CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken December 3, 2020
Regular Meeting of the CalOptima Board of Directors

Report Item
20. Consider Approval of Actions Related to Homeless Health Care Pilot Initiatives

Contacts
Ladan Khamseh, Chief Operating Officer, (714) 246-8866
Candice Gomez, Executive Director, Program Implementation (714) 246-8849
Michelle Laughlin, Executive Director, Network Operations (657) 900-1116

Recommended Actions
Regarding the Clinical Field Team Pilot Program (CFTPP) and Homeless Health Initiative (HHI) FQHC Expansion Pilot:

1. Extend both pilots through December 31, 2021; and

2. Authorize the Chief Executive Officer, with the assistance of Legal Counsel, to extend contracts with Federally Qualified Health Centers (FQHCs) and FQHC Look-alikes providing services under CFTPP.

Background
CalOptima has launched various initiatives to provide clinical care for CalOptima Medi-Cal Members (Members) experiencing homelessness through a series of actions approved by the CalOptima Board of Directors (Board). Specifically, the Board has approved and allocated funding for CFTPP and HHI FQHC Expansion to provide urgent, primary, and preventive care for individuals experiencing homelessness, as follows:

Date	Action(s)
February 22, 2019	• Authorized establishment of a CFTPP • Authorized reallocation of up to $1.6 million in Intergovernmental Transfers (IGT) 1 and IGT 6/7 funds for start-up costs for the CFTPP • Authorized eight unbudgeted FTEs and related costs in an amount not to exceed $1.2 million to serve as part of CalOptima's Homeless Response Team • Directed staff to return to the Board with ratification request for further implementation details

Back to Agenda

Date	Action(s)
April 4, 2019	Actions related to Delivery of Care for Homeless CalOptima Members: • Approved the creation of a restricted Homeless Health Reserve in the amount of $100 million: $24 million in previously approved initiatives using IGT 1-7 funds, and $76 million in IGT 8 funds (approximately $43 million) with the balance from Fiscal Year (FY) 2018-19 operating funds • Stipulated that funds can only be used for homeless health • (While the IGT 1 – 7 funds were available to provide enhanced benefits to existing CalOptima Medi-Cal members, the IGT 8 and FY 2018-19 operating funds are limited to providing CalOptima Medi-Cal members with covered, medically necessary Medi-Cal health care services. If used for any other purpose, the Department of Health Care Services will categorize these expenditures as part of CalOptima's administrative expenses.) Actions and contracts with FQHCs: • Ratified the implementation plan for the Board authorized CFTPP • Ratified contracts with the following FQHCs to participate in the Clinical Field Team Pilot Program: Central City Community Health Center, Hurtt Family Health Clinic, Inc., and Korean Community Services, Inc, dba Korean Community Services Health Center, and Serve the People Community Health Center
August 1, 2019	Actions and contracts with FQHCs • Authorized expenditures of $135,000 from FY2019-20 Medi-Cal HHI from medical expenses to administrative expenses • Authorized the HHI FQHC Expansion Pilot • Authorized contract amendments with FQHCs and FQHC Look-alikes to participate in the HHI FQHC Expansion Pilot • Ratified contract amendment with Families Together of Orange County to participate in the CFTPP Actions for development of CalOptima Homeless Clinical Access Program (HCAP) • Authorized modification of the CalOptima Days quality improvement and incentive strategy to include HCAP for health care services in mobile units at, or in fixed clinical sites within, shelters or hotspots, including those FQHCs and FQHC Look-alikes participating in the CFTPP or HHI FQHC Expansion Pilot
March 5, 2020	Actions and contracts with FQHCs • Authorized extension of the CFTPP through December 31, 2020 and operational changes • Authorized extension of the HHI FQHC Expansion Pilot through December 31, 2020 • Authorized contract amendments with FQHCs and FQHC Look-alikes to extend participation in the CFTPP or HHI FQHC Expansion Pilot, as applicable
April 16, 2020	Actions for modification of CalOptima Homeless Clinical Access Program (HCAP) • Authorized modification of HCAP to include telehealth visits and on-call services through the CFTPP • Authorized expenditure of $1 million in provider incentives consistent with the modification of HCAP

Back to Agenda

The current CFTPP and HHI FQHC Expansion pilot were extended until December 31, 2020 with the intent to develop sustainable programs to be effective on January 1, 2021. Since then there have been significant changes to the health care environment due to the COVID-19 pandemic. On February 27, 2020, the County of Orange declared a local health emergency related to COVID-19. On March 4, 2020, the Governor of California declared a State of Emergency. On March 13, 2020, the President declared a national emergency based on the spread of the coronavirus. Subsequently, various initiatives were implemented in Orange County to address the needs of individuals experiencing homelessness including, but not limited to:

- The opening of alternate congregate sites to support social distancing for individuals residing in a shelter;
- Implementation of Project Roomkey, a state supported initiative to prevent and mitigate the spread of COVID-19 by providing non-congregate shelter in hotel and motel rooms for sick and medically vulnerable individuals experiencing homelessness; and,
- Implementation of the Homekey Program, an initiative funded through a grant awarded by the California Department of Housing and Community Development to rapidly sustain and expand housing, which will be available for some individuals moving out of Project Roomkey sites as early as November 2020.

In addition, CalOptima and community health centers have collaborated to ensure continued health care access during the crisis. As flexibilities from Centers for Medicare & Medicaid Services (CMS) and Department of Health Care Services (DHCS) regarding telehealth services, the following modifications were incorporated into the CFTPP or HHI FQHC Expansion pilot:

- Telehealth was included as an additional mode to provide health care services;
- Outreach was conducted to inform referral agencies of continued on-call urgent care availability and telehealth as an option;
- The CalOptima HCAP was enhanced to support ongoing access by adding an incentive for on-call days, as well as inclusion of telehealth visits.

CalOptima and the community health centers continue to discuss changes to the current health care environment and develop solutions to improve access to care for our members experiencing homelessness during the COVID crisis and beyond.

Discussion

Since the onset of the COVID-19 pandemic, the need for health care services provided through the CFTPP or HHI FQHC Expansion pilot has fluctuated. Fluctuations are due to the temporary closure of referring agencies, reductions in the number of available beds at shelters as a result of social distancing, and elimination of availability of walk-in services at some community-based organizations. Additionally, health care services were made available at alternate congregate and Project Roomkey sites that housed individuals experiencing homelessness and at risk for or tested positive for COVID-19. Due to these contributing factors, when compared with the average weekly volume prior to the onset of the pandemic in March 2020, CalOptima experienced a 40% decline in referrals for services provided to individuals experiencing homelessness between April and October 2020.

As social distancing restrictions lessen and the alternate congregate and Project Roomkey sites wind

down, it is expected that the demand for services provided through the CFTPP and HHI FQHC Expansion pilot will increase. The timing and availability of community-based services, shelter beds, and outreach services as the county reopens is unknown. Additionally, it is unknown if regulatory flexibilities regarding how health care services can be delivered, like telehealth, will be extended. Given that there are unknown factors, CalOptima staff recommends extending both the CFTPP and HHI FQHC Expansion pilot until December 31, 2021. This will provide the time necessary to assess and compare program outcomes and impacts prior to and as a result of COVID-19, which will inform the development of a sustainable, ongoing program. CalOptima staff continue to collaborate with the community health centers, county, and referring agencies in the development of a sustainable program and will return to the Board regarding additional recommended actions as needed.

Fiscal Impact

Forecasted homeless related initiative expenditures related to the CFTPP and the HHI FQHC Expansion Pilot from January 1, 2021 through June 30, 2021, is included in the FY 2020-21 Operating Budget approved by the Board on June 4, 2020. Management will include expenses related to the period of July 1, 2021, through December 31, 2021, in the FY 2021-22 Operating Budget. A previous Board action on April 4, 2019, to Consider Actions Related to Delivery of Care for Homeless CalOptima Members, created a restricted Homeless Health Reserve in the amount of $100 million. Funding for the CFTPP and the HHI FQHC Expansion Pilot is included under this reserve.

Rationale for Recommendation

Extension of the pilots and contracts are recommended to continue this program to serve CalOptima Medi-Cal Members experiencing homelessness and allow time to determine and address long-term COVID-19 impacts. The initiatives are consistent with the Board-approved Guiding Principles and Strategic Plan as it relates to the health care needs of members experiencing homelessness.

Concurrence

Gary Crockett, Chief Counsel

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken March 5, 2020
Regular Meeting of the CalOptima Board of Directors

Report Item

15. Consider Actions Related to Homeless Health Care Pilot Initiatives

Contact

Candice Gomez, Executive Director, Program Implementation, (714) 246-8400
Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400

Recommended Actions

1. Regarding the Clinical Field Team Pilot Program (CFTPP):
   a. Extend the CFTPP through December 31, 2020 with operational changes as described herein;
   b. Authorize the Chief Executive Officer, with the assistance of Legal Counsel, to extend and amend contracts to implement the described operational changes with Federally Qualified Health Centers (FQHCs) and FQHC Look-alikes providing services under CFTPP; and
2. Regarding the Homeless Health Initiative (HHI):
   a. Extend the HHI FQHC Expansion pilot through December 31, 2020 and continue to allow for reimbursement to participating FQHCs and FQHC Look-alikes directly for services provided to CalOptima Members via mobile health care units, in fixed locations at shelters, and at identified homeless hotspots; and
   b. Authorize the Chief Executive Officer, with the assistance of Legal Counsel, to enter into contracts/contract amendments with FQHCs and FQHC Look-alikes as necessary to implement such payments.

Background

CalOptima has launched various initiatives to provide clinical care for CalOptima Medi-Cal Members (Members) experiencing homelessness through a series of actions approved by the CalOptima Board of Directors (Board). Specifically, the Board has approved or allocated funding for the following:

Date	Action(s)
February 22, 2019	• Authorized establishment of a CFTPP • Authorized reallocation of up to $1.6 million in Intergovernmental Transfers (IGT) 1 and IGT 6/7 funds for start-up costs for the CFTPP • Authorized eight unbudgeted FTEs and related costs in an amount not to exceed $1.2 million to service as part of CalOptima's Homeless Response Team • Directed staff to return to the Board with ratification request for further implementation details
April 4, 2019	Actions related to Delivery of Care for Homeless CalOptima Members • Approved the creation of a restricted Homeless Health Reserve in the amount of $100 million: $24 million in previously approved initiatives using IGT 1-7 funds, and $76

	million in IGT 8 funds (approximately $43 million) with the balance from Fiscal Year (FY) 2018-19 operating funds • Stipulated that funds can only be used for homeless health Actions and contracts with FQHCs • Ratified the implementation plan for the Board authorized CFTPP • Ratified contracts with the following FQHCs to participate in the Clinical Field Team Pilot Program: Central City Community Health Center, Hurtt Family Health Clinic, Inc., Korean Community Services, Inc, dba Korean Community Services Health Center, and Serve the People Community Health Center • Authorized expenditures of up to $500,000 from existing reserves to fund the cost of services rendered to homeless CalOptima Medi-Cal members on a fee-for-service basis through June 30, 2019
August 1, 2019	Actions and contracts with FQHCs • Authorized expenditures of $135,000 from FY2019-20 Medi-Cal HHI from medical expenses to administrative expenses • Authorized the HHI FQHC Expansion pilot • Authorized contract amendments with FQHCs and FQHC Look-alikes to participate in the HHI FQHC Expansion Pilot • Ratified contract amendment with Families Together of Orange County to participate in the CFTPP Actions for development of CalOptima Homeless Clinical Access Program (HCAP) Authorized modification of the CalOptima Days quality improvement and incentive strategy to include HCAP for health care services in mobile units at, or in fixed clinical sites within, shelters or hotspots, including those FQHCs and FQHC Look-alikes participating in the CFTPP or HHI FQHC Expansion Pilot

CalOptima has contracted with five FQHCs and/or FQHC Look-alikes, also referred to as community health centers, to provide CFTPP services.

- Central City Community Health Center
- Families Together of Orange County
- Hurtt Family Health Clinic, Inc.
- Korean Community Services, Inc, dba Korean Community Services Health Center
- Serve the People Community Health Center

The CFTPP was deployed on a phased in basis based on the community health centers' readiness. The community health centers currently provide on-call services in Orange County seven days a week. While capacity in the number of providers and on-call time availability has gradually increased since inception, collectively, between April and December 2019, through the CFTPP the following activity occurred:

- Receipt of 209 referrals from CalOptima Case Managers for outreach to Members expressing housing needs
- 1,302 face-to-face contacts with individuals experiencing homelessness
- Participation in five pre-enforcement engagements in Anaheim, Costa Mesa, Fullerton, Placentia and San Clemente
- 494 clinical field team dispatches
- 448 clinical field team visits conducted, of which 276 were CalOptima members
- 72 referrals to recuperative care

Additionally, through the HCAP, mobile services are regularly scheduled at shelters and other Orange County locations to provide primary and preventive services. To support additional participation in the HCAP, the HHI FQHC Expansion pilot was initiated. The HHI FQHC Expansion pilot allows new community health centers, in addition to those participating as CFTPPs, to seek reimbursement for services provided through a mobile unit, at a fixed shelter location, or identified homeless hotspot from CalOptima regardless of health network affiliation. The program has been operational for less than six months and outcome results are still being collected. Both the CFTPP and HHI FQHC Expansion pilot are set to end on March 31, 2020.

Discussion

Since the CFTPP was initiated in April 2019, modifications have been implemented in order to effectively operate the program and respond to Member needs. Because this has been a new pilot program, adjustments have been made as staff has gained more experience in coordinating services. For example, the following adjustments have been applied:

- Adding on-call services to facilitate documentation of recuperative care medical justification for recuperative care
- Referral sources for clinical field team services have been expanded. In addition, to the Orange County Health Care Agency Outreach & Engagement staff and CHAT-H nurses, referrals are also received from Homeless Emergency Assistance Program (HEAP) providers, shelter operators, city agencies, and other homeless service providers
- Mobile schedule shared with all community health centers to promote coordination among them, especially when referring a member to follow-up care

- In collaboration with the community health centers, add more flexibility to the community health centers on-call schedules including on-call hours adjusted to 8:30 a.m. to 4:30 p.m. to better align with demand and mitigate safety issues

In 2019, CalOptima's Homeless Response Team dispatched the clinical field teams 494 times resulting in 448 clinical visits in the community. The Homeless Response Team also manages and maintains the community health centers schedule at shelters and hot spots to support the HCAP. Members experiencing homelessness are receiving health care services where they are located including shelters and hot spots. Because of claims lag, data regarding patient compliance, outcomes, inpatient, emergency department visits, and other utilization are still being evaluated. As such, CalOptima staff recommends extending both the CFTPP and FQHC Expansion pilots until December 31, 2020. Extending the pilots will allow for additional time to monitor outcomes and gain additional operational experience in developing sustainable programs. Furthermore, the California Department of Health Care Services released the Medi-Cal Healthier California for All proposal which includes a new Enhanced Care Management (ECM) benefit and availability of in lieu of services. ECM and in lieu of services become effective January 1, 2021 and have the potential to significantly impact services provided to Members experiencing homelessness.

In addition to recommending an extension of the CFTPP, CalOptima staff recommends modifying program requirements to adjust the on-call hours to 8:30 a.m. to 4:30 p.m. and other changes to align with administrative billing practices and actual services provided in the community. CalOptima staff also recommends removing the requirement to provide mobile services at two scheduled locations in four hour increments two days a week from the CFTPP. Providing services at set locations is now included in the HCAP and monitoring similar services through two separate programs is administratively duplicative for both the contracted CFTPP community health centers and CalOptima, especially as new community health centers begin to provide services through the HCAP.

CalOptima staff continues to work in collaboration with the community health centers and referring agencies and, based on feedback, is considering additional operational model changes to enhance the sustainability of the program which include:

- Modifying the on-call schedule based on current demand to allow for more flexibility for clinicians to see patients in the office and mobile units;
- Staggering provider hours to support scheduling in office appointments before or after CFT or mobile unit on-call shifts;
- Expanding outreach and education to existing and potential referring agencies regarding the program, deployment hours (including weekend availability) to continue building and refining the program to serve more individuals; and
- Considering an after-hour deployment fee for on-call services.

CalOptima staff will return to the Board regarding any additional recommended modifications to the pilot programs.

Fiscal Impact

The recommended actions to extend the terms of the CFTPP and the HHI FQHC Expansion pilot from April 1, 2020, through June 30, 2020, is budgeted under homeless related initiative expenditures in the

FY 2019-20 Operating Budget approved by the Board on June 6, 2019. Management plans to include expenses related to the period of July 1, 2020, through December 31, 2020, in the FY 2020-21 Operating Budget.

Rationale for Recommendation

Extension and modification of the pilots and contracts are recommended to continue this program to serve Members experiencing homelessness. The initiatives are consistent with the Board-approved Guiding Principles and Strategic Plan.

Concurrence

Gary Crockett, Chief Counsel

Homeless Health Care Delivery

Special Meeting of the CalOptima Board of Directors
February 22, 2019

Michael Schrader
Chief Executive Officer

Agenda

- Current system of care
- Strengthened system of care
- Federal and State guidance
- Activities in other counties
- Considerations
- Recommended actions

Current System of Care

Key Roles	Agency
Public Health	County
Physical Health	CalOptima*
Mental Health – mild to moderate	CalOptima*
Serious Mental Illness (SMI) and Substance Use Disorder	County
Shelters	County and Cities
Housing supportive services for SMI population • Housing search support • Facilitation of housing application and/or lease • Move-in assistance • Tenancy sustainment/wellness checks	County
Intensive Care Management Services	County and CalOptima*
Medi-Cal Eligibility Determination and Enrollment	County
Presumptive Medi-Cal Eligibility	State Medi-Cal Fee-for-Service Program

**For Medi-Cal Members*

Current System of Care (Cont.)

- Services available to Medi-Cal members through CalOptima
  - Physician services – primary and specialty care
  - Hospital services and tertiary care
  - Palliative care and hospice
  - Pharmacy
  - Behavioral health (mild to moderate)
- Recuperative care funding with IGT dollars through County's Whole-Person Care Pilot
  - A clean and safe place for homeless individuals to recover from illness or injury for up to 90 days
  - A form of short-term shelter based on medical necessity

Gaps in the Current System of Care

- Access issues for homeless individuals
  - Difficulty with scheduled appointments
  - Challenges with transportation to medical services
- Coordination of physical health, mental health, substance use disorder treatment, and housing
- Physical health for non-CalOptima members who are homeless
  - Individuals may qualify for Medi-Cal but are not enrolled

Immediate Response

- In 2018, more than 200 reported homeless deaths in Orange County
  - Roughly double the number of homeless deaths in San Diego County
- CalOptima Board
  - On February 20, 2019, Quality Assurance Committee tasked staff to investigate
    - Percentage that were CalOptima members
    - Demographics
    - Causes of death
    - Prior access to medical care
  - Identify opportunities for improvement

Strengthened System of Care

- Vision
  - Deliver physical health care services to homeless individuals where they are
- Partner with FQHCs to deploy mobile clinical field teams
  - Reasons for partnering with FQHCs
    - Receive CalOptima reimbursement for Medi-Cal members
    - Receive federal funding for uninsured
    - Enrollment assistance into Medi-Cal
    - Offer members education on choosing FQHC as their PCP
  - About the FQHC clinical field teams (a.k.a., “Street Medicine”)
    - Small teams (e.g., physician/NP/PA, medical assistants, social worker)
    - Available with extended hours
    - Go to parks, riverbeds and shelters
    - In coordination with County Outreach and Engagement Team (a.k.a., “Blue Shirts”)

Federal and State Guidance

- Depending on the state-specific waivers and county contracts with state, Medicaid funds can be used for coverage of certain housing-related activities, such as
  - Intensive case management services
    - Section 1915(c) Home and Community Based Services waiver
      - e.g., In-Home Supportive Services and Multipurpose Senior Services Program
  - Housing navigation and supports
    - Section 1115 waiver
      - e.g., Whole-Person Care Pilot

Federal and State Guidance (Cont.)

- Medicaid funds cannot be used for rent or room and board
  - CMS Informational Bulletin – June 26, 2015
- CalOptima's Medi-Cal revenue and reserves can be used for the CalOptima Medi-Cal program only
  - Welfare & Institutions Code section 14087.54 (CalOptima enabling statute)

Activities in Other Counties

- Los Angeles County
  - LA County administers a flexible housing subsidy pool
  - L.A. Care provided a $4 million grant (total commitment of $20 million over 5 years) for rent subsidies to house 300 individuals
    - L.A. Care has other sources of revenue beyond Medi-Cal (e.g., Covered California commercial plan)
- Riverside and San Bernardino Counties
  - Inland Empire Health Plan contributes to a housing pool to provide housing supportive services for 350 members
- Orange County
  - Housing pool not in existence today under WPC Pilot
  - If established pursuant to the 1115 Waiver (e.g., under WPC), CalOptima could contribute funds for housing supportive services, not rent

Considerations

- Establish CalOptima Homeless Response Team
  - Dedicated CalOptima resources
  - Coordinate with clinical field teams
  - Interact with Blue Shirts, health networks, providers, etc.
  - Work in the community
  - Provide access on call during extended hours
- Fund start-up costs for clinical care provided to CalOptima members
  - On-site in shelters
  - On the streets through clinical field teams

Additional Considerations

- Look at opportunities to support CalOptima members who are homeless
  - ➢ Contribute to a housing pool
    - Housing pool must exist under an 1115 waiver program (e.g. WPC) in order to use Medi-Cal funds
    - CalOptima contribution used towards housing navigation and support services; cannot be used towards rent or room and board

Recommended Actions

- Authorize establishment of a clinical field team pilot program
  - Contract with any willing FQHC that meets qualifications
  - ~~CalOptima financially responsible for services regardless of health network eligibility~~
  - ~~One year pilot program~~
  - ~~Fee-for-service reimbursement based on CalOptima Medi-Cal fee schedule~~
- Authorize reallocation of up to $1.6 million from IGT 1 and 6/7 to fund start-up costs for clinical field team pilot
  - ~~Vehicle, equipment and supplies~~
  - ~~Staffing~~

Recommended Actions (Cont.)

- Authorize establishment of the CalOptima Homeless Response Team
  - ➢ Authorize eight unbudgeted FTE positions and related costs in an amount not to exceed $1.2 million
- Return to the Board with a ratification request for further implementing details
- Consider other options to work with the County on a System of Care
- Obtain legal opinion related to using Medi-Cal funding for housing-related activities

Homeless Health Care Update

Board of Directors Meeting

April 4, 2019

Michael Schrader

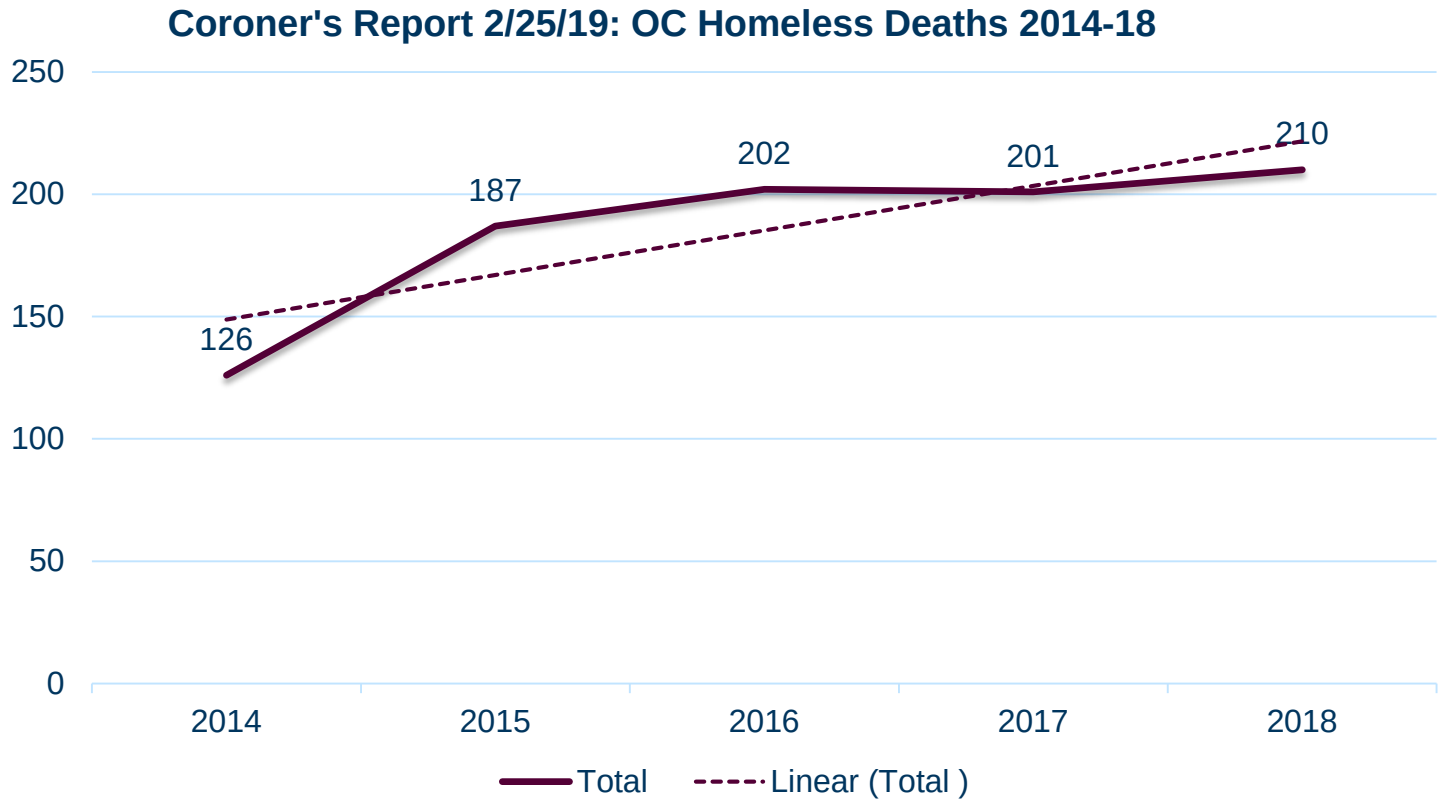
Chief Executive Officer

Impetus for Action in Orange County

- Address homeless crisis with urgency and commitment
- Address trend of homeless deaths
- Build a better system of care for members who are homeless that is long-lasting and becomes part of established delivery system
- Prioritize population health for this group

Homeless Deaths

Coroner’s Report on Homeless Deaths



- Includes all homeless deaths in Orange County, not limited to CalOptima members
- Methodology of reporting and identification of homeless may vary by county
- Increased homeless death rates over the past five years reported in the media statewide

Coroner's Report on Homeless Deaths And Possible Interventions

- Natural causes (42% homeless v. 83% total OC population)
  - Clinical field teams (CalOptima)
  - CalOptima Homeless Response Team (CalOptima)
  - Recuperative care (County and CalOptima)
- Overdose (24% homeless v. 5% total OC population)
  - Opioid prescribing interventions (CalOptima)
  - Medication-assisted treatment (County and CalOptima)
  - Substance use disorder centers (County)
  - Medical detox (CalOptima)
  - Social model detox (County)
  - Naloxone (County and CalOptima)
  - Needle exchange (County)

Coroner's Report on Homeless Deaths And Possible Interventions (cont.)

- Traffic accidents (12% homeless v. 3% total OC population)
- Suicide (7% homeless v. 4% total OC population)
  - Moderate-severe behavioral health (County)
    - Crisis intervention
    - Post-acute transitions
    - Intensive outpatient treatment programs
  - Mild-moderate behavioral health (CalOptima)
    - Screening
    - Early treatment
- Homicide (6% homeless v. 1% total OC population)
- Other accidents (5% homeless v. 5% total OC population)
- Undetermined (3% homeless v. 1% total OC population)

Quality Assurance Committee
Further Clinical Analysis

- Deeper analysis into causes of deaths and interventions
- Case studies for each cause of homeless death
- Benchmarks and comparison with interventions and resources in other counties
- Presentations from partnering organizations

Better System of Care

Ad Hoc Recommendations

- Take action to commit $100 million for homeless health
  - Create a restricted homeless health reserve
  - Stipulate that funds can only be used for homeless health

New Initiatives/Projects	BOD Approved	Pending BOD Approval	Funding Category
Be Well OC	$11.4 million		IGT 1–7 ($24 million total)
Recuperative Care	$11 million		
Clinical Field Team Startup	$1.6 million		
CalOptima Homeless Response Team ($1.2 million/year x 5 years)	$1.2 million	$4.8 million	IGT 8 and FY 2018–19 operating funds ($76 million total)
Homeless Coordination at Hospitals ($2 million/year x 5 years)		$10 million	
New Initiatives		$60 million	
Total Reserve: $100 million	**$25.2 million**	**$74.8 million**	

Clinical Field Team Structure

- Team Components
  - Includes clinical and support staff
  - Vehicle for transportation of staff and equipment
  - Internet connectivity and use of Whole-Person Care (WPC) Connect
- Clinical Services
  - Urgent care, wound care, vaccinations, health screening and point-of-care labs
  - Prescriptions and immediate dispensing of commonly used medications
  - Video consults, referrals, appointment scheduling and care transitions

Clinical Field Team Structure (cont.)

- Referrals and Coordination
  - Coordination with CalOptima Homeless Response Team
  - Coordination with providers
  - Referrals for behavioral health, substance abuse, recuperative care and social services
- Availability and Coverage
  - Regular hours at shelters/hot spots
  - Rotation for on-call services from 8 a.m.–9 p.m. seven days a week, with response time of less than 90 minutes

Clinical Field Team Partnerships

- Five FQHCs have received contract amendments
  - AltaMed
  - Central City Community Health Center*
  - Hurtt Family Health Clinic*
  - Korean Community Services*
  - Serve the People*
- Contract amendments to be authorized/ratified at April Board meeting, per Board direction
- Go-live
  - Deploy on a phased basis, based on FQHC readiness

** Signed contract amendment*

CalOptima Homeless Response Team

- Phone line and daily hours (8 a.m.–9 p.m.) established
  - Available to Blue Shirts and CHAT-H nurses
  - Primary point of contact at CalOptima for rapid response
- Coordinate and dispatch clinical field teams
- Serve as liaisons with regular field visits to shelters/hot spots in the county and recuperative care facilities
  - Establish working in-person relationships with collaborating partners
  - Assess and coordinate physical health needs for CalOptima members

Homeless Population in CalOptima Direct

- Pursue moving members who are homeless to CalOptima Direct, subject to regulatory approval
  - Maximum flexibility with access to any provider (no PCP assignment)
  - Fast-tracked authorization processing
  - Direct medical management in collaboration with clinical field teams, CalOptima Homeless Response Team, and County Blue Shirts and CHAT-H nurses
  - Connectivity with WPC Connect and CalOptima population health platform
- In the interim, move members identified in the field based on choice
- Obtain stakeholder input
  - County, PAC, MAC and health networks

Homeless Coordination at Hospitals

- COBAR in April
- Help hospitals meet SB 1152 requirements for homeless-specific discharge planning and care coordination, effective July 1, 2019
- Utilization by hospitals of data sharing technology to help facilitate coordination of services for CalOptima members who are homeless
- Proposing 2 percent increase to the inpatient Classic rates for Medi-Cal contracted hospitals
  - $2 million financial impact per year
  - Distributes funding based on volume of services provided to members

Medical Respite Program

- Recuperative care beyond 90 days
  - Reallocate $250,000 of the $10 million in IGT6/7 already allocated to the County's WPC program for recuperative care
  - Leverage existing process
    - County to coordinate and pay recuperative care vendor
    - CalOptima to reimburse County for 100 percent of cost
  - COBAR in April
  - Return to CalOptima Board for ratification of associated policy

WPC Connect

- Data-sharing tool for coordinating care used by the Whole-Person Care collaborative
  - Specifically used for homeless individuals
  - Includes social supports and referrals to services
  - Includes community partners (e.g., Illumination Foundation, 211, Lestonnac, Health Care Agency, Social Services Agency, hospitals, community clinics, health networks and CalOptima)
- WPC Connect workflow
  - Community partners can, with consent, add individuals into WPC Connect system once identified as homeless
  - WPC Connect sends an email notification and/or text message to identified care team for homeless individuals seen in ER, admitted to hospital or discharged

WPC Connect (cont.)

- CalOptima use of WPC Connect
  - Case management staff is trained and actively uses the system
    - Identify members enrolled in WPC
    - Coordinate with other partners caring for members
    - Access information from other partners

- Status of WPC Connect
  - Five hospitals are currently connected
  - COBAR to amend hospital contracts to support a discharge process for members experiencing homelessness, including the utilization by hospitals of data-sharing technology to help facilitate coordination of services with other providers and community partners

Better System of Care: Future Planning

Evolving Strategy and Homeless Health Needs

- Propose and respond to changes
  - Regulatory and legislative
  - Available permanent supportive housing and shelters
  - State programs (e.g., expanded WPC funding and Housing for a Healthy California Program)
- Identify other potential uses for committed funds to optimize the delivery system, subject to Board consideration, for example:
  - Enrollment assistance
  - Enhanced data connectivity technology
  - Housing supportive services
  - Other physical health services
  - Rental assistance and shelter, if permissible

Recommended Actions

- Separate COBARs
  - Clinical field team implementation
  - Medical respite program
  - Homeless coordination at hospitals

- Additional action recommended by Board Ad Hoc
  - Create a restricted homeless health reserve in the amount of $100 million
    - $24 million – previously approved initiatives using IGT 1–7 funds
    - $76 million – all IGT 8 funds (approximately $43 million) with balance from FY 2018–19 operating funds
  - Stipulate that funds can only be used for homeless health

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken April 4, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

5. Consider Ratifying Implementation Actions and Contracts with Federally Qualified Health Centers for Board Authorized Clinical Field Team Pilot Program

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400
Nancy Huang, Interim Chief Financial Officer, (714) 246 8400

Recommended Actions

1. Ratify implementation plan for Board authorized Clinical Field Team Pilot Program (CFTPP);
2. Ratify contracts with Federally Qualified Health Centers (FQHC) selected to participate in the CFTPP; and
3. Authorize expenditures of up to $500,000 from existing reserves to fund the cost of services rendered to homeless CalOptima Medi-Cal members on a fee-for-service (FFS) basis through June 30, 2019.

Background

CalOptima is responsible for arranging for the provision of physical health and mild to moderate behavioral health services to all CalOptima members. Among other things, the County of Orange is responsible for providing services related to Serious Mental Illness and Substance Use Disorder. The County of Orange also provides housing support services for the homeless through multiple programs. In combination, these services provide a continuum of care for CalOptima members.

The goal of the continuum of care is to coordinate physical and mental health, substance use disorder treatment and housing support. However, members who are identified as "homeless" based on the lack of permanent housing sometimes have unique challenges receiving healthcare services. These individuals sometimes have difficulty scheduling and keeping medical appointments and also sometimes face challenges with transportation to their medical providers. The County of Orange currently provides assistance in linking homeless individuals to mental health and substance use disorder treatment. In partnership with the County in these efforts, and as part of CalOptima's ongoing efforts to be responsive to stakeholder input and explore more effective means of delivering health care services to Medi-Cal beneficiaries, the CalOptima Board met at a special meeting on February 22, 2019 to consider the unique needs of the homeless population.

At the February 22, 2019 meeting, the CalOptima Board authorized the establishment of the CFTPP and allocated up to $1.6 million in IGT 6/7 dollars in support of this effort. The Board also authorized the establishment of a Homeless Response Team and directed staff to move forward with the program and return with a request for ratification of implementing details. As discussed at the February 22, 2019 meeting, the plan was for staff to move forward with amendments to contract with qualifying Federally Qualified Health Centers (FQHCs), which can receive federal funding as reimbursement for services provided to non-CalOptima members, as well payments from CalOptima for covered, medically necessary services provided to CalOptima Medi-Cal members.

Back to Agenda Back to Item

Discussion

Clinical Field Team Pilot Program (CFTPP)

The Clinical Field Team pilot program was designed with the intent to provide needed, urgent care type medical services to homeless members in Orange County, onsite where they are located. Services provided where the members are located is expected to help prevent avoidable medical complications, hospitalizations, re-hospitalizations, emergency department visits, adverse drug events, and progression of disease.

Services provided will be reimbursed based on the CalOptima Medi-Cal fee schedule directly by CalOptima regardless of the member's health network eligibility. As also indicated, under the CFTPP, CalOptima will establish a Homeless Response Team which will be dedicated to the homeless health initiative. Requests for physical health care services identified by County workers will be requested to and deployed by CalOptima's Homeless Response Team.

As indicated, at the February 22, 2019 meeting, the Board authorized reallocation of up to $1.6 million in designated but unused funds from IGT 1, IGT 6 and IGT 7 for start-up costs. As part of the CFTPP, CalOptima staff anticipates contracting with up to five FQHCs for services, resulting in $320,000 per FQHC for start-up funding. Specifically, Management recommends the following reallocations:

- $500,000 from IGT 1 – Depression Screenings;
- $100,000 from IGT 6 – IS and Infrastructure Projects;
- $500,000 from IGT 7 – Expand Mobile Food Distribution Services; and
- $500,000 from IGT 7 – Expand Access to Food Distribution Services for Older Adults.

In addition, CalOptima will provide payment to FQHCs for services rendered to CalOptima's Medi-Cal members on a FFS basis. Management recommends the Board authorize up to $500,000 from existing reserves to provide funding for these payments through June 30, 2019. Management plans to include additional funding for services provided as part of the CFTPP beyond this date in the FY2019-20 budget.

CalOptima staff has engaged FQHCs (and/or FQHC Look-alikes) to provide medical services because of their ability to provide (and be reimbursed for) services to both CalOptima members and non-CalOptima members; including those who are uninsured. Service reimbursement from CalOptima will only be provided for CalOptima members, and FQHCs are able to obtain alternate funding sources for services provided to individuals not enrolled with CalOptima. In order to select participating FQHCs for the pilot CalOptima requested that interested parties respond to questions regarding their experience providing clinical services to individuals experiencing homelessness, if similar services were already being provided in Orange County, if they were able to meet key requirements under the pilot, and if they were able to begin providing services on April 1, 2019. (number) responded to the questionnaire and the following five FQHCs were selected:

- AltaMed Health Services Corporation
- Central City Community Health Center
- Hurtt Family Health Clinic, Inc.
- Korean Community Services, Inc. dba Korean Community Services health Center
- Serve the People Community Health Center

Once implemented, CFTPP program performance and results will be monitored and reported to the Board for further continuation or modification.

FQHC Contracts

CalOptima staff is in the process of amending contracts with the five identified FQHCs, whose mission and federal mandate are to deliver care to the most vulnerable individuals and families, including people experiencing homelessness in areas where economic, geographic, or cultural barriers limit access to affordable health care service. This ensures that homeless individuals, who are not currently CalOptima members, will also receive care as needed.

The contracted FQHCs will provide one or more clinical, field-based teams which will include clinical and support staff, point of care lab testing and frequently used medications to be disbursed to the homeless at their locations. Among the services to be provided by the field-based teams, Members will be able to receive wound care, vaccinations, health screenings and primary care and specialist referrals. Services will be available at extended hours and on-call. Services will be coordinated with CalOptima's Homeless Response Team, PCP, and Health Networks as appropriate.

Staff requests Board ratification of the existing agreements with the 5 FQHCs and the authority to contract with additional FQHCs as necessary to cover the scope of services under the pilot program.

Fiscal Impact

The recommended action to authorize expenditures to fund the cost of services rendered to CalOptima Medi-Cal members under the CFTPP program on a FFS basis is an unbudgeted item. A proposed allocation of up to $500,000 from existing reserves will fund this action through June 30, 2019. Management plans to include projected expenses associated with the CFTPP in the CalOptima Fiscal Year 2019-20 Operating Budget.

Rationale for Recommendation

Due to the unique access issues associated with receipt of healthcare services for individuals in the community who lack permanent housing, CalOptima staff recommends this action to ensure access by providing urgent health care services where these individuals are located.

Concurrence

Gary Crockett, Chief Counsel

SUPPLEMENTAL BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 27, 2019
Special Meeting of the CalOptima Board of Directors

Supplemental Report Item
S17a. Consider Funding Allocations Related to Supervisor Do's Homeless Healthcare Proposal

Recommended Actions
Authorize the $60 million identified for new homeless health initiatives as follows:
1. Clinic health care services in all homeless shelters – $10 million
2. Authorize mobile health team to respond to all homeless providers – $10 million
3. Residential support services and housing navigation – $20 million
4. Extend recuperative care for homeless individuals with chronic physical health issue – $20 million

Background
Supervisor Do is requesting consideration to allocate the $60 million identified at the February 22, 2019 Special Board of Directors meeting as follows:
1. Clinic health care services in all homeless shelters – $10 million
2. Authorize mobile health team to respond to all homeless providers – $10 million
3. Residential support services and housing navigation – $20 million
4. Extend recuperative care for homeless individuals with chronic physical health issue – $20 million

Mr. Michael Schrader
CalOptima
505 City Pkwy
Orange, CA 92868

SUBJECT: Request for June 14 Special Meeting on CalOptima's Response to Deaths of Homeless Members

Dear Mr. Schrader,

Given the information my office recently received from CalOptima, I am writing to reiterate my profound concerns regarding the agency's slow rate of progress for homeless services, particularly in light of the Board's Directives to establish homeless services since February 2019. I am also frustrated that out of the 210 homeless deaths last year, 153 were CalOptima members, despite my repeated requests for such services through all of last year. If ever, the time for action is now. We have had 25 more homeless deaths in the first two months of 2019 alone. To assist you and the Homeless Ad Hoc Committee, I am submitting four programs that CalOptima can implement immediately to provide care to our members who are living on the street.

A staggering 73 percent of those who died were enrolled in CalOptima services but were not provided adequate services. In the four months since the Board of Directors authorized my proposed Mobile Health Team, CalOptima has only served 47 individuals out of a population of almost 6,860 homeless residents countywide. Of those 47 patients, 36 were our members. While these feeble numbers should concern you as to the effectiveness of our outreach efforts, they clearly answer your question whether homeless individuals are CalOptima members. CalOptima is permitted to provide services to them using Medicaid funds.

Given such clear mandates, I don't understand your refusal to take referrals from providers other than the Orange County Health Care Agency's Outreach and Engagement Team. Many providers throughout the county interact with our county's homeless population. Such a restriction will necessarily limit the number of cases referred to CalOptima. It also flies in the face of the Board's repeated pledge that we are looking at every way legally possible to provide services.

Additionally, CalOptima's refusal to provide regularly scheduled clinics that led to the flawed decision to provide services solely on an on-call basis places the burden on the County to identify patients and wait with them in the field until CalOptima's contracted clinics show up. Not only is this a wasteful and inefficient model; but given that the wait is sometimes up to two hours, it's no wonder why so few homeless residents have taken up our services.

Finally, I don't understand why CalOptima refuses to provide and the Homeless Ad Hoc Committee has not recommended services at any of the multiple homeless shelters run by the County and Cities. Has CalOptima even done a cursory survey to see if the shelters, in fact, do not have CalOptima members? If you have not done so and, nevertheless, refuse to provide services, your

Back to Agenda Back to Item

choice is, at a minimum, harmful and negligent. With the data cited above showing actual CalOptima membership among the homeless, I would submit that CalOptima's continuing refusal is in wanton disregard of public health.

For two years, I have experienced consistent pushback to my demands for enhanced homeless health care from you, counsel and other Directors at CalOptima. I have been told repeatedly by CalOptima staff and counsel that CalOptima can only fund core health care services for CalOptima members, and these homeless individuals were not CalOptima members, therefore the agency was limited in what it can do.

Even after we were confronted in February in federal court with the number of homeless deaths, our Board's and CalOptima's staff response continued to be one of denial. After all this time we still needed research to confirm if any of these homeless who died were actually members of CalOptima. Now that the facts are overwhelmingly clear, the public will not wait for more feasibility studies or meetings to discuss what can be done.

In addition, $60 million for new unnamed homeless health initiatives has already been allocated by the Board. To date, no proposals are forthcoming for the June board meeting. Since the Board does not meet in July, it will be August, at the earliest, before any plans can be discussed by the Board.

Such a delay is unconscionable. Therefore, I am requesting a Special Board of Directors meeting to convene on June 14, where I will propose the following plan to immediately spend the $60 million allocated:

- **C**linic health care services in all homeless shelters - $10 million
- **A**uthorize mobile health team to respond to all homeless providers - $10 million
- **R**esidential support services and housing navigation - $20 million
- **E**xtend recuperative care for homeless individuals with chronic physical health issue-$20 million

The way I see things is our homeless residents are, by definition, indigent. They should receive the health care they need. This is especially true if they have gone through the process to enroll. It is CalOptima's responsibility to find ways to bring health care to them. If one CalOptima member is experiencing homelessness, that should be enough for this agency to spring into action. We can adopt, as a Board, a philosophy of finding a way to say yes, or we can continue to say no, while people are suffering and dying on the street.

My hope is that my request for a Special Board meeting will be met.

Sincerely,

ANDREW DO

CalOptima
A Public Agency
Better. Together.

June 5, 2019

Supervisor Andrew Do
Orange County Board of Supervisors
333 W. Santa Ana Blvd., P.O. Box 687
Santa Ana, CA 92702

Dear Supervisor Do:

Thank you for your May 29 letter expressing concern about CalOptima members experiencing homelessness. We certainly share your interest in changing the course of the current homeless crisis in Orange County. CalOptima has demonstrated our significant commitment to having an impact on the health of this population through the investment of $100 million in financial resources and valuable, focused leadership from staff, executives and the Board.

It is unfortunate you will not be able to attend the June 6 meeting given the urgency you ascribe to this situation. Know that homeless health is a priority issue and that the CalOptima Board ad hoc committee formed to address this topic is actively discussing it on a weekly if not more frequent basis. An update on the homeless health initiatives is planned for the June 6 Board meeting, where you will hear that we are working diligently to find ways to improve the system of care for this population.

Removing yourself from that ad hoc committee may have distanced you from observing the progress that CalOptima is making. Please allow us to clarify a number of points from your letter to facilitate future collaboration, which is essential in addressing the challenges of homelessness. As we have stated before, homeless individuals who have Medi-Cal coverage are the mutual responsibility of CalOptima, and two County agencies, Health Care Agency (HCA) and Social Services Administration (SSA). CalOptima provides access to medical care, HCA provides access to moderate to severe mental health care and substance abuse services, and SSA determines eligibility and enrolls individuals into the Medi-Cal program. It's clear that medical care is only one dimension of the complex homelessness issue that extends to needs for housing, social services and economic support, all of which are overseen by the County. Again, because homeless individuals have needs of our organizations, optimal results can be achieved only if CalOptima and the County work together and are accountable for their respective responsibilities.

While we all are deeply saddened and frustrated by the high rate of homeless deaths in 2018, the incidence of CalOptima membership among this group has been widely discussed since the February 22, 2019, Special Meeting of the CalOptima Board. CalOptima staff is studying the causes of these deaths and considering your assertion that these members died because of a lack

of access to health care. However, whether an individual is a CalOptima member or not, the person can obtain primary care at a clinic, and if the person's need is urgent, obtain emergency care at any hospital emergency room (ER). Overall, approximately $100 million was spent on care for homeless CalOptima members in calendar year 2018. CalOptima data comparing homeless members with the general population CalOptima serves shows that homeless members average more than seven times as many hospital bed days, visit the ER five times more often, visit a specialist almost twice as often and see a primary care doctor 25 percent less. These statistics are telling and will inform the design of a model of care for the homeless that considers their specific challenges. Our goal is to remove barriers and deliver care more appropriately and cost-effectively, which is the reason we launched clinical field teams. Such teams are not intended to replace the care delivery system available to all CalOptima members but to make urgent care available in unique situations when a homeless individual with an urgent care need is unwilling or unable to access the system.

Your comments about the slow rate of progress are out of sync with the experience of the clinical field team launch. Our first team was in the field less than two months from Board approval, and CalOptima quickly ramped up to 48 hours/six days a week of coverage in the month after that. We now have five partner clinics dedicated to providing on-call care anywhere in the county. The totals served are higher than those in your letter. From April 10–May 30, 84 individuals received care, and 70 of them were CalOptima members. We appreciate and celebrate the mammoth effort of the clinics in launching this one-of-a-kind program that Orange County has never seen before. In fact, the genesis of our street medicine teams and how they are deployed was the result of a series of collaborative meetings in January and February between more than a dozen CalOptima and County leaders. This is why the County Outreach & Engagement Team is an essential component of the process in making referrals, building trust in CalOptima's services and ensuring a safe environment for the medical professionals providing the services. Calling the process into question as your letter does conflicts with the intentional design developed collaboratively by County, clinics and CalOptima representatives. At this initial stage, we are honoring the group's direction to coordinate deployment through the County. But we intend to refine the program over time and plan to eventually take referrals from other organizations.

Contrary to your assertion that CalOptima is refusing to offer clinic services at shelters, we are working to bring shelter operators and clinical field team leaders together to forge collaborative relationships that make sense for their facilities and teams. A meeting had been scheduled for May 31, but it was cancelled at the County's request due to County staff vacations. Still, these groups are excited about the prospects of working together, and there has been no "refusal" on our part to do this. We intend to encourage new mutually beneficial partnerships and continue to work to foster collaboration with our County and community partners.

The CalOptima Board homeless health ad hoc is keenly focused on homeless program development for the remaining Board-approved $60 million, seeking uses that are flexible and responsive. To meet that goal, the work of the ad hoc is increasingly inclusive, with the

committee prioritizing meetings with key stakeholders who have invaluable experience working directly with the homeless population. Your suggested CARE programs largely duplicate work already in progress or reflect a request that is outside of CalOptima's scope. We would like to detail this as follows:

- *Clinic health care services in all homeless shelters - $10 million*
  As stated above, we are encouraging clinics to work with shelters. They can choose to do this now and some are. When we are able to meet with clinics, County staff and shelters as a group, we can assess whether additional funding is needed and establish schedules and coverage to meet the health care needs.
- *Authorize mobile health team to respond to all homeless providers - $10 million*
  Your suggestion highlights a process change rather than a funding issue. CalOptima and our clinical field team partners can decide to revise the referral process, and services delivered to the member would be reimbursed regardless of the origin of the referral. CalOptima's homeless response team plans to expand its referral base and has budgeted sufficiently to accommodate growth. Further, there are reasons to keep the County Outreach & Engagement Team involved because oftentimes a member's need may be related to a County-covered services.
- *Residential support services and housing navigation - $20 million*
  The services that you suggest here are key elements of the Whole-Person Care (WPC) pilot, for which the County is the lead. CalOptima respectfully suggests that the County consider working with the state to add a housing pool to the WPC pilot program and also consider requesting additional money as part of its submission to the state for a portion of the governor's increased housing funds for WPC in the FY 2019–20 budget. If the County creates a housing pool under the WPC program, CalOptima could contribute money to the housing pool for housing supportive services. CalOptima staff looks forward to the possibility of partnering with the County on these initiatives within the parameters for which the use of CalOptima Medi-Cal funding is permissible.
- *Extend recuperative care for homeless individuals with chronic physical health issue - $20 million*
  CalOptima has twice allocated funds for recuperative care, bringing the total to $11 million. As you may recall, the CalOptima Board acted at its April meeting to lengthen the duration for recuperative care services beyond 90 days when medically indicated, and adequate funding remains available for these services.

Separately, the Board's ad hoc committee for IGT 6/7 on which you serve has an opportunity to approve grants that may positively impact the homeless community, such as the grants targeted for mental health and medication-assisted treatment. This adds yet another dimension to CalOptima's significant investment in responding to the homeless crisis.

In closing, please know that the homeless health ad hoc committee has received your program ideas for consideration. As indicated, the homeless health ad hoc and the CalOptima Board have already acted to address the "urgent" elements of your proposal. Collaboration and accountability are key CalOptima values that we share with stakeholders so that together we can authentically pursue our goal of better homeless health care services.

Sincerely,

Michael Schrader

June 6, 2019

Mr. Michael Schrader
CalOptima
505 City Pkwy
Orange, CA 92868

Dear Mr. Schrader and CalOptima Board Ad Hoc Committee on Homeless Health:

I am in receipt of your letter dated June 5 in response to my May 29 letter. Your response letter demonstrates a clear lack of focus and concern for the issues I raised regarding the alarming number of deaths occurring among CalOptima members experiencing homelessness—a number I understand based on your letter, that the Ad hoc and CalOptima staff were aware of months ago and yet never shared with the Board until I posed the question on April 9. At that time I was informed related analysis is in the works in preparation for the upcoming Quality Assurance Committee meeting in May, which was cancelled. Subsequently, I followed up on May 21 and received the answer. If the Ad hoc has known this information for months, I am further concerned over the lack of transparency in sharing information with the Board of Directors on a crisis-level issue. I am also aware that CalOptima staff conducted analyses into the number of deaths and again, no results or informed recommendations were provided to the CalOptima Board.

As stated previously, there are no recommended actions on the June 6 agenda regarding the $60 million for new homeless health initiatives already allocated by the CalOptima Board. Whether I attend this meeting or not does not change this fact. An update on existing initiatives without recommendations for new actions to utilize the $60 million will not produce new results.

On the topic of homeless initiatives, it has come to my attention that a Board Action taken at the April 4 CalOptima Board meeting, Item 18 was portrayed and captured as part of CalOptima's homeless health initiatives to the tune of $10 million. At this same Board meeting, Item 4 described this pending action as part of CalOptima's current homeless health response contribution and yet I'm told there may not be is no reference to requiring homeless coordination as part of the hospital contracts attached to the approved Item 18. I want a copy of the contract to confirm these services are in fact directly related to the homeless initiatives as portrayed. The continued lack of transparency from CalOptima is alarming.

The statistics quoted in my letter were provided by CalOptima staff just last week, so if there are inconsistencies between those figures and the figures in your letter of June 5, I am unclear as to why that is. Even if 84 individuals were served between April 10 – May 30, that is fewer than two people per day over the 50-day period. It seems that five clinical field teams operating with

Back to Agenda Back to Item

the frequency you state are capable of handling significantly more service requests—why aren't they? The need is obvious.

There are nearly 3,000 homeless individuals in shelters in Orange County, and providing services "eventually" will not help them quickly enough. Referrals to the clinical field teams should be accepted from the shelters immediately. Again, this delayed response will not produce new results. County staff who have been working diligently on this issue continue to attempt to provide guidance to CalOptima staff on best practices and make connections; however, it seems to be taken for granted. In the meeting cancellation referenced in your letter, CalOptima staff were fully aware of County staff's availability in advance of the May 31 meeting date, yet the meeting was scheduled despite this knowledge.

I chose to remove myself from the ad hoc committee because my suggestions for improved services provided at the February 22 Special Board meeting were disregarded in favor of conducting more studies. We don't need studies to tell us that more services are needed on the streets and in the shelters. My CARE proposal was done in conjunction with the Health Care Agency. Your letter states the County Outreach and Engagement team is an essential component. I agree, which is why the team was consulted in my proposal.

We need a plan now, and I have provided a plan. The CalOptima Board of Directors must take action now, which is why I requested the June 14 special meeting. This ad hoc has been meeting, exploring, and fact gathering without a single recommendation to the Board for over 100 days. Waiting another two months to take action is simply unacceptable.

Sincerely,

ANDREW DO

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken August 1, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item
16. Consider Actions Related to Homeless Health Care Delivery

Contact
Candice Gomez, Executive Director, Program Implementation, (714) 246-8400
Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400

Recommended Actions
1. Authorize the Chief Executive Officer to implement the following operational changes to support homeless health initiatives;
    a. Reallocate $135,000 in Fiscal Year (FY) 2019-20 Medi-Cal budgeted funds under homeless health-related initiatives from medical expenses to administrative expenses;
    b. Implement a pilot program to reimburse Federally Qualified Health Centers (FQHC) and FQHC Look-alikes directly for services provided via mobile health care units or in a fixed shelter location for dates of service from August 1, 2019 through March 31, 2020, based on the CalOptima Medi-Cal fee schedule and for eligible CalOptima Members notwithstanding health network assignment and continuing capitation payments;
    c. With the assistance of Legal Counsel, enter into contract amendments with FQHCs and FQHC Look-alikes providing mobile health care unit services; and
2. Ratify contract amendment with Families Together of Orange County effective May 17, 2019 to participate in the CalOptima Clinical Field Team pilot program providing health care services for homeless members at their locations and provide start-up funding.

Background
CalOptima has launched various initiatives for its Members experiencing homelessness through a series of CalOptima Board of Directors' actions. Specifically, the Board has approved or allocated funding for the following:

Date	Action(s)
February 22, 2019	• Authorized establishment of a Clinical Field Team pilot program • Authorized reallocation of up to $1.6 million in Intergovernmental Transfers (IGT) 1 and IGT 6/7 funds for start-up costs for the Clinical Field Team pilot programs • Authorized eight unbudgeted FTEs and related costs in an amount not to exceed $1.2 million to service as part of CalOptima's Homeless Response Team • Directed staff to return to the Board with ratification request for further implementation details • Obtain legal opinion related to using Medi-Cal funding for housing related activities
April 4, 2019	Actions related to Delivery of Care for Homeless CalOptima Members

Back to Agenda Back to Item

	• Approved the creation of a restricted Homeless Health Reserve in the amount of $100 million: $24 million in previously approved initiatives using IGT 1-7 funds, and $76 million in IGT 8 funds (approximately $43 million) with the balance from Fiscal Year (FY) 2018-19 operating funds • Stipulated that funds can only be used for homeless health Actions and contracts with FQHCs • Ratified the implementation plan for the Board authorized Clinical Field Team Pilot Program • Ratified contracts with the following FQHCs to participate in the Clinical Field Team Pilot Program: Central City Community Health Center, Hurtt Family Health Clinic, Inc., Korean Community Services, Inc, dba Korean Community Services Health Center, and Service the People Community Health Center • Authorized expenditures of up to $500,000 from existing reserves to fund the cost of services rendered to homeless CalOptima Medi-Cal members on a fee-for-service basis through June 30, 2019
June 27, 2019	Authorized $60 million identified for new homeless health initiatives as follows: 1. Clinic health care services in all homeless shelters - $10 million 2. Authorize mobile health team to respond to all homeless providers - $10 million 3. Residential support services and housing navigation - $20 million 4. Extend recuperative care for homeless individuals with chronic physical health issue - $20 million

In addition to the above actions, a Board ad hoc committee focused on homeless health initiatives has engaged numerous community stakeholders, county agencies, providers, health networks, advocates, and other stakeholders to gather information regarding the needs of individuals experiencing homelessness and to make recommendations to the Board on how the health care needs of these members can best be met. The ad hoc's intent is to help develop a thoughtful, strategic approach to leveraging available CalOptima resources to meet the health care needs of homeless members. The overarching goal is to work collaboratively with community partners in developing a health care system that bridges individuals seeking urgently needed health care services where they are located to clinic and office-based settings, while utilizing the existing care management system.

Discussion

Operational changes to support homeless health initiatives

In order to implement the recommended actions, CalOptima staff will make the necessary operational changes and update policy and procedures and return to the Board for approval of any proposed changes to Board-approved policies. Additionally, authority is requested to add two unbudgeted FTE staffing resources, one Sr. Project Manager and one Sr. Program Manager, to support the operational

implementation and ongoing maintenance of homeless health initiatives in CalOptima's Case Management Department. Staff anticipates filling these proposed new positions in September 2019. The total estimated annual cost for the two impact is approximately $324,000, or $270,000 for the ten-month period from September 1, 2019, through June 30, 2020.

Implement pilot program for mobile health units and fixed clinic locations

Based on recent Board actions, CalOptima staff is in the process of expanding healthcare services options available to members experiencing homelessness, including access to preventive and primary services, at the shelter sites. CalOptima staff has also received stakeholder feedback that such services would be of value at other "hot spots," such as parks and soup kitchens. In a separate Board action, CalOptima staff is requesting consideration of modifying its quality improvement strategies, "CalOptima Days", to incentivize FQHCs and FQHC Look-alikes to provide health care services through their mobile units at shelters and other hotspots in the community. Additionally, some clinics are establishing fixed clinical sites within the four walls of the shelter. As proposed, the mobile clinics and fixed shelter locations will establish a regular schedule based on input from the shelters/hotspots, encourage CalOptima Members to seek services from their assigned CalOptima providers, and coordinate services with other medical and behavioral health care providers when appropriate. In order to better monitor utilization and coordination of services on a pilot basis, CalOptima staff recommends reimbursing the clinics for services provided in the mobile unit or fixed shelter location through CalOptima based on the CalOptima Medi-Cal fee schedule regardless of the Member's health network assignment for service rendered August 1, 2019 through March 31, 2020, to coincide with the Clinical Field Team pilot program. Through this process reimbursement will only be provided for Members eligible with CalOptima at the time services are rendered.

Ratify contract amendment with Families Together of Orange County

The Clinical Field Team pilot program is making available urgent care type medical services to Orange County's homeless Members onsite where they are located. This delivery model is designed to reduce delays in care that some homeless Members may experience, whether caused by unwillingness to access services in a typical office-based care setting, challenges with transportation or appointment scheduling, or other factors. Services provided at the Member's location also help prevent or reduce avoidable medical complications such as hospitalizations, re-hospitalizations, emergency department visits, adverse drug events, and progression of disease. For the pilot program, CalOptima has engaged FQHCs (and FQHC Look-alikes) to provide medical services because they provide services to both CalOptima Members and non-CalOptima members; including those who are uninsured. Four community clinics were initially engaged to provide services under the Clinical Field Team pilot program. As indicated, on February 22, 2019, the Board allocated funds for start-up costs for the Clinical Field Team pilot program, resulting in approximately $320,000 in start up funding available per clinic for up to five clinics. Families Together of Orange County was contracted as the fifth provider effective May 17, 2019 and has been provided with start-up funding.

CalOptima staff recommends the Board authorize up to $300,000 from the $10 million allocated on June 27, 2019 towards "Clinic health care services in all homeless shelters" to provide funding for these payments through June 30, 2019. Similar to the Clinical Field Team pilot program, CalOptima will contract with FQHCs and FQHC Look-alikes operating mobile units to provide medical services to CalOptima Members. Reimbursement provided by CalOptima for services provided through the mobile units will apply to CalOptima members as FQHCs are able to obtain alternate funding sources for services provided to individuals not eligible with CalOptima. To be eligible to contract with

CalOptima, the mobile unit must meet Health Resources and Services Administration (HRSA) and CalOptima requirements.

Fiscal Impact

The recommended action to reimburse FQHCs and FQHC look-alikes for services provided in a mobile until for the period August 1, 2019, through March 31, 2020, is a budgeted item. Expenses of up to $300,000 for claims payments and up to $270,000 for staffing expenditures for two new positions is budgeted under homeless health related initiatives in the FY 2019-20 Operating Budget approved by the Board on June 6, 2019, and will be funded from the "Clinic health care services in all homeless shelters" category approved by the Board on June 27, 2019.

The recommended action to reallocate $135,000 in budgeted funds within the Medi-Cal line of business from medical expenses to administrative expenses for the Sr. Project Manager position is budget neutral. Staff will monitor the claims volume. To the extent there is an additional fiscal impact, such impact will be addressed in separate Board actions.

Rationale for Recommendation

Due to the unique access issues associated with receipt of healthcare services for CalOptima Members experiencing homelessness, CalOptima staff recommends these actions to facilitate increased access to services and ongoing operational and clinical support of the initiatives.

Concurrence

Gary Crockett, Chief Counsel

Homeless Health Care Delivery

Special Meeting of the CalOptima Board of Directors
February 22, 2019

Michael Schrader
Chief Executive Officer

Homeless Health Care Delivery

Board of Directors Meeting
March 7, 2019

Michael Schrader
Chief Executive Officer

Agenda

- Clinical field team pilot
- CalOptima Homeless Response Team
- Other expanded service options under consideration

Clinical Field Team Pilot

- Board approved up to $1.6 million in IGT 6/7 dollars for startup funding for a clinical field team (CFT) pilot of up to 1 year with Federally Qualified Health Centers (FQHCs)
- Develop parameters and structure for pilot program
  - Partner with up to five interested FQHCs that will:
    - Establish regular hours at high-volume shelters
    - Deploy to community locations on short notice
    - Coordinate to arrange for coverage with extended hours
    - Deliver urgent-care-type services to homeless individuals in need
      - Bill CalOptima for current CalOptima members
      - FQHCs to seek federal funding as payment for non-CalOptima members
- Staff working to complete contract amendments with FQHCs

Homeless Response Team

- Board authorized CalOptima Homeless Response Team
  - Eight new positions in Case Management department
  - Primary point of contact at CalOptima for homeless health services for CalOptima members
    - Dedicated phone line
    - Extended hours
  - Coordinate scheduling and dispatch of CFTs
  - Work closely with County, shelters and providers
    - Make regular field visits to shelters and recuperative care facilities providing services to CalOptima members
- Recruiting to fill positions

Expanded Service Options Under Consideration

- Embedded clinics at shelters
  - FQHCs to consider establishing regular hours for CFTs at selected high-volume shelters with deployment to other community locations on demand
- Whole-Person Care (WPC) hospital navigators
  - Increase per-diem and APR-DRG reimbursement to contracted hospitals for integrating into the WPC program
- Increased access to skilled nursing services
  - Deliver skilled services (e.g., home health nursing, physical therapy or IV antibiotics, etc.) at recuperative care facilities in lieu of skilled nursing facility placement

Expanded Service Options Under Consideration (cont.)

- Recuperative care beyond 90 days
  - Set up a post-WPC recuperative care program
  - Reallocate part of $10 million in IGT6/7 already allocated to the County's WPC program for recuperative care
    - From WPC recuperative care funds
    - To develop post-WPC recuperative care program
- Recuperative care with behavioral health focus
  - Coordinate with County to explore possibilities of:
    - Existing recuperative care facilities dedicating space for CalOptima members with underlying Serious Mental Illness (SMI)
    - Contracting with recuperative care vendor for a dedicated facility with behavioral health focus

Expanded Service Options Under Consideration (cont.)

- Housing supportive services
  - ➢ CalOptima could contribute Medi-Cal funding toward housing supportive services (not including rent) for certain CalOptima members under an 1115 waiver program
    - WPC
      - Link clients to other programs that provide housing supportive services
      - Amend County contract with the State to include a funding pool that CalOptima can contribute to for housing supportive services
    - Health Homes Program
      - For members with multiple chronic conditions who also meet acuity criteria (multiple ER visits, inpatient stays or chronic homelessness)
      - Members must elect to participate
      - Care management includes housing navigation

Expanded Service Options Under Consideration (cont.)

- Housing development and rental assistance
  - Obtaining legal opinion
  - Seeking guidance from the Department of Health Care Services

Next Steps

- Conduct further study on expanded service options under consideration, get feedback from stakeholders and return to Board for authority as appropriate on the following possibilities:
  - WPC hospital navigators
  - Increased access to skilled nursing services
  - Recuperative care beyond 90 days
  - Recuperative care with behavioral health focus
  - Housing supportive services
  - Housing development and rental assistance

Homeless Health Care Update

Board of Directors Meeting

April 4, 2019

Michael Schrader

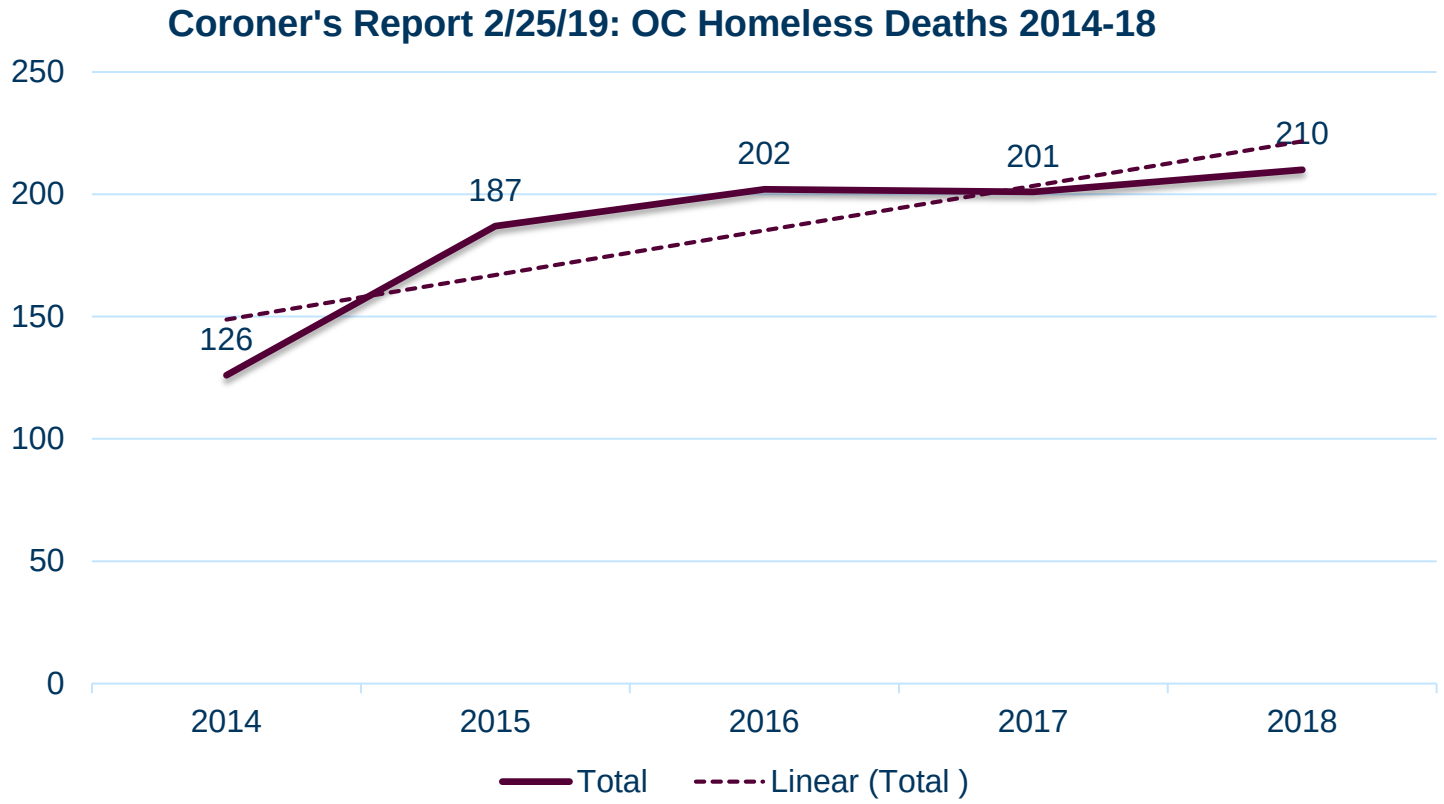
Chief Executive Officer

Impetus for Action in Orange County

- Address homeless crisis with urgency and commitment
- Address trend of homeless deaths
- Build a better system of care for members who are homeless that is long-lasting and becomes part of established delivery system
- Prioritize population health for this group

Homeless Deaths

Coroner’s Report on Homeless Deaths



- Includes all homeless deaths in Orange County, not limited to CalOptima members
- Methodology of reporting and identification of homeless may vary by county
- Increased homeless death rates over the past five years reported in the media statewide

Coroner's Report on Homeless Deaths And Possible Interventions

- Natural causes (42% homeless v. 83% total OC population)
  - Clinical field teams (CalOptima)
  - CalOptima Homeless Response Team (CalOptima)
  - Recuperative care (County and CalOptima)
- Overdose (24% homeless v. 5% total OC population)
  - Opioid prescribing interventions (CalOptima)
  - Medication-assisted treatment (County and CalOptima)
  - Substance use disorder centers (County)
  - Medical detox (CalOptima)
  - Social model detox (County)
  - Naloxone (County and CalOptima)
  - Needle exchange (County)

Coroner's Report on Homeless Deaths And Possible Interventions (cont.)

- Traffic accidents (12% homeless v. 3% total OC population)
- Suicide (7% homeless v. 4% total OC population)
  - Moderate-severe behavioral health (County)
    - Crisis intervention
    - Post-acute transitions
    - Intensive outpatient treatment programs
  - Mild-moderate behavioral health (CalOptima)
    - Screening
    - Early treatment
- Homicide (6% homeless v. 1% total OC population)
- Other accidents (5% homeless v. 5% total OC population)
- Undetermined (3% homeless v. 1% total OC population)

Quality Assurance Committee
Further Clinical Analysis

- Deeper analysis into causes of deaths and interventions
- Case studies for each cause of homeless death
- Benchmarks and comparison with interventions and resources in other counties
- Presentations from partnering organizations

Better System of Care

Ad Hoc Recommendations

- Take action to commit $100 million for homeless health
  - Create a restricted homeless health reserve
  - Stipulate that funds can only be used for homeless health

New Initiatives/Projects	BOD Approved	Pending BOD Approval	Funding Category
Be Well OC	$11.4 million		IGT 1–7 ($24 million total)
Recuperative Care	$11 million		
Clinical Field Team Startup	$1.6 million		
CalOptima Homeless Response Team ($1.2 million/year x 5 years)	$1.2 million	$4.8 million	IGT 8 and FY 2018–19 operating funds ($76 million total)
Homeless Coordination at Hospitals ($2 million/year x 5 years)		$10 million	
New Initiatives		$60 million	
Total Reserve: $100 million	**$25.2 million**	**$74.8 million**	

Clinical Field Team Structure

- Team Components
  - Includes clinical and support staff
  - Vehicle for transportation of staff and equipment
  - Internet connectivity and use of Whole-Person Care (WPC) Connect
- Clinical Services
  - Urgent care, wound care, vaccinations, health screening and point-of-care labs
  - Prescriptions and immediate dispensing of commonly used medications
  - Video consults, referrals, appointment scheduling and care transitions

Clinical Field Team Structure (cont.)

- Referrals and Coordination
  - Coordination with CalOptima Homeless Response Team
  - Coordination with providers
  - Referrals for behavioral health, substance abuse, recuperative care and social services
- Availability and Coverage
  - Regular hours at shelters/hot spots
  - Rotation for on-call services from 8 a.m.–9 p.m. seven days a week, with response time of less than 90 minutes

Clinical Field Team Partnerships

- Five FQHCs have received contract amendments
  - AltaMed
  - Central City Community Health Center*
  - Hurtt Family Health Clinic*
  - Korean Community Services*
  - Serve the People*
- Contract amendments to be authorized/ratified at April Board meeting, per Board direction
- Go-live
  - Deploy on a phased basis, based on FQHC readiness

** Signed contract amendment*

CalOptima Homeless Response Team

- Phone line and daily hours (8 a.m.–9 p.m.) established
  - Available to Blue Shirts and CHAT-H nurses
  - Primary point of contact at CalOptima for rapid response
- Coordinate and dispatch clinical field teams
- Serve as liaisons with regular field visits to shelters/hot spots in the county and recuperative care facilities
  - Establish working in-person relationships with collaborating partners
  - Assess and coordinate physical health needs for CalOptima members

Homeless Population in CalOptima Direct

- Pursue moving members who are homeless to CalOptima Direct, subject to regulatory approval
  - Maximum flexibility with access to any provider (no PCP assignment)
  - Fast-tracked authorization processing
  - Direct medical management in collaboration with clinical field teams, CalOptima Homeless Response Team, and County Blue Shirts and CHAT-H nurses
  - Connectivity with WPC Connect and CalOptima population health platform
- In the interim, move members identified in the field based on choice
- Obtain stakeholder input
  - County, PAC, MAC and health networks

Homeless Coordination at Hospitals

- COBAR in April
- Help hospitals meet SB 1152 requirements for homeless-specific discharge planning and care coordination, effective July 1, 2019
- Utilization by hospitals of data sharing technology to help facilitate coordination of services for CalOptima members who are homeless
- Proposing 2 percent increase to the inpatient Classic rates for Medi-Cal contracted hospitals
  - $2 million financial impact per year
  - Distributes funding based on volume of services provided to members

Medical Respite Program

- Recuperative care beyond 90 days
  - Reallocate $250,000 of the $10 million in IGT6/7 already allocated to the County's WPC program for recuperative care
  - Leverage existing process
    - County to coordinate and pay recuperative care vendor
    - CalOptima to reimburse County for 100 percent of cost
  - COBAR in April
  - Return to CalOptima Board for ratification of associated policy

WPC Connect

- Data-sharing tool for coordinating care used by the Whole-Person Care collaborative
  - Specifically used for homeless individuals
  - Includes social supports and referrals to services
  - Includes community partners (e.g., Illumination Foundation, 211, Lestonnac, Health Care Agency, Social Services Agency, hospitals, community clinics, health networks and CalOptima)
- WPC Connect workflow
  - Community partners can, with consent, add individuals into WPC Connect system once identified as homeless
  - WPC Connect sends an email notification and/or text message to identified care team for homeless individuals seen in ER, admitted to hospital or discharged

WPC Connect (cont.)

- CalOptima use of WPC Connect
  - Case management staff is trained and actively uses the system
    - Identify members enrolled in WPC
    - Coordinate with other partners caring for members
    - Access information from other partners

- Status of WPC Connect
  - Five hospitals are currently connected
  - COBAR to amend hospital contracts to support a discharge process for members experiencing homelessness, including the utilization by hospitals of data-sharing technology to help facilitate coordination of services with other providers and community partners

Better System of Care: Future Planning

Evolving Strategy and Homeless Health Needs

- Propose and respond to changes
  - Regulatory and legislative
  - Available permanent supportive housing and shelters
  - State programs (e.g., expanded WPC funding and Housing for a Healthy California Program)
- Identify other potential uses for committed funds to optimize the delivery system, subject to Board consideration, for example:
  - Enrollment assistance
  - Enhanced data connectivity technology
  - Housing supportive services
  - Other physical health services
  - Rental assistance and shelter, if permissible

Recommended Actions

- Separate COBARs
  - Clinical field team implementation
  - Medical respite program
  - Homeless coordination at hospitals

- Additional action recommended by Board Ad Hoc
  - Create a restricted homeless health reserve in the amount of $100 million
    - $24 million – previously approved initiatives using IGT 1–7 funds
    - $76 million – all IGT 8 funds (approximately $43 million) with balance from FY 2018–19 operating funds
  - Stipulate that funds can only be used for homeless health

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken April 4, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

5. Consider Ratifying Implementation Actions and Contracts with Federally Qualified Health Centers for Board Authorized Clinical Field Team Pilot Program

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400
Nancy Huang, Interim Chief Financial Officer, (714) 246 8400

Recommended Actions

1. Ratify implementation plan for Board authorized Clinical Field Team Pilot Program (CFTPP);
2. Ratify contracts with Federally Qualified Health Centers (FQHC) selected to participate in the CFTPP; and
3. Authorize expenditures of up to $500,000 from existing reserves to fund the cost of services rendered to homeless CalOptima Medi-Cal members on a fee-for-service (FFS) basis through June 30, 2019.

Background

CalOptima is responsible for arranging for the provision of physical health and mild to moderate behavioral health services to all CalOptima members. Among other things, the County of Orange is responsible for providing services related to Serious Mental Illness and Substance Use Disorder. The County of Orange also provides housing support services for the homeless through multiple programs. In combination, these services provide a continuum of care for CalOptima members.

The goal of the continuum of care is to coordinate physical and mental health, substance use disorder treatment and housing support. However, members who are identified as "homeless" based on the lack of permanent housing sometimes have unique challenges receiving healthcare services. These individuals sometimes have difficulty scheduling and keeping medical appointments and also sometimes face challenges with transportation to their medical providers. The County of Orange currently provides assistance in linking homeless individuals to mental health and substance use disorder treatment. In partnership with the County in these efforts, and as part of CalOptima's ongoing efforts to be responsive to stakeholder input and explore more effective means of delivering health care services to Medi-Cal beneficiaries, the CalOptima Board met at a special meeting on February 22, 2019 to consider the unique needs of the homeless population.

At the February 22, 2019 meeting, the CalOptima Board authorized the establishment of the CFTPP and allocated up to $1.6 million in IGT 6/7 dollars in support of this effort. The Board also authorized the establishment of a Homeless Response Team and directed staff to move forward with the program and return with a request for ratification of implementing details. As discussed at the February 22, 2019 meeting, the plan was for staff to move forward with amendments to contract with qualifying Federally Qualified Health Centers (FQHCs), which can receive federal funding as reimbursement for services provided to non-CalOptima members, as well payments from CalOptima for covered, medically necessary services provided to CalOptima Medi-Cal members.

Back to Agenda Back to Item

Discussion

Clinical Field Team Pilot Program (CFTPP)

The Clinical Field Team pilot program was designed with the intent to provide needed, urgent care type medical services to homeless members in Orange County, onsite where they are located. Services provided where the members are located is expected to help prevent avoidable medical complications, hospitalizations, re-hospitalizations, emergency department visits, adverse drug events, and progression of disease.

Services provided will be reimbursed based on the CalOptima Medi-Cal fee schedule directly by CalOptima regardless of the member's health network eligibility. As also indicated, under the CFTPP, CalOptima will establish a Homeless Response Team which will be dedicated to the homeless health initiative. Requests for physical health care services identified by County workers will be requested to and deployed by CalOptima's Homeless Response Team.

As indicated, at the February 22, 2019 meeting, the Board authorized reallocation of up to $1.6 million in designated but unused funds from IGT 1, IGT 6 and IGT 7 for start-up costs. As part of the CFTPP, CalOptima staff anticipates contracting with up to five FQHCs for services, resulting in $320,000 per FQHC for start-up funding. Specifically, Management recommends the following reallocations:

- $500,000 from IGT 1 – Depression Screenings;
- $100,000 from IGT 6 – IS and Infrastructure Projects;
- $500,000 from IGT 7 – Expand Mobile Food Distribution Services; and
- $500,000 from IGT 7 – Expand Access to Food Distribution Services for Older Adults.

In addition, CalOptima will provide payment to FQHCs for services rendered to CalOptima's Medi-Cal members on a FFS basis. Management recommends the Board authorize up to $500,000 from existing reserves to provide funding for these payments through June 30, 2019. Management plans to include additional funding for services provided as part of the CFTPP beyond this date in the FY2019-20 budget.

CalOptima staff has engaged FQHCs (and/or FQHC Look-alikes) to provide medical services because of their ability to provide (and be reimbursed for) services to both CalOptima members and non-CalOptima members; including those who are uninsured. Service reimbursement from CalOptima will only be provided for CalOptima members, and FQHCs are able to obtain alternate funding sources for services provided to individuals not enrolled with CalOptima. In order to select participating FQHCs for the pilot CalOptima requested that interested parties respond to questions regarding their experience providing clinical services to individuals experiencing homelessness, if similar services were already being provided in Orange County, if they were able to meet key requirements under the pilot, and if they were able to begin providing services on April 1, 2019. (number) responded to the questionnaire and the following five FQHCs were selected:

- AltaMed Health Services Corporation
- Central City Community Health Center
- Hurtt Family Health Clinic, Inc.
- Korean Community Services, Inc. dba Korean Community Services health Center
- Serve the People Community Health Center

Once implemented, CFTPP program performance and results will be monitored and reported to the Board for further continuation or modification.

FQHC Contracts

CalOptima staff is in the process of amending contracts with the five identified FQHCs, whose mission and federal mandate are to deliver care to the most vulnerable individuals and families, including people experiencing homelessness in areas where economic, geographic, or cultural barriers limit access to affordable health care service. This ensures that homeless individuals, who are not currently CalOptima members, will also receive care as needed.

The contracted FQHCs will provide one or more clinical, field-based teams which will include clinical and support staff, point of care lab testing and frequently used medications to be disbursed to the homeless at their locations. Among the services to be provided by the field-based teams, Members will be able to receive wound care, vaccinations, health screenings and primary care and specialist referrals. Services will be available at extended hours and on-call. Services will be coordinated with CalOptima's Homeless Response Team, PCP, and Health Networks as appropriate.

Staff requests Board ratification of the existing agreements with the 5 FQHCs and the authority to contract with additional FQHCs as necessary to cover the scope of services under the pilot program.

Fiscal Impact

The recommended action to authorize expenditures to fund the cost of services rendered to CalOptima Medi-Cal members under the CFTPP program on a FFS basis is an unbudgeted item. A proposed allocation of up to $500,000 from existing reserves will fund this action through June 30, 2019. Management plans to include projected expenses associated with the CFTPP in the CalOptima Fiscal Year 2019-20 Operating Budget.

Rationale for Recommendation

Due to the unique access issues associated with receipt of healthcare services for individuals in the community who lack permanent housing, CalOptima staff recommends this action to ensure access by providing urgent health care services where these individuals are located.

Concurrence

Gary Crockett, Chief Counsel

Homeless Health Care Delivery

Special Meeting of the CalOptima Board of Directors
February 22, 2019

Michael Schrader
Chief Executive Officer

MEMORANDUM

DATE:	May 2, 2019
TO:	CalOptima Board of Directors
FROM:	Michael Schrader, CEO
SUBJECT:	CEO Report
COPY:	Suzanne Turf, Clerk of the Board; Member Advisory Committee; Provider Advisory Committee; OneCare Connect Member Advisory Committee; and Whole-Child Model Family Advisory Committee

Homeless Health Initiatives Underway; Clinical Field Teams Launched in April

CalOptima moved our $100 million commitment to homeless health from concept into action this past month in several ways, most notably with the launch of clinical field teams. Guided by your Board's ad hoc committee, which is meeting weekly to spearhead the effort, selected initiatives are summarized below.

- Clinical Field Teams: Launched on time on April 10, CalOptima's first clinical field team conducted its first medical visit with a member at a Santa Ana park. Following a newly established process, the Orange County Health Care Agency's Outreach and Engagement team contacted our internal Homeless Response Team, which then dispatched a Central City Community Health Center (CCCHC) field team, consisting of a physician assistant and medical assistant. The field team treated a member needing care for a sizable open wound. CalOptima and CCCHC agree the initial experience was successful and instructive. Since that time, three other Federally Qualified Health Center (FQHC) partners have begun their programs, including Korean Community Services on April 17, Hurtt Family Health Clinic on April 18 and Serve the People on April 23. We are communicating with other FQHCs, directly and through the Coalition of Orange County Community Health Centers, about their potential participation in the clinical field team program. As we develop a better understanding of the population, its needs and the best methods for serving them, we will continue expanding our coverage.
- Anaheim Encampment: Reflecting our commitment to meeting the healthcare needs of members experiencing homelessness, CalOptima recently participated in a collaborative effort to clear a homeless encampment of approximately 70 people in 40 tents along a stretch of railroad tracks located in Anaheim. The group included the County's Outreach and Engagement team, the City of Anaheim, public health nurses, and other service providers. CalOptima arranged FQHC mobile clinics to work alongside the group to address any medical needs of the homeless. In addition, CalOptima had a case manager on site to make referrals.
- Use of Funds: Approximately $60 million of CalOptima's homeless health commitment is for new initiatives not yet identified. CalOptima is obligated to follow statutory, regulatory, and contractual requirements in determining the type of initiatives that are permissible. To that end, CalOptima has publicly shared the "Use of CalOptima Funds" document that follows this report. The information about the agency's framework and

allowable use of funds will ensure the community is aware of the principles guiding your Board's decision making regarding homeless health.

- Stakeholder Input: The Board ad hoc committee will be seeking additional input to our homeless health initiatives through meetings with stakeholders. CalOptima is in the process of identifying people and/or organizations to engage and will begin setting up those meetings. Recently, the ad hoc committee met with Former Santa Ana City Councilwoman Michele Martinez, Illumination Foundation CEO Paul Leon and Pastor Donald Dermit, from The Rock Church in Anaheim.
- State Programs and Legislation: Efforts to end the homeless crisis are ongoing statewide, and CalOptima is tracking a variety of bills and programs that have potential to positively impact Orange County. One example is the Housing for a Healthy California Program, which is a new source of funds for supportive housing through the Department of Housing and Community Development (DHCD). The program provides supportive housing for Medi-Cal members to reduce financial burdens related to medical and public services overutilization. DHCD is expected to open applications to supportive housing owners and developers for grants that total $36 million statewide. Orange County Health Care Agency intends to work with owners and developers to explore this funding opportunity. Separately, Assembly Bill 563 is state legislation that would grant the North Orange County Public Safety Task Force $16 million in funding to set up comprehensive crisis intervention infrastructure. The aim is to mitigate the local mental health and homeless crisis by expanding and coordinating the many available services, potentially through the Be Well OC Regional Mental Health and Wellness Campus. The bill is currently in the early stages of the legislative process.

Impact of New Knox-Keene Licensure Regulation Will Be Mitigated by Exemptions

With an effective date of July 1, 2019, a new Department of Managed Health Care (DMHC) global risk regulation will substantially expand the number of health care organizations required to have a Knox-Keene license. Fortunately, CalOptima was able to mitigate local concerns that the rule applied to our delegated health networks, which operate under three models — Health Maintenance Organizations (HMOs), Physician-Hospital Consortia (PHCs) and Shared-Risk Groups (SRGs). DHMC has now confirmed that CalOptima's limited Knox-Keene licensed HMO health networks may continue their current contractual arrangements with CalOptima, and the regulator has reached out to our partners to update their licenses. With regard to PHCs and SRGs, the DMHC has reviewed CalOptima's template contracts and believes that these limited risk-sharing arrangements will qualify for exemptions from the new licensure requirement. Contracts that renew or are amended after July 1, 2019, will need to be submitted to the DMHC for a review and exemption process that is anticipated to take no longer than 30 days. CalOptima staff has informed our health network partners about this latest positive development.

California Children's Services (CCS) Advisory Group Meeting Focuses on CalOptima Readiness for Transition

Implementation of the Whole-Child Model (WCM) for CCS in Orange County is now only two months away. Given our impending transition, CalOptima was the focus of an April 10 meeting of the CCS Advisory Group, a highly engaged Department of Health Care Services (DHCS)-appointed panel of medical experts and member advocates who are dedicated to ensuring the WCM effectively serves children with complex CCS conditions. CalOptima Chief Medical Officer David Ramirez, M.D., Executive Director of Clinical Operations Tracy Hitzeman and

Thanh-Tam Nguyen, M.D., our medical director for WCM, shared detailed information about our authorization process, provider panel, delegated delivery system and more, all from the member's perspective. Our WCM Family Advisory Committee Representative Kristen Rogers also spoke. The meeting was an important opportunity to instill confidence about our ability to effectively integrate the CCS program, and we successfully demonstrated CalOptima's careful preparations for WCM. Feedback from the advisory group and DHCS leaders was supportive.

Future Medi-Cal Expansion (MCE) Rates Face Likely Reduction as State Regulator Examines CalOptima Reimbursement

Following a trend established across the past few years, DHCS is signaling a likely reduction in CalOptima's MCE capitation rates for FY 2019–20. Staff was notified in April that a significant adjustment may be ahead, based on the fact that CalOptima's reimbursement for the MCE population is a noticeable outlier. Specifically, DHCS identified that CalOptima's provider capitation and risk pool incentive payouts are significantly higher than those paid by other managed care plans in California. Staff has been in close communication with state officials who will soon share our draft rates. Importantly, we are continuing to communicate with our provider partners so they can plan ahead for a possible reduction. As more information becomes available, staff will look to your Board's Finance and Audit Committee for guidance on any adjustments to provider reimbursement.

CalOptima Welcomes New Executive Director, Human Resources

This past month, Brigette Gibb joined CalOptima as Executive Director, Human Resources. She has more than 35 years of public-sector experience. Most recently, Ms. Gibb worked as the human resources director for the Orange County Fire Authority (OFCA), where she led and directed the administration, coordination and evaluation of all human resources and risk management functions. She has established and maintained effective working relationships with the OCFA Board of Directors, city managers, executive team members and labor group representatives. She holds a master's degree in public administration, with a concentration in human resources, from California State University, Fullerton.

SUPPLEMENTAL BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 27, 2019
Special Meeting of the CalOptima Board of Directors

Supplemental Report Item
S17a. Consider Funding Allocations Related to Supervisor Do's Homeless Healthcare Proposal

Recommended Actions
Authorize the $60 million identified for new homeless health initiatives as follows:
1. Clinic health care services in all homeless shelters – $10 million
2. Authorize mobile health team to respond to all homeless providers – $10 million
3. Residential support services and housing navigation – $20 million
4. Extend recuperative care for homeless individuals with chronic physical health issue – $20 million

Background
Supervisor Do is requesting consideration to allocate the $60 million identified at the February 22, 2019 Special Board of Directors meeting as follows:
1. Clinic health care services in all homeless shelters – $10 million
2. Authorize mobile health team to respond to all homeless providers – $10 million
3. Residential support services and housing navigation – $20 million
4. Extend recuperative care for homeless individuals with chronic physical health issue – $20 million

Mr. Michael Schrader
CalOptima
505 City Pkwy
Orange, CA 92868

SUBJECT: Request for June 14 Special Meeting on CalOptima's Response to Deaths of Homeless Members

Dear Mr. Schrader,

Given the information my office recently received from CalOptima, I am writing to reiterate my profound concerns regarding the agency's slow rate of progress for homeless services, particularly in light of the Board's Directives to establish homeless services since February 2019. I am also frustrated that out of the 210 homeless deaths last year, 153 were CalOptima members, despite my repeated requests for such services through all of last year. If ever, the time for action is now. We have had 25 more homeless deaths in the first two months of 2019 alone. To assist you and the Homeless Ad Hoc Committee, I am submitting four programs that CalOptima can implement immediately to provide care to our members who are living on the street.

A staggering 73 percent of those who died were enrolled in CalOptima services but were not provided adequate services. In the four months since the Board of Directors authorized my proposed Mobile Health Team, CalOptima has only served 47 individuals out of a population of almost 6,860 homeless residents countywide. Of those 47 patients, 36 were our members. While these feeble numbers should concern you as to the effectiveness of our outreach efforts, they clearly answer your question whether homeless individuals are CalOptima members. CalOptima is permitted to provide services to them using Medicaid funds.

Given such clear mandates, I don't understand your refusal to take referrals from providers other than the Orange County Health Care Agency's Outreach and Engagement Team. Many providers throughout the county interact with our county's homeless population. Such a restriction will necessarily limit the number of cases referred to CalOptima. It also flies in the face of the Board's repeated pledge that we are looking at every way legally possible to provide services.

Additionally, CalOptima's refusal to provide regularly scheduled clinics that led to the flawed decision to provide services solely on an on-call basis places the burden on the County to identify patients and wait with them in the field until CalOptima's contracted clinics show up. Not only is this a wasteful and inefficient model; but given that the wait is sometimes up to two hours, it's no wonder why so few homeless residents have taken up our services.

Finally, I don't understand why CalOptima refuses to provide and the Homeless Ad Hoc Committee has not recommended services at any of the multiple homeless shelters run by the County and Cities. Has CalOptima even done a cursory survey to see if the shelters, in fact, do not have CalOptima members? If you have not done so and, nevertheless, refuse to provide services, your

Back to Agenda Back to Item

choice is, at a minimum, harmful and negligent. With the data cited above showing actual CalOptima membership among the homeless, I would submit that CalOptima's continuing refusal is in wanton disregard of public health.

For two years, I have experienced consistent pushback to my demands for enhanced homeless health care from you, counsel and other Directors at CalOptima. I have been told repeatedly by CalOptima staff and counsel that CalOptima can only fund core health care services for CalOptima members, and these homeless individuals were not CalOptima members, therefore the agency was limited in what it can do.

Even after we were confronted in February in federal court with the number of homeless deaths, our Board's and CalOptima's staff response continued to be one of denial. After all this time we still needed research to confirm if any of these homeless who died were actually members of CalOptima. Now that the facts are overwhelmingly clear, the public will not wait for more feasibility studies or meetings to discuss what can be done.

In addition, $60 million for new unnamed homeless health initiatives has already been allocated by the Board. To date, no proposals are forthcoming for the June board meeting. Since the Board does not meet in July, it will be August, at the earliest, before any plans can be discussed by the Board.

Such a delay is unconscionable. Therefore, I am requesting a Special Board of Directors meeting to convene on June 14, where I will propose the following plan to immediately spend the $60 million allocated:

- **C**linic health care services in all homeless shelters - $10 million
- **A**uthorize mobile health team to respond to all homeless providers - $10 million
- **R**esidential support services and housing navigation - $20 million
- **E**xtend recuperative care for homeless individuals with chronic physical health issue-$20 million

The way I see things is our homeless residents are, by definition, indigent. They should receive the health care they need. This is especially true if they have gone through the process to enroll. It is CalOptima's responsibility to find ways to bring health care to them. If one CalOptima member is experiencing homelessness, that should be enough for this agency to spring into action. We can adopt, as a Board, a philosophy of finding a way to say yes, or we can continue to say no, while people are suffering and dying on the street.

My hope is that my request for a Special Board meeting will be met.

Sincerely,

ANDREW DO

CalOptima
A Public Agency
Better. Together.

June 5, 2019

Supervisor Andrew Do
Orange County Board of Supervisors
333 W. Santa Ana Blvd., P.O. Box 687
Santa Ana, CA 92702

Dear Supervisor Do:

Thank you for your May 29 letter expressing concern about CalOptima members experiencing homelessness. We certainly share your interest in changing the course of the current homeless crisis in Orange County. CalOptima has demonstrated our significant commitment to having an impact on the health of this population through the investment of $100 million in financial resources and valuable, focused leadership from staff, executives and the Board.

It is unfortunate you will not be able to attend the June 6 meeting given the urgency you ascribe to this situation. Know that homeless health is a priority issue and that the CalOptima Board ad hoc committee formed to address this topic is actively discussing it on a weekly if not more frequent basis. An update on the homeless health initiatives is planned for the June 6 Board meeting, where you will hear that we are working diligently to find ways to improve the system of care for this population.

Removing yourself from that ad hoc committee may have distanced you from observing the progress that CalOptima is making. Please allow us to clarify a number of points from your letter to facilitate future collaboration, which is essential in addressing the challenges of homelessness. As we have stated before, homeless individuals who have Medi-Cal coverage are the mutual responsibility of CalOptima, and two County agencies, Health Care Agency (HCA) and Social Services Administration (SSA). CalOptima provides access to medical care, HCA provides access to moderate to severe mental health care and substance abuse services, and SSA determines eligibility and enrolls individuals into the Medi-Cal program. It's clear that medical care is only one dimension of the complex homelessness issue that extends to needs for housing, social services and economic support, all of which are overseen by the County. Again, because homeless individuals have needs of our organizations, optimal results can be achieved only if CalOptima and the County work together and are accountable for their respective responsibilities.

While we all are deeply saddened and frustrated by the high rate of homeless deaths in 2018, the incidence of CalOptima membership among this group has been widely discussed since the February 22, 2019, Special Meeting of the CalOptima Board. CalOptima staff is studying the causes of these deaths and considering your assertion that these members died because of a lack

of access to health care. However, whether an individual is a CalOptima member or not, the person can obtain primary care at a clinic, and if the person's need is urgent, obtain emergency care at any hospital emergency room (ER). Overall, approximately $100 million was spent on care for homeless CalOptima members in calendar year 2018. CalOptima data comparing homeless members with the general population CalOptima serves shows that homeless members average more than seven times as many hospital bed days, visit the ER five times more often, visit a specialist almost twice as often and see a primary care doctor 25 percent less. These statistics are telling and will inform the design of a model of care for the homeless that considers their specific challenges. Our goal is to remove barriers and deliver care more appropriately and cost-effectively, which is the reason we launched clinical field teams. Such teams are not intended to replace the care delivery system available to all CalOptima members but to make urgent care available in unique situations when a homeless individual with an urgent care need is unwilling or unable to access the system.

Your comments about the slow rate of progress are out of sync with the experience of the clinical field team launch. Our first team was in the field less than two months from Board approval, and CalOptima quickly ramped up to 48 hours/six days a week of coverage in the month after that. We now have five partner clinics dedicated to providing on-call care anywhere in the county. The totals served are higher than those in your letter. From April 10–May 30, 84 individuals received care, and 70 of them were CalOptima members. We appreciate and celebrate the mammoth effort of the clinics in launching this one-of-a-kind program that Orange County has never seen before. In fact, the genesis of our street medicine teams and how they are deployed was the result of a series of collaborative meetings in January and February between more than a dozen CalOptima and County leaders. This is why the County Outreach & Engagement Team is an essential component of the process in making referrals, building trust in CalOptima's services and ensuring a safe environment for the medical professionals providing the services. Calling the process into question as your letter does conflicts with the intentional design developed collaboratively by County, clinics and CalOptima representatives. At this initial stage, we are honoring the group's direction to coordinate deployment through the County. But we intend to refine the program over time and plan to eventually take referrals from other organizations.

Contrary to your assertion that CalOptima is refusing to offer clinic services at shelters, we are working to bring shelter operators and clinical field team leaders together to forge collaborative relationships that make sense for their facilities and teams. A meeting had been scheduled for May 31, but it was cancelled at the County's request due to County staff vacations. Still, these groups are excited about the prospects of working together, and there has been no "refusal" on our part to do this. We intend to encourage new mutually beneficial partnerships and continue to work to foster collaboration with our County and community partners.

The CalOptima Board homeless health ad hoc is keenly focused on homeless program development for the remaining Board-approved $60 million, seeking uses that are flexible and responsive. To meet that goal, the work of the ad hoc is increasingly inclusive, with the

committee prioritizing meetings with key stakeholders who have invaluable experience working directly with the homeless population. Your suggested CARE programs largely duplicate work already in progress or reflect a request that is outside of CalOptima's scope. We would like to detail this as follows:

- *Clinic health care services in all homeless shelters - $10 million*
  As stated above, we are encouraging clinics to work with shelters. They can choose to do this now and some are. When we are able to meet with clinics, County staff and shelters as a group, we can assess whether additional funding is needed and establish schedules and coverage to meet the health care needs.
- *Authorize mobile health team to respond to all homeless providers - $10 million*
  Your suggestion highlights a process change rather than a funding issue. CalOptima and our clinical field team partners can decide to revise the referral process, and services delivered to the member would be reimbursed regardless of the origin of the referral. CalOptima's homeless response team plans to expand its referral base and has budgeted sufficiently to accommodate growth. Further, there are reasons to keep the County Outreach & Engagement Team involved because oftentimes a member's need may be related to a County-covered services.
- *Residential support services and housing navigation - $20 million*
  The services that you suggest here are key elements of the Whole-Person Care (WPC) pilot, for which the County is the lead. CalOptima respectfully suggests that the County consider working with the state to add a housing pool to the WPC pilot program and also consider requesting additional money as part of its submission to the state for a portion of the governor's increased housing funds for WPC in the FY 2019–20 budget. If the County creates a housing pool under the WPC program, CalOptima could contribute money to the housing pool for housing supportive services. CalOptima staff looks forward to the possibility of partnering with the County on these initiatives within the parameters for which the use of CalOptima Medi-Cal funding is permissible.
- *Extend recuperative care for homeless individuals with chronic physical health issue - $20 million*
  CalOptima has twice allocated funds for recuperative care, bringing the total to $11 million. As you may recall, the CalOptima Board acted at its April meeting to lengthen the duration for recuperative care services beyond 90 days when medically indicated, and adequate funding remains available for these services.

Separately, the Board's ad hoc committee for IGT 6/7 on which you serve has an opportunity to approve grants that may positively impact the homeless community, such as the grants targeted for mental health and medication-assisted treatment. This adds yet another dimension to CalOptima's significant investment in responding to the homeless crisis.

In closing, please know that the homeless health ad hoc committee has received your program ideas for consideration. As indicated, the homeless health ad hoc and the CalOptima Board have already acted to address the "urgent" elements of your proposal. Collaboration and accountability are key CalOptima values that we share with stakeholders so that together we can authentically pursue our goal of better homeless health care services.

Sincerely,

Michael Schrader

June 6, 2019

Mr. Michael Schrader
CalOptima
505 City Pkwy
Orange, CA 92868

Dear Mr. Schrader and CalOptima Board Ad Hoc Committee on Homeless Health:

I am in receipt of your letter dated June 5 in response to my May 29 letter. Your response letter demonstrates a clear lack of focus and concern for the issues I raised regarding the alarming number of deaths occurring among CalOptima members experiencing homelessness—a number I understand based on your letter, that the Ad hoc and CalOptima staff were aware of months ago and yet never shared with the Board until I posed the question on April 9. At that time I was informed related analysis is in the works in preparation for the upcoming Quality Assurance Committee meeting in May, which was cancelled. Subsequently, I followed up on May 21 and received the answer. If the Ad hoc has known this information for months, I am further concerned over the lack of transparency in sharing information with the Board of Directors on a crisis-level issue. I am also aware that CalOptima staff conducted analyses into the number of deaths and again, no results or informed recommendations were provided to the CalOptima Board.

As stated previously, there are no recommended actions on the June 6 agenda regarding the $60 million for new homeless health initiatives already allocated by the CalOptima Board. Whether I attend this meeting or not does not change this fact. An update on existing initiatives without recommendations for new actions to utilize the $60 million will not produce new results.

On the topic of homeless initiatives, it has come to my attention that a Board Action taken at the April 4 CalOptima Board meeting, Item 18 was portrayed and captured as part of CalOptima's homeless health initiatives to the tune of $10 million. At this same Board meeting, Item 4 described this pending action as part of CalOptima's current homeless health response contribution and yet I'm told there may not be is no reference to requiring homeless coordination as part of the hospital contracts attached to the approved Item 18. I want a copy of the contract to confirm these services are in fact directly related to the homeless initiatives as portrayed. The continued lack of transparency from CalOptima is alarming.

The statistics quoted in my letter were provided by CalOptima staff just last week, so if there are inconsistencies between those figures and the figures in your letter of June 5, I am unclear as to why that is. Even if 84 individuals were served between April 10 – May 30, that is fewer than two people per day over the 50-day period. It seems that five clinical field teams operating with

Back to Agenda Back to Item

the frequency you state are capable of handling significantly more service requests—why aren't they? The need is obvious.

There are nearly 3,000 homeless individuals in shelters in Orange County, and providing services "eventually" will not help them quickly enough. Referrals to the clinical field teams should be accepted from the shelters immediately. Again, this delayed response will not produce new results. County staff who have been working diligently on this issue continue to attempt to provide guidance to CalOptima staff on best practices and make connections; however, it seems to be taken for granted. In the meeting cancellation referenced in your letter, CalOptima staff were fully aware of County staff's availability in advance of the May 31 meeting date, yet the meeting was scheduled despite this knowledge.

I chose to remove myself from the ad hoc committee because my suggestions for improved services provided at the February 22 Special Board meeting were disregarded in favor of conducting more studies. We don't need studies to tell us that more services are needed on the streets and in the shelters. My CARE proposal was done in conjunction with the Health Care Agency. Your letter states the County Outreach and Engagement team is an essential component. I agree, which is why the team was consulted in my proposal.

We need a plan now, and I have provided a plan. The CalOptima Board of Directors must take action now, which is why I requested the June 14 special meeting. This ad hoc has been meeting, exploring, and fact gathering without a single recommendation to the Board for over 100 days. Waiting another two months to take action is simply unacceptable.

Sincerely,

ANDREW DO

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken August 1, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

17. Consider Development of a CalOptima Homeless Clinic Access Program (HCAP) for Homeless Health Initiative.

Contact

David Ramirez, M.D., Chief Medical Officer, (714) 246-8400
Betsy Ha, Executive Director, Quality & Population Health Management, (714) 246-8400

Recommended Actions

1. Authorize modification of the existing "CalOptima Day" Quality Improvement and incentive strategy to include a CalOptima Homeless Clinic Access Program (HCAP) that includes primary and preventive care services at Orange County homeless shelters and other locations in collaboration with Community Health Centers;
2. Authorize the expenditure of up to $1 million in provider incentives consistent with this proposed expansion of CalOptima Day quality improvement and incentive strategy; and
3. Authorize the hiring of two additional staff at an annual cost not to exceed $231,087 in support of this expansion of the CalOptima Day quality incentive program.

Background

"CalOptima Day" is one of the Quality Improvement and incentive strategies approved by the Board on December 1, 2016 as part Medi-Cal Quality Improvement Accreditation Activities During CalOptima Fiscal Year (FY) 2016-17, Including Contracting and Contract Amendments with Consultant(s), Member and Provider Incentives, and Expenditure of Unbudgeted Funds of up to $1.1Millon. CalOptima Day aims to increase access to care, enhance the member experience, and improve quality outcomes in collaboration with health networks and CalOptima Community Network provider offices. CalOptima Days are half- or full-day health and wellness events for high-volume provider offices or clinics chosen by health networks. Staff works with the provider office/clinic to schedule members to receive necessary preventive services on CalOptima Day. The provider office/clinic earns incentives for each completed preventive health visit, as evidenced by billing/encounter reporting using codes in accordance to the Healthcare Effectiveness Data and Information Set (HEDIS) specifications. The intent of these initiatives is to increase access to care and provide CalOptima members with immunizations, well-care visits and/or other services tied to quality measures. CalOptima Days have proven to be an impactful quality activity since they began in 2016. Due to the many benefits linked to CalOptima Days, they are now part of an ongoing quality strategy to improve access to preventive care and performance on quality measures.

During the February, April and June 2019 CalOptima Board meetings, the Board approved various homeless health initiatives, including an implementation plan for the Clinical Field Team Pilot Program (CFTPP) and contracts with Federally Qualified Health Centers (FQHC) and FQHC Look-Alikes (jointly Community Health Centers) selected to participate in the CFTPP.

Back to Agenda Back to Item

As part of the CFTPP, CalOptima amended its contracts with five Community Health Centers to provide on-call services at hot spots throughout the county such as parks, encampments and shelters to address urgent clinical needs of individuals experiencing homelessness.

Further, the Board requested that CalOptima staff focus on significantly expanding preventive and primary care services at homeless shelter sites. CalOptima also received stakeholder feedback that such services would also be valuable at other hot spots, such as soup kitchens. CalOptima staff proposes expansion of the CalOptima Day model to provide greater access to preventive and primary care services at these locations in collaboration with interested Community Health Centers, whether they participate in CFTPP or not.

At its June 27, 2019 special meeting, the Board approved funding allocations for $60 million in new Homeless Health Initiatives. As part of this action, the Board allocated $10 million to "Clinic health care services in all homeless shelters."

Discussion

Staff recognizes the need for members experiencing homelessness to have reliable access to preventive and primary care in shelters and at other settings. Many shelters already have established relationships with community providers to provide those services via either an on-site or mobile clinic; however, hours may be limited. These services are sometimes not be billed, even when a provider is rendering services to a CalOptima member. This may occur, for example, if the provider is not contracted with the member's assigned health network or is not the member's assigned primary care provider (PCP). Further, some Community Health Centers have advised that set up and tear down of mobile clinics is time consuming and may not be cost-effective, even if the clinic is able to bill for the visit. These factors may contribute to limited access to care at shelters and other hot spots.

To address these concerns, CalOptima staff proposes partnering with any interested Community Health Centers to provide preventive and primary health care services at shelters and other hot spots. This may include locations that do not have established schedules with community providers, as well as those that may benefit from expanded schedules. These Community Health Centers will be required to create a regular schedule based on input from the shelters/hot spots, and those schedules will be informed by need, which may include bed count, frequency of resident turnover, other individuals served at the location, existing service schedules, and proximity to community providers. Additionally, the Community Health Centers will be expected to encourage CalOptima members to seek services from their assigned CalOptima providers and coordinate services with other medical and behavioral health care providers.

As proposed, and similar to the CalOptima Day tiered incentive payment model, clinics maintaining a presence at the shelter or hot spot will be compensated up to $1 million annually in total for all participating providers, excluding CalOptima staff resources, based on expanded hours and services completed for CalOptima members, as well as claims submission.

CalOptima staff proposes to offer eligible providers with a monetary incentive for participating in the HCAP according to two (2) tiers:

- Tier 1: An eligible provider will receive a Tier 1 provider incentive for event participation for a half day (4 hours) or a full day (8 hours).

- Tier 2: An eligible provider may receive a Tier 2 provider incentive, in addition to the Tier 1 provider incentive, if the following levels of services are provided:
    - Eligible provider completes 10 appointments during a half day (4 hours). Appointments may be any combination of well-care or vaccine-only visit.
    - Eligible provider completes 20 appointments during a full day (8 hours). Appointments may be any combination of well-care or vaccine-only visit.

Provider Incentive	Half Day (4 hours)	Full Day (8 hours)
Tier 1	$800	$1,600
Tier 2	$400	$800

Staff estimates that CalOptima will schedule a combination of 10 half day or full day HCAP events per week, with an average of 15 appointments completed during each event.

CalOptima staff will leverage the coordination and incentive mechanisms already established by the current CalOptima Day strategy. The effectiveness of CalOptima Days is measured by lead measures such as numbers of members accessing services, numbers of CalOptima Days with expanded hours, and lag measures such as HEDIS. A similar program measurement and evaluation discipline will apply to the HCAP.

In addition, management requests additional staffing to coordinate HCAP. Staff recommends the addition of two full-time equivalent positions: a Program Manager and a Quality Analyst. The total estimated annual impact of the addition of the two staff positions is approximately $231,087.

Fiscal Impact

The recommended action to develop HCAP by modifying the existing CalOptima Day Quality Improvement and incentive strategy is a Homeless Health Initiative budgeted item. Expenses of up to $1 million annually for provider incentives and $231,087 annually for staffing expenditures are budgeted under homeless health-related initiatives in the Fiscal Year 2019–20 Operating Budget approved by the Board on June 6, 2019 and will be funded from the "clinic health care services in all homeless shelters" category approved by the Board on June 27, 2019.

Rationale for Recommendation

CalOptima members experiencing homelessness sometimes face unique challenges in accessing the care they need. By partnering with shelters, other hot spots and Community Health Centers to implement the HCAP will help provide members with access to preventive and primary health services that this population segment may not otherwise seek. Early intervention while the members reside in shelters could also help them reacclimate to receiving scheduled care by appointment, hopefully helping to reintroduce them to obtaining health care in a more traditional and cost-effective setting.

Concurrence
Gary Crockett, Chief Counsel

CalOptima Homeless Clinic Access Program

David Ramirez, M.D.
Chief Medical Officer

Betsy Ha, R.N., M.S., LSSMBB
Executive Director, Quality & Population Health Management

Building a Better System of Care

- In response to the homelessness crisis in Orange County, CalOptima has approved the following:
  - Homeless Response Team to coordinate care
  - Deployed the Clinical Field Team in collaboration with Federally Qualified Health Centers (FQHC) to provide urgent care for those unable or unwilling to access the traditional care system
  - Help hospitals meet SB 1152 requirements for homeless-specific discharge planning and care coordination
  - Increased Recuperative Care funding and creation of a Medical Respite Program
- These initiatives focus on the urgent and clinical needs of members unsheltered.

Bridging to Existing System

Nontraditional Settings

- Clinical Field Teams (CFTs)
- Mobile Clinics
- Telehealth

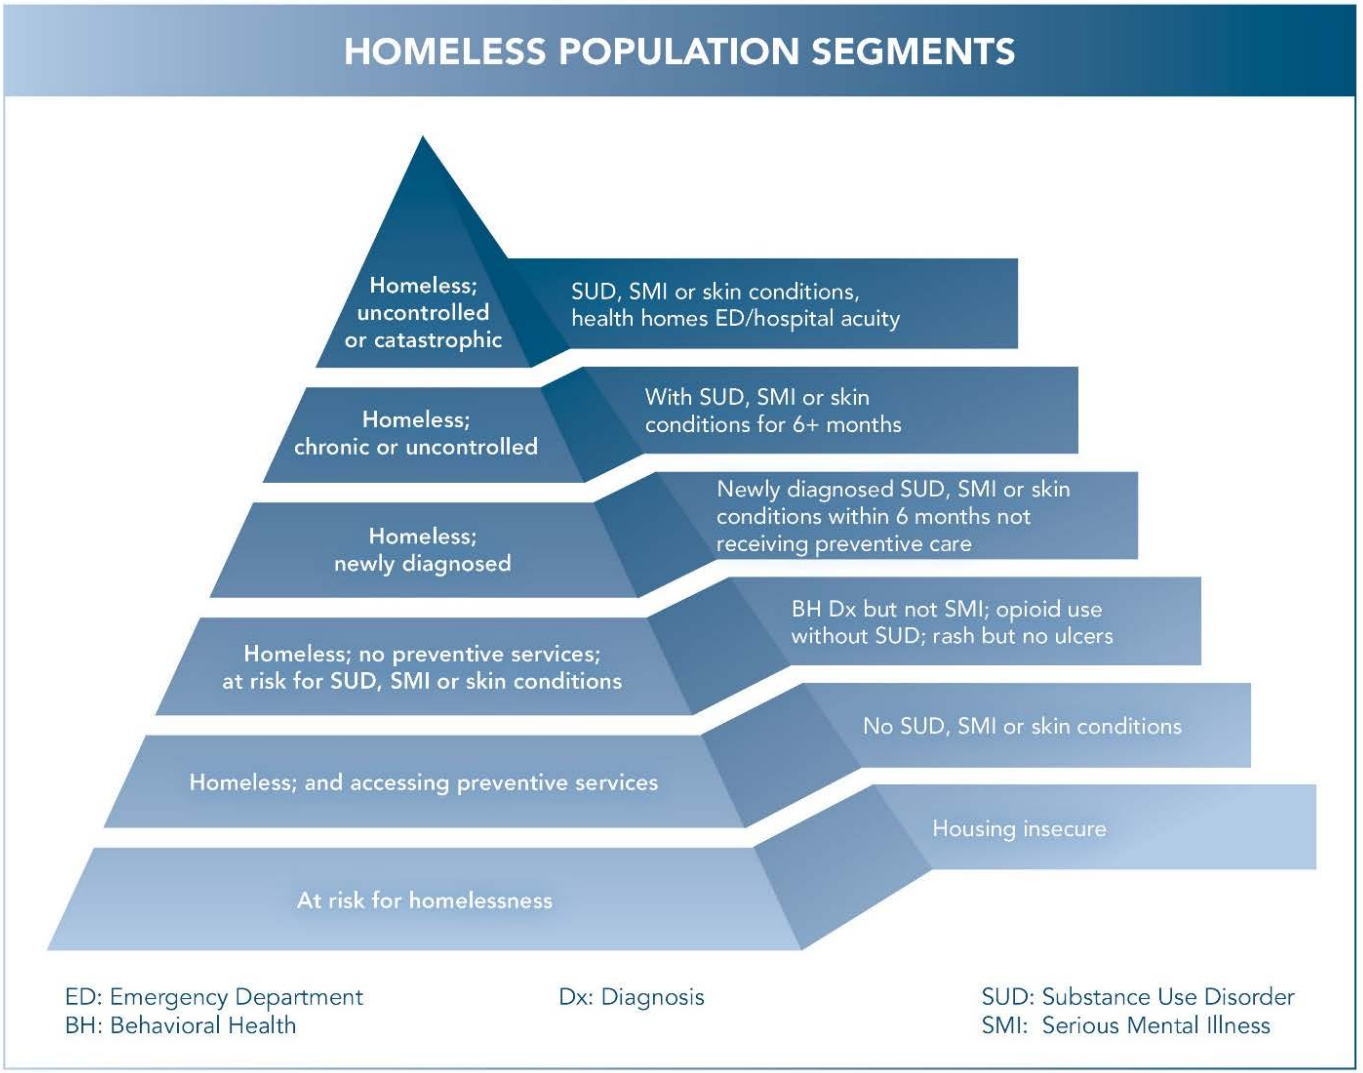
Transitional Settings

- Clinics in Shelters
- On-Site Supportive Services

Existing System

- Clinics
- Office-Based Providers
- Telephonic Case Management

A Population Health Approach



Clinic Health Care Services

- In response to the June 27, 2019, special meeting, the Board approved funding allocations of $60 million for new homeless health initiatives.
- As part of this action, the Board allocated $10 million to “Clinic health care services in all homeless shelters.”
- Staff recognizes the need to establish reliable, recurring, preventive and primary care schedules for members experiencing homelessness who are staying in shelters.
- Currently, most shelters in Orange County have inadequate physical health services available either on-site or through mobile clinics

Leveraging Quality Incentives

Modify the “CalOptima Day” Quality Improvement and incentive strategy for Homeless Health Initiative

Develop a CalOptima Homeless Clinic Access Program (HCAP)

Provide CalOptima Homeless Clinic Access Program (HCAP) at Orange County homeless shelters and other appropriate locations

What is CalOptima Day?

- A practice site-based Quality Improvement and incentive strategy used by CalOptima since 2016 to improve member access to care and HEDIS performance results
  - A half or full-day health and wellness event that is co-hosted by CalOptima, a health network, and a clinic or provider office, offering immunizations and well-care visits to our Medi-Cal members.
  - Clinic/providers offices' to only schedule appointments for CalOptima members assigned to the participating health network and clinic/provider office designated CalOptima Days.
  - Providers are incentivized to host the event and can receive up to $2,400 per CalOptima Day.
  - Members are incentivized with a $25 gift card for completing a visit.

2018 CalOptima Day Focused Measures

- Well-Care Measures
  - Well-Child Visits in the First 15 Months of Life (W15)
  - Well-Child Visits in the Third, Fourth, Fifth and Sixth Years of Life (W34)
  - Adolescent Well-Care Visits (AWC)
- Immunization Measures
  - Childhood Immunization Status (CIS)
    - Combo 10
  - Immunizations for Adolescents (AWC)
    - Combo 2

CalOptima Homeless Clinic Access Program (HCAP)

- Increase the availability of preventive and routine health care services at Orange County shelters to create regular clinic schedules informed by need.
- Provide care transition support and encourage CalOptima members to seek services from their assigned CalOptima providers.
- Coordinate services with other medical and behavioral health care providers when needed.

Proposed Quality Measures

- Preventive services, screenings and chronic care HEDIS measures may include but not be limited to:
  - Access to Ambulatory and Preventive Care Services (AAP)
  - Adult BMI Assessment (ABA)
  - Chlamydia Screening (CHL)
  - Cervical Cancer Screening (CCS)
  - Adult Immunization Status (AIS)
  - Comprehensive Diabetes Care (CDC)
    - HbA1C
    - Retinal Eye Exam
    - Blood Pressure

Proposed Provider Incentives

- CalOptima will offer eligible providers a monetary incentive for participating in the CalOptima Homeless Clinic Access Program (HCAP) events according to two (2) tiers:
  - Tier 1: Eligible provider receives a Tier 1 incentive for event participation for a half (4 hours) or full day (8 hours)
  - Tier 2: Eligible provider may receive a Tier 2 provider incentive, in addition to Tier 1, if the following levels or service are provided;
    - Eligible provider completes 10 appointments during half day (4 hours)
    - Eligible provider completes 20 appointments during a full day (8 hours)

Provider Incentive	Half Day (4 Hours)	Full Day (8 Hours)
Tier 1 Incentive	$800	$1,600
Tier 2 Incentive	$400	$800

Fiscal Impact

- Expenses of up to $1 million annually for provider incentives and $231,087 annually for staffing expenditures
- Budgeted under homeless health-related initiatives in the Fiscal Year 2019–20 Operating Budget
- Approved by the Board on June 6, 2019
- Will fund from the “Clinic health care services in all homeless shelters” category approved by the Board on June 27, 2019

Staffing Expenditure

- Hire Program Manager and Quality Analyst
- Perform incentive program management
- Facilitate scheduling
- Provide care transition support
- Monitor quality and access to primary care
- Coordination with internal and external partners
- Quality performance measurement, analysis and reporting

Recommended Action

- Authorize modification of the existing “CalOptima Day” Quality Improvement and incentive strategy to include a CalOptima Homeless Clinic Access Program (HCAP) that includes primary and preventive care services at Orange County homeless shelters and other locations in collaboration with Community Health Centers;
- Authorize the expenditure of up to $1 million in provider incentives consistent with this proposed expansion of CalOptima Day quality improvement and incentive strategy; and
- Authorize the hiring of two additional staff at an annual cost not to exceed $231,087 in support of this expansion of the CalOptima Day quality incentive program.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken December 1, 2016
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

5. Consider Approval of Medi-Cal Quality Improvement and Accreditation Activities During CalOptima Fiscal Year (FY) 2016-17, Including Contracts and Contract Amendments with Consultant(s), Member and Provider Incentives, and Expenditures of Unbudgeted Funds of up to $1.1 Million

Contact

Richard Bock, M.D., Deputy Chief Medical Officer, (714) 246-8400

Recommended Actions

1. Approve the Quality Improvement activities listed on Attachment 1;
2. Authorize the Chief Executive Officer, with the assistance of Legal Counsel, to contract with new vendors and amend existing vendor contracts, as appropriate, for quality improvement-related services, including NCQA consulting and provider coaching services, incentive distribution and tracking services, PSA development services, survey implementation services, and material and print services selected consistent with CalOptima's Board-approved procurement process;
3. Direct staff to develop Member and Provider incentive programs in the amounts listed on Attachment 1., subject to applicable regulatory approval and guidelines, and final approval by the CalOptima Board prior to implementation; and
4. Authorize unbudgeted expenditures not to exceed $1.1 million to implement these initiatives.

Background

In CalOptima's 2013-2016 Strategic Plan, one of the strategic priorities was related to Quality Programs and Services. As a part of this strategic priority, CalOptima has worked diligently to provide members with access to quality health care services and ensure optimal health outcomes for all our members.

One of the areas of focus within Quality Programs and Services is CalOptima's performance in the National Committee for Quality Assurance (NCQA) accreditation and ratings. The evaluation criterion for the NCQA health plan ratings consists of three dimensions: Prevention, Treatment and Member Satisfaction. According to the most recent NCQA Health Plan Ratings, (NCQA's Medicaid Health Insurance Plan Ratings 2015-2016) CalOptima scored 4 out of 5 on Prevention, 3.5 out of 5 on Treatment, and 2.5 out of 5 in Customer Service. Health Plans are rated on a 5 point scale. CalOptima achieved an overall rating of 4 out of 5. CalOptima has the distinction of being the top rated Medicaid Health plan in California for the past three years. CalOptima is proud to be the only California Medicaid health plan accredited at the "commendable" level by NCQA. Additionally, CalOptima has achieved a 3.5 out of 5.0 "STAR" rating for Medicare by the Centers for Medicare & Medicaid Services (CMS).

Although CalOptima has achieved much success in our quality programs, we have also identified two measures that were below the minimum performance level (MPL) established by the California

Department of Health Care Services (DHCS), and we have prospectively identified other quality measures on the decline that are required for NCQA accreditation and health plan ratings. In order to maintain or exceed our quality performance levels, it is imperative to consider additional interventions which are necessary to achieve these goals, as referenced in our 2016 QI Program Description (Clinical Data Warehouse section, pg 41). These include utilizing multiple levers (direct-to-member, direct-to-provider, incentives, communication strategies, etc.) and programs planned as ongoing strategies throughout the calendar year.

In preparing the CalOptima FY 2016-17 Operating Budget, staff applied the regular budgeting methodology which used the past year's actual run-rate assumptions to allocate funds to various categories, units and lines of business. Upon further review, it became clear that additional funding was necessary to meet existing program commitments for Medi-Cal quality monitoring, reporting and improvement as well as new and expanded quality programs.

Discussion

Maintaining CalOptima's "commendable" accreditation status and rating by NCQA as a top Medicaid plan in California requires ongoing investment in innovative quality initiatives focused on underperforming measures as well as measures aligned with NCQA accreditation, health plan ratings, as well as DHCS and CMS requirements. Funding is also requested to maintain current vendor contracts utilized for quality reporting and to support annually required trainings for quality staff.

Expenditures requested are classified as:

• Budget augmentation for current quality initiatives:	$ 457,740
• New requests for quality initiatives:	$ 605,839
Total Request	$1,063,579

Attachment 1: Summary of Expenditures for Medi-Cal Quality Improvement and Accreditation Activities provides additional detail on the quality related programs, initiatives and proposed incentives. Member and provider incentive programs will be established by CalOptima. Member incentives will follow the guidelines in CalOptima Policy AA.1208 – Non-Monetary Member Incentives. All member and provider incentive programs will be fully developed and returned for Board approval prior to implementation, as well as regulatory approval, as applicable.

Fiscal Impact

The recommended action to appropriate and authorize expenditures of up to $1.1 million for Medi-Cal quality improvement and accreditation activities is an unbudgeted item. Management is requesting Board approval to authorize an additional amount of up to $1.1 million in medical expenses to fund the cost of the quality improvement activities.

Rationale for Recommendation

CalOptima staff believes that by partnering with our Health Network and provider community, targeted, impactful interventions will result in improvements in our quality scores, to maintain our NCQA Commendable status.

QUALITY INITIATIVES

"CalOptima Day"
Child and Adolescent Health and Wellness Event

CalOptima strives to provide quality care for our members. This means finding new ways to better serve them. CalOptima is looking for health networks to host CalOptima Day, a one-day health and wellness event at one high-volume provider office or clinic of their choice, offering immunizations and well-care visits to children and adolescent Medi-Cal members.

Criteria for Participation:

- Health networks and the selected provider office or clinic will help market the event as "CalOptima Day."
- Voluntary participation of one provider office or clinic per health network that serves a high volume of targeted CalOptima Medi-Cal members in Orange County
- Provider office or clinic must be in good standing with CalOptima and have no sanctions or corrective action plans in place at the time of participation.
- Health networks and provider office/ clinic are expected to host a wellness event targeting any or all the measures listed: W15, W34, AWC, CIS and IMA.
- Provider offices and clinics are expected to conduct member outreach efforts including outbound calling, scheduling appointments and record keeping.
- Provider offices/ clinics and the health network are expected to properly code the office visit in accordance to the HEDIS specifications and provide validation to CalOptima this occurred.
- The participating provider or clinic shall provide feedback and a summary report of all vaccinations and well-child visits completed at the event.
- CalOptima will provide gift cards to members as incentives for receiving a recommended immunization(s) during the CalOptima Day event.
- CalOptima will offer participating provider offices or clinics a monetary incentive for hosting the health and wellness event of $300/hr. for each health event, up to $2,400/event. Depending on budget, a primary care provider (PCP)/clinic site may conduct more than one event at the discretion of CalOptima.

For more information, email questions to QI_Initiatives@CalOptima.org.

Please note: A limited number of provider offices and/or clinics will be eligible to participate in the Child and Adolescent Health and Wellness Event. Be on the lookout for more opportunities to participate in a CalOptima incentive program.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken December 5, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item
13. Consider Approval of Homeless Health Initiatives Guiding Principles

Contact
Michael Schrader, Chief Executive Officer (714) 246-8400

Recommended Action
Approve Homeless Health Initiatives Guiding Principles and Crosswalk as a framework for future funding allocations.

Background
On April 4, 2019, the CalOptima Board of Directors committed expenditures of $100 million for Homeless Health Initiatives within a three-year period. At that time, $40 million was directed to a range of specific initiatives, including enhanced Medi-Cal services at the Be Well OC Regional Mental Health and Wellness Campus; recuperative care; clinical field team startup costs; CalOptima Homeless Response Team; and homeless coordination at hospitals. An additional $60 million was appropriated for future initiatives. At the special Board meeting on June 27, 2019, a proposal with funding allocations for the $60 million was approved. The funding allocations covered four areas: clinic health care services in all homeless shelters; authorize mobile health team to respond to all homeless providers; residential support services and housing navigation; and extend recuperative care for homeless individuals with chronic physical health issues. On September 5, 2019, staff received Board direction to develop Guiding Principles related to the $60 million allocation and to solicit input from Board members and providers on those principles.

The draft Homeless Health Initiatives Guiding Principles were shared with the Board on September 20, 2019, and a crosswalk of the Guiding Principles and funding categories was later integrated. Both documents were developed in coordination with the Board's ad hoc committee on homeless health. The draft Guiding Principles were also shared with the Orange County Medical Association, the Hospital Association of Southern California and CalOptima health networks. At the October 3, 2019, Board meeting, staff again received direction to bring the Guiding Principles to the full Board for consideration. On October 28, 2019, the California Department of Health Care Services released California Advancing and Innovating Medi-Cal (CalAIM), a proposal with the potential to significantly impact the future Medi-Cal delivery system framework, starting in 2021. Although the proposal is not yet finalized or approved by state and federal regulators, some tenets of CalAIM are designed to enhance services for high-needs populations, including homeless individuals. On November 7, 2019, the Board requested that staff consider the impact of CalAIM on the Guiding Principles, update the document if needed and present the information to the full Board.

Discussion
The Board recognizes that the approved $60 million allocation for the Homeless Health Initiatives allows room for flexibility to execute the new initiatives that are most impactful and relevant to our

members experiencing homelessness. The staff developed the Homeless Health Initiatives Guiding Principles to refine the decision-making process, ensure investment in the most appropriate programs and to address provider concerns. Proposals consistent with the principles will be brought forward for consideration by the Board; proposals that are inconsistent will face revision or rejection. Proposals may also change depending on the status of CalAIM. Ultimately, the Board has full discretion on the allocation of funds. However, internal and external stakeholders will be able to use the Guiding Principles to support initiatives that unify the community around the shared goal of better serving Orange County's homeless population.

Fiscal Impact

The recommended action is budget neutral. The $60 million allocation has already been approved by the Board. The recommended action has the effect of distributing funds to various as yet undetermined initiatives, but the amount will not exceed $60 million.

Rationale for Recommendation

The above recommendation serves to guide funding allocations for CalOptima's Homeless Health Initiatives to ensure expenditures meet strategic priorities and have the most positive impact for members.

Homeless Health Initiatives: Guiding Principles

Board of Directors Meeting
December 5, 2019

Michael Schrader, Chief Executive Officer
TC Roady, Director, Regulatory Affairs and Compliance
Candice Gomez, Executive Director, Program Implementation

Agenda

- Current initiatives and Board direction
- California Advancing and Innovating Medi-Cal (CalAIM)
- Homeless Health allocation in light of CalAIM

Current Initiatives

Board-Approved Programs With $100 Million Homeless Health Reserve	Funding
Be Well OC Regional Mental Health and Wellness Hub	$11.4 million
Recuperative Care	$10.75 million
Respite Care	$250,000
Clinical Field Team Startup	$1.6 million
CalOptima Homeless Response Team	$6 million
Homeless Coordination at Hospitals	$10 million
CalOptima Day and Quality Improvement Program	$1.2 million
Federally Qualified Health Centers Expansion	$.6 million
Total Allocated	**$41.8 million**
Remaining Funding Available	**$58.2 million**

- Other Board-Approved Programs Supporting Homeless Health
  - Medication-Assisted Treatment: $6 million (IGT funds)
- Other Programs Pending Board Approval
  - Housing Supportive Services: $2.5 million (reallocated from reserve)

Board Actions and Directives on Homeless Health

- In June, the Board adopted a $60 million allocation for homeless health spending in four categories
  - Clinic health care services in all homeless shelters
  - Mobile health team response to all homeless providers
  - Residential support services and housing navigation
  - Recuperative care for those with chronic physical health issues
- Working with the Board's ad hoc committee, staff developed Guiding Principles and crosswalk to provide the Board with a tool to guide funding decisions
- CalAIM has the potential to affect homeless health spending in the future
  - Consider CalAIM's impact on Guiding Principles

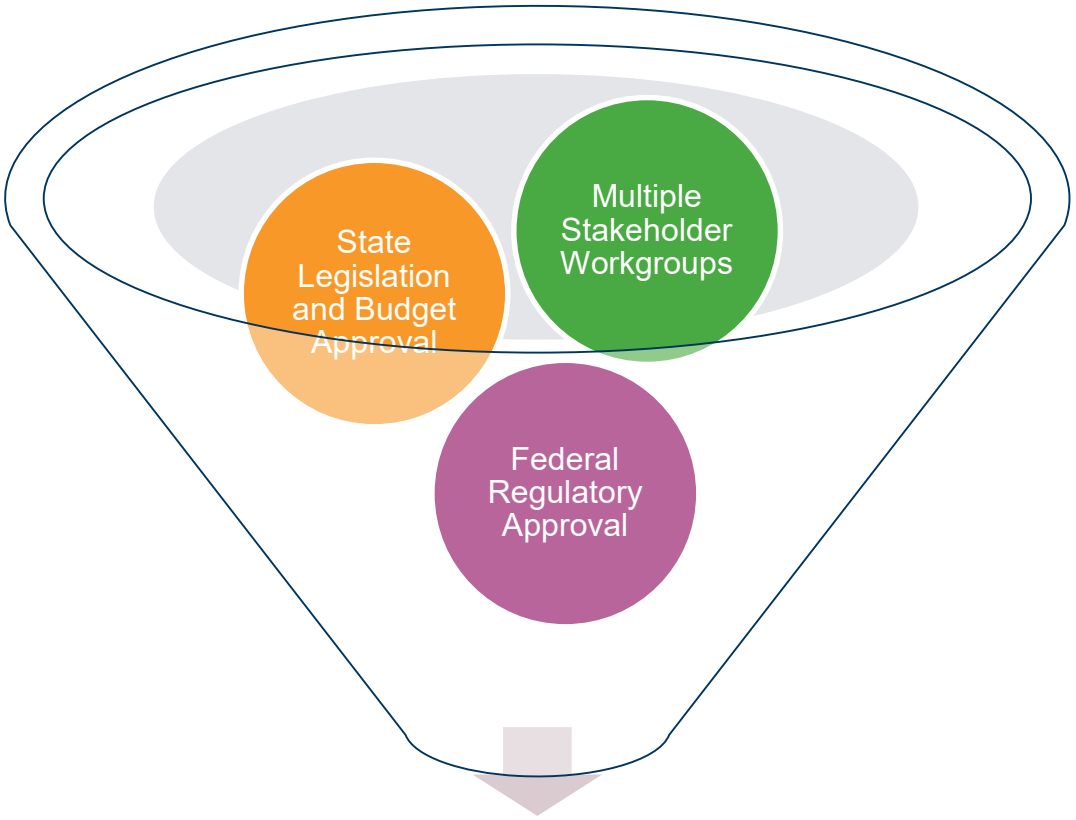
CalAIM Background

- On October 28, the Department of Health Care Services (DHCS) released CalAIM, a proposal with the potential to significantly impact the future Medi-Cal delivery system framework
  - Spans a five-year period from 2021 to 2025
  - Contains more than 20 core initiatives
  - Expands Medi-Cal managed care plans' responsibilities

- The proposal represents the start of a process that will include stakeholder engagement, and multiple federal and state approvals

CalAIM Process

- CalAIM is in the early stages of development
- CalAIM will evolve before reaching a final form for implementation starting January 1, 2021
  - ➢ Many layers of input will undoubtedly change the proposal



Final CalAIM Document

Five CalAIM Workgroups

Population Health/ Annual Enrollment	• Requires managed care plans to develop and maintain population health management strategies
Enhanced Care Management	• Explores implementation of an enhanced care management benefit and in lieu of services
Behavioral Health	• Considers integration of county-level mental health and substance use disorder programs
NCQA Accreditation	• Provides input on a proposal to require Medi-Cal managed care plans to obtain accreditation
Full Integration Plans	• Discusses full integration of physical health, behavioral health and oral health under one entity

Future CalAIM Implementation

- The various proposals have different effective dates, ranging from January 2021 to January 2025
  - Understanding the rules and regulations before and after implementation will be challenging

- With regard to CalOptima's Homeless Health Initiatives, three proposals (in their current form) have the most potential impact in the near term
  - Population Health Management
  - Enhanced Care Management
  - In Lieu of Services

Current State, Before CalAIM

- Programs that “bridge” to CalAIM
  - Health Homes Program (HHP)
    - Enhanced care management
    - Housing supportive services
  - Whole-Person Care (WPC)
    - Recuperative care
- Intergovernmental Transfer (IGT) 1–7 dollars
  - Enhanced services for Medi-Cal members
    - Reallocating funds toward housing supportive services
- IGT 8 dollars
  - Medi-Cal-covered services for Medi-Cal members
    - Enhanced hospital discharge planning
    - Transitions of care (under development with stakeholder group)

Future Possibilities, After CalAIM*

- Population Health Management (PHM)
  - Develop and maintain PHM programs compliant with NCQA requirements, and update and file annually with DHCS
  - Risk stratify populations (low-, medium- and high-risk) and have defined actions and programs to address population needs
  - Conduct initial member assessments and then reassessments on an annual basis
  - Offer basic, complex and enhanced care management

Subject to stakeholder input and CMS and DHCS approval

Future Possibilities, After CalAIM* (Cont.)

- Enhanced Care Management (ECM) and In Lieu of Services (ILOS)
  - Statewide health plan benefit replacing HHP and WPC by January 1, 2021
  - Holistic, interdisciplinary approach to clinical and non-clinical needs of target populations
    - Individuals experiencing homelessness are specifically included as a target population
  - By July 2020, plans must submit transition plan moving from HHP and WPC to the ECM/ILOS model of care

Subject to stakeholder input and CMS and DHCS approval

Future Possibilities, After CalAIM* (Cont.)

- ILOS can only be covered if:
  - State determines that the service is a medically appropriate and cost-effective substitute for a typical service
  - The service is optional (beneficiaries are not required to use ILOS)
  - The service is authorized and identified in the state's Medi-Cal managed care plan contract

Menu of In Lieu of Services Options**
Housing transition navigation services
Housing deposits
Housing tenancy
Short-term post-hospitalization housing
Nursing facility transition/diversion
Recuperative care
Personal care and homemaker services
Respite care
Day habilitation programs
Home modifications
Meals/medically tailored meals
Sobering centers

***See CalAIM Appendix D for a detailed description of what is allowed under each of the above ILOS*

* *Subject to stakeholder input and CMS and DHCS approval*

CalAIM Advocacy

- California Association of Health Plans and Local Health Plans of California are actively participating in the CalAIM process
  - Managed care plans, including CalOptima, will be integral in shaping the eventual final CalAIM document
  - Managed care plans are generally very supportive of the direction CalAIM is headed

- Responding to the needs of Orange County's homeless population would be enhanced through adoption of certain current CalAIM proposals
  - CalOptima will advocate to this effect and pursue opportunities as available

Recommended Action

- Approve homeless health initiatives Guiding Principles and crosswalk as a framework for future funding allocations

HOMELESS HEALTH INITIATIVES GUIDING PRINCIPLES
December 5, 2019

Organizations across Orange County are actively responding to the local homeless crisis. CalOptima is participating by making improvements to the health care delivery system for homeless individuals. On April 4, 2019, the Board of Directors voted to commit $100 million in a restricted homeless health reserve. At that time, $40 million was directed to a range of specific initiatives, and $60 million was for unidentified new initiatives:

Projects *(as of April 4, 2019)*	**Allocated**	**Unallocated**	**Funding Category**
Enhanced Medi-Cal Services at the Be Well OC Regional Mental Health and Wellness Campus	$11.4 million		IGT 1–7 ($24 million total)
Recuperative Care	$11 million		
Clinical Field Team Startup Costs	$1.6 million		
CalOptima Homeless Response Team ($1.2 million/year x 5 years)	$6 million		IGT 8 and FY 2018–19 operating funds ($76 million total)
Homeless Coordination at Hospitals ($2 million/year x 5 years)	$10 million		
New Initiatives		$60 million	
Total Reserve: $100 million	**$40 million**	**$60 million**	

In the months since, CalOptima has continued to consider program options, in part by welcoming input from community organizations and providers serving homeless individuals. On June 27, 2019, at a special Board meeting, the Board approved a proposal outlining $60 million in funding allocations for new homeless health initiatives as follows:

1. Clinic health care services in all homeless shelters – $10 million
2. Authorize mobile health team to respond to all homeless providers –$10 million
3. Residential support services and housing navigation – $20 million
4. Extend recuperative care for homeless individuals with chronic physical health issue – $20 million

The Board recognizes that the approved allocations allow room for interpretation and the possibility of executing new initiatives in various ways. Further, a recent state proposal, known as California Advancing and Innovating Medi-Cal (CalAIM), suggests significant changes to the Medi-Cal managed care landscape starting in 2021. Although the proposal is not yet finalized or approved by state and federal regulators, some tenets of CalAIM are designed to enhance services for high-needs populations, including homeless individuals. To move forward with effective funding allocations in this dynamic environment, staff have developed Guiding

Principles to refine decision making, ensure investment in the most appropriate programs and respond to provider concerns. Proposals consistent with the principles would be brought forward for consideration by the Board; proposals that are inconsistent would face revision or rejection. Proposals may also change depending on the status of CalAIM. Ultimately, the Board has full discretion, but internal and external audiences can use the principles to support initiatives that unify the community around our shared goal of better serving Orange County's homeless population.

GUIDING PRINCIPLES

Transparent and Inclusive

Inherent in CalOptima's response to the homeless crisis is a commitment to engage the community. Since beginning this effort and across several months, we have collaborated with Orange County Health Care Agency leaders, homeless advocates, community health center staff, provider representatives and countless others. CalOptima staff have and will continue to host meetings and forums, most recently adding a provider and hospital meeting series. Our interest in establishing these Guiding Principles starts from this place of inclusiveness.

- *CalOptima shall foster transparency in homeless health spending by regularly engaging stakeholders to gather ideas and feedback.*

Compliant and Sustainable

CalOptima has invested considerable time and money in understanding the legal and regulatory spending parameters related to health care delivery system enhancements for members who are homeless. In this environment, there are clear distinctions between funding sources that must be maintained. Intergovernmental Transfer (IGT) 1–7 dollars were permitted for enhancements to Medi-Cal services, but new IGT 8 dollars must be used according to different guidelines that restrict the spending to Medi-Cal-covered services. Furthermore, use of FY 2018–19 operating funds is similarly restricted to Medi-Cal-covered services for members, so expenditure of these dollars will be incorporated into CalOptima's rate development process. This would create sustainable funding for ongoing homeless health programs even after depletion of the Board-established homeless health reserve. However, the CalAIM proposal has the potential to expand Medi-Cal-covered benefits, which could broaden what CalOptima is permitted to fund for homeless health. This opportunity is under development, so until CalAIM is finalized, CalOptima must adhere to current rules. In any event, financial stewardship is one of CalOptima's core values, and our commitment is to spend on new homeless health initiatives in a fashion that complies with all applicable rules and appropriately builds our rates.

- *CalOptima shall spend the $60 million on allowable uses only, with the strict rule that IGT 8 and FY 2018–19 funds must be used for Medi-Cal-covered services for Medi-Cal members.*

Strategic and Integrated

CalOptima's effort to better serve members who are homeless is aligned with the strategic direction of state and federal regulators as well as industry trends. Population health initiatives recognize that certain populations need targeted interventions, and these programs can be integrated within the existing delivery system. For example, CalOptima's clinical field team program is designed to reconnect members with their medical homes not replace them. We appreciate the essential role of our hospital and health network partners and will purposefully seek ways to ensure new homeless health initiatives are integrated.

- *CalOptima shall support programs that honor the unique needs of the homeless population while integrating into the existing delivery system.*

Defined and Accountable

CalOptima is in new territory exploring ways to respond to the needs of homeless members. But our commitment to longstanding principles of quality and accountability has not changed. As we move forward, new programs will be carefully defined through Board-approved actions and subject to appropriate oversight and performance metrics. The CalOptima Board will hold itself accountable to ensure the implemented programs provide value and perform as anticipated, which may include establishing incentives for provider partners.

- *CalOptima shall identify measures of success and develop incentives to boost accountability in any new homeless health initiative.*

CROSSWALK: HOMELESS HEALTH INITIATIVES GUIDING PRINCIPLES AND FUNDING CATEGORIES

December 5, 2019

		Homeless Health Funding Categories			
		Clinic health care services in all homeless shelters	**Authorize mobile health team to respond to all homeless providers**	**Residential support services and housing navigation**	**Extend recuperative care for homeless individuals with chronic physical health issue**
Guiding Principles	**Transparent and Inclusive*** *Transparent planning that includes providers and other key stakeholders*	Consistent: Specific initiatives in this category could be designed and developed in collaboration with providers and other stakeholders.	Consistent: Specific initiatives in this category could be designed and developed in collaboration with providers and other stakeholders.	Consistent: CalOptima and our health networks transparently and inclusively provide Medi-Cal members with case management and care coordination as appropriate. In addition, health networks will serve as CB-CMEs for HHP, with Illumination Foundation as an available vendor for housing navigation. However, the CalAIM proposal would sunset HHP and transition housing navigation to another program. Separately, the IHSS, MSSP and PACE programs provide services in the member's home.	Consistent: Today, recuperative care is not currently a Medi-Cal benefit, apart from the WPC pilot to which CalOptima previously allocated funds for recuperative care. However, CalOptima is planning to advocate with providers and stakeholders through the CalAIM process for the state to make recuperative care a Medi-Cal benefit in 2021, upon the completion of the WPC pilot.
		*Assumes continued coordination of input from biweekly health network/hospital meetings with CalOptima Board Homeless Health Ad Hoc.			
	Compliant and Sustainable *Sustained Medi-Cal funding for CalOptima from DHCS*	Consistent: Continuing to pay for clinic services (Medi-Cal-covered services) for CalOptima Medi-Cal members at shelters would be sustainable in terms	Consistent: Continuing to pay for clinical field team services (Medi-Cal-covered services) for CalOptima Medi-Cal members would be sustainable in	Consistent: Case management and care coordination are covered benefits under the basic Medi-Cal program, and housing navigation is a	Inconsistent: Inconsistent today because recuperative care is not a Medi-Cal-covered service, except through the WPC pilot. Consequently, there

		of ongoing state funding.	terms of ongoing state funding.	covered benefit under HHP. However, the CalAIM proposal would sunset HHP and transition housing navigation to another program. Consequently, there is sustainable funding within these parameters.	is no source of sustainable funding currently. However, the CalAIM process has the potential to broaden Medi-Cal-covered services to include recuperative care.
	Strategic and Integrated *Integration with CalOptima's contracted health care delivery system*	Consistent: Clinic services in homeless shelters should reconnect members with their medical homes (i.e., health networks and PCPs).	Consistent: Clinical field teams should reconnect members with their medical homes (i.e., health networks and PCPs).	Consistent: Case management and care coordination services are integrated into CalOptima's contracted health care delivery system. HHP CB-CMEs will also be integrated through health networks. The CalAIM proposal would sunset HHP and transition housing navigation to another program, which would also be integrated into the CalOptima system.	Consistent: If recuperative care becomes a Medi-Cal benefit following completion of the WPC pilot and/or implementation of CalAIM, CalOptima would integrate the benefit with our contracted delivery system of health networks and hospitals.
	Defined and Accountable *Specific deliverables and measures of success*	Consistent: Specific initiatives in this category could be designed and developed with identified deliverables and measures of success.	Consistent: Specific initiatives in this category could be designed and developed with identified deliverables and measures of success.	Consistent: There is definition and accountability for health networks related to case management, care coordination and HHP CB-CME housing services. However, the CalAIM proposal would sunset HHP and transition housing navigation to another program, which would also be defined and accountable.	Consistent: If recuperative care becomes a Medi-Cal benefit, we will continue what the WPC pilot successfully started, including to have specific deliverables and measures of success (e.g., transitions to PSH).

Acronyms:
CalAIM = California Advancing and Innovating Medi-Cal
CB-CME = Community-Based Care Management Entity
HHP = Health Homes Program
IHSS = In-Home Supportive Services
MSSP = Multipurpose Senior Services Program
PACE = Program of All-Inclusive Care for the Elderly
PCP = Primary Care Physician
PSH = Permanent Supportive Housing
WPC = Whole-Person Care

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken April 16, 2020
Special Meeting of the CalOptima Board of Directors

Report Item

2. Consider Authorizing Modifications to the CalOptima Homeless Clinic Access Program (HCAP) Homeless Health Initiative in Response to COVID-19.

Contact

David Ramirez, MD, Chief Medical Officer (714) 246-8400

Recommended Actions

1) Authorize modification of the existing Homeless Clinic Access Program (HCAP) for Homeless Health Initiative to include:
   a) Telehealth visits;
   b) On-call services provided through the Clinical Field Team Pilot Program (CFTPP); and
2) Authorize the expenditure of up to $1 million in provider incentives consistent with this proposed modification to the HCAP.

Background

CalOptima staff has launched various initiatives to provide clinical care for CalOptima Medi-Cal Members (Members) experiencing homelessness through a series of actions approved by the CalOptima Board of Directors (Board). Specifically, the Board has approved or allocated funding for the following:

Date	Action(s)
February 22, 2019	• Authorized establishment of a CFTPP • Authorized reallocation of up to $1.6 million in Intergovernmental Transfers (IGT) 1 and IGT 6/7 funds for start-up costs for the CFTPP • Authorized eight unbudgeted FTEs and related costs in an amount not to exceed $1.2 million to service as part of CalOptima's Homeless Response Team • Directed staff to return to the Board with ratification requests and further implementation details
April 4, 2019	Actions related to Delivery of Care for Homeless CalOptima Members: • Approved the creation of a restricted Homeless Health Reserve in the amount of $100 million: $24 million in previously approved initiatives using IGT 1-7 funds, and $76 million in IGT 8 funds (approximately $43 million) with the balance from Fiscal Year (FY) 2018-19 operating funds • Stipulated that funds can only be used for homeless health Actions and contracts with Federally Qualified Health Centers (FQHCs):

	• Ratified the implementation plan for the Board authorized CFTPP • Ratified contracts with the following FQHCs to participate in the Clinical Field Team Pilot Program: Central City Community Health Center, Hurtt Family Health Clinic, Inc., Korean Community Services, Inc, dba Korean Community Services Health Center, and Serve the People Community Health Center • Authorized expenditures of up to $500,000 from existing reserves to fund the cost of services rendered to homeless CalOptima Medi-Cal members on a fee-for-service basis through June 30, 2019
August 1, 2019	Actions and contracts with FQHCs: • Authorized allocation of expenditures of $135,000 from the FY2019-20 Medi-Cal Health Homes Initiative (HHI) budget from medical expenses to administrative expenses • Authorized the HHI FQHC Expansion pilot • Authorized contract amendments with FQHCs and FQHC Look-alikes to participate in the HHI FQHC Expansion Pilot • Ratified contract amendment with Families Together of Orange County to participate in the CFTPP Actions for development of CalOptima Homeless Clinical Access Program (HCAP) Authorized modification of the CalOptima Days quality improvement and incentive strategy to include HCAP for health care services in mobile units at, or in fixed clinical sites within, shelters or hotspots, including those FQHCs and FQHC Look-alikes participating in the CFTPP or HHI FQHC Expansion Pilot
March 5, 2020	• Authorized extension of the CFTPP through December 31, 2020 • Authorized amendments of the CFTPP contracts with operational changes • Authorized extension of the HHI FQHC Expansion Pilot through December 31, 2020 and amendment to contracts to implement the extension

On January 31, 2020, the Secretary of the U.S. Department of Health and Human Services declared a public health emergency under section 319, of the Public Health Service Act (42 U.S.C. 247d) in response to a novel coronavirus known as SARS-CoV-2 (COVID-19). On February 27, 2020, Orange County declared a local health emergency. The Governor of California declared a State of Emergency on March 4, 2020. On March 11, 2020, the World Health Organization declared the coronavirus a pandemic. On March 13, 2020, the President declared a national emergency based on the spread of the coronavirus.

On March 11, 2020, the Orange County Health Care Agency provided recommendations for COVID-19 community mitigation strategies. While social distancing has been encouraged to limit the spread of COVID-19, beginning on March 17, 2020, state and local agencies began implementing stay-at-home orders to prohibit professional, social, and community gatherings outside of a list of "essential activities." Subsequently, the Centers for Medicare & Medicaid Services (CMS) announced that all elective surgeries, non-essential medical, surgical, and dental procedures are to be delayed during the pandemic. Additionally, in order to continue to ensure access to necessary medical care for Medi-Cal enrollees, the Department of Health Care Services (DHCS) released emergency guidance regarding telehealth.

Discussion

Under the current HCAP, CalOptima offers eligible community health centers a monetary incentive according to two (2) tiers:

- Tier 1: An eligible community health center receives a provider incentive for event participation for a half day (4 hours) or a full day (8 hours).

- Tier 2: An eligible community health center receives a provider incentive, in addition to the Tier 1 provider incentive, if the following levels of services are provided:
    - Eligible provider completes 10 appointments during a half day (4 hours). Appointments may be any combination of well-care or vaccine-only visits; or
    - Eligible provider completes 20 appointments during a full day (8 hours). Appointments may be any combination of well-care or vaccine-only visits.

Due to the rapid spread of COVID-19, CalOptima staff has worked in partnership with the Orange County Health Care Agency (OC HCA) and the community health centers participating in the CFTPP to provide needed care to CalOptima members experiencing homelessness. OC HCA is establishing additional temporary shelters and partnering with motels to house individuals who are experiencing homelessness and are also at high risk, exhibiting flu-like symptoms, or have tested positive for COVID-19. The CFTPP will be relied upon to provide needed health care services for individuals at these locations. Under the current program design, on-call visits provided by the CFTPP are not eligible for HCAP incentives.

To support the community effort to provide care for individuals experiencing homelessness including those with COVID-19, Staff recommends expanding the current HCAP to include CFTPP scheduled on-call days. While start-up funds were initially provided to the community health centers participating in

the CFTPP, these funds were exhausted after the first year and the program is not sustainable for the community health centers to continue based on a per service reimbursement alone. The current HCAP criteria provides incentives to community health centers for providing health care services for a defined time period at a fixed location on a prescheduled basis. Expanding the HCAP will provide incentives to participating CFTPP community health centers for on-call services for a defined time period provided throughout the county, while encouraging the use of telehealth when possible and appropriate.

Staff recognizes the need for members experiencing homelessness to have reliable access to health care services where they are located and recommends including telehealth visits as part of HCAP, including the Tier 2 criteria to reduce the spread of COVID-19, exposure of healthcare staff to COVID-19. The use of telehealth visits will be in accordance with the CalOptima Policy GG.1665: Telehealth and Other Technology-Enabled Services as well as the DHCS All Plan Letter (APL) 19-009 Supplement: Emergency Telehealth Guidance – COVID-19 Pandemic. During the national health emergency, telehealth visits will be the preferred visit type when clinically appropriate and feasible in an effort to avoid face-to-face contact to reduce the spread of COVID-19. Any non-public communication modalities including the telephone may be used for telehealth visits as authorized by DHCS and CMS. In order for those experiencing homelessness to have a telehealth visit, they would need to have access to a telephone. While providers will seek member consent to a telehealth visit, the Governor has issued an order relaxing the State statutory consent requirements for the COVID-19 crisis. Any individuals who decline telehealth visits will continue to be offered in person visits. In accordance with federal guidance, public facing applications (such as Facebook Live, Twitch, TikTok, and similar video communication applications) are also not permissible for Telehealth.

CalOptima staff will continue to leverage the coordination and incentive mechanisms already established by the current HCAP. The effectiveness of program is measured by lead measures such as the number of members accessing services, the number of days with expanded hours being offered, and lag measures such as HEDIS, although CalOptima staff anticipates that some of the HEDIS measures or criteria may be modified due to the pandemic.

Fiscal Impact

The recommended action to expand Tier 2 provider incentives to include telehealth visits completed by an eligible provider under the HCAP will not have an additional fiscal impact. Staff anticipates that Homeless Health Initiative budgeted funds approved by the Board on August 1, 2019, for provider incentives will be sufficient to cover expenses related to the telehealth visit expansion.

The recommended action to expand Tier 1 provider incentives to include scheduled on-call days provided through the CFTPP is a Homeless Health Initiative budgeted item. Staff estimates costs of up to $1 million for the period of April 1, 2020, through December 31, 2020. Current year expenses are budgeted under homeless health-related initiatives in the FY 2019–20 Operating Budget approved by the Board on June 6, 2019, and will be funded from the “clinic health care services in all homeless shelters” category approved by the Board on June 27, 2019. Management will include expenses related to the CFTPP for the period beginning July 1, 2020, in the CalOptima FY 2020-21 Operating Budget.

Rationale for Recommendation

CalOptima members experiencing homelessness sometimes face unique challenges in accessing the healthcare services they need. By partnering with shelters, other hot spots, and Community Health Centers to implement the HCAP, CalOptima staff plans to help ensure that members experiencing homeless have access to preventive and primary health services—services that this population segment may not otherwise seek or be able to obtain. Early intervention while the members reside in shelters could also help them reacclimate to receiving scheduled care by appointment, hopefully helping to reintroduce them to obtaining health care in a more traditional and cost-effective setting.

Concurrence

Gary Crockett, Chief Counsel

Homeless Health Care Delivery

Special Meeting of the CalOptima Board of Directors
February 22, 2019

Michael Schrader
Chief Executive Officer

Back to Agenda Back to Item

Agenda

- Current system of care
- Strengthened system of care
- Federal and State guidance
- Activities in other counties
- Considerations
- Recommended actions

Current System of Care

Key Roles	Agency
Public Health	County
Physical Health	CalOptima*
Mental Health – mild to moderate	CalOptima*
Serious Mental Illness (SMI) and Substance Use Disorder	County
Shelters	County and Cities
Housing supportive services for SMI population • Housing search support • Facilitation of housing application and/or lease • Move-in assistance • Tenancy sustainment/wellness checks	County
Intensive Care Management Services	County and CalOptima*
Medi-Cal Eligibility Determination and Enrollment	County
Presumptive Medi-Cal Eligibility	State Medi-Cal Fee-for-Service Program

**For Medi-Cal Members*

Current System of Care (Cont.)

- Services available to Medi-Cal members through CalOptima
  - Physician services – primary and specialty care
  - Hospital services and tertiary care
  - Palliative care and hospice
  - Pharmacy
  - Behavioral health (mild to moderate)
- Recuperative care funding with IGT dollars through County's Whole-Person Care Pilot
  - A clean and safe place for homeless individuals to recover from illness or injury for up to 90 days
  - A form of short-term shelter based on medical necessity

Gaps in the Current System of Care

- Access issues for homeless individuals
  - Difficulty with scheduled appointments
  - Challenges with transportation to medical services
- Coordination of physical health, mental health, substance use disorder treatment, and housing
- Physical health for non-CalOptima members who are homeless
  - Individuals may qualify for Medi-Cal but are not enrolled

Immediate Response

- In 2018, more than 200 reported homeless deaths in Orange County
  - ➢ Roughly double the number of homeless deaths in San Diego County
- CalOptima Board
  - ➢ On February 20, 2019, Quality Assurance Committee tasked staff to investigate
    - Percentage that were CalOptima members
    - Demographics
    - Causes of death
    - Prior access to medical care
  - ➢ Identify opportunities for improvement

Strengthened System of Care

- Vision
  - Deliver physical health care services to homeless individuals where they are
- Partner with FQHCs to deploy mobile clinical field teams
  - Reasons for partnering with FQHCs
    - Receive CalOptima reimbursement for Medi-Cal members
    - Receive federal funding for uninsured
    - Enrollment assistance into Medi-Cal
    - Offer members education on choosing FQHC as their PCP
  - About the FQHC clinical field teams (a.k.a., "Street Medicine")
    - Small teams (e.g., physician/NP/PA, medical assistants, social worker)
    - Available with extended hours
    - Go to parks, riverbeds and shelters
    - In coordination with County Outreach and Engagement Team (a.k.a., "Blue Shirts")

Federal and State Guidance

- Depending on the state-specific waivers and county contracts with state, Medicaid funds can be used for coverage of certain housing-related activities, such as
  - Intensive case management services
    - Section 1915(c) Home and Community Based Services waiver
      - e.g., In-Home Supportive Services and Multipurpose Senior Services Program
  - Housing navigation and supports
    - Section 1115 waiver
      - e.g., Whole-Person Care Pilot

Federal and State Guidance (Cont.)

- Medicaid funds cannot be used for rent or room and board
  - CMS Informational Bulletin – June 26, 2015
- CalOptima's Medi-Cal revenue and reserves can be used for the CalOptima Medi-Cal program only
  - Welfare & Institutions Code section 14087.54 (CalOptima enabling statute)

Activities in Other Counties

- Los Angeles County
  - LA County administers a flexible housing subsidy pool
  - L.A. Care provided a $4 million grant (total commitment of $20 million over 5 years) for rent subsidies to house 300 individuals
    - L.A. Care has other sources of revenue beyond Medi-Cal (e.g., Covered California commercial plan)
- Riverside and San Bernardino Counties
  - Inland Empire Health Plan contributes to a housing pool to provide housing supportive services for 350 members
- Orange County
  - Housing pool not in existence today under WPC Pilot
  - If established pursuant to the 1115 Waiver (e.g., under WPC), CalOptima could contribute funds for housing supportive services, not rent

Considerations

- Establish CalOptima Homeless Response Team
  - Dedicated CalOptima resources
  - Coordinate with clinical field teams
  - Interact with Blue Shirts, health networks, providers, etc.
  - Work in the community
  - Provide access on call during extended hours
- Fund start-up costs for clinical care provided to CalOptima members
  - On-site in shelters
  - On the streets through clinical field teams

Additional Considerations

- Look at opportunities to support CalOptima members who are homeless
  - ➢ Contribute to a housing pool
    - Housing pool must exist under an 1115 waiver program (e.g. WPC) in order to use Medi-Cal funds
    - CalOptima contribution used towards housing navigation and support services; cannot be used towards rent or room and board

Recommended Actions

- Authorize establishment of a clinical field team pilot program
  - Contract with any willing FQHC that meets qualifications
  - ~~CalOptima financially responsible for services regardless of health network eligibility~~
  - ~~One year pilot program~~
  - ~~Fee-for-service reimbursement based on CalOptima Medi-Cal fee schedule~~
- Authorize reallocation of up to $1.6 million from IGT 1 and 6/7 to fund start-up costs for clinical field team pilot
  - ~~Vehicle, equipment and supplies~~
  - ~~Staffing~~

Recommended Actions (Cont.)

- Authorize establishment of the CalOptima Homeless Response Team
  - ➢ Authorize eight unbudgeted FTE positions and related costs in an amount not to exceed $1.2 million
- Return to the Board with a ratification request for further implementing details
- Consider other options to work with the County on a System of Care
- Obtain legal opinion related to using Medi-Cal funding for housing-related activities

Homeless Health Care Update

Board of Directors Meeting

April 4, 2019

Michael Schrader

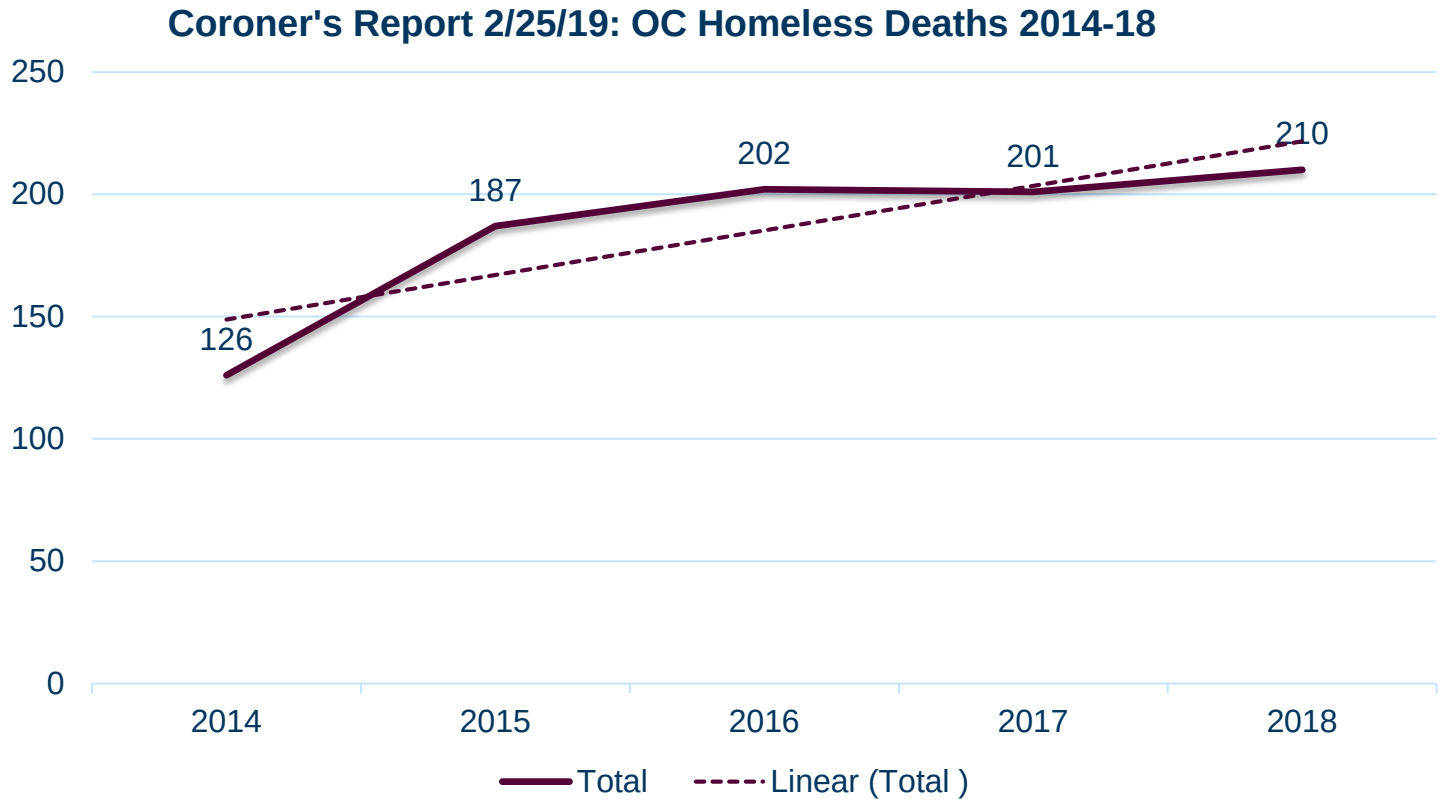
Chief Executive Officer

Impetus for Action in Orange County

- Address homeless crisis with urgency and commitment
- Address trend of homeless deaths
- Build a better system of care for members who are homeless that is long-lasting and becomes part of established delivery system
- Prioritize population health for this group

Homeless Deaths

Coroner’s Report on Homeless Deaths



- Includes all homeless deaths in Orange County, not limited to CalOptima members
- Methodology of reporting and identification of homeless may vary by county
- Increased homeless death rates over the past five years reported in the media statewide

Coroner's Report on Homeless Deaths And Possible Interventions

- Natural causes (42% homeless v. 83% total OC population)
  - Clinical field teams (CalOptima)
  - CalOptima Homeless Response Team (CalOptima)
  - Recuperative care (County and CalOptima)
- Overdose (24% homeless v. 5% total OC population)
  - Opioid prescribing interventions (CalOptima)
  - Medication-assisted treatment (County and CalOptima)
  - Substance use disorder centers (County)
  - Medical detox (CalOptima)
  - Social model detox (County)
  - Naloxone (County and CalOptima)
  - Needle exchange (County)

Coroner's Report on Homeless Deaths And Possible Interventions (cont.)

- Traffic accidents (12% homeless v. 3% total OC population)
- Suicide (7% homeless v. 4% total OC population)
  - Moderate-severe behavioral health (County)
    - Crisis intervention
    - Post-acute transitions
    - Intensive outpatient treatment programs
  - Mild-moderate behavioral health (CalOptima)
    - Screening
    - Early treatment
- Homicide (6% homeless v. 1% total OC population)
- Other accidents (5% homeless v. 5% total OC population)
- Undetermined (3% homeless v. 1% total OC population)

Quality Assurance Committee
Further Clinical Analysis

- Deeper analysis into causes of deaths and interventions
- Case studies for each cause of homeless death
- Benchmarks and comparison with interventions and resources in other counties
- Presentations from partnering organizations

Better System of Care

Ad Hoc Recommendations

- Take action to commit $100 million for homeless health
  - Create a restricted homeless health reserve
  - Stipulate that funds can only be used for homeless health

New Initiatives/Projects	BOD Approved	Pending BOD Approval	Funding Category
Be Well OC	$11.4 million		IGT 1–7 ($24 million total)
Recuperative Care	$11 million		
Clinical Field Team Startup	$1.6 million		
CalOptima Homeless Response Team ($1.2 million/year x 5 years)	$1.2 million	$4.8 million	IGT 8 and FY 2018–19 operating funds ($76 million total)
Homeless Coordination at Hospitals ($2 million/year x 5 years)		$10 million	
New Initiatives		$60 million	
Total Reserve: $100 million	**$25.2 million**	**$74.8 million**	

Clinical Field Team Structure

- Team Components
  - Includes clinical and support staff
  - Vehicle for transportation of staff and equipment
  - Internet connectivity and use of Whole-Person Care (WPC) Connect
- Clinical Services
  - Urgent care, wound care, vaccinations, health screening and point-of-care labs
  - Prescriptions and immediate dispensing of commonly used medications
  - Video consults, referrals, appointment scheduling and care transitions

Clinical Field Team Structure (cont.)

- Referrals and Coordination
  - Coordination with CalOptima Homeless Response Team
  - Coordination with providers
  - Referrals for behavioral health, substance abuse, recuperative care and social services
- Availability and Coverage
  - Regular hours at shelters/hot spots
  - Rotation for on-call services from 8 a.m.–9 p.m. seven days a week, with response time of less than 90 minutes

Clinical Field Team Partnerships

- Five FQHCs have received contract amendments
  - AltaMed
  - Central City Community Health Center*
  - Hurtt Family Health Clinic*
  - Korean Community Services*
  - Serve the People*
- Contract amendments to be authorized/ratified at April Board meeting, per Board direction
- Go-live
  - Deploy on a phased basis, based on FQHC readiness

** Signed contract amendment*

CalOptima Homeless Response Team

- Phone line and daily hours (8 a.m.–9 p.m.) established
  - Available to Blue Shirts and CHAT-H nurses
  - Primary point of contact at CalOptima for rapid response
- Coordinate and dispatch clinical field teams
- Serve as liaisons with regular field visits to shelters/hot spots in the county and recuperative care facilities
  - Establish working in-person relationships with collaborating partners
  - Assess and coordinate physical health needs for CalOptima members

Homeless Population in CalOptima Direct

- Pursue moving members who are homeless to CalOptima Direct, subject to regulatory approval
  - Maximum flexibility with access to any provider (no PCP assignment)
  - Fast-tracked authorization processing
  - Direct medical management in collaboration with clinical field teams, CalOptima Homeless Response Team, and County Blue Shirts and CHAT-H nurses
  - Connectivity with WPC Connect and CalOptima population health platform
- In the interim, move members identified in the field based on choice
- Obtain stakeholder input
  - County, PAC, MAC and health networks

Homeless Coordination at Hospitals

- COBAR in April
- Help hospitals meet SB 1152 requirements for homeless-specific discharge planning and care coordination, effective July 1, 2019
- Utilization by hospitals of data sharing technology to help facilitate coordination of services for CalOptima members who are homeless
- Proposing 2 percent increase to the inpatient Classic rates for Medi-Cal contracted hospitals
  - $2 million financial impact per year
  - Distributes funding based on volume of services provided to members

Medical Respite Program

- Recuperative care beyond 90 days
  - Reallocate $250,000 of the $10 million in IGT6/7 already allocated to the County's WPC program for recuperative care
  - Leverage existing process
    - County to coordinate and pay recuperative care vendor
    - CalOptima to reimburse County for 100 percent of cost
  - COBAR in April
  - Return to CalOptima Board for ratification of associated policy

WPC Connect

- Data-sharing tool for coordinating care used by the Whole-Person Care collaborative
  - Specifically used for homeless individuals
  - Includes social supports and referrals to services
  - Includes community partners (e.g., Illumination Foundation, 211, Lestonnac, Health Care Agency, Social Services Agency, hospitals, community clinics, health networks and CalOptima)
- WPC Connect workflow
  - Community partners can, with consent, add individuals into WPC Connect system once identified as homeless
  - WPC Connect sends an email notification and/or text message to identified care team for homeless individuals seen in ER, admitted to hospital or discharged

WPC Connect (cont.)

- CalOptima use of WPC Connect
  - Case management staff is trained and actively uses the system
    - Identify members enrolled in WPC
    - Coordinate with other partners caring for members
    - Access information from other partners

- Status of WPC Connect
  - Five hospitals are currently connected
  - COBAR to amend hospital contracts to support a discharge process for members experiencing homelessness, including the utilization by hospitals of data-sharing technology to help facilitate coordination of services with other providers and community partners

Better System of Care: Future Planning

Evolving Strategy and Homeless Health Needs

- Propose and respond to changes
  - Regulatory and legislative
  - Available permanent supportive housing and shelters
  - State programs (e.g., expanded WPC funding and Housing for a Healthy California Program)
- Identify other potential uses for committed funds to optimize the delivery system, subject to Board consideration, for example:
  - Enrollment assistance
  - Enhanced data connectivity technology
  - Housing supportive services
  - Other physical health services
  - Rental assistance and shelter, if permissible

Recommended Actions

- Separate COBARs
  - Clinical field team implementation
  - Medical respite program
  - Homeless coordination at hospitals

- Additional action recommended by Board Ad Hoc
  - Create a restricted homeless health reserve in the amount of $100 million
    - $24 million – previously approved initiatives using IGT 1–7 funds
    - $76 million – all IGT 8 funds (approximately $43 million) with balance from FY 2018–19 operating funds
  - Stipulate that funds can only be used for homeless health

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken April 4, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

5. Consider Ratifying Implementation Actions and Contracts with Federally Qualified Health Centers for Board Authorized Clinical Field Team Pilot Program

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400
Nancy Huang, Interim Chief Financial Officer, (714) 246 8400

Recommended Actions

1. Ratify implementation plan for Board authorized Clinical Field Team Pilot Program (CFTPP);
2. Ratify contracts with Federally Qualified Health Centers (FQHC) selected to participate in the CFTPP; and
3. Authorize expenditures of up to $500,000 from existing reserves to fund the cost of services rendered to homeless CalOptima Medi-Cal members on a fee-for-service (FFS) basis through June 30, 2019.

Background

CalOptima is responsible for arranging for the provision of physical health and mild to moderate behavioral health services to all CalOptima members. Among other things, the County of Orange is responsible for providing services related to Serious Mental Illness and Substance Use Disorder. The County of Orange also provides housing support services for the homeless through multiple programs. In combination, these services provide a continuum of care for CalOptima members.

The goal of the continuum of care is to coordinate physical and mental health, substance use disorder treatment and housing support. However, members who are identified as "homeless" based on the lack of permanent housing sometimes have unique challenges receiving healthcare services. These individuals sometimes have difficulty scheduling and keeping medical appointments and also sometimes face challenges with transportation to their medical providers. The County of Orange currently provides assistance in linking homeless individuals to mental health and substance use disorder treatment. In partnership with the County in these efforts, and as part of CalOptima's ongoing efforts to be responsive to stakeholder input and explore more effective means of delivering health care services to Medi-Cal beneficiaries, the CalOptima Board met at a special meeting on February 22, 2019 to consider the unique needs of the homeless population.

At the February 22, 2019 meeting, the CalOptima Board authorized the establishment of the CFTPP and allocated up to $1.6 million in IGT 6/7 dollars in support of this effort. The Board also authorized the establishment of a Homeless Response Team and directed staff to move forward with the program and return with a request for ratification of implementing details. As discussed at the February 22, 2019 meeting, the plan was for staff to move forward with amendments to contract with qualifying Federally Qualified Health Centers (FQHCs), which can receive federal funding as reimbursement for services provided to non-CalOptima members, as well payments from CalOptima for covered, medically necessary services provided to CalOptima Medi-Cal members.

Back to Agenda Back to Item

Discussion

Clinical Field Team Pilot Program (CFTPP)

The Clinical Field Team pilot program was designed with the intent to provide needed, urgent care type medical services to homeless members in Orange County, onsite where they are located. Services provided where the members are located is expected to help prevent avoidable medical complications, hospitalizations, re-hospitalizations, emergency department visits, adverse drug events, and progression of disease.

Services provided will be reimbursed based on the CalOptima Medi-Cal fee schedule directly by CalOptima regardless of the member's health network eligibility. As also indicated, under the CFTPP, CalOptima will establish a Homeless Response Team which will be dedicated to the homeless health initiative. Requests for physical health care services identified by County workers will be requested to and deployed by CalOptima's Homeless Response Team.

As indicated, at the February 22, 2019 meeting, the Board authorized reallocation of up to $1.6 million in designated but unused funds from IGT 1, IGT 6 and IGT 7 for start-up costs. As part of the CFTPP, CalOptima staff anticipates contracting with up to five FQHCs for services, resulting in $320,000 per FQHC for start-up funding. Specifically, Management recommends the following reallocations:

- $500,000 from IGT 1 – Depression Screenings;
- $100,000 from IGT 6 – IS and Infrastructure Projects;
- $500,000 from IGT 7 – Expand Mobile Food Distribution Services; and
- $500,000 from IGT 7 – Expand Access to Food Distribution Services for Older Adults.

In addition, CalOptima will provide payment to FQHCs for services rendered to CalOptima's Medi-Cal members on a FFS basis. Management recommends the Board authorize up to $500,000 from existing reserves to provide funding for these payments through June 30, 2019. Management plans to include additional funding for services provided as part of the CFTPP beyond this date in the FY2019-20 budget.

CalOptima staff has engaged FQHCs (and/or FQHC Look-alikes) to provide medical services because of their ability to provide (and be reimbursed for) services to both CalOptima members and non-CalOptima members; including those who are uninsured. Service reimbursement from CalOptima will only be provided for CalOptima members, and FQHCs are able to obtain alternate funding sources for services provided to individuals not enrolled with CalOptima. In order to select participating FQHCs for the pilot CalOptima requested that interested parties respond to questions regarding their experience providing clinical services to individuals experiencing homelessness, if similar services were already being provided in Orange County, if they were able to meet key requirements under the pilot, and if they were able to begin providing services on April 1, 2019. (number) responded to the questionnaire and the following five FQHCs were selected:

- AltaMed Health Services Corporation
- Central City Community Health Center
- Hurtt Family Health Clinic, Inc.
- Korean Community Services, Inc. dba Korean Community Services health Center
- Serve the People Community Health Center

Once implemented, CFTPP program performance and results will be monitored and reported to the Board for further continuation or modification.

FQHC Contracts

CalOptima staff is in the process of amending contracts with the five identified FQHCs, whose mission and federal mandate are to deliver care to the most vulnerable individuals and families, including people experiencing homelessness in areas where economic, geographic, or cultural barriers limit access to affordable health care service. This ensures that homeless individuals, who are not currently CalOptima members, will also receive care as needed.

The contracted FQHCs will provide one or more clinical, field-based teams which will include clinical and support staff, point of care lab testing and frequently used medications to be disbursed to the homeless at their locations. Among the services to be provided by the field-based teams, Members will be able to receive wound care, vaccinations, health screenings and primary care and specialist referrals. Services will be available at extended hours and on-call. Services will be coordinated with CalOptima's Homeless Response Team, PCP, and Health Networks as appropriate.

Staff requests Board ratification of the existing agreements with the 5 FQHCs and the authority to contract with additional FQHCs as necessary to cover the scope of services under the pilot program.

Fiscal Impact

The recommended action to authorize expenditures to fund the cost of services rendered to CalOptima Medi-Cal members under the CFTPP program on a FFS basis is an unbudgeted item. A proposed allocation of up to $500,000 from existing reserves will fund this action through June 30, 2019. Management plans to include projected expenses associated with the CFTPP in the CalOptima Fiscal Year 2019-20 Operating Budget.

Rationale for Recommendation

Due to the unique access issues associated with receipt of healthcare services for individuals in the community who lack permanent housing, CalOptima staff recommends this action to ensure access by providing urgent health care services where these individuals are located.

Concurrence

Gary Crockett, Chief Counsel

SUPPLEMENTAL BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 27, 2019
Special Meeting of the CalOptima Board of Directors

Supplemental Report Item
S17a. Consider Funding Allocations Related to Supervisor Do's Homeless Healthcare Proposal

Recommended Actions
Authorize the $60 million identified for new homeless health initiatives as follows:

1. Clinic health care services in all homeless shelters – $10 million
2. Authorize mobile health team to respond to all homeless providers – $10 million
3. Residential support services and housing navigation – $20 million
4. Extend recuperative care for homeless individuals with chronic physical health issue – $20 million

Background
Supervisor Do is requesting consideration to allocate the $60 million identified at the February 22, 2019 Special Board of Directors meeting as follows:

1. Clinic health care services in all homeless shelters – $10 million
2. Authorize mobile health team to respond to all homeless providers – $10 million
3. Residential support services and housing navigation – $20 million
4. Extend recuperative care for homeless individuals with chronic physical health issue – $20 million

May 29, 2019

Mr. Michael Schrader
CalOptima
505 City Pkwy
Orange, CA 92868

SUBJECT: Request for June 14 Special Meeting on CalOptima's Response to Deaths of Homeless Members

Dear Mr. Schrader,

Given the information my office recently received from CalOptima, I am writing to reiterate my profound concerns regarding the agency's slow rate of progress for homeless services, particularly in light of the Board's Directives to establish homeless services since February 2019. I am also frustrated that out of the 210 homeless deaths last year, 153 were CalOptima members, despite my repeated requests for such services through all of last year. If ever, the time for action is now. We have had 25 more homeless deaths in the first two months of 2019 alone. To assist you and the Homeless Ad Hoc Committee, I am submitting four programs that CalOptima can implement immediately to provide care to our members who are living on the street.

A staggering 73 percent of those who died were enrolled in CalOptima services but were not provided adequate services. In the four months since the Board of Directors authorized my proposed Mobile Health Team, CalOptima has only served 47 individuals out of a population of almost 6,860 homeless residents countywide. Of those 47 patients, 36 were our members. While these feeble numbers should concern you as to the effectiveness of our outreach efforts, they clearly answer your question whether homeless individuals are CalOptima members. CalOptima is permitted to provide services to them using Medicaid funds.

Given such clear mandates, I don't understand your refusal to take referrals from providers other than the Orange County Health Care Agency's Outreach and Engagement Team. Many providers throughout the county interact with our county's homeless population. Such a restriction will necessarily limit the number of cases referred to CalOptima. It also flies in the face of the Board's repeated pledge that we are looking at every way legally possible to provide services.

Additionally, CalOptima's refusal to provide regularly scheduled clinics that led to the flawed decision to provide services solely on an on-call basis places the burden on the County to identify patients and wait with them in the field until CalOptima's contracted clinics show up. Not only is this a wasteful and inefficient model; but given that the wait is sometimes up to two hours, it's no wonder why so few homeless residents have taken up our services.

Finally, I don't understand why CalOptima refuses to provide and the Homeless Ad Hoc Committee has not recommended services at any of the multiple homeless shelters run by the County and Cities. Has CalOptima even done a cursory survey to see if the shelters, in fact, do not have CalOptima members? If you have not done so and, nevertheless, refuse to provide services, your

Back to Agenda Back to Item

choice is, at a minimum, harmful and negligent. With the data cited above showing actual CalOptima membership among the homeless, I would submit that CalOptima's continuing refusal is in wanton disregard of public health.

For two years, I have experienced consistent pushback to my demands for enhanced homeless health care from you, counsel and other Directors at CalOptima. I have been told repeatedly by CalOptima staff and counsel that CalOptima can only fund core health care services for CalOptima members, and these homeless individuals were not CalOptima members, therefore the agency was limited in what it can do.

Even after we were confronted in February in federal court with the number of homeless deaths, our Board's and CalOptima's staff response continued to be one of denial. After all this time we still needed research to confirm if any of these homeless who died were actually members of CalOptima. Now that the facts are overwhelmingly clear, the public will not wait for more feasibility studies or meetings to discuss what can be done.

In addition, $60 million for new unnamed homeless health initiatives has already been allocated by the Board. To date, no proposals are forthcoming for the June board meeting. Since the Board does not meet in July, it will be August, at the earliest, before any plans can be discussed by the Board.

Such a delay is unconscionable. Therefore, I am requesting a Special Board of Directors meeting to convene on June 14, where I will propose the following plan to immediately spend the $60 million allocated:

- **C**linic health care services in all homeless shelters - $10 million
- **A**uthorize mobile health team to respond to all homeless providers - $10 million
- **R**esidential support services and housing navigation - $20 million
- **E**xtend recuperative care for homeless individuals with chronic physical health issue-$20 million

The way I see things is our homeless residents are, by definition, indigent. They should receive the health care they need. This is especially true if they have gone through the process to enroll. It is CalOptima's responsibility to find ways to bring health care to them. If one CalOptima member is experiencing homelessness, that should be enough for this agency to spring into action. We can adopt, as a Board, a philosophy of finding a way to say yes, or we can continue to say no, while people are suffering and dying on the street.

My hope is that my request for a Special Board meeting will be met.

Sincerely,

ANDREW DO

CalOptima
A Public Agency
Better. Together.

June 5, 2019

Supervisor Andrew Do
Orange County Board of Supervisors
333 W. Santa Ana Blvd., P.O. Box 687
Santa Ana, CA 92702

Dear Supervisor Do:

Thank you for your May 29 letter expressing concern about CalOptima members experiencing homelessness. We certainly share your interest in changing the course of the current homeless crisis in Orange County. CalOptima has demonstrated our significant commitment to having an impact on the health of this population through the investment of $100 million in financial resources and valuable, focused leadership from staff, executives and the Board.

It is unfortunate you will not be able to attend the June 6 meeting given the urgency you ascribe to this situation. Know that homeless health is a priority issue and that the CalOptima Board ad hoc committee formed to address this topic is actively discussing it on a weekly if not more frequent basis. An update on the homeless health initiatives is planned for the June 6 Board meeting, where you will hear that we are working diligently to find ways to improve the system of care for this population.

Removing yourself from that ad hoc committee may have distanced you from observing the progress that CalOptima is making. Please allow us to clarify a number of points from your letter to facilitate future collaboration, which is essential in addressing the challenges of homelessness. As we have stated before, homeless individuals who have Medi-Cal coverage are the mutual responsibility of CalOptima, and two County agencies, Health Care Agency (HCA) and Social Services Administration (SSA). CalOptima provides access to medical care, HCA provides access to moderate to severe mental health care and substance abuse services, and SSA determines eligibility and enrolls individuals into the Medi-Cal program. It's clear that medical care is only one dimension of the complex homelessness issue that extends to needs for housing, social services and economic support, all of which are overseen by the County. Again, because homeless individuals have needs of our organizations, optimal results can be achieved only if CalOptima and the County work together and are accountable for their respective responsibilities.

While we all are deeply saddened and frustrated by the high rate of homeless deaths in 2018, the incidence of CalOptima membership among this group has been widely discussed since the February 22, 2019, Special Meeting of the CalOptima Board. CalOptima staff is studying the causes of these deaths and considering your assertion that these members died because of a lack

of access to health care. However, whether an individual is a CalOptima member or not, the person can obtain primary care at a clinic, and if the person's need is urgent, obtain emergency care at any hospital emergency room (ER). Overall, approximately $100 million was spent on care for homeless CalOptima members in calendar year 2018. CalOptima data comparing homeless members with the general population CalOptima serves shows that homeless members average more than seven times as many hospital bed days, visit the ER five times more often, visit a specialist almost twice as often and see a primary care doctor 25 percent less. These statistics are telling and will inform the design of a model of care for the homeless that considers their specific challenges. Our goal is to remove barriers and deliver care more appropriately and cost-effectively, which is the reason we launched clinical field teams. Such teams are not intended to replace the care delivery system available to all CalOptima members but to make urgent care available in unique situations when a homeless individual with an urgent care need is unwilling or unable to access the system.

Your comments about the slow rate of progress are out of sync with the experience of the clinical field team launch. Our first team was in the field less than two months from Board approval, and CalOptima quickly ramped up to 48 hours/six days a week of coverage in the month after that. We now have five partner clinics dedicated to providing on-call care anywhere in the county. The totals served are higher than those in your letter. From April 10–May 30, 84 individuals received care, and 70 of them were CalOptima members. We appreciate and celebrate the mammoth effort of the clinics in launching this one-of-a-kind program that Orange County has never seen before. In fact, the genesis of our street medicine teams and how they are deployed was the result of a series of collaborative meetings in January and February between more than a dozen CalOptima and County leaders. This is why the County Outreach & Engagement Team is an essential component of the process in making referrals, building trust in CalOptima's services and ensuring a safe environment for the medical professionals providing the services. Calling the process into question as your letter does conflicts with the intentional design developed collaboratively by County, clinics and CalOptima representatives. At this initial stage, we are honoring the group's direction to coordinate deployment through the County. But we intend to refine the program over time and plan to eventually take referrals from other organizations.

Contrary to your assertion that CalOptima is refusing to offer clinic services at shelters, we are working to bring shelter operators and clinical field team leaders together to forge collaborative relationships that make sense for their facilities and teams. A meeting had been scheduled for May 31, but it was cancelled at the County's request due to County staff vacations. Still, these groups are excited about the prospects of working together, and there has been no "refusal" on our part to do this. We intend to encourage new mutually beneficial partnerships and continue to work to foster collaboration with our County and community partners.

The CalOptima Board homeless health ad hoc is keenly focused on homeless program development for the remaining Board-approved $60 million, seeking uses that are flexible and responsive. To meet that goal, the work of the ad hoc is increasingly inclusive, with the

committee prioritizing meetings with key stakeholders who have invaluable experience working directly with the homeless population. Your suggested CARE programs largely duplicate work already in progress or reflect a request that is outside of CalOptima's scope. We would like to detail this as follows:

- *Clinic health care services in all homeless shelters - $10 million*
  As stated above, we are encouraging clinics to work with shelters. They can choose to do this now and some are. When we are able to meet with clinics, County staff and shelters as a group, we can assess whether additional funding is needed and establish schedules and coverage to meet the health care needs.
- *Authorize mobile health team to respond to all homeless providers - $10 million*
  Your suggestion highlights a process change rather than a funding issue. CalOptima and our clinical field team partners can decide to revise the referral process, and services delivered to the member would be reimbursed regardless of the origin of the referral. CalOptima's homeless response team plans to expand its referral base and has budgeted sufficiently to accommodate growth. Further, there are reasons to keep the County Outreach & Engagement Team involved because oftentimes a member's need may be related to a County-covered services.
- *Residential support services and housing navigation - $20 million*
  The services that you suggest here are key elements of the Whole-Person Care (WPC) pilot, for which the County is the lead. CalOptima respectfully suggests that the County consider working with the state to add a housing pool to the WPC pilot program and also consider requesting additional money as part of its submission to the state for a portion of the governor's increased housing funds for WPC in the FY 2019–20 budget. If the County creates a housing pool under the WPC program, CalOptima could contribute money to the housing pool for housing supportive services. CalOptima staff looks forward to the possibility of partnering with the County on these initiatives within the parameters for which the use of CalOptima Medi-Cal funding is permissible.
- *Extend recuperative care for homeless individuals with chronic physical health issue - $20 million*
  CalOptima has twice allocated funds for recuperative care, bringing the total to $11 million. As you may recall, the CalOptima Board acted at its April meeting to lengthen the duration for recuperative care services beyond 90 days when medically indicated, and adequate funding remains available for these services.

Separately, the Board's ad hoc committee for IGT 6/7 on which you serve has an opportunity to approve grants that may positively impact the homeless community, such as the grants targeted for mental health and medication-assisted treatment. This adds yet another dimension to CalOptima's significant investment in responding to the homeless crisis.

In closing, please know that the homeless health ad hoc committee has received your program ideas for consideration. As indicated, the homeless health ad hoc and the CalOptima Board have already acted to address the "urgent" elements of your proposal. Collaboration and accountability are key CalOptima values that we share with stakeholders so that together we can authentically pursue our goal of better homeless health care services.

Sincerely,

Michael Schrader

June 6, 2019

Mr. Michael Schrader
CalOptima
505 City Pkwy
Orange, CA 92868

Dear Mr. Schrader and CalOptima Board Ad Hoc Committee on Homeless Health:

I am in receipt of your letter dated June 5 in response to my May 29 letter. Your response letter demonstrates a clear lack of focus and concern for the issues I raised regarding the alarming number of deaths occurring among CalOptima members experiencing homelessness—a number I understand based on your letter, that the Ad hoc and CalOptima staff were aware of months ago and yet never shared with the Board until I posed the question on April 9. At that time I was informed related analysis is in the works in preparation for the upcoming Quality Assurance Committee meeting in May, which was cancelled. Subsequently, I followed up on May 21 and received the answer. If the Ad hoc has known this information for months, I am further concerned over the lack of transparency in sharing information with the Board of Directors on a crisis-level issue. I am also aware that CalOptima staff conducted analyses into the number of deaths and again, no results or informed recommendations were provided to the CalOptima Board.

As stated previously, there are no recommended actions on the June 6 agenda regarding the $60 million for new homeless health initiatives already allocated by the CalOptima Board. Whether I attend this meeting or not does not change this fact. An update on existing initiatives without recommendations for new actions to utilize the $60 million will not produce new results.

On the topic of homeless initiatives, it has come to my attention that a Board Action taken at the April 4 CalOptima Board meeting, Item 18 was portrayed and captured as part of CalOptima's homeless health initiatives to the tune of $10 million. At this same Board meeting, Item 4 described this pending action as part of CalOptima's current homeless health response contribution and yet I'm told there may not be is no reference to requiring homeless coordination as part of the hospital contracts attached to the approved Item 18. I want a copy of the contract to confirm these services are in fact directly related to the homeless initiatives as portrayed. The continued lack of transparency from CalOptima is alarming.

The statistics quoted in my letter were provided by CalOptima staff just last week, so if there are inconsistencies between those figures and the figures in your letter of June 5, I am unclear as to why that is. Even if 84 individuals were served between April 10 – May 30, that is fewer than two people per day over the 50-day period. It seems that five clinical field teams operating with

Back to Agenda Back to Item

the frequency you state are capable of handling significantly more service requests—why aren't they? The need is obvious.

There are nearly 3,000 homeless individuals in shelters in Orange County, and providing services "eventually" will not help them quickly enough. Referrals to the clinical field teams should be accepted from the shelters immediately. Again, this delayed response will not produce new results. County staff who have been working diligently on this issue continue to attempt to provide guidance to CalOptima staff on best practices and make connections; however, it seems to be taken for granted. In the meeting cancellation referenced in your letter, CalOptima staff were fully aware of County staff's availability in advance of the May 31 meeting date, yet the meeting was scheduled despite this knowledge.

I chose to remove myself from the ad hoc committee because my suggestions for improved services provided at the February 22 Special Board meeting were disregarded in favor of conducting more studies. We don't need studies to tell us that more services are needed on the streets and in the shelters. My CARE proposal was done in conjunction with the Health Care Agency. Your letter states the County Outreach and Engagement team is an essential component. I agree, which is why the team was consulted in my proposal.

We need a plan now, and I have provided a plan. The CalOptima Board of Directors must take action now, which is why I requested the June 14 special meeting. This ad hoc has been meeting, exploring, and fact gathering without a single recommendation to the Board for over 100 days. Waiting another two months to take action is simply unacceptable.

Sincerely,

ANDREW DO

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken August 1, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item
16. Consider Actions Related to Homeless Health Care Delivery

Contact
Candice Gomez, Executive Director, Program Implementation, (714) 246-8400
Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400

Recommended Actions
1. Authorize the Chief Executive Officer to implement the following operational changes to support homeless health initiatives;
    a. Reallocate $135,000 in Fiscal Year (FY) 2019-20 Medi-Cal budgeted funds under homeless health-related initiatives from medical expenses to administrative expenses;
    b. Implement a pilot program to reimburse Federally Qualified Health Centers (FQHC) and FQHC Look-alikes directly for services provided via mobile health care units or in a fixed shelter location for dates of service from August 1, 2019 through March 31, 2020, based on the CalOptima Medi-Cal fee schedule and for eligible CalOptima Members notwithstanding health network assignment and continuing capitation payments;
    c. With the assistance of Legal Counsel, enter into contract amendments with FQHCs and FQHC Look-alikes providing mobile health care unit services; and
2. Ratify contract amendment with Families Together of Orange County effective May 17, 2019 to participate in the CalOptima Clinical Field Team pilot program providing health care services for homeless members at their locations and provide start-up funding.

Background
CalOptima has launched various initiatives for its Members experiencing homelessness through a series of CalOptima Board of Directors' actions. Specifically, the Board has approved or allocated funding for the following:

Date	Action(s)
February 22, 2019	• Authorized establishment of a Clinical Field Team pilot program • Authorized reallocation of up to $1.6 million in Intergovernmental Transfers (IGT) 1 and IGT 6/7 funds for start-up costs for the Clinical Field Team pilot programs • Authorized eight unbudgeted FTEs and related costs in an amount not to exceed $1.2 million to service as part of CalOptima's Homeless Response Team • Directed staff to return to the Board with ratification request for further implementation details • Obtain legal opinion related to using Medi-Cal funding for housing related activities
April 4, 2019	Actions related to Delivery of Care for Homeless CalOptima Members

Back to Agenda Back to Item

	• Approved the creation of a restricted Homeless Health Reserve in the amount of $100 million: $24 million in previously approved initiatives using IGT 1-7 funds, and $76 million in IGT 8 funds (approximately $43 million) with the balance from Fiscal Year (FY) 2018-19 operating funds • Stipulated that funds can only be used for homeless health Actions and contracts with FQHCs • Ratified the implementation plan for the Board authorized Clinical Field Team Pilot Program • Ratified contracts with the following FQHCs to participate in the Clinical Field Team Pilot Program: Central City Community Health Center, Hurtt Family Health Clinic, Inc., Korean Community Services, Inc, dba Korean Community Services Health Center, and Service the People Community Health Center • Authorized expenditures of up to $500,000 from existing reserves to fund the cost of services rendered to homeless CalOptima Medi-Cal members on a fee-for-service basis through June 30, 2019
June 27, 2019	Authorized $60 million identified for new homeless health initiatives as follows: 1. Clinic health care services in all homeless shelters - $10 million 2. Authorize mobile health team to respond to all homeless providers - $10 million 3. Residential support services and housing navigation - $20 million 4. Extend recuperative care for homeless individuals with chronic physical health issue - $20 million

In addition to the above actions, a Board ad hoc committee focused on homeless health initiatives has engaged numerous community stakeholders, county agencies, providers, health networks, advocates, and other stakeholders to gather information regarding the needs of individuals experiencing homelessness and to make recommendations to the Board on how the health care needs of these members can best be met. The ad hoc's intent is to help develop a thoughtful, strategic approach to leveraging available CalOptima resources to meet the health care needs of homeless members. The overarching goal is to work collaboratively with community partners in developing a health care system that bridges individuals seeking urgently needed health care services where they are located to clinic and office-based settings, while utilizing the existing care management system.

Discussion

Operational changes to support homeless health initiatives

In order to implement the recommended actions, CalOptima staff will make the necessary operational changes and update policy and procedures and return to the Board for approval of any proposed changes to Board-approved policies. Additionally, authority is requested to add two unbudgeted FTE staffing resources, one Sr. Project Manager and one Sr. Program Manager, to support the operational

implementation and ongoing maintenance of homeless health initiatives in CalOptima's Case Management Department. Staff anticipates filling these proposed new positions in September 2019. The total estimated annual cost for the two impact is approximately $324,000, or $270,000 for the ten-month period from September 1, 2019, through June 30, 2020.

Implement pilot program for mobile health units and fixed clinic locations

Based on recent Board actions, CalOptima staff is in the process of expanding healthcare services options available to members experiencing homelessness, including access to preventive and primary services, at the shelter sites. CalOptima staff has also received stakeholder feedback that such services would be of value at other "hot spots," such as parks and soup kitchens. In a separate Board action, CalOptima staff is requesting consideration of modifying its quality improvement strategies, "CalOptima Days", to incentivize FQHCs and FQHC Look-alikes to provide health care services through their mobile units at shelters and other hotspots in the community. Additionally, some clinics are establishing fixed clinical sites within the four walls of the shelter. As proposed, the mobile clinics and fixed shelter locations will establish a regular schedule based on input from the shelters/hotspots, encourage CalOptima Members to seek services from their assigned CalOptima providers, and coordinate services with other medical and behavioral health care providers when appropriate. In order to better monitor utilization and coordination of services on a pilot basis, CalOptima staff recommends reimbursing the clinics for services provided in the mobile unit or fixed shelter location through CalOptima based on the CalOptima Medi-Cal fee schedule regardless of the Member's health network assignment for service rendered August 1, 2019 through March 31, 2020, to coincide with the Clinical Field Team pilot program. Through this process reimbursement will only be provided for Members eligible with CalOptima at the time services are rendered.

Ratify contract amendment with Families Together of Orange County

The Clinical Field Team pilot program is making available urgent care type medical services to Orange County's homeless Members onsite where they are located. This delivery model is designed to reduce delays in care that some homeless Members may experience, whether caused by unwillingness to access services in a typical office-based care setting, challenges with transportation or appointment scheduling, or other factors. Services provided at the Member's location also help prevent or reduce avoidable medical complications such as hospitalizations, re-hospitalizations, emergency department visits, adverse drug events, and progression of disease. For the pilot program, CalOptima has engaged FQHCs (and FQHC Look-alikes) to provide medical services because they provide services to both CalOptima Members and non-CalOptima members; including those who are uninsured. Four community clinics were initially engaged to provide services under the Clinical Field Team pilot program. As indicated, on February 22, 2019, the Board allocated funds for start-up costs for the Clinical Field Team pilot program, resulting in approximately $320,000 in start up funding available per clinic for up to five clinics. Families Together of Orange County was contracted as the fifth provider effective May 17, 2019 and has been provided with start-up funding.

CalOptima staff recommends the Board authorize up to $300,000 from the $10 million allocated on June 27, 2019 towards "Clinic health care services in all homeless shelters" to provide funding for these payments through June 30, 2019. Similar to the Clinical Field Team pilot program, CalOptima will contract with FQHCs and FQHC Look-alikes operating mobile units to provide medical services to CalOptima Members. Reimbursement provided by CalOptima for services provided through the mobile units will apply to CalOptima members as FQHCs are able to obtain alternate funding sources for services provided to individuals not eligible with CalOptima. To be eligible to contract with

CalOptima, the mobile unit must meet Health Resources and Services Administration (HRSA) and CalOptima requirements.

Fiscal Impact

The recommended action to reimburse FQHCs and FQHC look-alikes for services provided in a mobile until for the period August 1, 2019, through March 31, 2020, is a budgeted item. Expenses of up to $300,000 for claims payments and up to $270,000 for staffing expenditures for two new positions is budgeted under homeless health related initiatives in the FY 2019-20 Operating Budget approved by the Board on June 6, 2019, and will be funded from the "Clinic health care services in all homeless shelters" category approved by the Board on June 27, 2019.

The recommended action to reallocate $135,000 in budgeted funds within the Medi-Cal line of business from medical expenses to administrative expenses for the Sr. Project Manager position is budget neutral. Staff will monitor the claims volume. To the extent there is an additional fiscal impact, such impact will be addressed in separate Board actions.

Rationale for Recommendation

Due to the unique access issues associated with receipt of healthcare services for CalOptima Members experiencing homelessness, CalOptima staff recommends these actions to facilitate increased access to services and ongoing operational and clinical support of the initiatives.

Concurrence

Homeless Health Care Delivery

Special Meeting of the CalOptima Board of Directors
February 22, 2019

Michael Schrader
Chief Executive Officer

Homeless Health Care Delivery

Board of Directors Meeting
March 7, 2019

Michael Schrader
Chief Executive Officer

Agenda

- Clinical field team pilot
- CalOptima Homeless Response Team
- Other expanded service options under consideration

Clinical Field Team Pilot

- Board approved up to $1.6 million in IGT 6/7 dollars for startup funding for a clinical field team (CFT) pilot of up to 1 year with Federally Qualified Health Centers (FQHCs)
- Develop parameters and structure for pilot program
  - Partner with up to five interested FQHCs that will:
    - Establish regular hours at high-volume shelters
    - Deploy to community locations on short notice
    - Coordinate to arrange for coverage with extended hours
    - Deliver urgent-care-type services to homeless individuals in need
      - Bill CalOptima for current CalOptima members
      - FQHCs to seek federal funding as payment for non-CalOptima members
- Staff working to complete contract amendments with FQHCs

Homeless Response Team

- Board authorized CalOptima Homeless Response Team
  - Eight new positions in Case Management department
  - Primary point of contact at CalOptima for homeless health services for CalOptima members
    - Dedicated phone line
    - Extended hours
  - Coordinate scheduling and dispatch of CFTs
  - Work closely with County, shelters and providers
    - Make regular field visits to shelters and recuperative care facilities providing services to CalOptima members
- Recruiting to fill positions

Expanded Service Options Under Consideration

- Embedded clinics at shelters
  - FQHCs to consider establishing regular hours for CFTs at selected high-volume shelters with deployment to other community locations on demand
- Whole-Person Care (WPC) hospital navigators
  - Increase per-diem and APR-DRG reimbursement to contracted hospitals for integrating into the WPC program
- Increased access to skilled nursing services
  - Deliver skilled services (e.g., home health nursing, physical therapy or IV antibiotics, etc.) at recuperative care facilities in lieu of skilled nursing facility placement

Expanded Service Options Under Consideration (cont.)

- Recuperative care beyond 90 days
  - Set up a post-WPC recuperative care program
  - Reallocate part of $10 million in IGT6/7 already allocated to the County's WPC program for recuperative care
    - From WPC recuperative care funds
    - To develop post-WPC recuperative care program
- Recuperative care with behavioral health focus
  - Coordinate with County to explore possibilities of:
    - Existing recuperative care facilities dedicating space for CalOptima members with underlying Serious Mental Illness (SMI)
    - Contracting with recuperative care vendor for a dedicated facility with behavioral health focus

Expanded Service Options Under Consideration (cont.)

- Housing supportive services
  - CalOptima could contribute Medi-Cal funding toward housing supportive services (not including rent) for certain CalOptima members under an 1115 waiver program
    - WPC
      - Link clients to other programs that provide housing supportive services
      - Amend County contract with the State to include a funding pool that CalOptima can contribute to for housing supportive services
    - Health Homes Program
      - For members with multiple chronic conditions who also meet acuity criteria (multiple ER visits, inpatient stays or chronic homelessness)
      - Members must elect to participate
      - Care management includes housing navigation

Expanded Service Options Under Consideration (cont.)

- Housing development and rental assistance
  - Obtaining legal opinion
  - Seeking guidance from the Department of Health Care Services

Next Steps

- Conduct further study on expanded service options under consideration, get feedback from stakeholders and return to Board for authority as appropriate on the following possibilities:
  - WPC hospital navigators
  - Increased access to skilled nursing services
  - Recuperative care beyond 90 days
  - Recuperative care with behavioral health focus
  - Housing supportive services
  - Housing development and rental assistance

Board of Directors Meeting
April 4, 2019

Michael Schrader
Chief Executive Officer

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken April 4, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

5. Consider Ratifying Implementation Actions and Contracts with Federally Qualified Health Centers for Board Authorized Clinical Field Team Pilot Program

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400
Nancy Huang, Interim Chief Financial Officer, (714) 246 8400

Recommended Actions

1. Ratify implementation plan for Board authorized Clinical Field Team Pilot Program (CFTPP);
2. Ratify contracts with Federally Qualified Health Centers (FQHC) selected to participate in the CFTPP; and
3. Authorize expenditures of up to $500,000 from existing reserves to fund the cost of services rendered to homeless CalOptima Medi-Cal members on a fee-for-service (FFS) basis through June 30, 2019.

Background

CalOptima is responsible for arranging for the provision of physical health and mild to moderate behavioral health services to all CalOptima members. Among other things, the County of Orange is responsible for providing services related to Serious Mental Illness and Substance Use Disorder. The County of Orange also provides housing support services for the homeless through multiple programs. In combination, these services provide a continuum of care for CalOptima members.

The goal of the continuum of care is to coordinate physical and mental health, substance use disorder treatment and housing support. However, members who are identified as "homeless" based on the lack of permanent housing sometimes have unique challenges receiving healthcare services. These individuals sometimes have difficulty scheduling and keeping medical appointments and also sometimes face challenges with transportation to their medical providers. The County of Orange currently provides assistance in linking homeless individuals to mental health and substance use disorder treatment. In partnership with the County in these efforts, and as part of CalOptima's ongoing efforts to be responsive to stakeholder input and explore more effective means of delivering health care services to Medi-Cal beneficiaries, the CalOptima Board met at a special meeting on February 22, 2019 to consider the unique needs of the homeless population.

At the February 22, 2019 meeting, the CalOptima Board authorized the establishment of the CFTPP and allocated up to $1.6 million in IGT 6/7 dollars in support of this effort. The Board also authorized the establishment of a Homeless Response Team and directed staff to move forward with the program and return with a request for ratification of implementing details. As discussed at the February 22, 2019 meeting, the plan was for staff to move forward with amendments to contract with qualifying Federally Qualified Health Centers (FQHCs), which can receive federal funding as reimbursement for services provided to non-CalOptima members, as well payments from CalOptima for covered, medically necessary services provided to CalOptima Medi-Cal members.

Back to Agenda Back to Item

Discussion

Clinical Field Team Pilot Program (CFTPP)

The Clinical Field Team pilot program was designed with the intent to provide needed, urgent care type medical services to homeless members in Orange County, onsite where they are located. Services provided where the members are located is expected to help prevent avoidable medical complications, hospitalizations, re-hospitalizations, emergency department visits, adverse drug events, and progression of disease.

Services provided will be reimbursed based on the CalOptima Medi-Cal fee schedule directly by CalOptima regardless of the member's health network eligibility. As also indicated, under the CFTPP, CalOptima will establish a Homeless Response Team which will be dedicated to the homeless health initiative. Requests for physical health care services identified by County workers will be requested to and deployed by CalOptima's Homeless Response Team.

As indicated, at the February 22, 2019 meeting, the Board authorized reallocation of up to $1.6 million in designated but unused funds from IGT 1, IGT 6 and IGT 7 for start-up costs. As part of the CFTPP, CalOptima staff anticipates contracting with up to five FQHCs for services, resulting in $320,000 per FQHC for start-up funding. Specifically, Management recommends the following reallocations:

- $500,000 from IGT 1 – Depression Screenings;
- $100,000 from IGT 6 – IS and Infrastructure Projects;
- $500,000 from IGT 7 – Expand Mobile Food Distribution Services; and
- $500,000 from IGT 7 – Expand Access to Food Distribution Services for Older Adults.

In addition, CalOptima will provide payment to FQHCs for services rendered to CalOptima's Medi-Cal members on a FFS basis. Management recommends the Board authorize up to $500,000 from existing reserves to provide funding for these payments through June 30, 2019. Management plans to include additional funding for services provided as part of the CFTPP beyond this date in the FY2019-20 budget.

CalOptima staff has engaged FQHCs (and/or FQHC Look-alikes) to provide medical services because of their ability to provide (and be reimbursed for) services to both CalOptima members and non-CalOptima members; including those who are uninsured. Service reimbursement from CalOptima will only be provided for CalOptima members, and FQHCs are able to obtain alternate funding sources for services provided to individuals not enrolled with CalOptima. In order to select participating FQHCs for the pilot CalOptima requested that interested parties respond to questions regarding their experience providing clinical services to individuals experiencing homelessness, if similar services were already being provided in Orange County, if they were able to meet key requirements under the pilot, and if they were able to begin providing services on April 1, 2019. (number) responded to the questionnaire and the following five FQHCs were selected:

- AltaMed Health Services Corporation
- Central City Community Health Center
- Hurtt Family Health Clinic, Inc.
- Korean Community Services, Inc. dba Korean Community Services health Center
- Serve the People Community Health Center

Once implemented, CFTPP program performance and results will be monitored and reported to the Board for further continuation or modification.

FQHC Contracts

CalOptima staff is in the process of amending contracts with the five identified FQHCs, whose mission and federal mandate are to deliver care to the most vulnerable individuals and families, including people experiencing homelessness in areas where economic, geographic, or cultural barriers limit access to affordable health care service. This ensures that homeless individuals, who are not currently CalOptima members, will also receive care as needed.

The contracted FQHCs will provide one or more clinical, field-based teams which will include clinical and support staff, point of care lab testing and frequently used medications to be disbursed to the homeless at their locations. Among the services to be provided by the field-based teams, Members will be able to receive wound care, vaccinations, health screenings and primary care and specialist referrals. Services will be available at extended hours and on-call. Services will be coordinated with CalOptima's Homeless Response Team, PCP, and Health Networks as appropriate.

Staff requests Board ratification of the existing agreements with the 5 FQHCs and the authority to contract with additional FQHCs as necessary to cover the scope of services under the pilot program.

Fiscal Impact

The recommended action to authorize expenditures to fund the cost of services rendered to CalOptima Medi-Cal members under the CFTPP program on a FFS basis is an unbudgeted item. A proposed allocation of up to $500,000 from existing reserves will fund this action through June 30, 2019. Management plans to include projected expenses associated with the CFTPP in the CalOptima Fiscal Year 2019-20 Operating Budget.

Rationale for Recommendation

Due to the unique access issues associated with receipt of healthcare services for individuals in the community who lack permanent housing, CalOptima staff recommends this action to ensure access by providing urgent health care services where these individuals are located.

Homeless Health Care Delivery

Special Meeting of the CalOptima Board of Directors
February 22, 2019

Michael Schrader
Chief Executive Officer

MEMORANDUM

DATE:	May 2, 2019
TO:	CalOptima Board of Directors
FROM:	Michael Schrader, CEO
SUBJECT:	CEO Report
COPY:	Suzanne Turf, Clerk of the Board; Member Advisory Committee; Provider Advisory Committee; OneCare Connect Member Advisory Committee; and Whole-Child Model Family Advisory Committee

Homeless Health Initiatives Underway; Clinical Field Teams Launched in April

CalOptima moved our $100 million commitment to homeless health from concept into action this past month in several ways, most notably with the launch of clinical field teams. Guided by your Board's ad hoc committee, which is meeting weekly to spearhead the effort, selected initiatives are summarized below.

- Clinical Field Teams: Launched on time on April 10, CalOptima's first clinical field team conducted its first medical visit with a member at a Santa Ana park. Following a newly established process, the Orange County Health Care Agency's Outreach and Engagement team contacted our internal Homeless Response Team, which then dispatched a Central City Community Health Center (CCCHC) field team, consisting of a physician assistant and medical assistant. The field team treated a member needing care for a sizable open wound. CalOptima and CCCHC agree the initial experience was successful and instructive. Since that time, three other Federally Qualified Health Center (FQHC) partners have begun their programs, including Korean Community Services on April 17, Hurtt Family Health Clinic on April 18 and Serve the People on April 23. We are communicating with other FQHCs, directly and through the Coalition of Orange County Community Health Centers, about their potential participation in the clinical field team program. As we develop a better understanding of the population, its needs and the best methods for serving them, we will continue expanding our coverage.
- Anaheim Encampment: Reflecting our commitment to meeting the healthcare needs of members experiencing homelessness, CalOptima recently participated in a collaborative effort to clear a homeless encampment of approximately 70 people in 40 tents along a stretch of railroad tracks located in Anaheim. The group included the County's Outreach and Engagement team, the City of Anaheim, public health nurses, and other service providers. CalOptima arranged FQHC mobile clinics to work alongside the group to address any medical needs of the homeless. In addition, CalOptima had a case manager on site to make referrals.
- Use of Funds: Approximately $60 million of CalOptima's homeless health commitment is for new initiatives not yet identified. CalOptima is obligated to follow statutory, regulatory, and contractual requirements in determining the type of initiatives that are permissible. To that end, CalOptima has publicly shared the "Use of CalOptima Funds" document that follows this report. The information about the agency's framework and

allowable use of funds will ensure the community is aware of the principles guiding your Board's decision making regarding homeless health.

- Stakeholder Input: The Board ad hoc committee will be seeking additional input to our homeless health initiatives through meetings with stakeholders. CalOptima is in the process of identifying people and/or organizations to engage and will begin setting up those meetings. Recently, the ad hoc committee met with Former Santa Ana City Councilwoman Michele Martinez, Illumination Foundation CEO Paul Leon and Pastor Donald Dermit, from The Rock Church in Anaheim.
- State Programs and Legislation: Efforts to end the homeless crisis are ongoing statewide, and CalOptima is tracking a variety of bills and programs that have potential to positively impact Orange County. One example is the Housing for a Healthy California Program, which is a new source of funds for supportive housing through the Department of Housing and Community Development (DHCD). The program provides supportive housing for Medi-Cal members to reduce financial burdens related to medical and public services overutilization. DHCD is expected to open applications to supportive housing owners and developers for grants that total $36 million statewide. Orange County Health Care Agency intends to work with owners and developers to explore this funding opportunity. Separately, Assembly Bill 563 is state legislation that would grant the North Orange County Public Safety Task Force $16 million in funding to set up comprehensive crisis intervention infrastructure. The aim is to mitigate the local mental health and homeless crisis by expanding and coordinating the many available services, potentially through the Be Well OC Regional Mental Health and Wellness Campus. The bill is currently in the early stages of the legislative process.

Impact of New Knox-Keene Licensure Regulation Will Be Mitigated by Exemptions

With an effective date of July 1, 2019, a new Department of Managed Health Care (DMHC) global risk regulation will substantially expand the number of health care organizations required to have a Knox-Keene license. Fortunately, CalOptima was able to mitigate local concerns that the rule applied to our delegated health networks, which operate under three models — Health Maintenance Organizations (HMOs), Physician-Hospital Consortia (PHCs) and Shared-Risk Groups (SRGs). DHMC has now confirmed that CalOptima's limited Knox-Keene licensed HMO health networks may continue their current contractual arrangements with CalOptima, and the regulator has reached out to our partners to update their licenses. With regard to PHCs and SRGs, the DMHC has reviewed CalOptima's template contracts and believes that these limited risk-sharing arrangements will qualify for exemptions from the new licensure requirement. Contracts that renew or are amended after July 1, 2019, will need to be submitted to the DMHC for a review and exemption process that is anticipated to take no longer than 30 days. CalOptima staff has informed our health network partners about this latest positive development.

California Children's Services (CCS) Advisory Group Meeting Focuses on CalOptima Readiness for Transition

Implementation of the Whole-Child Model (WCM) for CCS in Orange County is now only two months away. Given our impending transition, CalOptima was the focus of an April 10 meeting of the CCS Advisory Group, a highly engaged Department of Health Care Services (DHCS)-appointed panel of medical experts and member advocates who are dedicated to ensuring the WCM effectively serves children with complex CCS conditions. CalOptima Chief Medical Officer David Ramirez, M.D., Executive Director of Clinical Operations Tracy Hitzeman and

Thanh-Tam Nguyen, M.D., our medical director for WCM, shared detailed information about our authorization process, provider panel, delegated delivery system and more, all from the member's perspective. Our WCM Family Advisory Committee Representative Kristen Rogers also spoke. The meeting was an important opportunity to instill confidence about our ability to effectively integrate the CCS program, and we successfully demonstrated CalOptima's careful preparations for WCM. Feedback from the advisory group and DHCS leaders was supportive.

Future Medi-Cal Expansion (MCE) Rates Face Likely Reduction as State Regulator Examines CalOptima Reimbursement

Following a trend established across the past few years, DHCS is signaling a likely reduction in CalOptima's MCE capitation rates for FY 2019–20. Staff was notified in April that a significant adjustment may be ahead, based on the fact that CalOptima's reimbursement for the MCE population is a noticeable outlier. Specifically, DHCS identified that CalOptima's provider capitation and risk pool incentive payouts are significantly higher than those paid by other managed care plans in California. Staff has been in close communication with state officials who will soon share our draft rates. Importantly, we are continuing to communicate with our provider partners so they can plan ahead for a possible reduction. As more information becomes available, staff will look to your Board's Finance and Audit Committee for guidance on any adjustments to provider reimbursement.

CalOptima Welcomes New Executive Director, Human Resources

This past month, Brigette Gibb joined CalOptima as Executive Director, Human Resources. She has more than 35 years of public-sector experience. Most recently, Ms. Gibb worked as the human resources director for the Orange County Fire Authority (OFCA), where she led and directed the administration, coordination and evaluation of all human resources and risk management functions. She has established and maintained effective working relationships with the OCFA Board of Directors, city managers, executive team members and labor group representatives. She holds a master's degree in public administration, with a concentration in human resources, from California State University, Fullerton.

SUPPLEMENTAL BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 27, 2019
Special Meeting of the CalOptima Board of Directors

Supplemental Report Item
S17a. Consider Funding Allocations Related to Supervisor Do's Homeless Healthcare Proposal

Recommended Actions
Authorize the $60 million identified for new homeless health initiatives as follows:
1. Clinic health care services in all homeless shelters – $10 million
2. Authorize mobile health team to respond to all homeless providers – $10 million
3. Residential support services and housing navigation – $20 million
4. Extend recuperative care for homeless individuals with chronic physical health issue – $20 million

Background
Supervisor Do is requesting consideration to allocate the $60 million identified at the February 22, 2019 Special Board of Directors meeting as follows:
1. Clinic health care services in all homeless shelters – $10 million
2. Authorize mobile health team to respond to all homeless providers – $10 million
3. Residential support services and housing navigation – $20 million
4. Extend recuperative care for homeless individuals with chronic physical health issue – $20 million

Mr. Michael Schrader
CalOptima
505 City Pkwy
Orange, CA 92868

SUBJECT: Request for June 14 Special Meeting on CalOptima's Response to Deaths of Homeless Members

Dear Mr. Schrader,

Given the information my office recently received from CalOptima, I am writing to reiterate my profound concerns regarding the agency's slow rate of progress for homeless services, particularly in light of the Board's Directives to establish homeless services since February 2019. I am also frustrated that out of the 210 homeless deaths last year, 153 were CalOptima members, despite my repeated requests for such services through all of last year. If ever, the time for action is now. We have had 25 more homeless deaths in the first two months of 2019 alone. To assist you and the Homeless Ad Hoc Committee, I am submitting four programs that CalOptima can implement immediately to provide care to our members who are living on the street.

A staggering 73 percent of those who died were enrolled in CalOptima services but were not provided adequate services. In the four months since the Board of Directors authorized my proposed Mobile Health Team, CalOptima has only served 47 individuals out of a population of almost 6,860 homeless residents countywide. Of those 47 patients, 36 were our members. While these feeble numbers should concern you as to the effectiveness of our outreach efforts, they clearly answer your question whether homeless individuals are CalOptima members. CalOptima is permitted to provide services to them using Medicaid funds.

Given such clear mandates, I don't understand your refusal to take referrals from providers other than the Orange County Health Care Agency's Outreach and Engagement Team. Many providers throughout the county interact with our county's homeless population. Such a restriction will necessarily limit the number of cases referred to CalOptima. It also flies in the face of the Board's repeated pledge that we are looking at every way legally possible to provide services.

Additionally, CalOptima's refusal to provide regularly scheduled clinics that led to the flawed decision to provide services solely on an on-call basis places the burden on the County to identify patients and wait with them in the field until CalOptima's contracted clinics show up. Not only is this a wasteful and inefficient model; but given that the wait is sometimes up to two hours, it's no wonder why so few homeless residents have taken up our services.

Finally, I don't understand why CalOptima refuses to provide and the Homeless Ad Hoc Committee has not recommended services at any of the multiple homeless shelters run by the County and Cities. Has CalOptima even done a cursory survey to see if the shelters, in fact, do not have CalOptima members? If you have not done so and, nevertheless, refuse to provide services, your

Back to Agenda Back to Item

choice is, at a minimum, harmful and negligent. With the data cited above showing actual CalOptima membership among the homeless, I would submit that CalOptima's continuing refusal is in wanton disregard of public health.

For two years, I have experienced consistent pushback to my demands for enhanced homeless health care from you, counsel and other Directors at CalOptima. I have been told repeatedly by CalOptima staff and counsel that CalOptima can only fund core health care services for CalOptima members, and these homeless individuals were not CalOptima members, therefore the agency was limited in what it can do.

Even after we were confronted in February in federal court with the number of homeless deaths, our Board's and CalOptima's staff response continued to be one of denial. After all this time we still needed research to confirm if any of these homeless who died were actually members of CalOptima. Now that the facts are overwhelmingly clear, the public will not wait for more feasibility studies or meetings to discuss what can be done.

In addition, $60 million for new unnamed homeless health initiatives has already been allocated by the Board. To date, no proposals are forthcoming for the June board meeting. Since the Board does not meet in July, it will be August, at the earliest, before any plans can be discussed by the Board.

Such a delay is unconscionable. Therefore, I am requesting a Special Board of Directors meeting to convene on June 14, where I will propose the following plan to immediately spend the $60 million allocated:

- **C**linic health care services in all homeless shelters - $10 million
- **A**uthorize mobile health team to respond to all homeless providers - $10 million
- **R**esidential support services and housing navigation - $20 million
- **E**xtend recuperative care for homeless individuals with chronic physical health issue-$20 million

The way I see things is our homeless residents are, by definition, indigent. They should receive the health care they need. This is especially true if they have gone through the process to enroll. It is CalOptima's responsibility to find ways to bring health care to them. If one CalOptima member is experiencing homelessness, that should be enough for this agency to spring into action. We can adopt, as a Board, a philosophy of finding a way to say yes, or we can continue to say no, while people are suffering and dying on the street.

My hope is that my request for a Special Board meeting will be met.

Sincerely,

ANDREW DO

June 5, 2019

Supervisor Andrew Do
Orange County Board of Supervisors
333 W. Santa Ana Blvd., P.O. Box 687
Santa Ana, CA 92702

Dear Supervisor Do:

Thank you for your May 29 letter expressing concern about CalOptima members experiencing homelessness. We certainly share your interest in changing the course of the current homeless crisis in Orange County. CalOptima has demonstrated our significant commitment to having an impact on the health of this population through the investment of $100 million in financial resources and valuable, focused leadership from staff, executives and the Board.

It is unfortunate you will not be able to attend the June 6 meeting given the urgency you ascribe to this situation. Know that homeless health is a priority issue and that the CalOptima Board ad hoc committee formed to address this topic is actively discussing it on a weekly if not more frequent basis. An update on the homeless health initiatives is planned for the June 6 Board meeting, where you will hear that we are working diligently to find ways to improve the system of care for this population.

Removing yourself from that ad hoc committee may have distanced you from observing the progress that CalOptima is making. Please allow us to clarify a number of points from your letter to facilitate future collaboration, which is essential in addressing the challenges of homelessness. As we have stated before, homeless individuals who have Medi-Cal coverage are the mutual responsibility of CalOptima, and two County agencies, Health Care Agency (HCA) and Social Services Administration (SSA). CalOptima provides access to medical care, HCA provides access to moderate to severe mental health care and substance abuse services, and SSA determines eligibility and enrolls individuals into the Medi-Cal program. It's clear that medical care is only one dimension of the complex homelessness issue that extends to needs for housing, social services and economic support, all of which are overseen by the County. Again, because homeless individuals have needs of our organizations, optimal results can be achieved only if CalOptima and the County work together and are accountable for their respective responsibilities.

While we all are deeply saddened and frustrated by the high rate of homeless deaths in 2018, the incidence of CalOptima membership among this group has been widely discussed since the February 22, 2019, Special Meeting of the CalOptima Board. CalOptima staff is studying the causes of these deaths and considering your assertion that these members died because of a lack

of access to health care. However, whether an individual is a CalOptima member or not, the person can obtain primary care at a clinic, and if the person's need is urgent, obtain emergency care at any hospital emergency room (ER). Overall, approximately $100 million was spent on care for homeless CalOptima members in calendar year 2018. CalOptima data comparing homeless members with the general population CalOptima serves shows that homeless members average more than seven times as many hospital bed days, visit the ER five times more often, visit a specialist almost twice as often and see a primary care doctor 25 percent less. These statistics are telling and will inform the design of a model of care for the homeless that considers their specific challenges. Our goal is to remove barriers and deliver care more appropriately and cost-effectively, which is the reason we launched clinical field teams. Such teams are not intended to replace the care delivery system available to all CalOptima members but to make urgent care available in unique situations when a homeless individual with an urgent care need is unwilling or unable to access the system.

Your comments about the slow rate of progress are out of sync with the experience of the clinical field team launch. Our first team was in the field less than two months from Board approval, and CalOptima quickly ramped up to 48 hours/six days a week of coverage in the month after that. We now have five partner clinics dedicated to providing on-call care anywhere in the county. The totals served are higher than those in your letter. From April 10–May 30, 84 individuals received care, and 70 of them were CalOptima members. We appreciate and celebrate the mammoth effort of the clinics in launching this one-of-a-kind program that Orange County has never seen before. In fact, the genesis of our street medicine teams and how they are deployed was the result of a series of collaborative meetings in January and February between more than a dozen CalOptima and County leaders. This is why the County Outreach & Engagement Team is an essential component of the process in making referrals, building trust in CalOptima's services and ensuring a safe environment for the medical professionals providing the services. Calling the process into question as your letter does conflicts with the intentional design developed collaboratively by County, clinics and CalOptima representatives. At this initial stage, we are honoring the group's direction to coordinate deployment through the County. But we intend to refine the program over time and plan to eventually take referrals from other organizations.

Contrary to your assertion that CalOptima is refusing to offer clinic services at shelters, we are working to bring shelter operators and clinical field team leaders together to forge collaborative relationships that make sense for their facilities and teams. A meeting had been scheduled for May 31, but it was cancelled at the County's request due to County staff vacations. Still, these groups are excited about the prospects of working together, and there has been no "refusal" on our part to do this. We intend to encourage new mutually beneficial partnerships and continue to work to foster collaboration with our County and community partners.

The CalOptima Board homeless health ad hoc is keenly focused on homeless program development for the remaining Board-approved $60 million, seeking uses that are flexible and responsive. To meet that goal, the work of the ad hoc is increasingly inclusive, with the

committee prioritizing meetings with key stakeholders who have invaluable experience working directly with the homeless population. Your suggested CARE programs largely duplicate work already in progress or reflect a request that is outside of CalOptima's scope. We would like to detail this as follows:

- *Clinic health care services in all homeless shelters - $10 million*
  As stated above, we are encouraging clinics to work with shelters. They can choose to do this now and some are. When we are able to meet with clinics, County staff and shelters as a group, we can assess whether additional funding is needed and establish schedules and coverage to meet the health care needs.
- *Authorize mobile health team to respond to all homeless providers - $10 million*
  Your suggestion highlights a process change rather than a funding issue. CalOptima and our clinical field team partners can decide to revise the referral process, and services delivered to the member would be reimbursed regardless of the origin of the referral. CalOptima's homeless response team plans to expand its referral base and has budgeted sufficiently to accommodate growth. Further, there are reasons to keep the County Outreach & Engagement Team involved because oftentimes a member's need may be related to a County-covered services.
- *Residential support services and housing navigation - $20 million*
  The services that you suggest here are key elements of the Whole-Person Care (WPC) pilot, for which the County is the lead. CalOptima respectfully suggests that the County consider working with the state to add a housing pool to the WPC pilot program and also consider requesting additional money as part of its submission to the state for a portion of the governor's increased housing funds for WPC in the FY 2019–20 budget. If the County creates a housing pool under the WPC program, CalOptima could contribute money to the housing pool for housing supportive services. CalOptima staff looks forward to the possibility of partnering with the County on these initiatives within the parameters for which the use of CalOptima Medi-Cal funding is permissible.
- *Extend recuperative care for homeless individuals with chronic physical health issue - $20 million*
  CalOptima has twice allocated funds for recuperative care, bringing the total to $11 million. As you may recall, the CalOptima Board acted at its April meeting to lengthen the duration for recuperative care services beyond 90 days when medically indicated, and adequate funding remains available for these services.

Separately, the Board's ad hoc committee for IGT 6/7 on which you serve has an opportunity to approve grants that may positively impact the homeless community, such as the grants targeted for mental health and medication-assisted treatment. This adds yet another dimension to CalOptima's significant investment in responding to the homeless crisis.

In closing, please know that the homeless health ad hoc committee has received your program ideas for consideration. As indicated, the homeless health ad hoc and the CalOptima Board have already acted to address the "urgent" elements of your proposal. Collaboration and accountability are key CalOptima values that we share with stakeholders so that together we can authentically pursue our goal of better homeless health care services.

Sincerely,

Michael Schrader

June 6, 2019

Mr. Michael Schrader
CalOptima
505 City Pkwy
Orange, CA 92868

Dear Mr. Schrader and CalOptima Board Ad Hoc Committee on Homeless Health:

I am in receipt of your letter dated June 5 in response to my May 29 letter. Your response letter demonstrates a clear lack of focus and concern for the issues I raised regarding the alarming number of deaths occurring among CalOptima members experiencing homelessness—a number I understand based on your letter, that the Ad hoc and CalOptima staff were aware of months ago and yet never shared with the Board until I posed the question on April 9. At that time I was informed related analysis is in the works in preparation for the upcoming Quality Assurance Committee meeting in May, which was cancelled. Subsequently, I followed up on May 21 and received the answer. If the Ad hoc has known this information for months, I am further concerned over the lack of transparency in sharing information with the Board of Directors on a crisis-level issue. I am also aware that CalOptima staff conducted analyses into the number of deaths and again, no results or informed recommendations were provided to the CalOptima Board.

As stated previously, there are no recommended actions on the June 6 agenda regarding the $60 million for new homeless health initiatives already allocated by the CalOptima Board. Whether I attend this meeting or not does not change this fact. An update on existing initiatives without recommendations for new actions to utilize the $60 million will not produce new results.

On the topic of homeless initiatives, it has come to my attention that a Board Action taken at the April 4 CalOptima Board meeting, Item 18 was portrayed and captured as part of CalOptima's homeless health initiatives to the tune of $10 million. At this same Board meeting, Item 4 described this pending action as part of CalOptima's current homeless health response contribution and yet I'm told there may not be is no reference to requiring homeless coordination as part of the hospital contracts attached to the approved Item 18. I want a copy of the contract to confirm these services are in fact directly related to the homeless initiatives as portrayed. The continued lack of transparency from CalOptima is alarming.

The statistics quoted in my letter were provided by CalOptima staff just last week, so if there are inconsistencies between those figures and the figures in your letter of June 5, I am unclear as to why that is. Even if 84 individuals were served between April 10 – May 30, that is fewer than two people per day over the 50-day period. It seems that five clinical field teams operating with

Back to Agenda Back to Item

the frequency you state are capable of handling significantly more service requests—why aren't they? The need is obvious.

There are nearly 3,000 homeless individuals in shelters in Orange County, and providing services "eventually" will not help them quickly enough. Referrals to the clinical field teams should be accepted from the shelters immediately. Again, this delayed response will not produce new results. County staff who have been working diligently on this issue continue to attempt to provide guidance to CalOptima staff on best practices and make connections; however, it seems to be taken for granted. In the meeting cancellation referenced in your letter, CalOptima staff were fully aware of County staff's availability in advance of the May 31 meeting date, yet the meeting was scheduled despite this knowledge.

I chose to remove myself from the ad hoc committee because my suggestions for improved services provided at the February 22 Special Board meeting were disregarded in favor of conducting more studies. We don't need studies to tell us that more services are needed on the streets and in the shelters. My CARE proposal was done in conjunction with the Health Care Agency. Your letter states the County Outreach and Engagement team is an essential component. I agree, which is why the team was consulted in my proposal.

We need a plan now, and I have provided a plan. The CalOptima Board of Directors must take action now, which is why I requested the June 14 special meeting. This ad hoc has been meeting, exploring, and fact gathering without a single recommendation to the Board for over 100 days. Waiting another two months to take action is simply unacceptable.

Sincerely,

ANDREW DO

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken August 1, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item
16. Consider Actions Related to Homeless Health Care Delivery

Contact
Candice Gomez, Executive Director, Program Implementation, (714) 246-8400
Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400

Recommended Actions
1. Authorize the Chief Executive Officer to implement the following operational changes to support homeless health initiatives;
    a. Reallocate $135,000 in Fiscal Year (FY) 2019-20 Medi-Cal budgeted funds under homeless health-related initiatives from medical expenses to administrative expenses;
    b. Implement a pilot program to reimburse Federally Qualified Health Centers (FQHC) and FQHC Look-alikes directly for services provided via mobile health care units or in a fixed shelter location for dates of service from August 1, 2019 through March 31, 2020, based on the CalOptima Medi-Cal fee schedule and for eligible CalOptima Members notwithstanding health network assignment and continuing capitation payments;
    c. With the assistance of Legal Counsel, enter into contract amendments with FQHCs and FQHC Look-alikes providing mobile health care unit services; and
2. Ratify contract amendment with Families Together of Orange County effective May 17, 2019 to participate in the CalOptima Clinical Field Team pilot program providing health care services for homeless members at their locations and provide start-up funding.

Background
CalOptima has launched various initiatives for its Members experiencing homelessness through a series of CalOptima Board of Directors' actions. Specifically, the Board has approved or allocated funding for the following:

Date	Action(s)
February 22, 2019	• Authorized establishment of a Clinical Field Team pilot program • Authorized reallocation of up to $1.6 million in Intergovernmental Transfers (IGT) 1 and IGT 6/7 funds for start-up costs for the Clinical Field Team pilot programs • Authorized eight unbudgeted FTEs and related costs in an amount not to exceed $1.2 million to service as part of CalOptima's Homeless Response Team • Directed staff to return to the Board with ratification request for further implementation details • Obtain legal opinion related to using Medi-Cal funding for housing related activities
April 4, 2019	Actions related to Delivery of Care for Homeless CalOptima Members

Back to Agenda Back to Item

	• Approved the creation of a restricted Homeless Health Reserve in the amount of $100 million: $24 million in previously approved initiatives using IGT 1-7 funds, and $76 million in IGT 8 funds (approximately $43 million) with the balance from Fiscal Year (FY) 2018-19 operating funds • Stipulated that funds can only be used for homeless health Actions and contracts with FQHCs • Ratified the implementation plan for the Board authorized Clinical Field Team Pilot Program • Ratified contracts with the following FQHCs to participate in the Clinical Field Team Pilot Program: Central City Community Health Center, Hurtt Family Health Clinic, Inc., Korean Community Services, Inc, dba Korean Community Services Health Center, and Service the People Community Health Center • Authorized expenditures of up to $500,000 from existing reserves to fund the cost of services rendered to homeless CalOptima Medi-Cal members on a fee-for-service basis through June 30, 2019
June 27, 2019	Authorized $60 million identified for new homeless health initiatives as follows: 1. Clinic health care services in all homeless shelters - $10 million 2. Authorize mobile health team to respond to all homeless providers - $10 million 3. Residential support services and housing navigation - $20 million 4. Extend recuperative care for homeless individuals with chronic physical health issue - $20 million

In addition to the above actions, a Board ad hoc committee focused on homeless health initiatives has engaged numerous community stakeholders, county agencies, providers, health networks, advocates, and other stakeholders to gather information regarding the needs of individuals experiencing homelessness and to make recommendations to the Board on how the health care needs of these members can best be met. The ad hoc's intent is to help develop a thoughtful, strategic approach to leveraging available CalOptima resources to meet the health care needs of homeless members. The overarching goal is to work collaboratively with community partners in developing a health care system that bridges individuals seeking urgently needed health care services where they are located to clinic and office-based settings, while utilizing the existing care management system.

Discussion

Operational changes to support homeless health initiatives

In order to implement the recommended actions, CalOptima staff will make the necessary operational changes and update policy and procedures and return to the Board for approval of any proposed changes to Board-approved policies. Additionally, authority is requested to add two unbudgeted FTE staffing resources, one Sr. Project Manager and one Sr. Program Manager, to support the operational

implementation and ongoing maintenance of homeless health initiatives in CalOptima's Case Management Department. Staff anticipates filling these proposed new positions in September 2019. The total estimated annual cost for the two impact is approximately $324,000, or $270,000 for the ten-month period from September 1, 2019, through June 30, 2020.

Implement pilot program for mobile health units and fixed clinic locations

Based on recent Board actions, CalOptima staff is in the process of expanding healthcare services options available to members experiencing homelessness, including access to preventive and primary services, at the shelter sites. CalOptima staff has also received stakeholder feedback that such services would be of value at other "hot spots," such as parks and soup kitchens. In a separate Board action, CalOptima staff is requesting consideration of modifying its quality improvement strategies, "CalOptima Days", to incentivize FQHCs and FQHC Look-alikes to provide health care services through their mobile units at shelters and other hotspots in the community. Additionally, some clinics are establishing fixed clinical sites within the four walls of the shelter. As proposed, the mobile clinics and fixed shelter locations will establish a regular schedule based on input from the shelters/hotspots, encourage CalOptima Members to seek services from their assigned CalOptima providers, and coordinate services with other medical and behavioral health care providers when appropriate. In order to better monitor utilization and coordination of services on a pilot basis, CalOptima staff recommends reimbursing the clinics for services provided in the mobile unit or fixed shelter location through CalOptima based on the CalOptima Medi-Cal fee schedule regardless of the Member's health network assignment for service rendered August 1, 2019 through March 31, 2020, to coincide with the Clinical Field Team pilot program. Through this process reimbursement will only be provided for Members eligible with CalOptima at the time services are rendered.

Ratify contract amendment with Families Together of Orange County

The Clinical Field Team pilot program is making available urgent care type medical services to Orange County's homeless Members onsite where they are located. This delivery model is designed to reduce delays in care that some homeless Members may experience, whether caused by unwillingness to access services in a typical office-based care setting, challenges with transportation or appointment scheduling, or other factors. Services provided at the Member's location also help prevent or reduce avoidable medical complications such as hospitalizations, re-hospitalizations, emergency department visits, adverse drug events, and progression of disease. For the pilot program, CalOptima has engaged FQHCs (and FQHC Look-alikes) to provide medical services because they provide services to both CalOptima Members and non-CalOptima members; including those who are uninsured. Four community clinics were initially engaged to provide services under the Clinical Field Team pilot program. As indicated, on February 22, 2019, the Board allocated funds for start-up costs for the Clinical Field Team pilot program, resulting in approximately $320,000 in start up funding available per clinic for up to five clinics. Families Together of Orange County was contracted as the fifth provider effective May 17, 2019 and has been provided with start-up funding.

CalOptima staff recommends the Board authorize up to $300,000 from the $10 million allocated on June 27, 2019 towards "Clinic health care services in all homeless shelters" to provide funding for these payments through June 30, 2019. Similar to the Clinical Field Team pilot program, CalOptima will contract with FQHCs and FQHC Look-alikes operating mobile units to provide medical services to CalOptima Members. Reimbursement provided by CalOptima for services provided through the mobile units will apply to CalOptima members as FQHCs are able to obtain alternate funding sources for services provided to individuals not eligible with CalOptima. To be eligible to contract with

CalOptima, the mobile unit must meet Health Resources and Services Administration (HRSA) and CalOptima requirements.

Fiscal Impact

The recommended action to reimburse FQHCs and FQHC look-alikes for services provided in a mobile until for the period August 1, 2019, through March 31, 2020, is a budgeted item. Expenses of up to $300,000 for claims payments and up to $270,000 for staffing expenditures for two new positions is budgeted under homeless health related initiatives in the FY 2019-20 Operating Budget approved by the Board on June 6, 2019, and will be funded from the "Clinic health care services in all homeless shelters" category approved by the Board on June 27, 2019.

The recommended action to reallocate $135,000 in budgeted funds within the Medi-Cal line of business from medical expenses to administrative expenses for the Sr. Project Manager position is budget neutral. Staff will monitor the claims volume. To the extent there is an additional fiscal impact, such impact will be addressed in separate Board actions.

Rationale for Recommendation

Due to the unique access issues associated with receipt of healthcare services for CalOptima Members experiencing homelessness, CalOptima staff recommends these actions to facilitate increased access to services and ongoing operational and clinical support of the initiatives.

Concurrence

Gary Crockett, Chief Counsel

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken April 4, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

5. Consider Ratifying Implementation Actions and Contracts with Federally Qualified Health Centers for Board Authorized Clinical Field Team Pilot Program

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400
Nancy Huang, Interim Chief Financial Officer, (714) 246 8400

Recommended Actions

1. Ratify implementation plan for Board authorized Clinical Field Team Pilot Program (CFTPP);
2. Ratify contracts with Federally Qualified Health Centers (FQHC) selected to participate in the CFTPP; and
3. Authorize expenditures of up to $500,000 from existing reserves to fund the cost of services rendered to homeless CalOptima Medi-Cal members on a fee-for-service (FFS) basis through June 30, 2019.

Background

CalOptima is responsible for arranging for the provision of physical health and mild to moderate behavioral health services to all CalOptima members. Among other things, the County of Orange is responsible for providing services related to Serious Mental Illness and Substance Use Disorder. The County of Orange also provides housing support services for the homeless through multiple programs. In combination, these services provide a continuum of care for CalOptima members.

The goal of the continuum of care is to coordinate physical and mental health, substance use disorder treatment and housing support. However, members who are identified as "homeless" based on the lack of permanent housing sometimes have unique challenges receiving healthcare services. These individuals sometimes have difficulty scheduling and keeping medical appointments and also sometimes face challenges with transportation to their medical providers. The County of Orange currently provides assistance in linking homeless individuals to mental health and substance use disorder treatment. In partnership with the County in these efforts, and as part of CalOptima's ongoing efforts to be responsive to stakeholder input and explore more effective means of delivering health care services to Medi-Cal beneficiaries, the CalOptima Board met at a special meeting on February 22, 2019 to consider the unique needs of the homeless population.

At the February 22, 2019 meeting, the CalOptima Board authorized the establishment of the CFTPP and allocated up to $1.6 million in IGT 6/7 dollars in support of this effort. The Board also authorized the establishment of a Homeless Response Team and directed staff to move forward with the program and return with a request for ratification of implementing details. As discussed at the February 22, 2019 meeting, the plan was for staff to move forward with amendments to contract with qualifying Federally Qualified Health Centers (FQHCs), which can receive federal funding as reimbursement for services provided to non-CalOptima members, as well payments from CalOptima for covered, medically necessary services provided to CalOptima Medi-Cal members.

Back to Agenda Back to Item

Discussion

Clinical Field Team Pilot Program (CFTPP)

The Clinical Field Team pilot program was designed with the intent to provide needed, urgent care type medical services to homeless members in Orange County, onsite where they are located. Services provided where the members are located is expected to help prevent avoidable medical complications, hospitalizations, re-hospitalizations, emergency department visits, adverse drug events, and progression of disease.

Services provided will be reimbursed based on the CalOptima Medi-Cal fee schedule directly by CalOptima regardless of the member's health network eligibility. As also indicated, under the CFTPP, CalOptima will establish a Homeless Response Team which will be dedicated to the homeless health initiative. Requests for physical health care services identified by County workers will be requested to and deployed by CalOptima's Homeless Response Team.

As indicated, at the February 22, 2019 meeting, the Board authorized reallocation of up to $1.6 million in designated but unused funds from IGT 1, IGT 6 and IGT 7 for start-up costs. As part of the CFTPP, CalOptima staff anticipates contracting with up to five FQHCs for services, resulting in $320,000 per FQHC for start-up funding. Specifically, Management recommends the following reallocations:

- $500,000 from IGT 1 – Depression Screenings;
- $100,000 from IGT 6 – IS and Infrastructure Projects;
- $500,000 from IGT 7 – Expand Mobile Food Distribution Services; and
- $500,000 from IGT 7 – Expand Access to Food Distribution Services for Older Adults.

In addition, CalOptima will provide payment to FQHCs for services rendered to CalOptima's Medi-Cal members on a FFS basis. Management recommends the Board authorize up to $500,000 from existing reserves to provide funding for these payments through June 30, 2019. Management plans to include additional funding for services provided as part of the CFTPP beyond this date in the FY2019-20 budget.

CalOptima staff has engaged FQHCs (and/or FQHC Look-alikes) to provide medical services because of their ability to provide (and be reimbursed for) services to both CalOptima members and non-CalOptima members; including those who are uninsured. Service reimbursement from CalOptima will only be provided for CalOptima members, and FQHCs are able to obtain alternate funding sources for services provided to individuals not enrolled with CalOptima. In order to select participating FQHCs for the pilot CalOptima requested that interested parties respond to questions regarding their experience providing clinical services to individuals experiencing homelessness, if similar services were already being provided in Orange County, if they were able to meet key requirements under the pilot, and if they were able to begin providing services on April 1, 2019. (number) responded to the questionnaire and the following five FQHCs were selected:

- AltaMed Health Services Corporation
- Central City Community Health Center
- Hurtt Family Health Clinic, Inc.
- Korean Community Services, Inc. dba Korean Community Services health Center
- Serve the People Community Health Center

Once implemented, CFTPP program performance and results will be monitored and reported to the Board for further continuation or modification.

FQHC Contracts

CalOptima staff is in the process of amending contracts with the five identified FQHCs, whose mission and federal mandate are to deliver care to the most vulnerable individuals and families, including people experiencing homelessness in areas where economic, geographic, or cultural barriers limit access to affordable health care service. This ensures that homeless individuals, who are not currently CalOptima members, will also receive care as needed.

The contracted FQHCs will provide one or more clinical, field-based teams which will include clinical and support staff, point of care lab testing and frequently used medications to be disbursed to the homeless at their locations. Among the services to be provided by the field-based teams, Members will be able to receive wound care, vaccinations, health screenings and primary care and specialist referrals. Services will be available at extended hours and on-call. Services will be coordinated with CalOptima's Homeless Response Team, PCP, and Health Networks as appropriate.

Staff requests Board ratification of the existing agreements with the 5 FQHCs and the authority to contract with additional FQHCs as necessary to cover the scope of services under the pilot program.

Fiscal Impact

The recommended action to authorize expenditures to fund the cost of services rendered to CalOptima Medi-Cal members under the CFTPP program on a FFS basis is an unbudgeted item. A proposed allocation of up to $500,000 from existing reserves will fund this action through June 30, 2019. Management plans to include projected expenses associated with the CFTPP in the CalOptima Fiscal Year 2019-20 Operating Budget.

Rationale for Recommendation

Due to the unique access issues associated with receipt of healthcare services for individuals in the community who lack permanent housing, CalOptima staff recommends this action to ensure access by providing urgent health care services where these individuals are located.

Concurrence

Gary Crockett, Chief Counsel

Special Meeting of the CalOptima Board of Directors
February 22, 2019

Michael Schrader
Chief Executive Officer

Back to Agenda Back to Item

MEMORANDUM

DATE:	May 2, 2019
TO:	CalOptima Board of Directors
FROM:	Michael Schrader, CEO
SUBJECT:	CEO Report
COPY:	Suzanne Turf, Clerk of the Board; Member Advisory Committee; Provider Advisory Committee; OneCare Connect Member Advisory Committee; and Whole-Child Model Family Advisory Committee

Homeless Health Initiatives Underway; Clinical Field Teams Launched in April
CalOptima moved our $100 million commitment to homeless health from concept into action this past month in several ways, most notably with the launch of clinical field teams. Guided by your Board's ad hoc committee, which is meeting weekly to spearhead the effort, selected initiatives are summarized below.

- Clinical Field Teams: Launched on time on April 10, CalOptima's first clinical field team conducted its first medical visit with a member at a Santa Ana park. Following a newly established process, the Orange County Health Care Agency's Outreach and Engagement team contacted our internal Homeless Response Team, which then dispatched a Central City Community Health Center (CCCHC) field team, consisting of a physician assistant and medical assistant. The field team treated a member needing care for a sizable open wound. CalOptima and CCCHC agree the initial experience was successful and instructive. Since that time, three other Federally Qualified Health Center (FQHC) partners have begun their programs, including Korean Community Services on April 17, Hurtt Family Health Clinic on April 18 and Serve the People on April 23. We are communicating with other FQHCs, directly and through the Coalition of Orange County Community Health Centers, about their potential participation in the clinical field team program. As we develop a better understanding of the population, its needs and the best methods for serving them, we will continue expanding our coverage.
- Anaheim Encampment: Reflecting our commitment to meeting the healthcare needs of members experiencing homelessness, CalOptima recently participated in a collaborative effort to clear a homeless encampment of approximately 70 people in 40 tents along a stretch of railroad tracks located in Anaheim. The group included the County's Outreach and Engagement team, the City of Anaheim, public health nurses, and other service providers. CalOptima arranged FQHC mobile clinics to work alongside the group to address any medical needs of the homeless. In addition, CalOptima had a case manager on site to make referrals.
- Use of Funds: Approximately $60 million of CalOptima's homeless health commitment is for new initiatives not yet identified. CalOptima is obligated to follow statutory, regulatory, and contractual requirements in determining the type of initiatives that are permissible. To that end, CalOptima has publicly shared the "Use of CalOptima Funds" document that follows this report. The information about the agency's framework and

allowable use of funds will ensure the community is aware of the principles guiding your Board's decision making regarding homeless health.

- Stakeholder Input: The Board ad hoc committee will be seeking additional input to our homeless health initiatives through meetings with stakeholders. CalOptima is in the process of identifying people and/or organizations to engage and will begin setting up those meetings. Recently, the ad hoc committee met with Former Santa Ana City Councilwoman Michele Martinez, Illumination Foundation CEO Paul Leon and Pastor Donald Dermit, from The Rock Church in Anaheim.
- State Programs and Legislation: Efforts to end the homeless crisis are ongoing statewide, and CalOptima is tracking a variety of bills and programs that have potential to positively impact Orange County. One example is the Housing for a Healthy California Program, which is a new source of funds for supportive housing through the Department of Housing and Community Development (DHCD). The program provides supportive housing for Medi-Cal members to reduce financial burdens related to medical and public services overutilization. DHCD is expected to open applications to supportive housing owners and developers for grants that total $36 million statewide. Orange County Health Care Agency intends to work with owners and developers to explore this funding opportunity. Separately, Assembly Bill 563 is state legislation that would grant the North Orange County Public Safety Task Force $16 million in funding to set up comprehensive crisis intervention infrastructure. The aim is to mitigate the local mental health and homeless crisis by expanding and coordinating the many available services, potentially through the Be Well OC Regional Mental Health and Wellness Campus. The bill is currently in the early stages of the legislative process.

Impact of New Knox-Keene Licensure Regulation Will Be Mitigated by Exemptions

With an effective date of July 1, 2019, a new Department of Managed Health Care (DMHC) global risk regulation will substantially expand the number of health care organizations required to have a Knox-Keene license. Fortunately, CalOptima was able to mitigate local concerns that the rule applied to our delegated health networks, which operate under three models — Health Maintenance Organizations (HMOs), Physician-Hospital Consortia (PHCs) and Shared-Risk Groups (SRGs). DHMC has now confirmed that CalOptima's limited Knox-Keene licensed HMO health networks may continue their current contractual arrangements with CalOptima, and the regulator has reached out to our partners to update their licenses. With regard to PHCs and SRGs, the DMHC has reviewed CalOptima's template contracts and believes that these limited risk-sharing arrangements will qualify for exemptions from the new licensure requirement. Contracts that renew or are amended after July 1, 2019, will need to be submitted to the DMHC for a review and exemption process that is anticipated to take no longer than 30 days. CalOptima staff has informed our health network partners about this latest positive development.

California Children's Services (CCS) Advisory Group Meeting Focuses on CalOptima Readiness for Transition

Implementation of the Whole-Child Model (WCM) for CCS in Orange County is now only two months away. Given our impending transition, CalOptima was the focus of an April 10 meeting of the CCS Advisory Group, a highly engaged Department of Health Care Services (DHCS)-appointed panel of medical experts and member advocates who are dedicated to ensuring the WCM effectively serves children with complex CCS conditions. CalOptima Chief Medical Officer David Ramirez, M.D., Executive Director of Clinical Operations Tracy Hitzeman and

Thanh-Tam Nguyen, M.D., our medical director for WCM, shared detailed information about our authorization process, provider panel, delegated delivery system and more, all from the member's perspective. Our WCM Family Advisory Committee Representative Kristen Rogers also spoke. The meeting was an important opportunity to instill confidence about our ability to effectively integrate the CCS program, and we successfully demonstrated CalOptima's careful preparations for WCM. Feedback from the advisory group and DHCS leaders was supportive.

Future Medi-Cal Expansion (MCE) Rates Face Likely Reduction as State Regulator Examines CalOptima Reimbursement

Following a trend established across the past few years, DHCS is signaling a likely reduction in CalOptima's MCE capitation rates for FY 2019–20. Staff was notified in April that a significant adjustment may be ahead, based on the fact that CalOptima's reimbursement for the MCE population is a noticeable outlier. Specifically, DHCS identified that CalOptima's provider capitation and risk pool incentive payouts are significantly higher than those paid by other managed care plans in California. Staff has been in close communication with state officials who will soon share our draft rates. Importantly, we are continuing to communicate with our provider partners so they can plan ahead for a possible reduction. As more information becomes available, staff will look to your Board's Finance and Audit Committee for guidance on any adjustments to provider reimbursement.

CalOptima Welcomes New Executive Director, Human Resources

This past month, Brigette Gibb joined CalOptima as Executive Director, Human Resources. She has more than 35 years of public-sector experience. Most recently, Ms. Gibb worked as the human resources director for the Orange County Fire Authority (OFCA), where she led and directed the administration, coordination and evaluation of all human resources and risk management functions. She has established and maintained effective working relationships with the OCFA Board of Directors, city managers, executive team members and labor group representatives. She holds a master's degree in public administration, with a concentration in human resources, from California State University, Fullerton.

SUPPLEMENTAL BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 27, 2019
Special Meeting of the CalOptima Board of Directors

Supplemental Report Item
S17a. Consider Funding Allocations Related to Supervisor Do's Homeless Healthcare Proposal

Recommended Actions
Authorize the $60 million identified for new homeless health initiatives as follows:
1. Clinic health care services in all homeless shelters – $10 million
2. Authorize mobile health team to respond to all homeless providers – $10 million
3. Residential support services and housing navigation – $20 million
4. Extend recuperative care for homeless individuals with chronic physical health issue – $20 million

Background
Supervisor Do is requesting consideration to allocate the $60 million identified at the February 22, 2019 Special Board of Directors meeting as follows:
1. Clinic health care services in all homeless shelters – $10 million
2. Authorize mobile health team to respond to all homeless providers – $10 million
3. Residential support services and housing navigation – $20 million
4. Extend recuperative care for homeless individuals with chronic physical health issue – $20 million

May 29, 2019

Mr. Michael Schrader
CalOptima
505 City Pkwy
Orange, CA 92868

SUBJECT: Request for June 14 Special Meeting on CalOptima's Response to Deaths of Homeless Members

Dear Mr. Schrader,

Given the information my office recently received from CalOptima, I am writing to reiterate my profound concerns regarding the agency's slow rate of progress for homeless services, particularly in light of the Board's Directives to establish homeless services since February 2019. I am also frustrated that out of the 210 homeless deaths last year, 153 were CalOptima members, despite my repeated requests for such services through all of last year. If ever, the time for action is now. We have had 25 more homeless deaths in the first two months of 2019 alone. To assist you and the Homeless Ad Hoc Committee, I am submitting four programs that CalOptima can implement immediately to provide care to our members who are living on the street.

A staggering 73 percent of those who died were enrolled in CalOptima services but were not provided adequate services. In the four months since the Board of Directors authorized my proposed Mobile Health Team, CalOptima has only served 47 individuals out of a population of almost 6,860 homeless residents countywide. Of those 47 patients, 36 were our members. While these feeble numbers should concern you as to the effectiveness of our outreach efforts, they clearly answer your question whether homeless individuals are CalOptima members. CalOptima is permitted to provide services to them using Medicaid funds.

Given such clear mandates, I don't understand your refusal to take referrals from providers other than the Orange County Health Care Agency's Outreach and Engagement Team. Many providers throughout the county interact with our county's homeless population. Such a restriction will necessarily limit the number of cases referred to CalOptima. It also flies in the face of the Board's repeated pledge that we are looking at every way legally possible to provide services.

Additionally, CalOptima's refusal to provide regularly scheduled clinics that led to the flawed decision to provide services solely on an on-call basis places the burden on the County to identify patients and wait with them in the field until CalOptima's contracted clinics show up. Not only is this a wasteful and inefficient model; but given that the wait is sometimes up to two hours, it's no wonder why so few homeless residents have taken up our services.

Finally, I don't understand why CalOptima refuses to provide and the Homeless Ad Hoc Committee has not recommended services at any of the multiple homeless shelters run by the County and Cities. Has CalOptima even done a cursory survey to see if the shelters, in fact, do not have CalOptima members? If you have not done so and, nevertheless, refuse to provide services, your

Back to Agenda Back to Item

choice is, at a minimum, harmful and negligent. With the data cited above showing actual CalOptima membership among the homeless, I would submit that CalOptima's continuing refusal is in wanton disregard of public health.

For two years, I have experienced consistent pushback to my demands for enhanced homeless health care from you, counsel and other Directors at CalOptima. I have been told repeatedly by CalOptima staff and counsel that CalOptima can only fund core health care services for CalOptima members, and these homeless individuals were not CalOptima members, therefore the agency was limited in what it can do.

Even after we were confronted in February in federal court with the number of homeless deaths, our Board's and CalOptima's staff response continued to be one of denial. After all this time we still needed research to confirm if any of these homeless who died were actually members of CalOptima. Now that the facts are overwhelmingly clear, the public will not wait for more feasibility studies or meetings to discuss what can be done.

In addition, $60 million for new unnamed homeless health initiatives has already been allocated by the Board. To date, no proposals are forthcoming for the June board meeting. Since the Board does not meet in July, it will be August, at the earliest, before any plans can be discussed by the Board.

Such a delay is unconscionable. Therefore, I am requesting a Special Board of Directors meeting to convene on June 14, where I will propose the following plan to immediately spend the $60 million allocated:

- **C**linic health care services in all homeless shelters - $10 million
- **A**uthorize mobile health team to respond to all homeless providers - $10 million
- **R**esidential support services and housing navigation - $20 million
- **E**xtend recuperative care for homeless individuals with chronic physical health issue-$20 million

The way I see things is our homeless residents are, by definition, indigent. They should receive the health care they need. This is especially true if they have gone through the process to enroll. It is CalOptima's responsibility to find ways to bring health care to them. If one CalOptima member is experiencing homelessness, that should be enough for this agency to spring into action. We can adopt, as a Board, a philosophy of finding a way to say yes, or we can continue to say no, while people are suffering and dying on the street.

My hope is that my request for a Special Board meeting will be met.

Sincerely,

ANDREW DO

Back to Agenda Back to Item

CalOptima
A Public Agency
Better. Together.

June 5, 2019

Supervisor Andrew Do
Orange County Board of Supervisors
333 W. Santa Ana Blvd., P.O. Box 687
Santa Ana, CA 92702

Dear Supervisor Do:

Thank you for your May 29 letter expressing concern about CalOptima members experiencing homelessness. We certainly share your interest in changing the course of the current homeless crisis in Orange County. CalOptima has demonstrated our significant commitment to having an impact on the health of this population through the investment of $100 million in financial resources and valuable, focused leadership from staff, executives and the Board.

It is unfortunate you will not be able to attend the June 6 meeting given the urgency you ascribe to this situation. Know that homeless health is a priority issue and that the CalOptima Board ad hoc committee formed to address this topic is actively discussing it on a weekly if not more frequent basis. An update on the homeless health initiatives is planned for the June 6 Board meeting, where you will hear that we are working diligently to find ways to improve the system of care for this population.

Removing yourself from that ad hoc committee may have distanced you from observing the progress that CalOptima is making. Please allow us to clarify a number of points from your letter to facilitate future collaboration, which is essential in addressing the challenges of homelessness. As we have stated before, homeless individuals who have Medi-Cal coverage are the mutual responsibility of CalOptima, and two County agencies, Health Care Agency (HCA) and Social Services Administration (SSA). CalOptima provides access to medical care, HCA provides access to moderate to severe mental health care and substance abuse services, and SSA determines eligibility and enrolls individuals into the Medi-Cal program. It's clear that medical care is only one dimension of the complex homelessness issue that extends to needs for housing, social services and economic support, all of which are overseen by the County. Again, because homeless individuals have needs of our organizations, optimal results can be achieved only if CalOptima and the County work together and are accountable for their respective responsibilities.

While we all are deeply saddened and frustrated by the high rate of homeless deaths in 2018, the incidence of CalOptima membership among this group has been widely discussed since the February 22, 2019, Special Meeting of the CalOptima Board. CalOptima staff is studying the causes of these deaths and considering your assertion that these members died because of a lack

of access to health care. However, whether an individual is a CalOptima member or not, the person can obtain primary care at a clinic, and if the person's need is urgent, obtain emergency care at any hospital emergency room (ER). Overall, approximately $100 million was spent on care for homeless CalOptima members in calendar year 2018. CalOptima data comparing homeless members with the general population CalOptima serves shows that homeless members average more than seven times as many hospital bed days, visit the ER five times more often, visit a specialist almost twice as often and see a primary care doctor 25 percent less. These statistics are telling and will inform the design of a model of care for the homeless that considers their specific challenges. Our goal is to remove barriers and deliver care more appropriately and cost-effectively, which is the reason we launched clinical field teams. Such teams are not intended to replace the care delivery system available to all CalOptima members but to make urgent care available in unique situations when a homeless individual with an urgent care need is unwilling or unable to access the system.

Your comments about the slow rate of progress are out of sync with the experience of the clinical field team launch. Our first team was in the field less than two months from Board approval, and CalOptima quickly ramped up to 48 hours/six days a week of coverage in the month after that. We now have five partner clinics dedicated to providing on-call care anywhere in the county. The totals served are higher than those in your letter. From April 10–May 30, 84 individuals received care, and 70 of them were CalOptima members. We appreciate and celebrate the mammoth effort of the clinics in launching this one-of-a-kind program that Orange County has never seen before. In fact, the genesis of our street medicine teams and how they are deployed was the result of a series of collaborative meetings in January and February between more than a dozen CalOptima and County leaders. This is why the County Outreach & Engagement Team is an essential component of the process in making referrals, building trust in CalOptima's services and ensuring a safe environment for the medical professionals providing the services. Calling the process into question as your letter does conflicts with the intentional design developed collaboratively by County, clinics and CalOptima representatives. At this initial stage, we are honoring the group's direction to coordinate deployment through the County. But we intend to refine the program over time and plan to eventually take referrals from other organizations.

Contrary to your assertion that CalOptima is refusing to offer clinic services at shelters, we are working to bring shelter operators and clinical field team leaders together to forge collaborative relationships that make sense for their facilities and teams. A meeting had been scheduled for May 31, but it was cancelled at the County's request due to County staff vacations. Still, these groups are excited about the prospects of working together, and there has been no "refusal" on our part to do this. We intend to encourage new mutually beneficial partnerships and continue to work to foster collaboration with our County and community partners.

The CalOptima Board homeless health ad hoc is keenly focused on homeless program development for the remaining Board-approved $60 million, seeking uses that are flexible and responsive. To meet that goal, the work of the ad hoc is increasingly inclusive, with the

committee prioritizing meetings with key stakeholders who have invaluable experience working directly with the homeless population. Your suggested CARE programs largely duplicate work already in progress or reflect a request that is outside of CalOptima's scope. We would like to detail this as follows:

- *Clinic health care services in all homeless shelters - $10 million*
  As stated above, we are encouraging clinics to work with shelters. They can choose to do this now and some are. When we are able to meet with clinics, County staff and shelters as a group, we can assess whether additional funding is needed and establish schedules and coverage to meet the health care needs.
- *Authorize mobile health team to respond to all homeless providers - $10 million*
  Your suggestion highlights a process change rather than a funding issue. CalOptima and our clinical field team partners can decide to revise the referral process, and services delivered to the member would be reimbursed regardless of the origin of the referral. CalOptima's homeless response team plans to expand its referral base and has budgeted sufficiently to accommodate growth. Further, there are reasons to keep the County Outreach & Engagement Team involved because oftentimes a member's need may be related to a County-covered services.
- *Residential support services and housing navigation - $20 million*
  The services that you suggest here are key elements of the Whole-Person Care (WPC) pilot, for which the County is the lead. CalOptima respectfully suggests that the County consider working with the state to add a housing pool to the WPC pilot program and also consider requesting additional money as part of its submission to the state for a portion of the governor's increased housing funds for WPC in the FY 2019–20 budget. If the County creates a housing pool under the WPC program, CalOptima could contribute money to the housing pool for housing supportive services. CalOptima staff looks forward to the possibility of partnering with the County on these initiatives within the parameters for which the use of CalOptima Medi-Cal funding is permissible.
- *Extend recuperative care for homeless individuals with chronic physical health issue - $20 million*
  CalOptima has twice allocated funds for recuperative care, bringing the total to $11 million. As you may recall, the CalOptima Board acted at its April meeting to lengthen the duration for recuperative care services beyond 90 days when medically indicated, and adequate funding remains available for these services.

Separately, the Board's ad hoc committee for IGT 6/7 on which you serve has an opportunity to approve grants that may positively impact the homeless community, such as the grants targeted for mental health and medication-assisted treatment. This adds yet another dimension to CalOptima's significant investment in responding to the homeless crisis.

In closing, please know that the homeless health ad hoc committee has received your program ideas for consideration. As indicated, the homeless health ad hoc and the CalOptima Board have already acted to address the "urgent" elements of your proposal. Collaboration and accountability are key CalOptima values that we share with stakeholders so that together we can authentically pursue our goal of better homeless health care services.

Sincerely,

Michael Schrader

June 6, 2019

Mr. Michael Schrader
CalOptima
505 City Pkwy
Orange, CA 92868

Dear Mr. Schrader and CalOptima Board Ad Hoc Committee on Homeless Health:

I am in receipt of your letter dated June 5 in response to my May 29 letter. Your response letter demonstrates a clear lack of focus and concern for the issues I raised regarding the alarming number of deaths occurring among CalOptima members experiencing homelessness—a number I understand based on your letter, that the Ad hoc and CalOptima staff were aware of months ago and yet never shared with the Board until I posed the question on April 9. At that time I was informed related analysis is in the works in preparation for the upcoming Quality Assurance Committee meeting in May, which was cancelled. Subsequently, I followed up on May 21 and received the answer. If the Ad hoc has known this information for months, I am further concerned over the lack of transparency in sharing information with the Board of Directors on a crisis-level issue. I am also aware that CalOptima staff conducted analyses into the number of deaths and again, no results or informed recommendations were provided to the CalOptima Board.

As stated previously, there are no recommended actions on the June 6 agenda regarding the $60 million for new homeless health initiatives already allocated by the CalOptima Board. Whether I attend this meeting or not does not change this fact. An update on existing initiatives without recommendations for new actions to utilize the $60 million will not produce new results.

On the topic of homeless initiatives, it has come to my attention that a Board Action taken at the April 4 CalOptima Board meeting, Item 18 was portrayed and captured as part of CalOptima's homeless health initiatives to the tune of $10 million. At this same Board meeting, Item 4 described this pending action as part of CalOptima's current homeless health response contribution and yet I'm told there may not be is no reference to requiring homeless coordination as part of the hospital contracts attached to the approved Item 18. I want a copy of the contract to confirm these services are in fact directly related to the homeless initiatives as portrayed. The continued lack of transparency from CalOptima is alarming.

The statistics quoted in my letter were provided by CalOptima staff just last week, so if there are inconsistencies between those figures and the figures in your letter of June 5, I am unclear as to why that is. Even if 84 individuals were served between April 10 – May 30, that is fewer than two people per day over the 50-day period. It seems that five clinical field teams operating with

Back to Agenda Back to Item

the frequency you state are capable of handling significantly more service requests—why aren't they? The need is obvious.

There are nearly 3,000 homeless individuals in shelters in Orange County, and providing services "eventually" will not help them quickly enough. Referrals to the clinical field teams should be accepted from the shelters immediately. Again, this delayed response will not produce new results. County staff who have been working diligently on this issue continue to attempt to provide guidance to CalOptima staff on best practices and make connections; however, it seems to be taken for granted. In the meeting cancellation referenced in your letter, CalOptima staff were fully aware of County staff's availability in advance of the May 31 meeting date, yet the meeting was scheduled despite this knowledge.

I chose to remove myself from the ad hoc committee because my suggestions for improved services provided at the February 22 Special Board meeting were disregarded in favor of conducting more studies. We don't need studies to tell us that more services are needed on the streets and in the shelters. My CARE proposal was done in conjunction with the Health Care Agency. Your letter states the County Outreach and Engagement team is an essential component. I agree, which is why the team was consulted in my proposal.

We need a plan now, and I have provided a plan. The CalOptima Board of Directors must take action now, which is why I requested the June 14 special meeting. This ad hoc has been meeting, exploring, and fact gathering without a single recommendation to the Board for over 100 days. Waiting another two months to take action is simply unacceptable.

Sincerely,

ANDREW DO

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken August 1, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

17. Consider Development of a CalOptima Homeless Clinic Access Program (HCAP) for Homeless Health Initiative.

Contact

David Ramirez, M.D., Chief Medical Officer, (714) 246-8400
Betsy Ha, Executive Director, Quality & Population Health Management, (714) 246-8400

Recommended Actions

1. Authorize modification of the existing "CalOptima Day" Quality Improvement and incentive strategy to include a CalOptima Homeless Clinic Access Program (HCAP) that includes primary and preventive care services at Orange County homeless shelters and other locations in collaboration with Community Health Centers;
2. Authorize the expenditure of up to $1 million in provider incentives consistent with this proposed expansion of CalOptima Day quality improvement and incentive strategy; and
3. Authorize the hiring of two additional staff at an annual cost not to exceed $231,087 in support of this expansion of the CalOptima Day quality incentive program.

Background

"CalOptima Day" is one of the Quality Improvement and incentive strategies approved by the Board on December 1, 2016 as part Medi-Cal Quality Improvement Accreditation Activities During CalOptima Fiscal Year (FY) 2016-17, Including Contracting and Contract Amendments with Consultant(s), Member and Provider Incentives, and Expenditure of Unbudgeted Funds of up to $1.1Millon. CalOptima Day aims to increase access to care, enhance the member experience, and improve quality outcomes in collaboration with health networks and CalOptima Community Network provider offices. CalOptima Days are half- or full-day health and wellness events for high-volume provider offices or clinics chosen by health networks. Staff works with the provider office/clinic to schedule members to receive necessary preventive services on CalOptima Day. The provider office/clinic earns incentives for each completed preventive health visit, as evidenced by billing/encounter reporting using codes in accordance to the Healthcare Effectiveness Data and Information Set (HEDIS) specifications. The intent of these initiatives is to increase access to care and provide CalOptima members with immunizations, well-care visits and/or other services tied to quality measures. CalOptima Days have proven to be an impactful quality activity since they began in 2016. Due to the many benefits linked to CalOptima Days, they are now part of an ongoing quality strategy to improve access to preventive care and performance on quality measures.

During the February, April and June 2019 CalOptima Board meetings, the Board approved various homeless health initiatives, including an implementation plan for the Clinical Field Team Pilot Program (CFTPP) and contracts with Federally Qualified Health Centers (FQHC) and FQHC Look-Alikes (jointly Community Health Centers) selected to participate in the CFTPP.

Back to Agenda Back to Item

As part of the CFTPP, CalOptima amended its contracts with five Community Health Centers to provide on-call services at hot spots throughout the county such as parks, encampments and shelters to address urgent clinical needs of individuals experiencing homelessness.

Further, the Board requested that CalOptima staff focus on significantly expanding preventive and primary care services at homeless shelter sites. CalOptima also received stakeholder feedback that such services would also be valuable at other hot spots, such as soup kitchens. CalOptima staff proposes expansion of the CalOptima Day model to provide greater access to preventive and primary care services at these locations in collaboration with interested Community Health Centers, whether they participate in CFTPP or not.

At its June 27, 2019 special meeting, the Board approved funding allocations for $60 million in new Homeless Health Initiatives. As part of this action, the Board allocated $10 million to "Clinic health care services in all homeless shelters."

Discussion

Staff recognizes the need for members experiencing homelessness to have reliable access to preventive and primary care in shelters and at other settings. Many shelters already have established relationships with community providers to provide those services via either an on-site or mobile clinic; however, hours may be limited. These services are sometimes not be billed, even when a provider is rendering services to a CalOptima member. This may occur, for example, if the provider is not contracted with the member's assigned health network or is not the member's assigned primary care provider (PCP). Further, some Community Health Centers have advised that set up and tear down of mobile clinics is time consuming and may not be cost-effective, even if the clinic is able to bill for the visit. These factors may contribute to limited access to care at shelters and other hot spots.

To address these concerns, CalOptima staff proposes partnering with any interested Community Health Centers to provide preventive and primary health care services at shelters and other hot spots. This may include locations that do not have established schedules with community providers, as well as those that may benefit from expanded schedules. These Community Health Centers will be required to create a regular schedule based on input from the shelters/hot spots, and those schedules will be informed by need, which may include bed count, frequency of resident turnover, other individuals served at the location, existing service schedules, and proximity to community providers. Additionally, the Community Health Centers will be expected to encourage CalOptima members to seek services from their assigned CalOptima providers and coordinate services with other medical and behavioral health care providers.

As proposed, and similar to the CalOptima Day tiered incentive payment model, clinics maintaining a presence at the shelter or hot spot will be compensated up to $1 million annually in total for all participating providers, excluding CalOptima staff resources, based on expanded hours and services completed for CalOptima members, as well as claims submission.

CalOptima staff proposes to offer eligible providers with a monetary incentive for participating in the HCAP according to two (2) tiers:

- Tier 1: An eligible provider will receive a Tier 1 provider incentive for event participation for a half day (4 hours) or a full day (8 hours).

- Tier 2: An eligible provider may receive a Tier 2 provider incentive, in addition to the Tier 1 provider incentive, if the following levels of services are provided:
    - Eligible provider completes 10 appointments during a half day (4 hours). Appointments may be any combination of well-care or vaccine-only visit.
    - Eligible provider completes 20 appointments during a full day (8 hours). Appointments may be any combination of well-care or vaccine-only visit.

Provider Incentive	Half Day (4 hours)	Full Day (8 hours)
Tier 1	$800	$1,600
Tier 2	$400	$800

Staff estimates that CalOptima will schedule a combination of 10 half day or full day HCAP events per week, with an average of 15 appointments completed during each event.

CalOptima staff will leverage the coordination and incentive mechanisms already established by the current CalOptima Day strategy. The effectiveness of CalOptima Days is measured by lead measures such as numbers of members accessing services, numbers of CalOptima Days with expanded hours, and lag measures such as HEDIS. A similar program measurement and evaluation discipline will apply to the HCAP.

In addition, management requests additional staffing to coordinate HCAP. Staff recommends the addition of two full-time equivalent positions: a Program Manager and a Quality Analyst. The total estimated annual impact of the addition of the two staff positions is approximately $231,087.

Fiscal Impact

The recommended action to develop HCAP by modifying the existing CalOptima Day Quality Improvement and incentive strategy is a Homeless Health Initiative budgeted item. Expenses of up to $1 million annually for provider incentives and $231,087 annually for staffing expenditures are budgeted under homeless health-related initiatives in the Fiscal Year 2019–20 Operating Budget approved by the Board on June 6, 2019 and will be funded from the "clinic health care services in all homeless shelters" category approved by the Board on June 27, 2019.

Rationale for Recommendation

CalOptima members experiencing homelessness sometimes face unique challenges in accessing the care they need. By partnering with shelters, other hot spots and Community Health Centers to implement the HCAP will help provide members with access to preventive and primary health services that this population segment may not otherwise seek. Early intervention while the members reside in shelters could also help them reacclimate to receiving scheduled care by appointment, hopefully helping to reintroduce them to obtaining health care in a more traditional and cost-effective setting.

CalOptima Homeless Clinic Access Program

David Ramirez, M.D.
Chief Medical Officer

Betsy Ha, R.N., M.S., LSSMBB
Executive Director, Quality & Population Health Management

Building a Better System of Care

- In response to the homelessness crisis in Orange County, CalOptima has approved the following:
  - Homeless Response Team to coordinate care
  - Deployed the Clinical Field Team in collaboration with Federally Qualified Health Centers (FQHC) to provide urgent care for those unable or unwilling to access the traditional care system
  - Help hospitals meet SB 1152 requirements for homeless-specific discharge planning and care coordination
  - Increased Recuperative Care funding and creation of a Medical Respite Program
- These initiatives focus on the urgent and clinical needs of members unsheltered.

Bridging to Existing System

Nontraditional Settings

- Clinical Field Teams (CFTs)
- Mobile Clinics
- Telehealth

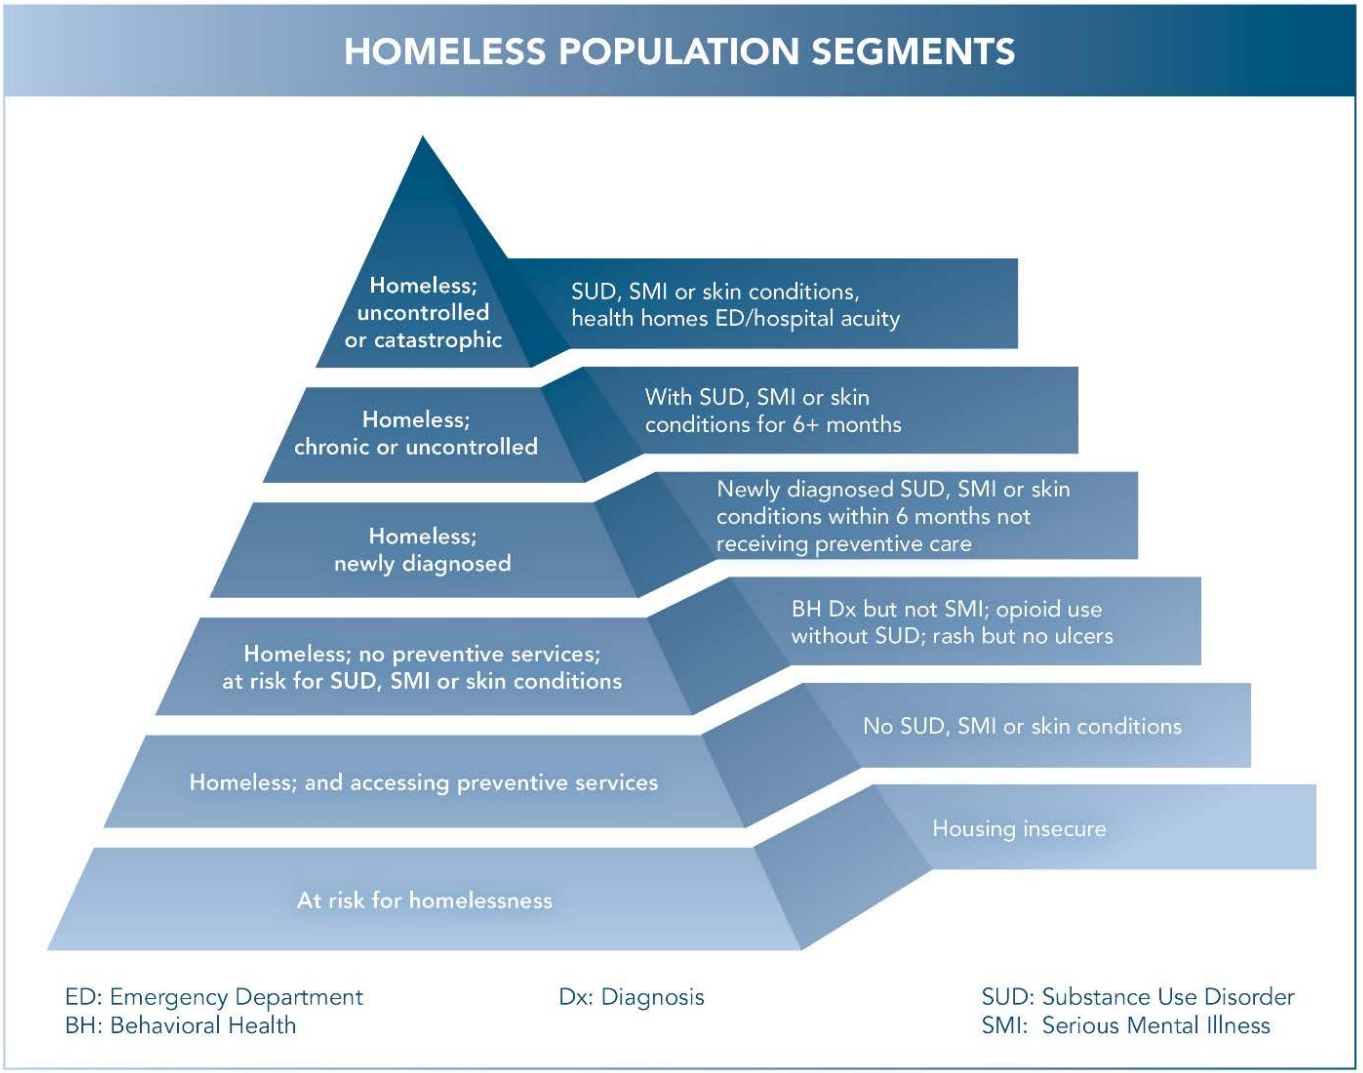
Transitional Settings

- Clinics in Shelters
- On-Site Supportive Services

Existing System

- Clinics
- Office-Based Providers
- Telephonic Case Management

A Population Health Approach



Clinic Health Care Services

- In response to the June 27, 2019, special meeting, the Board approved funding allocations of $60 million for new homeless health initiatives.
- As part of this action, the Board allocated $10 million to “Clinic health care services in all homeless shelters.”
- Staff recognizes the need to establish reliable, recurring, preventive and primary care schedules for members experiencing homelessness who are staying in shelters.
- Currently, most shelters in Orange County have inadequate physical health services available either on-site or through mobile clinics

Leveraging Quality Incentives

Modify the “CalOptima Day” Quality Improvement and incentive strategy for Homeless Health Initiative

Develop a CalOptima Homeless Clinic Access Program (HCAP)

Provide CalOptima Homeless Clinic Access Program (HCAP) at Orange County homeless shelters and other appropriate locations

What is CalOptima Day?

- A practice site-based Quality Improvement and incentive strategy used by CalOptima since 2016 to improve member access to care and HEDIS performance results
  - A half or full-day health and wellness event that is co-hosted by CalOptima, a health network, and a clinic or provider office, offering immunizations and well-care visits to our Medi-Cal members.
  - Clinic/providers offices' to only schedule appointments for CalOptima members assigned to the participating health network and clinic/provider office designated CalOptima Days.
  - Providers are incentivized to host the event and can receive up to $2,400 per CalOptima Day.
  - Members are incentivized with a $25 gift card for completing a visit.

2018 CalOptima Day Focused Measures

- Well-Care Measures
  - Well-Child Visits in the First 15 Months of Life (W15)
  - Well-Child Visits in the Third, Fourth, Fifth and Sixth Years of Life (W34)
  - Adolescent Well-Care Visits (AWC)
- Immunization Measures
  - Childhood Immunization Status (CIS)
    - Combo 10
  - Immunizations for Adolescents (AWC)
    - Combo 2

CalOptima Homeless Clinic Access Program (HCAP)

- Increase the availability of preventive and routine health care services at Orange County shelters to create regular clinic schedules informed by need.
- Provide care transition support and encourage CalOptima members to seek services from their assigned CalOptima providers.
- Coordinate services with other medical and behavioral health care providers when needed.

Proposed Quality Measures

- Preventive services, screenings and chronic care HEDIS measures may include but not be limited to:
  - Access to Ambulatory and Preventive Care Services (AAP)
  - Adult BMI Assessment (ABA)
  - Chlamydia Screening (CHL)
  - Cervical Cancer Screening (CCS)
  - Adult Immunization Status (AIS)
  - Comprehensive Diabetes Care (CDC)
    - HbA1C
    - Retinal Eye Exam
    - Blood Pressure

Proposed Provider Incentives

- CalOptima will offer eligible providers a monetary incentive for participating in the CalOptima Homeless Clinic Access Program (HCAP) events according to two (2) tiers:
  - Tier 1: Eligible provider receives a Tier 1 incentive for event participation for a half (4 hours) or full day (8 hours)
  - Tier 2: Eligible provider may receive a Tier 2 provider incentive, in addition to Tier 1, if the following levels or service are provided;
    - Eligible provider completes 10 appointments during half day (4 hours)
    - Eligible provider completes 20 appointments during a full day (8 hours)

Provider Incentive	Half Day (4 Hours)	Full Day (8 Hours)
Tier 1 Incentive	$800	$1,600
Tier 2 Incentive	$400	$800

Fiscal Impact

- Expenses of up to $1 million annually for provider incentives and $231,087 annually for staffing expenditures
- Budgeted under homeless health-related initiatives in the Fiscal Year 2019–20 Operating Budget
- Approved by the Board on June 6, 2019
- Will fund from the “Clinic health care services in all homeless shelters” category approved by the Board on June 27, 2019

Staffing Expenditure

- Hire Program Manager and Quality Analyst
- Perform incentive program management
- Facilitate scheduling
- Provide care transition support
- Monitor quality and access to primary care
- Coordination with internal and external partners
- Quality performance measurement, analysis and reporting

Recommended Action

- Authorize modification of the existing “CalOptima Day” Quality Improvement and incentive strategy to include a CalOptima Homeless Clinic Access Program (HCAP) that includes primary and preventive care services at Orange County homeless shelters and other locations in collaboration with Community Health Centers;
- Authorize the expenditure of up to $1 million in provider incentives consistent with this proposed expansion of CalOptima Day quality improvement and incentive strategy; and
- Authorize the hiring of two additional staff at an annual cost not to exceed $231,087 in support of this expansion of the CalOptima Day quality incentive program.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken December 1, 2016
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

5. Consider Approval of Medi-Cal Quality Improvement and Accreditation Activities During CalOptima Fiscal Year (FY) 2016-17, Including Contracts and Contract Amendments with Consultant(s), Member and Provider Incentives, and Expenditures of Unbudgeted Funds of up to $1.1 Million

Contact

Richard Bock, M.D., Deputy Chief Medical Officer, (714) 246-8400

Recommended Actions

1. Approve the Quality Improvement activities listed on Attachment 1;
2. Authorize the Chief Executive Officer, with the assistance of Legal Counsel, to contract with new vendors and amend existing vendor contracts, as appropriate, for quality improvement-related services, including NCQA consulting and provider coaching services, incentive distribution and tracking services, PSA development services, survey implementation services, and material and print services selected consistent with CalOptima's Board-approved procurement process;
3. Direct staff to develop Member and Provider incentive programs in the amounts listed on Attachment 1., subject to applicable regulatory approval and guidelines, and final approval by the CalOptima Board prior to implementation; and
4. Authorize unbudgeted expenditures not to exceed $1.1 million to implement these initiatives.

Background

In CalOptima's 2013-2016 Strategic Plan, one of the strategic priorities was related to Quality Programs and Services. As a part of this strategic priority, CalOptima has worked diligently to provide members with access to quality health care services and ensure optimal health outcomes for all our members.

One of the areas of focus within Quality Programs and Services is CalOptima's performance in the National Committee for Quality Assurance (NCQA) accreditation and ratings. The evaluation criterion for the NCQA health plan ratings consists of three dimensions: Prevention, Treatment and Member Satisfaction. According to the most recent NCQA Health Plan Ratings, (NCQA's Medicaid Health Insurance Plan Ratings 2015-2016) CalOptima scored 4 out of 5 on Prevention, 3.5 out of 5 on Treatment, and 2.5 out of 5 in Customer Service. Health Plans are rated on a 5 point scale. CalOptima achieved an overall rating of 4 out of 5. CalOptima has the distinction of being the top rated Medicaid Health plan in California for the past three years. CalOptima is proud to be the only California Medicaid health plan accredited at the "commendable" level by NCQA. Additionally, CalOptima has achieved a 3.5 out of 5.0 "STAR" rating for Medicare by the Centers for Medicare & Medicaid Services (CMS).

Although CalOptima has achieved much success in our quality programs, we have also identified two measures that were below the minimum performance level (MPL) established by the California

Department of Health Care Services (DHCS), and we have prospectively identified other quality measures on the decline that are required for NCQA accreditation and health plan ratings. In order to maintain or exceed our quality performance levels, it is imperative to consider additional interventions which are necessary to achieve these goals, as referenced in our 2016 QI Program Description (Clinical Data Warehouse section, pg 41). These include utilizing multiple levers (direct-to-member, direct-to-provider, incentives, communication strategies, etc.) and programs planned as ongoing strategies throughout the calendar year.

In preparing the CalOptima FY 2016-17 Operating Budget, staff applied the regular budgeting methodology which used the past year's actual run-rate assumptions to allocate funds to various categories, units and lines of business. Upon further review, it became clear that additional funding was necessary to meet existing program commitments for Medi-Cal quality monitoring, reporting and improvement as well as new and expanded quality programs.

Discussion

Maintaining CalOptima's "commendable" accreditation status and rating by NCQA as a top Medicaid plan in California requires ongoing investment in innovative quality initiatives focused on underperforming measures as well as measures aligned with NCQA accreditation, health plan ratings, as well as DHCS and CMS requirements. Funding is also requested to maintain current vendor contracts utilized for quality reporting and to support annually required trainings for quality staff.

Expenditures requested are classified as:

• Budget augmentation for current quality initiatives:	$ 457,740
• New requests for quality initiatives:	$ 605,839
Total Request	$1,063,579

Attachment 1: Summary of Expenditures for Medi-Cal Quality Improvement and Accreditation Activities provides additional detail on the quality related programs, initiatives and proposed incentives. Member and provider incentive programs will be established by CalOptima. Member incentives will follow the guidelines in CalOptima Policy AA.1208 – Non-Monetary Member Incentives. All member and provider incentive programs will be fully developed and returned for Board approval prior to implementation, as well as regulatory approval, as applicable.

Fiscal Impact

The recommended action to appropriate and authorize expenditures of up to $1.1 million for Medi-Cal quality improvement and accreditation activities is an unbudgeted item. Management is requesting Board approval to authorize an additional amount of up to $1.1 million in medical expenses to fund the cost of the quality improvement activities.

Rationale for Recommendation

CalOptima staff believes that by partnering with our Health Network and provider community, targeted, impactful interventions will result in improvements in our quality scores, to maintain our NCQA Commendable status.

QUALITY INITIATIVES

"CalOptima Day"
Child and Adolescent Health and Wellness Event

CalOptima strives to provide quality care for our members. This means finding new ways to better serve them. CalOptima is looking for health networks to host CalOptima Day, a one-day health and wellness event at one high-volume provider office or clinic of their choice, offering immunizations and well-care visits to children and adolescent Medi-Cal members.

Criteria for Participation:

- Health networks and the selected provider office or clinic will help market the event as "CalOptima Day."
- Voluntary participation of one provider office or clinic per health network that serves a high volume of targeted CalOptima Medi-Cal members in Orange County
- Provider office or clinic must be in good standing with CalOptima and have no sanctions or corrective action plans in place at the time of participation.
- Health networks and provider office/ clinic are expected to host a wellness event targeting any or all the measures listed: W15, W34, AWC, CIS and IMA.
- Provider offices and clinics are expected to conduct member outreach efforts including outbound calling, scheduling appointments and record keeping.
- Provider offices/ clinics and the health network are expected to properly code the office visit in accordance to the HEDIS specifications and provide validation to CalOptima this occurred.
- The participating provider or clinic shall provide feedback and a summary report of all vaccinations and well-child visits completed at the event.
- CalOptima will provide gift cards to members as incentives for receiving a recommended immunization(s) during the CalOptima Day event.
- CalOptima will offer participating provider offices or clinics a monetary incentive for hosting the health and wellness event of $300/hr. for each health event, up to $2,400/event. Depending on budget, a primary care provider (PCP)/clinic site may conduct more than one event at the discretion of CalOptima.

For more information, email questions to QI_Initiatives@CalOptima.org.

Please note: A limited number of provider offices and/or clinics will be eligible to participate in the Child and Adolescent Health and Wellness Event. Be on the lookout for more opportunities to participate in a CalOptima incentive program.

Back to Agenda Back to Item

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken December 5, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item
13. Consider Approval of Homeless Health Initiatives Guiding Principles

Contact
Michael Schrader, Chief Executive Officer (714) 246-8400

Recommended Action
Approve Homeless Health Initiatives Guiding Principles and Crosswalk as a framework for future funding allocations.

Background
On April 4, 2019, the CalOptima Board of Directors committed expenditures of $100 million for Homeless Health Initiatives within a three-year period. At that time, $40 million was directed to a range of specific initiatives, including enhanced Medi-Cal services at the Be Well OC Regional Mental Health and Wellness Campus; recuperative care; clinical field team startup costs; CalOptima Homeless Response Team; and homeless coordination at hospitals. An additional $60 million was appropriated for future initiatives. At the special Board meeting on June 27, 2019, a proposal with funding allocations for the $60 million was approved. The funding allocations covered four areas: clinic health care services in all homeless shelters; authorize mobile health team to respond to all homeless providers; residential support services and housing navigation; and extend recuperative care for homeless individuals with chronic physical health issues. On September 5, 2019, staff received Board direction to develop Guiding Principles related to the $60 million allocation and to solicit input from Board members and providers on those principles.

The draft Homeless Health Initiatives Guiding Principles were shared with the Board on September 20, 2019, and a crosswalk of the Guiding Principles and funding categories was later integrated. Both documents were developed in coordination with the Board's ad hoc committee on homeless health. The draft Guiding Principles were also shared with the Orange County Medical Association, the Hospital Association of Southern California and CalOptima health networks. At the October 3, 2019, Board meeting, staff again received direction to bring the Guiding Principles to the full Board for consideration. On October 28, 2019, the California Department of Health Care Services released California Advancing and Innovating Medi-Cal (CalAIM), a proposal with the potential to significantly impact the future Medi-Cal delivery system framework, starting in 2021. Although the proposal is not yet finalized or approved by state and federal regulators, some tenets of CalAIM are designed to enhance services for high-needs populations, including homeless individuals. On November 7, 2019, the Board requested that staff consider the impact of CalAIM on the Guiding Principles, update the document if needed and present the information to the full Board.

Discussion
The Board recognizes that the approved $60 million allocation for the Homeless Health Initiatives allows room for flexibility to execute the new initiatives that are most impactful and relevant to our

members experiencing homelessness. The staff developed the Homeless Health Initiatives Guiding Principles to refine the decision-making process, ensure investment in the most appropriate programs and to address provider concerns. Proposals consistent with the principles will be brought forward for consideration by the Board; proposals that are inconsistent will face revision or rejection. Proposals may also change depending on the status of CalAIM. Ultimately, the Board has full discretion on the allocation of funds. However, internal and external stakeholders will be able to use the Guiding Principles to support initiatives that unify the community around the shared goal of better serving Orange County's homeless population.

Fiscal Impact

The recommended action is budget neutral. The $60 million allocation has already been approved by the Board. The recommended action has the effect of distributing funds to various as yet undetermined initiatives, but the amount will not exceed $60 million.

Rationale for Recommendation

The above recommendation serves to guide funding allocations for CalOptima's Homeless Health Initiatives to ensure expenditures meet strategic priorities and have the most positive impact for members.

Homeless Health Initiatives: Guiding Principles

Board of Directors Meeting
December 5, 2019

Michael Schrader, Chief Executive Officer
TC Roady, Director, Regulatory Affairs and Compliance
Candice Gomez, Executive Director, Program Implementation

Agenda

- Current initiatives and Board direction
- California Advancing and Innovating Medi-Cal (CalAIM)
- Homeless Health allocation in light of CalAIM

Current Initiatives

Board-Approved Programs With $100 Million Homeless Health Reserve	Funding
Be Well OC Regional Mental Health and Wellness Hub	$11.4 million
Recuperative Care	$10.75 million
Respite Care	$250,000
Clinical Field Team Startup	$1.6 million
CalOptima Homeless Response Team	$6 million
Homeless Coordination at Hospitals	$10 million
CalOptima Day and Quality Improvement Program	$1.2 million
Federally Qualified Health Centers Expansion	$.6 million
Total Allocated	**$41.8 million**
Remaining Funding Available	**$58.2 million**

- Other Board-Approved Programs Supporting Homeless Health
  - Medication-Assisted Treatment: $6 million (IGT funds)
- Other Programs Pending Board Approval
  - Housing Supportive Services: $2.5 million (reallocated from reserve)

Board Actions and Directives on Homeless Health

- In June, the Board adopted a $60 million allocation for homeless health spending in four categories
  - Clinic health care services in all homeless shelters
  - Mobile health team response to all homeless providers
  - Residential support services and housing navigation
  - Recuperative care for those with chronic physical health issues
- Working with the Board's ad hoc committee, staff developed Guiding Principles and crosswalk to provide the Board with a tool to guide funding decisions
- CalAIM has the potential to affect homeless health spending in the future
  - Consider CalAIM's impact on Guiding Principles

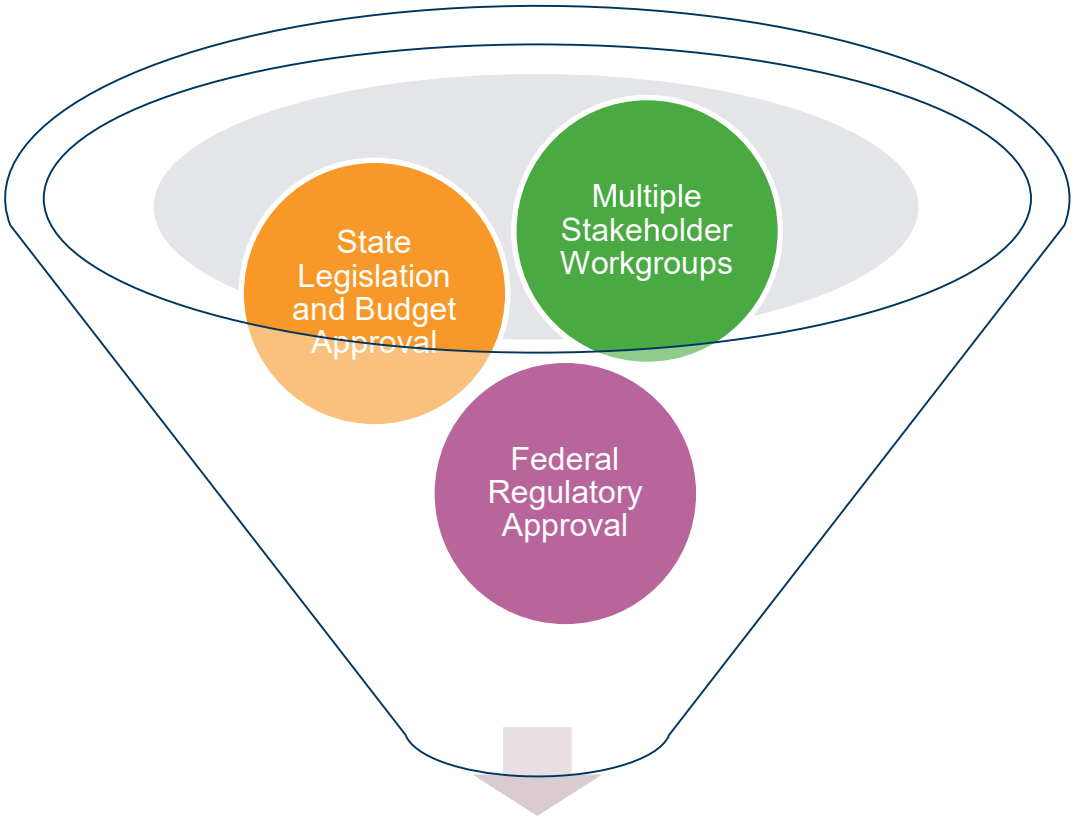
CalAIM Background

- On October 28, the Department of Health Care Services (DHCS) released CalAIM, a proposal with the potential to significantly impact the future Medi-Cal delivery system framework
  - Spans a five-year period from 2021 to 2025
  - Contains more than 20 core initiatives
  - Expands Medi-Cal managed care plans' responsibilities

- The proposal represents the start of a process that will include stakeholder engagement, and multiple federal and state approvals

CalAIM Process

- CalAIM is in the early stages of development
- CalAIM will evolve before reaching a final form for implementation starting January 1, 2021
  - ➢ Many layers of input will undoubtedly change the proposal



Final CalAIM Document

Five CalAIM Workgroups

Population Health/ Annual Enrollment	• Requires managed care plans to develop and maintain population health management strategies
Enhanced Care Management	• Explores implementation of an enhanced care management benefit and in lieu of services
Behavioral Health	• Considers integration of county-level mental health and substance use disorder programs
NCQA Accreditation	• Provides input on a proposal to require Medi-Cal managed care plans to obtain accreditation
Full Integration Plans	• Discusses full integration of physical health, behavioral health and oral health under one entity

Future CalAIM Implementation

- The various proposals have different effective dates, ranging from January 2021 to January 2025
  - Understanding the rules and regulations before and after implementation will be challenging

- With regard to CalOptima's Homeless Health Initiatives, three proposals (in their current form) have the most potential impact in the near term
  - Population Health Management
  - Enhanced Care Management
  - In Lieu of Services

Current State, Before CalAIM

- Programs that “bridge” to CalAIM
  - Health Homes Program (HHP)
    - Enhanced care management
    - Housing supportive services
  - Whole-Person Care (WPC)
    - Recuperative care
- Intergovernmental Transfer (IGT) 1–7 dollars
  - Enhanced services for Medi-Cal members
    - Reallocating funds toward housing supportive services
- IGT 8 dollars
  - Medi-Cal-covered services for Medi-Cal members
    - Enhanced hospital discharge planning
    - Transitions of care (under development with stakeholder group)

Future Possibilities, After CalAIM*

- Population Health Management (PHM)
  - Develop and maintain PHM programs compliant with NCQA requirements, and update and file annually with DHCS
  - Risk stratify populations (low-, medium- and high-risk) and have defined actions and programs to address population needs
  - Conduct initial member assessments and then reassessments on an annual basis
  - Offer basic, complex and enhanced care management

Subject to stakeholder input and CMS and DHCS approval

Future Possibilities, After CalAIM* (Cont.)

- Enhanced Care Management (ECM) and In Lieu of Services (ILOS)
  - Statewide health plan benefit replacing HHP and WPC by January 1, 2021
  - Holistic, interdisciplinary approach to clinical and non-clinical needs of target populations
    - Individuals experiencing homelessness are specifically included as a target population
  - By July 2020, plans must submit transition plan moving from HHP and WPC to the ECM/ILOS model of care

Subject to stakeholder input and CMS and DHCS approval

Future Possibilities, After CalAIM* (Cont.)

- ILOS can only be covered if:
  - State determines that the service is a medically appropriate and cost-effective substitute for a typical service
  - The service is optional (beneficiaries are not required to use ILOS)
  - The service is authorized and identified in the state's Medi-Cal managed care plan contract

Menu of In Lieu of Services Options**
Housing transition navigation services
Housing deposits
Housing tenancy
Short-term post-hospitalization housing
Nursing facility transition/diversion
Recuperative care
Personal care and homemaker services
Respite care
Day habilitation programs
Home modifications
Meals/medically tailored meals
Sobering centers

***See CalAIM Appendix D for a detailed description of what is allowed under each of the above ILOS*

* *Subject to stakeholder input and CMS and DHCS approval*

CalAIM Advocacy

- California Association of Health Plans and Local Health Plans of California are actively participating in the CalAIM process
  - Managed care plans, including CalOptima, will be integral in shaping the eventual final CalAIM document
  - Managed care plans are generally very supportive of the direction CalAIM is headed

- Responding to the needs of Orange County's homeless population would be enhanced through adoption of certain current CalAIM proposals
  - CalOptima will advocate to this effect and pursue opportunities as available

Recommended Action

- Approve homeless health initiatives Guiding Principles and crosswalk as a framework for future funding allocations

HOMELESS HEALTH INITIATIVES GUIDING PRINCIPLES
December 5, 2019

Organizations across Orange County are actively responding to the local homeless crisis. CalOptima is participating by making improvements to the health care delivery system for homeless individuals. On April 4, 2019, the Board of Directors voted to commit $100 million in a restricted homeless health reserve. At that time, $40 million was directed to a range of specific initiatives, and $60 million was for unidentified new initiatives:

Projects *(as of April 4, 2019)*	**Allocated**	**Unallocated**	**Funding Category**
Enhanced Medi-Cal Services at the Be Well OC Regional Mental Health and Wellness Campus	$11.4 million		IGT 1–7 ($24 million total)
Recuperative Care	$11 million		
Clinical Field Team Startup Costs	$1.6 million		
CalOptima Homeless Response Team ($1.2 million/year x 5 years)	$6 million		IGT 8 and FY 2018–19 operating funds ($76 million total)
Homeless Coordination at Hospitals ($2 million/year x 5 years)	$10 million		
New Initiatives		$60 million	
Total Reserve: $100 million	**$40 million**	**$60 million**	

In the months since, CalOptima has continued to consider program options, in part by welcoming input from community organizations and providers serving homeless individuals. On June 27, 2019, at a special Board meeting, the Board approved a proposal outlining $60 million in funding allocations for new homeless health initiatives as follows:

1. Clinic health care services in all homeless shelters – $10 million
2. Authorize mobile health team to respond to all homeless providers –$10 million
3. Residential support services and housing navigation – $20 million
4. Extend recuperative care for homeless individuals with chronic physical health issue – $20 million

The Board recognizes that the approved allocations allow room for interpretation and the possibility of executing new initiatives in various ways. Further, a recent state proposal, known as California Advancing and Innovating Medi-Cal (CalAIM), suggests significant changes to the Medi-Cal managed care landscape starting in 2021. Although the proposal is not yet finalized or approved by state and federal regulators, some tenets of CalAIM are designed to enhance services for high-needs populations, including homeless individuals. To move forward with effective funding allocations in this dynamic environment, staff have developed Guiding

Principles to refine decision making, ensure investment in the most appropriate programs and respond to provider concerns. Proposals consistent with the principles would be brought forward for consideration by the Board; proposals that are inconsistent would face revision or rejection. Proposals may also change depending on the status of CalAIM. Ultimately, the Board has full discretion, but internal and external audiences can use the principles to support initiatives that unify the community around our shared goal of better serving Orange County's homeless population.

GUIDING PRINCIPLES

Transparent and Inclusive

Inherent in CalOptima's response to the homeless crisis is a commitment to engage the community. Since beginning this effort and across several months, we have collaborated with Orange County Health Care Agency leaders, homeless advocates, community health center staff, provider representatives and countless others. CalOptima staff have and will continue to host meetings and forums, most recently adding a provider and hospital meeting series. Our interest in establishing these Guiding Principles starts from this place of inclusiveness.

- *CalOptima shall foster transparency in homeless health spending by regularly engaging stakeholders to gather ideas and feedback.*

Compliant and Sustainable

CalOptima has invested considerable time and money in understanding the legal and regulatory spending parameters related to health care delivery system enhancements for members who are homeless. In this environment, there are clear distinctions between funding sources that must be maintained. Intergovernmental Transfer (IGT) 1–7 dollars were permitted for enhancements to Medi-Cal services, but new IGT 8 dollars must be used according to different guidelines that restrict the spending to Medi-Cal-covered services. Furthermore, use of FY 2018–19 operating funds is similarly restricted to Medi-Cal-covered services for members, so expenditure of these dollars will be incorporated into CalOptima's rate development process. This would create sustainable funding for ongoing homeless health programs even after depletion of the Board-established homeless health reserve. However, the CalAIM proposal has the potential to expand Medi-Cal-covered benefits, which could broaden what CalOptima is permitted to fund for homeless health. This opportunity is under development, so until CalAIM is finalized, CalOptima must adhere to current rules. In any event, financial stewardship is one of CalOptima's core values, and our commitment is to spend on new homeless health initiatives in a fashion that complies with all applicable rules and appropriately builds our rates.

- *CalOptima shall spend the $60 million on allowable uses only, with the strict rule that IGT 8 and FY 2018–19 funds must be used for Medi-Cal-covered services for Medi-Cal members.*

Strategic and Integrated

CalOptima's effort to better serve members who are homeless is aligned with the strategic direction of state and federal regulators as well as industry trends. Population health initiatives recognize that certain populations need targeted interventions, and these programs can be integrated within the existing delivery system. For example, CalOptima's clinical field team program is designed to reconnect members with their medical homes not replace them. We appreciate the essential role of our hospital and health network partners and will purposefully seek ways to ensure new homeless health initiatives are integrated.

- *CalOptima shall support programs that honor the unique needs of the homeless population while integrating into the existing delivery system.*

Defined and Accountable

CalOptima is in new territory exploring ways to respond to the needs of homeless members. But our commitment to longstanding principles of quality and accountability has not changed. As we move forward, new programs will be carefully defined through Board-approved actions and subject to appropriate oversight and performance metrics. The CalOptima Board will hold itself accountable to ensure the implemented programs provide value and perform as anticipated, which may include establishing incentives for provider partners.

- *CalOptima shall identify measures of success and develop incentives to boost accountability in any new homeless health initiative.*

CROSSWALK: HOMELESS HEALTH INITIATIVES GUIDING PRINCIPLES AND FUNDING CATEGORIES

December 5, 2019

		Homeless Health Funding Categories			
		Clinic health care services in all homeless shelters	**Authorize mobile health team to respond to all homeless providers**	**Residential support services and housing navigation**	**Extend recuperative care for homeless individuals with chronic physical health issue**
Guiding Principles	**Transparent and Inclusive*** *Transparent planning that includes providers and other key stakeholders*	Consistent: Specific initiatives in this category could be designed and developed in collaboration with providers and other stakeholders.	Consistent: Specific initiatives in this category could be designed and developed in collaboration with providers and other stakeholders.	Consistent: CalOptima and our health networks transparently and inclusively provide Medi-Cal members with case management and care coordination as appropriate. In addition, health networks will serve as CB-CMEs for HHP, with Illumination Foundation as an available vendor for housing navigation. However, the CalAIM proposal would sunset HHP and transition housing navigation to another program. Separately, the IHSS, MSSP and PACE programs provide services in the member's home.	Consistent: Today, recuperative care is not currently a Medi-Cal benefit, apart from the WPC pilot to which CalOptima previously allocated funds for recuperative care. However, CalOptima is planning to advocate with providers and stakeholders through the CalAIM process for the state to make recuperative care a Medi-Cal benefit in 2021, upon the completion of the WPC pilot.
		*Assumes continued coordination of input from biweekly health network/hospital meetings with CalOptima Board Homeless Health Ad Hoc.			
	Compliant and Sustainable *Sustained Medi-Cal funding for CalOptima from DHCS*	Consistent: Continuing to pay for clinic services (Medi-Cal-covered services) for CalOptima Medi-Cal members at shelters would be sustainable in terms	Consistent: Continuing to pay for clinical field team services (Medi-Cal-covered services) for CalOptima Medi-Cal members would be sustainable in	Consistent: Case management and care coordination are covered benefits under the basic Medi-Cal program, and housing navigation is a	Inconsistent: Inconsistent today because recuperative care is not a Medi-Cal-covered service, except through the WPC pilot. Consequently, there

		of ongoing state funding.	terms of ongoing state funding.	covered benefit under HHP. However, the CalAIM proposal would sunset HHP and transition housing navigation to another program. Consequently, there is sustainable funding within these parameters.	is no source of sustainable funding currently. However, the CalAIM process has the potential to broaden Medi-Cal-covered services to include recuperative care.
	Strategic and Integrated *Integration with CalOptima's contracted health care delivery system*	Consistent: Clinic services in homeless shelters should reconnect members with their medical homes (i.e., health networks and PCPs).	Consistent: Clinical field teams should reconnect members with their medical homes (i.e., health networks and PCPs).	Consistent: Case management and care coordination services are integrated into CalOptima's contracted health care delivery system. HHP CB-CMEs will also be integrated through health networks. The CalAIM proposal would sunset HHP and transition housing navigation to another program, which would also be integrated into the CalOptima system.	Consistent: If recuperative care becomes a Medi-Cal benefit following completion of the WPC pilot and/or implementation of CalAIM, CalOptima would integrate the benefit with our contracted delivery system of health networks and hospitals.
	Defined and Accountable *Specific deliverables and measures of success*	Consistent: Specific initiatives in this category could be designed and developed with identified deliverables and measures of success.	Consistent: Specific initiatives in this category could be designed and developed with identified deliverables and measures of success.	Consistent: There is definition and accountability for health networks related to case management, care coordination and HHP CB-CME housing services. However, the CalAIM proposal would sunset HHP and transition housing navigation to another program, which would also be defined and accountable.	Consistent: If recuperative care becomes a Medi-Cal benefit, we will continue what the WPC pilot successfully started, including to have specific deliverables and measures of success (e.g., transitions to PSH).

Acronyms:
CalAIM = California Advancing and Innovating Medi-Cal
CB-CME = Community-Based Care Management Entity
HHP = Health Homes Program
IHSS = In-Home Supportive Services
MSSP = Multipurpose Senior Services Program
PACE = Program of All-Inclusive Care for the Elderly
PCP = Primary Care Physician
PSH = Permanent Supportive Housing
WPC = Whole-Person Care

CMS Adult Elective Surgery and Procedures Recommendations:

Limit all non-essential planned surgeries and procedures, including dental, until further notice

To aggressively address COVID-19, CMS recognizes that conservation of critical resources such as ventilators and Personal Protective Equipment (PPE) is essential, as well as limiting exposure of patients and staff to the SARS-CoV-2 virus. Attached is guidance to limit non-essential adult elective surgery and medical and surgical procedures, including all dental procedures. These considerations will assist in the management of vital healthcare resources during this public health emergency.

Dental procedures use PPE and have one of the highest risks of transmission due to the close proximity of the healthcare provider to the patient. To reduce the risk of spread and to preserve PPE, we are recommending that all non-essential dental exams and procedures be postponed until further notice.

A tiered framework is provided to inform health systems as they consider resources and how best to provide surgical services and procedures to those whose condition requires emergent or urgent attention to save a life, preserve organ function, and avoid further harms from underlying condition or disease. Decisions remain the responsibility of local healthcare delivery systems, including state and local health officials, and those surgeons who have direct responsibility to their patients. However, in analyzing the risk and benefit of any planned procedure, not only must the clinical situation be evaluated, but resource conservation must also be considered. These recommendations are meant to be refined over the duration of the crisis based on feedback from subject matter experts. At all times, the supply of personal protective equipment (PPE), hospital and intensive care unit beds, and ventilators should be considered, even in areas that are not currently dealing with COVID-19 infections. Therefore, while case-by-case evaluations are made, we suggest that the following factors to be considered as to whether planned surgery should proceed:

- Current and projected COVID-19 cases in the facility and region.
    - consider the following tiered approach in the table below to curtail elective surgeries. The decisions should be made in consultation with the hospital, surgeon, patient, and other public health professionals.
- Supply of PPE to the facilities in the system
- Staffing availability
- Bed availability, especially intensive care unit (ICU) beds
- Ventilator availability
- Health and age of the patient, especially given the risks of concurrent COVID-19 infection during recovery
- Urgency of the procedure.

Tiers	Action	Definition	Locations	Examples
Tier 1a	Postpone surgery/ procedure	**Low acuity surgery/healthy patient**- outpatient surgery Not life threatening illness	HOPD* ASC** Hospital with low/no COVID-19 census	-Carpal tunnel release -EGD -Colonoscopy -Cataracts
Tier 1b	Postpone surgery/ procedure	**Low acuity surgery/unhealthy patient**	HOPD ASC Hospital with low/no COVID-19 census	-Endoscopies
Tier 2a	Consider postponing surgery/procedure	**Intermediate acuity surgery/healthy patient-** Not life threatening but potential for future morbidity and mortality. Requires in-hospital stay	HOPD ASC Hospital with low/no COVID-19 census	-Low risk cancer -Non urgent spine & Ortho: Including hip, knee replacement and elective spine surgery -Stable ureteral colic -Elective angioplasty
Tier 2b	Postpone surgery/ procedure if possible	**Intermediate acuity surgery/unhealthy patient**-	HOPD ASC Hospital with low/no COVID-19 census	
Tier 3a	Do not postpone	**High acuity surgery/healthy patient**	Hospital	-Most cancers -Neurosurgery -Highly symptomatic patients
Tier 3b	Do not postpone	**High acuity surgery/unhealthy patient**	Hospital	-Transplants -Trauma -Cardiac w/ symptoms -limb threatening vascular surgery

Policy:	GG.1665
Title:	**Telehealth and Other Technology-Enabled Services**
Department:	Medical Management
Section:	Population Health Management
CEO Approval:	*/s/ Michael Schrader 03/25/2020*
Effective Date:	03/01/2020
Revised Date:	Not applicable
Applicable to:	☒ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☐ Administrative - Internal ☐ Administrative – External

I. PURPOSE

This policy sets forth the requirements for coverage and reimbursement of Telehealth Covered Services rendered to CalOptima Medi-Cal Members.

II. POLICY

A. Qualified Providers may provide Medi-Cal Covered Services to Members through Telehealth as outlined in this Policy and in compliance with applicable statutory, regulatory, contractual requirements, and Department of Health Care Services (DHCS) guidance.

B. CalOptima and its Health Networks shall ensure that Covered Services provided through Telehealth are rendered by Qualified Providers who meet appropriate licensing and regulatory requirements as provided in Section III.A. of this Policy and in accordance with CalOptima Policies GG.1650Δ: Credentialing and Recredentialing of Practitioners, and GG.1605: Delegation and Oversight of Credentialing or Recredentialing Activities prior to providing services to any Member.

C. Qualified Providers who use Telehealth to furnish Covered Services must comply with the following requirements:

1. Obtain verbal or written consent from the Member for the use of Telehealth as an acceptable mode of delivering health care services;

2. Comply with all state and federal laws regarding the confidentiality of health care information;

3. Maintain the rights of CalOptima Members access to their own medical information for telehealth interactions;

4. Document treatment outcomes appropriately; and

5. Share records, as needed, with other providers (Telehealth or in-person) delivering services as part of Member's treatment.

Back to Agenda Back to Item

D. Members shall not be precluded from receiving in-person Covered Services after agreeing to receive Covered Services through Telehealth.

E. CalOptima and its Health Networks shall not require a Qualified Provider to be present with the Member at the Originating Site unless determined Medically Necessary by the provider at the Distant Site.

F. CalOptima or a Health Network shall not limit the type of setting where Telehealth Covered Services are provided to the Member.

G. CalOptima and its Health Networks shall permit Qualified Providers to render and be reimbursed for Covered Services through Telehealth when consistent with applicable laws, regulations, DHCS guidance and this Policy.

H. CalOptima and its Health Networks shall ensure that Qualified Providers using Telehealth to deliver Covered Services comply with applicable laws, regulations, guidance addressing coverage and reimbursement of Covered Services provided via Telehealth.

I. CalOptima and its Health Networks may use Telehealth to satisfy network adequacy requirements as outlined in DHCS All Plan Letter (APL) 20-003: Network Certification Requirements, as well as any applicable DHCS guidance.

J. Other Technology-Enabled Services including Virtual Check-In Services, E-Visits, E-Consults, and Remote Monitoring Services that are commonly furnished remotely using telecommunications technology without the same restrictions that apply to Medi-Cal Telehealth Covered Services may also be furnished and reimbursed if they otherwise meet the Medi-Cal laws, regulations, and other guidance, and the requirements set forth in this Policy.

K. In the event of a health-related national emergency, DHCS may request, and CMS may grant temporary waivers regarding Telehealth or Other Technology-Enabled Services requirements. Please see addenda attached to this Policy for information related to health-related national emergency waivers.

III. PROCEDURE

A. Member Consent to Telehealth Modality

1. Qualified Providers furnishing Covered Services through Telehealth must inform the Member about the use of Telehealth and obtain verbal or written consent from the Member for the use of Telehealth as an acceptable mode of delivering health care services.

2. Qualified Providers may use a general consent agreement that specifically mentions the use of Telehealth as an acceptable modality for the delivery of Covered Services as appropriate consent from the Member.

3. Qualified Providers must document consent as provided in Section III.D.

B. Qualifying Provider Requirements

1. The following requirements apply to Qualified Providers rendering Medi-Cal Covered Services via Telehealth:

a. The Qualified Provider meets the following licensure requirements:

i. The Qualified Provider is licensed in the state of California and enrolled as a Medi-Cal rendering provider or non-physician medical practitioner (NMP); or

ii. If the Qualified Provider is out of state, the Qualified Provider must be affiliated with a Medi-Cal enrolled provider group in California (or a border community) as outlined in the Medi-Cal Provider Manual.

2. The Qualified Provider must satisfy the requirements of California Business and Professions Code (BPC) section 2290.5(a)(3), or the requirements equivalent to California law under the laws of the state in which the provider is licensed or otherwise authorized to practice (such as the California law allowing providers who are certified by the Behavior Analyst Certification Board, which is accredited by the National Commission on Certifying Agencies, to practice as Behavior Analysts, despite there being no state licensure).

3. Qualified Providers who do not have a path to enroll in fee-for-service Medi-Cal do not need to enroll with DHCS in order to provide Covered Services through Telehealth.

C. Provision of Covered Services through Telehealth

1. Qualified Providers may provide any existing Medi-Cal Covered Service, identified by Current Procedural Terminology – 4th Revision (CPT-4) or Healthcare Common Procedure Coding System (HCPCS) codes and subject to any existing utilization management treatment authorization requirements, through a Telehealth modality if all of the following criteria are satisfied:

a. The treating Qualified Provider at the Distant Site believes the Covered Services being provided are clinically appropriate to be delivered through Telehealth based upon evidence-based medicine and/or best clinical judgment;

b. The Member has provided verbal or written consent in accordance with this Policy;

c. The medical record documentation substantiates the Covered Services delivered via Telehealth meet the procedural definition and components of the CPT-4 or HCPCS code(s) associated with the Covered Service;

d. The Covered Services provided through Telehealth meet all laws regarding confidentiality of health care information and a Member's right to the Member's own medical information; and

e. The Covered Services provided must support the appropriateness of using the Telehealth modality based on the Member's level of acuity at the time of the service.

f. The Covered Services must not otherwise require the in-person presence of the Member for any reason, including, but not limited to, Covered Services that are performed:

i. In an operating room;

ii. While the Member is under anesthesia;

iii. Where direct visualization or instrumentation of bodily structures is required; or

iv. Involving sampling of tissue or insertion/removal of medical devices.

2. Telehealth Covered Services must meet Medi-Cal reimbursement requirements and the corresponding CPT or HCPCS code definition must permit the use of the technology.

D. Documentation Requirements

1. Documentation for Covered Services delivered through Telehealth are the same as documentation requirements for a comparable in-person Covered Service.

2. All Distant Site providers shall maintain appropriate supporting documentation in order to bill for Medi-Cal Covered Services delivered through Telehealth using the appropriate CPT or HCPCS code(s) with the corresponding modifier as defined in the Medi-Cal Provider Manual Part 2: Medicine: Telehealth and in accordance with CalOptima Policy GG.1603: Medical Records Maintenance.

3. CalOptima and its Health Networks shall not require providers to:

   a. Provide documentation of a barrier to an in-person visit for Medi-Cal services provided through Telehealth; or

   b. Document cost effectiveness of Telehealth to be reimbursed for Telehealth services or store and forward services.

4. Qualified Providers must document the Member's verbal or written consent in the Member's Medical Record. General consent agreements must also be kept in the Member's Medical Record. Consent records must be available to DHCS upon request, and in accordance with CalOptima Policy GG.1603: Medical Records Maintenance.

5. Qualified Providers must use the modifiers defined in the Medi-Cal Provider Manual with the appropriate CPT-4 or HCPCS codes when coding for services delivered through Telehealth, for both Synchronous Interactions and Asynchronous Store and Forward telecommunications. Consultations via asynchronous electronic transmission cannot be initiated directly by CalOptima Members.

E. Federally Qualified Health Centers (FQHCs) and Rural Health Clinics (RHCs)

1. FQHC/RHC Established Member

   a. A Member is an FQHC/RHC Established Member if the Member has a Medical Record with the FQHC or RHC that was created or updated during a visit that occurred in the clinic or during a synchronous Telehealth visit in a Member's residence or home with a clinic provider and a billable provider at the clinic. The Member's Medical Record must have been created or updated within the previous three (3) years; or,

   b. The Member is experiencing homelessness, homebound, or a migratory or seasonal worker and has an established Medical Record that was created from a visit occurring within the last three years that was provided outside the Originating Site clinic, but within the service area of the FQHC or RHC; or,

   c. The Member is assigned to the FQHC or RHC by CalOptima or their Health Network pursuant to a written agreement between the plan and the FQHC or RHC.

2. Services rendered through Telehealth to an FQHC/RHC Established Member must comply with Section II.C. of this Policy and be FQHC or RHC Covered Services and billable as documented

in the Medi-Cal Provider Manual Part 2: Rural Clinics (RHCs) and Federally Qualified Health Centers (FQHCs).

F. CalOptima or a Health Network shall authorize Covered Services provided through Telehealth as follows:

1. For a CalOptima Direct Member, a Qualified Provider shall submit a routine Prior Authorization Request (ARF) based on Medical Necessity for services that would require prior authorization if provided in an in-person encounter, in accordance with CalOptima Policies GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers and GG.1508: Authorization and Processing of Referrals.

2. For a Health Network Member, a Qualified Provider shall obtain authorization from the Member's Health Network, in accordance with the Health Network's authorization policies and procedures.

G. Other Technology-Enabled Services

1. E-Consults

a. E-consults are permissible only between Qualified Providers.

b. Consultations via asynchronous electronic transmission cannot be initiated directly by patients.

c. E-consults are permissible using CPT-4 code 99451, and appropriate modifiers, subject to the service requirements, limitations, and documentation requirements of the Medi-Cal Provider Manual, Part 2—Medicine: Telehealth.

2. Virtual/Telephonic Communication

a. Virtual/telephonic communication includes a brief communication with another practitioner or with a patient who cannot or should not be physically present (face-to-face).

b. Virtual/Telephonic Communications are classified as follows:

i. HCPCS code G2010: Remote evaluation of recorded video and/or images submitted by an established patient (e.g., store and forward), including interpretation with follow-up with the patient within twenty-four (24) hours, not originating from a related evaluation and management (E/M) service provided within the previous seven (7) days nor leading to an E/M service or procedure within the next twenty-four (24) hours or soonest available appointment.

ii. HCPCS code G2012: Brief communication technology-based service, e.g., virtual check-in, by a physician or other qualified health care professional who can report evaluation and management services, provided to an established patient, not originating from a related E/M service provided within the previous seven (7) days nor leading to an E/M service or procedure within the next twenty-four (24) hours or soonest available appointment; 5-10 minutes of medical discussion. G2012 can be billed when the virtual communication occurred via a telephone call.

H. Service Requirements and Electronic Security

1. Qualified Providers must use an interactive audio, video or data telecommunications system that permits real-time communication between the Qualified Provider at the Distant Site and the Member at the Originating Site for Telehealth Covered Services.

    a. The audio-video Telehealth system used must, at a minimum, have the capability of meeting the procedural definition of the code provided through Telehealth.

    b. The telecommunications equipment must be of a quality or resolution to adequately complete all necessary components to document the level of service for the CPT code or HCPCS code billed.

2. The Qualified Provider must comply with all applicable laws and regulations governing the security and confidentiality of Telehealth transmission. Qualified Providers may not use popular applications that allow for video chats (including Apple FaceTime, Facebook Messenger video chat, Google Hangouts video, or Skype) when they are not HIPAA compliant except where state and federal agencies have otherwise permitted such use (e.g., public emergency declarations) and when so permitted, they may only be used for the time period such applications are allowed. In such public emergency circumstances, Qualified Providers are encouraged to notify Members that these third-party applications potentially introduce privacy risks. Qualified Providers should also enable all available encryption and privacy modes when using such applications. Under no circumstances, are public facing applications (such as Facebook Live, Twitch, TikTok, and similar video communication applications) permissible for Telehealth.

I. A Member shall be entitled to appeals and grievance procedures in accordance with CalOptima Policies HH.1102: Member Grievance, HH.1103: Health Network Member Grievance and Appeal Process, HH.1108: State Hearing Process and Procedures, and GG.1510: Appeals Process.

J. Payments for services covered by this Policy shall be made in accordance with all applicable State DHCS requirements and guidance. CalOptima shall process and pay claims for Covered Services provided through Telehealth in accordance with CalOptima Policies FF.1003: Payment for Covered Services Rendered to a Member of CalOptima Direct or a Member Enrolled in a Shared Risk Group and FF.2001: Claims Processing for Covered Services Rendered to CalOptima Direct-Administrative Members, CalOptima Community Network Members, or Members Enrolled in a Shared Risk Group.

IX. GLOSSARY

Term	Definition
Asynchronous Store and Forward	The transmission of a Member's medical information from an Originating Site to the health care provider at a Distant Site without the presence of the Member.
Border Community	A town or city outside, but in close proximity to, the California border.
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program effective July 1, 2019, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127), effective January 1, 2020 for HHP Members with eligible physical chronic conditions and substance use disorders, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members not-withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.
Distant Site	A site where a health care provider who provides health care services is located while providing these services via a telecommunications system. The distant site for purposes of telehealth can be different from the administrative location.
Electronic Consultations (E-consults)	Asynchronous health record consultation services that provide an assessment and management service in which the Member's treating health care practitioner (attending or primary) requests the opinion and/or treatment advice of another health care practitioner (consultant) with specific specialty expertise to assist in the diagnosis and/or management of the Member's health care needs without Member face-to-face contact with the consultant. E-consults between health care providers are designed to offer coordinated multidisciplinary case reviews, advisory opinions and recommendations of care. E-consults are permissible only between health care providers and fall under the auspice of store and forward.

Term	Definition
FQHC/RHC Established Member	A Medi-Cal eligible recipient who meets one or more of the following conditions: • The patient has a health record with the FQHC or RHC that was created or updated during a visit that occurred in the clinic or during a synchronous telehealth visit in a patient's residence or home with a clinic provider and a billable provider at the clinic. The patient's health record must have been created or updated within the previous three years. • The patient is homeless, homebound or a migratory or seasonal worker (HHMS) and has an established health record that was created from a visit occurring within the last three years that was provided outside the Originating Site clinic, but within the FQHC's or RHC's service area. All consent for telehealth services for these patients must be documented. • The patient is assigned to the FQHC or RHC by their Managed Care Plan pursuant to a written agreement between the plan and the FQHC or RHC.
Federally Qualified Health Centers (FQHC)	A type of provider defined by the Medicare and Medicaid statutes. FQHCs include all organizations receiving grants under Section 330 of the Public Health Service Act, certain tribal organizations, and FQHC Look-Alikes. An FQHC must be a public entity or a private non-profit organization. FQHCs must provide primary care services for all age groups.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide covered services to Members assigned to that health network.
HIS-MOA Clinics	Indian Health Services (IHS), Memorandum of Agreement (MOA) 638, clinics that are participating under the IHS-MOA are not affected by PPS rate determination. Refer to the Indian Health Services (IHS), Memorandum of Agreement (MOA) 638, Clinics section in this manual for billing details
Medically Necessary or Medical Necessity	Necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or Treatment of disease, illness, or injury. Services must be provided in a way that provides all protections to the Enrollee provided by Medicare and Medi-Cal. Per Medicare, services must be reasonable and necessary for the diagnosis or treatment of illness or injury or to improve the functioning of a malformed body member, or otherwise medically necessary under 42 U.S.C. § 1395y. In accordance with Title XIX law and related regulations, and per Medi-Cal, medical necessity means reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury under WIC Section 14059.5.
Medical Record	A medical record, health record, or medical chart in general is a systematic documentation of a single individual's medical history and care over time. The term 'Medical Record' is used both for the physical folder for each individual patient and for the body of information which comprises the total of each patient's health history. Medical records are intensely personal documents and there are many ethical and legal issues surrounding them such as the degree of third-party access and appropriate storage and disposal.

Term	Definition
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Originating Site	A site where a Member is located at the time health care services are provided via a telecommunications system or where the Asynchronous Store and Forward service originates.
Qualified Provider	A professional provider including physicians and non-physician practitioners (such as nurse practitioners, physician assistants and certified nurse midwives). Other practitioners, such as certified nurse anesthetists, clinical psychologists and others may also furnish Telehealth Covered Services within their scope of practice and consistent with State Telehealth laws and regulations as well as Medi-Cal and Medicare benefit, coding and billing rules. Qualified Provider may also include provider types who do not have a Medi-Cal enrollment pathway because they are not licensed by the State of California, and who are therefore exempt from enrollment, but who provide Medi-Cal Covered Services (e.g., Board Certified Behavior Analysts (BCBAs)).
Rural Health Clinic (RHC)	An organized outpatient clinic or hospital outpatient department, located in a rural shortage area, which has been certified by the Secretary, United States Department of Health and Human Services.
Synchronous Interaction	A real-time interaction between a Member and a health care provider located at a Distant Site.
Telehealth	The mode of delivering health care services and public health via information and communication technologies to facilitate the diagnosis, consultation, treatment, education, care management and self-management of a Member's health care while the Member is at the Originating Site, and the health care provider is at a Distant Site. Telehealth facilitates Member self-management and caregiver support for Members and includes Synchronous Interactions and Asynchronous Store and Forward transfers.

SUPPLEMENT TO ALL PLAN LETTER 19-009

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS

SUBJECT: EMERGENCY TELEHEALTH GUIDANCE - COVID-19 PANDEMIC

PURPOSE:
In response to the COVID-19 pandemic, it is imperative that members practice "social distancing." However, members also need to be able to continue to have access to necessary medical care. Accordingly, Medi-Cal managed care health plans (MCPs) must take steps to allow members to obtain health care via telehealth when medically appropriate to do so as provided in this supplemental guidance.

REQUIREMENTS:
Pursuant to the authority granted in the California Emergency Services Act, all MCPs must, effective immediately, comply with the following:[1]

- Unless otherwise agreed to by the MCP and provider, MCPs must reimburse providers at the same rate, whether a service is provided in-person or through telehealth, if the service is the same regardless of the modality of delivery, as determined by the provider's description of the service on the claim. For example, if an MCP reimburses a provider $100 for an in-person visit, the MCP must reimburse the provider $100 for an equivalent visit done via telehealth unless otherwise agreed to by the MCP and provider.
- MCPs must provide the same amount of reimbursement for a service rendered via telephone as they would if the service is rendered via video, provided the modality by which the service is rendered (telephone versus video) is medically appropriate for the member.

MCPs are responsible for ensuring that their subcontractors and network providers comply with the requirements in this supplemental guidance as well as all applicable state and federal laws and regulations, contract requirements, and other Department of Health Care Services' guidance. MCPs must communicate these requirements to all network providers and subcontractors.

This supplemental guidance will remain in effect until further notice.

[1] Government Code section 8550, et seq.

If you have any questions regarding this supplemental guidance, please contact your Managed Care Operations Division Contract Manager.

Sincerely,

Original Signed by Nathan Nau

Nathan Nau, Chief
Managed Care Quality and Monitoring Division

EXECUTIVE DEPARTMENT
STATE OF CALIFORNIA

EXECUTIVE ORDER N-43-20

WHEREAS on March 4, 2020, I proclaimed a State of Emergency to exist in California as a result of the threat of COVID-19; and

WHEREAS on March 30, 2020, I issued Executive Order N-39-20 to pave the way for a temporary expansion of the health care workforce ahead of an anticipated surge in the need for medical treatment, and related strain on the health care delivery system, caused by COVID-19; and

WHEREAS clinics, hospitals, and other health care facilities and health care providers must maximize the number of capable health care workers through the use of telehealth services to ensure that Californians impacted by COVID-19 are able to access medical treatment as necessary; and

WHEREAS it is imperative to reduce the spread of COVID-19 and protect health care workers, including through the use of telehealth services, where possible, for any reason (not limited to the diagnosis and treatment of COVID-19 or related conditions); and

WHEREAS health care facilities housing vulnerable populations, such as nursing homes and psychiatric facilities, require special measures to protect those populations from COVID-19 and ensure continuity of care; and

WHEREAS on March 17, 2020, the Office for Civil Rights in the U.S. Department of Health and Human Services issued guidance ("Notification of Enforcement Discretion for Telehealth Remote Communications During the COVID-19 Nationwide Public Health Emergency," available at https://www.hhs.gov/hipaa/for-professionals/special-topics/emergency-preparedness/notification-enforcement-discretion-telehealth/index.html) announcing that the Office, in the exercise of its enforcement discretion, will not impose penalties for noncompliance with regulatory requirements imposed under the HIPAA Rules, as to covered health care providers in connection with the good faith provision of telehealth during the COVID-19 nationwide public health emergency; and

WHEREAS even in an emergency situation, covered entities must continue to implement reasonable safeguards to protect patient information against intentional or unintentional impermissible uses and disclosures. Further, covered entities and their business associates must apply the administrative, physical, and technical safeguards of the HIPAA Security Rule to electronic protected health information; and

WHEREAS under the provisions of Government Code section 8571, I find that strict compliance with various statutes, regulations, and certain local ordinances specified or referenced herein would prevent, hinder, or delay appropriate actions to prevent and mitigate the effects of the COVID-19 pandemic.

Back to Agenda Back to Item

NOW, THEREFORE, I, GAVIN NEWSOM, Governor of the State of California, in accordance with the authority vested in me by the State Constitution and the statutes of the State of California, and in particular, Government Code sections 8567 and 8571, do hereby issue the following Order to become effective immediately:

IT IS HEREBY ORDERED THAT:

1) The requirements specified in Business and Professions Code section 2290.5(b), related to the responsibility of a health care provider to obtain verbal or written consent before the use of telehealth services and to document that consent, as well as any implementing regulations, are suspended.

2) The penalties specified in Civil Code section 56.35, as well as any cause of action arising out of section 56.35 (including, but not limited to, any cause of action arising out of the Unfair Competition Law that is predicated on section 56.35) are suspended as applied to inadvertent, unauthorized access or disclosure of health information during the good faith provision of telehealth services.

3) The administrative fines, civil penalties, and private right of action specified in Civil Code section 56.36, as well as any other cause of action arising out of section 56.36 (including, but not limited to, any cause of action arising out of the Unfair Competition Law that is predicated on section 56.36, as well as the authority to bring a civil action set forth in subdivision (f) of section 56.36) are suspended as applied to inadvertent, unauthorized access or disclosure of health information during the good faith provision of telehealth services.

4) The civil penalties for health care facilities and providers specified in Civil Code sections 1798.29 and 1798.82, related to the timely notification to patients of a breach of the security system, are suspended as applied to any breach resulting from inadvertent, unauthorized access or disclosure during the good faith provision of telehealth services. Any cause of action arising out of section 1798.29 or section 1798.82 (including, but not limited to, any cause of action arising out of the Unfair Competition Law that is predicated on section 1798.29 or section 1798.82) is likewise suspended as applied to inadvertent, unauthorized access or disclosure that occurs during the good faith provision of telehealth services.

5) The deadlines specified in Health and Safety Code section 1280.15, related to notification to the Department of Public Health and to patients of the unauthorized access or disclosure of health information, are extended from a period of 15 days to a period of 60 days when the unauthorized access or disclosure is related to the good faith provision of telehealth services. The administrative penalties specified in Health and Safety Code section 1280.15, related to unauthorized access or disclosure of health information, are suspended when the unauthorized access or disclosure occurs during the good faith provision of telehealth services as a result of the use of technology that does not fully comply with federal or state law. Any cause of action arising out of section 1280.15 (including, but not limited to, any cause of action

arising out of the Unfair Competition Law that is predicated on section 1280.15) is likewise suspended as applied to unauthorized access or disclosure that occurs during the good faith provision of telehealth services as a result of the use of technology that does not fully comply with federal or state law.

6) The administrative penalties for health care providers specified in Health and Safety Code section 1280.17, related to safeguards of health information, are suspended for health care providers as applied to any inadvertent, unauthorized access or disclosure of health information during the good faith provision of telehealth services as a result of the use of technology that does not fully comply with federal or state law. Any cause of action arising out of section 1280.17 (including, but not limited to, any cause of action arising out of the Unfair Competition Law that is predicated on section 1280.17) is likewise suspended as applied to inadvertent, unauthorized access or disclosure that occurs during the good faith provision of telehealth services as a result of the use of technology that does not fully comply with federal or state law.

7) The criminal penalties specified in Welfare and Institutions Code section 14100.2(h), related to persons who knowingly release or possess information about Medi-Cal beneficiaries, are suspended as applied to health care providers, health care facilities, and health care administrators for any inadvertent, unauthorized release of confidential information during the good faith provision of telehealth services. Any cause of action arising out of section 14100.2 (including, but not limited to, any cause of action arising out of the Unfair Competition Law that is predicated on section 14100.2) is likewise suspended as applied to health care providers, health care facilities, and health care administrators for any inadvertent, unauthorized release of confidential information during the good faith provision of telehealth services.

8) To the extent any provision of this Order suspends any penalty or other enforcement mechanism associated with the violation of any statute where such violation arises out of the good faith provision of telehealth services, such violation shall not constitute unprofessional conduct within the meaning of Article 10.5 of the Business and Professions Code or any other applicable law, or otherwise be cause for professional discipline.

9) Where the provision of telehealth services is conducted by a "covered health care provider" subject to the HIPAA Rules and described in the "Notification of Enforcement Discretion for Telehealth Remote Communications During the COVID-19 Nationwide Public Health Emergency" ("Notification") issued by the Office for Civil Rights in the U.S. Department of Health and Human Services on March 17, 2020, that covered health care provider shall ensure that its delivery of telehealth services is consistent with that Notification. This paragraph does not impose any mandatory requirements beyond any mandatory requirements imposed by the Notification itself, except that where the Notification encourages particular measures to safeguard patient privacy, but does not require such measures, covered health care

providers shall give due consideration to such measures and shall endeavor to adopt them to the extent possible.

10) For purposes of this Order, "telehealth services" includes the use of telehealth services to engage in the provision of behavioral or mental health services, in addition to the use of telehealth services to engage in the provision of medical, surgical, or other health care services. This paragraph should be construed to ensure that the provisions of this Order apply to the provision of behavioral or mental health services the same extent that those paragraphs apply to other forms of health care.

IT IS FURTHER ORDERED that as soon as hereafter possible, this Order be filed in the Office of the Secretary of State and that widespread publicity and notice be given of this Order.

This Order is not intended to, and does not, create any rights or benefits, substantive or procedural, enforceable at law or in equity, against the State of California, its agencies, departments, entities, officers, employees, or any other person.

IN WITNESS WHEREOF I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this 3rd day of April 2020.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken December 3, 2020
Regular Meeting of the CalOptima Board of Directors

Report Item

21. Consider Authorizing Pursuit of Proposals with Qualifying Funding Partners to Secure Medi-Cal Funds Through the Voluntary Rate Range Intergovernmental Transfer Program for Calendar Year 2021

Contacts

Ladan Khamseh, Chief Operating Officer, (714) 246-8866
Candice Gomez, Executive Director, Program Implementation, (714) 246-8849

Recommended Actions

Authorize the following activities to secure Medi-Cal funds through the Voluntary Rate Range Intergovernmental Transfer for Calendar Year 2021 (IGT 11):

1. Submission of a proposal to the California Department of Health Care Services (DHCS) to participate in IGT 11;
2. Pursuit of funding partnerships with the University of California-Irvine, First 5 Orange County Children & Families Commission, the County of Orange, the City of Orange, and the City of Newport Beach to participate in IGT 11; and,
3. Development and execution by the Chief Executive Officer, with the assistance of Legal Counsel, of agreements with these entities and their designated providers as necessary to seek IGT 11 funds.

Background

Intergovernmental Transfers (IGT) are transfers of public funds between eligible government entities which are used to draw down federal funds for the Medi-Cal program. To date, CalOptima has participated in ten Voluntary Rate Range IGT transactions. Funds from IGTs 1 through 9 have been received and IGT 10 funds will be distributed in two separate installments and are expected from the state in the spring and fall of 2021.

IGTs 1 through 7 funds were established based on retrospective payments for prior rate range years and were made available to CalOptima for the purpose of providing enhanced/additional benefits to existing CalOptima Medi-Cal beneficiaries, as represented to the Center for Medicare & Medicaid Services. These funds have been best suited for one-time investments or as seed capital for enhanced health care services for the benefit of Medi-Cal beneficiaries. The IGT funds received under IGTs 1 through 7 have supported special projects that address unmet health care needs of CalOptima members, such as, but not limited to, vision and dental services for children, obesity prevention and intervention services, provider incentives for adolescent depression screenings, recuperative care for members who are homeless, and support for members through the Personal Care Coordinator (PCC) program.

Beginning with IGT 8, the IGT program covers the current fiscal year and funds are incorporated into the contract between DHCS and CalOptima. Unlike previous IGTs (1-7), beginning with IGT 8, IGT funds are paid through capitation, and as such, may only be used in the same way that CalOptima currently uses its primary capitation funds; that is, for Medi-Cal medically necessary covered

Back to Agenda

services and administrative expenses. These IGT capitation payments are also subject to all applicable requirements set forth in CalOptima's contract with DHCS. IGT 8 funds have been allocated to the Homeless Health Initiative. IGT 9 funds were allocated to the following focus areas: member access and engagement; quality performance; data exchange and support; and other priority areas. IGT 10 funds have not yet been received or allocated; CalOptima staff anticipates returning with recommendations on an allocation plan in a separate future Board action within the parameters of allowable expenditures. As previously indicated and per the direction of DHCS, the use of these funds is limited to covered Medi-Cal services for existing CalOptima members.

For the approved and funded IGT transactions to date, the net proceeds have been evenly divided between CalOptima and the respective funding partners, and funds retained by CalOptima have been invested in addressing Member's unmet health care needs.

Discussion

On November 4, 2020, CalOptima received notification from DHCS regarding the IGT 11 opportunity. CalOptima's proposal, along with the proposed funding entities' supporting documents, are due to DHCS no later than December 11, 2020.

The five eligible funding entities from the previous IGT transactions have been contacted regarding their interest in participation in IGT 11. All five funding entities have informally indicated that they are interested in participation in the IGT program this year. The formal DHCS-required Letter of Interest from the proposed funding entities is due to CalOptima by December 7, 2020 for delivery to DHCS by December 11, 2020. These entities are:

1. University of California, Irvine,
2. First 5 Orange County Children & Families Commission,
3. County of Orange,
4. City of Orange, and
5. City of Newport Beach

Board approval is requested to authorize staff to submit the proposal letter to DHCS for participation in IGT 11 and to authorize the Chief Executive Officer to enter into agreements with each of the five proposed funding entities submitting a letter of interest or their designated providers for the purpose of securing available IGT funds. Consistent with the prior IGT transactions for which funds have been received, it is anticipated that the net proceeds will be split evenly between the respective funding entities and CalOptima.

Staff will return to the Board with additional information regarding the IGT 11 transaction and a proposed expenditure plan for CalOptima's share of the net proceeds at a later date.

Fiscal Impact

The recommended action to submit a proposal to DHCS and pursue funding partnerships to participate in IGT 11 is expected to generate one-time IGT revenue that will be invested in covered Medi-Cal

services for CalOptima members. The allocation and expenditure of CalOptima's share of IGT 11 funding will be addressed in separate Board actions.

Rationale for Recommendation

Consistent with the previous ten IGT transactions, submission of the proposal and authorization of funding agreements will allow the ability to maximize Orange County's available IGT funds for Calendar Year 2021 (IGT 11). Also, consistent with the 2020-22 Strategic Plan, it would increase funding to support delivery of covered Medi-Cal services for existing CalOptima members.

Concurrence

Gary Crockett, Chief Counsel

WILL LIGHTBOURNE
DIRECTOR

GAVIN NEWSOME
GOVERNOR

November 4, 2020

Nancy Huang, Chief Financial Officer
CalOptima
505 City Parkway West
Orange, CA 92868

SUBJECT: Calendar Year 2021 (January 1, 2021 – December 31, 2021) Voluntary Rate Range Program – Request for Medi-Cal Managed Care Plan's (MCP) Proposal

Dear Ms. Nancy Huang:

The Calendar Year 2021 Voluntary Rate Range Program, authorized by Welfare and Institutions (W&I) Code sections 14164, 14301.4, and 14301.5, provides a mechanism for funding the non-federal share of the difference between the lower and upper bounds of a MCP's actuarially sound rate range, as determined by the Department of Health Care Services (DHCS). Governmental funding entities eligible to transfer the non-federal share are defined as counties, cities, special purpose districts, state university teaching hospitals, and other political subdivisions of the state, pursuant to W&I Code section 14164(a). These governmental funding entities may voluntarily transfer funds to DHCS via intergovernmental transfer (IGT). These voluntary IGTs, together with the applicable Federal Financial Participation (FFP), will be used to fund payments by DHCS to MCPs as part of the capitation rates paid for the service period of January 1, 2021 through December 31, 2021.

DHCS shall not direct the MCP's expenditure of payments received under the Calendar Year 2021 Voluntary Rate Range Program. These payments are subject to all applicable requirements set forth in the MCP's contract with DHCS. These payments must also be tied to covered Medi-Cal services provided on behalf of Medi-Cal beneficiaries enrolled within the MCP's rating region.

The funds transferred by an eligible governmental funding entity must qualify for FFP pursuant to Title 42 Code of Federal Regulations (CFR) Part 433, Subpart B, including the requirements that the funding source(s) shall not be derived: from impermissible sources such as recycled Medicaid payments, Federal money excluded from use as state match, impermissible taxes, and non-bona fide provider-related donations. Impermissible sources do not include patient care or other revenue received from

programs such as Medicare or Medicaid to the extent that the program revenue is not obligated to the state as the source of funding.

DHCS shall continue to administer all aspects of the IGT related to the Calendar Year 2021 Voluntary Rate Range Program, including determinations related to fees.

PROCESS FOR CALENDAR YEAR 2021:

MCPs should refer to the estimated Calendar Year 2021 county/region-specific non-federal share required to fund available rate range amounts for the MCP (see Attachment C). As a reminder, participation in the Calendar Year 2021 Voluntary Rate Range Program is voluntary on the part of the transferring entity and the MCP. Note that the estimated Contribution (Non-Federal Share) amounts are based on "draft" capitation rates (as of September 2020) and estimated member months, and the actual amounts may change based on finalized rates and updated enrollment estimates.

If an MCP elects to participate in the Calendar Year 2021 Voluntary Rate Range Program, the MCP must adhere to the process for participation outlined below:

Soliciting Interest

The MCP shall contact potential governmental funding entities to determine their interest, ability, and desired level of participation in the Calendar Year 2021 Voluntary Rate Range Program. All providers and governmental funding entities who express their interest directly to DHCS will be redirected to the applicable MCP to facilitate negotiations related to participation. If, following the submission of the MCP's proposal, one or more governmental funding entities included in the MCP's proposal are unable or unwilling to participate in the Voluntary Rate Range Program, the MCP shall attempt to find other governmental funding entities able and willing to participate in their place.

The MCP must inform all participating governmental entities that, unless DHCS determines a statutory exemption applies, IGTs submitted in accordance with W&I Code section 14301.4 are subject to an additional 20 percent assessment fee (calculated on the value of their IGT contribution amount) to reimburse DHCS for the administrative costs of operating the Voluntary Rate Range Program and to support the Medi-Cal program. DHCS will determine if a fee waiver is appropriate.

Submission Requirements

Once the MCP has coordinated with the relevant governmental funding entities, the following documents must be submitted to DHCS in accordance with the requirements and procedures set forth below:

- The MCP must submit a **proposal** to DHCS. This proposal must include:

    1. A cover letter signed by the MCP's Chief Executive Officer or Chief Financial Officer on MCP letterhead.
    2. The MCP's primary contact information (name, e-mail address, mailing address, and phone number).
    3. County/region-specific summaries of the selected governmental funding entities, related providers, and participation levels specified for Calendar Year 2021. The combined amounts or percentages must not exceed 100 percent of the estimated non-federal share of the available rate range amounts provided by DHCS. If the MCP is unable to use the entire available rate range, the MCP must indicate the unfunded amount and percentage.
    4. All letters of interest (described below) and supporting documents must be attached to the proposal. If the Calendar Year 2021 Voluntary Rate Range Program Supplemental Attachment described below is not collected by the MCP and attached to the proposal at the time of submission, please indicate if the information will be submitted to DHCS directly by each governmental funding entity.

- The MCP must obtain a **letter of interest** from each governmental funding entity included in the MCP's proposal to DHCS. The highlighted sections in the letter of interest form provided in Attachment A must be filled out completely and printed on the participating governmental funding entity's letterhead. A separate letter of interest must be provided for each county or rating region. An individual who is authorized to sign the certification on behalf of the governmental funding entity must sign the letter of interest.

- The MCP must distribute to governmental funding entities and ensure submission to DHCS, either by the MCP or the governmental funding entity, of the **Calendar Year 2021 Voluntary Rate Range Program Supplemental Attachment** (see Attachment B) by Friday**, December 11, 2020**.

- The proposals and letters of interest are due to DHCS ***by 5pm on* Friday, *December 11, 2020***. Please send a PDF copy of the required documents by e-mail to Sandra.Dixon@dhcs.ca.gov and Vivian.Beeck@dhcs.ca.gov. ***Failure to***

submit all required documents by the due date may result in exclusion from the Calendar Year 2021 Voluntary Rate Range Program.

Each proposal is subject to review and approval by DHCS. The review will include an evaluation of the proposed provider participation levels in comparison to their uncompensated contracted Medi-Cal costs and/or charges. DHCS reserves the right to approve, amend, or deny the proposal at its discretion.

Upon DHCS' approval of the governmental funding entities and non-federal share amounts for the Calendar Year 2021 Voluntary Rate Range Program, DHCS will provide the necessary funding agreement templates, forms, and related due dates to the specified governmental funding entities and MCP contacts. The governmental funding entities will be responsible for completing all necessary funding agreement documents, responding to any inquiries necessary for obtaining approval, and obtaining all required signatures.

If you have any questions regarding this letter, please contact Sandra Dixon at (916) 420-5730 or by email at Sandra.Dixon@dhcs.ca.gov.

ATTACHMENT A – LETTER OF INTEREST

Rafael Davtian
Division Chief
Capitated Rates Development Division
Department of Health Care Services
1501 Capitol Avenue, MS 4413
P.O. Box 997413
Sacramento, CA 95899-7413

Dear Mr. Davtian:

This letter confirms the interest of _Insert Participating Funding Entity Name, a governmental entity, federal I.D. Number _Insert Federal Tax I.D. Number, in working with Managed Care Plan's Name (hereafter, "the MCP") and the California Department of Health Care Services (DHCS) to participate in the Voluntary Rate Range Program, including providing an Intergovernmental Transfer (IGT) to DHCS to be used as a portion of the non-federal share of actuarially sound Medi-Cal managed care capitation rate payments incorporated into the contract between the MCP and DHCS for the service period of January 1, 2021 through December 31, 2021. This is a non-binding letter, stating our interest in helping to finance health improvements for Medi-Cal beneficiaries receiving services in our jurisdiction. The governmental entity's funds are being provided voluntarily, and the State of California is in no way requiring the governmental entity to provide any funding.

_Insert Participating Funding Entity Name is willing to contribute approximately $_____ for the Calendar Year 2021 (January 1, 2021 – December 31, 2021) as negotiated with the MCP. We recognize that, unless a waiver is approved by DHCS, there will be an additional 20-percent assessment fee payable to DHCS on the funding amount, for the administrative costs of operating the voluntary rate range program.

The following individual from our organization will serve as the point of communication between our organization, the MCP and DHCS on this issue:

Entity Contact Information:

(Please provide complete information including name, street address, e-mail address and phone number.)

I certify that I am authorized to sign this certification on behalf of the governmental entity and that the statements in this letter are true and correct.

Sincerely,

Signature

Attachment B

Voluntary Rate Range Program Supplemental Attachment
Calendar Year 2021 (January 1, 2021 through December 31, 2021)

Provider Name:
County:
Health Plan:

Instructions

Complete all yellow-highlighted fields. **Submit this completed form via e-mail to Sandra Dixon (sandra.dixon@dhcs.ca.gov) at the Department of Health Care Services (DHCS) by no later than December 11, 2020.**

1. In the table below, report charges/costs and payments received or expected to be received from the Health Plan indicated above for Medi-Cal services (Inpatient, Outpatient, and All Other) provided to Medi-Cal beneficiaries enrolled in the Health Plan and residing in the County indicated above, for dates of service from July 1, 2019 - June 30, 2020.

	Charges	Costs	Payments from Health Plan*	Uncompensated Charges (charges less payments)	Uncompensated Costs (Costs less payments)
Inpatient				$	$
Outpatient (not including pharmacy services billed by a pharmacy on a pharmacy claim)**				$	$
Pharmacy services billed by a pharmacy on a pharmacy claim**				$	$
All Other				$	$
Total	$	$	$	$	$

* Include payments received and anticipated to be received, for dates of service from July 1, 2019 - June 30, 2020.

** As of January 1, 2021, the following pharmacy benefits when billed by a pharmacy on a pharmacy claim will no longer be managed care covered benefits and will be covered through Medi-Cal Rx instead: Covered Outpatient Drugs, including Physician Administered Drugs; Medical Supplies; and Enteral Nutritional Products. Therefore, any charges, costs, or payments associated with pharmacy services that were billed by a pharmacy on a pharmacy claim for the dates of service from July 1, 2019 - June 30, 2020 must be documented separately on the "Pharmacy services billed by a pharmacy on a pharmacy claim" line above.

2. Are you able to fund 100% of the higher of the uncompensated charges or uncompensated costs (as stated above)? *(Yes / No)*

If No, please specify the amount of funding available:

3. Describe the scope of services provided to the specified Health Plan's Medi-Cal members, and if these services were provided under a contract arrangement.

4. Please provide the following information:

(i) The name of the entity transferring funds:

(ii) The operational nature of the entity (county, city, special purpose district, state university teaching hospitals or other political subdivisions of the state) transferring funding:

(iii) The source of the funds:
(Funds must not be derived from impermissible sources such as recycled Medicaid payments, federal funds excluded from use as State match, impermissible taxes, and non-bona fide provider-related donations. Impermissible sources do not include patient care or other revenue received from programs such as Medicare or Medicaid to the extent that the program revenue is not obligated to the State as the source of funding.)

(iv) Does the transferring entity have general taxing authority? *(Yes / No)*

If No, does the transferring entity receive State appropriations (identify level of appropriation)? This may include, but not limited to, annual State appropriations for various programs, or realignment funds to support programs transferred by State Law to local control. *(Yes / No)*

5. Comments / Notes

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken December 3, 2020
Regular Meeting of the CalOptima Board of Directors

Report Item
22. Consider Authorizing Amendment to Ancillary Contract with the Illumination Foundation

Contacts
Ladan Khamseh, Chief Operating Officer, (714) 246-8866
Michelle Laughlin, Executive Director, Network Operations (657) 900-1116
Pallavi Patel, Director, Process Excellence (657) 235-6941

Recommended Action
Authorize the Chief Executive Officer, with the assistance of Legal Counsel, to amend CalOptima's contract with the Illumination Foundation to exercise the first of three one-year extension options, extending the contract agreement until December 31, 2021.

Background/Discussion
The Health Homes Program (HHP), authorized under the Federal Patient Protection and Affordable Care Act, is designed to improve member health outcomes and reduce care costs. As an added layer of support on top of the standard Medi-Cal benefits, the HHP is intended to provide members with care coordination services and guidance for accessing many community-based services as well. Members are eligible for HHP based on certain criteria, including complex medical needs and chronic conditions. Specifically, members must have at least two or more of the following conditions:

- Chronic obstructive pulmonary disease
- Diabetes
- Traumatic brain injury
- Chronic or congestive heart failure
- Coronary artery disease
- Chronic kidney disease
- Hypertension
- Major depression disorders
- Bipolar disorder
- Psychotic disorder
- Substance abuse
- Asthma

In addition to the above conditions, qualifying criteria include at least one (1) inpatient hospital stay during the past year, three (3) or more emergency department visits during the past year, or chronic homelessness. HHP is also accessible to members who are already part of the California Children's Services or the Whole Person Care programs. The goal of HHP is to help members in need of assistance with navigating health, behavioral, and social services systems to identify, support and achieve members' health goals.

Authorized by the Board of Directors on June 7, 2018, through an amendment to CalOptima's primary agreement with the California Department of Health Care Services (DHCS), HHP was implemented on

Back to Agenda

July 1, 2020. Under the program, CalOptima is responsible for overall administration, including development of a provider network that furnishes the variety of HHP services. The main services include:

- Housing navigation and sustainability
- Care coordination
- Individual and family support services
- Assistance with moving
- Linking members with community resources for assistance with living expenses
- Accompaniment to provider appointments

Following a Request for Proposal (RFP) process, staff selected the Illumination Foundation to provide housing navigation and sustainability and accompaniment services for CalOptima Direct and CalOptima Community Network members enrolled in HHP. The Illumination Foundation is a nonprofit organization that has been contracted with CalOptima since January 2020, when the first phase of HHP implementation began. Illumination Foundation's current contract with CalOptima expires on December 31, 2020. Staff is now recommending that the Board authorize staff to exercise the first of three one year extension options to extend this contract through December 2021.

Fiscal Impact

The recommended action to extend the Illumination Foundation contract for the period of January 1, 2021, through June 30, 2021, is a budgeted item under the CalOptima Fiscal Year 2020-21 Operating Budget. Management will include expenses related to the recommended contract extension for the period of July 1, 2021, through December 31, 2021, in future operating budgets.

Rationale for Recommendation

Approval of the extension and rate adjustment for the Illumination Foundation contract will ensure continuity of services provided for CalOptima's HHP members.

Concurrence

Gary Crockett, Chief Counsel

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken October 3, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

16. Consider Authorizing Contract with Vendor for Health Homes Program Select Services for Accompaniment and Housing Related Services

Contact

Candice Gomez, Executive Director, Program Implementation, (714) 246-8400
Tracy Hitzeman, Executive Director, Clinical Operations, (714) 246-8400
Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400

Recommended Actions

1. Approve recommended vendor Illumination Foundation for HHP select services for accompaniment and housing related services;
2. Authorize the Chief Executive Officer (CEO), with the assistance of Legal Counsel, to enter into an agreement with the recommended vendor, effective January 1, 2020; and
3. In the event CalOptima and Illumination Foundation are unable to reach agreeable contract terms within thirty (30) days, authorize the CEO, with the assistance of Legal Counsel, to enter into an agreement with the next qualified bidder, Maxim Healthcare Services, for HHP select services for accompaniment and housing related services.

Background

The Federal Patient Protection and Affordable Care Act (ACA) Section 2703 authorizes the Medicaid Health Home State Plan Option. The intent of HHP is to improve member outcomes and reduce health care costs. In California, Assembly Bill 361 (2013) authorizes implementation of the Health Home Program. HHP, which is an entitlement benefit, is being implemented in selected counties in a phased in implementation approach, with Medi-Cal Managed Care Plans (MCPs) operating as lead entities. On June 7, 2018, the CalOptima Board of Directors (Board) authorized an amendment to CalOptima's Primary Agreement with the California Department of Health Care Services (DHCS) to incorporate implementation of the HHP. Implementation in Orange County is expected to be effective no sooner than January 1, 2020 for CalOptima Medi-Cal members with eligible chronic physical conditions and substance use disorders (SUD), and no sooner than July 1, 2020 for CalOptima Medi-Cal members with Serious Mental Illness (SMI).

To support development of HHP, Section 2703 of the ACA provides enhanced funding to states. Rather than the standard Medicaid funding (Federal 50%/State 50%), the Center for Medicare & Medicaid Services (CMS) will fund 90% for the first two years following implementation, effective for each phase. California Assembly Bill 361 requires budget neutrality and that no state general funds are used towards the program. As such, the California Endowment is funding the remaining 10% of funds for HHP. After the first two years, the funding returns to the standard Medicaid funding (Federal 50%/State 50%).

Pursuant to the DHCS Program Guide and All Plan Letter 18-012: Health Homes Program Requirements, MCPs will be responsible for overall administration, including development of HHP network. DHCS also published an HHP Program Guide that outlines the responsibilities of the MCPs

and Community-Based Care Management Entities (CB-CMEs). Per the DHCS requirements, HHP services are to be provided and coordinated through the network of CB-CMEs. In addition, CB-CMEs are responsible for coordinating care with members, providers and other agencies as appropriate. HHP Program Guide requires the following six core service categories for members enrolled in HHP:

- Comprehensive Care Management
- Care Coordination
- Health Promotion
- Comprehensive Transitional Care
- Individual and Family Support Services
- Referral to Community and Social Supports

Under HHP, members will be eligible for new services, including housing navigation, housing tenancy sustainability, and accompaniment to clinical appointments. CalOptima plans to contract with a vendor for these HHP select services.

Discussion

New HHP services include accompaniment to clinical appointments, housing transition services and tenancy sustaining services. Following CalOptima's standard RFP process in accordance with CalOptima Policy GA.5002: Purchasing, CalOptima staff conducted a Request For Proposal (RFP) processes to procure vendors for these new HHP select services beginning January 1, 2020. The new HHP select services are provided in-person and do not include direct medical care services. An HHP select services vendor is not required to be registered with the Medi-Cal program. Health networks, as CB-CMEs, will have the ability to contract with the selected vendor(s).

In response to the RFP, CalOptima received responses from:

- American Family Housing
- Illumination Foundation
- Maxim Healthcare Services

The submitted proposals were reviewed by an internal evaluation team consisting of representatives from Business Integration, Medical Affairs, Strategic Development, Network Management, Contracting, Vendor Management, Operations, Finance, Behavioral Health and Information Services.

The recommended vendor will provide the HHP select services in-person and participate in the member's care team meetings. The vendor is expected to capture, track, and report all services and coordinated efforts to CalOptima and care team members as appropriate. Additionally, the vendor will make the same HHP select services available to the health networks either through CalOptima's contract or a separate contract with the individual health network.

Vendor	Final Weighted Score
American Family Housing	11.00
Illumination Foundation	22.35
Maxim Healthcare Services	16.60

Based on the final weighed scores, staff recommends contracting with the Illumination Foundation for select HHP services.

Founded in 2008, Illumination Foundation is a 501 (c)(3) non-profit organization dedicated to the mission of providing targeted and interdisciplinary services. Illumination Foundation has experience working with similar populations as HHP eligible members. They believe that every person has an intrinsic right to home, health, and dignity. Their direct client care staff includes case managers, housing navigators, behavioral health therapists, substance use counselors, and a variety of healthcare workers (LVNS, RNs, nurse practitioners) who follow clients as they access emergency shelter, recuperative care, and housing related services with the overall goal to achieve longer-term health and housing outcomes. The agency has served more than 52,825 individuals since its inception.

Fiscal Impact

The anticipated implementation date for HHP in Orange County is January 1, 2020. Management has included projected revenues and expenses for HHP in the CalOptima Fiscal Year 2019-20 Operating Budget and will for future operating budgets. Total actual revenue and expenses for HHP will depend on the number of members that choose to participate in the program. Based on projected enrollment and draft rates received from DHCS on April 2, 2018, CalOptima is projected to receive $26.3 million in funding for HHP over a three-year period.

Since this is a new program for CalOptima, there is the possibility that the rate development assumptions applied by DHCS may be materially different from CalOptima's actual utilization and expenses. Staff will closely monitor both utilization and expenses and will continue to work with DHCS to ensure that Medi-Cal revenue will be sufficient to support the program.

Rationale for Recommendation

The recommended actions will enable CalOptima to operationally prepare for the anticipated implementation of Health Homes Program, effective January 1, 2020, for CalOptima Medi-Cal members with eligible chronic physical conditions and SUD, and July 1, 2020, for members with SMI.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 7, 2018
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

10. Consider Authorizing and Directing the Chairman of the Board of Directors to Execute an Amendment to the Primary Agreement with the California Department of Health Care Services (DHCS) Related to the Health Homes Program

Contact

Silver Ho, Executive Director, Compliance, (714) 246-8400
Greg Hamblin, Chief Financial Officer, (714) 246-8400

Recommended Action

Authorize and direct the Chairman of the Board of Directors (Board) to execute an Amendment to the Primary Agreement between DHCS and CalOptima related to incorporation of language related to the Health Homes Program (HHP).

Background

As a County Organized Health System (COHS), CalOptima contracts with DHCS to provide health care services to Medi-Cal beneficiaries in Orange County. In January 2009, CalOptima entered into a new five (5) year agreement with DHCS. Amendments to this agreement are summarized in the attached appendix, including Amendment 31, which extends the agreement through December 31, 2020. The agreement contains, among other terms and conditions, the payment rates CalOptima receives from DHCS to provide health care services.

Discussion

On October 2, 2017, DHCS submitted an amendment to the Centers for Medicare & Medicaid Services (CMS) for approval that will incorporate language regarding the Health Homes Program (HHP) into managed care plan (MCP) contracts, including CalOptima's.

The Medicaid Health Home State Plan Option, authorized under Section 2703 of the Patient Protection and Affordable Care Act (ACA), allowed states to create Medicaid health homes to provide supplemental services that coordinate the full range of physical health, behavioral health, and community-based long term services and supports (LTSS) needed by members with chronic conditions. Among other goals, the HHP was designed with particular attention paid to its ability to produce positive health outcomes for individuals experiencing homelessness. Specifically, the HHP provides six core services:

- Comprehensive care management;
- Care coordination;
- Health promotion;
- Comprehensive transitional care;
- Individual and family support; and

- Referral to community and social support services, including housing.

Effective July 1, 2019, CalOptima will begin providing HHP services to members with eligible chronic physical conditions and substance use disorder (SUD); effective January 1, 2020, CalOptima will begin providing HHP services for members with Severe Mental Illness (SMI).

Once CMS concludes its review of DHCS' proposed amendment, DHCS will provide the amendment to CalOptima for prompt signature and return. If the amendment is not consistent with staff's understanding as presented in this document or if it includes significant unexpected language changes, staff will return to the Board of Directors for consideration and/or ratification of staff action.

DHCS has advised that once the contract amendment and applicable APLs are finalized, it will require MCPs to submit readiness deliverables related to the amendment. DHCS' requested deliverables may include Policies and Procedures (P&Ps) designed to demonstrate compliance with requirements included in the amendment. To the extent that CalOptima staff must provide information to DHCS to meet certain deliverables, including the revision or creation of P&Ps that would ordinarily come to the Board of Directors for approval, staff will return to the Board of Directors at a later date for further consideration and/or ratification of staff action.

Following is a general summary of the major changes to expected be addressed in the final contract amendment:

	Requirement
HHP Compliance	Implement the HHP, as directed by DHCS, and in accordance with all State and federal requirements related to HHP and DHCS APLs.
Provider Network	Maintain an adequate network of CB–CMEs to serve HHP members including providers with experience working with people who are chronically homeless. Establish contractual relationships with organizations to provide HHP services including individual housing transition services and individual housing and tenancy sustaining services. Amend the current MOU with the Orange County Health Care Agency to incorporate HHP requirements.
Provider Relations	Ensure that staff providing HHP services complete required training as determined by DHCS and participate in DHCS–operated learning collaboratives.
Eligibility and Enrollment	Enrollment in HHP based on HHP eligibility criteria, as defined by DHCS.

	Requirement
HHP Member Services	Includes CB–CME selection, and HHP–specific member information and provider directory requirements.
HHP Covered Services	Includes the provision and coordination of HHP services informed by evidence–based clinical practice guidelines.
Information Sharing	Develop and maintain a method to track and share HHP member information between CB–CMEs, CalOptima, and other providers, as warranted.
Quality Improvement System	Include HHP–specific elements in current Quality Improvement system processes and conduct oversight and regular auditing and monitoring of HHP care management requirements.
Payment	CalOptima shall receive an additional monthly payment for each HHP member who receives HHP services.
Required Reports for the HHP	Submission of reports for HHP in a form and manner specified by DHCS.

The final contract amendment is also expected to contain revisions to Plan rates related to the HHP. On April 2, 2018, DHCS provided draft rates applicable for the first two years of the program. Highlights regarding these rates includes the following:

- Updates to the wage inflation factor, existing care coordination (ECC), and partial dual adjustment.
- Build-up of the lower bound HHP services per-member-per-month (PMPM) for chronic conditions (CC) and SMI enrollees, highlights the salary and caseload assumptions by HHP staff member, along with tier mix assumptions and the provider overhead cost. Rates are displayed in six month increments for the first 30 months of the program.
- Build-up of the lower bound engagement period costs for each member on the Targeted Engagement List (TEL), wage and service time assumptions by HHP staff member, and the assumed average number of months of engagement required for each TEL member.
- Combines information from steps 1 and 2 outlined above to produce the statewide lower bound HHP PMPM for the CC only and SMI populations.
- Application of the county-specific wage index, rural area, and wage inflation factors to the statewide rates. Plan-specific existing ECC PMPM and Partial Dual carve–outs are applied to create lower bound non–full dual rates with lower bound full–dual rates created by carving out the ECC and CCM/BHI PMPMs.
- Blending of CC only and SMI rates based on projected HHP enrollment to produce SFY rates.

Fiscal Impact

The recommended action to execute an amendment to the primary agreement between DHCS and CalOptima to incorporate language regarding the HHP program carries significant financial risks. Based on DHCS' proposed rates, staff estimates that the total annual program costs for

HHP will be $12 million. Management has included projected expenses to implement the HHP program effective July 1, 2019, in the proposed CalOptima FY 2018-19 Operating Budget pending Board approval and will include projected revenue and expenses for the HHP program in future operating budgets. Actual utilization associated with the HHP eligible population is still relatively unknown. Therefore, CalOptima will closely monitor program expenses and continue to work closely with DHCS to ensure that Medi-Cal revenue will be sufficient to support the HHP program.

Rationale for Recommendation

The addition of the HHP contract amendment to CalOptima's Primary Agreement with DHCS is necessary to ensure compliance with the requirements of participation in the Medi-Cal program.

Concurrence

Gary Crockett, Chief Counsel

APPENDIX TO AGENDA ITEM

The following is a summary of amendments to the Primary Agreement approved by the CalOptima Board of Directors (Board) to date:

Amendments to Primary Agreement	Board Approval
A-01 provided language changes related to Indian Health Services, home and community-based services, and addition of aid codes effective January 1, 2009.	October 26, 2009
A-02 provided rate changes that reflected implementation of the gross premiums tax authorized by AB 1422 (2009) for the period January 1, 2009, through June 30, 2009.	October 26, 2009
A-03 provided revised capitation rates for the period July 1, 2009, through June 30, 2010; and rate increases to reflect the gross premiums tax authorized by AB 1422 (2009) for the period July 1, 2009, through June 30, 2010.	January 7, 2010
A-04 included the necessary contract language to conform to AB X3 (2009), to eliminate nine (9) Medi-Cal optional benefits.	July 8, 2010
A-05 provided revised capitation rates for the period July 1, 2010, through June 30, 2011, including rate increases to reflect the gross premium tax authorized by AB 1422 (2009), the hospital quality assurance fee (QAF) authorized by AB 1653 (2010), and adjustments for maximum allowable cost pharmacy pricing.	November 4, 2010
A-06 provided revised capitation rates for the period July 1, 2010, through June 30, 2011, for funding for legislatively mandated rate adjustments to Long Term Care facilities effective August 1, 2010; and rate increases to reflect the gross premiums tax on the adjusted revenues for the period July 1, 2010, through June 30, 2011.	September 1, 2011
A-07 included a rate adjustment that reflected the extension of the supplemental funding to hospitals authorized in AB 1653 (2010), as well as an Intergovernmental Transfer (IGT) program for Non-Designated Public Hospitals (NDPHs) and Designated Public Hospitals (DPHs).	November 3, 2011
A-08 provided revised capitation rates for the period July 1, 2010, through June 30, 2011, for funding related to the Intergovernmental Transfer (IGT) Agreement between CalOptima and the University of California, Irvine.	March 3, 2011
A-09 included contract language and supplemental capitation rates related to the addition of the Community Based Adult Services (CBAS) benefit in managed care plans.	June 7, 2012

Back to Agenda Back to Item

A-10 included contract language and capitation rates related to the transition of Healthy Families Program (HFP) subscribers into CalOptima's Medi-Cal program	December 6, 2012
A-11 provided capitation rates related to the transition of HFP subscribers into CalOptima's Medi-Cal program.	April 4, 2013
A-12 provided capitation rates for the period July 1, 2011 to June 30, 2012.	April 4, 2013
A-13 provided capitation rates for the period July 1, 2012 to June 30, 2013	June 6, 2013
A-14 extended the Primary Agreement until December 31, 2014	June 6, 2013
A-15 included contract language related to the mandatory enrollment of seniors and persons with disabilities, requirements related to the Balanced Budget Amendment of 1997 (BBA) and Health Insurance Portability and Accountability Act (HIPAA) Omnibus Rule	October 3, 2013
A-16 provided revised capitation rates for the period July 1, 2012, through June 30, 2013 and revised capitation rates for the period January 1, 2013, through June 30, 2014 for Phases 1, 2 and 3 transition of Healthy Families Program (HFP) children to the Medi-Cal program	November 7, 2013
A-17 included contract language related to implementation of the Affordable Care Act, expansion of Medi-Cal, the integration of the managed care mental health and substance use benefits and revised capitation rates for the period July 1, 2013 through June 30, 2014.	December 5, 2013
A-18 provided revised capitation rates for the period July 1, 2013, through June 30, 2014.	June 5, 2014
A-19 extended the Primary Agreement until December 31, 2015 and included language that incorporates provisions related to **Medicare Improvements for Patients and Providers Act** (MIPPA)-compliant contracts and eligibility criteria for Dual Eligible Special Needs Plans (D-SNPs)	August 7, 2014
A-20 provided revised capitation rates for the period July 1, 2012, through June 30, 2013, for funding related to the Intergovernmental Transfer (IGT) Agreement between CalOptima and the University of California, Irvine and Optional Targeted Low-Income Child Members	September 4, 2014
A-21 provided revised 2013-2014 capitation rates.	November 7, 2013
A-22 revised capitation rates for Fiscal Year (FY) 2013-14 and added an aid code to implement Express Lane/CalFresh Eligibility	November 6, 2014
A-23 revised ACA 1202 rates for January – June 2014, established base capitation rates for FY 2014-2015, added an aid code related to the OTLIC and AIM programs, and contained language revisions related to supplemental payments for coverage of Hepatitis C medications.	December 4, 2014
A-24 revises capitation rates to include SB 239 Hospital Quality Assurance Fees for the period January 1, 2014 to June 30, 2014.	May 7, 2015
A-25 extends the contract term to December 31, 2016. DHCS is obtaining a continuation of the services identified in the original agreement.	May 7, 2015

A-26 adjusts the 2013-2014 Intergovernmental Transfer (IGT) rates.	May 7, 2015
A-27 adjusts 2013-2014 capitation rates for Optional Expansion and SB 239.	May 7, 2015
A-28 incorporates language requirements and supplemental payments for BHT into primary agreement.	October 2, 2014
A-29 added optional expansion rates for January- June 2015; also added updates to MLR language.	April 2, 2015
A-30 incorporates language regarding Provider Preventable Conditions (PPC), determination of rates, and adjustments to 2014-2015 capitation rates with respect to Intergovernmental Transfer (IGT) Rate Range and Hospital Quality Assurance Fee (QAF).	December 1, 2016
A-31 extends the Primary Agreement with DHCS to December 31, 2020.	December 1, 2016
A-32 incorporates base rates for July 2015 to June 2016 with Behavioral Health Treatment (BHT) and Hepatitis–C supplemental payments, and Partial Dual/Medi-Cal only rates, and added aid codes 4U, and 2P–2U as covered aid codes.	February 2, 2017
A-33 incorporates base rates for July 2016 to June 2017.	February 2, 2017
A-34 incorporates revised Adult Optional Expansion rates for January 2015 to June 2015. These rates were revised to include the impact of the Hospital Quality Assurance Fee (HQAF) required by Senate Bill (SB) 239.	June 1, 2017

The following is a summary of amendments to the Secondary Agreement approved by the CalOptima Board of Directors (Board) to date:

Amendments to Secondary Agreement	Board Approval
A-01 implemented rate amendments to conform to rate amendments contained in the Primary Agreement with DHCS (08-85214).	July 8, 2010
A-02 implemented rate adjustments to reflect a decrease in the statewide average cost for Sensitive Services for the rate period July 1, 2010 through June 30, 2011.	August 4, 2011
A-03 extended the term of the Secondary Agreement to December 31, 2014.	June 6, 2013
A-04 incorporates rates for the periods July 1, 2011 through June 30, 2012, and July 1, 2012 through June 30, 2013 as well as extends the current term of the Secondary Agreement to December 31, 2015	January 5, 2012 (FY 11-12 and FY 12-13 rates) May 1, 2014 (term extension)
A-05 incorporates rates for the periods July 1, 2013 through June 30, 2014, and July 1, 2014 through June 30, 2015. For the period July 1, 2014 through June 30, 2015, Amendment A-05 also adds funding for the Medi-Cal expansion population for services provided through the Secondary Agreement.	December 4, 2014

A-06 incorporates rates for the period July 1, 2015 onward. A-06 also extends the term of the Secondary Agreement to December 31, 2016.	May 7, 2015 (term extension) Ratification of rates requested April 7, 2016
A-07 extends the Secondary Agreement with the DHCS to December 31, 2020.	December 1, 2016

The following is a summary of amendments to Agreement 16-93274 approved by the CalOptima Board of Directors (Board) to date:

Amendments to Agreement 16-93274	Board Approval
A-01 extends the Agreement 16-93274 with DHCS to December 31, 2018.	August 3, 2017

The following is a summary of amendments to Agreement 17–94488 approved by the CalOptima Board of Directors (Board) to date:

Amendments to Agreement 17-94488	Board Approval
A-01 enables DHCS to fund the development of palliative care policies and procedures (P&Ps) to implement California Senate Bill (SB) 1004.	December 7, 2017

Medi-Cal Health Homes Program
Program Guide
7/01/19

Back to Agenda Back to Item

I. Introduction

The Medi-Cal Health Homes Program: Program Guide (Program Guide) is intended to be a resource for Medi-Cal Managed Care health plans (MCPs) in the development, implementation, and operation of the Health Homes Program (HHP). The Program Guide includes a brief synopsis of the HHP, identifies all HHP requirements, and identifies the documentation MCPs must submit to the Department of Health Care Services (DHCS) as part of the required HHP readiness review. The Program Guide refers to additional guidance documents, when applicable.

The Medicaid Health Home State Plan Option is afforded to states under the Patient Protection and Affordable Care Act (Pub. L. 111-148), enacted on March 23, 2010, as revised by the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111-152), enacted on March 30, 2010, together known as the Affordable Care Act (ACA). Section 2703 of the ACA allows states to create Medicaid health homes to coordinate the full range of physical health, behavioral health, and community-based long term services and supports (LTSS) needed by members with chronic conditions. Enhanced federal matching funds of 90% are available for two years.

In California, Assembly Bill 361 (AB 361) amended the Welfare and Institutions Code to add Sections 14127 and 14128 (W&I Code) which authorizes DHCS, subject to federal approval, to create an ACA Section 2703 HHP for members with chronic conditions. The W&I Code provides that the provisions will be implemented only if federal financial participation (FFP) is available and the program is cost neutral regarding State General Funds. It also requires DHCS to ensure that 1) an evaluation of the program is completed; and 2) a report is submitted to the appropriate policy and fiscal committees of the Legislature within two years after implementation of the program.

The Program Guide has five main sections (Infrastructure, Eligibility, Services, Network, and General Operations) and an appendix. Each section describes the program components and the requirements for those components.

The Program Guide contains the Health Homes Program: Medi-Cal Managed Care Plan Readiness Checklist (Readiness Checklist) in Appendix D. The Readiness Checklist identifies the specific components that MCPs are required to provide to DHCS and identifies the process DHCS will use to determine when the specific components are due to DHCS. The Program Guide provides additional guidance and context regarding HHP readiness requirements.

II. HHP Infrastructure

A. Organizational Model

DHCS' HHP implementation will utilize California's Medi-Cal Managed Care (Managed Care) infrastructure as the foundational building block. HHP services will be provided through the Managed Care delivery system to members enrolled in Managed Care. Managed Care serves approximately 85 percent of full scope Medi-Cal members and is an available choice for all full-scope Medi-Cal members statewide. The small percentage of Medi-Cal Fee-For-Service (FFS) members who meet HHP eligibility criteria may enroll in a Medi-Cal MCP to receive HHP services. HHP services will not be provided through the FFS delivery system.

The MCPs will leverage existing communication with their provider networks to facilitate the care planning, care coordination, and care transition coordination requirements of HHP, including assignment of each HHP member to a primary care provider. The MCPs' existing communication and reporting capabilities will be utilized to perform health promotion, encounter reporting, and quality of care reporting. MCPs also have existing relationships with the Medi-Cal county specialty mental health plans (MHPs) in each county to facilitate HHP care coordination.

The HHP will be structured as a health home network functioning as a team to provide care coordination. This network includes the MCP, one or more Community-Based Care Management Entities (CB-CMEs), and contractual or non-contractual relationships with other Community-Based Organizations (CBOs) to provide linkages to community and social support services, as needed (taken together as the HHP). The HHP network will be developed to meet the following goals:

- Ensure that sufficient HHP funds are available to support care management at the point of care in the community
- Ensure that providers with experience serving frequent utilizers of health services and individuals experiencing homelessness are available as needed
- Leverage existing county and community provider care management infrastructure and experience, where possible and appropriate
- Forge new relationships with community provider care management entities, where possible and appropriate
- Utilize community health workers in appropriate roles.

The HHP will serve as the central point for coordinating patient-centered care and will be accountable for:

- Improving member outcomes by coordinating physical health services, mental health services, substance use disorder services, community-based Long Term Services and Supports (LTSS), oral health services, palliative care, and social support needs
- Reducing avoidable health care costs, including hospital admissions/readmissions, ED visits, and nursing facility stays

Improving member outcomes and reducing health care costs will be accomplished through the partnership between the MCP and the CB-CME, either through direct provision of HHP services,

or through contractual or non-contractual arrangements with appropriate entities that will be providing components of the HHP services and planning and coordination of other services.

1) Medi-Cal Managed Care Plan Responsibilities

HHP MCPs will be responsible for the overall administration of the HHP. They will have an HHP addendum to an existing contract with DHCS. Payment will flow from DHCS to the MCP and from the MCP to the CB-CMEs for the provision of HHP services. The MCP may also use HHP funding to pay providers, including but not limited to, the member's primary care physician, behavioral health providers, or other specialists, who are not included formally on the CB-CME's multi-disciplinary care team, for coordinating with the CB-CME care coordinator to conduct case conferences and to provide input to the Health Action Plan (HAP). These providers are separate and distinct from the roles outlined for the multi-disciplinary care team (see Multi-Disciplinary Care Team).

The MCP will have strong oversight and will perform regular auditing and monitoring activities to ensure that case conferences occur, the HAP is updated as health care events unfold, and all other HHP care management requirements are completed.

The MCP's care management department can be leveraged to train, support, and qualify CB-CMEs. (MCPs currently perform similar monitoring, training and auditing with MCP-delegated entities that have care management responsibilities under Cal MediConnect and other programs.)

MCP utilization departments will assist the CB-CMEs with information on admissions and discharges, and ensure timely follow-up care. MCP health care informatics analytics teams will provide meaningful, actionable data with identification of complex members and care gaps and other pertinent data that the health plan network can access. This will be provided to the CB-CMEs to assist with HAP care planning and ongoing goals for the member.

Many MCPs are exploring housing options to provide immediate housing post discharge and find permanent housing for members who are experiencing homelessness. Stakeholders include the health plan, hospitals, local housing authorities, and community-based organizations. Achieving stable housing for HHP members is a noted best practice from the national experience for achieving meaningful improvements in health and program cost effectiveness.

In counties selected for HHP implementation, Medi-Cal MCPs (Medicaid only benefit plans) are required to participate in HHP and serve as an HHP MCP. DHCS will work with these organizations to prepare for the implementation of HHP and to determine network adequacy and readiness.

2) Duties

MCPs will be expected to perform the following duties/responsibilities to the extent their information systems allow or through other available methods:

- Attribute assigned HHP members to CB-CMEs;
- Sub-contract with CB-CMEs for the provision of HHP services and ensure that CB-CMEs fulfill all required CB-CME duties and achieve HHP goals;

- Notify the CB-CMEs of inpatient admissions and ED visits/discharges;
- Track and share data with CB-CMEs regarding each member's health history;
- Track CMS-required quality measures and state-specific measures (see *Reporting Template* and *Core Set of Health Care Quality Measures for Medicaid Health Home Programs (Health Home Core Set), Technical Specifications and Resource Manual for Federal Fiscal Year 2017 Reporting,* or later *document*);
- Collect, analyze, and report financial measures, health status and other measures and outcome data to be reported during the State's evaluation process (see *Reporting Template*)
- Provide member resources (e.g. customer service, member grievances) relating to HHP
- Add functionality to the MCP's customer service line and 24/7 nurse line or other available call line so that members' HHP needs are also addressed (e.g. equip nurse line with educational materials to train them about HHP, nurse line receives the updated list of HHP members and their assigned care coordinator, etc.)
- Receive payment from DHCS and disperse funds to CB-CMEs through collection and submission of claims/encounters by the CB-CME and per the contractual agreement made between the MCP and the CB-CME
- Establish and maintain a data-sharing agreement with other providers, with whom MCP shares HHP member health information, that is compliant with all federal and state laws and regulations
- Ensure access to timely services for HHP members, including seeing HHP members after discharge from an acute care stay.
- Encourage participation by HHP members' MCP contracted providers who are not included formally on the CB-CME's multi-disciplinary care team, but who are responsible for coordinating with the CB-CME care coordinator to conduct case conferences and to provide input to the HAP. These providers are separate and distinct from the roles outlined for the multi-disciplinary care team (see Multi-Disciplinary Care Team).
- Develop CB-CME training tools as needed or preferred, in addition to DHCS-provided training
- Develop CB-CME reporting capabilities
- Have strong oversight and perform regular auditing and monitoring activities to ensure that all care management requirements are completed

3) Community Based Care Management Entity Responsibilities

CB-CMEs will serve as the frontline provider of HHP services and will be rooted in the community. MCPs will certify and select organizations to serve as CB-CMEs through a process similar to current MCP provider certification and will contract with selected entities. DHCS will not require MCP use of a standardized assessment tool. DHCS will provide general guidelines

and requirements, including examples of best practice tools that the MCP can use at their option to select, qualify, and contract with CB-CMEs.

The MCP's development of a network of CB-CMEs should seek to promote HHP goals, with particular attention to the following goals:

- Ensuring that care management delivery and sufficient HHP funding are provided at the point of care in the community;
- Ensuring that providers with experience serving frequent utilizers of health services, and those experiencing homelessness, are available as needed per AB 361 requirements;
- Leveraging existing county and community provider care management infrastructure and experience, where possible and appropriate; and
- OPTIONAL - Utilizing community health workers in appropriate roles (for more information, see Multi-Disciplinary Care Team below).

CB-CMEs are intended to serve as the single community-based entity with responsibility, in conjunction with the MCP, for ensuring that an assigned HHP member receives access to HHP services. It is also the intent of the HHP to provide flexibility in how the CB-CMEs are organized. CB-CMEs may subcontract with other entities or individuals to perform some CB-CME duties. Regardless of subcontracting arrangements, CB-CMEs retain overall responsibility for all CB-CME duties that the CB-CME has agreed to perform for the MCP, either through direct CB-CME service or service the CB-CME has subcontracted to another provider. DHCS encourages MCPs and CB-CMEs to utilize this flexibility, where needed, to achieve HHP goals, and in particular the four network goals noted above.

In most cases, the CB-CME will be a community primary care provider (PCP) that serves a high volume of HHP eligible members. If the CB-CME is not the member's MCP-assigned PCP, then the MCP and the CB-CME must demonstrate how the CB-CME will maintain a strong and direct connection to the PCP and ensure the PCP's participation in HAP development and ongoing coordination. For all members, and in all areas, the MCP must demonstrate that it is maximizing the four network goals noted above to the full extent possible through its network development and HHP policies. Regardless of how HHP networks are structured by a MCP within a county, it is expected that all HHP members will receive access to the same level of service, in accordance with the service tier that is appropriate for their needs and HHP service requirements.

DHCS' readiness review will include a detailed review of the MCP's HHP network. In situations in which the MCP can demonstrate that there are insufficient entities rooted in the community that are capable or willing to provide the full range of CB-CME duties, the MCP may perform needed CB-CME duties to fill a demonstrated service gap. As an alternative, the MCP may subcontract with other entities to perform these duties. In addition, the MCP may provide, or subcontract with another community-based entity to provide, specific CB-CME duties to assist a CB-CME to provide the full range of CB-CME duties when this MCP assistance is the best organizational arrangement to promote HHP goals. If the MCP utilizes this flexibility, the MCP must demonstrate to DHCS that it is maximizing the four network goals noted above to the

extent possible, and how it will maintain a strong and direct connection between HHP services and the primary care provider.

The MCP may allow an individual community provider to become a CB-CME after the implementation date of the HHP in their county if the community provider requires additional time to develop readiness to take on some, or all, of the CB-CME duties. The MCP may also allow a CB-CME to expand the range of the CB-CME's contracted CB-CME duties over time as readiness allows.

CB-CMEs that MCPs contract with to deliver HHP care coordination services are not required to be enrolled as Medi-Cal providers, so long as the entities in question are not providing medical and/or clinical services in their function as an HHP CB-CME to Medi-Cal members participating in the Program.

4) Community-Based Care Management Models

The main goal of the HHP is Comprehensive Care Management. The MCP, acting as administrator and providing oversight, will build an HHP network in which a member can choose the CB-CME they want for their care coordination. Given specific challenges in certain areas, including the shortage of primary care and specialist providers, technology infrastructure/adoption, and the large Medi-Cal population, a single model is not practical. Assessments of potential HHP providers, and MCP knowledge of available resources in their areas, will form the basis for determining whether the provider's HHP-eligible members are best served by Model I, II, or III below.

The three community-based care management models below are acceptable for MCP network development and address the realities that exist in various areas of the state regarding available providers. The three models will allow the flexibility to ensure service to all HHP members throughout the diverse geographic regions in California, regardless of location and type of provider empanelment. Further, all three will allow increased care coordination to occur as close to the point of care delivery as possible in the community.

Model I

The first and ideal model embeds care coordinators on-site in community provider offices, acting as CB-CMEs. The expectation is that the community provider will employ these staff, but in some cases they may be employed by the MCP. This model will serve the great majority of HHP members because most HHP eligible individuals are served by high-volume providers in urban areas. The MCP will complete a provider assessment to determine 1) the extent to which the community provider will need to recruit and hire additional staff to meet the HHP care coordinator resource requirements, and 2) what CB-CME duties the community provider can, and is willing to, perform. The HHP will only utilize Model II or III where the provider assessment indicates that Model I is not viable.

Model II

The second model addresses the smaller subset of eligible members who are served by low-volume providers, in either rural or urban areas, who do not wish to, or cannot, take on the responsibility of hiring and housing care coordinators on site. For this model, the care management would be handled by another community-based entity or a staff member within

the existing MCP care management department, which will act as the CB-CME. This model will handle HHP members who are not assigned to a county clinic or medical practice under Model I.

Model III

The third model serves the few members who live in rural areas and are served by low-volume providers. In this hybrid model, care coordinators located in regional offices, utilizing technology and other monitoring and communication methods, such as visiting the member at their location, will become CB-CMEs who can be geographically close to rural members and/or those members who are assigned to a solo practitioner who may not have enough membership to meet Model I or II.

B. Staffing

1) Care Coordinator Ratio

The aggregate minimum care coordinator ratio requirement is 60:1 for the whole enrolled population (in each of the MCPs' counties if the MCP has more than one county) as measured at any point in time.

To develop the aggregate population care coordinator ratio requirement, DHCS assumed that (after two years):

- *Tier 1 – 20% of population; care coordinator ratio of 10:1*
- *Tier 2 – 30% of population; care coordinator ratio of 75:1*
- *Tier 3 – 50% of population; care coordinator ratio of 200:1*

2) Multi-Disciplinary Care Team

The multi-disciplinary care team consists of staff employed by the CB-CME that provides HHP funded services. DHCS requires the team members listed in Table 1 below to participate on all multi-disciplinary care teams. The team will primarily be located at the CB-CME organization, except as noted above regarding model flexibility. The MCP may organize its provider network for HHP services according to provider availability, capacity, and network efficiency, while maximizing the stated HHP goals and HHP network goals. This MCP network flexibility includes centralizing certain roles that could be utilized across multiple CB-CMEs – and particularly low-volume CB-CMEs – for efficiency, such as the director and clinical consultant roles. An HHP goal is to provide HHP services where members seek care. Staffing and the day-to-day care coordination should occur in the community and in accordance with the member's preference.

In addition to required CB-CME team members, the MCP may choose to also make HHP-funded payments to providers that are not explicitly part of the CB-CME team, but who serve as the HHP member's physical and/or behavioral health service providers, for participation in case conferences and information sharing in order to support the development and maintenance of the HHP member's HAP. As an example, an MCP could use HHP care coordination funding to pay a member's specialist provider, who is not a contracted member of the CB-CME Multi-Disciplinary Care Team, for the time they spend participating in a case conference with the HHP care coordinator for the purpose of completing the member's HAP. The MCP may make such payments directly to the providers or through their CB-CME.

Table 1: Multi-Disciplinary Care Team Qualifications and Roles

Required Team Members	Qualifications	Role
Dedicated Care Coordinator (CB-CME or by contract)	Paraprofessional (with appropriate training) or licensed care coordinator, social worker, or nurse	• Oversee provision of HHP services and implementation of HAP • Offer services where the HHP member lives, seeks care, or finds most easily accessible and within MCP guidelines • Connect HHP member to other social services and supports he/she may need • Advocate on behalf of members with health care professionals • Use motivational interviewing, trauma-informed care, and harm-reduction practices • Work with hospital staff on discharge plan • Engage eligible HHP members • Accompany HHP member to office visits, as needed and according to MCP guidelines • Monitor treatment adherence (including medication) • Provide health promotion and self-management training • Arrange transportation • Call HHP member to facilitate HHP member visit with the HHP care coordinator
HHP Director (CB-CME)	Ability to manage multi-disciplinary care teams	• Have overall responsibility for management and operations of the team • Have responsibility for quality measures and reporting for the team
Clinical Consultant (CB-CME or MCP)	Clinician consultant(s), who may be primary care physician, specialist physician, psychiatrist, psychologist, pharmacist, registered nurse, advanced practice nurse, nutritionist, licensed clinical social worker, or other behavioral health care professional	• Review and inform HAP • Act as clinical resource for care coordinator, as needed • Facilitate access to primary care and behavioral health providers, as needed to assist care coordinator

Required Team Members	Qualifications	Role
Community Health Workers (CB-CME or by contract) (Recommended but not required)	Paraprofessional or peer advocate Administrative support to care coordinator	• Engage eligible HHP members • Accompany HHP member to office visits, as needed, and in the most easily accessible setting, within MCP guidelines • Health promotion and self-management training • Arrange transportation • Assist with linkage to social supports • Distribute health promotion materials • Call HHP member to facilitate HHP visit with care coordinator • Connect HHP member to other social services and supports he/she may need • Advocate on behalf of members with health care professionals • Use motivational interviewing, trauma-informed care, and harm-reduction practices • Monitor treatment adherence (including medication)
For HHP Members Experiencing Homelessness: Housing Navigator (CB-CME or by contract)	Paraprofessional or other qualification based on experience and knowledge of the population and processes	• Form and foster relationships with housing agencies and permanent housing providers, including supportive housing providers • Partner with housing agencies and providers to offer the HHP member permanent, independent housing options, including supportive housing • Connect and assist the HHP member to get available permanent housing • Coordinate with HHP member in the most easily accessible setting, within MCP guidelines (e.g. could be a mobile unit that engages members on the street)

Additional team members, such as a pharmacist or nutritionist, may be included on the multi-disciplinary care team in order to meet the HHP member's individual care coordination needs. HAP planning and coordination will require participation of other providers who may not be part of the CB-CME multi-disciplinary care team. It is the responsibility of the MCP to ensure their cooperation.

C. Health Information Technology/Data

Health Information Technology (HIT)/Health Information Exchange (HIE) are important components of information sharing in the HHP.

MCPs should consider the following potential uses of HIT/HIE (developed by CMS) in the development of HHP information sharing policies and procedures for MCPs, CB-CMEs, and members:

1) Comprehensive Care Management
   - Identify cohort and integrate risk stratification information.
   - Shared care plan management –standard format.
   - Clinical decision support tools to ensure appropriate care is delivered.
   - Electronic capture of clinical quality measures to support quality improvement.
2) Care Coordination and Health Promotion
   - Ability to electronically capture and share the patient-centered care plan across care team members.
   - Tools to support shared decision-making approaches with patients.
   - Secure electronic messaging between providers and patients to increase access outside of office encounters.
   - Medication management tools including e-prescribing, drug formulary checks, and medication reconciliation.
   - Patient portal services that allow patients to view and correct their own health information.
   - Telehealth services including remote patient monitoring.
3) Comprehensive Transitional Care
   - Automated care transition notifications/alerts, e.g. when a patient is discharged from the hospital or receives care in an ER.
   - Ability to electronically share care summaries/referral notes at the time of transition and incorporate care summaries into the EHR.
   - Referrals tracking to ensure referral loops are closed, as well as e-referrals and e-consults.
4) Individual and Family Support Services
   - Patient specific education resources tailored to specific conditions and needs.
5) Referral to Community and Social Support Services
   - Electronic capture of social, psychological and behavioral data (e.g. education, stress, depression, physical activity, alcohol use, social connection and isolation, exposure to violence).
   - Ability to electronically refer patients to necessary services.

Organizations that are covered by the Meaningful Use requirements should utilize EHR/HIT/HIE to meet the applicable goals noted above, where possible. Organizations that are not covered by Meaningful Use may need a Medi-Cal MCP to support the achievement of applicable goals where possible. In some areas relatively few providers have EHRs; there is limited interoperability between the systems; and, where there is an HIE in the area, the configuration may not be designed for the HHP requirements. If the technology environment does not fully support the EHR/HIT/HIE activities noted above in some geographic areas, or with certain providers, the MCP will determine procedures to share information that is critical for HHP services through other methods.

III. HHP Member Eligibility

A. Target Population

The HHP is intended to be an intensive set of services for a small subset of Medi-Cal members who require coordination at the highest levels. DHCS worked with a technical expert workgroup to design eligibility criteria that identify the highest-risk three to five percent of the Medi-Cal population who present the best opportunity for improved health outcomes through HHP services. These criteria include both 1) a select group of International Classification of Diseases (ICD)-9/ICD-10 codes for each eligible chronic condition, and 2) a required high level of acuity/complexity.

B. HHP Eligibility Criteria and the Targeted Engagement List

Using administrative data, DHCS will develop a Targeted Engagement List (TEL) of Medi-Cal MCP members who are eligible for the HHP based on the DHCS-developed eligibility criteria noted below. The TEL will be refreshed every six months using the most recent available data. The MCP will actively attempt to engage the members on the TEL. (See Member Assignment, for more information on MCP activity to engage eligible members.)

To be eligible for the HHP, a member must be full-scope, have no share of costs, and meet the following eligibility criteria. See Appendix B for *Targeted Engagement List data specification document* and specific ICD 10 codes that define these eligible conditions:

Eligibility Requirement	Criteria Details
1. Chronic condition criteria	Has a chronic condition in <u>at least one</u> of the following categories: • **At least two of the following**: chronic obstructive pulmonary disease, diabetes, traumatic brain injury, chronic or congestive heart failure, coronary artery disease, chronic liver disease, chronic renal (kidney) disease, dementia, substance use disorders; OR • **Hypertension and one of the following:** chronic obstructive pulmonary disease, diabetes, coronary artery disease, chronic or congestive heart failure; OR • **One of the following:** major depression disorders, bipolar disorder, psychotic disorders (including schizophrenia); OR • **Asthma**
2. Meets at least 1 acuity/complexity criteria	• Has at least 3 or more of the HHP eligible chronic conditions; OR • At least one inpatient hospital stay in the last year; OR • Three or more emergency department visits in the last year; OR • Chronic homelessness.

The TEL may include other criteria that are intended to ensure that HHP resources are targeted to Medi-Cal members who present the best opportunity for improved health outcomes through HHP services. The DHCS TEL is intended to be used by MCPs as a list of people who are likely to be eligible for the program based on the data available to DHCS; it is not, on its own, a comprehensive eligibility list.

Acuity Eligibility Criteria

Eligibility for HHP requires that members have the specified conditions and at least one of the four acuity criteria listed above. MCPs must have a process to verify eligibility as part of the enrollment process. MCPs can do this through reviews of the MCPs data and/or through other methods including discussion/assessment with the member or the member's providers. This additional verification is not only to confirm that the member meets eligibility, but also that they do not have exclusionary criteria such as enrollment in another duplicative care management program or being "well managed." For example, a member's qualifying utilization may have been for something unrelated to management of a chronic condition, such as maternity.

MCPs should make a preliminary eligibility determination based on their data prior to proceeding with proactive outreach and engagement. MCPs may rely on the TEL to verify that the member meets the eligibility criteria for having the eligible chronic conditions and the acuity criteria relating to having three or more of the eligible chronic conditions; however, the MCP should verify utilization acuity criteria (within 12 months) using the MCP's own data.

MCPs are required to review their own data for members who are on the TEL and should not proactively outreach members whose qualifying utilization is: 1) only found in the oldest four months of the TEL look-back period; and 2) unrelated to the HHP chronic conditions. MCPs may also apply their own additional prioritization policies upon approval from DHCS.

At the point in time when the MCP makes this data-driven preliminary eligibility determination, the member will be considered eligible for the program regardless of how long it takes the member to agree to enroll. The member may be enrolled for at least one month to complete the member assessment and care plan process. If additional information is determined during the assessment/care plan process that negates prior eligibility data or confirms an exclusionary criteria, then the member will be disenrolled.

Homeless Eligibility Criteria

Chronic homelessness for HHP is defined in W&I Code section 14127(e), and states *"a chronically homeless individual means a homeless individual with a condition limiting his or her activities of daily living who has been continuously homeless for a year or more, or had at least four episodes of homelessness in the past three years. For purposes of this article, an individual who is currently residing in transitional housing, as defined in Section 50675.2 of the Health and Safety Code, or who has been residing in permanent supportive housing, as defined in Section 50675.14 of the Health and Safety Code, for less than two years shall be considered a chronically homeless individual if the individual was chronically homeless prior to his or her*

residence." For the purpose of verifying HHP acuity eligibility criteria, the portion of this definition which states "with a condition limiting his or her activities of daily living" is satisfied by verification that the member has one of the HHP-eligible conditions. No further assessment of activities of daily living limitation is required to establish that the member meets the portion of this eligibility acuity criterion underlined above. In addition, a member meets the HHP chronically homeless acuity eligibility criteria if the member meets either the W&I Code section 14127(e) definition or the Housing and Urban Development (HUD) definition.

People Excluded from Targeted Engagement List

The following exclusions will be applied either through MCP data analysis for individual members or through assessment information gathered by the Community-Based Care Management Entity (CB-CME) (see *Reporting Template-Instructions* for additional information):

- Members determined through further assessment to be sufficiently well managed through self-management or through another program, or the member is otherwise determined to not fit the high-risk eligibility criteria
- Members whose condition management cannot be improved because the member is uncooperative
- Members whose behavior or environment is unsafe for CB-CME staff
- Members determined to be more appropriate for an alternate care management program

IV. Health Home Program Services

This section describes the six HHP services. HHP arranges for and coordinates interventions that address the medical, social, behavioral health, functional impairment, cultural and environmental factors affecting health and health care choices available to HHP members.

All HHP engagement and services can be provided to members and family/support persons through e-mails, texts, social media, phone calls, letters, mailings, community outreach, and, to the extent and whenever possible, in-person meetings where the member lives, seeks care, or is accessible. Communication and information must meet health literacy standards and trauma-informed care standards and be culturally appropriate.

A. Comprehensive Care Management

Comprehensive care management involves activities related to engaging members to participate in the HHP and collaborating with HHP members and their family/support persons to develop their comprehensive, individualized, person-centered care plan, called a Health Action Plan (HAP). The HAP incorporates the member's needs in the areas of physical health, mental health, SUD, community-based LTSS, oral health, palliative care, trauma-informed care, social supports, and, as appropriate for individuals experiencing homelessness, housing. The HAP is based on the needs and desires of the member and will be reassessed based on the member's progress or changes in their needs. It will also track referrals. The HAP must be completed within 90 days of HHP enrollment.

Comprehensive care management may include case conferences to ensure that the member's care is continuous and integrated among all service providers.

Comprehensive care management services include, but are not limited to:

- Engaging the member in HHP and in their own care
- Assessing the HHP member's readiness for self-management using screenings and assessments with standardized tools
- Promoting the member's self-management skills to increase their ability to engage with health and service providers
- Supporting the achievement of the member's self-directed, individualized health goals to improve their functional or health status, or prevent or slow functional declines
- Completing a comprehensive health risk assessment to identify the member's needs in the areas of physical health, mental health, substance use, oral health, palliative care, trauma-informed care, and social services
- Developing a member's HAP and revising it as appropriate
- Reassessing a member's health status, needs and goals
- Coordinating and collaborating with all involved parties to promote continuity and consistency of care
- Clarifying roles and responsibilities of the multi-disciplinary team, providers, member and family/support persons

1) Care Management Assessment Tools

To the extent possible and reasonable, DHCS will align new requirements for care management methods and tools with those currently used by MCPs for care coordination. MCPs have extensive experience administering Health Risk Assessments and developing care plans.

MCPs may use current Cal MediConnect or Seniors and Persons with Disabilities (SPD) care management tools, such as the Health Risk Assessment and Individualized Care Plan, as a base for developing health assessments and completing the HAP for HHP members. For the implementation of HHP, any assessment or planning elements that are required in the HHP and are not already included in an existing tool and/or process must be added to the existing MCP assessment and planning tools. Such elements could include an assessment of social determinants of health, including an indicator of housing instability, a need for palliative care, and trauma-informed care needs.

The HAP is defined as the Individualized Care Plan with the inclusion of any elements specific to HHP. When a member begins receiving HHP services, the member will receive a comprehensive assessment and a HAP will be created. The HAP will be reassessed at regular intervals and when changes occur in the member's progress or status and health care needs.

The assessments must be available to the primary care physicians, mental health service providers, substance use disorder services providers, and the care coordinators for all HHP members. In conjunction with the primary care physician, other multi-disciplinary care team members, and any necessary ancillary entities such as county agencies or volunteer support entities, the care coordinator will work with the HHP member and their family/support persons to develop a HAP.

2) Duties

MCPs in partnership with CB-CMES must be able to carry out the following comprehensive care management services:

Member Engagement and Support

a. MCPs must ensure that CB-CMEs accomplish the following:
    1) Engage the member in the HHP and their own care
    2) Assess the HHP member's readiness for self-management using standardized screenings and assessments with standardized tools
    3) Track and promote the member's self-management skills to increase their ability to engage with health and service providers
    4) Support the achievement of the member's self-directed, individualized, whole-person health goals to improve their functional or health status, or prevent or slow functional declines

Member Assessment

a. MCPs/CB-CMEs must have a process for assessing and reassessing the member to identify their needs in the areas of physical health, mental health, substance use, oral health, palliative care, trauma-informed care, and social services. The process should identify:
    1) How their tools align with current tools used for the defined population and avoid unnecessary duplication of assessment?
    2) How trauma-informed care best practices will be utilized?
    3) Whether the assessment process and HAP are standard across the CB-CMEs or whether variations exist.
b. MCPs/CB-CMEs must have a process and tools for developing the member's HAP and revising, as appropriate
c. MCPs/CB-CMEs must develop and use the HAP and screening and assessment tools, and develop processes for:
    1) How the HAP is shared with other providers and if it can be shared electronically; and
    2) How the HAP will track referrals and follow ups.

Coordination

a. MCPs/CB-CMEs must have a process for integrating community social supports, long term support services, mental health, substance use disorder services, palliative care, trauma-informed care, oral health, and housing services into a member's HAP
b. MCP must ensure that the CB-CMEs:
    1) Coordinate and collaborate with all involved parties to promote continuity and consistency of care; and
    2) Clarify roles and responsibilities of the multi-disciplinary team, providers, HHP member, and family/support persons.
c. MCPs must have policies and procedures to ensure that members are not receiving the same services from another state care management program (see non-duplication of care coordination services for more information).

B. Care Coordination

Care coordination includes services to implement the HHP member's HAP. Care coordination services begin once the HAP is completed. HHP care coordination services will integrate with current MCP care coordination activities, but will require a higher level of service than current

MCP requirements. Care coordination may include case conferences in order to ensure that the member's care is continuous and integrated among all service providers. All program staff who provide HHP services are required to complete CB-CME/care coordinator training as discussed in Appendix C.

Care coordination services address the implementation of the HAP and ongoing care coordination and include, but are not limited to:

1) Member Support

- Working with the member to implement their HAP
- Assisting the member in navigating health, behavioral health, and social services systems, including housing
- Sharing options with the member for accessing care and providing information to the member regarding care planning
- Identifying barriers to the member's treatment and medication management adherence
- Monitoring and supporting treatment adherence (including medication management and reconciliation)
- Assisting in attainment of the member's goals as described in the HAP
- Encouraging the member's decision making and continued participation in HHP
- Accompanying members to appointments as needed

2) Coordination

- Monitoring referrals, coordination, and follow ups to ensure needed services and supports are offered and accessed
- Sharing information with all involved parties to monitor the member's conditions, health status, care planning, medications usages and side effects
- Creating and promoting linkages to other services and supports
- Helping facilitate communication and understanding between HHP members and healthcare providers

MCPs in partnership with CB-CMEs must develop, and ensure the implementation of, policies and procedures to support CB-CME coordination efforts to:

a. Maintain frequent, in-person contact between the member and the care coordinator when delivering HHP services. Minimum in-person visits for the aggregated population is 260 visits per 100 enrolled members per quarter. DHCS used the following assumptions to develop the aggregate population visit requirement listed above:
    i. After two years, the population equals: 20% in tier 1, 30% in tier 2, 50% in tier 3
    ii. Tier 1 – two in-person visits per month
    iii. Tier 2 – 1 in-person visit per month
    iv. Tier 3 – 1 in-person visit per quarter
b. Ensure members see their PCP within 60 days of enrollment in HHP. This is a recommended best practice only – not service requirement.
c. Ensure availability of support staff to complement the work of the Care Coordinator.
d. Ensure availability of providers with experience working with people who are chronically homeless.
e. Support screening, referral and co-management of individuals with both behavioral health and physical health conditions.

f. Link eligible individuals who are homeless or experiencing housing instability to permanent housing, such as supportive housing.
g. Maintain an appointment reminder system for members. This is a recommended best practice only – not a service requirement.
h. Identify and take action to address member gaps in care through:
    i. Assessment of existing data sources for evidence of care appropriate to the member's age and underlying chronic conditions
    ii. Evaluation of member perception of gaps in care
    iii. Documentation of gaps in care in the member case file
    iv. Documentation of interventions in HAP and progress notes
    v. Findings from the member's response to interventions
    vi. Documentation of discussions of members care goals
    vii. Documentation of follow-up actions, and the person or organization responsible for follow-up

C. Health Promotion

Health promotion includes services to encourage and support HHP members to make lifestyle choices based on healthy behavior, with the goal of motivating members to successfully monitor and manage their health. Members will develop skills that enable them to identify and access resources to assist them in managing their conditions and preventing other chronic conditions.

Health promotion services include, but are not limited to:

- Encouraging and supporting health education for the member and family/support persons
- Assessing the member's and family/support persons' understanding of the member's health condition and motivation to engage in self-management
- Coaching members and family/support persons about chronic conditions and ways to manage health conditions based on the member's preferences
- Linking the member to resources for: smoking cessation; management of member chronic conditions; self-help recovery resources; and other services based on member needs and preferences
- Using evidence-based practices, such as motivational interviewing, to engage and help the member participate in and manage their care

D. Comprehensive Transitional Care

Comprehensive transitional care includes services to facilitate HHP members' transitions from and among treatment facilities, including admissions and discharges. In addition, comprehensive transitional care reduces avoidable HHP member admissions and readmissions. Agreements and processes to ensure prompt notification to the member's care coordinator and tracking of member's admission or discharge to/from an ED, hospital inpatient facility, residential/treatment facility, incarceration facility, or other treatment center are required. Additionally, MCPs or CB-CMEs must provide information to hospital discharge planners about HHP.

Comprehensive transitional care services include, but are not limited to:

- Providing medication information and reconciliation
- Planning timely scheduling of follow-up appointments with recommended outpatient providers and/or community partners
- Collaborating, communicating, and coordinating with all involved parties
- Easing the member's transition by addressing their understanding of rehabilitation activities, self-management activities, and medication management
- Planning appropriate care and/or place to stay post-discharge, including temporary housing or stable housing and social services
- Arranging transportation for transitional care, including to medical appointments, as per NMT and NEMT policy and procedures
- Developing and facilitating the member's transition plan
- Preventing and tracking avoidable admissions and readmissions
- Evaluating the need to revise the member's HAP
- Providing transition support to permanent housing

E. Individual and Family Support Services

Individual and family support services include activities that ensure that the HHP member and family/support persons are knowledgeable about the member's conditions with the overall goal of improving their adherence to treatment and medication management. Individual and family support services also involve identifying supports needed for the member and family/support persons to manage the member's condition and assisting them to access these support services.

Individual and family support services may include, but are not limited to:

- Assessing the strengths and needs of the member and family/support persons
- Linking the member and family/support persons to peer supports and/or support groups to educate, motivate and improve self-management
- Connecting the member to self-care programs to help increase their understanding of their conditions and care plan
- Promoting engagement of the member and family/support persons in self-management and decision making
- Determining when member and family/support persons are ready to receive and act upon information provided and assist them with making informed choices
- Advocating for the member and family/support persons to identify and obtain needed resources (e.g. transportation) that support their ability to meet their health goals
- Accompanying the member to clinical appointments, when necessary
- Identifying barriers to improving the member's adherence to treatment and medication management
- Evaluating family/support persons' needs for services

F. Referral to Community and Social Supports

Referral to community and social support services involves determining appropriate services to meet the needs of HHP members, identifying and referring members to available community resources, and following up with the members.

Community and social support referral services may include, but are not limited to:

- Identifying the member's community and social support needs
- Identifying resources and eligibility criteria for housing, food security and nutrition, employment counseling, child care, community-based LTSS, school and faith-based services, and disability services, as needed and desired by the member
- Providing member with information on relevant resources, based on the member's needs and interests.
- Actively engaging appropriate referrals to the needed resources, access to care, and engagement with other community and social supports
- Following up with the member to ensure needed services are obtained
- Coordinating services and follow-up post engagement
- Checking in with the members routinely through in-person or telephonic contacts to ensure they are accessing the social services they require
- Providing Individual Housing Transition Services, including services that support an individual's ability to prepare for and transition to housing
- Providing Individual Housing and Tenancy Sustaining Services, including services that support the individual in being a successful tenant in their housing arrangement and thus able to sustain tenancy

V. Health Homes Program Network

A. MCP Duties/Responsibilities

MCPs must have the ability to perform the following duties/responsibilities:

a. Develop and implement criteria for network sufficiency determination, including county-wideness and number of projected members
b. Develop an adequate network of Community-Based Care Management Entities (CB-CMEs) in each of the MCP's implemented counties for HHP to serve enrolled members
c. Design and implement a process for determining the qualifications of organizations to meet CB-CME standards and for providing support for CB-CMEs, including:
    1. Identify organizations who meet the CB-CME standards
    2. Provide the infrastructure and tools necessary to support CB-CMEs in care coordination
    3. Gather and share HHP member-level information regarding health care utilization, gaps in care and medications
    4. Provide outcome tools and measurement protocols to assess CB-CME effectiveness
d. Integrate community entities focused on services to individuals experiencing homelessness into the care model and, if applicable, the multi-disciplinary care team; meet the State legislation requirement to ensure availability of providers with experience working with individuals who are chronically homeless.

e. Engage with community and social support services by building new, or enhance existing, relationships with programs, services, and support organizations to provide care to members, including but not limited to:
    1. County specialty mental health plans;
    2. Housing agencies and permanent housing providers; and
    3. Individual Housing and Tenancy Sustaining Services.
f. Contract with CB-CMEs for the provision of HHP services, including outlining the MCP and CB-CME roles and responsibilities, and ensuring that CB-CMEs fulfill all required CB-CME duties and achieve HHP goals, including the network development goals.
g. Have methods to ensure compliance with HHP requirements throughout the network, including portions of the network contracted through delegated entities.
h. Ensure the development of a communication and feedback strategy for all members of the HHP care team, including the member and their family/support persons, to ensure information sharing occurs. Encourage all of the HHP member's providers who supply input to the HAP and coordinate with the CB-CME care coordinator to conduct case conferences, including with those whom may not be formally included on the CB-CME's multi-disciplinary care team.
    1. If the CB-CME is not the member's MCP-assigned PCP, the MCP must have policies and procedures for ensuring: the MCP/CB-CME maintains a strong and direct connection to the PCP and PCP's participate in HAP development and ongoing coordination.
i. Have strong oversight and perform regular auditing and monitoring activities to ensure that all care management requirements are completed

1) Administration

a. Attribute assigned HHP members to CB-CMEs, providing for increased care coordination as close to the member's usual point of care delivery as possible in the community. HHP members must be notified of their CB-CME options.
b. Receive payment from DHCS and disperse funds to CB-CMEs. Have policies and procedures regarding:
    1. The process for how an MCP determines that the appropriate level of services are provided and documented by CB-CMEs in accordance with the contract and service requirements; and
    2. The process/structure/tiering (if used) for payments to CB-CMEs.

2) Data Sharing and Reporting

a. Develop reporting capabilities and methodologies
b. Establish and maintain data-sharing agreements that are compliant with all federal and state laws and regulations, and when necessary, with other providers
c. Notify CB-CMEs of inpatient admissions and emergency department (ED) visits/discharges
d. Track and share data with CB-CMEs regarding each member's health history
e. Establish procedures for hospitals participating under the Medicaid State Plan or a waiver of such plan for referring eligible individuals with chronic conditions who seek or need treatment in a hospital emergency department to designated HHP providers. However, HHP primarily uses the TEL to identify and refer members to HHP.

3) Training and Education

a. Develop and offer learning activities that will support CB-CMEs in effective delivery of HHP services
b. Develop CB-CME training tools, as needed, to supplement DHCS-developed tools.
c. Ensure participation of the CB-CME and MCP staff delivering HHP Services in DHCS-required CB-CME and care coordinator training and learning collaboratives.

B. CB-CME Qualifications

HHP CB-CMEs must meet the following qualifications:

- Be experienced serving Medi-Cal members and, to comply with W&I Code HHP requirements, as appropriate for their assigned HHP member population, with high-risk members such as individuals who are experiencing homelessness;
- Comply with all program requirements;
- Have strong, engaged organizational leadership who agree to participate in learning activities, including in-person sessions and regularly scheduled calls;
- Have the capacity to provide appropriate and timely in-person care coordination activities, as needed. If in-person communication is not possible in certain situations, alternative communication methods such as tele-health or telephonic contacts may also be utilized, if culturally appropriate and accessible for the HHP member, to enhance access to services for HHP members and families where geographic or other barriers exist and according to member choice;
- Have the capacity to accompany HHP members to critical appointments, when necessary, to assist in achieving HAP goals;
- Agree to accept any enrolled HHP members assigned by the MCP, according to the CB-CME contract with the MCP;
- Demonstrate engagement and cooperation with area hospitals, primary care practices and behavioral health providers, through the development of agreements and processes, to collaborate with the CB-CME on care coordination; and
- Use tracking processes to link HHP services and share relevant information between the CB-CME and MCP and other providers involved in the HHP member's care.

C. CB-CME Certification

Organizations must be one of the following types of organizations and be able to meet the qualifications above and perform the duties below to be authorized to serve as a CB-CME:

- Behavioral health entity
- Community mental health center
- Community health center
- Federally qualified health center
- Rural health center
- Indian health clinic
- Indian health center
- Hospital or hospital-based physician group or clinic
- Local health department
- Primary care or specialist physician or physician group

- SUD treatment provider
- Provider serving individuals experiencing homelessness
- Other entities that meet certification and qualifications of a CB-CME, if selected and certified by the MCP

D. CB-CME General Duties

CB-CMEs will be expected to perform the following duties/responsibilities:

- Be responsible for care team staffing, according to HHP required staffing ratios determined by DHCS, and oversight of direct delivery of the core HHP services;
- Implement systematic processes and protocols to ensure member access to the multi-disciplinary care team and overall care coordination;
- Ensure person-centered health action planning that coordinates and integrates all of the HHP member's clinical and non-clinical physical and behavioral health care related needs and services, and social services needs and services;
- Collaborate with and engage HHP members in developing a HAP and reinforcing/implementing/reassessing it in order to accomplish stated goals;
- Coordinate with authorizing and prescribing entities as necessary to reinforce and support the HHP member's health action goals, conducting case conferences as needed in order to ensure that the HHP member care is integrated among providers;
- Support the HHP member in obtaining and improving self-management skills to prevent negative health outcomes and to improve health;
- Provide evidence-based care;
- Monitor referrals, coordination, and follow-up to needed services and supports; actively maintain a directory of community partners and a process ensuring appropriate referrals and follow-up;
- Support HHP members and families during discharge from hospital and institutional settings, including providing evidence-based transition planning;
- Accompany the HHP member to critical appointments (when necessary and in accordance with MCP HHP policy);
- Provide service in the community in which the HHP member lives so services can be provided in-person, as needed;
- Coordinate with the HHP member's MCP nurse advice line, which provides 24-hour, seven day a week availability of information and emergency consultation services to HHP member; and
- Provide quality-driven, cost-effective HHP services in a culturally competent and trauma-informed manner that addresses health disparities and improves health literacy.

VI. General HHP Operations

A. Non-Duplication of Care Coordination Services

MCPs must ensure that members are not enrolled in another state program that provides care coordination services that would preclude them from receiving HHP care coordination services. The process should include: 1) checking available MCP data; and 2) asking members as part of

both the in-person member assessment during the eligibility/enrollment process and the assessment/care plan process.

The Targeted Engagement List (TEL) does not include members who are participating in the following programs:

- 1915(c) Home and Community Based (HCBS) waiver programs: HIV/AIDS, Assisted Living Waiver (ALW), Developmentally Disabled (DD), In-Home Operations (IHO), Multipurpose Senior Services Program (MSSP), Nursing Facility Acute Hospital (NF/AH);
- County Targeted Case Management (TCM) (excluding Specialty Mental Health TCM);
- Skilled Nursing Facility (SNF) residents with a duration longer than the month of admission and the following month; and
- Hospice.

Below is a summary of how HHP intersects with existing Medi-Cal programs that provide care coordination services, organized by the following three categories: 1) Members can receive services through both HHP and the other program; 2) Members must choose HHP or the other program; and 3) Members cannot receive HHP services.

1) Members Can Receive Services through BOTH HHP and the Other Program

- 1115 Waiver Whole Person Care Pilot Program
  Members participating in a Whole Person Care (WPC) Pilot Program may also be eligible for the HHP. DHCS has released specific guidance related to the interaction between the Health Homes Program and the WPC Pilot Program which can be found in Appendix K of this Program Guide.

- California Children's Services
  Children who are enrolled in the Children's Services program are eligible for the HHP.

- Specialty Mental Health and Drug Medi-Cal
  DHCS recognizes that coordination of behavioral health services will be a major component of HHP. HHP services are focused on physical health, mental health, Substance Use Disorder (SUD), community-based LTSS, palliative care, trauma-informed care, oral health, social supports, and, as appropriate for individuals experiencing homelessness, housing. In the California HHP structure of MCPs and CB-CMEs, it is expected that direct HHP services for HHP members will primarily occur at the CB-CMEs, even though MCPs may play a role. Therefore, it is important that CB-CMEs that have HHP members who receive behavioral health services have the capability to support the various needs of their members.

  For HHP members without conditions that are appropriate for specialty mental health treatment, it is anticipated that their physical-health oriented CB-CME is an appropriate setting for their HHP services. These CB-CMEs would typically be affiliated with an MCP.

  DHCS and stakeholders have noted that HHP members with conditions that are appropriate for specialty mental health treatment may prefer to receive their primary HHP services from their MHP's contracted provider acting as a designated CB-CME. To

facilitate care coordination for HHP members through a MHP-designated CB-CME, Drug Medi-Cal Organized Delivery system (DMC-ODS) or MHP providers may perform CB-CME HHP responsibilities through a contract with the MCPs in the county at the discretion of the MCP. This type of entity would perform the CB-CME HHP responsibilities for an HHP-eligible managed care member who 1) qualifies to receive services provided under the Medi-Cal scope of service for this type of entity (MHP or Drug Medi-Cal services); and 2) chooses a county MHP, or county MH/SUD plan, affiliated CB-CME instead of a CB-CME affiliated with the MCP. In cases where the MHP serves as both an administrator and a provider of direct services, the MHP could assume the responsibilities of the CB-CME.

2) Members Must Choose HHP OR the Other Program

- Targeted Case Management
  County-operated Targeted Case Management (TCM) is a comprehensive care coordination program and is duplicative of HHP. Members who are receiving TCM services have a choice of continuing TCM services or receiving HHP services.

  However, TCM provided as part of the County Mental Health Plan (MHP) Specialty Mental Health (SMH) services is not duplicative of HHP. The HHP provider should ensure that they: 1) coordinate with the SMH TCM provider, and 2) do not duplicate any SMH TCM activities.

- 1915(c) Waiver Programs
  1915(c) Home and Community Based Services (HCBS) Waiver programs provide services to many Medi-Cal members who will likely also meet the eligibility criteria for HHP. There are comprehensive care management components within these programs that are duplicative of HHP services. Members who are receiving 1915(c) services have a choice of continuing 1915(c) services or receiving HHP services.
  The 1915(c) HCBS waiver programs include:
  HIV/AIDS, Assisted Living Waiver (ALW), Developmentally Disabled (DD), In-Home Operations (IHO), Multipurpose Senior Services Program (MSSP), and Nursing Facility Acute Hospital (NF/AH).

- Cal MediConnect or Fee-for-Service Delivery Systems
  Members who are eligible for both Medi-Cal and Medicare are eligible for the HHP. In addition, members who are in the Fee-for-Service Delivery System are also eligible for the HHP. However, HHP is not available in the Cal MediConnect or Fee-for-Service delivery systems. Members have the choice to leave the Cal MediConnect or Fee-for-Service delivery systems to receive all their Medi-Cal services, including HHP services, through a regular Medi-Cal Managed Care Plan.

- Other Comprehensive Care Coordination Programs
  Individual MCPs have discretion to determine and designate other comprehensive care coordination programs (not listed in this section) that are duplicative of HHP services, including programs that are operated or overseen by the MCP. Examples include, but

are not limited to, MCP Complex Case Management programs and Community-Based Adult Services.

3) Members CANNOT Receive HHP Services

- Nursing Facility Residents and Hospice Recipients
  Skilled Nursing Facility (SNF) residents with a duration longer than the month of admission and the following month and Hospice service recipients are excluded from participation in the HHP.

B. HHP Outreach Requirements

MCPs will be responsible for engaging HHP-eligible members, using state-determined, Centers for Medicare & Medicaid Services (CMS)-approved criteria. Engagement of eligible HHP members will be critical for the program success. MCPs will link HHP members to one of the MCP's contracted CB-CMEs and ensure the HHP member is notified. If the HHP member's assigned primary care provider (PCP) is affiliated with a CB-CME, the HHP member will be assigned to that CB-CME, unless the member chooses another CB-CME or a more appropriate CB-CME is identified given the member's individual needs and conditions.

1) MCP Duties/Responsibilities

MCPs must have the ability to perform the following duties/responsibilities or delegate to CB-CMEs and provide appropriate oversight.

a. Capacity
   Have the capacity to engage and provide services to eligible members, including:
   1) Establish an engagement plan with appropriate modifications for members experiencing homelessness;
   2) Evaluate the TEL provided by DHCS;
   3) Attribute assigned HHP members to CB-CMEs;
   4) Ensure the engagement of members on the targeted engagement list;
   5) Secure and maintain record of the member's consent to participate in the program (which can be verbal); and
   6) Provide member resources (e.g. customer service, member grievance process) relating to HHP.

b. Engagement Process
   1) Have policies and procedures for identifying, locating, and engaging HHP-eligible members.
   2) Use the following strategies for engagement as appropriate and to the extent possible: mail; email; social media; texts; telephone; community outreach; and in-person meetings where the member lives, seeks care, or is accessible.
   3) Show active, meaningful and progressive attempts at member engagement each month until the member is engaged. Activities that support member engagement include active outreach such as direct communications with member (face-to-face, mail, electronic, telephone), follow-up if the member presents to another partner in the HHP network, or using claims data to contact providers the member is known to use. Examples of acceptable engagement include:

a. Letter to member followed by phone call to member
b. Phone call to member, outreach to care delivery partners and social service partners
c. Street level outreach, including, but not limited to, where the member lives or is accessible

4) Establish a process for reviewing and excluding people from the Targeted Engagement List (TEL), including the MCP's definition of "well managed" (based on DHCS guidelines of having no substantial avoidable utilization or be enrolled in another acceptable care management program – see Reporting Template-Instructions for definition);
5) Report Members determined not appropriate for the HHP, along with a reason code, to DHCS.
6) DHCS will evaluate the MCP enrolled vs non-enrolled members and compare across MCPs for general compliance review purposes and to ensure that the engagement process is adequately engaging members on the targeted engagement list who are at the highest risk levels, have behavioral health conditions, and those experiencing homelessness.
7) Include housing navigators in the engagement process, at the MCP's discretion
8) Document the member engagement process
9) Develop a methodology and criteria used by the MCP or the CB-CME to stratify high, medium and low need members
10) Develop educational materials or scripts that you intend to develop to engage the member.
11) Have policies and procedures to provide culturally appropriate communications and information that meet health literacy and trauma-informed care standards
12) Have policies and procedures for the following:
    a. Required number and modalities of attempts made to engage member
    b. MCP's protocol for follow-up attempts
    c. MCP's protocol for discharging members who cannot be engaged, choose not to participate, or fail to participate

c. Assignment

MCPs will link HHP members to one of their contracted CB-CMEs and ensure the HHP member is notified. If the HHP member's assigned primary care provider is affiliated with a CB-CME, the HHP member will be assigned to that CB-CME, unless the member chooses another CB-CME or a more appropriate CB-CME is identified given the member's individual needs and conditions. MCP's and/or CB-CME's notification will inform the HHP member that they are eligible for HHP services, and identify their MCP and CB-CME. This notification will explain that HHP participation is voluntary, members have the opportunity to choose a different CB-CME, and HHP members can discontinue participation at any time. It will also explain the process for participation. In counties where multiple MCPs are available, the HHP member may change their MCP once per month in accordance with current MCP choice policies.

C. Priority Engagement Group

After the MCP has screened people who are inappropriate for HHP from the TEL based on the HHP requirements, MCPs are required to create a priority engagement group, or ranking process, with the goal of engaging and serving members who present the greatest opportunity for improvement in care management and reduction in avoidable utilization. This group, or members in order or priority rank, would be the first focus for MCP engagement efforts. The criteria and size of the group for priority engagement status will be at the MCP's discretion (upon approval by DHCS).

D. Referral

HHP services must be made available to all full scope Medi-Cal members without a share of cost who meet the DHCS-developed eligibility criteria, including those members dually eligible for Medicaid and Medicare. Providers, health plan staff, or other, non-provider community entities/care providers may refer eligible members to the member's assigned MCP to confirm if the member meets the eligibility criteria to receive HHP services. The Targeted Engagement List will be the primary method for identifying and engaging eligible HHP members. Referrals are more likely necessary in the situation of a new Medicaid member who may not have the Medi-Cal claims history that identifies them as HHP eligible. Provider referral forms will indicate that the provider has verified that the member meets the HHP eligibility criteria. The provider will submit the referral form to the MCP for confirmation. MCP confirmation is required before an individual is deemed an HHP member and may receive HHP services from a CB-CME.

E. Consent

The member will be considered enrolled in the HHP once the member has given either verbal or written consent to participate in the program. The MCP or CB-CME will secure consents by the member to participate in HHP and authorize release of information to the extent required by law. Either the MCP or the CB-CME must maintain a record of these consents.

F. Disenrollment

If an eligible member has, or develops, an exclusionary criterion, cannot be engaged within a specified period, chooses not to participate, or fails to participate actively in HHP planning and coordination, the HHP member will be disenrolled from the HHP, and the MCP will discontinue CB-CME HHP funding for that member. Additionally, if the MCP determines that the member's eligible chronic conditions have become well-managed – to the extent that HHP services are not medically necessary and will not significantly change the member's health status – the HHP member will be disenrolled and the MCP will discontinue CB-CME HHP funding for that member.

A Notice of Action (NoA) Letter is required in all situations except for when an eligible member chooses not to participate. The eligible member may choose to participate in the HHP at any time.

G. Risk Grouping

The MCP will ensure that HHP member acuity will inform appropriate provision of HHP services. For example, MCP program criteria may include three, or more, risk groupings of the HHP members. Members in the higher acuity risk groupings (tiers) will receive more intensive HHP services. In addition, the HHP will include requirements to address the unique needs of members experiencing homelessness, as specified in AB 361.

H. Mental Health Services

MCPs will develop or amend existing Memoranda of Understanding with county Mental Health Plans (MHPs) to address HHP-specific information. DHCS has released All Plan Letter (APL) 18-015 (which supersedes APL 13-018) to address the HHP-specific information that MCPs must include in new, or amended, MOUs. This MOU will be submitted to DHCS prior to the start of HHP implementation for the Serious Mental Illness or Serious Emotional Disturbance (SMI) population. Please see Appendix D - Readiness Requirements and Checklist for information on this deliverable.

I. Housing Services

MCPs will work with community resources to ensure seamless access to the delivery of housing support services. MCPs or contracted CB-CMEs must provide housing navigation services, not just referrals to housing. A Housing Navigator is required to be part of the HHP care team for members experiencing homelessness. HHP members must receive the following services:

1) Individual Housing Transition Services

Housing transition services assist beneficiaries with obtaining housing, such as individual outreach and assessments. These services include:

- Conducting a tenant screening and housing assessment that identifies the participant's preferences and barriers related to successful tenancy. The assessment may include collecting information on potential housing transition barriers, and identification of housing retention barriers;
- Developing an individualized housing support plan based upon the housing assessment that addresses identified barriers, includes short and long-term measurable goals for each issue, establishes the participant's approach to meeting the goal, and identifies when other providers or services, both reimbursed and not reimbursed by Medicaid, may be required to meet the goal;
- Assisting with the housing application process. Assisting with the housing search process;
- Identifying resources to cover expenses such as security deposit, furnishings, adaptive aids, environmental modifications, moving costs and other one-time expenses;
- Ensuring that the living environment is safe and ready for move-in;
- Assisting in arranging for and supporting the details of the move; and
- Developing a housing support crisis plan that includes prevention and early intervention services when housing is jeopardized.

2) Individual Housing and Tenancy Sustaining Services

Housing and tenancy sustaining services, such as tenant and landlord education and tenant coaching, support individuals in maintaining tenancy once housing is secured. These services include:

- Providing early identification and intervention for behaviors that may jeopardize housing, such as late rental payment and other lease violations;
- Education and training on the roles, rights and responsibilities of the tenant and landlord;
- Coaching on developing and maintaining key relationships with landlords/property managers with a goal of fostering successful tenancy;
- Assistance in resolving disputes with landlords and/or neighbors to reduce risk of eviction or other adverse action;
- Advocacy and linkage with community resources to prevent eviction when housing is, or may potentially become jeopardized;
- Assistance with the housing recertification process;
- Coordinating with the tenant to review, update and modify their housing support and crisis plan on a regular basis to reflect current needs and address existing or recurring housing retention barriers; and
- Continuing training in being a good tenant and lease compliance, including ongoing support with activities related to household management.

To the extent applicable, housing-based case management services provided to HHP members shall be consistent with the Housing First core components as described in Senate Bill (SB) 1380 Mitchel, Chapter 847, Statutes of 2016). Engagement to members potentially eligible for HHP or the provision of HHP housing-based case management services may not be restricted for individuals based on sobriety, completion of treatment, poor credit, financial history, criminal background, or housing readiness, unless they are determined ineligible for HHP or meet one or more of the DHCS defined HHP exclusionary criteria. HHP housing-based services shall incorporate a harm-reduction philosophy that recognizes drug and alcohol use and addiction as a part of members' lives, where members are engaged in nonjudgmental communication regarding drug and alcohol use. Members should be offered education regarding how to avoid risky behaviors and engage in safer practices, as well as connected to evidence-based treatment if they so choose.

The HHP does not provide direct funding for housing. However, DHCS encourages MCPs to partner with housing organizations that incorporate the Housing First model into their case management and housing navigation services offered to members and to prioritize connecting HHP members with permanent housing options, when appropriate and available. For example, plans might explore collaborating with community-based organizations that are Housing First compliant, implement a requirement that housing services be provided consistent with Housing First components, encourage enhanced coordination with coordinated entry and assessment systems and/or allow receipt of referrals from the homeless crisis response system entities.

The goal is to integrate Housing First principles and components in an effort to enhance the provision of meaningful individual housing and tenancy-sustaining services to enrolled members.

J. Training

MCPs are required to ensure that the MCP and CB-CME staff who will be delivering HHP services receive the required HHP training prior to participating in the administration of the HHP. See Appendix C for training requirements.

K. Service Directory

MCPs or CB-CMEs must ensure a directory of community services and supports is developed, maintained, and is made available to all care coordinators to inform referring members to social services. The community services directory may be sourced from existing directories so long as it is available as a resource for CB-CMEs and care coordinators. This type of directory may be maintained by either the MCP or the CB-CME; however, the contracted MCP will ensure its availability.

L. Quality of Care

MCPs must incorporate HHP into existing quality management processes.

MCPs must have the capacity to collect and track information used to manage and evaluate the program, including tracking quality measures, and collecting, analyzing, and reporting financial measures, health status and other measures and outcome data to be reported for the State's evaluation process. The MCP will report core service metrics and the recommended core set of health care quality measures established by CMS, as well as the three utilization measures identified by CMS to assist with the overall federal health home evaluation. MCPs must report on the measures listed in the *Reporting Template, and provide* encounters for all HHP services.

M. Cultural Competency, Educational and Health Literacy

MCPs must incorporate HHP into existing policies and procedures related to ensuring that services, communication, and information provided to members are culturally appropriate, and meet health literacy, reading, harm-reduction, and trauma-informed care standards.

N. Member Communication

MCPs must incorporate HHP into existing policies and procedures regarding communicating with members, including: using secure email, web portals or written correspondence to communicate; and taking enrollee's individual needs (communication, cognitive, or other barriers) into account in communicating with enrollee. DHCS and DMHC will review member materials from Knox-Keene plans through the usual process and criteria. DHCS will use a parallel process for non-Knox-Keene plans.

All notices to be sent by the MCP to Medi-Cal beneficiaries regarding the provision of HHP services will be submitted to DHCS for review.

Notices must conform to all of the usual requirements for Medi-Cal member notices, including reading level. MCPs may use the DHCS HHP Member Handbook as an optional resource for examples of "best practice" member messaging (though the Handbook messaging may need to be adjusted to comply with Medi-Cal and DMHC member notice requirements). All members must be informed 30 days prior to implementation of this new Medi-Cal covered benefit. An update to the Evidence of Coverage/Disclosure Form is required; however, plans may provide an HHP-specific errata to satisfy this EOC requirement. DHCS provides a template for Evidence of Coverage/Disclosure Form HHP language in Appendix F.

MCPs must maintain an HHP call line or have another mechanism for responding to enrollee inquiries and input related to HHP. The MCP's member service call center or 24/7 nurse line may satisfy this requirement; however, the MCP or CB-CME may also utilize a local on-call service knowledgeable about the HHP.

O. Members Experiencing Homelessness

MCPs must incorporate HHP-specific information into the appropriate policies and procedures for homeless members, including special provider and service requirements criteria (to achieve homeless experience requirements and other requirements per AB 361 and SB 1380), and engagement processes.

P. Reporting

MCP must have the capability to track HHP enrollee activity and report on outcomes, as required by DHCS, including HHP encounters for services provided by the MCP and the CB-CMEs. See Appendix G (*Reporting Template);* and the *Core Set of Health Care Quality Measures for Medicaid Health Home Programs (Health Home Core Set), Technical Specifications and Resource Manual for Federal Fiscal Year 2019 Reporting,* or later, for details.

CMS has established a core set of seven required health care quality measures and three utilization measures (see *Reporting Template* and *document* for details). Additional details can be found in the CMS technical specifications and resource manual. These measures were identified by CMS to assist with the overall federal health home evaluation.

MCPs will utilize the Supplemental Payment process to report members enrolled in HHP and to initiate capitation payments. See DHCS' *Technical Guidance – Consolidated Supplemental Upload Process* for further information.

VII. Appendix

A. Appendix A – Example of an Acceptable Model Outreach Protocol

This Model Outreach Protocol is only offered as one example of a protocol that would be acceptable. It is meant to give the MCP ideas about how they might want to design their outreach protocols with the CB-CMEs. The details of this protocol are at the discretion of the MCP, as long as their protocol broadly meets DHCS' intent as stated in the body of the Program Guide and the Readiness Checklist.

SAMPLE PROTOCOL

The Medi-Cal managed care plan (MCP) will send an initial "Welcome Packet" to HHP-eligible members in accordance with their engagement process. After the initial packet is sent, the CB-CMEs will follow up with their HHP-eligible members through phone calls, in-person visits, and other modalities. Each CB-CME or the MCP will attempt to contact the member **five times** within 90 days after the initial packet is sent using various modes of communication (letters, calls, in-person meetings, etc.).

If the CB-CME does not have the capacity to conduct outreach to eligible members, MCP care coordination staff, including community health workers, will conduct the outreach to these members and note the outreach attempts in the members' record.

After five attempts, the CB-CME and the MCP will note the challenges with the active outreach and remind the PCP to discuss the HHP with the member at the next PCP visit. If the member declines HHP enrollment at the PCP visit, this will be noted in the EHR and the MCP will be notified.

If the CB-CME or the MCP learns that the contact information is out of date, efforts will be made to update that information using recent provider utilization data and community health workers who can conduct on-the-ground outreach to locate members through their neighbors or community organizations. The CB-CME will also review members' housing history and work with the MCP Housing Program Manager to determine if that member can be reached at an alternative housing site or through a community-based organization.

CB-CMEs will track all outreach attempts within a three month intensive outreach period after the initial welcome letter is sent. The MCP will require that each outreach attempt and the outcome of each attempt be documented in the member's record in the HHP care management system and reported back to the MCP and DHCS. All outreach and engagement attempts will be evaluated by the care coordination team every 30 days within this three month period. The MCP will create policies and procedures for tracking and evaluating outreach and engagement efforts.

If a member declines participation in the HHP, or if their PCP determines that the member is not a good candidate for the HHP (using categories determined and provided by DHCS), this will be noted in the record in the HHP care management system to avoid repeated outreach

attempts. Members who do not enroll in the HHP will be noted, tracked in the MCP's data system and reported to DHCS. Members who graduate from the program will be disenrolled, which will be noted in the record, tracked in the data system, and reported to DHCS.

The MCP will create a mechanism for CB-CMEs and PCPs to identify potential HHP members who are not on the targeted engagement list and who meet the diagnostic and acuity criteria but not the utilization criteria. These individuals may be excellent candidates for the program to help prevent future avoidable health care utilization. In general, MCP will require CB-CMEs to justify the inclusion of the referred member into the program or onto the targeted engagement list. This would be reviewed by a medical director and/or nurse manager with experience in intensive case management to see if the member qualifies for the HHP or if they might be better served by another case management program, and if the rationale provided by the CB-CME or PCP justifies engagement and enrollment in the program.

Staff and Providers

The MCP will train MCP and CB-CME staff who may interact with HHP members, including customer service staff, 24-hour nurse line staff, and provider representatives, to ensure all member- and provider-facing staff are knowledgeable about the HHP, can answer questions and refer participating or eligible members or providers to the appropriate staff. MCP staff, CB-CME staff, providers and community providers are required to participate in webinars and trainings required by DHCS.

The MCP will work to educate all contracted providers, including providers at contracted CB-CMEs and providers from smaller clinics whose patients will receive HHP services through MCP care coordinators.

There will be on-the-ground community health workers who work in the local community and will visit members at their homes or community-based organizations where the members receive services. The MCP has made significant investments in developing this team of community health workers and they will be a key part of success in engaging and educating members on HHP.

Materials

The MCP will work with DHCS to educate providers, beneficiaries and key stakeholders to ensure strong member engagement and participation. The MCP will use outreach and education materials (flyers, brochures, sample email content, sample scripts, etc.) that are approved by DHCS. If the MCP is licensed by DMHC, these materials should additionally be filed with DMHC for review, as applicable. The MCP will also use existing communication channels to promote outreach and education opportunities for providers and members, such as informational webinars, trainings and tele-town halls.

At a minimum, the MCP will develop the following materials:

- Call scripts for Customer Service and 24-hour Nurse Advise Line;
- Member "Welcome Packet," including outreach letters and brochures;

- Appointment reminder letters for both medical and care coordination appointments;
- Content for both the member and provider sections of the MCP website; and
- Training guides for the MCP and CB-CME staff who interface with providers and members.

All member-facing materials for HHP will meet DHCS requirements for cultural competency and health literacy standards.

B. Appendix B – Targeted Engagement List Process

The Targeted Engagement List (TEL) Process identifies the Medi-Cal members that are the most appropriate candidates for the enhanced care coordination services in the Health Home Program (HHP). The TEL is sent to each participating Managed Care Plan (MCP) so that they can initiate engagement activities. This document provides additional details for the criteria and steps used in the TEL Process.

The data source for the TEL Process is DHCS's Data Warehouse. The Data Warehouse contains service level detail for most Medi-Cal programs, including managed care encounters, Fee-For-Service claims, Short-Doyle Mental Health services, Drug-Medi-Cal services, and others. MEDS eligibility information available in the Data Warehouse is also used in the TEL Process.

TEL Process – There are four main steps in the TEL Process, as follows:

1. SPA Eligibility Requirements for Chronic Condition Disease Identification – During the 24 months prior to the running of the TEL, if a member has at least two separate services on different dates for any of the following conditions it will be considered a chronic condition for the TEL. HHP chronic conditions include Asthma, Bipolar Disorder, Chronic Kidney Disease (CKD), Chronic Liver Disease, Chronic Obstructive Pulmonary Disease (COPD), Chronic or Congestive Heart Failure, Coronary Artery Disease, Dementia, Diabetes, Hypertension, Major Depression Disorders, Psychotic Disorders (including Schizophrenia), Substance Use Disorder, and Traumatic Brain Injury. The specific ICD-10 diagnosis codes for each chronic condition are listed below. The TEL process uses the primary and secondary diagnosis during the disease identification process.

2. SPA Eligibility Requirements for Chronic Condition Criteria. A member meets the chronic condition criteria if they have:
   2.1. Chronic Condition Criteria #1: At least two of the following: Chronic Obstructive Pulmonary Disease (COPD), Chronic Kidney Disease (CKD), Diabetes, Traumatic Brain Injury, Chronic or Congestive Heart Failure, Coronary Artery Disease, Chronic Liver Disease, Dementia, Substance Use Disorder.
   2.2. Chronic Condition Criteria #2: Hypertension and one of the following: COPD, Diabetes, Coronary Artery Disease, Chronic or Congestive Heart Failure.
   2.3. Chronic Condition Criteria #3: One of the following: Major Depression Disorders, Bipolar Disorder, or Psychotic Disorders (including Schizophrenia).
   2.4. Chronic Condition Criteria #4: Asthma

3. SPA Eligibility Requirements – Acuity – These parameters ensure that potential HHP members are high utilizers of health services. A member must meet one of these acuity factors:

3.1. A high chronic condition predictive risk level (operationalized as three or more of the HHP eligible chronic conditions) or
3.2. At least one inpatient stay (not required to be related any particular condition*) in the 16-month period prior to the running of the TEL. (The inpatient stay algorithm is aligned with industry standards and the HEDIS inpatient algorithm) or
3.3. Three or more Emergency Department (ED) visits (not required to be related to any particular condition*) in a 16-month period prior to the running of the TEL. (The ED algorithm is aligned with industry standards and the HEDIS ED algorithm) or
3.4. Chronic Homelessness (there are no data parameters for this criteria. Members who only meet eligibility through this criteria will be identified solely through provider referral and MCP prior authorization)

* MCPs have the option to adjust this requirement.

4. HHP Enrollment Targeting and Exclusions – This step starts with the Medi-Cal members that meet the SPA chronic conditions and acuity eligibility requirements and determines if the members meet any of the specific program enrollment targeting and exclusionary criteria.:

a) Members that meet the eligibility requirements are excluded from the TEL, and <u>are excluded from participation in HHP unless their status changes</u>, if the members are identified as:

- Nursing Facility Residents
- Hospice Recipients
- Members with TCM
- Members in 1915 (c) programs
- Members in Fee-For-Service
- Members in PACE, SCAN, or AHF
- Members in Cal MediConnect

b) Members that meet the eligibility requirements are not included on the TEL (but could be enrolled through referral) if the members are identified as:

- Dually eligible members
- Members in CCS or GHPP
- Members with ESRD

TEL and TEL Supplement Reporting

The members that meet the eligibility requirements for chronic conditions and acuity will be reported to the managed care plans (MCPs) in either the TEL or the TEL Supplement. The TEL will contain all of the members that meet the SPA eligibility criteria through step 3 above and do not meet any of the specific program enrollment targeting and exclusionary criteria listed in step 4. The MCPs will use the TEL, their TEL verification process, and their internal priority

engagement rules to focus their enrollment activities and enroll the most appropriate members into HHP. The TEL Supplement will contain members that meet the SPA eligibility requirements for chronic condition criteria but are not included on the TEL. The TEL and the TEL Supplement will be provided within the same physical data set with the appropriate indicators.

TEL and TEL Supplement List Management

DHCS' expectations are that most of the HHP eligible members will be identified on the first TEL/TEL Supplement for an MCP in a region (first for chronic conditions, and six months later, for SMI) and most subsequent TEL/TEL Supplement files, at six month intervals, will have a smaller number of new members. To manage the members that appear on the TEL and the TEL Supplement, DHCS is considering the following parameters:

- Members may not appear on subsequent TEL/TEL Supplement files for an MCP because:
  - The member is no longer Medi-Cal eligible in MEDS
  - The member has changed MCPs
  - The member may not meet the disease identification or SPA eligibility requirements for chronic condition criteria
- Members may move from the TEL to the TEL Supplement and from the TEL Supplement to the TEL

TEL and SPA Assignment

DHCS is required to provide separate reporting to CMS for the HHP SMI SPA and the HHP Physical Health\SUD SPA. This requirement is reflected in the HHP implementation schedule. The TEL/TEL Supplement process includes all SPA-defined chronic conditions in the initial steps. In order to support the implementation schedule and MCP requests for additional TEL-related information, the initial TEL/TEL Supplement in each geographic implementation group will include both Physical health/SUD and SMI conditions.

However, members with only SMI conditions are not eligible for the first implementation in each County. The SMI-only members on the TEL/TEL Supplement are identified when Chronic Condition Criteria #3 equals '1' and Chronic Conditions Criteria #1, #2, and #4 are all equal to '0'. MCPs will be required to separately identify HHP members between physical health\SUD and SMI on the Supplemental Payment file sent to DHCS for payment purposes (See DHCS' *Technical Guidance – Consolidated Supplemental Upload Process* for further information).

HHP TEL/TEL Supplement – Fixed-width Record Layout v1.3

Field Id	Field Name	Description	Length	Start	End	Data Type
1	TEL Report Date	Date of generation of the TEL and TEL Supplement (CCYYMMDD)	8	1	8	A

30	Filler	Filler	2	110	111	A
31	Chronic Condition Criteria #1	Member met the HHP Chronic Condition Criteria #1 (At least two of the following conditions: Chronic Obstructive Pulmonary Disease, Chronic Kidney Disease (CKD), Diabetes, Traumatic Brain Injury, Chronic Congestive Heart Failure, Coronary Artery Disease, Chronic Liver Disease, Dementia, and Substance Use Disorder) ('1' for yes, '0' for no).	1	112	112	A

Field Id	Field Name	Description	Length	Start	End	Data Type
32	Chronic Condition Criteria #2	Member met the Chronic Condition Criteria #2 (Hypertension and at least one of the following conditions: Chronic Obstructive Pulmonary Disease, Diabetes, Coronary Artery Disease, or Chronic Congestive Heart Failure) ('1' for yes, '0' for no).	1	113	113	A
33	Chronic Condition Criteria #3	Member met Chronic Condition Criteria #3 (Any one of the following conditions: Major Depression Disorders, Bipolar Disorder, or Psychotic Disorders) ('1' for yes, '0' for no).	1	114	114	A
34	Chronic Condition Criteria #4	Member met Chronic Condition Criteria #4 (Asthma) ('1' for yes, '0' for no).	1	115	115	A
35	Count of Chronic Condition Criteria	A count of the number of Chronic Conditions Criteria the member met.	1	116	116	A
36	Acuity Factor #1	Member met acuity factor #1: three or more of the HHP eligible chronic conditions ('1' for yes, '0' for no).	1	117	117	A
37	Acuity Factor #2	Member met acuity factor #2: one or more inpatient stay ('1' for yes, '0' for no).	1	118	118	A
38	Acuity Factor #3	Member met acuity factor #3: three or more ED visits ('1' for yes, '0' for no).	1	119	119	A
39	Count of ED visits	The number of Emergency Department visits during the study period.	3	120	122	A
40	Latest ED visit DOS	The date of service for the most recent Emergency Department visit.	8	123	130	A
41	Count of Inpatient Admissions	The number of Inpatient Admissions during the study period.	3	131	133	A
42	Latest Inpatient Admission DOS	The date of service for the most recent Inpatient Admission.	8	134	141	A
43	Exclusion - Duals	The member is Dual Eligible ('1' for yes, '0' for no).	1	142	142	A
44	Exclusion - Hospice	The member had at least one service with one of the following revenue codes 0651, 0652, 0655, 0656, 0657, or with the following procedure code T2045 in the time period ('1' for yes, '0' for no).	1	143	143	A

Field Id	Field Name	Description	Length	Start	End	Data Type
45	Exclusion - ESRD	The member had at least one service with one of the following procedure codes in the time period, Z6004, Z6006, Z6012, Z6014, Z6016, Z6018, Z6022, Z6036, Z6038, Z6040, Z6030, 90967, 90968, 90969, 90970, 90989, 90993, 90951, 90952, 90953, 90954, 90955, 90956, 90957, 90958, 90959, 90960, 90961, 90962, 90963, 90964, 90965, 90966, 90935, 90937, 90945, 90947 ('1' for yes, '0' for no).	1	144	144	A
46	Exclusion - CCS	The member had at least one CCS End Date after the last month of the observation period or later ('1' for yes, '0' for no).	1	145	145	A
47	Exclusion - GHPP	The member had at least one GHPP End Date after the last month of the observation period or later ('1' for yes, '0' for no).	1	146	146	A
48	Exclusion - TCM	The member had at least one Targeted Case Management service in the time period (services where the Vendor Code was "92" or "93" ('1' for yes, '0' for no).	1	147	147	A
49	Exclusion - 1915c	The member met at least one of the following 1915c exclusions defined below, HIVAExcl, ALWExcl, DDExcl, IHOExcl, MSSPExcl, or PPC_Exclu ('1' for yes, '0' for no).	1	148	148	A
50	Exclusion - HIV/AIDS Waiver	Human Immunodeficiency Virus/Acquired Immune Deficiency Syndrome (HIV/AIDS) Waiver exclusion. The member had at least one service in the time period where the Provider type was "073" and Procedure Code in (90837, 90846, 90847, 90847, G0156, G0299, G0300, S5130, S5165, S5170, S9470, T2003, T2022, T2025, T2026, T2028, T2029) ('1' for yes, '0' for no).	1	149	149	A
51	Exclusion - Assisted Living Waiver	Assisted Living Waiver (ALW) Exclusion. The member had at least one service in the time period where the Vendor Code In ("44" or "84"), and (Provider Type was "092", "093", or "014"), and (the Category of Service was 118 or 119) ('1' for yes, '0' for no).	1	150	150	A

Field Id	Field Name	Description	Length	Start	End	Data Type
52	Exclusion - Developmental Disabilities Waiver	HCBS Waiver for Californians with Developmental Disabilities (DD) exclusion. The member had at least one service in the time period where the Vendor Code was "76" and the Procedure Code in (Z9002, Z9003, Z9004, Z9005, Z9012, Z9014, Z9015, Z9016, Z9020, Z9021, Z9022, Z9023, Z9025, Z9025, Z9026, Z9026, Z9027, Z9028, Z9029, Z9030, Z9031, Z9032, Z9034, Z9038, Z9039, Z9043, Z9046, Z9047, Z9048, Z9050, Z9056, Z9058, Z9059, Z9060, Z9061, Z9062, Z9063, Z9064, Z9065, Z9066, Z9067, Z9069, Z9072, Z9073, Z9074, Z9075, Z9076, Z9077, Z9078, Z9079, Z9101, Z9102, Z9103, Z9104, Z9105, Z9106, Z9110, Z9111, Z9112, Z9113, Z9121, Z9122, Z9123, Z9124, Z9125, Z9126, Z9200, Z9202, Z9203, Z9204, Z9205, Z9206, Z9207, Z9208, Z9302, Z9303, Z9304, Z9305, Z9306, Z9307, Z9308, Z9310, Z9311, Z9312, Z9313, Z9314 ,Z9315, Z9400, Z9401, Z9402, Z9403, Z9404, Z9405, Z9406, Z9406, Z9407, Z9408, Z9999) ('1' for yes, '0' for no).	1	151	151	A
53	Exclusion - IHO/HCBA Waivers	In-Home Operations Waiver (IHO) / Home and Community-Based Alternatives (HCBA) exclusion. The member had at least one service in the time period where the Vendor Code was "71" and Provider type is “014, 059, 066, 067, 069, 078, 095”) or where the Vendor Code was "89" and the Special Program Code (SPECIAL_PGM_TYPE_CD was "3" (IHO Personal Care Services (WPCS)) ('1' for yes, '0' for no).	1	152	152	A

Field Id	Field Name	Description	Length	Start	End	Data Type
54	Exclusion - MSSP Waiver	Multipurpose Senior Services Program Waiver (MSSP) exclusion. The member had at least one service in the time period where the Vendor Code was "81", the Provider Type is '074', and the Procedure Code in (Z8550, Z8551, Z8552, Z8553, Z8554, Z8555, Z8556, Z8557, Z8558, Z8559, Z8560, Z8561, Z8562, Z8563, Z8564, Z8565, Z8566, Z8567, Z8568, Z8569, Z8570, Z8571, Z8572, Z8573, Z8574, Z8575, Z8576, Z8580, Z8581, Z8582, Z8583, Z8584, Z8585, Z8586, Z8587, Z8588, Z8589, Z8590, Z8591, Z8592, Z8593, Z8594, Z8595, Z8596, Z8597, Z8598, Z8599, Z8600, Z8601, Z8602, Z8603) ('1' for yes, '0' for no).	1	153	153	A
55	Exclusion - PPC Waiver	Pediatric Palliative Care (PPC) Waiver exclusion. During the observation period, the member in one of the following counties: Fresno, Los Angeles, Marin, Monterey, Orange, San Francisco, Santa Clara, Santa Cruz, Sonoma, or Ventura, the Provider Type is '014 or '039, the Category of Service is '120, and the Procedure Code is 'G9012' ('1' for yes, '0' for no).	1	154	154	A
56	Exclusion - PACE, SCAN, AHF	PACE, SCAN, and AHF exclusion. As of the last month, the member had one of the following Plan Codes: 050-065, 200-207, 601, or 915. ('1' for yes, '0' for no).	1	155	155	A
57	Exclusion - LTC Resident	Long Term Nursing Facility residents exclusion. As of the end of the study period the member had one of the following Long Term Care (Nursing Facility) Aid Codes: "13", "23", "53", or "63" ('1' for yes, '0' for no).	1	156	156	A
58	Exclusion - FFS	Fee-For-Service exclusion. As of the end of the study period the member was in Fee For Service (Plan Code 000) ('1' for yes, '0' for no).	1	157	157	A
59	Count of Exclusions	A count of the number of Exclusions for which the member met the requirements.	2	158	159	A
60	TEL Indicator	A value of "1" indicates a TEL record; a value of "0" indicates a TEL Supplement record	1	160	160	A

C. Appendix C – Training Requirements

This section outlines training that MCP and CB-CME staff who will be delivering HHP services are required to receive prior to participating in the administration of the HHP. It also includes recommendations for training CB-CME staff on several core competencies.

Required HHP Trainings for Prior to HHP Implementation
MCP and CB-CME staff who will be delivering HHP services are required to receive HHP-specific training prior to HHP implementation. The required training topics described below cover basic program components. DHCS provided PowerPoint training materials that MCPs can leverage for their required trainings. However, it is also acceptable for an MCP to use non-DHCS developed training materials to satisfy one, or more, of the requirements. DHCS-developed training materials are saved on both the portal and DHCS' Health Homes Program website.

MCPs must be prepared to follow the required high-level trainings with more specific HHP operational training for their staff and CB-CME staff that provide HHP services. This should include MCP-specific information on operations, workflows, how HHP intersects with MCP care coordination initiatives, data reporting, and other implementation issues. DHCS and Harbage Consulting will work with each MCP to discuss their needs and the best approach for providing the required trainings.

The required HHP training topics are:

1. **Health Homes Program Overview**

All MCP and CB-CME staff participating in the administration of the HHP are required to receive training on the program. Required training modules shall describe the goals and scope of the HHP, team member roles and how they should work together, the services that should be provided, and how HHP intersects with other California state care coordination programs. The training shall introduce topics related to caring for the populations served under HHP, including those with chronic conditions and homeless individuals, and the impact of social determinants of health on patients.

2. **Health Action Plan, Care Coordination, and Care Transitions within the Health Homes Program**

All MCP and CB-CME staff participating in the administration of the HHP are required to receive training on best practices for working with members and providers to design and implement the Health Action Plan, conduct care coordination activities, and support patient transitions between different levels of care.

Required training shall cover approaches and best practices for developing and implementing a Health Action Plan and providing patient-centered care, taking into account the individual's preferences, values, and unique needs. It shall also cover best practices for care management for specific chronic diseases that are prevalent in the patient population and best practices for serving the SMI population.

Staff shall be trained in best practices for coordinating care across care settings, with particular focus on medical care, behavioral health services, and services addressing social determinants of health and housing. Training shall include effective strategies for care transitions, including best practices for reducing hospital readmissions and medication errors at care transitions.

3. **Community Resources and Referrals** (required for care coordinators and housing navigators)

This training shall provide information about available community resources, how to develop relationships with community partners, and best practices for connecting members to community services. This training is required for MCP and CB-CME care coordinators and housing navigators.

MCPs are encouraged to provide additional training and/or guidance about specific local and community organizations and resources available to the CB-CME staff.

Recommended but Optional Training for CB-CME Staff on Core Competencies

DHCS recommends that relevant MCP and CB-CME staff receive training on the following core competencies in order to successfully implement HHP. DHCS plans to provide trainings and/or resources on these topics, which will be saved on the portal and available on-demand.

1) Special Populations (homelessness, domestic violence, SMI, etc.)

Team members should have access to training and resources specific to the patient populations they serve.

2) Social Determinants of Health

Trainings and resources related to social determinants of health should be made available for team members. Social determinants of health include gender, age, education, income and employment, social/cultural networks, housing and physical environments and other factors that impact health outcomes and access to care.

3) Motivational Interviewing

Motivational interviewing is a communication technique that seeks to elicit an individual's internal motivation to make set and accomplish positive goals. The technique uses a non-confrontational, collaborative approach to help the patient find his or her own motivation and initiate change. The patient is empowered to make personal choices, resulting in increased likelihood of compliance with care plans.

4) Trauma-informed Care

Trauma-informed care is a service delivery framework that involves identifying, understanding, and responding to the effects of all types of trauma. Trauma-informed care emphasizes safety (physical, psychological and emotional) for patients and providers and seeks to empower patients with self-care tools.

5) Health Literacy Assessment

Health literacy refers to a patient's capacity to find and understand health information and services in order to make informed health decisions. Assessment of patient health literacy is essential to the creation of a patient-centered care plan.

6) Information Sharing

Team members should be trained on requirements related to sharing member information and data with other entities for the purpose of care coordination. These entities include the MCP, CB-CMEs, the care team, the county, hospitals, other providers, and community-based organizations including housing organizations.

D. Appendix D – Readiness Requirements and Checklist

Readiness Requirements and Checklist

This checklist is not intended to be all-inclusive. Additional information as needed may be requested by the Department.

General Instructions

Thank you for your interest in participating in the Health Homes Program (HHP). To ensure that Medi-Cal managed care health plans (MCPs) are ready to implement the Health Homes Program, MCPs must submit the documentation listed below and attest that other program requirements have been completed. **There are multiple deadlines for submissions for each implementing MCP group. Please see Appendix I for the HHP Implementation Schedule by group. Submission deadlines for each group are as follows:**

1. **Group 1 – March 1, 2018; May 1, 2018; and November 1, 2018.**
2. **Group 2 – September 1, 2018; November 1, 2018; February 1, 2019; and May 1, 2019.**
3. **Group 3.1 – January 1, 2019; April 1, 2019; July 1, 2019; and October 1, 2019.**
4. **Group 3.2 – March 1, 2019; May 1, 2019; August 1, 2019; and November 1, 2019.**
5. **Group 4 – September 1, 2019; November 1, 2019; February 1, 2020; and May 1, 2020.**

List of Deliverables:

Policies and Procedures (P&Ps) and Attestations: Section I – HHP Infrastructure (Deliverables #1 – 3), Section II – HHP Services (Deliverables #4 – 5), Section IV – General HHP Operations (Deliverables #7 – 10 and 12), and the Attestations (Deliverable #13)

Network: Section III – Network (Deliverable #6.1, 6.3, 6.4, 6.5)

SMI– MHP-MOU: Section IV – General HHP Operations, MHP-MOU (Deliverable #11.1)

SMI Network: Section III – Network (Deliverables #6.2a and 6.2b)

Group	Counties	Deliverable Due Dates		Deliverable Approval Dates
Group 1	San Francisco	**P&Ps**:	3/1/18	5/1/18
		Network:	5/1/18	6/1/18
		SMI Deliverables:	11/1/18	12/1/18
Group 2	Riverside San Bernardino	**P&Ps**:	9/1/18	11/1/18
		Network:	11/1/18	12/1/18
		SMI MHP-MOU:	2/1/19	3/1/19
		SMI Network:	5/1/19	6/1/19
Group 3.1	Imperial Santa Clara	**P&Ps**:	1/1/19	5/1/19
		Network:	4/1/19	6/1/19
		SMI MHP-MOU:	7/1/19	8/1/19
		SMI Network:	10/1/19	12/1/19
Group 3.2	Alameda Kern Los Angeles Sacramento San Diego Tulare	**P&Ps**:	3/1/19	5/1/19
		Network:	5/1/19	6/1/19
		SMI MHP-MOU:	8/1/19	9/1/19
		SMI Network:	11/1/19	12/1/19
Group 4	Orange	**P&Ps**:	9/1/19	11/1/19
		Network:	11/1/19	12/1/19
		SMI MHP-MOU:	2/1/20	3/1/20
		SMI Network:	5/1/20	6/1/20

DHCS expects the deliverables to be submitted in the form of MCP policies and procedures except for the organizational chart, assessment tool, health action plan template, network adequacy tables, and CB-CME subcontract. MCPs may develop standalone policies and procedures for the HHP and/or may incorporate HHP into existing policies and procedures.

MCPs are to submit a separate set of deliverables for each county they are implementing HHP in. If one or several deliverables cover multiple counties, MCPs are not required to submit the deliverable for each county. However, the MCP must indicate which counties the deliverable applies to during the submission process. The network tables that MCPs submit are to be separated by county.

For MCPs in multiple groups, the plan should not resubmit deliverables already approved for a prior group, unless changes have been made.

When submitting existing policies & procedures with HHP-related revisions, please use the "track changes" function in Word, or strike-thru/underline equivalent in other applications, to show deletions and additions. Other forms of documentation are also permitted to supplement MCP policies and procedures. If single documents are used to demonstrate compliance with multiple requirements/deliverables, please provide a crosswalk with the specific location for each deliverable.

Please see the *"Medi-Cal Health Homes Program: Program Guide"* (Program *Guide)* for Health Home Program requirements that correspond to this Readiness Checklist.

Submission Requirements

MCPs should follow the regular process for submitting required deliverables to their current Contract manager(s). Please submit HHP-related deliverables to 2PlanDeliverables@dhcs.ca.gov and copy the HHP mailbox at hhp@dhcs.ca.gov.

For each submission, please provide the Plan's Name and the primary Contact Person's name and telephone number.

In addition, when submitting, please use the following email subject line and file naming conventions:

- In the subject line of the email, please note that these are HHP Deliverables by using the following subject line convention:
  "HHP Deliverable 1"; "HHP Deliverables 2 and 3"; etc.

- Please use the following file naming convention:
  [plan name and deliverable number]

The Contact Person is responsible for ensuring that all documentation and attestations are accurate. Questions may be directed to hhp@dhcs.ca.gov. DHCS will provide additional information as it becomes available, and may request additional information at a later date.

I. HHP Infrastructure

1. Organizational Model:

1.1 Submit MCP's policies and procedures describing the HHP infrastructure, the roles and division of labor between the MCP and Community-Based Care Management Entities (CB-CMEs), and whether the MCP delegates any responsibilities to other entities.

1.2 Organizational chart illustrating the HHP infrastructure.

2. Staffing:

2.1 Submit MCP's policies and procedures describing the staffing plan for MCP and CB-CMEs, including care coordinators, community health workers, and housing navigator(s). The care coordinator ratio requirements are included in the Program Guide; however, if an MCP is interested in using a staffing model that de-emphasizes the care coordinator and instead emphasizes the roles of other team members, please describe the model here and DHCS will consider how to handle the care coordinator ratio.

The participation of community health workers in appropriate roles is recommended but not required.

2.2 Job descriptions for care coordination staff, including MCP and CB-CME staff, as appropriate.

3. Health Information Technology/Data and Information Sharing:

3.1 Submit MCP's policies and procedures describing how information is shared among the entire care team (including the member, CB-CME, and MCP), including whether EHR/HIT/HIE, or other methods, are used regarding the following activities:

a. Comprehensive Care Management
   - Identify cohort and integrate risk stratification information.
   - Shared care plan management – standard format.
   - Clinical decision support tools to ensure appropriate care is delivered.
   - Electronic capture of clinical quality measures to support quality improvement. Include other methods if electronic means of collection are not used.

b. Care Coordination and Health Promotion
   - Ability to electronically capture and share the patient-centered care plan across care team members. Include other methods if electronic means of collection are not used.
   - Tools to support shared decision-making approaches with patients.
   - Secure electronic messaging between providers and patients to increase access outside of office encounters. Include other methods if electronic messaging is not used.
   - Medication management tools including e-prescribing, drug formulary checks, and medication reconciliation.
   - Patient portal services that allow patients to view and correct their own health information. Include other methods if an electronic system is not used.
   - Telehealth services including remote patient monitoring.

c. Comprehensive Transitional Care
   - Automated care transition notifications/alerts, e.g. when a patient is discharged from the hospital or receives care in an ER. Include other methods if an electronic process is not used.

- Ability to electronically share care summaries/referral notes at the time of transition and incorporate care summaries into the EHR. Include other methods if electronic sharing is not used.
- Referrals tracking to ensure referral loops are closed, as well as e-referrals and e-consults.

d. Individual and Family Support Services
   - Patient specific education resources tailored to specific conditions and needs.

e. Referral to Community and Social Support Services
   - Electronic capture of social, psychological and behavioral data (e.g. education, stress, depression, physical activity, alcohol use, social connection and isolation, exposure to violence). Include other methods if electronic means of collection are not used.
   - Ability to electronically refer patients to necessary services. Include other methods if electronic referral is not used.

II. HHP Services

4. Care Management:

5.1 Submit the assessment template or tool reflective of HHP-required elements such as housing instability, palliative care, and trauma-informed care.

5.2 Submit the Health Action Plan (HAP) template.

5.3 Submit MCP's policies and procedures for conducting care management, including how the MCP, in conjunction with contracted CB-CME, will:
- Develop and implement an HHP member assessment and HAP requirements and process, with enrollee and caregiver participation;
- Design the multi-disciplinary care team composition and process;
- Manage the communication and information flow regarding referrals, transitions, and care delivered outside the primary care site; and
- Maintain an HHP call line or have another mechanism for responding to enrollee inquiries and input related to HHP. The MCP's member service call center or 24/7 nurse line may satisfy this requirement; however, the MCP or CB-CME may also utilize a local on-call service knowledgeable about the HHP.
- Maintain a process for referring to other agencies, such as long term services and supports (LTSS) or behavioral health agencies, as appropriate.
- Disenroll members from HHP who no longer qualify for or require HHP services.

5. Care Transitions:

5.1 Submit MCP's policies and procedures for conducting care transitions, including discharge-planning workflows.

III. HHP Network

6. MCP Duties/Responsibilities - Health Homes Program Network

6.1 Physical Conditions and SUD implementation

Provide a list of CB-CMEs expected to be contracted, their NPI numbers, and their expected contract effective dates. For each CB-CME, provide the projected enrollment and capacity as of the program launch date and as of the last day of each quarter in the first year for the Physical Chronic Conditions/SUD implementation. "Projected capacity" is the maximum caseload of the MCP's Physical Chronic Conditions/SUD HHP enrollees for the county in question that the MCP estimates a CB-CME is able to manage. Plans should be mindful of HHP care manager ratio requirements and any additional certification requirements they imposed on their CB-CMEs when determining this estimate. "Projected enrollment" is the number of Physical Chronic Conditions/SUD HHP members the MCP realistically estimates will be enrolled into HHP for each time period. Plans should take into account the number of members on the TEL, the estimated engagement rate of potential members, and the assumptions about member enrollment included in the HHP rate package. DHCS expects MCPs to demonstrate expanding capacity over time that corresponds with planned enrollment expansion. Please only include CB-CMEs that will have primary responsibility for care coordination services. List the MCP if the MCP is also expected to serve in the CB-CME role. This deliverable is due as a part of the Network Deliverables submission.

Please provide expected network capacity and enrollment information for each time period using the following table format. MCP is required to submit separate network tables for each county, as applicable.

Plan:		**CB-CME Network Enrollment and Capacity Table – Physical Conditions and SUD**								**County:**		
CB-CME Name	**CB-CME NPI #**	**Estimates by CB-CME**										**Expected Contract Effective Date**
		(Launch Date) Estimated HHP:		**(Last Day of Q1) Estimated HHP:**		**(Last Day of Q2) Estimated HHP:**		**(Last Day of Q3) Estimated HHP:**		**(Last Day of Q4) Estimated HHP:**		
		Enrollment	**Capacity**	**Enrollment**	**Capacity**	**Enrollment**	**Capacity**	**Enrollment**	**Capacity**	**Enrollment**	**Capacity**	

If, after network submission and approval but prior to the program launch date, the projected number of CB-CMEs and/or their enrollment capacity decreases below the approved network capacity, the MCP must notify DHCS in writing and provide a revised network table through the HHP@dhcs.ca.gov mailbox. If the change(s) reduces the network capacity below estimated enrollment amounts per quarter, the MCP must additionally provide an action plan for meeting estimated enrollment capacity by the program launch date.

Note: A separate DMHC network review specific to HHP will not be conducted; however, DMHC will continue to conduct regular Knox-Keene Act required network reviews through DMHC established processes.

6.2 SMI Implementation

a. Provide a list of CB-CMEs expected to be contracted, their NPI numbers, and their expected contract effective dates. For each CB-CME, provide the projected HHP enrollment and capacity for these CB-CMEs as of the program launch date and as of the last day of each quarter in the first year for the SMI implementation. "Projected capacity" is the maximum caseload of the MCP's SMI HHP enrollees for the county in question that the MCP estimates a CB-CME is able to manage. Plans should be mindful of HHP care manager ratio requirements and any additional certification requirements they imposed on their CB-CMEs when determining this estimate. "Projected enrollment" is the number of SMI HHP members the MCP realistically estimates will be enrolled into HHP for each time period. Plans should take into account the number of members on the TEL, the estimated engagement rate of potential members, and the assumptions about member enrollment included in the HHP rate package. DHCS expects MCPs to demonstrate expanding capacity over time that corresponds with planned enrollment expansion. Please only include CB-CMEs that will have primary responsibility for care coordination services. List the MCP if the MCP is also expected to serve in the CB-CME role. This deliverable update is due as a part of the SMI Deliverables submission.

Please provide the expected network capacity and enrollment information for each time period using the following table format. MCP is required to submit separate network tables for each county, as applicable.

Plan:		**CB-CME Network Enrollment and Capacity Table – SMI**								**County:**		
CB-CME Name	**CB-CME NPI #**	**Estimates by CB-CME**										**Expected Contract Effective Date**
		(Launch Date) Estimated HHP:		**(Last Day of Q1) Estimated HHP:**		**(Last Day of Q2) Estimated HHP:**		**(Last Day of Q3) Estimated HHP:**		**(Last Day of Q4) Estimated HHP:**		
		Enrollment	**Capacity**	**Enrollment**	**Capacity**	**Enrollment**	**Capacity**	**Enrollment**	**Capacity**	**Enrollment**	**Capacity**	

If, after network submission and approval but prior to the program launch date, the projected number of CB-CMEs and/or their enrollment capacity decreases below the approved network capacity, the MCP must notify DHCS in writing and provide a revised network table through the HHP@dhcs.ca.gov mailbox. If the change(s) reduces the network capacity below estimated enrollment amounts per quarter, the MCP must additionally provide an action plan for meeting estimated enrollment capacity by the program launch date.

b. Provide a description of how behavioral health providers are incorporated into the HHP service delivery model. This deliverable is due as a part of the SMI Deliverables submission.

6.3 If applicable, provide any MCP-specific CB-CME qualifications (beyond the CB-CME qualifications listed in section V.B, CB-CME Qualifications) that the MCP requires for the CB-CME to contract for HHP Services. This deliverable is due as a part of the Network Deliverables submission.

6.4 Submit CB-CME oversight policies and procedures, including monitoring, corrective action, progressive consequences for continued non-compliance, auditing care coordination conducted by CB-CMEs. This deliverable is due as part of the Network Deliverables Submission.

6.5 Submit CB-CME subcontract boilerplate that complies with the DHCS MCP contract requirements and includes: 1) Business Associate Agreement that allows for information and data sharing between MCP and CB-CME, 2) CB-CME to provide services in accordance with requirements in this Program Guide, and 3) CB-CME to complete DHCS/MCP required training. **If submitting prior DHCS approved subcontract boilerplate with HHP-related revisions, please use the "track changes" function in Word, or the "strike-through/underline" equivalent in other applications, to show deletions and additions.** This deliverable is due as part of the Network Deliverables Submission.

Note: MCP must have DHCS-approved subcontracts or subcontract amendments with a sufficient number of CB-CMEs to serve its HHP enrollees.

IV. General HHP Operations

7. Non-Duplication of Care Coordination Services:

7.1 Submit MCP's policies and procedures for ensuring that members are not enrolled in another Medi-Cal care coordination program that would disqualify them from receiving HHP services (see Program Guide for requirements).

8/9. HHP Outreach Requirements

8.1 Member Engagement:

Submit MCP's policies and procedures that include the following:

- Protocols for a progressive outreach campaign (see Program Guide Appendix A for model outreach campaign protocols)
- Process for assisting members who require additional prompting or guidance to participate;
- Process for conducting outreach to homeless individuals;
- Process for reviewing and excluding names from the Targeted Engagement List (TEL), including the MCP's definition of "well managed" (based on DHCS guidelines

of having no substantial avoidable utilization **or** enrollment in another acceptable care management program – see Reporting Template-Instructions for definition);

- After people have been excluded from the TEL based on the process above, the process and criteria for identifying a "priority engagement group" or ranking process within the remaining TEL members. This group, or members in order or priority rank, would be the first focus for MCP engagement efforts. The criteria and size of the group for 'priority engagement' status will be at the MCP's discretion (upon approval by DHCS) with the goal of engaging and serving TEL members who present the greatest opportunity for improvement in care management and reduction in avoidable utilization.

9.1 Member Notices:

All beneficiary notices to be sent by the MCP regarding the HHP should be filed for DHCS review. If the MCP is licensed by DMHC, these notices should additionally be filed with DMHC for review. DHCS is aligning with DMHC requirements regarding notice review, and DMHC requires MCPs to file all advertisements for review. All outreach materials and scripts that will be distributed should be filed prior to use by the MCP. Submission through this readiness checklist process will begin the DHCS notice review/approval process. MCPs may provide notices for DHCS review at any time prior to the member notices deliverable due date.

Note: Notices must conform to all of the usual requirements for Medi-Cal member notices, including reading level. DHCS' HHP Beneficiary Toolkit is an optional resource for the MCPs for examples of 'best practice' member messaging (though the HHP Member Toolkit messaging may need to be adjusted to comply with Medi-Cal and DMHC member notice requirements). All members must be informed 30 days prior to implementation of this new Medi-Cal covered benefit. An update to the Evidence of Coverage/Disclosure Form is required; however, plans may provide an HHP-specific errata to satisfy this EOC requirement. DHCS provides a template for Evidence of Coverage/Disclosure Form HHP language in Appendix F.

10. Risk Grouping:

10.1 Submit MCP's policies and procedures for ensuring that HHP members receive the appropriate services at the appropriate intensity level, including tiering of services based on risk grouping and the associated payment structure (but not amounts). See Section V. Health Homes Program Network, G. Risk Grouping in this Program Guide for additional information.

11. Mental Health Services:

11.1 Signed local Mental Health Plan (MHP) Health Memorandum of Understanding (MHP-MOU) to ensure seamless access and delivery of mental health services. The MHP-MOU must be in place as of the date of implementation of HHP for members

with SMI conditions. MCPs will develop or amend existing MOUs with county MHPs to address HHP-specific information.

DHCS has released All Plan Letter (APL) 18-015 (which supersedes APL 13-018), including Attachment 2 of this APL, to address the HHP-specific information that MCPs must include in new, or amended, MOUs. MCP must submit the new or amended MHP-MOU by November 1, 2018 for Group 1 MCPs; February 1, 2019, for Group 2 MCPs; July 1, 2019 for Group 3.1 MCPs; and August 1, 2019 for Group 3.2 MCPs.

12. Housing Services:

12.1 Submit MCP's policies and procedures for providing the required housing services, including how the MCP will identify and work with community resources to ensure seamless access to delivery of housing support services. MCPs must provide housing navigation services, not just referrals to housing. (See Program Guide for requirements.)

13. Health Homes Program Readiness – Attestations

The operational process attestations below reflect the MCP's commitment to being fully prepared as of the HHP implementation date. Please check the boxes and sign below to indicate MCP's compliance with the following readiness requirements for the Health Homes Program.

☐ **F. Training**: Attest (check the box) that the MCP and CB-CMEs will complete all DHCS-required HHP training prior to participating in the administration of the HHP, as outlined in the *Program Guide*.

☐ **G. Service Directory**: Attest (check the box) that the MCP or the CB-CME(s) has completed and will maintain a directory of community services and supports that is available to all CB-CMEs and care coordinators.

☐ **H. Quality of Care**: Attest (check the box) that the MCP has incorporated HHP into existing quality management processes.

☐ **I. Cultural Competency, Educational and Health Literacy**: Attest (check the box) that the MCP has incorporated HHP into existing Policies & Procedures on these topics.

☐ **J. Member Communication**: Attest (check the box) that the MCP has incorporated HHP into existing policies regarding communicating with members, including: using secure email, web portals or written correspondence to communicate; and taking enrollee's individual needs (communication, cognitive, or other barriers), into account in communicating with enrollee.

☐ **K. Members Experiencing Homelessness**: Attest (check the box) that the MCP has incorporated HHP-specific information into the appropriate Policies & Procedures for homeless members, including special service requirements, provider criteria (to comply with homeless experience requirements per AB 361), and engagement processes.

☐ **L. Reporting**: Attest (check the box) that the MCP has the capability to track HHP enrollee activity and report on outcomes, as required by DHCS, including HHP service encounters for services provided by the MCP and the CB-CMEs (see *Program Guide* and *reporting template* for reporting requirements).

☐ **M. Service Requirements**: Attest (check the box) that the MCP will comply with all the with all service requirements, including for the six core services and the additional service requirements listed in the Program Guide.

I am authorized to make this attestation on behalf of:

_____	_____
Managed Care Plan	Signature of Authorized Representative
_____	_____
Date	Name of Authorized Representative
	_____
	Title of Authorized Representative

E. Appendix E – Service Codes for the Health Homes Program

DHCS has defined the ACA 2703 Health Home Program (HHP) service codes for use on encounters and for other purposes. The HHP is required to utilize HIPAA-compliant coding standards. This revised coding scheme incorporates comments received on the initial proposed coding scheme released in October 2016. The HHP team and the DHCS Office of HIPAA Compliance identified CPT and HCPCS codes for HHP. In addition, the HHP team investigated other potential codes and reviewed codes used by a few other states.

DHCS initially selected HCPCS code G0506 for HHP, however it was found to conflict with National Correct Coding Initiative rules. DHCS instead adopted HCPCS code G9008 effective as of 10/1/2018. The definition of G9008 is as follows: Coordinated care fee, physician coordinated care oversight services. G9008 along with seven different modifiers are listed in the table below for the HHP services (Comprehensive Care Management, Care Coordination, Health Promotion, Comprehensive Transitional Care, Individual and Family Support Services, and Referral to Community and Social Supports). This coding scheme uses HIPAA compliant HCPCS code and modifier combinations to identify clinical and non-clinical services, distinguishes between in-person and telephonic/telehealth 'visits', and allows other HHP services such as case notes, case conferences, tenant supportive services, driving to appointments, etc. to be codified. In addition, there is a designated modifier for engagement services. The HHP coding scheme is as follows:

HHP Service	**HCPCS Code**	**Modifier**	**Units of Service (UOS)**
In-Person: Provided by Clinical Staff	G9008	U1	15 minutes equals 1 UOS; Multiple UOS allowed
Phone/Telehealth: Provided by Clinical Staff	G9008	U2	15 Minutes equals 1 UOS; Multiple UOS allowed
Other Health Home Services: Provided by Clinical Staff	G9008	U3	15 Minutes equals 1 UOS; Multiple UOS allowed
In-Person: Provided by Non-Clinical Staff	G9008	U4	15 Minutes equals 1 UOS; Multiple UOS allowed
Phone/Telehealth: Provided by Non-Clinical Staff	G9008	U5	15 Minutes equals 1 UOS; Multiple UOS allowed
Other Health Home Services: Provided by Non-Clinical Staff	G9008	U6	15 Minutes equals 1 UOS; Multiple UOS allowed
HHP Engagement Services	G9008	U7	15 Minutes equals 1 UOS; Multiple UOS allowed

Telehealth and Group Visits

Regarding the use of the HHP HCPCS code and modifiers for HHP services provided via Telehealth and group visits – specifically, if MCPs may submit HHP encounters for telehealth and group visits using the HHP HCPCS code and modifiers for HHP in-person visits and if they may be used to satisfy the in-person visit ratio requirement – DHCS offers the following clarifying guidance.

Telehealth visits generally may not be used to meet the in-person visit ratio requirement for HHP. However, on a case by case basis, if an MCP has certain circumstances that necessitate the use of a high volume of telehealth visits for HHP, and the MCP is unable to meet the HHP in-person visit requirement because of the high-volume use of telehealth, DHCS will evaluate the circumstances and may allow the MCP to utilize some telehealth visits to meet the in-person visit requirement.

DHCS expects that group visits to be primarily used for health promotion and educational purposes as opposed to one-on-one HHP care coordination. However, if there is a one-on-one in-person component to the group visit in which the provision of any of the six core HHP services are provided, this may be reported as a separate HHP in-person visit encounter.

F. Appendix F – Evidence of Coverage Template

Description:

<Plan Name> covers Health Homes Program (HHP) services for Members with certain chronic health conditions. These services are to help coordinate physical health services, behavioral health services, and community-based long term services and supports (LTSS) for Members with chronic conditions.

You may be contacted if you qualify for the program. You can also call <Plan Name>, or talk to your doctor or clinic staff, to find out if you can receive HHP services.

You may qualify for HHP if:

- You have certain chronic health conditions. You can call <Plan Name> to find out the conditions that qualify; and
- You meet one of the following:
  - You have three or more of the HHP eligible chronic conditions
  - You stayed in the hospital in the last year
  - You visited the emergency department three or more times in the last year; or
  - You do not have a place to live.

You do not qualify to receive HHP services if:

- You receive hospice services; or
- You have been residing in a skilled nursing facility for longer than the month of admission and the following month.

Covered HHP Services:

HHP will give you a care coordinator and care team that will work with you and your health care providers, such as your doctors, specialists, pharmacists, case managers, and others, to coordinate your care. <Plan Name> provides HHP services, which include:

- Comprehensive Care Management
- Care Coordination
- Health Promotion
- Comprehensive Transitional Care
- Individual and Family Support Services
- Referral to Community and Social Supports

Cost to Member:

There is no cost to the Member for HHP services.

G. Appendix G – Reporting Template Excerpt

The below is an excerpt from the complete Reporting Template that MCPs will use to submit specific required data. For descriptions of data elements, please see Reporting Template.

Note: CPB = Controlling High Blood Pressure; CDF = Screening for Clinical Depression and Follow-up Plan; SMI = Serious Mental Illness/Serious Emotional Disturbance.

Health Home Program (HHP) Reporting Instructions

These instructions outline the requirements, references, and headings/categories for the following reporting template: Health Home Program Reporting Template. Reporting is required per the managed care contract.

• Data must be submitted in Excel (.xlsx). Do not submit data in .pdf, .xls, .csv, .txt, or any other format than .xlsx.

• The three months of data must be combined into one figure to represent the quarter, with the exception of member level Homeless and Housing reports and annual reports.

• Each MCP must submit only one file per reporting period that includes all counties the MCP operates in. All subcontractors must be rolled up into the main MCP's data.

• MCPs will certify the HHPQuarterlyReports or data submissions using the existing monthly data certification process with its respective DHCS Contract Manager to confirm all information submitted is complete and accurate. MCP will maintain documentation supporting the reported information.

Quarterly reports are due 60 days after the end of the quarter. Annual reports are due with Q1 reports. Member-level detail Homeless/Housing reports are due semi-annually, with the Q2 and Q4 reports. When the due date falls on Saturday, Sunday or a holiday, data must be submitted by COB the business day before the due date. For reference, the calendar-year quarters are listed below:

• Q1 and Annual – January, February, and March - due May 31

• Q2 and Member-level Homeless/Housing – April, May, and June - due August 31

• Q3 – July, August, and September - due November 30

• Q4 and Member-level Homeless/Housing – October, November, and December - due February 28

Unless otherwise noted, all "days" are calendar days.

Reports must be submitted to your designated folder in the "DHCS-MCQMD-Data\MCP\Monitoring\" subfolder on the DHCS eTransfer site (https://etransfer.dhcs.ca.gov). Reports must use the following file naming convention: MCP name.HHPQuarterlyReport.Year.Quarter.DueDate.xlsx

[MCPName.HHPQuarterlyReport.YYYY.QTR#.YYYYMMDD.xlsx.]. For example: MCPName.HHPQuarterlyReport.2018.QTR3.20181130.xls. DHCS will not acknowledge or accept any email submissions.

All report revisions are subject to DHCS review and approval.

• DHCS will notify MCPs if revised reports must be submitted to correct data errors such as incorrect file naming conventions, incomplete data/columns fields, incorrect data, etc.

• Revised reports must be submitted to your designated folder in the "DHCS-MCQMD-Data\MCP\Monitoring\" subfolder on the DHCS eTransfer site (https://etransfer.dhcs.ca.gov).

• Revised reports must be submitted as a complete quarterly file. Partial files without all the required information and data will be rejected and must be resubmitted. Each quarter of data must be submitted separately. MCP must include an explanation in the HHP comments tab describing the changes and the reason for revision.

• Revised reports must use the following file naming convention: MCPName.HHPQuarterlyReport.Year.QuarterNumber.DueDate.RevisionNumber.xlsx [MCPName.HHPQuarterlyReport.YYYY.QTR#.YYYYMMDD.REV#.xlsx]. For example: MCPName.HHPQuarterlyReport.2018.QTR3.20181230.REV1.xlsx. to your designated folder in the "DHCS-MCQMD-Data/MCP" folder on the DHCS eTransfer site (https://etransfer.dhcs.ca.gov). The revised file should be submitted as a separate file.

• Final corrections to quarterly reports must occur no later than 90 days after the end of the calendar year for corrections on the previous year's quarterly reports unless the Department requests a revised file.

Definitions:

CB-CME: Community Based Care Management Entity

HAP: Health Action Plan

Homeless and Chronically Homeless: see CA Welfare & Institution Code § 14127(e)

Housing Services:
https://www.medicaid.gov/federal-policy-guidance/downloads/cib-06-26-2015.pdf - see "Individual Housing Transition Services" and "Individual Housing & Tenancy Sustaining Services" on pages 3-4.

For the purposes of this document, the following definitions will apply:

- **HHP Member**: a Medi-Cal beneficiary currently enrolled in a Medi-Cal Managed Care Plan and a Health Homes Program.

- **Member**: a Medi-Cal Managed Care Plan member not currently enrolled in a Health Homes Program.

- **Individual**: Medi-Cal beneficiary or other eligible person who may not be currently enrolled in a Medi-Cal Managed Care Plan or a Health Homes Program. E.g., FFS beneficiary. May also apply to person not currently enrolled in Medi-Cal.

Definitions of Exclusionary Reasons for Non-Enrollment: The following are the allowable reasons, with definitions, for which a Medi-Cal member may be excluded from, or not enrolled into, a local Health Homes Program (HHP). These definitions are used by DHCS and its HHP partners. For the purpose of reporting the HHP Enrollment Reporting, Member Exclusions, MCPs are expected to report on individuals that the MCP actively seeks to engage. See the definition of Targeted Engagement Process below for additional information.

I. ***Unsafe Environment***: for delivery of services outside of a regular healthcare facility such as a clinic, provider's office or ED: After reasonable efforts to arrange a different method or venue to conduct member engagement/enrollment or deliver HHP services, such activities cannot be conducted without staff entering an environment that poses a significant risk to the physical or mental well-being of the staff.

Individual: Member engagement/enrollment efforts, or delivery of HHP services, cannot be conducted due to the member's behavior posing a significant physical or mental threat to the well-being of the staff.

II. ***Declined participation***: After reasonable efforts have been made to explain the program and achieve engagement, the member declines to participate in HHP.

III. ***Unsuccessful engagement***: HHP staff is unable to engage the member after the MCP or the HHP provider has completed the requirements specified in the MCP's DHCS-approved policy for progressive engagement activities. The member does not engage, participate, or make self-available, or is un-cooperative. Accurate contact information is not available for the member. This occurs before enrollment.

IV. ***Well-managed***: An assessment, which may include a clinical assessment, determines that the member's eligible chronic conditions are already well managed – to the extent that HHP services are not medically necessary and will not significantly change the member's health status. This includes participation in other programs that are not Medicaid funded that may be available and for which the member is eligible.

V. ***Participation in duplicative programs or programs excluded for HHP participation due to DHCS policy***: DHCS or the MCP has developed new information that the member participates in, or is enrolled in, a Medicaid-funded program that provides services duplicative to HHP services or a program excluded by DHCS policy, and the member chooses to remain in the duplicative or excluded program. Duplicative Medicaid-funded programs include, but may not be limited to, the following:

1. Duplicative Programs

a. 1915c waiver programs: HIV/AIDS, Assisted Living Waiver (ALW), Developmentally Disabled (DD), In-Home Operations (IHO), Multipurpose Senior Services Program (MSSP), Nursing Facility Acute Hospital (NF/AH)

b. Targeted Case Management (TCM) – County, not Mental Health TCM

c. Specialty Managed Care Plans: Senior Care Action Network (SCAN), Program of All-Inclusive Care for the Elderly (PACE), AIDS Healthcare Foundation (AHF)

2. Programs excluded by DHCS Policy

a. Skilled Nursing Facility (SNF) residents with a duration longer than the month of admission and the following month.

b. Hospice

c. Fee-For-Service

VI. ***Targeted Engagement Process***: The MCPs DHCS-approved process by which MCPs identify and prioritize individuals for engagement by using DHCS-provided Targeted Engagement List (TEL) and/or MCP member data.

For the purpose of reporting the HHP Enrollment Reporting, Member Exclusions, MCPs are expected to report on individuals that the MCP actively seeks to engage, that is a result of the above mentioned DHCS-approved process.

1. Health Home Program Enrollment Reporting	
***Note:* Only report one (1) exclusionary reason per member excluded from the Program.**	
Column Name	**Explanation**
Plan Code - Plan Name - County (Column A)	From the drop down menu, select the plan code, plan name and county combination for each county and plan code the plan operates in. Submit only one row of data per county that the MCP is in. Do not report subcontracting health plans separately. Report on data based on the member's assigned county.
Reporting Period (Column B)	From the drop down menu, select the corresponding year and quarter for the data reported: Year QX. For example, the 3rd quarter of 2018 will be entered as 2018 Q3.

Number MCP excluded because not eligible - well-managed (Column C)	Enter the number of members MCP excluded via the targeted engagement process during the quarter because not eligible due to MCP assessment determining well managed. The CB-CME and/or the MCP can further define, but well-managed means (a) members with HHP chronic conditions that do not have a pattern of utilization of negative health outcomes that are an indication of poor chronic disease management or patient activation; or (b) members that are in an effective care management program. An assessment, which may include utilization data review or a clinical assessment, determines that the member's eligible chronic conditions are already well managed – to the extent that HHP services are not medically necessary and will not significantly change the member's health status. This includes participation in other programs that are not Medicaid funded that may be available and for which the member is eligible.
Number MCP excluded because declined to participate (Column D)	Enter the number of members MCP excluded via the targeted engagement process during the quarter because they declined to participate. After reasonable efforts have been made to explain the program and achieve engagement, the member declines to participate, or to continue to participate, in HHP.
Number MCP excluded because of unsuccessful engagement (Column E)	Enter the number of members MCP excluded via the targeted engagement process the quarter because of unsuccessful engagement. HHP staff is unable to engage the member after the MCP or the HHP provider has completed the requirements specified in the MCP's DHCS-approved policy for progressive engagement activities. The member does not engage, participate, or make self available; is un-cooperative; or accurate contact information is not available for the member. This occurs before enrollment.

Number MCP excluded because duplicative program (Column F)	Enter the number of members MCP excluded via the targeted engagement process during the quarter due to being in another program that provides care management services: DHCS or the MCP has developed new information that the member participates in, or is enrolled in, a Medicaid-funded program that provides services duplicative to HHP services or a program excluded by DHCS policy, and the member chooses to remain in the duplicative or excluded program. Duplicative Medicaid-funded programs include, but may not be limited to, the following: 1. Duplicative Programs a. 1915c waiver programs: HIV/AIDS, Assisted Living Waiver (ALW), Developmentally Disabled (DD), In-Home Operations (IHO), Multipurpose Senior Services Program (MSSP), Nursing Facility Acute Hospital (NF/AH) b. Targeted Case Management (TCM) – County, not Mental Health TCM 2. Programs excluded by DHCS Policy a. Skilled Nursing Facility (SNF) residents with a duration longer than the month of admission and the following month. b. Hospice 3. Additional programs the MCP determines are duplicative as described in their progressive engagement policy
Number MCP excluded because unsafe behavior or environment (Column G)	Enter the number of members MCP excluded via the targeted engagement process during the quarter because of an unsafe behavior or environment. Unsafe includes Environment (for delivery of services outside of a regular healthcare facility such as a clinic, provider's office or ER): after reasonable efforts to arrange a different method or venue to conduct member engagement/enrollment such activities cannot be conducted without staff entering an environment that poses a significant risk to the physical or mental well-being of the staff; and Individual: Member engagement/enrollment efforts cannot be conducted due to the member's behavior posing a significant physical or mental threat to the well-being of the staff.

Number MCP excluded because not enrolled in Medi-Cal at MCP (Column H)	Enter the number of individuals MCP excluded from via the targeted engagement process list during the quarter because they are not enrolled in Medi-Cal at the Managed Care Plan. Reasons can include, but may not be limited to, the following: a. Fee-For-Service b. Specialty Managed Care Plans: Senior Care Action Network (SCAN), Program of All-Inclusive Care for the Elderly (PACE), AIDS Healthcare Foundation (AHF) c. Member is deceased
Number externally referred & enrolled (Column I)	Enter the number of members not part of the plan's targeted engagement process, referred to the MCP, that were enrolled. The referral process is initiated by an external provider or organization when an individual is initially assessed to be a candidate for HHP and therefore is referred to the MCP for approval. Upon MCP review and evaluation, if the individual is approved for HHP and enrolled, they would be included in this measure. If they are not approved for enrollment in HHP, they would be reported in the following measure.
Number externally referred but excluded (Column J)	Enter the number of individuals not part of the plan's targeted engagement process, referred to the MCP, that were excluded. Exclusion reasons include reasons identified in columns C-H. Do not add these exclusions to the counts in Columns C-H.
Average monthly number of dedicated care coordination FTEs (Column K)	Enter the average monthly number of care coordinators for the quarter. Only count FTEs dedicated to care coordination activities. The counts are taken at a point in time, which will be the last day of each month in the quarter, and averaged across the 3 months in the quarter to get this average quarterly number.
2. Health Home Program Member Activity Reporting	
Column Name	**Explanation**
Plan Code - Plan Name - County (Column A)	From the drop down menu, select the plan code, plan name and county combination for each county and plan code the plan operates in. Submit only one row of data per county that the MCP is in. Do not report subcontracting health plans separately. Report on data based on the member's assigned county.
Reporting Period (Column B)	From the drop down menu, select the corresponding year and quarter for the data reported: Year QX. For example, the 3rd quarter of 2018 will be entered as 2018 Q3.

Number initial HAP completed within 90 days (Column C)	Numerator: Enter the number of HHP members that had their initial HAP completed during the quarter and the HAP was completed within 90 days of enrollment.
Number initial HAP completed (Column D)	Denominator: Enter the number of HHP members that had their initial HAP completed during the quarter.

3. Health Home Program Homeless/Housing Member Level Detail	
Note: This tab is to be submitted semi-annually in the Q2 report and Q4 report of every year. The Q2 report (due 8/31) will include data for January through June of the current calendar year. The Q4 Report (due 2/28) will include data for July through December of the previous calendar year.	
Column Name	**Explanation**
Plan Code - Plan Name - County (Column A)	From the drop down menu, select the plan code, plan name and county combination for the county and plan code the plan operates in. Report on data based on the member's assigned county.
Reporting Period (Column B)	From the drop down menu, select the corresponding year and semi-annual reporting period. For example, the second reporting period of 2019 will be entered as 2019 Q3-Q4.
Member CIN (Column C)	Enter the Member's Client Identification Number (CIN) for all members that meet Column G and/or Column I.
Member Last Name (Column D)	Enter the Member's Last Name.
Member First Name (Column E)	Enter the Member's First Name.
Member Date of Birth (DOB) (Column F)	Enter the Member's Date of Birth (DOB) using format MM/DD/YYYY.
Homeless HHP Members and HHP Members at Risk for Homelessness During This Reporting Period (Column G)	Indicate whether the HHP enrolled member met the Federal definition of Homeless or required tenancy sustaining services at any point during the reporting period. Enter "Yes" or "No."
Received Housing Services During This Reporting Period (Column H)	Indicate whether the HHP enrolled member received housing services at any point during the reporting period. Enter "Yes" or "No."
Homeless Health Homes Members In Any Enrollment Period (Column I)	Indicate whether the HHP enrolled member met the Federal definition of Homeless at any point during their enrollment in the HHP. Enter "Yes" or "No."

HHP Members who are no longer Homeless On Last Day of This Reporting Period (Column J)	Indicate the HHP enrolled member no longer meets the Federal definition of Homeless, as of the last day of the reporting period. If the member was disenrolled during the reporting period, report as of their last date of enrollment. Enter "Yes" or "No."
4. Health Home Program Network Reporting	
Column Name	**Explanation**
Plan Code - Plan Name - County (Column A)	From the drop down menu, select the plan code, plan name and county combination for each county and plan code the plan operates in. Submit only one row of data per county that the MCP is in. Do not report subcontracting health plans separately. Report on data based on the member's assigned county.
Reporting Period (Column B)	From the drop down menu, select the corresponding year and quarter for the data reported: Year QX. For example, the 3rd quarter of 2018 will be entered as 2018 Q3.
CB-CME NPI # (Column C)	Enter all CB-CME NPI numbers that were contracted as of the last day of the quarter. Enter each CB-CME NPI number in each county on its own row. For example, if a MCP is contracted with a CB-CME that operates in two counties, there would be two rows for that NPI with each row having a different plan code & county. DHCS assumes that all lead CB-CMEs will have a NPI or be the MCP; if a CB-CME does not have an NPI #, please reach out to DHCS for further discussion. This is a measure of the prime contract with the MCP for care management duties, not engagement subcontractors or housing subcontractors.
Capacity for each CB-CME (Column D)	Enter the capacity for assigned HHP members for each CB-CME contracted in each county during the quarter. If a CB-CME operates in more than one county, separate the projected capacity for each county. Capacity is defined as the number of HHP members the CB-CME will be able to serve according to the HHP service requirements including the care manager ratio and the extent the CB-CME is able to satisfy all care team requirements. The count is taken at a point in time, which will be the last day of the quarter.
5. Health Home Program Annual CMS Core Measures Reporting	

DHCS is required to collect and report the Core Set of Health Care Quality Measures for Medicaid Health Homes Programs according to the Technical Specifications published by CMS. DHCS will continue to make the annual Technical Specification link available to the MCPs. MCPs are required to follow the technical specifications. DHCS will use the reporting template to collect measure information from the MCPs so that DHCS can perform the aggregation, weighting, and reporting required by the Technical Specifications. For additional information on the Core Measures, refer to the Technical Specifications and Resource Manual link from CMS. Approve the license agreements and download the Technical Specifications.

https://www.medicaid.gov/license-agreement.html?file=%2Fstate-resource-center%2Fmedicaid-state-technical-assistance%2Fhealth-home-information-resource-center%2Fdownloads%2FFFY-18-HH-Core-Set-Manual.pdf

Each MCP will determine its numerator, denominator, and/or rates for the required performance measure and report these results for each county. DHCS is required to report separately for each SPA, therefore, there are separate numerator, denominator, and rates columns for Chronic Conditions and SMI. The Technical Specifications measurement year and reporting year definitions are consistent with DHCS's other HEDIS oriented timelines. The Technical Specifications require reporting results when the SPA is in effect for six or more months of the measurement period. The fields in the template will be adjusted over time to align with the Technical Specifications if/when they change.

Note: **This tab is to be submitted annually in the Q1 report (due 5/31) of every year and include data on the previous calendar year of January through December.**

Column Name	Explanation
Plan Code - Plan Name - County (Column A)	From the drop down menu, select the plan code, plan name and county combination for each county and plan code the plan operates in. Submit only one row of data per county that the MCP is in. Do not report subcontracting health plans separately. Report on data based on the member's assigned county.
Reporting Period (Column B)	From the drop down menu, select the corresponding year for the data reported: Year.
Controlling high blood pressure (CBP) (Med) age 18-59 w/HTN, BP < 140/90 - numerator (Column C)	Controlling high blood pressure (Medical SPA) - Age 18-59 with hypertension, BP < 140/90 - numerator
CBP (Med) - Age 18-59 w/HTN, BP < 140/90 - denominator (Column D)	Controlling high blood pressure (Medical SPA) - Age 18-59 with hypertension, BP < 140/90 - denominator
CBP (Med) - Age 60-64 w/HTN, w/DIB, BP < 140/90 - numerator (Column E)	Controlling high blood pressure (Medical SPA) - Age 60-64 with hypertension, with diabetes, BP < 140/90 - numerator

CBP (Med) - Age 60-64 w/HTN, w/DIB, BP < 140/90 - denominator (Column F)	Controlling high blood pressure (Medical SPA) - Age 60-64 with hypertension, with diabetes, BP < 140/90 - denominator
CBP (Med) - Age 65-85 w/HTN, w/DIB, BP < 140/90 - numerator (Column G)	Controlling high blood pressure (Medical SPA) - Age 65-85 with hypertension, with diabetes, BP < 140/90 - numerator
CBP (Med) - Age 65-85 w/HTN, w/DIB, BP < 140/90 - denominator (Column H)	Controlling high blood pressure (Medical SPA) - Age 65-85 with hypertension, with diabetes, BP < 140/90 - denominator
CBP (Med) - Age 60-64 w/HTN, w/o DIB, BP < 150/90 - numerator (Column I)	Controlling high blood pressure (Medical SPA) - Age 60-64 with hypertension, without diabetes, BP < 150/90 - numerator
CBP (Med) - Age 60-64 w/HTN, w/o DIB, BP < 150/90 - denominator (Column J)	Controlling high blood pressure (Medical SPA) - Age 60-64 with hypertension, without diabetes, BP < 150/90 - denominator
CBP (Med) - Age 65-85 w/HTN, w/o DIB, BP < 150/90 - numerator (Column K)	Controlling high blood pressure (Medical SPA) - Age 65-85 with hypertension, without diabetes, BP < 150/90 - numerator
CBP (Med) - Age 65-85 w/HTN, w/o DIB, BP < 150/90 - denominator (Column L)	Controlling high blood pressure (Medical SPA) - Age 65-85 with hypertension, without diabetes, BP < 150/90 - denominator
CBP (SMI) - Age 18-59 w/HTN, BP < 140/90 - numerator (Column M)	Controlling high blood pressure (SMI SPA) - Age 18-59 with hypertension, BP < 140/90 - numerator
CBP (SMI) - Age 18-59 w/HTN, BP < 140/90 - denominator (Column N)	Controlling high blood pressure (SMI SPA) - Age 18-59 with hypertension, BP < 140/90 - denominator
CBP (SMI) - Age 60-64 w/HTN, w/DIB, BP < 140/90 - numerator (Column O)	Controlling high blood pressure (SMI SPA) - Age 60-64 with hypertension, with diabetes, BP < 140/90 - numerator
CBP (SMI) - Age 60-64 w/HTN, w/DIB, BP < 140/90 - denominator (Column P)	Controlling high blood pressure (SMI SPA) - Age 60-64 with hypertension, with diabetes, BP < 140/90 - denominator
CBP (SMI) - Age 65-85 w/HTN, w/DIB, BP < 140/90 - numerator (Column Q)	Controlling high blood pressure (SMI SPA) - Age 65-85 with hypertension, with diabetes, BP < 140/90 - numerator
CBP (SMI) - Age 65-85 w/HTN, w/DIB, BP < 140/90 - denominator (Column R)	Controlling high blood pressure (SMI SPA) - Age 65-85 with hypertension, with diabetes, BP < 140/90 - denominator
CBP (SMI) - Age 60-64 w/HTN, w/o DIB, BP < 150/90 - numerator (Column S)	Controlling high blood pressure (SMI SPA) - Age 60-64 with hypertension, without diabetes, BP < 150/90 - numerator
CBP (SMI) - Age 60-64 w/HTN, w/o DIB, BP < 150/90 - denominator (Column T)	Controlling high blood pressure (SMI SPA) - Age 60-64 with hypertension, without diabetes, BP < 150/90 - denominator
CBP (SMI) - Age 65-85 w/HTN, w/o DIB, BP < 150/90 - numerator (Column U)	Controlling high blood pressure (SMI SPA) - Age 65-85 with hypertension, without diabetes, BP < 150/90 - numerator

CBP (SMI) - Age 65-85 w/HTN, w/o DIB, BP < 150/90 - denominator (Column V)	Controlling high blood pressure (SMI SPA) - Age 65-85 with hypertension, without diabetes, BP < 150/90 - denominator
CDF (MED) - Age 12-17 - numerator (Column W)	Screening for clinical depression and follow-up plan (Medical SPA) - Age 12-17 - numerator
CDF (MED) - Age 12-17 - denominator (Column X)	Screening for clinical depression and follow-up plan (Medical SPA) - Age 12-17 - denominator
CDF (MED) - Age 18-64 - numerator (Column Y)	Screening for clinical depression and follow-up plan (Medical SPA) - Age 18-64 - numerator
CDF (MED) - Age 18-64 - denominator (Column Z)	Screening for clinical depression and follow-up plan (Medical SPA) - Age 18-64 - denominator
CDF (MED) - Age 65+ - numerator (Column AA)	Screening for clinical depression and follow-up plan (Medical SPA) - Age 65+ - numerator
CDF (MED) - Age 65+ - denominator (Column AB)	Screening for clinical depression and follow-up plan (Medical SPA) - Age 65+ - denominator
CDF (SMI) - Age 12-17 - numerator (Column AC)	Screening for clinical depression and follow-up plan (SMI SPA) - Age 12-17 - numerator
CDF (SMI) - Age 12-17 - denominator (Column AD)	Screening for clinical depression and follow-up plan (SMI SPA) - Age 12-17 - denominator
CDF (SMI) - Age 18-64 - numerator (Column AE)	Screening for clinical depression and follow-up plan (SMI SPA) - Age 18-64 - numerator
CDF (SMI) - Age 18-64 - denominator (Column AF)	Screening for clinical depression and follow-up plan (SMI SPA) - Age 18-64 - denominator
CDF (SMI) - Age 65+ - numerator (Column AG)	Screening for clinical depression and follow-up plan (SMI SPA) - Age 65+ - numerator
CDF (SMI) - Age 65+ - denominator (Column AH)	Screening for clinical depression and follow-up plan (SMI SPA) - Age 65+ - denominator
6. Health Home Program Reporting Comments	
Column Name	**Explanation**
Comments (Column A)	Enter any relevant information pertaining to the submitted report and the data it contains.

H. Appendix H – HHP Eligible Condition Diagnosis Codes

HHP Eligible Condition Diagnosis Codes

I. Appendix I – HHP Implementation Schedule

HHP Implementation Schedule

The California Department of Health Care Services (DHCS) announced that the implementation of the state's Health Homes Program (HHP) begins July 1, 2018. The counties included in each group and the phased implementation schedule are outlined in the table below:

County Implementation Schedule

Groups	Counties	(Phase 1) Implementation date for members with eligible chronic physical conditions and substance use disorders	(Phase 2) Implementation date for members with eligible serious mental illness conditions
Group 1	• San Francisco	July 1, 2018	January 1, 2019
Group 2	• Riverside • San Bernardino	January 1, 2019	July 1, 2019
Group 3	• Alameda • Imperial • Kern • Los Angeles • Sacramento • San Diego • Santa Clara • Tulare	July 1, 2019	January 1, 2020
Group 4	• Orange	January 1, 2020	July 1, 2020

J. Appendix J – HHP Supplemental Payment File

Please refer to the DHCS' *Technical Guidance – Consolidated Supplemental Upload Process for further information.*

K. Appendix K – Whole Person Care Pilot Interaction Guidance

Joint Medi-Cal Managed Care Health Plan and Whole Person Care Pilot Guidance:

Eligibility and Provision of Services in the Health Homes Program and

Whole Person Care Pilots

This notification provides DHCS policy guidance regarding the eligibility, enrollment and the provision of services for Medi-Cal beneficiaries concurrently eligible for both the Health Homes Program (HHP) and a Whole Person Care (WPC) Pilot.

Medi-Cal managed care health plans (MCPs) implementing the HHP are responsible for providing the following six core HHP services: comprehensive care management, care coordination, health promotion, comprehensive transitional care, individual and family support, and referral to community and social support services. Program eligibility is based on meeting a set of chronic physical/Substance Use Disorder (SUD) or Severe Mental Illness (SMI) conditions as well as specified acuity criteria.

The overarching goal of the WPC Pilots is the coordination of health, behavioral health, and social services, as applicable, in a patient-centered manner with the goals of improved beneficiary health and wellbeing through more efficient and effective use of resources. WPC Pilots are administered at the local level where a county, a city and county, a health or hospital authority, or a consortium of any of the above can serve as the Lead Entity (LE). WPC eligibility is established by each Pilot.

DHCS' guidance is that Medi-Cal beneficiaries that are eligible to receive services from both the WPC Pilot program and the HHP can be enrolled in either program or both, based on beneficiary choice.

In most cases WPC pilots provide care coordination services that are similar to the care coordination services provided by the HHP program. If a Medi-Cal beneficiary is eligible for both WPC and HHP, the member may choose which program's care coordination services that want to receive. The member may not receive duplicative care coordination services from both WPC and HHP. If the beneficiary is receiving care coordination services through the HHP, it is the responsibility of the WPC pilot to ensure that a beneficiary does not receive duplicative care coordination services from WPC. The WPC pilot may not claim WPC reimbursement for care coordination services that are duplicative of HHP care coordination services that are provided during the same month.

If the beneficiary chooses to receive care coordination services through WPC and is also interested in participating in the HHP, the beneficiary will not be able to receive any HHP services due to HHP, by default, being a program that consists of a set of 6 care-coordination services that are offered as the core benefit of the program.

In most cases WPC pilots also provide other services that are not duplicative, or similar to, HHP care coordination services. A sobering center service is one example of a WPC service that is likely to not be duplicative of HHP services. If a member is eligible for both WPC and HHP, and the member chooses to receive care coordination services through the HHP, the member may still receive other WPC services (that are not duplicative of HHP services) through the WPC. The WPC pilot may claim reimbursement for these other services regardless of whether the beneficiary chooses to receive care coordination services through the WPC or the HHP.

Please see the following points regarding DHCS' expectations:

- All WPC LEs must ensure the non-duplication of services for their WPC-enrolled members.

- The LEs are required to check other program participation, including HHP, as a regular part of their assessments. DHCS recommends frequent communication between the LE and their local MCPs to ensure there is no duplication of services.

- The WPC "Certification of Lead Entity Reports" document has been revised to include an additional attestation stating that DHCS reserves the right to recoup payments made to LEs for services found to be duplicative.

- LEs are responsible for keeping auditable records, such as documentation of their in-person assessments of enrollee participation in other programs, which should address non-duplication of services.

- As always, DHCS reserves the right to perform an audit of LE data and MCP data.

ALL PLAN LETTER 18-012

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS PARTICIPATING IN THE HEALTH HOMES PROGRAM

SUBJECT: HEALTH HOMES PROGRAM REQUIREMENTS

PURPOSE:
The purpose of this All Plan Letter (APL) is to provide guidance regarding the provision of Health Homes Program (HHP) services, and the development and operation of the HHP, to Medi-Cal managed care health plans (MCPs) implementing the HHP.

BACKGROUND:
The Medicaid Health Home State Plan Option is authorized under the Patient Protection and Affordable Care Act (Pub. L. 111-148), enacted on March 23, 2010, as revised by the HealthCare and Education Reconciliation Act of 2010 (Pub. L. 111-152), enacted on March 30, 2010, together known as the Affordable Care Act (ACA). Section 2703 of the ACA allows states to create Medicaid health homes to coordinate the full range of physical health care services, behavioral health services, and community-based long term services and supports (LTSS) needed by members with chronic conditions.

In California, Welfare and Institutions Code (WIC) Sections 14127 through 14128 authorize the Department of Health Care Services (DHCS), subject to federal approval, to create the HHP for Medi-Cal members with chronic conditions who meet the eligibility criteria specified by DHCS.

POLICY:
Effective upon the HHP implementation date for each MCP implementing the HHP, the MCP is responsible for providing the following six core HHP services to eligible Medi-Cal members: comprehensive care management, care coordination, health promotion, comprehensive transitional care, individual and family support, and referral to community and social support services.

The Medi-Cal Health Homes Program Guide (Program Guide) is available on the HHP webpage of the DHCS website.[1] The Program Guide outlines HHP policies, including member eligibility criteria, and contains DHCS' operational requirements and guidelines on HHP. DHCS may update the Program Guide to reflect the latest HHP requirements

[1] The HHP Program Guide can be found at: http://www.dhcs.ca.gov/services/Pages/HealthHomesProgram.aspx

Managed Care Quality and Monitoring Division
1501 Capitol Avenue, P.O. Box 997413, MS 4400

Phone (916) 449-5000 Fax (916) 449-5005
www.dhcs.ca.gov

and guidelines. DHCS will notify MCPs whenever the Program Guide is updated, so that MCPs can obtain the latest information on HHP.

HHP MCPs must meet all program and reporting requirements specified in the Program Guide, all applicable state and federal laws and regulations, MCP contracts, and other DHCS guidance, including, but not limited to, APLs. Additionally, MCPs must communicate all HHP requirements to, and ensure the compliance of, their contracted HHP providers, including Community Based Care Management Entities, as well as any delegated entities and subcontractors.

MCPs are responsible for ensuring that all delegated entities and subcontractors comply with all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including APLs and Policy Letters.

If you have any questions regarding this APL, please contact your Managed Care Operations Division Contract Manager.

Sincerely,

NOTICE OF REQUEST FOR PROPOSALS (RFP)

#19-021A

GENERAL CONDITIONS AND INSTRUCTIONS TO OFFERORS

For

Health Homes Program Select Services – Revised

Key RFP Dates

Written Questions Due: June 24, 2019, 2:00, PM Pacific Time
Proposal Submittal Date: July 11, 2019, 2:00 PM Pacific Time

Back to Agenda Back to Item

Inviting Request for Proposals (RFP) 19-021A for Health Homes Program Select Services - Revised

CalOptima invites Proposals from qualified Offerors to provide Health Homes Program Select Services - Revised. Proposals shall be prepared and submitted in accordance with the requirements set forth in this RFP #19-021A. **Proposals must be submitted via BidSync no later than 2:00 PM Pacific Time, July 11, 2019.**

Proposals, and amendments to Proposals received after the date and time specified above will be rejected by the BidSync program and will not be delivered to CalOptima.

CalOptima's Basic Philosophy: Contracting for Results

CalOptima's fundamental commitment is to contract for results. CalOptima defines a successful result as a generation of defined, measurable, and beneficial outcomes that satisfy the contract requirements and support CalOptima's mission and objectives. This RFP 19-021A describes what is required of the successful Offeror in terms of services, deliverables, performance measures and outcomes, and unless otherwise noted in this RFP, places the responsibility for how they are accomplished on the successful Offeror.

Contract Elements

The term "contract" means the contract awarded as a result of this RFP 19-021A and all exhibits thereto. (See RFP Attachment 4: CalOptima Sample Contract). The successful Offeror/s will be required to accept a written contract in accordance with and included as a part thereof, this Request for Proposal, including all requirements, conditions and specifications contained therein. The Proposal, including all attachments and information on services, and associated pricing shall be binding and shall be incorporated into the written contract. At a minimum, the following documents will be incorporated into the contract:

- This RFP 19-021A and all attachments and exhibits.
- Any modifications, addendum or amendments issued in conjunction with this RFP 19-021A.
- The successful Offeror's Proposal.

Should there be any conflict between RFP 19-021A and the contract, the terms and conditions of the contract shall prevail.

It should be noted that as a public agency, CalOptima is mandated by various government entities to incorporate many of the terms and conditions listed within the entities Contract and BAA, and is unable to modify them in any way.

CalOptima is permitting each Offeror to identify the terms of the Contract and BAA it would like to negotiate. Using Attachment 5 entitled "Request to Negotiate Contract/BAA Terms," Offerors must identify the Current Language, Proposed Language, and Rationale for the

Request. Note that any request to negotiate contract terms without a rationale will not be considered for negotiation. CalOptima will evaluate all requests and render a decision on each Contract/BAA term identified.

If a "Request to Negotiate Contract/BAA Terms" form is not submitted with the proposal, the terms submitted in the Sample Contract will be in force. CalOptima will not review any changes marked on the Contract/BAA PDFs that are not included on the "Request to Negotiate Contract/BAA Terms" form. CalOptima will also not review any additional terms & conditions submitted by Vendor on Vendor paper. Even if you currently have an existing contract/BAA with CalOptima or have had one in the past, the services within this RFP are considered separate and CalOptima **will not** add them to an existing agreement.

Each deletion, addition, and modification, etc., to CalOptima's Sample Contract or BAA must be logged and submitted on the "Request to Negotiate Contract Terms" form. Failure to do so will result in your proposal being deemed non-responsive. Even if you currently have a contract or BAA with CalOptima or have had one in the past, a "Request to Negotiate Contract Terms" form must be created and included as part of your firms' proposal.

CalOptima may disqualify and terminate negotiations with any Offeror that did not take exception to a given Sample Contract or BAA provision in its proposal and subsequently attempts to do so during negotiations. As such, it is in Offeror's best interest to have the Sample Contract reviewed by counsel prior to submitting a proposal.

The successful Offeror will be required to comply with all applicable equal opportunity laws and regulations.

Sincerely,

Ryan Prest
Purchasing Manager

List of RFP Attachments

SECTION I: CALOPTIMA BACKGROUND AND OVERVIEW

A. County Organized Health Systems (COHS) Background

The California State Medicaid (Medi-Cal) program came into existence in March 1966 as a fee-for-service health care delivery system. In May 1972, Medi-Cal beneficiaries began enrolling in managed care plans when the first Prepaid Health Plan (PHP) contract went into effect. Joining a PHP was voluntary and limited to those in a public assistance aid category.

In June 1983, a new type of managed care program, the County Organized Health System (COHS), became operational. The COHS managed care model ensures Med-Cal recipients access to comprehensive, cost-effective health care. Each COHS plan is sanctioned by the County Board of Supervisors and governed by an independent commission.

B. CalOptima Overview

CalOptima's Overview can be located by clicking on the following link and by selecting 'View CalOptima Fast Facts": https://www.caloptima.org/AboutUs.aspx

SECTION II: INSTRUCTIONS AND CONDITIONS

A. General Requirements

1.0 This RFP 19-021A contains a list of requirements for the successful Offeror. A qualified Offeror, for the purpose of this RFP 19-021A, is an Offeror that can reliably, competently and independently provide the required services to CalOptima for the entire term of the agreement. The contract term is One (1) year with Three (3), one year renewal options at CalOptima's discretion.

2.0 As required under Ordinance No. 3896 of the County of Orange, State of California, Offeror hereby acknowledges and agrees that the obligations of CalOptima under any resulting contract are solely the obligation of CalOptima, and the County of Orange, State of California, shall have no obligation or liability therefore.

B. Instructions and Conditions

1.0 Examination of Proposal Documents

1.1 Before submitting a Proposal, each Offeror represents that it has thoroughly examined and become familiar with the work required under this RFP 19-021A and it is capable of performing quality work to achieve CalOptima's objectives.

1.2 Each Offeror must be satisfied by personal examination, and by such other means as it may prefer, as to the actual conditions and requirements under which the contract will be performed.

1.3 CalOptima reserves the right to remove from its list for future RFPs, for an undetermined period of time, the name of any Offeror for failure to accept a contract, failure to respond to two consecutive RFPs and/or unsatisfactory performance. Please note that a "No Bid" is considered a response.

2.0 Addenda

CalOptima may make changes to the requirements of this RFP 19-021A. Any CalOptima changes to the requirements will be made by written addendum to this RFP 19-021A. Any written addenda issued pertaining to this RFP 19-021A shall be incorporated into the terms and conditions of any resulting contract. CalOptima will not be bound to any modifications to, or deviations from, the requirements set forth in this RFP 19-021A as the result of oral instruction. All addenda will be submitted by CalOptima via BidSync.

3.0 Procurement Schedule

The following table presents the anticipated schedule for this procurement. All dates are subject to change at CalOptima's discretion. Changes to the schedule will be communicated via an addendum to this RFP through BidSync.

Event	Date
RFP 19-021A Issue Date	June 06, 2019
Written Questions due from Offerors via BidSync	June 24, 2019
Responses to Questions due from CalOptima via BidSync	June 27, 2019
Proposals due from Offerors via BidSync	July 11, 2019
Demonstrations/Interviews/Site Visits/Reference Checks	August 05 - 08, 2019
Vendor Selection	August 14, 2019

4.0 Procurement Point-of-Contact

4.1 All communications relating to this RFP 19-021A must be directed to CalOptima's designated contact below:

Ryan Prest
rprest@caloptima.org
CalOptima Vendor Management Department
505 City Parkway West
Orange, CA 92868

4.2 Any and all communications relating to this RFP must be directed to the Vendor Management Point-of-Contact named above. Communications relating to this RFP between respondents and other CalOptima staff members concerning this RFP are strictly prohibited. Failure to comply with these requirements will result in Proposal disqualification.

5.0 Questions and Clarifications

5.1 If an Offeror desires an explanation or clarification of any kind regarding a provision of this RFP 19-021A, the Offeror must generate a written request for such explanation or clarification through BidSync by 2:00, PM Pacific Time, June 24, 2019. Inquiries received after 2:00 PM Pacific Time, June 24, 2019 will not be responded to.

5.2 CalOptima responses will be communicated via BidSync, and will be sent no later than 5:00 PM Pacific Time, June 27, 2019.

6.0 Proposal Preparation

6.1 Proposals shall be typed in 12 point font and submitted via BidSync in a Word, Excel or PDF format. Do not provide zip files. Offerors should not include any unnecessarily elaborate or promotional material.

6.2 Information shall be presented and submitted through BidSync and must be submitted in the order in which it is requested. Please limit your responses to no more than five (5) documents. Each file name must contain your company name and RFP number. The responses must directly address the items requested in each requirement. Complete, concise and specific responses are required. Lengthy narrative is discouraged.

6.3 Letter of Transmittal

A mandatory Letter of Transmittal shall be included with the Proposal and must, at a minimum, contain the following:

- Identification of Offeror, including name, address and telephone number.
- Name, title, e-mail address and telephone number of Offeror's representative during the period of proposal evaluation.
- Proposed working relationship between Offeror and subcontractors, and if not applicable, indicate so.
- A statement to the effect that the Proposal shall remain valid for a period of not less than 150 calendar days from the Proposal due date.
- Signature of a person authorized to bind Offeror to the terms of the Proposal.
- Either a statement indicating no contract changes or submit a Request to Negotiate Contract Terms as presented in this RFP as Attachment 5).
- A statement clarifying if you are bidding on one or both or the available select services.

7.0 Proposal Submittal

7.1 Date and Time

All Proposals must be submitted via BidSync and must be submitted no later than 2:00 PM Pacific Time, July 11, 2019. CalOptima recommends you begin the submission process well in advance of the proposal submission deadline to allow ample time for transmission.

7.2 Acceptance of Proposals

7.2.1 CalOptima reserves the right to accept or reject any and all proposals, or any item or part thereof, or to waive any informalities or irregularities in proposals.

7.2.2 CalOptima reserves the right to withdraw this RFP at any time without prior notice and CalOptima makes no representations that a contract will be awarded to any Offeror responding to this RFP.

7.2.3 CalOptima reserves the right to postpone proposal opening for its own convenience.

8.0 Pre-Contractual Expenses

8.1 Pre-contractual expenses are defined as expenses incurred by the Offeror in:

- preparing its proposal in response to this RFP;
- submitting its proposal to CalOptima;
- negotiating with CalOptima on any matter related to its proposal; or
- any other expenses incurred by the Offeror prior to date of award, if any, of the contract.

8.2 CalOptima shall not, in any event, be liable for any pre-contractual expenses incurred by Offeror in the preparation of its proposal. Offeror shall not include any such expenses as part of its proposal.

9.0 Joint Offers

Where two or more Offerors desire to submit a single proposal in response to this RFP 19-021A, they should do so on a prime-subcontractor basis rather than as a joint venture. CalOptima intends to contract with a single firm and not with multiple firms doing business as a joint venture.

10.0 Non-Collusion Affidavit

As part of its Proposal, Offerors are required to complete and sign the Non-Collusion Affidavit provided as RFP Attachment 2. Proposals submitted to CalOptima without a fully executed copy of the Non-Collusion Affidavit will be considered non-responsive.

11.0 Contract Type and Term

11.1 It is anticipated that the contract resulting from this solicitation, if awarded, will be a firm-fixed price contract unless otherwise specified.

11.2 The initial term of any resulting agreement shall be for a period of One (1) year, with an anticipated effective date of TBD, with Three (3) consecutive, one year renewal options at CalOptima's discretion.

12.0 Eligibility for Contract Award

CalOptima will not award this RFP or enter into a contract with any Offeror who is debarred, suspended or otherwise ineligible for the award of a contract or grant by any Federal agency or from participating in Federal Healthcare Programs. By submission of this proposal, Offeror

acknowledges and warrants that the Offeror and any of its officers, directors, owners, partners, or any person having primary management or supervisory responsibilities within the Offeror's business are not presently debarred, suspended, proposed for debarment or declared ineligible for the award of contracts by any Federal agency or from participating in any Federal healthcare programs. Offerors must complete RFP Attachment 3 entitled "Offeror Eligibility Certification" and submit as part of its proposal.

13.0 Withdrawal of Offers

Offers may be withdrawn only by signature of Offeror, provided the request is received by the person whose duty it is to open proposals prior to the time fixed for proposal opening. Each proposal opened will be considered to be a valid offer.

14.0 Use of Offeror Response and Accompanying Material

14.1 All materials submitted become the property of CalOptima and will not be returned. If the Offeror intends to submit confidential or proprietary information as part of the proposal, any limits on the use or distribution of that material should be clearly delineated in writing. However, CalOptima is a public agency and therefore subject to the California Public Records Act (California Government Code, Section 6250 et seq).

14.2 CalOptima will use reasonable precautions allowed by law to avoid disclosure of the Offeror proposal. CalOptima reserves the unrestricted right to copy and disseminate the Offeror proposals for internal review and for review by external advisors, at CalOptima's sole discretion.

15.0 Evaluation and Award of Contract

15.1 Issuance of this RFP 19-021A or receipt of proposals does not commit CalOptima to award a contract. CalOptima reserves the right to withdraw this RFP 19-021A at any time without further notice and, furthermore, makes no representation that any contract will be awarded to any Offeror responding to this RFP 19-021A. CalOptima expressly reserves the right to postpone proposal opening for its own convenience; to accept or reject any or all proposals received in response to this RFP 19-021A; to waive informalities and minor irregularities in bids received; to reject any and all proposals responding to this RFP 19-021A without indicating any reasons for such rejection; to negotiate with other than the selected Offeror should negotiations with the selected Offeror be terminated; to negotiate with more than one Offeror simultaneously or to cancel all or part of this RFP 19-021A.

15.2 In no event will CalOptima be limited to selecting a successful Offeror based solely upon total cost submitted. Evaluation of the Proposals shall be generally based upon the reasonableness of price; experience in the market; capabilities of the Offeror to effectively complete the project requirements; financial stability and completeness of the Proposal response and the requested data. All proposals received as specified will be evaluated by CalOptima staff in accordance with the above criteria and additional sub-criteria that may be considered as relevant or pertinent by the evaluators.

15.3 In accordance with CalOptima's purchasing policy, CalOptima staff may select one or more responsive, responsible Offeror(s) whose Proposal(s) are most advantageous to CalOptima– price, quality and other factors considered.

15.4 False, incomplete, or unresponsive statements in connection with a Proposal may be cause for rejection. The evaluation and determination of fulfillment for the above requirements shall be in CalOptima's sole judgment and this judgment shall be final. Any Proposal not meeting terms and conditions may be rejected.

15.5 Offerors who submit a proposal in response to this RFP 19-021A shall be notified in writing regarding whether its firm was awarded the contract or not. Such notification shall be made within a reasonable time after the date the contract is executed.

16.0 Exceptions/Deviations

16.1 CalOptima requires each Offeror to state any exceptions to or deviations from the requirements of this RFP 19-021A, separating "technical" exceptions from "contractual" exceptions. Where Offeror wishes to propose alternative approaches to meeting CalOptima's technical requirements, these should be thoroughly explained.

16.2 Each deletion, addition, and modification, etc. to CalOptima's contract or BAA must be logged and submitted in the "Request to Negotiate Contract/BAA Terms" form (Attachment 5 of this RFP). Failure to do so will result in your firm's proposal being deemed non-responsive. Even if you currently have a contract or BAA with CalOptima or have had one in the past, the services within this RFP are considered separate and CalOptima will not add them to an existing agreement.

17.0 Appendices

Information considered by Offeror to be pertinent to this project and which has not been specifically solicited in any of the aforementioned sections may be placed in a separate appendix section. Offerors are cautioned, however, that this does not constitute an invitation to submit large amounts of extraneous materials; appendices should be relevant and brief.

18.0 Non-Solicitation of Employees

Neither CalOptima nor CONTRACTOR shall solicit nor hire any personnel of the other during the Term of this Contract, or for a period of one year following the termination of this Contract, without the consent of the other party.

SECTION III: TECHNICAL AND PRICE PROPOSAL REQUIREMENTS

A. Technical Proposal Requirements

1.0 Corporate Capabilities

1.1 Qualifications and Experience

1.1.1 Provide a brief profile of the firm, including the types of services offered; the year founded; form of the organization (corporation, partnership, sole proprietorship); number, size and location of offices; number of employees.

1.1.2 Briefly describe the background of the company, including the formation, implementation of new business, sales, mergers, acquisitions, ownership, current lines of business and intended future lines of business. If applicable, indicate action to prevent disruption of current and/or new business.

1.1.3 Identify the senior management staff and their length of time with the company. Identify management staff that would be directly involved with the CalOptima contract and their length of time with the company.

1.1.4 Identify three (3) references of clients similar in scope and complexity to that of CalOptima. References shall include the name, title, email address, and telephone number of the person at the client organization who is most knowledgeable about the work.

1.1.5 Indicate any past or current material disputes including litigation with customers, provider groups, government entities, client groups and any other litigation with contingent liability of $500,000 or more. State the results or status of the dispute.

1.1.6 Is your company under investigation or being sued by any governmental agency? Has your company been barred from participation in a publicly-funded health program (such as Medicare or Medicaid)? If yes, provide a detailed explanation of the circumstances and status.

1.1.7 Provide details of any inquiry letters and/or negative audit results received from any state or federal agency or any outside business auditor.

1.1.8 Has your organization been audited in accordance with the Statements for Standards on Attestation Engagements (SSAE) 16 (formerly SAS 70 audit)? If yes, were any exceptions noted? If not audited, please explain.

1.1.9 If the respondent proposes to use subcontractor(s), it must describe any existing or ongoing relationships with the subcontractor(s); including project descriptions and the portions(s) of this RFP intended to be subcontracted

1.1.10 Identify subcontractors by company name, address, contact person, telephone number and project function and describe Offeror's experience working with each subcontractor.

2.0 Information Processing System (If you are proposing use of any systems, please complete)

2.1 Describe the current information processing system(s) used, highlighting features that ensure flexibility, timely updates of files, table-driven parameters, managed care orientation and timely, appropriate enhancements.

2.2 Describe the number, variety and location of processing platforms you use today. Are you planning a migration or consolidation of your system platforms? Describe the process, including testing and timeframes. Identify which platform(s) will be used to administer CalOptima's program.

2.3 Describe the security options related to user login and levels of security available by user profile.

2.4 Complete RFP Attachment 6: Security Questionnaire to describe your firm's standards for security, privacy, compliance and risk management and adherence to industry and government best practices.

2.5 Indicate the location and capacity of your data center(s). Describe your information systems disaster and recovery plans and identify applicable locations.

2.6 Quantify your application/system downtime monthly from January 1, 2015 to current. Identify scheduled and unscheduled downtime separately.

2.7 Do you operate your information processing system or do you have a subcontractor or vendor operate the system? If you are using a subcontractor(s), include the name(s).

2.8 Do you own the source code and manage all version upgrades, maintenance and application modifications internally? If not, use the table format below to identify entities and services performed.

System Subcontractors/Vendors					
Company Name	**Contact Name**	**Telephone**	**E-Mail**	**System/ Application Supported**	**Service Provided**

2.9 Can the software be customized to meet CalOptima's specific needs, including Programming/development integration, APIs and interfaces?

2.10 Can 18 months of past utilization from other systems be loaded and maintained within your system? Please describe any limitations.

2.11 How does the software access within and across the public Internet? Does the software have web-browser access? Describe the features of your member web portal.

2.12 Describe in detail all available web functionality and tools that will be made available to CalOptima through any resulting agreement.

2.13 Itemize required software and hardware to be installed/operational by CalOptima to achieve on-line connectivity to your organization. Will you supply all or some required software and hardware for on-line connectivity? Identify these items specifically and in the Price Proposal.

2.14 What is the process and format used to transfer data to CalOptima?

2.15 Describe the design, development and implementation processes used to update and modify the current information processing system software to maintain client requirements and industry standards.

- Are system updates done on a client-specific basis or on a cyclical basis for all or multiple clients?
- Confirm your commitment to maintain the software and to provide "bug" fixes and work-around solutions.
- Provide a summary of updates in-progress or planned. What abilities and timeframes will CalOptima have to test the upgrade prior to implementation?
- CalOptima expects to receive updates and new versions at no additional fee during the contract period. Confirm that updates and new versions will be made available on this basis to CalOptima.
- Indicate if CalOptima has the option of declining or postponing implementation of system changes or enhancements.

3.0 Financial Management

3.1 Provide evidence of financial stability sufficient to demonstrate reasonable stability and solvency appropriate to the requirements of this procurement:

3.1.1 If the respondent is a corporation that is required to report to the Securities and Exchange Commission, it must submit its two most recent SEC Forms 10K, Annual Reports.

3.1.2 If the respondent is *not* a corporation that is required to report to the Securities and Exchange Commission, it must submit its current financial statement plus previous two (2) years of audited financial reports including all supplements, management discussion and analysis, and actuarial options.

3.1.2.1 At a minimum, such financial statements and reports shall include: balance sheet; statement of income and expenses (also referred to as "statement of profit and loss"); statement of changes in financial position; cash flows; and capital expenditures.

3.1.3 If any change in ownership is anticipated during the twelve (12) months following the proposal due date, the respondent must describe the circumstances of such change and indicate when the change is likely to occur.

3.1.4 The respondent must identify any conditions (e.g., bankruptcy, pending litigation, planned office closures, impending merger) that may impede Offeror's ability to complete the project.

3.2 Include a copy of your billing invoice as part of your firms' proposal.

4.0 Proposed Staffing and Project Organization

4.1 Provide education, experience and applicable professional credentials of project staff.

4.2 Furnish brief resumes (not more than two [2] pages each) for the proposed Project Manager, Account Manager, and other key personnel.

4.3 Indicate adequacy of labor resources utilizing a table projecting the labor-hour allocation to the project by individual task.

4.4 Identify key personnel proposed to perform the work on the specified tasks and include major areas of subcontract work.

4.5 Include a project organization chart which clearly delineates communication/reporting relationships among the project staff.

4.6 Include a statement that key personnel will be available to the extent proposed for the duration of the project, acknowledging that no person designated as "key" to the project shall be removed or replaced without the prior written concurrence of CalOptima.

4.7 Identify the individuals who will be assisting with implementation, contract rollout, reporting and system questions. Include a list of qualifications and credentials for those individuals. Identify if any of these individuals continue in ongoing operation roles.

4.8 Describe the roles, responsibilities and deliverables of CalOptima and the Offeror during the implementation phase in a detailed work plan. The work plan must outline sequentially and describe the elements and activities that would be undertaken in completing the tasks; specify by name and job description, the person Offeror would assign to perform said task; the hourly rate of each person; rate for task identified; and include a schedule for completing the tasks in terms of elapsed weeks from the commencement date. Include details regarding the timeline needed before system is capable of being "live" for use after contract execution.

4.9 Describe in detail, the timeline dependencies for availability of required data feeds and interfaces to CalOptima systems in order to implement Offeror s system successfully based upon the timeline you propose.

4.10 What CalOptima resources are required by Offeror to meet the implementation timeframe?

B. Price Proposal Requirements

CalOptima is anticipating and hourly-rate bid for these types of services. If your firm would prefer to bill a different way, please submit that as a secondary offering to the RFP so we can review both options. If you are bidding for both services, please make sure your pricing is separate for each so we can evaluate all bidders for each specific service.

The successful Offeror shall not be allowed to invoice CalOptima throughout the duration of any resulting contract for any pricing not listed within the following pricing form. Pricing data contained in other areas of the Offeror's Proposal will not be considered.

C. Scope of Work

CalOptima is requesting proposals for two separate Health Homes Programs Select Services. They are:

- OBJECTIVE A - HHP Select Services - Housing Services
- OBJECTIVE B - HHP Select Services – Accompaniment Services

Interested bidders can bid on one of both of the select services below.

I. BACKGROUND

CalOptima contracts on a full or partial risk capitated basis with its delegated Health Maintenance Organizations and provider-sponsored organizations, known as Physician Hospital Consortia and Shared Risk Groups (jointly referred to as Health Networks), to provide care to approximately 75% of CalOptima members. Health Networks (HNs) are financially responsible according to their contract agreement to provide medically necessary services to their assigned members.

CalOptima serves the remaining members through a fee-for-service program known as "CalOptima Direct". CalOptima Direct network includes members who select to be in CalOptima Community Network (CCN) and members who are in specific categories (e.g., members with share of costs,

members with both Medicare and Medi-Cal) who are unable to select another network and would be served through the CalOptima Direct – Administrative program.

Health Homes Program (HHP)

The Federal Patient Protection and Affordable Care Act (ACA) Section 2703 authorizes the Medicaid Health Home State Plan Option. In California, Assembly Bill 361 (2013) authorizes implementation of the Health Home Program (HHP). Statewide, HHP will be implemented in selected counties with Medi-Cal Managed Care Plans (MCPs) operating as lead entities. CalOptima, along with other selected counties in California are implementing HHP on a phased basis:

- No sooner than January 1, 2020 for CalOptima members with eligible chronic physical conditions and substance use disorder (SUD); and,
- No sooner than July 1, 2020 for members with Serious Mental Illness (SMI) and/or Seriously Emotional Distress (SED).[1]

DHCS has developed the "Health Homes for Patients with Complex Needs Program", including person-centered coordination to improve member outcomes through two objectives:

- Coordination of physical health services, mental health services, substance use disorder services, community-based LTSS, palliative care, and social support needs; and,
- Reduction of avoidable health care costs, including hospital admission/readmissions, Emergency Department visits, and nursing facility stays

DHCS is targeting the top 3-5% highest risk/utilizing Medi-Cal members with specific multiple chronic physical conditions aligned with certain acuity criteria, or SMI whose outcomes may improve through HHP interventions. In summary, CalOptima Medi-Cal members must meet criteria established by DHCS including both of the 'chronic condition' and 'acuity' requirements. CalOptima's Medicare and members dually eligible for Medicare and Medi-Cal can participate through referrals only if eligibility criteria are met. Part of the HHP eligible members may meet HHP eligibility criteria of 'Chronic Homeless'. Details on these eligibility requirements and exclusion criteria can be found in the HHP Program Guide available at the following link: https://www.dhcs.ca.gov/services/Pages/HealthHomesProgram.aspx .

DHCS has identified the following six (6) HHP core services and expects these services to be available to all members enrolled in HHP:

1. Comprehensive Care Management;
2. Care Coordination;
3. Health Promotion;
4. Comprehensive Transitional Care;
5. Individual and Family Support Services; and,
6. Referral to Community and Social Supports, including housing navigation and sustainability services.

Pursuant to the DHCS Program Guide and All Plan Letter 18-012: Health Homes Program Requirements, Managed Care Plans (MCPs) will be responsible for overall administration, including development of the HHP network. HHP services will be coordinated through Community Based-Care Management Entities (CB-CMEs). HHP services will be provided primarily by a CB-CME under

[1] *Reference California SPA: 18-020 for SMI/SED definition at* https://www.medicaid.gov/State-resource-center/Medicaid-State-Plan-Amendments/Downloads/CA/CA-18-0020.pdf

a contract with CalOptima as the HHP Lead Entity. CB-CMEs will be responsible to coordinate with members, existing providers and other agencies.

CalOptima expects to be the CB-CME for members assigned to CalOptima Direct. Since HNs already provide most HHP services under their delegated contract, CalOptima has delegated CB-CME responsibilities to HNs for their assigned members. HNs may be permitted to subcontract for some select HHP services.

II. OBJECTIVE A – Housing Services

The purpose of this RFP is to solicit proposals from HHP select service providers, henceforth referred to as "OFFERORS", interested in contracting with CalOptima to provide Health Homes Program (HHP) ***housing navigation and sustainability services***. OFFEROR services shall be provided to CalOptima's Medi-Cal members enrolled in HHP program. For ease of administration, consistency and scale, CalOptima will require OFFEROR to make HHP services hereunder available to HNs, either through CalOptima's contract or a separate contract with individual HNs choosing to contract with OFFEROR for such services.

OFFEROR may also extend similar services, terms and conditions for other Medi-Cal programs supporting homeless population including, but not limited to, Whole Person Care (WPC). Such programs are administered either by CalOptima and/or other entities including the Orange County Health Care Agency (OCHCA).

CalOptima has the option to award contracts to a single or multiple OFFEROR(s), as needed in an effort to ensure the required coverage for its members. CalOptima has the option to retain any partial services in-house.

OFFEROR services shall be available to all CalOptima HHP enrolled members assigned to CalOptima Direct and any HHP enrolled member assigned to a CalOptima delegated HNs choosing to contract with OFFEROR for such services. OFFEROR will provide such services according to contract terms and expectations outlined by each contracted entity.

OFFEROR shall work with each contracted entity as applicable to ensure seamless access to the delivery of services and utilize processes and tools required by each individual entity.

Housing Navigation and Sustainability Services

The OFFEROR of Housing Services must have one or more HHP designated staff, referred to as a "Housing Navigator", who will assist members experiencing homelessness or at risk of homelessness, as directed by the contracted entity, as applicable. CalOptima will accept an application from the OFFEROR even if the OFFEROR can provide only one of the two services listed below.

The OFFEROR of Housing Services must provide one or both of the following:

- Individual Housing Transition Services and
- Individual Housing and Tenancy Sustaining Services

1. Individual Housing Transition Services to assist members with obtaining housing, such as individual outreach and assessments. These services include:

A. Conducting a tenant screening and housing assessment that identifies the participant's preferences and barriers related to successful tenancy. The assessment may include collecting information on potential housing transition barriers, and identification of housing retention barriers;

B. Developing an individualized housing support plan based upon the housing assessment that addresses identified barriers, includes short and long-term measurable goals for each issue, establishes the participant's approach to meeting the goal, and identifies when other providers or services, both reimbursed and not reimbursed by Medicaid, may be required to meet the goal;

C. Assisting with the housing application process;

D. Assisting with the housing search process;

E. Identifying and securing resources to cover expenses such as security deposit, furnishings, adaptive aids, environmental modifications, moving costs and other one-time expenses;

F. Ensuring that the living environment is safe and ready for move-in;

G. Assisting in arranging for and supporting the details of the move; and

H. Developing a housing support crisis plan that includes prevention and early intervention services when housing is jeopardized.

I. Coordinating with the County for those HHP members that are also in the County's Coordinated Entry System as there may be housing vouchers or programs identified for the client through this system.

2. Individual Housing and Tenancy Sustaining Services, such as tenant and landlord education and tenant coaching, support individuals in maintaining tenancy once housing is secured. These services include:

A. Providing early identification and intervention for behaviors that may jeopardize housing, such as late rental payment and other lease violations;

a) Providing a plan for the client in recognition of these behaviors

b) Providing a plan for the landlord (who to call) if the behaviors are noted

B. Education and training on the roles, rights and responsibilities of the tenant and landlord;

C. Coaching on developing and maintaining key relationships with landlords/property managers with a goal of fostering successful tenancy;

D. Assistance in resolving disputes with landlords and/or neighbors to reduce risk of eviction or other adverse action;

E. Advocacy and linkage with community resources to prevent eviction when housing is, or may potentially become jeopardized;

F. Ensuring that the member is connected to social supports in the vicinity of their new community and that the other service providers connected with the member also know they are newly housed.

G. Assisting the client in accessing resources that may be necessary to obtain immediate need items including, but not limited to: toiletries, cleaning products, kitchen ware, bed, towels and linens, and refrigerator.

H. Assistance with the housing recertification process;

a) Coordinating with the tenant to review, update and modify their housing support and crisis plan on a regular basis to reflect current needs and address existing or recurring housing retention barriers; and

b) Continuing training in being a good tenant and lease compliance, including ongoing support with activities related to household management.

III. Performance Guarantee

OFFEROR commits to the performance as expected and comply with the Corrective Action Plan provided by CalOptima if failure to meet the requirements of the contract. CalOptima reserves the right to pursue compliance actions in accordance with CalOptima Policy HH.2002 and HH.2005.

IV. Claims Processing and Reporting

OFFEROR or its staff shall never charge a member directly for any service hereunder nor shall OFFEROR ever accept a gratuity from a member for such services.

DHCS has established a HIPAA compliant HHP specific HCPCS code 'G9008' which is defined as "Coordinated care fee, physician coordinated care oversight services". OFFEROR agrees to comply with all DHCS claims submission timeliness requirements. OFFEROR agrees to adhere to the Provider Dispute Resolution process according to DHCS requirements and CalOptima's expectations.

OFFEROR will use the following modifiers to identify non-clinical staff services, in-person and telephonic/telehealth 'visits', and other HHP services such as case notes documentation, case conferences, and tenant supportive services.

OFFEROR will use HCPCS code with corresponding modifier for billing and reporting as follows:

HHP Service	HCPCS Code	Modifier	Units of Service (UOS)
In-Person: Provided by Non-Clinical Staff	G9008	U4	15 Minutes equals 1 UOS; Multiple UOS allowed
Phone/Telehealth: Provided by Non-Clinical Staff	G9008	U5	15 Minutes equals 1 UOS; Multiple UOS allowed
Other Health Home Services: Provided by Non-Clinical Staff, including case note documentation, case conferences and tenant supportive services	G9008	U6	15 Minutes equals 1 UOS; Multiple UOS allowed

V. Supplemental Information

CalOptima will evaluate OFFEROR based on all of the above requirements, service readiness as well as the responses to the "Supplemental Questionnaire" below. OFFEROR must respond as fully, accurately and completely as possible to each of the following questions as a part of its proposal response. OFFEROR shall respond with current state and how OFFEROR envisions meeting CalOptima's requirements.

All OFFERORs must provide information demonstrating:

A. Ability to capture, track and report the delivery of services described in Section II above.

B. Experience working with Medi-Cal members and/or similar racially, ethnically and culturally diverse populations.

C. Experience working with persons with multiple chronic conditions, SMI, and members experiencing homelessness.

D. Experience working with entities such as health networks, providers and county agencies and/or community-based organizations.

E. OFFEROR must submit their background check process for their staff for review by CalOptima.

F. Ability to hire, retain, manage and support paraprofessional or other staff with experience and knowledge of the population and processes specific to the designated service type as described below;

   a) If staff have insufficient required experience, please explain how OFFEROR would train staff to provide support services and participate in interdisciplinary care plans.

   b) Ability to provide services within two (2) business days of request.

   c) Ability to support members' need to speak in Orange County threshold languages.

G. Ability to receive, record and disseminate information about encounters with members , including services provided, findings, recommendations, referrals e.g., with member, health plan or other business partnerships involved in the care of members.

H. Confirm the ability to use tools created by CalOptima, to dedicate time for staff to train in use of these tools and to adopt internal processes (e.g., policies, desktops and reports) to track interventions, capture health outcomes, facilitate care planning and referral management.

I. Communication methods proposed to communicate with CalOptima and other contracted entities (such as health networks).

J. Current processes in place to handle urgent and emergent member grievances and coordinate resolution.

K. Experience working with Orange County Community Resources and target populations to ensure seamless access to the delivery of housing support services and to provide housing navigation services, not just referrals to housing, including:

   a) Working with individuals who are experiencing or may imminently be experiencing homelessness;
   b) Providing Individual Housing Transition Services, as described in Section II;
   c) Providing Tenancy Sustaining Services, as described in Section II;
   d) Working with Orange County housing agencies, permanent housing providers, including supportive housing providers, and other community-based organizations, Coordinated Entry process.
   e) Describe tools or standards that staff will follow to report or document the notes after services provided to each member.
   f) Describe OFFEROR's ability to be flexible with contracted entities to provide the same services with various expectations.

VI. OBJECTIVE B – Accompaniment Services

The purpose of this RFP is to solicit proposals from HHP select service providers, henceforth referred to as "OFFERORS", interested in contracting with CalOptima to provide Health Homes Program (HHP) ***accompaniment services.*** OFFEROR services shall be provided to CalOptima's Medi-Cal members enrolled in HHP program. For ease of administration, consistency and scale, CalOptima will require OFFEROR to make HHP services hereunder available to HNs, either through CalOptima's contract or a separate contract with individual HNs choosing to contract with OFFEROR for such services.

CalOptima has the option to award contracts to a single or multiple OFFEROR(s), as needed to ensure the required coverage for its members. CalOptima has the option to retain any partial services in-house.

OFFEROR services shall be available to all CalOptima HHP enrolled members assigned to CalOptima Direct and any HHP enrolled member assigned to a CalOptima delegated HNs choosing to contract with OFFEROR for such services. OFFEROR will provide such services according to contract terms and expectations outlined by each contracted entity.

OFFEROR shall work with each contracted entity as applicable to ensure seamless access to the delivery of services and utilize processes and tools required by each individual entity.

Accompaniment:

The OFFEROR of Accompaniment Service will be required to provide 'accompaniment' services to HHP members for medically necessary appointments in a timely manner (as described in the CalOptima Provider Manual, Section M6) as approved and requested by CalOptima and/or Health Networks according to the expectations outlined below:

A. Outreach to member in advance of scheduled appointment to coordinate, including to obtain appointment date and time, and to provide information on accompaniment process, what to expect at the appointment, identification of potential questions.
    a) On a case by case basis, as requested by CalOptima and/or Health Networks, discuss in advance of an appointment for special instructions.
    b) Contact member the business day prior to the appointment for reminder and confirmation of the appointment.
B. Provide same-day services to a member who needs accompaniment to an unplanned service such as urgent care or emergency department.
C. Traveling with member to an appointment or meeting member at provider office based upon member's need.
D. Attending appointment with member at clinical provider office as requested.
E. Members are expected to arrange their own transportation or request CalOptima to provide non-medical transportation to the appointment. OFFEROR is not permitted to drive member to the appointment or allow member to drive OFFEROR (staff) to the appointment.
F. CalOptima will identify HHP member for accompaniment services for specific appointment and notify OFFEROR.
G. CalOptima expects that most accompaniment will take place within Orange County.

a) CalOptima prefers OFFEROR to provide accompaniment throughout Orange County; CalOptima will accept proposals for services on a regional basis;

b) Out-of-county requests outside the ten (10) miles of Orange County may be required on a case-by-case basis.

H. OFFEROR must send to member and CalOptima, no later than 2 business days following the date of the appointment, a summary report of the discussion, questions raised, next appointment (if any) member next steps, and any referrals for follow-up by CalOptima. CalOptima and Health Network will provide standard form that OFFEROR will be required to complete.

I. OFFEROR must participate in care team meetings and implementing care plan, as requested. CalOptima and Health Network will notify OFFEROR and conduct Care team meetings outside of the member appointments.

VII. Performance Guarantee

OFFEROR commits to the performance as expected and comply with the Corrective Action Plan provided by CalOptima if failure to meet the requirements of the contract. CalOptima reserves the right to pursue compliance actions in accordance with CalOptima Policy HH.2002 and HH.2005.

VIII. Claims/Reimbursement Processing and Reporting

OFFEROR or its staff shall never charge a member directly for any service hereunder nor shall OFFEROR ever accept a gratuity from a member for such services.

DHCS has established a HIPAA compliant HHP specific HCPCS code 'G9008' which is defined as "Coordinated care fee, physician coordinated care oversight services". OFFEROR agrees to comply with all DHCS claims submission timeliness requirements. OFFEROR agrees to adhere to the Provider Dispute Resolution process according to DHCS requirements and CalOptima's expectations.

OFFEROR will use the following modifiers to identify non-clinical staff services, in-person and telephonic/telehealth 'visits', and other HHP services such as case notes documentation, case conferences, and driving to appointments.

OFFEROR will use HCPCS code with corresponding modifier for billing and reporting as follows:

HHP Service	HCPCS Code	Modifier	Units of Service (UOS)
In-Person: Provided by Non-Clinical Staff, including accompaniment	G9008	U4	15 Minutes equals 1 UOS; Multiple UO allowed
Phone/Telehealth: Provided by Non-Clini Staff	G9008	U5	15 Minutes equals 1 UOS; Multiple UO allowed
Other Health Home Services: Provided by Non-Clinical Staff, including participation in ICT, care planning and driving to appointments.	G9008	U6	15 Minutes equals 1 UOS; Multiple UO allowed

IX. Supplemental Information

CalOptima will evaluate OFFEROR based on all of the above requirements, service readiness, as well as the responses to the "Supplemental Questionnaire" below. OFFEROR must respond as fully, accurately

Back to Agenda Back to Item

and completely as possible to each of the following questions as a part of its proposal response. OFFEROR shall respond with current state and how OFFEROR envisions meeting CalOptima's requirements.

All OFFERORs must provide information demonstrating:

A. Ability to capture, track and report the delivery of services described in Section II above.

B. Experience working with Medi-Cal members and/or similar population racially, ethnically and culturally diverse populations.

C. Experience working with persons with multiple chronic conditions, Substance Use Disorders and/or Serious Mental Illness.

D. Experience working with entities such as health networks, providers and county agencies and/or community-based organizations.

E. OFFEROR must submit their background check process for their staff for review by CalOptima.

F. Ability to hire, retain, manage and support paraprofessional or other staff with experience and knowledge of the population and processes specific to the designated service type as described below;

   a) If staff have insufficient required experience, please explain how OFFEROR would train staff to provide support services and participate in interdisciplinary care plans.

   b) Ability to provide services within two (2) business days of request.

   c) Ability to support members' need to speak in Orange County threshold languages.

G. Ability to receive, record and disseminate information about encounters with members, including services provided, findings, recommendations, referrals e.g., with member, health plan or other business partnerships involved in the care of members.

H. Confirm the ability to use tools created by CalOptima, to dedicate time for staff to train in use of these tools and to adopt internal processes (e.g., policies, desktops and reports) to track interventions, capture health outcomes, facilitate care planning and referral management.

I. Communication methods proposed to communicate with CalOptima and other contracted entities (such as health networks).

J. Current processes in place to handle urgent and emergent member grievances and coordinate resolutions.

K. Experience in providing accompaniment to appointments or direct face-to-face services to members related to physical health, mental health and/or social determinants of health services.

L. OFFEROR's process/ability to assign the designated staff to accompany the same member to future appointments.

M. How OFFEROR selects staff to accompany member (e.g., geographical, language/culture, type appointment) and, if applicable, how processes will be modified for HHP.

N. How staff currently prepares for an appointment/face-to-face session and what information may be needed from CalOptima.

O. Tools or standards staff will follow to report or document the notes after accompaniment event.

P. Describe OFFEROR's ability to be flexible with contracted entities to provide the same services with various expectations from contracted entities.

RFP Attachment 1: Mandatory Offeror Acknowledgement

ACKNOWLEDGEMENT

In signing this Proposal, Offeror acknowledges receipt of the RFP 19-021A and the following addenda, if any (expand list as necessary):

Addendum no. _____ , Received on: _____

Addendum no. _____ , Received on: _____

Addendum no. _____ , Received on: _____

I acknowledge receipt of RFP 19-021A and addenda cited.

I hereby certify on behalf of _____ that the contents of this Proposal are, to the best of my ability, completely in compliance with all requirements of the RFP 19-021A and the terms and conditions of the contract, without exceptions, other than those expressly listed and explained in this Proposal. This Proposal is an irrevocable offer, which shall remain in full force and effect for 150 calendar days after the Proposal due date.

RFP Attachment 3: Offeror Eligibility Certification

OFFEROR ELIGIBILITY CERTIFICATION

Offeror certifies, to the best of its knowledge and belief, that that offeror and/or any of its Principals:

A. Are ☐, are not ☐ presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contract by any Federal agency or from participating in any Federal healthcare programs;

B. Have ☐, have not ☐, within a ten (10)-year period preceding this offer, been convicted of or had a civil judgement rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

C. Are ☐, are not ☐ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in Section (B); and

D. Have ☐, have not ☐, within a ten (10)-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds $3,000 for which the liability remains unsatisfied.

For purposed of this certification, "Principal" means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g. general manager, plant manager, head of a division or business segment and similar positions).

RFP Attachment 6: Security Questionnaire

Offeror is required to certify that it (and any proposed subcontractors) comply with the following security provisions, as required in this RFP. Offeror must complete the following questionnaire and explain how you propose to meet any exceptions.

1. Information Security Program, Policy & Procedures

    a. Do you have documented information security policies and procedures? If so, list the titles of each policy.

    b. Does your security policy meet HIPAA requirements? Has it been audited by external auditor, and if so, when was it last audited?

    c. Do you have a formal information classification procedure? Describe in particular, how would patient data be categorized?

2. Personnel Security

    a. Has your organization formally appointed a central point of contact for security coordination, e.g. a designated information security officer and/or privacy officer? If so, whom, and what is their position within the organization?

    b. Does your organization perform background checks to examine and access an employees' or contractor's work and criminal history?

    c. Do you work with third parties, such as IT service providers that have access to or store your sensitive information?

    d. In the event of a security incident with one of your third-party vendors, what is the policy for alert notifications, timeline for resolution, etc? If such a process exists, provide the document as part of your response as Proposal Exhibit: Third-party Security Event Notices

3. Network Security

    a. Provide a diagram of your firms network configuration. Has your IT vendor provided information regarding how your sensitive information systems are protected?

    b. Are systems and networks that host, process and or transfer sensitive information "protected" (isolated or separated) from other systems and/or networks?

    c. Are internal and external networks separated by firewalls with access policies and rules?

    d. Is there a standard approach for protecting network devices to prevent unauthorized access/network related attacks and data-theft?

    e. Is sensitive information transferred to external recipients? If so, what controls are in place to protect sensitive information when transferred (e.g. with encryption?)

    f. How does your firm manage vulnerabilities and threats? How often are Vulnerability Assessments performed?

g. What is the remediation process for vulnerabilities that are discovered?

h. Are third party connections to your network monitored and reviewed to confirm authorized access and appropriate usage? How often does your firm attest third party network connectivity?

i. What network security tools do you have in place? (i.e., DLP, IPS/IDS, Advanced Malware Detection, Web Content Filtering, etc.).

j. Describe your methodology for tuning your security tools (i.e., DLP, IPS, Advanced Malware Detection, Web Content Filtering, etc.) How do you ensure your security tools are effective and up to date?

k. Does your firm conduct annual internal and external penetration tests by a 3rd party?

4. Logical Access

a. Do you have a formal access authorization process based on "least privilege" (employees are granted the least amount of access possible in order to perform their assigned duties) and need to know (access permissions are granted based upon the legitimate business need of the user to access the information)?

b. How are systems and applications configured to allow access only to authorized individuals?

c. Is there a list maintained of authorized users with access (administrative access) to operating systems?

d. Does your firms system support mobile devices? If so, describe in detail how your firm can control mobile device access.

e. Is sensitive information (e.g. social security numbers) masked or removed from, or encrypted within, documents and or websites before it is distributed?

f. Is software installation restricted for desktops, laptops and servers? What type of system hardening does your firm perform?

g. Is access to source application code restricted? If so, how? Is a list of authorized user maintained? How does your firm protect its source code?

h. Are user IDs for your system uniquely identifiable?

i. Do you have a process to review user accounts and related access? How does your firm do user attestation?

5. Operations Management

a. Has antivirus software been deployed and installed on your computers and supporting systems (e.g., desktops, servers and gateways?)

b. Are systems and networks monitored for security events? If so, describe monitoring in detail.

c. Do procedures exist to protect documents, computer media (e.g., tapes, disks, CD-ROMs, etc.) from unauthorized disclosure, modification, removal, and destruction? Is sensitive data encrypted when stored on laptop, desktop and server hard drives, flash drives, backup tapes, etc.?

d. Does your firm send backup tapes to an offsite vendor? If so, name the vendor.

e. Are there security procedures for the decommissioning (replacement) of IT equipment and IT storage devices which contain or process sensitive information? If so, please describe.

f. Are development, test and production environments separated from operational IT environments to protect production (actively used) applications from inadvertent changes or disruption?

g. Are duties separated, where appropriate, to reduce the opportunity for unauthorized modification, unintentional modification or misuse of the organization's IT assets?

h. Do formal change management procedures exist for networks, systems, desktops, software releases, deployments, and software vulnerability (e.g., Virus or Spyware) patching activities?

6. Incident Management and Investigations

a. Is a formalized and documented process in place for incidents and investigations?

b. How do you identify, respond to and mitigate suspected or known security incidents?

c. During the investigation of a security incident, is evidence properly collected and maintained?

d. Are incidents identified, investigated, and reported according to applicable legal requirements?

e. How are incidents escalated and communicated?

RFP Attachment 7: Campaign Contribution Disclosure

CALOPTIMA LEVINE ACT DISCLOSURE STATEMENT

California Government Code section 84308, commonly referred to as the "Levine Act," precludes an Officer of a local government agency from participating in the award of a contract if he or she receives any political contributions totaling more than $250 in the 12 months preceding the pendency of the contract award, and for three months following the final decision, from the person or company awarded the contract. This prohibition applies to contributions to the Officer, or received by the Officer on behalf of any other Officer, or on behalf of any candidate for office or on behalf of any committee. The Levine Act also requires disclosure of such contributions by a party to be awarded a specified contract. Please refer to Attachment A to this Statement for the complete statutory language.

Current members of the CalOptima Board of Directors are:

Ria Berger	Ron DiLuigi	Andrew Do	Dr. Nikan Khatibi
Alexander Nguyen, M.D.	Lee Penrose	Richard Sanchez	J. Scott Schoeffel
Michelle Steel	Paul Yost, M.D.	Doug Chaffee (Alternate)	

1. Have you or your company, or any agent on behalf of you or your company, made any political contributions of more than $250 to any CalOptima Director(s) in the 12 months preceding the date of the issuance of this request for proposal or request for qualifications?

___ YES ___ NO

If yes, please identify the Director(s):

2. Do you or your company, or any agency on behalf of you or your company, anticipate or plan to make any political contributions of more than $250 to any CalOptima Director(s) between the date of issuance of this request for proposals and the award of the contract, or in the three months following the award of the contract?

___ YES ___ NO

If yes, please identify the Director(s):

Answering yes to either of the two questions above does not preclude CalOptima from awarding a contract to your firm. It does, however, preclude the identified Director(s) from participating in the contract award process for this contract.

CALOPTIMA LEVINE ACT DISCLOSURE STATEMENT
Attachment A

California Government Code Section 84308

(a) The definitions set forth in this subdivision shall govern the interpretation of this section.

(1) "Party" means any person who files an application for, or is the subject of, a proceeding involving a license, permit, or other entitlement for use.

(2) "Participant" means any person who is not a party but who actively supports or opposes a particular decision in a proceeding involving a license, permit, or other entitlement for use and who has a financial interest in the decision, as described in Article 1 (commencing with Section 87100) of Chapter 7. A person actively supports or opposes a particular decision in a proceeding if he or she lobbies in person the officers or employees of the agency, testifies in person before the agency, or otherwise acts to influence officers of the agency.

(3) "Agency" means an agency as defined in Section 82003 except that it does not include the courts or any agency in the judicial branch of government, local governmental agencies whose members are directly elected by the voters, the Legislature, the Board of Equalization, or constitutional officers. However, this section applies to any person who is a member of an exempted agency but is acting as a voting member of another agency.

(4) "Officer" means any elected or appointed officer of an agency, any alternate to an elected or appointed officer of an agency, and any candidate for elective office in an agency.

(5) "License, permit, or other entitlement for use" means all business, professional, trade and land use licenses and permits and all other entitlements for use, including all entitlements for land use, all contracts (other than competitively bid, labor, or personal employment contracts), and all franchises.

(6) "Contribution" includes contributions to candidates and committees in federal, state, or local elections.

(b) No officer of an agency shall accept, solicit, or direct a contribution of more than two hundred fifty dollars ($250) from any party, or his or her agent, or from any participant, or his or her agent, while a proceeding involving a license, permit, or other entitlement for use is pending before the agency and for three months following the date a final decision is rendered in the proceeding if the officer knows or has reason to know that the participant has a financial interest, as that term is used in Article 1 (commencing with Section 87100) of Chapter 7. This prohibition shall apply regardless of whether the

officer accepts, solicits, or directs the contribution for himself or herself, or on behalf of any other officer, or on behalf of any candidate for office or on behalf of any committee.

(c) Prior to rendering any decision in a proceeding involving a license, permit or other entitlement for use pending before an agency, each officer of the agency who received a contribution within the preceding 12 months in an amount of more than two hundred fifty dollars ($250) from a party or from any participant shall disclose that fact on the record of the proceeding. No officer of an agency shall make, participate in making, or in any way attempt to use his or her official position to influence the decision in a proceeding involving a license, permit, or other entitlement for use pending before the agency if the officer has willfully or knowingly received a contribution in an amount of more than two hundred fifty dollars ($250) within the preceding 12 months from a party or his or her agent, or from any participant, or his or her agent if the officer knows or has reason to know that the participant has a financial interest in the decision, as that term is described with respect to public officials in Article 1 (commencing with Section 87100) of Chapter 7.

If an officer receives a contribution which would otherwise require disqualification under this section, returns the contribution within 30 days from the time he or she knows, or should have known, about the contribution and the proceeding involving a license, permit, or other entitlement for use, he or she shall be permitted to participate in the proceeding.

(d) A party to a proceeding before an agency involving a license, permit, or other entitlement for use shall disclose on the record of the proceeding any contribution in an amount of more than two hundred fifty dollars ($250) made within the preceding 12 months by the party, or his or her agent, to any officer of the agency. No party, or his or her agent, to a proceeding involving a license, permit, or other entitlement for use pending before any agency and no participant, or his or her agent, in the proceeding shall make a contribution of more than two hundred fifty dollars ($250) to any officer of that agency during the proceeding and for three months following the date a final decision is rendered by the agency in the proceeding. When a closed corporation is a party to, or a participant in, a proceeding involving a license, permit, or other entitlement for use pending before an agency, the majority shareholder is subject to the disclosure and prohibition requirements specified in subdivisions (b), (c), and this subdivision.

(e) Nothing in this section shall be construed to imply that any contribution subject to being reported under this title shall not be so reported.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 7, 2018
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

10. Consider Authorizing and Directing the Chairman of the Board of Directors to Execute an Amendment to the Primary Agreement with the California Department of Health Care Services (DHCS) Related to the Health Homes Program

Contact

Silver Ho, Executive Director, Compliance, (714) 246-8400
Greg Hamblin, Chief Financial Officer, (714) 246-8400

Recommended Action

Authorize and direct the Chairman of the Board of Directors (Board) to execute an Amendment to the Primary Agreement between DHCS and CalOptima related to incorporation of language related to the Health Homes Program (HHP).

Background

As a County Organized Health System (COHS), CalOptima contracts with DHCS to provide health care services to Medi-Cal beneficiaries in Orange County. In January 2009, CalOptima entered into a new five (5) year agreement with DHCS. Amendments to this agreement are summarized in the attached appendix, including Amendment 31, which extends the agreement through December 31, 2020. The agreement contains, among other terms and conditions, the payment rates CalOptima receives from DHCS to provide health care services.

Discussion

On October 2, 2017, DHCS submitted an amendment to the Centers for Medicare & Medicaid Services (CMS) for approval that will incorporate language regarding the Health Homes Program (HHP) into managed care plan (MCP) contracts, including CalOptima's.

The Medicaid Health Home State Plan Option, authorized under Section 2703 of the Patient Protection and Affordable Care Act (ACA), allowed states to create Medicaid health homes to provide supplemental services that coordinate the full range of physical health, behavioral health, and community-based long term services and supports (LTSS) needed by members with chronic conditions. Among other goals, the HHP was designed with particular attention paid to its ability to produce positive health outcomes for individuals experiencing homelessness. Specifically, the HHP provides six core services:

- Comprehensive care management;
- Care coordination;
- Health promotion;
- Comprehensive transitional care;
- Individual and family support; and

- Referral to community and social support services, including housing.

Effective July 1, 2019, CalOptima will begin providing HHP services to members with eligible chronic physical conditions and substance use disorder (SUD); effective January 1, 2020, CalOptima will begin providing HHP services for members with Severe Mental Illness (SMI).

Once CMS concludes its review of DHCS' proposed amendment, DHCS will provide the amendment to CalOptima for prompt signature and return. If the amendment is not consistent with staff's understanding as presented in this document or if it includes significant unexpected language changes, staff will return to the Board of Directors for consideration and/or ratification of staff action.

DHCS has advised that once the contract amendment and applicable APLs are finalized, it will require MCPs to submit readiness deliverables related to the amendment. DHCS' requested deliverables may include Policies and Procedures (P&Ps) designed to demonstrate compliance with requirements included in the amendment. To the extent that CalOptima staff must provide information to DHCS to meet certain deliverables, including the revision or creation of P&Ps that would ordinarily come to the Board of Directors for approval, staff will return to the Board of Directors at a later date for further consideration and/or ratification of staff action.

Following is a general summary of the major changes to expected be addressed in the final contract amendment:

	Requirement
HHP Compliance	Implement the HHP, as directed by DHCS, and in accordance with all State and federal requirements related to HHP and DHCS APLs.
Provider Network	Maintain an adequate network of CB–CMEs to serve HHP members including providers with experience working with people who are chronically homeless. Establish contractual relationships with organizations to provide HHP services including individual housing transition services and individual housing and tenancy sustaining services. Amend the current MOU with the Orange County Health Care Agency to incorporate HHP requirements.
Provider Relations	Ensure that staff providing HHP services complete required training as determined by DHCS and participate in DHCS–operated learning collaboratives.
Eligibility and Enrollment	Enrollment in HHP based on HHP eligibility criteria, as defined by DHCS.

	Requirement
HHP Member Services	Includes CB–CME selection, and HHP–specific member information and provider directory requirements.
HHP Covered Services	Includes the provision and coordination of HHP services informed by evidence–based clinical practice guidelines.
Information Sharing	Develop and maintain a method to track and share HHP member information between CB–CMEs, CalOptima, and other providers, as warranted.
Quality Improvement System	Include HHP–specific elements in current Quality Improvement system processes and conduct oversight and regular auditing and monitoring of HHP care management requirements.
Payment	CalOptima shall receive an additional monthly payment for each HHP member who receives HHP services.
Required Reports for the HHP	Submission of reports for HHP in a form and manner specified by DHCS.

The final contract amendment is also expected to contain revisions to Plan rates related to the HHP. On April 2, 2018, DHCS provided draft rates applicable for the first two years of the program. Highlights regarding these rates includes the following:

- Updates to the wage inflation factor, existing care coordination (ECC), and partial dual adjustment.
- Build-up of the lower bound HHP services per-member-per-month (PMPM) for chronic conditions (CC) and SMI enrollees, highlights the salary and caseload assumptions by HHP staff member, along with tier mix assumptions and the provider overhead cost. Rates are displayed in six month increments for the first 30 months of the program.
- Build-up of the lower bound engagement period costs for each member on the Targeted Engagement List (TEL), wage and service time assumptions by HHP staff member, and the assumed average number of months of engagement required for each TEL member.
- Combines information from steps 1 and 2 outlined above to produce the statewide lower bound HHP PMPM for the CC only and SMI populations.
- Application of the county-specific wage index, rural area, and wage inflation factors to the statewide rates. Plan-specific existing ECC PMPM and Partial Dual carve–outs are applied to create lower bound non–full dual rates with lower bound full–dual rates created by carving out the ECC and CCM/BHI PMPMs.
- Blending of CC only and SMI rates based on projected HHP enrollment to produce SFY rates.

Fiscal Impact

The recommended action to execute an amendment to the primary agreement between DHCS and CalOptima to incorporate language regarding the HHP program carries significant financial risks. Based on DHCS' proposed rates, staff estimates that the total annual program costs for

HHP will be $12 million. Management has included projected expenses to implement the HHP program effective July 1, 2019, in the proposed CalOptima FY 2018-19 Operating Budget pending Board approval and will include projected revenue and expenses for the HHP program in future operating budgets. Actual utilization associated with the HHP eligible population is still relatively unknown. Therefore, CalOptima will closely monitor program expenses and continue to work closely with DHCS to ensure that Medi-Cal revenue will be sufficient to support the HHP program.

Rationale for Recommendation

The addition of the HHP contract amendment to CalOptima's Primary Agreement with DHCS is necessary to ensure compliance with the requirements of participation in the Medi-Cal program.

Concurrence

Gary Crockett, Chief Counsel

Attachment

Appendix summary of amendments to Primary Agreements with DHCS

/s/ Michael Schrader — *5/30/2018*

Authorized Signature — **Date**

APPENDIX TO AGENDA ITEM

The following is a summary of amendments to the Primary Agreement approved by the CalOptima Board of Directors (Board) to date:

Amendments to Primary Agreement	Board Approval
A-01 provided language changes related to Indian Health Services, home and community-based services, and addition of aid codes effective January 1, 2009.	October 26, 2009
A-02 provided rate changes that reflected implementation of the gross premiums tax authorized by AB 1422 (2009) for the period January 1, 2009, through June 30, 2009.	October 26, 2009
A-03 provided revised capitation rates for the period July 1, 2009, through June 30, 2010; and rate increases to reflect the gross premiums tax authorized by AB 1422 (2009) for the period July 1, 2009, through June 30, 2010.	January 7, 2010
A-04 included the necessary contract language to conform to AB X3 (2009), to eliminate nine (9) Medi-Cal optional benefits.	July 8, 2010
A-05 provided revised capitation rates for the period July 1, 2010, through June 30, 2011, including rate increases to reflect the gross premium tax authorized by AB 1422 (2009), the hospital quality assurance fee (QAF) authorized by AB 1653 (2010), and adjustments for maximum allowable cost pharmacy pricing.	November 4, 2010
A-06 provided revised capitation rates for the period July 1, 2010, through June 30, 2011, for funding for legislatively mandated rate adjustments to Long Term Care facilities effective August 1, 2010; and rate increases to reflect the gross premiums tax on the adjusted revenues for the period July 1, 2010, through June 30, 2011.	September 1, 2011
A-07 included a rate adjustment that reflected the extension of the supplemental funding to hospitals authorized in AB 1653 (2010), as well as an Intergovernmental Transfer (IGT) program for Non-Designated Public Hospitals (NDPHs) and Designated Public Hospitals (DPHs).	November 3, 2011
A-08 provided revised capitation rates for the period July 1, 2010, through June 30, 2011, for funding related to the Intergovernmental Transfer (IGT) Agreement between CalOptima and the University of California, Irvine.	March 3, 2011
A-09 included contract language and supplemental capitation rates related to the addition of the Community Based Adult Services (CBAS) benefit in managed care plans.	June 7, 2012

Back to Agenda Back to Item

A-10 included contract language and capitation rates related to the transition of Healthy Families Program (HFP) subscribers into CalOptima's Medi-Cal program	December 6, 2012
A-11 provided capitation rates related to the transition of HFP subscribers into CalOptima's Medi-Cal program.	April 4, 2013
A-12 provided capitation rates for the period July 1, 2011 to June 30, 2012.	April 4, 2013
A-13 provided capitation rates for the period July 1, 2012 to June 30, 2013	June 6, 2013
A-14 extended the Primary Agreement until December 31, 2014	June 6, 2013
A-15 included contract language related to the mandatory enrollment of seniors and persons with disabilities, requirements related to the Balanced Budget Amendment of 1997 (BBA) and Health Insurance Portability and Accountability Act (HIPAA) Omnibus Rule	October 3, 2013
A-16 provided revised capitation rates for the period July 1, 2012, through June 30, 2013 and revised capitation rates for the period January 1, 2013, through June 30, 2014 for Phases 1, 2 and 3 transition of Healthy Families Program (HFP) children to the Medi-Cal program	November 7, 2013
A-17 included contract language related to implementation of the Affordable Care Act, expansion of Medi-Cal, the integration of the managed care mental health and substance use benefits and revised capitation rates for the period July 1, 2013 through June 30, 2014.	December 5, 2013
A-18 provided revised capitation rates for the period July 1, 2013, through June 30, 2014.	June 5, 2014
A-19 extended the Primary Agreement until December 31, 2015 and included language that incorporates provisions related to **Medicare Improvements for Patients and Providers Act** (MIPPA)-compliant contracts and eligibility criteria for Dual Eligible Special Needs Plans (D-SNPs)	August 7, 2014
A-20 provided revised capitation rates for the period July 1, 2012, through June 30, 2013, for funding related to the Intergovernmental Transfer (IGT) Agreement between CalOptima and the University of California, Irvine and Optional Targeted Low-Income Child Members	September 4, 2014
A-21 provided revised 2013-2014 capitation rates.	November 7, 2013
A-22 revised capitation rates for Fiscal Year (FY) 2013-14 and added an aid code to implement Express Lane/CalFresh Eligibility	November 6, 2014
A-23 revised ACA 1202 rates for January – June 2014, established base capitation rates for FY 2014-2015, added an aid code related to the OTLIC and AIM programs, and contained language revisions related to supplemental payments for coverage of Hepatitis C medications.	December 4, 2014
A-24 revises capitation rates to include SB 239 Hospital Quality Assurance Fees for the period January 1, 2014 to June 30, 2014.	May 7, 2015
A-25 extends the contract term to December 31, 2016. DHCS is obtaining a continuation of the services identified in the original agreement.	May 7, 2015

A-26 adjusts the 2013-2014 Intergovernmental Transfer (IGT) rates.	May 7, 2015
A-27 adjusts 2013-2014 capitation rates for Optional Expansion and SB 239.	May 7, 2015
A-28 incorporates language requirements and supplemental payments for BHT into primary agreement.	October 2, 2014
A-29 added optional expansion rates for January- June 2015; also added updates to MLR language.	April 2, 2015
A-30 incorporates language regarding Provider Preventable Conditions (PPC), determination of rates, and adjustments to 2014-2015 capitation rates with respect to Intergovernmental Transfer (IGT) Rate Range and Hospital Quality Assurance Fee (QAF).	December 1, 2016
A-31 extends the Primary Agreement with DHCS to December 31, 2020.	December 1, 2016
A-32 incorporates base rates for July 2015 to June 2016 with Behavioral Health Treatment (BHT) and Hepatitis–C supplemental payments, and Partial Dual/Medi-Cal only rates, and added aid codes 4U, and 2P–2U as covered aid codes.	February 2, 2017
A-33 incorporates base rates for July 2016 to June 2017.	February 2, 2017
A-34 incorporates revised Adult Optional Expansion rates for January 2015 to June 2015. These rates were revised to include the impact of the Hospital Quality Assurance Fee (HQAF) required by Senate Bill (SB) 239.	June 1, 2017

The following is a summary of amendments to the Secondary Agreement approved by the CalOptima Board of Directors (Board) to date:

Amendments to Secondary Agreement	Board Approval
A-01 implemented rate amendments to conform to rate amendments contained in the Primary Agreement with DHCS (08-85214).	July 8, 2010
A-02 implemented rate adjustments to reflect a decrease in the statewide average cost for Sensitive Services for the rate period July 1, 2010 through June 30, 2011.	August 4, 2011
A-03 extended the term of the Secondary Agreement to December 31, 2014.	June 6, 2013
A-04 incorporates rates for the periods July 1, 2011 through June 30, 2012, and July 1, 2012 through June 30, 2013 as well as extends the current term of the Secondary Agreement to December 31, 2015	January 5, 2012 (FY 11-12 and FY 12-13 rates) May 1, 2014 (term extension)
A-05 incorporates rates for the periods July 1, 2013 through June 30, 2014, and July 1, 2014 through June 30, 2015. For the period July 1, 2014 through June 30, 2015, Amendment A-05 also adds funding for the Medi-Cal expansion population for services provided through the Secondary Agreement.	December 4, 2014

A-06 incorporates rates for the period July 1, 2015 onward. A-06 also extends the term of the Secondary Agreement to December 31, 2016.	May 7, 2015 (term extension) Ratification of rates requested April 7, 2016
A-07 extends the Secondary Agreement with the DHCS to December 31, 2020.	December 1, 2016

The following is a summary of amendments to Agreement 16-93274 approved by the CalOptima Board of Directors (Board) to date:

Amendments to Agreement 16-93274	Board Approval
A-01 extends the Agreement 16-93274 with DHCS to December 31, 2018.	August 3, 2017

The following is a summary of amendments to Agreement 17–94488 approved by the CalOptima Board of Directors (Board) to date:

Amendments to Agreement 17-94488	Board Approval
A-01 enables DHCS to fund the development of palliative care policies and procedures (P&Ps) to implement California Senate Bill (SB) 1004.	December 7, 2017

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken December 3, 2020
Regular Meeting of the CalOptima Board of Directors

Report Item

23. Consider Adoption of Resolution Approving Revised CalOptima 2021 Compliance Plan and Authorizing the Chief Executive Officer to Approve Revised Office of Compliance Policies and Procedures.

Contacts

Richard Sanchez, Chief Executive Officer, (657) 900-1481
Silver Ho, Compliance Officer, (657) 235-6997

Recommended Actions

1. Adopt Resolution No. 20-1203-03, Approving Revised CalOptima 2021 Compliance Plan; and
2. Authorize the Chief Executive Officer to Approve Revised Office of Compliance Policies and Procedures.

Background

CalOptima is committed to conducting its operations in compliance with ethical standards and all applicable laws, regulations, and rules, including those pertaining to its Federal and State health care program requirements. As part of that commitment, on December 5, 2019, the CalOptima Board of Directors reviewed and approved the updated Compliance Plan, which includes the Code of Conduct, and the Fraud, Waste, and Abuse (FWA) Plan. The Compliance Plan comprehensively addresses the fundamental elements necessary for an effective Compliance Program, including those elements identified by the Office of Inspector General (OIG) of the Department of Health and Human Services (DHHS) and the Centers for Medicare & Medicaid Services (CMS).

Discussion

CalOptima regularly reviews the Compliance Plan to ensure it is up-to-date and aligned with Federal and State health care program requirements and laws as well as CalOptima operations. CalOptima's Executive Director of Compliance (Compliance Officer) has reviewed the Compliance Plan and Office of Compliance Policies and Procedures to ensure consistency with applicable Federal and State health care program laws, regulations, and guidance.

Compliance Program Elements

Federal laws and regulations (including the federal U.S. Sentencing Guidelines, and CMS Medicare Advantage regulations) and the OIG compliance guidance require that Compliance Programs be reasonably designed, implemented, and enforced, to ensure the Compliance Program is effective in preventing and detecting violations of standards or law. CalOptima's Compliance Program addresses each of the seven (7) fundamental elements of an effective Compliance Program, in addition to FWA detection, prevention, and remediation.

Written Standards

As part of the Compliance Program, CalOptima develops, maintains, and distributes to its Board Members, Employees, and First Tier, Downstream or Related Entities (FDRs) written standards in the form of the Compliance Plan, a Code of Conduct, and written Policies and Procedures, as further

Back to Agenda

detailed in the Compliance Plan. The Compliance Plan incorporates all the elements of an effective Compliance Program as recommended by the OIG and required by CMS regulations. The Compliance Plan also incorporates a comprehensive FWA section, which establishes guidelines and procedures designed to detect, prevent, and remediate FWA in CalOptima Programs.

Oversight
The CalOptima Board of Directors (the "Board"), the governing body of CalOptima, is responsible for ensuring and overseeing the implementation, effectiveness, and continued operation of the Compliance Program. The Board delegates to the CEO, who then delegates to the Compliance Officer, a CalOptima Employee, the administration of the Compliance Program's development, maintenance, implementation, monitoring, and enforcement activities. The Compliance Officer, in conjunction with the Compliance Committee, are both accountable for the oversight and reporting roles and responsibilities as set forth in the Compliance Plan. The Audit & Oversight Committee (AOC), a subcommittee of the Compliance Committee, is responsible for overseeing the internal business and delegated activities.

Training and Education
Utilizing web-based training courses, as well as distribution of guidelines and publications, the Compliance Program incorporates training and educational courses governing CalOptima's compliance standards and requirements, as well as specialized educational courses assigned to individuals based on their respective roles, or positions, within, or with, CalOptima's departments and its programs. CalOptima Board Members, Employees, and FDRs receive copies of CalOptima's Code of Conduct and are required to complete comprehensive training covering compliance obligations and applicable laws, FWA (where applicable), and Health Insurance Portability and Accountability Act (HIPAA) privacy and security requirements, upon appointment, hire, or commencement of a contract, as applicable, and annually thereafter.

Effective Lines of Communication and Reporting
CalOptima utilizes various methods to communicate general information, regulatory updates, and process changes from the Compliance Officer to CalOptima Board Members, Employees, FDRs, and members, including, but not limited to, presentations at meetings and updates in print and/or electronic form, including information on how to identify, report, and prevent compliance issues and FWA. CalOptima Board Members, Employees, FDRs, and/or Members receive information and reminders to report compliance concerns, questionable conduct or practices, and suspected, or actual, non-compliance issues, or FWA incidents, through one of CalOptima's multiple reporting mechanisms. These reporting options, which are outlined in greater detail below, provide for anonymity and confidentiality (to the extent permitted by applicable law and circumstances). CalOptima maintains and supports a no retaliation policy governing good-faith reports of suspected, or actual, non-compliance and/or FWA.

Enforcement and Disciplinary Standards
Board Members, Employees, and FDRs are subject to appropriate disciplinary and/or corrective actions for non-compliance with CalOptima's standards, requirements, or applicable laws as specified in the Compliance Program documents and related Policies and Procedures, including, but not limited to, CalOptima's policies on Performance and Behavior Standards, Corrective Action Plans, and/or Sanctions. Consistent, timely, and effective enforcement of CalOptima's standards are implemented

when non-compliance, or unethical behavior, is determined, and appropriate disciplinary action is implemented to address improper conduct, activity, and/or behavior.

Monitoring, Auditing, and Identification of Risks
CalOptima has implemented and continues to implement comprehensive monitoring and auditing activities identified through a combination of activities performed by the Audit & Oversight Department in conjunction with CalOptima contract owners, and functional business owners responsible for on-going monitoring. The purpose of CalOptima's monitoring and auditing activities is to test and confirm compliance with all applicable regulations, contractual agreements, and Federal and State laws, as well as applicable Policies and Procedures established to protect against non-compliance and potential FWA in CalOptima Programs. The Compliance Plan and related Policies and Procedures, address the monitoring and auditing processes that are carried out by CalOptima.

Response and Remediation
Once a violation, or an offense, has been detected or reported, CalOptima initiates all necessary steps to investigate, identify, and respond appropriately to the violation, or offense, and to prevent similar violations and offenses from occurring. As described in the Compliance Plan, CalOptima will conduct a timely and documented investigation, and undertake appropriate corrective actions where appropriate, including, but not limited to, modifying its Compliance Program and its Policies and Procedures to prevent the same, or similar, violation or offense, from occurring in the future.

Summary of Changes
The Compliance Plan has been updated and revised as follows:

- Clarified the composition of the Compliance Committee;
- Added language to define roles and responsibilities with respect to on-going monitoring and auditing activities;
- Revised language to clarify the Fraud, Waste, and Abuse (FWA) Department's reporting process to align with current procedures;
- Updates to formatting of defined terms; and
- Additions and updates to Glossary terms.

Policies and Procedures
To align with the revised Compliance Plan, and consistent with applicable Federal and State health care program laws, regulations and/or guidance, the Compliance Officer, with the support of the Office of Compliance staff, updated related Policies and Procedures. The summary of changes is included in Attachment 3.

Fiscal Impact
The recommended actions to approve the revised CalOptima 2021 Compliance Plan and revised Office of Compliance policies and procedures have no anticipated fiscal impact. To the extent that there is any fiscal impact due to increases in Compliance Program resources, such impact will be addressed in separate Board actions or in future operating budgets.

Back to Agenda

Rationale for Recommendation

To ensure CalOptima's continuing commitment to conducting its operations in compliance with ethical and legal standards and all applicable laws, regulations, and rules, CalOptima staff recommends that the Board approve and adopt CalOptima's updated 2021 Compliance Plan, and related Policies and Procedures. The updated 2021 Compliance Plan will supersede the prior updated Compliance Plan and Code of Conduct approved on December 5, 2019. Staff also recommends that the Board approve and adopt revised, related Policies and Procedures to implement the updated 2021 Compliance Plan.

RESOLUTION NUMBER 20-1203-03

RESOLUTION OF THE BOARD OF DIRECTORS OF ORANGE COUNTY HEALTH AUTHORITY dba CalOptima

APPROVING CALOPTIMA'S UPDATED 2021 COMPLIANCE PLAN

WHEREAS, Section 4.1 of the Bylaws of the Orange County Health Authority, dba CalOptima, provides that the Board of Directors is the governing body of CalOptima, and except as otherwise provided by the Bylaws or by Ordinance, the powers of CalOptima shall be exercised, its property controlled and its business and affairs conducted by or under the direction of the Board; and

WHEREAS, the Board of Directors has responsibility for approving, implementing, and monitoring a Compliance Program governing CalOptima's operations consistent will all applicable laws, regulations, and guidelines; and

WHEREAS, the Board of Directors supports CalOptima's commitment to compliant, lawful, and ethical conduct, and values the importance of compliance and ethics in CalOptima's operations; and

WHEREAS, the Board of Directors last reviewed and approved the Compliance Program on December 5, 2019 including the Compliance Plan, Code of Conduct, and related policies and procedures; and

WHEREAS, the Board of Directors reviews the Compliance Program documents on a periodic basis to ensure the Compliance Program is consistent with and updated to reflect applicable laws, regulations, and guidelines and to demonstrate the Board of Director's commitment to an effective Compliance Program.

NOW THEREFORE, BE IT RESOLVED:

Section 1. The Board of Directors hereby approves the 2021 Compliance Plan, including the Fraud, Waste, and Abuse Plan, and the Code of Conduct.

Section 2. The Board of Directors hereby approves and adopts the revised Office of Compliance Policies and Procedures.

Section 3. The Chief Executive Officer or his/her designee is hereby authorized and directed to implement, monitor, and enforce the Compliance Program.

Section 4. These actions are effective upon the date of adoption of this Resolution.

APPROVED AND ADOPTED by the Board of Directors of the Orange County Health Authority, dba CalOptima, this 3rd day of December 2020.

dba CalOptima

2021~~0~~ Compliance Plan

(Revised December 20~~19~~20)

Document maintained by:
Silver Ho
CalOptima Compliance Officer

TABLE OF CONTENTS

A. OVERVIEW OF THE COMPLIANCE PROGRAM

The Orange County Health Authority, dba CalOptima, is committed to conducting its operations in compliance with ethical standards, contractual obligations, and all applicable statutes, regulations, and rules, including those pertaining to Medi-Cal, Medicare, Program of All-Inclusive Care for the Elderly (PACE), Multipurpose Senior Services Program (MSSP), and other CalOptima Programs.*

CalOptima's compliance commitment encompasses its own internal operations, as well as its oversight and Monitoring responsibilities related to CalOptima's First Tier, Downstream, and Related Entities (FDRs), such as Health Networks, physician groups, Participating Providers, and Suppliers, Pharmacy Benefit Manager (PBM), and consultants. The term FDR is used in this document to refer to CalOptima's delegated subcontractors that perform administrative functions and/or provide health care services that CalOptima is required to perform and/or provide under its state and federal contracts with the Centers for Medicare & Medicaid Services (CMS) and the Department of Health Care Services (DHCS). Such persons/entities, referred to as FDR herein, include those that directly contract with CalOptima and those that are Downstream or Related Entities (i.e., subcontracts) with CalOptima's First Tier Entities.

CalOptima has developed a comprehensive Compliance Program applicable to all of CalOptima's programs, including, but not limited to, its Medi-Cal Program, its Medicare Advantage Prescription Drug Program (MA-PDP referred to as "OneCare"), its Medicare-Medicaid Plan (MMP referred to as "OneCare Connect"), PACE, and MSSP. The Compliance Program incorporates all elements of an effective Compliance Program as recommended by the Office of the Inspector General (OIG) and required by CMS regulations. The Compliance Program is continually evolving and may be modified and enhanced based on compliance Monitoring and identification of new areas of operational, regulatory, or legal risk. CalOptima requires that CalOptima Board Members, Employees, and FDRs conduct themselves in accordance with the requirements of CalOptima's Compliance Program.

B. THE COMPLIANCE PLAN

This Compliance Plan sets forth CalOptima's commitment to legal and ethical conduct by establishing compliance activities, along with CalOptima principles and standards, to efficiently Monitor adherence to all applicable laws, regulations, and guidelines. The Compliance Plan addresses the fundamental elements of an effective Compliance Program and identifies how CalOptima is implementing each of the fundamental elements of an effective Compliance Program in its operations to meet its contractual, legal, and regulatory obligations. Moreover, the Compliance Plan is designed to provide guidance and to ensure that CalOptima's operations and the practices of its Board Members, Employees, and FDRs comply with contractual requirements, ethical standards, and applicable law.

This Compliance Plan is adopted by the Governing Body. It was developed and is managed by the Executive Director of Compliance (hereinafter referred to as the "Compliance Officer") with the Compliance Committee. Due to the dynamic nature of the complex laws governing CalOptima and its programs, the Compliance Plan may be revised and updated from time to time to respond to changes in the law and/or to reflect improvements in CalOptima's operations and processes.

Board Members, Employees, and FDRs are expected to review and adhere to the requirements and standards set forth in the Compliance Plan, the Code of Conduct, and all related Policies and Procedures, as may be amended. Furthermore, Board Members, Employees, and FDRs are expected to be familiar with the contractual, legal, and regulatory requirements pertinent to their respective roles and responsibilities. If a Board Member, Employee, and/or FDR has/have any questions about the application, or implementation, of this Compliance Plan, or questions related to the Code of Conduct or CalOptima Policies and Procedures, he or she should seek guidance from the Compliance Officer and/or the CalOptima Office of Compliance.

I. WRITTEN STANDARDS

To demonstrate CalOptima's commitment to complying with all applicable federal and state standards and to ensure a shared understanding of what ethical and legal standards and requirements are expected of Board Members, Employees, and FDRs, CalOptima develops, maintains, and distributes its written standards in the form of this Compliance Plan, a separate Code of Conduct, and written Policies and Procedures.

a. Compliance Plan

As noted above, this Compliance Plan outlines how contractual and legal standards are reviewed and implemented throughout the organization and communicated to CalOptima Board Members, Employees, and FDRs. This Compliance Plan also includes a comprehensive section articulating CalOptima's commitment to preventing Fraud, Waste, & Abuse (FWA), and setting forth guidelines and procedures designed to detect, prevent, and remediate FWA in the administration of CalOptima Programs. The Compliance Plan is available on CalOptima's external website for Board Members and FDRs, as well as on CalOptima's ~~internal~~ intranet site, referred to as InfoNet, accessible to all Employees.

b. Policies and Procedures

CalOptima also developed written Policies and Procedures to address specific areas of CalOptima's operations, compliance activities, and FWA prevention, detection, and remediation to ensure CalOptima can efficiently Monitor adherence to all applicable laws, regulations, and guidelines. These Policies and Procedures are designed to provide guidance to Board Members, Employees, and FDRs concerning compliance expectations and outline processes on how to identify, report, investigate, and/or resolve suspected, detected, or reported compliance issues. Board Members, Employees, and FDRs are expected to be familiar with the Policies and Procedures pertinent to their respective roles and responsibilities, and are expected to perform their responsibilities in compliance with ethical standards, contractual obligations, and applicable law. The Compliance Officer, or his/her Designee, will ensure that Board Members, Employees, and FDRs are informed of applicable policy requirements, and that such dissemination of information is documented and retained, in accordance with applicable record retention standards.

The Policies and Procedures are reviewed annually and updated, as needed, depending on state and federal regulatory changes and/or operational improvements to address identified risk factors. Changes to CalOptima's Policies and Procedures are reviewed and approved by CalOptima's Policy Review Committee. The Policy Review Committee, comprised of executive officers and key Management staff, meets regularly to review and approve proposed changes and additions to CalOptima's Policies and Procedures. Policies and Procedures are available on CalOptima's internal website and Compliance 360 (C360), a separate web portal accessible to Board Members, Employees, and FDRs. Board Members, Employees, and FDRs receive notice when Policies and Procedures are updated via a monthly memorandum.

c. Code of Conduct

Finally, the Code of Conduct is CalOptima's foundational document detailing fundamental principles, values, and the framework for business practices within and applicable to CalOptima. The objective of the Code of Conduct is to articulate compliance expectations and broad principles that guide CalOptima Board Members, Employees, and FDRs in conducting their business activities in a professional, ethical, and lawful manner. The Code of Conduct is a separate document from the Compliance Plan and can be found in Appendix A. The Code of Conduct is approved by the CalOptima Board of Directors and distributed to Board Members, Employees, and FDRs upon appointment, hire, or the commencement of the contract, and annually thereafter. New Board Members, Employees, and FDRs are required to sign an attestation acknowledging receipt and review of the Code of Conduct within ninety (90) calendar days of the appointment, hire, or commencement of the contract, and annually thereafter.

II.OVERSIGHT

The successful implementation of the Compliance Program requires dedicated commitment and diligent oversight throughout CalOptima's operations, including, but not limited to, key roles and responsibilities by the CalOptima Board, the Compliance Officer, the Compliance Committee, the Audit & Oversight Committee, and Executive Staff.

a. Governing Body

The CalOptima Board of Directors, as the Governing Body, is responsible for approving, implementing, and Monitoring a Compliance Program governing CalOptima's operations. The CalOptima Board delegates the Compliance Program oversight and day-to-day compliance activities to the Chief Executive Officer (CEO), who then delegates such oversight and activities to the Compliance Officer. The Compliance Officer is an Employee of CalOptima, who handles compliance oversight and activities full-time. The Compliance Officer, in conjunction with the Compliance Committee, are both accountable for the oversight and reporting roles and responsibilities as set forth in this Compliance Plan. However, the CalOptima Board remains accountable for ensuring the effectiveness of the Compliance Program within CalOptima and Monitoring the status of the Compliance Program to ensure its efficient and successful implementation.

To ensure the CalOptima Board exercises reasonable oversight with respect to the implementation and effectiveness of CalOptima's Compliance Program, the CalOptima Board:

- Understands the content and operation of CalOptima's Compliance Program;
- Approves the Compliance Program, including this Compliance Plan and the Code of Conduct;
- Requires an effective information system that allows it to properly exercise its oversight role and be informed about the Compliance Program outcomes, including, but not limited to, results of internal and external Audits;
- Receives training and education upon appointment, and annually thereafter, concerning the structure and operation of the Compliance Program;
- Remains informed about governmental compliance enforcement activity, such as Notices of Non-Compliance, Corrective Action Plans, Warning Letters, and/or Sanctions;
- Receives regularly scheduled, periodic updates from CalOptima's Compliance Officer and Compliance Committee, including, but not limited to, monthly reports summarizing overall compliance activities and any changes that are recommended;
- Receives timely written notification and updates on urgent compliance issues that require engagement and action;
- Convenes formal ad hoc and closed session discussions for significant and/or sensitive compliance matters, to the extent permitted by applicable law; and
- Reviews the results of performance and effectiveness assessments of the Compliance Program.

The CalOptima Board reviews the measurable indicators of an effective Compliance Program and remains appropriately engaged in overseeing its efficient and successful implementation; however, the CalOptima Board delegates several compliance functions and activities as described in the following subsections.

b. Executive Director of Compliance (Compliance Officer)

The Executive Director of Compliance serves as the Compliance Officer who coordinates and communicates all assigned compliance activities and programs, as well as plans, implements, and Monitors the day-to-day activities of the Compliance Program. The Compliance Officer reports directly to the CEO and the Compliance Committee on the activities and status of the Compliance Program. The Compliance Officer has authority to report matters directly to the CalOptima Board at any time. Furthermore, the Compliance Officer ensures that CalOptima meets all state and federal regulatory and contractual requirements.

The Compliance Officer interacts with the CalOptima Board, CEO, CalOptima's Executive Staff and departmental Management, FDRs, legal counsel, state and federal representatives, and others as required. In addition, the Compliance Officer supervises the Office of Compliance, which includes compliance professionals with expertise and responsibilities for the following areas: Medi-Cal and Medicare Regulatory Affairs & Compliance, Special Investigations, Privacy, FDR and internal oversight, Policies and Procedures, and training on compliance activities.

The CalOptima Board delegates the following responsibilities to the Compliance Officer, and/or his/her Designee(s):

- Chair the Compliance Committee, which shall meet no less than quarterly and assists the Compliance Officer in fulfilling his/her responsibilities;
- Ensure that the Compliance Program, including this Compliance Plan and Policies and Procedures, are developed, maintained, revised, and updated, annually, or as needed, based on changes in CalOptima's needs, regulatory requirements, and applicable law and distributed to all affected Board Members, Employees, and FDRs, as appropriate;
- Oversee and Monitor the implementation of the Compliance Program, and provide regular reports no less than quarterly to the CalOptima Board and CEO summarizing all efforts, including, but not limited to, the Compliance Committee's efforts to ensure adherence to the Compliance Program, identification and resolution of suspected, detected, or reported instances of non-compliance, and CalOptima's compliance oversight and Audit activities;
- Maintain the compliance reporting mechanisms and manage inquiries and reports from CalOptima's Compliance and Ethics Hotline in accordance with specified protocols, including, but not limited to, maintenance of documentation for each report of potential non-compliance or potential FWA received from any source through any reporting method;

- Design, coordinate, and/or conduct regular internal Audits to ensure the Compliance Program is properly implemented and followed, in addition to verifying all appropriate financial and administrative controls are in place;
- Develop and implement an annual schedule of Compliance Program activities for each of CalOptima's programs, and regularly report CalOptima's progress in implementing those plans to the appropriate Board committee and/or to the Board of Directors;
- Serve as a liaison between CalOptima and all applicable state and federal agencies for non-compliance and/or FWA issues, including facilitating any documentation or procedural requests by such agency(s);
- Oversee and Monitor all compliance investigations, including investigations performed by CalOptima's regulators (e.g., DHCS and CMS) and consult with legal counsel, as necessary;
- Create and coordinate educational training programs and initiatives to ensure that the CalOptima Board, Employees, and FDRs are knowledgeable about CalOptima's Compliance Program, including the Code of Conduct, Policies and Procedures, and all current and emerging applicable statutory and regulatory requirements;
- Timely initiate, investigate, and complete risk assessments and related activities, and direct and implement appropriate Corrective Action Plans, Sanctions, and/or other remediation, including, but not limited to, collaboration with the Human Resources Department to ensure consistent, timely, and effective disciplinary standards are followed; and
- Coordinate with CalOptima departments and FDRs to ensure Exclusion and Preclusion screening (including through the OIG List of Excluded Individuals and Entities (LEIE), General Services Administration (GSA) System for Award Management (SAM), Medi-Cal Suspended & Ineligible (S&I) Provider List, and the CMS Preclusion List) has been conducted and acted upon, as appropriate, in accordance with regulatory and contractual requirements.

c. Compliance Committee

The Compliance Committee, chaired by the Compliance Officer, is composed of CalOptima's Executive Staff ~~and operational staff~~, as designated by the CEO. The members of the Compliance Committee serve at the discretion of the CEO and may be removed, or added, at any time. The role of the Compliance Committee is to implement and oversee the Compliance Program and to participate in carrying out the provisions of this Compliance Plan. The Compliance Committee meets at least on a quarterly basis, or more frequently as necessary, to enable reasonable oversight of the Compliance Program.

The CalOptima Board delegates the following responsibilities to the Compliance Committee:

- Maintain and update the Code of Conduct consistent with regulatory requirements and/or operational changes, subject to the ultimate approval by the CalOptima Board;
- Maintain written notes, records, correspondence, or minutes (as appropriate) of Compliance Committee meetings reflecting reports made to the Compliance Committee and the Compliance Committee's decisions on the issues raised (subject to all applicable privileges);

- Review and Monitor the effectiveness of the Compliance Program, including Monitoring key performance reports and metrics, evaluating business and administrative operations, and overseeing the creation, implementation, and development of corrective and preventive action(s) to ensure they are prompt and effective;
- Analyze applicable federal and state program requirements, including contractual, legal, and regulatory requirements, along with areas of risk, and coordinate with the Compliance Officer to ensure the adequacy of the Compliance Program;
- Review, approve, and/or update Policies and Procedures to ensure the successful implementation and effectiveness of the Compliance Program consistent with regulatory, legal, and contractual requirements;
- Recommend and Monitor the development of internal systems and controls to implement CalOptima's standards and Policies and Procedures as part of its daily operations;
- Determine the appropriate strategy and/or approach to promote compliance and detect potential violations and advise the Compliance Officer accordingly;
- Develop and maintain a reporting system to solicit, evaluate, and respond to complaints and problems;
- Review and address reports of Monitoring and Auditing of areas in which CalOptima is at risk of program non-compliance and/or potential FWA, and ensure CAPs and ICAPs are implemented and Monitored for effectiveness;
- Suggest and implement all appropriate and necessary actions to ensure that CalOptima and its FDRs conduct activities and operations in compliance with the applicable laws and regulations and sound business ethics; and
- Provide regular and ad-hoc status reports of compliance with recommendations to the CalOptima Board of Directors.

d. Audit & Oversight Committee (AOC)

The Audit & Oversight Committee (AOC) is a subcommittee of the Compliance Committee and is co-led by the Director(s) of Audit & Oversight. The AOC is responsible for overseeing the delegated and internal activities of CalOptima. The Compliance Committee has final approval authority for any delegated and internal activities. Committee members include representatives from CalOptima's departments as provided for in CalOptima Policy HH.4001Δ: Audit & Oversight Committee. In addition to the monthly scheduled meetings, the AOC may conduct ad hoc meetings either in-person or via teleconference, as needed. All materials requiring action by the AOC are approved by the majority of a quorum of the AOC. A quorum is defined as one (1) over fifty percent (50%). AOC may approve and/or implement Corrective Action Plans (CAPs); however, recommendations for FDR Sanctions and/or de-Delegation are submitted to the Compliance Committee for final approval. The AOC also contributes to external reviews and accreditation Audits, such as the National Committee for Quality Assurance (NCQA).

Responsibilities of the Audit & Oversight Committee with regard to FDRs include:

- Annual review, revision, and approval of the Audit tools;
- Review findings of the Readiness Assessment to evaluate a potential FDR's ability to perform the delegated function(s);
- Review and approve potential FDR entities for Delegation of functions;
- Ensure written agreements with each delegated FDR clearly define and describe the delegated activities, responsibilities, and reporting requirements of all parties consistent with applicable laws, regulations, and contractual obligations;
- Conduct formal, ongoing evaluation and Monitoring of FDR performance and compliance through review of periodic reports submitted, complaints/grievances filed, and findings of the annual onsite Audit;
- Ensure all Downstream and Related Entities are Monitored in accordance with CalOptima oversight procedures;
- Ensure that formal risk assessment is conducted on an annual basis, and update as needed, on an ongoing basis;
- Initiate and manage Corrective Action Plans (CAPs) for compliance issues;
- Propose Sanctions, subject to the Compliance Committee's approval, if an FDR's performance is substandard and/or violates the terms of the applicable agreement; and
- Review and initiate recommendations, such as termination of Delegation, to the Compliance Committee for unresolved issues of compliance.

Responsibilities of the Audit & Oversight Committee regarding internal business functions include:

- Annual review, revision, and approval of the Audit work plan and Audit tools;
- Conduct formal, ongoing evaluation and Monitoring of internal business areas' performance and compliance through review of periodic reports submitted, ongoing Monitoring, and findings of the annual Audit;
- Conduct formal risk assessment on an annual basis, and update as needed, on an ongoing basis; and
- Initiate and manage Corrective Action Plans (CAPs) for compliance issues.
- Initiate and manage other disciplinary actions (e.g., Sanctions, de-delegation) for compliance issues.

e. Executive Staff

The CEO and Executive Staff of CalOptima shall:

- Ensure that the Compliance Officer is integrated into the organization and is given the credibility, authority, and resources necessary to operate a robust and effective Compliance Program;
- Receive periodic reports from the Compliance Officer of risk areas facing the organization, the strategies being implemented to address them and the results of those strategies; and
- Be advised of all governmental compliance and enforcement findings and activity, including

Audit findings, Notices of Non-Compliance, and formal enforcement actions, and participate in corrective actions and responses, as appropriate.

III.TRAINING

Education and training are critical elements of the Compliance Program. CalOptima requires that all Board Members, Employees, and FDRs complete training upon appointment, hire, or commencement of contract, as applicable, and on an annual basis thereafter. Required courses cover CalOptima's Code of Conduct, compliance obligations, relevant laws, and FWA, as applicable. Specialized education courses are assigned to individuals based on their respective roles or positions within or with CalOptima's departments and its programs, which may include, but is not limited to, the fundamentals of managing Seniors and People with Disabilities (SPD) and cultural competency.

CalOptima utilizes state of the art web-based training courses that emphasize CalOptima's commitment to the Compliance Program, and which courses are updated regularly to ensure that Employees are kept fully informed about any changes in procedures, regulations, and requirements. Training may be conducted using new technology resources if materials meet the needs of the organization. The Compliance Officer, or his/her Designee, is responsible for coordinating compliance education and training programs, and ensuring that records evidencing an individual's/FDR's completion of the training requirements are documented and maintained, such as sign-in sheets, attestations, or electronic certifications, as required by law. The Compliance Officer and the CalOptima Executive Staff and Management are responsible for ensuring that Board Members, Employees, and FDRs complete training on an annual basis.

a. Code of Conduct

CalOptima's training program includes the distribution of CalOptima's Code of Conduct to Board Members, Employees, and FDRs. Board Members, Employees, and FDRs are required to sign an attestation acknowledging receipt, review, and understanding of the Code of Conduct within ninety (90) calendar days of their appointment, date of hire, or commencement of the contract, and annually thereafter. Completion and attestation of such review of the Code of Conduct is a condition of continued appointment, employment, or contract services. Signed attestations are maintained in each individual's personnel file, as required by law.

b. Mandatory Training Courses (Compliance Oversight, FWA, and HIPAA)

CalOptima requires Board Members, Employees, and FDRs, regardless of role or position with CalOptima, to complete mandatory compliance training courses. Mandatory courses may include, but are not limited to: the fundamentals of the Compliance Program; FWA training; Health Insurance Portability and Accountability Act of 1996 (HIPAA) privacy and security requirements; ethics; and a high-level overview of the Medicare and Medi-Cal Programs. Detailed information about state and federal false claims acts and whistleblower protections as provided in CalOptima Policy HH.5004Δ: False Claims Act Education shall be included in the mandatory courses. CalOptima's training courses cover CalOptima's commitment to compliance with federal and state laws and regulations, contractual obligations, internal policies, and ethics. Elements of the

Compliance Program are highlighted, including, but not limited to, an emphasis on CalOptima's requirement to and different means to report suspected or actual non-compliance, violations, and/or FWA issues, along with CalOptima's policy on confidentiality, anonymity, and non-retaliation for such reporting. CalOptima's HIPAA privacy and security training course covers the administrative, technical, and physical safeguards necessary to secure Members' Protected Health Information (PHI) and Personally Identifiable Information (PII).

Employees must complete the required compliance training courses within ninety (90) calendar days of hire, and annually thereafter. Adherence to the Compliance Program requirements, including training requirements, shall be a condition of continued employment and a factor in the annual performance evaluation of each Employee. Board Members and FDRs are required to complete the required compliance training courses within ninety (90) calendar days of appointment or commencement of the contract, as applicable, and annually thereafter. Some FDRs may be exempt or deemed to have met the FWA training and education requirement if the FDR has met the CMS requirements, the applicable certification requirements and attests to complying with the standards, or through enrollment into the Medicare program, or accreditation as a Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS). Completion of the training courses are documented electronically, and records of completion are maintained for each individual as required by law.

c. Additional Training

The Office of Compliance may provide additional training opportunities throughout the year focused on essential elements of the Compliance Program. These training opportunities are available to Managers and Employees depending on their respective roles or positions within or with CalOptima's departments and its programs and their involvement in CalOptima's oversight responsibilities. For these training courses, information is presented in a "train the trainer" format, providing Managers the tools and resources to train and share the information with Employees in their respective departments. If additional training related to FWA is required, the Compliance Officer, or his/her Designee, will develop relevant materials.

Employees have access through CalOptima's ~~internal~~ intranet website (referred to as the "InfoNet") to CalOptima's Policies and Procedures governing the Compliance Program and pertinent to their respective roles and responsibilities. Employees may receive such additional compliance training as is reasonable and necessary based on changes in job descriptions/duties, promotions, and/or the scope of their job functions.

Board Members receive a copy of the Compliance Plan, Code of Conduct, and Policies and Procedures pertinent to their appointment as part of orientation within ninety (90) calendar days of their appointment to the CalOptima Board. Board Members may receive additional compliance training related to the CalOptima Board's role in overseeing and ensuring organizational compliance with CalOptima's Compliance Program.

The Code of Conduct and Policies and Procedures pertinent to their engagement with CalOptima, if directly engaged by CalOptima, are made available to FDRs upon commencement of the FDR contract. FDRs are required to disseminate copies of the Code of Conduct and Policies and Procedures to their Employees, agents, and/or Downstream Entities. CalOptima may also develop compliance training and education presentations and/or roundtables for specified FDRs.

IV. LINES OF COMMUNICATION AND REPORTING

a. General Compliance Communication

CalOptima regularly communicates the requirements of the Compliance Program and the importance of performing individual roles and responsibilities in compliance with applicable laws, contractual obligations, and ethical standards. CalOptima utilizes various methods and forms to communicate general information, statutory or regulatory updates, process changes, updates to Policies and Procedures, contact information for the Compliance Officer, relevant federal and state Fraud alerts and policy letters, pending/new legislation reports, and advisory bulletins from the Compliance Officer to CalOptima Board Members, Employees, FDRs, and Members, including, but not limited to:

- Presentations and Updates at Meetings – CalOptima periodically holds and utilizes in-person and conference call meetings with the CalOptima Board, FDRs, Employees, and individual CalOptima departments, and Members.
- Compliance 360 – CalOptima maintains an internal and external website and portal referred to as Compliance 360, accessible to Board Members, Employees, and FDRs, which contains CalOptima's updated Policies and Procedures.
- Newsletters or Mailed Notices – CalOptima develops, and where appropriate, translates, publications and/or notices, to Board Members, Employees, FDRs, and Members.
- Electronic Mail – The CEO, Compliance Officer, or their respective Designee, periodically sends out email communications and/or alerts to Board Members, Employees, and FDRs, and/or Members, as applicable.
- CalOptima's ~~Internal~~ Intranet Website – CalOptima maintains an ~~internal~~ intranet website, referred to as InfoNet, where CalOptima posts applicable updates and notices to Employees.
- CalOptima's Compliance ~~Internal Website~~Intranet Webpage – The Office of Compliance maintains an internal department ~~website~~ webpage accessible to CalOptima Employees ~~to~~ for ~~communicate~~ communication of different Compliance initiatives, notices, key documents and forms, ~~and~~ updates to the Compliance Program, Code of Conduct, and/or Policies and Procedures.
- Postings – The Office of Compliance posts information on how to report potential issues of non-compliance and FWA throughout CalOptima's facilities, including, but not limited to, break rooms, which are accessible to CalOptima Employees.
- Written Reports – The Compliance Officer, in coordination with the CEO and Compliance Committee, prepares written reports, no less than quarterly, concerning the status of the Compliance Program to be presented to the CalOptima Board.
- Direct Contact with the Compliance Officer - Board Members, Employees, and FDRs can obtain additional compliance information directly from the Compliance Officer. Any questions, which cannot be answered by the Compliance Officer, shall be referred to the Compliance Committee.

b. Reporting Mechanisms

CalOptima Board Members, Employees, and FDRs have an affirmative duty and are directed in CalOptima's Code of Conduct and Policies and Procedures to report compliance concerns, questionable conduct or practices, and suspected or actual violations immediately upon discovery. Failure by Board Members, Employees, and/or FDRs to report known violations, failure to detect violations due to negligence or reckless conduct, and making false reports may constitute grounds for disciplinary action, up to and including, recommendation for removal from appointment, termination of employment, or termination of an FDR contract, where appropriate.

CalOptima has established multiple reporting mechanisms to receive, record, and respond to compliance questions, potential non-compliance issues and/or FWA incidents or activities. These reporting systems, which are outlined in greater detail below, provide for anonymity and confidentiality (to the extent permitted by applicable law and circumstances). Reminders and instructions on how to report compliance and FWA issues are also provided to Board Members, Employees, FDRs, and Members in newsletters, on CalOptima's website, in trainings, on posters and at meetings. CalOptima maintains and supports a non-retaliation policy governing good-faith reports of suspected, or actual, non-compliance and/or FWA.

Upon receipt of a report through one (1) of the listed mechanisms, the Compliance Officer, or his/her Designee, shall follow appropriate Policies and Procedures to promptly review, investigate, and resolve such matters. The Compliance Officer, or his/her Designee, shall Monitor the process for follow-up communications to persons submitting reports or disclosures through these reporting mechanisms and shall ensure documentation concerning such reports is maintained according to all applicable legal and contractual requirements.

1. *Report Directly to Management or Executive Staff*

CalOptima Employees are encouraged to contact their immediate Management or Executive Staff when non-compliant activity is suspected, or observed. A report should be made immediately upon suspecting or identifying the potential or suspected non-compliance, or violation. Executive Staff or Management will promptly escalate the report to the Compliance Officer for further investigation and reporting to the CalOptima Compliance Committee. If an Employee is concerned that his/her Management or Executive Staff did not adequately address his/her report or complaint, the Employee may go directly to the Compliance Officer, or the CEO.

2. *Call the Compliance and Ethics Hotline*

CalOptima maintains an easily accessible Compliance and Ethics Hotline, available twenty-four (24) hours a day, seven (7) days a week, with multilingual support, in which CalOptima may receive anonymous issues on a confidential basis. Members are encouraged to call the Compliance and Ethics Hotline if they have identified potential non-compliant activity, or FWA issues. The

Compliance and Ethics Hotline information is as follows:

TOLL FREE COMPLIANCE and ETHICS HOTLINE
(877) 837-4417

Calls or issues reported through the Compliance and Ethics Hotline are received, logged into a database, and investigated by the Regulatory Affairs & Compliance Department. No disciplinary action will be taken against individuals making good-faith reports. Every effort will be made to keep reports confidential to the extent permitted by law. The process for reporting suspected violations to the Compliance and Ethics Hotline is part of the education and/or orientation for all Board Members, Employees, FDRs, and Members. Members also have access to the Compliance Officer through the Compliance and Ethics Hotline and/or the right to contact the OIG Compliance Hotline (1-800-447-8477) directly.

3. *Report Directly to the Compliance Officer*

The Compliance Officer is available to receive reports of suspected or actual compliance violations, or FWA issues, on a confidential basis (to the extent permitted by applicable law or circumstances) from Board Members, Employees, FDRs and Members. The Compliance Officer may be contacted by telephone, written correspondence, email, or by a face-to-face appointment. FDRs are generally contractually obligated to report suspected Fraud and Abuse to CalOptima pursuant to regulatory and contractual requirements.

4. *Report Directly to Office of Compliance*

Reports may be made directly to CalOptima's Office of Compliance via mail, email, or through the Compliance and Ethics Hotline for confidential reporting. Emails can be sent to Compliance@caloptima.org. Mail can be sent to:

CalOptima
ATTN: Compliance Officer
505 City Parkway West
Orange, CA, 92868

5. *Confidentiality and Non-Retaliation*

Every effort will be made to keep reports confidential to the extent permitted by applicable law and circumstances, but there may be some instances where the identity of the individual making the report will have to be disclosed. As a result, CalOptima has implemented and enforces a non-retaliation policy to protect individuals who report suspected or actual non-compliance, or FWA, issues in good faith. This non-retaliation policy extends to reports received from FDRs and Members. CalOptima's non-retaliation policy is communicated along with reporting instructions by

posting information on the CalOptima InfoNet and website, as well as sending periodic Member notifications.

CalOptima also takes violations of CalOptima's non-retaliation policy seriously, and the Compliance Officer will review and enforce disciplinary and/or other Corrective Action Plans for violations, as appropriate, with the approval of the Compliance Committee.

V.ENFORCEMENT AND DISCIPLINARY STANDARDS

Board Members, Employees, and FDRs are provided copies of CalOptima's Code of Conduct and the Compliance Plan and have access on CalOptima's internal and external website to applicable Policies and Procedures, including, but not limited to, CalOptima Policy GA.8022: Performance and Behavior Standards and Office of Compliance Policies addressing Corrective Action Plans and Sanctions. Consistent, timely, and effective enforcement of CalOptima's standards are implemented when non-compliance or unethical behavior is confirmed, and appropriate disciplinary and/or corrective action is implemented to address improper conduct, activity, and/or behavior.

a. Conduct Subject to Enforcement and Discipline

Board Members, Employees, and FDRs are subject to appropriate disciplinary and/or corrective actions if they have violated CalOptima's standards, requirements, or applicable laws as specified and detailed in the Compliance Program documents and related Policies and Procedures, including CalOptima Policy GA.8022: Performance and Behavior Standards, as applicable. Board Members, Employees, and FDRs may be disciplined or Ssanctioned, as applicable, for failing to adhere to CalOptima's Compliance Program and/or violating standards, regulatory requirements, and/or applicable laws, including, but not limited to:

- Conduct that leads to the filing of a false or improper claim in violation of federal or state laws and/or contractual requirements;
- Conduct that results in a violation, or violations, of any other federal or state laws or contractual requirements relating to participation in Federal and/or State Health Care Programs;
- Failure to perform any required obligation relating to compliance with the Compliance Program, applicable laws, Policies and Procedures, and/or contracts; or
- Failure to report violations or suspected violations of the Compliance Program, or applicable laws, or to report suspected or actual FWA issues to an appropriate person through one (1) of the reporting mechanisms.
- Conduct that violates HIPAA and other privacy laws and/or CalOptima's HIPAA privacy and security policies, including actions that harm the privacy of Members, or the CalOptima information systems that store member data.

b. Enforcement and Discipline

CalOptima maintains a "zero tolerance" policy towards any illegal, or unethical, conduct that impacts the operation, mission, or image of CalOptima. The standards established in the Compliance Program shall be enforced consistently through appropriate disciplinary actions.
Individuals, or entities, may be disciplined by way of reprimand, suspension, financial penalties, Sanctions, and/or termination, depending on the nature and severity of the conduct, or behavior. Board Members may be subject to removal, Employees are subject to discipline, up to and including termination, and FDRs may be Ssanctioned, or contracts may be terminated, where permitted.

Violations of applicable laws and regulations, even unintentional, could potentially subject individuals, entities, or CalOptima to civil, criminal, or administrative Sanctions and/or penalties. Further violations could lead to suspension, Preclusion, or Exclusion, from participation in Federal and/or State Health Care Programs.

CalOptima Employees shall be evaluated annually based on their compliance with CalOptima's Compliance Program. Where appropriate, CalOptima shall promptly initiate education and training to correct identified problems, or behaviors.

VI.MONITORING, AUDITING, AND IDENTIFICATION OF RISKS

Activities associated with Monitoring and Auditing are identified through a combination of activities performed by the Audit & Oversight Department in conjunction with CalOptima contract owners, and functional business owners responsible for on-going monitoring that is performed, risk assessments, Audit & Oversight Committee and Compliance Committee discussions and decisions, and internal and external reporting. Through Monitoring, Auditing, and identification of risks, CalOptima can prevent, detect, and correct non-compliance with applicable federal and/or state requirements.

a. Risk Assessment

The Compliance Officer, or his/her Designee, will collaborate with the Compliance Committee to identify areas of focus for Monitoring and Auditing potential non-compliant activity and FWA issues. A Compliance Risk Assessment will be performed no less than annually, and as needed, to evaluate the current status of CalOptima's operational areas as well as the operations of FDRs. Operations and processes will be evaluated based on: (1) deficiencies found by Regulatory Agencies; (2) deficiencies found by internal and external Audit and Monitoring reports; (3) the institution of new or updated Policies and Procedures; (4) cross departmental interdependencies; and (5) the effect on the beneficiary experience. The Readiness Checklist established by CMS and the OIG Work Plan shall be used as resources to evaluate operational risks.

The Compliance Officer, or his/her Designee, will work with the Chief Operating Officer, or his/her Designee, in each operational area, to answer the questions associated with each process and to continually examine and identify potential risk areas requiring M~~m~~onitoring and Auditing. Those operational areas determined to be high risk may be subject to more frequent Monitoring and Auditing, as well as additional reporting requirements. The risk assessment process will be managed by the Compliance Officer, or his/her Designee, and presented to the AOC, and subsequently to the Compliance Committee, for review and approval. Monitoring plans will be developed in collaboration with the operational areas, and focused Audits may be scheduled based on the results of the ongoing M~~m~~onitoring and respective risk score.

The risk assessment shall also be updated as processes change, or are identified as being deficient.

b. Monitoring and Auditing

CalOptima conducts both internal and external routine Auditing and Monitoring Activities to test and confirm compliance with all applicable regulations, guidance, contractual agreements, and federal and state laws, as well as CalOptima Policies and Procedures to protect against non-compliance and potential FWA in CalOptima Programs. CalOptima and FDRs shall comply with applicable data certification requirements, including, without limitation, 42 C.F.R. §§ 438.604 and 438.606. Monitoring Activities are regular reviews performed as part of normal operations to

confirm ongoing compliance and to ensure that corrective actions are undertaken and effective. An Audit is a formal, systematic, and disciplined approach designed to review, evaluate, and improve the effectiveness of processes and related controls using a set of standards (e.g., Policies and Procedures, laws, and regulations) used as base measures. As part of the Monitoring process, CalOptima has created a dashboard, which is a Monitoring tool to track key metrics, including, but not limited to, coverage determinations, complaints, appeals, grievances, regulatory communications, credentialing, customer service, transition of coverage (TOC), and claims. The dashboard will be used to communicate results associated with Monitoring operations and outcomes and to identify areas in need of targeted Auditing on at least a monthly basis. Information taken from the dashboard along with grievance and complaint call information will be used to develop Monitoring and Auditing work plans. Monitoring and Auditing work plans are used to detect potential areas of risk and/or non-compliant activity. The Monitoring and Auditing work plans are subject to daily updates and additions, and are therefore, working documents. The Compliance Officer, or his/her Designee, in collaboration with the AOC and Compliance Committee, develops the Monitoring and Auditing work plans to address the risks associated with each of CalOptima's Programs.

The Compliance Officer, or his/her Designee, will coordinate with CalOptima's Audit & Oversight Department in connection with appropriate Auditing and Monitoring Activities. Audits for each operational area will be conducted throughout the year consistent with the Monitoring and Auditing work plans. The Compliance Officer, or his/her Designee, will coordinate the Audits with internal audit staff, and, in some cases, with the assistance from an outside vendor. Audit methodologies shall be consistent with regulatory and NCQA requirements and standards. All Audits will include review of applicable documents and evaluation of actual processes to ensure compliance with all applicable regulations and contractual obligations. Once the Audit review is completed, the Audit & Oversight teams will communicate the results to the Compliance Officer and propose follow up corrective action(s), if necessary. The Compliance Officer, or his/her Designee, will provide reports to the CEO and the Compliance Committee concerning the results of the Audits. The AOC reports to the Compliance Officer and the Compliance Committee on Audits that involve FDRs as discussed below. If FWA issues are identified during an Audit, the matter will be further investigated and resolved in a timely manner. In addition, an Audit of the Compliance Program and its effectiveness should occur at least annually, and the results shall be reported to the CalOptima Board.

c. Oversight of Delegated Activities

To ensure the terms and conditions of statutory and contractual obligations to CMS, DHCS, and other governmental and regulatory entities are adhered to, CalOptima implements a comprehensive oversight Monitoring and Auditing process of FDRs who perform delegated activities. The processes that CalOptima implements to oversee, Monitor, and Audit FDRs are incorporated into CalOptima's written Policies and Procedures, including processes involving R~~r~~eadiness A~~a~~ssessments ~~pre-contractual evaluations~~ and Audits of First Tier Entities. CalOptima may implement Corrective Action Plans, Sanctions, and/or revoke its Delegation of duties (in a manner

permitted under the contract) if CalOptima determines that an FDR is unable or unwilling to carry out its responsibilities consistent with statutory and contractual obligations.

The Compliance Officer, or his/her Designee, determines the process for Monitoring delegated FDRs and develops the annual Monitoring and Audit calendar in order to validate compliance with contractual standards and regulatory requirements. The AOC is responsible for overseeing all of the delegated activities and will review the Readiness Assessment, ensure the annual review of FDRs for delegated functions are completed, conduct formal on-going evaluation of FDR performance and compliance, ensure Downstream and Related Entities are M~~m~~onitored, and impose Corrective Action Plans and/or Sanctions if the FDR's performance fails to meet statutory and contractual standards and requirements. The AOC may recommend termination of Delegation to the Compliance Committee for unresolved matters.

d. Monitoring and Audit Review Process for FDRs

1. *Initial Evaluation*

Prior to executing a contract or Delegation agreement with a potential FDR, a risk assessment is performed to determine the type of initial evaluation that will be performed. If it is deemed necessary, an initial evaluation, referred to as a Readiness Assessment as detailed in CalOptima's Policies and Procedures, is completed to determine the ability of the potential FDR to assume responsibility for delegated activities and to maintain CalOptima standards, applicable state, CMS, and regulatory requirements, and accreditation requirements. The initial evaluation includes, but is not limited to, review of the entity's operational capacity and resources to perform the delegated functions, evaluation of the entity's ability to meet contractual and regulatory requirements, verification that the entity is not Precluded on the Preclusion List, excluded in the OIG List of Excluded Individuals/Entities (LEIE), the General Services Administration (GSA) System of Award Management (SAM), or the Medi-Cal Suspended & Ineligible (S&I) Provider List from participating in health programs, and/or an initial onsite evaluation. Results of the initial evaluation are presented to the AOC and subsequently the Compliance Committee for review and/or approval.

2. *Contracting with FDRs*

Once an entity has been approved, the Delegation agreement specifies the activities CalOptima delegates to the FDRs, each party's respective roles and responsibilities, reporting requirements and frequency, submission of data requirements, the process for performance evaluations and Audits, and remedies, including disciplinary actions, available to CalOptima. Prior to any Sub-delegation to any Downstream or Related Entity, a First Tier Entity must obtain approval from CalOptima. CalOptima determines who will directly M~~m~~onitor the Downstream or Related Entity's compliance with requirements.

FDRs shall be required to institute a training program consistent with CalOptima's requirements

intended to communicate CalOptima's compliance requirements as well as compliance characteristics related to the FDR and their contractually delegated area(s). Furthermore, FDRs will be required to complete, sign, and return attestation forms confirming the FDR's compliance with new hire and annual training and education requirements, which includes courses on general compliance and FWA as well as Exclusion and Preclusion screening and FWA reporting obligations.

3. *Annual Risk Assessment*

The Compliance Officer, or his/her Designee, will ensure that an annual comprehensive risk assessment is conducted in accordance with CalOptima Policy HH.2027Δ: Annual Risk Assessment (FDR) to determine the FDR's vulnerabilities and high-risk areas. High-risk FDRs are those that are continually non-compliant or at risk of non-compliance based on identified gaps in processes with regulatory and CalOptima requirements. Any previously identified issues, which include any corrective actions, service level performance, reported detected offenses, and/or complaints and appeals from the previous year will be factors that are included in the risk assessment. Any FDR deemed high risk, or vulnerable, is presented to the AOC for suggested follow-up Audit. FDRs determined to be high risk may be subjected to a more frequent Monitoring and Auditing schedule, as well as additional reporting requirements. The risk assessment process, along with reports from FDRs, will be managed by the Compliance Officer, or his/her Designee, and presented to the AOC and subsequently to the Compliance Committee for review and approval.

4. *FDR Performance Reviews and Audits*

CalOptima conducts a periodic comprehensive performance review of the FDR's ability to provide delegated services in accordance with contractual standards and applicable state, CMS, and accreditation requirements, as further detailed in CalOptima's Policies and Procedures. CalOptima may conduct Audits of FDRs at any time. Such Audits may include an evaluation of the FDR's training and education program and materials covering general compliance and FWA, as well as compliance with applicable laws, regulations, and contractual obligations governing delegated activities. High-risk FDRs, as determined by the annual risk assessment and/or continued non-compliance, will obtain priority status on the annual Audit calendar; however, CalOptima does not limit its Auditing schedule to only high-risk FDRs.

If CalOptima has reason to believe the FDR's ability to perform a delegated function is compromised, an additional focused Audit may be performed. The Compliance Officer, or his/her Designee, may also recommend focused Audits upon evaluation of non-compliant trends or reported incidents. The results of these Audits will be reported to the AOC and then to the Compliance Committee.

A focused Audit may be initiated for any of the following activities, or any other reason at the discretion of CalOptima:

- ► Failure to comply with regulatory requirements and/or CalOptima's service level performance indicators;
- ► Failure to comply with a Corrective Action Plan;
- ► Reported or alleged Fraud, Waste, and/or Abuse;
- ► Significant policy variations that deviate from the CalOptima or state, CMS, or accreditation requirements;
- ► Bankruptcy, or impending bankruptcy, which may impact services to Members (either suspected or reported);
- ► Sale, merger, or acquisition involving the FDR;
- ► Significant changes in the management of the FDR; and/or
- ► Changes in resources which impact CalOptima's and/or the FDR's operations.

5. *Corrective Actions and Additional Monitoring and Auditing*

The Compliance Officer, or his/her Designee, shall submit regular reports of all Mmonitoring, Audit, and corrective action activities to the Compliance Committee. In instances where non-compliance is identified, a Corrective Action Plan shall be developed by the FDR and reviewed and approved by the Compliance Officer, or his/her Designee. Every Corrective Action Plan is presented to the AOC, in aggregate, with no less than quarterly updates, and recommendations for escalation, as applicable. Supplemental and focused Audits of FDRs, as well as additional reporting, may be required until compliance is achieved.

At any time, CalOptima may implement Sanctions or require remediation by an FDR for failure to fulfill contractual obligations including development and implementation of a Corrective Action Plan. Failure to cooperate with CalOptima in any manner may result in termination of the Delegation agreement, in a manner authorized under the terms of the agreement.

e. Evaluation of Audit Activities

An external review of CalOptima's Auditing process is conducted through identified process measures. These measures support organizational, accreditation, and regulatory requirements and are reported on a yearly basis. CalOptima uses an independent, external consultant firm to periodically review the Auditing processes, including Policies and Procedures, Audit tools, and Audit findings, to ensure all regulatory requirements are being Audited in accordance with industry standards/practices and are in compliance with federal and state regulations.

The current measures reviewed include:

- ► The central database of all pending, active, and terminated FDRs to Mmonitor and track functions, performance, and Audit schedules;
- ► Implementation of an escalation process for compliance/performance issues;
- ► Implementation of a process for validation of Audit tools;

- Implementation of a process for noticing FDRs and functional areas of Corrective Action Plans;
- Tracking and trending internal compliance with oversight standards, performance, and outcomes;
- Implementation of an annual training program for internal staff regarding Delegation standards, Auditing, and Monitoring FDR performance; and/or
- Implementation of a process for dissemination of regulatory changes to include Medi-Cal and Medicare lines of business.

The following key performance metrics will be evaluated and reported periodically:

- Evaluations of FDR performance and reporting of delegated functions in accordance with the terms of the agreement;
- Number of annual oversight Audits completed within twelve (12) months; and
- Corrective Action Plans (CAPs) completed within the established time frame.

f. Regular Exclusion and Preclusion Screening

As detailed in CalOptima's Policies and Procedures, CalOptima performs Participation Status Reviews by searching the OIG –LEIE, the GSA–SAM, the DHCS Medi-Cal Suspended & Ineligible Provider Lists, and the CMS Preclusion List upon appointment, hire, or commencement of a contract, as applicable, and monthly thereafter, to ensure Board Members, Employees, and/or FDRs are not excluded, or do not become excluded or precluded from participating in Federal and/or State Health Care Programs. Board Members, Employees, and FDRs are required to disclose their Participation Status as part of their initial appointment, employment, commencement of the contract and registration/application processes and when Board Members, Employees, and FDRs receive notice of a suspension, Preclusion, Exclusion, or debarment during the period of appointment, employment, or contract term. CalOptima also requires that its First Tier Entities comply with Participation Status Review requirements with respect to their relationships with Downstream Entities, including without limitation, the delegated credentialing and re-credentialing processes.

The Compliance Officer, or his/her Designee, will review reports from Employees responsible for conducting the Participation Status Reviews to ensure Employees record and maintain the results of the reviews and notices/disclosures. Employees shall immediately notify the Compliance Officer, or his/her Designee, of affirmative findings of a person, or entity's, failure to meet the Participation Status Review requirements. If CalOptima learns that any prospective, or current, Board Member, Employee, or FDR has been proposed for Exclusion, Excluded or Precluded, CalOptima will promptly remove him/her/the FDR from CalOptima's Programs consistent with applicable policies and/or contract terms.

Payment may not be made for items or services furnished, or prescribed, by an excluded person, or entity. Payments made by CalOptima to excluded persons, or entities, after the effective date of

their suspension, Exclusion, debarment, or felony conviction, and/or for items or services furnished at the medical direction, or on the prescription of a physician who is suspended, excluded, or otherwise ineligible to participate, are subject to repayment/recoupment. Such requirements also apply to providers on the CMS Preclusion List, consistent with regulatory guidance, applicable policies, and/or contract terms. The Compliance Officer, or his/her Designee, will review potential organizational obligations related to the reporting of identified excluded, precluded, or suspended, individuals, or entities, and/or refund obligations and consult with legal counsel, as necessary and appropriate, to resolve such matters.

VII. RESPONSE AND REMEDIATION

a. Response to Notice of Violation or Suspected Violation

Upon receipt of a report or notice of violation or suspected violation of CalOptima's Compliance Program and/or FWA issues, the Compliance Officer, or his/her Designee, shall, upon promptly verifying the facts related to the violation or likely violation, notify the Compliance Committee, as appropriate. The Compliance Committee (in consultation with legal counsel, as appropriate) shall determine a response as soon as practicable, which shall include, but not be limited to:

- Recommending investigation of all aspects of the suspected violation or questionable conduct;
- Approving disciplinary actions, Sanctions, termination of any agreement and/or any other corrective action consistent with applicable Policies and Procedures, subject to consultation with legal counsel and/or notifying the Governing Body, as appropriate;
- Implementing education and training programs for Board Members, Employees, and/or FDRs, where applicable, to correct the violation and prevent recurrence;
- Amending, if necessary, CalOptima's Compliance Plan, Code of Conduct, and/or relevant Policies and Procedures to avoid any future recurrence of a violation; and/or
- Ensuring that compliance reports are kept confidential, where permitted by law, and if appropriate, protected under applicable privileges, including, but not limited to, the attorney/client privilege and ensuring that all files regarding compliance matters are appropriately secured.

It is the responsibility of the Compliance Officer and the Compliance Committee to review and implement any appropriate corrective and/or disciplinary action in consultation with the Human Resources Department, as applicable, consistent with applicable Policies and Procedures after considering such recommendations. The Compliance Officer, or his/her Designee, may M~~m~~onitor and review corrective actions after their implementation to ensure that they are effective.

b. Referral to Enforcement Agencies

In appropriate circumstances, CalOptima shall report violations of Medi-Cal Program requirements to DHCS Audits and Investigations, violations of Medicare Program requirements to the Medicare Drug Integrity Contractor (MEDIC), and violations of other state and federal laws to the appropriate law enforcement agencies, in accordance with the applicable reporting procedures adopted by such enforcement agencies.

c. Response to Fraud Alerts

CMS issues alerts to Part D sponsors concerning Fraud schemes identified by law enforcement officials. Typically, these alerts describe alleged activities involving pharmacies practicing drug diversion or prescribers participating in illegal remuneration schemes. CalOptima may take action (including denying or reversing claims) in instances where CalOptima's own analysis of its claims

activity indicates that Fraud may be occurring. CalOptima's decision to deny, or reverse, claims shall be made on a claim-specific basis.

When a Fraud alert is received, CalOptima shall review its Delegation agreements with the identified parties, and shall consider terminating the contract(s) with the identified parties if indictments have been issued against the particular parties and the terms of the Delegation agreement(s) authorizes contract termination.

CalOptima is also obligated to review its past paid claims from entities identified in a Fraud alert. With the issuance of a Fraud alert, CMS places CalOptima on notice (see Title 42, Code of Federal Regulations, §423.505(k)(3)) that claims involving the identified party need to be reviewed. To meet the "best knowledge, information, and belief" standard of certification, CalOptima shall make its best efforts to identify claims that may be, or may have been, part of an alleged Fraud scheme and remove them from the sets of prescription drug event data submissions.

d. Identifying and Monitoring Providers with a History of Complaints

CalOptima shall maintain files for a period of ten (10) years on both in-network and out-of-network providers who have been the subject of complaints, investigations, violations, and prosecutions. This includes Member complaints, DHCS Audits and Investigations referrals, MEDIC investigations, OIG and/or DOJ investigations, US Attorney prosecution, and any other civil, criminal, or administrative action for violations of Federal and/or State Health Care Programs requirements. CalOptima shall also maintain files that contain documented warnings (e.g., Fraud alerts) and educational contacts, the results of previous investigations, and copies of complaints resulting in investigations. CalOptima shall comply with requests by law enforcement, DHCS, CMS, and CMS' Designee, regarding Monitoring of FDRs within CalOptima's network that DHCS, or CMS, has identified as potentially abusive, or fraudulent.

e. Identifying and Responding to Overpayments

CalOptima shall sustain an effective system for the review of suspect claims to detect and prevent FWA within a CalOptima Program. All suspect claims shall be thoroughly investigated to determine whether such claims are the direct result of FWA activity. CalOptima shall assess all FDRs for potential Overpayments when reviewing and undertaking corrective actions. Upon completion of the suspect claim(s) investigation(s), CalOptima shall recoup and/or return Overpayments consistent with applicable laws and regulatory guidance.

As required, CalOptima and/or the FDR shall update appropriate data sources and reports, via documenting and/or resubmission, as appropriate. The resolution(s) for suspect claim(s) investigation(s) may include, but is not limited to: (i) recoupment through established procedures, (ii) provider education about billing protocols, and (iii) reporting of Overpayment determinations to Regulatory Agencies, as required by law.

When applicable, CalOptima shall return Overpayments made to CalOptima, consistent with applicable state and federal laws and regulatory guidance.

C. FRAUD, WASTE, AND ABUSE (FWA) PREVENTION AND DETECTION

The detection, prevention, and remediation of FWA are components of CalOptima's Compliance Program. FWA activities are implemented and overseen by CalOptima's Compliance Officer, or his/her Designee, in conjunction with other compliance activities, and investigations are performed, or overseen, by the Special Investigations Unit (SIU), an internal investigative unit within CalOptima's Office of Compliance, responsible for FWA investigations. The Compliance Officer, or his/her Designee, reports FWA activities to the CalOptima Compliance Committee, CEO, the CalOptima Board, and Regulatory Agencies.

CalOptima utilizes various resources to detect, prevent, and remediate FWA. In addition, CalOptima promptly investigates suspected FWA issues and may implement disciplinary, or corrective, action to avoid recurrence of FWA issues. The objective of the FWA program is to ensure that the scope of benefits covered by the CalOptima Programs is appropriately delivered to Members and resources are effectively utilized in accordance with federal and state guidelines. CalOptima incorporates a system of internal assessments which are organized to identify FWA and promptly respond appropriately to such incidents of FWA.

I.FWA TRAINING

As detailed above, FWA training is provided to all Board Members and Employees as part of the overall compliance training courses in order to help detect, prevent, and remediate FWA. FDRs are also required to complete FWA training, as described above. CalOptima's FWA training provides guidance to Board Members, Employees, and FDRs on how to identify activities and behaviors that would constitute FWA and how to report suspected, or actual, FWA activities. Training materials are retained for a period of at least ten (10) years, and such training includes, but is not limited to:

- The process for detection, prevention, and reporting of suspected or actual FWA;
- Examples of the most common types of Member FWA (see Appendix B, attached hereto and incorporated herein) and FDR FWA (see Appendix C, attached hereto and incorporated herein) as well as common local and national schemes relevant to managed care organization operations;
- Information on how to identify FWA in CalOptima Programs (e.g., suspicious activities suggesting CalOptima Members, or their family members, may be engaged in improper drug utilization or drug-seeking behavior, conduct suggesting improper utilization, persons offering kickbacks for referring, or enrolling, individuals in the CalOptima Programs, etc.);
- Information on how to identify potential prescription drug FWA (e.g., identification of significant outliers whose drug utilization patterns far exceed those of the average Member in terms of cost or quantity, disproportionate utilization of controlled substances, use of prescription medications for excessive periods of time, high-volume prescriptions of a particular manufacturer's drugs, submission of false claims or false data for prescription drug claims, misrepresenting the type of drug that was actually dispensed, excessive prescriptions by a particular physician, etc.);
- How to report potential FWA using CalOptima's reporting options, including CalOptima's Compliance and Ethics Hotline, and for FDRs, reporting obligations;
- CalOptima's policy of non-retaliation and non-retribution toward individuals who make such reports in good faith; and
- Information on the False Claims Act and CalOptima's requirement to train Employees and FDRs on the False Claims Act and other applicable FWA laws.

CalOptima shall provide Board Members, Employees, FDRs, and Members with reminders and additional training and educational materials through print and electronic communications, including, but not limited to, newsletters, alerts, and/or applicable meetings.

II.DETECTION OF FWA

a. Data Sources

In partnership with CalOptima internal departments, CalOptima's SIU utilizes different sources and analyzes various data information in an effort to detect patterns of FWA. Potential fraudulent cases will not only come from claims data but can also originate from many sources internally and externally. Members, FDRs, Employees, law enforcement and Regulatory Agencies, and others may contact CalOptima by phone, mail, and email if they suspect any individual, or entity, is engaged in inappropriate practices. Furthermore, the sources identified below can be used to identify problem areas within CalOptima, such as enrollment, finance, or data submission.

Sources used to detect FWA include, but are not limited to:

- CalOptima's Compliance and Ethics Hotline or other reporting mechanisms;
- Claims data history;
- Encounter data;
- Medical record Audits;
- Member and provider complaints, appeals, and grievance reviews;
- Utilization Management reports;
- Provider utilization profiles;
- Pharmacy data;
- Auditing and Monitoring Activities;
- Monitoring external health care FWA cases and determining if CalOptima's FWA Program can be strengthened with information gleaned from the case activity; and/or
- Internal and external surveys, reviews, and Audits.

b. Data Analytics

CalOptima uses technology and data analysis to reduce FWA externally. Using a combination of industry standard edits and CalOptima-specific edits, CalOptima identifies claims for which procedures have been unbundled, or upcoded. CalOptima also identifies suspect FDRs based on billing patterns.

CalOptima also uses the services of an external Medicare Secondary Payer (MSP) Vendor to reduce costs associated with its Medicare-Medicaid programs, such as the OneCare, OneCare Connect, and/or PACE programs, by ensuring that federal and state funds are not used where certain health insurance, or coverage, is primarily responsible.

c. Analysis and Identification of Risk Areas Using Claims Data

Claims data are analyzed in numerous ways to uncover fraudulent billing schemes. Routine review

of claims data will be conducted in order to identify unusual patterns, outliers in billing and utilization, and identify the population of providers and pharmacies that will be further investigated and/or Audited. Any medical claim can be pended and reviewed, in accordance with applicable state or federal law if they meet certain criteria that warrant additional review. Payments for pharmacy claims may also be pended and reviewed in accordance with applicable state or federal law based on criteria focused on the types of drugs (e.g., narcotics), provider patterns, and challenges previously reported pertaining to certain pharmacies. CalOptima along with the PBM will conduct data mining activities in order to identify potential issues of FWA.

The following trends will be reviewed and flagged for potential FWA, including:

- Overutilized services;
- Aberrant provider billing practices;
- Abnormal billing in relation to peers;
- Manipulation of modifiers;
- Unusual coding practices such as excessive procedures per day, or excessive surgeries per patient;
- Unbundling of services;
- Unusual Durable Medical Equipment (DME) billing; and/or
- Unusual utilization patterns by Members and providers.

The following claims data may be utilized to evaluate and uncover fraudulent billing schemes:

- Average dollars paid per medical procedure;
- Average medical procedures per office visit;
- Average visits per member;
- Average distance a member travels to see a provider/pharmacy;
- Excessive patient levels of high-risk diagnoses; and/or
- Peer to peer comparisons within specialties.

Once vulnerabilities are identified, immediate actions are taken in order to mitigate the possible losses, including, but not limited to, claims denial or reversal and/or the reporting of suspected FWA. The data review includes, but is not limited to:

- Analysis of provider medical billing activity within their own peer group;
- Analysis of pharmacy billing and provider prescribing practices;
- Controlled drug prescribing exceeds two (2) standard deviations of the provider's peer group; and/ or
- Number of times a provider bills a CPT code in relation to all providers, or within their own peer group.

The claims data from the PBM will go through the same risk assessment process. The analysis will

be focused on the following characteristics:

- Prescription drug shorting, which occurs when pharmacy staff provides less than the prescribed quantity and intentionally does not inform the beneficiary, or arranges to provide the balance but bills for the prescribed amount.
- Bait and switch pricing, which occurs when a Member is led to believe that a drug will cost one (1) price, but at the point of sale, they are charged a higher amount. An example of this type of scheme is when the pharmacy switches the prescribed medication to a form that increases the pharmacy's reimbursement.
- Prescription forging, or altering, which occurs when existing prescriptions are altered to increase the quantity or the number of refills, without the prescriber's authorization. Usually, the medications are diverted after being billed to the Medicare Part D program.
- Dispensing expired, or adulterated, prescription drugs, which occurs when pharmacies dispense drugs after the expiration date on the package. This also includes drugs that are intended as samples not for sale, or have not been stored or handled in accordance with manufacturer and FDA requirements.
- Prescription refill errors, which occur when pharmacy staff deliberately provides several refills different from the number prescribed by the provider.
- Failure to offer negotiated prices, which occurs when a pharmacy charges a Member the wrong amount.

d. Sample Indicators

No one (1) indicator is evidence of FWA. The presence of several indicators may suggest FWA, but further investigation is needed to determine if a suspicion of FWA exists. The following list below highlights common industry indicators and red flags that are used to determine whether to investigate an FDR or their claim disposition:

- Claims that show any altered information (dates; codes; names).
- Photocopies of claim forms and bills, or handwritten claims and bills.
- Provider's last name is the same as the Member/patient's last name.
- Insured's address is the same as the servicing provider.
- Same provider submits multiple claims for the same treatment for multiple family members or group members of provider's practice.
- Provider resubmitting claim with changed diagnosis code for a date of service already denied.

Cases identified through these data sources and risk assessments are entered into the FWA database and a report is generated and submitted to the Compliance Officer, Compliance Committee, and CEO.

III.FWA INVESTIGATIVE PROCESS

Once the SIU receives an allegation of suspected FWA or detects FWA through an evaluation of the data sources identified above, the SIU utilizes the following steps as a guide to investigate and document the case:

- The allegation is logged into the Fraud Tracking Database (access database maintained by SIU on an internal drive);
- The allegation is assigned an investigation number (sequentially by year of receipt) and an electronic file is assigned on the internal drive, by investigation number and name;
- SIU develops an investigative plan;
- SIU obtains a legal opinion from CalOptima's Legal Counsel on specific cases, or issues;
- Quality of care issues are referred to CalOptima's Quality Improvement Department;
- Where appropriate, SIU will submit a Request for Information (RFI) directly to an FDR to obtain relevant information;
- SIU, or a Designee, interviews the individual who reported the FWA, affected Members and/or FDRs, or any other potential witnesses, as appropriate;
- SIU conducts a data analytics review of the allegation for overall patterns, trends, and errors using applicable data sources and reports;
- Review of FDR enrollment applications, history, and ownership, as necessary;
- Review of Member enrollment applications and other documents, as necessary;
- All supporting documentation is scanned and saved in the assigned electronic file. Any pertinent information, gathered during the SIU review/investigation, is placed into the electronic file;
- After an allegation is logged into the Fraud Tracking Database, the investigation is tracked to its ultimate conclusion, and the Fraud Tracking Database shall reflect all information gathered and documentation received to ensure timely receipt, review, and resolution, and report may be made to applicable state or federal agencies within mandated/required time periods, if appropriate;
- If a referral to another investigative agency is warranted, the information is collected, and a referral is made to the appropriate agency; and/or
- If the investigation results in recommendations for disciplinary or corrective actions, the results of the investigation may be reported to the Compliance Officer and Compliance Committee. If a CalOptima internal department or FDR has repeat disciplinary or corrective actions, SIU may report the issue(s) to the Compliance Committee for further action.

a. Findings, Response, and Remediation

Outcomes and findings of the investigation may include, but are not limited to, confirmation of violations, insufficient evidence of FWA, need for contract amendment, education and training requirement, recommendation of focused Audits, additional investigation, continued Monitoring, new policy implementation, and/or criminal or civil action. When the root cause of the potential

FWA issue has been identified, the SIU will track and trend the FWA allegation and investigation, including, but not limited to, the data analysis performed, which shall be reported to the Compliance Committee on a quarterly basis. Investigation findings can be used to determine whether disciplinary, or corrective, action is appropriate, whether there is a need for a change in CalOptima's Policies and Procedures, and/or whether the matter should be reported to applicable state and federal agencies.

In accordance with applicable CalOptima Policies and Procedures, CalOptima shall take appropriate disciplinary, or corrective, action against Board Members, Employees, and/or FDRs related to validated instances of FWA. CalOptima will also assess FDRs for potential Overpayments when reviewing and undertaking corrective actions. Corrective actions will be Mmonitored by the Compliance Committee, and progressive discipline will be Mmonitored by the Department of Human Resources, as appropriate. Corrective actions may include, but are not limited to, financial Sanctions, regulatory reporting, Corrective Action Plans, or termination of the Delegation agreement, when permitted by the contract terms. Should such disciplinary, or corrective, action need to be issued, CalOptima's Office of Compliance will initiate review and discussion at the first Compliance Committee following the date of identification of the suspected FWA, the date of report to DHCS, or the date of FWA substantiation by DHCS subsequent to the report. If vulnerability is identified through a single FWA incident, the corrective action may be applied universally.

b. Referral to Enforcement Agencies

CalOptima's SIU shall coordinate timely referrals of potential FWA to appropriate Regulatory Agencies, or their designated program integrity contractors, including the CMS MEDIC, DHCS Audits and Investigations, and/or other enforcement agencies, in accordance with the applicable reporting procedures adopted by such enforcement agencies. FDRs shall report FWA to CalOptima within the time frames required by the applicable contract and in sufficient time for CalOptima to timely report to applicable enforcement agencies. Significant program non-compliance, or suspected FWA, should be reported to CMS and/or DHCS, as soon as possible after discovery, but no later than ten (10) working days to DHCS after CalOptima first becomes aware of and is on notice of such activity, and within thirty (30) calendar days to CMS MEDIC after a potential fraudulent or abusive activity is identified for a case impacting the OneCare, OneCare Connect, or PACE programs.~~case is reported to CalOptima's SIU.~~

Potential cases that should be referred include, but are not limited to:

- Suspected, detected, or reported criminal, civil, or administrative law violations;
- Allegations that extend beyond CalOptima and involve multiple health plans, multiple states, or widespread schemes;
- Allegations involving known patterns of FWA;
- Patterns of FWA threatening the life, or well-being, of CalOptima Members; and/or
- Schemes with large financial risk to CalOptima, or its Members.

IV.ANNUAL FWA EVALUATION

CalOptima's Compliance Committee shall periodically review and evaluate the FWA activities and its effectiveness as part of the overall Compliance Program Audit and Monitoring Activities. Revisions should be made based on industry changes, trends in FWA activities (locally and nationally), the OIG Work Plan, the CalOptima Compliance Plan, and other input from applicable sources.

a. Retention of Records

CalOptima shall maintain reports and summaries of FWA activities and all proceedings of the various committees in original, electronic, or other media format in accordance with applicable statutory, regulatory, contractual, CalOptima policy, and other requirements. CalOptima shall file copies of Member records containing PHI in a secure and confidential manner, regardless of the outcome of a review. CalOptima shall file copies of FWA investigations in a secure and confidential manner, regardless of the outcome of an investigation.

b. Confidentiality

CalOptima and its FDRs shall maintain all information associated with suspected, or actual, FWA in confidential files, which may only be released in accordance with applicable laws and CalOptima Policies and Procedures. All participants and attendees of CalOptima's Quality Improvement Committee, Compliance Committee, and respective subcommittees shall sign a "Confidentiality Agreement" agreeing to hold all committee discussions confidential.

D. COMPLIANCE PROGRAM EVALUATION

In order to ensure the effectiveness of the Compliance Program, CalOptima will conduct a self-assessment no less than annually. The assessment will evaluate the Compliance Program against the elements of an effective Compliance Program as recommended by OIG and required by CMS regulations. The following areas will be reviewed:

- Policies and Procedures;
- Compliance Officer and Compliance Committee;
- Training and education of Board Members, Employees, and FDRs;
- Effective lines of communication;
- Well publicized disciplinary guidelines;
- Internal Monitoring and Auditing;
- Delegation oversight;
- Exclusion and Preclusion screening process; and
- Prompt responses to detected offenses.

The Compliance Program will be evaluated no less than annually by an outside entity. The results of the evaluation will be shared with Executive Staff and Management, the Compliance Committee, and the CalOptima Board. Updates to the Compliance Program will be based on the results of the evaluation and will be referred to the CalOptima Board for review and approval.

I.PRIVILEGED FILES AND DOCUMENT RETENTION

a. Privileged Files

All privileged files shall be protected by, and marked, privileged and confidential and its contents shall be kept in a secure location. Only the Compliance Officer, CalOptima legal counsel, and the Compliance Committee, where appropriate, shall have access to its contents. All materials in the privileged file shall be treated as attorney-client privileged and shall not be disclosed to persons outside the privileged relationship. The privileged file shall contain the following original documents (except where only a copy is available):

- Records of requests for legal assistance or legal opinion(s) in connection with Compliance and Ethics Hotline telephone calls, correspondence related thereto, and/or problems reported to the Compliance Officer;
- The response from legal counsel regarding any such issues; and/or
- Legal opinions concerning FDR delegation agreement interpretations and remedies available to CalOptima.

b. Document Retention

CalOptima shall retain contracts, books, documents, records, financial statements, and other data, as defined in Title 42, Code of Federal Regulations, Sections 438.5(c), 438.604, 606, 608, and 610, for no less than ten (10) years from end of the fiscal year in which the CalOptima Medi-Cal contract expires, or is terminated (other than privileged documents which shall be retained until the issue raised in the documentation has been resolved, or longer if necessary). Records pertaining to CalOptima's OneCare, OneCare Connect, or PACE programs shall also be retained for ten (10) years from end date of the applicable contract (except for privileged documents which shall be retained until the issue raised in the documentation has been resolved, or longer if necessary).

CalOptima shall maintain the documentation required by HIPAA for at least six (6) years from the date of its creation or the date when it last was in effect, whichever, is later. Such documentation includes: (i) Policies and Procedures (and changes thereto) designed to comply with the standards, implementation specifications or other designated requirements; (ii) writings, or electronic copies, of communications required by HIPAA; (iii) writings, or electronic copies, of actions, activities, or designations required to be documented under HIPAA; and (iv) documentation to meet its burden of proof related to identification of breaches under Title 45, Code of Federal Regulations, §164.414(b).

Appendix A

Code of Conduct

Principle	Standard
Mission, Vision, and Values CalOptima is committed to its Mission, Vision, and Values	**Mission** To provide members with access to quality health care services delivered in a cost-effective and compassionate manner. **Vision** To be a model public agency and community health plan that provides an integrated and well-coordinated system of care to ensure optimal health outcomes for all CalOptima members. **Values = CalOptima CARES** **C**ollaboration; **A**ccountability; **R**espect; **E**xcellence; **S**tewardship
Compliance with the Law CalOptima is committed to conducting all activities and operations in compliance with applicable law.	**Transparent, Legal, and Ethical Business Conduct** CalOptima is committed to conducting its business with integrity, honesty and fairness and in compliance with all laws and regulations that apply to its operations. CalOptima depends on its Board members, employees, and those who do business with it to help fulfill this commitment. **Obeying the Law** Board members, employees and contractors (including First Tier and Downstream Entities included in the term "FDRs") shall not lie, steal, cheat, or violate any law in connection with their employment and/or engagement with CalOptima. **Fraud, Waste, & Abuse (FWA)** CalOptima shall refrain from conduct, which would violate the Fraud, Waste, and Abuse laws. CalOptima is committed to the detection, prevention, and reporting of Fraud, Waste, and Abuse. CalOptima is also responsible for ensuring that Board members, employees, and FDRs receive appropriate FWA training as described in regulatory guidance. CalOptima's Compliance Plan, Fraud, Waste, and Abuse Plan and policies describe examples of Potential Fraud, Waste, and Abuse and discuss employee and contractor FWA obligations and potential Sanctions arising from

Principle	Standard
	relevant federal and state FWA laws. CalOptima expects and requires that its Board members, employees, and contractors do not participate in any conduct that may violate the FWA laws including, federal and state anti-kickback laws, false claims acts, and civil monetary penalty laws. **Political Activities** CalOptima's political participation is limited by law. CalOptima funds, property, and resources are not to be used to contribute to political campaigns, political parties, and/or organizations. Board members, employees and contractors may participate in the political process on their own time and at their own expense but shall not give the impression that they are speaking on behalf of or representing CalOptima in these activities. **Anti-Trust** All Board members, employees, and contractors must comply with applicable antitrust, unfair competition, and similar laws, which regulate competition. Such persons shall seek advice from legal counsel if they encounter any business decisions involving a risk of violation of antitrust laws. The types of activities that potentially implicate antitrust laws include, without limitation, agreements to fix prices, bid rigging, and related activities; boycotts, certain exclusive dealings and price discrimination agreements; unfair trade practices; sales or purchases conditioned on reciprocal purchases or sales; and discussion of factors determinative of prices at trade association meetings.
Member Rights CalOptima is committed to meeting the health care needs of its members by providing access to quality health care services.	**Member Choice, Access to Health Care Services, Continuity of Care** Employees and contractors shall comply with CalOptima policies and procedures and applicable law governing member choice, access to health care services and continuity of member care. Employees and contractors shall comply with all requirements for coordination of medical and support services for persons with special needs. **Cultural and Linguistic Services** CalOptima and contractors shall provide culturally, linguistically, and sensory appropriate services to CalOptima members to ensure

Principle	Standard
	effective communication regarding diagnosis, medical history, and treatment, and health education. **Disabled Member Access** CalOptima's facilities shall adhere to the requirements of Title III of the Americans with Disabilities Act of 1990 by providing access for disabled members. **Emergency Treatment** Employees and contractors shall comply with all applicable guidelines, policies and procedures, and laws governing CalOptima member access and payment of emergency services including, without limitation, the Emergency Medical Treatment and Active Labor Act ("EMTALA") and state patient "anti-dumping" laws, prior authorization limitations, and payment standards. **Grievance and Appeals Processes** CalOptima, its physician groups, its Health Networks and third-party administrators (TPA) shall ensure that CalOptima members are informed of their grievance and appeal rights including, the state hearing process, through member handbooks and other communications in accordance with CalOptima policies and procedures and applicable laws. Employees and contractors shall address, investigate, and resolve CalOptima member complaints and grievances in a prompt and nondiscriminatory manner in accordance with CalOptima policies and applicable laws.
Business Ethics In furtherance of CalOptima's commitment to the highest standards of business ethics, employees and contractors shall accurately and honestly represent CalOptima and shall not engage in any activity or scheme intended to defraud anyone of money, property, or honest services.	**Candor & Honesty** CalOptima requires candor and honesty from individuals in the performance of their responsibilities and in communications including, communications with CalOptima's Board of Directors, supervisory employees, attorneys, and auditors. No Board member, employee, or contractor shall make false or misleading statements to any members and/or persons, or entities, doing business with CalOptima about products or services of CalOptima. **Financial and Data Reporting** All financial reports, accounting records, research reports, expense accounts, data submissions, attestations, timesheets, and

Principle	Standard
	other documents must accurately and clearly represent the relevant facts and the true nature of a transaction. CalOptima maintains a system of internal controls to ensure that all transactions are executed in accordance with Management's authorization and recorded in a proper manner to maintain accountability of the agency's assets. Improper or fraudulent accounting documentation or financial reporting or false or misleading encounter, claims, cost, or other required regulatory data submissions is contrary to the policy of CalOptima and may be in violation of applicable laws and regulatory obligations. **Regulatory Agencies and Accrediting Bodies** CalOptima will deal with all Regulatory Agencies and accrediting bodies in a direct, open, and honest manner. Employees and contractors shall not take action with Regulatory Agencies and accrediting bodies that is false or misleading.
Public Integrity CalOptima and its Board members and employees shall comply with laws and regulations governing public agencies.	**Public Records** CalOptima shall provide access to CalOptima Public Records to any person, corporation, partnership, firm, or association requesting to inspect and copy them in accordance with the California Public Records Act, California Government Code Sections 6250 et seq. and CalOptima policies. **Public Funds** CalOptima, its Board members, and employees shall not make gifts of public funds or assets or lend credit to private persons without adequate consideration unless such actions clearly serve a public purpose within the authority of the agency and are otherwise approved by legal counsel. CalOptima, its Board members, and employees shall comply with applicable law and CalOptima policies governing the investment of public funds and expenditure limitations. **Public Meetings** CalOptima, and its Board members, and employees shall comply with requirements relating to the notice and operation of public meetings in accordance with the Ralph M. Brown Act, California Government Code Sections 54950 et seq.

Principle	Standard
Confidentiality Board members, employees, and contractors shall maintain the confidentiality of all confidential information in accordance with applicable law and shall not disclose such confidential information except as specifically authorized by CalOptima policies, procedures, and applicable laws.	**No Personal Benefit** Board members, employees and contractors shall not use confidential or proprietary CalOptima information for their own personal benefit or for the benefit of any other person or entity, while employed at, or engaged by, CalOptima, or at any time thereafter. **Duty to Safeguard Member Confidential Information** CalOptima recognizes the importance of its members' right to confidentiality and implements policies and procedures to ensure its members' confidentiality rights and the protection of medical and other confidential information. Board members, employees and contractors shall safeguard CalOptima member identity, eligibility, social security, medical information and other confidential information in accordance with applicable laws including the Health Insurance Portability and Accountability Act of 1996 (HIPAA), the Health Information Technology for Economic and Clinical Health Act (HITECH Act) and implementing regulations, the California Security Breach Notification Law, the California Confidentiality of Medical Information Act, other applicable federal and state privacy laws, and CalOptima's policies and procedures. **Personnel Files** Personal information contained in Employee personnel files shall be maintained in a manner designed to ensure confidentiality in accordance with applicable laws. **Proprietary Information** Subject to its obligations under the Public Records Act, CalOptima shall safeguard confidential proprietary information including, without limitation, contractor information and proprietary computer software, in accordance with and, to the extent required by, contract or law. CalOptima shall safeguard provider identification numbers including, without limitation, Medi-Cal license, Medicare numbers, social security numbers, and other identifying numbers.
Business Relationships Business transactions with vendors, contractors, and other	**Business Inducements** Board members, employees, and contractors shall not seek to gain advantage through improper use of payments, business courtesies,

Principle	Standard
third parties shall be conducted at arm's length in fact and in appearance, transacted free from improper inducements and in accordance with applicable law and ethical standards.	or other inducements. The offering, giving, soliciting, or receiving of any form of bribe or other improper payment is prohibited. Board members, employees, contractors and providers shall not use their positions to personally profit or assist others in profiting in any way at the expense of Federal and/or State health care programs, CalOptima, or CalOptima members. **Gifts to CalOptima** Board members and employees are specifically prohibited from soliciting and accepting personal gratuities, gifts, favors, services, entertainment, or any other things of value from any person or entity that furnishes items or services used, or that may be used, in CalOptima and its programs unless specifically permitted under CalOptima policies. Employees may not accept cash or cash equivalents. Perishable or consumable gifts given to a department or group are not subject to any specific limitation and business meetings at which a meal is served is not considered a prohibited business courtesy. **Provision of Gifts by CalOptima** Employees may provide gifts, entertainment or meals of nominal value to CalOptima's current and prospective business partners and other persons when such activities have a legitimate business purpose, are reasonable, and are otherwise consistent with applicable law and CalOptima policies on this subject. In addition to complying with statutory and regulatory requirements, it is critical to even avoid the appearance of impropriety when giving gifts to persons and entities that do business or are seeking to do business with CalOptima. **Third-Party Sponsored Events** CalOptima's joint participation in contractor, vendor, or other third-party sponsored events, educational programs and workshops is subject to compliance with applicable law, including gift of public fund requirements and fraud and abuse prohibitions, and must be approved in accordance with CalOptima policies on this subject. In no event, shall CalOptima participate in any joint contractor, vendor, or third party sponsored event where the intent of the other participant is to improperly influence, or gain unfair advantage from, CalOptima or its operations. Employees' attendance at contractor, vendor, or

Principle	Standard
	other third-party sponsored events, educational programs and workshops is generally permitted where there is a legitimate business purpose but is subject to prior approval in accordance with CalOptima policies. **Provision of Gifts to Government Agencies** Board members, employees, and contractors shall not offer or provide any money, gifts, or other things of value to any government entity or its representatives, except campaign contributions to elected officials in accordance with applicable campaign contribution laws. **Broad Application of Standards** CalOptima intends that these standards be construed broadly to avoid even the appearance of improper activity.
Conflicts of Interests Board members and employees owe a duty of undivided and unqualified loyalty to CalOptima.	**Conflict of Interest Code** Designated employees, including Board members, shall comply with the requirements of the CalOptima Conflict of Interest Code and applicable laws. Board members and employees are expected to conduct their activities to avoid impropriety and/or the appearance of impropriety, which might arise from the influence of those activities on business decisions of CalOptima, or from disclosure of CalOptima's business operations. **Outside Services and Interests** Without the prior written approval of the Chief Executive Officer (or in the case of the Chief Executive Officer, the Chair of the CalOptima Board of Directors), no employee shall (1) perform work or render services for any contractor, association of contractors or other organizations with which CalOptima does business or which seek to do business with CalOptima, (2) be a director, officer, or consultant of any contractor or association of contractors; or (3) permit his or her name to be used in any fashion that would tend to indicate a business connection with any contractor or association of contractors.
Discrimination CalOptima acknowledges that fair and equitable treatment of employees, members,	**No Discrimination** CalOptima is committed to compliance with applicable anti-discrimination laws including Title VI of the Civil Right Act of 1964. Board members, employees and contractors shall not

Principle	Standard
providers, and other persons is fundamental to fulfilling its mission and goals.	unlawfully discriminate on the basis of race, color, national origin, creed, ancestry, religion, language, age, marital status, gender (which includes sex, gender identity, gender transition status and gender expression), sexual orientation, health status, pregnancy, physical or mental disability, military status or any other classification protected by law. CalOptima is committed to providing a work environment free from discrimination and harassment based on any classification noted above. **Reassignment** CalOptima, physician groups, and Health Networks shall not reassign members in a discriminatory manner, including based on the enrollee's health status.
Participation Status CalOptima requires that employees, contractors, providers, and suppliers meet Government requirements for participation in CalOptima's programs.	**Federal and State Health Care Program Participation Status** Board members, employees, and contractors shall not be currently suspended, terminated, debarred, or otherwise ineligible to participate in any Federal or State health care program, including the Medi-Cal program and Medicare programs. **CalOptima Screening** CalOptima will M~~m~~onitor the participation status of employees, individuals and entities doing business with CalOptima by conducting regular Exclusion and Preclusion screening reviews in accordance with CalOptima policies. **Disclosure of Participation Status** Board members, employees and contractors shall disclose to CalOptima whether they are currently suspended, terminated, debarred, or otherwise ineligible to participate in any Federal and/or State health care program. Employees, individuals, and entities that do business with CalOptima shall disclose to CalOptima any pending investigation, disciplinary action, or other matter that could potentially result in their Exclusion or Preclusion from participation in any Federal or State health care program. **Delegated Third Party Administrator Review** CalOptima requires that its Health Networks, physician groups, and third-party administrators review participating providers and suppliers for licensure and participation status as part of the

Principle	Standard
	delegated credentialing and recredentialing processes when such obligations have been delegated to them. **Licensure** CalOptima requires that all employees, contractors, Health Networks, participating providers, and suppliers who are required to be licensed, credentialed, certified, and/or registered in order to furnish items or services to CalOptima and its members have valid and current licensure, credentials, certification and/or registration, as applicable.
Government Inquiries/Legal Disputes Employees shall notify CalOptima upon receipt of Government inquiries and shall not destroy or alter documents in response to a government request for documents or information.	**Notification of Government Inquiry** Employees shall notify the Compliance Officer and/or their supervisor immediately upon the receipt (at work or at home) of an inquiry, subpoena, or other agency or government requests for information regarding CalOptima. **No Destruction of Documents** Employees shall not destroy or alter CalOptima information or documents in anticipation of, or in response to, a request for documents by any governmental agency or from a court of competent jurisdiction. **Preservation of Documents Including Electronically Stored Information** Board members and employees shall comply with all obligations to preserve documents, data, and records including, electronically stored information in accordance with CalOptima policies and shall comply with instructions on preservation of information and prohibitions and destruction of information issued by legal counsel.
Compliance Program Reporting Board members, employees, and contractors have a duty to comply with CalOptima's Compliance Program and such duty shall be a condition of their respective appointment, employment, or engagement.	**Reporting Requirements** All Board members, employees and contractors are expected and required to promptly report suspected violations of any statute, regulation, or guideline applicable to Federal and/or State health care programs or of CalOptima's own policies in accordance with CalOptima's reporting policies and its Compliance Plan. Such reports may be made to a Ssupervisor or the Compliance Officer. Reports can also be made to CalOptima's hotline number below.

Principle	Standard
	Persons making reports to the hotline can do so on an anonymous basis. **Compliance and Ethics Hotline: 877-837-4417** **Disciplinary Action** Failure to comply with the Compliance Program, including the Code of Conduct, policies, and/or applicable statutes, regulations and guidelines may lead to disciplinary action. Discipline for failure to abide by the Code of Conduct may, in CalOptima's discretion, range from oral correction to termination in accordance with CalOptima's policies. In addition, failure to comply may result in the imposition of civil, criminal, or administrative fines on the individual, or entity, and CalOptima or Exclusion or Preclusion from participation in Federal and/or State health care programs. **Training and Education** CalOptima provides training and education to Board members, employees and FDRs. Timely completion of compliance and HIPAA training is mandatory for all CalOptima employees. **No-Retaliation Policy** CalOptima prohibits retaliation against any individual who reports discrimination, harassment, or compliance concerns, or participates in an investigation of such reports. Employees involved in any retaliatory acts may be subject to discipline, up to and including termination of employment. **Referrals of FWA to Government Agencies** CalOptima is obligated to coordinate compliance activities with federal and state regulators. Employees shall comply with CalOptima policies related to FWA referral requirements to federal and state regulators, delegated program integrity contractors, and law enforcement agencies. **Certification** All Board members, employees, and contractors are required to certify, in writing, that they have received, read, understand and will abide by the Code of Conduct and applicable policies.

Appendix C

TYPES OF FDR FWA

FDR FRAUD, WASTE OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
P01	Unsubstantiated declaration of eligibility to participate in the CalOptima program.	Provider information not able to be verified during credentialing or contracting process; providers on the excluded or precluded provider list.
P02	Submission of claims for covered services that are substantially and demonstrably in excess of any individual's usual charges for such covered services.	PBM reports; data analytics; claims data; encounter data; FWA software.
P03	Submission of claims for covered services that are not actually provided to the member for which the claim is submitted.	PBM reports; data analytics; claims data; encounter data; FWA software; verification survey; hotline.
P04	Submission of claims for covered services that are in excess of the quantity that is medically necessary.	PBM reports; data analytics; claims data; encounter data; FWA software.
P05	Submission of claims for covered services that are billed using a code that would result in great payment than the code that reflects the covered services.	PBM reports; data analytics; claims data; encounter data; FWA software.
P06	Submission of claims for covered services that is already included in the capitation rate.	PBM reports; data analytics; claims data; encounter data; FWA software.
P07	Submission of claims for covered services that are submitted for payment to both CalOptima and another third-party payer without full disclosure.	PBM reports; data analytics; claims data; encounter data; FWA software; payment by OHI.
P08	Charging a member in excess of allowable co-payments and deductibles for covered services.	Member report; hotline report; oversight Audits.
P09	Billing a member for covered services without obtaining written consent to bill for such services.	Member report; hotline report; oversight Audits.

Back to Agenda Back to Item

FDR FRAUD, WASTE OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
P10	Failure to disclose conflict of interest.	Hotline; credentialing or contracting process.
P11	Receiving, soliciting, or offering a kickback, bribe, or rebate to refer or fail to refer a member.	Hotline report; oversight report.
P12	Failure to register billing intermediary with the Department of Health Care Services.	Oversight Audit; report by regulatory body; hotline.
P13	False certification of medical necessity.	Medical record review; claims data; encounter data; FWA software.
P14	Attributing a diagnosis code to a member that does not reflect the member's medical condition for the purpose of obtaining higher reimbursement.	Medical record review; claims data; encounter data; FWA software.
P15	False or inaccurate minimum standards or credentialing information.	Hotline; credentialing or contracting process.
P16	Submitting reports that contain unsubstantiated data, data that is inconsistent with records, or has been altered in a manner that is inconsistent with policies, contracts, statutes, or regulations.	Medical record review; claims data; encounter data; FWA software.
P17	Other (please specify).	Any source.
P18	Provider Pharmacy Utilization.	PBM reports; data analytics; claims data; encounter data; FWA software.
P19	Billing Medi-Cal member for services.	Member report; hotline report; oversight Audits.
P20	Durable Medical Equipment- covered services that are not actually provided to member.	Member report; hotline report; oversight Audits; verification survey.

Appendix D

TYPES OF EMPLOYEE FWA

EMPLOYEE FRAUD OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
E01	Use of a member's identity or documentation of Medi-Cal eligibility to obtain services.	Employees obtaining services on a member's account. Hotline report. Data analytics. Referrals to SIU.
E02	Use of a member's identity or documentation of Medi-Cal eligibility to obtain a gain.	Employees obtaining unjust enrichment, funds, or other gain by selling member's account information. Hotline report.
E03	Employee assistance to providers with the submission of claims for covered services that are not actually provided to the member for which the claim is submitted.	Employees obtaining unjust enrichment, funds, or other gain from provider by using member's account information to assist in the submission of false claims. Hotline report. Referrals to SIU.
E04	Employee deceptively accessing company confidential information for purpose of a gain.	Employees obtaining unjust enrichment, funds, or other gain from another by deceptive and unauthorized accessing of information. Hotline Service. Data Analytics. Referrals to SIU.

Back to Agenda Back to Item

E. GLOSSARY

Abuse ("Abuse") means actions that may, directly or indirectly, result in: unnecessary costs to a CalOptima program, improper payment, payment for services that fail to meet professionally recognized standards of care, or services that are medically unnecessary. Abuse involves payment for items or services when there is no legal entitlement to that payment and the provider has not knowingly and/or intentionally misrepresented facts to obtain payment. Abuse cannot be differentiated categorically from fraud, because the distinction between "fraud" and "abuse" depends on specific facts and circumstances, intent and prior knowledge, and available evidence, among other factors.

Audit ("Audit" or "Auditing") means a formal, systematic, and disciplined approach designed to review, evaluate, and improve the effectiveness of processes and related controls using a particular set of standards (e.g., policies and procedures, laws, and regulations) used as base measures. Auditing is governed by professional standards and completed by individuals independent of the process being audited and may require one (1) of several acknowledged certifications. ~~and normally performed by individuals with one (1) of several acknowledged certifications.~~.

Audit & Oversight Committee ("AOC") means a subcommittee of the Compliance Committee chaired by the Director(s) of Audit & Oversight to oversee CalOptima's delegated functions. The composition of the AOC includes representatives from CalOptima's departments as provided for in CalOptima Policy HH.4001Δ: Audit & Oversight Committee.

Board Members ("Board Members") means the members of the CalOptima Board of Directors.

CalOptima ("CalOptima") means the Orange County Health Authority, d.b.a. CalOptima, a County Organized Health System ("COHS") created under California Welfare and Institutions Code Section 14087.54 and Orange County Ordinance No. 3896, as amended.

CalOptima Board of Directors ("CalOptima Board") means the Board of Directors of CalOptima, which serves as the Governing Body of CalOptima, appointed by the Orange County Board of Supervisors in accordance with the Codified Ordinances of the County of Orange.

CalOptima Members ("CalOptima Members" or "Members") means a beneficiary who is enrolled in a CalOptima program.

CalOptima Programs ("CalOptima Programs") means the Medi-Cal program administered by CalOptima under contract with DHCS, the Medicare Advantage Program ("OneCare") administered by CalOptima under contract with CMS, the Program of All Inclusive Services for the Elderly ("PACE") program administered by CalOptima under contract with DHCS and CMS, the Multipurpose Senior Services Program ("MSSP") administered by CalOptima under contract with the California Department of Aging, and the OneCare Connect program administered by CalOptima

under contract with DHCS and CMS, as well as any other program now or in the future administered by CalOptima.

Centers for Medicare & Medicaid Services ("CMS") means the federal agency within the United States Department of Health and Human Services (DHHS) that administers the Federal Medicare program and works in partnership with state governments to administer Medicaid programs.

Code of Conduct ("Code of Conduct") means the statement setting forth the principles and standards governing CalOptima's activities to which Board Members, employees, FDRs, and agents of CalOptima are expected to adhere.

Compliance Committee ("Compliance Committee") means that committee designated by the Chief Executive Officer (CEO) to implement and oversee the Compliance Program and to participate in carrying out the provisions of this Compliance Plan. The composition of the Compliance Committee shall consist of Executive Staff that may include, but is not limited to, the: Chief Executive Officer; Chief Medical Officer; Chief Operating Officer; Chief Financial Officer; Compliance Officer; and Executive Director of Human Resources.

Compliance Plan ("Compliance Plan") means this plan and all attachments, exhibits, modifications, supplements, or amendments thereto.

Compliance Program ("Compliance Program" or "Program") means the program (including, without limitation, this Compliance Plan, Code of Conduct, and policies and procedures) developed and adopted by CalOptima to promote, monitor and ensure that CalOptima's operations and practices and the practices of its Board Members, employees, and FDRs comply with applicable law and ethical standards.

Compliance Risk Assessment ("CRA") A tool utilized to stratify level of risk (high, medium, low) based upon Audit results and corrective actions issued to identify specific CalOptima functional areas vulnerable to potential Compliance risk.

Conflict of Interest Code ("Conflict of Interest Code") means CalOptima's Conflict of Interest Code approved and adopted on December 6, 1994, as amended and updated from time to time.

Corrective Action Plan ("CAP") means a plan delineating specific identifiable activities or undertakings that address and are designed to correct program deficiencies or problems identified by formal Audits or Monitoring Activities by CalOptima, the Centers of Medicare & Medicaid Services (CMS), Department of Health Care Services (DHCS), or designated representatives. FDRs and/or CalOptima departments may be required to complete CAPs to ensure compliance with statutory, regulatory, or contractual obligations and any other requirements identified by CalOptima and its regulators.

Delegation ("Delegated") means a legal assignment to another party of the authority for particular functions, tasks, and decisions on behalf of the original party. The original party remains liable for compliance and fulfillment of any and all rules, requirements, and obligations pertaining to the delegated functions.

Department of Health and Human Services-Office of Inspector General ("OIG") means the Office of Inspector General of the United States Department of Health and Human Services.

Department of Health Care Services ("DHCS") means the California Department of Health Care Services, the State agency that oversees California's Medicaid program, known as Medi-Cal.

Department of Managed Health Care ("DMHC") means the California Department of Managed Health Care that oversees California's managed care system. DMHC regulates health maintenance organizations licensed under the Knox-Keene Act, Health & Safety Code Sections 1340 *et seq*.

Designated Employee ("Designated Employee") means the persons holding positions listed in the Appendix to the CalOptima Conflict of Interest Code.

Designee ("Designee") is a person selected or designated to carry out a duty or role. The assigned designee is required to be in management or hold the appropriate qualifications or certifications related to the duty or role.

Downstream Entity ("Downstream Entity") means any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima program benefit, below the level of the arrangement between CalOptima and a first-tier entity. These written arrangements continue down to the level of the ultimate provider of both health and administrative services.

Employee or **Employees** ("Employee" or "Employees") means any and all employees of CalOptima, including all Executive Staff, Management, officers, managers, Ssupervisors and other employed personnel, as well as temporary employees and volunteers.

Exclusion ("Exclusion" or "Excluded") means suspension, exclusion, or debarment from participation in federal and/or state health care programs.

Executive Director of Compliance ("Executive Director of Compliance" or "Compliance Officer") means that person designated as the Compliance Officer for CalOptima charged with the responsibility of implementing and overseeing the Compliance Program and the Compliance Plan and Fraud, Waste, and Abuse Plan.

Executive Staff ("Executive Staff") means an employee whose position title is Chief, or Executive Director of one (1) or more departments.

False Claims Act ("FCA") means the False Claims Act pursuant to 31 United States Code [U.S.C.] Sections 3729-3733, which protects the Government from being overcharged or sold substandard goods or services. The FCA imposes civil liability on any person who knowingly submits, or causes to be submitted, a false or fraudulent claim to the Federal Government. The "knowing" standard includes acting in deliberate ignorance or reckless disregard of the truth related to the claim. Civil penalties for violating the FCA may include fines and up to three (3) times the amount of damages sustained by the Government as a result of the false claims. There also are criminal penalties for submitting false claims, which may include fines, imprisonment, or both. (18 U.S.C. Section 287.)

FDR ("FDR") means First Tier, Downstream or Related Entity, as separately defined herein.

Federal and/or State Health Care Programs ("Federal and/or State Health Care Programs") means any plan or program providing health care benefits, directly through insurance or otherwise, that is funded directly, in whole or in part, by the United States Government (other than the Federal Employees Health Benefits Program), including Medicare, or any State health care program as defined in 42 U.S.C. § 1320a-7b (f) including the California Medicaid program, Medi-Cal.

First Tier Entity ("First Tier Entity") means any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care services to a member under a CalOptima program.

Fraud ("Fraud") means knowingly and willfully executing, or attempting to execute, a scheme or artifice to defraud any health care benefit program or to obtain (by means of false or fraudulent pretenses, representations, or promises) any of the money or property owned by, or under the custody or control of, any health care benefit program. (18 U.S.C. § 1347.)

General Services Administration ("GSA**"**) **System for Award Management** ("SAM") is a type of federal government exclusion database and contains the list of Excluded Parties List System (GSA-EPLS). The EPLS consists of federal contractors who have been debarred, S~~s~~anctioned, or excluded due to government contract issues or fraud. The database is usually updated on a monthly basis.

Governing Body ("Governing Body") means the Board of Directors of CalOptima.

Health Network ("Health Network" or "Health Networks") means the contracted Health Networks of CalOptima, including Physician Hospital Consortia ("PHCs"), Shared Risk Medical Groups ("SRGs"), and Health Maintenance Organizations ("HMOs").

Health Insurance Portability and Accountability Act ("HIPAA") means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, enacted on August 21, 1996. Sections 261 through 264 of HIPAA require the Secretary of the U.S. Department of Health and Human Services to publicize standards for the electronic exchange, privacy and security of health

information, as amended.

Immediate Corrective Action Plan ("ICAP") means the result of non-compliance with specific requirements that has the potential to cause significant Member harm. Significant Member harm exists if the noncompliance resulted in the failure to provide medical items, services or prescription drugs, causing financial distress, or posing a threat to Member's health and safety due to non-existent or inadequate policies and procedures, systems, operations or staffing.

Management ("Management") means any employee whose position title is Director, Senior Manager, Manager, or Supervisor of one (1) or more departments.

Medi-Cal Suspended & Ineligible ("S&I") **Provider List** is a list of suspended and ineligible providers that is maintained by DHCS in the Medi-Cal Provider Manual. The list is updated monthly and available online and in print from DHCS.

Medicare Secondary Payer (MSP) Vendor means third-party vendors contracted to perform administrative functions with regards to the identification and recovery of monies owed to OneCare or OneCare Connect for recoupment of conditional payments. These administrative duties include, but are not limited to, the pursuit of repayments for third party liabilities and other health care coverage.

Monitoring Activities ("Monitoring") means regular reviews directed by management and performed as part of normal operations to confirm ongoing compliance and to ensure that corrective actions are undertaken and effective.

Multipurpose Senior Services Program ("MSSP") is a program approved under the federal Medicaid Home and Community-Based, 1915 (c) Waiver designed to prevent premature institutionalization through provision of comprehensive social and health care management to assist frail elder person who are certifiable for placement in a nursing facility, to remain safely at home at a cost lower than nursing facility care.

National Committee for Quality Assurance Standards for Accreditation of MCOs ("NCQA Standards") means the written standards for accreditation of managed care organizations published by the National Committee for Quality Assurance.

Office of Inspector General List of Excluded Individuals and Entities ("OIG LEIE") is an exclusion list and contains individuals and/or entities that have been excluded from participation in federal healthcare programs such as Medicare and Medicaid. This list is usually updated on a monthly basis.

OneCare ("OneCare") is a Medicare Advantage Health Maintenance Organization (HMO) plan offered by CalOptima to provide Medicare covered benefits to Members.

OneCare Connect ("OneCare Connect") is a Medicare-Medicaid health plan offered by CalOptima that contracts with both Medicare and Medi-Cal to provide covered benefits of both programs to Members.

Overpayment ("Overpayment") means a payment disbursed in excess of amounts properly payable under Medicare and Medi-Cal statutes and regulations.

Participating Providers and Suppliers ("Participating Providers and Suppliers") include all health care providers and suppliers (e.g., physicians, mid-level practitioners, hospitals, long term care facilities, pharmacies, etc.) that receive reimbursement from CalOptima or its Health Networks for items or services furnished to members. Participating providers and suppliers for purposes of this Compliance Plan may or may not be contracted with CalOptima and/or the Health Networks.

Participation Status ("Participation Status") means whether a person or entity is currently suspended, excluded, precluded, or otherwise ineligible to participate in Federal and/or State health care programs as provided in CalOptima policies and procedures.

Participation Status Review ("Participation Status Review") means the process by which CalOptima reviews its Board Members, employees, FDRs, and CalOptima Direct providers to determine whether they are currently suspended, excluded, precluded, or otherwise ineligible to participate in Federal and/or State health care programs.

Personally Identifiable Information ("PII") means any information about an individual maintained by an agency, including (1) any information that can be used to distinguish or trace an individual's identity, such as name, social security number, date and place of birth, mother's maiden name, or biometric records; and (2) any other information that is linked or linkable to an individual, such as medical, educational, financial, and employment information.

Pharmacy Benefit Manager ("PBM") means an entity that provides pharmacy benefit management services, including contracting with a network of pharmacies; establishing payment levels for network pharmacies; negotiating rebate arrangements; developing and managing formularies, preferred drug lists, and prior authorization programs; maintaining patient compliance programs; performing drug utilization review; and operating disease management programs.

Policies and Procedures ("Policies and Procedures") means CalOptima's written policies and procedures regarding the operation of CalOptima's Compliance Program, including applicable Human Resources policies, outlining CalOptima's requirements and standards in compliance with applicable law.

Program of All-Inclusive Care for the Elderly ("PACE") is a long-term comprehensive health care program that helps older adults to remain as independent as possible. PACE coordinates and

provides all needed preventive, primary, acute and long-term care services so seniors can continue living in their community.

Preclusion ("Precluded" or "Preclusion List") is a type of exclusion. The CMS Preclusion List is a list of Providers and prescribers who are precluded from receiving payment for Medicare Advantage (MA) items and services or Part D drugs furnished or prescribed to Medicare beneficiaries.

Protected Health Information ("PHI") refers to the 45 Code of Federal Regulations Section 160.103, including the following: individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium.

This information identifies the individual or there is reasonable basis to believe the information can be used to identify the individual. The information was created or received by CalOptima or Business Associates and relates to:

1. The past, present, or future physical or mental health or condition of a Member;
2. The provision of health care to a Member; or
3. Past, present, or future Payment for the provision of health care to a Member.

Readiness Assessment ("Readiness Assessment") is an assessment conducted by a review team prior to the effective date of a Delegated Entity's or other contracted entity's contract with CalOptima. The assessment determines the Delegated Entity's or contracted entity's compliance with all or a specified number of operational functional area requirements, as determined by CalOptima.

Regulatory Agencies ("Regulatory Agencies") include, but are not limited to: Centers for Medicare & Medicaid Services (CMS), Department of Health Care Services (DHCS), Department of Managed Health Care (DMHC), Health and Human Services Office of Inspector General (OIG), and the Office of Civil Rights (OCR).

Related Entity ("Related Entity") means any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.

Sanction ("Sanction") means an action taken by CalOptima, including, but not limited to, restrictions, limitations, monetary fines, termination, or a combination thereof, based on an FDR's or its agent's failure to comply with statutory, regulatory, contractual, and/or other requirements related to CalOptima programs.

Seniors and Persons with Disabilities ("SPD") means Medi-Cal beneficiaries who fall under specific

Aged and Disabled Aid Codes as defined by the DHCS.

Sub-delegation ("Sub-delegation") means the process by which a first tier entity expressly grants, by formal agreement, to a downstream entity the authority to carry out one or more functions that would otherwise be required to be performed by the first tier entity in order to meet its obligations under the delegation agreement.

Supervisor ("Supervisor" or "Manager") means an employee in a position representing CalOptima who has one (1) or more employees reporting directly to him or her. With respect to FDRs, the term "Supervisor" shall mean the CalOptima employee that is the designated liaison for that contractor.

Third-Party Administrator ("TPA") means a contractor that furnishes designated claims processing and other administrative services to CalOptima.

Waste ("Waste") means the overutilization of services, or other practices that, directly or indirectly, result in unnecessary costs to a CalOptima program. Waste is generally not considered to be caused by criminally negligent actions but rather the misuse of resources.

TABLE OF CONTENTS

A. OVERVIEW OF THE COMPLIANCE PROGRAM

The Orange County Health Authority, dba CalOptima, is committed to conducting its operations in compliance with ethical standards, contractual obligations, and all applicable statutes, regulations, and rules, including those pertaining to Medi-Cal, Medicare, Program of All-Inclusive Care for the Elderly (PACE), Multipurpose Senior Services Program (MSSP), and other CalOptima Programs.

CalOptima's compliance commitment encompasses its own internal operations, as well as its oversight and Monitoring responsibilities related to CalOptima's First Tier, Downstream, and Related Entities (FDRs), such as Health Networks, physician groups, Participating Providers, and Suppliers, Pharmacy Benefit Manager (PBM), and consultants. The term FDR is used in this document to refer to CalOptima's delegated subcontractors that perform administrative functions and/or provide health care services that CalOptima is required to perform and/or provide under its state and federal contracts with the Centers for Medicare & Medicaid Services (CMS) and the Department of Health Care Services (DHCS). Such persons/entities, referred to as FDR herein, include those that directly contract with CalOptima and those that are Downstream or Related Entities (i.e., subcontracts) with CalOptima's First Tier Entities.

CalOptima has developed a comprehensive Compliance Program applicable to all of CalOptima's programs, including, but not limited to, its Medi-Cal Program, its Medicare Advantage Prescription Drug Program (MA-PDP referred to as "OneCare"), its Medicare-Medicaid Plan (MMP referred to as "OneCare Connect"), PACE, and MSSP. The Compliance Program incorporates all elements of an effective Compliance Program as recommended by the Office of the Inspector General (OIG) and required by CMS regulations. The Compliance Program is continually evolving and may be modified and enhanced based on compliance Monitoring and identification of new areas of operational, regulatory, or legal risk. CalOptima requires that CalOptima Board Members, Employees, and FDRs conduct themselves in accordance with the requirements of CalOptima's Compliance Program.

B. THE COMPLIANCE PLAN

This Compliance Plan sets forth CalOptima's commitment to legal and ethical conduct by establishing compliance activities, along with CalOptima principles and standards, to efficiently Monitor adherence to all applicable laws, regulations, and guidelines. The Compliance Plan addresses the fundamental elements of an effective Compliance Program and identifies how CalOptima is implementing each of the fundamental elements of an effective Compliance Program in its operations to meet its contractual, legal, and regulatory obligations. Moreover, the Compliance Plan is designed to provide guidance and to ensure that CalOptima's operations and the practices of its Board Members, Employees, and FDRs comply with contractual requirements, ethical standards, and applicable law.

This Compliance Plan is adopted by the Governing Body. It was developed and is managed by the Executive Director of Compliance (hereinafter referred to as the "Compliance Officer") with the Compliance Committee. Due to the dynamic nature of the complex laws governing CalOptima and its programs, the Compliance Plan may be revised and updated from time to time to respond to changes in the law and/or to reflect improvements in CalOptima's operations and processes.

Board Members, Employees, and FDRs are expected to review and adhere to the requirements and standards set forth in the Compliance Plan, the Code of Conduct, and all related Policies and Procedures, as may be amended. Furthermore, Board Members, Employees, and FDRs are expected to be familiar with the contractual, legal, and regulatory requirements pertinent to their respective roles and responsibilities. If a Board Member, Employee, and/or FDR has/have any questions about the application, or implementation, of this Compliance Plan, or questions related to the Code of Conduct or CalOptima Policies and Procedures, he or she should seek guidance from the Compliance Officer and/or the CalOptima Office of Compliance.

I.WRITTEN STANDARDS

To demonstrate CalOptima's commitment to complying with all applicable federal and state standards and to ensure a shared understanding of what ethical and legal standards and requirements are expected of Board Members, Employees, and FDRs, CalOptima develops, maintains, and distributes its written standards in the form of this Compliance Plan, a separate Code of Conduct, and written Policies and Procedures.

a. Compliance Plan

As noted above, this Compliance Plan outlines how contractual and legal standards are reviewed and implemented throughout the organization and communicated to CalOptima Board Members, Employees, and FDRs. This Compliance Plan also includes a comprehensive section articulating CalOptima's commitment to preventing Fraud, Waste, & Abuse (FWA), and setting forth guidelines and procedures designed to detect, prevent, and remediate FWA in the administration of CalOptima Programs. The Compliance Plan is available on CalOptima's external website for Board Members and FDRs, as well as on CalOptima's intranet site, referred to as InfoNet, accessible to all Employees.

b. Policies and Procedures

CalOptima also developed written Policies and Procedures to address specific areas of CalOptima's operations, compliance activities, and FWA prevention, detection, and remediation to ensure CalOptima can efficiently Monitor adherence to all applicable laws, regulations, and guidelines. These Policies and Procedures are designed to provide guidance to Board Members, Employees, and FDRs concerning compliance expectations and outline processes on how to identify, report, investigate, and/or resolve suspected, detected, or reported compliance issues. Board Members, Employees, and FDRs are expected to be familiar with the Policies and Procedures pertinent to their respective roles and responsibilities, and are expected to perform their responsibilities in compliance with ethical standards, contractual obligations, and applicable law. The Compliance Officer, or his/her Designee, will ensure that Board Members, Employees, and FDRs are informed of applicable policy requirements, and that such dissemination of information is documented and retained, in accordance with applicable record retention standards.

The Policies and Procedures are reviewed annually and updated, as needed, depending on state and federal regulatory changes and/or operational improvements to address identified risk factors. Changes to CalOptima's Policies and Procedures are reviewed and approved by CalOptima's Policy Review Committee. The Policy Review Committee, comprised of executive officers and key Management staff, meets regularly to review and approve proposed changes and additions to CalOptima's Policies and Procedures. Policies and Procedures are available on CalOptima's internal website and Compliance 360 (C360), a separate web portal accessible to Board Members, Employees, and FDRs. Board Members, Employees, and FDRs receive notice when Policies and Procedures are updated via a monthly memorandum.

c. Code of Conduct

Finally, the Code of Conduct is CalOptima's foundational document detailing fundamental principles, values, and the framework for business practices within and applicable to CalOptima. The objective of the Code of Conduct is to articulate compliance expectations and broad principles that guide CalOptima Board Members, Employees, and FDRs in conducting their business activities in a professional, ethical, and lawful manner. The Code of Conduct is a separate document from the Compliance Plan and can be found in Appendix A. The Code of Conduct is approved by the CalOptima Board of Directors and distributed to Board Members, Employees, and FDRs upon appointment, hire, or the commencement of the contract, and annually thereafter. New Board Members, Employees, and FDRs are required to sign an attestation acknowledging receipt and review of the Code of Conduct within ninety (90) calendar days of the appointment, hire, or commencement of the contract, and annually thereafter.

II.OVERSIGHT

The successful implementation of the Compliance Program requires dedicated commitment and diligent oversight throughout CalOptima's operations, including, but not limited to, key roles and responsibilities by the CalOptima Board, the Compliance Officer, the Compliance Committee, the Audit & Oversight Committee, and Executive Staff.

a. Governing Body

The CalOptima Board of Directors, as the Governing Body, is responsible for approving, implementing, and Monitoring a Compliance Program governing CalOptima's operations. The CalOptima Board delegates the Compliance Program oversight and day-to-day compliance activities to the Chief Executive Officer (CEO), who then delegates such oversight and activities to the Compliance Officer. The Compliance Officer is an Employee of CalOptima, who handles compliance oversight and activities full-time. The Compliance Officer, in conjunction with the Compliance Committee, are both accountable for the oversight and reporting roles and responsibilities as set forth in this Compliance Plan. However, the CalOptima Board remains accountable for ensuring the effectiveness of the Compliance Program within CalOptima and Monitoring the status of the Compliance Program to ensure its efficient and successful implementation.

To ensure the CalOptima Board exercises reasonable oversight with respect to the implementation and effectiveness of CalOptima's Compliance Program, the CalOptima Board:

- Understands the content and operation of CalOptima's Compliance Program;
- Approves the Compliance Program, including this Compliance Plan and the Code of Conduct;
- Requires an effective information system that allows it to properly exercise its oversight role and be informed about the Compliance Program outcomes, including, but not limited to, results of internal and external Audits;
- Receives training and education upon appointment, and annually thereafter, concerning the structure and operation of the Compliance Program;
- Remains informed about governmental compliance enforcement activity, such as Notices of Non-Compliance, Corrective Action Plans, Warning Letters, and/or Sanctions;
- Receives regularly scheduled, periodic updates from CalOptima's Compliance Officer and Compliance Committee, including, but not limited to, monthly reports summarizing overall compliance activities and any changes that are recommended;
- Receives timely written notification and updates on urgent compliance issues that require engagement and action;
- Convenes formal ad hoc and closed session discussions for significant and/or sensitive compliance matters, to the extent permitted by applicable law; and
- Reviews the results of performance and effectiveness assessments of the Compliance Program.

The CalOptima Board reviews the measurable indicators of an effective Compliance Program and remains appropriately engaged in overseeing its efficient and successful implementation; however, the CalOptima Board delegates several compliance functions and activities as described in the following subsections.

b. Executive Director of Compliance (Compliance Officer)

The Executive Director of Compliance serves as the Compliance Officer who coordinates and communicates all assigned compliance activities and programs, as well as plans, implements, and Monitors the day-to-day activities of the Compliance Program. The Compliance Officer reports directly to the CEO and the Compliance Committee on the activities and status of the Compliance Program. The Compliance Officer has authority to report matters directly to the CalOptima Board at any time. Furthermore, the Compliance Officer ensures that CalOptima meets all state and federal regulatory and contractual requirements.

The Compliance Officer interacts with the CalOptima Board, CEO, CalOptima's Executive Staff and departmental Management, FDRs, legal counsel, state and federal representatives, and others as required. In addition, the Compliance Officer supervises the Office of Compliance, which includes compliance professionals with expertise and responsibilities for the following areas: Medi-Cal and Medicare Regulatory Affairs & Compliance, Special Investigations, Privacy, FDR and internal oversight, Policies and Procedures, and training on compliance activities.

The CalOptima Board delegates the following responsibilities to the Compliance Officer, and/or his/her Designee(s):

- Chair the Compliance Committee, which shall meet no less than quarterly and assists the Compliance Officer in fulfilling his/her responsibilities;
- Ensure that the Compliance Program, including this Compliance Plan and Policies and Procedures, are developed, maintained, revised, and updated, annually, or as needed, based on changes in CalOptima's needs, regulatory requirements, and applicable law and distributed to all affected Board Members, Employees, and FDRs, as appropriate;
- Oversee and Monitor the implementation of the Compliance Program, and provide regular reports no less than quarterly to the CalOptima Board and CEO summarizing all efforts, including, but not limited to, the Compliance Committee's efforts to ensure adherence to the Compliance Program, identification and resolution of suspected, detected, or reported instances of non-compliance, and CalOptima's compliance oversight and Audit activities;
- Maintain the compliance reporting mechanisms and manage inquiries and reports from CalOptima's Compliance and Ethics Hotline in accordance with specified protocols, including, but not limited to, maintenance of documentation for each report of potential non-compliance or potential FWA received from any source through any reporting method;

- ► Design, coordinate, and/or conduct regular internal Audits to ensure the Compliance Program is properly implemented and followed, in addition to verifying all appropriate financial and administrative controls are in place;
- ► Develop and implement an annual schedule of Compliance Program activities for each of CalOptima's programs, and regularly report CalOptima's progress in implementing those plans to the appropriate Board committee and/or to the Board of Directors;
- ► Serve as a liaison between CalOptima and all applicable state and federal agencies for non-compliance and/or FWA issues, including facilitating any documentation or procedural requests by such agency(s);
- ► Oversee and Monitor all compliance investigations, including investigations performed by CalOptima's regulators (e.g., DHCS and CMS) and consult with legal counsel, as necessary;
- ► Create and coordinate educational training programs and initiatives to ensure that the CalOptima Board, Employees, and FDRs are knowledgeable about CalOptima's Compliance Program, including the Code of Conduct, Policies and Procedures, and all current and emerging applicable statutory and regulatory requirements;
- ► Timely initiate, investigate, and complete risk assessments and related activities, and direct and implement appropriate Corrective Action Plans, Sanctions, and/or other remediation, including, but not limited to, collaboration with the Human Resources Department to ensure consistent, timely, and effective disciplinary standards are followed; and
- ► Coordinate with CalOptima departments and FDRs to ensure Exclusion and Preclusion screening (including through the OIG List of Excluded Individuals and Entities (LEIE), General Services Administration (GSA) System for Award Management (SAM), Medi-Cal Suspended & Ineligible (S&I) Provider List, and the CMS Preclusion List) has been conducted and acted upon, as appropriate, in accordance with regulatory and contractual requirements.

c. Compliance Committee

The Compliance Committee, chaired by the Compliance Officer, is composed of CalOptima's Executive Staff, as designated by the CEO. The members of the Compliance Committee serve at the discretion of the CEO and may be removed, or added, at any time. The role of the Compliance Committee is to implement and oversee the Compliance Program and to participate in carrying out the provisions of this Compliance Plan. The Compliance Committee meets at least on a quarterly basis, or more frequently as necessary, to enable reasonable oversight of the Compliance Program.

The CalOptima Board delegates the following responsibilities to the Compliance Committee:

- ► Maintain and update the Code of Conduct consistent with regulatory requirements and/or operational changes, subject to the ultimate approval by the CalOptima Board;
- ► Maintain written notes, records, correspondence, or minutes (as appropriate) of Compliance Committee meetings reflecting reports made to the Compliance Committee and the Compliance Committee's decisions on the issues raised (subject to all applicable privileges);

- ► Review and Monitor the effectiveness of the Compliance Program, including Monitoring key performance reports and metrics, evaluating business and administrative operations, and overseeing the creation, implementation, and development of corrective and preventive action(s) to ensure they are prompt and effective;
- ► Analyze applicable federal and state program requirements, including contractual, legal, and regulatory requirements, along with areas of risk, and coordinate with the Compliance Officer to ensure the adequacy of the Compliance Program;
- ► Review, approve, and/or update Policies and Procedures to ensure the successful implementation and effectiveness of the Compliance Program consistent with regulatory, legal, and contractual requirements;
- ► Recommend and Monitor the development of internal systems and controls to implement CalOptima's standards and Policies and Procedures as part of its daily operations;
- ► Determine the appropriate strategy and/or approach to promote compliance and detect potential violations and advise the Compliance Officer accordingly;
- ► Develop and maintain a reporting system to solicit, evaluate, and respond to complaints and problems;
- ► Review and address reports of Monitoring and Auditing of areas in which CalOptima is at risk of program non-compliance and/or potential FWA, and ensure CAPs and ICAPs are implemented and Monitored for effectiveness;
- ► Suggest and implement all appropriate and necessary actions to ensure that CalOptima and its FDRs conduct activities and operations in compliance with the applicable laws and regulations and sound business ethics; and
- ► Provide regular and ad-hoc status reports of compliance with recommendations to the CalOptima Board of Directors.

d. Audit & Oversight Committee (AOC)

The Audit & Oversight Committee (AOC) is a subcommittee of the Compliance Committee and is co-led by the Director(s) of Audit & Oversight. The AOC is responsible for overseeing the delegated and internal activities of CalOptima. The Compliance Committee has final approval authority for any delegated and internal activities. Committee members include representatives from CalOptima's departments as provided for in CalOptima Policy HH.4001Δ: Audit & Oversight Committee. In addition to the monthly scheduled meetings, the AOC may conduct ad hoc meetings either in-person or via teleconference, as needed. All materials requiring action by the AOC are approved by the majority of a quorum of the AOC. A quorum is defined as one (1) over fifty percent (50%). AOC may approve and/or implement Corrective Action Plans (CAPs); however, recommendations for FDR Sanctions and/or de-Delegation are submitted to the Compliance Committee for final approval. The AOC also contributes to external reviews and accreditation Audits, such as the National Committee for Quality Assurance (NCQA).

Responsibilities of the Audit & Oversight Committee with regard to FDRs include:

- ► Annual review, revision, and approval of the Audit tools;
- ► Review findings of the Readiness Assessment to evaluate a potential FDR's ability to perform the delegated function(s);
- ► Review and approve potential FDR entities for Delegation of functions;
- ► Ensure written agreements with each delegated FDR clearly define and describe the delegated activities, responsibilities, and reporting requirements of all parties consistent with applicable laws, regulations, and contractual obligations;
- ► Conduct formal, ongoing evaluation and Monitoring of FDR performance and compliance through review of periodic reports submitted, complaints/grievances filed, and findings of the annual onsite Audit;
- ► Ensure all Downstream and Related Entities are Monitored in accordance with CalOptima oversight procedures;
- ► Ensure that formal risk assessment is conducted on an annual basis, and update as needed, on an ongoing basis;
- ► Initiate and manage Corrective Action Plans (CAPs) for compliance issues;
- ► Propose Sanctions, subject to the Compliance Committee's approval, if an FDR's performance is substandard and/or violates the terms of the applicable agreement; and
- ► Review and initiate recommendations, such as termination of Delegation, to the Compliance Committee for unresolved issues of compliance.

Responsibilities of the Audit & Oversight Committee regarding internal business functions include:

- ► Annual review, revision, and approval of the Audit work plan and Audit tools;
- ► Conduct formal, ongoing evaluation and Monitoring of internal business areas' performance and compliance through review of periodic reports submitted, ongoing Monitoring, and findings of the annual Audit;
- ► Conduct formal risk assessment on an annual basis, and update as needed, on an ongoing basis; and
- ► Initiate and manage Corrective Action Plans (CAPs) for compliance issues.
- ► Initiate and manage other disciplinary actions (e.g., Sanctions, de-delegation) for compliance issues.

e. Executive Staff

The CEO and Executive Staff of CalOptima shall:

- ► Ensure that the Compliance Officer is integrated into the organization and is given the credibility, authority, and resources necessary to operate a robust and effective Compliance Program;
- ► Receive periodic reports from the Compliance Officer of risk areas facing the organization, the strategies being implemented to address them and the results of those strategies; and
- ► Be advised of all governmental compliance and enforcement findings and activity, including

Audit findings, Notices of Non-Compliance, and formal enforcement actions, and participate in corrective actions and responses, as appropriate.

III.TRAINING

Education and training are critical elements of the Compliance Program. CalOptima requires that all Board Members, Employees, and FDRs complete training upon appointment, hire, or commencement of contract, as applicable, and on an annual basis thereafter. Required courses cover CalOptima's Code of Conduct, compliance obligations, relevant laws, and FWA, as applicable. Specialized education courses are assigned to individuals based on their respective roles or positions within or with CalOptima's departments and its programs, which may include, but is not limited to, the fundamentals of managing Seniors and People with Disabilities (SPD) and cultural competency.

CalOptima utilizes state of the art web-based training courses that emphasize CalOptima's commitment to the Compliance Program, and which courses are updated regularly to ensure that Employees are kept fully informed about any changes in procedures, regulations, and requirements. Training may be conducted using new technology resources if materials meet the needs of the organization. The Compliance Officer, or his/her Designee, is responsible for coordinating compliance education and training programs, and ensuring that records evidencing an individual's/FDR's completion of the training requirements are documented and maintained, such as sign-in sheets, attestations, or electronic certifications, as required by law. The Compliance Officer and the CalOptima Executive Staff and Management are responsible for ensuring that Board Members, Employees, and FDRs complete training on an annual basis.

a. Code of Conduct

CalOptima's training program includes the distribution of CalOptima's Code of Conduct to Board Members, Employees, and FDRs. Board Members, Employees, and FDRs are required to sign an attestation acknowledging receipt, review, and understanding of the Code of Conduct within ninety (90) calendar days of their appointment, date of hire, or commencement of the contract, and annually thereafter. Completion and attestation of such review of the Code of Conduct is a condition of continued appointment, employment, or contract services. Signed attestations are maintained in each individual's personnel file, as required by law.

b. Mandatory Training Courses (Compliance Oversight, FWA, and HIPAA)

CalOptima requires Board Members, Employees, and FDRs, regardless of role or position with CalOptima, to complete mandatory compliance training courses. Mandatory courses may include, but are not limited to: the fundamentals of the Compliance Program; FWA training; Health Insurance Portability and Accountability Act of 1996 (HIPAA) privacy and security requirements; ethics; and a high-level overview of the Medicare and Medi-Cal Programs. Detailed information about state and federal false claims acts and whistleblower protections as provided in CalOptima Policy HH.5004Δ: False Claims Act Education shall be included in the mandatory courses. CalOptima's training courses cover CalOptima's commitment to compliance with federal and state laws and regulations, contractual obligations, internal policies, and ethics. Elements of the

Compliance Program are highlighted, including, but not limited to, an emphasis on CalOptima's requirement to and different means to report suspected or actual non-compliance, violations, and/or FWA issues, along with CalOptima's policy on confidentiality, anonymity, and non-retaliation for such reporting. CalOptima's HIPAA privacy and security training course covers the administrative, technical, and physical safeguards necessary to secure Members' Protected Health Information (PHI) and Personally Identifiable Information (PII).

Employees must complete the required compliance training courses within ninety (90) calendar days of hire, and annually thereafter. Adherence to the Compliance Program requirements, including training requirements, shall be a condition of continued employment and a factor in the annual performance evaluation of each Employee. Board Members and FDRs are required to complete the required compliance training courses within ninety (90) calendar days of appointment or commencement of the contract, as applicable, and annually thereafter. Some FDRs may be exempt or deemed to have met the FWA training and education requirement if the FDR has met the CMS requirements, the applicable certification requirements and attests to complying with the standards, or through enrollment into the Medicare program, or accreditation as a Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS). Completion of the training courses are documented electronically, and records of completion are maintained for each individual as required by law.

c. Additional Training

The Office of Compliance may provide additional training opportunities throughout the year focused on essential elements of the Compliance Program. These training opportunities are available to Managers and Employees depending on their respective roles or positions within or with CalOptima's departments and its programs and their involvement in CalOptima's oversight responsibilities. For these training courses, information is presented in a "train the trainer" format, providing Managers the tools and resources to train and share the information with Employees in their respective departments. If additional training related to FWA is required, the Compliance Officer, or his/her Designee, will develop relevant materials.

Employees have access through CalOptima's intranet website (referred to as the "InfoNet") to CalOptima's Policies and Procedures governing the Compliance Program and pertinent to their respective roles and responsibilities. Employees may receive such additional compliance training as is reasonable and necessary based on changes in job descriptions/duties, promotions, and/or the scope of their job functions.

Board Members receive a copy of the Compliance Plan, Code of Conduct, and Policies and Procedures pertinent to their appointment as part of orientation within ninety (90) calendar days of their appointment to the CalOptima Board. Board Members may receive additional compliance training related to the CalOptima Board's role in overseeing and ensuring organizational compliance with CalOptima's Compliance Program.

The Code of Conduct and Policies and Procedures pertinent to their engagement with CalOptima, if directly engaged by CalOptima, are made available to FDRs upon commencement of the FDR contract. FDRs are required to disseminate copies of the Code of Conduct and Policies and Procedures to their Employees, agents, and/or Downstream Entities. CalOptima may also develop compliance training and education presentations and/or roundtables for specified FDRs.

IV. LINES OF COMMUNICATION AND REPORTING

a. General Compliance Communication

CalOptima regularly communicates the requirements of the Compliance Program and the importance of performing individual roles and responsibilities in compliance with applicable laws, contractual obligations, and ethical standards. CalOptima utilizes various methods and forms to communicate general information, statutory or regulatory updates, process changes, updates to Policies and Procedures, contact information for the Compliance Officer, relevant federal and state Fraud alerts and policy letters, pending/new legislation reports, and advisory bulletins from the Compliance Officer to CalOptima Board Members, Employees, FDRs, and Members, including, but not limited to:

- Presentations and Updates at Meetings – CalOptima periodically holds and utilizes in-person and conference call meetings with the CalOptima Board, FDRs, Employees, and individual CalOptima departments, and Members.
- Compliance 360 – CalOptima maintains an internal and external website and portal referred to as Compliance 360, accessible to Board Members, Employees, and FDRs, which contains CalOptima's updated Policies and Procedures.
- Newsletters or Mailed Notices – CalOptima develops, and where appropriate, translates, publications and/or notices, to Board Members, Employees, FDRs, and Members.
- Electronic Mail – The CEO, Compliance Officer, or their respective Designee, periodically sends out email communications and/or alerts to Board Members, Employees, and FDRs, and/or Members, as applicable.
- CalOptima's Intranet Website – CalOptima maintains an intranet website, referred to as InfoNet, where CalOptima posts applicable updates and notices to Employees.
- CalOptima's Compliance Intranet Webpage – The Office of Compliance maintains an internal department webpage accessible to CalOptima Employees for communication of different Compliance initiatives, notices, key documents and forms, updates to the Compliance Program, Code of Conduct, and/or Policies and Procedures.
- Postings – The Office of Compliance posts information on how to report potential issues of non-compliance and FWA throughout CalOptima's facilities, including, but not limited to, break rooms, which are accessible to CalOptima Employees.
- Written Reports – The Compliance Officer, in coordination with the CEO and Compliance Committee, prepares written reports, no less than quarterly, concerning the status of the Compliance Program to be presented to the CalOptima Board.
- Direct Contact with the Compliance Officer - Board Members, Employees, and FDRs can obtain additional compliance information directly from the Compliance Officer. Any questions, which cannot be answered by the Compliance Officer, shall be referred to the Compliance Committee.

b. Reporting Mechanisms

CalOptima Board Members, Employees, and FDRs have an affirmative duty and are directed in CalOptima's Code of Conduct and Policies and Procedures to report compliance concerns, questionable conduct or practices, and suspected or actual violations immediately upon discovery. Failure by Board Members, Employees, and/or FDRs to report known violations, failure to detect violations due to negligence or reckless conduct, and making false reports may constitute grounds for disciplinary action, up to and including, recommendation for removal from appointment, termination of employment, or termination of an FDR contract, where appropriate.

CalOptima has established multiple reporting mechanisms to receive, record, and respond to compliance questions, potential non-compliance issues and/or FWA incidents or activities. These reporting systems, which are outlined in greater detail below, provide for anonymity and confidentiality (to the extent permitted by applicable law and circumstances). Reminders and instructions on how to report compliance and FWA issues are also provided to Board Members, Employees, FDRs, and Members in newsletters, on CalOptima's website, in trainings, on posters and at meetings. CalOptima maintains and supports a non-retaliation policy governing good-faith reports of suspected, or actual, non-compliance and/or FWA.

Upon receipt of a report through one (1) of the listed mechanisms, the Compliance Officer, or his/her Designee, shall follow appropriate Policies and Procedures to promptly review, investigate, and resolve such matters. The Compliance Officer, or his/her Designee, shall Monitor the process for follow-up communications to persons submitting reports or disclosures through these reporting mechanisms and shall ensure documentation concerning such reports is maintained according to all applicable legal and contractual requirements.

1. *Report Directly to Management or Executive Staff*

CalOptima Employees are encouraged to contact their immediate Management or Executive Staff when non-compliant activity is suspected, or observed. A report should be made immediately upon suspecting or identifying the potential or suspected non-compliance, or violation. Executive Staff or Management will promptly escalate the report to the Compliance Officer for further investigation and reporting to the CalOptima Compliance Committee. If an Employee is concerned that his/her Management or Executive Staff did not adequately address his/her report or complaint, the Employee may go directly to the Compliance Officer, or the CEO.

2. *Call the Compliance and Ethics Hotline*

CalOptima maintains an easily accessible Compliance and Ethics Hotline, available twenty-four (24) hours a day, seven (7) days a week, with multilingual support, in which CalOptima may receive anonymous issues on a confidential basis. Members are encouraged to call the Compliance and Ethics Hotline if they have identified potential non-compliant activity, or FWA issues. The Compliance and Ethics Hotline information is as follows:

TOLL FREE COMPLIANCE and ETHICS HOTLINE
(877) 837-4417

Calls or issues reported through the Compliance and Ethics Hotline are received, logged into a database, and investigated by the Regulatory Affairs & Compliance Department. No disciplinary action will be taken against individuals making good-faith reports. Every effort will be made to keep reports confidential to the extent permitted by law. The process for reporting suspected violations to the Compliance and Ethics Hotline is part of the education and/or orientation for all Board Members, Employees, FDRs, and Members. Members also have access to the Compliance Officer through the Compliance and Ethics Hotline and/or the right to contact the OIG Compliance Hotline (1-800-447-8477) directly.

3. *Report Directly to the Compliance Officer*

The Compliance Officer is available to receive reports of suspected or actual compliance violations, or FWA issues, on a confidential basis (to the extent permitted by applicable law or circumstances) from Board Members, Employees, FDRs and Members. The Compliance Officer may be contacted by telephone, written correspondence, email, or by a face-to-face appointment. FDRs are generally contractually obligated to report suspected Fraud and Abuse to CalOptima pursuant to regulatory and contractual requirements.

4. *Report Directly to Office of Compliance*

Reports may be made directly to CalOptima's Office of Compliance via mail, email, or through the Compliance and Ethics Hotline for confidential reporting. Emails can be sent to Compliance@caloptima.org. Mail can be sent to:

CalOptima
ATTN: Compliance Officer
505 City Parkway West
Orange, CA, 92868

5. *Confidentiality and Non-Retaliation*

Every effort will be made to keep reports confidential to the extent permitted by applicable law and circumstances, but there may be some instances where the identity of the individual making the report will have to be disclosed. As a result, CalOptima has implemented and enforces a non-retaliation policy to protect individuals who report suspected or actual non-compliance, or FWA, issues in good faith. This non-retaliation policy extends to reports received from FDRs and Members. CalOptima's non-retaliation policy is communicated along with reporting instructions by posting information on the CalOptima InfoNet and website, as well as sending periodic Member notifications.

CalOptima also takes violations of CalOptima's non-retaliation policy seriously, and the Compliance Officer will review and enforce disciplinary and/or other Corrective Action Plans for violations, as appropriate, with the approval of the Compliance Committee.

V.ENFORCEMENT AND DISCIPLINARY STANDARDS

Board Members, Employees, and FDRs are provided copies of CalOptima's Code of Conduct and the Compliance Plan and have access on CalOptima's internal and external website to applicable Policies and Procedures, including, but not limited to, CalOptima Policy GA.8022: Performance and Behavior Standards and Office of Compliance Policies addressing Corrective Action Plans and Sanctions. Consistent, timely, and effective enforcement of CalOptima's standards are implemented when non-compliance or unethical behavior is confirmed, and appropriate disciplinary and/or corrective action is implemented to address improper conduct, activity, and/or behavior.

a. Conduct Subject to Enforcement and Discipline

Board Members, Employees, and FDRs are subject to appropriate disciplinary and/or corrective actions if they have violated CalOptima's standards, requirements, or applicable laws as specified and detailed in the Compliance Program documents and related Policies and Procedures, including CalOptima Policy GA.8022: Performance and Behavior Standards, as applicable. Board Members, Employees, and FDRs may be disciplined or Sanctioned, as applicable, for failing to adhere to CalOptima's Compliance Program and/or violating standards, regulatory requirements, and/or applicable laws, including, but not limited to:

- Conduct that leads to the filing of a false or improper claim in violation of federal or state laws and/or contractual requirements;
- Conduct that results in a violation, or violations, of any other federal or state laws or contractual requirements relating to participation in Federal and/or State Health Care Programs;
- Failure to perform any required obligation relating to compliance with the Compliance Program, applicable laws, Policies and Procedures, and/or contracts; or
- Failure to report violations or suspected violations of the Compliance Program, or applicable laws, or to report suspected or actual FWA issues to an appropriate person through one (1) of the reporting mechanisms.
- Conduct that violates HIPAA and other privacy laws and/or CalOptima's HIPAA privacy and security policies, including actions that harm the privacy of Members, or the CalOptima information systems that store member data.

b. Enforcement and Discipline

CalOptima maintains a "zero tolerance" policy towards any illegal, or unethical, conduct that impacts the operation, mission, or image of CalOptima. The standards established in the Compliance Program shall be enforced consistently through appropriate disciplinary actions.
Individuals, or entities, may be disciplined by way of reprimand, suspension, financial penalties, Sanctions, and/or termination, depending on the nature and severity of the conduct, or behavior. Board Members may be subject to removal, Employees are subject to discipline, up to and including termination, and FDRs may be Sanctioned, or contracts may be terminated, where permitted.

Violations of applicable laws and regulations, even unintentional, could potentially subject individuals, entities, or CalOptima to civil, criminal, or administrative Sanctions and/or penalties. Further violations could lead to suspension, Preclusion, or Exclusion, from participation in Federal and/or State Health Care Programs.

CalOptima Employees shall be evaluated annually based on their compliance with CalOptima's Compliance Program. Where appropriate, CalOptima shall promptly initiate education and training to correct identified problems, or behaviors.

VI.MONITORING, AUDITING, AND IDENTIFICATION OF RISKS

Activities associated with Monitoring and Auditing are identified through a combination of activities performed by the Audit & Oversight Department in conjunction with CalOptima contract owners, and functional business owners responsible for on-going monitoring that is performed, risk assessments, Audit & Oversight Committee and Compliance Committee discussions and decisions, and internal and external reporting. Through Monitoring, Auditing, and identification of risks, CalOptima can prevent, detect, and correct non-compliance with applicable federal and/or state requirements.

a. Risk Assessment

The Compliance Officer, or his/her Designee, will collaborate with the Compliance Committee to identify areas of focus for Monitoring and Auditing potential non-compliant activity and FWA issues. A Compliance Risk Assessment will be performed no less than annually, and as needed, to evaluate the current status of CalOptima's operational areas as well as the operations of FDRs. Operations and processes will be evaluated based on: (1) deficiencies found by Regulatory Agencies; (2) deficiencies found by internal and external Audit and Monitoring reports; (3) the institution of new or updated Policies and Procedures; (4) cross departmental interdependencies; and (5) the effect on the beneficiary experience. The Readiness Checklist established by CMS and the OIG Work Plan shall be used as resources to evaluate operational risks.

The Compliance Officer, or his/her Designee, will work with the Chief Operating Officer, or his/her Designee, in each operational area, to answer the questions associated with each process and to continually examine and identify potential risk areas requiring Monitoring and Auditing. Those operational areas determined to be high risk may be subject to more frequent Monitoring and Auditing, as well as additional reporting requirements. The risk assessment process will be managed by the Compliance Officer, or his/her Designee, and presented to the AOC, and subsequently to the Compliance Committee, for review and approval. Monitoring plans will be developed in collaboration with the operational areas, and focused Audits may be scheduled based on the results of the ongoing Monitoring and respective risk score.

The risk assessment shall also be updated as processes change, or are identified as being deficient.

b. Monitoring and Auditing

CalOptima conducts both internal and external routine Auditing and Monitoring Activities to test and confirm compliance with all applicable regulations, guidance, contractual agreements, and federal and state laws, as well as CalOptima Policies and Procedures to protect against non-compliance and potential FWA in CalOptima Programs. CalOptima and FDRs shall comply with applicable data certification requirements, including, without limitation, 42 C.F.R. §§ 438.604 and 438.606. Monitoring Activities are regular reviews performed as part of normal operations to

confirm ongoing compliance and to ensure that corrective actions are undertaken and effective. An Audit is a formal, systematic, and disciplined approach designed to review, evaluate, and improve the effectiveness of processes and related controls using a set of standards (e.g., Policies and Procedures, laws, and regulations) used as base measures. As part of the Monitoring process, CalOptima has created a dashboard, which is a Monitoring tool to track key metrics, including, but not limited to, coverage determinations, complaints, appeals, grievances, regulatory communications, credentialing, customer service, transition of coverage (TOC), and claims. The dashboard will be used to communicate results associated with Monitoring operations and outcomes and to identify areas in need of targeted Auditing on at least a monthly basis. Information taken from the dashboard along with grievance and complaint call information will be used to develop Monitoring and Auditing work plans. Monitoring and Auditing work plans are used to detect potential areas of risk and/or non-compliant activity. The Monitoring and Auditing work plans are subject to daily updates and additions, and are therefore, working documents. The Compliance Officer, or his/her Designee, in collaboration with the AOC and Compliance Committee, develops the Monitoring and Auditing work plans to address the risks associated with each of CalOptima's Programs.

The Compliance Officer, or his/her Designee, will coordinate with CalOptima's Audit & Oversight Department in connection with appropriate Auditing and Monitoring Activities. Audits for each operational area will be conducted throughout the year consistent with the Monitoring and Auditing work plans. The Compliance Officer, or his/her Designee, will coordinate the Audits with internal audit staff, and, in some cases, with the assistance from an outside vendor. Audit methodologies shall be consistent with regulatory and NCQA requirements and standards. All Audits will include review of applicable documents and evaluation of actual processes to ensure compliance with all applicable regulations and contractual obligations. Once the Audit review is completed, the Audit & Oversight teams will communicate the results to the Compliance Officer and propose follow up corrective action(s), if necessary. The Compliance Officer, or his/her Designee, will provide reports to the CEO and the Compliance Committee concerning the results of the Audits. The AOC reports to the Compliance Officer and the Compliance Committee on Audits that involve FDRs as discussed below. If FWA issues are identified during an Audit, the matter will be further investigated and resolved in a timely manner. In addition, an Audit of the Compliance Program and its effectiveness should occur at least annually, and the results shall be reported to the CalOptima Board.

c. Oversight of Delegated Activities

To ensure the terms and conditions of statutory and contractual obligations to CMS, DHCS, and other governmental and regulatory entities are adhered to, CalOptima implements a comprehensive oversight Monitoring and Auditing process of FDRs who perform delegated activities. The processes that CalOptima implements to oversee, Monitor, and Audit FDRs are incorporated into CalOptima's written Policies and Procedures, including processes involving Readiness Assessments and Audits of First Tier Entities. CalOptima may implement Corrective Action Plans, Sanctions, and/or revoke its Delegation of duties (in a manner permitted under the contract) if CalOptima

determines that an FDR is unable or unwilling to carry out its responsibilities consistent with statutory and contractual obligations.

The Compliance Officer, or his/her Designee, determines the process for Monitoring delegated FDRs and develops the annual Monitoring and Audit calendar in order to validate compliance with contractual standards and regulatory requirements. The AOC is responsible for overseeing all of the delegated activities and will review the Readiness Assessment, ensure the annual review of FDRs for delegated functions are completed, conduct formal on-going evaluation of FDR performance and compliance, ensure Downstream and Related Entities are Monitored, and impose Corrective Action Plans and/or Sanctions if the FDR's performance fails to meet statutory and contractual standards and requirements. The AOC may recommend termination of Delegation to the Compliance Committee for unresolved matters.

d. Monitoring and Audit Review Process for FDRs

1. *Initial Evaluation*

Prior to executing a contract or Delegation agreement with a potential FDR, a risk assessment is performed to determine the type of initial evaluation that will be performed. If it is deemed necessary, an initial evaluation, referred to as a Readiness Assessment as detailed in CalOptima's Policies and Procedures, is completed to determine the ability of the potential FDR to assume responsibility for delegated activities and to maintain CalOptima standards, applicable state, CMS, and regulatory requirements, and accreditation requirements. The initial evaluation includes, but is not limited to, review of the entity's operational capacity and resources to perform the delegated functions, evaluation of the entity's ability to meet contractual and regulatory requirements, verification that the entity is not Precluded on the Preclusion List, excluded in the OIG List of Excluded Individuals/Entities (LEIE), the General Services Administration (GSA) System of Award Management (SAM), or the Medi-Cal Suspended & Ineligible (S&I) Provider List from participating in health programs, and/or an initial onsite evaluation. Results of the initial evaluation are presented to the AOC and subsequently the Compliance Committee for review and/or approval.

2. *Contracting with FDRs*

Once an entity has been approved, the Delegation agreement specifies the activities CalOptima delegates to the FDRs, each party's respective roles and responsibilities, reporting requirements and frequency, submission of data requirements, the process for performance evaluations and Audits, and remedies, including disciplinary actions, available to CalOptima. Prior to any Sub-delegation to any Downstream or Related Entity, a First Tier Entity must obtain approval from CalOptima. CalOptima determines who will directly Monitor the Downstream or Related Entity's compliance with requirements.

FDRs shall be required to institute a training program consistent with CalOptima's requirements

intended to communicate CalOptima's compliance requirements as well as compliance characteristics related to the FDR and their contractually delegated area(s). Furthermore, FDRs will be required to complete, sign, and return attestation forms confirming the FDR's compliance with new hire and annual training and education requirements, which includes courses on general compliance and FWA as well as Exclusion and Preclusion screening and FWA reporting obligations.

3. *Annual Risk Assessment*

The Compliance Officer, or his/her Designee, will ensure that an annual comprehensive risk assessment is conducted in accordance with CalOptima Policy HH.2027Δ: Annual Risk Assessment (Delegate) to determine the FDR's vulnerabilities and high-risk areas. High-risk FDRs are those that are continually non-compliant or at risk of non-compliance based on identified gaps in processes with regulatory and CalOptima requirements. Any previously identified issues, which include any corrective actions, service level performance, reported detected offenses, and/or complaints and appeals from the previous year will be factors that are included in the risk assessment. Any FDR deemed high risk, or vulnerable, is presented to the AOC for suggested follow-up Audit. FDRs determined to be high risk may be subjected to a more frequent Monitoring and Auditing schedule, as well as additional reporting requirements. The risk assessment process, along with reports from FDRs, will be managed by the Compliance Officer, or his/her Designee, and presented to the AOC and subsequently to the Compliance Committee for review and approval.

4. *FDR Performance Reviews and Audits*

CalOptima conducts a periodic comprehensive performance review of the FDR's ability to provide delegated services in accordance with contractual standards and applicable state, CMS, and accreditation requirements, as further detailed in CalOptima's Policies and Procedures. CalOptima may conduct Audits of FDRs at any time. Such Audits may include an evaluation of the FDR's training and education program and materials covering general compliance and FWA, as well as compliance with applicable laws, regulations, and contractual obligations governing delegated activities. High-risk FDRs, as determined by the annual risk assessment and/or continued non-compliance, will obtain priority status on the annual Audit calendar; however, CalOptima does not limit its Auditing schedule to only high-risk FDRs.

If CalOptima has reason to believe the FDR's ability to perform a delegated function is compromised, an additional focused Audit may be performed. The Compliance Officer, or his/her Designee, may also recommend focused Audits upon evaluation of non-compliant trends or reported incidents. The results of these Audits will be reported to the AOC and then to the Compliance Committee.

A focused Audit may be initiated for any of the following activities, or any other reason at the discretion of CalOptima:

- ► Failure to comply with regulatory requirements and/or CalOptima's service level performance indicators;
- ► Failure to comply with a Corrective Action Plan;
- ► Reported or alleged Fraud, Waste, and/or Abuse;
- ► Significant policy variations that deviate from the CalOptima or state, CMS, or accreditation requirements;
- ► Bankruptcy, or impending bankruptcy, which may impact services to Members (either suspected or reported);
- ► Sale, merger, or acquisition involving the FDR;
- ► Significant changes in the management of the FDR; and/or
- ► Changes in resources which impact CalOptima's and/or the FDR's operations.

5. *Corrective Actions and Additional Monitoring and Auditing*

The Compliance Officer, or his/her Designee, shall submit regular reports of all Monitoring, Audit, and corrective action activities to the Compliance Committee. In instances where non-compliance is identified, a Corrective Action Plan shall be developed by the FDR and reviewed and approved by the Compliance Officer, or his/her Designee. Every Corrective Action Plan is presented to the AOC, in aggregate, with no less than quarterly updates, and recommendations for escalation, as applicable. Supplemental and focused Audits of FDRs, as well as additional reporting, may be required until compliance is achieved.

At any time, CalOptima may implement Sanctions or require remediation by an FDR for failure to fulfill contractual obligations including development and implementation of a Corrective Action Plan. Failure to cooperate with CalOptima in any manner may result in termination of the Delegation agreement, in a manner authorized under the terms of the agreement.

e. Evaluation of Audit Activities

An external review of CalOptima's Auditing process is conducted through identified process measures. These measures support organizational, accreditation, and regulatory requirements and are reported on a yearly basis. CalOptima uses an independent, external consultant firm to periodically review the Auditing processes, including Policies and Procedures, Audit tools, and Audit findings, to ensure all regulatory requirements are being Audited in accordance with industry standards/practices and are in compliance with federal and state regulations.

The current measures reviewed include:

- ► The central database of all pending, active, and terminated FDRs to Monitor and track functions, performance, and Audit schedules;
- ► Implementation of an escalation process for compliance/performance issues;
- ► Implementation of a process for validation of Audit tools;

- ► Implementation of a process for noticing FDRs and functional areas of Corrective Action Plans;
- ► Tracking and trending internal compliance with oversight standards, performance, and outcomes;
- ► Implementation of an annual training program for internal staff regarding Delegation standards, Auditing, and Monitoring FDR performance; and/or
- ► Implementation of a process for dissemination of regulatory changes to include Medi-Cal and Medicare lines of business.

The following key performance metrics will be evaluated and reported periodically:

- ► Evaluations of FDR performance and reporting of delegated functions in accordance with the terms of the agreement;
- ► Number of annual oversight Audits completed within twelve (12) months; and
- ► Corrective Action Plans (CAPs) completed within the established time frame.

f. Regular Exclusion and Preclusion Screening

As detailed in CalOptima's Policies and Procedures, CalOptima performs Participation Status Reviews by searching the OIG –LEIE, the GSA–SAM, the DHCS Medi-Cal Suspended & Ineligible Provider Lists, and the CMS Preclusion List upon appointment, hire, or commencement of a contract, as applicable, and monthly thereafter, to ensure Board Members, Employees, and/or FDRs are not excluded, or do not become excluded or precluded from participating in Federal and/or State Health Care Programs. Board Members, Employees, and FDRs are required to disclose their Participation Status as part of their initial appointment, employment, commencement of the contract and registration/application processes and when Board Members, Employees, and FDRs receive notice of a suspension, Preclusion, Exclusion, or debarment during the period of appointment, employment, or contract term. CalOptima also requires that its First Tier Entities comply with Participation Status Review requirements with respect to their relationships with Downstream Entities, including without limitation, the delegated credentialing and re-credentialing processes.

The Compliance Officer, or his/her Designee, will review reports from Employees responsible for conducting the Participation Status Reviews to ensure Employees record and maintain the results of the reviews and notices/disclosures. Employees shall immediately notify the Compliance Officer, or his/her Designee, of affirmative findings of a person, or entity's, failure to meet the Participation Status Review requirements. If CalOptima learns that any prospective, or current, Board Member, Employee, or FDR has been proposed for Exclusion, Excluded or Precluded, CalOptima will promptly remove him/her/the FDR from CalOptima's Programs consistent with applicable policies and/or contract terms.

Payment may not be made for items or services furnished, or prescribed, by an excluded person, or entity. Payments made by CalOptima to excluded persons, or entities, after the effective date of

their suspension, Exclusion, debarment, or felony conviction, and/or for items or services furnished at the medical direction, or on the prescription of a physician who is suspended, excluded, or otherwise ineligible to participate, are subject to repayment/recoupment. Such requirements also apply to providers on the CMS Preclusion List, consistent with regulatory guidance, applicable policies, and/or contract terms. The Compliance Officer, or his/her Designee, will review potential organizational obligations related to the reporting of identified excluded, precluded, or suspended, individuals, or entities, and/or refund obligations and consult with legal counsel, as necessary and appropriate, to resolve such matters.

VII. RESPONSE AND REMEDIATION

a. Response to Notice of Violation or Suspected Violation

Upon receipt of a report or notice of violation or suspected violation of CalOptima's Compliance Program and/or FWA issues, the Compliance Officer, or his/her Designee, shall, upon promptly verifying the facts related to the violation or likely violation, notify the Compliance Committee, as appropriate. The Compliance Committee (in consultation with legal counsel, as appropriate) shall determine a response as soon as practicable, which shall include, but not be limited to:

- Recommending investigation of all aspects of the suspected violation or questionable conduct;
- Approving disciplinary actions, Sanctions, termination of any agreement and/or any other corrective action consistent with applicable Policies and Procedures, subject to consultation with legal counsel and/or notifying the Governing Body, as appropriate;
- Implementing education and training programs for Board Members, Employees, and/or FDRs, where applicable, to correct the violation and prevent recurrence;
- Amending, if necessary, CalOptima's Compliance Plan, Code of Conduct, and/or relevant Policies and Procedures to avoid any future recurrence of a violation; and/or
- Ensuring that compliance reports are kept confidential, where permitted by law, and if appropriate, protected under applicable privileges, including, but not limited to, the attorney/client privilege and ensuring that all files regarding compliance matters are appropriately secured.

It is the responsibility of the Compliance Officer and the Compliance Committee to review and implement any appropriate corrective and/or disciplinary action in consultation with the Human Resources Department, as applicable, consistent with applicable Policies and Procedures after considering such recommendations. The Compliance Officer, or his/her Designee, may Monitor and review corrective actions after their implementation to ensure that they are effective.

b. Referral to Enforcement Agencies

In appropriate circumstances, CalOptima shall report violations of Medi-Cal Program requirements to DHCS Audits and Investigations, violations of Medicare Program requirements to the Medicare Drug Integrity Contractor (MEDIC), and violations of other state and federal laws to the appropriate law enforcement agencies, in accordance with the applicable reporting procedures adopted by such enforcement agencies.

c. Response to Fraud Alerts

CMS issues alerts to Part D sponsors concerning Fraud schemes identified by law enforcement officials. Typically, these alerts describe alleged activities involving pharmacies practicing drug diversion or prescribers participating in illegal remuneration schemes. CalOptima may take action (including denying or reversing claims) in instances where CalOptima's own analysis of its claims

activity indicates that Fraud may be occurring. CalOptima's decision to deny, or reverse, claims shall be made on a claim-specific basis.

When a Fraud alert is received, CalOptima shall review its Delegation agreements with the identified parties, and shall consider terminating the contract(s) with the identified parties if indictments have been issued against the particular parties and the terms of the Delegation agreement(s) authorizes contract termination.

CalOptima is also obligated to review its past paid claims from entities identified in a Fraud alert. With the issuance of a Fraud alert, CMS places CalOptima on notice (see Title 42, Code of Federal Regulations, §423.505(k)(3)) that claims involving the identified party need to be reviewed. To meet the "best knowledge, information, and belief" standard of certification, CalOptima shall make its best efforts to identify claims that may be, or may have been, part of an alleged Fraud scheme and remove them from the sets of prescription drug event data submissions.

d. Identifying and Monitoring Providers with a History of Complaints

CalOptima shall maintain files for a period of ten (10) years on both in-network and out-of-network providers who have been the subject of complaints, investigations, violations, and prosecutions. This includes Member complaints, DHCS Audits and Investigations referrals, MEDIC investigations, OIG and/or DOJ investigations, US Attorney prosecution, and any other civil, criminal, or administrative action for violations of Federal and/or State Health Care Programs requirements. CalOptima shall also maintain files that contain documented warnings (e.g., Fraud alerts) and educational contacts, the results of previous investigations, and copies of complaints resulting in investigations. CalOptima shall comply with requests by law enforcement, DHCS, CMS, and CMS' Designee, regarding Monitoring of FDRs within CalOptima's network that DHCS, or CMS, has identified as potentially abusive, or fraudulent.

e. Identifying and Responding to Overpayments

CalOptima shall sustain an effective system for the review of suspect claims to detect and prevent FWA within a CalOptima Program. All suspect claims shall be thoroughly investigated to determine whether such claims are the direct result of FWA activity. CalOptima shall assess all FDRs for potential Overpayments when reviewing and undertaking corrective actions. Upon completion of the suspect claim(s) investigation(s), CalOptima shall recoup and/or return Overpayments consistent with applicable laws and regulatory guidance.

As required, CalOptima and/or the FDR shall update appropriate data sources and reports, via documenting and/or resubmission, as appropriate. The resolution(s) for suspect claim(s) investigation(s) may include, but is not limited to: (i) recoupment through established procedures, (ii) provider education about billing protocols, and (iii) reporting of Overpayment determinations to Regulatory Agencies, as required by law.

When applicable, CalOptima shall return Overpayments made to CalOptima, consistent with applicable state and federal laws and regulatory guidance.

C. FRAUD, WASTE, AND ABUSE (FWA) PREVENTION AND DETECTION

The detection, prevention, and remediation of FWA are components of CalOptima's Compliance Program. FWA activities are implemented and overseen by CalOptima's Compliance Officer, or his/her Designee, in conjunction with other compliance activities, and investigations are performed, or overseen, by the Special Investigations Unit (SIU), an internal investigative unit within CalOptima's Office of Compliance, responsible for FWA investigations. The Compliance Officer, or his/her Designee, reports FWA activities to the CalOptima Compliance Committee, CEO, the CalOptima Board, and Regulatory Agencies.

CalOptima utilizes various resources to detect, prevent, and remediate FWA. In addition, CalOptima promptly investigates suspected FWA issues and may implement disciplinary, or corrective, action to avoid recurrence of FWA issues. The objective of the FWA program is to ensure that the scope of benefits covered by the CalOptima Programs is appropriately delivered to Members and resources are effectively utilized in accordance with federal and state guidelines. CalOptima incorporates a system of internal assessments which are organized to identify FWA and promptly respond appropriately to such incidents of FWA.

I.FWA TRAINING

As detailed above, FWA training is provided to all Board Members and Employees as part of the overall compliance training courses in order to help detect, prevent, and remediate FWA. FDRs are also required to complete FWA training, as described above. CalOptima's FWA training provides guidance to Board Members, Employees, and FDRs on how to identify activities and behaviors that would constitute FWA and how to report suspected, or actual, FWA activities. Training materials are retained for a period of at least ten (10) years, and such training includes, but is not limited to:

- The process for detection, prevention, and reporting of suspected or actual FWA;
- Examples of the most common types of Member FWA (see Appendix B, attached hereto and incorporated herein) and FDR FWA (see Appendix C, attached hereto and incorporated herein) as well as common local and national schemes relevant to managed care organization operations;
- Information on how to identify FWA in CalOptima Programs (e.g., suspicious activities suggesting CalOptima Members, or their family members, may be engaged in improper drug utilization or drug-seeking behavior, conduct suggesting improper utilization, persons offering kickbacks for referring, or enrolling, individuals in the CalOptima Programs, etc.);
- Information on how to identify potential prescription drug FWA (e.g., identification of significant outliers whose drug utilization patterns far exceed those of the average Member in terms of cost or quantity, disproportionate utilization of controlled substances, use of prescription medications for excessive periods of time, high-volume prescriptions of a particular manufacturer's drugs, submission of false claims or false data for prescription drug claims, misrepresenting the type of drug that was actually dispensed, excessive prescriptions by a particular physician, etc.);
- How to report potential FWA using CalOptima's reporting options, including CalOptima's Compliance and Ethics Hotline, and for FDRs, reporting obligations;
- CalOptima's policy of non-retaliation and non-retribution toward individuals who make such reports in good faith; and
- Information on the False Claims Act and CalOptima's requirement to train Employees and FDRs on the False Claims Act and other applicable FWA laws.

CalOptima shall provide Board Members, Employees, FDRs, and Members with reminders and additional training and educational materials through print and electronic communications, including, but not limited to, newsletters, alerts, and/or applicable meetings.

II.DETECTION OF FWA

a. Data Sources

In partnership with CalOptima internal departments, CalOptima's SIU utilizes different sources and analyzes various data information in an effort to detect patterns of FWA. Potential fraudulent cases will not only come from claims data but can also originate from many sources internally and externally. Members, FDRs, Employees, law enforcement and Regulatory Agencies, and others may contact CalOptima by phone, mail, and email if they suspect any individual, or entity, is engaged in inappropriate practices. Furthermore, the sources identified below can be used to identify problem areas within CalOptima, such as enrollment, finance, or data submission.

Sources used to detect FWA include, but are not limited to:

- CalOptima's Compliance and Ethics Hotline or other reporting mechanisms;
- Claims data history;
- Encounter data;
- Medical record Audits;
- Member and provider complaints, appeals, and grievance reviews;
- Utilization Management reports;
- Provider utilization profiles;
- Pharmacy data;
- Auditing and Monitoring Activities;
- Monitoring external health care FWA cases and determining if CalOptima's FWA Program can be strengthened with information gleaned from the case activity; and/or
- Internal and external surveys, reviews, and Audits.

b. Data Analytics

CalOptima uses technology and data analysis to reduce FWA externally. Using a combination of industry standard edits and CalOptima-specific edits, CalOptima identifies claims for which procedures have been unbundled, or upcoded. CalOptima also identifies suspect FDRs based on billing patterns.

CalOptima also uses the services of an external Medicare Secondary Payer (MSP) Vendor to reduce costs associated with its Medicare-Medicaid programs, such as the OneCare, OneCare Connect, and/or PACE programs, by ensuring that federal and state funds are not used where certain health insurance, or coverage, is primarily responsible.

c. Analysis and Identification of Risk Areas Using Claims Data

Claims data are analyzed in numerous ways to uncover fraudulent billing schemes. Routine review

of claims data will be conducted in order to identify unusual patterns, outliers in billing and utilization, and identify the population of providers and pharmacies that will be further investigated and/or Audited. Any medical claim can be pended and reviewed, in accordance with applicable state or federal law if they meet certain criteria that warrant additional review. Payments for pharmacy claims may also be pended and reviewed in accordance with applicable state or federal law based on criteria focused on the types of drugs (e.g., narcotics), provider patterns, and challenges previously reported pertaining to certain pharmacies. CalOptima along with the PBM will conduct data mining activities in order to identify potential issues of FWA.

The following trends will be reviewed and flagged for potential FWA, including:

- Overutilized services;
- Aberrant provider billing practices;
- Abnormal billing in relation to peers;
- Manipulation of modifiers;
- Unusual coding practices such as excessive procedures per day, or excessive surgeries per patient;
- Unbundling of services;
- Unusual Durable Medical Equipment (DME) billing; and/or
- Unusual utilization patterns by Members and providers.

The following claims data may be utilized to evaluate and uncover fraudulent billing schemes:

- Average dollars paid per medical procedure;
- Average medical procedures per office visit;
- Average visits per member;
- Average distance a member travels to see a provider/pharmacy;
- Excessive patient levels of high-risk diagnoses; and/or
- Peer to peer comparisons within specialties.

Once vulnerabilities are identified, immediate actions are taken in order to mitigate the possible losses, including, but not limited to, claims denial or reversal and/or the reporting of suspected FWA. The data review includes, but is not limited to:

- Analysis of provider medical billing activity within their own peer group;
- Analysis of pharmacy billing and provider prescribing practices;
- Controlled drug prescribing exceeds two (2) standard deviations of the provider's peer group; and/ or
- Number of times a provider bills a CPT code in relation to all providers, or within their own peer group.

The claims data from the PBM will go through the same risk assessment process. The analysis will

be focused on the following characteristics:

- Prescription drug shorting, which occurs when pharmacy staff provides less than the prescribed quantity and intentionally does not inform the beneficiary, or arranges to provide the balance but bills for the prescribed amount.
- Bait and switch pricing, which occurs when a Member is led to believe that a drug will cost one (1) price, but at the point of sale, they are charged a higher amount. An example of this type of scheme is when the pharmacy switches the prescribed medication to a form that increases the pharmacy's reimbursement.
- Prescription forging, or altering, which occurs when existing prescriptions are altered to increase the quantity or the number of refills, without the prescriber's authorization. Usually, the medications are diverted after being billed to the Medicare Part D program.
- Dispensing expired, or adulterated, prescription drugs, which occurs when pharmacies dispense drugs after the expiration date on the package. This also includes drugs that are intended as samples not for sale, or have not been stored or handled in accordance with manufacturer and FDA requirements.
- Prescription refill errors, which occur when pharmacy staff deliberately provides several refills different from the number prescribed by the provider.
- Failure to offer negotiated prices, which occurs when a pharmacy charges a Member the wrong amount.

d. Sample Indicators

No one (1) indicator is evidence of FWA. The presence of several indicators may suggest FWA, but further investigation is needed to determine if a suspicion of FWA exists. The following list below highlights common industry indicators and red flags that are used to determine whether to investigate an FDR or their claim disposition:

- Claims that show any altered information (dates; codes; names).
- Photocopies of claim forms and bills, or handwritten claims and bills.
- Provider's last name is the same as the Member/patient's last name.
- Insured's address is the same as the servicing provider.
- Same provider submits multiple claims for the same treatment for multiple family members or group members of provider's practice.
- Provider resubmitting claim with changed diagnosis code for a date of service already denied.

Cases identified through these data sources and risk assessments are entered into the FWA database and a report is generated and submitted to the Compliance Officer, Compliance Committee, and CEO.

III.FWA INVESTIGATIVE PROCESS

Once the SIU receives an allegation of suspected FWA or detects FWA through an evaluation of the data sources identified above, the SIU utilizes the following steps as a guide to investigate and document the case:

- The allegation is logged into the Fraud Tracking Database (access database maintained by SIU on an internal drive);
- The allegation is assigned an investigation number (sequentially by year of receipt) and an electronic file is assigned on the internal drive, by investigation number and name;
- SIU develops an investigative plan;
- SIU obtains a legal opinion from CalOptima's Legal Counsel on specific cases, or issues;
- Quality of care issues are referred to CalOptima's Quality Improvement Department;
- Where appropriate, SIU will submit a Request for Information (RFI) directly to an FDR to obtain relevant information;
- SIU, or a Designee, interviews the individual who reported the FWA, affected Members and/or FDRs, or any other potential witnesses, as appropriate;
- SIU conducts a data analytics review of the allegation for overall patterns, trends, and errors using applicable data sources and reports;
- Review of FDR enrollment applications, history, and ownership, as necessary;
- Review of Member enrollment applications and other documents, as necessary;
- All supporting documentation is scanned and saved in the assigned electronic file. Any pertinent information, gathered during the SIU review/investigation, is placed into the electronic file;
- After an allegation is logged into the Fraud Tracking Database, the investigation is tracked to its ultimate conclusion, and the Fraud Tracking Database shall reflect all information gathered and documentation received to ensure timely receipt, review, and resolution, and report may be made to applicable state or federal agencies within mandated/required time periods, if appropriate;
- If a referral to another investigative agency is warranted, the information is collected, and a referral is made to the appropriate agency; and/or
- If the investigation results in recommendations for disciplinary or corrective actions, the results of the investigation may be reported to the Compliance Officer and Compliance Committee. If a CalOptima internal department or FDR has repeat disciplinary or corrective actions, SIU may report the issue(s) to the Compliance Committee for further action.

a. Findings, Response, and Remediation

Outcomes and findings of the investigation may include, but are not limited to, confirmation of violations, insufficient evidence of FWA, need for contract amendment, education and training requirement, recommendation of focused Audits, additional investigation, continued Monitoring, new policy implementation, and/or criminal or civil action. When the root cause of the potential

FWA issue has been identified, the SIU will track and trend the FWA allegation and investigation, including, but not limited to, the data analysis performed, which shall be reported to the Compliance Committee on a quarterly basis. Investigation findings can be used to determine whether disciplinary, or corrective, action is appropriate, whether there is a need for a change in CalOptima's Policies and Procedures, and/or whether the matter should be reported to applicable state and federal agencies.

In accordance with applicable CalOptima Policies and Procedures, CalOptima shall take appropriate disciplinary, or corrective, action against Board Members, Employees, and/or FDRs related to validated instances of FWA. CalOptima will also assess FDRs for potential Overpayments when reviewing and undertaking corrective actions. Corrective actions will be Monitored by the Compliance Committee, and progressive discipline will be Monitored by the Department of Human Resources, as appropriate. Corrective actions may include, but are not limited to, financial Sanctions, regulatory reporting, Corrective Action Plans, or termination of the Delegation agreement, when permitted by the contract terms. Should such disciplinary, or corrective, action need to be issued, CalOptima's Office of Compliance will initiate review and discussion at the first Compliance Committee following the date of identification of the suspected FWA, the date of report to DHCS, or the date of FWA substantiation by DHCS subsequent to the report. If vulnerability is identified through a single FWA incident, the corrective action may be applied universally.

b. Referral to Enforcement Agencies

CalOptima's SIU shall coordinate timely referrals of potential FWA to appropriate Regulatory Agencies, or their designated program integrity contractors, including the CMS MEDIC, DHCS Audits and Investigations, and/or other enforcement agencies, in accordance with the applicable reporting procedures adopted by such enforcement agencies. FDRs shall report FWA to CalOptima within the time frames required by the applicable contract and in sufficient time for CalOptima to timely report to applicable enforcement agencies. Significant program non-compliance, or suspected FWA, should be reported to CMS and/or DHCS, as soon as possible after discovery, but no later than ten (10) working days to DHCS after CalOptima first becomes aware of and is on notice of such activity, and within thirty (30) calendar days to CMS MEDIC after a potential fraudulent or abusive activity is identified for a case impacting the OneCare, OneCare Connect, or PACE programs.

Potential cases that should be referred include, but are not limited to:

- Suspected, detected, or reported criminal, civil, or administrative law violations;
- Allegations that extend beyond CalOptima and involve multiple health plans, multiple states, or widespread schemes;
- Allegations involving known patterns of FWA;
- Patterns of FWA threatening the life, or well-being, of CalOptima Members; and/or
- Schemes with large financial risk to CalOptima, or its Members.

IV.ANNUAL FWA EVALUATION

CalOptima's Compliance Committee shall periodically review and evaluate the FWA activities and its effectiveness as part of the overall Compliance Program Audit and Monitoring Activities. Revisions should be made based on industry changes, trends in FWA activities (locally and nationally), the OIG Work Plan, the CalOptima Compliance Plan, and other input from applicable sources.

a. Retention of Records

CalOptima shall maintain reports and summaries of FWA activities and all proceedings of the various committees in original, electronic, or other media format in accordance with applicable statutory, regulatory, contractual, CalOptima policy, and other requirements. CalOptima shall file copies of Member records containing PHI in a secure and confidential manner, regardless of the outcome of a review. CalOptima shall file copies of FWA investigations in a secure and confidential manner, regardless of the outcome of an investigation.

b. Confidentiality

CalOptima and its FDRs shall maintain all information associated with suspected, or actual, FWA in confidential files, which may only be released in accordance with applicable laws and CalOptima Policies and Procedures. All participants and attendees of CalOptima's Quality Improvement Committee, Compliance Committee, and respective subcommittees shall sign a "Confidentiality Agreement" agreeing to hold all committee discussions confidential.

D. COMPLIANCE PROGRAM EVALUATION

In order to ensure the effectiveness of the Compliance Program, CalOptima will conduct a self-assessment no less than annually. The assessment will evaluate the Compliance Program against the elements of an effective Compliance Program as recommended by OIG and required by CMS regulations. The following areas will be reviewed:

- Policies and Procedures;
- Compliance Officer and Compliance Committee;
- Training and education of Board Members, Employees, and FDRs;
- Effective lines of communication;
- Well publicized disciplinary guidelines;
- Internal Monitoring and Auditing;
- Delegation oversight;
- Exclusion and Preclusion screening process; and
- Prompt responses to detected offenses.

The Compliance Program will be evaluated no less than annually by an outside entity. The results of the evaluation will be shared with Executive Staff and Management, the Compliance Committee, and the CalOptima Board. Updates to the Compliance Program will be based on the results of the evaluation and will be referred to the CalOptima Board for review and approval.

I.PRIVILEGED FILES AND DOCUMENT RETENTION

a. Privileged Files

All privileged files shall be protected by, and marked, privileged and confidential and its contents shall be kept in a secure location. Only the Compliance Officer, CalOptima legal counsel, and the Compliance Committee, where appropriate, shall have access to its contents. All materials in the privileged file shall be treated as attorney-client privileged and shall not be disclosed to persons outside the privileged relationship. The privileged file shall contain the following original documents (except where only a copy is available):

- Records of requests for legal assistance or legal opinion(s) in connection with Compliance and Ethics Hotline telephone calls, correspondence related thereto, and/or problems reported to the Compliance Officer;
- The response from legal counsel regarding any such issues; and/or
- Legal opinions concerning FDR delegation agreement interpretations and remedies available to CalOptima.

b. Document Retention

CalOptima shall retain contracts, books, documents, records, financial statements, and other data, as defined in Title 42, Code of Federal Regulations, Sections 438.5(c), 438.604, 606, 608, and 610, for no less than ten (10) years from end of the fiscal year in which the CalOptima Medi-Cal contract expires, or is terminated (other than privileged documents which shall be retained until the issue raised in the documentation has been resolved, or longer if necessary). Records pertaining to CalOptima's OneCare, OneCare Connect, or PACE programs shall also be retained for ten (10) years from end date of the applicable contract (except for privileged documents which shall be retained until the issue raised in the documentation has been resolved, or longer if necessary).

CalOptima shall maintain the documentation required by HIPAA for at least six (6) years from the date of its creation or the date when it last was in effect, whichever, is later. Such documentation includes: (i) Policies and Procedures (and changes thereto) designed to comply with the standards, implementation specifications or other designated requirements; (ii) writings, or electronic copies, of communications required by HIPAA; (iii) writings, or electronic copies, of actions, activities, or designations required to be documented under HIPAA; and (iv) documentation to meet its burden of proof related to identification of breaches under Title 45, Code of Federal Regulations, §164.414(b).

Appendix A

Code of Conduct

Principle	Standard
Mission, Vision, and Values CalOptima is committed to its Mission, Vision, and Values	**Mission** To provide members with access to quality health care services delivered in a cost-effective and compassionate manner. **Vision** To be a model public agency and community health plan that provides an integrated and well-coordinated system of care to ensure optimal health outcomes for all CalOptima members. **Values = CalOptima CARES** **C**ollaboration; **A**ccountability; **R**espect; **E**xcellence; **S**tewardship
Compliance with the Law CalOptima is committed to conducting all activities and operations in compliance with applicable law.	**Transparent, Legal, and Ethical Business Conduct** CalOptima is committed to conducting its business with integrity, honesty and fairness and in compliance with all laws and regulations that apply to its operations. CalOptima depends on its Board members, employees, and those who do business with it to help fulfill this commitment. **Obeying the Law** Board members, employees and contractors (including First Tier and Downstream Entities included in the term "FDRs") shall not lie, steal, cheat, or violate any law in connection with their employment and/or engagement with CalOptima. **Fraud, Waste, & Abuse (FWA)** CalOptima shall refrain from conduct, which would violate the Fraud, Waste, and Abuse laws. CalOptima is committed to the detection, prevention, and reporting of Fraud, Waste, and Abuse. CalOptima is also responsible for ensuring that Board members, employees, and FDRs receive appropriate FWA training as described in regulatory guidance. CalOptima's Compliance Plan, Fraud, Waste, and Abuse Plan and policies describe examples of Potential Fraud, Waste, and Abuse and discuss employee and contractor FWA obligations and potential Sanctions arising from

Principle	Standard
	relevant federal and state FWA laws. CalOptima expects and requires that its Board members, employees, and contractors do not participate in any conduct that may violate the FWA laws including, federal and state anti-kickback laws, false claims acts, and civil monetary penalty laws. **Political Activities** CalOptima's political participation is limited by law. CalOptima funds, property, and resources are not to be used to contribute to political campaigns, political parties, and/or organizations. Board members, employees and contractors may participate in the political process on their own time and at their own expense but shall not give the impression that they are speaking on behalf of or representing CalOptima in these activities. **Anti-Trust** All Board members, employees, and contractors must comply with applicable antitrust, unfair competition, and similar laws, which regulate competition. Such persons shall seek advice from legal counsel if they encounter any business decisions involving a risk of violation of antitrust laws. The types of activities that potentially implicate antitrust laws include, without limitation, agreements to fix prices, bid rigging, and related activities; boycotts, certain exclusive dealings and price discrimination agreements; unfair trade practices; sales or purchases conditioned on reciprocal purchases or sales; and discussion of factors determinative of prices at trade association meetings.
Member Rights CalOptima is committed to meeting the health care needs of its members by providing access to quality health care services.	**Member Choice, Access to Health Care Services, Continuity of Care** Employees and contractors shall comply with CalOptima policies and procedures and applicable law governing member choice, access to health care services and continuity of member care. Employees and contractors shall comply with all requirements for coordination of medical and support services for persons with special needs. **Cultural and Linguistic Services** CalOptima and contractors shall provide culturally, linguistically, and sensory appropriate services to CalOptima members to ensure

Principle	Standard
	effective communication regarding diagnosis, medical history, and treatment, and health education. **Disabled Member Access** CalOptima's facilities shall adhere to the requirements of Title III of the Americans with Disabilities Act of 1990 by providing access for disabled members. **Emergency Treatment** Employees and contractors shall comply with all applicable guidelines, policies and procedures, and laws governing CalOptima member access and payment of emergency services including, without limitation, the Emergency Medical Treatment and Active Labor Act ("EMTALA") and state patient "anti-dumping" laws, prior authorization limitations, and payment standards. **Grievance and Appeals Processes** CalOptima, its physician groups, its Health Networks and third-party administrators (TPA) shall ensure that CalOptima members are informed of their grievance and appeal rights including, the state hearing process, through member handbooks and other communications in accordance with CalOptima policies and procedures and applicable laws. Employees and contractors shall address, investigate, and resolve CalOptima member complaints and grievances in a prompt and nondiscriminatory manner in accordance with CalOptima policies and applicable laws.
Business Ethics In furtherance of CalOptima's commitment to the highest standards of business ethics, employees and contractors shall accurately and honestly represent CalOptima and shall not engage in any activity or scheme intended to defraud anyone of money, property, or honest services.	**Candor & Honesty** CalOptima requires candor and honesty from individuals in the performance of their responsibilities and in communications including, communications with CalOptima's Board of Directors, supervisory employees, attorneys, and auditors. No Board member, employee, or contractor shall make false or misleading statements to any members and/or persons, or entities, doing business with CalOptima about products or services of CalOptima. **Financial and Data Reporting** All financial reports, accounting records, research reports, expense accounts, data submissions, attestations, timesheets, and

Principle	Standard
	other documents must accurately and clearly represent the relevant facts and the true nature of a transaction. CalOptima maintains a system of internal controls to ensure that all transactions are executed in accordance with Management's authorization and recorded in a proper manner to maintain accountability of the agency's assets. Improper or fraudulent accounting documentation or financial reporting or false or misleading encounter, claims, cost, or other required regulatory data submissions is contrary to the policy of CalOptima and may be in violation of applicable laws and regulatory obligations. **Regulatory Agencies and Accrediting Bodies** CalOptima will deal with all Regulatory Agencies and accrediting bodies in a direct, open, and honest manner. Employees and contractors shall not take action with Regulatory Agencies and accrediting bodies that is false or misleading.
Public Integrity CalOptima and its Board members and employees shall comply with laws and regulations governing public agencies.	**Public Records** CalOptima shall provide access to CalOptima Public Records to any person, corporation, partnership, firm, or association requesting to inspect and copy them in accordance with the California Public Records Act, California Government Code Sections 6250 et seq. and CalOptima policies. **Public Funds** CalOptima, its Board members, and employees shall not make gifts of public funds or assets or lend credit to private persons without adequate consideration unless such actions clearly serve a public purpose within the authority of the agency and are otherwise approved by legal counsel. CalOptima, its Board members, and employees shall comply with applicable law and CalOptima policies governing the investment of public funds and expenditure limitations. **Public Meetings** CalOptima, and its Board members, and employees shall comply with requirements relating to the notice and operation of public meetings in accordance with the Ralph M. Brown Act, California Government Code Sections 54950 et seq.

Principle	Standard
Confidentiality Board members, employees, and contractors shall maintain the confidentiality of all confidential information in accordance with applicable law and shall not disclose such confidential information except as specifically authorized by CalOptima policies, procedures, and applicable laws.	**No Personal Benefit** Board members, employees and contractors shall not use confidential or proprietary CalOptima information for their own personal benefit or for the benefit of any other person or entity, while employed at, or engaged by, CalOptima, or at any time thereafter. **Duty to Safeguard Member Confidential Information** CalOptima recognizes the importance of its members' right to confidentiality and implements policies and procedures to ensure its members' confidentiality rights and the protection of medical and other confidential information. Board members, employees and contractors shall safeguard CalOptima member identity, eligibility, social security, medical information and other confidential information in accordance with applicable laws including the Health Insurance Portability and Accountability Act of 1996 (HIPAA), the Health Information Technology for Economic and Clinical Health Act (HITECH Act) and implementing regulations, the California Security Breach Notification Law, the California Confidentiality of Medical Information Act, other applicable federal and state privacy laws, and CalOptima's policies and procedures. **Personnel Files** Personal information contained in Employee personnel files shall be maintained in a manner designed to ensure confidentiality in accordance with applicable laws. **Proprietary Information** Subject to its obligations under the Public Records Act, CalOptima shall safeguard confidential proprietary information including, without limitation, contractor information and proprietary computer software, in accordance with and, to the extent required by, contract or law. CalOptima shall safeguard provider identification numbers including, without limitation, Medi-Cal license, Medicare numbers, social security numbers, and other identifying numbers.
Business Relationships Business transactions with vendors, contractors, and other	**Business Inducements** Board members, employees, and contractors shall not seek to gain advantage through improper use of payments, business courtesies,

Principle	Standard
third parties shall be conducted at arm's length in fact and in appearance, transacted free from improper inducements and in accordance with applicable law and ethical standards.	or other inducements. The offering, giving, soliciting, or receiving of any form of bribe or other improper payment is prohibited. Board members, employees, contractors and providers shall not use their positions to personally profit or assist others in profiting in any way at the expense of Federal and/or State health care programs, CalOptima, or CalOptima members. **Gifts to CalOptima** Board members and employees are specifically prohibited from soliciting and accepting personal gratuities, gifts, favors, services, entertainment, or any other things of value from any person or entity that furnishes items or services used, or that may be used, in CalOptima and its programs unless specifically permitted under CalOptima policies. Employees may not accept cash or cash equivalents. Perishable or consumable gifts given to a department or group are not subject to any specific limitation and business meetings at which a meal is served is not considered a prohibited business courtesy. **Provision of Gifts by CalOptima** Employees may provide gifts, entertainment or meals of nominal value to CalOptima's current and prospective business partners and other persons when such activities have a legitimate business purpose, are reasonable, and are otherwise consistent with applicable law and CalOptima policies on this subject. In addition to complying with statutory and regulatory requirements, it is critical to even avoid the appearance of impropriety when giving gifts to persons and entities that do business or are seeking to do business with CalOptima. **Third-Party Sponsored Events** CalOptima's joint participation in contractor, vendor, or other third-party sponsored events, educational programs and workshops is subject to compliance with applicable law, including gift of public fund requirements and fraud and abuse prohibitions, and must be approved in accordance with CalOptima policies on this subject. In no event, shall CalOptima participate in any joint contractor, vendor, or third party sponsored event where the intent of the other participant is to improperly influence, or gain unfair advantage from, CalOptima or its operations. Employees' attendance at contractor, vendor, or

Principle	Standard
	other third-party sponsored events, educational programs and workshops is generally permitted where there is a legitimate business purpose but is subject to prior approval in accordance with CalOptima policies. **Provision of Gifts to Government Agencies** Board members, employees, and contractors shall not offer or provide any money, gifts, or other things of value to any government entity or its representatives, except campaign contributions to elected officials in accordance with applicable campaign contribution laws. **Broad Application of Standards** CalOptima intends that these standards be construed broadly to avoid even the appearance of improper activity.
Conflicts of Interests Board members and employees owe a duty of undivided and unqualified loyalty to CalOptima.	**Conflict of Interest Code** Designated employees, including Board members, shall comply with the requirements of the CalOptima Conflict of Interest Code and applicable laws. Board members and employees are expected to conduct their activities to avoid impropriety and/or the appearance of impropriety, which might arise from the influence of those activities on business decisions of CalOptima, or from disclosure of CalOptima's business operations. **Outside Services and Interests** Without the prior written approval of the Chief Executive Officer (or in the case of the Chief Executive Officer, the Chair of the CalOptima Board of Directors), no employee shall (1) perform work or render services for any contractor, association of contractors or other organizations with which CalOptima does business or which seek to do business with CalOptima, (2) be a director, officer, or consultant of any contractor or association of contractors; or (3) permit his or her name to be used in any fashion that would tend to indicate a business connection with any contractor or association of contractors.
Discrimination CalOptima acknowledges that fair and equitable treatment of employees, members,	**No Discrimination** CalOptima is committed to compliance with applicable anti-discrimination laws including Title VI of the Civil Right Act of 1964. Board members, employees and contractors shall not

Principle	Standard
providers, and other persons is fundamental to fulfilling its mission and goals.	unlawfully discriminate on the basis of race, color, national origin, creed, ancestry, religion, language, age, marital status, gender (which includes sex, gender identity, gender transition status and gender expression), sexual orientation, health status, pregnancy, physical or mental disability, military status or any other classification protected by law. CalOptima is committed to providing a work environment free from discrimination and harassment based on any classification noted above. **Reassignment** CalOptima, physician groups, and Health Networks shall not reassign members in a discriminatory manner, including based on the enrollee's health status.
Participation Status CalOptima requires that employees, contractors, providers, and suppliers meet Government requirements for participation in CalOptima's programs.	**Federal and State Health Care Program Participation Status** Board members, employees, and contractors shall not be currently suspended, terminated, debarred, or otherwise ineligible to participate in any Federal or State health care program, including the Medi-Cal program and Medicare programs. **CalOptima Screening** CalOptima will Monitor the participation status of employees, individuals and entities doing business with CalOptima by conducting regular Exclusion and Preclusion screening reviews in accordance with CalOptima policies. **Disclosure of Participation Status** Board members, employees and contractors shall disclose to CalOptima whether they are currently suspended, terminated, debarred, or otherwise ineligible to participate in any Federal and/or State health care program. Employees, individuals, and entities that do business with CalOptima shall disclose to CalOptima any pending investigation, disciplinary action, or other matter that could potentially result in their Exclusion or Preclusion from participation in any Federal or State health care program. **Delegated Third Party Administrator Review** CalOptima requires that its Health Networks, physician groups, and third-party administrators review participating providers and suppliers for licensure and participation status as part of the

Principle	Standard
	delegated credentialing and recredentialing processes when such obligations have been delegated to them. **Licensure** CalOptima requires that all employees, contractors, Health Networks, participating providers, and suppliers who are required to be licensed, credentialed, certified, and/or registered in order to furnish items or services to CalOptima and its members have valid and current licensure, credentials, certification and/or registration, as applicable.
Government Inquiries/Legal Disputes Employees shall notify CalOptima upon receipt of Government inquiries and shall not destroy or alter documents in response to a government request for documents or information.	**Notification of Government Inquiry** Employees shall notify the Compliance Officer and/or their supervisor immediately upon the receipt (at work or at home) of an inquiry, subpoena, or other agency or government requests for information regarding CalOptima. **No Destruction of Documents** Employees shall not destroy or alter CalOptima information or documents in anticipation of, or in response to, a request for documents by any governmental agency or from a court of competent jurisdiction. **Preservation of Documents Including Electronically Stored Information** Board members and employees shall comply with all obligations to preserve documents, data, and records including, electronically stored information in accordance with CalOptima policies and shall comply with instructions on preservation of information and prohibitions and destruction of information issued by legal counsel.
Compliance Program Reporting Board members, employees, and contractors have a duty to comply with CalOptima's Compliance Program and such duty shall be a condition of their respective appointment, employment, or engagement.	**Reporting Requirements** All Board members, employees and contractors are expected and required to promptly report suspected violations of any statute, regulation, or guideline applicable to Federal and/or State health care programs or of CalOptima's own policies in accordance with CalOptima's reporting policies and its Compliance Plan. Such reports may be made to a Supervisor or the Compliance Officer. Reports can also be made to CalOptima's hotline number below.

Principle	Standard
	Persons making reports to the hotline can do so on an anonymous basis. **Compliance and Ethics Hotline: 877-837-4417** **Disciplinary Action** Failure to comply with the Compliance Program, including the Code of Conduct, policies, and/or applicable statutes, regulations and guidelines may lead to disciplinary action. Discipline for failure to abide by the Code of Conduct may, in CalOptima's discretion, range from oral correction to termination in accordance with CalOptima's policies. In addition, failure to comply may result in the imposition of civil, criminal, or administrative fines on the individual, or entity, and CalOptima or Exclusion or Preclusion from participation in Federal and/or State health care programs. **Training and Education** CalOptima provides training and education to Board members, employees and FDRs. Timely completion of compliance and HIPAA training is mandatory for all CalOptima employees. **No-Retaliation Policy** CalOptima prohibits retaliation against any individual who reports discrimination, harassment, or compliance concerns, or participates in an investigation of such reports. Employees involved in any retaliatory acts may be subject to discipline, up to and including termination of employment. **Referrals of FWA to Government Agencies** CalOptima is obligated to coordinate compliance activities with federal and state regulators. Employees shall comply with CalOptima policies related to FWA referral requirements to federal and state regulators, delegated program integrity contractors, and law enforcement agencies. **Certification** All Board members, employees, and contractors are required to certify, in writing, that they have received, read, understand and will abide by the Code of Conduct and applicable policies.

Appendix B

TYPES OF MEMBER FWA

MEMBER FRAUD, WASTE OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
M01	Using another individual's identity or documentation of Medi-Cal eligibility to obtain covered services.	Members with multiple areas of service; members who attempt more than one (1) PCP; reports of members who are hiding assets or income.
M02	Selling, loaning, or giving a member's identity or documentation of Medi-Cal eligibility to obtain services.	Members with multiple areas of service; members who attempt more than one (1) PCP; reports of members who are hiding assets or income.
M03	Making an unsubstantiated declaration of eligibility.	Members with multiple areas of service; members who attempt more than one (1) PCP; reports of members who are hiding assets or income.
M04	Using a covered service for purposes other than the purpose for which it was described including use of such covered service.	Selling a covered wheelchair; selling medications; abusing prescription medications.
M05	Failing to report other health coverage.	Payments by OHI.
M06	Soliciting or receiving a kickback, bribe, or rebate as an inducement to receive or not receive covered services.	Hotline reports; internal reports; reports by Health Networks.
M07	Other (please specify).	Any source.
M08	Member Pharmacy Utilization	PBM reports; data analytics; claims data; encounter data; FWA software.
M09	Doctor Shopping	PBM reports; data analytics; claims data; encounter data; FWA software.
M10	Altered Prescription	Provider report; DEA report; pharmacy report; PBM reports; data analytics; claims data; encounter data; FWA software.

Appendix C

TYPES OF FDR FWA

FDR FRAUD, WASTE OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
P01	Unsubstantiated declaration of eligibility to participate in the CalOptima program.	Provider information not able to be verified during credentialing or contracting process; providers on the excluded or precluded provider list.
P02	Submission of claims for covered services that are substantially and demonstrably in excess of any individual's usual charges for such covered services.	PBM reports; data analytics; claims data; encounter data; FWA software.
P03	Submission of claims for covered services that are not actually provided to the member for which the claim is submitted.	PBM reports; data analytics; claims data; encounter data; FWA software; verification survey; hotline.
P04	Submission of claims for covered services that are in excess of the quantity that is medically necessary.	PBM reports; data analytics; claims data; encounter data; FWA software.
P05	Submission of claims for covered services that are billed using a code that would result in great payment than the code that reflects the covered services.	PBM reports; data analytics; claims data; encounter data; FWA software.
P06	Submission of claims for covered services that is already included in the capitation rate.	PBM reports; data analytics; claims data; encounter data; FWA software.
P07	Submission of claims for covered services that are submitted for payment to both CalOptima and another third-party payer without full disclosure.	PBM reports; data analytics; claims data; encounter data; FWA software; payment by OHI.
P08	Charging a member in excess of allowable co-payments and deductibles for covered services.	Member report; hotline report; oversight Audits.
P09	Billing a member for covered services without obtaining written consent to bill for such services.	Member report; hotline report; oversight Audits.

FDR FRAUD, WASTE OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
P10	Failure to disclose conflict of interest.	Hotline; credentialing or contracting process.
P11	Receiving, soliciting, or offering a kickback, bribe, or rebate to refer or fail to refer a member.	Hotline report; oversight report.
P12	Failure to register billing intermediary with the Department of Health Care Services.	Oversight Audit; report by regulatory body; hotline.
P13	False certification of medical necessity.	Medical record review; claims data; encounter data; FWA software.
P14	Attributing a diagnosis code to a member that does not reflect the member's medical condition for the purpose of obtaining higher reimbursement.	Medical record review; claims data; encounter data; FWA software.
P15	False or inaccurate minimum standards or credentialing information.	Hotline; credentialing or contracting process.
P16	Submitting reports that contain unsubstantiated data, data that is inconsistent with records, or has been altered in a manner that is inconsistent with policies, contracts, statutes, or regulations.	Medical record review; claims data; encounter data; FWA software.
P17	Other (please specify).	Any source.
P18	Provider Pharmacy Utilization.	PBM reports; data analytics; claims data; encounter data; FWA software.
P19	Billing Medi-Cal member for services.	Member report; hotline report; oversight Audits.
P20	Durable Medical Equipment- covered services that are not actually provided to member.	Member report; hotline report; oversight Audits; verification survey.

Appendix D

TYPES OF EMPLOYEE FWA

EMPLOYEE FRAUD OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
E01	Use of a member's identity or documentation of Medi-Cal eligibility to obtain services.	Employees obtaining services on a member's account. Hotline report. Data analytics. Referrals to SIU.
E02	Use of a member's identity or documentation of Medi-Cal eligibility to obtain a gain.	Employees obtaining unjust enrichment, funds, or other gain by selling member's account information. Hotline report.
E03	Employee assistance to providers with the submission of claims for covered services that are not actually provided to the member for which the claim is submitted.	Employees obtaining unjust enrichment, funds, or other gain from provider by using member's account information to assist in the submission of false claims. Hotline report. Referrals to SIU.
E04	Employee deceptively accessing company confidential information for purpose of a gain.	Employees obtaining unjust enrichment, funds, or other gain from another by deceptive and unauthorized accessing of information. Hotline Service. Data Analytics. Referrals to SIU.

E. GLOSSARY

Abuse ("Abuse") means actions that may, directly or indirectly, result in: unnecessary costs to a CalOptima program, improper payment, payment for services that fail to meet professionally recognized standards of care, or services that are medically unnecessary. Abuse involves payment for items or services when there is no legal entitlement to that payment and the provider has not knowingly and/or intentionally misrepresented facts to obtain payment. Abuse cannot be differentiated categorically from fraud, because the distinction between "fraud" and "abuse" depends on specific facts and circumstances, intent and prior knowledge, and available evidence, among other factors.

Audit ("Audit" or "Auditing") means a formal, systematic, and disciplined approach designed to review, evaluate, and improve the effectiveness of processes and related controls using a particular set of standards (e.g., policies and procedures, laws, and regulations) used as base measures. Auditing is governed by professional standards and completed by individuals independent of the process being audited and may require one (1) of several acknowledged certifications..

Audit & Oversight Committee ("AOC") means a subcommittee of the Compliance Committee chaired by the Director(s) of Audit & Oversight to oversee CalOptima's delegated functions. The composition of the AOC includes representatives from CalOptima's departments as provided for in CalOptima Policy HH.4001Δ: Audit & Oversight Committee.

Board Members ("Board Members") means the members of the CalOptima Board of Directors.

CalOptima ("CalOptima") means the Orange County Health Authority, d.b.a. CalOptima, a County Organized Health System ("COHS") created under California Welfare and Institutions Code Section 14087.54 and Orange County Ordinance No. 3896, as amended.

CalOptima Board of Directors ("CalOptima Board") means the Board of Directors of CalOptima, which serves as the Governing Body of CalOptima, appointed by the Orange County Board of Supervisors in accordance with the Codified Ordinances of the County of Orange.

CalOptima Members ("CalOptima Members" or "Members") means a beneficiary who is enrolled in a CalOptima program.

CalOptima Programs ("CalOptima Programs") means the Medi-Cal program administered by CalOptima under contract with DHCS, the Medicare Advantage Program ("OneCare") administered by CalOptima under contract with CMS, the Program of All Inclusive Services for the Elderly ("PACE") program administered by CalOptima under contract with DHCS and CMS, the Multipurpose Senior Services Program ("MSSP") administered by CalOptima under contract with the California Department of Aging, and the OneCare Connect program administered by CalOptima under contract with DHCS and CMS, as well as any other program now or in the future administered

by CalOptima.

Centers for Medicare & Medicaid Services ("CMS") means the federal agency within the United States Department of Health and Human Services (DHHS) that administers the Federal Medicare program and works in partnership with state governments to administer Medicaid programs.

Code of Conduct ("Code of Conduct") means the statement setting forth the principles and standards governing CalOptima's activities to which Board Members, employees, FDRs, and agents of CalOptima are expected to adhere.

Compliance Committee ("Compliance Committee") means that committee designated by the Chief Executive Officer (CEO) to implement and oversee the Compliance Program and to participate in carrying out the provisions of this Compliance Plan. The composition of the Compliance Committee shall consist of Executive Staff that may include, but is not limited to, the: Chief Executive Officer; Chief Medical Officer; Chief Operating Officer; Chief Financial Officer; Compliance Officer; and Executive Director of Human Resources.

Compliance Plan ("Compliance Plan") means this plan and all attachments, exhibits, modifications, supplements, or amendments thereto.

Compliance Program ("Compliance Program" or "Program") means the program (including, without limitation, this Compliance Plan, Code of Conduct, and policies and procedures) developed and adopted by CalOptima to promote, monitor and ensure that CalOptima's operations and practices and the practices of its Board Members, employees, and FDRs comply with applicable law and ethical standards.

Compliance Risk Assessment ("CRA") A tool utilized to stratify level of risk (high, medium, low) based upon Audit results and corrective actions issued to identify specific CalOptima functional areas vulnerable to potential Compliance risk.

Conflict of Interest Code ("Conflict of Interest Code") means CalOptima's Conflict of Interest Code approved and adopted on December 6, 1994, as amended and updated from time to time.

Corrective Action Plan ("CAP") means a plan delineating specific identifiable activities or undertakings that address and are designed to correct program deficiencies or problems identified by formal Audits or Monitoring Activities by CalOptima, the Centers of Medicare & Medicaid Services (CMS), Department of Health Care Services (DHCS), or designated representatives. FDRs and/or CalOptima departments may be required to complete CAPs to ensure compliance with statutory, regulatory, or contractual obligations and any other requirements identified by CalOptima and its regulators.

Delegation ("Delegated") means a legal assignment to another party of the authority for particular

functions, tasks, and decisions on behalf of the original party. The original party remains liable for compliance and fulfillment of any and all rules, requirements, and obligations pertaining to the delegated functions.

Department of Health and Human Services-Office of Inspector General ("OIG") means the Office of Inspector General of the United States Department of Health and Human Services.

Department of Health Care Services ("DHCS") means the California Department of Health Care Services, the State agency that oversees California's Medicaid program, known as Medi-Cal.

Department of Managed Health Care ("DMHC") means the California Department of Managed Health Care that oversees California's managed care system. DMHC regulates health maintenance organizations licensed under the Knox-Keene Act, Health & Safety Code Sections 1340 *et seq*.

Designated Employee ("Designated Employee") means the persons holding positions listed in the Appendix to the CalOptima Conflict of Interest Code.

Designee ("Designee") is a person selected or designated to carry out a duty or role. The assigned designee is required to be in management or hold the appropriate qualifications or certifications related to the duty or role.

Downstream Entity ("Downstream Entity") means any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima program benefit, below the level of the arrangement between CalOptima and a first-tier entity. These written arrangements continue down to the level of the ultimate provider of both health and administrative services.

Employee or **Employees** ("Employee" or "Employees") means any and all employees of CalOptima, including all Executive Staff, Management, officers, managers, Supervisors and other employed personnel, as well as temporary employees and volunteers.

Exclusion ("Exclusion" or "Excluded") means suspension, exclusion, or debarment from participation in federal and/or state health care programs.

Executive Director of Compliance ("Executive Director of Compliance" or "Compliance Officer") means that person designated as the Compliance Officer for CalOptima charged with the responsibility of implementing and overseeing the Compliance Program and the Compliance Plan and Fraud, Waste, and Abuse Plan.

Executive Staff ("Executive Staff") means an employee whose position title is Chief, or Executive Director of one (1) or more departments.

False Claims Act ("FCA") means the False Claims Act pursuant to 31 United States Code [U.S.C.] Sections 3729-3733, which protects the Government from being overcharged or sold substandard goods or services. The FCA imposes civil liability on any person who knowingly submits, or causes to be submitted, a false or fraudulent claim to the Federal Government. The "knowing" standard includes acting in deliberate ignorance or reckless disregard of the truth related to the claim. Civil penalties for violating the FCA may include fines and up to three (3) times the amount of damages sustained by the Government as a result of the false claims. There also are criminal penalties for submitting false claims, which may include fines, imprisonment, or both. (18 U.S.C. Section 287.)

FDR ("FDR") means First Tier, Downstream or Related Entity, as separately defined herein.

Federal and/or State Health Care Programs ("Federal and/or State Health Care Programs") means any plan or program providing health care benefits, directly through insurance or otherwise, that is funded directly, in whole or in part, by the United States Government (other than the Federal Employees Health Benefits Program), including Medicare, or any State health care program as defined in 42 U.S.C. § 1320a-7b (f) including the California Medicaid program, Medi-Cal.

First Tier Entity ("First Tier Entity") means any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care services to a member under a CalOptima program.

Fraud ("Fraud") means knowingly and willfully executing, or attempting to execute, a scheme or artifice to defraud any health care benefit program or to obtain (by means of false or fraudulent pretenses, representations, or promises) any of the money or property owned by, or under the custody or control of, any health care benefit program. (18 U.S.C. § 1347.)

General Services Administration ("GSA**"**) **System for Award Management** ("SAM") is a type of federal government exclusion database and contains the list of Excluded Parties List System (GSA-EPLS). The EPLS consists of federal contractors who have been debarred, Sanctioned, or excluded due to government contract issues or fraud. The database is usually updated on a monthly basis.

Governing Body ("Governing Body") means the Board of Directors of CalOptima.

Health Network ("Health Network" or "Health Networks") means the contracted Health Networks of CalOptima, including Physician Hospital Consortia ("PHCs"), Shared Risk Medical Groups ("SRGs"), and Health Maintenance Organizations ("HMOs").

Health Insurance Portability and Accountability Act ("HIPAA") means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, enacted on August 21, 1996. Sections 261 through 264 of HIPAA require the Secretary of the U.S. Department of Health and Human Services to publicize standards for the electronic exchange, privacy and security of health information, as amended.

Immediate Corrective Action Plan ("ICAP") means the result of non-compliance with specific requirements that has the potential to cause significant Member harm. Significant Member harm exists if the noncompliance resulted in the failure to provide medical items, services or prescription drugs, causing financial distress, or posing a threat to Member's health and safety due to non-existent or inadequate policies and procedures, systems, operations or staffing.

Management ("Management") means any employee whose position title is Director, Senior Manager, Manager, or Supervisor of one (1) or more departments.

Medi-Cal Suspended & Ineligible ("S&I") **Provider List** is a list of suspended and ineligible providers that is maintained by DHCS in the Medi-Cal Provider Manual. The list is updated monthly and available online and in print from DHCS.

Medicare Secondary Payer (MSP) Vendor means third-party vendors contracted to perform administrative functions with regards to the identification and recovery of monies owed to OneCare or OneCare Connect for recoupment of conditional payments. These administrative duties include, but are not limited to, the pursuit of repayments for third party liabilities and other health care coverage.

Monitoring Activities ("Monitoring") means regular reviews directed by management and performed as part of normal operations to confirm ongoing compliance and to ensure that corrective actions are undertaken and effective.

Multipurpose Senior Services Program ("MSSP") is a program approved under the federal Medicaid Home and Community-Based, 1915 (c) Waiver designed to prevent premature institutionalization through provision of comprehensive social and health care management to assist frail elder person who are certifiable for placement in a nursing facility, to remain safely at home at a cost lower than nursing facility care.

National Committee for Quality Assurance Standards for Accreditation of MCOs ("NCQA Standards") means the written standards for accreditation of managed care organizations published by the National Committee for Quality Assurance.

Office of Inspector General List of Excluded Individuals and Entities ("OIG LEIE") is an exclusion list and contains individuals and/or entities that have been excluded from participation in federal healthcare programs such as Medicare and Medicaid. This list is usually updated on a monthly basis.

OneCare ("OneCare") is a Medicare Advantage Health Maintenance Organization (HMO) plan offered by CalOptima to provide Medicare covered benefits to Members.

OneCare Connect ("OneCare Connect") is a Medicare-Medicaid health plan offered by CalOptima that contracts with both Medicare and Medi-Cal to provide covered benefits of both programs to Members.

Overpayment ("Overpayment") means a payment disbursed in excess of amounts properly payable under Medicare and Medi-Cal statutes and regulations.

Participating Providers and Suppliers ("Participating Providers and Suppliers") include all health care providers and suppliers (e.g., physicians, mid-level practitioners, hospitals, long term care facilities, pharmacies, etc.) that receive reimbursement from CalOptima or its Health Networks for items or services furnished to members. Participating providers and suppliers for purposes of this Compliance Plan may or may not be contracted with CalOptima and/or the Health Networks.

Participation Status ("Participation Status") means whether a person or entity is currently suspended, excluded, precluded, or otherwise ineligible to participate in Federal and/or State health care programs as provided in CalOptima policies and procedures.

Participation Status Review ("Participation Status Review") means the process by which CalOptima reviews its Board Members, employees, FDRs, and CalOptima Direct providers to determine whether they are currently suspended, excluded, precluded, or otherwise ineligible to participate in Federal and/or State health care programs.

Personally Identifiable Information ("PII") means any information about an individual maintained by an agency, including (1) any information that can be used to distinguish or trace an individual's identity, such as name, social security number, date and place of birth, mother's maiden name, or biometric records; and (2) any other information that is linked or linkable to an individual, such as medical, educational, financial, and employment information.

Pharmacy Benefit Manager ("PBM") means an entity that provides pharmacy benefit management services, including contracting with a network of pharmacies; establishing payment levels for network pharmacies; negotiating rebate arrangements; developing and managing formularies, preferred drug lists, and prior authorization programs; maintaining patient compliance programs; performing drug utilization review; and operating disease management programs.

Policies and Procedures ("Policies and Procedures") means CalOptima's written policies and procedures regarding the operation of CalOptima's Compliance Program, including applicable Human Resources policies, outlining CalOptima's requirements and standards in compliance with applicable law.

Program of All-Inclusive Care for the Elderly ("PACE") is a long-term comprehensive health care program that helps older adults to remain as independent as possible. PACE coordinates and provides all needed preventive, primary, acute and long-term care services so seniors can continue

living in their community.

Preclusion ("Precluded" or "Preclusion List") is a type of exclusion. The CMS Preclusion List is a list of Providers and prescribers who are precluded from receiving payment for Medicare Advantage (MA) items and services or Part D drugs furnished or prescribed to Medicare beneficiaries.

Protected Health Information ("PHI") refers to the 45 Code of Federal Regulations Section 160.103, including the following: individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium.

This information identifies the individual or there is reasonable basis to believe the information can be used to identify the individual. The information was created or received by CalOptima or Business Associates and relates to:

1. The past, present, or future physical or mental health or condition of a Member;
2. The provision of health care to a Member; or
3. Past, present, or future Payment for the provision of health care to a Member.

Readiness Assessment ("Readiness Assessment") is an assessment conducted by a review team prior to the effective date of a Delegated Entity's or other contracted entity's contract with CalOptima. The assessment determines the Delegated Entity's or contracted entity's compliance with all or a specified number of operational functional area requirements, as determined by CalOptima.

Regulatory Agencies ("Regulatory Agencies") include, but are not limited to: Centers for Medicare & Medicaid Services (CMS), Department of Health Care Services (DHCS), Department of Managed Health Care (DMHC), Health and Human Services Office of Inspector General (OIG), and the Office of Civil Rights (OCR).

Related Entity ("Related Entity") means any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.

Sanction ("Sanction") means an action taken by CalOptima, including, but not limited to, restrictions, limitations, monetary fines, termination, or a combination thereof, based on an FDR's or its agent's failure to comply with statutory, regulatory, contractual, and/or other requirements related to CalOptima programs.

Seniors and Persons with Disabilities ("SPD") means Medi-Cal beneficiaries who fall under specific Aged and Disabled Aid Codes as defined by the DHCS.

Sub-delegation ("Sub-delegation") means the process by which a first tier entity expressly grants, by formal agreement, to a downstream entity the authority to carry out one or more functions that would otherwise be required to be performed by the first tier entity in order to meet its obligations under the delegation agreement.

Supervisor ("Supervisor" or "Manager") means an employee in a position representing CalOptima who has one (1) or more employees reporting directly to him or her. With respect to FDRs, the term "Supervisor" shall mean the CalOptima employee that is the designated liaison for that contractor.

Third-Party Administrator ("TPA") means a contractor that furnishes designated claims processing and other administrative services to CalOptima.

Waste ("Waste") means the overutilization of services, or other practices that, directly or indirectly, result in unnecessary costs to a CalOptima program. Waste is generally not considered to be caused by criminally negligent actions but rather the misuse of resources.

Attachment 3: Summary of Proposed Actions for Office of Compliance Policies and Procedures

Table 1: Revisions to the Office of Compliance Policies and Procedures

The following table lists the proposed revisions to the CalOptima Office of Compliance policies and procedures, by department.

Department	Policy	Policy Title	Revision(s)	Reason for Revision(s)
Audit & Oversight - External	**HH.2027**Δ	Annual Risk Assessment (FDR)	• Clarified the assessment process applies to FDRs as well as FTEs. • Revised language to permit for variation in frequency of monitoring and auditing based on risk level.	Annual review to incorporate revisions to align with the 2021 Compliance Plan and current operations
Regulatory Affairs & Compliance	**HH.2014**Δ	Compliance Program	• Attachment A: FDR Compliance Attestation was revised to align with the Industry Collaboration Effort (ICE) FDR Attestation.	Annual review to incorporate revisions to align with the 2021 Compliance Plan and current operations
Regulatory Affairs & Compliance	**HH.2021**Δ	Exclusion and Preclusion Monitoring	• Included medical group practices, physician medical groups and providers with letters of agreement as entities and individuals subject to monthly exclusion and preclusion monitoring. • Clarified operational departments responsible for monitoring.	Annual review to incorporate revisions to align with the 2021 Compliance Plan and current operations
Regulatory Affairs & Compliance	**HH.2023**Δ	Compliance Training	• Attachment A: FDR Compliance Attestation was revised to align with the Industry Collaboration Effort (ICE) FDR Attestation.	Annual review to incorporate revisions to align with the 2021 Compliance Plan and current operations
Regulatory Affairs & Compliance	**HH.2028**Δ	Code of Conduct	• Attachment A: FDR Compliance Attestation was revised to align with the Industry Collaboration Effort (ICE) FDR Attestation.	Annual review to incorporate revisions to align with the 2021 Compliance Plan and current operations

Table 2: Office of Compliance Policies and Procedures: Non-substantive Revisions

The following table contains the proposed list of policies without substantive revisions for the CalOptima Office of Compliance, by department.

Department	Policy	Policy Title	Summary of Revision(s)	Reason for Revision(s)
Audit & Oversight – External	**GG.1605**	Delegation and Oversight of Credentialing and Recredentialing Activities	• No substantive revisions made since the 2019 annual review.	N/A
Audit & Oversight – External	**GG.1619**	Delegation Oversight	• No substantive revisions made since the 2019 annual review.	N/A
Audit & Oversight – External	**HH.2015**	Health Network Claims Processing	• No substantive revisions made since the 2019 annual review.	N/A
Audit & Oversight – External	**HH.2025**	Health Network Subdelegation and Subcontracting	• No substantive revisions made since the 2019 annual review.	N/A

I. PURPOSE

This policy establishes a Compliance Program* to ensure and enforce compliance with ethical standards, contractual requirements, applicable federal and state statutes and regulations, and CalOptima policies.

II. POLICY

A. CalOptima shall establish a written Compliance Program, in accordance with applicable regulatory and contractual requirements.

B. CalOptima's First Tier, Downstream, and Related Entities (FDRs) shall, at a minimum, develop a written Compliance Program, in accordance with this Policy.

C. CalOptima shall revise and update the Compliance Program, including the Compliance Plan, and all applicable CalOptima policies, as changes occur in CalOptima's needs, regulatory requirements, and applicable laws.

D. The CalOptima Board of Directors is responsible for overseeing the implementation and effectiveness of the Compliance Program, and approving the Compliance Plan and Code of Conduct.

E. The Compliance Officer, in conjunction with the Compliance Committee, shall provide oversight, analysis, and continuous monitoring of compliance activities and shall provide a summary of such activities to the Board of Directors on a periodic basis.

F. The Compliance Officer, in conjunction with the Compliance Committee, may update and make minor, non-substantive revisions to the Compliance Plan without the need to obtain Board of Directors approval.

G. CalOptima Employees, members of the Governing Body, and FDRs, shall comply with the Compliance Program.

Back to Agenda Back to Item
* Terms in **bold** are included in the Glossary.

III. PROCEDURE

A. The Office of Compliance shall recommend revisions to the Compliance Plan, Code of Conduct, and related policies and procedures, as necessary, to maintain compliance with contractual requirements, applicable state and federal statutes and regulations, and CalOptima operations, or as otherwise indicated to meet the needs of Members.

B. The Compliance Officer shall submit recommended revisions to the Compliance Plan and Code of Conduct, to the Compliance Committee for review and approval.

C. Upon the Compliance Committee's approval, the Compliance Officer shall present substantive revisions to the Compliance Plan and/or Code of Conduct to the Board of Directors for approval and adoption into the Compliance Program. Minor non-substantive revisions, specifically the correction of typographical or formatting errors, to the Compliance Plan may be implemented without the need to obtain Board of Directors approval.

IX. GLOSSARY

Term	Definition
Code of Conduct	The statement setting forth the principles and standards governing CalOptima's activities to which CalOptima's Board of Directors, employees, contractors, and agents are required to adhere.
Compliance Committee	The committee designated by the Chief Executive Officer (CEO) to implement and oversee the Compliance Program and to participate in carrying out the provisions of this Compliance Plan. The composition of the Compliance Committee shall consist of senior management staff that may include, but is not limited to, the: Chief Executive Officer; Chief Medical Officer; Chief Operating Officer; Chief Financial Officer; Compliance Officer; and Executive Director of Human Resources.
Compliance Program	The program (including, without limitation, the Compliance Plan, Code of Conduct, and policies and procedures) developed and adopted by CalOptima to promote, monitor and ensure that CalOptima's operations and practices and the practices of its Board Members, Employees and FDRs comply with applicable law and ethical standards.
Downstream Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima Program benefit, below the level of arrangement between CalOptima and a First Tier Entity. These written arrangements continue down to the level of the ultimate provider of both health and administrative services.
Employee	Any and all employees of CalOptima, including all senior management, officers, managers, supervisors and other employed personnel, as well as temporary employees and volunteers.
First Tier Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care services to a Member under a CalOptima Program.
First Tier, Downstream, and Related Entities (FDR)	First Tier, Downstream or Related Entity, as separately defined herein. For the purposes of this policy, the term FDR includes delegated entities, contracted providers, Health Networks, Physician Medical Groups, Physician Hospital Consortia, Health Maintenance Organizations, suppliers and consultants, including those that directly contract with CalOptima as well as those that are Downstream or Related Entities.
Governing Body	The Board of Directors of CalOptima.
Related Entity	Any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to Members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.

IX. GLOSSARY

Term	Definition
Code of Conduct	The statement setting forth the principles and standards governing CalOptima's activities to which CalOptima's Board of Directors, employees, contractors, and agents are required to adhere.
Compliance Committee	The committee designated by the Chief Executive Officer (CEO) to implement and oversee the Compliance Program and to participate in carrying out the provisions of this Compliance Plan. The composition of the Compliance Committee shall consist of senior management staff that may include, but is not limited to, the: Chief Executive Officer; Chief Medical Officer; Chief Operating Officer; Chief Financial Officer; Compliance Officer; and Executive Director of Human Resources.
Compliance Program	The program (including, without limitation, the Compliance Plan, Code of Conduct, and policies and procedures) developed and adopted by CalOptima to promote, monitor and ensure that CalOptima's operations and practices and the practices of its Board Members, Employees and FDRs comply with applicable law and ethical standards.
Downstream Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima Program benefit, below the level of arrangement between CalOptima and a First Tier Entity. These written arrangements continue down to the level of the ultimate provider of both health and administrative services.
Employee	Any and all employees of CalOptima, including all senior management, officers, managers, supervisors and other employed personnel, as well as temporary employees and volunteers.
First Tier Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care services to a Member under a CalOptima Program.
First Tier, Downstream, and Related Entities (FDR)	First Tier, Downstream or Related Entity, as separately defined herein. For the purposes of this policy, the term FDR includes delegated entities, contracted providers, Health Networks, Physician Medical Groups, Physician Hospital Consortia, Health Maintenance Organizations, suppliers and consultants, including those that directly contract with CalOptima as well as those that are Downstream or Related Entities.
Governing Body	The Board of Directors of CalOptima.
Related Entity	Any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to Members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.

FDR COMPLIANCE ATTESTATION

Please complete and execute this attestation and return it to CalOptima's Office of Compliance via email Compliance@caloptima.org, or mail: CalOptima, Office of Compliance, Attn: Regulatory Affairs & Compliance Medicare Director~~Annie Phillips~~, 505 City Parkway West, Orange, CA 92868, within thirty (30) calendar days for ~~(~~existing FDRs~~)~~, or sixty (60) calendar days for ~~(~~new FDRs~~)~~ of this notice.

Which CalOptima program(s) does this form pertain to? Select all that apply:	☐OneCare Connect ☐PACE ☐Medi-Cal ☐OneCare ~~HMO SNP~~ ☐~~PACE~~

I hereby attest that [_____ (the "Organization")], and all its downstream entities, if any, that are involved in the provision of health or administrative services for any of the CalOptima programs identified above:

I. **General and HIPAA Compliance and Fraud, Waste and Abuse (FWA) Training**. Provide effective ~~Fraud, Waste and Abuse~~FWA training, General Compliance training, General HIPAA training to all Organization and downstream entity board members, officers, employees, temporary employees, and volunteers, within ninety (90) calendar days of appointment, hire or contracting, as applicable, and at least annually thereafter as a condition of appointment, employment or contracting. The Organization and its downstream entities currently use:

(Select all that apply):

☐ CMS's Fraud, Waste, and Abuse training, General Compliance training, and General HIPAA training module. (The Organization shall maintain records ~~per CMS retention requirement~~ as evidence of completed training)

☐ An internal training program that ~~meets~~ utilizes content available in the CMS's Fraud, Waste, and Abuse training, General Compliance training, and HIPAA training module requirements, or training content that is materially the same. (The Organization shall maintain records ~~per CMS retention requirement~~as evidence of completed training)

Note: If selecting an internal training program that ~~meets~~ aligns with CMS's FWA, HIPAA, and General Compliance, please submit a copy of your organization's trainings to CalOptima's Office of Compliance for review, and to ensure they meet CMS's requirements.

II. Administer specialized compliance training to Organization and downstream entity board members, employees, temporary employees, and volunteers ~~: (i) based on their job function~~ within the first ninety (90) days of hire and at least annually thereafter as ~~a~~ condition of appointment, employment or contracting. ~~requirements change; (iii) when such persons work in an area previously found to be non-compliant with program requirements or implicated in past misconduct.~~

Back to Agenda Back to Item

III. **Compliance Plan and Code of Conduct Requirements.** Have established and publicized compliance policies and procedures, standards of conduct, and compliance reference material that meet the requirements outlined in 42 CFR §422.503(b)(4)(vi)(A) and 42 CFR §423.504(b)(4)(vi)(A) which information, and any updates thereto, are distributed to all Organization and downstream entity board members, officers, employees, temporary employees, and volunteers within ninety (90) days of appointment, hire or contracting, as applicable, and at least annually thereafter. Evidence of receipt of such compliance by such persons is obtained and retained by the Organization.

(Select which applies to your organization):

☐ Organization has adopted, implemented, and distributed CalOptima's Compliance Plan and Code of Conduct (https://www.caloptima.org/en/About/GeneralCompliance/GeneralComplianceResourceLinks.aspx)

☐ Organization has distributed a comparable Compliance Plan and Code of Conduct
Note: If selecting a comparable Compliance Plan and Code of Conduct, please submit a copy of your organization's Compliance Plan and Code of Conduct to CalOptima's Office of Compliance for review, and to ensure they meet CMS's requirements.

IV. **Exclusion Monitoring**. Review all Organization and downstream entity board members, officers, potential and actual employees, temporary employees, and volunteers against the {Medi-Cal Suspended and Ineligible Provider List} (S & I Medi-Cal), {Health and Human Services} (HHS), {Office of Inspector General} (OIG) List of Excluded Individuals & Entities list, {System for Award Management} (SAM)/{General Services Administration} (GSA) Debarment list, Centers for Medicare & Medicaid Services (CMS) Preclusion List (as applicable), (hereafter "Lists") upon appointment, hire or contracting, as applicable, and monthly thereafter. Further, in the event that the Organization or downstream entity becomes aware that any of the foregoing persons or entities are included on these Lists, the Organization will notify CalOptima within five (5) calendar days, the relationship with the listed person/entity will be terminated as it relates to CalOptima, and appropriate corrective action will be taken.

V. **Conflict of Interest**. Screen the Organization and its subcontractors' governing bodies for conflicts of interest as defined in state and federal law and CalOptima policies and procedures upon hire or contracting and annually thereafter.

VI. **Reporting of FWA/Non-Compliance**. Will report suspected fraud, waste, and abuse, as well as all other forms of non-compliance, as it relates to CalOptima, confidentially and anonymously.

VII. **Disciplinary Action**. Understand that any violation of any laws, regulations, or CalOptima policies and procedures are grounds for disciplinary action, up to and including termination of Organization's contractual status.

VIII. **Non-Retaliation**. Are aware that persons reporting suspected fraud, waste, and abuse, and other non-compliance are protected from retaliation under the False Claims Act and other applicable laws prohibiting retaliation.

IX. **Records Management**. Retain documented evidence of compliance with the above, including training and exclusion screening (i.e. sign-in sheets, certificates, attestations, OIG and GSA search results, etc.) for at least ten (10) years, and provide such documentation to CalOptima upon request.

The individual signing below is knowledgeable about and authorized to attest to the foregoing matters on behalf of the Organization.

Orange County Health Authority
dba CalOptima

20211 Compliance Plan

(Revised December 20201)

Document maintained by:
Silver Ho
CalOptima Compliance Officer

TABLE OF CONTENTS

A. OVERVIEW OF THE COMPLIANCE PROGRAM

The Orange County Health Authority, dba CalOptima, is committed to conducting its operations in compliance with ethical standards, contractual obligations, and all applicable statutes, regulations, and rules, including those pertaining to Medi-Cal, Medicare, Program of All-Inclusive Care for the Elderly (PACE), Multipurpose Senior Services Program (MSSP), and other CalOptima Programs.*

CalOptima's compliance commitment encompasses its own internal operations, as well as its oversight and Monitoring responsibilities related to CalOptima's First Tier, Downstream, and Related Entities (FDRs), such as Health Networks, physician groups, Participating Providers, and Suppliers, Pharmacy Benefit Manager (PBM), and consultants. The term FDR is used in this document to refer to CalOptima's delegated subcontractors that perform administrative functions and/or provide health care services that CalOptima is required to perform and/or provide under its state and federal contracts with the Centers for Medicare & Medicaid Services (CMS) and the Department of Health Care Services (DHCS). Such persons/entities, referred to as FDR herein, include those that directly contract with CalOptima and those that are Downstream or Related Entities (i.e., subcontracts) with CalOptima's First Tier Entities.

CalOptima has developed a comprehensive Compliance Program applicable to all of CalOptima's programs, including, but not limited to, its Medi-Cal Program, its Medicare Advantage Prescription Drug Program (MA-PDP referred to as "OneCare"), its Medicare-Medicaid Plan (MMP referred to as "OneCare Connect"), PACE, and MSSP. The Compliance Program incorporates all elements of an effective Compliance Program as recommended by the Office of the Inspector General (OIG) and required by CMS regulations. The Compliance Program is continually evolving and may be modified and enhanced based on compliance Monitoring and identification of new areas of operational, regulatory, or legal risk. CalOptima requires that CalOptima Board Members, Employees, and FDRs conduct themselves in accordance with the requirements of CalOptima's Compliance Program.

B. THE COMPLIANCE PLAN

This Compliance Plan sets forth CalOptima's commitment to legal and ethical conduct by establishing compliance activities, along with CalOptima principles and standards, to efficiently Monitor adherence to all applicable laws, regulations, and guidelines. The Compliance Plan addresses the fundamental elements of an effective Compliance Program and identifies how CalOptima is implementing each of the fundamental elements of an effective Compliance Program in its operations to meet its contractual, legal, and regulatory obligations. Moreover, the Compliance Plan is designed to provide guidance and to ensure that CalOptima's operations and the practices of its Board Members, Employees, and FDRs comply with contractual requirements, ethical standards, and applicable law.

This Compliance Plan is adopted by the Governing Body. It was developed and is managed by the Executive Director of Compliance (hereinafter referred to as the "Compliance Officer") with the Compliance Committee. Due to the dynamic nature of the complex laws governing CalOptima and its programs, the Compliance Plan may be revised and updated from time to time to respond to changes in the law and/or to reflect improvements in CalOptima's operations and processes.

Board Members, Employees, and FDRs are expected to review and adhere to the requirements and standards set forth in the Compliance Plan, the Code of Conduct, and all related Policies and Procedures, as may be amended. Furthermore, Board Members, Employees, and FDRs are expected to be familiar with the contractual, legal, and regulatory requirements pertinent to their respective roles and responsibilities. If a Board Member, Employee, and/or FDR has/have any questions about the application, or implementation, of this Compliance Plan, or questions related to the Code of Conduct or CalOptima Policies and Procedures, he or she should seek guidance from the Compliance Officer and/or the CalOptima Office of Compliance.

I. WRITTEN STANDARDS

To demonstrate CalOptima's commitment to complying with all applicable federal and state standards and to ensure a shared understanding of what ethical and legal standards and requirements are expected of Board Members, Employees, and FDRs, CalOptima develops, maintains, and distributes its written standards in the form of this Compliance Plan, a separate Code of Conduct, and written Policies and Procedures.

a. Compliance Plan

As noted above, this Compliance Plan outlines how contractual and legal standards are reviewed and implemented throughout the organization and communicated to CalOptima Board Members, Employees, and FDRs. This Compliance Plan also includes a comprehensive section articulating CalOptima's commitment to preventing Fraud, Waste, & Abuse (FWA), and setting forth guidelines and procedures designed to detect, prevent, and remediate FWA in the administration of CalOptima Programs. The Compliance Plan is available on CalOptima's external website for Board Members and FDRs, as well as on CalOptima's ~~internal~~ intranet site, referred to as InfoNet, accessible to all Employees.

b. Policies and Procedures

CalOptima also developed written Policies and Procedures to address specific areas of CalOptima's operations, compliance activities, and FWA prevention, detection, and remediation to ensure CalOptima can efficiently Monitor adherence to all applicable laws, regulations, and guidelines. These Policies and Procedures are designed to provide guidance to Board Members, Employees, and FDRs concerning compliance expectations and outline processes on how to identify, report, investigate, and/or resolve suspected, detected, or reported compliance issues. Board Members, Employees, and FDRs are expected to be familiar with the Policies and Procedures pertinent to their respective roles and responsibilities, and are expected to perform their responsibilities in compliance with ethical standards, contractual obligations, and applicable law. The Compliance Officer, or his/her Designee, will ensure that Board Members, Employees, and FDRs are informed of applicable policy requirements, and that such dissemination of information is documented and retained, in accordance with applicable record retention standards.

The Policies and Procedures are reviewed annually and updated, as needed, depending on state and federal regulatory changes and/or operational improvements to address identified risk factors. Changes to CalOptima's Policies and Procedures are reviewed and approved by CalOptima's Policy Review Committee. The Policy Review Committee, comprised of executive officers and key Management staff, meets regularly to review and approve proposed changes and additions to CalOptima's Policies and Procedures. Policies and Procedures are available on CalOptima's internal website and Compliance 360 (C360), a separate web portal accessible to Board Members, Employees, and FDRs. Board Members, Employees, and FDRs receive notice when Policies and Procedures are updated via a monthly memorandum.

Back to Agenda Back to Item

c. Code of Conduct

Finally, the Code of Conduct is CalOptima's foundational document detailing fundamental principles, values, and the framework for business practices within and applicable to CalOptima. The objective of the Code of Conduct is to articulate compliance expectations and broad principles that guide CalOptima Board Members, Employees, and FDRs in conducting their business activities in a professional, ethical, and lawful manner. The Code of Conduct is a separate document from the Compliance Plan and can be found in Appendix A. The Code of Conduct is approved by the CalOptima Board of Directors and distributed to Board Members, Employees, and FDRs upon appointment, hire, or the commencement of the contract, and annually thereafter. New Board Members, Employees, and FDRs are required to sign an attestation acknowledging receipt and review of the Code of Conduct within ninety (90) calendar days of the appointment, hire, or commencement of the contract, and annually thereafter.

II.OVERSIGHT

The successful implementation of the Compliance Program requires dedicated commitment and diligent oversight throughout CalOptima's operations, including, but not limited to, key roles and responsibilities by the CalOptima Board, the Compliance Officer, the Compliance Committee, the Audit & Oversight Committee, and Executive Staff.

a. Governing Body

The CalOptima Board of Directors, as the Governing Body, is responsible for approving, implementing, and Monitoring a Compliance Program governing CalOptima's operations. The CalOptima Board delegates the Compliance Program oversight and day-to-day compliance activities to the Chief Executive Officer (CEO), who then delegates such oversight and activities to the Compliance Officer. The Compliance Officer is an Employee of CalOptima, who handles compliance oversight and activities full-time. The Compliance Officer, in conjunction with the Compliance Committee, are both accountable for the oversight and reporting roles and responsibilities as set forth in this Compliance Plan. However, the CalOptima Board remains accountable for ensuring the effectiveness of the Compliance Program within CalOptima and Monitoring the status of the Compliance Program to ensure its efficient and successful implementation.

To ensure the CalOptima Board exercises reasonable oversight with respect to the implementation and effectiveness of CalOptima's Compliance Program, the CalOptima Board:

- Understands the content and operation of CalOptima's Compliance Program;
- Approves the Compliance Program, including this Compliance Plan and the Code of Conduct;
- Requires an effective information system that allows it to properly exercise its oversight role and be informed about the Compliance Program outcomes, including, but not limited to, results of internal and external Audits;
- Receives training and education upon appointment, and annually thereafter, concerning the structure and operation of the Compliance Program;
- Remains informed about governmental compliance enforcement activity, such as Notices of Non-Compliance, Corrective Action Plans, Warning Letters, and/or Sanctions;
- Receives regularly scheduled, periodic updates from CalOptima's Compliance Officer and Compliance Committee, including, but not limited to, monthly reports summarizing overall compliance activities and any changes that are recommended;
- Receives timely written notification and updates on urgent compliance issues that require engagement and action;
- Convenes formal ad hoc and closed session discussions for significant and/or sensitive compliance matters, to the extent permitted by applicable law; and
- Reviews the results of performance and effectiveness assessments of the Compliance Program.

Back to Agenda Back to Item

The CalOptima Board reviews the measurable indicators of an effective Compliance Program and remains appropriately engaged in overseeing its efficient and successful implementation; however, the CalOptima Board delegates several compliance functions and activities as described in the following subsections.

b. Executive Director of Compliance (Compliance Officer)

The Executive Director of Compliance serves as the Compliance Officer who coordinates and communicates all assigned compliance activities and programs, as well as plans, implements, and Monitors the day-to-day activities of the Compliance Program. The Compliance Officer reports directly to the CEO and the Compliance Committee on the activities and status of the Compliance Program. The Compliance Officer has authority to report matters directly to the CalOptima Board at any time. Furthermore, the Compliance Officer ensures that CalOptima meets all state and federal regulatory and contractual requirements.

The Compliance Officer interacts with the CalOptima Board, CEO, CalOptima's Executive Staff and departmental Management, FDRs, legal counsel, state and federal representatives, and others as required. In addition, the Compliance Officer supervises the Office of Compliance, which includes compliance professionals with expertise and responsibilities for the following areas: Medi-Cal and Medicare Regulatory Affairs & Compliance, Special Investigations, Privacy, FDR and internal oversight, Policies and Procedures, and training on compliance activities.

The CalOptima Board delegates the following responsibilities to the Compliance Officer, and/or his/her Designee(s):

- Chair the Compliance Committee, which shall meet no less than quarterly and assists the Compliance Officer in fulfilling his/her responsibilities;
- Ensure that the Compliance Program, including this Compliance Plan and Policies and Procedures, are developed, maintained, revised, and updated, annually, or as needed, based on changes in CalOptima's needs, regulatory requirements, and applicable law and distributed to all affected Board Members, Employees, and FDRs, as appropriate;
- Oversee and Monitor the implementation of the Compliance Program, and provide regular reports no less than quarterly to the CalOptima Board and CEO summarizing all efforts, including, but not limited to, the Compliance Committee's efforts to ensure adherence to the Compliance Program, identification and resolution of suspected, detected, or reported instances of non-compliance, and CalOptima's compliance oversight and Audit activities;
- Maintain the compliance reporting mechanisms and manage inquiries and reports from CalOptima's Compliance and Ethics Hotline in accordance with specified protocols, including, but not limited to, maintenance of documentation for each report of potential non-compliance or potential FWA received from any source through any reporting method;

Back to Agenda Back to Item

- Design, coordinate, and/or conduct regular internal Audits to ensure the Compliance Program is properly implemented and followed, in addition to verifying all appropriate financial and administrative controls are in place;
- Develop and implement an annual schedule of Compliance Program activities for each of CalOptima's programs, and regularly report CalOptima's progress in implementing those plans to the appropriate Board committee and/or to the Board of Directors;
- Serve as a liaison between CalOptima and all applicable state and federal agencies for non-compliance and/or FWA issues, including facilitating any documentation or procedural requests by such agency(s);
- Oversee and Monitor all compliance investigations, including investigations performed by CalOptima's regulators (e.g., DHCS and CMS) and consult with legal counsel, as necessary;
- Create and coordinate educational training programs and initiatives to ensure that the CalOptima Board, Employees, and FDRs are knowledgeable about CalOptima's Compliance Program, including the Code of Conduct, Policies and Procedures, and all current and emerging applicable statutory and regulatory requirements;
- Timely initiate, investigate, and complete risk assessments and related activities, and direct and implement appropriate Corrective Action Plans, Sanctions, and/or other remediation, including, but not limited to, collaboration with the Human Resources Department to ensure consistent, timely, and effective disciplinary standards are followed; and
- Coordinate with CalOptima departments and FDRs to ensure Exclusion and Preclusion screening (including through the OIG List of Excluded Individuals and Entities (LEIE), General Services Administration (GSA) System for Award Management (SAM), Medi-Cal Suspended & Ineligible (S&I) Provider List, and the CMS Preclusion List) has been conducted and acted upon, as appropriate, in accordance with regulatory and contractual requirements.

c. Compliance Committee

The Compliance Committee, chaired by the Compliance Officer, is composed of CalOptima's Executive Staff ~~and operational staff~~, as designated by the CEO. The members of the Compliance Committee serve at the discretion of the CEO and may be removed, or added, at any time. The role of the Compliance Committee is to implement and oversee the Compliance Program and to participate in carrying out the provisions of this Compliance Plan. The Compliance Committee meets at least on a quarterly basis, or more frequently as necessary, to enable reasonable oversight of the Compliance Program.

The CalOptima Board delegates the following responsibilities to the Compliance Committee:

- Maintain and update the Code of Conduct consistent with regulatory requirements and/or operational changes, subject to the ultimate approval by the CalOptima Board;
- Maintain written notes, records, correspondence, or minutes (as appropriate) of Compliance Committee meetings reflecting reports made to the Compliance Committee and the Compliance Committee's decisions on the issues raised (subject to all applicable privileges);

Back to Agenda Back to Item

- Review and Monitor the effectiveness of the Compliance Program, including Monitoring key performance reports and metrics, evaluating business and administrative operations, and overseeing the creation, implementation, and development of corrective and preventive action(s) to ensure they are prompt and effective;
- Analyze applicable federal and state program requirements, including contractual, legal, and regulatory requirements, along with areas of risk, and coordinate with the Compliance Officer to ensure the adequacy of the Compliance Program;
- Review, approve, and/or update Policies and Procedures to ensure the successful implementation and effectiveness of the Compliance Program consistent with regulatory, legal, and contractual requirements;
- Recommend and Monitor the development of internal systems and controls to implement CalOptima's standards and Policies and Procedures as part of its daily operations;
- Determine the appropriate strategy and/or approach to promote compliance and detect potential violations and advise the Compliance Officer accordingly;
- Develop and maintain a reporting system to solicit, evaluate, and respond to complaints and problems;
- Review and address reports of Monitoring and Auditing of areas in which CalOptima is at risk of program non-compliance and/or potential FWA, and ensure CAPs and ICAPs are implemented and Monitored for effectiveness;
- Suggest and implement all appropriate and necessary actions to ensure that CalOptima and its FDRs conduct activities and operations in compliance with the applicable laws and regulations and sound business ethics; and
- Provide regular and ad-hoc status reports of compliance with recommendations to the CalOptima Board of Directors.

d. Audit & Oversight Committee (AOC)

The Audit & Oversight Committee (AOC) is a subcommittee of the Compliance Committee and is co-led by the Director(s) of Audit & Oversight. The AOC is responsible for overseeing the delegated and internal activities of CalOptima. The Compliance Committee has final approval authority for any delegated and internal activities. Committee members include representatives from CalOptima's departments as provided for in CalOptima Policy HH.4001Δ: Audit & Oversight Committee. In addition to the monthly scheduled meetings, the AOC may conduct ad hoc meetings either in-person or via teleconference, as needed. All materials requiring action by the AOC are approved by the majority of a quorum of the AOC. A quorum is defined as one (1) over fifty percent (50%). AOC may approve and/or implement Corrective Action Plans (CAPs); however, recommendations for FDR Sanctions and/or de-Delegation are submitted to the Compliance Committee for final approval. The AOC also contributes to external reviews and accreditation Audits, such as the National Committee for Quality Assurance (NCQA).

Responsibilities of the Audit & Oversight Committee with regard to FDRs include:

- Annual review, revision, and approval of the Audit tools;
- Review findings of the Readiness Assessment to evaluate a potential FDR's ability to perform the delegated function(s);
- Review and approve potential FDR entities for Delegation of functions;
- Ensure written agreements with each delegated FDR clearly define and describe the delegated activities, responsibilities, and reporting requirements of all parties consistent with applicable laws, regulations, and contractual obligations;
- Conduct formal, ongoing evaluation and Monitoring of FDR performance and compliance through review of periodic reports submitted, complaints/grievances filed, and findings of the annual onsite Audit;
- Ensure all Downstream and Related Entities are Monitored in accordance with CalOptima oversight procedures;
- Ensure that formal risk assessment is conducted on an annual basis, and update as needed, on an ongoing basis;
- Initiate and manage Corrective Action Plans (CAPs) for compliance issues;
- Propose Sanctions, subject to the Compliance Committee's approval, if an FDR's performance is substandard and/or violates the terms of the applicable agreement; and
- Review and initiate recommendations, such as termination of Delegation, to the Compliance Committee for unresolved issues of compliance.

Responsibilities of the Audit & Oversight Committee regarding internal business functions include:

- Annual review, revision, and approval of the Audit work plan and Audit tools;
- Conduct formal, ongoing evaluation and Monitoring of internal business areas' performance and compliance through review of periodic reports submitted, ongoing Monitoring, and findings of the annual Audit;
- Conduct formal risk assessment on an annual basis, and update as needed, on an ongoing basis; and
- Initiate and manage Corrective Action Plans (CAPs) for compliance issues.
- Initiate and manage other disciplinary actions (e.g., Sanctions, de-delegation) for compliance issues.

e. Executive Staff

The CEO and Executive Staff of CalOptima shall:

- Ensure that the Compliance Officer is integrated into the organization and is given the credibility, authority, and resources necessary to operate a robust and effective Compliance Program;
- Receive periodic reports from the Compliance Officer of risk areas facing the organization, the strategies being implemented to address them and the results of those strategies; and
- Be advised of all governmental compliance and enforcement findings and activity, including

Audit findings, Notices of Non-Compliance, and formal enforcement actions, and participate in corrective actions and responses, as appropriate.

III.TRAINING

Education and training are critical elements of the Compliance Program. CalOptima requires that all Board Members, Employees, and FDRs complete training upon appointment, hire, or commencement of contract, as applicable, and on an annual basis thereafter. Required courses cover CalOptima's Code of Conduct, compliance obligations, relevant laws, and FWA, as applicable. Specialized education courses are assigned to individuals based on their respective roles or positions within or with CalOptima's departments and its programs, which may include, but is not limited to, the fundamentals of managing Seniors and People with Disabilities (SPD) and cultural competency.

CalOptima utilizes state of the art web-based training courses that emphasize CalOptima's commitment to the Compliance Program, and which courses are updated regularly to ensure that Employees are kept fully informed about any changes in procedures, regulations, and requirements. Training may be conducted using new technology resources if materials meet the needs of the organization. The Compliance Officer, or his/her Designee, is responsible for coordinating compliance education and training programs, and ensuring that records evidencing an individual's/FDR's completion of the training requirements are documented and maintained, such as sign-in sheets, attestations, or electronic certifications, as required by law. The Compliance Officer and the CalOptima Executive Staff and Management are responsible for ensuring that Board Members, Employees, and FDRs complete training on an annual basis.

a. Code of Conduct

CalOptima's training program includes the distribution of CalOptima's Code of Conduct to Board Members, Employees, and FDRs. Board Members, Employees, and FDRs are required to sign an attestation acknowledging receipt, review, and understanding of the Code of Conduct within ninety (90) calendar days of their appointment, date of hire, or commencement of the contract, and annually thereafter. Completion and attestation of such review of the Code of Conduct is a condition of continued appointment, employment, or contract services. Signed attestations are maintained in each individual's personnel file, as required by law.

b. Mandatory Training Courses (Compliance Oversight, FWA, and HIPAA)

CalOptima requires Board Members, Employees, and FDRs, regardless of role or position with CalOptima, to complete mandatory compliance training courses. Mandatory courses may include, but are not limited to: the fundamentals of the Compliance Program; FWA training; Health Insurance Portability and Accountability Act of 1996 (HIPAA) privacy and security requirements; ethics; and a high-level overview of the Medicare and Medi-Cal Programs. Detailed information about state and federal false claims acts and whistleblower protections as provided in CalOptima Policy HH.5004Δ: False Claims Act Education shall be included in the mandatory courses. CalOptima's training courses cover CalOptima's commitment to compliance with federal and state laws and regulations, contractual obligations, internal policies, and ethics. Elements of the

Compliance Program are highlighted, including, but not limited to, an emphasis on CalOptima's requirement to and different means to report suspected or actual non-compliance, violations, and/or FWA issues, along with CalOptima's policy on confidentiality, anonymity, and non-retaliation for such reporting. CalOptima's HIPAA privacy and security training course covers the administrative, technical, and physical safeguards necessary to secure Members' Protected Health Information (PHI) and Personally Identifiable Information (PII).

Employees must complete the required compliance training courses within ninety (90) calendar days of hire, and annually thereafter. Adherence to the Compliance Program requirements, including training requirements, shall be a condition of continued employment and a factor in the annual performance evaluation of each Employee. Board Members and FDRs are required to complete the required compliance training courses within ninety (90) calendar days of appointment or commencement of the contract, as applicable, and annually thereafter. Some FDRs may be exempt or deemed to have met the FWA training and education requirement if the FDR has met the CMS requirements, the applicable certification requirements and attests to complying with the standards, or through enrollment into the Medicare program, or accreditation as a Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS). Completion of the training courses are documented electronically, and records of completion are maintained for each individual as required by law.

c. Additional Training

The Office of Compliance may provide additional training opportunities throughout the year focused on essential elements of the Compliance Program. These training opportunities are available to Managers and Employees depending on their respective roles or positions within or with CalOptima's departments and its programs and their involvement in CalOptima's oversight responsibilities. For these training courses, information is presented in a "train the trainer" format, providing Managers the tools and resources to train and share the information with Employees in their respective departments. If additional training related to FWA is required, the Compliance Officer, or his/her Designee, will develop relevant materials.

Employees have access through CalOptima's ~~internal~~ intranet website (referred to as the "InfoNet") to CalOptima's Policies and Procedures governing the Compliance Program and pertinent to their respective roles and responsibilities. Employees may receive such additional compliance training as is reasonable and necessary based on changes in job descriptions/duties, promotions, and/or the scope of their job functions.

Board Members receive a copy of the Compliance Plan, Code of Conduct, and Policies and Procedures pertinent to their appointment as part of orientation within ninety (90) calendar days of their appointment to the CalOptima Board. Board Members may receive additional compliance training related to the CalOptima Board's role in overseeing and ensuring organizational compliance with CalOptima's Compliance Program.

The Code of Conduct and Policies and Procedures pertinent to their engagement with CalOptima, if directly engaged by CalOptima, are made available to FDRs upon commencement of the FDR contract. FDRs are required to disseminate copies of the Code of Conduct and Policies and Procedures to their Employees, agents, and/or Downstream Entities. CalOptima may also develop compliance training and education presentations and/or roundtables for specified FDRs.

IV. LINES OF COMMUNICATION AND REPORTING

a. General Compliance Communication

CalOptima regularly communicates the requirements of the Compliance Program and the importance of performing individual roles and responsibilities in compliance with applicable laws, contractual obligations, and ethical standards. CalOptima utilizes various methods and forms to communicate general information, statutory or regulatory updates, process changes, updates to Policies and Procedures, contact information for the Compliance Officer, relevant federal and state Fraud alerts and policy letters, pending/new legislation reports, and advisory bulletins from the Compliance Officer to CalOptima Board Members, Employees, FDRs, and Members, including, but not limited to:

- Presentations and Updates at Meetings – CalOptima periodically holds and utilizes in-person and conference call meetings with the CalOptima Board, FDRs, Employees, and individual CalOptima departments, and Members.
- Compliance 360 – CalOptima maintains an internal and external website and portal referred to as Compliance 360, accessible to Board Members, Employees, and FDRs, which contains CalOptima's updated Policies and Procedures.
- Newsletters or Mailed Notices – CalOptima develops, and where appropriate, translates, publications and/or notices, to Board Members, Employees, FDRs, and Members.
- Electronic Mail – The CEO, Compliance Officer, or their respective Designee, periodically sends out email communications and/or alerts to Board Members, Employees, and FDRs, and/or Members, as applicable.
- CalOptima's ~~Internal~~ Intranet Website – CalOptima maintains an ~~internal~~ intranet website, referred to as InfoNet, where CalOptima posts applicable updates and notices to Employees.
- CalOptima's Compliance ~~Internal Website~~Intranet Webpage – The Office of Compliance maintains an internal department ~~website~~ webpage accessible to CalOptima Employees ~~to~~ for ~~communicate~~ communication of different Compliance initiatives, notices, key documents and forms, ~~and~~ updates to the Compliance Program, Code of Conduct, and/or Policies and Procedures.
- Postings – The Office of Compliance posts information on how to report potential issues of non-compliance and FWA throughout CalOptima's facilities, including, but not limited to, break rooms, which are accessible to CalOptima Employees.
- Written Reports – The Compliance Officer, in coordination with the CEO and Compliance Committee, prepares written reports, no less than quarterly, concerning the status of the Compliance Program to be presented to the CalOptima Board.
- Direct Contact with the Compliance Officer - Board Members, Employees, and FDRs can obtain additional compliance information directly from the Compliance Officer. Any questions, which cannot be answered by the Compliance Officer, shall be referred to the Compliance Committee.

b. Reporting Mechanisms

CalOptima Board Members, Employees, and FDRs have an affirmative duty and are directed in CalOptima's Code of Conduct and Policies and Procedures to report compliance concerns, questionable conduct or practices, and suspected or actual violations immediately upon discovery. Failure by Board Members, Employees, and/or FDRs to report known violations, failure to detect violations due to negligence or reckless conduct, and making false reports may constitute grounds for disciplinary action, up to and including, recommendation for removal from appointment, termination of employment, or termination of an FDR contract, where appropriate.

CalOptima has established multiple reporting mechanisms to receive, record, and respond to compliance questions, potential non-compliance issues and/or FWA incidents or activities. These reporting systems, which are outlined in greater detail below, provide for anonymity and confidentiality (to the extent permitted by applicable law and circumstances). Reminders and instructions on how to report compliance and FWA issues are also provided to Board Members, Employees, FDRs, and Members in newsletters, on CalOptima's website, in trainings, on posters and at meetings. CalOptima maintains and supports a non-retaliation policy governing good-faith reports of suspected, or actual, non-compliance and/or FWA.

Upon receipt of a report through one (1) of the listed mechanisms, the Compliance Officer, or his/her Designee, shall follow appropriate Policies and Procedures to promptly review, investigate, and resolve such matters. The Compliance Officer, or his/her Designee, shall Monitor the process for follow-up communications to persons submitting reports or disclosures through these reporting mechanisms and shall ensure documentation concerning such reports is maintained according to all applicable legal and contractual requirements.

1. *Report Directly to Management or Executive Staff*

CalOptima Employees are encouraged to contact their immediate Management or Executive Staff when non-compliant activity is suspected, or observed. A report should be made immediately upon suspecting or identifying the potential or suspected non-compliance, or violation. Executive Staff or Management will promptly escalate the report to the Compliance Officer for further investigation and reporting to the CalOptima Compliance Committee. If an Employee is concerned that his/her Management or Executive Staff did not adequately address his/her report or complaint, the Employee may go directly to the Compliance Officer, or the CEO.

2. *Call the Compliance and Ethics Hotline*

CalOptima maintains an easily accessible Compliance and Ethics Hotline, available twenty-four (24) hours a day, seven (7) days a week, with multilingual support, in which CalOptima may receive anonymous issues on a confidential basis. Members are encouraged to call the Compliance and Ethics Hotline if they have identified potential non-compliant activity, or FWA issues. The

Compliance and Ethics Hotline information is as follows:

TOLL FREE COMPLIANCE and ETHICS HOTLINE
(877) 837-4417

Calls or issues reported through the Compliance and Ethics Hotline are received, logged into a database, and investigated by the Regulatory Affairs & Compliance Department. No disciplinary action will be taken against individuals making good-faith reports. Every effort will be made to keep reports confidential to the extent permitted by law. The process for reporting suspected violations to the Compliance and Ethics Hotline is part of the education and/or orientation for all Board Members, Employees, FDRs, and Members. Members also have access to the Compliance Officer through the Compliance and Ethics Hotline and/or the right to contact the OIG Compliance Hotline (1-800-447-8477) directly.

3. *Report Directly to the Compliance Officer*

The Compliance Officer is available to receive reports of suspected or actual compliance violations, or FWA issues, on a confidential basis (to the extent permitted by applicable law or circumstances) from Board Members, Employees, FDRs and Members. The Compliance Officer may be contacted by telephone, written correspondence, email, or by a face-to-face appointment. FDRs are generally contractually obligated to report suspected Fraud and Abuse to CalOptima pursuant to regulatory and contractual requirements.

4. *Report Directly to Office of Compliance*

Reports may be made directly to CalOptima's Office of Compliance via mail, email, or through the Compliance and Ethics Hotline for confidential reporting. Emails can be sent to Compliance@caloptima.org. Mail can be sent to:

CalOptima
ATTN: Compliance Officer
505 City Parkway West
Orange, CA, 92868

5. *Confidentiality and Non-Retaliation*

Every effort will be made to keep reports confidential to the extent permitted by applicable law and circumstances, but there may be some instances where the identity of the individual making the report will have to be disclosed. As a result, CalOptima has implemented and enforces a non-retaliation policy to protect individuals who report suspected or actual non-compliance, or FWA, issues in good faith. This non-retaliation policy extends to reports received from FDRs and Members. CalOptima's non-retaliation policy is communicated along with reporting instructions by

posting information on the CalOptima InfoNet and website, as well as sending periodic Member notifications.

CalOptima also takes violations of CalOptima's non-retaliation policy seriously, and the Compliance Officer will review and enforce disciplinary and/or other Corrective Action Plans for violations, as appropriate, with the approval of the Compliance Committee.

V.ENFORCEMENT AND DISCIPLINARY STANDARDS

Board Members, Employees, and FDRs are provided copies of CalOptima's Code of Conduct and the Compliance Plan and have access on CalOptima's internal and external website to applicable Policies and Procedures, including, but not limited to, CalOptima Policy GA.8022: Performance and Behavior Standards and Office of Compliance Policies addressing Corrective Action Plans and Sanctions. Consistent, timely, and effective enforcement of CalOptima's standards are implemented when non-compliance or unethical behavior is confirmed, and appropriate disciplinary and/or corrective action is implemented to address improper conduct, activity, and/or behavior.

a. Conduct Subject to Enforcement and Discipline

Board Members, Employees, and FDRs are subject to appropriate disciplinary and/or corrective actions if they have violated CalOptima's standards, requirements, or applicable laws as specified and detailed in the Compliance Program documents and related Policies and Procedures, including CalOptima Policy GA.8022: Performance and Behavior Standards, as applicable. Board Members, Employees, and FDRs may be disciplined or Ssanctioned, as applicable, for failing to adhere to CalOptima's Compliance Program and/or violating standards, regulatory requirements, and/or applicable laws, including, but not limited to:

- Conduct that leads to the filing of a false or improper claim in violation of federal or state laws and/or contractual requirements;
- Conduct that results in a violation, or violations, of any other federal or state laws or contractual requirements relating to participation in Federal and/or State Health Care Programs;
- Failure to perform any required obligation relating to compliance with the Compliance Program, applicable laws, Policies and Procedures, and/or contracts; or
- Failure to report violations or suspected violations of the Compliance Program, or applicable laws, or to report suspected or actual FWA issues to an appropriate person through one (1) of the reporting mechanisms.
- Conduct that violates HIPAA and other privacy laws and/or CalOptima's HIPAA privacy and security policies, including actions that harm the privacy of Members, or the CalOptima information systems that store member data.

b. Enforcement and Discipline

CalOptima maintains a "zero tolerance" policy towards any illegal, or unethical, conduct that impacts the operation, mission, or image of CalOptima. The standards established in the Compliance Program shall be enforced consistently through appropriate disciplinary actions.
Individuals, or entities, may be disciplined by way of reprimand, suspension, financial penalties, Sanctions, and/or termination, depending on the nature and severity of the conduct, or behavior. Board Members may be subject to removal, Employees are subject to discipline, up to and including termination, and FDRs may be Ssanctioned, or contracts may be terminated, where permitted.

Back to Agenda Back to Item

Violations of applicable laws and regulations, even unintentional, could potentially subject individuals, entities, or CalOptima to civil, criminal, or administrative Sanctions and/or penalties. Further violations could lead to suspension, Preclusion, or Exclusion, from participation in Federal and/or State Health Care Programs.

CalOptima Employees shall be evaluated annually based on their compliance with CalOptima's Compliance Program. Where appropriate, CalOptima shall promptly initiate education and training to correct identified problems, or behaviors.

VI.MONITORING, AUDITING, AND IDENTIFICATION OF RISKS

Activities associated with Monitoring and Auditing are identified through a combination of activities performed by the Audit & Oversight Department in conjunction with CalOptima contract owners, and functional business owners responsible for on-going monitoring that is performed, risk assessments, Audit & Oversight Committee and Compliance Committee discussions and decisions, and internal and external reporting. Through Monitoring, Auditing, and identification of risks, CalOptima can prevent, detect, and correct non-compliance with applicable federal and/or state requirements.

a. Risk Assessment

The Compliance Officer, or his/her Designee, will collaborate with the Compliance Committee to identify areas of focus for Monitoring and Auditing potential non-compliant activity and FWA issues. A Compliance Risk Assessment will be performed no less than annually, and as needed, to evaluate the current status of CalOptima's operational areas as well as the operations of FDRs. Operations and processes will be evaluated based on: (1) deficiencies found by Regulatory Agencies; (2) deficiencies found by internal and external Audit and Monitoring reports; (3) the institution of new or updated Policies and Procedures; (4) cross departmental interdependencies; and (5) the effect on the beneficiary experience. The Readiness Checklist established by CMS and the OIG Work Plan shall be used as resources to evaluate operational risks.

The Compliance Officer, or his/her Designee, will work with the Chief Operating Officer, or his/her Designee, in each operational area, to answer the questions associated with each process and to continually examine and identify potential risk areas requiring M~~m~~onitoring and Auditing. Those operational areas determined to be high risk may be subject to more frequent Monitoring and Auditing, as well as additional reporting requirements. The risk assessment process will be managed by the Compliance Officer, or his/her Designee, and presented to the AOC, and subsequently to the Compliance Committee, for review and approval. Monitoring plans will be developed in collaboration with the operational areas, and focused Audits may be scheduled based on the results of the ongoing M~~m~~onitoring and respective risk score.

The risk assessment shall also be updated as processes change, or are identified as being deficient.

b. Monitoring and Auditing

CalOptima conducts both internal and external routine Auditing and Monitoring Activities to test and confirm compliance with all applicable regulations, guidance, contractual agreements, and federal and state laws, as well as CalOptima Policies and Procedures to protect against non-compliance and potential FWA in CalOptima Programs. CalOptima and FDRs shall comply with applicable data certification requirements, including, without limitation, 42 C.F.R. §§ 438.604 and 438.606. Monitoring Activities are regular reviews performed as part of normal operations to

Back to Agenda Back to Item

confirm ongoing compliance and to ensure that corrective actions are undertaken and effective. An Audit is a formal, systematic, and disciplined approach designed to review, evaluate, and improve the effectiveness of processes and related controls using a set of standards (e.g., Policies and Procedures, laws, and regulations) used as base measures. As part of the Monitoring process, CalOptima has created a dashboard, which is a Monitoring tool to track key metrics, including, but not limited to, coverage determinations, complaints, appeals, grievances, regulatory communications, credentialing, customer service, transition of coverage (TOC), and claims. The dashboard will be used to communicate results associated with Monitoring operations and outcomes and to identify areas in need of targeted Auditing on at least a monthly basis. Information taken from the dashboard along with grievance and complaint call information will be used to develop Monitoring and Auditing work plans. Monitoring and Auditing work plans are used to detect potential areas of risk and/or non-compliant activity. The Monitoring and Auditing work plans are subject to daily updates and additions, and are therefore, working documents. The Compliance Officer, or his/her Designee, in collaboration with the AOC and Compliance Committee, develops the Monitoring and Auditing work plans to address the risks associated with each of CalOptima's Programs.

The Compliance Officer, or his/her Designee, will coordinate with CalOptima's Audit & Oversight Department in connection with appropriate Auditing and Monitoring Activities. Audits for each operational area will be conducted throughout the year consistent with the Monitoring and Auditing work plans. The Compliance Officer, or his/her Designee, will coordinate the Audits with internal audit staff, and, in some cases, with the assistance from an outside vendor. Audit methodologies shall be consistent with regulatory and NCQA requirements and standards. All Audits will include review of applicable documents and evaluation of actual processes to ensure compliance with all applicable regulations and contractual obligations. Once the Audit review is completed, the Audit & Oversight teams will communicate the results to the Compliance Officer and propose follow up corrective action(s), if necessary. The Compliance Officer, or his/her Designee, will provide reports to the CEO and the Compliance Committee concerning the results of the Audits. The AOC reports to the Compliance Officer and the Compliance Committee on Audits that involve FDRs as discussed below. If FWA issues are identified during an Audit, the matter will be further investigated and resolved in a timely manner. In addition, an Audit of the Compliance Program and its effectiveness should occur at least annually, and the results shall be reported to the CalOptima Board.

c. Oversight of Delegated Activities

To ensure the terms and conditions of statutory and contractual obligations to CMS, DHCS, and other governmental and regulatory entities are adhered to, CalOptima implements a comprehensive oversight Monitoring and Auditing process of FDRs who perform delegated activities. The processes that CalOptima implements to oversee, Monitor, and Audit FDRs are incorporated into CalOptima's written Policies and Procedures, including processes involving Rreadiness Aassessments ~~pre-contractual evaluations~~ and Audits of First Tier Entities. CalOptima may implement Corrective Action Plans, Sanctions, and/or revoke its Delegation of duties (in a manner

permitted under the contract) if CalOptima determines that an FDR is unable or unwilling to carry out its responsibilities consistent with statutory and contractual obligations.

The Compliance Officer, or his/her Designee, determines the process for Monitoring delegated FDRs and develops the annual Monitoring and Audit calendar in order to validate compliance with contractual standards and regulatory requirements. The AOC is responsible for overseeing all of the delegated activities and will review the Readiness Assessment, ensure the annual review of FDRs for delegated functions are completed, conduct formal on-going evaluation of FDR performance and compliance, ensure Downstream and Related Entities are M~~m~~onitored, and impose Corrective Action Plans and/or Sanctions if the FDR's performance fails to meet statutory and contractual standards and requirements. The AOC may recommend termination of Delegation to the Compliance Committee for unresolved matters.

d. Monitoring and Audit Review Process for FDRs

1. *Initial Evaluation*

Prior to executing a contract or Delegation agreement with a potential FDR, a risk assessment is performed to determine the type of initial evaluation that will be performed. If it is deemed necessary, an initial evaluation, referred to as a Readiness Assessment as detailed in CalOptima's Policies and Procedures, is completed to determine the ability of the potential FDR to assume responsibility for delegated activities and to maintain CalOptima standards, applicable state, CMS, and regulatory requirements, and accreditation requirements. The initial evaluation includes, but is not limited to, review of the entity's operational capacity and resources to perform the delegated functions, evaluation of the entity's ability to meet contractual and regulatory requirements, verification that the entity is not Precluded on the Preclusion List, excluded in the OIG List of Excluded Individuals/Entities (LEIE), the General Services Administration (GSA) System of Award Management (SAM), or the Medi-Cal Suspended & Ineligible (S&I) Provider List from participating in health programs, and/or an initial onsite evaluation. Results of the initial evaluation are presented to the AOC and subsequently the Compliance Committee for review and/or approval.

2. *Contracting with FDRs*

Once an entity has been approved, the Delegation agreement specifies the activities CalOptima delegates to the FDRs, each party's respective roles and responsibilities, reporting requirements and frequency, submission of data requirements, the process for performance evaluations and Audits, and remedies, including disciplinary actions, available to CalOptima. Prior to any Sub-delegation to any Downstream or Related Entity, a First Tier Entity must obtain approval from CalOptima. CalOptima determines who will directly M~~m~~onitor the Downstream or Related Entity's compliance with requirements.

FDRs shall be required to institute a training program consistent with CalOptima's requirements

intended to communicate CalOptima's compliance requirements as well as compliance characteristics related to the FDR and their contractually delegated area(s). Furthermore, FDRs will be required to complete, sign, and return attestation forms confirming the FDR's compliance with new hire and annual training and education requirements, which includes courses on general compliance and FWA as well as Exclusion and Preclusion screening and FWA reporting obligations.

3. *Annual Risk Assessment*

The Compliance Officer, or his/her Designee, will ensure that an annual comprehensive risk assessment is conducted in accordance with CalOptima Policy HH.2027Δ: Annual Risk Assessment (FDR) to determine the FDR's vulnerabilities and high-risk areas. High-risk FDRs are those that are continually non-compliant or at risk of non-compliance based on identified gaps in processes with regulatory and CalOptima requirements. Any previously identified issues, which include any corrective actions, service level performance, reported detected offenses, and/or complaints and appeals from the previous year will be factors that are included in the risk assessment. Any FDR deemed high risk, or vulnerable, is presented to the AOC for suggested follow-up Audit. FDRs determined to be high risk may be subjected to a more frequent Monitoring and Auditing schedule, as well as additional reporting requirements. The risk assessment process, along with reports from FDRs, will be managed by the Compliance Officer, or his/her Designee, and presented to the AOC and subsequently to the Compliance Committee for review and approval.

4. *FDR Performance Reviews and Audits*

CalOptima conducts a periodic comprehensive performance review of the FDR's ability to provide delegated services in accordance with contractual standards and applicable state, CMS, and accreditation requirements, as further detailed in CalOptima's Policies and Procedures. CalOptima may conduct Audits of FDRs at any time. Such Audits may include an evaluation of the FDR's training and education program and materials covering general compliance and FWA, as well as compliance with applicable laws, regulations, and contractual obligations governing delegated activities. High-risk FDRs, as determined by the annual risk assessment and/or continued non-compliance, will obtain priority status on the annual Audit calendar; however, CalOptima does not limit its Auditing schedule to only high-risk FDRs.

If CalOptima has reason to believe the FDR's ability to perform a delegated function is compromised, an additional focused Audit may be performed. The Compliance Officer, or his/her Designee, may also recommend focused Audits upon evaluation of non-compliant trends or reported incidents. The results of these Audits will be reported to the AOC and then to the Compliance Committee.

A focused Audit may be initiated for any of the following activities, or any other reason at the discretion of CalOptima:

- ► Failure to comply with regulatory requirements and/or CalOptima's service level performance indicators;
- ► Failure to comply with a Corrective Action Plan;
- ► Reported or alleged Fraud, Waste, and/or Abuse;
- ► Significant policy variations that deviate from the CalOptima or state, CMS, or accreditation requirements;
- ► Bankruptcy, or impending bankruptcy, which may impact services to Members (either suspected or reported);
- ► Sale, merger, or acquisition involving the FDR;
- ► Significant changes in the management of the FDR; and/or
- ► Changes in resources which impact CalOptima's and/or the FDR's operations.

5. *Corrective Actions and Additional Monitoring and Auditing*

The Compliance Officer, or his/her Designee, shall submit regular reports of all Mmonitoring, Audit, and corrective action activities to the Compliance Committee. In instances where non-compliance is identified, a Corrective Action Plan shall be developed by the FDR and reviewed and approved by the Compliance Officer, or his/her Designee. Every Corrective Action Plan is presented to the AOC, in aggregate, with no less than quarterly updates, and recommendations for escalation, as applicable. Supplemental and focused Audits of FDRs, as well as additional reporting, may be required until compliance is achieved.

At any time, CalOptima may implement Sanctions or require remediation by an FDR for failure to fulfill contractual obligations including development and implementation of a Corrective Action Plan. Failure to cooperate with CalOptima in any manner may result in termination of the Delegation agreement, in a manner authorized under the terms of the agreement.

e. Evaluation of Audit Activities

An external review of CalOptima's Auditing process is conducted through identified process measures. These measures support organizational, accreditation, and regulatory requirements and are reported on a yearly basis. CalOptima uses an independent, external consultant firm to periodically review the Auditing processes, including Policies and Procedures, Audit tools, and Audit findings, to ensure all regulatory requirements are being Audited in accordance with industry standards/practices and are in compliance with federal and state regulations.

The current measures reviewed include:

- ► The central database of all pending, active, and terminated FDRs to Mmonitor and track functions, performance, and Audit schedules;
- ► Implementation of an escalation process for compliance/performance issues;
- ► Implementation of a process for validation of Audit tools;

- Implementation of a process for noticing FDRs and functional areas of Corrective Action Plans;
- Tracking and trending internal compliance with oversight standards, performance, and outcomes;
- Implementation of an annual training program for internal staff regarding Delegation standards, Auditing, and Monitoring FDR performance; and/or
- Implementation of a process for dissemination of regulatory changes to include Medi-Cal and Medicare lines of business.

The following key performance metrics will be evaluated and reported periodically:

- Evaluations of FDR performance and reporting of delegated functions in accordance with the terms of the agreement;
- Number of annual oversight Audits completed within twelve (12) months; and
- Corrective Action Plans (CAPs) completed within the established time frame.

f. Regular Exclusion and Preclusion Screening

As detailed in CalOptima's Policies and Procedures, CalOptima performs Participation Status Reviews by searching the OIG –LEIE, the GSA–SAM, the DHCS Medi-Cal Suspended & Ineligible Provider Lists, and the CMS Preclusion List upon appointment, hire, or commencement of a contract, as applicable, and monthly thereafter, to ensure Board Members, Employees, and/or FDRs are not excluded, or do not become excluded or precluded from participating in Federal and/or State Health Care Programs. Board Members, Employees, and FDRs are required to disclose their Participation Status as part of their initial appointment, employment, commencement of the contract and registration/application processes and when Board Members, Employees, and FDRs receive notice of a suspension, Preclusion, Exclusion, or debarment during the period of appointment, employment, or contract term. CalOptima also requires that its First Tier Entities comply with Participation Status Review requirements with respect to their relationships with Downstream Entities, including without limitation, the delegated credentialing and re-credentialing processes.

The Compliance Officer, or his/her Designee, will review reports from Employees responsible for conducting the Participation Status Reviews to ensure Employees record and maintain the results of the reviews and notices/disclosures. Employees shall immediately notify the Compliance Officer, or his/her Designee, of affirmative findings of a person, or entity's, failure to meet the Participation Status Review requirements. If CalOptima learns that any prospective, or current, Board Member, Employee, or FDR has been proposed for Exclusion, Excluded or Precluded, CalOptima will promptly remove him/her/the FDR from CalOptima's Programs consistent with applicable policies and/or contract terms.

Payment may not be made for items or services furnished, or prescribed, by an excluded person, or entity. Payments made by CalOptima to excluded persons, or entities, after the effective date of

their suspension, Exclusion, debarment, or felony conviction, and/or for items or services furnished at the medical direction, or on the prescription of a physician who is suspended, excluded, or otherwise ineligible to participate, are subject to repayment/recoupment. Such requirements also apply to providers on the CMS Preclusion List, consistent with regulatory guidance, applicable policies, and/or contract terms. The Compliance Officer, or his/her Designee, will review potential organizational obligations related to the reporting of identified excluded, precluded, or suspended, individuals, or entities, and/or refund obligations and consult with legal counsel, as necessary and appropriate, to resolve such matters.

VII. RESPONSE AND REMEDIATION

a. Response to Notice of Violation or Suspected Violation

Upon receipt of a report or notice of violation or suspected violation of CalOptima's Compliance Program and/or FWA issues, the Compliance Officer, or his/her Designee, shall, upon promptly verifying the facts related to the violation or likely violation, notify the Compliance Committee, as appropriate. The Compliance Committee (in consultation with legal counsel, as appropriate) shall determine a response as soon as practicable, which shall include, but not be limited to:

- Recommending investigation of all aspects of the suspected violation or questionable conduct;
- Approving disciplinary actions, Sanctions, termination of any agreement and/or any other corrective action consistent with applicable Policies and Procedures, subject to consultation with legal counsel and/or notifying the Governing Body, as appropriate;
- Implementing education and training programs for Board Members, Employees, and/or FDRs, where applicable, to correct the violation and prevent recurrence;
- Amending, if necessary, CalOptima's Compliance Plan, Code of Conduct, and/or relevant Policies and Procedures to avoid any future recurrence of a violation; and/or
- Ensuring that compliance reports are kept confidential, where permitted by law, and if appropriate, protected under applicable privileges, including, but not limited to, the attorney/client privilege and ensuring that all files regarding compliance matters are appropriately secured.

It is the responsibility of the Compliance Officer and the Compliance Committee to review and implement any appropriate corrective and/or disciplinary action in consultation with the Human Resources Department, as applicable, consistent with applicable Policies and Procedures after considering such recommendations. The Compliance Officer, or his/her Designee, may Mmonitor and review corrective actions after their implementation to ensure that they are effective.

b. Referral to Enforcement Agencies

In appropriate circumstances, CalOptima shall report violations of Medi-Cal Program requirements to DHCS Audits and Investigations, violations of Medicare Program requirements to the Medicare Drug Integrity Contractor (MEDIC), and violations of other state and federal laws to the appropriate law enforcement agencies, in accordance with the applicable reporting procedures adopted by such enforcement agencies.

c. Response to Fraud Alerts

CMS issues alerts to Part D sponsors concerning Fraud schemes identified by law enforcement officials. Typically, these alerts describe alleged activities involving pharmacies practicing drug diversion or prescribers participating in illegal remuneration schemes. CalOptima may take action (including denying or reversing claims) in instances where CalOptima's own analysis of its claims

Back to Agenda Back to Item

activity indicates that Fraud may be occurring. CalOptima's decision to deny, or reverse, claims shall be made on a claim-specific basis.

When a Fraud alert is received, CalOptima shall review its Delegation agreements with the identified parties, and shall consider terminating the contract(s) with the identified parties if indictments have been issued against the particular parties and the terms of the Delegation agreement(s) authorizes contract termination.

CalOptima is also obligated to review its past paid claims from entities identified in a Fraud alert. With the issuance of a Fraud alert, CMS places CalOptima on notice (see Title 42, Code of Federal Regulations, §423.505(k)(3)) that claims involving the identified party need to be reviewed. To meet the "best knowledge, information, and belief" standard of certification, CalOptima shall make its best efforts to identify claims that may be, or may have been, part of an alleged Fraud scheme and remove them from the sets of prescription drug event data submissions.

d. Identifying and Monitoring Providers with a History of Complaints

CalOptima shall maintain files for a period of ten (10) years on both in-network and out-of-network providers who have been the subject of complaints, investigations, violations, and prosecutions. This includes Member complaints, DHCS Audits and Investigations referrals, MEDIC investigations, OIG and/or DOJ investigations, US Attorney prosecution, and any other civil, criminal, or administrative action for violations of Federal and/or State Health Care Programs requirements. CalOptima shall also maintain files that contain documented warnings (e.g., Fraud alerts) and educational contacts, the results of previous investigations, and copies of complaints resulting in investigations. CalOptima shall comply with requests by law enforcement, DHCS, CMS, and CMS' Designee, regarding Monitoring of FDRs within CalOptima's network that DHCS, or CMS, has identified as potentially abusive, or fraudulent.

e. Identifying and Responding to Overpayments

CalOptima shall sustain an effective system for the review of suspect claims to detect and prevent FWA within a CalOptima Program. All suspect claims shall be thoroughly investigated to determine whether such claims are the direct result of FWA activity. CalOptima shall assess all FDRs for potential Overpayments when reviewing and undertaking corrective actions. Upon completion of the suspect claim(s) investigation(s), CalOptima shall recoup and/or return Overpayments consistent with applicable laws and regulatory guidance.

As required, CalOptima and/or the FDR shall update appropriate data sources and reports, via documenting and/or resubmission, as appropriate. The resolution(s) for suspect claim(s) investigation(s) may include, but is not limited to: (i) recoupment through established procedures, (ii) provider education about billing protocols, and (iii) reporting of Overpayment determinations to Regulatory Agencies, as required by law.

When applicable, CalOptima shall return Overpayments made to CalOptima, consistent with applicable state and federal laws and regulatory guidance.

C. FRAUD, WASTE, AND ABUSE (FWA) PREVENTION AND DETECTION

The detection, prevention, and remediation of FWA are components of CalOptima's Compliance Program. FWA activities are implemented and overseen by CalOptima's Compliance Officer, or his/her Designee, in conjunction with other compliance activities, and investigations are performed, or overseen, by the Special Investigations Unit (SIU), an internal investigative unit within CalOptima's Office of Compliance, responsible for FWA investigations. The Compliance Officer, or his/her Designee, reports FWA activities to the CalOptima Compliance Committee, CEO, the CalOptima Board, and Regulatory Agencies.

CalOptima utilizes various resources to detect, prevent, and remediate FWA. In addition, CalOptima promptly investigates suspected FWA issues and may implement disciplinary, or corrective, action to avoid recurrence of FWA issues. The objective of the FWA program is to ensure that the scope of benefits covered by the CalOptima Programs is appropriately delivered to Members and resources are effectively utilized in accordance with federal and state guidelines. CalOptima incorporates a system of internal assessments which are organized to identify FWA and promptly respond appropriately to such incidents of FWA.

Back to Agenda Back to Item

I.FWA TRAINING

As detailed above, FWA training is provided to all Board Members and Employees as part of the overall compliance training courses in order to help detect, prevent, and remediate FWA. FDRs are also required to complete FWA training, as described above. CalOptima's FWA training provides guidance to Board Members, Employees, and FDRs on how to identify activities and behaviors that would constitute FWA and how to report suspected, or actual, FWA activities. Training materials are retained for a period of at least ten (10) years, and such training includes, but is not limited to:

- The process for detection, prevention, and reporting of suspected or actual FWA;
- Examples of the most common types of Member FWA (see Appendix B, attached hereto and incorporated herein) and FDR FWA (see Appendix C, attached hereto and incorporated herein) as well as common local and national schemes relevant to managed care organization operations;
- Information on how to identify FWA in CalOptima Programs (e.g., suspicious activities suggesting CalOptima Members, or their family members, may be engaged in improper drug utilization or drug-seeking behavior, conduct suggesting improper utilization, persons offering kickbacks for referring, or enrolling, individuals in the CalOptima Programs, etc.);
- Information on how to identify potential prescription drug FWA (e.g., identification of significant outliers whose drug utilization patterns far exceed those of the average Member in terms of cost or quantity, disproportionate utilization of controlled substances, use of prescription medications for excessive periods of time, high-volume prescriptions of a particular manufacturer's drugs, submission of false claims or false data for prescription drug claims, misrepresenting the type of drug that was actually dispensed, excessive prescriptions by a particular physician, etc.);
- How to report potential FWA using CalOptima's reporting options, including CalOptima's Compliance and Ethics Hotline, and for FDRs, reporting obligations;
- CalOptima's policy of non-retaliation and non-retribution toward individuals who make such reports in good faith; and
- Information on the False Claims Act and CalOptima's requirement to train Employees and FDRs on the False Claims Act and other applicable FWA laws.

CalOptima shall provide Board Members, Employees, FDRs, and Members with reminders and additional training and educational materials through print and electronic communications, including, but not limited to, newsletters, alerts, and/or applicable meetings.

II.DETECTION OF FWA

a. Data Sources

In partnership with CalOptima internal departments, CalOptima's SIU utilizes different sources and analyzes various data information in an effort to detect patterns of FWA. Potential fraudulent cases will not only come from claims data but can also originate from many sources internally and externally. Members, FDRs, Employees, law enforcement and Regulatory Agencies, and others may contact CalOptima by phone, mail, and email if they suspect any individual, or entity, is engaged in inappropriate practices. Furthermore, the sources identified below can be used to identify problem areas within CalOptima, such as enrollment, finance, or data submission.

Sources used to detect FWA include, but are not limited to:

- CalOptima's Compliance and Ethics Hotline or other reporting mechanisms;
- Claims data history;
- Encounter data;
- Medical record Audits;
- Member and provider complaints, appeals, and grievance reviews;
- Utilization Management reports;
- Provider utilization profiles;
- Pharmacy data;
- Auditing and Monitoring Activities;
- Monitoring external health care FWA cases and determining if CalOptima's FWA Program can be strengthened with information gleaned from the case activity; and/or
- Internal and external surveys, reviews, and Audits.

b. Data Analytics

CalOptima uses technology and data analysis to reduce FWA externally. Using a combination of industry standard edits and CalOptima-specific edits, CalOptima identifies claims for which procedures have been unbundled, or upcoded. CalOptima also identifies suspect FDRs based on billing patterns.

CalOptima also uses the services of an external Medicare Secondary Payer (MSP) Vendor to reduce costs associated with its Medicare-Medicaid programs, such as the OneCare, OneCare Connect, and/or PACE programs, by ensuring that federal and state funds are not used where certain health insurance, or coverage, is primarily responsible.

c. Analysis and Identification of Risk Areas Using Claims Data

Claims data are analyzed in numerous ways to uncover fraudulent billing schemes. Routine review

of claims data will be conducted in order to identify unusual patterns, outliers in billing and utilization, and identify the population of providers and pharmacies that will be further investigated and/or Audited. Any medical claim can be pended and reviewed, in accordance with applicable state or federal law if they meet certain criteria that warrant additional review. Payments for pharmacy claims may also be pended and reviewed in accordance with applicable state or federal law based on criteria focused on the types of drugs (e.g., narcotics), provider patterns, and challenges previously reported pertaining to certain pharmacies. CalOptima along with the PBM will conduct data mining activities in order to identify potential issues of FWA.

The following trends will be reviewed and flagged for potential FWA, including:

- Overutilized services;
- Aberrant provider billing practices;
- Abnormal billing in relation to peers;
- Manipulation of modifiers;
- Unusual coding practices such as excessive procedures per day, or excessive surgeries per patient;
- Unbundling of services;
- Unusual Durable Medical Equipment (DME) billing; and/or
- Unusual utilization patterns by Members and providers.

The following claims data may be utilized to evaluate and uncover fraudulent billing schemes:

- Average dollars paid per medical procedure;
- Average medical procedures per office visit;
- Average visits per member;
- Average distance a member travels to see a provider/pharmacy;
- Excessive patient levels of high-risk diagnoses; and/or
- Peer to peer comparisons within specialties.

Once vulnerabilities are identified, immediate actions are taken in order to mitigate the possible losses, including, but not limited to, claims denial or reversal and/or the reporting of suspected FWA. The data review includes, but is not limited to:

- Analysis of provider medical billing activity within their own peer group;
- Analysis of pharmacy billing and provider prescribing practices;
- Controlled drug prescribing exceeds two (2) standard deviations of the provider's peer group; and/ or
- Number of times a provider bills a CPT code in relation to all providers, or within their own peer group.

The claims data from the PBM will go through the same risk assessment process. The analysis will

be focused on the following characteristics:

- Prescription drug shorting, which occurs when pharmacy staff provides less than the prescribed quantity and intentionally does not inform the beneficiary, or arranges to provide the balance but bills for the prescribed amount.
- Bait and switch pricing, which occurs when a Member is led to believe that a drug will cost one (1) price, but at the point of sale, they are charged a higher amount. An example of this type of scheme is when the pharmacy switches the prescribed medication to a form that increases the pharmacy's reimbursement.
- Prescription forging, or altering, which occurs when existing prescriptions are altered to increase the quantity or the number of refills, without the prescriber's authorization. Usually, the medications are diverted after being billed to the Medicare Part D program.
- Dispensing expired, or adulterated, prescription drugs, which occurs when pharmacies dispense drugs after the expiration date on the package. This also includes drugs that are intended as samples not for sale, or have not been stored or handled in accordance with manufacturer and FDA requirements.
- Prescription refill errors, which occur when pharmacy staff deliberately provides several refills different from the number prescribed by the provider.
- Failure to offer negotiated prices, which occurs when a pharmacy charges a Member the wrong amount.

d. Sample Indicators

No one (1) indicator is evidence of FWA. The presence of several indicators may suggest FWA, but further investigation is needed to determine if a suspicion of FWA exists. The following list below highlights common industry indicators and red flags that are used to determine whether to investigate an FDR or their claim disposition:

- Claims that show any altered information (dates; codes; names).
- Photocopies of claim forms and bills, or handwritten claims and bills.
- Provider's last name is the same as the Member/patient's last name.
- Insured's address is the same as the servicing provider.
- Same provider submits multiple claims for the same treatment for multiple family members or group members of provider's practice.
- Provider resubmitting claim with changed diagnosis code for a date of service already denied.

Cases identified through these data sources and risk assessments are entered into the FWA database and a report is generated and submitted to the Compliance Officer, Compliance Committee, and CEO.

III.FWA INVESTIGATIVE PROCESS

Once the SIU receives an allegation of suspected FWA or detects FWA through an evaluation of the data sources identified above, the SIU utilizes the following steps as a guide to investigate and document the case:

- The allegation is logged into the Fraud Tracking Database (access database maintained by SIU on an internal drive);
- The allegation is assigned an investigation number (sequentially by year of receipt) and an electronic file is assigned on the internal drive, by investigation number and name;
- SIU develops an investigative plan;
- SIU obtains a legal opinion from CalOptima's Legal Counsel on specific cases, or issues;
- Quality of care issues are referred to CalOptima's Quality Improvement Department;
- Where appropriate, SIU will submit a Request for Information (RFI) directly to an FDR to obtain relevant information;
- SIU, or a Designee, interviews the individual who reported the FWA, affected Members and/or FDRs, or any other potential witnesses, as appropriate;
- SIU conducts a data analytics review of the allegation for overall patterns, trends, and errors using applicable data sources and reports;
- Review of FDR enrollment applications, history, and ownership, as necessary;
- Review of Member enrollment applications and other documents, as necessary;
- All supporting documentation is scanned and saved in the assigned electronic file. Any pertinent information, gathered during the SIU review/investigation, is placed into the electronic file;
- After an allegation is logged into the Fraud Tracking Database, the investigation is tracked to its ultimate conclusion, and the Fraud Tracking Database shall reflect all information gathered and documentation received to ensure timely receipt, review, and resolution, and report may be made to applicable state or federal agencies within mandated/required time periods, if appropriate;
- If a referral to another investigative agency is warranted, the information is collected, and a referral is made to the appropriate agency; and/or
- If the investigation results in recommendations for disciplinary or corrective actions, the results of the investigation may be reported to the Compliance Officer and Compliance Committee. If a CalOptima internal department or FDR has repeat disciplinary or corrective actions, SIU may report the issue(s) to the Compliance Committee for further action.

a. Findings, Response, and Remediation

Outcomes and findings of the investigation may include, but are not limited to, confirmation of violations, insufficient evidence of FWA, need for contract amendment, education and training requirement, recommendation of focused Audits, additional investigation, continued Monitoring, new policy implementation, and/or criminal or civil action. When the root cause of the potential

FWA issue has been identified, the SIU will track and trend the FWA allegation and investigation, including, but not limited to, the data analysis performed, which shall be reported to the Compliance Committee on a quarterly basis. Investigation findings can be used to determine whether disciplinary, or corrective, action is appropriate, whether there is a need for a change in CalOptima's Policies and Procedures, and/or whether the matter should be reported to applicable state and federal agencies.

In accordance with applicable CalOptima Policies and Procedures, CalOptima shall take appropriate disciplinary, or corrective, action against Board Members, Employees, and/or FDRs related to validated instances of FWA. CalOptima will also assess FDRs for potential Overpayments when reviewing and undertaking corrective actions. Corrective actions will be Mmonitored by the Compliance Committee, and progressive discipline will be Mmonitored by the Department of Human Resources, as appropriate. Corrective actions may include, but are not limited to, financial Sanctions, regulatory reporting, Corrective Action Plans, or termination of the Delegation agreement, when permitted by the contract terms. Should such disciplinary, or corrective, action need to be issued, CalOptima's Office of Compliance will initiate review and discussion at the first Compliance Committee following the date of identification of the suspected FWA, the date of report to DHCS, or the date of FWA substantiation by DHCS subsequent to the report. If vulnerability is identified through a single FWA incident, the corrective action may be applied universally.

b. Referral to Enforcement Agencies

CalOptima's SIU shall coordinate timely referrals of potential FWA to appropriate Regulatory Agencies, or their designated program integrity contractors, including the CMS MEDIC, DHCS Audits and Investigations, and/or other enforcement agencies, in accordance with the applicable reporting procedures adopted by such enforcement agencies. FDRs shall report FWA to CalOptima within the time frames required by the applicable contract and in sufficient time for CalOptima to timely report to applicable enforcement agencies. Significant program non-compliance, or suspected FWA, should be reported to CMS and/or DHCS, as soon as possible after discovery, but no later than ten (10) working days to DHCS after CalOptima first becomes aware of and is on notice of such activity, and within thirty (30) calendar days to CMS MEDIC after a potential fraudulent or abusive activity is identified for a case impacting the OneCare, OneCare Connect, or PACE programs.~~case is reported to CalOptima's SIU.~~

Potential cases that should be referred include, but are not limited to:

- Suspected, detected, or reported criminal, civil, or administrative law violations;
- Allegations that extend beyond CalOptima and involve multiple health plans, multiple states, or widespread schemes;
- Allegations involving known patterns of FWA;
- Patterns of FWA threatening the life, or well-being, of CalOptima Members; and/or
- Schemes with large financial risk to CalOptima, or its Members.

IV. ANNUAL FWA EVALUATION

CalOptima's Compliance Committee shall periodically review and evaluate the FWA activities and its effectiveness as part of the overall Compliance Program Audit and Monitoring Activities. Revisions should be made based on industry changes, trends in FWA activities (locally and nationally), the OIG Work Plan, the CalOptima Compliance Plan, and other input from applicable sources.

a. Retention of Records

CalOptima shall maintain reports and summaries of FWA activities and all proceedings of the various committees in original, electronic, or other media format in accordance with applicable statutory, regulatory, contractual, CalOptima policy, and other requirements. CalOptima shall file copies of Member records containing PHI in a secure and confidential manner, regardless of the outcome of a review. CalOptima shall file copies of FWA investigations in a secure and confidential manner, regardless of the outcome of an investigation.

b. Confidentiality

CalOptima and its FDRs shall maintain all information associated with suspected, or actual, FWA in confidential files, which may only be released in accordance with applicable laws and CalOptima Policies and Procedures. All participants and attendees of CalOptima's Quality Improvement Committee, Compliance Committee, and respective subcommittees shall sign a "Confidentiality Agreement" agreeing to hold all committee discussions confidential.

D. COMPLIANCE PROGRAM EVALUATION

In order to ensure the effectiveness of the Compliance Program, CalOptima will conduct a self-assessment no less than annually. The assessment will evaluate the Compliance Program against the elements of an effective Compliance Program as recommended by OIG and required by CMS regulations. The following areas will be reviewed:

- Policies and Procedures;
- Compliance Officer and Compliance Committee;
- Training and education of Board Members, Employees, and FDRs;
- Effective lines of communication;
- Well publicized disciplinary guidelines;
- Internal Monitoring and Auditing;
- Delegation oversight;
- Exclusion and Preclusion screening process; and
- Prompt responses to detected offenses.

The Compliance Program will be evaluated no less than annually by an outside entity. The results of the evaluation will be shared with Executive Staff and Management, the Compliance Committee, and the CalOptima Board. Updates to the Compliance Program will be based on the results of the evaluation and will be referred to the CalOptima Board for review and approval.

I.PRIVILEGED FILES AND DOCUMENT RETENTION

a. Privileged Files

All privileged files shall be protected by, and marked, privileged and confidential and its contents shall be kept in a secure location. Only the Compliance Officer, CalOptima legal counsel, and the Compliance Committee, where appropriate, shall have access to its contents. All materials in the privileged file shall be treated as attorney-client privileged and shall not be disclosed to persons outside the privileged relationship. The privileged file shall contain the following original documents (except where only a copy is available):

- Records of requests for legal assistance or legal opinion(s) in connection with Compliance and Ethics Hotline telephone calls, correspondence related thereto, and/or problems reported to the Compliance Officer;
- The response from legal counsel regarding any such issues; and/or
- Legal opinions concerning FDR delegation agreement interpretations and remedies available to CalOptima.

b. Document Retention

CalOptima shall retain contracts, books, documents, records, financial statements, and other data, as defined in Title 42, Code of Federal Regulations, Sections 438.5(c), 438.604, 606, 608, and 610, for no less than ten (10) years from end of the fiscal year in which the CalOptima Medi-Cal contract expires, or is terminated (other than privileged documents which shall be retained until the issue raised in the documentation has been resolved, or longer if necessary). Records pertaining to CalOptima's OneCare, OneCare Connect, or PACE programs shall also be retained for ten (10) years from end date of the applicable contract (except for privileged documents which shall be retained until the issue raised in the documentation has been resolved, or longer if necessary).

CalOptima shall maintain the documentation required by HIPAA for at least six (6) years from the date of its creation or the date when it last was in effect, whichever, is later. Such documentation includes: (i) Policies and Procedures (and changes thereto) designed to comply with the standards, implementation specifications or other designated requirements; (ii) writings, or electronic copies, of communications required by HIPAA; (iii) writings, or electronic copies, of actions, activities, or designations required to be documented under HIPAA; and (iv) documentation to meet its burden of proof related to identification of breaches under Title 45, Code of Federal Regulations, §164.414(b).

Appendix A

Code of Conduct

Principle	Standard
Mission, Vision, and Values CalOptima is committed to its Mission, Vision, and Values	**Mission** To provide members with access to quality health care services delivered in a cost-effective and compassionate manner. **Vision** To be a model public agency and community health plan that provides an integrated and well-coordinated system of care to ensure optimal health outcomes for all CalOptima members. **Values = CalOptima CARES** **C**ollaboration; **A**ccountability; **R**espect; **E**xcellence; **S**tewardship
Compliance with the Law CalOptima is committed to conducting all activities and operations in compliance with applicable law.	**Transparent, Legal, and Ethical Business Conduct** CalOptima is committed to conducting its business with integrity, honesty and fairness and in compliance with all laws and regulations that apply to its operations. CalOptima depends on its Board members, employees, and those who do business with it to help fulfill this commitment. **Obeying the Law** Board members, employees and contractors (including First Tier and Downstream Entities included in the term "FDRs") shall not lie, steal, cheat, or violate any law in connection with their employment and/or engagement with CalOptima. **Fraud, Waste, & Abuse (FWA)** CalOptima shall refrain from conduct, which would violate the Fraud, Waste, and Abuse laws. CalOptima is committed to the detection, prevention, and reporting of Fraud, Waste, and Abuse. CalOptima is also responsible for ensuring that Board members, employees, and FDRs receive appropriate FWA training as described in regulatory guidance. CalOptima's Compliance Plan, Fraud, Waste, and Abuse Plan and policies describe examples of Potential Fraud, Waste, and Abuse and discuss employee and contractor FWA obligations and potential Sanctions arising from

Back to Agenda Back to Item

Principle	Standard
	relevant federal and state FWA laws. CalOptima expects and requires that its Board members, employees, and contractors do not participate in any conduct that may violate the FWA laws including, federal and state anti-kickback laws, false claims acts, and civil monetary penalty laws. **Political Activities** CalOptima's political participation is limited by law. CalOptima funds, property, and resources are not to be used to contribute to political campaigns, political parties, and/or organizations. Board members, employees and contractors may participate in the political process on their own time and at their own expense but shall not give the impression that they are speaking on behalf of or representing CalOptima in these activities. **Anti-Trust** All Board members, employees, and contractors must comply with applicable antitrust, unfair competition, and similar laws, which regulate competition. Such persons shall seek advice from legal counsel if they encounter any business decisions involving a risk of violation of antitrust laws. The types of activities that potentially implicate antitrust laws include, without limitation, agreements to fix prices, bid rigging, and related activities; boycotts, certain exclusive dealings and price discrimination agreements; unfair trade practices; sales or purchases conditioned on reciprocal purchases or sales; and discussion of factors determinative of prices at trade association meetings.
Member Rights CalOptima is committed to meeting the health care needs of its members by providing access to quality health care services.	**Member Choice, Access to Health Care Services, Continuity of Care** Employees and contractors shall comply with CalOptima policies and procedures and applicable law governing member choice, access to health care services and continuity of member care. Employees and contractors shall comply with all requirements for coordination of medical and support services for persons with special needs. **Cultural and Linguistic Services** CalOptima and contractors shall provide culturally, linguistically, and sensory appropriate services to CalOptima members to ensure

Principle	Standard
	effective communication regarding diagnosis, medical history, and treatment, and health education. **Disabled Member Access** CalOptima's facilities shall adhere to the requirements of Title III of the Americans with Disabilities Act of 1990 by providing access for disabled members. **Emergency Treatment** Employees and contractors shall comply with all applicable guidelines, policies and procedures, and laws governing CalOptima member access and payment of emergency services including, without limitation, the Emergency Medical Treatment and Active Labor Act ("EMTALA") and state patient "anti-dumping" laws, prior authorization limitations, and payment standards. **Grievance and Appeals Processes** CalOptima, its physician groups, its Health Networks and third-party administrators (TPA) shall ensure that CalOptima members are informed of their grievance and appeal rights including, the state hearing process, through member handbooks and other communications in accordance with CalOptima policies and procedures and applicable laws. Employees and contractors shall address, investigate, and resolve CalOptima member complaints and grievances in a prompt and nondiscriminatory manner in accordance with CalOptima policies and applicable laws.
Business Ethics In furtherance of CalOptima's commitment to the highest standards of business ethics, employees and contractors shall accurately and honestly represent CalOptima and shall not engage in any activity or scheme intended to defraud anyone of money, property, or honest services.	**Candor & Honesty** CalOptima requires candor and honesty from individuals in the performance of their responsibilities and in communications including, communications with CalOptima's Board of Directors, supervisory employees, attorneys, and auditors. No Board member, employee, or contractor shall make false or misleading statements to any members and/or persons, or entities, doing business with CalOptima about products or services of CalOptima. **Financial and Data Reporting** All financial reports, accounting records, research reports, expense accounts, data submissions, attestations, timesheets, and

Principle	Standard
	other documents must accurately and clearly represent the relevant facts and the true nature of a transaction. CalOptima maintains a system of internal controls to ensure that all transactions are executed in accordance with Management's authorization and recorded in a proper manner to maintain accountability of the agency's assets. Improper or fraudulent accounting documentation or financial reporting or false or misleading encounter, claims, cost, or other required regulatory data submissions is contrary to the policy of CalOptima and may be in violation of applicable laws and regulatory obligations. **Regulatory Agencies and Accrediting Bodies** CalOptima will deal with all Regulatory Agencies and accrediting bodies in a direct, open, and honest manner. Employees and contractors shall not take action with Regulatory Agencies and accrediting bodies that is false or misleading.
Public Integrity CalOptima and its Board members and employees shall comply with laws and regulations governing public agencies.	**Public Records** CalOptima shall provide access to CalOptima Public Records to any person, corporation, partnership, firm, or association requesting to inspect and copy them in accordance with the California Public Records Act, California Government Code Sections 6250 et seq. and CalOptima policies. **Public Funds** CalOptima, its Board members, and employees shall not make gifts of public funds or assets or lend credit to private persons without adequate consideration unless such actions clearly serve a public purpose within the authority of the agency and are otherwise approved by legal counsel. CalOptima, its Board members, and employees shall comply with applicable law and CalOptima policies governing the investment of public funds and expenditure limitations. **Public Meetings** CalOptima, and its Board members, and employees shall comply with requirements relating to the notice and operation of public meetings in accordance with the Ralph M. Brown Act, California Government Code Sections 54950 et seq.

Principle	Standard
Confidentiality Board members, employees, and contractors shall maintain the confidentiality of all confidential information in accordance with applicable law and shall not disclose such confidential information except as specifically authorized by CalOptima policies, procedures, and applicable laws.	**No Personal Benefit** Board members, employees and contractors shall not use confidential or proprietary CalOptima information for their own personal benefit or for the benefit of any other person or entity, while employed at, or engaged by, CalOptima, or at any time thereafter. **Duty to Safeguard Member Confidential Information** CalOptima recognizes the importance of its members' right to confidentiality and implements policies and procedures to ensure its members' confidentiality rights and the protection of medical and other confidential information. Board members, employees and contractors shall safeguard CalOptima member identity, eligibility, social security, medical information and other confidential information in accordance with applicable laws including the Health Insurance Portability and Accountability Act of 1996 (HIPAA), the Health Information Technology for Economic and Clinical Health Act (HITECH Act) and implementing regulations, the California Security Breach Notification Law, the California Confidentiality of Medical Information Act, other applicable federal and state privacy laws, and CalOptima's policies and procedures. **Personnel Files** Personal information contained in Employee personnel files shall be maintained in a manner designed to ensure confidentiality in accordance with applicable laws. **Proprietary Information** Subject to its obligations under the Public Records Act, CalOptima shall safeguard confidential proprietary information including, without limitation, contractor information and proprietary computer software, in accordance with and, to the extent required by, contract or law. CalOptima shall safeguard provider identification numbers including, without limitation, Medi-Cal license, Medicare numbers, social security numbers, and other identifying numbers.
Business Relationships Business transactions with vendors, contractors, and other	**Business Inducements** Board members, employees, and contractors shall not seek to gain advantage through improper use of payments, business courtesies,

Principle	Standard
third parties shall be conducted at arm's length in fact and in appearance, transacted free from improper inducements and in accordance with applicable law and ethical standards.	or other inducements. The offering, giving, soliciting, or receiving of any form of bribe or other improper payment is prohibited. Board members, employees, contractors and providers shall not use their positions to personally profit or assist others in profiting in any way at the expense of Federal and/or State health care programs, CalOptima, or CalOptima members. **Gifts to CalOptima** Board members and employees are specifically prohibited from soliciting and accepting personal gratuities, gifts, favors, services, entertainment, or any other things of value from any person or entity that furnishes items or services used, or that may be used, in CalOptima and its programs unless specifically permitted under CalOptima policies. Employees may not accept cash or cash equivalents. Perishable or consumable gifts given to a department or group are not subject to any specific limitation and business meetings at which a meal is served is not considered a prohibited business courtesy. **Provision of Gifts by CalOptima** Employees may provide gifts, entertainment or meals of nominal value to CalOptima's current and prospective business partners and other persons when such activities have a legitimate business purpose, are reasonable, and are otherwise consistent with applicable law and CalOptima policies on this subject. In addition to complying with statutory and regulatory requirements, it is critical to even avoid the appearance of impropriety when giving gifts to persons and entities that do business or are seeking to do business with CalOptima. **Third-Party Sponsored Events** CalOptima's joint participation in contractor, vendor, or other third-party sponsored events, educational programs and workshops is subject to compliance with applicable law, including gift of public fund requirements and fraud and abuse prohibitions, and must be approved in accordance with CalOptima policies on this subject. In no event, shall CalOptima participate in any joint contractor, vendor, or third party sponsored event where the intent of the other participant is to improperly influence, or gain unfair advantage from, CalOptima or its operations. Employees' attendance at contractor, vendor, or

Principle	Standard
	other third-party sponsored events, educational programs and workshops is generally permitted where there is a legitimate business purpose but is subject to prior approval in accordance with CalOptima policies. **Provision of Gifts to Government Agencies** Board members, employees, and contractors shall not offer or provide any money, gifts, or other things of value to any government entity or its representatives, except campaign contributions to elected officials in accordance with applicable campaign contribution laws. **Broad Application of Standards** CalOptima intends that these standards be construed broadly to avoid even the appearance of improper activity.
Conflicts of Interests Board members and employees owe a duty of undivided and unqualified loyalty to CalOptima.	**Conflict of Interest Code** Designated employees, including Board members, shall comply with the requirements of the CalOptima Conflict of Interest Code and applicable laws. Board members and employees are expected to conduct their activities to avoid impropriety and/or the appearance of impropriety, which might arise from the influence of those activities on business decisions of CalOptima, or from disclosure of CalOptima's business operations. **Outside Services and Interests** Without the prior written approval of the Chief Executive Officer (or in the case of the Chief Executive Officer, the Chair of the CalOptima Board of Directors), no employee shall (1) perform work or render services for any contractor, association of contractors or other organizations with which CalOptima does business or which seek to do business with CalOptima, (2) be a director, officer, or consultant of any contractor or association of contractors; or (3) permit his or her name to be used in any fashion that would tend to indicate a business connection with any contractor or association of contractors.
Discrimination CalOptima acknowledges that fair and equitable treatment of employees, members,	**No Discrimination** CalOptima is committed to compliance with applicable anti-discrimination laws including Title VI of the Civil Right Act of 1964. Board members, employees and contractors shall not

Principle	Standard
providers, and other persons is fundamental to fulfilling its mission and goals.	unlawfully discriminate on the basis of race, color, national origin, creed, ancestry, religion, language, age, marital status, gender (which includes sex, gender identity, gender transition status and gender expression), sexual orientation, health status, pregnancy, physical or mental disability, military status or any other classification protected by law. CalOptima is committed to providing a work environment free from discrimination and harassment based on any classification noted above. **Reassignment** CalOptima, physician groups, and Health Networks shall not reassign members in a discriminatory manner, including based on the enrollee's health status.
Participation Status CalOptima requires that employees, contractors, providers, and suppliers meet Government requirements for participation in CalOptima's programs.	**Federal and State Health Care Program Participation Status** Board members, employees, and contractors shall not be currently suspended, terminated, debarred, or otherwise ineligible to participate in any Federal or State health care program, including the Medi-Cal program and Medicare programs. **CalOptima Screening** CalOptima will M~~m~~onitor the participation status of employees, individuals and entities doing business with CalOptima by conducting regular Exclusion and Preclusion screening reviews in accordance with CalOptima policies. **Disclosure of Participation Status** Board members, employees and contractors shall disclose to CalOptima whether they are currently suspended, terminated, debarred, or otherwise ineligible to participate in any Federal and/or State health care program. Employees, individuals, and entities that do business with CalOptima shall disclose to CalOptima any pending investigation, disciplinary action, or other matter that could potentially result in their Exclusion or Preclusion from participation in any Federal or State health care program. **Delegated Third Party Administrator Review** CalOptima requires that its Health Networks, physician groups, and third-party administrators review participating providers and suppliers for licensure and participation status as part of the

Back to Agenda Back to Item

Principle	Standard
	delegated credentialing and recredentialing processes when such obligations have been delegated to them. **Licensure** CalOptima requires that all employees, contractors, Health Networks, participating providers, and suppliers who are required to be licensed, credentialed, certified, and/or registered in order to furnish items or services to CalOptima and its members have valid and current licensure, credentials, certification and/or registration, as applicable.
Government Inquiries/Legal Disputes Employees shall notify CalOptima upon receipt of Government inquiries and shall not destroy or alter documents in response to a government request for documents or information.	**Notification of Government Inquiry** Employees shall notify the Compliance Officer and/or their supervisor immediately upon the receipt (at work or at home) of an inquiry, subpoena, or other agency or government requests for information regarding CalOptima. **No Destruction of Documents** Employees shall not destroy or alter CalOptima information or documents in anticipation of, or in response to, a request for documents by any governmental agency or from a court of competent jurisdiction. **Preservation of Documents Including Electronically Stored Information** Board members and employees shall comply with all obligations to preserve documents, data, and records including, electronically stored information in accordance with CalOptima policies and shall comply with instructions on preservation of information and prohibitions and destruction of information issued by legal counsel.
Compliance Program Reporting Board members, employees, and contractors have a duty to comply with CalOptima's Compliance Program and such duty shall be a condition of their respective appointment, employment, or engagement.	**Reporting Requirements** All Board members, employees and contractors are expected and required to promptly report suspected violations of any statute, regulation, or guideline applicable to Federal and/or State health care programs or of CalOptima's own policies in accordance with CalOptima's reporting policies and its Compliance Plan. Such reports may be made to a Ssupervisor or the Compliance Officer. Reports can also be made to CalOptima's hotline number below.

Principle	Standard
	Persons making reports to the hotline can do so on an anonymous basis. **Compliance and Ethics Hotline: 877-837-4417** **Disciplinary Action** Failure to comply with the Compliance Program, including the Code of Conduct, policies, and/or applicable statutes, regulations and guidelines may lead to disciplinary action. Discipline for failure to abide by the Code of Conduct may, in CalOptima's discretion, range from oral correction to termination in accordance with CalOptima's policies. In addition, failure to comply may result in the imposition of civil, criminal, or administrative fines on the individual, or entity, and CalOptima or Exclusion or Preclusion from participation in Federal and/or State health care programs. **Training and Education** CalOptima provides training and education to Board members, employees and FDRs. Timely completion of compliance and HIPAA training is mandatory for all CalOptima employees. **No-Retaliation Policy** CalOptima prohibits retaliation against any individual who reports discrimination, harassment, or compliance concerns, or participates in an investigation of such reports. Employees involved in any retaliatory acts may be subject to discipline, up to and including termination of employment. **Referrals of FWA to Government Agencies** CalOptima is obligated to coordinate compliance activities with federal and state regulators. Employees shall comply with CalOptima policies related to FWA referral requirements to federal and state regulators, delegated program integrity contractors, and law enforcement agencies. **Certification** All Board members, employees, and contractors are required to certify, in writing, that they have received, read, understand and will abide by the Code of Conduct and applicable policies.

Appendix D

TYPES OF EMPLOYEE FWA

EMPLOYEE FRAUD OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
E01	Use of a member's identity or documentation of Medi-Cal eligibility to obtain services.	Employees obtaining services on a member's account. Hotline report. Data analytics. Referrals to SIU.
E02	Use of a member's identity or documentation of Medi-Cal eligibility to obtain a gain.	Employees obtaining unjust enrichment, funds, or other gain by selling member's account information. Hotline report.
E03	Employee assistance to providers with the submission of claims for covered services that are not actually provided to the member for which the claim is submitted.	Employees obtaining unjust enrichment, funds, or other gain from provider by using member's account information to assist in the submission of false claims. Hotline report. Referrals to SIU.
E04	Employee deceptively accessing company confidential information for purpose of a gain.	Employees obtaining unjust enrichment, funds, or other gain from another by deceptive and unauthorized accessing of information. Hotline Service. Data Analytics. Referrals to SIU.

Back to Agenda Back to Item

E. GLOSSARY

Abuse ("Abuse") means actions that may, directly or indirectly, result in: unnecessary costs to a CalOptima program, improper payment, payment for services that fail to meet professionally recognized standards of care, or services that are medically unnecessary. Abuse involves payment for items or services when there is no legal entitlement to that payment and the provider has not knowingly and/or intentionally misrepresented facts to obtain payment. Abuse cannot be differentiated categorically from fraud, because the distinction between "fraud" and "abuse" depends on specific facts and circumstances, intent and prior knowledge, and available evidence, among other factors.

Audit ("Audit" or "Auditing") means a formal, systematic, and disciplined approach designed to review, evaluate, and improve the effectiveness of processes and related controls using a particular set of standards (e.g., policies and procedures, laws, and regulations) used as base measures. Auditing is governed by professional standards and completed by individuals independent of the process being audited and may require one (1) of several acknowledged certifications. ~~and normally performed by individuals with one (1) of several acknowledged certifications.~~

Audit & Oversight Committee ("AOC") means a subcommittee of the Compliance Committee chaired by the Director(s) of Audit & Oversight to oversee CalOptima's delegated functions. The composition of the AOC includes representatives from CalOptima's departments as provided for in CalOptima Policy HH.4001Δ: Audit & Oversight Committee.

Board Members ("Board Members") means the members of the CalOptima Board of Directors.

CalOptima ("CalOptima") means the Orange County Health Authority, d.b.a. CalOptima, a County Organized Health System ("COHS") created under California Welfare and Institutions Code Section 14087.54 and Orange County Ordinance No. 3896, as amended.

CalOptima Board of Directors ("CalOptima Board") means the Board of Directors of CalOptima, which serves as the Governing Body of CalOptima, appointed by the Orange County Board of Supervisors in accordance with the Codified Ordinances of the County of Orange.

CalOptima Members ("CalOptima Members" or "Members") means a beneficiary who is enrolled in a CalOptima program.

CalOptima Programs ("CalOptima Programs") means the Medi-Cal program administered by CalOptima under contract with DHCS, the Medicare Advantage Program ("OneCare") administered by CalOptima under contract with CMS, the Program of All Inclusive Services for the Elderly ("PACE") program administered by CalOptima under contract with DHCS and CMS, the Multipurpose Senior Services Program ("MSSP") administered by CalOptima under contract with the California Department of Aging, and the OneCare Connect program administered by CalOptima

Back to Agenda Back to Item

under contract with DHCS and CMS, as well as any other program now or in the future administered by CalOptima.

Centers for Medicare & Medicaid Services ("CMS") means the federal agency within the United States Department of Health and Human Services (DHHS) that administers the Federal Medicare program and works in partnership with state governments to administer Medicaid programs.

Code of Conduct ("Code of Conduct") means the statement setting forth the principles and standards governing CalOptima's activities to which Board Members, employees, FDRs, and agents of CalOptima are expected to adhere.

Compliance Committee ("Compliance Committee") means that committee designated by the Chief Executive Officer (CEO) to implement and oversee the Compliance Program and to participate in carrying out the provisions of this Compliance Plan. The composition of the Compliance Committee shall consist of Executive Staff that may include, but is not limited to, the: Chief Executive Officer; Chief Medical Officer; Chief Operating Officer; Chief Financial Officer; Compliance Officer; and Executive Director of Human Resources.

Compliance Plan ("Compliance Plan") means this plan and all attachments, exhibits, modifications, supplements, or amendments thereto.

Compliance Program ("Compliance Program" or "Program") means the program (including, without limitation, this Compliance Plan, Code of Conduct, and policies and procedures) developed and adopted by CalOptima to promote, monitor and ensure that CalOptima's operations and practices and the practices of its Board Members, employees, and FDRs comply with applicable law and ethical standards.

Compliance Risk Assessment ("CRA") A tool utilized to stratify level of risk (high, medium, low) based upon Audit results and corrective actions issued to identify specific CalOptima functional areas vulnerable to potential Compliance risk.

Conflict of Interest Code ("Conflict of Interest Code") means CalOptima's Conflict of Interest Code approved and adopted on December 6, 1994, as amended and updated from time to time.

Corrective Action Plan ("CAP") means a plan delineating specific identifiable activities or undertakings that address and are designed to correct program deficiencies or problems identified by formal Audits or Monitoring Activities by CalOptima, the Centers of Medicare & Medicaid Services (CMS), Department of Health Care Services (DHCS), or designated representatives. FDRs and/or CalOptima departments may be required to complete CAPs to ensure compliance with statutory, regulatory, or contractual obligations and any other requirements identified by CalOptima and its regulators.

Back to Agenda Back to Item

Delegation ("Delegated") means a legal assignment to another party of the authority for particular functions, tasks, and decisions on behalf of the original party. The original party remains liable for compliance and fulfillment of any and all rules, requirements, and obligations pertaining to the delegated functions.

Department of Health and Human Services-Office of Inspector General ("OIG") means the Office of Inspector General of the United States Department of Health and Human Services.

Department of Health Care Services ("DHCS") means the California Department of Health Care Services, the State agency that oversees California's Medicaid program, known as Medi-Cal.

Department of Managed Health Care ("DMHC") means the California Department of Managed Health Care that oversees California's managed care system. DMHC regulates health maintenance organizations licensed under the Knox-Keene Act, Health & Safety Code Sections 1340 *et seq*.

Designated Employee ("Designated Employee") means the persons holding positions listed in the Appendix to the CalOptima Conflict of Interest Code.

Designee ("Designee") is a person selected or designated to carry out a duty or role. The assigned designee is required to be in management or hold the appropriate qualifications or certifications related to the duty or role.

Downstream Entity ("Downstream Entity") means any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima program benefit, below the level of the arrangement between CalOptima and a first-tier entity. These written arrangements continue down to the level of the ultimate provider of both health and administrative services.

Employee or **Employees** ("Employee" or "Employees") means any and all employees of CalOptima, including all Executive Staff, Management, officers, managers, Ssupervisors and other employed personnel, as well as temporary employees and volunteers.

Exclusion ("Exclusion" or "Excluded") means suspension, exclusion, or debarment from participation in federal and/or state health care programs.

Executive Director of Compliance ("Executive Director of Compliance" or "Compliance Officer") means that person designated as the Compliance Officer for CalOptima charged with the responsibility of implementing and overseeing the Compliance Program and the Compliance Plan and Fraud, Waste, and Abuse Plan.

Executive Staff ("Executive Staff") means an employee whose position title is Chief, or Executive Director of one (1) or more departments.

False Claims Act ("FCA") means the False Claims Act pursuant to 31 United States Code [U.S.C.] Sections 3729-3733, which protects the Government from being overcharged or sold substandard goods or services. The FCA imposes civil liability on any person who knowingly submits, or causes to be submitted, a false or fraudulent claim to the Federal Government. The "knowing" standard includes acting in deliberate ignorance or reckless disregard of the truth related to the claim. Civil penalties for violating the FCA may include fines and up to three (3) times the amount of damages sustained by the Government as a result of the false claims. There also are criminal penalties for submitting false claims, which may include fines, imprisonment, or both. (18 U.S.C. Section 287.)

FDR ("FDR") means First Tier, Downstream or Related Entity, as separately defined herein.

Federal and/or State Health Care Programs ("Federal and/or State Health Care Programs") means any plan or program providing health care benefits, directly through insurance or otherwise, that is funded directly, in whole or in part, by the United States Government (other than the Federal Employees Health Benefits Program), including Medicare, or any State health care program as defined in 42 U.S.C. § 1320a-7b (f) including the California Medicaid program, Medi-Cal.

First Tier Entity ("First Tier Entity") means any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care services to a member under a CalOptima program.

Fraud ("Fraud") means knowingly and willfully executing, or attempting to execute, a scheme or artifice to defraud any health care benefit program or to obtain (by means of false or fraudulent pretenses, representations, or promises) any of the money or property owned by, or under the custody or control of, any health care benefit program. (18 U.S.C. § 1347.)

General Services Administration ("GSA**"**) **System for Award Management** ("SAM") is a type of federal government exclusion database and contains the list of Excluded Parties List System (GSA-EPLS). The EPLS consists of federal contractors who have been debarred, Ssanctioned, or excluded due to government contract issues or fraud. The database is usually updated on a monthly basis.

Governing Body ("Governing Body") means the Board of Directors of CalOptima.

Health Network ("Health Network" or "Health Networks") means the contracted Health Networks of CalOptima, including Physician Hospital Consortia ("PHCs"), Shared Risk Medical Groups ("SRGs"), and Health Maintenance Organizations ("HMOs").

Health Insurance Portability and Accountability Act ("HIPAA") means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, enacted on August 21, 1996. Sections 261 through 264 of HIPAA require the Secretary of the U.S. Department of Health and Human Services to publicize standards for the electronic exchange, privacy and security of health

information, as amended.

Immediate Corrective Action Plan ("ICAP") means the result of non-compliance with specific requirements that has the potential to cause significant Member harm. Significant Member harm exists if the noncompliance resulted in the failure to provide medical items, services or prescription drugs, causing financial distress, or posing a threat to Member's health and safety due to non-existent or inadequate policies and procedures, systems, operations or staffing.

Management ("Management") means any employee whose position title is Director, Senior Manager, Manager, or Supervisor of one (1) or more departments.

Medi-Cal Suspended & Ineligible ("S&I") **Provider List** is a list of suspended and ineligible providers that is maintained by DHCS in the Medi-Cal Provider Manual. The list is updated monthly and available online and in print from DHCS.

Medicare Secondary Payer (MSP) Vendor means third-party vendors contracted to perform administrative functions with regards to the identification and recovery of monies owed to OneCare or OneCare Connect for recoupment of conditional payments. These administrative duties include, but are not limited to, the pursuit of repayments for third party liabilities and other health care coverage.

Monitoring Activities ("Monitoring") means regular reviews directed by management and performed as part of normal operations to confirm ongoing compliance and to ensure that corrective actions are undertaken and effective.

Multipurpose Senior Services Program ("MSSP") is a program approved under the federal Medicaid Home and Community-Based, 1915 (c) Waiver designed to prevent premature institutionalization through provision of comprehensive social and health care management to assist frail elder person who are certifiable for placement in a nursing facility, to remain safely at home at a cost lower than nursing facility care.

National Committee for Quality Assurance Standards for Accreditation of MCOs ("NCQA Standards") means the written standards for accreditation of managed care organizations published by the National Committee for Quality Assurance.

Office of Inspector General List of Excluded Individuals and Entities ("OIG LEIE") is an exclusion list and contains individuals and/or entities that have been excluded from participation in federal healthcare programs such as Medicare and Medicaid. This list is usually updated on a monthly basis.

OneCare ("OneCare") is a Medicare Advantage Health Maintenance Organization (HMO) plan offered by CalOptima to provide Medicare covered benefits to Members.

OneCare Connect ("OneCare Connect") is a Medicare-Medicaid health plan offered by CalOptima that contracts with both Medicare and Medi-Cal to provide covered benefits of both programs to Members.

Overpayment ("Overpayment") means a payment disbursed in excess of amounts properly payable under Medicare and Medi-Cal statutes and regulations.

Participating Providers and Suppliers ("Participating Providers and Suppliers") include all health care providers and suppliers (e.g., physicians, mid-level practitioners, hospitals, long term care facilities, pharmacies, etc.) that receive reimbursement from CalOptima or its Health Networks for items or services furnished to members. Participating providers and suppliers for purposes of this Compliance Plan may or may not be contracted with CalOptima and/or the Health Networks.

Participation Status ("Participation Status") means whether a person or entity is currently suspended, excluded, precluded, or otherwise ineligible to participate in Federal and/or State health care programs as provided in CalOptima policies and procedures.

Participation Status Review ("Participation Status Review") means the process by which CalOptima reviews its Board Members, employees, FDRs, and CalOptima Direct providers to determine whether they are currently suspended, excluded, precluded, or otherwise ineligible to participate in Federal and/or State health care programs.

Personally Identifiable Information ("PII") means any information about an individual maintained by an agency, including (1) any information that can be used to distinguish or trace an individual's identity, such as name, social security number, date and place of birth, mother's maiden name, or biometric records; and (2) any other information that is linked or linkable to an individual, such as medical, educational, financial, and employment information.

Pharmacy Benefit Manager ("PBM") means an entity that provides pharmacy benefit management services, including contracting with a network of pharmacies; establishing payment levels for network pharmacies; negotiating rebate arrangements; developing and managing formularies, preferred drug lists, and prior authorization programs; maintaining patient compliance programs; performing drug utilization review; and operating disease management programs.

Policies and Procedures ("Policies and Procedures") means CalOptima's written policies and procedures regarding the operation of CalOptima's Compliance Program, including applicable Human Resources policies, outlining CalOptima's requirements and standards in compliance with applicable law.

Program of All-Inclusive Care for the Elderly ("PACE") is a long-term comprehensive health care program that helps older adults to remain as independent as possible. PACE coordinates and

Back to Agenda Back to Item

provides all needed preventive, primary, acute and long-term care services so seniors can continue living in their community.

Preclusion ("Precluded" or "Preclusion List") is a type of exclusion. The CMS Preclusion List is a list of Providers and prescribers who are precluded from receiving payment for Medicare Advantage (MA) items and services or Part D drugs furnished or prescribed to Medicare beneficiaries.

Protected Health Information ("PHI") refers to the 45 Code of Federal Regulations Section 160.103, including the following: individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium.

This information identifies the individual or there is reasonable basis to believe the information can be used to identify the individual. The information was created or received by CalOptima or Business Associates and relates to:

1. The past, present, or future physical or mental health or condition of a Member;
2. The provision of health care to a Member; or
3. Past, present, or future Payment for the provision of health care to a Member.

Readiness Assessment ("Readiness Assessment") is an assessment conducted by a review team prior to the effective date of a Delegated Entity's or other contracted entity's contract with CalOptima. The assessment determines the Delegated Entity's or contracted entity's compliance with all or a specified number of operational functional area requirements, as determined by CalOptima.

Regulatory Agencies ("Regulatory Agencies") include, but are not limited to: Centers for Medicare & Medicaid Services (CMS), Department of Health Care Services (DHCS), Department of Managed Health Care (DMHC), Health and Human Services Office of Inspector General (OIG), and the Office of Civil Rights (OCR).

Related Entity ("Related Entity") means any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.

Sanction ("Sanction") means an action taken by CalOptima, including, but not limited to, restrictions, limitations, monetary fines, termination, or a combination thereof, based on an FDR's or its agent's failure to comply with statutory, regulatory, contractual, and/or other requirements related to CalOptima programs.

Seniors and Persons with Disabilities ("SPD") means Medi-Cal beneficiaries who fall under specific

Aged and Disabled Aid Codes as defined by the DHCS.

Sub-delegation ("Sub-delegation") means the process by which a first tier entity expressly grants, by formal agreement, to a downstream entity the authority to carry out one or more functions that would otherwise be required to be performed by the first tier entity in order to meet its obligations under the delegation agreement.

Supervisor ("Supervisor" or "Manager") means an employee in a position representing CalOptima who has one (1) or more employees reporting directly to him or her. With respect to FDRs, the term "Supervisor" shall mean the CalOptima employee that is the designated liaison for that contractor.

Third-Party Administrator ("TPA") means a contractor that furnishes designated claims processing and other administrative services to CalOptima.

Waste ("Waste") means the overutilization of services, or other practices that, directly or indirectly, result in unnecessary costs to a CalOptima program. Waste is generally not considered to be caused by criminally negligent actions but rather the misuse of resources.

TABLE OF CONTENTS

A. OVERVIEW OF THE COMPLIANCE PROGRAM

The Orange County Health Authority, dba CalOptima, is committed to conducting its operations in compliance with ethical standards, contractual obligations, and all applicable statutes, regulations, and rules, including those pertaining to Medi-Cal, Medicare, Program of All-Inclusive Care for the Elderly (PACE), Multipurpose Senior Services Program (MSSP), and other CalOptima Programs.

CalOptima's compliance commitment encompasses its own internal operations, as well as its oversight and Monitoring responsibilities related to CalOptima's First Tier, Downstream, and Related Entities (FDRs), such as Health Networks, physician groups, Participating Providers, and Suppliers, Pharmacy Benefit Manager (PBM), and consultants. The term FDR is used in this document to refer to CalOptima's delegated subcontractors that perform administrative functions and/or provide health care services that CalOptima is required to perform and/or provide under its state and federal contracts with the Centers for Medicare & Medicaid Services (CMS) and the Department of Health Care Services (DHCS). Such persons/entities, referred to as FDR herein, include those that directly contract with CalOptima and those that are Downstream or Related Entities (i.e., subcontracts) with CalOptima's First Tier Entities.

CalOptima has developed a comprehensive Compliance Program applicable to all of CalOptima's programs, including, but not limited to, its Medi-Cal Program, its Medicare Advantage Prescription Drug Program (MA-PDP referred to as "OneCare"), its Medicare-Medicaid Plan (MMP referred to as "OneCare Connect"), PACE, and MSSP. The Compliance Program incorporates all elements of an effective Compliance Program as recommended by the Office of the Inspector General (OIG) and required by CMS regulations. The Compliance Program is continually evolving and may be modified and enhanced based on compliance Monitoring and identification of new areas of operational, regulatory, or legal risk. CalOptima requires that CalOptima Board Members, Employees, and FDRs conduct themselves in accordance with the requirements of CalOptima's Compliance Program.

B. THE COMPLIANCE PLAN

This Compliance Plan sets forth CalOptima's commitment to legal and ethical conduct by establishing compliance activities, along with CalOptima principles and standards, to efficiently Monitor adherence to all applicable laws, regulations, and guidelines. The Compliance Plan addresses the fundamental elements of an effective Compliance Program and identifies how CalOptima is implementing each of the fundamental elements of an effective Compliance Program in its operations to meet its contractual, legal, and regulatory obligations. Moreover, the Compliance Plan is designed to provide guidance and to ensure that CalOptima's operations and the practices of its Board Members, Employees, and FDRs comply with contractual requirements, ethical standards, and applicable law.

This Compliance Plan is adopted by the Governing Body. It was developed and is managed by the Executive Director of Compliance (hereinafter referred to as the "Compliance Officer") with the Compliance Committee. Due to the dynamic nature of the complex laws governing CalOptima and its programs, the Compliance Plan may be revised and updated from time to time to respond to changes in the law and/or to reflect improvements in CalOptima's operations and processes.

Board Members, Employees, and FDRs are expected to review and adhere to the requirements and standards set forth in the Compliance Plan, the Code of Conduct, and all related Policies and Procedures, as may be amended. Furthermore, Board Members, Employees, and FDRs are expected to be familiar with the contractual, legal, and regulatory requirements pertinent to their respective roles and responsibilities. If a Board Member, Employee, and/or FDR has/have any questions about the application, or implementation, of this Compliance Plan, or questions related to the Code of Conduct or CalOptima Policies and Procedures, he or she should seek guidance from the Compliance Officer and/or the CalOptima Office of Compliance.

I.WRITTEN STANDARDS

To demonstrate CalOptima's commitment to complying with all applicable federal and state standards and to ensure a shared understanding of what ethical and legal standards and requirements are expected of Board Members, Employees, and FDRs, CalOptima develops, maintains, and distributes its written standards in the form of this Compliance Plan, a separate Code of Conduct, and written Policies and Procedures.

a. Compliance Plan

As noted above, this Compliance Plan outlines how contractual and legal standards are reviewed and implemented throughout the organization and communicated to CalOptima Board Members, Employees, and FDRs. This Compliance Plan also includes a comprehensive section articulating CalOptima's commitment to preventing Fraud, Waste, & Abuse (FWA), and setting forth guidelines and procedures designed to detect, prevent, and remediate FWA in the administration of CalOptima Programs. The Compliance Plan is available on CalOptima's external website for Board Members and FDRs, as well as on CalOptima's intranet site, referred to as InfoNet, accessible to all Employees.

b. Policies and Procedures

CalOptima also developed written Policies and Procedures to address specific areas of CalOptima's operations, compliance activities, and FWA prevention, detection, and remediation to ensure CalOptima can efficiently Monitor adherence to all applicable laws, regulations, and guidelines. These Policies and Procedures are designed to provide guidance to Board Members, Employees, and FDRs concerning compliance expectations and outline processes on how to identify, report, investigate, and/or resolve suspected, detected, or reported compliance issues. Board Members, Employees, and FDRs are expected to be familiar with the Policies and Procedures pertinent to their respective roles and responsibilities, and are expected to perform their responsibilities in compliance with ethical standards, contractual obligations, and applicable law. The Compliance Officer, or his/her Designee, will ensure that Board Members, Employees, and FDRs are informed of applicable policy requirements, and that such dissemination of information is documented and retained, in accordance with applicable record retention standards.

The Policies and Procedures are reviewed annually and updated, as needed, depending on state and federal regulatory changes and/or operational improvements to address identified risk factors. Changes to CalOptima's Policies and Procedures are reviewed and approved by CalOptima's Policy Review Committee. The Policy Review Committee, comprised of executive officers and key Management staff, meets regularly to review and approve proposed changes and additions to CalOptima's Policies and Procedures. Policies and Procedures are available on CalOptima's internal website and Compliance 360 (C360), a separate web portal accessible to Board Members, Employees, and FDRs. Board Members, Employees, and FDRs receive notice when Policies and Procedures are updated via a monthly memorandum.

c. Code of Conduct

Finally, the Code of Conduct is CalOptima's foundational document detailing fundamental principles, values, and the framework for business practices within and applicable to CalOptima. The objective of the Code of Conduct is to articulate compliance expectations and broad principles that guide CalOptima Board Members, Employees, and FDRs in conducting their business activities in a professional, ethical, and lawful manner. The Code of Conduct is a separate document from the Compliance Plan and can be found in Appendix A. The Code of Conduct is approved by the CalOptima Board of Directors and distributed to Board Members, Employees, and FDRs upon appointment, hire, or the commencement of the contract, and annually thereafter. New Board Members, Employees, and FDRs are required to sign an attestation acknowledging receipt and review of the Code of Conduct within ninety (90) calendar days of the appointment, hire, or commencement of the contract, and annually thereafter.

II.OVERSIGHT

The successful implementation of the Compliance Program requires dedicated commitment and diligent oversight throughout CalOptima's operations, including, but not limited to, key roles and responsibilities by the CalOptima Board, the Compliance Officer, the Compliance Committee, the Audit & Oversight Committee, and Executive Staff.

a. Governing Body

The CalOptima Board of Directors, as the Governing Body, is responsible for approving, implementing, and Monitoring a Compliance Program governing CalOptima's operations. The CalOptima Board delegates the Compliance Program oversight and day-to-day compliance activities to the Chief Executive Officer (CEO), who then delegates such oversight and activities to the Compliance Officer. The Compliance Officer is an Employee of CalOptima, who handles compliance oversight and activities full-time. The Compliance Officer, in conjunction with the Compliance Committee, are both accountable for the oversight and reporting roles and responsibilities as set forth in this Compliance Plan. However, the CalOptima Board remains accountable for ensuring the effectiveness of the Compliance Program within CalOptima and Monitoring the status of the Compliance Program to ensure its efficient and successful implementation.

To ensure the CalOptima Board exercises reasonable oversight with respect to the implementation and effectiveness of CalOptima's Compliance Program, the CalOptima Board:

- Understands the content and operation of CalOptima's Compliance Program;
- Approves the Compliance Program, including this Compliance Plan and the Code of Conduct;
- Requires an effective information system that allows it to properly exercise its oversight role and be informed about the Compliance Program outcomes, including, but not limited to, results of internal and external Audits;
- Receives training and education upon appointment, and annually thereafter, concerning the structure and operation of the Compliance Program;
- Remains informed about governmental compliance enforcement activity, such as Notices of Non-Compliance, Corrective Action Plans, Warning Letters, and/or Sanctions;
- Receives regularly scheduled, periodic updates from CalOptima's Compliance Officer and Compliance Committee, including, but not limited to, monthly reports summarizing overall compliance activities and any changes that are recommended;
- Receives timely written notification and updates on urgent compliance issues that require engagement and action;
- Convenes formal ad hoc and closed session discussions for significant and/or sensitive compliance matters, to the extent permitted by applicable law; and
- Reviews the results of performance and effectiveness assessments of the Compliance Program.

The CalOptima Board reviews the measurable indicators of an effective Compliance Program and remains appropriately engaged in overseeing its efficient and successful implementation; however, the CalOptima Board delegates several compliance functions and activities as described in the following subsections.

b. Executive Director of Compliance (Compliance Officer)

The Executive Director of Compliance serves as the Compliance Officer who coordinates and communicates all assigned compliance activities and programs, as well as plans, implements, and Monitors the day-to-day activities of the Compliance Program. The Compliance Officer reports directly to the CEO and the Compliance Committee on the activities and status of the Compliance Program. The Compliance Officer has authority to report matters directly to the CalOptima Board at any time. Furthermore, the Compliance Officer ensures that CalOptima meets all state and federal regulatory and contractual requirements.

The Compliance Officer interacts with the CalOptima Board, CEO, CalOptima's Executive Staff and departmental Management, FDRs, legal counsel, state and federal representatives, and others as required. In addition, the Compliance Officer supervises the Office of Compliance, which includes compliance professionals with expertise and responsibilities for the following areas: Medi-Cal and Medicare Regulatory Affairs & Compliance, Special Investigations, Privacy, FDR and internal oversight, Policies and Procedures, and training on compliance activities.

The CalOptima Board delegates the following responsibilities to the Compliance Officer, and/or his/her Designee(s):

- Chair the Compliance Committee, which shall meet no less than quarterly and assists the Compliance Officer in fulfilling his/her responsibilities;
- Ensure that the Compliance Program, including this Compliance Plan and Policies and Procedures, are developed, maintained, revised, and updated, annually, or as needed, based on changes in CalOptima's needs, regulatory requirements, and applicable law and distributed to all affected Board Members, Employees, and FDRs, as appropriate;
- Oversee and Monitor the implementation of the Compliance Program, and provide regular reports no less than quarterly to the CalOptima Board and CEO summarizing all efforts, including, but not limited to, the Compliance Committee's efforts to ensure adherence to the Compliance Program, identification and resolution of suspected, detected, or reported instances of non-compliance, and CalOptima's compliance oversight and Audit activities;
- Maintain the compliance reporting mechanisms and manage inquiries and reports from CalOptima's Compliance and Ethics Hotline in accordance with specified protocols, including, but not limited to, maintenance of documentation for each report of potential non-compliance or potential FWA received from any source through any reporting method;

- Design, coordinate, and/or conduct regular internal Audits to ensure the Compliance Program is properly implemented and followed, in addition to verifying all appropriate financial and administrative controls are in place;
- Develop and implement an annual schedule of Compliance Program activities for each of CalOptima's programs, and regularly report CalOptima's progress in implementing those plans to the appropriate Board committee and/or to the Board of Directors;
- Serve as a liaison between CalOptima and all applicable state and federal agencies for non-compliance and/or FWA issues, including facilitating any documentation or procedural requests by such agency(s);
- Oversee and Monitor all compliance investigations, including investigations performed by CalOptima's regulators (e.g., DHCS and CMS) and consult with legal counsel, as necessary;
- Create and coordinate educational training programs and initiatives to ensure that the CalOptima Board, Employees, and FDRs are knowledgeable about CalOptima's Compliance Program, including the Code of Conduct, Policies and Procedures, and all current and emerging applicable statutory and regulatory requirements;
- Timely initiate, investigate, and complete risk assessments and related activities, and direct and implement appropriate Corrective Action Plans, Sanctions, and/or other remediation, including, but not limited to, collaboration with the Human Resources Department to ensure consistent, timely, and effective disciplinary standards are followed; and
- Coordinate with CalOptima departments and FDRs to ensure Exclusion and Preclusion screening (including through the OIG List of Excluded Individuals and Entities (LEIE), General Services Administration (GSA) System for Award Management (SAM), Medi-Cal Suspended & Ineligible (S&I) Provider List, and the CMS Preclusion List) has been conducted and acted upon, as appropriate, in accordance with regulatory and contractual requirements.

c. Compliance Committee

The Compliance Committee, chaired by the Compliance Officer, is composed of CalOptima's Executive Staff, as designated by the CEO. The members of the Compliance Committee serve at the discretion of the CEO and may be removed, or added, at any time. The role of the Compliance Committee is to implement and oversee the Compliance Program and to participate in carrying out the provisions of this Compliance Plan. The Compliance Committee meets at least on a quarterly basis, or more frequently as necessary, to enable reasonable oversight of the Compliance Program.

The CalOptima Board delegates the following responsibilities to the Compliance Committee:

- Maintain and update the Code of Conduct consistent with regulatory requirements and/or operational changes, subject to the ultimate approval by the CalOptima Board;
- Maintain written notes, records, correspondence, or minutes (as appropriate) of Compliance Committee meetings reflecting reports made to the Compliance Committee and the Compliance Committee's decisions on the issues raised (subject to all applicable privileges);

- Review and Monitor the effectiveness of the Compliance Program, including Monitoring key performance reports and metrics, evaluating business and administrative operations, and overseeing the creation, implementation, and development of corrective and preventive action(s) to ensure they are prompt and effective;
- Analyze applicable federal and state program requirements, including contractual, legal, and regulatory requirements, along with areas of risk, and coordinate with the Compliance Officer to ensure the adequacy of the Compliance Program;
- Review, approve, and/or update Policies and Procedures to ensure the successful implementation and effectiveness of the Compliance Program consistent with regulatory, legal, and contractual requirements;
- Recommend and Monitor the development of internal systems and controls to implement CalOptima's standards and Policies and Procedures as part of its daily operations;
- Determine the appropriate strategy and/or approach to promote compliance and detect potential violations and advise the Compliance Officer accordingly;
- Develop and maintain a reporting system to solicit, evaluate, and respond to complaints and problems;
- Review and address reports of Monitoring and Auditing of areas in which CalOptima is at risk of program non-compliance and/or potential FWA, and ensure CAPs and ICAPs are implemented and Monitored for effectiveness;
- Suggest and implement all appropriate and necessary actions to ensure that CalOptima and its FDRs conduct activities and operations in compliance with the applicable laws and regulations and sound business ethics; and
- Provide regular and ad-hoc status reports of compliance with recommendations to the CalOptima Board of Directors.

d. Audit & Oversight Committee (AOC)

The Audit & Oversight Committee (AOC) is a subcommittee of the Compliance Committee and is co-led by the Director(s) of Audit & Oversight. The AOC is responsible for overseeing the delegated and internal activities of CalOptima. The Compliance Committee has final approval authority for any delegated and internal activities. Committee members include representatives from CalOptima's departments as provided for in CalOptima Policy HH.4001Δ: Audit & Oversight Committee. In addition to the monthly scheduled meetings, the AOC may conduct ad hoc meetings either in-person or via teleconference, as needed. All materials requiring action by the AOC are approved by the majority of a quorum of the AOC. A quorum is defined as one (1) over fifty percent (50%). AOC may approve and/or implement Corrective Action Plans (CAPs); however, recommendations for FDR Sanctions and/or de-Delegation are submitted to the Compliance Committee for final approval. The AOC also contributes to external reviews and accreditation Audits, such as the National Committee for Quality Assurance (NCQA).

Responsibilities of the Audit & Oversight Committee with regard to FDRs include:

- Annual review, revision, and approval of the Audit tools;
- Review findings of the Readiness Assessment to evaluate a potential FDR's ability to perform the delegated function(s);
- Review and approve potential FDR entities for Delegation of functions;
- Ensure written agreements with each delegated FDR clearly define and describe the delegated activities, responsibilities, and reporting requirements of all parties consistent with applicable laws, regulations, and contractual obligations;
- Conduct formal, ongoing evaluation and Monitoring of FDR performance and compliance through review of periodic reports submitted, complaints/grievances filed, and findings of the annual onsite Audit;
- Ensure all Downstream and Related Entities are Monitored in accordance with CalOptima oversight procedures;
- Ensure that formal risk assessment is conducted on an annual basis, and update as needed, on an ongoing basis;
- Initiate and manage Corrective Action Plans (CAPs) for compliance issues;
- Propose Sanctions, subject to the Compliance Committee's approval, if an FDR's performance is substandard and/or violates the terms of the applicable agreement; and
- Review and initiate recommendations, such as termination of Delegation, to the Compliance Committee for unresolved issues of compliance.

Responsibilities of the Audit & Oversight Committee regarding internal business functions include:

- Annual review, revision, and approval of the Audit work plan and Audit tools;
- Conduct formal, ongoing evaluation and Monitoring of internal business areas' performance and compliance through review of periodic reports submitted, ongoing Monitoring, and findings of the annual Audit;
- Conduct formal risk assessment on an annual basis, and update as needed, on an ongoing basis; and
- Initiate and manage Corrective Action Plans (CAPs) for compliance issues.
- Initiate and manage other disciplinary actions (e.g., Sanctions, de-delegation) for compliance issues.

e. Executive Staff

The CEO and Executive Staff of CalOptima shall:

- Ensure that the Compliance Officer is integrated into the organization and is given the credibility, authority, and resources necessary to operate a robust and effective Compliance Program;
- Receive periodic reports from the Compliance Officer of risk areas facing the organization, the strategies being implemented to address them and the results of those strategies; and
- Be advised of all governmental compliance and enforcement findings and activity, including

Audit findings, Notices of Non-Compliance, and formal enforcement actions, and participate in corrective actions and responses, as appropriate.

III.TRAINING

Education and training are critical elements of the Compliance Program. CalOptima requires that all Board Members, Employees, and FDRs complete training upon appointment, hire, or commencement of contract, as applicable, and on an annual basis thereafter. Required courses cover CalOptima's Code of Conduct, compliance obligations, relevant laws, and FWA, as applicable. Specialized education courses are assigned to individuals based on their respective roles or positions within or with CalOptima's departments and its programs, which may include, but is not limited to, the fundamentals of managing Seniors and People with Disabilities (SPD) and cultural competency.

CalOptima utilizes state of the art web-based training courses that emphasize CalOptima's commitment to the Compliance Program, and which courses are updated regularly to ensure that Employees are kept fully informed about any changes in procedures, regulations, and requirements. Training may be conducted using new technology resources if materials meet the needs of the organization. The Compliance Officer, or his/her Designee, is responsible for coordinating compliance education and training programs, and ensuring that records evidencing an individual's/FDR's completion of the training requirements are documented and maintained, such as sign-in sheets, attestations, or electronic certifications, as required by law. The Compliance Officer and the CalOptima Executive Staff and Management are responsible for ensuring that Board Members, Employees, and FDRs complete training on an annual basis.

a. Code of Conduct

CalOptima's training program includes the distribution of CalOptima's Code of Conduct to Board Members, Employees, and FDRs. Board Members, Employees, and FDRs are required to sign an attestation acknowledging receipt, review, and understanding of the Code of Conduct within ninety (90) calendar days of their appointment, date of hire, or commencement of the contract, and annually thereafter. Completion and attestation of such review of the Code of Conduct is a condition of continued appointment, employment, or contract services. Signed attestations are maintained in each individual's personnel file, as required by law.

b. Mandatory Training Courses (Compliance Oversight, FWA, and HIPAA)

CalOptima requires Board Members, Employees, and FDRs, regardless of role or position with CalOptima, to complete mandatory compliance training courses. Mandatory courses may include, but are not limited to: the fundamentals of the Compliance Program; FWA training; Health Insurance Portability and Accountability Act of 1996 (HIPAA) privacy and security requirements; ethics; and a high-level overview of the Medicare and Medi-Cal Programs. Detailed information about state and federal false claims acts and whistleblower protections as provided in CalOptima Policy HH.5004Δ: False Claims Act Education shall be included in the mandatory courses. CalOptima's training courses cover CalOptima's commitment to compliance with federal and state laws and regulations, contractual obligations, internal policies, and ethics. Elements of the

Compliance Program are highlighted, including, but not limited to, an emphasis on CalOptima's requirement to and different means to report suspected or actual non-compliance, violations, and/or FWA issues, along with CalOptima's policy on confidentiality, anonymity, and non-retaliation for such reporting. CalOptima's HIPAA privacy and security training course covers the administrative, technical, and physical safeguards necessary to secure Members' Protected Health Information (PHI) and Personally Identifiable Information (PII).

Employees must complete the required compliance training courses within ninety (90) calendar days of hire, and annually thereafter. Adherence to the Compliance Program requirements, including training requirements, shall be a condition of continued employment and a factor in the annual performance evaluation of each Employee. Board Members and FDRs are required to complete the required compliance training courses within ninety (90) calendar days of appointment or commencement of the contract, as applicable, and annually thereafter. Some FDRs may be exempt or deemed to have met the FWA training and education requirement if the FDR has met the CMS requirements, the applicable certification requirements and attests to complying with the standards, or through enrollment into the Medicare program, or accreditation as a Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS). Completion of the training courses are documented electronically, and records of completion are maintained for each individual as required by law.

c. Additional Training

The Office of Compliance may provide additional training opportunities throughout the year focused on essential elements of the Compliance Program. These training opportunities are available to Managers and Employees depending on their respective roles or positions within or with CalOptima's departments and its programs and their involvement in CalOptima's oversight responsibilities. For these training courses, information is presented in a "train the trainer" format, providing Managers the tools and resources to train and share the information with Employees in their respective departments. If additional training related to FWA is required, the Compliance Officer, or his/her Designee, will develop relevant materials.

Employees have access through CalOptima's intranet website (referred to as the "InfoNet") to CalOptima's Policies and Procedures governing the Compliance Program and pertinent to their respective roles and responsibilities. Employees may receive such additional compliance training as is reasonable and necessary based on changes in job descriptions/duties, promotions, and/or the scope of their job functions.

Board Members receive a copy of the Compliance Plan, Code of Conduct, and Policies and Procedures pertinent to their appointment as part of orientation within ninety (90) calendar days of their appointment to the CalOptima Board. Board Members may receive additional compliance training related to the CalOptima Board's role in overseeing and ensuring organizational compliance with CalOptima's Compliance Program.

The Code of Conduct and Policies and Procedures pertinent to their engagement with CalOptima, if directly engaged by CalOptima, are made available to FDRs upon commencement of the FDR contract. FDRs are required to disseminate copies of the Code of Conduct and Policies and Procedures to their Employees, agents, and/or Downstream Entities. CalOptima may also develop compliance training and education presentations and/or roundtables for specified FDRs.

IV. LINES OF COMMUNICATION AND REPORTING

a. General Compliance Communication

CalOptima regularly communicates the requirements of the Compliance Program and the importance of performing individual roles and responsibilities in compliance with applicable laws, contractual obligations, and ethical standards. CalOptima utilizes various methods and forms to communicate general information, statutory or regulatory updates, process changes, updates to Policies and Procedures, contact information for the Compliance Officer, relevant federal and state Fraud alerts and policy letters, pending/new legislation reports, and advisory bulletins from the Compliance Officer to CalOptima Board Members, Employees, FDRs, and Members, including, but not limited to:

- Presentations and Updates at Meetings – CalOptima periodically holds and utilizes in-person and conference call meetings with the CalOptima Board, FDRs, Employees, and individual CalOptima departments, and Members.
- Compliance 360 – CalOptima maintains an internal and external website and portal referred to as Compliance 360, accessible to Board Members, Employees, and FDRs, which contains CalOptima's updated Policies and Procedures.
- Newsletters or Mailed Notices – CalOptima develops, and where appropriate, translates, publications and/or notices, to Board Members, Employees, FDRs, and Members.
- Electronic Mail – The CEO, Compliance Officer, or their respective Designee, periodically sends out email communications and/or alerts to Board Members, Employees, and FDRs, and/or Members, as applicable.
- CalOptima's Intranet Website – CalOptima maintains an intranet website, referred to as InfoNet, where CalOptima posts applicable updates and notices to Employees.
- CalOptima's Compliance Intranet Webpage – The Office of Compliance maintains an internal department webpage accessible to CalOptima Employees for communication of different Compliance initiatives, notices, key documents and forms, updates to the Compliance Program, Code of Conduct, and/or Policies and Procedures.
- Postings – The Office of Compliance posts information on how to report potential issues of non-compliance and FWA throughout CalOptima's facilities, including, but not limited to, break rooms, which are accessible to CalOptima Employees.
- Written Reports – The Compliance Officer, in coordination with the CEO and Compliance Committee, prepares written reports, no less than quarterly, concerning the status of the Compliance Program to be presented to the CalOptima Board.
- Direct Contact with the Compliance Officer - Board Members, Employees, and FDRs can obtain additional compliance information directly from the Compliance Officer. Any questions, which cannot be answered by the Compliance Officer, shall be referred to the Compliance Committee.

b. Reporting Mechanisms

CalOptima Board Members, Employees, and FDRs have an affirmative duty and are directed in CalOptima's Code of Conduct and Policies and Procedures to report compliance concerns, questionable conduct or practices, and suspected or actual violations immediately upon discovery. Failure by Board Members, Employees, and/or FDRs to report known violations, failure to detect violations due to negligence or reckless conduct, and making false reports may constitute grounds for disciplinary action, up to and including, recommendation for removal from appointment, termination of employment, or termination of an FDR contract, where appropriate.

CalOptima has established multiple reporting mechanisms to receive, record, and respond to compliance questions, potential non-compliance issues and/or FWA incidents or activities. These reporting systems, which are outlined in greater detail below, provide for anonymity and confidentiality (to the extent permitted by applicable law and circumstances). Reminders and instructions on how to report compliance and FWA issues are also provided to Board Members, Employees, FDRs, and Members in newsletters, on CalOptima's website, in trainings, on posters and at meetings. CalOptima maintains and supports a non-retaliation policy governing good-faith reports of suspected, or actual, non-compliance and/or FWA.

Upon receipt of a report through one (1) of the listed mechanisms, the Compliance Officer, or his/her Designee, shall follow appropriate Policies and Procedures to promptly review, investigate, and resolve such matters. The Compliance Officer, or his/her Designee, shall Monitor the process for follow-up communications to persons submitting reports or disclosures through these reporting mechanisms and shall ensure documentation concerning such reports is maintained according to all applicable legal and contractual requirements.

1. *Report Directly to Management or Executive Staff*

CalOptima Employees are encouraged to contact their immediate Management or Executive Staff when non-compliant activity is suspected, or observed. A report should be made immediately upon suspecting or identifying the potential or suspected non-compliance, or violation. Executive Staff or Management will promptly escalate the report to the Compliance Officer for further investigation and reporting to the CalOptima Compliance Committee. If an Employee is concerned that his/her Management or Executive Staff did not adequately address his/her report or complaint, the Employee may go directly to the Compliance Officer, or the CEO.

2. *Call the Compliance and Ethics Hotline*

CalOptima maintains an easily accessible Compliance and Ethics Hotline, available twenty-four (24) hours a day, seven (7) days a week, with multilingual support, in which CalOptima may receive anonymous issues on a confidential basis. Members are encouraged to call the Compliance and Ethics Hotline if they have identified potential non-compliant activity, or FWA issues. The Compliance and Ethics Hotline information is as follows:

TOLL FREE COMPLIANCE and ETHICS HOTLINE
(877) 837-4417

Calls or issues reported through the Compliance and Ethics Hotline are received, logged into a database, and investigated by the Regulatory Affairs & Compliance Department. No disciplinary action will be taken against individuals making good-faith reports. Every effort will be made to keep reports confidential to the extent permitted by law. The process for reporting suspected violations to the Compliance and Ethics Hotline is part of the education and/or orientation for all Board Members, Employees, FDRs, and Members. Members also have access to the Compliance Officer through the Compliance and Ethics Hotline and/or the right to contact the OIG Compliance Hotline (1-800-447-8477) directly.

3. *Report Directly to the Compliance Officer*

The Compliance Officer is available to receive reports of suspected or actual compliance violations, or FWA issues, on a confidential basis (to the extent permitted by applicable law or circumstances) from Board Members, Employees, FDRs and Members. The Compliance Officer may be contacted by telephone, written correspondence, email, or by a face-to-face appointment. FDRs are generally contractually obligated to report suspected Fraud and Abuse to CalOptima pursuant to regulatory and contractual requirements.

4. *Report Directly to Office of Compliance*

Reports may be made directly to CalOptima's Office of Compliance via mail, email, or through the Compliance and Ethics Hotline for confidential reporting. Emails can be sent to Compliance@caloptima.org. Mail can be sent to:

CalOptima
ATTN: Compliance Officer
505 City Parkway West
Orange, CA, 92868

5. *Confidentiality and Non-Retaliation*

Every effort will be made to keep reports confidential to the extent permitted by applicable law and circumstances, but there may be some instances where the identity of the individual making the report will have to be disclosed. As a result, CalOptima has implemented and enforces a non-retaliation policy to protect individuals who report suspected or actual non-compliance, or FWA, issues in good faith. This non-retaliation policy extends to reports received from FDRs and Members. CalOptima's non-retaliation policy is communicated along with reporting instructions by posting information on the CalOptima InfoNet and website, as well as sending periodic Member notifications.

CalOptima also takes violations of CalOptima's non-retaliation policy seriously, and the Compliance Officer will review and enforce disciplinary and/or other Corrective Action Plans for violations, as appropriate, with the approval of the Compliance Committee.

V.ENFORCEMENT AND DISCIPLINARY STANDARDS

Board Members, Employees, and FDRs are provided copies of CalOptima's Code of Conduct and the Compliance Plan and have access on CalOptima's internal and external website to applicable Policies and Procedures, including, but not limited to, CalOptima Policy GA.8022: Performance and Behavior Standards and Office of Compliance Policies addressing Corrective Action Plans and Sanctions. Consistent, timely, and effective enforcement of CalOptima's standards are implemented when non-compliance or unethical behavior is confirmed, and appropriate disciplinary and/or corrective action is implemented to address improper conduct, activity, and/or behavior.

a. Conduct Subject to Enforcement and Discipline

Board Members, Employees, and FDRs are subject to appropriate disciplinary and/or corrective actions if they have violated CalOptima's standards, requirements, or applicable laws as specified and detailed in the Compliance Program documents and related Policies and Procedures, including CalOptima Policy GA.8022: Performance and Behavior Standards, as applicable. Board Members, Employees, and FDRs may be disciplined or Sanctioned, as applicable, for failing to adhere to CalOptima's Compliance Program and/or violating standards, regulatory requirements, and/or applicable laws, including, but not limited to:

- Conduct that leads to the filing of a false or improper claim in violation of federal or state laws and/or contractual requirements;
- Conduct that results in a violation, or violations, of any other federal or state laws or contractual requirements relating to participation in Federal and/or State Health Care Programs;
- Failure to perform any required obligation relating to compliance with the Compliance Program, applicable laws, Policies and Procedures, and/or contracts; or
- Failure to report violations or suspected violations of the Compliance Program, or applicable laws, or to report suspected or actual FWA issues to an appropriate person through one (1) of the reporting mechanisms.
- Conduct that violates HIPAA and other privacy laws and/or CalOptima's HIPAA privacy and security policies, including actions that harm the privacy of Members, or the CalOptima information systems that store member data.

b. Enforcement and Discipline

CalOptima maintains a "zero tolerance" policy towards any illegal, or unethical, conduct that impacts the operation, mission, or image of CalOptima. The standards established in the Compliance Program shall be enforced consistently through appropriate disciplinary actions.
Individuals, or entities, may be disciplined by way of reprimand, suspension, financial penalties, Sanctions, and/or termination, depending on the nature and severity of the conduct, or behavior. Board Members may be subject to removal, Employees are subject to discipline, up to and including termination, and FDRs may be Sanctioned, or contracts may be terminated, where permitted.

Violations of applicable laws and regulations, even unintentional, could potentially subject individuals, entities, or CalOptima to civil, criminal, or administrative Sanctions and/or penalties. Further violations could lead to suspension, Preclusion, or Exclusion, from participation in Federal and/or State Health Care Programs.

CalOptima Employees shall be evaluated annually based on their compliance with CalOptima's Compliance Program. Where appropriate, CalOptima shall promptly initiate education and training to correct identified problems, or behaviors.

VI.MONITORING, AUDITING, AND IDENTIFICATION OF RISKS

Activities associated with Monitoring and Auditing are identified through a combination of activities performed by the Audit & Oversight Department in conjunction with CalOptima contract owners, and functional business owners responsible for on-going monitoring that is performed, risk assessments, Audit & Oversight Committee and Compliance Committee discussions and decisions, and internal and external reporting. Through Monitoring, Auditing, and identification of risks, CalOptima can prevent, detect, and correct non-compliance with applicable federal and/or state requirements.

a. Risk Assessment

The Compliance Officer, or his/her Designee, will collaborate with the Compliance Committee to identify areas of focus for Monitoring and Auditing potential non-compliant activity and FWA issues. A Compliance Risk Assessment will be performed no less than annually, and as needed, to evaluate the current status of CalOptima's operational areas as well as the operations of FDRs. Operations and processes will be evaluated based on: (1) deficiencies found by Regulatory Agencies; (2) deficiencies found by internal and external Audit and Monitoring reports; (3) the institution of new or updated Policies and Procedures; (4) cross departmental interdependencies; and (5) the effect on the beneficiary experience. The Readiness Checklist established by CMS and the OIG Work Plan shall be used as resources to evaluate operational risks.

The Compliance Officer, or his/her Designee, will work with the Chief Operating Officer, or his/her Designee, in each operational area, to answer the questions associated with each process and to continually examine and identify potential risk areas requiring Monitoring and Auditing. Those operational areas determined to be high risk may be subject to more frequent Monitoring and Auditing, as well as additional reporting requirements. The risk assessment process will be managed by the Compliance Officer, or his/her Designee, and presented to the AOC, and subsequently to the Compliance Committee, for review and approval. Monitoring plans will be developed in collaboration with the operational areas, and focused Audits may be scheduled based on the results of the ongoing Monitoring and respective risk score.

The risk assessment shall also be updated as processes change, or are identified as being deficient.

b. Monitoring and Auditing

CalOptima conducts both internal and external routine Auditing and Monitoring Activities to test and confirm compliance with all applicable regulations, guidance, contractual agreements, and federal and state laws, as well as CalOptima Policies and Procedures to protect against non-compliance and potential FWA in CalOptima Programs. CalOptima and FDRs shall comply with applicable data certification requirements, including, without limitation, 42 C.F.R. §§ 438.604 and 438.606. Monitoring Activities are regular reviews performed as part of normal operations to

confirm ongoing compliance and to ensure that corrective actions are undertaken and effective. An Audit is a formal, systematic, and disciplined approach designed to review, evaluate, and improve the effectiveness of processes and related controls using a set of standards (e.g., Policies and Procedures, laws, and regulations) used as base measures. As part of the Monitoring process, CalOptima has created a dashboard, which is a Monitoring tool to track key metrics, including, but not limited to, coverage determinations, complaints, appeals, grievances, regulatory communications, credentialing, customer service, transition of coverage (TOC), and claims. The dashboard will be used to communicate results associated with Monitoring operations and outcomes and to identify areas in need of targeted Auditing on at least a monthly basis. Information taken from the dashboard along with grievance and complaint call information will be used to develop Monitoring and Auditing work plans. Monitoring and Auditing work plans are used to detect potential areas of risk and/or non-compliant activity. The Monitoring and Auditing work plans are subject to daily updates and additions, and are therefore, working documents. The Compliance Officer, or his/her Designee, in collaboration with the AOC and Compliance Committee, develops the Monitoring and Auditing work plans to address the risks associated with each of CalOptima's Programs.

The Compliance Officer, or his/her Designee, will coordinate with CalOptima's Audit & Oversight Department in connection with appropriate Auditing and Monitoring Activities. Audits for each operational area will be conducted throughout the year consistent with the Monitoring and Auditing work plans. The Compliance Officer, or his/her Designee, will coordinate the Audits with internal audit staff, and, in some cases, with the assistance from an outside vendor. Audit methodologies shall be consistent with regulatory and NCQA requirements and standards. All Audits will include review of applicable documents and evaluation of actual processes to ensure compliance with all applicable regulations and contractual obligations. Once the Audit review is completed, the Audit & Oversight teams will communicate the results to the Compliance Officer and propose follow up corrective action(s), if necessary. The Compliance Officer, or his/her Designee, will provide reports to the CEO and the Compliance Committee concerning the results of the Audits. The AOC reports to the Compliance Officer and the Compliance Committee on Audits that involve FDRs as discussed below. If FWA issues are identified during an Audit, the matter will be further investigated and resolved in a timely manner. In addition, an Audit of the Compliance Program and its effectiveness should occur at least annually, and the results shall be reported to the CalOptima Board.

c. Oversight of Delegated Activities

To ensure the terms and conditions of statutory and contractual obligations to CMS, DHCS, and other governmental and regulatory entities are adhered to, CalOptima implements a comprehensive oversight Monitoring and Auditing process of FDRs who perform delegated activities. The processes that CalOptima implements to oversee, Monitor, and Audit FDRs are incorporated into CalOptima's written Policies and Procedures, including processes involving Readiness Assessments and Audits of First Tier Entities. CalOptima may implement Corrective Action Plans, Sanctions, and/or revoke its Delegation of duties (in a manner permitted under the contract) if CalOptima

determines that an FDR is unable or unwilling to carry out its responsibilities consistent with statutory and contractual obligations.

The Compliance Officer, or his/her Designee, determines the process for Monitoring delegated FDRs and develops the annual Monitoring and Audit calendar in order to validate compliance with contractual standards and regulatory requirements. The AOC is responsible for overseeing all of the delegated activities and will review the Readiness Assessment, ensure the annual review of FDRs for delegated functions are completed, conduct formal on-going evaluation of FDR performance and compliance, ensure Downstream and Related Entities are Monitored, and impose Corrective Action Plans and/or Sanctions if the FDR's performance fails to meet statutory and contractual standards and requirements. The AOC may recommend termination of Delegation to the Compliance Committee for unresolved matters.

d. Monitoring and Audit Review Process for FDRs

1. *Initial Evaluation*

Prior to executing a contract or Delegation agreement with a potential FDR, a risk assessment is performed to determine the type of initial evaluation that will be performed. If it is deemed necessary, an initial evaluation, referred to as a Readiness Assessment as detailed in CalOptima's Policies and Procedures, is completed to determine the ability of the potential FDR to assume responsibility for delegated activities and to maintain CalOptima standards, applicable state, CMS, and regulatory requirements, and accreditation requirements. The initial evaluation includes, but is not limited to, review of the entity's operational capacity and resources to perform the delegated functions, evaluation of the entity's ability to meet contractual and regulatory requirements, verification that the entity is not Precluded on the Preclusion List, excluded in the OIG List of Excluded Individuals/Entities (LEIE), the General Services Administration (GSA) System of Award Management (SAM), or the Medi-Cal Suspended & Ineligible (S&I) Provider List from participating in health programs, and/or an initial onsite evaluation. Results of the initial evaluation are presented to the AOC and subsequently the Compliance Committee for review and/or approval.

2. *Contracting with FDRs*

Once an entity has been approved, the Delegation agreement specifies the activities CalOptima delegates to the FDRs, each party's respective roles and responsibilities, reporting requirements and frequency, submission of data requirements, the process for performance evaluations and Audits, and remedies, including disciplinary actions, available to CalOptima. Prior to any Sub-delegation to any Downstream or Related Entity, a First Tier Entity must obtain approval from CalOptima. CalOptima determines who will directly Monitor the Downstream or Related Entity's compliance with requirements.

FDRs shall be required to institute a training program consistent with CalOptima's requirements

intended to communicate CalOptima's compliance requirements as well as compliance characteristics related to the FDR and their contractually delegated area(s). Furthermore, FDRs will be required to complete, sign, and return attestation forms confirming the FDR's compliance with new hire and annual training and education requirements, which includes courses on general compliance and FWA as well as Exclusion and Preclusion screening and FWA reporting obligations.

3. *Annual Risk Assessment*

The Compliance Officer, or his/her Designee, will ensure that an annual comprehensive risk assessment is conducted in accordance with CalOptima Policy HH.2027Δ: Annual Risk Assessment (Delegate) to determine the FDR's vulnerabilities and high-risk areas. High-risk FDRs are those that are continually non-compliant or at risk of non-compliance based on identified gaps in processes with regulatory and CalOptima requirements. Any previously identified issues, which include any corrective actions, service level performance, reported detected offenses, and/or complaints and appeals from the previous year will be factors that are included in the risk assessment. Any FDR deemed high risk, or vulnerable, is presented to the AOC for suggested follow-up Audit. FDRs determined to be high risk may be subjected to a more frequent Monitoring and Auditing schedule, as well as additional reporting requirements. The risk assessment process, along with reports from FDRs, will be managed by the Compliance Officer, or his/her Designee, and presented to the AOC and subsequently to the Compliance Committee for review and approval.

4. *FDR Performance Reviews and Audits*

CalOptima conducts a periodic comprehensive performance review of the FDR's ability to provide delegated services in accordance with contractual standards and applicable state, CMS, and accreditation requirements, as further detailed in CalOptima's Policies and Procedures. CalOptima may conduct Audits of FDRs at any time. Such Audits may include an evaluation of the FDR's training and education program and materials covering general compliance and FWA, as well as compliance with applicable laws, regulations, and contractual obligations governing delegated activities. High-risk FDRs, as determined by the annual risk assessment and/or continued non-compliance, will obtain priority status on the annual Audit calendar; however, CalOptima does not limit its Auditing schedule to only high-risk FDRs.

If CalOptima has reason to believe the FDR's ability to perform a delegated function is compromised, an additional focused Audit may be performed. The Compliance Officer, or his/her Designee, may also recommend focused Audits upon evaluation of non-compliant trends or reported incidents. The results of these Audits will be reported to the AOC and then to the Compliance Committee.

A focused Audit may be initiated for any of the following activities, or any other reason at the discretion of CalOptima:

- ► Failure to comply with regulatory requirements and/or CalOptima's service level performance indicators;
- ► Failure to comply with a Corrective Action Plan;
- ► Reported or alleged Fraud, Waste, and/or Abuse;
- ► Significant policy variations that deviate from the CalOptima or state, CMS, or accreditation requirements;
- ► Bankruptcy, or impending bankruptcy, which may impact services to Members (either suspected or reported);
- ► Sale, merger, or acquisition involving the FDR;
- ► Significant changes in the management of the FDR; and/or
- ► Changes in resources which impact CalOptima's and/or the FDR's operations.

5. *Corrective Actions and Additional Monitoring and Auditing*

The Compliance Officer, or his/her Designee, shall submit regular reports of all Monitoring, Audit, and corrective action activities to the Compliance Committee. In instances where non-compliance is identified, a Corrective Action Plan shall be developed by the FDR and reviewed and approved by the Compliance Officer, or his/her Designee. Every Corrective Action Plan is presented to the AOC, in aggregate, with no less than quarterly updates, and recommendations for escalation, as applicable. Supplemental and focused Audits of FDRs, as well as additional reporting, may be required until compliance is achieved.

At any time, CalOptima may implement Sanctions or require remediation by an FDR for failure to fulfill contractual obligations including development and implementation of a Corrective Action Plan. Failure to cooperate with CalOptima in any manner may result in termination of the Delegation agreement, in a manner authorized under the terms of the agreement.

e. Evaluation of Audit Activities

An external review of CalOptima's Auditing process is conducted through identified process measures. These measures support organizational, accreditation, and regulatory requirements and are reported on a yearly basis. CalOptima uses an independent, external consultant firm to periodically review the Auditing processes, including Policies and Procedures, Audit tools, and Audit findings, to ensure all regulatory requirements are being Audited in accordance with industry standards/practices and are in compliance with federal and state regulations.

The current measures reviewed include:

- ► The central database of all pending, active, and terminated FDRs to Monitor and track functions, performance, and Audit schedules;
- ► Implementation of an escalation process for compliance/performance issues;
- ► Implementation of a process for validation of Audit tools;

- ► Implementation of a process for noticing FDRs and functional areas of Corrective Action Plans;
- ► Tracking and trending internal compliance with oversight standards, performance, and outcomes;
- ► Implementation of an annual training program for internal staff regarding Delegation standards, Auditing, and Monitoring FDR performance; and/or
- ► Implementation of a process for dissemination of regulatory changes to include Medi-Cal and Medicare lines of business.

The following key performance metrics will be evaluated and reported periodically:

- ► Evaluations of FDR performance and reporting of delegated functions in accordance with the terms of the agreement;
- ► Number of annual oversight Audits completed within twelve (12) months; and
- ► Corrective Action Plans (CAPs) completed within the established time frame.

f. Regular Exclusion and Preclusion Screening

As detailed in CalOptima's Policies and Procedures, CalOptima performs Participation Status Reviews by searching the OIG –LEIE, the GSA–SAM, the DHCS Medi-Cal Suspended & Ineligible Provider Lists, and the CMS Preclusion List upon appointment, hire, or commencement of a contract, as applicable, and monthly thereafter, to ensure Board Members, Employees, and/or FDRs are not excluded, or do not become excluded or precluded from participating in Federal and/or State Health Care Programs. Board Members, Employees, and FDRs are required to disclose their Participation Status as part of their initial appointment, employment, commencement of the contract and registration/application processes and when Board Members, Employees, and FDRs receive notice of a suspension, Preclusion, Exclusion, or debarment during the period of appointment, employment, or contract term. CalOptima also requires that its First Tier Entities comply with Participation Status Review requirements with respect to their relationships with Downstream Entities, including without limitation, the delegated credentialing and re-credentialing processes.

The Compliance Officer, or his/her Designee, will review reports from Employees responsible for conducting the Participation Status Reviews to ensure Employees record and maintain the results of the reviews and notices/disclosures. Employees shall immediately notify the Compliance Officer, or his/her Designee, of affirmative findings of a person, or entity's, failure to meet the Participation Status Review requirements. If CalOptima learns that any prospective, or current, Board Member, Employee, or FDR has been proposed for Exclusion, Excluded or Precluded, CalOptima will promptly remove him/her/the FDR from CalOptima's Programs consistent with applicable policies and/or contract terms.

Payment may not be made for items or services furnished, or prescribed, by an excluded person, or entity. Payments made by CalOptima to excluded persons, or entities, after the effective date of

their suspension, Exclusion, debarment, or felony conviction, and/or for items or services furnished at the medical direction, or on the prescription of a physician who is suspended, excluded, or otherwise ineligible to participate, are subject to repayment/recoupment. Such requirements also apply to providers on the CMS Preclusion List, consistent with regulatory guidance, applicable policies, and/or contract terms. The Compliance Officer, or his/her Designee, will review potential organizational obligations related to the reporting of identified excluded, precluded, or suspended, individuals, or entities, and/or refund obligations and consult with legal counsel, as necessary and appropriate, to resolve such matters.

VII. RESPONSE AND REMEDIATION

a. Response to Notice of Violation or Suspected Violation

Upon receipt of a report or notice of violation or suspected violation of CalOptima's Compliance Program and/or FWA issues, the Compliance Officer, or his/her Designee, shall, upon promptly verifying the facts related to the violation or likely violation, notify the Compliance Committee, as appropriate. The Compliance Committee (in consultation with legal counsel, as appropriate) shall determine a response as soon as practicable, which shall include, but not be limited to:

- Recommending investigation of all aspects of the suspected violation or questionable conduct;
- Approving disciplinary actions, Sanctions, termination of any agreement and/or any other corrective action consistent with applicable Policies and Procedures, subject to consultation with legal counsel and/or notifying the Governing Body, as appropriate;
- Implementing education and training programs for Board Members, Employees, and/or FDRs, where applicable, to correct the violation and prevent recurrence;
- Amending, if necessary, CalOptima's Compliance Plan, Code of Conduct, and/or relevant Policies and Procedures to avoid any future recurrence of a violation; and/or
- Ensuring that compliance reports are kept confidential, where permitted by law, and if appropriate, protected under applicable privileges, including, but not limited to, the attorney/client privilege and ensuring that all files regarding compliance matters are appropriately secured.

It is the responsibility of the Compliance Officer and the Compliance Committee to review and implement any appropriate corrective and/or disciplinary action in consultation with the Human Resources Department, as applicable, consistent with applicable Policies and Procedures after considering such recommendations. The Compliance Officer, or his/her Designee, may Monitor and review corrective actions after their implementation to ensure that they are effective.

b. Referral to Enforcement Agencies

In appropriate circumstances, CalOptima shall report violations of Medi-Cal Program requirements to DHCS Audits and Investigations, violations of Medicare Program requirements to the Medicare Drug Integrity Contractor (MEDIC), and violations of other state and federal laws to the appropriate law enforcement agencies, in accordance with the applicable reporting procedures adopted by such enforcement agencies.

c. Response to Fraud Alerts

CMS issues alerts to Part D sponsors concerning Fraud schemes identified by law enforcement officials. Typically, these alerts describe alleged activities involving pharmacies practicing drug diversion or prescribers participating in illegal remuneration schemes. CalOptima may take action (including denying or reversing claims) in instances where CalOptima's own analysis of its claims

Back to Agenda Back to Item

activity indicates that Fraud may be occurring. CalOptima's decision to deny, or reverse, claims shall be made on a claim-specific basis.

When a Fraud alert is received, CalOptima shall review its Delegation agreements with the identified parties, and shall consider terminating the contract(s) with the identified parties if indictments have been issued against the particular parties and the terms of the Delegation agreement(s) authorizes contract termination.

CalOptima is also obligated to review its past paid claims from entities identified in a Fraud alert. With the issuance of a Fraud alert, CMS places CalOptima on notice (see Title 42, Code of Federal Regulations, §423.505(k)(3)) that claims involving the identified party need to be reviewed. To meet the "best knowledge, information, and belief" standard of certification, CalOptima shall make its best efforts to identify claims that may be, or may have been, part of an alleged Fraud scheme and remove them from the sets of prescription drug event data submissions.

d. Identifying and Monitoring Providers with a History of Complaints

CalOptima shall maintain files for a period of ten (10) years on both in-network and out-of-network providers who have been the subject of complaints, investigations, violations, and prosecutions. This includes Member complaints, DHCS Audits and Investigations referrals, MEDIC investigations, OIG and/or DOJ investigations, US Attorney prosecution, and any other civil, criminal, or administrative action for violations of Federal and/or State Health Care Programs requirements. CalOptima shall also maintain files that contain documented warnings (e.g., Fraud alerts) and educational contacts, the results of previous investigations, and copies of complaints resulting in investigations. CalOptima shall comply with requests by law enforcement, DHCS, CMS, and CMS' Designee, regarding Monitoring of FDRs within CalOptima's network that DHCS, or CMS, has identified as potentially abusive, or fraudulent.

e. Identifying and Responding to Overpayments

CalOptima shall sustain an effective system for the review of suspect claims to detect and prevent FWA within a CalOptima Program. All suspect claims shall be thoroughly investigated to determine whether such claims are the direct result of FWA activity. CalOptima shall assess all FDRs for potential Overpayments when reviewing and undertaking corrective actions. Upon completion of the suspect claim(s) investigation(s), CalOptima shall recoup and/or return Overpayments consistent with applicable laws and regulatory guidance.

As required, CalOptima and/or the FDR shall update appropriate data sources and reports, via documenting and/or resubmission, as appropriate. The resolution(s) for suspect claim(s) investigation(s) may include, but is not limited to: (i) recoupment through established procedures, (ii) provider education about billing protocols, and (iii) reporting of Overpayment determinations to Regulatory Agencies, as required by law.

When applicable, CalOptima shall return Overpayments made to CalOptima, consistent with applicable state and federal laws and regulatory guidance.

C. FRAUD, WASTE, AND ABUSE (FWA) PREVENTION AND DETECTION

The detection, prevention, and remediation of FWA are components of CalOptima's Compliance Program. FWA activities are implemented and overseen by CalOptima's Compliance Officer, or his/her Designee, in conjunction with other compliance activities, and investigations are performed, or overseen, by the Special Investigations Unit (SIU), an internal investigative unit within CalOptima's Office of Compliance, responsible for FWA investigations. The Compliance Officer, or his/her Designee, reports FWA activities to the CalOptima Compliance Committee, CEO, the CalOptima Board, and Regulatory Agencies.

CalOptima utilizes various resources to detect, prevent, and remediate FWA. In addition, CalOptima promptly investigates suspected FWA issues and may implement disciplinary, or corrective, action to avoid recurrence of FWA issues. The objective of the FWA program is to ensure that the scope of benefits covered by the CalOptima Programs is appropriately delivered to Members and resources are effectively utilized in accordance with federal and state guidelines. CalOptima incorporates a system of internal assessments which are organized to identify FWA and promptly respond appropriately to such incidents of FWA.

I.FWA TRAINING

As detailed above, FWA training is provided to all Board Members and Employees as part of the overall compliance training courses in order to help detect, prevent, and remediate FWA. FDRs are also required to complete FWA training, as described above. CalOptima's FWA training provides guidance to Board Members, Employees, and FDRs on how to identify activities and behaviors that would constitute FWA and how to report suspected, or actual, FWA activities. Training materials are retained for a period of at least ten (10) years, and such training includes, but is not limited to:

- The process for detection, prevention, and reporting of suspected or actual FWA;
- Examples of the most common types of Member FWA (see Appendix B, attached hereto and incorporated herein) and FDR FWA (see Appendix C, attached hereto and incorporated herein) as well as common local and national schemes relevant to managed care organization operations;
- Information on how to identify FWA in CalOptima Programs (e.g., suspicious activities suggesting CalOptima Members, or their family members, may be engaged in improper drug utilization or drug-seeking behavior, conduct suggesting improper utilization, persons offering kickbacks for referring, or enrolling, individuals in the CalOptima Programs, etc.);
- Information on how to identify potential prescription drug FWA (e.g., identification of significant outliers whose drug utilization patterns far exceed those of the average Member in terms of cost or quantity, disproportionate utilization of controlled substances, use of prescription medications for excessive periods of time, high-volume prescriptions of a particular manufacturer's drugs, submission of false claims or false data for prescription drug claims, misrepresenting the type of drug that was actually dispensed, excessive prescriptions by a particular physician, etc.);
- How to report potential FWA using CalOptima's reporting options, including CalOptima's Compliance and Ethics Hotline, and for FDRs, reporting obligations;
- CalOptima's policy of non-retaliation and non-retribution toward individuals who make such reports in good faith; and
- Information on the False Claims Act and CalOptima's requirement to train Employees and FDRs on the False Claims Act and other applicable FWA laws.

CalOptima shall provide Board Members, Employees, FDRs, and Members with reminders and additional training and educational materials through print and electronic communications, including, but not limited to, newsletters, alerts, and/or applicable meetings.

II.DETECTION OF FWA

a. Data Sources

In partnership with CalOptima internal departments, CalOptima's SIU utilizes different sources and analyzes various data information in an effort to detect patterns of FWA. Potential fraudulent cases will not only come from claims data but can also originate from many sources internally and externally. Members, FDRs, Employees, law enforcement and Regulatory Agencies, and others may contact CalOptima by phone, mail, and email if they suspect any individual, or entity, is engaged in inappropriate practices. Furthermore, the sources identified below can be used to identify problem areas within CalOptima, such as enrollment, finance, or data submission.

Sources used to detect FWA include, but are not limited to:

- CalOptima's Compliance and Ethics Hotline or other reporting mechanisms;
- Claims data history;
- Encounter data;
- Medical record Audits;
- Member and provider complaints, appeals, and grievance reviews;
- Utilization Management reports;
- Provider utilization profiles;
- Pharmacy data;
- Auditing and Monitoring Activities;
- Monitoring external health care FWA cases and determining if CalOptima's FWA Program can be strengthened with information gleaned from the case activity; and/or
- Internal and external surveys, reviews, and Audits.

b. Data Analytics

CalOptima uses technology and data analysis to reduce FWA externally. Using a combination of industry standard edits and CalOptima-specific edits, CalOptima identifies claims for which procedures have been unbundled, or upcoded. CalOptima also identifies suspect FDRs based on billing patterns.

CalOptima also uses the services of an external Medicare Secondary Payer (MSP) Vendor to reduce costs associated with its Medicare-Medicaid programs, such as the OneCare, OneCare Connect, and/or PACE programs, by ensuring that federal and state funds are not used where certain health insurance, or coverage, is primarily responsible.

c. Analysis and Identification of Risk Areas Using Claims Data

Claims data are analyzed in numerous ways to uncover fraudulent billing schemes. Routine review

of claims data will be conducted in order to identify unusual patterns, outliers in billing and utilization, and identify the population of providers and pharmacies that will be further investigated and/or Audited. Any medical claim can be pended and reviewed, in accordance with applicable state or federal law if they meet certain criteria that warrant additional review. Payments for pharmacy claims may also be pended and reviewed in accordance with applicable state or federal law based on criteria focused on the types of drugs (e.g., narcotics), provider patterns, and challenges previously reported pertaining to certain pharmacies. CalOptima along with the PBM will conduct data mining activities in order to identify potential issues of FWA.

The following trends will be reviewed and flagged for potential FWA, including:

- Overutilized services;
- Aberrant provider billing practices;
- Abnormal billing in relation to peers;
- Manipulation of modifiers;
- Unusual coding practices such as excessive procedures per day, or excessive surgeries per patient;
- Unbundling of services;
- Unusual Durable Medical Equipment (DME) billing; and/or
- Unusual utilization patterns by Members and providers.

The following claims data may be utilized to evaluate and uncover fraudulent billing schemes:

- Average dollars paid per medical procedure;
- Average medical procedures per office visit;
- Average visits per member;
- Average distance a member travels to see a provider/pharmacy;
- Excessive patient levels of high-risk diagnoses; and/or
- Peer to peer comparisons within specialties.

Once vulnerabilities are identified, immediate actions are taken in order to mitigate the possible losses, including, but not limited to, claims denial or reversal and/or the reporting of suspected FWA. The data review includes, but is not limited to:

- Analysis of provider medical billing activity within their own peer group;
- Analysis of pharmacy billing and provider prescribing practices;
- Controlled drug prescribing exceeds two (2) standard deviations of the provider's peer group; and/ or
- Number of times a provider bills a CPT code in relation to all providers, or within their own peer group.

The claims data from the PBM will go through the same risk assessment process. The analysis will

be focused on the following characteristics:

- Prescription drug shorting, which occurs when pharmacy staff provides less than the prescribed quantity and intentionally does not inform the beneficiary, or arranges to provide the balance but bills for the prescribed amount.
- Bait and switch pricing, which occurs when a Member is led to believe that a drug will cost one (1) price, but at the point of sale, they are charged a higher amount. An example of this type of scheme is when the pharmacy switches the prescribed medication to a form that increases the pharmacy's reimbursement.
- Prescription forging, or altering, which occurs when existing prescriptions are altered to increase the quantity or the number of refills, without the prescriber's authorization. Usually, the medications are diverted after being billed to the Medicare Part D program.
- Dispensing expired, or adulterated, prescription drugs, which occurs when pharmacies dispense drugs after the expiration date on the package. This also includes drugs that are intended as samples not for sale, or have not been stored or handled in accordance with manufacturer and FDA requirements.
- Prescription refill errors, which occur when pharmacy staff deliberately provides several refills different from the number prescribed by the provider.
- Failure to offer negotiated prices, which occurs when a pharmacy charges a Member the wrong amount.

d. Sample Indicators

No one (1) indicator is evidence of FWA. The presence of several indicators may suggest FWA, but further investigation is needed to determine if a suspicion of FWA exists. The following list below highlights common industry indicators and red flags that are used to determine whether to investigate an FDR or their claim disposition:

- Claims that show any altered information (dates; codes; names).
- Photocopies of claim forms and bills, or handwritten claims and bills.
- Provider's last name is the same as the Member/patient's last name.
- Insured's address is the same as the servicing provider.
- Same provider submits multiple claims for the same treatment for multiple family members or group members of provider's practice.
- Provider resubmitting claim with changed diagnosis code for a date of service already denied.

Cases identified through these data sources and risk assessments are entered into the FWA database and a report is generated and submitted to the Compliance Officer, Compliance Committee, and CEO.

III.FWA INVESTIGATIVE PROCESS

Once the SIU receives an allegation of suspected FWA or detects FWA through an evaluation of the data sources identified above, the SIU utilizes the following steps as a guide to investigate and document the case:

- The allegation is logged into the Fraud Tracking Database (access database maintained by SIU on an internal drive);
- The allegation is assigned an investigation number (sequentially by year of receipt) and an electronic file is assigned on the internal drive, by investigation number and name;
- SIU develops an investigative plan;
- SIU obtains a legal opinion from CalOptima's Legal Counsel on specific cases, or issues;
- Quality of care issues are referred to CalOptima's Quality Improvement Department;
- Where appropriate, SIU will submit a Request for Information (RFI) directly to an FDR to obtain relevant information;
- SIU, or a Designee, interviews the individual who reported the FWA, affected Members and/or FDRs, or any other potential witnesses, as appropriate;
- SIU conducts a data analytics review of the allegation for overall patterns, trends, and errors using applicable data sources and reports;
- Review of FDR enrollment applications, history, and ownership, as necessary;
- Review of Member enrollment applications and other documents, as necessary;
- All supporting documentation is scanned and saved in the assigned electronic file. Any pertinent information, gathered during the SIU review/investigation, is placed into the electronic file;
- After an allegation is logged into the Fraud Tracking Database, the investigation is tracked to its ultimate conclusion, and the Fraud Tracking Database shall reflect all information gathered and documentation received to ensure timely receipt, review, and resolution, and report may be made to applicable state or federal agencies within mandated/required time periods, if appropriate;
- If a referral to another investigative agency is warranted, the information is collected, and a referral is made to the appropriate agency; and/or
- If the investigation results in recommendations for disciplinary or corrective actions, the results of the investigation may be reported to the Compliance Officer and Compliance Committee. If a CalOptima internal department or FDR has repeat disciplinary or corrective actions, SIU may report the issue(s) to the Compliance Committee for further action.

a. Findings, Response, and Remediation

Outcomes and findings of the investigation may include, but are not limited to, confirmation of violations, insufficient evidence of FWA, need for contract amendment, education and training requirement, recommendation of focused Audits, additional investigation, continued Monitoring, new policy implementation, and/or criminal or civil action. When the root cause of the potential

FWA issue has been identified, the SIU will track and trend the FWA allegation and investigation, including, but not limited to, the data analysis performed, which shall be reported to the Compliance Committee on a quarterly basis. Investigation findings can be used to determine whether disciplinary, or corrective, action is appropriate, whether there is a need for a change in CalOptima's Policies and Procedures, and/or whether the matter should be reported to applicable state and federal agencies.

In accordance with applicable CalOptima Policies and Procedures, CalOptima shall take appropriate disciplinary, or corrective, action against Board Members, Employees, and/or FDRs related to validated instances of FWA. CalOptima will also assess FDRs for potential Overpayments when reviewing and undertaking corrective actions. Corrective actions will be Monitored by the Compliance Committee, and progressive discipline will be Monitored by the Department of Human Resources, as appropriate. Corrective actions may include, but are not limited to, financial Sanctions, regulatory reporting, Corrective Action Plans, or termination of the Delegation agreement, when permitted by the contract terms. Should such disciplinary, or corrective, action need to be issued, CalOptima's Office of Compliance will initiate review and discussion at the first Compliance Committee following the date of identification of the suspected FWA, the date of report to DHCS, or the date of FWA substantiation by DHCS subsequent to the report. If vulnerability is identified through a single FWA incident, the corrective action may be applied universally.

b. Referral to Enforcement Agencies

CalOptima's SIU shall coordinate timely referrals of potential FWA to appropriate Regulatory Agencies, or their designated program integrity contractors, including the CMS MEDIC, DHCS Audits and Investigations, and/or other enforcement agencies, in accordance with the applicable reporting procedures adopted by such enforcement agencies. FDRs shall report FWA to CalOptima within the time frames required by the applicable contract and in sufficient time for CalOptima to timely report to applicable enforcement agencies. Significant program non-compliance, or suspected FWA, should be reported to CMS and/or DHCS, as soon as possible after discovery, but no later than ten (10) working days to DHCS after CalOptima first becomes aware of and is on notice of such activity, and within thirty (30) calendar days to CMS MEDIC after a potential fraudulent or abusive activity is identified for a case impacting the OneCare, OneCare Connect, or PACE programs.

Potential cases that should be referred include, but are not limited to:

- Suspected, detected, or reported criminal, civil, or administrative law violations;
- Allegations that extend beyond CalOptima and involve multiple health plans, multiple states, or widespread schemes;
- Allegations involving known patterns of FWA;
- Patterns of FWA threatening the life, or well-being, of CalOptima Members; and/or
- Schemes with large financial risk to CalOptima, or its Members.

IV.ANNUAL FWA EVALUATION

CalOptima's Compliance Committee shall periodically review and evaluate the FWA activities and its effectiveness as part of the overall Compliance Program Audit and Monitoring Activities. Revisions should be made based on industry changes, trends in FWA activities (locally and nationally), the OIG Work Plan, the CalOptima Compliance Plan, and other input from applicable sources.

a. Retention of Records

CalOptima shall maintain reports and summaries of FWA activities and all proceedings of the various committees in original, electronic, or other media format in accordance with applicable statutory, regulatory, contractual, CalOptima policy, and other requirements. CalOptima shall file copies of Member records containing PHI in a secure and confidential manner, regardless of the outcome of a review. CalOptima shall file copies of FWA investigations in a secure and confidential manner, regardless of the outcome of an investigation.

b. Confidentiality

CalOptima and its FDRs shall maintain all information associated with suspected, or actual, FWA in confidential files, which may only be released in accordance with applicable laws and CalOptima Policies and Procedures. All participants and attendees of CalOptima's Quality Improvement Committee, Compliance Committee, and respective subcommittees shall sign a "Confidentiality Agreement" agreeing to hold all committee discussions confidential.

D. COMPLIANCE PROGRAM EVALUATION

In order to ensure the effectiveness of the Compliance Program, CalOptima will conduct a self-assessment no less than annually. The assessment will evaluate the Compliance Program against the elements of an effective Compliance Program as recommended by OIG and required by CMS regulations. The following areas will be reviewed:

- Policies and Procedures;
- Compliance Officer and Compliance Committee;
- Training and education of Board Members, Employees, and FDRs;
- Effective lines of communication;
- Well publicized disciplinary guidelines;
- Internal Monitoring and Auditing;
- Delegation oversight;
- Exclusion and Preclusion screening process; and
- Prompt responses to detected offenses.

The Compliance Program will be evaluated no less than annually by an outside entity. The results of the evaluation will be shared with Executive Staff and Management, the Compliance Committee, and the CalOptima Board. Updates to the Compliance Program will be based on the results of the evaluation and will be referred to the CalOptima Board for review and approval.

I.PRIVILEGED FILES AND DOCUMENT RETENTION

a. Privileged Files

All privileged files shall be protected by, and marked, privileged and confidential and its contents shall be kept in a secure location. Only the Compliance Officer, CalOptima legal counsel, and the Compliance Committee, where appropriate, shall have access to its contents. All materials in the privileged file shall be treated as attorney-client privileged and shall not be disclosed to persons outside the privileged relationship. The privileged file shall contain the following original documents (except where only a copy is available):

- Records of requests for legal assistance or legal opinion(s) in connection with Compliance and Ethics Hotline telephone calls, correspondence related thereto, and/or problems reported to the Compliance Officer;
- The response from legal counsel regarding any such issues; and/or
- Legal opinions concerning FDR delegation agreement interpretations and remedies available to CalOptima.

b. Document Retention

CalOptima shall retain contracts, books, documents, records, financial statements, and other data, as defined in Title 42, Code of Federal Regulations, Sections 438.5(c), 438.604, 606, 608, and 610, for no less than ten (10) years from end of the fiscal year in which the CalOptima Medi-Cal contract expires, or is terminated (other than privileged documents which shall be retained until the issue raised in the documentation has been resolved, or longer if necessary). Records pertaining to CalOptima's OneCare, OneCare Connect, or PACE programs shall also be retained for ten (10) years from end date of the applicable contract (except for privileged documents which shall be retained until the issue raised in the documentation has been resolved, or longer if necessary).

CalOptima shall maintain the documentation required by HIPAA for at least six (6) years from the date of its creation or the date when it last was in effect, whichever, is later. Such documentation includes: (i) Policies and Procedures (and changes thereto) designed to comply with the standards, implementation specifications or other designated requirements; (ii) writings, or electronic copies, of communications required by HIPAA; (iii) writings, or electronic copies, of actions, activities, or designations required to be documented under HIPAA; and (iv) documentation to meet its burden of proof related to identification of breaches under Title 45, Code of Federal Regulations, §164.414(b).

Appendix A

Code of Conduct

Principle	Standard
Mission, Vision, and Values CalOptima is committed to its Mission, Vision, and Values	**Mission** To provide members with access to quality health care services delivered in a cost-effective and compassionate manner. **Vision** To be a model public agency and community health plan that provides an integrated and well-coordinated system of care to ensure optimal health outcomes for all CalOptima members. **Values = CalOptima CARES** **C**ollaboration; **A**ccountability; **R**espect; **E**xcellence; **S**tewardship
Compliance with the Law CalOptima is committed to conducting all activities and operations in compliance with applicable law.	**Transparent, Legal, and Ethical Business Conduct** CalOptima is committed to conducting its business with integrity, honesty and fairness and in compliance with all laws and regulations that apply to its operations. CalOptima depends on its Board members, employees, and those who do business with it to help fulfill this commitment. **Obeying the Law** Board members, employees and contractors (including First Tier and Downstream Entities included in the term "FDRs") shall not lie, steal, cheat, or violate any law in connection with their employment and/or engagement with CalOptima. **Fraud, Waste, & Abuse (FWA)** CalOptima shall refrain from conduct, which would violate the Fraud, Waste, and Abuse laws. CalOptima is committed to the detection, prevention, and reporting of Fraud, Waste, and Abuse. CalOptima is also responsible for ensuring that Board members, employees, and FDRs receive appropriate FWA training as described in regulatory guidance. CalOptima's Compliance Plan, Fraud, Waste, and Abuse Plan and policies describe examples of Potential Fraud, Waste, and Abuse and discuss employee and contractor FWA obligations and potential Sanctions arising from

Principle	Standard
	relevant federal and state FWA laws. CalOptima expects and requires that its Board members, employees, and contractors do not participate in any conduct that may violate the FWA laws including, federal and state anti-kickback laws, false claims acts, and civil monetary penalty laws. **Political Activities** CalOptima's political participation is limited by law. CalOptima funds, property, and resources are not to be used to contribute to political campaigns, political parties, and/or organizations. Board members, employees and contractors may participate in the political process on their own time and at their own expense but shall not give the impression that they are speaking on behalf of or representing CalOptima in these activities. **Anti-Trust** All Board members, employees, and contractors must comply with applicable antitrust, unfair competition, and similar laws, which regulate competition. Such persons shall seek advice from legal counsel if they encounter any business decisions involving a risk of violation of antitrust laws. The types of activities that potentially implicate antitrust laws include, without limitation, agreements to fix prices, bid rigging, and related activities; boycotts, certain exclusive dealings and price discrimination agreements; unfair trade practices; sales or purchases conditioned on reciprocal purchases or sales; and discussion of factors determinative of prices at trade association meetings.
Member Rights CalOptima is committed to meeting the health care needs of its members by providing access to quality health care services.	**Member Choice, Access to Health Care Services, Continuity of Care** Employees and contractors shall comply with CalOptima policies and procedures and applicable law governing member choice, access to health care services and continuity of member care. Employees and contractors shall comply with all requirements for coordination of medical and support services for persons with special needs. **Cultural and Linguistic Services** CalOptima and contractors shall provide culturally, linguistically, and sensory appropriate services to CalOptima members to ensure

Principle	Standard
	effective communication regarding diagnosis, medical history, and treatment, and health education. **Disabled Member Access** CalOptima's facilities shall adhere to the requirements of Title III of the Americans with Disabilities Act of 1990 by providing access for disabled members. **Emergency Treatment** Employees and contractors shall comply with all applicable guidelines, policies and procedures, and laws governing CalOptima member access and payment of emergency services including, without limitation, the Emergency Medical Treatment and Active Labor Act ("EMTALA") and state patient "anti-dumping" laws, prior authorization limitations, and payment standards. **Grievance and Appeals Processes** CalOptima, its physician groups, its Health Networks and third-party administrators (TPA) shall ensure that CalOptima members are informed of their grievance and appeal rights including, the state hearing process, through member handbooks and other communications in accordance with CalOptima policies and procedures and applicable laws. Employees and contractors shall address, investigate, and resolve CalOptima member complaints and grievances in a prompt and nondiscriminatory manner in accordance with CalOptima policies and applicable laws.
Business Ethics In furtherance of CalOptima's commitment to the highest standards of business ethics, employees and contractors shall accurately and honestly represent CalOptima and shall not engage in any activity or scheme intended to defraud anyone of money, property, or honest services.	**Candor & Honesty** CalOptima requires candor and honesty from individuals in the performance of their responsibilities and in communications including, communications with CalOptima's Board of Directors, supervisory employees, attorneys, and auditors. No Board member, employee, or contractor shall make false or misleading statements to any members and/or persons, or entities, doing business with CalOptima about products or services of CalOptima. **Financial and Data Reporting** All financial reports, accounting records, research reports, expense accounts, data submissions, attestations, timesheets, and

Principle	Standard
	other documents must accurately and clearly represent the relevant facts and the true nature of a transaction. CalOptima maintains a system of internal controls to ensure that all transactions are executed in accordance with Management's authorization and recorded in a proper manner to maintain accountability of the agency's assets. Improper or fraudulent accounting documentation or financial reporting or false or misleading encounter, claims, cost, or other required regulatory data submissions is contrary to the policy of CalOptima and may be in violation of applicable laws and regulatory obligations. **Regulatory Agencies and Accrediting Bodies** CalOptima will deal with all Regulatory Agencies and accrediting bodies in a direct, open, and honest manner. Employees and contractors shall not take action with Regulatory Agencies and accrediting bodies that is false or misleading.
Public Integrity CalOptima and its Board members and employees shall comply with laws and regulations governing public agencies.	**Public Records** CalOptima shall provide access to CalOptima Public Records to any person, corporation, partnership, firm, or association requesting to inspect and copy them in accordance with the California Public Records Act, California Government Code Sections 6250 et seq. and CalOptima policies. **Public Funds** CalOptima, its Board members, and employees shall not make gifts of public funds or assets or lend credit to private persons without adequate consideration unless such actions clearly serve a public purpose within the authority of the agency and are otherwise approved by legal counsel. CalOptima, its Board members, and employees shall comply with applicable law and CalOptima policies governing the investment of public funds and expenditure limitations. **Public Meetings** CalOptima, and its Board members, and employees shall comply with requirements relating to the notice and operation of public meetings in accordance with the Ralph M. Brown Act, California Government Code Sections 54950 et seq.

Principle	Standard
Confidentiality Board members, employees, and contractors shall maintain the confidentiality of all confidential information in accordance with applicable law and shall not disclose such confidential information except as specifically authorized by CalOptima policies, procedures, and applicable laws.	**No Personal Benefit** Board members, employees and contractors shall not use confidential or proprietary CalOptima information for their own personal benefit or for the benefit of any other person or entity, while employed at, or engaged by, CalOptima, or at any time thereafter. **Duty to Safeguard Member Confidential Information** CalOptima recognizes the importance of its members' right to confidentiality and implements policies and procedures to ensure its members' confidentiality rights and the protection of medical and other confidential information. Board members, employees and contractors shall safeguard CalOptima member identity, eligibility, social security, medical information and other confidential information in accordance with applicable laws including the Health Insurance Portability and Accountability Act of 1996 (HIPAA), the Health Information Technology for Economic and Clinical Health Act (HITECH Act) and implementing regulations, the California Security Breach Notification Law, the California Confidentiality of Medical Information Act, other applicable federal and state privacy laws, and CalOptima's policies and procedures. **Personnel Files** Personal information contained in Employee personnel files shall be maintained in a manner designed to ensure confidentiality in accordance with applicable laws. **Proprietary Information** Subject to its obligations under the Public Records Act, CalOptima shall safeguard confidential proprietary information including, without limitation, contractor information and proprietary computer software, in accordance with and, to the extent required by, contract or law. CalOptima shall safeguard provider identification numbers including, without limitation, Medi-Cal license, Medicare numbers, social security numbers, and other identifying numbers.
Business Relationships Business transactions with vendors, contractors, and other	**Business Inducements** Board members, employees, and contractors shall not seek to gain advantage through improper use of payments, business courtesies,

Principle	Standard
third parties shall be conducted at arm's length in fact and in appearance, transacted free from improper inducements and in accordance with applicable law and ethical standards.	or other inducements. The offering, giving, soliciting, or receiving of any form of bribe or other improper payment is prohibited. Board members, employees, contractors and providers shall not use their positions to personally profit or assist others in profiting in any way at the expense of Federal and/or State health care programs, CalOptima, or CalOptima members. **Gifts to CalOptima** Board members and employees are specifically prohibited from soliciting and accepting personal gratuities, gifts, favors, services, entertainment, or any other things of value from any person or entity that furnishes items or services used, or that may be used, in CalOptima and its programs unless specifically permitted under CalOptima policies. Employees may not accept cash or cash equivalents. Perishable or consumable gifts given to a department or group are not subject to any specific limitation and business meetings at which a meal is served is not considered a prohibited business courtesy. **Provision of Gifts by CalOptima** Employees may provide gifts, entertainment or meals of nominal value to CalOptima's current and prospective business partners and other persons when such activities have a legitimate business purpose, are reasonable, and are otherwise consistent with applicable law and CalOptima policies on this subject. In addition to complying with statutory and regulatory requirements, it is critical to even avoid the appearance of impropriety when giving gifts to persons and entities that do business or are seeking to do business with CalOptima. **Third-Party Sponsored Events** CalOptima's joint participation in contractor, vendor, or other third-party sponsored events, educational programs and workshops is subject to compliance with applicable law, including gift of public fund requirements and fraud and abuse prohibitions, and must be approved in accordance with CalOptima policies on this subject. In no event, shall CalOptima participate in any joint contractor, vendor, or third party sponsored event where the intent of the other participant is to improperly influence, or gain unfair advantage from, CalOptima or its operations. Employees' attendance at contractor, vendor, or

Principle	Standard
	other third-party sponsored events, educational programs and workshops is generally permitted where there is a legitimate business purpose but is subject to prior approval in accordance with CalOptima policies. **Provision of Gifts to Government Agencies** Board members, employees, and contractors shall not offer or provide any money, gifts, or other things of value to any government entity or its representatives, except campaign contributions to elected officials in accordance with applicable campaign contribution laws. **Broad Application of Standards** CalOptima intends that these standards be construed broadly to avoid even the appearance of improper activity.
Conflicts of Interests Board members and employees owe a duty of undivided and unqualified loyalty to CalOptima.	**Conflict of Interest Code** Designated employees, including Board members, shall comply with the requirements of the CalOptima Conflict of Interest Code and applicable laws. Board members and employees are expected to conduct their activities to avoid impropriety and/or the appearance of impropriety, which might arise from the influence of those activities on business decisions of CalOptima, or from disclosure of CalOptima's business operations. **Outside Services and Interests** Without the prior written approval of the Chief Executive Officer (or in the case of the Chief Executive Officer, the Chair of the CalOptima Board of Directors), no employee shall (1) perform work or render services for any contractor, association of contractors or other organizations with which CalOptima does business or which seek to do business with CalOptima, (2) be a director, officer, or consultant of any contractor or association of contractors; or (3) permit his or her name to be used in any fashion that would tend to indicate a business connection with any contractor or association of contractors.
Discrimination CalOptima acknowledges that fair and equitable treatment of employees, members,	**No Discrimination** CalOptima is committed to compliance with applicable anti-discrimination laws including Title VI of the Civil Right Act of 1964. Board members, employees and contractors shall not

Principle	Standard
providers, and other persons is fundamental to fulfilling its mission and goals.	unlawfully discriminate on the basis of race, color, national origin, creed, ancestry, religion, language, age, marital status, gender (which includes sex, gender identity, gender transition status and gender expression), sexual orientation, health status, pregnancy, physical or mental disability, military status or any other classification protected by law. CalOptima is committed to providing a work environment free from discrimination and harassment based on any classification noted above. **Reassignment** CalOptima, physician groups, and Health Networks shall not reassign members in a discriminatory manner, including based on the enrollee's health status.
Participation Status CalOptima requires that employees, contractors, providers, and suppliers meet Government requirements for participation in CalOptima's programs.	**Federal and State Health Care Program Participation Status** Board members, employees, and contractors shall not be currently suspended, terminated, debarred, or otherwise ineligible to participate in any Federal or State health care program, including the Medi-Cal program and Medicare programs. **CalOptima Screening** CalOptima will Monitor the participation status of employees, individuals and entities doing business with CalOptima by conducting regular Exclusion and Preclusion screening reviews in accordance with CalOptima policies. **Disclosure of Participation Status** Board members, employees and contractors shall disclose to CalOptima whether they are currently suspended, terminated, debarred, or otherwise ineligible to participate in any Federal and/or State health care program. Employees, individuals, and entities that do business with CalOptima shall disclose to CalOptima any pending investigation, disciplinary action, or other matter that could potentially result in their Exclusion or Preclusion from participation in any Federal or State health care program. **Delegated Third Party Administrator Review** CalOptima requires that its Health Networks, physician groups, and third-party administrators review participating providers and suppliers for licensure and participation status as part of the

Back to Agenda Back to Item

Principle	Standard
	delegated credentialing and recredentialing processes when such obligations have been delegated to them. **Licensure** CalOptima requires that all employees, contractors, Health Networks, participating providers, and suppliers who are required to be licensed, credentialed, certified, and/or registered in order to furnish items or services to CalOptima and its members have valid and current licensure, credentials, certification and/or registration, as applicable.
Government Inquiries/Legal Disputes Employees shall notify CalOptima upon receipt of Government inquiries and shall not destroy or alter documents in response to a government request for documents or information.	**Notification of Government Inquiry** Employees shall notify the Compliance Officer and/or their supervisor immediately upon the receipt (at work or at home) of an inquiry, subpoena, or other agency or government requests for information regarding CalOptima. **No Destruction of Documents** Employees shall not destroy or alter CalOptima information or documents in anticipation of, or in response to, a request for documents by any governmental agency or from a court of competent jurisdiction. **Preservation of Documents Including Electronically Stored Information** Board members and employees shall comply with all obligations to preserve documents, data, and records including, electronically stored information in accordance with CalOptima policies and shall comply with instructions on preservation of information and prohibitions and destruction of information issued by legal counsel.
Compliance Program Reporting Board members, employees, and contractors have a duty to comply with CalOptima's Compliance Program and such duty shall be a condition of their respective appointment, employment, or engagement.	**Reporting Requirements** All Board members, employees and contractors are expected and required to promptly report suspected violations of any statute, regulation, or guideline applicable to Federal and/or State health care programs or of CalOptima's own policies in accordance with CalOptima's reporting policies and its Compliance Plan. Such reports may be made to a Supervisor or the Compliance Officer. Reports can also be made to CalOptima's hotline number below.

Principle	Standard
	Persons making reports to the hotline can do so on an anonymous basis. **Compliance and Ethics Hotline: 877-837-4417** **Disciplinary Action** Failure to comply with the Compliance Program, including the Code of Conduct, policies, and/or applicable statutes, regulations and guidelines may lead to disciplinary action. Discipline for failure to abide by the Code of Conduct may, in CalOptima's discretion, range from oral correction to termination in accordance with CalOptima's policies. In addition, failure to comply may result in the imposition of civil, criminal, or administrative fines on the individual, or entity, and CalOptima or Exclusion or Preclusion from participation in Federal and/or State health care programs. **Training and Education** CalOptima provides training and education to Board members, employees and FDRs. Timely completion of compliance and HIPAA training is mandatory for all CalOptima employees. **No-Retaliation Policy** CalOptima prohibits retaliation against any individual who reports discrimination, harassment, or compliance concerns, or participates in an investigation of such reports. Employees involved in any retaliatory acts may be subject to discipline, up to and including termination of employment. **Referrals of FWA to Government Agencies** CalOptima is obligated to coordinate compliance activities with federal and state regulators. Employees shall comply with CalOptima policies related to FWA referral requirements to federal and state regulators, delegated program integrity contractors, and law enforcement agencies. **Certification** All Board members, employees, and contractors are required to certify, in writing, that they have received, read, understand and will abide by the Code of Conduct and applicable policies.

Appendix B

TYPES OF MEMBER FWA

MEMBER FRAUD, WASTE OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
M01	Using another individual's identity or documentation of Medi-Cal eligibility to obtain covered services.	Members with multiple areas of service; members who attempt more than one (1) PCP; reports of members who are hiding assets or income.
M02	Selling, loaning, or giving a member's identity or documentation of Medi-Cal eligibility to obtain services.	Members with multiple areas of service; members who attempt more than one (1) PCP; reports of members who are hiding assets or income.
M03	Making an unsubstantiated declaration of eligibility.	Members with multiple areas of service; members who attempt more than one (1) PCP; reports of members who are hiding assets or income.
M04	Using a covered service for purposes other than the purpose for which it was described including use of such covered service.	Selling a covered wheelchair; selling medications; abusing prescription medications.
M05	Failing to report other health coverage.	Payments by OHI.
M06	Soliciting or receiving a kickback, bribe, or rebate as an inducement to receive or not receive covered services.	Hotline reports; internal reports; reports by Health Networks.
M07	Other (please specify).	Any source.
M08	Member Pharmacy Utilization	PBM reports; data analytics; claims data; encounter data; FWA software.
M09	Doctor Shopping	PBM reports; data analytics; claims data; encounter data; FWA software.
M10	Altered Prescription	Provider report; DEA report; pharmacy report; PBM reports; data analytics; claims data; encounter data; FWA software.

Appendix C

TYPES OF FDR FWA

FDR FRAUD, WASTE OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
P01	Unsubstantiated declaration of eligibility to participate in the CalOptima program.	Provider information not able to be verified during credentialing or contracting process; providers on the excluded or precluded provider list.
P02	Submission of claims for covered services that are substantially and demonstrably in excess of any individual's usual charges for such covered services.	PBM reports; data analytics; claims data; encounter data; FWA software.
P03	Submission of claims for covered services that are not actually provided to the member for which the claim is submitted.	PBM reports; data analytics; claims data; encounter data; FWA software; verification survey; hotline.
P04	Submission of claims for covered services that are in excess of the quantity that is medically necessary.	PBM reports; data analytics; claims data; encounter data; FWA software.
P05	Submission of claims for covered services that are billed using a code that would result in great payment than the code that reflects the covered services.	PBM reports; data analytics; claims data; encounter data; FWA software.
P06	Submission of claims for covered services that is already included in the capitation rate.	PBM reports; data analytics; claims data; encounter data; FWA software.
P07	Submission of claims for covered services that are submitted for payment to both CalOptima and another third-party payer without full disclosure.	PBM reports; data analytics; claims data; encounter data; FWA software; payment by OHI.
P08	Charging a member in excess of allowable co-payments and deductibles for covered services.	Member report; hotline report; oversight Audits.
P09	Billing a member for covered services without obtaining written consent to bill for such services.	Member report; hotline report; oversight Audits.

Back to Agenda Back to Item

FDR FRAUD, WASTE OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
P10	Failure to disclose conflict of interest.	Hotline; credentialing or contracting process.
P11	Receiving, soliciting, or offering a kickback, bribe, or rebate to refer or fail to refer a member.	Hotline report; oversight report.
P12	Failure to register billing intermediary with the Department of Health Care Services.	Oversight Audit; report by regulatory body; hotline.
P13	False certification of medical necessity.	Medical record review; claims data; encounter data; FWA software.
P14	Attributing a diagnosis code to a member that does not reflect the member's medical condition for the purpose of obtaining higher reimbursement.	Medical record review; claims data; encounter data; FWA software.
P15	False or inaccurate minimum standards or credentialing information.	Hotline; credentialing or contracting process.
P16	Submitting reports that contain unsubstantiated data, data that is inconsistent with records, or has been altered in a manner that is inconsistent with policies, contracts, statutes, or regulations.	Medical record review; claims data; encounter data; FWA software.
P17	Other (please specify).	Any source.
P18	Provider Pharmacy Utilization.	PBM reports; data analytics; claims data; encounter data; FWA software.
P19	Billing Medi-Cal member for services.	Member report; hotline report; oversight Audits.
P20	Durable Medical Equipment- covered services that are not actually provided to member.	Member report; hotline report; oversight Audits; verification survey.

Appendix D

TYPES OF EMPLOYEE FWA

EMPLOYEE FRAUD OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
E01	Use of a member's identity or documentation of Medi-Cal eligibility to obtain services.	Employees obtaining services on a member's account. Hotline report. Data analytics. Referrals to SIU.
E02	Use of a member's identity or documentation of Medi-Cal eligibility to obtain a gain.	Employees obtaining unjust enrichment, funds, or other gain by selling member's account information. Hotline report.
E03	Employee assistance to providers with the submission of claims for covered services that are not actually provided to the member for which the claim is submitted.	Employees obtaining unjust enrichment, funds, or other gain from provider by using member's account information to assist in the submission of false claims. Hotline report. Referrals to SIU.
E04	Employee deceptively accessing company confidential information for purpose of a gain.	Employees obtaining unjust enrichment, funds, or other gain from another by deceptive and unauthorized accessing of information. Hotline Service. Data Analytics. Referrals to SIU.

Back to Agenda Back to Item

E. GLOSSARY

Abuse ("Abuse") means actions that may, directly or indirectly, result in: unnecessary costs to a CalOptima program, improper payment, payment for services that fail to meet professionally recognized standards of care, or services that are medically unnecessary. Abuse involves payment for items or services when there is no legal entitlement to that payment and the provider has not knowingly and/or intentionally misrepresented facts to obtain payment. Abuse cannot be differentiated categorically from fraud, because the distinction between "fraud" and "abuse" depends on specific facts and circumstances, intent and prior knowledge, and available evidence, among other factors.

Audit ("Audit" or "Auditing") means a formal, systematic, and disciplined approach designed to review, evaluate, and improve the effectiveness of processes and related controls using a particular set of standards (e.g., policies and procedures, laws, and regulations) used as base measures. Auditing is governed by professional standards and completed by individuals independent of the process being audited and may require one (1) of several acknowledged certifications..

Audit & Oversight Committee ("AOC") means a subcommittee of the Compliance Committee chaired by the Director(s) of Audit & Oversight to oversee CalOptima's delegated functions. The composition of the AOC includes representatives from CalOptima's departments as provided for in CalOptima Policy HH.4001Δ: Audit & Oversight Committee.

Board Members ("Board Members") means the members of the CalOptima Board of Directors.

CalOptima ("CalOptima") means the Orange County Health Authority, d.b.a. CalOptima, a County Organized Health System ("COHS") created under California Welfare and Institutions Code Section 14087.54 and Orange County Ordinance No. 3896, as amended.

CalOptima Board of Directors ("CalOptima Board") means the Board of Directors of CalOptima, which serves as the Governing Body of CalOptima, appointed by the Orange County Board of Supervisors in accordance with the Codified Ordinances of the County of Orange.

CalOptima Members ("CalOptima Members" or "Members") means a beneficiary who is enrolled in a CalOptima program.

CalOptima Programs ("CalOptima Programs") means the Medi-Cal program administered by CalOptima under contract with DHCS, the Medicare Advantage Program ("OneCare") administered by CalOptima under contract with CMS, the Program of All Inclusive Services for the Elderly ("PACE") program administered by CalOptima under contract with DHCS and CMS, the Multipurpose Senior Services Program ("MSSP") administered by CalOptima under contract with the California Department of Aging, and the OneCare Connect program administered by CalOptima under contract with DHCS and CMS, as well as any other program now or in the future administered

Back to Agenda Back to Item

by CalOptima.

Centers for Medicare & Medicaid Services ("CMS") means the federal agency within the United States Department of Health and Human Services (DHHS) that administers the Federal Medicare program and works in partnership with state governments to administer Medicaid programs.

Code of Conduct ("Code of Conduct") means the statement setting forth the principles and standards governing CalOptima's activities to which Board Members, employees, FDRs, and agents of CalOptima are expected to adhere.

Compliance Committee ("Compliance Committee") means that committee designated by the Chief Executive Officer (CEO) to implement and oversee the Compliance Program and to participate in carrying out the provisions of this Compliance Plan. The composition of the Compliance Committee shall consist of Executive Staff that may include, but is not limited to, the: Chief Executive Officer; Chief Medical Officer; Chief Operating Officer; Chief Financial Officer; Compliance Officer; and Executive Director of Human Resources.

Compliance Plan ("Compliance Plan") means this plan and all attachments, exhibits, modifications, supplements, or amendments thereto.

Compliance Program ("Compliance Program" or "Program") means the program (including, without limitation, this Compliance Plan, Code of Conduct, and policies and procedures) developed and adopted by CalOptima to promote, monitor and ensure that CalOptima's operations and practices and the practices of its Board Members, employees, and FDRs comply with applicable law and ethical standards.

Compliance Risk Assessment ("CRA") A tool utilized to stratify level of risk (high, medium, low) based upon Audit results and corrective actions issued to identify specific CalOptima functional areas vulnerable to potential Compliance risk.

Conflict of Interest Code ("Conflict of Interest Code") means CalOptima's Conflict of Interest Code approved and adopted on December 6, 1994, as amended and updated from time to time.

Corrective Action Plan ("CAP") means a plan delineating specific identifiable activities or undertakings that address and are designed to correct program deficiencies or problems identified by formal Audits or Monitoring Activities by CalOptima, the Centers of Medicare & Medicaid Services (CMS), Department of Health Care Services (DHCS), or designated representatives. FDRs and/or CalOptima departments may be required to complete CAPs to ensure compliance with statutory, regulatory, or contractual obligations and any other requirements identified by CalOptima and its regulators.

Delegation ("Delegated") means a legal assignment to another party of the authority for particular

functions, tasks, and decisions on behalf of the original party. The original party remains liable for compliance and fulfillment of any and all rules, requirements, and obligations pertaining to the delegated functions.

Department of Health and Human Services-Office of Inspector General ("OIG") means the Office of Inspector General of the United States Department of Health and Human Services.

Department of Health Care Services ("DHCS") means the California Department of Health Care Services, the State agency that oversees California's Medicaid program, known as Medi-Cal.

Department of Managed Health Care ("DMHC") means the California Department of Managed Health Care that oversees California's managed care system. DMHC regulates health maintenance organizations licensed under the Knox-Keene Act, Health & Safety Code Sections 1340 *et seq*.

Designated Employee ("Designated Employee") means the persons holding positions listed in the Appendix to the CalOptima Conflict of Interest Code.

Designee ("Designee") is a person selected or designated to carry out a duty or role. The assigned designee is required to be in management or hold the appropriate qualifications or certifications related to the duty or role.

Downstream Entity ("Downstream Entity") means any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima program benefit, below the level of the arrangement between CalOptima and a first-tier entity. These written arrangements continue down to the level of the ultimate provider of both health and administrative services.

Employee or **Employees** ("Employee" or "Employees") means any and all employees of CalOptima, including all Executive Staff, Management, officers, managers, Supervisors and other employed personnel, as well as temporary employees and volunteers.

Exclusion ("Exclusion" or "Excluded") means suspension, exclusion, or debarment from participation in federal and/or state health care programs.

Executive Director of Compliance ("Executive Director of Compliance" or "Compliance Officer") means that person designated as the Compliance Officer for CalOptima charged with the responsibility of implementing and overseeing the Compliance Program and the Compliance Plan and Fraud, Waste, and Abuse Plan.

Executive Staff ("Executive Staff") means an employee whose position title is Chief, or Executive Director of one (1) or more departments.

False Claims Act ("FCA") means the False Claims Act pursuant to 31 United States Code [U.S.C.] Sections 3729-3733, which protects the Government from being overcharged or sold substandard goods or services. The FCA imposes civil liability on any person who knowingly submits, or causes to be submitted, a false or fraudulent claim to the Federal Government. The "knowing" standard includes acting in deliberate ignorance or reckless disregard of the truth related to the claim. Civil penalties for violating the FCA may include fines and up to three (3) times the amount of damages sustained by the Government as a result of the false claims. There also are criminal penalties for submitting false claims, which may include fines, imprisonment, or both. (18 U.S.C. Section 287.)

FDR ("FDR") means First Tier, Downstream or Related Entity, as separately defined herein.

Federal and/or State Health Care Programs ("Federal and/or State Health Care Programs") means any plan or program providing health care benefits, directly through insurance or otherwise, that is funded directly, in whole or in part, by the United States Government (other than the Federal Employees Health Benefits Program), including Medicare, or any State health care program as defined in 42 U.S.C. § 1320a-7b (f) including the California Medicaid program, Medi-Cal.

First Tier Entity ("First Tier Entity") means any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care services to a member under a CalOptima program.

Fraud ("Fraud") means knowingly and willfully executing, or attempting to execute, a scheme or artifice to defraud any health care benefit program or to obtain (by means of false or fraudulent pretenses, representations, or promises) any of the money or property owned by, or under the custody or control of, any health care benefit program. (18 U.S.C. § 1347.)

General Services Administration ("GSA") **System for Award Management** ("SAM") is a type of federal government exclusion database and contains the list of Excluded Parties List System (GSA-EPLS). The EPLS consists of federal contractors who have been debarred, Sanctioned, or excluded due to government contract issues or fraud. The database is usually updated on a monthly basis.

Governing Body ("Governing Body") means the Board of Directors of CalOptima.

Health Network ("Health Network" or "Health Networks") means the contracted Health Networks of CalOptima, including Physician Hospital Consortia ("PHCs"), Shared Risk Medical Groups ("SRGs"), and Health Maintenance Organizations ("HMOs").

Health Insurance Portability and Accountability Act ("HIPAA") means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, enacted on August 21, 1996. Sections 261 through 264 of HIPAA require the Secretary of the U.S. Department of Health and Human Services to publicize standards for the electronic exchange, privacy and security of health information, as amended.

Immediate Corrective Action Plan ("ICAP") means the result of non-compliance with specific requirements that has the potential to cause significant Member harm. Significant Member harm exists if the noncompliance resulted in the failure to provide medical items, services or prescription drugs, causing financial distress, or posing a threat to Member's health and safety due to non-existent or inadequate policies and procedures, systems, operations or staffing.

Management ("Management") means any employee whose position title is Director, Senior Manager, Manager, or Supervisor of one (1) or more departments.

Medi-Cal Suspended & Ineligible ("S&I") **Provider List** is a list of suspended and ineligible providers that is maintained by DHCS in the Medi-Cal Provider Manual. The list is updated monthly and available online and in print from DHCS.

Medicare Secondary Payer (MSP) Vendor means third-party vendors contracted to perform administrative functions with regards to the identification and recovery of monies owed to OneCare or OneCare Connect for recoupment of conditional payments. These administrative duties include, but are not limited to, the pursuit of repayments for third party liabilities and other health care coverage.

Monitoring Activities ("Monitoring") means regular reviews directed by management and performed as part of normal operations to confirm ongoing compliance and to ensure that corrective actions are undertaken and effective.

Multipurpose Senior Services Program ("MSSP") is a program approved under the federal Medicaid Home and Community-Based, 1915 (c) Waiver designed to prevent premature institutionalization through provision of comprehensive social and health care management to assist frail elder person who are certifiable for placement in a nursing facility, to remain safely at home at a cost lower than nursing facility care.

National Committee for Quality Assurance Standards for Accreditation of MCOs ("NCQA Standards") means the written standards for accreditation of managed care organizations published by the National Committee for Quality Assurance.

Office of Inspector General List of Excluded Individuals and Entities ("OIG LEIE") is an exclusion list and contains individuals and/or entities that have been excluded from participation in federal healthcare programs such as Medicare and Medicaid. This list is usually updated on a monthly basis.

OneCare ("OneCare") is a Medicare Advantage Health Maintenance Organization (HMO) plan offered by CalOptima to provide Medicare covered benefits to Members.

OneCare Connect ("OneCare Connect") is a Medicare-Medicaid health plan offered by CalOptima that contracts with both Medicare and Medi-Cal to provide covered benefits of both programs to Members.

Overpayment ("Overpayment") means a payment disbursed in excess of amounts properly payable under Medicare and Medi-Cal statutes and regulations.

Participating Providers and Suppliers ("Participating Providers and Suppliers") include all health care providers and suppliers (e.g., physicians, mid-level practitioners, hospitals, long term care facilities, pharmacies, etc.) that receive reimbursement from CalOptima or its Health Networks for items or services furnished to members. Participating providers and suppliers for purposes of this Compliance Plan may or may not be contracted with CalOptima and/or the Health Networks.

Participation Status ("Participation Status") means whether a person or entity is currently suspended, excluded, precluded, or otherwise ineligible to participate in Federal and/or State health care programs as provided in CalOptima policies and procedures.

Participation Status Review ("Participation Status Review") means the process by which CalOptima reviews its Board Members, employees, FDRs, and CalOptima Direct providers to determine whether they are currently suspended, excluded, precluded, or otherwise ineligible to participate in Federal and/or State health care programs.

Personally Identifiable Information ("PII") means any information about an individual maintained by an agency, including (1) any information that can be used to distinguish or trace an individual's identity, such as name, social security number, date and place of birth, mother's maiden name, or biometric records; and (2) any other information that is linked or linkable to an individual, such as medical, educational, financial, and employment information.

Pharmacy Benefit Manager ("PBM") means an entity that provides pharmacy benefit management services, including contracting with a network of pharmacies; establishing payment levels for network pharmacies; negotiating rebate arrangements; developing and managing formularies, preferred drug lists, and prior authorization programs; maintaining patient compliance programs; performing drug utilization review; and operating disease management programs.

Policies and Procedures ("Policies and Procedures") means CalOptima's written policies and procedures regarding the operation of CalOptima's Compliance Program, including applicable Human Resources policies, outlining CalOptima's requirements and standards in compliance with applicable law.

Program of All-Inclusive Care for the Elderly ("PACE") is a long-term comprehensive health care program that helps older adults to remain as independent as possible. PACE coordinates and provides all needed preventive, primary, acute and long-term care services so seniors can continue

living in their community.

Preclusion ("Precluded" or "Preclusion List") is a type of exclusion. The CMS Preclusion List is a list of Providers and prescribers who are precluded from receiving payment for Medicare Advantage (MA) items and services or Part D drugs furnished or prescribed to Medicare beneficiaries.

Protected Health Information ("PHI") refers to the 45 Code of Federal Regulations Section 160.103, including the following: individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium.

This information identifies the individual or there is reasonable basis to believe the information can be used to identify the individual. The information was created or received by CalOptima or Business Associates and relates to:

1. The past, present, or future physical or mental health or condition of a Member;
2. The provision of health care to a Member; or
3. Past, present, or future Payment for the provision of health care to a Member.

Readiness Assessment ("Readiness Assessment") is an assessment conducted by a review team prior to the effective date of a Delegated Entity's or other contracted entity's contract with CalOptima. The assessment determines the Delegated Entity's or contracted entity's compliance with all or a specified number of operational functional area requirements, as determined by CalOptima.

Regulatory Agencies ("Regulatory Agencies") include, but are not limited to: Centers for Medicare & Medicaid Services (CMS), Department of Health Care Services (DHCS), Department of Managed Health Care (DMHC), Health and Human Services Office of Inspector General (OIG), and the Office of Civil Rights (OCR).

Related Entity ("Related Entity") means any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.

Sanction ("Sanction") means an action taken by CalOptima, including, but not limited to, restrictions, limitations, monetary fines, termination, or a combination thereof, based on an FDR's or its agent's failure to comply with statutory, regulatory, contractual, and/or other requirements related to CalOptima programs.

Seniors and Persons with Disabilities ("SPD") means Medi-Cal beneficiaries who fall under specific Aged and Disabled Aid Codes as defined by the DHCS.

Sub-delegation ("Sub-delegation") means the process by which a first tier entity expressly grants, by formal agreement, to a downstream entity the authority to carry out one or more functions that would otherwise be required to be performed by the first tier entity in order to meet its obligations under the delegation agreement.

Supervisor ("Supervisor" or "Manager") means an employee in a position representing CalOptima who has one (1) or more employees reporting directly to him or her. With respect to FDRs, the term "Supervisor" shall mean the CalOptima employee that is the designated liaison for that contractor.

Third-Party Administrator ("TPA") means a contractor that furnishes designated claims processing and other administrative services to CalOptima.

Waste ("Waste") means the overutilization of services, or other practices that, directly or indirectly, result in unnecessary costs to a CalOptima program. Waste is generally not considered to be caused by criminally negligent actions but rather the misuse of resources.

I. PURPOSE

This policy outlines a process for verifying and Monitoring* the eligibility of Employees (permanent, temporary, volunteer, and as-needed Employees), Members of the Governing Body, First Tier, Downstream, and Related Entities (FDRs), non-contracted Providers, and vendors to participate in CalOptima federal and/or state health care programs through state and federal exclusions, Preclusion, and ineligible person/entity lists.

II. POLICY

A. CalOptima shall ensure all Employees, Members of the Governing Body, FDRs, non-contracted Providers, and vendors are eligible to participate in CalOptima federal and/or state health care programs, and shall be responsible for:

1. Requiring an Employee, Member of the Governing Body, FDR, non-contracted Provider or vendor to disclose and report pending suspensions, exclusions, Preclusions, or debarments, of the Employee, Member of the Governing Body, FDR, Providers, or vendor;

2. Conducting the initial eligibility verification of an Employee, Member of the Governing Body, FDR, non-contracted Provider, and vendor prior to hiring, renewing, or entering in any new agreement with CalOptima, or issuing payment thereto;

3. Performing eligibility verification of an Employee, Member of the Governing Body, FDR, non-contractor Providers, and vendor monthly thereafter; and

4. Maintaining records of all initial and monthly verification.

B. CalOptima shall not employ individuals, or contract with individuals or entities that are determined to be suspended, debarred, precluded or Excluded from participation in federal or state health care programs.

C. CalOptima shall not reimburse, or make payment for services provided under the medical direction or on the prescription of an Excluded person or entity, or make payment to, an individual or entity that is verified to be suspended, debarred, precluded or Excluded from participation in federal or state health care programs.

D. CalOptima will take immediate appropriate actions, with the assistance of its Legal Counsel, to terminate the employment of an individual, the contractual relationship with an FDR or vendor for

~~* Terms in **bold** are defined in the Glossary.~~

Back to Agenda Back to Item

all CalOptima programs, or the appointment of a Member of the Governing Body, if such individual or entity is verified to be suspended, debarred, precluded or Excluded from participation in federal or state health care programs.

E. CalOptima shall utilize state and federal Preclusion, exclusion, and ineligible person/entity list sources referenced in this Policy to verify the eligibility of an Employee, Member of the Governing Body, FDR, non-contracted Provider or vendor and shall maintain a record of completion.

F. All CalOptima FDRs and vendors shall verify the eligibility of all its Employees and/or Downstream Entities prior to hiring/contracting/performing services and monthly thereafter. The FDR and vendors shall maintain a record of completion.

G. In the event a CalOptima FDR, or vendor identifies its employees and/or Downstream Entities on an Exclusion, Preclusion, and/or ineligible person/entity list, the FDR or vendor must immediately notify CalOptima of the identified ineligible person/entity. CalOptima in its sole discretion will determine whether it is appropriate to immediately remove/terminate the identified person/entity from furnishing items and services for CalOptima programs and/or terminate the applicable FDR or vendor contract.

H. The Office of Compliance may Audit CalOptima departments responsible for exclusion and Preclusion activities, as necessary.

III. PROCEDURE

A. Initial Verification

1. Prior to hiring an Employee, having an individual become a Member of the Governing Body or a CalOptima committee, or contracting with an FDR or vendor, or approving payment to a non-contracted Provider the responsible department identified in the chart in Section III.B.2. of this Policy shall verify that the individual or entity is not Excluded or Precluded by reviewing the Monitoring sources to retrieve verification and eligibility data, including, but not limited to:

   a. The General Services Administration's (GSA) System for Award Management (SAM) website;

   b. Medi-Cal's Suspended and Ineligible (S&I) list;

   c. CMS Preclusion List;

   d. OIG Exclusions Database (OIG LEIE Database); and

   e. Other Monitoring sources as identified in CalOptima Policy GG.1650Δ: Credentialing and Recredentialing of Practitioners.

B. Evidence of Verification

1. CalOptima shall utilize state and federal Preclusion, Exclusion, and ineligible person/entity list sources referenced in this Policy to verify the eligibility of an Employee, Member of the Governing Body, FDR, non-contracted Provider or vendor and shall maintain a record of completion indicating, at minimum:

   a. The date of verification;

b. The Exclusion, Preclusion, and ineligible person/entity list source(s);

c. Verification results; and

d. The name of the person who conducted the verification.

2. CalOptima is to refer to the chart below to determine the responsible departments that conduct initial and/or monthly Exclusions and Preclusions checks thereafter.

Group	Prior to contracting/hire, or payment ~~if~~ of a non-contracted Provider, CalOptima will verify through …	Monthly thereafter, CalOptima will verify through …
~~**Employees**~~	• ~~Human Resources~~	• ~~Human Resources~~

3. All CalOptima FDRs and vendors shall verify the eligibility of all its Employees and/or Downstream Entities (as defined above) prior to hiring/contracting/performing services and monthly thereafter. The FDR and vendors shall maintain a record of completion indicating, at minimum:

    a. Date of verification;

    b. The Exclusion, Preclusion and ineligible person/entity list source(s);

    c. Verification results; and

    d. The name of the person who conducted the verification.

C. Monitoring

1. On a monthly basis, prior to publishing the next verification list update, the responsible department shall monitor Employees, FDRs, non-contracted Providers, vendors, and Members of the Governing Body and committees by reviewing the Monitoring sources listed in s~~S~~ection III.A.1 of this Policy.

D. Actions Based on Discovery of Exclusion

1. In accordance with Title 42, Code of Federal Regulations, ~~Section~~section 1001.1901, subsection (b)(1), CalOptima shall immediately suspend and halt payment for services for an ineligible, or Excluded, Employee, Member of the Governing Body or CalOptima committee, FDR, non-contracted Provider, or vendor; or at the medical direction or on the prescription of a physician or an authorized individual who is Excluded when the person furnishing such item or service knew, or had reason to know, of the Exclusion. The payment prohibition applies regardless of whether the Excluded individual, or entity, submits claims for reimbursement to, or the method of reimbursement by, federal or state health care programs.

    a. The responsible department shall deem an Employee, Member of the Governing Body or committee, FDR, non-contracted Provider or vendor Excluded, or ineligible, if identified on one (1) or more Monitoring sources. If applicable, the responsible department shall request an alert is added to notify all appropriate CalOptima departments of the Excluded, or ineligible, individual, or entity.

    b. The responsible department should refer the matter to the Office of Compliance for further investigation. As appropriate, the Office of Compliance may refer issues regarding the Excluded individual or entity to Legal Affairs for further action.

    c. CalOptima will take immediate appropriate actions, with the assistance of Legal Counsel, to terminate the contractual relationship for all CalOptima programs with a FDR, or vendor, or the appointment of a Member of the Governing Body, if such person, or entity, is determined to be Excluded. If the report identifies the removal of a suspended, Excluded, or terminated non-contracted Provider or FDR from CalOptima's Provider network, then the Office of Compliance shall report the action to DHCS within ten (10) business days and confirm that the Provider or FDR is no longer receiving payments in connection with the Medi-Cal program.

Back to Agenda Back to Item

d. In the event, that an Employee is identified as Excluded, the applicable contractual relationship will also be reviewed to determine whether it may continue with the removal of the Employee.

e. CalOptima may recoup monies paid to the Employee, Member of the Governing Body, FDR, non-contracted Provider, or vendor while Excluded or Precluded. Exclusion and Preclusion findings will be referred to the Office of Compliance for further action in accordance with CalOptima policy. As appropriate, the Office of Compliance may refer issues regarding the Excluded or Precluded person to Legal Affairs for further action.

E. Actions Based on Discovery of Preclusion

1. In accordance with Title 42, Code of Federal Regulations, ~~s~~Sections 422.222, 422.224, 423.100, 423.120(c)(6), for Precluded Providers, FDRs, or vendors, CalOptima may not reimburse or make payment for claims (i.e., for covered items or services) or prescriptions with any individual or entities on the CMS Preclusion List, including for emergency or urgent care circumstances.

a. The responsible department shall deem an FDR, non-contracted Provider, or vendor Precluded if identified on the CMS Preclusion List. If applicable, the responsible department shall request an alert is added to notify all appropriate CalOptima departments of the Precluded FDR, non-contracted Provider, or vendor. CalOptima is also to notify the Health Networks to remove any contracted Provider and any contracted pharmacy found on the CMS Preclusion List from their network as soon as possible.

b. CalOptima shall notify Precluded FDRs, non-contracted Providers or vendors in writing that they can no longer treat Members and notify all impacted Members, including Members assigned to Health Networks, in writing who have received care or prescription from the Precluded FDR, non-contracted Provider, or vendor in the last twelve (12) months as soon as possible, but no later than thirty (30) calendar days after the date the FDR, non-contracted Provider, or vendor was Precluded. CalOptima will also remove the FDR or vendor from the Provider Directory no later than thirty (30) calendar days after the date the FDR or vendor was Precluded.

c. CalOptima will have thirty (30) days to review the CMS Preclusion List and notify in writing impacted Members, including Members assigned to Health Networks, no later than thirty (30) calendar days from the posting of the updated list. Members should be given at least sixty (60) calendar days advance notice before payment denials and claims rejections begin.

d. CalOptima should not deny payments and/or reject claims earlier than ninety (90) calendar days after publication of the associated Preclusion list.

e. For FDRs, non-contracted Providers, or vendors identified on both the Exclusion sources and the CMS Preclusion List, CalOptima's processes for an Excluded individual or entity supersedes those of a Precluded individual or entity.

F. FDRs and Vendors

1. If CalOptima intends to deny a prospective FDR or vendor participation in CalOptima program(s), or terminate an existing FDR's or vendor's contract, on the basis of an Exclusion or Preclusion, it shall notify the FDR or vendor, in writing, noting the reason for denial. The prospective or existing FDR or vendor may contest the denial if they feel there is an error or

Back to Agenda Back to Item

inappropriate Exclusion. If CalOptima determines that there is an inappropriate Exclusion, correction shall be made, as stated in the Centers for Medicare & Medicaid Services (CMS) Center for Program Integrity Center for Medicare Letter issued June 29, 2011.

2. If a previously Excluded or Precluded FDR or vendor has been re-instated by a Monitoring source listed on this Policy and is now in good standing and able to participate in CalOptima federal and/or state health care programs, the FDR or vendor may express interest in participating with CalOptima. CalOptima will require evidence to verify reinstatement into federally funded health care programs. In addition, the FDR or vendor will undergo re-processing through contracting and/or Credentialing.

IX. GLOSSARY

Term	Definition
Audit	A formal, systematic, and disciplined approach designed to review, evaluate, and improve the effectiveness of processes and related controls using a particular set of standards (e.g., policies and procedures, laws and regulations) used as base measures. Auditing is governed by professional standards and completed by individuals independent of the process being audited and normally performed by individuals with one of several acknowledged certifications.
Credentialing	The process of obtaining, verifying, assessing, and monitoring the qualifications of a Practitioner to provide quality and safe patient care services.
Downstream Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima Program benefit, below the level of arrangement between CalOptima and a First Tier Entity. These written arrangements continue down to the level of the ultimate Provider of both health and administrative services.
Employee	~~Any~~For purposes of this policy, any and all employees of CalOptima, including all senior management, officers, managers, supervisors and other employed personnel, as well as temporary employees and volunteers.
Excluded or Exclusion	Suspension, exclusion, or debarment from participation in Federal and/or state health care programs.
First Tier, Downstream, and Related Entities (FDR)	First Tier, Downstream or Related Entity, as separately defined herein. For the purposes of this policy, the term FDR includes delegated entities, contracted Providers, Health Networks, Physician Medical Groups, Physician Hospital Consortia, and Health Maintenance Organizations.
First Tier Entity (FTE)	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care services to a Member under a CalOptima Program.
Governing Body	The Board of Directors of CalOptima.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Member	A beneficiary ~~who is~~ enrolled in a CalOptima Program.
Monitoring	Regular reviews directed by management and performed as part of normal operations to confirm ongoing compliance and to ensure that corrective actions are undertaken and effective.
Precluded or Preclusion	A type of exclusion. The CMS Preclusion List is a list of Providers and prescribers who are precluded from receiving payment for Medicare Advantage (MA) items and services or Part D drugs furnished or prescribed to Medicare beneficiaries.
Provider	A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary Provider, health maintenance organization, or other person or institution that furnishes Covered Services.

Term	Definition
Related Entity	Any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to Members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.

I. PURPOSE

This policy outlines a process for verifying and Monitoring the eligibility of Employees (permanent, temporary, volunteer, and as-needed Employees), Members of the Governing Body, First Tier, Downstream, and Related Entities (FDRs), non-contracted Providers, and vendors to participate in CalOptima federal and/or state health care programs through state and federal exclusions, Preclusion, and ineligible person/entity lists.

II. POLICY

A. CalOptima shall ensure all Employees, Members of the Governing Body, FDRs, non-contracted Providers, and vendors are eligible to participate in CalOptima federal and/or state health care programs, and shall be responsible for:

1. Requiring an Employee, Member of the Governing Body, FDR, non-contracted Provider or vendor to disclose and report pending suspensions, exclusions, Preclusions, or debarments, of the Employee, Member of the Governing Body, FDR, Providers, or vendor;

2. Conducting the initial eligibility verification of an Employee, Member of the Governing Body, FDR, non-contracted Provider, and vendor prior to hiring, renewing, or entering in any new agreement with CalOptima, or issuing payment thereto;

3. Performing eligibility verification of an Employee, Member of the Governing Body, FDR, non-contractor Providers, and vendor monthly thereafter; and

4. Maintaining records of all initial and monthly verification.

B. CalOptima shall not employ individuals, or contract with individuals or entities that are determined to be suspended, debarred, precluded or Excluded from participation in federal or state health care programs.

C. CalOptima shall not reimburse, or make payment for services provided under the medical direction or on the prescription of an Excluded person or entity, or make payment to, an individual or entity that is verified to be suspended, debarred, precluded or Excluded from participation in federal or state health care programs.

D. CalOptima will take immediate appropriate actions, with the assistance of its Legal Counsel, to terminate the employment of an individual, the contractual relationship with an FDR or vendor for

Back to Agenda Back to Item

all CalOptima programs, or the appointment of a Member of the Governing Body, if such individual or entity is verified to be suspended, debarred, precluded or Excluded from participation in federal or state health care programs.

E. CalOptima shall utilize state and federal Preclusion, exclusion, and ineligible person/entity list sources referenced in this Policy to verify the eligibility of an Employee, Member of the Governing Body, FDR, non-contracted Provider or vendor and shall maintain a record of completion.

F. All CalOptima FDRs and vendors shall verify the eligibility of all its Employees and/or Downstream Entities prior to hiring/contracting/performing services and monthly thereafter. The FDR and vendors shall maintain a record of completion.

G. In the event a CalOptima FDR, or vendor identifies its employees and/or Downstream Entities on an Exclusion, Preclusion, and/or ineligible person/entity list, the FDR or vendor must immediately notify CalOptima of the identified ineligible person/entity. CalOptima in its sole discretion will determine whether it is appropriate to immediately remove/terminate the identified person/entity from furnishing items and services for CalOptima programs and/or terminate the applicable FDR or vendor contract.

H. The Office of Compliance may Audit CalOptima departments responsible for exclusion and Preclusion activities, as necessary.

III. PROCEDURE

A. Initial Verification

1. Prior to hiring an Employee, having an individual become a Member of the Governing Body or a CalOptima committee, or contracting with an FDR or vendor, or approving payment to a non-contracted Provider the responsible department identified in the chart in Section III.B.2. of this Policy shall verify that the individual or entity is not Excluded or Precluded by reviewing the Monitoring sources to retrieve verification and eligibility data, including, but not limited to:

   a. The General Services Administration's (GSA) System for Award Management (SAM) website;

   b. Medi-Cal's Suspended and Ineligible (S&I) list;

   c. CMS Preclusion List;

   d. OIG Exclusions Database (OIG LEIE Database); and

   e. Other Monitoring sources as identified in CalOptima Policy GG.1650Δ: Credentialing and Recredentialing of Practitioners.

B. Evidence of Verification

1. CalOptima shall utilize state and federal Preclusion, Exclusion, and ineligible person/entity list sources referenced in this Policy to verify the eligibility of an Employee, Member of the Governing Body, FDR, non-contracted Provider or vendor and shall maintain a record of completion indicating, at minimum:

   a. The date of verification;

Back to Agenda Back to Item

b. The Exclusion, Preclusion, and ineligible person/entity list source(s);

c. Verification results; and

d. The name of the person who conducted the verification.

2. CalOptima is to refer to the chart below to determine the responsible departments that conduct initial and/or monthly Exclusions and Preclusions checks thereafter.

Group	Prior to contracting/hire, or payment of a non-contracted Provider, CalOptima will verify through …	Monthly thereafter, CalOptima will verify through …
CalOptima Committees	• Human Resources	• Human Resources
Employees	• Human Resources	• Human Resources
FDRs, Vendors (excluding Medical Providers and Health Networks)	• Vendor Management • PACE (PACE Vendors only)	• Regulatory Affairs & Compliance
Health Networks	• Contracting	• Regulatory Affairs & Compliance
Letter of Agreement (LOA)	• Quality/Credentialing • Utilization Management • PACE (PACE LOAs only)	• Quality/Credentialing • Regulatory Affairs & Compliance
Medical Group Practices, Physician Medical Groups	• Quality/Credentialing	• Quality/Credentialing • Regulatory Affairs & Compliance
Medical Providers, Practitioners, Health Delivery Organizations (HDOs)	• Quality/Credentialing (contracted) • Provider Data Management Services (non-contracted)	• Quality/Credentialing
Members of the Governing Body (Board of Directors)	• Human Resources	• Human Resources
Non-Medical Providers	• Quality/Credentialing (MSSP Non-Medical Providers) • PACE (PACE Non-Medical Providers)	• Regulatory Affairs & Compliance
Pharmacy Network Providers	• Pharmacy Benefit Manager	• Pharmacy Benefit Manager
Pharmacy Prescribers	• Pharmacy Benefit Manager	• Pharmacy Benefit Manager

3. All CalOptima FDRs and vendors shall verify the eligibility of all its Employees and/or Downstream Entities (as defined above) prior to hiring/contracting/performing services and monthly thereafter. The FDR and vendors shall maintain a record of completion indicating, at minimum:

a. Date of verification;

b. The Exclusion, Preclusion and ineligible person/entity list source(s);

c. Verification results; and

d. The name of the person who conducted the verification.

C. Monitoring

1. On a monthly basis, prior to publishing the next verification list update, the responsible department shall monitor Employees, FDRs, non-contracted Providers, vendors, and Members of the Governing Body and committees by reviewing the Monitoring sources listed in section III.A.1 of this Policy.

D. Actions Based on Discovery of Exclusion

1. In accordance with Title 42, Code of Federal Regulations, section 1001.1901, subsection (b)(1), CalOptima shall immediately suspend and halt payment for services for an ineligible, or Excluded, Employee, Member of the Governing Body or CalOptima committee, FDR, non-contracted Provider, or vendor; or at the medical direction or on the prescription of a physician or an authorized individual who is Excluded when the person furnishing such item or service knew, or had reason to know, of the Exclusion. The payment prohibition applies regardless of whether the Excluded individual, or entity, submits claims for reimbursement to, or the method of reimbursement by, federal or state health care programs.

a. The responsible department shall deem an Employee, Member of the Governing Body or committee, FDR, non-contracted Provider or vendor Excluded, or ineligible, if identified on one (1) or more Monitoring sources. If applicable, the responsible department shall request an alert is added to notify all appropriate CalOptima departments of the Excluded, or ineligible, individual, or entity.

b. The responsible department should refer the matter to the Office of Compliance for further investigation. As appropriate, the Office of Compliance may refer issues regarding the Excluded individual or entity to Legal Affairs for further action.

c. CalOptima will take immediate appropriate actions, with the assistance of Legal Counsel, to terminate the contractual relationship for all CalOptima programs with a FDR, or vendor, or the appointment of a Member of the Governing Body, if such person, or entity, is determined to be Excluded. If the report identifies the removal of a suspended, Excluded, or terminated non-contracted Provider or FDR from CalOptima's Provider network, then the Office of Compliance shall report the action to DHCS within ten (10) business days and confirm that the Provider or FDR is no longer receiving payments in connection with the Medi-Cal program.

d. In the event, that an Employee is identified as Excluded, the applicable contractual relationship will also be reviewed to determine whether it may continue with the removal of the Employee.

e. CalOptima may recoup monies paid to the Employee, Member of the Governing Body, FDR, non-contracted Provider, or vendor while Excluded or Precluded. Exclusion and Preclusion findings will be referred to the Office of Compliance for further action in accordance with CalOptima policy. As appropriate, the Office of Compliance may refer issues regarding the Excluded or Precluded person to Legal Affairs for further action.

E. Actions Based on Discovery of Preclusion

Back to Agenda Back to Item

1. In accordance with Title 42, Code of Federal Regulations, sections 422.222, 422.224, 423.100, 423.120(c)(6), for Precluded Providers, FDRs, or vendors, CalOptima may not reimburse or make payment for claims (i.e., for covered items or services) or prescriptions with any individual or entities on the CMS Preclusion List, including for emergency or urgent care circumstances.

    a. The responsible department shall deem an FDR, non-contracted Provider, or vendor Precluded if identified on the CMS Preclusion List. If applicable, the responsible department shall request an alert is added to notify all appropriate CalOptima departments of the Precluded FDR, non-contracted Provider, or vendor. CalOptima is also to notify the Health Networks to remove any contracted Provider and any contracted pharmacy found on the CMS Preclusion List from their network as soon as possible.

    b. CalOptima shall notify Precluded FDRs, non-contracted Providers or vendors in writing that they can no longer treat Members and notify all impacted Members, including Members assigned to Health Networks, in writing who have received care or prescription from the Precluded FDR, non-contracted Provider, or vendor in the last twelve (12) months as soon as possible, but no later than thirty (30) calendar days after the date the FDR, non-contracted Provider, or vendor was Precluded. CalOptima will also remove the FDR or vendor from the Provider Directory no later than thirty (30) calendar days after the date the FDR or vendor was Precluded.

    c. CalOptima will have thirty (30) days to review the CMS Preclusion List and notify in writing impacted Members, including Members assigned to Health Networks, no later than thirty (30) calendar days from the posting of the updated list. Members should be given at least sixty (60) calendar days advance notice before payment denials and claims rejections begin.

    d. CalOptima should not deny payments and/or reject claims earlier than ninety (90) calendar days after publication of the associated Preclusion list.

    e. For FDRs, non-contracted Providers, or vendors identified on both the Exclusion sources and the CMS Preclusion List, CalOptima's processes for an Excluded individual or entity supersedes those of a Precluded individual or entity.

F. FDRs and Vendors

1. If CalOptima intends to deny a prospective FDR or vendor participation in CalOptima program(s), or terminate an existing FDR's or vendor's contract, on the basis of an Exclusion or Preclusion, it shall notify the FDR or vendor, in writing, noting the reason for denial. The prospective or existing FDR or vendor may contest the denial if they feel there is an error or inappropriate Exclusion. If CalOptima determines that there is an inappropriate Exclusion, correction shall be made, as stated in the Centers for Medicare & Medicaid Services (CMS) Center for Program Integrity Center for Medicare Letter issued June 29, 2011.

2. If a previously Excluded or Precluded FDR or vendor has been re-instated by a Monitoring source listed on this Policy and is now in good standing and able to participate in CalOptima federal and/or state health care programs, the FDR or vendor may express interest in participating with CalOptima. CalOptima will require evidence to verify reinstatement into federally funded health care programs. In addition, the FDR or vendor will undergo re-processing through contracting and/or Credentialing.

IX. GLOSSARY

Term	Definition
Audit	A formal, systematic, and disciplined approach designed to review, evaluate, and improve the effectiveness of processes and related controls using a particular set of standards (e.g., policies and procedures, laws and regulations) used as base measures. Auditing is governed by professional standards and completed by individuals independent of the process being audited and normally performed by individuals with one of several acknowledged certifications.
Credentialing	The process of obtaining, verifying, assessing, and monitoring the qualifications of a Practitioner to provide quality and safe patient care services.
Downstream Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima Program benefit, below the level of arrangement between CalOptima and a First Tier Entity. These written arrangements continue down to the level of the ultimate Provider of both health and administrative services.
Employee	For purposes of this policy, any and all employees of CalOptima, including all senior management, officers, managers, supervisors and other employed personnel, as well as temporary employees and volunteers.
Excluded or Exclusion	Suspension, exclusion, or debarment from participation in Federal and/or state health care programs.
First Tier, Downstream, and Related Entities (FDR)	First Tier, Downstream or Related Entity, as separately defined herein. For the purposes of this policy, the term FDR includes delegated entities, contracted Providers, Health Networks, Physician Medical Groups, Physician Hospital Consortia, and Health Maintenance Organizations.
First Tier Entity (FTE)	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care services to a Member under a CalOptima Program.
Governing Body	The Board of Directors of CalOptima.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Member	A beneficiary enrolled in a CalOptima Program.
Monitoring	Regular reviews directed by management and performed as part of normal operations to confirm ongoing compliance and to ensure that corrective actions are undertaken and effective.
Precluded or Preclusion	A type of exclusion. The CMS Preclusion List is a list of Providers and prescribers who are precluded from receiving payment for Medicare Advantage (MA) items and services or Part D drugs furnished or prescribed to Medicare beneficiaries.
Provider	A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary Provider, health maintenance organization, or other person or institution that furnishes Covered Services.

Term	Definition
Related Entity	Any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to Members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.

I. PURPOSE

This policy describes CalOptima's compliance and Fraud, Waste, and Abuse (FWA)* education and training requirements for Employees, members of the Governing Body, and First Tier, Downstream, and Related Entities (FDRs).

II. POLICY

A. All CalOptima Employees, members of the Governing Body, and FDRs must successfully complete the required Compliance and FWA Training Program within ninety (90) calendar days of hire, or contracting, and annually thereafter.

B. All CalOptima Employees and members of the Governing Body shall complete the knowledge verification for the applicable Compliance and FWA Training Program with a score of eighty percent (80%) or greater.

C. When reviewing and establishing the content of Compliance and FWA Training Program, the Compliance Officer may consider applicable statutes, regulations, regulator contractual requirements, and regulatory guidance. The following are examples of topics the general Compliance and FWA Training Program shall communicate:

1. A description of the Compliance Program, including a review of compliance policies and procedures, the Code of Conduct, and CalOptima's commitment to business ethics and compliance with all CalOptima program requirements;

2. An overview of how to ask compliance questions, request compliance clarification, or report suspected, or detected, non-compliance. Training should emphasize Confidentiality, anonymity, and non-Retaliation for reporting compliance related questions, or reports of suspected, or detected, non-compliance, or potential FWA;

3. The requirement to report to CalOptima actual or suspected program non-compliance, or potential FWA;

4. Scenarios of reportable non-compliance that an Employee might observe;

Back to Agenda Back to Item

5. A review of the disciplinary guidelines for non-compliant or fraudulent behavior. The guidelines will communicate how such behavior can result in mandatory retraining and may result in disciplinary action, including possible termination when such behavior is serious or repeated, or when knowledge of a possible violation is not reported;

6. Discussion of attendance and participation in Compliance and FWA Training Programs as a condition of continued employment and a criterion to be included in Employee evaluations;

7. A review of policies related to contracting with the government, such as the laws addressing gifts and gratuities for government Employees;

8. A review of potential conflicts of interest and CalOptima's system for disclosure of conflicts of interest;

9. An overview of HIPAA/Health Information Technology for Economic and Clinical Health Act (HITECH), the CMS Data Use Agreement (if applicable), and the importance of maintaining the Confidentiality of Protected Health Information;

10. An overview of the Monitoring and Auditing process; and

11. A review of the laws that govern Employee conduct in the CalOptima programs.

D. CalOptima Employees, members of the Governing Body, as well as FDR Employees who have involvement in the administration or delivery of Parts C and D benefits must, at a minimum, receive FWA training within ninety (90) calendar days of initial hiring (or contracting in the case of FDRs), and annually thereafter. Additionally, specialized or refresher training may be provided on issues posing FWA risks based on the individual's job function (e.g., pharmacist, statistician, customer service, etc.). Training may be provided:

1. Upon appointment to a new job function;

2. When requirements change;

3. When Employees are found to be non-compliant;

4. As a corrective action to address a non-compliance issue; and

5. When an Employee works in an area implicated in past FWA.

E. Topics that may be addressed in FWA training include, but are not limited to:

1. Laws and regulations related to Medicare Part C and Part D FWA (i.e., False Claims Act, Anti-Kickback statute, HIPAA/HITECH, etc.);

2. Obligations of FDRs to have appropriate policies and procedures to address FWA;

3. Processes for CalOptima Employees, members of the Governing Body, FDRs, and FDR Employees to report suspected FWA to CalOptima (or, for FDR Employees, either to CalOptima directly, or to their employers who then must report it to CalOptima);

4. Protections for CalOptima and FDR Employees who report suspected FWA; and

5. Types of FWA that can occur in the settings in which CalOptima and FDR Employees work. All CalOptima FDRs shall receive CalOptima Compliance and FWA Training Program and CalOptima's Code of Conduct training upon contracting. Additionally, training modules are provided through the CalOptima vendor and Provider website with updates provided to FDRs and annually thereafter.

F. FDRs who have met the FWA (as per Chapter 21, Section 50.3 of the Medicare Managed Care Manual) training and education certification requirements through enrollment into Parts A or B of the Medicare program, or through accreditation as a supplier of Durable Medical Equipment, Prosthetics/Orthotics, and Supplies (DMEPOS), are NOT exempt from the general compliance training requirement.

G. Documentation of Compliance with Training

1. CalOptima Employees, members of the Governing Body, FDRs, and FDR Employees, who are performing services on behalf of CalOptima shall successfully complete all required Compliance training modules.

2. Failure to successfully complete all required Compliance training may lead to disciplinary action (up to and including termination), Corrective Action Plan requirements, and/or Sanctions, in accordance with CalOptima Policies HH.2002Δ: Sanctions and HH.2005Δ: Corrective Action Plan. CalOptima Employees, members of the Governing Body, and FDRs are expected to inform CalOptima immediately in the event of any failure to comply with training requirements. For CalOptima Employees and members of the Governing Body, the Human Resources (HR) Training Unit has a systematic indicator that identifies those who fail to comply within the mandated timeframes; non-compliance will result in revoking CalOptima system access.

3. The Office of Compliance is responsible for Monitoring and Auditing the compliance of Employees, members of the Governing Body, and FDRs with the Compliance and FWA training and education requirements.

4. FDRs shall provide annual attestations confirming completion of all Compliance training as stated in this policy. Failure to provide timely attestation will lead to further corrective actions.

H. Training Document Retention.

1. CalOptima and FDRs shall maintain all evidence of Compliance-related training completion for at least ten (10) years. Such materials include, but are not limited to:

a. Attendance;

b. Topic;

c. Certificates of Completion;

d. FDR Attestations;

e. Test scores; and

f. Tests administered to Employees.

IV. PROCEDURE

A. Distributing Training for Existing Employees and Members of the Governing Body

1. On an annual basis, the HR Training Unit shall communicate to all Employees and members of the Governing Body that an updated Compliance training is available and must be successfully completed within sixty (60) calendar days.

2. Upon completion, Employees and members of the Governing Body can access a learner transcript confirming successful completion. The transcript will include the training title and completion date. HR, via the HR Training Unit, is responsible for retaining evidence of an Employee's and members of the Governing Body's successful completion of all Compliance training modules.

B. Distributing Training for New Employees and Members of the Governing Body

1. Upon hire, the HR Training Unit shall provide each new Employee and member(s) of the Governing Body with instructions to complete the Compliance Training.

2. The HR Training Unit shall create a system generated report that identifies those who fail to comply within the mandated time frames. Non-compliance will result in revoking system access.

C. Distributing Training to FDRs

1. The Office of Compliance shall ensure the training is uploaded and available on the CalOptima vendor and Provider website.

2. Upon contracting, the Office of Compliance shall distribute an FDR Compliance Package composed of compliance documents, including the CalOptima Compliance and FWA Training, CalOptima's Code of Conduct, FWA Plan, and an FDR Attestation that confirms the required Compliance training is completed by FDRs and their Employees within ninety (90) calendar days of hire and at least annually thereafter.

3. Annually, the Office of Compliance shall distribute and Monitor receipt of updated attestation to all FDRs for execution.

4. When there are updates to compliance training materials and/or related policies and procedures, the Office of Compliance shall communicate updates to all FDRs with instructions to access the CalOptima vendor and Provider website to retrieve them.

X. GLOSSARY

Term	Definition
Abuse	Actions that may, directly or indirectly, result in; unnecessary costs to a CalOptima Program, improper payment, payment for services that fail to meet professionally recognized standards of care, or services that are medically unnecessary. Abuse involves payment for items or services when there is no legal entitlement to that payment and the provider has not knowingly and/or intentionally misrepresented facts to obtain payment. Abuse cannot be differentiated categorically from fraud, because the distinction between "fraud" and "abuse" depends on specific facts and circumstances, intent and prior knowledge, and available evidence, among other factors.
Audit	A formal, systematic, and disciplined approach designed to review, evaluate, and improve the effectiveness of processes and related controls using a particular set of standards (e.g., policies and procedures, laws and regulations) used as base measures. Auditing is governed by professional standards and completed by individuals independent of the process being audited and normally performed by individuals with one of several acknowledged certifications.
Code of Conduct	The statement setting forth the principles and standards governing CalOptima's activities to which CalOptima's Board of Directors, Employees, contractors, and agents are required to adhere.
Compliance Program	The program (including, without limitation, this Compliance Plan, Code of Conduct and Policies and Procedures and Procedures) developed and adopted by CalOptima to promote, monitor and ensure that CalOptima's operations and practices and the practices of its Board Member, Employees and FDRs comply with applicable law and ethical standards.
Corrective Action Plan	A plan delineating specific identifiable activities or undertakings that address and are designed to correct program deficiencies or problems identified by formal audits or monitoring activities by CalOptima, the Centers of Medicare & Medicaid Services (CMS), Department of Health Care Services (DHCS), or designated representatives. FDRs and/or CalOptima departments may be required to complete CAPs to ensure compliance with statutory, regulatory, or contractual obligations and any other requirements identified by CalOptima and its regulators.

Term	Definition
Covered Services	Medi-Cal: Those services provided in the Fee-For-Service Medi-Cal program (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program effective July 1, 2019, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127), for HHP Members with eligible physical chronic conditions and substance use disorders, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members notwithstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program. OneCare/OneCare Connect: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Centers of Medicare & Medicaid Services (CMS) Contract and DHCS Contract. PACE: Medical services, equipment, or supplies that CalOptima is obligated to provide to Participants under the provisions of Welfare & Institutions Code section 14132 and the CalOptima PACE Program Agreement, except those services specifically excluded under the Exhibit E, Attachment 1, Section 26 of the PACE Program Agreement.
Downstream Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima Program benefit, below the level of arrangement between CalOptima and a First Tier Entity. These written arrangements continue down to the level of the ultimate provider of both health and administrative services.
Employee	For the purposes of this policy, a~~A~~ny and all Employees of CalOptima, including all senior management, officers, managers, supervisors and other employed personnel, as well as temporary Employees and volunteers.
First Tier, Downstream, and Related Entities (FDR)	First Tier, Downstream or Related Entity, as separately defined herein. For the purposes of this policy, the term FDR includes delegated entities, contracted providers, Health Networks, Physician Medical Groups, Physician Hospital Consortia, and Health Maintenance Organizations.
First Tier Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care services to a Member under a CalOptima Program.

Term	Definition
Fraud	Knowingly and willfully executing, or attempting to execute, a scheme or artifice to defraud any health care benefit program or to obtain (by means of false or fraudulent pretenses, representations, or promises) any of the money or property owned by, or under the custody or control of, any health care benefit program. (18 U.S.C Section 1347).
Governing Body	The Board of Directors of CalOptima.
Health Insurance Portability and Accountability Act (HIPAA)	The Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, was enacted on August 21, 1996. Sections 261 through 264 of HIPAA require the Secretary of the U.S. Department of Health and Human Services (HHS) to publicize standards for the electronic exchange, privacy and security of health information as amended.
Monitoring	Regular reviews directed by management and performed as part of normal operations to confirm ongoing compliance and to ensure that corrective actions are undertaken and effective.
Protected Health Information (PHI)	Has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations. Individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium. This information identifies the individual or there is reasonable basis to believe the information can be used to identify the individual. The information was created or received by CalOptima or Business Associates and relates to: 1. The past, present, or future physical or mental health or condition of a Member; 2. The provision of health care to a Member; or 3. Past, present, or future Payment for the provision of health care to a Member.
Provider	A physician, pharmacist, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ~~health maintenance organization~~Health Network, p~~P~~hysician ~~Medical Group~~group, or other person or institution who furnishes Covered Services.
Related Entity	Any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to Members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.
Waste	The overutilization of services, or other practices that, directly or indirectly, result in unnecessary costs to a CalOptima Program. Waste is generally not considered to be caused by criminally negligent actions but rather the misuse of resources.

Policy:	HH.2023Δ
Title:	**Compliance Training**
Department:	Office of Compliance
Section:	Regulatory Affairs & Compliance
CEO Approval:	
Effective Date:	05/01/2014
Revised Date:	TBD
Applicable to:	☒ Medi-Cal ☒ OneCare ☒ OneCare Connect ☒ PACE ☐ Administrative

I. PURPOSE

This policy describes CalOptima's compliance and Fraud, Waste, and Abuse (FWA) education and training requirements for Employees, members of the Governing Body, and First Tier, Downstream, and Related Entities (FDRs).

II. POLICY

A. All CalOptima Employees, members of the Governing Body, and FDRs must successfully complete the required Compliance and FWA Training Program within ninety (90) calendar days of hire, or contracting, and annually thereafter.

B. All CalOptima Employees and members of the Governing Body shall complete the knowledge verification for the applicable Compliance and FWA Training Program with a score of eighty percent (80%) or greater.

C. When reviewing and establishing the content of Compliance and FWA Training Program, the Compliance Officer may consider applicable statutes, regulations, regulator contractual requirements, and regulatory guidance. The following are examples of topics the general Compliance and FWA Training Program shall communicate:

1. A description of the Compliance Program, including a review of compliance policies and procedures, the Code of Conduct, and CalOptima's commitment to business ethics and compliance with all CalOptima program requirements;

2. An overview of how to ask compliance questions, request compliance clarification, or report suspected, or detected, non-compliance. Training should emphasize Confidentiality, anonymity, and non-Retaliation for reporting compliance related questions, or reports of suspected, or detected, non-compliance, or potential FWA;

3. The requirement to report to CalOptima actual or suspected program non-compliance, or potential FWA;

4. Scenarios of reportable non-compliance that an Employee might observe;

Back to Agenda Back to Item

5. A review of the disciplinary guidelines for non-compliant or fraudulent behavior. The guidelines will communicate how such behavior can result in mandatory retraining and may result in disciplinary action, including possible termination when such behavior is serious or repeated, or when knowledge of a possible violation is not reported;

6. Discussion of attendance and participation in Compliance and FWA Training Programs as a condition of continued employment and a criterion to be included in Employee evaluations;

7. A review of policies related to contracting with the government, such as the laws addressing gifts and gratuities for government Employees;

8. A review of potential conflicts of interest and CalOptima's system for disclosure of conflicts of interest;

9. An overview of HIPAA/Health Information Technology for Economic and Clinical Health Act (HITECH), the CMS Data Use Agreement (if applicable), and the importance of maintaining the Confidentiality of Protected Health Information;

10. An overview of the Monitoring and Auditing process; and

11. A review of the laws that govern Employee conduct in the CalOptima programs.

D. CalOptima Employees, members of the Governing Body, as well as FDR Employees who have involvement in the administration or delivery of Parts C and D benefits must, at a minimum, receive FWA training within ninety (90) calendar days of initial hiring (or contracting in the case of FDRs), and annually thereafter. Additionally, specialized or refresher training may be provided on issues posing FWA risks based on the individual's job function (e.g., pharmacist, statistician, customer service, etc.). Training may be provided:

1. Upon appointment to a new job function;

2. When requirements change;

3. When Employees are found to be non-compliant;

4. As a corrective action to address a non-compliance issue; and

5. When an Employee works in an area implicated in past FWA.

E. Topics that may be addressed in FWA training include, but are not limited to:

1. Laws and regulations related to Medicare Part C and Part D FWA (i.e., False Claims Act, Anti-Kickback statute, HIPAA/HITECH, etc.);

2. Obligations of FDRs to have appropriate policies and procedures to address FWA;

3. Processes for CalOptima Employees, members of the Governing Body, FDRs, and FDR Employees to report suspected FWA to CalOptima (or, for FDR Employees, either to CalOptima directly, or to their employers who then must report it to CalOptima);

4. Protections for CalOptima and FDR Employees who report suspected FWA; and

5. Types of FWA that can occur in the settings in which CalOptima and FDR Employees work. All CalOptima FDRs shall receive CalOptima Compliance and FWA Training Program and CalOptima's Code of Conduct training upon contracting. Additionally, training modules are provided through the CalOptima vendor and Provider website with updates provided to FDRs and annually thereafter.

F. FDRs who have met the FWA (as per Chapter 21, Section 50.3 of the Medicare Managed Care Manual) training and education certification requirements through enrollment into Parts A or B of the Medicare program, or through accreditation as a supplier of Durable Medical Equipment, Prosthetics/Orthotics, and Supplies (DMEPOS), are NOT exempt from the general compliance training requirement.

G. Documentation of Compliance with Training

1. CalOptima Employees, members of the Governing Body, FDRs, and FDR Employees, who are performing services on behalf of CalOptima shall successfully complete all required Compliance training modules.

2. Failure to successfully complete all required Compliance training may lead to disciplinary action (up to and including termination), Corrective Action Plan requirements, and/or Sanctions, in accordance with CalOptima Policies HH.2002Δ: Sanctions and HH.2005Δ: Corrective Action Plan. CalOptima Employees, members of the Governing Body, and FDRs are expected to inform CalOptima immediately in the event of any failure to comply with training requirements. For CalOptima Employees and members of the Governing Body, the Human Resources (HR) Training Unit has a systematic indicator that identifies those who fail to comply within the mandated timeframes; non-compliance will result in revoking CalOptima system access.

3. The Office of Compliance is responsible for Monitoring and Auditing the compliance of Employees, members of the Governing Body, and FDRs with the Compliance and FWA training and education requirements.

4. FDRs shall provide annual attestations confirming completion of all Compliance training as stated in this policy. Failure to provide timely attestation will lead to further corrective actions.

H. Training Document Retention.

1. CalOptima and FDRs shall maintain all evidence of Compliance-related training completion for at least ten (10) years. Such materials include, but are not limited to:

a. Attendance;

b. Topic;

c. Certificates of Completion;

d. FDR Attestations;

e. Test scores; and

f. Tests administered to Employees.

IV. PROCEDURE

A. Distributing Training for Existing Employees and Members of the Governing Body

1. On an annual basis, the HR Training Unit shall communicate to all Employees and members of the Governing Body that an updated Compliance training is available and must be successfully completed within sixty (60) calendar days.

2. Upon completion, Employees and members of the Governing Body can access a learner transcript confirming successful completion. The transcript will include the training title and completion date. HR, via the HR Training Unit, is responsible for retaining evidence of an Employee's and members of the Governing Body's successful completion of all Compliance training modules.

B. Distributing Training for New Employees and Members of the Governing Body

1. Upon hire, the HR Training Unit shall provide each new Employee and member(s) of the Governing Body with instructions to complete the Compliance Training.

2. The HR Training Unit shall create a system generated report that identifies those who fail to comply within the mandated time frames. Non-compliance will result in revoking system access.

C. Distributing Training to FDRs

1. The Office of Compliance shall ensure the training is uploaded and available on the CalOptima vendor and Provider website.

2. Upon contracting, the Office of Compliance shall distribute an FDR Compliance Package composed of compliance documents, including the CalOptima Compliance and FWA Training, CalOptima's Code of Conduct, FWA Plan, and an FDR Attestation that confirms the required Compliance training is completed by FDRs and their Employees within ninety (90) calendar days of hire and at least annually thereafter.

3. Annually, the Office of Compliance shall distribute and Monitor receipt of updated attestation to all FDRs for execution.

4. When there are updates to compliance training materials and/or related policies and procedures, the Office of Compliance shall communicate updates to all FDRs with instructions to access the CalOptima vendor and Provider website to retrieve them.

X. GLOSSARY

Term	Definition
Abuse	Actions that may, directly or indirectly, result in; unnecessary costs to a CalOptima Program, improper payment, payment for services that fail to meet professionally recognized standards of care, or services that are medically unnecessary. Abuse involves payment for items or services when there is no legal entitlement to that payment and the provider has not knowingly and/or intentionally misrepresented facts to obtain payment. Abuse cannot be differentiated categorically from fraud, because the distinction between "fraud" and "abuse" depends on specific facts and circumstances, intent and prior knowledge, and available evidence, among other factors.
Audit	A formal, systematic, and disciplined approach designed to review, evaluate, and improve the effectiveness of processes and related controls using a particular set of standards (e.g., policies and procedures, laws and regulations) used as base measures. Auditing is governed by professional standards and completed by individuals independent of the process being audited and normally performed by individuals with one of several acknowledged certifications.
Code of Conduct	The statement setting forth the principles and standards governing CalOptima's activities to which CalOptima's Board of Directors, Employees, contractors, and agents are required to adhere.
Compliance Program	The program (including, without limitation, this Compliance Plan, Code of Conduct and Policies and Procedures and Procedures) developed and adopted by CalOptima to promote, monitor and ensure that CalOptima's operations and practices and the practices of its Board Member, Employees and FDRs comply with applicable law and ethical standards.
Corrective Action Plan	A plan delineating specific identifiable activities or undertakings that address and are designed to correct program deficiencies or problems identified by formal audits or monitoring activities by CalOptima, the Centers of Medicare & Medicaid Services (CMS), Department of Health Care Services (DHCS), or designated representatives. FDRs and/or CalOptima departments may be required to complete CAPs to ensure compliance with statutory, regulatory, or contractual obligations and any other requirements identified by CalOptima and its regulators.

Term	Definition
Covered Services	Medi-Cal: Those services provided in the Fee-For-Service Medi-Cal program (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program effective July 1, 2019, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127), for HHP Members with eligible physical chronic conditions and substance use disorders, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members notwithstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program. OneCare/OneCare Connect: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Centers of Medicare & Medicaid Services (CMS) Contract and DHCS Contract. PACE: Medical services, equipment, or supplies that CalOptima is obligated to provide to Participants under the provisions of Welfare & Institutions Code section 14132 and the CalOptima PACE Program Agreement, except those services specifically excluded under the Exhibit E, Attachment 1, Section 26 of the PACE Program Agreement.
Downstream Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima Program benefit, below the level of arrangement between CalOptima and a First Tier Entity. These written arrangements continue down to the level of the ultimate provider of both health and administrative services.
Employee	For the purposes of this policy, any and all Employees of CalOptima, including all senior management, officers, managers, supervisors and other employed personnel, as well as temporary Employees and volunteers.
First Tier, Downstream, and Related Entities (FDR)	First Tier, Downstream or Related Entity, as separately defined herein. For the purposes of this policy, the term FDR includes delegated entities, contracted providers, Health Networks, Physician Medical Groups, Physician Hospital Consortia, and Health Maintenance Organizations.
First Tier Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care services to a Member under a CalOptima Program.

Term	Definition
Fraud	Knowingly and willfully executing, or attempting to execute, a scheme or artifice to defraud any health care benefit program or to obtain (by means of false or fraudulent pretenses, representations, or promises) any of the money or property owned by, or under the custody or control of, any health care benefit program. (18 U.S.C Section 1347).
Governing Body	The Board of Directors of CalOptima.
Health Insurance Portability and Accountability Act (HIPAA)	The Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, was enacted on August 21, 1996. Sections 261 through 264 of HIPAA require the Secretary of the U.S. Department of Health and Human Services (HHS) to publicize standards for the electronic exchange, privacy and security of health information as amended.
Monitoring	Regular reviews directed by management and performed as part of normal operations to confirm ongoing compliance and to ensure that corrective actions are undertaken and effective.
Protected Health Information (PHI)	Has the meaning given such term in section 160.103 of Title 45, Code of Federal Regulations. Individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium. This information identifies the individual or there is reasonable basis to believe the information can be used to identify the individual. The information was created or received by CalOptima or Business Associates and relates to: 1. The past, present, or future physical or mental health or condition of a Member; 2. The provision of health care to a Member; or 3. Past, present, or future Payment for the provision of health care to a Member.
Provider	A physician, pharmacist, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, Health Network, physician group, or other person or institution who furnishes Covered Services.
Related Entity	Any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to Members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.
Waste	The overutilization of services, or other practices that, directly or indirectly, result in unnecessary costs to a CalOptima Program. Waste is generally not considered to be caused by criminally negligent actions but rather the misuse of resources.

1

FDR COMPLIANCE ATTESTATION

Please complete and execute this attestation and return it to CalOptima's Office of Compliance via email Compliance@caloptima.org, or mail: CalOptima, Office of Compliance, Attn: Regulatory Affairs & Compliance Medicare Director~~Annie Phillips~~, 505 City Parkway West, Orange, CA 92868, within thirty (30) calendar days for ~~(~~existing FDRs~~)~~, or sixty (60) calendar days for ~~(~~new FDRs~~)~~ of this notice.

Which CalOptima program(s) does this form pertain to? Select all that apply:	☐OneCare Connect ☐PACE ☐Medi-Cal ☐OneCare ~~HMO SNP~~ ☐~~PACE~~

I hereby attest that [_____ (the "Organization")], and all its downstream entities, if any, that are involved in the provision of health or administrative services for any of the CalOptima programs identified above:

I. **General and HIPAA Compliance and Fraud, Waste and Abuse (FWA) Training**. Provide effective ~~Fraud, Waste and Abuse~~FWA training, General Compliance training, General HIPAA training to all Organization and downstream entity board members, officers, employees, temporary employees, and volunteers, within ninety (90) calendar days of appointment, hire or contracting, as applicable, and at least annually thereafter as a condition of appointment, employment or contracting. The Organization and its downstream entities currently use:

(Select all that apply):

☐ CMS's Fraud, Waste, and Abuse training, General Compliance training, and General HIPAA training module. (The Organization shall maintain records ~~per CMS retention requirement~~ as evidence of completed training)

☐ An internal training program that ~~meets~~ utilizes content available in the CMS's Fraud, Waste, and Abuse training, General Compliance training, and HIPAA training module requirements, or training content that is materially the same. (The Organization shall maintain records ~~per CMS retention requirement~~as evidence of completed training)

Note: If selecting an internal training program that ~~meets~~ aligns with CMS's FWA, HIPAA, and General Compliance, please submit a copy of your organization's trainings to CalOptima's Office of Compliance for review, and to ensure they meet CMS's requirements.

II. Administer specialized compliance training to Organization and downstream entity board members, employees, temporary employees, and volunteers ~~: (i) based on their job function~~ within the first ninety (90) days of hire and at least annually thereafter as ~~a~~ condition of appointment, employment or contracting. ~~requirements change; (iii) when such persons work in an area previously found to be non-compliant with program requirements or implicated in past misconduct.~~

Back to Agenda Back to Item

III. **Compliance Plan and Code of Conduct Requirements.** Have established and publicized compliance policies and procedures, standards of conduct, and compliance reference material that meet the requirements outlined in 42 CFR §422.503(b)(4)(vi)(A) and 42 CFR §423.504(b)(4)(vi)(A) which information, and any updates thereto, are distributed to all Organization and downstream entity board members, officers, employees, temporary employees, and volunteers within ninety (90) days of appointment, hire or contracting, as applicable, and at least annually thereafter. Evidence of receipt of such compliance by such persons is obtained and retained by the Organization.

(Select which applies to your organization):

☐ Organization has adopted, implemented, and distributed CalOptima's Compliance Plan and Code of Conduct (https://www.caloptima.org/en/About/GeneralCompliance/GeneralComplianceResourceLinks.aspx)

☐ Organization has distributed a comparable Compliance Plan and Code of Conduct
Note: If selecting a comparable Compliance Plan and Code of Conduct, please submit a copy of your organization's Compliance Plan and Code of Conduct to CalOptima's Office of Compliance for review, and to ensure they meet CMS's requirements.

IV. **Exclusion Monitoring**. Review all Organization and downstream entity board members, officers, potential and actual employees, temporary employees, and volunteers against the {Medi-Cal Suspended and Ineligible Provider List} (S & I Medi-Cal), {Health and Human Services} (HHS), {Office of Inspector General} (OIG) List of Excluded Individuals & Entities list, {System for Award Management} (SAM)/{General Services Administration} (GSA) Debarment list, Centers for Medicare & Medicaid Services (CMS) Preclusion List (as applicable), (hereafter "Lists") upon appointment, hire or contracting, as applicable, and monthly thereafter. Further, in the event that the Organization or downstream entity becomes aware that any of the foregoing persons or entities are included on these Lists, the Organization will notify CalOptima within five (5) calendar days, the relationship with the listed person/entity will be terminated as it relates to CalOptima, and appropriate corrective action will be taken.

V. **Conflict of Interest**. Screen the Organization and its subcontractors' governing bodies for conflicts of interest as defined in state and federal law and CalOptima policies and procedures upon hire or contracting and annually thereafter.

VI. **Reporting of FWA/Non-Compliance**. Will report suspected fraud, waste, and abuse, as well as all other forms of non-compliance, as it relates to CalOptima, confidentially and anonymously.

VII. **Disciplinary Action**. Understand that any violation of any laws, regulations, or CalOptima policies and procedures are grounds for disciplinary action, up to and including termination of Organization's contractual status.

VIII. **Non-Retaliation**. Are aware that persons reporting suspected fraud, waste, and abuse, and other non-compliance are protected from retaliation under the False Claims Act and other applicable laws prohibiting retaliation.

IX. **Records Management**. Retain documented evidence of compliance with the above, including training and exclusion screening (i.e. sign-in sheets, certificates, attestations, OIG and GSA search results, etc.) for at least ten (10) years, and provide such documentation to CalOptima upon request.

The individual signing below is knowledgeable about and authorized to attest to the foregoing matters on behalf of the Organization.

Signature	Date

FDR COMPLIANCE ATTESTATION

Please complete and execute this attestation and return it to CalOptima's Office of Compliance via email Compliance@caloptima.org, or mail: CalOptima, Office of Compliance, Attn: Regulatory Affairs & Compliance Medicare Director, 505 City Parkway West, Orange, CA 92868, within thirty (30) calendar days for existing FDRs, or sixty (60) calendar days for new FDRs of this notice.

Which CalOptima program(s) does this form pertain to? Select all that apply:	☐ OneCare Connect ☐ PACE ☐ Medi-Cal ☐ OneCare

I hereby attest that [_____ (the "Organization")], and all its downstream entities, if any, that are involved in the provision of health or administrative services for any of the CalOptima programs identified above:

I. **General and HIPAA Compliance and Fraud, Waste and Abuse (FWA) Training**. Provide effective FWA training, General Compliance training, General HIPAA training to all Organization and downstream entity board members, officers, employees, temporary employees, and volunteers, within ninety (90) calendar days of appointment, hire or contracting, as applicable, and at least annually thereafter as a condition of appointment, employment or contracting. The Organization and its downstream entities currently use:

(Select all that apply):

☐ CMS's Fraud, Waste, and Abuse training, General Compliance training, and General HIPAA training module. (The Organization shall maintain records as evidence of completed training)

☐ An internal training program that utilizes content available in the CMS's Fraud, Waste, and Abuse training, General Compliance training, and HIPAA training module requirements, or training content that is materially the same. (The Organization shall maintain records as evidence of completed training)

Note: If selecting an internal training program that aligns with CMS's FWA, HIPAA, and General Compliance, please submit a copy of your organization's trainings to CalOptima's Office of Compliance for review, and to ensure they meet CMS's requirements.

II. Administer specialized compliance training to Organization and downstream entity board members, employees, temporary employees, and volunteers within the first ninety (90) days of hire and at least annually thereafter as a condition of appointment, employment or contracting.

Back to Agenda Back to Item

III. **Compliance Plan and Code of Conduct Requirements.** Have established and publicized compliance policies and procedures, standards of conduct, and compliance reference material that meet the requirements outlined in 42 CFR §422.503(b)(4)(vi)(A) and 42 CFR §423.504(b)(4)(vi)(A) which information, and any updates thereto, are distributed to all Organization and downstream entity board members, officers, employees, temporary employees, and volunteers within ninety (90) days of appointment, hire or contracting, as applicable, and at least annually thereafter. Evidence of receipt of such compliance by such persons is obtained and retained by the Organization.

(Select which applies to your organization):

☐ Organization has adopted, implemented, and distributed CalOptima's Compliance Plan and Code of Conduct (https://www.caloptima.org/en/About/GeneralCompliance/GeneralComplianceResourceLinks.aspx)

☐ Organization has distributed a comparable Compliance Plan and Code of Conduct
Note: If selecting a comparable Compliance Plan and Code of Conduct, please submit a copy of your organization's Compliance Plan and Code of Conduct to CalOptima's Office of Compliance for review to ensure they meet CMS's requirements.

IV. **Exclusion Monitoring**. Review all Organization and downstream entity board members, officers, potential and actual employees, temporary employees, and volunteers against the Medi-Cal Suspended and Ineligible Provider List (S & I Medi-Cal), Health and Human Services (HHS), Office of Inspector General (OIG) List of Excluded Individuals & Entities list, System for Award Management (SAM)/General Services Administration (GSA) Debarment list, Centers for Medicare & Medicaid Services (CMS) Preclusion List (as applicable), (hereafter "Lists") upon appointment, hire or contracting, as applicable, and monthly thereafter. Further, in the event that the Organization or downstream entity becomes aware that any of the foregoing persons or entities are included on these Lists, the Organization will notify CalOptima within five (5) calendar days, the relationship with the listed person/entity will be terminated as it relates to CalOptima, and appropriate corrective action will be taken.

V. **Conflict of Interest**. Screen the Organization and its subcontractors' governing bodies for conflicts of interest as defined in state and federal law and CalOptima policies and procedures upon hire or contracting and annually thereafter.

VI. **Reporting of FWA/Non-Compliance**. Will report suspected fraud, waste, and abuse, as well as all other forms of non-compliance, as it relates to CalOptima, confidentially and anonymously.

VII. **Disciplinary Action**. Understand that any violation of any laws, regulations, or CalOptima policies and procedures are grounds for disciplinary action, up to and including termination of Organization's contractual status.

VIII. **Non-Retaliation**. Are aware that persons reporting suspected fraud, waste, and abuse, and other non-compliance are protected from retaliation under the False Claims Act and other applicable laws prohibiting retaliation.

IX. **Records Management**. Retain documented evidence of compliance with the above, including training and exclusion screening (i.e. sign-in sheets, certificates, attestations, OIG and GSA search results, etc.) for at least ten (10) years, and provide such documentation to CalOptima upon request.

The individual signing below is knowledgeable about and authorized to attest to the foregoing matters on behalf of the Organization.

I. PURPOSE

This policy describes the Annual Risk Assessment process conducted by CalOptima's Audit & Oversight Department to identify ~~delegated~~ First Tier ~~Entities' (FTEs)*~~, Downstream, and Related Entities (FDRs) specific functional areas vulnerable to potential compliance risk. Such areas are documented in CalOptima's risk assessment, which will influence the development of CalOptima's ~~delegated FTE's~~FDR's audit and monitoring work plan.

II. POLICY

A. CalOptima maintains ultimate responsibility for adhering to and otherwise fully complying with its contract with the Centers for Medicare & Medicaid Services (CMS) and/or the Department of Health Care Services (DHCS). CalOptima is required to establish and implement an effective system of routine monitoring and identification of compliance risks.

B. At least annually, the Audit & Oversight Department is responsible for completing an Annual Risk Assessment to develop its ~~delegated FTE~~FDR audit and monitoring work plan that ensures CalOptima's regulatory obligations are met. In assessing risk, the Audit & Oversight Department shall consider the following:

1. Statutory, regulatory, and contractual standards;
2. CalOptima's policies and procedures;
3. Business impact on Member care; and
4. Past compliance issues.

C. CalOptima shall, through contract or appropriate written arrangements, require the ~~FTEs~~FDRs to conduct risk assessments, at least annually, and ongoing monitoring and audit of the Downstream Entities with which they contract to ensure compliance. CalOptima shall retain the right to conduct its own risk assessments and ongoing monitoring and audit of the Downstream Entities to ensure compliance.

~~* Terms in **bold** are included in the Glossary.~~

D. The Audit & Oversight Department shall stay current with all regulatory communication and guidance from the Regulatory Agencies.

E. The Audit & Oversight Department shall present Annual Risk Assessment results and the proposed ~~FTE~~FDR audit and monitoring work plan to both the Audit & Oversight Committee (AOC) and the Compliance Committee for review and approval by the end of the calendar year to be effective for the following year.

III. PROCEDURE

A. The Audit & Oversight Department shall undertake a discovery process of the ~~FTEs~~FDRs, consisting of a document review to determine how regulatory, statutory, contractual, and CalOptima policy requirements are implemented; the operational effectiveness, and how the practices and the documentation support compliance. The analysis component of the Annual Risk Assessment is based on the evaluation of the ~~FTEs'~~FDRs' performance during the previous calendar year, including but not limited to ~~monthly~~ongoing monitoring ~~results, annual audit~~and auditing results and focused reviews when applicable.

1. In the event that the ~~FTE~~FDR is a new delegate, the Audit & Oversight Department shall audit the ~~First Tier Entity~~FDR to collect baseline data in accordance with CalOptima Policy GG.1619: Delegation Oversight.

B. The Audit & Oversight Department shall consider the following information as it applies to ~~FTEs~~FDRs, as part of the Annual Risk Assessment process:

1. A particular area identified by a Regulatory Agency as problematic through enforcement actions that may impact CalOptima, including but not limited to, National Committee for Quality Assurance (NCQA) status;

2. Regulatory audit findings;

3. CalOptima monitoring and audit findings;

4. Regulatory notices of non-compliance;

5. A completed questionnaire by the following CalOptima departments: (i) Regulatory Affairs and Compliance, (ii) Quality Improvement, (iii) Grievance and Appeals Resolution Services, (iv) Privacy, (v) Fraud, Waste & Abuse, and (vi) the business owner to provide knowledge of issues or trends being identified throughout CalOptima.

6. Accuracy of ~~delegate~~FDR encounter data~~,~~ submissions, coding, medical loss ratio (MLR) reported data, and other areas that may impact CalOptima payments (e.g., MLR, Hierarchical Condition Category (HCC) risk scores~~);~~), if applicable;

7. Whether there is a Corrective Action Plan (CAP) in effect, and if so, its relative risk for the non-compliance area; and

8. Whether the First Tier Entities (FTEs) are applying appropriate compliance program requirements to the Downstream Entities with which they contract, conducting risk assessments, at least annually, and performing ongoing monitoring and auditing of such Downstream Entities to ensure compliance.

C. The Audit & Oversight Department shall rely on data gathered using the Annual Risk Assessment, and conduct baseline risk assessment audits evaluating file reviews, data collected from ongoing monitoring ~~results, annual audit results, and~~and auditing results and number of CAPs issued during the review period.

1. The Audit & Oversight Department shall compile the data and rank the risks based on the greatest impact on delegated operations and quality health care delivery to CalOptima Members.

D. The Audit & Oversight Department shall present the ~~FTE~~FDR risk assessment results and proposed audit and monitoring work plan to the AOC and subsequently to the Compliance Committee for approval.

E. The Audit & Oversight Department shall re-evaluate the work plan based on internal changes for approval (e.g., staffing and organizational structure changes, audit results, monitoring results, etc.) and external changes (e.g., regulatory changes, marketplace changes, Regulatory Agency audit results, etc.).

IX. GLOSSARY

Term	Definition
Abuse	Actions that may, directly or indirectly, result in unnecessary costs to a CalOptima program, improper payment, payment for services that fail to meet professionally recognized standards of care, or services that are medically unnecessary. Abuse involves payment for items or services when there is no legal entitlement to that payment and the provider has not knowingly and/or intentionally misrepresented facts to obtain payment. Abuse cannot be differentiated categorically from Fraud, because the distinction between "Fraud" and "Abuse" depends on specific facts and circumstances, intent and prior knowledge, and available evidence, among other factors.
Annual Risk Assessment Tool	A tool utilized to stratify (high, medium, low) audit results and corrective actions issued to identify specific CalOptima functional areas vulnerable to potential Compliance risk.
Audit & Oversight Committee (AOC)	CalOptima's Audit & Oversight Committee (AOC) is a subcommittee of the Compliance Committee and is responsible for overseeing the delegated and internal activities of CalOptima.
Centers for Medicare & Medicaid Services (CMS)	The federal agency within the United States Department of Health and Human Services (DHHS) that administers the Federal Medicare program and works in partnership with state governments to administer Medicaid programs.
Compliance Committee	That committee designated by the Chief Executive Officer (CEO) to implement and oversee the Compliance Program and to participate in carrying out the provisions of the Compliance Plan. The composition of the Compliance Committee shall consist of senior management staff that may include, but is not limited to, the: Chief Executive Officer; Chief Medical Officer; Chief Operating Officer; Chief Financial Officer; Compliance Officer; and Executive Director of Human Resources.
Corrective Action Plan (CAP)	A plan delineating specific identifiable activities or undertakings that address and are designed to correct program deficiencies or problems identified by formal audits or monitoring activities by CalOptima, the Centers of Medicare & Medicaid Services (CMS), Department of Health Care Services (DHCS), or designated representatives. FDRs and/or CalOptima departments may be required to complete CAPs to ensure compliance with statutory, regulatory, or contractual obligations and any other requirements identified by CalOptima and its regulators.
Department of Health Care Services (DHCS)	The California Department of Health Care Services, the State agency that oversees California's Medicaid program, known as Medi-Cal.
Department of Managed Health Care (DMHC)	The California Department of Managed Health Care that oversees California's managed care system. DMHC regulates health maintenance organizations licensed under the Knox Keene Health Care Service Plan Act of 1975, Health & Safety Code, Sections 1340 *et seq.*
Downstream Entity	Any party that enters into a written arrangement acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima Program benefit, below the level of the arrangement between CalOptima and a First Tier Entity. These written arrangements continue down to the level of the ultimate provider of both health and administrative services.
FDR ("FDR")	Means First Tier, Downstream or Related Entity, as separately defined herein.

Term	Definition
First Tier Entity (FTE)	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care services to a Member under a CalOptima program.
Fraud	Knowingly and willfully executing, or attempting to execute, a scheme or artifice to ~~deFraud~~defraud any health care benefit program or to obtain (by means of false or Fraudulent pretenses, representations, or promises) any of the money or property owned by, or under the custody or control of, any health care benefit program. (18 U.S.C. Section 1347.)
Member	A beneficiary ~~who is~~ enrolled in a CalOptima program.
Regulatory Agencies	For the purposes of this policy Regulatory Agencies include Centers for Medicare and Medicaid Services (CMS), Department of Health Care Services (DHCS), Department of Managed Health Care (DMHC), Health and Human Services Office of Inspector General (OIG) and Office of Civil Rights (OCR).
Related Entity	Any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to Members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.
Waste	The overutilization of services, or other practices that, directly or indirectly, result in unnecessary costs to a CalOptima Program. Waste is generally not considered to be caused by criminally negligent actions but rather the misuse of resources.

IX. GLOSSARY

Term	Definition
Abuse	Actions that may, directly or indirectly, result in unnecessary costs to a CalOptima program, improper payment, payment for services that fail to meet professionally recognized standards of care, or services that are medically unnecessary. Abuse involves payment for items or services when there is no legal entitlement to that payment and the provider has not knowingly and/or intentionally misrepresented facts to obtain payment. Abuse cannot be differentiated categorically from Fraud, because the distinction between "Fraud" and "Abuse" depends on specific facts and circumstances, intent and prior knowledge, and available evidence, among other factors.
Annual Risk Assessment Tool	A tool utilized to stratify (high, medium, low) audit results and corrective actions issued to identify specific CalOptima functional areas vulnerable to potential Compliance risk.
Audit & Oversight Committee (AOC)	CalOptima's Audit & Oversight Committee (AOC) is a subcommittee of the Compliance Committee and is responsible for overseeing the delegated and internal activities of CalOptima.
Centers for Medicare & Medicaid Services (CMS)	The federal agency within the United States Department of Health and Human Services (DHHS) that administers the Federal Medicare program and works in partnership with state governments to administer Medicaid programs.
Compliance Committee	That committee designated by the Chief Executive Officer (CEO) to implement and oversee the Compliance Program and to participate in carrying out the provisions of the Compliance Plan. The composition of the Compliance Committee shall consist of senior management staff that may include, but is not limited to, the: Chief Executive Officer; Chief Medical Officer; Chief Operating Officer; Chief Financial Officer; Compliance Officer; and Executive Director of Human Resources.
Corrective Action Plan (CAP)	A plan delineating specific identifiable activities or undertakings that address and are designed to correct program deficiencies or problems identified by formal audits or monitoring activities by CalOptima, the Centers of Medicare & Medicaid Services (CMS), Department of Health Care Services (DHCS), or designated representatives. FDRs and/or CalOptima departments may be required to complete CAPs to ensure compliance with statutory, regulatory, or contractual obligations and any other requirements identified by CalOptima and its regulators.
Department of Health Care Services (DHCS)	The California Department of Health Care Services, the State agency that oversees California's Medicaid program, known as Medi-Cal.
Department of Managed Health Care (DMHC)	The California Department of Managed Health Care that oversees California's managed care system. DMHC regulates health maintenance organizations licensed under the Knox Keene Health Care Service Plan Act of 1975, Health & Safety Code, Sections 1340 *et seq.*
Downstream Entity	Any party that enters into a written arrangement acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima Program benefit, below the level of the arrangement between CalOptima and a First Tier Entity. These written arrangements continue down to the level of the ultimate provider of both health and administrative services.
FDR ("FDR")	Means First Tier, Downstream or Related Entity, as separately defined herein.

Term	Definition
First Tier Entity (FTE)	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care services to a Member under a CalOptima program.
Fraud	Knowingly and willfully executing, or attempting to execute, a scheme or artifice to defraud any health care benefit program or to obtain (by means of false or Fraudulent pretenses, representations, or promises) any of the money or property owned by, or under the custody or control of, any health care benefit program. (18 U.S.C. Section 1347.)
Member	A beneficiary enrolled in a CalOptima program.
Regulatory Agencies	For the purposes of this policy Regulatory Agencies include Centers for Medicare and Medicaid Services (CMS), Department of Health Care Services (DHCS), Department of Managed Health Care (DMHC), Health and Human Services Office of Inspector General (OIG) and Office of Civil Rights (OCR).
Related Entity	Any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to Members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.
Waste	The overutilization of services, or other practices that, directly or indirectly, result in unnecessary costs to a CalOptima Program. Waste is generally not considered to be caused by criminally negligent actions but rather the misuse of resources.

Policy:	HH.2028Δ
Title:	**Code of Conduct**
Department:	Office of Compliance
Section:	Regulatory Affairs & Compliance
CEO Approval:	~~*Michael Schrader*~~
Effective Date:	09/01/2015
Revision Date:	TBD
Applicable to:	☒ Medi-Cal ☒ OneCare ☒ OneCare Connect ☒ PACE ☐ Administration

I. PURPOSE

This policy describes the process CalOptima utilizes to review, approve, and communicate its expectation that all Employees, members of its Governing Body, and First Tier, Downstream, and Related Entities (FDRs) conduct themselves in an ethical and legal manner and in compliance with the Code of Conduct.

II. POLICY

A. CalOptima requires that all members of the Governing Body, Employees, and FDRs to conduct themselves in an ethical and legal manner and in compliance with the Code of Conduct.

B. Failure to comply with the Code of Conduct or the guidelines for behavior that the Code of Conduct represents may lead to disciplinary action, up to and including termination. Employees and FDRs are expected to inform CalOptima's Office of Compliance immediately in the event of any violation(s) to the Code of Conduct, in accordance with CalOptima Policy HH.2019Δ: Reporting Suspected or Actual Fraud, Waste, or Abuse (FWA), Violations of Applicable Laws and Regulations, and/or CalOptima Policies.

C. Employees, members of the Governing Body, and FDRs shall provide attestations they have received, read, understood and will comply with the Code of Conduct upon appointment, hire, or the commencement of the contract and annually thereafter. Completion and attestation of such review of the Code of Conduct is a condition of continued appointment, employment, or contract services.

III. PROCEDURE

A. Reviewing and Approving the Code of Conduct

1. The Office of Compliance is responsible for ensuring a review of the current Code of Conduct, at least annually, or more frequently as needed. The following sources should be considered to determine if changes to the Code of Conduct are required:

   a. Changes in state and federal laws, or regulations;

   b. Changes in health care program requirements; and

c. Other guidance, as applicable.

2. Once approved by the Board of Directors, the Office of Compliance is responsible for ensuring the Code of Conduct is made available on CalOptima's InfoNet, and vendor and provider websites.

B. Distributing and Monitoring for CalOptima Employees

1. All CalOptima Employees shall receive CalOptima's Code of Conduct within ninety (90) calendar days of appointment, hire, or contracting, and at least annually thereafter, as well as when the Code of Conduct is modified.

2. If mid-year, or annual, revisions are made to the Code of Conduct, the Office of Compliance will inform the Human Resources Department, who will communicate to all Employees that an updated Code of Conduct is available and must be reviewed.

a. If the Code of Conduct is revised and distributed as part of the annual review, then the Human Resources Department shall distribute via web-based training, in accordance with CalOptima Policy HH.2023Δ: Compliance Training.

b. If there are revisions to the Code of Conduct that occur mid-year, the Human Resources Department shall compose and distribute an email to all Employees announcing an updated Code of Conduct is available on CalOptima's InfoNet and to electronically confirm receipt, review, and understanding of the updated Code of Conduct.

3. The Code of Conduct shall be communicated to all Employees through CalOptima's web-based learning management system or other means of distribution, in accordance with CalOptima Policy HH.2023Δ: Compliance Training.

C. Distributing and Monitoring for Members of the Governing Body

1. All members of CalOptima's Governing Body shall receive CalOptima's Code of Conduct within ninety (90) calendar days of appointment, at least annually thereafter, and when the Code of Conduct is modified.

2. If mid-year or annual revisions are made to the Code of Conduct, the Office of Compliance will inform the Clerk of the Board, who will communicate to all members of the Governing Body that an updated Code of Conduct is available and must be reviewed.

a. If the Code of Conduct is revised and distributed as part of the annual review, then the Human Resources Department shall distribute the Code of Conduct via web-based training, in accordance with CalOptima Policy HH.2023Δ: Compliance Training. The Clerk of the Board shall also provide a copy of the current Code of Conduct to all members of the Governing Body through a written memorandum and request an updated attestation to be executed from all members of the Governing Body.

b. If there are revisions to the Code of Conduct that occur mid-year, the Clerk of the Board shall compose and distribute a written memorandum to all members of the Governing Body announcing an updated Code of Conduct is available and to electronically confirm receipt, review, and understanding of the updated Code of Conduct.

D. Distributing and Monitoring for FDRs

1. The Office of Compliance shall ensure the updated Code of Conduct is uploaded on to CalOptima vendor and Provider websites.

2. Upon contracting, the Office of Compliance distributes an FDR compliance attestation package composed of a cover letter containing a link to direct FDRs to CalOptima's policies and procedures, and Code of Conduct, as well as instructions on how to access CMS training modules on the topics for Fraud, Waste, and Abuse, General Compliance, and HIPAA. The packet also contains an FDR and Offshore attestation that are due within thirty (30) calendar days (for existing FDRs) or sixty (60) calendar days (new FDRs).

3. All CalOptima FDRs shall receive CalOptima's Code of Conduct within ninety (90) calendar days of appointment, hire, or contracting, and at least annually thereafter, as well as when the Code of Conduct is modified. Additionally, the Code of Conduct is provided through the CalOptima vendor and Provider websites with notification of updates provided via email.

   a. Upon contracting and annually thereafter, FDRs shall confirm receipt and understanding of CalOptima's Code of Conduct via the initial and annual FDR attestation.

4. FDRs are required to disseminate copies of the CalOptima's Code of Conduct and policies and procedures to their employees, agents, and Downstream Entities, or distribute a comparable Compliance Plan and Code of Conduct. If the latter option, the FDR must submit a copy of its Compliance Plan and Code of Conduct to CalOptima's Office of Compliance for review, to ensure they meet CMS requirements.

5. Annually, the Office of Compliance shall request an updated attestation to be executed from all FDRs. Failure to submit the requested documents may result in issuance of a notice of non-compliance, in accordance with CalOptima Policy HH.2005Δ: Corrective Action Plan.

6. The Office of Compliance shall communicate any update(s) to compliance documents, with instructions to access the CalOptima vendor and provider websites, to all FDRs.

I. PURPOSE

This policy describes the process CalOptima utilizes to review, approve, and communicate its expectation that all Employees, members of its Governing Body, and First Tier, Downstream, and Related Entities (FDRs) conduct themselves in an ethical and legal manner and in compliance with the Code of Conduct.

II. POLICY

A. CalOptima requires that all members of the Governing Body, Employees, and FDRs to conduct themselves in an ethical and legal manner and in compliance with the Code of Conduct.

B. Failure to comply with the Code of Conduct or the guidelines for behavior that the Code of Conduct represents may lead to disciplinary action, up to and including termination. Employees and FDRs are expected to inform CalOptima's Office of Compliance immediately in the event of any violation(s) to the Code of Conduct, in accordance with CalOptima Policy HH.2019Δ: Reporting Suspected or Actual Fraud, Waste, or Abuse (FWA), Violations of Applicable Laws and Regulations, and/or CalOptima Policies.

C. Employees, members of the Governing Body, and FDRs shall provide attestations they have received, read, understood and will comply with the Code of Conduct upon appointment, hire, or the commencement of the contract and annually thereafter. Completion and attestation of such review of the Code of Conduct is a condition of continued appointment, employment, or contract services.

III. PROCEDURE

A. Reviewing and Approving the Code of Conduct

1. The Office of Compliance is responsible for ensuring a review of the current Code of Conduct, at least annually, or more frequently as needed. The following sources should be considered to determine if changes to the Code of Conduct are required:

   a. Changes in state and federal laws, or regulations;

   b. Changes in health care program requirements; and

c. Other guidance, as applicable.

2. Once approved by the Board of Directors, the Office of Compliance is responsible for ensuring the Code of Conduct is made available on CalOptima's InfoNet, and vendor and provider websites.

B. Distributing and Monitoring for CalOptima Employees

1. All CalOptima Employees shall receive CalOptima's Code of Conduct within ninety (90) calendar days of appointment, hire, or contracting, and at least annually thereafter, as well as when the Code of Conduct is modified.

2. If mid-year, or annual, revisions are made to the Code of Conduct, the Office of Compliance will inform the Human Resources Department, who will communicate to all Employees that an updated Code of Conduct is available and must be reviewed.

a. If the Code of Conduct is revised and distributed as part of the annual review, then the Human Resources Department shall distribute via web-based training, in accordance with CalOptima Policy HH.2023Δ: Compliance Training.

b. If there are revisions to the Code of Conduct that occur mid-year, the Human Resources Department shall compose and distribute an email to all Employees announcing an updated Code of Conduct is available on CalOptima's InfoNet and to electronically confirm receipt, review, and understanding of the updated Code of Conduct.

3. The Code of Conduct shall be communicated to all Employees through CalOptima's web-based learning management system or other means of distribution, in accordance with CalOptima Policy HH.2023Δ: Compliance Training.

C. Distributing and Monitoring for Members of the Governing Body

1. All members of CalOptima's Governing Body shall receive CalOptima's Code of Conduct within ninety (90) calendar days of appointment, at least annually thereafter, and when the Code of Conduct is modified.

2. If mid-year or annual revisions are made to the Code of Conduct, the Office of Compliance will inform the Clerk of the Board, who will communicate to all members of the Governing Body that an updated Code of Conduct is available and must be reviewed.

a. If the Code of Conduct is revised and distributed as part of the annual review, then the Human Resources Department shall distribute the Code of Conduct via web-based training, in accordance with CalOptima Policy HH.2023Δ: Compliance Training. The Clerk of the Board shall also provide a copy of the current Code of Conduct to all members of the Governing Body through a written memorandum and request an updated attestation to be executed from all members of the Governing Body.

b. If there are revisions to the Code of Conduct that occur mid-year, the Clerk of the Board shall compose and distribute a written memorandum to all members of the Governing Body announcing an updated Code of Conduct is available and to electronically confirm receipt, review, and understanding of the updated Code of Conduct.

D. Distributing and Monitoring for FDRs

1. The Office of Compliance shall ensure the updated Code of Conduct is uploaded on to CalOptima vendor and Provider websites.

2. Upon contracting, the Office of Compliance distributes an FDR compliance attestation package composed of a cover letter containing a link to direct FDRs to CalOptima's policies and procedures, and Code of Conduct, as well as instructions on how to access CMS training modules on the topics for Fraud, Waste, and Abuse, General Compliance, and HIPAA. The packet also contains an FDR and Offshore attestation that are due within thirty (30) calendar days (for existing FDRs) or sixty (60) calendar days (new FDRs).

3. All CalOptima FDRs shall receive CalOptima's Code of Conduct within ninety (90) calendar days of appointment, hire, or contracting, and at least annually thereafter, as well as when the Code of Conduct is modified. Additionally, the Code of Conduct is provided through the CalOptima vendor and Provider websites with notification of updates provided via email.

    a. Upon contracting and annually thereafter, FDRs shall confirm receipt and understanding of CalOptima's Code of Conduct via the initial and annual FDR attestation.

4. FDRs are required to disseminate copies of the CalOptima's Code of Conduct and policies and procedures to their employees, agents, and Downstream Entities, or distribute a comparable Compliance Plan and Code of Conduct. If the latter option, the FDR must submit a copy of its Compliance Plan and Code of Conduct to CalOptima's Office of Compliance for review, to ensure they meet CMS requirements.

5. Annually, the Office of Compliance shall request an updated attestation to be executed from all FDRs. Failure to submit the requested documents may result in issuance of a notice of non-compliance, in accordance with CalOptima Policy HH.2005Δ: Corrective Action Plan.

6. The Office of Compliance shall communicate any update(s) to compliance documents, with instructions to access the CalOptima vendor and provider websites, to all FDRs.

IX. GLOSSARY

Term	Definition
Code of Conduct	The statement setting forth the principles and standards governing CalOptima's activities to which Board Members, Employees, FDRs, and agents of CalOptima are expected to adhere.
Downstream Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima Program benefit, below the level of arrangement between CalOptima and a First Tier Entity. These written arrangements continue down to the level of the ultimate provider of both health and administrative services.
Employee	For purposes of this policy, any and all employees of CalOptima, including all senior management, officers, managers, supervisors and other employed personnel, as well as temporary employees and volunteers.
First Tier, Downstream, and Related Entities (FDR):	First Tier, Downstream or Related Entity, as separately defined herein. For the purposes of this policy, the term FDR includes delegated entities, contracted providers, Health Networks, Physician Medical Groups, Physician Hospital Consortia, and Health Maintenance Organizations.
First Tier Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care services to a Member under a CalOptima Program.
Governing Body	The Board of Directors of CalOptima.
Monitoring	Regular reviews directed by management and performed as part of normal operations to confirm ongoing compliance and to ensure that corrective actions are undertaken and effective.
Related Entity	Any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to Members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.

FDR COMPLIANCE ATTESTATION

Please complete and execute this attestation and return it to CalOptima's Office of Compliance via email Compliance@caloptima.org, or mail: CalOptima, Office of Compliance, Attn: Regulatory Affairs & Compliance Medicare Director~~Annie Phillips~~, 505 City Parkway West, Orange, CA 92868, within thirty (30) calendar days for ~~(~~existing FDRs~~)~~, or sixty (60) calendar days for ~~(~~new FDRs~~)~~ of this notice.

Which CalOptima program(s) does this form pertain to? Select all that apply:	☐OneCare Connect ☐PACE ☐Medi-Cal ☐OneCare ~~HMO SNP~~ ☐~~PACE~~

I hereby attest that [_____ (the "Organization")], and all its downstream entities, if any, that are involved in the provision of health or administrative services for any of the CalOptima programs identified above:

I. **General and HIPAA Compliance and Fraud, Waste and Abuse (FWA) Training**. Provide effective ~~Fraud, Waste and Abuse~~FWA training, General Compliance training, General HIPAA training to all Organization and downstream entity board members, officers, employees, temporary employees, and volunteers, within ninety (90) calendar days of appointment, hire or contracting, as applicable, and at least annually thereafter as a condition of appointment, employment or contracting. The Organization and its downstream entities currently use:

(Select all that apply):

☐ CMS's Fraud, Waste, and Abuse training, General Compliance training, and General HIPAA training module. (The Organization shall maintain records ~~per CMS retention requirement~~ as evidence of completed training)

☐ An internal training program that ~~meets~~ utilizes content available in the CMS's Fraud, Waste, and Abuse training, General Compliance training, and HIPAA training module requirements, or training content that is materially the same. (The Organization shall maintain records ~~per CMS retention requirement~~as evidence of completed training)

Note: If selecting an internal training program that ~~meets~~ aligns with CMS's FWA, HIPAA, and General Compliance, please submit a copy of your organization's trainings to CalOptima's Office of Compliance for review, and to ensure they meet CMS's requirements.

II. Administer specialized compliance training to Organization and downstream entity board members, employees, temporary employees, and volunteers ~~: (i) based on their job function~~ within the first ninety (90) days of hire and at least annually thereafter as ~~a~~ condition of appointment, employment or contracting. ~~requirements change; (iii) when such persons work in an area previously found to be non-compliant with program requirements or implicated in past misconduct.~~

Back to Agenda Back to Item

III. **Compliance Plan and Code of Conduct Requirements.** Have established and publicized compliance policies and procedures, standards of conduct, and compliance reference material that meet the requirements outlined in 42 CFR §422.503(b)(4)(vi)(A) and 42 CFR §423.504(b)(4)(vi)(A) which information, and any updates thereto, are distributed to all Organization and downstream entity board members, officers, employees, temporary employees, and volunteers within ninety (90) days of appointment, hire or contracting, as applicable, and at least annually thereafter. Evidence of receipt of such compliance by such persons is obtained and retained by the Organization.

(Select which applies to your organization):

☐ Organization has adopted, implemented, and distributed CalOptima's Compliance Plan and Code of Conduct (https://www.caloptima.org/en/About/GeneralCompliance/GeneralComplianceResourceLinks.aspx)

☐ Organization has distributed a comparable Compliance Plan and Code of Conduct
Note: If selecting a comparable Compliance Plan and Code of Conduct, please submit a copy of your organization's Compliance Plan and Code of Conduct to CalOptima's Office of Compliance for review, and to ensure they meet CMS's requirements.

IV. **Exclusion Monitoring**. Review all Organization and downstream entity board members, officers, potential and actual employees, temporary employees, and volunteers against the {Medi-Cal Suspended and Ineligible Provider List} (S & I Medi-Cal), {Health and Human Services} (HHS), {Office of Inspector General} (OIG) List of Excluded Individuals & Entities list, {System for Award Management} (SAM)/{General Services Administration} (GSA) Debarment list, Centers for Medicare & Medicaid Services (CMS) Preclusion List (as applicable), (hereafter "Lists") upon appointment, hire or contracting, as applicable, and monthly thereafter. Further, in the event that the Organization or downstream entity becomes aware that any of the foregoing persons or entities are included on these Lists, the Organization will notify CalOptima within five (5) calendar days, the relationship with the listed person/entity will be terminated as it relates to CalOptima, and appropriate corrective action will be taken.

V. **Conflict of Interest**. Screen the Organization and its subcontractors' governing bodies for conflicts of interest as defined in state and federal law and CalOptima policies and procedures upon hire or contracting and annually thereafter.

VI. **Reporting of FWA/Non-Compliance**. Will report suspected fraud, waste, and abuse, as well as all other forms of non-compliance, as it relates to CalOptima, confidentially and anonymously.

VII. **Disciplinary Action**. Understand that any violation of any laws, regulations, or CalOptima policies and procedures are grounds for disciplinary action, up to and including termination of Organization's contractual status.

VIII. **Non-Retaliation**. Are aware that persons reporting suspected fraud, waste, and abuse, and other non-compliance are protected from retaliation under the False Claims Act and other applicable laws prohibiting retaliation.

IX. **Records Management**. Retain documented evidence of compliance with the above, including training and exclusion screening (i.e. sign-in sheets, certificates, attestations, OIG and GSA search results, etc.) for at least ten (10) years, and provide such documentation to CalOptima upon request.

The individual signing below is knowledgeable about and authorized to attest to the foregoing matters on behalf of the Organization.

FDR COMPLIANCE ATTESTATION

Please complete and execute this attestation and return it to CalOptima's Office of Compliance via email Compliance@caloptima.org, or mail: CalOptima, Office of Compliance, Attn: Regulatory Affairs & Compliance Medicare Director, 505 City Parkway West, Orange, CA 92868, within thirty (30) calendar days for existing FDRs, or sixty (60) calendar days for new FDRs of this notice.

Which CalOptima program(s) does this form pertain to? Select all that apply:	☐ OneCare Connect ☐ PACE ☐ Medi-Cal ☐ OneCare

I hereby attest that [_____ (the "Organization")], and all its downstream entities, if any, that are involved in the provision of health or administrative services for any of the CalOptima programs identified above:

I. **General and HIPAA Compliance and Fraud, Waste and Abuse (FWA) Training**. Provide effective FWA training, General Compliance training, General HIPAA training to all Organization and downstream entity board members, officers, employees, temporary employees, and volunteers, within ninety (90) calendar days of appointment, hire or contracting, as applicable, and at least annually thereafter as a condition of appointment, employment or contracting. The Organization and its downstream entities currently use:

(Select all that apply):

☐ CMS's Fraud, Waste, and Abuse training, General Compliance training, and General HIPAA training module. (The Organization shall maintain records as evidence of completed training)

☐ An internal training program that utilizes content available in the CMS's Fraud, Waste, and Abuse training, General Compliance training, and HIPAA training module requirements, or training content that is materially the same. (The Organization shall maintain records as evidence of completed training)

Note: If selecting an internal training program that aligns with CMS's FWA, HIPAA, and General Compliance, please submit a copy of your organization's trainings to CalOptima's Office of Compliance for review, and to ensure they meet CMS's requirements.

II. Administer specialized compliance training to Organization and downstream entity board members, employees, temporary employees, and volunteers within the first ninety (90) days of hire and at least annually thereafter as a condition of appointment, employment or contracting.

Back to Agenda Back to Item

III. **Compliance Plan and Code of Conduct Requirements.** Have established and publicized compliance policies and procedures, standards of conduct, and compliance reference material that meet the requirements outlined in 42 CFR §422.503(b)(4)(vi)(A) and 42 CFR §423.504(b)(4)(vi)(A) which information, and any updates thereto, are distributed to all Organization and downstream entity board members, officers, employees, temporary employees, and volunteers within ninety (90) days of appointment, hire or contracting, as applicable, and at least annually thereafter. Evidence of receipt of such compliance by such persons is obtained and retained by the Organization.

(Select which applies to your organization):

☐ Organization has adopted, implemented, and distributed CalOptima's Compliance Plan and Code of Conduct (https://www.caloptima.org/en/About/GeneralCompliance/GeneralComplianceResourceLinks.aspx)

☐ Organization has distributed a comparable Compliance Plan and Code of Conduct
Note: If selecting a comparable Compliance Plan and Code of Conduct, please submit a copy of your organization's Compliance Plan and Code of Conduct to CalOptima's Office of Compliance for review to ensure they meet CMS's requirements.

IV. **Exclusion Monitoring**. Review all Organization and downstream entity board members, officers, potential and actual employees, temporary employees, and volunteers against the Medi-Cal Suspended and Ineligible Provider List (S & I Medi-Cal), Health and Human Services (HHS), Office of Inspector General (OIG) List of Excluded Individuals & Entities list, System for Award Management (SAM)/General Services Administration (GSA) Debarment list, Centers for Medicare & Medicaid Services (CMS) Preclusion List (as applicable), (hereafter "Lists") upon appointment, hire or contracting, as applicable, and monthly thereafter. Further, in the event that the Organization or downstream entity becomes aware that any of the foregoing persons or entities are included on these Lists, the Organization will notify CalOptima within five (5) calendar days, the relationship with the listed person/entity will be terminated as it relates to CalOptima, and appropriate corrective action will be taken.

V. **Conflict of Interest**. Screen the Organization and its subcontractors' governing bodies for conflicts of interest as defined in state and federal law and CalOptima policies and procedures upon hire or contracting and annually thereafter.

VI. **Reporting of FWA/Non-Compliance**. Will report suspected fraud, waste, and abuse, as well as all other forms of non-compliance, as it relates to CalOptima, confidentially and anonymously.

VII. **Disciplinary Action**. Understand that any violation of any laws, regulations, or CalOptima policies and procedures are grounds for disciplinary action, up to and including termination of Organization's contractual status.

VIII. **Non-Retaliation**. Are aware that persons reporting suspected fraud, waste, and abuse, and other non-compliance are protected from retaliation under the False Claims Act and other applicable laws prohibiting retaliation.

IX. **Records Management**. Retain documented evidence of compliance with the above, including training and exclusion screening (i.e. sign-in sheets, certificates, attestations, OIG and GSA search results, etc.) for at least ten (10) years, and provide such documentation to CalOptima upon request.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken December 3, 2020
Regular Meeting of the CalOptima Board of Directors

Report Item

24. Consider Approval of Modifications to CalOptima Policy FF.1007: Health Network Reinsurance Coverage and FF.4000 Whole-Child Model – Financial Reimbursement for Capitated Health Networks

Contact

Nancy Huang, Chief Financial Officer, (657) 235-6935

Recommended Actions

Approve modifications to the following policies pursuant to CalOptima's annual policy review process:

1. CalOptima Policy FF.1007: Health Network Reinsurance Coverage; and
2. CalOptima Policy FF.4000: Whole-Child Model – Financial Reimbursement for Capitated Health Networks

Background

CalOptima establishes new and modifies existing policies and procedures to implement federal and state laws, regulations, contracts, and business practices. In addition, CalOptima staff performs an annual policy review to update internal policies and procedures to ensure compliance with applicable requirements. Effective January 1, 2021, the Department of Health Care Service (DHCS) was planning to transition the pharmacy benefit for Medi-Cal beneficiaries from managed care plans to a fee-for-service program administered at the state level (i.e., Medi-Cal Rx). On November 16, 2020, DHCS announced the transition date has been postponed until April 1, 2021.

Discussion

Staff recommends revisions to the following CalOptima policies in consideration of this change:

- CalOptima Policy FF.1007: Health Network Reinsurance Coverage. This policy sets forth CalOptima's reinsurance coverage for Health Networks, excluding any Health Maintenance Organizations (HMOs) that are financially at-risk for catastrophic claims. CalOptima staff has proposed revisions to this policy pursuant to the CalOptima annual review process to ensure alignment with current operational systems and regulatory requirements.

- CalOptima Policy FF.4000: Whole-Child Model – Financial Reimbursement for Capitated Health Networks. This policy establishes the reimbursement process for CalOptima to distribute Whole-Child Model (WCM) payments timely and accurately to health networks, including HMOs, Physician Hospital Consortia (PHC), and Shared Risk Groups (SRG). CalOptima revised this policy pursuant to the CalOptima annual review process to ensure compliance with DHCS All Plan Letter (APL) 17-003: Treatment of Recoveries Made by the Managed Care Health Plan of Overpayment to Providers, and regulatory requirements of Medi-Cal Rx carve-out. Proposed revisions to this policy include adding an email address to submit an appeal for WCM reimbursement, and clarifying that effective with the transition to Medi-Cal Rx, pharmacy expenses provided to California Children's Services (CCS) eligible Kaiser members will be excluded from the policy.

Back to Agenda

Fiscal Impact
The recommended action to approve revisions to existing CalOptima financial policies and procedures is operational in nature and has no additional fiscal impact beyond what was incorporated in the CalOptima Fiscal Year 2020-21 Operating Budget approved by the Board on June 4, 2020.

Rationale for Recommendation
The recommended action will enhance the efficiency of CalOptima's operations and governance and ensure compliance with applicable regulatory requirements.

Concurrence
Gary Crockett, Chief Counsel

Policy:	FF.1007
Title:	**Health Network Reinsurance Coverage**
Department:	Finance
Section:	Not Applicable
CEO Approval:	
Effective Date:	07/01/2010
Revised Date:	
Applicable to:	☒ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☐ Administrative

I. PURPOSE

This policy sets forth CalOptima's reinsurance coverage for Health Networks, excluding any Health Maintenance Organizations (HMOs) that are financially at-risk for catastrophic claims.

II. POLICY

A. CalOptima shall provide reinsurance coverage to its eligible Health Networks, in accordance with this policy.

B. Effective on the Department of Health Care Services (DHCS) approved Whole Child Model (WCM) program implementation date, no sooner than July 1, 2019, claims for services to Members eligible for California Children's Services (CCS) Program shall be excluded from this Policy.

C. The coverage period for this policy is each CalOptima fiscal year beginning 12:01 a.m. Pacific Time (PT) July 1 through 12:00 a.m. PT June 30.

D. Reinsurance coverage applies to claims incurred within the coverage period and paid by the eligible Health Network no later than six (6) months after the end of the coverage period.

E. An eligible Health Network shall submit reinsurance claims to CalOptima no later than December 31 following the end of the previous fiscal year to be eligible for reimbursement:

1. An eligible HMO may submit reinsurance claims for covered hospital and covered physician expenses;

2. A Primary Physician Group may submit reinsurance claims for covered physician expenses;

3. A Primary Hospital may submit reinsurance claims for covered hospital expenses; and

4. A Shared Risk Group (SRG) may submit reinsurance claims for covered physician expenses.

F. CalOptima shall identify reinsurance claims and payment of benefits for hospital expenses for Members assigned to an SRG, in accordance with CalOptima Policy FF.1010: Shared Risk Pool.

G. Covered expenses include those Covered Services that are delegated to an eligible Health Network, and Shared Risk services, as defined in the Division of Financial Responsibility (DOFR) between

Back to Agenda Back to Item

CalOptima and the eligible Health Network, except those services listed in Section II.H of this Policy.

1. Covered hospital expenses are either:

   a. Those Covered Services listed in the DOFR between CalOptima and a Primary Hospital in the Contract for Health Care Services – Hospital; or

   b. Those Covered Services listed in the DOFR between CalOptima and an eligible HMO in the Contract for Health Care Services; or

   c. Shared Risk services listed in the DOFR between CalOptima and a Shared Risk Group in the Contract for Health Care Services – Physician (Shared Risk).

2. Covered physician expenses are either:

   a. Those Covered Services listed in the DOFR between CalOptima and a Primary Physician Group in the Contract for Health Care Services – Physician; or

   b. Those Covered Services listed in the DOFR between CalOptima and an eligible HMO in the Contract for Health Care Services; or

   c. Shared Risk services listed in the DOFR between CalOptima and a Shared Risk Group in the Contract for Health Care Services – Physician (Shared Risk).

H. Covered expenses exclude Capitation Payments, and any other non-Covered Service, exclusion, or Covered Service that is not a Shared Risk service that is the financial responsibility of CalOptima. This includes covered Transplant services, and Health Network Transplant claims denied for payment due to administrative reasons (e.g., timeliness).

I. Covered expenses are subject to the following limitations:

1. Hospital services:

   a. For contracted hospital inpatient services, the lesser of the amount paid for covered hospital expenses, the negotiated rate, billed charges, or the Contracted CalOptima Direct (COD) Hospital Rate, averaged over the entire length of stay or stays.

   b. For non-contracted hospital inpatient services, the lesser of the amount paid for covered hospital expenses, the negotiated rate, billed charges, or the non-contracted COD hospital rate, averaged over the entire length of stay or stays.

      i. For non-contracted emergency hospital inpatient services, the lesser of the amount paid for covered hospital expenses, the negotiated rate, or billed charges, averaged over the entire length of stay or stays, up to the amount specified for non-contracted emergency hospital inpatient services in CalOptima Policy FF.1003: Payment for Covered Services Rendered to a Member of CalOptima Direct, or a Member Enrolled in a Shared Risk Group.

      ii. For non-contracted post-stabilization inpatient services, up to the amount specified for non-contracted post-stabilization inpatient services, in accordance with CalOptima Policy FF.1003: Payment for Covered Services Rendered to a Member of CalOptima Direct, or a Member Enrolled in a Shared Risk Group; and Policy FF.2001: Claims

Processing for Covered Services Rendered to CalOptima Direct-Administrative Members, CalOptima Community Network Members, or Members Enrolled in a Shared Risk Group.

iii. For non-contracted out-of-state emergency hospital inpatient services, the lesser of the amount paid for covered hospital expenses, the negotiated rate, or billed charges, averaged over the entire length of stay or stays, up to the All Patient Refined Diagnosis-Related Groups (APR-DRG) paid by Medi-Cal Fee-For-Service for out-of-State hospital inpatient services.

c. All calculations shall be made prior to the application of Deductible or coinsurance. CalOptima shall accept a completed UB-04 form as proof of payment for capitated hospital services. A hospital shall not include any loss for home health services or outpatient services, or for days of confinement in an extended care facility or rehabilitation facility.

2. Physician services:

a. The lesser of the amount paid for covered physician expenses or:

i. One hundred twenty-nine percent (129%) of the current CalOptima Medi-Cal Fee Schedule in effect on the date of service; or

ii. Fifty percent (50%) of the amount paid if Medi-Cal has no value for the five-digit numerical Current Procedural Terminology (CPT) code, Healthcare Common Procedure Coding System (HCPCS) code, or other code as assigned by the Department of Health Care Services (DHCS).

b. The above calculation shall be made prior to the application of Deductible or coinsurance. CalOptima shall accept a completed CMS-1500 form as proof of payment for capitated physician services.

3. Hemodialysis services: Limited to one thousand dollars ($1,000) per calendar day.

4. Chemotherapy drugs and related services: Limited to one thousand dollars ($1,000) per calendar day, for services billed as a medical claim.

5. In the absence of other limitations, CalOptima shall calculate covered expenses by summing all hospital or physician covered expenses per Member~~s~~ per coverage period, as applicable by Section II.E of this Policy, subject to the annual Deductible.

J. Annual Deductibles are as follows:

1. Hospital Deductible:

a. One hundred fifty thousand dollars ($150,000) of covered hospital expenses per Member~~s~~ during the coverage period.

b. Subject to the terms of this policy, CalOptima shall reimburse eighty percent (80%) of the expenses after a Deductible of one hundred fifty thousand dollars ($150,000) is applied.

2. Physician Deductible:

a. Seventeen thousand dollars ($17,000) of covered physician expenses per Member~~s~~ during the coverage period.

b. Subject to the terms of this policy, CalOptima shall reimburse eighty percent (80%) of the expenses after a Deductible of seventeen thousand dollars ($17,000) is applied.

K. The maximum reinsurance amount payable under this policy for covered expenses for a Member~~s~~ is calculated on the basis of one million dollars ($1,000,000) of coverage per Member~~s~~ per coverage period, minus the applicable annual Deductible and coinsurance, and subject to any limitations noted in this Policy.

III. PROCEDURE

A. Process to submit reinsurance claims for covered expenses, except hospital expenses for a Member~~s~~ assigned to a Shared Risk Group:

1. An eligible Health Network shall submit reinsurance claims on a quarterly basis, no later than the twentieth (20th) calendar day of the month following the end of a quarter.

2. An eligible Health Network shall submit reinsurance claims using CalOptima's proprietary format and file naming convention, as described in the Reinsurance Field Names and Values for Electronic File Transmission. An eligible Health Network may submit the reinsurance claims file by transmitting an encrypted electronic mail to reinsurance@caloptima.org, submitting electronically to CalOptima's secure FTP site, or by mailing an encrypted Universal Serial Bus (USB) flash drive, compact disk (CD) or Digital Versatile Disc (DVD) to:

   Attention: Coding Initiatives Department—Reinsurance Claims
   CalOptima
   505 City Parkway West
   Orange, CA 92868

3. Reinsurance claims shall include:

   a. Claims paid by an eligible Health Network during that quarter only; or

   b. Claims detail for qualified Members who reached the annual Deductible.

4. Upon request, an eligible Health Network shall provide detailed support, within ten (10) business days, for any individual claim for which billed charges are greater than, or equal to, ten thousand dollars ($10,000), including copies of the claim form, cancelled check, explanation of benefits (EOB), Remittance Advice Detail (RAD), and other information, as requested by CalOptima. All non-contracted emergency hospital inpatient claims require submission of the authorization distinguishing days considered emergency and post-stabilization.

5. CalOptima shall notify an eligible Health Network of file acceptance or rejection within ten (10) business days after receipt.

   a. CalOptima may reject a file for any missing information or incorrect data.

   b. If CalOptima rejects a file, the eligible Health Network shall resubmit a corrected file within five (5) business days from receipt of notification from CalOptima.

6. CalOptima shall provide an eligible Health Network with detailed reports of claims processed within forty-five (45) business days after the quarter end submission date.

7. An eligible Health Network may appeal claim denials and underpayments within sixty (60) business days after the date of CalOptima's RAD.

   a. The eligible Health Network shall submit a request for appeal, in writing, to CalOptima at reinsurance@caloptima.org or by U.S. mail to:

      Attention: Coding Initiatives Department—Reinsurance Claims
      CalOptima
      505 City Parkway West
      Orange, CA 92868

   b. The eligible Health Network shall submit the appeals claims submission file in the same format as the initial claims submission, in accordance with the Reinsurance Field Names and Values for Electronic File Transmission.

   c. An appeals claims submission file shall only include specific claims to be reconsidered.

   d. The eligible Health Network shall provide detailed claims support for each claim, including copies of the claim form, cancelled check, EOB, RAD, or any other information, as requested by CalOptima.

   e. CalOptima shall notify the eligible Health Network of file acceptance or rejection within ten (10) business days after receipt of the appeal file.

      i. CalOptima may reject a file for any missing information or incorrect data.

      ii. If CalOptima rejects a file, the eligible Health Network shall resubmit a corrected file within five (5) business days after receipt of notification from CalOptima.

   f. CalOptima shall process an appeal and provide an eligible Health Network with detailed reports within forty-five (45) business days after receipt of the appeal.

B. If a loss exceeds, or is expected to exceed, the annual Deductible by ten thousand dollars ($10,000), CalOptima may appoint CalOptima staff to represent CalOptima's interest in the ongoing administration of the loss. An eligible Health Network shall cooperate with CalOptima staff in the ongoing administration of the loss.

C. In the event of termination of the Contract for Health Care Services between an eligible Health Network and CalOptima, the coverage period shall end three (3) months after the termination date. A terminated eligible Health Network shall submit reinsurance claims no later than six (6) months after the termination date in order to receive reimbursement.

D. An eligible Health Network shall make books and records available to CalOptima for inspection and audit at any time during normal business hours in accordance with the Contract for Health Care Services.

IX. GLOSSARY

Term	Definition
California Children's Services (CCS) Program	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible persons under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.
CalOptima Direct (COD)	A direct health care program operated by CalOptima that includes both COD-Administrative (COD-A) and CalOptima Community Network (CCN) and provides services to Members who meet certain eligibility criteria as described in Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.
Capitation Payment	The monthly amount paid to a Health Network by CalOptima for delivery of Covered Services to Members, which is determined by multiplying the applicable Capitation Rate by a Health Network's monthly enrollment based upon Aid Code, age, and gender.
Contract for Health Care Services	The written instrument between CalOptima and Physicians, Hospitals, Health Maintenance Organizations (HMO), or other entities. Contract shall include any Memoranda of Understanding entered into by CalOptima that is binding on a Physician Hospital Consortium (PHC) or HMO, DHCS Medi-Cal Managed Care Division Policy Letters, Contract Interpretation, and Financial Bulletins issued pursuant to the Contract.
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program effective July 1, 2019, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127), for HHP Members with eligible physical chronic conditions and substance use disorders, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members notwithstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.~~Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as Covered Services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), which shall be covered for Members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.~~

Term	Definition
Deductible	For purposes of this policy, the amount set forth in Section III.I of this policy, which the eligible Health Network must pay in eligible expenses on behalf of a Member during the coverage period, before CalOptima is responsible for reimbursing the eligible Health Network eighty percent (80%) of eligible expenses for that Member.
Department of Health Care Services (DHCS)	The single State Department responsible for administration of the Medi-Cal program, California Children Services (CCS), Genetically Handicapped Persons Program (GHPP), Child Health and Disabilities Prevention (CHDP), and other health related programs.
Division of Financial Responsibility (DOFR)	A matrix that identifies how CalOptima identifies the responsible parties for components of medical associated with the provision of Covered Services. The responsible parties include, but are not limited to, Physician, Hospital, CalOptima and the County of Orange.
Health Maintenance Organization (HMO)	A health care service plan, as defined in the Knox-Keene Health Care Service Plan Act of 1975, as amended, commencing with Section 1340 of the California Health and Safety Code.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Primary Hospital	A hospital contracted with CalOptima on a capitated and delegated basis as the hospital partner of a Physician Hospital Consortium (PHC).
Primary Physician Group	A physician group contracted with CalOptima on a capitated and delegated basis as the physician partner of a Physician Hospital Consortium (PHC).
Remittance Advice Detail (RAD)	A summary report, by claim, that supports the detail payment, denial, or adjustment made by check.
Shared Risk Group	A Health Network that accepts delegated clinical and financial responsibility for professional services for assigned Members, as defined by written contract and enters into a risk sharing agreement with CalOptima as the responsible partner for facility services.
Transplant	A Non-Experimental Procedure for human tissue or organ Transplant.
Whole-Child Model (WCM)	An organized delivery system that will ensure comprehensive, coordinated services through enhanced partnerships among Medi-Cal managed care plans, children's hospitals and specialty care providers.

Applicable to:	☒ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☐ Administrative

I. PURPOSE

This policy sets forth CalOptima's reinsurance coverage for Health Networks, excluding any Health Maintenance Organizations (HMOs) that are financially at-risk for catastrophic claims.

II. POLICY

A. CalOptima shall provide reinsurance coverage to its eligible Health Networks, in accordance with this policy.

B. Effective on the Department of Health Care Services (DHCS) approved Whole Child Model (WCM) program implementation date, no sooner than July 1, 2019, claims for services to Members eligible for California Children's Services (CCS) Program shall be excluded from this Policy.

C. The coverage period for this policy is each CalOptima fiscal year beginning 12:01 a.m. Pacific Time (PT) July 1 through 12:00 a.m. PT June 30.

D. Reinsurance coverage applies to claims incurred within the coverage period and paid by the eligible Health Network no later than six (6) months after the end of the coverage period.

E. An eligible Health Network shall submit reinsurance claims to CalOptima no later than December 31 following the end of the previous fiscal year to be eligible for reimbursement:

1. An eligible HMO may submit reinsurance claims for covered hospital and covered physician expenses;

2. A Primary Physician Group may submit reinsurance claims for covered physician expenses;

3. A Primary Hospital may submit reinsurance claims for covered hospital expenses; and

4. A Shared Risk Group (SRG) may submit reinsurance claims for covered physician expenses.

F. CalOptima shall identify reinsurance claims and payment of benefits for hospital expenses for Members assigned to an SRG, in accordance with CalOptima Policy FF.1010: Shared Risk Pool.

G. Covered expenses include those Covered Services that are delegated to an eligible Health Network, and Shared Risk services, as defined in the Division of Financial Responsibility (DOFR) between

Back to Agenda Back to Item

CalOptima and the eligible Health Network, except those services listed in Section II.H of this Policy.

1. Covered hospital expenses are either:

   a. Those Covered Services listed in the DOFR between CalOptima and a Primary Hospital in the Contract for Health Care Services – Hospital; or

   b. Those Covered Services listed in the DOFR between CalOptima and an eligible HMO in the Contract for Health Care Services; or

   c. Shared Risk services listed in the DOFR between CalOptima and a Shared Risk Group in the Contract for Health Care Services – Physician (Shared Risk).

2. Covered physician expenses are either:

   a. Those Covered Services listed in the DOFR between CalOptima and a Primary Physician Group in the Contract for Health Care Services – Physician; or

   b. Those Covered Services listed in the DOFR between CalOptima and an eligible HMO in the Contract for Health Care Services; or

   c. Shared Risk services listed in the DOFR between CalOptima and a Shared Risk Group in the Contract for Health Care Services – Physician (Shared Risk).

H. Covered expenses exclude Capitation Payments, and any other non-Covered Service, exclusion, or Covered Service that is not a Shared Risk service that is the financial responsibility of CalOptima. This includes covered Transplant services, and Health Network Transplant claims denied for payment due to administrative reasons (e.g., timeliness).

I. Covered expenses are subject to the following limitations:

1. Hospital services:

   a. For contracted hospital inpatient services, the lesser of the amount paid for covered hospital expenses, the negotiated rate, billed charges, or the Contracted CalOptima Direct (COD) Hospital Rate, averaged over the entire length of stay or stays.

   b. For non-contracted hospital inpatient services, the lesser of the amount paid for covered hospital expenses, the negotiated rate, billed charges, or the non-contracted COD hospital rate, averaged over the entire length of stay or stays.

      i. For non-contracted emergency hospital inpatient services, the lesser of the amount paid for covered hospital expenses, the negotiated rate, or billed charges, averaged over the entire length of stay or stays, up to the amount specified for non-contracted emergency hospital inpatient services in CalOptima Policy FF.1003: Payment for Covered Services Rendered to a Member of CalOptima Direct, or a Member Enrolled in a Shared Risk Group.

      ii. For non-contracted post-stabilization inpatient services, up to the amount specified for non-contracted post-stabilization inpatient services, in accordance with CalOptima Policy FF.1003: Payment for Covered Services Rendered to a Member of CalOptima Direct, or a Member Enrolled in a Shared Risk Group; and Policy FF.2001: Claims

Processing for Covered Services Rendered to CalOptima Direct-Administrative Members, CalOptima Community Network Members, or Members Enrolled in a Shared Risk Group.

iii. For non-contracted out-of-state emergency hospital inpatient services, the lesser of the amount paid for covered hospital expenses, the negotiated rate, or billed charges, averaged over the entire length of stay or stays, up to the All Patient Refined Diagnosis-Related Groups (APR-DRG) paid by Medi-Cal Fee-For-Service for out-of-State hospital inpatient services.

c. All calculations shall be made prior to the application of Deductible or coinsurance. CalOptima shall accept a completed UB-04 form as proof of payment for capitated hospital services. A hospital shall not include any loss for home health services or outpatient services, or for days of confinement in an extended care facility or rehabilitation facility.

2. Physician services:

a. The lesser of the amount paid for covered physician expenses or:

i. One hundred twenty-nine percent (129%) of the current CalOptima Medi-Cal Fee Schedule in effect on the date of service; or

ii. Fifty percent (50%) of the amount paid if Medi-Cal has no value for the five-digit numerical Current Procedural Terminology (CPT) code, Healthcare Common Procedure Coding System (HCPCS) code, or other code as assigned by the Department of Health Care Services (DHCS).

b. The above calculation shall be made prior to the application of Deductible or coinsurance. CalOptima shall accept a completed CMS-1500 form as proof of payment for capitated physician services.

3. Hemodialysis services: Limited to one thousand dollars ($1,000) per calendar day.

4. Chemotherapy drugs and related services: Limited to one thousand dollars ($1,000) per calendar day, for services billed as a medical claim.

5. In the absence of other limitations, CalOptima shall calculate covered expenses by summing all hospital or physician covered expenses per Member per coverage period, as applicable by Section II.E of this Policy, subject to the annual Deductible.

J. Annual Deductibles are as follows:

1. Hospital Deductible:

a. One hundred fifty thousand dollars ($150,000) of covered hospital expenses per Member during the coverage period.

b. Subject to the terms of this policy, CalOptima shall reimburse eighty percent (80%) of the expenses after a Deductible of one hundred fifty thousand dollars ($150,000) is applied.

2. Physician Deductible:

a. Seventeen thousand dollars ($17,000) of covered physician expenses per Member during the coverage period.

b. Subject to the terms of this policy, CalOptima shall reimburse eighty percent (80%) of the expenses after a Deductible of seventeen thousand dollars ($17,000) is applied.

K. The maximum reinsurance amount payable under this policy for covered expenses for a Member is calculated on the basis of one million dollars ($1,000,000) of coverage per Member per coverage period, minus the applicable annual Deductible and coinsurance, and subject to any limitations noted in this Policy.

III. PROCEDURE

A. Process to submit reinsurance claims for covered expenses, except hospital expenses for a Member assigned to a Shared Risk Group:

1. An eligible Health Network shall submit reinsurance claims on a quarterly basis, no later than the twentieth (20th) calendar day of the month following the end of a quarter.

2. An eligible Health Network shall submit reinsurance claims using CalOptima's proprietary format and file naming convention, as described in the Reinsurance Field Names and Values for Electronic File Transmission. An eligible Health Network may submit the reinsurance claims file by transmitting an encrypted electronic mail to reinsurance@caloptima.org, submitting electronically to CalOptima's secure FTP site, or by mailing an encrypted Universal Serial Bus (USB) flash drive, compact disk (CD) or Digital Versatile Disc (DVD) to:

   Attention: Coding Initiatives Department—Reinsurance Claims
   CalOptima
   505 City Parkway West
   Orange, CA 92868

3. Reinsurance claims shall include:

   a. Claims paid by an eligible Health Network during that quarter only; or

   b. Claims detail for qualified Members who reached the annual Deductible.

4. Upon request, an eligible Health Network shall provide detailed support, within ten (10) business days, for any individual claim for which billed charges are greater than, or equal to, ten thousand dollars ($10,000), including copies of the claim form, cancelled check, explanation of benefits (EOB), Remittance Advice Detail (RAD), and other information, as requested by CalOptima. All non-contracted emergency hospital inpatient claims require submission of the authorization distinguishing days considered emergency and post-stabilization.

5. CalOptima shall notify an eligible Health Network of file acceptance or rejection within ten (10) business days after receipt.

   a. CalOptima may reject a file for any missing information or incorrect data.

   b. If CalOptima rejects a file, the eligible Health Network shall resubmit a corrected file within five (5) business days from receipt of notification from CalOptima.

6. CalOptima shall provide an eligible Health Network with detailed reports of claims processed within forty-five (45) business days after the quarter end submission date.

7. An eligible Health Network may appeal claim denials and underpayments within sixty (60) business days after the date of CalOptima's RAD.

   a. The eligible Health Network shall submit a request for appeal, in writing, to CalOptima at reinsurance@caloptima.org or by U.S. mail to:

      Attention: Coding Initiatives Department—Reinsurance Claims
      CalOptima
      505 City Parkway West
      Orange, CA 92868

   b. The eligible Health Network shall submit the appeals claims submission file in the same format as the initial claims submission, in accordance with the Reinsurance Field Names and Values for Electronic File Transmission.

   c. An appeals claims submission file shall only include specific claims to be reconsidered.

   d. The eligible Health Network shall provide detailed claims support for each claim, including copies of the claim form, cancelled check, EOB, RAD, or any other information, as requested by CalOptima.

   e. CalOptima shall notify the eligible Health Network of file acceptance or rejection within ten (10) business days after receipt of the appeal file.

      i. CalOptima may reject a file for any missing information or incorrect data.

      ii. If CalOptima rejects a file, the eligible Health Network shall resubmit a corrected file within five (5) business days after receipt of notification from CalOptima.

   f. CalOptima shall process an appeal and provide an eligible Health Network with detailed reports within forty-five (45) business days after receipt of the appeal.

B. If a loss exceeds, or is expected to exceed, the annual Deductible by ten thousand dollars ($10,000), CalOptima may appoint CalOptima staff to represent CalOptima's interest in the ongoing administration of the loss. An eligible Health Network shall cooperate with CalOptima staff in the ongoing administration of the loss.

C. In the event of termination of the Contract for Health Care Services between an eligible Health Network and CalOptima, the coverage period shall end three (3) months after the termination date. A terminated eligible Health Network shall submit reinsurance claims no later than six (6) months after the termination date in order to receive reimbursement.

D. An eligible Health Network shall make books and records available to CalOptima for inspection and audit at any time during normal business hours in accordance with the Contract for Health Care Services.

IX. GLOSSARY

Term	Definition
California Children's Services (CCS) Program	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible persons under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.
CalOptima Direct (COD)	A direct health care program operated by CalOptima that includes both COD-Administrative (COD-A) and CalOptima Community Network (CCN) and provides services to Members who meet certain eligibility criteria as described in Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.
Capitation Payment	The monthly amount paid to a Health Network by CalOptima for delivery of Covered Services to Members, which is determined by multiplying the applicable Capitation Rate by a Health Network's monthly enrollment based upon Aid Code, age, and gender.
Contract for Health Care Services	The written instrument between CalOptima and Physicians, Hospitals, Health Maintenance Organizations (HMO), or other entities. Contract shall include any Memoranda of Understanding entered into by CalOptima that is binding on a Physician Hospital Consortium (PHC) or HMO, DHCS Medi-Cal Managed Care Division Policy Letters, Contract Interpretation, and Financial Bulletins issued pursuant to the Contract.
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program effective July 1, 2019, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127), for HHP Members with eligible physical chronic conditions and substance use disorders, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members notwithstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.
Deductible	For purposes of this policy, the amount set forth in Section III.I of this policy, which the eligible Health Network must pay in eligible expenses on behalf of a Member during the coverage period, before CalOptima is responsible for reimbursing the eligible Health Network eighty percent (80%) of eligible expenses for that Member.
Department of Health Care Services (DHCS)	The single State Department responsible for administration of the Medi-Cal program, California Children Services (CCS), Genetically Handicapped Persons Program (GHPP), Child Health and Disabilities Prevention (CHDP), and other health related programs.

Term	Definition
Division of Financial Responsibility (DOFR)	A matrix that identifies how CalOptima identifies the responsible parties for components of medical associated with the provision of Covered Services. The responsible parties include, but are not limited to, Physician, Hospital, CalOptima and the County of Orange.
Health Maintenance Organization (HMO)	A health care service plan, as defined in the Knox-Keene Health Care Service Plan Act of 1975, as amended, commencing with Section 1340 of the California Health and Safety Code.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Primary Hospital	A hospital contracted with CalOptima on a capitated and delegated basis as the hospital partner of a Physician Hospital Consortium (PHC).
Primary Physician Group	A physician group contracted with CalOptima on a capitated and delegated basis as the physician partner of a Physician Hospital Consortium (PHC).
Remittance Advice Detail (RAD)	A summary report, by claim, that supports the detail payment, denial, or adjustment made by check.
Shared Risk Group	A Health Network that accepts delegated clinical and financial responsibility for professional services for assigned Members, as defined by written contract and enters into a risk sharing agreement with CalOptima as the responsible partner for facility services.
Transplant	A Non-Experimental Procedure for human tissue or organ Transplant.
Whole-Child Model (WCM)	An organized delivery system that will ensure comprehensive, coordinated services through enhanced partnerships among Medi-Cal managed care plans, children's hospitals and specialty care providers.

Policy:	FF.4000
Title:	**Whole-Child Model – Financial Reimbursement for Capitated Health Networks**
Department:	CalOptima Administrative
Section:	Finance - Accounting
CEO Approval:	
Effective Date:	07/01/2019
Revised Date:	TBD
Applicable to:	☒ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☐ Administrative

I. PURPOSE

This policy establishes the reimbursement process for CalOptima to distribute Whole-Child Model (WCM) payments timely and accurately to Health Networks, including Health Maintenance Organizations (HMO), Physician Hospital ~~Consortiums~~ Consortia (PHC), and Shared Risk Groups (SRG).

II. POLICY

A. CalOptima shall pay the Health Network in accordance with the Health Network's Contract for Health Care Services, the CalOptima Board of Directors (BOD)-approved payment methodology, and the terms and conditions of this Policy.

B. CalOptima's WCM reimbursement methodology for Health Networks is based on the number of California Children's Services (CCS) Program-eligible Members, as identified by the local CCS Program, ~~and~~ enrolled in Health Networks during the applicable period.

C. If the local CCS Program identifies that an individual was not eligible for the CCS Program and retroactively terminates CCS eligibility, CalOptima shall recover payments made to the Health Network for such individual.

D. CalOptima Direct-Administrative (COD-A) is financially responsible for all Covered Services provided during a month in which a CCS-eligible Member has retroactive eligibility.

E. In accordance with CalOptima Policy FF.1007: Health Network Reinsurance Coverage, CalOptima shall exclude Members from the provision of reinsurance as of the effective date of the Member being CCS-eligible.

F. The Measurement Period for WCM payments is established by fiscal year (FY), July 1 to June 30. In accordance with Section II.J.3 of this Policy, CalOptima shall keep each Measurement Period (FY1) open for thirty (30) months after the end of each Measurement Period before the risk corridor reconciliation is considered finalized (e.g., Measurement Period FY 2019-20 (July 1, 2019 – June 30, 2020) will be finalized based on claims paid through December 31, 2022).

Back to Agenda Back to Item

G. CalOptima reimburses Health Networks, with the exception of Kaiser Foundation Health Plan, Inc. (Kaiser), for services rendered to enrolled CCS-eligible Members based on a methodology that includes the following components described in this Policy:

1. Initial Capitation Payments;

2. Interim catastrophic payment; and

3. Retrospective risk corridor settlements.

H. CalOptima shall reimburse Kaiser for services rendered to enrolled CCS-eligible Members based on a methodology described in Section III.G. of this Policy.

I. CalOptima may adjust Health Network initial Capitation Payment rates subject to Department of Health Care Services (DHCS) funding updates for the Measurement Period.

J. The WCM payment timelines are:

1. Initial Capitation Payment: CalOptima shall pay monthly on or before the fifteenth (15th) calendar day of the month.

2. Interim catastrophic payment: CalOptima shall pay quarterly based on the refreshed data for each Measurement Period as follows:

CCS Eligible and Claims Incurred for Dates of Service	Claims Payment Period	Interim Catastrophic Calculation (Payment/ Recoupment) Date
July 1 – September 30, FY1	FY1 paid through September 30, FY1	No later than November 30, FY1
July 1 – December 31, FY1	FY1 paid through December 31, FY1	No later than February 28, FY1
July 1 – March 31, FY1	FY1 paid through March 31, FY1	No later than May 31, FY1
July 1 – June 30, FY1	FY1 paid through June 30, FY1	No later than August 31, FY2
July 1 – June 30, FY1	FY1 paid through September 30, FY2	No later than November 30, FY2

3. Retrospective risk corridor settlement: CalOptima shall pay annually based on the refreshed data for each Measurement Period as follows:

Measurement Period (CCS Eligible and Claims Incurred for Dates of Service for FY1)	Claims Payment Period	Risk Corridor Settlement (Payment/ Recoupment) Date
July 1 – June 30, FY1	Measurement Period plus 6 months: FY1 paid through December 31, FY2	No later than May 15, FY2
July 1 – June 30, FY1	Measurement Period plus 18 months: FY1 paid through December 31, FY3	No later than May 15, FY3

Measurement Period (CCS Eligible and Claims Incurred for Dates of Service for FY1)	Claims Payment Period	Risk Corridor Settlement (Payment/ Recoupment) Date
July 1 – June 30, FY1	Measurement Period plus 30 months (final): FY1 paid through December 31, FY4	No later than May 15, FY4

III. PROCEDURE

A. Initial Capitation Payment

1. CalOptima shall provide monthly Capitation Payments for CCS-eligible Members enrolled in the Health Networks at Capitation Rates per Member per month (PMPM) developed by CalOptima, approved by the BOD and set forth in the Health Network's Contract for Health Care Services.

2. CalOptima shall process the initial Capitation Payment in accordance with CalOptima Policy FF.1001: Capitation Payments. CalOptima shall issue one (1) payment that includes the initial Capitation Payment for CCS-eligible Members combined with the Capitation Payment for non-CCS eligible Members.

B. Interim Catastrophic Payment

1. Health Networks shall submit paid claims through the existing monthly External Decision Data submission for covered hospital and covered physician expenses rendered to enrolled CCS-eligible Members monthly, by the fifteenth (15th) calendar day after the month ends for all Open Measurement Periods. Health Networks shall submit claims using CalOptima's proprietary format and file naming convention.

   a. An HMO, with the exception of Kaiser, shall submit claims for covered hospital and covered physician expenses;

   b. The Primary Physician Group of a PHC shall submit claims for covered physician expenses;

   c. The Primary Hospital of a PHC shall submit claims for covered hospital expenses; and

   d. An SRG shall submit claims for covered physician expenses.

2. CalOptima shall validate and reprice the submitted claims based on the CalOptima contracted and non-contracted rates following the lesser of the amount paid for covered physician and hospital expenses. Repricing will be made at fifty percent (50%) of the amount paid if Medi-Cal has no value for the five (5)-digit numerical Current Procedural Terminology (CPT) code, Healthcare Common Procedure Coding System (HCPCS) code, or other code as assigned by DHCS. These allowable claims, as determined by CalOptima, shall represent the repriced WCM medical expenses used in the reconciliation process for the interim catastrophic reimbursement. Claims paid by the Health Network at a higher rate than would be payable by CalOptima, based on the above methodology, may be subject to additional review for potential adjustment of the payment methodology to represent what CalOptima would have paid under similar circumstances, not to exceed actual payments made.

3. Upon request, an eligible Health Network shall provide, within five (5) business days, detailed support for any individual claim for which billed charges are greater than or equal to ten thousand dollars ($10,000), including copies of the claim form, cancelled check, explanation of benefits

(EOB), Remittance Advice Detail (RAD), and other information as requested by CalOptima. All non-contracted emergency hospital inpatient claims require submission of the authorization distinguishing days considered emergency and post-stabilization.

4. CalOptima shall notify an eligible Health Network of file acceptance or rejection no later than three (3) business days after receipt. CalOptima may reject a file for missing information or incorrect data. If CalOptima rejects a file, an eligible Health Network shall resubmit a corrected file no later than September 30, FY2 of the claims payment period pursuant to Section II.J.2 of this Policy. Any timely resubmission after the fifteenth (15th) of the month will be included in the subsequent month's process. A paid claims file initially submitted or a corrected file resubmitted by an eligible Health Network after the September 30, FY2 deadline will be processed in accordance with the requirements of the annual retrospective risk corridor reconciliation as set forth in Sections II.J.3 and III.C of this Policy.

5. For a complete claims paid file accepted by CalOptima, CalOptima shall notify an eligible Health Network of the results as follows:

   a. If CalOptima receives the file by the fifteenth (15th) of the month, notice of the results will be provided no later than thirty (30) business days after the fifteenth (15th) of that month.

   b. If CalOptima receives the file after the fifteenth (15th) of the month, notice of the results will be provided no later than thirty (30) business days after the fifteenth (15th) of the subsequent month.

6. An eligible Health Network may appeal claim denials and payments within sixty (60) business days after the date of CalOptima's quarterly interim catastrophic payment remittance advice.

   a. The eligible Health Network shall submit a request for appeal, in writing, to CalOptima at:

      WCMReimb@caloptima.org

      Or by U.S. mail to:

      Attn: Coding Initiatives Department - WCM Claims
      CalOptima
      505 City Parkway West
      Orange CA 92868

   b. An appeal claims submission file shall only include specific claims to be reconsidered.

   c. The eligible Health Network shall provide detailed claims support for each claim, including copies of the claim form, cancelled check, EOB, RAD, or any other information, as requested by CalOptima.

   d. CalOptima shall notify the eligible Health Network of file acceptance or rejection within three (3) business days after receipt of the appeal file.

      i. CalOptima may reject a file for any missing information or incorrect data.

      ii. If CalOptima rejects a file, the eligible Health Network shall resubmit a corrected file within five (5) business days after receipt of notification from CalOptima.

e. CalOptima shall process an appeal and provide an eligible Health Network with the detailed report and payment, if applicable, on the following quarterly reimbursement period or within forty-five (45) business days after receipt of the appeal, whichever is later.

7. For each CCS-eligible Member in a given Measurement Period, CalOptima shall reimburse at one hundred percent (100%) of the repriced amount for the covered hospital and covered physician expenses rendered to enrolled CCS-eligible Members in excess of the thresholds which are:

   a. $17,000 for covered physician expenses; and

   b. $150,000 for covered hospital expenses.

8. CalOptima shall reconcile covered physician and covered hospital expenses separately.

9. CalOptima shall issue interim catastrophic payments to Health Networks in accordance with the timelines in Section II.J.2 of this Policy.

10. In the event of an extraordinary case(s) or significant cash deficiencies, a Health Network may submit a formal written request, along with supporting documentation, for an expedited cash funding payment.

    a. Within forty-five (45) business days after receipt of the Health Network's request, CalOptima Claims Department will review the request and documentation and forward the recommendation to approve or deny the request to CalOptima Chief Executive Officer (CEO) and Chief Financial Officer (CFO).

    b. The CEO and CFO will make a final determination. CalOptima Finance Department will provide written notification of the final determination to the Health Network no later than sixty (60) business days after receipt of the Health Network's request. If and to the extent approved by CalOptima, the expedited cash funding will be included and reconciled in the next quarterly interim catastrophic payment or annual risk corridor calculation.

C. Retrospective Risk Corridor

1. After the December claims submission, CalOptima shall perform an annual retrospective risk corridor reconciliation for all Open Measurement Periods.

2. CalOptima shall validate and reprice the submitted claims, as described in Sections III.B.1 and III.B.2. of this Policy, based on the lesser of the CalOptima contracted and non-contracted rates or the amount actually paid for covered physician and hospital expenses. Repricing will be made at fifty percent (50%) of the amount paid if Medi-Cal has no value for the five-digit numerical CPT code, HCPCS code, or other code as assigned by the DHCS. These allowable claims, as determined by CalOptima, shall represent the covered hospital and covered physician expenses rendered to enrolled CCS-eligible Members used in the retrospective risk corridor reconciliation. Similar to the interim catastrophic reimbursement, claims paid by the Health Network at a higher rate than would be payable by CalOptima, based on the above methodology, may be subject to additional review for potential adjustment of the payment methodology to represent what CalOptima would have paid under similar circumstances, not to exceed actual payments made.

3. CalOptima shall perform the retrospective risk corridor reconciliation for physician capitation and hospital capitation separately.

a. The baseline for the retrospective risk corridor reconciliation is an amount equal to the total Capitation Rate PMPM less the administrative and medical management loads PMPM developed by CalOptima, approved by the BOD, and set forth in the Health Network's Contract for Health Care Services, multiplied by the number of CCS-eligible Members enrolled in the Health Networks during the applicable Measurement Period.

b. The net difference between the baseline and the qualified WCM medical expenses from Section III.C.2 of this Policy shall be applied to the risk corridor ranges approved by the BOD to determine an amount to be added or subtracted in the retrospective risk corridor reconciliation and referred to as risk corridor result in this Policy.

Threshold	CalOptima's Risk/Surplus Share
> 115%	95%
115%	90%
105%	75%
102%	50%
100%	0%
98%	50%
95%	75%
85%	90%
< 85%	100%

c. If a total of baseline and risk corridor result subtracting initial Capitation Payments (less the administrative and medical management loads) and interim catastrophic reimbursement from Sections III.A. and III.B. of this Policy respectively for the applicable Measurement Period results in a positive amount, the retrospective risk corridor reconciliation computes the risk corridor payment.

d. If a total of baseline and risk corridor result subtracting initial Capitation Payments (less the administrative and medical management loads) and interim catastrophic reimbursement from Sections III.A and III.B of this Policy respectively for the applicable Measurement Period results in a negative amount, the retrospective risk corridor reconciliation computes the risk corridor recoupment, which will be deducted from future initial Capitation Payments pursuant to Section III.C. of this Policy.

e. Administrative and medical management components of CCS reimbursement will be based on total reimbursement at the established percentage, inclusive of all reimbursement attributed to the Measurement Period regardless of when paid, including the initial Capitation Payment, interim catastrophic reimbursement, and retrospective risk corridor settlements. The established percentage shall be the administrative rate established by DHCS for the WCM program for the rate period, subject to a final reconciliation process once DHCS issues final rates for the rate period.

4. No later than March 31, CalOptima shall provide the retrospective risk corridor reconciliation to the Health Networks. If, upon review of the retrospective risk corridor reconciliation, the Health Networks object to the calculations or medical expenses determination, the Health Networks may follow the dispute process outlined in Section III.B.6. of this Policy within thirty (30) calendar days from the issuance of the retrospective risk corridor reconciliation.

5. If CalOptima does not receive any written objection from the Health Networks, CalOptima shall pay the risk corridor payment within fifteen (15) calendar days after the expiration of the review

period or deduct the risk corridor recoupment from the initial Capitation Payment of a month following the expiration of the review period.

6. If CalOptima receives written objection from the Health Networks within the objection period, CalOptima shall review and provide responses to the Health Networks within forty-five (45) calendar days after the date of receipt of the written objection.

7. CalOptima shall pay the risk corridor payment within fifteen (15) calendar days after the date of issuance of the final retrospective risk corridor reconciliation or deduct the risk corridor recoupment from the initial Capitation Payment of a month following the issuance of the final retrospective risk corridor reconciliation.

8. In the event of significant interim cash deficiencies, a Health Network may submit a formal written request, along with supporting documentation, for an expedited cash funding payment.

   a. Within the time limit specified in Section III.B.10.a. of this Policy, CalOptima Claims Administration Department will review the request and documentation and forward the recommendation to approve or deny the request to the CEO and CFO.

   b. The CEO and CFO will make a final determination. CalOptima will notify the Health Network of the final determination in accordance with Section III.B.10.b. of this Policy. If and to the extent approved by CalOptima, the expedited cash funding will be included and reconciled in the next annual risk corridor calculation.

D. Medical expenses used in the reconciliation process for interim catastrophic reimbursement and retrospective risk corridor settlement shall be consistent with the financial risk in accordance with the Division of Financial Responsibility (DOFR) of the Health Network's Contract for Health Care Services.

E. In the event of an extraordinary case(s), where a claim is paid at rates greater than the CalOptima contracted or non-contracted rates, a Health Network may submit a formal written request for additional review. CalOptima will conduct further evaluation of such cases and determine whether any repricing adjustments are warranted and appropriate. Any approved repricing adjustments will be included in the next interim catastrophic payment or annual retrospective risk corridor reconciliation, whichever occurs first.

F. In the event that a Health Network is dissatisfied with the results of the interim catastrophic payment or annual retrospective risk corridor reconciliation after utilizing the dispute process set forth in this Policy, then the Health Network shall be entitled to pursue the matter through the provider complaint process in accordance with CalOptima Policy HH.1101 CalOptima Provider Complaint.

G. Kaiser Reimbursement Process

1. CalOptima shall provide a monthly administrative capitation payment to Kaiser for enrolled CCS-eligible Members following the regular Medi-Cal capitation process and timeline.

2. Effective upon the implementation of Medi-Cal Rx, no sooner than January 1, 2021, ~~on the Department of Health Care Services (DHCS) approved Medi-Cal Pharmacy RX Benefit Transition program implementation date, no sooner than January 1, 2021~~pharmacy expenses for services rendered to enrolled CCS-eligible Kaiser Members, including Hepatitis C drug therapy, shall be excluded from this Policy and shall not be subject to reimbursement as described in Sections III.G.3 ~~and~~ through III.G.~~4~~5 of this ~~p~~Policy.

~~2.~~3. Kaiser shall submit a monthly report for covered hospital, physician, ancillary, facility and pharmacy expenses for services rendered to enrolled CCS-eligible Members in a format as agreed by CalOptima and Kaiser. Kaiser shall submit a report using CalOptima's proprietary format and file naming convention, or the equivalent, as agreed by CalOptima and Kaiser.

a. Reimbursement for Kaiser Hepatitis C drug therapy and Behavioral Health Therapy (BHT) claims for services provided to CCS-eligible Members shall be at the same supplemental rates at which such services are reimbursed for all other Kaiser Members, under a separate process. Therefore, all Hepatitis C drug therapy and BHT claims will be excluded from the monthly reconciliation described in Section III.~~F~~G.~~4~~5.

~~3.~~4. CalOptima shall validate and reprice the submitted claims based on:

a. Internal Kaiser pharmacy claims shall be reimbursed at the equivalent of one hundred percent (100%) of the CalOptima contracted Pharmacy Network rate;

b. Physician, Hospital and Ancillary Kaiser system claims (services provided by those providers operating through the Kaiser System as defined in Kaiser's Contract for Health Care Services with CalOptima), shall be reimbursed at the equivalent of one hundred percent (100%) of the CalOptima Medi-Cal Fee Schedule. CalOptima updates the CalOptima Medi-Cal Fee Schedule in accordance with CalOptima Policy FF.1002: CalOptima Medi-Cal Fee Schedule. Reimbursement will be based on the CalOptima Medi-Cal Fee Schedule in effect on the date of service;

c. Professional services provided by Kaiser system CCS-paneled providers shall be reimbursed at one hundred forty percent (140%) of the CalOptima Medi-Cal Fee Schedule; and

d. For non-Kaiser system pharmacy and other services, CalOptima shall reprice the claims at the rate paid by Kaiser under its contract with the provider, or the rate negotiated and paid by Kaiser. Kaiser may elect to enter into a contract with CalOptima providers that have reciprocity requirements, in which case, CalOptima will reprice the claim at the contracted reciprocal rate.

~~4.~~5. Repricing Results and Reconciliation

a. CalOptima shall notify Kaiser of the results within thirty (30) business days after the date of CalOptima's receipt of the complete claims paid file.

b. Kaiser shall provide a rebuttal to, or acceptance of, the results within thirty (30) business days after the date of receipt of the results.

c. CalOptima, with the cooperation of Kaiser, shall perform a reconciliation of paid covered service expenses, if necessary.

d. CalOptima shall issue payment to Kaiser within fifteen (15) business days after receipt of the repricing acceptance or the completion of the reconciliation.

e. In the event that Kaiser is still dissatisfied with the repricing after rebuttal, reconciliation, and payment, then Kaiser shall be entitled to pursue the matter through the provider complaint process in accordance with CalOptima Policy HH.1101 CalOptima Provider Complaint.

H. If a Health Network identifies an ~~o~~Overpayment of WCM payments, a Health Network shall return the ~~o~~Overpayment within sixty (60) calendar days after the date on which the ~~o~~Overpayment was

identified, and shall notify CalOptima's Accounting Department, in writing, of the reason for the ~~o~~Overpayment.

1. CalOptima shall notify a Health Network of acceptance, adjustment or rejection of the ~~o~~Overpayment no later than three (3) business days after receipt.

~~5.~~2. CalOptima shall coordinate with a Health Network on the process to return the ~~o~~Overpayment.

IX. GLOSSARY

Term	Definition
Aid Code	The two (2) character code, defined by the State of California, which identifies the aid category under which a Member is eligible to receive Medi-Cal Covered Services.
California Children's Services (CCS) Program	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible persons under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.
CalOptima Direct-Administrative	The managed Fee-For-Service health care program operated by CalOptima that provides services to Members as described in CalOptima Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct
CalOptima Medi-Cal Fee Schedule	Fee schedule adopted by CalOptima for reimbursement of Covered Services rendered to Medi-Cal Members for which CalOptima is responsible.
Capitation Rate	The per capita rate set by CalOptima for the delivery of Covered Services to Members based upon Aid Code, age, and gender.
Capitation Payment	The monthly amount paid to a Health Network by CalOptima for delivery of Covered Services to Members, which is determined by multiplying the applicable Capitation Rate by a Health Network's monthly enrollment based upon Aid Code, age, and gender.
Contract for Health Care Services	The written instrument between CalOptima and Physicians, Hospitals, Health Maintenance Organizations (HMO), or other entities. Contract shall include any Memoranda of Understanding entered into by CalOptima that is binding on a Physician Hospital Consortium (PHC) or HMO, DHCS Medi-Cal Managed Cared Division Policy Letters, Contract Interpretation, and Financial Bulletins issued pursuant to the Contract.

Term	Definition
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program ~~effective July 1, 2019,~~ to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127), for HHP Members with eligible physical chronic conditions and substance use disorders, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members notwithstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program. ~~Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as Covered Services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), which shall be covered for Members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.~~
Division of Financial Responsibility (DOFR)	A matrix that identifies how CalOptima identifies the responsible parties for components of medical associated with the provision of Covered Services. The responsible parties include, but are not limited to, Physician, Hospital, CalOptima and the County of Orange
Health Maintenance Organization (HMO)	A health care service plan, as defined in the Knox-Keene Health Care Service Plan Act of 1975, as amended, commencing with Section 1340 of the California Health and Safety Code.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, and Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members enrolled to that Health Network.
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Measurement Period	Fiscal year July 1 to June 30.
Open Measurement Period	The measurement year will remain open until the third annual report is issued to health network
Overpayment	Any payment made by CalOptima to a ~~P~~provider to which the ~~P~~provider is not entitled to under Title XIX of the Social Security Act.

Term	Definition
Physician Hospital Consortium (PHC)	A Physician Group or Physician Groups contractually aligned with at least one (1) hospital, as described in CalOptima's Contract for Health Care Services.
Primary Hospital	A hospital contracted with CalOptima on a capitated and delegated basis as the hospital partner of a Physician Hospital Consortium (PHC).
Primary Physician Group	A physician group contracted with CalOptima on a capitated and delegated basis as the physician partner of a Physician Hospital Consortium (PHC).
Shared Risk Group	A Health Network who accepts delegated clinical and financial responsibility for professional services for enrolled Members, as defined by written contract and enters into a risk sharing agreement with CalOptima as the responsible partner for facility services.

Policy:	FF.4000
Title:	**Whole-Child Model – Financial Reimbursement for Capitated Health Networks**

- ☐ Administrative

I. PURPOSE

This policy establishes the reimbursement process for CalOptima to distribute Whole-Child Model (WCM) payments timely and accurately to Health Networks, including Health Maintenance Organizations (HMO), Physician Hospital Consortia (PHC), and Shared Risk Groups (SRG).

II. POLICY

A. CalOptima shall pay the Health Network in accordance with the Health Network's Contract for Health Care Services, the CalOptima Board of Directors (BOD)-approved payment methodology, and the terms and conditions of this Policy.

B. CalOptima's WCM reimbursement methodology for Health Networks is based on the number of California Children's Services (CCS) Program-eligible Members, as identified by the local CCS Program, enrolled in Health Networks during the applicable period.

C. If the local CCS Program identifies that an individual was not eligible for the CCS Program and retroactively terminates CCS eligibility, CalOptima shall recover payments made to the Health Network for such individual.

D. CalOptima Direct-Administrative (COD-A) is financially responsible for all Covered Services provided during a month in which a CCS-eligible Member has retroactive eligibility.

E. In accordance with CalOptima Policy FF.1007: Health Network Reinsurance Coverage, CalOptima shall exclude Members from the provision of reinsurance as of the effective date of the Member being CCS-eligible.

F. The Measurement Period for WCM payments is established by fiscal year (FY), July 1 to June 30. In accordance with Section II.J.3 of this Policy, CalOptima shall keep each Measurement Period (FY1) open for thirty (30) months after the end of each Measurement Period before the risk corridor reconciliation is considered finalized (e.g., Measurement Period FY 2019-20 (July 1, 2019 – June 30, 2020) will be finalized based on claims paid through December 31, 2022).

Back to Agenda Back to Item

G. CalOptima reimburses Health Networks, with the exception of Kaiser Foundation Health Plan, Inc. (Kaiser), for services rendered to enrolled CCS-eligible Members based on a methodology that includes the following components described in this Policy:

1. Initial Capitation Payments;

2. Interim catastrophic payment; and

3. Retrospective risk corridor settlements.

H. CalOptima shall reimburse Kaiser for services rendered to enrolled CCS-eligible Members based on a methodology described in Section III.G. of this Policy.

I. CalOptima may adjust Health Network initial Capitation Payment rates subject to Department of Health Care Services (DHCS) funding updates for the Measurement Period.

J. The WCM payment timelines are:

1. Initial Capitation Payment: CalOptima shall pay monthly on or before the fifteenth (15th) calendar day of the month.

2. Interim catastrophic payment: CalOptima shall pay quarterly based on the refreshed data for each Measurement Period as follows:

CCS Eligible and Claims Incurred for Dates of Service	Claims Payment Period	Interim Catastrophic Calculation (Payment/ Recoupment) Date
July 1 – September 30, FY1	FY1 paid through September 30, FY1	No later than November 30, FY1
July 1 – December 31, FY1	FY1 paid through December 31, FY1	No later than February 28, FY1
July 1 – March 31, FY1	FY1 paid through March 31, FY1	No later than May 31, FY1
July 1 – June 30, FY1	FY1 paid through June 30, FY1	No later than August 31, FY2
July 1 – June 30, FY1	FY1 paid through September 30, FY2	No later than November 30, FY2

3. Retrospective risk corridor settlement: CalOptima shall pay annually based on the refreshed data for each Measurement Period as follows:

Measurement Period (CCS Eligible and Claims Incurred for Dates of Service for FY1)	Claims Payment Period	Risk Corridor Settlement (Payment/ Recoupment) Date
July 1 – June 30, FY1	Measurement Period plus 6 months: FY1 paid through December 31, FY2	No later than May 15, FY2
July 1 – June 30, FY1	Measurement Period plus 18 months: FY1 paid through December 31, FY3	No later than May 15, FY3

Measurement Period (CCS Eligible and Claims Incurred for Dates of Service for FY1)	Claims Payment Period	Risk Corridor Settlement (Payment/ Recoupment) Date
July 1 – June 30, FY1	Measurement Period plus 30 months (final): FY1 paid through December 31, FY4	No later than May 15, FY4

III. PROCEDURE

A. Initial Capitation Payment

1. CalOptima shall provide monthly Capitation Payments for CCS-eligible Members enrolled in the Health Networks at Capitation Rates per Member per month (PMPM) developed by CalOptima, approved by the BOD and set forth in the Health Network's Contract for Health Care Services.

2. CalOptima shall process the initial Capitation Payment in accordance with CalOptima Policy FF.1001: Capitation Payments. CalOptima shall issue one (1) payment that includes the initial Capitation Payment for CCS-eligible Members combined with the Capitation Payment for non-CCS eligible Members.

B. Interim Catastrophic Payment

1. Health Networks shall submit paid claims through the existing monthly External Decision Data submission for covered hospital and covered physician expenses rendered to enrolled CCS-eligible Members monthly, by the fifteenth (15th) calendar day after the month ends for all Open Measurement Periods. Health Networks shall submit claims using CalOptima's proprietary format and file naming convention.

   a. An HMO, with the exception of Kaiser, shall submit claims for covered hospital and covered physician expenses;

   b. The Primary Physician Group of a PHC shall submit claims for covered physician expenses;

   c. The Primary Hospital of a PHC shall submit claims for covered hospital expenses; and

   d. An SRG shall submit claims for covered physician expenses.

2. CalOptima shall validate and reprice the submitted claims based on the CalOptima contracted and non-contracted rates following the lesser of the amount paid for covered physician and hospital expenses. Repricing will be made at fifty percent (50%) of the amount paid if Medi-Cal has no value for the five (5)-digit numerical Current Procedural Terminology (CPT) code, Healthcare Common Procedure Coding System (HCPCS) code, or other code as assigned by DHCS. These allowable claims, as determined by CalOptima, shall represent the repriced WCM medical expenses used in the reconciliation process for the interim catastrophic reimbursement. Claims paid by the Health Network at a higher rate than would be payable by CalOptima, based on the above methodology, may be subject to additional review for potential adjustment of the payment methodology to represent what CalOptima would have paid under similar circumstances, not to exceed actual payments made.

3. Upon request, an eligible Health Network shall provide, within five (5) business days, detailed support for any individual claim for which billed charges are greater than or equal to ten thousand dollars ($10,000), including copies of the claim form, cancelled check, explanation of benefits

(EOB), Remittance Advice Detail (RAD), and other information as requested by CalOptima. All non-contracted emergency hospital inpatient claims require submission of the authorization distinguishing days considered emergency and post-stabilization.

4. CalOptima shall notify an eligible Health Network of file acceptance or rejection no later than three (3) business days after receipt. CalOptima may reject a file for missing information or incorrect data. If CalOptima rejects a file, an eligible Health Network shall resubmit a corrected file no later than September 30, FY2 of the claims payment period pursuant to Section II.J.2 of this Policy. Any timely resubmission after the fifteenth (15th) of the month will be included in the subsequent month's process. A paid claims file initially submitted or a corrected file resubmitted by an eligible Health Network after the September 30, FY2 deadline will be processed in accordance with the requirements of the annual retrospective risk corridor reconciliation as set forth in Sections II.J.3 and III.C of this Policy.

5. For a complete claims paid file accepted by CalOptima, CalOptima shall notify an eligible Health Network of the results as follows:

   a. If CalOptima receives the file by the fifteenth (15th) of the month, notice of the results will be provided no later than thirty (30) business days after the fifteenth (15th) of that month.

   b. If CalOptima receives the file after the fifteenth (15th) of the month, notice of the results will be provided no later than thirty (30) business days after the fifteenth (15th) of the subsequent month.

6. An eligible Health Network may appeal claim denials and payments within sixty (60) business days after the date of CalOptima's quarterly interim catastrophic payment remittance advice.

   a. The eligible Health Network shall submit a request for appeal, in writing, to CalOptima at:

      WCMReimb@caloptima.org

      Or by U.S. mail to:

      Attn: Coding Initiatives Department - WCM Claims
      CalOptima
      505 City Parkway West
      Orange CA 92868

   b. An appeal claims submission file shall only include specific claims to be reconsidered.

   c. The eligible Health Network shall provide detailed claims support for each claim, including copies of the claim form, cancelled check, EOB, RAD, or any other information, as requested by CalOptima.

   d. CalOptima shall notify the eligible Health Network of file acceptance or rejection within three (3) business days after receipt of the appeal file.

      i. CalOptima may reject a file for any missing information or incorrect data.

      ii. If CalOptima rejects a file, the eligible Health Network shall resubmit a corrected file within five (5) business days after receipt of notification from CalOptima.

e. CalOptima shall process an appeal and provide an eligible Health Network with the detailed report and payment, if applicable, on the following quarterly reimbursement period or within forty-five (45) business days after receipt of the appeal, whichever is later.

7. For each CCS-eligible Member in a given Measurement Period, CalOptima shall reimburse at one hundred percent (100%) of the repriced amount for the covered hospital and covered physician expenses rendered to enrolled CCS-eligible Members in excess of the thresholds which are:

   a. $17,000 for covered physician expenses; and

   b. $150,000 for covered hospital expenses.

8. CalOptima shall reconcile covered physician and covered hospital expenses separately.

9. CalOptima shall issue interim catastrophic payments to Health Networks in accordance with the timelines in Section II.J.2 of this Policy.

10. In the event of an extraordinary case(s) or significant cash deficiencies, a Health Network may submit a formal written request, along with supporting documentation, for an expedited cash funding payment.

    a. Within forty-five (45) business days after receipt of the Health Network's request, CalOptima Claims Department will review the request and documentation and forward the recommendation to approve or deny the request to CalOptima Chief Executive Officer (CEO) and Chief Financial Officer (CFO).

    b. The CEO and CFO will make a final determination. CalOptima Finance Department will provide written notification of the final determination to the Health Network no later than sixty (60) business days after receipt of the Health Network's request. If and to the extent approved by CalOptima, the expedited cash funding will be included and reconciled in the next quarterly interim catastrophic payment or annual risk corridor calculation.

C. Retrospective Risk Corridor

1. After the December claims submission, CalOptima shall perform an annual retrospective risk corridor reconciliation for all Open Measurement Periods.

2. CalOptima shall validate and reprice the submitted claims, as described in Sections III.B.1 and III.B.2. of this Policy, based on the lesser of the CalOptima contracted and non-contracted rates or the amount actually paid for covered physician and hospital expenses. Repricing will be made at fifty percent (50%) of the amount paid if Medi-Cal has no value for the five-digit numerical CPT code, HCPCS code, or other code as assigned by the DHCS. These allowable claims, as determined by CalOptima, shall represent the covered hospital and covered physician expenses rendered to enrolled CCS-eligible Members used in the retrospective risk corridor reconciliation. Similar to the interim catastrophic reimbursement, claims paid by the Health Network at a higher rate than would be payable by CalOptima, based on the above methodology, may be subject to additional review for potential adjustment of the payment methodology to represent what CalOptima would have paid under similar circumstances, not to exceed actual payments made.

3. CalOptima shall perform the retrospective risk corridor reconciliation for physician capitation and hospital capitation separately.

a. The baseline for the retrospective risk corridor reconciliation is an amount equal to the total Capitation Rate PMPM less the administrative and medical management loads PMPM developed by CalOptima, approved by the BOD, and set forth in the Health Network's Contract for Health Care Services, multiplied by the number of CCS-eligible Members enrolled in the Health Networks during the applicable Measurement Period.

b. The net difference between the baseline and the qualified WCM medical expenses from Section III.C.2 of this Policy shall be applied to the risk corridor ranges approved by the BOD to determine an amount to be added or subtracted in the retrospective risk corridor reconciliation and referred to as risk corridor result in this Policy.

Threshold	CalOptima's Risk/Surplus Share
> 115%	95%
115%	90%
105%	75%
102%	50%
100%	0%
98%	50%
95%	75%
85%	90%
< 85%	100%

c. If a total of baseline and risk corridor result subtracting initial Capitation Payments (less the administrative and medical management loads) and interim catastrophic reimbursement from Sections III.A. and III.B. of this Policy respectively for the applicable Measurement Period results in a positive amount, the retrospective risk corridor reconciliation computes the risk corridor payment.

d. If a total of baseline and risk corridor result subtracting initial Capitation Payments (less the administrative and medical management loads) and interim catastrophic reimbursement from Sections III.A and III.B of this Policy respectively for the applicable Measurement Period results in a negative amount, the retrospective risk corridor reconciliation computes the risk corridor recoupment, which will be deducted from future initial Capitation Payments pursuant to Section III.C. of this Policy.

e. Administrative and medical management components of CCS reimbursement will be based on total reimbursement at the established percentage, inclusive of all reimbursement attributed to the Measurement Period regardless of when paid, including the initial Capitation Payment, interim catastrophic reimbursement, and retrospective risk corridor settlements. The established percentage shall be the administrative rate established by DHCS for the WCM program for the rate period, subject to a final reconciliation process once DHCS issues final rates for the rate period.

4. No later than March 31, CalOptima shall provide the retrospective risk corridor reconciliation to the Health Networks. If, upon review of the retrospective risk corridor reconciliation, the Health Networks object to the calculations or medical expenses determination, the Health Networks may follow the dispute process outlined in Section III.B.6. of this Policy within thirty (30) calendar days from the issuance of the retrospective risk corridor reconciliation.

5. If CalOptima does not receive any written objection from the Health Networks, CalOptima shall pay the risk corridor payment within fifteen (15) calendar days after the expiration of the review

period or deduct the risk corridor recoupment from the initial Capitation Payment of a month following the expiration of the review period.

6. If CalOptima receives written objection from the Health Networks within the objection period, CalOptima shall review and provide responses to the Health Networks within forty-five (45) calendar days after the date of receipt of the written objection.

7. CalOptima shall pay the risk corridor payment within fifteen (15) calendar days after the date of issuance of the final retrospective risk corridor reconciliation or deduct the risk corridor recoupment from the initial Capitation Payment of a month following the issuance of the final retrospective risk corridor reconciliation.

8. In the event of significant interim cash deficiencies, a Health Network may submit a formal written request, along with supporting documentation, for an expedited cash funding payment.

   a. Within the time limit specified in Section III.B.10.a. of this Policy, CalOptima Claims Administration Department will review the request and documentation and forward the recommendation to approve or deny the request to the CEO and CFO.

   b. The CEO and CFO will make a final determination. CalOptima will notify the Health Network of the final determination in accordance with Section III.B.10.b. of this Policy. If and to the extent approved by CalOptima, the expedited cash funding will be included and reconciled in the next annual risk corridor calculation.

D. Medical expenses used in the reconciliation process for interim catastrophic reimbursement and retrospective risk corridor settlement shall be consistent with the financial risk in accordance with the Division of Financial Responsibility (DOFR) of the Health Network's Contract for Health Care Services.

E. In the event of an extraordinary case(s), where a claim is paid at rates greater than the CalOptima contracted or non-contracted rates, a Health Network may submit a formal written request for additional review. CalOptima will conduct further evaluation of such cases and determine whether any repricing adjustments are warranted and appropriate. Any approved repricing adjustments will be included in the next interim catastrophic payment or annual retrospective risk corridor reconciliation, whichever occurs first.

F. In the event that a Health Network is dissatisfied with the results of the interim catastrophic payment or annual retrospective risk corridor reconciliation after utilizing the dispute process set forth in this Policy, then the Health Network shall be entitled to pursue the matter through the provider complaint process in accordance with CalOptima Policy HH.1101 CalOptima Provider Complaint.

G. Kaiser Reimbursement Process

1. CalOptima shall provide a monthly administrative capitation payment to Kaiser for enrolled CCS-eligible Members following the regular Medi-Cal capitation process and timeline.

2. Effective upon the implementation of Medi-Cal Rx, no sooner than January 1, 2021, pharmacy expenses for services rendered to enrolled CCS-eligible Kaiser Members, including Hepatitis C drug therapy, shall be excluded from this Policy and shall not be subject to reimbursement as described in Sections III.G.3 through III.G.5 of this Policy.

3. Kaiser shall submit a monthly report for covered hospital, physician, ancillary, facility and pharmacy expenses for services rendered to enrolled CCS-eligible Members in a format as agreed

by CalOptima and Kaiser. Kaiser shall submit a report using CalOptima's proprietary format and file naming convention, or the equivalent, as agreed by CalOptima and Kaiser.

a. Reimbursement for Kaiser Hepatitis C drug therapy and Behavioral Health Therapy (BHT) claims for services provided to CCS-eligible Members shall be at the same supplemental rates at which such services are reimbursed for all other Kaiser Members, under a separate process. Therefore, all Hepatitis C drug therapy and BHT claims will be excluded from the monthly reconciliation described in Section III.G.5.

4. CalOptima shall validate and reprice the submitted claims based on:

a. Internal Kaiser pharmacy claims shall be reimbursed at the equivalent of one hundred percent (100%) of the CalOptima contracted Pharmacy Network rate;

b. Physician, Hospital and Ancillary Kaiser system claims (services provided by those providers operating through the Kaiser System as defined in Kaiser's Contract for Health Care Services with CalOptima), shall be reimbursed at the equivalent of one hundred percent (100%) of the CalOptima Medi-Cal Fee Schedule. CalOptima updates the CalOptima Medi-Cal Fee Schedule in accordance with CalOptima Policy FF.1002: CalOptima Medi-Cal Fee Schedule. Reimbursement will be based on the CalOptima Medi-Cal Fee Schedule in effect on the date of service;

c. Professional services provided by Kaiser system CCS-paneled providers shall be reimbursed at one hundred forty percent (140%) of the CalOptima Medi-Cal Fee Schedule; and

d. For non-Kaiser system pharmacy and other services, CalOptima shall reprice the claims at the rate paid by Kaiser under its contract with the provider, or the rate negotiated and paid by Kaiser. Kaiser may elect to enter into a contract with CalOptima providers that have reciprocity requirements, in which case, CalOptima will reprice the claim at the contracted reciprocal rate.

5. Repricing Results and Reconciliation

a. CalOptima shall notify Kaiser of the results within thirty (30) business days after the date of CalOptima's receipt of the complete claims paid file.

b. Kaiser shall provide a rebuttal to, or acceptance of, the results within thirty (30) business days after the date of receipt of the results.

c. CalOptima, with the cooperation of Kaiser, shall perform a reconciliation of paid covered service expenses, if necessary.

d. CalOptima shall issue payment to Kaiser within fifteen (15) business days after receipt of the repricing acceptance or the completion of the reconciliation.

e. In the event that Kaiser is still dissatisfied with the repricing after rebuttal, reconciliation, and payment, then Kaiser shall be entitled to pursue the matter through the provider complaint process in accordance with CalOptima Policy HH.1101 CalOptima Provider Complaint.

H. If a Health Network identifies an Overpayment of WCM payments, a Health Network shall return the Overpayment within sixty (60) calendar days after the date on which the Overpayment was identified, and shall notify CalOptima's Accounting Department, in writing, of the reason for the Overpayment.

1. CalOptima shall notify a Health Network of acceptance, adjustment or rejection of the Overpayment no later than three (3) business days after receipt.

2. CalOptima shall coordinate with a Health Network on the process to return the Overpayment.

IX. GLOSSARY

Term	Definition
Aid Code	The two (2) character code, defined by the State of California, which identifies the aid category under which a Member is eligible to receive Medi-Cal Covered Services.
California Children's Services (CCS) Program	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible persons under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.
CalOptima Direct-Administrative	The managed Fee-For-Service health care program operated by CalOptima that provides services to Members as described in CalOptima Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct
CalOptima Medi-Cal Fee Schedule	Fee schedule adopted by CalOptima for reimbursement of Covered Services rendered to Medi-Cal Members for which CalOptima is responsible.
Capitation Rate	The per capita rate set by CalOptima for the delivery of Covered Services to Members based upon Aid Code, age, and gender.
Capitation Payment	The monthly amount paid to a Health Network by CalOptima for delivery of Covered Services to Members, which is determined by multiplying the applicable Capitation Rate by a Health Network's monthly enrollment based upon Aid Code, age, and gender.
Contract for Health Care Services	The written instrument between CalOptima and Physicians, Hospitals, Health Maintenance Organizations (HMO), or other entities. Contract shall include any Memoranda of Understanding entered into by CalOptima that is binding on a Physician Hospital Consortium (PHC) or HMO, DHCS Medi-Cal Managed Cared Division Policy Letters, Contract Interpretation, and Financial Bulletins issued pursuant to the Contract.
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program (as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301), the Child Health and Disability Prevention program (as set forth in Title 17, CCR, Division 1, Chapter 4, Subchapter 13, Article 4, beginning with section 6842), and the California Children's Services (as set forth in Title 22, CCR, Division 2, subdivision 7, and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 2.985, beginning with section 14094.4) under the Whole-Child Model program, to the extent those services are included as Covered Services under CalOptima's Medi-Cal Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), and Health Homes Program (HHP) services (as set forth in DHCS All Plan Letter 18-012 and Welfare and Institutions Code, Division 9, Part 3, Chapter 7, Article 3.9, beginning with section 14127), for HHP Members with eligible physical chronic conditions and substance use disorders, or other services as authorized by the CalOptima Board of Directors, which shall be covered for Members notwithstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.
Division of Financial Responsibility (DOFR)	A matrix that identifies how CalOptima identifies the responsible parties for components of medical associated with the provision of Covered Services. The responsible parties include, but are not limited to, Physician, Hospital, CalOptima and the County of Orange

Term	Definition
Health Maintenance Organization (HMO)	A health care service plan, as defined in the Knox-Keene Health Care Service Plan Act of 1975, as amended, commencing with Section 1340 of the California Health and Safety Code.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, and Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members enrolled to that Health Network.
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Measurement Period	Fiscal year July 1 to June 30.
Open Measurement Period	The measurement year will remain open until the third annual report is issued to health network
Overpayment	Any payment made by CalOptima to a provider to which the provider is not entitled to under Title XIX of the Social Security Act.
Physician Hospital Consortium (PHC)	A Physician Group or Physician Groups contractually aligned with at least one (1) hospital, as described in CalOptima's Contract for Health Care Services.
Primary Hospital	A hospital contracted with CalOptima on a capitated and delegated basis as the hospital partner of a Physician Hospital Consortium (PHC).
Primary Physician Group	A physician group contracted with CalOptima on a capitated and delegated basis as the physician partner of a Physician Hospital Consortium (PHC).
Shared Risk Group	A Health Network who accepts delegated clinical and financial responsibility for professional services for enrolled Members, as defined by written contract and enters into a risk sharing agreement with CalOptima as the responsible partner for facility services.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken December 3, 2020
Regular Meeting of the CalOptima Board of Directors

Report Item
25. Consider Adoption of Resolution Approving and Adopting Updated Human Resources Policies

Contacts
Ladan Khamseh, Chief Operating Officer, (714) 246-8866
Brigette Gibb, Executive Director, Human Resources, (714) 246-8405

Recommended Action
Adopt Resolution Approving CalOptima's Updated Human Resources Policies:
1. GA.8012: Conflicts of Interest
2. GA.8018: Paid Time Off
3. GA.8019: Promotions and Transfers
4. GA.8020: 9/80 Work Schedule
5. GA.8026: Employee Referral Program
6. GA.8047: Reduction in Force

Background/Discussion
On November 1, 1994, the Board of Directors delegated authority to the Chief Executive Officer to promulgate employee policies and procedures, and to amend these policies from time to time, subject to annual presentation of the policies and procedures, with specific emphasis on any changes thereto, to the Board of Directors or a committee appointed by the Board of Directors for that purpose. On December 6, 1994, the Board adopted CalOptima's Bylaws, which requires, pursuant to section 13.1, that the Board of Directors adopt by resolution, and from time to time amend, procedures, practices and policies for, among other things, hiring employees and managing personnel.

The following table lists existing Human Resources policies that have been updated and are being presented for review and approval.

	Policy No./Name	Summary of Changes	Reason for Change
	GA.8012: Conflicts of Interest	• Added statements reflecting requirements under applicable federal and state codes • Added guidelines to use to determine whether a real or apparent conflict of interest exists • Revised statement addressing handling of family member forms and data • Clarified obligations with reference to related gift policies • Expanded employee obligations to be aware of what outside activities, investments and/or positions might conflict with CalOptima employment	• This policy establishes the responsibility of all CalOptima employees to avoid conflicts of interest and incompatible outside activities. • Biennial review of the policy. • Revised content to clarify and reflect current practices.

Back to Agenda

	Policy No./Name	Summary of Changes	Reason for Change
		• Updated requirement regarding disclosure of potential, suspected or actual conflicts • Revised statement regarding Form 700 & Supplement to Form 700 to reflect current processes • Revised statements regarding reporting conflict of interest and examples of activities requiring approval of the CEO • Added statements regarding other potential areas of conflicts • Moved statement regarding discussing possible conflicts to the procedure section. • Added statement outlining HR and employee procedures • Added references to related statutory requirements discussed in the policy • Attachment A Conflict of Interest Code, Exhibits A and B – updated position titles on list (added 20, deleted 3 & changed title 5).	
	GA.8018: Paid Time Off	• Added statement to allow the CEO to authorize use of one-time PTO of up to a maximum of eight (8) hours per employee per incident, in cases of local emergencies or unforeseen circumstances necessitating time off for the immediate protection, welfare and safety of the employee and/or CalOptima property. • Eliminated the requirement to use PTO in 15-minute increments as it does not align with how time is recorded at CalOptima. The timekeeping system records actual time worked (to the minute) and does not round up or down to the nearest 15 minutes. • Added statement to clarify that total hours accrued is based on the number of hours paid, prorated for employees who	• This policy provides managers and supervisors with appropriate guidelines to administer CalOptima's Paid Time Off (PTO) benefit. • Biennial review of the policy. • Revised content to clarify and reflect current practices.

Back to Agenda

	Policy No./Name	Summary of Changes	Reason for Change
		work less than a full-time schedule, and calculated up to a maximum of 80 hours for the biweekly pay period. • Added a statement regarding supervisors having the authority to approve/deny PTO. • Added a statement that CalOptima will not be responsible for any expenses incurred by an employee if the request for PTO is not approved. • Revised Attachment A & B forms related PTO Donation Program to clarify requirements	
	GA.8019: Promotions and Transfers	• Defined criteria for exceptions to the requirement of being in the current position for a minimum of six (6) months. • Replaced definition of Performance Improvement Plan to be consistent with the definition in GA.8000 HR Glossary. • Replaced the previous Attachment A form with the Action Form currently used in HR.	• This policy establishes a consistent method of considering current employees for internal promotions and transfers. • Biennial review of the policy. • Revised content to clarify and reflect current practices.
	GA.8020: 9/80 Work Schedule	• Changed statement regarding positions not eligible for 9/80 from senior manager to Director level positions and above, unless approved by the Chief Executive Officer. • Other minor edits to be consistent with current practices.	• This policy outlines how CalOptima will administer an alternate workweek schedule commonly referred to as a 9/80 Work Schedule. • Biennial review of the policy. • Revised content to clarify and reflect current practices.
	GA.8026: Employee Referral Program	• Added criteria that defines when a temporary employee might be eligible for the referral bonus. • Revised the glossary term, Good Standing, to be consistent with the definition in GA.8000 HR Glossary.	• This policy provides for an opportunity for employees to receive an incentive for referring individuals to be hired by CalOptima. • Biennial review of the policy. • Revised content to clarify and reflect current practices.

Back to Agenda

	Policy No./Name	Summary of Changes	Reason for Change
	GA.8047: Reduction in Force	• Minor edits to update referenced policy name and attachments with the current titles. • Other minor edits for consistency.	• This policy defines how CalOptima shall administer a Reduction in Force (RIF) program. • Biennial review of the policy. • Revised content to clarify and reflect current practices.

Fiscal Impact

The recommended action to adopt a resolution approving updated CalOptima Human Resources policies and procedures is budget neutral and has no additional fiscal impact.

Concurrence

Gary Crockett, Chief Counsel

RESOLUTION NO. 20-1203-01

RESOLUTION OF THE BOARD OF DIRECTORS ORANGE COUNTY HEALTH AUTHORITY
d.b.a. CalOptima

APPROVE UPDATED HUMAN RESOURCES POLICIES

WHEREAS, section 13.1 of the Bylaws of the Orange County Health Authority, dba CalOptima, provide that the Board of Directors shall adopt by resolution, and may from time to time amend, procedures, practices and policies for, inter alia, hiring employees, and managing personnel; and

WHEREAS, in 1994, the Board of Directors designated the Chief Executive Officer as the Appointing Authority with full power to hire and terminate CalOptima employees at will, to set compensation within the boundaries of the budget limits set by the Board, to promulgate employee policies and procedures, and to amend said policies and procedures from time to time, subject to annual review by the Board of Directors, or a committee appointed by the Board for that purpose.

NOW, THEREFORE, BE IT RESOLVED:

Section 1. That the Board of Directors hereby approves and adopts the attached updated Human Resources Policies:

1. GA.8012: Conflicts of Interest
2. GA.8018: Paid Time Off
3. GA.8019: Promotions and Transfers
4. GA.8020: 9/80 Work Schedule
5. GA.8026: Employee Referral Program
6. GA.8047: Reduction in Force

Applicable to:	☐ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☒ Administrative

I. PURPOSE

This policy ~~clarifies the responsibility of all~~establishes guidelines and standards for CalOptima ~~***employees***~~Employees to avoid conflicts of interest~~.~~ and incompatible outside activities

II. POLICY

A. CalOptima ~~***employees***~~Employees shall avoid ~~any~~anything that constitutes a real or apparent conflict between their personal interests and the interests of CalOptima.

B. ~~All~~ CalOptima ~~***employees***~~Employees shall avoid conflicts of interest and shall adhere to applicable state and federal laws and regulations, including, but not limited to:

1. California Government Code Section 81000 et seq., requiring all designated employees to comply with the reporting requirements in CalOptima's Conflict of Interest Code;

2. California Government Code Section 87100, prohibiting each CalOptima Employee from making, participating in making or in any way attempting to use his or her official position to influence a governmental decision in which he or she knows or has reason to know that he or she has a financial interest;

3. California Government Code section 1090, prohibiting each CalOptima Employee from being financially interested in any contract made by the employee in his or her official capacity, and prohibiting each employee from being a purchaser at any sale or vendor at any purchase made by him or her in his or her official capacity.

4. California Government Code section 1126, which prohibits each CalOptima Employee from engaging in any employment, activity, or enterprise for compensation which is inconsistent, incompatible, in conflict with, or inimical to his or her duties as a local agency officer or employee or with the duties, functions, or responsibilities of CalOptima.

5. Title 42 of the United States Code section 1320-7b(b), prohibiting the knowing and willful offer, payment, solicitation or receipt of incentives or remuneration (including any kickback, bribe, or rebate) directly or indirectly, overtly or covertly, in cash or in kind, to induce the

Back to Agenda
Back to Item

referral of business reimbursable under the Medi-Cal or Medicare programs or to induce an enrollee to use a particular practitioner, provider or supplier.

6. Title 42 of the Code of Federal Regulations section 460.68 regarding the disclosure and recusal requirement of the governing board for direct or indirect interest in any contract that supplies any administrative or care-related service or materials to PACE.

C. A conflict of interest exists in any situation in which an employee uses his or her position or association with CalOptima for personal or financial gain. The following guidelines are used to determine whether a real or apparent conflict of interest would exist.

1. *Avoidance of Unfair Competitive Advantage*. An employee's outside employment, consulting, or other business activity outside CalOptima may not influence decisions made by CalOptima in such a way as to give unfair competitive advantage to the employee's outside business activity.

2. *Use of Privileged or Official Information*. The use of privileged or official information for personal financial gain while employed with or after separating from employment is a type of conflict of interest and is prohibited. Privileged or official information is information that is known to an employee because of his or her employment with CalOptima but is not available to the public. The information covered under this provision includes, but is not limited to, personal health information (PHI), provider rates, personnel records, or proprietary information.

3. *Protection of Information Not Yet in Public Domain*. A CalOptima Employee acting as an independent consultant or as an employee of another organization may not use information, skills or knowledge obtained as a result of CalOptima employment, that is material or necessary to a current, in-progress, or proposed CalOptima project, that is proprietary to CalOptima and that is not yet in the public domain.

4. *Noncompetition with CalOptima*. An employee's outside employment or consulting activity must not compete with current or proposed CalOptima projects, programs or initiatives.

D. CalOptima Employees shall not handle member or provider issues, applications, requests, or cases on behalf of CalOptima for member(s) of the employee's own family or for personal friends.

~~B.~~E. CalOptima Employees shall comply with the Code of Conduct and CalOptima Policies AA.1204: Gifts, Honoraria, and Travel Payments and AA.1216: Solicitation and Receipt of Gifts to CalOptima. Other than as permitted in CalOptima Policies, employees shall not receive gratuity, rebates, kickbacks, accommodation, or other unlawful consideration from any one provider, supplier, vendor, firm, or organization with whom CalOptima is currently doing or could potentially do business with. It is the responsibility of the employee to return any gift delivered to them and to notify the Clerk of the Board of such action.

~~C.~~F. ~~All~~ CalOptima ~~***employees***~~Employees shall be aware of what outside activities, investments, and/or positions may conflict with or detract from their effectiveness in employment with CalOptima, and shall ~~agree to~~ avoid such conflicts.

~~D.~~G. CalOptima ~~***employees***~~Employees shall ~~report~~ promptly disclose all potential, suspected, or actual conflicts of interest~~.~~ to CalOptima's Human Resources Department (HR)and shall personally withdraw from discussion, voting, or other decision-making process where an employee knows or has reason to know the employee has a real or apparent conflict of interest.

H. Designated CalOptima ~~***employees***~~Employees in those positions listed in the CalOptima Conflict of Interest Code shall complete ~~Form 700 Statement~~Statements of Economic Interests~~,~~ (FPPC Form 700) and ~~the~~a CalOptima Supplement to Form 700~~. Designated ***CalOptima employees*** include those employees who make decisions which foreseeably may have a substantial economic impact and are in positions designated~~ upon hire, annually, and upon termination of employment. If an employee or an employee's immediate family member, as defined in the Political Reform Act, has a financial or employment relationship with a current or potential provider, supplier, vendor, consultant or member, the employee must disclose this fact in writing to HR.

~~E.~~ CalOptima ~~Conflict of Interest Code.~~

1. ~~All other ***CalOptima employees*** shall report~~Employees are required to promptly report any non-CalOptima job positions, positions held on non-profit/charitable organizations and/or their affiliations or interests in job-related businesses or organizations on an Employee Report of Outside Interest and/or Other Employment form provided by ~~Human Resources (HR).~~HR. CalOptima employees shall not participate in any of the following activities without the prior written approval of the Chief Executive Officer (or in the case of the Chief Executive Officer, the Chair of the CalOptima Board of Directors):

   A. Perform work or render services for any Contractor/Vendor/Provider, association of Contractors/Vendors/Providers or other organizations with which CalOptima does business or which seek to do business with CalOptima;

   B. ~~Allowing~~Be a director, officer, or consultant of any Contractor/Vendor/Provider or association of Contractors/Vendors/Providers or other organizations with which CalOptima does business or which seek to do business with CalOptima; or

   C. Permit his or her name to be used in any fashion that would tend to indicate a business connection with any Contractor/Vendor/Provider or association of Contractors/Vendors/Providers or other organizations with which CalOptima does business or which seek to do business with CalOptima.

I. Employees may participate in the political process on their own time and at their own expense but shall not give the impression that they are speaking on behalf of or representing CalOptima in these activities.

J. As required in CalOptima's contract with the Department of Health Care Services (DHCS) and applicable state and federal laws and regulations, CalOptima shall avoid conflicts ~~to exist and interfere with one's responsibilities at CalOptima~~ of interest in the employment of current and former state officers and employees.

~~F.~~K. Failure to adhere to this Policy, including failure to promptly disclose any potential or actual conflicts or seek an exception may result in ~~discipline,~~corrective action, up to and including termination of employment and/or legal action. Conflicts that violate state or federal laws may result in regulatory or legal action, including possible fines and criminal prosecution.

~~G. ***CalOptima employees*** unsure as to whether a certain transaction, activity, or relationship constitutes a conflict of interest should discuss it with their supervisor or HR for clarification.~~

III. PROCEDURE

A. ~~Human Resources~~HR shall:

1. ~~Inform~~Provide all new CalOptima ~~***employees*** regarding the terms and conditions~~Employees with a copy of this Policy and CalOptima's Code of Conduct.

2. Provide each designated CalOptima ~~***employees***~~employee with a copy of the Conflict of Interest Code and a link to the County of Orange's eDisclosure System to the Form 700 Statement of Economic Interests, to complete when assuming office, annually, and upon termination of employment. HR will also provide the Supplement to Form 700 upon hire and annually.

3. Make the Employee Report of Outside Interest and/or Other Employment form available to all CalOptima employees.

4. Collect and review the completed Supplement to Form 700 forms and/or Employee Report of Outside Interest and/or Other Employment Forms and obtain necessary approvals where required.

5. Not employ an individual holding a permanent or intermittent position in the State civil service or other appointed State official or an individual who was employed within the previous one (1) year as an appointee or civil service employee with DHCS, subject to certain exceptions which employment determination shall be made in conjunction with the Compliance Department.

B. All CalOptima ~~***employees***~~Employees shall:

1. ~~Read~~Review and comply with ~~the Conflict of Interest provisions and all applicable ***CalOptima employees'*** policies, including but not limited to, the~~ this Policy, CalOptima's Code of Conduct~~; and~~, and the CalOptima Employee Handbook;

2. ~~Report~~Avoid any actual or potential conflict between their personal interests and the interest of CalOptima;

~~2.~~3. Promptly report any job-related outside or personal ~~interest~~positions or interests on the Employee Report of Outside Interest and/or Other Employment form and submit such forms to HR.

4. Not make, or participate in making, or in any way attempt to use his or her official position to influence a governmental decision in which he or she knows or has reason to know he or she has a financial interest.

5. Not offer, pay, solicit or receive an incentive or remuneration (including any kickback, bribe, or rebate) directly or indirectly, overtly or covertly, in cash or in kind, to induce the referral of business reimbursable under the Medi-Cal or Medicare programs or to induce an enrollee to use a particular practitioner, provider or supplier.

6. Promptly report any suspected or apparent violation of this Policy to CalOptima's HR Department with detailed information sufficient for HR to investigate the issue and cooperate with any subsequent investigation.

7. CalOptima Employees unsure as to whether a certain transaction, activity, or relationship constitutes a conflict of interest should discuss it with their supervisor or HR for clarification.

8. Upon being notified that an actual or apparent conflict exists, and an exception is not granted, the employee must promptly resolve the conflict by:

a. Terminating the outside activity;

b. Cooperating in reassignment, when appropriate or reasonable or;

c. Resigning from CalOptima.

C. Designated CalOptima ~~***employees***~~Employees in those positions listed in the CalOptima Conflict of Interest Code shall:

1. Upon assuming office, annually, and upon termination of employment, complete and submit a ~~Form 700~~ Statement of Economic Interests (FPPC Form 700) on the County of Orange eDisclosure system (~~https://cobcoi.ocgov.com/edisclosure/).~~ https://cobcoi.ocgov.com/edisclosure/); and

~~1.~~2. Complete a Supplement to Form 700 upon hire and annually.

Revised Date:	12/03/2020
Applicable to:	☐ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☒ Administrative

I. PURPOSE

This policy establishes guidelines and standards for CalOptima Employees to avoid conflicts of interest and incompatible outside activities

II. POLICY

A. CalOptima Employees shall avoid anything that constitutes a real or apparent conflict between their personal interests and the interests of CalOptima.

B. CalOptima Employees shall avoid conflicts of interest and shall adhere to applicable state and federal laws and regulations, including, but not limited to:

1. California Government Code Section 81000 et seq., requiring all designated employees to comply with the reporting requirements in CalOptima's Conflict of Interest Code;

2. California Government Code Section 87100, prohibiting each CalOptima Employee from making, participating in making or in any way attempting to use his or her official position to influence a governmental decision in which he or she knows or has reason to know that he or she has a financial interest;

3. California Government Code section 1090, prohibiting each CalOptima Employee from being financially interested in any contract made by the employee in his or her official capacity, and prohibiting each employee from being a purchaser at any sale or vendor at any purchase made by him or her in his or her official capacity.

4. California Government Code section 1126, which prohibits each CalOptima Employee from engaging in any employment, activity, or enterprise for compensation which is inconsistent, incompatible, in conflict with, or inimical to his or her duties as a local agency officer or employee or with the duties, functions, or responsibilities of CalOptima.

5. Title 42 of the United States Code section 1320-7b(b), prohibiting the knowing and willful offer, payment, solicitation or receipt of incentives or remuneration (including any kickback, bribe, or rebate) directly or indirectly, overtly or covertly, in cash or in kind, to induce the

referral of business reimbursable under the Medi-Cal or Medicare programs or to induce an enrollee to use a particular practitioner, provider or supplier.

6. Title 42 of the Code of Federal Regulations section 460.68 regarding the disclosure and recusal requirement of the governing board for direct or indirect interest in any contract that supplies any administrative or care-related service or materials to PACE.

C. A conflict of interest exists in any situation in which an employee uses his or her position or association with CalOptima for personal or financial gain. The following guidelines are used to determine whether a real or apparent conflict of interest would exist.

1. *Avoidance of Unfair Competitive Advantage*. An employee's outside employment, consulting, or other business activity outside CalOptima may not influence decisions made by CalOptima in such a way as to give unfair competitive advantage to the employee's outside business activity.

2. *Use of Privileged or Official Information*. The use of privileged or official information for personal financial gain while employed with or after separating from employment is a type of conflict of interest and is prohibited. Privileged or official information is information that is known to an employee because of his or her employment with CalOptima but is not available to the public. The information covered under this provision includes, but is not limited to, personal health information (PHI), provider rates, personnel records, or proprietary information.

3. *Protection of Information Not Yet in Public Domain*. A CalOptima Employee acting as an independent consultant or as an employee of another organization may not use information, skills or knowledge obtained as a result of CalOptima employment, that is material or necessary to a current, in-progress, or proposed CalOptima project, that is proprietary to CalOptima and that is not yet in the public domain.

4. *Noncompetition with CalOptima*. An employee's outside employment or consulting activity must not compete with current or proposed CalOptima projects, programs or initiatives.

D. CalOptima Employees shall not handle member or provider issues, applications, requests, or cases on behalf of CalOptima for member(s) of the employee's own family or for personal friends.

E. CalOptima Employees shall comply with the Code of Conduct and CalOptima Policies AA.1204: Gifts, Honoraria, and Travel Payments and AA.1216: Solicitation and Receipt of Gifts to CalOptima. Other than as permitted in CalOptima Policies, employees shall not receive gratuity, rebates, kickbacks, accommodation, or other unlawful consideration from any one provider, supplier, vendor, firm, or organization with whom CalOptima is currently doing or could potentially do business with. It is the responsibility of the employee to return any gift delivered to them and to notify the Clerk of the Board of such action.

F. CalOptima Employees shall be aware of what outside activities, investments, and/or positions may conflict with or detract from their effectiveness in employment with CalOptima, and shall avoid such conflicts.

G. CalOptima Employees shall promptly disclose all potential, suspected, or actual conflicts of interest to CalOptima's Human Resources Department (HR)and shall personally withdraw from discussion, voting, or other decision-making process where an employee knows or has reason to know the employee has a real or apparent conflict of interest.

H. Designated CalOptima Employees in those positions listed in the CalOptima Conflict of Interest Code shall complete Statements of Economic Interests (FPPC Form 700) and a CalOptima Supplement to Form 700 upon hire, annually, and upon termination of employment. If an employee or an employee's immediate family member, as defined in the Political Reform Act, has a financial or employment relationship with a current or potential provider, supplier, vendor, consultant or member, the employee must disclose this fact in writing to HR.

1. CalOptima Employees are required to promptly report any non-CalOptima job positions, positions held on non-profit/charitable organizations and/or their affiliations or interests in job-related businesses or organizations on an Employee Report of Outside Interest and/or Other Employment form provided by HR. CalOptima employees shall not participate in any of the following activities without the prior written approval of the Chief Executive Officer (or in the case of the Chief Executive Officer, the Chair of the CalOptima Board of Directors):

   a. Perform work or render services for any Contractor/Vendor/Provider, association of Contractors/Vendors/Providers or other organizations with which CalOptima does business or which seek to do business with CalOptima;

   b. Be a director, officer, or consultant of any Contractor/Vendor/Provider or association of Contractors/Vendors/Providers or other organizations with which CalOptima does business or which seek to do business with CalOptima; or

   c. Permit his or her name to be used in any fashion that would tend to indicate a business connection with any Contractor/Vendor/Provider or association of Contractors/Vendors/Providers or other organizations with which CalOptima does business or which seek to do business with CalOptima.

I. Employees may participate in the political process on their own time and at their own expense but shall not give the impression that they are speaking on behalf of or representing CalOptima in these activities.

J. As required in CalOptima's contract with the Department of Health Care Services (DHCS) and applicable state and federal laws and regulations, CalOptima shall avoid conflicts of interest in the employment of current and former state officers and employees.

K. Failure to adhere to this Policy, including failure to promptly disclose any potential or actual conflicts or seek an exception may result in corrective action, up to and including termination of employment and/or legal action. Conflicts that violate state or federal laws may result in regulatory or legal action, including possible fines and criminal prosecution.

III. PROCEDURE

A. HR shall:

1. Provide all new CalOptima Employees with a copy of this Policy and CalOptima's Code of Conduct.

2. Provide each designated CalOptima employee with a copy of the Conflict of Interest Code and a link to the County of Orange's eDisclosure System to the Form 700 Statement of Economic Interests, to complete when assuming office, annually, and upon termination of employment. HR will also provide the Supplement to Form 700 upon hire and annually.

3. Make the Employee Report of Outside Interest and/or Other Employment form available to all CalOptima employees.

4. Collect and review the completed Supplement to Form 700 forms and/or Employee Report of Outside Interest and/or Other Employment Forms and obtain necessary approvals where required.

5. Not employ an individual holding a permanent or intermittent position in the State civil service or other appointed State official or an individual who was employed within the previous one (1) year as an appointee or civil service employee with DHCS, subject to certain exceptions which employment determination shall be made in conjunction with the Compliance Department.

B. All CalOptima Employees shall:

1. Review and comply with this Policy, CalOptima's Code of Conduct, and the CalOptima Employee Handbook;

2. Avoid any actual or potential conflict between their personal interests and the interest of CalOptima;

3. Promptly report any job-related outside or personal positions or interests on the Employee Report of Outside Interest and/or Other Employment form and submit such forms to HR.

4. Not make, or participate in making, or in any way attempt to use his or her official position to influence a governmental decision in which he or she knows or has reason to know he or she has a financial interest.

5. Not offer, pay, solicit or receive an incentive or remuneration (including any kickback, bribe, or rebate) directly or indirectly, overtly or covertly, in cash or in kind, to induce the referral of business reimbursable under the Medi-Cal or Medicare programs or to induce an enrollee to use a particular practitioner, provider or supplier.

6. Promptly report any suspected or apparent violation of this Policy to CalOptima's HR Department with detailed information sufficient for HR to investigate the issue and cooperate with any subsequent investigation.

7. CalOptima Employees unsure as to whether a certain transaction, activity, or relationship constitutes a conflict of interest should discuss it with their supervisor or HR for clarification.

8. Upon being notified that an actual or apparent conflict exists, and an exception is not granted, the employee must promptly resolve the conflict by:

   a. Terminating the outside activity;

   b. Cooperating in reassignment, when appropriate or reasonable or;

   c. Resigning from CalOptima.

C. Designated CalOptima Employees in those positions listed in the CalOptima Conflict of Interest Code shall:

1. Upon assuming office, annually, and upon termination of employment, complete and submit a Statement of Economic Interests (FPPC Form 700) on the County of Orange eDisclosure system (https://cobcoi.ocgov.com/edisclosure/); and

2. Complete a Supplement to Form 700 upon hire and annually.

OFFICIALS WHO ARE SPECIFIED IN GOVERNMENT CODE SECTION 87200

Officials who are specified in Government Code section 87200 (including officials who manage public investments, as defined by 2 Cal. Code of Regs. § 18700.3 (b)), are NOT subject to the Agency's Conflict of Interest Code, but are subject to the disclosure requirements of the Political Reform Act, Government Code section 87100, et seq. Gov't Code § 87203. These positions are listed here for informational purposes only.

The positions listed below are officials who are specified in Government Code section 87200:

Alternate Member of the Board of Directors	Files with	COB
Chief Executive Officer	Files with	COB
Chief Financial Officer	Files with	COB
Member of the Board of Directors	Files with	COB

The disclosure requirements for these positions are set forth in Government Code section 87200, et. seq. They require the disclosure of interests in real property in the agency's jurisdiction, as well as investments, business positions and sources of income (including gifts, loans and travel payments).

Back to Agenda Back to Item

Entity: **Other Misc. Authorities, Districts and Commissions**
Agency: **CalOptima**

Disclosure Category	Disclosure Description	Status
87200 Filer	Form 87200 filers shall complete all schedules for Form 700 and disclose all reportable sources of income, interests in real property, investments and business positions in business entities, if applicable, pursuant to Government Code Section 87200 *et seq*..	Unchanged
OC-01	All interests in real property in Orange County, the authority or the District as applicable, as well as investments, business positions and sources of income (including gifts, loans and travel payments).	Unchanged
OC-06	All investments in, business positions with and income (including gifts, loans and travel payments) from sources that provide leased facilities and goods, supplies, equipment, vehicles, machinery or services (including training and consulting services) of the types used by the County Department, Authority or District, as applicable.	Unchanged
OC-08	All investments in, business positions with and income (including gifts, loans and travel payments) from sources that develop or provide computer hardware/software, voice data communications, or data processing goods, supplies, equipment, or services (including training and consulting services) used by the County Department, Authority or District, as applicable.	Unchanged
OC-11	All interests in real property in Orange County or located entirely or partly within the Authority or District boundaries as applicable, as well as investments in, business positions with and income (including gifts, loans and travel payments) from sources that are engaged in the supply of equipment related to recruitment, employment search & marketing, classification, training, or negotiation with personnel; employee benefits, and health and welfare benefits.	Unchanged
OC-13	All investments in, business positions with and income (including gifts, loans and travel payments) from sources that produce or provide promotional items for public outreach programs; present, facilitate, market or otherwise act as agent for media relations with regard to public relations; provide printing, copying, or mail services; or provide training for or development of customer service representatives.	Unchanged
OC-20	All investments in, business positions with and income (including gifts, loans and travel payments) from sources that provide pharmaceutical services, supplies, materials or equipment.	Unchanged
OC-30	Consultants shall be included in the list of designated employees and shall disclose pursuant to the broadest category in the code subject to the following limitation: The County Department Head/Director/General Manager/Superintendent/etc. may determine that a particular consultant, although a "designated position," is hired to perform a range of duties that is limited in scope and thus is not required to fully comply with the disclosure requirements in this section. Such written determination shall include a description of the consultant's duties and, based upon that description, a statement of the extent of disclosure required. The determination of disclosure is a public record and shall be filed with the Form 700 and retained by the Filing Officer for public inspection.	Unchanged

Disclosure Category	Disclosure Description	Status
OC-41	All interests in real property in Orange County, the District or Authority, as applicable, as well as investments in, business positions with and income (including gifts, loans and travel payments) from sources that provide services, supplies, materials, machinery, vehicles, or equipment (including training and consulting services) used by the County Department, Authority or District, as applicable.	Unchanged

Policy:	GA.8018
Title:	**Paid Time Off (PTO)**
Department:	Human Resources
Section:	Not Applicable
CEO Approval:	
Effective Date:	10/27/2011
Revised Date:	12/03/2020
Applicable to:	☐ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☒ Administrative

I. PURPOSE

This policy provides managers and supervisors with appropriate guidelines to administer CalOptima's Paid Time Off (PTO) benefit.

II. POLICY

A. CalOptima provides PTO ~~benefits~~, a work-life balance benefit, to all eligible employees to enable them to take time off from work for activities such as rest ~~and~~, recreation ~~and to recover~~, recovery from injury and illness~~.~~ or other personal activities. CalOptima believes this time is valuable for employees in order to enhance productivity and ~~to~~ make the work experience more personally satisfying. CalOptima provides ~~long service~~ employees with additional hours of PTO ~~benefits~~ as years of service are accumulated.

B. Full-Time, Part-Time, and Limited Term Employees who are regularly scheduled to work more than twenty (20) hours per week are eligible to accrue PTO. An eligible employee may use PTO hours for vacation, preventative health, or dental care, or care of an existing health condition of the employee, or the employee's family member, short-term illness, family illness, emergencies, religious observances, personal business, Child-Related Activities, or for specified purposes if the employee is a victim of domestic violence, sexual assault, or stalking. CalOptima encourages employees to maintain work-life balance by utilizing PTO benefits for rest and recreation throughout the year.

C. Healthy Workplaces, Healthy Families Act of 2014 ("Act"), effective July 1, 2015, requires CalOptima to provide paid sick leave to eligible employees. CalOptima already provides employees who are eligible to accrue PTO, as specified in Section III.B. above, a sufficient amount of PTO that can be used for sick leave that satisfies the accrual, carryover, and use requirements under the Act. For all other employees who are not eligible to accrue PTO as specified in Section II.B. above, such as As-Needed Employees, who work thirty (30~~),~~) or more~~,~~ days within one (1) year from the start of their date of employment, the following provisions shall apply:

1. CalOptima shall provide the full amount of twenty-four (24) hours~~,~~ or three (3) days, whichever is greater, of paid sick leave to eligible employees~~,~~ on July 1, 2015, and then at the beginning of each calendar year thereafter. For eligible employees hired, or engaged, after July 1, 2015, the full amount of twenty-four (24) hours, or three (3) days, whichever is greater, of paid sick leave

shall be provided beginning at the commencement of employment~~,~~ or engagement~~,~~ and then at the beginning of each calendar year thereafter. As such, the employee will not accrue any additional paid sick leave and will not carry over any unused sick leave hours to the following year.

2. Upon satisfying a ninety (90) day employment period, employees may use accrued sick leave for preventative care or diagnosis, and care or treatment of an existing health condition of the employee~~,~~ or the employee's family member. The Act defines a "family member" as a child, parent, spouse, registered domestic partner, grandparent, grandchild, or sibling. Eligible employees may also use accrued paid sick leave for specified purposes if the employee is a victim of domestic violence, sexual assault, or stalking.

3. Paid sick leave will not be treated the same as PTO. Upon termination, resignation, retirement, or other separation from employment, CalOptima will not payout employees for unused paid sick leave time accrued under the Act. In addition, accrued paid sick leave time is not eligible for cash out. If an employee separates and is then rehired by CalOptima within one (1) year from the date of separation, the previously accrued and unused paid sick leave time will be reinstated. An employee rehired within one (1) year from the date of separation may not be subject to the Act's ninety (90)-day waiting period, if such condition was previously satisfied, and may use their paid sick leave time immediately upon rehire, if eligible.

D. **PTO Accrual**: An eligible employee accrues PTO hours based on his or her classification as exempt~~,~~ or non-exempt, hours paid (excluding overtime) each pay period (non-exempt employees), and years of Continuous Service in accordance with the ~~following~~ accrual schedule ~~outlined~~provided below. PTO begins accruing from the date of hire. On rare occasions and on a case-by-case basis, the Chief Executive Officer may approve deviations ~~from the following accrual schedule of up to a maximum of ten (10) days accrued per year~~of up to a maximum of ten (10) days accrued per year from the accrual schedule below. In addition, the CEO may authorize one-time PTO of up to a maximum of eight (8) hours per employee per incident, in cases of local emergencies or unforeseen circumstances necessitating time off for the immediate protection, welfare and safety of the employee and/or CalOptima property.

Annual Paid Time Off Benefits Accrual Schedule

In the accrual tables below, the total hours accrued is based on the number of hours paid, prorated for employees who work less than a full-time schedule, and calculated up to a maximum of eighty (80) hours for the biweekly pay period.

Non-Exempt Employees:

Years of Continuous Service	Hours of PTO Accrued (Biweekly pay period)	Annual Hourly Accrual	Days Accrued per Year
0 – 3	5.54	144 ~~hrs~~	18
4 – 10	7.08	184 ~~hrs~~	23
11 +	8.62	224 ~~hrs~~	28

Exempt Employees:

Years of Continuous Service	Hours of PTO ~~Earned~~Accrued (Biweekly pay period)	Annual Hourly Accrual	Days Accrued per Year
0 – 3	7.08	184 ~~hrs~~	23

4 – 10	8.62	224 ~~hrs~~	28
11 +	10.15	264 ~~hrs~~	33

E. **Maximum Accrual:** Limits are imposed on the amount of PTO that can be maintained in an employee's PTO account. ~~In the event that~~If available PTO is not used by the end of the benefit year ~~([~~benefit year is the twelve (12) month period from hire date~~),~~], employees may carry unused time off into subsequent years, up to the maximum accrual amount specified herein. The maximum amount permitted in an employee's PTO account is equal to two (2) times the employee's Annual Accrual (see chart above). If an employee reaches his or her maximum PTO accrual amount, the employee will stop accruing PTO.

F. **PTO Accrual during Leaves of Absence:** PTO does not accrue when absent from work in connection with an approved or unapproved unpaid Leave of Absence, including, but not limited to, workers' compensation leave or short/long term disability. PTO accruals recommence when the employee returns to work from an unpaid Leave of Absence.

~~G. **PTO Increments**: At the manager's, or supervisor's, discretion, eligible employees may use time from their PTO account in increments of at least one-quarter (1/4) of an hour.~~

~~H.~~G. **PTO Scheduling**: Scheduling of PTO ~~time~~ is to be done in a manner compatible with CalOptima's operational requirements. In order to minimize the impact of an employee's absence, ~~PTO requests (vacations, medical appointments)~~planned time off should be submitted by an employee to his or her immediate supervisor for approval at least two (2) weeks before the requested time off. Advance approval by the supervisor is subject to the condition that the employee has sufficient time available in the employee's PTO account at the time the employee uses the PTO. Supervisors have authority to approve or deny PTO requests based on business needs, and CalOptima will not be responsible for any expenses incurred by an employee if the request for PTO is not approved. Each department may have special scheduling requirements and procedures for requesting PTO~~,~~; therefore, employees should check with ~~his or her~~their immediate supervisor in advance, except for purposes of sick leave. In rare cases, an Executive may authorize the rescission of approved PTO to address urgent, emergent, or emergency situations. Notification to the employee will be made as soon as the need is known.

~~I.~~H. **PTO for Leaves of Absence Pursuant to Family and Medical Leave Act (FMLA), California Family Rights Act (CFRA), Pregnancy Disability Leave (PDL), Paid Sick Leave, and Other Leaves**: CalOptima is required to provide time off to eligible employees in accordance with applicable laws. Accrued PTO will automatically be used to pay employees for any period of time taken off under the FMLA, and/or the CFRA (for their own serious health condition, or that of an immediate family member, unless such health condition qualifies under the PDL~~.~~).Family member for the purposes of FMLA and CFRA includes a spouse, parent, or child, and ~~also~~ includes care for the birth, adoption, or foster care placement of a child, or other qualified next of kin. Use of PTO for any period of time taken off under PDL is at the discretion of the employee. Accrued PTO will also be automatically used towards paid sick leave for preventative care, or care of an existing health condition for the employee, or a family member, which includes the employee's parent, child, spouse, registered domestic partner, grandparent, grandchild, or sibling, or for specified purposes if the employee is a victim of domestic violence, sexual assault, or stalking. ~~Employees~~In addition, employees may use half of their annual accrued PTO for preventive care, or care of an existing health condition for the employee, or a family member as permitted under Labor Code, Sections 233 ~~(generally known as "Kin Care," but also referred to as "Protected Sick Leave") and 246.5(a).~~ . Accrued PTO shall also be automatically used for time-off for Child-Related Activities, subject to

Back to Agenda Back to Item

the limitations under Labor Code, Section 230.8. At the employee's discretion, PTO may also be used to supplement an employee's income, up to one hundred percent (100%), if an employee is receiving short/long term disability benefits during an approved unpaid Leave of Absence. Leave rights discussed herein may overlap and shall not create greater rights than permitted under applicable laws. For example, the right of an employee on a Leave of Absence for his or her own serious health condition under FMLA and CFRA may coincide with his or her rights under the Act and Protected Sick Leave, such that he or she shall only be entitled to the maximum amount of time off permitted under FMLA/CFRA, or Protected Sick Leave, whichever is greater. As another example, an employee who ~~exhausts~~has exhausted all of his or her accrued PTO ~~for vacation~~ shall not be entitled to additional paid leave under ~~the Act,~~either Acts or under Protected Sick Leave~~, if he or she becomes sick and does not have any accrued PTO available~~.

~~J.~~I. **Unscheduled PTO**: ~~Unscheduled absences, due to illness or emergencies, must be reported to the employee's manager and/or supervisor no later than the start~~Regardless of the ~~workday (unless the situation makes this impossible), along with an explanation~~reason for ~~the~~an unscheduled ~~time off.~~absence, an employee shall notify his/her immediate supervisor in accordance with CalOptima Policy GA.8059: Attendance and Timekeeping . Notification of an unscheduled absence does not make the absence authorized. An employee shall enter the PTO request into the timekeeping system as soon as reasonably possible, and the employee's PTO account will be deducted accordingly. Excessive use of unscheduled PTO above and beyond what is allowed under Protected Sick Leave may result in discipline, up to and including termination. If an employee is absent for four (4) consecutive days, or more, on personal and unprotected sick time, a doctor's note is required on the first day back.

~~K.~~J. **Holidays Occurring During PTO**: If an observed CalOptima holiday occurs during an employee's scheduled PTO, the employee's PTO account will not be deducted for that holiday day.

~~L.~~K. **Maximum Annual Cash Out**: An election period will be held each year at about the same time as CalOptima's annual open enrollment period~~, during which~~. During this time, each employee may elect, for the following year, to convert to cash PTO hours up to the full amount that the employee will be eligible to accrue at the time of cash out in the next calendar year. Once the election period closes, but in no event after December 31 of the year prior to payment of the cash out, the request for PTO cash out cannot be revoked. Requests for cash out will be paid out once per calendar year as determined by the Human Resources Department, provided that all of the following criteria are met: (1) ~~that~~ the employee made the election during the applicable open enrollment period, (2) ~~that~~ the employee has actually accrued the requested amount of hours in the same year and by the time the cash out is made, and (3) ~~that~~ a minimum of one hundred (100) accrued PTO hours remain in the employee's PTO account after cash out. If the employee's election to cash out is for more hours than are eligible, the cash out will be limited to the number of eligible PTO hours at the time the cash out is made. Cashed out PTO will be paid at the employee's current hourly rate at the time the PTO cash out is scheduled to be paid, subject to all applicable taxes and deductions.

~~M.~~L. **Cash Out for Financial Hardship:** If~~,~~ during the year~~,~~ an employee experiences a personal financial hardship, the employee can cash out his or her accrued PTO hours. Cash out for financial hardships are limited to ~~help meet this need.~~ one per calendar year. Documentation ~~must be provided~~ verifying the financial hardship must be provided to the Human Resources Department. The number of hours an employee can request for a financial hardship is subject to the requirement that a minimum of one hundred (100) accrued PTO hours remain in the employee's PTO account after cash out. Financial hardships must represent an immediate and heavy financial need and there must be no other resources readily available to handle that financial need. Financial hardships shall be limited to the following reasons:

Back to Agenda Back to Item

1. Expenses for, or necessary, to obtain non-reimbursed medical care~~,~~ for employee or immediate family members;

2. Payment for the purchase of a primary residence;

3. Payment of tuition, related education fees, and room and board expenses for postsecondary education for the employee, or the employee's spouse~~,~~ (or registered domestic partner), children, or dependents;

4. Payments necessary to prevent the employee from eviction~~,~~ or foreclosure~~, to an employee's home~~;

5. Expenses for the repair of damage to an employee's ~~principal~~primary residence for damages from natural disasters; or

6. ~~Payments~~Expenses for the burial, ~~or~~ funeral, ~~expenses~~or memorial for an employee's deceased parent, spouse~~,~~ (or registered domestic partner), children, or dependents.

~~N.~~M. **PTO Pay/Flex Pay on Termination**: Employees are expected to give at least two (2) weeks' written notice prior to resigning from his or her employment. Notice of resignation is expected to be a "working" notice to allow an opportunity for productive work time to complete projects, or train whoever will be assuming the employee's responsibilities. For that reason, employees should avoid using accrued PTO during the two (2) week period preceding their last scheduled day of work and/or coordinate the use of PTO time to provide at least two (2) "working" weeks. In no event shall CalOptima permit an employee to use his or her accrued PTO beyond the last day worked by an employee, unless the employee was on an approved Leave of Absence, or unless otherwise required by law. Upon termination of employment, the employee is paid all accrued unused PTO and Flex Holiday time at the employee's base rate of pay, subject to all applicable taxes, at the time of the termination. According to California Labor Code, Section 220(b), as a public agency, CalOptima is not required to pay wages immediately upon termination. CalOptima will pay the employee on the next regularly scheduled pay day.

~~O.~~N. **PTO Donation Program**: At the discretion of the Human Resources Department, a PTO Donation Program may be implemented. Employees may donate accrued PTO hours to assist another CalOptima employee ("Recipient Employee") when a Recipient Employee qualifies as having a Catastrophic Illness. Donations are completely voluntary, and donors will remain anonymous to the Recipient Employee. ~~Employees wishing to donate accrued PTO hours ("Donor Employee") must surrender a minimum of two (2) hours, and thereafter, in one (1) hour increments, may surrender an unlimited number of PTO hours, to CalOptima for the benefit of an eligible Recipient Employee, as long as the Donor Employee maintains a minimum of one hundred (100) accrued PTO hours in the Donor Employee's PTO account after donation.~~

1. To be eligible to receive PTO donations, a Recipient Employee must meet all ~~of~~ the following criteria:

   a. Have a Catastrophic Illness, which shall mean a major illness~~,~~ or other medical condition (e.g., heart attack, cancer, etc.) ~~of the employee,~~ or have a family member ~~of the employee that~~with a Catastrophic Illness which requires the employee take a prolonged absence ~~of the employee from work,~~ including intermittent absences that are related to the same illness, or condition, and which will result in a substantial loss of income to the employee because the

Back to Agenda Back to Item

employee will have exhausted all PTO available apart from the PTO Donation Program. Family members referenced above shall include an employee's~~:~~ spouse (or registered domestic partner); biological, adopted, step, or foster, child under age eighteen (18), or an adult dependent child substantially limited by a physical, or mental, impairment; or biological, adopted, step, or foster, parent;

b. Have worked for CalOptima for at least ninety (90) days and be eligible to accrue PTO hours under this Policy;

c. Be in Good Standing (no written warnings~~,~~ or corrective action plans within the last six (6) months, and the most recent performance evaluation shows the employee is meeting the performance standards);

d. Exhausted all of his or her own PTO time;

e. Completed a written request and authorization form including medical documentation to be approved by the Human Resources Department;

f. Have the scheduled time off~~,~~ or Leave of Absence, approved by CalOptima in accordance with CalOptima's Leave of Absence and Personal Leave of Absence Policies; and

g. Have not resigned~~,~~ or been terminated~~,~~ from employment prior to or during the employee's time off~~,~~ or Leave of Absence.

2. To donate, a Donor Employee must meet all ~~of~~ the following criteria:

a. Donate and surrender a minimum of two (2) hours, in increments of one (1) hour.

b. Maintain a minimum balance of one hundred (100) accrued PTO hours in the Donor Employee's PTO account after donation.

c. Submit a form authorizing the donation and acknowledging that the donated PTO time has been surrendered to CalOptima for the benefit of another employee and is no longer a benefit to the Donor Employee.

3. PTO donation pay rate. PTO hours donated will be transferred to the Recipient Employee on an hour-for-hour basis at the Recipient Employee's rate of pay, without regard to the rate of pay of the Donor Employee. The Recipient Employee is responsible for the tax burden of the donation. Any donated PTO that is not used by the Recipient Employee shall remain in the Recipient Employee's PTO account for future use.

4. Disability or workers' compensation. If a Recipient Employee is receiving ~~Short Term/Long Term Disability~~short term or ~~worker's~~long term disability or workers' compensation benefits, the Recipient Employee may coordinate the donated PTO hours with these benefits to supplement the Recipient Employee's income up to one hundred percent (100%) of the employee's salary. For instance, if the Recipient Employee is receiving sixty percent (60%) of his or her income from ~~Short Term Disability~~short term disability, CalOptima will allow the Recipient Employee to use the donated PTO hours to supplement up to the forty percent (40%) difference in compensation, bringing the Recipient Employee's total monthly income to one hundred percent (100%) of his or her earnings.

Back to Agenda Back to Item

5. The Recipient Employee must submit an application and all necessary documentation to the Human Resources Department to be a recipient of the donated PTO and must give CalOptima permission to issue an all-staff email announcing the opportunity to donate PTO. The email will identify the Recipient Employee and any other information expressly authorized by the Recipient Employee.

6. In submitting an application, the Recipient Employee will be required to save, defend, and hold CalOptima harmless from any claims, liability, or actions concerning the disclosure of health information authorized by the Recipient Employee.

7. This PTO Donation program is completely voluntary on the part of CalOptima and may be amended~~,~~ or terminated~~,~~ by the Human Resources Department at any time ~~in~~at its sole discretion.

III. PROCEDURE

A. PTO or Paid Sick Leave Time Request for Time Off:

Responsible Party	Action
Employee	• Request PTO or paid sick leave at least two (2) weeks in advance, where possible, using CalOptima's time-keeping system. If the need for time off is foreseeable, employee must provide reasonable advance notice. If not, the employee must provide notice as soon as practicable. (If using PTO or paid sick leave for illness or preventative treatment, enter time away from work request as PTO Sick).
Supervisor	• Review all requests and approve, or deny, the request.

B. PTO Request to Cash Out:

Responsible Party	Action
Employee	• Request PTO cash out for the following year during the designated election period~~. Total hours cashed out must be actually accrued in the same calendar year as the year it is cashed out and by the time the cash out is made. Total hours remaining in PTO account must be a minimum of one hundred (100) hours after cash out.~~
Payroll	• Review all requests and approve~~,~~ or deny~~,~~ the request.

C. PTO Request for Donations (Recipient Employee):

Responsible Party	Action
Recipient Employee	• Request a Leave of Absence. • Complete a written request and authorization form including supporting medical documentation to be submitted ~~and approved by~~ to the Human Resources Department for approval, if eligible. • Sign a written waiver concerning disclosure of information to CalOptima employees.
Human Resources Department	• Receive request and authorization form from Recipient Employee and review for completeness and eligibility.

Responsible Party	Action
	• ~~Provide~~Within ten (10) days of receipt of all necessary material provide notice to ~~employee~~Recipient Employee whether or not Human Resources approves~~,~~ or rejects~~,~~ the employee's request ~~within ten (10) days of receipt of all necessary material.~~ • Where approved, send out email request to all CalOptima employees consistent with permissible information provided by the Recipient Employee.

D. PTO Request to Donate (Donor Employee):

Responsible Party	Action
Donor Employee	• Submit a form authorizing the donation and designating the number of hours surrendered to CalOptima for the benefit of a Recipient Employee. • Sign an acknowledgement that the donated PTO time has been surrendered to CalOptima for the benefit of a Recipient Employee and is no longer a benefit to the Donor Employee. • ~~Ensure that the Donor Employee has a minimum of one hundred (100) hours remaining in the Donor Employee's PTO account after donation.~~
Human Resources Department	• Receive donation form from Donor Employee and review for completeness and eligibility. • ~~Provide~~Within ten (10) days of receipt of all necessary material provide notice to Donor Employee whether or not Human Resources ~~approved,~~approves or ~~rejected,~~rejects the ~~Donor Employee's authorization for donation and surrender.~~ • employee's request Where approved, transfer the donated PTO hours to the Recipient Employee on an hour for hour basis at the Recipient Employee's rate of pay.

IX. GLOSSARY

Term	Definition
As-Needed	Employees called to work sporadically on an as-needed basis. These employees may not have regularly scheduled hours and do not earn any benefits. As-Needed employees are employed for an indefinite duration and must work less than one thousand (1,000) hours per fiscal year.
Catastrophic Illness	A major illness or other medical condition (e.g., heart attack, cancer, etc.) of the employee or a family member of the employee that requires a prolonged absence of the employee from work, including intermittent absences that are related to the same illness or condition, and will result in a substantial loss of income to the employee because the employee will have exhausted all PTO available apart from the PTO Donation Program.
Child-Related Activities	Participation in activities at child's school or day care facility as permitted under Labor Code, Section 230.8, which includes: finding, enrolling, or reenrolling a child in a school or with a licensed child care provider; child care provider or school, emergency; request for child to be picked up from school/child care, or an attendance policy that prohibits the child from attending or requires the child to be picked up from the school or child care provider; behavioral/discipline problems; closure or unexpected unavailability of school (excluding planned holidays); a natural disaster; or to participate in activities of the school or licensed child care provider of his or her child, if the employee, prior to taking the time off, gives reasonable notice to CalOptima.
Continuous Service	A period of employment with one (1) employer, which begins with the~~-~~ day on which the employee starts work and ends with the date of resignation or dismissal. All service, regardless of hours worked, counts toward calculating continuous service.
Exempt Employee	~~Employees who are exempt from the overtime provisions of the federal Fair Labor Standards Act (FLSA) and state regulations governing wages and salaries, where applicable.~~ Exempt status is determined by the Human Resources Department based on the position title and duties and responsibilities of the position and ~~is defined by Human Resources for each position.~~ consistent with the federal Fair Labor Standards Act (FLSA) regulations. Although an employee's classification may meet applicable federal and/or state exemption criteria, the position may nevertheless be designated as non-exempt. Exempt employees do not earn overtime compensation.
Full-Time Employee	An employee who works sixty (60) to eighty (80) hours a pay period.
Good Standing	The employee has at least a ~~fully meets expectations job~~satisfactory level of performance ~~rating~~ on their most recent evaluation and has not received written ~~disciplinary~~corrective action within the last six (6) months.
Leave of Absence (LOA)	A term used to describe a scheduled period of time off that an employee is to be away from his or her primary job, while maintaining the status of employee.
Limited Term Employee	Employees who are hired to work a full-time schedule on special-assignments that last a period of less than six (6) months. Limited Term employees do not become regular employees as a result of the passage of time.
Non-Exempt Employee	~~Includes~~Non-Exempt status applies to all employees who are not identified by Human Resources as exempt. Non-Exempt employees are paid on an hourly basis and are eligible for overtime compensation ~~as required by~~. Although an employee's classification may qualify for applicable federal ~~wage and hour~~

Applicable to:	☐ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☒ Administrative

I. PURPOSE

This policy provides managers and supervisors with appropriate guidelines to administer CalOptima's Paid Time Off (PTO) benefit.

II. POLICY

A. CalOptima provides PTO, a work-life balance benefit, to all eligible employees to enable them to take time off from work for activities such as rest, recreation, recovery from injury and illness or other personal activities. CalOptima believes this time is valuable for employees in order to enhance productivity and make the work experience more personally satisfying. CalOptima provides employees with additional hours of PTO as years of service are accumulated.

B. Full-Time, Part-Time, and Limited Term Employees who are regularly scheduled to work more than twenty (20) hours per week are eligible to accrue PTO. An eligible employee may use PTO hours for vacation, preventative health, or dental care, or care of an existing health condition of the employee, or the employee's family member, short-term illness, family illness, emergencies, religious observances, personal business, Child-Related Activities, or for specified purposes if the employee is a victim of domestic violence, sexual assault, or stalking. CalOptima encourages employees to maintain work-life balance by utilizing PTO benefits for rest and recreation throughout the year.

C. Healthy Workplaces, Healthy Families Act of 2014 ("Act"), effective July 1, 2015, requires CalOptima to provide paid sick leave to eligible employees. CalOptima already provides employees who are eligible to accrue PTO, as specified in Section III.B. above, a sufficient amount of PTO that can be used for sick leave that satisfies the accrual, carryover, and use requirements under the Act. For all other employees who are not eligible to accrue PTO as specified in Section II.B. above, such as As-Needed Employees, who work thirty (30) or more days within one (1) year from the start of their date of employment, the following provisions shall apply:

1. CalOptima shall provide the full amount of twenty-four (24) hours or three (3) days, whichever is greater, of paid sick leave to eligible employees on July 1, 2015, and then at the beginning of each calendar year thereafter. For eligible employees hired, or engaged, after July 1, 2015, the full amount of twenty-four (24) hours, or three (3) days, whichever is greater, of paid sick leave shall be provided beginning at the commencement of employment or engagement and then at

the beginning of each calendar year thereafter. As such, the employee will not accrue any additional paid sick leave and will not carry over any unused sick leave hours to the following year.

2. Upon satisfying a ninety (90) day employment period, employees may use accrued sick leave for preventative care or diagnosis, and care or treatment of an existing health condition of the employee or the employee's family member. The Act defines a "family member" as a child, parent, spouse, registered domestic partner, grandparent, grandchild, or sibling. Eligible employees may also use accrued paid sick leave for specified purposes if the employee is a victim of domestic violence, sexual assault, or stalking.

3. Paid sick leave will not be treated the same as PTO. Upon termination, resignation, retirement, or other separation from employment, CalOptima will not payout employees for unused paid sick leave time accrued under the Act. In addition, accrued paid sick leave time is not eligible for cash out. If an employee separates and is then rehired by CalOptima within one (1) year from the date of separation, the previously accrued and unused paid sick leave time will be reinstated. An employee rehired within one (1) year from the date of separation may not be subject to the Act's ninety (90)-day waiting period, if such condition was previously satisfied, and may use their paid sick leave time immediately upon rehire, if eligible.

D. **PTO Accrual**: An eligible employee accrues PTO hours based on his or her classification as exempt or non-exempt, hours paid (excluding overtime) each pay period (non-exempt employees), and years of Continuous Service in accordance with the accrual schedule provided below. PTO begins accruing from the date of hire. On rare occasions and on a case-by-case basis, the Chief Executive Officer may approve deviations of up to a maximum of ten (10) days accrued per year from the accrual schedule below. In addition, the CEO may authorize one-time PTO of up to a maximum of eight (8) hours per employee per incident, in cases of local emergencies or unforeseen circumstances necessitating time off for the immediate protection, welfare and safety of the employee and/or CalOptima property.

Annual Paid Time Off Benefits Accrual Schedule

In the accrual tables below, the total hours accrued is based on the number of hours paid, prorated for employees who work less than a full-time schedule, and calculated up to a maximum of eighty (80) hours for the biweekly pay period.

Non-Exempt Employees:

Years of Continuous Service	Hours of PTO Accrued (Biweekly pay period)	Annual Hourly Accrual	Days Accrued per Year
0 – 3	5.54	144	18
4 – 10	7.08	184	23
11 +	8.62	224	28

Exempt Employees:

Years of Continuous Service	Hours of PTO Accrued (Biweekly pay period)	Annual Hourly Accrual	Days Accrued per Year
0 – 3	7.08	184	23
4 – 10	8.62	224	28
11 +	10.15	264	33

E. **Maximum Accrual:** Limits are imposed on the amount of PTO that can be maintained in an employee's PTO account. If available PTO is not used by the end of the benefit year [benefit year is the twelve (12) month period from hire date], employees may carry unused time off into subsequent years, up to the maximum accrual amount specified herein. The maximum amount permitted in an employee's PTO account is equal to two (2) times the employee's Annual Accrual (see chart above). If an employee reaches his or her maximum PTO accrual amount, the employee will stop accruing PTO.

F. **PTO Accrual during Leaves of Absence:** PTO does not accrue when absent from work in connection with an approved or unapproved unpaid Leave of Absence, including, but not limited to, workers' compensation leave or short/long term disability. PTO accruals recommence when the employee returns to work from an unpaid Leave of Absence.

G. **PTO Scheduling**: Scheduling of PTO is to be done in a manner compatible with CalOptima's operational requirements. In order to minimize the impact of an employee's absence, planned time off should be submitted by an employee to his or her immediate supervisor for approval at least two (2) weeks before the requested time off. Advance approval by the supervisor is subject to the condition that the employee has sufficient time available in the employee's PTO account at the time the employee uses the PTO. Supervisors have authority to approve or deny PTO requests based on business needs, and CalOptima will not be responsible for any expenses incurred by an employee if the request for PTO is not approved. Each department may have special scheduling requirements and procedures for requesting PTO; therefore, employees should check with their immediate supervisor in advance, except for purposes of sick leave. In rare cases, an Executive may authorize the rescission of approved PTO to address urgent, emergent, or emergency situations. Notification to the employee will be made as soon as the need is known.

H. **PTO for Leaves of Absence Pursuant to Family and Medical Leave Act (FMLA), California Family Rights Act (CFRA), Pregnancy Disability Leave (PDL), Paid Sick Leave, and Other Leaves**: CalOptima is required to provide time off to eligible employees in accordance with applicable laws. Accrued PTO will automatically be used to pay employees for any period of time taken off under the FMLA, and/or the CFRA (for their own serious health condition, or that of an immediate family member, unless such health condition qualifies under the PDL).Family member for the purposes of FMLA and CFRA includes a spouse, parent, or child, and includes care for the birth, adoption, or foster care placement of a child, or other qualified next of kin. Use of PTO for any period of time taken off under PDL is at the discretion of the employee. Accrued PTO will also be automatically used towards paid sick leave for preventative care, or care of an existing health condition for the employee, or a family member, which includes the employee's parent, child, spouse, registered domestic partner, grandparent, grandchild, or sibling, or for specified purposes if the employee is a victim of domestic violence, sexual assault, or stalking. In addition, employees may use half of their annual accrued PTO for preventive care, or care of an existing health condition for the employee, or a family member as permitted under Labor Code, Sections 233. Accrued PTO shall also be automatically used for time-off for Child-Related Activities, subject to the limitations under Labor Code, Section 230.8. At the employee's discretion, PTO may also be used to supplement an employee's income, up to one hundred percent (100%), if an employee is receiving short/long term disability benefits during an approved unpaid Leave of Absence. Leave rights discussed herein may overlap and shall not create greater rights than permitted under applicable laws. For example, the right of an employee on a Leave of Absence for his or her own serious health condition under FMLA and CFRA may coincide with his or her rights under the Act and Protected Sick Leave, such that he or she shall only be entitled to the maximum amount of time off permitted under FMLA/CFRA, or Protected Sick Leave, whichever is greater. As another example,

Back to Agenda Back to Item

an employee who has exhausted all of his or her accrued PTO shall not be entitled to additional paid leave under either Acts or under Protected Sick Leave.

I. **Unscheduled PTO**: Regardless of the reason for an unscheduled absence, an employee shall notify his/her immediate supervisor in accordance with CalOptima Policy GA.8059: Attendance and Timekeeping . Notification of an unscheduled absence does not make the absence authorized. An employee shall enter the PTO request into the timekeeping system as soon as reasonably possible, and the employee's PTO account will be deducted accordingly. Excessive use of unscheduled PTO above and beyond what is allowed under Protected Sick Leave may result in discipline, up to and including termination. If an employee is absent for four (4) consecutive days, or more, on personal and unprotected sick time, a doctor's note is required on the first day back.

J. **Holidays Occurring During PTO**: If an observed CalOptima holiday occurs during an employee's scheduled PTO, the employee's PTO account will not be deducted for that holiday day.

K. **Maximum Annual Cash Out**: An election period will be held each year at about the same time as CalOptima's annual open enrollment period. During this time, each employee may elect, for the following year, to convert to cash PTO hours up to the full amount that the employee will be eligible to accrue at the time of cash out in the next calendar year. Once the election period closes, but in no event after December 31 of the year prior to payment of the cash out, the request for PTO cash out cannot be revoked. Requests for cash out will be paid out once per calendar year as determined by the Human Resources Department, provided that all of the following criteria are met: (1) the employee made the election during the applicable open enrollment period, (2) the employee has actually accrued the requested amount of hours in the same year and by the time the cash out is made, and (3) a minimum of one hundred (100) accrued PTO hours remain in the employee's PTO account after cash out. If the employee's election to cash out is for more hours than are eligible, the cash out will be limited to the number of eligible PTO hours at the time the cash out is made. Cashed out PTO will be paid at the employee's current hourly rate at the time the PTO cash out is scheduled to be paid, subject to all applicable taxes and deductions.

L. **Cash Out for Financial Hardship:** If during the year an employee experiences a personal financial hardship, the employee can cash out his or her accrued PTO hours. Cash out for financial hardships are limited to one per calendar year. Documentation verifying the financial hardship must be provided to the Human Resources Department. The number of hours an employee can request for a financial hardship is subject to the requirement that a minimum of one hundred (100) accrued PTO hours remain in the employee's PTO account after cash out. Financial hardships must represent an immediate and heavy financial need and there must be no other resources readily available to handle that financial need. Financial hardships shall be limited to the following reasons:

1. Expenses for, or necessary, to obtain non-reimbursed medical care for employee or immediate family members;

2. Payment for the purchase of a primary residence;

3. Payment of tuition, related education fees, and room and board expenses for postsecondary education for the employee, or the employee's spouse (or registered domestic partner), children, or dependents;

4. Payments necessary to prevent the employee from eviction or foreclosure;

Back to Agenda Back to Item

5. Expenses for the repair of damage to an employee's primary residence for damages from natural disasters; or

6. Expenses for the burial, funeral, or memorial for an employee's deceased parent, spouse (or registered domestic partner), children, or dependents.

M. **PTO Pay/Flex Pay on Termination**: Employees are expected to give at least two (2) weeks' written notice prior to resigning from his or her employment. Notice of resignation is expected to be a "working" notice to allow an opportunity for productive work time to complete projects, or train whoever will be assuming the employee's responsibilities. For that reason, employees should avoid using accrued PTO during the two (2) week period preceding their last scheduled day of work and/or coordinate the use of PTO time to provide at least two (2) "working" weeks. In no event shall CalOptima permit an employee to use his or her accrued PTO beyond the last day worked by an employee, unless the employee was on an approved Leave of Absence, or unless otherwise required by law. Upon termination of employment, the employee is paid all accrued unused PTO and Flex Holiday time at the employee's base rate of pay, subject to all applicable taxes, at the time of the termination. According to California Labor Code, Section 220(b), as a public agency, CalOptima is not required to pay wages immediately upon termination. CalOptima will pay the employee on the next regularly scheduled pay day.

N. **PTO Donation Program**: At the discretion of the Human Resources Department, a PTO Donation Program may be implemented. Employees may donate accrued PTO hours to assist another CalOptima employee ("Recipient Employee") when a Recipient Employee qualifies as having a Catastrophic Illness. Donations are completely voluntary, and donors will remain anonymous to the Recipient Employee.

1. To be eligible to receive PTO donations, a Recipient Employee must meet all the following criteria:

   a. Have a Catastrophic Illness, which shall mean a major illness or other medical condition (e.g., heart attack, cancer, etc.) or have a family member with a Catastrophic Illness which requires the employee take a prolonged absence including intermittent absences that are related to the same illness, or condition, and which will result in a substantial loss of income to the employee because the employee will have exhausted all PTO available apart from the PTO Donation Program. Family members referenced above shall include an employee's spouse (or registered domestic partner); biological, adopted, step, or foster, child under age eighteen (18), or an adult dependent child substantially limited by a physical, or mental, impairment; or biological, adopted, step, or foster, parent;

   b. Have worked for CalOptima for at least ninety (90) days and be eligible to accrue PTO hours under this Policy;

   c. Be in Good Standing (no written warnings or corrective action plans within the last six (6) months, and the most recent performance evaluation shows the employee is meeting the performance standards);

   d. Exhausted all of his or her own PTO time;

   e. Completed a written request and authorization form including medical documentation to be approved by the Human Resources Department;

Back to Agenda Back to Item

f. Have the scheduled time off or Leave of Absence, approved by CalOptima in accordance with CalOptima's Leave of Absence and Personal Leave of Absence Policies; and

g. Have not resigned or been terminated from employment prior to or during the employee's time off or Leave of Absence.

2. To donate, a Donor Employee must meet all the following criteria:

a. Donate and surrender a minimum of two (2) hours, in increments of one (1) hour.

b. Maintain a minimum balance of one hundred (100) accrued PTO hours in the Donor Employee's PTO account after donation.

c. Submit a form authorizing the donation and acknowledging that the donated PTO time has been surrendered to CalOptima for the benefit of another employee and is no longer a benefit to the Donor Employee.

3. PTO donation pay rate. PTO hours donated will be transferred to the Recipient Employee on an hour-for-hour basis at the Recipient Employee's rate of pay, without regard to the rate of pay of the Donor Employee. The Recipient Employee is responsible for the tax burden of the donation. Any donated PTO that is not used by the Recipient Employee shall remain in the Recipient Employee's PTO account for future use.

4. Disability or workers' compensation. If a Recipient Employee is receiving short term or long term disability or workers' compensation benefits, the Recipient Employee may coordinate the donated PTO hours with these benefits to supplement the Recipient Employee's income up to one hundred percent (100%) of the employee's salary. For instance, if the Recipient Employee is receiving sixty percent (60%) of his or her income from short term disability, CalOptima will allow the Recipient Employee to use the donated PTO hours to supplement up to the forty percent (40%) difference in compensation, bringing the Recipient Employee's total monthly income to one hundred percent (100%) of his or her earnings.

5. The Recipient Employee must submit an application and all necessary documentation to the Human Resources Department to be a recipient of the donated PTO and must give CalOptima permission to issue an all-staff email announcing the opportunity to donate PTO. The email will identify the Recipient Employee and any other information expressly authorized by the Recipient Employee.

6. In submitting an application, the Recipient Employee will be required to save, defend, and hold CalOptima harmless from any claims, liability, or actions concerning the disclosure of health information authorized by the Recipient Employee.

7. This PTO Donation program is completely voluntary on the part of CalOptima and may be amended or terminated by the Human Resources Department at any time at its sole discretion.

III. PROCEDURE

A. PTO or Paid Sick Leave Time Request for Time Off:

Back to Agenda Back to Item

Responsible Party	Action
Employee	• Request PTO or paid sick leave at least two (2) weeks in advance, where possible, using CalOptima's time-keeping system. If the need for time off is foreseeable, employee must provide reasonable advance notice. If not, the employee must provide notice as soon as practicable. (If using PTO or paid sick leave for illness or preventative treatment, enter time away from work request as PTO Sick).
Supervisor	• Review all requests and approve, or deny, the request.

B. PTO Request to Cash Out:

Responsible Party	Action
Employee	• Request PTO cash out for the following year during the designated election period
Payroll	• Review all requests and approve or deny the request.

C. PTO Request for Donations (Recipient Employee):

Responsible Party	Action
Recipient Employee	• Request a Leave of Absence. • Complete a written request and authorization form including supporting medical documentation to be submitted to the Human Resources Department for approval, if eligible. • Sign a written waiver concerning disclosure of information to CalOptima employees.
Human Resources Department	• Receive request and authorization form from Recipient Employee and review for completeness and eligibility. • Within ten (10) days of receipt of all necessary material provide notice to Recipient Employee whether or not Human Resources approves or rejects the employee's request Where approved, send out email request to all CalOptima employees consistent with permissible information provided by the Recipient Employee.

D. PTO Request to Donate (Donor Employee):

Responsible Party	Action
Donor Employee	• Submit a form authorizing the donation and designating the number of hours surrendered to CalOptima for the benefit of a Recipient Employee. • Sign an acknowledgement that the donated PTO time has been surrendered to CalOptima for the benefit of a Recipient Employee and is no longer a benefit to the Donor Employee.
Human Resources Department	• Receive donation form from Donor Employee and review for completeness and eligibility. • Within ten (10) days of receipt of all necessary material provide notice to Donor Employee whether or not Human Resources approves or rejects the employee's request Where approved, transfer the donated PTO hours to the Recipient Employee on an hour for hour basis at the Recipient Employee's rate of pay.

IX. GLOSSARY

Term	Definition
As-Needed	Employees called to work sporadically on an as-needed basis. These employees may not have regularly scheduled hours and do not earn any benefits. As-Needed employees are employed for an indefinite duration and must work less than one thousand (1,000) hours per fiscal year.
Catastrophic Illness	A major illness or other medical condition (e.g., heart attack, cancer, etc.) of the employee or a family member of the employee that requires a prolonged absence of the employee from work, including intermittent absences that are related to the same illness or condition, and will result in a substantial loss of income to the employee because the employee will have exhausted all PTO available apart from the PTO Donation Program.
Child-Related Activities	Participation in activities at child's school or day care facility as permitted under Labor Code, Section 230.8, which includes: finding, enrolling, or reenrolling a child in a school or with a licensed child care provider; child care provider or school, emergency; request for child to be picked up from school/child care, or an attendance policy that prohibits the child from attending or requires the child to be picked up from the school or child care provider; behavioral/discipline problems; closure or unexpected unavailability of school (excluding planned holidays); a natural disaster; or to participate in activities of the school or licensed child care provider of his or her child, if the employee, prior to taking the time off, gives reasonable notice to CalOptima.
Continuous Service	A period of employment with one (1) employer, which begins with the day on which the employee starts work and ends with the date of resignation or dismissal. All service, regardless of hours worked, counts toward calculating continuous service.
Exempt Employee	Exempt status is determined by the Human Resources Department based on the position title and duties and responsibilities of the position and consistent with the federal Fair Labor Standards Act (FLSA) regulations. Although an employee's classification may meet applicable federal and/or state exemption criteria, the position may nevertheless be designated as non-exempt. Exempt employees do not earn overtime compensation.
Full-Time Employee	An employee who works sixty (60) to eighty (80) hours a pay period.
Good Standing	The employee has at least a satisfactory level of performance on their most recent evaluation and has not received written corrective action within the last six (6) months.
Leave of Absence (LOA)	A term used to describe a scheduled period of time off that an employee is to be away from his or her primary job, while maintaining the status of employee.
Limited Term Employee	Employees who are hired to work a full-time schedule on special-assignments that last a period of less than six (6) months. Limited Term employees do not become regular employees as a result of the passage of time.
Non-Exempt Employee	Non-Exempt status applies to all employees who are not identified by Human Resources as exempt. Non-Exempt employees are paid on an hourly basis and are eligible for overtime compensation. Although an employee's classification may qualify for applicable federal exemptions from the FLSA exemption criteria, the position may nevertheless be designated as non-exempt.
Paid Interns	Paid interns are considered As-Needed employees and should be concurrently enrolled in college or graduate courses.

PTO DONATION PROGRAM
REQUEST AND AUTHORIZATION FORM
CATASTROPHIC LEAVE REQUEST
Confidential

RECIPIENT EMPLOYEE

CalOptima has established a PTO Donation Program under HR Policy GA.8018: Paid Time Off ~~Policy~~ which allows employees to donate portions of their accrued PTO time to CalOptima for the benefit of an eligible requesting employee that has a catastrophic illness or has a family member with a Catastrophic Illness. Hours donated will be surrendered to CalOptima for the benefit of an eligible recipient employee on an hour for hour basis at the recipient's rate of pay, without regard for the rate of pay of the donor.

Name of Recipient Employee (Print):	**Employee ID #:**	**Date of Request:**
Email:	**Telephone:**	
Recipient Employee Job Title:	**Department:**	
Date Catastrophic Illness Began:	**Date Catastrophic Illness Ended/Expected to End:**	

I,_____ (print Recipient Employee name), hereby request PTO hour donations due to:

☐ my catastrophic illness
☐ my family member's catastrophic illness

Ddescribe medical condition: _____.

I have read HR Policy GA.8018, understand its contents, agree to the policies and procedures set forth therein, and hereby certify under penalty of perjury to all of the following:

☐	I personally, or a family member, have a catastrophic illness, and am submitting medical verification ~~am~~ confirming the catastrophic illness as defined in HR Policy GA.8018.
☐	I have worked for CalOptima for at least 90 days and am eligible to accrue PTO hours.
☐	I am in good standing.
☐	I have or will have exhausted all of my own PTO time.
☐	I have the scheduled time off or leave of absence approved by CalOptima.
☐	Have not resigned or been terminated from employment.

It ~~is~~ anticipated that I will have accrued PTO and/or Flex Holiday Time to cover my absence through _____. It is anticipated that I will receive Short Term Disability and/or Long-Term Disability or Workers' Compensation benefits through_____. To ☐ supplement these benefits ☐ cover the balance of the expected absence beyond that time, I am Requesting/Authorizing donations of PTO time from CalOptima which may be surrendered by Co-workers from their accrued PTO account. I understand the PTO available for my use under this Program is limited to the number of hours surrendered to CalOptima by other employees, that I will be paid only that amount of PTO necessary to obtain 100% of my salary, and that I will receive the PTO as part of the normal payroll cycle.

I understand that my request will be distributed to all CalOptima employees and that the request will identify me by name along with the following authorized disclosure concerning the nature of my request:
_____(information authorized by employee).

By submitting this form and signing below, I hereby agree to save, defend, indemnify and hold harmless CalOptima (including its Board, officers, employees, and agents) from any claims, liabilities or actions concerning the disclosure of my information related to this Request and Authorization for PTO donations.

RECIPIENT EMPLOYEE

CalOptima has established a PTO Donation Program under HR Policy GA.8018: Paid Time Off which allows employees to donate portions of their accrued PTO time to CalOptima for the benefit of an eligible requesting employee that has a catastrophic illness or has a family member with a Catastrophic Illness. Hours donated will be surrendered to CalOptima for the benefit of an eligible recipient employee on an hour for hour basis at the recipient's rate of pay, without regard for the rate of pay of the donor.

Name of Recipient Employee (Print):	**Employee ID #:**	**Date of Request:**
Email:	**Telephone:**	
Recipient Employee Job Title:	**Department:**	
Date Catastrophic Illness Began:	**Date Catastrophic Illness Ended/Expected to End:**	

I, _____ (print Recipient Employee name), hereby request PTO hour donations due to:

☐ my catastrophic illness
☐ my family member's catastrophic illness

Describe medical condition: _____.

I have read HR Policy GA.8018, understand its contents, agree to the policies and procedures set forth therein, and hereby certify under penalty of perjury to all of the following:

☐	I personally, or a family member, have a catastrophic illness, and am submitting medical verification confirming the catastrophic illness as defined in HR Policy GA.8018.
☐	I have worked for CalOptima for at least 90 days and am eligible to accrue PTO hours.
☐	I am in good standing.
☐	I have or will have exhausted all of my own PTO time.
☐	I have the scheduled time off or leave of absence approved by CalOptima.
☐	Have not resigned or been terminated from employment.

It is anticipated that I will have accrued PTO and/or Flex Holiday Time to cover my absence through _____. It is anticipated that I will receive Short Term Disability and/or Long-Term Disability or Workers' Compensation benefits through_____. To ☐ supplement these benefits ☐ cover the balance of the expected absence beyond that time, I am Requesting/Authorizing donations of PTO time from CalOptima which may be surrendered by Co-workers from their accrued PTO account. I understand the PTO available for my use under this Program is limited to the number of hours surrendered to CalOptima by other employees, that I will be paid only that amount of PTO necessary to obtain 100% of my salary, and that I will receive the PTO as part of the normal payroll cycle.

I understand that my request will be distributed to all CalOptima employees and that the request will identify me by name along with the following authorized disclosure concerning the nature of my request:

_____(information authorized by employee).

By submitting this form and signing below, I hereby agree to save, defend, indemnify and hold harmless CalOptima (including its Board, officers, employees, and agents) from any claims, liabilities or actions concerning the disclosure of my information related to this Request and Authorization for PTO donations.

DONATION OF PTO AUTHORIZATION TO BE GIVEN TO CO-WORKER

CalOptima has established a ~~P~~plan under HR Policy GA.-8018: Paid Time Off to allow for employees to donate from their PTO accruals to a requesting employee that has a ~~c~~catastrophic ~~i~~illness or has a family member with a c~~C~~atastrophic ~~i~~Illness. Catastrophic illness is~~,~~ defined as a major illness or other medical condition (e.g., heart attack, cancer, etc.) of the employee or a family member of the employee that requires a prolonged absence of the employee from work, including intermittent absences that are related to the same illness or condition, and will result in a substantial loss of income to the employee because the employee will have exhausted all PTO available apart from the PTO Donation Program~~which means they have a serious medical condition that will disable them from work for an extended period of time that will exhaust their PTO~~ and Flex Holiday balance.

PTO hours donated will be transferred over on an hour for hour basis to be received as PTO pay at the recipient's rate of pay without regard to the rate of pay of the donor.

~~*Donors must give only with a minimum*~~ *PTO hours may be donated~~ion~~ to a recipient employee who has a catastrophic illness or has a family member with a catastrophic illness with a minimum donation of two (2) hours to a maximum of eight (8) hours per recipient within a ~~and/or per~~ three (3) month period of time. ~~for an individual recipient.~~*

To be completed by donating employee.

I, _____ (Name of Donating Employee) am hereby authorizing and voluntarily requesting that _____ hours (not less than 2, not more than 8) of my PTO hours be ~~deleted~~ removed from my accrued balance and transferred to the PTO balance of the recipient employee identified below as of the first day of the current pay period.

Name of Recipient Employee: _____

I understand that ~~this~~the hours I donate will no longer be a benefit to which I am entitled and that all rights to this time off will be transferred and paid to the recipient employee.

Signed _____ **Date** _____

Thank you for participating in this opportunity to help a Coworker in need. Names and amount of time donated will be kept confidential.

RETURN FORM CONFIDENTIALLY TO HUMAN RESOURCES

Donor Employee

CalOptima has established a PTO Donation Program under HR Policy GA. 8018: PTO Policy which allows employees to donate portions of their accrued PTO time to CalOptima for the benefit of an eligible requesting employee that has a catastrophic illness. Hours donated will be surrendered to CalOptima for the benefit of an eligible recipient employee on an hour for hour basis at the recipient's rate of pay, without regard for the rate of pay of the donor.

Name of Donor Employee (Print):	Donor Employee ID #:	Date of Donation:
Email:	Telephone:	
Recipient Employee Name & Department:	Number of Hours in Donor Employee PTO account:	

I wish to donate and surrender _____ (list number of hours, minimum of 2 hours must be donated) of my accrued PTO to CalOptima for the benefit of the above identified Recipient Employee.

I have read HR Policy GA. 8018, understand its contents, agree to the policies and procedures set forth therein, and hereby certify to the following:

☐ I will have a minimum balance of 100 accrued PTO hours in my PTO account after donation.

By submitting this form and signing below, I hereby understand and agree that this is a voluntary donation, that the above PTO hours will be surrendered to CalOptima for the benefit of the Recipient Employee that I have designated, if approved, and that these hours will no longer be a benefit to which I am entitled. If approved by HR, all rights to this time off will be surrendered to CalOptima, and will be transferred and paid to the Recipient Employee identified above at the Recipient Employee's rate of pay. I acknowledge and understand that the hours I surrender to CalOptima for the benefit of the Recipient Employee will not be transferred back to me if the Recipient Employee does not use all of them during his/her leave period and will become a part of the Recipient Employee's PTO account for use as the Recipient Employee chooses in accordance with the HR Policy GA. 8018: PTO Policy. I also understand that my donation will be anonymous.

CASH OUT PTO FOR FINANCIAL HARDSHIP

REQUEST FORM

Confidential

CalOptima has established a PTO cash out for financial hardship option under HR Policy GA. 8018: Paid Time Off. This allows an employee who experiences a personal financial hardship, to cash out accrued PTO hours. A cash out for financial hardship requires documentation verifying the financial hardship and is subject to limitations. Examples of documentation are bank statements, "Past Due" invoices, and eviction notices.

To be completed by requesting employee.

EMPLOYEE NAME: _____

TOTAL HOURS REQUESTED: _____

EMPLOYEE SIGNATURE: _____ **DATE:** _____

APPROVED BY: _____ **DATE:** _____

RETURN FORM TO HUMAN RESOURCES

FOR OFFICE USE ONLY:

Remaining PTO Balance: _____ Date: _____

Total Time Approved: _____ Date: _____

In accordance with CalOptima Policy GA. 8018: Paid Time Off

If during the year an employee experiences a personal financial hardship, the employee can cash out his or her accrued PTO hours. Cash out for financial hardships are limited to one per calendar year. Documentation verifying the financial hardship must be provided to the Human Resources Department. The number of hours an employee can request for a financial hardship is subject to the requirement that a minimum of one hundred (100) accrued PTO hours remain in the employee's PTO account after cash out. Financial hardships must represent an immediate and heavy financial need.

Policy:	GA.8019
Title:	**Promotions and Transfers**
Department:	Human Resources
Section:	Not Applicable
CEO Approval:	
Effective Date:	01/05/2012
Revised Date:	12/03/2020

Applicable to:

- ☐ Medi-Cal
- ☐ OneCare
- ☐ OneCare Connect
- ☐ PACE
- ☒ Administrative

I. PURPOSE

This policy establishes a consistent method of considering current employees for internal promotions and transfers.

II. POLICY

A. CalOptima supports the development and advancement of its employees from within the organization.

B. CalOptima encourages employees to apply for promotions or transfers to open positions for which they meet the qualifications and minimum requirements.

C. CalOptima will normally post open positions internally for five (5) business days, allowing current employees who possess the necessary education, skills, and experience for the job position and who are in good standing to apply for the open positions.

D. To express interest in an open position, current employees must complete and submit an internal job application and attach an updated resume. An employee may also attach a cover letter.

E. An employee may be considered for an internal promotion, or transfer, only if the following conditions are met:

1. The employee's work performance is in good standing with a minimum of "Fully Meets Expectations" for the most current review period.

2. The employee must meet the qualifications and minimum requirements required for the position to which the transfer, or promotion, is sought.

3. The employee is not on a formal Performance Improvement Plan and/or has not received a Performance Improvement Plan, or a written, or final, warning within the last six (6) months.

4. The employee has been employed in his or her current position for a minimum of six (6) months.

a. Qualified internal applicants will be considered using the same process followed with external candidates, including interview questions, bilingual screening, and other skills tests, as appropriate.

F. On rare occasions, there may be situations where: (1) a position is not posted~~,~~; or (2) a transfer~~,~~ or promotion~~,~~ is granted due to a sensitive business need, ~~or where~~ necessitated by other requirements~~.~~, or implemented prior to the employee being in the position for six (6) months. Exceptions to the standard recruitment process may only be made if there is: (1) a substantiated and documented need to transfer or promote an employee; and (2) sufficient facts to establish that if CalOptima followed the standard procedure, it would result in a demonstrated impairment to the organization or a specific time sensitive project. Without such substantiated business need, the exception should not be made. The Chief Executive Officer (CEO) must approve ~~these exceptions~~the exception.

G. If a job offer is extended and accepted by a current employee, subject to the background check and/or any other required medical examinations, if applicable, the start date and transition to the new position will be coordinated between the employee, the new supervisor, and the current supervisor. The employee may need to be available to orient and train a replacement.

III. PROCEDURE

Responsible Party	Action
Employee	1. The employee is responsible for reviewing the job description and/or job posting and ensuring that he or she meets the qualifications and minimum requirements for the job before submitting an application. 2. In order to express interest in an open position, employees are responsible for taking ownership of their own career by completing an internal job application, attaching an updated resume, and submitting the complete package to the Human Resources (HR) Department. 3. Employees participate in the same process followed with external candidates, including an interview, bilingual screening, if applicable, and other skills tests applicable to the selection process.
Hiring Manager	1. Review internal job application with updated resume and notify HR to schedule an interview if the applicant is qualified. 2. Interview the internal applicant. 3. Once a qualified internal applicant has been identified and the Hiring Manager is interested in selecting that applicant to fill an open position, the Hiring Manager shall speak to internal applicant's immediate supervisor as a reference, and review the internal applicant's personnel files for past and current performance reviews with HR. 4. Discuss salary offer with HR. 5. The Hiring Manager will work with the selected employee's current manager to establish a fair start date for both departments.

-HR	1. Review internal applicant resumes. 2. Review personnel files for rating of employee for the most current review period and verify if the employee received a Performance Improvement Plan, or a written or final warning within the last six (6) months. 3. If internal applicant appears to meet qualifications and minimum requirements, HR will send the application to Hiring Manager. At the request of the Hiring Manager, HR shall schedule an interview with the internal applicant. If appropriate, the Hiring Manager will conduct a second interview with additional staff members. If the internal applicant is not selected, HR will notify internal applicant of the decision. 4. If an internal applicant is selected to fill an open position, HR will extend an offer, in consultation with the Hiring Manager, based on the employee's experience and skill level, current pay, classification of the open position, and CalOptima's Compensation Program and Salary Schedule. 5. HR will process an Action Form, which is an internal document used by HR in a form similar to the sample form attached hereto and which may be updated from time to time.

Policy ~~#~~:	GA.8020
Title:	**9/80 Work Schedule**
Department:	Human Resources
Section:	Not Applicable
CEO Approval:	
Effective Date:	01/05/2012
Revised Date:	12/03/2020
Applicable to:	☐ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☒ Administrative

I. PURPOSE

This policy outlines how CalOptima will ~~establish and~~ administer an alternate workweek schedule commonly referred to as a 9/80 ~~work schedule~~Work Schedule.

II. POLICY

A. ~~CalOptima offers employees a compressed work schedule known as a~~ Based on operational needs, department managers may establish 9/80 ~~work schedule.~~Work Schedules within their departments. A 9/80 Work Schedule is eighty (80) hours of work in a two (2) week period worked over nine (9) days, instead of the traditional ten (10) days. This alternate work schedule ~~provides~~may provide the department with improved coverage and scheduling and employees with another way to manage work and non-work responsibilities ~~by giving.~~

~~A.~~B. Customer Service Remains a Priority: The 9/80 Work Schedule is not an ~~additional day off of work while still achieving~~entitlement and will not be provided at the expense of service to the public and must not adversely affect workloads or the organization's or a ~~full-time schedule (eighty (80) hours in a two (2) week work period).~~ department's ability to provide coverage and maintain service levels. Department managers, at their discretion, may discontinue an individual's, group's, or department's participation in the 9/80 Work Schedule based on business needs.

~~B.~~C. Eligibility: After completing ~~the~~ initial on-boarding and training requirements, ~~all~~ full-time ~~CalOptima~~ employees may~~, or may not,~~ be eligible, with supervisory approval, to participate in the 9/80 ~~work schedule~~Work Schedule. An employee must obtain supervisory approval to participate in the 9/80 work schedule. A 9/80 schedule is not available for Director level positions and above, unless approved by the Chief Executive Officer. Initial training requirements may vary by department, but typically do not exceed ninety (90) calendar days. Individual ~~schedules~~9/80 Work Schedules are set based on the pre-determined schedules for payroll and at the discretion of the department manager who will designate the hours for each day, as well as the day off, based on business needs, which shall be consistent with the 9/80 Federal Labor Standards Act (FLSA) Workweek definition. Employees not meeting job standards, ~~or~~ expectations, and/or on a Performance Improvement Plan may not participate in the compressed work schedule until performance standards are met. Managers will review such exceptions with Human Resources (HR) before denying the option. Individuals who do not wish to participate may continue to work a standard forty (40) hour ~~-~~week, eight (8) hours a day. Employees will not be eligible to participate

Back to Agenda Back to Item

in both the telework program and the 9/80 Work Schedule during the same period. Employees eligible for both may only request one (1) alternative at a time.

~~C.~~D. Approval: ~~Before beginning participation in the 9/80 work schedule, an~~An employee must complete a 9/80 Workweek Request Form~~ and,~~ acknowledge that they received and read this policy~~. An employee must~~ , and obtain supervisory approval before submitting the form to HR. Non-~~exempt employees~~Exempt Employees cannot begin their 9/80 ~~work schedule~~Work Schedule until they have received formal approval from HR that outlines the approved 9/80 schedule start date.

~~D.~~E. Transitioning to the 9/80 ~~work schedule~~Work Schedule: When an employee transitions from an eight (8) hour per day workweek to a 9/80 ~~work schedule~~Work Schedule, there will be a necessary change in the beginning of the workweek. This results in a situation in which some of the hours fall into both the old workweek and the new workweek. This could result in fewer or more than eighty (80) hours on an employee's paycheck for that transitional period. If the result is more than eighty (80) hours, a calculation of overtime will be made for ~~employees~~an employee eligible for overtime ~~by Payroll,~~ which includes those hours in both the old and new workweeks, and the greater of the two (2) amounts will be paid to the employee at time and a half. When possible, HR may require a ~~non-exempt employee~~Non-Exempt Employee to work a half (½) day during the transition week to both minimize overtime worked and ensure that the employee receives a full paycheck.

~~E.~~F. Hours of Work: CalOptima daily start times will continue to be flexible with each employee committing to a starting time no earlier than 6:00 a.m. ~~and a scheduled ending time no later than 6:30 p.m.~~ Lunch breaks are pre-approved for one-half (1/2) hour. The option to extend to one (1) hour is based on manager's approval.

~~F.~~G. Paid Time Off (PTO): PTO accrual will remain the same for participating employees. When an employee takes a day off pursuant to CalOptima Policy GA.8018: Paid Time Off, the accrual will be depleted by the number of scheduled hours for that day. For example, if an employee takes a PTO day on one (1) of their nine (9) hour days, nine (9) hours of PTO time will be removed from their total available PTO hours. Holiday pay shall remain at eight (8) hours. When a holiday falls on a regular nine (9) hour work day for a ~~non-exempt employee~~Non-Exempt Employee, the employee has the option of using one (1) hour of accrued PTO time, or if approved by their supervisor, the option of working one (1) hour of make-up time. Should a holiday fall on an employee's scheduled day off, the employee will be permitted to take ~~another day~~off eight hours in-lieu of the holiday time off in the same workweek as the holiday.

~~G.~~H. Overtime: ~~An~~It is possible an employee's 9/80 ~~work schedule~~Work Schedule may not generally correspond with CalOptima's pay periods~~. Therefore~~; therefore, adjustments to overtime compensation due cannot be calculated until the completion of the employee's workweek. This may result in one (1) pay period's delay in the employee receiving the ~~additional~~overtime compensation.

~~H. Customer Service Remains a Priority: The 9/80 work schedule is not an entitlement and will not be provided at the expense of service to the public and must not adversely affect the organization's or a department's ability to provide coverage and maintain service levels. Department managers, at their discretion, may discontinue an individual's, group's, or department's participation in the 9/80 work schedule based on business needs.~~

I. Employee Conduct: Employees must obtain approval to adjust their work schedule and work hours. Failure to adhere to assigned work hours, tardiness, and excessive absenteeism ~~will~~may lead to revocation of the ~~benefit~~9/80 Work Schedule for the individual. If necessary, as a condition of participating in the 9/80 ~~work schedule~~Work Schedule, employees must agree to work on a scheduled day off for an urgent situation, or as compelled by business needs as determined by the

employee's manager. Non-Exempt employees required to work on their scheduled day off may incur overtime if the total hours worked in the FLSA workweek exceed forty (40) hours. Employees are encouraged to use days off to attend to personal business like medical/dental appointments for themselves and family members.

J. Termination of Program: The 9/80 ~~work schedule~~Work Schedule is an optional program. CalOptima reserves the right to~~.~~, at any time, discontinue the entire program~~,~~ and/or an individual employee's participation in the program, ~~at any time,~~ for any reason at management discretion. Should a ~~Manager~~manager choose to remove an employee from participating in the 9/80 ~~work schedule~~Work Schedule, the ~~Manager~~manager must consult with HR in advance to develop a transition plan. Employees are not allowed to change their work schedules without prior approval from HR and their ~~Manager~~manager. Any changes in schedules by Non-Exempt ~~employees~~Employees must be within the same FLSA workweek.

III. PROCEDURE

Responsible Party	Action
Employee	Complete the 9/80 Workweek Request Form and forward to supervisor for review and approval. ▪ Non-~~exempt employees~~Exempt Employees must submit the applicable request form to HR no less than two (2) weeks in advance of the requested 9/80 start date. ▪ Exempt employees must submit the form at least one (1) week in advance of the requested 9/80 start date.
Supervisor	Review form and approve or deny. ▪ Establish work schedule with the employee. ▪ If approved, ~~supervisor forwards~~forward form to HR in advance of the requested 9/80 Work Schedule start date.
Human Resources	~~HR reviews requests.~~Reviews request and ~~approves~~approve or ~~denies~~deny. ▪ If approved, ~~HR determines~~determine an employee's new workweek and ~~sends~~send an email to the employee to outline when the new workweek will begin and what hours must be worked in the transition week to minimize overtime.

IX. GLOSSARY

Term	Definition
9/80 Work Schedule	The 9/80 alternate work schedule consists of eight (8) business days of nine (9) hours per day and one (1) business day of eight (8) hours, for a total of eighty (80) hours during two (2) consecutive workweeks. The eight (8) hour work day must be on the same day of the week as the employee's regularly scheduled day off. Therefore, under the 9/80 ~~work schedule~~Work Schedule, one calendar week will consist of forty-four (44) hours (four (4) nine (9) hour days and one (1) eight (8) hour day) and the alternating calendar week will consist of thirty-six (36) hours (four (4) nine (9) hour days and one (1) day off). However, each workweek will only consist of forty (40) hours, in accordance with the 9/80 Federal Labor Standards Act (FLSA) Workweek.
9/80 Federal Labor Standards Act (FLSA) Workweek	Under the Fair Labor Standards Act, the workweek is defined as a fixed and regularly recurring period of seven (7) consecutive twenty-four (24) hour periods, or one hundred sixty-eight (168) hours (29 C.F.R. §778.105). The 9/80 workweek begins on the employee's eight (8) hour day, exactly four (4) hours after the scheduled start time, and ends exactly three (3) hours and fifty-nine (59) minutes after the scheduled start time on the same day the following week. This is commonly referred to as a "day divide," in which four (4) hours of the eight (8) hour day occurs in one (1) week, and four (4) hours occurs in the following week. Department supervisors/managers and HR can answer questions about day divides.
Exempt Employee	~~Employees who are exempt from the overtime provisions of the federal Fair Labor Standards Act (FLSA) and state regulations governing wages and salaries.~~ Exempt status is determined by the Human Resources Department based on the position title and duties and responsibilities of the position and ~~is defined by Human Resources for each position~~consistent with the federal Fair Labor Standards Act (FLSA) regulations. Although an employee's classification may meet applicable federal and/or state exemption criteria, the position may nevertheless be designated as non-exempt. For purposes of this policy, e~~E~~xempt employees do not earn overtime compensation.
Non-Exempt Employee	~~Includes~~Non-Exempt status applies to all employees who are not identified by Human Resources as exempt. Non-Exempt employees are paid on ~~an~~a hourly basis and are eligible for overtime compensation ~~as required by~~. Although an employee's classification may qualify for applicable federal ~~wage and hour laws.~~ exemptions from the FLSA exemption criteria, the position may nevertheless be designated as non-exempt.
Performance Improvement Plan	A developmental coaching tool used to ~~improve employee behavior and/or to address~~document performance and behavioral deficiencies ~~identified in the annual~~ or issues and create an action plan with goals and due dates to help employees correct and/or improve performance ~~review. The plan includes measurable expectations and accountability meetings~~and behavior while still holding them accountable for past performance.

Policy:	GA.8020
Title:	**9/80 Work Schedule**
Department:	Human Resources
Section:	Not Applicable
CEO Approval:	
Effective Date:	01/05/2012
Revised Date:	12/03/2020
Applicable to:	☐ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☒ Administrative

I. PURPOSE

This policy outlines how CalOptima will administer an alternate workweek schedule commonly referred to as a 9/80 Work Schedule.

II. POLICY

A. Based on operational needs, department managers may establish 9/80 Work Schedules within their departments. A 9/80 Work Schedule is eighty (80) hours of work in a two (2) week period worked over nine (9) days, instead of the traditional ten (10) days. This alternate work schedule may provide the department with improved coverage and scheduling and employees with another way to manage work and non-work responsibilities.

B. Customer Service Remains a Priority: The 9/80 Work Schedule is not an entitlement and will not be provided at the expense of service to the public and must not adversely affect workloads or the organization's or a department's ability to provide coverage and maintain service levels. Department managers, at their discretion, may discontinue an individual's, group's, or department's participation in the 9/80 Work Schedule based on business needs.

C. Eligibility: After completing initial on-boarding and training requirements, full-time employees may be eligible, with supervisory approval, to participate in the 9/80 Work Schedule. An employee must obtain supervisory approval to participate in the 9/80 work schedule. A 9/80 schedule is not available for Director level positions and above, unless approved by the Chief Executive Officer. Initial training requirements may vary by department, but typically do not exceed ninety (90) calendar days. Individual 9/80 Work Schedules are set based on the pre-determined schedules for payroll and at the discretion of the department manager who will designate the hours for each day, as well as the day off, based on business needs, which shall be consistent with the 9/80 Federal Labor Standards Act (FLSA) Workweek definition. Employees not meeting job standards, expectations, and/or on a Performance Improvement Plan may not participate in the compressed work schedule until performance standards are met. Managers will review such exceptions with Human Resources (HR) before denying the option. Individuals who do not wish to participate may continue to work a standard forty (40) hour-week, eight (8) hours a day. Employees will not be eligible to participate in both the telework program and the 9/80 Work Schedule during the same period. Employees eligible for both may only request one (1) alternative at a time.

Back to Agenda Back to Item

D. Approval: An employee must complete a 9/80 Workweek Request Form, acknowledge that they received and read this policy, and obtain supervisory approval before submitting the form to HR. Non-Exempt Employees cannot begin their 9/80 Work Schedule until they have received formal approval from HR that outlines the approved 9/80 schedule start date.

E. Transitioning to the 9/80 Work Schedule: When an employee transitions from an eight (8) hour per day workweek to a 9/80 Work Schedule, there will be a necessary change in the beginning of the workweek. This results in a situation in which some of the hours fall into both the old workweek and the new workweek. This could result in fewer or more than eighty (80) hours on an employee's paycheck for that transitional period. If the result is more than eighty (80) hours, a calculation of overtime will be made for an employee eligible for overtime, which includes those hours in both the old and new workweeks, and the greater of the two (2) amounts will be paid to the employee at time and a half. When possible, HR may require a Non-Exempt Employee to work a half (½) day during the transition week to both minimize overtime worked and ensure that the employee receives a full paycheck.

F. Hours of Work: CalOptima daily start times will continue to be flexible with each employee committing to a starting time no earlier than 6:00 a.m. Lunch breaks are pre-approved for one-half (1/2) hour. The option to extend to one (1) hour is based on manager's approval.

G. Paid Time Off (PTO): PTO accrual will remain the same for participating employees. When an employee takes a day off pursuant to CalOptima Policy GA.8018: Paid Time Off, the accrual will be depleted by the number of scheduled hours for that day. For example, if an employee takes a PTO day on one (1) of their nine (9) hour days, nine (9) hours of PTO time will be removed from their total available PTO hours. Holiday pay shall remain at eight (8) hours. When a holiday falls on a regular nine (9) hour work day for a Non-Exempt Employee, the employee has the option of using one (1) hour of accrued PTO time, or if approved by their supervisor, the option of working one (1) hour of make-up time. Should a holiday fall on an employee's scheduled day off, the employee will be permitted to take off eight hours in-lieu of the holiday time off in the same workweek as the holiday.

H. Overtime: It is possible an employee's 9/80 Work Schedule may not generally correspond with CalOptima's pay periods; therefore, adjustments to overtime compensation due cannot be calculated until the completion of the employee's workweek. This may result in one (1) pay period's delay in the employee receiving the overtime compensation.

I. Employee Conduct: Employees must obtain approval to adjust their work schedule and work hours. Failure to adhere to assigned work hours, tardiness, and excessive absenteeism may lead to revocation of the 9/80 Work Schedule for the individual. If necessary, as a condition of participating in the 9/80 Work Schedule, employees must agree to work on a scheduled day off for an urgent situation, or as compelled by business needs as determined by the employee's manager. Non-Exempt employees required to work on their scheduled day off may incur overtime if the total hours worked in the FLSA workweek exceed forty (40) hours. Employees are encouraged to use days off to attend to personal business like medical/dental appointments for themselves and family members.

J. Termination of Program: The 9/80 Work Schedule is an optional program. CalOptima reserves the right to, at any time, discontinue the entire program and/or an individual employee's participation in the program, for any reason at management discretion. Should a manager choose to remove an employee from participating in the 9/80 Work Schedule, the manager must consult with HR in advance to develop a transition plan. Employees are not allowed to change their work schedules without prior approval from HR and their manager. Any changes in schedules by Non-Exempt Employees must be within the same FLSA workweek.

III. PROCEDURE

Responsible Party	Action
Employee	Complete the 9/80 Workweek Request Form and forward to supervisor for review and approval. ▪ Non-Exempt Employees must submit the applicable request form to HR no less than two (2) weeks in advance of the requested 9/80 start date. ▪ Exempt employees must submit the form at least one (1) week in advance of the requested 9/80 start date.
Supervisor	Review form and approve or deny. ▪ Establish work schedule with the employee. ▪ If approved, forward form to HR in advance of the requested 9/80 Work Schedule start date.
Human Resources	Reviews request and approve or deny. ▪ If approved, determine an employee's new workweek and send an email to the employee to outline when the new workweek will begin and what hours must be worked in the transition week to minimize overtime.

IX. GLOSSARY

Term	Definition
9/80 Work Schedule	The 9/80 alternate work schedule consists of eight (8) business days of nine (9) hours per day and one (1) business day of eight (8) hours, for a total of eighty (80) hours during two (2) consecutive workweeks. The eight (8) hour work day must be on the same day of the week as the employee's regularly scheduled day off. Therefore, under the 9/80 Work Schedule, one calendar week will consist of forty-four (44) hours (four (4) nine (9) hour days and one (1) eight (8) hour day) and the alternating calendar week will consist of thirty-six (36) hours (four (4) nine (9) hour days and one (1) day off). However, each workweek will only consist of forty (40) hours, in accordance with the 9/80 Federal Labor Standards Act (FLSA) Workweek.
9/80 Federal Labor Standards Act (FLSA) Workweek	Under the Fair Labor Standards Act, the workweek is defined as a fixed and regularly recurring period of seven (7) consecutive twenty-four (24) hour periods, or one hundred sixty-eight (168) hours (29 C.F.R. §778.105). The 9/80 workweek begins on the employee's eight (8) hour day, exactly four (4) hours after the scheduled start time, and ends exactly three (3) hours and fifty-nine (59) minutes after the scheduled start time on the same day the following week. This is commonly referred to as a "day divide," in which four (4) hours of the eight (8) hour day occurs in one (1) week, and four (4) hours occurs in the following week. Department supervisors/managers and HR can answer questions about day divides.
Exempt Employee	Exempt status is determined by the Human Resources Department based on the position title and duties and responsibilities of the position and consistent with the federal Fair Labor Standards Act (FLSA) regulations. Although an employee's classification may meet applicable federal and/or state exemption criteria, the position may nevertheless be designated as non-exempt. For purposes of this policy, exempt employees do not earn overtime compensation.
Non-Exempt Employee	Non-Exempt status applies to all employees who are not identified by Human Resources as exempt. Non-Exempt employees are paid on a hourly basis and are eligible for overtime compensation. Although an employee's classification may qualify for applicable federal exemptions from the FLSA exemption criteria, the position may nevertheless be designated as non-exempt.
Performance Improvement Plan	A developmental coaching tool used to document performance and behavioral deficiencies or issues and create an action plan with goals and due dates to help employees correct and/or improve performance and behavior while still holding them accountable for past performance.

Friday 9/80 Workweek Request Form
Declaration of Hours - Exempt Employees

I, the undersigned employee, wish to participate in CalOptima's 9/80 Compressed Work Schedule Program.

I am requesting to work the following schedule, designating this day off:

1st Friday ☐ or 2nd Friday ☐

Lunch Break: ☒ one hour. **From**: 12:00 p.m. **to** 1:00 p.m.

**Fill in below which Friday you'll be off. The hours for the 8-hour Friday worked will be 8:00 a.m. to 5:00 p.m.*

			8:00am	6:00pm	8:00am	6:00pm	8:00am	6:00pm	8:00am	6:00pm

Provisions:

1) The 9/80 program may be modified or discontinued at any time.
2) My participation in the 9/80 Work Schedule is at the discretion of my Supervisor. As a condition of participating in the 9/80 work schedule, I agree to work on a scheduled day off for an urgent situation or as compelled by business needs as determined by my supervisor/manager.
3) The workweek will be subjected to a "Day Divide," meaning that my workweek will begin half-way through my 8 hour day (which is split in half for pay purposes, leaving 4 hours in one week and 4 hours in the following week, ensuring that 40 hours of work are performed in each workweek).
4) **I must notify HR if I plan to permanently change my 9/80 day off or if I end the 9/80 program**.

I, the Employee, acknowledge that I have read and understand all the policy provisions contained in CalOptima Policy #GA. 8020: 9/80 Work Schedule and Employee Handbook and agree to abide by the guidelines and requirements as stated.

Title:	**Employee Referral Program**
Department:	Human Resources
Section:	Not Applicable
CEO Approval:	
Effective Date:	01/05/2012
Revised Date:	12/03/2020
Applicable to:	☐ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☒ Administrative

I. PURPOSE

This policy provides for an opportunity for employees to receive compensation for individuals referred to and hired by CalOptima.

II. POLICY

A. Employee referrals are a valuable and cost-effective source ~~of~~to find and hire the best new ~~employees.~~talent. In times of recruiting challenges, CalOptima may choose to reward the recruiting efforts of employees by awarding a bonus to employees whose referrals are hired, in accordance with the following guidelines. Exceptions to the policy may be made, in special circumstances, by the Human Resources (HR) Department.

B. Eligibility

1. Employees will be eligible to receive bonuses for referrals if all of the following conditions are met:

   a. The employee making the referral is a regular full-time or part-time employee;

   b. The referred applicant is hired for a regular full-time or part-time position at CalOptima;

   c. The referred applicant remains continuously employed by CalOptima and is in Good Standing for a minimum of four (4) months;

   d. The employee making the referral is employed by CalOptima at the conclusion of the four (4) month period; and

   e. The applicant was not already identified through another source.

   f. All regular full~~ and~~-time or part-time employees are eligible to receive a referral bonus, except:

      i. Members of the HR Department;

Back to Agenda Back to Item

ii. Employees in supervisory positions who refer applicants for employment within their own work units; or

iii. Members of the Executive Staff~~; and~~

~~iv. Temporary or contract workers.~~

g. ~~All referrals~~ A referral from an eligible employee will be considered for the ~~employee~~ referral bonus except~~:~~ if the person being referred is::

i. ~~Referrals of~~A former or current employee of CalOptima;

~~i.~~ A former or current ~~employees of CalOptima;~~

ii. ~~Former or current consultants~~consultant to CalOptima; ~~and~~or

~~iii. Temporary workers who currently work on-site or have worked with CalOptima in the past.~~

iii. A temporary worker who currently works or worked for CalOptima in the past, unless the temporary employee meets all of the following: (1) was referred to CalOptima by an eligible employee; (2) was then referred by CalOptima to a temporary staffing agency; (3) worked as a temporary employee at CalOptima; and (4) was then subsequently hired immediately following work as a temporary employee at CalOptima and remains continuously employed as a CalOptima employee for a minimum or four (4) months.

C. Awards

1. There is no limit to the number of applicants an employee may refer. For each referred applicant who is hired under the terms of this policy, the employee may receive a bonus of a specified amount before taxes. The bonus amount, which will be set in a fair and consistent manner, is dependent on the position and at the discretion of the HR Department. If the referred applicant indicates more than one (1) employee name as a referral, the HR Department will select the first employee listed to receive the referral bonus. Employees will receive bonuses with their paychecks (in a separate check) within two (2) to four (4) weeks after the four (4) month minimum employment period.

D. The Employee Referral Program is provided only to the extent that budgeted funds are available. CalOptima is under no obligation to fund or continue the Employee Referral Program.

III. PROCEDURE

Responsible Party	Action
Employee	**1.** Employee's name needs to be entered by the applicant at time of completing the online application through the CalOptima website, under "How did you hear about us?"
Human Resources	1. Determine the amount of the bonus payment appropriate to the position prior to advertising for the open position; 2. If the referred applicant indicates more than one (1) employee name as a referral, the first employee listed will receive the referral bonus; 3. Notify referring employees of candidates who were hired;

Responsible Party	Action
	4. Track all hired referrals through the waiting period; 5. Certify that both employees are still employed at the end of the four (4) month waiting period; 6. Ensure sufficient funds in budget for bonus payment; 7. Approve the bonus payment; and 8. Send Action Form to the Payroll Department.
Payroll Department	1. Upon receipt of HR's request for payment, the Payroll Department will issue the bonus payment to the referring employee.

Term	Definition
Employee Referral Program	A bonus program for employees whose applicant referrals are hired, and the eligibility conditions are met.
Executive Staff	Any CalOptima employee whose position title is Executive Director or Chief Officer of one (1) or more departments.
Good Standing	The employee has at least a satisfactory level of performance on their most recent evaluation and has not received written corrective action within the last six (6) months.

Policy:	GA.8047
Title:	**Reduction in Force**
Department:	CalOptima Administrative
Section:	Human Resources
CEO Approval:	
Effective Date:	02/01/2014
Review Date:	12/03/2020

Applicable to:

- ☐ Medi-Cal
- ☐ OneCare
- ☐ OneCare Connect
- ☐ PACE
- ☒ Administrative

I. PURPOSE

This policy defines how CalOptima shall administer a Reduction in Force (RIF) program. A RIF occurs when changing priorities, budgetary constraints, or other business conditions require CalOptima to eliminate positions.

II. POLICY

A. All CalOptima employees are At-Will employees. An employee is terminated as part of the RIF program through no fault of his or her own. The RIF is considered an involuntary separation of employment that is intended to be permanent as a result of:

1. Lack of work, changing priorities, budgetary constraints, or other business reasons; or

2. A determination by management that, due to business reasons, an employee's performance, or contribution to the business (although satisfactory), does not meet the needs of the business.

B. As part of the RIF program, CalOptima shall evaluate the business needs of the organization and the need for particular positions. CalOptima shall take into account the relative value of work performed by specific employees, including, but not limited to, performance, qualifications, discipline, attendance, and length of service, so that CalOptima can continue to provide the highest level of service possible with a reduced work force. In implementing an RIF program, CalOptima may consider, depending on the circumstances, various factors, including, but not limited to, the following (which are not presented in any order of importance):

1. CalOptima's need, or lack thereof, for the position occupied by the employee;

2. The contributions which the employee has made to the success of the organization, and the perceived likelihood of contributions to the success of the business in the foreseeable future;

3. Demonstrated high quality performance on the same, or related, assignments;

4. Versatility and ability in applying pertinent skills and experience to current and expected business requirements;

5. The employee's length of service in the particular position to be retained;

Back to Agenda Back to Item

6. The employee's length of service with CalOptima;

7. CalOptima's need to maintain continuity with respect to a particular project or team; and

8. The more recent performance of the employee compared to others in the same classification.

C. In cases where management determines the various factors considered are essentially equal between two (2) or more employees, length of service in the position and/or length of service at CalOptima may be the deciding factor in determining which employee, or employees, shall be retained. In the event an employee who is being laid off has greater length of service in the position and/or length of service at CalOptima than an employee, or employees, being retained within the same classification and specialty in the impacted department, CalOptima must document the basis, in the judgment of management, the employee with less length of service is better suited for retention.

D. The Human Resources Department shall work closely with the Legal Affairs Department to implement the RIF program to ensure compliance with all applicable federal, state, and local laws and regulations.

E. An employee terminated as part of the RIF program must continue to perform his or her duties satisfactorily until the Separation Date. Otherwise, the employee may be subject to disciplinary action, up to and including termination, prior to the specified Separation Date, consistent with CalOptima Policy GA.8022: ~~Progressive Discipline~~Performance and Behavior Standards. An employee terminated as a result of failure to perform duties satisfactorily until the Separation Date shall not be qualified to receive any benefits administered as part of the RIF program.

F. Limitations to Eligibility

1. An employee terminated as part of the RIF program will not be eligible to receive benefits under the plan if the employee:

   a. Is terminated for cause, including but not limited to, failure to meet the performance requirements of the position, policy violation, theft, gross misconduct, etc.; or

   b. Fails, or refuses, to return all CalOptima property in the employee's possession, and/or fails to clear all expense and other financial accounts, as of the date of termination. (Examples of CalOptima property include, but are not limited to: CalOptima Security badges, office keys any and all CalOptima documents, files, and computers. Examples of accounts to be cleared include, but are not limited to, the completion and reconciliation of expense accounts); or

   c. Resigns, or otherwise voluntarily terminates, his or her employment; or

   d. Is terminated by temporary layoff, or furlough, except that if CalOptima elects to convert the temporary layoff, or furlough, into a permanent layoff, severance pay may then be payable as of the effective date of permanent layoff, if the employee otherwise is eligible for benefits under the RIF program; or,

   e. Is on a leave of absence, except that if an employee is released to return to work from an approved leave of absence and CalOptima has no assignment for the employee, he/she may be eligible for benefits under the RIF program; or

   f. Is offered a comparable position within CalOptima in lieu of termination, but fails, or refuses, to accept it; or

g. Is terminated because of CalOptima's sale, or transfer, of all, or part, of its assets and his/her employment continues with the agency, or transferee organization, after the transfer has been completed; or

h. Is terminated in connection with the "outsourcing" of operational functions, and he/she is offered comparable employment by the outsourcing vendor. For this purpose, comparable employment shall be defined as a position with substantially the same duties, at the same, or greater, compensation and comparable benefits, which does not require relocation, as defined by the IRS; or

i. Is terminated from employment for failure to return to work following a leave of absence; or

j. Retires; or

k. Is deceased, at which time eligibility for benefits under the RIF program will end and all such benefit payments, if any, will cease; or

l. Is separated from CalOptima because he or she is no longer able to perform the essential functions of his/her job (with or without reasonable accommodation) because of a disability; or

m. Is a temporary employee, intern/volunteer, independent contractor or consultant; or

n. Is an employee employed by CalOptima pursuant to a written contract containing provisions for severance benefits; or

o. Is convicted of a crime involving an abuse of his or her office, or position.

G. This policy sets forth general guidelines to observe in the event of a RIF; however, this policy may be subject to change, deviation, or modification, without notice, depending on the circumstances. Any decision to deviate from this policy in any particular case shall be subject to the discretion of the Chief Executive Officer (CEO).

H. Applicable provisions of this policy may also be used to address employee separations or terminations, other than a RIF, where appropriate, at the discretion of the CEO.

III. PROCEDURE

A. Affected Positions: Following an evaluation of CalOptima's business needs, CalOptima, through appropriate Executive Officers and the Human Resources (HR) Department (hereinafter referred to as the "management"), will identify and determine the positions that will be eliminated and/or affected by a RIF. Management also has the discretion to determine the manner in which the RIF will occur; however, notification to the HR Department should precede the implementation of the RIF.

B. Determinations: Determinations concerning the evaluation of employees, the considerations evaluated, and final recommendations should be made by the employee's immediate supervisor and/or manager with the next higher management level. Documentation of all considerations evaluated should be furnished to HR and approved by management prior to any notification to the employee affected by the RIF.

C. Transfers or Downgrades: Depending on CalOptima's business needs, an employee impacted by the RIF may be offered a downgrade (a lower position and/or reduction in base pay) or lateral transfer (an equivalent position and/or equivalent base pay) to another open job position for which he or she is, in the judgment of management, most qualified even though it is a job position or classification that the employee has not previously held. An employee impacted by the RIF who is offered a lateral transfer, or downgrade, may be provided the option of layoff. HR shall determine, on a case-by-case basis, the time period appropriate to accept, or decline, such job offer.

D. Employee Notices: Employees who are to be laid off as a result of the RIF should be notified of such reduction only after all necessary approvals have been obtained. An employee notified of a lay off must continue to work up to the Separation Date specified in the notice, unless management decides otherwise. An employee notified of his or her lay off, as a result of the RIF, may not subsequently be placed on a leave of absence (LOA) without prior approval of the Executive Director of HR.

E. Severance: Severance pay may be offered, if approved by the CEO and HR, upon an employee's separation from service when it is deemed appropriate due to special circumstances. If severance pay is authorized and offered, it will be paid in accordance with the following, unless otherwise defined in a separate employee agreement, or approved by the CEO:

1. Two (2) weeks of pay at the rate of the Annual Earnings for employees with less than two (2) years of service and more than ninety (90) days; or

2. One (1) week of pay at the rate of the Annual Earnings for each completed year of service, with a maximum of sixteen (16) weeks, for employees with two (2) years or more of service.

F. Employees on a Leave of Absence: If an employee is on a Leave of Absence (LOA), and his or her position is terminated as part of the RIF, CalOptima will not terminate the LOA early to implement the RIF program. The employee will be laid off at the scheduled, or required, conclusion of the LOA. This paragraph does not apply to employees on Personal LOA, pursuant to CalOptima Policy GA.8038: Personal Leave of Absence.

G. Release Agreement: In order to be eligible for the severance pay, if offered, an eligible employee must fully complete and execute a Separation Agreement provided by CalOptima, in a form approved by the Legal Affairs Department, at, or near the time of, termination. This Separation Agreement includes a release of all known and unknown claims the employee has, or may have, against CalOptima, as well as an agreement of confidentiality, non-disparagement, and non-solicitation. To be eligible for the severance pay, the Separation Agreement must be signed by the employee and must become irrevocable, in accordance with applicable law.

H. Payment Method: All wages earned and unpaid, including paid time off (PTO) and flex holidays, on the specified Separation Date will be paid to the employee in accordance with CalOptima's pay schedule and not necessarily on the employee's Separation Date. CalOptima may make payment of severance pay, if an employee is eligible, in accordance with the CalOptima payroll schedule as if the recipient were still employed or in a lump sum payment, following a seven (7) day waiting period, where applicable, and after receipt of the fully executed and irrevocable Separation Agreement and/or any other agreement. Payment in installments will be equal to the employee's bi-weekly Annual Earnings wages, less applicable taxes and deductions, including benefits, if applicable, until the agreed upon sum has been distributed. Eligible employees receiving payment in installments shall be required to remain reasonably available during the time period the employee is receiving periodic severance payments to respond to questions from CalOptima and address work related matters. Payment by lump sum will be distributed on CalOptima's next regularly scheduled

payday and will be equal to the amount the employee would have made in wages for the applicable number of weeks of severance pay offered, less applicable taxes and deductions.

I. Taxes: CalOptima shall reduce all severance pay by all applicable federal, state, or local tax withholdings.

J. Termination of Severance Pay: If a former employee is receiving severance pay through periodic payments as described in Section III.H., severance pay will immediately cease if CalOptima discovers that the employee:

1. Has failed to return all CalOptima property; or

2. Has disclosed or used confidential information about CalOptima for the benefit of a third party; or

3. Has defamed CalOptima; or

4. Has been hired on a full-time basis by another employer; or

5. Has failed to remain reasonably available to respond to CalOptima questions, or work-related matters.

6. Has attempted to entice other employees of CalOptima to work for a competitor; or

7. Has been convicted of a crime involving an abuse of his or her office, or position.

K. Death: If a former employee dies before all payments have been made, severance payments will cease. No benefits will continue to a beneficiary.

L. Returning to Work: If an employee is eligible for and receives benefits under this Policy, and that employee later returns to work for CalOptima before receiving all payments under this Policy, further severance payments will cease effective on the rehire date. If the employee later becomes eligible for benefits under this Policy, the subsequent severance payment calculated based on the total years of service will be reduced by the amount of severance payments previously paid.

M. Retirement Benefits: The receipt of severance pay under this Policy shall have no effect on the employee's right, if any, to retiree benefits under any other employee pension, or welfare benefit plan.

N. Other Benefits: Other than severance pay, employees shall not be offered, or provided, any other benefits (health, dental, vision, life insurance, or CalPERS/PARS payments). If the employee is being paid by lump sum as described in Section III.H., medical, dental, and vision benefits shall cease on the last day of the month in the same month as the Separation Date, unless otherwise determined by the CEO. All other benefits, including, but not limited to, life insurance and payment towards CalPERS and PARS ends on the Separation Date. If the employee is receiving severance pay through periodic payments as described in Section III.H. above, medical, dental, vision, and other applicable benefits, as determined solely by HR, may cease on the last day of the month in the same month the employee receives his or her last periodic severance payment, unless otherwise determined by the CEO.

O. Time Limits: All time limits herein refer to calendar days. If the expiration of any time limits of this policy falls on a weekend, or a holiday observed by CalOptima, the time limit will be deemed to end on the next workday.

P. Source of Benefits: The benefits provided under this policy shall be unfunded and payable solely from the CalOptima's general fund.

Q. No Individual Liability: It is the express purpose and intention of CalOptima that no individual liability whatsoever shall attach to, or be incurred by, any director, officer, Board Member, executive, employee, representative, or agent of CalOptima. This Policy does not guarantee a right to any employee for severance pay, and such benefit shall be offered at the sole discretion of CalOptima.

R. No Employment References: If an employee terminated as part of the RIF program requests an employment reference from CalOptima, CalOptima shall only provide the employee's date(s) of employment and position in response to such requests. All reference requests must be directed to HR.

S. No Vested Right: This Policy does not guarantee a right to any employee for severance pay, and such benefit, if offered, shall be at the sole discretion of CalOptima.

IX. GLOSSARY

Term	Definition
Annual Earnings	The annualized base salary of the employee as of the Separation Date, without regard to overtime, car allowances, bonus, incentive payments or commission payments.
At-Will	An employment, having no specified term, may be terminated at the will of employees or employers at any time and with or without cause.
Service	All periods of employment with CalOptima, provided that service does not include periods in which an employee is on a Personal leave of absence pursuant to CalOptima Policy GA.8038: Personal Leave of Absence, and service shall not include any period of employment for which the employee has received severance pay under the RIF program or under any similar plan of CalOptima's.
Separation Date	The last day of employment with CalOptima.

Policy:	GA.8047
Title:	**Reduction in Force**

Applicable to:	☐ Medi-Cal ☐ OneCare ☐ OneCare Connect ☐ PACE ☒ Administrative

I. PURPOSE

This policy defines how CalOptima shall administer a Reduction in Force (RIF) program. A RIF occurs when changing priorities, budgetary constraints, or other business conditions require CalOptima to eliminate positions.

II. POLICY

A. All CalOptima employees are At-Will employees. An employee is terminated as part of the RIF program through no fault of his or her own. The RIF is considered an involuntary separation of employment that is intended to be permanent as a result of:

1. Lack of work, changing priorities, budgetary constraints, or other business reasons; or

2. A determination by management that, due to business reasons, an employee's performance, or contribution to the business (although satisfactory), does not meet the needs of the business.

B. As part of the RIF program, CalOptima shall evaluate the business needs of the organization and the need for particular positions. CalOptima shall take into account the relative value of work performed by specific employees, including, but not limited to, performance, qualifications, discipline, attendance, and length of service, so that CalOptima can continue to provide the highest level of service possible with a reduced work force. In implementing an RIF program, CalOptima may consider, depending on the circumstances, various factors, including, but not limited to, the following (which are not presented in any order of importance):

1. CalOptima's need, or lack thereof, for the position occupied by the employee;

2. The contributions which the employee has made to the success of the organization, and the perceived likelihood of contributions to the success of the business in the foreseeable future;

3. Demonstrated high quality performance on the same, or related, assignments;

4. Versatility and ability in applying pertinent skills and experience to current and expected business requirements;

5. The employee's length of service in the particular position to be retained;

Back to Agenda Back to Item

6. The employee's length of service with CalOptima;

7. CalOptima's need to maintain continuity with respect to a particular project or team; and

8. The more recent performance of the employee compared to others in the same classification.

C. In cases where management determines the various factors considered are essentially equal between two (2) or more employees, length of service in the position and/or length of service at CalOptima may be the deciding factor in determining which employee, or employees, shall be retained. In the event an employee who is being laid off has greater length of service in the position and/or length of service at CalOptima than an employee, or employees, being retained within the same classification and specialty in the impacted department, CalOptima must document the basis, in the judgment of management, the employee with less length of service is better suited for retention.

D. The Human Resources Department shall work closely with the Legal Affairs Department to implement the RIF program to ensure compliance with all applicable federal, state, and local laws and regulations.

E. An employee terminated as part of the RIF program must continue to perform his or her duties satisfactorily until the Separation Date. Otherwise, the employee may be subject to disciplinary action, up to and including termination, prior to the specified Separation Date, consistent with CalOptima Policy GA.8022: Performance and Behavior Standards. An employee terminated as a result of failure to perform duties satisfactorily until the Separation Date shall not be qualified to receive any benefits administered as part of the RIF program.

F. Limitations to Eligibility

1. An employee terminated as part of the RIF program will not be eligible to receive benefits under the plan if the employee:

   a. Is terminated for cause, including but not limited to, failure to meet the performance requirements of the position, policy violation, theft, gross misconduct, etc.; or

   b. Fails, or refuses, to return all CalOptima property in the employee's possession, and/or fails to clear all expense and other financial accounts, as of the date of termination. (Examples of CalOptima property include, but are not limited to: CalOptima Security badges, office keys any and all CalOptima documents, files, and computers. Examples of accounts to be cleared include, but are not limited to, the completion and reconciliation of expense accounts); or

   c. Resigns, or otherwise voluntarily terminates, his or her employment; or

   d. Is terminated by temporary layoff, or furlough, except that if CalOptima elects to convert the temporary layoff, or furlough, into a permanent layoff, severance pay may then be payable as of the effective date of permanent layoff, if the employee otherwise is eligible for benefits under the RIF program; or,

   e. Is on a leave of absence, except that if an employee is released to return to work from an approved leave of absence and CalOptima has no assignment for the employee, he/she may be eligible for benefits under the RIF program; or

   f. Is offered a comparable position within CalOptima in lieu of termination, but fails, or refuses, to accept it; or

g. Is terminated because of CalOptima's sale, or transfer, of all, or part, of its assets and his/her employment continues with the agency, or transferee organization, after the transfer has been completed; or

h. Is terminated in connection with the "outsourcing" of operational functions, and he/she is offered comparable employment by the outsourcing vendor. For this purpose, comparable employment shall be defined as a position with substantially the same duties, at the same, or greater, compensation and comparable benefits, which does not require relocation, as defined by the IRS; or

i. Is terminated from employment for failure to return to work following a leave of absence; or

j. Retires; or

k. Is deceased, at which time eligibility for benefits under the RIF program will end and all such benefit payments, if any, will cease; or

l. Is separated from CalOptima because he or she is no longer able to perform the essential functions of his/her job (with or without reasonable accommodation) because of a disability; or

m. Is a temporary employee, intern/volunteer, independent contractor or consultant; or

n. Is an employee employed by CalOptima pursuant to a written contract containing provisions for severance benefits; or

o. Is convicted of a crime involving an abuse of his or her office, or position.

G. This policy sets forth general guidelines to observe in the event of a RIF; however, this policy may be subject to change, deviation, or modification, without notice, depending on the circumstances. Any decision to deviate from this policy in any particular case shall be subject to the discretion of the Chief Executive Officer (CEO).

H. Applicable provisions of this policy may also be used to address employee separations or terminations, other than a RIF, where appropriate, at the discretion of the CEO.

III. PROCEDURE

A. Affected Positions: Following an evaluation of CalOptima's business needs, CalOptima, through appropriate Executive Officers and the Human Resources (HR) Department (hereinafter referred to as the "management"), will identify and determine the positions that will be eliminated and/or affected by a RIF. Management also has the discretion to determine the manner in which the RIF will occur; however, notification to the HR Department should precede the implementation of the RIF.

B. Determinations: Determinations concerning the evaluation of employees, the considerations evaluated, and final recommendations should be made by the employee's immediate supervisor and/or manager with the next higher management level. Documentation of all considerations evaluated should be furnished to HR and approved by management prior to any notification to the employee affected by the RIF.

C. Transfers or Downgrades: Depending on CalOptima's business needs, an employee impacted by the RIF may be offered a downgrade (a lower position and/or reduction in base pay) or lateral transfer (an equivalent position and/or equivalent base pay) to another open job position for which he or she is, in the judgment of management, most qualified even though it is a job position or classification that the employee has not previously held. An employee impacted by the RIF who is offered a lateral transfer, or downgrade, may be provided the option of layoff. HR shall determine, on a case-by-case basis, the time period appropriate to accept, or decline, such job offer.

D. Employee Notices: Employees who are to be laid off as a result of the RIF should be notified of such reduction only after all necessary approvals have been obtained. An employee notified of a lay off must continue to work up to the Separation Date specified in the notice, unless management decides otherwise. An employee notified of his or her lay off, as a result of the RIF, may not subsequently be placed on a leave of absence (LOA) without prior approval of the Executive Director of HR.

E. Severance: Severance pay may be offered, if approved by the CEO and HR, upon an employee's separation from service when it is deemed appropriate due to special circumstances. If severance pay is authorized and offered, it will be paid in accordance with the following, unless otherwise defined in a separate employee agreement, or approved by the CEO:

1. Two (2) weeks of pay at the rate of the Annual Earnings for employees with less than two (2) years of service and more than ninety (90) days; or

2. One (1) week of pay at the rate of the Annual Earnings for each completed year of service, with a maximum of sixteen (16) weeks, for employees with two (2) years or more of service.

F. Employees on a Leave of Absence: If an employee is on a Leave of Absence (LOA), and his or her position is terminated as part of the RIF, CalOptima will not terminate the LOA early to implement the RIF program. The employee will be laid off at the scheduled, or required, conclusion of the LOA. This paragraph does not apply to employees on Personal LOA, pursuant to CalOptima Policy GA.8038: Personal Leave of Absence.

G. Release Agreement: In order to be eligible for the severance pay, if offered, an eligible employee must fully complete and execute a Separation Agreement provided by CalOptima, in a form approved by the Legal Affairs Department, at, or near the time of, termination. This Separation Agreement includes a release of all known and unknown claims the employee has, or may have, against CalOptima, as well as an agreement of confidentiality, non-disparagement, and non-solicitation. To be eligible for the severance pay, the Separation Agreement must be signed by the employee and must become irrevocable, in accordance with applicable law.

H. Payment Method: All wages earned and unpaid, including paid time off (PTO) and flex holidays, on the specified Separation Date will be paid to the employee in accordance with CalOptima's pay schedule and not necessarily on the employee's Separation Date. CalOptima may make payment of severance pay, if an employee is eligible, in accordance with the CalOptima payroll schedule as if the recipient were still employed or in a lump sum payment, following a seven (7) day waiting period, where applicable, and after receipt of the fully executed and irrevocable Separation Agreement and/or any other agreement. Payment in installments will be equal to the employee's bi-weekly Annual Earnings wages, less applicable taxes and deductions, including benefits, if applicable, until the agreed upon sum has been distributed. Eligible employees receiving payment in installments shall be required to remain reasonably available during the time period the employee is receiving periodic severance payments to respond to questions from CalOptima and address work related matters. Payment by lump sum will be distributed on CalOptima's next regularly scheduled

payday and will be equal to the amount the employee would have made in wages for the applicable number of weeks of severance pay offered, less applicable taxes and deductions.

I. Taxes: CalOptima shall reduce all severance pay by all applicable federal, state, or local tax withholdings.

J. Termination of Severance Pay: If a former employee is receiving severance pay through periodic payments as described in Section III.H., severance pay will immediately cease if CalOptima discovers that the employee:

1. Has failed to return all CalOptima property; or

2. Has disclosed or used confidential information about CalOptima for the benefit of a third party; or

3. Has defamed CalOptima; or

4. Has been hired on a full-time basis by another employer; or

5. Has failed to remain reasonably available to respond to CalOptima questions, or work-related matters.

6. Has attempted to entice other employees of CalOptima to work for a competitor; or

7. Has been convicted of a crime involving an abuse of his or her office, or position.

K. Death: If a former employee dies before all payments have been made, severance payments will cease. No benefits will continue to a beneficiary.

L. Returning to Work: If an employee is eligible for and receives benefits under this Policy, and that employee later returns to work for CalOptima before receiving all payments under this Policy, further severance payments will cease effective on the rehire date. If the employee later becomes eligible for benefits under this Policy, the subsequent severance payment calculated based on the total years of service will be reduced by the amount of severance payments previously paid.

M. Retirement Benefits: The receipt of severance pay under this Policy shall have no effect on the employee's right, if any, to retiree benefits under any other employee pension, or welfare benefit plan.

N. Other Benefits: Other than severance pay, employees shall not be offered, or provided, any other benefits (health, dental, vision, life insurance, or CalPERS/PARS payments). If the employee is being paid by lump sum as described in Section III.H., medical, dental, and vision benefits shall cease on the last day of the month in the same month as the Separation Date, unless otherwise determined by the CEO. All other benefits, including, but not limited to, life insurance and payment towards CalPERS and PARS ends on the Separation Date. If the employee is receiving severance pay through periodic payments as described in Section III.H. above, medical, dental, vision, and other applicable benefits, as determined solely by HR, may cease on the last day of the month in the same month the employee receives his or her last periodic severance payment, unless otherwise determined by the CEO.

O. Time Limits: All time limits herein refer to calendar days. If the expiration of any time limits of this policy falls on a weekend, or a holiday observed by CalOptima, the time limit will be deemed to end on the next workday.

P. Source of Benefits: The benefits provided under this policy shall be unfunded and payable solely from the CalOptima's general fund.

Q. No Individual Liability: It is the express purpose and intention of CalOptima that no individual liability whatsoever shall attach to, or be incurred by, any director, officer, Board Member, executive, employee, representative, or agent of CalOptima. This Policy does not guarantee a right to any employee for severance pay, and such benefit shall be offered at the sole discretion of CalOptima.

R. No Employment References: If an employee terminated as part of the RIF program requests an employment reference from CalOptima, CalOptima shall only provide the employee's date(s) of employment and position in response to such requests. All reference requests must be directed to HR.

S. No Vested Right: This Policy does not guarantee a right to any employee for severance pay, and such benefit, if offered, shall be at the sole discretion of CalOptima.

Term	Definition
Annual Earnings	The annualized base salary of the employee as of the Separation Date, without regard to overtime, car allowances, bonus, incentive payments or commission payments.
At-Will	An employment, having no specified term, may be terminated at the will of employees or employers at any time and with or without cause.
Service	All periods of employment with CalOptima, provided that service does not include periods in which an employee is on a Personal leave of absence pursuant to CalOptima Policy GA.8038: Personal Leave of Absence, and service shall not include any period of employment for which the employee has received severance pay under the RIF program or under any similar plan of CalOptima's.
Separation Date	The last day of employment with CalOptima.

SEPARATION AGREEMENT AND GENERAL RELEASE

By signing this ~~Settlement~~ Separation Agreement and General Release ("Agreement"), I,_____ – _____ ("Employee") acknowledge that CalOptima (hereinafter referred to as "Employer") and I have reached a final and binding agreement concerning my separation from employment with Employer. Specifically, I acknowledge that we have agreed on the following terms and that this document contains our entire agreement.

NOW THEREFORE, for good and sufficient consideration, as set forth below, the parties agree as follows:

AGREEMENT

1. ~~1.~~ Separation Date. Employee's last day of work will be mm,dd,yyyy ("Separation Date").

2. ~~2.~~ Consideration To Employee. Employee shall be entitled to the following:

   A. ~~A.~~ Employee shall receive his/her regular pay through Separation Date to the extent any is due. Employee will receive a check for all unused Paid Time Off (PTO) and Flex Holiday time, less deductions required by law, accrued by Employee through the Separation Date. All payments will be made consistent with CalOptima's payroll schedule.

   B. ~~B.~~ If, and only if, Employee signs this Agreement and complies with its terms, and after expiration of the seven (7) day revocation period set forth in Paragraph 18 of this Agreement, Employee shall receive severance pay in [biweekly installments of $$$$$, less deductions required by law and less deductions for medical, dental and vision coverage and/or other benefits where applicable, from the Separation Date through mm,dd,yyyy] OR [a lump sum payment of $$$$$, which reflects XX weeks of severance pay, less deductions required by law and less deductions for medical, dental and vision where applicable] (the Severance Period). [Add the following when employee receives biweekly installments ONLY: As a condition of receiving biweekly installments, Employee shall be required to remain reasonably available during the time period Employee is receiving periodic severance payments to respond to questions from CalOptima and address work related matters.]

   C. ~~C.~~ Employer shall make payments (Employer share only) on behalf of Employee for medical, dental and vision coverage through mm,dd,yyyy. Employee shall be responsible for the Employee share of premiums. All other benefits shall cease on [the Separation Date] OR [at the end of the Severance Period].

D. ~~D.~~ Employer will not challenge any applications by Employee for unemployment insurance compensation.

E. ~~E.~~ Employee will receive optional outplacement services through a designated outplacement firm for a period not to exceed thirty (30) calendar ~~business~~ days.

3. ~~3.~~ Acknowledgement. Employee acknowledges that Employee has reviewed the consideration specified above. Employee agrees that the consideration set forth above represents a complete and final settlement of any and all claims Employee has had, now has or may have up to the effective date of this Agreement, including, without limitation, claims arising out of or in connection with Employee's employment and/or termination by CalOptima. Employee acknowledges Employer does not owe Employee any additional wages, commissions, bonuses, PTO pay, severance pay, overtime pay, retirement pay, holiday pay, incentives or other compensation, benefits or payments of any kind or nature, other than that specifically stated in this Agreement.

4. ~~4.~~ Specific Release. In exchange for the receipt of the foregoing consideration, Employee expressly releases and discharges Employer, Employer's board members, officers, directors, agents, past and present employees, representatives, attorneys, insurers and re-insurers, successors, and assigns, and each of them, and all persons and/or entities acting by, through, under, or in concert with such persons (collectively, the "Employer Releasees") from any and all actual or potential claims or causes of action, including but not limited to claims for back pay, emotional distress, attorneys' fees and costs related to pre-litigation or litigation, obligations, demands, and causes of action, known or unknown, which Employee has had, now has, or may have against the Employer Releasees up to the effective date of this Agreement, including, without limitation, claims based upon:

A. Title VII of the Civil Rights Act of 1964;

B. The Americans with Disabilities Act (ADA);

C. The Equal Pay Act (EPA);

D. California statutory, regulatory or decisional law, including the ~~State~~ California Fair Employment and Housing Act, pertaining to employment discrimination, failure to prevent discrimination, harassment, retaliation, failure to engage in the interactive process or failure to provide reasonable accommodation, wrongful termination or breach of public policy, or wrongful discharge, transfer, or demotion;

E. ~~.~~ Any and all State, Federal and local laws as well as common law for claims of breach of implied or express contract, negligent or intentional infliction of emotional distress, defamation, fraud, concealment, false promise, negligent misrepresentation, intentional interference with contractual relations, breach of the

Back to Agenda Back to Item

covenant of good faith and fair dealing, wrongful termination in violation of public policy, and constructive discharge;

F. ~~F.~~ California Labor Code provisions pertaining to whistleblower rights and other benefits and protections set forth therein;

~~F.~~G. Violation of due process rights; and

H~~G.~~ ~~.~~ Any and all claims arising from the California Labor Code or the Fair Labor Standards Act.

5. General Release. Employee, on behalf of himself/herself and his/her executors, heirs or assigns, hereby releases and discharges Employer Releasees from any and all actual or potential claims, obligations, and causes of action, known or unknown, which Employee has, may have, or may claim to have up to the effective date of this Agreement against Employer Releasees, without limitation, such claims arising out of or in connection with Employee's employment with, and/or separation from the Employer. Employee acknowledges that he or she may have claims that are covered by the terms of this Agreement herein which have not yet been discovered.

Nevertheless, Employee ~~expressly~~ hereby waives and relinquishes all rights and benefits under Section 1542 of the California Civil Code, which states:

> "A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

Employee acknowledges that Employee has read and understands the Employee's rights under Section 1542 of the California Civil Code above, and by signing below, Employee voluntarily waives all known and unknown claims existing on or prior to the effective date of this Agreement.

6. ~~6.~~ Claims Arising After the Effective Date. This Agreement does not apply to rights or claims that may arise after the effective date of this Agreement.

7. ~~7.~~ No Pending Action. Employer and Employee hereby agree that as of the effective date of this Agreement, no action, suit or proceeding has been or shall be brought or complaint filed or initiated by Employer or Employee or any agent, assign or spouse of either in any court, or with any governmental body. This includes any matter or cause of action based upon any facts that might have occurred prior to the effective date of this Agreement whether known to either party now or discovered by either party hereafter.

8. ~~8.~~ No Admission of Liability. Employer and Employee agree that this Agreement and the payment by Employer of the consideration described herein is not an admission by Employer, Employer Releasees or Employee of any wrongdoing or liability. All parties specifically deny any liability; wrongful acts; violations of any federal, state, or local law, regulation, order, or other requirement of law; breach of contract (actual or implied); or any other civil wrong. The parties have entered into this Agreement in order to settle all disputes and differences between them, without admitting liability or wrongdoing by any party.

9. ~~9.~~ Confidentiality. This Agreement shall remain confidential as a personnel record to the extent permissible by Government Code Section 6254(c). In the event a Public Records Act request is made to review and/or copy this Agreement, Employer's only obligation shall be to timely notify Employee of that request. Employer shall not be obligated to incur legal expenses to deny such a request.

10. ~~10.~~ References. If Employee requests an employment reference from Employer, Employer shall only provide the Employee's date(s) of employment and position in response to such requests. All reference requests must be directed to Employer's Human Resources Department.

11. ~~11.~~ Non-Disparagement. Employer and Employee each warrant and agree that he/she/it will not disseminate, orally or in writing, any comments which are in any way negative about, or disparaging to the other, or to the other's representatives or Employees, individually or collectively.

12. ~~12.~~ Employer Property. On Employee's Separation Date, Employee agrees to return all Employer property, including, but not limited to: keys; key cards; equipment and supplies; electronic and physical documents and files; and all confidential, private, and proprietary documents and files. Employee also agrees to continue to comply with CalOptima Policy GA 8050: Confidentiality, which is incorporated into this Agreement herein by reference, even after the Separation Date.

13. ~~13.~~ Construction. This Agreement has been negotiated and discussed between the parties and it reflects their mutual agreement regarding the subject matter of this Agreement. Neither party shall be deemed to be the drafter of this Agreement. Therefore, no presumption for or against the drafter shall be applicable in interpreting or enforcing this Agreement.

14. ~~14.~~ Separability. If any provision of this Agreement, or the application thereof to any person or circumstance, is found to be invalid, the remainder of the provisions of this Agreement, or the application of such provisions to persons or circumstances other than those which it is found to be invalid, as the case may be, shall not be affected.

15. ~~15.~~ Advice of Counsel. Employer has advised Employee to consult with a private attorney prior to executing this Agreement. Employee fully understands the right to discuss all aspects of this Agreement with a private attorney and has had reasonable and

Back to Agenda Back to Item

sufficient time and opportunity to consult with an attorney. Employee has either consulted with an attorney of his or her own choosing or has elected to enter into this Agreement without consultation with an attorney despite Employer's advice to consult with an attorney. ~~read~~ ~~do so~~. Employee has had sufficient time to read and consider the terms of this Agreement, fully understands all of the provisions of this Agreement and is freely and voluntarily entering into this Agreement.

16. ~~16.~~ Complete Agreement. This is the entire agreement between Employer and Employee with respect to the subject matter herein and this Agreement supersedes all prior and contemporaneous oral and written agreements and discussions.

17. ~~17.~~ Acknowledgment of Days to Consider. Employee has been advised of the right to consider this Agreement for up to twenty-one (21) calendar days prior to its execution and has either: (a) been provided the full period to consider the agreement; or (b) voluntarily waived the full period, electing with full knowledge and consent to execute this Agreement as of the date indicated on the signature line of this Agreement.

18. ~~18.~~ Revocation. Employee may revoke this Agreement for a period of seven (7) calendar days following its execution. Said revocation must be in writing, must specifically revoke this Agreement, and must be received by the Executive Director of Human Resources, at Employer's premises, prior to the end of the seventh day following Employee's execution. Upon expiration of the seven (7) calendar day period, this Agreement becomes effective, enforceable and irrevocable. If Employee has not delivered written revocation of this Agreement to Employer within said seven (7) calendar day period, Employee will receive the consideration described in paragraph 2 above.

[SIGNATURES ON FOLLOWING PAGE]

IN WITNESS THEREOF, Employee acknowledges that Employee has been advised to **CONSULT WITH AN ATTORNEY PRIOR TO SIGNING THIS AGREEMENT AND GENERAL RELEASE**, and Employee understands that by signing this Agreement and General Release, Employee is giving up and waiving important legal rights. Nevertheless, Employee and Employer mutually agree to the terms above, and hereby execute this Agreement on the day and year last shown below.

SEPARATION AGREEMENT AND GENERAL RELEASE

By signing this Separation Agreement and General Release ("Agreement"), I,_____ ("Employee") acknowledge that CalOptima (hereinafter referred to as "Employer") and I have reached a final and binding agreement concerning my separation from employment with Employer. Specifically, I acknowledge that we have agreed on the following terms and that this document contains our entire agreement.

NOW THEREFORE, for good and sufficient consideration, as set forth below, the parties agree as follows:

AGREEMENT

1. Separation Date. Employee's last day of work will be mm,dd,yyyy ("Separation Date").

2. Consideration To Employee. Employee shall be entitled to the following:

   A. Employee shall receive his/her regular pay through Separation Date to the extent any is due. Employee will receive a check for all unused Paid Time Off (PTO) and Flex Holiday time, less deductions required by law, accrued by Employee through the Separation Date. All payments will be made consistent with CalOptima's payroll schedule.

   B. If, and only if, Employee signs this Agreement and complies with its terms, and after expiration of the seven (7) day revocation period set forth in Paragraph 18 of this Agreement, Employee shall receive severance pay in [biweekly installments of $$$$$, less deductions required by law and less deductions for medical, dental and vision coverage and/or other benefits where applicable, from the Separation Date through mm,dd,yyyy] OR [a lump sum payment of $$$$$, which reflects XX weeks of severance pay, less deductions required by law and less deductions for medical, dental and vision where applicable] (the Severance Period). [Add the following when employee receives biweekly installments ONLY: As a condition of receiving biweekly installments, Employee shall be required to remain reasonably available during the time period Employee is receiving periodic severance payments to respond to questions from CalOptima and address work related matters.]

   C. Employer shall make payments (Employer share only) on behalf of Employee for medical, dental and vision coverage through mm,dd,yyyy. Employee shall be responsible for the Employee share of premiums. All other benefits shall cease on [the Separation Date] OR [at the end of the Severance Period].

D. Employer will not challenge any applications by Employee for unemployment insurance compensation.

E. Employee will receive optional outplacement services through a designated outplacement firm for a period not to exceed thirty (30) calendar days.

3. Acknowledgement. Employee acknowledges that Employee has reviewed the consideration specified above. Employee agrees that the consideration set forth above represents a complete and final settlement of any and all claims Employee has had, now has or may have up to the effective date of this Agreement, including, without limitation, claims arising out of or in connection with Employee's employment and/or termination by CalOptima. Employee acknowledges Employer does not owe Employee any additional wages, commissions, bonuses, PTO pay, severance pay, overtime pay, retirement pay, holiday pay, incentives or other compensation, benefits or payments of any kind or nature, other than that specifically stated in this Agreement.

4. Specific Release. In exchange for the receipt of the foregoing consideration, Employee expressly releases and discharges Employer, Employer's board members, officers, directors, agents, past and present employees, representatives, attorneys, insurers and re-insurers, successors, and assigns, and each of them, and all persons and/or entities acting by, through, under, or in concert with such persons (collectively, the "Employer Releasees") from any and all actual or potential claims or causes of action, including but not limited to claims for back pay, emotional distress, attorneys' fees and costs related to pre-litigation or litigation, obligations, demands, and causes of action, known or unknown, which Employee has had, now has, or may have against the Employer Releasees up to the effective date of this Agreement, including, without limitation, claims based upon:

A. Title VII of the Civil Rights Act of 1964;

B. The Americans with Disabilities Act (ADA);

C. The Equal Pay Act (EPA);

D. California statutory, regulatory or decisional law, including the California Fair Employment and Housing Act, pertaining to employment discrimination, failure to prevent discrimination, harassment, retaliation, failure to engage in the interactive process or failure to provide reasonable accommodation, wrongful termination or breach of public policy, or wrongful discharge, transfer, or demotion;

E. Any and all State, Federal and local laws as well as common law for claims of breach of implied or express contract, negligent or intentional infliction of emotional distress, defamation, fraud, concealment, false promise, negligent misrepresentation, intentional interference with contractual relations, breach of the covenant of good faith and fair dealing, wrongful termination in violation of public policy, and constructive discharge;

F. California Labor Code provisions pertaining to whistleblower rights and other benefits and protections set forth therein;

G. Violation of due process rights; and

H. Any and all claims arising from the California Labor Code or the Fair Labor Standards Act.

5. General Release. Employee, on behalf of himself/herself and his/her executors, heirs or assigns, hereby releases and discharges Employer Releasees from any and all actual or potential claims, obligations, and causes of action, known or unknown, which Employee has, may have, or may claim to have up to the effective date of this Agreement against Employer Releasees, without limitation, such claims arising out of or in connection with Employee's employment with, and/or separation from the Employer. Employee acknowledges that he or she may have claims that are covered by the terms of this Agreement herein which have not yet been discovered.

Nevertheless, Employee hereby waives and relinquishes all rights and benefits under Section 1542 of the California Civil Code, which states:

> "A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

Employee acknowledges that Employee has read and understands the Employee's rights under Section 1542 of the California Civil Code above, and by signing below, Employee voluntarily waives all known and unknown claims existing on or prior to the effective date of this Agreement.

6. Claims Arising After the Effective Date. This Agreement does not apply to rights or claims that may arise after the effective date of this Agreement.

7. No Pending Action. Employer and Employee hereby agree that as of the effective date of this Agreement, no action, suit or proceeding has been or shall be brought or complaint filed or initiated by Employer or Employee or any agent, assign or spouse of either in any court, or with any governmental body. This includes any matter or cause of action based upon any facts that might have occurred prior to the effective date of this Agreement whether known to either party now or discovered by either party hereafter.

8. No Admission of Liability. Employer and Employee agree that this Agreement and the payment by Employer of the consideration described herein is not an admission by

Employer, Employer Releasees or Employee of any wrongdoing or liability. All parties specifically deny any liability; wrongful acts; violations of any federal, state, or local law, regulation, order, or other requirement of law; breach of contract (actual or implied); or any other civil wrong. The parties have entered into this Agreement in order to settle all disputes and differences between them, without admitting liability or wrongdoing by any party.

9. Confidentiality. This Agreement shall remain confidential as a personnel record to the extent permissible by Government Code Section 6254(c). In the event a Public Records Act request is made to review and/or copy this Agreement, Employer's only obligation shall be to timely notify Employee of that request. Employer shall not be obligated to incur legal expenses to deny such a request.

10. References. If Employee requests an employment reference from Employer, Employer shall only provide the Employee's date(s) of employment and position in response to such requests. All reference requests must be directed to Employer's Human Resources Department.

11. Non-Disparagement. Employer and Employee each warrant and agree that he/she/it will not disseminate, orally or in writing, any comments which are in any way negative about, or disparaging to the other, or to the other's representatives or Employees, individually or collectively.

12. Employer Property. On Employee's Separation Date, Employee agrees to return all Employer property, including, but not limited to: keys; key cards; equipment and supplies; electronic and physical documents and files; and all confidential, private, and proprietary documents and files. Employee also agrees to continue to comply with CalOptima Policy GA 8050: Confidentiality, which is incorporated into this Agreement herein by reference, even after the Separation Date.

13. Construction. This Agreement has been negotiated and discussed between the parties and it reflects their mutual agreement regarding the subject matter of this Agreement. Neither party shall be deemed to be the drafter of this Agreement. Therefore, no presumption for or against the drafter shall be applicable in interpreting or enforcing this Agreement.

14. Separability. If any provision of this Agreement, or the application thereof to any person or circumstance, is found to be invalid, the remainder of the provisions of this Agreement, or the application of such provisions to persons or circumstances other than those which it is found to be invalid, as the case may be, shall not be affected.

15. Advice of Counsel. Employer has advised Employee to consult with a private attorney prior to executing this Agreement. Employee fully understands the right to discuss all aspects of this Agreement with a private attorney and has had reasonable and sufficient time and opportunity to consult with an attorney. Employee has either consulted with an attorney of his or her own choosing or has elected to enter into this Agreement

without consultation with an attorney despite Employer's advice to consult with an attorney. . Employee has had sufficient time to read and consider the terms of this Agreement, fully understands all of the provisions of this Agreement and is freely and voluntarily entering into this Agreement.

16. Complete Agreement. This is the entire agreement between Employer and Employee with respect to the subject matter herein and this Agreement supersedes all prior and contemporaneous oral and written agreements and discussions.

17. Acknowledgment of Days to Consider. Employee has been advised of the right to consider this Agreement for up to twenty-one (21) calendar days prior to its execution and has either: (a) been provided the full period to consider the agreement; or (b) voluntarily waived the full period, electing with full knowledge and consent to execute this Agreement as of the date indicated on the signature line of this Agreement.

18. Revocation. Employee may revoke this Agreement for a period of seven (7) calendar days following its execution. Said revocation must be in writing, must specifically revoke this Agreement, and must be received by the Executive Director of Human Resources, at Employer's premises, prior to the end of the seventh day following Employee's execution. Upon expiration of the seven (7) calendar day period, this Agreement becomes effective, enforceable and irrevocable. If Employee has not delivered written revocation of this Agreement to Employer within said seven (7) calendar day period, Employee will receive the consideration described in paragraph 2 above.

[SIGNATURES ON FOLLOWING PAGE]

IN WITNESS THEREOF, Employee acknowledges that Employee has been advised to **CONSULT WITH AN ATTORNEY PRIOR TO SIGNING THIS AGREEMENT AND GENERAL RELEASE**, and Employee understands that by signing this Agreement and General Release, Employee is giving up and waiving important legal rights. Nevertheless, Employee and Employer mutually agree to the terms above, and hereby execute this Agreement on the day and year last shown below.

SEPARATION AGREEMENT AND GENERAL RELEASE

By signing this ~~Settlement~~Separation Agreement and General Release ("Agreement"), I, _____ ("Employee") acknowledge that CalOptima (hereinafter referred to as "Employer") and I have reached a final and binding agreement concerning my separation from employment with Employer. Specifically, I acknowledge that we have agreed on the following terms and that this document contains our entire agreement.

NOW THEREFORE, for good and sufficient consideration, as set forth below, the parties agree as follows:

AGREEMENT

1. ~~1.~~ Separation Date. Employee's last day of work will be mm,dd,yyyy ("Separation Date").

2. ~~2.~~ Consideration To Employee. Employee shall be entitled to the following:

   A. ~~A.~~ Employee shall receive his/her regular pay through Separation Date to the extent any is due. Employee will receive a check for all unused Paid Time Off (PTO) and Flex Holiday time, less deductions required by law, accrued by Employee through the Separation Date. All payments will be made consistent with CalOptima's payroll schedule.

   B. ~~B.~~ If, and only if, Employee signs this Agreement and complies with its terms, and after expiration of the seven (7) day revocation period set forth in Paragraph 19 of this Agreement, Employee shall receive severance pay in [biweekly installments of ~~$$$$$,~~$$$$, less deductions required by law and less deductions for medical, dental and vision coverage and/or other benefits where applicable, from the Separation Date through mm,dd,yyyy] OR [a lump sum payment of $$$$$, which reflects XX weeks of severance pay, less deductions required by law and less deductions for medical, dental and vision where applicable] (the Severance Period). ~~-~~[Add the following when employee receives biweekly installments ONLY: As a condition of receiving biweekly installments, Employee shall be required to remain reasonably available during the time period Employee is receiving periodic severance payments to respond to questions from CalOptima and address work related matters.]

   C. ~~C.~~ Employer shall make payments (Employer share only) on behalf of Employee for medical, dental and vision coverage through mm,dd,yyyy. ~~-~~Employee shall be responsible for the Employee share of premiums. All other benefits shall cease on [the Separation Date] OR [at the end of the Severance Period].

   D. ~~D.~~ Employer will not challenge any applications by Employee for unemployment insurance compensation.

Back to Agenda Back to Item

E. ~~E.~~ Employee will receive optional outplacement services through a designated outplacement firm for a period not to exceed thirty (30) calendar ~~business~~ days.

3. ~~3.~~ Acknowledgement. ~~-~~Employee acknowledges that Employee has reviewed the consideration specified above. Employee agrees that the consideration set forth above represents a complete and final settlement of any and all claims Employee has had, now has or may have up to the effective date of this Agreement, including, without limitation, claims arising out of or in connection with Employee's employment and/or termination by CalOptima. Employee acknowledges Employer does not owe Employee any additional wages, commissions, bonuses, PTO pay, severance pay, overtime pay, retirement pay, holiday pay, incentives or other compensation, benefits or payments of any kind or nature, other than that specifically stated in this Agreement.

4. ~~4.~~ Specific Release. In exchange for the receipt of the foregoing consideration, Employee expressly releases and discharges Employer, Employer's board members, officers, directors, agents, past and present employees, representatives, attorneys, insurers and re-insurers, successors, and assigns, and each of them, and all persons and/or entities acting by, through, under, or in concert with such persons (collectively, the "Employer Releasees") from any and all actual or potential claims or causes of action, including but not limited to claims for back pay, emotional distress, attorneys' fees and costs related to pre-litigation or litigation, obligations, demands, and causes of action, known or unknown, which Employee has had, now has, or may have against the Employer Releasees up to the effective date of this Agreement, including, without limitation, claims based upon:

A. Title VII of the Civil Rights Act of 1964;

B. The Age Discrimination in Employment Act (ADEA) (as amended by the Older Workers Benefit Protection Act (OWBPA));

C. The Americans with Disabilities Act (ADA);

D. The Equal Pay Act (EPA);

E. ~~D.~~ California statutory, regulatory, or decisional case law, including the ~~State~~ California Fair Employment and Housing Act, pertaining to employment discrimination, failure to prevent discrimination, harassment, retaliation, failure to engage in the interactive process or failure to provide reasonable accommodation,

wrongful termination or breach of public policy, or wrongful discharge, transfer, or demotion;

F. ~~EF.~~ Any and all State, Federal and local laws as well as common law for claims of breach of implied or express contract, negligent or intentional infliction of emotional distress, defamation, fraud, concealment, false promise, negligent misrepresentation, intentional interference with contractual relations, breach of the covenant of good faith and fair dealing, wrongful termination in violation of public policy, and constructive discharge; ~~and~~

G. ~~FG.~~ California Labor Code provisions pertaining to whistleblower rights and other benefits and protections set forth therein; ~~and~~

~~G.~~H. Violation of due process rights; and

~~H.~~I. ~~GH.~~ Any and all claims arising from the California Labor Code or the Fair Labor Standards Act.

5. ~~5.~~ General Release.~~:~~ Employee, on behalf of himself/herself and his/her executors, heirs or assigns, hereby releases and discharges Employer Releasees from any and all actual or potential claims, obligations, and causes of action, known or unknown, which Employee has, may have, or may claim to have up to the effective date of this Agreement against Employer Releasees, without limitation, such claims arising out of or in connection with Employee's employment with, and/or separation from the Employer. Employee acknowledges that he or she may have claims that are covered by the terms of this Agreement herein which have not yet been discovered.

Nevertheless, Employee hereby ~~expressly~~ waives and relinquishes all rights and benefits under Section 1542 of the California Civil Code~~,~~ which states:

> "A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

Employee acknowledges that Employee has read and understands the Employee's rights under Section 1542 of the California Civil Code above, and by signing below, Employee voluntarily waives all known and unknown claims existing on or prior to the effective date of this Agreement.

6. ~~6.~~ Claims Arising After the Effective Date. This Agreement does not apply to rights or claims that may arise after the effective date of this Agreement.

7. ~~7.~~ No Pending Action. Employer and Employee hereby agree that as of the effective date of this Agreement, no action, suit or proceeding has been or shall be brought or complaint filed or initiated by Employer or Employee or any agent, assign or spouse of either in any court, or with any governmental body. This includes any matter or cause of action based upon any facts that might have occurred prior to the effective date of this Agreement whether known to either party now or discovered by either party hereafter.

8. ~~8.~~ No Admission of Liability. Employer and Employee agree that this Agreement and the payment by Employer of the consideration described herein is not an admission by Employer, Employer Releasees or Employee of any wrongdoing or liability. All parties specifically deny any liability; wrongful acts; violations of any federal, state, or local law, regulation, order, or other requirement of law; breach of contract (actual or implied); or any other civil wrong. The parties have entered into this Agreement in order to settle all disputes and differences between them, without admitting liability or wrongdoing by any party.

9. ~~9.~~ Confidentiality. This Agreement shall remain confidential as a personnel record to the extent permissible by Government Code Section 6254(c). In the event a Public Records Act request is made to review and/or copy this Agreement, Employer's only obligation shall be to timely notify Employee of that request. Employer shall not be obligated to incur legal expenses to deny such a request.

10. ~~10.~~ References. If Employee requests an employment reference from Employer, Employer shall only provide the Employee's date(s) of employment and position in response to such requests. All reference requests must be directed to Employer's Human Resources Department.

11. ~~11.~~ Non-Disparagement. Employer and Employee each warrant and agree that he/she/it will not disseminate, orally or in writing, any comments which are in any way negative about, or disparaging to the other, or to the other's representatives or Employees, individually or collectively.

12. ~~12.~~ Employer Property. On Employee's Separation Date, Employee agrees to return all Employer property, including, but not limited to: keys; key cards; equipment and supplies; electronic and physical documents and files; and all confidential, private, and proprietary documents and files. Employee also agrees to continue to comply with CalOptima Policy GA 8050: Confidentiality, which is incorporated into this Agreement herein by reference, even after the Separation Date.

13. ~~13.~~ Construction. This Agreement has been negotiated and discussed between the parties and it reflects their mutual agreement regarding the subject matter of this Agreement. Neither party shall be deemed to be the drafter of this Agreement. Therefore, no presumption for or against the drafter shall be applicable in interpreting or enforcing this Agreement.

14. ~~14.~~ Separability. If any provision of this Agreement, or the application thereof to any person or circumstance, is found to be invalid, the remainder of the provisions of this Agreement, or the application of such provisions to persons or circumstances other than those which it is found to be invalid, as the case may be, shall not be affected.

15. ~~15.~~ Advice of Counsel. Employer has advised Employee to consult with a private attorney prior to executing this Agreement. Employee fully understands the right to discuss all aspects of this Agreement with a private attorney and has had reasonable and sufficient time and opportunity to consult with an attorney. Employee has either consulted with an attorney of his or her own ~~choosing, or~~choosing or has elected to enter into this Agreement without consultation with an attorney despite ~~Employers~~Employer's advice to ~~do so.~~consult with an attorney. Employee has had sufficient time to read and consider the terms of this Agreement, fully understands all of the provisions of this Agreement and is freely and voluntarily entering into this Agreement.

16. ~~16.~~ Complete Agreement. This is the entire agreement between Employer and Employee with respect to the subject matter herein and this Agreement supersedes all prior and contemporaneous oral and written agreements and discussions.

17. ~~17.~~ Acknowledgment of Days to Consider. Employee has been advised of the right to consider this Agreement for up to twenty-one (21) calendar days prior to its execution and has either: (a) been provided the full period to consider the agreement; or (b) voluntarily waived the full period, electing with full knowledge and consent to execute this Agreement as of the date indicated on the signature line of this Agreement.

18. ~~18.18.~~ [USE ONLY ~~F~~for RIF of 2 or more employees] Summary of Considerations. The classification, department, or group of individuals covered by CalOptima's reduction in force (RIF) includes all employees in the [describe impacted location, area, department, line of business, etc., (e.g. ~~caloptima~~CalOptima, Human Resources, PACE, O~~o~~neC~~c~~are, etc.)] whose employment is being terminated in the RIF during the following period (XX/XX/XXXX to XX/XX/XXXX). All employees in [describe impacted location, area, department, line of business, etc., (e.g. CalOptima~~PTIMA~~, PACE, One~~NE~~Care~~ARE~~, etc.)] whose employment is being terminated are eligible for the RIF.

The following is a listing of the ages and job titles of employees who were and were not selected for layoff [or termination] and offered consideration for signing the waiver. Except for those employees selected for layoff [or termination], no other employee is eligible or offered consideration in exchange for signing the waiver:

Job Title	Department/Unit	Age	# Selected	# Not Selected

19. ~~19.~~ Revocation. Employee may revoke this Agreement for a period of seven (7) calendar days following its execution. Said revocation must be in writing, must specifically revoke this Agreement, and must be received by the Executive Director of Human Resources, at Employer's premises, prior to the end of the seventh day following Employee's execution. Upon expiration of the seven (7) calendar day period, this Agreement becomes effective, enforceable and irrevocable. If Employee has not delivered written revocation of this Agreement to Employer within said seven (7) calendar day period, Employee will receive the consideration described in paragraph 2 above.

SEPARATION AGREEMENT AND GENERAL RELEASE

By signing this Separation Agreement and General Release ("Agreement"), I, _____ ("Employee") acknowledge that CalOptima (hereinafter referred to as "Employer") and I have reached a final and binding agreement concerning my separation from employment with Employer. Specifically, I acknowledge that we have agreed on the following terms and that this document contains our entire agreement.

NOW THEREFORE, for good and sufficient consideration, as set forth below, the parties agree as follows:

AGREEMENT

1. Separation Date. Employee's last day of work will be mm,dd,yyyy ("Separation Date").

2. Consideration To Employee. Employee shall be entitled to the following:

   A. Employee shall receive his/her regular pay through Separation Date to the extent any is due. Employee will receive a check for all unused Paid Time Off (PTO) and Flex Holiday time, less deductions required by law, accrued by Employee through the Separation Date. All payments will be made consistent with CalOptima's payroll schedule.

   B. If, and only if, Employee signs this Agreement and complies with its terms, and after expiration of the seven (7) day revocation period set forth in Paragraph 19 of this Agreement, Employee shall receive severance pay in [biweekly installments of $$$$, less deductions required by law and less deductions for medical, dental and vision coverage and/or other benefits where applicable, from the Separation Date through mm,dd,yyyy] OR [a lump sum payment of $$$$$, which reflects XX weeks of severance pay, less deductions required by law and less deductions for medical, dental and vision where applicable] (the Severance Period). [Add the following when employee receives biweekly installments ONLY: As a condition of receiving biweekly installments, Employee shall be required to remain reasonably available during the time period Employee is receiving periodic severance payments to respond to questions from CalOptima and address work related matters.]

   C. Employer shall make payments (Employer share only) on behalf of Employee for medical, dental and vision coverage through mm,dd,yyyy. Employee shall be responsible for the Employee share of premiums. All other benefits shall cease on [the Separation Date] OR [at the end of the Severance Period].

   D. Employer will not challenge any applications by Employee for unemployment insurance compensation.

E. Employee will receive optional outplacement services through a designated outplacement firm for a period not to exceed thirty (30) calendar days.

3. Acknowledgement. Employee acknowledges that Employee has reviewed the consideration specified above. Employee agrees that the consideration set forth above represents a complete and final settlement of any and all claims Employee has had, now has or may have up to the effective date of this Agreement, including, without limitation, claims arising out of or in connection with Employee's employment and/or termination by CalOptima. Employee acknowledges Employer does not owe Employee any additional wages, commissions, bonuses, PTO pay, severance pay, overtime pay, retirement pay, holiday pay, incentives or other compensation, benefits or payments of any kind or nature, other than that specifically stated in this Agreement.

4. Specific Release. In exchange for the receipt of the foregoing consideration, Employee expressly releases and discharges Employer, Employer's board members, officers, directors, agents, past and present employees, representatives, attorneys, insurers and re-insurers, successors, and assigns, and each of them, and all persons and/or entities acting by, through, under, or in concert with such persons (collectively, the "Employer Releasees") from any and all actual or potential claims or causes of action, including but not limited to claims for back pay, emotional distress, attorneys' fees and costs related to pre-litigation or litigation, obligations, demands, and causes of action, known or unknown, which Employee has had, now has, or may have against the Employer Releasees up to the effective date of this Agreement, including, without limitation, claims based upon:

A. Title VII of the Civil Rights Act of 1964;

B. The Age Discrimination in Employment Act (ADEA) (as amended by the Older Workers Benefit Protection Act (OWBPA));

C. The Americans with Disabilities Act (ADA);

D. The Equal Pay Act (EPA);

E. California statutory, regulatory, or decisional case law, including the California Fair Employment and Housing Act, pertaining to employment discrimination, failure to prevent discrimination, harassment, retaliation, failure to engage in the interactive process or failure to provide reasonable accommodation, wrongful termination or breach of public policy, or wrongful discharge, transfer, or demotion;

F. Any and all State, Federal and local laws as well as common law for claims of breach of implied or express contract, negligent or intentional infliction of emotional distress, defamation, fraud, concealment, false promise, negligent misrepresentation, intentional interference with contractual relations, breach of the

covenant of good faith and fair dealing, wrongful termination in violation of public policy, and constructive discharge;

G. California Labor Code provisions pertaining to whistleblower rights and other benefits and protections set forth therein;

H. Violation of due process rights; and

I. Any and all claims arising from the California Labor Code or the Fair Labor Standards Act.

5. General Release. Employee, on behalf of himself/herself and his/her executors, heirs or assigns, hereby releases and discharges Employer Releasees from any and all actual or potential claims, obligations, and causes of action, known or unknown, which Employee has, may have, or may claim to have up to the effective date of this Agreement against Employer Releasees, without limitation, such claims arising out of or in connection with Employee's employment with, and/or separation from the Employer. Employee acknowledges that he or she may have claims that are covered by the terms of this Agreement herein which have not yet been discovered.

Nevertheless, Employee hereby waives and relinquishes all rights and benefits under Section 1542 of the California Civil Code which states:

> "A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

Employee acknowledges that Employee has read and understands the Employee's rights under Section 1542 of the California Civil Code above, and by signing below, Employee voluntarily waives all known and unknown claims existing on or prior to the effective date of this Agreement.

6. Claims Arising After the Effective Date. This Agreement does not apply to rights or claims that may arise after the effective date of this Agreement.

7. No Pending Action. Employer and Employee hereby agree that as of the effective date of this Agreement, no action, suit or proceeding has been or shall be brought or complaint filed or initiated by Employer or Employee or any agent, assign or spouse of either in any court, or with any governmental body. This includes any matter or cause of action based upon any facts that might have occurred prior to the effective date of this Agreement whether known to either party now or discovered by either party hereafter.

8. No Admission of Liability. Employer and Employee agree that this Agreement and the payment by Employer of the consideration described herein is not an admission by Employer, Employer Releasees or Employee of any wrongdoing or liability. All parties specifically deny any liability; wrongful acts; violations of any federal, state, or local law, regulation, order, or other requirement of law; breach of contract (actual or implied); or any other civil wrong. The parties have entered into this Agreement in order to settle all disputes and differences between them, without admitting liability or wrongdoing by any party.

9. Confidentiality. This Agreement shall remain confidential as a personnel record to the extent permissible by Government Code Section 6254(c). In the event a Public Records Act request is made to review and/or copy this Agreement, Employer's only obligation shall be to timely notify Employee of that request. Employer shall not be obligated to incur legal expenses to deny such a request.

10. References. If Employee requests an employment reference from Employer, Employer shall only provide the Employee's date(s) of employment and position in response to such requests. All reference requests must be directed to Employer's Human Resources Department.

11. Non-Disparagement. Employer and Employee each warrant and agree that he/she/it will not disseminate, orally or in writing, any comments which are in any way negative about, or disparaging to the other, or to the other's representatives or Employees, individually or collectively.

12. Employer Property. On Employee's Separation Date, Employee agrees to return all Employer property, including, but not limited to: keys; key cards; equipment and supplies; electronic and physical documents and files; and all confidential, private, and proprietary documents and files. Employee also agrees to continue to comply with CalOptima Policy GA 8050: Confidentiality, which is incorporated into this Agreement herein by reference, even after the Separation Date.

13. Construction. This Agreement has been negotiated and discussed between the parties and it reflects their mutual agreement regarding the subject matter of this Agreement. Neither party shall be deemed to be the drafter of this Agreement. Therefore, no presumption for or against the drafter shall be applicable in interpreting or enforcing this Agreement.

14. Separability. If any provision of this Agreement, or the application thereof to any person or circumstance, is found to be invalid, the remainder of the provisions of this Agreement, or the application of such provisions to persons or circumstances other than those which it is found to be invalid, as the case may be, shall not be affected.

15. Advice of Counsel. Employer has advised Employee to consult with a private attorney prior to executing this Agreement. Employee fully understands the right to discuss all aspects of this Agreement with a private attorney and has had reasonable and sufficient time and opportunity to consult with an attorney. Employee has either consulted with an attorney of his or her own choosing or has elected to enter into this Agreement without consultation with an attorney despite Employer's advice to consult with an attorney. Employee has had sufficient time to read and consider the terms of this Agreement, fully understands all of the provisions of this Agreement and is freely and voluntarily entering into this Agreement.

16. Complete Agreement. This is the entire agreement between Employer and Employee with respect to the subject matter herein and this Agreement supersedes all prior and contemporaneous oral and written agreements and discussions.

17. Acknowledgment of Days to Consider. Employee has been advised of the right to consider this Agreement for up to twenty-one (21) calendar days prior to its execution and has either: (a) been provided the full period to consider the agreement; or (b) voluntarily waived the full period, electing with full knowledge and consent to execute this Agreement as of the date indicated on the signature line of this Agreement.

18. [USE ONLY for RIF of 2 or more employees] Summary of Considerations. The classification, department, or group of individuals covered by CalOptima's reduction in force (RIF) includes all employees in the [describe impacted location, area, department, line of business, etc., (e.g. CalOptima, Human Resources, PACE, OneCare, etc.)] whose employment is being terminated in the RIF during the following period (XX/XX/XXXX to XX/XX/XXXX). All employees in [describe impacted location, area, department, line of business, etc., (e.g. CalOptima, PACE, OneCare, etc.)] whose employment is being terminated are eligible for the RIF.

The following is a listing of the ages and job titles of employees who were and were not selected for layoff [or termination] and offered consideration for signing the waiver. Except for those employees selected for layoff [or termination], no other employee is eligible or offered consideration in exchange for signing the waiver:

Job Title	Department/Unit	Age	# Selected	# Not Selected

19. Revocation. Employee may revoke this Agreement for a period of seven (7) calendar days following its execution. Said revocation must be in writing, must specifically

revoke this Agreement, and must be received by the Executive Director of Human Resources, at Employer's premises, prior to the end of the seventh day following Employee's execution. Upon expiration of the seven (7) calendar day period, this Agreement becomes effective, enforceable and irrevocable. If Employee has not delivered written revocation of this Agreement to Employer within said seven (7) calendar day period, Employee will receive the consideration described in paragraph 2 above.

[SIGNATURES ON FOLLOWING PAGE]

IN WITNESS THEREOF, Employee acknowledges that Employee has been advised to **CONSULT WITH AN ATTORNEY PRIOR TO SIGNING THIS AGREEMENT AND GENERAL RELEASE**, and Employee understands that by signing this Agreement and General Release, Employee is giving up and waiving important legal rights. Nevertheless, Employee and Employer mutually agree to the terms above, and hereby execute this Agreement on the day and year last shown below.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken December 3, 2020
Regular Meeting of the CalOptima Board of Directors

Report Item
26. Consider Election of Officers of the CalOptima Board of Directors

Contact
Richard Sanchez, Chief Executive Officer, (657) 900-1481

Recommended Actions
Elect one member of the CalOptima Board of Directors (Board) to serve as Board Chair, and one to serve as Vice Chair for terms commencing on January 1, 2021 and running through June 30, 2021, or until such time as a successor(s) is elected, unless he, she or they shall sooner resign or be removed from office.

Background/Discussion
Pursuant to Article VIII of the CalOptima Bylaws, the Board is to elect one Director to serve as Chair, and one to serve as Vice Chair. The Chair's role is to serve as the principal officer of the Board, to preside at all meetings of the Board, and to perform other duties as may be prescribed by the Board from time to time. The Vice Chair shall perform the duties of the Chair if the Chair is absent from a meeting or otherwise unable to act.

The Board typically holds its organizational meeting in June and conducts its annual election of officers at that time. However, due to a number of Board members completing their service at the June 2020 meeting and other factors, officer elections were held at the Board's September 3, 2020 meeting for terms ending December 31, 2020. At this time, staff recommends that the Board consider electing officers for terms commencing on January 1, 2021 and running through June 30, 2021, the last day of CalOptima's current fiscal year.

Fiscal Impact
The recommended action has no fiscal impact.

Rationale for Recommendation
To ensure continuity in CalOptima's governance, staff recommends that Board members elect a Chair and Vice Chair to preside over CalOptima Board meetings and perform all other duties incident to the offices.

Concurrence
Gary Crockett, Chief Counsel

OneCare Connect Cal MediConnect Plan (Medicare-Medicaid Plan)
Member Advisory Committee Update

At the October 22, 2020 OneCare Connect Member Advisory Committee (OCC MAC) meeting, the members welcomed Meredith Chillemi as the Long-Term Care Representative.

Richard Sanchez, Interim Chief Executive Officer, updated the committee on the possible rate reductions that were announced in September 2020. He noted that the Department of Health Care Services (DHCS) had notified CalOptima the Medi-Cal Expansion rate cuts would not be as large as anticipated and that the DHCS has agreed to work with CalOptima on the requested glidepath for these rate reductions.

David Ramirez, M.D., Chief Medical Officer, notified the committee that CalOptima had received a quality award for being the only Medi-Cal plan in the state to perform above percentile benchmark in all the quality measures for Reporting Year 2020 using 2019 statistics. He noted that, while this award was not for OneCare Connect, it was indicative of the quality of care CalOptima provides to all of its members.

Ladan Khamseh, Chief Operating Officer, provided an update on the current network certification requirements and the Qualified Medicare Beneficiary (QMB) outreach.

The committee also received an OCC MAC Transition Planning update by Ravina Hui, Director, Program Implementation, a Federal and State Legislative update by TC Roady, Director, Regulatory Affairs, and a presentation on OCC Benefit Changes for 2021 by Andrew Tse, Manager, Customer Service.

The OCC MAC appreciates the opportunity to provide the CalOptima Board with input and updates on OCC MAC activities.

Whole-Child Model Family Advisory Committee (WCM FAC) Update

At the October 27, 2020 Whole-Child Member Family Advisory Committee (WCM FAC) meeting, the members received an update from Richard Sanchez, Interim Chief Executive Officer, who updated the committee on the possibility of a Medi-Cal Expansion rate reduction that had been announced by the Department of Health Care Services (DHCS) in September. He noted that recently, DHCS had notified CalOptima that the Medi-Cal Expansion rate cuts would not be as large as anticipated, and that DHCS has agreed to work with CalOptima on the requested glidepath for these rate reductions. Mr. Sanchez also informed the committee that CalOptima had recently been recognized by DHCS for meeting quality metrics set by the state, and that CalOptima was the only plan in California to meet all of the established metrics.

Committee members received a verbal update on DHCS's California Children Services Advisory Group (CCS AG) meeting and a presentation on the California Children Services (CCS) Aging Out Transition from Tracy Hitzeman, Executive Director, Clinical Operations. Kristin Gericke, Director, Pharmacy Management, provided the members with an update on the Medi-Cal Rx transition to Magellan Health Care, which is slated to be effective January 1, 2021.

The Committee also received a Chief Medical Officer update from David Ramirez, M.D., who provided a brief update on the activities of the Whole-Child Model Clinical Advisory Committee. Jackie Mark, Sr. Policy Advisor, Government and Legislative Affairs, provided a Federal and State Legislative update.

The WCM FAC appreciates and thanks the CalOptima Board for the opportunity to present input and updates on the WCM FAC's current activities.

Provider Advisory Committee (PAC) Update

On November 12, 2020, the Provider Advisory Committee (PAC) held its monthly meeting via teleconference using GoTo Meeting Webinar technology.

Richard Sanchez, Chief Executive Officer, provided a CEO report and notified the committee that Board Member Jackie Brodsky had resigned her seat due to family issues. Ms. Brodsky has served in the member/family member of a member seat on the Board Mr. Sanchez noted that the Orange County Health Care Agency was undertaking a special recruitment to fill her seat, and he asked the PAC to share the news to promote the recruitment.

Ladan Khamseh provided a Chief Operating Officer update after congratulating Richard Sanchez on his official appointment as CalOptima's CEO. She informed the PAC that approximately 1,000 members had been mailed information on their possible eligibility for the Qualified Medicare Beneficiary program to claim Part A Medicare benefits. She also provided an update on the current status of the Medi-Cal Rx program and noted that Magellan Health Care has begun sending the 90 and 60-day notices to members and that CalOptima is responsible for the final 30-day notice. Ms. Khamseh also notified the PAC about the Virtual Care Innovation Network grant funding that may be available to providers. She noted that CalOptima providers had been sent information on the Virtual Care Innovation Network.

David Ramirez, M.D., Chief Medical Officer, shared with the committee that CalOptima had received a quality award from the Department of Health Care Services (DHCS) for being the only Medi-Cal plan in the state to perform above percentile benchmark in all the quality measures for Reporting Year 2020. He thanked the providers for their assistance in achieving this honorable award. Dr. Ramirez provided a brief update on Medi-Cal Rx and noted that the All Plan Letter (APL) had been released and there were not significant changes. He also discussed the Orange County Coronavirus Taskforce and provided an update on the promising vaccine development results that were recently announced. He noted that the taskforce would be reviewing ways to promote the vaccine to CalOptima members and others in the community.

Elizabeth Lee, PACE Director, provided an informative update on PACE activities during COVID to the Committee. The Committee also received an update on the OneCare Connect Transition Planning from Ravina Hui, Director of Program Implementation, as well as a Federal and State Legislative update from Jackie Mark, Sr. Policy Advisor, Government Affairs.

Once again, the PAC appreciates and thanks the CalOptima Board for the opportunity to provide input and updates on the PAC's activities.

Member Advisory Committee Update

November 12, 2020

At the November 12, 2020 Special Member Advisory Committee (MAC) meeting, members voted to recommend appointment of Jacqueline Gonzalez to the MAC as the Recipients of CalWORKs Representative.

Richard Sanchez, Chief Executive Officer, reported on COVID-19. He also noted that Board Member Jackie Brodsky, who represented Members, had resigned her seat on the Board due to family reasons. He noted that the Orange County Health Care Agency would coordinate the recruitment effort to fill this Board seat, and asked the MAC to help recruit for this opening by sharing this information with their constituents.

Ladan Khamseh, Chief Operating Officer, reported on the Qualified Medicare Beneficiary outreach that began earlier in November. She noted that over 1,000 CalOptima members were sent letters notifying them that they may qualify for Medicare Part A benefits. The letters contain information on how to apply for this benefit. Ms. Khamseh also provided a brief update on the Medi-Cal Rx transition.

David Ramirez, M.D., Chief Medical Officer, shared with the committee that CalOptima had received a quality award from the Department of Health Care Services (DHCS) for being the only Medi-Cal plan in the state to perform above percentile benchmark in all the quality measures for Reporting Year 2020. He also referenced the Orange County Coronavirus Taskforce and provided an update on the promising vaccine development results that have been recently announced. He also noted that the taskforce would be reviewing ways to promote the vaccine to CalOptima members and would provide updates to the committee as they become available. Dr. Ramirez also provided an update on Telehealth and E-Consults and noted that Telehealth was undergoing an RFP process and that staff would provide updates in the near future on this item.

MAC members also received information on the OneCare Connect Transition Planning from Ravina Hui, Director, Program Implementation. In addition, Jackie Mark, Sr. Policy Advisor, Government Affairs, provided the MAC with a Federal and State Legislative update.

Once again, the MAC appreciates and thanks the CalOptima Board for the opportunity to provide input and updates on the MAC's current activities.
