NOTES

The 2026 CalOptima Health OneCare Complete food and produce benefit is part of a special supplemental program for the chronically ill. Not all members qualify. To use the food and produce benefit, OneCare Complete members must have one or more comorbid and medically complex chronic conditions that are life-threatening or significantly limit the overall health or function of the enrollee. Eligible conditions include, but are not limited to, cardiovascular disorder, diabetes mellitus, chronic heart failure, chronic lung disease or end-stage renal disease. Even if the member has a chronic condition, the member will not necessarily receive the food and produce benefit. Receiving the food and produce benefit depends on the member having a high risk of hospitalization or other adverse health outcomes and a need for intense care coordination. Transportation to the grocery store is not available to OneCare Complete members.

CalOptima Health OneCare (HMO D-SNP), a Medicare Medi-Cal Plan, is a Medicare Advantage organization with Medicare and Medi-Cal contracts. Enrollment in CalOptima Health OneCare depends on contract renewal. CalOptima Health OneCare complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability or sex.
