   - Current CalOptima members over the age of 21 who transitioned from CCS services.

2. Two (2) to four (4) of the seats shall represent the interests of children with CCS, including:
   - Community-based organizations (CBOs); or
   - Consumer advocates.

Rev. 11/2/2017

If nine or more qualified candidates initially apply for family representative seats, nine of the eleven committee seats will be filled with family representatives. Initially, and on an on-going basis, only in circumstances when there are insufficient applicants to fill all of the designated family representative seats with qualifying family representatives, up to two of the nine seats designated for family members may be filled with representatives of CBOs or consumer advocates.

It is anticipated that a representative from the CalOptima WCM-FAC may be invited to serve on a statewide stakeholder advisory group.

Section 3. Chair and Vice Chair. The Chair and Vice Chair for the WCM-FAC will be appointed by the Board annually from the appointed members. The Chair, or in the Chair's absence, the Vice Chair, shall preside over WCM-FAC meetings. The Chair and Vice Chair may each serve up to two consecutive terms in a particular WCM-FAC officer position, or until their successor is appointed by the Board.

Section 4. Committee Mission, Goals and Objectives. The WCM-FAC will develop, review annually, and make recommendations to the Board on any revisions to the committee's Mission or Goals and Objectives.

Section 5. Meetings. The WCM-FAC will meet at least quarterly. A yearly meeting schedule will be adopted at the second regularly scheduled meeting for the remainder of the fiscal year. Thereafter, a yearly meeting schedule will be adopted prior to the first regularly scheduled meeting of each year. All meetings must be conducted in accordance with CalOptima's Bylaws.

Attendance by the occupants of a simple majority of WCM-FAC seats shall constitute a quorum. A quorum must be present in order for any action to be taken by the WCM-FAC. Committee members are allowed excused absences from meetings. Notification of absence must be received by CalOptima staff prior to the scheduled WCM-FAC meeting.

Back to Agenda

The CalOptima Chief Executive Officer (CEO) shall prepare, or cause to be prepared, and post, or cause to be posted, an agenda for all WCM-FAC meetings. Agenda contents and posting procedures must be consistent with the requirements of the Ralph M. Brown Act (Government Code section 54950 *et seq.*).

WCM-FAC minutes will be taken at each meeting and filed with the Board.

Section 6. Reporting. The Chair is required to report verbally or in writing to the Board at least twice annually. The Chair will also report to the Board, as requested, on issues specified by the Board.

Section 7. Staffing. CalOptima will provide staff support to the WCM-FAC to assist and facilitate the operations of the committee.

Section 8. Ad Hoc Committees. Ad hoc committees may be established by the WCM-FAC Chair from time to time to formulate recommendations to the full WCM-FAC on specific issues. The scope and purpose of each such ad hoc will be defined by the Chair and disclosed at WCM-FAC meetings. Each ad hoc committee will terminate when the specific task for which it was created is complete. An ad hoc committee must include fewer than a majority of the voting committee members.

Section 9. Stipend. Subject to DHCS approval, family representatives participating on the WCM-FAC are eligible to receive a stipend for their attendance at regularly scheduled and ad hoc WCM-FAC meetings. Only one stipend is available per qualifying WCM-FAC member per regularly scheduled meeting. WCM-FAC members representing community-based organizations and consumer advocates are not eligible for WCM-FAC stipends.

APPROVED AND ADOPTED by the Board of Directors of the Orange County Health Authority, d.b.a., CalOptima this 2nd day of November, 2017.

Policy #:	AA.1271PP
Title:	**Whole Child Model Family Advisory Committee**
Department:	General Administration
Section:	Not Applicable
CEO Approval:	Michael Schrader
Effective Date:	06/07/18
Last Review Date:	Not Applicable
Last Revised Date:	Not Applicable

I. PURPOSE

This policy describes the composition and role of the Family Advisory Committee for Whole Child Model (WCM) and establishes a process for recruiting, evaluating, and selecting prospective candidates to the Whole Child Model Family Advisory Committee (WCM FAC).

II. POLICY

A. As directed by CalOptima's Board of Directors (Board), the WCM FAC shall report to the CalOptima Board and shall provide advice and recommendations to the CalOptima Board and CalOptima staff in regards to California Children's Services (CCS) provided by CalOptima Medi-Cal's implementation of the WCM.

B. CalOptima's Board encourages Member and community involvement in CalOptima programs.

C. WCM FAC members shall recuse themselves from voting or from decisions where a conflict of interest may exist and shall abide by CalOptima's conflict of interest code and, in accordance with CalOptima Policy AA.1204: Gifts, Honoraria, and Travel Payments.

D. CalOptima shall provide timely reporting of information pertaining to the WCM FAC as requested by the Department of Health Care Services (DHCS).

E. The composition of the WCM FAC shall reflect the cultural diversity and special needs of the health care consumers within the Whole-Child Model population. WCM FAC members shall have direct or indirect contact with CalOptima Members.

F. In accordance with CalOptima Board Resolution No. 17-1102-01, the WCM FAC shall be comprised of eleven (11) voting members representing CCS family members, as well as consumer advocates representing CCS families. Except as noted below, each voting member shall serve a two (2) year term with no limits on the number of terms a representative may serve. The initial appointments of WCM FAC members will be divided between one (1) and two (2)-year terms to stagger reappointments. In the first year, five (5) committee member seats shall be appointed for a one (1)-year term and six (6) committee member seats shall be appointed for a two (2)-year term. The WCM FAC members serving a one (1) year term in the first year shall, if reappointed, serve two (2) year terms thereafter.

DRAFT

1. Seven (7) to nine (9) of the seats shall be family representatives in one (1) of the following categories, with a priority to family representatives (i.e., if qualifying family representative candidates are available, all nine (9) seats will be filled by family representatives):

    a. Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima Member who is a current recipient of CCS services;

    b. CalOptima Members eighteen (18)-twenty-one (21) years of age who are current recipients of CCS services; or

    c. Current CalOptima members over the age of twenty-one (21) who transitioned from CCS services.

2. Two (2) to four (4) of the seats shall represent the interests of children receiving CCS services, including:

    a. Community-based organizations; or

    b. Consumer advocates.

3. While two (2) of the WCM FAC's eleven (11) seats are designated for community-based organizations or consumer advocates, an additional two (2) WCM FAC candidates representing these groups may be considered for these seats in the event that there are not sufficient family representative candidates to fill the family member seats.

4. Interpretive services shall be provided at committee meetings upon request from a WCM FAC member or family member representative.

5. A family representative, in accordance with Section II.G.1 of this Policy, may be invited to serve on a statewide stakeholder advisory group.

G. Stipends

1. Subject to approval by the CalOptima Board, CalOptima may provide a reasonable per diem payment to a member or family representative serving on the WCM FAC. CalOptima shall maintain a log of each payment provided to the member or family representative, including type and value, and shall provide such log to DHCS upon request.

    a. Representatives of community-based organizations and consumer advocates are not eligible for stipends.

H. The WCM FAC shall conduct a nomination process to recruit potential candidates for expiring seats, in accordance with this Policy.

I. WCM FAC Vacancies

1. If a seat is vacated within two (2) months from the start of the nomination process, the vacated seat shall be filled during the annual recruitment and nomination process.

DRAFT

2. If a seat is vacated after the annual nomination process is complete, the WCM FAC nomination ad hoc subcommittee shall review the applicants from the recent recruitment to see if there is a viable candidate.

    a. If there is no viable candidate among the applicants, CalOptima shall conduct recruitment, per section III.B.2.

3. A new WCM FAC member appointed to fill a mid-term vacancy, shall serve the remainder of the resigning member's term, which may be less than a full two (2) year term.

J. On an annual basis, WCM FAC shall select a chair and vice chair from its membership to coincide with the annual recruitment and nomination process. Candidate recruitment and selection of the chair and vice chair shall be conducted in accordance with Sections III.B-D of this Policy.

1. The WCM FAC chair and vice chair may serve two (2) consecutive one (1) year terms.

2. The WCM FAC chair and/or vice chair may be removed by a majority vote of CalOptima's Board.

K. The WCM FAC chair, or vice chair, shall ask for three (3) to four (4) members from the WCM FAC to serve on a nomination ad hoc subcommittee. WCM FAC members who are being considered for reappointment cannot participate in the nomination ad hoc subcommittee.

1. The WCM FAC nomination ad hoc subcommittee shall:

    a. Review, evaluate and select a prospective chair, vice chair and a candidate for each of the open seats, in accordance with Section III.C-D of this Policy; and

    b. Forward the prospective chair, vice chair, and slate of candidate(s) to the WCM FAC for review and approval.

2. Following approval from the WCM FAC, the recommended chair, vice chair, and slate of candidate(s) shall be forwarded to CalOptima's Board for review and approval.

L. CalOptima's Board shall approve all appointments, reappointments, and chair and vice chair appointments to the WCM FAC.

M. Upon appointment to WCM FAC and annually thereafter, WCM FAC members shall be required to complete all mandatory annual Compliance Training by the given deadline to maintain eligibility standing on the WCM FAC.

N. WCM FAC members shall attend all regularly scheduled meetings, unless they have an excused absence. An absence shall be considered excused if a WCM FAC member provides notification of an absence to CalOptima staff prior to the meeting. CalOptima staff shall maintain an attendance log of the WCM FAC members' attendance at WCM FAC meetings. As the attendance log is a public record, any request from a member of the public, the WCM FAC chair, the vice chair, the Chief Executive Officer, or the CalOptima Board, CalOptima staff shall provide a copy of the attendance log to the requester. In addition, the WCM FAC chair, or vice chair, shall contact any committee member who has three (3) consecutive unexcused absences.

DRAFT

1. WCM FAC members' attendance shall be considered as a criterion upon reapplication.

III. PROCEDURE

A. WCM FAC meeting frequency

1. WCM FAC shall meet at least quarterly.

2. WCM FAC shall adopt a yearly meeting schedule at the first regularly scheduled meeting in or after January of each year.

3. Attendance by a simple majority of appointed members shall constitute a quorum, and a quorum must be present for any votes to be valid.

B. WCM FAC recruitment process

1. CalOptima shall begin recruitment of potential candidates in March of each year. In the recruitment of potential candidates, the ethnic and cultural diversity and special needs of children and/or families of children in CCS which are or are expected to transition to CalOptima's Whole-Child Model population shall be considered. Nominations and input from interest groups and agencies shall be given due consideration.

2. CalOptima shall recruit for potential candidates using one or more notification methods, which may include, but are not limited to, the following:

   a. Outreach to family representatives and community advocates that represent children receiving CCS;

   b. Placement of vacancy notices on the CalOptima website; and/or

   c. Advertisement of vacancies in local newspapers in Threshold Languages.

3. Prospective candidates must submit a WCM Family Advisory Committee application, including resume and signed consent forms. Candidates shall be notified at the time of recruitment regarding the deadline to submit their application to CalOptima.

4. Except for the initial recruitment, the WCM FAC chair or vice chair shall inquire of its membership whether there are interested candidates who wish to be considered as a chair or vice chair for the upcoming fiscal year.

   a. CalOptima shall inquire at the first WCM FAC meeting whether there are interested candidates who wish to be considered as a chair for the first year.

C. WCM FAC nomination evaluation process

1. The WCM FAC chair or vice chair shall request three (3) to four (4) members, who are not being considered for reappointment, to serve on the nominations ad hoc subcommittee. For the first nomination process, Member Advisory Committee (MAC) members shall serve on the nominations ad hoc subcommittee to review candidates for WCM FAC.

DRAFT

a. At the discretion of the nomination ad hoc subcommittee, a subject matter expert (SME), may be included on the subcommittee to provide consultation and advice.

2. Prior to WCM FAC nomination ad hoc subcommittee meeting (including the initial WCM FAC nomination ad hoc subcommittee).

a. Ad hoc subcommittee members shall individually evaluate and score the application for each of the prospective candidates using the applicant evaluation tool.

b. Ad hoc subcommittee members shall individually evaluate and select a chair and vice chair from among the interested candidates.

c. At the discretion of the ad hoc subcommittee, subcommittee members may contact a prospective candidate's references for additional information and background validation.

3. The ad hoc subcommittee shall convene to discuss and select a chair, vice chair and a candidate for each of the expiring seats by using the findings from the applicant evaluation tool, the attendance record if relevant and the prospective candidate's references.

D. WCM FAC selection and approval process for prospective chair, vice chair, and WCM FAC candidates:

1. The nomination ad hoc subcommittee shall forward its recommendation for a chair, vice chair, and a slate of candidates to WCM FAC (or in the first year, the MAC) for review and approval. Following WCM FAC's approval (or in the first year, the MAC), the proposed chair, vice chair and slate of candidates shall be submitted to CalOptima's Board for approval.

2. The WCM FAC members' terms shall be effective upon approval by the CalOptima Board.

a. In the case of a selected candidate filling a seat that was vacated mid-term, the new candidate shall attend the immediately following WCM FAC meeting.

3. WCM FAC members shall attend a new advisory committee member orientation.

IX. GLOSSARY

Term	Definition
California Children's Services Program	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible children under the age of twenty-one (2l) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.
Member	For purposes of this policy, an enrollee-beneficiary of the CalOptima Medi-Cal Program receiving California Children's Services through the Whole Child Model program.
Member Advisory Committee (MAC)	A committee comprised of community advocates and Members, each of whom represents a constituency served by CalOptima, which was established by CalOptima to advise its Board of Directors on issues impacting Members.
Threshold Languages	Those languages identified based upon State requirements and/or findings of the Group Needs Assessment (GNA).
Whole Child Model	An organized delivery system that will ensure comprehensive, coordinated services through enhanced partnerships among Medi-Cal managed care plans, children's hospitals and specialty care providers.

LIMITED PRIVACY WAIVER

Under state and federal law, the fact that a person is eligible for Medi-Cal and California Children's Services (CCS) is a private matter that may only be disclosed by CalOptima as necessary to administer the Medi-Cal and CCS program, unless other disclosures are authorized by the eligible member. Because the position of Member Representative on Whole Child Model Family Advisory Committee (WCM FAC) requires that the person appointed must be a member or a family member of a member receiving CCS, the member's Medi-Cal and CCS eligibility will be disclosed to the general public. The member or their representative (e.g. parent, foster parent, guardian, etc.) should check the appropriate box below and sign this waiver to allow his or her, or his or her family member or caregiver's name to be nominated for the advisory committee.

☐ **MEMBER APPLICANT — I understand that by signing below and applying to serve on the WCM FAC, I am disclosing my eligibility for the Medi-Cal and CCS program, the fact of which is otherwise protected under state or federal law. I am not agreeing to disclose any other information protected by state or federal law.**

☐ **FAMILY MEMBER APPLICANT — I understand that by applying to serve on the WCM FAC, my status as a family member of a person eligible for Medi-Cal and CCS benefits is likely to become public. I authorize the disclosing of my family member's (insert name of member: _____) eligibility for the Medi-Cal and CCS program, the fact of which is otherwise protected under state or federal law. I am not agreeing to disclose any other information protected by state or federal law.**

AUTHORIZATION FOR USE AND DISCLOSURE OF PROTECTED HEALTH INFORMATION (PHI)

The federal HIPAA Privacy Regulations requires that you complete this form to authorize CalOptima to use or disclose your Protected Health Information (PHI) to another person or organization. Please complete, sign, and return the form to CalOptima.

Date of Request: _____ Telephone Number: _____

Member Name: _____ Member CIN: _____

AUTHORIZATION:

I, _____, hereby authorize CalOptima, to use or disclose my health information as described below.

Describe the health information that will be used or disclosed under this authorization (please be specific): Information related to the identity, program administrative activities and/or services provided to {me} {my child} which is disclosed in response to my own disclosures and/or questions related to same.

Person or organization authorized to receive the health information: **General public**

Describe each purpose of the requested use or disclosure (please be specific): **To allow** CalOptima staff to respond to questions or issues raised by me that may require reference to my health information that is protected from disclosure by law during public meetings of **the CalOptima Whole-Child Model Family Advisory Committee**

EXPIRATION DATE:

This authorization shall become effective immediately and shall expire on: **The end of the term of the position applied for**

Right to Revoke: I understand that I have the right to revoke this authorization in writing at any time. To revoke this authorization, I understand that I must make my request in writing and clearly state that I am revoking this specific authorization. In addition, I must sign my request and then mail or deliver my request to:

CalOptima
Customer Service Department
505 City Parkway West
Orange, CA 92868

I understand that a revocation will not affect the ability of CalOptima or any health care provider to use or disclose the health information to the extent that it has acted in reliance on this authorization.

RESTRICTIONS:

I understand that anything that occurs in the context of a public meeting, including the meetings of the Whole Child Model Family Advisory Committee, is a matter of public record that is required to be disclosed upon request under the California Public Records Act. Information related to, or relevant to, information disclosed pursuant to this authorization that is not disclosed at the public meeting remains protected from disclosure under the Health Insurance Portability and Accountability Act (HIPAA), and will not be disclosed by CalOptima without separate authorization, unless disclosure is permitted by HIPAA without authorization, or is required by law.

MEMBER RIGHTS:

- I understand that I must receive a copy of this authorization.
- I understand that I may receive additional copies of the authorization.
- I understand that I may refuse to sign this authorization.
- I understand that I may withdraw this authorization at any time.
- I understand that neither treatment nor payment will be dependent upon my refusing or agreeing to sign this authorization.

ADDITIONAL COPIES:

Did you receive additional copies? ☐ Yes ☐ No

SIGNATURE:

By signing below, I acknowledge receiving a copy of this authorization.

CalOptima Board Action Agenda Referral

Action To Be Taken June 4, 2009
Regular Meeting of the CalOptima Board of Directors

Report Item
VI. E. Approve Health Network Contract Rate Methodology

Contact
Michael Engelhard, Chief Financial Officer, (714) 246-8400

Recommended Action
Approve the modification methodology of Health Network capitation rates for October 1, 2009.

Background
Health Network capitation is the payment method that CalOptima uses to reimburse PHCs and shared risk groups for the provision of health care services to members enrolled in CalOptima Medi-Cal and CalOptima Kids. In order to ensure that reimbursement to such capitated providers reflects up-to-date information, CalOptima periodically contracts with its actuarial consultants to recalculate or "rebase" these payment rates.

The purpose of this year's rebasing is to:

- Establish actuarially sound facility and professional capitation rates;
- Account for changes in CalOptima's delivery model;
- Incorporate changes in the Division of Financial Responsibility (DOFR); and
- Perform separate analyses for Medi-Cal and CalOptima Kids.

The overall methodology for this year's rebasing approach includes:

- CalOptima eligibility data;
- Encounter and CalOptima Direct (COD) claim data analysis
- Reimbursement analysis;
- PCP capitation analysis;
- Maternity "kick" payment analysis;
- State benefit carve-out analysis;
- Reinsurance analysis;
- Administrative load analysis;
- Budget neutrality established

Discussion
CalOptima uses capitation as one way to reimburse certain contracted health care providers for services rendered. A Capitation payment is made to the provider during the month and is based solely on the number of contracted members assigned to that provider

Back to Agenda

at the beginning of each month. The provider is then responsible for utilizing those dollars in exchange for all services provided during that month or period.

To ensure that capitated payment rates reflect the current structure and responsibilities between CalOptima and its delegated providers, capitation rates need to be periodically reset or rebased.

CalOptima last performed a comprehensive rate rebasing in July 2007, for rates effective January 1, 2008, for CalOptima Medi-Cal only. Much has changed since that time including the establishment of shared risk groups; the movement of certain high-acuity members out of the Health Networks and into COD; changes in the DOFR between hospitals, physicians and CalOptima; shifts in member mix between the Health Networks; and changes in utilization of services by members.

Therefore, CalOptima opted to perform another comprehensive rebasing analysis prior to the FY2009-10 year in order to fully reflect the above-mentioned changes.

Fiscal Impact
CalOptima projects no fiscal impact as a result of the rebasing. Rebasing is designed to be budget neutral to overall CalOptima medical expenses even though there will likely be changes to specific capitation rates paid to Health Network providers.

Rationale for Recommendation
Staff recommends approval of this action to provide proper reimbursement levels to CalOptima's capitated health networks participating in CalOptima Medi-Cal and CalOptima Kids.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action to Be Taken December 17, 2003
Special Meeting of the CalOptima Board of Directors

Report Item
VI. A. Approve Modifications to the CalOptima Health Network Capitation Methodology and Rate Allocations

Contact
Amy Park, Chief Financial Officer, (714) 246-8400

Recommended Action
Approve modifications to the CalOptima health network capitation methodology and rate allocations between Physician and Hospital financial responsibilities effective March 2004.

Background
CalOptima pays its health networks (HMOs and PHCs) according to the same schedule of capitation rates, which are adjusted by Medi-Cal aid category, gender and age. The actuarial cost model, upon which these rates are based, was developed by Milliman USA utilizing pre-CalOptima Orange County fee-for-service (FFS) experience as the baseline. This model then took into account utilization targets that were actuarially-appropriate for major categories of services and competitive reimbursement levels to ensure sufficient funds to provide all medically necessary services under a managed care model.

Since development of the model in 1999, CalOptima has negotiated capitation rate increases from the State for managed care rate "pass throughs" as a result of provider rate increases implemented in the Medi-Cal FFS program. In turn, CalOptima passed on these additional revenues to the health networks by increasing capitation payments, establishing carve-outs (e.g., transplants), or offering additional financial support, such as funding for enhanced subspecialty coverage and improving reinsurance coverage.

It has now been over four years since CalOptima commissioned a complete review of the actuarial cost model. As noted, CalOptima has only adjusted the underlying pricing in the actuarial cost model over the years to pass on increases in capitation rates to the health networks.

In light of State fiscal challenges and impending potential Medi-Cal funding and benefit reductions, CalOptima must examine the actuarial soundness of the existing cost model and update the utilization assumptions to ensure that CalOptima's health network capitation rate methodology continues to allocate fiscal resources commensurate with the level of medical needs of the population served. This process will also provide

Back to Agenda

CalOptima with a renewed starting point from which to make informed decisions as we face yet another round of State budget uncertainties and declining resources.

Discussion

General Process. With the updated model, Milliman's rebasing process takes into account the 7+ years of health network managed care experience, rather than the historical pre-CalOptima Orange County FFS experience, as a base for capitation rates. Milliman examined the utilization statistics as indicated by the health network encounter data and evaluated the utilization for completeness by comparing against health network reported utilization and financial trends, health network primary care physician capitation and other capitation rates, health network hospital risk pool settlements, and other benchmarks as available. Further adjustments were made to account for changes in contractual requirements in the 2003-2005 health network contracts.

Utilization Assumptions. Consistent with changes in the State rate methodology, the updated health network capitation model combines the Family, Poverty and Child aid categories into a single Family aid category, with updated age/gender factors. The new model also recommends the creation of a supplemental capitation rate for members with end stage renal disease (ESRD). Furthermore, the actuarial model identifies actuarially-appropriate utilization targets for all major categories of services. These targets are set at levels that ensure that health networks have sufficient funds to provide all medically necessary services.

Pricing Assumptions. The new actuarial cost model includes reimbursement assumptions that are applied to the utilization targets to determine capitation rates. Effective October 2003, the State reduced CalOptima's capitation rates, effectively passing through the 5% cutback in physician and other provider rates as enacted in the 2003-04 State Budget Act. Notwithstanding this reduction, it is CalOptima's goal to maintain physician reimbursement levels to ensure members' continued access to care. Hence, CalOptima's health network minimum provider reimbursement policy and capitation funding will be maintained at its current levels. In other words, health networks will continue to be required to reimburse specialty physicians at rates that are no less than 150% of the Medi-Cal Fee Schedule and physician services in the actuarial model will continued to be priced at 147% of the August 1999 Medi-Cal Fee Schedule (as adjusted to primarily reflect market primary care physician capitation rates).

The actuarial cost model also provides sufficient funds to reimburse inpatient hospital reimbursement services at rates that are comparable to the average Southern California per diem rates and payment trends as published by California Medical Assistance Commission (CMAC) and to reimburse hospital outpatient services, commensurate with physician services, at 147% of the August 1999 Medi-Cal Fee Schedule.

In addition, the actuarial cost model provides sufficient funds for health network administrative expenses and an allowance for surplus. The table below summarizes the adjusted allocation of health network capitation rates to reflect the new actuarial cost model:

Aid Category	Proposed Hospital	Proposed Physician	Proposed Combined
Family/Poverty/Child	-4.6%	2.1%	-0.7%
Adult	-19.4%	-3.1%	-12.0%
Aged	18.9%	19.1%	19.0%
Disabled	10.9%	-4.4%	3.3%
Composite	1.7%	0.7%	1.2%

**Percentage changes are calculated from current capitation rates which have been adjusted to reflect the establishment of a separate ESRD supplemental capitation.*

Fiscal Impact

In summary, the proposed modifications will increase capitation payments made to physicians by 0.7%, while capitation payments to hospitals will increase by approximately 1.7%, for an overall weighted average increase in health network capitation rate payments of 1.2%, or $3.1 million on an annualized basis.

This additional increase will be funded by the Medi-Cal capitation rate increases received by CalOptima related to the State's settlement of the *Orthopaedic v. Belshe* lawsuit concerning Medi-Cal payment rates for hospital outpatient services.

As the Board will recall, the additional monies received by CalOptima related to this hospital outpatient settlement were passed through to hospitals in a lump-sum payment as approved by the Board in April 2003 for Fiscal 2001-02. That Board action also included approval for a second distribution scheduled for January 2004 to be made to hospitals for Fiscal 2002-03 related monies. Therefore, the proposed increases in hospital capitation rates contained in this action referral will facilitate the ongoing distributions of these dollars to CalOptima's participating hospitals. *See also related Board action referral to approve modifications to CalOptima Direct hospital reimbursement rates.*

Rationale for Recommendation

The proposed modifications to the rate methodology and related allocation of funds are consistent with the extensive, independent analysis performed by Milliman USA to update CalOptima's health network capitation methodology to reflect the 7+ years of health network managed care experience, rather than the historical pre-CalOptima Orange County FFS experience, as a base for capitation rates. The updated actuarial model also provides CalOptima with a renewed starting point from which to make informed

decisions as we face yet another round of State budget uncertainties and declining resources.

ALL PLAN LETTER 18-023
SUPERSEDES ALL PLAN LETTER 18-011

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS PARTICIPATING IN THE WHOLE CHILD MODEL PROGRAM

SUBJECT: CALIFORNIA CHILDREN'S SERVICES WHOLE CHILD MODEL PROGRAM

PURPOSE:
The purpose of this All Plan Letter (APL) is to provide direction to Medi-Cal managed care health plans (MCPs) participating in the California Children's Services (CCS) Whole Child Model (WCM) program. This APL conforms with CCS Numbered Letter (N.L.) 04-0618,[1] which provides direction and guidance to county CCS programs on requirements pertaining to the implementation of the WCM program. This APL supersedes APL 18-011.

BACKGROUND:
Senate Bill (SB) 586 (Hernandez, Chapter 625, Statutes of 2016) authorized the Department of Health Care Services (DHCS) to establish the WCM program in designated County Organized Health System (COHS) or Regional Health Authority counties.[2] The purpose of the WCM program is to incorporate CCS covered services into Medi-Cal managed care for CCS-eligible members. MCPs operating in WCM counties will integrate Medi-Cal managed care and county CCS program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible conditions.[3, 4]

[1] CCS N.L.s can be found at: https://www.dhcs.ca.gov/services/ccs/pages/ccsnl.aspx
[2] SB 586 is available at: https://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill_id=201520160SB586
[3] See Health and Safety Code (HSC) Section 123850(b)(1). HSC is searchable at: http://leginfo.legislature.ca.gov/faces/codesTOCSelected.xhtml?tocCode=HSC&tocTitle=+Health+and+Safety+Code+-+HSC
[4] See Welfare and Institutions Code (WIC) Section 14094.11. WIC is searchable at: https://leginfo.legislature.ca.gov/faces/codesTOCSelected.xhtml?tocCode=WIC&tocTitle=+Welfare+and+Institutions+Code+-+WIC

MCPs will authorize care that is consistent with CCS program standards and provided by CCS-paneled providers, approved Special Care Centers (SCCs), and approved pediatric acute care hospitals. The WCM program will support active participation by parents and families of CCS-eligible members and ensure that members receive protections such as continuity of care (C.O.C.), oversight of network adequacy standards, and quality performance of providers.

WCM will be implemented in 21 specified counties, beginning July 1, 2018. Upon determination by DHCS of the MCPs' readiness to address the needs of the CCS-eligible members, MCPs must transition CCS-eligible members into their MCP network of providers by their scheduled implementation date as follows:

MCP	COHS Counties
Phase 1 – Implemented July 1, 2018	
CenCal Health	San Luis Obispo, Santa Barbara
Central California Alliance for Health	Merced, Monterey, Santa Cruz
Health Plan of San Mateo	San Mateo
Phase 2 – No sooner than January 1, 2019	
Partnership Health Plan	Del Norte, Humboldt, Lake, Lassen, Marin, Mendocino, Modoc, Napa, Shasta, Siskiyou, Solano, Sonoma, Trinity, Yolo
Phase 3 – No sooner than July 1, 2019	
CalOptima	Orange

POLICY:
Starting July 1, 2018, as designated above, MCPs assumed full financial responsibility, with some exceptions, of authorization and payment of CCS-eligible medical services, including service authorization activities, claims processing and payment, case management, and quality oversight.

Under the WCM, the MCP, county CCS program, and DHCS each bear responsibility for various administrative functions to support the CCS Program. Responsibilities for the CCS program's eligibility functions under the WCM are determined by whether the county CCS program operates as an independent or dependent county.[5] Independent CCS counties will maintain responsibility for CCS program medical eligibility determinations for potential members, including responding to and tracking appeals relating to CCS program medical eligibility determinations and annual medical eligibility redeterminations. In dependent counties, DHCS will continue to maintain responsibility for CCS program medical eligibility determinations and redeterminations, while the county CCS programs will maintain responsibility for financial and residential eligibility

[5] A link to the Division of Responsibility chart can be found on the CCS WCM website at: http://www.dhcs.ca.gov/services/ccs/Pages/CCSWholeChildModel.aspx

determinations and re-determinations. The MCP is responsible for providing all medical utilization and other clinical data for purposes of completing the annual medical redetermination and other medical determinations, as needed, for the CCS-eligible member.

MCPs are responsible for identifying and referring potential CCS-eligible members to the county for CCS program eligibility determination. MCPs are also required to provide services to CCS-eligible members with other health coverage, with full scope Medi-Cal as payor of last resort.

The implementation of WCM does not impact the activities and functions of the Medical Therapy Program (MTP). WCM counties participating with the MTP will continue to receive a separate allocation for this program and are responsible for care coordination of MTP services.

MCPs are required to use all current and applicable CCS program guidelines in the development of criteria for use by the MCP's chief medical officer or equivalent and other care management staff. CCS program guidelines include CCS program regulations, additional forthcoming regulations related to the WCM program, CCS N.L.s, and county CCS program information notices. Any N.L.s. that fall within the following Index Categories, as identified by DHCS, are applicable to WCM MCPs:[6]

Index Category
Authorizations/Benefits
Case Management
Pharmaceutical
Standards, Hospital/Pediatric Intensive Care Unit/Neonatal Intensive Care Unit (NICU)

For these applicable N.L.s, the WCM MCP must assume the role of the county or state CCS program as described in the N.L. In addition to the requirements included in this APL, MCPs must comply with all applicable state and federal laws and regulations, as well as all contractual requirements.

I. MCP AND COUNTY COORDINATION

MCPs and county CCS programs must coordinate the delivery of CCS services to CCS-eligible members. A quarterly meeting between the MCP and the county CCS program must be established to assist with overall coordination by updating policies, procedures,

[6] See the WCM CCS N.L. Category List. is available at: https://www.dhcs.ca.gov/services/ccs/Documents/CCS-NL-Index-Category-List-June2018.xls

and protocols, as appropriate, and to discuss activities related to the Memorandum of Understanding (MOU) and other WCM related matters.

A. Memorandum of Understanding

MCPs and county CCS programs must execute a MOU outlining their respective responsibilities and obligations under the WCM using the MOU template posted on the CCS WCM page of the DHCS website.[7] The purpose of the MOU is to explain how the MCPs and county CCS programs will coordinate care, conduct program management activities, and exchange information required for the effective and seamless delivery of services to WCM members. The MOU between the individual county and the MCP serves as the primary vehicle for ensuring collaboration between the MCP and county CCS program. The MOU can be customized based on the needs of the individual county CCS program and the MCP. The MOU must include, at a minimum, all of the provisions specified in the MOU template and must be consistent with the requirements of SB 586. MCPs are required to submit an executed MOU to DHCS 105 days prior to implementation. All WCM MOUs are subject to DHCS approval.

B. Transition Plan

Each MCP must develop a comprehensive plan detailing the transition of existing CCS members into managed care for treatment of their CCS-eligible conditions. The transition plan must describe collaboration between the MCP and the county CCS program on the transfer of case management, care coordination, provider referrals, and service authorization, including administrative functions, from the county CCS program to the MCPs.[8] The transition plan must also include communication with members regarding, but not limited to, authorizations, provider network, case management, and ensuring C.O.C. and services for members who are in the process of aging out of CCS. The county CCS programs are required to provide input and collaborate with MCPs on the development of the transition plan. MCPs must submit transition plans to DHCS for approval.

C. Inter-County Transfer

County CCS programs use the Children's Medical Services Net (CMS Net) system to house and share data needed for Inter-County Transfers (ICTs), while MCPs utilize different data systems. Through their respective MOUs, the MCPs and county CCS programs will develop protocols for the exchange of ICT data, as necessary, including authorization data, member data, and case management information, to ensure an efficient transition of the CCS member and allow for C.O.C. of already approved service authorization requests, as required by this APL and applicable state and federal laws.

[7] See footnote 5. The MOU template can be found on the CCS WCM website.
[8] See footnote 4. WIC Section 14094.7(d)(4)(C).

Back to Agenda

When a CCS-eligible member moves from one county to another, the county CCS program and MCP, through their respective MOUs, will exchange ICT data. County CCS programs will continue to be responsible for providing transfer data, including clinical and other relevant data, from one county to another. When a CCS eligible member moves out of a WCM county, the county CCS program will notify the MCP and initiate the data transfer request. The MCP is responsible for providing transfer data, including clinical and other relevant data for members to the county CCS program office. The county CCS program will then coordinate the sharing of CCS-eligible member data to the new county of residence. Similarly, when a member moves into a WCM county, the county CCS program will provide transfer data to the MCP, as applicable.

D. Dispute Resolution and Provider Grievances

Disagreements between the MCP and the county CCS program regarding CCS medical eligibility determinations must be resolved by the county CCS program, in consultation with DHCS.[9] The county CCS program must communicate all resolved disputes in writing to the MCP. Disputes between the MCP and the county CCS program that are unable to be resolved will be referred by either entity to DHCS, via email to CCSRedesign@dhcs.ca.gov, for review and final determination.[10]

MCPs must have a formal process to accept, acknowledge, and resolve provider disputes and grievances.[11] A CCS provider may submit a dispute or grievance concerning the processing of a payment or non-payment of a claim by the MCP directly to the MCP. The dispute resolution process must be communicated by each MCP to all of its CCS providers.

II. MCP RESPONSIBILITIES TO CCS-ELIGIBLE MEMBERS

A. Risk Level and Needs Assessment Process

The MCP must assess each CCS member's risk level and needs by performing a risk assessment process using means such as telephonic or in-person communication, review of utilization and claims processing data, or by other means. MCPs are required to develop and complete the risk assessment process for WCM transition members, newly CCS-eligible members, or new CCS members enrolling in the MCP. The risk assessment process must include the development of a pediatric risk stratification process (PRSP) and an Individual Care Plan (ICP) for high risk members. All requirements are dependent on the member's risk level that is determined through the PRSP. Furthermore, nothing in this APL removes or limits existing survey or assessment requirements that the MCPs are responsible for outside of the WCM.

---

[9] See footnote 4. WIC Section 14093.06(b).
[10] Unresolved disputes must be referred to: CCSRedesign@dhcs.ca.gov
[11] See footnote 4. WIC Section 14094.15(d).

1. **Pediatric Risk Stratification Process**
   MCPs must develop a pediatric risk stratification mechanism, or algorithm, to assess the CCS-eligible member's risk level that will be used to classify members into high and low risk categories, allowing the MCP to identify members who have more complex health care needs.

   MCPs are required to complete a risk stratification within 45 days of enrollment for all members including new CCS members enrolling in the MCP, newly CCS-eligible members, or WCM transition members. The risk stratification will assess the member's risk level through:

   - Review of medical utilization and claims processing data, including data received from the county and DHCS;
   - Utilization of existing member assessment or survey data; and
   - Telephonic or in-person communications, if available at time of PRSP.

   Members who do not have any medical utilization data, claims processing data history, or other assessments and/or survey information available will automatically be categorized as high risk until further assessment data is gathered to make an additional risk determination. The PRSP must be submitted to DHCS for review and approval.

2. **Risk Assessment and Individual Care Plan Process**
   MCPs must develop a process to assess a member's current health, including the CCS condition, to ensure that each CCS-eligible member receives case management, care coordination, provider referral, and/or service authorization from a CCS-paneled provider, as described below:

   <u>New Members and Newly CCS-Eligible Members Determined High Risk</u>
   Members identified as high risk through the PRSP must be further assessed by telephonic and/or in-person communication or a risk assessment survey within 90 calendar days of enrollment to assist in the development of the member's ICP. Any risk assessment survey created by the MCP for the purposes of WCM is subject to review and approval by DHCS.

   <u>Risk Assessment</u>
   The risk assessment process must address:

   - General health status and recent health care utilization. This may include, but is not limited to, caretaker self-report of child's health; outpatient, emergency room, or inpatient visits; and school days missed due to illness, over a specified duration of time;

Back to Agenda

- Health history. This includes both CCS and non-CCS diagnoses and past surgeries;
- Specialty provider referral needs;
- Prescription medication utilization;
- Specialized or customized durable medical equipment (DME) needs (if applicable);
- Need for specialized therapies (if applicable). This may include, but is not limited to, physical, occupational, or speech therapies, mental or behavioral health services, and educational or developmental services;
- Limitations of activities of daily living or daily functioning (if applicable); and
- Demographics and social history. This may include, but is not limited to, member demographics, assessment of home and school environments, and a cultural and linguistic assessment.

The risk assessment process must be tailored to each CCS-eligible member's age group. At the MCP's discretion, additional assessment questions may be added to identify the need for, or impact of, future health care services. These may include, but are not limited to, questions related to childhood developmental milestones, pediatric depression, anxiety or attention deficit screening, adolescent substance use, or adolescent sexual behaviors.

Individual Care Plan

MCPs are required to establish an ICP for all members determined to be high risk based on the results of the risk assessment process, with particular focus on specialty care, within 90 days of a completed risk assessment survey or other assessment, by telephonic and/or in-person communication.[12] The ICP will, at a minimum, incorporate the CCS-eligible member's goals and preferences, and provide measurable objectives and timetables to meet the needs for:

- Medical (primary care and CCS specialty) services;
- Mild to moderate or county specialty mental health services;
- Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services;
- County substance use disorder or Drug Medi-Cal services;
- Home health services;
- Regional center services; and
- Other medically necessary services provided within the MCP network, or, when necessary, by an out-of-network provider.

[12] See footnote 4. WIC Section 14094.11(b)(4).

Back to Agenda

The ICP must be developed by the MCP care management team and must be completed in collaboration with the CCS-eligible member, member's family, and/or the member's designated caregiver. The ICP must indicate the level of care the member requires (e.g., no case management, basic case management and care coordination, or complex case management). The ICP must also include the following information, as appropriate, and only if the information has not already been provided as part of another MCP process:[13]

- Access instructions for families so that families know where to go for ongoing information, education, and support in order that they may understand the goals, treatment plan, and course of care the CCS-eligible member and the family's role in the process; what it means to have primary or specialty care for the CCS-eligible member; when it is time to call a specialist, primary, urgent care, or emergency room; what an interdisciplinary team is; and what community resources exist;
- A primary or specialty care physician who is the primary clinician for the CCS-eligible member and who provides core clinical management functions;
- Care management and care coordination for the CCS-eligible member across the health care system, including transitions among levels of care and interdisciplinary care teams; and
- Provision of information about qualified professionals, community resources, or other agencies for services or items outside the scope of responsibility of the MCP.

Further, the MCP must reassess members' risk levels and needs annually at the CCS eligibility redetermination or upon a significant change to a member's condition.

<u>New Members and Newly CCS-Eligible Members Determined Low Risk</u>
For new members and newly CCS-eligible members identified as low risk, the MCP must assess the member by telephonic and/or in-person communication within 120 calendar days of enrollment to determine the member's health care needs. The MCP is still required to provide care coordination and case management services to low risk members.

The MCP must reassess members' risk levels and needs annually at CCS eligibility redetermination or upon a significant change to a member's condition.

[13] See footnote 4. WIC Section 14094.11(c).

WCM Transitioning Members

For WCM transition members, the MCP must complete the PRSP within 45 days of transition, to determine each member's risk level, and complete all required telephonic and/or in-person communication and ICPs for high risk members, and all required telephonic and/or in-person communication for low risk members within one year. Additionally, the MCP must reassess members' risk levels and needs annually at CCS eligibility redetermination, or upon a significant change to a member's condition.

MCPs must submit to DHCS for review and approval a phase-in transition plan establishing a process for completing all required telephonic or in-person communication and ICPs within one year for WCM transition members.

Regardless a member's risk level, all communications, whether by phone or mail, must inform the members and/or the member's designated caregivers that assessments will be provided in a linguistically and culturally appropriate manner, and identify the method by which the providers will arrange for in-person assessments.[14]

MCPs must refer all members, including new members, newly CCS-eligible members, and WCM transition members who may have developed a new CCS-eligible condition, immediately to the county for CCS eligibility determination and must not wait until the annual CCS medical eligibility redetermination period.

B. Case Management and Care Coordination[15]

MCPs must provide case management and care coordination for CCS-eligible members and their families. MCPs that delegate the provision of CCS services to subcontractors must ensure that all subcontractors provide case management and care coordination for members and allow members to access CCS-paneled providers within all of the MCP's subcontracted provider networks for CCS services. MCPs must ensure that information, education, and support is continuously provided to CCS-eligible members and their families to assist in their understanding of the CCS-eligible member's health, other available services, and overall collaboration on the CCS-eligible member's ICP. MCPs must also coordinate services identified in the member's ICP, including:

- Primary and preventive care services with specialty care services;
- Medical therapy units;

[14] See Cultural Competency in Health Care – Meeting the Needs of a Culturally and Linguistically Diverse Population APL 99-005. APLs are available at: http://www.dhcs.ca.gov/formsandpubs/Pages/AllPlanLetters.aspx

[15] See footnote 4. WIC Section 14094.11(b)(1)-(6).

- EPSDT services, including palliative care;[16]
- Regional center services; and
- Home and community-based services.

1. **High Risk Infant Follow-Up Program**
   The High Risk Infant Follow-Up (HRIF) program helps identify infants who might develop CCS-eligible conditions after they are discharged from a NICU. MCPs are responsible for determining HRIF program eligibility, coordinating and authorizing HRIF services for members, and ensuring the provision of HRIF case management services.[17] MCPs must notify the counties in writing, within 15 calendar days, of CCS-eligible neonates, infants, and children up to three years of age that lose Medi-Cal coverage for HRIF services, and provide C.O.C. information to the members.

2. **Age-Out Planning Responsibility**
   MCPs must establish and maintain a process for preparing members approaching WCM age limitations, including identification of primary care and specialty care providers appropriate to the member's CCS qualifying condition(s).

   MCPs must identify and track CCS-eligible members for the duration of their participation in the WCM program and, for those who continue to be enrolled in the same MCP, for at least three years after they age-out of the WCM program.[18]

3. **Pediatric Provider Phase-Out Plan**
   A pediatric phase-out occurs when a treating CCS-paneled provider determines that their services are no longer beneficial or appropriate to the treatment to the member. The MCPs must provide care coordination to CCS-eligible members in need of an adult provider when the CCS-eligible member no longer requires the service of a pediatric provider. The timing of the transition should be individualized to take into consideration the member's medical condition and the established need for care with adult providers.

---

[16] If the scope of the federal EPSDT benefit is more generous than the scope of a benefit discussed in a CCS N.L. or other guidance, the EPSDT standard of what is medically necessary to correct or ameliorate the child's condition must be applied. See Requirements for Coverage of Early and Periodic Screening, Diagnostic, and Treatment Services for Medi-Cal Members Under the Age of 21 APL 18-007, or any superseding APL.
[17] HRIF Eligibility Criteria is available at:
https://www.dhcs.ca.gov/services/ccs/pages/hrif.aspx#medicalcriteria
[18] See footnote 4. WIC Section 14094.12(j).

C. Continuity of Care

MCPs must establish and maintain a process to allow members to request and receive C.O.C. with existing CCS provider(s) for up to 12 months.[19] This APL does not alter the MCP's obligation to fully comply with the requirements of HSC Section 1373.96 and all applicable APLs regarding C.O.C.[20] The C.O.C. requirements extend to MCP's subcontractors. The sections below include additional C.O.C. requirements that only pertain to the WCM program.

1. Specialized or Customized Durable Medical Equipment

If the MCP member has an established relationship with a specialized or customized DME provider, MCPs must provide access to that provider for up to 12 months.[21] MCPs are required to pay the DME provider at rates that are at least equal to the applicable CCS fee-for-service (FFS) rates, unless the DME provider and the MCP mutually enter into an agreement on an alternative payment methodology. The MCP may extend the C.O.C. period beyond 12 months for specialized or customized DME still under warranty and deemed medically necessary by the treating provider.[22]

Specialized or customized DME must be:

- Uniquely constructed or substantially modified solely for the use of the member;
- Made to order or adapted to meet the specific needs of the member; and
- Uniquely constructed, adapted, or modified such that it precludes use of the DME by another individual and cannot be grouped with other items meant for the same use for pricing purposes.

2. Continuity of Care Case Management[23]

MCPs must ensure CCS-eligible members receive expert case management, care coordination, service authorization, and provider referral services. MCPs can meet this requirement by allowing CCS-eligible members, their families, or designated caregivers, to request C.O.C. case management and care coordination from the CCS-eligible member's existing public health nurse (PHN). The member must elect to continue receiving case management from the PHN within 90 days of transition of CCS services to the MCP. In the event the county PHN is unavailable, the MCP must provide the member with an MCP case manager who has received adequate training on the county CCS

[19] See footnote 4. WIC Section 14094.13.
[20] See footnote 3. HSC Section 1373.96.
[21] See footnote 4. WIC Section 14094.12(f).
[22] See footnote 4. WIC Section 14094.13(b)(3).
[23] See footnote 4. WIC Section 14094.13(e), (f) and (g).

program and who has clinical experience with the CCS population or with pediatric patients with complex medical conditions.

At least 60 days before the transition of CCS services to the MCP, the MCP must provide a written notice to all CCS-eligible members explaining their right to continue receiving case management and care coordination services. The MCP must send a follow-up notice 30 days prior to the start of the transition. These notices must be submitted to DHCS for approval.

3. Authorized Prescription Drugs

CCS-eligible members transitioning into MCPs are allowed continued use of any currently prescribed drug that is part of their therapy for the CCS-eligible condition. The CCS-eligible member must be allowed to use the prescribed drug until the MCP and the prescribing physician agree that the particular drug is no longer medically necessary or is no longer prescribed by the county CCS program provider.[24]

4. Extension of Continuity of Care Period[25]

MCPs, at their discretion, may extend the C.O.C. period beyond the initial 12-month period. MCPs must provide CCS-eligible members with a written notification 60 days prior to the end of the C.O.C. period informing members of their right to request a C.O.C. extension and the WCM appeal process for C.O.C. limitations.

The notification must be submitted to DHCS for approval and must include:

- The member's right to request that the MCP extend of the C.O.C. period;
- The criteria that the MCP will use to evaluate the request; and
- The appeal process should the MCP deny the request (see section D below).

Including the WCM C.O.C. protections set forth above, MCP members also have C.O.C. rights under current state law as required in the Continuity of Care for Medi-Cal Members Who Transition Into Medi-Cal Managed Care APL 18-008, including any superseding APL.[26]

[24] See footnote 4. WIC Section 14094.13(d)(2).
[25] See footnote 3. HSC Section 1373.96.
[26] See footnote 14. APL 18-008.

Back to Agenda

D. Grievance, Appeal, and State Fair Hearing Process

MCPs must ensure members are provided information on grievances, appeals, and state fair hearing (SFH) rights and processes. CCS-eligible members enrolled in managed care are provided the same grievance, appeal, and SFH rights as other MCP members. This will not preclude the right of the CCS member to appeal or be eligible for a fair hearing regarding the extension of a C.O.C. period.[27] MCPs must have timely processes for accepting and acting upon member grievances and appeals. Members appealing a CCS eligibility determination must appeal to the county CCS program. MCPs must also comply with the requirements pursuant to Section 1557 of the Affordable Care Act.[28]

As stated above, CCS-eligible members and their families/designated caregivers have the right to request extended C.O.C. with the MCP beyond the initial 12-month period. MCPs must process these requests like other standard or expedited prior authorization requests according to the timeframes contained in Grievance and Appeal Requirements and Revised Notice Templates and "Your Rights" Attachments APL 17-006, including any superseding APL.

If MCPs deny requests for extended C.O.C., they must inform members of their right to further appeal these denials with the MCP and of the member's SFH rights following the appeal process as well as in cases of deemed exhaustion. MCPs must follow all noticing and timing requirements contained in APL 17-006, including any superseding APL, when denying extended C.O.C. requests and when processing appeals. As required in APL 17-006, if MCPs make changes to any of the noticing templates, they must submit the revised notices to DHCS for review and approval prior to use.

E. Transportation

MCPs are responsible for authorizing CCS Maintenance and Transportation (M&T), Non-Emergency Medical Transportation (NEMT), and Non-Medical Transportation (NMT).[29]

MCPs must provide and authorize the CCS M&T benefit for CCS-eligible members or the member's family seeking transportation to a medical service related to their CCS-eligible condition when the cost of M&T presents a barrier to accessing authorized CCS services. M&T services include meals, lodging, and other necessary

[27] See footnote 4. WIC Section 14094.13(j).
[28] See footnote 14. For Section 1557 requirements, see Standards for Determining Threshold Languages and Requirements for Section 1557 of the Affordable Care Act APL 17-011, including any superseding APL.
[29] See Non-Emergency Medical and Non-Medical Transportation Services APL 17-010, including any superseding APL.

costs (e.g. parking, tolls, etc.), in addition to transportation expenses, and must comply with the requirements listed in CCS N.L. 03-0810.[30] These services include, but are not limited to, M&T for out-of-county and out-of-state services.

MCPs must also comply with all requirements listed in the Non-Emergency Medical and Non-Medical Transportation Services APL 17-010 for CCS-eligible members to obtain NEMT and NMT for services not related to their CCS-eligible condition or if the member requires standard transportation that does not require M&T.[31]

F. Out-of-Network Access

MCPs must provide all medically necessary services by CCS paneled providers, which may require the member to be seen out of network. MCPs must allow CCS-eligible members access to out-of-network providers in order to obtain medically necessary services if the MCP has no specialists that treat the CCS-eligible condition within the MCP's provider network, or if in-network providers are unable to meet timely access standards. CCS-eligible members and providers are required to follow the MCP's authorization policy and procedures to obtain appropriate approvals before accessing an out-of-network provider. MCPs must ensure that CCS-eligible members requesting services from out-of-network providers are provided accurate information on how to request and seek approval for out-of-network services. MCPs cannot deny out-of-network services based on cost or location. Transportation must be provided for members obtaining out-of-network services. These out-of-network access requirements also apply to the MCP's subcontractor's provider networks.

The MCP and their subcontracted provider networks must ensure members have access to all medically necessary services related to their CCS condition. If CCS-eligible members require services or treatments for a CCS condition that are not available in the MCP's or their subcontracted provider networks, the MCP must identify, coordinate, and provide access to a CCS-paneled specialist out-of-network.

G. Advisory Committees

MCPs must establish a quarterly Family Advisory Committee (FAC) for CCS families composed of a diverse group of families that represent a range of conditions, disabilities, and demographics. The FAC must also include local providers, including, but not limited to, parent centers, such as family resource centers, family empowerment centers, and parent training and information

[30] See footnote 1. CCS N.L. 03-0810.
[31] See footnote 14. APL 17-010.

Back to Agenda

centers.[32] Members serving on this advisory committee may receive a reasonable per diem payment to enable in-person participation in the advisory committee.[33] A representative of this committee will be invited to serve as a member of the statewide DHCS CCS stakeholder advisory group.

MCPs must also establish a quarterly Clinical Advisory Committee composed of the MCP's chief medical officer or equivalent, the county CCS medical director, and at least four CCS-paneled providers to advise on clinical issues relating to CCS conditions.[34]

III. WCM Payment Structure

A. Payment and Fee Rate

MCPs are required to pay providers at rates that are at least equal to the applicable CCS FFS rates, unless the provider and the MCP mutually enter into an agreement on an alternative payment methodology.[35] MCPs are responsible for authorization and payment of all NICU and CCS NICU claims and for conducting NICU acuity assessments and authorizations in all WCM counties.

The MCP will review authorizations and determine whether or not services meet CCS NICU requirements.

The chart below identifies the entity responsible for NICU acuity assessment, authorization, and payment function activities for WCM:

CCS NICU	NICU Acuity Assessment	Authorization	Payor (Facility/ Physician)
Carved-In Counties: Del Norte, Humboldt, Lake, Lassen, Marin, Mendocino, Merced, Modoc, Monterey, Napa, Orange, San Luis Obispo, San Mateo, Santa Barbara, Santa Cruz, Shasta, Siskiyou, Solano, Sonoma, Trinity, and Yolo	MCP	MCP	MCP

[32] See footnote 4. WIC Section 14094.7(d)(3).
[33] See footnote 4. WIC Section 14094.17(b)(2).
[34] See footnote 4. WIC Section 14094.17(a).
[35] See footnote 4. WIC Section 14094.16(b).

Back to Agenda

IV. MCP Responsibilities to DHCS

A. Network Certification[36]

MCPs and their subcontractors are required to meet specific network certification requirements in order to participate in WCM, which includes having an adequate network of CCS-paneled providers to serve the CCS-eligible population including physicians, specialists, allied professionals, SCCs, hospitals, home health agencies, and specialized and customizable DME providers.

The WCM network certification requires MCPs to submit updated policies and procedures and their CCS-paneled provider networks via a WCM Provider Network Reporting Template.[37]

Subcontracted provider networks that do not meet WCM network certification requirements will be excluded from participating in the WCM until DHCS determines that all certification requirements have been met. MCPs are required to provide oversight and monitoring of all subcontractors' provider networks to ensure network certification requirements for WCM are met.

In accordance with Network Certification Requirements APL 18-005, or any other superseding APL, WCM MCPs may request to add a subcontractor to their WCM network 105 days prior to the start of each contract year.

B. CCS Paneling and Provider Credentialing Requirements

Physicians and other provider types must be CCS-paneled with full or provisional approval status.[38] MCPs cannot panel CCS providers; however, they must ensure that CCS providers in their provider network have an active panel status. MCPs should direct providers who need to be paneled to the CCS Provider Paneling website.[39] MCPs can view the DHCS CCS-paneled provider list online to ensure providers are credentialed and continue contracting with additional CCS-paneled providers.[40]

MCPs are required to verify the credentials of all contracted CCS-paneled

---

[36] See footnote 14. These requirements are further outlined in the Network Certification Requirements APL.
[37] See footnote 14. The WCM Provider Network Reporting Template is an attachment of APL 18-005.
[38] See the Medi-Cal Provider Manual on CCS Provider Paneling Requirements, which is available at: https://files.medi-cal.ca.gov/pubsdoco/publications/masters-mtp/part2/calchildpanel_m00i00o03o04o07o09o11a02a04a05a06a07a08p00v00.doc
[39] Children's Medical Services CCS Provider Paneling is available at: https://cmsprovider.cahwnet.gov/PANEL/index.jsp
[40] The CCS Paneled Providers List is available at: https://cmsprovider.cahwnet.gov/prv/pnp.pdf

providers to ensure the providers are actively CCS-paneled and authorized to treat CCS-eligible members. MCPs' written policies and procedures must follow the credentialing and recredentialing guidelines contained in the Provider Credentialing/Recredentialing and Screening Enrollment APL 17-019, or any superseding APL. MCPs must develop and maintain written policies and procedures that pertain to the initial credentialing, recredentialing, recertification, and reappointment of providers within their network.

C. Utilization Management

MCPs must develop, implement, and update, as needed, a utilization management (UM) program that ensures appropriate processes are used to review and approve medically necessary covered services. MCPs are responsible for ensuring that the UM program includes the following items:[41]

- Procedures for pre-authorization, concurrent review, and retrospective review;
- A list of services requiring prior authorization and the utilization review criteria;
- Procedures for the utilization review appeals process for providers and members;
- Procedures that specify timeframes for medical authorization; and
- Procedures to detect both under- and over-utilization of health care services.

MCP Reporting Requirements

1. Quality Performance Measures

DHCS will develop pediatric plan performance standards and measurements, including health outcomes of children with special health care needs. MCPs are required to report data on the identified performance measures in a format and manner specified by DHCS.

2. Reporting and Monitoring

DHCS has developed specific monitoring and oversight standards for MCPs participating in the WCM. MCPs are required to report WCM encounters as outlined in the most recent DHCS Companion Guide for X12 Standard File Format for encounter data reporting. MCPs are also required to report all contracted CCS-paneled providers as outlined in the most recent DHCS Companion Guide for X12 Standard File Format for provider network data. Both companion guides can be attained by emailing the Encounter Data mailbox at MMCDEncounterData@dhcs.ca.gov. MCPs must submit additionally required

[41] See the COHS Boilerplate Contract, Exhibit A, Attachment 5, Utilization Management. The COHS Boilerplate Contract is available at: http://www.dhcs.ca.gov/provgovpart/Pages/MMCDBoilerplateContracts.aspx

data in a form and manner specified by DHCS and must comply with all contractual requirements.

D. Delegation of Authority

In addition to the requirements of this APL, MCPs are responsible for complying with, and ensuring that their delegates also comply with, all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including other APLs, Policy Letters, and Dual Plan Letters. Each MCP must communicate these requirements to all delegated entities and subcontractors. In addition, MCPs must comply with all requirements listed in the Subcontractual Relationships and Delegation APL 17-004, or any superseding APL. If you have any questions regarding this APL, please contact your Managed Care Operations Division contract manager.

Sincerely,

Original Signed by Nathan Nau

Nathan Nau, Chief
Managed Care Quality and Monitoring Division

ALL PLAN LETTER 18-011

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS PARTICIPATING IN THE WHOLE CHILD MODEL PROGRAM

SUBJECT: CALIFORNIA CHILDREN'S SERVICES WHOLE CHILD MODEL PROGRAM

PURPOSE:
The purpose of this All Plan Letter (APL) is to provide direction to Medi-Cal managed care health plans (MCPs) participating in the California Children's Services (CCS) Whole Child Model (WCM) program. This APL conforms with CCS Numbered Letter (N.L.) 04-0618,[1] which provides direction and guidance to county CCS programs on requirements pertaining to the implementation of the WCM program.

BACKGROUND:
Senate Bill (SB) 586 (Hernandez, Chapter 625, Statutes of 2016) authorized the Department of Health Care Services (DHCS) to establish the WCM program in designated County Organized Health System (COHS) or Regional Health Authority counties.[2] The purpose of the WCM program is to incorporate CCS covered services into Medi-Cal managed care for CCS-eligible members. MCPs operating in WCM counties will integrate Medi-Cal managed care and county CCS Program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible conditions.[3, 4]

MCPs will authorize care that is consistent with CCS Program standards and provided by CCS-paneled providers, approved special care centers, and approved pediatric acute care hospitals. The WCM program will support active participation by parents and families of CCS-eligible members and ensure that members receive protections such as

[1] The CCS Numbered Letter index is available at: http://www.dhcs.ca.gov/services/ccs/Pages/CCSNL.aspx
[2] SB 586 is available at: https://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill_id=201520160SB586
[3] See Health and Safety Code (HSC) Section 123850(b)(1), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=HSC&sectionNum=123850.
[4] See Welfare and Institutions Code (WIC) Section 14094.11, which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.11.&lawCode=WIC

continuity of care (COC), oversight of network adequacy standards, and quality performance of providers.

WCM will be implemented in 21 specified counties, beginning no sooner than July 1, 2018. Upon determination by DHCS of the MCPs' readiness to address the needs of the CCS-eligible members, MCPs must transition CCS-eligible members into their MCP network of providers by their scheduled implementation date as follows:

MCP	COHS Counties
Phase 1 – No sooner than July 1, 2018	
CenCal Health	San Luis Obispo, Santa Barbara
Central California Alliance for Health	Merced, Monterey, Santa Cruz
Health Plan of San Mateo	San Mateo
Phase 2 – No sooner than January 1, 2019	
CalOptima	Orange
Partnership Health Plan	Del Norte, Humboldt, Lake, Lassen, Marin, Mendocino, Modoc, Napa, Shasta, Siskiyou, Solano, Sonoma, Trinity, Yolo

POLICY:
Starting no sooner than July 1, 2018, MCPs in designated counties shall assume full financial responsibility, with some exceptions, of authorization and payment of CCS-eligible medical services, including service authorization activities, claims processing and payment, case management, and quality oversight.

Under the WCM, the MCP, county CCS program, and DHCS will each bear responsibility for various administrative functions to support the CCS Program. Responsibilities for the CCS Program's eligibility functions under the WCM are determined by whether the county CCS program operates as an independent or dependent county.[5] Independent CCS counties will maintain responsibility for CCS Program medical eligibility determinations for potential members, including responding to and tracking appeals relating to CCS Program medical eligibility determinations and annual medical eligibility redeterminations. In dependent counties, DHCS will continue to maintain responsibility for CCS Program medical eligibility determinations and redeterminations, while the county CCS programs will maintain responsibility for financial and residential eligibility determinations and re-determinations. The MCP is responsible for providing all medical utilization and other clinical data for purposes of completing the annual medical

[5] A link to the Division of Responsibility chart can be found on the CCS WCM website at: http://www.dhcs.ca.gov/services/ccs/Pages/CCSWholeChildModel.aspx

Back to Agenda

redetermination and other medical determinations, as needed, for the CCS-eligible member.

MCPs are responsible for identifying and referring potential CCS-eligible members to the county for CCS Program eligibility determination. MCPs are also required to provide services to CCS-eligible members with other health coverage (OHC), with full scope Medi-Cal as payor of last resort.

The implementation of WCM does not impact the activities and functions of the Medical Therapy Program (MTP) and Pediatric Palliative Care Waiver (PPCW). WCM counties participating with the MTP and PPCW will continue to receive a separate allocation for these programs. The MCP is responsible for care coordination of services that remain carved-out of the MCP's contractual responsibilities.

MCPs are required to use all current and applicable CCS Program guidelines, including CCS Program regulations, additional forthcoming regulations related to the WCM program, CCS Numbered Letters (N.L.s),[6] and county CCS program information notices, in the development of criteria for use by the MCP's chief medical officer or equivalent and other care management staff. In addition to the requirements included in this APL, MCPs must comply with all applicable state and federal laws and regulations and contractual requirements.

I. MCP AND COUNTY COORDINATION

MCPs and county CCS programs must coordinate the delivery of CCS services to CCS-eligible members. A quarterly meeting between the MCP and the county CCS program must be established to assist with overall coordination by updating policies, procedures, and protocols, as appropriate, and to discuss activities related to the Memorandum of Understanding (MOU) and other WCM related matters.

A. Memorandum of Understanding

MCPs and county CCS programs must execute a MOU outlining their respective responsibilities and obligations under the WCM using the MOU template posted on the CCS WCM page of the DHCS website.[7] The purpose of the MOU is to explain how the MCPs and county CCS programs will coordinate care, conduct program management activities, and exchange information required for the effective and seamless delivery of services to WCM members. The MOU between the individual county and the MCP will serve as the primary vehicle for ensuring

[6] The CCS Numbered Letter index is available at: http://www.dhcs.ca.gov/services/ccs/Pages/CCSNL.aspx
[7] A link to the MOU template can be found on the CCS WCM website at: http://www.dhcs.ca.gov/services/ccs/Pages/CCSWholeChildModel.aspx

collaboration between the MCP and county CCS program. The MOU can be customized based on the needs of the individual county CCS program and the MCP, consistent with the requirements of SB 586 and dependent upon DHCS approval. The MOU must include, at a minimum, all of the provisions specified in the MOU template. Phase 1 MCPs must have submitted an executed MOU, or proved intent and/or progress made towards an executed MOU, by March 31, 2018. Phase 2 MCPs must submit an executed MOU, or prove intent and/or progress made toward an executed MOU, by September 28, 2018. All WCM MOUs are subject to DHCS approval.

B. Transition Plan

Each MCP must develop a comprehensive plan detailing the transition of existing CCS beneficiaries into managed care for treatment of their CCS-eligible conditions. The transition plan must describe collaboration between the MCP and the county CCS program on the transfer of case management, care coordination, provider referrals, and service authorization administrative functions from the county CCS program to the MCPs.[8] The transition plan must also include communication with beneficiaries regarding, but not limited to, authorizations, provider network, case management, and ensuring continuity of care and services for beneficiaries in the process of aging out of CCS. The county CCS programs are required to provide input and collaborate with MCPs on the development of the transition plan. MCPs must submit transition plans to DHCS for approval.

C. Inter-County Transfer

County CCS programs use CMSNet to house and share data needed for Inter-County Transfers (ICTs), while MCPs utilize different data systems. Through their respective MOUs, the MCPs and county CCS programs will develop protocols for the exchange of ICT data, as necessary, including authorization data, member data, and case management information, to ensure an efficient transition of the CCS member and allow for COC of already approved service authorization requests, as required by this APL and applicable state and federal laws.

When a CCS-eligible member moves from a WCM county to a non-WCM county, the county CCS program and MCP, through their respective MOUs, will exchange ICT data. County CCS programs will continue to be responsible for providing transfer data, including clinical and other relevant data, from one county to another. When a CCS eligible member moves out of a WCM county, the county CCS program will notify the MCP and initiate the data transfer request. The MCP is responsible for providing transfer data, including clinical and other relevant data

[8] See WIC Section 14094.7(d)(4)(C), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=WIC&sectionNum=14094.7.

for members to the county CCS program office. The county CCS program will then coordinate the sharing of CCS-eligible member data to the new county of residence. Similarly, when a member moves into a WCM county, the county CCS program will provide transfer data to the MCP as applicable.

D. Dispute Resolution and Provider Grievances

Disagreements between the MCP and the county CCS program regarding CCS medical eligibility determinations must be resolved by the county CCS program, in consultation with DHCS.[9] The county CCS program shall communicate all resolved disputes in writing to the MCP within a timely manner. Disputes between the MCP and the county CCS program that are unable to be resolved will be referred by either entity to DHCS, via email to CCSWCM@dhcs.ca.gov, for review and final determination.[10]

MCPs must have a formal process to accept, acknowledge, and resolve provider disputes and grievances.[11] A CCS provider may submit a dispute or grievance concerning the processing of a payment or non-payment of a claim by the MCP directly to the MCP. The dispute resolution process must be communicated by each MCP to all of its CCS providers.

II. MCP RESPONSIBILITIES TO CCS-ELIGIBLE MEMBERS

A. Risk Level and Needs Assessment Process

The MCP will assess each CCS child's or youth's risk level and needs by performing a risk assessment process using means such as telephonic or in-person communication, review of utilization and claims processing data, or by other means. MCPs are required to develop and complete the risk assessment process for WCM transition members, newly CCS-eligible members, or new CCS members enrolling in the MCP. The risk assessment process must include the development of a pediatric risk stratification process (PRSP) and an Individual Care Plan (ICP) for high risk members. All requirements are dependent on the member's risk level that is determined through the PRSP. Furthermore, nothing in this APL shall remove or limit existing survey or assessment requirements that the MCPs are responsible for outside WCM.

---

[9] See WIC Section 14093.06(b), which is available at: http://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=WIC&sectionNum=14093.06.
[10] Unresolved disputes must be referred to: CCSWCM@dhcs.ca.gov
[11] See WIC Section 14094.15(d), which is available at: http://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=WIC&sectionNum=14094.15.

1. **Pediatric Risk Stratification Process**
   MCPs must develop a pediatric risk stratification mechanism, or algorithm, to assess the CCS-eligible member's risk level that will be used to classify members into high and low risk categories, allowing the MCP to identify members who have more complex health care needs.

   MCPs are required to complete a risk stratification within 45 days of enrollment for all members including new members, newly CCS-eligible members, or WCM transition members. The risk stratification will assess the member's risk level by:

   - Review of medical utilization and claims processing data, including data received from the county and DHCS;
   - Utilization of existing member assessment or survey data; and
   - Telephonic or in-person communications, if available at time of PRSP.

   Members that do not have any medical utilization data, claims processing data history, or other assessments and/or survey information available will automatically be categorized as high risk until further assessment data is gathered to make an additional risk determination. The PRSP must be submitted to DHCS for review and approval.

2. **Risk Assessment and Individual Care Plan Process**
   MCPs must develop a process to assess a member's current health, including the CCS condition, to ensure that each CCS-eligible member receives case management, care coordination, provider referral, and/or service authorization from a CCS paneled provider; this will be dependent upon the member's designation as high or low risk.

   New Members and Newly CCS-eligible Members Determined High Risk
   Members identified as high risk through the PRSP must be further assessed by telephonic and/or in-person communication or a risk assessment survey within 90 calendar days of enrollment to assist in the development of the member's ICP. Any risk assessment survey created by the MCP for the purposes of WCM is subject to review and approval by DHCS.

   Risk Assessment
   The risk assessment process must address:

   a) General Health Status and Recent Health Care Utilization. This may include, but is not limited to, caretaker self-report of child's health;

Back to Agenda

outpatient, emergency room, or inpatient visits; and school days missed due to illness, over a specified duration of time.

b) Health History. This includes both CCS and non-CCS diagnoses and past surgeries.

c) Specialty Provider Referral Needs.

d) Prescription Medication Utilization.

e) Specialized or Customized Durable Medical Equipment (DME) Needs (if applicable).

f) Need for Specialized Therapies (if applicable). This may include, but is not limited to, physical, occupational, or speech therapies (PT/OT /ST), mental or behavioral health services, and educational or developmental services.

g) Limitations of Activities of Daily Living or Daily Functioning (if applicable).

h) Demographics and Social History. This may include, but is not limited to, member demographics, assessment of home and school environments, and cultural and linguistic assessment.

The risk assessment process must be tailored to each CCS-eligible member's age group. At the MCP's discretion, additional assessment questions may be added to assess the need for or impact of future health care services. These may include, but are not limited to, questions related to childhood developmental milestones; pediatric depression, anxiety or attention deficit screening; adolescent substance use; or adolescent sexual behaviors.

Individual Care Plan
MCPs are required to establish an ICP for all members determined high risk based on the results of the risk assessment process, with particular focus on specialty care, within 90 days of a completed risk assessment survey or other assessment by telephonic and/or in-person communication.[12] The ICP will, at a minimum, incorporate the CCS-eligible member's goals and preferences, and provide measurable objectives and timetables to meet the needs for:

- Medical (primary care and CCS specialty) services;
- Mild to moderate or county specialty mental health services;
- Early and Periodic Screening, Diagnosis, and Treatment (EPSDT);
- County substance use disorder (SUD) or Drug Medi-Cal services;

[12] See WIC Section 14094.11(b)(4), which is available at: http://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.11.&lawCode=WIC

- Home health services;
- Regional center services; and
- Other medically necessary services provided within the MCP network, or, when necessary, by an out-of-network provider.

The ICP will be developed by the MCP care management team and must be completed in collaboration with the CCS-eligible member, member's family, and/or their designated caregiver. The ICP should indicate the level of care the member requires (e.g., no case management, basic case management and care coordination, or complex case management). The ICP should also include the following information, as appropriate, and only if the information has not already been provided as part of another MCP process:[13]

a) Access for families so that families know where to go for ongoing information, education, and support in order that they understand the goals, treatment plan, and course of care for their child or youth and their role in the process, what it means to have primary or specialty care for their child or youth, when it is time to call a specialist, primary, urgent care, or emergency room, what an interdisciplinary team is, and what the community resources are.

b) A primary or specialty care physician who is the primary clinician for the CCS-eligible member and who provides core clinical management functions.

c) Care management and care coordination for the CCS-eligible member across the health care system, including transitions among levels of care and interdisciplinary care teams.

d) Provision of information about qualified professionals, community resources, or other agencies for services or items outside the scope of responsibility of the MCP.

Further, the MCP must reassess the member's risk level and needs annually at their CCS eligibility redetermination or upon significant change to the member's condition.

[13] See WIC Section 14094.11(c), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.11.&lawCode=WIC

New Members and Newly CCS-eligible Members Determined Low Risk
For new members and newly CCS-eligible members identified as lower risk, the MCP must assess the member by telephonic and/or in-person communication within 120 calendar days of their enrollment to determine the member's health care needs. The MCP is still required to provide care coordination and case management services to low risk members.

The MCP must reassess the member's risk level and need annually at their CCS eligibility redetermination or upon significant change to the member's condition.

WCM Transitioning Members
For WCM transition members, the MCP must complete the PRSP within 45 days of transition, to determine each member's risk level, and complete all required telephonic and/or in-person communication and ICPs for high risk members and all required telephonic and/or in-person communication for low risk members within one year. Additionally, the MCP must reassess the member's risk level and need annually at their CCS eligibility redetermination, or upon significant change to the member's condition.

MCPs must submit to DHCS for review and approval a phase-in transition plan establishing a process for completing all required telephonic or in-person communication and ICPs within one year for WCM transition members.

Regardless of the risk level of a member, all communications, whether by phone or mail, must inform the member and/or his or her designated caregiver that the assessment will be provided in a linguistically and culturally appropriate manner and identify the method by which the provider will arrange for an in-person assessment.[14]

MCPs must refer all members, including new members, newly CCS-eligible members and WCM transition members who may have developed a new CCS-eligible condition, immediately to the county for CCS eligibility determination and not wait until the annual CCS medical eligibility redetermination period.

B. Case Management and Care Coordination
MCPs must provide case management and care coordination for CCS-eligible members and their families. MCPs must ensure that information, education and support is continuously provided to the CCS-eligible member and their family to

[14] See APL 99-005, which is available at:
http://www.dhcs.ca.gov/formsandpubs/Documents/MMCDAPLsandPolicyLetters/APL1999/MMCDAPL99005.pdf

assist in their understanding of the CCS-eligible member's health, other available services, and overall collaboration on the CCS-eligible member's ICP. MCPs must also coordinate services identified in the member's ICP, including:[15]

- Primary and preventive care services with specialty care services
- Medical therapy units (MTU)
- EPSDT[16]
- Regional center services
- Home and community-based services

1. **High Risk Infant Follow-Up Program**
   High Risk Infant Follow-Up (HRIF) is a program that helps identify infants who might develop CCS-eligible conditions after they are discharged from a Neonatal Intensive Care Unit (NICU). The MCP is responsible for coordinating and authorizing HRIF services for members and ensuring HRIF case management services. MCPs must notify the counties in writing, within 15 calendar days, of CCS-eligible neonates, infants, and children up to three years of age that lose Medi-Cal coverage for HRIF services, and provide COC information to the members.

2. **Age-Out Planning Responsibility**
   MCPs must establish and maintain a process for preparing members approaching WCM age limitations, including identification of primary care and specialty care providers appropriate to the members' CCS qualifying condition(s).

   MCPs must identify and track CCS-eligible members for the duration of their participation in the WCM program and, for those continue to be enrolled in the same MCP, for at least three years after they age-out of the WCM program.[17]

3. **Pediatric Provider Phase-Out Plan**
   A pediatric phase-out occurs when a treating CCS-paneled provider determines that their services are no longer beneficial or appropriate to the treatment to the child or youth. The MCPs must provide care coordination to

[15] See WIC Section14094.11(b)(1)-(6), which is available at: http://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=WIC&sectionNum=14094.11.
[16] If the scope of the federal EPSDT benefit is more generous than the scope of a benefit discussed in a CCS N.L. or other guidance, the EPSDT standard of what is medically necessary to correct or ameliorate the child's condition must be applied. See APL 18-007, which is available at: http://www.dhcs.ca.gov/formsandpubs/Documents/MMCDAPLsandPolicyLetters/APL2018/APL18-007.pdf
[17] See WIC Section 14094.12(j), which is available at: http://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=WIC&sectionNum=14094.12.

CCS-eligible members in need of an adult provider when the CCS-eligible member no longer requires the service of a pediatric provider. The timing of the transition should be individualized to take into consideration the member's medical condition and the established need for care with adult providers.

C. Continuity of Care

MCPs must establish and maintain a process to allow for members to receive COC with existing CCS provider(s) for up to 12 months, in accordance with WIC Section 14094.13.[18] This APL does not alter the MCP's obligation to fully comply with the requirements of HSC Section 1373.96 and all other applicable APLs regarding COC. The sections below include additional COC requirements that only pertain to the WCM program.

1. Specialized or Customized Durable Medical Equipment

If the MCP member has an established relationship with a specialized or customized durable medical equipment (DME) provider, MCPs must provide access to that provider for up to 12 months.[19] MCPs are required to pay the DME provider at rates that are at least equal to the applicable CCS fee-for-service rates, unless the DME provider and the MCP enter into an agreement on an alternative payment methodology that is mutually agreed upon. The MCP may extend the COC period beyond 12 months for specialized or customized DME still under warranty and deemed medically necessary by the treating provider.[20]

Specialized or Customized DME must meet all of the following criteria:

- Is uniquely constructed or substantially modified solely for the use of the member.
- Is made to order or adapted to meet the specific needs of the member.
- Is uniquely constructed, adapted, or modified such that it precludes use of the DME by another individual and cannot be grouped with other items meant for the same use for pricing purposes.

2. COC Case Management[21]

MCPs must ensure CCS-eligible members receive expert case management,

[18] See WIC Section 14094.13, which is available at: http://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=WIC&sectionNum=14094.13.
[19] See WIC Section 14094.12(f), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.12.&lawCode=WIC
[20] See WIC Section 14094.13(b)(3) is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.13.&lawCode=WIC
[21] See WIC Section 14094.13(e), (f) and (g), which are available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.13.&lawCode=WIC

care coordination, service authorization, and provider referral services. MCPs can meet this requirement by allowing the CCS-eligible member, member's family, or designated caregiver to request COC case management and care coordination from the CCS-eligible member's existing public health nurse (PHN). The member must elect to continue receiving case management from the PHN within 90 days of transition of CCS services to the MCP. In the event the county PHN is unavailable, the MCP must provide the member with a MCP case manager who has received adequate training on the county CCS Program and who has clinical experience with the CCS population or pediatric patients with complex medical conditions.

At least 60 days before the transition of CCS services to the MCP, the MCP must provide a written notice to all CCS-eligible members explaining their right to continue receiving case management and care coordination services The MCP must send a follow-up notice 30 days prior to the start of the transition.

3. **Authorized Prescription Drugs**
   CCS-eligible members transitioning into MCPs are allowed continued use of any currently prescribed prescription drug that is part of their prescribed therapy for the CCS-eligible condition. The CCS-eligible member must be allowed to use the prescribed drug until the MCP and the prescribing physician agree that the particular drug is no longer medically necessary or is no longer prescribed by the county CCS program provider.[22]

4. **Appealing COC Limitations**
   MCPs must provide CCS-eligible members with information regarding the WCM appeal process for COC limitations, in writing, 60 days prior to the end of their authorized COC period. The notice must explain the member's right to petition the MCP for an extension of the COC period, the criteria used to evaluate the petition, and the appeals process if the MCP denies the petition.[23] The appeals process notice must include the following information:

   - The CCS-eligible member must first appeal a COC decision with the MCP.
   - A CCS-eligible member, member's family or designated caregiver of the CCS-eligible member may appeal the COC limitation to the DHCS director or his or her designee after exhausting the MCP's appeal process.

[22] See WIC Section 14094.13(d)(2), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.13.&lawCode=WIC
[23] See WIC Section 14094.13(k), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.13.&lawCode=WIC

- The DHCS director or designee will have five (5) days from the date of appeal to inform the family or caregiver of receipt of the request and must provide a decision on the appeal within 30 calendar days from the date of the request. If the member's health is at risk, the DHCS director or designee will inform the member of the decision within 72 hours.[24]

In addition to the protections set forth above, MCP members also have COC rights under current state law.

D. Grievance, Appeal, and State Fair Hearing Process

MCPs must ensure members are provided information on grievances, appeals and state fair hearing processes. CCS-eligible members enrolled in managed care are provided the same grievance, appeal and state fair hearing rights as provided under state and federal law.[25] MCPs must provide timely processes for accepting and acting upon member complaints and grievances. Members appealing a CCS eligibility determination must appeal to the county CCS program.

E. Transportation

MCPs must provide the CCS Maintenance and Transportation (M&T) benefit for CCS-eligible members or the member's family seeking transportation to a medical service related to their CCS-eligible condition when the cost of M&T presents a barrier to accessing authorized CCS services. M&T services include meals, lodging, and other necessary costs (i.e. parking, tolls, etc.), in addition to transportation expenses, and must comply with all requirements listed in N.L. 03-0810.[26] These services include, but are not limited to, M&T for out of county and out of state services.

MCPs must also comply with all requirements listed in APL 17-010[27] for CCS-eligible members to obtain non-emergency medical transportation (NEMT) and non-medical transportation (NMT) for all other services not related to their CCS-eligible condition or if the member requires standard transportation that does not require M&T.

---

[27] APL 17-010 is available at:
http://www.dhcs.ca.gov/formsandpubs/Documents/MMCDAPLsandPolicyLetters/APL2017/APL17-010.pdf

F. Out-of-Network Access

MCPs must allow CCS-eligible members access to out-of-network providers in order to obtain medically necessary services if the MCP has no specialists that treat the CCS-eligible condition within the MCP's provider network or if in-network providers are unable to meet timely access standards. CCS-eligible members and providers are required to follow the MCP's authorization policy and procedures to obtain appropriate approvals before accessing an out-of-network provider. MCPs must ensure that CCS-eligible members requesting services from out-of-network providers are provided accurate information on how to request and seek approval for out-of-network services. MCPs cannot deny out-of-network services based on cost or location. Transportation must be provided for members obtaining out-of-network services.

G. Advisory Committees

MCPs must establish a quarterly Family Advisory Committee (FAC) for CCS families composed of a diverse group of families that represent a range of conditions, disabilities, and demographics. The FAC must also include local providers, including, but not limited to, parent centers, such as family resource centers, family empowerment centers, and parent training and information centers.[28] Members serving on this advisory committee may receive a reasonable per diem payment to enable in-person participation in the advisory committee.[29] A representative of this committee will be invited to serve as a member of the statewide DHCS CCS stakeholder advisory group.

MCPs must also establish a quarterly Clinical Advisory Committee composed of the MCP's chief medical officer or equivalent, the county CCS medical director, and at least four CCS-paneled providers to advise on clinical issues relating to CCS conditions.[30]

III. WCM Payment Structure

A. Payment and Fee Rate

MCPs are required to pay providers at rates that are at least equal to the applicable CCS fee-for-service rates, unless the provider and the MCP enter into

---

[28] See WIC Section 14094.7(d)(3), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.7.&lawCode=WIC
[29] See WIC Section 14094.17(b)(2), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.17.&lawCode=WIC
[30] See WIC Section 14094.17(a), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.17.&lawCode=WIC

an agreement on an alternative payment methodology that is mutually agreed upon.[31]

The payor for NICU services is as follows: an MCP shall pay for NICU services in counties where NICU is carved into the MCP's rate, and DHCS shall pay in counties where NICU is carved out of the MCP's rate.[32]

For WCM counties, all NICU authorizations will be sent to the MCP in which the child is enrolled. The MCP will review authorizations and determine whether or not the services meet CCS NICU requirements. However, claims may be processed and paid by either DHCS or the MCP.

In counties where CCS NICU is carved into the MCP's rate, the MCP will pay all NICU and CCS NICU claims. For counties where CCS is currently carved-out, the MCP will process and pay non-CCS NICU claims, and the State's Fiscal Intermediary will pay CCS NICU claims. Payments made by State's Fiscal Intermediary will be based on the MCP's approval of meeting CCS NICU requirements.

The chart below identifies the entity responsible for NICU acuity assessment, authorization, and payment function activities for WCM:

CCS NICU	NICU Acuity Assessment	Authorization	Payor (Facility/ Physician)
Carved-In Counties: Marin, Merced, Monterey, Napa, San Luis Obispo, San Mateo, Santa Barbara, Santa Cruz, Solano, and Yolo	MCP	MCP	MCP

[31] See WIC Section 14094.16(b), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=WIC&sectionNum=14094.16.
[32] See the Division of Responsibility chart

Back to Agenda

CCS NICU	NICU Acuity Assessment	Authorization	Payor (Facility/ Physician)
Carved-Out: Del Norte, Humboldt, Lake, Lassen, Mendocino, Modoc, Orange, Shasta, Siskiyou, Sonoma, and Trinity	MCP	MCP	DHCS

IV. MCP Responsibilities to DHCS

A. Network Certification

MCPs are required to have an adequate network of providers to serve the CCS-eligible population including physicians, specialists, allied professionals, Special Care Centers, hospitals, home health agencies, and specialized and customizable DME providers. Each network of providers will be reviewed by DHCS and certified annually.

The certification requires the MCP and their delegated entities to submit updated policies and procedures and an updated provider network template to ensure the MCP's network of providers meets network adequacy requirements as described in the Network Certification APL Attachments.[33]

MCPs must demonstrate that the provider network contains an adequate provider overlap with CCS-paneled providers. MCPs must submit provider network documentation to DHCS, as described in APL 18-005. Members cannot be limited to a single delegated entity's provider network. The MCP must ensure members have access to all medically necessary CCS-paneled providers within the MCP's entire provider network. MCPs must submit policies and procedures to DHCS no later than 105 days before the start of the contract year.

B. CCS Paneling and Provider Credentialing Requirements

Physicians and other provider types must be CCS-paneled with full or provisional

[33] APL 18-005 and its attachments are available at: http://www.dhcs.ca.gov/formsandpubs/Pages/AllPlanLetters.aspx

approval status.[34] MCPs cannot panel CCS providers; however, they must ensure that CCS providers in their provider network have an active panel status. MCPs should direct providers who need to be paneled to the CCS Provider Paneling website.[35] The MCPs can view the DHCS CCS-paneled provider list online to ensure providers are credentialed and continue contracting with additional CCS-paneled providers.[36]

MCPs are required to verify the credentials of all contracted CCS-paneled providers to ensure the providers are actively CCS-paneled and authorized to treat CCS-eligible members. The MCP's written policies and procedures must follow the credentialing and recredentialing guidelines of APL 17-019.[37] MCPs must develop and maintain written policies and procedures that pertain to the initial credentialing, recredentialing, recertification, and reappointment of providers within their network.

C. Utilization Management

MCPs must develop, implement, and update, as needed, a utilization management (UM) program that ensures appropriate processes are used to review and approve medically necessary covered services. MCPs are responsible for ensuring that the UM program includes the following items:[38]

- Procedures for pre-authorization, concurrent review, and retrospective review.
- A list of services requiring prior authorization and the utilization review criteria.
- Procedures for the utilization review appeals process for providers and members.
- Procedures that specify timeframes for medical authorization.
- Procedures to detect both under- and over-utilization of health care services.

In addition to the UM processes above, MCPs are responsible for conducting NICU acuity assessments and authorizations in all WCM counties.[39]

---

D. MCP Reporting Requirements

1. Quality Performance Measures

DHCS will develop pediatric plan performance standards and measurements, including health outcomes of children with special health care needs. MCPs are required to report data on the identified performance measures in a form and manner specified by DHCS.

2. Reporting and Monitoring

DHCS will develop specific monitoring and oversight standards for MCPs. MCPs are required to report WCM encounters as outlined in the most recent DHCS Companion Guide for X12 Standard File Format for encounter data reporting. MCPs are also required to report all contracted CCS-paneled providers as outlined in the most recent DHCS Companion Guide for X12 Standard File Format for provider network data. Both companions guides can be attained by emailing the Encounter Data mailbox at MMCDEncounterData@dhcs.ca.gov. MCPs must submit additionally required data in a form and manner specified by DHCS and must comply with all contractual requirements.

E. Delegation of Authority

In addition to the requirements of this APL, MCPs are responsible for complying with, and ensuring that their delegates also comply with, all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including other APLs, Policy Letters, and Dual Plan Letters. Each MCP must communicate these requirements to all delegated entities and subcontractors. In addition, MCPs must comply with all requirements listed in APL 17-004.[40] If you have any questions regarding this APL, please contact your Managed Care Operations Division contract manager.

Sincerely,

Original signed by Nathan Nau

Nathan Nau, Chief
Managed Care Quality and Monitoring Division

Back to Agenda

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken May 2, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

5. Consider Approval of Modifications to CalOptima's Policy and Procedure Related to CalOptima's Whole-Child Model Program

Contact

David Ramirez, M.D., Chief Medical Officer, (714) 246-8400
Tracy Hitzeman, Executive Director, Clinical Operations (714) 246-8400

Recommended Actions

Authorize the Chief Executive Officer (CEO) to modify existing Policy and Procedure in connection with Whole-Child Model program as follows:

A. GG.1502: Criteria and Authorization Process for Durable Medical Equipment (DME), Excluding Wheelchairs [Medi-Cal, OneCare, OneCare Connect].

Background and Discussion

The California Children's Services (CCS) is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children under age 21 who meet eligibility criteria based on financial and medical conditions. Department of Health Care Services (DHCS) is incorporating CCS services into Medi-Cal Managed Care Plan (MCP) contracts for County Organized Health Systems (COHS) on a phased-in basis.

On November 9, 2018, DHCS delayed the implementation of Orange County's transition of the CCS program to WCM from January 1, 2019 to no sooner than July 1, 2019. Based on CalOptima's sizable CCS-eligible population and the complexity of our delegated delivery system, DHCS determined that more time is needed to ensure effective preparation and a robust number of CCS-paneled providers. Additionally, on December 23, 2018, DHCS released All Plan Letter (APL) 18-023 California Children's Services Whole-Child Model, which superseded the APL originally published on June 28, 2018, and included clarifying language and new guidance regarding Neonatal Intensive Care Unit (NICU), High Risk Infant Follow-up (HRIF) program, pediatric palliative care, and continuity of care appeals.

Below is additional information regarding the modified policy which includes revisions related to WCM as well as clarification related to existing operations:

A. GG.1502: Criteria and Authorization Process for Durable Medical Equipment (DME), Excluding Wheelchairs outlines the criteria and process for coverage of durable medical equipment (DME) for a member, excluding wheelchair rental, purchase, and repairs. CalOptima revised this policy pursuant to the CalOptima review process to ensure alignment with current operations to include continuity of care with a specialized or customized DME provider for up to 12 months in accordance with CalOptima Policy GG.1325: Continuity of Care for Members Transitioning into CalOptima Services. This policy is in alignment with the California Children's Services Whole Child Model program requirements.

Back to Agenda

Additional policies are expected to be submitted for Board approval at a later time.

Fiscal Impact
Management will include all projected revenues and expenses associated with the WCM program in the Fiscal Year 2019-20 Operating Budget. Therefore, the fiscal impact of the recommended action to modify CalOptima Policy GG.1502 is a budgeted item and is not expected to have an additional fiscal impact in the current year.

Rationale for Recommendation
To ensure CalOptima meets all requirements of the Whole-Child Model program, approval of the requested action is recommended.

Concurrence
Gary Crockett, Chief Counsel

Attachments
1. GG.1502: Criteria and Authorization Process for Durable Medical Equipment (DME), Excluding Wheelchairs [Medi-Cal, OneCare, OneCare Connect]
2. GG.1325: Continuity of Care for Members Transitioning into CalOptima Service [Medi-Cal]
3. DHCS All Plan Letter 18-023 California Children's Services Whole-Child Model Program

/s/ Michael Schrader — *4/24/2019*
Authorized Signature — **Date**

Back to Agenda

Policy #:	GG.1502
Title:	**Criteria and Authorization Process for Durable Medical Equipment (DME), Excluding Wheelchairs**
Department:	Medical Affairs
Section:	Utilization Management
CEO Approval:	Michael Schrader _____
Effective Date:	01/01/2000
~~Last Review Date:~~	~~08/01/17~~
~~Last~~ Revised Date:	05/02/2019~~08/01/17~~
Applicable to:	☒ Medi-Cal ☒ OneCare ☒ OneCare Connect

I. PURPOSE

This policy defines the criteria and process for coverage of **Durable Medical Equipment (DME)** for a **Member**, excluding wheelchair rental, purchase, and repairs.

II. POLICY

A. CalOptima or a **Health Network** shall provide **DME** for a **Member** when **Medically Necessary**.

B. CalOptima or a **Health Network** shall define **Medically Necessary** as reasonable and necessary to protect life, to prevent significant illness or significant disability, or to alleviate severe pain. Therefore, **DME** prescribed for a **Member** may be a **Covered Service** when it is **Medically Necessary** to:

1. Preserve bodily functions essential to **Activities of Daily Living (ADL)** or to prevent significant physical disability; or

2. Improve the medical status or functional ability of a **Member** through the stabilization of the **Member's** condition or the prevention of additional deterioration of the **Member's** medical status, or functional ability.

C. The following items are not **Covered Services**:

1. Modification of automobiles or other highway motor vehicles, with the exception of **Automobile Orthopedic Positioning Devices (AOPDs)**, in accordance with CalOptima Policy GG.1515: Criteria for Medically Necessary Automobile Orthopedic Positioning Devices;

2. Alterations or improvements to real property, except when authorized for home dialysis services;

3. Books or other items of a primarily educational nature;

4. Air conditioners, air filters or heaters;

5. Food blenders;

6. Reading lamps or other lighting devices;

DRAFT

Back to Agenda

7. Bicycles, tricycles, or exercise equipment, except as otherwise permitted in this Ppolicy;

8. Television sets;

9. Orthopedic mattresses, recliners, rockers, seat lift chairs (for Medi-Cal only), or other furniture items;

10. Waterbeds;

11. Household items;

12. Items required solely for, educational, or vocational needs; and

13. Other items not generally used primarily for health care and which are regularly and primarily used by an individual who does not have a specific medical need for such item.

D. CalOptima or a **Health Network** shall not grant an authorization for **DME**, if a household or furniture item will adequately serve the **Member's** medical needs.

E. CalOptima or a **Health Network** shall limit authorization for **DME** to the lowest cost item that meets a **Member's** medical needs.

F. If a **Member** has a speech, language or hearing disorder, CalOptima, or a **Health Network**, shall authorize an Augmentation and Alternative Communication Device (AAC) for the **Member** when the following conditions are met:

1. A licensed speech and language pathologist conducts an assessment of the **Member's** medical need for AAC.

2. A physical or occupational therapist conducts an assessment of the **Member's** medical need for AAC if the **Member** has physical limitations which may impact his or her ability to use the AAC.

G. CalOptima or a **Health Network** will provide **Continuity of Care** with a **Specialized or Customized Durable Medical Equipment (DME)** provider for up to twelve (12) months, in accordance with CalOptima Policy GG.1325: Continuity of Care for Members Transitioning into CalOptima Services.

~~G.~~H. CalOptima or a **Health Network** may authorize the following **DME** for a **Member** who is an inpatient in a **Skilled Nursing Facility (SNF)** or **Intermediate Care Facility (ICF)**:

1. Equipment that is necessary for the continuous care and unusual medical needs of the **Member**. A **Member** may be considered to have unusual medical needs if a disease or medical condition is exacerbated by physical characteristics such as height, weight, and build. Physical characteristics, as such, shall not constitute an unusual medical condition.

2. Canes, crutches, wheelchair cushions, and walkers that are custom made or modified to meet the unusual medical needs of the **Member** and the need is expected to be permanent.

3. Suction and position pressure apparatuses that a **Member** will continuously use or must be immediately available to the **Member** for one (1) month or more.

~~H.~~I. CalOptima or a **Health Network** shall authorize **DME** for a **Member**, in accordance with the following provisions:

1. A **Practitioner** shall obtain prior authorization for the following:

   a. Purchase of **DME** when the ~~cumulative~~total cost of items purchased within a **DME** category group exceeds five hundred dollars ($500) within one (1) calendar month;

   b. Repair or maintenance of **DME** when the ~~cumulative~~total cost of the repair and maintenance of items within a **DME** category group exceeds five hundred dollars ($500) within one (1) calendar month. The cost of repairs shall not exceed the replacement value of the item being repaired;

   c. Rental of **DME** when the ~~cumulative~~total cost of renting items within a **DME** category group exceeds five hundred dollars ($500) within a fifteen (15) month period. This includes any daily amount that an individual item, or combination of a similar group of items, exceeds the five hundred dollar ($500) threshold. The fifteen (15) month period begins on the date the first item is rented;

   ~~d. Provision of oxygen when more than the equivalent of two (2) H tanks are provided during one (1) calendar month; and~~

   d. Rental or purchase of an oxygen delivery system;

   e. Purchase, rental, repair, or maintenance of any unlisted devices or equipment, regardless of the dollar amount for any individual item or the ~~cumulative~~total cost.

2. CalOptima or a **Health Network** may audit **DME** authorization requests for appropriateness and accuracy, as necessary.

~~I.~~J. A **Member** is responsible for the appropriate use and care of **DME** purchased for the **Member's** benefit.

~~J.~~K. A **DME** provider shall ensure that the **DME** provided to a **Member** is appropriate for the **Member's** medical needs. A **DME** provider shall, at no cost to CalOptima, or a **Health Network**, adjust, modify, or replace the **DME**, as necessary, when the **DME** provided does not:

1. Meet the **Member's** medical needs and the **Member's** medical condition has not changed since the date the **DME** was originally provided; or

2. Meet the **Member's** functional needs when in actual use.

K. CalOptima or a **Health Network** shall consider **DME** to be purchased when previously paid rental charges equal the maximum allowable purchase price of the rented **DME**. CalOptima, or the **Health Network**, shall provide no further reimbursement to the **DME** provider for the use of such **DME**, unless payment is for the subsequent repair and maintenance of the **DME**, as authorized by CalOptima, or the **Health Network**.

L. Effective no sooner than July 1, 2019, CalOptima or a **Health Network** shall be responsible for authorization and claims processing for the rental, purchase and repair of **Specialized or Customized DME** for Whole Child Model (WCM) **Members** whose custom **DME** is **Medically Necessary** to treat or ameliorate the effects of their **California Children's Services (CCS)-eligible Condition**. **Specialized or Customized DME** may include, but is not limited, to devices to assist

in standing, ambulating, or positioning parts of the body to improve or maintain function, or to prevent the development of conditions that may result from inadequate support or positioning of the individual's anatomy.

M. With respect to the WCM program, CalOptima and the **Health Networks** shall ensure compliance with all current and applicable:

1. State and federal laws and regulations, as well as contractual requirements;

2. California Department of Health Care Services (DHCS) guidance, including All Plan Letter 18-023: California Children's Services Whole Child Model;

3. CCS programs guidelines, including CCS program regulations, regulations related to WCM program. CCS Numbered Letters, and CCS program information notices, in developing criteria for use by their respective chief medical officer or the equivalent and any other care management staff.

a. When applicable CCS clinical guidelines to not exist, CalOptima and the **Health Networks** shall use evidence-based guidelines or treatment protocols that are medically appropriate given the **Member's CCS-eligible condition**.

b. Any CCS Numbered Letters that fall within the Index Category of Authorizations/Benefits, as identified by DHCS, are applicable to CalOptima and the **Health Networks**. For these applicable CCS Numbered Letters, including those referenced in Section V. of this Policy, CalOptima and the **Health Network** shall assume the role of the county or state CCS program as described in the CCS Numbered Letters.

III. PROCEDURE

A. A **Practitioner** shall identify a **Member** who has a **Medical Necessity** for **DME** and issue a written prescription to the **Member** for the purchase, rental, repair, or maintenance of the **DME**. Such prescription shall include:

1. Full name, address, telephone number, and signature of the prescribing **PCP**, or **Provider**;

2. Date of prescription;

3. Specific item(s) prescribed;

4. Estimated length of time the **DME** is determined to be **Medically Necessary**; and

5. **Member's** medical condition or diagnosis necessitating the **DME**, including:

a. **Member's** medical status and functional limitation(s); and

b. Description of how the requested **DME** is expected to improve the medical status or functional ability of the **Member**, stabilize the **Member's** medical condition, or prevent additional deterioration of the **Member's** medical status or functional ability.

B. A **Practitioner** shall obtain authorization to provide **DME** to a **Member** by submitting a request form with a copy of the signed and dated prescription to the CalOptima Utilization Management (UM) Department, or a **Health Network**.

1. For a **CalOptima Direct** or **CalOptima Community Network (CCN) Member**, the **Practitioner** shall submit a CalOptima Authorization Request Form (ARF), in accordance with CalOptima Policy GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers.

2. For a **Health Network Member**, the **Practitioner** shall follow the **Health Network's** authorization procedures.

3. A **Practitioner** shall include the following information, at a minimum, in the authorization request for **DME** submitted to CalOptima, or a **Health Network**:

    a. Date of request;

    b. **Member's** name, appropriate health care identification, or, and address;

    c. Medical justification for the requested **DME**;

    d. Description of the **DME**, including:

        i. Manufacturer name, model type or serial number, and purchase price;

        ii. Product description;

        iii. Monthly rental charge, if applicable, and whether it may be applied toward the purchase of the **DME**;

        iv. Billing and procedure codes; and

        v. Estimated length of need, whether rental or purchase is requested, and associated charges.

    e. **DME Provider's** name, address, telephone number, contact name and telephone number, and National Provider Identification (NPI) number; and

    f. Copy of prescription containing the information required as set forth in Section III.A. of this Policy.

4. For unlisted **DME** requests, a **Provider** shall provide the documentation as set forth in Section III.B.3. of this Policy and copies of catalog pages and medical justification to substantiate the reason(s) a listed item is insufficient to meet the **Member's** medical needs.

C. CalOptima or a **Health Network** shall review the authorization request submitted by a **Member's Provider**. If the authorization request is incomplete, CalOptima, or a **Health Network**, shall require the **PCP**, or **Provider**, to provide additional information.

D. A **Member** may appeal a CalOptima or **Health Network** decision to a requested service in accordance with CalOptima Policies GG.1510: Appeal Process for Decisions Regarding Care and Services, MA.9003: Standard Service Appeal, and CMC.9003: Standard Appeal.

E. Medical Therapy Program - California Children's Services (CCS)/Whole Child Model Program (WCM) **Members**:

1. Effective no sooner than July 1, 2019, for Members eligible with the CCS Program who participate in the Orange County CCS Medical Therapy Program (MTP), the MTP shall submit all requests for **Specialized or Customized DME** and **Specialized or Customized DME** repairs with a total cost of over five hundred dollars ($500) to CalOptima. The request will include:

    a. Completed Custom DME Authorization Referral Form;

    b. Signed prescription/provider order for the requested **Specialized or Customized DME**;

        i. The provider order must be prescribed by a CCS-paneled physician who is approved to treat the child's **CCS eligible medical condition**, and who has examined the child within six (6) months.

        ii. If the recommending or prescribing physician is not a CCS-paneled physician approved to treat the child's **CCS eligible medical condition**, the request shall be reviewed by the CCS-approved paneled physician for concurrence prior to submission for authorization; and

    c. Vendor specifications that have been reviewed/confirmed by Medical Therapy Unit (MTU) therapist/supervisor.

2. CalOptima will review and triage these requests to CalOptima Utilization Management/Prior Authorization Department or the **Health Network** staff via secure communication for review and processing.

3. If a referral for **Specialized or Customized DME** or **Specialized or Customized DME** repair for a CCS-eligible Member is received by CalOptima or a **Health Network** directly from a vendor and not from the MTU, the request will be denied, and the **Member** referred to the MTU for evaluation.

4. If the **Member** requests **Specialized or Customized DME** or **Specialized or Customized DME** repair that the MTU does not recommend, the MTU will notify CalOptima who will issue or instruct the **Health Network** to issue the appropriate Notice of Action letter.

5. For **Specialized or Customized DME** or **Specialized or Customized DME** repairs that are covered and recommended by the MTU and are in accordance with the current and applicable CCS numbered letter, CalOptima or a **Health Network** will approve the request in accordance with CalOptima Policy GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers and CalOptima Policy GG.1508: Authorization and Processing of Referrals.

6. Following approval, CalOptima or a Health Network will notify the requesting provider, the Member's MTP and Specialized or Customized DME Provider within standard prior authorization turn around-time requirements for Specialized or Customized DME requests.

F. Effective July 1, 2019, for CCS-eligible Members who are not eligible with Orange County CCS MTP, **Specialized or Customized DME**-related requests will be processed by the **Member's Health Network** consistent with evidence-based medical necessity guidelines and current, applicable CCS numbered letters that define **medical necessity** criteria, except with regard to **Continuity of Care** as described in Section III.F. of this Policy

G. CalOptima or a **Health Network** shall provide **Continuity of Care** for a **Member** eligible with the CCS Program and transitioned into the WCM program with a **Specialized or Customized DME** provider for up to twelve (12) months, in accordance with CalOptima Policy GG.1325: Continuity of Care for Members Transitioning into CalOptima Services. For **Specialized or Customized DME** under warranty, the **Continuity of Care** period may be extended to the duration of the warranty when deemed **Medically Necessary** by the treating provider.

IX. GLOSSARY

Term	Definition
Activities of Daily Living (ADL)	Personal everyday activities including, but not limited to, tasks such as eating, toileting, grooming, dressing, and bathing.
Augmentation and Alternative Communication Device (AAC)	A set of tools and strategies that a Member uses to solve everyday communicative challenges, including but not limited to, speech, a shared glance, text, gestures, facial expressions, touch, sign language, symbols, pictures and speech-generating devices.
Automobile Orthopedic Positioning Device (AOPD)	A non-standard positioning device (car seat and/or harness/vest) for use in a motor vehicle. An AOPD is designed to hold a larger child (over 40 pounds or over 40 inches in length) who requires positioning options such as pads that assist in head and trunk positioning while being transported in a motor vehicle.
California Children's Services (CCS)	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible individuals under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR) Sections 41515.2 through 41518.9
California Children's Services Eligible Conditions	Chronic medical conditions, including but not limited to, cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries and infectious disease producing major sequelae as defined in Title 22, California Code of Regulations sections 41515.2 through 41518.9.
CalOptima	For purposes of this policy, CalOptima means CalOptima Direct and CalOptima Community Network (CCN).
CalOptima Direct	A direct health care program operated by CalOptima that includes both COD- Administrative (COD-A) and CalOptima Community Network (CCN) and provides services to Members who meet certain eligibility criteria as described in Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.
Continuity of Care	Services provided to a Member rendered by an out-of-network provider with whom the Member has pre-existing provider relationship.

Term	Definition
Covered Services	Medi-Cal: Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as Covered Services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), which shall be covered for Members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program. OneCare: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Centers for Medicare & Medicaid Services (CMS) Contract. OneCare Connect: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the three-way agreement with the Department of Health Care Services and Centers for Medicare & Medicaid Services (CMS).
Disability	A physical or mental condition that limits a person's movements, senses, or activities.
Durable Medical Equipment	Any equipment that is prescribed by a licensed practitioner to meet the medical equipment needs of the patient that: (a) can withstand repeated use; (b) is used to serve a medical purpose; (c) is not useful to a Member in the absence of an illness, injury functional impairment, or congenital anomaly; and (d) is appropriate for use in or out of the Member's home.
Health Network	For purposes of this policy, a Health Network is a Physician Medical Group (PMG), Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Medically Necessary or Medical Necessity	Reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury.
Member	An enrollee/beneficiary of a CalOptima program.
Practitioner	A licensed independent practitioner including, but not limited to, a Doctor of Medicine (MD), Doctor of Osteopathy (DO), Doctor of Podiatric Medicine (DPM), Doctor of Chiropractic Medicine (DC), Doctor of Dental Surgery (DDS), Doctor of Psychology (PhD or PsyD), Licensed Clinical Social Worker (LCSW), Marriage and Family Therapist (MFT or MFCC), Nurse Practitioner (NP), Nurse Midwife, Physician Assistant (PA), Optometrist (OD), Registered Physical Therapist (RPT), Occupational Therapist (OT), or Speech and Language Therapist, furnishing Covered Services.

Term	Definition
Primary Care Practitioner/Physician (PCP)	A Practitioner/Physician responsible for supervising, coordinating, and providing initial and primary care to Members and serves as the medical home for Members. The PCP is a general practitioner, internist, pediatrician, family practitioner, or obstetrician/gynecologist (OB/GYN). For Members who are Seniors or Persons with Disabilities, "Primary Care Practitioner" or "PCP" shall additionally mean any Specialist Physician who is a Participating Provider and is willing to perform the role of the PCP. A PCP may also be a non-physician Practitioner (e.g., Nurse Practitioner [NP], Nurse Midwife, Physician Assistant [PA]) authorized to provide primary care services under supervision of a physician. For SPD beneficiaries, a PCP may also be a specialist or clinic in accordance with W & I Code 14182(b)(11).
Provider	A physician, pharmacist, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, health maintenance organization, Health Network, Physician Medical Group, or other person or institution who furnishes Covered Services.
Specialized and Customized Durable Medical Equipment	DME that is uniquely constructed from raw materials or substantially modified from the base material solely for the full-time use of a specific Member, according to a physician's description and orders; is made to order or adapted to meet the specific needs of the Member; and is so uniquely constructed, adapted, or modified that it is unusable by another individual, and is so different from another item used for the same purpose that the two could not be grouped together for pricing purposes.

Policy #:	GG.1502
Title:	**Criteria and Authorization Process for Durable Medical Equipment (DME), Excluding Wheelchairs**
Department:	Medical Affairs
Section:	Utilization Management
CEO Approval:	Michael Schrader _____
Effective Date:	01/01/2000
Revised Date:	05/02/2019
Applicable to:	☒ Medi-Cal ☒ OneCare ☒ OneCare Connect

I. PURPOSE

This policy defines the criteria and process for coverage of **Durable Medical Equipment (DME)** for a **Member**, excluding wheelchair rental, purchase, and repairs.

II. POLICY

A. CalOptima or a **Health Network** shall provide **DME** for a **Member** when **Medically Necessary**.

B. CalOptima or a **Health Network** shall define **Medically Necessary** as reasonable and necessary to protect life, to prevent significant illness or significant disability, or to alleviate severe pain. Therefore, **DME** prescribed for a **Member** may be a **Covered Service** when it is **Medically Necessary** to:

1. Preserve bodily functions essential to **Activities of Daily Living (ADL)** or to prevent significant physical disability; or

2. Improve the medical status or functional ability of a **Member** through the stabilization of the **Member's** condition or the prevention of additional deterioration of the **Member's** medical status, or functional ability.

C. The following items are not **Covered Services**:

1. Modification of automobiles or other highway motor vehicles, with the exception of **Automobile Orthopedic Positioning Devices (AOPDs)**, in accordance with CalOptima Policy GG.1515: Criteria for Medically Necessary Automobile Orthopedic Positioning Devices;

2. Alterations or improvements to real property, except when authorized for home dialysis services;

3. Books or other items of a primarily educational nature;

4. Air conditioners, air filters or heaters;

5. Food blenders;

6. Reading lamps or other lighting devices;

DRAFT

Back to Agenda

7. Bicycles, tricycles, or exercise equipment, except as otherwise permitted in this Policy;

8. Television sets;

9. Orthopedic mattresses, recliners, rockers, seat lift chairs (for Medi-Cal only), or other furniture items;

10. Waterbeds;

11. Household items;

12. Items required solely for, educational, or vocational needs; and

13. Other items not generally used primarily for health care and which are regularly and primarily used by an individual who does not have a specific medical need for such item.

D. CalOptima or a **Health Network** shall not grant an authorization for **DME**, if a household or furniture item will adequately serve the **Member's** medical needs.

E. CalOptima or a **Health Network** shall limit authorization for **DME** to the lowest cost item that meets a **Member's** medical needs.

F. If a **Member** has a speech, language or hearing disorder, CalOptima, or a **Health Network**, shall authorize an Augmentation and Alternative Communication Device (AAC) for the **Member** when the following conditions are met:

1. A licensed speech and language pathologist conducts an assessment of the **Member's** medical need for AAC.

2. A physical or occupational therapist conducts an assessment of the **Member's** medical need for AAC if the **Member** has physical limitations which may impact his or her ability to use the AAC.

G. CalOptima or a **Health Network** will provide **Continuity of Care** with a **Specialized or Customized Durable Medical Equipment (DME)** provider for up to twelve (12) months, in accordance with CalOptima Policy GG.1325: Continuity of Care for Members Transitioning into CalOptima Services.

H. CalOptima or a **Health Network** may authorize the following **DME** for a **Member** who is an inpatient in a **Skilled Nursing Facility (SNF)** or **Intermediate Care Facility (ICF)**:

1. Equipment that is necessary for the continuous care and unusual medical needs of the **Member**. A **Member** may be considered to have unusual medical needs if a disease or medical condition is exacerbated by physical characteristics such as height, weight, and build. Physical characteristics, as such, shall not constitute an unusual medical condition.

2. Canes, crutches, wheelchair cushions, and walkers that are custom made or modified to meet the unusual medical needs of the **Member** and the need is expected to be permanent.

3. Suction and position pressure apparatuses that a **Member** will continuously use or must be immediately available to the **Member** for one (1) month or more.

I. CalOptima or a **Health Network** shall authorize **DME** for a **Member**, in accordance with the following provisions:

1. A **Practitioner** shall obtain prior authorization for the following:

   a. Purchase of **DME** when the total cost of items purchased within a **DME** category group exceeds five hundred dollars ($500) within one (1) calendar month;

   b. Repair or maintenance of **DME** when the total cost of the repair and maintenance of items within a **DME** category group exceeds five hundred dollars ($500) within one (1) calendar month. The cost of repairs shall not exceed the replacement value of the item being repaired;

   c. Rental of **DME** when the total cost of renting items within a **DME** category group exceeds five hundred dollars ($500) within a fifteen (15) month period. This includes any daily amount that an individual item, or combination of a similar group of items, exceeds the five hundred dollar ($500) threshold. The fifteen (15) month period begins on the date the first item is rented;

   d. Rental or purchase of an oxygen delivery system;

   e. Purchase, rental, repair, or maintenance of any unlisted devices or equipment, regardless of the dollar amount for any individual item or the total cost.

2. CalOptima or a **Health Network** may audit **DME** authorization requests for appropriateness and accuracy, as necessary.

J. A **Member** is responsible for the appropriate use and care of **DME** purchased for the **Member's** benefit.

K. A **DME** provider shall ensure that the **DME** provided to a **Member** is appropriate for the **Member's** medical needs. A **DME** provider shall, at no cost to CalOptima, or a **Health Network**, adjust, modify, or replace the **DME**, as necessary, when the **DME** provided does not:

1. Meet the **Member's** medical needs and the **Member's** medical condition has not changed since the date the **DME** was originally provided; or

2. Meet the **Member's** functional needs when in actual use.

K. CalOptima or a **Health Network** shall consider **DME** to be purchased when previously paid rental charges equal the maximum allowable purchase price of the rented **DME**. CalOptima, or the **Health Network**, shall provide no further reimbursement to the **DME** provider for the use of such **DME**, unless payment is for the subsequent repair and maintenance of the **DME**, as authorized by CalOptima, or the **Health Network**.

L. Effective no sooner than July 1, 2019, CalOptima or a **Health Network** shall be responsible for authorization and claims processing for the rental, purchase and repair of **Specialized or Customized DME** for Whole Child Model (WCM) **Members** whose custom **DME** is **Medically Necessary** to treat or ameliorate the effects of their **California Children's Services (CCS)-eligible Condition**. **Specialized or Customized DME** may include, but is not limited, to devices to assist in standing, ambulating, or positioning parts of the body to improve or maintain function, or to prevent the development of conditions that may result from inadequate support or positioning of the individual's anatomy.

M. With respect to the WCM program, CalOptima and the **Health Networks** shall ensure compliance with all current and applicable:

1. State and federal laws and regulations, as well as contractual requirements;

2. California Department of Health Care Services (DHCS) guidance, including All Plan Letter 18-023: California Children's Services Whole Child Model;

3. CCS programs guidelines, including CCS program regulations, regulations related to WCM program. CCS Numbered Letters, and CCS program information notices, in developing criteria for use by their respective chief medical officer or the equivalent and any other care management staff.

    a. When applicable CCS clinical guidelines to not exist, CalOptima and the **Health Networks** shall use evidence-based guidelines or treatment protocols that are medically appropriate given the **Member's CCS-eligible condition**.

    b. Any CCS Numbered Letters that fall within the Index Category of Authorizations/Benefits, as identified by DHCS, are applicable to CalOptima and the **Health Networks**. For these applicable CCS Numbered Letters, including those referenced in Section V. of this Policy, CalOptima and the **Health Network** shall assume the role of the county or state CCS program as described in the CCS Numbered Letters.

III. PROCEDURE

A. A **Practitioner** shall identify a **Member** who has a **Medical Necessity** for **DME** and issue a written prescription to the **Member** for the purchase, rental, repair, or maintenance of the **DME**. Such prescription shall include:

1. Full name, address, telephone number, and signature of the prescribing **PCP**, or **Provider**;

2. Date of prescription;

3. Specific item(s) prescribed;

4. Estimated length of time the **DME** is determined to be **Medically Necessary**; and

5. **Member's** medical condition or diagnosis necessitating the **DME**, including:

    a. **Member's** medical status and functional limitation(s); and

    b. Description of how the requested **DME** is expected to improve the medical status or functional ability of the **Member**, stabilize the **Member's** medical condition, or prevent additional deterioration of the **Member's** medical status or functional ability.

B. A **Practitioner** shall obtain authorization to provide **DME** to a **Member** by submitting a request form with a copy of the signed and dated prescription to the CalOptima Utilization Management (UM) Department, or a **Health Network**.

1. For a **CalOptima Direct** or **CalOptima Community Network (CCN) Member**, the **Practitioner** shall submit a CalOptima Authorization Request Form (ARF), in accordance with

CalOptima Policy GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers.

2. For a **Health Network Member**, the **Practitioner** shall follow the **Health Network's** authorization procedures.

3. A **Practitioner** shall include the following information, at a minimum, in the authorization request for **DME** submitted to CalOptima, or a **Health Network**:

   a. Date of request;

   b. **Member's** name, appropriate health care identification, or, and address;

   c. Medical justification for the requested **DME**;

   d. Description of the **DME**, including:

      i. Manufacturer name, model type or serial number, and purchase price;

      ii. Product description;

      iii. Monthly rental charge, if applicable, and whether it may be applied toward the purchase of the **DME**;

      iv. Billing and procedure codes; and

      v. Estimated length of need, whether rental or purchase is requested, and associated charges.

   e. **DME Provider's** name, address, telephone number, contact name and telephone number, and National Provider Identification (NPI) number; and

   f. Copy of prescription containing the information required as set forth in Section III.A. of this Policy.

4. For unlisted **DME** requests, a **Provider** shall provide the documentation as set forth in Section III.B.3. of this Policy and copies of catalog pages and medical justification to substantiate the reason(s) a listed item is insufficient to meet the **Member's** medical needs.

C. CalOptima or a **Health Network** shall review the authorization request submitted by a **Member's Provider**. If the authorization request is incomplete, CalOptima, or a **Health Network**, shall require the **PCP**, or **Provider**, to provide additional information.

D. A **Member** may appeal a CalOptima or **Health Network** decision to a requested service in accordance with CalOptima Policies GG.1510: Appeal Process for Decisions Regarding Care and Services, MA.9003: Standard Service Appeal, and CMC.9003: Standard Appeal.

E. Medical Therapy Program - California Children's Services (CCS)/Whole Child Model Program (WCM) **Members**:

1. Effective no sooner than July 1, 2019, for Members eligible with the CCS Program who participate in the Orange County CCS Medical Therapy Program (MTP), the MTP shall submit all requests for **Specialized or Customized DME** and **Specialized or Customized DME**

repairs with a total cost of over five hundred dollars ($500) to CalOptima. The request will include:

a. Completed Custom DME Authorization Referral Form;

b. Signed prescription/provider order for the requested **Specialized or Customized DME**;

i. The provider order must be prescribed by a CCS-paneled physician who is approved to treat the child's **CCS eligible medical condition**, and who has examined the child within six (6) months.

ii. If the recommending or prescribing physician is not a CCS-paneled physician approved to treat the child's **CCS eligible medical condition**, the request shall be reviewed by the CCS-approved paneled physician for concurrence prior to submission for authorization; and

c. Vendor specifications that have been reviewed/confirmed by Medical Therapy Unit (MTU) therapist/supervisor.

2. CalOptima will review and triage these requests to CalOptima Utilization Management/Prior Authorization Department or the **Health Network** staff via secure communication for review and processing.

3. If a referral for **Specialized or Customized DME** or **Specialized or Customized DME** repair for a CCS-eligible Member is received by CalOptima or a **Health Network** directly from a vendor and not from the MTU, the request will be denied, and the **Member** referred to the MTU for evaluation.

4. If the **Member** requests **Specialized or Customized DME** or **Specialized or Customized DME** repair that the MTU does not recommend, the MTU will notify CalOptima who will issue or instruct the **Health Network** to issue the appropriate Notice of Action letter.

5. For **Specialized or Customized DME** or **Specialized or Customized DME** repairs that are covered and recommended by the MTU and are in accordance with the current and applicable CCS numbered letter, CalOptima or a **Health Network** will approve the request in accordance with CalOptima Policy GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers and CalOptima Policy GG.1508: Authorization and Processing of Referrals.

6. Following approval, CalOptima or a Health Network will notify the requesting provider, the Member's MTP and Specialized or Customized DME Provider within standard prior authorization turn around-time requirements for Specialized or Customized DME requests.

F. Effective July 1, 2019, for CCS-eligible Members who are not eligible with Orange County CCS MTP, **Specialized or Customized DME**-related requests will be processed by the **Member's Health Network** consistent with evidence-based medical necessity guidelines and current, applicable CCS numbered letters that define **medical necessity** criteria, except with regard to **Continuity of Care** as described in Section III.F. of this Policy

G. CalOptima or a **Health Network** shall provide **Continuity of Care** for a **Member** eligible with the CCS Program and transitioned into the WCM program with a **Specialized or Customized DME** provider for up to twelve (12) months, in accordance with CalOptima Policy GG.1325: Continuity of Care for Members Transitioning into CalOptima Services. For **Specialized or Customized DME**

under warranty, the **Continuity of Care** period may be extended to the duration of the warranty when deemed **Medically Necessary** by the treating provider.

IX. GLOSSARY

Term	Definition
Activities of Daily Living (ADL)	Personal everyday activities including, but not limited to, tasks such as eating, toileting, grooming, dressing, and bathing.
Augmentation and Alternative Communication Device (AAC)	A set of tools and strategies that a Member uses to solve everyday communicative challenges, including but not limited to, speech, a shared glance, text, gestures, facial expressions, touch, sign language, symbols, pictures and speech-generating devices.
Automobile Orthopedic Positioning Device (AOPD)	A non-standard positioning device (car seat and/or harness/vest) for use in a motor vehicle. An AOPD is designed to hold a larger child (over 40 pounds or over 40 inches in length) who requires positioning options such as pads that assist in head and trunk positioning while being transported in a motor vehicle.
California Children's Services (CCS)	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible individuals under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR) Sections 41515.2 through 41518.9
California Children's Services Eligible Conditions	Chronic medical conditions, including but not limited to, cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries and infectious disease producing major sequelae as defined in Title 22, California Code of Regulations sections 41515.2 through 41518.9.
CalOptima	For purposes of this policy, CalOptima means CalOptima Direct and CalOptima Community Network (CCN).
CalOptima Direct	A direct health care program operated by CalOptima that includes both COD- Administrative (COD-A) and CalOptima Community Network (CCN) and provides services to Members who meet certain eligibility criteria as described in Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.
Continuity of Care	Services provided to a Member rendered by an out-of-network provider with whom the Member has pre-existing provider relationship.

Term	Definition
Covered Services	Medi-Cal: Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as Covered Services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), which shall be covered for Members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program. OneCare: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Centers for Medicare & Medicaid Services (CMS) Contract. OneCare Connect: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the three-way agreement with the Department of Health Care Services and Centers for Medicare & Medicaid Services (CMS).
Disability	A physical or mental condition that limits a person's movements, senses, or activities.
Durable Medical Equipment	Any equipment that is prescribed by a licensed practitioner to meet the medical equipment needs of the patient that: (a) can withstand repeated use; (b) is used to serve a medical purpose; (c) is not useful to a Member in the absence of an illness, injury functional impairment, or congenital anomaly; and (d) is appropriate for use in or out of the Member's home.
Health Network	For purposes of this policy, a Health Network is a Physician Medical Group (PMG), Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Medically Necessary or Medical Necessity	Reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury.
Member	An enrollee/beneficiary of a CalOptima program.
Practitioner	A licensed independent practitioner including, but not limited to, a Doctor of Medicine (MD), Doctor of Osteopathy (DO), Doctor of Podiatric Medicine (DPM), Doctor of Chiropractic Medicine (DC), Doctor of Dental Surgery (DDS), Doctor of Psychology (PhD or PsyD), Licensed Clinical Social Worker (LCSW), Marriage and Family Therapist (MFT or MFCC), Nurse Practitioner (NP), Nurse Midwife, Physician Assistant (PA), Optometrist (OD), Registered Physical Therapist (RPT), Occupational Therapist (OT), or Speech and Language Therapist, furnishing Covered Services.

Term	Definition
Primary Care Practitioner/Physician (PCP)	A Practitioner/Physician responsible for supervising, coordinating, and providing initial and primary care to Members and serves as the medical home for Members. The PCP is a general practitioner, internist, pediatrician, family practitioner, or obstetrician/gynecologist (OB/GYN). For Members who are Seniors or Persons with Disabilities, "Primary Care Practitioner" or "PCP" shall additionally mean any Specialist Physician who is a Participating Provider and is willing to perform the role of the PCP. A PCP may also be a non-physician Practitioner (e.g., Nurse Practitioner [NP], Nurse Midwife, Physician Assistant [PA]) authorized to provide primary care services under supervision of a physician. For SPD beneficiaries, a PCP may also be a specialist or clinic in accordance with W & I Code 14182(b)(11).
Provider	A physician, pharmacist, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, health maintenance organization, Health Network, Physician Medical Group, or other person or institution who furnishes Covered Services.
Specialized and Customized Durable Medical Equipment	DME that is uniquely constructed from raw materials or substantially modified from the base material solely for the full-time use of a specific Member, according to a physician's description and orders; is made to order or adapted to meet the specific needs of the Member; and is so uniquely constructed, adapted, or modified that it is unusable by another individual, and is so different from another item used for the same purpose that the two could not be grouped together for pricing purposes.

CERTIFICATE OF MEDICAL NECESSITY
FOR ALL DURABLE MEDICAL EQUIPMENT (DME)
(EXCEPT WHEELCHAIRS AND SCOOTERS)

The provider must complete all applicable areas not completed by the clinician or therapist.

Dear Clinician/DME Provider: Cooperation in completing this form will ensure that the beneficiary receives full Medi-Cal consideration regarding the request for Durable Medical Equipment. Medi-Cal reimbursement is based on the least expensive medically appropriate equipment that meets the patient's medical need.

Incomplete information will result in a deferral, denial or delay in payment of the claim.

REQUIRES THE ATTENDING CLINICIAN TO COMPLETE AND SIGN

SECTION 1—Clinician's Information:

Clinician Name *(Print)* Last	First	Phone Number ( )	License Number

Address Street	City	State	ZIP

Clinician's description of the patient's current functional status and need for the requested equipment: _____

SECTION 2—Patient's Information: New Rx *(For Rx Renewal, please also complete 2A below)*

Patient Name *(Print)* Last	First	Phone Number ( )	Date of Birth mm / dd / yy	Medi-Cal Number

Address Street	City	State	ZIP

Date of last face-to-face visit with the beneficiary: _____

Is this beneficiary expected to be institutionalized within the next 10 months? Yes ❒ ❒No Explain ''Yes'' answer: _____

Equipment required for:

❒ Less than 10 months *(code the TAR for a rental)*

❒ More than 10 months *(code the TAR for a purchase)*

SECTION 2A—For Renewal:

Verification of continued medical necessity and continued usage by the beneficiary must be done at each TAR renewal.

SECTION 3—Equipment Requested:

a) _____

b) STANDARD: _____ BARIATRIC: _____

c) Replacing existing equiment? Yes ❒ ❒No If yes, explain why: _____

d) Attach repair estimate if replacement with similar equipment is requested.

e) Other DME the beneficiary has: _____

Policy #:	GG.1325
Title:	**Continuity of Care for Members Transitioning into CalOptima Services**
Department:	Medical Affairs
Section:	Case Management
CEO Approval:	Michael Schrader
Effective Date:	01/01/15
Review Date:	10/04/18
Revised Date:	10/04/18

I. PURPOSE

This policy establishes the Continuity of Care guidelines and the process to identify Members who have expedited care needs for newly enrolled Medi-Cal Members who transition into CalOptima or existing Members whose Covered Services are transitioned from Medi-Cal Fee-for-Service (FFS) to CalOptima.

II. POLICY

A. Effective July 1, 2017, CalOptima shall screen all new Members for the need for expedited services upon their enrollment into CalOptima as described in Section III.B. of this Policy.

B. Upon disenrollment, CalOptima shall make screening results available to a Member's new Medi-Cal Managed Care Plan upon request.

C. Upon request from the Member, and in accordance with this Policy, CalOptima or a Health Network shall ensure Continuity of Care for a Medi-Cal beneficiary transitioning from Medi-Cal FFS, another Medi-Cal Managed Care Plan, or existing Members whose Covered Services are transitioned from Medi-Cal FFS to CalOptima, with his or her Existing Out-of-Network Provider for a period of no more than twelve (12) months, unless otherwise provided in Section III.C. of this Policy, if the following criteria are met:

1. A Member has an existing relationship with one (1) of the following. There is an existing relationship with:

   a. An out-of-network Primary Care Practitioner (PCP) or Specialty Care Provider if the Member has seen the out-of-network PCP, or Specialty Care Provider for a non-emergency visit at least once during the twelve (12) months prior to the date of enrollment in CalOptima;

   b. An out-of-network Behavioral Health Treatment (BHT) Service Provider if the Member has seen the out-of-network BHT Service Provider for a non-emergency visit at least once during the six (6) months prior to either the transition of services from the Regional Center of Orange County (RCOC) to CalOptima or the date of the Member's initial enrollment in CalOptima if the enrollment occurred on or after July 1, 2018;

   b. An out-of-network nursing facility if the Member has resided in the out-of-network nursing facility prior to enrollment in CalOptima, or prior to receiving long term care benefits from CalOptima; and

   c. A County Mental Health Plan Provider for non-specialty mental health services in instances where a Member's mental health condition has stabilized such that the Member no longer

qualifies to receive Specialty Mental Health Services (SMHS) from the County Mental Health Plan and instead becomes eligible to receive non-specialty mental health services from CalOptima.

2. The Existing Out-of-Network Provider will accept CalOptima, or Medi-Cal FFS rates, whichever is higher;

3. The Existing Out-of-Network Provider meets applicable professional standards and has no disqualifying quality of care issues;

4. The Existing Out-of-Network Provider has not been terminated, suspended, or decertified from the Medi-Cal program by DHCS;

5. The Existing Out-of-Network Provider is a California State Plan-approved provider;

6. The Existing Out-of-Network Provider supplies CalOptima with all relevant assessment, diagnosis, and treatment information, for the purposes of determining Medical Necessity, as well as a current treatment plan as allowed under federal and state privacy laws and regulations; and

7. The Member, Authorized Representative of the Member, or the Existing Out-of-Network Provider requests Continuity of Care. For a Member residing in an out-of-network nursing facility prior to enrollment in CalOptima or receiving BHT services at RCOC, Continuity of Care is guaranteed and need not be requested.

D. CalOptima or a Health Network shall provide Continuity of Care for a Member as described in this Policy, except for the following types of providers:

1. Durable Medical Equipment (DME), excluding Specialized or Customized DME for Members eligible with the California Children's Services (CCS) Program and transitioned into the Whole Child Model (WCM) program as described in Section III.O.8.b.i. of this Policy;

2. Transportation; and

3. Other ancillary services.

E. CalOptima and Health Networks are also required to comply with existing state law Continuity of Care obligations which may allow a Medi-Cal beneficiary a longer period of treatment by an out-of-network provider than would be required under DHCS All Plan Letter 18-008 (Revised).: Continuity of Care for Medi-Cal Beneficiaries Who Transition into Medi-Cal Managed Care.

F. CalOptima or a Health Network shall not provide Continuity of Care for:

1. Services not covered by Medi-Cal; and

2. Services carved-out of CalOptima's contract with the Department of Health Care Services (DHCS).

G. If a Member changes Medi-Cal Managed Care Plans (MCP), the twelve (12) month Continuity of Care period may start over one (1) time. If a Member changes MCPs a second time (or more), the

Continuity of Care period does not start over, meaning that the Member does not have the right to a new twelve (12) months of Continuity of Care. If a beneficiary changes MCPs, this Continuity of Care Policy does not extend to providers that the beneficiary accessed through their previous MCP. If the Member returns to Medi-Cal FFS and later reenrolls in CalOptima, the Continuity of Care period does not start over, but may be completed only if the Member:

1. Returned to FFS for less than the twelve (12) month Continuity of Care period; and

2. Was eligible for and elected to receive Continuity of Care during the previous CalOptima enrollment period.

H. An approved Existing Out-of-Network Provider must work with CalOptima and its contracted network and cannot refer the Member to another out-of-network provider without prior authorization from CalOptima or a Health Network.

I. CalOptima shall inform Members of the Continuity of Care protections and how to initiate a Continuity of Care request in written Member materials, including but not limited to, the Member Handbook, available by request and on the CalOptima website at www.caloptima.org, and Member newsletter.

J. CalOptima or a Health Network shall provide training to call center staff who come into regular contact with Members about the Continuity of Care protections.

III. PROCEDURE

A. CalOptima shall include a health information form in each New Member Welcome Packet mailing with a postage paid envelope.

1. If the Member does not respond to the mailed health information form, CalOptima shall make two (2) call attempts within ninety (90) calendar days to remind the Member to complete the form.

B. CalOptima shall conduct an initial screening of all responses received within ninety (90) calendar days of the Members' effective date(s) of enrollment.

1. Additional outreach and care coordination activities may occur in accordance with CalOptima Policies GG.1301: Comprehensive Case Management Process and GG.1209: Population –Based Care: Disease Management.

2. Upon disenrollment, CalOptima shall make screening results available to a Member's new Medi-Cal Managed Care Plan upon request.

C. Upon request from the Member, and in accordance with the requirements of this Policy, CalOptima or a Health Network shall provide the completion of Covered Services by an out-of-network nursing facility, PCP, or Specialty Care Provider when the Member presents with any of the following:

1. An Acute Condition: For the duration of treatment of the acute condition;

2. A serious Chronic Health Condition: Up to twelve (12) months;

3. Pregnancy: For the duration of the pregnancy;

4. Terminal Illness: For the duration of the terminal illness, which may exceed twelve (12) months;

5. Care of a newborn child between birth and thirty-six (36) months: Up to twelve (12) months;

6. Surgery that is part of a documented course of treatment and has been recommended and documented by the out-of-network PCP, or Specialty Care Provider, to occur within one hundred-eighty (180) calendar days of the effective date of coverage for a new Member; or

7. Residing in an out-of-network nursing facility prior to enrollment in CalOptima, or prior to receiving long term care benefits from CalOptima: Up to twelve (12) months.

D. CalOptima or a Health Network shall accept requests for Continuity of Care over the telephone, by facsimile, or by mail, according to the requestor's preference, from the following sources:

1. Member;

2. Authorized Representative of the Member; or

3. Provider.

E. Upon receiving a request for Continuity of Care, CalOptima's Customer Service Department shall initiate the following actions, as appropriate:

1. Assist the Member with requests to change the Member's Health Network and PCP, if the Member is requesting a PCP outside of his or her current Health Network and the PCP is contracted with another Health Network.

2. Establish the existence of an ongoing relationship with the requested provider.

a. CalOptima shall utilize FFS data provided by DHCS, or utilization data from another Medi-Cal program administrator such as another Medi-Cal Managed Care Plan, if available.

b. If CalOptima does not receive FFS data from DHCS, or if the data does not support a pre-existing relationship, and the Member has seen a provider in accordance with the criteria included in Section II.C.1. of this Policy, a provider shall submit a signed attestation to CalOptima that confirms the provider saw the Member for a medical visit within the qualifying period stated in Section II.C.1., and include the last date upon which services were provided .

i. A self-attestation from a Member is insufficient to provide proof of a relationship with a provider.

c. The Continuity of Care process shall begin when CalOptima or the Health Network begin the process to determine if the Member has a pre-existing relationship with the provider.

d. If DHCS has notified CalOptima of a Provider suspension, termination, or decertification, CalOptima, or a Health Network, shall not approve the Continuity of Care request.

3. Refer the Member to his or her Health Network for a request to change the Member's PCP within the Member's Health Network. The Health Network shall process this request pursuant to this Policy.

4. Refer the Member to the CalOptima Behavioral Health Line for Behavioral Health Treatment (BHT) and outpatient mental health services.

5. Refer the case to CalOptima's Case Management Department for access to care issues.

F. For access to care issues, CalOptima's Case Management and Customer Service Departments shall work with one another and the Member's Health Network to outreach and connect the Member with his or her requested PCP, Specialty Care Provider, or other healthcare provider, in accordance with this Policy.

G. If the PCP, Specialty Care Provider or other provider specified in this Policy is an out-of-network provider, CalOptima or the Health Network shall make a good faith effort to enter into a contract, letter of agreement (LOA), or single-case agreement, to establish a Continuity of Care relationship for the Member. Upon the execution of a Continuity of Care agreement, CalOptima or a Health Network shall establish a Member care plan with the Existing Out-of-Network Provider.

H. CalOptima or a Health Network shall accommodate all requests they receive directly from Members who wish to be reassigned Existing Out-of-Network Provider in accordance with this Policy.

I. CalOptima or a Health Network shall initiate the review process within five (5) working days after receiving the Continuity of Care request.

J. CalOptima or a Health Network shall complete the Continuity of Care request review process within the following timelines:

1. Thirty (30) calendar days from the date of request;

2. Fifteen (15) calendar days if the Member's medical condition requires more immediate attention, such as there are upcoming appointments, or other pressing care needs; or

3. Three (3) calendar days if there is risk of harm to the Member. For purposes of this policy, risk of harm means an imminent and serious threat to the health of the Member.

K. CalOptima or a Health Network shall notify the Member of the following, in writing, and within seven (7) calendar days of the completion of a Continuity of Care request:

1. The outcome of the request (approval or denial) sent to the Member by U.S. Mail;

2. The duration of the Continuity of Care arrangement, if approved;

a. For any Continuity of Care response for which a provider is only willing to continue providing services for less than twelve (12) months, CalOptima or a Health Network shall allow the Member to have access to that provider for the shorter period of time.

3. The process that will occur to transition the Member at the end of the Continuity of Care period, if approved; and

4. The Member's right to choose a different provider from CalOptima's provider network.

5. If CalOptima and the Existing Out-of-Network Provider are unable to reach an agreement on the rate, or CalOptima has documented quality of care issues with the provider, CalOptima will offer the Member an in-network alternative. If the Member does not make a choice, the Member will be assigned to an in-network provider.

6. If the Member does not agree with the result of the Continuity of Care process, he or she retains the right to pursue a grievance, in accordance with CalOptima Policy HH.1102: CalOptima Member Complaint.

L. Thirty (30) calendar days prior to the end of the Continuity of Care period, CalOptima or a Health Network shall notify, in writing via U.S. Mail, the Member and the Existing Out-of-Network Provider of the transition of the Member's care to an in-network provider to ensure continuity of services through the transition to a new provider, except as provided in Section III.O.8.b.iv. for Members in the WCM program.

M. CalOptima or a Health Network shall accept and approve retroactive requests for Continuity of Care, subject to the provisions of this Policy and that:

1. Occurred after the Member's enrollment into CalOptima;

2. Have dates of service(s) that occur after December 29, 2014;

3. Have dates of service(s) within thirty (30) calendar days of the first date of service for which the Existing Out-of-Network Provider requested Continuity of Care retroactive reimbursement; and

4. Are submitted within thirty (30) calendar days of the first service for which retroactive Continuity of Care is requested.

N. The Continuity of Care request shall be considered complete when:

1. The Member is informed of the outcome of the request;

2. CalOptima or a Health Network and the provider are unable to agree to a rate;

3. CalOptima or a Health Network has documented quality of care issues with the provider; or

4. CalOptima or a Health Network has made a good faith effort to contact the provider and the provider is non-responsive for thirty (30) calendar days.

O. Other Continuity of Care Requirements

1. Former Covered California Enrollees

a. CalOptima shall outreach to all former Covered California enrollees within fifteen (15) calendar days of their enrollment into CalOptima to inquire if the Member has upcoming

appointments, or scheduled treatments. CalOptima shall assist the Member in making a Continuity of Care request at that time, as appropriate.

b. CalOptima or a Health Network shall honor any active prior treatment authorizations for a former Covered California Member for up to sixty (60) calendar days, or until a new assessment is completed by a CalOptima contracted provider or a Health Network.

c. CalOptima or a Health Network shall offer up to twelve (12) months of Continuity of Care with out-of-network PCP, or Specialty Care Providers, in accordance with Section II.C. of this Policy.

d. CalOptima or a Health Network shall provide Continuity of Care for pregnant and post-partum Members and newborn children who transition from Covered CA with terminated or out-of-network providers in accordance with Health & Safety Code Section 1373.96 and Section III.C. of this Policy.

2. Seniors and Persons with Disabilities

a. CalOptima or a Health Network shall honor, without request by the Member or the Member's out-of-network PCP or Specialty Care Providers, any active FFS Treatment Authorization Request (TAR) for a newly enrolled Seniors and Persons with Disabilities (SPDs) Member for sixty (60) calendar days from enrollment, or until a new assessment is completed by a CalOptima contracted provider to the extent FFS TAR data is available from DHCS.

i. CalOptima or a Health Network shall provide continued access for newly enrolled SPD Members for up to twelve (12) months in accordance with the Policy.

b. CalOptima shall further identify an SPD Member's health care needs by conducting a Health Risk Assessment in accordance with CalOptima Policy GG.1323: Seniors and Persons with Disabilities and Health Risk Assessment.

3. Members Under Twenty-One Years of Age Receiving BHT Services

a. CalOptima shall provide continued access to an out-of-network BHT Service Provider in accordance with Section II.C. of this Policy for up to twelve (12) months beginning on the date of the Member's enrollment in CalOptima, provided the Member has an existing relationship with the provider as defined in this Policy.

b. Retroactive requests for BHT service continuity of care reimbursement are limited to services provided after a Member's transition date into CalOptima, or the date of the Member's enrollment into CalOptima, if enrollment date occurred after the transition.

4. Children Receiving BHT Services at the RCOC

a. For a Member receiving BHT services at RCOC Continuity of Care need not be requested and shall be automatic.

b. CalOptima shall provide continued access to BHT services for a Member who transitions from RCOC to CalOptima for BHT services.

c. If a Member is receiving BHT services from a non-contracted BHT Service Provider, CalOptima shall utilize diagnosis, utilization information, and assessment data provided by RCOC, or DHCS, to proactively identify the current BHT Service Provider(s). If the data indicates that the Member has multiple BHT Service Providers, CalOptima shall contact the Member's parent(s) or guardian be telephone, letter, or other resource and make a good faith effort to obtain information that will assist in offering Continuity of Care. Once a preferred current provider has been identified, CalOptima shall proactively contact such BHT Service Provider(s) to begin the Continuity of Care process.

d. CalOptima shall make a good faith effort to enter into a Continuity of Care agreement with a Member's existing BHT Service Provider prior to the transition of the Member. CalOptima shall ensure Continuity of Care for a period of no more than twelve (12) months from the date of the Member's transition, if the criteria as described in Section II.C. of the Policy are met.

e. If CalOptima and the Member's existing BHT Service Provider(s) are unable to reach a Continuity of Care agreement, CalOptima shall contact the Member's parent(s), or guardian, to transition to an in-network BHT Provider through a warm hand off transfer to ensure there are no gaps in access to services. CalOptima shall ensure BHT services continue at the same level until a comprehensive diagnostic evaluation (CDE) and assessment, as appropriate, is conducted and a treatment plan established.

5. Pregnant and Post-Partum Members

a. CalOptima or a Health Network shall provide continued access to out-of-network providers in accordance with Section II.C. of this Policy for up to twelve (12) months.

6. Nursing Facility Services

a. CalOptima or a Health Network shall offer a Member residing in an out-of-network skilled nursing facility (SNF) when the Member transitioned into CalOptima the opportunity to return to the out-of-network SNF after a Medically Necessary absence, such as a hospital admission, for the duration of the Coordinated Care Initiative (CCI). CalOptima, or a Health Network, is not required to honor a request to return to an out-of-network SNF if the Member is discharged from the SNF into the community, or a lower level of care.

b. CalOptima or a Health Network shall maintain Continuity of Care by recognizing any TARs made by DHCS for Nursing Facility (NF) services that were in effect when a Member enrolled into CalOptima to the extent DHCS provides FFS TAR data to CalOptima. CalOptima or a Health Network shall honor such TARs for twelve (12) months, or for the duration of the treatment authorization if the remaining authorized duration is less than twelve (12) months, following the enrollment of the Member into CalOptima.

c. CalOptima or a Health Network shall not require a Member who is a resident of an NF prior to enrollment in CalOptima to change NFs during the duration of the CCI if the facility is licensed by the California Department of Public Health, meets acceptable quality standards, and the facility and CalOptima agree to Medi-Cal rates.

7. Non-Specialty Mental Health Services

a. CalOptima shall provide continuity of care with an out-of-network Specialty Mental Health provider in instances where a Member's mental health condition has stabilized such that the Member no longer qualifies to receive Specialty Mental Health Services (SMHS) from the County Mental Health Plan and instead becomes eligible to receive non-specialty mental health services from CalOptima. In this situation, the Continuity of Care requirement only applies to psychiatrists and/or mental health provider types that are permitted, through California's Medicaid State Plan, to provide outpatient, non-specialty mental health services, referred to in the State Plan as "Psychology."

b. CalOptima shall allow, at the request of the Member, the Member's Specialty Mental Health provider, or the Member's Authorized Representative, up to twelve (12) months Continuity of Care with the out-of-network County Mental Health Plan provider in accordance with the requirements of this Policy.

c. After the Continuity of Care period ends, the Member must choose a mental health provider in CalOptima's network for non-specialty mental health services. If the Member later requires additional SMHS from the County Mental Health Plan to treat a serious mental illness and subsequently experiences sufficient improvement to be referred back to CalOptima for non-specialty mental health services, the twelve (12)-month Continuity of Care period may start over one (1) time. If the Member requires SMHS from the County Mental Health Plan subsequent to the Continuity of Care period, the Continuity of Care period does not start over when the Member returns to CalOptima or changes MCPs (i.e., the Member does not have the right to a new twelve (12) months of Continuity of Care).

8. Whole Child Model (WCM) Program

a. Effective January 1, 2019, CalOptima or a Health Network shall provide Continuity of Care for a Member eligible with the California Children's Services (CCS) Program and transitioned into the WCM program with the eligible Member's existing CCS provider for up to twelve (12) months in accordance with Section II.C.1. of this Policy.

b. For Members eligible with the CCS Program and transitioned into the WCM program, CalOptima or a Health Network shall also provide Continuity of Care for the following:

i. Specialized or Customized DME

a) If an eligible Member has an established relationship with a Specialized or Customized DME provider, CalOptima or a Health Network must provide access to that Specialized or Customized DME provider for up to twelve (12) months.

b) CalOptima or a Health Network shall pay the Specialized or Customized DME provider at rates that are at least equal to the applicable CCS FFS rates, unless the Specialized or Customized DME provider and CalOptima or Health Network enter into an agreement on an alternative payment methodology that is mutually agreed upon.

c) CalOptima or a Health Network may extend the Continuity of Care period beyond twelve (12) months for Specialized or Customized DME still under warranty and deemed Medically Necessary by the treating provider.

ii. Case Management

a) An eligible Member shall have the opportunity to request, within the first ninety (90) calendar days of the transition, to continue to receive case management from their existing CCS Public Health Nurse in accordance with CalOptima Policy GG.1330: Case Management – California Children's Services Program.

iii. Authorized Prescription Drugs

a) An eligible Member shall be permitted to continue use of any currently prescribed medication that is part of a prescribed therapy for the Member's CCS-Eligible Condition or conditions immediately prior to the date of transition of responsibility for the Member's CCS services to CalOptima in accordance with CalOptima Policy GG.1401: Pharmacy Authorization Process.

iv. Appealing Continuity of Care Limitations

a) CalOptima or a Health Network must provide an eligible Member with information regarding the WCM appeal process for Continuity of Care limitations, in writing, sixty (60) calendar days prior to the end of their authorized Continuity of Care period. The notice must explain the Member's right to petition CalOptima or a Health Network for an extension of the Continuity of Care period, the criteria used to evaluate the petition, and the appeals process if the MCP denies the petition. The appeals process notice must include the following information:

1) The eligible Member must first appeal a Continuity of Care decision with CalOptima in accordance with CalOptima Policy GG.1510: Appeals Process Regarding Care and Services; and

2) A eligible Member, the Member's family or designated caregiver of the eligible Member may appeal the Continuity of Care limitation to the Department of Health Care Services (DHCS) director or his or her designee after exhausting CalOptima's appeal process.

P. Health Networks shall report all requests and outcomes from former Medi-Cal FFS and former Covered California enrollees asking to remain with their PCPs, or Specialty Care Providers, to CalOptima's Health Network Relations Department in a format and at a frequency prescribed by CalOptima.

Q. CalOptima's Customer Service and Case Management Departments shall compile and maintain a log of Continuity of Care requests and outcomes made directly to CalOptima.

R. CalOptima's Customer Service, Health Network Relations, and Case Management Departments shall submit their Continuity of Care reports to CalOptima's Regulatory Affairs & Compliance Department. The Regulatory Affairs & Compliance Department shall submit the data to DHCS, in a manner and with a frequency prescribed by DHCS.

IX. GLOSSARY

Term	Definition
Acute Condition	A medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.
Authorized Representative	A person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting *in loco parentis* who have the authority under applicable law to make health care decisions on behalf of unemancipated minors.
Behavioral Health Treatment (BHT)	Professional services and treatment programs, including but not limited to Applied Behavior Analysis (ABA) and other evidence-based behavior intervention programs that develop and restore, to the maximum extent practicable, the functioning of an individual with ASD. BHT is the design, implementation, and evaluation of environmental modification using behavioral stimuli and consequences to produce socially significant improvement in human behavior.
Behavioral Health Treatment (BHT) Service Provider	There are three (3) classifications: 1. Qualified Autism Services (QAS) Provider – A licensed practitioner or Board Certified Behavior Analyst (BCBA) 2. QAS Professional – A Behavior Management Consultant (BMC), BCBA, Behavior Management Assistant (BMA), or Behavior Analyst Associate (Board Certified Assistant Behavior Analyst) 3. QAS Paraprofessional – Minimum high school level with 40 hours of BHT training who is employed and supervised by a QAS provider.
California Children's Services (CCS)	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible individuals under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR) Sections 41515.2 through 41518.9.
California Children's Services (CCS) Eligible Condition	Chronic medical conditions, including but not limited to, cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries and infectious disease producing major sequelae as defined in Title 22, California Code of Regulations Sections 41515.2 through 41518.9.
Chronic Health Condition	A condition with symptoms present for three (3) months or longer. Pregnancy is not included in this definition.
Continuity of Care	Services provided to a Member rendered by an out-of-network provider with whom the Member has pre-existing provider relationship.
Existing Out-of-Network Provider	For purposes of this Policy, an out-of-network nursing facility, Primary Care Practitioner (PCP), Specialty Care Provider, Behavioral Health Treatment (BHT) Service Provider, Specialized or Customized Durable Medical Equipment (DME), or Specialty Mental Health provider.
Health Risk Assessment	A health questionnaire, used to provide Members with an evaluation of their health risks and quality of life.[I]

Term	Definition
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Medi-Cal Managed Care Plan	A health plan contracted with the Department of Health Care Services (DHCS) that provides Covered Services to Medi-Cal beneficiaries.
Medically Necessary or Medical Necessity	Reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury.
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Primary Care Practitioner/Physician (PCP)	A Practitioner/Physician responsible for supervising, coordinating, and providing initial and primary care to Members and serves as the medical home for Members. The PCP is a general practitioner, internist, pediatrician, family practitioner, or obstetrician/gynecologist (OB/GYN). For Members who are Seniors or Persons with Disabilities, "Primary Care Practitioner" or "PCP" shall additionally mean any Specialist Physician who is a Participating Provider and is willing to perform the role of the PCP. A PCP may also be a non-physician Practitioner (e.g., Nurse Practitioner [NP], Nurse Midwife, Physician Assistant [PA]) authorized to provide primary care services under supervision of a physician. For SPD beneficiaries, a PCP may also be a specialist or clinic in accordance with W & I Code 14182(b)(11).
Specialty Care Provider	Provider of Specialty Care given to Members by referral by other than a Primary Care Provider.
Specialty Mental Health Services	Specialty Mental Health Services, which are the responsibility of the County Mental Health Plan, include the following: 1. Rehabilitative services, which includes mental health services, medication support services, day treatment intensive, day rehabilitation, crisis intervention, crisis stabilization, adult residential treatment services, crisis residential services, and psychiatric health facility services. 2. Psychiatric inpatient hospital services. 3. Targeted Case Management. 4. Psychiatrist services. 5. Psychologist services. 6. EPSDT supplemental Specialty Mental Health Services.

Term	Definition
Specialized and Customized Durable Medical Equipment	DME that is uniquely constructed from raw materials or substantially modified from the base material solely for the full-time use of a specific Member, according to a physician's description and orders; is made to order or adapted to meet the specific needs of the Member; and is so uniquely constructed, adapted, or modified that it is unusable by another individual, and is so different from another item used for the same purpose that the two could not be grouped together for pricing purposes.
Terminal Illness	An incurable or irreversible condition that has a high probability of causing death within one year or less.
Treatment Authorization Request (TAR)	The form a provider uses to request authorization from Medi-Cal Fee-for-Service. Authorization is granted by a designated Medi-Cal consultant obtained through submission and approval of a TAR.

ALL PLAN LETTER 18-023
SUPERSEDES ALL PLAN LETTER 18-011

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS PARTICIPATING IN THE WHOLE CHILD MODEL PROGRAM

SUBJECT: CALIFORNIA CHILDREN'S SERVICES WHOLE CHILD MODEL PROGRAM

PURPOSE:
The purpose of this All Plan Letter (APL) is to provide direction to Medi-Cal managed care health plans (MCPs) participating in the California Children's Services (CCS) Whole Child Model (WCM) program. This APL conforms with CCS Numbered Letter (N.L.) 04-0618,[1] which provides direction and guidance to county CCS programs on requirements pertaining to the implementation of the WCM program. This APL supersedes APL 18-011.

BACKGROUND:
Senate Bill (SB) 586 (Hernandez, Chapter 625, Statutes of 2016) authorized the Department of Health Care Services (DHCS) to establish the WCM program in designated County Organized Health System (COHS) or Regional Health Authority counties.[2] The purpose of the WCM program is to incorporate CCS covered services into Medi-Cal managed care for CCS-eligible members. MCPs operating in WCM counties will integrate Medi-Cal managed care and county CCS program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible conditions.[3, 4]

[1] CCS N.L.s can be found at: https://www.dhcs.ca.gov/services/ccs/pages/ccsnl.aspx

[4] See Welfare and Institutions Code (WIC) Section 14094.11. WIC is searchable at: https://leginfo.legislature.ca.gov/faces/codesTOCSelected.xhtml?tocCode=WIC&tocTitle=+Welfare+and+Institutions+Code+-+WIC

MCPs will authorize care that is consistent with CCS program standards and provided by CCS-paneled providers, approved Special Care Centers (SCCs), and approved pediatric acute care hospitals. The WCM program will support active participation by parents and families of CCS-eligible members and ensure that members receive protections such as continuity of care (C.O.C.), oversight of network adequacy standards, and quality performance of providers.

WCM will be implemented in 21 specified counties, beginning July 1, 2018. Upon determination by DHCS of the MCPs' readiness to address the needs of the CCS-eligible members, MCPs must transition CCS-eligible members into their MCP network of providers by their scheduled implementation date as follows:

MCP	COHS Counties
Phase 1 – Implemented July 1, 2018	
CenCal Health	San Luis Obispo, Santa Barbara
Central California Alliance for Health	Merced, Monterey, Santa Cruz
Health Plan of San Mateo	San Mateo
Phase 2 – No sooner than January 1, 2019	
Partnership Health Plan	Del Norte, Humboldt, Lake, Lassen, Marin, Mendocino, Modoc, Napa, Shasta, Siskiyou, Solano, Sonoma, Trinity, Yolo
Phase 3 – No sooner than July 1, 2019	
CalOptima	Orange

POLICY:
Starting July 1, 2018, as designated above, MCPs assumed full financial responsibility, with some exceptions, of authorization and payment of CCS-eligible medical services, including service authorization activities, claims processing and payment, case management, and quality oversight.

Under the WCM, the MCP, county CCS program, and DHCS each bear responsibility for various administrative functions to support the CCS Program. Responsibilities for the CCS program's eligibility functions under the WCM are determined by whether the county CCS program operates as an independent or dependent county.[5] Independent CCS counties will maintain responsibility for CCS program medical eligibility determinations for potential members, including responding to and tracking appeals relating to CCS program medical eligibility determinations and annual medical eligibility redeterminations. In dependent counties, DHCS will continue to maintain responsibility for CCS program medical eligibility determinations and redeterminations, while the county CCS programs will maintain responsibility for financial and residential eligibility

[5] A link to the Division of Responsibility chart can be found on the CCS WCM website at: http://www.dhcs.ca.gov/services/ccs/Pages/CCSWholeChildModel.aspx

determinations and re-determinations. The MCP is responsible for providing all medical utilization and other clinical data for purposes of completing the annual medical redetermination and other medical determinations, as needed, for the CCS-eligible member.

MCPs are responsible for identifying and referring potential CCS-eligible members to the county for CCS program eligibility determination. MCPs are also required to provide services to CCS-eligible members with other health coverage, with full scope Medi-Cal as payor of last resort.

The implementation of WCM does not impact the activities and functions of the Medical Therapy Program (MTP). WCM counties participating with the MTP will continue to receive a separate allocation for this program and are responsible for care coordination of MTP services.

MCPs are required to use all current and applicable CCS program guidelines in the development of criteria for use by the MCP's chief medical officer or equivalent and other care management staff. CCS program guidelines include CCS program regulations, additional forthcoming regulations related to the WCM program, CCS N.L.s, and county CCS program information notices. Any N.L.s. that fall within the following Index Categories, as identified by DHCS, are applicable to WCM MCPs:[6]

Index Category
Authorizations/Benefits
Case Management
Pharmaceutical
Standards, Hospital/Pediatric Intensive Care Unit/Neonatal Intensive Care Unit (NICU)

For these applicable N.L.s, the WCM MCP must assume the role of the county or state CCS program as described in the N.L. In addition to the requirements included in this APL, MCPs must comply with all applicable state and federal laws and regulations, as well as all contractual requirements.

I. MCP AND COUNTY COORDINATION

MCPs and county CCS programs must coordinate the delivery of CCS services to CCS-eligible members. A quarterly meeting between the MCP and the county CCS program must be established to assist with overall coordination by updating policies, procedures,

[6] See the WCM CCS N.L. Category List. is available at: https://www.dhcs.ca.gov/services/ccs/Documents/CCS-NL-Index-Category-List-June2018.xls

and protocols, as appropriate, and to discuss activities related to the Memorandum of Understanding (MOU) and other WCM related matters.

A. Memorandum of Understanding

MCPs and county CCS programs must execute a MOU outlining their respective responsibilities and obligations under the WCM using the MOU template posted on the CCS WCM page of the DHCS website.[7] The purpose of the MOU is to explain how the MCPs and county CCS programs will coordinate care, conduct program management activities, and exchange information required for the effective and seamless delivery of services to WCM members. The MOU between the individual county and the MCP serves as the primary vehicle for ensuring collaboration between the MCP and county CCS program. The MOU can be customized based on the needs of the individual county CCS program and the MCP. The MOU must include, at a minimum, all of the provisions specified in the MOU template and must be consistent with the requirements of SB 586. MCPs are required to submit an executed MOU to DHCS 105 days prior to implementation. All WCM MOUs are subject to DHCS approval.

B. Transition Plan

Each MCP must develop a comprehensive plan detailing the transition of existing CCS members into managed care for treatment of their CCS-eligible conditions. The transition plan must describe collaboration between the MCP and the county CCS program on the transfer of case management, care coordination, provider referrals, and service authorization, including administrative functions, from the county CCS program to the MCPs.[8] The transition plan must also include communication with members regarding, but not limited to, authorizations, provider network, case management, and ensuring C.O.C. and services for members who are in the process of aging out of CCS. The county CCS programs are required to provide input and collaborate with MCPs on the development of the transition plan. MCPs must submit transition plans to DHCS for approval.

C. Inter-County Transfer

County CCS programs use the Children's Medical Services Net (CMS Net) system to house and share data needed for Inter-County Transfers (ICTs), while MCPs utilize different data systems. Through their respective MOUs, the MCPs and county CCS programs will develop protocols for the exchange of ICT data, as necessary, including authorization data, member data, and case management information, to ensure an efficient transition of the CCS member and allow for C.O.C. of already approved service authorization requests, as required by this APL and applicable state and federal laws.

[7] See footnote 5. The MOU template can be found on the CCS WCM website.
[8] See footnote 4. WIC Section 14094.7(d)(4)(C).

Back to Agenda

When a CCS-eligible member moves from one county to another, the county CCS program and MCP, through their respective MOUs, will exchange ICT data. County CCS programs will continue to be responsible for providing transfer data, including clinical and other relevant data, from one county to another. When a CCS eligible member moves out of a WCM county, the county CCS program will notify the MCP and initiate the data transfer request. The MCP is responsible for providing transfer data, including clinical and other relevant data for members to the county CCS program office. The county CCS program will then coordinate the sharing of CCS-eligible member data to the new county of residence. Similarly, when a member moves into a WCM county, the county CCS program will provide transfer data to the MCP, as applicable.

D. Dispute Resolution and Provider Grievances

Disagreements between the MCP and the county CCS program regarding CCS medical eligibility determinations must be resolved by the county CCS program, in consultation with DHCS.[9] The county CCS program must communicate all resolved disputes in writing to the MCP. Disputes between the MCP and the county CCS program that are unable to be resolved will be referred by either entity to DHCS, via email to CCSRedesign@dhcs.ca.gov, for review and final determination.[10]

MCPs must have a formal process to accept, acknowledge, and resolve provider disputes and grievances.[11] A CCS provider may submit a dispute or grievance concerning the processing of a payment or non-payment of a claim by the MCP directly to the MCP. The dispute resolution process must be communicated by each MCP to all of its CCS providers.

II. MCP RESPONSIBILITIES TO CCS-ELIGIBLE MEMBERS

A. Risk Level and Needs Assessment Process

The MCP must assess each CCS member's risk level and needs by performing a risk assessment process using means such as telephonic or in-person communication, review of utilization and claims processing data, or by other means. MCPs are required to develop and complete the risk assessment process for WCM transition members, newly CCS-eligible members, or new CCS members enrolling in the MCP. The risk assessment process must include the development of a pediatric risk stratification process (PRSP) and an Individual Care Plan (ICP) for high risk members. All requirements are dependent on the member's risk level that is determined through the PRSP. Furthermore, nothing in this APL removes or limits existing survey or assessment requirements that the MCPs are responsible for outside of the WCM.

---

[9] See footnote 4. WIC Section 14093.06(b).
[10] Unresolved disputes must be referred to: CCSRedesign@dhcs.ca.gov
[11] See footnote 4. WIC Section 14094.15(d).

1. **Pediatric Risk Stratification Process**
   MCPs must develop a pediatric risk stratification mechanism, or algorithm, to assess the CCS-eligible member's risk level that will be used to classify members into high and low risk categories, allowing the MCP to identify members who have more complex health care needs.

   MCPs are required to complete a risk stratification within 45 days of enrollment for all members including new CCS members enrolling in the MCP, newly CCS-eligible members, or WCM transition members. The risk stratification will assess the member's risk level through:

   - Review of medical utilization and claims processing data, including data received from the county and DHCS;
   - Utilization of existing member assessment or survey data; and
   - Telephonic or in-person communications, if available at time of PRSP.

   Members who do not have any medical utilization data, claims processing data history, or other assessments and/or survey information available will automatically be categorized as high risk until further assessment data is gathered to make an additional risk determination. The PRSP must be submitted to DHCS for review and approval.

2. **Risk Assessment and Individual Care Plan Process**
   MCPs must develop a process to assess a member's current health, including the CCS condition, to ensure that each CCS-eligible member receives case management, care coordination, provider referral, and/or service authorization from a CCS-paneled provider, as described below:

   <u>New Members and Newly CCS-Eligible Members Determined High Risk</u>
   Members identified as high risk through the PRSP must be further assessed by telephonic and/or in-person communication or a risk assessment survey within 90 calendar days of enrollment to assist in the development of the member's ICP. Any risk assessment survey created by the MCP for the purposes of WCM is subject to review and approval by DHCS.

   <u>Risk Assessment</u>
   The risk assessment process must address:

   - General health status and recent health care utilization. This may include, but is not limited to, caretaker self-report of child's health; outpatient, emergency room, or inpatient visits; and school days missed due to illness, over a specified duration of time;

Back to Agenda

- Health history. This includes both CCS and non-CCS diagnoses and past surgeries;
- Specialty provider referral needs;
- Prescription medication utilization;
- Specialized or customized durable medical equipment (DME) needs (if applicable);
- Need for specialized therapies (if applicable). This may include, but is not limited to, physical, occupational, or speech therapies, mental or behavioral health services, and educational or developmental services;
- Limitations of activities of daily living or daily functioning (if applicable); and
- Demographics and social history. This may include, but is not limited to, member demographics, assessment of home and school environments, and a cultural and linguistic assessment.

The risk assessment process must be tailored to each CCS-eligible member's age group. At the MCP's discretion, additional assessment questions may be added to identify the need for, or impact of, future health care services. These may include, but are not limited to, questions related to childhood developmental milestones, pediatric depression, anxiety or attention deficit screening, adolescent substance use, or adolescent sexual behaviors.

Individual Care Plan

MCPs are required to establish an ICP for all members determined to be high risk based on the results of the risk assessment process, with particular focus on specialty care, within 90 days of a completed risk assessment survey or other assessment, by telephonic and/or in-person communication.[12] The ICP will, at a minimum, incorporate the CCS-eligible member's goals and preferences, and provide measurable objectives and timetables to meet the needs for:

- Medical (primary care and CCS specialty) services;
- Mild to moderate or county specialty mental health services;
- Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services;
- County substance use disorder or Drug Medi-Cal services;
- Home health services;
- Regional center services; and
- Other medically necessary services provided within the MCP network, or, when necessary, by an out-of-network provider.

[12] See footnote 4. WIC Section 14094.11(b)(4).

Back to Agenda

The ICP must be developed by the MCP care management team and must be completed in collaboration with the CCS-eligible member, member's family, and/or the member's designated caregiver. The ICP must indicate the level of care the member requires (e.g., no case management, basic case management and care coordination, or complex case management). The ICP must also include the following information, as appropriate, and only if the information has not already been provided as part of another MCP process:[13]

- Access instructions for families so that families know where to go for ongoing information, education, and support in order that they may understand the goals, treatment plan, and course of care the CCS-eligible member and the family's role in the process; what it means to have primary or specialty care for the CCS-eligible member; when it is time to call a specialist, primary, urgent care, or emergency room; what an interdisciplinary team is; and what community resources exist;
- A primary or specialty care physician who is the primary clinician for the CCS-eligible member and who provides core clinical management functions;
- Care management and care coordination for the CCS-eligible member across the health care system, including transitions among levels of care and interdisciplinary care teams; and
- Provision of information about qualified professionals, community resources, or other agencies for services or items outside the scope of responsibility of the MCP.

Further, the MCP must reassess members' risk levels and needs annually at the CCS eligibility redetermination or upon a significant change to a member's condition.

<u>New Members and Newly CCS-Eligible Members Determined Low Risk</u>
For new members and newly CCS-eligible members identified as low risk, the MCP must assess the member by telephonic and/or in-person communication within 120 calendar days of enrollment to determine the member's health care needs. The MCP is still required to provide care coordination and case management services to low risk members.

The MCP must reassess members' risk levels and needs annually at CCS eligibility redetermination or upon a significant change to a member's condition.

[13] See footnote 4. WIC Section 14094.11(c).

WCM Transitioning Members

For WCM transition members, the MCP must complete the PRSP within 45 days of transition, to determine each member's risk level, and complete all required telephonic and/or in-person communication and ICPs for high risk members, and all required telephonic and/or in-person communication for low risk members within one year. Additionally, the MCP must reassess members' risk levels and needs annually at CCS eligibility redetermination, or upon a significant change to a member's condition.

MCPs must submit to DHCS for review and approval a phase-in transition plan establishing a process for completing all required telephonic or in-person communication and ICPs within one year for WCM transition members.

Regardless a member's risk level, all communications, whether by phone or mail, must inform the members and/or the member's designated caregivers that assessments will be provided in a linguistically and culturally appropriate manner, and identify the method by which the providers will arrange for in-person assessments.[14]

MCPs must refer all members, including new members, newly CCS-eligible members, and WCM transition members who may have developed a new CCS-eligible condition, immediately to the county for CCS eligibility determination and must not wait until the annual CCS medical eligibility redetermination period.

B. Case Management and Care Coordination[15]

MCPs must provide case management and care coordination for CCS-eligible members and their families. MCPs that delegate the provision of CCS services to subcontractors must ensure that all subcontractors provide case management and care coordination for members and allow members to access CCS-paneled providers within all of the MCP's subcontracted provider networks for CCS services. MCPs must ensure that information, education, and support is continuously provided to CCS-eligible members and their families to assist in their understanding of the CCS-eligible member's health, other available services, and overall collaboration on the CCS-eligible member's ICP. MCPs must also coordinate services identified in the member's ICP, including:

- Primary and preventive care services with specialty care services;
- Medical therapy units;

[14] See Cultural Competency in Health Care – Meeting the Needs of a Culturally and Linguistically Diverse Population APL 99-005. APLs are available at: http://www.dhcs.ca.gov/formsandpubs/Pages/AllPlanLetters.aspx

[15] See footnote 4. WIC Section 14094.11(b)(1)-(6).

- EPSDT services, including palliative care;[16]
- Regional center services; and
- Home and community-based services.

1. **High Risk Infant Follow-Up Program**
   The High Risk Infant Follow-Up (HRIF) program helps identify infants who might develop CCS-eligible conditions after they are discharged from a NICU. MCPs are responsible for determining HRIF program eligibility, coordinating and authorizing HRIF services for members, and ensuring the provision of HRIF case management services.[17] MCPs must notify the counties in writing, within 15 calendar days, of CCS-eligible neonates, infants, and children up to three years of age that lose Medi-Cal coverage for HRIF services, and provide C.O.C. information to the members.

2. **Age-Out Planning Responsibility**
   MCPs must establish and maintain a process for preparing members approaching WCM age limitations, including identification of primary care and specialty care providers appropriate to the member's CCS qualifying condition(s).

   MCPs must identify and track CCS-eligible members for the duration of their participation in the WCM program and, for those who continue to be enrolled in the same MCP, for at least three years after they age-out of the WCM program.[18]

3. **Pediatric Provider Phase-Out Plan**
   A pediatric phase-out occurs when a treating CCS-paneled provider determines that their services are no longer beneficial or appropriate to the treatment to the member. The MCPs must provide care coordination to CCS-eligible members in need of an adult provider when the CCS-eligible member no longer requires the service of a pediatric provider. The timing of the transition should be individualized to take into consideration the member's medical condition and the established need for care with adult providers.

---

[16] If the scope of the federal EPSDT benefit is more generous than the scope of a benefit discussed in a CCS N.L. or other guidance, the EPSDT standard of what is medically necessary to correct or ameliorate the child's condition must be applied. See Requirements for Coverage of Early and Periodic Screening, Diagnostic, and Treatment Services for Medi-Cal Members Under the Age of 21 APL 18-007, or any superseding APL.
[17] HRIF Eligibility Criteria is available at:
https://www.dhcs.ca.gov/services/ccs/pages/hrif.aspx#medicalcriteria
[18] See footnote 4. WIC Section 14094.12(j).

C. Continuity of Care

MCPs must establish and maintain a process to allow members to request and receive C.O.C. with existing CCS provider(s) for up to 12 months.[19] This APL does not alter the MCP's obligation to fully comply with the requirements of HSC Section 1373.96 and all applicable APLs regarding C.O.C.[20] The C.O.C. requirements extend to MCP's subcontractors. The sections below include additional C.O.C. requirements that only pertain to the WCM program.

1. Specialized or Customized Durable Medical Equipment

If the MCP member has an established relationship with a specialized or customized DME provider, MCPs must provide access to that provider for up to 12 months.[21] MCPs are required to pay the DME provider at rates that are at least equal to the applicable CCS fee-for-service (FFS) rates, unless the DME provider and the MCP mutually enter into an agreement on an alternative payment methodology. The MCP may extend the C.O.C. period beyond 12 months for specialized or customized DME still under warranty and deemed medically necessary by the treating provider.[22]

Specialized or customized DME must be:

- Uniquely constructed or substantially modified solely for the use of the member;
- Made to order or adapted to meet the specific needs of the member; and
- Uniquely constructed, adapted, or modified such that it precludes use of the DME by another individual and cannot be grouped with other items meant for the same use for pricing purposes.

2. Continuity of Care Case Management[23]

MCPs must ensure CCS-eligible members receive expert case management, care coordination, service authorization, and provider referral services. MCPs can meet this requirement by allowing CCS-eligible members, their families, or designated caregivers, to request C.O.C. case management and care coordination from the CCS-eligible member's existing public health nurse (PHN). The member must elect to continue receiving case management from the PHN within 90 days of transition of CCS services to the MCP. In the event the county PHN is unavailable, the MCP must provide the member with an MCP case manager who has received adequate training on the county CCS

[19] See footnote 4. WIC Section 14094.13.
[20] See footnote 3. HSC Section 1373.96.
[21] See footnote 4. WIC Section 14094.12(f).
[22] See footnote 4. WIC Section 14094.13(b)(3).
[23] See footnote 4. WIC Section 14094.13(e), (f) and (g).

program and who has clinical experience with the CCS population or with pediatric patients with complex medical conditions.

At least 60 days before the transition of CCS services to the MCP, the MCP must provide a written notice to all CCS-eligible members explaining their right to continue receiving case management and care coordination services. The MCP must send a follow-up notice 30 days prior to the start of the transition. These notices must be submitted to DHCS for approval.

3. Authorized Prescription Drugs

CCS-eligible members transitioning into MCPs are allowed continued use of any currently prescribed drug that is part of their therapy for the CCS-eligible condition. The CCS-eligible member must be allowed to use the prescribed drug until the MCP and the prescribing physician agree that the particular drug is no longer medically necessary or is no longer prescribed by the county CCS program provider.[24]

4. Extension of Continuity of Care Period[25]

MCPs, at their discretion, may extend the C.O.C. period beyond the initial 12-month period. MCPs must provide CCS-eligible members with a written notification 60 days prior to the end of the C.O.C. period informing members of their right to request a C.O.C. extension and the WCM appeal process for C.O.C. limitations.

The notification must be submitted to DHCS for approval and must include:

- The member's right to request that the MCP extend of the C.O.C. period;
- The criteria that the MCP will use to evaluate the request; and
- The appeal process should the MCP deny the request (see section D below).

Including the WCM C.O.C. protections set forth above, MCP members also have C.O.C. rights under current state law as required in the Continuity of Care for Medi-Cal Members Who Transition Into Medi-Cal Managed Care APL 18-008, including any superseding APL.[26]

[24] See footnote 4. WIC Section 14094.13(d)(2).
[25] See footnote 3. HSC Section 1373.96.
[26] See footnote 14. APL 18-008.

Back to Agenda

D. Grievance, Appeal, and State Fair Hearing Process

MCPs must ensure members are provided information on grievances, appeals, and state fair hearing (SFH) rights and processes. CCS-eligible members enrolled in managed care are provided the same grievance, appeal, and SFH rights as other MCP members. This will not preclude the right of the CCS member to appeal or be eligible for a fair hearing regarding the extension of a C.O.C. period.[27] MCPs must have timely processes for accepting and acting upon member grievances and appeals. Members appealing a CCS eligibility determination must appeal to the county CCS program. MCPs must also comply with the requirements pursuant to Section 1557 of the Affordable Care Act.[28]

As stated above, CCS-eligible members and their families/designated caregivers have the right to request extended C.O.C. with the MCP beyond the initial 12-month period. MCPs must process these requests like other standard or expedited prior authorization requests according to the timeframes contained in Grievance and Appeal Requirements and Revised Notice Templates and "Your Rights" Attachments APL 17-006, including any superseding APL.

If MCPs deny requests for extended C.O.C., they must inform members of their right to further appeal these denials with the MCP and of the member's SFH rights following the appeal process as well as in cases of deemed exhaustion. MCPs must follow all noticing and timing requirements contained in APL 17-006, including any superseding APL, when denying extended C.O.C. requests and when processing appeals. As required in APL 17-006, if MCPs make changes to any of the noticing templates, they must submit the revised notices to DHCS for review and approval prior to use.

E. Transportation

MCPs are responsible for authorizing CCS Maintenance and Transportation (M&T), Non-Emergency Medical Transportation (NEMT), and Non-Medical Transportation (NMT).[29]

MCPs must provide and authorize the CCS M&T benefit for CCS-eligible members or the member's family seeking transportation to a medical service related to their CCS-eligible condition when the cost of M&T presents a barrier to accessing authorized CCS services. M&T services include meals, lodging, and other necessary

[27] See footnote 4. WIC Section 14094.13(j).
[28] See footnote 14. For Section 1557 requirements, see Standards for Determining Threshold Languages and Requirements for Section 1557 of the Affordable Care Act APL 17-011, including any superseding APL.
[29] See Non-Emergency Medical and Non-Medical Transportation Services APL 17-010, including any superseding APL.

costs (e.g. parking, tolls, etc.), in addition to transportation expenses, and must comply with the requirements listed in CCS N.L. 03-0810.[30] These services include, but are not limited to, M&T for out-of-county and out-of-state services.

MCPs must also comply with all requirements listed in the Non-Emergency Medical and Non-Medical Transportation Services APL 17-010 for CCS-eligible members to obtain NEMT and NMT for services not related to their CCS-eligible condition or if the member requires standard transportation that does not require M&T.[31]

F. Out-of-Network Access

MCPs must provide all medically necessary services by CCS paneled providers, which may require the member to be seen out of network. MCPs must allow CCS-eligible members access to out-of-network providers in order to obtain medically necessary services if the MCP has no specialists that treat the CCS-eligible condition within the MCP's provider network, or if in-network providers are unable to meet timely access standards. CCS-eligible members and providers are required to follow the MCP's authorization policy and procedures to obtain appropriate approvals before accessing an out-of-network provider. MCPs must ensure that CCS-eligible members requesting services from out-of-network providers are provided accurate information on how to request and seek approval for out-of-network services. MCPs cannot deny out-of-network services based on cost or location. Transportation must be provided for members obtaining out-of-network services. These out-of-network access requirements also apply to the MCP's subcontractor's provider networks.

The MCP and their subcontracted provider networks must ensure members have access to all medically necessary services related to their CCS condition. If CCS-eligible members require services or treatments for a CCS condition that are not available in the MCP's or their subcontracted provider networks, the MCP must identify, coordinate, and provide access to a CCS-paneled specialist out-of-network.

G. Advisory Committees

MCPs must establish a quarterly Family Advisory Committee (FAC) for CCS families composed of a diverse group of families that represent a range of conditions, disabilities, and demographics. The FAC must also include local providers, including, but not limited to, parent centers, such as family resource centers, family empowerment centers, and parent training and information

[30] See footnote 1. CCS N.L. 03-0810.
[31] See footnote 14. APL 17-010.

Back to Agenda

centers.[32] Members serving on this advisory committee may receive a reasonable per diem payment to enable in-person participation in the advisory committee.[33] A representative of this committee will be invited to serve as a member of the statewide DHCS CCS stakeholder advisory group.

MCPs must also establish a quarterly Clinical Advisory Committee composed of the MCP's chief medical officer or equivalent, the county CCS medical director, and at least four CCS-paneled providers to advise on clinical issues relating to CCS conditions.[34]

III. WCM Payment Structure

A. Payment and Fee Rate

MCPs are required to pay providers at rates that are at least equal to the applicable CCS FFS rates, unless the provider and the MCP mutually enter into an agreement on an alternative payment methodology.[35] MCPs are responsible for authorization and payment of all NICU and CCS NICU claims and for conducting NICU acuity assessments and authorizations in all WCM counties.

The MCP will review authorizations and determine whether or not services meet CCS NICU requirements.

The chart below identifies the entity responsible for NICU acuity assessment, authorization, and payment function activities for WCM:

CCS NICU	NICU Acuity Assessment	Authorization	Payor (Facility/ Physician)
Carved-In Counties: Del Norte, Humboldt, Lake, Lassen, Marin, Mendocino, Merced, Modoc, Monterey, Napa, Orange, San Luis Obispo, San Mateo, Santa Barbara, Santa Cruz, Shasta, Siskiyou, Solano, Sonoma, Trinity, and Yolo	MCP	MCP	MCP

[32] See footnote 4. WIC Section 14094.7(d)(3).
[33] See footnote 4. WIC Section 14094.17(b)(2).
[34] See footnote 4. WIC Section 14094.17(a).
[35] See footnote 4. WIC Section 14094.16(b).

Back to Agenda

IV. MCP Responsibilities to DHCS

A. Network Certification[36]

MCPs and their subcontractors are required to meet specific network certification requirements in order to participate in WCM, which includes having an adequate network of CCS-paneled providers to serve the CCS-eligible population including physicians, specialists, allied professionals, SCCs, hospitals, home health agencies, and specialized and customizable DME providers.

The WCM network certification requires MCPs to submit updated policies and procedures and their CCS-paneled provider networks via a WCM Provider Network Reporting Template.[37]

Subcontracted provider networks that do not meet WCM network certification requirements will be excluded from participating in the WCM until DHCS determines that all certification requirements have been met. MCPs are required to provide oversight and monitoring of all subcontractors' provider networks to ensure network certification requirements for WCM are met.

In accordance with Network Certification Requirements APL 18-005, or any other superseding APL, WCM MCPs may request to add a subcontractor to their WCM network 105 days prior to the start of each contract year.

B. CCS Paneling and Provider Credentialing Requirements

Physicians and other provider types must be CCS-paneled with full or provisional approval status.[38] MCPs cannot panel CCS providers; however, they must ensure that CCS providers in their provider network have an active panel status. MCPs should direct providers who need to be paneled to the CCS Provider Paneling website.[39] MCPs can view the DHCS CCS-paneled provider list online to ensure providers are credentialed and continue contracting with additional CCS-paneled providers.[40]

MCPs are required to verify the credentials of all contracted CCS-paneled

---

[36] See footnote 14. These requirements are further outlined in the Network Certification Requirements APL.
[37] See footnote 14. The WCM Provider Network Reporting Template is an attachment of APL 18-005.
[38] See the Medi-Cal Provider Manual on CCS Provider Paneling Requirements, which is available at: https://files.medi-cal.ca.gov/pubsdoco/publications/masters-mtp/part2/calchildpanel_m00i00o03o04o07o09o11a02a04a05a06a07a08p00v00.doc
[39] Children's Medical Services CCS Provider Paneling is available at: https://cmsprovider.cahwnet.gov/PANEL/index.jsp
[40] The CCS Paneled Providers List is available at: https://cmsprovider.cahwnet.gov/prv/pnp.pdf

providers to ensure the providers are actively CCS-paneled and authorized to treat CCS-eligible members. MCPs' written policies and procedures must follow the credentialing and recredentialing guidelines contained in the Provider Credentialing/Recredentialing and Screening Enrollment APL 17-019, or any superseding APL. MCPs must develop and maintain written policies and procedures that pertain to the initial credentialing, recredentialing, recertification, and reappointment of providers within their network.

C. Utilization Management

MCPs must develop, implement, and update, as needed, a utilization management (UM) program that ensures appropriate processes are used to review and approve medically necessary covered services. MCPs are responsible for ensuring that the UM program includes the following items:[41]

- Procedures for pre-authorization, concurrent review, and retrospective review;
- A list of services requiring prior authorization and the utilization review criteria;
- Procedures for the utilization review appeals process for providers and members;
- Procedures that specify timeframes for medical authorization; and
- Procedures to detect both under- and over-utilization of health care services.

MCP Reporting Requirements

1. Quality Performance Measures

DHCS will develop pediatric plan performance standards and measurements, including health outcomes of children with special health care needs. MCPs are required to report data on the identified performance measures in a format and manner specified by DHCS.

2. Reporting and Monitoring

DHCS has developed specific monitoring and oversight standards for MCPs participating in the WCM. MCPs are required to report WCM encounters as outlined in the most recent DHCS Companion Guide for X12 Standard File Format for encounter data reporting. MCPs are also required to report all contracted CCS-paneled providers as outlined in the most recent DHCS Companion Guide for X12 Standard File Format for provider network data. Both companion guides can be attained by emailing the Encounter Data mailbox at MMCDEncounterData@dhcs.ca.gov. MCPs must submit additionally required

[41] See the COHS Boilerplate Contract, Exhibit A, Attachment 5, Utilization Management. The COHS Boilerplate Contract is available at: http://www.dhcs.ca.gov/provgovpart/Pages/MMCDBoilerplateContracts.aspx

data in a form and manner specified by DHCS and must comply with all contractual requirements.

D. Delegation of Authority

In addition to the requirements of this APL, MCPs are responsible for complying with, and ensuring that their delegates also comply with, all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including other APLs, Policy Letters, and Dual Plan Letters. Each MCP must communicate these requirements to all delegated entities and subcontractors. In addition, MCPs must comply with all requirements listed in the Subcontractual Relationships and Delegation APL 17-004, or any superseding APL. If you have any questions regarding this APL, please contact your Managed Care Operations Division contract manager.

Sincerely,

Original Signed by Nathan Nau

Nathan Nau, Chief
Managed Care Quality and Monitoring Division

Back to Agenda

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken October 3, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

21. Consider Approval of Modifications of CalOptima Policies and Procedures Related to CalOptima's Whole-Child Model Program and Merit-based Incentive Payment System (MIPS) Payment Adjustment

Contact

Candice Gomez, Executive Director, Program Implementation (714) 246-8400
Tracy Hitzeman, Executive Director, Clinical Operations (714) 246-8400
Belinda Abeyta, Executive Director, Operations (714) 246-8400

Recommended Action(s)

Approve modifications to the following Policies and Procedures:

A. GG.1101: California Children's Services (CCS)/Whole-Child Model – Coordination with County CCS Program [Medi-Cal]
B. GG.1318: Coordination of Care for Hemophilia Members [Medi-Cal]
C. GG.1539: Authorization for Out-of-Network and Out-of-Area Services [MC, OC, OCC]
D. MA.3101: Claims Processing [OC, OCC, PACE]

Background and Discussion

As a County Organized Health System (COHS), CalOptima contracts with state and federal agencies to provide health care services to beneficiaries in Orange County. Periodically, CalOptima establishes new, or modifies existing, Policies and Procedures to implement new, or modified, laws, regulatory guidance, contracts and business practices. CalOptima has established an annual policy review process by which Policies and Procedures are updated and subject to peer review. New and modified Policy and Procedures are developed on an ad hoc basis as new laws, regulations, guidelines, or programs are established. Most recently, the following have impacted CalOptima's Policies and Procedures:

Whole-Child Model

The California Children's Services (CCS) is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children under age 21 who meet eligibility criteria based on financial and medical conditions. The California Department of Health Care Services (DHCS) is incorporating CCS services into Medi-Cal Managed Care Plan (MCP) contracts for COHS on a phased-in basis.

On November 9, 2018, DHCS delayed the implementation of Orange County's transition of the CCS program to WCM from January 1, 2019 to no sooner than July 1, 2019. Based on CalOptima's sizable CCS-eligible population and the complexity of our delegated delivery system, DHCS determined that more time is needed to ensure effective preparation and a robust number of CCS-paneled providers. On December 23, 2018, DHCS released All Plan Letter (APL) 18-023 California Children's Services Whole-Child Model Program, which superseded APL 18-011, originally published on June 7, 2018, and included clarifying language and new guidance regarding Neonatal Intensive Care Unit (NICU), High Risk Infant Follow-up (HRIF) program, pediatric palliative care, and continuity of care appeals.

Back to Agenda

On April 4, 2019, the CalOptima Board of Directors authorized modification of existing WCM-related Policies and Procedures to eliminate the age restriction for members who are diagnosed with Hemophilia, End Stage Renal Disease, or are identified as eligible for a transplant consistent with the DHCS-approved commencement date of the CalOptima WCM program to no sooner than July 1, 2019. Additional policies and procedure require modification due to the delayed WCM implementation date and regulatory guidance.

Below is a summary of the modified policies related to WCM:

A. ***GG.1101: California Children's Services*** **(CCS)/Whole-Child Model – Coordination with County CCS Program** defines the guidelines for coordination of care between CalOptima or a health network and the County California Children's Services (CCS) program for members eligible with the CCS program and transitioned into the WCM program, newly CCS-eligible members, or new CCS members enrolling in CalOptima, including identification and referral of members with CCS-eligible conditions. CalOptima revised this policy to ensure compliance with the DHCS APL 18-023: California Children's Services Whole-Child Model Program. With respect to WCM, the revisions address CalOptima's expanded responsibility for determining HRIF program eligibility, coordinating and authorizing HRIF services, and ensuring the provision of HRIF case management service in accordance with CalOptima Policy GG.1330: Case Management – California Children's Services Program/Whole-Child Model. The revisions also address the addition of CalOptima as a liaison between practitioners/Health Networks and the County for medical eligibility determination referrals.

B. ***GG.1318: Coordination of Care for Hemophilia Members*** defines the case management guidelines for coordination of care by CalOptima and its Health Networks for Members diagnosed with Hemophilia. CalOptima has revised the policy pursuant the DHCS APL 18-023: California Children's Services Whole-Child Model Program. The WCM implementation date has been revised in the policy and effectuates CalOptima's responsibility for care coordination for member diagnosed with Hemophilia and are less than twenty-one years of age.

C. ***GG.1539: Authorization for Out-of-Network and Out-of-Area Services*** describes requirements and process for authorization of out-of-network and out-of-area Covered Services for Members assigned to CalOptima Direct or a Health Network. CalOptima revised this policy with respect to Whole-Child Model to be compliant with the DHCS APL 18-023: California Children's Services Whole-Child Model. The revisions ensure WCM members rights to access out-of-network providers in order to obtain Medically Necessary Covered Services if they follow the appropriate process and CalOptima or a Health Network is unable to provide the needed service. The revisions ensure that CalOptima or a Health Network cannot deny out-of-network services based upon cost or location.

<u>Merit-based Incentive Payment System (MIPS) Adjustments</u>
The Medicare Access and Children's Health Insurance Program (CHIP) Reauthorization Act of 2015 (MACRA) requires CMS to implement an incentive program, referred to as the Quality Payment Program; which provides two participation tracks for non-contracted (out-of-network) clinicians:

Advanced Alternative Payment Models (APMS) and Merit-based Incentive Payment System (MIPS). Guidance regarding APMS is forthcoming. Guidance regarding MIPS was first received on April 27, 2018 with subsequent updates on November 8, 2018 and January 8, 2019.

The MIPS was created to reform Medicare Part B payments by rewarding the delivery of high-quality patient care provided by non-contracted clinicians. CMS evaluates eligible clinicians and adjusts payment based upon following performance categories: Quality, Promoting Interoperability, Improvement Activities, and Cost. Evaluation is conducted on an annual basis and the maximum MIPS adjustment percentages increase year over year. The following table provides an overview of the positive and negative MIPS adjustments which can have a range of percentages with a maximum limit for each payment year from 2019-2022:

Performance Year	Payment Year	Maximum Limit for MIPS adjustment
January 1, 2017 - December 31, 2017	2019	+/-4 percent
January 1, 2018 - December 31, 2018	2020	+/-5 percent
January 1, 2019 - December 31, 2019	2021	+/-7 percent
January 1, 2020 - December 31, 2020	2022	+/-9 percent

Below is a summary of the modified policy related to MIPS payment adjustments:

A. ***MA.3101: Claims Processing*** outlines the criteria and process to ensure the timely and accurate processing and adjudication of claims in accordance with applicable statutory and regulatory guidelines for contracted and non-contracted providers. CalOptima revised this policy pursuant to the CalOptima review process to ensure alignment with current operations to include MIPS payment adjustments requirements for non-contracted providers, for both CalOptima and its Health Networks. This policy will apply to MIPS program requirements beginning January 2019 and beyond.

Fiscal Impact
The proposed revisions to CalOptima Policies GG.1101, GG.1318, GG.1539 and MA.3101 are operational and compliance-related in nature. Staff does not anticipate any additional fiscal impact to the CalOptima Consolidated FY 2019-20 Operating Budget, approved by the Board on June 6, 2019.

Rationale for Recommendation
The recommended actions will enable CalOptima to meet regulatory and business requirements of the Whole-Child Model program and MIPS payment adjustments.

Concurrence
Gary Crockett, Chief Counsel

Policy #: GG.1101
Title: **California Children's Services (CCS)/Whole-Child Model – Coordination with County CCS Program**
Department: Medical Affairs
Section: Utilization Management

CEO Approval: Michael Schrader _____

Effective Date: 10/01/1995
~~Last Review Date:~~ ~~11/01/17~~
~~Last~~ Revised Date: ~~11/01/17~~07/01/2019

I. PURPOSE

This policy defines the guidelines for coordination of care between CalOptima or a **Health Network** and the ~~County~~ **California Children's Services (CCS)** ~~for Children with Special~~program.

II. POLICY

A. Effective July 01, 2019, CalOptima shall implement ~~on~~ the Department of Health Care ~~Needs.~~Services (DHCS)-approved **Whole-Child Model (WCM)** program. CalOptima shall assume responsibility for **CCS** for **Members** who are eligible for the **California Children's Services (CCS)** program and transitioned into the **WCM** program, newly **CCS-eligible members**, or new **CCS members** enrolling in CalOptima, including the identification and referral of **Members** with **CCS-eligible Cconditions**.

~~II. POLICY~~

B. With respect to the **WCM** program, CalOptima and the **Health Networks** shall ensure compliance with applicable statutory, regulatory, and contractual requirements, as well as the California DHCS guidance, including, but not limited to, All Plan Letter (APL) 18-023: California Children's Services Whole Child Model Program, or any superseding APL. Without limiting the foregoing, CalOptima and the **Health Networks** shall:

1. Use all current and applicable **CCS** ~~provides~~program guidelines, including **CCS** program regulations, **CCS** program information notices, and **CCS** numbered letters in developing criteria for use by their respective medical director or the equivalent, and other care management staff.

2. Use evidenced-based guidelines or treatment protocols that are medically appropriate given the **Member's CCS-eligible Condition** in cases in which applicable **CCS** clinical guidelines do not exist.

C. CalOptima shall enter into a memorandum of understanding (MOU), or other agreement, with the County **CCS** program for the coordination of **CCS** services to **Members**.

D. CalOptima shall convene a quarterly meeting between CalOptima and the local **CCS** p~~P~~rogram in accordance with CalOptima Policy GG.1330: Case Management - California Children's Services ~~Program~~/Whole Child Model.

DRAFT

Back to Agenda

E. CalOptima or a **Health Network** shall assume responsibility for the **WCM** program as follows:

1. Authorization and payment of **CCS**-eligible medical services, including authorization activities, claims processing and payment, **Case Management**, and quality oversight and coordination of all Medi-Cal and **CCS**-covered services, as well as **Early and Periodic Screening, Diagnosis and Treatment Services (EPSDT)**, for enrolled **Members**.

2. Providing all supporting medical documentation and information needed for **CCS** annual medical eligibility redetermination and other medical determinations.

3. Providing all **Member** information in a Transfer Packet to the County **CCS** p~~P~~rogram to facilitate inter-county transfer in accordance with CalOptima Policy GG.1330: Case Management – California Children's Services/Whole-Child Model.

4. High Risk Infant Follow-Up (HRIF) program, including determining HRIF program eligibility, coordinating and authorizing HRIF services for **Members** in accordance with CCS N.L. 05-1016: High Risk Infant Follow-Up (HRIF) Program Services, or any superseding CCS N.L., and ensuring the provision of HRIF **Case Management**~~,~~ services in accordance with CalOptima Policy GG.1330: Case Management - California Children's Services ~~Program~~/Whole Child Model.

F. County **CCS** Program WCM responsibilities, include but are not limited to:

1. **CCS** program eligibility determination, including responding to and tracking appeals related to **CCS** program medical eligibility determinations and redeterminations; and

~~1.~~2. Care coordination for Medical Therapy Program (MTP) services, receiving and processing referrals to the MTP (except for review and authorization of durable medical equipment, including custom and specialized durable medical equipment, and related supplies), physical and occupational therapy services provided at the Medical Therapy Units (MTU), medical therapy conference services, and financial assistance to **Members** under the age of twenty-one (21) who are eligible for ~~CCS services~~MTP.

3. Notify CalOptima ~~shall enter into a memorandum~~ of ~~understanding (MOU), or other agreement, with~~ a new **CCS-eligible** inter-county transfer **Member** via a Transfer Packet.

G. DHCS **WCM** responsibilities include but are not limited to:

1. Review and final determination of unresolved disagreements between CalOptima and the ~~local~~County **CCS** program ~~for the coordination of CCS services to Members.~~relative to **CCS** medical eligibility.

~~B.~~ If a **Member** has **Other Health Coverage (OHC),** CalOptima~~,~~ or a **Health Network**~~, or a Practitioner,~~ shall ~~identify Members who may have a CCS-Eligible Condition.~~

~~C.~~ consider the **OHC** plan as the **Member's** primary health plan. CalOptima~~,~~ or a **Health Network**~~, or a Practitioner, shall refer a Member to CCS within twenty-four (24) hours, or the next working day, after determining that~~ shall remain the ~~Member may have a CCS-Eligible Condition.~~

Back to Agenda

DRAFT

~~D. A Member's Primary Care Practitioner (PCP), Health Network, or Practitioner, shall refer the Member to CCS for Emergency Services that qualify under CCS within twenty-four (24) hours, or the next working day, after determining that the Member needs Emergency Services related to his or her CCS-Eligible Condition.~~

~~E. CalOptima or a Health Network is not responsible for the provision or payment of services authorized by CCS for the treatment of a CCS-Eligible Condition, after CCS determines that the Member is eligible for CCS.~~

~~a. CCS shall only reimburse CCS-paneled Providers and CCS-approved hospitals, for services authorized by CCS, for the treatment of a CCS-Eligible Condition.~~

~~F. CalOptima or a Health Network shall provide the following:~~ secondary health plan

~~1. Provision and payment of Covered Services related to the identification, evaluation,~~ and ~~diagnosis of a CCS-Eligible Condition;~~

~~2. Covered Services unrelated to a Member's CCS-Eligible Condition after CCS determines that the Member is eligible for CCS;~~

~~3. Covered Services for a Member who has been referred to CCS, but is awaiting an eligibility determination, or authorization for service. The Covered Services may be related or unrelated to the Member's CCS-Eligible Condition; and~~

H. ~~Covered Services for a Member if CCS does not approve eligibility,~~payer of last resort in accordance with ~~Section III.E. of this policy.~~CalOptima Policy FF.2003: Coordination of Benefits.

~~G. CalOptima or a Health Network shall designate a case manager to serve as a liaison to CCS to help coordinate services with CCS.~~

I. CalOptima or a **Health Network** shall proactively ~~collaborate with CCS to~~ coordinate transition services for a ~~Member reaching twenty-one (21~~**WCM Member** who loses Medi-Cal eligibility to the ~~-~~County **CCS** program for ongoing health care and **Case Management** services.

1. CalOptima or a **Health Network** shall notify the County **CCS** program in writing, within fifteen (15) calendar days, of **CCS**-eligible neonates, infants, and children up to three (3) years of age~~, from CCS to CalOptima Direct, a Health Network, or the Genetically Handicapped Persons Program (GHPP).~~that lose Medi-Cal coverage.

~~H. A Member or a Member's Authorized Representative shall have the right to decline enrollment in CCS after the Member is notified of his or her CCS eligibility.~~

III. PROCEDURE

A. A **Practitioner** shall perform appropriate baseline health assessments and diagnostic evaluations to identify potential **CCS-**~~Eligible Conditions~~**eligible Conditions** in accordance with CalOptima Policy GG.1116: Pediatric Preventive Services.

B. CalOptima or a **Health Network** shall provide:

Back to Agenda

DRAFT

1. Training and resources to **Primary Care Physician** and other **Primary Care Providers** to ensure timely identification of **Members** with potential **CCS-eligible Conditions** and notification to the ~~-~~County **CCS** program;

2. Provision and payment~~may~~ of **Medically Necessary Covered Services** related to the identification, evaluation, and diagnosis of a **CCS-eligible Condition**;

3. **Medically Necessary Covered Services** whether related or unrelated to a **Member's CCS-eligible Condition**;

4. Authorization and reimbursement of only **CCS**-paneled physicians and **CCS**-approved facilities for the treatment of **CCS-eligible Conditions**, in accordance with **CCS** program requirements and CalOptima Policies GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers and GG.1508: Authorization and Processing of Referrals.

~~1.~~5. CalOptima or a **Health Network** shall identify ~~a Member~~**Members** who may have a **CCS-eligible Condition** through ~~a referral which may be made through,~~various means, including but ~~is~~ not limited to:

~~2. Utilization Management;~~

~~3. Case Management;~~

~~4. PCP;~~

~~5. Specialist;~~

~~6. Pharmacy; and~~

~~7. Disease Management.~~

a. Screening of all requests for service authorizations for Medi-Cal **Members** under the age of twenty-one (21) by a trained team of nurses and medical authorization assistants;

b. Screening of all **Members** referred for **Case Management, Disease Management**, and/-or **Population Health Management** services or who are currently enrolled in a **Case Management**, **Disease Management,** or **Population Health Management** program; and

c. Review of pharmacy data.

~~B.~~C. CalOptima~~, a Health Network, or a Practitioner,~~ shall refer a **Member** to ~~CCS~~the County **CCS** program for initial and annual medical eligibility determination after identifying ~~and determining~~ that the **Member's** medical condition may qualify him or her for **CCS**.

~~C.~~D. ~~CalOptima, a~~A **Health Network**~~, or a Practitioner,~~ shall refer a **Member** ~~to~~for initial and annual **CCS** medical eligibility determination through CalOptima by~~ completing the following steps:~~:

DRAFT

Back to Agenda

~~A. Contacting the Member's PCP and requesting the Member's Medical Records;~~

~~4.~~1. ~~Ensuring the completion of~~Completing a Service Authorization Request (SAR) form~~, identifying which services the Member may be eligible for, and~~ and submitting the ~~SAR to the Orange County CCS office~~request to CalOptima; and

2. Ensuring the submission of all supporting medical documentation and information needed ~~by CCS to~~ to determine **CCS** medical eligibility and to determine the **Medical Necessity** of the services requested.

3. CalOptima shall facilitate the **CCS** medical eligibility determination by the County **CCS** program by submitting the New Referral **CCS** GHPP Client Service Authorization Request (SAR) and supporting medical documentation to the County **CCS** program.

E. CalOptima shall refer a **Member** to the County CCS program within twenty-four (24) hours, or the next working day, after determining that the **Member** may have a **CCS-eligible Condition**, as described in Section III.D. of this policy.

F. CalOptima, a **Health Network**, or a **Practitioner** shall refer all **Members**, including new **Members**, newly **CCS-eligible Members**, and **WCM** transition **Members** who may have developed a new **CCS-Eligible Condition**, immediately to CalOptima for transmittal to the County **CCS** program for **CCS** eligibility determination, as set forth in Section III.D. of this policy, and not wait until the annual **CCS** medical eligibility determination period.

G. The County **CCS** program will provide confirmation or adverse determination of **CCS** medical eligibility to CalOptima in accordance with **CCS** program eligibility requirements.

1. CalOptima shall ensure notification of the **CCS** medical eligibility determination to the requesting **Health Network** within twenty-four (24) hours of receipt of the County **CCS** program~~'s~~ **CCS** medical eligibility determination.

H. Disagreements between CalOptima and the County **CCS** program regarding **CCS** medical eligibility determinations must be resolved by the County **CCS** program, in consultation with DHCS. The local **CCS** program shall communicate all resolved disputes in writing to CalOptima in a timely manner. Disputes between CalOptima and the County **CCS** program that are unable to be resolved will be referred by either entity to DHCS.

I. **Members** appealing a **CCS** eligibility determination must appeal to the County **CCS** program.

J. **Member** Grievances

1. CalOptima shall ensure **Members** are provided information on and are provided the same grievances, appeals and state fair hearing rights as provided under state and federal law and in accordance with CalOptima Policies HH.1102: Member Grievance, HH.1108: State Hearing Process and Procedures, and GG.1510: Appeals Process.

K. Provider Grievances

DRAFT

Back to Agenda

1. CalOptima or a **Health Network** shall address and resolve **CCS** provider complaints, including but not limited to disputes or grievances concerning the processing of a payment or non-payment of a claim by **CalOptima** or **Health Network** in accordance with CalOptima Policy HH.1101: CalOptima Provider Complaint. CalOptima or a Health Network shall communicate the resolution process ~~the SAR~~to all of its **CCS** providers.

~~D. If a Member is approved for CCS:~~

~~1. A~~ CalOptima or a **Health Network** ~~case manager~~ shall ~~help~~proactively coordinate ~~the Member's CCS services.~~

~~2. A Member's PCP shall request authorization from CCS for CCS-authorized~~ services~~.~~

~~E. If a Member is not approved~~ for ~~CCS:~~

~~1. A CalOptima, or Health Network, case manager may resubmit the Member's application, with additional information, for reconsideration. The application for reconsideration shall be reviewed and approved by a CalOptima or Health Network Medical Director prior to submission.~~

~~2. If a Member is denied CCS for a second (2nd) time, CalOptima, or a Health Network, shall provide, and pay for, the Member's Covered Services.~~

~~F. If CCS denies authorization because the Member does not have a CCS-Eligible Condition, or the service is not a benefit under CCS, the Member's Practitioner shall submit the authorization request and a copy of the CCS denial letter to CalOptima's Utilization Management (UM) Department, or the Member's Health Network.~~

~~G. CCS shall contact a Member, and his or her family, one hundred eighty (180) calendar days prior to the date the Member reaches twenty-one (21) years of age to inform the Member that his or her enrollment in CCS will automatically terminate on the date the Member reaches twenty-one (21) years of age. CCS shall provide a copy of the notice to CalOptima, or the Member's Health Network, to help transition the Member's services from CCS to CalOptima Direct, a Health Network, or the GHPP.~~

L. ~~CalOptima, or a Member's Health Network, shall contact a Member at least one hundred twenty (120) calendar days prior to the~~a **WCM Member** reaching twenty-one (21) years of age ~~to help transition services from CCS to CalOptima Direct, a Health Network, or GHPP~~, including but not limited to those **Members** eligible for services with the Genetically Handicapped Persons program (GHPP), in accordance with CalOptima Policy GG.1330: Case Management – California Children's Services ~~program~~/Whole-Child Model.

M. CalOptima or a **Health Network** shall ensure the development of an **Individual Care Plan (ICP)**, **Case Management**, care coordination, and risk stratification in accordance with CalOptima Policy GG.1330: Case Management – California Children's Services ~~program~~/Whole-Child Model.

N. CalOptima or a **Health Network** shall ensure access to out-of-network providers for eligible **Members** in order to obtain **Medically Necessary** services in accordance with CalOptima Policies

Back to Agenda

DRAFT

GG.1325: Continuity of Care for Members Transitioning into CalOptima Services and GG.1539: Authorization for Out-of-Network and Out-of-Area Services.

O. CalOptima or a **Health Network** shall ensure the provision of the **Maintenance** and **T~~t~~ransportation** benefit for eligible **Members** and a **Member**'s family seeking transportation to a medical service related to the **Member's CCS-eligible Condition** in accordance with CalOptima Policy GG.1547: Maintenance and Transportation.

P. CalOptima and its **Health Network** shall provide appropriate preventive, mental health, developmental, and specialty **EPSDT** medical services under the scope of the CalOptima program to eligible children under age twenty-one (21) years in accordance with CalOptima Policy GG.1121: Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Services.

Q. CalOptima shall ensure oversight of the functions and responsibilities, processes, and performance of a **Health Network**, including compliance with the requirements of the **WCM** program and network adequacy standards in accordance with CalOptima Policies GG.1619: Delegation Oversight and GG.1600: Access and Availability Standards.

IX. GLOSSARY

Term	Definition
~~Authorized Representative~~	~~Has the meaning given to the term Personal Representative in section 164.502(g) of title 45 of, Code of Federal Regulations. A person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting in loco parentis who have the authority under applicable law to make health care decisions on behalf of unemancipated minors and as further described in CalOptima Policy HH.3009: Access by a Member's Authorized Representative.~~
California Children's Services (CCS)	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible ~~children~~individuals under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR) Sections 41515.2 through 41518.9.
California Children's Services ~~Eligible~~ eligible Conditions	~~Include, but are not limited to: chronic~~Chronic medical conditions ~~such as~~, including but not limited to, cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries and infectious disease producing major sequelae~~.~~ as defined in Title 22, California Code of Regulations sections 41515.2 through 41518.9.
CalOptima Direct	A direct health care program operated by CalOptima that includes both COD- Administrative (COD-A) and CalOptima Community Network (CCN) and provides services to ~~Members~~members who meet certain eligibility criteria as described in Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.
~~Children with Special Health Care Needs~~Case Management	~~Children who have or are at increased risk for chronic physical, behavioral, developmental, or emotional conditions, and who also require health care or related services of a type or amount beyond that required by children generally. The identification, assessment, treatment, and coordination of care for CSHCN shall comply with the requirements of Title 42, CFR, Sections 438.208(b)(3) and (b)(4), and 438.208(c)(2), (c)(3), and (c)(4).~~A systematic approach to coordination of care for a member with special needs and/or complex medical conditions that includes the elements of assessment, care planning, intervention monitoring, and documentation.
Continuity of Care	Services provided to a member rendered by an out-of-network provider with whom the member has pre-existing provider relationship.
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as ~~Covered Services~~covered services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), which shall be covered for ~~Members~~members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.

DRAFT

Term	Definition
Disease Management	A multi-disciplinary and continuum-based approach to health care delivery that proactively identifies populations with, or at risk for, established medical conditions and that: 1. Supports the physician/Member relationship; 2. Emphasizes prevention of exacerbation and complications utilizing cost-effective and evidence-based practice guidelines and Member empowerment strategies such as self-management; and 3. Continuously evaluates clinical, humanistic, and economic outcomes with the goal of improving health.
~~Emergency Services~~Early and Periodic Screening, Diagnosis and Treatment Services (EPSDT)	~~Covered Services furnished by Provider qualified to furnish those health services needed to evaluate or stabilize an Emergency Medical Condition.~~A comprehensive and preventive child health program for individuals under the age of twenty-one (21) years. EPSDT is defined by law in the Federal Omnibus Budget Reconciliation Act of 1989 and includes periodic screening, vision, dental, and hearing services. In addition, section 1905(r)(5) of the Federal Social Security Act (the Act) requires that any medically necessary health care service listed in section 1905(a) of the Act be provided to an EPSDT recipient even if the service is not available under the State's Medicaid plan to the rest of the Medicaid population.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide ~~Covered Services~~covered services to ~~Members~~members assigned to that Health Network.
Individual Care Plan (ICP)	A plan of care developed after an assessment of the Member's social and health care needs that reflects the Member's resources, understanding of his or her disease process, and lifestyle choices.
Maintenance	The cost(s) for lodging (such as motel room, etc.) and food for the member, parent(s), or legal guardian(s) when needed to enable the member to access authorized services for a CCS-Eligible Condition.
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal ~~Program~~program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
~~Medical Record~~	~~Any single, complete record kept or required to be kept by any Provider that documents all the medical services received by the Member~~member~~, including, but not limited to, inpatient, outpatient, and emergency care, referral requests, authorizations, or other documentation as indicated by CalOptima policy.~~
Medically Necessary or Medical Necessity	Reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury.

DRAFT

Term	Definition
Other Health Coverage	The responsibility of an individual or entity, other than CalOptima or a member, for the payment of the reasonable value of all or part of the health care benefits provided to a member. Such OHC may originate under any other state, federal, or local medical care program or under other contractual or legal entitlements, including but not limited to, a private group or indemnification program. This responsibility may result from a health insurance policy or other contractual agreement or legal obligation, excluding tort liability.
Population Health Management (PHM)	A model of care that strives to address patients' health needs at all points along the continuum of care, including the community setting, by increasing patient participation and engagement and targeting interventions.
Practitioner	A licensed independent practitioner including, but not limited to, a Doctor of Medicine (MD), Doctor of Osteopathy (DO), Doctor of Podiatric Medicine (DPM), Doctor of Chiropractic Medicine (DC), Doctor of Dental Surgery (DDS), Doctor of Psychology (PhD or PsyD), Licensed Clinical Social Worker (LCSW), Marriage and Family Therapist (MFT or MFCC), Nurse Practitioner (NP), Nurse Midwife, Physician Assistant (PA), Optometrist (OD), Registered Physical Therapist (RPT), Occupational Therapist (OT), or Speech and Language Therapist, furnishing ~~Covered Services.~~covered services.
Primary Care Practitioner/Physician (PCP)	A Practitioner/Physician responsible for supervising, coordinating, and providing initial and primary care to ~~Members~~members and serves as the medical home for ~~Members~~members. The PCP is a general practitioner, internist, pediatrician, family practitioner, or obstetrician/gynecologist (OB/GYN). For ~~Members~~members who are Seniors or Persons with Disabilities, or eligible for the Whole Child Model program, "Primary Care Practitioner" or "PCP" shall additionally mean any ~~Specialist Physician~~Specialty Care Provider who is a Participating Provider and is willing to perform the role of the PCP. A PCP may also be a non-physician Practitioner (e.g., Nurse Practitioner [NP], Nurse Midwife, Physician Assistant [PA]) authorized to provide primary care services under supervision of a physician. For SPD or Whole Child Model beneficiaries, a PCP may also be a specialist or clinic ~~in accordance with W & I Code 14182(b)(11).~~.
Primary Care Provider (PCP)	A Primary Care Provider may be a Primary Care Practitioner, or other institution or facility responsible for supervising, coordinating, and providing initial and primary care to Members and serves as the medical home for Members.
Transportation	For purposes of this Policy, the cost(s) for the use of a private vehicle or public conveyance to provide the member access to authorized services.
Whole-Child Model (WCM)	An organized delivery system established for Medi-Cal eligible CCS children and youth, pursuant to California Welfare & Institutions Code (commencing with Section 14094.4), and that (i) incorporates CCS covered services into Medi-Cal managed care for CCS-eligible Members and (ii) integrates Medi-Cal managed care with specified county CCS program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible conditions.

Policy #:	GG.1101
Title:	**California Children's Services (CCS)/Whole-Child Model – Coordination with County CCS Program**
Department:	Medical Affairs
Section:	Utilization Management
CEO Approval:	Michael Schrader _____
Effective Date:	10/01/1995
Revised Date:	07/01/2019

I. PURPOSE

This policy defines the guidelines for coordination of care between CalOptima or a **Health Network** and the County **California Children's Services (CCS)** program.

II. POLICY

A. Effective July 01, 2019, CalOptima shall implement the Department of Health Care Services (DHCS)-approved **Whole-Child Model (WCM)** program. CalOptima shall assume responsibility for **CCS** for **Members** who are eligible for the **California Children's Services (CCS)** program and transitioned into the **WCM** program, newly **CCS-eligible members**, or new **CCS members** enrolling in CalOptima, including the identification and referral of **Members** with **CCS-eligible Conditions**.

B. With respect to the **WCM** program, CalOptima and the **Health Networks** shall ensure compliance with applicable statutory, regulatory, and contractual requirements, as well as the California DHCS guidance, including, but not limited to, All Plan Letter (APL) 18-023: California Children's Services Whole Child Model Program, or any superseding APL. Without limiting the foregoing, CalOptima and the **Health Networks** shall:

1. Use all current and applicable **CCS** program guidelines, including **CCS** program regulations, **CCS** program information notices, and **CCS** numbered letters in developing criteria for use by their respective medical director or the equivalent, and other care management staff.

2. Use evidenced-based guidelines or treatment protocols that are medically appropriate given the **Member's CCS-eligible Condition** in cases in which applicable **CCS** clinical guidelines do not exist.

C. CalOptima shall enter into a memorandum of understanding (MOU), or other agreement, with the County **CCS** program for the coordination of **CCS** services to **Members**.

D. CalOptima shall convene a quarterly meeting between CalOptima and the local **CCS** program in accordance with CalOptima Policy GG.1330: Case Management - California Children's Services/Whole Child Model.

E. CalOptima or a **Health Network** shall assume responsibility for the **WCM** program as follows:

1. Authorization and payment of **CCS**-eligible medical services, including authorization activities, claims processing and payment, **Case Management**, and quality oversight and

DRAFT

Back to Agenda

coordination of all Medi-Cal and **CCS**-covered services, as well as **Early and Periodic Screening, Diagnosis and Treatment Services (EPSDT)**, for enrolled **Members**.

2. Providing all supporting medical documentation and information needed for **CCS** annual medical eligibility redetermination and other medical determinations.

3. Providing all **Member** information in a Transfer Packet to the County **CCS** program to facilitate inter-county transfer in accordance with CalOptima Policy GG.1330: Case Management – California Children's Services/Whole-Child Model.

4. High Risk Infant Follow-Up (HRIF) program, including determining HRIF program eligibility, coordinating and authorizing HRIF services for **Members** in accordance with CCS N.L. 05-1016: High Risk Infant Follow-Up (HRIF) Program Services, or any superseding CCS N.L., and ensuring the provision of HRIF **Case Management** services in accordance with CalOptima Policy GG.1330: Case Management - California Children's Services/Whole Child Model.

F. County **CCS** Program WCM responsibilities, include but are not limited to:

1. **CCS** program eligibility determination, including responding to and tracking appeals related to **CCS** program medical eligibility determinations and redeterminations; and

2. Care coordination for Medical Therapy Program (MTP) services, receiving and processing referrals to the MTP (except for review and authorization of durable medical equipment, including custom and specialized durable medical equipment, and related supplies), physical and occupational therapy services provided at the Medical Therapy Units (MTU), medical therapy conference services, and financial assistance to **Members** under the age of twenty-one (21) who are eligible for MTP.

3. Notify CalOptima of a new **CCS-eligible** inter-county transfer **Member** via a Transfer Packet.

G. DHCS **WCM** responsibilities include but are not limited to:

1. Review and final determination of unresolved disagreements between CalOptima and the County **CCS** program relative to **CCS** medical eligibility.

H. If a **Member** has **Other Health Coverage (OHC)**, CalOptima or a **Health Network** shall consider the **OHC** plan as the **Member's** primary health plan. CalOptima or a **Health Network** shall remain the secondary health plan and payer of last resort in accordance with CalOptima Policy FF.2003: Coordination of Benefits.

I. CalOptima or a **Health Network** shall proactively coordinate transition services for a **WCM Member** who loses Medi-Cal eligibility to the County **CCS** program for ongoing health care and **Case Management** services.

1. CalOptima or a **Health Network** shall notify the County **CCS** program in writing, within fifteen (15) calendar days, of **CCS**-eligible neonates, infants, and children up to three (3) years of age, that lose Medi-Cal coverage.

III. PROCEDURE

DRAFT

A. A **Practitioner** shall perform appropriate baseline health assessments and diagnostic evaluations to identify potential **CCS-eligible Conditions** in accordance with CalOptima Policy GG.1116: Pediatric Preventive Services.

B. CalOptima or a **Health Network** shall provide:

1. Training and resources to **Primary Care Physician** and other **Primary Care Providers** to ensure timely identification of **Members** with potential **CCS-eligible Conditions** and notification to the County **CCS** program;

2. Provision and payment of **Medically Necessary Covered Services** related to the identification, evaluation, and diagnosis of a **CCS-eligible Condition**;

3. **Medically Necessary Covered Services** whether related or unrelated to a **Member's CCS-eligible Condition**;

4. Authorization and reimbursement of only **CCS**-paneled physicians and **CCS**-approved facilities for the treatment of **CCS-eligible Conditions**, in accordance with **CCS** program requirements and CalOptima Policies GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers and GG.1508: Authorization and Processing of Referrals.

5. CalOptima or a **Health Network** shall identify **Members** who may have a **CCS-eligible Condition** through various means, including but not limited to:

a. Screening of all requests for service authorizations for Medi-Cal **Members** under the age of twenty-one (21) by a trained team of nurses and medical authorization assistants;

b. Screening of all **Members** referred for **Case Management, Disease Management**, and/or **Population Health Management** services or who are currently enrolled in a **Case Management**, **Disease Management,** or **Population Health Management** program; and

c. Review of pharmacy data.

C. CalOptima shall refer a **Member** to the County **CCS** program for initial and annual medical eligibility determination after identifying that the **Member's** medical condition may qualify him or her for **CCS**.

D. A **Health Network** shall refer a **Member** for initial and annual **CCS** medical eligibility determination through CalOptima by:

1. Completing a Service Authorization Request (SAR) form and submitting the request to CalOptima; and

2. Ensuring the submission of all supporting medical documentation and information needed to determine **CCS** medical eligibility and to determine the **Medical Necessity** of the services requested.

3. CalOptima shall facilitate the **CCS** medical eligibility determination by the County **CCS** program by submitting the New Referral **CCS** GHPP Client Service Authorization Request (SAR) and supporting medical documentation to the County **CCS** program.

DRAFT

E. CalOptima shall refer a **Member** to the County CCS program within twenty-four (24) hours, or the next working day, after determining that the **Member** may have a **CCS-eligible Condition**, as described in Section III.D. of this policy.

F. CalOptima, a **Health Network**, or a **Practitioner** shall refer all **Members**, including new **Members**, newly **CCS-eligible Members**, and **WCM** transition **Members** who may have developed a new **CCS-Eligible Condition**, immediately to CalOptima for transmittal to the County **CCS** program for **CCS** eligibility determination, as set forth in Section III.D. of this policy, and not wait until the annual **CCS** medical eligibility determination period.

G. The County **CCS** program will provide confirmation or adverse determination of **CCS** medical eligibility to CalOptima in accordance with **CCS** program eligibility requirements.

1. CalOptima shall ensure notification of the **CCS** medical eligibility determination to the requesting **Health Network** within twenty-four (24) hours of receipt of the County **CCS** program **CCS** medical eligibility determination.

H. Disagreements between CalOptima and the County **CCS** program regarding **CCS** medical eligibility determinations must be resolved by the County **CCS** program, in consultation with DHCS. The local **CCS** program shall communicate all resolved disputes in writing to CalOptima in a timely manner. Disputes between CalOptima and the County **CCS** program that are unable to be resolved will be referred by either entity to DHCS.

I. **Members** appealing a **CCS** eligibility determination must appeal to the County **CCS** program.

J. **Member** Grievances

1. CalOptima shall ensure **Members** are provided information on and are provided the same grievances, appeals and state fair hearing rights as provided under state and federal law and in accordance with CalOptima Policies HH.1102: Member Grievance, HH.1108: State Hearing Process and Procedures, and GG.1510: Appeals Process.

K. Provider Grievances

1. CalOptima or a **Health Network** shall address and resolve **CCS** provider complaints, including but not limited to disputes or grievances concerning the processing of a payment or non-payment of a claim by **CalOptima** or **Health Network** in accordance with CalOptima Policy HH.1101: CalOptima Provider Complaint. CalOptima or a Health Network shall communicate the resolution process to all of its **CCS** providers.

L. CalOptima or a **Health Network** shall proactively coordinate services for a **WCM Member** reaching twenty-one (21) years of age, including but not limited to those **Members** eligible for services with the Genetically Handicapped Persons program (GHPP), in accordance with CalOptima Policy GG.1330: Case Management – California Children's Services/Whole-Child Model.

M. CalOptima or a **Health Network** shall ensure the development of an **Individual Care Plan (ICP)**, **Case Management**, care coordination, and risk stratification in accordance with CalOptima Policy GG.1330: Case Management – California Children's Services/Whole-Child Model.

DRAFT

N. CalOptima or a **Health Network** shall ensure access to out-of-network providers for eligible **Members** in order to obtain **Medically Necessary** services in accordance with CalOptima Policies GG.1325: Continuity of Care for Members Transitioning into CalOptima Services and GG.1539: Authorization for Out-of-Network and Out-of-Area Services.

O. CalOptima or a **Health Network** shall ensure the provision of the **Maintenance** and **Transportation** benefit for eligible **Members** and a **Member**'s family seeking transportation to a medical service related to the **Member's CCS-eligible Condition** in accordance with CalOptima Policy GG.1547: Maintenance and Transportation.

P. CalOptima and its **Health Network** shall provide appropriate preventive, mental health, developmental, and specialty **EPSDT** medical services under the scope of the CalOptima program to eligible children under age twenty-one (21) years in accordance with CalOptima Policy GG.1121: Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Services.

Q. CalOptima shall ensure oversight of the functions and responsibilities, processes, and performance of a **Health Network**, including compliance with the requirements of the **WCM** program and network adequacy standards in accordance with CalOptima Policies GG.1619: Delegation Oversight and GG.1600: Access and Availability Standards.

IX. GLOSSARY

Term	Definition
California Children's Services (CCS)	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible individuals under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR) Sections 41515.2 through 41518.9.
California Children's Services-eligible Conditions	Chronic medical conditions, including but not limited to, cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries and infectious disease producing major sequelae as defined in Title 22, California Code of Regulations sections 41515.2 through 41518.9.
CalOptima Direct	A direct health care program operated by CalOptima that includes both COD- Administrative (COD-A) and CalOptima Community Network (CCN) and provides services to members who meet certain eligibility criteria as described in Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.
Case Management	A systematic approach to coordination of care for a member with special needs and/or complex medical conditions that includes the elements of assessment, care planning, intervention monitoring, and documentation.
Continuity of Care	Services provided to a member rendered by an out-of-network provider with whom the member has pre-existing provider relationship.
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as covered services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), which shall be covered for members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.
Disease Management	A multi-disciplinary and continuum-based approach to health care delivery that proactively identifies populations with, or at risk for, established medical conditions and that: 1. Supports the physician/Member relationship; 2. Emphasizes prevention of exacerbation and complications utilizing cost-effective and evidence-based practice guidelines and Member empowerment strategies such as self-management; and 3. Continuously evaluates clinical, humanistic, and economic outcomes with the goal of improving health.
Early and Periodic Screening, Diagnosis and Treatment Services (EPSDT)	A comprehensive and preventive child health program for individuals under the age of twenty-one (21) years. EPSDT is defined by law in the Federal Omnibus Budget Reconciliation Act of 1989 and includes periodic screening, vision, dental, and hearing services. In addition, section 1905(r)(5) of the Federal Social Security Act (the Act) requires that any medically necessary health care service listed in section 1905(a) of the Act be provided to an EPSDT recipient even if the service is not available under the State's Medicaid plan to the rest of the Medicaid population.

DRAFT

Term	Definition
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide covered services to members assigned to that Health Network.
Individual Care Plan (ICP)	A plan of care developed after an assessment of the Member's social and health care needs that reflects the Member's resources, understanding of his or her disease process, and lifestyle choices.
Maintenance	The cost(s) for lodging (such as motel room, etc.) and food for the member, parent(s), or legal guardian(s) when needed to enable the member to access authorized services for a CCS-Eligible Condition.
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Medically Necessary or Medical Necessity	Reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury.
Other Health Coverage	The responsibility of an individual or entity, other than CalOptima or a member, for the payment of the reasonable value of all or part of the health care benefits provided to a member. Such OHC may originate under any other state, federal, or local medical care program or under other contractual or legal entitlements, including but not limited to, a private group or indemnification program. This responsibility may result from a health insurance policy or other contractual agreement or legal obligation, excluding tort liability.
Population Health Management (PHM)	A model of care that strives to address patients' health needs at all points along the continuum of care, including the community setting, by increasing patient participation and engagement and targeting interventions.
Practitioner	A licensed independent practitioner including, but not limited to, a Doctor of Medicine (MD), Doctor of Osteopathy (DO), Doctor of Podiatric Medicine (DPM), Doctor of Chiropractic Medicine (DC), Doctor of Dental Surgery (DDS), Doctor of Psychology (PhD or PsyD), Licensed Clinical Social Worker (LCSW), Marriage and Family Therapist (MFT or MFCC), Nurse Practitioner (NP), Nurse Midwife, Physician Assistant (PA), Optometrist (OD), Registered Physical Therapist (RPT), Occupational Therapist (OT), or Speech and Language Therapist, furnishing covered services.
Primary Care Practitioner/Physician (PCP)	A Practitioner/Physician responsible for supervising, coordinating, and providing initial and primary care to members and serves as the medical home for members. The PCP is a general practitioner, internist, pediatrician, family practitioner, or obstetrician/gynecologist (OB/GYN). For members who are Seniors or Persons with Disabilities, or eligible for the Whole Child Model program, "Primary Care Practitioner" or "PCP" shall additionally mean any Specialty Care Provider who is a Participating Provider and is willing to perform the role of the PCP. A PCP may also be a non-physician Practitioner (e.g., Nurse Practitioner [NP], Nurse Midwife, Physician Assistant [PA]) authorized to provide primary care services under supervision of a physician. For SPD or Whole Child Model beneficiaries, a PCP may also be a specialist or clinic.

DRAFT

Term	Definition
Primary Care Provider (PCP)	A Primary Care Provider may be a Primary Care Practitioner, or other institution or facility responsible for supervising, coordinating, and providing initial and primary care to Members and serves as the medical home for Members.
Transportation	For purposes of this Policy, the cost(s) for the use of a private vehicle or public conveyance to provide the member access to authorized services.
Whole-Child Model (WCM)	An organized delivery system established for Medi-Cal eligible CCS children and youth, pursuant to California Welfare & Institutions Code (commencing with Section 14094.4), and that (i) incorporates CCS covered services into Medi-Cal managed care for CCS-eligible Members and (ii) integrates Medi-Cal managed care with specified county CCS program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible conditions.

1

DRAFT

INFORMATION ABOUT CALIFORNIA CHILDREN'S SERVICES (CCS)

What is California Children's Services?

CCS is a statewide program that treats children with certain physical limitations and chronic health conditions or diseases. CCS can authorize and pay for specific medical services and equipment provided by CCS-approved specialists. The California Department of Health Care Services manages the CCS program. Larger counties operate their own CCS programs, while smaller counties share the operation of their program with state CCS regional offices in Sacramento, San Francisco, and Los Angeles. The program is funded with state, county, and federal tax monies, along with some fees paid by parents.

What does CCS offer children?

If you or your child's doctor think that your child might have a CCS-eligible medical condition, CCS may pay for or provide a medical evaluation to find out if your child's condition is covered.

If your child is eligible, CCS may pay for or provide:

- Treatment, such as doctor services, hospital and surgical care, physical therapy and occupational therapy, laboratory tests, X-rays, orthopedic appliances and medical equipment.
- Medical case management to help get special doctors and care for your child when medically necessary, and referral to other agencies, including public health nursing and regional centers; or a
- Medical Therapy Program (MTP), which can provide physical therapy and/or occupational therapy in public schools for children who are medically eligible.

Who qualifies for CCS?

The program is open to anyone who:

- is under 21 years old;
- has or may have a medical condition that is covered by CCS;
- is a resident of California; and
- has a family income of less than $40,000 as reported on the adjusted gross income on the state tax form **or** whose out-of-pocket medical expenses for a child who qualifies are **expected** to be more than 20 percent of family income.

Family income is not a factor for children who:

- need diagnostic services to confirm a CCS eligible medical condition; or
- were adopted with a known CCS eligible medical condition; or
- are applying only for services through the Medical Therapy Program; or
- have Medi-Cal full scope, no share of cost.

What medical conditions does CCS cover?

Only certain conditions are covered by CCS. In general, CCS covers medical conditions that are physically disabling or require medical, surgical, or rehabilitative services. There also may be certain criteria that determine if your child's medical condition is eligible. Listed below are categories of medical conditions that may be covered and **some examples** of each:

- Conditions involving the heart (congenital heart disease)
- Neoplasms (cancers, tumors)
- Disorders of the blood (hemophilia, sickle cell anemia)
- Endocrine, nutritional, and metabolic diseases (thyroid problems, PKU, diabetes)
- Disorders of the genito-urinary system (serious chronic kidney problems)
- Disorders of the gastrointestinal system (chronic inflammatory disease, diseases of the liver)
- Serious birth defects (cleft lip/palate, spina bifida)
- Disorders of the sense organs (hearing loss, glaucoma, cataracts)
- Disorders of the nervous system (cerebral palsy, uncontrolled seizures)
- Disorders of the musculoskeletal system and connective tissues (rheumatoid arthritis, muscular dystrophy)
- Severe disorders of the immune system (HIV infection)
- Disabling conditions or poisonings requiring intensive care or rehabilitation (severe head, brain, or spinal cord injuries, severe burns)
- Complications of premature birth requiring an intensive level of care

Back to Agenda

• Disorders of the skin and subcutaneous tissue (severe hemangioma)
• Medically handicapping malocclusion (severely crooked teeth)
Ask your county CCS office if you have questions.

What must the applicant or family do to qualify?

Families (or the applicant if age 18 or older, or an emancipated minor) must:

• complete the application form on page 3 and return it to their county CCS office;
• give CCS all of the information requested so CCS can determine if the family qualifies;
• apply to Medi-Cal if CCS believes that a family's income qualifies them for the Medi-Cal program. (If a family qualifies for Medi-Cal, the child is also covered by CCS. CCS approves the services; payment is made through Medi-Cal.)

How is my privacy protected?

California law requires that families applying for services be given information on how CCS protects their privacy.[1]

To protect your privacy:

• CCS must keep this information confidential.[2]

• CCS may share information on the form with authorized staff from other health and welfare programs **only** when you have signed a consent form.

You have the right to see your application and CCS records concerning you or your child. If you wish to see these records contact your county CCS office. By law, the information you give CCS is kept by the program.[3]

Do I have a right to appeal a decision?

You have the right to disagree with decisions made by CCS.[4] This is called an appeal. The appeal process gives the parent/legal guardian or applicant a way to work with the CCS program to find solutions to disagreements. For information on the appeal process, contact your county CCS office.

Where can I get more information about CCS?

For more information, or help in filling out this application, please contact your county CCS office. Their phone number is usually listed in the government section of your local telephone directory. Look under California Children's Services or county Health Department.

Notes
1 Civil Code, Section 1798.17
2 In accordance with Section 41670, Title 22, California Code of Regulations and the California Public Records Act (Government Code, Sections 6250–6255)
3 Section 123800 et. seq. of the California Health and Safety Code
4 California Code of Regulations, Title 2, Chapter 13, Sections 42702–42703

APPLICATION TO DETERMINE CCS PROGRAM ELIGIBILITY

This application is to be completed by the parent, legal guardian, or applicant (if age 18 or older, or an emancipated minor) in order to determine if the applicant is eligible for CCS services/benefits. The term "applicant" means the child, individual age 18 or older, or emancipated minor for whom the services are being requested. Please type or print clearly.

A. Applicant Information

1. Name of Applicant (last) (first) (middle)	Name on birth certificate (if different)	Any other name the applicant is known by

2. Date of birth (month, day, year)	3. Place of birth - county and state	Country, if born outside the U.S.

4. Applicant's residence address (number, street) (do not use a P.O. Box)	City	County	Zip Code

5. Gender	6. Race/Ethnicity	7. Social security number (optional)

8. What is the applicant's suspected eligible CCS condition or disability?

9. Primary Care Physician	10. Physician's phone number

B. Parent/Legal Guardian/Family Information (Applicants age 18 or older, or emancipated minors skip items 11 and 13.)

11. Name(s) of parent or legal guardian	12. Mother's first name (if not identified in 11)	Maiden name

13. Residence address (number, street) (do not use a P.O. Box)	City	County	Zip Code

14. Mailing address (if different from 13)	City	County	Zip Code

15. Home phone number	16. Cell phone number	17. Work phone number	18. What language do you speak at home?
( )	( )	( )	

19. Email address	20. Number of persons in family unit

21. Other Parent Name and Address if not living with the applicant

C. Health Insurance Information

22. Does the applicant have Medi-Cal? ☐ Yes ☐ No	23. If yes, what is the applicants Medi-Cal number?	24. Is there a share-of-cost? ☐ Yes ☐ No	25. If yes, what is the amount you pay per month? $

26a. Does the applicant have other health insurance? ☐ Yes ☐ No	26b. If yes, what is the name of the insurance plan or company?	26c. Policy or Plan Number

27. Type of insurance plan or company
☐ Preferred Provider Organization (PPO) ☐ Health Maintenance Organization (HMO) ☐ Other: _____

28. Does the applicant have dental insurance? ☐ Yes ☐ No	29. Does the applicant have vision insurance? ☐ Yes ☐ No

D. Certification (Initial and sign below. Your signature authorizes the CCS program to proceed with this application.)

_____I am applying to the CCS program in order to determine eligibility for services/benefits. I understand that the completion of this application does not assure acceptance of applicant by the CCS program.

_____I give my permission to verify my residence, health information, or other circumstances required to determine eligibility for CCS services/benefits.

_____I certify that I have read and understand the information or have had it read to me.

_____I also certify that the information I have given on this form is true and correct.

Signature of person completing the application	Relationship to the applicant	Date

Signature of witness (only if the person signed with a mark)	Date

INSTRUCTIONS FOR COMPLETING THE CALIFORNIA CHILDREN'S SERVICES APPLICATION FORM (DHCS 4480)

Please print clearly so your application can be processed as quickly as possible.

Please fill out each section completely. If you do not provide all the information, CCS will not be able to proceed with your application. If you need help filling out this form, please contact your county CCS office.

Once the application is completed, mail it to your county CCS office. Remember to sign and date the form.

Section A: Applicant Information ("Applicant" means the child, individual age 18 or older, or emancipated minor for whom the services are being requested.)

1. **Applicant's name:** Fill in the applicant's last, first, and middle name. In the next Box, write the applicant's full name as it appears on his/her birth certificate if different from his/her name. If the applicant is known by any other name, please include that name in the last box.

2. **Applicant's date of birth:** Write the month, day, and year of the applicant's birth.

3. **Place of birth:** Write the county and state where applicant was born. Include the country if the applicant was born outside the U.S.

4. **Address:** Write the street number, street name, apartment number, city, county, and ZIP code of the applicant's current residence in this space. Please do not use a P.O. Box.

5. **Applicant's gender:** Place a checkmark or an X in the correct gender box (male or female).

6. **Race/Ethnicity:** Please enter the category from the following list which best describes the applicant's primary race/ethnicity:

- Alaskan Native
- Amerasian
- American Indian
- Asian
- Asian Indian
- Black/African American
- Cambodian
- Chinese
- Filipino
- Guamanian
- Hawaiian
- Hispanic/Latino
- Japanese
- Korean
- Laotian
- Samoan
- Vietnamese
- White
- Other

7. **Applicant's social security number *(optional)*:** Please write the applicant's nine-digit social security number.

8. **Suspected CCS condition or disability:** Write the applicant's disability or special health care need that would be treated by CCS. The enclosed description of CCS eligible conditions may help you (see "What medical conditions does CCS cover" on page 1). If you don't know, ask the applicant's doctor or leave the space blank. CCS will follow up with the applicant's physician if more information is needed.

9. **Name of applicant's primary care physician:** Write the name of the applicant's physician.

10. **Physician's phone number:** Write the phone number for the physician listed in number 9.

Section B: Parent/Legal Guardian Information (Applicants age 18 or older, or emancipated minors skip items 11 and 13.)

11. **Parent/guardian name(s):** Write the name(s) of the applicant's parent(s) or the name(s) of the applicant's legal guardian(s).

12. **Mother's first name and maiden name:** Write the applicant's mother's first name and maiden name.

13. **Address:** Write the street number, street name, apartment number, city, county, and ZIP code of your current residence. Please do not use a P.O. Box.

14. **Mailing address:** If this address is different from number 13, please write the street number, street name, city, and ZIP code.

15. **Home phone number:** Please write the home phone number where you can be reached.

16. **Cell phone number:** Please write the cell phone number where you can be reached.

17. **Work phone number:** Please write the work phone number where you can be reached.

18. **Language(s) spoken:** Write the language you speak **at home**.

19. **Email address**: Write the email address for the parent or legal guardian.

20. **Number of persons in family unit:** Write the number of persons living in the same household.

21. **Other Parent Name and Address if not living with the applicant:** Write the name and address for a second contact person.

Section C: Health Insurance Information

If CCS thinks you may qualify, they will ask you to apply for Medi-Cal if you are not currently receiving Medi-Cal health care benefits.

22. If the applicant does not receive Medi-Cal, check "No" and go to number 26a. If the applicant receives Medi-Cal, check "Yes" and fill in the applicant's Medi-Cal number.

23. If you the applicant has Medi-Cal, enter the 14 digit Medi-Cal number.

24. If you pay a portion of the cost of your Medi-Cal insurance, check "Yes".

25. If you pay a portion of the chare of cost, fill in the monthly amount paid.

26a. If the applicant does not have other health insurance, check "No" and go to number 28.

26b. If the applicant has health insurance, fill in the name of the insurance plan or company.

26c. If the applicant has health insurance, fill in the policy or plan number.

27. If the applicant has health insurance, check the appropriate box depending upon what type of insurance it is. Your insurance forms will tell you what type of health insurance you have. If you are not sure, you can call your health insurance company and ask them.

28. If the applicant has dental insurance, check "Yes." If the applicant does not have dental insurance, check "No."

29. If the applicant has vision insurance, check "Yes." If the applicant does not have vision insurance, check "No."

Section D: Certification

Be sure to sign and date in ink. If signature is signed with a mark, please have a witness sign his or her signature and fill in the date.

Under "Relationship to the applicant," enter father, mother, legal guardian, or self (in the case of individuals age 18 or older, or emancipated minors).

Submitting Your Application

Mail or deliver your application to your county CCS office. To find your county CCS office, go to www.dhcs.ca.gov/services/ccs or look in the government section of your local telephone directory under California Children's Services or county health department.

Address (number, street)	City	State	ZIP code
Description of services	Procedure code	Units	Quantity
Additional information			

Privacy Statement (Civil Code Section 1798 et seq.)

The information requested on this form is required by the Department of Health Care Services for purposes of identification and document processing. Furnishing the information requested on this form is mandatory. Failure to provide the mandatory information may result in your request being delayed or not be processed.

41. Signature of physician/provider or authorized designee	42. Date

Instructions

1. Date of the request: Date the request is being made.

Provider Information

2. Provider's name: Enter the name of the provider who is requesting services.
3. Provider number: Enter National Provider Identification (NPI) number (no group numbers).
4. Address: Enter the requesting provider's address.
5. Contact person: Enter the name of the person who can be contacted regarding the request; all authorizations should be addressed to the contact person.
6. Contact telephone number: Enter the phone number of the contact person.
7. Contact fax number: Enter the fax number for the provider's office or contact person.

Client Information

8. Client name: Enter the client's name—last, first, and middle.
9. Alias (AKA): Enter the patient's alias, if known.
10. Gender: Check the appropriate box.
11. Date of birth: Enter the client's date of birth.
12. CCS/GHPP case number: Enter the client's California Children's Services (CCS)/Genetically Handicapped Persons Program (GHPP) number. If not known, leave blank.
13. Medical record number: Enter the client's hospital or office medical record number.
14. Home phone number: Enter the home phone number where the client or client's legal guardian can be reached.
15. Cell phone number: Enter the cellular phone number where the client or client's legal guardian can be reached.
16. Work phone number: Enter the work phone number where the client or client's legal guardian can be reached.
17. Email address: Enter the email address of the client or client's legal guardian.
18. Residence address: Enter the address of the client. Do not use a P.O. Box number.
19. Mailing address: Enter the mailing address if it is different than number 18.
20. County of residence: Enter residential county of the client.
21. Language spoken: Enter the client's language spoken.
22. Name of parent/legal guardian: Enter the name of client's parent/legal guardian.
23. Mother's first name: Enter the client's mother's first name.
24. Primary care physician: Enter the client's primary care physician's name. If it is not known, enter NK (not known).
25. Primary care physician telephone number: Enter the client's primary care physician phone number.

Insurance Information

26a. Enrolled in Medi-Cal? Mark the appropriate box. If the answer is yes, enter the client's index number in box 26.b. and the client's Medi-Cal number in box 26.c.

27. Enrolled in a commercial insurance plan? Mark the appropriate box, if the answer is yes, mark the type of insurance plan and enter the name of the commercial insurance plan on the line provided.

Diagnosis

28. Diagnosis and/or ICD-10: Enter the diagnosis or ICD-10 code, if known, relating to the requested services.

Requested Services

29. CPT-4/HCPCS code/NDC: Enter the CPT-4, HCPCS code or NDC code being requested. This is only required if services requested are other than ongoing physician authorizations or special care center authorizations. Also not required for inpatient hospital stay requests.
30. Specific description of procedure/service: Enter the specific description of the procedure/service being requested.
31. From and to dates: Enter the date you would like the services to begin. Enter the date you would like the services to end. These dates are not necessarily the dates that will be authorized.
32. Frequency/duration: Enter the frequency or duration of the procedures/service being requested.
33. Units: For NDC, enter total number of fills plus refills. For all other codes, enter the total number/amount of services/supplies requested for SAR effective dates.
34. Quantity: Use only for products identified by NDC. For drugs, enter the amount to be dispensed (number, ml or cc, gms, etc.). For lancets or test strips, enter the number per month or per dispensing period.
35. Other documentation attached: Check this box if attaching additional documentation.
36. Enter facility name: Complete this field with the name of the facility where you would like to perform the surgery you are requesting.

Inpatient Hospital Services

37. Begin date: Enter the date the requested inpatient stay shall begin.
38. End date: Enter the end date for the inpatient stay requested.
39. Number of days: Enter the number of days for the requested inpatient stay.

Additional Services Requested from Other Health Care Providers

40. Provider's name: Enter name of the provider you are referring services to.
Provider number: Enter the provider's National Provider Identification (NPI) number. Telephone: Enter provider's telephone number.
Contact person: Enter the name of the person who can be contacted regarding the request. Address: Enter address of the provider.
Description of services: Enter description of referred services.
Procedure code: Enter the procedure code for requested service other than ongoing physician services.
Units: For NDC, enter total number of fills plus refills. For all other codes, enter the total number/amount of services/supplies requested for SAR effective dates.
Quantity: Use only for products identified by NDC. For drugs, enter the amount to be dispensed (number, ml or cc, gms, etc.). For lancets or test strips, enter the number per month or per dispensing period.
Additional information: Include any written instructions/details here.

Signature

41. Signature of physician or provider: Form must be signed by the physician, pharmacist, or authorized representative.
42. Date: Enter the date the request is signed.

Policy #: GG.1318
Title: **Coordination of Care for Hemophilia Members**
Department: Medical Affairs
Section: Case Management

CEO Approval: Michael Schrader _____

Effective Date: 01/01/2006
~~Last Review Date:~~ ~~04/01/18~~
~~Last~~ Revised Date: ~~04/01/18~~10/03/2019

DRAFT_20191003BOD_Concurrent DHCS Review

I. PURPOSE

This policy defines the case management guidelines for coordination of care by CalOptima and its Health Networks for Members diagnosed with Hemophilia.

II. POLICY

A. This policy shall apply to Medi-Cal Members age twenty-one (21) and over, until implementation of the Whole-Child Model program, at which time it shall apply to Medi-Cal Members of any age.

~~A.~~B. CalOptima is responsible for providing case management to a CalOptima Direct ~~Direct~~ Member who is ~~at least twenty-one (21) years of age and at least twenty-one (21) years of age and~~ diagnosed with Hemophilia, in accordance with the provisions of this policy.

~~B.~~C. If a Health Network Member, except a Kaiser Member, ~~is at least twenty-one (21) years of age and is at least twenty-one (21) years of age and~~ is diagnosed with Hemophilia, CalOptima shall transition such Member to CalOptima Direct, in accordance with CalOptima Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.

~~C.~~D. A CalOptima Direct ~~Direct~~ Member who is ~~at least twenty-one (21) years of age and at least twenty-one (21) years of age and~~ diagnosed with Hemophilia shall receive care from a Federal Hemophilia Treatment Center, in accordance with the provisions of this policy.

E. A CalOptima Direct ~~Direct~~ Member who is ~~at least twenty-one (21) years of age and at least twenty-one (21) years of age and~~ diagnosed with Hemophilia shall receive Hemophilia factor from a Pharmacy that is registered as a covered entity in the 340B Drug Pricing Program.

~~The age provision shall no longer apply on and after the implementation date of the Department of Health Care Services approved Whole Child Model program.~~
~~D.~~

III. PROCEDURE

A. A Provider is responsible for diagnosing a Member with Hemophilia.

B. Upon receipt of notice of a Member who is ~~at least twenty-one (21) years of age and at least twenty-one (21) years of age and~~ diagnosed with Hemophilia, a Health Network (except Kaiser Health Foundation) shall:

Back to Agenda

1. Notify CalOptima's Case Management Department via secure email within five (5) business days after identification of such Member; and

2. Provide Case Management to the Member until the Member is effectively transitioned to CalOptima Direct.

C. Upon receipt of a written notice from a Health Network as set forth in Section III.B of this policy:

1. CalOptima's Case Management Department shall open a case for oversight until the Member transitions to CalOptima Direct;

2. CalOptima's Case Manager shall submit a Change of Network Request (CONR) to CalOptima's Medi-Cal Enrollment and Reconciliation Department inbox to request Health Network assignment to CalOptima Direct (COD);

3. CalOptima's Medi-Cal Enrollment and Reconciliation Department shall transition the Member to CalOptima Direct as set forth in CalOptima Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct; and

4. CalOptima shall notify the Member of the transition to CalOptima Direct within five (5) business days after receipt of notice from the Health Network.

D. CalOptima shall provide case management and care coordination to a Member who is not a Kaiser Member and is ~~at least twenty-one (21) years of age and~~ ~~at least twenty-one (21) years of age and~~ diagnosed with Hemophilia as follows:

1. CalOptima's Case Management Department shall contact the Member by telephone within (10) business days after transition to CalOptima Direct to identify any questions or concerns that the Member may have.

2. CalOptima's Case Management Department shall verify that the Member is connected to the Center for Comprehensive Care and Diagnosis of Inherited Blood Disorders, the Orange County Federal Hemophilia Treatment Center.

3. A CalOptima case manager shall:

a. Follow the Member's progress during any hospital admission and coordinate with the facility case manager to ensure that all discharge needs are met;

b. Provide ongoing communication with the Member after discharge from any hospital admission, as the severity and complexity of the case requires, to identify any issues and to assist in coordinating follow-up care;

c. Continue to coordinate with the Federal Hemophilia Treatment Center and provide authorizations as needed for follow-up care; and

d. Close the case according to case closure criteria.

IX. GLOSSARY

Term	Definition
340B Drug Pricing Program	Program established pursuant to section 340B of the Public Health Service Act, which limits the cost of covered outpatient drugs to covered entities as defined by 340B(a)(4) of the Public Health Service Act.
CalOptima Direct	A direct health care program operated by CalOptima that includes both COD-Administrative (COD-A) and CalOptima Community Network (CCN) and provides services to Members who meet certain eligibility criteria as described in Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.
Care Management and Coordination	A collaborative process of assessment, planning, facilitation, care coordination, evaluation and advocacy for options and services to meet the comprehensive medical, behavioral health and psychosocial needs of an individual and the individual's family, while promoting quality and cost-effective outcomes.
Contract	The written instrument between CalOptima and physicians, hospitals, health maintenance organizations (HMOs), or other entities. Contract shall include any Memorandum of Understanding entered into by CalOptima that are binding on the Health Network in which a physician participates, the Department of Health Care Services (DHCS) Medi-Cal Managed Care Policy Division Policy Letters, Contract Interpretations, and Financial Bulletins issued pursuant to the Contract.
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as Covered Services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), which shall be covered for Members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.
Federal Hemophilia Treatment Center	A provider that is part of a regional network of comprehensive hemophilia diagnostic treatment centers established and contracted through the Special Projects of Regional and National Significance (SPRANS) under 42 U.S.C., Section 701(a)(2).
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Hemophilia	Hemophilia A, B, C, or Von Willebrand disease. Hemophilia does not include any other acquired factor deficiencies including, but not limited to, defibrination syndrome, acquired coagulation factor deficiency, and hemorrhagic disorder due to intrinsic circulating anticoagulants.
Kaiser Member	A Member who is enrolled in, or receives all Covered Services, from Kaiser Health Foundation, Incorporated.
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, DHCS, or the United States Social Security Administration, who is enrolled in a CalOptima program.

340B Drug Pricing Program	Program established pursuant to section 340B of the Public Health Service Act, which limits the cost of covered outpatient drugs to covered entities as defined by 340B(a)(4) of the Public Health Service Act.
CalOptima Direct	A direct health care program operated by CalOptima that includes both COD-Administrative (COD-A) and CalOptima Community Network (CCN) and provides services to Members who meet certain eligibility criteria as described in Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.
Care Management and Coordination	A collaborative process of assessment, planning, facilitation, care coordination, evaluation and advocacy for options and services to meet the comprehensive medical, behavioral health and psychosocial needs of an individual and the individual's family, while promoting quality and cost-effective outcomes.
Contract	The written instrument between CalOptima and physicians, hospitals, health maintenance organizations (HMOs), or other entities. Contract shall include any Memorandum of Understanding entered into by CalOptima that are binding on the Health Network in which a physician participates, the Department of Health Care Services (DHCS) Medi-Cal Managed Care Policy Division Policy Letters, Contract Interpretations, and Financial Bulletins issued pursuant to the Contract.
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as Covered Services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), which shall be covered for Members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.
Federal Hemophilia Treatment Center	A provider that is part of a regional network of comprehensive hemophilia diagnostic treatment centers established and contracted through the Special Projects of Regional and National Significance (SPRANS) under 42 U.S.C., Section 701(a)(2).
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Hemophilia	Hemophilia A, B, C, or Von Willebrand disease. Hemophilia does not include any other acquired factor deficiencies including, but not limited to, defibrination syndrome, acquired coagulation factor deficiency, and hemorrhagic disorder due to intrinsic circulating anticoagulants.
Kaiser Member	A Member who is enrolled in, or receives all Covered Services, from Kaiser Health Foundation, Incorporated.
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, DHCS, or the United States Social Security Administration, who is enrolled in a CalOptima program.

Policy #:	GG.1539
Title:	**Authorization for Out-of-Network and Out-of-Area Services**
Department:	Medical Affairs
Section:	Utilization Management
CEO Approval:	Michael Schrader _____
Effective Date:	11/01/2015
~~Last Review Date:~~	~~08/01/18~~
~~Last~~ Revised Date:	~~08/01/18~~10/03/2019
Applicable to:	☒ Medi-Cal ☒ OneCare ☒ OneCare Connect

I. PURPOSE

This policy describes ~~CalOptima's~~ requirements and process for authorization of **Out-of-Network** and **Out-of-Area Covered Services**~~.~~ for **Members** assigned to **CalOptima Direct** or a **Health Network**.

II. POLICY

A. If CalOptima delegates Utilization Management ~~(UM)~~ activities to a **Health Network**, in accordance with CalOptima Policy GG.1541: Utilization Management Delegation, the **Health Network** shall be responsible~~, subject to CalOptima's approval,~~ for authorization determinations for **Member** referrals for **Covered Services**:

1. **Out-of-Network**~~;~~ for Medi-Cal, OneCare Connect, and~~-~~/or OneCare, as applicable; and

2. **Out-of-Area**, as directed by the **Health Network**~~.~~ ~~–~~, for Medi-Cal, OneCare Connect, and/or One Care, as applicable.

B. CalOptima or a **Health Network** may authorize **Out-of-Network** and **Out-of-Area Covered Services**, as applicable, if a **Member**, due to his or her medical condition, requires:

1. **Covered Services** from a **Non-Contracted Provider**;

2. Specialty care that is not available within the network; and/or

~~2.~~3. Tertiary ~~Facility~~facility specialty care that is not available within the network~~;~~.

~~3. Specialty care that is not available within the network;~~

~~4. Continuity of Care~~ CalOptima or a **Health Network** shall process requests for ~~special medical needs, such as End-Stage Renal Disease (ESRD), while traveling;~~

~~5. Urgent Care Service, while traveling; and~~

~~6. Emergency Services from a Non-Contracted Provider.~~

~~C. CalOptima may deny any request for post-service authorization of~~ **Covered Services** ~~provided to a Member Out-of-Network, or Out-of-Area, based on lack of documentation of Medical Necessity, or failure to meet criteria outlined in Section II.B. of this policy.~~

DRAFT

Back to Agenda

~~D. A Member shall notify his or her Primary Care Physician (PCP) within seventy-two (72) hours after accessing Out-of-Network, or Out-of-Area, Emergency Services.~~

~~E.~~A. ~~CalOptima or a **Health Network** shall ensure **Continuity of Care** for a **Member** transitioning from traditional Fee-For-Service (FFS), another Managed Care Plan, or California Children's Services (CCS) program into the Whole Child Model (WCM) program, with his or her out-of-network nursing facility, Primary Care Physician (PCP), or Specialty Care Provider,~~ in accordance with CalOptima ~~Policies GG.1325: Continuity of Care for Medi-Cal Beneficiaries Who Transition into CalOptima, MA.6021a: Continuity of Care for New Members, and CMC.6021a: Continuity of Care for New Members.~~

~~III. PROCEDURE~~

~~F.~~C. ~~When requesting an authorization, a Provider or Practitioner, including Specialty Practitioners, shall adhere to the responsibilities outlined in CalOptima~~ Policy GG.~~1113: Specialty Practitioner Responsibilities.~~1508: Authorization and Processing of Referrals.

~~G.~~D. ~~CalOptima's Utilization Management Department~~CalOptima or a **Health Network** shall review all requests and notices for ~~Out-of-Area~~ **Covered Services** for a **Member** utilizing criteria described in CalOptima Policy GG.1535: Utilization Review Criteria and Guidelines.

E. CalOptima or a **Health Network** shall ~~process requests~~ensure that **Members** eligible with the Whole-Child Model (WCM) program are provided accurate information on how to request and seek approval for **Out-of-Network Covered Services**~~, in accordance with CalOptima Policy~~.

~~H.~~F. **Covered Services** not subject to prior authorization are set forth in CalOptima Policies GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers and GG.1508: Authorization and Processing of Referrals.

G. CalOptima or a **Health Network** shall review any request for post-service authorization of **Covered Services** provided to a **Member** when submitted in accordance with CalOptima Policies GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers and GG.1508: Authorization and Processing of Referrals.

H. CalOptima or a **Health Network** shall ensure **Continuity of Care** for a **Member** transitioning from traditional Fee-For-Service (FFS), another Medi-Cal Managed Care Plan, or **California Children's Services (CCS)** program into the **WCM** program, in accordance with CalOptima Policies GG.1325: Continuity of Care for Medi-Cal Beneficiaries Who Transition into CalOptima Services, MA.6021a: Continuity of Care for New Members, and CMC.6021a: Continuity of Care for New Members, and GG.1101: California Children's Services (CCS)/Whole-Child Model-Coordination with County CCS Program.

III. PROCEDURE ~~services that do not require a Prior Authorization,~~

A. For **Covered Services**, network **Providers**, including **Specialty Care Practitioners**, shall refer the **Member** to ~~a~~ another network **Provider** (contracted **Provider**~~,~~), unless ~~such~~ a **Provider** of the required type is unavailable in-network. Referrals to an ~~out~~Orange County **Out-of-**~~network~~**Network Provider** shall be processed in accordance with Section III.C of this

Back to Agenda

Policy.policy. Referrals to an **Out-of-Area Provider** shall be processed in accordance with Section III.B of this policy.

1. For **Sensitive Services**, **Members** may access any **Provider**, including those who are outOut-of-networkNetwork, as outlined in CalOptima Policy GG.1118: Family Planning Services, Out-of-Network.

B. Authorization for **Out-of-**Network services**Area Covered Services**:

1. For OneCare Connect and Medi-Cal only, upon determination that a **Member** requires **Out-of-Area Covered Services** Out-of-Area, the referring **Practitioner** shall request authorization from the Member's **Health Network**.
, or CalOptima
1. For OneCare, a Member's Health Network shall notify the CalOptima Utilization Management Department within one (1) working day after identifying the Member's need for Out-of-Network Covered Services.

a. A Member's Health Network shall notify the **CalOptima** Utilization Management Department within twenty-four (24) hours after the Health Network receives notice of a OneCare Member's admission to an Out-of-Network acute care facility.

B. **Direct Members,** in accordance with CalOptima Policies GG.1500: Authorization Instructions for Out-of-Area Covered Services;
CalOptima Direct
1. For OneCare Connect and Medi-Cal only, upon determination that a Member requires Covered Services Out-of-Area, the referring Practitioner shall request authorization from the Member's Health NetworkCalOptima Community Network Providers and GG.1508: Authorization and Processing of Referrals.

a. Upon notice of a **Member's** acute admission to an Out-of-Area facility, the Member's **Health Network**, or CalOptima's case management nurse for **CalOptima Direct Members**, shall conduct concurrent review by telephone until the **Member** is discharged.

b. Prior to a **Member's** discharge from an **Out-of-Area** facility, the Member's **Health Network**, or CalOptima Utilization Management Department for **CalOptima Direct Members**, shall be responsible for ensuring the provision of a **Member's** medical needs, supports, and services throughout the post-discharge and transition to community-based care period by:

i. Performing appropriate discharge planning; and

ii. Coordinating post-hospitalization services, as needed.

2. For OneCare, upon determination that a **Member** requires **Out-of-Area Covered Services** Out-of-Area, the referring **Practitioner** shall request authorization from CalOptima's Utilization Management (UM) Department, in accordance with CalOptima Policy GG.1508: Authorization and Processing of Referrals.

Back to Agenda

a. If a Member's **Health Network** receives notification of a **Member's** admission to an **Out-of-Area** facility for **Covered Services**, the **Health Network** shall notify the CalOptima Utilization Management Department within twenty-four (24) hours.

b. Upon notice of a Member's acute admission to an **Out-of-Area** facility, a CalOptima case management nurse shall conduct concurrent review ~~by telephone~~ until the **Member** is discharged in accordance with CalOptima Policy GG.1501: Inpatient Length of Stay Assignment~~.~~.

c. Prior to a Member's discharge from an **Out-of-Area** facility, the CalOptima Utilization Management ~~(UM)~~ Department and the Member's **Health Network** shall ~~be responsible for ensuring~~coordinate the provision of a **Member's** medical needs, supports, and services throughout the post-discharge and transition to community-based care period by:

i. Performing appropriate discharge planning; and

ii. Coordinating post-hospitalization services, as needed.

C. Authorization for **Out-of-Network Covered Services**

1. For Medi-Cal, One Care, and OneCare Connect, upon determination that a **Member** requires **Covered Services Out-of-Network**, the referring **Practitioner** shall request authorization from the **Member's Health Network**, or CalOptima for **CalOptima Direct Members,** in accordance with CalOptima Policies GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers, GG.1508: Authorization and Processing of Referrals, and GG.1501: Inpatient Length of Stay Assignment.

a. Upon notice of a **Member's** acute admission to an **Out-of-Network** facility, the **Member's Health Network**, or CalOptima for **CalOptima Direct Members**, shall conduct concurrent review until the **Member** is discharged.

b. Prior to a **Member's** discharge from an **Out-of-Network** facility, the Member's **Health Network** or CalOptima, for **CalOptima Direct Members**, shall be responsible for ensuring the provision of a **Member's Covered Services** throughout the post-discharge and transition to community-based care period, by:

i. Performing appropriate discharge planning; and

ii. Coordinating post-hospitalization services, as needed.

2. Whole-Child Model Program

a. For the **WCM** program, **CCS-eligible Members** and **CCS**-paneled **Providers** shall follow CalOptima or **Health Network's** authorization policies and procedure to obtain appropriate approvals prior to accessing an **Out-of-Network CCS Provider**;

b. CalOptima or a **Health Network** shall allow **CCS**-eligible **Members** access to **Out-of-Network CCS Providers** in order to obtain **Medically Necessary Covered Services** related to the **Members' CCS-eligible Condition**, if:

DRAFT

Back to Agenda

i. CalOptima or a **Health Network** has no specialist that treats the **CCS-Eligible Condition** within the network;

ii. In-network **Providers** are unable to meet timely access standards, as described in CalOptima Policy GG.1600: Access and Availability Standards; or

iii. **WCM Continuity of Care** requirements are applicable to the **WCM Member** at the time the service is provided, as outlined in CalOptima Policy GG.1325: Continuity of Care for Members Transitioning into CalOptima Services.

c. CalOptima or a **Health Network** cannot deny **Out-of-Network Covered Services** based upon cost or location.

d. CalOptima or a **Health Network** shall ensure transportation is provided for **CCS**-eligible **Members** obtaining **Out-of-Network Covered Services** in accordance with CalOptima Policy GG.1547: Maintenance and Transportation.

IX. GLOSSARY

Term	Definition
California Children's Services (CCS)	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible individuals under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR) Sections 41515.2 through 41518.9.
California Children's Services-Eligible Condition	Chronic medical conditions, including but not limited to, cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries and infectious disease producing major sequelae as defined in Title 22, California Code of Regulations sections 41515.2 through 41518.9.
California Children's Services (CCS) Provider	Include any of the following: (1) A medical provider that is paneled by the CCS program to treat a CCS-Eligible Condition, pursuant to Article 5 of Chapter 3 of Part 2 of Division 106 of the Health and Safety Code (commencing with Section 123800); (2) A licensed acute care hospital approved by the CCS program to treat a CCS-Eligible Condition; or (3) A special care center approved by the CCS program to treat a CCS-Eligible Condition.
CalOptima Direct	A direct health care program operated by CalOptima that includes both COD- Administrative (COD-A) and CalOptima Community Network (CCN) and provides services to members who meet certain eligibility criteria as described in Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.
Continuity of Care	Services provided to a Member rendered by an out-of-network provider with whom the Member has a pre-existing Provider relationship.
Covered Services	Medi-Cal: Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as ~~Covered Services~~covered services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), which shall be covered for Members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program. OneCare: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Centers of Medicare & Medicaid Services (CMS) Contract. One Care Connect: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the three-way agreement with the Department of Health Care Services and Centers for Medicare & Medicaid Services (CMS).

Term	Definition
Emergency Service	Those covered inpatient and outpatient services required that are 1. Furnished by a physician qualified to furnish emergency services; and 2. Needed to evaluate or stabilize an Emergency Medical Condition.
Health Network	A Physician Hospital Consortium (PHC), a ~~hysician~~ physician under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide ~~Covered Services~~covered services to Members assigned to that Health Network.
Medically Necessary or Medical Necessity	Necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or Treatment of disease, illness, or injury. Services must be provided in a way that provides all protections to the Enrollee provided by Medicare and Medi-Cal. Per Medicare, services must be reasonable and necessary for the diagnosis or treatment of illness or injury or to improve the functioning of a malformed body member, or otherwise medically necessary under 42 U.S.C. § 1395y. In accordance with Title XIX law and related regulations, and per Medi-Cal, medical necessity means reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury under WIC Section 14059.5.
Member	An enrollee-beneficiary of a CalOptima program.
Non-Contracted Provider	A Provider that is not obligated by written contract to provide Covered Services to a Member on behalf of CalOptima or a Health Network.
Out-of-Area	Covered ~~services~~Services provided outside the County of Orange by an appropriate~~,~~ Qualified Health Care Professional.
Out-of-Network	Covered ~~services~~Services provided by a non-contracted~~,~~ and appropriate~~,~~ Qualified Health Care Professional ~~qualified health care professional~~.
Practitioner	A licensed independent practitioner including, but not limited to, a Doctor of Medicine (MD), Doctor of Osteopathy (DO), Doctor of Podiatric Medicine (DPM), Doctor of Chiropractic Medicine (DC), Doctor of Dental Surgery (DDS), Doctor of Psychology (PhD or PsyD), Licensed Clinical Social Worker (LCSW), Marriage and Family Therapist (MFT or MFCC), Nurse Practitioner (NP), Nurse Midwife, Physician Assistant (PA), Optometrist (OD), Registered Physical Therapist (RPT), Occupational Therapist (OT), or Speech and Language Therapist, furnishing Covered Services.

DRAFT

Term	Definition
Primary Care Practitioner/Physician (PCP)	A Practitioner/Physician responsible for supervising, coordinating, and providing initial and primary care to Members and serves as the medical home for Members. The PCP is a general practitioner, internist, pediatrician, family practitioner, or obstetrician/gynecologist (OB/GYN). For Members who are Seniors or Persons with Disabilities, "Primary Care Practitioner" or "PCP" shall additionally mean any Specialist Physician who is a Participating Provider and is willing to perform the role of the PCP. A PCP may also be a non-physician Practitioner (e.g., Nurse Practitioner [NP], Nurse Midwife, Physician Assistant [PA]) authorized to provide primary care services under supervision of a physician. For SPD beneficiaries, a PCP may also be a specialist or clinic in accordance with W & I Code 14182(b)(11).
Provider	For purposes of this policy, a physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary provider, or other person or entity that furnished Covered Services and is licensed or certified to do so.
Qualified Health Care Professional	A Primary Care Physician (PCP), specialist, or other licensed health care provider who is acting within his or her scope of practice and who possesses a clinical background, including training and expertise, related to the particular illness, disease, or condition.
Sensitive Services	Those Covered Services related to family planning, a sexually transmitted disease (STD), abortion, and Human Immunodeficiency Virus (HIV) testing.
Specialty Care Provider or Specialty Care Practitioner	Provider of Specialty Care given to Members by referral by other than a Primary Care Provider.
Urgent Care Service	Medical services required promptly to prevent impairment of health due to symptoms that do not constitute an Emergency Medical Condition, but that are the result of an unforeseen illness, injury, or condition for which medical services are immediately required. Urgent Care is appropriately provided in a clinic, physician's office, or in a hospital emergency department if a clinic or physician's office is inaccessible. Urgent Care does not include primary care services or services provided to treat an Emergency Condition.
Whole-Child Model (WCM)	An organized delivery system established for Medi-Cal eligible CCS children and youth, pursuant to California Welfare & Institutions Code (commencing with Section 14094.4), that (i) incorporates CCS covered services into Medi-Cal managed care for CCS-eligible Members and (ii) integrates Medi-Cal managed care with specified county CCS program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible conditions.

Policy #:	GG.1539
Title:	**Authorization for Out-of-Network and Out-of-Area Services**
Department:	Medical Affairs
Section:	Utilization Management
CEO Approval:	Michael Schrader _____
Effective Date:	11/01/2015
Revised Date:	10/03/2019
Applicable to:	☒ Medi-Cal ☒ OneCare ☒ OneCare Connect

I. PURPOSE

This policy describes requirements and process for authorization of **Out-of-Network** and **Out-of-Area Covered Services** for **Members** assigned to **CalOptima Direct** or a **Health Network**.

II. POLICY

A. If CalOptima delegates Utilization Management activities to a **Health Network**, in accordance with CalOptima Policy GG.1541: Utilization Management Delegation, the **Health Network** shall be responsible for authorization determinations for **Member** referrals for **Covered Services**:

1. **Out-of-Network** for Medi-Cal, OneCare Connect, and/or OneCare, as applicable; and

2. **Out-of-Area**, as directed by the **Health Network**, for Medi-Cal, OneCare Connect, and/or One Care, as applicable.

B. CalOptima or a **Health Network** may authorize **Out-of-Network** and **Out-of-Area Covered Services**, as applicable, if a **Member**, due to his or her medical condition, requires:

1. **Covered Services** from a **Non-Contracted Provider**;

2. Specialty care that is not available within the network; and/or

3. Tertiary facility specialty care that is not available within the network.

C. CalOptima or a **Health Network** shall process requests for **Covered Services** in accordance with CalOptima Policy GG.1508: Authorization and Processing of Referrals.

D. CalOptima or a **Health Network** shall review all requests and notices for **Covered Services** for a **Member** utilizing criteria described in CalOptima Policy GG.1535: Utilization Review Criteria and Guidelines.

E. CalOptima or a **Health Network** shall ensure that **Members** eligible with the Whole-Child Model (WCM) program are provided accurate information on how to request and seek approval for **Out-of-Network Covered Services**.

DRAFT

Back to Agenda

F. **Covered Services** not subject to prior authorization are set forth in CalOptima Policies GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers and GG.1508: Authorization and Processing of Referrals.

G. CalOptima or a **Health Network** shall review any request for post-service authorization of **Covered Services** provided to a **Member** when submitted in accordance with CalOptima Policies GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers and GG.1508: Authorization and Processing of Referrals.

H. CalOptima or a **Health Network** shall ensure **Continuity of Care** for a **Member** transitioning from traditional Fee-For-Service (FFS), another Medi-Cal Managed Care Plan, or **California Children's Services (CCS)** program into the **WCM** program, in accordance with CalOptima Policies GG.1325: Continuity of Care for Medi-Cal Beneficiaries Who Transition into CalOptima Services, MA.6021a: Continuity of Care for New Members, and CMC.6021a: Continuity of Care for New Members, and GG.1101: California Children's Services (CCS)/Whole-Child Model-Coordination with County CCS Program.

III. PROCEDURE

A. For **Covered Services**, network **Providers**, including **Specialty Care Practitioners**, shall refer the **Member** to another network **Provider** (contracted **Provider**), unless a **Provider** of the required type is unavailable in-network. Referrals to an Orange County **Out-of-Network Provider** shall be processed in accordance with Section III.C of this policy. Referrals to an **Out-of-Area Provider** shall be processed in accordance with Section III.B of this policy.

1. For **Sensitive Services**, **Members** may access any **Provider**, including those who are **Out-of-Network**, as outlined in CalOptima Policy GG.1118: Family Planning Services, Out-of-Network.

B. Authorization for **Out-of-Area Covered Services**:

1. For OneCare Connect and Medi-Cal only, upon determination that a **Member** requires **Out-of-Area Covered Services**, the referring **Practitioner** shall request authorization from the Member's **Health Network**, or CalOptima for **CalOptima Direct Members,** in accordance with CalOptima Policies GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers and GG.1508: Authorization and Processing of Referrals.

    a. Upon notice of a **Member's** acute admission to an Out-of-Area facility, the Member's**Health Network,** or CalOptima's case management nurse for **CalOptima Direct Members**, shall conduct concurrent review until the **Member** is discharged.

    b. Prior to a **Member's** discharge from an **Out-of-Area** facility, the Member's **Health Network**, or CalOptima Utilization Management Department for **CalOptima Direct Members**, shall be responsible for ensuring the provision of a **Member's** medical needs, supports, and services throughout the post-discharge and transition to community-based care period by:

        i. Performing appropriate discharge planning; and

        ii. Coordinating post-hospitalization services, as needed.

Back to Agenda

2. For OneCare, upon determination that a **Member** requires **Out-of-Area Covered Services**, the referring **Practitioner** shall request authorization from CalOptima's Utilization Management Department in accordance with CalOptima Policy GG.1508: Authorization and Processing of Referrals.

    a. If a Member's **Health Network** receives notification of a **Member's** admission to an **Out-of-Area** facility for **Covered Services**, the **Health Network** shall notify the CalOptima Utilization Management Department within twenty-four (24) hours.

    b. Upon notice of a Member's acute admission to an **Out-of-Area** facility, a CalOptima case management nurse shall conduct concurrent review until the **Member** is discharged in accordance with CalOptima Policy GG.1501: Inpatient Length of Stay Assignment.

    c. Prior to a Member's discharge from an **Out-of-Area** facility, the CalOptima Utilization Management Department and the Member's **Health Network** shall coordinate the provision of a **Member's** medical needs, supports, and services throughout the post-discharge and transition to community-based care period by:

        i. Performing appropriate discharge planning; and

        ii. Coordinating post-hospitalization services, as needed.

C. Authorization for **Out-of-Network Covered Services**

1. For Medi-Cal, One Care, and OneCare Connect, upon determination that a **Member** requires **Covered Services Out-of-Network**, the referring **Practitioner** shall request authorization from the **Member's Health Network**, or CalOptima for **CalOptima Direct Members,** in accordance with CalOptima Policies GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers, GG.1508: Authorization and Processing of Referrals, and GG.1501: Inpatient Length of Stay Assignment.

    a. Upon notice of a **Member's** acute admission to an **Out-of-Network** facility, the **Member's Health Network**, or CalOptima for **CalOptima Direct Members**, shall conduct concurrent review until the **Member** is discharged.

    b. Prior to a **Member's** discharge from an **Out-of-Network** facility, the Member's **Health Network** or CalOptima, for **CalOptima Direct Members**, shall be responsible for ensuring the provision of a **Member's Covered Services** throughout the post-discharge and transition to community-based care period, by:

        i. Performing appropriate discharge planning; and

        ii. Coordinating post-hospitalization services, as needed.

2. Whole-Child Model Program

    a. For the **WCM** program, **CCS-eligible Members** and **CCS**-paneled **Providers** shall follow CalOptima or **Health Network's** authorization policies and procedure to obtain appropriate approvals prior to accessing an **Out-of-Network CCS Provider**;

DRAFT

Back to Agenda

b. CalOptima or a **Health Network** shall allow **CCS**-eligible **Members** access to **Out-of-Network CCS Providers** in order to obtain **Medically Necessary Covered Services** related to the **Members' CCS-eligible Condition**, if:

i. CalOptima or a **Health Network** has no specialist that treats the **CCS-Eligible Condition** within the network;

ii. In-network **Providers** are unable to meet timely access standards, as described in CalOptima Policy GG.1600: Access and Availability Standards; or

iii. **WCM Continuity of Care** requirements are applicable to the **WCM Member** at the time the service is provided, as outlined in CalOptima Policy GG.1325: Continuity of Care for Members Transitioning into CalOptima Services.

c. CalOptima or a **Health Network** cannot deny **Out-of-Network Covered Services** based upon cost or location.

d. CalOptima or a **Health Network** shall ensure transportation is provided for **CCS**-eligible **Members** obtaining **Out-of-Network Covered Services** in accordance with CalOptima Policy GG.1547: Maintenance and Transportation.

IX. GLOSSARY

Term	Definition
California Children's Services (CCS)	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible individuals under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR) Sections 41515.2 through 41518.9.
California Children's Services-Eligible Condition	Chronic medical conditions, including but not limited to, cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries and infectious disease producing major sequelae as defined in Title 22, California Code of Regulations sections 41515.2 through 41518.9.
California Children's Services (CCS) Provider	Include any of the following: (1) A medical provider that is paneled by the CCS program to treat a CCS-Eligible Condition, pursuant to Article 5 of Chapter 3 of Part 2 of Division 106 of the Health and Safety Code (commencing with Section 123800); (2) A licensed acute care hospital approved by the CCS program to treat a CCS-Eligible Condition; or (3) A special care center approved by the CCS program to treat a CCS-Eligible Condition.
CalOptima Direct	A direct health care program operated by CalOptima that includes both COD- Administrative (COD-A) and CalOptima Community Network (CCN) and provides services to members who meet certain eligibility criteria as described in Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.
Continuity of Care	Services provided to a Member rendered by an out-of-network provider with whom the Member has a pre-existing Provider relationship.
Covered Services	Medi-Cal: Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as covered services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), which shall be covered for Members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program. OneCare: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Centers of Medicare & Medicaid Services (CMS) Contract. One Care Connect: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the three-way agreement with the Department of Health Care Services and Centers for Medicare & Medicaid Services (CMS).
Emergency Service	Those covered inpatient and outpatient services required that are 1. Furnished by a physician qualified to furnish emergency services; and 2. Needed to evaluate or stabilize an Emergency Medical Condition.

Term	Definition
Health Network	A Physician Hospital Consortium (PHC), a physician under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide covered services to Members assigned to that Health Network.
Medically Necessary or Medical Necessity	Necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or Treatment of disease, illness, or injury. Services must be provided in a way that provides all protections to the Enrollee provided by Medicare and Medi-Cal. Per Medicare, services must be reasonable and necessary for the diagnosis or treatment of illness or injury or to improve the functioning of a malformed body member, or otherwise medically necessary under 42 U.S.C. § 1395y. In accordance with Title XIX law and related regulations, and per Medi-Cal, medical necessity means reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury under WIC Section 14059.5.
Member	An enrollee-beneficiary of a CalOptima program.
Non-Contracted Provider	A Provider that is not obligated by written contract to provide Covered Services to a Member on behalf of CalOptima or a Health Network.
Out-of-Area	Covered Services provided outside the County of Orange by an appropriate Qualified Health Care Professional.
Out-of-Network	Covered Services provided by a non-contracted and appropriate Qualified Health Care Professional.
Practitioner	A licensed independent practitioner including, but not limited to, a Doctor of Medicine (MD), Doctor of Osteopathy (DO), Doctor of Podiatric Medicine (DPM), Doctor of Chiropractic Medicine (DC), Doctor of Dental Surgery (DDS), Doctor of Psychology (PhD or PsyD), Licensed Clinical Social Worker (LCSW), Marriage and Family Therapist (MFT or MFCC), Nurse Practitioner (NP), Nurse Midwife, Physician Assistant (PA), Optometrist (OD), Registered Physical Therapist (RPT), Occupational Therapist (OT), or Speech and Language Therapist, furnishing Covered Services.
Primary Care Practitioner/Physician (PCP)	A Practitioner/Physician responsible for supervising, coordinating, and providing initial and primary care to Members and serves as the medical home for Members. The PCP is a general practitioner, internist, pediatrician, family practitioner, or obstetrician/gynecologist (OB/GYN). For Members who are Seniors or Persons with Disabilities, "Primary Care Practitioner" or "PCP" shall additionally mean any Specialist Physician who is a Participating Provider and is willing to perform the role of the PCP. A PCP may also be a non-physician Practitioner (e.g., Nurse Practitioner [NP], Nurse Midwife, Physician Assistant [PA]) authorized to provide primary care services under supervision of a physician. For SPD beneficiaries, a PCP may also be a specialist or clinic in accordance with W & I Code 14182(b)(11).

DRAFT

Term	Definition
Provider	For purposes of this policy, a physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary provider, or other person or entity that furnished Covered Services and is licensed or certified to do so.
Qualified Health Care Professional	A Primary Care Physician (PCP), specialist, or other licensed health care provider who is acting within his or her scope of practice and who possesses a clinical background, including training and expertise, related to the particular illness, disease, or condition.
Sensitive Services	Those Covered Services related to family planning, a sexually transmitted disease (STD), abortion, and Human Immunodeficiency Virus (HIV) testing.
Specialty Care Provider or Specialty Care Practitioner	Provider of Specialty Care given to Members by referral by other than a Primary Care Provider.
Urgent Care Service	Medical services required promptly to prevent impairment of health due to symptoms that do not constitute an Emergency Medical Condition, but that are the result of an unforeseen illness, injury, or condition for which medical services are immediately required. Urgent Care is appropriately provided in a clinic, physician's office, or in a hospital emergency department if a clinic or physician's office is inaccessible. Urgent Care does not include primary care services or services provided to treat an Emergency Condition.
Whole-Child Model (WCM)	An organized delivery system established for Medi-Cal eligible CCS children and youth, pursuant to California Welfare & Institutions Code (commencing with Section 14094.4), that (i) incorporates CCS covered services into Medi-Cal managed care for CCS-eligible Members and (ii) integrates Medi-Cal managed care with specified county CCS program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible conditions.

Policy ~~#:~~:	MA.3101
Title:	**Claims Processing**
Department:	Claims Administration
Section:	Not Applicable
CEO Approval:	Michael Schrader _____
Effective Date:	08/01/2005
Revised Date:	~~04/01/2019~~10/03/2019
Applicable to:	☒ OneCare ☒ OneCare Connect ☒ PACE

I. PURPOSE

This policy ensures the timely and accurate processing and adjudication of claims by CalOptima or a **Health Network*** in accordance with applicable statutory~~-~~, and regulatory ~~guidelines~~requirements, and the Division of Financial Responsibility (DOFR).

II. POLICY

A. CalOptima or a Health Network shall reimburse a claim for **Covered Services*** rendered to a **Member** in accordance with the standard allowances set by CalOptima ~~fee schedules~~Medi-Cal Fee Schedule, Medicare Fee Schedules, or contractual rates with a contracted **Provider**.

B. A **Provider** shall submit a claim for **Covered Services** rendered on, or after, January 1, 2010 as follows:

1. A **Non-Contracted Provider** shall submit a claim for **Covered Services** rendered to a **Member** within one (1) calendar year after the date of service.

2. A contracted **Provider** shall submit a claim for **Covered Services** rendered to a **Member** within the time frame specified in the contracted **Provider** agreement. If the contracted Provider agreement does not specify a time frame, the contracted **Provider** shall submit a claim within one (1) calendar year after the date of service.

C. CalOptima or a **Health Network** shall make timely and reasonable payment for the following **Covered Services** provided to a **Member** by a **Non-Contracted Provider**:

1. Ambulance services dispatched through 911 or its local equivalent, where other means of transportation may endanger the **Member's** health, as provided in CalOptima Policy GG.1505: Transportation, Emergency, Non-Emergency, and Non-Medical; and in accordance with Title 42 of the Code of Federal Regulations, Section 410.40;

2. **Emergency Services** - Emergency medical services *do not* require **Prior Authorization**. If ~~no~~it is determined that the Member is to be admitted and CalOptima or a Health Network does not have a notification of ~~ER admission~~an inpatient admission from the ER ~~is~~ on file for the room and board charges, ~~the examiner~~CalOptima or a **Health Network** must~~-~~ pay the emergency triage fee and request **Medical Records**;

3. Urgently needed services;

DRAFT

* Terms in **bold** are included in the Glossary.

Back to Agenda

4. ~~Post~~Authorized post-stabilization care services;

5. Renal dialysis services when the **Member** is temporarily out-of-area and cannot reasonably access a contracted **Provider** for such **Covered Services**;

6. Denied **Covered Services** ~~denied which~~that are ~~found~~determined in the **Appeal** processes ~~as described~~ in CalOptima ~~Policies CMC.9003: Standard Appeal, CMC.9004: Expedited Appeal, CMC.9005: Payment Appeal, MA.9003: Standard Appeal, MA.9004: Expedited Appeal, and MA.9005: Payment Appeal,~~policies to be services the **Member** was entitled to have furnished, or paid for, by CalOptima or a **Health Network**; and

~~7. Specialty care provided outside of the network, but at in-network cost-sharing, in order to satisfy all Medicare Part A and Part B benefits. That is, if a **Member** requires a very specialized **Covered Service** that is not provided by the physicians in the network,~~ CalOptima or a Health Network shall ~~arrange for that service to be provided by a qualified **Non-Contracted**~~provide Medically Necessary, Covered Services to a Member through an out-of-network Provider~~.~~

~~D.~~ when CalOptima ~~may review a claim for National Correct Coding Initiative (NCCI) edits and may deny a claim based on improper coding and/or improper billing of professional and/or facility claims.~~ or a Health Network is unable to provide the services in the contracted network in accordance with CalOptima ~~may contract with a third-party vendor to review claims for NCCI edits, or improper billing practices.~~

7. Policy EE.1141Δ: CalOptima Provider Contracts.

~~E.~~D. CalOptima or a **Health Network** shall pay, or deny, a claim as follows:

1. Contracted **Providers**

   a. CalOptima or a Health Network shall pay, or deny, a claim from a contracted **Provider**, or portion thereof, in accordance with the ~~time frames specified in~~timeframes, terms, and conditions of the ~~contracted~~ Provider ~~agreement.~~ Agreement.

2. **Non-Contracted Providers**

   a. CalOptima or a Health Network shall pay, or deny, ninety-five percent (95%) of all **Clean Claim**s from **Non-Contracted Providers** within thirty (30) calendar days after the date of receipt.

   b. CalOptima or a Health Network shall pay, or deny, all other claims from **Non-Contracted Providers** within sixty (60) calendar days after the date of receipt.

   c. If CalOptima or a Health Network fails to pay a **Clean Claim** from a **Non-Contracted Provider** within thirty (30) calendar days after the date of receipt, it shall pay interest at the rate used for purposes of Title 31 of the United States Code, Section 3902(a), for the period beginning on the thirty-first (31st) day after receipt and ending on the date on which CalOptima or a Health Network makes payment.

   d. CalOptima or a Health Network shall reimburse a **Non-Contracted Provider** at the Medicare Fee Schedule for Medicare Part B professional services.

DRAFT

Back to Agenda

e. For Dates of Service effective beginning January 1, 2019, CalOptima or a Health Network shall administer the **Centers for Medicare & Medicaid Services (CMS) Merit-based Incentive Payment System (MIPS)** for Part B professional services provided by non-contracted, MIPS-eligible providers in the same manner as any other changes in the applicable Medicare payment schedules. CalOptima or a Health Network shall make positive and negative payment adjustments to Medicare Part B professional services as identified by **CMS** in the MIPS adjustment data files.

i. CalOptima or a Health Network may apply MIPS payment adjustments either at the time the payment is made during the applicable MIPS payment year or as a retroactive adjustment to paid claims.

ii. CalOptima or a Health Network are required to demonstrate payment through reporting or attestation by the end of March on an annual basis.

~~F.~~E. If CalOptima or a **Health Network** denies payment of a **Clean Claim**, CalOptima or a Health Network shall notify the **Member** with the Notice of Denial of Payment.

1. The Notice of Denial of Payment shall clearly state the service denied and the denial reason within time frames set forth in the provisions of this Policy. CalOptima or a Health Network shall provide the following information on the Denial of Payment form in a clear, accurate, and understandable format:

   a. The specific reasons for the payment denial;

   b. Inform the **Member** of his or her right to request an **Appeal**;

   c. Describe the **Appeal**s process, time frames, and other elements; and

   d. Inform the **Member** of his or her right to submit additional evidence in writing, or in person.

2. If a service is not covered ~~by CalOptima,~~under the Medicare program, **,** but is covered by and payable under a **Member's** Medi-Cal coverage, CalOptima or a **Health Network** shall not send the **Member** a Notice of Denial of Payment.

~~G.~~F. The CalOptima Claims Administration Department or a **Health Network** shall utilize paid, denied, and pended claims reports to monitor the accuracy and timeliness of claims processing and payment.

~~H.~~G. CalOptima or a **Health Network** shall identify payers that are primary to Medicare, shall determine the amounts payable ~~to~~by them, and shall coordinate benefits in accordance with CalOptima Policies MA.3103: Claims Coordination of Benefits and CMC.3103: Claims Coordination of Benefits.

~~I.~~H. **Provider** Appeal and Grievance

1. A **Provider** may **Appeal** a claim determination in accordance with CalOptima Policies MA.9005: Payment Appeal and CMC.9005: Payment Appeal.

DRAFT

Back to Agenda

2. A **Provider** may file a **Grievance** in accordance with CalOptima Policy MA.9006: Provider Complaint Process.

III. PROCEDURE

A. If CalOptima or a **Health Network** receives a claim for which it is not financially responsible, it shall forward the claim to the responsible party within ten (10) working days after the date of receipt, as applicable.

B. **Invalid/Incomplete Claims**

1. If CalOptima or a Health Network receives an Invalid, or Incomplete, Claim, it shall notify the **Provider** no later than ten (10) working days after the date of receipt, in writing, with a request for the missing, or invalid, information.

2. If CalOptima or a Health Network does not receive the requested information within forty-five (45) calendar days after the date of CalOptima's notice, ~~CalOptima~~CalOptima's or a **Health Network** notice, CalOptima or a Health Network shall review the claim with the information available and shall make an initial determination to pay, or deny, the claim.

3. If CalOptima or a Health Network denies an **Invalid/Incomplete Claim**, the **Provider** shall have no rights to **Appeal** such denial.

C. **Non-Clean Claims**

1. If CalOptima or a **Health Network** receives a claim that lacks required information, it shall change the claim status to "pended."

2. CalOptima or a **Health Network** shall notify a **Provider** of a **Non-Clean Claim** no later than thirty (30) working days after the date of receipt, in writing, with a request for the missing information. If CalOptima or a **Health Network** requests reasonably relevant information from a **Provider** in addition to information that the **Provider** submits with a claim, CalOptima or a **Health Network** shall provide a written explanation of the necessity for such request.

3. Contracted/**Non-Contracted Providers**:

a. If CalOptima or a **Health Network** does not receive the requested information within forty-five (45) calendar days after it receives the claim, ~~the claim examiner~~CalOptima or a **Health Network** shall- send a second (2nd) letter to the contracted/**Non-Contracted Provider** requesting such information.

b. If CalOptima or a **Health Network** does not receive the requested information within fifty-five (55) calendar days after it receives the claim, CalOptima or a **Health Network** shall review the claim with the information available and shall make a determination to pay, or deny, the claim.

4. ~~The claims processor~~ CalOptima or a **Health Network** shall reprocess the pended claim upon receipt of the requested information in accordance with the time frames set forth in this Policy.

DRAFT

5. If CalOptima or a **Health Network** denies a claim based on a **Provider's** failure to provide requested **Medical Record**s or other information, it shall process any dispute arising from the denial of such claim as a **Provider Grievance**, in accordance with Section II.I. of this Policy.

6. If CalOptima or a **Health Network** denies a claim based on a **Provider's** failure to file the claim within the time frames set forth in Section II.B. of this Policy, upon the **Provider's** submission of a **Grievance** in accordance with Section II.I. of this Policy and the demonstration of good cause for the delay, CalOptima or a **Health Network** shall have the right to accept and adjudicate the claim.

2. CalOptima or a **Health Network** may review a claim for National Correct Coding Initiative (NCCI) edits and may deny a claim based on improper coding and/or improper billing of professional and/or facility claims. CalOptima or a **Health Network** may contract with a third-party vendor to review claims for NCCI edits, or improper billing practices.

D. Record Maintenance

1. CalOptima or a **Health Networks** shall maintain a claims retrieval system that identifies and acknowledges the date of receipt, whether or not a claim is a **Clean Claim**, the action taken on the claim (i.e., paid, denied, pended) and the date CalOptima or a **Health Networks** took such action, in the same manner that the **Provider** submitted the claim.

2. CalOptima or a **Health Networks** shall maintain all **Member Medical Record**s and claim information data for a period of at least ten (10) years from the latest CMS contracting period, or audit, whichever is later, and shall not remove, or transfer, such records, or data, from its offices except in accordance with applicable laws.

IX. GLOSSARY

Term	Definition
Appeal	Any of the procedures that deal with the review of adverse Organization Determinations on a health care service a Member believes he or she is entitled to receive, including delay in providing, arranging for, or approving the Covered Service, or on any amounts the Member must pay for a service as defined in Title 42 of the Code of Federal Regulations, Section 422.566(b). An Appeal may include Reconsideration by CalOptima and if necessary, the Independent Review Entity, hearings before an Administrative Law Judge (ALJ), review by the Departmental Appeals Board (DAB), or a judicial review.
Centers for Medicare & Medicaid Services (CMS)	The federal agency under the United States Department of Health and Human Services responsible for administering the Medicare and Medicaid programs.
Clean Claim	A claim for covered services that has no defect, impropriety, lack of any required substantiating documentation - including the substantiating documentation needed to meet the requirements for encounter data - or particular circumstance requiring special treatment that prevents timely payment; and a claim that otherwise conforms to the clean claim requirements for equivalent claims under original Medicare.
Covered Services	OneCare: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Centers of Medicare & Medicaid Services (CMS) Contract. OneCare Connect: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Three-Way Agreement with the Department of Health Care Services (DHCS) and Centers for Medicare & Medicaid Services (CMS) Contract. PACE: For the purposes of this policy, defined as those medical services, equipment, or supplies that CalOptima is obligated to provide to Participants under the provisions of Welfare & Institutions Code Section 14132 and the CalOptima PACE Program Agreement, except those services specifically excluded under the Exhibit E, Attachment 1, Section 26 of the PACE Program Agreement.
Emergency Services	Covered Services furnished by Provider qualified to furnish those health services needed to evaluate or stabilize an Emergency Medical Condition.
Grievance	Any Complaint, other than one involving an Organization Determination, expressing dissatisfaction with any aspect of CalOptima's, a Health Network's, or a Provider's operations, activities, or behavior, regardless of any request for remedial action.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Invalid/Incomplete Claim	Claims lacking minimum data needed for adjudication thru the core operating system. This includes any claim that: 1. Is incomplete or is missing required information; or 2. Contains complete and necessary information, however, the information provided is invalid.

Term	Definition
Non-Clean Claim	A claim for covered services that lacks required documentation such as medical records or authorization numbers.
Non-Contracted Provider	A Provider that is not obligated by written contract to provide Covered Services to a Member on behalf of CalOptima or a Health Network.
Medicare Fee Schedule	A fee schedule is a complete listing of fees used by Medicare to pay doctors or other providers/suppliers. This comprehensive listing of fee maximums is used to reimburse a physician and/or other providers on a fee-for-service basis. CMS develops fee schedules for physicians, ambulance services, clinical laboratory services, and durable medical equipment, prosthetics, orthotics, and supplies.
Medical Record	A medical record, health record, or medical chart in general is a systematic documentation of a single individual's medical history and care over time. The term 'Medical Record' is used both for the physical folder for each individual patient and for the body of information which comprises the total of each patient's health history. Medical records are intensely personal documents and there are many ethical and legal issues surrounding them such as the degree of third-party access and appropriate storage and disposal.
Member	An enrollee-beneficiary of a CalOptima program.
Merit-based Incentive Payment System (MIPS)	The program required by Section 101(b) of the Medicare Access and CHIP Reauthorization Act (MACRA) of 2015 which consolidated certain aspects of three current incentive programs – the Medicare Electronic Health Record (EHR) Incentive Program for eligible professionals, the Physician Quality Reporting System (PQRS), and the Value-based Payment Modifier – into the MIPS program which applies performance-based positive, neutral, or negative adjustments to Medicare Fee Schedule payments to MIPS-eligible clinicians for Medicare Part B professional services.
Prior Authorization	A process through which a physician or other health care provider is required to obtain advance approval from the plan that payment will be made for a service or item furnished to a Member.
Provider	A physician, pharmacist, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, health maintenance organization, Health Network, Physician Medical Group, or other person or institution who furnishes Covered Services.

I. PURPOSE

This policy ensures the timely and accurate processing and adjudication of claims by CalOptima or a **Health Network*** in accordance with applicable statutory, and regulatory requirements, and the Division of Financial Responsibility (DOFR).

II. POLICY

A. CalOptima or a Health Network shall reimburse a claim for **Covered Services** rendered to a **Member** in accordance with the standard allowances set by CalOptima Medi-Cal Fee Schedule, Medicare Fee Schedules, or contractual rates with a contracted **Provider**.

B. A **Provider** shall submit a claim for **Covered Services** rendered on, or after, January 1, 2010 as follows:

1. A **Non-Contracted Provider** shall submit a claim for **Covered Services** rendered to a **Member** within one (1) calendar year after the date of service.

2. A contracted **Provider** shall submit a claim for **Covered Services** rendered to a **Member** within the time frame specified in the contracted **Provider** agreement. If the contracted Provider agreement does not specify a time frame, the contracted **Provider** shall submit a claim within one (1) calendar year after the date of service.

C. CalOptima or a **Health Network** shall make timely and reasonable payment for the following **Covered Services** provided to a **Member** by a **Non-Contracted Provider**:

1. Ambulance services dispatched through 911 or its local equivalent, where other means of transportation may endanger the **Member's** health, as provided in CalOptima Policy GG.1505: Transportation, Emergency, Non-Emergency, and Non-Medical; and in accordance with Title 42 of the Code of Federal Regulations, Section 410.40;

2. **Emergency Services** - Emergency medical services *do not* require **Prior Authorization**. If it is determined that the Member is to be admitted and CalOptima or a Health Network does not have a notification of an inpatient admission from the ER on file for the room and board charges, CalOptima or a **Health Network** must pay the emergency triage fee and request **Medical Records**;

3. Urgently needed services;

***** Terms in **bold** are included in the Glossary.

Back to Agenda

4. Authorized post-stabilization care services;

5. Renal dialysis services when the **Member** is temporarily out-of-area and cannot reasonably access a contracted **Provider** for such **Covered Services**;

6. Denied **Covered Services** that are determined in the **Appeal** processes in CalOptima policies to be services the **Member** was entitled to have furnished, or paid for, by CalOptima or a **Health Network**; and

7. CalOptima or a Health Network shall provide Medically Necessary, Covered Services to a Member through an out-of-network Provider when CalOptima or a Health Network is unable to provide the services in the contracted network in accordance with CalOptima Policy EE.1141Δ: CalOptima Provider Contracts.

D. CalOptima or a **Health Network** shall pay, or deny, a claim as follows:

1. Contracted **Providers**

a. CalOptima or a Health Network shall pay, or deny, a claim from a contracted **Provider**, or portion thereof, in accordance with the timeframes, terms, and conditions of the Provider Agreement.

2. **Non-Contracted Providers**

a. CalOptima or a Health Network shall pay, or deny, ninety-five percent (95%) of all **Clean Claim**s from **Non-Contracted Providers** within thirty (30) calendar days after the date of receipt.

b. CalOptima or a Health Network shall pay, or deny, all other claims from **Non-Contracted Providers** within sixty (60) calendar days after the date of receipt.

c. If CalOptima or a Health Network fails to pay a **Clean Claim** from a **Non-Contracted Provider** within thirty (30) calendar days after the date of receipt, it shall pay interest at the rate used for purposes of Title 31 of the United States Code, Section 3902(a), for the period beginning on the thirty-first (31st) day after receipt and ending on the date on which CalOptima or a Health Network makes payment.

d. CalOptima or a Health Network shall reimburse a **Non-Contracted Provider** at the Medicare Fee Schedule for Medicare Part B professional services.

e. For Dates of Service effective beginning January 1, 2019, CalOptima or a Health Network shall administer the **Centers for Medicare & Medicaid Services (CMS) Merit-based Incentive Payment System (MIPS)** for Part B professional services provided by non-contracted, MIPS-eligible providers in the same manner as any other changes in the applicable Medicare payment schedules. CalOptima or a Health Network shall make positive and negative payment adjustments to Medicare Part B professional services as identified by **CMS** in the MIPS adjustment data files.

i. CalOptima or a Health Network may apply MIPS payment adjustments either at the time the payment is made during the applicable MIPS payment year or as a retroactive adjustment to paid claims.

DRAFT

Back to Agenda

ii. CalOptima or a Health Network are required to demonstrate payment through reporting or attestation by the end of March on an annual basis.

E. If CalOptima or a **Health Network** denies payment of a **Clean Claim**, CalOptima or a Health Network shall notify the **Member** with the Notice of Denial of Payment.

1. The Notice of Denial of Payment shall clearly state the service denied and the denial reason within time frames set forth in the provisions of this Policy. CalOptima or a Health Network shall provide the following information on the Denial of Payment form in a clear, accurate, and understandable format:

a. The specific reasons for the payment denial;

b. Inform the **Member** of his or her right to request an **Appeal**;

c. Describe the **Appeal**s process, time frames, and other elements; and

d. Inform the **Member** of his or her right to submit additional evidence in writing, or in person.

2. If a service is not covered under the Medicare program, **,** but is covered by and payable under a **Member's** Medi-Cal coverage, CalOptima or a **Health Network** shall not send the **Member** a Notice of Denial of Payment.

F. The CalOptima Claims Administration Department or a **Health Network** shall utilize paid, denied, and pended claims reports to monitor the accuracy and timeliness of claims processing and payment.

G. CalOptima or a **Health Network** shall identify payers that are primary to Medicare, shall determine the amounts payable by them, and shall coordinate benefits in accordance with CalOptima Policies MA.3103: Claims Coordination of Benefits and CMC.3103: Claims Coordination of Benefits.

H. **Provider** Appeal and Grievance

1. A **Provider** may **Appeal** a claim determination in accordance with CalOptima Policies MA.9005: Payment Appeal and CMC.9005: Payment Appeal.

2. A **Provider** may file a **Grievance** in accordance with CalOptima Policy MA.9006: Provider Complaint Process.

III. PROCEDURE

A. If CalOptima or a **Health Network** receives a claim for which it is not financially responsible, it shall forward the claim to the responsible party within ten (10) working days after the date of receipt, as applicable.

B. **Invalid/Incomplete Claims**

DRAFT

Back to Agenda

1. If CalOptima or a Health Network receives an Invalid, or Incomplete, Claim, it shall notify the **Provider** no later than ten (10) working days after the date of receipt, in writing, with a request for the missing, or invalid, information.

2. If CalOptima or a Health Network does not receive the requested information within forty-five (45) calendar days after the date of CalOptima's notice, CalOptima's or a **Health Network** notice, CalOptima or a Health Network shall review the claim with the information available and shall make an initial determination to pay, or deny, the claim.

3. If CalOptima or a Health Network denies an **Invalid/Incomplete Claim**, the **Provider** shall have no rights to **Appeal** such denial.

C. **Non-Clean Claims**

1. If CalOptima or a **Health Network** receives a claim that lacks required information, it shall change the claim status to "pended."

2. CalOptima or a **Health Network** shall notify a **Provider** of a **Non-Clean Claim** no later than thirty (30) working days after the date of receipt, in writing, with a request for the missing information. If CalOptima or a **Health Network** requests reasonably relevant information from a **Provider** in addition to information that the **Provider** submits with a claim, CalOptima or a **Health Network** shall provide a written explanation of the necessity for such request.

3. Contracted/**Non-Contracted Providers**:

   a. If CalOptima or a **Health Network** does not receive the requested information within forty-five (45) calendar days after it receives the claim, CalOptima or a **Health Network** shall send a second (2nd) letter to the contracted/**Non-Contracted Provider** requesting such information.

   b. If CalOptima or a **Health Network** does not receive the requested information within fifty-five (55) calendar days after it receives the claim, CalOptima or a **Health Network** shall review the claim with the information available and shall make a determination to pay, or deny, the claim.

4. CalOptima or a **Health Network** shall reprocess the pended claim upon receipt of the requested information in accordance with the time frames set forth in this Policy.

5. If CalOptima or a **Health Network** denies a claim based on a **Provider's** failure to provide requested **Medical Record**s or other information, it shall process any dispute arising from the denial of such claim as a **Provider Grievance**, in accordance with Section II.I. of this Policy.

6. If CalOptima or a **Health Network** denies a claim based on a **Provider's** failure to file the claim within the time frames set forth in Section II.B. of this Policy, upon the **Provider's** submission of a **Grievance** in accordance with Section II.I. of this Policy and the demonstration of good cause for the delay, CalOptima or a **Health Network** shall have the right to accept and adjudicate the claim.

2. CalOptima or a **Health Network** may review a claim for National Correct Coding Initiative (NCCI) edits and may deny a claim based on improper coding and/or improper billing of

DRAFT

Back to Agenda

professional and/or facility claims. CalOptima or a **Health Network** may contract with a third-party vendor to review claims for NCCI edits, or improper billing practices.

D. Record Maintenance

1. CalOptima or a **Health Networks** shall maintain a claims retrieval system that identifies and acknowledges the date of receipt, whether or not a claim is a **Clean Claim**, the action taken on the claim (i.e., paid, denied, pended) and the date CalOptima or a **Health Networks** took such action, in the same manner that the **Provider** submitted the claim.

2. CalOptima or a **Health Networks** shall maintain all **Member Medical Record**s and claim information data for a period of at least ten (10) years from the latest CMS contracting period, or audit, whichever is later, and shall not remove, or transfer, such records, or data, from its offices except in accordance with applicable laws.

IX. GLOSSARY

Term	Definition
Appeal	Any of the procedures that deal with the review of adverse Organization Determinations on a health care service a Member believes he or she is entitled to receive, including delay in providing, arranging for, or approving the Covered Service, or on any amounts the Member must pay for a service as defined in Title 42 of the Code of Federal Regulations, Section 422.566(b). An Appeal may include Reconsideration by CalOptima and if necessary, the Independent Review Entity, hearings before an Administrative Law Judge (ALJ), review by the Departmental Appeals Board (DAB), or a judicial review.
Centers for Medicare & Medicaid Services (CMS)	The federal agency under the United States Department of Health and Human Services responsible for administering the Medicare and Medicaid programs.
Clean Claim	A claim for covered services that has no defect, impropriety, lack of any required substantiating documentation - including the substantiating documentation needed to meet the requirements for encounter data - or particular circumstance requiring special treatment that prevents timely payment; and a claim that otherwise conforms to the clean claim requirements for equivalent claims under original Medicare.
Covered Services	OneCare: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Centers of Medicare & Medicaid Services (CMS) Contract. OneCare Connect: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Three-Way Agreement with the Department of Health Care Services (DHCS) and Centers for Medicare & Medicaid Services (CMS) Contract. PACE: For the purposes of this policy, defined as those medical services, equipment, or supplies that CalOptima is obligated to provide to Participants under the provisions of Welfare & Institutions Code Section 14132 and the CalOptima PACE Program Agreement, except those services specifically excluded under the Exhibit E, Attachment 1, Section 26 of the PACE Program Agreement.
Emergency Services	Covered Services furnished by Provider qualified to furnish those health services needed to evaluate or stabilize an Emergency Medical Condition.
Grievance	Any Complaint, other than one involving an Organization Determination, expressing dissatisfaction with any aspect of CalOptima's, a Health Network's, or a Provider's operations, activities, or behavior, regardless of any request for remedial action.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Invalid/Incomplete Claim	Claims lacking minimum data needed for adjudication thru the core operating system. This includes any claim that: 1. Is incomplete or is missing required information; or 2. Contains complete and necessary information, however, the information provided is invalid.

DRAFT

Back to Agenda

Term	Definition
Non-Clean Claim	A claim for covered services that lacks required documentation such as medical records or authorization numbers.
Non-Contracted Provider	A Provider that is not obligated by written contract to provide Covered Services to a Member on behalf of CalOptima or a Health Network.
Medicare Fee Schedule	A fee schedule is a complete listing of fees used by Medicare to pay doctors or other providers/suppliers. This comprehensive listing of fee maximums is used to reimburse a physician and/or other providers on a fee-for-service basis. CMS develops fee schedules for physicians, ambulance services, clinical laboratory services, and durable medical equipment, prosthetics, orthotics, and supplies.
Medical Record	A medical record, health record, or medical chart in general is a systematic documentation of a single individual's medical history and care over time. The term 'Medical Record' is used both for the physical folder for each individual patient and for the body of information which comprises the total of each patient's health history. Medical records are intensely personal documents and there are many ethical and legal issues surrounding them such as the degree of third-party access and appropriate storage and disposal.
Member	An enrollee-beneficiary of a CalOptima program.
Merit-based Incentive Payment System (MIPS)	The program required by Section 101(b) of the Medicare Access and CHIP Reauthorization Act (MACRA) of 2015 which consolidated certain aspects of three current incentive programs – the Medicare Electronic Health Record (EHR) Incentive Program for eligible professionals, the Physician Quality Reporting System (PQRS), and the Value-based Payment Modifier – into the MIPS program which applies performance-based positive, neutral, or negative adjustments to Medicare Fee Schedule payments to MIPS-eligible clinicians for Medicare Part B professional services.
Prior Authorization	A process through which a physician or other health care provider is required to obtain advance approval from the plan that payment will be made for a service or item furnished to a Member.
Provider	A physician, pharmacist, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, health maintenance organization, Health Network, Physician Medical Group, or other person or institution who furnishes Covered Services.

Important: This notice explains your right to appeal our decision. Read this notice carefully. If you need help, you can call one of the numbers listed on the last page under "Get help & more information."

Notice of Denial of Payment

Date:

Member number:
Claim number:

Name:

Your request was denied

We've denied the payment of medical services/items listed below requested by you or your doctor [ ]:

Why did we deny your request?

We denied the payment of medical services/items listed above because:

You have the right to appeal our decision

You have the right to ask OneCare (HMO SNP) to review our decision by asking us for an appeal**.**

Appeal: Ask OneCare (HMO SNP) for an appeal within **60 days** of the date of this notice. We can give you more time if you have a good reason for missing the deadline.

If you want someone else to act for you

You can name a relative, friend, attorney, doctor, or someone else to act as your representative. If you want someone else to act for you, call us at: 1-877-412-2734 to learn how to name your representative. TTY users call 1-800-735-2929. Both you and the person you want to act for you must sign and date a statement confirming this is what you want. You'll need to mail or fax this statement to us.

Important Information About Your Appeal Rights

There are 2 kinds of appeals

Standard Appeal – We'll give you a written decision on a standard appeal within **30 days** after we get your appeal. Our decision might take longer if you ask for an extension, or if we need more information about your case. We'll tell you if we're taking extra time and will explain why more time is needed. If your appeal is for payment of a service you've already received, we'll give you a written decision within **60 days**.

Fast Appeal – We'll give you a decision on a fast appeal within **72 hours** after we get your appeal. You can ask for a fast appeal if you or your doctor believe your health could be seriously harmed by waiting up to 30 days for a decision.

We'll automatically give you a fast appeal if a doctor asks for one for you or supports your request. If you ask for a fast appeal without support from a doctor, we'll decide if your request requires a fast appeal. If we don't give you a fast appeal, we'll give you a decision within 30 days.

How to ask for an appeal with OneCare (HMO SNP)

Step 1: You, your representative, or your doctor [*provider*] must ask us for an appeal *or State Fair Hearing*. Your *written* request must include:

- Your name
- Address
- Member number
- Reasons for appealing
- Any evidence you want us to review, such as medical records, doctors' letters, or other information that explains why you need the item or service. Call your doctor if you need this information.

Step 2: Mail, fax, or deliver your appeal *or call us*.

For a Standard Appeal: Address: Attention: Grievance and Appeals Resolution Services
CalOptima
505 City Parkway West
Orange, CA 92868

Phone: 1-877-412-2734 Fax: 1-714-246-8562

If you ask for a standard appeal by phone, we will send you a letter confirming what you told us.

For a Fast Appeal: Phone: 1-877-412-2734 Fax: 1-714-246-8562

What happens next?

If you ask for an appeal and we continue to deny your request for *payment of* a service, we'll send you a written decision and automatically send your case to an independent reviewer. **If the independent reviewer denies your request, the written decision will explain if you have additional appeal rights.**

Get help & more information

- OneCare (HMO SNP) Toll Free: 1-877-412-2734 TTY users call: 1-800-735-2929

24 hours, 7 days a week.

- 1-800-MEDICARE (1-800-633-4227), 24 hours, 7 days a week. TTY users call: 1-877-486-2048
- Medicare Rights Center: 1-888-HMO-9050
- Elder Care Locator: 1-800-677-1116

Claims Administration
OneCare

cc: Member File

Important: This notice explains your right to appeal our decision. Read this notice carefully. If you need help, you can call one of the numbers listed on the last page under "Get help & more information." You can also see Chapter 9 of the Member Handbook for information about how to make an appeal.

Notice of Denial of Payment

Date:

Member number:
Claim number:

Name:

Your request was denied

We've denied the payment of medical services/items listed below requested by you or your doctor [*provider*]:

[service] [service dates]

Why did we deny your request?

We denied the payment of medical services/items listed above because:

[Remarks]

You should share a copy of this decision with your doctor so you and your doctor can discuss next steps. If your doctor requested coverage on your behalf, we have sent a copy of this decision to your doctor.

You have the right to appeal our decision

You have the right to ask OneCare Connect Cal MediConnect (Medicare-Medicaid Plan) to review our decision by asking us for a Level 1 Appeal (sometimes called an "internal appeal" or "plan appeal").

Level 1 Appeal with OneCare Connect: Ask OneCare Connect for a Level 1 Appeal within **60 calendar days** of the date of this notice. We can give you more time if you have a good reason for missing the deadline. See section titled "How to ask for a Level 1 Appeal with OneCare Connect" for information on how to ask for a plan level appeal.

How to keep your services while we review your case: *If we're stopping or reducing a service, you can keep getting the service while your case is being reviewed.* ***If you want the service to continue, you must ask for an appeal within 10 days*** *of the date of this notice or before the service is stopped or reduced, whichever is later. Your provider must agree that you should continue getting the service.*

If you want someone else to act for you

You can name a relative, friend, attorney, doctor, or someone else to act as your representative. If you want someone else to act for you, call us at: 1-855-705-8823 to learn how to name your representative. TDD/TTY users call 1-800-735-2929. Both you and the person you want to act for you must sign and date a statement confirming this is what you want. You'll need to mail or fax this statement to us. Keep a copy for your records.

There are 2 kinds of Level 1 appeals with OneCare Connect

Standard Appeal – We'll give you a written decision on a standard appeal within **30 calendar days** after we get your appeal. Our decision might take longer if you ask for an extension, or if we need more information about your case. We'll tell you if we're taking extra time and will explain why more time is needed. If your appeal is for payment of a service you've already received, we'll give you a written decision within **60 calendar days**.

Fast (Expedited) Appeal *– We'll give you a decision on a fast appeal as expeditiously as your condition requires, and always within* ***72 hours*** *after we get your appeal. You can ask for a fast appeal if you or your doctor believe your health could be seriously harmed by waiting for a decision on a standard appeal.*

We'll automatically give you a fast appeal if a doctor asks for one for you or supports your request. *If you ask for a fast appeal without support from a doctor, we'll decide if your request requires a fast appeal. If we don't give you a fast appeal, we'll give you a decision within 30 days.*

How to ask for a Level 1 Appeal with OneCare Connect

Step 1: You, your representative, or your provider must ask for an appeal within **60 calendar days** of getting this notice.

Your {*written*} request must include:

- Your name
- Address
- Member number
- Reasons for appealing
- Any evidence you want us to review, such as medical records, doctors' letters, or other information that explains why you need the item or service. Call your doctor if you need this information.

We recommend keeping a copy of everything you send us for your records.

You can ask to see the medical records and other documents we used to make our decision before or during the appeal. At no cost to you, you can also ask for a copy of the guidelines we used to make our decision.

Step 2: Mail, fax, or deliver your appeal or call us.

For a Standard Appeal: Address: OneCare Connect
Attention: Grievance and Appeals Resolution Services
505 City Parkway West
Orange, CA 92868

Phone: 1-855-705-8823 TTY Users Call: 1-800-735-2929
Fax: 1-714-246-8562

If you ask for a standard appeal by phone, we will repeat your request back to you to be sure we have documented it correctly. We will also send you a letter confirming what you told us. The letter will tell you how to make any corrections.

For a Fast (Expedited) Appeal: Phone: 1-855-705-8823 TTY Users Call: 1-800-735-2929
Fax: 1-714-246-8562}

What happens next?

If you ask for a Level 1 Appeal and we continue to deny your request for {*payment of*} a service, we'll send you a written decision.

If the service was originally a Medicare service or a service covered by both Medicare and Medi-Cal, we will automatically send your case to an independent reviewer. If the independent reviewer denies your request, the written decision will explain if you have additional appeal rights.

If the service was a Medi-Cal service, you can ask for a State Hearing. Your written decision will give you instructions on how to request the next level of appeal. Information is also below.

How to ask for a State Hearing

If the service was a Medi-Cal covered service or item, you can ask for a State Hearing. You can only ask for a State Hearing after you have appealed to our health plan and received a written decision with which you disagree.

Step 1: You or your representative must ask for a State Hearing within **120 days** of the date of this notice. Fill out the "Form to File a State Hearing" that is included with this notice. Make sure you include all of the requested information.

Step 2: Send your completed form to:

California Department of Social Services
State Hearings Division
P.O. Box 944243, Mail Station 9-17-37
Sacramento, CA 94244-2430

FAX: 916-651-5210 or 916-651-2789

You can also request a State Hearing by calling 1-800-952-5253 (TDD: 1-800-952-8349). If you decide to make a request by phone, you should be aware that the phone lines are very busy.

What happens next?

The State will hold a hearing. You may attend the hearing in person or by phone. You'll be asked to tell the State why you disagree with our decision. You can ask a friend, relative, advocate, provider, or lawyer to help you. You'll get a written decision that will explain if you have additional appeal rights.

RE: Notice of Action (NOA) for Service or Payment Request

Dear Mr/s {Name}:

Your request of [insert date] for [insert brief description of requested service or payment for service]

Has been: __**Denied** __**Deferred** __**Modified** for the reason(s) indicated below:

- ❑ Is not medically necessary
- ❑ Requested services will not improve or contribute to sustaining your health
- ❑ An alternative service is provided to meet your care needs
- ❑ Did not meet authorization criteria
- ❑ Is not a benefit of the PACE Program
- ❑ Requires additional information or consult
- ❑ Requested service has potentially negative health and safety issues
- ❑ Other (please describe):_____

This decision was based on the following criteria or clinical guidelines:
_____
_____

If you do not agree with the action above, you have the right to appeal the decision. Please see the attached *"Information for Participants about the Appeals Process"* for your right to request further action. You may call your Social Worker or our Quality Assurance Department at (714) 468-1100 who will explain these processes to you. For the hearing impaired (TTY/TDD), please call (714) 468-1063.

Sincerely,

[First Initial and last name of Examiner

CONFIDENTIAL

INFORMATION FOR PARTICIPANTS ABOUT THE APPEALS PROCESS

All of us at **CalOptima PACE** share responsibility for your care and your satisfaction with the services you receive. Our appeals process is designed to enable you and/or your representative the opportunity to respond to a decision made by the Interdisciplinary Team regarding your request for a service or payment of a service. At any time you wish to file an appeal, we are available to assist you. If you do not speak English, a bilingual staff member or translation services will be available to assist you.

You will not be discriminated against because an appeal has been filed. **CalOptima PACE** will continue to provide you with all the required services during the appeals process. The confidentiality of your appeal will be maintained at all times throughout and after the appeals process and information pertaining to your appeal will only be released to authorized individuals.

When **CalOptima PACE** decides not to cover or pay for a service you want, you may take action to change our decision. The action you take—whether verbally or in writing— is called an "**appeal**." You have the right to appeal any decision about our failure to approve, furnish, arrange for or continue what you believe are covered services or to pay for services that you believe we are required to pay.

You will receive written information on the appeals process at enrollment (see your Member Enrollment Agreement Terms and Conditions) and annually after that. You will also receive this information and necessary appeals forms whenever **CalOptima PACE** denies, defers or modifies a request for a service or request for payment.

Definitions:
An **appeal** is defined as a participant's action taken with respect to the PACE organization's noncoverage of, or nonpayment for, a service, including denials, reductions or termination of services.

A **representative** is the person who is acting on your behalf or assisting you, and may include, but is not limited to, a family member, a friend, a PACE employee or a person legally identified as Power of Attorney for Health Care/Advanced Directive, Conservator, Guardian, etc.

Standard and Expedited Appeals Processes: There are two types of appeals processes: standard and expedited. Both of these processes are described below.

If you request a **standard appeal**, your appeal must be filed within one-hundred-and eighty (180) calendar days of when your request for service or payment of service was denied, deferred or modified. This is the date which appears on the Notice of Action for Service or Payment Request. (The 180-day limit may be extended for good cause.) We will respond to your appeal as quickly as your health requires, but no later than thirty (30) calendar days after we receive your appeal.

If you believe that your life, health or ability to get well is in danger without the service you want, you or any treating physician may ask for an **expedited appeal**. If you

CONFIDENTIAL

Back to Agenda

request and expedited appeal, we will automatically make a decision on your appeal as promptly as your health requires, but no later than seventy-two (72) hours after we receive your request for an appeal. We may extend this time frame up to fourteen (14) days if you ask for the extension or if we justify to the Department of Health Care Services the need for more information and how the delay benefits you.

*Note: For **CalOptima PACE** participants enrolled in Medi-Cal – **CalOptima PACE** will continue to provide the disputed service(s) if you choose to continue receiving the service(s) until the appeals process is completed. If our initial decision to NOT cover or reduce services is upheld, you may be financially responsible for the payment of disputed service(s) provided during the appeals process.*

The information below describes the appeals process for you or your representative to follow should you or your representative wish to file an appeal:

1. If you or your representative has requested a service or payment for a service and **CalOptima PACE** denies, defers or modifies the request, you may appeal the decision. A written "*Notice of Action of Service or Payment Request*" (NOA) will be provided to you and/or your representative which will explain the reason for the denial, deferral or modification of your service request or request for payment.
2. You can make your appeal either verbally(in person or by telephone) or in writing; ask any PACE Program staff of the center you attend to help you start the process. CalOptima PACE will make sure that you are provided with written information on the appeals process, and that your appeal is documented on the appropriate form. You will need to provide complete information of your appeal so the appropriate staff person can help to resolve your appeal in a timely and efficient manner. You or your representative may present or submit relevant facts and/or evidence for review. To submit relevant facts and/or evidence in writing, please send to the address listed below. Otherwise you or your representative may submit this information in person. If more information is needed, you will be contacted by **the Quality Assurance Department** who will assist you in obtaining the missing information.
3. If you wish to make your appeal by telephone, you may contact our **Quality Assurance Department** at **714-468-1100 or our toll-free number at (855) 785-2584** to request an appeal form and/or to receive assistance in filing an appeal. For the hearing impaired (TTY/TDD), please call **(714) 468-1063**.
4. If you wish to submit your appeal in writing, please ask a staff person for an appeal form. Please send your written appeal to:

   Quality Assurance Department
   CalOptima PACE
   13300 Garden Grove Blvd
   Garden Grove, CA 92843

5. You will be sent a written acknowledgement of receipt of your appeal within five (5) working days for a standard appeal. For and expedited appeal, we will notify you or your representative within one (1) business day by telephone or in person that the request for an expedited appeal has been received.

CONFIDENTIAL

Back to Agenda

6. The reconsideration of **CalOptima PACE** decision will be made by a person(s) not involved in the initial decision-making process in consultation with the Interdisciplinary Team. We will insure that this person(s) is both impartial and appropriately credentialed to make a decision regarding the necessity of the services you requested.

7. Upon **CalOptima PACE** completion of the review of your appeal, you or your representative will be notified in writing of the decision on your appeal. As necessary and depending on the outcome of the decision, **CalOptima PACE** will inform you and/or your representative of other appeal rights you may have if the decision is not in your favor. Please refer to the information described below:

The Decision on your Appeal:
If we decide fully in your favor on a **standard appeal** for a request for ***service***, we are required to provide or arrange for services as quickly as your health condition requires, but no later than thirty (30) calendar days from when we received your request for an appeal. **If we decide in your favor** on a request for ***payment***, we are required to make the requested payment within sixty (60) calendar days after receiving your request for an appeal.

If we do not decide fully in your favor on a **standard appeal** or if we fail to provide you with a decision within thirty (30) calendar days, you have the right to pursue an external appeal through either the Medicare or Medi-Cal program (see **Additional Appeal Rights,** below). We also are required to notify you as soon as we make a decision and also to notify the federal Center for Medicare and Medicaid Services and the Department of Health Care Services. We will inform you in writing of your **external** appeal rights under Medicare or Medi-Cal managed care, or both. We will help you choose which external program to pursue if both are applicable. We also will send your appeal to the appropriate external program for review.

If we decide fully in your favor on an **expedited appeal** we are required to get the service or give you the service as quickly as your health condition requires, but no later than seventy-two (72) hours after we received your request for an appeal.

If we do not decide in your favor on an **expedited appeal** or fail to notify you within seventy-two (72) hours, you have the right to pursue an external appeal process under either Medicare or Medicaid (**see Additional Appeal Rights**). We are required to notify you as soon as we make a decision and also to notify the Center for Medicare and Medicaid Services and the Department of Health Care Services. We let you know in writing of your **external appeal** rights under the Medicare or Medi-Cal program, or both. We will help you choose which to pursue if both are applicable. We also will send your appeal to the appropriate external program for review.

Additional Appeal Rights under Medi-Cal and Medicare

If we do not decide in your favor on your appeal or fail to provide you a decision within the required timeframe, you have additional appeal rights. Your request to file an external appeal can be made either verbally or in writing. The next level of appeal involves a new and impartial review of your appeal request through either the Medicare or Medi-Cal program.

CONFIDENTIAL

Back to Agenda

The **Medicare program** contracts with an "Independent Review Organization" to provide external review on appeals involving PACE programs. This review organization is completely independent of our PACE organization.

The **Medi-Cal program** conducts their next level of appeal through the State hearing process. If you are enrolled in Medi-Cal, you can appeal if **CalOptima PACE** wants to reduce or stop a service you are receiving. Until you receive a final decision, you may choose to continue to receive the disputed service(s). However, you may have to pay for the service(s) if the decision is not in your favor.

If you are enrolled in **Medicare Medi-Cal program or both,** we will help you choose which external appeal process you should follow. We also will send your appeal on to the appropriate external program for review.

If you are not sure which program you are enrolled in, ask us. The Medicare and Medi-Cal external appeal options are described below.

CONFIDENTIAL

Medi-Cal External Appeals Process

If you are enrolled in **both Medicare and Medi-Cal OR Medi-Cal only**, and choose to appeal our decision using Medi-Cal's external appeals process, we will send your appeal to the California Department of Social Services. At any time during the appeals process, you may request a State hearing through:

California Department of Social Services
State Hearings Division
P.O. Box 944243, Mail Station 19-17-37
Sacramento, CA 94244-2430
Telephone: (800)-952-5253
Facsimile: (916) 651-5210 or (916) 651-2789
TDD: (800)-952-8349

If you choose to request a State hearing, you must ask for it within ninety (90) days from the date of receiving the *Notice of Action (NOA) for Service or Payment Request* from **CalOptima PACE**.

You may speak at the State hearing or have someone else speak on your behalf such as someone you know, including a relative, friend, or an attorney. You may also be able to get free legal help. Attached is a list of Legal Services offices in **Orange County**, if you would like legal services assistance.

If the Administrative Law Judge's (ALJ) decision is in your favor of your appeal, **CalOptima PACE** will follow the judge's instruction as to the timeframe for providing you with services you requested or payment for services for a standard or expedited appeal.

If the ALJ's decision is **not** in your favor of your appeal, for either a standard or an expedited appeal, there are further levels of appeals, and we will assist you in pursuing your appeal.

Back to Agenda

Medicare External Appeals Process

If you are enrolled in **both Medicare and Medi-Cal OR Medicare only,** and choose to appeal our decision using Medicare's external appeals process, we will send your appeal file to the current contracted Medicare appeals entity to impartially review the appeal. The contracted Medicare appeals entity will contact us with the results of their review. The contracted Medicare appeals entity will either maintain our original decision or change our decision and rule in your favor. The current Medicare appeals entity is:

Maximus Federal Services
Medicare Managed Care & PACE
Reconsideration Project
3750 Monroe Avenue, Suite 702
Pittsford, NY 14524-1302
Telephone: (585) 348-3300
Facsimile: (585) 425-5292

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken April 4, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

7. Consider Approval of Modifications of CalOptima Policies and Procedures Related to CalOptima's Whole-Child Model (WCM) Program

Contact

Candice Gomez, Executive Director, Program Implementation, (714) 246-8400
Tracy Hitzeman, Executive Director, Clinical Operations, (714) 246-8400
Sesha Mudunuri, Executive Director, Operations, (714) 246-8400

Recommended Actions

Approve modifications to the following Policies and Procedures in connection with Whole-Child Model program as follows:

1. DD.2006: Enrollment In/ Eligibility with CalOptima [Medi-Cal]
2. DD.2008: Health Network and CalOptima Community Network (CCN) Selection Process [Medi-Cal]
3. GG.1125: Cancer Clinical Trials [Medi-Cal, OneCare, OneCare Connect]
4. GG.1515: Criteria for Medically Necessary Automobile Orthopedic Positioning Devices [Medi-Cal]

Background

The California Children's Services (CCS) is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children under age 21 who meet eligibility criteria based on financial and medical conditions. Department of Health Care Services (DHCS) is incorporating CCS services into Medi-Cal Managed Care Plan (MCP) contracts for County Organized Health Systems (COHS) on a phased-in basis.

On November 9, 2018, DHCS delayed the implementation of Orange County's transition of the CCS program to WCM from January 1, 2019 to no sooner than July 1, 2019. Based on CalOptima's sizable CCS-eligible population and the complexity of our delegated delivery system, DHCS determined that more time is needed to ensure effective preparation and a robust number of CCS-paneled providers. On November 21, 2018 and December 18, 2018, DHCS provided updated WCM provider network adequacy standards that all CalOptima health networks must meet in order to participate in the WCM. Additionally, on December 23, 2018, DHCS released All Plan Letter (APL) 18-023 California Children's Services Whole-Child Model, which superseded the APL originally published on June 7, 2018, and included clarifying language and new guidance regarding Neonatal Intensive Care Unit (NICU), High Risk Infant Follow-up (HRIF) program, pediatric palliative care, and continuity of care appeals.

On December 6, 2018, the CalOptima Board of Directors authorized modification of existing WCM-related Policies and Procedures to be consistent with the DHCS-approved commencement date of the CalOptima WCM program to no sooner than July 1, 2019. Additional policies and procedure require

Back to Agenda

modification due to the delayed WCM implementation date, provider network adequacy standards and regulatory guidance.

Discussion

DHCS released updated network adequacy standards for 27 identified provider types and specialties on November 21, 2018, which was further updated on December 18, 2018. CalOptima's health networks are required to contract with 23 of the 27 identified provider types and CalOptima is responsible for contracting with the remaining four on behalf of the entire network. The remaining four specialty types are considered rare specialties and include, Pediatric Dermatology, Pediatric Developmental and Behavioral Medicine, Oral and Maxillofacial Surgery and Transplant Hepatology. Health networks must meet the adequacy standards as certified by DHCS to participate in WCM. Members may only receive CCS services through a participating health network.

All health networks are expected to meet applicable network adequacy requirements; final evidence of network adequacy was submitted to DHCS on March 1, 2019. Network adequacy will be evaluated, at a minimum, on an annual basis. While not expected, CalOptima has modified its policy and procedures to ensure that members eligible for CCS are not assigned to a health network not participating in WCM. Additionally, processes were established to notify members assigned to a health network that is later determined to not meet WCM provider network adequacy standards.

Below is additional information regarding the modified policies which include revisions related to WCM as well as clarification related to existing operations:

1. ***DD.2006: Enrollment In/ Eligibility with CalOptima*** defines the criteria by which CalOptima enrolls a member in CalOptima Direct. CalOptima revised the policy to ensure policy alignment with current operational processes and regulatory requirements including the WCM program. Revisions include modifications to the process for members undergoing a transplant to transition from a health network to CalOptima Community Network (CCN). With respect to WCM, the revisions clarify that transitioning members with select chronic conditions from delegated health networks to CalOptima Community Network will be effective on and after the WCM implementation date.

2. ***DD.2008: Health Network and CalOptima Community Network (CCN) Selection Process*** describes the process in which a health network eligible member shall select CalOptima Community Network (CCN) or a health network, and CCN or the health network's responsibilities for such member. CalOptima revised the policy to ensure policy alignment with current operational processes and regulatory requirements including the WCM program. With respect to WCM, the revisions address requirements that a member may only receive services through a WCM participating network that has met DHCS network adequacy requirements.

3. ***GG.1125: Cancer Clinical Trials*** outlines coverage guidelines for routine health care services provided in connection with a member's participation in a cancer clinical trial. CalOptima revised the policy to ensure policy alignment with current operational processes and regulatory

Back to Agenda

requirements including the WCM program. With respect to WCM, the revisions address CalOptima's expanded responsibility for Cancer Clinical Trials for CCS members under WCM.

4. ***GG.1515: Criteria for Medically Necessary Automobile Orthopedic Positioning Devices*** outlines the durable medical equipment (DME) guidelines and medical necessity criteria for reimbursement of medically necessary automobile orthopedic positioning devices (AOPD). CalOptima revised the policy to ensure policy alignment with current operational processes and regulatory requirements including the WCM program. With respect to WCM, the revisions address CalOptima's expanded responsibility for AOPD for CCS members under WCM.

Additional policies are expected to be submitted for Board approval at a later time.

Fiscal Impact
The recommended action to modify existing policies and procedures, DD.2006, DD.2008, GG.1125 and GG.1515 in connection with the WCM program is not expected to have an additional fiscal impact beyond CalOptima Policy FF.4000: Whole-Child Model – Financial Reimbursement for Capitated Health Networks, approved by the Board on October 4, 2018. Management will include all projected revenues and expenses associated with the WCM program in the Fiscal Year 2019-20 Operating Budget.

Rationale for Recommendation
To ensure CalOptima meets all requirements of the Whole-Child Model program, approval of the requested actions is recommended.

Concurrence
Gary Crockett, Chief Counsel

Policy #: DD.2006
Title: **Enrollment In/Eligibility with CalOptima Direct**
Department: Customer Service
Section: Not Applicable

CEO Approval: Michael Schrader

Effective Date: 10/01/1995
Revision Date: 04/04/2019

I. PURPOSE

This policy defines the criteria by which CalOptima enrolls a **Member** in **CalOptima Direct**.

II. POLICY

A. CalOptima may enroll a **Member** in **CalOptima Direct**, in accordance with this Policy.

B. CalOptima shall enroll the following **Members** in **CalOptima Direct Administrative (COD-A)** subject to the provisions of this Policy:

1. A **Member** who has Medicare coverage and is not enrolled in OneCare or OneCare Connect~~:~~.

~~1. For a Member who has both Medicare Parts A and B or Medicare Part B coverage and is enrolled in CalOptima Direct pursuant to this policy, CalOptima shall not be required to assign such Members who are eligible for services through Medicare to a Medi-Cal Primary Care Provider (PCP) or require them to select a Medi-Cal PCP in accordance with the policy of the Department of Health Care Services (DHCS).~~
A **member**
~~2. For a Member who has Medicare Part A coverage, but does not have Medicare Part B coverage, and is enrolled in CalOptima Direct, pursuant to this policy, CalOptima shall assign such Member to a Medi-Cal PCP in accordance with DHCS policy(s).~~

2. ~~A Member~~ who becomes the responsibility of the Public Guardian or is in an Institute for Mental Disease (IMD), or with Orange County Children and Family Services and ~~is~~ placed outside of Orange County.

3. A **Member** with a **Share of Cost (SOC) Aid Code**.

4. A **Member** who resides at the Fairview Developmental Center.

5. At the time of initial enrollment in CalOptima, a **Member** with a non-Orange County zZip cCode, or invalid address information from the State.

a. If the address and/or zip code changes to an Orange County address at a later date, CalOptima shall request that the **Member** select a **Health Network** or **CalOptima Community Network (CCN)**, in accordance with CalOptima Policy DD.2008: Health Network and CalOptima Community Network Selection Process. If the **Member** fails to choose a **Health Network** or **CCN**, then CalOptima shall auto assign the **Member**, in accordance with CalOptima Policy AA.1207a: CalOptima Auto-Assignment.

DRAFT

* Terms in **bold** are defined in the Glossary.

C. CalOptima shall enroll a **Member** in **CCN in the following circumstances**, unless eligible for enrollment in **COD-A** ~~as described above, subject to the following provisions of this Policy:~~under Section II.B.:

1. A **Member** with Long Term Care (LTC) **Aid Code**;

2. A **Member** with a Breast and Cervical Cancer Treatment Program (BCCTP) primary **Aid Code**;

3. A **Health Network Eligible Member**, except as otherwise identified in this Policy~~:~~, who is at least twenty-one (21) years old. The age provision shall no longer apply on and after the implementation date of the Department of Health Care Services (DHCS) approved Whole-Child Model (WCM) program, and:

   a. Is diagnosed with hemophilia;

   b. Is listed for a **Solid Organ Transplant** or approved for a Bone Marrow Transplant (BMT). ~~identified by a Provider as a potential candidate for a Solid Organ Transplant at a DHCS-approved Transplant Center or a **California Children's Services (CCS)** paneled Transplant Special Care Center, and the Provider has requested authorization for Covered Services, or is approved for a Bone Marrow Transplant (BMT), except if the Member is listed as **Status 7**;~~

   c. Has received a **Solid Organ Transplant** or BMT within one hundred twenty (120) calendar days prior to the **Member's** effective date of enrollment in CalOptima; or

   d. Is diagnosed with **End Stage Renal Disease (ESRD)**.

~~Notwithstanding Section II.C.3., **members** under the age of twenty-one (21) years shall not be assigned to CCN. This provision shall no longer apply on and after the implementation date of the Department of Health Care Services (DHCS) approved Whole-Child Model (WCM) program.~~

D. If a **Member** is no longer required to be enrolled in **COD-A** or **CCN** as described in Sections II.B or II.C, such **Member**:

1. Is a **Health Network Eligible Member**;

2. May select **CalOptima Community Network** or any other **Health Network** in accordance with CalOptima Policy DD.2008: Health Network and CalOptima Community Network Selection Process.

E. CalOptima shall exclude a **Health Network Eligible Member** from the provisions of this P~~p~~olicy if such **Member** is enrolled in a **Health Maintenance Organization (HMO)** that, pursuant to the **Health Network's** Contract, is responsible for all **Covered Services** for the **Member**.

F. **COD-A** is responsible for a **Health Network Eligible Member** until such **Member** selects a **Health Network** or is assigned to a **Health Network**, pursuant to CalOptima Policies DD.2008:

Back to Agenda

DRAFT

Health Network and CalOptima Community Network Selection Process or AA.1207a: CalOptima Auto-Assignment~~.~~, respectively.

G. **CalOptima Direct** is not responsible for **Covered Services** provided to a **Member** outside the United States, with the exception of Emergency Services requiring hospitalization in Canada or Mexico, in accordance with Title 22, California Code of Regulations, Section 51006.

III. PROCEDURE

A. At the time of initial enrollment in CalOptima, a **Member** with a zip code outside of Orange County, as indicated by the eligibility file sent to CalOptima by the State, or, if CalOptima is unable to verify a zip code within Orange County due to no address information provided by the State, such **Member** shall not be auto-assigned by CalOptima, and the **Member** shall remain in **COD-A**.

B. If a **Member** assigned to **COD-A** due to having a zip code outside Orange County changes his or her zip code to an Orange County zip code, CalOptima shall request that the **Member** select a **Health Network** or **CCN**, in accordance with CalOptima Policy DD.2008: Health Network and CalOptima Community Network Selection Process. If the **Member** fails to choose a **Health Network** or **CCN**, then CalOptima shall auto-assign the **Member**, in accordance with CalOptima Policy AA.1207a: CalOptima Auto-Assignment.

~~B.~~

C. If a current **Member** assigned to a **Health Network** has or receives a zip code outside of Orange County as indicated by the eligibility file sent to CalOptima by the State, or CalOptima is unable to verify a zip code within Orange County at a later date, the **Member** may remain with their assigned **Health Network** unless **Member** makes a different **Health Network** choice or meets the criteria for **COD-A** or **CCN** enrollment as stated in Section II.B or II.C.

D. If a **Health Network Eligible Member** becomes the responsibility of the Public Guardian, or is in an Institute for Mental Disease, or is with Orange County Children and Family Services and resides outside Orange County:

1. The ~~**Member's Public**~~**Member's** Public Guardian, or the Orange County Children and Family Services may submit a written request to enroll the **Member** in **COD-A**.

   a. If CalOptima receives such request to enroll the **Member** in **COD-A** by the tenth (10th) calendar day of the month, **CalOptima Direct** shall assume responsibility for all **Covered Services** for the **Member** effective the first (1st) calendar day of the immediately following month.

   b. If CalOptima receives such request after the tenth (10th) calendar day of the month, **COD-A** shall assume responsibility for all **Covered Services** for the **Member** effective no later than the first (1st) calendar day of the month after the immediately following month.

2. If the **Member's** Public Guardian, ~~or Orange~~or Orange County Children and Family Services does not submit a written request to enroll the **Member** in **CalOptima Direct**, the **Member's Health Network** shall be responsible for all **Covered Services** for the **Member**, in accordance with the **Division of Financial Responsibility (DOFR)**.

DRAFT

3. If the **Member** returns to Orange County, the Public Guardian or Orange County Children and Family Services may submit a written request to enroll the **Member** in a **Health Network** or **CCN**.

E. If a **Health Network Eligible Member** is diagnosed with Hemophilia:

1. The **Member's Health Network** shall notify CalOptima of the **Member's** diagnosis, in writing, using the Hemophilia Special Needs Screen Questionnaire, in accordance with CalOptima Policy GG.1318: Coordination of Care for Hemophilia Members.

   a. If the **Health Network** notifies CalOptima, in writing, by the tenth (10th) calendar day of a month, **CCN** shall assume responsibility for all **Covered Services** for the **Member** effective the first (1st) calendar day of the ~~immediate~~immediately following month.

   b. If the **Health Network** notifies CalOptima, in writing, after the tenth (10th) calendar day of a month, **CCN** shall assume responsibility for all **Covered Services** for the **Member** effective no later than the first (1st) calendar day of the month after the immediately following month.

2. The **Member's Health Network** shall be responsible for all **Covered Services** for the **Member**, in accordance with the **DOFR**, until the **Health Network** notifies CalOptima, in writing, to enroll the **Member** in **CalOptima Direct**, and CalOptima transitions such **Member** to **CCN**, as set forth in Section III.~~D~~E.1 of this Policy.

F. If a **Health Network Eligible Member**, is listed for a **Solid Organ Transplant** or approved for a BMT.~~identified by a Provider as a potential candidate for a Solid Organ Transplant at a DHCS-approved Transplant Center or a **CCS** paneled Transplant Special Care Center, and the Provider has requested authorization for Covered Services, or the Member is approved for Bone Marrow Transplant (BMT) at a DHCS-approved Transplant Center or **CCS** paneled Transplant Special Care Center, and is not listed as **Status 7:**~~

1. The **Member's Health Network** shall notify CalOptima, in writing, in accordance with CalOptima Policy GG.1313: Coordination of Care for Transplant Members.

   a. Except as set forth in Section III.~~D~~F.1.b of this P~~p~~olicy, **CCN** shall assume responsibility for all **Covered Services** for the **Member** on the first (1st) calendar day of the month immediately following the date CalOptima receives written notice from the **Health Network**.

   b. If the **Member** receives a **Solid Organ Transplant** or BMT after the date the **Health Network** notifies CalOptima and before the first (1st) calendar day of the month immediately following the date CalOptima receives notice, **CCN** shall assume responsibility for all **Covered Services** for the **Member** on the first (1st) calendar day of the month of notice.

2. The **Member's Health Network** shall be responsible for all **Covered Services** for the **Member**, in accordance with the **DOFR**, until the **Health Network** notifies CalOptima, in writing, and CalOptima transitions such **Member** to **CalOptima Direct** as set forth in Section III.~~D~~F.1. of this P~~p~~olicy.

Back to Agenda

DRAFT

3. **CCN** shall be responsible for all **Covered Services** for the **Member** for three- hundred sixty-five (365) calendar days after the **Member** receives a **Solid Organ Transplant** or BMT. After three-hundred sixty-five (365) calendar days after the date the **Member** receives a **Solid Organ Transplant** or BMT, CalOptima shall request the **Member** select a **Health Network**, in accordance with CalOptima Policy DD.2008: Health Network and CalOptima Community Network Selection Process.

4. If CalOptima, the DHCS-approved Transplant Center, or the **CCS**-paneled Transplant Special Care Center, determines that the **Member** is ineligible for a **Solid Organ Transplant** or BMT:

   a. If it has been less than three hundred sixty-five (365) calendar days after the **Member** transitioned to **CCN**, CalOptima shall transition the **Member** to the **Member's** previous **Health Network**, effective the first (1st) calendar day of the month immediately following the date CalOptima or the DHCS-approved Transplant Center determines that the **Member** is ineligible for a **Solid Organ Transplant** or BMT; or

   b. If it has been more than three hundred sixty-five (365) calendar days after the **Member** transitioned to **CCN**, CalOptima shall request the **Member** select a **Health Network**, in accordance with CalOptima Policy DD.2008: Health Network Selection Process, or CalOptima shall auto assign the Member, in accordance with CalOptima Policy AA.1207a: CalOptima Auto-Assignment.

G. If a **Health Network Eligible Member**, except a Kaiser **Member**, is identified as a potential candidate for ~~received~~ a **Solid Organ Transplant** or a BMT: ~~within one hundred twenty (120) calendar days prior to their effective date of enrollment in CalOptima:~~

1. The **Member's Health Network** shall notify CalOptima by sending a Notification of Transplant Member, in accordance with CalOptima Policy GG.1313: Coordination of Care for Transplant Members.

2. **CCN** shall assume responsibility for all **Covered Services** for the **Member** on the first (1st) calendar day of the month immediately following the date CalOptima receives written notice from the **Health Network**, for a period of not less than three hundred sixty-five (365) calendar days after the date the **Member** received such Transplant.

3. CalOptima shall transition the **Member** to the **Member's** previous **Health Network**, effective no later than the first (1st) calendar day of the month immediately following the three hundred sixty fifth (365th) calendar day after the date the **Member** received a **Solid Organ Transplant** or BMT.

4. The **Member's Health Network** shall be responsible for all **Covered Services** for the **Member** until the **Health Network** submits written notice and CalOptima transitions such **Member** to **CCN**, as set forth in Section III.~~E~~G.1 and III.~~E~~G.2 of this Policy.

H. If a **Health Network Eligible Member** is diagnosed with **ESRD** and is not already assigned to **CCN**:

Back to Agenda

1. The **Member's Health Network** shall notify CalOptima, in writing, of the **Member** by submitting a copy of Form CMS-2728-U3 to CalOptima's Health Network Relations Department.

    a. If a **Health Network** submits a Form CMS-2728-U3 on or before the fifteenth (15th) calendar day of a month, **CCN** shall assume responsibility for all **Covered Services** for the **Member** effective no later than the first (1st) calendar day of the month after the ~~immediate~~immediately following month. For example, if a **Health Network** submits Form CMS-2728-U3 on June 15, **CCN** shall assume responsibility for the **Member** effective August 1.

    b. If a **Health Network** submits a Form CMS-2728-U3 after the fifteenth (15th) day of a month, **CCN** shall assume responsibility for all **Covered Services** for the **Member** effective no later than the first (1st) calendar day of the second (2nd) month after the immediately following month. For example, if a **Health Network** submits Form CMS-2728-U3 on June 16, **CCN** shall assume responsibility for the **Member** effective September 1.

    c. CalOptima shall provide the **Member** with a thirty (30) calendar day notice of the transition, pursuant to the CalOptima Contract with DHCS.

I. If CalOptima identifies a **Member** who meets the requirements specified in Sections II.B and II.C, of this P~~p~~olicy, CalOptima shall transition the **Member** to **COD-A**, or **CCN**, and notify the **Member's Health Network** of such transition. CalOptima shall provide the **Member**, with a thirty (30) calendar day notice of the transition pursuant to CalOptima's contract with DHCS.

1. The **Member's Health Network** shall be responsible for all **Covered Services** for the **Member**, in accordance with the **DOFR**, until CalOptima enrolls the **Member** in **COD-A** or **CCN**.

J. If CalOptima identifies a **Member** who meets the requirements specified in Section II.B.1.~~b~~ of this P~~p~~olicy, CalOptima shall assign the **Member** a **PCP** as follows:

1. For a **member** who has both Medicare Parts A and B or Medicare Part B coverage and is enrolled in **CalOptima Direct** pursuant to this P~~p~~olicy, CalOptima shall not be required to assign such **members** who are eligible for services through Medicare to a Medi-Cal **Primary Care Provider (PCP)** or require them to select a Medi-Cal **PCP** in accordance with the policy of the Department of Health Care Services (DHCS).

2. For a **member** who has Medicare Part A coverage, but does not have Medicare Part B coverage, and is enrolled in **CalOptima Direct**, pursuant to this P~~p~~olicy, CalOptima shall assign such **member** to a Medi-Cal **PCP** in accordance with DHCS policy(s).

3. For an existing **Member** assigned to a **Health Network**, who gains Part A-only Dual status, CalOptima shall transition the **Member** to **COD-A** in the month CalOptima is notified by the State of the change to Medicare Part A eligibility.

    a. CalOptima shall assign the **Member** a **PCP** in accordance with CalOptima Policy DD.2006b: CalOptima Community Network Primary Care Provider Selection/Assignment.

Back to Agenda

DRAFT

4. For a newly enrolled **Member** who is also Medicare Part A-only Dual eligible, CalOptima shall assign the **Member** to a **PCP** in accordance with the methodology described in CalOptima Policy DD.2006b: CalOptima Community Network Primary Care Provider Selection/Assignment.

5. A **Member** may request to change his or her participating **PCP** every thirty (30) calendar days by contacting CalOptima's Customer Service Department.

~~X.~~IX. GLOSSARY

Term	Definition
Aid Code	The two (2) character code, defined by the State of California, which identifies the aid category under which a ~~Member~~member is eligible to receive Medi-Cal ~~Covered Services~~covered services.
California Children's Services Program	~~For the purposes of this policy, the~~The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible ~~persons~~individuals under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.
California Children's Services (CCS) Eligible Condition	Chronic medical conditions, including but not limited to, cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries and infectious disease producing major sequelae as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.
CalOptima Community Network (CCN)	A managed care network operated by CalOptima that contracts directly with physicians and hospitals and requires a Primary Care Provider (***PCP***) to manage the care of the ~~Member~~member.
CalOptima Direct (COD)	A direct health care program operated by CalOptima that includes both COD-Administrative (COD-A) and CalOptima Community Network (CCN) and provides services to ~~Members~~members who meet certain eligibility criteria as described in Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.
CalOptima Direct (COD) Member	A ~~Member~~member who receives all ~~Covered Services~~covered services through CalOptima Direct.
CalOptima Direct Administrative (COD-A)	The managed Fee-For-Service health care program operated by CalOptima that provides services to ~~Members~~members as described in CalOptima Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as ~~Covered Services~~covered services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), which shall be covered for ~~Members~~members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.
Division ~~of~~Of Financial Responsibility (DOFR)	A matrix that defines how CalOptima identifies the responsible parties for components of medical associated with the provision of ~~Covered Services.~~covered services. The responsible parties include, but are not limited to, Physician, Hospital, CalOptima and the County of Orange.

Term	Definition
End Stage Renal Disease (ESRD)	That stage of kidney impairment that appears irreversible and permanent and requires a regular course of dialysis or kidney transplantation to maintain life. End Stage Renal Disease is classified as Stage V of Chronic Kidney Disease. This stage exists when renal function, as measured by glomerular filtration rate (GFR), is less than 15ml/min/1.73m^2 and serum creatinine is greater than or equal to eight, unless the Member is diabetic, in which case serum creatinine is greater than or equal to six (6). Excretory, regulatory, and hormonal renal functions are severely impaired, and the Member cannot maintain homeostasis.
Health Maintenance Organization (HMO)	A health care service plan, as defined in the Knox-Keene Health Care Service Plan Act of 1975, as amended, commencing with Section 1340 of the California Health and Safety Code.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide ~~Covered Services~~covered services to ~~Members~~members assigned to that ~~Health Network~~health network.
Health Network Eligible Member	A ~~Member~~member who is eligible to choose a CalOptima ~~Health Network~~health network or CalOptima Community Network (CCN).
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Primary Care Provider (PCP)	A Primary Care Provider may be a Primary Care Practitioner, or other institution or facility responsible for supervising, coordinating, and providing initial and primary care to ~~Members~~members and serves as the medical home for ~~Members~~members.
Solid Organ Transplant	A Transplant for: 1. Heart; 2. Heart and lung; 3. Lung; 4. Liver; 5. Small bowel; 6. Kidney; 7. Combined liver and kidney; 8. Combined liver and small bowel; and 9. Combined kidney and pancreas.
Status 7	Temporarily unsuitable for Transplant according to the DHCS-approved Transplant Center.

DRAFT

Policy #:	DD.2006
Title:	**Enrollment In/Eligibility with CalOptima Direct**
Department:	Customer Service
Section:	Not Applicable
CEO Approval:	Michael Schrader
Effective Date:	10/01/1995
Revision Date:	04/04/2019

I. PURPOSE

This policy defines the criteria by which CalOptima enrolls a **Member** in **CalOptima Direct**.

II. POLICY

A. CalOptima may enroll a **Member** in **CalOptima Direct**, in accordance with this Policy.

B. CalOptima shall enroll the following **Members** in **CalOptima Direct Administrative (COD-A)** subject to the provisions of this Policy:

1. A **Member** who has Medicare coverage and is not enrolled in OneCare or OneCare Connect.

2. A **member** who becomes the responsibility of the Public Guardian or is in an Institute for Mental Disease (IMD), or with Orange County Children and Family Services and placed outside of Orange County.

3. A **Member** with a **Share of Cost (SOC) Aid Code**.

4. A **Member** who resides at the Fairview Developmental Center.

5. At the time of initial enrollment in CalOptima, a **Member** with a non-Orange County zip code, or invalid address information from the State.

    a. If the address and/or zip code changes to an Orange County address at a later date, CalOptima shall request that the **Member** select a **Health Network** or **CalOptima Community Network (CCN)**, in accordance with CalOptima Policy DD.2008: Health Network and CalOptima Community Network Selection Process. If the **Member** fails to choose a **Health Network** or **CCN**, then CalOptima shall auto assign the **Member**, in accordance with CalOptima Policy AA.1207a: CalOptima Auto-Assignment.

C. CalOptima shall enroll a **Member** in **CCN in the following circumstances**, unless eligible for enrollment in **COD-A** under Section II.B.:

1. A **Member** with Long Term Care (LTC) **Aid Code**;

2. A **Member** with a Breast and Cervical Cancer Treatment Program (BCCTP) primary **Aid Code**;

DRAFT

***** Terms in **bold** are defined in the Glossary.

3. A **Health Network Eligible Member**, except as otherwise identified in this Policy, who is at least twenty-one (21) years old. The age provision shall no longer apply on and after the implementation date of the Department of Health Care Services (DHCS) approved Whole-Child Model (WCM) program, and:

    a. Is diagnosed with hemophilia;

    b. Is listed for a **Solid Organ Transplant** or approved for a Bone Marrow Transplant (BMT).

    c. Has received a **Solid Organ Transplant** or BMT within one hundred twenty (120) calendar days prior to the **Member's** effective date of enrollment in CalOptima; or

    d. Is diagnosed with **End Stage Renal Disease (ESRD)**.

D. If a **Member** is no longer required to be enrolled in **COD-A** or **CCN** as described in Sections II.B or II.C, such **Member**:

1. Is a **Health Network Eligible Member**;

2. May select **CalOptima Community Network** or any other **Health Network** in accordance with CalOptima Policy DD.2008: Health Network and CalOptima Community Network Selection Process.

E. CalOptima shall exclude a **Health Network Eligible Member** from the provisions of this Policy if such **Member** is enrolled in a **Health Maintenance Organization (HMO)** that, pursuant to the **Health Network's** Contract, is responsible for all **Covered Services** for the **Member**.

F. **COD-A** is responsible for a **Health Network Eligible Member** until such **Member** selects a **Health Network** or is assigned to a **Health Network**, pursuant to CalOptima Policies DD.2008: Health Network and CalOptima Community Network Selection Process or AA.1207a: CalOptima Auto-Assignment, respectively.

G. **CalOptima Direct** is not responsible for **Covered Services** provided to a **Member** outside the United States, with the exception of Emergency Services requiring hospitalization in Canada or Mexico, in accordance with Title 22, California Code of Regulations, Section 51006.

III. PROCEDURE

A. At the time of initial enrollment in CalOptima, a **Member** with a zip code outside of Orange County, as indicated by the eligibility file sent to CalOptima by the State, or, if CalOptima is unable to verify a zip code within Orange County due to no address information provided by the State, such **Member** shall not be auto-assigned by CalOptima, and the **Member** shall remain in **COD-A**.

B. If a **Member** assigned to **COD-A** due to having a zip code outside Orange County changes his or her zip code to an Orange County zip code, CalOptima shall request that the **Member** select a **Health Network** or **CCN**, in accordance with CalOptima Policy DD.2008: Health Network and CalOptima Community Network Selection Process. If the **Member** fails to choose a **Health Network** or **CCN**, then CalOptima shall auto-assign the **Member**, in accordance with CalOptima Policy AA.1207a: CalOptima Auto-Assignment.

C. If a current **Member** assigned to a **Health Network** has or receives a zip code outside of Orange County as indicated by the eligibility file sent to CalOptima by the State, or CalOptima is unable to

DRAFT

verify a zip code within Orange County at a later date, the **Member** may remain with their assigned **Health Network** unless **Member** makes a different **Health Network** choice or meets the criteria for **COD-A** or **CCN** enrollment as stated in Section II.B or II.C.

D. If a **Health Network Eligible Member** becomes the responsibility of the Public Guardian, or is in an Institute for Mental Disease, or is with Orange County Children and Family Services and resides outside Orange County:

1. The **Member's** Public Guardian, or the Orange County Children and Family Services may submit a written request to enroll the **Member** in **COD-A**.

   a. If CalOptima receives such request to enroll the **Member** in **COD-A** by the tenth (10th) calendar day of the month, **CalOptima Direct** shall assume responsibility for all **Covered Services** for the **Member** effective the first (1st) calendar day of the immediately following month.

   b. If CalOptima receives such request after the tenth (10th) calendar day of the month, **COD-A** shall assume responsibility for all **Covered Services** for the **Member** effective no later than the first (1st) calendar day of the month after the immediately following month.

2. If the **Member's** Public Guardian, or Orange County Children and Family Services does not submit a written request to enroll the **Member** in **CalOptima Direct**, the **Member's Health Network** shall be responsible for all **Covered Services** for the **Member**, in accordance with the **Division of Financial Responsibility (DOFR)**.

3. If the **Member** returns to Orange County, the Public Guardian or Orange County Children and Family Services may submit a written request to enroll the **Member** in a **Health Network** or **CCN**.

E. If a **Health Network Eligible Member** is diagnosed with Hemophilia:

1. The **Member's Health Network** shall notify CalOptima of the **Member's** diagnosis, in writing, using the Hemophilia Special Needs Screen Questionnaire, in accordance with CalOptima Policy GG.1318: Coordination of Care for Hemophilia Members.

   a. If the **Health Network** notifies CalOptima, in writing, by the tenth (10th) calendar day of a month, **CCN** shall assume responsibility for all **Covered Services** for the **Member** effective the first (1st) calendar day of the immediately following month.

   b. If the **Health Network** notifies CalOptima, in writing, after the tenth (10th) calendar day of a month, **CCN** shall assume responsibility for all **Covered Services** for the **Member** effective no later than the first (1st) calendar day of the month after the immediately following month.

2. The **Member's Health Network** shall be responsible for all **Covered Services** for the **Member**, in accordance with the **DOFR**, until the **Health Network** notifies CalOptima, in writing, to enroll the **Member** in **CalOptima Direct**, and CalOptima transitions such **Member** to **CCN**, as set forth in Section III.E.1 of this Policy.

F. If a **Health Network Eligible Member**, is listed for a **Solid Organ Transplant** or approved for a BMT.

DRAFT

1. The **Member's Health Network** shall notify CalOptima, in writing, in accordance with CalOptima Policy GG.1313: Coordination of Care for Transplant Members.

    a. Except as set forth in Section III.F.1.b of this Policy, **CCN** shall assume responsibility for all **Covered Services** for the **Member** on the first (1st) calendar day of the month immediately following the date CalOptima receives written notice from the **Health Network**.

    b. If the **Member** receives a **Solid Organ Transplant** or BMT after the date the **Health Network** notifies CalOptima and before the first (1st) calendar day of the month immediately following the date CalOptima receives notice, **CCN** shall assume responsibility for all **Covered Services** for the **Member** on the first (1st) calendar day of the month of notice.

2. The **Member's Health Network** shall be responsible for all **Covered Services** for the **Member**, in accordance with the **DOFR**, until the **Health Network** notifies CalOptima, in writing, and CalOptima transitions such **Member** to **CalOptima Direct** as set forth in Section III.F.1. of this Policy.

3. **CCN** shall be responsible for all **Covered Services** for the **Member** for three- hundred sixty-five (365) calendar days after the **Member** receives a **Solid Organ Transplant** or BMT. After three-hundred sixty-five (365) calendar days after the date the **Member** receives a **Solid Organ Transplant** or BMT, CalOptima shall request the **Member** select a **Health Network**, in accordance with CalOptima Policy DD.2008: Health Network and CalOptima Community Network Selection Process.

4. If CalOptima, the DHCS-approved Transplant Center, or the **CCS-**paneled Transplant Special Care Center, determines that the **Member** is ineligible for a **Solid Organ Transplant** or BMT:

    a. If it has been less than three hundred sixty-five (365) calendar days after the **Member** transitioned to **CCN**, CalOptima shall transition the **Member** to the **Member's** previous **Health Network**, effective the first (1st) calendar day of the month immediately following the date CalOptima or the DHCS-approved Transplant Center determines that the **Member** is ineligible for a **Solid Organ Transplant** or BMT; or

    b. If it has been more than three hundred sixty-five (365) calendar days after the **Member** transitioned to **CCN**, CalOptima shall request the **Member** select a **Health Network**, in accordance with CalOptima Policy DD.2008: Health Network Selection Process, or CalOptima shall auto assign the Member, in accordance with CalOptima Policy AA.1207a: CalOptima Auto-Assignment.

G. If a **Health Network Eligible Member**, except a Kaiser **Member**, is identified as a potential candidate for a **Solid Organ Transplant** or a BMT:

1. The **Member's Health Network** shall notify CalOptima by sending a Notification of Transplant Member, in accordance with CalOptima Policy GG.1313: Coordination of Care for Transplant Members.

2. **CCN** shall assume responsibility for all **Covered Services** for the **Member** on the first (1st) calendar day of the month immediately following the date CalOptima receives written notice from the **Health Network**, for a period of not less than three hundred sixty-five (365) calendar days after the date the **Member** received such Transplant.

DRAFT

3. CalOptima shall transition the **Member** to the **Member's** previous **Health Network**, effective no later than the first (1st) calendar day of the month immediately following the three hundred sixty fifth (365th) calendar day after the date the **Member** received a **Solid Organ Transplant** or BMT.

4. The **Member's Health Network** shall be responsible for all **Covered Services** for the **Member** until the **Health Network** submits written notice and CalOptima transitions such **Member** to **CCN**, as set forth in Section III.G.1 and III.G.2 of this Policy.

H. If a **Health Network Eligible Member** is diagnosed with **ESRD** and is not already assigned to **CCN**:

1. The **Member's Health Network** shall notify CalOptima, in writing, of the **Member** by submitting a copy of Form CMS-2728-U3 to CalOptima's Health Network Relations Department.

a. If a **Health Network** submits a Form CMS-2728-U3 on or before the fifteenth (15th) calendar day of a month, **CCN** shall assume responsibility for all **Covered Services** for the **Member** effective no later than the first (1st) calendar day of the month after the immediately following month. For example, if a **Health Network** submits Form CMS-2728-U3 on June 15, **CCN** shall assume responsibility for the **Member** effective August 1.

b. If a **Health Network** submits a Form CMS-2728-U3 after the fifteenth (15th) day of a month, **CCN** shall assume responsibility for all **Covered Services** for the **Member** effective no later than the first (1st) calendar day of the second (2nd) month after the immediately following month. For example, if a **Health Network** submits Form CMS-2728-U3 on June 16, **CCN** shall assume responsibility for the **Member** effective September 1.

c. CalOptima shall provide the **Member** with a thirty (30) calendar day notice of the transition, pursuant to the CalOptima Contract with DHCS.

I. If CalOptima identifies a **Member** who meets the requirements specified in Sections II.B and II.C, of this Policy, CalOptima shall transition the **Member** to **COD-A**, or **CCN**, and notify the **Member's Health Network** of such transition. CalOptima shall provide the **Member**, with a thirty (30) calendar day notice of the transition pursuant to CalOptima's contract with DHCS.

1. The **Member's Health Network** shall be responsible for all **Covered Services** for the **Member**, in accordance with the **DOFR**, until CalOptima enrolls the **Member** in **COD-A** or **CCN**.

J. If CalOptima identifies a **Member** who meets the requirements specified in Section II.B.1. of this Policy, CalOptima shall assign the **Member** a **PCP** as follows:

1. For a **member** who has both Medicare Parts A and B or Medicare Part B coverage and is enrolled in **CalOptima Direct** pursuant to this Policy, CalOptima shall not be required to assign such **members** who are eligible for services through Medicare to a Medi-Cal **Primary Care Provider (PCP)** or require them to select a Medi-Cal **PCP** in accordance with the policy of the Department of Health Care Services (DHCS).

DRAFT

2. For a **member** who has Medicare Part A coverage, but does not have Medicare Part B coverage, and is enrolled in **CalOptima Direct**, pursuant to this Policy, CalOptima shall assign such **member** to a Medi-Cal **PCP** in accordance with DHCS policy(s).

3. For an existing **Member** assigned to a **Health Network**, who gains Part A-only Dual status, CalOptima shall transition the **Member** to **COD-A** in the month CalOptima is notified by the State of the change to Medicare Part A eligibility.

    a. CalOptima shall assign the **Member** a **PCP** in accordance with CalOptima Policy DD.2006b: CalOptima Community Network Primary Care Provider Selection/Assignment.

4. For a newly enrolled **Member** who is also Medicare Part A-only Dual eligible, CalOptima shall assign the **Member** to a **PCP** in accordance with the methodology described in CalOptima Policy DD.2006b: CalOptima Community Network Primary Care Provider Selection/Assignment.

5. A **Member** may request to change his or her participating **PCP** every thirty (30) calendar days by contacting CalOptima's Customer Service Department.

IX. GLOSSARY

Term	Definition
Aid Code	The two (2) character code, defined by the State of California, which identifies the aid category under which a member is eligible to receive Medi-Cal covered services.
California Children's Services Program	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible individuals under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.
California Children's Services (CCS) Eligible Condition	Chronic medical conditions, including but not limited to, cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries and infectious disease producing major sequelae as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.
CalOptima Community Network (CCN)	A managed care network operated by CalOptima that contracts directly with physicians and hospitals and requires a Primary Care Provider (***PCP***) to manage the care of the member.
CalOptima Direct (COD)	A direct health care program operated by CalOptima that includes both COD-Administrative (COD-A) and CalOptima Community Network (CCN) and provides services to members who meet certain eligibility criteria as described in Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.
CalOptima Direct (COD) Member	A member who receives all covered services through CalOptima Direct.
CalOptima Direct Administrative (COD-A)	The managed Fee-For-Service health care program operated by CalOptima that provides services to members as described in CalOptima Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.
Covered Services	Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as covered services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), which shall be covered for members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.
Division Of Financial Responsibility (DOFR)	A matrix that defines how CalOptima identifies the responsible parties for components of medical associated with the provision of covered services. The responsible parties include, but are not limited to, Physician, Hospital, CalOptima and the County of Orange.

DRAFT

Term	Definition
End Stage Renal Disease (ESRD)	That stage of kidney impairment that appears irreversible and permanent and requires a regular course of dialysis or kidney transplantation to maintain life. End Stage Renal Disease is classified as Stage V of Chronic Kidney Disease. This stage exists when renal function, as measured by glomerular filtration rate (GFR), is less than 15ml/min/1.73m^2 and serum creatinine is greater than or equal to eight, unless the Member is diabetic, in which case serum creatinine is greater than or equal to six (6). Excretory, regulatory, and hormonal renal functions are severely impaired, and the Member cannot maintain homeostasis.
Health Maintenance Organization (HMO)	A health care service plan, as defined in the Knox-Keene Health Care Service Plan Act of 1975, as amended, commencing with Section 1340 of the California Health and Safety Code.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide covered services to members assigned to that health network.
Health Network Eligible Member	A member who is eligible to choose a CalOptima health network or CalOptima Community Network (CCN).
Member	A Medi-Cal eligible beneficiary as determined by the County of Orange Social Services Agency, the California Department of Health Care Services (DHCS) Medi-Cal Program, or the United States Social Security Administration, who is enrolled in the CalOptima program.
Primary Care Provider (PCP)	A Primary Care Provider may be a Primary Care Practitioner, or other institution or facility responsible for supervising, coordinating, and providing initial and primary care to members and serves as the medical home for members.
Solid Organ Transplant	A Transplant for: 1. Heart; 2. Heart and lung; 3. Lung; 4. Liver; 5. Small bowel; 6. Kidney; 7. Combined liver and kidney; 8. Combined liver and small bowel; and 9. Combined kidney and pancreas.
Status 7	Temporarily unsuitable for Transplant according to the DHCS-approved Transplant Center.

END STAGE RENAL DISEASE MEDICAL EVIDENCE REPORT MEDICARE ENTITLEMENT AND/OR PATIENT REGISTRATION

A. COMPLETE FOR ALL ESRD PATIENTS *Check one:* ☐ Initial ☐ Re-entitlement ☐ Supplemental

1. Name *(Last, First, Middle Initial)*

2. Medicare Claim Number

3. Social Security Number

4. Date of Birth *(mm/dd/yyyy)*

5. Patient Mailing Address *(Include City, State and Zip)*

6. Phone Number *(including area code)*

7. Sex ☐ Male ☐ Female

8. Ethnicity ☐ Not Hispanic or Latino ☐ Hispanic or Latino (Complete Item 9)

9. Country/Area of Origin or Ancestry

10. Race *(Check all that apply)*
☐ White
☐ Black or African American
☐ American Indian/Alaska Native
Print Name of Enrolled/Principal Tribe
☐ Asian
☐ Native Hawaiian or Other Pacific Islander*
*complete Item 9

11. Is patient applying for ESRD Medicare coverage? ☐ Yes ☐ No

12. Current Medical Coverage *(Check all that apply)*
☐ Medicaid ☐ Medicare ☐ Employer Group Health Insurance
☐ DVA ☐ Medicare Advantage ☐ Other ☐ None

13. Height INCHES ____ OR CENTIMETERS ____

14. Dry Weight POUNDS ____ OR KILOGRAMS ____

15. Primary Cause of Renal Failure *(Use ICD-10-CM Code)*

16. Employment Status *(6 mos prior and current status)*

Prior	Current	
☐	☐	Unemployed
☐	☐	Employed Full Time
☐	☐	Employed Part Time
☐	☐	Homemaker
☐	☐	Retired due to Age/Preference
☐	☐	Retired (Disability)
☐	☐	Medical Leave of Absence
☐	☐	Student

17. Co-Morbid Conditions *(Check all that apply currently and/or during last 10 years)* *See instructions

a. ☐ Congestive heart failure
b. ☐ Atherosclerotic heart disease ASHD
c. ☐ Other cardiac disease
d. ☐ Cerebrovascular disease, CVA, TIA*
e. ☐ Peripheral vascular disease*
f. ☐ History of hypertension
g. ☐ Amputation
h. ☐ Diabetes, currently on insulin
i. ☐ Diabetes, on oral medications
j. ☐ Diabetes, without medications
k. ☐ Diabetic retinopathy
l. ☐ Chronic obstructive pulmonary disease
m. ☐ Tobacco use (current smoker)
n. ☐ Malignant neoplasm, Cancer
o. ☐ Toxic nephropathy
p. ☐ Alcohol dependence
q. ☐ Drug dependence*
r. ☐ Inability to ambulate
s. ☐ Inability to transfer
t. ☐ Needs assistance with daily activities
u. Institutionalized
☐ 1. Assisted Living
☐ 2. Nursing Home
☐ 3. Other Institution
v. ☐ Non-renal congenital abnormality
w. ☐ None

18. Prior to ESRD therapy:

a. Did patient receive exogenous erythropoetin or equivalent? ☐ Yes ☐ No ☐ Unknown If Yes, answer: ☐ <6 months ☐ 6-12 months ☐ >12 months
b. Was patient under care of a nephrologist? ☐ Yes ☐ No ☐ Unknown If Yes, answer: ☐ <6 months ☐ 6-12 months ☐ >12 months
c. Was patient under care of kidney dietitian? ☐ Yes ☐ No ☐ Unknown If Yes, answer: ☐ <6 months ☐ 6-12 months ☐ >12 months
d. What access was used on first outpatient dialysis: ___ AVF ___ Graft ___ Catheter ☐ Other
If not AVF, then: Is maturing AVF present? ☐ Yes ☐ No
Is maturing graft present? Yes No

19. Laboratory Values Within 45 Days Prior to the Most Recent ESRD Episode. (Lipid Profile within 1 Year of Most Recent ESRD Episode).

LABORATORY TEST	VALUE	DATE	LABORATORY TEST	VALUE	DATE
a.1. Serum Albumin (g/dl)			d. HbA1c	%	
a.2. Serum Albumin Lower Limit			e. Lipid Profile TC		
a.3. Lab Method Used (BCG or BCP)			LDL		
b. Serum Creatinine (mg/dl)			HDL		
c. Hemoglobin (g/dl)			TG		

B. COMPLETE FOR ALL ESRD PATIENTS IN DIALYSIS TREATMENT

20. Name of Dialysis Facility

21. Medicare Provider Number *(for item 20)*

22. Primary Dialysis Setting
☐ Home ☐ Dialysis Facility/Center ☐ SNF/Long Term Care Facility

23. Primary Type of Dialysis
☐ Hemodialysis (Sessions per week____/hours per session____)
☐ CAPD ☐ CCPD ☐ Other

24. Date Regular Chronic Dialysis Began *(mm/dd/yyyy)*

25. Date Patient Started Chronic Dialysis at Current Facility *(mm/dd/yyyy)*

26. Has patient been informed of kidney transplant options? ☐ Yes ☐ No

27. If patient NOT informed of transplant options, please check all that apply:
☐ Medically unfit
☐ Patient has not been assessed
☐ Patient declines information
☐ Psychologically unfit
☐ Unsuitable due to age
☐ Other

C. COMPLETE FOR ALL KIDNEY TRANSPLANT PATIENTS

28. Date of Transplant *(mm/dd/yyyy)*	29. Name of Transplant Hospital	30. Medicare Provider Number for Item 29

Date patient was admitted as an inpatient to a hospital in preparation for, or anticipation of, a kidney transplant prior to the date of actual transplantation.

31. Enter Date *(mm/dd/yyyy)*	32. Name of Preparation Hospital	33. Medicare Provider number for Item 32

34. Current Status of Transplant *(if functioning, skip items 36 and 37)*	35. Type of Donor:
☐ Functioning ☐ Non-Functioning	☐ Deceased ☐ Living Related ☐ Living Unrelated
36. If Non-Functioning, Date of Return to Regular Dialysis *(mm/dd/yyyy)*	37. Current Dialysis Treatment Site
	☐ Home ☐ Dialysis Facility/Center ☐ SNF/Long Term Care Facility

D. COMPLETE FOR ALL ESRD SELF-DIALYSIS TRAINING PATIENTS (MEDICARE APPLICANTS ONLY)

38. Name of Training Provider	39. Medicare Provider Number of Training Provider (for Item 38)
40. Date Training Began *(mm/dd/yyyy)*	41. Type of Training ☐ Hemodialysis a. ☐ Home b. ☐ In Center ☐ CAPD ☐ CCPD ☐ Other
42. This Patient is Expected to Complete *(or has completed)* Training and will Self-dialyze on a Regular Basis. ☐ Yes ☐ No	43. Date When Patient Completed, or is Expected to Complete, Training *(mm/dd/yyyy)*

I certify that the above self-dialysis training information is correct and is based on consideration of all pertinent medical, psychological, and sociological factors as reflected in records kept by this training facility.

44. Printed Name and Signature of Physician personally familiar with the patient's training			45. UPIN of Physician in Item 44
a.) Printed Name	b.) Signature	c.) Date *(mm/dd/yyyy)*	

E. PHYSICIAN IDENTIFICATION

46. Attending Physician *(Print)*	47. Physician's Phone No. *(include Area Code)*	48. UPIN of Physician in Item 46

PHYSICIAN ATTESTATION

I certify, under penalty of perjury, that the information on this form is correct to the best of my knowledge and belief. Based on diagnostic tests and laboratory findings, I further certify that this patient has reached the stage of renal impairment that appears irreversible and permanent and requires a regular course of dialysis or kidney transplant to maintain life. I understand that this information is intended for use in establishing the patient's entitlement to Medicare benefits and that any falsification, misrepresentation, or concealment of essential information may subject me to fine, imprisonment, civil penalty, or other civil sanctions under applicable Federal laws.

49. Attending Physician's Signature of Attestation *(Same as Item 46)*	50. Date *(mm/dd/yyyy)*
51. Physician Recertification Signature	52. Date *(mm/dd/yyyy)*

53. Remarks

F. OBTAIN SIGNATURE FROM PATIENT

I hereby authorize any physician, hospital, agency, or other organization to disclose any medical records or other information about my medical condition to the Department of Health and Human Services for purposes of reviewing my application for Medicare entitlement under the Social Security Act and/or for scientific research.

54. Signature of Patient *(Signature by mark must be witnessed.)*	55. Date *(mm/dd/yyyy)*

G. PRIVACY STATEMENT

The collection of this information is authorized by Section 226A of the Social Security Act. The information provided will be used to determine if an individual is entitled to Medicare under the End Stage Renal Disease provisions of the law. The information will be maintained in system No. 09-70-0520, "End Stage Renal Disease Program Management and Medical Information System (ESRD PMMIS)", published in the Federal Register, Vol. 67, No. 116, June 17, 2002, pages 41244-41250 or as updated and republished. Collection of your Social Security number is authorized by Executive Order 9397. Furnishing the information on this form is voluntary, but failure to do so may result in denial of Medicare benefits. Information from the ESRD PMMIS may be given to a congressional office in response to an inquiry from the congressional office made at the request of the individual; an individual or organization for research, demonstration, evaluation, or epidemiologic project related to the prevention of disease or disability, or the restoration or maintenance of health. Additional disclosures may be found in the *Federal Register* notice cited above. You should be aware that P.L.100-503, the Computer Matching and Privacy Protection Act of 1988, permits the government to verify information by way of computer matches.

INSTRUCTIONS FOR COMPLETION OF END STAGE RENAL DISEASE MEDICAL EVIDENCE REPORT MEDICARE ENTITLEMENT AND/OR PATIENT REGISTRATION

For whom should this form be completed:

This form SHOULD NOT be completed for those patients who are in acute renal failure. Acute renal failure is a condition in which kidney function can be expected to recover after a short period of dialysis, i.e., several weeks or months.

This form MUST BE completed within 45 days for ALL patients beginning any of the following:

Check the appropriate block that identifies the reason for submission of this form.

Initial

For all patients who initially receive a kidney transplant instead of a course of dialysis. For patients for whom a regular course of dialysis has been prescribed by a physician because they have reached that stage of renal impairment that a kidney transplant or regular course of dialysis is necessary to maintain life. The first date of a regular course of dialysis is the date this prescription is implemented whether as an inpatient of a hospital, an outpatient in a dialysis center or facility, or a home patient.

The form should be completed for all patients in this category even if the patient dies within this time period.

Re-entitlement

For beneficiaries who have already been entitled to ESRD Medicare benefits and those benefits were terminated because their coverage stopped 3 years post- transplant but now are again applying for Medicare ESRD benefits because they returned to dialysis or received another kidney transplant.

For beneficiaries who stopped dialysis for more than 12 months, have had their Medicare ESRD benefits terminated and now returned to dialysis or received a kidney transplant. These patients will be reapplying for Medicare ESRD benefits.

Supplemental

Patient has received a transplant or trained for self-care dialysis within the first 3 months of the first date of dialysis and initial form was submitted.

All items except as follows: To be completed by the attending physician, head nurse, or social worker involved in this patient's treatment of renal disease.

Items 15, 17-18, 26-27, 49-50: To be completed by the attending physician.
Item 44: To be signed by the attending physician or the physician familiar with the patient's self-care dialysis training.
Items 54 and 55: To be signed and dated by the patient.

1. Enter the patient's legal name (Last, first, middle initial). Name should appear exactly the same as it appears on patient's social security or Medicare card.
2. If the patient is covered by Medicare, enter his/her Medicare claim number as it appears on his/her Medicare card.
3. Enter the patient's own social security number. This number can be verified from his/her social security card.
4. Enter patient's date of birth (2-digit Month, Day, and 4-digit Year). Example 07/25/1950.
5. Enter the patient's mailing address (number and street or post office box number, city, state, and ZIP code.)
6. Enter the patient's home area code and telephone number.
7. Check the appropriate block to identify sex.
8. Check the appropriate block to identify ethnicity. Definitions of the ethnicity categories for Federal statistics are as follows:

   Not Hispanic or Latino—A person of culture or origin not described below, regardless of race.

   Hispanic or Latino—A person of Cuban, Puerto Rican, or Mexican culture or origin regardless of race. Please complete Item 9 and provide the country, area of origin, or ancestry to which the patient claims to belong.
9. Country/Area of origin or ancestry—Complete if information is available or if directed to do so in question 8.
10. Check the appropriate block(s) to identify race. Definitions of the racial categories for Federal statistics are as follows:

    White—A person having origins in any of the original white peoples of Europe, the Middle East or North Africa.

    Black or African American—A person having origins in any of the black racial groups of Africa. This includes native-born Black Americans, Africans, Haitians and residents of non-Spanish speaking Caribbean Islands of African descent.

    American Indian/Alaska Native—A person having origins in any of the original peoples of North America and South America (including Central America) and who maintains Tribal affiliation or community attachment. Print the name of the enrolled or principal tribe to which the patient claims to be a member.

    Asian—A person having origins in any of the original peoples of the Far East, Southeast Asia or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand and Vietnam.

    Native Hawaiian or Other Pacific Islander—A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands. Please complete Item 9 and provide the country, area of origin, or ancestry to which the patient claims to belong.

DISTRIBUTION OF COPIES:

- Forward one copy of this form to the Social Security office servicing the claim.
- Forward one copy of this form to the ESRD Network Organization.
- Retain one copy of this form in the patient's medical records file.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information is 0938-0046. The time required to complete this information collection estimated to average 45 minutes per response, including the time to review instructions, search existing data resources, and gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, Attention: PRA Reports Clearance Officer, 7500 Security Boulevard, Baltimore, Maryland 21244-1850. Please do not send applications, claims, payments, medical records or any documents containing sensitive information to the PRA Reports Clearance Office. Please note that any correspondence not pertaining to the information collection burden approved under the associated OMB control number listed on this form will not be reviewed, forwarded, or retained. If you have questions or concerns regarding where to submit your documents, please contact 1-800-MEDICARE.

11. Check the appropriate yes or no block to indicate if patient is applying for ESRD Medicare. Note: Even though a person may already be entitled to general Medicare coverage, he/she should reapply for ESRD Medicare coverage.

12. Check all the blocks that apply to this patient's current medical insurance status.

Medicaid—Patient is currently receiving State Medicaid benefits.

Medicare—Patient is currently entitled to Federal Medicare benefits.

Employer Group Health Insurance—Patient receives medical benefits through an employee health plan that covers employees, former employees, or the families of employees o former employees.

DVA—Patient is receiving medical care from a Department of Veterans Affairs facility.

Medicare Advantage—Patient is receiving medical benefits under a Medicare Advantage organization.

Other Medical Insurance—Patient is receiving medical benefits under a health insurance plan that is not Medicare, Medicaid, Department of Veterans Affairs, HMO/M+C organization, nor an employer group health insurance plan. Examples of other medical insurance are Railroad Retirement and CHAMPUS beneficiaries.

None—Patient has no medical insurance plan.

13. Enter the patient's most recent recorded height in inches OR centimeters at time form is being completed. If entering height in centimeters, round to the nearest centimeter. Estimate or use last known height for those unable to be measured. (Example of inches - 62. DO NOT PUT 5'2") NOTE: For amputee patients, enter height prior to amputation.

14. Enter the patient's most recent recorded dry weight in pounds OR kilograms at time form is being completed. If entering weight in kilograms, round to the nearest kilogram.

NOTE: For amputee patients, enter actual dry weight.

15. To be completed by the attending physician. Enter the ICD10-CM Code to indicate the primary cause of end stage renal disease.

16. Check the first box to indicate employment status 6 months prior to renal failure and the second box to indicate current employment status. Check only one box for each time period. If patient is under 6 years of age, leave blank.

17. To be completed by the attending physician. Check all co-morbid conditions that apply.

*Cerebrovascular Disease includes history of stroke/cerebrovascular accident (CVA) and transient ischemic attack (TIA).

*Peripheral Vascular Disease includes absent foot pulses, prior typical claudication, amputations for vascular disease, gangrene and aortic aneurysm.

*Drug dependence means dependent on illicit drugs.

18. Prior to ESRD therapy, check the appropriate box to indicate whether the patient received exogenous erythropoietin (EPO) or equivalent, was under the care of a nephrologist and/or was under the care of a kidney dietitian. Provide vascular access information as to the type of access used (Arterio-Venous Fistula (AVF), graft, catheter (including port device) or other type of access) when the patient first received outpatient dialysis. If an AVF access was not used, was a maturing AVF or graft present?

NOTE: For those patients re-entering the Medicare program after benefits were terminated, Items 19a thru 19c should contain initial laboratory values within 45 days prior to the most recent ESRD episode. Lipid profiles and HbA1c should be within 1 year of the most recent ESRD episode. Some tests may not be required for patients under 21 years of age.

19a1. Enter the serum albumin value (g/dl) and date test was taken. This value and date must be within 45 days prior to first dialysis treatment or kidney transplant.

19a2. Enter the lower limit of the normal range for serum albumin from the laboratory which performed the serum albumin test entered in 19a1.

19a3. Enter the serum albumin lab method used (BCG or BCP).

19b. Enter the serum creatinine value (mg/dl) and date test was taken. THIS FIELD MUST BE COMPLETED. Value must be within 45 days prior to first dialysis treatment or kidney transplant.

19c. Enter the hemoglobin value (g/dl) and date test was taken. This value and date must be within 45 days prior to the first dialysis treatment or kidney transplant.

19d. Enter the HbA1c value and the date the test was taken. The date must be within 1 year prior to the first dialysis treatment or kidney transplant.

19e. Enter the Lipid Profile values and date test was taken. These values: TC–Total Cholesterol; LDL–LDL Cholesterol; HDL–HDL Cholesterol; TG–Triglycerides, and date must be within 1 year prior to the first dialysis treatment or kidney transplant.

20. Enter the name of the dialysis facility where patient is currently receiving care and who is completing this form for patient.

21. Enter the 6-digit Medicare identification code of the dialysis facility in item 20.

22. If the person is receiving a regular course of dialysis treatment, check the appropriate anticipated long-term treatment setting at the time this form is being completed.

23. If the patient is, or was, on regular dialysis, check the anticipated long-term primary type of dialysis: Hemodialysis, (enter the number of sessions prescribed per week and the hours that were prescribed for each session), CAPD (Continuous Ambulatory Peritoneal Dialysis) and CCPD (Continuous Cycling Peritoneal Dialysis), or Other. Check only one block. NOTE: Other has been placed on this form to be used only to report IPD (Intermittent Peritoneal Dialysis) and any new method of dialysis that may be developed prior to the renewal of this form by Office of Management and Budget.

24. Enter the date (month, day, year) that a "regular course of chronic dialysis" began. The beginning of the course of dialysis is counted from the beginning of regularly scheduled dialysis necessary for the treatment of end stage renal disease (ESRD) regardless of the dialysis setting. The date of the first dialysis treatment after the physician has determined that this patient has ESRD and has written a prescription for a "regular course of dialysis" is the "Date Regular Chronic Dialysis Began" regardless of whether this prescription was implemented in a hospital/ inpatient, outpatient, or home setting and regardless of any acute treatments received prior to the implementation of the prescription.

NOTE: For these purposes, end stage renal disease means irreversible damage to a person's kidneys so severely affecting his/her ability to remove or adjust blood wastes that in order to maintain life he or she must have either a course of dialysis or a kidney transplant to maintain life.

If re-entering the Medicare program, enter beginning date of the current ESRD episode. Note in Remarks, Item 53, that patient is restarting dialysis.

25. Enter date patient started chronic dialysis at current facility of dialysis services. In cases where patient transferred to current dialysis facility, this date will be after the date in Item 24.

26. Enter whether the patient has been informed of their options for receiving a kidney transplant.

27. If the patient has not been informed of their options (answered "no" to Item 26), then enter all reasons why a

kidney transplant was not an option for this patient at this time.

28. Enter the date(s) of the patient's kidney transplant(s). If reentering the Medicare program, enter current transplant date.
29. Enter the name of the hospital where the patient received a kidney transplant on the date in Item 28.
30. Enter the 6-digit Medicare identification code of the hospital in Item 29 where the patient received a kidney transplant on the date entered in Item 28.
31. Enter date patient was admitted as an inpatient to a hospital in preparation for, or anticipation of, a kidney transplant prior to the date of the actual transplantation. This includes hospitalization for transplant workup in order to place the patient on a transplant waiting list.
32. Enter the name of the hospital where patient was admitted as an inpatient in preparation for, or anticipation of, a kidney transplant prior to the date of the actual transplantation.
33. Enter the 6-digit Medicare identification number for hospital in Item 32.
34. Check the appropriate functioning or non-functioning block.
35. Enter the type of kidney transplant organ donor, Deceased, Living Related or Living Unrelated, that was provided to the patient.
36. If transplant is nonfunctioning, enter date patient returned to a regular course of dialysis. If patient did not stop dialysis post-transplant, enter transplant date.
37. If applicable, check where patient is receiving dialysis treatment following transplant rejection. A nursing home or skilled nursing facility is considered as home setting

Self-dialysis Training Patients (Medicare Applicants Only)

Normally, Medicare entitlement begins with the third month after the month a patient begins a regular course of dialysis treatment. This 3-month qualifying period may be waived if a patient begins a self-dialysis training program in a Medicare approved training facility and is expected to self-dialyze after the completion of the training program. Please complete items 38-43 if the patient has entered into a self-dialysis training program. Items 38-43 must be completed if the patient is applying for a Medicare waiver of the 3-month qualifying period for dialysis benefits based on participation in a self-care dialysis training program.

38. Enter the name of the provider furnishing self-care dialysis training.
39. Enter the 6-digit Medicare identification number for the training provider in Item 38.
40. Enter the date self-dialysis training began.
41. Check the appropriate block which describes the type of self-care dialysis training the patient began. If the patient trained for hemodialysis, enter whether the training was to perform dialysis in the home setting or in the facility (in center). If the patient trained for IPD (Intermittent Peritoneal Dialysis), report as Other.
42. Check the appropriate block as to whether or not the physician certifies that the patient is expected to complete the training successfully and self-dialyze on a regular basis.
43. Enter date patient completed or is expected to complete self-dialysis training.
44. Enter printed name and signature of the attending physician or the physician familiar with the patient's self-care dialysis training.
45. Enter the Unique Physician Identification Number (UPIN) of physician in Item 44. (See Item 48 for explanation of UPIN.)
46. Enter the name of the physician who is supervising the patient's renal treatment at the time this form is completed.
47. Enter the area code and telephone number of the physician who is supervising the patient's renal treatment at the time this form is completed.
48. Enter the physician's UPIN assigned by CMS.

    A system of physician identifiers is mandated by Section 9202 of the Consolidated Omnibus Budget Reconciliation Act of 1985. It requires a unique identifier for each physician who provides services for which Medicare payment is made. An identifier is assigned to each physician regardless of his or her practice configuration. The UPIN is established in a national Registry of Medicare Physician Identification and Eligibility Records (MPIER). Transamerica Occidental Life Insurance Company is the Registry Carrier that establishes and maintains the national registry of physicians receiving Part Medicare payment. Its address is: UPIN Registry, Transamerica Occidental Life, P.O. Box 2575, Los Angeles, CA 90051-0575.
49. To be signed by the physician supervising the patient's kidney treatment. Signature of physician identified in Item 46. A stamped signature is unacceptable.
50. Enter date physician signed this form.
51. To be signed by the physician who is currently following the patient. If the patient had decided initially not to file an application for Medicare, the physician will be re-certifying that the patient is end stage renal, based on the same medical evidence, by signing the copy of the CMS-2728 that was originally submitted and returned to the provider. If you do not have a copy of the original CMS-2728 on file, complete a new form.
52. The date physician re-certified and signed the form.
53. This remarks section may be used for any necessary comments by either the physician, patient, ESRD Network or social security field office.
54. The patient's signature authorizing the release of information to the Department of Health and Human Services must be secured here. If the patient is unable to sign the form, it should be signed by a relative, a person assuming responsibility for the patient or by a survivor.
55. The date patient signed form.

Policy #:	DD.2008
Title:	**Health Network and CalOptima Community Network Selection Process**
Department:	Customer Service
Section:	Not Applicable
CEO Approval:	Michael Schrader _____
Effective Date:	10/01/1995
~~Last Review Date:~~	~~06/01/18~~
~~Last~~ Revised Date:	~~06/01/18~~04/04/2019

I. PURPOSE

This policy describes the process by which a Health Network Eligible Member shall select **CalOptima Community Network (CCN)** or a Health Network, and **CCN's** or the Health Network's responsibilities for such Member.

II. POLICY

A. CalOptima is committed to a Health Network Eligible Member's right to choose **CCN** or a Health Network. CalOptima also recognizes that it is in the best interest of a Member to establish a medical home and maintain Continuity **of** Care with a **Primary Care Provider (PCP)**.

B. CalOptima shall request a Health Network Eligible Member select **CCN** or a Health Network, in accordance with the terms and conditions of this policy.

1. Except as otherwise provided in this policy, a Health Network Eligible Member may select **CCN** or any Health Network that is accepting new Members.

2. Effective January 1, 2007, only a Member who is less than twenty-one (21) years of age may enroll in CHOC Health Alliance, as set forth in Section III.B of this policy.

3. On or after the effective date of the CalOptima Whole-Child Model program, a **member** who is known to be participating in California's Children Services (CCS) may only enroll in a **health network** that is participating in the Whole-Child Model program.

C. A Health Network Eligible Member who does not select **CCN** or a Health Network shall be subject to the Auto-Assignment process, in accordance with CalOptima Policy AA.1207a: CalOptima Auto-Assignment.

D. CalOptima recognizes that Family Linked Members may be best served by a single Health Network to ensure coordinated delivery of services by a Provider who is knowledgeable about the diverse needs of all of the Members in the family. To facilitate this objective, CalOptima shall assign a Family Linked Member whose family includes a Member already enrolled in a Health Network or **CCN**, to that Health Network or **CCN**, in accordance with CalOptima Policy AA.1207a: CalOptima Auto-Assignment.

1. On and after January 1, 2007, except as otherwise provided in this policy, CalOptima shall assign a Family Linked Member to the same Health Network as his or her youngest sibling if such Family Linked Member is under the age of twenty-one (21) years~~.~~.

2. If a Family Linked Member is over the age of twenty-one (21) years and his or her youngest sibling is enrolled in CHOC Health Alliance, CalOptima shall assign the Family Linked Member to the Health Network of another family **member**, if applicable.

3. On or after the effective date of the CalOptima Whole-Child Model program, if the **member** is known to be eligible with the Whole-Child Model program/**California Children Services Program (CCS)** and the **member's** youngest sibling is assigned to a **health network** that does not participate in the WCM/**CCS** program, the Family Link process will not apply.

E. A Health Network Eligible Member may change his or her Health Network or select **CCN** for any reason every thirty (30) calendar days, in accordance with this policy.

F. **CCN** or a Health Network shall be responsible for providing Covered Services to its Members, in accordance with its contract and applicable statutes, regulations, CalOptima policies, and other requirements of the CalOptima program.

1. If a Health Network Eligible Member moves outside of Orange County, his or her Health Network shall remain responsible for all Covered Services until the Member is no longer enrolled in the CalOptima program. If a Health Network Eligible Member becomes the responsibility of the Public Administrator/Public Guardian or is in an Institute for Mental Disease and is placed outside of Orange County, his or her Health Network shall continue to be responsible for all Covered Services until the Health Network or the Public Administrator /Public Guardian submits a request to enroll the Member in CalOptima Direct, in accordance with CalOptima Policy DD.2006: Enrollment In/Eligibility with CalOptima Direct.

2. If a Member becomes the responsibility of the Foster Care Program, **CCN** or his or her Health Network shall remain responsible for all Covered Services. The Member's foster parent, legal guardian, or the Orange County ~~Children's~~Children & Family Services Department may request to transition the Member into **CalOptima Direct (COD) – Administrative (COD-A)**, in accordance with CalOptima Policy DD.2006: Enrollment In/Eligibility with CalOptima Direct.

G. **CCN** or a Health Network shall not be responsible for Covered Services provided to a Member outside the United States with the exception of Emergency Services requiring hospitalization in Canada or Mexico, in accordance with Title 22 of the California Code of Regulations, Section 51006.

H. CalOptima or a Health Network shall ensure Continuity **of** Care for Members who transition into CalOptima in accordance with CalOptima Policy GG.1325: Coordination of Care for ~~Newly Enrolled Medi-Cal~~ Members Transitioning into CalOptima Services.

I. In the event that a **member** is required to change **health network**s, due to **health network** termination or participation status of a **health network** in the Whole-Child Model program, CalOptima and the receiving **health network** shall collaborate to coordinate the provision of **covered services** for the affected **member**, in accordance with CalOptima Policy GG.1304: Continuity of Care During Health Network or Provider Termination.

III. PROCEDURE

Back to Agenda

A. **CCN** or **Health Network** Selection Process

1. Upon receipt of the Member's eligibility information from the Department of Health Care Services (DHCS), CalOptima shall send an enrollment packet to a Health Network Eligible Member. The enrollment packet shall include, but not be limited to, the following information:

   a. Introductory/welcome letter;

   b. CalOptima **Health Network** Selection Form;

   c. Health Information Form;

   d. CalOptima **Member** Handbook;

   e. CalOptima **Member** Identification Card;

   f. Invitation to a **Member** orientation;

   g. **Health Network** report card;

   h. **Health Network** Listing and Provider Directory; and

   i. Postage-paid envelope to return materials to CalOptima.

2. Only a Health Network Eligible Member or the Member's Authorized Representative shall sign a Health Network Selection Form on behalf of the Member. CalOptima shall not accept a **Health Network** Selection Form submitted without the signature of the Member or an Authorized Representative.

   a. CalOptima shall not accept responsibility for an inappropriately signed **Health Network** Selection Form.

3. CalOptima realizes that in some instances, such as time-sensitive health care appointments or challenges with valid home addresses, it is in the best interest of the Member to allow a change of Health Network or **CCN** selection request to be made by the Member or the Member's Authorized Representative over the phone~~.~~ in accordance with CalOptima Policy DD.2006b:CalOptima Community Network Member Primary Care Provider Selection/Assignment. In those circumstances, the request will be recorded and processed by the Customer Service Representative at the time of request.

4. If CalOptima receives a Health Network Eligible Member's completed **Health Network** Selection Form by the tenth (10th) calendar day of a month, the Member shall be enrolled into his or her selected Health Network no later than the first (1st) calendar day of the immediately following month. If CalOptima receives a Member's completed **Health Network** Selection Form after the tenth (10th) calendar day of a month, the Member shall be enrolled into his or her selected Health Network no later than the first (1st) calendar day of the month after the immediately following month.

5. A Health Network Eligible Member who has not selected a Health Network or **CCN** within the designated timeframe shall be automatically assigned to a Health Network pursuant to CalOptima Policy AA.1207a: CalOptima Auto-Assignment. Following the assignment of a ~~Health Network Eligible~~ Member in accordance with this policy, CalOptima shall notify the Member in writing of the assignment.

6. CalOptima may apply the following criteria to Member assignments to Health Networks or **CCN**:

   a. Consistent with the provisions of this policy and CalOptima Policy AA.1207a: CalOptima Auto-Assignment Policy, CalOptima shall assign Family Linked Members to the same Health Network or **CCN**.

   b. If a Health Network Eligible Member regains eligibility after experiencing a lapse of Medi-Cal eligibility less than three hundred sixty-five (365) calendar days, CalOptima shall assign the Health Network Eligible Member to **CCN** or the last Health Network to which the Member was enrolled.

   c. If a Health Network Eligible Member regains eligibility after experiencing a lapse of Medi-Cal eligibility more than three hundred sixty-five (365) calendar days, CalOptima shall treat such Health Network Eligible Member as a new Member, in accordance with this policy.

7. If a Health Network contract with CalOptima is terminated, ~~a Member~~or a health network is no longer participating in the Whole-Child Model Program a **member** who is enrolled in that Health Network may choose a new Health Network or **CCN**, in accordance with this policy.

   a. If the Member does not select a new Health Network or **CCN** prior to the contract termination of the Member's current Health Network, CalOptima shall assign such Member to:

      i. A Health Network of the Member's **PCP**'s choice if the Member's **PCP**, as shown in CalOptima's system, is contracted with at least one (1) other Health Network; or

      ii. A Health Network based on Auto Assignment.

8. A Health Network Eligible Member may change his or her **PCP** every thirty (30) calendar days for any reason~~. A Health Network or CCN shall process a Health Network Eligible Member's request to change his or her PCP.~~

B. **Member**s eligible for enrollment in CHOC Health Alliance

1. ~~A Member~~Subject to other limitations set forth in this policy, a **member** who meets criteria set forth in Section II.B.2 of this policy may select CHOC Health Alliance.

2. CalOptima shall assign a new Health Network Eligible Member to CHOC Health Alliance, in accordance with Policy AA.1207a: CalOptima Auto-Assignment.

3. Except as otherwise provided in Section ~~H~~III.B.4 of this policy, a Member who is enrolled in CHOC Health Alliance shall select another Health Network prior to his or her twenty-first (21st) birthday in accordance with the following:

    a. CalOptima shall provide the Member with a ninety (90), sixty (60) and thirty (30) calendar day written notice to select **CCN** or another Health Network prior to the Member's twenty-first (21st) birthday. The written notices shall inform the Member that CHOC will only provide health care service until the end of the Member's twenty-first (21st) birth month.

    b. If the Member does not select **CCN** or another Health Network within the designated timeframe, CalOptima shall assign the Member to **CCN** or a Health Network as follows:

        i. If the Member's **PCP** is contracted with **CCN** or another Health Network, CalOptima shall assign the Member to a Health Network of the Member's **PCP**'s choice; or

        ii. If the Member's **PCP** is not contracted with **CCN** or another Health Network, CalOptima shall assign the Member to a Health Network based on geographic access.

    c. The Member shall be enrolled in **CCN** or the new Health Network effective the first (1st) calendar day of the month immediately following the Member's twenty-first (21st) birthday.

4. A Member shall remain in CHOC Health Alliance beyond the Member's twenty-first (21st) birthday if the Member meets all of the following criteria:

    a. **Member** is diagnosed with one (1) of the following **California Children's Services (CCS)**-Eligible Conditions:

        i. Cystic Fibrosis;

        ii. A rare metabolic ~~disorders~~disorder not including Phenylketonuria (PKU);

        iii. Spina Bifida; or

        iv. Muscular Dystrophy.

    b. **Member** is eligible to receive services from **CCS** for the **CCS**-Eligible Condition as of the day before the Member's twenty-first (21st) birthday; and

    c. **Member** is receiving care for the **CCS**-Eligible Condition from a pediatric specialist who is contracted with CHOC Health Alliance as of the day before the Member's twenty-first (21st) birthday.

    d. A Member who remains in CHOC Health Alliance pursuant to Section III.B.4.a of this policy shall remain in CHOC Health Alliance until:

        i. The Member selects **CCN** or another Health Network; or

ii. The Member's pediatric specialist determines that the Member's care may safely be transitioned to **CCN** or another Health Network.

~~5. CalOptima and CHOC Health Alliance shall begin developing a transition plan for a Member who is enrolled in CHOC Health Alliance and who has a CCS-Eligible Condition no later than the Member's twentieth (20th) birthday, in accordance with CalOptima Policy GG.1101: California Children's Services.~~

C. If a Health Network Eligible Member moves outside of Orange County, the Member's Health Network or **CCN** shall continue to be responsible for Covered Services until the Member is no longer enrolled in the CalOptima program.

1. Upon notice that a Health Network Eligible Member has moved outside of Orange County, **CCN** or a Health Network shall attempt to verify this information with the Member. **CCN** or the Health Network shall instruct the Member to contact the County of Orange Social Services Agency or the United States Social Security Administration to report a change of address.

2. A Health Network or **CCN provider** shall notify CalOptima of a Health Network Eligible Member's change of address by submitting a Medi-Cal Contact Information Request Form (MC 354) to the CalOptima Customer Service Department.

3. Upon notice that a Health Network Eligible Member has moved out of Orange County, CalOptima shall send the Member's new residence information to the County of Orange Social Services Agency, in accordance with Title 22 of the California Code of Regulations, Section 50188, or to the U.S. Social Security Administration.

D. CalOptima recognizes that a situation may occur in which the needs of a Family Linked Member may not be best served by enrollment in the same Health Network as other Members in his or her family in accordance with Section II.D of this policy. A Family Linked Member may contact CalOptima's Customer Service Department to request enrollment in **CCN** or a different Health Network from other Members in his or her family.

DRAFT

Policy #:	DD.2008
Title:	**Health Network and CalOptima Community Network Selection Process**
Department:	Customer Service
Section:	Not Applicable
CEO Approval:	Michael Schrader _____
Effective Date:	10/01/1995
Revised Date:	04/04/2019

I. PURPOSE

This policy describes the process by which a Health Network Eligible Member shall select **CalOptima Community Network (CCN)** or a Health Network, and **CCN's** or the Health Network's responsibilities for such Member.

II. POLICY

A. CalOptima is committed to a Health Network Eligible Member's right to choose **CCN** or a Health Network. CalOptima also recognizes that it is in the best interest of a Member to establish a medical home and maintain Continuity **of** Care with a **Primary Care Provider (PCP)**.

B. CalOptima shall request a Health Network Eligible Member select **CCN** or a Health Network, in accordance with the terms and conditions of this policy.

1. Except as otherwise provided in this policy, a Health Network Eligible Member may select **CCN** or any Health Network that is accepting new Members.

2. Effective January 1, 2007, only a Member who is less than twenty-one (21) years of age may enroll in CHOC Health Alliance, as set forth in Section III.B of this policy.

3. On or after the effective date of the CalOptima Whole-Child Model program, a **member** who is known to be participating in California's Children Services (CCS) may only enroll in a **health network** that is participating in the Whole-Child Model program.

C. A Health Network Eligible Member who does not select **CCN** or a Health Network shall be subject to the Auto-Assignment process, in accordance with CalOptima Policy AA.1207a: CalOptima Auto-Assignment.

D. CalOptima recognizes that Family Linked Members may be best served by a single Health Network to ensure coordinated delivery of services by a Provider who is knowledgeable about the diverse needs of all of the Members in the family. To facilitate this objective, CalOptima shall assign a Family Linked Member whose family includes a Member already enrolled in a Health Network or **CCN**, to that Health Network or **CCN**, in accordance with CalOptima Policy AA.1207a: CalOptima Auto-Assignment.

1. On and after January 1, 2007, except as otherwise provided in this policy, CalOptima shall assign a Family Linked Member to the same Health Network as his or her youngest sibling if such Family Linked Member is under the age of twenty-one (21) years.

DRAFT

2. If a Family Linked Member is over the age of twenty-one (21) years and his or her youngest sibling is enrolled in CHOC Health Alliance, CalOptima shall assign the Family Linked Member to the Health Network of another family **member**, if applicable.

3. On or after the effective date of the CalOptima Whole-Child Model program, if the **member** is known to be eligible with the Whole-Child Model program/**California Children Services Program (CCS)** and the **member's** youngest sibling is assigned to a **health network** that does not participate in the WCM/**CCS** program, the Family Link process will not apply.

E. A Health Network Eligible Member may change his or her Health Network or select **CCN** for any reason every thirty (30) calendar days, in accordance with this policy.

F. **CCN** or a Health Network shall be responsible for providing Covered Services to its Members, in accordance with its contract and applicable statutes, regulations, CalOptima policies, and other requirements of the CalOptima program.

1. If a Health Network Eligible Member moves outside of Orange County, his or her Health Network shall remain responsible for all Covered Services until the Member is no longer enrolled in the CalOptima program. If a Health Network Eligible Member becomes the responsibility of the Public Administrator/Public Guardian or is in an Institute for Mental Disease and is placed outside of Orange County, his or her Health Network shall continue to be responsible for all Covered Services until the Health Network or the Public Administrator /Public Guardian submits a request to enroll the Member in CalOptima Direct, in accordance with CalOptima Policy DD.2006: Enrollment In/Eligibility with CalOptima Direct.

2. If a Member becomes the responsibility of the Foster Care Program, **CCN** or his or her Health Network shall remain responsible for all Covered Services. The Member's foster parent, legal guardian, or the Orange County Children & Family Services Department may request to transition the Member into **CalOptima Direct (COD) – Administrative (COD-A)**, in accordance with CalOptima Policy DD.2006: Enrollment In/Eligibility with CalOptima Direct.

G. **CCN** or a Health Network shall not be responsible for Covered Services provided to a Member outside the United States with the exception of Emergency Services requiring hospitalization in Canada or Mexico, in accordance with Title 22 of the California Code of Regulations, Section 51006.

H. CalOptima or a Health Network shall ensure Continuity **of** Care for Members who transition into CalOptima in accordance with CalOptima Policy GG.1325: Coordination of Care for Members Transitioning into CalOptima Services.

I. In the event that a **member** is required to change **health network**s, due to **health network** termination or participation status of a **health network** in the Whole-Child Model program, CalOptima and the receiving **health network** shall collaborate to coordinate the provision of **covered services** for the affected **member**, in accordance with CalOptima Policy GG.1304: Continuity of Care During Health Network or Provider Termination.

III. PROCEDURE

A. **CCN** or **Health Network** Selection Process

Back to Agenda

1. Upon receipt of the Member's eligibility information from the Department of Health Care Services (DHCS), CalOptima shall send an enrollment packet to a Health Network Eligible Member. The enrollment packet shall include, but not be limited to, the following information:

    a. Introductory/welcome letter;

    b. CalOptima **Health Network** Selection Form;

    c. Health Information Form;

    d. CalOptima **Member** Handbook;

    e. CalOptima **Member** Identification Card;

    f. Invitation to a **Member** orientation;

    g. **Health Network** report card;

    h. **Health Network** Listing and Provider Directory; and

    i. Postage-paid envelope to return materials to CalOptima.

2. Only a Health Network Eligible Member or the Member's Authorized Representative shall sign a Health Network Selection Form on behalf of the Member. CalOptima shall not accept a **Health Network** Selection Form submitted without the signature of the Member or an Authorized Representative.

    a. CalOptima shall not accept responsibility for an inappropriately signed **Health Network** Selection Form.

3. CalOptima realizes that in some instances, such as time-sensitive health care appointments or challenges with valid home addresses, it is in the best interest of the Member to allow a change of Health Network or **CCN** selection request to be made by the Member or the Member's Authorized Representative over the phone in accordance with CalOptima Policy DD.2006b:CalOptima Community Network Member Primary Care Provider Selection/Assignment. In those circumstances, the request will be recorded and processed by the Customer Service Representative at the time of request.

4. If CalOptima receives a Health Network Eligible Member's completed **Health Network** Selection Form by the tenth (10th) calendar day of a month, the Member shall be enrolled into his or her selected Health Network no later than the first (1st) calendar day of the immediately following month. If CalOptima receives a Member's completed **Health Network** Selection Form after the tenth (10th) calendar day of a month, the Member shall be enrolled into his or her selected Health Network no later than the first (1st) calendar day of the month after the immediately following month.

5. A Health Network Eligible Member who has not selected a Health Network or **CCN** within the designated timeframe shall be automatically assigned to a Health Network pursuant to CalOptima Policy AA.1207a: CalOptima Auto-Assignment. Following the assignment of a Member in accordance with this policy, CalOptima shall notify the Member in writing of the assignment.

DRAFT

6. CalOptima may apply the following criteria to Member assignments to Health Networks or **CCN**:

    a. Consistent with the provisions of this policy and CalOptima Policy AA.1207a: CalOptima Auto-Assignment Policy, CalOptima shall assign Family Linked Members to the same Health Network or **CCN**.

    b. If a Health Network Eligible Member regains eligibility after experiencing a lapse of Medi-Cal eligibility less than three hundred sixty-five (365) calendar days, CalOptima shall assign the Health Network Eligible Member to **CCN** or the last Health Network to which the Member was enrolled.

    c. If a Health Network Eligible Member regains eligibility after experiencing a lapse of Medi-Cal eligibility more than three hundred sixty-five (365) calendar days, CalOptima shall treat such Health Network Eligible Member as a new Member, in accordance with this policy.

7. If a Health Network contract with CalOptima is terminated, or a health network is no longer participating in the Whole-Child Model Program a **member** who is enrolled in that Health Network may choose a new Health Network or **CCN**, in accordance with this policy.

    a. If the Member does not select a new Health Network or **CCN** prior to the contract termination of the Member's current Health Network, CalOptima shall assign such Member to:

        i. A Health Network of the Member's **PCP**'s choice if the Member's **PCP**, as shown in CalOptima's system, is contracted with at least one (1) other Health Network; or

        ii. A Health Network based on Auto Assignment.

8. A Health Network Eligible Member may change his or her **PCP** every thirty (30) calendar days for any reason

B. **Member**s eligible for enrollment in CHOC Health Alliance

1. Subject to other limitations set forth in this policy, a **member** who meets criteria set forth in Section II.B.2 of this policy may select CHOC Health Alliance.

2. CalOptima shall assign a new Health Network Eligible Member to CHOC Health Alliance, in accordance with Policy AA.1207a: CalOptima Auto-Assignment.

3. Except as otherwise provided in Section III.B.4 of this policy, a Member who is enrolled in CHOC Health Alliance shall select another Health Network prior to his or her twenty-first (21st) birthday in accordance with the following:

    a. CalOptima shall provide the Member with a ninety (90), sixty (60) and thirty (30) calendar day written notice to select **CCN** or another Health Network prior to the Member's twenty-first (21st) birthday. The written notices shall inform the Member that CHOC will only provide health care service until the end of the Member's twenty-first (21st) birth month.

    b. If the Member does not select **CCN** or another Health Network within the designated timeframe, CalOptima shall assign the Member to **CCN** or a Health Network as follows:

DRAFT

i. If the Member's **PCP** is contracted with **CCN** or another Health Network, CalOptima shall assign the Member to a Health Network of the Member's **PCP**'s choice; or

ii. If the Member's **PCP** is not contracted with **CCN** or another Health Network, CalOptima shall assign the Member to a Health Network based on geographic access.

c. The Member shall be enrolled in **CCN** or the new Health Network effective the first (1st) calendar day of the month immediately following the Member's twenty-first (21st) birthday.

4. A Member shall remain in CHOC Health Alliance beyond the Member's twenty-first (21st) birthday if the Member meets all of the following criteria:

a. **Member** is diagnosed with one (1) of the following **California Children's Services (CCS)-**Eligible Conditions:

i. Cystic Fibrosis;

ii. A rare metabolic disorder not including Phenylketonuria (PKU);

iii. Spina Bifida; or

iv. Muscular Dystrophy.

b. **Member** is eligible to receive services from **CCS** for the **CCS**-Eligible Condition as of the day before the Member's twenty-first (21st) birthday; and

c. **Member** is receiving care for the **CCS**-Eligible Condition from a pediatric specialist who is contracted with CHOC Health Alliance as of the day before the Member's twenty-first (21st) birthday.

d. A Member who remains in CHOC Health Alliance pursuant to Section III.B.4.a of this policy shall remain in CHOC Health Alliance until:

i. The Member selects **CCN** or another Health Network; or

ii. The Member's pediatric specialist determines that the Member's care may safely be transitioned to **CCN** or another Health Network.

C. If a Health Network Eligible Member moves outside of Orange County, the Member's Health Network or **CCN** shall continue to be responsible for Covered Services until the Member is no longer enrolled in the CalOptima program.

1. Upon notice that a Health Network Eligible Member has moved outside of Orange County, **CCN** or a Health Network shall attempt to verify this information with the Member. **CCN** or the Health Network shall instruct the Member to contact the County of Orange Social Services Agency or the United States Social Security Administration to report a change of address.

2. A Health Network or **CCN provider** shall notify CalOptima of a Health Network Eligible Member's change of address by submitting a Medi-Cal Contact Information Request Form (MC 354) to the CalOptima Customer Service Department.

DRAFT

3. Upon notice that a Health Network Eligible Member has moved out of Orange County, CalOptima shall send the Member's new residence information to the County of Orange Social Services Agency, in accordance with Title 22 of the California Code of Regulations, Section 50188, or to the U.S. Social Security Administration.

D. CalOptima recognizes that a situation may occur in which the needs of a Family Linked Member may not be best served by enrollment in the same Health Network as other Members in his or her family in accordance with Section II.D of this policy. A Family Linked Member may contact CalOptima's Customer Service Department to request enrollment in **CCN** or a different Health Network from other Members in his or her family.

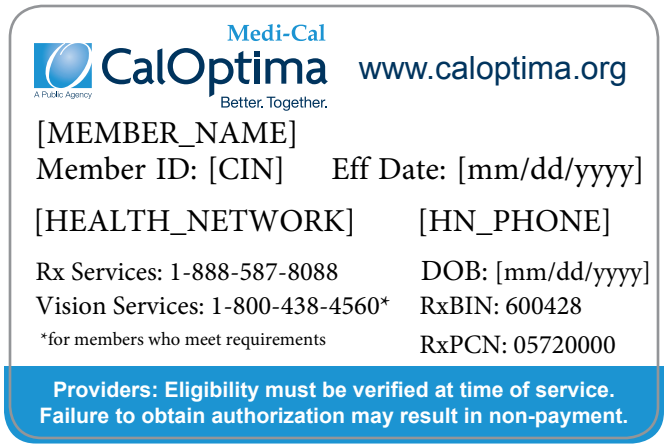
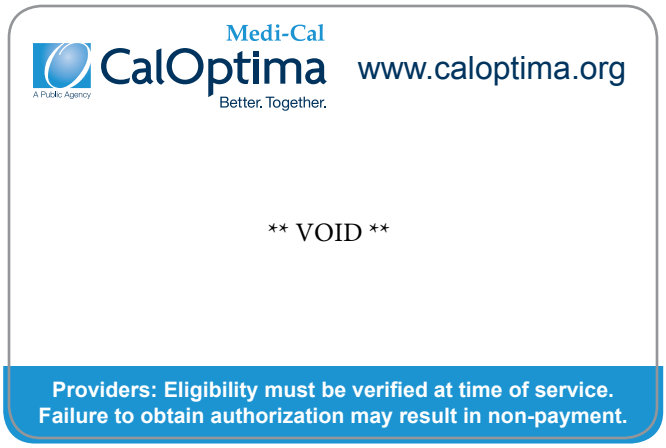
Back to Agenda

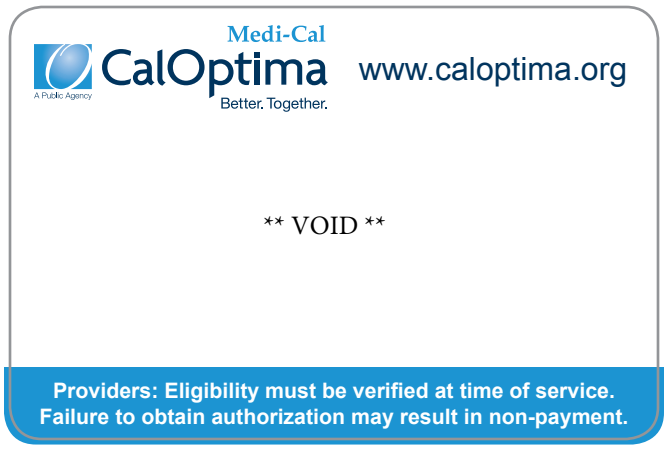
Dear Member:



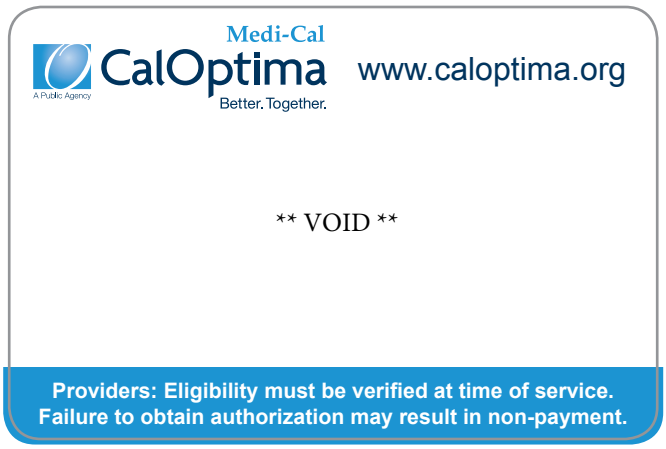
Welcome to CalOptima! CalOptima is the Medi-Cal program for Orange County. CalOptima is responsible for managing your health care benefits.



You will receive your Medi-Cal benefits through one of CalOptima's contracted health networks. Please choose a CalOptima health network and a primary care provider (PCP) who is contracted with your health network for each Medi-Cal eligible member of your family. You can choose the same health network for all your family members.



Please use the Health Network Selection Form to choose a health network and PCP for each member of your family. Fill out, sign and return the form to CalOptima as soon as possible. **If you do not choose a health network, CalOptima will choose one for you after 30 days.**



You and your eligible family members may ask to change health networks every 30 days. To do this, you need to complete a Health Network Selection Form. CalOptima has to receive your form by the 10th of the month for your health network change to be effective the 1st of the following month.

If you have questions or need help in choosing a health network, please call CalOptima's Customer Service Department at **1-714-246-8500** or toll-free at **1-888-587-8088**, Monday through Friday, from 8 a.m. to 5:30 p.m. We have staff who speak your language. TTY/TDD users can call **1-800-735-2929**. You can also visit our website at www.caloptima.org.

If you have a life-threatening emergency, call 911 or go to the nearest emergency room. Notify your health network within 24 hours. Emergency services for a true emergency are covered by your health network without prior authorization. Your member handbook has more information on emergency services and how to access your doctor after hours.

I. PURPOSE

This policy establishes coverage guidelines for routine health care services provided in connection with a **Member's** participation in a cancer **Clinical Trial**.

II. POLICY

A. CalOptima and its **Health Networks** shall cover routine patient care costs, as defined in Section II.B. of this policy, associated with a **Member's** participation in a Phase I, Phase II, Phase III, or Phase IV cancer **Clinical Trial**, if the **Member** and the cancer **Clinical Trial** meet the requirements set forth herein~~, unless the routine patient care costs are the responsibility of another entity by statute (e.g. California Children's Services (CCS)).~~..

B. Routine patient care costs:

1. Routine patient care costs include health care services that would be:

   a. Provided in the absence of a **Clinical Trial**;

   b. Required for the provision of the investigational drug, item, device, or service;

   c. Required for clinically appropriate monitoring of the cancer treatment;

   d. Provided for the prevention of complications arising from the **Clinical Trial** treatment; or

   e. Needed for reasonable and necessary care arising from complications of the cancer **Clinical Trial**.

2. Routine patient care costs do not include the costs associated with the provision of any of the following:

   a. Drugs or devices that have not been approved by the Federal Drug Administration (FDA) and are associated with the **Clinical Trial**;

   b. Services other than health care services, such as travel, housing, companion expenses, and other non-clinical expenses that a Member may require as a result of treatment being provided for the purposes of the **Clinical Trial**;

   c. Any item or service that is provided solely to satisfy data collection and analysis needs and is not used in the clinical management of the **Member**;

Back to Agenda

d. Health care services that, except for the fact that they are being provided in a **Clinical Trial**, are otherwise specifically excluded from coverage under the CalOptima program;

e. Health care services customarily provided by the research sponsors free of charge for any **Member** in the **Clinical Trial**; and

f. Experimental treatment outside of an eligible cancer **Clinical Trial**.

C. To be eligible for coverage of routine patient care costs associated with participation in a cancer **Clinical Trial**, a **Member** must meet the following requirements:

1. The **Member** must be diagnosed with cancer;

2. The **Member** must be accepted into a Phase I, II, III, or IV **Clinical Trial** for cancer; and

3. The **Member's** treating physician, who is contracted by the **Health Network** to provide health care services, or who participates with CalOptima for a **CalOptima Direct** or **CalOptima Community Network (CCN) Member**, must recommend the **Member's** participation in the cancer **Clinical Trial**.

D. To be eligible for coverage of routine patient care costs associated with participation in a cancer **Clinical Trial**, the cancer **Clinical Trial** must meet the following requirements:

1. The cancer **Clinical Trial** endpoints must not be defined exclusively to test toxicity, or disease pathophysiology, but must have a therapeutic intent;

2. The principal purpose of the cancer **Clinical Trial** is to test whether the intervention potentially improves the **Member's** health outcomes;

3. The cancer **Clinical Trial** is well-supported by available scientific and medical information or is intended to clarify or establish the health outcomes of interventions already in common clinical use;

4. The cancer **Clinical Trial** does not unjustifiably duplicate existing studies;

5. The cancer **Clinical Trial** design is appropriate to answer the research question being asked in the **Clinical Trial**;

6. The cancer **Clinical Trial** is sponsored by a credible organization or individual capable of executing the proposed **Clinical Trial** successfully;

7. The cancer **Clinical Trial** is in compliance with Federal regulations relating to the protections of human subjects; and

8. All aspects of the **Clinical Trial** are conducted according to the appropriate standards of scientific integrity.

9. The treatment provided in the cancer **Clinical Trial** must either be:

   a. Approved by one (1) of the following: National Institutes of Health, the FDA, the U.S. Department of Defense, or the U.S. Department of Veterans Affairs; or

   b. Involve a drug that is exempt under federal regulations from a new drug application.

E. CalOptima and its **Health Networks** shall not be prohibited from restricting coverage for routine patient care costs associated with a cancer **Clinical Trial** in California, unless the protocol for the **Clinical Trial** is not provided for at a California hospital or by a California physician.

F. The provision of services as defined under this policy shall not in itself give rise to liability on the part of CalOptima, or the **Health Network**.

G. CalOptima, or a **Health Network**, shall provide care management services to a **Member** who is participating in a cancer **Clinical Trial** to assure that the **Member** is afforded continuity of care, referred to all available resources for his or her illness, and to continue to verify that all eligibility requirements as set forth herein continue to be met.

III. PROCEDURE

A. A Provider~~,~~ or Practitioner~~,~~ shall obtain prior authorization for reimbursement of routine patient care costs related to a **CalOptima Direct** or **CCN Member's** participation in a cancer **Clinical Trial,** in accordance with CalOptima Policies GG.1500: Authorization Instructions for CalOptima Direct and CalOptima Community Network Providers.

B. A **Provider**, or **Practitioner**, shall obtain prior authorization for reimbursement of routine patient care costs related to a **Health Network Member's** participation in a cancer **Clinical Trial**, in accordance with the policies established by the **Member's Health Network**.

IX. GLOSSARY

Term	Definition
~~California Children Services (CCS)~~	~~The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible children under the age of twenty-one (21) years who have CCS Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.~~
CalOptima Community Network (CCN)	A managed care network operated by CalOptima that contracts directly with physicians and hospitals and requires a Primary Care Provider (PCP) to manage the care of the Members.
CalOptima Direct	A direct health care program operated by CalOptima that includes both COD- Administrative (COD-A) and CalOptima Community Network (CCN) and provides services to Members who meet certain eligibility criteria as described in Policy DD.2006~~.~~: Enrollment in/Eligibility with CalOptima Direct.
Clinical Trial	Trials certified to meet the qualifying criteria and funded by National Institute of Health, Centers for Disease Control and Prevention, Food and Drug Administration (FDA), Department of Veterans Affairs, or other associated centers or cooperative groups funded by these agencies. Criteria for Clinical Trials include the following characteristics: 1. The principal purpose of the Clinical Trial is to test if the intervention potentially improves a participant's health outcomes; 2. The Clinical Trial is well supported by available scientific and medical information or is intended to clarify or establish the health outcomes of interventions already in common clinical use; 3. The Clinical Trial does not unjustifiably duplicate existing studies; 4. The Clinical Trial is designed appropriately to answer the research question being asked in the trial; 5. The Clinical Trial is sponsored by a credible organization or individual capable of successfully executing the proposed Clinical Trial; 6. The Clinical Trial complies with federal regulations relating to the protection of human subjects; and 7. All aspects of the Clinical Trial are conducted according to the appropriate standards of scientific integrity.
Health Network	For purposes of this policy, a Physician Hospital Consortium (PHC~~), Physician Medical Group (PMG~~), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Member	An enrollee-beneficiary of a CalOptima program.

IX. GLOSSARY

Term	Definition
CalOptima Community Network (CCN)	A managed care network operated by CalOptima that contracts directly with physicians and hospitals and requires a Primary Care Provider (PCP) to manage the care of the Members.
CalOptima Direct	A direct health care program operated by CalOptima that includes both COD- Administrative (COD-A) and CalOptima Community Network (CCN) and provides services to Members who meet certain eligibility criteria as described in Policy DD.2006: Enrollment in/Eligibility with CalOptima Direct.
Clinical Trial	Trials certified to meet the qualifying criteria and funded by National Institute of Health, Centers for Disease Control and Prevention, Food and Drug Administration (FDA), Department of Veterans Affairs, or other associated centers or cooperative groups funded by these agencies. Criteria for Clinical Trials include the following characteristics: 1. The principal purpose of the Clinical Trial is to test if the intervention potentially improves a participant's health outcomes; 2. The Clinical Trial is well supported by available scientific and medical information or is intended to clarify or establish the health outcomes of interventions already in common clinical use; 3. The Clinical Trial does not unjustifiably duplicate existing studies; 4. The Clinical Trial is designed appropriately to answer the research question being asked in the trial; 5. The Clinical Trial is sponsored by a credible organization or individual capable of successfully executing the proposed Clinical Trial; 6. The Clinical Trial complies with federal regulations relating to the protection of human subjects; and 7. All aspects of the Clinical Trial are conducted according to the appropriate standards of scientific integrity.
Health Network	For purposes of this policy, a Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Member	An enrollee-beneficiary of a CalOptima program.

Policy #:	GG.1515
Title:	**Criteria for Medically Necessary Automobile Orthopedic Positioning Devices**
Department:	Medical Affairs
Section:	Utilization Management
CEO Approval:	Michael Schrader _____
Effective Date:	05/01/1999
~~Last Review Date:~~	~~08/01/17~~
~~Last~~ Revised Date:	~~08/01/17~~04/04/2019

I. PURPOSE

This policy defines the Durable Medical Equipment (DME) guidelines and Medical Necessity criteria for reimbursement of Medically Necessary Automobile Orthopedic Positioning Devices (AOPDs) provided to Members.

II. POLICY

A. An AOPD is a Covered Service under the Whole-Child Model (WCM) program or the CalOptima Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Services program when the device meets the criteria and conditions set forth in this policy.

B. Purchase of an AOPD shall require Prior Authorization by CalOptima or the Member's Health Network to be eligible for reimbursement.

C. CalOptima~~,~~ or a Health Network~~,~~ shall provide reimbursement for only one (1) AOPD per Member.

D. A request for reimbursement of an AOPD shall be accompanied by all required documentation.

E. CalOptima~~,~~ or a Health Network~~,~~ shall not authorize the purchase of standard commercially available car seats, vests, or harnesses that are required by California state law for children under six (6) years of age and under sixty (60) pounds.

F. CalOptima~~,~~ or a Health Network~~, shall not~~ will review for Medical Necessity and, if indicated, will authorize the purchase of ~~a Medically Necessary car seat~~an AOPD for children that ~~is otherwise available through the~~are not California ~~Children~~Children's Services ~~Program~~ (CCS~~) or CCS~~)-eligible but require a specially adapted AOPD because of a medical condition under the EPSDT Services program ~~for a Member who is eligible for services through~~.

G. No sooner than the ~~CCS Program~~Department of Health Care Services (DHCS)-approved WCM program effective date, CalOptima or a Health Network will review for Medical Necessity and, if indicated, will authorize the purchase of an AOPD for CCS-eligible individuals enrolled in the WCM program, in accordance with CalOptima Policy GG.1101: California Children's Services (CCS)/Whole-Child Model – Coordination with County CCS Program.

1. For WCM members, an AOPD shall be evaluated for Medical Necessity in accordance with all current CCS DME Guidelines as provided in CCS Numbered Letters.

III. PROCEDURE

Back to Agenda

A. CalOptima and its Health Networks shall utilize the following criteria when determining the Medical Necessity of an AOPD:

1. Car Seats

   a. Medical Necessity: The Member requires maximal to moderate postural support to maintain a safe sitting position during transportation.

   b. Criteria:

      i. The Member shall be over four (4) years of age;

      ii. The Member shall be either over forty (40) pounds, or over forty (40) inches in height; and

      iii. The Member shall meet at least one (1) of the following criteria:

         a) The Member has a moderate to minimal trunk control or sitting ability, moderate to minimal lateral head control, and requires total postural support;

         b) The Member is at risk for breathing complications as a result of poor trunk control or alignment; or

         c) The Member has a skeletal deformity that requires total postural support for safe transportation.

   c. Related Considerations

      i. The Member's height, width, or physical deformity precludes use of a commercially available car seat.

      ii. A harness, or vest, will not provide the Member with enough stability to remain in proper alignment or allow for safe transport.

      iii. The Member cannot be transported in a wheelchair because the family does not own an appropriate vehicle to allow transport in a wheelchair.

2. Harnesses or Vests

   a. Medical Necessity: The Member requires maximal to moderate postural support to maintain a safe sitting position during transportation.

   b. Criteria

      i. The Member shall be over four (4) years of age;

      ii. The Member shall be over forty (40) pounds or over forty (40) inches in height; and

      iii. The Member shall at least one (1) of the following criteria:

         a) The Member has a moderate to minimal trunk control sitting ability, moderate to minimal lateral head control, and requires total postural support;

b) The Member is at risk for breathing complications as a result of poor trunk control or alignment;

c) The Member has a skeletal deformity that requires total postural support for safe transportation; or

d) The Member requires transportation in other than an upright position due to deformity or surgical corrections.

c. Related Considerations

i. The Member's physical deformity or trunk instability precludes use of a standard seat belt or commercially available vest, or harness.

ii. A standard seat belt, or commercially available vest/harness, will not provide the Member with enough stability to remain in proper alignment, or allow for safe transport.

iii. The Member cannot be transported in a wheelchair because the family does not own appropriate vehicle to allow transport in a wheelchair.

~~B. CalOptima and its Health Networks shall refer medically eligible CCS Members to the CCS program for consideration of AOPD under the EPSDT Service program.~~

~~C.~~B. A request for reimbursement of an AOPD shall be accompanied by:

~~1. A current physician prescription;~~
1. A current prescription provided by the physician of the appropriate specialty for treating the child's condition that the device is intended to address;

a. For children whose CCS-Eligible Condition is the condition necessitating the AOPD, the prescribing physician shall be CCS-paneled.

2. A current medical report that justifies the Medical Necessity of the item requested; and

3. A current physical therapy~~,~~ or occupational therapy, assessment that addresses the criteria as defined in Section III.A. of this policy~~.~~ and includes:

~~D. CalOptima and its Health Networks shall monitor the outcome of CCS referrals for CCS authorization.~~
a. Physical findings;

b. Functional status related to the DME item requested; and

c. A home, school and community accessibility assessment, if indicated.

IX. GLOSSARY

Term	Definition
Automobile Orthopedic Positioning Devices (AOPDs)	A non-standard positioning device (car sear and/or harness/vest) for use in a motor vehicle. An AOPD is designed to hold a larger child (over 40 pounds or over 40 inches in length) who requires positioning options such as pad that assist in head and truck positioning while being transported in a motor vehicle.
California Children's Services (CCS)	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible individuals under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR) Sections 41515.2 through 41518.9.
California Children's Services Eligible Conditions	Chronic medical conditions, including but not limited to, cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries and infectious disease producing major sequelae as defined in Title 22, California Code of Regulations sections 41515.2 through 41518.9.
CalOptima	For purposes of this policy, CalOptima shall include both CalOptima Direct and CalOptima Community Network (CCN).
Covered Service	Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as Covered Services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), which shall be covered for Members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.
Durable Medical Equipment (DME)	Durable Medical Equipment is any equipment that is prescribed by a licensed practitioner to meet the medical equipment needs of the patient that: (a) can withstand repeated use; (b) is used to serve a medical purpose; (c) is not useful to an individual in the absence of an illness, injury functional impairment, or congenital anomaly; and (d) is appropriate for use in or out of the patient's home.
Early and Periodic Screening, Diagnosis and Treatment (EPSDT)	A comprehensive and preventive child health program for individuals under the age of twenty-one (21) years. EPSDT includes periodic screening that includes at a minimum a comprehensive health and developmental history (including assessment of both physical and mental health development); an unclothed physical exam; appropriate immunizations; laboratory tests (including blood lead level taking into account age and risk factors; and health education (including anticipatory guidance), vision, dental, and hearing services. In addition, other necessary health care, diagnostic services, treatment and measures described in Title 42, US Code, Section 1396d(a) to correct or ameliorate defects and physical and mental illnesses and conditions discovered by the screening services, whether or not such services or items are listed in the state plan or are covered for adults.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Medical Necessity or Medically Necessary	Reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury.

Term	Definition
Member	An enrollee-beneficiary of a CalOptima program.
Prior Authorization	A process through which a physician or other health care provider is required to obtain advance approval from the plan that payment will be made for a service or item furnished to a Member.

Back to Agenda

Policy #:	GG.1515
Title:	**Criteria for Medically Necessary Automobile Orthopedic Positioning Devices**
Department:	Medical Affairs
Section:	Utilization Management
CEO Approval:	Michael Schrader _____
Effective Date:	05/01/1999
Revised Date:	04/04/2019

I. PURPOSE

This policy defines the Durable Medical Equipment (DME) guidelines and Medical Necessity criteria for reimbursement of Medically Necessary Automobile Orthopedic Positioning Devices (AOPDs) provided to Members.

II. POLICY

A. An AOPD is a Covered Service under the Whole-Child Model (WCM) program or the CalOptima Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Services program when the device meets the criteria and conditions set forth in this policy.

B. Purchase of an AOPD shall require Prior Authorization by CalOptima or the Member's Health Network to be eligible for reimbursement.

C. CalOptima or a Health Network shall provide reimbursement for only one (1) AOPD per Member.

D. A request for reimbursement of an AOPD shall be accompanied by all required documentation.

E. CalOptima or a Health Network shall not authorize the purchase of standard commercially available car seats, vests, or harnesses that are required by California state law for children under six (6) years of age and under sixty (60) pounds.

F. CalOptima or a Health Network will review for Medical Necessity and, if indicated, will authorize the purchase of an AOPD for children that are not California Children's Services (CCS)-eligible but require a specially adapted AOPD because of a medical condition under the EPSDT Services program.

G. No sooner than the Department of Health Care Services (DHCS)-approved WCM program effective date, CalOptima or a Health Network will review for Medical Necessity and, if indicated, will authorize the purchase of an AOPD for CCS-eligible individuals enrolled in the WCM program, in accordance with CalOptima Policy GG.1101: California Children's Services (CCS)/Whole-Child Model – Coordination with County CCS Program.

1. For WCM members, an AOPD shall be evaluated for Medical Necessity in accordance with all current CCS DME Guidelines as provided in CCS Numbered Letters.

III. PROCEDURE

Back to Agenda

A. CalOptima and its Health Networks shall utilize the following criteria when determining the Medical Necessity of an AOPD:

1. Car Seats

a. Medical Necessity: The Member requires maximal to moderate postural support to maintain a safe sitting position during transportation.

b. Criteria:

i. The Member shall be over four (4) years of age;

ii. The Member shall be either over forty (40) pounds, or over forty (40) inches in height; and

iii. The Member shall meet at least one (1) of the following criteria:

a) The Member has a moderate to minimal trunk control or sitting ability, moderate to minimal lateral head control, and requires total postural support;

b) The Member is at risk for breathing complications as a result of poor trunk control or alignment; or

c) The Member has a skeletal deformity that requires total postural support for safe transportation.

c. Related Considerations

i. The Member's height, width, or physical deformity precludes use of a commercially available car seat.

ii. A harness, or vest, will not provide the Member with enough stability to remain in proper alignment or allow for safe transport.

iii. The Member cannot be transported in a wheelchair because the family does not own an appropriate vehicle to allow transport in a wheelchair.

2. Harnesses or Vests

a. Medical Necessity: The Member requires maximal to moderate postural support to maintain a safe sitting position during transportation.

b. Criteria

i. The Member shall be over four (4) years of age;

ii. The Member shall be over forty (40) pounds or over forty (40) inches in height; and

iii. The Member shall at least one (1) of the following criteria:

a) The Member has a moderate to minimal trunk control sitting ability, moderate to minimal lateral head control, and requires total postural support;

b) The Member is at risk for breathing complications as a result of poor trunk control or alignment;

c) The Member has a skeletal deformity that requires total postural support for safe transportation; or

d) The Member requires transportation in other than an upright position due to deformity or surgical corrections.

c. Related Considerations

i. The Member's physical deformity or trunk instability precludes use of a standard seat belt or commercially available vest, or harness.

ii. A standard seat belt, or commercially available vest/harness, will not provide the Member with enough stability to remain in proper alignment, or allow for safe transport.

iii. The Member cannot be transported in a wheelchair because the family does not own appropriate vehicle to allow transport in a wheelchair.

B. A request for reimbursement of an AOPD shall be accompanied by:

1. A current prescription provided by the physician of the appropriate specialty for treating the child's condition that the device is intended to address;

a. For children whose CCS-Eligible Condition is the condition necessitating the AOPD, the prescribing physician shall be CCS-paneled.

2. A current medical report that justifies the Medical Necessity of the item requested; and

3. A current physical therapy or occupational therapy, assessment that addresses the criteria as defined in Section III.A. of this policy and includes:

a. Physical findings;

b. Functional status related to the DME item requested; and

c. A home, school and community accessibility assessment, if indicated.

IX. GLOSSARY

Term	Definition
Automobile Orthopedic Positioning Devices (AOPDs)	A non-standard positioning device (car sear and/or harness/vest) for use in a motor vehicle. An AOPD is designed to hold a larger child (over 40 pounds or over 40 inches in length) who requires positioning options such as pad that assist in head and truck positioning while being transported in a motor vehicle.
California Children's Services (CCS)	The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible individuals under the age of twenty-one (21) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR) Sections 41515.2 through 41518.9.
California Children's Services Eligible Conditions	Chronic medical conditions, including but not limited to, cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries and infectious disease producing major sequelae as defined in Title 22, California Code of Regulations sections 41515.2 through 41518.9.
CalOptima	For purposes of this policy, CalOptima shall include both CalOptima Direct and CalOptima Community Network (CCN).
Covered Service	Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as Covered Services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), which shall be covered for Members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program.
Durable Medical Equipment (DME)	Durable Medical Equipment is any equipment that is prescribed by a licensed practitioner to meet the medical equipment needs of the patient that: (a) can withstand repeated use; (b) is used to serve a medical purpose; (c) is not useful to an individual in the absence of an illness, injury functional impairment, or congenital anomaly; and (d) is appropriate for use in or out of the patient's home.
Early and Periodic Screening, Diagnosis and Treatment (EPSDT)	A comprehensive and preventive child health program for individuals under the age of twenty-one (21) years. EPSDT includes periodic screening that includes at a minimum a comprehensive health and developmental history (including assessment of both physical and mental health development); an unclothed physical exam; appropriate immunizations; laboratory tests (including blood lead level taking into account age and risk factors; and health education (including anticipatory guidance), vision, dental, and hearing services. In addition, other necessary health care, diagnostic services, treatment and measures described in Title 42, US Code, Section 1396d(a) to correct or ameliorate defects and physical and mental illnesses and conditions discovered by the screening services, whether or not such services or items are listed in the state plan or are covered for adults.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Medical Necessity or Medically Necessary	Reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury.

Term	Definition
Member	An enrollee-beneficiary of a CalOptima program.
Prior Authorization	A process through which a physician or other health care provider is required to obtain advance approval from the plan that payment will be made for a service or item furnished to a Member.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken December 6, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item

8. Consider Authorizing Amendments to the Health Network Medi-Cal Contracts and Policies and Procedures to Align with the Anticipated Whole-Child Model Implementation Date

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400

Recommended Actions

1. Authorize the Chief Executive Officer (CEO) to enter into amendments of the Medi-Cal health network contracts, with the assistance of Legal Counsel, to:
    a. Postpone the payment of capitation for the Whole-Child Model (WCM) until the new program implementation date of July 1, 2019 or the Department of Health Care Services (DHCS)-approved commencement date of the CalOptima WCM program, whichever is later;
    b. Authorize the continued payment to fund the Personal Care Coordinators at existing levels for WCM members for the period January 1, 2019 - June 30, 2019;
    c. Extend the health network contracts to June 30, 2020, with CalOptima retaining the right to implement rate changes, whether upward or downward, based on rate changes implemented by the State; and
2. Authorize modification of existing WCM-related Policies and Procedures to be consistent with the DHCS-approved commencement date of the CalOptima WCM program.

Background

The California Children's Services (CCS) Program is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children (to age 21) meeting financial and health condition eligibility criteria. On September 25, 2016, Governor Brown signed Senate Bill (SB) 586 into law, which authorizes the California Department of Health Care Services (DHCS) to incorporate CCS services into Medi-Cal managed care plan (MCP) contracts for county organized health systems (COHS). This transition is referred to as the WCM program. WCM's goals include improving coordination and integration of services to meet the needs of the whole child, retaining CCS program standards, supporting active family participation, and maintaining member-provider relationships, where possible.

DHCS is implementing the WCM program on a phased-in basis, with implementation for Orange County originally scheduled to begin no sooner than January 1, 2019. On that date, CalOptima was to assume financial responsibility for the authorization and payment of CCS-eligible medical services, including service authorizations activities, claims management (with some exceptions), case management, and quality oversight.

Back to Agenda

To that end, CalOptima has been working with the DHCS to define and meet the requirements of implementation. Of importance to the DHCS, is the sufficiency of the contracted CCS-paneled providers to serve members with CCS-eligible conditions and the assurance that all members have access to these providers. On November 9, the State notified CalOptima that the transition of the Whole-Child Model in Orange County will be delayed until DHCS approved commencement date of the CalOptima WCM program, currently anticipated for July 1, 2019.

The State has determined that additional time is needed to plan the transition of the CCS membership due to the large number of members with CCS eligible conditions and the complexities associated the delegated delivery model. With nearly 13,000 members with CCS eligible conditions, CalOptima has the largest membership transitioning to WCM.

The health network contracts currently expire on June 30, 2019, which is prior to the currently targeted implementation date for the WCM. These contracts are typically extended on a year-to-year basis after the Board has approved an extension. The health networks each sign amendments reflecting any new terms and conditions. The currently anticipated July 1, 2019 effective date coincides with the start of the State's fiscal year and the amendment includes modification to capitation rates, if applicable, based on changes from DHCS, and any regulatory and other changes as necessary. The State typically provides rates to CalOptima in April or May, which is close to the start of the next fiscal year. The timing has made it difficult to analyze, present, vet and receive signed amendments from health networks prior to the beginning of the next year.

Discussion

In anticipation of the original January 1, 2019 WCM program implementation, staff issued health network amendments specifying the terms of participation in the WCM program. The amendment includes CalOptima's responsibility to pay WCM capitation rates effective January 1, 2019. With the delay in implementation of the WCM for six months, staff requests authority to amend the health network contracts such that the obligation to pay capitation rates for WCM services will take effect with the new anticipated commencement date to be approved by the state, currently anticipated to be July 1, 2019. WCM related policy and procedures will also be updated to reflect the new implementation date.

In addition, the Board authorized the funding the health networks for Personal Care Coordinators (PCC) for members with CCS eligible conditions. The payment for the PCCs began in October 2018 to the health networks to hire and train coordinators prior to the then anticipated program implementation date of January 1, 2019. Most of the health networks have hired the coordinators in anticipation of the original effective date. Because the late notification of the delay in the WCM start date in Orange County, and the health networks commitment to hire staff, staff recommends that the funding be continued at the prescribed level until the beginning of the program. At that time, the funding will be adjusted, to reflect the quality of the services provided by the health networks.

As noted above, health network contracts currently are set to terminate on June 30, 2019, which is prior to the anticipated commencement date of the CalOptima WCM program. In order to obtain health network commitment to the WCM program and allow the networks to adequately review and comment

on any changes to the contracts for the next fiscal year, staff is asking for authority to extend the contracts through June 30, 2020. Staff also requests the authority to amend the health network contracts to adjust capitation rates retroactively to the DHCS-approved commencement date of the CalOptima WCM program once the State rates have been received and analyzed.

Fiscal Impact

The Fiscal Year (FY) 2018-19 Operating Budget approved by the Board on June 7, 2018, included revenues, medical expenses and administrative expenses with an anticipated implementation date of January 1, 2019. Due to the delayed implementation date, WCM program revenues and expenses, with the exception of start-up and PCC costs, are currently expected to begin on July 1, 2019. Therefore, the recommended action to postpone the capitation payments for the WCM program until the new implementation date of July 1, 2019, is expected to be budget neutral.

The fiscal impact of payments to PCCs at existing levels for WCM members for the period of January 1, 2019, through June 30, 2019, is projected at $672,000. Management anticipates that the fiscal impact of the total start-up and PCC costs related to the WCM program through June 30, 2019, are budgeted and will have no additional fiscal impact to the Medi-Cal operating budget.

The recommended action to extend health network contracts to June 30, 2020, is budget neutral for the remainder of FY 2018-19. Management will include any associated expenses related to the contract extensions in the FY 2019-20 Operating Budget.

Rationale for Recommendation

The recommended action will clarify and facilitate the implementation of the Whole Child Model effective upon the DHCS-approved commencement date of the CalOptima WCM program, currently anticipated to be July 1, 2019. This will also allow the health networks adequate time to review and analyze any changes to the contract which may be required.

Concurrence

Gary Crockett, Chief Counsel

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken August 2, 2018
Regular Meeting of the CalOptima Board of Directors

Report Item

5. Consider Authorizing Amendment of the CalOptima Medi-Cal Physician Hospital Consortium Health Network Contracts for AMVI Care Health Network, Family Choice Network, and Fountain Valley Regional Medical Center

Contact

Michelle Laughlin, Executive Director, Network Operations, (714) 246-8400
Greg Hamblin, Chief Financial Officer, (714) 246-8400

Recommended Actions

Authorize the Chief Executive Officer (CEO), with the assistance of Legal Counsel. to enter into contract amendments of the Physician Hospital Consortium (PHC) health network contracts, for AMVI Care Health Network, Family Choice Network, and Fountain Valley Regional Medical Center to:

1. Modify the rebased capitation rates for the Medi-Cal Classic population, effective January 1, 2019, as authorized in a separate Board action;
2. Modify capitation rates effective January 1, 2019, to include rates associated with the Whole Child Model program to the extent authorized by the Board of Directors in a separate Board action;
3. Amend the contract terms to reflect applicable regulatory changes and other requirements associated with the Whole-Child Model (WCM); and
4. Extend contracts through June 30, 2019.

Background

CalOptima pays its health networks according to the same schedule of capitation rates, which are adjusted by Medi-Cal aid category, gender and age. The actuarial cost model, upon which the rates are based, was developed by consultant Milliman Inc. utilizing encounter and claims data. CalOptima periodically increases or decreases the capitation rates to account for increases or decreases in capitation rates from the Department of Health Care Services (DHCS) or to account for additional services to be provided by the health networks. An example of this is the recent capitation rate change to account for the transition of the payment of Child Health Disability Program (CHDP) services from CalOptima to the health networks.

It is incumbent on CalOptima to periodically review the actuarial cost model to ensure that the rate methodology, and the resulting capitation rates, continue to allocate fiscal resources commensurate with the level of medical needs of the populations served. This review and adjustment of capitation rates is referred to as rebasing. Staff has worked with Milliman Inc. to develop a standardized rebasing methodology that was previously adopted and approved by CalOptima and the provider community.

The California Children's Services (CCS) Program is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children (to age 21) meeting financial and health condition eligibility criteria. On September 25, 2016, Governor Brown signed

Back to Agenda

Senate Bill 586 into law, which authorizes DHCS to incorporate CCS services into Medi-Cal Managed Care Plan (MCP) contracts for county organized health systems (COHS). This transition is referred to as the Whole-Child Model (WCM). WCM's goals include: improving coordination and integration of services to meet the needs of the whole child; retaining CCS program standards; supporting active family participation; and maintaining member-provider relationships where possible.

DHCS is implementing WCM on a phased basis; Orange County's implementation will be no sooner than January 1, 2019. Based on this schedule, CalOptima will assume responsibility for authorization and payment of CCS-eligible medical services including service authorization activities, claims (with some exceptions), case management, and quality oversight. At the June 7, 2018 Board meeting, staff received authority to proceed with several actions related to the WCM program including carving CCS services into the health network contract.

At the June 7, 2018 Board meeting, the Board of Directors authorized the extension of the health network contracts through December 31, 2018. The six-month extension, as opposed to the normal one-year extension, was made to allow staff to review, adjust and vet capitation rates and requirements associated with the transition of the CCS program from the State and County to CalOptima and the complete the capitation rate rebasing initiative. Both of these program changes are effective January 1, 2019.

Discussion

Rebasing: CalOptima last performed a comprehensive rate rebasing in 2009. The goal of rebasing is to develop actuarially sound capitation rates that properly aligns capitation payments to a provider's delegated risks. To ensure that providers are accurately and sufficiently compensated, rebasing should be performed on a periodic basis to account for any material changes to medical costs and utilization patterns. To that end, staff has been working with Milliman Inc. to analyze claims utilization data and establish updated capitation rates that reflect more current experience. As proposed, only professional and hospital capitation rates for the Medi-Cal Classic population are being updated through this rebasing effort. Staff requests authority to amend the health network contracts to reflect the new rebased capitation rates effective January 1, 2019.

WCM: To ensure adequate revenue is provided to support the WCM program, CalOptima will develop actuarially sound capitation rates that are consistent with the projected risks that will be delegated to capitated health networks and hospitals. CalOptima also recognizes that medical costs for CCS members can be highly variable and volatile, possibly resulting in material cost differences between different periods and among different providers. To mitigate these financial risks and ensure that networks will receive sufficient and timely compensation, management proposes that CalOptima implement two retrospective reimbursement mechanisms: (1) Interim reimbursement for catastrophic cases; and (2) Retrospective risk corridor.

Back to Agenda

WCM incorporates requirements from SB 586 and CCS into Medi-Cal Managed Care. Many of these WCM requirements will include new requirements for the health networks. Included is the requirement that the health networks will be required to use CCS paneled providers and facilities to treat children and youth for their CCS condition. Continuity of care provisions and minimum provider rate requirements (unless provider has agreed to different rates with health network) are also among the health network requirements.

Staff requests authority to incorporate the WCM rates and requirements into the health network contracts.

Extension of the Contract Term. Staff requests authority to amend the Medi-Cal contracts to extend the contracts through June 30, 2019.

Fiscal Impact

The recommended action to modify capitation rates, effective January 1, 2019, associated with rebasing is projected to be budget neutral to CalOptima. The rebased capitation rates are not projected to materially change CalOptima's aggregate capitation expenses. Management has included expenses associated with rebased capitation rates in the CalOptima FY 2018-19 Operating Budget approved by the Board on June 7, 2018.

The recommended action to amend health network contracts, effective January 1, 2019, to include rates associated with the WCM program is a budgeted item. Management has included projected revenues and expenses associated with the WCM program in the CalOptima FY 2018-19 Operating Budget approved by the Board on June 7, 2018. Based on draft capitation rates received from DHCS on April 27, 2018, staff estimates the total annual WCM program costs at approximately $274 million. However, given the high acuity and medical utilization associated with a relatively small CCS population, costs for the program are difficult to predict and likely to be highly volatile. CalOptima staff will continue to work closely with DHCS to ensure that Medi-Cal revenue will be sufficient to support the WCM program.

Rationale for Recommendation

CalOptima staff recommends these actions to: reflect changes in rates and responsibilities in accordance with the CalOptima delegated model; to maintain and continue the contractual relationship with the provider network; and to fulfill regulatory requirements.

Report Item

45. Consider Actions Related to CalOptima's Whole-Child Model Program

Contact

Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Actions

1. Authorize CalOptima staff to develop an implementation plan to integrate California Children's Services into its Medi-Cal program in accordance with the Whole Child Model (WCM), and return to the Board for approval after developing draft policies, and completing additional analysis and modeling prior to implementation;
2. Authorize and direct the Chief Executive Officer (CEO), with assistance of Legal Counsel, to execute a Memorandum of Understanding (MOU) with Orange County Health Care Agency (OC HCA for coordination of care, information sharing and other actions to support WCM activities; and
3. In connection with development of the Whole Child Model Family Advisory Committee:
    a. Direct the CEO to adopt new Medi-Cal policy AA.1271: Whole Child Model Family Advisory Committee; and,
    b. Appoint the following ~~eleven~~ individuals to the Whole-Child Model Family Advisory Committee (WCM FAC) for one or two-year terms as indicated or until a successor is appointed, beginning July 1, 2018:

Rev. 6/7/2018

        i. Family Member Representatives:
            a) Maura Byron for a two-year term ending June 30, 2020;
            b) Melissa Hardaway for a one-year term ending June 30, 2019;
            c) Grace Leroy-Loge for a two-year term ending June 30, 2020;
            d) Pam Patterson for a one-year term ending June 30, 2019;
            e) Kristin Rogers for a two-year term ending June 30, 2020; and
            f) Malissa Watson for a one-year term ending June 30, 2019.
        ~~ii. Community Representatives:~~
            ~~a) Michael Arnot for a two-year term ending June 30, 2020;~~
            ~~b) Sandra Cortez-Schultz for a one-year term ending June 30, 2019;~~
            ~~c) Gabriela Huerta for a two-year term ending June 30, 2020; and~~
            ~~d) Diane Key for a one-year term ending June 30, 2019.~~

6/7/2018: Continued to future Board meeting.

Background

The California Children's Services (CCS) Program is a statewide program providing medical care, case management, physical/occupational therapy, and financial assistance for children (to age 21) meeting financial and health condition eligibility criteria. On September 25, 2016, Governor Brown signed Senate Bill 586 into law, which authorizes DHCS to incorporate CCS services into Medi-Cal managed care plan (MCP) contracts for county organized health systems (COHS). This transition is referred to as the Whole-Child Model (WCM). WCM's goals include improving coordination and

Back to Agenda

integration of services to meet the needs of the whole child; retaining CCS program standards; supporting active family participation; and, maintaining member-provider relationships, where possible.

DHCS is implementing WCM on a phased basis; Orange County's implementation will be no sooner than January 1, 2019. Based on this schedule, CalOptima will assume financial responsibility for authorization and payment of CCS-eligible medical services including service authorization activities, claims (with some exceptions), case management, and quality oversight. DHCS will retain responsibility for program oversight, CCS provider paneling, and claims payment for CCS eligible Neonatal Intensive Care Unit (NICU) services. OC HCA will remain responsible for CCS eligibility determination for all children and for CCS services for non-Medi-Cal members (e.g., those who exceed the Medi-Cal income thresholds and undocumented children who transition out of MCP when they turn 18). OC HCA will also remain responsible for Medical Therapy Program (MTP) services and the Pediatric Palliative Care Waiver.

WCM will incorporate requirements from SB 586 and CCS into the Medi-Cal managed care plans. New requirements under WCM will include, but not be limited to:

- Using CCS paneled providers and facilities to treat children and youth for their CCS condition, including network adequacy certification;
- Offering continuity of care (e.g., durable medical equipment, CCS paneled providers) to transitioning members;
- Paying CCS or Medi-Cal rates, whichever is higher, unless provider has agreed to a different contractual arrangement;
- Offering CCS services including out-of-network, out-of-area, and out-of-state, including Maintenance & Transportation (travel, food and lodging) to access CCS services;
- Executing Memorandum of Understanding with OC HCA to support coordination of services;
- Permitting selection of a CCS paneled specialist to serve as a CCS member's Primary Care Provider (PCP);
- Establishing Pediatric Health Risk Assessment (P-HRA), associated risk stratification, and individual care planning process;
- Establishing WCM clinical and member/family advisory committees; and,
- Reporting in accordance with WCM specific requirements.

For the requirements, CalOptima will rely on SB 586 and DHCS guidance provided through All Plan Letters (APL) and current and future CCS requirements published in the CCS Numbered Letters. Additional information will be provided in DHCS contact amendments, readiness requirements, and other regulatory releases.

On November 2, 2017, the CalOptima Board of Directors authorized establishment of the WCM FAC. The WCM FAC is comprised of eleven (11) voting seats.

1. Seven (7) to nine (9) seats shall be seats for family representatives, with a priority to family representatives (i.e., if qualifying family candidates are available, all nine (9) seats will be filled by family members). Family representatives will be in the following categories:
   a. Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
   b. CalOptima members age 18 - 21 who are current recipients of CCS services; or

   c. Current CalOptima members age of 21 and over who transitioned from CCS services.
2. Two (2) to four (4) of the seats shall represent the interests of children receiving CCS including
   a. Community-based organizations; or
   b. Consumer advocates.

While two (2) of the WCM-FAC's eleven (11) seats are designated for community-based organizations or consumer advocates, WCM-FAC candidates representing these two groups may be considered for up to two additional WCM-FAC seats in the event that there are not sufficient family representative candidates to fill the family seats.

Except for the initial appointments, WCM FAC members will serve two-year terms, with no limits on the number of terms a representative may serve, provided they meet applicable criteria. The initial appointment will be divided between one- and two-year terms to stagger reappointments. In the first year, five (5) committee member seats will be appointed for a one-year term and six (6) committee members seats will be appointed for two-year terms.

Discussion

Throughout the years, CalOptima staff has monitored regulatory and industry discussions on the possible transition of CCS services to the managed care plans, including participation in DHCS CCS stakeholder meetings. In 2013, the Health Plan of San Mateo, in partnership with the San Mateo County Health System, became the first CCS demonstration project under California's 1115 "Bridge to Reform" Waiver. In 2014, DHCS formally launched its stakeholder process for *CCS Redesign*, which later became known as the *Whole Child Model*.

CalOptima began meeting with OC HCA in early 2016 to learn about CCS and, more broadly, to share information about CalOptima programs supporting our mutual members. CalOptima conducted its first broad-based stakeholder meeting in March 2016 and launched its WCM stakeholder webpage in 2016. Since that time, CalOptima has shared WCM information and vetted its WCM implementation strategy with stakeholders at events and meetings hosted by CalOptima and others. In January 2018, CalOptima hosted a WCM event for local stakeholders that included presentations by DHCS and CalOptima leadership. Six (6) family-focused stakeholder meetings were held throughout the county in February 2018. CalOptima health networks and providers have also been engaged through Provider Advisory Committee meetings, Provider Associations, Health Network Joint Operations Meetings, and Health Network Forum Meetings. CalOptima has scheduled WCM-specific meetings with health networks to support the implementation and provide a venue for them to raise questions and concerns.

Implementation Plan Elements

Delivery Model

As CCS has been carved-out of CalOptima's Medi-Cal managed care plan contract with DHCS, it has similarly been carved-out of CalOptima's health network contracts. CalOptima considered several options for WCM service delivery including: 1) requiring all CCS participants to be enrolled in CalOptima's direct network (rather than a delegated health network); 2) retaining the current health network carve-out for CCS services, while allowing members to remain enrolled in a delegated health network; or, 3) carving CCS services into the health network division of financial responsibility (DOFR) consistent with their current contract model.

Back to Agenda

Requiring enrollment in CalOptima Direct could potentially break relationships with existing health network contracted providers and disrupt services for non-CCS conditions. Carving CCS services out of health network responsibility, while allowing members to remain assigned to a health network, would continue the siloed service delivery CCS children currently receive and, therefore, not maximize achievement of the "whole-child" goal. Carving the CCS services into the health networks according to the current health network contract models is most consistent with the WCM goals and existing delivery model structure. For purposes of this action, the CalOptima Community Network (CCN) would be considered a health network.

Health Network Financial Model
CalOptima has worked closely with the DHCS to ensure adequate Medi-Cal revenue to support the WCM and actuarially sound provider and health network rates. For the WCM, DHCS will establish capitation that will include CCS and non-CCS services. However, only limited historical CCS claims payment detail is available. In order to mitigate health network financial risk due to potentially costly outliers, CalOptima staff is considering, with the exception of Kaiser, to:

- Expand current policy that transitions clinical management and financial risk of CalOptima medical members diagnosed with hemophilia, in treatment for end stage renal disease (ESRD), or receiving an organ transplant from the health network to CCN to include Medi-Cal members under 21;
- Establish an estimated capitation rate, similar to the DHCS methodology, that includes CCS and non-CCS services and develop a medical loss ratio (MLR) risk corridor; and
- Modify existing or establish new policies related to payment of services for members enrolled in a shared risk group, reinsurance, health-based risk adjusted capitation payment, shared risk pool, and special payments for high-cost exclusions and out-of-state CCS services.

The estimated capitation rate for the health networks, excluding Kaiser, will be established based on known methodologies and data provided by DHCS. Capitation will include services based on the current health network structure and division of responsibility. Also built into the rates will be the requirement that at a minimum, the Medi-Cal or CCS fee-for-service rate, whichever is higher, will be utilized, unless an alternate payment methodology or rate is mutually agreed to by the CCS provider and the health network. CalOptima staff will review the capitation rate structure with the health networks once final rates are received from DHCS and analyzed by CalOptima staff. In the interim, CalOptima staff will develop, with input from the health networks, the upper and lower limits of the MLR risk corridor and reconciliation process. Current policy regarding high-cost medical exclusions will also be discussed. Separate discussions will occur with Kaiser, as its capitation rate structure is different than the other health networks. CalOptima staff will return to the Board with future recommendations, as required.

Clinical Operations
CalOptima will be responsible for providing CCS-specific case management, care coordination, provider referral, and service authorization to children with a CCS condition. CalOptima will conduct risk stratification, health risk assessment and care planning. For transitioning members, CalOptima will also be responsible for ensuring continuity of services, for example, CCS professional services, durable medical equipment and pharmacy.

Back to Agenda

While many services currently provided to children enrolled in CCS are covered by CalOptima for non-CCS conditions, the transition to WCM will incorporate new responsibilities to CalOptima including authorizing High-Risk Infant Follow-Up (HRIF), and NICU, and new benefits such as Cochlear implants Maintenance and Transportation services when applicable, to the child and/or family. Maintenance and Transportation services include meals, lodging, transportation, and other necessary costs (i.e. parking, tolls, etc.).

CalOptima will also be responsible for facilitating the transition of care between the County and CalOptima case management and following State requirements issued to the County, in the form of Numbered Letters, in regard to CCS administration and implementation. An example of this would be implementing the County's process for transitioning out of the program children currently enrolled in CCS but who will not be eligible once they turn twenty-one (21).

CalOptima may modify existing or establish new policies to implement WCM. These may include policies related to, for example, CCS comprehensive case management, risk stratification, health risk assessment, continuity of care, authorization for durable medical equipment (including wheelchairs) and pharmacy. CalOptima staff will return to the Board with future recommendations as required.

Provider Impact and Network Adequacy
The State requires plans, and their delegates, to have an adequate network of CCS-paneled and approved providers to serve to children enrolled in CCS. During the timeframe given for readiness and as an ongoing process, CalOptima will attempt to contract with as many CCS providers on the State-provided list and located in Orange County as possible. CalOptima is attempting to contract with all CCS providers in Orange County and specialized providers outside Orange County currently providing services to CalOptima members. Historically, CalOptima has paid, and expects to continue to pay, contracted CCS specialists an augmented rate to support participation and coordination of CalOptima and CCS services. This process is based on previous Board Action and reflected in Policy FF.1003: Payments for Covered Services Rendered to a Member of CalOptima Direct or a Member Enrolled in a Shared Risk Group.

CalOptima may modify existing or establish new policies to implement WCM. These may include policies related to, for example, access and availability standards, credentialing, primary care provider assignment, CalOptima staff will return to the Board with future recommendations as required.

<u>Memorandum of Understanding (MOU)</u>
Leveraging the DHCS WCM MOU template, CalOptima and OC HCA staff have worked in partnership to develop a new WCM MOU to reflect shared needs and to serve as the primary vehicle for ensuring collaboration between CalOptima and OC HCA in serving our joint CCS members. The MOU identifies each party's responsibilities and obligations based on their respective scope of responsibilities as they relate to CCS eligibility and enrollment, case management, continuity of care, advisory committees, data sharing, dispute management, NICU and quality assurance.

<u>Whole Child Model Family Advisory Committee (WCM FAC)</u>
In connection with the November 2, 2017 Board Action described above, CalOptima staff developed new Medi-Cal policy AA.1271: Whole Child Model Family Advisory Committee to establish policies and procedures related to development and on-going operations of the WCM FAC, Staff recommends Board approval of AA.1271: Whole Child Model Family Advisory Committee.

Back to Agenda

To identify nominees for the WCM FAC for Board consideration, CalOptima conducted recruitment to ensure that there would be a diverse applicant pool from which to choose candidates. The recruitment included several notification methods, sending outreach flyers to community-based organizations (CBOs) and OC HCA CCS staff for distribution to CCS members and their families, targeting outreach at six (6) CalOptima hosted WCM family events and at community meetings, and posting information on the WCM Stakeholder Information and WCM Family Advisory Committee pages on CalOptima's website. A total of sixteen (16) applications (eight (8) in each category) were received from fifteen (15) individuals (one (1) individual applied for a seat in both categories).

As the WCM FAC is in development, CalOptima requested members of CalOptima's Member Advisory Committee (MAC) to serve as the Nomination Ad Hoc Subcommittee (Subcommittee). Prior to the MAC Nominations Ad Hoc meeting on April 19, 2018, Subcommittee members evaluated each application. The Subcommittee, including Connie Gonzalez, Jaime Munoz and Christine Tolbert, selected a candidate for each of the seats. All eligible applicants for a Family Representative seat were recommended. (One (1) of the eight (8) applicants was not eligible as she did not have family or personal experience in CCS.) At the May 10, 2018 meeting, the MAC considered and accepted the recommended slate of candidates, as proposed by the Subcommittee.

Candidates for the open positions are as follows:
Family Representatives

1. Maura Byron for a two-year term ending June 30, 2020;
2. Melissa Hardaway for a one-year term ending June 30, 2019;
3. Grace Leroy-Loge for a two-year term ending June 30, 2020;
4. Pam Patterson for a one-year term ending June 30, 2019;
5. Kristin Rogers for a two-year term ending June 30, 2020; and
6. Malissa Watson for a one-year term ending June 30, 2019.

Maureen Byron is the mother of a young adult who is a current CCS client. Ms. Byron became involved in the CCS Parent Advisory Committee resulting in her being hired by Family Support Network (FSN). At FSN, she is a parent mentor assisting families of children with complex health care needs to maneuver in the system and secure services. In addition, she responds to families' questions and provides peer and emotional support.

Melissa Hardaway is the mother of a special needs child who receives CCS services. Ms. Hardaway is familiar with the health care industry as a health care professional and a broker. She believes her understanding of managed care and her advocacy experience for her child will benefit her to assist families of children in CCS.

Grace Leroy-Loge is the mother of an adolescent receiving CCS services. Ms. Leroy-Loge works as the Family Support Liaison at CHOC Children's Hospital NICU where she assists families of children with medically complex needs to advocate for their children. She has served in the community on several committees, such as the parent council of CCS, Make-a-Wish Medical Advisory Committee and Orange County Children's Collaborative.

Back to Agenda

Pam Patterson is the mother of a special needs adolescent receiving CCS. Ms. Patterson is a special needs attorney and a constitutional law attorney. She has many years of experience advocating for her child with CCS and the Regional Center of Orange County. Ms. Patterson is also very active in the community.

Kristin Rogers is the mother of a young teenager who receives CCS services. Ms. Rogers explained that because she encountered difficulties obtaining the correct health care coverage for her child, she wants to educate others with similar situations on how to obtain appropriate coverage. Ms. Rogers is an active volunteer at CHOC.

Malissa Watson is the mother of a child that receives CCS services. Ms. Watson's desire is to help families navigate CCS and CalOptima. Ms. Watson is active in the community, serving on the CHOC Hospital Parent Advisory Committee and mentoring other parents.

~~*CBO/Advocate Representatives*~~

1. ~~Michael Arnot for a two-year term ending June 30, 2020;~~
2. ~~Sandra Cortez-Schultz for a one-year term ending June 30, 2019;~~
3. ~~Gabriela Huerta for a two-year term ending June 30, 2020; and~~
4. ~~Diane Key for a one-year term ending June 30, 2019.~~

~~Michael Arnot is the Executive Director for Children's Cause Orange County, an organization that provides evidence-based therapeutic intervention for children with traumatic stress, such as trauma from medical procedures from co-occurring health conditions covered under CCS. Mr. Arnot has extensive experience working with children in varying capacities.~~

~~Sandra Cortez-Schultz is the Customer Service Manager at CHOC Children's Hospital. Ms. Cortez-Schultz is responsible for ensuring that the families of medically complex children receive the appropriate care and treatment they require. She is also the Chair of CHOC's Family Advisory Council. Ms. Cortez-Schultz has over 25 years of experience working directly and indirectly at varying levels with the CCS program.~~

~~Gabriela Huerta is a Lead Case Manager, California Children's Services/Regional Center for Molina Healthcare, Inc. Ms. Huerta is responsible for health care management and coordination of services for CCS members, including assessments, intervention, planning and development of member centric plans and coordination of care. She has expertise in CCS as a carve-out benefit as well as a managed care benefit.~~

~~Diane Key is the Director of Women's and Children's Services for UCI Medical Center. Ms. Key has over 30 years of experience working in women and children's services in clinical nursing and leadership oversight positions. She has knowledge of CCS standards, eligibility criteria and facility requirements. In addition, she understands the physical, psycho-social and developmental needs of CCS children.~~

6/7/2018: Continued to future Board meeting.

Staff recommends Board approval of the proposed nominees for the WCM FAC.

Back to Agenda

Fiscal Impact

The recommended action to approve the implementation plan for the WCM program carries significant financial risks. Based on draft capitation rates received from DHCS on April 27, 2018, staff estimates the total annual program costs for WCM at $274 million. Management has included projected revenues and expenses associated with the WCM program in the proposed CalOptima FY 2018-19 Operating Budget pending Board approval. However, given the high acuity and medical utilization associated with a relatively small CCS population, costs for the program are difficult to predict and likely to be volatile. CalOptima will continue to work closely with DHCS to ensure that Medi-Cal revenue will be sufficient to support the WCM program.

Rationale for Recommendation

The recommended actions will enable CalOptima to operationally prepare for the anticipated January 1, 2019, transition of California Children's Services to Whole-Child Model.

Concurrence

Gary Crockett, Chief Counsel

Whole-Child Model (WCM) Implementation Plan

Board of Directors Meeting

June 7, 2018

Candice Gomez, Executive Director

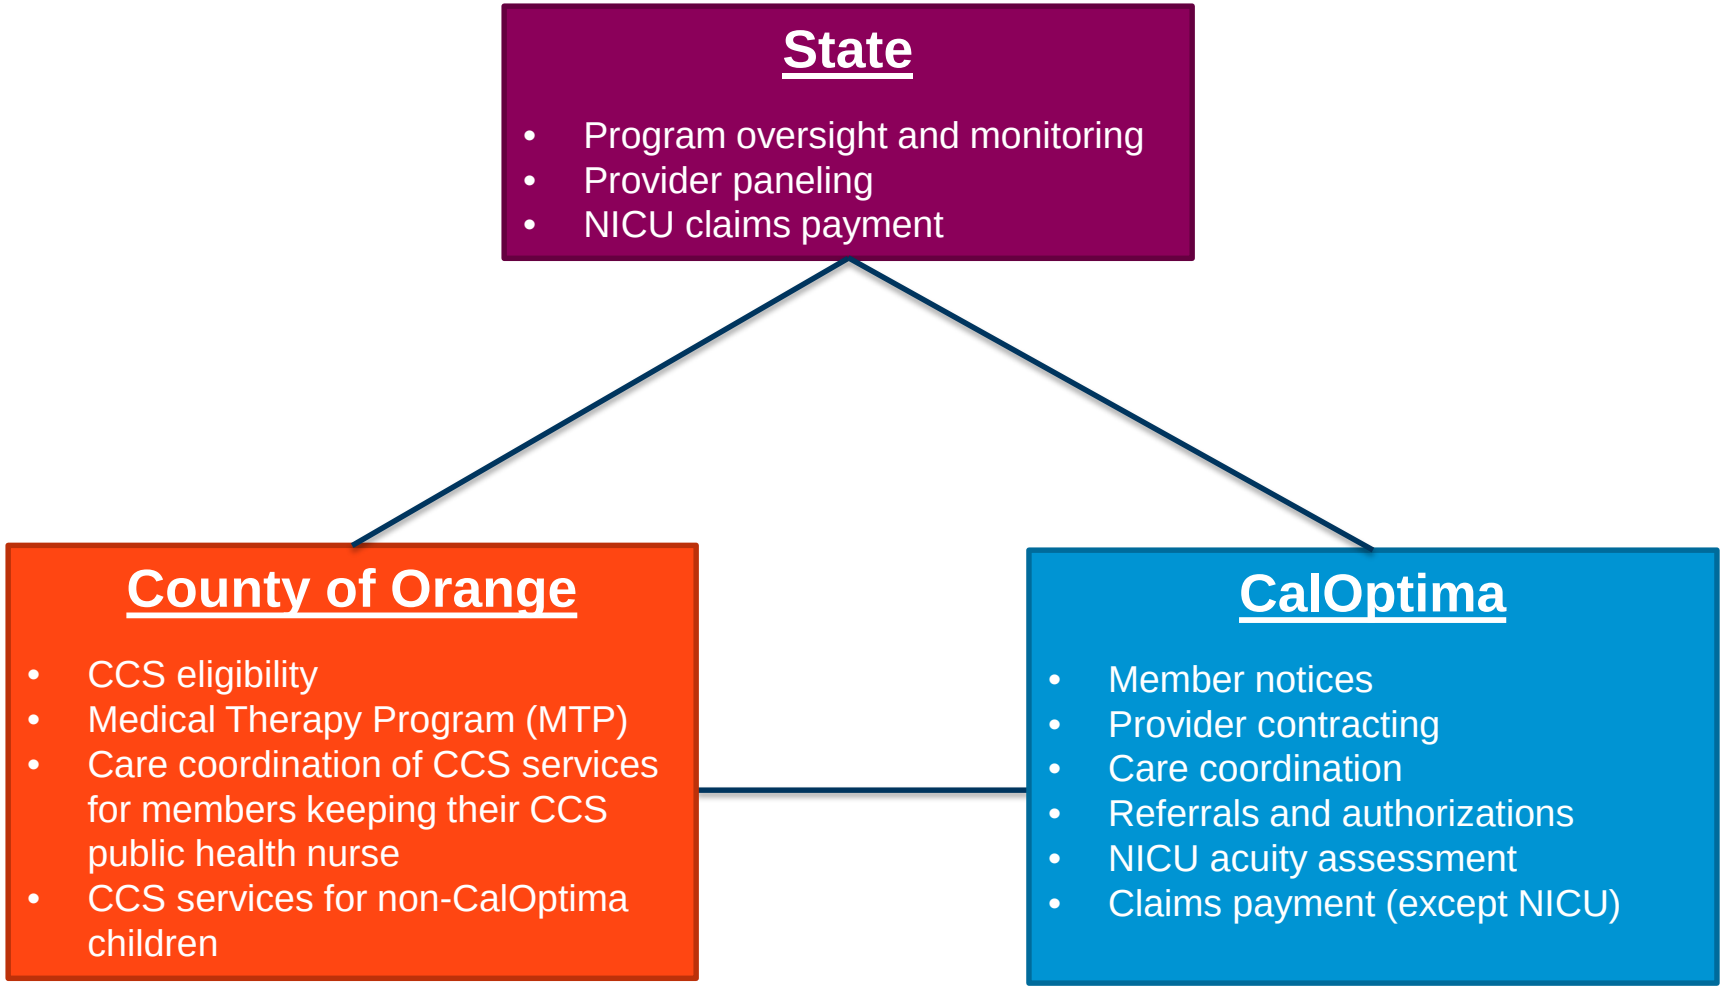
Program Implementation

Back to Agenda

A Public Agency

CalOptima

Better. Together.



Background

Back to Agenda

Whole-Child Model (WCM) Overview

- California Children's Services (CCS) is a statewide program providing medical care and case management for children under 21 with certain medical conditions
  - Locally administered by Orange County Health Care Agency
- The Department of Health Care Services (DHCS) is implementing WCM to integrate the CCS services into select Medi-Cal plans
  - CalOptima will implement WCM effective January 1, 2019

Division of WCM Responsibilities

WCM Transition Goals

- Improve coordination and integration of services to meet the needs of the whole child
- Retain CCS program standards
- Support active family participation
- Establish specialized programs to manage and coordinate care
- Ensure care is provided in the most appropriate, least restrictive setting
- Maintain existing patient-provider relationships when possible

CCS Demographics

- About 13,000 Orange County children are receiving CCS services
  - ➢ 90 percent are CalOptima members

Languages
• Spanish = 48 percent • English = 44 percent • Vietnamese = 4 percent • Other/unknown = 4 percent

City of Residence (Top 5)
• Santa Ana = 23 percent • Anaheim = 18 percent • Garden Grove = 8 percent • Orange = 6 percent • Fullerton = 4 percent

WCM Requirements

- Required use of CCS paneled providers and facilities, including network adequacy certification
- Memorandum of Understanding with OC HCA to support coordination of services
- Maintenance & Transportation (travel, food and lodging) to access CCS services
- WCM specific reporting requirements
- Permit selection of a CCS paneled specialist to serve as a CCS member's Primary Care Provider (PCP)
- Establish WCM clinical and member/family advisory committees

2018 Stakeholder Engagement to Date

- January 25– General stakeholder event (93 attendees)
- February 26 -28 – Six family events (87 attendees)
- Provider focused presentations and meetings:
  - Hospital Association of Southern California
  - Safety Net Summit - Coalition of Orange County Community Health Centers
  - Pediatrician focused events hosted by Orange County Medical Association Pediatric Committee and Health Care Partners
  - Health Network convenings including Health Network Forum, Joint Operations Meetings and on-going workgroups
- Speakers Bureau and community meetings

Implementation Plan Elements

Back to Agenda

Proposed Delivery Model

- Leverage existing delivery model using health networks, subject to Board approval
  - Reflects the spirit of the law to bring together CCS services and non-CCS services into a single delivery system

- Using existing model creates several advantages
  - Maintains relationships between CCS-eligible children, their chosen health network and primary care provider
  - Improves clinical outcomes and health care experience for members and their families
  - Decreases inappropriate medical and administrative costs
  - Reduces administrative burden for providers

Financial Approach

- DHCS will establish a single capitation rate that includes CCS and non-CCS services
- Limited historical CCS claims payment detail available
- CalOptima Direct and CalOptima Community Network
  - Follow current fee-for-service methodology and policy
  - CCS paneled physicians are reimbursed at 140% Medi-Cal
- Health Network
  - Keep health network risk and payment structure similar to current methodologies in place
  - Develop risk corridors to mitigate risk

Clinical Operations

- Providing CCS-specific case management, care coordination, provider referral and authorizations

- Supporting new services such as High-Risk Infant Follow-Up authorization, Maintenance and Transportation (lodging, meals and other travel related services)

- Facilitating transitions of care
  - Risk stratification, health risk assessment and care planning for children and youth transitioning to WCM
  - Between CalOptima, OC HCA and other counties
  - Age-out planning for members who will become ineligible for CCS when they turn 21 years of age

Provider Impact and Network Adequacy

- CalOptima and delegated networks must have adequate network of CCS paneled and approved providers
  - CCS panel status will be part of credentialing process
  - CCS members will be able to select their CCS specialists as primary care provider
  - CalOptima is in process of contracting with CCS providers in Orange County and specialized providers outside of county providing services to existing members
  - Documentation of network adequacy will be submitted to DHCS by September 28, 2018

Memorandum of Understanding (MOU)

- DHCS requires CalOptima and Orange County Health Care Agency to develop WCM MOU to support collaboration and information sharing
  - Leverage DHCS template
  - Outlines responsibilities related:
    - CCS eligibility and enrollment
    - Case management
    - Continuity of care
    - Advisory committees
    - Data sharing
    - Dispute management
    - NICU
    - Quality assurance

WCM Family Advisory Committee

- CalOptima must establish a WCM Family Advisory Committee per Welfare & Institutions Code § 14094.17
- November 2, 2017 Board authorized development of committee
  - Eleven voting seats
    - Seven to nine family representative seats
    - Two to four community-based organizations or consumer advocates
    - Priority to family representatives
  - Two-year terms, with no term limits
    - Staggered terms
    - In first year, five seats for one-year term and six seats for two-year term
  - Approval requested for AA.1271: Whole Child Model Family Advisory Committee

WCM Family Advisory Committee (cont.)

- Sixteen applications (eight in each category)
- April 19, 2018 Member Advisory Committee (MAC) Nominations ad hoc committee selected candidates
  - All eligible applicants in family category were selected
    - One applicant was ineligible as she has no prior CCS experience
  - Four applicants in community category were selected
- May 10, 2018 MAC considered and accepted MAC Ad Hoc's recommended nominations for Board consideration

Recommended Nominees

Family Seats	Community Seats
Maura Byron	**Michael Arnot** Executive Director Children's Cause Orange County
Melissa Hardaway	
Grace Leroy-Loge	**Sandra Cortez – Schultz** Customer Service Manager CHOC Children's Hospital
Pam Patterson	
Kristin Rogers	**Gabriela Huerta** Lead Case Manager, California Children's Services/Regional Center Molina Healthcare, Inc.
Malissa Watson	
	Diane Key Director of Women's and Children's Services UCI Medical Center

Next Steps

- Review WCM capitation and risk corridor approach with Health Networks

- Planned stakeholder engagement
  - Community-based organization focus groups in June
  - General event in July
  - Family events in Fall

- Future Board actions
  - Update policies and procedures
  - Health network contracts

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken November 2, 2017
Regular Meeting of the CalOptima Board of Directors

Report Item

18. Consider Adopting Resolution Establishing a Family Advisory Committee for the Whole-Child Model Medi-Cal Program

Contact

Sesha Mudunuri, Executive Director, Operations, (714) 246-8400
Candice Gomez, Executive Director, Program Implementation, (714) 246-8400

Recommended Actions

Rev. 11/2/17

1. Adopt Resolution No. 17-1102-01, establishing the CalOptima Whole-Child Model family advisory committee to provide advice and recommendations to the CalOptima Board of Directors on issues concerning California Children's Services (CCS) and the Whole-Child Model program; and
2. Subject to approval of the California Department of Health Care Services (DHCS), authorize a stipend of up to $50 per committee meeting attended for each family representative appointed to the Whole-Child Model Family Advisory Committee (WCM-FAC).

Background

On September 25, 2016, SB 586 (Hernandez): Children's Services was signed into law. SB 586 authorizes the establishment of the Whole-Child Model that incorporates CCS-covered services for Medi-Cal eligible children and youth into specified county-organized health plans, including CalOptima. A provision of the Whole-Child Model requires each participating health plan to establish a family advisory committee. Accordingly, DHCS is requiring the establishment of a Whole-Child Model family advisory committee to report and provide input and recommendations to CalOptima relative to the Whole-Child Model program. The proposed stipend, subject to DHCS approval, is intended to enable in-person participation by members and family member representatives. It is also anticipated that a representative from the family advisory committees of each Medi-Cal plan will be invited to serve on a statewide stakeholder advisory group.

Since CalOptima's inception, the CalOptima Board of Directors has benefited from stakeholder involvement in the form of standing advisory committees. Under the authority of County of Orange Codified Ordinances, Section 4-11-15, and Article VII of the CalOptima Bylaws, the CalOptima Board of Directors may create committees or advisory boards that may be necessary or beneficial to accomplishing CalOptima's tasks. The advisory committees function solely in an advisory capacity providing input and recommendations concerning the CalOptima programs. CalOptima Whole-Child Model program would also benefit from the advice of a standing family advisory committee.

Discussion

While specific to Whole-Child Model program, the charge of the WCM-FAC would be similar to that of the other CalOptima Board advisory committees, including:

- Provide advice and recommendations to the Board and staff on issues concerning CalOptima Whole-Child Model program as directed by the Board and as permitted under applicable law;

Back to Agenda

- Engage in study, research and analysis of issues assigned by the Board or generated by staff or the family advisory committee;
- Serve as liaison between interested parties and the Board and assist the Board and staff in obtaining public opinion on issues relating to CalOptima Whole-Child Model program; and
- Initiate recommendations on issues for study to the CalOptima Board for its approval and consideration, and facilitate community outreach for CalOptima Whole-Child Model program and the Board.

While SB 586 requires plans to establish family advisory committees, committee composition is not explicitly defined. Based on current advisory committee experience, staff recommends including eleven (11) voting members on CalOptima's WCM-FAC, representing CCS family members who reflect the diversity of the CCS families served by the plan, as well as consumer advocates representing CCS families. If necessary, CalOptima will provide an in-person interpreter at the meetings. For the first nomination process to fill the seats, it is proposed that CalOptima's current Member Advisory Committee will be asked to participate in the Family Advisory Committee nominating ad hoc committee. The proposed candidates will then be submitted to the Board for consideration. It is anticipated that subsequent nominations for seats will be reviewed by a WCM-FAC nominating ad hoc committee and will be submitted first to the WCM-FAC, then to the full Board for consideration of the WCM-FAC's recommendations.

CalOptima staff recommends that the WCM-FAC be comprised of eleven (11) voting seats:

1. Seven (7) to ~~N~~ nine (9) of the seats shall be family representatives in one of the following categories, with a priority to family representatives (i.e., if qualifying family representative candidates are available, all nine (9) seats will be filled by family representatives):
    i. Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
    ii. CalOptima members age 18 -21 who are current recipients of CCS services; or
    iii. Current CalOptima members over the age of 21 who transitioned from CCS services.
2. Two (2) to four (4) of the seats shall represent the interests of children receiving CCS services, including:
    i. Community-based organizations; or
    ii. Consumer advocates.

While two (2) of the WCM-FAC's eleven seats are designated for community-based organizations or consumer advocates, WCM-FAC candidates representing these two groups may be considered for up to two additional WCM-FAC seats in the event that there are not sufficient family representative candidates to fill these seats.

Rev. 11/2/2017

Except for initial appointments, CalOptima WCM-FAC members will serve two (2) year terms, with no limits on the number of terms a representative may serve provided they continue to meet the above-referenced eligibility criteria. The initial appointments of WCM-FAC members will be divided between one and two-year terms to stagger reappointments. In the first year, five (5) committee member seats will be appointed for a one-year term and six (6) committee member seats will be appointed for a two-year term.

Back to Agenda

The WCM-FAC Chair and Vice Chair for the first year will be nominated at the second WCM-FAC meeting by committee members. The WCM-FAC's recommendations for these positions will subsequently be submitted to the Board for consideration. After the first year, the Chair and Vice Chair of the WCM-FAC will be appointed by the Board annually from the appointed voting members and may serve two consecutive one-year terms in a particular committee officer position.

The WCM-FAC will develop, review annually and recommend to the Board any revisions to the committee's Mission or Goals and Objectives. The Goals and Objectives will be consistent with those of the CalOptima Whole-Child Model.

The WCM-FAC will meet at least quarterly and will determine the appropriate meeting frequency to provide timely, meaningful input to the Board. At its second meeting, the WCM-FAC will adopt a meeting schedule for the remainder of the fiscal year. Thereafter, a yearly meeting schedule will be adopted prior to the first regularly scheduled meeting of each year. All meetings must be conducted in accordance with CalOptima's Bylaws. Attendance of a simple majority of WCM-FAC seats will constitute a quorum. A quorum must be present for any action to be taken. Members are allowed excused absences from meetings. Notification of absence must be received by CalOptima staff prior to scheduled WCM-FAC meetings.

The CalOptima Chief Executive Officer (CEO) will prepare, or cause to be prepared, an agenda for all WCM-FAC meetings prior to posting. Posting procedures must be consistent with the requirements of the Ralph M. Brown Act (California Government Code section 54950 *et seq.*). In addition, minutes of each WCM-FAC meeting will be taken, which will be filed with the Board. The Chair will report verbally or in writing to the Board at least twice annually. The Chair will also report to the Board, as requested, on issues specified by the Board. CalOptima management will provide staff support to the WCM-FAC to assist and facilitate the operations of the committee.

In order to enable in-person participation, SB 586 provides plans the option to pay a reasonable per diem payment to family representatives serving on the Family Advisory Committee. Similar to another Medi-Cal Managed Care Plan with an already established family-based advisory committee, and subject to DHCS approval, CalOptima staff recommends that the Board authorize a stipend of up to $50 per meeting for family representatives participating on the WCM-FAC. Only one stipend will be provided per qualifying WCM-FAC member per regularly scheduled meeting. In addition, stipend payments are restricted to family representatives only. Representatives of community-based organizations and consumer advocates are not eligible for stipends. As indicated, payment of the stipends is contingent upon approval by DHCS.

As it is the policy of CalOptima's Board to encourage maximum member and provider involvement in the CalOptima program, it is anticipated that the CalOptima Whole-Child Model will benefit from the establishment of a Family Advisory Committee. This WCM-FAC will report to the Board and will serve solely in an advisory capacity to the Board and CalOptima staff with respect to CalOptima Whole-Child Model. Establishing the WCM-FAC is intended to help to ensure that members' values and needs are integrated into the design, implementation, operation and evaluation of the CalOptima Whole-Child Model.

Back to Agenda

Fiscal Impact

The fiscal impact of the recommended action to establish the CalOptima WCM-FAC is an unbudgeted item. The projected total cost, including stipends, for meetings from April through June 2018, is $3,575. Unspent budgeted funds approved in the CalOptima Fiscal Year (FY) 2017-18 Operating Budget on June 1, 2017, will fund the cost through June 30, 2018. The estimated annual cost is $13,665. At this time, it is unknown whether additional staff will be necessary to support the advisory committee's work. Management plans to include expenses related to the WCM-FAC in future operating budgets.

Rationale for Recommendation

SB 586 requires that, for implementation of the Whole-Child Model program, a family advisory committee must be established. As proposed, the WCM-FAC will advise CalOptima's Board and staff on operations of the CalOptima Whole-Child Model.

Concurrence

RESOLUTION NUMBER 17-1102-01

**RESOLUTION OF THE BOARD OF DIRECTORS
ORANGE COUNTY HEALTH AUTHORITY, DBA CALOPTIMA
ESTABLISHING POLICY AND PROCEDURES FOR CALOPTIMA WHOLE-CHILD MODEL MEMBER ADVISORY COMMITTEE**

WHEREAS, the CalOptima Board of Directors (hereinafter "the Board") would benefit from the advice of broad-based standing advisory committee specifically focusing on the CalOptima Whole-Child Model Plan hereafter "CalOptima Whole-Child Model Family Advisory Committee"; and

WHEREAS, the State of California, Department of Health Care Services (DHCS) has established requirements for implementation of the CalOptima Whole-Child Model program, including a requirement for the establishment of an advisory committee focusing on the Whole-Child Model; and

WHEREAS, the CalOptima Whole-Child Model Family Advisory Committee will serve solely in an advisory capacity to the Board and staff, and will be convened no later than the effective date of the CalOptima Whole-Child Model;

NOW, THEREFORE, BE IT RESOLVED:

Section 1. Committee Established. The CalOptima Whole-Child Model Family Advisory Committee (hereinafter "WCM-FAC") is hereby established to:

- Report directly to the Board;
- Provide advice and recommendations to the Board and staff on issues concerning the CalOptima Whole-Child Model program as directed by the Board and as permitted under the law;
- Engage in study, research and analysis of issues assigned by the Board or generated by the WCM-FAC;
- Serve as liaison between interested parties and the Board and assist the Board and staff in obtaining public opinion on issues relating to CalOptima Whole-Child Model or California Children Services (CCS);
- Initiates recommendations on issues for study to the Board for approval and consideration; and
- Facilitates community outreach for CalOptima and the Board.

Section 2. Committee Membership. The WCM-FAC shall be comprised of Eleven (11) voting members, representing or representing the interests of CCS families. In making appointments and re-appointments, the Board shall consider the ethnic and cultural diversity and special needs of the CalOptima Whole-Child Model population. Nomination and input from interested groups and community-based organizations will be given due consideration. Except as noted below, members are appointed for a term of two (2) full years, with no limits on the number of terms. All voting member appointments (and reappointments) will be made by the Board. During the first year, five (5) WCM-FAC members will serve a one -year term

Back to Agenda

and six (6) will serve a two-year term, resulting in staggered appointments being selected in subsequent years.

The WCM-FAC shall be composed of eleven (11) voting seats:

1. Seven (7) to nine (9) of the seats shall be family representatives in the following categories:
   - Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima member who is a current recipient of CCS services;
   - CalOptima members age 18-21 who are current recipients of CCS services; or
   - Current CalOptima members over the age of 21 who transitioned from CCS services.

2. Two (2) to four (4) of the seats shall represent the interests of children with CCS, including:
   - Community-based organizations (CBOs); or
   - Consumer advocates.

Rev. 11/2/2017

If nine or more qualified candidates initially apply for family representative seats, nine of the eleven committee seats will be filled with family representatives. Initially, and on an on-going basis, only in circumstances when there are insufficient applicants to fill all of the designated family representative seats with qualifying family representatives, up to two of the nine seats designated for family members may be filled with representatives of CBOs or consumer advocates.

It is anticipated that a representative from the CalOptima WCM-FAC may be invited to serve on a statewide stakeholder advisory group.

Section 3. Chair and Vice Chair. The Chair and Vice Chair for the WCM-FAC will be appointed by the Board annually from the appointed members. The Chair, or in the Chair's absence, the Vice Chair, shall preside over WCM-FAC meetings. The Chair and Vice Chair may each serve up to two consecutive terms in a particular WCM-FAC officer position, or until their successor is appointed by the Board.

Section 4. Committee Mission, Goals and Objectives. The WCM-FAC will develop, review annually, and make recommendations to the Board on any revisions to the committee's Mission or Goals and Objectives.

Section 5. Meetings. The WCM-FAC will meet at least quarterly. A yearly meeting schedule will be adopted at the second regularly scheduled meeting for the remainder of the fiscal year. Thereafter, a yearly meeting schedule will be adopted prior to the first regularly scheduled meeting of each year. All meetings must be conducted in accordance with CalOptima's Bylaws.

Attendance by the occupants of a simple majority of WCM-FAC seats shall constitute a quorum. A quorum must be present in order for any action to be taken by the WCM-FAC. Committee members are allowed excused absences from meetings. Notification of absence must be received by CalOptima staff prior to the scheduled WCM-FAC meeting.

Back to Agenda

The CalOptima Chief Executive Officer (CEO) shall prepare, or cause to be prepared, and post, or cause to be posted, an agenda for all WCM-FAC meetings. Agenda contents and posting procedures must be consistent with the requirements of the Ralph M. Brown Act (Government Code section 54950 *et seq.*).

WCM-FAC minutes will be taken at each meeting and filed with the Board.

Section 6. Reporting. The Chair is required to report verbally or in writing to the Board at least twice annually. The Chair will also report to the Board, as requested, on issues specified by the Board.

Section 7. Staffing. CalOptima will provide staff support to the WCM-FAC to assist and facilitate the operations of the committee.

Section 8. Ad Hoc Committees. Ad hoc committees may be established by the WCM-FAC Chair from time to time to formulate recommendations to the full WCM-FAC on specific issues. The scope and purpose of each such ad hoc will be defined by the Chair and disclosed at WCM-FAC meetings. Each ad hoc committee will terminate when the specific task for which it was created is complete. An ad hoc committee must include fewer than a majority of the voting committee members.

Section 9. Stipend. Subject to DHCS approval, family representatives participating on the WCM-FAC are eligible to receive a stipend for their attendance at regularly scheduled and ad hoc WCM-FAC meetings. Only one stipend is available per qualifying WCM-FAC member per regularly scheduled meeting. WCM-FAC members representing community-based organizations and consumer advocates are not eligible for WCM-FAC stipends.

APPROVED AND ADOPTED by the Board of Directors of the Orange County Health Authority, d.b.a., CalOptima this 2nd day of November, 2017.

Policy #:	AA.1271PP
Title:	**Whole Child Model Family Advisory Committee**
Department:	General Administration
Section:	Not Applicable
CEO Approval:	Michael Schrader
Effective Date:	06/07/18
Last Review Date:	Not Applicable
Last Revised Date:	Not Applicable

I. PURPOSE

This policy describes the composition and role of the Family Advisory Committee for Whole Child Model (WCM) and establishes a process for recruiting, evaluating, and selecting prospective candidates to the Whole Child Model Family Advisory Committee (WCM FAC).

II. POLICY

A. As directed by CalOptima's Board of Directors (Board), the WCM FAC shall report to the CalOptima Board and shall provide advice and recommendations to the CalOptima Board and CalOptima staff in regards to California Children's Services (CCS) provided by CalOptima Medi-Cal's implementation of the WCM.

B. CalOptima's Board encourages Member and community involvement in CalOptima programs.

C. WCM FAC members shall recuse themselves from voting or from decisions where a conflict of interest may exist and shall abide by CalOptima's conflict of interest code and, in accordance with CalOptima Policy AA.1204: Gifts, Honoraria, and Travel Payments.

D. CalOptima shall provide timely reporting of information pertaining to the WCM FAC as requested by the Department of Health Care Services (DHCS).

E. The composition of the WCM FAC shall reflect the cultural diversity and special needs of the health care consumers within the Whole-Child Model population. WCM FAC members shall have direct or indirect contact with CalOptima Members.

F. In accordance with CalOptima Board Resolution No. 17-1102-01, the WCM FAC shall be comprised of eleven (11) voting members representing CCS family members, as well as consumer advocates representing CCS families. Except as noted below, each voting member shall serve a two (2) year term with no limits on the number of terms a representative may serve. The initial appointments of WCM FAC members will be divided between one (1) and two (2)-year terms to stagger reappointments. In the first year, five (5) committee member seats shall be appointed for a one (1)-year term and six (6) committee member seats shall be appointed for a two (2)-year term. The WCM FAC members serving a one (1) year term in the first year shall, if reappointed, serve two (2) year terms thereafter.

DRAFT

1. Seven (7) to nine (9) of the seats shall be family representatives in one (1) of the following categories, with a priority to family representatives (i.e., if qualifying family representative candidates are available, all nine (9) seats will be filled by family representatives):

    a. Authorized representatives, including parents, foster parents, and caregivers, of a CalOptima Member who is a current recipient of CCS services;

    b. CalOptima Members eighteen (18)-twenty-one (21) years of age who are current recipients of CCS services; or

    c. Current CalOptima members over the age of twenty-one (21) who transitioned from CCS services.

2. Two (2) to four (4) of the seats shall represent the interests of children receiving CCS services, including:

    a. Community-based organizations; or

    b. Consumer advocates.

3. While two (2) of the WCM FAC's eleven (11) seats are designated for community-based organizations or consumer advocates, an additional two (2) WCM FAC candidates representing these groups may be considered for these seats in the event that there are not sufficient family representative candidates to fill the family member seats.

4. Interpretive services shall be provided at committee meetings upon request from a WCM FAC member or family member representative.

5. A family representative, in accordance with Section II.G.1 of this Policy, may be invited to serve on a statewide stakeholder advisory group.

G. Stipends

1. Subject to approval by the CalOptima Board, CalOptima may provide a reasonable per diem payment to a member or family representative serving on the WCM FAC. CalOptima shall maintain a log of each payment provided to the member or family representative, including type and value, and shall provide such log to DHCS upon request.

    a. Representatives of community-based organizations and consumer advocates are not eligible for stipends.

H. The WCM FAC shall conduct a nomination process to recruit potential candidates for expiring seats, in accordance with this Policy.

I. WCM FAC Vacancies

1. If a seat is vacated within two (2) months from the start of the nomination process, the vacated seat shall be filled during the annual recruitment and nomination process.

DRAFT

2. If a seat is vacated after the annual nomination process is complete, the WCM FAC nomination ad hoc subcommittee shall review the applicants from the recent recruitment to see if there is a viable candidate.

    a. If there is no viable candidate among the applicants, CalOptima shall conduct recruitment, per section III.B.2.

3. A new WCM FAC member appointed to fill a mid-term vacancy, shall serve the remainder of the resigning member's term, which may be less than a full two (2) year term.

J. On an annual basis, WCM FAC shall select a chair and vice chair from its membership to coincide with the annual recruitment and nomination process. Candidate recruitment and selection of the chair and vice chair shall be conducted in accordance with Sections III.B-D of this Policy.

1. The WCM FAC chair and vice chair may serve two (2) consecutive one (1) year terms.

2. The WCM FAC chair and/or vice chair may be removed by a majority vote of CalOptima's Board.

K. The WCM FAC chair, or vice chair, shall ask for three (3) to four (4) members from the WCM FAC to serve on a nomination ad hoc subcommittee. WCM FAC members who are being considered for reappointment cannot participate in the nomination ad hoc subcommittee.

1. The WCM FAC nomination ad hoc subcommittee shall:

    a. Review, evaluate and select a prospective chair, vice chair and a candidate for each of the open seats, in accordance with Section III.C-D of this Policy; and

    b. Forward the prospective chair, vice chair, and slate of candidate(s) to the WCM FAC for review and approval.

2. Following approval from the WCM FAC, the recommended chair, vice chair, and slate of candidate(s) shall be forwarded to CalOptima's Board for review and approval.

L. CalOptima's Board shall approve all appointments, reappointments, and chair and vice chair appointments to the WCM FAC.

M. Upon appointment to WCM FAC and annually thereafter, WCM FAC members shall be required to complete all mandatory annual Compliance Training by the given deadline to maintain eligibility standing on the WCM FAC.

N. WCM FAC members shall attend all regularly scheduled meetings, unless they have an excused absence. An absence shall be considered excused if a WCM FAC member provides notification of an absence to CalOptima staff prior to the meeting. CalOptima staff shall maintain an attendance log of the WCM FAC members' attendance at WCM FAC meetings. As the attendance log is a public record, any request from a member of the public, the WCM FAC chair, the vice chair, the Chief Executive Officer, or the CalOptima Board, CalOptima staff shall provide a copy of the attendance log to the requester. In addition, the WCM FAC chair, or vice chair, shall contact any committee member who has three (3) consecutive unexcused absences.

DRAFT

1. WCM FAC members' attendance shall be considered as a criterion upon reapplication.

III. PROCEDURE

A. WCM FAC meeting frequency

1. WCM FAC shall meet at least quarterly.

2. WCM FAC shall adopt a yearly meeting schedule at the first regularly scheduled meeting in or after January of each year.

3. Attendance by a simple majority of appointed members shall constitute a quorum, and a quorum must be present for any votes to be valid.

B. WCM FAC recruitment process

1. CalOptima shall begin recruitment of potential candidates in March of each year. In the recruitment of potential candidates, the ethnic and cultural diversity and special needs of children and/or families of children in CCS which are or are expected to transition to CalOptima's Whole-Child Model population shall be considered. Nominations and input from interest groups and agencies shall be given due consideration.

2. CalOptima shall recruit for potential candidates using one or more notification methods, which may include, but are not limited to, the following:

   a. Outreach to family representatives and community advocates that represent children receiving CCS;

   b. Placement of vacancy notices on the CalOptima website; and/or

   c. Advertisement of vacancies in local newspapers in Threshold Languages.

3. Prospective candidates must submit a WCM Family Advisory Committee application, including resume and signed consent forms. Candidates shall be notified at the time of recruitment regarding the deadline to submit their application to CalOptima.

4. Except for the initial recruitment, the WCM FAC chair or vice chair shall inquire of its membership whether there are interested candidates who wish to be considered as a chair or vice chair for the upcoming fiscal year.

   a. CalOptima shall inquire at the first WCM FAC meeting whether there are interested candidates who wish to be considered as a chair for the first year.

C. WCM FAC nomination evaluation process

1. The WCM FAC chair or vice chair shall request three (3) to four (4) members, who are not being considered for reappointment, to serve on the nominations ad hoc subcommittee. For the first nomination process, Member Advisory Committee (MAC) members shall serve on the nominations ad hoc subcommittee to review candidates for WCM FAC.

DRAFT

a. At the discretion of the nomination ad hoc subcommittee, a subject matter expert (SME), may be included on the subcommittee to provide consultation and advice.

2. Prior to WCM FAC nomination ad hoc subcommittee meeting (including the initial WCM FAC nomination ad hoc subcommittee).

a. Ad hoc subcommittee members shall individually evaluate and score the application for each of the prospective candidates using the applicant evaluation tool.

b. Ad hoc subcommittee members shall individually evaluate and select a chair and vice chair from among the interested candidates.

c. At the discretion of the ad hoc subcommittee, subcommittee members may contact a prospective candidate's references for additional information and background validation.

3. The ad hoc subcommittee shall convene to discuss and select a chair, vice chair and a candidate for each of the expiring seats by using the findings from the applicant evaluation tool, the attendance record if relevant and the prospective candidate's references.

D. WCM FAC selection and approval process for prospective chair, vice chair, and WCM FAC candidates:

1. The nomination ad hoc subcommittee shall forward its recommendation for a chair, vice chair, and a slate of candidates to WCM FAC (or in the first year, the MAC) for review and approval. Following WCM FAC's approval (or in the first year, the MAC), the proposed chair, vice chair and slate of candidates shall be submitted to CalOptima's Board for approval.

2. The WCM FAC members' terms shall be effective upon approval by the CalOptima Board.

a. In the case of a selected candidate filling a seat that was vacated mid-term, the new candidate shall attend the immediately following WCM FAC meeting.

3. WCM FAC members shall attend a new advisory committee member orientation.

LIMITED PRIVACY WAIVER

Under state and federal law, the fact that a person is eligible for Medi-Cal and California Children's Services (CCS) is a private matter that may only be disclosed by CalOptima as necessary to administer the Medi-Cal and CCS program, unless other disclosures are authorized by the eligible member. Because the position of Member Representative on Whole Child Model Family Advisory Committee (WCM FAC) requires that the person appointed must be a member or a family member of a member receiving CCS, the member's Medi-Cal and CCS eligibility will be disclosed to the general public. The member or their representative (e.g. parent, foster parent, guardian, etc.) should check the appropriate box below and sign this waiver to allow his or her, or his or her family member or caregiver's name to be nominated for the advisory committee.

☐ **MEMBER APPLICANT — I understand that by signing below and applying to serve on the WCM FAC, I am disclosing my eligibility for the Medi-Cal and CCS program, the fact of which is otherwise protected under state or federal law. I am not agreeing to disclose any other information protected by state or federal law.**

☐ **FAMILY MEMBER APPLICANT — I understand that by applying to serve on the WCM FAC, my status as a family member of a person eligible for Medi-Cal and CCS benefits is likely to become public. I authorize the disclosing of my family member's (insert name of member: _____) eligibility for the Medi-Cal and CCS program, the fact of which is otherwise protected under state or federal law. I am not agreeing to disclose any other information protected by state or federal law.**

AUTHORIZATION FOR USE AND DISCLOSURE OF PROTECTED HEALTH INFORMATION (PHI)

The federal HIPAA Privacy Regulations requires that you complete this form to authorize CalOptima to use or disclose your Protected Health Information (PHI) to another person or organization. Please complete, sign, and return the form to CalOptima.

Date of Request: _____ Telephone Number: _____

Member Name: _____ Member CIN: _____

AUTHORIZATION:

I, _____, hereby authorize CalOptima, to use or disclose my health information as described below.

Describe the health information that will be used or disclosed under this authorization (please be specific): Information related to the identity, program administrative activities and/or services provided to {me} {my child} which is disclosed in response to my own disclosures and/or questions related to same.

Person or organization authorized to receive the health information: **General public**

Describe each purpose of the requested use or disclosure (please be specific): **To allow** CalOptima staff to respond to questions or issues raised by me that may require reference to my health information that is protected from disclosure by law during public meetings of **the CalOptima Whole-Child Model Family Advisory Committee**

EXPIRATION DATE:

This authorization shall become effective immediately and shall expire on: **The end of the term of the position applied for**

Right to Revoke: I understand that I have the right to revoke this authorization in writing at any time. To revoke this authorization, I understand that I must make my request in writing and clearly state that I am revoking this specific authorization. In addition, I must sign my request and then mail or deliver my request to:

CalOptima
Customer Service Department
505 City Parkway West
Orange, CA 92868

I understand that a revocation will not affect the ability of CalOptima or any health care provider to use or disclose the health information to the extent that it has acted in reliance on this authorization.

RESTRICTIONS:

I understand that anything that occurs in the context of a public meeting, including the meetings of the Whole Child Model Family Advisory Committee, is a matter of public record that is required to be disclosed upon request under the California Public Records Act. Information related to, or relevant to, information disclosed pursuant to this authorization that is not disclosed at the public meeting remains protected from disclosure under the Health Insurance Portability and Accountability Act (HIPAA), and will not be disclosed by CalOptima without separate authorization, unless disclosure is permitted by HIPAA without authorization, or is required by law.

MEMBER RIGHTS:

- I understand that I must receive a copy of this authorization.
- I understand that I may receive additional copies of the authorization.
- I understand that I may refuse to sign this authorization.
- I understand that I may withdraw this authorization at any time.
- I understand that neither treatment nor payment will be dependent upon my refusing or agreeing to sign this authorization.

ADDITIONAL COPIES:

Did you receive additional copies? ☐ Yes ☐ No

Whole-Child Model Family Advisory Committee (WCM FAC) Community Application

Instructions: Please answer all questions. You may handwrite or type your answers. Attach an additional page if needed.
If you have any questions regarding the application, call 1-714-246-8635.

Name:_____ Work Phone:_____

Address:_____ Mobile Phone:_____

City, State ZIP:_____ Fax Number:_____

Date:_____ Email:_____

Please see the eligibility criteria below:

Two (2) to four (4) seats will represent the interests of children receiving California Children's Services (CCS), including:

☐ Community-based organizations

☐ Consumer advocates

Except for two designated seats appointed for the initial year of the Committee, all appointments are for a two-year period, subject to continued eligibility to hold a Community representative seat.

Current position and/or relation to a community-based organization or consumer advocate(s) (e.g., organization title, student, volunteer, etc.):

_____

1. Please provide a brief description of your direct or indirect experience working with the CalOptima population receiving CCS services and/or the constituency you wish to represent on the WCM FAC. Include any relevant community experience:

_____

_____

_____

_____

2. What is your understanding of and familiarity with the diverse cultural and/or special needs of children receiving CCS services in Orange County and/or their families? Include any relevant experience working with such populations:

_____

_____

_____

_____

Back to Agenda

3. What is your understanding of and experience with California Children's Services, managed care systems and/or CalOptima?

_____

_____

_____

_____

4. Please explain why you wish to serve on the WCM FAC:

_____

_____

_____

_____

5. Describe why you would be a qualified representative for service on the WCM FAC:

_____

_____

_____

_____

6. Other than English, do you speak or read any of CalOptima's threshold languages, such as Spanish, Vietnamese, Korean, Farsi, Chinese or Arabic? If so, which one(s)?

_____

7. If selected, are you able to commit to attending WCM FAC meetings, as well as serving on at least one subcommittee? ☐ Yes ☐ No

8. Please supply two references (professional, community or personal):

CalOptima Board Action Agenda Referral

Action To Be Taken June 4, 2009
Regular Meeting of the CalOptima Board of Directors

Report Item
VI. E. Approve Health Network Contract Rate Methodology

Contact
Michael Engelhard, Chief Financial Officer, (714) 246-8400

Recommended Action
Approve the modification methodology of Health Network capitation rates for October 1, 2009.

Background
Health Network capitation is the payment method that CalOptima uses to reimburse PHCs and shared risk groups for the provision of health care services to members enrolled in CalOptima Medi-Cal and CalOptima Kids. In order to ensure that reimbursement to such capitated providers reflects up-to-date information, CalOptima periodically contracts with its actuarial consultants to recalculate or "rebase" these payment rates.

The purpose of this year's rebasing is to:

- Establish actuarially sound facility and professional capitation rates;
- Account for changes in CalOptima's delivery model;
- Incorporate changes in the Division of Financial Responsibility (DOFR); and
- Perform separate analyses for Medi-Cal and CalOptima Kids.

The overall methodology for this year's rebasing approach includes:

- CalOptima eligibility data;
- Encounter and CalOptima Direct (COD) claim data analysis
- Reimbursement analysis;
- PCP capitation analysis;
- Maternity "kick" payment analysis;
- State benefit carve-out analysis;
- Reinsurance analysis;
- Administrative load analysis;
- Budget neutrality established

Discussion
CalOptima uses capitation as one way to reimburse certain contracted health care providers for services rendered. A Capitation payment is made to the provider during the month and is based solely on the number of contracted members assigned to that provider

Back to Agenda

at the beginning of each month. The provider is then responsible for utilizing those dollars in exchange for all services provided during that month or period.

To ensure that capitated payment rates reflect the current structure and responsibilities between CalOptima and its delegated providers, capitation rates need to be periodically reset or rebased.

CalOptima last performed a comprehensive rate rebasing in July 2007, for rates effective January 1, 2008, for CalOptima Medi-Cal only. Much has changed since that time including the establishment of shared risk groups; the movement of certain high-acuity members out of the Health Networks and into COD; changes in the DOFR between hospitals, physicians and CalOptima; shifts in member mix between the Health Networks; and changes in utilization of services by members.

Therefore, CalOptima opted to perform another comprehensive rebasing analysis prior to the FY2009-10 year in order to fully reflect the above-mentioned changes.

Fiscal Impact
CalOptima projects no fiscal impact as a result of the rebasing. Rebasing is designed to be budget neutral to overall CalOptima medical expenses even though there will likely be changes to specific capitation rates paid to Health Network providers.

Rationale for Recommendation
Staff recommends approval of this action to provide proper reimbursement levels to CalOptima's capitated health networks participating in CalOptima Medi-Cal and CalOptima Kids.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action to Be Taken December 17, 2003
Special Meeting of the CalOptima Board of Directors

Report Item
VI. A. Approve Modifications to the CalOptima Health Network Capitation Methodology and Rate Allocations

Contact
Amy Park, Chief Financial Officer, (714) 246-8400

Recommended Action
Approve modifications to the CalOptima health network capitation methodology and rate allocations between Physician and Hospital financial responsibilities effective March 2004.

Background
CalOptima pays its health networks (HMOs and PHCs) according to the same schedule of capitation rates, which are adjusted by Medi-Cal aid category, gender and age. The actuarial cost model, upon which these rates are based, was developed by Milliman USA utilizing pre-CalOptima Orange County fee-for-service (FFS) experience as the baseline. This model then took into account utilization targets that were actuarially-appropriate for major categories of services and competitive reimbursement levels to ensure sufficient funds to provide all medically necessary services under a managed care model.

Since development of the model in 1999, CalOptima has negotiated capitation rate increases from the State for managed care rate "pass throughs" as a result of provider rate increases implemented in the Medi-Cal FFS program. In turn, CalOptima passed on these additional revenues to the health networks by increasing capitation payments, establishing carve-outs (e.g., transplants), or offering additional financial support, such as funding for enhanced subspecialty coverage and improving reinsurance coverage.

It has now been over four years since CalOptima commissioned a complete review of the actuarial cost model. As noted, CalOptima has only adjusted the underlying pricing in the actuarial cost model over the years to pass on increases in capitation rates to the health networks.

In light of State fiscal challenges and impending potential Medi-Cal funding and benefit reductions, CalOptima must examine the actuarial soundness of the existing cost model and update the utilization assumptions to ensure that CalOptima's health network capitation rate methodology continues to allocate fiscal resources commensurate with the level of medical needs of the population served. This process will also provide

Back to Agenda

CalOptima with a renewed starting point from which to make informed decisions as we face yet another round of State budget uncertainties and declining resources.

Discussion

General Process. With the updated model, Milliman's rebasing process takes into account the 7+ years of health network managed care experience, rather than the historical pre-CalOptima Orange County FFS experience, as a base for capitation rates. Milliman examined the utilization statistics as indicated by the health network encounter data and evaluated the utilization for completeness by comparing against health network reported utilization and financial trends, health network primary care physician capitation and other capitation rates, health network hospital risk pool settlements, and other benchmarks as available. Further adjustments were made to account for changes in contractual requirements in the 2003-2005 health network contracts.

Utilization Assumptions. Consistent with changes in the State rate methodology, the updated health network capitation model combines the Family, Poverty and Child aid categories into a single Family aid category, with updated age/gender factors. The new model also recommends the creation of a supplemental capitation rate for members with end stage renal disease (ESRD). Furthermore, the actuarial model identifies actuarially-appropriate utilization targets for all major categories of services. These targets are set at levels that ensure that health networks have sufficient funds to provide all medically necessary services.

Pricing Assumptions. The new actuarial cost model includes reimbursement assumptions that are applied to the utilization targets to determine capitation rates. Effective October 2003, the State reduced CalOptima's capitation rates, effectively passing through the 5% cutback in physician and other provider rates as enacted in the 2003-04 State Budget Act. Notwithstanding this reduction, it is CalOptima's goal to maintain physician reimbursement levels to ensure members' continued access to care. Hence, CalOptima's health network minimum provider reimbursement policy and capitation funding will be maintained at its current levels. In other words, health networks will continue to be required to reimburse specialty physicians at rates that are no less than 150% of the Medi-Cal Fee Schedule and physician services in the actuarial model will continued to be priced at 147% of the August 1999 Medi-Cal Fee Schedule (as adjusted to primarily reflect market primary care physician capitation rates).

The actuarial cost model also provides sufficient funds to reimburse inpatient hospital reimbursement services at rates that are comparable to the average Southern California per diem rates and payment trends as published by California Medical Assistance Commission (CMAC) and to reimburse hospital outpatient services, commensurate with physician services, at 147% of the August 1999 Medi-Cal Fee Schedule.

In addition, the actuarial cost model provides sufficient funds for health network administrative expenses and an allowance for surplus. The table below summarizes the adjusted allocation of health network capitation rates to reflect the new actuarial cost model:

Aid Category	Proposed Hospital	Proposed Physician	Proposed Combined
Family/Poverty/Child	-4.6%	2.1%	-0.7%
Adult	-19.4%	-3.1%	-12.0%
Aged	18.9%	19.1%	19.0%
Disabled	10.9%	-4.4%	3.3%
Composite	1.7%	0.7%	1.2%

**Percentage changes are calculated from current capitation rates which have been adjusted to reflect the establishment of a separate ESRD supplemental capitation.*

Fiscal Impact

In summary, the proposed modifications will increase capitation payments made to physicians by 0.7%, while capitation payments to hospitals will increase by approximately 1.7%, for an overall weighted average increase in health network capitation rate payments of 1.2%, or $3.1 million on an annualized basis.

This additional increase will be funded by the Medi-Cal capitation rate increases received by CalOptima related to the State's settlement of the *Orthopaedic v. Belshe* lawsuit concerning Medi-Cal payment rates for hospital outpatient services.

As the Board will recall, the additional monies received by CalOptima related to this hospital outpatient settlement were passed through to hospitals in a lump-sum payment as approved by the Board in April 2003 for Fiscal 2001-02. That Board action also included approval for a second distribution scheduled for January 2004 to be made to hospitals for Fiscal 2002-03 related monies. Therefore, the proposed increases in hospital capitation rates contained in this action referral will facilitate the ongoing distributions of these dollars to CalOptima's participating hospitals. *See also related Board action referral to approve modifications to CalOptima Direct hospital reimbursement rates.*

Rationale for Recommendation

The proposed modifications to the rate methodology and related allocation of funds are consistent with the extensive, independent analysis performed by Milliman USA to update CalOptima's health network capitation methodology to reflect the 7+ years of health network managed care experience, rather than the historical pre-CalOptima Orange County FFS experience, as a base for capitation rates. The updated actuarial model also provides CalOptima with a renewed starting point from which to make informed

decisions as we face yet another round of State budget uncertainties and declining resources.

GOVERNOR

DATE: December 23, 2018

ALL PLAN LETTER 18-023
SUPERSEDES ALL PLAN LETTER 18-011

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS PARTICIPATING IN THE WHOLE CHILD MODEL PROGRAM

SUBJECT: CALIFORNIA CHILDREN'S SERVICES WHOLE CHILD MODEL PROGRAM

PURPOSE:
The purpose of this All Plan Letter (APL) is to provide direction to Medi-Cal managed care health plans (MCPs) participating in the California Children's Services (CCS) Whole Child Model (WCM) program. This APL conforms with CCS Numbered Letter (N.L.) 04-0618,[1] which provides direction and guidance to county CCS programs on requirements pertaining to the implementation of the WCM program. This APL supersedes APL 18-011.

BACKGROUND:
Senate Bill (SB) 586 (Hernandez, Chapter 625, Statutes of 2016) authorized the Department of Health Care Services (DHCS) to establish the WCM program in designated County Organized Health System (COHS) or Regional Health Authority counties.[2] The purpose of the WCM program is to incorporate CCS covered services into Medi-Cal managed care for CCS-eligible members. MCPs operating in WCM counties will integrate Medi-Cal managed care and county CCS program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible conditions.[3, 4]

[1] CCS N.L.s can be found at: https://www.dhcs.ca.gov/services/ccs/pages/ccsnl.aspx
[2] SB 586 is available at: https://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill_id=201520160SB586
[3] See Health and Safety Code (HSC) Section 123850(b)(1). HSC is searchable at: http://leginfo.legislature.ca.gov/faces/codesTOCSelected.xhtml?tocCode=HSC&tocTitle=+Health+and+Safety+Code+-+HSC
[4] See Welfare and Institutions Code (WIC) Section 14094.11. WIC is searchable at: https://leginfo.legislature.ca.gov/faces/codesTOCSelected.xhtml?tocCode=WIC&tocTitle=+Welfare+and+Institutions+Code+-+WIC

MCPs will authorize care that is consistent with CCS program standards and provided by CCS-paneled providers, approved Special Care Centers (SCCs), and approved pediatric acute care hospitals. The WCM program will support active participation by parents and families of CCS-eligible members and ensure that members receive protections such as continuity of care (C.O.C.), oversight of network adequacy standards, and quality performance of providers.

WCM will be implemented in 21 specified counties, beginning July 1, 2018. Upon determination by DHCS of the MCPs' readiness to address the needs of the CCS-eligible members, MCPs must transition CCS-eligible members into their MCP network of providers by their scheduled implementation date as follows:

MCP	COHS Counties
Phase 1 – Implemented July 1, 2018	
CenCal Health	San Luis Obispo, Santa Barbara
Central California Alliance for Health	Merced, Monterey, Santa Cruz
Health Plan of San Mateo	San Mateo
Phase 2 – No sooner than January 1, 2019	
Partnership Health Plan	Del Norte, Humboldt, Lake, Lassen, Marin, Mendocino, Modoc, Napa, Shasta, Siskiyou, Solano, Sonoma, Trinity, Yolo
Phase 3 – No sooner than July 1, 2019	
CalOptima	Orange

POLICY:
Starting July 1, 2018, as designated above, MCPs assumed full financial responsibility, with some exceptions, of authorization and payment of CCS-eligible medical services, including service authorization activities, claims processing and payment, case management, and quality oversight.

Under the WCM, the MCP, county CCS program, and DHCS each bear responsibility for various administrative functions to support the CCS Program. Responsibilities for the CCS program's eligibility functions under the WCM are determined by whether the county CCS program operates as an independent or dependent county.[5] Independent CCS counties will maintain responsibility for CCS program medical eligibility determinations for potential members, including responding to and tracking appeals relating to CCS program medical eligibility determinations and annual medical eligibility redeterminations. In dependent counties, DHCS will continue to maintain responsibility for CCS program medical eligibility determinations and redeterminations, while the county CCS programs will maintain responsibility for financial and residential eligibility

[5] A link to the Division of Responsibility chart can be found on the CCS WCM website at: http://www.dhcs.ca.gov/services/ccs/Pages/CCSWholeChildModel.aspx

determinations and re-determinations. The MCP is responsible for providing all medical utilization and other clinical data for purposes of completing the annual medical redetermination and other medical determinations, as needed, for the CCS-eligible member.

MCPs are responsible for identifying and referring potential CCS-eligible members to the county for CCS program eligibility determination. MCPs are also required to provide services to CCS-eligible members with other health coverage, with full scope Medi-Cal as payor of last resort.

The implementation of WCM does not impact the activities and functions of the Medical Therapy Program (MTP). WCM counties participating with the MTP will continue to receive a separate allocation for this program and are responsible for care coordination of MTP services.

MCPs are required to use all current and applicable CCS program guidelines in the development of criteria for use by the MCP's chief medical officer or equivalent and other care management staff. CCS program guidelines include CCS program regulations, additional forthcoming regulations related to the WCM program, CCS N.L.s, and county CCS program information notices. Any N.L.s. that fall within the following Index Categories, as identified by DHCS, are applicable to WCM MCPs:[6]

Index Category
Authorizations/Benefits
Case Management
Pharmaceutical
Standards, Hospital/Pediatric Intensive Care Unit/Neonatal Intensive Care Unit (NICU)

For these applicable N.L.s, the WCM MCP must assume the role of the county or state CCS program as described in the N.L. In addition to the requirements included in this APL, MCPs must comply with all applicable state and federal laws and regulations, as well as all contractual requirements.

I. MCP AND COUNTY COORDINATION

MCPs and county CCS programs must coordinate the delivery of CCS services to CCS-eligible members. A quarterly meeting between the MCP and the county CCS program must be established to assist with overall coordination by updating policies, procedures,

[6] See the WCM CCS N.L. Category List. is available at: https://www.dhcs.ca.gov/services/ccs/Documents/CCS-NL-Index-Category-List-June2018.xls

and protocols, as appropriate, and to discuss activities related to the Memorandum of Understanding (MOU) and other WCM related matters.

A. Memorandum of Understanding

MCPs and county CCS programs must execute a MOU outlining their respective responsibilities and obligations under the WCM using the MOU template posted on the CCS WCM page of the DHCS website.[7] The purpose of the MOU is to explain how the MCPs and county CCS programs will coordinate care, conduct program management activities, and exchange information required for the effective and seamless delivery of services to WCM members. The MOU between the individual county and the MCP serves as the primary vehicle for ensuring collaboration between the MCP and county CCS program. The MOU can be customized based on the needs of the individual county CCS program and the MCP. The MOU must include, at a minimum, all of the provisions specified in the MOU template and must be consistent with the requirements of SB 586. MCPs are required to submit an executed MOU to DHCS 105 days prior to implementation. All WCM MOUs are subject to DHCS approval.

B. Transition Plan

Each MCP must develop a comprehensive plan detailing the transition of existing CCS members into managed care for treatment of their CCS-eligible conditions. The transition plan must describe collaboration between the MCP and the county CCS program on the transfer of case management, care coordination, provider referrals, and service authorization, including administrative functions, from the county CCS program to the MCPs.[8] The transition plan must also include communication with members regarding, but not limited to, authorizations, provider network, case management, and ensuring C.O.C. and services for members who are in the process of aging out of CCS. The county CCS programs are required to provide input and collaborate with MCPs on the development of the transition plan. MCPs must submit transition plans to DHCS for approval.

C. Inter-County Transfer

County CCS programs use the Children's Medical Services Net (CMS Net) system to house and share data needed for Inter-County Transfers (ICTs), while MCPs utilize different data systems. Through their respective MOUs, the MCPs and county CCS programs will develop protocols for the exchange of ICT data, as necessary, including authorization data, member data, and case management information, to ensure an efficient transition of the CCS member and allow for C.O.C. of already approved service authorization requests, as required by this APL and applicable state and federal laws.

[7] See footnote 5. The MOU template can be found on the CCS WCM website.
[8] See footnote 4. WIC Section 14094.7(d)(4)(C).

Back to Agenda

When a CCS-eligible member moves from one county to another, the county CCS program and MCP, through their respective MOUs, will exchange ICT data. County CCS programs will continue to be responsible for providing transfer data, including clinical and other relevant data, from one county to another. When a CCS eligible member moves out of a WCM county, the county CCS program will notify the MCP and initiate the data transfer request. The MCP is responsible for providing transfer data, including clinical and other relevant data for members to the county CCS program office. The county CCS program will then coordinate the sharing of CCS-eligible member data to the new county of residence. Similarly, when a member moves into a WCM county, the county CCS program will provide transfer data to the MCP, as applicable.

D. Dispute Resolution and Provider Grievances

Disagreements between the MCP and the county CCS program regarding CCS medical eligibility determinations must be resolved by the county CCS program, in consultation with DHCS.[9] The county CCS program must communicate all resolved disputes in writing to the MCP. Disputes between the MCP and the county CCS program that are unable to be resolved will be referred by either entity to DHCS, via email to CCSRedesign@dhcs.ca.gov, for review and final determination.[10]

MCPs must have a formal process to accept, acknowledge, and resolve provider disputes and grievances.[11] A CCS provider may submit a dispute or grievance concerning the processing of a payment or non-payment of a claim by the MCP directly to the MCP. The dispute resolution process must be communicated by each MCP to all of its CCS providers.

II. MCP RESPONSIBILITIES TO CCS-ELIGIBLE MEMBERS

A. Risk Level and Needs Assessment Process

The MCP must assess each CCS member's risk level and needs by performing a risk assessment process using means such as telephonic or in-person communication, review of utilization and claims processing data, or by other means. MCPs are required to develop and complete the risk assessment process for WCM transition members, newly CCS-eligible members, or new CCS members enrolling in the MCP. The risk assessment process must include the development of a pediatric risk stratification process (PRSP) and an Individual Care Plan (ICP) for high risk members. All requirements are dependent on the member's risk level that is determined through the PRSP. Furthermore, nothing in this APL removes or limits existing survey or assessment requirements that the MCPs are responsible for outside of the WCM.

---

[9] See footnote 4. WIC Section 14093.06(b).
[10] Unresolved disputes must be referred to: CCSRedesign@dhcs.ca.gov
[11] See footnote 4. WIC Section 14094.15(d).

1. **Pediatric Risk Stratification Process**
   MCPs must develop a pediatric risk stratification mechanism, or algorithm, to assess the CCS-eligible member's risk level that will be used to classify members into high and low risk categories, allowing the MCP to identify members who have more complex health care needs.

   MCPs are required to complete a risk stratification within 45 days of enrollment for all members including new CCS members enrolling in the MCP, newly CCS-eligible members, or WCM transition members. The risk stratification will assess the member's risk level through:

   - Review of medical utilization and claims processing data, including data received from the county and DHCS;
   - Utilization of existing member assessment or survey data; and
   - Telephonic or in-person communications, if available at time of PRSP.

   Members who do not have any medical utilization data, claims processing data history, or other assessments and/or survey information available will automatically be categorized as high risk until further assessment data is gathered to make an additional risk determination. The PRSP must be submitted to DHCS for review and approval.

2. **Risk Assessment and Individual Care Plan Process**
   MCPs must develop a process to assess a member's current health, including the CCS condition, to ensure that each CCS-eligible member receives case management, care coordination, provider referral, and/or service authorization from a CCS-paneled provider, as described below:

   <u>New Members and Newly CCS-Eligible Members Determined High Risk</u>
   Members identified as high risk through the PRSP must be further assessed by telephonic and/or in-person communication or a risk assessment survey within 90 calendar days of enrollment to assist in the development of the member's ICP. Any risk assessment survey created by the MCP for the purposes of WCM is subject to review and approval by DHCS.

   <u>Risk Assessment</u>
   The risk assessment process must address:

   - General health status and recent health care utilization. This may include, but is not limited to, caretaker self-report of child's health; outpatient, emergency room, or inpatient visits; and school days missed due to illness, over a specified duration of time;

Back to Agenda

- Health history. This includes both CCS and non-CCS diagnoses and past surgeries;
- Specialty provider referral needs;
- Prescription medication utilization;
- Specialized or customized durable medical equipment (DME) needs (if applicable);
- Need for specialized therapies (if applicable). This may include, but is not limited to, physical, occupational, or speech therapies, mental or behavioral health services, and educational or developmental services;
- Limitations of activities of daily living or daily functioning (if applicable); and
- Demographics and social history. This may include, but is not limited to, member demographics, assessment of home and school environments, and a cultural and linguistic assessment.

The risk assessment process must be tailored to each CCS-eligible member's age group. At the MCP's discretion, additional assessment questions may be added to identify the need for, or impact of, future health care services. These may include, but are not limited to, questions related to childhood developmental milestones, pediatric depression, anxiety or attention deficit screening, adolescent substance use, or adolescent sexual behaviors.

Individual Care Plan

MCPs are required to establish an ICP for all members determined to be high risk based on the results of the risk assessment process, with particular focus on specialty care, within 90 days of a completed risk assessment survey or other assessment, by telephonic and/or in-person communication.[12] The ICP will, at a minimum, incorporate the CCS-eligible member's goals and preferences, and provide measurable objectives and timetables to meet the needs for:

- Medical (primary care and CCS specialty) services;
- Mild to moderate or county specialty mental health services;
- Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services;
- County substance use disorder or Drug Medi-Cal services;
- Home health services;
- Regional center services; and
- Other medically necessary services provided within the MCP network, or, when necessary, by an out-of-network provider.

[12] See footnote 4. WIC Section 14094.11(b)(4).

Back to Agenda

The ICP must be developed by the MCP care management team and must be completed in collaboration with the CCS-eligible member, member's family, and/or the member's designated caregiver. The ICP must indicate the level of care the member requires (e.g., no case management, basic case management and care coordination, or complex case management). The ICP must also include the following information, as appropriate, and only if the information has not already been provided as part of another MCP process:[13]

- Access instructions for families so that families know where to go for ongoing information, education, and support in order that they may understand the goals, treatment plan, and course of care the CCS-eligible member and the family's role in the process; what it means to have primary or specialty care for the CCS-eligible member; when it is time to call a specialist, primary, urgent care, or emergency room; what an interdisciplinary team is; and what community resources exist;
- A primary or specialty care physician who is the primary clinician for the CCS-eligible member and who provides core clinical management functions;
- Care management and care coordination for the CCS-eligible member across the health care system, including transitions among levels of care and interdisciplinary care teams; and
- Provision of information about qualified professionals, community resources, or other agencies for services or items outside the scope of responsibility of the MCP.

Further, the MCP must reassess members' risk levels and needs annually at the CCS eligibility redetermination or upon a significant change to a member's condition.

<u>New Members and Newly CCS-Eligible Members Determined Low Risk</u>
For new members and newly CCS-eligible members identified as low risk, the MCP must assess the member by telephonic and/or in-person communication within 120 calendar days of enrollment to determine the member's health care needs. The MCP is still required to provide care coordination and case management services to low risk members.

The MCP must reassess members' risk levels and needs annually at CCS eligibility redetermination or upon a significant change to a member's condition.

[13] See footnote 4. WIC Section 14094.11(c).

WCM Transitioning Members

For WCM transition members, the MCP must complete the PRSP within 45 days of transition, to determine each member's risk level, and complete all required telephonic and/or in-person communication and ICPs for high risk members, and all required telephonic and/or in-person communication for low risk members within one year. Additionally, the MCP must reassess members' risk levels and needs annually at CCS eligibility redetermination, or upon a significant change to a member's condition.

MCPs must submit to DHCS for review and approval a phase-in transition plan establishing a process for completing all required telephonic or in-person communication and ICPs within one year for WCM transition members.

Regardless a member's risk level, all communications, whether by phone or mail, must inform the members and/or the member's designated caregivers that assessments will be provided in a linguistically and culturally appropriate manner, and identify the method by which the providers will arrange for in-person assessments.[14]

MCPs must refer all members, including new members, newly CCS-eligible members, and WCM transition members who may have developed a new CCS-eligible condition, immediately to the county for CCS eligibility determination and must not wait until the annual CCS medical eligibility redetermination period.

B. Case Management and Care Coordination[15]

MCPs must provide case management and care coordination for CCS-eligible members and their families. MCPs that delegate the provision of CCS services to subcontractors must ensure that all subcontractors provide case management and care coordination for members and allow members to access CCS-paneled providers within all of the MCP's subcontracted provider networks for CCS services. MCPs must ensure that information, education, and support is continuously provided to CCS-eligible members and their families to assist in their understanding of the CCS-eligible member's health, other available services, and overall collaboration on the CCS-eligible member's ICP. MCPs must also coordinate services identified in the member's ICP, including:

- Primary and preventive care services with specialty care services;
- Medical therapy units;

[14] See Cultural Competency in Health Care – Meeting the Needs of a Culturally and Linguistically Diverse Population APL 99-005. APLs are available at: http://www.dhcs.ca.gov/formsandpubs/Pages/AllPlanLetters.aspx

[15] See footnote 4. WIC Section 14094.11(b)(1)-(6).

- EPSDT services, including palliative care;[16]
- Regional center services; and
- Home and community-based services.

1. **High Risk Infant Follow-Up Program**
   The High Risk Infant Follow-Up (HRIF) program helps identify infants who might develop CCS-eligible conditions after they are discharged from a NICU. MCPs are responsible for determining HRIF program eligibility, coordinating and authorizing HRIF services for members, and ensuring the provision of HRIF case management services.[17] MCPs must notify the counties in writing, within 15 calendar days, of CCS-eligible neonates, infants, and children up to three years of age that lose Medi-Cal coverage for HRIF services, and provide C.O.C. information to the members.

2. **Age-Out Planning Responsibility**
   MCPs must establish and maintain a process for preparing members approaching WCM age limitations, including identification of primary care and specialty care providers appropriate to the member's CCS qualifying condition(s).

   MCPs must identify and track CCS-eligible members for the duration of their participation in the WCM program and, for those who continue to be enrolled in the same MCP, for at least three years after they age-out of the WCM program.[18]

3. **Pediatric Provider Phase-Out Plan**
   A pediatric phase-out occurs when a treating CCS-paneled provider determines that their services are no longer beneficial or appropriate to the treatment to the member. The MCPs must provide care coordination to CCS-eligible members in need of an adult provider when the CCS-eligible member no longer requires the service of a pediatric provider. The timing of the transition should be individualized to take into consideration the member's medical condition and the established need for care with adult providers.

---

[16] If the scope of the federal EPSDT benefit is more generous than the scope of a benefit discussed in a CCS N.L. or other guidance, the EPSDT standard of what is medically necessary to correct or ameliorate the child's condition must be applied. See Requirements for Coverage of Early and Periodic Screening, Diagnostic, and Treatment Services for Medi-Cal Members Under the Age of 21 APL 18-007, or any superseding APL.
[17] HRIF Eligibility Criteria is available at:
https://www.dhcs.ca.gov/services/ccs/pages/hrif.aspx#medicalcriteria
[18] See footnote 4. WIC Section 14094.12(j).

C. Continuity of Care

MCPs must establish and maintain a process to allow members to request and receive C.O.C. with existing CCS provider(s) for up to 12 months.[19] This APL does not alter the MCP's obligation to fully comply with the requirements of HSC Section 1373.96 and all applicable APLs regarding C.O.C.[20] The C.O.C. requirements extend to MCP's subcontractors. The sections below include additional C.O.C. requirements that only pertain to the WCM program.

1. Specialized or Customized Durable Medical Equipment

If the MCP member has an established relationship with a specialized or customized DME provider, MCPs must provide access to that provider for up to 12 months.[21] MCPs are required to pay the DME provider at rates that are at least equal to the applicable CCS fee-for-service (FFS) rates, unless the DME provider and the MCP mutually enter into an agreement on an alternative payment methodology. The MCP may extend the C.O.C. period beyond 12 months for specialized or customized DME still under warranty and deemed medically necessary by the treating provider.[22]

Specialized or customized DME must be:

- Uniquely constructed or substantially modified solely for the use of the member;
- Made to order or adapted to meet the specific needs of the member; and
- Uniquely constructed, adapted, or modified such that it precludes use of the DME by another individual and cannot be grouped with other items meant for the same use for pricing purposes.

2. Continuity of Care Case Management[23]

MCPs must ensure CCS-eligible members receive expert case management, care coordination, service authorization, and provider referral services. MCPs can meet this requirement by allowing CCS-eligible members, their families, or designated caregivers, to request C.O.C. case management and care coordination from the CCS-eligible member's existing public health nurse (PHN). The member must elect to continue receiving case management from the PHN within 90 days of transition of CCS services to the MCP. In the event the county PHN is unavailable, the MCP must provide the member with an MCP case manager who has received adequate training on the county CCS

[19] See footnote 4. WIC Section 14094.13.
[20] See footnote 3. HSC Section 1373.96.
[21] See footnote 4. WIC Section 14094.12(f).
[22] See footnote 4. WIC Section 14094.13(b)(3).
[23] See footnote 4. WIC Section 14094.13(e), (f) and (g).

program and who has clinical experience with the CCS population or with pediatric patients with complex medical conditions.

At least 60 days before the transition of CCS services to the MCP, the MCP must provide a written notice to all CCS-eligible members explaining their right to continue receiving case management and care coordination services. The MCP must send a follow-up notice 30 days prior to the start of the transition. These notices must be submitted to DHCS for approval.

3. Authorized Prescription Drugs

CCS-eligible members transitioning into MCPs are allowed continued use of any currently prescribed drug that is part of their therapy for the CCS-eligible condition. The CCS-eligible member must be allowed to use the prescribed drug until the MCP and the prescribing physician agree that the particular drug is no longer medically necessary or is no longer prescribed by the county CCS program provider.[24]

4. Extension of Continuity of Care Period[25]

MCPs, at their discretion, may extend the C.O.C. period beyond the initial 12-month period. MCPs must provide CCS-eligible members with a written notification 60 days prior to the end of the C.O.C. period informing members of their right to request a C.O.C. extension and the WCM appeal process for C.O.C. limitations.

The notification must be submitted to DHCS for approval and must include:

- The member's right to request that the MCP extend of the C.O.C. period;
- The criteria that the MCP will use to evaluate the request; and
- The appeal process should the MCP deny the request (see section D below).

Including the WCM C.O.C. protections set forth above, MCP members also have C.O.C. rights under current state law as required in the Continuity of Care for Medi-Cal Members Who Transition Into Medi-Cal Managed Care APL 18-008, including any superseding APL.[26]

[24] See footnote 4. WIC Section 14094.13(d)(2).
[25] See footnote 3. HSC Section 1373.96.
[26] See footnote 14. APL 18-008.

Back to Agenda

D. Grievance, Appeal, and State Fair Hearing Process

MCPs must ensure members are provided information on grievances, appeals, and state fair hearing (SFH) rights and processes. CCS-eligible members enrolled in managed care are provided the same grievance, appeal, and SFH rights as other MCP members. This will not preclude the right of the CCS member to appeal or be eligible for a fair hearing regarding the extension of a C.O.C. period.[27] MCPs must have timely processes for accepting and acting upon member grievances and appeals. Members appealing a CCS eligibility determination must appeal to the county CCS program. MCPs must also comply with the requirements pursuant to Section 1557 of the Affordable Care Act.[28]

As stated above, CCS-eligible members and their families/designated caregivers have the right to request extended C.O.C. with the MCP beyond the initial 12-month period. MCPs must process these requests like other standard or expedited prior authorization requests according to the timeframes contained in Grievance and Appeal Requirements and Revised Notice Templates and "Your Rights" Attachments APL 17-006, including any superseding APL.

If MCPs deny requests for extended C.O.C., they must inform members of their right to further appeal these denials with the MCP and of the member's SFH rights following the appeal process as well as in cases of deemed exhaustion. MCPs must follow all noticing and timing requirements contained in APL 17-006, including any superseding APL, when denying extended C.O.C. requests and when processing appeals. As required in APL 17-006, if MCPs make changes to any of the noticing templates, they must submit the revised notices to DHCS for review and approval prior to use.

E. Transportation

MCPs are responsible for authorizing CCS Maintenance and Transportation (M&T), Non-Emergency Medical Transportation (NEMT), and Non-Medical Transportation (NMT).[29]

MCPs must provide and authorize the CCS M&T benefit for CCS-eligible members or the member's family seeking transportation to a medical service related to their CCS-eligible condition when the cost of M&T presents a barrier to accessing authorized CCS services. M&T services include meals, lodging, and other necessary

[27] See footnote 4. WIC Section 14094.13(j).
[28] See footnote 14. For Section 1557 requirements, see Standards for Determining Threshold Languages and Requirements for Section 1557 of the Affordable Care Act APL 17-011, including any superseding APL.
[29] See Non-Emergency Medical and Non-Medical Transportation Services APL 17-010, including any superseding APL.

costs (e.g. parking, tolls, etc.), in addition to transportation expenses, and must comply with the requirements listed in CCS N.L. 03-0810.[30] These services include, but are not limited to, M&T for out-of-county and out-of-state services.

MCPs must also comply with all requirements listed in the Non-Emergency Medical and Non-Medical Transportation Services APL 17-010 for CCS-eligible members to obtain NEMT and NMT for services not related to their CCS-eligible condition or if the member requires standard transportation that does not require M&T.[31]

F. Out-of-Network Access

MCPs must provide all medically necessary services by CCS paneled providers, which may require the member to be seen out of network. MCPs must allow CCS-eligible members access to out-of-network providers in order to obtain medically necessary services if the MCP has no specialists that treat the CCS-eligible condition within the MCP's provider network, or if in-network providers are unable to meet timely access standards. CCS-eligible members and providers are required to follow the MCP's authorization policy and procedures to obtain appropriate approvals before accessing an out-of-network provider. MCPs must ensure that CCS-eligible members requesting services from out-of-network providers are provided accurate information on how to request and seek approval for out-of-network services. MCPs cannot deny out-of-network services based on cost or location. Transportation must be provided for members obtaining out-of-network services. These out-of-network access requirements also apply to the MCP's subcontractor's provider networks.

The MCP and their subcontracted provider networks must ensure members have access to all medically necessary services related to their CCS condition. If CCS-eligible members require services or treatments for a CCS condition that are not available in the MCP's or their subcontracted provider networks, the MCP must identify, coordinate, and provide access to a CCS-paneled specialist out-of-network.

G. Advisory Committees

MCPs must establish a quarterly Family Advisory Committee (FAC) for CCS families composed of a diverse group of families that represent a range of conditions, disabilities, and demographics. The FAC must also include local providers, including, but not limited to, parent centers, such as family resource centers, family empowerment centers, and parent training and information

[30] See footnote 1. CCS N.L. 03-0810.
[31] See footnote 14. APL 17-010.

Back to Agenda

centers.[32] Members serving on this advisory committee may receive a reasonable per diem payment to enable in-person participation in the advisory committee.[33] A representative of this committee will be invited to serve as a member of the statewide DHCS CCS stakeholder advisory group.

MCPs must also establish a quarterly Clinical Advisory Committee composed of the MCP's chief medical officer or equivalent, the county CCS medical director, and at least four CCS-paneled providers to advise on clinical issues relating to CCS conditions.[34]

III. WCM Payment Structure

A. Payment and Fee Rate

MCPs are required to pay providers at rates that are at least equal to the applicable CCS FFS rates, unless the provider and the MCP mutually enter into an agreement on an alternative payment methodology.[35] MCPs are responsible for authorization and payment of all NICU and CCS NICU claims and for conducting NICU acuity assessments and authorizations in all WCM counties.

The MCP will review authorizations and determine whether or not services meet CCS NICU requirements.

The chart below identifies the entity responsible for NICU acuity assessment, authorization, and payment function activities for WCM:

CCS NICU	NICU Acuity Assessment	Authorization	Payor (Facility/ Physician)
Carved-In Counties: Del Norte, Humboldt, Lake, Lassen, Marin, Mendocino, Merced, Modoc, Monterey, Napa, Orange, San Luis Obispo, San Mateo, Santa Barbara, Santa Cruz, Shasta, Siskiyou, Solano, Sonoma, Trinity, and Yolo	MCP	MCP	MCP

[32] See footnote 4. WIC Section 14094.7(d)(3).
[33] See footnote 4. WIC Section 14094.17(b)(2).
[34] See footnote 4. WIC Section 14094.17(a).
[35] See footnote 4. WIC Section 14094.16(b).

Back to Agenda

IV. MCP Responsibilities to DHCS

A. Network Certification[36]

MCPs and their subcontractors are required to meet specific network certification requirements in order to participate in WCM, which includes having an adequate network of CCS-paneled providers to serve the CCS-eligible population including physicians, specialists, allied professionals, SCCs, hospitals, home health agencies, and specialized and customizable DME providers.

The WCM network certification requires MCPs to submit updated policies and procedures and their CCS-paneled provider networks via a WCM Provider Network Reporting Template.[37]

Subcontracted provider networks that do not meet WCM network certification requirements will be excluded from participating in the WCM until DHCS determines that all certification requirements have been met. MCPs are required to provide oversight and monitoring of all subcontractors' provider networks to ensure network certification requirements for WCM are met.

In accordance with Network Certification Requirements APL 18-005, or any other superseding APL, WCM MCPs may request to add a subcontractor to their WCM network 105 days prior to the start of each contract year.

B. CCS Paneling and Provider Credentialing Requirements

Physicians and other provider types must be CCS-paneled with full or provisional approval status.[38] MCPs cannot panel CCS providers; however, they must ensure that CCS providers in their provider network have an active panel status. MCPs should direct providers who need to be paneled to the CCS Provider Paneling website.[39] MCPs can view the DHCS CCS-paneled provider list online to ensure providers are credentialed and continue contracting with additional CCS-paneled providers.[40]

MCPs are required to verify the credentials of all contracted CCS-paneled

---

[36] See footnote 14. These requirements are further outlined in the Network Certification Requirements APL.
[37] See footnote 14. The WCM Provider Network Reporting Template is an attachment of APL 18-005.
[38] See the Medi-Cal Provider Manual on CCS Provider Paneling Requirements, which is available at: https://files.medi-cal.ca.gov/pubsdoco/publications/masters-mtp/part2/calchildpanel_m00i00o03o04o07o09o11a02a04a05a06a07a08p00v00.doc
[39] Children's Medical Services CCS Provider Paneling is available at: https://cmsprovider.cahwnet.gov/PANEL/index.jsp
[40] The CCS Paneled Providers List is available at: https://cmsprovider.cahwnet.gov/prv/pnp.pdf

providers to ensure the providers are actively CCS-paneled and authorized to treat CCS-eligible members. MCPs' written policies and procedures must follow the credentialing and recredentialing guidelines contained in the Provider Credentialing/Recredentialing and Screening Enrollment APL 17-019, or any superseding APL. MCPs must develop and maintain written policies and procedures that pertain to the initial credentialing, recredentialing, recertification, and reappointment of providers within their network.

C. Utilization Management

MCPs must develop, implement, and update, as needed, a utilization management (UM) program that ensures appropriate processes are used to review and approve medically necessary covered services. MCPs are responsible for ensuring that the UM program includes the following items:[41]

- Procedures for pre-authorization, concurrent review, and retrospective review;
- A list of services requiring prior authorization and the utilization review criteria;
- Procedures for the utilization review appeals process for providers and members;
- Procedures that specify timeframes for medical authorization; and
- Procedures to detect both under- and over-utilization of health care services.

MCP Reporting Requirements

1. Quality Performance Measures

DHCS will develop pediatric plan performance standards and measurements, including health outcomes of children with special health care needs. MCPs are required to report data on the identified performance measures in a format and manner specified by DHCS.

2. Reporting and Monitoring

DHCS has developed specific monitoring and oversight standards for MCPs participating in the WCM. MCPs are required to report WCM encounters as outlined in the most recent DHCS Companion Guide for X12 Standard File Format for encounter data reporting. MCPs are also required to report all contracted CCS-paneled providers as outlined in the most recent DHCS Companion Guide for X12 Standard File Format for provider network data. Both companion guides can be attained by emailing the Encounter Data mailbox at MMCDEncounterData@dhcs.ca.gov. MCPs must submit additionally required

[41] See the COHS Boilerplate Contract, Exhibit A, Attachment 5, Utilization Management. The COHS Boilerplate Contract is available at: http://www.dhcs.ca.gov/provgovpart/Pages/MMCDBoilerplateContracts.aspx

data in a form and manner specified by DHCS and must comply with all contractual requirements.

D. Delegation of Authority

In addition to the requirements of this APL, MCPs are responsible for complying with, and ensuring that their delegates also comply with, all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including other APLs, Policy Letters, and Dual Plan Letters. Each MCP must communicate these requirements to all delegated entities and subcontractors. In addition, MCPs must comply with all requirements listed in the Subcontractual Relationships and Delegation APL 17-004, or any superseding APL. If you have any questions regarding this APL, please contact your Managed Care Operations Division contract manager.

Sincerely,

Original Signed by Nathan Nau

Nathan Nau, Chief
Managed Care Quality and Monitoring Division

EDMUND G. BROWN JR.
GOVERNOR

DATE: June 7, 2018

ALL PLAN LETTER 18-011

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS PARTICIPATING IN THE WHOLE CHILD MODEL PROGRAM

SUBJECT: CALIFORNIA CHILDREN'S SERVICES WHOLE CHILD MODEL PROGRAM

PURPOSE:
The purpose of this All Plan Letter (APL) is to provide direction to Medi-Cal managed care health plans (MCPs) participating in the California Children's Services (CCS) Whole Child Model (WCM) program. This APL conforms with CCS Numbered Letter (N.L.) 04-0618,[1] which provides direction and guidance to county CCS programs on requirements pertaining to the implementation of the WCM program.

BACKGROUND:
Senate Bill (SB) 586 (Hernandez, Chapter 625, Statutes of 2016) authorized the Department of Health Care Services (DHCS) to establish the WCM program in designated County Organized Health System (COHS) or Regional Health Authority counties.[2] The purpose of the WCM program is to incorporate CCS covered services into Medi-Cal managed care for CCS-eligible members. MCPs operating in WCM counties will integrate Medi-Cal managed care and county CCS Program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible conditions.[3, 4]

MCPs will authorize care that is consistent with CCS Program standards and provided by CCS-paneled providers, approved special care centers, and approved pediatric acute care hospitals. The WCM program will support active participation by parents and families of CCS-eligible members and ensure that members receive protections such as

[1] The CCS Numbered Letter index is available at: http://www.dhcs.ca.gov/services/ccs/Pages/CCSNL.aspx
[2] SB 586 is available at: https://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill_id=201520160SB586
[3] See Health and Safety Code (HSC) Section 123850(b)(1), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=HSC&sectionNum=123850.
[4] See Welfare and Institutions Code (WIC) Section 14094.11, which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.11.&lawCode=WIC

continuity of care (COC), oversight of network adequacy standards, and quality performance of providers.

WCM will be implemented in 21 specified counties, beginning no sooner than July 1, 2018. Upon determination by DHCS of the MCPs' readiness to address the needs of the CCS-eligible members, MCPs must transition CCS-eligible members into their MCP network of providers by their scheduled implementation date as follows:

MCP	COHS Counties
Phase 1 – No sooner than July 1, 2018	
CenCal Health	San Luis Obispo, Santa Barbara
Central California Alliance for Health	Merced, Monterey, Santa Cruz
Health Plan of San Mateo	San Mateo
Phase 2 – No sooner than January 1, 2019	
CalOptima	Orange
Partnership Health Plan	Del Norte, Humboldt, Lake, Lassen, Marin, Mendocino, Modoc, Napa, Shasta, Siskiyou, Solano, Sonoma, Trinity, Yolo

POLICY:
Starting no sooner than July 1, 2018, MCPs in designated counties shall assume full financial responsibility, with some exceptions, of authorization and payment of CCS-eligible medical services, including service authorization activities, claims processing and payment, case management, and quality oversight.

Under the WCM, the MCP, county CCS program, and DHCS will each bear responsibility for various administrative functions to support the CCS Program. Responsibilities for the CCS Program's eligibility functions under the WCM are determined by whether the county CCS program operates as an independent or dependent county.[5] Independent CCS counties will maintain responsibility for CCS Program medical eligibility determinations for potential members, including responding to and tracking appeals relating to CCS Program medical eligibility determinations and annual medical eligibility redeterminations. In dependent counties, DHCS will continue to maintain responsibility for CCS Program medical eligibility determinations and redeterminations, while the county CCS programs will maintain responsibility for financial and residential eligibility determinations and re-determinations. The MCP is responsible for providing all medical utilization and other clinical data for purposes of completing the annual medical

[5] A link to the Division of Responsibility chart can be found on the CCS WCM website at: http://www.dhcs.ca.gov/services/ccs/Pages/CCSWholeChildModel.aspx

Back to Agenda

redetermination and other medical determinations, as needed, for the CCS-eligible member.

MCPs are responsible for identifying and referring potential CCS-eligible members to the county for CCS Program eligibility determination. MCPs are also required to provide services to CCS-eligible members with other health coverage (OHC), with full scope Medi-Cal as payor of last resort.

The implementation of WCM does not impact the activities and functions of the Medical Therapy Program (MTP) and Pediatric Palliative Care Waiver (PPCW). WCM counties participating with the MTP and PPCW will continue to receive a separate allocation for these programs. The MCP is responsible for care coordination of services that remain carved-out of the MCP's contractual responsibilities.

MCPs are required to use all current and applicable CCS Program guidelines, including CCS Program regulations, additional forthcoming regulations related to the WCM program, CCS Numbered Letters (N.L.s),[6] and county CCS program information notices, in the development of criteria for use by the MCP's chief medical officer or equivalent and other care management staff. In addition to the requirements included in this APL, MCPs must comply with all applicable state and federal laws and regulations and contractual requirements.

I. MCP AND COUNTY COORDINATION

MCPs and county CCS programs must coordinate the delivery of CCS services to CCS-eligible members. A quarterly meeting between the MCP and the county CCS program must be established to assist with overall coordination by updating policies, procedures, and protocols, as appropriate, and to discuss activities related to the Memorandum of Understanding (MOU) and other WCM related matters.

A. Memorandum of Understanding

MCPs and county CCS programs must execute a MOU outlining their respective responsibilities and obligations under the WCM using the MOU template posted on the CCS WCM page of the DHCS website.[7] The purpose of the MOU is to explain how the MCPs and county CCS programs will coordinate care, conduct program management activities, and exchange information required for the effective and seamless delivery of services to WCM members. The MOU between the individual county and the MCP will serve as the primary vehicle for ensuring

[6] The CCS Numbered Letter index is available at: http://www.dhcs.ca.gov/services/ccs/Pages/CCSNL.aspx
[7] A link to the MOU template can be found on the CCS WCM website at: http://www.dhcs.ca.gov/services/ccs/Pages/CCSWholeChildModel.aspx

collaboration between the MCP and county CCS program. The MOU can be customized based on the needs of the individual county CCS program and the MCP, consistent with the requirements of SB 586 and dependent upon DHCS approval. The MOU must include, at a minimum, all of the provisions specified in the MOU template. Phase 1 MCPs must have submitted an executed MOU, or proved intent and/or progress made towards an executed MOU, by March 31, 2018. Phase 2 MCPs must submit an executed MOU, or prove intent and/or progress made toward an executed MOU, by September 28, 2018. All WCM MOUs are subject to DHCS approval.

B. Transition Plan

Each MCP must develop a comprehensive plan detailing the transition of existing CCS beneficiaries into managed care for treatment of their CCS-eligible conditions. The transition plan must describe collaboration between the MCP and the county CCS program on the transfer of case management, care coordination, provider referrals, and service authorization administrative functions from the county CCS program to the MCPs.[8] The transition plan must also include communication with beneficiaries regarding, but not limited to, authorizations, provider network, case management, and ensuring continuity of care and services for beneficiaries in the process of aging out of CCS. The county CCS programs are required to provide input and collaborate with MCPs on the development of the transition plan. MCPs must submit transition plans to DHCS for approval.

C. Inter-County Transfer

County CCS programs use CMSNet to house and share data needed for Inter-County Transfers (ICTs), while MCPs utilize different data systems. Through their respective MOUs, the MCPs and county CCS programs will develop protocols for the exchange of ICT data, as necessary, including authorization data, member data, and case management information, to ensure an efficient transition of the CCS member and allow for COC of already approved service authorization requests, as required by this APL and applicable state and federal laws.

When a CCS-eligible member moves from a WCM county to a non-WCM county, the county CCS program and MCP, through their respective MOUs, will exchange ICT data. County CCS programs will continue to be responsible for providing transfer data, including clinical and other relevant data, from one county to another. When a CCS eligible member moves out of a WCM county, the county CCS program will notify the MCP and initiate the data transfer request. The MCP is responsible for providing transfer data, including clinical and other relevant data

[8] See WIC Section 14094.7(d)(4)(C), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=WIC&sectionNum=14094.7.

for members to the county CCS program office. The county CCS program will then coordinate the sharing of CCS-eligible member data to the new county of residence. Similarly, when a member moves into a WCM county, the county CCS program will provide transfer data to the MCP as applicable.

D. Dispute Resolution and Provider Grievances

Disagreements between the MCP and the county CCS program regarding CCS medical eligibility determinations must be resolved by the county CCS program, in consultation with DHCS.[9] The county CCS program shall communicate all resolved disputes in writing to the MCP within a timely manner. Disputes between the MCP and the county CCS program that are unable to be resolved will be referred by either entity to DHCS, via email to CCSWCM@dhcs.ca.gov, for review and final determination.[10]

MCPs must have a formal process to accept, acknowledge, and resolve provider disputes and grievances.[11] A CCS provider may submit a dispute or grievance concerning the processing of a payment or non-payment of a claim by the MCP directly to the MCP. The dispute resolution process must be communicated by each MCP to all of its CCS providers.

II. MCP RESPONSIBILITIES TO CCS-ELIGIBLE MEMBERS

A. Risk Level and Needs Assessment Process

The MCP will assess each CCS child's or youth's risk level and needs by performing a risk assessment process using means such as telephonic or in-person communication, review of utilization and claims processing data, or by other means. MCPs are required to develop and complete the risk assessment process for WCM transition members, newly CCS-eligible members, or new CCS members enrolling in the MCP. The risk assessment process must include the development of a pediatric risk stratification process (PRSP) and an Individual Care Plan (ICP) for high risk members. All requirements are dependent on the member's risk level that is determined through the PRSP. Furthermore, nothing in this APL shall remove or limit existing survey or assessment requirements that the MCPs are responsible for outside WCM.

---

[9] See WIC Section 14093.06(b), which is available at: http://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=WIC&sectionNum=14093.06.
[10] Unresolved disputes must be referred to: CCSWCM@dhcs.ca.gov
[11] See WIC Section 14094.15(d), which is available at: http://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=WIC&sectionNum=14094.15.

1. **Pediatric Risk Stratification Process**
   MCPs must develop a pediatric risk stratification mechanism, or algorithm, to assess the CCS-eligible member's risk level that will be used to classify members into high and low risk categories, allowing the MCP to identify members who have more complex health care needs.

   MCPs are required to complete a risk stratification within 45 days of enrollment for all members including new members, newly CCS-eligible members, or WCM transition members. The risk stratification will assess the member's risk level by:

   - Review of medical utilization and claims processing data, including data received from the county and DHCS;
   - Utilization of existing member assessment or survey data; and
   - Telephonic or in-person communications, if available at time of PRSP.

   Members that do not have any medical utilization data, claims processing data history, or other assessments and/or survey information available will automatically be categorized as high risk until further assessment data is gathered to make an additional risk determination. The PRSP must be submitted to DHCS for review and approval.

2. **Risk Assessment and Individual Care Plan Process**
   MCPs must develop a process to assess a member's current health, including the CCS condition, to ensure that each CCS-eligible member receives case management, care coordination, provider referral, and/or service authorization from a CCS paneled provider; this will be dependent upon the member's designation as high or low risk.

   New Members and Newly CCS-eligible Members Determined High Risk
   Members identified as high risk through the PRSP must be further assessed by telephonic and/or in-person communication or a risk assessment survey within 90 calendar days of enrollment to assist in the development of the member's ICP. Any risk assessment survey created by the MCP for the purposes of WCM is subject to review and approval by DHCS.

   Risk Assessment
   The risk assessment process must address:

   a) General Health Status and Recent Health Care Utilization. This may include, but is not limited to, caretaker self-report of child's health;

Back to Agenda

outpatient, emergency room, or inpatient visits; and school days missed due to illness, over a specified duration of time.

b) Health History. This includes both CCS and non-CCS diagnoses and past surgeries.

c) Specialty Provider Referral Needs.

d) Prescription Medication Utilization.

e) Specialized or Customized Durable Medical Equipment (DME) Needs (if applicable).

f) Need for Specialized Therapies (if applicable). This may include, but is not limited to, physical, occupational, or speech therapies (PT/OT /ST), mental or behavioral health services, and educational or developmental services.

g) Limitations of Activities of Daily Living or Daily Functioning (if applicable).

h) Demographics and Social History. This may include, but is not limited to, member demographics, assessment of home and school environments, and cultural and linguistic assessment.

The risk assessment process must be tailored to each CCS-eligible member's age group. At the MCP's discretion, additional assessment questions may be added to assess the need for or impact of future health care services. These may include, but are not limited to, questions related to childhood developmental milestones; pediatric depression, anxiety or attention deficit screening; adolescent substance use; or adolescent sexual behaviors.

Individual Care Plan
MCPs are required to establish an ICP for all members determined high risk based on the results of the risk assessment process, with particular focus on specialty care, within 90 days of a completed risk assessment survey or other assessment by telephonic and/or in-person communication.[12] The ICP will, at a minimum, incorporate the CCS-eligible member's goals and preferences, and provide measurable objectives and timetables to meet the needs for:

- Medical (primary care and CCS specialty) services;
- Mild to moderate or county specialty mental health services;
- Early and Periodic Screening, Diagnosis, and Treatment (EPSDT);
- County substance use disorder (SUD) or Drug Medi-Cal services;

[12] See WIC Section 14094.11(b)(4), which is available at: http://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.11.&lawCode=WIC

- Home health services;
- Regional center services; and
- Other medically necessary services provided within the MCP network, or, when necessary, by an out-of-network provider.

The ICP will be developed by the MCP care management team and must be completed in collaboration with the CCS-eligible member, member's family, and/or their designated caregiver. The ICP should indicate the level of care the member requires (e.g., no case management, basic case management and care coordination, or complex case management). The ICP should also include the following information, as appropriate, and only if the information has not already been provided as part of another MCP process:[13]

a) Access for families so that families know where to go for ongoing information, education, and support in order that they understand the goals, treatment plan, and course of care for their child or youth and their role in the process, what it means to have primary or specialty care for their child or youth, when it is time to call a specialist, primary, urgent care, or emergency room, what an interdisciplinary team is, and what the community resources are.

b) A primary or specialty care physician who is the primary clinician for the CCS-eligible member and who provides core clinical management functions.

c) Care management and care coordination for the CCS-eligible member across the health care system, including transitions among levels of care and interdisciplinary care teams.

d) Provision of information about qualified professionals, community resources, or other agencies for services or items outside the scope of responsibility of the MCP.

Further, the MCP must reassess the member's risk level and needs annually at their CCS eligibility redetermination or upon significant change to the member's condition.

[13] See WIC Section 14094.11(c), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.11.&lawCode=WIC

New Members and Newly CCS-eligible Members Determined Low Risk
For new members and newly CCS-eligible members identified as lower risk, the MCP must assess the member by telephonic and/or in-person communication within 120 calendar days of their enrollment to determine the member's health care needs. The MCP is still required to provide care coordination and case management services to low risk members.

The MCP must reassess the member's risk level and need annually at their CCS eligibility redetermination or upon significant change to the member's condition.

WCM Transitioning Members
For WCM transition members, the MCP must complete the PRSP within 45 days of transition, to determine each member's risk level, and complete all required telephonic and/or in-person communication and ICPs for high risk members and all required telephonic and/or in-person communication for low risk members within one year. Additionally, the MCP must reassess the member's risk level and need annually at their CCS eligibility redetermination, or upon significant change to the member's condition.

MCPs must submit to DHCS for review and approval a phase-in transition plan establishing a process for completing all required telephonic or in-person communication and ICPs within one year for WCM transition members.

Regardless of the risk level of a member, all communications, whether by phone or mail, must inform the member and/or his or her designated caregiver that the assessment will be provided in a linguistically and culturally appropriate manner and identify the method by which the provider will arrange for an in-person assessment.[14]

MCPs must refer all members, including new members, newly CCS-eligible members and WCM transition members who may have developed a new CCS-eligible condition, immediately to the county for CCS eligibility determination and not wait until the annual CCS medical eligibility redetermination period.

B. Case Management and Care Coordination
MCPs must provide case management and care coordination for CCS-eligible members and their families. MCPs must ensure that information, education and support is continuously provided to the CCS-eligible member and their family to

[14] See APL 99-005, which is available at:
http://www.dhcs.ca.gov/formsandpubs/Documents/MMCDAPLsandPolicyLetters/APL1999/MMCDAPL99005.pdf

assist in their understanding of the CCS-eligible member's health, other available services, and overall collaboration on the CCS-eligible member's ICP. MCPs must also coordinate services identified in the member's ICP, including:[15]

- Primary and preventive care services with specialty care services
- Medical therapy units (MTU)
- EPSDT[16]
- Regional center services
- Home and community-based services

1. **High Risk Infant Follow-Up Program**
   High Risk Infant Follow-Up (HRIF) is a program that helps identify infants who might develop CCS-eligible conditions after they are discharged from a Neonatal Intensive Care Unit (NICU). The MCP is responsible for coordinating and authorizing HRIF services for members and ensuring HRIF case management services. MCPs must notify the counties in writing, within 15 calendar days, of CCS-eligible neonates, infants, and children up to three years of age that lose Medi-Cal coverage for HRIF services, and provide COC information to the members.

2. **Age-Out Planning Responsibility**
   MCPs must establish and maintain a process for preparing members approaching WCM age limitations, including identification of primary care and specialty care providers appropriate to the members' CCS qualifying condition(s).

   MCPs must identify and track CCS-eligible members for the duration of their participation in the WCM program and, for those continue to be enrolled in the same MCP, for at least three years after they age-out of the WCM program.[17]

3. **Pediatric Provider Phase-Out Plan**
   A pediatric phase-out occurs when a treating CCS-paneled provider determines that their services are no longer beneficial or appropriate to the treatment to the child or youth. The MCPs must provide care coordination to

[15] See WIC Section14094.11(b)(1)-(6), which is available at: http://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=WIC&sectionNum=14094.11.
[16] If the scope of the federal EPSDT benefit is more generous than the scope of a benefit discussed in a CCS N.L. or other guidance, the EPSDT standard of what is medically necessary to correct or ameliorate the child's condition must be applied. See APL 18-007, which is available at: http://www.dhcs.ca.gov/formsandpubs/Documents/MMCDAPLsandPolicyLetters/APL2018/APL18-007.pdf
[17] See WIC Section 14094.12(j), which is available at: http://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=WIC&sectionNum=14094.12.

CCS-eligible members in need of an adult provider when the CCS-eligible member no longer requires the service of a pediatric provider. The timing of the transition should be individualized to take into consideration the member's medical condition and the established need for care with adult providers.

C. Continuity of Care

MCPs must establish and maintain a process to allow for members to receive COC with existing CCS provider(s) for up to 12 months, in accordance with WIC Section 14094.13.[18] This APL does not alter the MCP's obligation to fully comply with the requirements of HSC Section 1373.96 and all other applicable APLs regarding COC. The sections below include additional COC requirements that only pertain to the WCM program.

1. Specialized or Customized Durable Medical Equipment

If the MCP member has an established relationship with a specialized or customized durable medical equipment (DME) provider, MCPs must provide access to that provider for up to 12 months.[19] MCPs are required to pay the DME provider at rates that are at least equal to the applicable CCS fee-for-service rates, unless the DME provider and the MCP enter into an agreement on an alternative payment methodology that is mutually agreed upon. The MCP may extend the COC period beyond 12 months for specialized or customized DME still under warranty and deemed medically necessary by the treating provider.[20]

Specialized or Customized DME must meet all of the following criteria:

- Is uniquely constructed or substantially modified solely for the use of the member.
- Is made to order or adapted to meet the specific needs of the member.
- Is uniquely constructed, adapted, or modified such that it precludes use of the DME by another individual and cannot be grouped with other items meant for the same use for pricing purposes.

2. COC Case Management[21]

MCPs must ensure CCS-eligible members receive expert case management,

[18] See WIC Section 14094.13, which is available at: http://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=WIC&sectionNum=14094.13.
[19] See WIC Section 14094.12(f), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.12.&lawCode=WIC
[20] See WIC Section 14094.13(b)(3) is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.13.&lawCode=WIC
[21] See WIC Section 14094.13(e), (f) and (g), which are available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.13.&lawCode=WIC

care coordination, service authorization, and provider referral services. MCPs can meet this requirement by allowing the CCS-eligible member, member's family, or designated caregiver to request COC case management and care coordination from the CCS-eligible member's existing public health nurse (PHN). The member must elect to continue receiving case management from the PHN within 90 days of transition of CCS services to the MCP. In the event the county PHN is unavailable, the MCP must provide the member with a MCP case manager who has received adequate training on the county CCS Program and who has clinical experience with the CCS population or pediatric patients with complex medical conditions.

At least 60 days before the transition of CCS services to the MCP, the MCP must provide a written notice to all CCS-eligible members explaining their right to continue receiving case management and care coordination services The MCP must send a follow-up notice 30 days prior to the start of the transition.

3. **Authorized Prescription Drugs**
   CCS-eligible members transitioning into MCPs are allowed continued use of any currently prescribed prescription drug that is part of their prescribed therapy for the CCS-eligible condition. The CCS-eligible member must be allowed to use the prescribed drug until the MCP and the prescribing physician agree that the particular drug is no longer medically necessary or is no longer prescribed by the county CCS program provider.[22]

4. **Appealing COC Limitations**
   MCPs must provide CCS-eligible members with information regarding the WCM appeal process for COC limitations, in writing, 60 days prior to the end of their authorized COC period. The notice must explain the member's right to petition the MCP for an extension of the COC period, the criteria used to evaluate the petition, and the appeals process if the MCP denies the petition.[23] The appeals process notice must include the following information:

   - The CCS-eligible member must first appeal a COC decision with the MCP.
   - A CCS-eligible member, member's family or designated caregiver of the CCS-eligible member may appeal the COC limitation to the DHCS director or his or her designee after exhausting the MCP's appeal process.

[22] See WIC Section 14094.13(d)(2), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.13.&lawCode=WIC
[23] See WIC Section 14094.13(k), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.13.&lawCode=WIC

- The DHCS director or designee will have five (5) days from the date of appeal to inform the family or caregiver of receipt of the request and must provide a decision on the appeal within 30 calendar days from the date of the request. If the member's health is at risk, the DHCS director or designee will inform the member of the decision within 72 hours.[24]

In addition to the protections set forth above, MCP members also have COC rights under current state law.

D. Grievance, Appeal, and State Fair Hearing Process

MCPs must ensure members are provided information on grievances, appeals and state fair hearing processes. CCS-eligible members enrolled in managed care are provided the same grievance, appeal and state fair hearing rights as provided under state and federal law.[25] MCPs must provide timely processes for accepting and acting upon member complaints and grievances. Members appealing a CCS eligibility determination must appeal to the county CCS program.

E. Transportation

MCPs must provide the CCS Maintenance and Transportation (M&T) benefit for CCS-eligible members or the member's family seeking transportation to a medical service related to their CCS-eligible condition when the cost of M&T presents a barrier to accessing authorized CCS services. M&T services include meals, lodging, and other necessary costs (i.e. parking, tolls, etc.), in addition to transportation expenses, and must comply with all requirements listed in N.L. 03-0810.[26] These services include, but are not limited to, M&T for out of county and out of state services.

MCPs must also comply with all requirements listed in APL 17-010[27] for CCS-eligible members to obtain non-emergency medical transportation (NEMT) and non-medical transportation (NMT) for all other services not related to their CCS-eligible condition or if the member requires standard transportation that does not require M&T.

---

[24] See APL 17-006, which is available at:
http://www.dhcs.ca.gov/formsandpubs/Documents/MMCDAPLsandPolicyLetters/APL2017/APL17-006.pdf
[25] See APL 17-006

http://www.dhcs.ca.gov/services/ccs/Documents/ccsnl030810.pdf
[27] APL 17-010 is available at:
http://www.dhcs.ca.gov/formsandpubs/Documents/MMCDAPLsandPolicyLetters/APL2017/APL17-010.pdf

F. Out-of-Network Access

MCPs must allow CCS-eligible members access to out-of-network providers in order to obtain medically necessary services if the MCP has no specialists that treat the CCS-eligible condition within the MCP's provider network or if in-network providers are unable to meet timely access standards. CCS-eligible members and providers are required to follow the MCP's authorization policy and procedures to obtain appropriate approvals before accessing an out-of-network provider. MCPs must ensure that CCS-eligible members requesting services from out-of-network providers are provided accurate information on how to request and seek approval for out-of-network services. MCPs cannot deny out-of-network services based on cost or location. Transportation must be provided for members obtaining out-of-network services.

G. Advisory Committees

MCPs must establish a quarterly Family Advisory Committee (FAC) for CCS families composed of a diverse group of families that represent a range of conditions, disabilities, and demographics. The FAC must also include local providers, including, but not limited to, parent centers, such as family resource centers, family empowerment centers, and parent training and information centers.[28] Members serving on this advisory committee may receive a reasonable per diem payment to enable in-person participation in the advisory committee.[29] A representative of this committee will be invited to serve as a member of the statewide DHCS CCS stakeholder advisory group.

MCPs must also establish a quarterly Clinical Advisory Committee composed of the MCP's chief medical officer or equivalent, the county CCS medical director, and at least four CCS-paneled providers to advise on clinical issues relating to CCS conditions.[30]

III. WCM Payment Structure

A. Payment and Fee Rate

MCPs are required to pay providers at rates that are at least equal to the applicable CCS fee-for-service rates, unless the provider and the MCP enter into

---

[28] See WIC Section 14094.7(d)(3), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.7.&lawCode=WIC
[29] See WIC Section 14094.17(b)(2), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.17.&lawCode=WIC
[30] See WIC Section 14094.17(a), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=14094.17.&lawCode=WIC

an agreement on an alternative payment methodology that is mutually agreed upon.[31]

The payor for NICU services is as follows: an MCP shall pay for NICU services in counties where NICU is carved into the MCP's rate, and DHCS shall pay in counties where NICU is carved out of the MCP's rate.[32]

For WCM counties, all NICU authorizations will be sent to the MCP in which the child is enrolled. The MCP will review authorizations and determine whether or not the services meet CCS NICU requirements. However, claims may be processed and paid by either DHCS or the MCP.

In counties where CCS NICU is carved into the MCP's rate, the MCP will pay all NICU and CCS NICU claims. For counties where CCS is currently carved-out, the MCP will process and pay non-CCS NICU claims, and the State's Fiscal Intermediary will pay CCS NICU claims. Payments made by State's Fiscal Intermediary will be based on the MCP's approval of meeting CCS NICU requirements.

The chart below identifies the entity responsible for NICU acuity assessment, authorization, and payment function activities for WCM:

CCS NICU	NICU Acuity Assessment	Authorization	Payor (Facility/ Physician)
Carved-In Counties: Marin, Merced, Monterey, Napa, San Luis Obispo, San Mateo, Santa Barbara, Santa Cruz, Solano, and Yolo	MCP	MCP	MCP

[31] See WIC Section 14094.16(b), which is available at: https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=WIC&sectionNum=14094.16.
[32] See the Division of Responsibility chart

Back to Agenda

CCS NICU	NICU Acuity Assessment	Authorization	Payor (Facility/ Physician)
Carved-Out: Del Norte, Humboldt, Lake, Lassen, Mendocino, Modoc, Orange, Shasta, Siskiyou, Sonoma, and Trinity	MCP	MCP	DHCS

IV. MCP Responsibilities to DHCS

A. Network Certification

MCPs are required to have an adequate network of providers to serve the CCS-eligible population including physicians, specialists, allied professionals, Special Care Centers, hospitals, home health agencies, and specialized and customizable DME providers. Each network of providers will be reviewed by DHCS and certified annually.

The certification requires the MCP and their delegated entities to submit updated policies and procedures and an updated provider network template to ensure the MCP's network of providers meets network adequacy requirements as described in the Network Certification APL Attachments.[33]

MCPs must demonstrate that the provider network contains an adequate provider overlap with CCS-paneled providers. MCPs must submit provider network documentation to DHCS, as described in APL 18-005. Members cannot be limited to a single delegated entity's provider network. The MCP must ensure members have access to all medically necessary CCS-paneled providers within the MCP's entire provider network. MCPs must submit policies and procedures to DHCS no later than 105 days before the start of the contract year.

B. CCS Paneling and Provider Credentialing Requirements

Physicians and other provider types must be CCS-paneled with full or provisional

[33] APL 18-005 and its attachments are available at: http://www.dhcs.ca.gov/formsandpubs/Pages/AllPlanLetters.aspx

approval status.[34] MCPs cannot panel CCS providers; however, they must ensure that CCS providers in their provider network have an active panel status. MCPs should direct providers who need to be paneled to the CCS Provider Paneling website.[35] The MCPs can view the DHCS CCS-paneled provider list online to ensure providers are credentialed and continue contracting with additional CCS-paneled providers.[36]

MCPs are required to verify the credentials of all contracted CCS-paneled providers to ensure the providers are actively CCS-paneled and authorized to treat CCS-eligible members. The MCP's written policies and procedures must follow the credentialing and recredentialing guidelines of APL 17-019.[37] MCPs must develop and maintain written policies and procedures that pertain to the initial credentialing, recredentialing, recertification, and reappointment of providers within their network.

C. Utilization Management

MCPs must develop, implement, and update, as needed, a utilization management (UM) program that ensures appropriate processes are used to review and approve medically necessary covered services. MCPs are responsible for ensuring that the UM program includes the following items:[38]

- Procedures for pre-authorization, concurrent review, and retrospective review.
- A list of services requiring prior authorization and the utilization review criteria.
- Procedures for the utilization review appeals process for providers and members.
- Procedures that specify timeframes for medical authorization.
- Procedures to detect both under- and over-utilization of health care services.

In addition to the UM processes above, MCPs are responsible for conducting NICU acuity assessments and authorizations in all WCM counties.[39]

D. MCP Reporting Requirements

1. Quality Performance Measures

DHCS will develop pediatric plan performance standards and measurements, including health outcomes of children with special health care needs. MCPs are required to report data on the identified performance measures in a form and manner specified by DHCS.

2. Reporting and Monitoring

DHCS will develop specific monitoring and oversight standards for MCPs. MCPs are required to report WCM encounters as outlined in the most recent DHCS Companion Guide for X12 Standard File Format for encounter data reporting. MCPs are also required to report all contracted CCS-paneled providers as outlined in the most recent DHCS Companion Guide for X12 Standard File Format for provider network data. Both companions guides can be attained by emailing the Encounter Data mailbox at MMCDEncounterData@dhcs.ca.gov. MCPs must submit additionally required data in a form and manner specified by DHCS and must comply with all contractual requirements.

E. Delegation of Authority

In addition to the requirements of this APL, MCPs are responsible for complying with, and ensuring that their delegates also comply with, all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including other APLs, Policy Letters, and Dual Plan Letters. Each MCP must communicate these requirements to all delegated entities and subcontractors. In addition, MCPs must comply with all requirements listed in APL 17-004.[40] If you have any questions regarding this APL, please contact your Managed Care Operations Division contract manager.

Sincerely,

Original signed by Nathan Nau

Nathan Nau, Chief
Managed Care Quality and Monitoring Division

Back to Agenda

State of California—Health and Human Services Agency
Department of Health Care Services

JENNIFER KENT
DIRECTOR

EDMUND G. BROWN JR.
GOVERNOR

DATE: December 23, 2018

ALL PLAN LETTER 18-023
SUPERSEDES ALL PLAN LETTER 18-011

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS PARTICIPATING IN THE WHOLE CHILD MODEL PROGRAM

SUBJECT: CALIFORNIA CHILDREN'S SERVICES WHOLE CHILD MODEL PROGRAM

PURPOSE:
The purpose of this All Plan Letter (APL) is to provide direction to Medi-Cal managed care health plans (MCPs) participating in the California Children's Services (CCS) Whole Child Model (WCM) program. This APL conforms with CCS Numbered Letter (N.L.) 04-0618,[1] which provides direction and guidance to county CCS programs on requirements pertaining to the implementation of the WCM program. This APL supersedes APL 18-011.

BACKGROUND:
Senate Bill (SB) 586 (Hernandez, Chapter 625, Statutes of 2016) authorized the Department of Health Care Services (DHCS) to establish the WCM program in designated County Organized Health System (COHS) or Regional Health Authority counties.[2] The purpose of the WCM program is to incorporate CCS covered services into Medi-Cal managed care for CCS-eligible members. MCPs operating in WCM counties will integrate Medi-Cal managed care and county CCS program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible conditions.[3, 4]

[1] CCS N.L.s can be found at: https://www.dhcs.ca.gov/services/ccs/pages/ccsnl.aspx
[2] SB 586 is available at: https://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill_id=201520160SB586
[3] See Health and Safety Code (HSC) Section 123850(b)(1). HSC is searchable at: http://leginfo.legislature.ca.gov/faces/codesTOCSelected.xhtml?tocCode=HSC&tocTitle=+Health+and+Safety+Code+-+HSC
[4] See Welfare and Institutions Code (WIC) Section 14094.11. WIC is searchable at: https://leginfo.legislature.ca.gov/faces/codesTOCSelected.xhtml?tocCode=WIC&tocTitle=+Welfare+and+Institutions+Code+-+WIC

MCPs will authorize care that is consistent with CCS program standards and provided by CCS-paneled providers, approved Special Care Centers (SCCs), and approved pediatric acute care hospitals. The WCM program will support active participation by parents and families of CCS-eligible members and ensure that members receive protections such as continuity of care (C.O.C.), oversight of network adequacy standards, and quality performance of providers.

WCM will be implemented in 21 specified counties, beginning July 1, 2018. Upon determination by DHCS of the MCPs' readiness to address the needs of the CCS-eligible members, MCPs must transition CCS-eligible members into their MCP network of providers by their scheduled implementation date as follows:

MCP	COHS Counties
Phase 1 – Implemented July 1, 2018	
CenCal Health	San Luis Obispo, Santa Barbara
Central California Alliance for Health	Merced, Monterey, Santa Cruz
Health Plan of San Mateo	San Mateo
Phase 2 – No sooner than January 1, 2019	
Partnership Health Plan	Del Norte, Humboldt, Lake, Lassen, Marin, Mendocino, Modoc, Napa, Shasta, Siskiyou, Solano, Sonoma, Trinity, Yolo
Phase 3 – No sooner than July 1, 2019	
CalOptima	Orange

POLICY:
Starting July 1, 2018, as designated above, MCPs assumed full financial responsibility, with some exceptions, of authorization and payment of CCS-eligible medical services, including service authorization activities, claims processing and payment, case management, and quality oversight.

Under the WCM, the MCP, county CCS program, and DHCS each bear responsibility for various administrative functions to support the CCS Program. Responsibilities for the CCS program's eligibility functions under the WCM are determined by whether the county CCS program operates as an independent or dependent county.[5] Independent CCS counties will maintain responsibility for CCS program medical eligibility determinations for potential members, including responding to and tracking appeals relating to CCS program medical eligibility determinations and annual medical eligibility redeterminations. In dependent counties, DHCS will continue to maintain responsibility for CCS program medical eligibility determinations and redeterminations, while the county CCS programs will maintain responsibility for financial and residential eligibility

[5] A link to the Division of Responsibility chart can be found on the CCS WCM website at: http://www.dhcs.ca.gov/services/ccs/Pages/CCSWholeChildModel.aspx

determinations and re-determinations. The MCP is responsible for providing all medical utilization and other clinical data for purposes of completing the annual medical redetermination and other medical determinations, as needed, for the CCS-eligible member.

MCPs are responsible for identifying and referring potential CCS-eligible members to the county for CCS program eligibility determination. MCPs are also required to provide services to CCS-eligible members with other health coverage, with full scope Medi-Cal as payor of last resort.

The implementation of WCM does not impact the activities and functions of the Medical Therapy Program (MTP). WCM counties participating with the MTP will continue to receive a separate allocation for this program and are responsible for care coordination of MTP services.

MCPs are required to use all current and applicable CCS program guidelines in the development of criteria for use by the MCP's chief medical officer or equivalent and other care management staff. CCS program guidelines include CCS program regulations, additional forthcoming regulations related to the WCM program, CCS N.L.s, and county CCS program information notices. Any N.L.s. that fall within the following Index Categories, as identified by DHCS, are applicable to WCM MCPs:[6]

Index Category
Authorizations/Benefits
Case Management
Pharmaceutical
Standards, Hospital/Pediatric Intensive Care Unit/Neonatal Intensive Care Unit (NICU)

For these applicable N.L.s, the WCM MCP must assume the role of the county or state CCS program as described in the N.L. In addition to the requirements included in this APL, MCPs must comply with all applicable state and federal laws and regulations, as well as all contractual requirements.

I. MCP AND COUNTY COORDINATION

MCPs and county CCS programs must coordinate the delivery of CCS services to CCS-eligible members. A quarterly meeting between the MCP and the county CCS program must be established to assist with overall coordination by updating policies, procedures,

[6] See the WCM CCS N.L. Category List. is available at: https://www.dhcs.ca.gov/services/ccs/Documents/CCS-NL-Index-Category-List-June2018.xls

and protocols, as appropriate, and to discuss activities related to the Memorandum of Understanding (MOU) and other WCM related matters.

A. Memorandum of Understanding

MCPs and county CCS programs must execute a MOU outlining their respective responsibilities and obligations under the WCM using the MOU template posted on the CCS WCM page of the DHCS website.[7] The purpose of the MOU is to explain how the MCPs and county CCS programs will coordinate care, conduct program management activities, and exchange information required for the effective and seamless delivery of services to WCM members. The MOU between the individual county and the MCP serves as the primary vehicle for ensuring collaboration between the MCP and county CCS program. The MOU can be customized based on the needs of the individual county CCS program and the MCP. The MOU must include, at a minimum, all of the provisions specified in the MOU template and must be consistent with the requirements of SB 586. MCPs are required to submit an executed MOU to DHCS 105 days prior to implementation. All WCM MOUs are subject to DHCS approval.

B. Transition Plan

Each MCP must develop a comprehensive plan detailing the transition of existing CCS members into managed care for treatment of their CCS-eligible conditions. The transition plan must describe collaboration between the MCP and the county CCS program on the transfer of case management, care coordination, provider referrals, and service authorization, including administrative functions, from the county CCS program to the MCPs.[8] The transition plan must also include communication with members regarding, but not limited to, authorizations, provider network, case management, and ensuring C.O.C. and services for members who are in the process of aging out of CCS. The county CCS programs are required to provide input and collaborate with MCPs on the development of the transition plan. MCPs must submit transition plans to DHCS for approval.

C. Inter-County Transfer

County CCS programs use the Children's Medical Services Net (CMS Net) system to house and share data needed for Inter-County Transfers (ICTs), while MCPs utilize different data systems. Through their respective MOUs, the MCPs and county CCS programs will develop protocols for the exchange of ICT data, as necessary, including authorization data, member data, and case management information, to ensure an efficient transition of the CCS member and allow for C.O.C. of already approved service authorization requests, as required by this APL and applicable state and federal laws.

[7] See footnote 5. The MOU template can be found on the CCS WCM website.
[8] See footnote 4. WIC Section 14094.7(d)(4)(C).

Back to Agenda

When a CCS-eligible member moves from one county to another, the county CCS program and MCP, through their respective MOUs, will exchange ICT data. County CCS programs will continue to be responsible for providing transfer data, including clinical and other relevant data, from one county to another. When a CCS eligible member moves out of a WCM county, the county CCS program will notify the MCP and initiate the data transfer request. The MCP is responsible for providing transfer data, including clinical and other relevant data for members to the county CCS program office. The county CCS program will then coordinate the sharing of CCS-eligible member data to the new county of residence. Similarly, when a member moves into a WCM county, the county CCS program will provide transfer data to the MCP, as applicable.

D. Dispute Resolution and Provider Grievances

Disagreements between the MCP and the county CCS program regarding CCS medical eligibility determinations must be resolved by the county CCS program, in consultation with DHCS.[9] The county CCS program must communicate all resolved disputes in writing to the MCP. Disputes between the MCP and the county CCS program that are unable to be resolved will be referred by either entity to DHCS, via email to CCSRedesign@dhcs.ca.gov, for review and final determination.[10]

MCPs must have a formal process to accept, acknowledge, and resolve provider disputes and grievances.[11] A CCS provider may submit a dispute or grievance concerning the processing of a payment or non-payment of a claim by the MCP directly to the MCP. The dispute resolution process must be communicated by each MCP to all of its CCS providers.

II. MCP RESPONSIBILITIES TO CCS-ELIGIBLE MEMBERS

A. Risk Level and Needs Assessment Process

The MCP must assess each CCS member's risk level and needs by performing a risk assessment process using means such as telephonic or in-person communication, review of utilization and claims processing data, or by other means. MCPs are required to develop and complete the risk assessment process for WCM transition members, newly CCS-eligible members, or new CCS members enrolling in the MCP. The risk assessment process must include the development of a pediatric risk stratification process (PRSP) and an Individual Care Plan (ICP) for high risk members. All requirements are dependent on the member's risk level that is determined through the PRSP. Furthermore, nothing in this APL removes or limits existing survey or assessment requirements that the MCPs are responsible for outside of the WCM.

---

[9] See footnote 4. WIC Section 14093.06(b).
[10] Unresolved disputes must be referred to: CCSRedesign@dhcs.ca.gov
[11] See footnote 4. WIC Section 14094.15(d).

1. **Pediatric Risk Stratification Process**
   MCPs must develop a pediatric risk stratification mechanism, or algorithm, to assess the CCS-eligible member's risk level that will be used to classify members into high and low risk categories, allowing the MCP to identify members who have more complex health care needs.

   MCPs are required to complete a risk stratification within 45 days of enrollment for all members including new CCS members enrolling in the MCP, newly CCS-eligible members, or WCM transition members. The risk stratification will assess the member's risk level through:

   - Review of medical utilization and claims processing data, including data received from the county and DHCS;
   - Utilization of existing member assessment or survey data; and
   - Telephonic or in-person communications, if available at time of PRSP.

   Members who do not have any medical utilization data, claims processing data history, or other assessments and/or survey information available will automatically be categorized as high risk until further assessment data is gathered to make an additional risk determination. The PRSP must be submitted to DHCS for review and approval.

2. **Risk Assessment and Individual Care Plan Process**
   MCPs must develop a process to assess a member's current health, including the CCS condition, to ensure that each CCS-eligible member receives case management, care coordination, provider referral, and/or service authorization from a CCS-paneled provider, as described below:

   <u>New Members and Newly CCS-Eligible Members Determined High Risk</u>
   Members identified as high risk through the PRSP must be further assessed by telephonic and/or in-person communication or a risk assessment survey within 90 calendar days of enrollment to assist in the development of the member's ICP. Any risk assessment survey created by the MCP for the purposes of WCM is subject to review and approval by DHCS.

   <u>Risk Assessment</u>
   The risk assessment process must address:

   - General health status and recent health care utilization. This may include, but is not limited to, caretaker self-report of child's health; outpatient, emergency room, or inpatient visits; and school days missed due to illness, over a specified duration of time;

Back to Agenda

- Health history. This includes both CCS and non-CCS diagnoses and past surgeries;
- Specialty provider referral needs;
- Prescription medication utilization;
- Specialized or customized durable medical equipment (DME) needs (if applicable);
- Need for specialized therapies (if applicable). This may include, but is not limited to, physical, occupational, or speech therapies, mental or behavioral health services, and educational or developmental services;
- Limitations of activities of daily living or daily functioning (if applicable); and
- Demographics and social history. This may include, but is not limited to, member demographics, assessment of home and school environments, and a cultural and linguistic assessment.

The risk assessment process must be tailored to each CCS-eligible member's age group. At the MCP's discretion, additional assessment questions may be added to identify the need for, or impact of, future health care services. These may include, but are not limited to, questions related to childhood developmental milestones, pediatric depression, anxiety or attention deficit screening, adolescent substance use, or adolescent sexual behaviors.

Individual Care Plan

MCPs are required to establish an ICP for all members determined to be high risk based on the results of the risk assessment process, with particular focus on specialty care, within 90 days of a completed risk assessment survey or other assessment, by telephonic and/or in-person communication.[12] The ICP will, at a minimum, incorporate the CCS-eligible member's goals and preferences, and provide measurable objectives and timetables to meet the needs for:

- Medical (primary care and CCS specialty) services;
- Mild to moderate or county specialty mental health services;
- Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services;
- County substance use disorder or Drug Medi-Cal services;
- Home health services;
- Regional center services; and
- Other medically necessary services provided within the MCP network, or, when necessary, by an out-of-network provider.

[12] See footnote 4. WIC Section 14094.11(b)(4).

Back to Agenda

The ICP must be developed by the MCP care management team and must be completed in collaboration with the CCS-eligible member, member's family, and/or the member's designated caregiver. The ICP must indicate the level of care the member requires (e.g., no case management, basic case management and care coordination, or complex case management). The ICP must also include the following information, as appropriate, and only if the information has not already been provided as part of another MCP process:[13]

- Access instructions for families so that families know where to go for ongoing information, education, and support in order that they may understand the goals, treatment plan, and course of care the CCS-eligible member and the family's role in the process; what it means to have primary or specialty care for the CCS-eligible member; when it is time to call a specialist, primary, urgent care, or emergency room; what an interdisciplinary team is; and what community resources exist;
- A primary or specialty care physician who is the primary clinician for the CCS-eligible member and who provides core clinical management functions;
- Care management and care coordination for the CCS-eligible member across the health care system, including transitions among levels of care and interdisciplinary care teams; and
- Provision of information about qualified professionals, community resources, or other agencies for services or items outside the scope of responsibility of the MCP.

Further, the MCP must reassess members' risk levels and needs annually at the CCS eligibility redetermination or upon a significant change to a member's condition.

<u>New Members and Newly CCS-Eligible Members Determined Low Risk</u>
For new members and newly CCS-eligible members identified as low risk, the MCP must assess the member by telephonic and/or in-person communication within 120 calendar days of enrollment to determine the member's health care needs. The MCP is still required to provide care coordination and case management services to low risk members.

The MCP must reassess members' risk levels and needs annually at CCS eligibility redetermination or upon a significant change to a member's condition.

[13] See footnote 4. WIC Section 14094.11(c).

WCM Transitioning Members

For WCM transition members, the MCP must complete the PRSP within 45 days of transition, to determine each member's risk level, and complete all required telephonic and/or in-person communication and ICPs for high risk members, and all required telephonic and/or in-person communication for low risk members within one year. Additionally, the MCP must reassess members' risk levels and needs annually at CCS eligibility redetermination, or upon a significant change to a member's condition.

MCPs must submit to DHCS for review and approval a phase-in transition plan establishing a process for completing all required telephonic or in-person communication and ICPs within one year for WCM transition members.

Regardless a member's risk level, all communications, whether by phone or mail, must inform the members and/or the member's designated caregivers that assessments will be provided in a linguistically and culturally appropriate manner, and identify the method by which the providers will arrange for in-person assessments.[14]

MCPs must refer all members, including new members, newly CCS-eligible members, and WCM transition members who may have developed a new CCS-eligible condition, immediately to the county for CCS eligibility determination and must not wait until the annual CCS medical eligibility redetermination period.

B. Case Management and Care Coordination[15]

MCPs must provide case management and care coordination for CCS-eligible members and their families. MCPs that delegate the provision of CCS services to subcontractors must ensure that all subcontractors provide case management and care coordination for members and allow members to access CCS-paneled providers within all of the MCP's subcontracted provider networks for CCS services. MCPs must ensure that information, education, and support is continuously provided to CCS-eligible members and their families to assist in their understanding of the CCS-eligible member's health, other available services, and overall collaboration on the CCS-eligible member's ICP. MCPs must also coordinate services identified in the member's ICP, including:

- Primary and preventive care services with specialty care services;
- Medical therapy units;

[14] See Cultural Competency in Health Care – Meeting the Needs of a Culturally and Linguistically Diverse Population APL 99-005. APLs are available at: http://www.dhcs.ca.gov/formsandpubs/Pages/AllPlanLetters.aspx

[15] See footnote 4. WIC Section 14094.11(b)(1)-(6).

- EPSDT services, including palliative care;[16]
- Regional center services; and
- Home and community-based services.

1. **High Risk Infant Follow-Up Program**
   The High Risk Infant Follow-Up (HRIF) program helps identify infants who might develop CCS-eligible conditions after they are discharged from a NICU. MCPs are responsible for determining HRIF program eligibility, coordinating and authorizing HRIF services for members, and ensuring the provision of HRIF case management services.[17] MCPs must notify the counties in writing, within 15 calendar days, of CCS-eligible neonates, infants, and children up to three years of age that lose Medi-Cal coverage for HRIF services, and provide C.O.C. information to the members.

2. **Age-Out Planning Responsibility**
   MCPs must establish and maintain a process for preparing members approaching WCM age limitations, including identification of primary care and specialty care providers appropriate to the member's CCS qualifying condition(s).

   MCPs must identify and track CCS-eligible members for the duration of their participation in the WCM program and, for those who continue to be enrolled in the same MCP, for at least three years after they age-out of the WCM program.[18]

3. **Pediatric Provider Phase-Out Plan**
   A pediatric phase-out occurs when a treating CCS-paneled provider determines that their services are no longer beneficial or appropriate to the treatment to the member. The MCPs must provide care coordination to CCS-eligible members in need of an adult provider when the CCS-eligible member no longer requires the service of a pediatric provider. The timing of the transition should be individualized to take into consideration the member's medical condition and the established need for care with adult providers.

---

[16] If the scope of the federal EPSDT benefit is more generous than the scope of a benefit discussed in a CCS N.L. or other guidance, the EPSDT standard of what is medically necessary to correct or ameliorate the child's condition must be applied. See Requirements for Coverage of Early and Periodic Screening, Diagnostic, and Treatment Services for Medi-Cal Members Under the Age of 21 APL 18-007, or any superseding APL.
[17] HRIF Eligibility Criteria is available at:
https://www.dhcs.ca.gov/services/ccs/pages/hrif.aspx#medicalcriteria
[18] See footnote 4. WIC Section 14094.12(j).

C. Continuity of Care

MCPs must establish and maintain a process to allow members to request and receive C.O.C. with existing CCS provider(s) for up to 12 months.[19] This APL does not alter the MCP's obligation to fully comply with the requirements of HSC Section 1373.96 and all applicable APLs regarding C.O.C.[20] The C.O.C. requirements extend to MCP's subcontractors. The sections below include additional C.O.C. requirements that only pertain to the WCM program.

1. Specialized or Customized Durable Medical Equipment

If the MCP member has an established relationship with a specialized or customized DME provider, MCPs must provide access to that provider for up to 12 months.[21] MCPs are required to pay the DME provider at rates that are at least equal to the applicable CCS fee-for-service (FFS) rates, unless the DME provider and the MCP mutually enter into an agreement on an alternative payment methodology. The MCP may extend the C.O.C. period beyond 12 months for specialized or customized DME still under warranty and deemed medically necessary by the treating provider.[22]

Specialized or customized DME must be:

- Uniquely constructed or substantially modified solely for the use of the member;
- Made to order or adapted to meet the specific needs of the member; and
- Uniquely constructed, adapted, or modified such that it precludes use of the DME by another individual and cannot be grouped with other items meant for the same use for pricing purposes.

2. Continuity of Care Case Management[23]

MCPs must ensure CCS-eligible members receive expert case management, care coordination, service authorization, and provider referral services. MCPs can meet this requirement by allowing CCS-eligible members, their families, or designated caregivers, to request C.O.C. case management and care coordination from the CCS-eligible member's existing public health nurse (PHN). The member must elect to continue receiving case management from the PHN within 90 days of transition of CCS services to the MCP. In the event the county PHN is unavailable, the MCP must provide the member with an MCP case manager who has received adequate training on the county CCS

[19] See footnote 4. WIC Section 14094.13.
[20] See footnote 3. HSC Section 1373.96.
[21] See footnote 4. WIC Section 14094.12(f).
[22] See footnote 4. WIC Section 14094.13(b)(3).
[23] See footnote 4. WIC Section 14094.13(e), (f) and (g).

program and who has clinical experience with the CCS population or with pediatric patients with complex medical conditions.

At least 60 days before the transition of CCS services to the MCP, the MCP must provide a written notice to all CCS-eligible members explaining their right to continue receiving case management and care coordination services. The MCP must send a follow-up notice 30 days prior to the start of the transition. These notices must be submitted to DHCS for approval.

3. Authorized Prescription Drugs

CCS-eligible members transitioning into MCPs are allowed continued use of any currently prescribed drug that is part of their therapy for the CCS-eligible condition. The CCS-eligible member must be allowed to use the prescribed drug until the MCP and the prescribing physician agree that the particular drug is no longer medically necessary or is no longer prescribed by the county CCS program provider.[24]

4. Extension of Continuity of Care Period[25]

MCPs, at their discretion, may extend the C.O.C. period beyond the initial 12-month period. MCPs must provide CCS-eligible members with a written notification 60 days prior to the end of the C.O.C. period informing members of their right to request a C.O.C. extension and the WCM appeal process for C.O.C. limitations.

The notification must be submitted to DHCS for approval and must include:

- The member's right to request that the MCP extend of the C.O.C. period;
- The criteria that the MCP will use to evaluate the request; and
- The appeal process should the MCP deny the request (see section D below).

Including the WCM C.O.C. protections set forth above, MCP members also have C.O.C. rights under current state law as required in the Continuity of Care for Medi-Cal Members Who Transition Into Medi-Cal Managed Care APL 18-008, including any superseding APL.[26]

[24] See footnote 4. WIC Section 14094.13(d)(2).
[25] See footnote 3. HSC Section 1373.96.
[26] See footnote 14. APL 18-008.

Back to Agenda

D. Grievance, Appeal, and State Fair Hearing Process

MCPs must ensure members are provided information on grievances, appeals, and state fair hearing (SFH) rights and processes. CCS-eligible members enrolled in managed care are provided the same grievance, appeal, and SFH rights as other MCP members. This will not preclude the right of the CCS member to appeal or be eligible for a fair hearing regarding the extension of a C.O.C. period.[27] MCPs must have timely processes for accepting and acting upon member grievances and appeals. Members appealing a CCS eligibility determination must appeal to the county CCS program. MCPs must also comply with the requirements pursuant to Section 1557 of the Affordable Care Act.[28]

As stated above, CCS-eligible members and their families/designated caregivers have the right to request extended C.O.C. with the MCP beyond the initial 12-month period. MCPs must process these requests like other standard or expedited prior authorization requests according to the timeframes contained in Grievance and Appeal Requirements and Revised Notice Templates and "Your Rights" Attachments APL 17-006, including any superseding APL.

If MCPs deny requests for extended C.O.C., they must inform members of their right to further appeal these denials with the MCP and of the member's SFH rights following the appeal process as well as in cases of deemed exhaustion. MCPs must follow all noticing and timing requirements contained in APL 17-006, including any superseding APL, when denying extended C.O.C. requests and when processing appeals. As required in APL 17-006, if MCPs make changes to any of the noticing templates, they must submit the revised notices to DHCS for review and approval prior to use.

E. Transportation

MCPs are responsible for authorizing CCS Maintenance and Transportation (M&T), Non-Emergency Medical Transportation (NEMT), and Non-Medical Transportation (NMT).[29]

MCPs must provide and authorize the CCS M&T benefit for CCS-eligible members or the member's family seeking transportation to a medical service related to their CCS-eligible condition when the cost of M&T presents a barrier to accessing authorized CCS services. M&T services include meals, lodging, and other necessary

[27] See footnote 4. WIC Section 14094.13(j).
[28] See footnote 14. For Section 1557 requirements, see Standards for Determining Threshold Languages and Requirements for Section 1557 of the Affordable Care Act APL 17-011, including any superseding APL.
[29] See Non-Emergency Medical and Non-Medical Transportation Services APL 17-010, including any superseding APL.

costs (e.g. parking, tolls, etc.), in addition to transportation expenses, and must comply with the requirements listed in CCS N.L. 03-0810.[30] These services include, but are not limited to, M&T for out-of-county and out-of-state services.

MCPs must also comply with all requirements listed in the Non-Emergency Medical and Non-Medical Transportation Services APL 17-010 for CCS-eligible members to obtain NEMT and NMT for services not related to their CCS-eligible condition or if the member requires standard transportation that does not require M&T.[31]

F. Out-of-Network Access

MCPs must provide all medically necessary services by CCS paneled providers, which may require the member to be seen out of network. MCPs must allow CCS-eligible members access to out-of-network providers in order to obtain medically necessary services if the MCP has no specialists that treat the CCS-eligible condition within the MCP's provider network, or if in-network providers are unable to meet timely access standards. CCS-eligible members and providers are required to follow the MCP's authorization policy and procedures to obtain appropriate approvals before accessing an out-of-network provider. MCPs must ensure that CCS-eligible members requesting services from out-of-network providers are provided accurate information on how to request and seek approval for out-of-network services. MCPs cannot deny out-of-network services based on cost or location. Transportation must be provided for members obtaining out-of-network services. These out-of-network access requirements also apply to the MCP's subcontractor's provider networks.

The MCP and their subcontracted provider networks must ensure members have access to all medically necessary services related to their CCS condition. If CCS-eligible members require services or treatments for a CCS condition that are not available in the MCP's or their subcontracted provider networks, the MCP must identify, coordinate, and provide access to a CCS-paneled specialist out-of-network.

G. Advisory Committees

MCPs must establish a quarterly Family Advisory Committee (FAC) for CCS families composed of a diverse group of families that represent a range of conditions, disabilities, and demographics. The FAC must also include local providers, including, but not limited to, parent centers, such as family resource centers, family empowerment centers, and parent training and information

[30] See footnote 1. CCS N.L. 03-0810.
[31] See footnote 14. APL 17-010.

Back to Agenda

centers.[32] Members serving on this advisory committee may receive a reasonable per diem payment to enable in-person participation in the advisory committee.[33] A representative of this committee will be invited to serve as a member of the statewide DHCS CCS stakeholder advisory group.

MCPs must also establish a quarterly Clinical Advisory Committee composed of the MCP's chief medical officer or equivalent, the county CCS medical director, and at least four CCS-paneled providers to advise on clinical issues relating to CCS conditions.[34]

III. WCM Payment Structure

A. Payment and Fee Rate

MCPs are required to pay providers at rates that are at least equal to the applicable CCS FFS rates, unless the provider and the MCP mutually enter into an agreement on an alternative payment methodology.[35] MCPs are responsible for authorization and payment of all NICU and CCS NICU claims and for conducting NICU acuity assessments and authorizations in all WCM counties.

The MCP will review authorizations and determine whether or not services meet CCS NICU requirements.

The chart below identifies the entity responsible for NICU acuity assessment, authorization, and payment function activities for WCM:

CCS NICU	NICU Acuity Assessment	Authorization	Payor (Facility/ Physician)
Carved-In Counties: Del Norte, Humboldt, Lake, Lassen, Marin, Mendocino, Merced, Modoc, Monterey, Napa, Orange, San Luis Obispo, San Mateo, Santa Barbara, Santa Cruz, Shasta, Siskiyou, Solano, Sonoma, Trinity, and Yolo	MCP	MCP	MCP

[32] See footnote 4. WIC Section 14094.7(d)(3).
[33] See footnote 4. WIC Section 14094.17(b)(2).
[34] See footnote 4. WIC Section 14094.17(a).
[35] See footnote 4. WIC Section 14094.16(b).

Back to Agenda

IV. MCP Responsibilities to DHCS

A. Network Certification[36]

MCPs and their subcontractors are required to meet specific network certification requirements in order to participate in WCM, which includes having an adequate network of CCS-paneled providers to serve the CCS-eligible population including physicians, specialists, allied professionals, SCCs, hospitals, home health agencies, and specialized and customizable DME providers.

The WCM network certification requires MCPs to submit updated policies and procedures and their CCS-paneled provider networks via a WCM Provider Network Reporting Template.[37]

Subcontracted provider networks that do not meet WCM network certification requirements will be excluded from participating in the WCM until DHCS determines that all certification requirements have been met. MCPs are required to provide oversight and monitoring of all subcontractors' provider networks to ensure network certification requirements for WCM are met.

In accordance with Network Certification Requirements APL 18-005, or any other superseding APL, WCM MCPs may request to add a subcontractor to their WCM network 105 days prior to the start of each contract year.

B. CCS Paneling and Provider Credentialing Requirements

Physicians and other provider types must be CCS-paneled with full or provisional approval status.[38] MCPs cannot panel CCS providers; however, they must ensure that CCS providers in their provider network have an active panel status. MCPs should direct providers who need to be paneled to the CCS Provider Paneling website.[39] MCPs can view the DHCS CCS-paneled provider list online to ensure providers are credentialed and continue contracting with additional CCS-paneled providers.[40]

MCPs are required to verify the credentials of all contracted CCS-paneled

---

[36] See footnote 14. These requirements are further outlined in the Network Certification Requirements APL.
[37] See footnote 14. The WCM Provider Network Reporting Template is an attachment of APL 18-005.
[38] See the Medi-Cal Provider Manual on CCS Provider Paneling Requirements, which is available at: https://files.medi-cal.ca.gov/pubsdoco/publications/masters-mtp/part2/calchildpanel_m00i00o03o04o07o09o11a02a04a05a06a07a08p00v00.doc
[39] Children's Medical Services CCS Provider Paneling is available at: https://cmsprovider.cahwnet.gov/PANEL/index.jsp
[40] The CCS Paneled Providers List is available at: https://cmsprovider.cahwnet.gov/prv/pnp.pdf

providers to ensure the providers are actively CCS-paneled and authorized to treat CCS-eligible members. MCPs' written policies and procedures must follow the credentialing and recredentialing guidelines contained in the Provider Credentialing/Recredentialing and Screening Enrollment APL 17-019, or any superseding APL. MCPs must develop and maintain written policies and procedures that pertain to the initial credentialing, recredentialing, recertification, and reappointment of providers within their network.

C. Utilization Management

MCPs must develop, implement, and update, as needed, a utilization management (UM) program that ensures appropriate processes are used to review and approve medically necessary covered services. MCPs are responsible for ensuring that the UM program includes the following items:[41]

- Procedures for pre-authorization, concurrent review, and retrospective review;
- A list of services requiring prior authorization and the utilization review criteria;
- Procedures for the utilization review appeals process for providers and members;
- Procedures that specify timeframes for medical authorization; and
- Procedures to detect both under- and over-utilization of health care services.

MCP Reporting Requirements

1. Quality Performance Measures

DHCS will develop pediatric plan performance standards and measurements, including health outcomes of children with special health care needs. MCPs are required to report data on the identified performance measures in a format and manner specified by DHCS.

2. Reporting and Monitoring

DHCS has developed specific monitoring and oversight standards for MCPs participating in the WCM. MCPs are required to report WCM encounters as outlined in the most recent DHCS Companion Guide for X12 Standard File Format for encounter data reporting. MCPs are also required to report all contracted CCS-paneled providers as outlined in the most recent DHCS Companion Guide for X12 Standard File Format for provider network data. Both companion guides can be attained by emailing the Encounter Data mailbox at MMCDEncounterData@dhcs.ca.gov. MCPs must submit additionally required

[41] See the COHS Boilerplate Contract, Exhibit A, Attachment 5, Utilization Management. The COHS Boilerplate Contract is available at: http://www.dhcs.ca.gov/provgovpart/Pages/MMCDBoilerplateContracts.aspx

data in a form and manner specified by DHCS and must comply with all contractual requirements.

D. Delegation of Authority

In addition to the requirements of this APL, MCPs are responsible for complying with, and ensuring that their delegates also comply with, all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including other APLs, Policy Letters, and Dual Plan Letters. Each MCP must communicate these requirements to all delegated entities and subcontractors. In addition, MCPs must comply with all requirements listed in the Subcontractual Relationships and Delegation APL 17-004, or any superseding APL. If you have any questions regarding this APL, please contact your Managed Care Operations Division contract manager.

Sincerely,

Original Signed by Nathan Nau

MEDICARE PLAN PAYMENT GROUP

DATE: April 27, 2018

TO: All Medicare Advantage Organizations, Cost Plans, PACE Organizations, and Demonstrations

FROM: Jennifer Harlow /s/
Deputy Director, Medicare Plan Payment Group

SUBJECT: Application of the Merit-based Incentive Payment System (MIPS) Payment Adjustment to Medicare Advantage Out-of-Network Payments

The Medicare Access and CHIP Reauthorization Act of 2015 (MACRA) (P.L. 114-10) created the Quality Payment Program to reform Medicare Part B payments by rewarding the delivery of high-quality patient care through two avenues: (1) the Merit-based Incentive Payment System (MIPS) and (2) Advanced Alternative Payment Models (Advanced APMs). This memorandum provides guidance to Medicare Advantage organizations (MAOs) regarding the application of the MIPS payment adjustment to their payments to non-contract MIPS eligible clinicians. The guidance in this memorandum is not intended to apply to MAOs' payments to contract clinicians.[1]

CMS will address the applicability of the APM incentive payment to MA non-contract provider payments in future guidance.

Merit-based Incentive Payment System (MIPS)

Section 101(b) of the MACRA consolidated certain aspects of three current incentive programs – the Medicare Electronic Health Record (EHR) Incentive Program for eligible professionals, the Physician Quality Reporting System (PQRS), and the Value-based Payment Modifier – into one program, called the Merit-based Incentive Payment System (MIPS).

Beginning in 2017, MIPS eligible clinicians are evaluated during a MIPS performance period across the following performance categories: Quality, Advancing Care Information,[2] Improvement Activities, and Cost.[3] Based on their performance, MIPS eligible clinicians will

[1] Section 1854(a)(6)(B)(iii) of the Social Security Act prohibits CMS from interfering in payment arrangements between MAOs and contract clinicians by requiring specific price structures for payment. Thus, whether and how the MIPS payment adjustments might affect an MAO's payments to its contract clinicians are governed by the terms of the contract between the MAO and the clinician.

[2] Starting in 2018, the Advancing Care Information performance category will be known as the Promoting Interoperability performance category.

[3] For 2017, the MIPS payment adjustment is based on performance across the Quality, Advancing Care

Back to Agenda

receive a positive, neutral, or negative MIPS payment adjustment during the corresponding MIPS payment year. Performance in 2017 will be used to determine the MIPS payment adjustment that applies in the 2019 MIPS payment year. The MIPS payment adjustment will be applied to the amount otherwise paid for the clinician's covered professional services (i.e., services furnished by the MIPS eligible clinician and paid under or based on the Medicare physician fee schedule (PFS)).

MIPS Payment Adjustments

The maximum positive and negative MIPS adjustments for each payment year are as follows: in 2019, +/-4 percent; in 2020, +/-5 percent; in 2021, +/-7 percent; and in 2022 and subsequent years, +/-9 percent. Positive MIPS adjustment factors may be increased or decreased by a scaling factor (not to exceed 3.0) to ensure that the adjustments are budget neutral. For payment years 2019 to 2024, MIPS eligible clinicians who are determined to be exceptional performers can receive an additional positive MIPS payment adjustment.

Additional information on the MIPS payment adjustments is available at: https://www.cms.gov/Medicare/Quality-Payment-Program/Quality-Payment-Program.html.

Application of MIPS Payment Adjustment to MA Non-Contract Provider Payments

When an MAO's coverage responsibilities include payment for services furnished to an enrollee by a non-contract provider (including a provider who is "deemed" to be contracting under a private fee-for-service (PFFS) plan), the MA plan's payment to the provider must be equal to the total dollar amount that would have been authorized for such services under Medicare Parts A and B, less any cost sharing provided for under the plan. Section 1852(a)(2) of the Social Security Act (42 U.S.C. § 1395w-22(a)(2)); 42 C.F.R. § 422.100(b)(2). In addition, section 1852(k)(1) of the Social Security Act provides that a physician or other entity (other than a "provider of services" as defined in section 1861(u)) that does not have a contract establishing payment amounts for services furnished to a beneficiary enrolled in an MA plan must accept as payment in full the amount that the physician or other entity would be paid if the beneficiary were enrolled in Medicare FFS Parts A and B only; any penalty or "other provision of law" applicable to such payment under Medicare FFS would also apply to the payment from the MA plan.

Calculating the 2019 MIPS Payment Adjustment

Under Medicare FFS, the MIPS payment adjustment factor, and if applicable, the additional MIPS payment adjustment factor, are applied to the Medicare paid amount for covered professional services for which payment is made under or based on the Medicare PFS. For covered professional services, the Medicare paid amount is generally 80 percent of the PFS allowed amount.

Under Medicare FFS, MIPS payment adjustments are not applied to the portion of the PFS allowed amount that represents beneficiary cost-sharing (generally 20 percent of the PFS allowed amount for covered professional services). Therefore, the total amount paid to a MIPS eligible clinician for covered professional services is the MIPS-adjusted, Medicare paid amount

---

Information, and Improvement Activities performance categories. The Cost performance category will be scored in 2017, but will not be weighted as part of the final score or used to determine 2019 MIPS payment adjustments.

plus beneficiary cost-sharing. When a MIPS eligible clinician furnishes services to an MA plan member on a non-contract basis, the combined payment that the clinician receives from the MA plan and the plan member must be no less than the total MIPS-adjusted payment amount that the clinician would have received under Medicare FFS. Although MAOs are required to reflect positive MIPS payment adjustments in payments for covered professional services to non-contract MIPS eligible clinicians, application of any negative MIPS payment adjustment is at the discretion of the MAO.

MIPS payment adjustments are applied on a per-claim basis. MAOs may apply MIPS payment adjustments either at the time payment is made to a MIPS eligible non-contract clinician for covered professional services furnished during the applicable MIPS payment year or as a retroactive adjustment to paid claims. CMS recommends that MAOs that apply a retroactive adjustment to paid claims provide notice to affected non-contract clinicians as soon as possible to eliminate concern that the combined payment from the MAO and plan member will not equal the applicable MIPS-adjusted payment amount. MAOs must continue to meet the prompt payment requirements in section 1857(f)(1) of the Act and 42 C.F.R. § 422.520(a).

Effect on MA Plan Cost-Sharing

MA plan enrollees are responsible for plan-allowed cost-sharing for out-of-network services. If an MA plan requires a fixed copayment for out-of-network services, cost-sharing is limited to the copayment amount. For MA plans that use a coinsurance method of cost-sharing, MA plan members may be required to pay the coinsurance percentage multiplied by the total MIPS-adjusted PFS allowed amount. An MAO may calculate the net payment that it owes to a non-contract MIPS eligible clinician for a covered professional service by subtracting the member's out-of-network cost-sharing amount from the total MIPS-adjusted payment amount for the service.

For example, if a non-contract MIPS eligible clinician who is entitled to receive a MIPS payment adjustment of +4 percent bills an MAO for a covered professional service with a PFS allowed amount of $100, the total MIPS-adjusted payment amount would be calculated as follows:

Medicare paid amount:	80% * $100 = $80
MIPS-adjusted Medicare paid amount:	104% * $80 = $83.20
Medicare FFS cost-sharing:	20% * $100 = $20
Total MIPS-adjusted payment amount:	$103.20

In the above example, if the MA plan uses a coinsurance method of cost-sharing for out-of-network services, and plan-allowed coinsurance is 30 percent, the plan member would be responsible for 30 percent of the total MIPS-adjusted payment amount, and the MAO would be responsible for the remaining 70 percent.

Total MIPS-adjusted payment amount:	$103.20
Enrollee cost-sharing (30% coinsurance):	30% * $103.20 = $30.96
MA plan liability:	70% * $103.20 = $72.24

If the MA plan requires a $30 copayment for out-of-network services, the MAO would be responsible for the total MIPS-adjusted payment amount net of the beneficiary's $30 copayment.

Total MIPS-adjusted payment amount:	$103.20
Enrollee cost-sharing ($30 copayment):	$30
MA plan liability:	$103.20 – $30 = $73.20

MIPS Adjustment File Access

For each MIPS payment year (starting with 2019), CMS will upload to HPMS (https://hpms.cms.gov) a data file that lists each MIPS eligible clinician (identified by a unique Taxpayer Identification Number and National Provider Identifier (TIN/NPI) combination) and the applicable MIPS payment adjustment percentage, including any additional adjustments for exceptional performance. The data file will be added to the "Incentive Payments" section of the HPMS Data Extract Facility (HPMS Home > Data Extract Facility > Incentive Payments).

CMS will issue an HPMS announcement informing MAOs of the release of the MIPS adjustment data file. We expect that this file will be made available at the end of 2018, after CMS has completed targeted reviews of MIPS payment adjustment factors.

Additional Information

If you have questions about this HPMS notice, please contact Sean O'Grady at sean.ogrady@cms.hhs.gov.

ALL PLAN LETTER 18-023
SUPERSEDES ALL PLAN LETTER 18-011

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS PARTICIPATING IN THE WHOLE CHILD MODEL PROGRAM

SUBJECT: CALIFORNIA CHILDREN'S SERVICES WHOLE CHILD MODEL PROGRAM

PURPOSE:
The purpose of this All Plan Letter (APL) is to provide direction to Medi-Cal managed care health plans (MCPs) participating in the California Children's Services (CCS) Whole Child Model (WCM) program. This APL conforms with CCS Numbered Letter (N.L.) 04-0618,[1] which provides direction and guidance to county CCS programs on requirements pertaining to the implementation of the WCM program. This APL supersedes APL 18-011.

BACKGROUND:
Senate Bill (SB) 586 (Hernandez, Chapter 625, Statutes of 2016) authorized the Department of Health Care Services (DHCS) to establish the WCM program in designated County Organized Health System (COHS) or Regional Health Authority counties.[2] The purpose of the WCM program is to incorporate CCS covered services into Medi-Cal managed care for CCS-eligible members. MCPs operating in WCM counties will integrate Medi-Cal managed care and county CCS program administrative functions to provide comprehensive treatment of the whole child and care coordination in the areas of primary, specialty, and behavioral health for CCS-eligible and non-CCS-eligible conditions.[3, 4]

[1] CCS N.L.s can be found at: https://www.dhcs.ca.gov/services/ccs/pages/ccsnl.aspx
[2] SB 586 is available at: https://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill_id=201520160SB586
[3] See Health and Safety Code (HSC) Section 123850(b)(1). HSC is searchable at: http://leginfo.legislature.ca.gov/faces/codesTOCSelected.xhtml?tocCode=HSC&tocTitle=+Health+and+Safety+Code+-+HSC
[4] See Welfare and Institutions Code (WIC) Section 14094.11. WIC is searchable at: https://leginfo.legislature.ca.gov/faces/codesTOCSelected.xhtml?tocCode=WIC&tocTitle=+Welfare+and+Institutions+Code+-+WIC

MCPs will authorize care that is consistent with CCS program standards and provided by CCS-paneled providers, approved Special Care Centers (SCCs), and approved pediatric acute care hospitals. The WCM program will support active participation by parents and families of CCS-eligible members and ensure that members receive protections such as continuity of care (C.O.C.), oversight of network adequacy standards, and quality performance of providers.

WCM will be implemented in 21 specified counties, beginning July 1, 2018. Upon determination by DHCS of the MCPs' readiness to address the needs of the CCS-eligible members, MCPs must transition CCS-eligible members into their MCP network of providers by their scheduled implementation date as follows:

MCP	COHS Counties
Phase 1 – Implemented July 1, 2018	
CenCal Health	San Luis Obispo, Santa Barbara
Central California Alliance for Health	Merced, Monterey, Santa Cruz
Health Plan of San Mateo	San Mateo
Phase 2 – No sooner than January 1, 2019	
Partnership Health Plan	Del Norte, Humboldt, Lake, Lassen, Marin, Mendocino, Modoc, Napa, Shasta, Siskiyou, Solano, Sonoma, Trinity, Yolo
Phase 3 – No sooner than July 1, 2019	
CalOptima	Orange

POLICY:
Starting July 1, 2018, as designated above, MCPs assumed full financial responsibility, with some exceptions, of authorization and payment of CCS-eligible medical services, including service authorization activities, claims processing and payment, case management, and quality oversight.

Under the WCM, the MCP, county CCS program, and DHCS each bear responsibility for various administrative functions to support the CCS Program. Responsibilities for the CCS program's eligibility functions under the WCM are determined by whether the county CCS program operates as an independent or dependent county.[5] Independent CCS counties will maintain responsibility for CCS program medical eligibility determinations for potential members, including responding to and tracking appeals relating to CCS program medical eligibility determinations and annual medical eligibility redeterminations. In dependent counties, DHCS will continue to maintain responsibility for CCS program medical eligibility determinations and redeterminations, while the county CCS programs will maintain responsibility for financial and residential eligibility

[5] A link to the Division of Responsibility chart can be found on the CCS WCM website at: http://www.dhcs.ca.gov/services/ccs/Pages/CCSWholeChildModel.aspx

determinations and re-determinations. The MCP is responsible for providing all medical utilization and other clinical data for purposes of completing the annual medical redetermination and other medical determinations, as needed, for the CCS-eligible member.

MCPs are responsible for identifying and referring potential CCS-eligible members to the county for CCS program eligibility determination. MCPs are also required to provide services to CCS-eligible members with other health coverage, with full scope Medi-Cal as payor of last resort.

The implementation of WCM does not impact the activities and functions of the Medical Therapy Program (MTP). WCM counties participating with the MTP will continue to receive a separate allocation for this program and are responsible for care coordination of MTP services.

MCPs are required to use all current and applicable CCS program guidelines in the development of criteria for use by the MCP's chief medical officer or equivalent and other care management staff. CCS program guidelines include CCS program regulations, additional forthcoming regulations related to the WCM program, CCS N.L.s, and county CCS program information notices. Any N.L.s. that fall within the following Index Categories, as identified by DHCS, are applicable to WCM MCPs:[6]

Index Category
Authorizations/Benefits
Case Management
Pharmaceutical
Standards, Hospital/Pediatric Intensive Care Unit/Neonatal Intensive Care Unit (NICU)

For these applicable N.L.s, the WCM MCP must assume the role of the county or state CCS program as described in the N.L. In addition to the requirements included in this APL, MCPs must comply with all applicable state and federal laws and regulations, as well as all contractual requirements.

I. MCP AND COUNTY COORDINATION

MCPs and county CCS programs must coordinate the delivery of CCS services to CCS-eligible members. A quarterly meeting between the MCP and the county CCS program must be established to assist with overall coordination by updating policies, procedures,

[6] See the WCM CCS N.L. Category List. is available at: https://www.dhcs.ca.gov/services/ccs/Documents/CCS-NL-Index-Category-List-June2018.xls

and protocols, as appropriate, and to discuss activities related to the Memorandum of Understanding (MOU) and other WCM related matters.

A. Memorandum of Understanding

MCPs and county CCS programs must execute a MOU outlining their respective responsibilities and obligations under the WCM using the MOU template posted on the CCS WCM page of the DHCS website.[7] The purpose of the MOU is to explain how the MCPs and county CCS programs will coordinate care, conduct program management activities, and exchange information required for the effective and seamless delivery of services to WCM members. The MOU between the individual county and the MCP serves as the primary vehicle for ensuring collaboration between the MCP and county CCS program. The MOU can be customized based on the needs of the individual county CCS program and the MCP. The MOU must include, at a minimum, all of the provisions specified in the MOU template and must be consistent with the requirements of SB 586. MCPs are required to submit an executed MOU to DHCS 105 days prior to implementation. All WCM MOUs are subject to DHCS approval.

B. Transition Plan

Each MCP must develop a comprehensive plan detailing the transition of existing CCS members into managed care for treatment of their CCS-eligible conditions. The transition plan must describe collaboration between the MCP and the county CCS program on the transfer of case management, care coordination, provider referrals, and service authorization, including administrative functions, from the county CCS program to the MCPs.[8] The transition plan must also include communication with members regarding, but not limited to, authorizations, provider network, case management, and ensuring C.O.C. and services for members who are in the process of aging out of CCS. The county CCS programs are required to provide input and collaborate with MCPs on the development of the transition plan. MCPs must submit transition plans to DHCS for approval.

C. Inter-County Transfer

County CCS programs use the Children's Medical Services Net (CMS Net) system to house and share data needed for Inter-County Transfers (ICTs), while MCPs utilize different data systems. Through their respective MOUs, the MCPs and county CCS programs will develop protocols for the exchange of ICT data, as necessary, including authorization data, member data, and case management information, to ensure an efficient transition of the CCS member and allow for C.O.C. of already approved service authorization requests, as required by this APL and applicable state and federal laws.

[7] See footnote 5. The MOU template can be found on the CCS WCM website.
[8] See footnote 4. WIC Section 14094.7(d)(4)(C).

Back to Agenda

When a CCS-eligible member moves from one county to another, the county CCS program and MCP, through their respective MOUs, will exchange ICT data. County CCS programs will continue to be responsible for providing transfer data, including clinical and other relevant data, from one county to another. When a CCS eligible member moves out of a WCM county, the county CCS program will notify the MCP and initiate the data transfer request. The MCP is responsible for providing transfer data, including clinical and other relevant data for members to the county CCS program office. The county CCS program will then coordinate the sharing of CCS-eligible member data to the new county of residence. Similarly, when a member moves into a WCM county, the county CCS program will provide transfer data to the MCP, as applicable.

D. Dispute Resolution and Provider Grievances

Disagreements between the MCP and the county CCS program regarding CCS medical eligibility determinations must be resolved by the county CCS program, in consultation with DHCS.[9] The county CCS program must communicate all resolved disputes in writing to the MCP. Disputes between the MCP and the county CCS program that are unable to be resolved will be referred by either entity to DHCS, via email to CCSRedesign@dhcs.ca.gov, for review and final determination.[10]

MCPs must have a formal process to accept, acknowledge, and resolve provider disputes and grievances.[11] A CCS provider may submit a dispute or grievance concerning the processing of a payment or non-payment of a claim by the MCP directly to the MCP. The dispute resolution process must be communicated by each MCP to all of its CCS providers.

II. MCP RESPONSIBILITIES TO CCS-ELIGIBLE MEMBERS

A. Risk Level and Needs Assessment Process

The MCP must assess each CCS member's risk level and needs by performing a risk assessment process using means such as telephonic or in-person communication, review of utilization and claims processing data, or by other means. MCPs are required to develop and complete the risk assessment process for WCM transition members, newly CCS-eligible members, or new CCS members enrolling in the MCP. The risk assessment process must include the development of a pediatric risk stratification process (PRSP) and an Individual Care Plan (ICP) for high risk members. All requirements are dependent on the member's risk level that is determined through the PRSP. Furthermore, nothing in this APL removes or limits existing survey or assessment requirements that the MCPs are responsible for outside of the WCM.

---

[9] See footnote 4. WIC Section 14093.06(b).
[10] Unresolved disputes must be referred to: CCSRedesign@dhcs.ca.gov
[11] See footnote 4. WIC Section 14094.15(d).

1. **Pediatric Risk Stratification Process**
   MCPs must develop a pediatric risk stratification mechanism, or algorithm, to assess the CCS-eligible member's risk level that will be used to classify members into high and low risk categories, allowing the MCP to identify members who have more complex health care needs.

   MCPs are required to complete a risk stratification within 45 days of enrollment for all members including new CCS members enrolling in the MCP, newly CCS-eligible members, or WCM transition members. The risk stratification will assess the member's risk level through:

   - Review of medical utilization and claims processing data, including data received from the county and DHCS;
   - Utilization of existing member assessment or survey data; and
   - Telephonic or in-person communications, if available at time of PRSP.

   Members who do not have any medical utilization data, claims processing data history, or other assessments and/or survey information available will automatically be categorized as high risk until further assessment data is gathered to make an additional risk determination. The PRSP must be submitted to DHCS for review and approval.

2. **Risk Assessment and Individual Care Plan Process**
   MCPs must develop a process to assess a member's current health, including the CCS condition, to ensure that each CCS-eligible member receives case management, care coordination, provider referral, and/or service authorization from a CCS-paneled provider, as described below:

   <u>New Members and Newly CCS-Eligible Members Determined High Risk</u>
   Members identified as high risk through the PRSP must be further assessed by telephonic and/or in-person communication or a risk assessment survey within 90 calendar days of enrollment to assist in the development of the member's ICP. Any risk assessment survey created by the MCP for the purposes of WCM is subject to review and approval by DHCS.

   <u>Risk Assessment</u>
   The risk assessment process must address:

   - General health status and recent health care utilization. This may include, but is not limited to, caretaker self-report of child's health; outpatient, emergency room, or inpatient visits; and school days missed due to illness, over a specified duration of time;

Back to Agenda

- Health history. This includes both CCS and non-CCS diagnoses and past surgeries;
- Specialty provider referral needs;
- Prescription medication utilization;
- Specialized or customized durable medical equipment (DME) needs (if applicable);
- Need for specialized therapies (if applicable). This may include, but is not limited to, physical, occupational, or speech therapies, mental or behavioral health services, and educational or developmental services;
- Limitations of activities of daily living or daily functioning (if applicable); and
- Demographics and social history. This may include, but is not limited to, member demographics, assessment of home and school environments, and a cultural and linguistic assessment.

The risk assessment process must be tailored to each CCS-eligible member's age group. At the MCP's discretion, additional assessment questions may be added to identify the need for, or impact of, future health care services. These may include, but are not limited to, questions related to childhood developmental milestones, pediatric depression, anxiety or attention deficit screening, adolescent substance use, or adolescent sexual behaviors.

Individual Care Plan

MCPs are required to establish an ICP for all members determined to be high risk based on the results of the risk assessment process, with particular focus on specialty care, within 90 days of a completed risk assessment survey or other assessment, by telephonic and/or in-person communication.[12] The ICP will, at a minimum, incorporate the CCS-eligible member's goals and preferences, and provide measurable objectives and timetables to meet the needs for:

- Medical (primary care and CCS specialty) services;
- Mild to moderate or county specialty mental health services;
- Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) services;
- County substance use disorder or Drug Medi-Cal services;
- Home health services;
- Regional center services; and
- Other medically necessary services provided within the MCP network, or, when necessary, by an out-of-network provider.

[12] See footnote 4. WIC Section 14094.11(b)(4).

Back to Agenda

The ICP must be developed by the MCP care management team and must be completed in collaboration with the CCS-eligible member, member's family, and/or the member's designated caregiver. The ICP must indicate the level of care the member requires (e.g., no case management, basic case management and care coordination, or complex case management). The ICP must also include the following information, as appropriate, and only if the information has not already been provided as part of another MCP process:[13]

- Access instructions for families so that families know where to go for ongoing information, education, and support in order that they may understand the goals, treatment plan, and course of care the CCS-eligible member and the family's role in the process; what it means to have primary or specialty care for the CCS-eligible member; when it is time to call a specialist, primary, urgent care, or emergency room; what an interdisciplinary team is; and what community resources exist;
- A primary or specialty care physician who is the primary clinician for the CCS-eligible member and who provides core clinical management functions;
- Care management and care coordination for the CCS-eligible member across the health care system, including transitions among levels of care and interdisciplinary care teams; and
- Provision of information about qualified professionals, community resources, or other agencies for services or items outside the scope of responsibility of the MCP.

Further, the MCP must reassess members' risk levels and needs annually at the CCS eligibility redetermination or upon a significant change to a member's condition.

<u>New Members and Newly CCS-Eligible Members Determined Low Risk</u>
For new members and newly CCS-eligible members identified as low risk, the MCP must assess the member by telephonic and/or in-person communication within 120 calendar days of enrollment to determine the member's health care needs. The MCP is still required to provide care coordination and case management services to low risk members.

The MCP must reassess members' risk levels and needs annually at CCS eligibility redetermination or upon a significant change to a member's condition.

[13] See footnote 4. WIC Section 14094.11(c).

WCM Transitioning Members

For WCM transition members, the MCP must complete the PRSP within 45 days of transition, to determine each member's risk level, and complete all required telephonic and/or in-person communication and ICPs for high risk members, and all required telephonic and/or in-person communication for low risk members within one year. Additionally, the MCP must reassess members' risk levels and needs annually at CCS eligibility redetermination, or upon a significant change to a member's condition.

MCPs must submit to DHCS for review and approval a phase-in transition plan establishing a process for completing all required telephonic or in-person communication and ICPs within one year for WCM transition members.

Regardless a member's risk level, all communications, whether by phone or mail, must inform the members and/or the member's designated caregivers that assessments will be provided in a linguistically and culturally appropriate manner, and identify the method by which the providers will arrange for in-person assessments.[14]

MCPs must refer all members, including new members, newly CCS-eligible members, and WCM transition members who may have developed a new CCS-eligible condition, immediately to the county for CCS eligibility determination and must not wait until the annual CCS medical eligibility redetermination period.

B. Case Management and Care Coordination[15]

MCPs must provide case management and care coordination for CCS-eligible members and their families. MCPs that delegate the provision of CCS services to subcontractors must ensure that all subcontractors provide case management and care coordination for members and allow members to access CCS-paneled providers within all of the MCP's subcontracted provider networks for CCS services. MCPs must ensure that information, education, and support is continuously provided to CCS-eligible members and their families to assist in their understanding of the CCS-eligible member's health, other available services, and overall collaboration on the CCS-eligible member's ICP. MCPs must also coordinate services identified in the member's ICP, including:

- Primary and preventive care services with specialty care services;
- Medical therapy units;

[14] See Cultural Competency in Health Care – Meeting the Needs of a Culturally and Linguistically Diverse Population APL 99-005. APLs are available at: http://www.dhcs.ca.gov/formsandpubs/Pages/AllPlanLetters.aspx

[15] See footnote 4. WIC Section 14094.11(b)(1)-(6).

- EPSDT services, including palliative care;[16]
- Regional center services; and
- Home and community-based services.

1. **High Risk Infant Follow-Up Program**
   The High Risk Infant Follow-Up (HRIF) program helps identify infants who might develop CCS-eligible conditions after they are discharged from a NICU. MCPs are responsible for determining HRIF program eligibility, coordinating and authorizing HRIF services for members, and ensuring the provision of HRIF case management services.[17] MCPs must notify the counties in writing, within 15 calendar days, of CCS-eligible neonates, infants, and children up to three years of age that lose Medi-Cal coverage for HRIF services, and provide C.O.C. information to the members.

2. **Age-Out Planning Responsibility**
   MCPs must establish and maintain a process for preparing members approaching WCM age limitations, including identification of primary care and specialty care providers appropriate to the member's CCS qualifying condition(s).

   MCPs must identify and track CCS-eligible members for the duration of their participation in the WCM program and, for those who continue to be enrolled in the same MCP, for at least three years after they age-out of the WCM program.[18]

3. **Pediatric Provider Phase-Out Plan**
   A pediatric phase-out occurs when a treating CCS-paneled provider determines that their services are no longer beneficial or appropriate to the treatment to the member. The MCPs must provide care coordination to CCS-eligible members in need of an adult provider when the CCS-eligible member no longer requires the service of a pediatric provider. The timing of the transition should be individualized to take into consideration the member's medical condition and the established need for care with adult providers.

---

[16] If the scope of the federal EPSDT benefit is more generous than the scope of a benefit discussed in a CCS N.L. or other guidance, the EPSDT standard of what is medically necessary to correct or ameliorate the child's condition must be applied. See Requirements for Coverage of Early and Periodic Screening, Diagnostic, and Treatment Services for Medi-Cal Members Under the Age of 21 APL 18-007, or any superseding APL.
[17] HRIF Eligibility Criteria is available at:
https://www.dhcs.ca.gov/services/ccs/pages/hrif.aspx#medicalcriteria
[18] See footnote 4. WIC Section 14094.12(j).

C. Continuity of Care

MCPs must establish and maintain a process to allow members to request and receive C.O.C. with existing CCS provider(s) for up to 12 months.[19] This APL does not alter the MCP's obligation to fully comply with the requirements of HSC Section 1373.96 and all applicable APLs regarding C.O.C.[20] The C.O.C. requirements extend to MCP's subcontractors. The sections below include additional C.O.C. requirements that only pertain to the WCM program.

1. Specialized or Customized Durable Medical Equipment

If the MCP member has an established relationship with a specialized or customized DME provider, MCPs must provide access to that provider for up to 12 months.[21] MCPs are required to pay the DME provider at rates that are at least equal to the applicable CCS fee-for-service (FFS) rates, unless the DME provider and the MCP mutually enter into an agreement on an alternative payment methodology. The MCP may extend the C.O.C. period beyond 12 months for specialized or customized DME still under warranty and deemed medically necessary by the treating provider.[22]

Specialized or customized DME must be:

- Uniquely constructed or substantially modified solely for the use of the member;
- Made to order or adapted to meet the specific needs of the member; and
- Uniquely constructed, adapted, or modified such that it precludes use of the DME by another individual and cannot be grouped with other items meant for the same use for pricing purposes.

2. Continuity of Care Case Management[23]

MCPs must ensure CCS-eligible members receive expert case management, care coordination, service authorization, and provider referral services. MCPs can meet this requirement by allowing CCS-eligible members, their families, or designated caregivers, to request C.O.C. case management and care coordination from the CCS-eligible member's existing public health nurse (PHN). The member must elect to continue receiving case management from the PHN within 90 days of transition of CCS services to the MCP. In the event the county PHN is unavailable, the MCP must provide the member with an MCP case manager who has received adequate training on the county CCS

[19] See footnote 4. WIC Section 14094.13.
[20] See footnote 3. HSC Section 1373.96.
[21] See footnote 4. WIC Section 14094.12(f).
[22] See footnote 4. WIC Section 14094.13(b)(3).
[23] See footnote 4. WIC Section 14094.13(e), (f) and (g).

program and who has clinical experience with the CCS population or with pediatric patients with complex medical conditions.

At least 60 days before the transition of CCS services to the MCP, the MCP must provide a written notice to all CCS-eligible members explaining their right to continue receiving case management and care coordination services. The MCP must send a follow-up notice 30 days prior to the start of the transition. These notices must be submitted to DHCS for approval.

3. Authorized Prescription Drugs

CCS-eligible members transitioning into MCPs are allowed continued use of any currently prescribed drug that is part of their therapy for the CCS-eligible condition. The CCS-eligible member must be allowed to use the prescribed drug until the MCP and the prescribing physician agree that the particular drug is no longer medically necessary or is no longer prescribed by the county CCS program provider.[24]

4. Extension of Continuity of Care Period[25]

MCPs, at their discretion, may extend the C.O.C. period beyond the initial 12-month period. MCPs must provide CCS-eligible members with a written notification 60 days prior to the end of the C.O.C. period informing members of their right to request a C.O.C. extension and the WCM appeal process for C.O.C. limitations.

The notification must be submitted to DHCS for approval and must include:

- The member's right to request that the MCP extend of the C.O.C. period;
- The criteria that the MCP will use to evaluate the request; and
- The appeal process should the MCP deny the request (see section D below).

Including the WCM C.O.C. protections set forth above, MCP members also have C.O.C. rights under current state law as required in the Continuity of Care for Medi-Cal Members Who Transition Into Medi-Cal Managed Care APL 18-008, including any superseding APL.[26]

[24] See footnote 4. WIC Section 14094.13(d)(2).
[25] See footnote 3. HSC Section 1373.96.
[26] See footnote 14. APL 18-008.

Back to Agenda

D. Grievance, Appeal, and State Fair Hearing Process

MCPs must ensure members are provided information on grievances, appeals, and state fair hearing (SFH) rights and processes. CCS-eligible members enrolled in managed care are provided the same grievance, appeal, and SFH rights as other MCP members. This will not preclude the right of the CCS member to appeal or be eligible for a fair hearing regarding the extension of a C.O.C. period.[27] MCPs must have timely processes for accepting and acting upon member grievances and appeals. Members appealing a CCS eligibility determination must appeal to the county CCS program. MCPs must also comply with the requirements pursuant to Section 1557 of the Affordable Care Act.[28]

As stated above, CCS-eligible members and their families/designated caregivers have the right to request extended C.O.C. with the MCP beyond the initial 12-month period. MCPs must process these requests like other standard or expedited prior authorization requests according to the timeframes contained in Grievance and Appeal Requirements and Revised Notice Templates and "Your Rights" Attachments APL 17-006, including any superseding APL.

If MCPs deny requests for extended C.O.C., they must inform members of their right to further appeal these denials with the MCP and of the member's SFH rights following the appeal process as well as in cases of deemed exhaustion. MCPs must follow all noticing and timing requirements contained in APL 17-006, including any superseding APL, when denying extended C.O.C. requests and when processing appeals. As required in APL 17-006, if MCPs make changes to any of the noticing templates, they must submit the revised notices to DHCS for review and approval prior to use.

E. Transportation

MCPs are responsible for authorizing CCS Maintenance and Transportation (M&T), Non-Emergency Medical Transportation (NEMT), and Non-Medical Transportation (NMT).[29]

MCPs must provide and authorize the CCS M&T benefit for CCS-eligible members or the member's family seeking transportation to a medical service related to their CCS-eligible condition when the cost of M&T presents a barrier to accessing authorized CCS services. M&T services include meals, lodging, and other necessary

[27] See footnote 4. WIC Section 14094.13(j).
[28] See footnote 14. For Section 1557 requirements, see Standards for Determining Threshold Languages and Requirements for Section 1557 of the Affordable Care Act APL 17-011, including any superseding APL.
[29] See Non-Emergency Medical and Non-Medical Transportation Services APL 17-010, including any superseding APL.

costs (e.g. parking, tolls, etc.), in addition to transportation expenses, and must comply with the requirements listed in CCS N.L. 03-0810.[30] These services include, but are not limited to, M&T for out-of-county and out-of-state services.

MCPs must also comply with all requirements listed in the Non-Emergency Medical and Non-Medical Transportation Services APL 17-010 for CCS-eligible members to obtain NEMT and NMT for services not related to their CCS-eligible condition or if the member requires standard transportation that does not require M&T.[31]

F. Out-of-Network Access

MCPs must provide all medically necessary services by CCS paneled providers, which may require the member to be seen out of network. MCPs must allow CCS-eligible members access to out-of-network providers in order to obtain medically necessary services if the MCP has no specialists that treat the CCS-eligible condition within the MCP's provider network, or if in-network providers are unable to meet timely access standards. CCS-eligible members and providers are required to follow the MCP's authorization policy and procedures to obtain appropriate approvals before accessing an out-of-network provider. MCPs must ensure that CCS-eligible members requesting services from out-of-network providers are provided accurate information on how to request and seek approval for out-of-network services. MCPs cannot deny out-of-network services based on cost or location. Transportation must be provided for members obtaining out-of-network services. These out-of-network access requirements also apply to the MCP's subcontractor's provider networks.

The MCP and their subcontracted provider networks must ensure members have access to all medically necessary services related to their CCS condition. If CCS-eligible members require services or treatments for a CCS condition that are not available in the MCP's or their subcontracted provider networks, the MCP must identify, coordinate, and provide access to a CCS-paneled specialist out-of-network.

G. Advisory Committees

MCPs must establish a quarterly Family Advisory Committee (FAC) for CCS families composed of a diverse group of families that represent a range of conditions, disabilities, and demographics. The FAC must also include local providers, including, but not limited to, parent centers, such as family resource centers, family empowerment centers, and parent training and information

[30] See footnote 1. CCS N.L. 03-0810.
[31] See footnote 14. APL 17-010.

Back to Agenda

centers.[32] Members serving on this advisory committee may receive a reasonable per diem payment to enable in-person participation in the advisory committee.[33] A representative of this committee will be invited to serve as a member of the statewide DHCS CCS stakeholder advisory group.

MCPs must also establish a quarterly Clinical Advisory Committee composed of the MCP's chief medical officer or equivalent, the county CCS medical director, and at least four CCS-paneled providers to advise on clinical issues relating to CCS conditions.[34]

III. WCM Payment Structure

A. Payment and Fee Rate

MCPs are required to pay providers at rates that are at least equal to the applicable CCS FFS rates, unless the provider and the MCP mutually enter into an agreement on an alternative payment methodology.[35] MCPs are responsible for authorization and payment of all NICU and CCS NICU claims and for conducting NICU acuity assessments and authorizations in all WCM counties.

The MCP will review authorizations and determine whether or not services meet CCS NICU requirements.

The chart below identifies the entity responsible for NICU acuity assessment, authorization, and payment function activities for WCM:

CCS NICU	NICU Acuity Assessment	Authorization	Payor (Facility/ Physician)
Carved-In Counties: Del Norte, Humboldt, Lake, Lassen, Marin, Mendocino, Merced, Modoc, Monterey, Napa, Orange, San Luis Obispo, San Mateo, Santa Barbara, Santa Cruz, Shasta, Siskiyou, Solano, Sonoma, Trinity, and Yolo	MCP	MCP	MCP

[32] See footnote 4. WIC Section 14094.7(d)(3).
[33] See footnote 4. WIC Section 14094.17(b)(2).
[34] See footnote 4. WIC Section 14094.17(a).
[35] See footnote 4. WIC Section 14094.16(b).

Back to Agenda

IV. MCP Responsibilities to DHCS

A. Network Certification[36]

MCPs and their subcontractors are required to meet specific network certification requirements in order to participate in WCM, which includes having an adequate network of CCS-paneled providers to serve the CCS-eligible population including physicians, specialists, allied professionals, SCCs, hospitals, home health agencies, and specialized and customizable DME providers.

The WCM network certification requires MCPs to submit updated policies and procedures and their CCS-paneled provider networks via a WCM Provider Network Reporting Template.[37]

Subcontracted provider networks that do not meet WCM network certification requirements will be excluded from participating in the WCM until DHCS determines that all certification requirements have been met. MCPs are required to provide oversight and monitoring of all subcontractors' provider networks to ensure network certification requirements for WCM are met.

In accordance with Network Certification Requirements APL 18-005, or any other superseding APL, WCM MCPs may request to add a subcontractor to their WCM network 105 days prior to the start of each contract year.

B. CCS Paneling and Provider Credentialing Requirements

Physicians and other provider types must be CCS-paneled with full or provisional approval status.[38] MCPs cannot panel CCS providers; however, they must ensure that CCS providers in their provider network have an active panel status. MCPs should direct providers who need to be paneled to the CCS Provider Paneling website.[39] MCPs can view the DHCS CCS-paneled provider list online to ensure providers are credentialed and continue contracting with additional CCS-paneled providers.[40]

MCPs are required to verify the credentials of all contracted CCS-paneled

---

[36] See footnote 14. These requirements are further outlined in the Network Certification Requirements APL.
[37] See footnote 14. The WCM Provider Network Reporting Template is an attachment of APL 18-005.
[38] See the Medi-Cal Provider Manual on CCS Provider Paneling Requirements, which is available at: https://files.medi-cal.ca.gov/pubsdoco/publications/masters-mtp/part2/calchildpanel_m00i00o03o04o07o09o11a02a04a05a06a07a08p00v00.doc
[39] Children's Medical Services CCS Provider Paneling is available at: https://cmsprovider.cahwnet.gov/PANEL/index.jsp
[40] The CCS Paneled Providers List is available at: https://cmsprovider.cahwnet.gov/prv/pnp.pdf

providers to ensure the providers are actively CCS-paneled and authorized to treat CCS-eligible members. MCPs' written policies and procedures must follow the credentialing and recredentialing guidelines contained in the Provider Credentialing/Recredentialing and Screening Enrollment APL 17-019, or any superseding APL. MCPs must develop and maintain written policies and procedures that pertain to the initial credentialing, recredentialing, recertification, and reappointment of providers within their network.

C. Utilization Management

MCPs must develop, implement, and update, as needed, a utilization management (UM) program that ensures appropriate processes are used to review and approve medically necessary covered services. MCPs are responsible for ensuring that the UM program includes the following items:[41]

- Procedures for pre-authorization, concurrent review, and retrospective review;
- A list of services requiring prior authorization and the utilization review criteria;
- Procedures for the utilization review appeals process for providers and members;
- Procedures that specify timeframes for medical authorization; and
- Procedures to detect both under- and over-utilization of health care services.

MCP Reporting Requirements

1. Quality Performance Measures

DHCS will develop pediatric plan performance standards and measurements, including health outcomes of children with special health care needs. MCPs are required to report data on the identified performance measures in a format and manner specified by DHCS.

2. Reporting and Monitoring

DHCS has developed specific monitoring and oversight standards for MCPs participating in the WCM. MCPs are required to report WCM encounters as outlined in the most recent DHCS Companion Guide for X12 Standard File Format for encounter data reporting. MCPs are also required to report all contracted CCS-paneled providers as outlined in the most recent DHCS Companion Guide for X12 Standard File Format for provider network data. Both companion guides can be attained by emailing the Encounter Data mailbox at MMCDEncounterData@dhcs.ca.gov. MCPs must submit additionally required

[41] See the COHS Boilerplate Contract, Exhibit A, Attachment 5, Utilization Management. The COHS Boilerplate Contract is available at: http://www.dhcs.ca.gov/provgovpart/Pages/MMCDBoilerplateContracts.aspx

data in a form and manner specified by DHCS and must comply with all contractual requirements.

D. Delegation of Authority

In addition to the requirements of this APL, MCPs are responsible for complying with, and ensuring that their delegates also comply with, all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including other APLs, Policy Letters, and Dual Plan Letters. Each MCP must communicate these requirements to all delegated entities and subcontractors. In addition, MCPs must comply with all requirements listed in the Subcontractual Relationships and Delegation APL 17-004, or any superseding APL. If you have any questions regarding this APL, please contact your Managed Care Operations Division contract manager.

Sincerely,

Original Signed by Nathan Nau

Nathan Nau, Chief
Managed Care Quality and Monitoring Division

Back to Agenda

Whole Child Model Network Certification Requirements for Delegated Entities

Managed care health plans (MCPs) and their delegated entities (DEs) are required to meet specific network certification requirements in order to participate in Whole Child Model. The requirements include 27 network certification components: 24 core specialists, tertiary and pediatric community hospitals, and NICUs by either meeting the required overlap threshold or having a contract with at least 1 of that provider/specialty type or facility statewide.

DEs are responsible for meeting the overlap threshold for 23 of the 27 components. For the remaining four components listed below, MCPs will be required to meet the statewide requirement of a minimum of 1 of each provider/subspecialty type due to the rarity of the subspecialists statewide. Approved DEs will be allowed to participate in WCM while continuing to seek contractual relationships with the following:

- Pediatric Dermatology *(23 statewide)*
- Pediatric Developmental and Behavioral Medicine *(5 statewide)*
- Oral and Maxillofacial Surgery *(20 statewide)*
- Transplant Hepatology *(6 statewide)*

DEs must allow out of network access to any and all specialists required to cover medically necessary CCS services, including but not limited to, the specialists listed above. This includes subspecialists not included as part of the WCM network certification. Although DEs are not required to have the 4 rare subspecialists for the WCM network certification in order to participate at implementation, DEs are encouraged to continue contracting efforts.

The certification results of DEs are grouped into two categories:

% of WCM Certification Requirements Met	# of Deficiencies	Met/Not Met
95% - 100%	0-1	Met
Below 95%	2 or more	Not Met[1]

WCM MCP's Overall Provider Network

DEs that do not meet WCM Network Certification components will not be included in WCM MCP's overall provider network assessment. In order for a WCM MCP to be approved for WCM, they must continue to meet required WCM Network Certification components using only CCS-paneled providers contracted with DEs that are able to participate.

DEs Meeting WCM Requirements

For a DE to be approved for WCM, the DE must have executed contracts with 95% of the 23 components. The remaining DEs that have greater deficiencies are deemed as "Not Met" for certification purposes. DHCS may consider allowing DEs that do not meet requirements (below 95%) if they can attest that 95% of the certification requirements are met by January 2, 2019. MCPs will be required to demonstrate that DEs are compliant with network certification requirements by submitting contract signature pages by March 1, 2019.

If an MCP has a direct network, DHCS will permit an MCP to subcontract with one DE using their direct network to bring one additional DE into compliance with network certification standards.

DHCS will provide the MCP with formal notification by March 15, 2019 of DEs that DHCS will approve in the certification process for the Phase 3 WCM implementation. If an MCP's DE is approved on March 15, 2019 and is 95% compliant with WCM network certification requirements, a CAP will be imposed beginning July 1, 2019 until the

[1] MCP will have 30 days to finalize contract negotiations to remedy their deficiencies to potentially move them into the 95% and meet certification requirements

Back to Agenda

MCP can demonstrate that the DE is 100% complaint with WCM network certification requirements. Additional information on the CAP requirements and process are below.

DEs Not Meeting WCM Requirements

DEs that do not meet WCM network certification requirements will be excluded from operating in WCM until they are able to demonstrate they meet the WCM network certification requirements. CCS-eligible members enrolled in DEs that are found ineligible to participate in WCM will be given the option to select a new DE or be reassigned to DEs that meet 100% of the WCM network certification requirements. The WCM MCP will be required to update their auto-assignment P&P and algorithm to distribute CCS-eligible members equally amongst DEs that meet all requirements. The MCP will also be required to send a DHCS approved member notice to members assigned to DEs that do not meet WCM network certification standards at least 90 days prior to July 1, 2019.

In accordance with Network Certification Requirements APL 18-005, WCM MCPs may request to add a DE to their WCM network 105 days prior to the start of each contract year (no sooner than September petition date for a January 1, 2020 WCM implementation).

Access for CCS-eligible Members Outside of DE

Members must be allowed to receive services for their CCS condition outside of their assigned DE for continuity of care (COC) purposes or if there no providers that meet the member's CCS medical needs within the DE's network. Members who are required to select or be reassigned to a new DE that is approved to participate in WCM are permitted through COC to continue to receive services from a provider in their previous DE, including their assigned PCP. The WCM MCP and DEs must comply with COC requirements outlined in APL 18-008[2].

Corrective Action Plan (CAP) and CAP Mandates

WCM MCPs that have DEs that are approved to participate in WCM but have outstanding network deficiencies upon implementation would be placed under a CAP. The WCM MCP will have until March 15, 2019 to demonstrate DEs approved to participate in WCM have met 100% of WCM certification requirements. The DE would have 6 months from July 1, 2019 to remedy the network deficiency by contracting with the appropriate CCS-paneled provider. While under the CAP, the DEs must allow WCM members to access WCM services outside of the DE network until DHCS finds that the deficiency has been corrected.

Additional MCP Requirements

WCM MCPs that have DEs will be required to submit additional documentation to DHCS for review and/or approval:

1. CCS-paneled Provider Network for DEs.
2. Attestation stating CCS-eligible members will not be assigned to a DE that is excluded from participating in WCM.
3. WCM MCP oversight and readiness activities for DEs to demonstrate requirements are met for implementation.
4. Auto-assignment process and algorithm for CCS-eligible members who are assigned to a new DE.
5. Member notice outlining that they must select a new DE or they will be assigned to an approved DHCS DE.
6. Updated Policies and Procedures
    a. DE monitoring
    b. Continuity of Care

[2] APL 18-008 can be found here: https://www.dhcs.ca.gov/formsandpubs/Documents/MMCDAPLsandPolicyLetters/APL2018/APL18-008.pdf

Back to Agenda

Phase 3 Network Certification Recommendations

CalOptima

CalOptima's DEs Networks

Based on WCM network certification results, DHCS' preliminary assessment approves the WCM provider networks for the following DEs that met 95% or more of the WCM network certification requirements:

Requirements Met - 95% and above		
DE	**# of Deficiencies**	**Provider Type**
1. CalOptima Community	0	N/A
2. Children's Hospital of Orange County (CHOC)	0	N/A
3. Kaiser Permanente	0	N/A
4. Talbert Medical Group	0	N/A
5. AltaMed	0	N/A
6. Arta Western	1	Physical Medicine and Rehabilitation
7. Monarch Family	1	Rheumatology
Requirements Not Met – Below 95%		
DE	**# of Deficiencies**	**Provider Types**
8. Regal Medical Group	2	Infectious Disease; Neurology
9. Noble	2	Infectious Disease; Neurology
10. United Care Medical Group	3	Physical Medicine and Rehabilitation; Plastic Surgery; Rheumatology
11. Prospect Medical Group	4	Genetics; Infectious Disease; Plastic Surgery; Rheumatology
12. Family Choice	8	Allergy and Immunology; Endocrinology; Genetics; Infectious Disease; Neurology; Physical Medicine and Rehabilitation; Rheumatology; Urology
13. AMVI Care	9	Genetics; Hematology-Oncology; Infectious Disease; Neurology; Neurological Surgery; Physical Medicine and Rehabilitation; Plastic Surgery; Pulmonology; Rheumatology

CalOptima's DE Hospital Network

Health Network	Contract Model
AltaMed Health Services Corporation	SRG
AMVI Care Health Network	PHC
Arta Western Medical Group, Inc.	SRG
CHOC Health Alliance	PHC
Family Choice Health Network	PHC
Heritage Provider Network (HPN) - Regal Medical Group	HMO
Kaiser Permanente	HMO
Monarch Family HealthCare	HMO
Noble Mid-Orange County	SRG
Prospect Medical Group	HMO

Back to Agenda

Contract Model	Inpatient Contract Holder	Inpatient Payer	Inpatient Payment Structure
HMO	DE	DE	Capitated
PHC	Delegated Hospital*	Delegated Hospital*	Capitated
SRG	CalOptima	CalOptima	FFS

* In the PHC model, CalOptima delegates institutional risk to a delegated hospital and professional risk to a delegated provider group (which we have been referring to as “Health Networks” or “Delegated Entities”). In the PHC arrangement, CalOptima pays the delegated hospital capitation, which the delegated hospital uses to pay for institutional services provided to a given member, whether that care is rendered by the delegated hospital itself or by another facility with which it is contracted. In the PHC arrangement, CalOptima separately pays the delegated provider group capitation, which it uses to pay for professional services provided to a given member. In the PHC arrangement, the delegated provider group performs utilization management for the group’s assigned members, whether the member requires institutional or professional services. A contract also exists between the delegated hospital and the delegated provider group, and that contract contains a risk sharing element.

CalOptima’s Overall Provider Network

CalOptima meets the WCM network certification overlap requirements[3] as an “overall network” using the 7 DEs that are meeting the WCM certification. The Oral and Maxillofacial Surgery Specialist was also included in the “overall network” assessment although there is only one provider within the county and the provider is currently contracted with Kaiser exclusively. CalOptima Community is in contract negotiations with 5 Cleft Palate SCCs that have Oral and Maxillofacial Surgery Specialists.

[3] Each WCM MCP is required to meet 50% in-county, 25% regionally, 10% statewide or contract with at least one for each component included in the certification.

Back to Agenda

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken June 7, 2018
Regular Meeting of the CalOptima Board of Directors

Consent Calendar

10. Consider Authorizing and Directing the Chairman of the Board of Directors to Execute an Amendment to the Primary Agreement with the California Department of Health Care Services (DHCS) Related to the Health Homes Program

Contact

Silver Ho, Executive Director, Compliance, (714) 246-8400
Greg Hamblin, Chief Financial Officer, (714) 246-8400

Recommended Action

Authorize and direct the Chairman of the Board of Directors (Board) to execute an Amendment to the Primary Agreement between DHCS and CalOptima related to incorporation of language related to the Health Homes Program (HHP).

Background

As a County Organized Health System (COHS), CalOptima contracts with DHCS to provide health care services to Medi-Cal beneficiaries in Orange County. In January 2009, CalOptima entered into a new five (5) year agreement with DHCS. Amendments to this agreement are summarized in the attached appendix, including Amendment 31, which extends the agreement through December 31, 2020. The agreement contains, among other terms and conditions, the payment rates CalOptima receives from DHCS to provide health care services.

Discussion

On October 2, 2017, DHCS submitted an amendment to the Centers for Medicare & Medicaid Services (CMS) for approval that will incorporate language regarding the Health Homes Program (HHP) into managed care plan (MCP) contracts, including CalOptima's.

The Medicaid Health Home State Plan Option, authorized under Section 2703 of the Patient Protection and Affordable Care Act (ACA), allowed states to create Medicaid health homes to provide supplemental services that coordinate the full range of physical health, behavioral health, and community-based long term services and supports (LTSS) needed by members with chronic conditions. Among other goals, the HHP was designed with particular attention paid to its ability to produce positive health outcomes for individuals experiencing homelessness. Specifically, the HHP provides six core services:

- Comprehensive care management;
- Care coordination;
- Health promotion;
- Comprehensive transitional care;
- Individual and family support; and

Back to Agenda

- Referral to community and social support services, including housing.

Effective July 1, 2019, CalOptima will begin providing HHP services to members with eligible chronic physical conditions and substance use disorder (SUD); effective January 1, 2020, CalOptima will begin providing HHP services for members with Severe Mental Illness (SMI).

Once CMS concludes its review of DHCS' proposed amendment, DHCS will provide the amendment to CalOptima for prompt signature and return. If the amendment is not consistent with staff's understanding as presented in this document or if it includes significant unexpected language changes, staff will return to the Board of Directors for consideration and/or ratification of staff action.

DHCS has advised that once the contract amendment and applicable APLs are finalized, it will require MCPs to submit readiness deliverables related to the amendment. DHCS' requested deliverables may include Policies and Procedures (P&Ps) designed to demonstrate compliance with requirements included in the amendment. To the extent that CalOptima staff must provide information to DHCS to meet certain deliverables, including the revision or creation of P&Ps that would ordinarily come to the Board of Directors for approval, staff will return to the Board of Directors at a later date for further consideration and/or ratification of staff action.

Following is a general summary of the major changes to expected be addressed in the final contract amendment:

	Requirement
HHP Compliance	Implement the HHP, as directed by DHCS, and in accordance with all State and federal requirements related to HHP and DHCS APLs.
Provider Network	Maintain an adequate network of CB–CMEs to serve HHP members including providers with experience working with people who are chronically homeless. Establish contractual relationships with organizations to provide HHP services including individual housing transition services and individual housing and tenancy sustaining services. Amend the current MOU with the Orange County Health Care Agency to incorporate HHP requirements.
Provider Relations	Ensure that staff providing HHP services complete required training as determined by DHCS and participate in DHCS–operated learning collaboratives.
Eligibility and Enrollment	Enrollment in HHP based on HHP eligibility criteria, as defined by DHCS.

Back to Agenda

	Requirement
HHP Member Services	Includes CB–CME selection, and HHP–specific member information and provider directory requirements.
HHP Covered Services	Includes the provision and coordination of HHP services informed by evidence–based clinical practice guidelines.
Information Sharing	Develop and maintain a method to track and share HHP member information between CB–CMEs, CalOptima, and other providers, as warranted.
Quality Improvement System	Include HHP–specific elements in current Quality Improvement system processes and conduct oversight and regular auditing and monitoring of HHP care management requirements.
Payment	CalOptima shall receive an additional monthly payment for each HHP member who receives HHP services.
Required Reports for the HHP	Submission of reports for HHP in a form and manner specified by DHCS.

The final contract amendment is also expected to contain revisions to Plan rates related to the HHP. On April 2, 2018, DHCS provided draft rates applicable for the first two years of the program. Highlights regarding these rates includes the following:

- Updates to the wage inflation factor, existing care coordination (ECC), and partial dual adjustment.
- Build-up of the lower bound HHP services per-member-per-month (PMPM) for chronic conditions (CC) and SMI enrollees, highlights the salary and caseload assumptions by HHP staff member, along with tier mix assumptions and the provider overhead cost. Rates are displayed in six month increments for the first 30 months of the program.
- Build-up of the lower bound engagement period costs for each member on the Targeted Engagement List (TEL), wage and service time assumptions by HHP staff member, and the assumed average number of months of engagement required for each TEL member.
- Combines information from steps 1 and 2 outlined above to produce the statewide lower bound HHP PMPM for the CC only and SMI populations.
- Application of the county-specific wage index, rural area, and wage inflation factors to the statewide rates. Plan-specific existing ECC PMPM and Partial Dual carve–outs are applied to create lower bound non–full dual rates with lower bound full–dual rates created by carving out the ECC and CCM/BHI PMPMs.
- Blending of CC only and SMI rates based on projected HHP enrollment to produce SFY rates.

Fiscal Impact

The recommended action to execute an amendment to the primary agreement between DHCS and CalOptima to incorporate language regarding the HHP program carries significant financial risks. Based on DHCS' proposed rates, staff estimates that the total annual program costs for

HHP will be $12 million. Management has included projected expenses to implement the HHP program effective July 1, 2019, in the proposed CalOptima FY 2018-19 Operating Budget pending Board approval and will include projected revenue and expenses for the HHP program in future operating budgets. Actual utilization associated with the HHP eligible population is still relatively unknown. Therefore, CalOptima will closely monitor program expenses and continue to work closely with DHCS to ensure that Medi-Cal revenue will be sufficient to support the HHP program.

Rationale for Recommendation

The addition of the HHP contract amendment to CalOptima's Primary Agreement with DHCS is necessary to ensure compliance with the requirements of participation in the Medi-Cal program.

APPENDIX TO AGENDA ITEM

The following is a summary of amendments to the Primary Agreement approved by the CalOptima Board of Directors (Board) to date:

Amendments to Primary Agreement	Board Approval
A-01 provided language changes related to Indian Health Services, home and community-based services, and addition of aid codes effective January 1, 2009.	October 26, 2009
A-02 provided rate changes that reflected implementation of the gross premiums tax authorized by AB 1422 (2009) for the period January 1, 2009, through June 30, 2009.	October 26, 2009
A-03 provided revised capitation rates for the period July 1, 2009, through June 30, 2010; and rate increases to reflect the gross premiums tax authorized by AB 1422 (2009) for the period July 1, 2009, through June 30, 2010.	January 7, 2010
A-04 included the necessary contract language to conform to AB X3 (2009), to eliminate nine (9) Medi-Cal optional benefits.	July 8, 2010
A-05 provided revised capitation rates for the period July 1, 2010, through June 30, 2011, including rate increases to reflect the gross premium tax authorized by AB 1422 (2009), the hospital quality assurance fee (QAF) authorized by AB 1653 (2010), and adjustments for maximum allowable cost pharmacy pricing.	November 4, 2010
A-06 provided revised capitation rates for the period July 1, 2010, through June 30, 2011, for funding for legislatively mandated rate adjustments to Long Term Care facilities effective August 1, 2010; and rate increases to reflect the gross premiums tax on the adjusted revenues for the period July 1, 2010, through June 30, 2011.	September 1, 2011
A-07 included a rate adjustment that reflected the extension of the supplemental funding to hospitals authorized in AB 1653 (2010), as well as an Intergovernmental Transfer (IGT) program for Non-Designated Public Hospitals (NDPHs) and Designated Public Hospitals (DPHs).	November 3, 2011
A-08 provided revised capitation rates for the period July 1, 2010, through June 30, 2011, for funding related to the Intergovernmental Transfer (IGT) Agreement between CalOptima and the University of California, Irvine.	March 3, 2011
A-09 included contract language and supplemental capitation rates related to the addition of the Community Based Adult Services (CBAS) benefit in managed care plans.	June 7, 2012

Back to Agenda

A-10 included contract language and capitation rates related to the transition of Healthy Families Program (HFP) subscribers into CalOptima's Medi-Cal program	December 6, 2012
A-11 provided capitation rates related to the transition of HFP subscribers into CalOptima's Medi-Cal program.	April 4, 2013
A-12 provided capitation rates for the period July 1, 2011 to June 30, 2012.	April 4, 2013
A-13 provided capitation rates for the period July 1, 2012 to June 30, 2013	June 6, 2013
A-14 extended the Primary Agreement until December 31, 2014	June 6, 2013
A-15 included contract language related to the mandatory enrollment of seniors and persons with disabilities, requirements related to the Balanced Budget Amendment of 1997 (BBA) and Health Insurance Portability and Accountability Act (HIPAA) Omnibus Rule	October 3, 2013
A-16 provided revised capitation rates for the period July 1, 2012, through June 30, 2013 and revised capitation rates for the period January 1, 2013, through June 30, 2014 for Phases 1, 2 and 3 transition of Healthy Families Program (HFP) children to the Medi-Cal program	November 7, 2013
A-17 included contract language related to implementation of the Affordable Care Act, expansion of Medi-Cal, the integration of the managed care mental health and substance use benefits and revised capitation rates for the period July 1, 2013 through June 30, 2014.	December 5, 2013
A-18 provided revised capitation rates for the period July 1, 2013, through June 30, 2014.	June 5, 2014
A-19 extended the Primary Agreement until December 31, 2015 and included language that incorporates provisions related to **Medicare Improvements for Patients and Providers Act** (MIPPA)-compliant contracts and eligibility criteria for Dual Eligible Special Needs Plans (D-SNPs)	August 7, 2014
A-20 provided revised capitation rates for the period July 1, 2012, through June 30, 2013, for funding related to the Intergovernmental Transfer (IGT) Agreement between CalOptima and the University of California, Irvine and Optional Targeted Low-Income Child Members	September 4, 2014
A-21 provided revised 2013-2014 capitation rates.	November 7, 2013
A-22 revised capitation rates for Fiscal Year (FY) 2013-14 and added an aid code to implement Express Lane/CalFresh Eligibility	November 6, 2014
A-23 revised ACA 1202 rates for January – June 2014, established base capitation rates for FY 2014-2015, added an aid code related to the OTLIC and AIM programs, and contained language revisions related to supplemental payments for coverage of Hepatitis C medications.	December 4, 2014
A-24 revises capitation rates to include SB 239 Hospital Quality Assurance Fees for the period January 1, 2014 to June 30, 2014.	May 7, 2015
A-25 extends the contract term to December 31, 2016. DHCS is obtaining a continuation of the services identified in the original agreement.	May 7, 2015

Back to Agenda

A-26 adjusts the 2013-2014 Intergovernmental Transfer (IGT) rates.	May 7, 2015
A-27 adjusts 2013-2014 capitation rates for Optional Expansion and SB 239.	May 7, 2015
A-28 incorporates language requirements and supplemental payments for BHT into primary agreement.	October 2, 2014
A-29 added optional expansion rates for January- June 2015; also added updates to MLR language.	April 2, 2015
A-30 incorporates language regarding Provider Preventable Conditions (PPC), determination of rates, and adjustments to 2014-2015 capitation rates with respect to Intergovernmental Transfer (IGT) Rate Range and Hospital Quality Assurance Fee (QAF).	December 1, 2016
A-31 extends the Primary Agreement with DHCS to December 31, 2020.	December 1, 2016
A-32 incorporates base rates for July 2015 to June 2016 with Behavioral Health Treatment (BHT) and Hepatitis–C supplemental payments, and Partial Dual/Medi-Cal only rates, and added aid codes 4U, and 2P–2U as covered aid codes.	February 2, 2017
A-33 incorporates base rates for July 2016 to June 2017.	February 2, 2017
A-34 incorporates revised Adult Optional Expansion rates for January 2015 to June 2015. These rates were revised to include the impact of the Hospital Quality Assurance Fee (HQAF) required by Senate Bill (SB) 239.	June 1, 2017

The following is a summary of amendments to the Secondary Agreement approved by the CalOptima Board of Directors (Board) to date:

Amendments to Secondary Agreement	Board Approval
A-01 implemented rate amendments to conform to rate amendments contained in the Primary Agreement with DHCS (08-85214).	July 8, 2010
A-02 implemented rate adjustments to reflect a decrease in the statewide average cost for Sensitive Services for the rate period July 1, 2010 through June 30, 2011.	August 4, 2011
A-03 extended the term of the Secondary Agreement to December 31, 2014.	June 6, 2013
A-04 incorporates rates for the periods July 1, 2011 through June 30, 2012, and July 1, 2012 through June 30, 2013 as well as extends the current term of the Secondary Agreement to December 31, 2015	January 5, 2012 (FY 11-12 and FY 12-13 rates) May 1, 2014 (term extension)
A-05 incorporates rates for the periods July 1, 2013 through June 30, 2014, and July 1, 2014 through June 30, 2015. For the period July 1, 2014 through June 30, 2015, Amendment A-05 also adds funding for the Medi-Cal expansion population for services provided through the Secondary Agreement.	December 4, 2014

Back to Agenda

A-06 incorporates rates for the period July 1, 2015 onward. A-06 also extends the term of the Secondary Agreement to December 31, 2016.	May 7, 2015 (term extension) Ratification of rates requested April 7, 2016
A-07 extends the Secondary Agreement with the DHCS to December 31, 2020.	December 1, 2016

The following is a summary of amendments to Agreement 16-93274 approved by the CalOptima Board of Directors (Board) to date:

Amendments to Agreement 16-93274	Board Approval
A-01 extends the Agreement 16-93274 with DHCS to December 31, 2018.	August 3, 2017

The following is a summary of amendments to Agreement 17–94488 approved by the CalOptima Board of Directors (Board) to date:

Amendments to Agreement 17-94488	Board Approval
A-01 enables DHCS to fund the development of palliative care policies and procedures (P&Ps) to implement California Senate Bill (SB) 1004.	December 7, 2017

Back to Agenda

I. Introduction

The Medi-Cal Health Homes Program: Program Guide (Program Guide) is intended to be a resource for Medi-Cal Managed Care health plans (MCPs) in the development, implementation, and operation of the Health Homes Program (HHP). The Program Guide includes a brief synopsis of the HHP, identifies all HHP requirements, and identifies the documentation MCPs must submit to the Department of Health Care Services (DHCS) as part of the required HHP readiness review. The Program Guide refers to additional guidance documents, when applicable.

The Medicaid Health Home State Plan Option is afforded to states under the Patient Protection and Affordable Care Act (Pub. L. 111-148), enacted on March 23, 2010, as revised by the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111-152), enacted on March 30, 2010, together known as the Affordable Care Act (ACA). Section 2703 of the ACA allows states to create Medicaid health homes to coordinate the full range of physical health, behavioral health, and community-based long term services and supports (LTSS) needed by members with chronic conditions. Enhanced federal matching funds of 90% are available for two years.

In California, Assembly Bill 361 (AB 361) amended the Welfare and Institutions Code to add Sections 14127 and 14128 (W&I Code) which authorizes DHCS, subject to federal approval, to create an ACA Section 2703 HHP for members with chronic conditions. The W&I Code provides that the provisions will be implemented only if federal financial participation (FFP) is available and the program is cost neutral regarding State General Funds. It also requires DHCS to ensure that 1) an evaluation of the program is completed; and 2) a report is submitted to the appropriate policy and fiscal committees of the Legislature within two years after implementation of the program.

The Program Guide has five main sections (Infrastructure, Eligibility, Services, Network, and General Operations) and an appendix. Each section describes the program components and the requirements for those components.

The Program Guide contains the Health Homes Program: Medi-Cal Managed Care Plan Readiness Checklist (Readiness Checklist) in Appendix D. The Readiness Checklist identifies the specific components that MCPs are required to provide to DHCS and identifies the process DHCS will use to determine when the specific components are due to DHCS. The Program Guide provides additional guidance and context regarding HHP readiness requirements.

II. HHP Infrastructure

A. Organizational Model

DHCS' HHP implementation will utilize California's Medi-Cal Managed Care (Managed Care) infrastructure as the foundational building block. HHP services will be provided through the Managed Care delivery system to members enrolled in Managed Care. Managed Care serves approximately 85 percent of full scope Medi-Cal members and is an available choice for all full-scope Medi-Cal members statewide. The small percentage of Medi-Cal Fee-For-Service (FFS) members who meet HHP eligibility criteria may enroll in a Medi-Cal MCP to receive HHP services. HHP services will not be provided through the FFS delivery system.

The MCPs will leverage existing communication with their provider networks to facilitate the care planning, care coordination, and care transition coordination requirements of HHP, including assignment of each HHP member to a primary care provider. The MCPs' existing communication and reporting capabilities will be utilized to perform health promotion, encounter reporting, and quality of care reporting. MCPs also have existing relationships with the Medi-Cal county specialty mental health plans (MHPs) in each county to facilitate HHP care coordination.

The HHP will be structured as a health home network functioning as a team to provide care coordination. This network includes the MCP, one or more Community-Based Care Management Entities (CB-CMEs), and contractual or non-contractual relationships with other Community-Based Organizations (CBOs) to provide linkages to community and social support services, as needed (taken together as the HHP). The HHP network will be developed to meet the following goals:

- Ensure that sufficient HHP funds are available to support care management at the point of care in the community
- Ensure that providers with experience serving frequent utilizers of health services and individuals experiencing homelessness are available as needed
- Leverage existing county and community provider care management infrastructure and experience, where possible and appropriate
- Forge new relationships with community provider care management entities, where possible and appropriate
- Utilize community health workers in appropriate roles.

The HHP will serve as the central point for coordinating patient-centered care and will be accountable for:

- Improving member outcomes by coordinating physical health services, mental health services, substance use disorder services, community-based Long Term Services and Supports (LTSS), oral health services, palliative care, and social support needs
- Reducing avoidable health care costs, including hospital admissions/readmissions, ED visits, and nursing facility stays

Improving member outcomes and reducing health care costs will be accomplished through the partnership between the MCP and the CB-CME, either through direct provision of HHP services,

or through contractual or non-contractual arrangements with appropriate entities that will be providing components of the HHP services and planning and coordination of other services.

1) Medi-Cal Managed Care Plan Responsibilities

HHP MCPs will be responsible for the overall administration of the HHP. They will have an HHP addendum to an existing contract with DHCS. Payment will flow from DHCS to the MCP and from the MCP to the CB-CMEs for the provision of HHP services. The MCP may also use HHP funding to pay providers, including but not limited to, the member's primary care physician, behavioral health providers, or other specialists, who are not included formally on the CB-CME's multi-disciplinary care team, for coordinating with the CB-CME care coordinator to conduct case conferences and to provide input to the Health Action Plan (HAP). These providers are separate and distinct from the roles outlined for the multi-disciplinary care team (see Multi-Disciplinary Care Team).

The MCP will have strong oversight and will perform regular auditing and monitoring activities to ensure that case conferences occur, the HAP is updated as health care events unfold, and all other HHP care management requirements are completed.

The MCP's care management department can be leveraged to train, support, and qualify CB-CMEs. (MCPs currently perform similar monitoring, training and auditing with MCP-delegated entities that have care management responsibilities under Cal MediConnect and other programs.)

MCP utilization departments will assist the CB-CMEs with information on admissions and discharges, and ensure timely follow-up care. MCP health care informatics analytics teams will provide meaningful, actionable data with identification of complex members and care gaps and other pertinent data that the health plan network can access. This will be provided to the CB-CMEs to assist with HAP care planning and ongoing goals for the member.

Many MCPs are exploring housing options to provide immediate housing post discharge and find permanent housing for members who are experiencing homelessness. Stakeholders include the health plan, hospitals, local housing authorities, and community-based organizations. Achieving stable housing for HHP members is a noted best practice from the national experience for achieving meaningful improvements in health and program cost effectiveness.

In counties selected for HHP implementation, Medi-Cal MCPs (Medicaid only benefit plans) are required to participate in HHP and serve as an HHP MCP. DHCS will work with these organizations to prepare for the implementation of HHP and to determine network adequacy and readiness.

2) Duties

MCPs will be expected to perform the following duties/responsibilities to the extent their information systems allow or through other available methods:

- Attribute assigned HHP members to CB-CMEs;
- Sub-contract with CB-CMEs for the provision of HHP services and ensure that CB-CMEs fulfill all required CB-CME duties and achieve HHP goals;

- Notify the CB-CMEs of inpatient admissions and ED visits/discharges;
- Track and share data with CB-CMEs regarding each member's health history;
- Track CMS-required quality measures and state-specific measures (see *Reporting Template* and *Core Set of Health Care Quality Measures for Medicaid Health Home Programs (Health Home Core Set), Technical Specifications and Resource Manual for Federal Fiscal Year 2017 Reporting,* or later *document*);
- Collect, analyze, and report financial measures, health status and other measures and outcome data to be reported during the State's evaluation process (see *Reporting Template*)
- Provide member resources (e.g. customer service, member grievances) relating to HHP
- Add functionality to the MCP's customer service line and 24/7 nurse line or other available call line so that members' HHP needs are also addressed (e.g. equip nurse line with educational materials to train them about HHP, nurse line receives the updated list of HHP members and their assigned care coordinator, etc.)
- Receive payment from DHCS and disperse funds to CB-CMEs through collection and submission of claims/encounters by the CB-CME and per the contractual agreement made between the MCP and the CB-CME
- Establish and maintain a data-sharing agreement with other providers, with whom MCP shares HHP member health information, that is compliant with all federal and state laws and regulations
- Ensure access to timely services for HHP members, including seeing HHP members after discharge from an acute care stay.
- Encourage participation by HHP members' MCP contracted providers who are not included formally on the CB-CME's multi-disciplinary care team, but who are responsible for coordinating with the CB-CME care coordinator to conduct case conferences and to provide input to the HAP. These providers are separate and distinct from the roles outlined for the multi-disciplinary care team (see Multi-Disciplinary Care Team).
- Develop CB-CME training tools as needed or preferred, in addition to DHCS-provided training
- Develop CB-CME reporting capabilities
- Have strong oversight and perform regular auditing and monitoring activities to ensure that all care management requirements are completed

3) Community Based Care Management Entity Responsibilities

CB-CMEs will serve as the frontline provider of HHP services and will be rooted in the community. MCPs will certify and select organizations to serve as CB-CMEs through a process similar to current MCP provider certification and will contract with selected entities. DHCS will not require MCP use of a standardized assessment tool. DHCS will provide general guidelines

and requirements, including examples of best practice tools that the MCP can use at their option to select, qualify, and contract with CB-CMEs.

The MCP's development of a network of CB-CMEs should seek to promote HHP goals, with particular attention to the following goals:

- Ensuring that care management delivery and sufficient HHP funding are provided at the point of care in the community;
- Ensuring that providers with experience serving frequent utilizers of health services, and those experiencing homelessness, are available as needed per AB 361 requirements;
- Leveraging existing county and community provider care management infrastructure and experience, where possible and appropriate; and
- OPTIONAL - Utilizing community health workers in appropriate roles (for more information, see Multi-Disciplinary Care Team below).

CB-CMEs are intended to serve as the single community-based entity with responsibility, in conjunction with the MCP, for ensuring that an assigned HHP member receives access to HHP services. It is also the intent of the HHP to provide flexibility in how the CB-CMEs are organized. CB-CMEs may subcontract with other entities or individuals to perform some CB-CME duties. Regardless of subcontracting arrangements, CB-CMEs retain overall responsibility for all CB-CME duties that the CB-CME has agreed to perform for the MCP, either through direct CB-CME service or service the CB-CME has subcontracted to another provider. DHCS encourages MCPs and CB-CMEs to utilize this flexibility, where needed, to achieve HHP goals, and in particular the four network goals noted above.

In most cases, the CB-CME will be a community primary care provider (PCP) that serves a high volume of HHP eligible members. If the CB-CME is not the member's MCP-assigned PCP, then the MCP and the CB-CME must demonstrate how the CB-CME will maintain a strong and direct connection to the PCP and ensure the PCP's participation in HAP development and ongoing coordination. For all members, and in all areas, the MCP must demonstrate that it is maximizing the four network goals noted above to the full extent possible through its network development and HHP policies. Regardless of how HHP networks are structured by a MCP within a county, it is expected that all HHP members will receive access to the same level of service, in accordance with the service tier that is appropriate for their needs and HHP service requirements.

DHCS' readiness review will include a detailed review of the MCP's HHP network. In situations in which the MCP can demonstrate that there are insufficient entities rooted in the community that are capable or willing to provide the full range of CB-CME duties, the MCP may perform needed CB-CME duties to fill a demonstrated service gap. As an alternative, the MCP may subcontract with other entities to perform these duties. In addition, the MCP may provide, or subcontract with another community-based entity to provide, specific CB-CME duties to assist a CB-CME to provide the full range of CB-CME duties when this MCP assistance is the best organizational arrangement to promote HHP goals. If the MCP utilizes this flexibility, the MCP must demonstrate to DHCS that it is maximizing the four network goals noted above to the

extent possible, and how it will maintain a strong and direct connection between HHP services and the primary care provider.

The MCP may allow an individual community provider to become a CB-CME after the implementation date of the HHP in their county if the community provider requires additional time to develop readiness to take on some, or all, of the CB-CME duties. The MCP may also allow a CB-CME to expand the range of the CB-CME's contracted CB-CME duties over time as readiness allows.

CB-CMEs that MCPs contract with to deliver HHP care coordination services are not required to be enrolled as Medi-Cal providers, so long as the entities in question are not providing medical and/or clinical services in their function as an HHP CB-CME to Medi-Cal members participating in the Program.

4) Community-Based Care Management Models

The main goal of the HHP is Comprehensive Care Management. The MCP, acting as administrator and providing oversight, will build an HHP network in which a member can choose the CB-CME they want for their care coordination. Given specific challenges in certain areas, including the shortage of primary care and specialist providers, technology infrastructure/adoption, and the large Medi-Cal population, a single model is not practical. Assessments of potential HHP providers, and MCP knowledge of available resources in their areas, will form the basis for determining whether the provider's HHP-eligible members are best served by Model I, II, or III below.

The three community-based care management models below are acceptable for MCP network development and address the realities that exist in various areas of the state regarding available providers. The three models will allow the flexibility to ensure service to all HHP members throughout the diverse geographic regions in California, regardless of location and type of provider empanelment. Further, all three will allow increased care coordination to occur as close to the point of care delivery as possible in the community.

Model I

The first and ideal model embeds care coordinators on-site in community provider offices, acting as CB-CMEs. The expectation is that the community provider will employ these staff, but in some cases they may be employed by the MCP. This model will serve the great majority of HHP members because most HHP eligible individuals are served by high-volume providers in urban areas. The MCP will complete a provider assessment to determine 1) the extent to which the community provider will need to recruit and hire additional staff to meet the HHP care coordinator resource requirements, and 2) what CB-CME duties the community provider can, and is willing to, perform. The HHP will only utilize Model II or III where the provider assessment indicates that Model I is not viable.

Model II

The second model addresses the smaller subset of eligible members who are served by low-volume providers, in either rural or urban areas, who do not wish to, or cannot, take on the responsibility of hiring and housing care coordinators on site. For this model, the care management would be handled by another community-based entity or a staff member within

the existing MCP care management department, which will act as the CB-CME. This model will handle HHP members who are not assigned to a county clinic or medical practice under Model I.

Model III

The third model serves the few members who live in rural areas and are served by low-volume providers. In this hybrid model, care coordinators located in regional offices, utilizing technology and other monitoring and communication methods, such as visiting the member at their location, will become CB-CMEs who can be geographically close to rural members and/or those members who are assigned to a solo practitioner who may not have enough membership to meet Model I or II.

B. Staffing

1) Care Coordinator Ratio

The aggregate minimum care coordinator ratio requirement is 60:1 for the whole enrolled population (in each of the MCPs' counties if the MCP has more than one county) as measured at any point in time.

To develop the aggregate population care coordinator ratio requirement, DHCS assumed that (after two years):

- *Tier 1 – 20% of population; care coordinator ratio of 10:1*
- *Tier 2 – 30% of population; care coordinator ratio of 75:1*
- *Tier 3 – 50% of population; care coordinator ratio of 200:1*

2) Multi-Disciplinary Care Team

The multi-disciplinary care team consists of staff employed by the CB-CME that provides HHP funded services. DHCS requires the team members listed in Table 1 below to participate on all multi-disciplinary care teams. The team will primarily be located at the CB-CME organization, except as noted above regarding model flexibility. The MCP may organize its provider network for HHP services according to provider availability, capacity, and network efficiency, while maximizing the stated HHP goals and HHP network goals. This MCP network flexibility includes centralizing certain roles that could be utilized across multiple CB-CMEs – and particularly low-volume CB-CMEs – for efficiency, such as the director and clinical consultant roles. An HHP goal is to provide HHP services where members seek care. Staffing and the day-to-day care coordination should occur in the community and in accordance with the member's preference.

In addition to required CB-CME team members, the MCP may choose to also make HHP-funded payments to providers that are not explicitly part of the CB-CME team, but who serve as the HHP member's physical and/or behavioral health service providers, for participation in case conferences and information sharing in order to support the development and maintenance of the HHP member's HAP. As an example, an MCP could use HHP care coordination funding to pay a member's specialist provider, who is not a contracted member of the CB-CME Multi-Disciplinary Care Team, for the time they spend participating in a case conference with the HHP care coordinator for the purpose of completing the member's HAP. The MCP may make such payments directly to the providers or through their CB-CME.

Table 1: Multi-Disciplinary Care Team Qualifications and Roles

Required Team Members	Qualifications	Role
Dedicated Care Coordinator (CB-CME or by contract)	Paraprofessional (with appropriate training) or licensed care coordinator, social worker, or nurse	• Oversee provision of HHP services and implementation of HAP • Offer services where the HHP member lives, seeks care, or finds most easily accessible and within MCP guidelines • Connect HHP member to other social services and supports he/she may need • Advocate on behalf of members with health care professionals • Use motivational interviewing, trauma-informed care, and harm-reduction practices • Work with hospital staff on discharge plan • Engage eligible HHP members • Accompany HHP member to office visits, as needed and according to MCP guidelines • Monitor treatment adherence (including medication) • Provide health promotion and self-management training • Arrange transportation • Call HHP member to facilitate HHP member visit with the HHP care coordinator
HHP Director (CB-CME)	Ability to manage multi-disciplinary care teams	• Have overall responsibility for management and operations of the team • Have responsibility for quality measures and reporting for the team
Clinical Consultant (CB-CME or MCP)	Clinician consultant(s), who may be primary care physician, specialist physician, psychiatrist, psychologist, pharmacist, registered nurse, advanced practice nurse, nutritionist, licensed clinical social worker, or other behavioral health care professional	• Review and inform HAP • Act as clinical resource for care coordinator, as needed • Facilitate access to primary care and behavioral health providers, as needed to assist care coordinator

Required Team Members	Qualifications	Role
Community Health Workers (CB-CME or by contract) (Recommended but not required)	Paraprofessional or peer advocate Administrative support to care coordinator	• Engage eligible HHP members • Accompany HHP member to office visits, as needed, and in the most easily accessible setting, within MCP guidelines • Health promotion and self-management training • Arrange transportation • Assist with linkage to social supports • Distribute health promotion materials • Call HHP member to facilitate HHP visit with care coordinator • Connect HHP member to other social services and supports he/she may need • Advocate on behalf of members with health care professionals • Use motivational interviewing, trauma-informed care, and harm-reduction practices • Monitor treatment adherence (including medication)
For HHP Members Experiencing Homelessness: Housing Navigator (CB-CME or by contract)	Paraprofessional or other qualification based on experience and knowledge of the population and processes	• Form and foster relationships with housing agencies and permanent housing providers, including supportive housing providers • Partner with housing agencies and providers to offer the HHP member permanent, independent housing options, including supportive housing • Connect and assist the HHP member to get available permanent housing • Coordinate with HHP member in the most easily accessible setting, within MCP guidelines (e.g. could be a mobile unit that engages members on the street)

Additional team members, such as a pharmacist or nutritionist, may be included on the multi-disciplinary care team in order to meet the HHP member's individual care coordination needs. HAP planning and coordination will require participation of other providers who may not be part of the CB-CME multi-disciplinary care team. It is the responsibility of the MCP to ensure their cooperation.

C. Health Information Technology/Data

Health Information Technology (HIT)/Health Information Exchange (HIE) are important components of information sharing in the HHP.

MCPs should consider the following potential uses of HIT/HIE (developed by CMS) in the development of HHP information sharing policies and procedures for MCPs, CB-CMEs, and members:

1) Comprehensive Care Management
   - Identify cohort and integrate risk stratification information.
   - Shared care plan management –standard format.
   - Clinical decision support tools to ensure appropriate care is delivered.
   - Electronic capture of clinical quality measures to support quality improvement.
2) Care Coordination and Health Promotion
   - Ability to electronically capture and share the patient-centered care plan across care team members.
   - Tools to support shared decision-making approaches with patients.
   - Secure electronic messaging between providers and patients to increase access outside of office encounters.
   - Medication management tools including e-prescribing, drug formulary checks, and medication reconciliation.
   - Patient portal services that allow patients to view and correct their own health information.
   - Telehealth services including remote patient monitoring.
3) Comprehensive Transitional Care
   - Automated care transition notifications/alerts, e.g. when a patient is discharged from the hospital or receives care in an ER.
   - Ability to electronically share care summaries/referral notes at the time of transition and incorporate care summaries into the EHR.
   - Referrals tracking to ensure referral loops are closed, as well as e-referrals and e-consults.
4) Individual and Family Support Services
   - Patient specific education resources tailored to specific conditions and needs.
5) Referral to Community and Social Support Services
   - Electronic capture of social, psychological and behavioral data (e.g. education, stress, depression, physical activity, alcohol use, social connection and isolation, exposure to violence).
   - Ability to electronically refer patients to necessary services.

Organizations that are covered by the Meaningful Use requirements should utilize EHR/HIT/HIE to meet the applicable goals noted above, where possible. Organizations that are not covered by Meaningful Use may need a Medi-Cal MCP to support the achievement of applicable goals where possible. In some areas relatively few providers have EHRs; there is limited interoperability between the systems; and, where there is an HIE in the area, the configuration may not be designed for the HHP requirements. If the technology environment does not fully support the EHR/HIT/HIE activities noted above in some geographic areas, or with certain providers, the MCP will determine procedures to share information that is critical for HHP services through other methods.

III. HHP Member Eligibility

A. Target Population

The HHP is intended to be an intensive set of services for a small subset of Medi-Cal members who require coordination at the highest levels. DHCS worked with a technical expert workgroup to design eligibility criteria that identify the highest-risk three to five percent of the Medi-Cal population who present the best opportunity for improved health outcomes through HHP services. These criteria include both 1) a select group of International Classification of Diseases (ICD)-9/ICD-10 codes for each eligible chronic condition, and 2) a required high level of acuity/complexity.

B. HHP Eligibility Criteria and the Targeted Engagement List

Using administrative data, DHCS will develop a Targeted Engagement List (TEL) of Medi-Cal MCP members who are eligible for the HHP based on the DHCS-developed eligibility criteria noted below. The TEL will be refreshed every six months using the most recent available data. The MCP will actively attempt to engage the members on the TEL. (See Member Assignment, for more information on MCP activity to engage eligible members.)

To be eligible for the HHP, a member must be full-scope, have no share of costs, and meet the following eligibility criteria. See Appendix B for *Targeted Engagement List data specification document* and specific ICD 10 codes that define these eligible conditions:

Eligibility Requirement	Criteria Details
1. Chronic condition criteria	Has a chronic condition in at least one of the following categories: • **At least two of the following**: chronic obstructive pulmonary disease, diabetes, traumatic brain injury, chronic or congestive heart failure, coronary artery disease, chronic liver disease, chronic renal (kidney) disease, dementia, substance use disorders; OR • **Hypertension and one of the following:** chronic obstructive pulmonary disease, diabetes, coronary artery disease, chronic or congestive heart failure; OR • **One of the following:** major depression disorders, bipolar disorder, psychotic disorders (including schizophrenia); OR • **Asthma**
2. Meets at least 1 acuity/complexity criteria	• Has at least 3 or more of the HHP eligible chronic conditions; OR • At least one inpatient hospital stay in the last year; OR • Three or more emergency department visits in the last year; OR • Chronic homelessness.

The TEL may include other criteria that are intended to ensure that HHP resources are targeted to Medi-Cal members who present the best opportunity for improved health outcomes through HHP services. The DHCS TEL is intended to be used by MCPs as a list of people who are likely to

be eligible for the program based on the data available to DHCS; it is not, on its own, a comprehensive eligibility list.

Acuity Eligibility Criteria

Eligibility for HHP requires that members have the specified conditions and at least one of the four acuity criteria listed above.

MCPs must have a process to verify eligibility as part of their internal TEL production and enrollment process. MCPs can do this through reviews of the MCPs data, to the extent that data is available, and/or through other methods including discussion/assessment with the member or the member's providers. This additional verification is not only to confirm that the member meets eligibility, but also that they do not have exclusionary criteria such as enrollment in another duplicative care management program or being "well managed." For example, a member's qualifying utilization may have been for something unrelated to management of a chronic condition, such as maternity.

The TEL provides a list of potentially eligible members. MCPs may use this file in several ways. Examples include:

1. After applying the DHCS approved MCP prioritization policy to the TEL, the MCP may directly assign members on the TEL to CB-CMEs. In this scenario, the MCP delegates eligibility verification to the CB-CMEs.

2. MCPs may use their own data to develop eligibility lists, adding members from the TEL who qualify through their SMI or Physical Health/SUD chronic condition diagnoses for whom the MCP may lack utilization data.

MCPs may also use other strategies approved by DHCS. In all cases, MCPs must ensure that the approved MCP prioritization logic is applied to all assigned members to guide MCP and/or CB-CME outreach.

MCPs are advised to deprioritize members from outreach whose qualifying utilization is: 1) only found in the oldest four months of the TEL look-back period; and 2) unrelated to the HHP chronic conditions.

For payment purposes, the member may be enrolled for one month while eligibility is verified. After one month, payment is not available until eligibility is determined. If determined ineligible, the member will be disenrolled.

Homeless Eligibility Criteria

Chronic homelessness for HHP is defined in W&I Code section 14127(e), and states *"a chronically homeless individual means a homeless individual with a condition limiting his or her activities of daily living who has been continuously homeless for a year or more, or had at least four episodes of homelessness in the past three years. For purposes of this article, an individual who is currently residing in transitional housing, as defined in Section 50675.2 of the Health and Safety Code, or who has been residing in permanent supportive housing, as defined in Section*

50675.14 of the Health and Safety Code, for less than two years shall be considered a chronically homeless individual if the individual was chronically homeless prior to his or her residence." For the purpose of verifying HHP acuity eligibility criteria, the portion of this definition which states "with a condition limiting his or her activities of daily living" is satisfied by verification that the member has one of the HHP-eligible conditions. No further assessment of activities of daily living limitation is required to establish that the member meets the portion of this eligibility acuity criterion underlined above. In addition, a member meets the HHP chronically homeless acuity eligibility criteria if the member meets either the W&I Code section 14127(e) definition or the Housing and Urban Development (HUD) definition.

People Excluded from Targeted Engagement List

The following exclusions will be applied either through MCP data analysis for individual members or through assessment information gathered by the Community-Based Care Management Entity (CB-CME) (see *Reporting Template-Instructions* for additional information):

- Members determined through further assessment to be sufficiently well managed through self-management or through another program, or the member is otherwise determined to not fit the high-risk eligibility criteria
- Members whose condition management cannot be improved because the member is uncooperative
- Members whose behavior or environment is unsafe for CB-CME staff
- Members determined to be more appropriate for an alternate care management program

IV. Health Home Program Services

This section describes the six HHP services. HHP arranges for and coordinates interventions that address the medical, social, behavioral health, functional impairment, cultural and environmental factors affecting health and health care choices available to HHP members.

All HHP engagement and services can be provided to members and family/support persons through e-mails, texts, social media, phone calls, letters, mailings, community outreach, and, to the extent and whenever possible, in-person meetings where the member lives, seeks care, or is accessible. Communication and information must meet health literacy standards and trauma-informed care standards and be culturally appropriate.

A. Comprehensive Care Management

Comprehensive care management involves activities related to engaging members to participate in the HHP and collaborating with HHP members and their family/support persons to develop their comprehensive, individualized, person-centered care plan, called a Health Action Plan (HAP). The HAP incorporates the member's needs in the areas of physical health, mental health, SUD, community-based LTSS, oral health, palliative care, trauma-informed care, social supports, and, as appropriate for individuals experiencing homelessness, housing. The HAP is based on the needs and desires of the member and will be reassessed based on the member's progress or changes in their needs. It will also track referrals. The HAP must be completed within 90 days of HHP enrollment.

Comprehensive care management may include case conferences to ensure that the member's care is continuous and integrated among all service providers.

Comprehensive care management services include, but are not limited to:

- Engaging the member in HHP and in their own care
- Assessing the HHP member's readiness for self-management using screenings and assessments with standardized tools
- Promoting the member's self-management skills to increase their ability to engage with health and service providers
- Supporting the achievement of the member's self-directed, individualized health goals to improve their functional or health status, or prevent or slow functional declines
- Completing a comprehensive health risk assessment to identify the member's needs in the areas of physical health, mental health, substance use, oral health, palliative care, trauma-informed care, and social services
- Developing a member's HAP and revising it as appropriate
- Reassessing a member's health status, needs and goals
- Coordinating and collaborating with all involved parties to promote continuity and consistency of care
- Clarifying roles and responsibilities of the multi-disciplinary team, providers, member and family/support persons

1) Care Management Assessment Tools

To the extent possible and reasonable, DHCS will align new requirements for care management methods and tools with those currently used by MCPs for care coordination. MCPs have extensive experience administering Health Risk Assessments and developing care plans.

MCPs may use current Cal MediConnect or Seniors and Persons with Disabilities (SPD) care management tools, such as the Health Risk Assessment and Individualized Care Plan, as a base for developing health assessments and completing the HAP for HHP members. For the implementation of HHP, any assessment or planning elements that are required in the HHP and are not already included in an existing tool and/or process must be added to the existing MCP assessment and planning tools. Such elements could include an assessment of social determinants of health, including an indicator of housing instability, a need for palliative care, and trauma-informed care needs.

The HAP is defined as the Individualized Care Plan with the inclusion of any elements specific to HHP. When a member begins receiving HHP services, the member will receive a comprehensive assessment and a HAP will be created. The HAP will be reassessed at regular intervals and when changes occur in the member's progress or status and health care needs.

The assessments must be available to the primary care physicians, mental health service providers, substance use disorder services providers, and the care coordinators for all HHP members. In conjunction with the primary care physician, other multi-disciplinary care team members, and any necessary ancillary entities such as county agencies or volunteer support entities, the care coordinator will work with the HHP member and their family/support persons to develop a HAP.

2) Duties

MCPs in partnership with CB-CMES must be able to carry out the following comprehensive care management services:

Member Engagement and Support

a. MCPs must ensure that CB-CMEs accomplish the following:
    1) Engage the member in the HHP and their own care
    2) Assess the HHP member's readiness for self-management using standardized screenings and assessments with standardized tools
    3) Track and promote the member's self-management skills to increase their ability to engage with health and service providers
    4) Support the achievement of the member's self-directed, individualized, whole-person health goals to improve their functional or health status, or prevent or slow functional declines

Member Assessment

a. MCPs/CB-CMEs must have a process for assessing and reassessing the member to identify their needs in the areas of physical health, mental health, substance use, oral health, palliative care, trauma-informed care, and social services. The process should identify:
    1) How their tools align with current tools used for the defined population and avoid unnecessary duplication of assessment?
    2) How trauma-informed care best practices will be utilized?
    3) Whether the assessment process and HAP are standard across the CB-CMEs or whether variations exist.
b. MCPs/CB-CMEs must have a process and tools for developing the member's HAP and revising, as appropriate
c. MCPs/CB-CMEs must develop and use the HAP and screening and assessment tools, and develop processes for:
    1) How the HAP is shared with other providers and if it can be shared electronically; and
    2) How the HAP will track referrals and follow ups.

Coordination

a. MCPs/CB-CMEs must have a process for integrating community social supports, long term support services, mental health, substance use disorder services, palliative care, trauma-informed care, oral health, and housing services into a member's HAP
b. MCP must ensure that the CB-CMEs:
    1) Coordinate and collaborate with all involved parties to promote continuity and consistency of care; and
    2) Clarify roles and responsibilities of the multi-disciplinary team, providers, HHP member, and family/support persons.
c. MCPs must have policies and procedures to ensure that members are not receiving the same services from another state care management program (see non-duplication of care coordination services for more information).

B. Care Coordination

Care coordination includes services to implement the HHP member's HAP. Care coordination services begin once the HAP is completed. HHP care coordination services will integrate with current MCP care coordination activities, but will require a higher level of service than current

MCP requirements. Care coordination may include case conferences in order to ensure that the member's care is continuous and integrated among all service providers. All program staff who provide HHP services are required to complete CB-CME/care coordinator training as discussed in Appendix C.

Care coordination services address the implementation of the HAP and ongoing care coordination and include, but are not limited to:

1) Member Support

- Working with the member to implement their HAP
- Assisting the member in navigating health, behavioral health, and social services systems, including housing
- Sharing options with the member for accessing care and providing information to the member regarding care planning
- Identifying barriers to the member's treatment and medication management adherence
- Monitoring and supporting treatment adherence (including medication management and reconciliation)
- Assisting in attainment of the member's goals as described in the HAP
- Encouraging the member's decision making and continued participation in HHP
- Accompanying members to appointments as needed

2) Coordination

- Monitoring referrals, coordination, and follow ups to ensure needed services and supports are offered and accessed
- Sharing information with all involved parties to monitor the member's conditions, health status, care planning, medications usages and side effects
- Creating and promoting linkages to other services and supports
- Helping facilitate communication and understanding between HHP members and healthcare providers

MCPs in partnership with CB-CMEs must develop, and ensure the implementation of, policies and procedures to support CB-CME coordination efforts to:

a. Maintain frequent, in-person contact between the member and the care coordinator when delivering HHP services. Minimum in-person visits for the aggregated population is 260 visits per 100 enrolled members per quarter. DHCS used the following assumptions to develop the aggregate population visit requirement listed above:
    i. After two years, the population equals: 20% in tier 1, 30% in tier 2, 50% in tier 3
    ii. Tier 1 – two in-person visits per month
    iii. Tier 2 – 1 in-person visit per month
    iv. Tier 3 – 1 in-person visit per quarter
b. Ensure members see their PCP within 60 days of enrollment in HHP. This is a recommended best practice only – not service requirement.
c. Ensure availability of support staff to complement the work of the Care Coordinator.
d. Ensure availability of providers with experience working with people who are chronically homeless.
e. Support screening, referral and co-management of individuals with both behavioral health and physical health conditions.

f. Link eligible individuals who are homeless or experiencing housing instability to permanent housing, such as supportive housing.
g. Maintain an appointment reminder system for members. This is a recommended best practice only – not a service requirement.
h. Identify and take action to address member gaps in care through:
    i. Assessment of existing data sources for evidence of care appropriate to the member's age and underlying chronic conditions
    ii. Evaluation of member perception of gaps in care
    iii. Documentation of gaps in care in the member case file
    iv. Documentation of interventions in HAP and progress notes
    v. Findings from the member's response to interventions
    vi. Documentation of discussions of members care goals
    vii. Documentation of follow-up actions, and the person or organization responsible for follow-up

C. Health Promotion

Health promotion includes services to encourage and support HHP members to make lifestyle choices based on healthy behavior, with the goal of motivating members to successfully monitor and manage their health. Members will develop skills that enable them to identify and access resources to assist them in managing their conditions and preventing other chronic conditions.

Health promotion services include, but are not limited to:

- Encouraging and supporting health education for the member and family/support persons
- Assessing the member's and family/support persons' understanding of the member's health condition and motivation to engage in self-management
- Coaching members and family/support persons about chronic conditions and ways to manage health conditions based on the member's preferences
- Linking the member to resources for: smoking cessation; management of member chronic conditions; self-help recovery resources; and other services based on member needs and preferences
- Using evidence-based practices, such as motivational interviewing, to engage and help the member participate in and manage their care

D. Comprehensive Transitional Care

Comprehensive transitional care includes services to facilitate HHP members' transitions from and among treatment facilities, including admissions and discharges. In addition, comprehensive transitional care reduces avoidable HHP member admissions and readmissions. Agreements and processes to ensure prompt notification to the member's care coordinator and tracking of member's admission or discharge to/from an ED, hospital inpatient facility, residential/treatment facility, incarceration facility, or other treatment center are required. Additionally, MCPs or CB-CMEs must provide information to hospital discharge planners about HHP.

Comprehensive transitional care services include, but are not limited to:

- Providing medication information and reconciliation
- Planning timely scheduling of follow-up appointments with recommended outpatient providers and/or community partners
- Collaborating, communicating, and coordinating with all involved parties
- Easing the member's transition by addressing their understanding of rehabilitation activities, self-management activities, and medication management
- Planning appropriate care and/or place to stay post-discharge, including temporary housing or stable housing and social services
- Arranging transportation for transitional care, including to medical appointments, as per NMT and NEMT policy and procedures
- Developing and facilitating the member's transition plan
- Preventing and tracking avoidable admissions and readmissions
- Evaluating the need to revise the member's HAP
- Providing transition support to permanent housing

E. Individual and Family Support Services

Individual and family support services include activities that ensure that the HHP member and family/support persons are knowledgeable about the member's conditions with the overall goal of improving their adherence to treatment and medication management. Individual and family support services also involve identifying supports needed for the member and family/support persons to manage the member's condition and assisting them to access these support services.

Individual and family support services may include, but are not limited to:

- Assessing the strengths and needs of the member and family/support persons
- Linking the member and family/support persons to peer supports and/or support groups to educate, motivate and improve self-management
- Connecting the member to self-care programs to help increase their understanding of their conditions and care plan
- Promoting engagement of the member and family/support persons in self-management and decision making
- Determining when member and family/support persons are ready to receive and act upon information provided and assist them with making informed choices
- Advocating for the member and family/support persons to identify and obtain needed resources (e.g. transportation) that support their ability to meet their health goals
- Accompanying the member to clinical appointments, when necessary
- Identifying barriers to improving the member's adherence to treatment and medication management
- Evaluating family/support persons' needs for services

F. Referral to Community and Social Supports

Referral to community and social support services involves determining appropriate services to meet the needs of HHP members, identifying and referring members to available community resources, and following up with the members.

Community and social support referral services may include, but are not limited to:

- Identifying the member's community and social support needs
- Identifying resources and eligibility criteria for housing, food security and nutrition, employment counseling, child care, community-based LTSS, school and faith-based services, and disability services, as needed and desired by the member
- Providing member with information on relevant resources, based on the member's needs and interests.
- Actively engaging appropriate referrals to the needed resources, access to care, and engagement with other community and social supports
- Following up with the member to ensure needed services are obtained
- Coordinating services and follow-up post engagement
- Checking in with the members routinely through in-person or telephonic contacts to ensure they are accessing the social services they require
- Providing Individual Housing Transition Services, including services that support an individual's ability to prepare for and transition to housing
- Providing Individual Housing and Tenancy Sustaining Services, including services that support the individual in being a successful tenant in their housing arrangement and thus able to sustain tenancy

V. Health Homes Program Network

A. MCP Duties/Responsibilities

MCPs must have the ability to perform the following duties/responsibilities:

a. Develop and implement criteria for network sufficiency determination, including county-wideness and number of projected members
b. Develop an adequate network of Community-Based Care Management Entities (CB-CMEs) in each of the MCP's implemented counties for HHP to serve enrolled members
c. Design and implement a process for determining the qualifications of organizations to meet CB-CME standards and for providing support for CB-CMEs, including:
    1. Identify organizations who meet the CB-CME standards
    2. Provide the infrastructure and tools necessary to support CB-CMEs in care coordination
    3. Gather and share HHP member-level information regarding health care utilization, gaps in care and medications
    4. Provide outcome tools and measurement protocols to assess CB-CME effectiveness
d. Integrate community entities focused on services to individuals experiencing homelessness into the care model and, if applicable, the multi-disciplinary care team; meet the State legislation requirement to ensure availability of providers with experience working with individuals who are chronically homeless.

e. Engage with community and social support services by building new, or enhance existing, relationships with programs, services, and support organizations to provide care to members, including but not limited to:
    1. County specialty mental health plans;
    2. Housing agencies and permanent housing providers; and
    3. Individual Housing and Tenancy Sustaining Services.
f. Contract with CB-CMEs for the provision of HHP services, including outlining the MCP and CB-CME roles and responsibilities, and ensuring that CB-CMEs fulfill all required CB-CME duties and achieve HHP goals, including the network development goals.
g. Have methods to ensure compliance with HHP requirements throughout the network, including portions of the network contracted through delegated entities.
h. Ensure the development of a communication and feedback strategy for all members of the HHP care team, including the member and their family/support persons, to ensure information sharing occurs. Encourage all of the HHP member's providers who supply input to the HAP and coordinate with the CB-CME care coordinator to conduct case conferences, including with those whom may not be formally included on the CB-CME's multi-disciplinary care team.
    1. If the CB-CME is not the member's MCP-assigned PCP, the MCP must have policies and procedures for ensuring: the MCP/CB-CME maintains a strong and direct connection to the PCP and PCP's participate in HAP development and ongoing coordination.
i. Have strong oversight and perform regular auditing and monitoring activities to ensure that all care management requirements are completed

1) Administration

a. Attribute assigned HHP members to CB-CMEs, providing for increased care coordination as close to the member's usual point of care delivery as possible in the community. HHP members must be notified of their CB-CME options.
b. Receive payment from DHCS and disperse funds to CB-CMEs. Have policies and procedures regarding:
    1. The process for how an MCP determines that the appropriate level of services are provided and documented by CB-CMEs in accordance with the contract and service requirements; and
    2. The process/structure/tiering (if used) for payments to CB-CMEs.

2) Data Sharing and Reporting

a. Develop reporting capabilities and methodologies
b. Establish and maintain data-sharing agreements that are compliant with all federal and state laws and regulations, and when necessary, with other providers
c. Notify CB-CMEs of inpatient admissions and emergency department (ED) visits/discharges
d. Track and share data with CB-CMEs regarding each member's health history
e. Establish procedures for hospitals participating under the Medicaid State Plan or a waiver of such plan for referring eligible individuals with chronic conditions who seek or need treatment in a hospital emergency department to designated HHP providers. However, HHP primarily uses the TEL to identify and refer members to HHP.

3) Training and Education

a. Develop and offer learning activities that will support CB-CMEs in effective delivery of HHP services
b. Develop CB-CME training tools, as needed, to supplement DHCS-developed tools.
c. Ensure participation of the CB-CME and MCP staff delivering HHP Services in DHCS-required CB-CME and care coordinator training and learning collaboratives.

B. CB-CME Qualifications

HHP CB-CMEs must meet the following qualifications:

- Be experienced serving Medi-Cal members and, to comply with W&I Code HHP requirements, as appropriate for their assigned HHP member population, with high-risk members such as individuals who are experiencing homelessness;
- Comply with all program requirements;
- Have strong, engaged organizational leadership who agree to participate in learning activities, including in-person sessions and regularly scheduled calls;
- Have the capacity to provide appropriate and timely in-person care coordination activities, as needed. If in-person communication is not possible in certain situations, alternative communication methods such as tele-health or telephonic contacts may also be utilized, if culturally appropriate and accessible for the HHP member, to enhance access to services for HHP members and families where geographic or other barriers exist and according to member choice;
- Have the capacity to accompany HHP members to critical appointments, when necessary, to assist in achieving HAP goals;
- Agree to accept any enrolled HHP members assigned by the MCP, according to the CB-CME contract with the MCP;
- Demonstrate engagement and cooperation with area hospitals, primary care practices and behavioral health providers, through the development of agreements and processes, to collaborate with the CB-CME on care coordination; and
- Use tracking processes to link HHP services and share relevant information between the CB-CME and MCP and other providers involved in the HHP member's care.

C. CB-CME Certification

Organizations must be one of the following types of organizations and be able to meet the qualifications above and perform the duties below to be authorized to serve as a CB-CME:

- Behavioral health entity
- Community mental health center
- Community health center
- Federally qualified health center
- Rural health center
- Indian health clinic
- Indian health center
- Hospital or hospital-based physician group or clinic
- Local health department
- Primary care or specialist physician or physician group

- SUD treatment provider
- Provider serving individuals experiencing homelessness
- Other entities that meet certification and qualifications of a CB-CME, if selected and certified by the MCP

D. CB-CME General Duties

CB-CMEs will be expected to perform the following duties/responsibilities:

- Be responsible for care team staffing, according to HHP required staffing ratios determined by DHCS, and oversight of direct delivery of the core HHP services;
- Implement systematic processes and protocols to ensure member access to the multi-disciplinary care team and overall care coordination;
- Ensure person-centered health action planning that coordinates and integrates all of the HHP member's clinical and non-clinical physical and behavioral health care related needs and services, and social services needs and services;
- Collaborate with and engage HHP members in developing a HAP and reinforcing/implementing/reassessing it in order to accomplish stated goals;
- Coordinate with authorizing and prescribing entities as necessary to reinforce and support the HHP member's health action goals, conducting case conferences as needed in order to ensure that the HHP member care is integrated among providers;
- Support the HHP member in obtaining and improving self-management skills to prevent negative health outcomes and to improve health;
- Provide evidence-based care;
- Monitor referrals, coordination, and follow-up to needed services and supports; actively maintain a directory of community partners and a process ensuring appropriate referrals and follow-up;
- Support HHP members and families during discharge from hospital and institutional settings, including providing evidence-based transition planning;
- Accompany the HHP member to critical appointments (when necessary and in accordance with MCP HHP policy);
- Provide service in the community in which the HHP member lives so services can be provided in-person, as needed;
- Coordinate with the HHP member's MCP nurse advice line, which provides 24-hour, seven day a week availability of information and emergency consultation services to HHP member; and
- Provide quality-driven, cost-effective HHP services in a culturally competent and trauma-informed manner that addresses health disparities and improves health literacy.

VI. General HHP Operations

A. Non-Duplication of Care Coordination Services

MCPs must ensure that members are not enrolled in another state program that provides care coordination services that would preclude them from receiving HHP care coordination services. The process should include: 1) checking available MCP data; and 2) asking members as part of both the in-person member assessment during the eligibility/enrollment process and the assessment/care plan process.

The Targeted Engagement List (TEL) does not include members who are participating in the following programs:

- 1915(c) Home and Community Based (HCBS) waiver programs: HIV/AIDS, Assisted Living Waiver (ALW), Developmentally Disabled (DD), In-Home Operations (IHO), Multipurpose Senior Services Program (MSSP), Nursing Facility Acute Hospital (NF/AH);
- County Targeted Case Management (TCM) (excluding Specialty Mental Health TCM);
- Skilled Nursing Facility (SNF) residents with a duration longer than the month of admission and the following month; and
- Hospice.

Below is a summary of how HHP intersects with existing Medi-Cal programs that provide care coordination services, organized by the following three categories: 1) Members can receive services through both HHP and the other program; 2) Members must choose HHP or the other program; and 3) Members cannot receive HHP services.

1) Members Can Receive Services through BOTH HHP and the Other Program

- 1115 Waiver Whole Person Care Pilot Program
  Members participating in a Whole Person Care (WPC) Pilot Program may also be eligible for the HHP. DHCS has released specific guidance related to the interaction between the Health Homes Program and the WPC Pilot Program which can be found in Appendix K of this Program Guide.

- California Children's Services
  Children who are enrolled in the Children's Services program are eligible for the HHP.

- Specialty Mental Health and Drug Medi-Cal
  DHCS recognizes that coordination of behavioral health services will be a major component of HHP. HHP services are focused on physical health, mental health, Substance Use Disorder (SUD), community-based LTSS, palliative care, trauma-informed care, oral health, social supports, and, as appropriate for individuals experiencing homelessness, housing. In the California HHP structure of MCPs and CB-CMEs, it is expected that direct HHP services for HHP members will primarily occur at the CB-CMEs, even though MCPs may play a role. Therefore, it is important that CB-CMEs that have HHP members who receive behavioral health services have the capability to support the various needs of their members.

  For HHP members without conditions that are appropriate for specialty mental health treatment, it is anticipated that their physical-health oriented CB-CME is an appropriate setting for their HHP services. These CB-CMEs would typically be affiliated with an MCP.

  DHCS and stakeholders have noted that HHP members with conditions that are appropriate for specialty mental health treatment may prefer to receive their primary HHP services from their MHP's contracted provider acting as a designated CB-CME. To facilitate care coordination for HHP members through a MHP-designated CB-CME, Drug Medi-Cal Organized Delivery system (DMC-ODS) or MHP providers may perform CB-CME HHP responsibilities through a contract with the MCPs in the county at the discretion of

the MCP. This type of entity would perform the CB-CME HHP responsibilities for an HHP-eligible managed care member who 1) qualifies to receive services provided under the Medi-Cal scope of service for this type of entity (MHP or Drug Medi-Cal services); and 2) chooses a county MHP, or county MH/SUD plan, affiliated CB-CME instead of a CB-CME affiliated with the MCP. In cases where the MHP serves as both an administrator and a provider of direct services, the MHP could assume the responsibilities of the CB-CME.

2) Members Must Choose HHP OR the Other Program

- Targeted Case Management
  County-operated Targeted Case Management (TCM) is a comprehensive care coordination program and is duplicative of HHP. Members who are receiving TCM services have a choice of continuing TCM services or receiving HHP services.

  However, TCM provided as part of the County Mental Health Plan (MHP) Specialty Mental Health (SMH) services is not duplicative of HHP. The HHP provider should ensure that they: 1) coordinate with the SMH TCM provider, and 2) do not duplicate any SMH TCM activities.

- 1915(c) Waiver Programs
  1915(c) Home and Community Based Services (HCBS) Waiver programs provide services to many Medi-Cal members who will likely also meet the eligibility criteria for HHP. There are comprehensive care management components within these programs that are duplicative of HHP services. Members who are receiving 1915(c) services have a choice of continuing 1915(c) services or receiving HHP services.
  The 1915(c) HCBS waiver programs include:
  HIV/AIDS, Assisted Living Waiver (ALW), Developmentally Disabled (DD), In-Home Operations (IHO), Multipurpose Senior Services Program (MSSP), and Nursing Facility Acute Hospital (NF/AH).

- Cal MediConnect or Fee-for-Service Delivery Systems
  Members who are eligible for both Medi-Cal and Medicare are eligible for the HHP. In addition, members who are in the Fee-for-Service Delivery System are also eligible for the HHP. However, HHP is not available in the Cal MediConnect or Fee-for-Service delivery systems. Members have the choice to leave the Cal MediConnect or Fee-for-Service delivery systems to receive all their Medi-Cal services, including HHP services, through a regular Medi-Cal Managed Care Plan.

- Other Comprehensive Care Coordination Programs
  Individual MCPs have discretion to determine and designate other comprehensive care coordination programs (not listed in this section) that are duplicative of HHP services, including programs that are operated or overseen by the MCP. Examples include, but are not limited to, MCP Complex Case Management programs and Community-Based Adult Services.

3) Members CANNOT Receive HHP Services

- Nursing Facility Residents and Hospice Recipients
  Skilled Nursing Facility (SNF) residents with a duration longer than the month of admission and the following month and Hospice service recipients are excluded from participation in the HHP.

B. HHP Outreach Requirements

MCPs will be responsible for engaging HHP-eligible members, using state-determined, Centers for Medicare & Medicaid Services (CMS)-approved criteria. Engagement of eligible HHP members will be critical for the program success. MCPs will link HHP members to one of the MCP's contracted CB-CMEs and ensure the HHP member is notified. If the HHP member's assigned primary care provider (PCP) is affiliated with a CB-CME, the HHP member will be assigned to that CB-CME, unless the member chooses another CB-CME or a more appropriate CB-CME is identified given the member's individual needs and conditions.

1) MCP Duties/Responsibilities

MCPs must have the ability to perform the following duties/responsibilities or delegate to CB-CMEs and provide appropriate oversight.

a. Capacity
   Have the capacity to engage and provide services to eligible members, including:
   1) Establish an engagement plan with appropriate modifications for members experiencing homelessness;
   2) Evaluate the TEL provided by DHCS;
   3) Attribute assigned HHP members to CB-CMEs;
   4) Ensure the engagement of members on the targeted engagement list;
   5) Secure and maintain record of the member's consent to participate in the program (which can be verbal); and
   6) Provide member resources (e.g. customer service, member grievance process) relating to HHP.

b. Engagement Process
   1) Have policies and procedures for identifying, locating, and engaging HHP-eligible members.
   2) Use the following strategies for engagement as appropriate and to the extent possible: mail; email; social media; texts; telephone; community outreach; and in-person meetings where the member lives, seeks care, or is accessible.
   3) Show active, meaningful and progressive attempts at member engagement each month until the member is engaged. Activities that support member engagement include active outreach such as direct communications with member (face-to-face, mail, electronic, telephone), follow-up if the member presents to another partner in the HHP network, or using claims data to contact providers the member is known to use. Examples of acceptable engagement include:
      a. Letter to member followed by phone call to member
      b. Phone call to member, outreach to care delivery partners and social service partners

c. Street level outreach, including, but not limited to, where the member lives or is accessible

4) Establish a process for reviewing and excluding people from the Targeted Engagement List (TEL), including the MCP's definition of "well managed" (based on DHCS guidelines of having no substantial avoidable utilization or be enrolled in another acceptable care management program – see Reporting Template-Instructions for definition);
5) Report Members determined not appropriate for the HHP, along with a reason code, to DHCS.
6) DHCS will evaluate the MCP enrolled vs non-enrolled members and compare across MCPs for general compliance review purposes and to ensure that the engagement process is adequately engaging members on the targeted engagement list who are at the highest risk levels, have behavioral health conditions, and those experiencing homelessness.
7) Include housing navigators in the engagement process, at the MCP's discretion
8) Document the member engagement process
9) Develop a methodology and criteria used by the MCP or the CB-CME to stratify high, medium and low need members
10) Develop educational materials or scripts that you intend to develop to engage the member.
11) Have policies and procedures to provide culturally appropriate communications and information that meet health literacy and trauma-informed care standards
12) Have policies and procedures for the following:
    a. Required number and modalities of attempts made to engage member
    b. MCP's protocol for follow-up attempts
    c. MCP's protocol for discharging members who cannot be engaged, choose not to participate, or fail to participate

c. Assignment

MCPs will link HHP members to one of their contracted CB-CMEs and ensure the HHP member is notified. If the HHP member's assigned primary care provider is affiliated with a CB-CME, the HHP member will be assigned to that CB-CME, unless the member chooses another CB-CME or a more appropriate CB-CME is identified given the member's individual needs and conditions. MCP's and/or CB-CME's notification will inform the HHP member that they are eligible for HHP services, and identify their MCP and CB-CME. This notification will explain that HHP participation is voluntary, members have the opportunity to choose a different CB-CME, and HHP members can discontinue participation at any time. It will also explain the process for participation. In counties where multiple MCPs are available, the HHP member may change their MCP once per month in accordance with current MCP choice policies.

C. Priority Engagement Group

After the MCP has screened people who are inappropriate for HHP from the TEL based on the HHP requirements, MCPs are required to create a priority engagement group, or ranking process, with the goal of engaging and serving members who present the greatest opportunity

for improvement in care management and reduction in avoidable utilization. This group, or members in order or priority rank, would be the first focus for MCP engagement efforts. The criteria and size of the group for priority engagement status will be at the MCP's discretion (upon approval by DHCS).

D. Referral

HHP services must be made available to all full scope Medi-Cal members without a share of cost who meet the DHCS-developed eligibility criteria, including those members dually eligible for Medicaid and Medicare. Providers, health plan staff, or other, non-provider community entities/care providers may refer eligible members to the member's assigned MCP to confirm if the member meets the eligibility criteria to receive HHP services. The Targeted Engagement List will be the primary method for identifying and engaging eligible HHP members. Referrals are more likely necessary in the situation of a new Medicaid member who may not have the Medi-Cal claims history that identifies them as HHP eligible. Provider referral forms will indicate that the provider has verified that the member meets the HHP eligibility criteria. The provider will submit the referral form to the MCP for confirmation. MCP confirmation is required before an individual is deemed an HHP member and may receive HHP services from a CB-CME.

E. Consent

The member will be considered enrolled in the HHP once the member has given either verbal or written consent to participate in the program. The MCP or CB-CME will secure consents by the member to participate in HHP and authorize release of information to the extent required by law. Either the MCP or the CB-CME must maintain a record of these consents.

F. Disenrollment

If an eligible member has, or develops, an exclusionary criterion, cannot be engaged within a specified period, chooses not to participate, or fails to participate actively in HHP planning and coordination, the HHP member will be disenrolled from the HHP, and the MCP will discontinue CB-CME HHP funding for that member. Additionally, if the MCP determines that the member's eligible chronic conditions have become well-managed – to the extent that HHP services are not medically necessary and will not significantly change the member's health status – the HHP member will be disenrolled and the MCP will discontinue CB-CME HHP funding for that member.

A Notice of Action (NoA) Letter is required in all situations except for when an eligible member chooses not to participate. The eligible member may choose to participate in the HHP at any time.

G. Risk Grouping

The MCP will ensure that HHP member acuity will inform appropriate provision of HHP services. For example, MCP program criteria may include three, or more, risk groupings of the HHP members. Members in the higher acuity risk groupings (tiers) will receive more intensive HHP services. In addition, the HHP will include requirements to address the unique needs of members experiencing homelessness, as specified in AB 361.

H. Mental Health Services

MCPs will develop or amend existing Memoranda of Understanding with county Mental Health Plans (MHPs) to address HHP-specific information. DHCS has released All Plan Letter (APL) 18-015 (which supersedes APL 13-018) to address the HHP-specific information that MCPs must include in new, or amended, MOUs. This MOU will be submitted to DHCS prior to the start of HHP implementation for the Serious Mental Illness or Serious Emotional Disturbance (SMI) population. Please see Appendix D - Readiness Requirements and Checklist for information on this deliverable.

I. Housing Services

MCPs will work with community resources to ensure seamless access to the delivery of housing support services. MCPs or contracted CB-CMEs must provide housing navigation services, not just referrals to housing. A Housing Navigator is required to be part of the HHP care team for members experiencing homelessness. HHP members must receive the following services:

1) Individual Housing Transition Services

Housing transition services assist beneficiaries with obtaining housing, such as individual outreach and assessments. These services include:

- Conducting a tenant screening and housing assessment that identifies the participant's preferences and barriers related to successful tenancy. The assessment may include collecting information on potential housing transition barriers, and identification of housing retention barriers;
- Developing an individualized housing support plan based upon the housing assessment that addresses identified barriers, includes short and long-term measurable goals for each issue, establishes the participant's approach to meeting the goal, and identifies when other providers or services, both reimbursed and not reimbursed by Medicaid, may be required to meet the goal;
- Assisting with the housing application process. Assisting with the housing search process;
- Identifying resources to cover expenses such as security deposit, furnishings, adaptive aids, environmental modifications, moving costs and other one-time expenses;
- Ensuring that the living environment is safe and ready for move-in;
- Assisting in arranging for and supporting the details of the move; and
- Developing a housing support crisis plan that includes prevention and early intervention services when housing is jeopardized.

2) Individual Housing and Tenancy Sustaining Services

Housing and tenancy sustaining services, such as tenant and landlord education and tenant coaching, support individuals in maintaining tenancy once housing is secured. These services include:

- Providing early identification and intervention for behaviors that may jeopardize housing, such as late rental payment and other lease violations;

- Education and training on the roles, rights and responsibilities of the tenant and landlord;
- Coaching on developing and maintaining key relationships with landlords/property managers with a goal of fostering successful tenancy;
- Assistance in resolving disputes with landlords and/or neighbors to reduce risk of eviction or other adverse action;
- Advocacy and linkage with community resources to prevent eviction when housing is, or may potentially become jeopardized;
- Assistance with the housing recertification process;
- Coordinating with the tenant to review, update and modify their housing support and crisis plan on a regular basis to reflect current needs and address existing or recurring housing retention barriers; and
- Continuing training in being a good tenant and lease compliance, including ongoing support with activities related to household management.

To the extent applicable, housing-based case management services provided to HHP members shall be consistent with the Housing First core components as described in Senate Bill (SB) 1380 Mitchel, Chapter 847, Statutes of 2016). Engagement to members potentially eligible for HHP or the provision of HHP housing-based case management services may not be restricted for individuals based on sobriety, completion of treatment, poor credit, financial history, criminal background, or housing readiness, unless they are determined ineligible for HHP or meet one or more of the DHCS defined HHP exclusionary criteria. HHP housing-based services shall incorporate a harm-reduction philosophy that recognizes drug and alcohol use and addiction as a part of members' lives, where members are engaged in nonjudgmental communication regarding drug and alcohol use. Members should be offered education regarding how to avoid risky behaviors and engage in safer practices, as well as connected to evidence-based treatment if they so choose.

The HHP does not provide direct funding for housing. However, DHCS encourages MCPs to partner with housing organizations that incorporate the Housing First model into their case management and housing navigation services offered to members and to prioritize connecting HHP members with permanent housing options, when appropriate and available. For example, plans might explore collaborating with community-based organizations that are Housing First compliant, implement a requirement that housing services be provided consistent with Housing First components, encourage enhanced coordination with coordinated entry and assessment systems and/or allow receipt of referrals from the homeless crisis response system entities. The goal is to integrate Housing First principles and components in an effort to enhance the provision of meaningful individual housing and tenancy-sustaining services to enrolled members.

J. Training

MCPs are required to ensure that the MCP and CB-CME staff who will be delivering HHP services receive the required HHP training prior to participating in the administration of the HHP. See Appendix C for training requirements.

K. Service Directory

MCPs or CB-CMEs must ensure a directory of community services and supports is developed, maintained, and is made available to all care coordinators to inform referring members to social services. The community services directory may be sourced from existing directories so long as it is available as a resource for CB-CMEs and care coordinators. This type of directory may be maintained by either the MCP or the CB-CME; however, the contracted MCP will ensure its availability.

L. Quality of Care

MCPs must incorporate HHP into existing quality management processes.

MCPs must have the capacity to collect and track information used to manage and evaluate the program, including tracking quality measures, and collecting, analyzing, and reporting financial measures, health status and other measures and outcome data to be reported for the State's evaluation process. The MCP will report core service metrics and the recommended core set of health care quality measures established by CMS, as well as the three utilization measures identified by CMS to assist with the overall federal health home evaluation. MCPs must report on the measures listed in the *Reporting Template, and provide* encounters for all HHP services.

M. Cultural Competency, Educational and Health Literacy

MCPs must incorporate HHP into existing policies and procedures related to ensuring that services, communication, and information provided to members are culturally appropriate, and meet health literacy, reading, harm-reduction, and trauma-informed care standards.

N. Member Communication

MCPs must incorporate HHP into existing policies and procedures regarding communicating with members, including: using secure email, web portals or written correspondence to communicate; and taking enrollee's individual needs (communication, cognitive, or other barriers) into account in communicating with enrollee. DHCS and DMHC will review member materials from Knox-Keene plans through the usual process and criteria. DHCS will use a parallel process for non-Knox-Keene plans.

All notices to be sent by the MCP to Medi-Cal beneficiaries regarding the provision of HHP services will be submitted to DHCS for review.

Notices must conform to all of the usual requirements for Medi-Cal member notices, including reading level. MCPs may use the DHCS HHP Member Handbook as an optional resource for examples of "best practice" member messaging (though the Handbook messaging may need to be adjusted to comply with Medi-Cal and DMHC member notice requirements). All members

must be informed 30 days prior to implementation of this new Medi-Cal covered benefit. An update to the Evidence of Coverage/Disclosure Form is required; however, plans may provide an HHP-specific errata to satisfy this EOC requirement. DHCS provides a template for Evidence of Coverage/Disclosure Form HHP language in Appendix F.

MCPs must maintain an HHP call line or have another mechanism for responding to enrollee inquiries and input related to HHP. The MCP's member service call center or 24/7 nurse line may satisfy this requirement; however, the MCP or CB-CME may also utilize a local on-call service knowledgeable about the HHP.

O. Members Experiencing Homelessness

MCPs must incorporate HHP-specific information into the appropriate policies and procedures for homeless members, including special provider and service requirements criteria (to achieve homeless experience requirements and other requirements per AB 361 and SB 1380), and engagement processes.

P. Reporting

MCP must have the capability to track HHP enrollee activity and report on outcomes, as required by DHCS, including HHP encounters for services provided by the MCP and the CB-CMEs. See Appendix G (*Reporting Template);* and the *Core Set of Health Care Quality Measures for Medicaid Health Home Programs (Health Home Core Set), Technical Specifications and Resource Manual for Federal Fiscal Year 2019 Reporting,* or later, for details.

CMS has established a core set of seven required health care quality measures and three utilization measures (see *Reporting Template* and *document* for details). Additional details can be found in the CMS technical specifications and resource manual. These measures were identified by CMS to assist with the overall federal health home evaluation.

MCPs will utilize the Supplemental Payment process to report members enrolled in HHP and to initiate capitation payments. See DHCS' *Technical Guidance – Consolidated Supplemental Upload Process* for further information.

VII. Appendix

A. Appendix A – Example of an Acceptable Model Outreach Protocol

This Model Outreach Protocol is only offered as one example of a protocol that would be acceptable. It is meant to give the MCP ideas about how they might want to design their outreach protocols with the CB-CMEs. The details of this protocol are at the discretion of the MCP, as long as their protocol broadly meets DHCS' intent as stated in the body of the Program Guide and the Readiness Checklist.

SAMPLE PROTOCOL

The Medi-Cal managed care plan (MCP) will send an initial "Welcome Packet" to HHP-eligible members in accordance with their engagement process. After the initial packet is sent, the CB-CMEs will follow up with their HHP-eligible members through phone calls, in-person visits, and other modalities. Each CB-CME or the MCP will attempt to contact the member **five times** within 90 days after the initial packet is sent using various modes of communication (letters, calls, in-person meetings, etc.).

If the CB-CME does not have the capacity to conduct outreach to eligible members, MCP care coordination staff, including community health workers, will conduct the outreach to these members and note the outreach attempts in the members' record.

After five attempts, the CB-CME and the MCP will note the challenges with the active outreach and remind the PCP to discuss the HHP with the member at the next PCP visit. If the member declines HHP enrollment at the PCP visit, this will be noted in the EHR and the MCP will be notified.

If the CB-CME or the MCP learns that the contact information is out of date, efforts will be made to update that information using recent provider utilization data and community health workers who can conduct on-the-ground outreach to locate members through their neighbors or community organizations. The CB-CME will also review members' housing history and work with the MCP Housing Program Manager to determine if that member can be reached at an alternative housing site or through a community-based organization.

CB-CMEs will track all outreach attempts within a three month intensive outreach period after the initial welcome letter is sent. The MCP will require that each outreach attempt and the outcome of each attempt be documented in the member's record in the HHP care management system and reported back to the MCP and DHCS. All outreach and engagement attempts will be evaluated by the care coordination team every 30 days within this three month period. The MCP will create policies and procedures for tracking and evaluating outreach and engagement efforts.

If a member declines participation in the HHP, or if their PCP determines that the member is not a good candidate for the HHP (using categories determined and provided by DHCS), this will be noted in the record in the HHP care management system to avoid repeated outreach

attempts. Members who do not enroll in the HHP will be noted, tracked in the MCP's data system and reported to DHCS. Members who graduate from the program will be disenrolled, which will be noted in the record, tracked in the data system, and reported to DHCS.

The MCP will create a mechanism for CB-CMEs and PCPs to identify potential HHP members who are not on the targeted engagement list and who meet the diagnostic and acuity criteria but not the utilization criteria. These individuals may be excellent candidates for the program to help prevent future avoidable health care utilization. In general, MCP will require CB-CMEs to justify the inclusion of the referred member into the program or onto the targeted engagement list. This would be reviewed by a medical director and/or nurse manager with experience in intensive case management to see if the member qualifies for the HHP or if they might be better served by another case management program, and if the rationale provided by the CB-CME or PCP justifies engagement and enrollment in the program.

Staff and Providers

The MCP will train MCP and CB-CME staff who may interact with HHP members, including customer service staff, 24-hour nurse line staff, and provider representatives, to ensure all member- and provider-facing staff are knowledgeable about the HHP, can answer questions and refer participating or eligible members or providers to the appropriate staff. MCP staff, CB-CME staff, providers and community providers are required to participate in webinars and trainings required by DHCS.

The MCP will work to educate all contracted providers, including providers at contracted CB-CMEs and providers from smaller clinics whose patients will receive HHP services through MCP care coordinators.

There will be on-the-ground community health workers who work in the local community and will visit members at their homes or community-based organizations where the members receive services. The MCP has made significant investments in developing this team of community health workers and they will be a key part of success in engaging and educating members on HHP.

Materials

The MCP will work with DHCS to educate providers, beneficiaries and key stakeholders to ensure strong member engagement and participation. The MCP will use outreach and education materials (flyers, brochures, sample email content, sample scripts, etc.) that are approved by DHCS. If the MCP is licensed by DMHC, these materials should additionally be filed with DMHC for review, as applicable. The MCP will also use existing communication channels to promote outreach and education opportunities for providers and members, such as informational webinars, trainings and tele-town halls.

At a minimum, the MCP will develop the following materials:

- Call scripts for Customer Service and 24-hour Nurse Advise Line;
- Member "Welcome Packet," including outreach letters and brochures;

Back to Agenda

- Appointment reminder letters for both medical and care coordination appointments;
- Content for both the member and provider sections of the MCP website; and
- Training guides for the MCP and CB-CME staff who interface with providers and members.

All member-facing materials for HHP will meet DHCS requirements for cultural competency and health literacy standards.

SAMPLE

B. Appendix B – Targeted Engagement List Process

The Targeted Engagement List (TEL) Process identifies the Medi-Cal members that are the most appropriate candidates for the enhanced care coordination services in the Health Home Program (HHP). The TEL is sent to each participating Managed Care Plan (MCP) so that they can initiate engagement activities. This document provides additional details for the criteria and steps used in the TEL Process.

The data source for the TEL Process is DHCS's Data Warehouse. The Data Warehouse contains service level detail for most Medi-Cal programs, including managed care encounters, Fee-For-Service claims, Short-Doyle Mental Health services, Drug-Medi-Cal services, and others. MEDS eligibility information available in the Data Warehouse is also used in the TEL Process.

TEL Process – There are four main steps in the TEL Process, as follows:

1. SPA Eligibility Requirements for Chronic Condition Disease Identification – During the 24 months prior to the running of the TEL, if a member has at least two separate services on different dates for any of the following conditions it will be considered a chronic condition for the TEL. HHP chronic conditions include Asthma, Bipolar Disorder, Chronic Kidney Disease (CKD), Chronic Liver Disease, Chronic Obstructive Pulmonary Disease (COPD), Chronic or Congestive Heart Failure, Coronary Artery Disease, Dementia, Diabetes, Hypertension, Major Depression Disorders, Psychotic Disorders (including Schizophrenia), Substance Use Disorder, and Traumatic Brain Injury. The specific ICD-10 diagnosis codes for each chronic condition are listed below. The TEL process uses the primary and secondary diagnosis during the disease identification process.

2. SPA Eligibility Requirements for Chronic Condition Criteria. A member meets the chronic condition criteria if they have:
   2.1. Chronic Condition Criteria #1: At least two of the following: Chronic Obstructive Pulmonary Disease (COPD), Chronic Kidney Disease (CKD), Diabetes, Traumatic Brain Injury, Chronic or Congestive Heart Failure, Coronary Artery Disease, Chronic Liver Disease, Dementia, Substance Use Disorder.
   2.2. Chronic Condition Criteria #2: Hypertension and one of the following: COPD, Diabetes, Coronary Artery Disease, Chronic or Congestive Heart Failure.
   2.3. Chronic Condition Criteria #3: One of the following: Major Depression Disorders, Bipolar Disorder, or Psychotic Disorders (including Schizophrenia).
   2.4. Chronic Condition Criteria #4: Asthma

3. SPA Eligibility Requirements – Acuity – These parameters ensure that potential HHP members are high utilizers of health services. A member must meet one of these acuity factors:

3.1. A high chronic condition predictive risk level (operationalized as three or more of the HHP eligible chronic conditions) or
3.2. At least one inpatient stay (not required to be related any particular condition*) in the 16-month period prior to the running of the TEL. (The inpatient stay algorithm is aligned with industry standards and the HEDIS inpatient algorithm) or
3.3. Three or more Emergency Department (ED) visits (not required to be related to any particular condition*) in a 16-month period prior to the running of the TEL. (The ED algorithm is aligned with industry standards and the HEDIS ED algorithm) or
3.4. Chronic Homelessness (there are no data parameters for this criteria. Members who only meet eligibility through this criteria will be identified solely through provider referral and MCP prior authorization)

* MCPs have the option to adjust this requirement.

4. HHP Enrollment Targeting and Exclusions – This step starts with the Medi-Cal members that meet the SPA chronic conditions and acuity eligibility requirements and determines if the members meet any of the specific program enrollment targeting and exclusionary criteria.:

a) Members that meet the eligibility requirements are excluded from the TEL, and <u>are excluded from participation in HHP unless their status changes</u>, if the members are identified as:

- Nursing Facility Residents
- Hospice Recipients
- Members with TCM
- Members in 1915 (c) programs
- Members in Fee-For-Service
- Members in PACE, SCAN, or AHF
- Members in Cal MediConnect

b) Members that meet the eligibility requirements are not included on the TEL (but could be enrolled through referral) if the members are identified as:

- Dually eligible members
- Members in CCS or GHPP
- Members with ESRD

TEL and TEL Supplement Reporting

The members that meet the eligibility requirements for chronic conditions and acuity will be reported to the managed care plans (MCPs) in either the TEL or the TEL Supplement. The TEL will contain all of the members that meet the SPA eligibility criteria through step 3 above and do not meet any of the specific program enrollment targeting and exclusionary criteria listed in step 4. The MCPs will use the TEL, their TEL verification process, and their internal priority

engagement rules to focus their enrollment activities and enroll the most appropriate members into HHP. The TEL Supplement will contain members that meet the SPA eligibility requirements for chronic condition criteria but are not included on the TEL. The TEL and the TEL Supplement will be provided within the same physical data set with the appropriate indicators.

TEL and TEL Supplement List Management

DHCS' expectations are that most of the HHP eligible members will be identified on the first TEL/TEL Supplement for an MCP in a region (first for chronic conditions, and six months later, for SMI) and most subsequent TEL/TEL Supplement files, at six month intervals, will have a smaller number of new members. To manage the members that appear on the TEL and the TEL Supplement, DHCS is considering the following parameters:

- Members may not appear on subsequent TEL/TEL Supplement files for an MCP because:
  - The member is no longer Medi-Cal eligible in MEDS
  - The member has changed MCPs
  - The member may not meet the disease identification or SPA eligibility requirements for chronic condition criteria
- Members may move from the TEL to the TEL Supplement and from the TEL Supplement to the TEL

TEL and SPA Assignment

DHCS is required to provide separate reporting to CMS for the HHP SMI SPA and the HHP Physical Health\SUD SPA. This requirement is reflected in the HHP implementation schedule. The TEL/TEL Supplement process includes all SPA-defined chronic conditions in the initial steps. In order to support the implementation schedule and MCP requests for additional TEL-related information, the initial TEL/TEL Supplement in each geographic implementation group will include both Physical health/SUD and SMI conditions.

However, members with only SMI conditions are not eligible for the first implementation in each County. The SMI-only members on the TEL/TEL Supplement are identified when Chronic Condition Criteria #3 equals '1' and Chronic Conditions Criteria #1, #2, and #4 are all equal to '0'. MCPs will be required to separately identify HHP members between physical health\SUD and SMI on the Supplemental Payment file sent to DHCS for payment purposes (See DHCS' *Technical Guidance – Consolidated Supplemental Upload Process* for further information).

HHP TEL/TEL Supplement – Fixed-width Record Layout v1.3

Field Id	Field Name	Description	Length	Start	End	Data Type

30	Filler	Filler	2	110	111	A
31	Chronic Condition Criteria #1	Member met the HHP Chronic Condition Criteria #1 (At least two of the following conditions: Chronic Obstructive Pulmonary Disease, Chronic Kidney Disease (CKD), Diabetes, Traumatic Brain Injury, Chronic Congestive Heart Failure, Coronary Artery Disease, Chronic Liver Disease, Dementia, and Substance Use Disorder) ('1' for yes, '0' for no).	1	112	112	A

Field Id	Field Name	Description	Length	Start	End	Data Type
32	Chronic Condition Criteria #2	Member met the Chronic Condition Criteria #2 (Hypertension and at least one of the following conditions: Chronic Obstructive Pulmonary Disease, Diabetes, Coronary Artery Disease, or Chronic Congestive Heart Failure) ('1' for yes, '0' for no).	1	113	113	A
33	Chronic Condition Criteria #3	Member met Chronic Condition Criteria #3 (Any one of the following conditions: Major Depression Disorders, Bipolar Disorder, or Psychotic Disorders) ('1' for yes, '0' for no).	1	114	114	A
34	Chronic Condition Criteria #4	Member met Chronic Condition Criteria #4 (Asthma) ('1' for yes, '0' for no).	1	115	115	A
35	Count of Chronic Condition Criteria	A count of the number of Chronic Conditions Criteria the member met.	1	116	116	A
36	Acuity Factor #1	Member met acuity factor #1: three or more of the HHP eligible chronic conditions ('1' for yes, '0' for no).	1	117	117	A
37	Acuity Factor #2	Member met acuity factor #2: one or more inpatient stay ('1' for yes, '0' for no).	1	118	118	A
38	Acuity Factor #3	Member met acuity factor #3: three or more ED visits ('1' for yes, '0' for no).	1	119	119	A
39	Count of ED visits	The number of Emergency Department visits during the study period.	3	120	122	A
40	Latest ED visit DOS	The date of service for the most recent Emergency Department visit.	8	123	130	A
41	Count of Inpatient Admissions	The number of Inpatient Admissions during the study period.	3	131	133	A
42	Latest Inpatient Admission DOS	The date of service for the most recent Inpatient Admission.	8	134	141	A
43	Exclusion - Duals	The member is Dual Eligible ('1' for yes, '0' for no).	1	142	142	A
44	Exclusion - Hospice	The member had at least one service with one of the following revenue codes 0651, 0652, 0655, 0656, 0657, or with the following procedure code T2045 in the time period ('1' for yes, '0' for no).	1	143	143	A

Field Id	Field Name	Description	Length	Start	End	Data Type
45	Exclusion - ESRD	The member had at least one service with one of the following procedure codes in the time period, Z6004, Z6006, Z6012, Z6014, Z6016, Z6018, Z6022, Z6036, Z6038, Z6040, Z6030, 90967, 90968, 90969, 90970, 90989, 90993, 90951, 90952, 90953, 90954, 90955, 90956, 90957, 90958, 90959, 90960, 90961, 90962, 90963, 90964, 90965, 90966, 90935, 90937, 90945, 90947 ('1' for yes, '0' for no).	1	144	144	A
46	Exclusion - CCS	The member had at least one CCS End Date after the last month of the observation period or later ('1' for yes, '0' for no).	1	145	145	A
47	Exclusion - GHPP	The member had at least one GHPP End Date after the last month of the observation period or later ('1' for yes, '0' for no).	1	146	146	A
48	Exclusion - TCM	The member had at least one Targeted Case Management service in the time period (services where the Vendor Code was "92" or "93" ('1' for yes, '0' for no).	1	147	147	A
49	Exclusion - 1915c	The member met at least one of the following 1915c exclusions defined below, HIVAExcl, ALWExcl, DDExcl, IHOExcl, MSSPExcl, or PPC_Exclu ('1' for yes, '0' for no).	1	148	148	A
50	Exclusion - HIV/AIDS Waiver	Human Immunodeficiency Virus/Acquired Immune Deficiency Syndrome (HIV/AIDS) Waiver exclusion. The member had at least one service in the time period where the Provider type was "073" and Procedure Code in (90837, 90846, 90847, 90847, G0156, G0299, G0300, S5130, S5165, S5170, S9470, T2003, T2022, T2025, T2026, T2028, T2029) ('1' for yes, '0' for no).	1	149	149	A
51	Exclusion - Assisted Living Waiver	Assisted Living Waiver (ALW) Exclusion. The member had at least one service in the time period where the Vendor Code In ("44" or "84"), and (Provider Type was "092", "093", or "014"), and (the Category of Service was 118 or 119) ('1' for yes, '0' for no).	1	150	150	A

Field Id	Field Name	Description	Length	Start	End	Data Type
52	Exclusion - Developmental Disabilities Waiver	HCBS Waiver for Californians with Developmental Disabilities (DD) exclusion. The member had at least one service in the time period where the Vendor Code was "76" and the Procedure Code in (Z9002, Z9003, Z9004, Z9005, Z9012, Z9014, Z9015, Z9016, Z9020, Z9021, Z9022, Z9023, Z9025, Z9025, Z9026, Z9026, Z9027, Z9028, Z9029, Z9030, Z9031, Z9032, Z9034, Z9038, Z9039, Z9043, Z9046, Z9047, Z9048, Z9050, Z9056, Z9058, Z9059, Z9060, Z9061, Z9062, Z9063, Z9064, Z9065, Z9066, Z9067, Z9069, Z9072, Z9073, Z9074, Z9075, Z9076, Z9077, Z9078, Z9079, Z9101, Z9102, Z9103, Z9104, Z9105, Z9106, Z9110, Z9111, Z9112, Z9113, Z9121, Z9122, Z9123, Z9124, Z9125, Z9126, Z9200, Z9202, Z9203, Z9204, Z9205, Z9206, Z9207, Z9208, Z9302, Z9303, Z9304, Z9305, Z9306, Z9307, Z9308, Z9310, Z9311, Z9312, Z9313, Z9314 ,Z9315, Z9400, Z9401, Z9402, Z9403, Z9404, Z9405, Z9406, Z9406, Z9407, Z9408, Z9999) ('1' for yes, '0' for no).	1	151	151	A
53	Exclusion - IHO/HCBA Waivers	In-Home Operations Waiver (IHO) / Home and Community-Based Alternatives (HCBA) exclusion. The member had at least one service in the time period where the Vendor Code was "71" and Provider type is “014, 059, 066, 067, 069, 078, 095”) or where the Vendor Code was "89" and the Special Program Code (SPECIAL_PGM_TYPE_CD was "3" (IHO Personal Care Services (WPCS)) ('1' for yes, '0' for no).	1	152	152	A

Field Id	Field Name	Description	Length	Start	End	Data Type
54	Exclusion - MSSP Waiver	Multipurpose Senior Services Program Waiver (MSSP) exclusion. The member had at least one service in the time period where the Vendor Code was "81", the Provider Type is '074', and the Procedure Code in (Z8550, Z8551, Z8552, Z8553, Z8554, Z8555, Z8556, Z8557, Z8558, Z8559, Z8560, Z8561, Z8562, Z8563, Z8564, Z8565, Z8566, Z8567, Z8568, Z8569, Z8570, Z8571, Z8572, Z8573, Z8574, Z8575, Z8576, Z8580, Z8581, Z8582, Z8583, Z8584, Z8585, Z8586, Z8587, Z8588, Z8589, Z8590, Z8591, Z8592, Z8593, Z8594, Z8595, Z8596, Z8597, Z8598, Z8599, Z8600, Z8601, Z8602, Z8603) ('1' for yes, '0' for no).	1	153	153	A
55	Exclusion - PPC Waiver	Pediatric Palliative Care (PPC) Waiver exclusion. During the observation period, the member in one of the following counties: Fresno, Los Angeles, Marin, Monterey, Orange, San Francisco, Santa Clara, Santa Cruz, Sonoma, or Ventura, the Provider Type is '014 or '039, the Category of Service is '120, and the Procedure Code is 'G9012' ('1' for yes, '0' for no).	1	154	154	A
56	Exclusion - PACE, SCAN, AHF	PACE, SCAN, and AHF exclusion. As of the last month, the member had one of the following Plan Codes: 050-065, 200-207, 601, or 915. ('1' for yes, '0' for no).	1	155	155	A
57	Exclusion - LTC Resident	Long Term Nursing Facility residents exclusion. As of the end of the study period the member had one of the following Long Term Care (Nursing Facility) Aid Codes: "13", "23", "53", or "63" ('1' for yes, '0' for no).	1	156	156	A
58	Exclusion - FFS	Fee-For-Service exclusion. As of the end of the study period the member was in Fee For Service (Plan Code 000) ('1' for yes, '0' for no).	1	157	157	A
59	Count of Exclusions	A count of the number of Exclusions for which the member met the requirements.	2	158	159	A
60	TEL Indicator	A value of "1" indicates a TEL record; a value of "0" indicates a TEL Supplement record	1	160	160	A

C. Appendix C – Training Requirements

This section outlines training that MCP and CB-CME staff who will be delivering HHP services are required to receive prior to participating in the administration of the HHP. It also includes recommendations for training CB-CME staff on several core competencies.

Required HHP Trainings for Prior to HHP Implementation
MCP and CB-CME staff who will be delivering HHP services are required to receive HHP-specific training prior to HHP implementation. The required training topics described below cover basic program components. DHCS provided PowerPoint training materials that MCPs can leverage for their required trainings. However, it is also acceptable for an MCP to use non-DHCS developed training materials to satisfy one, or more, of the requirements. DHCS-developed training materials are saved on both the portal and DHCS' Health Homes Program website.

MCPs must be prepared to follow the required high-level trainings with more specific HHP operational training for their staff and CB-CME staff that provide HHP services. This should include MCP-specific information on operations, workflows, how HHP intersects with MCP care coordination initiatives, data reporting, and other implementation issues. DHCS and Harbage Consulting will work with each MCP to discuss their needs and the best approach for providing the required trainings.

The required HHP training topics are:

1. **Health Homes Program Overview**

All MCP and CB-CME staff participating in the administration of the HHP are required to receive training on the program. Required training modules shall describe the goals and scope of the HHP, team member roles and how they should work together, the services that should be provided, and how HHP intersects with other California state care coordination programs. The training shall introduce topics related to caring for the populations served under HHP, including those with chronic conditions and homeless individuals, and the impact of social determinants of health on patients.

2. **Health Action Plan, Care Coordination, and Care Transitions within the Health Homes Program**

All MCP and CB-CME staff participating in the administration of the HHP are required to receive training on best practices for working with members and providers to design and implement the Health Action Plan, conduct care coordination activities, and support patient transitions between different levels of care.

Required training shall cover approaches and best practices for developing and implementing a Health Action Plan and providing patient-centered care, taking into account the individual's preferences, values, and unique needs. It shall also cover best practices for care management for specific chronic diseases that are prevalent in the patient population and best practices for serving the SMI population.

Staff shall be trained in best practices for coordinating care across care settings, with particular focus on medical care, behavioral health services, and services addressing social determinants of health and housing. Training shall include effective strategies for care transitions, including best practices for reducing hospital readmissions and medication errors at care transitions.

3. **Community Resources and Referrals** (required for care coordinators and housing navigators)

This training shall provide information about available community resources, how to develop relationships with community partners, and best practices for connecting members to community services. This training is required for MCP and CB-CME care coordinators and housing navigators.

MCPs are encouraged to provide additional training and/or guidance about specific local and community organizations and resources available to the CB-CME staff.

Recommended but Optional Training for CB-CME Staff on Core Competencies

DHCS recommends that relevant MCP and CB-CME staff receive training on the following core competencies in order to successfully implement HHP. DHCS plans to provide trainings and/or resources on these topics, which will be saved on the portal and available on-demand.

1) Special Populations (homelessness, domestic violence, SMI, etc.)

Team members should have access to training and resources specific to the patient populations they serve.

2) Social Determinants of Health

Trainings and resources related to social determinants of health should be made available for team members. Social determinants of health include gender, age, education, income and employment, social/cultural networks, housing and physical environments and other factors that impact health outcomes and access to care.

3) Motivational Interviewing

Motivational interviewing is a communication technique that seeks to elicit an individual's internal motivation to make set and accomplish positive goals. The technique uses a non-confrontational, collaborative approach to help the patient find his or her own motivation and initiate change. The patient is empowered to make personal choices, resulting in increased likelihood of compliance with care plans.

4) Trauma-informed Care

Trauma-informed care is a service delivery framework that involves identifying, understanding, and responding to the effects of all types of trauma. Trauma-informed care emphasizes safety (physical, psychological and emotional) for patients and providers and seeks to empower patients with self-care tools.

5) Health Literacy Assessment

Health literacy refers to a patient's capacity to find and understand health information and services in order to make informed health decisions. Assessment of patient health literacy is essential to the creation of a patient-centered care plan.

6) Information Sharing

Team members should be trained on requirements related to sharing member information and data with other entities for the purpose of care coordination. These entities include the MCP, CB-CMEs, the care team, the county, hospitals, other providers, and community-based organizations including housing organizations.

D. Appendix D – Readiness Requirements and Checklist

Readiness Requirements and Checklist

This checklist is not intended to be all-inclusive. Additional information as needed may be requested by the Department.

General Instructions

Thank you for your interest in participating in the Health Homes Program (HHP). To ensure that Medi-Cal managed care health plans (MCPs) are ready to implement the Health Homes Program, MCPs must submit the documentation listed below and attest that other program requirements have been completed. **There are multiple deadlines for submissions for each implementing MCP group. Please see Appendix I for the HHP Implementation Schedule by group. Submission deadlines for each group are as follows:**

1. **Group 1 – March 1, 2018; May 1, 2018; and November 1, 2018.**
2. **Group 2 – September 1, 2018; November 1, 2018; February 1, 2019; and May 1, 2019.**
3. **Group 3.1 – January 1, 2019; April 1, 2019; July 1, 2019; and October 1, 2019.**
4. **Group 3.2 – March 1, 2019; May 1, 2019; August 1, 2019; and November 1, 2019.**
5. **Group 4 – September 1, 2019; November 1, 2019; February 1, 2020; and May 1, 2020.**

List of Deliverables:

Policies and Procedures (P&Ps) and Attestations: Section I – HHP Infrastructure (Deliverables #1 – 3), Section II – HHP Services (Deliverables #4 – 5), Section IV – General HHP Operations (Deliverables #7 – 10 and 12), and the Attestations (Deliverable #13)

Network: Section III – Network (Deliverable #6.1, 6.3, 6.4, 6.5)

SMI– MHP-MOU: Section IV – General HHP Operations, MHP-MOU (Deliverable #11.1)

SMI Network: Section III – Network (Deliverables #6.2a and 6.2b)

Group 1: San Francisco Counties

Deliverable Due Dates		Deliverable Approval Dates
P&Ps:	3/1/18	5/1/18
Network:	5/1/18	6/1/18
SMI Deliverables:	11/1/18	12/1/18

Group 2: Riverside, and San Bernardino Counties

Deliverable Due Dates		Deliverable Approval Dates
Network:	11/1/18	12/1/18
SMI MHP-MOU:	2/1/19	3/1/19
SMI Network:	5/1/19	6/1/19

Group 3.1: Imperial, and Santa Clara Counties

Deliverable Due Dates		Deliverable Approval Dates
Network:	4/1/19	6/1/19
SMI MHP-MOU:	7/1/19	8/1/19
SMI Network:	10/1/19	12/1/19

Group 3.2: Alameda, Kern, Los Angeles, Sacramento, San Diego, and Tulare Counties

Deliverable Due Dates		Deliverable Approval Dates
Network:	5/1/19	6/1/19
SMI MHP-MOU:	8/1/19	9/1/19
SMI Network:	11/1/19	12/1/19

Group 4: Orange County

Deliverable Due Dates		Deliverable Approval Dates
Network:	11/1/19	12/1/19
SMI MHP-MOU:	2/1/20	3/1/20
SMI Network:	5/1/20	6/1/20

DHCS expects the deliverables to be submitted in the form of MCP policies and procedures except for the organizational chart, assessment tool, health action plan template, network adequacy tables, and CB-CME subcontract. MCPs may develop standalone policies and procedures for the HHP and/or may incorporate HHP into existing policies and procedures.

MCPs are to submit a separate set of deliverables for each county they are implementing HHP in. If one or several deliverables cover multiple counties, MCPs are not required to submit the deliverable for each county. However, the MCP must indicate which counties the deliverable applies to during the submission process. The network tables that MCPs submit are to be separated by county.

For MCPs in multiple groups, the plan should not resubmit deliverables already approved for a prior group, unless changes have been made.

When submitting existing policies & procedures with HHP-related revisions, please use the "track changes" function in Word, or strike-thru/underline equivalent in other applications, to show deletions and additions. Other forms of documentation are also permitted to supplement MCP policies and procedures. If single documents are used to demonstrate compliance with multiple requirements/deliverables, please provide a crosswalk with the specific location for each deliverable.

Please see the *"Medi-Cal Health Homes Program: Program Guide"* (Program *Guide)* for Health Home Program requirements that correspond to this Readiness Checklist.

Submission Requirements

MCPs should follow the regular process for submitting required deliverables to their current Contract manager(s). Please submit HHP-related deliverables to 2PlanDeliverables@dhcs.ca.gov and copy the HHP mailbox at hhp@dhcs.ca.gov.

For each submission, please provide the Plan's Name and the primary Contact Person's name and telephone number.

In addition, when submitting, please use the following email subject line and file naming conventions:

- In the subject line of the email, please note that these are HHP Deliverables by using the following subject line convention:
  "HHP Deliverable 1"; "HHP Deliverables 2 and 3"; etc.

- Please use the following file naming convention:
  [plan name and deliverable number]

The Contact Person is responsible for ensuring that all documentation and attestations are accurate. Questions may be directed to hhp@dhcs.ca.gov. DHCS will provide additional information as it becomes available, and may request additional information at a later date.

I. HHP Infrastructure

1. Organizational Model:

1.1 Submit MCP's policies and procedures describing the HHP infrastructure, the roles and division of labor between the MCP and Community-Based Care Management Entities (CB-CMEs), and whether the MCP delegates any responsibilities to other entities.

1.2 Organizational chart illustrating the HHP infrastructure.

2. Staffing:

2.1 Submit MCP's policies and procedures describing the staffing plan for MCP and CB-CMEs, including care coordinators, community health workers, and housing navigator(s). The care coordinator ratio requirements are included in the Program Guide; however, if an MCP is interested in using a staffing model that de-emphasizes the care coordinator and instead emphasizes the roles of other team members, please describe the model here and DHCS will consider how to handle the care coordinator ratio.

The participation of community health workers in appropriate roles is recommended but not required.

2.2 Job descriptions for care coordination staff, including MCP and CB-CME staff, as appropriate.

3. Health Information Technology/Data and Information Sharing:

3.1 Submit MCP's policies and procedures describing how information is shared among the entire care team (including the member, CB-CME, and MCP), including whether EHR/HIT/HIE, or other methods, are used regarding the following activities:

a. Comprehensive Care Management
   - Identify cohort and integrate risk stratification information.
   - Shared care plan management – standard format.
   - Clinical decision support tools to ensure appropriate care is delivered.
   - Electronic capture of clinical quality measures to support quality improvement. Include other methods if electronic means of collection are not used.

b. Care Coordination and Health Promotion
   - Ability to electronically capture and share the patient-centered care plan across care team members. Include other methods if electronic means of collection are not used.
   - Tools to support shared decision-making approaches with patients.
   - Secure electronic messaging between providers and patients to increase access outside of office encounters. Include other methods if electronic messaging is not used.
   - Medication management tools including e-prescribing, drug formulary checks, and medication reconciliation.
   - Patient portal services that allow patients to view and correct their own health information. Include other methods if an electronic system is not used.

- Telehealth services including remote patient monitoring.

c. Comprehensive Transitional Care
   - Automated care transition notifications/alerts, e.g. when a patient is discharged from the hospital or receives care in an ER. Include other methods if an electronic process is not used.
   - Ability to electronically share care summaries/referral notes at the time of transition and incorporate care summaries into the EHR. Include other methods if electronic sharing is not used.
   - Referrals tracking to ensure referral loops are closed, as well as e-referrals and e-consults.

d. Individual and Family Support Services
   - Patient specific education resources tailored to specific conditions and needs.

e. Referral to Community and Social Support Services
   - Electronic capture of social, psychological and behavioral data (e.g. education, stress, depression, physical activity, alcohol use, social connection and isolation, exposure to violence). Include other methods if electronic means of collection are not used.
   - Ability to electronically refer patients to necessary services. Include other methods if electronic referral is not used.

II. HHP Services

4. Care Management:

4.1 Submit the assessment template or tool reflective of HHP-required elements such as housing instability, palliative care, and trauma-informed care.

4.2 Submit the Health Action Plan (HAP) template.

4.3 Submit MCP's policies and procedures for conducting care management, including how the MCP, in conjunction with contracted CB-CME, will:

- Develop and implement an HHP member assessment and HAP requirements and process, with enrollee and caregiver participation;
- Design the multi-disciplinary care team composition and process;
- Manage the communication and information flow regarding referrals, transitions, and care delivered outside the primary care site; and
- Maintain an HHP call line or have another mechanism for responding to enrollee inquiries and input related to HHP. The MCP's member service call center or 24/7 nurse line may satisfy this requirement; however, the MCP or CB-CME may also utilize a local on-call service knowledgeable about the HHP.
- Maintain a process for referring to other agencies, such as long term services and supports (LTSS) or behavioral health agencies, as appropriate.
- Disenroll members from HHP who no longer qualify for or require HHP services.

5. Care Transitions:

5.1 Submit MCP's policies and procedures for conducting care transitions, including discharge-planning workflows.

Back to Agenda

III. HHP Network

6. MCP Duties/Responsibilities - Health Homes Program Network

6.1 Physical Conditions and SUD implementation

Provide a list of CB-CMEs expected to be contracted, their NPI numbers, and their expected contract effective dates. For each CB-CME, provide the projected enrollment and capacity as of the program launch date and as of the last day of each quarter in the first year for the Physical Chronic Conditions/SUD implementation. "Projected capacity" is the maximum caseload of the MCP's Physical Chronic Conditions/SUD HHP enrollees for the county in question that the MCP estimates a CB-CME is able to manage. Plans should be mindful of HHP care manager ratio requirements and any additional certification requirements they imposed on their CB-CMEs when determining this estimate. "Projected enrollment" is the number of Physical Chronic Conditions/SUD HHP members the MCP realistically estimates will be enrolled into HHP for each time period. Plans should take into account the number of members on the TEL, the estimated engagement rate of potential members, and the assumptions about member enrollment included in the HHP rate package. DHCS expects MCPs to demonstrate expanding capacity over time that corresponds with planned enrollment expansion. Please only include CB-CMEs that will have primary responsibility for care coordination services. List the MCP if the MCP is also expected to serve in the CB-CME role. This deliverable is due as a part of the Network Deliverables submission.

Please provide expected network capacity and enrollment information for each time period using the following table format. MCP is required to submit separate network tables for each county, as applicable.

Plan:		**CB-CME Network Enrollment and Capacity Table – Physical Conditions and SUD**								**County:**		
CB-CME Name	**CB-CME NPI #**	**Estimates by CB-CME**										**Expected Contract Effective Date**
		(Launch Date) Estimated HHP:		**(Last Day of Q1) Estimated HHP:**		**(Last Day of Q2) Estimated HHP:**		**(Last Day of Q3) Estimated HHP:**		**(Last Day of Q4) Estimated HHP:**		
		Enrollment	**Capacity**	**Enrollment**	**Capacity**	**Enrollment**	**Capacity**	**Enrollment**	**Capacity**	**Enrollment**	**Capacity**	

If, after network submission and approval but prior to the program launch date, the projected number of CB-CMEs and/or their enrollment capacity decreases below the approved network capacity, the MCP must notify DHCS in writing and provide a revised network table through the HHP@dhcs.ca.gov mailbox. If the change(s) reduces the network capacity below estimated enrollment amounts per quarter, the MCP must additionally provide an action plan for meeting estimated enrollment capacity by the program launch date.

Note: A separate DMHC network review specific to HHP will not be conducted; however, DMHC will continue to conduct regular Knox-Keene Act required network reviews through DMHC established processes.

6.2 SMI Implementation

a. Provide a list of CB-CMEs expected to be contracted, their NPI numbers, and their expected contract effective dates. For each CB-CME, provide the projected HHP enrollment and capacity for these CB-CMEs as of the program launch date and as of the last day of each quarter in the first year for the SMI implementation. "Projected capacity" is the maximum caseload of the MCP's SMI HHP enrollees for the county in question that the MCP estimates a CB-CME is able to manage. Plans should be mindful of HHP care manager ratio requirements and any additional certification requirements they imposed on their CB-CMEs when determining this estimate. "Projected enrollment" is the number of SMI HHP members the MCP realistically estimates will be enrolled into HHP for each time period. Plans should take into account the number of members on the TEL, the estimated engagement rate of potential members, and the assumptions about member enrollment included in the HHP rate package. DHCS expects MCPs to demonstrate expanding capacity over time that corresponds with planned enrollment expansion. Please only include CB-CMEs that will have primary responsibility for care coordination services. List the MCP if the MCP is also expected to serve in the CB-CME role. This deliverable update is due as a part of the SMI Deliverables submission.

Please provide the expected network capacity and enrollment information for each time period using the following table format. MCP is required to submit separate network tables for each county, as applicable.

Plan:		**CB-CME Network Enrollment and Capacity Table – SMI**								**County:**		
CB-CME Name	**CB-CME NPI #**	**Estimates by CB-CME**										**Expected Contract Effective Date**
		(Launch Date) Estimated HHP:		**(Last Day of Q1) Estimated HHP:**		**(Last Day of Q2) Estimated HHP:**		**(Last Day of Q3) Estimated HHP:**		**(Last Day of Q4) Estimated HHP:**		
		Enrollment	**Capacity**	**Enrollment**	**Capacity**	**Enrollment**	**Capacity**	**Enrollment**	**Capacity**	**Enrollment**	**Capacity**	

If, after network submission and approval but prior to the program launch date, the projected number of CB-CMEs and/or their enrollment capacity decreases below the approved network capacity, the MCP must notify DHCS in writing and provide a revised network table through the HHP@dhcs.ca.gov mailbox. If the change(s) reduces the network capacity below estimated enrollment amounts per quarter, the MCP must additionally provide an action plan for meeting estimated enrollment capacity by the program launch date.

b. Provide a description of how behavioral health providers are incorporated into the HHP service delivery model. This deliverable is due as a part of the SMI Deliverables submission.

6.3 If applicable, provide any MCP-specific CB-CME qualifications (beyond the CB-CME qualifications listed in section V.B, CB-CME Qualifications) that the MCP requires for the CB-CME to contract for HHP Services. This deliverable is due as a part of the Network Deliverables submission.

6.4 Submit CB-CME oversight policies and procedures, including monitoring, corrective action, progressive consequences for continued non-compliance, auditing care coordination conducted by CB-CMEs. This deliverable is due as part of the Network Deliverables Submission.

6.5 Submit CB-CME subcontract boilerplate that complies with the DHCS MCP contract requirements and includes: 1) Business Associate Agreement that allows for information and data sharing between MCP and CB-CME, 2) CB-CME to provide services in accordance with requirements in this Program Guide, and 3) CB-CME to complete DHCS/MCP required training. **If submitting prior DHCS approved subcontract boilerplate with HHP-related revisions, please use the "track changes" function in Word, or the "strike-through/underline" equivalent in other applications, to show deletions and additions.** This deliverable is due as part of the Network Deliverables Submission.

Note: MCP must have DHCS-approved subcontracts or subcontract amendments with a sufficient number of CB-CMEs to serve its HHP enrollees.

IV. General HHP Operations

7. Non-Duplication of Care Coordination Services:

7.1 Submit MCP's policies and procedures for ensuring that members are not enrolled in another Medi-Cal care coordination program that would disqualify them from receiving HHP services (see Program Guide for requirements).

8/9. HHP Outreach Requirements

8.1 Member Engagement:

Submit MCP's policies and procedures that include the following:

- Protocols for a progressive outreach campaign (see Program Guide Appendix A for model outreach campaign protocols)
- Process for assisting members who require additional prompting or guidance to participate;
- Process for conducting outreach to homeless individuals;
- Process for reviewing and excluding names from the Targeted Engagement List (TEL), including the MCP's definition of "well managed" (based on DHCS guidelines

of having no substantial avoidable utilization **or** enrollment in another acceptable care management program – see Reporting Template-Instructions for definition);

- After people have been excluded from the TEL based on the process above, the process and criteria for identifying a "priority engagement group" or ranking process within the remaining TEL members. This group, or members in order or priority rank, would be the first focus for MCP engagement efforts. The criteria and size of the group for 'priority engagement' status will be at the MCP's discretion (upon approval by DHCS) with the goal of engaging and serving TEL members who present the greatest opportunity for improvement in care management and reduction in avoidable utilization.

9.1 Member Notices:

All beneficiary notices to be sent by the MCP regarding the HHP should be filed for DHCS review. If the MCP is licensed by DMHC, these notices should additionally be filed with DMHC for review. DHCS is aligning with DMHC requirements regarding notice review, and DMHC requires MCPs to file all advertisements for review. All outreach materials and scripts that will be distributed should be filed prior to use by the MCP. Submission through this readiness checklist process will begin the DHCS notice review/approval process. MCPs may provide notices for DHCS review at any time prior to the member notices deliverable due date.

Note: Notices must conform to all of the usual requirements for Medi-Cal member notices, including reading level. DHCS' HHP Beneficiary Toolkit is an optional resource for the MCPs for examples of 'best practice' member messaging (though the HHP Member Toolkit messaging may need to be adjusted to comply with Medi-Cal and DMHC member notice requirements). All members must be informed 30 days prior to implementation of this new Medi-Cal covered benefit. An update to the Evidence of Coverage/Disclosure Form is required; however, plans may provide an HHP-specific errata to satisfy this EOC requirement. DHCS provides a template for Evidence of Coverage/Disclosure Form HHP language in Appendix F.

10. Risk Grouping:

10.1 Submit MCP's policies and procedures for ensuring that HHP members receive the appropriate services at the appropriate intensity level, including tiering of services based on risk grouping and the associated payment structure (but not amounts). See Section V. Health Homes Program Network, G. Risk Grouping in this Program Guide for additional information.

11. Mental Health Services:

11.1 Signed local Mental Health Plan (MHP) Health Memorandum of Understanding (MHP-MOU) to ensure seamless access and delivery of mental health services. The MHP-MOU must be in place as of the date of implementation of HHP for members

with SMI conditions. MCPs will develop or amend existing MOUs with county MHPs to address HHP-specific information.

DHCS has released All Plan Letter (APL) 18-015 (which supersedes APL 13-018), including Attachment 2 of this APL, to address the HHP-specific information that MCPs must include in new, or amended, MOUs. MCP must submit the new or amended MHP-MOU by November 1, 2018 for Group 1 MCPs; February 1, 2019, for Group 2 MCPs; July 1, 2019 for Group 3.1 MCPs; and August 1, 2019 for Group 3.2 MCPs.

12. Housing Services:

12.1 Submit MCP's policies and procedures for providing the required housing services, including how the MCP will identify and work with community resources to ensure seamless access to delivery of housing support services. MCPs must provide housing navigation services, not just referrals to housing. (See Program Guide for requirements.)

13. Health Homes Program Readiness – Attestations

The operational process attestations below reflect the MCP's commitment to being fully prepared as of the HHP implementation date. Please check the boxes and sign below to indicate MCP's compliance with the following readiness requirements for the Health Homes Program.

□ **F. Training**: Attest (check the box) that the MCP and CB-CMEs will complete all DHCS-required HHP training prior to participating in the administration of the HHP, as outlined in the *Program Guide*.

□ **G. Service Directory**: Attest (check the box) that the MCP or the CB-CME(s) has completed and will maintain a directory of community services and supports that is available to all CB-CMEs and care coordinators.

□ **H. Quality of Care**: Attest (check the box) that the MCP has incorporated HHP into existing quality management processes.

□ **I. Cultural Competency, Educational and Health Literacy**: Attest (check the box) that the MCP has incorporated HHP into existing Policies & Procedures on these topics.

□ **J. Member Communication**: Attest (check the box) that the MCP has incorporated HHP into existing policies regarding communicating with members, including: using secure email, web portals or written correspondence to communicate; and taking enrollee's individual needs (communication, cognitive, or other barriers), into account in communicating with enrollee.

□ **K. Members Experiencing Homelessness**: Attest (check the box) that the MCP has incorporated HHP-specific information into the appropriate Policies & Procedures for homeless members, including special service requirements, provider criteria (to comply with homeless experience requirements per AB 361), and engagement processes.

□ **L. Reporting**: Attest (check the box) that the MCP has the capability to track HHP enrollee activity and report on outcomes, as required by DHCS, including HHP service encounters for services provided by the MCP and the CB-CMEs (see *Program Guide* and *reporting template* for reporting requirements).

□ **M. Service Requirements**: Attest (check the box) that the MCP will comply with all the with all service requirements, including for the six core services and the additional service requirements listed in the Program Guide.

I am authorized to make this attestation on behalf of:

Managed Care Plan	Signature of Authorized Representative
Date	Name of Authorized Representative
	Title of Authorized Representative

E. Appendix E – Service Codes for the Health Homes Program

DHCS has defined the ACA 2703 Health Home Program (HHP) service codes for use on encounters and for other purposes. The HHP is required to utilize HIPAA-compliant coding standards. This revised coding scheme incorporates comments received on the initial proposed coding scheme released in October 2016. The HHP team and the DHCS Office of HIPAA Compliance identified CPT and HCPCS codes for HHP. In addition, the HHP team investigated other potential codes and reviewed codes used by a few other states.

DHCS initially selected HCPCS code G0506 for HHP, however it was found to conflict with National Correct Coding Initiative rules. DHCS instead adopted HCPCS code G9008 effective as of 10/1/2018. The definition of G9008 is as follows: Coordinated care fee, physician coordinated care oversight services. G9008 along with seven different modifiers are listed in the table below for the HHP services (Comprehensive Care Management, Care Coordination, Health Promotion, Comprehensive Transitional Care, Individual and Family Support Services, and Referral to Community and Social Supports). This coding scheme uses HIPAA compliant HCPCS code and modifier combinations to identify clinical and non-clinical services, distinguishes between in-person and telephonic/telehealth 'visits', and allows other HHP services such as case notes, case conferences, tenant supportive services, driving to appointments, etc. to be codified. In addition, there is a designated modifier for engagement services. The HHP coding scheme is as follows:

HHP Service	**HCPCS Code**	**Modifier**	**Units of Service (UOS)**
In-Person: Provided by Clinical Staff	G9008	U1	15 minutes equals 1 UOS; Multiple UOS allowed
Phone/Telehealth: Provided by Clinical Staff	G9008	U2	15 Minutes equals 1 UOS; Multiple UOS allowed
Other Health Home Services: Provided by Clinical Staff	G9008	U3	15 Minutes equals 1 UOS; Multiple UOS allowed
In-Person: Provided by Non-Clinical Staff	G9008	U4	15 Minutes equals 1 UOS; Multiple UOS allowed
Phone/Telehealth: Provided by Non-Clinical Staff	G9008	U5	15 Minutes equals 1 UOS; Multiple UOS allowed
Other Health Home Services: Provided by Non-Clinical Staff	G9008	U6	15 Minutes equals 1 UOS; Multiple UOS allowed
HHP Engagement Services	G9008	U7	15 Minutes equals 1 UOS; Multiple UOS allowed

Telehealth and Group Visits

Regarding the use of the HHP HCPCS code and modifiers for HHP services provided via Telehealth and group visits – specifically, if MCPs may submit HHP encounters for telehealth and group visits using the HHP HCPCS code and modifiers for HHP in-person visits and if they may be used to satisfy the in-person visit ratio requirement – DHCS offers the following clarifying guidance.

Telehealth visits generally may not be used to meet the in-person visit ratio requirement for HHP. However, on a case by case basis, if an MCP has certain circumstances that necessitate the use of a high volume of telehealth visits for HHP, and the MCP is unable to meet the HHP in-person visit requirement because of the high-volume use of telehealth, DHCS will evaluate the circumstances and may allow the MCP to utilize some telehealth visits to meet the in-person visit requirement.

DHCS expects that group visits to be primarily used for health promotion and educational purposes as opposed to one-on-one HHP care coordination. However, if there is a one-on-one in-person component to the group visit in which the provision of any of the six core HHP services are provided, this may be reported as a separate HHP in-person visit encounter.

F. Appendix F – Evidence of Coverage Template

Description:

<Plan Name> covers Health Homes Program (HHP) services for Members with certain chronic health conditions. These services are to help coordinate physical health services, behavioral health services, and community-based long term services and supports (LTSS) for Members with chronic conditions.

You may be contacted if you qualify for the program. You can also call <Plan Name>, or talk to your doctor or clinic staff, to find out if you can receive HHP services.

You may qualify for HHP if:

- You have certain chronic health conditions. You can call <Plan Name> to find out the conditions that qualify; and
- You meet one of the following:
  - You have three or more of the HHP eligible chronic conditions
  - You stayed in the hospital in the last year
  - You visited the emergency department three or more times in the last year; or
  - You do not have a place to live.

You do not qualify to receive HHP services if:

- You receive hospice services; or
- You have been residing in a skilled nursing facility for longer than the month of admission and the following month.

Covered HHP Services:

HHP will give you a care coordinator and care team that will work with you and your health care providers, such as your doctors, specialists, pharmacists, case managers, and others, to coordinate your care. <Plan Name> provides HHP services, which include:

- Comprehensive Care Management
- Care Coordination
- Health Promotion
- Comprehensive Transitional Care
- Individual and Family Support Services
- Referral to Community and Social Supports

Cost to Member:

There is no cost to the Member for HHP services.

G. Appendix G – Reporting Template Excerpt

The below is an excerpt from the complete Reporting Template that MCPs will use to submit specific required data. For descriptions of data elements, please see Reporting Template.

Note: CPB = Controlling High Blood Pressure; CDF = Screening for Clinical Depression and Follow-up Plan; SMI = Serious Mental Illness/Serious Emotional Disturbance.

Health Home Program (HHP) Reporting Instructions

These instructions outline the requirements, references, and headings/categories for the following reporting template: Health Home Program Reporting Template. Reporting is required per the managed care contract.

• Do not make changes to this template. Reports that contain changes to this template will be rejected and must be resubmitted.

• Data must be submitted in Excel (.xlsx). Do not submit data in .pdf, .xls, .csv, .txt, or any other format than .xlsx.

• Each MCP must submit only one file per reporting period that includes all counties the MCP operates in. All subcontractors must be rolled up into the main MCP's data.

• MCPs will certify the HHPQuarterlyReports or data submissions using the existing monthly data certification process with its respective DHCS Contract Manager to confirm all information submitted is complete and accurate. MCP will maintain documentation supporting the reported information.

Quarterly reports are due 60 days after the end of the quarter. Annual reports are due with Q1 reports. When the due date falls on Saturday, Sunday or a holiday, data must be submitted by COB the business day before the due date. For reference, the calendar-year quarters are listed below:

• Q1 and Annual – January, February, and March - due May 31

• Q2– April, May, and June - due August 31

• Q3 – July, August, and September - due November 30

• Q4– October, November, and December - due February 28

Unless otherwise noted, all "days" are calendar days.

Reports must be submitted to your designated folder in the "DHCS-MCQMD-Data\MCP\Monitoring\" subfolder on the DHCS eTransfer site (https://etransfer.dhcs.ca.gov). Reports must use the following file naming convention: MCP name.HHPQuarterlyReport.Year.Quarter.DueDate.xlsx [MCPName.HHPQuarterlyReport.YYYY.QTR#.YYYYMMDD.xlsx.]. For example:

MCPName.HHPQuarterlyReport.2018.QTR3.20181130.xls. DHCS will not acknowledge or accept any email submissions.

All report revisions are subject to DHCS review and approval.

• DHCS will notify MCPs if revised reports must be submitted to correct data errors such as incorrect file naming conventions, incomplete data/columns fields, incorrect data, etc.

• Revised reports must be submitted to your designated folder in the "DHCS-MCQMD-Data\MCP\Monitoring\" subfolder on the DHCS eTransfer site (https://etransfer.dhcs.ca.gov).

• Revised reports must be submitted as a complete quarterly file. Partial files without all the required information and data will be rejected and must be resubmitted. Each quarter of data must be submitted separately. MCP must include an explanation in the HHP comments tab describing the changes and the reason for revision.

• Revised reports must use the following file naming convention: MCPName.HHPQuarterlyReport.Year.QuarterNumber.DueDate.RevisionNumber.xlsx [MCPName.HHPQuarterlyReport.YYYY.QTR#.YYYYMMDD.REV#.xlsx]. For example: MCPName.HHPQuarterlyReport.2018.QTR3.20181230.REV1.xlsx.to your designated folder in the "DHCS-MCQMD-Data/MCP/Monitoring" folder on the DHCS eTransfer site (https://etransfer.dhcs.ca.gov). The revised file should be submitted as a separate file.

• Final corrections to quarterly reports must occur no later than 90 days after the end of the calendar year for corrections on the previous year's quarterly reports unless the Department requests a revised file.

Definitions:

CB-CME: Community Based Care Management Entity

HAP: Health Action Plan

Homeless and Chronically Homeless: see CA Welfare & Institution Code § 14127(e)

Housing Services:
https://www.medicaid.gov/federal-policy-guidance/downloads/cib-06-26-2015.pdf - see "Individual Housing Transition Services" and "Individual Housing & Tenancy Sustaining Services" on pages 3-4.

For the purposes of this document, the following definitions will apply:

- **HHP Member**: a Medi-Cal beneficiary currently enrolled in a Medi-Cal Managed Care Plan and a Health Homes Program.

- **Member**: a Medi-Cal Managed Care Plan member not currently enrolled in a Health Homes Program.

- **Individual**: Medi-Cal beneficiary or other eligible person who may not be currently enrolled in a Medi-Cal Managed Care Plan or a Health Homes Program. E.g., FFS beneficiary. May also apply to person not currently enrolled in Medi-Cal.

Definitions of Exclusionary Reasons for Non-Enrollment: The following are the allowable reasons, with definitions, for which a Medi-Cal member may be excluded from, or not enrolled into, a local Health Homes Program (HHP). These definitions are used by DHCS and its HHP partners. **For the purpose of reporting the HHP Enrollment Reporting, Member Exclusions, MCPs are expected to report on individuals that the MCP actively seeks to engage. See the definition of Targeted Engagement Process below for additional information**.

I. ***Unsafe Environment***: for delivery of services outside of a regular healthcare facility such as a clinic, provider's office or ED: After reasonable efforts to arrange a different method or venue to conduct member engagement/enrollment or deliver HHP services, such activities cannot be conducted without staff entering an environment that poses a significant risk to the physical or mental well-being of the staff.

Individual: Member engagement/enrollment efforts, or delivery of HHP services, cannot be conducted due to the member's behavior posing a significant physical or mental threat to the well-being of the staff.

II. ***Declined participation***: After reasonable efforts have been made to explain the program and achieve engagement, the member declines to participate in HHP.

III. ***Unsuccessful engagement***: HHP staff is unable to engage the member after the MCP or the HHP provider has completed the requirements specified in the MCP's DHCS-approved policy for progressive engagement activities. The member does not engage, participate, or make self-available, or is un-cooperative. Accurate contact information is not available for the member. This occurs before enrollment.

IV. ***Well-managed***: An assessment, which may include a clinical assessment, determines that the member's eligible chronic conditions are already well managed – to the extent that HHP services are not medically necessary and will not significantly change the member's health status. This includes participation in other programs that are not Medicaid funded that may be available and for which the member is eligible.

V. ***Participation in duplicative programs or programs excluded for HHP participation due to DHCS policy***: DHCS or the MCP has developed new information that the member participates in, or is enrolled in, a Medicaid-funded program that provides services duplicative to HHP services or a program excluded by DHCS policy, and the member chooses to remain in the duplicative or excluded program. Duplicative Medicaid-funded programs include, but may not be limited to, the following:

1. Duplicative Programs

a. 1915c waiver programs: HIV/AIDS, Assisted Living Waiver (ALW), Developmentally Disabled (DD), In-Home Operations (IHO), Multipurpose Senior Services Program (MSSP), Nursing Facility Acute Hospital (NF/AH)

b. Targeted Case Management (TCM) – County, not Mental Health TCM

c. Specialty Managed Care Plans: Senior Care Action Network (SCAN), Program of All-Inclusive Care for the Elderly (PACE), AIDS Healthcare Foundation (AHF)

2. Programs excluded by DHCS Policy

a. Skilled Nursing Facility (SNF) residents with a duration longer than the month of admission and the following month.

b. Hospice

c. Fee-For-Service

VI. ***Targeted Engagement Process***: The MCPs DHCS-approved process by which MCPs identify and prioritize individuals for engagement by using DHCS-provided Targeted Engagement List (TEL) and/or MCP member data.

For the purpose of reporting the HHP Enrollment Reporting, Member Exclusions, MCPs are expected to report on individuals that the MCP actively seeks to engage, that is a result of the above mentioned DHCS-approved process.

1. Health Home Program Enrollment Reporting
Note: **Only report one (1) exclusionary reason per member excluded from the Program.**

Column Name	Explanation
Plan Code - Plan Name - County (Column A)	From the drop down menu, select the plan code, plan name and county combination for each county and plan code the plan operates in. Submit only one row of data per county that the MCP is in. Do not report subcontracting health plans separately. Report on data based on the member's assigned county.
Reporting Period (Column B)	From the drop down menu, select the corresponding year and quarter for the data reported: Year QX. For example, the 3rd quarter of 2018 will be entered as 2018 Q3.

Column Name	Explanation
Number MCP excluded because not eligible - well-managed (Column C)	Enter the number of members MCP excluded via the targeted engagement process during the quarter because not eligible due to MCP assessment determining well managed. The CB-CME and/or the MCP can further define, but well-managed means (a) members with HHP chronic conditions that do not have a pattern of utilization of negative health outcomes that are an indication of poor chronic disease management or patient activation; or (b) members that are in an effective care management program. An assessment, which may include utilization data review or a clinical assessment, determines that the member's eligible chronic conditions are already well managed – to the extent that HHP services are not medically necessary and will not significantly change the member's health status. This includes participation in other programs that are not Medicaid funded that may be available and for which the member is eligible.
Number MCP excluded because declined to participate (Column D)	Enter the number of members MCP excluded via the targeted engagement process during the quarter because they declined to participate. After reasonable efforts have been made to explain the program and achieve engagement, the member declines to participate, or to continue to participate, in HHP.
Number MCP excluded because of unsuccessful engagement (Column E)	Enter the number of members MCP excluded via the targeted engagement process the quarter because of unsuccessful engagement. HHP staff is unable to engage the member after the MCP or the HHP provider has completed the requirements specified in the MCP's DHCS-approved policy for progressive engagement activities. The member does not engage, participate, or make self available; is un-cooperative; or accurate contact information is not available for the member. This occurs before enrollment.

Column Name	Explanation
Number MCP excluded because duplicative program (Column F)	Enter the number of members MCP excluded via the targeted engagement process during the quarter due to being in another program that provides care management services: DHCS or the MCP has developed new information that the member participates in, or is enrolled in, a Medicaid-funded program that provides services duplicative to HHP services or a program excluded by DHCS policy, and the member chooses to remain in the duplicative or excluded program. Duplicative Medicaid-funded programs include, but may not be limited to, the following: 1. Duplicative Programs a. 1915c waiver programs: HIV/AIDS, Assisted Living Waiver (ALW), Developmentally Disabled (DD), In-Home Operations (IHO), Multipurpose Senior Services Program (MSSP), Nursing Facility Acute Hospital (NF/AH) b. Targeted Case Management (TCM) – County, not Mental Health TCM 2. Programs excluded by DHCS Policy a. Skilled Nursing Facility (SNF) residents with a duration longer than the month of admission and the following month. b. Hospice 3. Additional programs the MCP determines are duplicative as described in their progressive engagement policy
Number MCP excluded because unsafe behavior or environment (Column G)	Enter the number of members MCP excluded via the targeted engagement process during the quarter because of an unsafe behavior or environment. Unsafe includes Environment (for delivery of services outside of a regular healthcare facility such as a clinic, provider's office or ER): after reasonable efforts to arrange a different method or venue to conduct member engagement/enrollment such activities cannot be conducted without staff entering an environment that poses a significant risk to the physical or mental well-being of the staff; and Individual: Member engagement/enrollment efforts cannot be conducted due to the member's behavior posing a significant physical or mental threat to the well-being of the staff.

Column Name	Explanation
Number MCP excluded because not enrolled in Medi-Cal at MCP (Column H)	Enter the number of individuals MCP excluded from via the targeted engagement process list during the quarter because they are not enrolled in Medi-Cal at the Managed Care Plan. Reasons can include, but may not be limited to, the following: a. Fee-For-Service b. Specialty Managed Care Plans: Senior Care Action Network (SCAN), Program of All-Inclusive Care for the Elderly (PACE), AIDS Healthcare Foundation (AHF) c. Member is deceased
Number externally referred but excluded (Column I)	Enter the number of individuals not part of the plan's targeted engagement process, referred to the MCP, that were excluded. Exclusion reasons include reasons identified in columns C-H. Do not add these exclusions to the counts in Columns C-H.
Average monthly number of dedicated care coordination FTEs (Column J)	Enter the average monthly number of care coordinators for the quarter. Only count FTEs dedicated to care coordination activities. The counts are taken at a point in time, which will be the last day of each month in the quarter, and averaged across the 3 months in the quarter to get this average quarterly number.

2. Health Home Program Member Activity Reporting

Column Name	Explanation
Plan Code – Plan Name – County (Column A)	From the drop down menu, select the plan code, plan name and county combination for each county and plan code the plan operates in. Submit only one row of data per county that the MCP is in. Do not report subcontracting health plans separately. Report on data based on the member's assigned county.
Reporting Period (Column B)	From the drop down menu, select the corresponding year and quarter for the data reported: Year QX. For example, the 3rd quarter of 2018 will be entered as 2018 Q3.
Number initial HAP completed within 90 days (Column C)	Numerator: Enter the number of HHP members that had their initial HAP completed during the quarter and the HAP was completed within 90 days of enrollment.
Number initial HAP completed (Column D)	Denominator: Enter the number of HHP members that had their initial HAP completed during the quarter.

3. Health Home Program Member-Level Detail Reporting
Note: This tab captures all members enrolled in HHP. Additionally, this tab reports on those members who are homeless/at risk of homelessness and received housing support services during the quarter. If a member was disenrolled during the quarter, enter the disenrollment date. The disenrolled member should not be reported in subsequent quarters unless the member reenrolls. This tab is to be submitted quarterly.

Column Name	Explanation
Plan Code - Plan Name - County (Column A)	From the drop down menu, select the plan code, plan name and county combination for the county and plan code the plan operates in. Report on data based on the member's assigned county.
Reporting Period (Column B)	From the drop down menu, select the corresponding year and quarter for the data reported. For example, the 4th quarter of 2019 will be entered as 2019 Q4.
Member CIN (Column C)	Enter the Member's Client Identification Number (CIN).
Member Last Name (Column D)	Enter the Member's Last Name.
Member First Name (Column E)	Enter the Member's First Name.
Member Date of Birth (DOB) (Column F)	Enter the Member's Date of Birth (DOB) using format MM/DD/YYYY.
SPA 1 (PHYS-SUD) or SPA 2 (SMI) Member (Column G)	Indicate which State Plan Amendment (SPA) the HHP member was enrolled under. Enter "1" or "2."
Dual Member (Column H)	Indicate the member's "Dual" status (having both Medicare & Medi-Cal) as of the last day of the quarter. If the member was disenrolled during the quarter, report as of their last date of enrollment. Enter "Dual" or "Non-Dual."
Externally Referred and Enrolled (Column I)	Indicate whether the HHP enrolled member was referred into the program. Enter "Yes" or "No." The referral process is initiated by an external provider or organization when an individual is initially assessed to be a candidate for HHP and therefore is referred to the MCP for approval. Indicate "Yes" if, upon MCP review and evaluation, the individual is approved for HHP and enrolled.

Column Name	Explanation
Enrollment Date (Column J)	Enter the Member's Enrollment Date using format MM/DD/YY.
Date of Disenrollment (if applicable) (Column K)	Enter the Member's Date of Disenrollment using format MM/DD/YY. If the Member remains enrolled in the program, leave this cell blank. The disenrolled member should not be reported in subsequent reports unless the member reenrolls.
Member was Homeless or at Risk for Homelessness During The Quarter(Column L)	Indicate whether the member met the Federal definition of Homeless or required tenancy sustaining services at any point during the quarter. Enter “Yes" or "No."
Member Received Housing Services During the Quarter (Column M)	Indicate whether the member received housing services at any point during the quarter. Enter "Yes" or "No."
Member was Homeless At Any Point During Their Enrollment in HHP (Column N)	Indicate whether the member met the Federal definition of Homeless at any point during their enrollment in the HHP. Enter "Yes" or "No."
Members no longer Homeless On Last Day of the Quarter (Column O)	Indicate whether the member no longer meets the Federal definition of Homeless as of the last day of the quarter. If the member was disenrolled during the quarter, report as of their last date of enrollment. Enter "Yes" or "No." Leave Blank if the member was never Homeless.

4. Health Home Program Network Reporting

Column Name	Explanation
Plan Code – Plan Name – County (Column A)	From the drop down menu, select the plan code, plan name and county combination for each county and plan code the plan operates in. Submit only one row of data per county that the MCP is in. Do not report subcontracting health plans separately. Report on data based on the member’s assigned county.
Reporting Period (Column B)	From the drop down menu, select the corresponding year and quarter for the data reported: Year QX. For example, the 3rd quarter of 2018 will be entered as 2018 Q3.
CB-CME NPI # (Column C)	Enter all CB-CME NPI numbers that were contracted as of the last day of the quarter. Enter each CB-CME NPI number in each county on its own row. For example, if a MCP is contracted with a CB-CME that operates in two counties, there would be two rows for

Column Name	Explanation
	that NPI with each row having a different plan code & county. DHCS assumes that all lead CB-CMEs will have a NPI or be the MCP; if a CB-CME does not have an NPI #, please reach out to DHCS for further discussion. This is a measure of the prime contract with the MCP for care management duties, not engagement subcontractors or housing subcontractors.
Capacity for each CB-CME (Column D)	Enter the capacity for assigned HHP members for each CB-CME contracted in each county during the quarter. If a CB-CME operates in more than one county, separate the projected capacity for each county. Capacity is defined as the number of HHP members the CB-CME will be able to serve according to the HHP service requirements including the care manager ratio and the extent the CB-CME is able to satisfy all care team requirements. The count is taken at a point in time, which will be the last day of the quarter.

5. Health Home Program Annual CMS Core Measures Reporting

DHCS is required to collect and report the Core Set of Health Care Quality Measures for Medicaid Health Homes Programs according to the Technical Specifications published by CMS. The first annual quality reporting for the CBP measure will begin in Measurement Year (MY) 2020 and will be submitted in Reporting Year (RY) 2021 with the Q1 Report, due May 31, 2021. There is no partial-year reporting for the Health Homes Core Set of Health Care Quality Measures.

DHCS will continue to make the annual Technical Specification link available to the MCPs. MCPs are required to follow the technical specifications. DHCS will use the reporting template to collect measure information from the MCPs so that DHCS can perform the aggregation, weighting, and reporting required by the Technical Specifications. For additional information on the Core Measures, refer to the following Technical Specifications and Resource Manual link from CMS.

https://www.medicaid.gov/state-resource-center/medicaid-state-technical-assistance/health-home-information-resource-center/downloads/FFY-19-HH-Core-Set-Manual.pdf

Each MCP will determine its numerator, denominator, and/or rates for the required performance measure and report these results for each county. DHCS is required to report separately for each SPA, therefore, there are separate numerator, denominator, and rates columns for Chronic Conditions and SMI. The Technical Specifications measurement year and reporting year definitions are consistent with DHCS's other HEDIS oriented timelines. The fields in the template will be adjusted over time to align with the Technical Specifications if/when they change.

Note: **This tab is to be submitted annually in the Q1 report (due 5/31) of every year and include data on the previous calendar year of January through December.**

Column Name	Explanation
Plan Code - Plan Name - County (Column A)	From the drop down menu, select the plan code, plan name and county combination for each county and plan code the plan operates in. Submit only one row of data per county that the MCP is in. Do not report subcontracting health plans separately. Report on data based on the member's assigned county.
Reporting Period (Column B)	From the drop down menu, select the corresponding year for the data reported: Year.
Controlling high blood pressure (CBP) (Med) age 18-59 w/HTN, BP < 140/90 - numerator (Column C)	Controlling high blood pressure (Medical SPA) - Age 18-59 with hypertension, BP < 140/90 - numerator
CBP (Med) - Age 18-59 w/HTN, BP < 140/90 - denominator (Column D)	Controlling high blood pressure (Medical SPA) - Age 18-59 with hypertension, BP < 140/90 - denominator
CBP (Med) - Age 60-64 w/HTN, w/DIB, BP < 140/90 - numerator (Column E)	Controlling high blood pressure (Medical SPA) - Age 60-64 with hypertension, with diabetes, BP < 140/90 - numerator
CBP (Med) - Age 60-64 w/HTN, w/DIB, BP < 140/90 - denominator (Column F)	Controlling high blood pressure (Medical SPA) - Age 60-64 with hypertension, with diabetes, BP < 140/90 - denominator
CBP (Med) - Age 65-85 w/HTN, w/DIB, BP < 140/90 - numerator (Column G)	Controlling high blood pressure (Medical SPA) - Age 65-85 with hypertension, with diabetes, BP < 140/90 - numerator
CBP (Med) - Age 65-85 w/HTN, w/DIB, BP < 140/90 - denominator (Column H)	Controlling high blood pressure (Medical SPA) - Age 65-85 with hypertension, with diabetes, BP < 140/90 - denominator
CBP (Med) - Age 60-64 w/HTN, w/o DIB, BP < 150/90 - numerator (Column I)	Controlling high blood pressure (Medical SPA) - Age 60-64 with hypertension, without diabetes, BP < 150/90 - numerator
CBP (Med) - Age 60-64 w/HTN, w/o DIB, BP < 150/90 - denominator (Column J)	Controlling high blood pressure (Medical SPA) - Age 60-64 with hypertension, without diabetes, BP < 150/90 - denominator
CBP (Med) - Age 65-85 w/HTN, w/o DIB, BP < 150/90 - numerator (Column K)	Controlling high blood pressure (Medical SPA) - Age 65-85 with hypertension, without diabetes, BP < 150/90 - numerator
CBP (Med) - Age 65-85 w/HTN, w/o DIB, BP < 150/90 - denominator (Column L)	Controlling high blood pressure (Medical SPA) - Age 65-85 with hypertension, without diabetes, BP < 150/90 - denominator
CBP (SMI) - Age 18-59 w/HTN, BP < 140/90 -	Controlling high blood pressure (SMI SPA) - Age 18-59 with hypertension, BP < 140/90 - numerator

Column Name	Explanation
numerator (Column M)	
CBP (SMI) - Age 18-59 w/HTN, BP < 140/90 - denominator (Column N)	Controlling high blood pressure (SMI SPA) - Age 18-59 with hypertension, BP < 140/90 - denominator
CBP (SMI) - Age 60-64 w/HTN, w/DIB, BP < 140/90 - numerator (Column O)	Controlling high blood pressure (SMI SPA) - Age 60-64 with hypertension, with diabetes, BP < 140/90 - numerator
CBP (SMI) - Age 60-64 w/HTN, w/DIB, BP < 140/90 - denominator (Column P)	Controlling high blood pressure (SMI SPA) - Age 60-64 with hypertension, with diabetes, BP < 140/90 - denominator
CBP (SMI) - Age 65-85 w/HTN, w/DIB, BP < 140/90 - numerator (Column Q)	Controlling high blood pressure (SMI SPA) - Age 65-85 with hypertension, with diabetes, BP < 140/90 - numerator
CBP (SMI) - Age 65-85 w/HTN, w/DIB, BP < 140/90 - denominator (Column R)	Controlling high blood pressure (SMI SPA) - Age 65-85 with hypertension, with diabetes, BP < 140/90 - denominator
CBP (SMI) - Age 60-64 w/HTN, w/o DIB, BP < 150/90 - numerator (Column S)	Controlling high blood pressure (SMI SPA) - Age 60-64 with hypertension, without diabetes, BP < 150/90 - numerator
CBP (SMI) - Age 60-64 w/HTN, w/o DIB, BP < 150/90 - denominator (Column T)	Controlling high blood pressure (SMI SPA) - Age 60-64 with hypertension, without diabetes, BP < 150/90 - denominator
CBP (SMI) - Age 65-85 w/HTN, w/o DIB, BP < 150/90 - numerator (Column U)	Controlling high blood pressure (SMI SPA) - Age 65-85 with hypertension, without diabetes, BP < 150/90 - numerator
CBP (SMI) - Age 65-85 w/HTN, w/o DIB, BP < 150/90 - denominator (Column V)	Controlling high blood pressure (SMI SPA) - Age 65-85 with hypertension, without diabetes, BP < 150/90 - denominator

6. Health Home Program Reporting Comments

Column Name	Explanation
Comments (Column A)	Enter any relevant information pertaining to the submitted report and the data it contains.

I. Appendix I – HHP Implementation Schedule

HHP Implementation Schedule

The California Department of Health Care Services (DHCS) announced that the implementation of the state's Health Homes Program (HHP) begins July 1, 2018. The counties included in each group and the phased implementation schedule are outlined in the table below:

County Implementation Schedule

Groups	Counties	(Phase 1) Implementation date for members with eligible chronic physical conditions and substance use disorders	(Phase 2) Implementation date for members with eligible serious mental illness conditions
Group 1	• San Francisco	July 1, 2018	January 1, 2019
Group 2	• Riverside • San Bernardino	January 1, 2019	July 1, 2019
Group 3	• Alameda • Imperial • Kern • Los Angeles • Sacramento • San Diego • Santa Clara • Tulare	July 1, 2019	January 1, 2020
Group 4	• Orange	January 1, 2020	July 1, 2020

J. Appendix J – HHP Supplemental Payment File

Please refer to the DHCS' *Technical Guidance – Consolidated Supplemental Upload Process for further information.*

K. Appendix K – Whole Person Care Pilot Interaction Guidance

Joint Medi-Cal Managed Care Health Plan and Whole Person Care Pilot Guidance:

Eligibility and Provision of Services in the Health Homes Program and

Whole Person Care Pilots

This notification provides DHCS policy guidance regarding the eligibility, enrollment and the provision of services for Medi-Cal beneficiaries concurrently eligible for both the Health Homes Program (HHP) and a Whole Person Care (WPC) Pilot.

Medi-Cal managed care health plans (MCPs) implementing the HHP are responsible for providing the following six core HHP services: comprehensive care management, care coordination, health promotion, comprehensive transitional care, individual and family support, and referral to community and social support services. Program eligibility is based on meeting a set of chronic physical/Substance Use Disorder (SUD) or Severe Mental Illness (SMI) conditions as well as specified acuity criteria.

The overarching goal of the WPC Pilots is the coordination of health, behavioral health, and social services, as applicable, in a patient-centered manner with the goals of improved beneficiary health and wellbeing through more efficient and effective use of resources. WPC Pilots are administered at the local level where a county, a city and county, a health or hospital authority, or a consortium of any of the above can serve as the Lead Entity (LE). WPC eligibility is established by each Pilot.

DHCS' guidance is that Medi-Cal beneficiaries that are eligible to receive services from both the WPC Pilot program and the HHP can be enrolled in either program or both, based on beneficiary choice.

In most cases WPC pilots provide care coordination services that are similar to the care coordination services provided by the HHP program. If a Medi-Cal beneficiary is eligible for both WPC and HHP, the member may choose which program's care coordination services that want to receive. The member may not receive duplicative care coordination services from both WPC and HHP. If the beneficiary is receiving care coordination services through the HHP, it is the responsibility of the WPC pilot to ensure that a beneficiary does not receive duplicative care coordination services from WPC. The WPC pilot may not claim WPC reimbursement for care coordination services that are duplicative of HHP care coordination services that are provided during the same month.

If the beneficiary chooses to receive care coordination services through WPC and is also interested in participating in the HHP, the beneficiary will not be able to receive any HHP services due to HHP, by default, being a program that consists of a set of 6 care-coordination services that are offered as the core benefit of the program.

In most cases WPC pilots also provide other services that are not duplicative, or similar to, HHP care coordination services. A sobering center service is one example of a WPC service that is likely to not be duplicative of HHP services. If a member is eligible for both WPC and HHP, and the member chooses to receive care coordination services through the HHP, the member may still receive other WPC services (that are not duplicative of HHP services) through the WPC. The WPC pilot may claim reimbursement for these other services regardless of whether the beneficiary chooses to receive care coordination services through the WPC or the HHP.

Please see the following points regarding DHCS' expectations:

- All WPC LEs must ensure the non-duplication of services for their WPC-enrolled members.

- The LEs are required to check other program participation, including HHP, as a regular part of their assessments. DHCS recommends frequent communication between the LE and their local MCPs to ensure there is no duplication of services.

- The WPC "Certification of Lead Entity Reports" document has been revised to include an additional attestation stating that DHCS reserves the right to recoup payments made to LEs for services found to be duplicative.

- LEs are responsible for keeping auditable records, such as documentation of their in-person assessments of enrollee participation in other programs, which should address non-duplication of services.

- As always, DHCS reserves the right to perform an audit of LE data and MCP data.

ALL PLAN LETTER 18-012

TO: ALL MEDI-CAL MANAGED CARE HEALTH PLANS PARTICIPATING IN THE HEALTH HOMES PROGRAM

SUBJECT: HEALTH HOMES PROGRAM REQUIREMENTS

PURPOSE:
The purpose of this All Plan Letter (APL) is to provide guidance regarding the provision of Health Homes Program (HHP) services, and the development and operation of the HHP, to Medi-Cal managed care health plans (MCPs) implementing the HHP.

BACKGROUND:
The Medicaid Health Home State Plan Option is authorized under the Patient Protection and Affordable Care Act (Pub. L. 111-148), enacted on March 23, 2010, as revised by the HealthCare and Education Reconciliation Act of 2010 (Pub. L. 111-152), enacted on March 30, 2010, together known as the Affordable Care Act (ACA). Section 2703 of the ACA allows states to create Medicaid health homes to coordinate the full range of physical health care services, behavioral health services, and community-based long term services and supports (LTSS) needed by members with chronic conditions.

In California, Welfare and Institutions Code (WIC) Sections 14127 through 14128 authorize the Department of Health Care Services (DHCS), subject to federal approval, to create the HHP for Medi-Cal members with chronic conditions who meet the eligibility criteria specified by DHCS.

POLICY:
Effective upon the HHP implementation date for each MCP implementing the HHP, the MCP is responsible for providing the following six core HHP services to eligible Medi-Cal members: comprehensive care management, care coordination, health promotion, comprehensive transitional care, individual and family support, and referral to community and social support services.

The Medi-Cal Health Homes Program Guide (Program Guide) is available on the HHP webpage of the DHCS website.[1] The Program Guide outlines HHP policies, including member eligibility criteria, and contains DHCS' operational requirements and guidelines on HHP. DHCS may update the Program Guide to reflect the latest HHP requirements

[1] The HHP Program Guide can be found at: http://www.dhcs.ca.gov/services/Pages/HealthHomesProgram.aspx

Managed Care Quality and Monitoring Division
1501 Capitol Avenue, P.O. Box 997413, MS 4400
Sacramento, CA 95899-7413
Phone (916) 449-5000 Fax (916) 449-5005
www.dhcs.ca.gov

and guidelines. DHCS will notify MCPs whenever the Program Guide is updated, so that MCPs can obtain the latest information on HHP.

HHP MCPs must meet all program and reporting requirements specified in the Program Guide, all applicable state and federal laws and regulations, MCP contracts, and other DHCS guidance, including, but not limited to, APLs. Additionally, MCPs must communicate all HHP requirements to, and ensure the compliance of, their contracted HHP providers, including Community Based Care Management Entities, as well as any delegated entities and subcontractors.

MCPs are responsible for ensuring that all delegated entities and subcontractors comply with all applicable state and federal laws and regulations, contract requirements, and other DHCS guidance, including APLs and Policy Letters.

If you have any questions regarding this APL, please contact your Managed Care Operations Division Contract Manager.

Sincerely,

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken December 5, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

11. Consider Approval of Modifications to CalOptima Long Term Services and Supports Policies and Procedures related to Annual Policy Review

Contacts

Emily Fonda, MD, MMM, CHCQM, Deputy Chief Medical Officer (714) 246-8400
Tracy Hitzeman, RN, Executive Director Clinical Operations (714) 246-8400

Recommended Action(s)

Approve modifications to existing CalOptima Policies and Procedures for Long Term Services and Supports to be in compliance with Regulatory requirements as follows:

1. GG.1810: Bed Hold, Long Term Care
2. GG.1822 Process for Transitioning CalOptima Members Between Levels of Care

Background/Discussion

Periodically, CalOptima establishes new or modifies existing Policies and Procedures to implement new or modified laws, regulatory guidance, contracts and business practices. CalOptima has established an annual policy review process by which Policies and Procedures are updated and subject to peer review.

New and modified Policy and Procedures are developed on an ad hoc basis as new laws, regulations, guidelines or programs are established. Below is additional information regarding the proposed policy modifications:

1. ***GG.1810: Bed Hold, Long Term Care***
   Minor revisions to improve clarity and readability.
2. ***GG.1822 Process for Transitioning CalOptima Members Between Levels of Care***
   Language added to the policy describing the process for member transitions from a long-term care (LTC) facility to a community setting, the facility's responsibility to notify CalOptima or the Health Network of a facility-initiated modification of a Member's level of care and coordinate in the planning for adjunctive long-term support services as appropriate.

Fiscal Impact

The recommended actions to revise CalOptima Policies GG.1810 and GG.1822 are operational in nature. Staff does not anticipate any additional fiscal impact beyond what was incorporated in the CalOptima Fiscal Year 2019-20 Operating Budget, approved by the Board on June 6, 2019.

Rationale for Recommendation

Approval is recommended to ensure that CalOptima is compliant with all federal, state, and local laws, and regulations.

FOR 20191205BOD REVIEW

I. PURPOSE

This policy defines the terms by which ~~payment~~authorization review shall be made for **Bed Hold** days when a **Member** is transferred to a **General Acute Care Hospital** from a Long-Term Care (LTC) Facility, including a **Nursing Facility Level A (NF-A)**, **Nursing Facility Level B (NF-B)**, **Subacute Facility-Adult**, **Subacute Facility-Pediatric**, **Intermediate Care Facility (ICF)**, **Intermediate Care Facility-Developmentally Disabled (ICF/DD)**, **ICF/DD-Habilitative (ICF/DD-H)**, and **ICF/DD-Nursing (ICF/DD-N)**, in accordance with the **Member's** individual **Plan of Care**, and to ensure **Members** receive coordinated care across continuum of services.

II. POLICY

A. An LTC facility shall hold a bed vacant when requested by a **Member** or a **Member's Authorized Representative**, with a physician **Bed Hold** order, unless notified in writing by the attending physician that the **Member** requires more than seven (7) calendar days of **General Acute Care Hospital** services.

B. A **Bed Hold** for a **Member** transferred to a **General Acute Care Hospital** is limited to seven (7) calendar days per hospitalization.

1. The day of departure from the LTC facility shall be counted as one (1) day of **Bed Hold**.

2. The day of return to the LTC facility shall be counted as one (1) day of inpatient care.

C. The **Member's** attending physician must write a physician order for a discharge or transfer at the time a **Member** requires a discharge or transfer from an LTC facility to a **General Acute Care Hospital** and include an order for **Bed Hold**. The written order for **Bed Hold** on the electronic health record must match the supported document on paper health record. The date of **Bed Hold** must be the same as the admission date to a **General Acute Care Hospital**.

D. The LTC facility will hold the bed vacant during the **Bed Hold** period.

E. If an LTC facility is holding a bed and is notified in writing by the attending physician that the **Member** requires more than seven (7) days of general acute hospital care, the LTC facility shall no longer be required to hold the bed and shall not bill CalOptima for any remaining **Bed Hold** days.

F. There are no limits to the number of **Bed Hold** episodes. However, the **Member** shall remain at the facility at least twenty-four (24) hours prior to the start of the next **Bed Hold** period.

Back to Agenda

G. CalOptima shall pay the LTC facility at the facility daily rate minus the cost of raw food for the **Bed Hold** days as established by the California Department of Health Care Services (DHCS).

H. CalOptima shall not pay for **Bed Hold** days when a **Member** is discharged from a facility that is receiving payment for **Bed Hold** within twenty-four (24) hours after the **Member's** return from an acute care hospital.

I. If a **Member** dies while hospitalized, the nursing facility shall terminate the **Bed Hold** and CalOptima shall not pay the facility for the **Bed Hold** for the day of death.

J. The LTC facility shall present the onsite CalOptima nurse or send the authorization request for **Bed Hold** reimbursement to CalOptima Long Term Services and Supports (LTSS) within twenty-one (21) calendar days after the end of the **Bed Hold**.

K. If CalOptima LTSS staff receives an authorization request after twenty-one (21) calendar days following the end of the **Bed Hold**, CalOptima shall consider the authorization late and shall not reimburse the nursing facility for the **Bed Hold**. The fifteen percent (15%) payment reduction does not apply to **Bed Hold** requests.

L. Pursuant to the requirements of this policy, the **Bed Hold** will be either approved or denied for the duration of the ~~timeframe. The fifteen percent (15%) payment reduction does not apply to Bed Hold requests~~time frame.

M. The **Bed Hold** ends on the day the **Member** returns to the nursing facility, reimbursement becomes the responsibility of another payer, or the **Member** does not return before the eighth (8th) day.

III. PROCEDURE

A. ~~The~~In order for the LTC facility to qualify for reimbursement for a Bed Hold, the **Member's** medical records maintained at the nursing facility must:

1. Indicate the name and the address of the intended destination;

2. Have a written Physician's transfer and **Bed Hold** order;

3. Have a start and an end date; and

4. Show the physician's order on electronic health record matches paper health record if the facility uses two types of health records.

B. Except as specified in Section III.D of this policy, CalOptima shall not require ~~a nursing~~an LTC facility to submit ~~an~~another LTC Authorization Request Form (ARF) for a **Member** with an active LTC ARF who returns to the facility on or before the seventh (7th) day of **Bed Hold**.

C. If a CalOptima **Member** on **Bed Hold** returns to the nursing facility after the seventh (7th) day of the **Bed Hold**, the **Member** is considered ~~as~~ a ~~re-admission~~readmission. The nursing facility shall ~~close out the active LTC – ARF and~~ submit the LTC ~~– disposition form~~Disposition Form to CalOptima's LTSS department within ~~twenty-four (24) hours~~one (1) business day of the **Bed Hold** discharge~~.~~ and complete a new authorization request. The CalOptima LTSS department shall close the active LTC authorization.

FOR 20191205BOD REVIEW

Back to Agenda

D. The nursing facility shall follow admission procedures as set forth in CalOptima Policies GG.1800: Authorization Process and Criteria for Admission to, Continued Stay in, and Discharge from a Nursing Facility Level A (NF-A) and Level B (NF-B), GG.1802: Authorization Process and Criteria for Admission to, Continued Stay in, and Discharge from an ICF/DD, ICF/DD-H, and ICF/DD-N, and GG.1803: Authorization Process and Criteria for Admission to, Continued Stay in, and Discharge from a **Subacute Facility-Adult/Pediatric**.

E. To receive authorization for the **Bed Hold** request, the LTC facility shall submit the following information with the LTC ARF within twenty-one (21) calendar days after the end of the **Bed Hold**:

1. A completed LTC ARF with an 'X' placed in the box marked '**Bed Hold**/LOA' with the dates of service for the **Bed Hold** request;

2. A copy of the physician's order to transfer the **Member** to the **General Acute Care Hospital** and **Bed Hold** order written at the time of transfer;

3. The **Member** or **Member's Authorized Representative** ~~consent or~~ request for **Bed Hold**; and

4. Nurse's notes or other clinical documentation as requested by LTSS staff to validate **Member's** status at the time of the transfer to **General Acute Care Hospital**.

IX. GLOSSARY

Term	Definition
Authorized Representative	~~Has the meaning given to the term Personal Representative in section 164.502(g) of title 45 of, Code of Federal Regulations.~~ A person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting *in loco parentis* who have the authority under applicable law to make health care decisions on behalf of unemancipated minors and as further described in CalOptima Policy HH.3009: Access by a Member's Authorized Representative.
Bed Hold	For the purposes of this policy, means when a Member is transferred from a Skilled Nursing Facility (SNF~~)~~), including Subacute Facility, or Intermediate Care Facility (ICF) to a general acute care hospital and while hospitalized the ~~SNF or ICF~~facility holds the bed for up to seven (7) days until the Member returns to the ~~SNF or ICF~~same facility, as defined by Title 22, section 72520 and 73504.
General Acute Care Hospital	For the purposes of this policy, means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff that provides twenty-four (24) hour inpatient care, including the following basic services: medical, nursing, surgical, anesthesia, laboratory, radiology, pharmacy, and dietary services, per Health and Safety code, Section 1250 (a).
Intermediate Care Facility (ICF)	A health facility that provides inpatient care to ambulatory or non-ambulatory patients who have recurring need for skilled nursing supervision and need supportive care, but who do not require availability of continuous skilled nursing care.
Intermediate Care Facility/DD (Developmentally Disabled)	A facility that provides 24-hour personal care, habilitation, developmental, and support health services to developmentally disabled clients whose primary need is for developmental services and who have a recurring but intermittent need for skilled nursing services.
Intermediate Care Facility/DD-H (Habilitative)	A facility with a capacity of 4 to 15 beds that provide 24-hour personal care, habilitation, developmental, and supportive health services to 15 or fewer developmentally disabled persons who have intermittent recurring needs for nursing services, but have been certified by a physician and surgeon as not requiring availability of continuous skilled nursing care.
Intermediate Care Facility/DD-N (Nursing)	A facility with a capacity of 4 to 15 beds that provides 24-hour personal care, developmental services, and nursing supervision for developmentally disabled persons who have intermittent recurring needs for skilled nursing care but have been certified by a physician and surgeon as not requiring continuous skilled nursing care. The facility shall serve medically fragile persons who have developmental disabilities or demonstrate significant developmental delay that may lead to a developmental disability if not treated.
Member	An enrollee-beneficiary of a CalOptima Program.
Nursing Facility Level A (NF-A)	Nursing Facility Level A (NF-A) is known as the Intermediate Care Level. NF-A level of care is characterized by scheduled and predictable nursing needs with a need for protective and supportive care, but without the need for continuous, licensed nursing.

FOR 2019 BOD REVIEW

Term	Definition
Nursing Facility Level B (NF-B)	Nursing Facility Level B (NF-B) is known as the Skilled Nursing Facility level. NF-B level of care is characterized by and individual requiring the continuous availability of skilled nursing care provided by a licensed registered or vocational nurse, yet does not require the full range of health care services provided in a hospital as hospital acute care or hospital extended care.
Plan of Care	An individual written plan of care completed, approved, and signed by a Physician and maintained in the member's medical records according to Title 42, Code of Federal Regulations (CFR).
Skilled Nursing Facility	Medi-Cal: Any institution, place, building, or agency that is licensed as such by the Department of Public Health (DPH), as defined in Title 22, CCR, Section 51121(a); or a distinct part or unit of a hospital that meets the standards specified in Title 22, CCR, Section 51215 (except that the distinct part of a hospital does not need to be licensed as an SNF), and that has been certified by the Department of Public Health (DPH) for participation as a SNF in the Medi-Cal program. OneCare Connect: A facility that meets specific regulatory certification requirements that primarily provides inpatient skilled nursing care and related services to patients who require medical, nursing, or rehabilitative services but does not provide the level of care or treatment available in a hospital.
Subacute Facility-Adult	A health facility that meets the standards set forth in Title 22, Section 51215.5, as an identifiable unit of a SNF accommodating beds including contiguous rooms, a wing, a floor, or a building that is approved by the DPH for such purpose and has been certified by the DHCS for participation in the Medi-Cal program.
Subacute Facility-Pediatric	A health facility that meets the standards set forth in Title 22, Section 51215.8, as an identifiable unit of a certified nursing facility licensed as a SNF meeting the standards for participation as a provider under the Medi-Cal program, accommodating beds including contiguous rooms, a wing, a floor, or a building that is approved by the DHCS for such purpose.
~~Subacute Facility-Pediatric~~	~~A health facility that meets the standards set forth in Title 22, Section 51215.8, as an identifiable unit of a certified nursing facility licensed as a SNF meeting the standards for participation as a provider under the Medi-Cal program, accommodating beds including contiguous rooms, a wing, a floor, or a building that is approved by the DHCS for such purpose.~~

FOR 20191205POD REVIEW

I. PURPOSE

This policy defines the terms by which authorization review shall be made for **Bed Hold** days when a **Member** is transferred to a **General Acute Care Hospital** from a Long-Term Care (LTC) Facility, including a **Nursing Facility Level A (NF-A)**, **Nursing Facility Level B (NF-B)**, **Subacute Facility-Adult**, **Subacute Facility-Pediatric**, **Intermediate Care Facility (ICF)**, **Intermediate Care Facility-Developmentally Disabled (ICF/DD)**, **ICF/DD-Habilitative (ICF/DD-H)**, and **ICF/DD-Nursing (ICF/DD-N)**, in accordance with the **Member's** individual **Plan of Care**, and to ensure **Members** receive coordinated care across continuum of services.

II. POLICY

A. An LTC facility shall hold a bed vacant when requested by a **Member** or a **Member's Authorized Representative**, with a physician **Bed Hold** order, unless notified in writing by the attending physician that the **Member** requires more than seven (7) calendar days of **General Acute Care Hospital** services.

B. A **Bed Hold** for a **Member** transferred to a **General Acute Care Hospital** is limited to seven (7) calendar days per hospitalization.

1. The day of departure from the LTC facility shall be counted as one (1) day of **Bed Hold**.

2. The day of return to the LTC facility shall be counted as one (1) day of inpatient care.

C. The **Member's** attending physician must write a physician order for a discharge or transfer at the time a **Member** requires a discharge or transfer from an LTC facility to a **General Acute Care Hospital** and include an order for **Bed Hold**. The written order for **Bed Hold** on the electronic health record must match the supported document on paper health record. The date of **Bed Hold** must be the same as the admission date to a **General Acute Care Hospital**.

D. The LTC facility will hold the bed vacant during the **Bed Hold** period.

E. If an LTC facility is holding a bed and is notified in writing by the attending physician that the **Member** requires more than seven (7) days of general acute hospital care, the LTC facility shall no longer be required to hold the bed and shall not bill CalOptima for any remaining **Bed Hold** days.

F. There are no limits to the number of **Bed Hold** episodes. However, the **Member** shall remain at the facility at least twenty-four (24) hours prior to the start of the next **Bed Hold** period.

G. CalOptima shall pay the LTC facility at the facility daily rate minus the cost of raw food for the **Bed Hold** days as established by the California Department of Health Care Services (DHCS).

Back to Agenda

H. CalOptima shall not pay for **Bed Hold** days when a **Member** is discharged from a facility that is receiving payment for **Bed Hold** within twenty-four (24) hours after the **Member's** return from an acute care hospital.

I. If a **Member** dies while hospitalized, the nursing facility shall terminate the **Bed Hold** and CalOptima shall not pay the facility for the **Bed Hold** for the day of death.

J. The LTC facility shall present the onsite CalOptima nurse or send the authorization request for **Bed Hold** reimbursement to CalOptima Long Term Services and Supports (LTSS) within twenty-one (21) calendar days after the end of the **Bed Hold**.

K. If CalOptima LTSS staff receives an authorization request after twenty-one (21) calendar days following the end of the **Bed Hold**, CalOptima shall consider the authorization late and shall not reimburse the nursing facility for the **Bed Hold**. The fifteen percent (15%) payment reduction does not apply to **Bed Hold** requests.

L. Pursuant to the requirements of this policy, the **Bed Hold** will be either approved or denied for the duration of the time frame.

M. The **Bed Hold** ends on the day the **Member** returns to the nursing facility, reimbursement becomes the responsibility of another payer, or the **Member** does not return before the eighth (8th) day.

III. PROCEDURE

A. In order for the LTC facility to qualify for reimbursement for a Bed Hold, the **Member's** medical records maintained at the nursing facility must:

1. Indicate the name and the address of the intended destination;

2. Have a written Physician's transfer and **Bed Hold** order;

3. Have a start and an end date; and

4. Show the physician's order on electronic health record matches paper health record if the facility uses two types of health records.

B. Except as specified in Section III.D of this policy, CalOptima shall not require an LTC facility to submit another LTC Authorization Request Form (ARF) for a **Member** with an active LTC ARF who returns to the facility on or before the seventh (7th) day of **Bed Hold**.

C. If a CalOptima **Member** on **Bed Hold** returns to the nursing facility after the seventh (7th) day of the **Bed Hold**, the **Member** is considered a readmission. The nursing facility shall submit the LTC Disposition Form to CalOptima's LTSS department within one (1) business day of the **Bed Hold** discharge and complete a new authorization request. The CalOptima LTSS department shall close the active LTC authorization.

D. The nursing facility shall follow admission procedures as set forth in CalOptima Policies GG.1800: Authorization Process and Criteria for Admission to, Continued Stay in, and Discharge from a Nursing Facility Level A (NF-A) and Level B (NF-B), GG.1802: Authorization Process and Criteria for Admission to, Continued Stay in, and Discharge from an ICF/DD, ICF/DD-H, and ICF/DD-N, and GG.1803: Authorization Process and Criteria for Admission to, Continued Stay in, and Discharge from a **Subacute Facility-Adult/Pediatric**.

FOR 20191205BOD REVIEW

Back to Agenda

E. To receive authorization for the **Bed Hold** request, the LTC facility shall submit the following information with the LTC ARF within twenty-one (21) calendar days after the end of the **Bed Hold**:

1. A completed LTC ARF with an 'X' placed in the box marked '**Bed Hold**/LOA' with the dates of service for the **Bed Hold** request;

2. A copy of the physician's order to transfer the **Member** to the **General Acute Care Hospital** and **Bed Hold** order written at the time of transfer;

3. The **Member** or **Member's Authorized Representative** request for **Bed Hold**; and

4. Nurse's notes or other clinical documentation as requested by LTSS staff to validate **Member's** status at the time of the transfer to **General Acute Care Hospital**.

FOR 20191205 POD REVIEW

I. PURPOSE

This policy outlines the process for transitioning **CalOptima Members** between **Levels of Care**~~,~~ **(LOC),** as well as into and out of **Long ~~-~~-Term Care**~~-~~ **(LTC).**

II. POLICY

A. Transfer from an acute care facility to a **Long ~~-~~-Term Care (LTC) Facility**

1. The discharge planning process from the acute setting shall include a review of the **Member's** ability to be discharged to a community setting with referrals to **Home and Community-Based Services (HCBS)** and other waiver programs prior to transferring to an **LTC Facility**.

2. The acute care facility shall be responsible for all discharge planning aspects of a **Member's** transfer to an **LTC Facility**.

3. **CalOptima**, or a **Health Network**, may assist in coordinating the discharge planning of a **Member** from an acute care **Facility** to an **LTC Facility**.

4. The acute care **Facility** shall collaborate with all appropriate **Interdisciplinary Care Team (ICT)** staff to facilitate the transfer of the **Member**.

5. The admitting **LTC Facility** shall coordinate the medical and ancillary services with **CalOptima**, the **Member's Health Network**, and other appropriate ~~agency, (e.g., California Children Services (CCS) and~~ agencies such as the Regional Center of Orange County (RCOC), as appropriate.

B. Transfer from an **LTC Facility** to an acute care facility

1. An **LTC Facility** shall be responsible for coordinating a planned, emergent, or urgent transfer of a **Member** to an acute care **Facility**.

2. An **LTC Facility** shall collaborate with all appropriate **ICT** staff to facilitate either a planned, emergent, or urgent transfer of a **Member** from ~~a~~an **LTC Facility** to an acute care facility.

Back to Agenda

3. The **LTC Facility** shall notify the **CalOptima Long-Term Services and Supports (LTSS)** Department, or the **Member's Health Network**, of a **Member's** admission to an acute care facility through the twenty-one (21) day list processes requesting a bed hold.

4. **CalOptima**, or the **Member's Health Network**, shall be responsible for a **Member's** transportation from an acute care **Facility** to an **LTC Facility**, in accordance with **CalOptima** Policy GG.1505: Transportation: Emergency, Non-Emergency, and Non-Medical.

5. Nursing facility may request a bed hold while a **Member** is in the acute setting. If a **Member** does not return before the bed hold expires, the **Member** will be discharged from **LTC Facility** in accordance with CalOptima Policy GG.1810: Bed Hold, Long-Term Care.

C. Transition from a **Health Network** to **CalOptima**'s **Long Term Care** Services upon termination of a **Member's Skilled Nursing Facility (SNF) Covered Services**

1. A **Health Network** shall notify the **SNF** and the **CalOptima LTSS** Department upon issuing the **Notice of Medicare Non-Coverage (NOMNC)**.

2. A **Health Network** shall submit a copy of the **NOMNC**, by facsimile, to the **CalOptima** LTSS Department upon issuing the notice, in accordance with **CalOptima** Policy MA.6023: Notice of Medicare Non-Coverage and Notice of a Detailed Explanation of Non-Coverage. The **CalOptima LTSS** Department shall review the document during the **LTC** authorization review process.

~~3. A Health Network shall notify the CalOptima LTSS Department if a Member no longer meets Medical Necessity, or exhausts their Medicare SNF Covered Services, and the Member shall remain in the Facility under the CalOptima LTSS Medi-Cal benefit.~~

~~4.~~3. The **Facility** shall submit an **LTC** Authorization Request Form (ARF) to **CalOptima**'s **LTSS** Department in accordance with **CalOptima** policy.

D. Transition of care from skilled short stay to **LTC** custodial care (**CalOptima** Medi-Cal Only **Members Assigned to Health Networks** or Kaiser) shall include:

1. MD order; and

2. **LTC** ARF submitted to **CalOptima**'s **LTSS** Department, in accordance with **CalOptima** policy.

a) A denial letter from skilled short stay to **LTC** is not required.

E. An **LTC** facility may modify a **CalOptima Member's** level of care or coordinate a Member's discharge from the LTC facility, with appropriate physician signature approval, if the following specified circumstances are present:

1. The **LTC** facility is no longer capable of meeting the **member's** health care needs;

FOR 20191205 BOD REVIEW

2. The **member's** health has improved sufficiently, so that the **member** no longer needs nursing facility services; or

3. The **member** poses a risk to the health or safety of individuals in the facility.

F. When one (1) of the circumstances in Section II.E, above, presents itself, the **LTC facility** shall arrange and coordinate with **CalOptima** or a **Health Network** to discharge the **CalOptima Member** to the appropriate setting, including to the community with referrals for **Home and Community-Based Services (HCBS)**, as appropriate.

III. PROCEDURE

A. Transfer from an acute care Facility to an **LTC** Facility

1. Upon determination by the acute care Facility attending physician and the **ICT** that a Member meets the criteria for transfer to an **LTC** Facility, the attending physician shall write an order for transfer to an **LTC** Facility of the appropriate **Level of Care**.

2. The hospital discharge planner shall work with the family, **CalOptima**, the Member's Health Network, or RCOC, as appropriate, to find placement in a **CalOptima**-contracted **LTC** Facility.

3. The acute care facility shall collaborate with all appropriate **ICT** staff to facilitate the transfer including, but not limited to, a **CalOptima**, a Health Network representative, a **Primary Care Practitioner (PCP)**, the attending physician, hospital discharge planner, ancillary service providers, and outside agencies (e.g., ~~CCS,~~ RCOC, Orange County Behavioral Health Services (OCBHS).

4. Upon identification of an accepting **LTC** Facility, the hospital discharge planner shall coordinate the transfer, including transportation and Ancillary Services, with the physician, family, Facility, **CalOptima**, the Member's Health Network, ~~CalOptima Community Network (CCN), CCS,~~ RCOC, and OCBHS, as appropriate.

5. Upon a Member's admission to an **LTC** Facility, the **LTC** Facility shall notify the **CalOptima LTSS** Department of the admission within twenty-one (21) calendar days after admission, or twenty-one (21) calendar days after **CalOptima** becomes financially responsible for the Member's admission, whichever is later.

B. Planned transfer from an **LTC** Facility to an acute care facility

1. Upon determination by the **LTC** Facility that a Member requires a planned admission to an acute care Facility, the Member's attending physician shall obtain authorization for the acute care admission from **CalOptima**, the Member's Health Network, or CCS, as appropriate.

2. The attending physician shall initiate the discharge planning orders and inter-facility transfer orders.

FOR 2019 1205 BOD REVIEW

Back to Agenda

3. The **LTC Facility** shall coordinate the transfer, including transportation and ancillary services, with the physician, family, **Facility**, **CalOptima**, the **Member's Health Network**, ~~CCS,~~ RCOC, and OCBHS, as appropriate.

4. The **LTC Facility** shall verify with the **Member**, the **Member's Authorized Representative**, or RCOC, as appropriate, if a bed hold is requested. If a bed hold is requested, the **LTC Facility** shall hold the bed for the **Member**, in accordance with **CalOptima** Policy GG.1810: Bed Hold, Long-~~-~~Term Care.

5. Upon admission to the acute care facility, the acute care facility shall notify **CalOptima**, the **Member's Health Network**~~, including CCN, or CCS~~ of the admission, as appropriate.

C. Urgent or emergent transfer from an **LTC Facility** to an acute care **Facility**

1. Upon ~~a~~an **LTC Facility** identification of a **Member** requiring emergent acute care admission, the **LTC Facility** shall call for 911 transport of the **Member**.

2. The **LTC Facility** shall notify the attending physician of the urgent transfer and the attending physician shall order the 911 transfer.

3. The **LTC Facility** shall verify with the **Member**, the **Member's Authorized Representative**, or RCOC, as appropriate, if a bed hold is requested. If a bed hold is requested, the **LTC Facility** shall hold the bed for the **Member**, in accordance with **CalOptima** Policy GG.1810: Bed Hold, Long-~~-~~Term Care.

D. Transition from a **Health Network** skilled nursing short-~~-~~term stay to **Long-~~-~~Term Care** (**LTC**)

1. If a **Member** no longer meets **Medical Necessity** criteria, or exhausts his or her Medicare **SNF Covered Services**, the **Member** will remain in the **Facility** under the **CalOptima LTC** Medi-Cal benefit. The **Nursing Facility** shall notify **CalOptima** ~~LTC~~**LTSS** Department ~~the~~ by using the **LTC** Authorization Request Form (ARF), including **Notice of Medicare Non-Coverage (**~~NOCMNC~~**NOMNC)** letter if applicable and MD order from the **Member's Health Network**.

2. **CalOptima** shall ~~grant~~review the authorization request and make a determination in accordance with **CalOptima** Policy GG.1800: Authorization Process and Criteria for Admission, Continued Stay in, and Discharge from a Nursing Facility Level A (NF-A) and Nursing Facility Level B (NF-B).

E. Transition from an **LTC** facility to a community setting

1. The **LTC** facility shall notify **CalOptima** or a **Health Network** of the **Member's** capacity and preference for discharging to a community setting as soon as the information is available to provide sufficient time to safely plan and coordinate the transition.

2. **CalOptima** or a **health network** shall work with the **LTC facility** to ensure that all **Medically Necessary** services are provided in a timely manner upon discharge, and the **Member's** transition to the most appropriate level of community-based care meets the **Member's** medical

FOR 2019 1205 BOD REVIEW

Back to Agenda

and social needs. The **Member's** medical needs, supports, and services throughout the transition and post-discharge period shall be coordinated and may include, but is not limited to:

a. Documentation of pre-admission, or baseline status;

b. Coordination with appropriate waiver and other specialized programs such as the California Community Transitions Project (CCT) or the Home and Community Based Alternative Waiver (HCBA) to support the **Member** during the transition and ensure adequacy of resources post-discharge;

c. Initial set up of services needed after discharge, including but not limited to medical care, medication, durable medical equipment, identification and integration of community based **LTSS** programs;

d. Initial coordination of care, as appropriate with the **member's** caregiver, other agencies and healthcare personnel; and

e. Provision of information for making follow-up appointments.

3. The **LTSS** Department Staff shall make a referral to the Case Management Department or a **Health Network**, as appropriate, when the member is discharged from the **LTC facility**.

IX. GLOSSARY

Term	Definition
Ancillary Services	All Covered Services that are not physician services, hospital services, or long-term care services.
Authorized Representative	~~Has the meaning given to the term Personal Representative in section 164.502(g) of title 45 of, Code of Federal Regulations.~~ A person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting *in loco parentis* who have the authority under applicable law to make health care decisions on behalf of unemancipated minors and as further described in CalOptima Policy HH.3009: Access by a Member's Authorized Representative.
~~California Children Services (CCS) Program~~	~~The public health program that assures the delivery of specialized diagnostic, treatment, and therapy services to financially and medically eligible children under the age of twenty-one (2l) years who have CCS-Eligible Conditions, as defined in Title 22, California Code of Regulations (CCR), Sections 41515.2 through 41518.9.~~
CalOptima	For the purposes of this policy, CalOptima shall include CalOptima Community Network (CNN).
CalOptima Community Network (CCN)	CalOptima's own health network created to improve care management for their Members and physicians.
Community-Based Adult Services (CBAS)	An outpatient program that delivers skilled nursing care, social services, therapies, personal care, family/caregiver training and support, nutrition services, transportation, and other services, to eligible Members who meet applicable eligibility criteria.
Covered Services	Medi-Cal: Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as Covered Services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), which shall be covered for Members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program. OneCare Connect: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Three-Way contract with the Department of Health Care Services (DHCS) and Centers for Medicare & Medicaid Services (CMS).

FOR 20191205 BOD REVIEW

Term	Definition
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Home and Community-Based Services (HCBS)	Home and Community-Based Services (HCBS) benefit is defined by the services listed in Title 42, Code of Federal Regulations, Section 440.182(c).
Interdisciplinary Care Team (ICT)	A team comprised of the primary care provider and care coordinator, and other providers at the discretion of the Member, that works with the Member to develop, implement, and maintain the Individualized Plan of Care.
Level of Care (LOC)	Criteria for determining admission to a LTC facility contained in Title 22, CCR, Sections 51334 and 51335 and applicable CalOptima policies.
Long Term Care (LTC)	For purposes of this policy, care provided for Members in a Skilled Nursing ~~Facility~~facility and subacute care services.
Long-~~-~~Term Care ~~Facility~~facility	For the purposes of this policy, includes a Nursing ~~Facility~~facility Level A (NF-A) [Intermediate Care ~~Facility~~facility (ICF) or Subacute ~~Facility~~facility] and Nursing ~~Facility~~facility Level B (NF-B) [Skilled Nursing ~~Facility~~facility (SNF)].
Long-~~-~~Term Services and Supports (LTSS)	A wide variety of services and supports that help Members meet their daily needs for assistance and improve the quality of their lives. LTSS are provided over an extended period, predominantly in homes and communities, but also in facility-based settings such as nursing facilities. As described in California WIC Section 14186.1, Medi-Cal covered LTSS includes all of the following: ~~1. In-Home Supportive Services (IHSS);~~ ~~2.~~1. Community-Based Adult Services (CBAS); ~~3.~~2. Multipurpose Senior Services Program (MSSP) services; and ~~4.~~3. Skilled nursing facility services and subacute care services.
Medically Necessary or Medical Necessity	Reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury.
Member	An enrollee-beneficiary of a CalOptima program.
Notice of Medicare Non-Coverage (NOMNC)	A document that informs Members when their Medicare covered service(s) is ending and how to request an expedited determination from their Quality Improvement Organization (QIO).
Plan of Care	An individual written plan of care completed, approved, and signed by a physician and maintained in the member's medical records according to Title 42, Code of Federal Regulations (CFR).

FOR 20191205 BOD REVIEW

Term	Definition
Primary Care Practitioner/Physician (PCP)	A Practitioner/physician responsible for supervising, coordinating, and providing initial and primary care to Members and serves as the medical home for Members. ~~-~~The PCP is a general practitioner, internist, pediatrician, family practitioner, or obstetrician/gynecologist (OB/GYN). For Members who are Seniors or Persons with Disabilities, "Primary Care Practitioner" or "PCP" shall additionally mean any Specialist physician who is a Participating Provider and is willing to perform the role of the PCP. ~~-~~A PCP may also be a non-physician Practitioner (e.g., Nurse Practitioner [NP], Nurse Midwife, physician Assistant [PA]) authorized to provide primary care services under supervision of a physician. For SPD beneficiaries, a PCP may also be a specialist or clinic in accordance with W & I Code 14182(b)(11).
Skilled Nursing ~~Facility~~facility (SNF)	Any institution, place, building, or agency that is licensed as such by the Department of Public Health (DPH), as defined in Title 22, CCR, Section 51121(a); or a distinct part or unit of a hospital that meets the standards specified in Title 22, CCR, Section 51215 (except that the distinct part of a hospital does not need to be licensed as an SNF), and that has been certified by the Department of Public Health (DPH) for participation as a SNF in the Medi-Cal program.

FOR 20191205 BOD REVIEW

I. PURPOSE

This policy outlines the process for transitioning **CalOptima Members** between **Levels of Care (LOC)**, as well as into and out of **Long-Term Care (LTC)**.

II. POLICY

A. Transfer from an acute care facility to a **Long-Term Care (LTC) Facility**

1. The discharge planning process from the acute setting shall include a review of the **Member's** ability to be discharged to a community setting with referrals to **Home and Community-Based Services (HCBS)** and other waiver programs prior to transferring to an **LTC Facility**.

2. The acute care facility shall be responsible for all discharge planning aspects of a **Member's** transfer to an **LTC Facility**.

3. **CalOptima**, or a **Health Network**, may assist in coordinating the discharge planning of a **Member** from an acute care **Facility** to an **LTC Facility**.

4. The acute care **Facility** shall collaborate with all appropriate **Interdisciplinary Care Team (ICT)** staff to facilitate the transfer of the **Member**.

5. The admitting **LTC Facility** shall coordinate the medical and ancillary services with **CalOptima**, the **Member's Health Network**, and other appropriate agencies such as the Regional Center of Orange County (RCOC), as appropriate.

B. Transfer from an **LTC Facility** to an acute care facility

1. An **LTC Facility** shall be responsible for coordinating a planned, emergent, or urgent transfer of a **Member** to an acute care **Facility**.

2. An **LTC Facility** shall collaborate with all appropriate **ICT** staff to facilitate either a planned, emergent, or urgent transfer of a **Member** from an **LTC Facility** to an acute care facility.

3. The **LTC Facility** shall notify the **CalOptima Long-Term Services and Supports (LTSS)** Department, or the **Member's Health Network**, of a **Member's** admission to an acute care facility through the twenty-one (21) day list processes requesting a bed hold.

Back to Agenda

4. **CalOptima**, or the **Member's Health Network**, shall be responsible for a **Member's** transportation from an acute care **Facility** to an **LTC Facility**, in accordance with **CalOptima** Policy GG.1505: Transportation: Emergency, Non-Emergency, and Non-Medical.

5. Nursing facility may request a bed hold while a **Member** is in the acute setting. If a **Member** does not return before the bed hold expires, the **Member** will be discharged from **LTC Facility** in accordance with CalOptima Policy GG.1810: Bed Hold, Long-Term Care.

C. Transition from a **Health Network** to **CalOptima**'s **Long Term Care** Services upon termination of a **Member's Skilled Nursing Facility (SNF) Covered Services**

1. A **Health Network** shall notify the **SNF** and the **CalOptima LTSS** Department upon issuing the **Notice of Medicare Non-Coverage (NOMNC)**.

2. A **Health Network** shall submit a copy of the **NOMNC**, by facsimile, to the **CalOptima** LTSS Department upon issuing the notice, in accordance with **CalOptima** Policy MA.6023: Notice of Medicare Non-Coverage and Notice of a Detailed Explanation of Non-Coverage. The **CalOptima LTSS** Department shall review the document during the **LTC** authorization review process.

3. The **Facility** shall submit an **LTC** Authorization Request Form (ARF) to **CalOptima**'s **LTSS** Department in accordance with **CalOptima** policy.

D. Transition of care from skilled short stay to **LTC** custodial care (**CalOptima** Medi-Cal Only **Members Assigned to Health Networks** or Kaiser) shall include:

1. MD order; and

2. **LTC** ARF submitted to **CalOptima**'s **LTSS** Department, in accordance with **CalOptima** policy.

    a) A denial letter from skilled short stay to **LTC** is not required.

E. An **LTC** facility may modify a **CalOptima Member's** level of care or coordinate a Member's discharge from the LTC facility, with appropriate physician signature approval, if the following specified circumstances are present:

1. The **LTC** facility is no longer capable of meeting the **member's** health care needs;

2. The **member's** health has improved sufficiently, so that the **member** no longer needs nursing facility services; or

3. The **member** poses a risk to the health or safety of individuals in the facility.

F. When one (1) of the circumstances in Section II.E, above, presents itself, the **LTC facility** shall arrange and coordinate with **CalOptima** or a **Health Network** to discharge the **CalOptima Member** to the appropriate setting, including to the community with referrals for **Home and Community-Based Services (HCBS)**, as appropriate.

III. PROCEDURE

FOR 20191205 BOD REVIEW

Back to Agenda

A. Transfer from an acute care Facility to an **LTC** Facility

1. Upon determination by the acute care Facility attending physician and the **ICT** that a Member meets the criteria for transfer to an **LTC** Facility, the attending physician shall write an order for transfer to an **LTC** Facility of the appropriate **Level of Care**.

2. The hospital discharge planner shall work with the family, **CalOptima**, the Member's Health Network, or RCOC, as appropriate, to find placement in a **CalOptima**-contracted **LTC** Facility.

3. The acute care facility shall collaborate with all appropriate **ICT** staff to facilitate the transfer including, but not limited to, a **CalOptima**, a Health Network representative, a **Primary Care Practitioner (PCP)**, the attending physician, hospital discharge planner, ancillary service providers, and outside agencies (e.g., RCOC, Orange County Behavioral Health Services (OCBHS).

4. Upon identification of an accepting **LTC** Facility, the hospital discharge planner shall coordinate the transfer, including transportation and Ancillary Services, with the physician, family, Facility, **CalOptima**, the Member's Health Network, RCOC, and OCBHS, as appropriate.

5. Upon a Member's admission to an **LTC** Facility, the **LTC** Facility shall notify the **CalOptima LTSS** Department of the admission within twenty-one (21) calendar days after admission, or twenty-one (21) calendar days after **CalOptima** becomes financially responsible for the Member's admission, whichever is later.

B. Planned transfer from an **LTC** Facility to an acute care facility

1. Upon determination by the **LTC** Facility that a Member requires a planned admission to an acute care Facility, the Member's attending physician shall obtain authorization for the acute care admission from **CalOptima**, the Member's Health Network, or CCS, as appropriate.

2. The attending physician shall initiate the discharge planning orders and inter-facility transfer orders.

3. The **LTC Facility** shall coordinate the transfer, including transportation and ancillary services, with the physician, family, **Facility**, **CalOptima**, the **Member's Health Network**, RCOC, and OCBHS, as appropriate.

4. The **LTC Facility** shall verify with the **Member**, the **Member's Authorized Representative**, or RCOC, as appropriate, if a bed hold is requested. If a bed hold is requested, the **LTC Facility** shall hold the bed for the **Member**, in accordance with **CalOptima** Policy GG.1810: Bed Hold, Long-Term Care.

5. Upon admission to the acute care facility, the acute care facility shall notify **CalOptima**, the **Member's Health Network** of the admission, as appropriate.

C. Urgent or emergent transfer from an **LTC Facility** to an acute care **Facility**

1. Upon an **LTC Facility** identification of a **Member** requiring emergent acute care admission, the **LTC Facility** shall call for 911 transport of the **Member**.

FOR 20191205 BOD REVIEW

2. The **LTC Facility** shall notify the attending physician of the urgent transfer and the attending physician shall order the 911 transfer.

3. The **LTC Facility** shall verify with the **Member**, the **Member's Authorized Representative**, or RCOC, as appropriate, if a bed hold is requested. If a bed hold is requested, the **LTC Facility** shall hold the bed for the **Member**, in accordance with **CalOptima** Policy GG.1810: Bed Hold, Long-Term Care.

D. Transition from a **Health Network** skilled nursing short-term stay to **Long-Term Care** (**LTC**)

1. If a **Member** no longer meets **Medical Necessity** criteria, or exhausts his or her Medicare **SNF Covered Services**, the **Member** will remain in the **Facility** under the **CalOptima LTC** Medi-Cal benefit. The **Nursing Facility** shall notify **CalOptima LTSS** Department by using the **LTC** Authorization Request Form (ARF), including **Notice of Medicare Non-Coverage (NOMNC)** letter if applicable and MD order from the **Member's Health Network**.

2. **CalOptima** shall review the authorization request and make a determination in accordance with **CalOptima** Policy GG.1800: Authorization Process and Criteria for Admission, Continued Stay in, and Discharge from a Nursing Facility Level A (NF-A) and Nursing Facility Level B (NF-B).

E. Transition from an **LTC** facility to a community setting

1. The **LTC** facility shall notify **CalOptima** or a **Health Network** of the **Member's** capacity and preference for discharging to a community setting as soon as the information is available to provide sufficient time to safely plan and coordinate the transition.

2. **CalOptima** or a **health network** shall work with the **LTC facility** to ensure that all **Medically Necessary** services are provided in a timely manner upon discharge, and the **Member's** transition to the most appropriate level of community-based care meets the **Member's** medical and social needs. The **Member's** medical needs, supports, and services throughout the transition and post-discharge period shall be coordinated and may include, but is not limited to:

   a. Documentation of pre-admission, or baseline status;

   b. Coordination with appropriate waiver and other specialized programs such as the California Community Transitions Project (CCT) or the Home and Community Based Alternative Waiver (HCBA) to support the **Member** during the transition and ensure adequacy of resources post-discharge;

   c. Initial set up of services needed after discharge, including but not limited to medical care, medication, durable medical equipment, identification and integration of community based **LTSS** programs;

   d. Initial coordination of care, as appropriate with the **member's** caregiver, other agencies and healthcare personnel; and

   e. Provision of information for making follow-up appointments.

3. The **LTSS** Department Staff shall make a referral to the Case Management Department or a **Health Network**, as appropriate, when the member is discharged from the **LTC facility**.

FOR 20191205 BOD REVIEW

IX. GLOSSARY

Term	Definition
Ancillary Services	All Covered Services that are not physician services, hospital services, or long-term care services.
Authorized Representative	A person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting *in loco parentis* who have the authority under applicable law to make health care decisions on behalf of unemancipated minors and as further described in CalOptima Policy HH.3009: Access by a Member's Authorized Representative.
CalOptima	For the purposes of this policy, CalOptima shall include CalOptima Community Network (CNN).
CalOptima Community Network (CCN)	CalOptima's own health network created to improve care management for their Members and physicians.
Community-Based Adult Services (CBAS)	An outpatient program that delivers skilled nursing care, social services, therapies, personal care, family/caregiver training and support, nutrition services, transportation, and other services, to eligible Members who meet applicable eligibility criteria.
Covered Services	Medi-Cal: Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as Covered Services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), which shall be covered for Members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program. OneCare Connect: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Three-Way contract with the Department of Health Care Services (DHCS) and Centers for Medicare & Medicaid Services (CMS).
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Home and Community-Based Services (HCBS)	Home and Community-Based Services (HCBS) benefit is defined by the services listed in Title 42, Code of Federal Regulations, Section 440.182(c).
Interdisciplinary Care Team (ICT)	A team comprised of the primary care provider and care coordinator, and other providers at the discretion of the Member, that works with the Member to develop, implement, and maintain the Individualized Plan of Care.
Level of Care (LOC)	Criteria for determining admission to a LTC facility contained in Title 22, CCR, Sections 51334 and 51335 and applicable CalOptima policies.

FOR 2019 12/05 BOD REVIEW

Back to Agenda

Term	Definition
Long Term Care (LTC)	For purposes of this policy, care provided for Members in a Skilled Nursing facility and subacute care services.
Long-Term Care facility	For the purposes of this policy, includes a Nursing facility Level A (NF-A) [Intermediate Care facility (ICF) or Subacute facility] and Nursing facility Level B (NF-B) [Skilled Nursing facility (SNF)].
Long-Term Services and Supports (LTSS)	A wide variety of services and supports that help Members meet their daily needs for assistance and improve the quality of their lives. LTSS are provided over an extended period, predominantly in homes and communities, but also in facility-based settings such as nursing facilities. As described in California WIC Section 14186.1, Medi-Cal covered LTSS includes all of the following: 1. Community-Based Adult Services (CBAS); 2. Multipurpose Senior Services Program (MSSP) services; and 3. Skilled nursing facility services and subacute care services.
Medically Necessary or Medical Necessity	Reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury.
Member	An enrollee-beneficiary of a CalOptima program.
Notice of Medicare Non-Coverage (NOMNC)	A document that informs Members when their Medicare covered service(s) is ending and how to request an expedited determination from their Quality Improvement Organization (QIO).
Plan of Care	An individual written plan of care completed, approved, and signed by a physician and maintained in the member's medical records according to Title 42, Code of Federal Regulations (CFR).
Primary Care Practitioner/Physician (PCP)	A Practitioner/physician responsible for supervising, coordinating, and providing initial and primary care to Members and serves as the medical home for Members. The PCP is a general practitioner, internist, pediatrician, family practitioner, or obstetrician/gynecologist (OB/GYN). For Members who are Seniors or Persons with Disabilities, "Primary Care Practitioner" or "PCP" shall additionally mean any Specialist physician who is a Participating Provider and is willing to perform the role of the PCP. A PCP may also be a non-physician Practitioner (e.g., Nurse Practitioner [NP], Nurse Midwife, physician Assistant [PA]) authorized to provide primary care services under supervision of a physician. For SPD beneficiaries, a PCP may also be a specialist or clinic in accordance with W & I Code 14182(b)(11).
Skilled Nursing facility (SNF)	Any institution, place, building, or agency that is licensed as such by the Department of Public Health (DPH), as defined in Title 22, CCR, Section 51121(a); or a distinct part or unit of a hospital that meets the standards specified in Title 22, CCR, Section 51215 (except that the distinct part of a hospital does not need to be licensed as an SNF), and that has been certified by the Department of Public Health (DPH) for participation as a SNF in the Medi-Cal program.

CALOPTIMA BOARD ACTION AGENDA REFERRAL

Action To Be Taken December 5, 2019
Regular Meeting of the CalOptima Board of Directors

Report Item

12. Consider Adoption of Resolution Approving Revised CalOptima 2020 Compliance Plan and Authorizing the Chief Executive Officer to Approve Revised Office of Compliance Policies and Procedures

Rev. 12/5/19

Contact

Silver Ho, Compliance Officer, (714) 246-8400

Recommended Actions

1. Adopt Resolution No. 19-1205-01, Approving Revised CalOptima 2020 Compliance Plan; and
2. Authorize the Chief Executive Officer to Approve Revised Office of Compliance Policies and Procedures.

Background

CalOptima is committed to conducting its operations in compliance with ethical standards and all applicable laws, regulations, and rules, including those pertaining to its Federal and State health care program requirements. As part of that commitment, on December 6, 2018, the CalOptima Board of Directors reviewed and approved the updated Compliance Plan, which includes the Code of Conduct, and the Fraud, Waste, and Abuse (FWA) Plan. The Compliance Plan comprehensively addresses the fundamental elements necessary for an effective Compliance Program, including those elements identified by the Office of Inspector General (OIG) of the Department of Health and Human Services (DHHS) and the Centers for Medicare & Medicaid Services (CMS).

Discussion

CalOptima regularly reviews the Compliance Plan to ensure it is up-to-date and aligned with Federal and State health care program requirements and laws as well as CalOptima operations. CalOptima's Executive Director of Compliance (Compliance Officer) has reviewed the Compliance Plan and Office of Compliance Policies and Procedures to ensure consistency with applicable Federal and State health care program laws, regulations, and/or guidance.

Compliance Program Elements

Federal laws and regulations (including the federal U.S. Sentencing Guidelines, CMS Medicare Advantage regulations) and the OIG compliance guidance require that Compliance Programs be reasonably designed, implemented, and enforced, to ensure the Compliance Program is effective in preventing and detecting violations of standards or law. CalOptima's Compliance Program addresses each of the seven (7) fundamental elements of an effective Compliance Program, in addition to FWA detection, prevention, and remediation.

Written Standards

As part of the Compliance Program, CalOptima develops, maintains, and distributes to its Board Members, Employees, and First Tier, Downstream or Related Entities (FDRs) written standards in the form of the Compliance Plan, a Code of Conduct, and written Policies and Procedures, as further detailed in the Compliance Plan. The Compliance Plan incorporates all the elements of an effective

Back to Agenda

Compliance Program as recommended by the OIG and required by CMS regulations. The Compliance Plan also incorporates a comprehensive FWA section, which establishes guidelines and procedures designed to detect, prevent, and remediate FWA in CalOptima Programs.

Oversight
The CalOptima Board of Directors (the "Board"), the governing body of CalOptima, is responsible for ensuring and overseeing the implementation, effectiveness, and continued operation of the Compliance Program. The Board delegates to the CEO, who then delegates to the Compliance Officer, a CalOptima Employee, the administration of the Compliance Program's development, maintenance, implementation, monitoring, and enforcement activities. The Compliance Officer, in conjunction with the Compliance Committee, are both accountable for the oversight and reporting roles and responsibilities as set forth in the Compliance Plan. The Audit & Oversight Committee (AOC), a subcommittee of the Compliance Committee, is responsible for overseeing the internal business and delegated activities.

Training and Education
Utilizing web-based training courses, as well as distribution of guidelines and publications, the Compliance Program incorporates training and educational courses governing CalOptima's compliance standards and requirements, as well as specialized educational courses assigned to individuals based on their respective roles, or positions, within, or with, CalOptima's departments and its programs. CalOptima Board Members, Employees, and FDRs receive copies of CalOptima's Code of Conduct and are required to complete comprehensive training covering compliance obligations and applicable laws, FWA (where applicable), and Health Insurance Portability and Accountability Act (HIPAA) privacy and security requirements, upon appointment, hire, or commencement of a contract, as applicable, and annually thereafter.

Effective Lines of Communication and Reporting
CalOptima utilizes various methods to communicate general information, regulatory updates, and process changes from the Compliance Officer to CalOptima Board Members, Employees, FDRs, and members, including, but not limited to, presentations at meetings and updates in print and/or electronic form, including information on how to identify, report, and prevent compliance issues and FWA. CalOptima Board Members, Employees, FDRs, and/or Members receive information and reminders to report compliance concerns, questionable conduct or practices, and suspected, or actual, non-compliance issues, or FWA incidents, through one (1) of CalOptima's multiple reporting mechanisms. These reporting options, which are outlined in greater detail below, provide for anonymity and confidentiality (to the extent permitted by applicable law and circumstances). CalOptima maintains and supports a no retaliation policy governing good-faith reports of suspected, or actual, non-compliance and/or FWA.

Enforcement and Disciplinary Standards
Board Members, Employees, and FDRs are subject to appropriate disciplinary and/or corrective actions for non-compliance with CalOptima's standards, requirements, or applicable laws as specified in the Compliance Program documents and related Policies and Procedures, including, but not limited to, CalOptima's policies on Performance and Behavior Standards, Corrective Action Plans, and/or Sanctions. Consistent, timely, and effective enforcement of CalOptima's standards are implemented when non-compliance, or unethical behavior, is determined, and appropriate disciplinary action is implemented to address improper conduct, activity, and/or behavior.

Back to Agenda

Monitoring, Auditing, and Identification of Risks
CalOptima has implemented and continues to implement comprehensive monitoring and auditing activities related to its operations and those of its FDRs. The purpose of CalOptima's monitoring and auditing activities is to test and confirm compliance with all applicable regulations, contractual agreements, and Federal and State laws, as well as applicable Policies and Procedures established to protect against non-compliance and potential FWA in CalOptima Programs. The Compliance Plan and related Policies and Procedures, address the monitoring and auditing processes that are carried out by CalOptima.

Response and Remediation
Once a violation, or an offense, has been detected or reported, CalOptima initiates all necessary steps to investigate, identify, and respond appropriately to the violation, or offense, and to prevent similar violations and offenses from occurring. As described in the Compliance Plan, CalOptima will conduct a timely and documented investigation, and undertake appropriate corrective actions where appropriate, including, but not limited to, modifying its Compliance Program and its Policies and Procedures to prevent the same, or similar, violation or offense, from occurring in the future.

Summary of Changes
The Compliance Plan has been updated and revised as follows:
- Clearly defined Executive Staff and Management;
- Revised language to clarify CalOptima's responsibility to return overpayments;
- Removed details of the Office of Compliance filing system and aligned with CalOptima Policy HH.2022Δ: Record Retention and Access;
- Deleted affirmation statements for Compliance Training; and
- Added new terms to the Glossary.

Policies and Procedures
To align with the revised Compliance Plan, and consistent with applicable Federal and State health care program laws, regulations and/or guidance, the Compliance Officer, with the support of the Office of Compliance staff, updated related Policies and Procedures. The summary of changes is included in Attachment 3.

Fiscal Impact
There is no anticipated fiscal impact based on the adoption of the updates to the 2020 Compliance Plan and its related Policies and Procedures. To the extent that there is any fiscal impact due to increases in Compliance Program resources, such impact will be addressed in separate Board actions or in the CalOptima Fiscal Year 2020-21 Operating Budget.

Rationale for Recommendation
To ensure CalOptima's continuing commitment to conducting its operations in compliance with ethical and legal standards and all applicable laws, regulations, and rules, CalOptima staff recommends that the Board approve and adopt CalOptima's updated 2020 Compliance Plan, and related Policies and Procedures. The updated 2020 Compliance Plan will supersede the prior updated Compliance Plan and

Code of Conduct approved on December 6, 2018. Staff also recommends that the Board approve and adopt revised, related Policies and Procedures to implement the updated 2020 Compliance Plan.

Concurrence
Gary Crockett, Chief Counsel

RESOLUTION NUMBER 19-1205-01

RESOLUTION OF THE BOARD OF DIRECTORS OF ORANGE COUNTY HEALTH AUTHORITY dba CalOptima

APPROVING CALOPTIMA'S UPDATED 2020 COMPLIANCE PLAN

WHEREAS, Section 4.1 of the Bylaws of the Orange County Health Authority, dba CalOptima, provides that the Board of Directors is the governing body of CalOptima, and except as otherwise provided by the Bylaws or by Ordinance, the powers of CalOptima shall be exercised, its property controlled and its business and affairs conducted by or under the direction of the Board; and

WHEREAS, the Board of Directors has responsibility for approving, implementing, and monitoring a Compliance Program governing CalOptima's operations consistent will all applicable laws, regulations, and guidelines; and

WHEREAS, the Board of Directors supports CalOptima's commitment to compliant, lawful, and ethical conduct, and values the importance of compliance and ethics in Caloptima's operations; and

WHEREAS, the Board of Directors last reviewed and approved the Compliance Program on December 6, 2018 including the Compliance Plan, Code of Conduct, and related policies and procedures; and

WHEREAS, the Board of Directors reviews the Compliance Program documents on a periodic basis to ensure the Compliance Program is consistent with and updated to reflect applicable laws, regulations, and guidelines and to demonstrate the Board of Director's commitment to an effective Compliance Program.

NOW THEREFORE, BE IT RESOLVED:

Section 1. The Board of Directors hereby approves the 2020 Compliance Plan, including the Fraud, Waste, and Abuse Plan, and the Code of Conduct.

Section 2. The Board of Directors hereby approves and adopts the revised Office of Compliance Policies and Procedures.

Section 3. The Chief Executive Officer or his/her designee is hereby authorized and directed to implement, monitor, and enforce the Compliance Program.

Section 4. These actions are effective upon the date of adoption of this Resolution.

APPROVED AND ADOPTED by the Board of Directors of the Orange County Health Authority, dba CalOptima, this 5th day of December 2019.

A. OVERVIEW OF THE COMPLIANCE PROGRAM

The Orange County Health Authority, dba CalOptima, is committed to conducting its operations in compliance with ethical standards, contractual obligations, and all applicable statutes, regulations, and rules, including those pertaining to Medi-Cal, Medicare, **Program of All-Inclusive Care for the Elderly (PACE)**, **Multipurpose Senior Services Program (MSSP)**, and other **CalOptima** ~~***programs***~~**Programs**.*

CalOptima's compliance commitment encompasses its own internal operations, as well as its oversight and monitoring responsibilities related to CalOptima's **First Tier**, **Downstream**, and **Related Entities** (**FDRs**), such as ~~***health networks***~~**Health Networks**, physician groups, ~~***participating providers***~~**Participating Providers, and** ~~***suppliers***~~~~, pharmacy benefit manager~~**Suppliers, Pharmacy Benefit Manager (PBM)**, and consultants. The term **FDR** is used in this document to refer to CalOptima's delegated subcontractors that perform administrative functions and/or provide health care services that CalOptima is required to perform and/or provide under its state and federal contracts with the **Centers for Medicare & Medicaid Services** (**CMS**) and the **Department of Health Care Services** (**DHCS**). Such persons/entities, referred to as **FDR** herein, include those that directly contract with CalOptima and those that are **Downstream** or **Related Entities** (i.e., subcontracts) with CalOptima's **First Tier Entities**.

CalOptima has developed a comprehensive **Compliance Program** applicable to all of CalOptima's programs, including, but not limited to, its Medi-Cal Program, its Medicare Advantage Prescription Drug Program (MA-PDP referred to as "**OneCare**"), its Medicare-Medicaid Plan (MMP referred to as "**OneCare Connect**"), **PACE**, and **MSSP**. The **Compliance Program** incorporates all ~~of the~~ elements of an effective **Compliance Program** as recommended by the **Office of the Inspector General** (**OIG**) and required by **CMS** regulations. The **Compliance Program** is continually evolving and may be modified and enhanced based on compliance ~~monitoring~~**Monitoring** and identification of new areas of operational, regulatory, or legal risk. CalOptima requires that **CalOptima Board** ~~***members, employees***~~**Members, Employees**, and **FDRs** conduct themselves in accordance with the requirements of CalOptima's **Compliance Program**.

B. THE COMPLIANCE PLAN

This **Compliance Plan** sets forth CalOptima's commitment to legal and ethical conduct by establishing compliance activities, along with CalOptima principles and standards, to efficiently monitor adherence to all applicable laws, regulations, and guidelines. The **Compliance Plan** addresses the fundamental elements of an effective **Compliance Program** and identifies how CalOptima is implementing each of the fundamental elements of an effective **Compliance Program** in its operations to meet its contractual, legal, and regulatory obligations. Moreover, the **Compliance Plan** is designed to provide guidance and to ensure that CalOptima's operations and the practices of its **Board** ~~***members, employees***~~**Members, Employees**, and **FDRs** comply with contractual requirements, ethical standards, and applicable law.

This **Compliance Plan** is adopted by the **Governing Body**. It was developed and is managed by the **Executive Director of Compliance** (hereinafter referred to ~~hereinafter~~ as the "**Compliance Officer**") with the **Compliance Committee**. ~~Because~~Due to the dynamic nature of the complex laws governing CalOptima and its programs ~~are constantly evolving~~, the **Compliance Plan** may be revised and updated from time to time to respond to changes in the law and/or to reflect improvements in CalOptima's operations and processes.

Board ~~***members, employees***~~**Members, Employees**, and **FDRs** are expected to review and adhere to the requirements and standards set forth in the **Compliance Plan**, the **Code of Conduct**, and all related ~~***policies***~~**Policies and** ~~***procedures***~~**Procedures**, as may be amended. Furthermore, **Board** ~~***members, employees***~~**Members, Employees**, and **FDRs** are expected to be familiar with the contractual, legal, and regulatory requirements pertinent to their respective roles and responsibilities. If a **Board** ~~***member, employee***~~**Member, Employee**, and/or **FDR** has/have any questions about the application, or implementation, of this **Compliance Plan**, or questions related to the **Code of Conduct** or CalOptima ~~***policies***~~**Policies and** ~~***procedures***~~**Procedures**, he or she should seek guidance from the **Compliance Officer** and/or the CalOptima Office of Compliance.

I.WRITTEN STANDARDS

To demonstrate CalOptima's commitment to complying with all applicable federal and state standards and to ensure a shared understanding of what ethical and legal standards and requirements are expected of **Board** ~~*members, employees*~~**Members, Employees**, and **FDRs**, CalOptima develops, maintains, and distributes its written standards in the form of this **Compliance Plan**, a separate **Code of Conduct**, and written ~~*policies*~~**Policies and** ~~*procedures*~~**Procedures**.

a. Compliance Plan

As noted above, this **Compliance Plan** outlines how contractual and legal standards are reviewed and implemented throughout the organization and communicated to **CalOptima Board** ~~*members, employees*~~**Members, Employees**, and **FDRs**. This **Compliance Plan** also includes a comprehensive section articulating CalOptima's commitment to preventing **Fraud**, **Waste**, & **Abuse** (**FWA**), and setting forth guidelines and procedures designed to detect, prevent, and remediate **FWA** in the administration of **CalOptima** ~~*programs*~~**Programs**. The **Compliance Plan** is available on CalOptima's external website for **Board** ~~*members*~~**Members** and **FDRs**, as well as on CalOptima's internal intranet site, referred to as InfoNet, accessible to all ~~*employees*~~**Employees**.

b. Policies and Procedures

CalOptima also developed written ~~*policies*~~**Policies and** ~~*procedures*~~**Procedures** to address specific areas of CalOptima's operations, compliance activities, and **FWA** prevention, detection, and remediation to ensure CalOptima can efficiently monitor adherence to all applicable laws, regulations, and guidelines. These ~~policies~~**Policies and Procedures** are designed to provide guidance to **Board** ~~*members, employees*~~**Members, Employees**, and **FDRs** concerning compliance expectations and outline processes on how to identify, report, investigate, and/or resolve suspected, detected, or reported compliance issues. **Board** ~~*members, employees*~~**Members, Employees**, and **FDRs** are expected to be familiar with the ~~*policies*~~**Policies and** ~~*procedures*~~**Procedures** pertinent to their respective roles and responsibilities, and are expected to perform their responsibilities in compliance with ethical standards, contractual obligations, and applicable law. The **Compliance Officer**, or his/her ~~*designee*~~**Designee**, will ensure that **Board** ~~*members, employees*~~**Members, Employees**, and **FDRs** are informed of applicable policy requirements, and that such dissemination of information is documented and retained, in accordance with applicable record retention standards.

The ~~*policies*~~**Policies and** ~~*procedures*~~**Procedures** are reviewed annually and updated, as needed, depending on state and federal regulatory changes and/or operational improvements to address identified risk factors. Changes to CalOptima's ~~*policies*~~**Policies and** ~~*procedures*~~**Procedures** are reviewed and approved by CalOptima's Policy Review Committee. The Policy Review Committee, comprised of executive officers and key management staff, meets regularly to review and approve proposed changes and additions to CalOptima's ~~*policies*~~**Policies and** ~~*procedures*~~**Procedures**. **Policies and** ~~*procedures*~~**Procedures** are available on CalOptima's internal website and Compliance 360~~,~~ (C360), a separate web portal accessible to **Board** ~~*members, employees*~~**Members, Employees**, and **FDRs**. **Board** ~~*members, employees*~~**Members, Employees**, and **FDRs** receive notice when ~~*policies*~~**Policies and** ~~*procedures*~~**Procedures** are updated via a monthly memorandum.

c. Code of Conduct

Finally, the **Code of Conduct** is CalOptima's foundational document detailing fundamental principles, values, and the framework for business practices within and applicable to CalOptima. The objective of the **Code of Conduct** is to articulate compliance expectations and broad principles that guide **CalOptima Board** ~~***members, employees***~~**Members, Employees**, and **FDRs** in conducting their business activities in a professional, ethical, and lawful manner. The **Code of Conduct** is a separate document from the **Compliance Plan** and can be found in Appendix A. The **Code of Conduct** is approved by ~~CalOptima's~~the **CalOptima Board of Directors** and distributed to **Board** ~~***members, employees***~~**Members, Employees**, and **FDRs** upon appointment, hire, or the commencement of the contract, and annually thereafter. New **Board** ~~***members, employees***~~**Members, Employees**, and **FDRs** are required to sign an attestation acknowledging receipt and review of the **Code of Conduct** within ninety (90) calendar days of the appointment, hire, or commencement of the contract, and annually thereafter.

II.OVERSIGHT

The successful implementation of the **Compliance Program** requires dedicated commitment and diligent oversight throughout CalOptima's operations, including, but not limited to, key roles and responsibilities by ~~CalOptima's~~the **CalOptima Board**, the **Compliance Officer**, the **Compliance Committee**, the **Audit & Oversight Committee**, and ~~***senior management***~~**Executive Staff**.

a. Governing Body

The **CalOptima Board of Directors**, as the **Governing Body**, is responsible for approving, implementing, and ~~monitoring~~**Monitoring** a **Compliance Program** governing CalOptima's operations. The **CalOptima Board** delegates the **Compliance Program** oversight and day-to-day compliance activities to the Chief Executive Officer (CEO), who then delegates such oversight and activities to the **Compliance Officer**. The **Compliance Officer** is an ~~***employee***~~**Employee** of CalOptima, who handles compliance oversight and activities full-time. The **Compliance Officer**, in conjunction with the **Compliance Committee**, are both accountable for the oversight and reporting roles and responsibilities as set forth in this **Compliance Plan**. However, the **CalOptima Board** remains accountable for ensuring the effectiveness of the **Compliance Program** within CalOptima and ~~monitoring~~**Monitoring** the status of the **Compliance Program** to ensure its efficient and successful implementation.

To ensure the **CalOptima Board** exercises reasonable oversight with respect to the implementation and effectiveness of CalOptima's **Compliance Program**, the **CalOptima Board**:

- Understands the content and operation of CalOptima's **Compliance Program**;
- Approves the **Compliance Program**, including this **Compliance Plan** and the **Code of Conduct**;
- Requires an effective information system that allows it to properly exercise its oversight role and be informed about the **Compliance Program** outcomes, including, but not limited to, results of internal and external ~~***audits***~~**Audits**;
- Receives training and education upon appointment, and annually thereafter, concerning the structure and operation of the **Compliance Program**;
- Remains informed about governmental compliance enforcement activity, such as Notices of Non-Compliance, **Corrective Action Plans**, Warning Letters, and/or ~~***sanctions***~~**Sanctions**;
- Receives regularly scheduled, periodic updates from CalOptima's **Compliance Officer** and **Compliance Committee**, including, but not limited to, monthly reports summarizing overall compliance activities and any changes that are recommended;
- Receives timely written notification and updates on urgent compliance issues that require engagement and action;
- Convenes formal ad hoc and closed session discussions for significant and/or sensitive compliance matters, to the extent permitted by applicable law; and
- Reviews the results of performance and effectiveness assessments of the **Compliance Program**.

The **CalOptima Board** reviews the measurable indicators of an effective **Compliance Program** and remains appropriately engaged in overseeing its efficient and successful implementation; however, the **CalOptima Board** delegates several compliance functions and activities as described in the following subsections.

b. Executive Director of Compliance (Compliance Officer)

The **Executive Director of Compliance** serves as the **Compliance Officer** who coordinates and communicates all assigned compliance activities and programs, as well as plans, implements, and monitors the day-to-day activities of the **Compliance Program**. The **Compliance Officer** reports directly to the CEO and the **Compliance Committee** on the activities and status of the **Compliance Program**. The **Compliance Officer** has authority to report matters directly to the **CalOptima Board** at any time. Furthermore, the **Compliance Officer** ensures that CalOptima meets all state and federal regulatory and contractual requirements.

The **Compliance Officer** interacts with the **CalOptima Board**, CEO, CalOptima's ~~executive~~Executive Staff and departmental ~~management~~Management, **FDRs**, legal counsel, state and federal representatives, and others as required. In addition, the **Compliance Officer** supervises the Office of Compliance, which includes compliance professionals with expertise and responsibilities for the following areas: Medi-Cal and Medicare Regulatory Affairs & Compliance, Special Investigations, Privacy, **FDR** and internal oversight, ~~***policies***~~**Policies and** ~~***procedures***~~**Procedures**, and training on compliance activities.

The **CalOptima Board** delegates the following responsibilities to the **Compliance Officer**, and/or his/her ~~***designee***~~**Designee(s)**:

- Chair the **Compliance Committee**, which shall meet no less than quarterly and assists the **Compliance Officer** in fulfilling his/her responsibilities;
- Ensure that the **Compliance Program**, including this **Compliance Plan** and ~~***policies***~~**Policies and** ~~***procedures***~~**Procedures**, are developed, maintained, revised, and updated, annually, or as needed, based on changes in CalOptima's needs, regulatory requirements, and applicable law and distributed to all affected **Board** ~~***members, employees***~~**Members, Employees**, and **FDRs**, as appropriate;
- Oversee and monitor the implementation of the **Compliance Program**, and provide regular reports no less than quarterly to the **CalOptima Board** and CEO summarizing all efforts, including, but not limited to, the **Compliance Committee**'s efforts to ensure adherence to the **Compliance Program**, identification and resolution of suspected, detected, or reported instances of non-compliance, and CalOptima's compliance oversight and ~~***audit***~~**Audit** activities;
- Maintain the compliance reporting mechanisms and manage inquiries and reports from CalOptima's Compliance and Ethics Hotline in accordance with specified protocols, including, but not limited to, maintenance of documentation for each report of potential non-compliance or potential **FWA** received from any source through any reporting method;
- Design, coordinate, and/or conduct regular internal ~~***audits***~~**Audits** to ensure the **Compliance Program** is properly implemented and followed, in addition to verifying all appropriate financial and administrative controls are in place;
- Develop and implement an annual schedule of **Compliance Program** activities for each of CalOptima's programs, and regularly report CalOptima's progress in implementing those plans to the appropriate **Board** ~~Committee~~ committee and/or to the **Board of Directors**;
- Serve as a liaison between CalOptima and all applicable state and federal agencies for non-compliance and/or **FWA** issues, including facilitating any documentation or procedural requests by such agency(s);
- Oversee and monitor all compliance investigations, including investigations performed by CalOptima's regulators (e.g., **DHCS** and **CMS**) and consult with legal counsel, as necessary;

- Create and coordinate educational training programs and initiatives to ensure that the **CalOptima Board**, ~~***employees***~~**Employees**, and **FDRs** are knowledgeable about CalOptima's **Compliance Program**, including the **Code of Conduct**, ~~***policies***~~**Policies and** ~~***procedures***~~**Procedures**, and all current and emerging applicable statutory and regulatory requirements;
- Timely initiate, investigate, and complete risk assessments and related activities, and direct and implement appropriate **Corrective Action Plans**, ~~***sanctions***~~**Sanctions**, and/or other remediation, including, but not limited to, collaboration with the Human Resources Department to ensure consistent, timely, and effective disciplinary standards are followed; and
- Coordinate with CalOptima departments and **FDRs** to ensure ~~exclusion~~**Exclusion** and ~~preclusion~~**Preclusion** screening (including through the **OIG List of Excluded Individuals and Entities (LEIE)**, **General Services Administration (GSA) System for Award Management (SAM)**, ~~and~~ **Medi-Cal Suspended & Ineligible (S&I) Provider List**, and the **CMS Preclusion List**) has been conducted and acted upon, as appropriate, in accordance with regulatory and contractual requirements.

c. Compliance Committee

The **Compliance Committee**, chaired by the **Compliance Officer**, is composed of CalOptima's ~~***senior management***~~**Executive Staff** and operational staff, as designated by the CEO. The members of the **Compliance Committee** serve at the discretion of the CEO and may be removed, or added, at any time. The role of the **Compliance Committee** is to implement and oversee the **Compliance Program** and to participate in carrying out the provisions of this **Compliance Plan**. The **Compliance Committee** meets at least on a quarterly basis, or more frequently as necessary, to enable reasonable oversight of the **Compliance Program**.

The **CalOptima Board** delegates the following responsibilities to the **Compliance Committee**:

- Maintain and update the **Code of Conduct** consistent with regulatory requirements and/or operational changes, subject to the ultimate approval by the **CalOptima Board**;
- Maintain written notes, records, correspondence, or minutes (as appropriate) of **Compliance Committee** meetings reflecting reports made to the **Compliance Committee** and the **Compliance Committee's** decisions on the issues raised (subject to all applicable privileges);
- Review and **Monitor** the effectiveness of the **Compliance Program**, including **Monitoring** key performance reports and metrics, evaluating business and administrative operations, and overseeing the creation, implementation, and development of corrective and preventive action(s) to ensure they are prompt and effective;
- Analyze applicable federal and state program requirements, including contractual, legal, and regulatory requirements, along with areas of risk, and coordinate with the **Compliance Officer** to ensure the adequacy of the **Compliance Program**;
- Review, approve, and/or update ~~***policies***~~**Policies and** ~~***procedures***~~**Procedures** to ensure the successful implementation and effectiveness of the **Compliance Program** consistent with regulatory, legal, and contractual requirements;
- Recommend and monitor the development of internal systems and controls to implement CalOptima's standards and ~~***policies***~~**Policies and** ~~***procedures***~~**Procedures** as part of its daily operations;
- Determine the appropriate strategy and/or approach to promote compliance and detect potential violations and advise the **Compliance Officer** accordingly;

- Develop and maintain a reporting system to solicit, evaluate, and respond to complaints and problems;
- Review and address reports of ~~*monitoring*~~**Monitoring** and ~~auditing~~**Auditing** of areas in which CalOptima is at risk of program non-compliance and/or potential **FWA**, and ensure **CAPs** and **ICAPs** are implemented and **Monitored** for effectiveness;
- Suggest and implement all appropriate and necessary actions to ensure that CalOptima and its **FDRs** conduct activities and operations in compliance with the applicable ~~law~~laws and regulations and sound business ethics; and
- Provide regular and ad-hoc status reports of compliance with recommendations to the **CalOptima Board of Directors**.

d. Audit & Oversight Committee (AOC)

The **Audit & Oversight Committee** (**AOC**) is a subcommittee of the **Compliance Committee** and is co-led by the Director(s) of Audit & Oversight. The **AOC** is responsible for overseeing the delegated and internal activities of CalOptima. The **Compliance Committee** has final approval authority for any delegated and internal activities. Committee members include representatives from CalOptima's departments as provided for in CalOptima Policy HH.4001Δ: Audit & Oversight Committee. In addition to the monthly scheduled meetings, the **AOC** may conduct ad hoc meetings either in-person or via teleconference, as needed. All materials requiring action by the **AOC** are approved by the majority of a quorum of the **AOC**. A quorum is defined as one (1) over fifty percent (50%). **AOC** may approve and/or implement **Corrective Action Plans** (**CAPs**); however, recommendations for **FDR** ~~sanctioning~~**Sanctions** and/or de-~~*delegation*~~**Delegation** are submitted to the **Compliance Committee** for final approval. The **AOC** also contributes to external reviews and accreditation ~~*audits*~~**Audits**, such as the **National Committee for Quality Assurance** (**NCQA**).

Responsibilities of the **Audit & Oversight Committee** with regard to **FDRs** include:

- Annual review, revision, and approval of the ~~*audit*~~**Audit** tools;
- Review findings of the~~-~~ readiness assessment to evaluate a potential **FDR**'s ability to perform the delegated function(s);
- Review and approve potential **FDR** entities for ~~*delegation*~~**Delegation** of functions;
- Ensure written agreements with each delegated **FDR** clearly define and describe the delegated activities, responsibilities, and reporting requirements of all parties consistent with applicable laws, regulations, and contractual obligations;
- Conduct formal, ongoing evaluation and ~~monitoring~~**Monitoring** of **FDR** performance and compliance through review of periodic reports submitted, complaints/grievances filed, and findings of the annual onsite ~~*audit*~~**Audit**;
- Ensure all **Downstream** and **Related Entities** are ~~monitored~~**Monitored** in accordance with CalOptima oversight procedures;
- Ensure that formal risk assessment is conducted on an annual basis, and update as needed, on an ongoing basis;
- Initiate and manage **Corrective Action Plans** (**CAPs**) for compliance issues;
- Propose ~~*sanctions*~~**Sanctions**, subject to the **Compliance Committee's** approval, if an **FDR's** performance is substandard and/or violates the terms of the applicable agreement; and
- Review and initiate recommendations, such as termination of ~~*delegation*~~**Delegation**, to the **Compliance Committee** for unresolved issues of compliance.

Responsibilities of the **Audit & Oversight Committee** ~~with regard to~~regarding internal business functions include:

- Annual review, revision, and approval of the ~~audit~~**Audit** work plan and ~~***audit***~~**Audit** tools;
- Conduct formal, ongoing evaluation and ~~monitoring~~**Monitoring** of internal business areas' performance and compliance through review of periodic reports submitted, ongoing ~~monitoring~~**Monitoring**, and findings of the annual ~~***audit***~~**Audit**;
- Conduct formal risk assessment on an annual basis, and update as needed, on an ongoing basis; and
- Initiate and manage **Corrective Action Plans** (**CAPs**) for compliance issues.

~~**e. Senior Management**~~

- Initiate and manage other disciplinary actions (e.g., sanctions, de-delegation) for compliance issues.

e. Executive Staff

The CEO and ~~other executive management~~**Executive Staff** of CalOptima shall:

- Ensure that the **Compliance Officer** is integrated into the organization and is given the credibility, authority, and resources necessary to operate a robust and effective **Compliance Program**;
- Receive periodic reports from the **Compliance Officer** of risk areas facing the organization, the strategies being implemented to address them and the results of those strategies; and
- Be advised of all governmental compliance and enforcement findings and activity, including ~~***audit***~~**Audit** findings, ~~notices~~Notices of ~~non-compliance~~Non-Compliance, and formal enforcement actions, and participate in corrective actions and responses, as appropriate.

III. TRAINING

Education and training are critical elements of the **Compliance Program**. CalOptima requires that all **Board** ~~*members, employees*~~**Members, Employees**, and **FDRs** complete training upon appointment, hire, or commencement of contract, as applicable, and on an annual basis thereafter. Required courses cover CalOptima's **Code of Conduct**, compliance obligations, ~~and~~ relevant laws, and **FWA**, as applicable. Specialized education courses are assigned to individuals based on their respective roles or positions within or with CalOptima's departments and its programs, which may include, but is not limited to, the fundamentals of managing ~~seniors~~**Seniors and** ~~people~~**People with** ~~disabilities~~**Disabilities (SPD)** and cultural competency.

CalOptima utilizes state of the art web-based training courses that emphasize CalOptima's commitment to the **Compliance Program**, and which courses are updated regularly to ensure that ~~*employees*~~**Employees** are kept fully informed about any changes in procedures, regulations, and requirements. Training may be conducted using new technology resources if materials meet the needs of the organization. The **Compliance Officer,** or his/her ~~*designee*~~**Designee,** is responsible for coordinating compliance education and training programs, and ensuring that records evidencing an individual's/**FDR's** completion of the training requirements are documented and maintained, such as sign-in sheets, attestations, or electronic certifications, as required by law. The **Compliance Officer** and the CalOptima ~~management staff~~**Executive Staff** and **Management** are responsible for ensuring that **Board** ~~*members, employees*~~**Members, Employees**, and **FDRs** complete training on an annual basis.

a. Code of Conduct

CalOptima's training program includes the distribution of CalOptima's **Code of Conduct** to **Board** ~~*members, employees*~~**Members, Employees**, and **FDRs**. **Board** ~~*members, employees*~~**Members, Employees**, and **FDRs** are required to sign an attestation acknowledging receipt, review, and understanding of the **Code of Conduct** within ninety (90) calendar days of their appointment, date of hire, or commencement of the contract, and annually thereafter. Completion and attestation of such review of the **Code of Conduct** is a condition of continued appointment, employment, or contract services. Signed attestations are maintained in each individual's personnel file, as required by law.

b. Mandatory Training Courses (Compliance Oversight, FWA, and HIPAA)

CalOptima requires **Board** ~~*members, employees*~~**Members, Employees**, and **FDRs**, regardless of role or position with CalOptima, to complete mandatory compliance training courses. Mandatory courses may include, but are not limited to: the fundamentals of the **Compliance Program**; **FWA** training; **Health Insurance Portability and Accountability Act of 1996 (HIPAA)** privacy and security requirements; ethics; and a high-level overview of the Medicare and Medi-Cal Programs. Detailed information about state and federal false claims acts and whistleblower protections as provided in CalOptima Policy HH.5004Δ: False Claims Act Education shall be included in the mandatory courses. CalOptima's training courses cover CalOptima's commitment to compliance with federal and state laws and regulations, contractual obligations, internal policies, and ethics. Elements of the **Compliance Program** are highlighted, including, but not limited to, an emphasis on CalOptima's requirement to and different means to report suspected or actual non-compliance, violations, and/or **FWA** issues, along with CalOptima's policy on confidentiality, anonymity, and

non-retaliation for such reporting. CalOptima's **HIPAA** privacy and security training course covers the administrative, technical, and physical safeguards necessary to secure ~~***members'* protected health information~~**Members' Protected Health Information** **(PHI)** and ~~personally identifiable information~~**Personally Identifiable Information** **(PII)**.

Employees must complete the required compliance training courses within ninety (90) calendar days of hire, and annually thereafter. Adherence to the **Compliance Program** requirements, including training requirements, shall be a condition of continued employment and a factor in the annual performance evaluation of each ~~***employee***~~**Employee**. **Board** ~~***members***~~**Members** and **FDRs** are required to complete the required compliance training courses within ninety (90) calendar days of appointment or commencement of the contract, as applicable, and annually thereafter. Some **FDRs** may be exempt or deemed to have met the **FWA** training and education requirement if the **FDR** has met the **CMS** requirements, the applicable certification requirements and attests to complying with the standards, or through enrollment into the Medicare program, or accreditation as a Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS). Completion of the training courses are documented electronically, and records of completion are maintained for each individual as required by law.

c. Additional Training

The Office of Compliance may provide additional training opportunities throughout the year focused on essential elements of the **Compliance Program**. These training opportunities are available to ~~***managers***~~**Managers** and ~~***employees***~~**Employees** depending on their respective roles or positions within or with CalOptima's departments and its programs and their involvement in CalOptima's oversight responsibilities. For these training courses, information is presented in a "train the trainer" format, providing ~~***managers***~~**Managers** the tools and resources to train and share the information with ~~***employees***~~**Employees** in their respective departments. If additional training related to **FWA** is required, the **Compliance Officer,** or his/her ~~***designee***~~**Designee,** will develop relevant materials.

Employees have access through CalOptima's internal intranet website (referred to as the "InfoNet") to CalOptima's ~~***policies***~~**Policies and** ~~***procedures***~~**Procedures** governing the **Compliance Program** and pertinent to their respective roles and responsibilities. **Employees** may receive such additional compliance training as is reasonable and necessary based on changes in job descriptions/duties, promotions, and/or the scope of their job functions.

Board ~~***members***~~**Members** receive a copy of the **Compliance Plan**, **Code of Conduct**, and ~~***policies***~~**Policies and** ~~***procedures***~~**Procedures** pertinent to their appointment as part of orientation within ninety (90) calendar days of their appointment to the **CalOptima Board**. **Board** ~~***members***~~**Members** may receive additional compliance training related to the **CalOptima Board**'s role in overseeing and ensuring organizational compliance with CalOptima's **Compliance Program**.

The **Code of Conduct** and ~~***policies***~~**Policies and** ~~***procedures***~~**Procedures** pertinent to their engagement with CalOptima, if directly engaged by CalOptima, are made available to **FDRs** upon commencement of the **FDR** contract. **FDRs** are required to disseminate copies of the **Code of Conduct** and ~~***policies***~~**Policies and** ~~***procedures***~~**Procedures** to their ~~***employees***~~**Employees**, agents, and/or **Downstream Entities**. CalOptima may also develop compliance training and education presentations and/or roundtables for specified **FDRs**.

IV.LINES OF COMMUNICATION AND REPORTING

a. General Compliance Communication

CalOptima regularly communicates the requirements of the **Compliance Program** and the importance of performing individual roles and responsibilities in compliance with applicable laws, contractual obligations, and ethical standards. CalOptima utilizes various methods and forms to communicate general information, statutory or regulatory updates, process changes, updates to ~~*policies*~~**Policies and** ~~*procedures*~~**Procedures**, contact information for the **Compliance Officer**, relevant federal and state ~~*fraud*~~**Fraud** alerts and policy letters, pending/new legislation reports, and advisory bulletins from the **Compliance Officer** to **CalOptima Board** ~~*members, employees*~~**Members, Employees**, **FDRs**, and ~~*members*~~**Members**, including, but not limited to:

- Presentations and Updates at Meetings – CalOptima periodically holds and utilizes in-person and conference call meetings with the **CalOptima Board**, **FDRs**, ~~*employees,*~~ **Employees**, and individual CalOptima departments, and ~~*members.*~~ **Members.**
- Compliance 360 – CalOptima maintains an internal and external website and portal referred to as Compliance 360, accessible to **Board** ~~*members, employees*~~**Members, Employees**, and **FDRs**, which contains CalOptima's updated ~~*policies*~~**Policies and** ~~*procedures*~~**Procedures**.
- Newsletters or Mailed Notices – CalOptima develops, and where appropriate, translates, publications and/or notices, to **Board** ~~*members, employees*~~**Members, Employees**, **FDRs**, and ~~*members*~~**Members**.
- Electronic Mail – The CEO, **Compliance Officer**, or their respective ~~*designee*~~**Designee**, periodically sends out email communications and/or alerts to **Board** ~~*members, employees,*~~**Members, Employees**, and **FDRs**, and/or ~~*members*~~**Members**, as applicable.
- CalOptima's Internal Intranet Website – CalOptima maintains an internal intranet website, referred to as InfoNet, where CalOptima posts applicable updates and notices to ~~*employees*~~**Employees**.
- CalOptima's Compliance Internal Website – The Office of Compliance maintains an internal department website accessible to CalOptima ~~*employees*~~**Employees** to communicate different Compliance initiatives, notices, key documents and forms, and updates to the **Compliance Program**, **Code of Conduct**, and/or ~~*policies*~~**Policies and** ~~*procedures*~~**Procedures**.
- Postings – The Office of Compliance posts information on how to report potential issues of non-compliance and **FWA** throughout CalOptima's facilities, including, but not limited to, break rooms, which are accessible to CalOptima ~~*employees*~~**Employees**.
- Written Reports – The **Compliance Officer**, in coordination with the CEO and **Compliance Committee**, prepares written ~~monthly~~ reports~~.~~, no less than quarterly, concerning the status of the **Compliance Program** to be presented to the **CalOptima Board**.
- Direct Contact with the **Compliance Officer** - **Board** ~~*members, employees*~~**Members, Employees**, and **FDRs** can obtain additional compliance information directly from the **Compliance Officer**. Any questions, which cannot be answered by the **Compliance Officer**, shall be referred to the **Compliance Committee**.

b. Reporting Mechanisms

CalOptima Board ~~*members, employees*~~**Members, Employees**, and **FDRs** have an affirmative duty and are directed in CalOptima's **Code of Conduct** and ~~*policies*~~**Policies and** ~~*procedures*~~**Procedures** to report compliance concerns, questionable conduct or practices, and suspected or actual violations immediately upon discovery. Failure by **Board** ~~*members, employees*~~**Members, Employees**, and/or

FDRs to report known violations, failure to detect violations due to negligence or reckless conduct, and making false reports may constitute grounds for disciplinary action, up to and including, recommendation for removal from appointment, termination of employment, or termination of an **FDR** contract, where appropriate.

CalOptima has established multiple reporting mechanisms to receive, record, and respond to compliance questions, potential non-compliance issues and/or **FWA** incidents or activities. These reporting systems, which are outlined in greater detail below, provide for anonymity and confidentiality (to the extent permitted by applicable law and circumstances). Reminders and instructions on how to report compliance and **FWA** issues are also provided to **Board** ~~*members*~~, ~~*employees*~~**Members, Employees**, **FDRs**, and ~~*members*~~**Members** in newsletters, on CalOptima's website, in trainings, on posters and at meetings. CalOptima maintains and supports a non-retaliation policy governing good-faith reports of suspected, or actual, non-compliance and/or **FWA**.

Upon receipt of a report through one (1) of the listed mechanisms, the **Compliance Officer**, or his/her ~~*designee*~~**Designee**, shall follow appropriate ~~*policies*~~**Policies and** ~~*procedures*~~**Procedures** to promptly review, investigate, and resolve such matters. The **Compliance Officer,** or his/her ~~*designee*~~**Designee**, shall monitor the process for follow-up communications to persons submitting reports or disclosures through these reporting mechanisms and shall ensure documentation concerning such reports is maintained according to all applicable legal and contractual requirements.

1. *Report Directly to ~~a Supervisor~~Management or ~~Manager~~Executive Staff*

CalOptima ~~*employees*~~**Employees** are encouraged to contact their immediate ~~*supervisor*~~,**Management** or ~~*manager*~~,**Executive Staff** when non-compliant activity is suspected, or observed. A report should be made immediately upon suspecting or identifying the potential or suspected non-compliance, or violation. ~~The *supervisor*~~,**Executive Staff** or ~~*manager*~~,**Management** will promptly escalate the report to the **Compliance Officer** for further investigation and reporting to the CalOptima **Compliance Committee**. If an ~~*employee*~~**Employee** is concerned that his/her ~~*supervisor*~~**Management** or ~~*manager*~~**Executive Staff** did not adequately address his/her report or complaint, the ~~*employee*~~**Employee** may go directly to the **Compliance Officer**, or the CEO.

2. *Call the Compliance and Ethics Hotline*

CalOptima maintains an easily accessible Compliance and Ethics Hotline, available twenty-four (24) hours a day, seven (7) days a week, with ~~Spanish and English capability~~multilingual support, in which CalOptima may receive anonymous issues on a confidential basis. **Members** are encouraged to call the Compliance and Ethics Hotline if they have identified potential non-compliant activity, or **FWA** issues. The Compliance and Ethics Hotline information is as follows:

TOLL FREE COMPLIANCE and ETHICS HOTLINE
(877) 837-4417

Calls or issues reported through the Compliance and Ethics Hotline are received, logged into a database, and investigated by the Regulatory Affairs & Compliance Department. No disciplinary action will be taken against individuals making good-faith reports. Every effort will be made to keep reports confidential to the extent permitted by law. The process for reporting suspected violations to the Compliance and Ethics Hotline is part of the education and/or orientation for all **Board** ~~*members*~~,

~~*employees*~~**Members, Employees**, **FDRs**, and ~~*members*~~**Members**. **Members** also have access to the **Compliance Officer** through the Compliance and Ethics Hotline and/or the right to contact the **OIG** Compliance Hotline (1-800-447-8477) directly.

3. *Report Directly to the Compliance Officer*

The **Compliance Officer** is available to receive reports of suspected or actual compliance violations, or **FWA** issues, on a confidential basis (to the extent permitted by applicable law or circumstances) from **Board** ~~*members, employees*~~**Members, Employees**, **FDRs** and ~~*members*~~**Members**. The **Compliance Officer** may be contacted by telephone, written correspondence, email, or by a face-to-face appointment. **FDRs** are generally contractually obligated to report suspected ~~*fraud*~~**Fraud** and ~~*abuse*~~**Abuse** to CalOptima pursuant to regulatory and contractual requirements.

4. *Report Directly to Office of Compliance*

Reports may be made directly to CalOptima's Office of Compliance via mail, email, or through the Compliance and Ethics Hotline for confidential reporting. Emails can be sent to Compliance@caloptima.org. Mail can be sent to:

CalOptima
ATTN: Compliance Officer
505 City Parkway West
Orange, CA, 92868

5. *Confidentiality and Non-Retaliation*

Every effort will be made to keep reports confidential to the extent permitted by applicable law and circumstances, but there may be some instances where the identity of the individual making the report will have to be disclosed. As a result, CalOptima has implemented and enforces a non-retaliation policy to protect individuals who report suspected or actual non-compliance, or **FWA**, issues in good faith. This non-retaliation policy extends to reports received from **FDRs** and ~~*members*~~**Members**. CalOptima's non-retaliation policy is communicated along with reporting instructions by posting information on the CalOptima InfoNet and website, as well as sending periodic ~~member~~**Member** notifications.

CalOptima also takes violations of CalOptima's non-retaliation policy seriously, and the **Compliance Officer** will review and enforce disciplinary and/or other **Corrective Action Plans** for violations, as appropriate, with the approval of the **Compliance Committee**.

V.ENFORCEMENT AND DISCIPLINARY STANDARDS

Board ~~*members, employees*~~**Members, Employees**, and **FDRs** are provided copies of CalOptima's **Code of Conduct** and the **Compliance Plan** and have access on CalOptima's internal and external website to applicable ~~*policies*~~**Policies and** ~~*procedures*~~**Procedures**, including, but not limited to, CalOptima Policy GA.8022: Performance and Behavior Standards and Office of Compliance Policies addressing **Corrective Action Plans** and ~~*sanctions*~~**Sanctions**. Consistent, timely, and effective enforcement of CalOptima's standards are implemented when non-compliance or unethical behavior is confirmed, and appropriate disciplinary and/or corrective action is implemented to address improper conduct, activity, and/or behavior.

a. Conduct Subject to Enforcement and Discipline

Board ~~*members, employees*~~**Members, Employees**, and **FDRs** are subject to appropriate disciplinary and/or corrective actions if they have violated CalOptima's standards, requirements, or applicable laws as specified and detailed in the **Compliance Program** documents and related ~~*policies*~~**Policies and** ~~*procedures*~~**Procedures**, including CalOptima Policy GA.8022: Performance and Behavior Standards, as applicable. **Board** ~~*members, employees*~~**Members, Employees**, and **FDRs** may be disciplined or sanctioned, as applicable, for failing to adhere to CalOptima's **Compliance Program** and/or violating standards, regulatory requirements, and/or applicable laws, including, but not limited to:

- Conduct that leads to the filing of a false or improper claim in violation of federal or state laws and/or contractual requirements;
- Conduct that results in a violation, or violations, of any other federal or state laws or contractual requirements relating to participation in **Federal and/or State** ~~*health care programs*~~**Health Care Programs**;
- Failure to perform any required obligation relating to compliance with the Compliance Program, applicable laws, ~~*policies*~~**Policies and** ~~*procedures*~~**Procedures** and/or contracts; or
- Failure to report violations or suspected violations of the **Compliance Program**, or applicable laws, or to report suspected or actual **FWA** issues to an appropriate person through one (1) of the reporting mechanisms.
- Conduct that violates **HIPAA** and other privacy laws and/or CalOptima's **HIPAA** privacy and security policies, including actions that harm the privacy of ~~*members*~~**Members**, or the CalOptima information systems that store member data.

b. Enforcement and Discipline

CalOptima maintains a "zero tolerance" policy towards any illegal, or unethical, conduct that impacts the operation, mission, or image of CalOptima. The standards established in the **Compliance Program** shall be enforced consistently through appropriate disciplinary actions. Individuals, or entities, may be disciplined by way of reprimand, suspension, financial penalties, ~~*sanctions*~~**Sanctions**, and/or termination, depending on the nature and severity of the conduct, or behavior. **Board** ~~*members*~~**Members** may be subject to removal, ~~*employees*~~**Employees** are subject to discipline, up to and including termination, and **FDRs** may be sanctioned, or contracts may be terminated, where permitted. Violations of applicable laws and regulations, even unintentional, could potentially subject individuals, entities, or CalOptima to civil, criminal, or administrative ~~*sanctions*~~**Sanctions** and/or penalties. Further violations could lead to suspension,

~~preclusion~~**Preclusion**, or ~~exclusion~~**Exclusion**, from participation in **Federal and/or State** ~~***health care programs***~~**Health Care Programs**.

CalOptima ~~***employees***~~**Employees** shall be evaluated annually based on their compliance with CalOptima's **Compliance Program**. Where appropriate, CalOptima shall promptly initiate education and training to correct identified problems, or behaviors.

VI.MONITORING, AUDITING, AND IDENTIFICATION OF RISKS

Activities associated with ~~monitoring~~**Monitoring** and ~~auditing~~**Auditing** are identified through a combination of activities: risk assessments, **Audit & Oversight Committee** and **Compliance Committee** discussions and decisions, and internal and external reporting. Through ~~monitoring, auditing~~**Monitoring, Auditing**, and identification of risks, CalOptima can prevent, detect, and correct non-compliance with applicable federal and/or state requirements.

a. Risk Assessment

The **Compliance Officer,** or his/her ~~***designee***~~**Designee,** will collaborate with the **Compliance Committee** to identify areas of focus for ~~monitoring~~**Monitoring** and ~~auditing~~**Auditing** potential non-compliant activity and **FWA** issues. A **Compliance Risk Assessment** will be performed no less than annually, and as needed, to evaluate the current status of CalOptima's operational areas as well as the operations of **FDRs**. Operations and processes will be evaluated based on: (1) deficiencies found by ~~regulatory agencies~~**Regulatory Agencies**; (2) deficiencies found by internal and external ~~***audit***~~**Audit** and ~~***monitoring***~~**Monitoring** reports; (3) the institution of new or updated ~~procedures~~**Policies and Procedures**; (4) cross departmental interdependencies; and (5) the effect on the beneficiary experience. The Readiness Checklist established by **CMS** and the **OIG** Work Plan shall be used as resources to evaluate operational risks.

The **Compliance Officer,** or his/her ~~***designee***~~**Designee,** will work with the Chief Operating Officer, or his/her ~~***designee***~~**Designee**, in each operational area, to answer the questions associated with each process and to continually examine and identify potential risk areas requiring monitoring and ~~auditing~~**Auditing**. Those operational areas determined to be high risk may be subject to more frequent ~~monitoring~~**Monitoring** and ~~auditing~~**Auditing**, as well as additional reporting requirements. The risk assessment process will be managed by the **Compliance Officer**, or his/her ~~***designee***~~**Designee**, and presented to the **AOC**, and subsequently to the **Compliance Committee**, for review and approval. **Monitoring** plans will be developed in collaboration with the operational areas, and focused ~~***audits***~~**Audits** may be scheduled based on the results of the ongoing monitoring and respective risk score.

The risk assessment shall also be updated as processes change, or are identified as being deficient.

b. Monitoring and Auditing

CalOptima conducts both internal and external routine ~~auditing~~**Auditing** and ~~***monitoring activities***~~**Monitoring Activities** to test and confirm compliance with all applicable regulations, guidance, contractual agreements, and federal and state laws, as well as CalOptima ~~***policies***~~**Policies** **and** ~~***procedures***~~**Procedures** to protect against non-compliance and potential **FWA** in **CalOptima** ~~***programs***~~**Programs**. CalOptima and **FDRs** shall comply with applicable data certification requirements, including, without limitation, 42 C.F.R. §§ 438.604 and 438.606. **Monitoring** ~~***activities***~~**Activities** are regular reviews performed as part of normal operations to confirm ongoing compliance and to ensure that corrective actions are undertaken and effective. An ~~***audit***~~**Audit** is a formal, systematic, and disciplined approach designed to review, evaluate, and improve the effectiveness of processes and related controls using a ~~particular~~ set of standards (e.g., ~~***policies***~~**Policies** **and** ~~***procedures***~~**Procedures**, laws, and regulations) used as base measures. As part of the ~~monitoring~~**Monitoring** process, CalOptima has created a dashboard, which is a

~~monitoring~~**Monitoring** tool to track key metrics, including, but not limited to, coverage determinations, complaints, appeals, grievances, regulatory communications, credentialing, customer service, transition of coverage (TOC), and claims. The dashboard will be used to communicate results associated with ~~monitoring~~**Monitoring** operations and outcomes and to identify areas in need of targeted ~~auditing~~**Auditing** on at least a monthly basis. Information taken from the dashboard along with grievance and complaint call information will be used to develop ~~monitoring~~**Monitoring** and ~~auditing~~**Auditing** work plans. **Monitoring** and ~~auditing~~**Auditing** work plans are used to detect potential areas of risk and/or non-compliant activity. The ~~monitoring~~**Monitoring** and ~~auditing~~**Auditing** work plans are subject to daily updates and additions, and are therefore, working documents. The **Compliance Officer**, or his/her ~~***designee***~~**Designee,** in collaboration with the **AOC** and **Compliance Committee**, develops the ~~monitoring~~**Monitoring** and ~~auditing~~**Auditing** work plans to address the risks associated with each of **CalOptima's** ~~***programs***~~**Programs**.

The **Compliance Officer,** or his/her ~~***designee***~~**Designee,** will coordinate with CalOptima's Audit & Oversight Department in connection with appropriate ~~auditing~~**Auditing** and ~~***monitoring activities***~~**Monitoring Activities**. **Audits** for each operational area will be conducted throughout the year consistent with the ~~monitoring~~**Monitoring** and ~~auditing~~**Auditing** work plans. The **Compliance Officer**, or his/her ~~***designee***~~**Designee,** will coordinate the ~~***audits***~~**Audits** with internal audit staff, and, in some cases, with the assistance from an outside vendor. **Audit** methodologies shall be consistent with regulatory and **NCQA** requirements and standards. All ~~***audits***~~**Audits** will include review of applicable documents and evaluation of actual processes to ensure compliance with all applicable regulations and contractual obligations. Once the ~~***audit***~~**Audit** review is completed, the ~~***audit team***~~Audit & Oversight teams will communicate the results to the **Compliance Officer** and propose follow up corrective action(s), if necessary. The **Compliance Officer,** or his/her ~~***designee***~~**Designee,** will provide reports to the CEO and the **Compliance Committee** concerning the results of the ~~***audits***~~**Audits**. The **AOC** reports to the **Compliance Officer** and the **Compliance Committee** on ~~***audits***~~**Audits** that involve **FDRs** as discussed below. If **FWA** issues are identified during an ~~***audit***~~**Audit**, the matter will be further investigated and resolved in a timely manner. In addition, an ~~***audit***~~**Audit** of the **Compliance Program** and its effectiveness should occur at least annually, and the results shall be reported to the **CalOptima Board**.

c. Oversight of Delegated Activities

To ensure the terms and conditions of statutory and contractual obligations to **CMS**, **DHCS**, and other governmental and regulatory entities are adhered to, CalOptima implements a comprehensive oversight ~~monitoring~~**Monitoring** and ~~auditing~~**Auditing** process of **FDRs** who perform delegated activities. The processes that CalOptima implements to oversee, ~~monitor~~**Monitor**, and ~~***audit***~~**Audit** **FDRs** are incorporated into CalOptima's written ~~***policies***~~**Policies and** ~~***procedures***~~**Procedures**, including processes involving pre-contractual evaluations and ~~***audits***~~**Audits** of **First Tier Entities**. CalOptima may implement **Corrective Action Plans**, ~~***sanctions***~~**Sanctions**, and/or revoke its ~~***delegation***~~**Delegation** of duties (in a manner permitted under the contract) if CalOptima determines that an **FDR** is unable or unwilling to carry out its responsibilities consistent with statutory and contractual obligations.

The **Compliance Officer**, or his/her ~~***designee***~~**Designee**, determines the process for ~~monitoring~~**Monitoring** delegated **FDRs** and develops the annual ~~monitoring~~**Monitoring** and ~~***audit***~~**Audit** calendar in order to ~~validPate~~validate compliance with contractual standards and regulatory requirements. The **AOC** is responsible for overseeing all of the delegated activities and will review the readiness assessment, ensure the annual review of **FDRs** for delegated functions are

completed, conduct formal on-going evaluation of **FDR** performance and compliance, ensure **Downstream** and **Related Entities** are monitored, and impose **Corrective Action Plans** and/or ~~*sanctions*~~**Sanctions** if the **FDR**'s performance fails to meet statutory and contractual standards and requirements. The **AOC** may recommend termination of ~~*delegation*~~**Delegation** to the **Compliance Committee** for unresolved matters.

d. Monitoring and Audit Review Process for FDRs

1. *Initial Evaluation*

Prior to executing a contract or ~~*delegation*~~**Delegation** agreement with a potential **FDR**, a risk assessment is performed to determine the type of initial evaluation that will be performed. If it is deemed necessary, an initial evaluation, referred to as a Readiness Assessment as detailed in CalOptima's ~~*policies*~~**Policies and** ~~*procedures*~~**Procedures**, is completed to determine the ability of the potential **FDR** to assume responsibility for delegated activities and to maintain CalOptima standards, applicable state, **CMS**, and regulatory requirements, and accreditation requirements. The initial evaluation includes, but is not limited to, review of the entity's operational capacity and resources to perform the delegated functions, evaluation of the entity's ability to meet contractual and regulatory requirements, verification that the entity is not ~~precluded~~**Precluded** on the **Preclusion List**, excluded in the **OIG List of Excluded Individuals/Entities (LEIE)**, the **General Services Administration (GSA) System of Award Management (SAM)**, or the ~~*DHCS*~~ **Medi-Cal Suspended & Ineligible (S&I) Provider** ~~Manual~~ **List** from participating in health programs, and/or an initial onsite evaluation. Results of the initial evaluation are presented to the **AOC** and subsequently the **Compliance Committee** for review and/or approval.

2. *Contracting with FDRs*

Once an entity has been approved, the ~~*delegation*~~**Delegation** agreement specifies the activities CalOptima delegates to the **FDRs**, each party's respective roles and responsibilities, reporting requirements and frequency, submission of data requirements, the process for performance evaluations and ~~*audits*~~**Audits**, and remedies, including disciplinary actions, available to CalOptima. Prior to any ~~*sub*~~**Sub-delegation** to any **Downstream** or **Related Entity**, a **First Tier Entity** must obtain approval from CalOptima. CalOptima determines who will directly monitor the **Downstream** or **Related Entity's** compliance with requirements.

FDRs shall be required to institute a training program consistent with CalOptima's requirements intended to communicate CalOptima's compliance requirements as well as compliance characteristics related to the **FDR** and their contractually delegated area(s). Furthermore, **FDRs** will be required to complete, sign, and return attestation forms confirming the **FDR**'s compliance with new hire and annual training and education requirements, which includes courses on general compliance and **FWA** as well as ~~exclusion~~**Exclusion** and ~~preclusion~~**Preclusion** screening and **FWA** reporting obligations.

3. *Annual Risk Assessment*

The **Compliance Officer**, or his/her ~~*designee*~~**Designee**, will ensure that an annual comprehensive risk assessment is conducted in accordance with CalOptima Policy HH.2027Δ: Annual Risk Assessment (Delegate) to determine the **FDR's** vulnerabilities and high-risk areas. High-risk **FDRs** are those that are continually non-compliant or at risk of non-compliance based on identified gaps in

processes with regulatory and CalOptima requirements. Any previously identified issues, which include any corrective actions, service level performance, reported detected offenses, and/or complaints and appeals from the previous year will be factors that are included in the risk assessment. Any **FDR** deemed high risk, or vulnerable, is presented to the **AOC** for suggested follow-up ~~*audit*~~**Audit**. **FDRs** determined to be high risk may be subjected to a more frequent ~~monitoring~~**Monitoring** and ~~auditing~~**Auditing** schedule, as well as additional reporting requirements. The risk assessment process, along with reports from **FDRs**, will be managed by the **Compliance Officer**, or his/her ~~*designee*~~**Designee**, and presented to the **AOC** and subsequently to the **Compliance Committee** for review and approval.

4. *FDR Performance Reviews and Audits*

CalOptima conducts a periodic comprehensive performance review of the **FDR's** ability to provide delegated services in accordance with contractual standards and applicable state, **CMS**, and accreditation requirements, as further detailed in CalOptima's ~~*policies*~~**Policies and** ~~*procedures*~~**Procedures**. CalOptima may conduct ~~*audits*~~**Audits** of **FDRs** at any time. Such ~~*audits*~~**Audits** may include an evaluation of the **FDR's** training and education program and materials covering general compliance and **FWA**, as well as compliance with applicable laws, regulations, and contractual obligations governing delegated activities. High-risk **FDRs**, as determined by the annual risk assessment and/or continued non-compliance, will obtain priority status on the annual ~~*audit*~~**Audit** calendar; however, CalOptima does not limit its ~~auditing~~**Auditing** schedule to only high-risk **FDRs**.

If CalOptima has reason to believe the **FDR's** ability to perform a delegated function is compromised, an additional focused ~~*audit*~~**Audit** may be performed. The **Compliance Officer,** or his/her ~~*designee*~~**Designee**, may also recommend focused ~~*audits*~~**Audits** upon evaluation of non-compliant trends or reported incidents. The results of these ~~*audits*~~**Audits** will be reported to the **AOC** and then to the **Compliance Committee**.

A focused ~~*audit*~~**Audit** may be initiated for any of the following activities, or any other reason at the discretion of CalOptima:

- Failure to comply with regulatory requirements and/or CalOptima's service level performance indicators;
- Failure to comply with a **Corrective Action Plan**;
- Reported or alleged ~~*fraud, waste*~~**Fraud, Waste**, and/or ~~*abuse*~~**Abuse**;
- Significant policy variations that deviate from the CalOptima or state, **CMS**, or accreditation requirements;
- Bankruptcy, or impending bankruptcy, which may impact services to ~~*members*~~**Members** (either suspected or reported);
- Sale, merger, or acquisition involving the **FDR**;
- Significant changes in the management of the **FDR**; and/or
- Changes in resources which impact CalOptima's and/or the **FDR's** operations.

5. *Corrective Actions and Additional Monitoring and Auditing*

The **Compliance Officer,** or his/her ~~*designee*~~**Designee**, shall submit regular reports of all monitoring, ~~*audit*~~**Audit**, and corrective action activities to the **Compliance Committee**. In instances where non-compliance is identified, a **Corrective Action Plan** shall be developed by the

FDR and reviewed and approved by the **Compliance Officer**, or his/her ~~*designee*~~**Designee**. Every **Corrective Action Plan** is presented to the AOC, in aggregate, with no less than quarterly updates, and recommendations for ~~review.~~escalation, as applicable. Supplemental and focused ~~*audits*~~**Audits** of **FDRs**, as well as additional reporting, may be required until compliance is achieved.

At any time, CalOptima may implement ~~*sanctions*~~**Sanctions** or require remediation by an **FDR** for failure to fulfill contractual obligations including development and implementation of a **Corrective Action Plan**. Failure to cooperate with CalOptima in any manner may result in termination of the ~~*delegation*~~**Delegation** agreement, in a manner authorized under the terms of the agreement.

e. Evaluation of Audit Activities

An external review of CalOptima's ~~auditing~~**Auditing** process is conducted through identified process measures. These measures support organizational, accreditation, and regulatory requirements and are reported on a yearly basis. CalOptima uses an independent, external consultant firm to periodically review the ~~auditing~~**Auditing** processes, including ~~*policies*~~**Policies** **and** ~~*procedures*~~, ~~*audit*~~**Procedures, Audit** tools, and ~~*audit*~~**Audit** findings, to ensure all regulatory requirements are being audited in accordance with industry standards/practices and are in compliance with federal and state regulations.

The current measures reviewed include:

- The central database of all pending, active, and terminated **FDRs** to monitor and track functions, performance, and ~~*audit*~~**Audit** schedules;
- Implementation of an escalation process for compliance/performance issues;
- Implementation of a process for validation of ~~*audit*~~**Audit** tools;
- Implementation of a process for noticing **FDRs** and functional areas of **Corrective Action Plans**;
- Tracking and trending internal compliance with oversight standards, performance, and outcomes;
- Implementation of an annual training program for internal staff regarding ~~*delegation*~~**Delegation** standards, ~~auditing~~**Auditing**, and ~~monitoring~~**Monitoring** **FDR** performance; and/or
- Implementation of a process for dissemination of regulatory changes to include Medi-Cal and Medicare lines of business.

The following key performance metrics will be evaluated and reported periodically:

- Evaluations of **FDR** performance and reporting of delegated functions in accordance with the terms of the agreement;
- Number of annual oversight ~~*audits*~~**Audits** completed within twelve (12) months; and
- **Corrective Action Plans** (**CAPs**) completed within the established time frame.

f. Regular Exclusion and Preclusion Screening

As detailed in CalOptima's ~~*policies*~~**Policies** **and** ~~*procedures*~~**Procedures**, CalOptima performs **Participation Status Reviews** by ~~reviewing~~searching the **OIG –LEIE**, the **GSA–SAM**, the **DHCS Medi-Cal Suspended & Ineligible Provider Lists**, and the **CMS Preclusion List** upon appointment, hire, or commencement of a contract, as applicable, and monthly thereafter, to ensure

Board ~~*members, employees*~~**Members, Employees**, and/or **FDRs** are not excluded, or do not become excluded or precluded from participating in **Federal and/or State** ~~*health care programs.*~~**Health Care Programs**. **Board** ~~*members, employees*~~**Members, Employees**, and **FDRs** are required to disclose their ~~*participation status*~~**Participation Status** as part of their initial appointment, employment, commencement of the contract and registration/application processes and when **Board** ~~*members, employees*~~**Members, Employees**, and **FDRs** receive notice of a suspension, ~~preclusion, exclusion~~**Preclusion, Exclusion**, or debarment during the period of appointment, employment, or contract term. CalOptima also requires that its **First Tier Entities** comply with **Participation Status Review** requirements with respect to their relationships with **Downstream Entities**, including without limitation, the delegated credentialing and re-credentialing processes.

The **Compliance Officer,** or his/her ~~*designee*~~**Designee,** will review reports from ~~*employees*~~**Employees** responsible for conducting the **Participation Status Reviews** to ensure ~~*employees*~~**Employees** record and maintain the results of the reviews and notices/disclosures. **Employees** shall immediately notify the **Compliance Officer**, or his/her **Designee,** of affirmative findings of a person, or entity's, failure to meet the **Participation Status Review** requirements. If CalOptima learns that any prospective, or current, **Board** ~~*member, employee*~~**Member, Employee**, or **FDR** has been proposed for ~~exclusion, excluded~~**Exclusion, Excluded**, or ~~precluded~~**Precluded**, CalOptima will promptly remove him/her/the **FDR** from **CalOptima's** ~~*programs*~~**Programs** consistent with applicable policies and/or contract terms.

Payment may not be made for items or services furnished, or prescribed, by an excluded person, or entity. Payments made by CalOptima to excluded persons, or entities, after the effective date of their suspension, ~~exclusion~~**Exclusion**, debarment, or felony conviction, and/or for items or services furnished at the medical direction, or on the prescription of a physician who is suspended, excluded, or otherwise ineligible to participate, are subject to repayment/recoupment. Such requirements also apply to providers on the **CMS Preclusion List**, consistent with regulatory guidance, applicable policies, and/or contract terms. The **Compliance Officer,** or his/her ~~*designee*~~**Designee**, will review potential organizational obligations related to the reporting of identified excluded, precluded, or suspended, individuals, or entities, and/or refund obligations and consult with legal counsel, as necessary and appropriate, to resolve such matters.

VII.RESPONSE AND REMEDIATION

a. Response to Notice of Violation or Suspected Violation

Upon receipt of a report or notice of violation or suspected violation of CalOptima's **Compliance Program** and/or **FWA** issues, the **Compliance Officer,** or his/her ~~***designee***~~**Designee**, shall, upon promptly verifying the facts related to the violation or likely violation, notify the **Compliance Committee**, as appropriate. The **Compliance Committee** (in consultation with legal counsel, as appropriate) shall determine a response as soon as practicable, which shall include, but not be limited to:

- Recommending investigation of all aspects of the suspected violation or questionable conduct;
- Approving disciplinary actions, ~~***sanctions***~~**Sanctions**, termination of any agreement and/or any other corrective action ~~(including repayment of ***overpayments***)~~ consistent with applicable ~~***policies***~~**Policies and** ~~***procedures***~~**Procedures**, subject to consultation with legal counsel and/or notifying the **Governing Body**, as appropriate;
- Implementing education and training programs for **Board** ~~***members, employees***~~**Members, Employees**, and/or **FDRs**, where applicable, to correct the violation and prevent recurrence;
- Amending, if necessary, CalOptima's **Compliance Plan**, **Code of Conduct**, and/or relevant ~~***policies***~~**Policies and** ~~***procedures*** in an effort~~**Procedures** to avoid any future recurrence of a violation; and/or
- Ensuring that compliance reports are kept confidential, where permitted by law, and if appropriate, protected under applicable privileges, including, but not limited to, the attorney/client privilege and ensuring that all files regarding compliance matters are appropriately secured.

It is the responsibility of the **Compliance Officer** and the **Compliance Committee** to review and implement any appropriate corrective and/or disciplinary action in consultation with the Human Resources Department, as applicable, consistent with applicable ~~***policies***~~**Policies and** ~~***procedures***~~**Procedures** after considering such recommendations. The **Compliance Officer**, or his/her ~~***designee***, shall~~**Designee**, may monitor and review corrective actions after their implementation to ensure that they are effective.

b. Referral to Enforcement Agencies

In appropriate circumstances, CalOptima shall report violations of Medi-Cal Program requirements to **DHCS** Audits and Investigations, violations of Medicare Program requirements to the Medicare Drug Integrity Contractor (MEDIC), and violations of other state and federal laws to the appropriate law enforcement agencies, in accordance with the applicable reporting procedures adopted by such enforcement agencies.

c. Response to Fraud Alerts

CMS issues alerts to Part D sponsors concerning ~~***fraud***~~**Fraud** schemes identified by law enforcement officials. Typically, these alerts describe alleged activities involving pharmacies practicing drug diversion or prescribers participating in illegal remuneration schemes. CalOptima may take action (including denying or reversing claims) in instances where CalOptima's own analysis of its claims activity indicates that ~~***fraud***~~**Fraud** may be occurring. CalOptima's decision to deny, or reverse, claims shall be made on a claim-specific basis.

When a ~~*fraud*~~**Fraud** alert is received, CalOptima shall review its ~~*delegation*~~**Delegation** agreements with the identified parties, and shall consider terminating the contract(s) with the identified parties if indictments have been issued against the particular parties and the terms of the ~~*delegation*~~**Delegation** agreement(s) authorizes contract termination.

CalOptima is also obligated to review its past paid claims from entities identified in a ~~*fraud*~~**Fraud** alert. With the issuance of a ~~*fraud*~~**Fraud** alert, **CMS** places CalOptima on notice (see Title 42, Code of Federal Regulations, §423.505(k)(3)) that claims involving the identified party ~~needs~~need to be reviewed. To meet the "best knowledge, information, and belief" standard of certification, CalOptima shall make its best efforts to identify claims that may be, or may have been, part of an alleged ~~*fraud*~~**Fraud** scheme and remove them from the sets of prescription drug event data submissions.

d. Identifying and Monitoring Providers with a History of Complaints

CalOptima shall maintain files for a period of ten (10) years on both in-network and out-of-network providers who have been the subject of complaints, investigations, violations, and prosecutions. This includes ~~member~~**Member** complaints, **DHCS** Audits and Investigations referrals, MEDIC investigations, **OIG** and/or DOJ investigations, US Attorney prosecution, and any other civil, criminal, or administrative action for violations of **Federal and/or State** ~~*health care programs*~~**Health Care Programs** requirements. CalOptima shall also maintain files that contain documented warnings (e.g., ~~*fraud*~~**Fraud** alerts) and educational contacts, the results of previous investigations, and copies of complaints resulting in investigations. CalOptima shall comply with requests by law enforcement, **DHCS**, **CMS**, and **CMS'** ~~*designee*~~**Designee**, regarding ~~monitoring~~**Monitoring** of **FDRs** within CalOptima's network that **DHCS**, or **CMS**, has identified as potentially abusive, or fraudulent.

e. Identifying and Responding to Overpayments

CalOptima shall sustain an effective system for the review of suspect claims to detect and prevent **FWA** within a **CalOptima** ~~program~~**Program**. All suspect claims shall be thoroughly investigated to determine whether such claims are the direct result of **FWA** activity. CalOptima shall assess all **FDRs** for potential ~~*overpayments*~~**Overpayments** when reviewing and undertaking corrective actions. Upon completion of the suspect claim(s) investigation(s), CalOptima shall recoup and/or return ~~*overpayments*~~**Overpayments** consistent with applicable laws and regulatory guidance. ~~Should revisions to reported data be~~

As required, CalOptima and/or the **FDR** shall update appropriate data sources and reports, via documenting and/or resubmission, as appropriate. The resolution(s) for suspect claim(s) investigation(s) may include, but is not limited to: (i) recoupment through established procedures, (ii) provider education about billing protocols, and (iii) reporting of ~~*overpayment*~~**Overpayment** determinations to ~~regulatory agencies~~**Regulatory Agencies**, as required by law.

When applicable, CalOptima shall return **Overpayments** made to CalOptima, consistent with applicable state and federal laws and regulatory guidance.

C. FRAUD, WASTE, AND ABUSE (FWA) PREVENTION AND DETECTION

The detection, prevention, and remediation of **FWA** are components of CalOptima's **Compliance Program**. **FWA** activities are implemented and overseen by CalOptima's **Compliance Officer,** or his/her ~~***designee***~~**Designee,** in conjunction with other compliance activities, and investigations are performed, or overseen, by the Special Investigations Unit (SIU), an internal investigative unit within CalOptima's Office of Compliance, responsible for **FWA** investigations. The **Compliance Officer,** or his/her ~~***designee***~~**Designee**, reports **FWA** activities to the CalOptima **Compliance Committee**, CEO, the **CalOptima Board**, and ~~regulatory agencies~~**Regulatory Agencies**.

CalOptima utilizes various resources to detect, prevent, and remediate **FWA**. In addition, CalOptima promptly investigates suspected **FWA** issues and ~~implements~~may implement disciplinary, or corrective, action to avoid recurrence of **FWA** issues. ~~–~~The objective of the **FWA** program is to ensure that the scope of benefits covered by the **CalOptima** ~~***programs***~~**Programs** is appropriately delivered to ~~***members***~~**Members** and resources are effectively utilized in accordance with federal and state guidelines. CalOptima incorporates a system of internal assessments which are organized to identify **FWA** and promptly respond appropriately to such incidents of **FWA**.

I.FWA TRAINING

As detailed above, **FWA** training is provided to all **Board** ~~*members*~~**Members** and ~~*employees*~~**Employees** as part of the overall compliance training courses in order to help detect, prevent, and remediate **FWA**. **FDRs** are also required to complete **FWA** training, as described above. CalOptima's **FWA** training provides guidance to **Board** ~~*members, employees*~~**Members, Employees**, and **FDRs** on how to identify activities and behaviors that would constitute **FWA** and how to report suspected, or actual, **FWA** activities. Training materials are retained for a period of at least ten (10) years, and such training includes, but is not limited to:

- The process for detection, prevention, and reporting of suspected or actual **FWA**;
- Examples of the most common types of member **FWA** (see Appendix B, attached hereto and incorporated herein) and **FDR FWA** (see Appendix C, attached hereto and incorporated herein) as well as common local and national schemes relevant to managed care organization operations;
- Information on how to identify **FWA** in **CalOptima** ~~*programs*~~**Programs** (e.g., suspicious activities suggesting CalOptima ~~members~~**Members**, or their family members, may be engaged in improper drug utilization or drug-seeking behavior, conduct suggesting improper utilization, persons offering kickbacks for referring, or enrolling, individuals in the **CalOptima** ~~*programs*~~**Programs**, etc.);
- Information on how to identify potential prescription drug **FWA** (e.g., identification of significant outliers whose drug utilization patterns far exceed those of the average ~~member~~**Member** in terms of cost or quantity, disproportionate utilization of controlled substances, use of prescription medications for excessive periods of time, high-volume prescriptions of a particular manufacturer's drugs, submission of false claims or false data for prescription drug claims, misrepresenting the type of drug that was actually dispensed, excessive prescriptions by a particular physician, etc.);
- How to report potential **FWA** using CalOptima's reporting options, including CalOptima's Compliance and Ethics Hotline, and for **FDRs**, reporting obligations;
- CalOptima's policy of non-retaliation and non-retribution toward individuals who make such reports in good faith; and
- Information on the **False Claims Act** and CalOptima's requirement to train ~~*employees*~~**Employees** and **FDRs** on the **False Claims Act** and other applicable **FWA** laws.

CalOptima shall provide **Board** ~~*members, employees*~~**Members, Employees**, **FDRs**, and ~~*members*~~**Members** with reminders and additional training and educational materials through print and electronic communications, including, but not limited to, newsletters, alerts, and/or applicable meetings.

II.DETECTION OF FWA

a. Data Sources

In partnership with ~~the Regulatory Affairs & Compliance Department~~CalOptima internal departments, CalOptima's SIU utilizes different sources and analyzes various data information in an effort to detect patterns of **FWA**. Potential fraudulent cases will not only come from claims data but can also originate from many sources internally and externally. **Members**, **FDRs**, ~~*employees*~~**Employees**, law enforcement and ~~regulatory agencies~~**Regulatory Agencies,** and others ~~are able to~~may contact CalOptima by phone, mail, and email if they suspect any individual, or entity, is engaged in inappropriate practices. Furthermore, the sources identified below can be used to identify problem areas within CalOptima, such as enrollment, finance, or data submission.

Sources used to detect **FWA** include, but are not limited to:

- CalOptima's Compliance and Ethics Hotline or other reporting mechanisms;
- Claims data history;
- Encounter data;
- Medical record ~~*audits*~~**Audits**;
- **Member** and provider complaints, appeals, and grievance reviews;
- Utilization Management reports;
- Provider utilization profiles;
- Pharmacy data;
- **Auditing** and ~~*monitoring activities*~~**Monitoring Activities**;
- Monitoring external health care **FWA** cases and determining if CalOptima's **FWA** Program can be strengthened with information gleaned from the case activity; and/or
- Internal and external surveys, reviews, and ~~*audits*~~**Audits**.

b. Data Analytics

CalOptima uses technology and data analysis to reduce **FWA** externally. Using a combination of industry standard edits and CalOptima-specific edits, CalOptima identifies claims for which procedures have been unbundled, or upcoded. CalOptima also identifies suspect **FDRs** based on billing patterns.

CalOptima also uses the services of an external **Medicare Secondary Payer (MSP)** ~~vendor~~**Vendor** to reduce costs associated with its Medicare-Medicaid programs, such as the **OneCare**, **OneCare Connect**, and/or **PACE** programs, by ensuring that ~~Federal~~federal and ~~State~~state funds are not used where certain health insurance, or coverage, is primarily responsible.

c. Analysis and Identification of Risk Areas Using Claims Data

Claims data ~~is~~are analyzed in numerous ways to uncover fraudulent billing schemes. Routine review of claims data will be conducted in order to identify unusual patterns, outliers in billing and utilization, and identify the population of providers and pharmacies that will be further investigated and/or ~~audited~~**Audited**. Any medical claim can be pended and reviewed in accordance with applicable state or federal law if they meet certain ~~criterion~~criteria that ~~warrants~~warrant additional review. Payments for pharmacy claims may also be pended and reviewed in accordance with

applicable state or federal law based on criteria focused on the types of drugs (~~for example~~e.g., narcotics), provider patterns, and challenges previously reported pertaining to certain pharmacies. CalOptima along with the **PBM** will conduct data mining activities in order to identify potential issues of **FWA**.

The following trends will be reviewed and flagged for potential **FWA**, including:

- Over utilized services;
- Aberrant provider billing practices;
- Abnormal billing in relation to peers;
- Manipulation of modifiers;
- Unusual ~~Coding~~coding practices such as excessive procedures per day, or excessive surgeries per patient;
- Unbundling of services;
- Unusual Durable Medical Equipment (DME) billing; and/or
- Unusual utilization patterns by ~~***members***~~**Members** and providers.

The following claims data may be utilized to evaluate and uncover fraudulent billing schemes:

- Average dollars paid per medical procedure;
- Average medical procedures per office visit;
- Average visits per member;
- Average distance a member travels to see a provider/pharmacy;
- Excessive patient levels of high-risk diagnoses; and/or
- Peer to peer comparisons within specialties.

Once vulnerabilities are identified, immediate actions are taken in order to mitigate the possible losses, including, but not limited to, claims denial or reversal and/or the reporting of suspected **FWA**. The data review includes, but is not limited to:

- Analysis of provider medical billing activity within their own peer group;
- Analysis of pharmacy billing and provider prescribing practices;
- Controlled drug prescribing exceeds two (2) standard deviations of the provider's peer group; and/or
- Number of times a provider bills a CPT code in relation to all providers, or within their own peer group.

The claims data from the **PBM** will go through the same risk assessment process. The analysis will be focused on the following characteristics:

- Prescription drug shorting, which occurs when pharmacy staff provides less than the prescribed quantity and intentionally does not inform the beneficiary, or ~~makes arrangements~~arranges to provide the balance but bills for the prescribed amount.
- Bait and switch pricing, which occurs when a ~~***member***~~**Member** is led to believe that a drug will cost one (1) price, but at the point of sale, they are charged a higher amount. An example of this type of scheme is when the pharmacy switches the prescribed medication to a form that increases the pharmacy's reimbursement.

- Prescription forging, or altering, which occurs when existing prescriptions are altered to increase the quantity or the number of refills, without the prescriber's authorization. Usually, the medications are diverted after being billed to the Medicare Part D program.
- Dispensing expired, or adulterated, prescription drugs, which occurs when pharmacies dispense drugs after the expiration date on the package. This also includes drugs that are intended as samples not for sale, or have not been stored or handled in accordance with manufacturer and FDA requirements.
- Prescription refill errors, which occur when pharmacy staff deliberately provides ~~a number of~~several refills different from the number prescribed by the provider.
- Failure to offer negotiated prices, which occurs when a pharmacy charges a ~~member~~**Member** the wrong amount.

d. Sample Indicators

No one (1) indicator is evidence of **FWA**. The presence of several indicators may suggest **FWA**, but further investigation is needed to determine if a suspicion of **FWA** ~~actually~~ exists. The following list below highlights common industry indicators and red flags that are used to determine whether ~~or not~~ to investigate an **FDR** or their claim disposition:

- Claims that show any altered information (dates; codes; names).
- Photocopies of claim forms and bills, or handwritten claims and bills.
- Provider's last name is the same as the ~~*member*~~**Member**/patient's last name.
- Insured's address is the same as the servicing provider.
- Same provider submits multiple claims for the same treatment for multiple family members or group members of provider's practice.
- Provider resubmitting claim with changed diagnosis code for a date of service already denied.

Cases identified through these data sources and risk assessments are entered into the **FWA** database and a report is generated and submitted to the **Compliance Officer**, **Compliance Committee**, and CEO.

III.FWA INVESTIGATIVE PROCESS

Once the SIU receives an allegation of suspected **FWA** or detects **FWA** through an evaluation of the data sources identified above, the SIU utilizes the following steps as a guide to investigate and document the case:

- The allegation is logged into the Fraud Tracking Database (~~Access~~access database maintained by SIU on an internal drive);
- The allegation is assigned an investigation number (sequentially by year of receipt) and an electronic file is assigned on the internal drive, by investigation number and name;
- SIU develops an investigative plan;
- SIU obtains a legal opinion from CalOptima's Legal Counsel on specific cases, or issues;
- Quality of care issues are referred to CalOptima's Quality Improvement Department;
- Where appropriate, SIU will submit a Request for Information (RFI) directly to an **FDR** to obtain relevant information;
- SIU, or a ~~***designee***~~**Designee**, interviews the individual who reported the **FWA**, affected ~~***members***~~**Members** and/or **FDRs**, or any other potential witnesses, as appropriate;
- SIU conducts a data analytics review of the allegation for overall patterns, trends, and errors using applicable data sources and reports;
- Review of **FDR** enrollment applications, history, and ownership, as necessary;
- Review of ~~member~~**Member** enrollment applications and other documents, as necessary;
- All supporting documentation is scanned and saved in the assigned electronic file. Any pertinent information, gathered during the SIU review/investigation, is placed into the electronic file;
- After an allegation is logged into the Fraud Tracking Database, the investigation is tracked to its ultimate conclusion, and the Fraud Tracking Database shall reflect all information gathered and documentation received to ensure timely receipt, review, and resolution, and report may be made to applicable state or federal agencies within mandated/required time periods, if appropriate;
- If a referral to another investigative agency is warranted, the information is collected, and a referral is made to the appropriate agency; and/or
- If the investigation results in recommendations for disciplinary or corrective actions, the results of the investigation ~~shall~~may be ~~forwarded~~reported to the **Compliance Officer** and **Compliance Committee**. If a CalOptima internal department or FDR has repeat disciplinary or corrective actions, SIU may report the issue(s) to the **Compliance Committee** for ~~discussion and approval~~further action.

a. Findings, Response, and Remediation

Outcomes and findings of the investigation may include, but are not limited to, confirmation of violations, insufficient evidence of **FWA**, need for contract amendment, education and training requirement, recommendation of focused ~~***audits***~~**Audits**, additional investigation, continued ~~monitoring~~**Monitoring**, new policy implementation, and/or criminal or civil action. When the root cause of the potential **FWA** issue has been identified, the SIU will track and trend the **FWA** allegation and investigation, including, but not limited to, the data analysis performed, which shall be reported to the **Compliance Committee** on a quarterly basis. Investigation findings can be used to determine whether ~~or not~~ disciplinary, or corrective, action is appropriate, whether there is a need for

a change in CalOptima's ~~*policies*~~**Policies** **and** ~~*procedures*~~**Procedures**, and/or whether the matter should be reported to applicable state and federal agencies.

In accordance with applicable CalOptima ~~*policies*~~**Policies** **and** ~~*procedures*~~**Procedures**, CalOptima shall take appropriate disciplinary, or corrective, action against **Board** ~~*members, employees*~~**Members, Employees**, and/or **FDRs** related to validated instances of **FWA**. CalOptima will also assess **FDRs** for potential ~~*overpayments*~~**Overpayments** when reviewing and undertaking corrective actions. Corrective actions will be monitored by the **Compliance Committee**, and progressive discipline will be monitored by the Department of Human Resources, as appropriate. Corrective actions may include, but are not limited to, financial ~~*sanctions*~~**Sanctions**, regulatory reporting, **Corrective Action Plans**, or termination of the ~~*delegation*~~**Delegation** agreement, when permitted by the contract terms. Should such disciplinary, or corrective, action need to be issued, ~~CalOptima~~CalOptima's Office of Compliance will initiate review and discussion at the first **Compliance Committee** following the date of identification of the suspected **FWA**, the date of report to **DHCS**, or the date of **FWA** substantiation by **DHCS** subsequent to the report. If vulnerability is identified through a single **FWA** incident, the ~~correction~~corrective action may be applied universally.

b. Referral ~~T~~to Enforcement Agencies

CalOptima's SIU shall coordinate timely referrals of potential **FWA** to appropriate ~~regulatory agencies~~**Regulatory Agencies**, or their designated program integrity contractors, including the **CMS** MEDIC, **DHCS** Audits and Investigations, and/or other enforcement agencies, in accordance with the applicable reporting procedures adopted by such enforcement agencies. **FDRs** shall report **FWA** to CalOptima within the time frames required by the applicable contract and in sufficient time for CalOptima to timely report to applicable enforcement agencies. Significant program non-compliance, or suspected **FWA**, should be reported to **CMS** and/or **DHCS**, as soon as possible after discovery, but no later than ten (10) working days to **DHCS** after CalOptima first becomes aware of and is on notice of such activity, and within thirty (30) calendar days to MEDIC after a **OneCare**, **OneCare Connect**, or **PACE** case is reported to CalOptima's SIU.

Potential cases that should be referred include, but are not limited to:

- Suspected, detected, or reported criminal, civil, or administrative law violations;
- Allegations that extend beyond CalOptima and involve multiple health plans, multiple states, or widespread schemes;
- Allegations involving known patterns of **FWA**;
- Patterns of **FWA** threatening the life, or well-being, of CalOptima ~~*members*~~**Members**; and/or
- Schemes with large financial risk to CalOptima, or its ~~*members*~~**Members**.

IV.ANNUAL FWA EVALUATION

CalOptima's **Compliance Committee** shall periodically review and evaluate the **FWA** activities and its effectiveness as part of the overall **Compliance Program** ~~*audit*~~**Audit** and ~~*monitoring activities*~~**Monitoring Activities**. Revisions should be made based on industry changes, trends in **FWA** activities (locally and nationally), the **OIG** Work Plan, the CalOptima **Compliance Plan**, and other input from applicable sources.

a. Retention of Records

CalOptima shall maintain reports and summaries of **FWA** activities and all proceedings of the various committees in original, electronic, or other media format in accordance with applicable statutory, regulatory, contractual, CalOptima policy, and other requirements. CalOptima shall file copies of ~~member~~**Member** records containing **PHI** in a secure and confidential manner, regardless of the outcome of a review. CalOptima shall file copies of **FWA** investigations in a secure and confidential manner, regardless of the outcome of an investigation.

b. Confidentiality

CalOptima and its **FDRs** shall maintain all information associated with suspected, or actual, **FWA** in confidential files, which may only be released in accordance with applicable laws and CalOptima ~~*policies*~~**Policies** **and** ~~*procedures*~~**Procedures**. All participants and attendees of CalOptima's Quality Improvement Committee, **Compliance Committee**, and respective subcommittees~~,~~ shall sign a "Confidentiality Agreement" agreeing to hold all committee discussions confidential.

D. COMPLIANCE PROGRAM EVALUATION

In order to ensure the effectiveness of the **Compliance Program**, CalOptima will conduct a self-assessment no less than annually. The assessment will evaluate the **Compliance Program** against the elements of an effective **Compliance Program** as recommended by **OIG** and required by **CMS** regulations. The following areas will be reviewed:

- **Policies and** ~~***procedures***~~**Procedures**;
- **Compliance Officer** and **Compliance Committee**;
- Training and education of **Board** ~~***members, employees***~~**Members, Employees**, and **FDRs**;
- Effective lines of communication;
- Well publicized disciplinary guidelines;
- Internal ~~monitoring~~**Monitoring** and ~~auditing~~**Auditing**;
- **Delegation** oversight;
- **Exclusion** and ~~preclusion~~**Preclusion** screening process; and
- Prompt responses to detected offenses.

The **Compliance Program** will be evaluated no less than annually by an outside entity. The results of the evaluation will be shared with ~~***senior management***~~**Executive Staff and Management**, the **Compliance Committee**, and the **CalOptima Board**. Updates to the **Compliance Program** will be based on the results of the evaluation and will be referred to the **CalOptima Board** for review and approval.

I.PRIVILEGED FILES AND DOCUMENT RETENTION

I.Privileged FILING SYSTEMS

The ***Compliance Officer,*** or his/her ***designee,*** shall establish and maintain a filing system (or systems) for all compliance-related documents. The following files shall be established at CalOptima (as applicable):

a. Compliance Plan, Code of Conduct, and Policies and Procedures File

This file shall contain copies of the following (unless originals specified):

- ***Compliance Plan*** and any amendments;
- Any ***Compliance Program policies and procedures*** issued after the initiation of the ***Compliance Program***;
- Reports to, and Resolutions/Minutes of CalOptima's Board approving the Compliance Program, ***Compliance Plan***, ***Code of Conduct*** and/or appointment of the ***Compliance Officer***;

a. Files

- All non-privileged communications to the ***Compliance Officer*** (original);
- All ***Compliance Committee*** and ***CalOptima Board*** minutes in which compliance issues are discussed; and/or
- Any other written records of the ***AOC***, or other oversight activities (originals if generated by the ***Compliance Officer***).

b. Information and Education File

files

This file shall contain copies of the following (unless originals specified):

- ***FDR*** training and attestation records (including attendance records, Affirmation Statements, and the outline of topics covered);
- ***Board member*** and ***employee*** training records, attestations, and attendance records are maintained by the Human Resources Department.
- Educational materials provided to ***Board members***, ***employees***, and ***FDRs***;
- Notices, ***fraud*** alerts, and/or federal and state laws and regulations which have been posted on bulletin boards, placed in payroll stuffers, or sent via print or electronic communication (and the dates and locations of such notices); and/or
- All other written records of training activities.

c. Monitoring, Enforcement, and Response File

This file shall contain copies of the following (unless originals specified):

- Records relating to compliance reports including reports to the Compliance and Ethics Hotline and/or to the ***Compliance Officer*** (originals);
- Records relating to periodic monitoring and auditing of the ***Compliance Program*** (originals);

- ~~Records relating to ***Board member***, ***employee***, and ***FDR Participation Status*** Review or background checks (originals except where ***FDRs*** perform ***Participation Status*** Reviews);~~
- ~~Records relating to established periodic monitoring mechanisms;~~
- ~~All documents pertaining to the enforcement of the ***Compliance Program***, including, investigations and disciplinary and/or corrective actions; and/or~~
- ~~All documents reflecting actions taken after an offense has been detected, and all efforts to deter and prevent future violations.~~

~~**d. Privileged File**~~

~~This file~~ shall be protected by, and marked, privileged and confidential and its contents shall be kept in a secure location. ~~-~~Only the **Compliance Officer**, CalOptima legal counsel, and the **Compliance Committee**, where appropriate, shall have access to its contents. ~~-~~All ~~material~~materials in ~~this~~the privileged file shall be treated as attorney-client privileged and shall not be disclosed to persons outside the privileged relationship. ~~-This~~The privileged file ~~contains~~shall contain the following original documents (except where only a copy is available):

- Records of requests for legal assistance or legal opinion(s) in connection with Compliance and Ethics Hotline telephone calls, correspondence related thereto, and/or problems reported to the **Compliance Officer**;
- The response from legal counsel regarding any such issues; and/or
- Legal opinions concerning **FDR delegation** agreement interpretations and remedies available to CalOptima.

~~e.~~b. Document Retention

~~All of the documents to be maintained in the filing system described above shall be retained~~CalOptima shall retain contracts, books, documents, records, financial statements, and other data, as defined in Title 42, Code of Federal Regulations, Sections 438.5(c), 438.604, 606, 608, and 610, for no less than ten (10) years from end of the fiscal year in which the CalOptima Medi-Cal contract expires, or is terminated (other than privileged documents which shall be retained until the issue raised in the documentation has been resolved, or longer if necessary). ~~-~~Records pertaining to CalOptima's OneCare, OneCare Connect, or PACE programs shall also be retained for ten (10) years from end date of the applicable contract~~.~~ (except for privileged documents which shall be retained until the issue raised in the documentation has been resolved, or longer if necessary).

CalOptima shall maintain the documentation required by **HIPAA** for at least six (6) years from the date of its creation or the date when it last was in effect, whichever, is later. Such documentation includes: (i) ~~***policies***~~**Policies and** ~~***procedures***~~**Procedures** (and changes thereto) designed to comply with the standards, implementation specifications or other designated requirements; (ii) writings, or electronic copies, of communications required by **HIPAA**; (iii) writings, or electronic copies, of actions, activities, or designations required to be documented under **HIPAA**; and (iv) documentation to meet its burden of proof related to identification of breaches under Title 45, Code of Federal Regulations, §164.414(b).

Appendix A

Code of Conduct

Principle	Standard
Mission, Vision, and Values CalOptima is committed to its Mission, Vision, and Values	**Mission** To provide members with access to quality health care services delivered in a cost-effective and compassionate manner. **Vision** To be a model public agency and community health plan that provides an integrated and well-coordinated system of care to ensure optimal health outcomes for all CalOptima members. **Values = CalOptima CARES** **C**ollaboration; **A**ccountability; **R**espect; **E**xcellence; **S**tewardship
Compliance with the Law CalOptima is committed to conducting all activities and operations in compliance with applicable law.	**Transparent, Legal, and Ethical Business Conduct** CalOptima is committed to conducting its business with integrity, honesty and fairness and in compliance with all laws and regulations that apply to its operations. CalOptima depends on its Board members, employees, and those who do business with it to help fulfill this commitment. **Obeying the Law** Board members, employees and contractors (including First Tier and Downstream Entities included in the term "FDRs") shall not lie, steal, cheat, or violate any law in connection with their employment and/or engagement with CalOptima. **Fraud, Waste, & Abuse (FWA)** CalOptima shall refrain from conduct, which would violate the fraud, waste, and abuse laws. CalOptima is committed to the detection, prevention, and reporting of fraud, waste, and abuse. CalOptima is also responsible for ensuring that Board members, employees, and FDRs receive appropriate FWA training as described in regulatory guidance. CalOptima's Compliance Plan, Fraud, Waste, and Abuse Plan and policies describe examples of potential fraud, waste, and abuse and discuss employee and contractor FWA obligations and potential sanctions arising from relevant federal and state FWA laws. CalOptima expects and requires that its Board members, employees, and contractors do not participate in any conduct that may violate the FWA laws including, federal and state anti-kickback laws, false claims acts, and civil monetary penalty laws.

Principle	Standard
	Political Activities CalOptima's political participation is limited by law. CalOptima funds, property, and resources are not to be used to contribute to political campaigns, political parties, and/or organizations. Board members, employees and contractors may participate in the political process on their own time and at their own expense but shall not give the impression that they are speaking on behalf of or representing CalOptima in these activities. **Anti-Trust** All Board members, employees, and contractors must comply with applicable antitrust, unfair competition, and similar laws, which regulate competition. Such persons shall seek advice from legal counsel if they encounter any business decisions involving a risk of violation of antitrust laws. The types of activities that potentially implicate antitrust laws include, without limitation, agreements to fix prices, bid rigging, and related activities; boycotts, certain exclusive dealings and price discrimination agreements; unfair trade practices; sales or purchases conditioned on reciprocal purchases or sales; and discussion of factors determinative of prices at trade association meetings.
Member Rights CalOptima is committed to meeting the health care needs of its members by providing access to quality health care services.	**Member Choice, Access to Health Care Services, Continuity of Care** Employees and contractors shall comply with CalOptima policies and procedures and applicable law governing member choice, access to health care services and continuity of member care. Employees and contractors shall comply with all requirements for coordination of medical and support services for persons with special needs. **Cultural and Linguistic Services** CalOptima and contractors shall provide culturally, linguistically, and sensory appropriate services to CalOptima members to ensure effective communication regarding diagnosis, medical history, and treatment, and health education. **Disabled Member Access** CalOptima's facilities shall adhere to the requirements of Title III of the Americans with Disabilities Act of 1990 by providing access for disabled members. **Emergency Treatment** Employees and contractors shall comply with all applicable guidelines, policies and procedures, and laws governing CalOptima member access and payment of emergency services including, without limitation, the Emergency Medical Treatment

Principle	Standard
	and Active Labor Act ("EMTALA") and state patient "anti-dumping" laws, prior authorization limitations, and payment standards. **Grievance and Appeals Processes** CalOptima, its physician groups, its health networks and third-party administrators (TPA) shall ensure that CalOptima members are informed of their grievance and appeal rights including, the state hearing process, through member handbooks and other communications in accordance with CalOptima policies and procedures and applicable laws. Employees and contractors shall address, investigate, and resolve CalOptima member complaints and grievances in a prompt and nondiscriminatory manner in accordance with CalOptima policies and applicable laws.
Business Ethics In furtherance of CalOptima's commitment to the highest standards of business ethics, employees and contractors shall accurately and honestly represent CalOptima and shall not engage in any activity or scheme intended to defraud anyone of money, property, or honest services.	**Candor & Honesty** CalOptima requires candor and honesty from individuals in the performance of their responsibilities and in communications including, communications with CalOptima's Board of Directors, supervisory employees, attorneys, and auditors. No Board member, employee, or contractor shall make false or misleading statements to any members and/or persons, or entities, doing business with CalOptima about products or services of CalOptima. **Financial and Data Reporting** All financial reports, accounting records, research reports, expense accounts, data submissions, attestations, timesheets, and other documents must accurately and clearly represent the relevant facts and the true nature of a transaction. CalOptima maintains a system of internal controls to ensure that all transactions are executed in accordance with management's authorization and recorded in a proper manner to maintain accountability of the agency's assets. Improper or fraudulent accounting documentation or financial reporting or false or misleading encounter, claims, cost, or other required regulatory data submissions is contrary to the policy of CalOptima and may be in violation of applicable laws and regulatory obligations. **Regulatory Agencies and Accrediting Bodies** CalOptima will deal with all regulatory agencies and accrediting bodies in a direct, open, and honest manner. Employees and contractors shall not take action with regulatory agencies and accrediting bodies that is false or misleading.

Principle	Standard
Public Integrity CalOptima and its Board members and employees shall comply with laws and regulations governing public agencies.	**Public Records** CalOptima shall provide access to CalOptima Public Records to any person, corporation, partnership, firm, or association requesting to inspect and copy them in accordance with the California Public Records Act, California Government Code Sections 6250 et seq. and CalOptima policies. **Public Funds** CalOptima, its Board members, and employees shall not make gifts of public funds or assets or lend credit to private persons without adequate consideration unless such actions clearly serve a public purpose within the authority of the agency and are otherwise approved by legal counsel. CalOptima, its Board members, and employees shall comply with applicable law and CalOptima policies governing the investment of public funds and expenditure limitations. **Public Meetings** CalOptima, and its Board members, and employees shall comply with requirements relating to the notice and operation of public meetings in accordance with the Ralph M. Brown Act, California Government Code Sections 54950 et seq.
Confidentiality Board members, employees, and contractors shall maintain the confidentiality of all confidential information in accordance with applicable law and shall not disclose such confidential information except as specifically authorized by CalOptima policies, procedures, and applicable laws.	**No Personal Benefit** Board members, employees and contractors shall not use confidential or proprietary CalOptima information for their own personal benefit or for the benefit of any other person or entity, while employed at, or engaged by, CalOptima, or at any time thereafter. **Duty to Safeguard Member Confidential Information** CalOptima recognizes the importance of its members' right to confidentiality and implements policies and procedures to ensure its members' confidentiality rights and the protection of medical and other confidential information. Board members, employees and contractors shall safeguard CalOptima member identity, eligibility, social security, medical information and other confidential information in accordance with applicable laws including the Health Insurance Portability and Accountability Act of 1996 (HIPAA), the Health Information Technology for Economic and Clinical Health Act (HITECH Act) and implementing regulations, the California Security Breach Notification Law, the California Confidentiality of Medical Information Act, other applicable federal and state privacy laws, and CalOptima's policies and procedures.

Principle	Standard
	Personnel Files Personal information contained in Employee personnel files shall be maintained in a manner designed to ensure confidentiality in accordance with applicable laws. **Proprietary Information** Subject to its obligations under the Public Records Act, CalOptima shall safeguard confidential proprietary information including, without limitation, contractor information and proprietary computer software, in accordance with and, to the extent required by, contract or law. CalOptima shall safeguard provider identification numbers including, without limitation, Medi-Cal license, Medicare numbers, social security numbers, and other identifying numbers.
Business Relationships Business transactions with vendors, contractors, and other third parties shall be conducted at arm's length in fact and in appearance, transacted free from improper inducements and in accordance with applicable law and ethical standards.	**Business Inducements** Board members, employees, and contractors shall not seek to gain advantage through improper use of payments, business courtesies, or other inducements. The offering, giving, soliciting, or receiving of any form of bribe or other improper payment is prohibited. Board members, employees, contractors and providers shall not use their positions to personally profit or assist others in profiting in any way at the expense of Federal and/or State health care programs, CalOptima, or CalOptima members. **Gifts to CalOptima** Board members and employees are specifically prohibited from soliciting and accepting personal gratuities, gifts, favors, services, entertainment, or any other things of value from any person or entity that furnishes items or services used, or that may be used, in CalOptima and its programs unless specifically permitted under CalOptima policies. Employees may not accept cash or cash equivalents. Perishable or consumable gifts given to a department or group are not subject to any specific limitation and business meetings at which a meal is served is not considered a prohibited business courtesy. **Provision of Gifts by CalOptima** Employees may provide gifts, entertainment or meals of nominal value to CalOptima's current and prospective business partners and other persons when such activities have a legitimate business purpose, are reasonable, and are otherwise consistent with applicable law and CalOptima policies on this subject. In addition to complying with statutory and regulatory requirements, it is critical to even avoid the appearance of impropriety when giving gifts to persons and entities that do business or are seeking to do business with CalOptima.

Principle	Standard
	Third-Party Sponsored Events CalOptima's joint participation in contractor, vendor, or other third-party sponsored events, educational programs and workshops is subject to compliance with applicable law, including gift of public fund requirements and fraud and abuse prohibitions, and must be approved in accordance with CalOptima policies on this subject. In no event, shall CalOptima participate in any joint contractor, vendor, or third party sponsored event where the intent of the other participant is to improperly influence, or gain unfair advantage from, CalOptima or its operations. Employees' attendance at contractor, vendor, or other third-party sponsored events, educational programs and workshops is generally permitted where there is a legitimate business purpose but is subject to prior approval in accordance with CalOptima policies. **Provision of Gifts to Government Agencies** Board members, employees, and contractors shall not offer or provide any money, gifts, or other things of value to any government entity or its representatives, except campaign contributions to elected officials in accordance with applicable campaign contribution laws. **Broad Application of Standards** CalOptima intends that these standards be construed broadly to avoid even the appearance of improper activity.
Conflicts of Interests Board members and employees owe a duty of undivided and unqualified loyalty to CalOptima.	**Conflict of Interest Code** Designated employees, including Board members, shall comply with the requirements of the CalOptima Conflict of Interest Code and applicable laws. Board members and employees are expected to conduct their activities to avoid impropriety and/or the appearance of impropriety, which might arise from the influence of those activities on business decisions of CalOptima, or from disclosure of CalOptima's business operations. **Outside Services and Interests** Without the prior written approval of the Chief Executive Officer (or in the case of the Chief Executive Officer, the Chair of the CalOptima Board of Directors), no employee shall (1) perform work or render services for any contractor, association of contractors or other organizations with which CalOptima does business or which seek to do business with CalOptima, (2) be a director, officer, or consultant of any contractor or association of contractors; or (3) permit his or her name to be used in any fashion that would tend to indicate a business connection with any contractor or association of contractors.

Principle	Standard
Discrimination CalOptima acknowledges that fair and equitable treatment of employees, members, providers, and other persons is fundamental to fulfilling its mission and goals.	**No Discrimination** CalOptima is committed to compliance with applicable anti-discrimination laws including Title VI of the Civil Right Act of 1964. Board members, employees and contractors shall not unlawfully discriminate on the basis of race, color, national origin, creed, ancestry, religion, language, age, marital status, gender (which includes sex, gender identity, and gender expression), sexual orientation, health status, physical or mental disability, or any other classification protected by law. CalOptima is committed to providing a work environment free from discrimination and harassment based on any classification noted above. **Reassignment** CalOptima, physician groups, and health networks shall not reassign members in a discriminatory manner, including based on the enrollee's health status.
Participation Status CalOptima requires that employees, contractors, providers, and suppliers meet Government requirements for participation in CalOptima's programs.	**Federal and State Health Care Program Participation Status** Board members, employees, and contractors shall not be currently suspended, terminated, debarred, or otherwise ineligible to participate in any Federal or State health care program, including the Medi-Cal program and Medicare programs. **CalOptima Screening** CalOptima will monitor the participation status of employees, individuals and entities doing business with CalOptima by conducting regular exclusion and preclusion screening reviews in accordance with CalOptima policies. **Disclosure of Participation Status** Board members, employees and contractors shall disclose to CalOptima whether they are currently suspended, terminated, debarred, or otherwise ineligible to participate in any Federal and/or State health care program. Employees, individuals, and entities that do business with CalOptima shall disclose to CalOptima any pending investigation, disciplinary action, or other matter that could potentially result in their exclusion or preclusion from participation in any Federal or State health care program. **Delegated Third Party Administrator Review** CalOptima requires that its health networks, physician groups, and third--party administrators review participating providers and suppliers for licensure and participation status as part of the delegated credentialing and recredentialing processes when such obligations have been delegated to them.

Principle	Standard
	Licensure CalOptima requires that all employees, contractors, health networks, participating providers, and suppliers who are required to be licensed, credentialed, certified, and/or registered in order to furnish items or services to CalOptima and its members have valid and current licensure, credentials, certification and/or registration, as applicable.
Government Inquiries/Legal Disputes Employees shall notify CalOptima upon receipt of Government inquiries and shall not destroy or alter documents in response to a government request for documents or information.	**Notification of Government Inquiry** Employees shall notify the Compliance Officer and/or their supervisor immediately upon the receipt (at work or at home) of an inquiry, subpoena, or other agency or government requests for information regarding CalOptima. **No Destruction of Documents** Employees shall not destroy or alter CalOptima information or documents in anticipation of, or in response to, a request for documents by any governmental agency or from a court of competent jurisdiction. **Preservation of Documents Including Electronically Stored Information** Board members and employees shall comply with all obligations to preserve documents, data, and records including, electronically stored information in accordance with CalOptima policies and shall comply with instructions on preservation of information and prohibitions and destruction of information issued by legal counsel.
Compliance Program Reporting Board members, employees, and contractors have a duty to comply with CalOptima's Compliance Program and such duty shall be a condition of their respective appointment, employment, or engagement.	**Reporting Requirements** All Board members, employees and contractors are expected and required to promptly report suspected violations of any statute, regulation, or guideline applicable to Federal and/or State health care programs or of CalOptima's own policies in accordance with CalOptima's reporting policies and its Compliance Plan. Such reports may be made to a supervisor or the Compliance Officer. Reports can also be made to CalOptima's hotline number below. Persons making reports to the hotline can do so on an anonymous basis. **Compliance and Ethics Hotline: 877-837-4417** **Disciplinary Action** Failure to comply with the Compliance Program, including the Code of Conduct, policies, and/or applicable statutes, regulations and guidelines may lead to disciplinary action. Discipline for failure to abide by the Code of Conduct may, in CalOptima's

Principle	Standard
	discretion, range from oral correction to termination in accordance with CalOptima's policies. In addition, failure to comply may result in the imposition of civil, criminal, or administrative fines on the individual, or entity, and CalOptima or exclusion or preclusion from participation in Federal and/or State health care programs. **Training and Education** CalOptima provides training and education to Board members, employees and FDRs. Timely completion of compliance and HIPAA training is mandatory for all CalOptima employees. **No-Retaliation Policy** CalOptima prohibits retaliation against any individual who reports discrimination, harassment, or compliance concerns, or participates in an investigation of such reports. Employees involved in any retaliatory acts may be subject to discipline, up to and including termination of employment. **Referrals of FWA to Government Agencies** CalOptima is obligated to coordinate compliance activities with federal and state regulators. Employees shall comply with CalOptima policies related to FWA referral requirements to federal and state regulators, delegated program integrity contractors, and law enforcement agencies. **Certification** All Board members, employees, and contractors are required to certify, in writing, that they have received, read, understand and will abide by the Code of Conduct and applicable policies.

Appendix B

TYPES OF MEMBER FWA

MEMBER FRAUD, WASTE OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
M01	Using another individual's identity or documentation of Medi-Cal eligibility to obtain covered services.	Members with multiple areas of service; members who attempt more than one (1) PCP; reports of members who are hiding assets or income.
M02	Selling, loaning, or giving a member's identity or documentation of Medi-Cal eligibility to obtain services.	Members with multiple areas of service; members who attempt more than one (1) PCP; reports of members who are hiding assets or income.
M03	Making an unsubstantiated declaration of eligibility.	Members with multiple areas of service; members who attempt more than one (1) PCP; reports of members who are hiding assets or income.
M04	Using a covered service for purposes other than the purpose for which it was described including use of such covered service.	Selling a covered wheelchair; selling medications; abusing prescription medications.
M05	Failing to report other health coverage.	Payments by OHI.
M06	Soliciting or receiving a kickback, bribe, or rebate as an inducement to receive or not receive covered services.	Hotline reports; internal reports; reports by health networks.
M07	Other (please specify).	Any source.
M08	Member Pharmacy Utilization	PBM reports; data analytics; claims data; encounter data; FWA software.
M09	Doctor Shopping	PBM reports; data analytics; claims data; encounter data; FWA software.
M10	Altered Prescription	Provider report; DEA report; pharmacy report; PBM reports; data analytics; claims data; encounter data; FWA software.

Appendix C

TYPES OF FDR FWA

FDR FRAUD, WASTE OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
P01	Unsubstantiated declaration of eligibility to participate in the CalOptima program.	Provider information not able to be verified during credentialing or contracting process; providers on the excluded or precluded provider list.
P02	Submission of claims for covered services that are substantially and demonstrably in excess of any individual's usual charges for such covered services.	PBM reports; data analytics; claims data; encounter data; FWA software.
P03	Submission of claims for covered services that are not actually provided to the member for which the claim is submitted.	PBM reports; data analytics; claims data; encounter data; FWA software; verification survey; hotline.
P04	Submission of claims for covered services that are in excess of the quantity that is medically necessary.	PBM reports; data analytics; claims data; encounter data; FWA software.
P05	Submission of claims for covered services that are billed using a code that would result in great payment than the code that reflects the covered services.	PBM reports; data analytics; claims data; encounter data; FWA software.
P06	Submission of claims for covered services that is already included in the capitation rate.	PBM reports; data analytics; claims data; encounter data; FWA software.
P07	Submission of claims for covered services that are submitted for payment to both CalOptima and another third-party payer without full disclosure.	PBM reports; data analytics; claims data; encounter data; FWA software; payment by OHI.
P08	Charging a member in excess of allowable co-payments and deductibles for covered services.	Member report; hotline report; oversight audits.
P09	Billing a member for covered services without obtaining written consent to bill for such services.	Member report; hotline report; oversight audits.
P10	Failure to disclose conflict of interest.	Hotline; credentialing or contracting process.
P11	Receiving, soliciting, or offering a kickback, bribe, or rebate to refer or fail to refer a member.	Hotline report; oversight report.
P12	Failure to register billing intermediary with the Department of Health Care Services.	Oversight audit; report by regulatory body; hotline.

FDR FRAUD, WASTE OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
P13	False certification of medical necessity.	Medical record review; claims data; encounter data; FWA software.
P14	Attributing a diagnosis code to a member that does not reflect the member's medical condition for the purpose of obtaining higher reimbursement.	Medical record review; claims data; encounter data; FWA software.
P15	False or inaccurate minimum standards or credentialing information.	Hotline; credentialing or contracting process.
P16	Submitting reports that contain unsubstantiated data, data that is inconsistent with records, or has been altered in a manner that is inconsistent with policies, contracts, statutes, or regulations.	Medical record review; claims data; encounter data; FWA software.
P17	Other (please specify).	Any source.
P18	Provider Pharmacy Utilization.	PBM reports; data analytics; claims data; encounter data; FWA software.
P19	Billing Medi-Cal member for services.	Member report; hotline report; oversight audits.
P20	Durable Medical Equipment- covered services that are not actually provided to member.	Member report; hotline report; oversight audits; verification survey.

Appendix D

TYPES OF EMPLOYEE FWA

EMPLOYEE FRAUD OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
E01	Use of a member's identity or documentation of Medi-Cal eligibility to obtain services.	Employees obtaining services on a member's account. Hotline report. Data analytics. Referrals to SIU.
E02	Use of a member's identity or documentation of Medi-Cal eligibility to obtain a gain.	Employees obtaining unjust enrichment, funds, or other gain by selling member's account information. Hotline report.
E03	Employee assistance to providers with the submission of claims for covered services that are not actually provided to the member for which the claim is submitted.	Employees obtaining unjust enrichment, funds, or other gain from provider by using member's account information to assist in the submission of false claims. Hotline report. Referrals to SIU.
E04	Employee deceptively accessing company confidential information for purpose of a gain.	Employees obtaining unjust enrichment, funds, or other gain from another by deceptive and unauthorized accessing of information. Hotline Service. Data Analytics. Referrals to SIU.

E. GLOSSARY

Abuse ("Abuse") means actions that may, directly or indirectly, result in: unnecessary costs to a CalOptima program, improper payment, payment for services that fail to meet professionally recognized standards of care, or services that are medically unnecessary. Abuse involves payment for items or services when there is no legal entitlement to that payment and the provider has not knowingly and/or intentionally misrepresented facts to obtain payment. Abuse cannot be differentiated categorically from fraud, because the distinction between "fraud" and "abuse" depends on specific facts and circumstances, intent and prior knowledge, and available evidence, among other factors.

Audit ("Audit" or "Auditing") means a formal, systematic, and disciplined approach designed to review, evaluate, and improve the effectiveness of processes and related controls using a particular set of standards (e.g., policies and procedures, laws, and regulations) used as base measures. Auditing is governed by professional standards and completed by individuals independent of the process being audited and normally performed by individuals with one (1) of several acknowledged certifications.

Audit & Oversight Committee ("AOC") means a subcommittee of the Compliance Committee chaired by the Director of Audit & Oversight to oversee CalOptima's delegated functions. The composition of the AOC includes representatives from CalOptima's departments as provided for in CalOptima Policy HH.4001Δ: Audit & Oversight Committee.

Board Members ("Board Members") means the members of the CalOptima Board of Directors.

CalOptima ("CalOptima") means the Orange County Health Authority, d.b.a. CalOptima, a County Organized Health System ("COHS") created under California Welfare and Institutions Code Section 14087.54 and Orange County Ordinance No. 3896, as amended.

CalOptima Board of Directors ("CalOptima Board") means the Board of Directors of CalOptima, which serves as the Governing Body of CalOptima, appointed by the Orange County Board of Supervisors in accordance with the Codified Ordinances of the County of Orange.

CalOptima Members ("CalOptima ~~members~~Members" or "~~members~~Members") means a beneficiary who is enrolled in a CalOptima program.

CalOptima Programs ("CalOptima Programs") means the Medi-Cal program administered by CalOptima under contract with DHCS, the Medicare Advantage Program ("OneCare") administered by CalOptima under contract with CMS, the Program of All Inclusive Services for the Elderly ("PACE") program administered by CalOptima under contract with DHCS and CMS, the Multipurpose Senior Services Program ("MSSP") administered by CalOptima under contract with the California Department of Aging, and the OneCare Connect program administered by CalOptima under contract with DHCS and CMS, as well as any other program now or in the future administered by CalOptima.

Centers for Medicare & Medicaid Services ("CMS") means the federal agency within the United States Department of Health and Human Services (DHHS) that administers the Federal Medicare program and works in partnership with state governments to administer Medicaid programs.

Code of Conduct ("Code of Conduct") means the statement setting forth the principles and standards governing CalOptima's activities to which Board Members, employees, FDRs, and agents of CalOptima are expected to adhere.

Compliance Committee ("Compliance Committee") means that committee designated by the Chief Executive Officer (CEO) to implement and oversee the Compliance Program and to participate in carrying out the provisions of this Compliance Plan. The composition of the Compliance Committee shall consist of ~~senior management staff~~**Executive Staff** that may include, but is not limited to, the: Chief Executive Officer; Chief Medical Officer; Chief Operating Officer; Chief Financial Officer; Compliance Officer; and Executive Director of Human Resources.

Compliance Plan ("Compliance Plan") means this plan and all attachments, exhibits, modifications, supplements, or amendments thereto.

Compliance Program ("Compliance Program" or "Program") means the program (including, without limitation, this Compliance Plan, Code of Conduct and policies and procedures) developed and adopted by CalOptima to promote, monitor and ensure that CalOptima's operations and practices and the practices of its Board Members, employees and FDRs comply with applicable law and ethical standards.

Compliance Risk Assessment ("CRA") A tool utilized to stratify level of risk (high, medium, low) based upon audit results and corrective actions issued to identify specific CalOptima functional areas vulnerable to potential Compliance risk.

Conflict of Interest Code ("Conflict of Interest Code") means CalOptima's Conflict of Interest Code approved and adopted on December 6, 1994, as amended and updated from time to time.

Corrective Action Plan ("CAP") means a plan delineating specific identifiable activities or undertakings that address and are designed to correct program deficiencies or problems identified by formal audits or monitoring activities by CalOptima, the Centers of Medicare & Medicaid Services (CMS), Department of Health Care Services (DHCS), or designated representatives. FDRs and/or CalOptima departments may be required to complete CAPs to ensure compliance with statutory, regulatory, or contractual obligations and any other requirements identified by CalOptima and its regulators.

Delegation ("Delegated") means a legal assignment to another party of the authority for particular functions, tasks, and decisions on behalf of the original party. The original party remains liable for compliance and fulfillment of any and all rules, requirements, and obligations pertaining to the delegated functions.

Department of Health and Human Services-Office of Inspector General ("OIG") means the Office of Inspector General of the United States Department of Health and Human Services.

Department of Health Care Services ("DHCS") means the California Department of Health Care Services, the State agency that oversees California's Medicaid program, known as Medi-Cal.

Department of Managed Health Care ("DMHC") means the California Department of Managed Health Care that oversees California's managed care system. DMHC regulates health maintenance

organizations licensed under the Knox-Keene Act, Health & Safety Code Sections 1340 *et seq*.

Designated Employee ("Designated Employee") means the persons holding positions listed in the Appendix to the CalOptima Conflict of Interest Code.

Designee ("Designee") is a person selected or designated to carry out a duty or role. The assigned designee is required to be in management or hold the appropriate qualifications or certifications related to the duty or role.

Downstream Entity ("Downstream Entity") means any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima program benefit, below the level of the arrangement between CalOptima and a first-tier entity. These written arrangements continue down to the level of the ultimate provider of both health and administrative services.

Employee or **Employees** ("Employee" or "Employees") means any and all employees of CalOptima, including all ~~senior management~~Executive Staff, Management, officers, managers, supervisors and other employed personnel, as well as temporary employees and volunteers.

Exclusion ("Exclusion" or "Excluded") means suspension, exclusion, or debarment from participation in Federal and/or state health care programs.

Executive Director of Compliance ("Executive Director of Compliance" or "Compliance Officer") means that person designated as the Compliance Officer for CalOptima charged with the responsibility of implementing and overseeing the Compliance Program and the Compliance Plan and Fraud, Waste, and Abuse Plan.

Executive Staff ("Executive Staff") means an employee whose position title is Chief, or Executive Director of one (1) or more departments.

False Claims Act ("FCA") means the False Claims Act pursuant to 31 United States Code [U.S.C.] Sections 3729-3733, which protects the Government from being overcharged or sold substandard goods or services. The FCA imposes civil liability on any person who knowingly submits, or causes to be submitted, a false or fraudulent claim to the Federal Government. The "knowing" standard includes acting in deliberate ignorance or reckless disregard of the truth related to the claim. Civil penalties for violating the FCA may include fines and up to three (3) times the amount of damages sustained by the Government as a result of the false claims. There also are criminal penalties for submitting false claims, which may include fines, imprisonment, or both. (18 U.S.C. Section 287.)

FDR ("FDR") means First Tier, Downstream or Related Entity, as separately defined herein.

Federal and/or State Health Care Programs ("Federal and/or State ~~health care programs~~Health Care Programs") means "any plan or program providing health care benefits, directly through insurance or otherwise, that is funded directly, in whole or in part, by the United States Government (other than the Federal Employees Health Benefits Program), including Medicare, or any State health care program" as defined in 42 U.S.C. § 1320a-7b (f) including the California Medicaid program, Medi-Cal.

First Tier Entity ("First Tier Entity") means any party that enters into a written arrangement,

acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care services to a member under a CalOptima program.

Fraud ("Fraud") means knowingly and willfully executing, or attempting to execute, a scheme or artifice to defraud any health care benefit program or to obtain (by means of false or fraudulent pretenses, representations, or promises) any of the money or property owned by, or under the custody or control of, any health care benefit program. (18 U.S.C. § 1347.)

General Services Administration ("GSA") **System for Award Management** ("SAM") is a type of federal government exclusion database and contains the list of Excluded Parties List System (GSA-EPLS). The EPLS consists of federal contractors who have been debarred, sanctioned, or excluded due to government contract issues or fraud. The database is updated usually on a monthly basis.

Governing Body ("Governing Body") means the Board of Directors of CalOptima.

Health Network ~~or Health Networks~~ ("Health Network" or "Health Networks") means the contracted health networks of CalOptima, including Physician Hospital Consortia ("PHCs"), Shared Risk Medical Groups ("SRGs"), and Health Maintenance Organizations ("HMOs").

Health Insurance Portability and Accountability Act ("HIPAA") means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, enacted on August 21, 1996. Sections 261 through 264 of HIPAA require the Secretary of the U.S. Department of Health and Human Services to publicize standards for the electronic exchange, privacy and security of health information, as amended.

Immediate Corrective Action Plan ("ICAP") means the result of non-compliance with specific requirements that has the potential to cause significant Member harm. Significant Member harm exists if the noncompliance resulted in the failure to provide medical services or prescription drugs, causing financial distress, or posing a threat to Member's health and safety due to non-existent or inadequate policies and procedures, systems, operations or staffing.

Management ("Management") means any employee whose position title is Director, Senior Manager, Manager, or Supervisor of one (1) or more departments.

Medi-Cal Suspended & Ineligible ("S&I") **Provider List** is a list of suspended and ineligible providers that is maintained by DHCS in the Medi-Cal Provider Manual. The list is updated monthly and available online and in print from DHCS.

Medicare Secondary Payer (MSP) Vendor means third-party vendors contracted to perform administrative functions with regards to the identification and recovery of monies owed to OneCare or OneCare Connect for recoupment of conditional payments. These administrative duties include, but are not limited to, the pursuit of repayments for third party liabilities and other health care coverage.

Monitoring Activities ("Monitoring") means regular reviews directed by management and performed as part of normal operations to confirm ongoing compliance and to ensure that corrective actions are undertaken and effective.

Multipurpose Senior Services Program ("MSSP") is a program approved under the federal

Medicaid Home and Community-Based, 1915 (c) Waiver designed to prevent premature institutionalization through provision of comprehensive social and health care management to assist frail elder person who are certifiable for placement in a nursing facility, to remain safely at home at a cost lower than nursing facility care.

National Committee for Quality Assurance Standards for Accreditation of MCOs ("NCQA Standards") means the written standards for accreditation of managed care organizations published by the National Committee for Quality Assurance.

Office of Inspector General List of Excluded Individuals and Entities ("OIG LEIE") is an exclusion list and contains individuals and/or entities that have been excluded from participation in federal healthcare programs such as Medicare and Medicaid. This list is usually updated on a monthly basis.

OneCare ("OneCare") is a Medicare Advantage Health Maintenance Organization (HMO) plan offered by CalOptima to provide Medicare covered benefits to Members.

OneCare Connect ("OneCare Connect") is a Medicare-Medicaid health plan offered by CalOptima that contracts with both Medicare and Medi-Cal to provide covered benefits of both programs to Members.

Overpayment ("Overpayment") means a payment disbursed in excess of amounts properly payable under Medicare and Medi-Cal statutes and regulations.

Participating ~~providers~~**Providers and** ~~suppliers ("participating providers~~**Suppliers** ("Participating Providers and ~~suppliers~~Suppliers") include all health care providers and suppliers (e.g., physicians, mid-level practitioners, hospitals, long term care facilities, pharmacies, etc.) that receive reimbursement from CalOptima or its health networks for items or services furnished to members. Participating providers and suppliers for purposes of this Compliance Plan may or may not be contracted with CalOptima and/or the health networks.

Participation Status ("Participation Status") means whether a person or entity is currently suspended, excluded, precluded, or otherwise ineligible to participate in Federal and/or State health care programs as provided in CalOptima policies and procedures.

Participation Status Review ("Participation Status Review") means the process by which CalOptima reviews its Board ~~members~~Members, employees, FDRs, and CalOptima Direct providers to determine whether they are currently suspended, excluded, precluded, or otherwise ineligible to participate in Federal and/or State health care programs.

Personally Identifiable Information ("PII") means any information about an individual maintained by an agency, including (1) any information that can be used to distinguish or trace an individual's identity, such as name, social security number, date and place of birth, mother's maiden name, or biometric records; and (2) any other information that is linked or linkable to an individual, such as medical, educational, financial, and employment information.

Pharmacy Benefit Manager ("PBM") means an entity that provides pharmacy benefit management services, including contracting with a network of pharmacies; establishing payment levels for network pharmacies; negotiating rebate arrangements; developing and managing

formularies, preferred drug lists, and prior authorization programs; maintaining patient compliance programs; performing drug utilization review; and operating disease management programs.

Policies and Procedures ("Policies and Procedures") means CalOptima's written policies and procedures regarding the operation of CalOptima's Compliance Program, including applicable Human Resources policies, outlining CalOptima's requirements and standards in compliance with applicable law.

Program of All-Inclusive Care for the Elderly ("PACE") is a long-term comprehensive health care program that helps older adults to remain as independent as possible. PACE coordinates and provides all needed preventive, primary, acute and long-term care services so seniors can continue living in their community.

Preclusion ("Precluded" or "Preclusion List") is a type of exclusion. The CMS Preclusion List is a list of Providers and prescribers who are precluded from receiving payment for Medicare Advantage (MA) items and services or Part D drugs furnished or prescribed to Medicare beneficiaries.

Protected Health Information ("PHI") refers to the 45 Code of Federal Regulations Section 160.103, including the following: individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium.

This information identifies the individual or there is reasonable basis to believe the information can be used to identify the individual. The information was created or received by CalOptima or Business Associates and relates to:

1. The past, present, or future physical or mental health or condition of a Member;
2. The provision of health care to a Member; or
3. Past, present, or future Payment for the provision of health care to a Member.

Regulatory Agencies ("Regulatory Agencies") include, but are not limited to: Centers for Medicare & Medicaid Services (CMS), Department of Health Care Services (DHCS), Department of Managed Health Care (DMHC), Health and Human Services Office of Inspector General (OIG), and the Office of Civil Rights (OCR).

Related Entity ("Related Entity") means any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.

Sanction ("Sanction") means an action taken by CalOptima, including, but not limited to, restrictions, limitations, monetary fines, termination, or a combination thereof, based on an FDR's or its agent's failure to comply with statutory, regulatory, contractual, and/or other requirements related to CalOptima programs.

~~Senior Management ("Senior Management") means any employee whose position title is Chief Officer, Executive Director, or Director of one (1) or more departments.~~

Seniors and Persons with Disabilities ("SPD") means Medi-Cal beneficiaries who fall under specific Aged and Disabled Aid Codes as defined by the DHCS.

Sub-delegation ("Sub-delegation") means the process by which a first tier entity expressly grants, by formal agreement, to a downstream entity the authority to carry out one or more functions that would otherwise be required to be performed by the first tier entity in order to meet its obligations under the delegation agreement.

Supervisor ("Supervisor" or "Manager") means an employee in a position representing CalOptima who has one (1) or more employees reporting directly to him or her. With respect to FDRs, the term "Supervisor" shall mean the CalOptima employee that is the designated liaison for that contractor.

Third–Party Administrator ("TPA") means a contractor that furnishes designated claims processing and other administrative services to CalOptima.

Waste ("Waste") means the overutilization of services, or other practices that, directly or indirectly, result in unnecessary costs to a CalOptima program. Waste is generally not considered to be caused by criminally negligent actions but rather the misuse of resources.

E. GLOSSARY 51

A. OVERVIEW OF THE COMPLIANCE PROGRAM

The Orange County Health Authority, dba CalOptima, is committed to conducting its operations in compliance with ethical standards, contractual obligations, and all applicable statutes, regulations, and rules, including those pertaining to Medi-Cal, Medicare, **Program of All-Inclusive Care for the Elderly (PACE)**, **Multipurpose Senior Services Program (MSSP)**, and other **CalOptima Programs**.*

CalOptima's compliance commitment encompasses its own internal operations, as well as its oversight and monitoring responsibilities related to CalOptima's **First Tier**, **Downstream**, and **Related Entities** (**FDRs**), such as **Health Networks**, physician groups, **Participating Providers, and Suppliers**, **Pharmacy Benefit Manager (PBM)**, and consultants. The term **FDR** is used in this document to refer to CalOptima's delegated subcontractors that perform administrative functions and/or provide health care services that CalOptima is required to perform and/or provide under its state and federal contracts with the **Centers for Medicare & Medicaid Services** (**CMS**) and the **Department of Health Care Services** (**DHCS**). Such persons/entities, referred to as **FDR** herein, include those that directly contract with CalOptima and those that are **Downstream** or **Related Entities** (i.e., subcontracts) with CalOptima's **First Tier Entities**.

CalOptima has developed a comprehensive **Compliance Program** applicable to all of CalOptima's programs, including, but not limited to, its Medi-Cal Program, its Medicare Advantage Prescription Drug Program (MA-PDP referred to as "**OneCare**"), its Medicare-Medicaid Plan (MMP referred to as "**OneCare Connect**"), **PACE**, and **MSSP**. The **Compliance Program** incorporates all elements of an effective **Compliance Program** as recommended by the **Office of the Inspector General** (**OIG**) and required by **CMS** regulations. The **Compliance Program** is continually evolving and may be modified and enhanced based on compliance **Monitoring** and identification of new areas of operational, regulatory, or legal risk. CalOptima requires that **CalOptima Board Members**, **Employees**, and **FDRs** conduct themselves in accordance with the requirements of CalOptima's **Compliance Program**.

B. THE COMPLIANCE PLAN

This **Compliance Plan** sets forth CalOptima's commitment to legal and ethical conduct by establishing compliance activities, along with CalOptima principles and standards, to efficiently monitor adherence to all applicable laws, regulations, and guidelines. The **Compliance Plan** addresses the fundamental elements of an effective **Compliance Program** and identifies how CalOptima is implementing each of the fundamental elements of an effective **Compliance Program** in its operations to meet its contractual, legal, and regulatory obligations. Moreover, the **Compliance Plan** is designed to provide guidance and to ensure that CalOptima's operations and the practices of its **Board Members**, **Employees**, and **FDRs** comply with contractual requirements, ethical standards, and applicable law.

This **Compliance Plan** is adopted by the **Governing Body**. It was developed and is managed by the **Executive Director of Compliance** (hereinafter referred to as the "**Compliance Officer**") with the **Compliance Committee**. Due to the dynamic nature of the complex laws governing CalOptima and its programs, the **Compliance Plan** may be revised and updated from time to time to respond to changes in the law and/or to reflect improvements in CalOptima's operations and processes.

Board Members, **Employees**, and **FDRs** are expected to review and adhere to the requirements and standards set forth in the **Compliance Plan**, the **Code of Conduct**, and all related **Policies and Procedures**, as may be amended. Furthermore, **Board Members**, **Employees**, and **FDRs** are expected to be familiar with the contractual, legal, and regulatory requirements pertinent to their respective roles and responsibilities. If a **Board Member**, **Employee**, and/or **FDR** has/have any questions about the application, or implementation, of this **Compliance Plan**, or questions related to the **Code of Conduct** or CalOptima **Policies and Procedures**, he or she should seek guidance from the **Compliance Officer** and/or the CalOptima Office of Compliance.

I.WRITTEN STANDARDS

To demonstrate CalOptima's commitment to complying with all applicable federal and state standards and to ensure a shared understanding of what ethical and legal standards and requirements are expected of **Board Members**, **Employees**, and **FDRs**, CalOptima develops, maintains, and distributes its written standards in the form of this **Compliance Plan**, a separate **Code of Conduct**, and written **Policies and Procedures**.

a. Compliance Plan

As noted above, this **Compliance Plan** outlines how contractual and legal standards are reviewed and implemented throughout the organization and communicated to **CalOptima Board Members**, **Employees**, and **FDRs**. This **Compliance Plan** also includes a comprehensive section articulating CalOptima's commitment to preventing **Fraud**, **Waste**, & **Abuse** (**FWA**), and setting forth guidelines and procedures designed to detect, prevent, and remediate **FWA** in the administration of **CalOptima Programs**. The **Compliance Plan** is available on CalOptima's external website for **Board Members** and **FDRs,** as well as on CalOptima's internal intranet site, referred to as InfoNet, accessible to all **Employees**.

b. Policies and Procedures

CalOptima also developed written **Policies and Procedures** to address specific areas of CalOptima's operations, compliance activities, and **FWA** prevention, detection, and remediation to ensure CalOptima can efficiently monitor adherence to all applicable laws, regulations, and guidelines. These **Policies and Procedures** are designed to provide guidance to **Board Members**, **Employees**, and **FDRs** concerning compliance expectations and outline processes on how to identify, report, investigate, and/or resolve suspected, detected, or reported compliance issues. **Board Members**, **Employees**, and **FDRs** are expected to be familiar with the **Policies and Procedures** pertinent to their respective roles and responsibilities, and are expected to perform their responsibilities in compliance with ethical standards, contractual obligations, and applicable law. The **Compliance Officer**, or his/her **Designee**, will ensure that **Board Members**, **Employees**, and **FDRs** are informed of applicable policy requirements, and that such dissemination of information is documented and retained, in accordance with applicable record retention standards.

The **Policies and Procedures** are reviewed annually and updated, as needed, depending on state and federal regulatory changes and/or operational improvements to address identified risk factors. Changes to CalOptima's **Policies and Procedures** are reviewed and approved by CalOptima's Policy Review Committee. The Policy Review Committee, comprised of executive officers and key management staff, meets regularly to review and approve proposed changes and additions to CalOptima's **Policies and Procedures**. **Policies and Procedures** are available on CalOptima's internal website and Compliance 360 (C360), a separate web portal accessible to **Board Members**, **Employees**, and **FDRs**. **Board Members**, **Employees**, and **FDRs** receive notice when **Policies and Procedures** are updated via a monthly memorandum.

c. Code of Conduct

Finally, the **Code of Conduct** is CalOptima's foundational document detailing fundamental principles, values, and the framework for business practices within and applicable to CalOptima. The objective of the **Code of Conduct** is to articulate compliance expectations and broad principles that guide **CalOptima Board Members**, **Employees**, and **FDRs** in conducting their business activities in a professional, ethical, and lawful manner. The **Code of Conduct** is a separate document from the **Compliance Plan** and can be found in Appendix A. The **Code of Conduct** is approved by the **CalOptima Board of Directors** and distributed to **Board Members**, **Employees**, and **FDRs** upon appointment, hire, or the commencement of the contract, and annually thereafter. New **Board Members**, **Employees**, and **FDRs** are required to sign an attestation acknowledging receipt and review of the **Code of Conduct** within ninety (90) calendar days of the appointment, hire, or commencement of the contract, and annually thereafter.

II.OVERSIGHT

The successful implementation of the **Compliance Program** requires dedicated commitment and diligent oversight throughout CalOptima's operations, including, but not limited to, key roles and responsibilities by the **CalOptima Board**, the **Compliance Officer**, the **Compliance Committee**, the **Audit & Oversight Committee**, and **Executive Staff**.

a. Governing Body

The **CalOptima Board of Directors**, as the **Governing Body**, is responsible for approving, implementing, and **Monitoring** a **Compliance Program** governing CalOptima's operations. The **CalOptima Board** delegates the **Compliance Program** oversight and day-to-day compliance activities to the Chief Executive Officer (CEO), who then delegates such oversight and activities to the **Compliance Officer**. The **Compliance Officer** is an **Employee** of CalOptima, who handles compliance oversight and activities full-time. The **Compliance Officer**, in conjunction with the **Compliance Committee**, are both accountable for the oversight and reporting roles and responsibilities as set forth in this **Compliance Plan**. However, the **CalOptima Board** remains accountable for ensuring the effectiveness of the **Compliance Program** within CalOptima and **Monitoring** the status of the **Compliance Program** to ensure its efficient and successful implementation.

To ensure the **CalOptima Board** exercises reasonable oversight with respect to the implementation and effectiveness of CalOptima's **Compliance Program**, the **CalOptima Board**:

- Understands the content and operation of CalOptima's **Compliance Program**;
- Approves the **Compliance Program**, including this **Compliance Plan** and the **Code of Conduct**;
- Requires an effective information system that allows it to properly exercise its oversight role and be informed about the **Compliance Program** outcomes, including, but not limited to, results of internal and external **Audits**;
- Receives training and education upon appointment, and annually thereafter, concerning the structure and operation of the **Compliance Program**;
- Remains informed about governmental compliance enforcement activity, such as Notices of Non-Compliance, **Corrective Action Plans**, Warning Letters, and/or **Sanctions**;
- Receives regularly scheduled, periodic updates from CalOptima's **Compliance Officer** and **Compliance Committee**, including, but not limited to, monthly reports summarizing overall compliance activities and any changes that are recommended;
- Receives timely written notification and updates on urgent compliance issues that require engagement and action;
- Convenes formal ad hoc and closed session discussions for significant and/or sensitive compliance matters, to the extent permitted by applicable law; and
- Reviews the results of performance and effectiveness assessments of the **Compliance Program**.

The **CalOptima Board** reviews the measurable indicators of an effective **Compliance Program** and remains appropriately engaged in overseeing its efficient and successful implementation; however, the **CalOptima Board** delegates several compliance functions and activities as described in the following subsections.

b. Executive Director of Compliance (Compliance Officer)

The **Executive Director of Compliance** serves as the **Compliance Officer** who coordinates and communicates all assigned compliance activities and programs, as well as plans, implements, and monitors the day-to-day activities of the **Compliance Program**. The **Compliance Officer** reports directly to the CEO and the **Compliance Committee** on the activities and status of the **Compliance Program**. The **Compliance Officer** has authority to report matters directly to the **CalOptima Board** at any time. Furthermore, the **Compliance Officer** ensures that CalOptima meets all state and federal regulatory and contractual requirements.

The **Compliance Officer** interacts with the **CalOptima Board**, CEO, CalOptima's Executive Staff and departmental Management, **FDRs**, legal counsel, state and federal representatives, and others as required. In addition, the **Compliance Officer** supervises the Office of Compliance, which includes compliance professionals with expertise and responsibilities for the following areas: Medi-Cal and Medicare Regulatory Affairs & Compliance, Special Investigations, Privacy, **FDR** and internal oversight, **Policies and Procedures**, and training on compliance activities.

The **CalOptima Board** delegates the following responsibilities to the **Compliance Officer**, and/or his/her **Designee(s)**:

- Chair the **Compliance Committee**, which shall meet no less than quarterly and assists the **Compliance Officer** in fulfilling his/her responsibilities;
- Ensure that the **Compliance Program**, including this **Compliance Plan** and **Policies and Procedures**, are developed, maintained, revised, and updated, annually, or as needed, based on changes in CalOptima's needs, regulatory requirements, and applicable law and distributed to all affected **Board Members**, **Employees**, and **FDRs**, as appropriate;
- Oversee and monitor the implementation of the **Compliance Program**, and provide regular reports no less than quarterly to the **CalOptima Board** and CEO summarizing all efforts, including, but not limited to, the **Compliance Committee**'s efforts to ensure adherence to the **Compliance Program**, identification and resolution of suspected, detected, or reported instances of non-compliance, and CalOptima's compliance oversight and **Audit** activities;
- Maintain the compliance reporting mechanisms and manage inquiries and reports from CalOptima's Compliance and Ethics Hotline in accordance with specified protocols, including, but not limited to, maintenance of documentation for each report of potential non-compliance or potential **FWA** received from any source through any reporting method;
- Design, coordinate, and/or conduct regular internal **Audits** to ensure the **Compliance Program** is properly implemented and followed, in addition to verifying all appropriate financial and administrative controls are in place;
- Develop and implement an annual schedule of **Compliance Program** activities for each of CalOptima's programs, and regularly report CalOptima's progress in implementing those plans to the appropriate **Board** committee and/or to the **Board of Directors**;
- Serve as a liaison between CalOptima and all applicable state and federal agencies for non-compliance and/or **FWA** issues, including facilitating any documentation or procedural requests by such agency(s);
- Oversee and monitor all compliance investigations, including investigations performed by CalOptima's regulators (e.g., **DHCS** and **CMS**) and consult with legal counsel, as necessary;
- Create and coordinate educational training programs and initiatives to ensure that the **CalOptima Board**, **Employees**, and **FDRs** are knowledgeable about CalOptima's

Compliance Program, including the **Code of Conduct**, **Policies and Procedures**, and all current and emerging applicable statutory and regulatory requirements;

- Timely initiate, investigate, and complete risk assessments and related activities, and direct and implement appropriate **Corrective Action Plans**, **Sanctions**, and/or other remediation, including, but not limited to, collaboration with the Human Resources Department to ensure consistent, timely, and effective disciplinary standards are followed; and
- Coordinate with CalOptima departments and **FDRs** to ensure **Exclusion** and **Preclusion** screening (including through the **OIG List of Excluded Individuals and Entities (LEIE)**, **General Services Administration (GSA) System for Award Management (SAM)**, **Medi-Cal Suspended & Ineligible (S&I) Provider List**, and the **CMS Preclusion List**) has been conducted and acted upon, as appropriate, in accordance with regulatory and contractual requirements.

c. Compliance Committee

The **Compliance Committee**, chaired by the **Compliance Officer**, is composed of CalOptima's **Executive Staff** and operational staff, as designated by the CEO. The members of the **Compliance Committee** serve at the discretion of the CEO and may be removed, or added, at any time. The role of the **Compliance Committee** is to implement and oversee the **Compliance Program** and to participate in carrying out the provisions of this **Compliance Plan**. The **Compliance Committee** meets at least on a quarterly basis, or more frequently as necessary, to enable reasonable oversight of the **Compliance Program**.

The **CalOptima Board** delegates the following responsibilities to the **Compliance Committee**:

- Maintain and update the **Code of Conduct** consistent with regulatory requirements and/or operational changes, subject to the ultimate approval by the **CalOptima Board**;
- Maintain written notes, records, correspondence, or minutes (as appropriate) of **Compliance Committee** meetings reflecting reports made to the **Compliance Committee** and the **Compliance Committee's** decisions on the issues raised (subject to all applicable privileges);
- Review and **Monitor** the effectiveness of the **Compliance Program**, including **Monitoring** key performance reports and metrics, evaluating business and administrative operations, and overseeing the creation, implementation, and development of corrective and preventive action(s) to ensure they are prompt and effective;
- Analyze applicable federal and state program requirements, including contractual, legal, and regulatory requirements, along with areas of risk, and coordinate with the **Compliance Officer** to ensure the adequacy of the **Compliance Program**;
- Review, approve, and/or update **Policies and Procedures** to ensure the successful implementation and effectiveness of the **Compliance Program** consistent with regulatory, legal, and contractual requirements;
- Recommend and monitor the development of internal systems and controls to implement CalOptima's standards and **Policies and Procedures** as part of its daily operations;
- Determine the appropriate strategy and/or approach to promote compliance and detect potential violations and advise the **Compliance Officer** accordingly;
- Develop and maintain a reporting system to solicit, evaluate, and respond to complaints and problems;
- Review and address reports of **Monitoring** and **Auditing** of areas in which CalOptima is at risk of program non-compliance and/or potential **FWA**, and ensure **CAPs** and **ICAPs** are implemented and **Monitored** for effectiveness;

- Suggest and implement all appropriate and necessary actions to ensure that CalOptima and its **FDRs** conduct activities and operations in compliance with the applicable laws and regulations and sound business ethics; and
- Provide regular and ad-hoc status reports of compliance with recommendations to the **CalOptima Board of Directors**.

d. Audit & Oversight Committee (AOC)

The **Audit & Oversight Committee** (**AOC**) is a subcommittee of the **Compliance Committee** and is co-led by the Director(s) of Audit & Oversight. The **AOC** is responsible for overseeing the delegated and internal activities of CalOptima. The **Compliance Committee** has final approval authority for any delegated and internal activities. Committee members include representatives from CalOptima's departments as provided for in CalOptima Policy HH.4001Δ: Audit & Oversight Committee. In addition to the monthly scheduled meetings, the **AOC** may conduct ad hoc meetings either in-person or via teleconference, as needed. All materials requiring action by the **AOC** are approved by the majority of a quorum of the **AOC**. A quorum is defined as one (1) over fifty percent (50%). **AOC** may approve and/or implement **Corrective Action Plans** (**CAPs**); however, recommendations for **FDR Sanctions** and/or de-**Delegation** are submitted to the **Compliance Committee** for final approval. The **AOC** also contributes to external reviews and accreditation **Audits**, such as the **National Committee for Quality Assurance** (**NCQA**).

Responsibilities of the **Audit & Oversight Committee** with regard to **FDRs** include:

- Annual review, revision, and approval of the **Audit** tools;
- Review findings of the readiness assessment to evaluate a potential **FDR**'s ability to perform the delegated function(s);
- Review and approve potential **FDR** entities for **Delegation** of functions;
- Ensure written agreements with each delegated **FDR** clearly define and describe the delegated activities, responsibilities, and reporting requirements of all parties consistent with applicable laws, regulations, and contractual obligations;
- Conduct formal, ongoing evaluation and **Monitoring** of **FDR** performance and compliance through review of periodic reports submitted, complaints/grievances filed, and findings of the annual onsite **Audit**;
- Ensure all **Downstream** and **Related Entities** are **Monitored** in accordance with CalOptima oversight procedures;
- Ensure that formal risk assessment is conducted on an annual basis, and update as needed, on an ongoing basis;
- Initiate and manage **Corrective Action Plans** (**CAPs**) for compliance issues;
- Propose **Sanctions**, subject to the **Compliance Committee's** approval, if an **FDR's** performance is substandard and/or violates the terms of the applicable agreement; and
- Review and initiate recommendations, such as termination of **Delegation**, to the **Compliance Committee** for unresolved issues of compliance.

Responsibilities of the **Audit & Oversight Committee** regarding internal business functions include:

- Annual review, revision, and approval of the **Audit** work plan and **Audit** tools;
- Conduct formal, ongoing evaluation and **Monitoring** of internal business areas' performance and compliance through review of periodic reports submitted, ongoing **Monitoring**, and findings of the annual **Audit**;

- Conduct formal risk assessment on an annual basis, and update as needed, on an ongoing basis; and
- Initiate and manage **Corrective Action Plans** (**CAPs**) for compliance issues.
- Initiate and manage other disciplinary actions (e.g., sanctions, de-delegation) for compliance issues.

e. Executive Staff

The CEO and **Executive Staff** of CalOptima shall:

- Ensure that the **Compliance Officer** is integrated into the organization and is given the credibility, authority, and resources necessary to operate a robust and effective **Compliance Program**;
- Receive periodic reports from the **Compliance Officer** of risk areas facing the organization, the strategies being implemented to address them and the results of those strategies; and
- Be advised of all governmental compliance and enforcement findings and activity, including **Audit** findings, Notices of Non-Compliance, and formal enforcement actions, and participate in corrective actions and responses, as appropriate.

III.TRAINING

Education and training are critical elements of the **Compliance Program**. CalOptima requires that all **Board Members**, **Employees**, and **FDRs** complete training upon appointment, hire, or commencement of contract, as applicable, and on an annual basis thereafter. Required courses cover CalOptima's **Code of Conduct**, compliance obligations, relevant laws, and **FWA**, as applicable. Specialized education courses are assigned to individuals based on their respective roles or positions within or with CalOptima's departments and its programs, which may include, but is not limited to, the fundamentals of managing **Seniors and People with Disabilities (SPD)** and cultural competency.

CalOptima utilizes state of the art web-based training courses that emphasize CalOptima's commitment to the **Compliance Program**, and which courses are updated regularly to ensure that **Employees** are kept fully informed about any changes in procedures, regulations, and requirements. Training may be conducted using new technology resources if materials meet the needs of the organization. The **Compliance Officer,** or his/her **Designee,** is responsible for coordinating compliance education and training programs, and ensuring that records evidencing an individual's/**FDR's** completion of the training requirements are documented and maintained, such as sign-in sheets, attestations, or electronic certifications, as required by law. The **Compliance Officer** and the CalOptima **Executive Staff** and **Management** are responsible for ensuring that **Board Members**, **Employees**, and **FDRs** complete training on an annual basis.

a. Code of Conduct

CalOptima's training program includes the distribution of CalOptima's **Code of Conduct** to **Board Members**, **Employees**, and **FDRs**. **Board Members**, **Employees**, and **FDRs** are required to sign an attestation acknowledging receipt, review, and understanding of the **Code of Conduct** within ninety (90) calendar days of their appointment, date of hire, or commencement of the contract, and annually thereafter. Completion and attestation of such review of the **Code of Conduct** is a condition of continued appointment, employment, or contract services. Signed attestations are maintained in each individual's personnel file, as required by law.

b. Mandatory Training Courses (Compliance Oversight, FWA, and HIPAA)

CalOptima requires **Board Members**, **Employees**, and **FDRs**, regardless of role or position with CalOptima, to complete mandatory compliance training courses. Mandatory courses may include, but are not limited to: the fundamentals of the **Compliance Program**; **FWA** training; **Health Insurance Portability and Accountability Act of 1996** (**HIPAA**) privacy and security requirements; ethics; and a high-level overview of the Medicare and Medi-Cal Programs. Detailed information about state and federal false claims acts and whistleblower protections as provided in CalOptima Policy HH.5004Δ: False Claims Act Education shall be included in the mandatory courses. CalOptima's training courses cover CalOptima's commitment to compliance with federal and state laws and regulations, contractual obligations, internal policies, and ethics. Elements of the **Compliance Program** are highlighted, including, but not limited to, an emphasis on CalOptima's requirement to and different means to report suspected or actual non-compliance, violations, and/or **FWA** issues, along with CalOptima's policy on confidentiality, anonymity, and non-retaliation for such reporting. CalOptima's **HIPAA** privacy and security training course covers the administrative, technical, and physical safeguards necessary to secure **Members' Protected Health Information**

(PHI) and **Personally Identifiable Information (PII)**.

Employees must complete the required compliance training courses within ninety (90) calendar days of hire, and annually thereafter. Adherence to the **Compliance Program** requirements, including training requirements, shall be a condition of continued employment and a factor in the annual performance evaluation of each **Employee**. **Board Members** and **FDRs** are required to complete the required compliance training courses within ninety (90) calendar days of appointment or commencement of the contract, as applicable, and annually thereafter. Some **FDRs** may be exempt or deemed to have met the **FWA** training and education requirement if the **FDR** has met the **CMS** requirements, the applicable certification requirements and attests to complying with the standards, or through enrollment into the Medicare program, or accreditation as a Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS). Completion of the training courses are documented electronically, and records of completion are maintained for each individual as required by law.

c. Additional Training

The Office of Compliance may provide additional training opportunities throughout the year focused on essential elements of the **Compliance Program**. These training opportunities are available to **Managers** and **Employees** depending on their respective roles or positions within or with CalOptima's departments and its programs and their involvement in CalOptima's oversight responsibilities. For these training courses, information is presented in a "train the trainer" format, providing **Managers** the tools and resources to train and share the information with **Employees** in their respective departments. If additional training related to **FWA** is required, the **Compliance Officer,** or his/her **Designee,** will develop relevant materials.

Employees have access through CalOptima's internal intranet website (referred to as the "InfoNet") to CalOptima's **Policies and Procedures** governing the **Compliance Program** and pertinent to their respective roles and responsibilities. **Employees** may receive such additional compliance training as is reasonable and necessary based on changes in job descriptions/duties, promotions, and/or the scope of their job functions.

Board Members receive a copy of the **Compliance Plan**, **Code of Conduct**, and **Policies and Procedures** pertinent to their appointment as part of orientation within ninety (90) calendar days of their appointment to the **CalOptima Board**. **Board Members** may receive additional compliance training related to the **CalOptima Board**'s role in overseeing and ensuring organizational compliance with CalOptima's **Compliance Program**.

The **Code of Conduct** and **Policies and Procedures** pertinent to their engagement with CalOptima, if directly engaged by CalOptima, are made available to **FDRs** upon commencement of the **FDR** contract. **FDRs** are required to disseminate copies of the **Code of Conduct** and **Policies and Procedures** to their **Employees**, agents, and/or **Downstream Entities**. CalOptima may also develop compliance training and education presentations and/or roundtables for specified **FDRs**.

IV. LINES OF COMMUNICATION AND REPORTING

a. General Compliance Communication

CalOptima regularly communicates the requirements of the **Compliance Program** and the importance of performing individual roles and responsibilities in compliance with applicable laws, contractual obligations, and ethical standards. CalOptima utilizes various methods and forms to communicate general information, statutory or regulatory updates, process changes, updates to **Policies and Procedures**, contact information for the **Compliance Officer**, relevant federal and state **Fraud** alerts and policy letters, pending/new legislation reports, and advisory bulletins from the **Compliance Officer** to **CalOptima Board Members**, **Employees**, **FDRs**, and **Members**, including, but not limited to:

- Presentations and Updates at Meetings – CalOptima periodically holds and utilizes in-person and conference call meetings with the **CalOptima Board**, **FDRs**, **Employees**, and individual CalOptima departments, and **Members**.
- Compliance 360 – CalOptima maintains an internal and external website and portal referred to as Compliance 360, accessible to **Board Members**, **Employees**, and **FDRs**, which contains CalOptima's updated **Policies and Procedures**.
- Newsletters or Mailed Notices – CalOptima develops, and where appropriate, translates, publications and/or notices, to **Board Members**, **Employees**, **FDRs**, and **Members**.
- Electronic Mail – The CEO, **Compliance Officer**, or their respective **Designee**, periodically sends out email communications and/or alerts to **Board Members**, **Employees**, and **FDRs**, and/or **Members**, as applicable.
- CalOptima's Internal Intranet Website – CalOptima maintains an internal intranet website, referred to as InfoNet, where CalOptima posts applicable updates and notices to **Employees**.
- CalOptima's Compliance Internal Website – The Office of Compliance maintains an internal department website accessible to CalOptima **Employees** to communicate different Compliance initiatives, notices, key documents and forms, and updates to the **Compliance Program**, **Code of Conduct**, and/or **Policies and Procedures**.
- Postings – The Office of Compliance posts information on how to report potential issues of non-compliance and **FWA** throughout CalOptima's facilities, including, but not limited to, break rooms, which are accessible to CalOptima **Employees**.
- Written Reports – The **Compliance Officer**, in coordination with the CEO and **Compliance Committee**, prepares written reports, no less than quarterly, concerning the status of the **Compliance Program** to be presented to the **CalOptima Board**.
- Direct Contact with the **Compliance Officer** - **Board Members**, **Employees**, and **FDRs** can obtain additional compliance information directly from the **Compliance Officer**. Any questions, which cannot be answered by the **Compliance Officer**, shall be referred to the **Compliance Committee**.

b. Reporting Mechanisms

CalOptima Board Members, **Employees**, and **FDRs** have an affirmative duty and are directed in CalOptima's **Code of Conduct** and **Policies and Procedures** to report compliance concerns, questionable conduct or practices, and suspected or actual violations immediately upon discovery. Failure by **Board Members**, **Employees**, and/or **FDRs** to report known violations, failure to detect violations due to negligence or reckless conduct, and making false reports may constitute grounds for disciplinary action, up to and including, recommendation for removal from appointment, termination

of employment, or termination of an **FDR** contract, where appropriate.

CalOptima has established multiple reporting mechanisms to receive, record, and respond to compliance questions, potential non-compliance issues and/or **FWA** incidents or activities. These reporting systems, which are outlined in greater detail below, provide for anonymity and confidentiality (to the extent permitted by applicable law and circumstances). Reminders and instructions on how to report compliance and **FWA** issues are also provided to **Board Members**, **Employees**, **FDRs**, and **Members** in newsletters, on CalOptima's website, in trainings, on posters and at meetings. CalOptima maintains and supports a non-retaliation policy governing good-faith reports of suspected, or actual, non-compliance and/or **FWA**.

Upon receipt of a report through one (1) of the listed mechanisms, the **Compliance Officer**, or his/her **Designee**, shall follow appropriate **Policies and Procedures** to promptly review, investigate, and resolve such matters. The **Compliance Officer,** or his/her **Designee**, shall monitor the process for follow-up communications to persons submitting reports or disclosures through these reporting mechanisms and shall ensure documentation concerning such reports is maintained according to all applicable legal and contractual requirements.

1. *Report Directly to Management or Executive Staff*

CalOptima **Employees** are encouraged to contact their immediate **Management** or **Executive Staff** when non-compliant activity is suspected, or observed. A report should be made immediately upon suspecting or identifying the potential or suspected non-compliance, or violation. **Executive Staff** or **Management** will promptly escalate the report to the **Compliance Officer** for further investigation and reporting to the CalOptima **Compliance Committee**. If an **Employee** is concerned that his/her **Management** or **Executive Staff** did not adequately address his/her report or complaint, the **Employee** may go directly to the **Compliance Officer**, or the CEO.

2. *Call the Compliance and Ethics Hotline*

CalOptima maintains an easily accessible Compliance and Ethics Hotline, available twenty-four (24) hours a day, seven (7) days a week, with multilingual support, in which CalOptima may receive anonymous issues on a confidential basis. **Members** are encouraged to call the Compliance and Ethics Hotline if they have identified potential non-compliant activity, or **FWA** issues. The Compliance and Ethics Hotline information is as follows:

TOLL FREE COMPLIANCE and ETHICS HOTLINE
(877) 837-4417

Calls or issues reported through the Compliance and Ethics Hotline are received, logged into a database, and investigated by the Regulatory Affairs & Compliance Department. No disciplinary action will be taken against individuals making good-faith reports. Every effort will be made to keep reports confidential to the extent permitted by law. The process for reporting suspected violations to the Compliance and Ethics Hotline is part of the education and/or orientation for all **Board Members**, **Employees**, **FDRs**, and **Members**. **Members** also have access to the **Compliance Officer** through the Compliance and Ethics Hotline and/or the right to contact the **OIG** Compliance Hotline (1-800-447-8477) directly.

3. *Report Directly to the Compliance Officer*

The **Compliance Officer** is available to receive reports of suspected or actual compliance violations, or **FWA** issues, on a confidential basis (to the extent permitted by applicable law or circumstances) from **Board Members**, **Employees**, **FDRs** and **Members**. The **Compliance Officer** may be contacted by telephone, written correspondence, email, or by a face-to-face appointment. **FDRs** are generally contractually obligated to report suspected **Fraud** and **Abuse** to CalOptima pursuant to regulatory and contractual requirements.

4. *Report Directly to Office of Compliance*

Reports may be made directly to CalOptima's Office of Compliance via mail, email, or through the Compliance and Ethics Hotline for confidential reporting. Emails can be sent to Compliance@caloptima.org. Mail can be sent to:

ATTN: Compliance Officer
505 City Parkway West
Orange, CA, 92868

5. *Confidentiality and Non-Retaliation*

Every effort will be made to keep reports confidential to the extent permitted by applicable law and circumstances, but there may be some instances where the identity of the individual making the report will have to be disclosed. As a result, CalOptima has implemented and enforces a non-retaliation policy to protect individuals who report suspected or actual non-compliance, or **FWA**, issues in good faith. This non-retaliation policy extends to reports received from **FDRs** and **Members**. CalOptima's non-retaliation policy is communicated along with reporting instructions by posting information on the CalOptima InfoNet and website, as well as sending periodic **Member** notifications.

CalOptima also takes violations of CalOptima's non-retaliation policy seriously, and the **Compliance Officer** will review and enforce disciplinary and/or other **Corrective Action Plans** for violations, as appropriate, with the approval of the **Compliance Committee**.

V.ENFORCEMENT AND DISCIPLINARY STANDARDS

Board Members, **Employees**, and **FDRs** are provided copies of CalOptima's **Code of Conduct** and the **Compliance Plan** and have access on CalOptima's internal and external website to applicable **Policies and Procedures**, including, but not limited to, CalOptima Policy GA.8022: Performance and Behavior Standards and Office of Compliance Policies addressing **Corrective Action Plans** and **Sanctions**. Consistent, timely, and effective enforcement of CalOptima's standards are implemented when non-compliance or unethical behavior is confirmed, and appropriate disciplinary and/or corrective action is implemented to address improper conduct, activity, and/or behavior.

a. Conduct Subject to Enforcement and Discipline

Board Members, **Employees**, and **FDRs** are subject to appropriate disciplinary and/or corrective actions if they have violated CalOptima's standards, requirements, or applicable laws as specified and detailed in the **Compliance Program** documents and related **Policies and Procedures**, including CalOptima Policy GA.8022: Performance and Behavior Standards, as applicable. **Board Members**, **Employees**, and **FDRs** may be disciplined or sanctioned, as applicable, for failing to adhere to CalOptima's **Compliance Program** and/or violating standards, regulatory requirements, and/or applicable laws, including, but not limited to:

- Conduct that leads to the filing of a false or improper claim in violation of federal or state laws and/or contractual requirements;
- Conduct that results in a violation, or violations, of any other federal or state laws or contractual requirements relating to participation in **Federal and/or State Health Care Programs**;
- Failure to perform any required obligation relating to compliance with the Compliance Program, applicable laws, **Policies and Procedures** and/or contracts; or
- Failure to report violations or suspected violations of the **Compliance Program**, or applicable laws, or to report suspected or actual **FWA** issues to an appropriate person through one (1) of the reporting mechanisms.
- Conduct that violates **HIPAA** and other privacy laws and/or CalOptima's **HIPAA** privacy and security policies, including actions that harm the privacy of **Members**, or the CalOptima information systems that store member data.

b. Enforcement and Discipline

CalOptima maintains a "zero tolerance" policy towards any illegal, or unethical, conduct that impacts the operation, mission, or image of CalOptima. The standards established in the **Compliance Program** shall be enforced consistently through appropriate disciplinary actions. Individuals, or entities, may be disciplined by way of reprimand, suspension, financial penalties, **Sanctions**, and/or termination, depending on the nature and severity of the conduct, or behavior. **Board Members** may be subject to removal, **Employees** are subject to discipline, up to and including termination, and **FDRs** may be sanctioned, or contracts may be terminated, where permitted. Violations of applicable laws and regulations, even unintentional, could potentially subject individuals, entities, or CalOptima to civil, criminal, or administrative **Sanctions** and/or penalties. Further violations could lead to suspension, **Preclusion**, or **Exclusion**, from participation in **Federal and/or State Health Care Programs**.

CalOptima **Employees** shall be evaluated annually based on their compliance with CalOptima's

Compliance Program. Where appropriate, CalOptima shall promptly initiate education and training to correct identified problems, or behaviors.

Back to Agenda

VI.MONITORING, AUDITING, AND IDENTIFICATION OF RISKS

Activities associated with **Monitoring** and **Auditing** are identified through a combination of activities: risk assessments, **Audit & Oversight Committee** and **Compliance Committee** discussions and decisions, and internal and external reporting. Through **Monitoring**, **Auditing**, and identification of risks, CalOptima can prevent, detect, and correct non-compliance with applicable federal and/or state requirements.

a. Risk Assessment

The **Compliance Officer,** or his/her **Designee,** will collaborate with the **Compliance Committee** to identify areas of focus for **Monitoring** and **Auditing** potential non-compliant activity and **FWA** issues. A **Compliance Risk Assessment** will be performed no less than annually, and as needed, to evaluate the current status of CalOptima's operational areas as well as the operations of **FDRs**. Operations and processes will be evaluated based on: (1) deficiencies found by **Regulatory Agencies**; (2) deficiencies found by internal and external **Audit** and **Monitoring** reports; (3) the institution of new or updated **Policies and Procedures**; (4) cross departmental interdependencies; and (5) the effect on the beneficiary experience. The Readiness Checklist established by **CMS** and the **OIG** Work Plan shall be used as resources to evaluate operational risks.

The **Compliance Officer,** or his/her **Designee,** will work with the Chief Operating Officer, or his/her **Designee**, in each operational area, to answer the questions associated with each process and to continually examine and identify potential risk areas requiring monitoring and **Auditing**. Those operational areas determined to be high risk may be subject to more frequent **Monitoring** and **Auditing**, as well as additional reporting requirements. The risk assessment process will be managed by the **Compliance Officer**, or his/her **Designee**, and presented to the **AOC**, and subsequently to the **Compliance Committee**, for review and approval. **Monitoring** plans will be developed in collaboration with the operational areas, and focused **Audits** may be scheduled based on the results of the ongoing monitoring and respective risk score.

The risk assessment shall also be updated as processes change, or are identified as being deficient.

b. Monitoring and Auditing

CalOptima conducts both internal and external routine **Auditing** and **Monitoring Activities** to test and confirm compliance with all applicable regulations, guidance, contractual agreements, and federal and state laws, as well as CalOptima **Policies and Procedures** to protect against non-compliance and potential **FWA** in **CalOptima Programs**. CalOptima and **FDRs** shall comply with applicable data certification requirements, including, without limitation, 42 C.F.R. §§ 438.604 and 438.606. **Monitoring Activities** are regular reviews performed as part of normal operations to confirm ongoing compliance and to ensure that corrective actions are undertaken and effective. An **Audit** is a formal, systematic, and disciplined approach designed to review, evaluate, and improve the effectiveness of processes and related controls using a set of standards (e.g., **Policies and Procedures**, laws, and regulations) used as base measures. As part of the **Monitoring** process, CalOptima has created a dashboard, which is a **Monitoring** tool to track key metrics, including, but not limited to, coverage determinations, complaints, appeals, grievances, regulatory communications, credentialing, customer service, transition of coverage (TOC), and claims. The dashboard will be used to communicate results associated with **Monitoring** operations and outcomes

and to identify areas in need of targeted **Auditing** on at least a monthly basis. Information taken from the dashboard along with grievance and complaint call information will be used to develop **Monitoring** and **Auditing** work plans. **Monitoring** and **Auditing** work plans are used to detect potential areas of risk and/or non-compliant activity. The **Monitoring** and **Auditing** work plans are subject to daily updates and additions, and are therefore, working documents. The **Compliance Officer**, or his/her **Designee,** in collaboration with the **AOC** and **Compliance Committee**, develops the **Monitoring** and **Auditing** work plans to address the risks associated with each of **CalOptima's Programs**.

The **Compliance Officer,** or his/her **Designee,** will coordinate with CalOptima's Audit & Oversight Department in connection with appropriate **Auditing** and **Monitoring Activities**. **Audits** for each operational area will be conducted throughout the year consistent with the **Monitoring** and **Auditing** work plans. The **Compliance Officer**, or his/her **Designee,** will coordinate the **Audits** with internal audit staff, and, in some cases, with the assistance from an outside vendor. **Audit** methodologies shall be consistent with regulatory and **NCQA** requirements and standards. All **Audits** will include review of applicable documents and evaluation of actual processes to ensure compliance with all applicable regulations and contractual obligations. Once the **Audit** review is completed, the Audit & Oversight teams will communicate the results to the **Compliance Officer** and propose follow up corrective action(s), if necessary. The **Compliance Officer,** or his/her **Designee,** will provide reports to the CEO and the **Compliance Committee** concerning the results of the **Audits**. The **AOC** reports to the **Compliance Officer** and the **Compliance Committee** on **Audits** that involve **FDRs** as discussed below. If **FWA** issues are identified during an **Audit**, the matter will be further investigated and resolved in a timely manner. In addition, an **Audit** of the **Compliance Program** and its effectiveness should occur at least annually, and the results shall be reported to the **CalOptima Board**.

c. Oversight of Delegated Activities

To ensure the terms and conditions of statutory and contractual obligations to **CMS**, **DHCS**, and other governmental and regulatory entities are adhered to, CalOptima implements a comprehensive oversight **Monitoring** and **Auditing** process of **FDRs** who perform delegated activities. The processes that CalOptima implements to oversee, **Monitor**, and **Audit FDRs** are incorporated into CalOptima's written **Policies and Procedures**, including processes involving pre-contractual evaluations and **Audits** of **First Tier Entities**. CalOptima may implement **Corrective Action Plans**, **Sanctions**, and/or revoke its **Delegation** of duties (in a manner permitted under the contract) if CalOptima determines that an **FDR** is unable or unwilling to carry out its responsibilities consistent with statutory and contractual obligations.

The **Compliance Officer**, or his/her **Designee**, determines the process for **Monitoring** delegated **FDRs** and develops the annual **Monitoring** and **Audit** calendar in order to validate compliance with contractual standards and regulatory requirements. The **AOC** is responsible for overseeing all of the delegated activities and will review the readiness assessment, ensure the annual review of **FDRs** for delegated functions are completed, conduct formal on-going evaluation of **FDR** performance and compliance, ensure **Downstream** and **Related Entities** are monitored, and impose **Corrective Action Plans** and/or **Sanctions** if the **FDR**'s performance fails to meet statutory and contractual standards and requirements. The **AOC** may recommend termination of **Delegation** to the **Compliance Committee** for unresolved matters.

d. Monitoring and Audit Review Process for FDRs

1. *Initial Evaluation*

Prior to executing a contract or **Delegation** agreement with a potential **FDR**, a risk assessment is performed to determine the type of initial evaluation that will be performed. If it is deemed necessary, an initial evaluation, referred to as a Readiness Assessment as detailed in CalOptima's **Policies and Procedures**, is completed to determine the ability of the potential **FDR** to assume responsibility for delegated activities and to maintain CalOptima standards, applicable state, **CMS**, and regulatory requirements, and accreditation requirements. The initial evaluation includes, but is not limited to, review of the entity's operational capacity and resources to perform the delegated functions, evaluation of the entity's ability to meet contractual and regulatory requirements, verification that the entity is not **Precluded** on the **Preclusion List**, excluded in the **OIG List of Excluded Individuals/Entities (LEIE)**, the **General Services Administration (GSA) System of Award Management (SAM)**, or the **Medi-Cal Suspended & Ineligible (S&I) Provider List** from participating in health programs, and/or an initial onsite evaluation. Results of the initial evaluation are presented to the **AOC** and subsequently the **Compliance Committee** for review and/or approval.

2. *Contracting with FDRs*

Once an entity has been approved, the **Delegation** agreement specifies the activities CalOptima delegates to the **FDRs**, each party's respective roles and responsibilities, reporting requirements and frequency, submission of data requirements, the process for performance evaluations and **Audits**, and remedies, including disciplinary actions, available to CalOptima. Prior to any **Sub-delegation** to any **Downstream** or **Related Entity**, a **First Tier Entity** must obtain approval from CalOptima. CalOptima determines who will directly monitor the **Downstream** or **Related Entity's** compliance with requirements.

FDRs shall be required to institute a training program consistent with CalOptima's requirements intended to communicate CalOptima's compliance requirements as well as compliance characteristics related to the **FDR** and their contractually delegated area(s). Furthermore, **FDRs** will be required to complete, sign, and return attestation forms confirming the **FDR**'s compliance with new hire and annual training and education requirements, which includes courses on general compliance and **FWA** as well as **Exclusion** and **Preclusion** screening and **FWA** reporting obligations.

3. *Annual Risk Assessment*

The **Compliance Officer**, or his/her **Designee**, will ensure that an annual comprehensive risk assessment is conducted in accordance with CalOptima Policy HH.2027Δ: Annual Risk Assessment (Delegate) to determine the **FDR's** vulnerabilities and high-risk areas. High-risk **FDRs** are those that are continually non-compliant or at risk of non-compliance based on identified gaps in processes with regulatory and CalOptima requirements. Any previously identified issues, which include any corrective actions, service level performance, reported detected offenses, and/or complaints and appeals from the previous year will be factors that are included in the risk assessment. Any **FDR** deemed high risk, or vulnerable, is presented to the **AOC** for suggested follow-up **Audit**. **FDRs** determined to be high risk may be subjected to a more frequent **Monitoring** and **Auditing** schedule, as well as additional reporting requirements. The risk assessment process, along with reports from **FDRs**, will be managed by the **Compliance Officer**, or his/her **Designee**, and presented to the **AOC**

and subsequently to the **Compliance Committee** for review and approval.

4. *FDR Performance Reviews and Audits*

CalOptima conducts a periodic comprehensive performance review of the **FDR's** ability to provide delegated services in accordance with contractual standards and applicable state, **CMS**, and accreditation requirements, as further detailed in CalOptima's **Policies and Procedures**. CalOptima may conduct **Audits** of **FDRs** at any time. Such **Audits** may include an evaluation of the **FDR's** training and education program and materials covering general compliance and **FWA**, as well as compliance with applicable laws, regulations, and contractual obligations governing delegated activities. High-risk **FDRs**, as determined by the annual risk assessment and/or continued non-compliance, will obtain priority status on the annual **Audit** calendar; however, CalOptima does not limit its **Auditing** schedule to only high-risk **FDRs**.

If CalOptima has reason to believe the **FDR's** ability to perform a delegated function is compromised, an additional focused **Audit** may be performed. The **Compliance Officer,** or his/her **Designee**, may also recommend focused **Audits** upon evaluation of non-compliant trends or reported incidents. The results of these **Audits** will be reported to the **AOC** and then to the **Compliance Committee**.

A focused **Audit** may be initiated for any of the following activities, or any other reason at the discretion of CalOptima:

- Failure to comply with regulatory requirements and/or CalOptima's service level performance indicators;
- Failure to comply with a **Corrective Action Plan**;
- Reported or alleged **Fraud**, **Waste**, and/or **Abuse**;
- Significant policy variations that deviate from the CalOptima or state, **CMS**, or accreditation requirements;
- Bankruptcy, or impending bankruptcy, which may impact services to **Members** (either suspected or reported);
- Sale, merger, or acquisition involving the **FDR**;
- Significant changes in the management of the **FDR**; and/or
- Changes in resources which impact CalOptima's and/or the **FDR's** operations.

5. *Corrective Actions and Additional Monitoring and Auditing*

The **Compliance Officer,** or his/her **Designee**, shall submit regular reports of all monitoring, **Audit**, and corrective action activities to the **Compliance Committee**. In instances where non-compliance is identified, a **Corrective Action Plan** shall be developed by the **FDR** and reviewed and approved by the **Compliance Officer**, or his/her **Designee**. Every **Corrective Action Plan** is presented to the AOC, in aggregate, with no less than quarterly updates, and recommendations for escalation, as applicable. Supplemental and focused **Audits** of **FDRs**, as well as additional reporting, may be required until compliance is achieved.

At any time, CalOptima may implement **Sanctions** or require remediation by an **FDR** for failure to fulfill contractual obligations including development and implementation of a **Corrective Action Plan**. Failure to cooperate with CalOptima in any manner may result in termination of the **Delegation** agreement, in a manner authorized under the terms of the agreement.

e. Evaluation of Audit Activities

An external review of CalOptima's **Auditing** process is conducted through identified process measures. These measures support organizational, accreditation, and regulatory requirements and are reported on a yearly basis. CalOptima uses an independent, external consultant firm to periodically review the **Auditing** processes, including **Policies and Procedures**, **Audit** tools, and **Audit** findings, to ensure all regulatory requirements are being audited in accordance with industry standards/practices and are in compliance with federal and state regulations.

The current measures reviewed include:

- The central database of all pending, active, and terminated **FDRs** to monitor and track functions, performance, and **Audit** schedules;
- Implementation of an escalation process for compliance/performance issues;
- Implementation of a process for validation of **Audit** tools;
- Implementation of a process for noticing **FDRs** and functional areas of **Corrective Action Plans**;
- Tracking and trending internal compliance with oversight standards, performance, and outcomes;
- Implementation of an annual training program for internal staff regarding **Delegation** standards, **Auditing**, and **Monitoring FDR** performance; and/or
- Implementation of a process for dissemination of regulatory changes to include Medi-Cal and Medicare lines of business.

The following key performance metrics will be evaluated and reported periodically:

- Evaluations of **FDR** performance and reporting of delegated functions in accordance with the terms of the agreement;
- Number of annual oversight **Audits** completed within twelve (12) months; and
- **Corrective Action Plans** (**CAPs**) completed within the established time frame.

f. Regular Exclusion and Preclusion Screening

As detailed in CalOptima's **Policies and Procedures**, CalOptima performs **Participation Status Reviews** by searching the **OIG –LEIE**, the **GSA–SAM**, the **DHCS Medi-Cal Suspended & Ineligible Provider Lists**, and the **CMS Preclusion List** upon appointment, hire, or commencement of a contract, as applicable, and monthly thereafter, to ensure **Board Members**, **Employees**, and/or **FDRs** are not excluded, or do not become excluded or precluded from participating in **Federal and/or State Health Care Programs**. **Board Members**, **Employees**, and **FDRs** are required to disclose their **Participation Status** as part of their initial appointment, employment, commencement of the contract and registration/application processes and when **Board Members**, **Employees**, and **FDRs** receive notice of a suspension, **Preclusion**, **Exclusion**, or debarment during the period of appointment, employment, or contract term. CalOptima also requires that its **First Tier Entities** comply with **Participation Status Review** requirements with respect to their relationships with **Downstream Entities**, including without limitation, the delegated credentialing and re-credentialing processes.

The **Compliance Officer,** or his/her **Designee,** will review reports from **Employees** responsible for

conducting the **Participation Status Reviews** to ensure **Employees** record and maintain the results of the reviews and notices/disclosures. **Employees** shall immediately notify the **Compliance Officer**, or his/her **Designee,** of affirmative findings of a person, or entity's, failure to meet the **Participation Status Review** requirements. If CalOptima learns that any prospective, or current, **Board Member**, **Employee**, or **FDR** has been proposed for **Exclusion**, **Excluded**, or **Precluded**, CalOptima will promptly remove him/her/the **FDR** from **CalOptima's Programs** consistent with applicable policies and/or contract terms.

Payment may not be made for items or services furnished, or prescribed, by an excluded person, or entity. Payments made by CalOptima to excluded persons, or entities, after the effective date of their suspension, **Exclusion**, debarment, or felony conviction, and/or for items or services furnished at the medical direction, or on the prescription of a physician who is suspended, excluded, or otherwise ineligible to participate, are subject to repayment/recoupment. Such requirements also apply to providers on the **CMS Preclusion List**, consistent with regulatory guidance, applicable policies, and/or contract terms. The **Compliance Officer,** or his/her **Designee**, will review potential organizational obligations related to the reporting of identified excluded, precluded, or suspended, individuals, or entities, and/or refund obligations and consult with legal counsel, as necessary and appropriate, to resolve such matters.

VII.RESPONSE AND REMEDIATION

a. Response to Notice of Violation or Suspected Violation

Upon receipt of a report or notice of violation or suspected violation of CalOptima's **Compliance Program** and/or **FWA** issues, the **Compliance Officer,** or his/her **Designee**, shall, upon promptly verifying the facts related to the violation or likely violation, notify the **Compliance Committee**, as appropriate. The **Compliance Committee** (in consultation with legal counsel, as appropriate) shall determine a response as soon as practicable, which shall include, but not be limited to:

- Recommending investigation of all aspects of the suspected violation or questionable conduct;
- Approving disciplinary actions, **Sanctions**, termination of any agreement and/or any other corrective action consistent with applicable **Policies and Procedures**, subject to consultation with legal counsel and/or notifying the **Governing Body**, as appropriate;
- Implementing education and training programs for **Board Members**, **Employees**, and/or **FDRs**, where applicable, to correct the violation and prevent recurrence;
- Amending, if necessary, CalOptima's **Compliance Plan**, **Code of Conduct**, and/or relevant **Policies and Procedures** to avoid any future recurrence of a violation; and/or
- Ensuring that compliance reports are kept confidential, where permitted by law, and if appropriate, protected under applicable privileges, including, but not limited to, the attorney/client privilege and ensuring that all files regarding compliance matters are appropriately secured.

It is the responsibility of the **Compliance Officer** and the **Compliance Committee** to review and implement any appropriate corrective and/or disciplinary action in consultation with the Human Resources Department, as applicable, consistent with applicable **Policies and Procedures** after considering such recommendations. The **Compliance Officer**, or his/her **Designee**, may monitor and review corrective actions after their implementation to ensure that they are effective.

b. Referral to Enforcement Agencies

In appropriate circumstances, CalOptima shall report violations of Medi-Cal Program requirements to **DHCS** Audits and Investigations, violations of Medicare Program requirements to the Medicare Drug Integrity Contractor (MEDIC), and violations of other state and federal laws to the appropriate law enforcement agencies, in accordance with the applicable reporting procedures adopted by such enforcement agencies.

c. Response to Fraud Alerts

CMS issues alerts to Part D sponsors concerning **Fraud** schemes identified by law enforcement officials. Typically, these alerts describe alleged activities involving pharmacies practicing drug diversion or prescribers participating in illegal remuneration schemes. CalOptima may take action (including denying or reversing claims) in instances where CalOptima's own analysis of its claims activity indicates that **Fraud** may be occurring. CalOptima's decision to deny, or reverse, claims shall be made on a claim-specific basis.

When a **Fraud** alert is received, CalOptima shall review its **Delegation** agreements with the identified parties, and shall consider terminating the contract(s) with the identified parties if

indictments have been issued against the particular parties and the terms of the **Delegation** agreement(s) authorizes contract termination.

CalOptima is also obligated to review its past paid claims from entities identified in a **Fraud** alert. With the issuance of a **Fraud** alert, **CMS** places CalOptima on notice (see Title 42, Code of Federal Regulations, §423.505(k)(3)) that claims involving the identified party need to be reviewed. To meet the "best knowledge, information, and belief" standard of certification, CalOptima shall make its best efforts to identify claims that may be, or may have been, part of an alleged **Fraud** scheme and remove them from the sets of prescription drug event data submissions.

d. Identifying and Monitoring Providers with a History of Complaints

CalOptima shall maintain files for a period of ten (10) years on both in-network and out-of-network providers who have been the subject of complaints, investigations, violations, and prosecutions. This includes **Member** complaints, **DHCS** Audits and Investigations referrals, MEDIC investigations, **OIG** and/or DOJ investigations, US Attorney prosecution, and any other civil, criminal, or administrative action for violations of **Federal and/or State Health Care Programs** requirements. CalOptima shall also maintain files that contain documented warnings (e.g., **Fraud** alerts) and educational contacts, the results of previous investigations, and copies of complaints resulting in investigations. CalOptima shall comply with requests by law enforcement, **DHCS**, **CMS**, and **CMS' Designee**, regarding **Monitoring** of **FDRs** within CalOptima's network that **DHCS**, or **CMS**, has identified as potentially abusive, or fraudulent.

e. Identifying and Responding to Overpayments

CalOptima shall sustain an effective system for the review of suspect claims to detect and prevent **FWA** within a **CalOptima Program**. All suspect claims shall be thoroughly investigated to determine whether such claims are the direct result of **FWA** activity. CalOptima shall assess all **FDRs** for potential **Overpayments** when reviewing and undertaking corrective actions. Upon completion of the suspect claim(s) investigation(s), CalOptima shall recoup and/or return **Overpayments** consistent with applicable laws and regulatory guidance.

As required, CalOptima and/or the **FDR** shall update appropriate data sources and reports, via documenting and/or resubmission, as appropriate. The resolution(s) for suspect claim(s) investigation(s) may include, but is not limited to: (i) recoupment through established procedures, (ii) provider education about billing protocols, and (iii) reporting of **Overpayment** determinations to **Regulatory Agencies**, as required by law.

When applicable, CalOptima shall return **Overpayments** made to CalOptima, consistent with applicable state and federal laws and regulatory guidance.

C. FRAUD, WASTE, AND ABUSE (FWA) PREVENTION AND DETECTION

The detection, prevention, and remediation of **FWA** are components of CalOptima's **Compliance Program**. **FWA** activities are implemented and overseen by CalOptima's **Compliance Officer,** or his/her **Designee,** in conjunction with other compliance activities, and investigations are performed, or overseen, by the Special Investigations Unit (SIU), an internal investigative unit within CalOptima's Office of Compliance, responsible for **FWA** investigations. The **Compliance Officer,** or his/her **Designee**, reports **FWA** activities to the CalOptima **Compliance Committee**, CEO, the **CalOptima Board**, and **Regulatory Agencies**.

CalOptima utilizes various resources to detect, prevent, and remediate **FWA**. In addition, CalOptima promptly investigates suspected **FWA** issues and may implement disciplinary, or corrective, action to avoid recurrence of **FWA** issues. The objective of the **FWA** program is to ensure that the scope of benefits covered by the **CalOptima Programs** is appropriately delivered to **Members** and resources are effectively utilized in accordance with federal and state guidelines. CalOptima incorporates a system of internal assessments which are organized to identify **FWA** and promptly respond appropriately to such incidents of **FWA**.

I.FWA TRAINING

As detailed above, **FWA** training is provided to all **Board Members** and **Employees** as part of the overall compliance training courses in order to help detect, prevent, and remediate **FWA**. **FDRs** are also required to complete **FWA** training, as described above. CalOptima's **FWA** training provides guidance to **Board Members**, **Employees**, and **FDRs** on how to identify activities and behaviors that would constitute **FWA** and how to report suspected, or actual, **FWA** activities. Training materials are retained for a period of at least ten (10) years, and such training includes, but is not limited to:

- The process for detection, prevention, and reporting of suspected or actual **FWA**;
- Examples of the most common types of member **FWA** (see Appendix B, attached hereto and incorporated herein) and **FDR FWA** (see Appendix C, attached hereto and incorporated herein) as well as common local and national schemes relevant to managed care organization operations;
- Information on how to identify **FWA** in **CalOptima Programs** (e.g., suspicious activities suggesting CalOptima **Members**, or their family members, may be engaged in improper drug utilization or drug-seeking behavior, conduct suggesting improper utilization, persons offering kickbacks for referring, or enrolling, individuals in the **CalOptima Programs**, etc.);
- Information on how to identify potential prescription drug **FWA** (e.g., identification of significant outliers whose drug utilization patterns far exceed those of the average **Member** in terms of cost or quantity, disproportionate utilization of controlled substances, use of prescription medications for excessive periods of time, high-volume prescriptions of a particular manufacturer's drugs, submission of false claims or false data for prescription drug claims, misrepresenting the type of drug that was actually dispensed, excessive prescriptions by a particular physician, etc.);
- How to report potential **FWA** using CalOptima's reporting options, including CalOptima's Compliance and Ethics Hotline, and for **FDRs**, reporting obligations;
- CalOptima's policy of non-retaliation and non-retribution toward individuals who make such reports in good faith; and
- Information on the **False Claims Act** and CalOptima's requirement to train **Employees** and **FDRs** on the **False Claims Act** and other applicable **FWA** laws.

CalOptima shall provide **Board Members**, **Employees**, **FDRs**, and **Members** with reminders and additional training and educational materials through print and electronic communications, including, but not limited to, newsletters, alerts, and/or applicable meetings.

II.DETECTION OF FWA

a. Data Sources

In partnership with CalOptima internal departments, CalOptima's SIU utilizes different sources and analyzes various data information in an effort to detect patterns of **FWA**. Potential fraudulent cases will not only come from claims data but can also originate from many sources internally and externally. **Members**, **FDRs**, **Employees**, law enforcement and **Regulatory Agencies,** and others may contact CalOptima by phone, mail, and email if they suspect any individual, or entity, is engaged in inappropriate practices. Furthermore, the sources identified below can be used to identify problem areas within CalOptima, such as enrollment, finance, or data submission.

Sources used to detect **FWA** include, but are not limited to:

- CalOptima's Compliance and Ethics Hotline or other reporting mechanisms;
- Claims data history;
- Encounter data;
- Medical record **Audits**;
- **Member** and provider complaints, appeals, and grievance reviews;
- Utilization Management reports;
- Provider utilization profiles;
- Pharmacy data;
- **Auditing** and **Monitoring Activities**;
- Monitoring external health care **FWA** cases and determining if CalOptima's **FWA** Program can be strengthened with information gleaned from the case activity; and/or
- Internal and external surveys, reviews, and **Audits**.

b. Data Analytics

CalOptima uses technology and data analysis to reduce **FWA** externally. Using a combination of industry standard edits and CalOptima-specific edits, CalOptima identifies claims for which procedures have been unbundled, or upcoded. CalOptima also identifies suspect **FDRs** based on billing patterns.

CalOptima also uses the services of an external **Medicare Secondary Payer (MSP) Vendor** to reduce costs associated with its Medicare-Medicaid programs, such as the **OneCare**, **OneCare Connect**, and/or **PACE** programs, by ensuring that federal and state funds are not used where certain health insurance, or coverage, is primarily responsible.

c. Analysis and Identification of Risk Areas Using Claims Data

Claims data are analyzed in numerous ways to uncover fraudulent billing schemes. Routine review of claims data will be conducted in order to identify unusual patterns, outliers in billing and utilization, and identify the population of providers and pharmacies that will be further investigated and/or **Audited**. Any medical claim can be pended and reviewed in accordance with applicable state or federal law if they meet certain criteria that warrant additional review. Payments for pharmacy claims may also be pended and reviewed in accordance with applicable state or federal law based on criteria focused on the types of drugs (e.g., narcotics), provider patterns, and challenges previously

reported pertaining to certain pharmacies. CalOptima along with the **PBM** will conduct data mining activities in order to identify potential issues of **FWA**.

The following trends will be reviewed and flagged for potential **FWA**, including:

- Over utilized services;
- Aberrant provider billing practices;
- Abnormal billing in relation to peers;
- Manipulation of modifiers;
- Unusual coding practices such as excessive procedures per day, or excessive surgeries per patient;
- Unbundling of services;
- Unusual Durable Medical Equipment (DME) billing; and/or
- Unusual utilization patterns by **Members** and providers.

The following claims data may be utilized to evaluate and uncover fraudulent billing schemes:

- Average dollars paid per medical procedure;
- Average medical procedures per office visit;
- Average visits per member;
- Average distance a member travels to see a provider/pharmacy;
- Excessive patient levels of high-risk diagnoses; and/or
- Peer to peer comparisons within specialties.

Once vulnerabilities are identified, immediate actions are taken in order to mitigate the possible losses, including, but not limited to, claims denial or reversal and/or the reporting of suspected **FWA**. The data review includes, but is not limited to:

- Analysis of provider medical billing activity within their own peer group;
- Analysis of pharmacy billing and provider prescribing practices;
- Controlled drug prescribing exceeds two (2) standard deviations of the provider's peer group; and/or
- Number of times a provider bills a CPT code in relation to all providers, or within their own peer group.

The claims data from the **PBM** will go through the same risk assessment process. The analysis will be focused on the following characteristics:

- Prescription drug shorting, which occurs when pharmacy staff provides less than the prescribed quantity and intentionally does not inform the beneficiary, or arranges to provide the balance but bills for the prescribed amount.
- Bait and switch pricing, which occurs when a **Member** is led to believe that a drug will cost one (1) price, but at the point of sale, they are charged a higher amount. An example of this type of scheme is when the pharmacy switches the prescribed medication to a form that increases the pharmacy's reimbursement.
- Prescription forging, or altering, which occurs when existing prescriptions are altered to increase the quantity or the number of refills, without the prescriber's authorization. Usually, the medications are diverted after being billed to the Medicare Part D program.

- Dispensing expired, or adulterated, prescription drugs, which occurs when pharmacies dispense drugs after the expiration date on the package. This also includes drugs that are intended as samples not for sale, or have not been stored or handled in accordance with manufacturer and FDA requirements.
- Prescription refill errors, which occur when pharmacy staff deliberately provides several refills different from the number prescribed by the provider.
- Failure to offer negotiated prices, which occurs when a pharmacy charges a **Member** the wrong amount.

d. Sample Indicators

No one (1) indicator is evidence of **FWA**. The presence of several indicators may suggest **FWA**, but further investigation is needed to determine if a suspicion of **FWA** exists. The following list below highlights common industry indicators and red flags that are used to determine whether to investigate an **FDR** or their claim disposition:

- Claims that show any altered information (dates; codes; names).
- Photocopies of claim forms and bills, or handwritten claims and bills.
- Provider's last name is the same as the **Member**/patient's last name.
- Insured's address is the same as the servicing provider.
- Same provider submits multiple claims for the same treatment for multiple family members or group members of provider's practice.
- Provider resubmitting claim with changed diagnosis code for a date of service already denied.

Cases identified through these data sources and risk assessments are entered into the **FWA** database and a report is generated and submitted to the **Compliance Officer**, **Compliance Committee**, and CEO.

III.FWA INVESTIGATIVE PROCESS

Once the SIU receives an allegation of suspected **FWA** or detects **FWA** through an evaluation of the data sources identified above, the SIU utilizes the following steps as a guide to investigate and document the case:

- The allegation is logged into the Fraud Tracking Database (access database maintained by SIU on an internal drive);
- The allegation is assigned an investigation number (sequentially by year of receipt) and an electronic file is assigned on the internal drive, by investigation number and name;
- SIU develops an investigative plan;
- SIU obtains a legal opinion from CalOptima's Legal Counsel on specific cases, or issues;
- Quality of care issues are referred to CalOptima's Quality Improvement Department;
- Where appropriate, SIU will submit a Request for Information (RFI) directly to an **FDR** to obtain relevant information;
- SIU, or a **Designee**, interviews the individual who reported the **FWA**, affected **Members** and/or **FDRs**, or any other potential witnesses, as appropriate;
- SIU conducts a data analytics review of the allegation for overall patterns, trends, and errors using applicable data sources and reports;
- Review of **FDR** enrollment applications, history, and ownership, as necessary;
- Review of **Member** enrollment applications and other documents, as necessary;
- All supporting documentation is scanned and saved in the assigned electronic file. Any pertinent information, gathered during the SIU review/investigation, is placed into the electronic file;
- After an allegation is logged into the Fraud Tracking Database, the investigation is tracked to its ultimate conclusion, and the Fraud Tracking Database shall reflect all information gathered and documentation received to ensure timely receipt, review, and resolution, and report may be made to applicable state or federal agencies within mandated/required time periods, if appropriate;
- If a referral to another investigative agency is warranted, the information is collected, and a referral is made to the appropriate agency; and/or
- If the investigation results in recommendations for disciplinary or corrective actions, the results of the investigation may be reported to the **Compliance Officer** and **Compliance Committee**. If a CalOptima internal department or FDR has repeat disciplinary or corrective actions, SIU may report the issue(s) to the **Compliance Committee** for further action.

a. Findings, Response, and Remediation

Outcomes and findings of the investigation may include, but are not limited to, confirmation of violations, insufficient evidence of **FWA**, need for contract amendment, education and training requirement, recommendation of focused **Audits**, additional investigation, continued **Monitoring**, new policy implementation, and/or criminal or civil action. When the root cause of the potential **FWA** issue has been identified, the SIU will track and trend the **FWA** allegation and investigation, including, but not limited to, the data analysis performed, which shall be reported to the **Compliance Committee** on a quarterly basis. Investigation findings can be used to determine whether disciplinary, or corrective, action is appropriate, whether there is a need for a change in CalOptima's **Policies and Procedures**, and/or whether the matter should be reported to applicable state and federal agencies.

In accordance with applicable CalOptima **Policies and Procedures**, CalOptima shall take appropriate disciplinary, or corrective, action against **Board Members**, **Employees**, and/or **FDRs** related to validated instances of **FWA**. CalOptima will also assess **FDRs** for potential **Overpayments** when reviewing and undertaking corrective actions. Corrective actions will be monitored by the **Compliance Committee**, and progressive discipline will be monitored by the Department of Human Resources, as appropriate. Corrective actions may include, but are not limited to, financial **Sanctions**, regulatory reporting, **Corrective Action Plans**, or termination of the **Delegation** agreement, when permitted by the contract terms. Should such disciplinary, or corrective, action need to be issued, CalOptima's Office of Compliance will initiate review and discussion at the first **Compliance Committee** following the date of identification of the suspected **FWA**, the date of report to **DHCS**, or the date of **FWA** substantiation by **DHCS** subsequent to the report. If vulnerability is identified through a single **FWA** incident, the corrective action may be applied universally.

b. Referral to Enforcement Agencies

CalOptima's SIU shall coordinate timely referrals of potential **FWA** to appropriate **Regulatory Agencies**, or their designated program integrity contractors, including the **CMS** MEDIC, **DHCS** Audits and Investigations, and/or other enforcement agencies, in accordance with the applicable reporting procedures adopted by such enforcement agencies. **FDRs** shall report **FWA** to CalOptima within the time frames required by the applicable contract and in sufficient time for CalOptima to timely report to applicable enforcement agencies. Significant program non-compliance, or suspected **FWA**, should be reported to **CMS** and/or **DHCS**, as soon as possible after discovery, but no later than ten (10) working days to **DHCS** after CalOptima first becomes aware of and is on notice of such activity, and within thirty (30) calendar days to MEDIC after a **OneCare**, **OneCare Connect**, or **PACE** case is reported to CalOptima's SIU.

Potential cases that should be referred include, but are not limited to:

- Suspected, detected, or reported criminal, civil, or administrative law violations;
- Allegations that extend beyond CalOptima and involve multiple health plans, multiple states, or widespread schemes;
- Allegations involving known patterns of **FWA**;
- Patterns of **FWA** threatening the life, or well-being, of CalOptima **Members**; and/or
- Schemes with large financial risk to CalOptima, or its **Members**.

IV.ANNUAL FWA EVALUATION

CalOptima's **Compliance Committee** shall periodically review and evaluate the **FWA** activities and its effectiveness as part of the overall **Compliance Program Audit** and **Monitoring Activities**. Revisions should be made based on industry changes, trends in **FWA** activities (locally and nationally), the **OIG** Work Plan, the CalOptima **Compliance Plan**, and other input from applicable sources.

a. Retention of Records

CalOptima shall maintain reports and summaries of **FWA** activities and all proceedings of the various committees in original, electronic, or other media format in accordance with applicable statutory, regulatory, contractual, CalOptima policy, and other requirements. CalOptima shall file copies of **Member** records containing **PHI** in a secure and confidential manner, regardless of the outcome of a review. CalOptima shall file copies of **FWA** investigations in a secure and confidential manner, regardless of the outcome of an investigation.

b. Confidentiality

CalOptima and its **FDRs** shall maintain all information associated with suspected, or actual, **FWA** in confidential files, which may only be released in accordance with applicable laws and CalOptima **Policies and Procedures**. All participants and attendees of CalOptima's Quality Improvement Committee, **Compliance Committee**, and respective subcommittees shall sign a "Confidentiality Agreement" agreeing to hold all committee discussions confidential.

D. COMPLIANCE PROGRAM EVALUATION

In order to ensure the effectiveness of the **Compliance Program**, CalOptima will conduct a self-assessment no less than annually. The assessment will evaluate the **Compliance Program** against the elements of an effective **Compliance Program** as recommended by **OIG** and required by **CMS** regulations. The following areas will be reviewed:

- **Policies and Procedures**;
- **Compliance Officer** and **Compliance Committee**;
- Training and education of **Board Members**, **Employees**, and **FDRs**;
- Effective lines of communication;
- Well publicized disciplinary guidelines;
- Internal **Monitoring** and **Auditing**;
- **Delegation** oversight;
- **Exclusion** and **Preclusion** screening process; and
- Prompt responses to detected offenses.

The **Compliance Program** will be evaluated no less than annually by an outside entity. The results of the evaluation will be shared with **Executive Staff and Management**, the **Compliance Committee**, and the **CalOptima Board**. Updates to the **Compliance Program** will be based on the results of the evaluation and will be referred to the **CalOptima Board** for review and approval.

I.PRIVILEGED FILES AND DOCUMENT RETENTION

a. Privileged Files

All privileged files shall be protected by, and marked, privileged and confidential and its contents shall be kept in a secure location. Only the **Compliance Officer**, CalOptima legal counsel, and the **Compliance Committee**, where appropriate, shall have access to its contents. All materials in the privileged file shall be treated as attorney-client privileged and shall not be disclosed to persons outside the privileged relationship. The privileged file shall contain the following original documents (except where only a copy is available):

- Records of requests for legal assistance or legal opinion(s) in connection with Compliance and Ethics Hotline telephone calls, correspondence related thereto, and/or problems reported to the **Compliance Officer**;
- The response from legal counsel regarding any such issues; and/or
- Legal opinions concerning **FDR delegation** agreement interpretations and remedies available to CalOptima.

b. Document Retention

CalOptima shall retain contracts, books, documents, records, financial statements, and other data, as defined in Title 42, Code of Federal Regulations, Sections 438.5(c), 438.604, 606, 608, and 610, for no less than ten (10) years from end of the fiscal year in which the CalOptima Medi-Cal contract expires, or is terminated (other than privileged documents which shall be retained until the issue raised in the documentation has been resolved, or longer if necessary). Records pertaining to CalOptima's OneCare, OneCare Connect, or PACE programs shall also be retained for ten (10) years from end date of the applicable contract (except for privileged documents which shall be retained until the issue raised in the documentation has been resolved, or longer if necessary).

CalOptima shall maintain the documentation required by **HIPAA** for at least six (6) years from the date of its creation or the date when it last was in effect, whichever, is later. Such documentation includes: (i) **Policies and Procedures** (and changes thereto) designed to comply with the standards, implementation specifications or other designated requirements; (ii) writings, or electronic copies, of communications required by **HIPAA**; (iii) writings, or electronic copies, of actions, activities, or designations required to be documented under **HIPAA**; and (iv) documentation to meet its burden of proof related to identification of breaches under Title 45, Code of Federal Regulations, §164.414(b).

Appendix A

Code of Conduct

Principle	Standard
Mission, Vision, and Values CalOptima is committed to its Mission, Vision, and Values	**Mission** To provide members with access to quality health care services delivered in a cost-effective and compassionate manner. **Vision** To be a model public agency and community health plan that provides an integrated and well-coordinated system of care to ensure optimal health outcomes for all CalOptima members. **Values = CalOptima CARES** **C**ollaboration; **A**ccountability; **R**espect; **E**xcellence; **S**tewardship
Compliance with the Law CalOptima is committed to conducting all activities and operations in compliance with applicable law.	**Transparent, Legal, and Ethical Business Conduct** CalOptima is committed to conducting its business with integrity, honesty and fairness and in compliance with all laws and regulations that apply to its operations. CalOptima depends on its Board members, employees, and those who do business with it to help fulfill this commitment. **Obeying the Law** Board members, employees and contractors (including First Tier and Downstream Entities included in the term "FDRs") shall not lie, steal, cheat, or violate any law in connection with their employment and/or engagement with CalOptima. **Fraud, Waste, & Abuse (FWA)** CalOptima shall refrain from conduct, which would violate the fraud, waste, and abuse laws. CalOptima is committed to the detection, prevention, and reporting of fraud, waste, and abuse. CalOptima is also responsible for ensuring that Board members, employees, and FDRs receive appropriate FWA training as described in regulatory guidance. CalOptima's Compliance Plan, Fraud, Waste, and Abuse Plan and policies describe examples of potential fraud, waste, and abuse and discuss employee and contractor FWA obligations and potential sanctions arising from relevant federal and state FWA laws. CalOptima expects and requires that its Board members, employees, and contractors do not participate in any conduct that may violate the FWA laws including, federal and state anti-kickback laws, false claims acts, and civil monetary penalty laws.

Back to Agenda

Principle	Standard
	Political Activities CalOptima's political participation is limited by law. CalOptima funds, property, and resources are not to be used to contribute to political campaigns, political parties, and/or organizations. Board members, employees and contractors may participate in the political process on their own time and at their own expense but shall not give the impression that they are speaking on behalf of or representing CalOptima in these activities. **Anti-Trust** All Board members, employees, and contractors must comply with applicable antitrust, unfair competition, and similar laws, which regulate competition. Such persons shall seek advice from legal counsel if they encounter any business decisions involving a risk of violation of antitrust laws. The types of activities that potentially implicate antitrust laws include, without limitation, agreements to fix prices, bid rigging, and related activities; boycotts, certain exclusive dealings and price discrimination agreements; unfair trade practices; sales or purchases conditioned on reciprocal purchases or sales; and discussion of factors determinative of prices at trade association meetings.
Member Rights CalOptima is committed to meeting the health care needs of its members by providing access to quality health care services.	**Member Choice, Access to Health Care Services, Continuity of Care** Employees and contractors shall comply with CalOptima policies and procedures and applicable law governing member choice, access to health care services and continuity of member care. Employees and contractors shall comply with all requirements for coordination of medical and support services for persons with special needs. **Cultural and Linguistic Services** CalOptima and contractors shall provide culturally, linguistically, and sensory appropriate services to CalOptima members to ensure effective communication regarding diagnosis, medical history, and treatment, and health education. **Disabled Member Access** CalOptima's facilities shall adhere to the requirements of Title III of the Americans with Disabilities Act of 1990 by providing access for disabled members. **Emergency Treatment** Employees and contractors shall comply with all applicable guidelines, policies and procedures, and laws governing CalOptima member access and payment of emergency services including, without limitation, the Emergency Medical Treatment

Principle	Standard
	and Active Labor Act ("EMTALA") and state patient "anti-dumping" laws, prior authorization limitations, and payment standards. **Grievance and Appeals Processes** CalOptima, its physician groups, its health networks and third-party administrators (TPA) shall ensure that CalOptima members are informed of their grievance and appeal rights including, the state hearing process, through member handbooks and other communications in accordance with CalOptima policies and procedures and applicable laws. Employees and contractors shall address, investigate, and resolve CalOptima member complaints and grievances in a prompt and nondiscriminatory manner in accordance with CalOptima policies and applicable laws.
Business Ethics In furtherance of CalOptima's commitment to the highest standards of business ethics, employees and contractors shall accurately and honestly represent CalOptima and shall not engage in any activity or scheme intended to defraud anyone of money, property, or honest services.	**Candor & Honesty** CalOptima requires candor and honesty from individuals in the performance of their responsibilities and in communications including, communications with CalOptima's Board of Directors, supervisory employees, attorneys, and auditors. No Board member, employee, or contractor shall make false or misleading statements to any members and/or persons, or entities, doing business with CalOptima about products or services of CalOptima. **Financial and Data Reporting** All financial reports, accounting records, research reports, expense accounts, data submissions, attestations, timesheets, and other documents must accurately and clearly represent the relevant facts and the true nature of a transaction. CalOptima maintains a system of internal controls to ensure that all transactions are executed in accordance with management's authorization and recorded in a proper manner to maintain accountability of the agency's assets. Improper or fraudulent accounting documentation or financial reporting or false or misleading encounter, claims, cost, or other required regulatory data submissions is contrary to the policy of CalOptima and may be in violation of applicable laws and regulatory obligations. **Regulatory Agencies and Accrediting Bodies** CalOptima will deal with all regulatory agencies and accrediting bodies in a direct, open, and honest manner. Employees and contractors shall not take action with regulatory agencies and accrediting bodies that is false or misleading.

Principle	Standard
Public Integrity CalOptima and its Board members and employees shall comply with laws and regulations governing public agencies.	**Public Records** CalOptima shall provide access to CalOptima Public Records to any person, corporation, partnership, firm, or association requesting to inspect and copy them in accordance with the California Public Records Act, California Government Code Sections 6250 et seq. and CalOptima policies. **Public Funds** CalOptima, its Board members, and employees shall not make gifts of public funds or assets or lend credit to private persons without adequate consideration unless such actions clearly serve a public purpose within the authority of the agency and are otherwise approved by legal counsel. CalOptima, its Board members, and employees shall comply with applicable law and CalOptima policies governing the investment of public funds and expenditure limitations. **Public Meetings** CalOptima, and its Board members, and employees shall comply with requirements relating to the notice and operation of public meetings in accordance with the Ralph M. Brown Act, California Government Code Sections 54950 et seq.
Confidentiality Board members, employees, and contractors shall maintain the confidentiality of all confidential information in accordance with applicable law and shall not disclose such confidential information except as specifically authorized by CalOptima policies, procedures, and applicable laws.	**No Personal Benefit** Board members, employees and contractors shall not use confidential or proprietary CalOptima information for their own personal benefit or for the benefit of any other person or entity, while employed at, or engaged by, CalOptima, or at any time thereafter. **Duty to Safeguard Member Confidential Information** CalOptima recognizes the importance of its members' right to confidentiality and implements policies and procedures to ensure its members' confidentiality rights and the protection of medical and other confidential information. Board members, employees and contractors shall safeguard CalOptima member identity, eligibility, social security, medical information and other confidential information in accordance with applicable laws including the Health Insurance Portability and Accountability Act of 1996 (HIPAA), the Health Information Technology for Economic and Clinical Health Act (HITECH Act) and implementing regulations, the California Security Breach Notification Law, the California Confidentiality of Medical Information Act, other applicable federal and state privacy laws, and CalOptima's policies and procedures.

Principle	Standard
	Personnel Files Personal information contained in Employee personnel files shall be maintained in a manner designed to ensure confidentiality in accordance with applicable laws. **Proprietary Information** Subject to its obligations under the Public Records Act, CalOptima shall safeguard confidential proprietary information including, without limitation, contractor information and proprietary computer software, in accordance with and, to the extent required by, contract or law. CalOptima shall safeguard provider identification numbers including, without limitation, Medi-Cal license, Medicare numbers, social security numbers, and other identifying numbers.
Business Relationships Business transactions with vendors, contractors, and other third parties shall be conducted at arm's length in fact and in appearance, transacted free from improper inducements and in accordance with applicable law and ethical standards.	**Business Inducements** Board members, employees, and contractors shall not seek to gain advantage through improper use of payments, business courtesies, or other inducements. The offering, giving, soliciting, or receiving of any form of bribe or other improper payment is prohibited. Board members, employees, contractors and providers shall not use their positions to personally profit or assist others in profiting in any way at the expense of Federal and/or State health care programs, CalOptima, or CalOptima members. **Gifts to CalOptima** Board members and employees are specifically prohibited from soliciting and accepting personal gratuities, gifts, favors, services, entertainment, or any other things of value from any person or entity that furnishes items or services used, or that may be used, in CalOptima and its programs unless specifically permitted under CalOptima policies. Employees may not accept cash or cash equivalents. Perishable or consumable gifts given to a department or group are not subject to any specific limitation and business meetings at which a meal is served is not considered a prohibited business courtesy. **Provision of Gifts by CalOptima** Employees may provide gifts, entertainment or meals of nominal value to CalOptima's current and prospective business partners and other persons when such activities have a legitimate business purpose, are reasonable, and are otherwise consistent with applicable law and CalOptima policies on this subject. In addition to complying with statutory and regulatory requirements, it is critical to even avoid the appearance of impropriety when giving gifts to persons and entities that do business or are seeking to do business with CalOptima.

Principle	Standard
	Third-Party Sponsored Events CalOptima's joint participation in contractor, vendor, or other third-party sponsored events, educational programs and workshops is subject to compliance with applicable law, including gift of public fund requirements and fraud and abuse prohibitions, and must be approved in accordance with CalOptima policies on this subject. In no event, shall CalOptima participate in any joint contractor, vendor, or third party sponsored event where the intent of the other participant is to improperly influence, or gain unfair advantage from, CalOptima or its operations. Employees' attendance at contractor, vendor, or other third-party sponsored events, educational programs and workshops is generally permitted where there is a legitimate business purpose but is subject to prior approval in accordance with CalOptima policies. **Provision of Gifts to Government Agencies** Board members, employees, and contractors shall not offer or provide any money, gifts, or other things of value to any government entity or its representatives, except campaign contributions to elected officials in accordance with applicable campaign contribution laws. **Broad Application of Standards** CalOptima intends that these standards be construed broadly to avoid even the appearance of improper activity.
Conflicts of Interests Board members and employees owe a duty of undivided and unqualified loyalty to CalOptima.	**Conflict of Interest Code** Designated employees, including Board members, shall comply with the requirements of the CalOptima Conflict of Interest Code and applicable laws. Board members and employees are expected to conduct their activities to avoid impropriety and/or the appearance of impropriety, which might arise from the influence of those activities on business decisions of CalOptima, or from disclosure of CalOptima's business operations. **Outside Services and Interests** Without the prior written approval of the Chief Executive Officer (or in the case of the Chief Executive Officer, the Chair of the CalOptima Board of Directors), no employee shall (1) perform work or render services for any contractor, association of contractors or other organizations with which CalOptima does business or which seek to do business with CalOptima, (2) be a director, officer, or consultant of any contractor or association of contractors; or (3) permit his or her name to be used in any fashion that would tend to indicate a business connection with any contractor or association of contractors.

Principle	Standard
Discrimination CalOptima acknowledges that fair and equitable treatment of employees, members, providers, and other persons is fundamental to fulfilling its mission and goals.	**No Discrimination** CalOptima is committed to compliance with applicable anti-discrimination laws including Title VI of the Civil Right Act of 1964. Board members, employees and contractors shall not unlawfully discriminate on the basis of race, color, national origin, creed, ancestry, religion, language, age, marital status, gender (which includes sex, gender identity, and gender expression), sexual orientation, health status, physical or mental disability, or any other classification protected by law. CalOptima is committed to providing a work environment free from discrimination and harassment based on any classification noted above. **Reassignment** CalOptima, physician groups, and health networks shall not reassign members in a discriminatory manner, including based on the enrollee's health status.
Participation Status CalOptima requires that employees, contractors, providers, and suppliers meet Government requirements for participation in CalOptima's programs.	**Federal and State Health Care Program Participation Status** Board members, employees, and contractors shall not be currently suspended, terminated, debarred, or otherwise ineligible to participate in any Federal or State health care program, including the Medi-Cal program and Medicare programs. **CalOptima Screening** CalOptima will monitor the participation status of employees, individuals and entities doing business with CalOptima by conducting regular exclusion and preclusion screening reviews in accordance with CalOptima policies. **Disclosure of Participation Status** Board members, employees and contractors shall disclose to CalOptima whether they are currently suspended, terminated, debarred, or otherwise ineligible to participate in any Federal and/or State health care program. Employees, individuals, and entities that do business with CalOptima shall disclose to CalOptima any pending investigation, disciplinary action, or other matter that could potentially result in their exclusion or preclusion from participation in any Federal or State health care program. **Delegated Third Party Administrator Review** CalOptima requires that its health networks, physician groups, and third-party administrators review participating providers and suppliers for licensure and participation status as part of the delegated credentialing and recredentialing processes when such obligations have been delegated to them.

Principle	Standard
	Licensure CalOptima requires that all employees, contractors, health networks, participating providers, and suppliers who are required to be licensed, credentialed, certified, and/or registered in order to furnish items or services to CalOptima and its members have valid and current licensure, credentials, certification and/or registration, as applicable.
Government Inquiries/Legal Disputes Employees shall notify CalOptima upon receipt of Government inquiries and shall not destroy or alter documents in response to a government request for documents or information.	**Notification of Government Inquiry** Employees shall notify the Compliance Officer and/or their supervisor immediately upon the receipt (at work or at home) of an inquiry, subpoena, or other agency or government requests for information regarding CalOptima. **No Destruction of Documents** Employees shall not destroy or alter CalOptima information or documents in anticipation of, or in response to, a request for documents by any governmental agency or from a court of competent jurisdiction. **Preservation of Documents Including Electronically Stored Information** Board members and employees shall comply with all obligations to preserve documents, data, and records including, electronically stored information in accordance with CalOptima policies and shall comply with instructions on preservation of information and prohibitions and destruction of information issued by legal counsel.
Compliance Program Reporting Board members, employees, and contractors have a duty to comply with CalOptima's Compliance Program and such duty shall be a condition of their respective appointment, employment, or engagement.	**Reporting Requirements** All Board members, employees and contractors are expected and required to promptly report suspected violations of any statute, regulation, or guideline applicable to Federal and/or State health care programs or of CalOptima's own policies in accordance with CalOptima's reporting policies and its Compliance Plan. Such reports may be made to a supervisor or the Compliance Officer. Reports can also be made to CalOptima's hotline number below. Persons making reports to the hotline can do so on an anonymous basis. **Compliance and Ethics Hotline: 877-837-4417** **Disciplinary Action** Failure to comply with the Compliance Program, including the Code of Conduct, policies, and/or applicable statutes, regulations and guidelines may lead to disciplinary action. Discipline for failure to abide by the Code of Conduct may, in CalOptima's

Principle	Standard
	discretion, range from oral correction to termination in accordance with CalOptima's policies. In addition, failure to comply may result in the imposition of civil, criminal, or administrative fines on the individual, or entity, and CalOptima or exclusion or preclusion from participation in Federal and/or State health care programs. **Training and Education** CalOptima provides training and education to Board members, employees and FDRs. Timely completion of compliance and HIPAA training is mandatory for all CalOptima employees. **No-Retaliation Policy** CalOptima prohibits retaliation against any individual who reports discrimination, harassment, or compliance concerns, or participates in an investigation of such reports. Employees involved in any retaliatory acts may be subject to discipline, up to and including termination of employment. **Referrals of FWA to Government Agencies** CalOptima is obligated to coordinate compliance activities with federal and state regulators. Employees shall comply with CalOptima policies related to FWA referral requirements to federal and state regulators, delegated program integrity contractors, and law enforcement agencies. **Certification** All Board members, employees, and contractors are required to certify, in writing, that they have received, read, understand and will abide by the Code of Conduct and applicable policies.

1

Appendix B

TYPES OF MEMBER FWA

MEMBER FRAUD, WASTE OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
M01	Using another individual's identity or documentation of Medi-Cal eligibility to obtain covered services.	Members with multiple areas of service; members who attempt more than one (1) PCP; reports of members who are hiding assets or income.
M02	Selling, loaning, or giving a member's identity or documentation of Medi-Cal eligibility to obtain services.	Members with multiple areas of service; members who attempt more than one (1) PCP; reports of members who are hiding assets or income.
M03	Making an unsubstantiated declaration of eligibility.	Members with multiple areas of service; members who attempt more than one (1) PCP; reports of members who are hiding assets or income.
M04	Using a covered service for purposes other than the purpose for which it was described including use of such covered service.	Selling a covered wheelchair; selling medications; abusing prescription medications.
M05	Failing to report other health coverage.	Payments by OHI.
M06	Soliciting or receiving a kickback, bribe, or rebate as an inducement to receive or not receive covered services.	Hotline reports; internal reports; reports by health networks.
M07	Other (please specify).	Any source.
M08	Member Pharmacy Utilization	PBM reports; data analytics; claims data; encounter data; FWA software.
M09	Doctor Shopping	PBM reports; data analytics; claims data; encounter data; FWA software.
M10	Altered Prescription	Provider report; DEA report; pharmacy report; PBM reports; data analytics; claims data; encounter data; FWA software.

Back to Agenda

Appendix C

TYPES OF FDR FWA

FDR FRAUD, WASTE OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
P01	Unsubstantiated declaration of eligibility to participate in the CalOptima program.	Provider information not able to be verified during credentialing or contracting process; providers on the excluded or precluded provider list.
P02	Submission of claims for covered services that are substantially and demonstrably in excess of any individual's usual charges for such covered services.	PBM reports; data analytics; claims data; encounter data; FWA software.
P03	Submission of claims for covered services that are not actually provided to the member for which the claim is submitted.	PBM reports; data analytics; claims data; encounter data; FWA software; verification survey; hotline.
P04	Submission of claims for covered services that are in excess of the quantity that is medically necessary.	PBM reports; data analytics; claims data; encounter data; FWA software.
P05	Submission of claims for covered services that are billed using a code that would result in great payment than the code that reflects the covered services.	PBM reports; data analytics; claims data; encounter data; FWA software.
P06	Submission of claims for covered services that is already included in the capitation rate.	PBM reports; data analytics; claims data; encounter data; FWA software.
P07	Submission of claims for covered services that are submitted for payment to both CalOptima and another third-party payer without full disclosure.	PBM reports; data analytics; claims data; encounter data; FWA software; payment by OHI.
P08	Charging a member in excess of allowable co-payments and deductibles for covered services.	Member report; hotline report; oversight audits.
P09	Billing a member for covered services without obtaining written consent to bill for such services.	Member report; hotline report; oversight audits.
P10	Failure to disclose conflict of interest.	Hotline; credentialing or contracting process.
P11	Receiving, soliciting, or offering a kickback, bribe, or rebate to refer or fail to refer a member.	Hotline report; oversight report.

P12	Failure to register billing intermediary with the Department of Health Care Services.	Oversight audit; report by regulatory body; hotline.
FDR FRAUD, WASTE OR PROGRAM ABUSE		**DETECTION CRITERIA Including but not limited to:**
P13	False certification of medical necessity.	Medical record review; claims data; encounter data; FWA software.
P14	Attributing a diagnosis code to a member that does not reflect the member's medical condition for the purpose of obtaining higher reimbursement.	Medical record review; claims data; encounter data; FWA software.
P15	False or inaccurate minimum standards or credentialing information.	Hotline; credentialing or contracting process.
P16	Submitting reports that contain unsubstantiated data, data that is inconsistent with records, or has been altered in a manner that is inconsistent with policies, contracts, statutes, or regulations.	Medical record review; claims data; encounter data; FWA software.
P17	Other (please specify).	Any source.
P18	Provider Pharmacy Utilization.	PBM reports; data analytics; claims data; encounter data; FWA software.
P19	Billing Medi-Cal member for services.	Member report; hotline report; oversight audits.
P20	Durable Medical Equipment- covered services that are not actually provided to member.	Member report; hotline report; oversight audits; verification survey.

Appendix D

TYPES OF EMPLOYEE FWA

EMPLOYEE FRAUD OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
E01	Use of a member's identity or documentation of Medi-Cal eligibility to obtain services.	Employees obtaining services on a member's account. Hotline report. Data analytics. Referrals to SIU.
E02	Use of a member's identity or documentation of Medi-Cal eligibility to obtain a gain.	Employees obtaining unjust enrichment, funds, or other gain by selling member's account information. Hotline report.
E03	Employee assistance to providers with the submission of claims for covered services that are not actually provided to the member for which the claim is submitted.	Employees obtaining unjust enrichment, funds, or other gain from provider by using member's account information to assist in the submission of false claims. Hotline report. Referrals to SIU.
E04	Employee deceptively accessing company confidential information for purpose of a gain.	Employees obtaining unjust enrichment, funds, or other gain from another by deceptive and unauthorized accessing of information. Hotline Service. Data Analytics. Referrals to SIU.

E. GLOSSARY

Abuse ("Abuse") means actions that may, directly or indirectly, result in: unnecessary costs to a CalOptima program, improper payment, payment for services that fail to meet professionally recognized standards of care, or services that are medically unnecessary. Abuse involves payment for items or services when there is no legal entitlement to that payment and the provider has not knowingly and/or intentionally misrepresented facts to obtain payment. Abuse cannot be differentiated categorically from fraud, because the distinction between "fraud" and "abuse" depends on specific facts and circumstances, intent and prior knowledge, and available evidence, among other factors.

Audit ("Audit" or "Auditing") means a formal, systematic, and disciplined approach designed to review, evaluate, and improve the effectiveness of processes and related controls using a particular set of standards (e.g., policies and procedures, laws, and regulations) used as base measures. Auditing is governed by professional standards and completed by individuals independent of the process being audited and normally performed by individuals with one (1) of several acknowledged certifications.

Audit & Oversight Committee ("AOC") means a subcommittee of the Compliance Committee chaired by the Director of Audit & Oversight to oversee CalOptima's delegated functions. The composition of the AOC includes representatives from CalOptima's departments as provided for in CalOptima Policy HH.4001Δ: Audit & Oversight Committee.

Board Members ("Board Members") means the members of the CalOptima Board of Directors.

CalOptima ("CalOptima") means the Orange County Health Authority, d.b.a. CalOptima, a County Organized Health System ("COHS") created under California Welfare and Institutions Code Section 14087.54 and Orange County Ordinance No. 3896, as amended.

CalOptima Board of Directors ("CalOptima Board") means the Board of Directors of CalOptima, which serves as the Governing Body of CalOptima, appointed by the Orange County Board of Supervisors in accordance with the Codified Ordinances of the County of Orange.

CalOptima Members ("CalOptima Members" or "Members") means a beneficiary who is enrolled in a CalOptima program.

CalOptima Programs ("CalOptima Programs") means the Medi-Cal program administered by CalOptima under contract with DHCS, the Medicare Advantage Program ("OneCare") administered by CalOptima under contract with CMS, the Program of All Inclusive Services for the Elderly ("PACE") program administered by CalOptima under contract with DHCS and CMS, the Multipurpose Senior Services Program ("MSSP") administered by CalOptima under contract with the California Department of Aging, and the OneCare Connect program administered by CalOptima under contract with DHCS and CMS, as well as any other program now or in the future administered by CalOptima.

Centers for Medicare & Medicaid Services ("CMS") means the federal agency within the United States Department of Health and Human Services (DHHS) that administers the Federal Medicare program and works in partnership with state governments to administer Medicaid programs.

Code of Conduct ("Code of Conduct") means the statement setting forth the principles and standards governing CalOptima's activities to which Board Members, employees, FDRs, and agents of CalOptima are expected to adhere.

Compliance Committee ("Compliance Committee") means that committee designated by the Chief Executive Officer (CEO) to implement and oversee the Compliance Program and to participate in carrying out the provisions of this Compliance Plan. The composition of the Compliance Committee shall consist of **Executive Staff** that may include, but is not limited to, the: Chief Executive Officer; Chief Medical Officer; Chief Operating Officer; Chief Financial Officer; Compliance Officer; and Executive Director of Human Resources.

Compliance Plan ("Compliance Plan") means this plan and all attachments, exhibits, modifications, supplements, or amendments thereto.

Compliance Program ("Compliance Program" or "Program") means the program (including, without limitation, this Compliance Plan, Code of Conduct and policies and procedures) developed and adopted by CalOptima to promote, monitor and ensure that CalOptima's operations and practices and the practices of its Board Members, employees and FDRs comply with applicable law and ethical standards.

Compliance Risk Assessment ("CRA") A tool utilized to stratify level of risk (high, medium, low) based upon audit results and corrective actions issued to identify specific CalOptima functional areas vulnerable to potential Compliance risk.

Conflict of Interest Code ("Conflict of Interest Code") means CalOptima's Conflict of Interest Code approved and adopted on December 6, 1994, as amended and updated from time to time.

Corrective Action Plan ("CAP") means a plan delineating specific identifiable activities or undertakings that address and are designed to correct program deficiencies or problems identified by formal audits or monitoring activities by CalOptima, the Centers of Medicare & Medicaid Services (CMS), Department of Health Care Services (DHCS), or designated representatives. FDRs and/or CalOptima departments may be required to complete CAPs to ensure compliance with statutory, regulatory, or contractual obligations and any other requirements identified by CalOptima and its regulators.

Delegation ("Delegated") means a legal assignment to another party of the authority for particular functions, tasks, and decisions on behalf of the original party. The original party remains liable for compliance and fulfillment of any and all rules, requirements, and obligations pertaining to the delegated functions.

Department of Health and Human Services-Office of Inspector General ("OIG") means the Office of Inspector General of the United States Department of Health and Human Services.

Department of Health Care Services ("DHCS") means the California Department of Health Care Services, the State agency that oversees California's Medicaid program, known as Medi-Cal.

Department of Managed Health Care ("DMHC") means the California Department of Managed Health Care that oversees California's managed care system. DMHC regulates health maintenance

organizations licensed under the Knox-Keene Act, Health & Safety Code Sections 1340 *et seq*.

Designated Employee ("Designated Employee") means the persons holding positions listed in the Appendix to the CalOptima Conflict of Interest Code.

Designee ("Designee") is a person selected or designated to carry out a duty or role. The assigned designee is required to be in management or hold the appropriate qualifications or certifications related to the duty or role.

Downstream Entity ("Downstream Entity") means any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima program benefit, below the level of the arrangement between CalOptima and a first-tier entity. These written arrangements continue down to the level of the ultimate provider of both health and administrative services.

Employee or **Employees** ("Employee" or "Employees") means any and all employees of CalOptima, including all Executive Staff, Management, officers, managers, supervisors and other employed personnel, as well as temporary employees and volunteers.

Exclusion ("Exclusion" or "Excluded") means suspension, exclusion, or debarment from participation in Federal and/or state health care programs.

Executive Director of Compliance ("Executive Director of Compliance" or "Compliance Officer") means that person designated as the Compliance Officer for CalOptima charged with the responsibility of implementing and overseeing the Compliance Program and the Compliance Plan and Fraud, Waste, and Abuse Plan.

Executive Staff ("Executive Staff") means an employee whose position title is Chief, or Executive Director of one (1) or more departments.

False Claims Act ("FCA") means the False Claims Act pursuant to 31 United States Code [U.S.C.] Sections 3729-3733, which protects the Government from being overcharged or sold substandard goods or services. The FCA imposes civil liability on any person who knowingly submits, or causes to be submitted, a false or fraudulent claim to the Federal Government. The "knowing" standard includes acting in deliberate ignorance or reckless disregard of the truth related to the claim. Civil penalties for violating the FCA may include fines and up to three (3) times the amount of damages sustained by the Government as a result of the false claims. There also are criminal penalties for submitting false claims, which may include fines, imprisonment, or both. (18 U.S.C. Section 287.)

FDR ("FDR") means First Tier, Downstream or Related Entity, as separately defined herein.

Federal and/or State Health Care Programs ("Federal and/or State Health Care Programs") means "any plan or program providing health care benefits, directly through insurance or otherwise, that is funded directly, in whole or in part, by the United States Government (other than the Federal Employees Health Benefits Program), including Medicare, or any State health care program" as defined in 42 U.S.C. § 1320a-7b (f) including the California Medicaid program, Medi-Cal.

First Tier Entity ("First Tier Entity") means any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care

services to a member under a CalOptima program.

Fraud ("Fraud") means knowingly and willfully executing, or attempting to execute, a scheme or artifice to defraud any health care benefit program or to obtain (by means of false or fraudulent pretenses, representations, or promises) any of the money or property owned by, or under the custody or control of, any health care benefit program. (18 U.S.C. § 1347.)

General Services Administration ("GSA") **System for Award Management** ("SAM") is a type of federal government exclusion database and contains the list of Excluded Parties List System (GSA-EPLS). The EPLS consists of federal contractors who have been debarred, sanctioned, or excluded due to government contract issues or fraud. The database is updated usually on a monthly basis.

Governing Body ("Governing Body") means the Board of Directors of CalOptima.

Health Network ("Health Network" or "Health Networks") means the contracted health networks of CalOptima, including Physician Hospital Consortia ("PHCs"), Shared Risk Medical Groups ("SRGs"), and Health Maintenance Organizations ("HMOs").

Health Insurance Portability and Accountability Act ("HIPAA") means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, enacted on August 21, 1996. Sections 261 through 264 of HIPAA require the Secretary of the U.S. Department of Health and Human Services to publicize standards for the electronic exchange, privacy and security of health information, as amended.

Immediate Corrective Action Plan ("ICAP") means the result of non-compliance with specific requirements that has the potential to cause significant Member harm. Significant Member harm exists if the noncompliance resulted in the failure to provide medical services or prescription drugs, causing financial distress, or posing a threat to Member's health and safety due to non-existent or inadequate policies and procedures, systems, operations or staffing.

Management ("Management") means any employee whose position title is Director, Senior Manager, Manager, or Supervisor of one (1) or more departments.

Medi-Cal Suspended & Ineligible ("S&I") **Provider List** is a list of suspended and ineligible providers that is maintained by DHCS in the Medi-Cal Provider Manual. The list is updated monthly and available online and in print from DHCS.

Medicare Secondary Payer (MSP) Vendor means third-party vendors contracted to perform administrative functions with regards to the identification and recovery of monies owed to OneCare or OneCare Connect for recoupment of conditional payments. These administrative duties include, but are not limited to, the pursuit of repayments for third party liabilities and other health care coverage.

Monitoring Activities ("Monitoring") means regular reviews directed by management and performed as part of normal operations to confirm ongoing compliance and to ensure that corrective actions are undertaken and effective.

Multipurpose Senior Services Program ("MSSP") is a program approved under the federal Medicaid Home and Community-Based, 1915 (c) Waiver designed to prevent premature

institutionalization through provision of comprehensive social and health care management to assist frail elder person who are certifiable for placement in a nursing facility, to remain safely at home at a cost lower than nursing facility care.

National Committee for Quality Assurance Standards for Accreditation of MCOs ("NCQA Standards") means the written standards for accreditation of managed care organizations published by the National Committee for Quality Assurance.

Office of Inspector General List of Excluded Individuals and Entities ("**OIG LEIE"**) is an exclusion list and contains individuals and/or entities that have been excluded from participation in federal healthcare programs such as Medicare and Medicaid. This list is usually updated on a monthly basis.

OneCare ("OneCare") is a Medicare Advantage Health Maintenance Organization (HMO) plan offered by CalOptima to provide Medicare covered benefits to Members.

OneCare Connect ("OneCare Connect") is a Medicare-Medicaid health plan offered by CalOptima that contracts with both Medicare and Medi-Cal to provide covered benefits of both programs to Members.

Overpayment ("Overpayment") means a payment disbursed in excess of amounts properly payable under Medicare and Medi-Cal statutes and regulations.

Participating Providers and Suppliers ("Participating Providers and Suppliers") include all health care providers and suppliers (e.g., physicians, mid-level practitioners, hospitals, long term care facilities, pharmacies, etc.) that receive reimbursement from CalOptima or its health networks for items or services furnished to members. Participating providers and suppliers for purposes of this Compliance Plan may or may not be contracted with CalOptima and/or the health networks.

Participation Status ("Participation Status") means whether a person or entity is currently suspended, excluded, precluded, or otherwise ineligible to participate in Federal and/or State health care programs as provided in CalOptima policies and procedures.

Participation Status Review ("Participation Status Review") means the process by which CalOptima reviews its Board Members, employees, FDRs, and CalOptima Direct providers to determine whether they are currently suspended, excluded, precluded, or otherwise ineligible to participate in Federal and/or State health care programs.

Personally Identifiable Information ("PII") means any information about an individual maintained by an agency, including (1) any information that can be used to distinguish or trace an individual's identity, such as name, social security number, date and place of birth, mother's maiden name, or biometric records; and (2) any other information that is linked or linkable to an individual, such as medical, educational, financial, and employment information.

Pharmacy Benefit Manager ("PBM") means an entity that provides pharmacy benefit management services, including contracting with a network of pharmacies; establishing payment levels for network pharmacies; negotiating rebate arrangements; developing and managing formularies, preferred drug lists, and prior authorization programs; maintaining patient compliance programs; performing drug utilization review; and operating disease management programs.

Policies and Procedures ("Policies and Procedures") means CalOptima's written policies and procedures regarding the operation of CalOptima's Compliance Program, including applicable Human Resources policies, outlining CalOptima's requirements and standards in compliance with applicable law.

Program of All-Inclusive Care for the Elderly ("PACE") is a long-term comprehensive health care program that helps older adults to remain as independent as possible. PACE coordinates and provides all needed preventive, primary, acute and long-term care services so seniors can continue living in their community.

Preclusion ("Precluded" or "Preclusion List") is a type of exclusion. The CMS Preclusion List is a list of Providers and prescribers who are precluded from receiving payment for Medicare Advantage (MA) items and services or Part D drugs furnished or prescribed to Medicare beneficiaries.

Protected Health Information ("PHI") refers to the 45 Code of Federal Regulations Section 160.103, including the following: individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium.

This information identifies the individual or there is reasonable basis to believe the information can be used to identify the individual. The information was created or received by CalOptima or Business Associates and relates to:

1. The past, present, or future physical or mental health or condition of a Member;
2. The provision of health care to a Member; or
3. Past, present, or future Payment for the provision of health care to a Member.

Regulatory Agencies ("Regulatory Agencies") include, but are not limited to: Centers for Medicare & Medicaid Services (CMS), Department of Health Care Services (DHCS), Department of Managed Health Care (DMHC), Health and Human Services Office of Inspector General (OIG), and the Office of Civil Rights (OCR).

Related Entity ("Related Entity") means any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.

Sanction ("Sanction") means an action taken by CalOptima, including, but not limited to, restrictions, limitations, monetary fines, termination, or a combination thereof, based on an FDR's or its agent's failure to comply with statutory, regulatory, contractual, and/or other requirements related to CalOptima programs.

Seniors and Persons with Disabilities ("SPD") means Medi-Cal beneficiaries who fall under specific Aged and Disabled Aid Codes as defined by the DHCS.

Sub-delegation ("Sub-delegation") means the process by which a first tier entity expressly grants, by formal agreement, to a downstream entity the authority to carry out one or more functions that would

otherwise be required to be performed by the first tier entity in order to meet its obligations under the delegation agreement.

Supervisor ("Supervisor" or "Manager") means an employee in a position representing CalOptima who has one (1) or more employees reporting directly to him or her. With respect to FDRs, the term "Supervisor" shall mean the CalOptima employee that is the designated liaison for that contractor.

Third-Party Administrator ("TPA") means a contractor that furnishes designated claims processing and other administrative services to CalOptima.

Waste ("Waste") means the overutilization of services, or other practices that, directly or indirectly, result in unnecessary costs to a CalOptima program. Waste is generally not considered to be caused by criminally negligent actions but rather the misuse of resources.

Attachment 3: Summary of Proposed Actions for Office of Compliance Policies and Procedures

Table 1: Revisions to the Office of Compliance Policies and Procedures

The following table lists the proposed revisions to the CalOptima Office of Compliance policies and procedures, by department.

Department	Policy	Policy Title	Summary of Change(s)	Reason for Change(s)
Audit & Oversight - External	**HH.4001Δ**	Audit & Oversight Committee	▪ Incorporated clarifying language stating that should an AOC voting member designee serve as a subject matter expert at an AOC meeting, the designee will not have voting rights unless pre-approved by the AOC chairs.	Annual review to incorporate revisions to align with the 2020 Compliance Plan and current operations
Audit & Oversight - Internal	**HH.4002**	CalOptima Internal Oversight	▪ Two components were added to the internal oversight responsibilities: data integrity reviews and validation reviews.	Annual review to incorporate revisions to align with the 2020 Compliance Plan and current operations
Fraud, Waste, Abuse – Special Investigations Unit	**HH.1105Δ**	Fraud, Waste, and Abuse Detection	▪ Added language to outline the existing process to identify fraud and abuse of controlled substances by members, prescribing providers, and pharmacies. ▪ Added tables to detail the types of fraud that may be committed by a member or a First Tier, Downstream or Related Entity (FDR).	Annual review to incorporate revisions to align with the 2020 Compliance Plan and current operations
Fraud, Waste, Abuse – Special Investigations Unit	**HH.1107Δ**	Fraud, Waste, and Abuse Investigation and Reporting	▪ Added reference to CalOptima Policy GG.1423: Medication Quality Assurance Program (revised in response to APL 19-012). ▪ Language incorporated into CalOptima Policy HH.1105Δ was removed to avoid redundancy.	Annual review to incorporate revisions to align with the 2020 Compliance Plan and current operations

Department	Policy	Policy Title	Summary of Change(s)	Reason for Change(s)
Fraud, Waste, Abuse – Special Investigations Unit	**HH.5000Δ**	Provider Overpayment Investigation and Determination	▪ Included language to detail that during an overpayment investigation, the Special Investigations Unit (SIU) team may conduct interviews or surveys to verify if services were rendered, or appropriately billed. ▪ Added time frames for obtaining medical records from providers during an overpayment investigation.	Annual review to incorporate revisions to align with the 2020 Compliance Plan and current operations
Privacy	**HH.3001Δ**	Member Access to Designated Record Set	▪ Added language detailing a member, or their personal representative's right to direct CalOptima to transmit Protected Health Information (PHI) directly to another entity. ▪ Included that the licensed health care professional involved in an appeal cannot be the same professional who made the original denial decision. ▪ Clarified that the Privacy Officer will consults with a licensed healthcare professional to determine appropriateness of member access to inspect or copy PHI from the Designated Record Set.	Annual review to incorporate revisions to align with the 2020 Compliance Plan and current operations
Privacy	**HH.3006Δ**	Tracking and Reporting Disclosures of Protected Health Information (PHI)	▪ Removed language detailing the components of the log maintained for accounting of disclosures and referenced the appropriate CalOptima policy.	Annual review to incorporate revisions to align with the 2020 Compliance Plan and current operations
Privacy	**HH.3015Δ**	Member Authorization for the Use and Disclosure of Protected Health Information (PHI)	▪ Included language referring to Office of Compliance's new form, 'Revocation of Authorization for Release of Protected Health Information.'	Annual review to incorporate revisions to align with the 2020 Compliance Plan and current operations

Department	Policy	Policy Title	Summary of Change(s)	Reason for Change(s)
Regulatory Affairs & Compliance	**HH.2005Δ**	Corrective Action Plan	▪ Revised language to allow flexibility for the Office of Compliance to issue an Immediate Corrective Action Plan (ICAP), when appropriate.	Annual review to incorporate revisions to align with the 2020 Compliance Plan and current operations
Regulatory Affairs & Compliance	**HH.2014Δ**	Compliance Program	▪ Attachment A: 2019 Compliance Plan was revised for 2020. ▪ Attachment B: FDR Compliance Attestation [Update 04/19]	Annual review to incorporate revisions to align with the 2020 Compliance Plan and current operations
Regulatory Affairs & Compliance	**HH.2021**Δ	Exclusion Monitoring	▪ Included appropriate references to non-contracted Providers throughout the policy. ▪ Revised grid outlining the responsible CalOptima department for verification of employee, FDR, or non-contracted provider, prior to contracting/hire/payment, and monthly thereafter. ▪ Added section detailing actions taken by CalOptima after discovery of preclusion.	Annual review to incorporate revisions to align with the 2020 Compliance Plan and current operations

Table 2: Office of Compliance Policies and Procedures: Non-substantive Revisions

The following table contains the proposed list of policies without substantive changes for the CalOptima Office of Compliance, by department.

Department	Policy	Policy Title	Summary of Change(s)	Reason for Change(s)
Audit & Oversight – External	**GG.1605**	Delegation and Oversight of Credentialing and Recredentialing Activities	▪ No substantive changes made since the 2018 annual review.	N/A
Audit & Oversight – External	**GG.1619**	Delegation Oversight	▪ No substantive changes made since the 2018 annual review.	N/A
Audit & Oversight – External	**HH.2015**	Health Network Claims Processing	▪ No substantive changes made since the 2018 annual review.	N/A
Audit & Oversight – External	**HH.2025**	Health Network Subdelegation and Subcontracting	▪ No substantive changes made since the 2018 annual review.	N/A

Department	Policy	Policy Title	Summary of Change(s)	Reason for Change(s)
Audit & Oversight – External	**HH.2026**	Claims Delegation and Oversight	▪ No substantive changes made since the 2018 annual review.	N/A
Audit & Oversight - External	**HH.2027**	Annual Risk Assessment (Delegate)	▪ No substantive changes made since the 2018 annual review.	N/A
Audit & Oversight - Internal	**HH.4003**	Annual Risk Assessment	▪ No substantive changes made since the 2018 annual review.	N/A
Fraud, Waste, Abuse – Special Investigations Unit	**HH.5004Δ**	False Claims Act Education	▪ No substantive changes made since the 2018 annual review.	N/A
Privacy	**HH.3000Δ**	Notice of Privacy Practices	▪ No substantive changes made since the 2018 annual review.	N/A
Privacy	**HH.3002Δ**	Minimum Necessary Uses and Disclosure of Protected Health Information (PHI) and Document Controls	▪ No substantive changes made since the 2018 annual review.	N/A
Privacy	**HH.3003Δ**	Verification of Identity for Disclosure of Protected Health Information	▪ No substantive changes made since the 2018 annual review.	N/A
Privacy	**HH.3004Δ**	Member Request to Amend Records	▪ No substantive changes made since the 2018 annual review.	N/A
Privacy	**HH.3005Δ**	Member Request for Accounting of Disclosures	▪ No substantive changes made since the 2018 annual review.	N/A
Privacy	**HH.3007Δ**	Member Rights to Request Restrictions on Use and Disclosure of Protected Health Information (PHI)	▪ No substantive changes made since the 2018 annual review.	N/A
Privacy	**HH.3008Δ**	Member Right to Request Confidential Communications	▪ No substantive changes made since the 2018 annual review.	N/A
Privacy	**HH.3009Δ**	Access by Member's Authorized Representative	▪ No substantive changes made since the 2018 annual review.	N/A
Privacy	**HH.3010Δ**	Protected Health Information (PHI) Disclosures Required by Law	▪ No substantive changes made since the 2018 annual review.	N/A
Privacy	**HH.3011Δ**	Use and Disclosure of PHI for Treatment, Payment, and Health Care Operations	▪ No substantive changes made since the 2018 annual review.	N/A
Privacy	**HH.3014Δ**	Use of Electronic Mail with Protected Health Information (PHI)	▪ No substantive changes made since the 2018 annual review.	N/A

Department	Policy	Policy Title	Summary of Change(s)	Reason for Change(s)
Privacy	**HH.3016Δ**	Guidelines for Handling Protected Health Information (PHI) Offsite	▪ No substantive changes made since the 2018 annual review.	N/A
Privacy	**HH.3019Δ**	De-identification of Protected Health Information (PHI)	▪ No substantive changes made since the 2018 annual review.	N/A
Privacy	**HH.3020Δ**	Reporting and Providing Notice of Security Incidents, Breaches of Unsecured PHI/PI, or Other Unauthorized Use or Disclosure of PHI/PI	▪ No substantive changes made since the 2018 annual review.	N/A
Regulatory Affairs & Compliance	**HH.2002Δ**	Sanctions	▪ No substantive changes made since the 2018 annual review.	N/A
Regulatory Affairs & Compliance	**HH.2007Δ**	Compliance Committee	▪ No substantive changes made since the 2018 annual review.	N/A
Regulatory Affairs & Compliance	**HH.2018Δ**	Compliance and Ethics Hotline	▪ No substantive changes made since the 2018 annual review.	N/A
Regulatory Affairs & Compliance	**HH.2019Δ**	Reporting Suspected or Actual Fraud, Waste, or Abuse (FWA) and Violations of Applicable Laws and Regulations and/or CalOptima Policies	▪ No substantive changes made since the 2018 annual review.	N/A
Regulatory Affairs & Compliance	**HH.2020Δ**	Conducting Compliance Investigations	▪ No substantive changes made since the 2018 annual review.	N/A
Regulatory Affairs & Compliance	**HH.2022Δ**	Record Retention and Access	▪ No substantive changes made since the 2018 annual review.	N/A
Regulatory Affairs & Compliance	**HH.2023Δ**	Compliance Training	▪ No substantive changes made since the 2018 annual review.	N/A
Regulatory Affairs & Compliance	**HH.2028Δ**	Code of Conduct	▪ No substantive changes made since the 2018 annual review.	N/A
Regulatory Affairs & Compliance	**HH.2029Δ**	Annual Compliance Program Effectiveness Audit	▪ No substantive changes made since the 2018 annual review.	N/A
Regulatory Affairs & Compliance	**HH.3012Δ**	Non-Retaliation for Reporting Violations	▪ No substantive changes made since the 2018 annual review.	N/A
Regulatory Affairs & Compliance	**MA.9124**	CMS Self-Disclosure	▪ No substantive changes made since the 2018 annual review.	N/A

~~*Board Approved Policy*~~

FOR 20191205BOD REVIEW

I. PURPOSE

This policy identifies the functions and responsibilities of the **Audit & Oversight Committee (AOC)** responsible for oversight of CalOptima's internal departments and its **First Tier, Downstream, and Related Entities (FDRs)**.

II. POLICY

A. Oversight of delegated and internal operations is critical to CalOptima, ~~as~~ this process is mandated by, state and federal~~, state, regulatory contracts,~~ laws and regulations, program contracts, and accreditation standards, and is necessary to ensure sound fiscal practices, prevent **Fraud**, **Waste,** and **Abuse**, and the provision of quality health care to CalOptima **Members**.

III. PROCEDURE

~~A. Audit & Oversight Committee (AOC) members shall include the following CalOptima staff, serving either on a permanent, or interim, basis:~~

~~1. Executive Director, Operations;~~

~~2. Executive Director, Network Management;~~

~~3. Chief Financial Officer;~~

~~4. Chief Medical Officer;~~

~~5. Medical Director, Behavioral Health;~~

~~6. Executive Director, Compliance; and~~

~~7. Director, Pharmacy Management.~~

~~B.~~A. The Directors of Audit & Oversight shall serve as the ~~chair~~chairs of the **Audit & Oversight Committee (AOC)**.

Back to Agenda

~~C.~~B. Each member of the **AOC** is a voting member. Voting **members** may appoint a **Designee**, ~~as~~when deemed appropriate. The **Designee** ~~shall~~may serve as a subject matter expert at the **AOC**~~.~~ meeting; however, the **Designee** will not have voting rights unless approved in advance by the chairs.

~~D.~~C. Establishment of Quorum

1. A quorum for the committee is based on majority. A quorum is required for **AOC** to take action on any agenda item.

~~2. There must be at least four (4) members, or their Designee of the AOC present, in addition to the chair, to establish a quorum.~~

~~3.~~2. In the absence of quorum, the meeting may proceed; however, any issues requiring a vote shall be deferred until the next regular meeting, or subject to an electronic vote.

~~E.~~D. CalOptima's **AOC** shall conduct the following activities:

1. Oversee the monitoring, auditing, and reporting processes for internal departments and identified **FDRs** including, but not limited to delegated **Health Networks**;

2. Provide oversight of internal departments and **FDRs** who perform applicable core administrative functions and/or health care services for any of CalOptima's programs by evaluating performance measures and audit findings;

3. Recommend sanctions upon ~~an~~ **FDRs** up to and including the revocation or termination of delegation if the delegated entity's performance is inadequate, in accordance with CalOptima Policy HH.2002Δ: Sanctions;

4. Assist CalOptima in ensuring **FDRs** and internal departments are in compliance with accreditation, contractual, and regulatory requirements for administering all CalOptima programs including Medi-Cal, OneCare, OneCare Connect, Program of All-Inclusive Care for the Elderly (PACE), Multipurpose Senior Services Program (MSSP), and any future programs in which CalOptima participates.

5. Establish clearly defined processes and criteria for the evaluation and categorization of internal departments, vendors, and delegated health care providers, as to the entity's qualification as an FDR and conduct such determinations on an ongoing basis.

6. Develop, or revise, reporting for internal departments and **FDRs** including, but not limited to, identifying the scope, frequency and nature of oversight monitoring and auditing, and recommendations related to **Corrective Action Plans (CAPs)**, in accordance with CalOptima Policy HH.2005Δ: Corrective Action Plan, and present such proposals to the **Compliance Committee** for review and approval.

~~F.~~E. All activities of the **AOC** shall be privileged and not subject to disclosure, with the exception of aggregated reporting results.

~~G.~~F. **AOC** Responsibilities:

FOR 2019 1205 BOD REVIEW

1. Oversight and Reporting

   a. Oversee the readiness assessment processes conducted by Audit & Oversight Department in conjunction with relevant operational departments;

      i. Review and approve findings or readiness assessment to evaluate an ~~FDRs~~**FDR's** ability to perform delegated functions.

   b. Report quarterly findings and recommendations related to Audit & Oversight activities to the **Compliance Committee** for corrective/remedial action;

   c. Conduct focused oversight reviews deemed necessary by the **AOC** to ensure that any deficiencies reported during the oversight of the **FDRs** and/or internal departments have been fully addressed; and

   d. Report and make recommendations to the **Compliance Committee** on a regular, but no less than quarterly basis. All **AOC** recommendations that potentially impact **Members'** access to covered services, or quality of care that requires prompt action, shall be referred immediately to CalOptima's **Compliance Committee**, as appropriate under the circumstances for review and action.

2. Audit & Oversight Work Plan

   a. In accordance with CalOptima Policy HH.4003Δ: Annual Risk Assessment (Internal) and CalOptima Policy HH.2027Δ: Annual Risk Assessment (Delegate), the Audit & Oversight Department will identify **First Tier Entities (FTEs)** and internal departments that pose the highest compliance risk and develop an annual Audit & Oversight work plan. Based upon a risk assessment that identifies the highest risk **FTEs**, which includes **FTE's** risk assessments, monitoring, and auditing of the **Downstream Entities** with which they contract, and internal departments, an annual Audit & Oversight work plan is created.

   b. ~~Include~~The Audit & Oversight work plan shall include activities identified in other Department Work ~~Plans in the Audit & Oversight Work Plan~~plans.

   c. The annual risk assessments and Audit & Oversight Work Plan shall also be presented to the **Compliance Committee** for review and approval.

3. Audit ~~and~~& Oversight Report

   a. Prepare a report, at least annually, of internal department and **FDR** oversight activities resulting from the Audit & Oversight Work Plan and other relevant ad hoc oversight activities including those related to risk assessments and/or arising from auditing activities (both internal and external).

   b. The report shall include recommendations related to changes and/or addition of oversight activities.

   c. The report shall be presented to the **Compliance Committee** for review and approval.

IX. GLOSSARY

Term	Definition
Abuse	Actions that may, directly or indirectly, result in: unnecessary costs to a CalOptima program, improper payment, payment for services that fail to meet professionally recognized standards of care, or services that are medically unnecessary. Abuse involves payment for items or services when there is no legal entitlement to that payment and the provider has not knowingly and/or intentionally misrepresented facts to obtain payment. Abuse cannot be differentiated categorically from fraud, because the distinction between "fraud" and "abuse" depends on specific facts and circumstances, intent and prior knowledge, and available evidence, among other factors.
Audit and Oversight Committee (AOC)	A subcommittee of the Compliance Committee co-chaired by the ~~Director~~two Directors of Audit and Oversight to oversee CalOptima's delegated functions. The composition of the AOC includes representatives from CalOptima's operational departments.
Compliance Committee	Committee designated by the Chief Executive Officer (CEO) to implement and oversee the Compliance Program and to participate in carrying out the provisions of the Compliance Plan. The composition of the Compliance Committee shall consist of senior management staff that may include, but is not limited to, the: Chief Executive Officer; Chief Medical Officer; Chief Operating Officer; Chief Financial Officer; Executive Director of Compliance; and Executive Director of Human Resources.
Corrective Action Plan	A plan delineating specific identifiable activities or undertakings that address and are designed to correct program deficiencies or problems identified by formal audits or monitoring activities by CalOptima, the Centers for Medicare & Medicaid Services (CMS), Department of Health Care Services, or designated representatives. FTEs, including the Downstream Entities with which they contract, and/or CalOptima departments may be required to complete CAPs to ensure compliance with statutory, regulatory, or contractual obligations and any other requirements identified by CalOptima and its regulators.
Designee	A person selected or designated to carry out a duty or role. The assigned designee is required to be in management or hold the appropriate qualifications or certifications related to the duty or role.
Downstream Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima program benefit, below the level of the arrangement between CalOptima and a first tier entity. These written arrangements continue down to the level of the ultimate provider of both health and administrative services.
First Tier, Downstream, and Related Entities (FDR)	First Tier, Downstream or Related Entity as separately defined herein.

FOR 2019 12/5 BOD REVIEW

Term	Definition
First Tier Entity (FTE)	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care services to a member under a CalOptima program.
Fraud	Knowingly and willfully executing, or attempting to execute, a scheme or artifice to defraud any health care benefit program or to obtain (by means of false or fraudulent pretenses, representations, or promises) any of the money or property owned by, or under the custody or control of, any health care benefit program. (18 U.S.C. Section 1347.)
Health Network	The contracted health networks of CalOptima, including Physician Hospital Consortia ("PHCs"), Shared Risk Medical Groups ("SRGs"), and Health Maintenance Organizations ("HMOs").
Member	An enrollee-beneficiary of a CalOptima program.
Related Entity	Any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.
Waste	Overutilization of services, or other practices that, directly or indirectly, result in unnecessary costs to a CalOptima program. Waste is generally not considered to be caused by criminally negligent actions but rather the misuse of resources.

FOR 20191205BOD REVIEW

I. PURPOSE

This policy identifies the functions and responsibilities of the **Audit & Oversight Committee (AOC)** responsible for oversight of CalOptima's internal departments and its **First Tier, Downstream, and Related Entities (FDRs)**.

II. POLICY

A. Oversight of delegated and internal operations is critical to CalOptima, this process is mandated by, state and federal laws and regulations, program contracts, and accreditation standards, and is necessary to ensure sound fiscal practices, prevent **Fraud**, **Waste,** and **Abuse**, and the provision of quality health care to CalOptima **Members**.

III. PROCEDURE

A. The Directors of Audit & Oversight shall serve as the chairs of the **Audit & Oversight Committee (AOC)**.

B. Each member of the **AOC** is a voting member. Voting **members** may appoint a **Designee**, when deemed appropriate. The **Designee** may serve as a subject matter expert at the **AOC** meeting; however, the **Designee** will not have voting rights unless approved in advance by the chairs.

C. Establishment of Quorum

1. A quorum for the committee is based on majority. A quorum is required for **AOC** to take action on any agenda item.

2. In the absence of quorum, the meeting may proceed; however, any issues requiring a vote shall be deferred until the next regular meeting, or subject to an electronic vote.

D. CalOptima's **AOC** shall conduct the following activities:

1. Oversee the monitoring, auditing, and reporting processes for internal departments and identified **FDRs** including, but not limited to delegated **Health Networks**;

Back to Agenda

2. Provide oversight of internal departments and **FDRs** who perform applicable core administrative functions and/or health care services for any of CalOptima's programs by evaluating performance measures and audit findings;

3. Recommend sanctions upon **FDRs** up to and including the revocation or termination of delegation if the delegated entity's performance is inadequate, in accordance with CalOptima Policy HH.2002Δ: Sanctions;

4. Assist CalOptima in ensuring **FDRs** and internal departments are in compliance with accreditation, contractual, and regulatory requirements for administering all CalOptima programs including Medi-Cal, OneCare, OneCare Connect, Program of All-Inclusive Care for the Elderly (PACE), Multipurpose Senior Services Program (MSSP), and any future programs in which CalOptima participates.

5. Establish clearly defined processes and criteria for the evaluation and categorization of internal departments, vendors, and delegated health care providers, as to the entity's qualification as an FDR and conduct such determinations on an ongoing basis.

6. Develop, or revise, reporting for internal departments and **FDRs** including, but not limited to, identifying the scope, frequency and nature of oversight monitoring and auditing, and recommendations related to **Corrective Action Plans (CAPs)**, in accordance with CalOptima Policy HH.2005Δ: Corrective Action Plan, and present such proposals to the **Compliance Committee** for review and approval.

E. All activities of the **AOC** shall be privileged and not subject to disclosure, with the exception of aggregated reporting results.

F. **AOC** Responsibilities:

1. Oversight and Reporting

a. Oversee the readiness assessment processes conducted by Audit & Oversight Department in conjunction with relevant operational departments;

i. Review and approve findings or readiness assessment to evaluate an **FDR's** ability to perform delegated functions.

b. Report quarterly findings and recommendations related to Audit & Oversight activities to the **Compliance Committee** for corrective/remedial action;

c. Conduct focused oversight reviews deemed necessary by the **AOC** to ensure that any deficiencies reported during the oversight of the **FDRs** and/or internal departments have been fully addressed; and

d. Report and make recommendations to the **Compliance Committee** on a regular, but no less than quarterly basis. All **AOC** recommendations that potentially impact **Members'** access to covered services, or quality of care that requires prompt action, shall be referred immediately to CalOptima's **Compliance Committee**, as appropriate under the circumstances for review and action.

2. Audit & Oversight Work Plan

FOR 20191205BOD REVIEW

a. In accordance with CalOptima Policy HH.4003Δ: Annual Risk Assessment (Internal) and CalOptima Policy HH.2027Δ: Annual Risk Assessment (Delegate), the Audit & Oversight Department will identify **First Tier Entities (FTEs)** and internal departments that pose the highest compliance risk and develop an annual Audit & Oversight work plan. Based upon a risk assessment that identifies the highest risk **FTEs**, which includes **FTE's** risk assessments, monitoring, and auditing of the **Downstream Entities** with which they contract, and internal departments, an annual Audit & Oversight work plan is created.

b. The Audit & Oversight work plan shall include activities identified in other Department Work plans.

c. The annual risk assessments and Audit & Oversight Work Plan shall also be presented to the **Compliance Committee** for review and approval.

3. Audit & Oversight Report

a. Prepare a report, at least annually, of internal department and **FDR** oversight activities resulting from the Audit & Oversight Work Plan and other relevant ad hoc oversight activities including those related to risk assessments and/or arising from auditing activities (both internal and external).

b. The report shall include recommendations related to changes and/or addition of oversight activities.

c. The report shall be presented to the **Compliance Committee** for review and approval.

4. **AOC** Meetings

a. The **AOC** shall meet at least monthly and may meet more frequently, as appropriate. The **AOC** chairs, or a quorum of the **AOC**, may call a meeting of the **AOC**. Annually, **AOC members** shall receive a calendar request of meetings for the following calendar year.

b. Committee-related information including, but not limited to, the following, shall be distributed to all meeting attendees prior to the **AOC** meeting:

i. Meeting agenda;

ii. Final draft of previous **AOC** minutes for approval;

iii. Listing of open action items; and

iv. Presentation items.

c. Activities of the **AOC**, to the extent not deemed privileged and confidential, shall be disclosable.

Effective Date:	12/01/16
~~Last Review Date:~~	~~12/06/18~~
~~Last~~ Revised Date:	~~12/06/18~~

~~*Board Approved Policy*~~

I. PURPOSE

This policy defines the process for internal **Monitoring*** and oversight of CalOptima to ensure compliance with statutory, regulatory, contractual, and CalOptima policy requirements.

II. POLICY

A. The Audit & Oversight Department shall establish protocols to ensure compliance risks are identified and conduct effective **Auditing** and **Monitoring** of internal department processes, and outcomes within CalOptima to ensure continuous improvement of **Member** care, administrative processes, and management.

B. The Audit & Oversight Department shall perform an annual risk assessment, as outlined in CalOptima Policy HH.4003: Annual Risk Assessment (Internal), and develop an annual **Internal Audit and Monitoring Work Plan**.

1. The risk assessment and **Internal Audit and Monitoring Work Plan** shall incorporate, at minimum, current Centers for Medicare & Medicaid Services (CMS) and **Department of Health Care Services (DHCS)** contractual and regulatory requirements, **Department of Managed Health Care (DMHC)** Technical Assistance Guides, CMS program audit process and protocols, **National Committee for Quality Assurance (NCQA)** standards, and any identified high-risk areas related to the CalOptima Medi-Cal, OneCare, OneCare Connect, and PACE programs.

C. Every CalOptima department identified on the **Internal Audit and Monitoring Work Plan** (hereinafter, the **Work Plan**) will be subject to **Audit** and/or routine **Monitoring**, and **Focused Reviews.**

D. The **Work Plan** shall identify the functional area(s) subject to **Audit** and describe the schedule of **Audits** to be conducted by the Audit & Oversight Department in the coming year. The **Work Plan** shall also identify specific functional areas that require continuous **Monitoring**.

E. The Audit & Oversight Department shall identify functional areas requiring improvement through internal **Audits** and **Monitoring** activities, risk assessments, or regulatory **Audits**, and shall **Monitor** performance to ensure performance meets applicable regulatory and industry standards. In the event **Monitoring** results reveal deficiencies, the internal department(s) will be subject to a **Focused Review.**

F. CalOptima shall continually assess a functional area's ability to perform functions through initial reviews, on-going **Monitoring**, performance reviews, and analysis of data and reports against industry, regulatory, and/or quality benchmarks, when available.

FOR 20191205BOD REVIEW

G. **Audits** of CalOptima's internal functional areas will be conducted, at minimum, annually by desktop review.

H. CalOptima's Audit & Oversight Department shall maintain documentation of Internal Oversight activities described herein.

I. The **Auditing** and **Monitoring** results shall be reported to the **Audit & Oversight Committee (AOC)**, and the **Compliance Committee** for review and recommendations. When appropriate, CalOptima's Regulatory Affairs & Compliance Department shall inform the CMS, **DHCS**, **DMHC**, National Benefit Integrity Medicare Drug Contractor (NBI MEDIC), or law enforcement of aberrant findings that may cause harm, or impact the delivery of care to CalOptima Members.

J. Failure by an internal department to respond accurately, timely, and in compliance with statutory, regulatory, contractual, CalOptima policies, or other requirements to CalOptima's Office of Compliance's **Immediate Corrective Action Plan (ICAP)** or **Corrective Action Plan (CAP)** request shall lead to further action, in accordance with CalOptima Policy HH.2005Δ: Corrective Action Plan.

III. PROCEDURE

A. CalOptima shall conduct activities in accordance with the terms and conditions of CalOptima regulatory requirements, CalOptima policies and procedures, CalOptima contracts with the CMS and/or the **DHCS**, **DMHC** Full Service Technical Assistance Guides, and **NCQA** Accreditation.

B. CalOptima shall provide Internal Oversight using, without limit, the following components:

1. Desktop reviews;

2. Focused and ad hoc reviews, and **Audits** and **Monitoring**;

3. Periodic reviews and **Audits**;

4. Data Integrity Review;

~~3.~~5. Validation Review; and

~~4.~~6. On-going **monitoring**.

C. Functional areas shall include, without limit:

1. Credentialing, recredentialing, and facility site review;

2. Utilization Management (e.g., program structure, workplan, committee composition, criteria, consistent application of criteria, adherence to established criteria of medical necessity, **Member** and provider notification, rates of admissions and readmissions, emergency room visits, under and over utilization, second opinions, expedited and standard review process, daily census for planned and unplanned admissions, screening **Members** admitted for potential transition of care issues, discharge planning, retrospective review, out-of-network process,

FOR 20191205BOD REVIEW

urgent care services, timeliness, clinical decisions, denial notices, and emergency services, structure~~);~~;);

3. Claims processing/adjudication and payment timeliness;

4. Provider disputes and claim appeals;

5. **Member** rights;

6. Customer service;

7. Exclusion monitoring oversight;

8. Care coordination;

9. Grievance and appeals;

10. Provider network adequacy;

11. Pharmacy;

12. Communication services, including but not limited to, cultural & linguistic services, and alternative formats;

13. Access and availability, including compliance with the Americans with Disabilities Act (ADA);

14. Systems utilized to carry out business functions; and

15. Reporting and **Monitoring**.

D. The Audit & Oversight Department shall develop comprehensive audit tools for Internal Oversight of the focus areas as described in Section III.C. of this Policy, in consultation with subject matter experts including CalOptima operational departments, Regulatory Affairs & Compliance, and Legal Affairs, as necessary. The Audit & Oversight Department shall review and update audit tools in collaboration with the respective subject matter experts annually, or more often, based upon regulatory, contractual, and accreditation changes.

E. Annual Audit Oversight Process

1. At least annually, the Audit & Oversight Department shall identify and schedule an **Audit** as a result of the annual risk assessment, focused **Audit** findings, deficient **Monitoring** results, **Fraud, Waste, and Abuse (FWA)**, or program **Audit** findings. **Internal Oversight Audits** are required annually and shall be conducted as desktop **Audits**.

2. The **Audit** will evaluate, at a minimum, performance with applicable statutes, regulations, and compliance with CalOptima policies and procedures.

3. Two (2) weeks prior to the scheduled **Audit**, the Audit & Oversight Department will send, via email, the CalOptima department management staff a notice confirming the date and scope of the **Audit**. The notice will include a description of any universes required, the **Audit** period, the

FOR 2019 1205BOD REVIEW

due date, method of delivery, and **Audit** format. The Audit & Oversight Department shall utilize industry standard **Audit** protocols and appropriate methods for **Auditing** with respect to tools, sample size, data mining, etc.

4. Upon receipt of the requested universe(s), the assigned Audit & Oversight auditor shall select a sample size, as determined by Audit & Oversight, that is appropriate for the type of **Audit** being conducted, such as:

   a. Processes considered to be high-risk and/or have potential **Member** harm;

   b. Compliance with CMS, **DHCS**, **DMHC**, and **NCQA**-mandated elements, or contractual obligations; and

   c. Areas identified as deficient in previous **Audits**.

5. If the minimum number of cases is not available in the universe the auditor may elect to expand the **Audit** period or request additional information, or documentation.

6. The Audit & Oversight auditor will notify the CalOptima department of samples selected and documentation required seven (7) calendar days prior to the **Audit** when provided in electronic format, or when sample files are supplied in alternate formats.

   a. The Audit & Oversight auditor shall review sample cases and functional areas shall submit samples and documentation electronically whenever possible.

   b. The Audit & Oversight auditor may, at his or her discretion, request additional materials during the review.

7. The **Audit** will include validation of documentation, including but not limited to CalOptima policies and procedures, training, reports, systems, and file review(s).

8. The Audit & Oversight ~~auditor~~Department shall discuss findings from the annual **Audit** with the respective CalOptima department and document such findings in an **Audit** findings report. If any CalOptima department receives a score of less than the established passing score for an individual **audit** element, the department will be required to develop a **Corrective Action Plan** in accordance with CalOptima Policy HH.2005Δ: Corrective Action Plan.

   a. The Audit & Oversight ~~auditor~~Department shall have ultimate responsibility for remediation, monitoring, and reporting of the **CAP** to the **AOC**. The Audit & Oversight ~~auditor~~Department shall report the findings of the audit, **CAPs**, if any, and the timeline for **CAP** remediation to the **AOC**.

9. **Audit** findings will be presented to the **AOC** by the Audit & Oversight Department for the respective functional area reviewed. The Audit & Oversight Department shall determine any follow up activities, process improvement, and/or additional review based on the recommendations of the Audit & Oversight auditor.

10. A department must resolve the elements of the **CAP** in accordance with CalOptima Policy HH.2005Δ: Corrective Action Plan.

FOR 20191205BOD REVIEW

11. In the event the elements of the **CAP** are not successfully completed ~~within ninety (90) calendar days~~in accordance with CalOptima Policy HH.2005Δ: Corrective Action Plan, the Director of Audit & Oversight shall report the **CAP** status to the **AOC** following the **CAP** period. ~~The AOC will review the outstanding CAP items to determine, at its discretion, whether the CAP deadline should be extended.~~

    a. The Audit & Oversight Department must demonstrate to the **AOC** the appropriateness for an extension and provide a detailed action plan to ensure that the items for correction are being addressed in a timely manner.

12. The Audit & Oversight Department shall determine whether ad hoc **audits**, reviews, and or other remediation or actions are necessary to resolve identified issues. Issues escalated will be reviewed by the Audit & Oversight Department, **AOC**, and the **Compliance Committee**, as applicable.

F. Ongoing Internal Oversight Process

1. The Audit & Oversight Department will conduct on-going Internal Oversight of the business areas outlined in Section III.C. of this policy based on the risk level determined during the annual risk assessment, and as outlined on the **Internal Audit and Monitoring Work Plan**.

2. Internal Dashboard Reporting: On a monthly basis, data shall be used to **Monitor** areas for processing timeliness and accuracy of business activities.

    a. The **AOC** shall Monitor dashboard results and may make recommendations for corrective action if performance falls below the standard defined by the **AOC**.

    b. If there is a consistent pattern of non-compliance, the Audit & Oversight Department shall conduct a **Focused Review.**

        i. If the results of the **Focused Review** are unfavorable, the auditor will escalate for further action. This includes, but is not limited to, reporting the issue up to **Compliance Committee** for disciplinary action and/or development of remediation plan.

G. **Corrective Action Plan**

1. If any area of deficiency or non-compliance is identified, including but not limited to, **Member** or **Provider Complaints**, readiness assessment reviews, regular reports, oversight reviews, and ongoing **Monitoring**, the Audit & Oversight Department will be required to issue a **CAP** request, in accordance with CalOptima Policy HH.2005Δ: Corrective Action Plan.

IX. GLOSSARY

Term	Definition
Abuse	Actions that may, directly or indirectly, result in: unnecessary costs to a CalOptima program, improper payment, payment for services that fail to meet professionally recognized standards of care, or services that are medically unnecessary. Abuse involves payment for items or services when there is no legal entitlement to that payment and the provider has not knowingly and/or intentionally misrepresented facts to obtain payment. Abuse cannot be differentiated categorically from fraud, because the distinction between "fraud" and "abuse" depends on specific facts and circumstances, intent and prior knowledge, and available evidence, among other factors.
Audit	A formal, systematic, and disciplined approach designed to review, evaluate, and improve the effectiveness of processes and related controls using a particular set of standards (e.g., policies and procedures, laws and regulations) used as base measures. Auditing is governed by professional standards and completed by individuals independent of the process being audited and normally performed by individuals with one of several acknowledged certifications.
Audit & Oversight Committee (AOC)	CalOptima's Audit & Oversight Committee (AOC) is a subcommittee of the Compliance Committee and is responsible for overseeing the delegated and internal activities of CalOptima.
Business Owner	CalOptima management and staff vested in the compliance of their respective CalOptima functional area in accordance with statutory, regulatory, contractual, and CalOptima policy requirements.
Compliance Committee	The committee designated by the Chief Executive Officer (CEO) to implement and oversee the Compliance Program and to participate in carrying out provisions of this Compliance Plan. The composition of the Compliance Committee shall consist of senior management staff that may include, but is not limited to, the: Chief Executive Officer; Chief Medical Officer; Chief Operating Officer; Chief Financial Officer; Compliance Officer; and Executive Director of Human Resources.
Corrective Action Plan (CAP)	A plan delineating specific identifiable activities or undertakings that address and are designed to correct program deficiencies or problems identified by formal audits or monitoring activities by CalOptima, the Centers for Medicare & Medicaid Services (CMS), Department of Health Care Services (DHCS), or designated representatives. FDRs and/or CalOptima departments may be required to complete CAPs to ensure compliance with statutory, regulatory, or contractual obligations and any other requirements identified by CalOptima and its regulators.
Department of Health Care Services (DHCS)	The California Department of Health Care Services, the State agency that oversees California's Medicaid program, known as Medi-Cal.
Department of Managed Health Care (DMHC)	The California Department of Managed Health Care that oversees California's managed care system. DMHC regulates health maintenance organizations licensed under the Knox-Keene Act, Health & Safety Code, Sections 1340 *et seq*.
Focused Review	An audit that specifically targets areas of potential deficiency.

FOR 2019 12/6 BOD REVIEW

Term	Definition
Fraud	Knowingly and willfully executing, or attempting to execute, a scheme or artifice to defraud any health care benefit program or to obtain (by means of false or fraudulent pretenses, representations, or promises) any of the money or property owned by, or under the custody or control of, any health care benefit program. (18 U.S.C. Section 1347.)
Immediate Corrective Action Plan (ICAP)	The result of non-compliance with specific requirements that has the potential to cause significant Member harm. Significant Member harm exists if the noncompliance resulted in the failure to provide medical services or prescription drugs, causing financial distress, or posing a threat to Member's health and safety due to non-existent or inadequate policies and procedures, systems, operations or staffing.
Internal Audit and Monitoring Work Plan	An outline of goals and objectives to define the audit scope for internal functional areas to ensure health plan compliance, as well as conduct on-going performance measurements to determine opportunities for improvement and/or the effectiveness of interventions.
Internal Oversight	The process by which CalOptima's Audit and Oversight Department conducts audits to monitor internal functional areas in accordance with regulatory, statutory, contractual, and CalOptima policy requirements to ensure health plan compliance.
Member	A beneficiary who is enrolled in a CalOptima Program.
Monitoring	Regular reviews directed by management and performed as part of normal operations to confirm ongoing compliance and to ensure that corrective actions are undertaken and effective.
National Committee for Quality Assurance (NCQA)	An independent, not-for-profit organization dedicated to assessing and reporting on the quality of managed care plans, managed behavioral healthcare organizations, preferred provider organizations, new health plans, physician organizations, credentials verification organizations, disease management programs and other health-related programs.
Waste	The overutilization of services, or other practices that, directly or indirectly, result in unnecessary costs to a CalOptima Program. Waste is generally not considered to be caused by criminally negligent actions but rather the misuse of resources.

Policy:	HH.4002
Title:	**CalOptima Internal Oversight**
Department:	Office of Compliance
Section:	Audit & Oversight
CEO Approval:	*Michael Schrader* _____
Effective Date:	12/01/16
Revised Date:	

FOR 20191205BOD REVIEW

I. PURPOSE

This policy defines the process for internal **Monitoring*** and oversight of CalOptima to ensure compliance with statutory, regulatory, contractual, and CalOptima policy requirements.

II. POLICY

A. The Audit & Oversight Department shall establish protocols to ensure compliance risks are identified and conduct effective **Auditing** and **Monitoring** of internal department processes, and outcomes within CalOptima to ensure continuous improvement of **Member** care, administrative processes, and management.

B. The Audit & Oversight Department shall perform an annual risk assessment, as outlined in CalOptima Policy HH.4003: Annual Risk Assessment (Internal), and develop an annual **Internal Audit and Monitoring Work Plan**.

1. The risk assessment and **Internal Audit and Monitoring Work Plan** shall incorporate, at minimum, current Centers for Medicare & Medicaid Services (CMS) and **Department of Health Care Services (DHCS)** contractual and regulatory requirements, **Department of Managed Health Care (DMHC)** Technical Assistance Guides, CMS program audit process and protocols, **National Committee for Quality Assurance (NCQA)** standards, and any identified high-risk areas related to the CalOptima Medi-Cal, OneCare, OneCare Connect, and PACE programs.

C. Every CalOptima department identified on the **Internal Audit and Monitoring Work Plan** (hereinafter, the **Work Plan**) will be subject to **Audit** and/or routine **Monitoring**, and **Focused Reviews.**

D. The **Work Plan** shall identify the functional area(s) subject to **Audit** and describe the schedule of **Audits** to be conducted by the Audit & Oversight Department in the coming year. The **Work Plan** shall also identify specific functional areas that require continuous **Monitoring**.

E. The Audit & Oversight Department shall identify functional areas requiring improvement through internal **Audits** and **Monitoring** activities, risk assessments, or regulatory **Audits**, and shall **Monitor** performance to ensure performance meets applicable regulatory and industry standards. In the event **Monitoring** results reveal deficiencies, the internal department(s) will be subject to a **Focused Review.**

F. CalOptima shall continually assess a functional area's ability to perform functions through initial reviews, on-going **Monitoring**, performance reviews, and analysis of data and reports against industry, regulatory, and/or quality benchmarks, when available.

* Terms in **bold** are defined in the Glossary

G. **Audits** of CalOptima's internal functional areas will be conducted, at minimum, annually by desktop review.

H. CalOptima's Audit & Oversight Department shall maintain documentation of Internal Oversight activities described herein.

I. The **Auditing** and **Monitoring** results shall be reported to the **Audit & Oversight Committee (AOC)**, and the **Compliance Committee** for review and recommendations. When appropriate, CalOptima's Regulatory Affairs & Compliance Department shall inform the CMS, **DHCS**, **DMHC**, National Benefit Integrity Medicare Drug Contractor (NBI MEDIC), or law enforcement of aberrant findings that may cause harm, or impact the delivery of care to CalOptima Members.

J. Failure by an internal department to respond accurately, timely, and in compliance with statutory, regulatory, contractual, CalOptima policies, or other requirements to CalOptima's Office of Compliance's **Immediate Corrective Action Plan (ICAP)** or **Corrective Action Plan (CAP)** request shall lead to further action, in accordance with CalOptima Policy HH.2005Δ: Corrective Action Plan.

III. PROCEDURE

A. CalOptima shall conduct activities in accordance with the terms and conditions of CalOptima regulatory requirements, CalOptima policies and procedures, CalOptima contracts with the CMS and/or the **DHCS**, **DMHC** Full Service Technical Assistance Guides, and **NCQA** Accreditation.

B. CalOptima shall provide Internal Oversight using, without limit, the following components:

1. Desktop reviews;

2. Focused and ad hoc reviews, and **Audits** and **Monitoring**;

3. Periodic reviews and **Audits**;

4. Data Integrity Review;

5. Validation Review; and

6. On-going **monitoring**.

C. Functional areas shall include, without limit:

1. Credentialing, recredentialing, and facility site review;

2. Utilization Management (e.g., program structure, workplan, committee composition, criteria, consistent application of criteria, adherence to established criteria of medical necessity, **Member** and provider notification, rates of admissions and readmissions, emergency room visits, under and over utilization, second opinions, expedited and standard review process, daily census for planned and unplanned admissions, screening **Members** admitted for potential transition of care issues, discharge planning, retrospective review, out-of-network process, urgent care services, timeliness, clinical decisions, denial notices, and emergency services, structure);

3. Claims processing/adjudication and payment timeliness;

FOR 20191205BOD REVIEW

4. Provider disputes and claim appeals;

5. **Member** rights;

6. Customer service;

7. Exclusion monitoring oversight;

8. Care coordination;

9. Grievance and appeals;

10. Provider network adequacy;

11. Pharmacy;

12. Communication services, including but not limited to, cultural & linguistic services, and alternative formats;

13. Access and availability, including compliance with the Americans with Disabilities Act (ADA);

14. Systems utilized to carry out business functions; and

15. Reporting and **Monitoring**.

D. The Audit & Oversight Department shall develop comprehensive audit tools for Internal Oversight of the focus areas as described in Section III.C. of this Policy, in consultation with subject matter experts including CalOptima operational departments, Regulatory Affairs & Compliance, and Legal Affairs, as necessary. The Audit & Oversight Department shall review and update audit tools in collaboration with the respective subject matter experts annually, or more often, based upon regulatory, contractual, and accreditation changes.

E. Annual Audit Oversight Process

1. At least annually, the Audit & Oversight Department shall identify and schedule an **Audit** as a result of the annual risk assessment, focused **Audit** findings, deficient **Monitoring** results, **Fraud, Waste, and Abuse (FWA)**, or program **Audit** findings. **Internal Oversight Audits** are required annually and shall be conducted as desktop **Audits**.

2. The **Audit** will evaluate, at a minimum, performance with applicable statutes, regulations, and compliance with CalOptima policies and procedures.

3. Two (2) weeks prior to the scheduled **Audit**, the Audit & Oversight Department will send, via email, the CalOptima department management staff a notice confirming the date and scope of the **Audit**. The notice will include a description of any universes required, the **Audit** period, the due date, method of delivery, and **Audit** format. The Audit & Oversight Department shall utilize industry standard **Audit** protocols and appropriate methods for **Auditing** with respect to tools, sample size, data mining, etc.

4. Upon receipt of the requested universe(s), the assigned Audit & Oversight auditor shall select a sample size, as determined by Audit & Oversight, that is appropriate for the type of **Audit** being conducted, such as:

FOR 20191205BOD REVIEW

Back to Agenda

a. Processes considered to be high-risk and/or have potential **Member** harm;

b. Compliance with CMS, **DHCS**, **DMHC**, and **NCQA**-mandated elements, or contractual obligations; and

c. Areas identified as deficient in previous **Audits**.

5. If the minimum number of cases is not available in the universe the auditor may elect to expand the **Audit** period or request additional information, or documentation.

6. The Audit & Oversight auditor will notify the CalOptima department of samples selected and documentation required seven (7) calendar days prior to the **Audit** when provided in electronic format, or when sample files are supplied in alternate formats.

   a. The Audit & Oversight auditor shall review sample cases and functional areas shall submit samples and documentation electronically whenever possible.

   b. The Audit & Oversight auditor may, at his or her discretion, request additional materials during the review.

7. The **Audit** will include validation of documentation, including but not limited to CalOptima policies and procedures, training, reports, systems, and file review(s).

8. The Audit & Oversight Department shall discuss findings from the annual **Audit** with the respective CalOptima department and document such findings in an **Audit** findings report. If any CalOptima department receives a score of less than the established passing score for an individual **audit** element, the department will be required to develop a **Corrective Action Plan** in accordance with CalOptima Policy HH.2005Δ: Corrective Action Plan.

   a. The Audit & Oversight Department shall have ultimate responsibility for remediation, monitoring, and reporting of the **CAP** to the **AOC**. The Audit & Oversight Department shall report the findings of the audit, **CAPs**, if any, and the timeline for **CAP** remediation to the **AOC**.

9. **Audit** findings will be presented to the **AOC** by the Audit & Oversight Department for the respective functional area reviewed. The Audit & Oversight Department shall determine any follow up activities, process improvement, and/or additional review based on the recommendations of the Audit & Oversight auditor.

10. A department must resolve the elements of the **CAP** in accordance with CalOptima Policy HH.2005Δ: Corrective Action Plan.

11. In the event the elements of the **CAP** are not successfully completed in accordance with CalOptima Policy HH.2005Δ: Corrective Action Plan, the Director of Audit & Oversight shall report the **CAP** status to the **AOC** following the **CAP** period.

    a. The Audit & Oversight Department must demonstrate to the **AOC** the appropriateness for an extension and provide a detailed action plan to ensure that the items for correction are being addressed in a timely manner.

12. The Audit & Oversight Department shall determine whether ad hoc **audits**, reviews, and or other remediation or actions are necessary to resolve identified issues. Issues escalated will be

FOR 20191205BOD REVIEW

reviewed by the Audit & Oversight Department, **AOC**, and the **Compliance Committee**, as applicable.

F. Ongoing Internal Oversight Process

1. The Audit & Oversight Department will conduct on-going Internal Oversight of the business areas outlined in Section III.C. of this policy based on the risk level determined during the annual risk assessment, and as outlined on the **Internal Audit and Monitoring Work Plan**.

2. Internal Dashboard Reporting: On a monthly basis, data shall be used to **Monitor** areas for processing timeliness and accuracy of business activities.

   a. The **AOC** shall Monitor dashboard results and may make recommendations for corrective action if performance falls below the standard defined by the **AOC**.

   b. If there is a consistent pattern of non-compliance, the Audit & Oversight Department shall conduct a **Focused Review.**

      i. If the results of the **Focused Review** are unfavorable, the auditor will escalate for further action. This includes, but is not limited to, reporting the issue up to **Compliance Committee** for disciplinary action and/or development of remediation plan.

G. **Corrective Action Plan**

1. If any area of deficiency or non-compliance is identified, including but not limited to, **Member** or **Provider Complaints**, readiness assessment reviews, regular reports, oversight reviews, and ongoing **Monitoring**, the Audit & Oversight Department will be required to issue a **CAP** request, in accordance with CalOptima Policy HH.2005Δ: Corrective Action Plan.

I. PURPOSE

This policy establishes a process to detect~~, correct, and prevent~~ suspected **Fraud**, **Waste**, or **Abuse** **(FWA)** in a CalOptima program by a **Member**, **Provider** or **Prescribing Provider**, **Practitioner**, a CalOptima **Employee**, **First Tier, Downstream, and Related Entities (FDRs)**, Billing Intermediary, and CalOptima's **Health Networks**, in accordance with federal and state regulations.

II. POLICY

A. CalOptima maintains a zero-tolerance policy toward **Fraud**, **Waste**, and **Abuse**.

B. CalOptima shall follow the process for detecting suspected **Fraud**, **Waste**, or **Abuse**, outlined in this policy.

C. CalOptima and its **First Tier, Downstream, and Related Entities (FDRs)** shall comply with applicable statutory, regulatory, other requirements, sub-regulatory guidance, and contractual commitments related to the delivery of **Covered Services**, which include but are not limited to, federal and state False Claims Acts, Anti-Kickback statutes, prohibitions on inducements to beneficiaries, **Health Insurance Portability and Accountability Act (HIPAA)**, and other applicable statutes.

D. CalOptima's Pharmacy Management Department shall identify **Fraud** and **Abuse** of controlled substances by **Members**, **Prescribing Providers**, and **Pharmacies** dispensing drugs to **Members**, by conducting drug claim reviews and monitoring utilization safety standards, to detect opioid related misuse, and refer cases to the Office of Compliance in accordance with CalOptima Policy GG.1423: Medication Quality Assurance Program.

~~D.~~E. CalOptima's Office of Compliance shall investigate, and report suspected **Fraud**, **Waste**, or **Abuse**, in accordance with CalOptima Policy HH.1107Δ: **Fraud**, **Waste**, and **Abuse** Investigation and Reporting.

~~E.~~F. CalOptima shall provide regular training and information sessions to its **Employees** and **FDRs** regarding **Fraud**, **Waste**, and **Abuse**, and shall inform **Members** regarding **Fraud**, **Waste**, and **Abuse** and the provisions of this policy.

~~F.~~G. CalOptima **Employees** and **FDRs** are expected and required to promptly report suspected violations of any statute, regulations, or guidelines applicable to any CalOptima program.

FOR 20191205BOD REVIEW

* Terms in **bold** are included in the Glossary.
Back to Agenda

CalOptima maintains a strict policy of non-retaliation and non-retribution toward ~~employees and its FDRs who make such reports in good faith. CalOptima Employees and its FDRs are protected from retaliation under Title 31, United States Code, Section 3730(h), for False Claims Act complaints, as well as any other anti-retaliation protections.~~**Employees** and its **FDRs** who make such reports in good faith. CalOptima shall treat the detection of suspected **FWA** in a confidential manner to the extent possible.

~~G. CalOptima shall review this Policy on at least an annual basis to ensure relevancy and accuracy, ensuring that CalOptima's FWA program is in alignment with industry best practices.~~

III. PROCEDURE

A. CalOptima may detect **Fraud**, **Waste**, or **Abuse** by a **Member** in circumstances that include, but are not limited to, the following:

~~1. Using another individual's identity, Benefits Identification Card (BIC), CalOptima or Health Network identification (ID) card, Medi-Cal or Medicare number, or other documentation of Medi-Cal, Medicare, or CalOptima program eligibility to obtain Covered Services, unless such person is an Authorized Representative who is presenting such document, or information, on behalf of a Member to obtain Covered Services for that Member;~~

~~2. Selling, loaning, or giving a Member's identity, Benefits Identification Card (BIC), Health Network identification (ID) card, Medi-Cal or Medicare number, or other documentation of Medi-Cal, Medicare or CalOptima program eligibility to obtain Covered Services, unless such person is an Authorized Representative who is obtaining services on behalf of a Member;~~

~~3. Making an unsubstantiated declaration of Medi-Cal or Medicare eligibility;~~

~~4. Using a Covered Service for purposes other than the purposes for which it was prescribed or provided, including use of such Covered Service by an individual other than the Member for whom the Covered Service was prescribed or provided;~~

~~5. Failing to report Other Health Coverage (OHC); and~~

~~6. Soliciting or receiving a kickback, bribe, rebate, or other financial incentive as an inducement to receive or not receive Covered Services.~~

B. MEMBER FRAUD OR PROGRAM ABUSE		**DETECTION CRITERIA Including but not limited to:**
M01	Using another individual's identity or documentation of Medi-Cal eligibility to obtain **Covered Services**	**Members** with multiple areas of service; **Members** who attempt more than one PCP; reports of **Members** who are hiding assets or income
M02	Selling, loaning, or giving a **Member's** identity or documentation of Medi-Cal eligibility to obtain services	**Members** with multiple areas of service; **Members** who attempt more than one PCP; reports of **Members** who are hiding assets or income
M03	Making an unsubstantiated declaration of eligibility	**Members** with multiple areas of service; **Members** who attempt more than one PCP; reports of **Members** who are hiding assets or income

FOR 20191205BOD REVIEW

B. MEMBER FRAUD OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
M04	Using a **Covered Service** for purposes other than the purpose for which it was prescribed, or using a **Covered Service** inappropriately	Selling a covered wheelchair; selling medications; abusing prescription medications
M05	Failing to report other health coverage.	Payments by OHI
M06	Soliciting or receiving a kickback, bribe, or rebate as an inducement to receive or not receive **Covered Services**.	Hotline reports; internal reports; reports by **Health Networks**
M07	Other (please specify)	Any source
M08	**Member Pharmacy** Utilization	**PBM** reports; data analytics; claims data; **Encounter** data; **FWA** software
M09	Doctor Shopping	**PBM** reports; data analytics; claims data; **Encounter** data; **FWA** software
M10	Altered Prescription	**Provider** report; DEA report; **Pharmacy** report; **PBM** reports; data analytics; claims data; **Encounter** data; **FWA** software

B. CalOptima may detect **Fraud**, **Waste**, or **Abuse** by an **FDR** in circumstances that include, but are not limited to, the following:

~~1. Unsubstantiated declaration of eligibility to participate in the Medi-Cal, OneCare, OneCare Connect, or Program of All-Inclusive Care for the Elderly (PACE) program as a Provider, Practitioner, Billing Intermediary, or Health Network;~~

~~2. Submission of a claim or a request for payment for:~~

~~a. Covered Services that are substantially and demonstrably in excess of an individual's usual charges for such Covered Services;~~

~~b. Covered Services that were not provided to the Member for whom such Covered Services were claimed;~~

~~c. Covered Services substantially in excess of the quantity that is Medically Necessary for the Member;~~

~~d. Covered Services using a billing code that will result in greater payment than the billing code that reflects the Covered Services actually provided;~~

~~e. Covered Services that were already included in the capitation rate; and~~

~~f. Covered Services billed to both CalOptima and another third-party payer without making full disclosure of material facts or notification of other insurance payments.~~

~~3. Charging a Member in excess of allowable co-payments or deductibles for Covered Services;~~

FOR 20191205BOD REVIEW

~~4. Billing a Member for Covered Services without obtaining written consent to bill for such Covered Services;~~

~~5. Soliciting, offering, receiving, or paying a kickback, bribe, or rebate as an inducement to refer or fail to refer a Member;~~

~~6. Failing to disclose any significant beneficial interest in any other Provider to which the Provider or Practitioner may refer a Member for the provision of Covered Services;~~

~~7. Billing intermediary failure to register with the California Department of Health Care Services (DHCS), as appropriate;~~

~~8. False certification of Medical Necessity;~~

~~9. Attributing a diagnosis code to a Member that does not accurately reflect the Member's Medical Condition for the purposes of obtaining higher reimbursement;~~

~~10. Providing false, or inaccurate, Credentialing information;~~

~~11. Providing false, or inaccurate, information during the CalOptima Provider registration process; and~~

~~12. Submitting data files or reports that contain:~~

~~a. Unsubstantiated data;~~

~~b. Data that is inconsistent with underlying clinical, Encounter, or payment records; or~~

~~c. Data that has been altered in a manner, or for a purpose, that is inconsistent with CalOptima policies, contract, or applicable regulations and statutes.~~

FDR FRAUD OR PROGRAM ABUSE		**DETECTION CRITERIA Including but not limited to:**
P01	Unsubstantiated declaration of eligibility to participate in the CalOptima program	**Provider** information not able to be verified during credentialing or contracting process; **Providers** on the excluded **Provider** list
P02	Submission of claims for **Covered Services** that are substantially and demonstrably in excess of any individual's usual charges for such **Covered Services**	**PBM** reports; data analytics; claims data; **Encounter** data; **FWA** software
P03	Submission of claims for **Covered Services** that are not actually provided to the **Member** for which the claim is submitted	**PBM** reports; data analytics; claims data; **Encounter** data; **FWA** software; verification survey; hotline
P04	Submission of claims for **Covered Services** that are in excess of the quantity that is **Medically Necessary**	**PBM** reports; data analytics; claims data; **Encounter** data; **FWA** software

FOR 2019 1205BOD REVIEW

FDR FRAUD OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
P05	Submission of claims for **Covered Services** that are that are billed using a code that would result in greater payment than the code that reflects the **Covered Services**	**PBM** reports; data analytics; claims data; **Encounter** data; **FWA** software
P06	Submission of claims for **Covered Services** that is already included in the capitation rate	**PBM** reports; data analytics; claims data; **Encounter** data; **FWA** software
P07	Submission of claims for **Covered Services** that are submitted for payment to both CalOptima and another third-party payer without full disclosure	**PBM** reports; data analytics; claims data; **Encounter** data; **FWA** software; payment by OHI
P08	Charging a **Member** in excess of allowable co-payments and deductibles for **Covered Services**	**Member** report; hotline report; oversight audits
P09	Billing a **Member** for **Covered Services** without obtaining written consent to bill for such service	**Member** report; hotline report; oversight audits
P10	Failure to disclose conflict of interest	Hotline; credentialing or contracting process
P11	Receiving, soliciting, or offering a kickback, bribe or rebate to refer or fail to refer a **Member**	Hotline report; oversight report
P12	Failure to register billing intermediary with the Department of Health Care Services	Oversight audit; report by regulatory body; hotline
P13	False certification of **Medical Necessity**	**Medical Record** review; claims data; **Encounter** data; **FWA** software
P14	Attributing a diagnosis code to a **Member** that does not reflect the **Member's** medical condition for the purpose of obtaining higher reimbursement	**Medical Record** review; claims data; **Encounter** data; **FWA** software
P15	False or inaccurate Minimum Standards or credentialing information	Hotline; credentialing or contracting process
P16	Submitting reports that contain unsubstantiated data, data that is inconsistent with clinical, **Encounter** or payment records, or has been altered in a manner that is inconsistent with policies, contracts, statutes, or regulations	**Medical Record** review; claims data; **Encounter** data; **FWA** software

C. CalOptima may detect **Fraud**, **Waste**, or **Abuse** by an **Employee** in circumstances that include, but are not limited to, the following:

FOR 2019 BOD REVIEW

EMPLOYEE FRAUD OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
E01	Use of a **Member's** identity or documentation of Medi-Cal eligibility to obtain services	Hotline report; Data analytics; Referrals to SIU
E02	Use of a **Member's** identity or documentation of Medi-Cal eligibility to obtain a gain	Hotline report, referrals to SIU
E03	**Employee** assistance to **Providers** with the submission of false claims for **Covered Services** that are not actually provided to the **Member** for which the claim is submitted	Hotline report; Referrals to SIU
E04	**Employee** deceptively accessing company confidential information for purpose of a gain	Hotline report; Data analytics; Referrals to SIU

C. Training

1. CalOptima's Office of Compliance shall provide regular training and education to **Employees** and **FDRs** regarding the process for detecting suspected **FWA**, the specific provisions regarding **FWA** under the False Claims Act, and the protections afforded to those who report such concerns in good faith and in accordance with CalOptima Policy HH.5004Δ: False Claims Act Education.

2. CalOptima shall provide regular **FWA** training and information sessions to:

   a. New **Employees**, upon hire;

   b. CalOptima **Employees**, on an annual basis; and

   c. **Health Networks**, on an annual basis.

3. CalOptima shall provide **Members** with information related to **FWA** through:

   a. The **Member** Handbook;

   b. Periodic communications; and

   c. The CalOptima website.

D. Detection

1. CalOptima may receive ~~complaints~~**Complaints** of suspected **FWA** from sources, including but not limited to:

   a. CalOptima's Compliance and Ethics Hotline;

   b. Claims data history:

FOR 20191205BOD REVIEW

c. **Encounter** data;

d. **Medical Records** audits;

e. **Member** and **Provider** ~~complaints~~**Complaints**, appeals, and grievance reviews;

f. Utilization Management reports;

g. **Provider** utilization profiles;

h. **Pharmacy** data;

i. Monitoring and auditing activities;

j. Monitoring external health care **FWA** cases and determining if CalOptima's **FWA** Program can be strengthened with information gleaned from the case activity; and/or

k. Internal and external surveys, reviews, and audits.

2. The Office of Compliance shall provide oversight to the **Health Networks'** Compliance Programs to ensure that the programs are in place, are comprehensive, and in compliance with CalOptima contractual requirements.

3. CalOptima shall utilize "claims edits" in accordance with federal and state regulations, the **DHCS** Contract, and industry best practices, including but not limited to the National Correct Coding Initiative (NCCI).

4. CalOptima shall conduct data validation reviews by claims auditors within the Office of Compliance. These reviews are intended to detect any anomalies between items billed, items rendered, **Medical Records**, and all affiliated documentation related to the claims and **Encounters**.

5. CalOptima shall utilize data analytics including software to identify potential **FWA** cases. This data compares CalOptima claims and **Encounters** against national data to identify any suspected instances of **FWA**. These cases are forwarded to the Special Investigations Unit (SIU) for investigation.

6. CalOptima shall perform reviews on data samples to test for potential **FWA** through methods, including, but not limited to:

~~a. Ensuring that documentation of Prior Authorization(s) is on file for services or medications requiring Prior Authorization;~~

~~b.~~a. Reviewing ~~low-dollar/high-volume~~ utilization by doctor, specialty, and geographic comparison;

~~c. CalOptima shall conduct monthly reviews of claims to review for adjustment codes and denials, reviewing for inappropriate denials and improper coding, with a focus on Current Procedural Terminology (CPT) codes 99284 and 99285. CalOptima's Claims Auditors shall review claims for emergency services to ensure that coding does not occur when claims are submitted without accompanying Medical Records. Emergency room claims are reviewed~~

FOR 20191205BOD REVIEW

~~during regular claims audits, and documentation is requested from the Health Network, at the time of the audit. Results of the audit are reviewed by the Audit and Oversight Committee (AOC). The AOC is responsible for issuing corrective actions for Health Networks whose Providers are found to be coding inappropriately;~~

~~d. CalOptima reviews Provider claims that are identified as potential FWA. Claims may be identified by the claims review software system, by the claims auditors, by internal and external claims and compliance audits, or any other source that identifies potential FWA. As part of the review process, CalOptima documents the investigation of the claims or Provider in the FWA Tracking Database. Once the investigation is completed, CalOptima shall report FWA as applicable and in accordance with CalOptima Policy HH.1107Δ: Fraud, Waste, Abuse Investigation and Reporting.~~

~~e.~~b. ~~In accordance with the Pharmacist Referral to SIU Team Desktop,~~ CalOptima's **Pharmacy** Department shall refer cases to the SIU Team for **Members** exhibiting drug seeking behavior or suspected of **FWA** issues related to **Pharmacy** services.

7. CalOptima shall implement a Service Verification Survey process to survey a sampling of **Members** ~~monthly~~as needed. The Service Verification process may be used to ensure that:

   a. **Covered Services** that were billed were received;

   b. Face-to-face services were provided for services/equipment/medications requiring recent or regular face-to-face appointments;

   c. **Durable Medical Equipment (DME)** that were billed were received; and

   d. Medications that were billed were received.

   e. The focus of these surveys will vary as decided by the SIU and/or the Office of Compliance designated staff. The focus may be on a specific code, **Provider**, **Member** category, geographic area, and **DME** description, reports by other agencies of potential **FWA**, and industry findings and best practices.

E. Upon detection of suspected **Fraud**, **Waste**, and/or **Abuse**, the Office of Compliance shall review the suspected activity ~~using data from reports, including but not limited to, the following:~~in accordance with CalOptima Policy HH.1107: **Fraud**, **Waste**, and **Abuse** Investigation and Reporting.

~~1. Claims data;~~

~~2. Encounter data;~~

~~3. Medical Records;~~

~~4. Member and Provider complaints, appeals, and grievance reviews;~~

~~5. Utilization Management reports;~~

~~6. Pharmacy data;~~

FOR 2019 1205 BOD REVIEW

~~7. Audits;~~

~~8. Provider utilization profiles;~~

~~9. Member utilization profiles;~~

~~10. Geographic and demographic studies;~~

~~11. Evaluation of a Provider's Member capacity; and~~

~~12. Interviews.~~

~~F. A CalOptima Employee who detects suspected Fraud, Waste, or Abuse may complete a Suspected Fraud or Abuse Referral Form or otherwise report suspected FWA in accordance with Section III.H. of this Policy.~~

~~G. An FDR with a contractual obligation to report suspected Fraud, Waste, or Abuse shall notify CalOptima of suspected Fraud, Waste, or Abuse, in accordance with the terms and conditions of its contract and this policy.~~

~~H. CalOptima shall provide a method for CalOptima Employees, FDRs, and Members to anonymously report suspected Fraud, Waste, or Abuse to the Office of Compliance. CalOptima Employees, FDRs, and Members may call the Compliance and Ethics Hotline at (877) 837-4417 to anonymously report concerns regarding Fraud, Waste, and Abuse.~~

~~I. CalOptima departments and its FDRs shall track, trend, and analyze data for suspected Fraud, Waste, or Abuse, and report such suspected Fraud, Waste or Abuse to CalOptima's Office of Compliance.~~

F. CalOptima shall treat the detection of suspected **Fraud**, **Waste**, or **Abuse** in a confidential manner, and shall not retaliate or make retribution against any CalOptima **Employee**, **FDR**, or **Member** for such detection, in accordance with CalOptima policy HH.3012Δ: Non-Retaliation for Reporting Violations.

FOR 20191205BOD REVIEW

IX. GLOSSARY

Term	Definition
Abuse	Actions that may, directly or indirectly, result in: unnecessary costs to a CalOptima Program, improper payment, payment for services that fail to meet professionally recognized standards of care, or services that are medically unnecessary. Abuse involves payment for items or services when there is no legal entitlement to that payment and the ~~provider~~Provider has not knowingly and/or intentionally misrepresented facts to obtain payment. Abuse cannot be differentiated categorically from ~~fraud~~Fraud, because the distinction between "~~fraud~~Fraud" and "~~abuse~~Abuse" depends on specific facts and circumstances, intent and prior knowledge, and available evidence, among other factors.
~~Authorized Representative~~	~~Has the meaning given such term in section 164.502(g) of title 45, Code of Federal Regulations. A person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting *in loco parentis* who have the authority under applicable law to make health care decisions on behalf of un-emancipated minors.~~
Centers for Medicare & Medicaid Services (CMS)	The federal agency within the United States Department of Health and Human Services (DHHS) that administers the Federal Medicare program and works in partnership with state governments to administer Medicaid programs.
Complaint	An oral or written expression indicating dissatisfaction with any aspect of the CalOptima program.

FOR 20191205BOD REVIEW

Term	Definition
Covered Service	Medi-Cal: Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as Covered Services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), or other services as authorized by the Board of Directors, which shall be covered for Members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program. OneCare: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Center of Medicare & Medicaid Services (CMS) Contract. OneCare Connect: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Three-Way contract with the Department of Health Care Services (DHCS) and Centers for Medicare & Medicaid Services (CMS). PACE: Items and services provided by CalOptima under the provisions of Welfare & Institutions Code section 14132, except those services specifically excluded under the CalOptima PACE Program Agreement, Exhibit E, Attachment 1, Section 26.
Department of Health Care Services (DHCS)	The California Department of Health Care Services, the State agency that oversees California's Medicaid program, known as Medi-Cal.
Downstream Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima Program benefit, below the level of arrangement between CalOptima and a First Tier Entity. These written arrangements continue down to the level of the ultimate ~~provider~~Provider of both health and administrative services.
Durable Medical Equipment (DME)	Durable medical equipment means equipment prescribed by a licensed practitioner to meet medical equipment needs of the Member that: 1. Can withstand repeated use. 2. Is used to serve a medical purpose. 3. Is not useful to an individual in the absence of an illness, injury, functional impairment, or congenital anomaly. 4. Is appropriate for use in or out of the patient's home.
Employee	Any and all ~~employees~~Employees of CalOptima, including all senior management, officers, managers, supervisors and other employed personnel, as well as temporary ~~employees~~Employees and volunteers.

FOR 2019 12/05 BOD REVIEW

Term	Definition
Encounter	Any unit of Covered Services provided to a Member by a Health Network regardless of Health Network reimbursement methodology. Such Covered Services include any service provided to a Member regardless of the service location or ~~provider~~Provider, including out-of-network services and sub-capitated and delegated Covered Services.
First Tier Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care services to a Member under a CalOptima Program.
First Tier, Downstream, and Related Entities (FDR)	First Tier, Downstream or Related Entity, as separately defined herein. For the purposes of this policy, the term FDR includes delegated entities, contracted ~~providers~~Providers, Health Networks, Physician Medical Groups, Physician Hospital Consortia, and Health Maintenance Organizations.
Fraud	Knowingly and willfully executing, or attempting to execute, a scheme or artifice to defraud any health care benefit program or to obtain (by means of false or ~~fraudulent~~Fraudulent pretenses, representations, or promises) any of the money or property owned by, or under the custody or control of, any health care benefit program. (18 U.S.C. § 1347).
Health Insurance Portability and Accountability Act (HIPAA)	The Health Insurance Portability Accountability Act of 1996, Public Law 104-191, was enacted on August 21, 1996. Sections 261 through 264 of HIPAA require the Secretary of the U.S. Department of Health and Human Services (HHS) to publicize standards for the electronic exchange, privacy and security of health information as amended.
Health Network	The contracted ~~health networks~~Health Networks of CalOptima, including Physician Hospital Consortia ("PHCs"), Shared Risk Medical Groups ("SRGs"), and Health Maintenance Organizations ("HMOs").
Medical Record	Any single, complete record kept or required to be kept by any Provider that documents all the medical services received by the Member, including, but not limited to, inpatient, outpatient, and emergency care, referral requests, authorizations, or other documentation as indicated by CalOptima policy.
Medically Necessary or Medical Necessity	Reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury
Member	A beneficiary who is enrolled in a CalOptima Program.
Other Health Coverage (OHC)	The responsibility of an individual or entity, other than CalOptima or a Member, for the payment of the reasonable value of all or part of the health care benefits provided to a Member. Such OHC may originate under any other state, federal, or local medical care program or under other contractual or legal entitlements, including but not limited to, a private group or indemnification program. This responsibility may result from a health insurance policy or other contractual agreement or legal obligation, excluding tort liability.
Personal Representative	Has the meaning given such term in section 164.502(g) of title 45, Code of Federal Regulations. A person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting *in loco parentis* who have the authority under applicable law to make health care decisions on behalf of un-emancipated minors.

FOR 2019 BOD REVIEW

Term	Definition
Pharmacy	An area, place or premises licensed by the State Board of Pharmacy in which the profession of ~~pharmacy~~Pharmacy is practiced and where Prescriptions are compounded and dispensed, and for the purpose of this policy, the licensed dispensing area of a community clinic.
Pharmacy Benefit Manager (PBM)	An entity that provides ~~pharmacy~~Pharmacy benefit management services, including contracting with a network of pharmacies; establishing payment levels for network pharmacies; negotiating rebate arrangements; developing and managing formularies, preferred drug lists, and ~~prior authorization~~Prior Authorization programs; maintaining patient compliance programs; performing drug utilization review; and operating disease management programs.
Practitioner	A licensed independent ~~practitioner~~Practitioner including, but not limited to, a Doctor of Medicine (MD), Doctor of Osteopathy (DO), Doctor of Podiatric Medicine (DPM), Doctor of Chiropractic Medicine (DC), Doctor of Dental Surgery (DDS), Doctor of Psychology (PhD or PsyD), Licensed Clinical Social Worker (LCSW), Marriage and Family Therapist (MFT or MFCC), Nurse Practitioner (NP), Nurse Midwife, Physician Assistant (PA), Optometrist (OD), Registered Physical Therapist (RPT), Occupational Therapist (OT), or Speech and Language Therapist, furnishing Covered Services.
Prescribing Provider	The physician, osteopath, podiatrist, dentist, optometrist, or authorized mid-level medical Practitioner who prescribes a medication for a Member.
Prior Authorization	A formal process requiring a health care Provider to obtain advance approval to provide specific services or procedures
Provider	A physician, nurse, nurse mid-wife, nurse ~~practitioner~~Practitioner, medical technician, physician assistant, hospital, laboratory, ancillary ~~provider~~Provider, health maintenance organization, or other person or institution that furnishes Covered Services.
Related Entity	Any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to Members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.
Waste	The overutilization of services, or other practices that, directly or indirectly, result in unnecessary costs to a CalOptima Program. Waste is generally not considered to be caused by criminally negligent actions but rather the misuse of resources.

FOR 20191205BOD REVIEW

I. PURPOSE

This policy establishes a process to detect suspected **Fraud**, **Waste**, or **Abuse (FWA)** in a CalOptima program by a **Member**, **Provider** or **Prescribing Provider**, **Practitioner**, a CalOptima **Employee**, **First Tier, Downstream, and Related Entities (FDRs)**, Billing Intermediary, and CalOptima's **Health Networks**, in accordance with federal and state regulations.

II. POLICY

A. CalOptima maintains a zero-tolerance policy toward **Fraud**, **Waste**, and **Abuse**.

B. CalOptima shall follow the process for detecting suspected **Fraud**, **Waste**, or **Abuse**, outlined in this policy.

C. CalOptima and its **First Tier, Downstream, and Related Entities (FDRs)** shall comply with applicable statutory, regulatory, other requirements, sub-regulatory guidance, and contractual commitments related to the delivery of **Covered Services**, which include but are not limited to, federal and state False Claims Acts, Anti-Kickback statutes, prohibitions on inducements to beneficiaries, **Health Insurance Portability and Accountability Act (HIPAA)**, and other applicable statutes.

D. CalOptima's Pharmacy Management Department shall identify **Fraud** and **Abuse** of controlled substances by **Members**, **Prescribing Providers**, and **Pharmacies** dispensing drugs to **Members**, by conducting drug claim reviews and monitoring utilization safety standards, to detect opioid related misuse, and refer cases to the Office of Compliance in accordance with CalOptima Policy GG.1423: Medication Quality Assurance Program.

E. CalOptima's Office of Compliance shall investigate, and report suspected **Fraud**, **Waste**, or **Abuse**, in accordance with CalOptima Policy HH.1107Δ: **Fraud**, **Waste**, and **Abuse** Investigation and Reporting.

F. CalOptima shall provide regular training and information sessions to its **Employees** and **FDRs** regarding **Fraud**, **Waste**, and **Abuse**, and shall inform **Members** regarding **Fraud**, **Waste**, and **Abuse** and the provisions of this policy.

G. CalOptima **Employees** and **FDRs** are expected and required to promptly report suspected violations of any statute, regulations, or guidelines applicable to any CalOptima program. CalOptima

* Terms in **bold** are included in the Glossary.

maintains a strict policy of non-retaliation and non-retribution toward **Employees** and its **FDRs** who make such reports in good faith. CalOptima shall treat the detection of suspected **FWA** in a confidential manner to the extent possible.

III. PROCEDURE

A. CalOptima may detect **Fraud**, **Waste**, or **Abuse** by a **Member** in circumstances that include, but are not limited to, the following:

B. MEMBER FRAUD OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
M01	Using another individual's identity or documentation of Medi-Cal eligibility to obtain **Covered Services**	**Members** with multiple areas of service; **Members** who attempt more than one PCP; reports of **Members** who are hiding assets or income
M02	Selling, loaning, or giving a **Member's** identity or documentation of Medi-Cal eligibility to obtain services	**Members** with multiple areas of service; **Members** who attempt more than one PCP; reports of **Members** who are hiding assets or income
M03	Making an unsubstantiated declaration of eligibility	**Members** with multiple areas of service; **Members** who attempt more than one PCP; reports of **Members** who are hiding assets or income
M04	Using a **Covered Service** for purposes other than the purpose for which it was prescribed, or using a **Covered Service** inappropriately	Selling a covered wheelchair; selling medications; abusing prescription medications
M05	Failing to report other health coverage.	Payments by OHI
M06	Soliciting or receiving a kickback, bribe, or rebate as an inducement to receive or not receive **Covered Services**.	Hotline reports; internal reports; reports by **Health Networks**
M07	Other (please specify)	Any source
M08	**Member Pharmacy** Utilization	**PBM** reports; data analytics; claims data; **Encounter** data; **FWA** software
M09	Doctor Shopping	**PBM** reports; data analytics; claims data; **Encounter** data; **FWA** software
M10	Altered Prescription	**Provider** report; DEA report; **Pharmacy** report; **PBM** reports; data analytics; claims data; **Encounter** data; **FWA** software

B. CalOptima may detect **Fraud**, **Waste**, or **Abuse** by an **FDR** in circumstances that include, but are not limited to, the following:

FDR FRAUD OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
P01	Unsubstantiated declaration of eligibility to participate in the CalOptima program	**Provider** information not able to be verified during credentialing or contracting process; **Providers** on the excluded **Provider** list

FOR 2019/20 BOD REVIEW

FDR FRAUD OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
P02	Submission of claims for **Covered Services** that are substantially and demonstrably in excess of any individual's usual charges for such **Covered Services**	**PBM** reports; data analytics; claims data; **Encounter** data; **FWA** software
P03	Submission of claims for **Covered Services** that are not actually provided to the **Member** for which the claim is submitted	**PBM** reports; data analytics; claims data; **Encounter** data; **FWA** software; verification survey; hotline
P04	Submission of claims for **Covered Services** that are in excess of the quantity that is **Medically Necessary**	**PBM** reports; data analytics; claims data; **Encounter** data; **FWA** software
P05	Submission of claims for **Covered Services** that are that are billed using a code that would result in greater payment than the code that reflects the **Covered Services**	**PBM** reports; data analytics; claims data; **Encounter** data; **FWA** software
P06	Submission of claims for **Covered Services** that is already included in the capitation rate	**PBM** reports; data analytics; claims data; **Encounter** data; **FWA** software
P07	Submission of claims for **Covered Services** that are submitted for payment to both CalOptima and another third-party payer without full disclosure	**PBM** reports; data analytics; claims data; **Encounter** data; **FWA** software; payment by OHI
P08	Charging a **Member** in excess of allowable co-payments and deductibles for **Covered Services**	**Member** report; hotline report; oversight audits
P09	Billing a **Member** for **Covered Services** without obtaining written consent to bill for such service	**Member** report; hotline report; oversight audits
P10	Failure to disclose conflict of interest	Hotline; credentialing or contracting process
P11	Receiving, soliciting, or offering a kickback, bribe or rebate to refer or fail to refer a **Member**	Hotline report; oversight report
P12	Failure to register billing intermediary with the Department of Health Care Services	Oversight audit; report by regulatory body; hotline
P13	False certification of **Medical Necessity**	**Medical Record** review; claims data; **Encounter** data; **FWA** software
P14	Attributing a diagnosis code to a **Member** that does not reflect the **Member's** medical condition for the purpose of obtaining higher reimbursement	**Medical Record** review; claims data; **Encounter** data; **FWA** software
P15	False or inaccurate Minimum Standards or credentialing information	Hotline; credentialing or contracting process

FOR 2019 1205 BOD REVIEW

FDR FRAUD OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
P16	Submitting reports that contain unsubstantiated data, data that is inconsistent with clinical, **Encounter** or payment records, or has been altered in a manner that is inconsistent with policies, contracts, statutes, or regulations	**Medical Record** review; claims data; **Encounter** data; **FWA** software

C. CalOptima may detect **Fraud**, **Waste**, or **Abuse** by an **Employee** in circumstances that include, but are not limited to, the following:

EMPLOYEE FRAUD OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
E01	Use of a **Member's** identity or documentation of Medi-Cal eligibility to obtain services	Hotline report; Data analytics; Referrals to SIU
E02	Use of a **Member's** identity or documentation of Medi-Cal eligibility to obtain a gain	Hotline report, referrals to SIU
E03	**Employee** assistance to **Providers** with the submission of false claims for **Covered Services** that are not actually provided to the **Member** for which the claim is submitted	Hotline report; Referrals to SIU
E04	**Employee** deceptively accessing company confidential information for purpose of a gain	Hotline report; Data analytics; Referrals to SIU

C. Training

1. CalOptima's Office of Compliance shall provide regular training and education to **Employees** and **FDRs** regarding the process for detecting suspected **FWA**, the specific provisions regarding **FWA** under the False Claims Act, and the protections afforded to those who report such concerns in good faith and in accordance with CalOptima Policy HH.5004Δ: False Claims Act Education.

2. CalOptima shall provide regular **FWA** training and information sessions to:

   a. New **Employees**, upon hire;

   b. CalOptima **Employees**, on an annual basis; and

   c. **Health Networks**, on an annual basis.

3. CalOptima shall provide **Members** with information related to **FWA** through:

   a. The **Member** Handbook;

   b. Periodic communications; and

FOR 20191205 BOD REVIEW

c. The CalOptima website.

D. Detection

1. CalOptima may receive **Complaints** of suspected **FWA** from sources, including but not limited to:

   a. CalOptima's Compliance and Ethics Hotline;

   b. Claims data history:

   c. **Encounter** data;

   d. **Medical Records** audits;

   e. **Member** and **Provider Complaints**, appeals, and grievance reviews;

   f. Utilization Management reports;

   g. **Provider** utilization profiles;

   h. **Pharmacy** data;

   i. Monitoring and auditing activities;

   j. Monitoring external health care **FWA** cases and determining if CalOptima's **FWA** Program can be strengthened with information gleaned from the case activity; and/or

   k. Internal and external surveys, reviews, and audits.

2. The Office of Compliance shall provide oversight to the **Health Networks'** Compliance Programs to ensure that the programs are in place, are comprehensive, and in compliance with CalOptima contractual requirements.

3. CalOptima shall utilize "claims edits" in accordance with federal and state regulations, the **DHCS** Contract, and industry best practices, including but not limited to the National Correct Coding Initiative (NCCI).

4. CalOptima shall conduct data validation reviews by claims auditors within the Office of Compliance. These reviews are intended to detect any anomalies between items billed, items rendered, **Medical Records**, and all affiliated documentation related to the claims and **Encounters**.

5. CalOptima shall utilize data analytics including software to identify potential **FWA** cases. This data compares CalOptima claims and **Encounters** against national data to identify any suspected instances of **FWA**. These cases are forwarded to the Special Investigations Unit (SIU) for investigation.

6. CalOptima shall perform reviews on data samples to test for potential **FWA** through methods, including, but not limited to:

   a. Reviewing utilization by doctor, specialty, and geographic comparison;

FOR 20191205BOD REVIEW

b. CalOptima's **Pharmacy** Department shall refer cases to the SIU Team for **Members** exhibiting drug seeking behavior or suspected of **FWA** issues related to **Pharmacy** services.

7. CalOptima shall implement a Service Verification Survey process to survey a sampling of **Members** as needed. The Service Verification process may be used to ensure that:

a. **Covered Services** that were billed were received;

b. Face-to-face services were provided for services/equipment/medications requiring recent or regular face-to-face appointments;

c. **Durable Medical Equipment (DME)** that were billed were received; and

d. Medications that were billed were received.

e. The focus of these surveys will vary as decided by the SIU and/or the Office of Compliance designated staff. The focus may be on a specific code, **Provider**, **Member** category, geographic area, and **DME** description, reports by other agencies of potential **FWA**, and industry findings and best practices.

E. Upon detection of suspected **Fraud**, **Waste**, and/or **Abuse**, the Office of Compliance shall review the suspected activity in accordance with CalOptima Policy HH.1107: **Fraud**, **Waste**, and **Abuse** Investigation and Reporting.

F. CalOptima shall treat the detection of suspected **Fraud**, **Waste**, or **Abuse** in a confidential manner, and shall not retaliate or make retribution against any CalOptima **Employee**, **FDR**, or **Member** for such detection, in accordance with CalOptima policy HH.3012Δ: Non-Retaliation for Reporting Violations.

FOR 20191205BOD REVIEW

IX. GLOSSARY

Term	Definition
Abuse	Actions that may, directly or indirectly, result in: unnecessary costs to a CalOptima Program, improper payment, payment for services that fail to meet professionally recognized standards of care, or services that are medically unnecessary. Abuse involves payment for items or services when there is no legal entitlement to that payment and the Provider has not knowingly and/or intentionally misrepresented facts to obtain payment. Abuse cannot be differentiated categorically from Fraud, because the distinction between "Fraud" and "Abuse" depends on specific facts and circumstances, intent and prior knowledge, and available evidence, among other factors.
Centers for Medicare & Medicaid Services (CMS)	The federal agency within the United States Department of Health and Human Services (DHHS) that administers the Federal Medicare program and works in partnership with state governments to administer Medicaid programs.
Complaint	An oral or written expression indicating dissatisfaction with any aspect of the CalOptima program.
Covered Service	Medi-Cal: Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as Covered Services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), or other services as authorized by the Board of Directors, which shall be covered for Members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program. OneCare: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Center of Medicare & Medicaid Services (CMS) Contract. OneCare Connect: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Three-Way contract with the Department of Health Care Services (DHCS) and Centers for Medicare & Medicaid Services (CMS). PACE: Items and services provided by CalOptima under the provisions of Welfare & Institutions Code section 14132, except those services specifically excluded under the CalOptima PACE Program Agreement, Exhibit E, Attachment 1, Section 26.
Department of Health Care Services (DHCS)	The California Department of Health Care Services, the State agency that oversees California's Medicaid program, known as Medi-Cal.

FOR 2019 12/5 BOD REVIEW

Term	Definition
Downstream Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima Program benefit, below the level of arrangement between CalOptima and a First Tier Entity. These written arrangements continue down to the level of the ultimate Provider of both health and administrative services.
Durable Medical Equipment (DME)	Durable medical equipment means equipment prescribed by a licensed practitioner to meet medical equipment needs of the Member that: 1. Can withstand repeated use. 2. Is used to serve a medical purpose. 3. Is not useful to an individual in the absence of an illness, injury, functional impairment, or congenital anomaly. 4. Is appropriate for use in or out of the patient's home.
Employee	Any and all Employees of CalOptima, including all senior management, officers, managers, supervisors and other employed personnel, as well as temporary Employees and volunteers.
Encounter	Any unit of Covered Services provided to a Member by a Health Network regardless of Health Network reimbursement methodology. Such Covered Services include any service provided to a Member regardless of the service location or Provider, including out-of-network services and sub-capitated and delegated Covered Services.
First Tier Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care services to a Member under a CalOptima Program.
First Tier, Downstream, and Related Entities (FDR)	First Tier, Downstream or Related Entity, as separately defined herein. For the purposes of this policy, the term FDR includes delegated entities, contracted Providers, Health Networks, Physician Medical Groups, Physician Hospital Consortia, and Health Maintenance Organizations.
Fraud	Knowingly and willfully executing, or attempting to execute, a scheme or artifice to defraud any health care benefit program or to obtain (by means of false or Fraudulent pretenses, representations, or promises) any of the money or property owned by, or under the custody or control of, any health care benefit program. (18 U.S.C. § 1347).
Health Insurance Portability and Accountability Act (HIPAA)	The Health Insurance Portability Accountability Act of 1996, Public Law 104-191, was enacted on August 21, 1996. Sections 261 through 264 of HIPAA require the Secretary of the U.S. Department of Health and Human Services (HHS) to publicize standards for the electronic exchange, privacy and security of health information as amended.
Health Network	The contracted Health Networks of CalOptima, including Physician Hospital Consortia ("PHCs"), Shared Risk Medical Groups ("SRGs"), and Health Maintenance Organizations ("HMOs").
Medical Record	Any single, complete record kept or required to be kept by any Provider that documents all the medical services received by the Member, including, but not limited to, inpatient, outpatient, and emergency care, referral requests, authorizations, or other documentation as indicated by CalOptima policy.
Medically Necessary or Medical Necessity	Reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury
Member	A beneficiary who is enrolled in a CalOptima Program.

FOR 2019 12/5 BOD REVIEW

Term	Definition
Other Health Coverage (OHC)	The responsibility of an individual or entity, other than CalOptima or a Member, for the payment of the reasonable value of all or part of the health care benefits provided to a Member. Such OHC may originate under any other state, federal, or local medical care program or under other contractual or legal entitlements, including but not limited to, a private group or indemnification program. This responsibility may result from a health insurance policy or other contractual agreement or legal obligation, excluding tort liability.
Personal Representative	Has the meaning given such term in section 164.502(g) of title 45, Code of Federal Regulations. A person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting *in loco parentis* who have the authority under applicable law to make health care decisions on behalf of un-emancipated minors.
Pharmacy	An area, place or premises licensed by the State Board of Pharmacy in which the profession of Pharmacy is practiced and where Prescriptions are compounded and dispensed, and for the purpose of this policy, the licensed dispensing area of a community clinic.
Pharmacy Benefit Manager (PBM)	An entity that provides Pharmacy benefit management services, including contracting with a network of pharmacies; establishing payment levels for network pharmacies; negotiating rebate arrangements; developing and managing formularies, preferred drug lists, and Prior Authorization programs; maintaining patient compliance programs; performing drug utilization review; and operating disease management programs.
Practitioner	A licensed independent Practitioner including, but not limited to, a Doctor of Medicine (MD), Doctor of Osteopathy (DO), Doctor of Podiatric Medicine (DPM), Doctor of Chiropractic Medicine (DC), Doctor of Dental Surgery (DDS), Doctor of Psychology (PhD or PsyD), Licensed Clinical Social Worker (LCSW), Marriage and Family Therapist (MFT or MFCC), Nurse Practitioner (NP), Nurse Midwife, Physician Assistant (PA), Optometrist (OD), Registered Physical Therapist (RPT), Occupational Therapist (OT), or Speech and Language Therapist, furnishing Covered Services.
Prescribing Provider	The physician, osteopath, podiatrist, dentist, optometrist, or authorized mid-level medical Practitioner who prescribes a medication for a Member.
Prior Authorization	A formal process requiring a health care Provider to obtain advance approval to provide specific services or procedures
Provider	A physician, nurse, nurse mid-wife, nurse Practitioner, medical technician, physician assistant, hospital, laboratory, ancillary Provider, health maintenance organization, or other person or institution that furnishes Covered Services.
Related Entity	Any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to Members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.
Waste	The overutilization of services, or other practices that, directly or indirectly, result in unnecessary costs to a CalOptima Program. Waste is generally not considered to be caused by criminally negligent actions but rather the misuse of resources.

CONFIDENTIAL

INSTRUCTIONS FOR COMPLETING A SUSPECTED FRAUD OR ABUSE REFERRAL FORM

To submit a request to investigate suspected fraud or abuse, please complete a CalOptima Suspected Fraud or Abuse Referral Form. Examples of "Member" or "Provider" fraud or abuse are listed on the form. These are examples only. The list does not represent every situation in which fraud or abuse can take place.

Complete all applicable sections of the form. It is very important to complete the entire form so we can effectively investigate the issue.

If desired, requestor may remain anonymous; however, if the requestor does not provide his/her name and phone number, the CalOptima Office of Compliance will be unable to contact him/her if there are any questions about the information submitted, which may prevent completion of the investigation.

Submit the completed form with supporting documents to CalOptima's Office of Compliance via one of the following methods:

1. Email: Fraud@CalOptima.org
2. U.S. Mail: CalOptima
   Office of Compliance — SIU
   505 City Parkway West
   Orange, CA 92868
3. Fax: **1-714-481-6457**

MARK ALL CORRESPONDENCE AS "CONFIDENTIAL."

You may also report suspected fraud or abuse to CalOptima's Ethics and Compliance hotline, 24 hours a day, 7 days a week, toll-free at 1-877-837-4417. TDD/TTY users can call toll-free at 1-800-735-2929. We have staff that speak your language.

FOR 20191205BOD REVIEW

I. PURPOSE

This policy establishes a process to investigate and report suspected **Fraud**, **Waste, or Abuse (FWA)** ~~in a CalOptima program~~committed by a **Member**, **Provider**, ~~Practitioner,~~ a CalOptima **Employee**, **First Tier, Downstream, and Related Entities (FDRs)**, ~~Billing Intermediary,~~ and CalOptima's **Health** ~~Network~~**Networks** involving a CalOptima program, in accordance with federal and state regulations and contractual requirements.

II. POLICY

~~A.~~ CalOptima maintains a zero-tolerance policy toward **FWA** by ~~any CalOptima~~a **Member**, a **Provider**, an **Employee** ~~or~~, an **FDR**.

A. ~~CalOptima~~ and ~~its FDRs~~/or a **Health Network**.

B. CalOptima shall comply with applicable statutory, regulatory, other requirements, sub-regulatory guidance, and contractual commitments related to the delivery of **Covered Services**, which include, but are not limited to, federal and state False Claims Acts~~,~~ and Anti-Kickback ~~statutes, prohibitions on~~laws, the federal Exclusion Statute, the federal Administrative Remedies Act, the federal Social Security Act laws prohibiting inducements to ~~beneficiaries,~~**Members**, the federal **Health Insurance Portability and Accountability Act (HIPAA)**, and other applicable statutes.

C. CalOptima **Employees** and its **FDRs** are expected and required to promptly report suspected violations of any statute, regulations, or guidelines applicable to any CalOptima program. CalOptima maintains a strict policy of non-retaliation and non-retribution toward **Employees** and its **FDRs** who make such reports in good faith. ~~CalOptima Employees and its FDRs are protected from retaliation under Title 31, United State Code, Section 3730(h), for False Claims Act complaints, as well as any other anti-retaliation protections.~~

~~D. This policy is reviewed annually to ensure relevancy and accuracy, ensuring that CalOptima's FWA program are in alignment with industry best practices.~~

~~E.~~D. CalOptima shall establish a process for timely and reasonable investigation and reporting of suspected **FWA**, in accordance with this policy.

* Terms in **bold** are included in the Glossary.

Back to Agenda

~~F.~~E. CalOptima's Office of Compliance shall coordinate all activities associated with the investigation and reporting of suspected **FWA**.

~~G.~~F. CalOptima's Office of Compliance shall maintain a system for the review of suspect claims to detect and prevent **FWA**, in accordance with federal and state regulations, and to identify resulting overpayments for recoupment, in accordance with CalOptima ~~Policy~~Policies HH.5000Δ: Provider Overpayment Investigation and Determination and HH.1105Δ: Fraud, Waste and Abuse Detection.

G. ~~CalOptima shall cooperate~~CalOptima's Office of Compliance shall collaborate with the CalOptima Pharmacy Management Department, and other appropriate departments, to reduce controlled substances and opioid-related **Fraud**, **Abuse**, and misuse, as outlined in CalOptima Policy GG.1423: Medication Quality Assurance Program.

1. The CalOptima SIU shall investigate suspected **FWA** of prescription drugs, and/or controlled substances, in accordance with this Policy.

H. CalOptima shall coordinate and cooperate with the **Department of Health Care Services (DHCS)**, **Centers for Medicare & Medicaid (CMS)**, and law enforcement agencies related to any **FWA** investigations, or audits.

I. CalOptima shall conduct a preliminary investigation of any allegation of suspected **FWA** and shall report suspected **FWA** to the appropriate agency, in accordance with its contracts with **DHCS** and/or **CMS**, and this policy.

J. Upon determination of validity of the allegation, CalOptima shall refer suspected **FWA** to **DHCS** and/or **CMS** for further investigation, as appropriate.

~~K.~~ CalOptima's Office of Compliance shall maintain a database and a uniform filing system to maintain suspected **FWA** referrals, including reports, investigations, and correspondence, in accordance with CalOptima's **Compliance Program**.

K. ~~CalOptima's Office of Compliance shall develop data and other supporting evidence for a FWA investigation, consult with Legal Counsel, and function as~~ CalOptima's Office of Compliance shall ensure appropriate confidentiality of case files, or other documentation relating to any investigation of a suspected **FWA** case.

L. CalOptima's Office of Compliance shall function as the liaison between CalOptima and **DHCS**, appropriate state Medical Boards, the State Board of Pharmacy, other licensing entities, law enforcement, prosecuting agencies, as appropriate, and other relevant entities.

~~M.A. CalOptima's Office of Compliance shall ensure appropriate confidentiality of case files, or other documentation relating to any investigation of a suspected **FWA** case.~~

~~N.~~M. CalOptima's Office of Compliance shall report the status and results of ~~all~~ suspected **FWA** investigations to CalOptima's Compliance Committee~~.~~ as appropriate.

N. CalOptima's Office of Compliance shall investigate, and report suspected **FWA**, in accordance with this policy.

FOR 20191205 BOD REVIEW

III. PROCEDURE

~~O. CalOptima shall fully coordinate and cooperate with DHCS, CMS, and other law enforcement agencies related to any FWA investigations, or audits, to support health oversight matters.~~

~~III. PROCEDURE~~

~~A. Reporting:~~

A. Reporting FWA to CalOptima:

1. CalOptima shall provide a method for CalOptima **Employees**, **FDRs**, and **Members** to anonymously report suspected **FWA** to the Office of Compliance. CalOptima **Employees** and its **FDRs** may call the Compliance and Ethics Hotline at (877) 837-4417 to anonymously report concerns regarding **Fraud**, **Waste**, and **Abuse**.

2. A CalOptima **Employee** who detects suspected **FWA** ~~shall~~may also complete a Suspected Fraud or Abuse Referral Form and transmit it to the Office of Compliance.

3. An **FDR** with a contractual obligation to report suspected **FWA** shall notify CalOptima of suspected **FWA**, in accordance with the terms and conditions of its contract and this policy.

B. Investigation of FWA:

~~P.~~A. ~~CalOptima's Office of Compliance shall investigate, and report suspected **FWA**, in accordance with this policy.~~

~~1. CalOptima shall report to DHCS all cases of suspected Fraud and/or Abuse where there is reason to believe that an incident of Fraud and/or Abuse has occurred by CalOptima Employees, FDRs, or Members. CalOptima shall conduct, complete and report to DHCS, the results of a preliminary investigation of the suspected Fraud and/or Abuse within ten (10) business days of the date CalOptima first became aware of, or is in notice of, such activity.~~

~~4. For investigations involving OneCare, OneCare Connect, or PACE programs, CalOptima shall report to CMS via the NBI MEDIC all cases of suspected fraud and/or abuse where there is reason to believe that an incident of Fraud and/or Abuse has occurred by CalOptima Employees, FDRs, or Members. CalOptima shall conduct, complete and report to CMS, the results of a preliminary investigation of the suspected Fraud and/or Abuse within thirty (30) business days of the date CalOptima first became aware of, or is in notice of, such activity.~~

~~5. Referrals to **DHCS** and NBI MEDIC, where Special Investigation Unit (SIU) detection activities results in a reason to believe suspected Fraud or Abuse has occurred and requires further investigation by DHCS, shall be sent on the Form MC609 Confidential Report form. The MC609 form and attachments submitted to DHCS must, at a minimum, include:~~

~~f. Number of complaints of Fraud and Abuse submitted that warranted preliminary investigation;~~

~~g. For each complaint which warranted a preliminary investigation:~~

~~a. Name and/or SSN or CIN;~~

FOR 20191205BOD REVIEW

~~b.a. Source of complaint;~~

~~c.a. Type of **Provider;**~~

~~d.a. Nature of complaint;~~

~~e.a. Approximate dollars involved if known; and~~

~~f. Legal and administrative disposition of the case.~~

~~h. For investigations involving the Medi-Cal program, the referral shall be submitted on a Medi-Cal Complaint Report (MC609) that can be sent to **DHCS** via secure email, secure facsimile, Federal Express with a tracking number or certified mail, in accordance with the instructions provided in Exhibit E of CalOptima's contract with the Department of Health Care Services (DHCS) for Medi-Cal.~~

~~i. For investigations involving the OneCare, OneCare Connect, or PACE programs, the referral shall be submitted on a Part D/MEDIC Complaint form that can be sent to CMS contractor, NBI MEDIC, via secure email, secure facsimile, FedEx with a tracking number, or certified mail. For investigations involving OneCare, OneCare Connect, or PACE program where the allegation is exclusively a compromised identification, the referral to NBI MEDIC shall be submitted on a MEDIC ID compromised form. CalOptima shall submit applicable police reports, investigation documentation (background, interviews, etc.), **Member** information, **Provider** enrollment data, confirmation of services, list items or services furnished by **Provider**, pharmaceutical data, and any other pertinent information.~~

~~B. Investigation:~~

1. Upon detection of suspected **FWA**, the Office of Compliance shall review the suspected activity using data from reports, including, but not limited to, the following:

   a. CalOptima's Compliance and Ethics Hotline, or other reporting mechanisms;

   b. Claims data history;

   c. Encounter data;

   d. **Member** and **Provider** complaints, appeals, and grievance reviews;

   e. **Medical Record** audits;

   f. Pharmacy data;

   g. Utilization Management reports;

   h. **Provider** utilization profiles;

FOR 20191205BOD REVIEW

i. Monitoring and auditing activities;

j. Monitoring external health care **FWA** cases and determining if CalOptima's **FWA** program can be strengthened with information gleaned from the case activity; and/or

k. Internal and external ~~survey~~surveys, reviews, and audits.

~~2. For investigations involving the CalOptima Medi-Cal program, CalOptima shall complete the preliminary investigation, including the review of listed and other documents. CalOptima shall conduct, complete and report to DHCS, the results of a preliminary investigation of the suspected Fraud and/or Abuse within ten (10) business days of the date CalOptima first became aware of, or is in notice of, such activity.~~

~~3. For investigations involving the OneCare, One Care Connect, or Program of All-Inclusive Care for the Elderly (PACE) programs, CalOptima shall complete the preliminary investigation, including the review of listed and other documents. CalOptima shall conduct, complete, and report to the CMS National Benefit Integrity Medicare Drug Integrity Contractor (NBI MEDIC), the results of a preliminary investigation of the suspected fraud and/or abuse within thirty (30) business days of the date CalOptima first became aware of, or is in notice of, such activity.~~

~~4.~~2. For CalOptima **Employee** conduct investigations that involve potential **FWA**, a referral to SIU should be made by the CalOptima staff involved in the initial **Employee** conduct investigation. Each referral is considered on a case-by-case basis. The referral to SIU for **Employee** conduct investigations will authorize the SIU to have primary responsibility of the **Employee** conduct investigation as it relates to potential **FWA**.

~~5.~~3. ~~When included on the FWA Referral Form, or when~~When the **FWA** Investigator is able to determine the probable root cause of the suspected **FWA**, the information will be documented in the **Fraud** Tracking Database~~. Additionally, the FWA Investigator will track~~ and ~~trend on the root causes as part of the FWA Trend Analysis on a~~ may be reported during the quarterly ~~basis to the~~ **Compliance Committee**~~, when there are root causes that have been identified and able to be trended.~~ Meetings.

4. ~~For~~ If an investigation finds no component of FWA, and the ~~Medi-Cal Program, and~~actions investigated are more appropriately classified as non-compliance, the remediation shall be handled in accordance with CalOptima Policies HH.2005Δ: Corrective Actions Plans, HH.2002Δ: Sanctions, ~~and~~or GA.8022: Performance and Behavior Standards~~,~~.

5. CalOptima shall issue corrective actions to **Employees**~~,~~ and its **FDRs** related to validated instances of **FWA**. Corrective actions will be monitored by the **Compliance Committee**, or the Human Resources Department, as appropriate. Corrective actions may include financial sanctions, regulatory reporting, performance improvement plans, or termination. If the validated instance of **FWA** is determined to be criminal in nature, ~~corrective action~~ actions may also include a referral to law enforcement.

6. The~~Should such corrective action need to be issued, the CalOptima~~ Office of Compliance will initiate review and discussion at the first **Compliance Committee** following the date ~~of~~

FOR 2019 12 05 BOD REVIEW

~~identification of the suspected FWA, the date of report to DHCS, or the date of FWA substantiation by DHCS subsequent to the report~~to which the alleged FWA has been investigated and yielded findings.

7. If CalOptima's SIU investigation yields findings involving a **FDR**, the SIU shall notify the impacted CalOptima department(s) and CalOptima **Health Network(s)**.

~~7.~~ For investigations involving ~~For the OneCare, OneCare Connect, or PACE programs, and in accordance with CalOptima Policies HH.2005Δ: Corrective Actions Plans, HH.2002Δ: Sanctions, and GA.8022: Performance and Behavior Standards, CalOptima shall issue corrective actions to Employees, and its FDRs related to validated instances of FWA. Corrective actions will be monitored by the Compliance Committee, or the Human Resources Department, as appropriate. Corrective actions may include financial sanctions, regulatory reporting, performance improvement plans, or termination, as appropriate. If the validated instance of FWA is determined to be criminal in nature, corrective action may also include a referral to law enforcement. Should such corrective action need to be issued, the CalOptima Office of Compliance will initiate review and discussion at the first Compliance Committee following the date of identification of the suspected FWA, the date of report to CMS, or the date of FWA substantiation by CMS subsequent to the report.~~

8. suspected FWA of prescription drugs, including controlled substances, the CalOptima SIU will collaborate with the CalOptima Pharmacy Management Department during the investigation. If the investigation yields findings related to FWA, the SIU will work with Pharmacy Management and Quality Improvement to implement actions in accordance with CalOptima Policies GG.1425: Prescriber Restriction Program, GG.1416: Pharmacy Home Program, GG.1408: Pharmacy Audits and Reviews, GG.1615: Corrective Action Plan for Practitioners, and MA.6104: Opioid Medication Utilization Management.

The SIU

~~1. For investigations involving situations when **DHCS** notifies the CalOptima that a Credible Allegation of Fraud has been found against a Provider relating to the provision of Fee-For-Service (FFS) Medi-Cal services and that Provider is also part of the CalOptima network, CalOptima must take one (1) or more of the following options and submit supporting documentation to DHCS:~~

~~a. Terminate the Provider from its network;~~

~~b. Temporarily suspend the Provider from its network pending resolution of the Fraud allegation;~~

~~c. Temporarily suspend payment to the Provider pending resolution of the Fraud allegation; and/or~~

~~d. Conduct additional monitoring including audits of the Provider's claims history and future claims submissions for appropriate billing.~~

FOR 2019 1205 BOD REVIEW

8. The following is a list of potential FWA classifications for Member and Provider Fraud and Abuse Program, along with some examples of potential detection criteria that may be used to detect these types of suspected FWA:

MEMBER FRAUD OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to;
M01	Using another individual's identity or documentation of Medi-Cal eligibility to obtain Covered Services	Members with multiple areas of service; members who attempt more than one PCP; reports of members who are hiding assets or income
M02	Selling, loaning, or giving a member's identity or documentation of Medi-Cal eligibility to obtain services	Members with multiple areas of service; members who attempt more than one PCP; reports of members who are hiding assets or income
M03	Making an unsubstantiated declaration of eligibility	Members with multiple areas of service; members who attempt more than one PCP; reports of members who are hiding assets or income
M04	Using a Covered Service for purposes other than the purpose for which it was described including use of such Covered Service	Selling a covered wheelchair; selling medications; abusing prescription medications
M05	Failing to report other health coverage.	Payments by OHI
M06	Soliciting or receiving a kickback, bribe, or rebate as an inducement to receive or not receive Covered Services.	Hotline reports; internal reports; reports by Health Networks
M07	Other (please specify)	Any source
M08	Member Pharmacy Utilization	PBM reports; data analytics; claims data; encounter data; FWA software
M09	Doctor Shopping	PBM reports; data analytics; claims data; encounter data; FWA software
M10	Altered Prescription	Provider report; DEA report; pharmacy report; PBM reports; data analytics; claims data; encounter data; FWA software

PROVIDER FRAUD OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
P01	Unsubstantiated declaration of eligibility to participate in the CalOptima program	Provider information not able to be verified during credentialing or contracting process; providers on the excluded provider list
P02	Submission of claims for Covered Services that are substantially and demonstrably in excess of any individual's usual charges for such Covered Services	PBM reports; data analytics; claims data; encounter data; FWA software
P03	Submission of claims for Covered Services that are not actually provided	PBM reports; data analytics; claims data; encounter data; FWA software; verification survey; hotline

FOR 20191205BOD REVIEW

PROVIDER FRAUD OR PROGRAM ABUSE		DETECTION CRITERIA Including but not limited to:
	to the member for which the claim is submitted	
P04	Submission of claims for Covered Services that are in excess of the quantity that is Medically Necessary	PBM reports; data analytics; claims data; encounter data; FWA software
P05	Submission of claims for Covered Services that are that are billed using a code that would result in great payment than the code that reflects the covered services	PBM reports; data analytics; claims data; encounter data; FWA software
P06	Submission of claims for Covered Services that is already included in the capitation rate	PBM reports; data analytics; claims data; encounter data; FWA software
P07	Submission of claims for Covered Services that are submitted for payment to both CalOptima and another third-party payer without full disclosure	PBM reports; data analytics; claims data; encounter data; FWA software; payment by OHI
P08	Charging a member in excess of allowable co-payments and deductibles for Covered Services	Member report; hotline report; oversight audits
P09	Billing a member for Covered Services without obtaining written consent to bill for such service	Member report; hotline report; oversight audits
P10	Failure to disclose conflict of interest	Hotline; credentialing or contracting process
P11	Receiving, soliciting, or offering a kickback, bribe or rebate to refer or fail to refer a member	Hotline report; oversight report
P12	Failure to register billing intermediary with the Department of Health Care Services	Oversight audit; report by regulatory body; hotline
P13	False certification of Medical Necessity	Medical record review; claims data; encounter data; FWA software
P14	Attributing a diagnosis code to a member that does not reflect the member's medical condition for the purpose of obtaining higher reimbursement	Medical record review; claims data; encounter data; FWA software
P15	False or inaccurate Minimum Standards or credentialing information	Hotline; credentialing or contracting process
P16	Submitting reports that contain unsubstantiated data, data that is inconsistent with records, or has been altered in a manner that is inconsistent with policies, contracts, statues or regulations	Medical record review; claims data; encounter data; FWA software
P17	Other (please specify)	Any source

FOR 2019 1205 BOD REVIEW

~~PROVIDER FRAUD OR PROGRAM ABUSE~~		~~DETECTION CRITERIA Including but not limited to:~~
~~P18~~	~~Provider Pharmacy Utilization~~	~~PBM reports; data analytics; claims data; encounter data; FWA software~~
~~P19~~	~~Billing Medi-Cal Member for Services~~	~~Member report; hotline report; oversight audits~~
~~P20~~	~~Durable Medical Equipment- Covered Services that are not actually provided to beneficiary~~	~~Member report; hotline report; oversight audits; verification survey~~

~~EMPLOYEE FRAUD OR PROGRAM ABUSE~~		~~DETECTION CRITERIA Including but not limited to:~~
~~E01~~	~~Use of a Member's identity or documentation of Medi-Cal eligibility to obtain services~~	~~Employees obtaining services on a Member's account. Hotline report. Data analytics. Referrals to SIU.~~
~~E02~~	~~Use of a Member's identity or documentation of Medi-Cal eligibility to obtain a gain.~~	~~Employees obtaining unjust enrichment, funds, or other gain by selling Member's account information. Hotline report.~~
~~E03~~	~~Employee assistance to providers with the submission of claims for Covered Services that are not actually provided to the Member for which the claim is submitted.~~	~~Employees obtaining unjust enrichment, funds, or other gain from provider by using Member's account information to assist in the submission of false claims. Hotline report. Referrals to SIU.~~
~~E04~~	~~Employee deceptively accessing company confidential information for purpose of a gain.~~	~~Employees obtaining unjust enrichment, funds, or other gain from another by deceptive and unauthorized accessing of information. Hotline Service. Data Analytics. Referrals to SIU.~~

9. ~~CalOptima Special Investigation Unit (SIU)~~ shall enter all documentation related to any suspected **FWA** case into the **Fraud** Tracking Database as soon as practicable and document the final disposition as soon as practicable, once the case has been determined to be closed.

C. Notices of a Credible Allegation of Fraud

1. For investigations involving situations when **DHCS** notifies CalOptima that a **Credible Allegation of Fraud** has been found against a **FDR** relating to the provision of Fee-For-Service (FFS) Medi-Cal services and that **FDR** is also part of the CalOptima network, CalOptima must take one (1) or more of the following options and submit supporting documentation to **DHCS**:

   a. Terminate the **FDR** from its network;

   b. Temporarily suspend the **FDR** from its network pending resolution of the **Fraud** allegation;

   c. Temporarily suspend payment to the **FDR** pending resolution of the **Fraud** allegation; and/or

FOR 2019120 5BOD REVIEW

d. Conduct additional monitoring including audits of the **FDR's** claims history and future claims submissions for appropriate billing.

D. CalOptima Reporting to Regulators:

1. For investigations involving Medi-Cal, CalOptima shall report to **DHCS** all cases of suspected **Fraud** and/or **Abuse** where there is reason to believe that an incident of **Fraud** and/or **Abuse** has occurred by CalOptima **Employees**, **FDRs**, or **Members**. CalOptima shall conduct, complete and report to **DHCS**, the results of a preliminary investigation of the suspected **Fraud** and/or **Abuse** within ten (10) business days of the date CalOptima first became aware of, or is on notice of, such activity.

2. For investigations involving OneCare, OneCare Connect, or PACE programs, CalOptima shall report to **DHCS** in accordance with III.5. above, as well as to **CMS** via the Investigations MEDIC Complaint Form (I MEDIC) all cases of suspected **Fraud** and/or **Abuse** where there is reason to believe that an incident of **Fraud** and/or **Abuse** has occurred by CalOptima **Employees**, **FDRs**, or **Members**. CalOptima shall conduct a preliminary investigation and report to **CMS** within thirty (30) business days of the date potential Fraudulent or abusive activity is identified.

3. Referrals to **DHCS** and **CMS**, where Special Investigation Unit (SIU) detection activities results in a reason to believe suspected **Fraud** or **Abuse** has occurred and requires further investigation, shall include at a minimum:

a. Identifying information of the subject;

b. Source of complaint;

c. Type of **Provider**;

d. Nature of complaint;

e. Approximate dollars involved if known; and

f. Legal and administrative disposition of the case.

4. For investigations involving the Medi-Cal program, the referral shall be submitted on a Medi-Cal Complaint Report (MC609) that can be sent to **DHCS** via secure email, secure facsimile, Federal Express with a tracking number, or certified mail, in accordance with the instructions provided in Exhibit E of CalOptima's contract with the **Department of Health Care Services (DHCS)** for Medi-Cal.

~~10.~~ For investigations involving the OneCare, OneCare Connect, or PACE programs, the referral shall be submitted on a Part D/I MEDIC Complaint form that can be sent to **CMS** contractor via secure email, secure facsimile, Federal Express with a tracking number, or certified mail. For investigations involving OneCare, OneCare Connect, or PACE program where the allegation is exclusively a compromised identification, the referral to **CMS** shall be submitted on a I MEDIC ID Compromised ID Report Form via secure email, secure facsimile, Federal Express with a tracking number, or certified mail. CalOptima shall submit applicable police reports, investigation documentation

IX. GLOSSARY

Term	Definition
Abuse	Actions that may, directly or indirectly, result in: unnecessary costs to a CalOptima Program, improper payment, payment for services that fail to meet professionally recognized standards of care, or services that are medically unnecessary. Abuse involves payment for items or services when there is no legal entitlement to that payment and the ~~provider~~Provider has not knowingly and/or intentionally misrepresented facts to obtain payment. Abuse cannot be differentiated categorically from ~~fraud~~Fraud, because the distinction between "~~fraud~~Fraud" and "~~abuse~~Abuse" depends on specific facts and circumstances, intent and prior knowledge, and available evidence, among other factors.
Centers for Medicare & Medicaid Services (CMS)	The federal agency within the United States Department of Health and Human Services (DHHS) that administers the Federal Medicare program and works in partnership with state governments to administer Medicaid programs.
Compliance Committee	The committee designated by the Chief Executive Officer (CEO) to implement and oversee the Compliance Program and to participate in carrying out provisions of this Compliance Plan. The composition of the Compliance Committee shall consist of senior management staff that may include, but is not limited to, the: Chief Executive Officer; Chief Medical Officer; Chief Operating Officer; Chief Financial Officer; Executive Director of Compliance; and Executive Director of Human Resources.
Compliance Program	The program (including, without limitation, this Compliance Plan, Code of Conduct and Policies and Procedures and Procedures) developed and adopted by CalOptima to promote, monitor and ensure that CalOptima's operations and practices and the practices of its Board Member, Employees and FDRs comply with applicable law and ethical standards.
Covered Service	Medi-Cal: Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as Covered Services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), or other services as authorized by the Board of Directors, which shall be covered for Members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program. OneCare: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Center of Medicare & Medicaid Services (CMS) Contract. OneCare Connect:

FOR 2019 12-5 BOD REVIEW

Term	Definition
	Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Three-Way contract with the Department of Health Care Services (DHCS) and Centers for Medicare & Medicaid Services (CMS). PACE: Items and services provided by CalOptima under the provisions of Welfare & Institutions Code section 14132, except those services specifically excluded under the CalOptima PACE Program Agreement, Exhibit E, Attachment 1, Section 26.
Credible Allegation of Fraud	A ~~credible allegation~~Credible Allegation of ~~fraud~~Fraud may be an allegation, which has been verified by the State, from any source, including but not limited to the following: (1) Fraud hotline complaints. (2) Claims data mining. (3) Patterns identified through ~~provider~~Provider audits, civil false claims cases, and law enforcement investigations. Allegations are considered to be credible when they have indicia of reliability and the State Medicaid agency has reviewed all allegations, facts, and evidence carefully and acts judiciously on a case-by-case basis.
Department of Health Care Services (DHCS)	The California Department of Health Care Services, the State agency that oversees California's Medicaid program, known as Medi-Cal.
Downstream Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima Program benefit, below the level of arrangement between CalOptima and a First Tier Entity. These written arrangements continue down to the level of the ultimate ~~provider~~Provider of both health and administrative services.
Employee	Any and all ~~employees~~Employees of CalOptima, including all senior management, officers, managers, supervisors and other employed personnel, as well as temporary ~~employees~~Employees and volunteers.
First Tier, Downstream, and Related Entities (FDR)	First Tier, Downstream or Related Entity, as separately defined herein. For the purposes of this policy, the term FDR includes delegated entities, contracted ~~providers~~Providers, Health Networks, Physician Medical Groups, Physician Hospital Consortiums, and Health Maintenance Organizations.
First Tier Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care services to a Member under a CalOptima Program.
Fraud	Knowingly and willfully executing, or attempting to execute, a scheme or artifice to ~~defraud~~deFraud any health care benefit program or to obtain (by means of false or ~~fraudulent~~Fraudulent pretenses, representations, or promises) any of the money or property owned by, or under the custody or control of, any health care benefit program. (18 U.S.C. § 1347).
Health Insurance Portability and Accountability Act (HIPAA)	The Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, was enacted on August 21, 1996. Sections 261 through 264 of HIPAA require the Secretary of the U.S. Department of Health and Human Services (HHS) to publicize standards for the electronic exchange, privacy and security of health information, and as subsequently amended.
Health Network	The contracted ~~health networks~~Health Networks of CalOptima, including Physician Hospital Consortia ("PHCs"), Shared Risk Medical Groups ("SRGs"), and Health Maintenance Organizations ("HMOs").

FOR 2019 12/06 BOD REVIEW

Term	Definition
Medically Necessary or Medical Necessity	Reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury.
Medical Record	Any single, complete record kept or required to be kept by any Provider that documents all the medical services received by the Member, including, but not limited to, inpatient, outpatient, and emergency care, referral requests, authorizations, or other documentation as indicated by CalOptima policy.
Member	A beneficiary who is enrolled in a CalOptima Program.
Pharmacy Benefit Manager (PBM)	An entity that provides pharmacy benefit management services, including contracting with a network of pharmacies; establishing payment levels for network pharmacies; negotiating rebate arrangements; developing and managing formularies, preferred drug lists, and prior authorization programs; maintaining patient ~~compliance programs~~Compliance Programs; performing drug utilization review; and operating disease management programs.
Provider	A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary ~~provider~~Provider, health maintenance organization, or other person or institution that furnishes Covered Services.
Related Entity	Any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to Members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.
Waste	The overutilization of services, or other practices that, directly or indirectly, result in unnecessary costs to a CalOptima Program. Waste is generally not considered to be caused by criminally negligent actions but rather the misuse of resources.

FOR 2019/12/05 BOD REVIEW

I. PURPOSE

This policy establishes a process to investigate and report suspected **Fraud**, **Waste, or Abuse (FWA)** committed by a **Member**, **Provider**, a CalOptima **Employee**, **First Tier, Downstream, and Related Entities (FDRs)**, and CalOptima's **Health Networks** involving a CalOptima program, in accordance with federal and state regulations and contractual requirements.

II. POLICY

A. CalOptima maintains a zero-tolerance policy toward **FWA** by a **Member**, a **Provider**, an **Employee**, an **FDR** and/or a **Health Network**.

B. CalOptima shall comply with applicable statutory, regulatory, other requirements, sub-regulatory guidance, and contractual commitments related to the delivery of **Covered Services**, which include, but are not limited to, federal and state False Claims Acts and Anti-Kickback laws, the federal Exclusion Statute, the federal Administrative Remedies Act, the federal Social Security Act laws prohibiting inducements to **Members**, the federal **Health Insurance Portability and Accountability Act (HIPAA)**, and other applicable statutes.

C. CalOptima **Employees** and its **FDRs** are expected and required to promptly report suspected violations of any statute, regulations, or guidelines applicable to any CalOptima program. CalOptima maintains a strict policy of non-retaliation and non-retribution toward **Employees** and its **FDRs** who make such reports in good faith.

D. CalOptima shall establish a process for timely and reasonable investigation and reporting of suspected **FWA**, in accordance with this policy.

E. CalOptima's Office of Compliance shall coordinate all activities associated with the investigation and reporting of suspected **FWA**.

F. CalOptima's Office of Compliance shall maintain a system for the review of suspect claims to detect and prevent **FWA**, in accordance with federal and state regulations, and to identify resulting overpayments for recoupment, in accordance with CalOptima Policies HH.5000Δ: Provider Overpayment Investigation and Determination and HH.1105Δ: Fraud, Waste and Abuse Detection.

***** Terms in **bold** are included in the Glossary.

Back to Agenda

G. CalOptima's Office of Compliance shall collaborate with the CalOptima Pharmacy Management Department, and other appropriate departments, to reduce controlled substances and opioid-related **Fraud**, **Abuse**, and misuse, as outlined in CalOptima Policy GG.1423: Medication Quality Assurance Program.

1. The CalOptima SIU shall investigate suspected **FWA** of prescription drugs, and/or controlled substances, in accordance with this Policy.

H. CalOptima shall coordinate and cooperate with the **Department of Health Care Services (DHCS)**, **Centers for Medicare & Medicaid (CMS)**, and law enforcement agencies related to any **FWA** investigations, or audits.

I. CalOptima shall conduct a preliminary investigation of any allegation of suspected **FWA** and shall report suspected **FWA** to the appropriate agency, in accordance with its contracts with **DHCS** and/or **CMS**, and this policy.

J. Upon determination of validity of the allegation, CalOptima shall refer suspected **FWA** to **DHCS** and/or **CMS** for further investigation, as appropriate.

K. CalOptima's Office of Compliance shall maintain a database and a uniform filing system to maintain suspected **FWA** referrals, including reports, investigations, and correspondence, in accordance with CalOptima's **Compliance Program**. CalOptima's Office of Compliance shall ensure appropriate confidentiality of case files, or other documentation relating to any investigation of a suspected **FWA** case.

L. CalOptima's Office of Compliance shall function as the liaison between CalOptima and **DHCS**, appropriate state Medical Boards, the State Board of Pharmacy, other licensing entities, law enforcement, prosecuting agencies, as appropriate, and other relevant entities.

M. CalOptima's Office of Compliance shall report the status and results of suspected **FWA** investigations to CalOptima's Compliance Committee as appropriate.

N. CalOptima's Office of Compliance shall investigate, and report suspected **FWA**, in accordance with this policy.

III. PROCEDURE

A. Reporting FWA to CalOptima:

1. CalOptima shall provide a method for CalOptima **Employees**, **FDRs**, and **Members** to anonymously report suspected **FWA** to the Office of Compliance. CalOptima **Employees** and its **FDRs** may call the Compliance and Ethics Hotline at (877) 837-4417 to anonymously report concerns regarding **Fraud**, **Waste**, and **Abuse**.

2. A CalOptima **Employee** who detects suspected **FWA** may also complete a Suspected Fraud or Abuse Referral Form and transmit it to the Office of Compliance.

3. An **FDR** with a contractual obligation to report suspected **FWA** shall notify CalOptima of suspected **FWA**, in accordance with the terms and conditions of its contract and this policy.

B. Investigation of FWA:

FOR 20191205BOD REVIEW

Back to Agenda

1. Upon detection of suspected **FWA**, the Office of Compliance shall review the suspected activity using data from reports, including, but not limited to, the following:

    a. CalOptima's Compliance and Ethics Hotline, or other reporting mechanisms;

    b. Claims data history;

    c. Encounter data;

    d. **Member** and **Provider** complaints, appeals, and grievance reviews;

    e. **Medical Record** audits;

    f. Pharmacy data;

    g. Utilization Management reports;

    h. **Provider** utilization profiles;

    i. Monitoring and auditing activities;

    j. Monitoring external health care **FWA** cases and determining if CalOptima's **FWA** program can be strengthened with information gleaned from the case activity; and/or

    k. Internal and external surveys, reviews, and audits.

2. For CalOptima **Employee** conduct investigations that involve potential **FWA**, a referral to SIU should be made by the CalOptima staff involved in the initial **Employee** conduct investigation. Each referral is considered on a case-by-case basis. The referral to SIU for **Employee** conduct investigations will authorize the SIU to have primary responsibility of the **Employee** conduct investigation as it relates to potential **FWA**.

3. When the **FWA** Investigator is able to determine the probable root cause of the suspected **FWA**, the information will be documented in the **Fraud** Tracking Database and may be reported during the quarterly **Compliance Committee** Meetings.

4. If an investigation finds no component of FWA, and the actions investigated are more appropriately classified as non-compliance, the remediation shall be handled in accordance with CalOptima Policies HH.2005Δ: Corrective Actions Plans, HH.2002Δ: Sanctions, or GA.8022: Performance and Behavior Standards.

5. CalOptima shall issue corrective actions to **Employees** and its **FDRs** related to validated instances of **FWA**. Corrective actions will be monitored by the **Compliance Committee**, or the Human Resources Department, as appropriate. Corrective actions may include financial sanctions, regulatory reporting, performance improvement plans, or termination. If the validated instance of **FWA** is determined to be criminal in nature, actions may also include a referral to law enforcement.

6. The Office of Compliance will initiate review and discussion at the first **Compliance Committee** following the date to which the alleged FWA has been investigated and yielded findings.

FOR 2019 12 05 BOD REVIEW

Back to Agenda

7. If CalOptima's SIU investigation yields findings involving a **FDR**, the SIU shall notify the impacted CalOptima department(s) and CalOptima **Health Network(s)**.

8. For investigations involving suspected FWA of prescription drugs, including controlled substances, the CalOptima SIU will collaborate with the CalOptima Pharmacy Management Department during the investigation. If the investigation yields findings related to FWA, the SIU will work with Pharmacy Management and Quality Improvement to implement actions in accordance with CalOptima Policies GG.1425: Prescriber Restriction Program, GG.1416: Pharmacy Home Program, GG.1408: Pharmacy Audits and Reviews, GG.1615: Corrective Action Plan for Practitioners, and MA.6104: Opioid Medication Utilization Management.

9. The SIU
9. shall enter all documentation related to any suspected **FWA** case into the **Fraud** Tracking Database as soon as practicable and document the final disposition as soon as practicable, once the case has been determined to be closed.

C. Notices of a Credible Allegation of Fraud

1. For investigations involving situations when **DHCS** notifies CalOptima that a **Credible Allegation of Fraud** has been found against a **FDR** relating to the provision of Fee-For-Service (FFS) Medi-Cal services and that **FDR** is also part of the CalOptima network, CalOptima must take one (1) or more of the following options and submit supporting documentation to **DHCS**:

   a. Terminate the **FDR** from its network;

   b. Temporarily suspend the **FDR** from its network pending resolution of the **Fraud** allegation;

   c. Temporarily suspend payment to the **FDR** pending resolution of the **Fraud** allegation; and/or

   d. Conduct additional monitoring including audits of the **FDR's** claims history and future claims submissions for appropriate billing.

D. CalOptima Reporting to Regulators:

1. For investigations involving Medi-Cal, CalOptima shall report to **DHCS** all cases of suspected **Fraud** and/or **Abuse** where there is reason to believe that an incident of **Fraud** and/or **Abuse** has occurred by CalOptima **Employees**, **FDRs**, or **Members**. CalOptima shall conduct, complete and report to **DHCS**, the results of a preliminary investigation of the suspected **Fraud** and/or **Abuse** within ten (10) business days of the date CalOptima first became aware of, or is on notice of, such activity.

2. For investigations involving OneCare, OneCare Connect, or PACE programs, CalOptima shall report to **DHCS** in accordance with III.5. above, as well as to **CMS** via the Investigations MEDIC Complaint Form (I MEDIC) all cases of suspected **Fraud** and/or **Abuse** where there is reason to believe that an incident of **Fraud** and/or **Abuse** has occurred by CalOptima **Employees**, **FDRs**, or **Members**. CalOptima shall conduct a preliminary investigation and report to **CMS** within thirty (30) business days of the date potential Fraudulent or abusive activity is identified.

FOR 20191205BOD REVIEW

3. Referrals to **DHCS** and **CMS**, where Special Investigation Unit (SIU) detection activities results in a reason to believe suspected **Fraud** or **Abuse** has occurred and requires further investigation, shall include at a minimum:

   a. Identifying information of the subject;

   b. Source of complaint;

   c. Type of **Provider**;

   d. Nature of complaint;

   e. Approximate dollars involved if known; and

   f. Legal and administrative disposition of the case.

4. For investigations involving the Medi-Cal program, the referral shall be submitted on a Medi-Cal Complaint Report (MC609) that can be sent to **DHCS** via secure email, secure facsimile, Federal Express with a tracking number, or certified mail, in accordance with the instructions provided in Exhibit E of CalOptima's contract with the **Department of Health Care Services (DHCS)** for Medi-Cal.

5. For investigations involving the OneCare, OneCare Connect, or PACE programs, the referral shall be submitted on a Part D/I MEDIC Complaint form that can be sent to **CMS** contractor via secure email, secure facsimile, Federal Express with a tracking number, or certified mail. For investigations involving OneCare, OneCare Connect, or PACE program where the allegation is exclusively a compromised identification, the referral to **CMS** shall be submitted on a I MEDIC ID Compromised ID Report Form via secure email, secure facsimile, Federal Express with a tracking number, or certified mail. CalOptima shall submit applicable police reports, investigation documentation (background, interviews, etc.), **Member** information, **Provider** enrollment data, confirmation of services, list items or services furnished by **Provider**, pharmaceutical data, and any other pertinent information

IX.

FOR 20191205BOD REVIEW

IX. GLOSSARY

Term	Definition
Abuse	Actions that may, directly or indirectly, result in: unnecessary costs to a CalOptima Program, improper payment, payment for services that fail to meet professionally recognized standards of care, or services that are medically unnecessary. Abuse involves payment for items or services when there is no legal entitlement to that payment and the Provider has not knowingly and/or intentionally misrepresented facts to obtain payment. Abuse cannot be differentiated categorically from Fraud, because the distinction between "Fraud" and "Abuse" depends on specific facts and circumstances, intent and prior knowledge, and available evidence, among other factors.
Centers for Medicare & Medicaid Services (CMS)	The federal agency within the United States Department of Health and Human Services (DHHS) that administers the Federal Medicare program and works in partnership with state governments to administer Medicaid programs.
Compliance Committee	The committee designated by the Chief Executive Officer (CEO) to implement and oversee the Compliance Program and to participate in carrying out provisions of this Compliance Plan. The composition of the Compliance Committee shall consist of senior management staff that may include, but is not limited to, the: Chief Executive Officer; Chief Medical Officer; Chief Operating Officer; Chief Financial Officer; Executive Director of Compliance; and Executive Director of Human Resources.
Compliance Program	The program (including, without limitation, this Compliance Plan, Code of Conduct and Policies and Procedures and Procedures) developed and adopted by CalOptima to promote, monitor and ensure that CalOptima's operations and practices and the practices of its Board Member, Employees and FDRs comply with applicable law and ethical standards.
Covered Service	Medi-Cal: Those services provided in the Fee-For-Service Medi-Cal program, as set forth in Title 22, CCR, Division 3, Subdivision 1, Chapter 3, beginning with Section 51301, and Title 17, CCR, Chapter 4, Subchapter 13, Article 4, beginning with Section 6840, which are included as Covered Services under CalOptima's Contract with DHCS and are Medically Necessary, along with chiropractic services (as defined in Section 51308 of Title 22, CCR), podiatry services (as defined in Section 51310 of Title 22, CCR), and speech pathology services and audiology services (as defined in Section 51309 of Title 22, CCR), or other services as authorized by the Board of Directors, which shall be covered for Members not withstanding whether such benefits are provided under the Fee-For-Service Medi-Cal program. OneCare: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Center of Medicare & Medicaid Services (CMS) Contract. OneCare Connect: Those medical services, equipment, or supplies that CalOptima is obligated to provide to Members under the Three-Way contract with the Department of Health Care Services (DHCS) and Centers for Medicare & Medicaid Services (CMS).

FOR 2019 12-05 BOD REVIEW

Back to Agenda

Term	Definition
	PACE: Items and services provided by CalOptima under the provisions of Welfare & Institutions Code section 14132, except those services specifically excluded under the CalOptima PACE Program Agreement, Exhibit E, Attachment 1, Section 26.
Credible Allegation of Fraud	A Credible Allegation of Fraud may be an allegation, which has been verified by the State, from any source, including but not limited to the following: (1) Fraud hotline complaints. (2) Claims data mining. (3) Patterns identified through Provider audits, civil false claims cases, and law enforcement investigations. Allegations are considered to be credible when they have indicia of reliability and the State Medicaid agency has reviewed all allegations, facts, and evidence carefully and acts judiciously on a case-by-case basis.
Department of Health Care Services (DHCS)	The California Department of Health Care Services, the State agency that oversees California's Medicaid program, known as Medi-Cal.
Downstream Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with persons or entities involved with a CalOptima Program benefit, below the level of arrangement between CalOptima and a First Tier Entity. These written arrangements continue down to the level of the ultimate Provider of both health and administrative services.
Employee	Any and all Employees of CalOptima, including all senior management, officers, managers, supervisors and other employed personnel, as well as temporary Employees and volunteers.
First Tier, Downstream, and Related Entities (FDR)	First Tier, Downstream or Related Entity, as separately defined herein. For the purposes of this policy, the term FDR includes delegated entities, contracted Providers, Health Networks, Physician Medical Groups, Physician Hospital Consortiums, and Health Maintenance Organizations.
First Tier Entity	Any party that enters into a written arrangement, acceptable to DHCS and/or CMS, with CalOptima to provide administrative services or health care services to a Member under a CalOptima Program.
Fraud	Knowingly and willfully executing, or attempting to execute, a scheme or artifice to deFraud any health care benefit program or to obtain (by means of false or Fraudulent pretenses, representations, or promises) any of the money or property owned by, or under the custody or control of, any health care benefit program. (18 U.S.C. § 1347).
Health Insurance Portability and Accountability Act (HIPAA)	The Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, was enacted on August 21, 1996. Sections 261 through 264 of HIPAA require the Secretary of the U.S. Department of Health and Human Services (HHS) to publicize standards for the electronic exchange, privacy and security of health information, and as subsequently amended.
Health Network	The contracted Health Networks of CalOptima, including Physician Hospital Consortia ("PHCs"), Shared Risk Medical Groups ("SRGs"), and Health Maintenance Organizations ("HMOs").
Medically Necessary or Medical Necessity	Reasonable and necessary services to protect life, to prevent significant illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illness, or injury.
Medical Record	Any single, complete record kept or required to be kept by any Provider that documents all the medical services received by the Member, including, but not limited to, inpatient, outpatient, and emergency care, referral requests, authorizations, or other documentation as indicated by CalOptima policy.

FOR 2019 BOD REVIEW

Term	Definition
Member	A beneficiary who is enrolled in a CalOptima Program.
Pharmacy Benefit Manager (PBM)	An entity that provides pharmacy benefit management services, including contracting with a network of pharmacies; establishing payment levels for network pharmacies; negotiating rebate arrangements; developing and managing formularies, preferred drug lists, and prior authorization programs; maintaining patient Compliance Programs; performing drug utilization review; and operating disease management programs.
Provider	A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary Provider, health maintenance organization, or other person or institution that furnishes Covered Services.
Related Entity	Any entity that is related to CalOptima by common ownership or control and that: performs some of CalOptima's management functions under contract or delegation; furnishes services to Members under an oral or written agreement; or leases real property or sells materials to CalOptima at a cost of more than $2,500 during a contract period.
Waste	The overutilization of services, or other practices that, directly or indirectly, result in unnecessary costs to a CalOptima Program. Waste is generally not considered to be caused by criminally negligent actions but rather the misuse of resources.

INSTRUCTIONS FOR COMPLETING A SUSPECTED FRAUD OR ABUSE REFERRAL FORM

To submit a request to investigate suspected fraud or abuse, please complete a CalOptima Suspected Fraud or Abuse Referral Form. Examples of "Member" or "Provider" fraud or abuse are listed on the form. These are examples only. The list does not represent every situation in which fraud or abuse can take place.

Complete all applicable sections of the form. It is very important to complete the entire form so we can effectively investigate the issue.

If desired, requestor may remain anonymous; however, if the requestor does not provide his/her name and phone number, the CalOptima Office of Compliance will be unable to contact him/her if there are any questions about the information submitted, which may prevent completion of the investigation.

Submit the completed form with supporting documents to CalOptima's Office of Compliance via one of the following methods:

1. Email: Fraud@CalOptima.org
2. U.S. Mail: CalOptima
   Office of Compliance — SIU
   505 City Parkway West
   Orange, CA 92868
3. Fax: **1-714-481-6457**

MARK ALL CORRESPONDENCE AS "CONFIDENTIAL."

You may also report suspected fraud or abuse to CalOptima's Ethics and Compliance hotline, 24 hours a day, 7 days a week, toll-free at 1-877-837-4417. TDD/TTY users can call toll-free at 1-800-735-2929. We have staff that speak your language.

FOR 2019 2/5 BOD REVIEW

I. PURPOSE

This policy establishes an effective system for the review of suspect claims to detect and prevent **Fraud**, **Waste**, and **Abuse** (**FWA**) within a CalOptima program, in accordance with federal and state regulations, and to identify resulting **Overpayments** for recoupment.

II. POLICY

A. The CalOptima Special Investigations Unit (SIU) shall be responsible for identifying **Overpayments** for recoupment opportunities that may emerge in the course of ~~a~~an **FWA** investigation.

B. During the course of an investigation, the SIU team shall review claims, review **Medical Records** and other records, and/or ~~billing activity~~conduct interviews or surveys to either verify if services were rendered, or if services were appropriately billed, as applicable.

C. CalOptima may receive complaints of suspected **FWA** from any of the following sources, including but not limited to:

1. Compliance and Ethics Hotline;
2. Internal audits;
3. Internal operational reviews;
4. External audits, including audits conducted by consultants and regulatory agencies;
5. **FWA** software runs;
6. **Pharmacy Benefits Manager (PBM)**;
7. Compliance Committee;
8. Audit & Oversight Committee (AOC);

* Terms in **bold** are included in the Glossary.

Back to Agenda

9. Internal department referrals;

10. Claims auditors who review **Provider** claims through the claims review software system;

11. Internal and external claims and compliance audits; and

12. Any other source that identifies potential **FWA**.

III. PROCEDURE

A. Identification of **Overpayments**

1. CalOptima's SIU team shall investigate any identified **Overpayments** that are suspected to be the result of inappropriate and/or inaccurate billing activity.

2. Upon referral to CalOptima's SIU team, the SIU team shall utilize investigation software/tools to identify suspicious billing patterns, or industry-identified **FWA** trends to determine whether CalOptima disbursed an **Overpayment** to a **Provider**.

   a. Suspicious billing patterns or trends may include, but are not limited to, **Providers** who:

      i. Bill an unusually large percentage of their claims with modifiers;

      ii. Repeatedly submitting claims for procedures, items or units of services, that are excessive and/or not covered by Medi-Cal or Medicare after being advised of the error;

      iii. Submit claims for particular procedure codes at a significantly higher frequency than other **Providers** within the same specialty.

      ~~ii.~~iv. Bill a large proportion of high-level Evaluation and Management (E/M) Codes; or

      ~~iii.~~v. Prescribe an unusual amount of **Schedule II Medications** in relation to their peers.

3. During the course of an investigation, the SIU team shall review claims and/or billing activity, to either verify if services were rendered, or if services were appropriately billed, as applicable.

B. Investigation Protocol of **Overpayments**

1. During the course of an investigation, CalOptima's SIU team may identify actual or potential **Overpayments** that are suspected to be the result of inappropriate and/or inaccurate activity.

2. **FWA** investigations may identify inappropriate and inaccurate activity ~~pursuant to various activities~~through a variety of means, including but not limited to, inbound complaints, proactive data analysis, collaboration meetings with internal and external departments, and Centers for Medicaid & Medicare Services (CMS) Health Plan Management System (HPMS) ~~memorandums~~memoranda.

3. CalOptima's SIU investigation may include the following elements:

FOR 20191205BOD REVIEW

a. Interviews with **Members**, **Providers**, and other witnesses;

b. Data analysis, including but not limited to analysis of claims billing, payment trends, and procedure code combinations, etc.;

c. Review of **Medical Records** and other records by the SIU investigator, or, for complex reviews, a clinician, such as a Registered Nurse (RN), Licensed Vocational Nurse (LVN), Medical Doctor (MD), and Doctor of Pharmacy (Pharm. D); and

d. All relevant and pertinent data/information, as appropriate, that will aid in completing the investigation to closure.

4. The SIU shall obtain **Medical Records** and other records from the **Provider**, if it is necessary to determine if an **Overpayment** occurred.

a. The SIU shall make three (3) attempts to obtain **Medical Records** and other records from a **Provider**.

b. The number of records requested may vary depending on the nature of the investigation.

c. Records shall be submitted to the SIU within the timeframes outlined below:

i. Initial request – records must be returned within ten (10) business days.

ii. Second Request – records must be returned within four (4) business days

iii. An extension may be granted upon request and at the discretion of the SIU.

d. Failure to provide records after the final warning has been issued in writing will result in CalOptima initiating an **Overpayment** request due to the **Provider's** not being able to corroborate services rendered.

~~**Providers** must adhere to the requirements for the **Medical Record** and other records request issued by the Office of Compliance. Failure to do so may result in records not being accepted and an **Overpayment** recovery being initiated.~~

e. Providers must adhere to the requirements for the **Medical Record** and other record request set forth in the demand letter issued by the Office of Compliance.

~~**Providers** must adhere to the requirements for the **Medical Record** and other records request issued by the Office of Compliance. Failure to do so may result in records not being accepted~~

~~4.~~5. CalOptima's SIU shall consult with qualified personnel in reviewing the **Medical Records** and other records. If CalOptima's SIU investigation yields findings, and if an **Overpayment** is determined to be an appropriate administrative action that is based on potential **FWA**, inappropriate, and/or inaccurate billing, SIU shall proceed with **Overpayment** recoupment activities. SIU shall provide guidance to CalOptima Claims Administration Department, including drafting the content of **Overpayment** letters ~~and instructions for referring calls from Providers regarding FWA Overpayments to SIU.~~.

FOR 20191205BOD REVIEW

Back to Agenda

C. Documentation

1. If SIU identifies an **Overpayment** as a result of an investigation, an "**Overpayment** Spreadsheet" shall be provided by CalOptima SIU team in detail with each determination to the Claims Administration Department.

2. The "**Overpayment** Spreadsheet" shall include the minimum necessary information to adequately review, investigate, and determine if claims were overpaid. The "**Overpayment** Spreadsheet" may include the following details, as applicable:

   a. Member name;

   b. Unique Member identification (ID) number;

   c. Claim number;

   d. HCPCS/CPT Code;

   e. ICD-9 and/or ICD-10 codes;

   f. Revenue codes;

   g. Date(s) of service;

   h. Number of services billed;

   i. Number of units allowed;

   j. Billed amount;

   k. Allowed amount;

   l. Paid amount;

   m. **Overpayment** amount; and

   n. Denial reason.

D. Resolution

1. ~~Once~~If CalOptima's SIU investigation has identified an **Overpayment**, and does not contain a component of FWA, the **Overpayment** shall be referred to CalOptima Claims Administration Department for **Overpayment** set up, collection, and recoupment, as outlined in CalOptima Policy FF.2001: Claims Processing for Covered Services Rendered to CalOptima Direct-Administrative Members, CalOptima Community Network Members, or Members Enrolled in a Shared Risk Group.

2. ~~CalOptima's SIU team shall review and educate Providers about billing protocols to minimize future occurrences of Overpayments.~~

FOR 20191205BOD REVIEW

CalOptima's SIU shall notify the Department of Health Care Services (DHCS) and/or the CMS of Overpayment determinations, as required by law and state and federal regulations, in accordance with

3. CalOptima Policy HH.1107Δ: Fraud, Waste, and Abuse Investigation and Reporting and as required by law and state and federal regulations, but no later than sixty (60) calendar days after the date CalOptima identified the Overpayment.

4. When the Overpayment is the result of inappropriate and/or inaccurate billing, and contains a component of FWA, SIU shall refer such Overpayment determinations to the CalOptima Claims Administration Department for recoupment.

a. FWA overpayment determinations may be the result of FWA findings, including but not limited to:

i. Providers failing to provide appropriate documentation in the Medical Record;

ii. Improbable medical circumstances, including but not limited to, billing for services in excess of twenty-four (24) hours a day, billing for services rendered to a deceased Member, billing for three (3) hip replacements, or prescribing Acquired Immunodeficiency Syndrome (AIDS) or Hepatitis C medication to a Member with no diagnosis of such disease;

iii. Services not rendered but billed for; or

iv. Services provided after the Provider has been suspended by a licensing board or government entity.

5.2. If the claim(s) review determines that the billing was improperly paid and if the payment was determined to be based on inappropriate and/or inaccurate billing activity, and it contains a component of **FWA**, CalOptima's SIU shall:

a. Document the rationale for assessing the **Overpayment**;

b. Initiate recoupment process of the **Overpayment** through appropriate channels, including coordination with the CalOptima Claims Administration Department;

c. Send the **Provider** the required demand letter, signed by SIU staffmanagement;

d. Continue collection activity, as necessary;, and assist respective department(s) as needed with investigation in coordination with the CalOptima Claims Administration Department.;

e. Notify the DHCS and/or the CMS of **Overpayment** determinations, in accordance with CalOptima Policy HH.1107Δ: Fraud, Waste, and Abuse Investigation and Reporting and as required by law and state and federal regulations, but no later than sixty (60) calendar days after the date CalOptima identified the **Overpayment**.

6. If DHCS issues a credible allegation of Fraud as described in CalOptima Policy HH.1107Δ: Fraud, Waste, and Abuse Investigation and Reporting. CalOptima shall initiate recoupment of Overpayments in according to Section III.D. of this Policy.

FOR 20191205BOD REVIEW

~~7. If the claim(s) review determines that the billing was improperly paid and if the payment was determined to be based on inappropriate and/or inaccurate billing activity, and does not contain a component of FWA, CalOptima's Claims Administration Department shall follow up through the standard recoupment process.~~

IX. GLOSSARY

Term	Definition
Abuse	Actions that may, directly or indirectly, result in: unnecessary costs to a CalOptima Program, improper payment, payment for services that fail to meet professionally recognized standards of care, or services that are medically unnecessary. Abuse involves payment for items or services when there is no legal entitlement to that payment and the ~~provider~~Provider has not knowingly and/or intentionally misrepresented facts to obtain payment. Abuse cannot be differentiated categorically from ~~fraud~~Fraud, because the distinction between "~~fraud~~Fraud" and "~~abuse~~Abuse" depends on specific facts and circumstances, intent and prior knowledge, and available evidence, among other factors.
Fraud	Knowingly and willfully executing, or attempting to execute, a scheme or artifice to defraud any health care benefit program or to obtain (by means of false or ~~fraudulent~~Fraudulent pretenses, representations, or promises) any of the money or property owned by, or under the custody or control of, any health care benefit program. (18 U.S.C. § 1347.)
Medical Record	A ~~medical record~~Medical Record, health record, or medical chart in general is a systematic documentation of a single individual's medical history and care over time. The term 'Medical Record' is used both for the physical folder for each individual patient and for the body of information which comprises the total of each patient's health history.
Overpayment	For purposes of this policy, a payment disbursed in excess amounts properly payable under Medicare and Medi-Cal statutes and regulations.
Provider	A physician, pharmacist, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, health maintenance organization, Physician Medical Group, or other person or institution who furnishes Covered Services.
Schedule II Medication	Narcotic substances with a high potential for ~~abuse~~Abuse which may lead to severe psychological or physical dependence.
Waste	Overutilization of services, or other practices that, directly or indirectly, result in unnecessary costs to a CalOptima Program. Waste is generally not considered to be caused by criminally negligent actions but rather the misuse of resources.

    m. **Overpayment** amount; and

    n. Denial reason.

D. Resolution

1. If CalOptima's SIU investigation has identified an **Overpayment**, and does not contain a component of FWA, the **Overpayment** shall be referred to CalOptima Claims Administration Department for **Overpayment** set up, collection, and recoupment, as outlined in CalOptima Policy FF.2001: Claims Processing for Covered Services Rendered to CalOptima Direct-Administrative Members, CalOptima Community Network Members, or Members Enrolled in a Shared Risk Group.

2. If the claim(s) review determines that the billing was improperly paid and if the payment was determined to be based on inappropriate and/or inaccurate billing activity, and it contains a component of **FWA**, CalOptima's SIU shall:

    a. Document the rationale for assessing the **Overpayment**;

    b. Initiate recoupment process of the **Overpayment** through appropriate channels, including coordination with the CalOptima Claims Administration Department;

    c. Send the **Provider** the required demand letter, signed by SIU management;

FOR 20191205BOD REVIEW

Back to Agenda

d. Continue collection activity, as necessary, and assist respective department(s) as needed with investigation in coordination with the CalOptima Claims Administration Department;

e. Notify the DHCS and/or the CMS of **Overpayment** determinations, in accordance with CalOptima Policy HH.1107Δ: Fraud, Waste, and Abuse Investigation and Reporting and as required by law and state and federal regulations, but no later than sixty (60) calendar days after the date CalOptima identified the **Overpayment**.

IX. GLOSSARY

Term	Definition
Abuse	Actions that may, directly or indirectly, result in: unnecessary costs to a CalOptima Program, improper payment, payment for services that fail to meet professionally recognized standards of care, or services that are medically unnecessary. Abuse involves payment for items or services when there is no legal entitlement to that payment and the Provider has not knowingly and/or intentionally misrepresented facts to obtain payment. Abuse cannot be differentiated categorically from Fraud, because the distinction between "Fraud" and "Abuse" depends on specific facts and circumstances, intent and prior knowledge, and available evidence, among other factors.
Fraud	Knowingly and willfully executing, or attempting to execute, a scheme or artifice to defraud any health care benefit program or to obtain (by means of false or Fraudulent pretenses, representations, or promises) any of the money or property owned by, or under the custody or control of, any health care benefit program. (18 U.S.C. § 1347.)
Medical Record	A Medical Record, health record, or medical chart in general is a systematic documentation of a single individual's medical history and care over time. The term 'Medical Record' is used both for the physical folder for each individual patient and for the body of information which comprises the total of each patient's health history.
Overpayment	For purposes of this policy, a payment disbursed in excess amounts properly payable under Medicare and Medi-Cal statutes and regulations.
Provider	A physician, pharmacist, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, health maintenance organization, Physician Medical Group, or other person or institution who furnishes Covered Services.
Schedule II Medication	Narcotic substances with a high potential for Abuse which may lead to severe psychological or physical dependence.
Waste	Overutilization of services, or other practices that, directly or indirectly, result in unnecessary costs to a CalOptima Program. Waste is generally not considered to be caused by criminally negligent actions but rather the misuse of resources.

FOR 20191205BOD REVIEW

I. PURPOSE

This policy defines the **Designated Record Set (DRS)** that contains **Protected Health Information (PHI)** for a **Member**, maintained by CalOptima and the conditions under which the **Member**, or their Personal Representative, may access, inspect, or obtain a copy of ~~his or her~~their **PHI** in the **DRS**.

II. POLICY

A. Except as otherwise provided in Section III.A.9 of this Policy, **Members** shall have the right of access to inspect and obtain a copy of their **PHI** in the **DRS** for as long as CalOptima maintains the **PHI** in the **DRS**.

~~1. Records are retained in accordance with CalOptima Policy HH.2022Δ: Record Retention and Access.~~

B. CalOptima shall provide a **Member** with access to their **PHI** in the format requested by the **Member**, if it is readily producible in such form and format; or, if not, in a readable hard copy form or such other form and format as agreed to by CalOptima and the **Member**.

~~C. If the Member requests their PHI to be sent via mail, CalOptima may impose a reasonable, cost-based fee for postage.~~

~~D.~~C. CalOptima shall grant a **Member's** ~~Authorized~~Personal Representative access to a **Member's PHI**, in accordance with CalOptima Policies HH.3009Δ: Access by **Member's** Personal Representative and HH.3015Δ: Member Authorization for the Use and Disclosure of Protected Health Information.

~~E.~~D. Any person with knowledge of a violation, or potential violation, of this Policy shall report such information to the Privacy Officer directly, or through the CalOptima Compliance and Ethics Hotline at 1-877-837-4417 or email: ~~privacy@caloptima.org.~~privacy@caloptima.org.

III. PROCEDURE

A. Requests for access to inspect or obtain a copy of **DRS**:

Back to Agenda

1. A **Member** shall submit a written request for access to inspect or obtain a copy of ~~his or her~~their **PHI** in the **DRS** by submitting the Individual Request for Access to Protected Health Information (PHI) Contained in the Designated Record Set Form to the Office of Compliance. A **Member's** Personal Representative may request access to the **Member's PHI** in accordance with the requirements set forth in CalOptima Policy HH.3009Δ: Access by Member's ~~Personal~~Authorized Representative~~.~~.

   a. ~~The DRS does not include~~**Member** or their **Personal Representative** has the right to direct CalOptima to transmit the **PHI** directly to another person, or entity, as designated by the **Member** or their **Personal Representative**, in accordance with CalOptima Policy HH.3009Δ: Access by Member's Authorized Representative.

      i. The **Member's** or their **Personal Representative's** request to transmit the **PHI** to another person, or entity, must be in writing, signed by the **Member** or their **Personal Representative,** and clearly identify the designated person, or entity, and location (postal address) to send the **PHI**.

2. While CalOptima's **DRS** contains certain medical and payment records from providers, it does not have complete copies of records created and/or maintained by **Providers** or entities other than CalOptima. If a **Member** wants such records, they are advised to contact their doctor, **Health Network**, or other health care ~~provider.~~**Provider**. CalOptima does maintain medical and billing records for PACE Program participants which may be obtained by the Participant or their Personal Representative."

3. CalOptima shall process a request to access, inspect or obtain copies of the PHI in the DRS ~~within~~promptly, and unless an extension is required under Section III.A.4., no later than thirty (30) calendar days after receipt of a complete written request.

   a. If the **Member** requests their **PHI** to be sent via mail, CalOptima may impose a reasonable, cost- based fee for postage and may charge up to ten cents ($0.10) per page.

~~3.~~4. If necessary, a thirty (30) calendar day extension may be used to retrieve information that is not readily available.

   a. For an extension, CalOptima must provide the **Member**, within thirty (30) calendar days after receipt of the request, a written statement of the reasons for the delay and the date by which it will complete its action on the request.

   b. CalOptima may only have one (1) such extension of time for action on a request for access to **DRS**.

~~4.~~5. The Office of Compliance shall notify the **Member**, in writing, of the determination on the request. The notice shall contain the information set forth in Section III.E. of this Policy.

~~5.~~6. Verification of **Member** identification requesting access to inspect or copy the **DRS**:

   a. If the **Member** makes such request in person to the Customer Service Department, Customer Service staff shall:

FOR 2019 12 05 BOD REVIEW

Back to Agenda

i. Request identification (e.g., Driver License or **Member** ID card), or ask to verify the **Member's** date of birth or address based on **FACETS™** data; and

ii. Provide the **Member** with a copy of the Individual Request for Access to Protected Health Information (PHI) Contained in the DRS Form for the **Member** to complete.

b. If the **Member** request is received by mail or fax, the Office of Compliance staff shall verify the identity of the individual in accordance with CalOptima Policy HH.3003Δ: Verification of Identity for **Disclosure** of **Protected Health Information**.

~~6.~~7. The Office of Compliance shall accept ~~the~~a request from the **Member** as valid, provided all information on the request is complete and accurate. All requests shall include~~, as applicable:~~:

~~a. An Authorization for Release of Protected Health Information Form, as applicable, for Disclosure of a Member's PHI to a third party;~~

~~b.~~a. An Individual Request for Access to **Protected Health Information (PHI)** Contained in the **DRS** Form; or

~~c.~~b. A written request that provides sufficient information, as necessary to identify the specific **PHI** sought; and

~~d.~~c. Documentation that verifies the identity of the **Member**, in accordance with CalOptima Policy HH.3003Δ: Verification of Identity for **Disclosure** of **Protected Health Information**.

~~7.~~8. The Office of Compliance shall review the request, determine if **Member** access is appropriate, and which parts of the **DRS** the **Member** cannot access.

~~8.~~9. The Office of Compliance ~~shall~~may deny **Member** access in the following circumstances:

~~a. PHI that is not part of a DRS because the information is not used to make decisions about Members;~~

~~b.~~a. **Psychotherapy Notes**;

~~c.~~b. **PHI** compiled in reasonable anticipation of, or for ~~use~~**Use** in, a civil, criminal, or administrative action, or proceeding;

~~d.~~c. A CalOptima PACE covered health care ~~provider~~**Provider** acting under the direction of the correctional institution may deny, in whole or in part, an inmate's request to obtain a copy of **PHI**, if obtaining such copy would jeopardize the health, safety, security, custody, or rehabilitation of the individual or of other inmates, or the safety of any officer, employee, or other person at the correctional institution or responsible for transporting of the inmate;

~~e.~~d. A **Member's** access to **PHI** created or obtained by a CalOptima PACE covered health care ~~provider~~**Provider** in the course of research that includes ~~treatment~~**Treatment** may be temporarily suspended for as long as the research is in progress, provided that the **Member**

FOR 20191205BOD REVIEW

Back to Agenda

has agreed to the denial of access when consenting to participate in the research that includes ~~treatment~~**Treatment**, and the covered health care ~~provider~~**Provider** has informed the **Member** that the right of access will be reinstated upon completion of the research;

~~f.~~e. With respect to CalOptima OneCare Connect Program, a **Member's** access to **PHI** that is contained in records that are subject to the Privacy Act, 5 USC § 552a, may be denied, if the denial of access under the Privacy Act would meet the requirements of that law;

~~g.~~f. **PHI** obtained from someone other than a **Provider** under a promise of confidentiality, and the access requested would be reasonably likely to reveal the source of the information.

~~h.~~g. A licensed health care professional has determined, in the exercise of professional judgment, that the access requested is reasonably likely to endanger the life, or physical safety, of the **Member**, or another person;

~~f~~h. The **PHI** makes reference to another person other than the **Member**, unless that person is a **Provider**, and a licensed health care professional has determined, in his or her professional judgment, that the access requested is reasonably likely to cause substantial harm to such other person; or

~~g~~i. The **Personal Representative** requests for access, and a licensed health care professional has determined, in ~~his or her~~their professional judgment, that the provision of access to such **Personal Representative** is reasonably likely to cause substantial harm to the individual, or another person.

~~9.~~10. If the denial is based on any of the reasons as stated in Section III.A.9 ~~h – j.,~~g- i, a **Member** can request to have the denial reviewed by another licensed health care professional by submitting a written request to the CalOptima Privacy Officer at 505 City Parkway West, Orange, CA 92868. The licensed health care professional involved in the appeal cannot be the same person as the licensed health care professional who made the original denial decision.

11. If the denial is based on any of the reasons as stated in Section III.A.9 a-f, a **Member** is not entitled to request that the denial be reviewed.

~~10.~~12. The Office of Compliance shall route the request to the department(s), or ~~Business Associate~~business associate responsible for creating, or maintaining, the requested record(s).

13. The responsible department shall locate and send a copy of ~~the~~all requested **PHI** to the Office of Compliance within seven (7) calendar days of receiving the request.

14. The Business Associate shall send a copy of the requested **PHI** to the Office of Compliance within fourteen (14) calendar days of receiving the request.

15. The Office of Compliance shall review all records for accuracy prior to providing the requested records to the **Member** or their **Personal Representative**.

B. The following departments within CalOptima shall ~~have responsibility for~~ maintain the content found in the **DRS**:

IX. GLOSSARY

Term	Definition
Authorized Representative	Has the meaning given to the term Personal Representative in Section 164.502(g) of Title 45, Code of Federal Regulations. A person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting *in loco parentis* who have the authority under applicable law to make health care decisions on behalf of unemancipated minors and as further described in CalOptima Policy HH.3009: Access, Use, and Disclosure of PHI to a Member's Authorized Representative.

FOR 20191205BOD REVIEW

Term	Definition
Business AssociateDesignated Record Set (DRS)	Has the meaning given such term in Section 160.103164.501 of Title 45, Code of Federal Regulations. A person or entity who: On behalfA group of such records maintained by or for a covered entity or of an organized health care arrangement (as defined in this section) in which the covered entity participates, but other than in the capacity of a member of the workforce of such covered entity or arrangement, creates, receives, maintains, or transmits protected health information for a function or activity regulated by this subchapter, including claims processing or administration, data analysis, processing or administration, utilization review, quality assurance, patient safety activities listed at 42 CFR 3.20, billing, benefit management, practice management, and repricing; orthat is: 1. The medical records and billing records about individuals maintained by or for a covered health care Provider; 2. The enrollment, Payment, claims adjudication, and case or medical management record systems maintained by or for a health plan; or 3. Used, in whole or in part, by or for the covered entity to make decisions about individuals. 1. The term record means any item, collection, or grouping of information that Provides, other than in the capacity of a member of the workforce of such covered entity, legal, actuarial, accounting, consulting, data aggregation (as defined in §164.501 of this subchapter), management, administrative, accreditation, or financial services to or for such covered entity, or to or for an organized health care arrangement in which the covered entity participates, where the provision of the service involves the disclosure of protected health information from such covered entity or arrangement, or from another business associate of such covered entity or arrangement, to the person. A covered entity may be a business associate of another covered entity. Business associate includes: 1. A Health Information Organization, E-prescribing Gateway, or other person that provides data transmission services with respect to protected health information toand is maintained, collected, Used, or disseminated by or for a covered entity and that requires access on a routine basis to such protected health information. 2. A person that offers a personal health record to one or more individuals on behalf of a covered entity. A subcontractor that creates, receives, maintains, or transmits protected health information on behalf of the business associate.

FOR 2019 1205 BOD REVIEW

Term	Definition
~~Designated Record Set~~	~~Has the meaning given such term in Section 164.501 of Title 45, Code of Federal Regulations. A group of records maintained by or for a covered entity that is:~~ ~~1. The medical records and billing records about individuals maintained by or for a covered health care provider;~~ ~~2.~~1.~~The enrollment, payment, claims adjudication, and case or medical management record systems maintained by or for a health plan; or~~ ~~3.~~1.~~Used, in whole or in part, by or for the covered entity to make decisions about individuals.~~ ~~The term record means any item, collection, or grouping of information that includes protected health information and is maintained, collected, used, or disseminated by or for a covered entity.~~
Disclosure	Has the meaning in Title 45, Code of Federal Regulations Section 160.103 including the following: the release, transfer, provision of access to, or divulging in any manner of information outside of the entity holding the information.
FACETS™	Licensed software product that supports administrative, claims processing and adjudication, ~~membership~~Membership data, and other information needs of managed care organizations.
Health Care Operations	Has the meaning given such term in Section 164.501 of Title 45, Code of Federal Regulations including activities including quality assessment and improvement activities, care management, professional review, compliance and audits, health insurance underwriting, premium rating and other activities related to a contract and health benefits, management and administration activities, customer services, resolution of internal grievances, business planning, and development and activities related to compliance with the privacy rule.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Long Term Services and Supports (LTSS)	A wide variety of services and supports that help Members meet their daily needs for assistance and improve the quality of their lives. LTSS are provided over an extended period, predominantly in homes and communities, but also in facility-based settings such as nursing facilities. As described in California WIC Section 14186.1, Medi-Cal covered LTSS includes all of the following: 1. Community-Based Adult Services (CBAS); 2. Multipurpose Senior Services Program (MSSP) services; and 3. Skilled nursing facility services and subacute care services.
Member	An enrollee-beneficiary of a CalOptima program.
Multipurpose Senior Services Program (MSSP)	A program approved under the federal Medicaid Home and Community-Based, 1915 (c) Waiver designed to prevent premature institutionalization through provision of comprehensive social and health care management to assist frail elder person who are certifiable for placement in a nursing facility, to remain safely at home at a cost lower than nursing facility care.

FOR 2019 2020 BOD REVIEW

Term	Definition
Payment	Has the meaning in 42 Code of Federal Regulations Section 164.501, including: activities carried out by CalOptima including: 1. Determination of eligibility, risk adjustments based on Member health status and demographics, billing claims management, and collection activities; 2. Review of health care services regarding medical necessity, coverage under a health plan, appropriateness of care, or justification of charges; and 3. Utilization review activities including pre-certification, preauthorization, concurrent, or retrospective review of services.
Personal Representative	Has the meaning given to the term Personal Representative in Section 164.502(g) of Title 45, Code of Federal Regulations. A person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting *in loco parentis* who have the authority under applicable law to make health care decisions on behalf of unemancipated minors and as further described in CalOptima Policy HH.3009: Access, Use, and Disclosure of PHI to a Member's Authorized Representative.
Protected Health Information (PHI)	Has the meaning in Title 45 Code of Federal Regulations Section 160.103, including the following: individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium. This information identifies the individual or there is reasonable basis to believe the information can be used to identify the individual. The information was created or received by Cal Optima or Business Associates and relates to: 1. The past, present, or future physical or mental health or condition of a Member; 2. The provision of health care to a Member; or 3. Past, present, or future Payment for the provision of health care to a Member.
Provider	A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary ~~provider~~Provider, health maintenance organization, or other person or institution that furnishes Covered Services.

FOR 20191205BOD REVIEW

Term	Definition
Psychotherapy Notes	Has the meaning given such term in Section 164.501 of Title 45, Code of Federal Regulations. Notes recorded (in any medium) by a health care ~~provider~~Provider who is a mental health professional documenting or analyzing the contents of conversation during a private counseling session or a group, joint, or family counseling session and that are separated from the rest of the Member's medical record. Psychotherapy ~~notes~~Notes excludes medication prescription and monitoring, counseling session start and stop times, the modalities and frequencies of ~~treatment~~Treatment furnished, results of clinical tests, and any summary of the following items: Diagnosis, functional status, the ~~treatment~~Treatment plan, symptoms, prognosis, and progress to date
Treatment	Has the meaning in ~~42~~45 Code of Federal Regulations Section 164.501, including: activities undertaken on behalf of a Member including the provision, coordination, or management of health care and related services; the referral to, and consultation between, health care ~~providers~~Providers; and coordination with third parties for services related to the management of the ~~Member's~~Member's health care benefits.
Use	Has the meaning in Title 45 Code of Federal Regulations Section 160.103, including the following: the sharing, employment, application, utilization, examination, or analysis of the PHI within an entity that maintains such information.

FOR 20191205BOD REVIEW

I. PURPOSE

This policy defines the **Designated Record Set (DRS)** that contains **Protected Health Information (PHI)** for a **Member**, maintained by CalOptima and the conditions under which the **Member**, or their Personal Representative, may access, inspect, or obtain a copy of their **PHI** in the **DRS**.

II. POLICY

A. Except as otherwise provided in Section III.A.9 of this Policy, **Members** shall have the right of access to inspect and obtain a copy of their **PHI** in the **DRS** for as long as CalOptima maintains the **PHI** in the **DRS**.

B. CalOptima shall provide a **Member** with access to their **PHI** in the format requested by the **Member**, if it is readily producible in such form and format; or, if not, in a readable hard copy form or such other form and format as agreed to by CalOptima and the **Member**.

C. CalOptima shall grant a **Member's** Personal Representative access to a **Member's PHI**, in accordance with CalOptima Policies HH.3009Δ: Access by **Member's** Personal Representative and HH.3015Δ: Member Authorization for the Use and Disclosure of Protected Health Information.

D. Any person with knowledge of a violation, or potential violation, of this Policy shall report such information to the Privacy Officer directly, or through the CalOptima Compliance and Ethics Hotline at 1-877-837-4417 or email: privacy@caloptima.org.

III. PROCEDURE

A. Requests for access to inspect or obtain a copy of **DRS**:

1. A **Member** shall submit a written request for access to inspect or obtain a copy of their **PHI** in the **DRS** by submitting the Individual Request for Access to Protected Health Information (PHI) Contained in the Designated Record Set Form to the Office of Compliance. A **Member's** Personal Representative may request access to the **Member's PHI** in accordance with the requirements set forth in CalOptima Policy HH.3009Δ: Access by Member's Authorized Representative.

Back to Agenda

a. **Member** or their **Personal Representative** has the right to direct CalOptima to transmit the **PHI** directly to another person, or entity, as designated by the **Member** or their **Personal Representative**, in accordance with CalOptima Policy HH.3009Δ: Access by Member's Authorized Representative.

i. The **Member's** or their **Personal Representative's** request to transmit the **PHI** to another person, or entity, must be in writing, signed by the **Member** or their **Personal Representative,** and clearly identify the designated person, or entity, and location (postal address) to send the **PHI**.

2. While CalOptima's **DRS** contains certain medical and payment records from providers, it does not have complete copies of records created and/or maintained by **Providers** or entities other than CalOptima. If a **Member** wants such records, they are advised to contact their doctor, **Health Network**, or other health care **Provider**. CalOptima does maintain medical and billing records for PACE Program participants which may be obtained by the Participant or their Personal Representative."

3. CalOptima shall process a request to access, inspect or obtain copies of the PHI in the DRS promptly, and unless an extension is required under Section III.A.4., no later than thirty (30) calendar days after receipt of a complete written request.

a. If the **Member** requests their **PHI** to be sent via mail, CalOptima may impose a reasonable, cost- based fee for postage and may charge up to ten cents ($0.10) per page.

4. If necessary, a thirty (30) calendar day extension may be used to retrieve information that is not readily available.

a. For an extension, CalOptima must provide the **Member**, within thirty (30) calendar days after receipt of the request, a written statement of the reasons for the delay and the date by which it will complete its action on the request.

b. CalOptima may only have one (1) such extension of time for action on a request for access to **DRS**.

5. The Office of Compliance shall notify the **Member**, in writing, of the determination on the request. The notice shall contain the information set forth in Section III.E. of this Policy.

6. Verification of **Member** identification requesting access to inspect or copy the **DRS**:

a. If the **Member** makes such request in person to the Customer Service Department, Customer Service staff shall:

i. Request identification (e.g., Driver License or **Member** ID card), or ask to verify the **Member's** date of birth or address based on **FACETS™** data; and

ii. Provide the **Member** with a copy of the Individual Request for Access to Protected Health Information (PHI) Contained in the DRS Form for the **Member** to complete.

FOR 20191205BOD REVIEW

b. If the **Member** request is received by mail or fax, the Office of Compliance staff shall verify the identity of the individual in accordance with CalOptima Policy HH.3003Δ: Verification of Identity for **Disclosure** of **Protected Health Information**.

7. The Office of Compliance shall accept a request from the **Member** as valid, provided all information on the request is complete and accurate. All requests shall include:

   a. An Individual Request for Access to **Protected Health Information (PHI)** Contained in the **DRS** Form; or

   b. A written request that provides sufficient information, as necessary to identify the specific **PHI** sought; and

   c. Documentation that verifies the identity of the **Member**, in accordance with CalOptima Policy HH.3003Δ: Verification of Identity for **Disclosure** of **Protected Health Information**.

8. The Office of Compliance shall review the request, determine if **Member** access is appropriate, and which parts of the **DRS** the **Member** cannot access.

9. The Office of Compliance may deny **Member** access in the following circumstances:

   a. **Psychotherapy Notes**;

   b. **PHI** compiled in reasonable anticipation of, or for **Use** in, a civil, criminal, or administrative action, or proceeding;

   c. A CalOptima PACE covered health care **Provider** acting under the direction of the correctional institution may deny, in whole or in part, an inmate's request to obtain a copy of **PHI**, if obtaining such copy would jeopardize the health, safety, security, custody, or rehabilitation of the individual or of other inmates, or the safety of any officer, employee, or other person at the correctional institution or responsible for transporting of the inmate;

   d. A **Member's** access to **PHI** created or obtained by a CalOptima PACE covered health care **Provider** in the course of research that includes **Treatment** may be temporarily suspended for as long as the research is in progress, provided that the **Member** has agreed to the denial of access when consenting to participate in the research that includes **Treatment**, and the covered health care **Provider** has informed the **Member** that the right of access will be reinstated upon completion of the research;

   e. With respect to CalOptima OneCare Connect Program, a **Member's** access to **PHI** that is contained in records that are subject to the Privacy Act, 5 USC § 552a, may be denied, if the denial of access under the Privacy Act would meet the requirements of that law;

   f. **PHI** obtained from someone other than a **Provider** under a promise of confidentiality, and the access requested would be reasonably likely to reveal the source of the information.

   g. A licensed health care professional has determined, in the exercise of professional judgment, that the access requested is reasonably likely to endanger the life, or physical safety, of the **Member**, or another person;

   h. The **PHI** makes reference to another person other than the **Member**, unless that person is a **Provider**, and a licensed health care professional has determined, in his or her professional

FOR 20191205 BOD REVIEW

Back to Agenda

judgment, that the access requested is reasonably likely to cause substantial harm to such other person; or

i. The **Personal Representative** requests for access, and a licensed health care professional has determined, in their professional judgment, that the provision of access to such **Personal Representative** is reasonably likely to cause substantial harm to the individual, or another person.

10. If the denial is based on any of the reasons as stated in Section III.A.9 g- i, a **Member** can request to have the denial reviewed by another licensed health care professional by submitting a written request to the CalOptima Privacy Officer at 505 City Parkway West, Orange, CA 92868. The licensed health care professional involved in the appeal cannot be the same person as the licensed health care professional who made the original denial decision.

11. If the denial is based on any of the reasons as stated in Section III.A.9 a-f, a **Member** is not entitled to request that the denial be reviewed.

12. The Office of Compliance shall route the request to the department(s), or business associate responsible for creating, or maintaining, the requested record(s).

13. The responsible department shall locate and send a copy of all requested **PHI** to the Office of Compliance within seven (7) calendar days of receiving the request.

14. The Business Associate shall send a copy of the requested **PHI** to the Office of Compliance within fourteen (14) calendar days of receiving the request.

15. The Office of Compliance shall review all records for accuracy prior to providing the requested records to the **Member** or their **Personal Representative**.

B. The following departments within CalOptima shall maintain the content found in the **DRS**:

1. Customer Service;
2. Information Systems;
3. Claims Administration;
4. Utilization Management;
5. Case Management;
6. Pharmacy;
7. Grievance and Appeals Resolution Services;
8. Enrollment;
9. **Multipurpose Senior Services Program (MSSP)**;
10. **Long-Term Services and Supports (LTSS)**;
11. Population Health Management;

FOR 20191205BOD REVIEW

12. Behavioral Health; and

13. Program of All-Inclusive Care for the Elderly (PACE).

C. Department staff shall provide copies of all requested PHI. Department staff shall inform the Privacy Officer if there are records that require further evaluation to determine appropriateness of Member access to inspect or copy PHI from the DRS.

D. The Privacy Officer shall consult with a licensed healthcare professional to determine appropriateness of **Member** access to inspect or copy **PHI** from the **DRS**.

1. Access to specific types of records may be denied based on the determination of the licensed healthcare professional, as provided by the Health Insurance Portability and Accountability Act of 1996, as amended (HIPAA).

E. If CalOptima does not maintain the **PHI** that is the subject of the **Member's** request for access, and CalOptima knows where the requested information is maintained, CalOptima shall inform the **Member** of the entity to whom the **Member** may direct such request.

F. Notification to **Member**:

1. The Office of Compliance shall notify the **Member** regarding the record request as follows:

a. Approved: If CalOptima approves the **Member's** request, CalOptima shall provide the **Member** with a notification letter (Attachment H. Letter – Records Enclosed) and the records requested, in accordance with the format and method designated on the Individual Request for Access to **Protected Health Information (PHI)** Contained in the **Designated Record Set** Form within thirty (30) calendar days after receipt of the request, but no later than sixty (60) calendar days if an extension is needed.

b. Denied: If CalOptima denies the **Member's** request, CalOptima shall send a notification letter to the **Member** within thirty (30) calendar days after receipt of the request, but no later than sixty (60) calendar days if an extension is needed, informing the **Member** of the decision, the reason for denial, and instructions on **Member's** appeal rights to have the materials reviewed, if applicable. The denial notice shall include a description of how a **Member** may complain to CalOptima, or the Office of Civil Rights (OCR), and contact information for how to file a complaint with CalOptima.

c. Approved or denied, in whole or in part: If CalOptima approves a portion of the **Member's** request and also denies portion of the request, CalOptima shall provide the **Member** with the records requested in accordance with Section III.F.1.a of this Policy. CalOptima shall also provide a letter informing the **Member** of the denial, in accordance with Section III.F.1.b of this Policy.

d. Invalid Request: If the request is unable to be processed due to missing information, CalOptima will notify the **Member** or their Personal Representatives with a letter (Attachment G – Invalid Request) as soon as possible but no later than within thirty (30) calendar days of receipt.

G. Documentation

FOR 2019120-BOD REVIEW

1. The Office of Compliance shall retain a record of the requests and related letters, including a copy of information released to the **Member**, for ten (10) years from the date of the release.

FOR 20191205BOD REVIEW

IX. GLOSSARY

Term	Definition
Designated Record Set (DRS)	Has the meaning given such term in Section 164.501 of Title 45, Code of Federal Regulations. A group of records maintained by or for a covered entity that is: 1. The medical records and billing records about individuals maintained by or for a covered health care Provider; 2. The enrollment, Payment, claims adjudication, and case or medical management record systems maintained by or for a health plan; or 3. Used, in whole or in part, by or for the covered entity to make decisions about individuals. The term record means any item, collection, or grouping of information that includes protected health information and is maintained, collected, Used, or disseminated by or for a covered entity.
Disclosure	Has the meaning in Title 45, Code of Federal Regulations Section 160.103 including the following: the release, transfer, provision of access to, or divulging in any manner of information outside of the entity holding the information.
FACETS™	Licensed software product that supports administrative, claims processing and adjudication, Membership data, and other information needs of managed care organizations.
Health Care Operations	Has the meaning given such term in Section 164.501 of Title 45, Code of Federal Regulations including activities including quality assessment and improvement activities, care management, professional review, compliance and audits, health insurance underwriting, premium rating and other activities related to a contract and health benefits, management and administration activities, customer services, resolution of internal grievances, business planning, and development and activities related to compliance with the privacy rule.
Health Network	A Physician Hospital Consortium (PHC), physician group under a shared risk contract, or health care service plan, such as a Health Maintenance Organization (HMO) that contracts with CalOptima to provide Covered Services to Members assigned to that Health Network.
Long Term Services and Supports (LTSS)	A wide variety of services and supports that help Members meet their daily needs for assistance and improve the quality of their lives. LTSS are provided over an extended period, predominantly in homes and communities, but also in facility-based settings such as nursing facilities. As described in California WIC Section 14186.1, Medi-Cal covered LTSS includes all of the following: 1. Community-Based Adult Services (CBAS); 2. Multipurpose Senior Services Program (MSSP) services; and 3. Skilled nursing facility services and subacute care services.
Member	An enrollee-beneficiary of a CalOptima program.
Multipurpose Senior Services Program (MSSP)	A program approved under the federal Medicaid Home and Community-Based, 1915 (c) Waiver designed to prevent premature institutionalization through provision of comprehensive social and health care management to assist frail elder person who are certifiable for placement in a nursing facility, to remain safely at home at a cost lower than nursing facility care.

FOR 20191205BOD REVIEW

Term	Definition
Payment	Has the meaning in 42 Code of Federal Regulations Section 164.501, including: activities carried out by CalOptima including: 1. Determination of eligibility, risk adjustments based on Member health status and demographics, billing claims management, and collection activities; 2. Review of health care services regarding medical necessity, coverage under a health plan, appropriateness of care, or justification of charges; and 3. Utilization review activities including pre-certification, preauthorization, concurrent, or retrospective review of services.
Personal Representative	Has the meaning given to the term Personal Representative in Section 164.502(g) of Title 45, Code of Federal Regulations. A person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting *in loco parentis* who have the authority under applicable law to make health care decisions on behalf of unemancipated minors and as further described in CalOptima Policy HH.3009: Access, Use, and Disclosure of PHI to a Member's Authorized Representative.
Protected Health Information (PHI)	Has the meaning in Title 45 Code of Federal Regulations Section 160.103, including the following: individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium. This information identifies the individual or there is reasonable basis to believe the information can be used to identify the individual. The information was created or received by Cal Optima or Business Associates and relates to: 1. The past, present, or future physical or mental health or condition of a Member; 2. The provision of health care to a Member; or 3. Past, present, or future Payment for the provision of health care to a Member.
Provider	A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary Provider, health maintenance organization, or other person or institution that furnishes Covered Services.
Psychotherapy Notes	Has the meaning given such term in Section 164.501 of Title 45, Code of Federal Regulations. Notes recorded (in any medium) by a health care Provider who is a mental health professional documenting or analyzing the contents of conversation during a private counseling session or a group, joint, or family counseling session and that are separated from the rest of the Member's medical record. Psychotherapy Notes excludes medication prescription and monitoring, counseling session start and stop times, the modalities and frequencies of Treatment furnished, results of clinical tests, and any summary of the following items: Diagnosis, functional status, the Treatment plan, symptoms, prognosis, and progress to date

AUTHORIZATION FOR RELEASE OF PROTECTED HEALTH INFORMATION (PHI)

Fill out **ALL** sections of this form to allow CalOptima to release your protected health information (PHI) to another person or agency. This form is **ONLY** to release the information. It will not allow anyone to make health care decisions for you.

SECTION A: Member Information

Last Name: _____ First Name: _____

CIN: _____ Date of Birth: _____ *mm/dd/yyyy*

Address: _____

Street/Unit Number *City* *State* *Zip Code*

Best phone number to contact you: _____

Instructions: Mark X inside the box next to your selected option.

SECTION B: Information That Can Be Released

I allow CalOptima to release:

☐ Any and all of my PHI

☐ Only release the following: (list what you allow):

_____

_____

I allow the release of PHI about:
(Initial if any of the below boxes are checked)

☐ Mental health treatment Initial:_____
☐ Alcohol / drug treatment Initial:_____

NOTE: These details will not be released unless you approve first.

SECTION C: Purpose of Authorization

I am releasing this information for:

☐ Personal Use ☐ Legal

☐ Insurance ☐ Other (please specify.): _____

SECTION D: Person(s) or Agency Allowed to Get PHI

I allow CalOptima to release my PHI to the person or agency below. I know this authorization starts when I sign and return this form. The person getting the information must be 18 years of age or older.

Person /Agency's Name(s): _____

Relationship to Member: _____ Phone: _____

SECTION E: My Rights

- I may stop this authorization at any time by sending a **written** notice to: CalOptima, Attn: Enrollment & Reconciliation, 505 City Parkway West, Orange, CA 92868.
- Notice to stop this authorization will not change how CalOptima used or released my PHI before getting my letter.
- The person or agency who gets my PHI from CalOptima may show it to others. In this case, my PHI may no longer be protected by HIPAA Privacy Rules.
- I do not have to fill out this form. Not filling out this form will not change my health care benefits or payment for my health care services.
- I have the right to look at or get a copy of my PHI that is being used or released by this authorization.
- I have the right to get a copy of this form.

SECTION F: End Date of Approval

This authorization for release of information to the named persons or agency will end on: _____ (specific date or event).

**** If an end date or event is not provided, the authorization will not be valid. ****

SECTION G: Signature

I understand that to process my request, a copy of valid government-issued identification (ID), a copy of documentation of legal authority, or a notarized signature must be attached with my request form.

By signing below, I have read this form and know what it means.

_____ _____

Signature of Member/Personal Representative Date

INSTRUCTION SHEET FOR CALOPTIMA HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA) AUTHORIZATION FOR RELEASE OF PROTECTED HEALTH INFORMATION (PHI)

SECTION A: MEMBER INFORMATION

This section applies to the member who is asking for the release of his or her information to another person or organization. Please complete all items of information in this section.

SECTION B: INFORMATION THAT CAN BE RELEASED

This section tells us what information you would like us to release. Be specific regarding the types of documents you are authorizing for release. For example, if you are authorizing an individual to obtain PHI related to a recent medical event, specify the date of the medical event, the types of documents you are requesting (e.g. billing records, pre-authorization records, or pharmacy records) and state any types of records you would like to exclude.

SECTION C: PURPOSE OF THIS AUTHORIZATION

Select the reason(s) you've asked for the release of your information. If you have a specific reason, please fill in under **"Other"** and indicate the reason. For example, if you only want the person(s) or organization(s) you are authorizing to receive your protected health information for a pending claims appeal, you would enter ***"To appeal a claim determination"*** or something similar in that block.

SECTION D: PERSON OR ORGANIZATION AUTHORIZED TO RECEIVE THIS INFORMATION

Please enter the name(s) of the person(s) or organization(s) that you are authorizing to access your PHI. For example, if you are authorizing your spouse, adult child, or any other individual to obtain your PHI, enter his/her name in these spaces. If you are authorizing an organization (such as a broker, law firm, insurance agency, etc.) to obtain your PHI, enter the specific name of the organization in these spaces. **Examples include:** ***"Dr. John Smith" or "Mary Doe (spouse)."*** Indicate how the person(s) or organization(s) is related to you (for example, spouse, adult child, etc.) and provide their phone number.

SECTION F: EXPIRATION DATE OF AUTHORIZATION

Check the first box if you want the authorization to end on a certain date. Enter in the date of expiration. Check the second box if you wish for the authorization to expire on a certain event, for example, ***"one year from my signature date."***

SECTION G: SIGNATURE

If you are the member, sign your name and enter the date you signed the form. **Please be advised that in order to process your request, a copy of a valid government issued photo identification (ID) document with your signature must be included with your request form.**

If you are the member's personal representative, sign your name, enter the date you signed the form and indicate your representative relationship. **Please be advised that in order to process your request, a copy of a valid government issued photo identification (ID) document with your signature must be included with your request form.** You **must** also provide us with a copy of the legal documentation indicating you are the authorized personal representative of the member.

- Examples of legal documents:
  - **Power of Attorney for Health Care —** this document gives someone you trust the legal power to act on your behalf and make health care decisions for you.
  - **Legal Guardianship —** this is when the court appoints someone to care for another person.
  - **Conservatorship of the Person —** this happens when the court appoints a responsible person to make decisions for someone who can't make responsible decisions for him/herself.
  - **Executor of Estate —** this type of document would be used when the person who is being represented has died.

Please keep a copy of the form for your records.

INDIVIDUAL REQUEST FOR ACCESS TO PROTECTED HEALTH INFORMATION (PHI) CONTAINED IN THE DESIGNATED RECORD SET (DRS)

You have the right to inspect your protected health information (PHI) in the Designated Record Set (DRS). You also have the right to request copies of those records. You will receive a response to your request within 30 days after we receive the completed form. If the information is not readily available, CalOptima has up to 60 days to provide you with your PHI. CalOptima may charge a fee of $0.10 per page and any postage fees if you ask for copies of the records to be mailed to you.

To Request a Copy of Your PHI in a DRS:

1. Fill out the entire form and print clearly. **In order to process your request, a photocopy of your valid photo identification (ID) must be included with your request form.**

2. If you would like to appoint another person to have access to or receive your PHI, then you must also complete the CalOptima Authorization for Release of Protected Health Information form. Requests by your personal representative are subject to verification.

3. Please select the type of records you need from the list provided. If you are not sure what you need, please call CalOptima Customer Service toll-free at **1-888-587-8088** for help. .

4. If you were a part of a health network (e.g. Monarch, AltaMed, etc.) during any part of the date range requested, you should also contact that health network. **CalOptima does not have complete copies of your medical records. If you want to look at or get a copy of your medical records, please contact your doctor or clinic.**

5. If you have any questions about your request, please call CalOptima Customer Service toll-free at **1-888-587-8088**, Monday through Friday from 8 a.m. to 5:30 p.m. TDD/TTY users can call toll-free at **1-800-735-2929**. We have staff who speak your language.

6. Your records may be picked up at CalOptima's office or sent via email or certified postal mail. Requests for records to be faxed must be approved by CalOptima. Records sent via email will be sent secure (encrypted) to the email address provided. However, CalOptima is not responsible for loss of PHI on personal email accounts.

FOR 20191205BOD REVIEW

I. PURPOSE

This policy defines the process by which CalOptima shall internally track and report **Disclosures** of a **Member's Protected Health Information (PHI)**

II. POLICY

A. CalOptima shall maintain a tracking process for all oral, written, facsimile, electronic, or other form of **Disclosures** of **PHI** that is not related to **Treatment**, **Payment**, or **Health Care Operations**, to the **Member**, or when the **Member** authorized **Disclosure**, or other functions specified in this policy.

B. CalOptima shall maintain a tracking process for all requests for a **Member's PHI**, other than a request for **Medical Records**, and shall report this information, as applicable, to the **Department of Health Care Services (DHCS)** monthly.

III. PROCEDURE

A. The following categories of **Disclosures** are not required to be included on the report when a **Member** requests an accounting of the **Disclosure** made of his or her **PHI**, as defined in the **Designated Record Set (DRS)**:

1. Used to carry out activities related to **Treatment**, **Payment**, or **Health Care Operations**;

2. Disclosed to the **Member** or **Member's Personal Representative**, or authorized by the **Member**;

3. Incidental **Disclosures**;

4. **Disclosures** made prior to April 14, 2003;

5. For national security, or intelligence purposes; and

6. **Disclosure** of **PHI** directly relevant to an individual's involvement in a **Member's** care, (e.g., family ~~member~~**Member**, other relative, or a close, personal friend of the **Member**, or any other person identified by the **Member**).

* Terms in **bold** are included in the Glossary.

Back to Agenda

B. Any other **Disclosure** shall be recorded and reported to the Privacy Officer or **Designee**. CalOptima shall track routine ~~disclosures~~**Disclosures** which may include, but are not limited to:

1. **Disclosures** required by law;
2. For health oversight activities;
3. Required for public health activities;
4. About victims of abuse, neglect, or domestic violence;
5. To coroners, or medical examiners;
6. To funeral directors;
7. For organ, eye, or tissue donation; and
8. To avert a serious threat to health, or safety.

C. Tracking Routine Recurring **Disclosures**

1. Departments that Disclose **PHI** on a regular basis to the same agency shall maintain a current log with the following elements included in hard copy or in an electronic spreadsheet:
   a. Date of initial **Disclosure**;
   b. Name of person, or organization, receiving the **PHI**;
   c. Address, if known;
   d. Brief description of information Disclosed; and
   e. Brief statement of purpose and the frequency of **Disclosure**.
2. **Disclosure** reports for recurring **Disclosures** shall be summarized to include the above stated information with the number of times the information was Disclosed and the date of the last **Disclosure**.

D. Tracking Non-Recurring **Disclosures**

1. The Office of Compliance shall enter any **Disclosure** made that is not included in the routine recurring **Disclosures** reported and entered into the Office of Compliance **PHI** Tracking Database for tracking and reporting purposes.
2. The following information shall be reported:
   a. **Member** name and identification (ID) number;

FOR 2019 1205 BOD REVIEW

b. Date of the **Disclosure**;

c. Name of organization, or person, who received information, and their address, if known;

d. Brief description of information disclosed;

e. Brief statement of the purpose for the **Disclosure**;

f. Name of the person making the **Disclosure**; and

g. Department of the person making the report.

3. The report for non-recurring routine type of **Disclosures** may be submitted on a Reporting Non-Routine **Disclosures** of **Protected Health Information (PHI)** Form, or emailed with the above information, to the Office of Compliance within three (3) business days of making the routine **Disclosure**.

E. Documentation: The Office of Compliance shall:

1. Enter in the Office of Compliance **PHI** Tracking Database the **Disclosure** reports from other departments and those **Disclosures** reviewed by the Privacy Officer, or **Designee**.

2. Maintain a log of all requests from **Members** for accounting of **Disclosures**~~, including the following information:~~ in accordance with CalOptima Policy HH.3005Δ: **Member** Request for Accounting of **Disclosures**.

~~a. Date request received;~~

~~b. Name of Member or Member's Personal Representative requesting the accounting;~~

~~c. Member identification (ID) number;~~

~~d. Date range requested;~~

~~e. Name of staff person handling the request; and~~

~~f. Date the report was provided to the Member.~~

~~3. Retain the request and a copy of the report given to the Member for no less than six (6) years from the date CalOptima received the request.~~

F. Tracking and Reporting Requests for **PHI** other than a Request for **Medical Records**

1. The Office of Compliance shall track all requests for a **Member's PHI**, other than a request for **Medical Records**, or other requests allowed by law.

2. The Regulatory Affairs and Compliance Department shall report this information, as applicable, to **DHCS** on a monthly basis.

IX. GLOSSARY

Term	Definition
~~Authorized/~~Personal Representative	Has the meaning given to the term Personal Representative in section 164.502(g) of title 45 of, Code of Federal Regulations. A person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting *in loco parentis* who have the authority under applicable law to make health care decisions on behalf of unemancipated minors and as further described in CalOptima Policy HH.3009: Access, Use, and Disclosure of PHI to a Member's Personal Representative.
Department of Health Care Services (DHCS)	The California Department of Health Care Services, the State agency that oversees California's Medicaid program, known as Medi-Cal.
Designated Record Set (DRS)	Has the meaning given such term in Section 164.501 of Title 45, Code of Federal Regulations. A group of records maintained by or for a covered entity that is: 1. The ~~medical records~~Medical Records and billing records about individuals maintained by or for a covered health care provider; 2. The enrollment, ~~payment~~Payment, claims adjudication, and case or medical management record systems maintained by or for a health plan; or 3. Used, in whole or in part, by or for the covered entity to make decisions about individuals. The term record means any item, collection, or grouping of information that includes protected health information and is maintained, collected, used, or disseminated by or for a covered entity
Designee	A person selected or designated to carry out a duty or role. The assigned designee is required to be in management or hold the appropriate qualifications or certifications related to the duty or role.
Disclosure	Has the meaning in 45, Code of Federal Regulations Section 160.103 including the following: the release, transfer, provision of access to, or divulging in any manner of information outside of the entity holding the information.
Health Care Operations	Has the meaning given such term in Section 164.501 of Title 45, Code of Federal Regulations including activities including quality assessment and improvement activities, care management, professional review, compliance and audits, health insurance underwriting, premium rating and other activities related to a contract and health benefits, management and administration activities, customer services, resolution of internal grievances, business planning, and development and activities related to compliance with the privacy rule.

FOR 2019 2/05BOD REVIEW

Term	Definition
Medical Record	A ~~medical record~~Medical Record, health record, or medical chart in general is a systematic documentation of a single individual's medical history and care over time. The term "Medical Record" is used both for the physical folder for each individual patient and for the body of information which compromises the total of each patient's health history. Medical ~~records~~Records are intensely personal documents and there are many ethical and legal issues surrounding them such as the degree of third-party access and appropriate storage and disposal.
Member	A beneficiary who is enrolled in a CalOptima Program.
Payment	Has the meaning in 42 Code of Federal Regulations Section 164.501, including: activities carried out by CalOptima including: 1. Determination of eligibility, risk adjustments based on Member health status and demographics, billing, claims management, and collection activities; 2. Review of health care services regarding medical necessity, coverage under a health plan, appropriateness of care, or justification of charges; and 3. Utilization review activities including pre-certification, preauthorization, concurrent, or retrospective review of services.
Protected Health Information (PHI)	Has the meaning in 45 Code of Federal Regulations Section 160.103, including the following: individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium. This information identifies the individual or there is a reasonable basis to believe the information can be used to identify the individual. The information was created or received by CalOptima or Business Associates and relates to: 1. The past, present, or future physical or mental health or condition of a Member; 2. The provision of health care to a Member; or 3. Past, present, or future Payment for the provision of health care to a Member.
Treatment	Has the meaning in 42 Code of Federal Regulations Section 164.501, including: activities undertaken on behalf of a Member including the provision, coordination, or management of health care and related services; the referral to, and consultation between, health care providers; and coordination with third parties for services related to the management of the ~~Member's~~Member's health care benefits.

FOR 20191205BOD REVIEW

I. PURPOSE

This policy defines the process by which CalOptima shall internally track and report **Disclosures** of a **Member's Protected Health Information (PHI)**

II. POLICY

A. CalOptima shall maintain a tracking process for all oral, written, facsimile, electronic, or other form of **Disclosures** of **PHI** that is not related to **Treatment**, **Payment**, or **Health Care Operations**, to the **Member**, or when the **Member** authorized **Disclosure**, or other functions specified in this policy.

B. CalOptima shall maintain a tracking process for all requests for a **Member's PHI**, other than a request for **Medical Records**, and shall report this information, as applicable, to the **Department of Health Care Services (DHCS)** monthly.

III. PROCEDURE

A. The following categories of **Disclosures** are not required to be included on the report when a **Member** requests an accounting of the **Disclosure** made of his or her **PHI**, as defined in the **Designated Record Set (DRS)**:

1. Used to carry out activities related to **Treatment**, **Payment**, or **Health Care Operations**;

2. Disclosed to the **Member** or **Member's Personal Representative**, or authorized by the **Member**;

3. Incidental **Disclosures**;

4. **Disclosures** made prior to April 14, 2003;

5. For national security, or intelligence purposes; and

6. **Disclosure** of **PHI** directly relevant to an individual's involvement in a **Member's** care, (e.g., family **Member**, other relative, or a close, personal friend of the **Member**, or any other person identified by the **Member**).

* Terms in **bold** are included in the Glossary.

Back to Agenda

B. Any other **Disclosure** shall be recorded and reported to the Privacy Officer or **Designee**. CalOptima shall track routine **Disclosures** which may include, but are not limited to:

1. **Disclosures** required by law;

2. For health oversight activities;

3. Required for public health activities;

4. About victims of abuse, neglect, or domestic violence;

5. To coroners, or medical examiners;

6. To funeral directors;

7. For organ, eye, or tissue donation; and

8. To avert a serious threat to health, or safety.

C. Tracking Routine Recurring **Disclosures**

1. Departments that Disclose **PHI** on a regular basis to the same agency shall maintain a current log with the following elements included in hard copy or in an electronic spreadsheet:

   a. Date of initial **Disclosure**;

   b. Name of person, or organization, receiving the **PHI**;

   c. Address, if known;

   d. Brief description of information Disclosed; and

   e. Brief statement of purpose and the frequency of **Disclosure**.

2. **Disclosure** reports for recurring **Disclosures** shall be summarized to include the above stated information with the number of times the information was Disclosed and the date of the last **Disclosure**.

D. Tracking Non-Recurring **Disclosures**

1. The Office of Compliance shall enter any **Disclosure** made that is not included in the routine recurring **Disclosures** reported and entered into the Office of Compliance **PHI** Tracking Database for tracking and reporting purposes.

2. The following information shall be reported:

   a. **Member** name and identification (ID) number;

   b. Date of the **Disclosure**;

   c. Name of organization, or person, who received information, and their address, if known;

FOR 20191205BOD REVIEW

d. Brief description of information disclosed;

e. Brief statement of the purpose for the **Disclosure**;

f. Name of the person making the **Disclosure**; and

g. Department of the person making the report.

3. The report for non-recurring routine type of **Disclosures** may be submitted on a Reporting Non-Routine **Disclosures** of **Protected Health Information (PHI)** Form, or emailed with the above information, to the Office of Compliance within three (3) business days of making the routine **Disclosure**.

E. Documentation: The Office of Compliance shall:

1. Enter in the Office of Compliance **PHI** Tracking Database the **Disclosure** reports from other departments and those **Disclosures** reviewed by the Privacy Officer, or **Designee**.

2. Maintain a log of all requests from **Members** for accounting of **Disclosures** in accordance with CalOptima Policy HH.3005Δ: **Member** Request for Accounting of **Disclosures**.

F. Tracking and Reporting Requests for **PHI** other than a Request for **Medical Records**

1. The Office of Compliance shall track all requests for a **Member's PHI**, other than a request for **Medical Records**, or other requests allowed by law.

2. The Regulatory Affairs and Compliance Department shall report this information, as applicable, to **DHCS** on a monthly basis.

FOR 2019 1205 BOD REVIEW

I. PURPOSE

This policy describes the circumstances and process for obtaining a **Member's** (or from their **Personal Representative**) **Authorization** for the **Use** and **Disclosure** of a **Member's Protected Health Information (PHI)**.

II. POLICY

A. CalOptima shall only **Use** or Disclose a **Member's PHI** pursuant to a written **Authorization** from the **Member**, or the **Member's Personal Representative**, unless otherwise permitted, or required, by the **Health Insurance Portability and Accountability Act (HIPAA)** and other applicable federal and state laws.

B. CalOptima will not condition **Treatment**, **Payment**, enrollment, or benefits eligibility on an individual granting an **Authorization**.

C. CalOptima shall obtain, review, and confirm that it has a valid **Authorization** from the **Member**, or the **Member's Personal Representative**, in accordance with **HIPAA**, other applicable federal and state laws, and this policy prior to a **Use** or **Disclosure** of **PHI** that requires an ~~authorization~~**Authorization**.

D. CalOptima may **Use** and Disclose a **Member's PHI** without a **Member's Authorization** for **Treatment**, **Payment** and Healthcare Operations as permitted by **HIPAA** and other applicable federal and state laws and CalOptima Policy HH.3011Δ: **Uses** and **Disclosures** of **Protected Health Information (PHI)** for **Treatment**, **Payment**, and **Health Care Operations**~~.~~.

E. **Uses** and **Disclosures** involving **Member PHI** that has been properly "**De-Identified**," pursuant to the requirements in Title 45, Code of Federal Regulations, Section 164.514, do not require a **Member's Authorization**.

III. PROCEDURE

A. All valid ~~authorizations~~**Authorizations** shall contain specified core elements and requirements, in accordance with Title 45, Code of Federal Regulations, Section 164.508(c) and California Civil

* Terms in **bold** are included in the Glossary.
Back to Agenda

Code, Section 56.11. CalOptima's **Authorization** Form for Release of **PHI** contains the required elements in compliance with Title 45, Code of Federal Regulations, Section 164.508(c) and California Civil Code, Section 56.11:

1. Is handwritten by the person who signs it or is in a typeface no smaller than fourteen (14)-point type.

2. A description of the information to be **Used** or Disclosed;

3. The name of the person or organization that will **Use** or Disclose the **PHI**;

4. The name of the person or organization that will receive the **PHI**;

5. Identifies the ~~uses~~**Uses** and limitations on ~~uses~~**Uses** for which the **PHI** will be disclosed (except for requests by **Member**, which can indicate "at **Member's** request" without further explanation);

6. The specific expiration date;

7. **Member's** or **Member's Personal Representative's** signature and the date. If the ~~authorization~~**Authorization** is signed by a **Personal Representative** of the individual, a description of such ~~representative's~~**Representative's** authority to act for the individual must also be provided. (*e.g.* parent, power of attorney for health care, court-appointed guardian, etc.); and

8. In addition to the requirements above, the following statements must also be included in the ~~authorization~~**Authorization**;

   a. A statement that the **Member** has the right to revoke the ~~authorization~~**Authorization**, in writing, and any exceptions to this right;

   b. A statement that CalOptima will not condition **Treatment**, or **Payment**, on the **Member** signing the **Authorization** request;

   c. A statement informing the ~~member~~**Member** about the potential for information to be redisclosed and no longer protected by the state or federal privacy rule;

   d. A statement that the **Member** can refuse to sign the **Authorization**;

   e. A statement that the **Member** is entitled to a copy of the signed **Authorization**. A copy of the signed **Authorization** must be given to the **Member**; or

   f. A statement when any **Disclosure** will result in either direct, or indirect, **Payment** to CalOptima from the receiver of the **PHI**.

B. The **Authorization** must be completed and must be signed by the person with authority to authorize **Use** or **Disclosure** of **PHI** (i.e., the **Member** or their **Personal Representative**).

FOR 20191205BOD REVIEW

C. All **Uses** and **Disclosures** made pursuant to an **Authorization** must be consistent with the **Authorization**.

D. An **Authorization** shall be considered invalid if the document submitted contains any of the following defects:

1. The expiration date has passed~~, or the expiration date is known by CalOptima to have passed;~~;
2. The **Authorization** does not contain all the required elements;
3. The **Authorization** is known by CalOptima to have been revoked;
4. The **Authorization** is combined with any other document in a manner that is not permitted under the privacy standard;
5. The signature serves some purpose in addition to the ~~authorization~~**Authorization** to disclose **PHI**; or
6. The **Authorization** contains material information known by CalOptima to be false.

E. CalOptima staff shall verify the identity of the **Personal Representative**, in accordance with CalOptima Policy HH.3003Δ: Verification of Identity for **Disclosures** of Protected Health Information.

F. Revocation of **Authorization**

1. A **Member** may revoke an **Authorization** at any time by ~~writing~~submitting the Revocation of **Authorization** for Release of Protected Health Information form to CalOptima and requesting that the **Authorization** be revoked.
2. The revocation will not apply to those **Uses** or **Disclosures** made ~~with~~in reliance on the **Authorization** prior to the receiving the request to revoke the **Authorization**.

G. All signed **Authorization** and revocation notices are retained on file for ten (10) years from the date the documents are received by CalOptima.

H. CalOptima shall mail a **HIPAA Authorization** for Release of Information Form to **Members** requesting ~~disclosure~~**Disclosure** of **PHI** when such form is required by **HIPAA** privacy regulations.

1. Upon receipt of signed and completed form via fax, or mail, the CalOptima Privacy Officer, or Designee, shall review, approve, or deny, and disclose requested information when appropriate, per the signed form.

I. CalOptima shall obtain **Authorization** from the **Member** for any **Use** or **Disclosure** of psychotherapy notes except in the following situations:

1. **Use** by the originator of the psychotherapy notes for **Treatment**;

FOR 2019 2/05 BOD REVIEW

2. **Use** or **Disclosure** by a covered entity's own training program for students, trainees, or practitioners in mental health, under supervision, to improve skills;

3. **Use** by a **Provider** for purposes of diagnosis, or **Treatment**, of the **Member**;

4. **Use** or **Disclosure** by a covered entity to defend itself in a legal action, or other proceeding, brought by the **Member**; or

5. Evaluation, or oversight, of the practitioner creating the psychotherapy notes.

J. **Authorization** shall be obtained from the **Member** for any **Use** or **Disclosure** of **PHI** for **Marketing**, except when:

1. Face-to-face communication is made by CalOptima to the **Member**; or

2. The communication is in the form of a promotional gift of nominal value provided by CalOptima.

FOR 20191205BOD REVIEW

IX. GLOSSARY

Term	Definition
Authorization	Has the meaning given such term in 45 CFR Section 164.508 and other federal and state laws imposing more stringent ~~authorization~~Authorization requirements for the Use and Disclosure of Member PHI e.g. Welfare & Institution Code Section 14100.2.
De-~~identified~~Identified Information	Health information that does not identify a Member and does not provide a reasonable basis to believe that the information can be ~~used~~Used to identify a Member.
Disclosure	Has the meaning in 45, Code of Federal Regulations Section 160.103 including the following: the release, transfer, provision of access to, or divulging in any manner of information outside of the entity holding the information.
Health Care Operations	Has the meaning given such term in Section 164.501 of Title 45, Code of Federal Regulations including activities including quality assessment and improvement activities, care management, professional review, compliance and audits, health insurance underwriting, premium rating and other activities related to a contract and health benefits, management and administration activities customer services, resolution of internal grievances, business planning, and development and activities related to compliance with the privacy rule.
Health Insurance Portability and Accountability Act (HIPAA)	The Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, enacted on August 21, 1996. Sections 261 through 264 of HIPAA require the Secretary of the U.S. Department of Health and Human Services to publicize standards for the electronic exchange, privacy and security of health information, as amended.
Marketing	Has the meaning given such term in 45, Code of Federal Regulations, Section 164.501. 1. Except as provided in paragraph (2) of this definition, ~~marketing~~Marketing means to make a communication about a product or service that encourages recipients of the communication to purchase or ~~use~~Use the product or service. 2. Marketing does not include a communication made: i. To provide refill reminders or otherwise communicate about a drug or biologic that is currently being prescribed for the individual, only if any financial remuneration received by the covered entity in exchange for making the communication is reasonably related to the covered entity's cost of making the communication. ii. For the following ~~treatment~~Treatment and ~~health care operations~~Health Care Operations purposes, except where the covered entity receives financial remuneration in exchange for making the communication: a. For ~~treatment~~Treatment of an individual by a health care ~~provider~~Provider, including case management or care coordination for the individual, or to direct or recommend

FOR 2019 12/05 BOD REVIEW

Term	Definition
	alternative ~~treatments~~Treatments, therapies, health care ~~providers~~Providers, or settings of care to the individual; b. To describe a health-related product or service (or ~~payment~~Payment for such product or service) that is provided by, or included in a plan of benefits of, the covered entity making the communication, including communications about: the entities participating in a health care ~~provider~~Provider network or health plan network; replacement of, or enhancements to, a health plan; and health-related products or services available only to a health plan enrollee that add value to, but are not part of, a plan of benefits; or c. For case management or care coordination, contacting of individuals with information about ~~treatment~~Treatment alternatives, and related functions to the extent these activities do not fall within the definition of ~~treatment~~Treatment.
Member	A beneficiary who is enrolled in a CalOptima Program.
~~Minimum Necessary~~	~~The principle that a covered entity must make reasonable efforts to use, disclose, and request only the minimum amount of protected health information needed to accomplish the intended purpose of the use, disclosure, or request for Treatment, Payment or Health Care Operations.~~
Payment	Activities carried out by CalOptima including: 1. Determination eligibility, risk adjustments based on the Member health status and demographics, billing claims management, and collection activities; 2. Review of health care services regarding medical necessity, coverage under a health plan, appropriateness of care, or justification or charges; and 3. Utilization review activities including pre-certification, pre-~~authorization~~Authorization, concurrent, or retrospective review of services.
Personal Representative	Has the meaning in Section 164.502(g) of Title 45, Code of Federal Regulations. A person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting *in loco parentis* who have the authority under applicable law to make health care decisions on behalf of unemancipated minors and as further described in CalOptima Policy HH.3009Δ: Access, Use, and Disclosure of PHI to a Member's Personal Representative.

FOR 2019120-BOD

Term	Definition
Protected Health Information (PHI)	Has the meaning in 45 Code of Federal Regulations Section 160.103, including the following: individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium. This information identifies the individual or there is reasonable basis to believe the information can be ~~used~~Used to identify the individual. The information was created or received by CalOptima or Business Associates and relates to: 1. The past, present, or future physical or mental health or condition of a Member; 2. The provision of health care to a Member; or 3. Past, present, or future Payment for the provision of health care to a Member.
Provider	A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary ~~provider~~Provider, health maintenance organization, or other person or institution that furnishes Covered Services.
Treatment	Has the meaning in 42 Code of Federal Regulations Section 164.501, including: activities undertaken on behalf of a Member including the provision, coordination, or management of health care and related services; the referral to, and consultation between, health care ~~providers~~Providers; and coordination with third parties for services related to the management of the ~~Member's~~Member's health care benefits.
Use	Has the meaning in 45 Code of Federal Regulations Section 160.103, including the following: the sharing, employment, application, utilization, examination, or analysis of the PHI within an entity that maintains such information.

FOR 2019 1205 BOD REVIEW

I. PURPOSE

This policy describes the circumstances and process for obtaining a **Member's** (or from their **Personal Representative**) **Authorization** for the **Use** and **Disclosure** of a **Member's Protected Health Information (PHI)**.

II. POLICY

A. CalOptima shall only **Use** or Disclose a **Member's PHI** pursuant to a written **Authorization** from the **Member**, or the **Member's Personal Representative**, unless otherwise permitted, or required, by the **Health Insurance Portability and Accountability Act (HIPAA)** and other applicable federal and state laws.

B. CalOptima will not condition **Treatment**, **Payment**, enrollment, or benefits eligibility on an individual granting an **Authorization**.

C. CalOptima shall obtain, review, and confirm that it has a valid **Authorization** from the **Member**, or the **Member's Personal Representative**, in accordance with **HIPAA**, other applicable federal and state laws, and this policy prior to a **Use** or **Disclosure** of **PHI** that requires an **Authorization**.

D. CalOptima may **Use** and Disclose a **Member's PHI** without a **Member's Authorization** for **Treatment**, **Payment** and Healthcare Operations as permitted by **HIPAA** and other applicable federal and state laws and CalOptima Policy HH.3011Δ: **Uses** and **Disclosures** of **Protected Health Information (PHI)** for **Treatment**, **Payment**, and **Health Care Operations**.

E. **Uses** and **Disclosures** involving **Member PHI** that has been properly "**De-Identified**," pursuant to the requirements in Title 45, Code of Federal Regulations, Section 164.514, do not require a **Member's Authorization**.

III. PROCEDURE

A. All valid **Authorizations** shall contain specified core elements and requirements, in accordance with Title 45, Code of Federal Regulations, Section 164.508(c) and California Civil Code, Section

* Terms in **bold** are included in the Glossary.

Back to Agenda

56.11. CalOptima's **Authorization** Form for Release of **PHI** contains the required elements in compliance with Title 45, Code of Federal Regulations, Section 164.508(c) and California Civil Code, Section 56.11:

1. Is handwritten by the person who signs it or is in a typeface no smaller than fourteen (14)-point type.

2. A description of the information to be **Used** or Disclosed;

3. The name of the person or organization that will **Use** or Disclose the **PHI**;

4. The name of the person or organization that will receive the **PHI**;

5. Identifies the **Uses** and limitations on **Uses** for which the **PHI** will be disclosed (except for requests by **Member**, which can indicate "at **Member's** request" without further explanation);

6. The specific expiration date;

7. **Member's** or **Member's Personal Representative's** signature and the date. If the **Authorization** is signed by a **Personal Representative** of the individual, a description of such **Representative's** authority to act for the individual must also be provided. (*e.g.* parent, power of attorney for health care, court-appointed guardian, etc.); and

8. In addition to the requirements above, the following statements must also be included in the **Authorization**;

   a. A statement that the **Member** has the right to revoke the **Authorization**, in writing, and any exceptions to this right;

   b. A statement that CalOptima will not condition **Treatment**, or **Payment**, on the **Member** signing the **Authorization** request;

   c. A statement informing the **Member** about the potential for information to be redisclosed and no longer protected by the state or federal privacy rule;

   d. A statement that the **Member** can refuse to sign the **Authorization**;

   e. A statement that the **Member** is entitled to a copy of the signed **Authorization**. A copy of the signed **Authorization** must be given to the **Member**; or

   f. A statement when any **Disclosure** will result in either direct, or indirect, **Payment** to CalOptima from the receiver of the **PHI**.

B. The **Authorization** must be completed and must be signed by the person with authority to authorize **Use** or **Disclosure** of **PHI** (i.e., the **Member** or their **Personal Representative**).

C. All **Uses** and **Disclosures** made pursuant to an **Authorization** must be consistent with the **Authorization**.

D. An **Authorization** shall be considered invalid if the document submitted contains any of the following defects:

FOR 20191205BOD REVIEW

1. The expiration date has passed;

2. The **Authorization** does not contain all the required elements;

3. The **Authorization** is known by CalOptima to have been revoked;

4. The **Authorization** is combined with any other document in a manner that is not permitted under the privacy standard;

5. The signature serves some purpose in addition to the **Authorization** to disclose **PHI**; or

6. The **Authorization** contains material information known by CalOptima to be false.

E. CalOptima staff shall verify the identity of the **Personal Representative**, in accordance with CalOptima Policy HH.3003Δ: Verification of Identity for **Disclosures** of Protected Health Information.

F. Revocation of **Authorization**

1. A **Member** may revoke an **Authorization** at any time by submitting the Revocation of **Authorization** for Release of Protected Health Information form to CalOptima and requesting that the **Authorization** be revoked.

2. The revocation will not apply to those **Uses** or **Disclosures** made in reliance on the **Authorization** prior to the receiving the request to revoke the **Authorization**.

G. All signed **Authorization** and revocation notices are retained on file for ten (10) years from the date the documents are received by CalOptima.

H. CalOptima shall mail a **HIPAA Authorization** for Release of Information Form to **Members** requesting **Disclosure** of **PHI** when such form is required by **HIPAA** privacy regulations.

1. Upon receipt of signed and completed form via fax, or mail, the CalOptima Privacy Officer, or Designee, shall review, approve, or deny, and disclose requested information when appropriate, per the signed form.

I. CalOptima shall obtain **Authorization** from the **Member** for any **Use** or **Disclosure** of psychotherapy notes except in the following situations:

1. **Use** by the originator of the psychotherapy notes for **Treatment**;

2. **Use** or **Disclosure** by a covered entity's own training program for students, trainees, or practitioners in mental health, under supervision, to improve skills;

3. **Use** by a **Provider** for purposes of diagnosis, or **Treatment**, of the **Member**;

4. **Use** or **Disclosure** by a covered entity to defend itself in a legal action, or other proceeding, brought by the **Member**; or

5. Evaluation, or oversight, of the practitioner creating the psychotherapy notes.

FOR 20191205BOD REVIEW

J. **Authorization** shall be obtained from the **Member** for any **Use** or **Disclosure** of **PHI** for **Marketing**, except when:

1. Face-to-face communication is made by CalOptima to the **Member**; or

2. The communication is in the form of a promotional gift of nominal value provided by CalOptima.

FOR 20191205BOD REVIEW

IX. GLOSSARY

Term	Definition
Authorization	Has the meaning given such term in 45 CFR Section 164.508 and other federal and state laws imposing more stringent Authorization requirements for the Use and Disclosure of Member PHI e.g. Welfare & Institution Code Section 14100.2.
De-Identified Information	Health information that does not identify a Member and does not provide a reasonable basis to believe that the information can be Used to identify a Member.
Disclosure	Has the meaning in 45, Code of Federal Regulations Section 160.103 including the following: the release, transfer, provision of access to, or divulging in any manner of information outside of the entity holding the information.
Health Care Operations	Has the meaning given such term in Section 164.501 of Title 45, Code of Federal Regulations including activities including quality assessment and improvement activities, care management, professional review, compliance and audits, health insurance underwriting, premium rating and other activities related to a contract and health benefits, management and administration activities customer services, resolution of internal grievances, business planning, and development and activities related to compliance with the privacy rule.
Health Insurance Portability and Accountability Act (HIPAA)	The Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, enacted on August 21, 1996. Sections 261 through 264 of HIPAA require the Secretary of the U.S. Department of Health and Human Services to publicize standards for the electronic exchange, privacy and security of health information, as amended.
Marketing	Has the meaning given such term in 45, Code of Federal Regulations, Section 164.501. 1. Except as provided in paragraph (2) of this definition, Marketing means to make a communication about a product or service that encourages recipients of the communication to purchase or Use the product or service. 2. Marketing does not include a communication made: i. To provide refill reminders or otherwise communicate about a drug or biologic that is currently being prescribed for the individual, only if any financial remuneration received by the covered entity in exchange for making the communication is reasonably related to the covered entity's cost of making the communication. ii. For the following Treatment and Health Care Operations purposes, except where the covered entity receives financial remuneration in exchange for making the communication: a. For Treatment of an individual by a health care Provider, including case management or care coordination for the individual, or to direct or recommend alternative Treatments, therapies, health care Providers, or settings of care to the individual; b. To describe a health-related product or service (or Payment for such product or service) that is provided by, or included in a plan of benefits of, the covered entity making the communication, including communications about: the entities

FOR 2016 BOD REVIEW

Term	Definition
	participating in a health care Provider network or health plan network; replacement of, or enhancements to, a health plan; and health-related products or services available only to a health plan enrollee that add value to, but are not part of, a plan of benefits; or c. For case management or care coordination, contacting of individuals with information about Treatment alternatives, and related functions to the extent these activities do not fall within the definition of Treatment.
Member	A beneficiary who is enrolled in a CalOptima Program.
Payment	Activities carried out by CalOptima including: 1. Determination eligibility, risk adjustments based on the Member health status and demographics, billing claims management, and collection activities; 2. Review of health care services regarding medical necessity, coverage under a health plan, appropriateness of care, or justification or charges; and 3. Utilization review activities including pre-certification, pre-Authorization, concurrent, or retrospective review of services.
Personal Representative	Has the meaning in Section 164.502(g) of Title 45, Code of Federal Regulations. A person who has the authority under applicable law to make health care decisions on behalf of adults or emancipated minors, as well as parents, guardians or other persons acting *in loco parentis* who have the authority under applicable law to make health care decisions on behalf of unemancipated minors and as further described in CalOptima Policy HH.3009Δ: Access, Use, and Disclosure of PHI to a Member's Personal Representative.
Protected Health Information (PHI)	Has the meaning in 45 Code of Federal Regulations Section 160.103, including the following: individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium. This information identifies the individual or there is reasonable basis to believe the information can be Used to identify the individual. The information was created or received by CalOptima or Business Associates and relates to: 1. The past, present, or future physical or mental health or condition of a Member; 2. The provision of health care to a Member; or 3. Past, present, or future Payment for the provision of health care to a Member.
Provider	A physician, nurse, nurse mid-wife, nurse practitioner, medical technician, physician assistant, hospital, laboratory, ancillary Provider, health maintenance organization, or other person or institution that furnishes Covered Services.

FOR 2019 12 05 BOD REVIEW

Term	Definition
Treatment	Has the meaning in 42 Code of Federal Regulations Section 164.501, including: activities undertaken on behalf of a Member including the provision, coordination, or management of health care and related services; the referral to, and consultation between, health care Providers; and coordination with third parties for services related to the management of the Member's health care benefits.
Use	Has the meaning in 45 Code of Federal Regulations Section 160.103, including the following: the sharing, employment, application, utilization, examination, or analysis of the PHI within an entity that maintains such information.

FOR 20191205BOD REVIEW

AUTHORIZATION FOR RELEASE OF PROTECTED HEALTH INFORMATION (PHI)

Fill out **ALL** sections of this form to allow CalOptima to release your protected health information (PHI) to another person or agency. This form is **ONLY** to release the information. It will not allow anyone to make health care decisions for you.

SECTION A: Member Information

Last Name: _____ First Name: _____

CIN: _____ Date of Birth: _____ *mm/dd/yyyy*

Address: _____

Street/Unit Number *City* *State* *Zip Code*

Best phone number to contact you: _____

Instructions: Mark X inside the box next to your selected option.

SECTION B: Information That Can Be Released

I allow CalOptima to release:

☐ Any and all of my PHI

☐ Only release the following: (list what you allow):

_____

_____

I allow the release of PHI about:
(Initial if any of the below boxes are checked)

☐ Mental health treatment Initial:_____
☐ Alcohol / drug treatment Initial:_____

NOTE: These details will not be released unless you approve first.

SECTION C: Purpose of Authorization

I am releasing this information for:

☐ Personal Use ☐ Legal

☐ Insurance ☐ Other (please specify.): _____

SECTION D: Person(s) or Agency Allowed to Get PHI

I allow CalOptima to release my PHI to the person or agency below. I know this authorization starts when I sign and return this form. The person getting the information must be 18 years of age or older.

Person /Agency's Name(s): _____

Relationship to Member: _____ Phone: _____

SECTION E: My Rights

- I may stop this authorization at any time by sending a **written** notice to: CalOptima, Attn: Enrollment & Reconciliation, 505 City Parkway West, Orange, CA 92868.
- Notice to stop this authorization will not change how CalOptima used or released my PHI before getting my letter.
- The person or agency who gets my PHI from CalOptima may show it to others. In this case, my PHI may no longer be protected by HIPAA Privacy Rules.
- I do not have to fill out this form. Not filling out this form will not change my health care benefits or payment for my health care services.
- I have the right to look at or get a copy of my PHI that is being used or released by this authorization.
- I have the right to get a copy of this form.

SECTION F: End Date of Approval

This authorization for release of information to the named persons or agency will end on: _____ (specific date or event).

**** If an end date or event is not provided, the authorization will not be valid. ****

SECTION G: Signature

I understand that to process my request, a copy of valid government-issued identification (ID), a copy of documentation of legal authority, or a notarized signature must be attached with my request form.

By signing below, I have read this form and know what it means.

_____ _____

Signature of Member/Personal Representative Date

Parent/Guardian Signature: _____ Date: _____

Parent/Guardian Printed Name: _____ Relationship: _____

CalOptima reserves the right to request legal documentation (e.g., birth certificate, court order, etc.) from the parent/guardian signing on behalf of a dependent member.

Personal Representatives Only: What rights do you have to request health information?

Print Name: _____

- ☐ Conservator
- ☐ Executor of Will
- ☐ Administrator of Estate
- ☐ Medical Power of Attorney
- ☐ Other_____

NOTE: You must attach legal documentation to verify that you are the conservator, executor of a decedent's will, or have medical decision-making authority for the individual.

Please mail this form to CalOptima, Attn: Enrollment & Reconciliation, 505 City Parkway West, Orange CA 92868, or fax it to **1-714-338-3104**.

INSTRUCTION SHEET FOR CALOPTIMA HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA) AUTHORIZATION FOR RELEASE OF PROTECTED HEALTH INFORMATION (PHI)

SECTION A: MEMBER INFORMATION

This section applies to the member who is asking for the release of his or her information to another person or organization. Please complete all items of information in this section.

SECTION B: INFORMATION THAT CAN BE RELEASED

This section tells us what information you would like us to release. Be specific regarding the types of documents you are authorizing for release. For example, if you are authorizing an individual to obtain PHI related to a recent medical event, specify the date of the medical event, the types of documents you are requesting (e.g. billing records, pre-authorization records, or pharmacy records) and state any types of records you would like to exclude.

SECTION C: PURPOSE OF THIS AUTHORIZATION

Select the reason(s) you've asked for the release of your information. If you have a specific reason, please fill in under **"Other"** and indicate the reason. For example, if you only want the person(s) or organization(s) you are authorizing to receive your protected health information for a pending claims appeal, you would enter ***"To appeal a claim determination"*** or something similar in that block.

SECTION D: PERSON OR ORGANIZATION AUTHORIZED TO RECEIVE THIS INFORMATION

Please enter the name(s) of the person(s) or organization(s) that you are authorizing to access your PHI. For example, if you are authorizing your spouse, adult child, or any other individual to obtain your PHI, enter his/her name in these spaces. If you are authorizing an organization (such as a broker, law firm, insurance agency, etc.) to obtain your PHI, enter the specific name of the organization in these spaces. **Examples include:** ***"Dr. John Smith" or "Mary Doe (spouse)."*** Indicate how the person(s) or organization(s) is related to you (for example, spouse, adult child, etc.) and provide their phone number.

SECTION F: EXPIRATION DATE OF AUTHORIZATION

Check the first box if you want the authorization to end on a certain date. Enter in the date of expiration. Check the second box if you wish for the authorization to expire on a certain event, for example, ***"one year from my signature date."***

SECTION G: SIGNATURE

If you are the member, sign your name and enter the date you signed the form. **Please be advised that in order to process your request, a copy of a valid government issued photo identification (ID) document with your signature must be included with your request form.**

If you are the member's personal representative, sign your name, enter the date you signed the form and indicate your representative relationship. **Please be advised that in order to process your request, a copy of a valid government issued photo identification (ID) document with your signature must be included with your request form.** You **must** also provide us with a copy of the legal documentation indicating you are the authorized personal representative of the member.

- Examples of legal documents:
  - **Power of Attorney for Health Care —** this document gives someone you trust the legal power to act on your behalf and make health care decisions for you.
  - **Legal Guardianship —** this is when the court appoints someone to care for another person.
  - **Conservatorship of the Person —** this happens when the court appoints a responsible person to make decisions for someone who can't make responsible decisions for him/herself.
  - **Executor of Estate —** this type of document would be used when the person who is being represented has died.

Please keep a copy of the form for your records.

HIPAA Authorization Checklist

The following checklist is utilized to assess the validity of the authorization submitted with requests for release of information on a **non-CalOptima** HIPAA Authorization for Release of Information. The authorization must contain the following core elements and required statements.

#	**Requirements for Authorization to Disclose Patient Health Information or Records (45 CFR, 164.508(c) and California Civil Code, Section 56.11)**	☐
1	Authorization provides a description of the member's protected health information to be used or disclosed that identifies the information in a specific and meaningful fashion.	
2	Authorization identifies CalOptima as authorized to make the disclosure.	
3	Authorization identifies the person's name or organization authorized to whom CalOptima may make the disclosure.	
4	Authorization identifies the uses and limitations of uses for the disclosure. The statement "at the request of the member" is a sufficient description for the use and disclosure when a member initiates the authorization and does not, or elects not to, provide a statement of the purpose.	
5	Authorization identifies a specific expiration date.	
6	Authorization contains the signature of the member or member's authorized legal representative.	
7	If the authorization is signed by a personal representative of the individual, a description of such representative's authority to act for the individual must also be provided. (*e.g.* parent, power of attorney for health care, court-appointed guardian, etc.)	
8	Authorization includes the date on which the authorization is signed.	
9	Authorization contains a statement informing the member regarding the right to revoke the authorization in writing and a description how to do so.	
10	Authorization contains a statement informing the member about the organization's ability or inability to condition treatment, payment, enrollment or eligibility for benefits.	
11	Authorization contains a statement informing the member about the potential for information to be re-disclosed and no longer protected by the state or federal privacy rule.	
12	Authorization contains a statement informing the member that he or she has the right to receive a copy of the signed authorization.	
13	Authorization is written in plain language	
14	Is handwritten by the person who signs it or is in a typeface no smaller than 14-point type.	
15	The signature serves no purpose other than authorizing the disclosure of PHI	

Revocation of Authorization for Release of Protected Health Information

* *This form revokes, withdraws and stops the authorization I gave to disclose my Protected Health Information (PHI) to a previously authorized recipient.*

Section A: Member Stopping Authorization to Release Protected Health Information (PHI)

Member name: _____ Date of birth: _____

Member CIN: _____ Phone: _____

Section B: Revocation of Authorization

I hereby revoke, withdraw and stop the Authorization for Release of Protected Health Information that I previously gave to CalOptima to disclose my Protected Health Information (PHI) to the following person or organization:

Name of person or organization previously authorized to receive PHI: _____

Relationship to member: _____

Address: _____ Phone: _____

Authorization Signed Date (if known): _____/_____/_____

____Revoke, withdraw, and stop ALL of the PHI authorized to be released.

____Revoke, withdraw and stop only the following categories of information authorized to be released:

_____

_____

I understand that by signing below, I am stopping my authorization to disclose my Protected Health Information (PHI). I understand my PHI may have already been shared because of the authorization I gave in the past. I understand that this Revocation of Authorization for Release of Protected Health Information (PHI) shall not go into effect until it is received and processed by CalOptima. I further understand that the revocation will only apply to future disclosures or actions regarding my PHI. I cannot cancel actions or disclosures made while the authorization was in effect and valid. I also understand that this revocation only applies to the authorization I gave to share my PHI with the person or organization named in Section B. It does not cancel any other Authorization for Release of Protected Health Information (PHI) forms I signed. This request does not apply to any uses or disclosures permitted or required by law.

FOR BOD REVIEW

I. PURPOSE

This policy defines the requirements for CalOptima and its First Tier, Downstream, and Related Entities (FDRs) for development and submission of an **Immediate Corrective Action Plan (ICAP)*** or **Corrective Action Plan (CAP)** for areas of non-compliant performance, as identified by CalOptima's Office of Compliance.

II. POLICY

A. CalOptima's Office of Compliance shall conduct **Auditing**, operational **Monitoring**, and investigations of internal CalOptima departments and its FDRs to ensure compliance with statutory, regulatory, contractual, CalOptima policy, and other requirements related to CalOptima programs.

B. CalOptima's Office of Compliance may require that an internal department or FDR develop an **ICAP** or **CAP** response based on the identified area(s) of non-compliance.

C. CalOptima's Office of Compliance shall require CalOptima internal departments and FDRs to bring their operations into full compliance with statutory, regulatory, contractual, CalOptima policy, and other requirements, which CalOptima or its regulators have identified as non-compliant, within time frames established by CalOptima's Office of Compliance.

D. An internal department or FDR shall develop, submit, and take corrective action under an approved **ICAP** or **CAP** response in the time and manner required by CalOptima's Office of Compliance.

1. Failure by the internal department to respond accurately, timely, and in compliance with statutory, regulatory, contractual, CalOptima policy, or other requirements to CalOptima's Office of Compliance's **ICAP** or **CAP** request may lead to further action.

2. Failure by an FDR to respond accurately, timely, and in compliance with statutory, regulatory, contractual, CalOptima policy, or other requirements to CalOptima's Office of Compliance's **ICAP**, or **CAP**, request may lead to further action. CalOptima may impose **Sanctions** for the underlying non-compliant performance that gave rise to the **ICAP** or **CAP** request, or the failure to develop, submit, and meet the requirements of the **ICAP** or **CAP** request, in accordance with CalOptima Policy HH.2002Δ: Sanctions.

* Terms in **bold** are defined in the Glossary.

III. PROCEDURE

A. Basis for an **ICAP** or **CAP**

1. CalOptima's Office of Compliance shall routinely Monitor performance metrics, conduct routine, or focused, **Audit**s, and conduct ongoing **Monitoring** and investigations of reported non-compliance for internal departments, or FDRs, through a variety of mechanisms.

   a. CalOptima's Office of Compliance may issue an **ICAP**/**CAP** request as a result of **Audit**s conducted by federal and state regulatory agencies, including, but not limited to the Department of Health Care Services (DHCS), the Centers for Medicare & Medicaid Services (CMS), and the Department of Managed Health Care (DMHC).

   b. CalOptima's Office of Compliance may issue an **ICAP**/**CAP** request as a result of an **ICAP**/**CAP** request, or other corrective action, that CalOptima receives from a federal or state regulatory agency that is directly related to the operations of an internal department or FDR.

2. In the event that CalOptima's Office of Compliance determines an internal department, or FDR, has failed to comply with statutory, regulatory, contractual, CalOptima policy, or other requirements, the Office of Compliance may issue an **ICAP**, or **CAP** request, to address the problem. CalOptima's Office of Compliance shall coordinate its efforts with CalOptima's Human Resources Department in the event that an **ICAP** or **CAP** potentially warrants **Employee** disciplinary action.

B. **ICAP** and **CAP** Issuance and Requirements

1. CalOptima's Office of Compliance shall utilize a standardized **ICAP** and **CAP** request template.

2. Non-compliance with specific requirements that have the potential to cause significant **Member** harm, or place CalOptima's accreditation, participation, and/or contractual status with regulatory agencies in jeopardy will require an **ICAP** response.

   a. If the finding requires an **ICAP** request, as determined by CalOptima's Office of Compliance, the internal department or FDR is required to cease non-compliant activities within two (2) business days of receiving the **ICAP** request.

   b. The internal department or FDR shall provide a written response within three (3) business days of receiving an **ICAP** request, detailing how it will mitigate and prevent further non-compliance. Following the acceptance of the **ICAP** response, the internal department or FDR is required to resolve the issue in a manner and timeframe deemed appropriate by CalOptima's Office of Compliance.

3. A **CAP** request is the result of material non-compliance with specific requirements that does not rise to the level of an **ICAP** request.

   a. The internal department or FDR is required to respond to the **CAP** request within fourteen (14) calendar days. CalOptima's Compliance Officer or **Designee** may authorize extensions to this timeline on a case-by-case basis. Following the acceptance of the **CAP** response, the internal department or FDR is required to resolve the issue in a manner and timeframe deemed appropriate by CalOptima's Office of Compliance.

FOR 2019 05 BOD REVIEW

4. An **ICAP** or **CAP** response shall include the following elements:

    a. A root cause analysis of the deficiency which may include a description of the policies and procedures, staffing, training, and systems that failed;

    b. Steps taken to resolve the deficiency;

    c. Steps taken to avoid reoccurrence;

    d. Method for implementation and completion of **ICAP** response or **CAP** response;

    e. Individual(s) responsible for implementation of the **ICAP** response or **CAP** response;

    f. An attestation by the internal department or FDR conveying a plan to remedy its identified deficiencies; and

    g. **ICAP** response or **CAP** response completion date(s), as applicable.

C. Unacceptable Resolution to an **ICAP** or **CAP**

1. If the resolution to the deficiency is unacceptable or the internal department or FDR fails to respond, CalOptima's Office of Compliance shall issue a written notice to the internal department or the FDR, which shall include:

    a. A summary of previous outreach and required action(s);

    b. An explanation of why that the resolution was not acceptable, or why a response was not received;

    c. A revised response timeline of two (2) business days for an **ICAP**;

        i. Extensions to this timeline may be authorized on a case-by-case basis by CalOptima's Compliance Officer or **Designee**.

    d. A revised response timeline of five (5) business days for a **CAP**;

        i. Extensions to this timeline may be authorized on a case-by-case basis by CalOptima's Compliance Officer or **Designee**.

    e. Explain the possible consequences, specific to the nature of the issue and degree of completeness in accordance with CalOptima Policy HH.2002Δ: Sanctions;

    f. Possibility of escalating to the department's Chief, or the FDR's Chief Executive Officer (CEO) or their **Designee**; and

    g. Possibility of referral to the **Audit & Oversight Committee** and the Compliance Committee.
