consent services that are specialty mental health services. The county mental health plan for the county where you live covers minor consent services that are specialty mental health services. For specialty mental health services, call your county mental health plan or your CalOptima Health Behavioral Health Organization any time, 24 hours a day, 7 days a week. To find all counties' toll-free telephone numbers online, go to:

<http://www.dhcs.ca.gov/individuals/Pages/MHPContactList.aspx>.

Minors can talk to a representative in private about their health concerns by calling the 24/7 CalOptima Health Nurse Advice Line at **1-844-447-8441** (TTY **1-844-514-3774**).

If you are able to consent to your own care without the consent of a parent or guardian under the law, CalOptima Health will not give information on your sensitive care services to your CalOptima Health plan policyholder or primary subscriber or to any CalOptima Health enrollees without your written permission. You can also ask to get private information about your medical services in a certain form or format, if available, and have it sent to you at another location. To learn more about how to ask for confidential communications related to sensitive services, read "Notice of privacy practices" in Chapter 7 of this handbook.

Adult sensitive care services

As an adult 18 years or older, you do not have to go to your PCP for certain sensitive or private care. You can choose any doctor or clinic for these types of care:

- Family planning and birth control including sterilization for adults 21 and older
- Pregnancy testing and counseling and other pregnancy-related services
- HIV/AIDS prevention and testing
- Sexually transmitted infections prevention, testing, and treatment
- Sexual assault care
- Outpatient abortion services

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

For sensitive care, the doctor or clinic does not have to be in the CalOptima Health network. You can choose to go to any Medi-Cal provider for these services without a referral or pre-approval (prior authorization) from CalOptima Health. If you got care not listed here as sensitive care from an out-of-network provider, you might have to pay for it.

If you need help finding a doctor or clinic for these services, or help getting to these services (including transportation), call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). Or call the 24/7 CalOptima Health Nurse Advice Line at **1-844-447-8441** (TTY **1-844-514-3774**).

CalOptima Health will not give information on your sensitive care services to your CalOptima Health plan policyholder or primary subscriber, or to any CalOptima Health enrollees, without your written permission. You can get private information about your medical services in a certain form or format, if available, and have it sent to you at another location. To learn more about how to request confidential communications related to sensitive services, read “Notice of privacy practices” in Chapter 7 of this handbook.

Moral objection

Some providers have a moral objection to some covered services. They have a right to **not** offer some covered services if they morally disagree with the services. These services are still available to you from another provider. If your provider has a moral objection, they will help you find another provider for the needed services. CalOptima Health can also help you find a provider.

Some hospitals and providers do not provide one or more of these services even if they are covered by Medi-Cal:

- Family planning
- Contraceptive services, including emergency contraception
- Sterilization, including tubal ligation at the time of labor and delivery
- Infertility treatments
- Abortion

To make sure you choose a provider who can give you the care you and your family needs, call the doctor, medical group, independent practice association, or clinic you want. Ask if the provider can and will provide the services you need. Or call CalOptima Health at **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**).

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

These services are available to you. CalOptima Health will make sure you and your family members can use providers (doctors, hospitals, and clinics) who will give you the care you need. If you have questions or need help finding a provider, call CalOptima Health at **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**).

Urgent care

Urgent care is **not** for an emergency or life-threatening condition. It is for services you need to prevent serious damage to your health from a sudden illness, injury, or complication of a condition you already have. Most urgent care appointments do not need pre-approval (prior authorization). If you ask for an urgent care appointment, you will get an appointment within 48 hours. If the urgent care services you need require a pre-approval (prior authorization), you will get an appointment within 96 hours of your request.

For urgent care, call your PCP. If you cannot reach your PCP, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). Or you can call CalOptima Health Nurse Advice Line at **1-844-447-8441** (TTY **1-844-514-3774**) to learn the level of care that is best for you. CalOptima Health Nurse Advice Line is available 24 hours a day, 7 days a week, in your preferred language.

If you need urgent care out of the area, go to the nearest urgent care facility.

Urgent care needs could be:

- Cold
- Sore throat
- Fever
- Ear pain
- Sprained muscle
- Maternity services

When you are inside CalOptima Health's service area and need urgent care, you must get the urgent care services from an in-network provider. You do not need pre-approval (prior authorization) for urgent care from in-network providers inside CalOptima Health's service area.

If you are outside the CalOptima Health service area, but inside the United States, you do not need pre-approval (prior authorization) to get urgent care outside the service area. Go to the nearest urgent care facility.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

Medi-Cal does not cover urgent care services outside the United States. If you are traveling outside the United States and need urgent care, we will not cover your care.

If you need mental health urgent care, call your county mental health plan or Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). Call your county mental health plan or your CalOptima Health Behavioral Health Organization any time, 24 hours a day, 7 days a week. To find all counties' toll-free telephone numbers online, go to: <http://www.dhcs.ca.gov/individuals/Pages/MHPContactList.aspx>.

If you get medicines as part of your covered urgent care visit while you are there, CalOptima Health will cover them as part of your covered visit. If your urgent care provider gives you a prescription that you need to take to a pharmacy, Medi-Cal Rx will decide if it is covered. To learn more about Medi-Cal Rx, read "Prescription drugs covered by Medi-Cal Rx" in "Other Medi-Cal programs and services" in Chapter 4 of this handbook.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

Emergency care

For emergency care, call **911** or go to the nearest emergency room (ER). For emergency care, you do **not** need pre-approval (prior authorization) from CalOptima Health.

Inside the United States, including any United States Territory, you have the right to use any hospital or other setting for emergency care.

If you are outside the United States, only emergency care requiring hospitalization in Canada and Mexico are covered. Emergency care and other care in other countries are not covered.

Emergency care is for life-threatening medical conditions. This care is for an illness or injury that a prudent (reasonable) layperson (not a health care professional) with average knowledge of health and medicine could expect that, if you do not get care right away, you would place your health (or your unborn baby's health) in serious danger. This includes risking serious harm to your bodily functions, body organs, or body parts. Examples may include, but are not limited to:

- Active labor
- Broken bone
- Severe pain
- Chest pain
- Trouble breathing
- Severe burn
- Drug overdose
- Fainting
- Severe bleeding
- Psychiatric emergency conditions, such as severe depression or suicidal thoughts

Do **not** go to the ER for routine care or care that is not needed right away. You should get routine care from your PCP, who knows you best. You do not need to ask your PCP or CalOptima Health before you go to the ER. However, if you are not sure if your medical condition is an emergency, call your PCP. You can also call the 24/7 CalOptima Health Nurse Advice Line at **1-844-447-8441** (TTY **1-844-514-3774**).

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

If you need emergency care outside the CalOptima Health service area, go to the nearest ER even if it is not in the CalOptima Health network. If you go to an ER, ask them to call CalOptima Health. You or the hospital that admitted you should call CalOptima Health within 24 hours after you get emergency care. If you are traveling outside the United States other than to Canada or Mexico and need emergency care, CalOptima Health will **not** cover your care.

If you need emergency transportation, call **911**.

If you need care in an out-of-network hospital after your emergency (post-stabilization care), the hospital will call CalOptima Health.

If you or someone you know is in crisis, please contact the 988 Suicide and Crisis Lifeline: **Call or text 988 or chat online at 988lifeline.org/chat**. The 988 Suicide and Crisis Lifeline offers free and confidential support for anyone in crisis. That includes people who are in emotional distress and those who need support for a suicidal, mental health, and/or substance use crisis.

Remember: Do not call **911** unless you reasonably believe you have a medical emergency. Get emergency care only for an emergency, not for routine care or a minor illness like a cold or sore throat. If it is an emergency, call **911** or go to the nearest ER.

CalOptima Health Nurse Advice Line gives you free medical information and advice 24 hours a day, every day of the year. Call 1-844-447-8441 (TTY 1-844-514-3774) or 711).

Advance health care directives

An advance health care directive, or advance directive, is a legal form. You can list on the form the health care you want in case you cannot talk or make decisions later. You can also list what health care you do **not** want. You can name someone, such as a spouse, to make decisions for your health care if you cannot.

You can get an advance directive form at pharmacies, hospitals, law offices, and doctors' offices. You might have to pay for the form. You can also find and download a free form online. You can ask your family, PCP, or someone you trust to help you fill out the form.

You have the right to have your advance directive placed in your medical records. You have the right to change or cancel your advance directive at any time.

You have the right to learn about changes to advance directive laws. CalOptima Health will tell you about changes to the state law no longer than 90 days after the change.

To learn more, you can call CalOptima Health at **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**).

Organ and tissue donation

You can help save lives by becoming an organ or tissue donor. If you are between 15 and 18 years old, you can become a donor with the written consent of your parent or guardian. You can change your mind about being an organ donor at any time. If you want to learn more about organ or tissue donation, talk to your PCP. You can also visit the United States Department of Health and Human Services website at www.organdonor.gov.

4. Benefits and services

What benefits and services your health plan covers

This chapter explains benefits and services covered by CalOptima Health. Your covered services are free as long as they are medically necessary and provided by a CalOptima Health in-network provider. You must ask CalOptima Health for pre-approval (prior authorization) if the care is out-of-network except for certain sensitive services and emergency care. Your health plan might cover medically necessary services from an out-of-network provider, but you must ask CalOptima Health for pre-approval (prior authorization) for this.

Medically necessary services are reasonable and necessary to protect your life, keep you from becoming seriously ill or disabled, or reduce severe pain from a diagnosed disease, illness, or injury. For members under the age of 21, Medi-Cal services include care that is medically necessary to fix or help relieve a physical or mental illness or condition. For more on your covered services, call **1-714-246-8500** or toll free at **1-888-587-8088 (TTY 711)**.

Medically necessary services are reasonable and necessary to protect your life, keep you from becoming seriously ill or disabled, or reduce severe pain from a diagnosed disease, illness, or injury.

Medically necessary services include those services that are necessary for age-appropriate growth and development, or to attain, maintain, or regain functional capacity.

For members under age 21, a service is medically necessary if it is necessary to correct or improve defects and physical and mental illnesses or conditions under the Medi-Cal for Kids and Teens (also known as Early and Periodic Screening, Diagnostic and Treatment (EPSDT)) benefit. This includes care that is necessary to fix or help relieve a physical or mental illness or condition or maintain the member's condition to keep it from getting worse.

Medically necessary services do not include:

- **Treatments that are untested or still being tested**
- **Services or items not generally accepted as effective**
- **Services outside the normal course and length of treatment or services that do not have clinical guidelines**
- **Services for caregiver or provider convenience**

CalOptima Health coordinates with other programs to be sure you get all medically necessary services, even if those services are covered by another program and not CalOptima Health.

Medically necessary services include covered services that are reasonable and necessary to:

- **Protect life,**
- **Prevent significant illness or significant disability,**
- **Alleviate severe pain,**

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

For members younger than 21 years old, medically necessary services include all covered services listed above plus any other necessary health care, screening, immunizations, diagnostic services, treatment, and other measures to correct or improve defects and physical and mental illnesses and conditions, the Medi-Cal for Kids and Teens benefit requires. This benefit is known as the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) benefit under federal law.

Medi-Cal for Kids and Teens provides prevention, diagnostic, and treatment services for low-income infants, children, and adolescents under 21 years old. Medi-Cal for Kids and Teens covers more services than the benefit for adults. It is designed to make sure children get early detection and care to prevent or diagnose and treat health problems. The goal of Medi-Cal for Kids and Teens is to make sure every child gets the health care they need when they need it – the right care to the right child at the right time in the right setting.

CalOptima Health will coordinate with other programs to make sure you get all medically necessary services, even if another program covers those services and CalOptima Health does not. Read “Other Medi-Cal programs and services” later in this chapter.

You can get many services through telehealth.

Telehealth may not be available for all covered services. You can contact your provider to learn which services you can get through telehealth. It is important that you and your provider agree that using telehealth for a service is appropriate for you. You have the right to in-person services. You are not required to use telehealth even if your provider agrees that it is appropriate for you.

Mental health services

Outpatient mental health services

CalOptima Health covers initial mental health assessments without needing pre-approval (prior authorization). You can get a mental health assessment at any time from a licensed mental health provider in the CalOptima Health network without a referral.

Your PCP or mental health provider might make a referral for more mental health screening to a specialist in the CalOptima Health network to decide the level of care you need. If your mental health screening results find you are in mild or moderate distress or have impaired mental, emotional, or behavioral functioning, CalOptima Health can provide mental health services for you. Emergency care services

Inpatient and outpatient services needed to treat a medical emergency

CalOptima Health covers all services needed to treat a medical emergency that happens in the United States (including territories such as Puerto Rico, United States Virgin Islands, etc.). CalOptima Health also covers emergency care that requires hospitalization in Canada or Mexico.

A medical emergency is a medical condition with severe pain or serious injury. The condition is so serious that, if it does not get immediate medical attention, a prudent (reasonable) layperson (not a health care professional) could expect it to result in any of the following:

- Serious risk to your health
- Serious harm to bodily functions
- Serious dysfunction of any bodily organ or part

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

 - The transfer might pose a threat to your health or safety or to that of your unborn child

If a hospital emergency room provider gives you up to a 72-hour supply of an outpatient prescription drug as part of your treatment, CalOptima Health will cover the prescription drug as part of your covered emergency services. If a hospital emergency room provider gives you a prescription that you have to take to an outpatient pharmacy to be filled, Medi-Cal Rx will cover that prescription.

If you need an emergency supply of a medication from an outpatient pharmacy while traveling, Medi-Cal Rx will be responsible for covering the medication, and not CalOptima Health. If the pharmacy needs help giving you an emergency medication supply, have them call Medi-Cal Rx at 1-800-977-2273.

Emergency transportation services

CalOptima Health covers ambulance services to help you get to the nearest place of care in an emergency. This means your condition is serious enough that other ways of getting to a place of care could risk your health or life. No services are covered outside the United States except emergency care that requires you to be in the hospital in Canada or Mexico. If you get emergency ambulance services in Canada or Mexico and you are not hospitalized during that care episode, CalOptima Health will not cover your ambulance services.

Transportation benefits for situations that are not emergencies

You can get medical transportation if you have medical needs that do not allow you to use a car, bus, train, or taxi to get to your appointments for medical care. You can get medical transportation for covered services and Medi-Cal covered pharmacy appointments. You can request medical transportation by asking your doctor, dentist, podiatrist, or mental health or substance use disorder provider for it. Your provider will decide the correct type of transportation to meet your needs.

If they find that you need medical transportation, they will prescribe it by filling out a form and submitting it to CalOptima Health. Once approved, the approval is good for up to 12 months, depending on the medical need. Once approved, you can get as many rides as you need. Your doctor will need to re-assess your medical need for medical transportation and, if appropriate, re-approve your prescription for medical transportation when it expires, if you still qualify. Your doctor may re-approve the medical transportation for up to 12 months or less.

Medical transportation is transportation in an ambulance, litter van, wheelchair van, or air transport. CalOptima Health allows the lowest cost medical transportation for your medical needs when you need a ride to your appointment. That means, for example, if you can physically or medically be transported by a wheelchair van, CalOptima Health will not pay for an ambulance. You are only entitled to air transport if your medical condition makes any form of ground transportation impossible.

You will get medical transportation if:

- It is physically or medically needed, with a written authorization by a doctor or other provider because you are not able to physically or medically able to use a car, bus, train, or taxi to get to your appointment
- You need help from the driver to and from your home, vehicle, or place of treatment due to a physical or mental disability

To ask for medical transportation that your doctor has prescribed for non-urgent (routine) appointments, call CalOptima Health's transportation line at **1-833-648-7528** (TTY **711**) at least two business (Monday-Friday) before your appointment. For urgent appointments, call as soon as possible. Have your CalOptima Health member ID card ready when you call.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

Limits of medical transportation

CalOptima Health provides the lowest cost medical transportation that meets your medical needs to the closest provider from your home where an appointment is available. You cannot get medical transportation if Medi-Cal does not cover the service you are getting, or it is not a Medi-Cal-covered pharmacy appointment. The list of covered services is in the “Benefits and services” section in Chapter 4 of this handbook.

If Medi-Cal covers the appointment type but not through the health plan, CalOptima Health will not cover the medical transportation but can help you schedule your transportation with Medi-Cal. Transportation is not covered outside of the CalOptima Health network or service area unless pre-authorized by CalOptima Health. To learn more or to ask for medical transportation, call CalOptima Health at **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**).

Cost to member

How to get non-medical transportation

Your benefits include getting a ride to your appointments when the appointment is for a Medi-Cal covered service and you do not have any access to transportation. You can get a ride, for free, when you have tried all other ways to get transportation and are:

- Picking up prescriptions and medical supplies

CalOptima Health allows you to use a car, taxi, bus, or other public or private way of getting to your medical appointment for Medi-Cal-covered services. CalOptima Health will cover the lowest cost of non-medical transportation type that meets your needs. Sometimes, CalOptima Health can reimburse you (pay you back) for rides in a private vehicle that you arrange. CalOptima Health must approve this before you get the ride.

You must tell us why you cannot get a ride any other way, such as by bus. You can call, email, or tell us in person. If you have access to transportation or can drive yourself to the appointment, CalOptima Health will not reimburse you. This benefit is only for members who do not have access to transportation.

Other Medi-Cal programs and services

Other services you can get through Fee-for-Service (FFS) Medi-Cal or other Medi-Cal programs

CalOptima Health does not cover some services, but you can still get them through FFS Medi-Cal or other Medi-Cal programs. CalOptima Health will coordinate with other programs to make sure you get all medically necessary services, including those covered by another program and not CalOptima Health. This section lists some of these services. To learn more, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**).

Outpatient prescription drugs

Prescription drugs covered by Medi-Cal Rx

Prescription drugs given by a pharmacy are covered by Medi-Cal Rx, which is part of FFS Medi-Cal. CalOptima Health might cover some drugs a provider gives in an office or clinic. If your provider prescribes drugs given in the doctor's office or infusion center, these may be considered physician-administered drugs.

If a non-pharmacy based medical health care professional administers a drug, it is covered under the medical benefit. Your provider can prescribe you drugs on the Medi-Cal Rx Contract Drugs List.

Sometimes, you need a drug not on the Contract Drugs List. These drugs need approval before you can fill the prescription at the pharmacy. Medi-Cal Rx will review and decide these requests within 24 hours.

- A pharmacist at your outpatient pharmacy may give you a 14-day emergency supply if they think you need it. Medi-Cal Rx will pay for the emergency medicine an outpatient pharmacy gives.
- Medi-Cal Rx may say no to a non-emergency request. If they do, they will send you a letter to tell you why. They will tell you what your choices are. To learn more, read "Complaints" in Chapter 6 of this handbook.

To find out if a drug is on the Contract Drugs List or to get a copy of the Contract Drugs List, call Medi-Cal Rx at 1-800-977-2273 (TTY 1-800-977-2273) and press 7 or 711. Or go to the Medi-Cal Rx website at <https://medi-calrx.dhcs.ca.gov/home/>.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at www.caloptima.org.

Pharmacies

If you are filling or refilling a prescription, you must get your prescribed drugs from a pharmacy that works with Medi-Cal Rx. You can find a list of pharmacies that work with Medi-Cal Rx in the Medi-Cal Rx Pharmacy Directory at:

<https://medi-calrx.dhcs.ca.gov/home/>

You can also find a pharmacy near you or a pharmacy that can mail your prescription to you by calling Medi-Cal Rx at 1-800-977-2273 (TTY 1-800-977-2273) and pressing 7 or 711.

Once you choose a pharmacy, your provider can send a prescription to your pharmacy electronically. Your provider may also give you a written prescription to take to your pharmacy. Give the pharmacy your prescription with your Medi-Cal Benefits Identification Card (BIC). Make sure the pharmacy knows about all medicines you are taking and any allergies you have. If you have any questions about your prescription, ask the pharmacist.

Members can also get transportation services from CalOptima Health to get to pharmacies. To learn more about transportation services, read “Transportation benefits for situations that are not emergencies” in Chapter 4 of this handbook.

Substance use disorder treatment services

CalOptima Health encourages members who want help with alcohol use or other substance use to get care. Services for substance use are available from general care providers such as primary care, inpatient hospitals, and emergency departments, and from specialty substance use service providers. County Behavioral Health Plans often provide specialty services.

To learn more about treatment options for substance use disorders, call CalOptima Health Behavioral Health at **1-855-877-3885** (TTY **711**).

CalOptima Health members can have an assessment to match them to the services that best fit their health needs and preferences. When medically necessary, available services include outpatient treatment, residential treatment, and medicines for substance use disorders (also called Medications for Addiction Treatment or MAT) such as buprenorphine, methadone, and naltrexone.

The county provides substance use disorder services to Medi-Cal members who qualify for these services. Members who are identified for substance use disorder treatment services are referred to their county department for treatment. For a list of all counties' telephone numbers go to https://dhcs.ca.gov/individuals/Pages/SUD_County_Access_Lines.aspx.

Dental services

FFS Medi-Cal Dental is the same as FFS Medi-Cal for your dental services. Before you get dental services, you must show your Medi-Cal BIC card to the dental provider. Make sure the provider takes FFS Dental and you are not part of a managed care plan that covers dental services.

- Diagnostic and preventive dental services such as examinations, X-rays, and teeth cleanings
- Emergency services for pain control
- Tooth extractions
- Fillings

Whole Child Model (WCM) program

The WCM program provides medically necessary services and equipment for California Children's Services (CCS) and non-CCS medical conditions. WCM provides case management and care coordination for primary specialty and behavioral health services for CCS and non-CCS conditions. WCM operates in certain counties. CCS is a state program that treats children under 21 years of age with certain health conditions, diseases, or chronic health problems and who meet the CCS program rules.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at www.caloptima.org.

If CalOptima Health or your PCP believes you or your child has a CCS condition, they will refer you to the county CCS program to be assessed for eligibility. County CCS program staff will decide if your child qualifies for CCS services. If your child qualifies to get this type of care, CCS providers working with CalOptima Health will assign a personal care coordinator to help coordinate treatment for the CCS eligible condition using a care team and care plan.

CCS does not cover all health conditions. However, WCM will cover medically necessary services.

Examples of CCS-eligible conditions include, but are not limited to:

- Congenital heart disease
- Cancers
- Tumors
- Hemophilia
- Sickle cell anemia
- Thyroid problems
- Diabetes
- Serious chronic kidney problems
- Liver disease
- Intestinal disease
- Cleft lip/palate
- Spina bifida
- Hearing loss
- Cataracts
- Cerebral palsy
- Transplants including cornea
- Seizures under certain circumstances
- Rheumatoid arthritis
- Muscular dystrophy
- HIV/AIDS
- Severe head, brain, or spinal cord injuries
- Severe burns
- Severely crooked teeth

Transportation and travel expenses for CCS

You may be able to get transportation, meals, lodging, and other costs such as parking, tolls, etc. if you or your family needs help to get to a medical appointment related to a CCS-eligible condition and there is no other available resource. You should call CalOptima Health and request pre-approval (prior authorization) before you pay out of pocket for transportation, meals, and lodging. CalOptima Health does provide non-medical and non-emergency medical transportation, as noted in Chapter 4, “Benefits and services” in this handbook.

We must pay your back within 60 calendar days of the date you submit the required receipts and proof of transportation expenses.

Home and community-based services (HCBS) outside of WCM services

If you qualify to enroll in a 1915(c) waiver, you may be able to get home and community-based services that are not related to a CCS-eligible condition but are necessary for you to stay in a community setting instead of an institution. For example, if you require home modifications to meet your needs in a community-based setting, CalOptima Health cannot pay those costs as a CCS-related condition. But if you are enrolled in a 1915(c) waiver, home modifications may be covered if they are medically necessary to prevent institutionalization.

1915(c) waiver Home and Community-Based Services (HCBS)

California's 6 Medi-Cal 1915(c) waivers allow the state to provide services to persons who would otherwise need care in a nursing facility or hospital in the community-based setting of their choice. Medi-Cal has an agreement with the Federal Government that allows waiver services to be offered in a private home or in a homelike community setting. The services offered under the waivers must not cost more than the alternative institutional level of care. HCBS Waiver recipients must qualify for full-scope Medi-Cal. Some 1915(c) waivers have limited availability across the State of California and/or may have a waitlist. The 6 Medi-Cal 1915(c) waivers are:

- California Assisted Living Waiver (ALW)
- California Self-Determination Program (SDP) Waiver for Individuals with Developmental Disabilities
- HCBS Waiver for Californians with Developmental Disabilities (HCBS-DD)
- Home and Community-Based Alternatives (HCBA) Waiver
- Medi-Cal Waiver Program (MCWP), formerly called the Human Immunodeficiency Virus/Acquired Immune Deficiency Syndrome (HIV/AIDS) Waiver
- Multipurpose Senior Services Program (MSSP)

In-Home Supportive Services (IHSS)

The In-Home Supportive Services (IHSS) program provides in-home personal care assistance as an alternative to out-of-home care to qualified Medi-Cal-eligible persons, including those who are aged, blind, and/or disabled. IHSS allows recipients to stay safely in their own homes. Your health care provider must agree that you need in-home personal care assistance and that you would be at risk of placement in out-of-home care if you did not get IHSS services. The IHSS program will also perform a needs assessment.

To learn more about IHSS available in your county, go to <https://www.cdss.ca.gov/inforesources/ihss>. Or call your local county social services agency.

Services you cannot get through CalOptima Health or Medi-Cal

These services are called Medi-Cal for Kids and Teens (also known as Early and Periodic Screening, Diagnostic and Treatment (EPSDT)) services. Additional information for members regarding Medi-Cal for Kids and Teens can be found here, <https://www.dhcs.ca.gov/services/Medi-Cal-For-Kids-and-Teens/Pages/Member-Information.aspx>. Medi-Cal for Kids and Teens services that are recommended by pediatricians' Bright Futures guidelines to help you, or your child, stay healthy are covered for free. To read the Bright Futures guidelines, go to https://downloads.aap.org/AAP/PDF/periodicity_schedule.pdf.

Enhanced Care Management (ECM) is a Medi-Cal managed care plan (MCP) benefit available in all California counties to support comprehensive care management for MCP members with complex needs. Because children and youth with complex needs are often already served by one or more case managers or other service providers within a fragmented delivery system, ECM offers coordination between systems. Children and Youth Populations of Focus eligible for this benefit include:

- Children and Youth Experiencing Homelessness
- Children and Youth at Risk for Avoidable Hospital or Emergency Department (ED) Utilization
- Children and Youth With Serious Mental Health and/or Substance Use Disorder (SUD) Needs
- Children and Youth Enrolled in California Children's Services (CCS) or CCS Whole Child Model (WCM) With Additional Needs Beyond the CCS Condition
- Children and Youth Involved in Child Welfare

Additional information on ECM can be found here:

<https://www.dhcs.ca.gov/CalAIM/ECM/Documents/ECM-Children-And-Youth-POFs-Spotlight.pdf>

In addition, ECM Lead Care Managers are strongly encouraged to screen ECM members for needs for Community Supports services provided by MCPs as cost-effective alternatives to traditional medical services or settings—and refer to those Community Supports when eligible and available. Children and youth may benefit from many of the Community Supports services, including asthma remediation, housing navigation, medical respite, and sobering centers.

Community Supports are services provided by Medi-Cal managed care plans (MCPs) and are available to eligible Medi-Cal members regardless of whether they qualify for ECM services.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**. CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m. The call is free. Or call the California Relay Line at **711**. Visit online at **www.caloptima.org**.

More information on Community Supports can be found here:

<https://www.dhcs.ca.gov/CalAIM/Documents/DHCS-Medi-Cal-Community-Supports-Supplemental-Fact-Sheet.pdf>

Some of the services available through Medi-Cal for Kids and Teens, such as PDN, are considered supplemental services. These are not available to Medi-Cal members ages 21 and older. To keep getting these services for free, you or your child may have to enroll in a 1915(c) Home and Community-Based Services (HCBS) waiver or other Long-Term Services and Supports (LTSS) on or before turning the age of 21. If you or your child is getting supplemental services through Medi-Cal for Kids and Teens and will be turning 21 years of age soon, contact CalOptima Health to talk about choices for continued care.

Well-child health check-ups and preventive care

Preventive care includes regular health check-ups, screenings to help your doctor find problems early, and counseling services to detect illnesses, diseases, or medical conditions before they cause problems. Regular check-ups help you or your child's doctor look for any problems. Problems can include medical, dental, vision, hearing, mental health, and any substance (alcohol or drug) use disorders. CalOptima Health covers check-ups to screen for problems (including blood lead level assessment) any time there is a need for them, even if it is not during your or your child's regular check-up.

Preventive care also includes immunizations (shots) you or your child need. CalOptima Health must make sure all enrolled children are up to date with all the immunizations (shots) they need when they have their visits with their doctor. Preventive care services and screenings are available for free and without pre-approval (prior authorization).

Your child should get check-ups at these ages:

- Root canals
- Partial and full dentures
- Scaling and root planing
- Extractions (tooth removal)
- Emergency dental services
- *Sedation (if medically necessary)

*Providers should consider sedation and general anesthesia when they determine and document a reason local anesthesia is not medically appropriate, and the dental treatment is pre-approved or does not need pre-approval (prior authorization).

These are some of the reasons local anesthesia cannot be used and sedation or general anesthesia might be used instead:

- Physical, behavioral, developmental, or emotional condition that blocks the patient from responding to the provider's attempts to perform treatment
- Major restorative or surgical procedures
- Uncooperative child
- Acute infection at an injection site
- Failure of a local anesthetic to control pain

If you have questions or want to learn more about dental services, call the Medi-Cal Dental Program at 1-800-322-6384 (TTY 1-800-735-2922 or 711). Or go to <https://smilecalifornia.org/>.

6. Reporting and solving problems

There are two ways to report and solve problems:

- Use an **appeal** when you do not agree with CalOptima Health's decision to change your services or to not cover them.

You have the right to file grievances and appeals with CalOptima Health to tell us about your problem. This does not take away any of your legal rights and remedies. We will not discriminate or retaliate against you for filing a complaint with us or reporting issues. Telling us about your problem will help us improve care for all members.

Appeals

An appeal is different from a complaint. An appeal is a request for CalOptima Health to review and change a decision we made about your services. If we sent you a Notice of Action (NOA) letter telling you that we are denying, delaying, changing, or ending a service, and you do not agree with our decision, you can ask us for an appeal. Your authorized representative or provider can also ask us for an appeal for you with your written permission.

You must ask for an appeal within 60 days from the date on the NOA you got from CalOptima Health. If we decided to reduce, suspend, or stop a service you are getting now, you can continue getting that service while you wait for your appeal to be decided. This is called Aid Paid Pending. To get Aid Paid Pending, you must ask us for an appeal within 10 days from the date on the NOA or before the date we said your service will stop, whichever is later. When you request an appeal under these circumstances, your service will continue while you wait for your appeal decision.

You can file an appeal by phone, in writing by mail, or online:

- **By phone:** Call CalOptima Health at **1-714-246-8500** or toll free at **1-888-587-8088 (TTY 711)** between 8 a.m. and 5:30 p.m, Monday through Friday. Give your name, health plan ID number, and the service you are appealing.
- **By mail:** Call CalOptima Health at **1-714-246-8500** or toll free at **1-888-587-8088 (TTY 711)** and ask to have a form sent to you. When you get the form, fill it out. Be sure to include your name, health plan ID number, and the service you are appealing.

Within 30 days, we will tell you our appeal decision and send you a Notice of Appeal Resolution (NAR) letter. If we do not give you our appeal decision within 30 days, you can request a State Hearing from the California Department of Social Services (CDSS).

If you or your doctor wants us to make a fast decision because the time it takes to decide your appeal would put your life, health, or ability to function in danger, you can ask for an expedited (fast) review. To ask for an expedited review, call **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). We will decide within 72 hours of receiving your appeal.

What to do if you do not agree with an appeal decision

If you requested an appeal and got a NAR letter telling you we did not change our decision, or you never got a NAR letter and it has been past 30 days, you can:

- Ask for a **State Hearing** from the California Department of Social Services (CDSS) and a judge will review your case. CDSS' toll-free telephone number is 1-800-743-8525 (TTY 1-800-952-8349). You can also ask for a State Hearing online at <https://www.cdss.ca.gov>. More ways of asking for a State Hearing can be found in "State hearings" later in this chapter.

State Hearings

A State Hearing is a meeting with CalOptima Health and a judge from the California Department of Social Services (CDSS). The judge will help to resolve your problem and decide whether CalOptima Health made the correct decision or not. You have the right to ask for a State Hearing if you already asked for an appeal with CalOptima Health and you are still not happy with our decision, or if you did not get a decision on your appeal after 30 days.

You must ask for a State Hearing within 120 days from the date on our NAR letter. If we gave you Aid Paid Pending during your appeal and you want it to continue until there is a decision on your State Hearing, you must ask for a State Hearing within 10 days of our NAR letter or before the date we said your services will stop, whichever is later.

If you need help making sure Aid Paid Pending will continue until there is a final decision on your State Hearing, contact CalOptima Health between 8 a.m. and 5:30 p.m, Monday through Friday, by calling **1-714-246-8500** or toll free at **1-888-587-8088**. If you cannot hear or speak well, call **711**. Your authorized representative or provider can ask for a State Hearing for you with your written permission.

Sometimes you can ask for a State Hearing without completing our appeal process.

For example, if CalOptima Health did not notify you correctly or on time about your services, you can request a State Hearing without having to complete our appeal process. This is called Deemed Exhaustion. Here are some examples of Deemed Exhaustion:

- We did not make a NOA or NAR letter available to you in your preferred language
- We made a mistake that affects any of your rights
- We did not give you a NOA letter
- We did not give you a NAR letter
- We made a mistake in our NAR letter
- We did not decide your appeal within 30 days
- We decided your case was urgent but did not respond to your appeal within 72 hours

Use your rights without fear

CalOptima Health cannot take away your health care benefits nor do anything to hurt you in any way if you choose to file a complaint or use any of the privacy rights in this notice. This notice applies to all CalOptima Health's health care programs.

Notice about laws

Many laws apply to this Member Handbook. These laws may affect your rights and responsibilities even if the laws are not included or explained in this handbook. The main laws that apply to this handbook are state and federal laws about the Medi-Cal program. Other federal and state laws may apply too.

Notice about Medi-Cal as a payer of last resort, other health coverage, and tort recovery

The Medi-Cal program follows state and federal laws and regulations relating to the legal liability of third parties for health care services to members. CalOptima Health will take all reasonable measures to ensure that the Medi-Cal program is the payer of last resort.

Medi-Cal members may have other health coverage (OHC), also referred to as private health insurance. As a condition of Medi-Cal eligibility, you must apply for or retain any available OHC when it is free.

Federal and state laws require Medi-Cal members to report OHC and any changes to an existing OHC. You may have to repay DHCS for any benefits paid by mistake if you do not report OHC quickly. Submit your OHC online at <http://dhcs.ca.gov/OHC>.

Call Customer Service at **1-714-246-8500** or toll free at **1-888-587-8088**.

CalOptima Health is here Monday through Friday from 8 a.m. to 5:30 p.m.

The call is free. Or call the California Relay Line at **711**. Visit online at

www.caloptima.org.

If you do not have access to the internet, you can report OHC to CalOptima Health by calling **1-714-246-8500** or toll free at **1-888-587-8088** (TTY **711**). Or you can call DHCS's OHC Processing Center at 1-800-541-5555 (TTY 1-800-430-7077 or 711) or 1-916-636-1980.

The California Department of Health Care Services (DHCS) has the right and responsibility to be paid back for covered Medi-Cal services for which Medi-Cal is not the first payer. For example, if you are injured in a car accident or at work, auto or workers' compensation insurance may have to pay for your health care first or pay back Medi-Cal if Medi-Cal pays.

If you are injured, and another party is liable for your injury, you or your legal representative must notify DHCS within 30 days of filing a legal action or a claim. Submit your notification online to:

- Personal Injury Program at <https://dhcs.ca.gov/PIForms>
- Workers' Compensation Recovery Program at <https://dhcs.ca.gov/WC>

To learn more, visit the DHCS Third Party Liability and Recovery Division website at <https://dhcs.ca.gov/tplrd> or call 1-916-445-9891.

Notice about estate recovery

The Medi-Cal program must seek repayment from probated estates of certain deceased members for Medi-Cal benefits received on or after their 55th birthday. Repayment includes Fee-for-Service (FFS) and managed care premiums or capitation payments for nursing facility services, home and community-based services, and related hospital and prescription drug services received when the member was an inpatient in a nursing facility or was receiving home and community-based services. Repayment cannot exceed the value of a member's probated estate.

To learn more, go to the DHCS Estate Recovery Program website at <https://dhcs.ca.gov/er> or call 1-916-650-0590.
