CEO AND MANAGEMENT REPORTS

Chief Executive Officer Report

Michael Hunn, Chief Executive Officer, thanked the PAC for their service to CalOptima by serving on the PAC. Ms. Hunn also discussed CalOptima's receipt of \$83 million over two a two year period to assist with homelessness street medicine. These funds would also be used to assist those homeless members navigate into housing. Mr. Hunn also discussed CalOptima's request of the Board to submit a request to the Board of Supervisors to change to the CalOptima Ordinance in order participate in the California Exchange and noted that the Board had approved this request at their June 2, 2022 meeting. He noted that a change to the Ordinance would allow for continuity of care for those members who risk losing coverage at the end of the pandemic emergency by allowing them to continue with CalOptima under Cover California.

Chief Operating Officer Report

Yunkyung Kim, Chief Operating Officer, discussed how on May 1, 2022 adults 50 years and over regardless of their immigration status were now eligible for full scope Medi-Cal. This resulted in an additional 16K members for CalOptima. She noted that CalOptima continues to identify those who may be eligible for full scope Medi-Cal. Ms. Kim also provided a brief CalAIM update to the committee and noted that approximately 3000 members were now receiving CalAIM services that began on January 1, 2022.

INFORMATION ITEMS

Children's Mental Health Access Collaborative Project

Michael Arnot, Executive Director, Children's Cause Orange County presented on the Children's Mental Health Collaborative Project (CHMA Project) that began in December 2019 to assist with access coordination which provides full continuity of support to help intake and connect families to CalOptima children's mental health providers. The CHMA Project also assists with outreach to ethnic communities, universal mental health screenings in schools as well as other services necessary to assist children with mental health issues. He noted that while currently the CHMA Project is limited to CalOptima members they are also looking towards offering similar services to non-CalOptima members through all county agencies to help fill the gaps in improved access to children's mental health services.

Homeless Health Initiatives

Katie Balderas, Interim Director, Population Health Management provided the committee a brief overview of the homeless health initiatives and noted that she would be providing a more in-depth presentation at the joint meeting on June 9, 2022 to all of the committees.

CalFresh Update

Tiffany Kaaiakamanu, Manager, Community Relations and Angela Carrington, Supervisor, Orange County Social Services Agency presented on CalFresh and the comprehensive strategy developed to reach members, providers, staff and community stakeholders. Angela Carrington of Social Services presented on how eligible members could apply for CalFresh, office locations and the various CalFresh items that could be purchased.

MAC Member Updates

Chair Christine Tolbert reminded the members that the next meeting would be a joint meeting of all the committees on June 9, 2022 at 8:00 AM.

ADJOURNMENT

Chair Christine Tolbert hearing no further business, adjourned the meeting at 5:10 p.m.

CEO AND MANAGEMENT REPORTS

Chief Executive Officer Report

Michael Hunn, Chief Executive Officer, thanked all the committee members for their service to CalOptima and notified the committees that the CalOptima Board has approved the FY 2023 budget and noted that CalOptima received approval from the Board to move forward for the next three years with tactical priorities. Mr. Hunn also discussed the creation of a new strategic plan and that he would seek feedback from the committees as staff moved forward in the process.

Chief Medical Officer Report

Richard Pitts, D.O., Chief Medical Officer, provided a COVID-19 update and noted that COVID was surging again with new variants and that hospitalizations had been increasing in Orange County. Dr. Pitts also discussed a syphilis epidemic in Orange County that that is affecting both men, women and babies. Dr. Pitts noted that it is still easily treated with Penicillin. Dr. Pitts also shared an article with the committees on this topic.

INFORMATION ITEMS

Homeless Health Initiative

Katie Balderas, Interim Director, Population Health Management presented on the Homeless Health Initiatives being undertaken by CalOptima. Ms. Balderas reviewed how working with the Clinical Field Teams they are reaching out to the most vulnerable unhoused residents of Orange County. Ms. Balderas will keep the committees updated in upcoming months.

CalAIM Update

Kelly Bruno-Nelson, Executive Director, Program Implementation, and Michael Herman, Sr. Director, Operations, presented on CalAIM and reviewed the upcoming July 1, 2022 addition to the CalAIM program which adds Community Supports services. Community Supports includes short-term post-hospitalization housing and day habilitation programs, personal care and homemaker services which includes meals/medically tailored meals and sobering centers.

Medi-Cal Rx

Kristin Gericke, Pharm.D, Director, Clinical Pharmacy, provided an update on the transition of Medi-Cal Rx to Magellan that went into effect on January 1, 2022. Dr. Gericke reviewed the last five months of Medi-Cal Rx. She noted that as part of the implementation the Department of Health Care Services (DHCS) had a transition period that would allow members to continue on a medication that otherwise would require a prior authorization that was supposed to end on June 30, 2022. The DHCS however has extended that transition period and while they do not have a firm end date, it is anticipated that the transition period will end around January 2023. This would allow providers to be prepared to submit prescriptions for those medications that would need a prior authorization within a 90-day period. Dr. Gericke agreed to keep the committees updated on this on-going process.

Population Needs Assessment

Katie Balderas, Interim Director, Population Health Management provided an update on CalOptima's Population Needs Assessment (PNA) which summarized the results of the annual assessment on a variety of data including: CalOptima Tableau Dashboard and Core Reports, California Department of Health Care Services (DHCS) Health Disparities data set, Consumer Assessment of Healthcare Providers and Systems Survey (CAHPS) data, Healthcare Effectiveness Data and Information Set (HEDIS), Managed Care Accountability Sets (MCAS) and various Orange County data sets. Through this analysis, the intent of CalOptima's PNA is to

consider the characteristics and needs of the agency's member population and relevant subpopulations.

CalOptima's Population Needs Assessment (PNA) summarizes the results of an annual assessment on a variety of data including: CalOptima Tableau Dashboard and Core Reports, California Department of Health Care Services (DHCS) Health Disparities data set, Consumer Assessment of Healthcare Providers and Systems Survey (CAHPS) data, Healthcare Effectiveness Data and Information Set (HEDIS), Managed Care Accountability Sets (MCAS) and various Orange County data sets. Through this analysis, the intent of CalOptima's PNA is to consider the characteristics and needs of the agency's member population and relevant subpopulations. Ms. Balderas noted that at least annually, CalOptima uses data to plan and adjust PHM activities based on member needs and that resources were also regularly assessed which included the readjustment of staffing, self-management health tools, and community resources and partnerships and how they would play into the fulfillment of planned activities.

COMMITTEE MEMBER UPDATES

MAC Chair Christine Tolbert reminded the MAC members that the next meeting was scheduled for August 11, 2022 at 8:00 AM and this would begin the new joint meeting format with the PAC. Ms. Tolbert also notified the MAC that the Board had deferred the MAC appointments to their August 4, 2022 meeting.

Chair Tolbert on behalf of the OCC MAC Chair, notified the OCC MAC members that their next meeting was scheduled for August 25, 2022 at 3:00 PM.

PAC Chair Dr. Junie Lazo-Pearson announced that the next PAC meeting was scheduled for August 11 at 8:00 AM. She also notified the PAC members that the Board had approved the appointments as recommended by the PAC at the May meeting. She thanked Dr. Batra, Dr. Birdsall, Donald Bruhns and Dr. Tran for their service on the PAC over the last few years. She also notified the PAC that Dr. Nishimoto would continue on the PAC as the Allied Health Representative.

Chair Kristen Rogers announced that the next WCM FAC meeting would be held on September 20, 2022 at 9:30 AM. She also notified the members that the Board had appointed new family members and community members to the committee.

The committee chairs for MAC, PAC and WCM FAC each notified their individual committees that nominations would open for the Chair and Vice Chair seats on July 1, 2022 and interested candidates from each committee should send a letter of interest to Cheryl Simmons, Staff to the Advisory Committees.

MEMORANDUM

DATE: July 28, 2022

TO: CalOptima Board of Directors

FROM: Michael Hunn, Chief Executive Officer

SUBJECT: CEO Report — August 4, 2022, Board of Directors Meeting

COPY: Sharon Dwiers, Clerk of the Board; Member Advisory Committee; Provider Advisory Committee; OneCare Connect Member Advisory Committee; and Whole-Child Model Family Advisory Committee

a. New Deputy Chief Medical Officer Joins CalOptima

On July 25, Zeinab Dabbah, M.D., J.D., started as Deputy Chief Medical Officer. She is responsible for overseeing the health care delivery system, including development and implementation of strategies, programs, policies and procedures for all medical services. Dr. Dabbah has more than 27 years of experience as a primary care physician, medical group leader, managed care specialist and health plan executive. Most recently, she was Senior Medical Director for Blue Shield of California Promise Health Plan, which serves Medi-Cal beneficiaries. Prior to that, she held a variety of roles, including running a private practice as an internist, working as a consultant on medical and legal issues, and serving as a hospital attending physician. Dr. Dabbah earned her medical degree from Cairo University School of Medicine and completed her internal medicine residency at LAC+USC Medical Center. She also holds a Juris Doctor degree from Chapman University and is a Certified Health Insurance Executive.

b. Communication Efforts Focus on Benefits of Covered California Participation

The Orange County Board of Supervisors' second reading regarding CalOptima's proposal to offer a Covered California plan has been moved to August 23. In anticipation of this reading, CalOptima has engaged in targeted communications efforts. The proactive measures include providing a binder with extensive background information about the proposal to the Board of Supervisors and engaging media with a press release about the benefits of CalOptima offering a consumer health plan. Media outreach resulted in a Los Angeles Times/TimesOC [article](#) on July 20, with more coverage by other outlets expected in the coming weeks.

c. Public Health Emergency (PHE) Extended

On July 15, the COVID-19 public health emergency (PHE) was extended for an additional 90 days through October 13, 2022. It is not yet known if the PHE will be allowed to expire at that time or if it will be renewed once more. However, officials previously committed to providing states with a 60-day notice before terminating the PHE, so CalOptima will know if it is being extended again by September 13.

d. AB 2724 Signed Into Law

On June 30, Gov. Gavin Newsom signed into law Assembly Bill (AB) 2724, which authorizes the California Department of Health Care Services (DHCS) to enter into a direct, statewide Medi-Cal contract with Kaiser Permanente. Both CalOptima and the County of Orange had adopted positions of *Oppose Unless Amended* to prohibit the contract in counties with a County Organized Health System (COHS). The final bill did not include the requested amendment. Staff

is currently considering next steps, including any potential advocacy opportunities at the federal level.

e. Impacting CalOptima Board Governance, AB 498 Passed by Senate Committees

The Senate Health Committee and Senate Governance and Finance Committee have passed AB 498, the proposed legislation introduced by Assemblymember Sharon Quirk-Silva that places new restrictions on the CalOptima Board of Directors. AB 498 will be considered next by the Senate Appropriations Committee in early August after the Legislature reconvenes from recess. While some of CalOptima's requested amendments have been adopted, staff is working with Assemblymember Quirk-Silva's office to secure additional changes. Concurrently, CalOptima is meeting with other members of Orange County's state legislative delegation who have signed on as co-authors of AB 498.

f. Joint Legislative Audit Committee Approves Audit of CalOptima

In addition to authoring AB 498, Assemblymember Sharon Quirk-Silva submitted a request to the Joint Legislative Audit Committee (JLAC) to conduct a programmatic audit of CalOptima, including an examination of the budget, reserves, homeless services, timely access standards, executive changes, salaries and hiring practices. After meeting with JLAC staff, CalOptima submitted written responses to the questions in Assemblywoman Quirk-Silva's audit request. JLAC formally considered and approved the audit request at a hearing on June 27, after CalOptima was unable to provide verbal testimony since the item was placed on the consent calendar. CalOptima received the official audit notice from the California State Auditor on July 15. While a start date has not yet been set, the audit may last several months. The audit scope is publicly posted [here](#).

g. Fiscal Year (FY) 2023 State Budget Finalized

Gov. Gavin Newsom signed into law the final Enacted State Budget for FY 2022–23 and related trailer bills. Effective July 1, the enacted budget appropriates a total of just over \$300 billion, an increase of \$37.4 billion compared with the FY 2021–22 enacted budget. Specifically, the budget includes \$135.5 billion in Medi-Cal spending, an 11.2% increase from the current FY. Based on a record-high budget surplus, the budget allocates 93% toward one-time spending initiatives and \$37.2 billion for reserves. Several major components that may impact CalOptima include:

- 24/7 mobile crisis intervention services as a new Medi-Cal benefit
- Additional provider funding, including new equity payments, elimination of most AB 97 rate cuts, continuation of most Proposition 56 programs and new incentive payments for skilled nursing facilities that meet quality benchmarks
- Alternative payment model for Federally Qualified Health Centers
- Continuous Medi-Cal eligibility for children up to 5 years of age
- Elimination of Medi-Cal premiums for higher-income pregnant women, children and disabled working adults
- Ensuring continuity of Medi-Cal coverage during redeterminations, including funding for additional county workloads, health enrollment navigators and outreach campaigns to collect updated member contact information
- Full-scope Medi-Cal for all income-eligible individuals ages 26–49, regardless of immigration status, no later than January 1, 2024
- Increased funding for reproductive health, children's behavioral health and homelessness, including Community Assistance, Recovery and Empowerment (CARE) Court

- Permanent Medi-Cal telehealth policy that allows for both audio-video and audio-only telehealth encounters to be reimbursed at the same rate as in-person visits
- Retention payments of up to \$1,500 each for hospital and skilled nursing facility workers

h. CalFresh Awareness Campaign Continues Momentum

CalOptima's CalFresh awareness campaign continues to have success in reaching members who may need food support. As of May, 21,438 members have joined CalFresh from the pool of more than 344,000 originally identified as potentially eligible but not enrolled. At the four CalFresh Enrollment Event and Resource Fairs in May and June, 7,000 community members attended. The County of Orange Social Services Agency (SSA) and representatives from community-based organizations were on site to process enrollments. CalOptima's advertising efforts continue with large bus wraps on 36 OCTA buses with routes in cities with the highest percentage of residents eligible for CalFresh. To date, Customer Service has received a total of 9,679 calls about CalFresh, with 2,831 members opting for a warm-line transfer to SSA. Further, more than 67,500 members have received text messages with a link to enrollment information.

i. Medi-Cal Pilot Program With Justice-Involved Members Set to Launch

CalOptima is co-designing and participating in a pilot with the Orange County Health Care Agency's Correctional Health Services Jail to Community Re-entry Program team. The pilot will focus on CalOptima's justice-involved members who are homeless and on medication assisted treatment (MAT) for a substance use disorder during their incarceration. The main goal will be to integrate and coordinate services to decrease barriers to care, including continuing MAT medications, behavioral health and substance use treatments, as well as addressing physical health needs, housing navigation and social determinants of health. CalOptima's Homeless Response Team will be participating in this pilot set to launch in the third quarter this year.

j. Chief Medical Officer Sends Letter to Providers Aimed at Rebuilding Relationships

Rebuilding productive relationships with CalOptima's provider community is a top priority. In just a few months, Chief Medical Officer Dr. Richard Pitts and his team have been able to make many positive changes to strengthen these partnerships. To communicate the achievements, he sent an open letter to set a new tone and reinforce CalOptima's commitment to collaboration. The message was distributed to the Orange County Medical Association as well as CalOptima's contracted health networks, hospitals and providers.

k. Vaccination and Wellness Events Benefit School-Age Children

CalOptima's Population Health Management department is partnering with Orange County Federally Qualified Health Centers, community clinics, community-based organizations and school districts to provide a series of public health and wellness events for school-age children. The July and August events offer immunizations and other health resources to CalOptima Medi-Cal members ages 5–15 years old. A separate private event will be held July 30 for children in families that are unhoused or living in hotels or shelters.

l. Percentage of Members Vaccinated Against COVID-19 Steadily Increases

As of July 18, 537,322 CalOptima members have now been vaccinated for COVID-19. This represents 70% of all members age 16+ and 58.7% of all members age 6 months and older. CalOptima has 62,835 members in the age category of 6 months to 4 years, which is the group most recently made eligible for vaccines.

m. CalOptima Earns Significant Local, National Media Coverage

Background

On January 10, 2022, Gov. Gavin Newsom released the Fiscal Year (FY) 2022–23 Proposed State Budget with total spending at \$286.4 billion, including \$213.1 billion General Fund (GF). The proposed budget also estimated a \$45.7 billion surplus and proposed \$34.6 billion in budget reserves, which could be attributed to federal COVID-19 stimulus funding and higher than expected tax receipts.

On May 13, 2022, Gov. Newsom released the FY 2022–23 Revised Budget Proposal (May Revise) at a total of \$300.7 billion, including \$227.4 billion in GF spending, representing an increase of \$14.3 billion compared to the January Proposed Budget due to further revenue growth. The May Revise included an even larger \$49.2 billion discretionary surplus and \$37.1 billion in budget reserves.

To meet the constitutionally obligated deadline to pass a balanced budget, on June 14, 2022, the Senate and Assembly passed Senate Bill (SB) 154, the Budget Act of 2022, a preliminary state budget representing the Legislature’s counterproposal to the May Revise. The Legislature’s Budget included a spending plan of \$300 billion, including \$235.5 billion GF.

Following negotiations with the Legislature, Gov. Newsom signed into law the preliminary state budget (SB 154) on June 27 and the final budget revisions (Assembly Bill [AB] 178) on June 30. On the same day, he signed the consolidated Health Trailer Bill (SB 184) and the Skilled Nursing Facility (SNF) Financing Reform Trailer Bill (AB 186) containing the statutory policy changes needed to implement health-related budget expenditures. Together, these bills represent the Enacted Budget for FY 2022–23, effective July 1, 2022.

Overview

In summary, the enacted budget appropriates a total of just over \$300 billion, of which \$234.4 billion is from the GF. This represents an increase of \$37.4 billion compared with the FY 2021–22 enacted budget. Specifically, the budget includes \$135.5 billion (\$36.6 billion GF) in Medi-Cal spending, an 11.2% increase from the current FY, with an assumption that Medi-Cal caseload will increase by 0.6% to 14.5 million beneficiaries as redeterminations resume this FY following termination of the COVID-19 public health emergency (PHE). Based on a record-high budget surplus, the budget allocates 93% towards one-time spending initiatives and \$37.2 billion for reserves. Major components included in the enacted budget that may impact CalOptima are discussed below.

Behavioral Health

The Enacted Budget includes significant investments in behavioral health, particularly for children and youth. As expected, there is ongoing funding towards implementing the Children and Youth Behavioral Health Initiative (CYBHI), including the following components in FY 2022–23:

- Dyadic services as a new Medi-Cal benefit, as discussed later
- Evidence-based behavioral health practices
- School behavioral health partnerships and capacity
- Statewide behavioral health services platform and related e-consult service and provider training

While some CYBHI initiatives are directly managed by DHCS, CalOptima's Behavioral Health Integration department may still be involved in guiding certain programs or coordinating member access.

In addition, the budget includes an extra \$290 million in one-time funding over three years to address urgent needs and emergent issues in children's behavioral health through the following initiatives:

- Wellness and mindfulness programs
- Parent training and education
- Digital supports for remote assessment and intervention
- School-based crisis response pilots to prevent youth suicide
- Peer-to-peer support programs

A total of \$8 million in one-time finding is also allocated for National Suicide Prevention Lifeline crisis centers to prepare for the implementation of the 9-8-8 calling code on July 16, 2022.

Finally, to address the immediate housing and treatment needs of those with serious behavioral health conditions, the budget also includes \$1.5 billion over two years to purchase and install tiny homes for immediate behavioral health bridge housing.

California Advancing and Innovating Medi-Cal (CalAIM)

The Enacted Budget includes \$3.1 billion (\$1.2 billion GF) in FY 2022–23 to implement CalAIM. CalAIM initiatives being implemented in FY 2022–23 continue to include:

- Discontinuation of the Cal MediConnect pilot program and transition to exclusively aligned Dual Eligible Special Needs Plans (D-SNPs)
- Population Health Management (PHM) program
- Pre-release Medi-Cal eligibility screenings and 90+ days of targeted in-reach services
- Providing Access and Transforming Health (PATH) initiative

Updates include the identification of additional aid codes that will transition from Medi-Cal fee-for-service (FFS) to managed care starting January 1, 2023, expanding in-reach services for justice-involved individuals to include full-scope Medi-Cal pharmacy benefits and delaying the launch of statewide PHM service from January 1, 2023, until July 1, 2023.

In addition to \$1.8 billion of previously allocated PATH funding, the budget provides an additional \$50 million (\$16 million GF) for counties and correctional entities to support capacity building, technical assistance, collaboration and planning. While plans are not eligible for this funding, CalOptima is expected to coordinate PATH and CalAIM Incentive Payment Program investments with the County of Orange.

COVID-19

As the COVID-19 pandemic enters its endemic phase, the budget allocates \$1.9 billion to ensure ongoing pandemic response and preparedness for potential future surges of additional COVID-19 variants. This includes investments towards vaccinations (including boosters), rapid and school-based testing, enhanced surveillance, test to treat therapeutics and medical surge staffing.

In addition, with the PHE expected to terminate in the coming months, the budget includes funding to ensure continuity of Medi-Cal coverage as eligibility redeterminations resume. Funding supports additional county workloads, Health Enrollment Navigators expansion and media and outreach campaigns to collect updated member contact information. CalOptima is separately executing its own member communication strategies.

Finally, the budget permanently extends certain COVID-19 flexibilities that have proven to be beneficial to Medi-Cal beneficiaries regardless of the existence of a pandemic. These include the following, though additional flexibilities may be identified at a later date:

- Separate payments to Federally Qualified Health Centers (FQHCs) for COVID-19 vaccinations
- 10% rate increase for Intermediate Care Facilities for Developmentally Disabled (ICF-DD)
- Medicare reimbursement rates for the COVID-19 vaccine, COVID-19 lab services and oxygen and respiratory durable medical equipment
- Presumptive Medi-Cal eligibility for older adults and individuals with disabilities

Housing and Homelessness

Building off a \$12 billion multiyear investment to address homelessness as part of last year's enacted budget, this year's budget includes an additional \$2 billion multiyear affordable housing package, including investments in the Multifamily Housing Program, Housing Accelerator Program, Farmworker Housing Program, Accessory Dwelling Unit financing and Veterans Housing and Homelessness Prevention Program. The budget also includes \$700 million over two years for local jurisdictions to address encampments through short- and long-term rehousing strategies.

Contingent on passage of implementing legislation (SB 1338), the budget sets aside funding for the governor's proposed Community Assistance, Recovery, and Empowerment (CARE) Court. CARE Court would facilitate delivery of mental health and substance use disorder services to individuals with schizophrenia spectrum or other psychotic disorders who lack medical decision-making capabilities. The program would connect a person in crisis with a court-ordered care plan for up to 24 months as a diversion from homelessness, incarceration or conservatorship. Care plans could include court-ordered stabilization medications, wellness and recovery supports, and connection to social services and a housing plan. It is not yet known how Medi-Cal managed care plans (MCPs) may be involved in the delivery or coordination of care to their members.

Inflation Relief

In an effort to provide direct relief for rising costs due to inflation, the budget includes a \$17 billion relief package, which includes the following elements:

- \$1.3 billion for retention payments of up to \$1,500 each for hospital and SNF workers
- Permanent extension of the State Premium Subsidy Program to provide financial assistance for individuals purchasing health care coverage through Covered California

These are expected to result in direct positive impacts to CalOptima's health networks and providers as well as members who churn on and off of Medi-Cal eligibility.

Kaiser Medi-Cal Contract

As part of the budget packet, Gov. Newsom also signed into law AB 2724, which authorizes DHCS to enter into a direct, statewide contract with Kaiser Permanente to provide Medi-Cal services in any county, starting January 1, 2024. If the Centers for Medicare and Medicaid Services approves DHCS' waiver request, the contract is expected to result in significant negative impacts to

CalOptima and its members and providers as well as the broader safety net health system. CalOptima and the County of Orange adopted positions of Oppose Unless Amended to prohibit a direct contract in counties with County Organized Health Systems (COHS), but the final bill still applies to COHS counties.

Medi-Cal Benefits

The Enacted Budget includes additional funding for several new Medi-Cal benefits.

As referenced earlier, the budget funds the implementation of dyadic services, effective January 1, 2023. Similar to Parent-Child Interaction Therapy, currently managed by the Orange County Health Care Agency (HCA), dyadic care provides integrated physical and behavioral health screening and services to the whole family. The goal of providing dyadic care is to improve access to preventive and coordinated care for children, rates of immunization completion, social-emotional health services, developmentally appropriate parenting and maternal mental health.

In addition, 24/7 mobile crisis intervention services will become a Medi-Cal benefit implemented through county behavioral health systems as soon as January 1, 2023. It is expected that HCA may operate this benefit out of the Be Well OC campus. While not provided by MCPs, this new benefit may still require increased coordination and follow-up care by CalOptima and its contracted providers.

The budget also delays implementation of the doula benefit from July 1, 2022, until January 1, 2023, and provides funding to increase the maximum reimbursement rate from an average of \$450 to \$1,094 per birth for doula services. Lastly, effective July 1, 2022, annual cognitive health assessments become a Medi-Cal benefit for beneficiaries ages 65 years and older if they are ineligible under Medicare.

Medi-Cal Eligibility

Notably, the budget expands full-scope Medi-Cal benefits to income-eligible adults ages 26–49 regardless of immigration status no later than January 1, 2024. This will extend eligibility to include all ages following prior action to expand coverage for those under age 26 as of January 1, 2020, and those ages 50 and older as of May 1, 2022. Along with the latter expansion, this proposal could increase CalOptima's membership by approximately 75,000–80,000 individuals.

The budget also continues to include \$53 million (\$19 million GF) funding to eliminate Medi-Cal premiums for approximately 500,000 higher-income pregnant women,

children and disabled working adults covered under the Children's Health Insurance Program (CHIP), Medi-Cal Access Program (MCAP) and 250% Working Disabled Program.

Additionally, trailer bill language authorizes continuous Medi-Cal eligibility for children up to 5 years of age, beginning January 1, 2025, preventing disenrollment regardless of changes in family income. DHCS will also expand the Children's Presumptive Eligibility Program by allowing all Medi-Cal providers to enroll children under 19 years of age into Medi-Cal through the presumptive eligibility process.

No sooner than January 1, 2025, seniors and persons with disabilities who qualify for Medi-Cal under Medically Needy criteria will have reduced share of cost requirements by increasing the Medi-Cal Maintenance Need Income Level to match the income eligibility limit for Medi-Cal without a share of cost. As a result of CalAIM, these share of cost beneficiaries are currently covered under Medi-Cal FFS, as of January 1, 2022.

Provider Payments

The Enacted Budget includes \$700 million over five years for Equity and Practice Transformation Payments, which are one-time provider payments focused on advancing equity, reducing COVID-19-driven care gaps, supporting upstream interventions to address social determinants of health and improving quality in maternity, children's preventive and integrated behavioral health care. It is anticipated that some if not all of these payments will flow through Medi-Cal MCPs, though key details on implementation have not been shared.

A new Workforce and Quality Incentive Program will provide \$280 million in directed payments to SNFs that meet quality benchmarks or who have demonstrated substantial improvement. Medi-Cal MCPs will coordinate program implementation and issue payments. Other changes to SNF payments include:

- New reimbursement rate structure, beginning January 1, 2023
- Average 4% annual rate increase
- One-year extension of the temporary 10% rate increase effective during the COVID-19 PHE

The budget continues nearly all Proposition 56 supplemental payment programs, with several transferring to the GF to allow for ongoing funding regardless of fluctuations in Proposition 56 revenues. However, the Value Based Payment program still sunsetted on June 30, 2022, and the Behavioral Health

Integration program is still set to sunset on December 31, 2022. The budget made permanent the Medi-Cal Physician and Dentist Loan Repayment Program, also funded through Proposition 56, and provided additional funds from the GF for FY 2022–23.

The Enacted Budget also eliminates most remaining Great Recession-era ("AB 97") Medi-Cal rate cuts for 35 additional provider types and services, effective either July 1, 2022, or January 1, 2023.

Telehealth

To build off telehealth flexibilities adopted during the COVID-19 pandemic, the budget authorizes a permanent telehealth policy that allows Medi-Cal providers, including FQHCs, to be reimbursed for both video and audio-only telehealth encounters at the same rate as an in-person visit. Providers must still provide an option for in-person visits. However, a new Medi-Cal patient relationship may not be established via audio-only telehealth.

Miscellaneous

The Enacted Budget also includes the following provisions that may impact CalOptima:

- \$351.6 million over four years for workforce development, including:
 - » \$200 million for the behavioral health workforce
 - » \$76 million for the primary care, clinic and reproductive health workforce
 - » \$75.6 million for the public health workforce
- \$350 million over three years to recruit, train and certify 25,000 new community health workers by 2025, with specialized training to work with those who are justice-involved, unhoused, older adults or disabled
- \$200 million to improve access to reproductive health services
- \$101 million to expand medication-assisted treatment to help address the opioid crisis
- \$100 million for the CalRX Biosimilar Insulin Initiative to create public-private partnerships to increase generic insulin manufacturing and lower insulin costs
- \$50 million over two years for technical assistance grants and capacity development programs for small and under-resourced providers to improve data exchange capabilities
- Development of an Alternative Payment Model for FQHCs, optionally allowing them to transition from a volume-based to value-based reimbursement methodology, no sooner than January 1, 2024
- Reclassification of diabetic products, including continuous glucose monitors, as pharmacy benefits covered under Medi-Cal Rx, effective July 1, 2022

Next Steps

The Legislature will continue to advance budget trailer bills and policy bills through the legislative process. Bills with funding allocated in the Enacted Budget are likely to be passed and signed into law. The Legislature has until August 31 to pass legislation, and Gov. Newsom has until September 30 to either sign or veto that legislation. Additionally, state agencies will begin implementing the policies enacted through the budget. Staff will continue to monitor these policies and provide updates regarding issues that have a significant impact to CalOptima.

About CalOptima

CalOptima, a county organized health system (COHS), is the single plan providing guaranteed access to Medi-Cal for all eligible individuals in Orange County and is responsible for almost all medical acute services, including custodial long-term care. CalOptima is governed by a locally appointed Board of Directors, which represents the diverse interests that impact Medi-Cal.

Housing and Homeless Incentive Program (HHIP) Update

August 11th, 2022

Katie Balderas, Director, Population Health Management

Agenda

- Homeless Health Initiatives & CalAIM Background
- HHIP Overview
 - Target Population
 - Timeline
 - Deliverables
 - HHIP Measures
- Investment Plan
 - System Challenges
 - Investment Priorities
 - Community Input
- Next Steps

CalOptima's Homeless Health Efforts

○ CalOptima's Homeless Health Initiatives

- In 2019 CalOptima's Board of Directors allocated \$100m toward increasing access to healthcare and housing support services for unhoused individuals in Orange County. Programs include Clinical Field Teams, Homeless Clinic Access Program, Homeless Response Team & other efforts.

○ California Advancing and Innovating Medi-Cal (CalAIM)

- Enhanced Care Management (ECM): extra care coordination services to members with complex needs. Addresses clinical and non-clinical needs through intensive coordination of health and housing-related services.
- Community Supports for Housing-related Members:
 - Housing Transition Navigation
 - Housing Deposits
 - Housing Tenancy and Sustaining Services
 - Short-Term Post-Hospitalization Housing
 - Recuperative Care (Medical Respite)
 - Day Habilitation Programs

HHIP Overview

- **Housing & Homelessness Incentive Program (HHIP)** is a voluntary incentive program that will enable Medi-Cal managed care plans (MCPs) to earn incentive funds by addressing homelessness and housing insecurity as social determinants of health.
- MCPs are expected to work closely with all applicable local partners, including:
 - Continuums of Care (CoCs), counties, public health agencies, organizations that deliver housing services, county mental health plans (MHPs), and other community-based organizations.

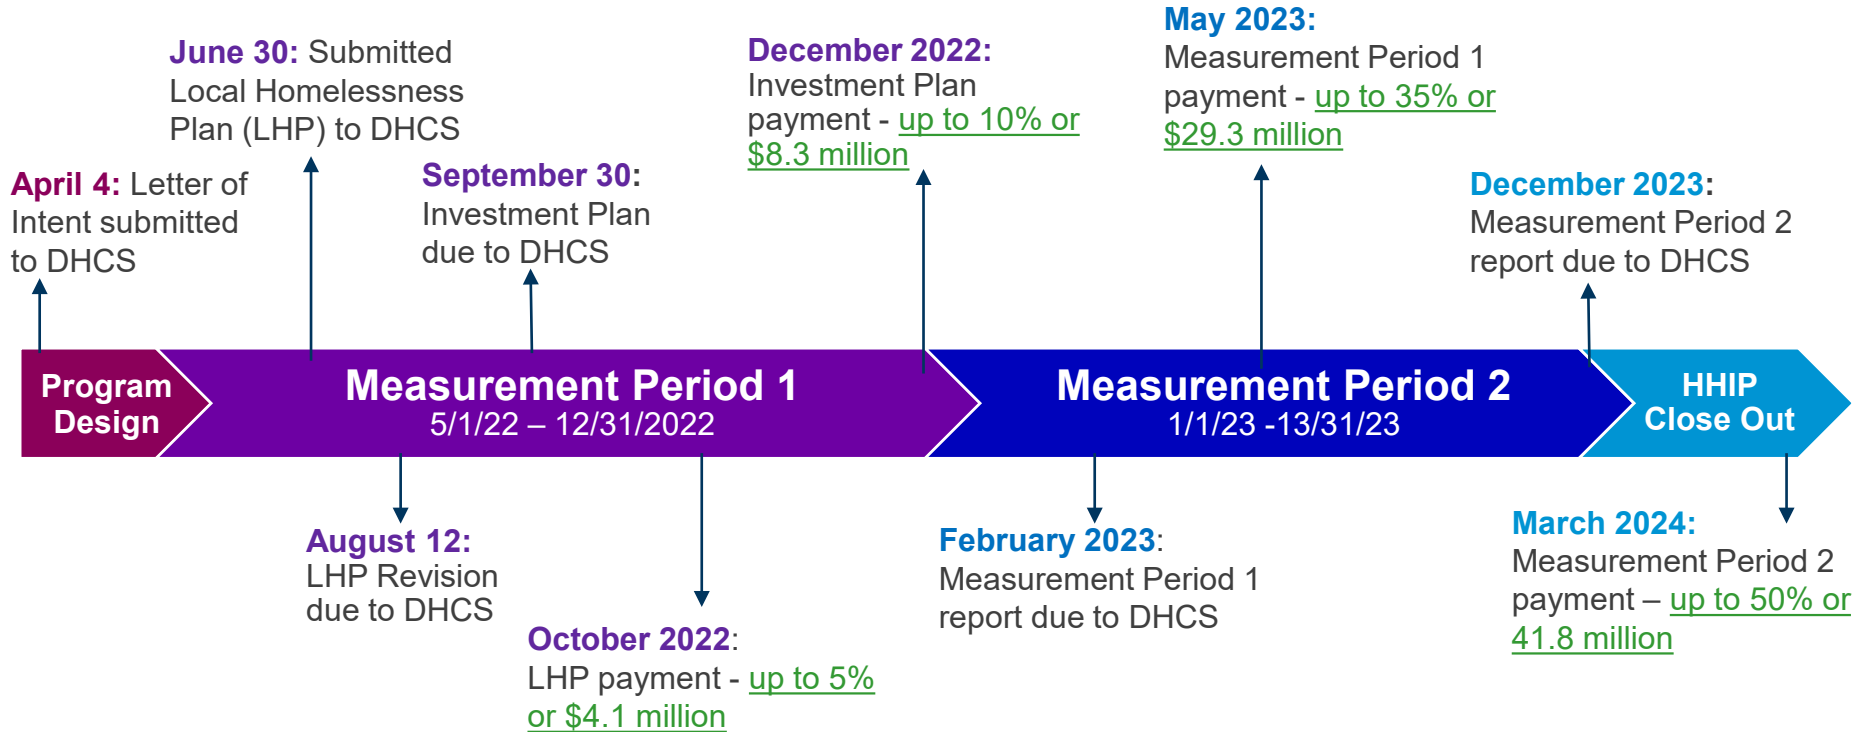

HHIP Basics

- MCPs are eligible to receive incentives as part of a one-time cash infusion from DHCS using ARPA funds
 - Orange County can receive up to **\$83,755,557**
 - Funds must be earned by March 2024
 - Funds can be spent after March 2024
- Intended to support delivery and coordination of health and housing services for Medi-Cal members by:
 - Rewarding MCPs for developing capacity and partnerships to connect members to needed housing services; and
 - Incentivizing MCPs to take an active role in reducing and preventing homelessness.

Target Population

- All Medi-Cal members at risk of, have recently been, or are currently experiencing homelessness, including:
 - An individual or family who lacks adequate nighttime residence;
 - An individual or family with a primary residence that is a public or private place not designed or ordinarily used for habitation;
 - An individual or family living in a shelter;
 - An individual exiting an institution into homelessness;
 - An individual or family who will imminently lose housing in next 30 days;
 - Unaccompanied youth and homeless families and children and defined as homeless under other federal statutes;
 - Individuals fleeing domestic violence.

HHIP Timeline

HHIP Priority Area 1

Priority 1: Partnerships and capacity to support referrals for services

1.1 Engagement with CoC, including, but not limited to: Attending CoC meetings, joining the CoC board, a subgroup or workgroup or attending a CoC webinar

1.2 Connection and integration with the local Coordinated Entry System *Priority Measure

1.3 Identifying and addressing barriers to providing medically appropriate and cost-effective housing-related Community Supports services or other housing-related services to MCP members who are experiencing homelessness

1.4 Partnerships with counties, COC, and/or organizations that deliver housing services (i.e., interim housing, rental assistance, supportive housing, outreach, prevention/diversion) with which the MCP has a data sharing agreement that allows for timely exchange of information and member matching *Priority Measure

1.5 Data sharing agreement with county MHPs and DMC-ODS (if applicable)

1.6 Partnerships and strategies the MCP will develop to address disparities and equity in service delivery, housing placements, and housing retention

1.7 Lessons learned from development and implementation of the Investment Plan (IP)

HHIP Priority Area 2

Priority 2: Infrastructure to coordinate and meet member housing needs

2.1 Connection with street medicine team providing healthcare for individuals who are homeless *Priority Measure

2.2 MCP connection with the local Homeless Management Information System (HMIS) *Priority Measure

2.3 MCP process for tracking and managing referrals for the housing-related Community Supports it is offering during the measurement period, which may include:

1. Housing Transition Navigation
2. Housing Deposits
3. Housing Tenancy and Sustaining Services
4. Recuperative Care
5. Short-Term Post-Hospitalization Housing
6. Day Habilitation Programs

HHIP Priority Area 3

Priority 3: Delivery of services and member engagement

3.1 Percent of MCP Members screened for homelessness/risk of homelessness

3.2 MCP Members who were discharged from an inpatient setting or have been to the emergency department for services two or more times in a 4-month period who were screened for homelessness or risk of homelessness

3.3 MCP members experiencing homelessness who were successfully engaged in ECM

3.4 MCP members experiencing homelessness receiving at least one housing-related Community Support, including:

1. Housing Transition Navigation
2. Housing Deposits
3. Housing Tenancy and Sustaining Services
4. Recuperative Care
5. Short-Term Post-Hospitalization Housing
6. Day Habilitation Programs

3.5 MCP Members who were successfully housed *Priority Measure

3.6 MCP Members who remained successfully housed *Priority Measure

System Challenges

- Lack of data integration/data sharing on the service continuum
- Program enrollment
 - Not all members are connected with CES and not all individuals in CES are CalOptima members or connected with healthcare
- Affordable housing inventory continues to be limited
- Resources for CBOs/providers are finite
 - Significant strategic investment is needed to build capacity
- Currently not enough capacity in the community to expand Community Supports and ECM to the necessary scale

Proposed Investment Plan

INITIAL INVESTMENTS PRIORITIES

Partnerships & capacity to support referrals for services	Infrastructure to coordinate & meet member housing needs	Delivery of services and member engagement
<ul style="list-style-type: none"> Discharge planning and healthcare navigation for unhoused individuals leaving inpatient care and ED settings CoC support - Annual PIT and lived experience advisory committee Connect and better integrate with HMIS 	<ul style="list-style-type: none"> Landlord incentives and marketing plan to increase housing access/availability Service hubs in each service planning area that would include connection housing providers, healthcare, ECM, Community Support and BH/SUD services 	<ul style="list-style-type: none"> Community grants to address homelessness among underrepresented populations (e.g., LGBTQ+, families, TAY) Street medicine to provide care when/where needed Member experience research and real-time feedback systems

POTENTIAL FUTURE INVESTMENTS

- Affordable housing and shelter project gap funding
- Flexible funding to reduce barriers to obtaining and maintaining permanent housing
- Recuperative Care/PACE center for unhoused seniors

CoC: Continuum of Care
 HMIS: Homeless Management Information System
 PIT: Point in time count
 PACE: Program of All-Inclusive Care for the Elderly

Community Input Questions

- What are the most critical needs, challenges and barriers for unhoused individuals in OC?
- What about for the healthcare, homeless services and housing providers that serve them?
- Of our proposed initial investment priorities, what do you feel is most important and relevant for OC?
- Of the future potential investment priorities, what do you feel is most important and relevant for OC?

Next Steps

- Submit updated LHP measures to DHCS – 8/12
- Continue to engage community partners, provide updates, and vet priorities at the following venues:
 - Commission to End Homelessness – 8/17
 - OC CoC Board – 8/24
 - CalOptima’s Board of Directors – 9/1
- Submit final Investment Plan to DHCS – 9/30
